For any hearing conducted pursuant to § 19.2-306 in which the defendant is cited for violation of a condition or conditions other than a new criminal offense conviction, the court shall also have presented to it the applicable probation violation guideline worksheets established pursuant to Chapter 1042 of the Acts of Assembly 2003. The court shall review and consider the suitability of the discretionary probation violation guidelines. Before imposing sentence, the court shall state for the record that such review and consideration have been accomplished and shall make the completed worksheets a part of the record of the case and open for inspection. In hearings in which the court imposes a sentence that is either greater or less than that indicated by the discretionary probation violation guidelines, the court shall file with the record of the case a written explanation of such departure.			
	3. Following any hearing conducted pursuant to § 19.2-306 and the entry of a final order, the clerk of the circuit court in which the hearing was held shall cause a copy of such order or orders, the original sentencing revocation report, any applicable probation violation guideline worksheets prepared in the case, and a copy of any departure explanation prepared pursuant to subsection F.2., to be forwarded to the Virginia Criminal Sentencing Commission within 30 days.

	G. Mandated changes or improvements to court facilities pursuant to § 15.2-1643, Code of Virginia, or otherwise, including any new construction, shall be delayed at the request of the local governing body in which the court is located until June 30, 2020. The provisions of this item shall not apply to facilities that were subject to litigation on or before November 30, 2008.			
	H. In order to reduce expenditures through the Criminal Fund for court-appointed counsel, effective July 1, 2014, compensation paid to attorneys appointed pursuant to Virginia Code § 53.1-40 shall be limited to \$55 per hour, with a maximum per diem compensation of \$200, plus reasonable expenses, to be paid from the Criminal Fund.			
	I.1. Notwithstanding the provisions of § 19.2-155, Code of Virginia, in cases where an Attorney for the Commonwealth must recuse himself from a case or a special prosecutor must be appointed, the circuit court judge must appoint an Attorney for the Commonwealth or an Assistant Attorney for the Commonwealth from another jurisdiction. If the circuit court judge determines that the appointment of such Attorney for the Commonwealth or such Assistant Attorney for the Commonwealth is not appropriate or that such an attorney or assistant is unavailable then the judge must request approval from the Executive Secretary of the Supreme Court for an exception to this requirement.			
	2. The Executive Secretary of the Supreme Court shall include in the annual report required in paragraph A. of Item 38 information on the number of exceptions granted related to special prosecutors and the related expenditures.			
	J. Notwithstanding any other provisions of Chapter 23 of Title 8.1 of the Code of Virginia, a reasonable fee not to exceed \$150 may be charged by Commissioners of Accounts for any foreclosures on a timeshare estate to reimburse them for the reasonable costs associated therewith.

B. Out of the amounts provided for in this Item, no expenditures shall be made to provide security devices such as magnetometers in standard use in major metropolitan airports. Personnel expenditures for operation of such equipment incidental to the duties of courtroom and courthouse security deputies may be authorized, provided that no additional expenditures for personnel shall be approved for the principal purpose of operating these devices.

C. Notwithstanding the provisions of § 53.1-120, or any other section of the Code of Virginia, unless a judge provides the sheriff with a written order stating that a substantial security risk exists in a particular case, no courtroom security deputies may be ordered for civil cases, not more than one deputy may be ordered for criminal cases in a district court, and not more than two deputies may be ordered for criminal cases in a circuit court. In complying with such orders for additional security, the sheriff may consider other deputies present in the courtroom as part of his security force.

D. Should the scheduled opening date of any facility be delayed for which funds are available in this Item, the Director, Department of Planning and Budget, may allot such funds as the Compensation Board may request to allow the employment of staff for training purposes not more than 45 days prior to the rescheduled opening date for the facility.

E. Consistent with the provisions of paragraph B of Item 73, the board shall allocate the additional jail deputies provided in this appropriation using a ratio of one jail deputy for every 3.0 beds of operational capacity. Operational capacity shall be determined by the Department of Corrections. No additional deputy sheriffs shall be provided from this appropriation to a local jail in which the present staffing exceeds this ratio unless the jail is overcrowded. Overcrowding for these purposes shall be defined as when the average annual daily population exceeds the operational capacity. In those jails experiencing overcrowding, the board may allocate one additional jail deputy for every five average annual daily prisoners above operational capacity. Should overcrowding be reduced or eliminated in any jail, the Compensation Board shall reallocate positions previously assigned due to overcrowding to other jails in the Commonwealth that are experiencing overcrowding.

F. Two-thirds of the salaries set by the Compensation Board of medical, treatment, and inmate classification positions approved by the Compensation Board for local correctional facilities shall be paid out of this appropriation.

G.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a master deputy pay grade to those sheriffs' offices which had certified, on or before January 1, 1997, having a career development plan for deputy sheriffs that meet the minimum criteria set forth by the Compensation Board for such plans. The Compensation Board shall allow for additional grade 9 positions, at a level not to exceed one grade 9 master deputy per every five Compensation Board grade 7 and 8 deputy positions in each sheriff's office.

<p>2. Each sheriff who desires to participate in the Master Deputy Program who had not certified a career development plan on or before January 1, 1997, may elect to participate by certifying to the Compensation Board that the career development plan in effect in his office meets the minimum criteria for such plans as set by the Compensation Board. Such election shall be made by July 1 for an effective date of participation the following July 1.</p> <p>3. Subject to appropriations by the General Assembly for this purpose, funding shall be provided by the Compensation Board for participation in the Master Deputy Program to sheriffs' offices electing participation after January 1, 1997, according to the date of receipt by the Compensation Board of the election by the sheriff.</p> <p>H. The Compensation Board shall estimate biannually the number of additional law enforcement deputies which will be needed in accordance with § 15.2-1609.1, Code of Virginia. Such estimate of the number of positions and related costs shall be included in the board's biennial budget request submission to the Governor and General Assembly. The allocation of such positions, established by the Governor and General Assembly in Item 73 of this act, shall be determined by the Compensation Board on an annual basis. The annual allocation of these positions to local sheriffs' offices shall be based upon the most recent final population estimate for the locality that is available to the Compensation Board at the time when the agency's annual budget request is completed. The source of such population estimates shall be the Weldon Cooper Center for Public Service of the University of Virginia or the United States Bureau of the Census. For the first year of the biennium, the Compensation Board shall allocate positions based upon the most recent provisional population estimates available at the time the agency's annual budget is completed.</p> <p>I. Any amount in the program Financial Assistance for Sheriffs' Offices and Regional Jails may be transferred between Items 66 and 67, as needed, to cover any deficits incurred in the programs Financial Assistance for Confinement of Inmates in Local and Regional Facilities, and Financial Assistance for Sheriffs' Offices and Regional Jails.</p> <p>J.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a Sheriffs' Career Development Program.</p> <p>2. Following receipt of a sheriff's certification that the minimum requirements of the Sheriffs' Career Development Program have been met, and provided that such certification is submitted by sheriffs as part of their annual budget request to the Compensation Board on or before February 1 of each year, the Compensation Board shall increase the annual salary shown in paragraph A of this Item by the percentage shown herein for a twelve-month period effective the following July 1.</p> <p>a. 9.3 percent increase for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program where such criteria includes that a sheriff has achieved certification in a program agreed upon by the Compensation Board and the Virginia Sheriffs' Institute by Virginia Commonwealth University, or, where such criteria include that a sheriff's office seeking accreditation has been assessed and will be considered for accreditation by the accrediting body no later than March 1, and have achieved accreditation by March 1 from the Virginia Law Enforcement Professional Standards Commission, or the Commission on Accreditation of Law Enforcement agencies, or the American Correctional Association.</p> <p>3. Other constitutional officers' associations may request the General Assembly to include certification in a program agreed upon by the Compensation Board and the officers' associations by the Weldon Cooper Center for Public Service to the requirements for participation in their respective career development programs.</p> <p>K. Notwithstanding the provisions of Article 7, Chapter 15, Title 56, Code of Virginia, \$8,000,000 the first year and \$8,000,000 the second year from the Wireless E-911 Fund is included in this appropriation for local law enforcement dispatchers to offset dispatch center operations and related costs.</p> <p>L. Notwithstanding the provisions of §§ 53.1-131 through 53.1-131.3, Code of Virginia, local and regional jails may charge inmates participating in inmate work programs a reasonable daily amount, not to exceed the actual daily cost, to operate the program.</p>

A. In the event the appropriation in this Item proves to be insufficient to fund all of its provisions, any amount remaining as of June 1, 2019, and June 1, 2020, may be reallocated among localities on a pro rata basis according to such deficiency.				
B. For the purposes of this Item, the following definitions shall be applicable:				
1. Effective sentence--a convicted offender's sentence as rendered by the court less any portion of the sentence suspended by the court.				
2. Local responsible inmate--(a) any person arrested on a state warrant and incarcerated in a local correctional facility, as defined by § 53.1-1, Code of Virginia, prior to trial; (b) any person convicted of a misdemeanor offense and sentenced to a term in a local correctional facility; or (c) any person convicted of a felony offense and given an effective sentence of (i) twelve months or less or (ii) less than one year.				
3. State responsible inmate--any person convicted of one or more felony offenses and (a) the sum of consecutive effective sentences for felonies, committed on or after January 1, 1995, is (i) more than 12 months or (ii) one year or more, or (b) the sum of consecutive effective sentences for felonies, committed before January 1, 1995, is more than two years.				
C. The individual or entity responsible for operating any facility which receives funds from this Item may, if requested by the Department of Corrections, enter into an agreement with the department to accept the transfer of convicted felons, from other local facilities or from facilities operated by the Department of Corrections. In entering into any such agreements, or in effecting the transfer of offenders, the Department of Corrections shall consider the security requirements of transferred offenders and the capability of the local facility to maintain such offenders. For purposes of calculating the amount due each locality, all funds earned by the locality as a result of an agreement with the Department of Corrections shall be included as receipts from these appropriations.				
D. Out of this appropriation, an amount not to exceed \$377,010 the first year and \$377,010 the second year from the general fund, is designated to be held in reserve for unbudgeted medical expenses incurred by local correctional facilities in the care of state responsible felons.				
E. The following amounts shall be paid out of this appropriation to compensate localities for the cost of maintaining prisoners in local correctional facilities, as defined by § 53.1-1, Code of Virginia, or if the prisoner is not housed in a local correctional facility, in an alternative to

incarceration program operated by, or under the authority of, the sheriff or jail board:				
1. For local responsible inmates--\$4 per inmate day, or, if the inmate is housed and maintained in a jail farm not under the control of the sheriff, the rate shall be \$18 per inmate day.				
2. For state responsible inmates--\$12 per inmate day.				
F. For the payment specified in paragraph E 1 of this Item for prisoners in alternative punishment or alternative to incarceration programs:				
1. Such payment is intended to be made for prisoners that would otherwise be housed in a local correctional facility. It is not intended for prisoners that would otherwise be sentenced to community service or placed on probation.				
2. No such payment shall be made unless the program has been approved by the Department of Corrections or the Department of Criminal Justice Services. Alternative punishment or alternative to incarceration programs, however, may include supervised work experience, treatment, and electronic monitoring programs.				
G.1. Except as provided for in paragraph G 2, and notwithstanding any other provisions of this Item, the Compensation Board shall provide payment to any locality with an average daily jail population of under ten in FY 1995 an inmate per diem rate of \$18 per day for local responsible inmates and \$12 per day for state responsible inmates held in these jails in lieu of personal service costs for corrections' officers.				
2. Any locality covered by the provisions of this paragraph shall be exempt from the provisions thereof provided that the locally elected sheriff, with the assistance of the Compensation Board, enters into good faith negotiations to house his prisoners in an existing local or regional jail. In establishing the per diem rate and capital contribution, if any, to be charged to such locality by a local or regional jail, the Compensation Board and the local sheriff or regional jail authority shall consider the operating support and capital contribution made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The Compensation Board shall report periodically to the Chairmen of the House Appropriations and Senate Finance Committees on the progress of these negotiations and may withhold the exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to negotiate in good faith.				
H.1. The Compensation Board shall recover the state-funded costs associated with housing federal inmates, District of Columbia inmates or contract inmates from other states. The Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day salary funds provided by the Commonwealth, as identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day operating costs provided by the Commonwealth, excluding payments otherwise provided for in this Item, as identified in the most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in the most recent Jail Cost Report, the Compensation Board shall use the statewide average of per inmate day salary funds provided by the Commonwealth.				
2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth from the facility's next quarterly per diem payment for state-responsible and local-responsible inmates. Should the next quarterly per diem payment owed the locality not be sufficient against which to net the total quarterly recovery amount, the locality shall remit the remaining amount not recovered to the Compensation Board.				
3. Any local or regional jail which receives funding from the Compensation Board shall give priority to the housing of local-responsible, state-responsible, and state contract inmates, in that order, as provided in paragraph H 1.				
4. The Compensation Board shall not provide any inmate per diem payments to any local or regional jail which holds federal inmates in excess of the number of beds contracted for with the Department of Corrections, unless the Director, Department of Corrections,

<p>certifies to the Chairman of the Compensation Board that a) such contract beds are not required; b) the facility has operational capacity built under contract with the federal government; c) the facility has received a grant from the federal government for a portion of the capital costs; or d) the facility has applied to the Department of Corrections for participation in the contract bed program with a sufficient number of beds to meet the Department of Corrections' need or ability to fund contract beds at that facility in any given fiscal year.</p>				
<p>5. The Compensation Board shall apply the cost recovery methodology set out in paragraph H 1 of this Item to any jail which holds inmates from another state on a contractual basis. However, recovery in such circumstances shall not be made for inmates held pending extradition to other states or pending transfer to the Virginia Department of Corrections.</p>				
<p>6. The provisions of this paragraph shall not apply to any local or regional jail where the cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital contribution.</p>				
<p>7. For a local or regional jail which operates bed space specifically built utilizing federal capital or grant funds for the housing of federal inmates and for which Compensation Board funding has never been authorized for staff for such bed space, the Compensation Board shall allow an exemption from the recovery provided in paragraph H.1. for a defined number of federal prisoners upon certification by the sheriff or superintendent that the federal government has paid for the construction of bed space in the facility or provided a grant for a portion of the capital cost. Such certification shall include specific funding amounts paid by the federal government, localities, and/or regional jail authorities, and the Commonwealth for the construction of bed space specifically built for the housing of federal inmates and for the construction of the jail facility in its entirety. The defined number of federal prisoners to be exempted from the recovery provided in paragraph H.1. shall be based upon the proportion of funding paid by the federal government and localities and/or regional jail authorities for the construction of bed space to house federal prisoners to the total funding paid by all sources, including the Commonwealth, for all construction costs for the jail facility in its entirety.</p>				
<p>8. Beginning March 1, 2013, federal inmates placed in the custody of a regional jail pursuant to a work release program operated by the federal Bureau of Prisons shall be exempt from the recovery of costs associated with housing federal inmates pursuant to paragraph H.1. of this item if such federal inmates have been assigned by the federal Bureau of Prisons to a home electronic monitoring program in place for such inmates by agreement with the jail on or before January 1, 2012 and are not housed in the jail facility. However, no such exemption shall apply to any federal inmate while they are housed in the regional jail facility.</p>				
<p>I. Any amounts in the program Financial Assistance for Confinement of Inmates in Local and Regional Facilities, may be transferred between Items 66 and 67, as needed, to cover any deficits incurred in the programs Financial Assistance for Sheriffs' Offices and Regional Jails and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.</p>				
<p>J.1. The Compensation Board shall provide an annual report on the number and diagnoses of inmates with mental illnesses in local and regional jails, the treatment services provided, and expenditures on jail mental health programs. The report shall be prepared in cooperation with the Virginia Sheriffs Association, the Virginia Association of Regional Jails, the Virginia Association of Community Services Boards, and the Department of Behavioral Health and Developmental Services, and shall be coordinated with the data submissions required for the annual jail cost report. Copies of this report shall be provided by November 1 of each year to the Governor, Director, Department of Planning and Budget, and the Chairmen of the Senate Finance and House Appropriations Committees.</p>				
<p>2. Whenever a person is admitted to a local or regional correctional facility, the staff of the facility shall screen such person for mental illness using a scientifically validated instrument. The Commissioner of Behavioral Health and Developmental Services shall designate the instrument to be used for the screenings and such instrument shall be capable of being administered by an employee of the local or regional correctional facility, other than a health care provider, provided that such employee is trained in the administration of such instrument.</p>

2. The attorneys for the Commonwealth and their successors who serve on a full-time basis pursuant to §§ 15.2-1627.1, 15.2-1628, 15.2-1629, 15.2-1630 or § 15.2-1631, Code of Virginia, shall receive salaries as if they served localities with populations between 35,000 and 44,999.

3. B. No expenditure shall be made out of this Item for the employment of investigators, clerk-investigators or other investigative personnel in the office of an attorney for the Commonwealth.

C. Consistent with the provisions of § 19.2-349, Code of Virginia, attorneys for the Commonwealth may, in addition to the options otherwise provided by law, employ individuals to assist in collection of outstanding fines, costs, forfeitures, penalties, and restitution. Notwithstanding any other provision of law, beginning on the date upon which the order or judgment is entered, the costs associated with employing such individuals may be paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. The attorneys for the Commonwealth shall account for the amounts collected and apportion costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.

D. The provisions of this act notwithstanding, no Commonwealth's attorney, public defender or employee of a public defender, shall be paid or receive reimbursement for the state portion of a salary in excess of the salary paid to judges of the circuit court. Nothing in this paragraph shall be construed to limit the ability of localities to supplement the salaries of locally elected constitutional officers or their employees.

E. The Statewide Juvenile Justice project positions, as established under the provisions of Item 74 E, of Chapter 912, 1996 Acts of Assembly, and Chapter 924, 1997 Acts of Assembly, are continued under the provisions of this act. The Commonwealth's attorneys receiving such positions shall annually certify to the Compensation Board that the positions are used primarily, if not exclusively, for the prosecution of delinquency and domestic relations felony cases, as defined by Chapters 912 and 924. In the event the positions are not primarily or exclusively used for the prosecution of delinquency and domestic relations felony cases, the Compensation Board shall reallocate such positions by using the allocation provisions as provided for the board in Item 74 E of Chapters 912 and 924.

F. The Compensation Board shall monitor the Department of Taxation program regarding the collection of unpaid fines and court costs by private debt collection firms contracted by Commonwealth's attorneys and shall include, in its annual report to the General Assembly on the collection of court-ordered fines and fees for clerks of the courts and Commonwealth's attorneys, the amount of unpaid fines and costs collected by this program.

G. Out of this appropriation, \$389,165 the first year and \$389,165 the second year from the general fund is designated for the Compensation Board to fund five additional positions in Commonwealth's attorney's offices that shall be dedicated to prosecuting gang-related criminal activities. If the attorney for the Commonwealth does not undertake collection, the attorney for the Commonwealth shall, as soon as practicable, take steps to ensure that any agreement or contract with an individual, attorney or agency complies with the terms of the current Master Guidelines Governing Collection of Unpaid Delinquent Court-Ordered Fines and Costs Pursuant to Virginia Code § 19.2-349 promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court, the Department of Taxation, and the Compensation Board ("the Master Guidelines"). Notwithstanding any other provision of law, the delinquent amounts owed shall be increased by seventeen (17) percent to help offset the costs associated with employing such individuals or contracting with such agencies or individuals. If such increase would exceed the contracted collection agent's fee, then the delinquent amount owed shall be increased by the percentage or amount of the collection agent's fee. Effective July 1, 2015, as provided in § 19.2-349, Code of Virginia, treasurers not being compensated on a contingency basis as of January 1, 2015 shall be prohibited from being compensated on a contingency basis but shall instead be compensated for administrative costs pursuant to § 58.1-3958, Code of Virginia. Treasurers currently collecting a contingency fee shall be eligible to contract on a contingency fee basis. Effective July 1, 2015, any treasurer collecting a contingency fee shall retain only the expenses of collection, and the excess collection shall be divided between the state and the locality in the same manner as if the collection had been done by the attorney for the Commonwealth. The attorneys for the Commonwealth shall account for the amounts collected and the fees and costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.</p> <p>I. Notwithstanding the provisions of Article 7, Chapter 4, Title 38, Code of Virginia, beginning July 1, 2018, \$600,000 each year from the Insurance Fraud Fund is included in this appropriation to fund multi-jurisdictional Assistant Commonwealth's Attorney positions that shall be dedicated to prosecuting insurance fraud and related criminal activities. The Department of State Police shall identify those jurisdictions most affected by insurance fraud based upon data provided by the Virginia State Police Insurance Fraud Program. The Virginia State Police Insurance Fraud Program shall ensure that these positions work across jurisdictional lines, serving jurisdictions identified as most in need of these resources as supported by data. These funds shall remain unallocated until the Compensation Board and Virginia State Police notify the Director of the Department of Planning and Budget of the joint agreements reached with the Commonwealth's Attorneys of the jurisdictions receiving the additional Assistant Commonwealth's Attorney positions and the jurisdictions to be served by these positions. The Commonwealth's Attorneys receiving such positions shall annually certify to the Compensation Board that these positions are used primarily, if not exclusively, for the prosecution of insurance fraud and related criminal activities.</p> <p><i>J. The appropriations in this item includes \$1,471,228 the second year from the general fund to fund approximately twenty percent of the unfunded positions needed based on the fiscal year 2019 staffing standards calculation.</i></p> <p><i>K. Any locality in the Commonwealth that employs the use of body worn cameras for its law enforcement officers shall be required to establish and fund one full-time equivalent entry-level Assistant Commonwealth's Attorney, at a salary no less than that established by the Compensation Board for an entry-level Commonwealth's Attorney, at a rate of one Assistant Commonwealth's Attorney for up to 75 body worn cameras employed for use by local law enforcement officers, and one Assistant Commonwealth's Attorney for every 75 body worn cameras employed for use by local law enforcement officers, thereafter. However, with the consent of the Commonwealth's Attorney, a locality may provide their Commonwealth's Attorney's office with additional funding, using a different formula than stated above, as needed to accommodate the additional workload resulting from the requirement to review, redact and present footage from body worn cameras. If, as of July 1, 2019, a locality is providing additional funding to the Commonwealth's Attorney's office specifically to address the staffing and workload impact of the implementation of body worn cameras on that office, that additional funding shall be credited to the formula used in that locality. A. It is the intent of the General Assembly that state programs providing financial, technical, or training assistance to local governments for economic development projects or directly to businesses seeking to relocate or expand operations in Virginia should not be used to help a company relocate or expand its operations in one or more Virginia communities when the same company is simultaneously closing facilities in other Virginia communities. It is the responsibility of the Secretary of Commerce and Trade to enforce this policy and to inform the Chairmen of the Senate Finance and House Appropriations Committees in writing of the justification to override this policy for any exception.

B. The Secretary shall develop and implement, as a component of the comprehensive economic development policy requirements as established in § 2.2-205, Code of Virginia, a strategic workforce development plan for the Commonwealth.

A. Any fund balances currently held in the Dedicated Special Revenue Fund (0900), the Common Interest Community Management Information Fund (0259) and the Special Revenue Fund (0200) shall be held in reserve and may not be disbursed by the Department of Professional and Occupational Regulation, but shall be applied to offset the anticipated, future costs of restructuring its organization, including additional staffing needs and the replacement or upgrade of the Department's information technology systems requirements as listed in (B) and (C) of this item. Such reserve funds shall be disbursed only to cover expenses of the Department or its regulatory boards as provided in § 54.1-308.

<i>2. When developing the plan to replace or upgrade the current information technology system, including the licensing system, the Department of Professional and Occupational Regulation shall consider the transfer of information technology-related responsibilities for its licensing system and technical aspects of website management, records management, and electronic forms, from the licensing division to the Information Technology division.</i>

Payments out of the above amounts shall be subject to the following conditions:

A. Definitions

1. "March 31 Average Daily Membership," or "March 31 ADM" - The responsible school division's average daily membership for grades K-12 including (1) handicapped students ages 5-21 and (2) students for whom English is a second language who entered school for the first time after reaching their twelfth birthday, and who have not reached twenty-two years of age on or before August 1 of the school year, for the first seven (7) months (or equivalent period) of the school year through March 31 in which state funds are distributed from this appropriation. Preschool and postgraduate students shall not be included in March 31 ADM.
 - a. School divisions shall take a count of September 30 fall membership and report this information to the Department of Education no later than October 15 of each year.
 - b. Except as otherwise provided herein, by statute, or by precedent, all appropriations to the Department of Education shall be calculated using March 31 ADM unadjusted for half-day kindergarten programs, estimated at ~~1,252,433.60~~ 1,245,570.50 the first year and ~~1,257,772.90~~ 1,248,165.55 the second year. March 31 ADM for half-day kindergarten shall be adjusted at 85 percent.
 - c. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1 and who are enrolled in a public school on less than a full-time basis in any mathematics, science, English, history, social science, vocational education, health education or physical education, fine arts or foreign language course, or receiving special education services required by a student's individualized education plan, shall be counted in the funded fall membership and March 31 ADM of the responsible school division. Each course shall be counted as 0.25, up to a cap of 0.5 of a student.
 - d. Students enrolled in an Individualized Student Alternative Education Program (ISAEP) pursuant to § 22.1-254 E shall be counted in the March 31 Average Daily Membership of the responsible school division. School divisions shall report these students separately in their March 31 reports of Average Daily Membership.
2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as prescribed by the Board of Education subject to revision by the General Assembly.
 - 3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of instructional personnel required by the Standards of Quality for each school division with a minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate number thereof, in March 31 ADM for the same fiscal year for which the costs are computed, and including provision for driver, gifted, occupational-vocational, and special education, library materials and other teaching materials, teacher sick leave, general administration, division superintendents' salaries, free textbooks (including those for free and reduced price lunch pupils), school nurses, operation and maintenance of school plant, transportation of pupils, instructional television, professional and staff improvement, remedial work, fixed charges and other costs in programs not funded by other state and/or federal aid.
 - b. The state and local shares of funding resulting from the support cost calculation for school nurses shall be specifically identified as such and reported to school divisions annually. School divisions may spend these funds for licensed school nurse positions employed by the school division or for licensed nurses contracted by the local school division to provide school health services.
 - 4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality. The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March 31 ADM reported for the first seven (7) months of the 2015-2016 school year and 1/3 of the index of wealth per capita (population estimates for 2015 as determined by the Weldon Cooper Center for Public Service of the University of Virginia) multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are determined by combining the following constituent index elements with the indicated weighting: (1) true values of real estate and public service corporations as reported by the State Department of Taxation for the calendar year 2015 - 50 percent; (2) adjusted gross income for the calendar year 2015 as reported by the State Department of Taxation - 40 percent; (3) the sales for the calendar year 2015 which are subject to the state general sales

and use tax, as reported by the State Department of Taxation - 10 percent. Each constituent index element for a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM, or per capita, for the same element. A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing all payments based on the composite index of local ability-to-pay. Each constituent index element for a locality used to determine the composite index of local ability-to-pay for the current biennium shall be the latest available data for the specified official base year provided to the Department of Education by the responsible source agencies no later than November 15, 2017.

b. For any locality whose total calendar year 2015 Virginia Adjusted Gross Income is comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income shall be excluded in computing the composite index of ability-to-pay. The Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income, but shall not adjust the composite index of any other localities. The Department of Taxation shall furnish to the Department of Education such data as are necessary to implement this provision.

c.1) Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional state funding for future consolidations shall be as set forth in future Appropriation Acts.

2) In the case of the consolidation of Clifton Forge and Alleghany County school divisions, the fifteen year period for the application of a new composite index shall apply beginning with the fiscal year that starts on July 1, 2004. The composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2004, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.

3) If the composite index of a consolidated school division is reduced during the course of the fifteen year period to a level that would entitle the school division to a lower interest rate for a Literary Fund loan than it received when the loan was originally released, the Board of Education shall reduce the interest rate of such loan for the remainder of the period of the loan. Such reduction shall be based on the interest rate that would apply at the time of such adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to those years remaining to be paid.

4) In the case of the consolidation of Bedford County and Bedford City school divisions, the fifteen year period for the application of a new composite shall apply beginning with the fiscal year that starts on July 1, 2013. The composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2013, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.

d. When it is determined that a substantial error exists in a constituent index element, the Department of Education will make adjustments in funding for the current school year only in the division where the error occurred. The composite index of any other locality shall not be changed as a result of the adjustment. No adjustment during the biennium will be made as a result of updating of data used in a constituent index element.

e. In the event that any school division consolidates two or more small schools, the division shall continue to receive Standards of Quality funding and provide for the required local expenditure for a period of five years as if the schools had not been consolidated. Small schools are defined as any elementary, middle, or high school with enrollment below 200, 300 and 400 students, respectively.

5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on the composite index of local ability-to-pay of the cost required by all the Standards of Quality minus its estimated revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of which are returned on the basis of the latest yearly

	estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item, collected by the Department of Education and distributed to school divisions in the fiscal year in which the school year begins.			
	6. "Required Local Match" - The locality's required share of program cost based on the composite index of local ability-to-pay for all Lottery and Incentive programs, where required, in which the school division has elected to participate in a fiscal year.			
	7. "Planning District Eight" - The nine localities which comprise Planning District Eight are Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.			
	8. "State Share of the Standards of Quality" - The state share of the Standards of Quality (SOQ) shall be equal to the total funded SOQ cost for a school division less the school division's estimated revenues from the state sales and use tax dedicated to public education based on the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, adjusted for the state's share of the composite index of local ability to pay.			
	9. Entitlements under this Item that use school-level or division-level Free Lunch eligibility percentages to determine the entitlement amounts are based on the most recent data available as of the biennial rebenchmarking calculations made for the current biennium. For schools that participate in the Community Eligibility Provision program, such entitlements are based on the most recent Free Lunch eligibility data available prior to that school's enrollment in the Community Eligibility Provision program.			
	10. In the event that the general fund appropriations in this Item are not sufficient to meet the entitlements payable to school divisions pursuant to the provisions of this Item, the Department of Education is authorized to transfer any available general fund funds between these Items to address such insufficiencies. If the total general fund appropriations after such transfers remain insufficient to meet the entitlements of any program funded with general fund dollars, the Department of Education is authorized to prorate such shortfall proportionately across all of the school divisions participating in any program where such shortfall occurred. In addition, the Department of Education is authorized each year to temporarily suspend textbook payments made to school divisions from Lottery funds to ensure that any shortfall in Lottery revenue can be accounted for in the remaining textbook payments to be made for the year.

d. To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers required by the Standards of Quality to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. State funding for such program(s) shall not be made until such time that the school division can certify that sufficient local funding has been appropriated to meet required local match. The Department of Education shall make calculations after the close of the fiscal year to verify that the required local match was met based on the state funds that were received.</p> <p>11. Any sum of local matching funds for Lottery and Incentive program which a locality has not expended as of the end of a fiscal year in support of the required local match pursuant to this Item shall be paid by the locality into the general fund of the state treasury unless the carryover of those unspent funds is specifically permitted by other provisions of this act. city, or town in setting real estate tax rates.				
j. From the total amounts in paragraph h. above, an amount estimated at \$128,900,000 \$130,000,000 the first year and \$131,700,000 \$136,400,000 the second year (approximately 1/8 cent of sales and use tax) is appropriated in this Item to distribute the remainder of the revenues collected and deposited into the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this Item.				
k. For the purposes of funding certain support positions in Basic Aid, a funding ratio methodology is used based upon the prevailing ratio of actual support positions, consistent with those recognized for SOQ funding, to actual instructional positions, consistent with those recognized for SOQ funding, as established in Chapter 781, 2009 Acts of Assembly. For the purposes of making the required spending adjustments, the appropriation and distribution of Basic Aid shall reflect this methodology. Local school divisions shall have the discretion as to where the adjustment may be made, consistent with the Standards of Quality funded in this Act.				
6. Education of the Gifted Payments				
a. An additional payment shall be disbursed by the Department of Education to local school divisions to support the state share of one full-time equivalent instructional position per 1,000 students in adjusted March 31 ADM.				
b. Local school divisions are required to spend, as part of the required local expenditure for the Standards of Quality the established per pupil cost for gifted education (state and local share) on approved programs for the gifted.				
7. Occupational-Vocational Education Payments				
a. An additional payment shall be disbursed by the Department of Education to the local school divisions to support the state share of the number of Vocational Education instructors required by the Standards of Quality. These funds shall be disbursed on the same basis as the payment is calculated.				
b. An amount estimated at \$120,281,318 the first year and \$120,376,109 \$120,355,978 the second year from the general fund included in Basic Aid Payments relates to vocational education programs in support of the Standards of Quality.				
8. Special Education Payments				
a. An additional payment shall be disbursed by the Department of Education to the local school divisions to support the state share of the number of Special Education instructors required by the Standards of Quality. These funds shall be disbursed on the same basis as the payment is calculated.				
b. Out of the amounts for special education payments, general fund support is provided to fund the caseload standards for speech pathologists at 68 students for each year of the biennium.				
9. Remedial Education Payments				
a. An additional payment estimated at \$113,078,853 \$112,984,901 \$112,320,130 \$112,645,717 the first year and \$112,984,901 \$112,320,130 the second year from the general fund shall be disbursed by the Department of Education to support the Board of Education's Standards of Quality Prevention, Intervention, and Remediation program adopted in June 2003.				
b. The payment shall be calculated based on one hour of additional instruction per day for identified students, using the three year average percent of students eligible for the federal Free Lunch program as a proxy for students needing such services. Fall membership shall be multiplied by the three year average division-level Free Lunch eligibility percentage to determine the estimated number of students eligible for services. Pupil-teacher ratios shall be applied to the estimated number of eligible students to determine the number of instructional positions needed for each school division. The pupil-teacher ratio applied for each school division shall range from 10:1 for those divisions with the most severe

combined three year average failure rates for English and math Standards of Learning test scores to 18:1 for those divisions with the lowest combined three year average failure rates for English and math Standards of Learning test scores.				
c. Funding shall be matched by the local government based on the composite index of local ability-to-pay.				
d. To provide flexibility in the instruction of English Language Learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the SOQ Prevention, Intervention, and Remediation account to employ additional English Language Learner teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided through the SOQ staffing standard of 17 instructional positions per 1,000 limited English proficiency students. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall only employ instructional personnel licensed by the Board of Education.				
e. An additional state payment estimated at \$100,250,775 <i>\$10,468,261</i> the first year and \$107,079,544 <i>\$34,468,409</i> the second year from the general fund <i>and \$100,114,539 the first year and \$86,482,069 the second year from the Lottery Proceeds Fund</i> shall be disbursed based on the estimated number of federal Free Lunch participants, in support of programs for students who are educationally at risk. The additional payment shall be based on the state share of:				
1) A minimum 1.0 percent Add-On, as a percent of the per pupil basic aid cost, for each child who qualifies for the federal Free Lunch Program; and				
2) An addition to the Add-On, based on the concentration of children qualifying for the federal Free Lunch Program. Based on its percentage of Free Lunch participants, each school division will receive a total between 1.0 and 13.0 <i>14.5</i> percent in the first year and between 1.0 and 14.0 <i>16.0</i> percent in the second year in additional basic aid per Free Lunch participant. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.				
3a) Local school divisions are required to spend the established At-Risk Add-On payment (state and local share) on approved programs for students who are educationally at risk.				
b) To receive these funds, each school division shall certify to the Department of Education that the state and local share of the At-Risk Add-On payment will be used to support approved programs for students who are educationally at risk. These programs may include: teacher recruitment programs and incentives, Dropout Prevention, community and school-based truancy officer programs, Advancement Via Individual Determination (AVID), Project Discovery, Reading Recovery, programs for students who speak English as a Second Language, hiring additional school guidance counselors, <i>testing coordinators, and licensed behavior analysts</i> , or programs related to increasing the success of disadvantaged students in completing a high school degree and providing opportunities to encourage further education and training. Further, each school division shall report each year by August 1 to the Department the individual uses of these funds. The Department shall compile the responses and provide them to the Chairmen of House Appropriations and Senate Finance Committees no later than the first day of each Regular General Assembly Session.				
4) If the Board of Education has required a local school board to submit a corrective action plan pursuant to § 22.1-253.13:3, Code of Virginia, either for the school division pursuant to a division level review, or for any schools within its division that have been designated as not meeting the standards as approved by the Board of Education, the Superintendent of Public Instruction shall determine and report to the Board of Education whether each such local school board has met its obligation to develop and submit such corrective action plan(s) and is making adequate and timely progress in implementing the plan(s). Additionally, if an academic <i>or other</i> review process undertaken pursuant to § 22.1-253.13:3, Code of Virginia, has identified actions for a local school board to implement, the Superintendent of Public Instruction shall determine and report to the Board of Education whether the local school board has implemented required actions. If the Superintendent certifies that a local school board has failed or refused to meet any of those obligations <i>as referenced in a memorandum of understanding between the local school board and the Board of Education</i> , the Board of

Education shall withhold payment of some or all At-Risk Add-On funds otherwise allocated to the affected division pursuant to this allocation for the pending fiscal year. In determining the amount of At-Risk Add-On funds to be withheld, the Board of Education shall take into consideration the extent to which such funds have already been expended or contractually obligated. The local school board shall be given an opportunity to correct its failure and, if successful in a timely manner, may have some or all of its At-Risk Add-On funds restored at the Board of Education's discretion.				
f. Regional Alternative Education Programs				
1) An additional state payment of \$8,779,013 \$8,767,652 the first year and \$9,211,142 \$9,434,794 the second year from the Lottery Proceeds Fund shall be disbursed for Regional Alternative Education programs. Such programs shall be for the purpose of educating certain expelled students and, as appropriate, students who have received suspensions from public schools and students returned to the community from the Department of Juvenile Justice.				
2) Each regional program shall have a small student/staff ratio. Such staff shall include, but not be limited to education, mental health, health, and law enforcement professionals, who will collaborate to provide for the academic, psychological, and social needs of the students. Each program shall be designed to ensure that students make the transition back into the "mainstream" within their local school division.				
3) a) Regional alternative education programs are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs. This incremental per pupil payment shall be adjusted for the composite index of local ability-to-pay of the school division that counts such students attending such program in its March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the regional programs for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the school day or school year that the student does not attend such program.				
b) In the event a school division does not use all of the student slots it is allocated under this program, the unused slots may be reallocated or transferred to another school division.				
1. A school division must request from the Department of Education the availability and possible use of any unused student slots. If any unused slots are available and if the requesting school division chooses to utilize any of the unused slots, the requesting school division shall only receive the state's share of tuition for the unused slot that was allocated in this Item for the originally designated school division.				
2. However, no requesting school division shall receive more tuition funding from the state for any requested unused slot than what would have been the calculated amount for the requesting school division had the unused slot been allocated to the requesting school division in the original budget. Furthermore, the requesting school division shall pay for any remaining tuition payment necessary for using a previously unused slot.				
3. The Department of Education shall provide assistance for the state share of the incremental cost of Regional Alternative Education program operations based on the composite index of local ability-to-pay.				
4) Out of this appropriation, \$432,317 \$673,213 the second year from the Lottery Proceeds Fund is provided for a compensation supplement payment equal to 3.0 percent of base pay on July 1, 2019, <i>and for a compensation supplement payment of up to 2.0 percent of base pay on September 1, 2019,</i> for Regional Alternative Education Program instructional and support positions, as referenced in paragraph C. 39. of this Item.				
g. Remedial Summer School				
1) This appropriation includes \$24,940,359 \$24,658,157 the first year and \$25,542,931 \$24,976,867 the second year from the general fund for the state's share of Remedial Summer School Programs. These funds are available to school divisions for the operation

of programs designed to remediate students who are required to attend such programs during a summer school session or during an intersession in the case of year-round schools. These funds may be used in conjunction with other sources of state funding for remediation or intervention. School divisions shall have maximum flexibility with respect to the use of these funds and the types of remediation programs offered; however, in exercising this flexibility, students attending these programs shall not be charged tuition and no high school credit may be awarded to students who participate in this program.

2) For school divisions charging students tuition for summer high school credit courses, consideration shall be given to students from households with extenuating financial circumstances who are repeating a class in order to graduate.

3) From the amounts provided for Remedial Summer School, there is hereby appropriated \$550,000 the first year and \$550,000 the second year from the general fund to support pilot public-private partnerships between local school divisions and the Greater Richmond and Central Virginia affiliates of the Virginia Alliance of YMCAs to expand student participation opportunities in existing summer Power Scholars Academies in such partnered school divisions. The Virginia Alliance of YMCAs shall prepare and submit an evaluation report for such pilot partnerships between the school divisions and the Greater Richmond and Central Virginia YMCA affiliates to the Chairmen of House Appropriations and Senate Finance Committees no later than October 31, 2018.

10. K-3 Primary Class Size Reduction Payments

a. An additional payment estimated at ~~\$130,593,583~~ \$125,175,585 the first year and ~~\$130,388,333~~ \$128,005,970 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education as an incentive for reducing class sizes in the primary grades.

b. The Department of Education shall calculate the payment based on the incremental cost of providing the lower class sizes based on the lower of the division average per pupil cost of all divisions or the actual division per pupil cost.

c. Localities are required to provide a match for these funds based on the composite index of local ability-to-pay.

d. By October 15 of each year school divisions must provide data to the Department of Education that each participating school has a September 30 pupil/teacher ratio in grades K through 3 that meet the following criteria:

Qualifying School Percentage of Students Approved	Grades K-3	Maximum Individual
Eligible for Free Lunch, Three-Year Average	School Ratio	K-3 Class Size
30% but less than 45%	19 to 1	24
45% but less than 55%	18 to 1	23
55% but less than 65%	17 to 1	22
65% but less than 70%	16 to 1	21
70% but less than 75%	15 to 1	20
75% or more	14 to 1	19

e. School divisions may elect to have eligible schools participate at a higher ratio, or only in a portion of grades kindergarten through three, with a commensurate reduction of state and required local funds, if local conditions do not permit participation at the established ratio and/or maximum individual class size. In the event that a school division requires additional actions to ensure participation at the established ratio and/or maximum individual class size, such actions must be completed by December 1 of the impacted school year. Special education teachers and instructional aides shall not be counted towards meeting these required pupil/teacher ratios in grades kindergarten through three.

f. The Superintendent of Public Instruction may grant waivers to school divisions for the class size requirement in eligible schools that have only one class in an affected grade level in the school.

11. Literary Fund Subsidy Program Payments

a. The Department of Education and the Virginia Public School Authority (VPSA) shall provide a program of funding for school construction and renovation through the Literary Fund and through VPSA bond sales. The program shall be used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the projects on the First or Second Literary Fund Waiting List, or other critical projects which may receive priority placement on the First or Second Literary Fund Waiting List by the Department of Education. Interest rate subsidies will provide school divisions with the present value difference in debt service between a Literary Fund loan and a borrowing through the VPSA. To qualify for an interest rate subsidy, the school division's project must be eligible for a Literary Fund loan and shall be subject to the same restrictions. The VPSA shall work with the Department of Education in selecting those projects to be funded through the interest rate subsidy/bond financing program, so as to ensure the maximum leverage of Literary Fund moneys and a minimum impact on the VPSA Bond Pool.

b. The Virginia Public School Authority shall provide an interest rate subsidy program in fiscal year 2020 for projects that are on the Board of Education's First Priority Waiting List, and which shall only use the subsidy funding and associated VPSA borrowing as original financing for the project and not to refinance any prior debt on the project. Projects on the Literary Fund Second Priority Waiting List may participate in the Interest Rate Subsidy Program if unused subsidy appropriation remains once the participation of projects on the First Priority Waiting List is confirmed and subject to the same restrictions. However, the total cost of the subsidy program shall not exceed \$5.0 million in the second year including the subsidy payments and related issuance costs based on the parameters in Senate Bill 1093, as passed during 2019 Session. In addition, \$30.0 million in Literary Fund revenues shall be used to provide school construction loans for projects that are on the Board of Education's First Priority Waiting List.

~~b-c.~~ The Department of Education may offer Literary Fund loans from the uncommitted balances of the Literary Fund after meeting the obligations of the interest rate subsidy sales and the amounts set aside from the Literary Fund for Debt Service Payments for Education Technology and Security Equipment in this Item.

~~c-d.~~ 1) In the event that on any scheduled payment date of bonds of the Virginia Public School Authority (VPSA) authorized under the provisions of a bond resolution adopted subsequent to June 30, 1997, issued subsequent to June 30, 1997, and not benefiting from the provisions of either § 22.1-168 (iii), (iv), and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the sum of (i) the payments on general obligation school bonds of cities, counties, and towns (localities) paid to the VPSA and (ii) the proceeds derived from the application of the provisions of § 15.2-2659, Code of Virginia, to such bonds of localities, is less than the debt service due on such bonds of the VPSA on such date, there is hereby appropriated to the VPSA, first, from available moneys of the Literary Fund and, second, from the general fund a sum equal to such deficiency.

2) The Commonwealth shall be subrogated to the VPSA to the extent of any such appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with respect to the defaulting locality and to full recovery of the amount of such deficiency, together with interest at the rate of the defaulting locality's bonds.

~~d-e.~~ The chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds of the VPSA issued and projected to be issued during such biennium pursuant to the bond resolution referred to in paragraph a above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

12. Educational Technology Payments

a. Any unobligated amounts transferred to the educational technology fund shall be disbursed on a pro rata basis to localities. The additional funds shall be used for technology needs identified in the division's technology plan approved by the Department

of Education.

b. The Department of Education shall authorize estimated amounts as indicated in Table 1 from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in the referenced years.

c. It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for education technology grant programs. In developing the proposed 2020-2022, 2022-2024, and 2024-2026 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2021, 2022, 2023, 2024, 2025, and 2026.

d. 1) An education technology grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at ~~\$58,835,200~~ \$57,017,700 in fiscal year 2019 and ~~\$60,331,600~~ \$58,612,800 in fiscal year 2020. Proceeds of the notes will be used to establish a computer-based instructional and testing system for the Standards of Learning (SOL) and to develop the capability for high speed Internet connectivity at high schools followed by middle schools followed by elementary schools. School divisions shall use these funds first to develop and maintain the capability to support the administration of online SOL testing for all students with the exception of students with a documented need for a paper SOL test.

2) Grant funds from the issuance of ~~\$58,835,200~~ \$57,017,700 in fiscal year 2019 and ~~\$60,331,600~~ \$58,612,800 in fiscal year 2020 in equipment notes are based on a grant of \$26,000 per school and \$50,000 per school division. For purposes of this grant program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, ~~2016~~ 2018, for the fiscal year ~~2017~~ 2019 issuance, and September 30, ~~2017~~ 2019, for the fiscal year ~~2018~~ 2020 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, CodeRVA Regional High School, and the School for the Deaf and the Blind. Schools that serve only pre-kindergarten students shall not be eligible for this grant.

3. a.) Supplemental grants shall be allocated to eligible divisions to support schools that are not fully accredited in accordance with this paragraph. Schools that include a ninth grade that administer SOL tests in Spring 2018 and that are not fully accredited for the second consecutive year, based on school accreditation ratings in effect for fiscal year 2018 and fiscal year 2019 will qualify to participate in the Virginia e-Learning Backpack Initiative in fiscal year 2019 and receive: (1) a supplemental grant of \$400 per student reported in ninth grade fall membership in a qualifying school for the purchase of a laptop or tablet for that student and (2) a supplemental grant of \$2,400 per qualifying school to purchase two content creation packages for teachers. Schools eligible to receive this supplemental grant in fiscal year 2019 shall continue to receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Schools that administer SOL tests in Spring 2019 and that are not fully accredited for the second

Schools eligible for the supplemental grants in previous fiscal years shall continue to be eligible for the remaining years of their grant award. Schools eligible to receive this supplemental grant in fiscal year 2020 shall continue to receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Grants awarded to qualifying schools that do not have grades 10, 11, or 12 may transition with the students to the primary receiving school for all years subsequent to grade 9. Schools are eligible to receive these grants for a period of up to four years beginning in fiscal year 2014 and shall not be eligible to receive a separate award in the future once the original award period has concluded. Schools that are fully accredited or that are new schools with conditional accreditation in their first year shall not be eligible to receive this supplemental grant.</p> <p>b.) Supplemental grants allocated to school divisions for participation in the Virginia e-Learning Backpack Initiative prior to fiscal year 2017 shall be used in eligible schools for (1) the purchase of a laptop or tablet for a student reported in ninth grade fall membership, and (2) the purchase of two content creation packages for teachers per grant. The amounts for such grants shall remain unchanged.</p> <p>4) Required local match:</p> <p>a) Localities are required to provide a match for these funds equal to 20 percent of the grant amount, including the supplemental grants provided pursuant to paragraph g. 5). At least 25 percent of the local match, including the match for supplemental grants, shall be used for teacher training in the use of instructional technology, with the remainder spent on other required uses. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.</p> <p>b) School divisions that administer 100 percent of SOL tests online in all elementary, middle, and high schools may use up to 75 percent of their required local match to purchase targeted technology-based interventions. Such interventions may include the necessary technology and software to support online learning, technology-based content systems, content management systems, technology equipment systems, information and data management systems, and other appropriate technologies that support the individual needs of learners. School divisions that receive supplemental grants pursuant to paragraph g.5) above shall use the funds in qualifying schools to purchase laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers.</p> <p>5) The goal of the education technology grant program is to improve the instructional, remedial, and testing capabilities of the Standards of Learning for local school divisions and to increase the number of schools achieving full accreditation.</p> <p>6) Funds shall be used in the following manner:</p> <p>a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed access to the Internet. School connectivity (computers, LANs and network access) shall include sufficient download/upload capability to ensure that each student will have adequate access to Internet-based instructional, remedial and assessment programs.</p> <p>b) When each high school in a division meets the goals established in paragraph a) above, the remaining funds shall be used to develop similar capability in first the middle schools and then the elementary schools.</p> <p>c) For purposes of establishing or enhancing a computer-based instructional program supporting the Standards of Learning pursuant to paragraph g. 1) above, these grant funds may be used to purchase handheld multifunctional computing devices that support a broad range of applications and that are controlled by operating systems providing full multimedia support and mobile Internet connectivity. School divisions that elect to use these grant funds to purchase such qualifying handheld devices must continue to meet the</p>

on-line testing requirements stated in paragraph g. 1) above.				
d) School divisions shall be eligible to receive supplemental grants pursuant to paragraph g.5) above. These supplemental grants shall be used in qualifying schools for the purchase of laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers. Participating school divisions will be required to select a core set of electronic textbooks, applications and online services for productivity, learning management, collaboration, practice, and assessment to be included on all devices. In addition, participating school divisions will assume recurring costs for electronic textbook purchases and maintenance.				
e) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.				
7) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.				
e. The Department of Education shall maintain criteria to determine if high schools, middle schools, or elementary schools have the capacity to meet the goals of this initiative. The Department of Education shall be responsible for the project management of this program.				
f. 1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes of the VPSA on such date, there is hereby appropriated to the VPSA from the general fund a sum equal to such deficiency.				
2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes of the VPSA issued and projected to be issued during such biennium pursuant to the resolution referred to in paragraph 1) above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.				
g. Unobligated proceeds of the notes, including investment income derived from the proceeds of the notes may be used to pay interest on, or to decrease principal of the notes or to fund a portion of such other educational technology grants as authorized by the General Assembly.				
h. 1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies with State Government" and for the purposes of § 56-234 "Contracts for Service Rendered by a Telephone Company for the State Government" shall be deemed to include communications lines into public schools which are used for educational technology. The rate structure for such lines shall be negotiated by the Superintendent of Public Instruction and the Chief Information Officer of the Virginia Information Technologies Agency. Further, the Superintendent and Director are authorized to encourage the development of "by-pass" infrastructure in localities where it fails to obtain competitive prices or prices consistent with the best rates obtained in other parts of the state.				
2) The State Corporation Commission, in its consideration of the discount for services provided to elementary schools, secondary schools, and libraries and the universal service funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is hereby encouraged to make the discounts for intrastate services provided to elementary schools, secondary schools, and libraries for educational purposes as large as is prudently possible and to fund such discounts through the universal fund as provided in § 254 of the Telecommunications Act of 1996. The commission shall proceed as expeditiously as possible in implementing these discounts and the funding mechanism for intrastate services, consistent with the rules of the Federal Communications Commission aimed at the preservation and

advancement of universal service.

13. Security Equipment Payments

1) A security equipment grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at up to \$6,000,000 in fiscal year 2019 and ~~\$6,000,000~~ \$12,000,000 in fiscal year 2020 in conjunction with the Virginia Public School Authority technology notes program authorized in C.12. of this Item. Proceeds of the notes will be used to help offset the related costs associated with the purchase of appropriate security equipment that will improve and help ensure the safety of students attending public schools in Virginia.

2) The Department of Education shall authorize estimated amounts as indicated in Table 1 from the Literary Fund to provide debt service payments for the security equipment grant programs conducted through the Virginia Public School Authority in the referenced years.

2019		\$1,291,481 \$1,310,127

3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. In developing the proposed 2020-2022, 2022-2024, and 2024-2026 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2021, 2022, 2023, 2024, 2025, and 2026.

4) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes on such date, there is hereby appropriated to the Virginia Public School Authority from the general fund a sum equal to such deficiency.

5) The Chairman of the Board of Commissioners of the Virginia Public School Authority shall, on or before November 1 of each year, deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes issued and projected to be issued during such biennium. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

6) Grant award funds from the issuance of up to \$6,000,000 in fiscal year 2019 and ~~\$6,000,000~~ \$12,000,000 in fiscal year 2020 in equipment notes shall be distributed to eligible school divisions. The grant awards will be based on a competitive grant basis of up to ~~\$100,000~~ \$250,000 per school division. School divisions will be permitted to apply annually for grant funding. For purposes of this program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2018, for the fiscal year 2019 issuance, and September 30, 2019, for the fiscal year 2020 issuance, as well as regional vocational centers, special

education centers, alternative education centers, regular school year Governor's Schools, and the Virginia School for the Deaf and the Blind.				
7) School divisions would submit their application to Department of Education by August 1 of each year based on the criteria developed by the Department of Education in collaboration with the Department of Criminal Justice Services who will provide requested technical support. Furthermore, the Department of Education will have the authority to make such grant awards to such school divisions.				
8) It is also the intent of the General Assembly that, <i>beginning with fiscal year 2020</i> , the total amount of the grant awards shall not exceed \$30,000,000 \$60,000,000 over any ongoing revolving five year period.				
9) Required local match:				
a) Localities are required to provide a match for these funds equal to 25 percent of the grant amount. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.				
b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.				
c) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.				
14. Virginia Preschool Initiative Payments				
a.1) It is the intent of the General Assembly that a payment estimated at \$72,286,230 \$70,049,572 the first year and \$72,297,411 \$72,351,058 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds who are residents of Virginia and unserved by Head Start program funding and for at-risk five-year-olds who are not eligible to attend kindergarten. In no event shall distributions from the Lottery Proceeds Fund be made directly to community-based or private providers.				
2) These state funds and required local matching funds shall be used to provide programs for at-risk four-year-old children, which include quality preschool education, health services, social services, parental involvement and transportation. It shall be the policy of the Commonwealth that state funds and required local matching funds for the Virginia Preschool Initiative not be used for capital outlay. Programs must provide full-day or half-day and, at least, school-year services.				
3) The Department of Education shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating school division and the school divisions must certify that the Virginia Preschool Initiative program follows the established standards in order to receive the funding for quality preschool education and criteria for the service components. Such standards shall align with the Virginia Standards of Learning for Kindergarten.				
4) a) Grants shall be distributed based on an allocation formula providing the state share of a \$6,326 grant for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program. The number of unserved at-risk four-year-olds in each locality shall be based on the projected number of kindergarten students, updated once each biennium for the Governor's introduced biennial budget. Half-day programs shall operate for a minimum of three hours of classroom instructional time per day, excluding breaks for lunch or recess , and grants to half-day programs shall be funded based on the state share of \$3,163 per unserved at-risk four-year-old in each locality. Full-day programs shall operate for a minimum of five and one-half instructional hours, excluding breaks for meals and recess . <i>Virginia Preschool</i>

<p><i>Initiative programs may include unstructured recreational time that is intended to develop teamwork, social skills, and overall physical fitness in any calculation of total instructional time, provided that such unstructured recreational time does not exceed 15 percent of total instructional time or teaching hours. No additional state funding is provided for programs operating greater than three hours per day but less than five and one-half hours per day. In determining the state and local shares of funding, the composite index of local ability-to-pay is capped at 0.5000.</i></p>				
<p>b) For new programs in the first year of implementation only, programs operating less than a full school year shall receive state funds on a fractional basis determined by the pro-rata portion of a school year program provided. In determining the prorated state funds to be received, a school year shall be 180 days or 990 teaching hours.</p>				
<p>b.1) Any locality which desires to participate in this grant program must submit a proposal through its chief administrator (county administrator or city manager) by May 15 of each year. The chief administrator, in conjunction with the school superintendent, shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk children which demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk four-year-old children.</p>				
<p>2) The proposal must demonstrate coordination with all parties necessary for the successful delivery of comprehensive services, including the schools, child care providers, local social services agency, Head Start, local health department, and other groups identified by the lead agency.</p>				
<p>3) A local match, based on the composite index of local ability-to-pay, shall be required. For purposes of meeting the local match, localities may use local expenditures for existing qualifying programs, however, at least seventy-five percent of the local match will be cash and no more than twenty-five percent will be in-kind. In-kind contributions are defined as cash outlays that are made by the locality that benefit the program but are not directly charged to the program. The value of fixed assets cannot be considered as an in-kind contribution. Philanthropic or other private funds may be contributed to the locality to be appropriated in their local budget and then utilized as local match. Localities shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program must be used to supplement, not supplant, any funds currently provided for programs within the locality. However, in the event a locality is unable to continue the previous level of support to programs for at-risk four-year-olds from Title I of the federal Elementary and Secondary Education Act (ESEA), the state and local funds provided in this grants program may be used to continue services to these Title I students. Such inability may occur due to adjustments to the allocation formula in the reauthorization of ESEA as the Every Student Succeeds Act of 2015, or due to a percentage reduction in a locality's Title I allocation in a particular year. Any locality so affected shall provide written evidence to the Superintendent of Public Instruction and request his approval to continue the services to Title I students.</p>				
<p>c. Local plans must provide clear methods of service coordination for the purpose of reducing the per child cost for the service, increasing the number of at-risk children served and/or extending services for the entire year. Examples of these include:</p>				
<p>1) "Wraparound Services" -- methods for combining funds such as child care subsidy dollars administered by local social service agencies with dollars for quality preschool education programs.</p>				
<p>2) "Wrap-out Services" - methods for using grant funds to purchase quality preschool services to at-risk four-year-old children through an existing child care setting by purchasing comprehensive services within a setting which currently provides quality preschool education.</p>				
<p>3) "Expansion of Service" - methods for using grant funds to purchase slots within existing programs, such as Head Start, which provide comprehensive services to at-risk four-year-old children.</p>				
<p>d.1) Local plans must indicate the number of at-risk four-year-old children to be served,</p>

and the eligibility criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the 2015-2016 programs guidelines that are specific to: (i) family income at or below 200 percent of federal poverty guidelines, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) family income is above 200 percent but at or below 350 percent of federal poverty guidelines in the case of students with special needs or disabilities. Up to 15 percent of a division's slots may be filled based on locally established eligibility criteria so as to meet the unique needs of at-risk children in the community.

2) The Department of Education is directed to compile from each school division the aggregated information as to the number of enrolled students whose families are (i) at or below 130 percent of poverty, (ii) above 130 percent but at or below 200 percent of poverty, (iii) above 200 percent but at or below 350 percent of poverty, and (iv) above 350 percent of poverty. The Department shall report this information annually, after the application and fall participation reports are submitted to the Department from the school divisions, to the Chairmen of House Appropriations and Senate Finance Committees. In addition, the Department will post and maintain the summary information by division on the Department's website in keeping with current student privacy policies.

e.1) The Department of Education shall provide technical assistance for the administration of this grant program to provide assistance to localities in developing a comprehensive, coordinated, quality preschool program for serving at-risk four-year-old children.

2) The Department shall provide interested localities with information on models for service delivery, methods of coordinating funding streams, such as funds to match federal IV-A child care dollars, to maximize funding without supplanting existing sources of funding for the provision of services to at-risk four-year-old children. A priority for technical assistance in the design of programs shall be given to localities where the majority of the at-risk four-year-old population is currently unserved.

f. The Department of Education shall include in the program's application package specific information regarding the potential availability of funding for supplemental grants that may be used for one-time expenses, other than capital, related to start-up or expansion of programs, with priority given to proposals for expanding the use of partnerships with either nonprofit or for-profit providers. Furthermore, the Department is mandated to communicate to all eligible school divisions the remaining available balances in the program's adopted budget, after the fall participation reports have been submitted and finalized for such grants.

g. Beginning in school year 2019-2020, one-time waiting list slots may, subject to available funds, be provided to school divisions that have utilized 100 percent of their calculated slots in the previous school year and had a waiting list for unserved eligible children as certified by such school divisions on the ~~October~~ + Virginia Preschool Initiative Fall Verification Report submitted to the Department of Education in the previous school year. Further, eligible school divisions that may request and receive a one-time allocation of such slots in the subsequent school year, shall offer such slots to at-risk four-year old children that (i) family income at or below 200 percent of federal poverty guidelines, (ii) family income is above 200 percent but at or below 350 percent of federal poverty guidelines in the case of students with special needs or disabilities, (iii) homelessness, or (iv) student's parents or guardians are school dropouts. The amount of funding available to provide any waiting list slots to eligible school divisions shall be determined by the previous fiscal year year-end balance of the allocations in paragraph C. 14. a. 1) of this item. Further, the Department of Education shall ensure that supplemental grants for one-time expenses, other than capital, related to start-up or expansion of Virginia Preschool Initiative program in paragraph C. 14. f. of this item, are awarded and allocated first from any ~~year-end~~ available balances in the program's adopted budget, after the fall participation reports have been submitted and finalized before any remaining balances are considered for waiting list slots. Any such remaining balances not awarded and allocated in the current fiscal year for start-up or expansion grants shall be carried forward to the next fiscal year to support waiting list slots. Available funding shall be provided only to eligible school divisions that report using 100 percent of the upcoming school year slot allocation in the May 15 grant proposal and report using 100 percent of the school year slot allocation on the ~~October~~ + Virginia Preschool Initiative Fall Verification Report submitted to the Department of Education for the school year that waiting list slots are provided. If a school division's ~~October~~ + Virginia Preschool Initiative Fall Verification Report submitted to the

<p>Department of Education does not certify that 100 percent of the school year calculated slot allocation is used, then the Department of Education shall withdraw enough of the granted waiting list slots and associated funding provided such that the net difference between the withdrawn waiting list slots make up the percentage deficient from the school year calculated slot allocation not used. The Department of Education shall submit a comprehensive report, detailing, but not limited to, the number of calculated slots and funding allocated to each school division, the number of calculated slots filled by each school division, supplemental grants requested and awarded by each school division, the number of waiting list slots requested by each school division, the number of waiting list slots offered to each school division, the number of waiting list slots filled by each school division and the funding allocated for the filled waiting list slots by each school division, to the Chairmen of House Appropriations and Senate Finance Committees no later than November 15 <i>December 31</i>, 2019, and annually thereafter.</p>				
<p>h. Out of the appropriation in this Item, \$2,304,088 <i>\$304,088</i> the first year and \$2,306,100 <i>\$306,100</i> the second year from the general fund is allocated for the Department of Education to provide grants of no more than \$30,000 each for local school divisions that have applied for such funds for the sole purpose of providing financial incentives to provisionally licensed teachers teaching students enrolled in the Virginia Preschool Initiative and who are actively engaged in coursework and professional development, toward achieving the required degree and license that satisfy the licensure requirements reflected in § 22.1-299, Code of Virginia. School divisions must submit applications to the Department of Education by December 1 of each year. Priority for awarding grants shall be given to hard-to-staff schools and schools with the highest number of provisionally licensed teachers teaching students enrolled in the Virginia Preschool Initiative. The Department of Education shall develop the application process to be provided to school divisions that have provisionally licensed teachers employed and are teaching students enrolled in the Virginia Preschool Initiative. <i>Any funds not awarded from this grant program in fiscal year 2019 may be awarded for supplemental grants for one-time expenses, other than capital, related to start-up or expansion of Virginia Preschool Initiative programs in paragraph C.14.f. of this Item. Any such remaining balances not awarded and allocated in fiscal year 2019 for start-up or expansion grants shall be carried forward to fiscal year 2020 to support waiting list slots.</i></p>				
<p>i. Out of the appropriation in this Item, \$300,000 the first year and \$700,000 the second year from the general fund is provided through the Department of Education to the University of Virginia's Center for Advanced Study of Teaching and Learning to ensure that all Virginia Preschool Initiative classroom programs teachers receive appropriate individualized professional development training from professional development specialists to support quality teacher-child interactions and effective research-based curriculum implementation. Funding and professional development assistance shall be prioritized for teachers with Classroom Assessment Scoring System (CLASS) observation scores that did not meet the statewide minimum acceptable threshold standard established by University of Virginia's Center for Advanced Study of Teaching and Learning and the Department of Education. The University of Virginia's Center for Advanced Study of Teaching and Learning, assisted on an as needed basis, by the Department of Education, Virginia Early Childhood Foundation, and Elevate Early Education to hire and train specialists to provide such individualized professional development.</p>				
<p>j. Out of the appropriation in this Item, \$75,000 the first year from the general fund is provided such that, beginning July 1, 2018, the Department of Education shall develop a plan to ensure that high quality instruction is provided in the Virginia Preschool Initiative program's individual preschool classrooms. The plan shall detail how the Department will (i) monitor and assess the quality of teacher-child interactions within each preschool classroom at least once every two years, (ii) ensure the use of evidence-based curricula is implemented in each preschool classroom and take necessary corrective action if evidence-based curriculum is not used or effective by the following school year, and, (iii) facilitate and provide individualized professional development for Virginia Preschool Initiative classroom teachers to ensure the necessary teaching skills are aligned for the pedagogy of high quality preschool classroom experiences and (iv) provide informative and complete information about how Virginia Preschool Initiative funding, from all sources, supports quality preschool experiences for children enrolled in the local public school divisions in Virginia. The plan shall also include details on the number of staff,</p>

tasks and duties, and possible funding needed to carry out these responsibilities. The Department shall submit its complete detailed plan to the Chairmen of House Appropriations and Senate Finance Committees by November 1, 2018.

k. Out of the appropriation in this Item, \$350,000 the first year and \$350,000 the second year from the general fund is provided through the Department of Education to the University of Virginia to ensure that all Virginia Preschool Initiative classroom programs have the quality of their teacher-child interactions assessed through a rigorous and research-based classroom observational instrument at least once every two years using the CLASS observational instrument for such assessment. All classrooms shall be observed no later than June 30, 2020. The University of Virginia, with input from the Department of Education and the use of its detailed plan for such assessments, shall establish a statewide minimum acceptable threshold for the quality of teacher-child interactions for Virginia Preschool Initiative classroom programs; and classrooms that are assessed below the threshold will receive additional technical assistance from the Department of Education and the University of Virginia. The threshold should be established with the assistance of University of Virginia's Center for Advanced Study of Teaching and Learning; using a rigorous and research-based classroom observational instrument. The threshold shall be established no later than the beginning of the 2018-2019 school year and the classroom assessments shall begin no later than spring 2019. The University of Virginia's Center for Advanced Study of Teaching and Learning shall submit a progress report on such classroom observations to the Chairmen of House Appropriations and Senate Finance Committees no later than June 30, 2019, and annually thereafter.

15. Early Reading Intervention Payments

a. An additional payment of ~~\$22,599,681~~ \$23,578,891 the first year and ~~\$22,651,560~~ \$23,571,284 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing early reading intervention services to students in grades kindergarten through 3 who demonstrate deficiencies based on their individual performance on diagnostic tests which have been approved by the Department of Education. The Department of Education shall review the tests of any local school board which requests authority to use a test other than the state-provided test to ensure that such local test uses criteria for the early diagnosis of reading deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of five to one. The estimated number of students in each school division in each year shall be determined by multiplying the projected number of students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3 by the percent of students who are determined to need services based on diagnostic tests administered in the previous year in that school division and adjusted in the following manner:

	Year 1	Year 2
Kindergarten	100%	100%
Grade 1	100%	100%
Grade 2	100%	100%
Grade 3	100%	100%

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. At the beginning of the school year, local school divisions shall partner with the parents of those third grade students in the division who demonstrate reading deficiencies, discussing with them a developed plan for remediation and retesting. Such intervention programs, at the discretion of the local school division, may include, but not be limited to, the use of: special reading teachers; trained aides; full-time early literacy tutors; volunteer tutors under the

supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.				
d. In the event that a school division does not use the diagnostic test provided by the Department of Education in the year that serves as the basis for updating the funding formula for this program but has used it in past years, the Department of Education shall use the most recent data available for the division for the state-provided diagnostic test.				
e. The results of all reading diagnostic tests and reading remediation shall be discussed with the student and the student's parent prior to the student being promoted to grade four.				
f. Funds appropriated for Standards of Quality Prevention, Intervention, and Remediation, Remedial Summer School, or At-Risk Add-On may also be used to meet the requirements of this program.				
16. Standards of Learning Algebra Readiness Payments				
a. An additional payment of \$13,003,937 \$13,099,389 the first year and \$13,020,964 \$13,061,697 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing math intervention services to students in grades 6, 7, 8 and 9 who are at-risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on diagnostic tests which have been approved by the Department of Education. These amounts reflect \$200,000 the first year and \$200,000 the second year apportioned to each school division to account for the cost of the diagnostic test. The Department of Education shall review the tests to ensure that such local test uses state-provided criteria for diagnosis of math deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.				
b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of ten to one. The estimate number of students in each school division shall be determined by multiplying the projected number of students reported in each school division's fall membership by the percent of students that qualify for the federal Free Lunch Program.				
c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.				
17. School Construction Grants Program Escrow				
Notwithstanding the requirements of § 22.1-175.5, Code of Virginia, school divisions are permitted to withdraw funds from local escrow accounts established pursuant to § 22.1-175.5 to pay for recurring operational expenses incurred by the school division. Localities are not required to provide a local match of the withdrawn funds.				
18. English as a Second Language Payments				
A payment of \$62,210,121 \$59,957,366 the first year and \$65,479,578 \$62,519,408 the second year from the general fund shall be disbursed by the Department of Education to local school divisions to support the state share of 17 professional instructional positions per 1,000 students for whom English is a second language. Local school divisions shall provide a local match based on the composite index of local ability-to-pay.

The State Treasurer is authorized to sell any securities remitted as unclaimed demutualization proceeds of insurance companies at any time after delivery, pursuant to legislation enacted by the 2003 Session of the General Assembly. The funds derived from the sale of said securities shall be handled in accordance with § 55-210.19, Code of Virginia.</p> <p>F.1. The State Treasurer is authorized to charge qualified public depositories holding public deposits, as defined in § 2.2-4401, Code of Virginia, an annual administrative fee of not more than one-half of one basis point of their average public deposit balances over a twelve month period. The State Treasurer shall issue guidelines to effect the implementation of this fee. However, the total fees collected from all qualified depositories shall not exceed \$100,000 in any one year.</p> <p>2. Any regulations or guidelines necessary to implement or change the amount of the fee may be adopted without complying with the Administrative Process Act (§ 2.2-4000 et seq.) provided that input is solicited from qualified public depositories. Such input requires only that notice and an opportunity to submit written comments be given.</p> <p>G. The State Treasurer shall work with universities and community colleges to develop policies and procedures which minimize the use of paper checks when issuing any reimbursements of student loan balances. These efforts should include reimbursement through debit cards, direct deposits, or other electronic means.</p> <p>H. The Virginia Public School Authority shall transfer to the Department of the Treasury each year an amount necessary to recover the direct cost incurred by the department in the accounting and financial reporting of the Virginia Public School Authority programs.</p>				
278.	<p>1. There is hereby appropriated to the Department of the Treasury a sum sufficient for the transfer to the federal government, in accordance with the provisions of the federal Cash Management Improvement Act of 1990 and related federal regulations, of the interest owed by the state on federal funds advanced to the state for federal assistance programs, where such funds are held by the state from the time they are deposited in the state's bank account until they are paid out to redeem warrants, checks or payments by other means. This sum sufficient appropriation is funded from the interest earned on federal funds deposited and invested by the state. The actual amount for transfer shall be established by the State Comptroller.</p> <p>2. When permitted by applicable federal laws or administrative regulations, the State Comptroller shall first offset and reduce the amount to be transferred by any and all amounts of interest payments calculated to be received by the state from the federal government, where such payments are due to the state because the state was required to disburse its own funds for federal program purposes prior to the receipt of federal funds.</p> <p>3. Should the interest payments calculated to be made by the federal government to the state exceed the interest calculated to be transferred from the state to the federal government, reduced by the federally approved direct cost reimbursement to the state, the State Comptroller shall then notify the federal government of the net amount of interest due to the state and shall record such net interest, upon its receipt, as interest revenue earned by the general fund.</p>

<p>2. The workgroup may consider and evaluate other EHR systems that may be more appropriate to meet specific agency needs and evaluate the cost-effectiveness of pursuing a separate EHR system as compared to a statewide integrated EHR. However, the workgroup shall ensure that standards are developed to ensure that EHRs can be shared as appropriate with public and private partner agencies and health care entities.</p>				
<p>3. The workgroup shall also develop an implementation timeline, cost estimates, and assess other issues that may need to be addressed in order to implement an integrated statewide EHR system. The examination shall also consider the resources necessary to fund any proposed options. The work group shall include the Commissioner of Insurance or his designee, the Virginia Association of Health Plans, chambers of commerce, and other relevant stakeholders at the discretion of the Secretary. Such solutions may include the implementation of a state reinsurance program or high risk pool, or market stabilization program payments, among others.</p>				
<p>2. The State Corporation Commission Bureau of Insurance shall provide technical assistance to the Secretary of Health and Human Resources as requested.</p>

3. In the event that the Department of Medical Assistance Services contracts with a vendor, the department shall establish the fee paid to any such contractor based on the reasonable cost of services provided. The department may not offer or pay directly or indirectly any material inducement, bonus, or other financial incentive to a program contractor based on the denial or administrative delay of medically appropriate prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or a reduction in the proportion of beneficiaries who receive prescription drug therapy under the Medicaid program. Bonuses cannot be based on the percentage of cost savings generated under the benefit management of services.				
4. The department shall: (i) review, update and publish the list of authorized specialty drugs, utilization guidelines, and rates at least quarterly; (ii) implement and maintain a procedure to revise the list or modify specialty drug program utilization guidelines and rates, consistent with changes in the marketplace; and (iii) provide an administrative appeals procedure to allow dispensing or prescribing provider to contest the listed specialty drugs and rates.

The department may not offer or pay directly or indirectly any material inducement, bonus, or other financial incentive to a program contractor based on the denial or administrative delay of medically appropriate prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or a reduction in the proportion of beneficiaries who receive prescription drug therapy under the Medicaid program. Bonuses cannot be based on the percentage of cost savings generated under the benefit management of services.

If the agency does not render an informal fact-finding conference decision within 180 days of the receipt of the appeal request or, in the case of a joint agreement to stay the appeal decision as detailed below, within the time remaining after the stay expires and the appeal timeframes resume, the decision is deemed to be in favor of the provider. An appeal of the director's informal fact-finding conference decision concerning provider reimbursement shall be heard in accordance with § 2.2-4020 of the Administrative Process Act (§ 2.2-4020 et seq.) and the State Plan for Medical Assistance provided for in § 32.1-325, Code of Virginia. The Department of Medical Assistance Services and the provider may jointly agree to stay the deadline for the informal appeal decision or for the formal appeal recommended decision of the Hearing Officer for a period of up to sixty (60) days to facilitate settlement discussions. If the parties reach a resolution as reflected by a written settlement agreement within the sixty-day period, then the stay shall be extended for such additional time as may be necessary for review and approval of the settlement agreement in accordance § 2.2-514 of the Code of Virginia. UU.1. Effective July 1, 2014, the Department of Medical Assistance Services shall replace the current Disproportionate Share Hospital (DSH) methodology with the following methodology:

a) DSH eligible hospitals must have a total Medicaid Inpatient Utilization Rate equal to 14 percent or higher in the base year using Medicaid days eligible for Medicare DSH or a Low Income Utilization Rate in excess of 25 percent and meet other federal requirements. Eligibility for out of state cost reporting hospitals shall be based on total Medicaid utilization or on total Medicaid NICU utilization equal to 14 percent or higher.

b) Each hospital's DSH payment shall be equal to the DSH per diem multiplied by each hospital's eligible DSH days in a base year. Days reported in provider fiscal years in state FY 2011 will be the base year for FY 2015 prospective DSH payments. DSH will be recalculated annually with an updated base year. DSH payments are subject to applicable federal limits.

c) Eligible DSH days are the sum of all Medicaid inpatient acute, psychiatric and rehabilitation days above 14 percent for each DSH hospital subject to special rules for out of state cost reporting hospitals. Eligible DSH days for out of state cost reporting hospitals shall be the higher of the number of eligible days based on the calculation in the first sentence times Virginia Medicaid utilization (Virginia Medicaid days as a percent of total Medicaid days) or the Medicaid NICU days above 14 percent times Virginia NICU Medicaid utilization (Virginia NICU Medicaid days as a percent of total NICU Medicaid days). Eligible DSH days for out of state cost reporting hospitals who qualify for DSH but who have less than 12 percent Virginia Medicaid utilization shall be 50 percent of the days that would have otherwise been eligible DSH days.

d) Additional eligible DSH days are days that exceed 28 percent Medicaid utilization for Virginia Type Two hospitals (excluding Children's Hospital of the Kings Daughters).

e) The DSH per diem shall be calculated in the following manner:

a. The DSH per diem for Type Two hospitals is calculated by dividing the total Type Two DSH allocation by the sum of eligible DSH days for all Type Two DSH hospitals. For purposes of DSH, Type Two hospitals do not include Children's Hospital of the Kings Daughters (CHKD) or any hospital whose reimbursement exceeds its federal uncompensated care cost limit. The Type Two Hospital DSH allocation shall equal the amount of DSH paid to Type Two hospitals in state FY 2014 increased annually by the percent change in the federal allotment, including any reductions as a result of the Affordable Care Act, adjusted for the state fiscal year.

b. The DSH per diem for State Inpatient Psychiatric Hospitals is calculated by dividing the total State Inpatient Psychiatric Hospital DSH allocation by the sum of eligible DSH days. The State Inpatient Psychiatric Hospital DSH allocation shall equal the amount of DSH paid in state FY 2013 increased annually by the percent change in the federal allotment, including any reductions as a result of the Affordable Care Act, adjusted for the state fiscal year.

c. The DSH per diem for CHKD shall be three times the DSH per diem for Type Two hospitals.

d. The DSH per diem for Type One hospitals shall be 17 times the DSH per diem for Type Two hospitals.

<p>B. However, no such repayments may be required of the locality if the department determines that such overpayment or payments to ineligible resulted from the promulgation of vague or conflicting regulations by the department or from the failure of the department to make timely distribution to the localities of the statutes, rules, regulations, and policy decisions, causing the overpayment or payment to ineligible(s) to be made by the locality or from situations where a locality exercised due diligence, yet received incomplete or incorrect information from the client which caused the overpayment or payment to ineligible. If a locality fails to effect the return, the Department of Social Services shall withhold an equal amount from the next disbursement made by the department to the locality for the same program.</p> <p>C. The Department of Social Services shall implement the guidance issued by the U.S. Department of Health and Human Services concerning the obligation of recipients of federal financial assistance to comply with Title VI of the Civil Rights Act of 1964 by ensuring that meaningful access to federally-funded programs, activities and services administered by the department is provided to limited English proficient (LEP) persons, 63 Fed. Pursuant to the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193, the Department of Social Services shall, in cooperation with local departments of social services, maintain a waiver of the work requirement for Supplemental Nutrition Assistance Program (SNAP) recipients residing in areas that do not have a sufficient number of jobs to provide employment for such individuals, including those areas designated as labor surplus areas by the U.S. Department of Labor.</p> <p>C. To the extent permitted by federal law, Supplemental Nutrition Assistance Program (SNAP) recipients subject to a work requirement pursuant to § 824 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193, as amended, shall be permitted to satisfy such work requirement by providing volunteer services to a public or private, nonprofit agency for the number of hours per month determined by dividing the household's monthly SNAP allotment by the federal minimum wage.</p> <p>D. The Department of Social Services shall, to the extent permitted by federal law, disregard the value of at least one motor vehicle per household in determining eligibility for the Supplemental Nutrition Assistance Program (SNAP).</p> <p>E. Authority: Title 9.1, Chapter 1, Article 8, Code of Virginia.				
<p>A. The funds appropriated in this Item shall be distributed to localities with qualifying police departments, as defined in §§ 9.1-165 through 9.1-172, Code of Virginia (HB 599), except that, in accordance with the requirements of § 15.2-1302, Code of Virginia, such funds shall also be distributed to a city without a qualifying police force that was created by the consolidation of a city and a county subsequent to July 1, 2011, pursuant to the provisions of § 15.2-3500 et seq. of the Code of Virginia. Notwithstanding the provisions of §§ 9.1-165 through 9.1-172, Code of Virginia, the total amount to be distributed to localities shall be \$184,548,683 the first year and \$191,746,081 the second year. The amount to be distributed to such a city created by consolidation shall equal the sum distributed to the city during the year prior to the effective date of the consolidation, net of any additional funds allocated by the Compensation Board to the sheriff of the consolidated city as a result of such consolidation, as adjusted in proportion to the increase or decrease in the total amount distributed to all localities during the applicable year. Notwithstanding the provisions of § 9.1-165, Code of Virginia, the amount to be distributed to each locality in each year shall be proportionate to the amount distributed to that locality in FY 2018.</p> <p>B. For purposes of receiving funds in accordance with this program, it is the intention of the General Assembly that the Town of Boone's Mill shall be considered to have had a police department in operation since the 1980-82 biennium and is therefore eligible for financial assistance under Title 9.1, Chapter 1, Article 8, Code of Virginia (House Bill 599).</p> <p>C.1. It is the intent of the General Assembly that state funding provided to localities operating police departments be used to fund local public safety services. Funds provided in this item shall not be used to supplant the funding provided by localities for public safety services.</p> <p>2. To ensure that state funding provided to localities operating police departments does not supplant local funding for public safety services, all localities shall annually certify to the Department of Criminal Justice Services the amount of funding provided by the locality to support public safety services and that the funding provided in this item was used to supplement that local funding. This certification shall be provided in such manner and on such date as determined by the department. The department shall provide this information to the Chairmen of the House Appropriations and Senate Finance Committees within 30 days following the submission of the local certifications.</p> <p>D. The Director of the Department of Criminal Justice Services is authorized to withhold reimbursements due a locality under Title 9.1, Chapter 1, Article 8, Code of Virginia, upon notification from the Superintendent of State Police that there is reason to believe that crime data reported by the locality to the Department of State Police in accordance with § 52-28, Code of Virginia, is missing, incomplete or incorrect. Upon subsequent notification by the superintendent that the data is accurate, the director shall make reimbursement of withheld funding due the locality when such corrections are made within the same fiscal year that funds have been withheld.</p> <p>E. The Director of the Department of Criminal Justice Services is authorized to withhold reimbursements due to a locality under Title 9.1, Chapter 1, Article 8, Code of Virginia, upon notification from the Superintendent of State Police that there is reason to believe the police department within a locality is not registering sex offenders as required in § 9.1-903, Code of Virginia. Upon subsequent notification by the Superintendent that the local law enforcement agency is compliant with the requirements of § 9.1-903, Code of Virginia, the Director shall make reimbursement of withheld funding due to the locality in the same fiscal year in which the local law enforcement agency comes into compliance.</p>

<p>3.a. Notwithstanding the provisions of § 16.1-309.7 B, Code of Virginia, unobligated VJCCCA funds must be returned to the department by each grantee locality no later than October 1 of the fiscal year following the fiscal year in which they were received, or a similar amount may be withheld from the current fiscal year's periodic payments designated by the department for that locality. The Director, Department of Planning and Budget, may increase the general fund appropriation for this Item up to the amount of unobligated VJCCCA funds returned to the Department of Juvenile Justice.</p> <p>b. children committed to the department to be used for the security, care, and treatment of said children.				
<p>B.1. The Director, Department of Juvenile Justice, (the "Department") shall develop a transformation plan to provide more effective and efficient services for juveniles, using data-based decision-making, that improves outcomes and safely reduces the number of juveniles housed in state-operated juvenile correctional centers, consistent with public safety. To accomplish these objectives, the Department will provide, when appropriate, alternative placements and services for juveniles committed to the Department that offer treatment, supervision and programs that meet the levels of risk and need, as identified by the Department's risk and needs assessment instruments, for each juvenile placed in such placements or programs. Prior to implementation, the plan shall be approved by the Secretary of Public Safety and Homeland Security.</p> <p>2. The Department shall reallocate any savings from the reduced cost of operating state juvenile correctional centers to support the goals of the transformation plan including, but not limited to: (a) increasing the number of male and female local placement options, and post-dispositional treatment programs and services; (b) ensuring that appropriate placements and treatment programs are available across all regions of the Commonwealth; and (c) providing appropriate levels of educational, career readiness, rehabilitative, and mental health services for these juveniles in state, regional, or local programs and facilities, including but not limited to, community placement programs, independent living programs, and group homes. The goals of such transformation services shall be to reduce the risks for reoffending for juveniles supervised or committed to the Department and to improve and promote the skills and resiliencies necessary for the juveniles to lead successful lives in their communities.</p> <p>3. No later than November 1 of each year, the Department of Juvenile Justice shall provide a report to the Governor, the Chairmen of the House Appropriations and Senate Finance Committees, the Secretary of Public Safety and Homeland Security and the Director, Department of Planning and Budget, assessing the impact and results of the transformation plan and its related actions. The report shall include, but is not limited to, assessing juvenile offender recidivism rates, fiscal and operational impact on detention homes; changes (if any) in commitment orders by the courts; and use of the savings redirected as a result of transformation, including the amount expended for contracted programs and treatment services, including the number of juveniles receiving each specific service. The report should also include the average length of stay for juveniles in each placement option.</p> <p>4. The Director, Department of Planning and Budget, is authorized to transfer appropriations between items and programs within the Department of Juvenile Justice to reallocate any savings achieved through transformation to accomplish the goals of transformation.</p> <p>5. If the Department of Juvenile Justice deems it necessary, due to facility population decline, efficient use of resources, and the need to further reduce recidivism, to close a state juvenile correctional center, the Department shall (i) work cooperatively with the affected localities to minimize the effect of the closure on those communities and their residents, and (ii) implement a general closure plan, preferably not less than 12 months from announcement of the closure, to create opportunities to place affected state employees in existing departmental vacancies, assist affected employees with placement in other state agencies, create training opportunities for affected employees to increase their qualifications for additional positions, and safely reduce the population of the facility facing closure, consistent with public safety.</p>

Authority: Title 2.2, Chapter 2, Article 10, § 2.2-201, and Titles 33, 46, and 58, Code of Virginia.

A. The transportation policy goals enumerated in this act shall be implemented by the Secretary of Transportation, including the Secretary acting as Chairman of the Commonwealth Transportation Board.

1. The maintenance of existing transportation assets to ensure the safety of the public shall be the first priority in budgeting, allocation, and spending. The highway share of the Transportation Trust Fund shall be used for highway maintenance and operation purposes prior to its availability for new development, acquisition, and construction.

2. It is in the interest of the Commonwealth to have an efficient and cost-effective transportation system that promotes economic development and all modes of transportation, intermodal connectivity, environmental quality, accessibility for people and freight, and transportation safety. The planning, development, construction, and operations of Virginia's transportation facilities will reflect this goal.

3. To the greatest extent possible, the appropriation of transportation revenues shall reflect planned spending of such revenues by agency and by program.

B. The maximization of all federal transportation funds available to the Commonwealth shall be paramount in the budgetary, spending, and allocation processes.

1. Notwithstanding any provision of law to the contrary, the secretary and all agencies within the transportation secretariat are hereby authorized to take all actions necessary to ensure that federal transportation funds are allocated and utilized for the maximum benefit of the Commonwealth, whether such actions or funds or both are authorized under P.L. 114-94 of the 114th Congress, or any successor or related federal transportation legislation, or regulation, rule, or guidance issued by the U.S. Department of Transportation or any federal agency. The secretary and agencies within the transportation secretariat shall utilize, to the maximum extent practicable, the flexibility provided in federal law, regulation, rule, or guidance to use federal funds in a manner consistent with the Code of Virginia. However, neither the Secretary *nor* an agency in the transportation secretariat may materially delay a project selected pursuant to § 33.2-214.1, Code of Virginia, under the authority in this paragraph.

2. The secretary shall ensure that the allocation of transportation funds apportioned and for which obligation authority is expected to be available under federal law shall be in accordance with such laws and in support of the transportation policy goals enumerated in section A. of this Item. Furthermore, the secretary is authorized to take all actions necessary to allocate the required match for federal highway funds to ensure their appropriate and timely obligation and expenditure within the fiscal constraints of state transportation revenues and in support of the efforts addressed in B.1. By June 1 of each year, the secretary, as Chairman of the Board, shall report to the Governor and General Assembly on the allocation of such federal transportation funds and the actions taken to provide the required match.

3. The board shall only make allocations providing the required match for federal Regional Surface Transportation Block Grant Program funds to those Metropolitan Planning Organizations in urbanized areas greater than 200,000 that, in consultation with the Office of Intermodal Planning and Investment, have developed regional transportation and land use performance measures pursuant to Chapters 670 and 690 of the 2009 Acts of Assembly and have been approved by the board.

4. Projects funded, in whole or part, from federal funds referred to as congestion mitigation

Such funds shall be federally obligated within 12 months of their allocation by the board and expended within 36 months of such obligation. If the requirements included in this paragraph are not met by such agency or recipient, then the board shall use such federal funds for any other project eligible under 23 USC 149.</p>				
<p>5. Funds apportioned under federal law for the Surface Transportation Block Grant Program shall be distributed and administered in accordance with federal requirements, including the 22 percent of the non-suballocated portion that is required to be allocated for public transportation purposes. The prioritization process developed under § 33.2-214.1, Code of Virginia, shall not apply to the 22 percent share of the non-suballocated portion allocated for public transportation purposes.</p>				
<p>6. Funds made available to the Metropolitan Planning Organizations known as the Regional Surface Transportation Block Grant Program for urbanized areas greater than 200,000 shall be federally obligated within 12 months of their allocation by the board and expended within 36 months of such obligation. If the requirements included in this paragraph are not met by the recipient, then the board may rescind the required match for such federal funds.</p>				
<p>7. Notwithstanding paragraph B.2. of this Item, the required matching funds for Transportation Alternatives projects are to be provided by the project sponsor of the federal-aid funding.</p>				
<p>8. Federal transportation funds as well as the required state matching funds may be allocated by the Commonwealth Transportation Board for transit purposes under the same rules and conditions authorized by federal law in a manner consistent with the Code of Virginia. The Commonwealth Transportation Board, in consultation with the appropriate local and regional entities, may allocate state revenues to local and regional public transit operators, for operating and/or capital purposes.</p>				
<p>9. If a regional area (or areas) of the Commonwealth is determined to be not in compliance with Clean Air Act rules regarding conformity and as a result federal and/or state allocations, apportionments or obligations cannot be used to fund or support transportation projects or programs in that area, such funds may be used to finance demand management, conformity, and congestion mitigation projects to the extent allowed by federal law. Any remaining amount of such allocations, apportionments, or obligations shall be set aside to the extent possible under law for use in that regional area.</p>				
<p>10. Appropriations in this act related to federal revenues outlined in this section may be adjusted by the Director, Department of Planning and Budget, upon request from the Secretary of Transportation, as needed to utilize and allocate additional federal funds that may become available.</p>

Mass Transit Fund to statewide Capital Assistance.				
c. \$156,930,000 the first year and \$156,958,000 the second year from the Commonwealth Mass Transit Fund to the Northern Virginia Transportation Commission to support the operating and capital costs of the Washington Metropolitan Area Transit Authority.				
d. Notwithstanding the provisions of paragraph A.1.a, A.1.b, and A.1.c of this item, prior to the annual adoption of the Six-Year Improvement Program, the Commonwealth Transportation Board may allocate funding from the Commonwealth Mass Transit Fund to implement the transit and transportation demand management improvements identified for the I-95 corridor. Such costs shall include only direct transit capital and operating costs as well as transportation demand management activities. Costs associated with additional park and ride lots required to be funded by the Commonwealth under the provisions of the Comprehensive Agreement for the Interstate 95 High Occupancy Toll Lanes project shall be borne by the Department of Transportation as set out in Item 450 of this act.				
2. Included in this item is \$1,500,000 the first year and \$1,500,000 the second year from the Commonwealth Mass Transit Trust Fund. These allocations are designated for "paratransit" capital projects and enhanced transportation services for the elderly and disabled.				
3. Included in this item is an amount estimated at \$1,200,000 the first year and \$1,200,000 the second year from the Commonwealth Mass Transit Trust Fund. These allocations are designated for federally mandated state safety oversight of fixed rail guideway transit agencies located in the Commonwealth.				
4. a. From the amounts appropriated in this item from the Commonwealth Mass Transit Fund, \$8,800,000 the first year and \$8,801,000 the second year is the estimated allocation to statewide Special Programs as provided in § 33.2-1526.1, Code of Virginia.				
b. From the amounts provided for Special Programs, the Commonwealth Transportation Board shall operate a program entitled the Transportation Efficiency Improvement Fund (TEIF). The purpose of the TEIF program is to reduce traffic congestion by supporting transportation demand management programs and projects designed to reduce the movement of passengers and freight on Virginia's highway system.				
5. The amount allocated for public transportation purposes according to Item 433 B. 5. is an amount estimated at \$25,583,000 the first year and \$25,583,000 the second year from federal sources for the Surface Transportation Block Grant (STBG) program.				
B. Funds from a stable and reliable source, as required in Public Law 96-184, as amended, are to be provided to Metro from payments authorized and allocated in this program and pursuant to §§ 58.1-1720 and 58.1-2295, Code of Virginia. Notwithstanding any other provision of law, funds allocated to Metro under this program may be disbursed by the Department of Rail and Public Transportation directly to Metro or to any other transportation entity that has an agreement to provide funding to Metro as deemed appropriate by the Department. In appointing the Virginia members of the board of directors of the Washington Metropolitan Area Transit Authority (WMATA), the Northern Virginia Transportation Commission shall include the Secretary of Transportation or his designee as a principal member on the WMATA board of directors.				
C. All Commonwealth Mass Transit Funds appropriated for Financial Assistance for Public Transportation shall be used only for public transportation purposes as defined by the Federal Transit Administration or outlined in § 58.1-638 A.4. or in § 33.2-156.1, Code of Virginia.				
D. It is the intent of the General Assembly that no transit operating assistance funding, as provided in A.1.a. of this item, be used to support any new transit system or route at a level higher than such project would be eligible for under the allocation formula set out in § 33.2-1526.1 C. 1., Code of Virginia, beyond the first two years of its operation.				
E. The Director, Department of Planning and Budget, is hereby authorized, upon request by the Secretary of Transportation, to transfer an amount not to exceed \$6,214,575 in the first year and \$6,214,575 in the second year from the amounts appropriated in Item 450 of this act to the Department of Rail and Public Transportation. Such transfers shall be considered loans, and are intended to hold harmless transit agencies that operate in the Commonwealth that receive urbanized transit funds pursuant to 49 U.S.C 5307 whose funds have been withheld by

<p>the Federal Transit Administration until the certification of the Metro Safety Commission by the Federal Transit Administration. The Department may disburse, subject to appropriate repayment terms, such funds to affected transit agencies in an amount not to exceed the funds withheld by the Federal Transit Administration. To the extent repayment is not made as required by the agreement between the Department and an affected transit agency, the Department is directed to withhold the payment amount due from funds provided to such transit agency pursuant to §58.1-638 A. 4. b. 1. of the Code of Virginia in order to return such amounts to the Department of Transportation. However, no funds from such loan shall be disbursed to any transit agency until such agency has expended all funds available for their use from federal fiscal year 2016. The specific terms and structure of any loan shall be approved by the Secretary of Transportation, upon consultation with the Chairmen of the House Appropriations and Senate Finance Committees, or their designees.</p> <p>F.1. The Department of Rail and Public Transportation, in conjunction with the Department of Treasury and the Department of General Services shall investigate options to develop a program for the financing of statewide transit capital needs using the Master Equipment Leasing Program currently operated through the Department of the Treasury as a model to facilitate group purchases of mass transit equipment. The goal of the program would be twofold: (i) to achieve cost savings through bulk purchases and (ii) to establish a revolving fund to meet transit capital replacement needs that does not rely on the use of longer-term debt for items with a limited life cycle.</p> <p>2. As part of this effort, the department shall convene a work group that includes representatives from the Northern Virginia, Rappahannock and Potomac, and Hampton Roads Transportation District Commissions, at least one transit property that is not a member of a Transportation District Commission, the Virginia Municipal League and the Virginia Association of Counties. The work group shall utilize the Report of the Transit Capital Revenue Advisory Board findings relating to state of good repair needs to develop and estimate of the amount of transit capital funding needed annually and shall also identify potential sources within the Transportation Trust Fund that could be used to provide lease payments for the program.</p> <p>3. The Director of the Department of Rail and Public Transportation shall submit a report on the proposed program, including legal requirements, terms, rates and operational structure to the Governor, the Chairman of the House Appropriations Committee and the Senate Finance Committee by November 1, 2018.</p> <p><i>G. The Commonwealth Transportation Board may allocate supplemental operating funds in fiscal year 2020 to any transit provider that receives funds to support operating costs pursuant to § 33.2-1526.1 C. 1., and that is negatively impacted by a loss of operating funds as a direct result of the performance-based allocation process set forth in Chapter 854 of the Acts of Assembly of 2018. The maximum amount of supplemental operating funds available pursuant to this authorization shall not exceed \$3,000,000 from the nongeneral fund amounts available to the department.</i></p>

Because of the overwhelming need for the delivery of services provided by the investment in a balanced transportation system in the Commonwealth, and in an effort to deliver intercity passenger trains utilizing the Commonwealth's investments and to increase passenger train frequencies to Norfolk and Roanoke, notwithstanding the provisions of § 33.2-1601 and § 33.2-1603, Code of Virginia, the Commonwealth Transportation Board may only make further investments in intercity passenger rail capacity to serve new markets in North Carolina, provided the Six-Year Improvement Plan adopted pursuant to § 33.2-214, Code of Virginia includes sufficient funding to complete projects underway to deliver train capacity improvements and provides the funding for service for additional passenger rail frequency to Norfolk and an extension of passenger rail to Roanoke. Any Rail Enhancement Funds utilized for the purposes of the service delivery outlined in this paragraph shall be administered according to the guidelines governing the use of Intercity Passenger Rail Operating and Capital Funds.</p>

A. 1. Out of this appropriation, up to \$500,000 in the first year and up to \$500,000 in the second year from the general fund shall be provided to address the costs associated with support of a grant program to create employment opportunities for veterans by assisting Virginia employers in hiring and retaining veterans. The Department of Veterans Services shall develop program guidelines to ensure that the funding mechanism effectively attracts maximum participation of firms to increase the number of veterans hired.

2. Such funds shall be used to provide grants beginning July 1, 2015, to any business located in Virginia with 300 or fewer employees which has hired a veteran on or after July 1, 2014, with the following additional requirements: (a) each such veteran shall have been hired within five years of the date of his or her discharge from active military service and (b) each such veteran shall have been continuously employed by the business in a full-time job for at least one year. The grant shall equal \$1,000 per qualifying business for each veteran who has been hired, and who qualifies under the provisions of this item, up to a maximum grant of \$10,000 per business in the fiscal year.

3. Grants shall be issued in the order that each completed eligible application is received. In the event that the amount of eligible grants requested in a fiscal year exceeds the funds available in the Fund, such grants shall be paid in the next fiscal year in which funds are available.

4. The Department shall report no later than October 1 of each fiscal year after the program is implemented on the demand for the program, and any shortage of funding resulting from requests in excess of the available appropriation.

B. Any general fund appropriation for the Virginia Veteran and Family Support Services service area which remains unexpended at the end of the first year shall be reappropriated and allotted for expenditure for the second year.

C.1. Notwithstanding § 23.1-608, Code of Virginia, the department shall provide the State Council of Higher Education in Virginia the information these schools need to administer the Virginia Military Survivors and Dependent Education Program. The department shall retain the responsibility to certify the eligibility of those who apply for financial aid under this program.

2. No surviving spouse or child may receive the education benefits provided by § 23.1-608, Code of Virginia, and funded by this or similar state appropriations, for more than four years or its equivalent.

D. For the Virginia Values Veterans Program, the Department is hereby directed to measure (i) the program's specific effect on employers' knowledge of how to appropriately recruit and retain veterans as civilian sector employees, (ii) the program's specific effect on employers' decisions to hire more veterans than if employers did not participate in the program, and (iii) the time and effort required by employers to participate in the program. The Department shall also develop a plan to improve the effect of the Virginia Values Veterans Program on employer knowledge and hiring decisions, and reduce the time and effort required of participating employers. The plan should evaluate whether improvements should be made to the program, or whether program resources could be more effectively used by other programs to help veterans. If it is determined that program improvements should be made, the plan shall define those specific changes to the program, as well as the roles, responsibilities, and costs to both Department staff and contractors in implementing any such recommended changes. The Department shall provide its assessment and recommended plan to the Chairmen of the House Appropriations and Senate Finance Committees no later than November 1, 2018.

The standards upon which the public institutions of higher education are deemed certified to receive the payment of interest earnings from the tuition and fees and other nongeneral fund Educational and General revenues shall be based upon the standards provided in § 4-9.01 of this act, as approved by the General Assembly.

B. The estimated interest earnings and other revenues shall be distributed to those specific public institutions of higher education that have been certified by the State Council of Higher Education for Virginia as having met the standards provided in § 4-9.01 of this act, based on the distribution methodology developed pursuant to Chapter 933, Enactment 2, Acts of Assembly of 2005 and reported to the Chairmen of the House Appropriations Committee and Senate Finance Committee.

C. In accordance with § 2.2-5004 and 5005, Code of Virginia, this Item provides ~~\$3,371,977~~ \$4,573,395 the first year and ~~\$3,371,977~~ \$4,573,395 the second year from the general fund, and ~~\$1,948,117~~ \$3,525,816 from nongeneral funds in the first year and ~~\$1,948,117~~ \$3,525,816 from nongeneral funds in the second year for the estimated total payment to individual institutions of higher education of the interest earned on tuition and fees and other nongeneral fund Education and General Revenues deposited to the state treasury. By October 15, or as soon thereafter as deemed appropriate, following the year of certification, the Comptroller shall reimburse each institution its estimated pro rata share.

Once actual financial data from the year of certification are available, the State Comptroller and the Director, Department of Planning and Budget, shall compare the actual data with estimates used to determine the distribution of the interest earnings, nongeneral fund Educational and General revenues, and the pro rata amounts to the certified institutions of higher education. In those cases where variances exist, the Governor shall include in his next introduced budget bill recommended appropriations to make whatever adjustments to each institution's distributed amount to ensure that each institution's incentive payments are accurate based on actual financial data.
