Community Corrections Alternative Program.

§ 19.2-316.4. Eligibility for participation in community corrections alternative program; evaluation; sentencing; withdrawal or removal from program; payment of costs.

A. As used in this article, unless the context requires a different meaning:

"Intractable behavior" means behavior that, in the determination of the Department of Corrections, (i) indicates an inmate's unwillingness or inability to conform his behavior to that necessary to his successful completion of the program or (ii) is so disruptive as to threaten the successful completion of the program by other participants.

"Nonviolent felony" means any felony except those considered an "act of violence" pursuant to § 19.2-297.1 or any attempt to commit any of those crimes.

B. A defendant (i) who otherwise would have been sentenced to incarceration for a nonviolent felony and whose identified risks and needs the court determines cannot be addressed by conventional probation supervision or (ii) whose suspension of sentence would otherwise be revoked after a finding that the defendant has violated the terms and conditions of probation for a nonviolent felony, may be considered for commitment to a community corrections alternative program established under § 53.1-67.9 as follows:

1. Following conviction and prior to imposition of sentence or following a finding that the defendant's probation should be revoked, upon motion of the defendant or the attorney for the Commonwealth or upon the court's own motion, the court may order such defendant referred to the Department of Corrections for a period not to exceed 45 days from the date of commitment for evaluation and diagnosis by the Department to determine eligibility and suitability for participation in the community corrections alternative program. The evaluation and diagnosis may be conducted by the Department at any state or local correctional facility, probation, parole office, or other location deemed appropriate by the Department. When a defendant who has not been charged with a new criminal offense and who may be subject to a revocation of probation scores incarceration on the probation violation guidelines and agrees to participate, the probation and parole officer, with the approval of the court, may refer the defendant to the Department for such evaluation, for a period not to exceed 45 days.

2. Upon determination that (i) such commitment is in the best interest of the Commonwealth and the defendant and (ii) facilities are available for the confinement of the defendant, the Department shall recommend to the court in writing that the defendant be committed to the community corrections alternative program. The Department shall have the final authority to determine an individual's eligibility and suitability for the program.

3. Upon receipt of such a recommendation and a determination by the court that the defendant will benefit from the community corrections alternative program and is capable of returning to society as a productive citizen following successful completion of the program, and if the defendant would otherwise be committed to the Department, the court (i) shall impose sentence, suspend the sentence, and place the defendant on probation pursuant to this section or (ii) following a finding that the defendant has violated the terms and conditions of his probation previously ordered, shall place the defendant on probation pursuant to this section. Such probation shall be conditioned upon the defendant's entry into and successful completion of the community corrections alternative program. The court shall order that, upon successful completion of the program, the defendant shall be released from confinement and be under probation supervision for a period of not less than one year. The court shall further order that the defendant, prior to release from confinement, shall (a) make reasonable efforts to secure and maintain employment; (b) comply with a plan of restitution or community service; (c) comply with a plan for payment of fines, if any, and costs of court; and (d) undergo substance abuse treatment, if necessary. The court may impose such other terms and conditions of probation as it deems appropriate to be effective on the defendant's successful completion of the community corrections alternative program. A sentence to the community corrections alternative program shall not be imposed in addition to an active sentence to a state correctional facility.

4. Upon the defendant's (i) voluntary withdrawal from the community corrections alternative program, (ii) removal from the program by the Department for intractable behavior, or (iii) failure to comply with the terms and conditions of probation, the court shall cause the defendant to show cause why his probation and suspension of sentence should not be revoked. Upon a finding that the defendant voluntarily withdrew from the program, was removed from the program by the Department for intractable behavior, or failed to comply with the terms and conditions of probation, the court may revoke all or part of the probation and suspended sentence and commit the defendant as otherwise provided in this chapter.

C. Any offender incarcerated for a nonviolent felony paroled under § 53.1-155 or mandatorily released under § 53.1-159 and for whom probable cause that a violation of parole or of the terms and conditions of mandatory release, other than the occurrence of a new felony or Class 1 or Class 2 misdemeanor, has been determined under § 53.1-165, may be considered by the Parole Board for commitment to a community corrections alternative program as established under § 53.1-67.9 as follows:

1. The Parole Board or its authorized hearing officer, with the violator's consent or upon receipt of a defendant's written voluntary agreement to participate form from the probation and parole officer, may order the violator to be evaluated and diagnosed by the Department of Corrections to determine suitability for participation in the community corrections alternative program. The evaluation and diagnosis may be conducted by the Department at any state or local correctional facility, probation or parole office, or other location deemed appropriate by the Department.

2. Upon determination that (i) such commitment is in the best interest of the Commonwealth and the violator and (ii) facilities are available for the confinement of the violator, the Department shall recommend to the Parole Board in writing that the violator be committed to the community corrections alternative program. The Department shall have the final authority to determine an individual's eligibility and suitability for the program.

3. Upon receipt of such a recommendation and a determination by the Parole Board that the violator will benefit from the program and is capable of returning to society as a productive citizen following successful completion of the program and if the violator would otherwise be committed to the Department, the Parole Board shall restore the violator to parole supervision conditioned upon entry into and successful completion of the community corrections alternative program. The Parole Board shall order that, upon successful completion of the program, the violator shall be placed under parole supervision for a period of not less than one year. The Parole Board may impose such other terms and conditions of parole or mandatory release as it deems appropriate to be effective on the defendant's successful completion of the community corrections alternative program. The time spent in the program shall not be counted as service of any part of a term of imprisonment for which he was sentenced upon his conviction.

4. Upon the violator's (i) voluntary withdrawal from the program, (ii) removal from the program by the Department for intractable behavior, or (iii) failure to comply with the terms and conditions of parole or mandatory release, the Parole Board may revoke parole or mandatory release and recommit the violator as provided in § 53.1-165.

D. A person sentenced pursuant to this article who receives payment for employment while in the community corrections alternative program shall be required to pay an amount to be determined by the Department of Corrections to defray the cost of his keep.

§ 46.2-357. Operation of motor vehicle or self-propelled machinery or equipment by habitual offender prohibited; penalty; enforcement of section.

A. It shall be unlawful for any person determined or adjudicated an habitual offender to drive any motor vehicle or self-propelled machinery or equipment on the highways of the Commonwealth while the revocation of the person's driving privilege remains in effect. However, the revocation determination shall not prohibit the person from operating any farm tractor on the highways when it is necessary to move the tractor from one tract of land used for agricultural purposes to another tract of land used for agricultural purposes, provided that the distance between the said tracts of land is no more than five miles.

B. Except as provided in subsection D, any person found to be an habitual offender under this article, who is thereafter convicted of driving a motor vehicle or self-propelled machinery or equipment in the Commonwealth while the revocation determination is in effect, shall be punished as follows:

1. If such driving does not of itself endanger the life, limb, or property of another, such person shall be guilty of a Class 1 misdemeanor punishable by a mandatory minimum term of confinement in jail of 10 days except in cases wherein such operation is necessitated in situations of apparent extreme emergency that require such operation to save life or limb, the sentence, or any part thereof, may be suspended.

2. If such driving of itself endangers the life, limb, or property of another or takes place while such person is in violation of §§ 18.2-36.1, 18.2-51.4, 18.2-266 or § 46.2-341.24, irrespective of whether the driving of itself endangers the life, limb or property of another and the person has been previously convicted of a violation of §§ 18.2-36.1, 18.2-51.4, 18.2-266 or § 46.2-341.24, such person shall be guilty of a felony punishable by confinement in a state correctional facility for not less than one year nor more than five years, one year of which shall be a mandatory minimum term of confinement or, in the discretion of the jury or the court trying the case without a jury, by mandatory minimum confinement in jail for a period of 12 months. However, in cases wherein such operation is necessitated in situations of apparent extreme emergency that require such operation to save life or limb, the sentence, or any part thereof, may be suspended. For the purposes of this section, an offense in violation of a valid local ordinance, or law of any other jurisdiction, which ordinance or law is substantially similar to any provision of law herein shall be considered an offense in violation of such provision of law.

3. If the offense of driving while a determination as an habitual offender is in effect is a second or subsequent such offense, such person shall be punished as provided in subdivision 2 of this subsection, irrespective of whether the offense, of itself, endangers the life, limb, or property of another.

C. For the purpose of enforcing this section, in any case in which the accused is charged with driving a motor vehicle or self-propelled machinery or equipment while his license, permit, or privilege to drive is suspended or revoked or is charged with driving without a license, the court before hearing the charge shall determine whether the person has been determined an habitual offender and, by reason of this determination, is barred from driving a motor vehicle or self-propelled machinery or equipment on the highways in the Commonwealth. If the court determines the accused has been determined to be an habitual offender and finds there is probable cause that the alleged offense under this section is a felony, it shall certify the case to the circuit court of its jurisdiction for trial.

D. Notwithstanding the provisions of subdivisions 2 and 3 of subsection B, following conviction and prior to imposition of sentence with the consent of the defendant, the court may order the defendant to be evaluated for and to participate in the ~~Boot Camp Incarceration Program pursuant to § 19.2-316.1, or the Detention Center Incarceration Program pursuant to § 19.2-316.2, or the Diversion Center Incarceration Program pursuant to § 19.2-316.3~~ community corrections alternative program pursuant to § 19.2-316.4.

§ 46.2-391. Revocation of license for multiple convictions of driving while intoxicated; exception; petition for restoration of privilege.

A. The Commissioner shall forthwith revoke and not thereafter reissue for three years the driver's license of any person on receiving a record of the conviction of any person who (i) is adjudged to be a second offender in violation of the provisions of subsection A of § 46.2-341.24 (driving a commercial motor vehicle under the influence of drugs or intoxicants), or § 18.2-266 (driving under the influence of drugs or intoxicants), if the subsequent violation occurred within 10 years of the prior violation, or (ii) is convicted of any two or more offenses of § 18.2-272 (driving while the driver's license has been forfeited for a conviction under § 18.2-266) if the second or subsequent violation occurred within 10 years of the prior offense. However, if the Commissioner has received a copy of a court order authorizing issuance of a restricted license as provided in subsection E of § 18.2-271.1, he shall proceed as provided in the order of the court. For the purposes of this subsection, an offense in violation of a valid local ordinance, or law of any other jurisdiction, which ordinance or law is substantially similar to any provision of Virginia law herein shall be considered an offense in violation of such provision of Virginia law. Additionally, in no event shall the Commissioner reinstate the driver's license of any person convicted of a violation of § 18.2-266, or of a substantially similar valid local ordinance or law of another jurisdiction, until receipt of notification that such person has successfully completed an alcohol safety action program if such person was required by court order to do so unless the requirement for completion of the program has been waived by the court for good cause shown. A conviction includes a finding of not innocent in the case of a juvenile.

B. The Commissioner shall forthwith revoke and not thereafter reissue the driver's license of any person after receiving a record of the conviction of any person (i) convicted of a violation of § 18.2-36.1 or 18.2-51.4 or a felony violation of § 18.2-266 or (ii) convicted of three offenses arising out of separate incidents or occurrences within a period of 10 years in violation of the provisions of subsection A of § 46.2-341.24 or 18.2-266, or a substantially similar ordinance or law of any other jurisdiction, or any combination of three such offenses. A conviction includes a finding of not innocent in the case of a juvenile.

C. Any person who has had his driver's license revoked in accordance with subsection B of this section may petition the circuit court of his residence, or, if a nonresident of Virginia, any circuit court:

1. For restoration of his privilege to drive a motor vehicle in the Commonwealth after the expiration of five years from the date of his last conviction. On such petition, and for good cause shown, the court may, in its discretion, restore to the person the privilege to drive a motor vehicle in the Commonwealth on condition that such person install an ignition interlock system in accordance with § 18.2-270.1 on all motor vehicles, as defined in § 46.2-100, owned by or registered to him, in whole or in part, for a period of at least six months, and upon whatever other conditions the court may prescribe, subject to the provisions of law relating to issuance of driver's licenses, if the court is satisfied from the evidence presented that: (i) at the time of his previous convictions, the petitioner was addicted to or psychologically dependent on the use of

alcohol or other drugs; (ii) at the time of the hearing on the petition, he is no longer addicted to or psychologically dependent on the use of alcohol or other drugs; and (iii) the defendant does not constitute a threat to the safety and welfare of himself or others with regard to the driving of a motor vehicle. However, prior to acting on the petition, the court shall order that an evaluation of the person, to include an assessment of his degree of alcohol abuse and the appropriate treatment therefor, if any, be conducted by a Virginia Alcohol Safety Action Program and recommendations therefrom be submitted to the court, and the court shall give the recommendations such weight as the court deems appropriate. The court may, in lieu of restoring the person's privilege to drive, authorize the issuance of a restricted license for a period not to exceed five years in accordance with the provisions of § 18.2-270.1 and subsection E of § 18.2-271.1. The court shall notify the Virginia Alcohol Safety Action Program which shall during the term of the restricted license monitor the person's compliance with the terms of the restrictions imposed by the court. Any violation of the restrictions shall be reported to the court, and the court may then modify the restrictions or revoke the license.

2. For a restricted license to authorize such person to drive a motor vehicle in the Commonwealth in the course of his employment and to drive a motor vehicle to and from his home to the place of his employment after the expiration of three years from the date of his last conviction. The court may order that a restricted license for such purposes be issued in accordance with the procedures of subsection E of § 18.2-271.1, if the court is satisfied from the evidence presented that (i) at the time of the previous convictions, the petitioner was addicted to or psychologically dependent on the use of alcohol or other drugs; (ii) at the time of the hearing on the petition, he is no longer addicted to or psychologically dependent on the use of alcohol or such other drugs; and (iii) the defendant does not constitute a threat to the safety and welfare of himself and others with regard to the driving of a motor vehicle. The court shall prohibit the person to whom a restricted license is issued from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system during all or any part of the term for which the restricted license is issued, in accordance with the provisions set forth in § 18.2-270.1. However, prior to acting on the petition, the court shall order that an evaluation of the person, to include an assessment of his degree of alcohol abuse and the appropriate treatment therefor, if any, be conducted by a Virginia Alcohol Safety Action Program and recommendations therefrom be submitted to the court, and the court shall give the recommendations such weight as the court deems appropriate. The Virginia Alcohol Safety Action Program shall during the term of the restricted license monitor the person's compliance with the terms of the restrictions imposed by the court. Any violation of the restrictions shall be reported to the court, and the court may then modify the restrictions or revoke the license.

The ignition interlock system installation requirement under subdivisions 1 and 2 of this subsection need only be satisfied once as to any single revocation under subsection B of this section for any person seeking restoration under subdivision 1 following the granting of a restricted license under subdivision 1 or 2.

D. Any person convicted of driving a motor vehicle or any self-propelled machinery or equipment (i) while his license is revoked pursuant to subsection A or B or (ii) in violation of the terms of a restricted license issued pursuant to subsection C shall, provided such revocation was based on at least one conviction for an offense committed after July 1, 1999, be punished as follows:

1. If such driving does not of itself endanger the life, limb, or property of another, such person shall be guilty of a Class 1 misdemeanor punishable by a mandatory minimum term of confinement in jail of 10 days except in cases wherein such operation is necessitated in situations of apparent extreme emergency that require such operation to save life or limb, the sentence, or any part thereof, may be suspended.

2. a. If such driving (i) of itself endangers the life, limb, or property of another or (ii) takes place while such person is in violation of §§ 18.2-36.1, 18.2-51.4, 18.2-266, subsection A of § 46.2-341.24, or a substantially similar law or ordinance of another jurisdiction, irrespective of whether the driving of itself endangers the life, limb or property of another and the person has been previously convicted of a violation of §§ 18.2-36.1, 18.2-51.4, 18.2-266, subsection A of § 46.2-341.24, or a substantially similar local ordinance, or law of another jurisdiction, such person shall be guilty of a felony punishable by confinement in a state correctional facility for not less than one year nor more than five years, one year of which shall be a mandatory minimum term of confinement or, in the discretion of the jury or the court trying the case without a jury, by mandatory minimum confinement in jail for a period of 12 months and no portion of such sentence shall be suspended or run concurrently with any other sentence.

b. However, in cases wherein such operation is necessitated in situations of apparent extreme emergency that require such operation to save life or limb, the sentence, or any part thereof, may be suspended.

3. If any such offense of driving is a second or subsequent violation, such person shall be punished as provided in subdivision 2 of this subsection, irrespective of whether the offense, of itself, endangers the life, limb, or property of another.

E. Notwithstanding the provisions of subdivisions 2 and 3 of subsection D, following conviction and prior to imposition of sentence with the consent of the defendant, the court may order the defendant to be evaluated for and to participate in the ~~Boot Camp Incarceration Program pursuant to § 19.2-316.1, or the Detention Center Incarceration Program pursuant to § 19.2-316.2, or the Diversion Center Incarceration Program pursuant to § 19.2-316.3~~ community corrections alternative program pursuant to § 19.2-316.4.

F. Any period of driver's license revocation imposed pursuant to this section shall not begin to expire until the person convicted has surrendered his license to the court or to the Department of Motor Vehicles.

G. Nothing in this section shall prohibit a person from operating any farm tractor on the highways when it is necessary to move the tractor from one tract of land used for agricultural purposes to another such tract of land when the distance between the tracts is no more than five miles.

H. Any person who operates a motor vehicle or any self-propelled machinery or equipment (i) while his license is revoked pursuant to subsection A or B, or (ii) in violation of the terms of a restricted license issued pursuant to subsection C, where the provisions of subsection D do not apply, shall be guilty of a violation of § 18.2-272.

An individual shall be disqualified for benefits upon separation from the last employing unit for whom he has worked 30 days or 240 hours or from any subsequent employing unit:

1. (Effective until January 1, 2021) For any week benefits are claimed until he has performed services for an employer (i) during 30 days, whether or not such days are consecutive, or (ii) for 240 hours, and subsequently becomes totally or partially separated from such employment, if the Commission finds such individual is unemployed because he left work voluntarily without good cause.

If (a) at the time of commencing employment with such employing unit an individual is enrolled in an accredited academic program of study provided by an institution of higher education for students that have been awarded a baccalaureate degree, which academic program culminates in the awarding of a master's, doctoral, or professional degree; (b) the individual's employment with such employing unit commenced and ended during the period between spring and fall semesters of the academic program in which the individual is enrolled; and (c) the individual returned to such academic program following his separation from such employing unit, there shall be a rebuttable presumption that the individual left work voluntarily.

An individual shall not be deemed to have voluntarily left work solely because the separation was in accordance with a seniority-based policy.

1. (Effective January 1, 2021) For any week benefits are claimed until he has performed services for an employer (i) during 30 days, whether or not such days are consecutive, or (ii) for 240 hours, and subsequently becomes totally or partially separated from such employment, if the Commission finds such individual is unemployed because he left work voluntarily without good cause.

If (a) at the time of commencing employment with such employing unit an individual is enrolled in an accredited academic program of study provided by an institution of higher education for students that have been awarded a baccalaureate degree, which academic program culminates in the awarding of a master's, doctoral, or professional degree; (b) the individual's employment with such employing unit commenced and ended during the period between spring and fall semesters of the academic program in which the individual is enrolled; and (c) the individual returned to such academic program following his separation from such employing unit, there shall be a rebuttable presumption that the individual left work voluntarily.

As used in this chapter, "good cause" shall not include (1) voluntarily leaving work with an employer to become self-employed or (2) voluntarily leaving work with an employer to accompany or to join his or her spouse in a new locality. An individual shall not be deemed to have voluntarily left work solely because the separation was in accordance with a seniority-based policy.

2. a. For any week benefits are claimed until he has performed services for an employer (i) during 30 days, whether or not such days are consecutive, or (ii) for 240 hours, and subsequently becomes totally or partially separated from such employment, if the Commission finds such individual is unemployed because he has been discharged for misconduct connected with his work.

b. For the purpose of this subdivision, "misconduct" includes, but shall not be limited to:

(1) An employee's confirmed positive test for a nonprescribed controlled substance, identified as such in Chapter 34 (§ 54.1-3400 et seq.) of Title 54.1, where such test was conducted at the direction of his employer in conjunction with the employer's administration and enforcement of a known workplace drug policy. Such test shall have been performed, and a sample collected, in accordance with scientifically recognized standards by a laboratory accredited by the United States Department of Health and Human Services, or the College of American Pathology, or the American Association for Clinical Chemistry, or the equivalent, or shall have been a United States Department of Transportation-qualified drug screen conducted in accordance with the employer's bona fide drug policy. The Commission may consider evidence of mitigating circumstances in determining whether misconduct occurred.

(2) An employee's intentionally false or misleading statement of a material nature concerning past criminal convictions made in a written job application furnished to the employer, where such statement was a basis for the termination and the employer terminated the employee promptly upon the discovery thereof. The Commission may consider evidence of mitigating circumstances in determining whether misconduct occurred.

(3) A willful and deliberate violation of a standard or regulation of the Commonwealth, by an employee of an employer licensed or certified by the Commonwealth, which violation would cause the employer to be sanctioned or have its license or certification suspended by the Commonwealth. The Commission may consider evidence of mitigating circumstances in determining whether misconduct occurred.

(4) Chronic absenteeism or tardiness in deliberate violation of a known policy of the employer or one or more unapproved absences following a written reprimand or warning relating to more than one unapproved absence. The Commission may consider evidence of mitigating circumstances in determining whether misconduct occurred.

(5) An employee's loss of or failure to renew a license or certification that is a requisite of the position held by the employee, provided the employer is not at fault for the employee's loss of or failure to renew the license or certification. The Commission may consider evidence of mitigating circumstances in determining whether misconduct occurred.

3. a. If it is determined by the Commission that such individual has failed, without good cause, either to apply for available, suitable work when so directed by the employment office or the Commission or to accept suitable work when offered him. The disqualification shall commence with the week in which such failure occurred, and shall continue for the period of unemployment next ensuing until he has performed services for an employer (i) during 30 days, whether or not such days are consecutive, or (ii) for 240 hours, and subsequently becomes totally or partially separated from such employment.

b. In determining whether or not any work is suitable for an individual, the Commission shall consider the degree of risk involved to his health, safety and morals, his physical fitness and prior training, his experience, his length of unemployment and the accessibility of the available work from his residence.

c. No work shall be deemed suitable and benefits shall not be denied under this title to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(1) If the position offered is vacant due directly to a strike, lockout, or other labor dispute;

(2) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality; or

(3) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

d. No individual shall be qualified for benefits during any week that such individual, in connection with an offer of suitable work, has a confirmed positive test for a nonprescribed controlled substance, identified as such in Chapter 34 (§ 54.1-3400 et seq.) of Title 54.1, if the test is required as a condition of employment and (i) performed, and a sample is collected, in accordance with scientifically recognized standards by a laboratory accredited by the United States Department of Health and Human Services, or the College of American Pathology, or the American Association for Clinical Chemistry, or the equivalent, or (ii) a United States Department of Transportation-qualified drug screen conducted in accordance with the employer's bona fide drug policy. The disqualification shall commence with the week in which such a test was conducted, and shall continue for the period of unemployment next ensuing until he has performed services for an employer (i) during 30 days, whether or not such days are consecutive, or (ii) for 240 hours, and subsequently becomes totally or partially separated from such employment.

4. For 52 weeks, beginning with the date of the determination or decision, if the Commission finds that such individual, within 36 calendar months immediately preceding such determination or decision, has made a false statement or representation knowing it to be false, or has knowingly failed to disclose a material fact, to obtain or increase any benefit or payment under this title, the unemployment compensation of any other state, or any other program of the federal government which is administered in any way under this title, either for himself or any other person. Overpayments that have been fraudulently obtained and any penalty assessed against the individual pursuant to § 60.2-636 shall be recoverable as provided in § 60.2-633.

5. If such separation arose as a result of an unlawful act which resulted in a conviction and after his release from prison or jail until he has performed services for an employer for (i) 30 days, whether or not such days are consecutive, or (ii) 240 hours, and subsequently becomes totally or partially separated from such employment.

6. If such separation arose as a condition of the individual's parole or release from a custodial or penal institution and such individual was participating in the ~~Diversion Center Incarceration Program pursuant to § 19.2-316.3~~ *community corrections alternative program pursuant to § 19.2-316.4*.

2. That Articles 3 (§ 19.2-316.1), 4 (§ 19.2-316.2), and 5 (§ 19.2-316.3) of Chapter 18 of Title 19.2 and Articles 5 (§ 53.1-67.1), 7 (§ 53.1-67.7), and 8 (§ 53.1-67.8) of Chapter 2 of Title 53.1 of the Code of Virginia are repealed.

CHAPTER 619

An Act to amend the Code of Virginia by adding a section numbered 56-585.1:8, relating to a pilot program for the provision of broadband capacity to unserved areas of the Commonwealth by certain electric utilities.

[H 2691]

Approved March 19, 2019

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 56-585.1:8 as follows:

§ 56-585.1:8. Pilot program for broadband capacity to unserved areas of the Commonwealth.

A. The Commission shall establish pilot programs under which each Phase I Utility and each Phase II Utility, as such terms are defined in subdivision A 1 of § 56-585.1, may submit one or more petitions to provide or make available broadband capacity to nongovernmental Internet service providers in areas of the Commonwealth unserved by broadband.

Any such petitions that a Phase I Utility submits shall not exceed \$60 million in costs annually. Any such petitions that a Phase II Utility submits shall not exceed \$60 million in costs annually. The provision of such broadband capacity to nongovernmental Internet service providers in areas of the Commonwealth unserved by broadband pursuant to this section is in the public interest.

B. The incremental costs of providing broadband capacity pursuant to any such pilot program, net of revenue generated therefrom, shall be eligible for recovery from customers as an electric grid transformation project pursuant to clause (vi) of subdivision A 6 of § 56-585.1 filed on or after July 1, 2020.

C. Notwithstanding the provisions of § 13.1-620 or the articles of incorporation of an investor-owned utility, an investor-owned utility may, either directly or through an affiliate or subsidiary, pursuant to a pilot program that the Commissioner approves pursuant to this section, (i) own, manage, or control any broadband capacity equipment and electronics, including any plant, works, system, lines, facilities, or properties, or any part or parts thereof, together with all appurtenances thereto, used or useful in connection with the provision and extension of such broadband services; (ii) lease indefeasible rights of use in such broadband capacity equipment and electronics to nongovernmental Internet service providers in areas of the Commonwealth unserved by broadband pursuant to this section; and (iii) provide access points that are outside the utility's energized zone to allow connection between the utility's broadband capacity system and the nongovernmental Internet service provider's system.

D. Each petition to provide broadband capacity pursuant to this section that an investor-owned utility submits to the Commission shall identify the nongovernmental Internet service provider to which the utility shall lease such capacity, together with the area to be served using such capacity. The Commission shall, after notice and opportunity for hearing, initiate proceedings to review each petition submitted. In determining whether an area is unserved by broadband, the Commission shall take into account the impact of any grants or loans made to provide broadband access to the designated area. The Commission's final order regarding any such petition shall be entered by the Commission not more than six months after the date of the filing of such petition. The Commission shall condition any approval of such petition on the requirement that construction shall commence within three years of such approval. If the utility fails to commence construction within such period, the utility may resubmit the petition for Commission approval.

E. An investor-owned utility shall be responsible to obtain all necessary rights-of-way or other easements or real property rights to permit leasing of broadband capacity to nongovernmental Internet service providers. A nongovernmental Internet service provider shall be responsible to obtain all necessary rights-of-way or other easements or real property rights from utility access point to permit the provision of broadband services to end-user customers.

F. As used in this section:

"Broadband" means Internet access at speeds greater than 10 MBps download speed and one MBps upload speed, provided that the Department of Housing and Community Development for its Virginia Telecommunication Initiative may by guideline modify such speeds from time to time.

"Unserved by broadband" means a designated area in which less than 10 percent of residential and commercial units are capable of receiving broadband service, provided that the Department of Housing and Community Development for its Virginia Telecommunication Initiative may by guideline increase such percentage from time to time.

G. No investor-owned utility nor any affiliate thereof may offer broadband or Internet service provider services to residential or commercial end-user customers in the Commonwealth pursuant to this section. Nothing in this section shall be construed to prevent an investor-owned utility or an affiliate thereof from providing transport of or capacity for broadband or Internet service as a wholesaler or intermediate vendor, provided that an unaffiliated nongovernmental third party is the provider of broadband or Internet services to the end-user customer.

H. The provision and extension of broadband capacity by an incumbent electric utility to an area of the Commonwealth unserved by broadband pursuant to a pilot program that the Commission approves pursuant to this section, including any business activity related to the construction or leasing of broadband capacity facilities, shall be exempt from any rules and regulations that the Commission has promulgated or may promulgate governing functional separation of generation, retail transmission, and distribution of incumbent electric utilities. Investor-owned electric utilities may for the purposes of this section engage in such coordination between and among their various corporate divisions as necessary for the purposes of providing broadband capacity to an area of the Commonwealth unserved by broadband.

I. The pilot program established pursuant to this section shall continue for the three-year period ending three years following the date the Commission approves the first petition to provide broadband capacity pursuant to this section, unless the Commission extends the pilot program or makes the pilot program permanent. At the termination of the pilot program, a utility shall continue to provide broadband capacity pursuant to leases existing as of the date of such termination.

CHAPTER 625

An Act to amend and reenact § 56-585.3 of the Code of Virginia, relating to electric cooperatives; rates.

[S 1346]

Approved March 19, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 56-585.3 of the Code of Virginia is amended and reenacted as follows:

§ 56-585.3. Regulation of cooperative rates after rate caps.

A. After the expiration or termination of capped rates, the rates, terms and conditions of distribution electric cooperatives subject to Article 1 (§ 56-231.15 et seq.) of Chapter 9.1 of this title shall be regulated in accordance with the provisions of Chapters 9.1 (§ 56-231.15 et seq.) and 10 (§ 56-232 et seq.) of this title, as modified by the following provisions:

1. Except for energy related cost (fuel cost), the Commission shall not require any cooperative to adjust, modify, or revise its rates, by means of riders or otherwise, to reflect changes in wholesale power cost which occurred during the capped rate period, other than in a general rate proceeding;

2. Each cooperative may, without Commission approval or the requirement of any filing other than as provided in this subdivision, upon an affirmative resolution of its board of directors, increase or decrease all classes of its rates for distribution services at any time, provided, however, that such adjustments will not effect a cumulative net increase or decrease in excess of ~~five~~ *five* percent in such rates in any ~~three year~~ *three-year* period. Such adjustments will not affect or be limited by any existing fuel or wholesale power cost adjustment provisions. The cooperative will promptly file any such revised rates with the Commission for informational purposes;

3. Each cooperative may, without Commission approval, upon an affirmative resolution of its board of directors, make any adjustment to its terms and conditions that does not affect the cooperative's revenues from the distribution or supply of electric energy. In addition, a cooperative may make such adjustments to any pass-through of third-party service charges and fees, and to any fees, charges and deposits set out in Schedule F of such cooperative's Terms and Conditions filed as of January 1, 2007. The cooperative will promptly file any such amended terms and conditions with the Commission for informational purposes;

4. Each cooperative may, without Commission approval or the requirement of any filing other than as provided in this subdivision, upon an affirmative resolution of its board of directors, make any adjustment to its rates reasonably calculated to collect any or all of the fixed costs of owning and operating its electric distribution system, including without limitation, such costs as are identified as customer-related costs in a cost of service study, through a new or modified fixed monthly charge, rather than through volumetric charges associated with the use of electric energy; however, such adjustments shall be revenue neutral based on the cooperative's determination of the proper intra-class allocation of the revenues produced by its then current rates. The cooperative may elect, but is not required, to implement such adjustments through incremental changes over the course of up to three years. The cooperative shall file promptly revised tariffs reflecting any such adjustments with the Commission for informational purposes; ~~and~~

5. A cooperative may, at any time after the expiration or termination of capped rates, petition the Commission for approval of one or more rate adjustment clauses for the timely and current recovery from customers of the costs described in subdivisions A 5 b and e of § 56-585.1;

6. *A cooperative that is not a current member of a utility aggregation cooperative may at any time petition the Commission for approval of one or more rate adjustment clauses for the timely and current recovery of cost from customers of (i) one or more generation facilities, (ii) one or more major unit modifications of generation facilities, or (iii) one or more pumped hydroelectricity generation and storage facilities. A cooperative seeking a rate adjustment clause pursuant to this subdivision shall have the right, after notice and the opportunity for a hearing, to recover the costs of a facility described in clauses (i), (ii), or (iii) in a rate adjustment clause including construction work in progress and allowance for funds during construction, planning, and development costs of infrastructure associated therewith. The costs of the facility other than projected construction work in progress and allowance for funds used during construction shall not be recovered prior to the date that the facility either (a) begins commercial operation or (b) comes under the ownership of the cooperative. For the purposes of this subdivision, the cooperative's cost of capital shall be recoverable in such a rate adjustment clause and shall be set as either the cooperative's long-term cost of debt or most recent rate of return authorized by the Commission in a rate proceeding. In any proceeding conducted pursuant to this subdivision, the Commission shall consider that all costs expended and revenues recovered arising out of the procurement of generation resources pursuant to this subdivision will inure to the benefit of the general membership of the cooperative. Nothing in this subdivision shall relieve a cooperative from any requirement to obtain a certificate of public convenience and necessity for purposes of constructing generation in the Commonwealth. The Commission's final order regarding any petition filed pursuant to this subdivision shall be entered not more than nine months after the date of filing of such petition. If such petition is approved, the order shall direct that the applicable rate adjustment clause be applied to customers' bills not more than 60 days after the date of the order. Any petition filed pursuant to this subdivision shall be considered by the Commission on a stand-alone basis without regard to the other costs, revenues, investments, or earnings of the cooperative. Any costs incurred by a cooperative prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition, shall be deferred on the books and records of the cooperative until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clause, whichever is later; and*

7. *A cooperative may adopt any other cooperative's voluntary rate, voluntary program (including a pilot program), or voluntary tariff, and cost recovery therefor, by submitting the same to the Commission for administrative approval. The staff of the Commission shall have the authority to approve such administrative filing notwithstanding any other provision of law.*

B. None of the adjustments described in subdivisions A 2 through A 5 will apply to the rates paid by any customer that takes service by means of dedicated distribution facilities and had noncoincident peak demand in excess of 90 megawatts in calendar year 2006.

C. Nothing in this section shall be deemed to grant to a cooperative any authority to amend or adjust any terms and conditions of service or agreements regarding pole attachments or the use of the cooperative's poles or conduits.

D. A public adjuster shall not refer or direct an insured needing repairs or other services in connection with a loss to any person in which the public adjuster has an ownership interest nor to any person who will or is reasonably anticipated to provide the public adjuster with any direct or indirect compensation for the referral of any resulting business; however, this subsection shall not be construed to prohibit the execution of a bona fide written repair agreement between an insured and a contractor pursuant to which the contractor undertakes to assume the insured's obligation to compensate a public adjuster pursuant to the terms of a preexisting agreement between the public adjuster and the insured meeting the requirements of this article, including §§ 38.2-1845.13 and 38.2-1845.14.

F. The public adjuster's full consideration for the public adjuster's services shall be stated in the written contract with the insured. If the consideration is based on a share of the insurance proceeds, the exact percentage shall be specified.

G. Any choice of counsel to represent the insured shall be made solely by the insured.

H. A public adjuster may not settle a claim unless the terms and conditions of the settlement are approved by the insured in writing.

N. Public adjusters may not solicit a client for employment from 8:00 p.m. to 8:00 a.m. daily.

O. A public adjuster shall notify, in writing, the insured or claimant in advance of the name and location of any proposed contractor, architect, engineer, or similar professional before any bid or proposal by any of these persons may be used by the public adjuster in estimating the loss. The insured or claimant may exercise veto power of any of these persons, in which case that person shall not be used in estimating costs.

Such rescission shall be in writing and mailed or delivered to the public adjuster at the address shown in the contract. Within 15 business days following receipt of the notice to rescind, the public adjuster shall return to the insured anything of value given by the insured under the contract.

CHAPTER 630

An Act to amend and reenact § 46.2-1217 of the Code of Virginia, relating to police-requested towing; local regulation.

[S 1510]

Approved March 19, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-1217 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-1217. Local governing body may regulate certain towing.

The governing body of any county, city, or town by ordinance may regulate services rendered pursuant to police towing requests by any business engaged in the towing or storage of unattended, abandoned, or immobile vehicles. The ordinance may include delineation of service areas for towing services, the limitation of the number of persons engaged in towing services in any area, including the creation of one or more exclusive service areas, and the specification of equipment to be used for providing towing service. The governing body of any county, city, or town may contract for services rendered pursuant to a police towing request with one or more businesses engaged in the towing or storage of unattended, abandoned, or immobile vehicles. The contract may specify the fees or charges to be paid by the owner or operator of a towed vehicle to the person undertaking its towing or storage and may prescribe the geographical area to be served by each person providing towing services. The county, city, or town may establish criteria for eligibility of persons to enter into towing services contracts and, in its discretion, may itself provide exclusive towing and storage service for police-requested towing of unattended, abandoned, or immobile vehicles. *Nothing herein shall prohibit the Department of State Police from entering into a memorandum of understanding with a county, city, or town to provide for towing services.*

Prior to adopting an ordinance or entering into a contract pursuant to this section, the local governing body shall appoint an advisory board to advise the governing body with regard to the appropriate provisions of the ordinance or terms of the contract. The advisory board shall include representatives of local law-enforcement agencies, towing and recovery operators, and the general public.

"Police-requested towing" or "police towing request," as used in this section, includes all requests made by a law-enforcement officer of the county, city, or town ~~or by a State Police officer within the county, city, or town~~ pursuant to this article or Article 2 (§ 46.2-1209 et seq.) and towing requests made by a law-enforcement officer *of the county, city, or town* at the request of the owner or operator of an unattended, abandoned, or immobile vehicle, when no specific service provider is requested by such owner or operator.

If an unattended, abandoned, or immobile vehicle is located so as to impede the free flow of traffic on a highway declared by resolution of the Commonwealth Transportation Board to be a portion of the interstate highway system and a law-enforcement officer determines, in his discretion, that the business or businesses authorized to undertake the towing or storage of the vehicle pursuant to an ordinance or contract adopted pursuant to this section cannot respond in a timely manner, the law-enforcement officer may request towing or storage service from a towing or storage business other than those authorized by such ordinance or contract.

If an unattended, abandoned, or immobile vehicle is towed as the result of a ~~police towing request~~ (i) *police towing request* or (ii) *towing request made by a law-enforcement officer employed by the Department of State Police*, the owner or person having control of the business or property to which the vehicle is towed shall allow the owner of the vehicle or any other towing and recovery business, upon presentation of a written request therefor from the owner of the vehicle, to have access to the vehicle for the purpose of inspecting or towing the vehicle to another location for the purpose of repair, storage, or disposal. For the purpose of this section, "owner of the vehicle" means a person who ~~(i)~~ (a) has vested ownership, dominion, or title to the vehicle; ~~(ii)~~ (b) is the authorized agent of the owner as defined in clause ~~(i)~~ (a); or ~~(iii)~~ (c) is an employee, agent, or representative of an insurance company representing any party involved in a collision that resulted in a (1) police-requested tow or (2) *towing request made by a law-enforcement officer employed by the Department of State Police* who represents in writing that the insurance company has obtained the oral or written consent of the title owner or his agent or the lessee of the vehicle to obtain possession of the vehicle. It shall be unlawful for any towing and recovery business to refuse to release a vehicle to the owner as defined in this section upon tender of full payment for all lawful charges by cash, insurance company check, certified check, money order, at least one of two commonly used,

nationally recognized credit cards, or additional methods of payment approved by the Commonwealth Transportation Board. Thereafter, if a towing and recovery business refuses to release the vehicle, future charges related to storage or handling of the vehicle by such towing and recovery business shall be suspended and no longer payable.

The vehicle owner who has vested ownership, dominion, or title to the vehicle shall indemnify and hold harmless the towing and recovery operator from any and all liability for releasing the vehicle to any vehicle owner as defined in this section for inspecting or towing the vehicle to another location for the purpose of repair, storage, or disposal.

CHAPTER 631

An Act to amend and reenact § 16.1-241 of the Code of Virginia, relating to the jurisdiction of juvenile and domestic relations district courts; state or federal benefit.

[S 1758]

Approved March 19, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 16.1-241 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-241. Jurisdiction; consent for abortion.

The judges of the juvenile and domestic relations district court elected or appointed under this law shall be conservators of the peace within the corporate limits of the cities and the boundaries of the counties for which they are respectively chosen and within one mile beyond the limits of such cities and counties. Except as hereinafter provided, each juvenile and domestic relations district court shall have, within the limits of the territory for which it is created, exclusive original jurisdiction, and within one mile beyond the limits of said city or county, concurrent jurisdiction with the juvenile court or courts of the adjoining city or county, over all cases, matters and proceedings involving:

A. The custody, visitation, support, control or disposition of a child:

1. Who is alleged to be abused, neglected, in need of services, in need of supervision, a status offender, or delinquent except where the jurisdiction of the juvenile court has been terminated or divested;

2. Who is abandoned by his parent or other custodian or who by reason of the absence or physical or mental incapacity of his parents is without parental care and guardianship;

2a. Who is at risk of being abused or neglected by a parent or custodian who has been adjudicated as having abused or neglected another child in the care of the parent or custodian;

3. Whose custody, visitation or support is a subject of controversy or requires determination. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, except as provided in § 16.1-244;

4. Who is the subject of an entrustment agreement entered into pursuant to § 63.2-903 or 63.2-1817 or whose parent or parents for good cause desire to be relieved of his care and custody;

5. Where the termination of residual parental rights and responsibilities is sought. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, as provided in § 16.1-244;

6. Who is charged with a traffic infraction as defined in § 46.2-100; or

7. Who is alleged to have refused to take a blood test in violation of § 18.2-268.2.

In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection B of § 16.1-269.1, and for any charges ancillary thereto, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was 14 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection C of § 16.1-269.1, and for all charges ancillary thereto, if the attorney for the Commonwealth has given notice as provided in subsection C of § 16.1-269.1, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was 14 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. A determination by the juvenile court following a preliminary hearing pursuant to subsection B or C of § 16.1-269.1 to certify a charge to the grand jury shall divest the juvenile court of jurisdiction over the charge and any ancillary charge. In any case in which a transfer hearing is held pursuant to subsection A of § 16.1-269.1, if the juvenile court determines to transfer the case, jurisdiction of the juvenile court over the case shall be divested as provided in § 16.1-269.6.

In all other cases involving delinquent acts, and in cases in which an ancillary charge remains after a violent juvenile felony charge has been dismissed or a violent juvenile felony has been reduced to a lesser offense not constituting a violent juvenile felony, the jurisdiction of the juvenile court shall not be divested unless there is a transfer pursuant to subsection A of § 16.1-269.1.

The authority of the juvenile court to adjudicate matters involving the custody, visitation, support, control or disposition of a child shall not be limited to the consideration of petitions filed by a mother, father or legal guardian but shall include petitions filed at any time by any party with a legitimate interest therein. A party with a legitimate interest shall be broadly construed and shall include, but not be limited to, grandparents, step-grandparents, stepparents, former stepparents, blood relatives and family members. A party with a legitimate interest shall not include any person (i) whose parental rights have been terminated by court order, either voluntarily or involuntarily, (ii) whose interest in the child derives from or

through a person whose parental rights have been terminated by court order, either voluntarily or involuntarily, including, but not limited to, grandparents, stepparents, former stepparents, blood relatives and family members, if the child subsequently has been legally adopted, except where a final order of adoption is entered pursuant to § 63.2-1241, or (iii) who has been convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, when the child who is the subject of the petition was conceived as a result of such violation. The authority of the juvenile court to consider a petition involving the custody of a child shall not be proscribed or limited where the child has previously been awarded to the custody of a local board of social services.

A1. Making specific findings of fact required by state or federal law to enable a child to apply for or receive a state or federal benefit.

B. The admission of minors for inpatient treatment in a mental health facility in accordance with the provisions of Article 16 (§ 16.1-335 et seq.) and the involuntary admission of a person with mental illness or judicial certification of eligibility for admission to a training center for persons with intellectual disability in accordance with the provisions of Chapter 8 (§ 37.2-800 et seq.) of Title 37.2. Jurisdiction of the involuntary admission and certification of adults shall be concurrent with the general district court.

C. Except as provided in subsections D and H, judicial consent to such activities as may require parental consent may be given for a child who has been separated from his parents, guardian, legal custodian or other person standing in loco parentis and is in the custody of the court when such consent is required by law.

D. Judicial consent for emergency surgical or medical treatment for a child who is neither married nor has ever been married, when the consent of his parent, guardian, legal custodian or other person standing in loco parentis is unobtainable because such parent, guardian, legal custodian or other person standing in loco parentis (i) is not a resident of the Commonwealth, (ii) has his whereabouts unknown, (iii) cannot be consulted with promptness, reasonable under the circumstances, or (iv) fails to give such consent or provide such treatment when requested by the judge to do so.

E. Any person charged with deserting, abandoning or failing to provide support for any person in violation of law.

F. Any parent, guardian, legal custodian or other person standing in loco parentis of a child:

1. Who has been abused or neglected;

2. Who is the subject of an entrustment agreement entered into pursuant to § 63.2-903 or 63.2-1817 or is otherwise before the court pursuant to subdivision A 4; or

3. Who has been adjudicated in need of services, in need of supervision, or delinquent, if the court finds that such person has by overt act or omission induced, caused, encouraged or contributed to the conduct of the child complained of in the petition.

G. Petitions filed by or on behalf of a child or such child's parent, guardian, legal custodian or other person standing in loco parentis for the purpose of obtaining treatment, rehabilitation or other services that are required by law to be provided for that child or such child's parent, guardian, legal custodian or other person standing in loco parentis. Jurisdiction in such cases shall be concurrent with and not exclusive of that of courts having equity jurisdiction as provided in § 16.1-244.

H. Judicial consent to apply for a work permit for a child when such child is separated from his parents, legal guardian or other person standing in loco parentis.

I. The prosecution and punishment of persons charged with ill-treatment, abuse, abandonment or neglect of children or with any violation of law that causes or tends to cause a child to come within the purview of this law, or with any other offense against the person of a child. In prosecution for felonies over which the court has jurisdiction, jurisdiction shall be limited to determining whether or not there is probable cause.

J. All offenses in which one family or household member is charged with an offense in which another family or household member is the victim and all offenses under § 18.2-49.1.

In prosecution for felonies over which the court has jurisdiction, jurisdiction shall be limited to determining whether or not there is probable cause. Any objection based on jurisdiction under this subsection shall be made before a jury is impaneled and sworn in a jury trial or, in a nonjury trial, before the earlier of when the court begins to hear or receive evidence or the first witness is sworn, or it shall be conclusively waived for all purposes. Any such objection shall not affect or be grounds for challenging directly or collaterally the jurisdiction of the court in which the case is tried.

K. Petitions filed by a natural parent, whose parental rights to a child have been voluntarily relinquished pursuant to a court proceeding, to seek a reversal of the court order terminating such parental rights. No such petition shall be accepted, however, after the child has been placed in the home of adoptive parents.

L. Any person who seeks spousal support after having separated from his spouse. A decision under this subdivision shall not be res judicata in any subsequent action for spousal support in a circuit court. A circuit court shall have concurrent original jurisdiction in all causes of action under this subdivision.

N. Any person who escapes or remains away without proper authority from a residential care facility in which he had been placed by the court or as a result of his commitment to the Virginia Department of Juvenile Justice.

O. Petitions for emancipation of a minor pursuant to Article 15 (§ 16.1-331 et seq.).

P. Petitions for enforcement of administrative support orders entered pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2, or by another state in the same manner as if the orders were entered by a juvenile and domestic relations district court upon the filing of a certified copy of such order in the juvenile and domestic relations district court.

Q. Petitions for a determination of parentage pursuant to Chapter 3.1 (§ 20-49.1 et seq.) of Title 20. A circuit court shall have concurrent original jurisdiction to the extent provided for in § 20-49.2.

R. [Repealed.]

S. Petitions filed by school boards against parents pursuant to §§ 16.1-241.2 and 22.1-279.3.

T. Petitions to enforce any request for information or subpoena that is not complied with or to review any refusal to issue a subpoena in an administrative appeal regarding child abuse and neglect pursuant to § 63.2-1526.

U. Petitions filed in connection with parental placement adoption consent hearings pursuant to § 63.2-1233. Such proceedings shall be advanced on the docket so as to be heard by the court within 10 days of filing of the petition, or as soon thereafter as practicable so as to provide the earliest possible disposition.

V. Petitions filed for the purpose of obtaining the court's assistance with the execution of consent to an adoption when the consent to an adoption is executed pursuant to the laws of another state and the laws of that state provide for the execution of consent to an adoption in the court of the Commonwealth.

W. Petitions filed by a juvenile seeking judicial authorization for a physician to perform an abortion if a minor elects not to seek consent of an authorized person.

After a hearing, a judge shall issue an order authorizing a physician to perform an abortion, without the consent of any authorized person, if he finds that (i) the minor is mature enough and well enough informed to make her abortion decision, in consultation with her physician, independent of the wishes of any authorized person, or (ii) the minor is not mature enough or well enough informed to make such decision, but the desired abortion would be in her best interest.

If the judge authorizes an abortion based on the best interests of the minor, such order shall expressly state that such authorization is subject to the physician or his agent giving notice of intent to perform the abortion; however, no such notice shall be required if the judge finds that such notice would not be in the best interest of the minor. In determining whether notice is in the best interest of the minor, the judge shall consider the totality of the circumstances; however, he shall find that notice is not in the best interest of the minor if he finds that (i) one or more authorized persons with whom the minor regularly and customarily resides is abusive or neglectful, and (ii) every other authorized person, if any, is either abusive or neglectful or has refused to accept responsibility as parent, legal guardian, custodian or person standing in loco parentis.

The minor may participate in the court proceedings on her own behalf, and the court may appoint a guardian ad litem for the minor. The court shall advise the minor that she has a right to counsel and shall, upon her request, appoint counsel for her.

Notwithstanding any other provision of law, the provisions of this subsection shall govern proceedings relating to consent for a minor's abortion. Court proceedings under this subsection and records of such proceedings shall be confidential. Such proceedings shall be given precedence over other pending matters so that the court may reach a decision promptly and without delay in order to serve the best interests of the minor. Court proceedings under this subsection shall be heard and decided as soon as practicable but in no event later than four days after the petition is filed.

An expedited confidential appeal to the circuit court shall be available to any minor for whom the court denies an order authorizing an abortion without consent or without notice. Any such appeal shall be heard and decided no later than five days after the appeal is filed. The time periods required by this subsection shall be subject to subsection B of § 1-210. An order authorizing an abortion without consent or without notice shall not be subject to appeal.

No filing fees shall be required of the minor at trial or upon appeal.

If either the original court or the circuit court fails to act within the time periods required by this subsection, the court before which the proceeding is pending shall immediately authorize a physician to perform the abortion without consent of or notice to an authorized person.

Nothing contained in this subsection shall be construed to authorize a physician to perform an abortion on a minor in circumstances or in a manner that would be unlawful if performed on an adult woman.

A physician shall not knowingly perform an abortion upon an unemancipated minor unless consent has been obtained or the minor delivers to the physician a court order entered pursuant to this section and the physician or his agent provides such notice as such order may require. However, neither consent nor judicial authorization nor notice shall be required if the minor declares that she is abused or neglected and the attending physician has reason to suspect that the minor may be an abused or neglected child as defined in § 63.2-100 and reports the suspected abuse or neglect in accordance with § 63.2-1509; or if there is a medical emergency, in which case the attending physician shall certify the facts justifying the exception in the minor's medical record.

For purposes of this subsection:

"Authorization" means the minor has delivered to the physician a notarized, written statement signed by an authorized person that the authorized person knows of the minor's intent to have an abortion and consents to such abortion being performed on the minor.

"Authorized person" means (i) a parent or duly appointed legal guardian or custodian of the minor or (ii) a person standing in loco parentis, including, but not limited to, a grandparent or adult sibling with whom the minor regularly and customarily resides and who has care and control of the minor. Any person who knows he is not an authorized person and

who knowingly and willfully signs an authorization statement consenting to an abortion for a minor is guilty of a Class 3 misdemeanor.

"Consent" means that (i) the physician has given notice of intent to perform the abortion and has received authorization from an authorized person, or (ii) at least one authorized person is present with the minor seeking the abortion and provides written authorization to the physician, which shall be witnessed by the physician or an agent thereof. In either case, the written authorization shall be incorporated into the minor's medical record and maintained as a part thereof.

"Medical emergency" means any condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of the pregnant minor as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create a serious risk of substantial and irreversible impairment of a major bodily function.

"Notice of intent to perform the abortion" means that (i) the physician or his agent has given actual notice of his intention to perform such abortion to an authorized person, either in person or by telephone, at least 24 hours previous to the performance of the abortion; or (ii) the physician or his agent, after a reasonable effort to notify an authorized person, has mailed notice to an authorized person by certified mail, addressed to such person at his usual place of abode, with return receipt requested, at least 72 hours prior to the performance of the abortion.

"Perform an abortion" means to interrupt or terminate a pregnancy by any surgical or nonsurgical procedure or to induce a miscarriage as provided in § 18.2-72, 18.2-73, or 18.2-74.

"Unemancipated minor" means a minor who has not been emancipated by (i) entry into a valid marriage, even though the marriage may have been terminated by dissolution; (ii) active duty with any of the Armed Forces of the United States; (iii) willingly living separate and apart from his or her parents or guardian, with the consent or acquiescence of the parents or guardian; or (iv) entry of an order of emancipation pursuant to Article 15 (§ 16.1-331 et seq.).

X. Petitions filed pursuant to Article 17 (§ 16.1-349 et seq.) relating to standby guardians for minor children.

The ages specified in this law refer to the age of the child at the time of the acts complained of in the petition.

Notwithstanding any other provision of law, no fees shall be charged by a sheriff for the service of any process in a proceeding pursuant to subdivision A 3, except as provided in subdivision A 6 of § 17.1-272, or subsection B, D, M, or R.

Notwithstanding the provisions of § 18.2-71, any physician who performs an abortion in violation of subsection W shall be guilty of a Class 3 misdemeanor.

A. Except as otherwise provided in subsection B, a claim seeking to disregard a limitation in § 13.1-1099.7 is governed by the principles of law and equity, including a principle providing a right to a creditor or holding a person liable for a

debt, obligation, or other liability of another person, that would apply if each protected series of a series limited liability company were a limited liability company formed separately from the series limited liability company and distinct from the series limited liability company and any other protected series of the series limited liability company.

B. The failure of a series limited liability company or a protected series to observe formalities relating to the exercise of its powers or management of its activities and affairs is not a ground to disregard a limitation in subsection A of § 13.1-1099.7 but may be a ground to disregard a limitation in subsection B of § 13.1-1099.7.

C. This section applies to a claim seeking to disregard a limitation of liability applicable to a foreign series limited liability company or foreign protected series and comparable to a limitation stated in § 13.1-1099.7, if:

"Incurrence date" means, subject to subsection B of § 13.1-1099.20, the date on which a series limited liability company or protected series of the series limited liability company incurred the liability giving rise to a claim that a claimant seeks to enforce under this section.

B. If a claim against a series limited liability company or a protected series of the series limited liability company has been reduced to judgment, in addition to any other remedy provided by law or equity, the judgment may be enforced in accordance with the following rules:

C. In addition to any other remedy provided by law or equity, if a claim against a series limited liability company or a protected series of the series limited liability company has not been reduced to a judgment and law other than this article permits a prejudgment remedy by attachment, levy, or other action, the court may apply subsection B as a prejudgment remedy.

D. In a proceeding under this section, the party asserting that an asset is or was an associated asset of a series limited liability company or a protected series of the series limited liability company has the burden of proof on the issue.

E. This section applies to an asset of a foreign series limited liability company or foreign protected series of the foreign series limited liability company if:

1. The asset is real or tangible property located in the Commonwealth;

2. The claimant is a resident of the Commonwealth or transacting business or registered to transact business in the Commonwealth, or the claim under this section is to enforce a judgment, or to seek a pre-judgment remedy, pertaining to a liability arising from law of the Commonwealth other than this article or an act or omission in the Commonwealth; and

Upon the effective date of such certificate, the existence of the protected series shall cease, except for the purpose of suits, other proceedings, and appropriate actions by members as provided in this chapter.

A. A foreign series limited liability company shall obtain from the Commission a certificate of registration to transact business in the Commonwealth before any foreign protected series of the foreign series limited liability company is registered to transact business in the Commonwealth. In addition to the requirements for registration in § 13.1-1052, the foreign series limited liability company shall include an attachment to its application that lists the name of each foreign protected series of the foreign series limited liability company and the jurisdiction under whose law each is established.

B. Except as otherwise provided in this section and subject to §§ 13.1-1099.8 and 13.1-1099.10, the provisions of Article 10 (§ 13.1-1051 et seq.) governing foreign limited liability companies apply to a foreign protected series as if the foreign protected series were a foreign limited liability company organized separately from the foreign series limited liability company that established the foreign protected series and distinct from the foreign series limited liability company and any other foreign protected series of the foreign series limited liability company.

C. An application by a foreign protected series for a certificate of registration to transact business in the Commonwealth shall meet the requirements of § 13.1-1052 and shall also include:

F. The requirement in § 13.1-1055 to amend an application for registration of a foreign limited liability company shall be applicable to a foreign protected series that has a certificate of registration to transact business in the Commonwealth.

G. H. A foreign protected series whose certificate of registration to transact business in the Commonwealth has been canceled may have its certificate of registration reinstated in accordance with § 13.1-1056.3 as if it were a foreign limited liability company, provided that the foreign series limited liability company that established the foreign protected series has a certificate of registration in effect.

I. A foreign protected series registered to transact business in the Commonwealth may apply to the Commission for a certificate of cancellation to cancel its certificate of registration as a foreign protected series. The application shall be on a form prescribed and furnished by the Commission, which shall set forth:

1. The name of the foreign protected series, the name of the foreign series limited liability company that established the foreign protected series, the name of the jurisdiction of formation of the foreign series limited liability company, and the identification number issued by the Commission to the foreign series limited liability company;

6. A commitment to notify the clerk of the Commission in the future of any change in the mailing address of the foreign protected series.

In that case the foreign protected series may file returns and pay taxes before they would otherwise be due. If the Commission finds that the application complies with the requirements of law and all required fees have been paid, it shall issue a certificate of cancellation canceling the certificate of registration.

K. Service of process on the clerk of the Commission is service of process on a foreign protected series whose certificate of registration has been canceled pursuant to this section. Service upon the clerk shall be made in accordance with § 12.1-19.1, and service upon the foreign protected series may be made in any other manner permitted by law.

B. If a foreign series limited liability company or foreign protected series challenges the personal jurisdiction of the tribunal, the requirement that the foreign series limited liability company or foreign protected series make disclosure under subsection A is tolled until the tribunal determines whether it has personal jurisdiction.

C. If a foreign series limited liability company or foreign protected series does not comply with subsection A, a party to the proceeding may:

1. Request the tribunal to treat the noncompliance as a failure to comply with the tribunal's discovery rules; or

2. Bring a separate proceeding in the tribunal to enforce subsection A.

§ 13.1-1099.25. Uniformity of application and construction.

In applying and construing this article, consideration shall be given to the need to promote uniformity of the law with respect to its subject matter among states that enact the Uniform Protected Series Act.

A. The following information contained in a public record is excluded from the mandatory disclosure provisions of this chapter but may be disclosed by the custodian in his discretion, except as provided in subsection B or where such disclosure is otherwise prohibited by law. Redaction of information excluded under this section from a public record shall be conducted in accordance with § 2.2-3704.01.

1. Scholastic records containing information concerning identifiable individuals, except that such access shall not be denied to the person who is the subject thereof, or the parent or legal guardian of the student. However, no student shall have access to (i) financial records of a parent or guardian or (ii) records of instructional, supervisory, and administrative personnel and educational personnel ancillary thereto, that are in the sole possession of the maker thereof and that are not accessible or revealed to any other person except a substitute.

The parent or legal guardian of a student may prohibit, by written request, the release of any individual information regarding that student until the student reaches the age of 18 years. For scholastic records of students under the age of 18 years, the right of access may be asserted only by his legal guardian or parent, including a noncustodial parent, unless such parent's parental rights have been terminated or a court of competent jurisdiction has restricted or denied such access. For scholastic records of students who are emancipated or attending a public institution of higher education in the Commonwealth, the right of access may be asserted by the student.

Any person who is the subject of any scholastic record and who is 18 years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, such records shall be disclosed.

5. Information held by the University of Virginia or the University of Virginia Medical Center or Eastern Virginia Medical School, as the case may be, that contain proprietary, business-related information pertaining to the operations of the

The exclusion provided by this subdivision shall not apply to protect from disclosure (i) the identities of sponsors providing grants to or contracting with the institution for the performance of research services or other work or (ii) the terms and conditions of such grants or contracts.

8. Information held by a threat assessment team established by a local school board pursuant to § 22.1-79.4 or by a public institution of higher education pursuant to § 23.1-805 relating to the assessment or intervention with a specific individual. However, in the event an individual who has been under assessment commits an act, or is prosecuted for the commission of an act that has caused the death of, or caused serious bodily injury, including any felony sexual assault, to another person, such information of the threat assessment team concerning the individual under assessment shall be made available as provided by this chapter, with the exception of any criminal history records obtained pursuant to § 19.2-389 or 19.2-389.1, health records obtained pursuant to § 32.1-127.1:03, or scholastic records as defined in § 22.1-289. § 23.1-1240. Tech Talent Investment Fund created.

A. There is hereby created in the state treasury a special nonreverting fund to be known as the Tech Talent Investment Fund. The Fund shall be established on the books of the Comptroller. All funds appropriated for the Fund shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely to fund grants approved pursuant to the provisions of this chapter. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller.

B. Moneys in the Fund shall be used to support the efforts of qualified institutions to increase by fiscal year 2039 the number of new eligible degrees by at least 25,000 more degrees than the number of such degrees awarded in 2018 and to improve the readiness of graduates to be employed in technology-related fields and fields that align with traded-sector growth opportunities identified by the Virginia Economic Development Partnership. Funds from the Fund may be used to support admissions and advising programs designed to convey labor market information to students to guide decisions to enroll in eligible degree programs and academic programs and to fund facility construction, renovation, and enhancement and equipment purchases related to the initiative to increase the number of eligible degrees awarded.

§ 23.1-1241. Approval and update of memorandum of understanding.

A. In order to support the goal of the creation of at least 25,000 new eligible degrees by 2039, the amount of grants available under this chapter shall be calculated in accordance with a memorandum of understanding negotiated with each qualified institution. Each memorandum of understanding shall contain criteria for eligible degrees, eligible expenses, and degree production goals for the institution to reach by 2039.

B. Each memorandum of understanding shall be structured in accordance with and be consistent with the objectives and purposes of this chapter and the criteria and requirements developed by, and in the form and manner prescribed by, the Secretary of Finance in consultation with the other designated reviewers. Such criteria and requirements shall include:

6. Where applicable, existing or proposed articulation agreements with the Virginia Community College System to provide guaranteed admission for qualified students with an associate degree for transfer into an eligible degree program;

7. A proposed reallocation of existing funds held by or appropriated to the qualified institution to meet increased enrollment, retention, and graduation goals in eligible degree programs; and

8. Any other information deemed relevant.

C. The designated reviewers shall review each qualified institution's proposed memorandum of understanding, or amendments thereto; provide comments or affirmation to the qualified institution by September 1 of the applicable year; and forward the proposed memorandum of understanding and any comments or affirmations to the Governor for approval of specific funding recommendations.

D. The Secretary of Finance, in consultation with the other designated reviewers, shall make a recommendation regarding the amount of annual grant payments for which a qualified institution may be eligible pursuant to its memorandum of understanding. In determining the appropriate amount of such grants, the Secretary and designated reviewers shall consider (i) the actual cost of eligible degrees at the qualified institution, (ii) the number of students enrolled in qualified degree programs adjusted for actual graduation rates at the qualified institution, (iii) tuition revenues generated by in-state and out-of-state students in eligible degree programs at the qualified institution, and (iv) the reallocation of other funds held by or appropriated to the qualified institution for eligible new degree programs. A qualified institution shall be eligible to receive grants pursuant to this chapter, and subject to appropriation, upon signature of the memorandum of understanding by the Governor.

E. A qualified institution with an approved memorandum of understanding may request an update to its memorandum of understanding no more than once annually and no later than July 1 of each year. The designated reviewers shall review the request and determine if an update is warranted. The Secretary of Finance, in consultation with the other designated reviewers, may request that a qualified institution update its agreement at any point during the year. No amendment to a memorandum of understanding shall be final until signed by the Governor.

F. A new or amended memorandum of understanding shall be approved and signed pursuant to subsection D no later than November 1 in order for a qualified institution to apply for a grant in the next fiscal year.

§ 23.1-1242. Eligibility for grant payments.

A. A qualified institution with a memorandum of understanding approved and signed in accordance with the provisions of § 23.1-1241 shall be eligible to apply for a grant each fiscal year beginning with the Commonwealth's fiscal year beginning July 1, 2019, through the Commonwealth's fiscal year starting on July 1, 2038. Grants available under this chapter shall be paid to the qualified institution from the Fund, subject to appropriation by the General Assembly, during each such fiscal year, contingent upon the qualified institution's meeting the requirements set forth in its memorandum of understanding. If the total amount of moneys appropriated to the Fund in a fiscal year is less than anticipated, grants to all qualified institutions under this chapter may be prorated to reflect the actual amount appropriated.

B. To apply for a grant each year, a qualified institution shall report to the Secretary of Finance regarding the qualified institution's progress on increasing the number of eligible degrees and meeting the requirements pursuant to its memorandum of understanding. Such report shall include, at a minimum: (i) progress on increasing the number of eligible degrees, as set forth in the memorandum of understanding, including actual enrollment in qualified degree programs; (ii) the aggregate number of new eligible degrees created and maintained as of the last day of the calendar year that immediately precedes the date of the application, including information related to the retention of students who enrolled in the calendar year immediately preceding the application; and (iii) the average annual cost incurred in the production of the new eligible degrees described in clause (ii). For applications filed four years or more after the date of a qualified institution's original memorandum of understanding, the qualified institution shall also include actual graduation rates from qualified degree programs. The report shall be filed with the Secretary no later than May 1 of the year following the calendar year upon which the report is based, as an application for a grant in the fiscal year beginning on the immediately following July 1. Failure to meet the reporting deadline shall result in a deferral of a payment in the upcoming fiscal year.

C. A report received pursuant to subsection B shall be reviewed by the designated reviewers. Within 60 days of receipt of the report, the Secretary of Finance, in consultation with the other designated reviewers, shall certify to the Comptroller and the qualified institution the amount of the grant payment to be paid to the qualified institution, subject to appropriation. Payment of such grant shall be made by check issued by the State Treasurer on warrant of the Comptroller in the fiscal year immediately following the submission of such application, as provided in the memorandum of understanding. The Comptroller shall not draw any warrants to issue checks for the grant installments under this section without a specific appropriation for the same.

D. As a condition of receipt of grant payments, a qualified institution shall make available for inspection to the designated reviewers all documents relevant and applicable to determining whether the qualified institution has met the requirements for the receipt of a grant as set forth in this chapter and subject to the memorandum of understanding.

E. Failure of a qualified institution to meet the goals, metrics, and requirements set forth in its memorandum of understanding shall result in the adjustment of any future awards to the qualified institution to reflect such discrepancy.

§ 23.1-1243. Annual report.

The Secretary of Finance, in consultation with the other designated reviewers, shall submit a report by December 1 of each year to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance. Such report shall provide an update as to the progress of each qualified institution in meeting the goals set forth in its memorandum of understanding and the aggregate amount of grants awarded to the qualified institution pursuant to this chapter.

However, no student shall have access to (i) financial records of a parent or guardian or (ii) records of instructional, supervisory, and administrative

personnel and educational personnel ancillary thereto, that are in the sole possession of the maker thereof and that are not accessible or revealed to any other person except a substitute.

The parent or legal guardian of a student may prohibit, by written request, the release of any individual information regarding that student until the student reaches the age of 18 years. For scholastic records of students under the age of 18 years, the right of access may be asserted only by his legal guardian or parent, including a noncustodial parent, unless such parent's parental rights have been terminated or a court of competent jurisdiction has restricted or denied such access. For scholastic records of students who are emancipated or attending a public institution of higher education in the Commonwealth, the right of access may be asserted by the student.

Any person who is the subject of any scholastic record and who is 18 years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, such records shall be disclosed.

2. Confidential letters and statements of recommendation placed in the records of educational agencies or institutions respecting (i) admission to any educational agency or institution, (ii) an application for employment or promotion, or (iii) receipt of an honor or honorary recognition.

3. Information held by the Brown v. Board of Education Scholarship Committee that would reveal personally identifiable information, including scholarship applications, personal financial information, and confidential correspondence and letters of recommendation.

4. Information of a proprietary nature produced or collected by or for faculty or staff of public institutions of higher education, other than the institutions' financial or administrative records, in the conduct of or as a result of study or research on medical, scientific, technical or scholarly issues, whether sponsored by the institution alone or in conjunction with a governmental body or a private concern, where such information has not been publicly released, published, copyrighted or patented.

5. Information held by the University of Virginia or the University of Virginia Medical Center or Eastern Virginia Medical School, as the case may be, that contain proprietary, business-related information pertaining to the operations of the University of Virginia Medical Center or Eastern Virginia Medical School, as the case may be, including business development or marketing strategies and activities with existing or future joint venturers, partners, or other parties with whom the University of Virginia Medical Center or Eastern Virginia Medical School, as the case may be, has formed, or forms, any arrangement for the delivery of health care, if disclosure of such information would be harmful to the competitive position of the University of Virginia Medical Center or Eastern Virginia Medical School, as the case may be.

6. Personal information, as defined in § 2.2-3801, provided to the Board of the Virginia College Savings Plan or its employees by or on behalf of individuals who have requested information about, applied for, or entered into prepaid tuition contracts or savings trust account agreements pursuant to Chapter 7 (§ 23.1-700 et seq.) of Title 23.1, including personal information related to (i) qualified beneficiaries as that term is defined in § 23.1-700, (ii) designated survivors, or (iii) authorized individuals. Nothing in this subdivision shall be construed to prevent disclosure or publication of information in a statistical or other form that does not identify individuals or provide personal information. Nothing in this subdivision, however, shall be construed to prevent the disclosure of information relating to the amount, date, purpose, and terms of the pledge or donation, or the identity of the donor unless the donor has requested anonymity in connection with or as a condition of making a pledge or donation. The exclusion provided by this subdivision shall not apply to protect from disclosure (i) the identities of sponsors providing grants to or contracting with the institution for the performance of research services or other work or (ii) the terms and conditions of such grants or contracts.

8. Information held by a threat assessment team established by a local school board pursuant to § 22.1-79.4 or by a public institution of higher education pursuant to § 23.1-805 relating to the assessment or intervention with a specific individual. However, in the event an individual who has been under assessment commits an act, or is prosecuted for the commission of an act that has caused the death of, or caused serious bodily injury, including any felony sexual assault, to another person, such information of the threat assessment team concerning the individual under assessment shall be made available as provided by this chapter, with the exception of any criminal history records obtained pursuant to § 19.2-389 or 19.2-389.1, health records obtained pursuant to § 32.1-127.1:03, or scholastic records as defined in § 22.1-289. For any other student, written consent of the parent or legal guardian of such student shall be required.

§ 23.1-1240. Tech Talent Investment Fund created.

A. There is hereby created in the state treasury a special nonreverting fund to be known as the Tech Talent Investment Fund. The Fund shall be established on the books of the Comptroller. All funds appropriated for the Fund shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely to fund grants approved pursuant to the provisions of this chapter. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller.

B. Moneys in the Fund shall be used to support the efforts of qualified institutions to increase by fiscal year 2039 the number of new eligible degrees by at least 25,000 more degrees than the number of such degrees awarded in 2018 and to improve the readiness of graduates to be employed in technology-related fields and fields that align with traded-sector growth opportunities identified by the Virginia Economic Development Partnership. Funds from the Fund may be used to support admissions and advising programs designed to convey labor market information to students to guide decisions to enroll in eligible degree programs and academic programs and to fund facility construction, renovation, and enhancement and equipment purchases related to the initiative to increase the number of eligible degrees awarded.

§ 23.1-1241. Approval and update of memorandum of understanding.

A. In order to support the goal of the creation of at least 25,000 new eligible degrees by 2039, the amount of grants available under this chapter shall be calculated in accordance with a memorandum of understanding negotiated with each qualified institution. Each memorandum of understanding shall contain criteria for eligible degrees, eligible expenses, and degree production goals for the institution to reach by 2039.

B. Each memorandum of understanding shall be structured in accordance with and be consistent with the objectives and purposes of this chapter and the criteria and requirements developed by, and in the form and manner prescribed by, the Secretary of Finance in consultation with the other designated reviewers. Such criteria and requirements shall include:

1. The submission of an enrollment plan by the qualified institution detailing the number of eligible degrees produced between July 1, 2013, and June 30, 2018;

2. A detailed plan of (i) how the qualified institution proposes to materially increase the enrollment, retention, and graduation of students pursuing eligible degrees, (ii) the resources necessary to accomplish such increase in enrollment, retention, and graduation, and (iii) how the qualified institution plans to track new enrollment;

3. An accounting of the anticipated number of in-state and out-of-state students enrolling in eligible degree programs;

4. The existing capacity of current eligible degree programs, and an estimate of the amount of funding necessary to grow the qualified institution's enrollment capacity pursuant to the plan submitted pursuant to subdivision 2;

5. Where applicable, proposed plans to partner with other qualified institutions to provide courses or programs that will lead to the completion of an eligible degree;

6. Where applicable, existing or proposed articulation agreements with the Virginia Community College System to provide guaranteed admission for qualified students with an associate degree for transfer into an eligible degree program;

7. A proposed reallocation of existing funds held by or appropriated to the qualified institution to meet increased enrollment, retention, and graduation goals in eligible degree programs; and

8. Any other information deemed relevant.

C. The designated reviewers shall review each qualified institution's proposed memorandum of understanding, or amendments thereto; provide comments or affirmation to the qualified institution by September 1 of the applicable year; and forward the proposed memorandum of understanding and any comments or affirmations to the Governor for approval of specific funding recommendations.

D. The Secretary of Finance, in consultation with the other designated reviewers, shall make a recommendation regarding the amount of annual grant payments for which a qualified institution may be eligible pursuant to its memorandum of understanding. In determining the appropriate amount of such grants, the Secretary and designated reviewers shall consider (i) the actual cost of eligible degrees at the qualified institution, (ii) the number of students enrolled in qualified degree programs adjusted for actual graduation rates at the qualified institution, (iii) tuition revenues generated by in-state and out-of-state students in eligible degree programs at the qualified institution, and (iv) the reallocation of other funds held by or appropriated to the qualified institution for eligible new degree programs. A qualified institution shall be eligible to receive grants pursuant to this chapter, and subject to appropriation, upon signature of the memorandum of understanding by the Governor.

E. A qualified institution with an approved memorandum of understanding may request an update to its memorandum of understanding no more than once annually and no later than July 1 of each year. The designated reviewers shall review the request and determine if an update is warranted. The Secretary of Finance, in consultation with the other designated reviewers, may request that a qualified institution update its agreement at any point during the year. No amendment to a memorandum of understanding shall be final until signed by the Governor.

F. A new or amended memorandum of understanding shall be approved and signed pursuant to subsection D no later than November 1 in order for a qualified institution to apply for a grant in the next fiscal year.

§ 23.1-1242. Eligibility for grant payments.

A. A qualified institution with a memorandum of understanding approved and signed in accordance with the provisions of § 23.1-1241 shall be eligible to apply for a grant each fiscal year beginning with the Commonwealth's fiscal year beginning July 1, 2019, through the Commonwealth's fiscal year starting on July 1, 2038. Grants available under this chapter shall be paid to the qualified institution from the Fund, subject to appropriation by the General Assembly, during each such fiscal year, contingent upon the qualified institution's meeting the requirements set forth in its memorandum of understanding. If the total amount of moneys appropriated to the Fund in a fiscal year is less than anticipated, grants to all qualified institutions under this chapter may be prorated to reflect the actual amount appropriated.

B. To apply for a grant each year, a qualified institution shall report to the Secretary of Finance regarding the qualified institution's progress on increasing the number of eligible degrees and meeting the requirements pursuant to its memorandum of understanding. Such report shall include, at a minimum: (i) progress on increasing the number of eligible degrees, as set forth in the memorandum of understanding, including actual enrollment in qualified degree programs; (ii) the aggregate number of new eligible degrees created and maintained as of the last day of the calendar year that immediately precedes the date of the application, including information related to the retention of students who enrolled in the calendar year immediately preceding the application; and (iii) the average annual cost incurred in the production of the new eligible degrees described in clause (ii). For applications filed four years or more after the date of a qualified institution's original memorandum of understanding, the qualified institution shall also include actual graduation rates from qualified degree programs. The report shall be filed with the Secretary no later than May 1 of the year following the calendar year upon which the report is based, as an application for a grant in the fiscal year beginning on the immediately following July 1. Failure to meet the reporting deadline shall result in a deferral of a payment in the upcoming fiscal year.

C. A report received pursuant to subsection B shall be reviewed by the designated reviewers. Within 60 days of receipt of the report, the Secretary of Finance, in consultation with the other designated reviewers, shall certify to the Comptroller and the qualified institution the amount of the grant payment to be paid to the qualified institution, subject to appropriation. Payment of such grant shall be made by check issued by the State Treasurer on warrant of the Comptroller in the fiscal year immediately following the submission of such application, as provided in the memorandum of understanding. The Comptroller shall not draw any warrants to issue checks for the grant installments under this section without a specific appropriation for the same.

D. As a condition of receipt of grant payments, a qualified institution shall make available for inspection to the designated reviewers all documents relevant and applicable to determining whether the qualified institution has met the requirements for the receipt of a grant as set forth in this chapter and subject to the memorandum of understanding.

E. Failure of a qualified institution to meet the goals, metrics, and requirements set forth in its memorandum of understanding shall result in the adjustment of any future awards to the qualified institution to reflect such discrepancy.

§ 23.1-1243. Annual report.

The Secretary of Finance, in consultation with the other designated reviewers, shall submit a report by December 1 of each year to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance. Such report

shall provide an update as to the progress of each qualified institution in meeting the goals set forth in its memorandum of understanding and the aggregate amount of grants awarded to the qualified institution pursuant to this chapter.

CHAPTER 640

An Act to amend and reenact § 22.1-253.13:4 of the Code of Virginia, relating to high school graduation requirements; work experience; capstone project.

[H 2662]

Approved March 19, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:4 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:4. Standard 4. Student achievement and graduation requirements.

A. Each local school board shall award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who meet the requirements prescribed by the Board of Education and meet such other requirements as may be prescribed by the local school board and approved by the Board of Education. Provisions shall be made to facilitate the transfer and appropriate grade placement of students from other public secondary schools, from nonpublic schools, or from home instruction as outlined in the standards for accreditation. The standards for accreditation shall include provisions relating to the completion of graduation requirements through Virtual Virginia. Further, reasonable accommodation to meet the requirements for diplomas shall be provided for otherwise qualified students with disabilities as needed.

In addition, each local school board may devise, vis-a-vis the award of diplomas to secondary school students, a mechanism for calculating class rankings that takes into consideration whether the student has taken a required class more than one time and has had any prior earned grade for such required class expunged.

Each local school board shall notify the parents of rising eleventh and twelfth grade students of (i) the requirements for graduation pursuant to the standards for accreditation and (ii) the requirements that have yet to be completed by the individual student.

B. Students identified as disabled who complete the requirements of their individualized education programs and meet certain requirements prescribed by the Board pursuant to regulations but do not meet the requirements for any named diploma shall be awarded Applied Studies diplomas by local school boards.

Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the graduation requirements of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.

C. Students who have completed a prescribed course of study as defined by the local school board shall be awarded certificates of program completion by local school boards if they are not eligible to receive a Board of Education-approved diploma.

Each local school board shall provide notification of the right to a free public education for students who have not reached 20 years of age on or before August 1 of the school year, pursuant to Chapter 1 (§ 22.1-1 et seq.), to the parent of students who fail to graduate or who have failed to achieve graduation requirements as provided in the standards for accreditation. If such student who does not graduate or complete such requirements is a student for whom English is a second language, the local school board shall notify the parent of the student's opportunity for a free public education in accordance with § 22.1-5.

D. (From Acts 2016, cc. 720 & 750: The graduation requirements established by the Board of Education pursuant to the provisions of subdivisions D 1, 2, and 3 shall apply to each student who enrolls in high school as (i) a freshman after July 1, 2018; (ii) a sophomore after July 1, 2019; (iii) a junior after July 1, 2020; or (iv) a senior after July 1, 2021) In establishing graduation requirements, the Board shall:

1. Develop and implement, in consultation with stakeholders representing elementary and secondary education, higher education, and business and industry in the Commonwealth and including parents, policymakers, and community leaders in the Commonwealth, a Profile of a Virginia Graduate that identifies the knowledge and skills that students should attain during high school in order to be successful contributors to the economy of the Commonwealth, giving due consideration to critical thinking, creative thinking, collaboration, communication, and citizenship.

2. Emphasize the development of core skill sets in the early years of high school.

3. Establish multiple paths toward college and career readiness for students to follow in the later years of high school. Each such pathway shall include opportunities for internships, externships, and credentialing.

4. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation requirements, which shall include Standards of Learning testing, as necessary.

5. Require students to complete at least one course in fine or performing arts or career and technical education, one course in United States and Virginia history, and two sequential elective courses chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses that provides a foundation for further education or training or preparation for employment.

6. (Effective until July 1, 2019) Require that students either (i) complete an Advanced Placement, honors, or International Baccalaureate course or (ii) earn a career and technical education credential that has been approved by the Board, except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to earn credit. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment.

6. (Effective July 1, 2019) Require that students either (i) complete an Advanced Placement, honors, or International Baccalaureate course or (ii) earn a career and technical education credential that has been approved by the Board, except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to earn credit. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment. The Department of Education shall develop, maintain, and make available to each local school board a catalogue of the testing accommodations available to English language learners for each such certification, examination, assessment, and battery. Each local school board shall develop and implement policies to require each high school principal or his designee to notify each English language learner of the availability of such testing accommodations prior to the student's participation in any such certification, examination, assessment, or battery.

7. Beginning with first-time ninth grade students in the 2016-2017 school year, require students to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

8. Make provision in its regulations for students with disabilities to earn a diploma.

9. Require students to complete one virtual course, which may be a noncredit-bearing course.

10. Provide that students who complete elective classes into which the Standards of Learning for any required course have been integrated and achieve a passing score on the relevant Standards of Learning test for the relevant required course receive credit for such elective class.

11. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstrating mastery of the course content and objectives and receiving a passing score on the relevant Standards of Learning assessment. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

12. Provide for the award of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board of Education.

School boards shall report annually to the Board of Education the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, Armed Services Vocational Aptitude Battery assessments passed, and Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

For the purposes of this subdivision, "career and technical education completer" means a student who has met the requirements for a career and technical concentration or specialization and all requirements for high school graduation or an approved alternative education program.

In addition, the Board may:

a. For the purpose of awarding credit, approve the use of additional or substitute tests for the correlated Standards of Learning assessment, such as academic achievement tests, industry certifications or state licensure examinations; and

b. Permit students completing career and technical education programs designed to enable such students to pass such industry certification examinations or state licensure examinations to be awarded, upon obtaining satisfactory scores on such industry certification or licensure examinations, appropriate credit for one or more career and technical education classes into which relevant Standards of Learning for various classes taught at the same level have been integrated. Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

13. Provide for the waiver of certain graduation requirements (i) upon the Board's initiative or (ii) at the request of a local school board. Such waivers shall be granted only for good cause and shall be considered on a case-by-case basis.

14. Consider all computer science course credits earned by students to be science course credits, mathematics course credits, or career and technical education credits. The Board of Education shall develop guidelines addressing how computer science courses can satisfy graduation requirements.

15. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction upon providing the Board with satisfactory proof, based on Board guidelines, that the students for whom such requirements are waived have learned the content and skills included in the relevant Standards of Learning.

16. Provide for the award of verified units of credit for a satisfactory score, as determined by the Board, on the Preliminary ACT (PreACT) or Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) examination.

17. Permit students to exceed a full course load in order to participate in courses offered by an institution of higher education that lead to a degree, certificate, or credential at such institution.

18. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction after the student has completed the course curriculum and relevant Standards of Learning end-of-course assessment, or Board-approved substitute, provided that such student subsequently receives instruction, coursework, or study toward an industry certification approved by the local school board.

19. Permit any English language learner who previously earned a sufficient score on an Advanced Placement or International Baccalaureate foreign language examination or an SAT II Subject Test in a foreign language to substitute computer coding course credit for any foreign language course credit required to graduate, except in cases in which such foreign language course credit is required to earn an advanced diploma offered by a nationally recognized provider of college-level courses.

20. *Require students to complete a senior capstone project, portfolio, performance-based assessment, or structured experiment that relates to a work-based learning, service-learning, or community engagement activity. Such capstone project, portfolio, performance-based assessment, or structured experiment shall align with and further develop the knowledge and skills attained through such work-based learning, service-learning, or community engagement activity. Local school boards shall develop and implement any such capstone project, portfolio, performance-based assessment, or structured experiment in accordance with Board guidelines.*

E. In the exercise of its authority to recognize exemplary performance by providing for diploma seals:

1. The Board shall develop criteria for recognizing exemplary performance in career and technical education programs by students who have completed the requirements for a Board of Education-approved diploma and shall award seals on the diplomas of students meeting such criteria.

2. The Board shall establish criteria for awarding a diploma seal for science, technology, engineering, and mathematics (STEM) for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) relevant coursework; (ii) technical writing, reading, and oral communication skills; (iii) relevant training; and (iv) industry, professional, and trade association national certifications.

3. The Board shall establish criteria for awarding a diploma seal for excellence in civics education and understanding of our state and federal constitutions and the democratic model of government for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) successful completion of history, government, and civics courses, including courses that incorporate character education; (ii) voluntary participation in community service or extracurricular activities that includes the types of activities that shall qualify as community service and the number of hours required; and (iii) related requirements as it deems appropriate.

4. The Board shall establish criteria for awarding a diploma seal of biliteracy to any student who demonstrates proficiency in English and at least one other language for the Board of Education-approved diplomas. The Board shall consider criteria including the student's (i) score on a College Board Advanced Placement foreign language examination, (ii) score on an SAT II Subject Test in a foreign language, (iii) proficiency level on an ACTFL Assessment of Performance toward Proficiency in Languages (AAPPL) measure or another nationally or internationally recognized language proficiency test, or (iv) cumulative grade point average in a sequence of foreign language courses approved by the Board.

F. The Board shall establish, by regulation, requirements for the award of a general achievement adult high school diploma for those persons who are not subject to the compulsory school attendance requirements of § 22.1-254 and have (i) achieved a passing score on a high school equivalency examination approved by the Board of Education; (ii) successfully completed an education and training program designated by the Board of Education; (iii) earned a Board of Education-approved career and technical education credential such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment; and (iv) satisfied other requirements as may be established by the Board for the award of such diploma.

G. To ensure the uniform assessment of high school graduation rates, the Board shall collect, analyze, report, and make available to the public high school graduation and dropout data using a formula prescribed by the Board.

H. The Board shall also collect, analyze, report, and make available to the public high school graduation and dropout data using a formula that excludes any student who fails to graduate because such student is in the custody of the Department of Corrections, the Department of Juvenile Justice, or local law enforcement. For the purposes of the Standards of Accreditation, the Board shall use the graduation rate required by this subsection.

I. The Board may promulgate such regulations as may be necessary and appropriate for the collection, analysis, and reporting of such data required by subsections G and H.

2. That the provisions of the first enactment of this act shall not become effective unless reenacted by the 2020 Session of the General Assembly.

3. That the Board of Education shall develop and submit to the Chairmen of the House Committee on Education and the Senate Committee on Education and Health no later than November 1, 2019, guidelines for local school boards to develop and implement a senior capstone project, portfolio, performance-based assessment, or structured experiment. In developing such guidelines, the Board of Education shall consult with stakeholders representing a

variety of local school divisions, industries, and education organizations and shall consider (i) the diversity of school divisions across the Commonwealth, (ii) the need for local flexibility, and (iii) the needs of communities and industries across the Commonwealth.

CHAPTER 641

An Act to amend and reenact § 2.2-3119 of the Code of Virginia, relating to the State and Local Government Conflict of Interests Act; school boards and school employees; hiring of relatives.

[S 1491]

Approved March 19, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-3119 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-3119. Additional provisions applicable to school boards and employees of school boards; exceptions.

A. Notwithstanding any other provision of this chapter, it shall be unlawful for the school board of any county or city or of any town constituting a separate school division to employ or pay any teacher or other school board employee from the public funds, federal, state or local, or for a division superintendent to recommend to the school board the employment of any teacher or other employee, if the teacher or other employee is the father, mother, brother, sister, spouse, son, daughter, son-in-law, daughter-in-law, sister-in-law or brother-in-law of the superintendent, or of any member of the school board.

This section shall apply to any person employed by any school board in the operation of the public free school system, adult education programs or any other program maintained and operated by a local county, city or town school board.

B. This section shall not be construed to prohibit the employment, promotion, or transfer within a school division of any person within a relationship described in subsection A when such person:

1. Has been employed pursuant to a written contract with a school board or employed as a substitute teacher or teacher's aide by a school board prior to the taking of office of any member of such board or division superintendent of schools; or

2. Has been employed pursuant to a written contract with a school board or employed as a substitute teacher or teacher's aide by a school board prior to the inception of such relationship; or

3. Was employed by a school board at any time prior to June 10, 1994, and had been employed at any time as a teacher or other employee of any Virginia school board prior to the taking of office of any member of such school board or division superintendent of schools.

C. A person employed as a substitute teacher may not be employed to any greater extent than he was employed by the school board in the last full school year prior to the taking of office of such board member or division superintendent or to the inception of such relationship. The exceptions in subdivisions B 1, B 2, and B 3 shall apply only if the prior employment has been in the same school divisions where the employee and the superintendent or school board member now seek to serve simultaneously.

D. CHAPTER 644

An Act to amend and reenact § 22.1-98 of the Code of Virginia, relating to length of school term; waiver for school closings resulting from evacuation.

[H 2124]

Approved March 19, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-98 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-98. Reduction of state aid when length of school term below 180 days or 990 hours.

A. For the purposes of this section:

1. "Declared state of emergency" means the declaration of an emergency before or after an event, by the Governor or by officials in a locality, that requires the closure of any or all schools within a school division.

2. "Severe weather conditions or other emergency situations" means those circumstances presenting a threat to the health or safety of students that result from severe weather conditions or other emergencies, including; ~~but not limited to~~, natural and man-made disasters, energy shortages, or power failures.

B. Except as provided in this section:

1. The length of every school's term in every school division shall be at least 180 teaching days or 990 teaching hours in any school year; and

2. If the length of the term of any school or the schools in a school division shall be less than 180 teaching days or 990 teaching hours in any school year, the amount paid by the Commonwealth from the Basic School Aid Fund shall, except as otherwise hereinafter provided or as otherwise provided by law, be reduced in the same proportion as the length of the school term has been reduced in any school or the schools in the school division from 180 teaching days or 990 teaching hours.

C. Notwithstanding the requirements of subsection B, in any case in which severe weather conditions or other emergency situations, as defined in this section, result in the closing of a school or the schools in a school division, the

amount paid by the Commonwealth from the Basic School Aid Fund shall not be reduced if the following schedule of make-up days is followed:

1. When severe weather conditions or other emergency situations have resulted in the closing of a school or the schools in a school division for five or fewer days, the school or the schools in the school division shall make up all missed days by adding teaching days to the school calendar or extending the length of the school day;

2. When severe weather conditions or other emergency situations have resulted in the closing of a school or the schools in a school division for six days or more, the school or the schools in the school division shall make up the first five days plus one day for each two days missed in excess of the first five by adding teaching days to the school calendar or extending the length of the school day; or

3. When severe weather conditions or other emergency situations have resulted in the closing of any school in a school division and such school has been unable to meet the 180 teaching day requirement, the school division may make up the missed teaching days by providing its students with instructional hours equivalent to such missed teaching days to meet the minimum 990 teaching hour requirement.

D. The local appropriations for educational purposes necessary to fund 180 teaching days or 990 teaching hours shall also not be proportionally reduced by any local governing body because of any reduction in the length of the term of any school or the schools in a school division authorized by subsection C.

E. The foregoing provisions of this section notwithstanding, the Board of Education may waive the requirement that school divisions provide additional teaching days or teaching hours to compensate for school closings resulting from a declared state of emergency or severe weather conditions or other emergency situations. If the local school board desires a waiver, it shall submit a request to the Board of Education. The request shall include evidence of efforts that have been made by the school division to reschedule as many days as possible and certification by the division superintendent and chairman of the local school board that every reasonable effort for making up lost teaching days or teaching hours was exhausted before requesting a waiver of this requirement. If the waiver is denied, the school division shall make up the missed instructional time in accordance with this section.

If the Board grants such a waiver, there shall be no proportionate reduction in the amount paid by the Commonwealth from the Basic School Aid Fund. Further, the local appropriations for educational purposes necessary to fund 180 teaching days or 990 teaching hours shall not be proportionally reduced by any local governing body due to any reduction in the length of the term of any school or the schools in a school division permitted by such waiver.

F. Notwithstanding the provisions of this section, the Board of Education shall waive the requirement that school divisions provide additional teaching days or teaching hours to compensate for school closings resulting from an evacuation directed and compelled by the Governor pursuant to § 44-146.17 for up to five teaching days. If the local school board desires such a waiver, it shall notify the Board of Education and provide evidence of efforts that have been made by the school division to reschedule as many days as possible and certification by the division superintendent and chairman of the local school board that every reasonable effort for making up lost teaching days or teaching hours was exhausted. After receiving such notification, the Board shall grant the waiver and there shall be no proportionate reduction in the amount paid by the Commonwealth from the Basic School Aid Fund. Further, the local appropriations for educational purposes necessary to fund 180 teaching days or 990 teaching hours shall not be proportionally reduced by any local governing body due to any reduction in the length of the term of any school or the schools in a school division permitted by such waiver.

~~F. G.~~ If the professional personnel of any such school division actually render service for less than the contracted period for such school year and their compensation is reduced because of insufficient funds or other reason, the proportionate amount paid by the Commonwealth for the personnel component of the Basic School Aid Fund for such school year shall be reduced pro rata.

Notwithstanding any provision of law to the contrary, the school board of any school division in which the length of the term for any school or for the schools in the school division is reduced as provided in this section may pay its professional personnel such salary as they would have received if the term had not been so reduced.

~~G. H.~~ In developing the school calendar as provided for in § 22.1-79.1, each local school board shall establish such calendars and teaching contracts in accordance with applicable regulations of the Board of Education to include contingencies for making up teaching days and teaching hours missed for emergency situations described in this section. Historical data shall be used to determine the needs of the locality including scheduled holidays and breaks and work days.

~~H. I.~~ The Board of Education may authorize the Superintendent of Public Instruction to approve, in compliance with this section, reductions in the school term for a school or the schools in a school division without a proportionate reduction in the amount paid by the Commonwealth from the Basic School Aid Fund.

~~I. J.~~ With the exception of the Basic School Aid Fund as provided for above, the Commonwealth shall not distribute funds to a locality for costs not incurred when the school term is reduced below 180 teaching days or 990 teaching hours.

~~J. K.~~ As part of the annual report required by § 22.1-81, the division superintendent and local school board chairman shall certify the total number of teaching days and teaching hours each year.

necessary to fund 180 teaching days or 990 teaching hours shall not be proportionally reduced by any local governing body due to any reduction in the length of the term of any school or the schools in a school division permitted by such waiver.

If a dealer has any place of business located in more than one political subdivision by reason of the boundary line or lines passing through such place of business, the amount of sales tax paid by such a dealer with respect to such place of business shall be treated for the purposes of this section as follows: one-half shall be assignable to each political subdivision where two are involved, one-third where three are involved, and one-fourth where four are involved.

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the Treasurer of Virginia in the proper amount in favor of each city or county entitled to the monthly return of its local sales tax moneys, and such payments shall be charged to the account of each such city or county under the special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers, or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payments for the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to the city or county and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

G. Such payments to counties are subject to the qualification that in any county wherein is situated any incorporated town constituting a special school district and operated as a separate school district under a town school board of three members appointed by the town council, the county treasurer shall pay into the town treasury for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of such town bears to the school age population of the entire county. If the school age population of any town constituting a separate school district is increased by the annexation of territory since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

H. One-half of such payments to counties are subject to the further qualification, other than as set out in subsection G above, that in any county wherein is situated any incorporated town not constituting a separate special school district ~~which~~ *that* has complied with its charter provisions providing for the election of its council and mayor for a period of at least four years immediately prior to the adoption of the sales tax ordinance, the county treasurer shall pay into the town treasury of each such town for general governmental purposes the proper proportionate amount received by him in the ratio that the

school age population of each such town bears to the school age population of the entire county, based on the latest estimate provided by the Weldon Cooper Center for Public Service. The preceding requirement pertaining to the time interval between compliance with election provisions and adoption of the sales tax ordinance shall not apply to a tier-city. If the school age population of any such town not constituting a separate special school district is increased by the annexation of territory or otherwise since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

I. Notwithstanding the provisions of subsection H, the board of supervisors of a county may, in its discretion, appropriate funds to any incorporated town not constituting a separate school district within such county ~~which that~~ has not complied with the provisions of its charter relating to the elections of its council and mayor, an amount not to exceed the amount it would have received from the tax imposed by this chapter if such election had been held; *however, Halifax County may appropriate any amount to any such incorporated town.*

J. It is further provided that if any incorporated town which would otherwise be eligible to receive funds from the county treasurer under subsection G or H ~~of this section~~ be located in a county ~~which that~~ does not levy a general retail sales tax under the provisions of this law, such town may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of the town, subject to all the provisions of this section generally applicable to cities and counties. Any tax levied under the authority of this subsection shall in no case continue to be levied on or after the effective date of a county ordinance imposing a general retail sales tax in the county within which such town is located.

§ 58.1-605. (Contingent effective date) To what extent and under what conditions cities and counties may levy local sales taxes; collection thereof by Commonwealth and return of revenue to each city or county entitled thereto.

A. No county, city or town shall impose any local general sales or use tax or any local general retail sales or use tax except as authorized by this section *or § 58.1-605.1.*

B. The council of any city and the governing body of any county may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of such city or county. Such tax shall be added to the rate of the state sales tax imposed by §§ 58.1-603 and 58.1-604 and shall be subject to all the provisions of this chapter and the rules and regulations published with respect thereto. No discount under § 58.1-622 shall be allowed on a local sales tax.

C. The council of any city and the governing body of any county desiring to impose a local sales tax under this section may do so by the adoption of an ordinance stating its purpose and referring to this section, and providing that such ordinance shall be effective on the first day of a month at least 60 days after its adoption. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

D. Prior to any change in the rate of the local sales and use tax, the Tax Commissioner shall provide remote sellers and single and consolidated providers with at least 30 days' notice. Any change in the rate of local sales and use tax shall only become effective on the first day of a calendar quarter. Failure to provide notice pursuant to this section shall require the Commonwealth and the locality to hold the remote seller or single or consolidated provider harmless for collecting the tax at the immediately preceding effective rate for any period of time prior to 30 days after notification is provided.

E. Any local sales tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same penalties as provided for the state sales tax.

F. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a special fund which is hereby created on the Comptroller's books under the name "Collections of Local Sales Taxes." Such local sales tax moneys shall be credited to the account of each particular city or county levying a local sales tax under this section. The basis of such credit shall be the city or county in which the sales were made as shown by the records of the Department and certified by it monthly to the Comptroller, namely, the city or county of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the city or county of possible use by the purchasers. If a dealer has any place of business located in more than one political subdivision by reason of the boundary line or lines passing through such place of business, the amount of sales tax paid by such a dealer with respect to such place of business shall be treated for the purposes of this section as follows: one-half shall be assignable to each political subdivision where two are involved, one-third where three are involved, and one-fourth where four are involved.

G. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the Treasurer of Virginia in the proper amount in favor of each city or county entitled to the monthly return of its local sales tax moneys, and such payments shall be charged to the account of each such city or county under the special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers, or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payments for the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to the city or county and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

H. Such payments to counties are subject to the qualification that in any county wherein is situated any incorporated town constituting a special school district and operated as a separate school district under a town school board of three members appointed by the town council, the county treasurer shall pay into the town treasury for general governmental

purposes the proper proportionate amount received by him in the ratio that the school age population of such town bears to the school age population of the entire county. If the school age population of any town constituting a separate school district is increased by the annexation of territory since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

I. One-half of such payments to counties are subject to the further qualification, other than as set out in subsection H, that in any county wherein is situated any incorporated town not constituting a separate special school district ~~which that~~ has complied with its charter provisions providing for the election of its council and mayor for a period of at least four years immediately prior to the adoption of the sales tax ordinance, the county treasurer shall pay into the town treasury of each such town for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of each such town bears to the school age population of the entire county, based on the latest estimate provided by the Weldon Cooper Center for Public Service. The preceding requirement pertaining to the time interval between compliance with election provisions and adoption of the sales tax ordinance shall not apply to a tier-city. If the school age population of any such town not constituting a separate special school district is increased by the annexation of territory or otherwise since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

J. Notwithstanding the provisions of subsection I, the board of supervisors of a county may, in its discretion, appropriate funds to any incorporated town not constituting a separate school district within such county ~~which that~~ has not complied with the provisions of its charter relating to the elections of its council and mayor, an amount not to exceed the amount it would have received from the tax imposed by this chapter if such election had been held; *however, Halifax County may appropriate any amount to any such incorporated town.*

K. It is further provided that if any incorporated town which would otherwise be eligible to receive funds from the county treasurer under subsection H or I be located in a county ~~which that~~ does not levy a general retail sales tax under the provisions of this law, such town may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of the town, subject to all the provisions of this section generally applicable to cities and counties. Any tax levied under the authority of this subsection shall in no case continue to be levied on or after the effective date of a county ordinance imposing a general retail sales tax in the county within which such town is located.

§ 58.1-605.1. Additional local sales tax in Halifax County; use of revenues for construction or renovation of schools.

A. 1. In addition to the sales tax authorized under § 58.1-605, Halifax County may levy a general retail sales tax at a rate not to exceed one percent as determined by its governing body to provide revenue solely for capital projects for the construction or renovation of schools in Halifax County. Such tax shall be added to the rates of the state and local sales tax imposed by this chapter and shall be subject to all the provisions of this chapter and the rules and regulations published with respect thereto. No discount under § 58.1-622 shall be allowed on this local sales tax.

2. Any tax imposed pursuant to this section shall expire (i) if the capital projects for the construction or renovation of schools are to be financed by bonds or loans, on the date by which such bonds or loans shall be repaid or (ii) if the capital projects for the construction or renovation of schools are not to be financed by bonds or loans, on a date chosen by the governing body and specified in any resolution passed pursuant to the provisions of subdivision B 1. Such expiration date shall not be more than 20 years after the date of the resolution passed pursuant to the provisions of subdivision B 1.

B. 1. This tax may be levied only if the tax is approved in a referendum within Halifax County held in accordance with § 24.2-684 and initiated by a resolution of the local governing body. Such resolution shall state (i) if the capital projects for the construction or renovation of schools are to be financed by bonds or loans, the date by which such bonds or loans shall be repaid or (ii) if the capital projects for the construction or renovation of schools are not to be financed by bonds or loans, a specified date on which the sales tax shall expire.

2. The clerk of the circuit court shall publish notice of the referendum in a newspaper of general circulation in Halifax County once a week for three consecutive weeks prior to the election. The question on the ballot for the referendum shall include language stating (i) that the revenues from the sales tax shall be used solely for capital projects for the construction or renovation of schools and (ii) the date on which the sales tax shall expire.

C. The governing body of Halifax County, if it elects to impose a local sales tax under this section after approval at a referendum as provided in subsection B shall do so by the adoption of an ordinance stating its purpose and referring to this section and providing that such ordinance shall be effective on the first day of a month at least 120 days after its adoption. Such ordinance shall state the date on which the sales tax shall expire. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

D. Any local sales tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same exemptions and penalties as provided for the state sales tax; however, the local sales tax levied under this section shall not be levied on food purchased for human consumption, as defined in § 58.1-611.1.

E. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a special fund that is hereby created on the Comptroller's books under the name "Collections of Additional Local Sales Taxes in Halifax County." The fund shall be administered as provided in § 58.1-605.

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the State Treasurer in the proper amount in favor of Halifax County, and such payments shall be charged to the account of Halifax County under the special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payment for each of the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to Halifax County and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

G. The revenues from this tax shall be used solely for capital projects for new construction or major renovation of schools in Halifax County, including bond and loan financing costs related to such construction or renovation.

§ 58.1-606.1. Additional local use tax in Halifax County; use of revenues for construction or renovation of schools.

A. 1. The governing body of Halifax County may levy a use tax at the rate of such sales tax under § 58.1-605.1 to provide revenue for capital projects for the construction or renovation of schools in Halifax County. Such tax shall be added to the rates of the state and local use tax imposed by this chapter and shall be subject to all the provisions of this chapter, and all amendments thereof, and the rules and regulations published with respect thereto, except that no discount under § 58.1-622 shall be allowed on a local use tax.

2. Any tax imposed pursuant to this section shall expire (i) if the capital projects for the construction or renovation of schools are to be financed by bonds or loans, on the date by which such bonds or loans shall be repaid or (ii) if the capital projects for the construction or renovation of schools are not to be financed by bonds or loans, on a date chosen by the governing body and specified in any resolution passed pursuant to the provisions of subsection B. Such expiration date shall not be more than 20 years after the date of the resolution passed pursuant to the provisions of subsection B.

B. The governing body of Halifax County, if it elects to impose a local use tax under this section may do so only if it has previously imposed the local sales tax authorized by § 58.1-605.1, by the adoption of an ordinance stating its purpose and referring to this section and providing that the local use tax shall become effective on the first day of a month at least 120 days after its adoption. Such ordinance shall state the date on which the use tax shall expire. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

C. Any local use tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same exemptions and penalties as provided for the state use tax; however, the local sales tax levied under this section shall not be levied on food purchased for human consumption, as defined in § 58.1-611.1.

D. The local use tax authorized by this section shall not apply to transactions to which the sales tax applies, the situs of which for state and local sales tax purposes is the locality of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the locality of possible use by the purchasers. However, the local use tax authorized by this section shall apply to tangible personal property purchased outside the Commonwealth for use or consumption within the locality imposing the local use tax, or stored within the locality for use or consumption, where the property would have been subject to the sales tax if it had been purchased within the Commonwealth. The local use tax shall also apply to leases or rentals of tangible personal property where the place of business of the lessor is outside the Commonwealth and such leases or rentals are subject to the state tax. Moreover, the local use tax shall apply in all cases in which the state use tax applies.

E. Out-of-state dealers who hold certificates of registration to collect the use tax from their customers for remittance to the Commonwealth shall, to the extent reasonably practicable, in filing their monthly use tax returns with the Tax Commissioner, break down their shipments into the Commonwealth by counties and cities so as to show the county or city of destination. If, however, the out-of-state dealer is unable accurately to assign any shipment to a particular county or city, the local use tax on the tangible personal property involved shall be remitted to the Commonwealth by such dealer without attempting to assign the shipment to any county or city.

F. Local use tax revenue shall be deposited in the special fund established pursuant to subsection E of § 58.1-605.1. The Comptroller shall distribute the revenue to Halifax County.

G. All revenue from this local use tax revenue shall be used solely for capital projects for new construction or major renovation of schools in Halifax County, including bond and loan financing costs related to such construction or renovation.

CHAPTER 649

An Act to amend and reenact § 58.1-512 of the Code of Virginia, relating to land preservation tax credits; operation of facility on donated land; agreements between the Commonwealth and a third party related to donated land.

[H 2482]

Approved March 19, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-512 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-512. Land preservation tax credits for individuals and corporations.

A. 1. For taxable years beginning on or after January 1, 2000, there shall be allowed as a credit against the tax liability imposed by §§ 58.1-320 and 58.1-400, an amount equal to 50 percent of the fair market value of any land or interest in land located in Virginia ~~which~~ *that* is conveyed for the purpose of agricultural and forestal use, open space, natural resource, and/or biodiversity conservation, or land, agricultural, watershed and/or historic preservation, as an unconditional donation by the landowner/taxpayer to a public or private conservation agency eligible to hold such land and interests therein for conservation or preservation purposes. For such conveyances made on or after January 1, 2007, the tax credit shall be 40 percent of the fair market value of the land or interest in land so conveyed.

2. a. *If the Commonwealth or an instrumentality thereof operates a facility on a conveyance, including charging fees for the use of such facility, such operation shall not disqualify the conveyance from eligibility for the tax credit, so long as any fees are used for conservation or preservation purposes.*

b. *If the Commonwealth or an instrumentality thereof enters into an agreement with a third party to lease or manage a facility on a conveyance, the fact that such third party is operated primarily as a business with intent for profit shall not disqualify the conveyance from eligibility for the tax credit, so long as such agreement is for conservation or preservation purposes.*

B. The fair market value of qualified donations made under this section shall be determined in accordance with § 58.1-512.1 and substantiated by a "qualified appraisal" prepared by a "qualified appraiser," as those terms are defined under applicable federal law and regulations governing charitable contributions. The value of the donated interest in land that qualifies for credit under this section, as determined according to appropriate federal law and regulations, shall be subject to the limits established by United States Internal Revenue Code § 170(e). In order to qualify for a tax credit under this section, the qualified appraisal shall be signed by the qualified appraiser, who must be licensed in the Commonwealth of Virginia as provided in § 54.1-2011, and a copy of the appraisal shall be submitted to the Department. In the event that any appraiser falsely or fraudulently overstates the value of the contributed property in an appraisal that the appraiser has signed, the Department may disallow further appraisals signed by the appraiser and shall refer the appraiser to the Real Estate Appraiser Board for appropriate disciplinary action pursuant to § 54.1-2013, which may include, but need not be limited to, revocation of the appraiser's license. Any appraisal that, upon audit by the Department, is determined to be false or fraudulent, may be disregarded by the Department in determining the fair market value of the property and the amount of tax credit to be allowed under this section.

C. 1. The amount of the credit that may be claimed by each taxpayer, including credit claimed by applying unused credits as provided under subsection C of § 58.1-513, shall not exceed \$50,000 for 2000 taxable years; \$75,000 for 2001 taxable years; \$100,000 for each of 2002 through 2008 taxable years; \$50,000 for each of 2009, 2010, and 2011 taxable years; \$100,000 for each of 2012, 2013, and 2014 taxable years; \$20,000 for each of 2015, 2016, and 2017 taxable years; and \$50,000 for 2018 taxable years and for each taxable year thereafter. However, for any fee simple donation of land conveyed to the Commonwealth on or after January 1, 2015, the amount of the credit claimed shall not exceed \$100,000 for each taxable year, provided that no part of the charitable contributions deduction under § 170 of the Internal Revenue Code related to such fee simple donation is allowable by reason of a sale or exchange of property. In addition, for each taxpayer, in any one taxable year the credit used may not exceed the amount of individual, fiduciary or corporate income tax otherwise due. Any portion of the credit that is unused in any one taxable year may be carried over for a maximum of 10 consecutive taxable years following the taxable year in which the credit originated until fully expended. A credit shall not be reduced by the amount of unused credit that could have been claimed in a prior year by the taxpayer but was unclaimed. For taxpayers affected by the credit reduction for taxable years 2009, 2010, 2011, and 2015 and thereafter, any portion of the credit that is unused in any one taxable year may be carried over for a maximum of 13 consecutive taxable years following the taxable year in which the credit originated until fully expended.

2. Qualified donations shall include the conveyance of a fee interest in real property or the conveyance in perpetuity of a less-than-fee interest in real property, such as a conservation restriction, preservation restriction, agricultural preservation restriction, or watershed preservation restriction, provided that such less-than-fee interest qualifies as a charitable deduction under § 170(h) of the United States Internal Revenue Code of 1986, as amended.

The Department of Conservation and Recreation shall compile an annual report on qualified donations of less-than-fee interests accepted by any public or private conservation agency in the respective calendar year and shall submit the report by December 1 of each year to the Chairmen of the House Committee on Appropriations, House Committee on Finance, and the Senate Committee on Finance. In preparing such report, the Department of Conservation and Recreation shall consult and coordinate with the Department of Taxation and the Departments of Forestry and Agriculture and Consumer Services to provide an estimate of the number of acres of land currently being used for "production agriculture and silviculture" as defined in § 3.2-300 that have been protected by qualified donations of less-than-fee interests. This report shall include information, when available, on land qualifying for credits being used for "production agriculture and silviculture" that have onsite operational best management practices, which are designed to reduce the amount of nutrients and sediment entering public waters. In addition, the report shall include information, when available, on riparian buffers, both vegetated/forested buffers and no-plow buffers, required by deed restriction on land qualifying for credits in order to protect water quality. This information shall be reported in summary fashion as appropriate to preserve confidentiality of

information. Qualified donations shall not include the conveyance of a fee interest, or a less-than-fee interest, in real property by a charitable organization that (i) meets the definition of "holder" in § 10.1-1009 and (ii) holds one or more conservation easements acquired pursuant to the authority conferred on a "holder" by § 10.1-1010.

3. Any fee interest, or a less-than-fee interest, in real property that has been dedicated as open space within, or as part of, a residential subdivision or any other type of residential or commercial development; dedicated as open space in, or as part of, any real estate development plan; or dedicated for the purpose of fulfilling density requirements to obtain approvals for zoning, subdivision, site plan, or building permits shall not be a qualified donation under this article.

4. Qualified donations shall be eligible for the tax credit herein described if such donations are made to the Commonwealth of Virginia, an instrumentality thereof, or a charitable organization described in § 501(c)(3) of the United States Internal Revenue Code of 1986, as amended, if such charitable organization (i) meets the requirements of § 509(a)(2) or (ii) meets the requirements of § 509(a)(3) and is controlled by an organization described in § 509(a)(2).

5. The preservation, agricultural preservation, historic preservation or similar use and purpose of such property shall be assured in perpetuity. In the case of conveyances of a fee interest to a charitable organization that is a "holder" as defined in § 10.1-1009, the credit shall not be allowed until the charitable organization agrees that subsequent conveyances of the fee interest in the property will be (i) subject to a previous conveyance in perpetuity of a conservation easement, as that term is defined in § 10.1-1009, or subject to the conveyance in perpetuity of an open-space easement, as that term is defined in § 10.1-1700, or (ii) conveyed to the Commonwealth of Virginia or to a federal conservation agency. No credit shall be allowed with respect to any subsequent conveyances by the charitable organization.

D. The issuance of tax credits under this article for donations made on and after January 1, 2007, shall be in accordance with procedures and deadlines established by the Department and shall be administered under the following conditions:

1. The taxpayer shall apply for a credit after completing the donation by submitting a form or forms prescribed by the Department in consultation with the Department of Conservation and Recreation. If the application requests a credit of \$1 million or more or if the donation meets the conditions of subdivision 3 c, then a copy of the application shall also be filed with the Department of Conservation and Recreation by the taxpayer. The application shall include, but not be limited to:

- a. A description of the conservation purpose or purposes being served by the donation;
- b. The fair market value of land being donated in the absence of any easement or other restriction;
- c. The public benefit derived from the donation;
- d. The extent to which water quality best management practices will be implemented on the property; and
- e. Whether the property is fully or partially forested and a forest management plan is included in the terms of the donation.

2. Applications for otherwise qualified donations of a less-than-fee interest shall be accompanied by an affidavit describing how the donated interest in land meets the requirements of § 170(h) of the United States Internal Revenue Code of 1986, as amended, and the regulations adopted thereunder. The application with accompanying affidavit shall be submitted to the Department of Taxation, with a copy also provided to the Department of Conservation and Recreation.

3. a. No credit in the amount of \$1 million or more shall be issued with respect to a donation unless the conservation value of the donation has been verified by the Director of the Department of Conservation and Recreation, based on the criteria adopted by the Virginia Land Conservation Foundation for this purpose. Such criteria and subsequent amendments shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.), but the Virginia Land Conservation Foundation shall provide for adequate public participation, including adequate notice and opportunity to provide comments on the proposed criteria. The Director shall act on applications within 90 days of his receipt of a complete application and shall notify the taxpayer and the Department of Taxation of his action.

b. For purposes of determining whether a credit requires verification of the conservation value, the credits allowed under this article with respect to donations of any other portion of a recorded parcel of land within the preceding 11 years shall be aggregated with the credit claimed for the current donation. This subdivision shall not apply if (i) all owners of the parcel who have been allowed credit for a qualified donation are not affiliated with the person or entity seeking credit for the current donation of a different portion of the parcel and (ii) in the case of an individual seeking credit, the individual has not previously made a qualified donation for any portion of the parcel and is not an immediate family member of any such owners.

c. If (i) the real property that is the subject of the donation was partitioned from or part of another parcel of land and any other portion of such parcel, or any land partitioned from such parcel of land, has been allowed a tax credit under this article (or an application for tax credit is pending) within three years of such donation and (ii) the tax credit that would otherwise be allowed to the donor for such donation is at least \$250,000, then no credit under this article shall be issued with respect to such donation described in clause (i) unless the conservation value of the donation has been verified by the Director of the Department of Conservation and Recreation. The Director shall act on applications within 90 days of his receipt of a complete application and shall notify the taxpayer and the Department of Taxation of his action. Nothing in this subdivision shall be construed or interpreted (a) as allowing additional tax credit for any land or interest in land previously conveyed for which tax credit has already been allowed under this article or (b) affecting the validity of any tax credit allowed under this article for a prior conveyance of any land or interest in land.

4. a. Tax credits shall be issued on a calendar year basis, and in no case shall the Department issue more than the maximum allowed for the calendar year. The maximum amount of credits that may be issued in a calendar year shall be \$100 million plus any credits previously issued under this article but subsequently disallowed or invalidated by the

Department. Credits previously issued but subsequently disallowed or invalidated shall be reissued in a subsequent calendar year. All credits shall be issued in the order that each complete application is filed. For filings by mail or a recognized commercial delivery service, the postmark or confirmation of shipment shall determine the date of filing. If within 30 days after an application for credits has been filed the Tax Commissioner provides written notice to the donor that he has determined that the preparation of a second qualified appraisal is warranted, the application shall not be deemed complete until the fair market value of the donation has been finally determined by the Tax Commissioner. The Tax Commissioner shall make a final determination within 180 days of notifying the donor, unless the donor has filed an appeal. The donor shall have the right to appeal any decision of the Department in accordance with the provisions of Chapter 18 (§ 58.1-1800 et seq.). If more than one complete application is filed at the same time, the credits with respect to those applications shall be issued in the order that the conveyances were recorded in the appropriate circuit court of the Commonwealth. In the event that a credit requires verification of the conservation value by the Department of Conservation and Recreation and such verification has not been received at the time the maximum \$100 million allowed is reached for the calendar year of the donation, such credit shall not be issued for that calendar year but shall be issued in the calendar year that the conservation value of the credit is verified by the Department of Conservation and Recreation.

No credit shall be allowed for any land or interest in land conveyed on or after July 1, 2015, unless a complete application for tax credit with regard to the conveyance has been filed with the Department by December 31 of the year following the calendar year of the conveyance. For filings by mail or a recognized commercial delivery service, the postmark or confirmation of shipment shall determine the date of filing. Solely for purposes of this condition, any application for which the Tax Commissioner has given written notice to the donor that the preparation of a second qualified appraisal is warranted shall be deemed timely filed, provided that the application was otherwise complete as of such filing deadline.

b. Beginning with calendar year 2008, the \$100 million amount contained in subdivision 4 a shall be increased by an amount equal to \$100 million multiplied by the percentage by which the consumer price index for all-urban consumers published by the United States Department of Labor (CPI-U) for the 12-month period ending August 31 of the preceding year exceeds the CPI-U for the 12-month period ending August 31, 2006.

c. Beginning with calendar year 2015, the maximum amount of credits that may be issued in a calendar year shall not exceed \$75 million. In no case shall the Department issue any tax credit for a donation from any allocation or pool of tax credits attributable to a calendar year prior to the year in which the complete tax credit application for the donation was filed.

Beginning with the submission due on or before December 20, 2015, and in each year thereafter, the Governor shall include in "The Budget Bill" submitted pursuant to subsection A of § 2.2-1509 or in his amendments to the general appropriation act in effect submitted pursuant to subsection E of § 2.2-1509 a recommended appropriation from the general fund equal to the difference between the amount calculated pursuant to subdivision b and \$75 million, but not more than \$20 million, to be allocated as follows: 80 percent to the Virginia Land Conservation Fund to be used in accordance with § 10.1-1020, with no less than 50 percent of such appropriation to be used for fee simple acquisitions with public access or acquisitions of easements with public access; 10 percent to the Virginia Battlefield Preservation Fund to be used in accordance with § 10.1-2202.4; and 10 percent to the Virginia Farmland Preservation Fund to be used in accordance with § 3.2-201.

5. a. Any taxpayer that has been issued a tax credit by the Department shall be allowed to use such credit for his or its taxable year that begins in the calendar year for which such credit was issued and for succeeding taxable years in accordance with the 10 consecutive taxable year carryforward provisions of this article, except for any taxpayer affected by the credit limitation for taxable years 2009, 2010, 2011, and 2015 and taxable years thereafter. Such a taxpayer shall be allowed to use such credit for his or its taxable year that begins in the calendar year for which such credit was issued and for succeeding taxable years in accordance with the 13 consecutive taxable year carryforward provisions of this article.

b. Any taxpayer to whom a credit has been transferred may use such credit for the taxable year in which the transfer occurred and unused amounts may be carried forward to succeeding taxable years, but in no event may such transferred credit be used more than 11 years after it was originally issued by the Department or in any taxable year of such taxpayer that ended prior to the date of transfer, except for any taxpayer affected by the credit limitation for taxable years 2009, 2010, 2011, and 2015 and taxable years thereafter. Such a taxpayer may use such credit for the taxable year in which the transfer occurred and unused amounts may be carried forward to succeeding taxable years, but in no event may such transferred credit be used more than 14 years after it was originally issued by the Department or in any taxable year of such taxpayer that ended prior to the date of transfer.

6. Neither the verification of conservation value by the Department of Conservation and Recreation nor the issuance of a credit by the Department of Taxation shall in any way be construed or interpreted as prohibiting the Department of Taxation or the Tax Commissioner from auditing any credit claimed pursuant to the provisions of this article or from assessing tax relating to the claiming of any credit under this article.

E. In any review or appeal before the Tax Commissioner or in any court in the Commonwealth the burden of proof shall be on the taxpayer to show that the fair market value and conservation value at the time of the qualified donation is consistent with this section and that all requirements of this article have been satisfied.

CHAPTER 650

An Act to allow closure of certain coal combustion residuals impoundments.

[H 2786]

Approved March 19, 2019

Be it enacted by the General Assembly of Virginia:

1. § 1. A. For the purposes of this section only:

"Carrying cost" means the cost associated with financing expenditures incurred but not yet recovered from the electric utility's customers, and shall be calculated by applying the electric utility's weighted average cost of debt and equity capital, as determined by the State Corporation Commission, with no additional margin or profit, to any unrecovered balances.

"CCR landfill" means an area of land or an excavation that receives CCR and is not a surface impoundment, underground injection well, salt dome formation, salt bed formation, underground or surface coal mine, or cave and that is owned or operated by an electric utility.

"CCR surface impoundment" means a natural topographic depression, man-made excavation, or diked area that (i) is designed to hold an accumulation of CCR and liquids; (ii) treats, stores, or disposes of CCR; and (iii) is owned or operated by an electric utility.

"CCR unit" means any CCR landfill, CCR surface impoundment, lateral expansion of a CCR unit, or combination of two or more such units that is owned by an electric utility. Notwithstanding the provisions of 40 C.F.R. Part 257, "CCR unit" also includes any CCR below the unit boundary of the CCR landfill or CCR surface impoundment.

"Coal combustion residuals" or "CCR" means fly ash, bottom ash, boiler slag, and flue gas desulfurization materials generated from burning coal for the purpose of generating electricity by an electric utility.

"Encapsulated beneficial use" means a beneficial use of CCR that binds the CCR into a solid matrix and minimizes its mobilization into the surrounding environment.

The above definitions shall be interpreted in a manner consistent with 40 C.F.R. Part 257, except as expressly provided herein.

B. The owner or operator of any CCR unit located within the Chesapeake Bay watershed at the Brema Power Station, Chesapeake Energy Center, Chesterfield Power Station, and Possum Point Power Station that ceased accepting CCR prior to July 1, 2019, shall complete closure of such unit by (i) removing all of the CCR in accordance with applicable standards established by Virginia Solid Waste Management Regulations (9VAC20-81) and (ii) either (a) beneficially reusing all such CCR in a recycling process for encapsulated beneficial use or (b) disposing of the CCR in a permitted landfill on the property upon which the CCR unit is located, adjacent to the property upon which the CCR unit is located, or off of the property on which the CCR unit is located, that includes, at a minimum, a composite liner and leachate collection system that meets or exceeds the federal Criteria for Municipal Solid Waste Landfills pursuant to 40 C.F.R. Part 258. The owner or operator shall beneficially reuse a total of no less than 6.8 million cubic yards in aggregate of such removed CCR from no fewer than two of the sites listed in this subsection where CCR is located.

C. The owner or operator shall complete the closure of any such CCR unit required by this section no later than 15 years after initiating the closure process at that CCR unit. During the closure process, the owner or operator shall, at its expense, offer to provide a connection to a municipal water supply, or where such connection is not feasible provide water testing, for any residence within one-half mile of the CCR unit.

D. Where closure pursuant to this section requires that CCR or CCR that has been beneficially reused be removed off-site, the owner or operator shall develop a transportation plan in consultation with any county, city, or town in which the CCR units are located and any county, city, or town within two miles of the CCR units that minimizes the impact of any transport of CCR on adjacent property owners and surrounding communities. The transportation plan shall include (i) alternative transportation options to be utilized, including rail and barge transport, if feasible, in combination with other transportation methods necessary to meet the closure timeframe established in subsection C, and (ii) plans for any transportation by truck, including the frequency of truck travel, the route of truck travel, and measures to control noise, traffic impact, safety, and fugitive dust caused by such truck travel. Once such transportation plan is completed, the owner or operator shall post it on a publicly accessible website. The owner or operator shall provide notice of the availability of the plan to the Department and the chief administrative officers of the consulting localities and shall publish such notice once in a newspaper of general circulation in such locality.

E. The owner or operator of any CCR unit subject to the provisions of subsection B shall accept and review proposals to beneficially reuse any CCR that are not subject to an existing contractual agreement to remove CCR pursuant to the provisions of subsection B every four years beginning July 1, 2022. Any entity submitting such a proposal shall provide information from which the owner or operator can determine (i) the amount of CCR that will be utilized for encapsulated beneficial use; (ii) the cost of such beneficial reuse of such CCR; and (iii) the guaranteed timeframe in which the CCR will be utilized.

F. In conducting closure activities described in subsection B, the owner or operator shall (i) identify options for utilizing local workers, (ii) consult with the Commonwealth's Chief Workforce Development Officer on opportunities to advance the Commonwealth's workforce goals, including furtherance of apprenticeship and other workforce training programs to develop the local workforce, and (iii) give priority to the hiring of local workers.

G. No later than October 1, 2022, and no less frequently than every two years thereafter until closure of all of its CCR units is complete, the owner or operator of any CCR unit subject to the provisions of subsection B shall compile the following two reports:

1. A report describing the owner's or operator's closure plan for all such CCR units; the closure progress to date, both per unit and in total; a detailed accounting of the amounts of CCR that have been and are expected to be beneficially reused from such units, both per unit and in total; a detailed accounting of the amounts of CCR that have been and are expected to be landfilled from such units, both per unit and in total; a detailed accounting of the utilization of transportation options and a transportation plan as required by subsection D; and a discussion of groundwater and surface water monitoring results and any measures taken to address such results as closure is being completed.

2. A report that contains the proposals and analysis for proposals required by subsection E.

The owner or operator shall post each such report on a publicly accessible website and shall submit each such report to the Governor, the Secretary of Natural Resources, the Chairman of the Senate Committee on Agriculture, Conservation and Natural Resources, the Chairman of the House Committee on Agriculture, Chesapeake and Natural Resources, the Chairman of the Senate Committee on Commerce and Labor, the Chairman of the House Committee on Commerce and Labor, and the Director.

H. All costs associated with closure of a CCR unit in accordance with this section shall be recoverable through a rate adjustment clause authorized by the State Corporation Commission (the Commission) under the provisions of subdivision A 5 e of § 56-585.1 of the Code of Virginia, provided that (i) when determining the reasonableness of such costs the Commission shall not consider closure in place of the CCR unit as an option; (ii) the annual revenue requirement recoverable through a rate adjustment clause authorized under this act, exclusive of any other rate adjustment clauses approved by the Commission under the provisions of subdivision A 5 e of § 56-585.1 of the Code of Virginia, shall not exceed \$225 million on a Virginia jurisdictional basis for the Commonwealth in any 12-month period, provided that any under-recovery amount of revenue requirements incurred in excess of \$225 million in a given 12-month period, limited to the under-recovery amount and the carrying cost, shall be deferred and recovered through the rate adjustment clause over up to three succeeding 12-month periods without regard to this limitation, and with the length of the amortization period being determined by the Commission; (iii) costs may begin accruing on July 1, 2019, but no approved rate adjustment clause charges shall be included in customer bills until July 1, 2021; (iv) any such costs shall be allocated to all customers of the utility in the Commonwealth as a non-bypassable charge, irrespective of the generation supplier of any such customer; and (v) any such costs that are allocated to the utility's system customers outside of the Commonwealth that are not actually recovered from such customers shall be included for cost recovery from jurisdictional customers in the Commonwealth through the rate adjustment clause.

I. Any electric public utility subject to the requirements of this section may, without regard for whether it has petitioned for any rate adjustment clause pursuant to subdivision A 5 e of § 56-585.1 of the Code of Virginia, petition the Commission for approval of a plan for CCR unit closure at any or all of its CCR unit sites listed in subsection B. Any such plan shall take into account site-specific conditions and shall include proposals to beneficially reuse no less than 6.8 million cubic yards of CCR in aggregate from no fewer than two of the sites listed in subsection B. The Commission shall issue its final order with regard to any such petition within six months of its filing, and in doing so shall determine whether the utility's plan for CCR unit closure, and the projected costs associated therewith, are reasonable and prudent, taking into account that closure in place of any CCR unit is not to be considered as an option. The Commission shall not consider plans that do not comply with subsection B of this act.

§ 2. Nothing in this act shall be construed to require additional beneficial reuse of CCR at any active coal-fired electric generation facility if such additional beneficial reuse results in a net increase in truck traffic on the public roads of the locality in which the facility is located as compared to such traffic during calendar year 2018.

§ 3. The Commonwealth shall not authorize any cost recovery by an owner or operator subject to the provisions of this act for any fines or civil penalties resulting from violations of federal and state law or regulation.

CHAPTER 651

An Act to allow closure of certain coal combustion residuals impoundments.

D. Where closure pursuant to this section requires that CCR or CCR that has been beneficially reused be removed off-site, the owner or operator shall develop a transportation plan in consultation with any county, city, or town in which the CCR units are located and any county, city, or town within two miles of the CCR units that minimizes the impact of any transport of CCR on adjacent property owners and surrounding communities. The transportation plan shall include (i) alternative transportation options to be utilized, including rail and barge transport, if feasible, in combination with other transportation methods necessary to meet the closure timeframe established in subsection C, and (ii) plans for any transportation by truck, including the frequency of truck travel, the route of truck travel, and measures to control noise, traffic impact, safety, and fugitive dust caused by such truck travel. The owner or operator shall provide notice of the availability of the plan to the Department and the chief administrative officers of the consulting localities and shall publish such notice once in a newspaper of general circulation in such locality.

E. The owner or operator of any CCR unit subject to the provisions of subsection B shall accept and review proposals to beneficially reuse any CCR that are not subject to an existing contractual agreement to remove CCR pursuant to the provisions of subsection B every four years beginning July 1, 2022. Any entity submitting such a proposal shall provide information from which the owner or operator can determine (i) the amount of CCR that will be utilized for encapsulated beneficial use; (ii) the cost of such beneficial reuse of such CCR; and (iii) the guaranteed timeframe in which the CCR will be utilized.

F. G. No later than October 1, 2022, and no less frequently than every two years thereafter until closure of all of its CCR units is complete, the owner or operator of any CCR unit subject to the provisions of subsection B shall compile the following two reports:

1. A report describing the owner's or operator's closure plan for all such CCR units; the closure progress to date, both per unit and in total; a detailed accounting of the amounts of CCR that have been and are expected to be beneficially reused from such units, both per unit and in total; a detailed accounting of the amounts of CCR that have been and are expected to be landfilled from such units, both per unit and in total; a detailed accounting of the utilization of transportation options and a transportation plan as required by subsection D; and a discussion of groundwater and surface water monitoring results and any measures taken to address such results as closure is being completed.

2. A report that contains the proposals and analysis for proposals required by subsection E.

The owner or operator shall post each such report on a publicly accessible website and shall submit each such report to the Governor, the Secretary of Natural Resources, the Chairman of the Senate Committee on Agriculture, Conservation and Natural Resources, the Chairman of the House Committee on Agriculture, Chesapeake and Natural Resources, the

Chairman of the Senate Committee on Commerce and Labor, the Chairman of the House Committee on Commerce and Labor, and the Director.

H. All costs associated with closure of a CCR unit in accordance with this section shall be recoverable through a rate adjustment clause authorized by the State Corporation Commission (the Commission) under the provisions of subdivision A 5 e of § 56-585.1 of the Code of Virginia, provided that (i) when determining the reasonableness of such costs the Commission shall not consider closure in place of the CCR unit as an option; (ii) the annual revenue requirement recoverable through a rate adjustment clause authorized under this act, exclusive of any other rate adjustment clauses approved by the Commission under the provisions of subdivision A 5 e of § 56-585.1 of the Code of Virginia, shall not exceed \$225 million on a Virginia jurisdictional basis for the Commonwealth in any 12-month period, provided that any under-recovery amount of revenue requirements incurred in excess of \$225 million in a given 12-month period, limited to the under-recovery amount and the carrying cost, shall be deferred and recovered through the rate adjustment clause over up to three succeeding 12-month periods without regard to this limitation, and with the length of the amortization period being determined by the Commission; (iii) costs may begin accruing on July 1, 2019, but no approved rate adjustment clause charges shall be included in customer bills until July 1, 2021; (iv) any such costs shall be allocated to all customers of the utility in the Commonwealth as a non-bypassable charge, irrespective of the generation supplier of any such customer; and (v) any such costs that are allocated to the utility's system customers outside of the Commonwealth that are not actually recovered from such customers shall be included for cost recovery from jurisdictional customers in the Commonwealth through the rate adjustment clause.

I. Any electric public utility subject to the requirements of this section may, without regard for whether it has petitioned for any rate adjustment clause pursuant to subdivision A 5 e of § 56-585.1 of the Code of Virginia, petition the Commission for approval of a plan for CCR unit closure at any or all of its CCR unit sites listed in subsection B. Any such plan shall take into account site-specific conditions and shall include proposals to beneficially reuse no less than 6.8 million cubic yards of CCR in aggregate from no fewer than two of the sites listed in subsection B. The Commission shall issue its final order with regard to any such petition within six months of its filing, and in doing so shall determine whether the utility's plan for CCR unit closure, and the projected costs associated therewith, are reasonable and prudent, taking into account that closure in place of any CCR unit is not to be considered as an option. The Commission shall not consider plans that do not comply with subsection B of this act.

§ 2. Nothing in this act shall be construed to require additional beneficial reuse of CCR at any active coal-fired electric generation facility if such additional beneficial reuse results in a net increase in truck traffic on the public roads of the locality in which the facility is located as compared to such traffic during calendar year 2018.

CHAPTER 652

An Act for the relief of Gary Linwood Bush.

[S 1477]

Approved March 19, 2019

Whereas, Gary Linwood Bush (Mr. Bush) spent almost 11 years in prison within the Virginia Department of Corrections for crimes he did not commit; and

Whereas, on October 6, 2006, a man wearing a baseball cap robbed the Bank of Southside Virginia on Crater Road in Petersburg, Virginia; and

Whereas, a bank teller and a bank manager both erroneously identified Mr. Bush as that man, with those identifications based on each glimpsing that man for a few seconds while he was looking down; and

Whereas, on November 8, 2006, a man robbed a BB&T bank at the Crossings Shopping Center in Prince George County; and

Whereas, a bank teller erroneously identified Mr. Bush as the man who robbed the bank, although she remembered that the man was wearing a baseball cap, and therefore she could only see the lower part of his face; and

Whereas, a construction worker who was working in the BB&T at the time of the robbery testified that he had seen Mr. Bush around town before and also erroneously identified Mr. Bush as the robber; and

Whereas, Mr. Bush denied any involvement in either robbery and testified at both trials that he was in other locations at the time of each robbery; and

Whereas, Mr. Bush provided a palm print sample that did not match the palm print found on the note used during the BB&T robbery; and

Whereas, Mr. Bush also provided a handwriting sample that could not be identified as the same handwriting found on the note used during the BB&T robbery; and

Whereas, in 2007, Mr. Bush was convicted of both robberies and sentenced to a combined 12 years' incarceration for the crimes; and

Whereas, on May 17, 2016, Christian Amos called the Prince George County police and asked to speak with someone about multiple bank robberies; and

Whereas, Christian Amos told a detective that he had robbed both the Bank of Southside Virginia in Petersburg and the BB&T in Prince George; and

Whereas, Christian Amos was unaware that another person had been convicted and incarcerated for those robberies; and

Whereas, Christian Amos at that time provided numerous details that matched those of the November 8, 2006, robbery of the BB&T in Prince George; and

Whereas, Christian Amos provided a handwriting sample that was strikingly similar to the handwriting found on the note used in the BB&T robbery; and

Whereas, Christian Amos pleaded guilty to the BB&T robbery on November 10, 2016, and his plea was accepted by the court; and

Whereas, Christian Amos was sentenced to 50 years' incarceration, with all but five years suspended, for the BB&T robbery; and

Whereas, on June 30, 2017, Christian Amos admitted in a declaration that he also committed the October 6, 2006, robbery of the Bank of Southside Virginia and provided accurate details of that robbery; and

Whereas, Mr. Bush filed petitions for actual innocence on December 15, 2017, based on newly discovered evidence and developments regarding the robberies in the form of the confession, guilty plea, conviction, and declaration of Christian Amos; and

Whereas, the Commonwealth of Virginia did not contest Mr. Bush's petitions before the Court of Appeals of Virginia and instead agreed that his petitions should be granted; and

Whereas, the Court of Appeals conducted an independent review of the petitions and evidence, notwithstanding the Commonwealth's concession of their merit; and

Whereas, the Court of Appeals found that Mr. Bush had proven his actual innocence claim by clear and convincing evidence as required by subsection A of § 19.2-327.11 of the Code of Virginia; and

Whereas, on May 22, 2018, the Court of Appeals granted both of Mr. Bush's petitions and issued writs of actual innocence for both robberies; and

Whereas, the Court of Appeals directed the circuit courts to immediately enter orders of expungement for both robberies; and

Whereas, Mr. Bush served almost the entirety of a combined 12-year sentence for robberies he did not commit; and

Whereas, Mr. Bush, as a result of his wrongful incarceration, lost almost 11 years of his freedom and countless life experiences and opportunities, including family relations, the opportunity to further his education, and the opportunity to earn potential income from gainful employment during his years of incarceration; and

Whereas, Mr. Bush has no other means to obtain adequate relief except by action of this body; now, therefore,

Be it enacted by the General Assembly of Virginia:

1. § 1. *That there is hereby appropriated from the general fund of the state treasury the sum of \$520,163 for the relief of Gary Linwood Bush, to be paid by check issued by the State Treasurer on warrant of the Comptroller upon execution of a release of all claims Mr. Bush may have against the Commonwealth or any agency, instrumentality, office, employee, or political subdivision in connection with the aforesaid occurrence.*

The compensation, subject to the execution of the release described herein, shall be paid as follows: (i) an initial lump sum of \$104,033 to be paid to Mr. Bush by check issued by the State Treasurer on warrant of the Comptroller within 60 days immediately following the execution of such release and (ii) the sum of \$416,130 to purchase an annuity no later than September 30, 2019, for the primary benefit of Mr. Bush, the terms of such annuity structured in Mr. Bush's best interests based on consultation among Mr. Bush or his representatives, the State Treasurer, and other necessary parties.

The State Treasurer shall purchase the annuity at the lowest cost available from any A+ rated company authorized to sell annuities in the Commonwealth, including any A+ rated company from which the State Lottery Department may purchase an annuity. The annuity shall provide that it shall not be sold, discounted, or used as securitization for loans and mortgages. The annuity shall, however, contain beneficiary provisions providing for the annuity's continued disbursement in the event of Mr. Bush's death.

§ 2. *That Mr. Bush shall be entitled to receive career and technical training within the Virginia Community College System free of tuition charges, up to a maximum of \$10,000. The cost for the tuition benefit shall be paid by the community college at which the career or technical training is provided. The tuition benefit provided by this section shall expire on January 1, 2024.*

2. That the provisions of § 8.01-195.12 of the Code of Virginia shall apply to any compensation awarded under this act.

CHAPTER 655

An Act to amend and reenact § 38.2-4509 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 38.2-3407.17:1, relating to contracts between carriers and providers of dental services; network access; payment and reimbursement practices.

[H 1682]

Approved March 21, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-4509 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 38.2-3407.17:1 as follows:

§ 38.2-3407.17:1. *Payment and reimbursement practices for dental services; network access.*

A. As used in this section, unless the context requires a different meaning:

"Brand licensing program" means the process of creating and managing contracts or agreements between a person who owns a brand and a third party who uses the brand in connection with the provision of insurance for dental services in a specific geographic territory.

"Carrier" means (i) any health carrier that proposes to issue individual or group health benefit plans that provide coverage for dental services, (ii) any nonstock corporation that offers or administers dental services plans as defined in § 38.2-4501, or (iii) a dental plan organization as defined in § 38.2-6101.

"Contracting entity" means a carrier or other person that enters into a provider contract with a provider.

"Enrollee" means any person entitled to coverage for dental services (i) under an individual or group health benefit plan that provides coverage for dental services, (ii) under a dental services plan, or (iii) under a dental plan organization.

"Health benefit plan" and "health carrier" have the meaning ascribed to those terms in § 38.2-3438.

"Network plan" means coverage by a carrier for dental services under which the financing and delivery of dental services are provided, in whole or in part, through a defined set of providers under contract with the carrier.

"Participating provider" means a provider that has entered into a provider contract with a contracting entity.

"Preferred provider organization" or "PPO" means a health benefit plan that contracts with providers to create a network of participating providers that have agreed to provide dental services at contracted rates to the PPO's enrollees.

"PPO network" means the multiple provider contracts available to a person pursuant to a PPO network arrangement.

"PPO network arrangement" means an arrangement under which the contracting entity or third-party administrator sells, conveys, or otherwise transfers to a person the ability to discount payments or reimbursements to a provider pursuant to the terms of multiple provider contracts to which the contracting entity or third-party administrator is a direct party.

"Provider" means a dentist or oral surgeon licensed to provide covered dental services to an enrollee.

"Provider contract" means an agreement between a contracting entity and a provider pursuant to which the provider agrees to provide dental services to an enrollee in exchange for payment or reimbursement of an agreed-upon amount.

"Third-party administrator" means a person that administers, processes, handles, or pays claims to providers on behalf of a carrier.

"Third-party carrier" means a carrier that is not a party to a provider contract. "Third-party carrier" includes a network plan under which the carrier is not a party to such provider contract.

B. A contracting entity or third-party administrator shall not sell, lease, assign, or otherwise grant to a third-party carrier access as provided in a provider contract unless:

1. The contracting entity or third-party administrator is expressly authorized to do so by the provider contract. A provider contract shall expressly authorize access as provided in a provider contract only if the provider contract explicitly states that the selling, leasing, assigning, or granting of access as provided in a provider contract is permitted; and

2. The contracting entity or third-party administrator has notified, pursuant to § 38.2-3407.15, all of the affected participating providers that a third-party carrier is being granted access as provided in a provider contract of the participating provider. Such notification shall be sent to the affected participating provider either (i) by first-class mail in an envelope not containing any other enclosure or (ii) if the participating provider has agreed in advance with the contracting entity or third-party administrator to authorize communication by electronic means, by such means.

C. If the requirements of subsection B are satisfied, the contracting entity or third-party administrator may sell, lease, assign, or otherwise grant to a third-party carrier access as provided in a provider contract.

D. Each third-party carrier that is granted access as provided in a provider contract in accordance with subdivision B 1 to have dental services provided by a participating provider to enrollees of the third-party carrier under the terms of a provider contract shall:

1. Abide by the fee schedule set forth in the provider contract applicable to the enrollee that is in effect on the date treatment was rendered to the third-party carrier's enrollee by the provider. However, if the provider has a contract directly with the entity to whom the contract is sold, leased, or assigned, then the fee schedule in such contract shall apply; and

2. Disclose the name of the participating provider in all directories, websites, or other forms of communications by which the third-party carrier advises or directs its enrollees to providers with which the third-party carrier contracted directly. Such disclosure shall be made in a manner that displays the same information and font size that the third-party

carrier makes available to its enrollees about the providers with which the third-party carrier contracted directly as it does about the providers for which it has been granted access as provided in a provider contract.

E. The contracting entity or carrier shall inform participating providers, upon request, which network plans have been granted access to the contract by the contracting entity.

F. A contracting entity or third-party administrator that sells, leases, assigns, or otherwise grants access as provided in a provider contract shall:

1. Maintain a website and a toll-free telephone number through which a participating provider may obtain information that identifies each third-party carrier or other person to which access has been granted as provided in a provider contract to which the participating provider is a party; and

2. Ensure that remittance advice furnished to the participating provider that delivers the dental services under the contract identifies the contract source relied upon to discount a payment or reimbursement to the provider. Such remittance advice shall also include (i) the name of the provider, contracting entity, and third-party administrator with whom the contract was originally negotiated and (ii) a calculation of how the payment or reimbursement was determined.

G. All third-party carriers that have contracted with the contracting entity to purchase, lease, be assigned, or otherwise be granted access as provided in a provider contract to the participating provider's services, payment, or reimbursement rate shall comply with the participating provider's contract, including all requirements to encourage enrollees to access the participating provider, or to pay or reimburse the participating provider pursuant to the rates and payment methodology at the time treatment is rendered as set forth in the contract, unless otherwise agreed to by the participating provider.

H. A third-party carrier may comply with this section by providing enrollees with an identification card that (i) identifies the carrier to be used to pay or reimburse the participating provider for the covered dental services and (ii) identifies the contracting entity through which the third-party carrier has obtained access. A contracting entity or third-party carrier or administrator may provide the information described in clauses (i) and (ii) through an electronic equivalent or provider portal if the participating provider has agreed to electronic communications as provided for in subdivision B 2. The remittance advice shall include the information described in clauses (i) and (ii).

I. This section shall not apply to access as provided in a provider contract that is granted or permitted to an entity operating under the same brand licensing program, including authorized affiliates, provided that the third-party carrier or third-party administrator adheres to all terms, provisions, and conditions of the provider contract and administers such terms, provisions, and conditions in accordance with the member's contract. A listing of all affiliates shall be available to the provider under the provisions of subsection E or subdivision F 1.

J. The Commission shall have no jurisdiction to adjudicate controversies arising out of this section.

For individuals receiving services from a community services board or behavioral health authority, a "qualified assessor" is an employee or designee of the community services board or behavioral health authority.

"Supportive housing" means a residential setting with access to supportive services for an auxiliary grant recipient in which tenancy as described in subsection B of § 37.2-421.1 is provided or facilitated by a provider licensed to provide mental health community support services, intensive community treatment, programs of assertive community treatment, supportive in-home services, or supervised living residential services that has entered into an agreement with the Department of Behavioral Health and Developmental Services pursuant to § 37.2-421.1.

B. The Commissioner is authorized to prepare and implement, effective with repeal of Titles I, X, and XIV of the Social Security Act, a plan for a state and local funded auxiliary grants program to provide assistance to certain individuals who (i) are ineligible for benefits under Title XVI of the Social Security Act, as amended, or for whom benefits provided under Title XVI of the Social Security Act, as amended, are not sufficient to maintain the minimum standards of need established by regulations promulgated by the Commissioner and (ii) reside in supportive housing, an assisted living facility licensed by the Department of Social Services pursuant to Chapter 17 (§ 63.2-1700 et seq.) of Title 63.2, or an adult foster care home approved by a local board of social services pursuant to § 63.2-1601. The plan shall be in effect in all political subdivisions in the Commonwealth and shall be administered in conformity with regulations of the Commissioner.

Nothing herein is to be construed to affect any such section as it relates to Temporary Assistance for Needy Families, general relief, or services to persons eligible for assistance under P.L. 92-603.

E. In order to receive an auxiliary grant while residing in *supportive housing* or an assisted living facility, an individual shall have been evaluated by a case manager or other qualified assessor using the uniform assessment instrument to determine his need for residential living care upon admission and annually thereafter, or whenever there is a change in the individual's condition that appears to warrant a change in the resident's approved level of care. An individual may select, *subject to availability, supportive housing* or an assisted living facility pending evaluation and assessment or as allowed by regulations of the Commissioner. ~~At the time of the first or any subsequent annual reassessment, the individual may select supportive housing or an assisted living facility, subject to the evaluation and reassessment of the individual and availability of the selected housing option. In such cases, the individual may continue to receive an auxiliary grant while residing in~~

G. Assisted living facilities, adult foster care homes, and supportive housing providers providing services to auxiliary grant recipients may accept payments made by third parties for services provided to an auxiliary grant recipient, and the Department shall not include such payments as income for the purpose of determining eligibility for or calculating the amount of an auxiliary grant, provided that the payment is made:

1. Directly to the assisted living facility, adult foster care home, or supportive housing provider by the third party on behalf of the auxiliary grant recipient;

2. Voluntarily by the third party, and not in satisfaction of a condition of admission, stay, or provision of proper care and services to the auxiliary grant recipient, unless the auxiliary grant recipient's physical needs exceed the services required to be provided by the assisted living facility or supportive housing provider as a condition of participation in the auxiliary grant program pursuant to subsection D; and

3. For specific goods and services provided to the auxiliary grant recipient other than food, shelter, or specific goods or services required to be provided by the assisted living facility, adult foster care home, or supportive housing provider as a condition of participation in the auxiliary grant program pursuant to subsection D.

H. Assisted living facilities, adult foster care homes, and supportive housing providers shall document all third-party payments received on behalf of an auxiliary grant recipient, including the source and amount of the payment and the goods and services for which such payments are to be used. Documentation related to the third-party payments shall be provided to the Department upon request.

I. Assisted living facilities, adult foster care homes, and supportive housing providers shall provide each auxiliary grant recipient with a written list of the goods and services that are covered by the auxiliary grant pursuant to subsection D, including a clear statement that the facility, home, or provider may not charge an auxiliary grant recipient or the recipient's family additional amounts for goods or services included on such list.

5. That the Department of Medical Assistance Services, if it deems an amendment is necessary, shall seek to amend the state plan for medical assistance under Title XIX of the Social Security Act, and any waivers thereof, to implement the necessary changes pursuant to the provisions of this act. The Department of Medical Assistance Services shall have authority to implement such changes upon approval by the Centers for Medicare and Medicaid Services and prior to the completion of the regulatory process.

6. That the number of auxiliary grant recipients in the supportive housing setting shall not exceed 90.

7. That notwithstanding the sixth enactment of this act, if the waiting list for supportive housing for auxiliary grant recipients maintained by the Department of Behavioral Health and Developmental Services consists of 30 individuals or more on October 1, 2020, then the maximum number of auxiliary grant recipients in supportive housing shall be increased to 120.

Voluntarily by the third party, and not in satisfaction of a condition of admission, stay, or provision of proper care and services to the auxiliary grant recipient, unless the auxiliary grant recipient's physical needs exceed the services required to be provided by the assisted living facility or supportive housing provider as a condition of participation in the auxiliary grant program pursuant to subsection D; and

3. For specific goods and services provided to the auxiliary grant recipient other than food, shelter, or specific goods or services required to be provided by the assisted living facility, adult foster care home, or supportive housing provider as a condition of participation in the auxiliary grant program pursuant to subsection D.

H. Assisted living facilities, adult foster care homes, and supportive housing providers shall document all third-party payments received on behalf of an auxiliary grant recipient, including the source and amount of the payment and the goods and services for which such payments are to be used. Documentation related to the third-party payments shall be provided to the Department upon request.

I. Assisted living facilities, adult foster care homes, and supportive housing providers shall provide each auxiliary grant recipient with a written list of the goods and services that are covered by the auxiliary grant pursuant to subsection D, including a clear statement that the facility, home, or provider may not charge an auxiliary grant recipient or the recipient's family additional amounts for goods or services included on such list.

2. That the Commissioner for Aging and Rehabilitative Services shall promulgate regulations to implement the provisions of this act to be effective within 180 days of its enactment.

4. That the provisions of this act shall not become effective if they conflict with any federal law or regulation or any guidance document provided by the U.S. Social Security Administration.

6. That the number of auxiliary grant recipients in the supportive housing setting shall not exceed 90.

7. That notwithstanding the sixth enactment of this act, if the waiting list for supportive housing for auxiliary grant recipients maintained by the Department of Behavioral Health and Developmental Services consists of 30 individuals or more on October 1, 2020, then the maximum number of auxiliary grant recipients in supportive housing shall be increased to 120.

CHAPTER 659

An Act to amend and reenact §§ 2.2-1130, 2.2-1153, 2.2-1156, 2.2-1157, 10.1-1122, and 36-139.1 of the Code of Virginia, relating to the Department of General Services; surplus property; opportunity for economic development entities to purchase prior to public sale.

[H 2182]

Approved March 21, 2019

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-1130, 2.2-1153, 2.2-1156, 2.2-1157, 10.1-1122, and 36-139.1 of the Code of Virginia are amended and reenacted as follows:

§ 2.2-1130. Care of Virginia War Memorial Carillon.

A. Notwithstanding the provisions of subsections B and C of § 2.2-1129, the Director of the Department and the City of Richmond shall enter into an agreement that would allow the City to permit the use of or access to the Virginia War Memorial Carillon for such short-term events as the City deems appropriate. The agreement (i) may allow the City to charge and collect a fee for such use and to retain any such fee and (ii) shall require the City to provide a report by December 1 of each year to the Director of the Department, in a form approved by the Director, detailing (a) the funds collected by the City for use of the Carillon for the preceding year; (b) the funds made available to the City from all sources; and (c) the City's expenditures for upkeep, maintenance, and improvement of the facility.

B. Notwithstanding the provisions of subsection H of § 2.2-1156 or any other law to the contrary, the proceeds from the lease or other conveyance of an interest in the Virginia War Memorial Carillon by the Department shall be paid to the City to be applied with other City funds for the cost of upkeep, maintenance, and improvement of the Virginia War Memorial Carillon. The proceeds are hereby appropriated and shall be paid by the Comptroller to the City as soon as practicable after receipt by the Commonwealth.

C. All funds retained by the City or transferred to the City in accordance with this section and all fees collected by the City from use of or access to the Virginia War Memorial Carillon shall be paid into the City's treasury to the credit of a special fund that shall be used by the City solely for the upkeep, maintenance, and improvement of the Virginia War Memorial Carillon. Use of the special fund for any other purpose is prohibited.

D. Nothing in this section shall abrogate the obligations of the City of Richmond to provide for the upkeep and maintenance of the Carillon.

§ 2.2-1153. State agencies and institutions to notify Department of property not used or required; criteria.

A. Whenever any department, agency or institution of state government possesses or has under its control state-owned or leased property that is not being used to full capacity or is not required for the programs of the department, agency or institution, it shall so notify the Department. Such notification shall be in a form and manner prescribed by the Department. Each department, agency and institution shall submit to the Department a land use plan for state-owned property it possesses or has under its control showing present and planned uses of such property. Such plan shall be approved by the cognizant board or governing body of the department, agency or institution holding title to or otherwise controlling the state-owned property or the agency head in the absence of a board or governing body, with a recommendation on whether any property should be declared surplus by the department, agency or institution. Development of such land use plans shall be based on guidelines promulgated by the Department. The guidelines shall provide that each land use plan shall be updated and copies provided to the Department by September 1 of each year. The Department may exempt properties that are held and used for conservation purposes from the requirements of this section. The Department shall review the land use plans, the records and inventory required pursuant to subsections B and C of § 2.2-1136 and such other information as may be necessary and determine whether the property or any portion thereof should be declared surplus to the needs of the Commonwealth. By October 1 of each year, the Department shall provide a report to the Chairmen of the House Appropriations and Senate Finance Committees setting forth the Department's findings, the sale or marketing of properties

identified pursuant to this section, and recommending any actions that may be required by the Governor and the General Assembly to identify and dispose of property not being efficiently and effectively utilized. The Department shall provide a listing of surplus properties on the Department's website. The description of surplus property shall include parcel identification consistent with national spatial data standards in addition to a street address.

Until permanent disposition of the property determined to be surplus is effected, the property shall continue to be maintained by the department, agency or institution possessing or controlling it, unless upon the recommendation of the Department, the Governor authorizes the transfer of the property to the possession or control of the Department. In this event, the department, agency or institution formerly possessing or controlling the property shall have no further interest in it.

B. The Department shall establish criteria for ascertaining whether property under the control of a department, agency or institution should be classified as "surplus" to its current or proposed needs. Such criteria shall provide that the cognizant board or governing body, if any, of the department, agency or institution holding the title to or otherwise controlling the state-owned property, or the agency head in the absence of a board or governing body, shall approve the designation of the property as surplus.

C. Notwithstanding the provisions of subsection A:

1. The property known as College Woods, which includes Lake Matoaka and is possessed and controlled by a college founded in 1693, regardless of whether such property has been declared surplus pursuant to this section, shall not be transferred or disposed of without the approval of the board of visitors of such college by a two-thirds vote of all board members at a regularly scheduled board meeting. The General Assembly shall also approve the disposal or transfer.

2. Surplus real property valued at less than \$5 million that is possessed and controlled by a public institution of higher education may be sold by such institution, provided that (i) at least 45 days prior to executing a contract for the sale of such property, the institution gives written notification to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees; and (ii) the Governor may postpone the sale at any time up to 10 days prior to the proposed date of sale. Such sale may be effected by public auction, sealed bids, or by marketing through one or more Virginia licensed real estate brokers after satisfying the public notice provisions of subsection ~~A~~ *D* of § 2.2-1156. The terms of all negotiations resulting in such sale shall be public information. The public institution of higher education may retain the proceeds from the sale of such property if the property was acquired by nongeneral funds. If the institution originally acquired the property through a mix of general and nongeneral funds, 50 percent of the proceeds shall be distributed to the institution and 50 percent shall be distributed to the State Park Conservation Resources Fund established under subsection A of § 10.1-202. The authority of a public institution of higher education to sell surplus real property described under this subdivision or to retain any proceeds from the sale of such property shall be subject to the institution meeting the conditions prescribed in subsection A of § 23.1-1002 and § 23.1-1019 (regardless of whether or not the institution has been granted any authority under Article 4 (§ 23.1-1004 et seq.) of Chapter 10 of Title 23.1).

§ 2.2-1156. Sale or lease of surplus property and excess building space.

A. The Department shall identify real property assets that are surplus to the current and reasonably anticipated future needs of the Commonwealth and may dispose of surplus assets as provided in this section, except when a department, agency or institution notifies the Department of a need for property ~~which~~ *that* has been declared surplus, and the Department finds that stated need to be valid and best satisfied by the use of the property.

~~A.~~ *B.* After it determines the property to be surplus to the needs of the Commonwealth and that such property should be sold, the Department shall request the written opinion of the Secretary of Natural Resources as to whether the property is a significant component of the Commonwealth's natural or historic resources, and if so how those resources should be protected in the sale of the property. The Secretary of Natural Resources shall provide this review within 15 business days of receipt of full information from the Department. Within 120 days of receipt of the Secretary's review, the Department shall, with the prior written approval of the Governor, proceed to sell the property.

~~B.~~ *C.* Upon receipt of the Secretary's review under subsection B and prior to offering the surplus property for sale to the public, the Department shall notify the chief administrative officer of the locality within which the property is located as well as any economic development entity for such locality of the pending disposition of such property. The chief administrative officer or local economic development entity shall have up to 180 days from the date of such notification to submit a proposal to the Department for the use by the locality or the local economic development entity of such property in conjunction with a bona fide economic development activity. The Department shall review such proposal, and if the Department determines that such proposal is viable and could benefit the Commonwealth, the Department may negotiate with the chief administrative officer or the local economic development entity for the sale of such property to the locality or economic development entity. If no agreement is reached between the Department and the chief administrative officer or the local economic development entity for the sale of the property, or if no proposal for the use of the property is submitted to the Department by the chief administrative officer or the local economic development entity within 180 days of notification of the pending disposition of the property, the Department may proceed to dispose of the property as provided in this section.

~~The~~ *D.* If the surplus property is not disposed of pursuant to subsection C, the sale shall be by public auction, or sealed bids, or by marketing through one or more real estate brokers licensed by the Commonwealth. Notice of the date, time and place of sale, if by public auction or sealed bids shall be given by advertisement in at least two newspapers published and having general circulation in the Commonwealth, at least one of which shall have general circulation in the county or city in

which the property to be sold is located. At least ~~thirty~~ 30 days shall elapse between publication of the notice and the auction or the date on which sealed bids will be opened.

~~C.~~ E. In instances where the appraised value of property proposed to be sold is determined to be a nominal amount or an amount insufficient to warrant statewide advertisement, but in no event in excess of \$250,000, the notice of sale may be placed in only one newspaper having general circulation in the county or city in which the property to be sold is located.

~~D.~~ F. The Department may reject any and all bids or offers when, in the opinion of the Department, the price is inadequate in relation to the value of the property, the proposed terms are unacceptable, or if a need has been found for the property.

~~E.~~ G. In lieu of the sale of any such property, or in the event the Department determines there is space within a building owned by the Commonwealth or any space leased by the Commonwealth in excess of current and reasonably anticipated needs, the Department may, with the approval of the Governor, lease or sublease such property or space to any responsible person, firm or corporation on such terms as shall be approved by the Governor, provided, however, that the authority herein to sublease space leased by the Commonwealth shall be subject to the terms of the original lease. The Department may with the approval of the Governor permit charitable organizations exempt from taxation under § 501(c)(3) of the Internal Revenue Code that provide addiction recovery services to lease or sublease such property or space at cost and on such terms as shall be approved by the Governor, provided such use is deemed appropriate.

The Department shall post reports from the Commonwealth's statewide electronic procurement system, known as eVA, on the Department's website. The report shall include, at a minimum, current leasing opportunities and sales of surplus real property posted on the eVA's Virginia Business Opportunities website. Such reports shall also be made available by electronic subscription. The provisions of this section requiring disposition of property through the medium of sealed bids, public auction, or marketing through licensed real estate brokers shall not apply to any lease thereof, although such procedures may be followed in the discretion of the Department.

~~F.~~ H. The deed, lease, or sublease conveying the property or excess space shall be executed in the name of the Commonwealth and shall be in a form approved by the Attorney General. Notwithstanding any law to the contrary and notwithstanding how title to the property was acquired, the deed or lease may be executed on behalf of the Commonwealth by the Director of the Department or his designee, and such action shall not create a cloud on the title to the property. The terms of the sale, lease, or sublease shall be subject to the written approval of the Governor.

~~G.~~ I. An exception to sale by sealed bids, public auction, or listing the property with a licensed real estate broker may be granted by the Governor if the property is landlocked and inaccessible from a public road or highway. In such cases, the Department shall notify all adjacent landowners of the Commonwealth's desire to dispose of the property. After the notice has been given, the Department may begin negotiations for the sale of the property with each interested adjacent landowner. The Department, with the approval of the Governor, may accept any offer ~~which~~ that it deems to be fair and adequate consideration for the property. In all cases, the offer shall be the best offer made by any adjacent landowner. The terms of all negotiations shall be public information.

~~H.~~ J. Subject to any law to the contrary, 50 percent of the proceeds from all sales or leases, or from the conveyance of any interest in property under the provisions of this article, above the costs of the transaction, which costs shall include fees or commissions, if any, negotiated with and paid to auctioneers or real estate brokers, shall be paid into the State Park Acquisition and Development Fund, so long as the sales or leases pertain to general fund agencies or the property involved was originally acquired through the general fund, except as provided in Chapter 180 of the Acts of Assembly of 1966. The remaining 50 percent of proceeds involving general fund sales or leases, less a pro rata share of any costs of the transactions, shall be deposited in the general fund of the state treasury. The Department of Planning and Budget shall develop guidelines ~~which~~ that allow, with the approval of the Governor, any portion of the deposit in the general fund to be credited to the agency, department or institution having control of the property at the time it was determined surplus to the Commonwealth's needs. Any amounts so credited to an agency, department or institution may be used, upon appropriation, to supplement maintenance reserve funds or capital project appropriations, or for the acquisition, construction or improvement of real property or facilities. Net proceeds from sales or leases of special fund agency properties or property acquired through a gift for a specific purpose shall be retained by the agency or used in accordance with the original terms of the gift. Notwithstanding the foregoing, income from leases or subleases above the cost of the transaction shall first be applied to rent under the original lease and to the cost of maintenance and operation of the property. The remaining funds shall be distributed as provided herein.

~~I.~~ K. When the Department deems it to be in the best interests of the Commonwealth, it may, with the approval of the Governor, authorize the department, institution or agency in possession or control of the property to dispose of surplus property in accordance with the procedures set forth in this section.

§ 2.2-1157. Exploration for and extraction of minerals on state-owned uplands.

A. The Department of Mines, Minerals and Energy, in cooperation with the Division, shall develop, with the assistance of affected state agencies, departments, and institutions, a State Minerals Management Plan (the Plan). The Plan shall include provisions for the holding of public hearings and the public advertising for competitive bids or proposals for mineral exploration, leasing, and extraction activities on state-owned uplands. Sales of mineral exploration permits and leases for these lands shall be administered by the Division, with the advice of the Department of Mines, Minerals and Energy.

B. Upon receiving the recommendation of both the Director of the Department of General Services and the Director of the Department of Mines, Minerals and Energy, the Governor shall determine whether the proposed mineral exploration,

leasing, or extraction of minerals on state-owned uplands is in the public interest. No state-owned uplands shall be approved for mineral exploration, leasing, or extraction without a public hearing in the locality where the affected land or the greater portion thereof is located and a competitive bid or proposal process as described in the Plan. The provisions of this section shall not apply to the extraction of minerals on state-owned uplands pursuant to an oil or gas pooling order unless the well through which the extraction will occur is situated on such land.

For purposes of this section, "state-owned uplands" means lands owned by the Commonwealth that (i) lie landward of the mean low water mark in tidal areas or (ii) have an elevation above the average surface water level in nontidal areas.

C. The agencies, departments, or institutions proposing or receiving applications for mineral exploration, leasing or extraction on state-owned uplands shall, through their boards or commissions, recommend ~~as specified in subsection D of § 2.2-1156~~ all such activities to the Division following guidelines set forth in the Plan. The Division and the Department of Mines, Minerals and Energy shall review and recommend to the Governor such proposed activities. Such agencies, departments or institutions, through their boards or commissions, may execute the leases or contracts that have been approved by the Governor.

D. The proceeds from all such sales or leases above the costs of the sale to the Department of Mines, Minerals and Energy or to the agency, department or institution sponsoring the sale shall be paid into the general fund of the state treasury, so long as the sales or leases pertain to general fund agencies or the property involved was originally acquired through the general fund. Net proceeds from sales or leases of special-fund agency properties or property acquired through a gift shall be retained by such agency or institution or used in accordance with the original terms of the gift if so stated.

E. Mining, leasing, and extraction activities in state-owned submerged lands shall be authorized and administered by the Virginia Marine Resources Commission pursuant to *Title 28.5* (§ 28.2-100 et seq.).

§ 10.1-1122. Management, harvesting, sale of timber on state-owned land.

A. The Department in cooperation with the Division of Engineering and Buildings shall develop a forest management plan for state-owned lands with the assistance of affected state agencies, departments and institutions.

B. Prior to the sale of timber from state-owned lands, the proposed sale shall be first approved by the Department and by the Division of Engineering and Buildings. The Department shall make or arrange for all sales so approved and shall deposit all proceeds to the credit of the Fund, except that when sales are made from timber on land held by special fund agencies or the Department of Military Affairs, or from timber on land ~~which~~ *that* is gift property specified in subsection ~~H J~~ of § 2.2-1156, the Department shall deposit in the Fund only so much of the proceeds as are needed to defray the cost of the sale and to implement the forestry management plan on that particular tract of land. The remainder of the proceeds from such a sale shall then be paid over to the special fund agency concerned, the Department of Military Affairs, or the agency or institution holding the gift properties, to be used for the purposes of that agency, department, or institution.

§ 36-139.1. Sale of real property for housing demonstration projects.

The Director is authorized to sell surplus real property belonging to the Commonwealth ~~which~~ *that* is placed under the control of the Department for the purpose of establishing owner-occupied residential housing demonstration projects, with the prior written approval of the Governor or his designee, who shall first consider the written recommendation of the Director of the Department of General Services. The methods, terms and conditions of sale shall be developed in cooperation with the Department of General Services. Any contract of sale or deed of conveyance shall be approved as to form by the Attorney General or one of his deputies or assistant attorneys general. The proceeds from all such sales shall be handled in the manner prescribed in subsection ~~H J~~ of § 2.2-1156.

CHAPTER 660

An Act to amend and reenact §§ 2.2-1130, 2.2-1153, 2.2-1156, 2.2-1157, 10.1-1122, and 36-139.1 of the Code of Virginia, relating to the Department of General Services; surplus property; opportunity for economic development entities to purchase prior to public sale.

[S 1681]

Approved March 21, 2019

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-1130, 2.2-1153, 2.2-1156, 2.2-1157, 10.1-1122, and 36-139.1 of the Code of Virginia are amended and reenacted as follows:

§ 2.2-1130. Care of Virginia War Memorial Carillon.

A. Notwithstanding the provisions of subsections B and C of § 2.2-1129, the Director of the Department and the City of Richmond shall enter into an agreement that would allow the City to permit the use of or access to the Virginia War Memorial Carillon for such short-term events as the City deems appropriate. The agreement (i) may allow the City to charge and collect a fee for such use and to retain any such fee and (ii) shall require the City to provide a report by December 1 of each year to the Director of the Department, in a form approved by the Director, detailing (a) the funds collected by the City for use of the Carillon for the preceding year; (b) the funds made available to the City from all sources; and (c) the City's expenditures for upkeep, maintenance, and improvement of the facility.

B. Notwithstanding the provisions of subsection ~~H J~~ of § 2.2-1156 or any other law to the contrary, the proceeds from the lease or other conveyance of an interest in the Virginia War Memorial Carillon by the Department shall be paid to the

City to be applied with other City funds for the cost of upkeep, maintenance, and improvement of the Virginia War Memorial Carillon. The proceeds are hereby appropriated and shall be paid by the Comptroller to the City as soon as practicable after receipt by the Commonwealth.

C. All funds retained by the City or transferred to the City in accordance with this section and all fees collected by the City from use of or access to the Virginia War Memorial Carillon shall be paid into the City's treasury to the credit of a special fund that shall be used by the City solely for the upkeep, maintenance, and improvement of the Virginia War Memorial Carillon. Use of the special fund for any other purpose is prohibited.

D. Nothing in this section shall abrogate the obligations of the City of Richmond to provide for the upkeep and maintenance of the Carillon.

§ 2.2-1153. State agencies and institutions to notify Department of property not used or required; criteria.

A. Whenever any department, agency or institution of state government possesses or has under its control state-owned or leased property that is not being used to full capacity or is not required for the programs of the department, agency or institution, it shall so notify the Department. Such notification shall be in a form and manner prescribed by the Department. Each department, agency and institution shall submit to the Department a land use plan for state-owned property it possesses or has under its control showing present and planned uses of such property. Such plan shall be approved by the cognizant board or governing body of the department, agency or institution holding title to or otherwise controlling the state-owned property or the agency head in the absence of a board or governing body, with a recommendation on whether any property should be declared surplus by the department, agency or institution. Development of such land use plans shall be based on guidelines promulgated by the Department. The guidelines shall provide that each land use plan shall be updated and copies provided to the Department by September 1 of each year. The Department may exempt properties that are held and used for conservation purposes from the requirements of this section. The Department shall review the land use plans, the records and inventory required pursuant to subsections B and C of § 2.2-1136 and such other information as may be necessary and determine whether the property or any portion thereof should be declared surplus to the needs of the Commonwealth. By October 1 of each year, the Department shall provide a report to the Chairmen of the House Appropriations and Senate Finance Committees setting forth the Department's findings, the sale or marketing of properties identified pursuant to this section, and recommending any actions that may be required by the Governor and the General Assembly to identify and dispose of property not being efficiently and effectively utilized. The Department shall provide a listing of surplus properties on the Department's website. The description of surplus property shall include parcel identification consistent with national spatial data standards in addition to a street address.

Until permanent disposition of the property determined to be surplus is effected, the property shall continue to be maintained by the department, agency or institution possessing or controlling it, unless upon the recommendation of the Department, the Governor authorizes the transfer of the property to the possession or control of the Department. In this event, the department, agency or institution formerly possessing or controlling the property shall have no further interest in it.

B. The Department shall establish criteria for ascertaining whether property under the control of a department, agency or institution should be classified as "surplus" to its current or proposed needs. Such criteria shall provide that the cognizant board or governing body, if any, of the department, agency or institution holding the title to or otherwise controlling the state-owned property, or the agency head in the absence of a board or governing body, shall approve the designation of the property as surplus.

C. Notwithstanding the provisions of subsection A:

1. The property known as College Woods, which includes Lake Matoaka and is possessed and controlled by a college founded in 1693, regardless of whether such property has been declared surplus pursuant to this section, shall not be transferred or disposed of without the approval of the board of visitors of such college by a two-thirds vote of all board members at a regularly scheduled board meeting. The General Assembly shall also approve the disposal or transfer.

2. Surplus real property valued at less than \$5 million that is possessed and controlled by a public institution of higher education may be sold by such institution, provided that (i) at least 45 days prior to executing a contract for the sale of such property, the institution gives written notification to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees; and (ii) the Governor may postpone the sale at any time up to 10 days prior to the proposed date of sale. Such sale may be effected by public auction, sealed bids, or by marketing through one or more Virginia licensed real estate brokers after satisfying the public notice provisions of subsection A D of § 2.2-1156. The terms of all negotiations resulting in such sale shall be public information. The public institution of higher education may retain the proceeds from the sale of such property if the property was acquired by nongeneral funds. If the institution originally acquired the property through a mix of general and nongeneral funds, 50 percent of the proceeds shall be distributed to the institution and 50 percent shall be distributed to the State Park Conservation Resources Fund established under subsection A of § 10.1-202. The authority of a public institution of higher education to sell surplus real property described under this subdivision or to retain any proceeds from the sale of such property shall be subject to the institution meeting the conditions prescribed in subsection A of § 23.1-1002 and § 23.1-1019 (regardless of whether or not the institution has been granted any authority under Article 4 (§ 23.1-1004 et seq.) of Chapter 10 of Title 23.1).

§ 2.2-1156. Sale or lease of surplus property and excess building space.

A. The Department shall identify real property assets that are surplus to the current and reasonably anticipated future needs of the Commonwealth and may dispose of surplus assets as provided in this section, except when a department,

agency or institution notifies the Department of a need for property ~~which~~ that has been declared surplus, and the Department finds that stated need to be valid and best satisfied by the use of the property.

~~A.~~ *B.* After it determines the property to be surplus to the needs of the Commonwealth and that such property should be sold, the Department shall request the written opinion of the Secretary of Natural Resources as to whether the property is a significant component of the Commonwealth's natural or historic resources, and if so how those resources should be protected in the sale of the property. The Secretary of Natural Resources shall provide this review within 15 business days of receipt of full information from the Department. Within 120 days of receipt of the Secretary's review, the Department shall, with the prior written approval of the Governor, proceed to sell the property.

~~B.~~ *C.* Upon receipt of the Secretary's review under subsection B and prior to offering the surplus property for sale to the public, the Department shall notify the chief administrative officer of the locality within which the property is located as well as any economic development entity for such locality of the pending disposition of such property. The chief administrative officer or local economic development entity shall have up to 180 days from the date of such notification to submit a proposal to the Department for the use by the locality or the local economic development entity of such property in conjunction with a bona fide economic development activity. The Department shall review such proposal, and if the Department determines that such proposal is viable and could benefit the Commonwealth, the Department may negotiate with the chief administrative officer or the local economic development entity for the sale of such property to the locality or economic development entity. If no agreement is reached between the Department and the chief administrative officer or the local economic development entity for the sale of the property, or if no proposal for the use of the property is submitted to the Department by the chief administrative officer or the local economic development entity within 180 days of notification of the pending disposition of the property, the Department may proceed to dispose of the property as provided in this section.

~~The~~ *D.* If the surplus property is not disposed of pursuant to subsection C, the sale shall be by public auction, or sealed bids, or by marketing through one or more real estate brokers licensed by the Commonwealth. Notice of the date, time and place of sale, if by public auction or sealed bids shall be given by advertisement in at least two newspapers published and having general circulation in the Commonwealth, at least one of which shall have general circulation in the county or city in which the property to be sold is located. At least ~~thirty~~ 30 days shall elapse between publication of the notice and the auction or the date on which sealed bids will be opened.

~~E.~~ *E.* In instances where the appraised value of property proposed to be sold is determined to be a nominal amount or an amount insufficient to warrant statewide advertisement, but in no event in excess of \$250,000, the notice of sale may be placed in only one newspaper having general circulation in the county or city in which the property to be sold is located.

~~F.~~ *F.* The Department may reject any and all bids or offers when, in the opinion of the Department, the price is inadequate in relation to the value of the property, the proposed terms are unacceptable, or if a need has been found for the property.

~~G.~~ *G.* In lieu of the sale of any such property, or in the event the Department determines there is space within a building owned by the Commonwealth or any space leased by the Commonwealth in excess of current and reasonably anticipated needs, the Department may, with the approval of the Governor, lease or sublease such property or space to any responsible person, firm or corporation on such terms as shall be approved by the Governor; provided, however, that the authority herein to sublease space leased by the Commonwealth shall be subject to the terms of the original lease. The Department may with the approval of the Governor permit charitable organizations exempt from taxation under § 501(c)(3) of the Internal Revenue Code that provide addiction recovery services to lease or sublease such property or space at cost and on such terms as shall be approved by the Governor, provided such use is deemed appropriate.

The Department shall post reports from the Commonwealth's statewide electronic procurement system, known as eVA, on the Department's website. The report shall include, at a minimum, current leasing opportunities and sales of surplus real property posted on the eVA's Virginia Business Opportunities website. Such reports shall also be made available by electronic subscription. The provisions of this section requiring disposition of property through the medium of sealed bids, public auction, or marketing through licensed real estate brokers shall not apply to any lease thereof, although such procedures may be followed in the discretion of the Department.

~~H.~~ *H.* The deed, lease, or sublease conveying the property or excess space shall be executed in the name of the Commonwealth and shall be in a form approved by the Attorney General. Notwithstanding any law to the contrary and notwithstanding how title to the property was acquired, the deed or lease may be executed on behalf of the Commonwealth by the Director of the Department or his designee, and such action shall not create a cloud on the title to the property. The terms of the sale, lease, or sublease shall be subject to the written approval of the Governor.

~~I.~~ *I.* An exception to sale by sealed bids, public auction, or listing the property with a licensed real estate broker may be granted by the Governor if the property is landlocked and inaccessible from a public road or highway. In such cases, the Department shall notify all adjacent landowners of the Commonwealth's desire to dispose of the property. After the notice has been given, the Department may begin negotiations for the sale of the property with each interested adjacent landowner. The Department, with the approval of the Governor, may accept any offer ~~which~~ that it deems to be fair and adequate consideration for the property. In all cases, the offer shall be the best offer made by any adjacent landowner. The terms of all negotiations shall be public information.

~~J.~~ *J.* Subject to any law to the contrary, 50 percent of the proceeds from all sales or leases, or from the conveyance of any interest in property under the provisions of this article, above the costs of the transaction, which costs shall include fees

or commissions, if any, negotiated with and paid to auctioneers or real estate brokers, shall be paid into the State Park Acquisition and Development Fund, so long as the sales or leases pertain to general fund agencies or the property involved was originally acquired through the general fund, except as provided in Chapter 180 of the Acts of Assembly of 1966. The remaining 50 percent of proceeds involving general fund sales or leases, less a pro rata share of any costs of the transactions, shall be deposited in the general fund of the state treasury. The Department of Planning and Budget shall develop guidelines ~~which~~ that allow, with the approval of the Governor, any portion of the deposit in the general fund to be credited to the agency, department or institution having control of the property at the time it was determined surplus to the Commonwealth's needs. Any amounts so credited to an agency, department or institution may be used, upon appropriation, to supplement maintenance reserve funds or capital project appropriations, or for the acquisition, construction or improvement of real property or facilities. Net proceeds from sales or leases of special fund agency properties or property acquired through a gift for a specific purpose shall be retained by the agency or used in accordance with the original terms of the gift. Notwithstanding the foregoing, income from leases or subleases above the cost of the transaction shall first be applied to rent under the original lease and to the cost of maintenance and operation of the property. The remaining funds shall be distributed as provided herein.

✚ K. When the Department deems it to be in the best interests of the Commonwealth, it may, with the approval of the Governor, authorize the department, institution or agency in possession or control of the property to dispose of surplus property in accordance with the procedures set forth in this section.

§ 2.2-1157. Exploration for and extraction of minerals on state-owned uplands.

A. The Department of Mines, Minerals and Energy, in cooperation with the Division, shall develop, with the assistance of affected state agencies, departments, and institutions, a State Minerals Management Plan (the Plan). The Plan shall include provisions for the holding of public hearings and the public advertising for competitive bids or proposals for mineral exploration, leasing, and extraction activities on state-owned uplands. Sales of mineral exploration permits and leases for these lands shall be administered by the Division, with the advice of the Department of Mines, Minerals and Energy.

B. Upon receiving the recommendation of both the Director of the Department of General Services and the Director of the Department of Mines, Minerals and Energy, the Governor shall determine whether the proposed mineral exploration, leasing, or extraction of minerals on state-owned uplands is in the public interest. No state-owned uplands shall be approved for mineral exploration, leasing, or extraction without a public hearing in the locality where the affected land or the greater portion thereof is located and a competitive bid or proposal process as described in the Plan. The provisions of this section shall not apply to the extraction of minerals on state-owned uplands pursuant to an oil or gas pooling order unless the well through which the extraction will occur is situated on such land.

For purposes of this section, "state-owned uplands" means lands owned by the Commonwealth that (i) lie landward of the mean low water mark in tidal areas or (ii) have an elevation above the average surface water level in nontidal areas.

C. The agencies, departments, or institutions proposing or receiving applications for mineral exploration, leasing or extraction on state-owned uplands shall, through their boards or commissions, recommend ~~as specified in subsection D of § 2.2-1156~~ all such activities to the Division following guidelines set forth in the Plan. The Division and the Department of Mines, Minerals and Energy shall review and recommend to the Governor such proposed activities. Such agencies, departments or institutions, through their boards or commissions, may execute the leases or contracts that have been approved by the Governor.

D. The proceeds from all such sales or leases above the costs of the sale to the Department of Mines, Minerals and Energy or to the agency, department or institution sponsoring the sale shall be paid into the general fund of the state treasury, so long as the sales or leases pertain to general fund agencies or the property involved was originally acquired through the general fund. Net proceeds from sales or leases of special-fund agency properties or property acquired through a gift shall be retained by such agency or institution or used in accordance with the original terms of the gift if so stated.

E. Mining, leasing, and extraction activities in state-owned submerged lands shall be authorized and administered by the Virginia Marine Resources Commission pursuant to *Title 28.2* (§ 28.2-100 et seq.).

§ 10.1-1122. Management, harvesting, sale of timber on state-owned land.

A. The Department in cooperation with the Division of Engineering and Buildings shall develop a forest management plan for state-owned lands with the assistance of affected state agencies, departments and institutions.

B. Prior to the sale of timber from state-owned lands, the proposed sale shall be first approved by the Department and by the Division of Engineering and Buildings. The Department shall make or arrange for all sales so approved and shall deposit all proceeds to the credit of the Fund, except that when sales are made from timber on land held by special fund agencies or the Department of Military Affairs, or from timber on land ~~which~~ that is gift property specified in subsection ~~H~~ J of § 2.2-1156, the Department shall deposit in the Fund only so much of the proceeds as are needed to defray the cost of the sale and to implement the forestry management plan on that particular tract of land. The remainder of the proceeds from such a sale shall then be paid over to the special fund agency concerned, the Department of Military Affairs, or the agency or institution holding the gift properties, to be used for the purposes of that agency, department, or institution.

§ 36-139.1. Sale of real property for housing demonstration projects.

The Director is authorized to sell surplus real property belonging to the Commonwealth ~~which~~ that is placed under the control of the Department for the purpose of establishing owner-occupied residential housing demonstration projects, with the prior written approval of the Governor or his designee, who shall first consider the written recommendation of the Director of the Department of General Services. The methods, terms and conditions of sale shall be developed in

cooperation with the Department of General Services. Any contract of sale or deed of conveyance shall be approved as to form by the Attorney General or one of his deputies or assistant attorneys general. The proceeds from all such sales shall be handled in the manner prescribed in subsection ~~H~~ J of § 2.2-1156.

CHAPTER 663

An Act to amend and reenact § 54.1-2400.2 of the Code of Virginia, relating to Department of Health Professions and health regulatory boards; information obtained in an investigation or disciplinary proceeding; authorized disclosures.

[H 2556]

Approved March 21, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-2400.2 of the Code of Virginia is amended and reenacted as follows:

§ 54.1-2400.2. Confidentiality of information obtained during an investigation or disciplinary proceeding; penalty.

A. Any reports, information or records received and maintained by the Department of Health Professions or any health regulatory board in connection with possible disciplinary proceedings, including any material received or developed by a board during an investigation or proceeding, shall be strictly confidential. The Department of Health Professions or a board may only disclose such confidential information:

1. In a disciplinary proceeding before a board or in any subsequent trial or appeal of an action or order, or to the respondent in entering into a confidential consent agreement under § 54.1-2400;

2. To regulatory authorities concerned with granting, limiting or denying licenses, certificates or registrations to practice a health profession, including the coordinated licensure information system, as defined in § 54.1-3040.2;

3. To hospital committees concerned with granting, limiting or denying hospital privileges if a final determination regarding a violation has been made;

4. Pursuant to an order of a court of competent jurisdiction for good cause arising from extraordinary circumstances being shown;

5. To qualified personnel for bona fide research or educational purposes, if personally identifiable information relating to any person is first deleted. Such release shall be made pursuant to a written agreement to ensure compliance with this section; or

6. To the Health Practitioners' Monitoring Program within the Department of Health Professions in connection with health practitioners who apply to or participate in the Program.

B. In no event shall confidential information received, maintained or developed by the Department of Health Professions or any board, or disclosed by the Department of Health Professions or a board to others, pursuant to this section, be available for discovery or court subpoena or introduced into evidence in any civil action. This section shall not, however, be construed to inhibit an investigation or prosecution under Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2.

C. Any claim of a physician-patient or practitioner-patient privilege shall not prevail in any investigation or proceeding by any health regulatory board acting within the scope of its authority. The disclosure, however, of any information pursuant to this provision shall not be deemed a waiver of such privilege in any other proceeding.

D. This section shall not prohibit the Director of the Department of Health Professions, after consultation with the relevant health regulatory board president or his designee, from disclosing to the Attorney General, or the appropriate attorney for the Commonwealth, investigatory information which indicates a possible violation of any provision of criminal law, including the laws relating to the manufacture, distribution, dispensing, prescribing or administration of drugs, other than drugs classified as Schedule VI drugs and devices, by any individual regulated by any health regulatory board.

E. This section shall not prohibit the Director of the Department of Health Professions from disclosing matters listed in subdivision A 1, A 2, or A 3 of § 54.1-2909; from making the reports of aggregate information and summaries required by § 54.1-2400.3; or from disclosing the information required to be made available to the public pursuant to § 54.1-2910.1.

F. This section shall not prohibit the Director of the Department of Health Professions, following consultation with the relevant health regulatory board president or his designee, from disclosing information about a suspected violation of state or federal law or regulation to other agencies within the Health and Human Resources Secretariat or to *state or federal law-enforcement agencies having jurisdiction over the suspected violation or requesting an inspection or investigation of a licensee by such state or federal agency when the Director has reason to believe that a possible violation of federal or state or federal law has occurred.* Such disclosure shall not exceed the minimum information necessary to permit the state or federal agency having jurisdiction over the suspected violation of state or federal law to conduct an inspection or investigation. Disclosures by the Director pursuant to this subsection shall not be limited to requests for inspections or investigations of licensees. Nothing in this subsection shall require the Director to make any disclosure. Nothing in this section shall permit any agency to which the Director makes a disclosure pursuant to this section to re-disclose any information, reports, records, or materials received from the Department.

G. Whenever a complaint or report has been filed about a person licensed, certified, or registered by a health regulatory board, the source and the subject of a complaint or report shall be provided information about the investigative and disciplinary procedures at the Department of Health Professions. Prior to interviewing a licensee who is the subject of a complaint or report, or at the time that the licensee is first notified in writing of the complaint or report, whichever shall occur first, the licensee shall be provided with a copy of the complaint or report and any records or supporting documentation, unless such provision would materially obstruct a criminal or regulatory investigation. If the relevant board concludes that a disciplinary proceeding will not be instituted, the board may send an advisory letter to the person who was the subject of the complaint or report. The relevant board may also inform the source of the complaint or report (i) that an investigation has been conducted, (ii) that the matter was concluded without a disciplinary proceeding, (iii) of the process the board followed in making its determination, and (iv), if appropriate, that an advisory letter from the board has been communicated to the person who was the subject of the complaint or report. In providing such information, the board shall inform the source of the complaint or report that he is subject to the requirements of this section relating to confidentiality and discovery.

H. Orders and notices of the health regulatory boards relating to disciplinary actions, other than confidential exhibits described in subsection K, shall be disclosed. Information on the date and location of any disciplinary proceeding, allegations against the respondent, and the list of statutes and regulations the respondent is alleged to have violated shall be provided to the source of the complaint or report by the relevant board prior to the proceeding. The source shall be notified of the disposition of a disciplinary case.

I. This section shall not prohibit investigative staff authorized under § 54.1-2506 *or investigative staff of any other agency to which disclosure of information about a suspected violation of state or federal law or regulation is authorized by subsection F* from interviewing fact witnesses, disclosing to fact witnesses the identity of the subject of the complaint or report, or reviewing with fact witnesses any portion of records or other supporting documentation necessary to refresh the fact witnesses' recollection.

J. Any person found guilty of the unlawful disclosure of confidential information possessed by a health regulatory board shall be guilty of a Class 1 misdemeanor.

K. In disciplinary actions in which a practitioner is or may be unable to practice with reasonable skill and safety to patients and the public because of a mental or physical disability, a health regulatory board shall consider whether to disclose and may decide not to disclose in its notice or order the practitioner's health records, as defined in § 32.1-127.1:03, or his health services, as defined in § 32.1-127.1:03. Such information may be considered by the relevant board in a closed hearing in accordance with subdivision A 16 of § 2.2-3711 and included in a confidential exhibit to a notice or order. The public notice or order shall identify, if known, the practitioner's mental or physical disability that is the basis for its determination. In the event that the relevant board, in its discretion, determines that this subsection should apply, information contained in the confidential exhibit shall remain part of the confidential record before the relevant board and is subject to court review under the Administrative Process Act (§ 2.2-4000 et seq.) and to release in accordance with this section.

§ 54.1-3410. When pharmacist may sell and dispense drugs.

A. A pharmacist, acting in good faith, may sell and dispense drugs and devices to any person pursuant to a prescription of a prescriber as follows:

1. A drug listed in Schedule II shall be dispensed only upon receipt of a written prescription that is properly executed, dated and signed by the person prescribing on the day when issued and bearing the full name and address of the patient for whom, or of the owner of the animal for which, the drug is dispensed, and the full name, address, and registry number under the federal laws of the person prescribing, if he is required by those laws to be so registered. If the prescription is for an animal, it shall state the species of animal for which the drug is prescribed;

2. In emergency situations, Schedule II drugs may be dispensed pursuant to an oral prescription in accordance with the Board's regulations;

3. Whenever a pharmacist dispenses any drug listed within Schedule II on a prescription issued by a prescriber, he shall affix to the container in which such drug is dispensed, a label showing the prescription serial number or name of the drug; the date of initial filling; his name and address, or the name and address of the pharmacy; the name of the patient or, if the patient is an animal, the name of the owner of the animal and the species of the animal; the name of the prescriber by whom the prescription was written, except for those drugs dispensed to a patient in a hospital pursuant to a chart order; and such directions as may be stated on the prescription.

B. A drug controlled by Schedules III through VI or a device controlled by Schedule VI shall be dispensed upon receipt of a written or oral prescription as follows:

1. If the prescription is written, it shall be properly executed, dated and signed by the person prescribing on the day when issued and bear the full name and address of the patient for whom, or of the owner of the animal for which, the drug is dispensed, and the full name and address of the person prescribing. If the prescription is for an animal, it shall state the species of animal for which the drug is prescribed.

2. If the prescription is oral, the prescriber shall furnish the pharmacist with the same information as is required by law in the case of a written prescription for drugs and devices, except for the signature of the prescriber.

A pharmacist who dispenses a Schedule III through VI drug or device shall label the drug or device as required in subdivision A 3 of this section.

C. A drug controlled by Schedule VI may be refilled without authorization from the prescriber if, after reasonable effort has been made to contact him, the pharmacist ascertains that he is not available and the patient's health would be in imminent danger without the benefits of the drug. The refill shall be made in compliance with the provisions of § 54.1-3411.

If the written or oral prescription is for a Schedule VI drug or device and does not contain the address or registry number of the prescriber, or the address of the patient, the pharmacist need not reduce such information to writing if such information is readily retrievable within the pharmacy.

D. Pursuant to authorization of the prescriber, an agent of the prescriber on his behalf may orally transmit a prescription for a drug classified in Schedules III through VI if, in such cases, the written record of the prescription required by this subsection specifies the full name of the agent of the prescriber transmitting the prescription.

"Carrier" has the same meaning ascribed thereto in subsection A of § 38.2-3407.15.

"Clerical error" means any clerical or recordkeeping error or omission, such as typographical errors, scrivener's errors, or computer errors, in the keeping, recording, handling, or transcribing of pharmacy records. "Clerical error" does not include any clerical or recordkeeping error or omission that results in an overpayment by a carrier or its intermediary or the dispensing of a prescription in breach of applicable law or regulation.

"Fraud" means a knowingly or willfully false act of misrepresentation or an act in deliberate ignorance of the truth or falsity of the information as evidenced by a review of claims data, evaluation of provider statements, physical review of pharmacy records, or use of similar investigative methods by the carrier or its intermediary.

"Onsite audit" means an audit conducted at the physical location of the pharmacy, the physical location of its corporate offices, or the physical location of its records.

"Overpayment" means a payment by the carrier or its intermediary to the pharmacy provider that is greater than the rate or amount the provider is entitled to under the provider contract or applicable fee schedule.

"Pharmacy record" means a patient record, signature or delivery log, or prescription, including written, phoned-in, faxed, or electronic prescriptions, whether original or substitute, that complies with applicable law and regulation.

"Provider contract" has the same meaning ascribed thereto in subsection A of § 38.2-3407.15.

B. Any contract between a carrier and its intermediary, pursuant to which the intermediary has the right or obligation to conduct audits of participating pharmacy providers, and any provider contract between a carrier and a participating pharmacy provider or its contracting agent, pursuant to which the carrier has the right or obligation to conduct audits of participating pharmacy providers, shall contain specific provisions that prohibit the carrier or intermediary, in the absence of fraud, from recouping amounts calculated from or arising out of any of the following:

1. Probability sampling, extrapolation, or other mathematical or statistical methods that allegedly project an error;
2. Clerical errors by the participating pharmacy provider;
3. An act or omission of the participating pharmacy provider that was not specifically prohibited or required by the provider contract when the claim was adjudicated unless the act or omission was a violation of applicable law or regulation;
4. The refusal of a carrier or its intermediary to consider during an audit or audit appeal a pharmacy record in electronic form to validate a claim;
5. Dispensing fees or interest on the claim, except in the event of an overpayment, if the prescription was dispensed in accordance with applicable law or regulation;

6. Any claim authorized and dispensed more than 24 months prior to the date of the audit unless the claim is adjusted at the direction of the Commission, except that this time period shall be tolled while the denial of the claim is being appealed;

7. An alleged breach of auditing requirements if they are not the same as the requirements that the carrier or intermediary applies to other participating pharmacy providers in the same setting;

8. The refusal of the carrier or its intermediary to consider during an audit or audit appeal a pharmacy record, a prescriber or patient verification, or a prescriber record to validate a claim; or

9. The alleged failure of the participating pharmacy provider to supply during an audit or audit appeal a pharmacy record not specifically identified in the provider contract.

C. Any (i) contract between a carrier and its intermediary pursuant to which the intermediary has the right or obligation to conduct audits of participating pharmacy providers and (ii) provider contract between a carrier and a participating pharmacy provider or its contracting agent pursuant to which the carrier has the right or obligation to conduct audits of participating pharmacy providers, shall contain the following terms and provisions relating to audits, which shall apply in the absence of fraud:

1. The initial onsite audit shall give the pharmacy written notice at least 14 days before conducting the initial audit for each audit cycle and shall disclose the specific prescription numbers to be included in the audit. The carrier or intermediary may mask the last two digits of such numbers. A pharmacy shall have at least 72 hours after receiving the written notice of an onsite audit to request a five business-day extension of the proposed audit date. A pharmacy making such a request shall be granted at least five additional business days and shall cooperate with the auditor to establish an alternative date.

2. Unless otherwise consented to by the pharmacy, an onsite audit shall not be initiated or scheduled during the first five calendar days of any month, or on a Monday and shall not involve the auditing of more than one location of the pharmacy at any particular time.

3. No onsite audit of a particular pharmacy location on behalf of a particular carrier shall occur more than once in a 12-month period.

4. Each pharmacy shall be audited under the same standards and parameters as every other similarly situated pharmacy. Any documentation and records required by an auditor during an audit shall be of the same type as the documentation and records required for all other similarly situated pharmacies.

5. Any audit issues that involve clinical or professional judgment shall be conducted by a pharmacist who has available for consultation a pharmacist licensed by the Commonwealth.

6. Each audit shall be conducted by a field agent who possesses the requisite knowledge and experience in pharmacy practice.

7. Audits shall be conducted in the Commonwealth in compliance with federal and state laws, rules, and regulations, including regulations adopted by the Board of Pharmacy.

8. Prescriptions shall be considered valid prescriptions if they are compliant with the then-current Board of Pharmacy rules and regulations and have been successfully adjudicated upon a clean claim submission. Carrier restrictions shall be addressed during the claims adjudication process either through the rejection of the clean claim or a rejection of the clean claim with direction to obtain a prior authorization and shall not be the basis for a retrospective recoupment of a paid claim.

9. Electronic records, including electronic beneficiary signature logs, electronic tracking of prescriptions, electronic prescriber prescription transmissions and imagery of hard copy prescriptions, electronically scanned store and patient records maintained at or accessible to the offices of an audited pharmacy's central operations, and any other reasonably clear and accurate electronic documentation shall be acceptable for auditing under the same terms, conditions, and validation and for the same purposes as their paper analogs. Point of sale electronic register data shall qualify as proof of delivery to the patient, provided that the auditor can validate the receipt on the basis of the patient data included.

10. A pharmacy may use the historical records of a hospital, physician, or other authorized practitioner of the healing arts for drugs or medicinal supplies written and transmitted by any documented means of communication for purposes of validating the pharmacy record with respect to orders or refills of a legend or narcotic drug.

11. Validation and documentation at the time of dispensing of appropriate days' supply and drug dosing shall be based on manufacturer guidelines and definitions or, in the case of topical products or titrated products, based on the professional judgment of the pharmacist in communication with the patient or prescriber.

12. A pharmacy's usual and customary price for compounded medications is considered the reimbursable cost unless the pricing methodology is published in the provider contract and signed by both parties or their agents.

13. A carrier or its intermediary shall not make charge backs or seek recoupment from a pharmacy, or assess or collect penalties from a pharmacy, until the time period for filing an appeal to an initial audit report has passed or until the appeals process has been exhausted, whichever is later. If the identified discrepancy for a single audit exceeds \$25,000, future payments in excess of that amount may be withheld pending adjudication of an appeal.

14. The preliminary audit report shall (i) be delivered to the pharmacy or its pharmacy corporate office within 60 calendar days, with reasonable extensions allowed, after conclusion of the audit and (ii) contain claim level information for any discrepancy found and total dollar amount of claims subject to recovery.

15. A pharmacy shall be allowed at least 60 calendar days following receipt of the preliminary audit report in which to produce documentation to address any discrepancy found during an audit or to file an appeal.

16. A final audit report containing claim level information for any discrepancy found and total dollar amount of claims subject to recovery shall be delivered to the pharmacy or its pharmacy corporate office (i) within 90 calendar days after the audited pharmacy's receipt of the preliminary audit report, if the audited pharmacy does not file an appeal or offers no documentation to address a discrepancy found during an audit, or (ii) within 60 calendar days after the auditing entity receives the audited pharmacy's appeal or documentation to address a discrepancy.

17. A carrier or its intermediary shall not recover from the pharmacy payment of claims that is identified through the audit process to be the responsibility of another payer.

18. No recoupment of amounts paid to a pharmacy for any claim shall be made solely on the basis of a prescriber's or patient's lack of response to a request made by a carrier or its intermediary.

19. A carrier or its intermediary shall issue its initial audit findings in conformity with the laws of the Commonwealth.

20. A carrier or its intermediary shall not retroactively deny a claim (i) more than one year after the date of payment of the claim if the reason for denial would be patient ineligibility or (ii) at any time if the carrier or its intermediary verified the patient's eligibility at the time of dispensing and provided an authentication number to the pharmacy.

D. Any contract between a carrier and its intermediary, pursuant to which the intermediary has the right or obligation to conduct audits of participating pharmacy providers, and any provider contract between a carrier and a participating pharmacy provider or its contracting agent, pursuant to which the carrier has the right or obligation to conduct audits of participating pharmacy providers, shall contain specific provisions that prohibit the carrier or intermediary, in the absence of fraud by the participating pharmacy provider, from terminating or failing to renew the contractual relationship with a participating pharmacy provider for invoking its rights under any contractual provision required to be contained in the contract pursuant to subsection B or C.

~~D~~ E. The Commission shall have no jurisdiction to adjudicate individual controversies arising out of this section.

~~E~~ F. This section shall apply with respect to contracts described in subsection B or ~~E~~ D entered into, amended, extended, or renewed on or after January 1, 2015, *except that the provisions of subsection C shall apply with respect to contracts described in subsection B or D entered into, amended, extended, or renewed on or after January 1, 2020.*

"Average" means mean, median, or mode.

"Comparable health care service" means any (i) physical and occupational therapy service, (ii) radiology and imaging service, (iii) laboratory service, (iv) infusion therapy service, and (v) at the discretion of the health carrier, other health care service, provided that with respect to any service described in clauses (i) through (v) the service (a) is a covered non-emergency health care service or bundle of health care services provided by a network provider and (b) is a service for which the health carrier has not demonstrated that the allowed amount variation among participating providers is less than \$50.

"Covered person" means a policyholder, subscriber, participant, or other individual covered by a health benefit plan.

"Health benefit plan" means a policy, contract, certificate, or agreement offered by a health carrier in the small group market to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services. "Health benefit plan" does not include the "excepted benefits" as defined in § 38.2-3431. "Health benefit plan" does not include any health insurance plan administered by the Department of Human Resource Management, including the health coverage offered to state employees pursuant to § 2.2-2818; health insurance coverage offered to employees of local governments, local officers, teachers, and retirees, and the dependents of such employees, local officers, teachers and retirees pursuant to § 2.2-1204; or health insurance coverage provided under the Line of Duty Act (§ 9.1-400 et seq.).

"Network provider" means a health care provider that has contracted with the health carrier, or with its contractor or subcontractor, to provide health care services to covered persons as a member of a network.

"Out-of-pocket costs" means any copayment, deductible, or coinsurance that is the responsibility of the covered person with respect to a covered health care service.

"Program" means the comparable health care service incentive program established by a health carrier pursuant to this article.

"Small group market" means the health insurance market under which individuals obtain health insurance coverage, directly or through any arrangement, on behalf of themselves and their dependents through a group health plan maintained by a small employer.

§ 38.2-3462. Comparable Health Care Service Incentive Program.

A. Beginning with health benefit plans offered or renewed on or after January 1, 2021, each health carrier offering a health benefit plan in the Commonwealth shall develop and implement a program that provides incentives for covered persons in its health benefit plan who elect to receive a comparable health care service that is covered by the health benefit plan from health care providers that are paid less than the average in-network allowed amount paid or payable by that health carrier to network providers for that comparable health care service. A health carrier may base the average paid to a network provider on what that health carrier pays to providers in the network applicable to the covered person's specific health benefit plan, or across all of its health benefit plans offered in the Commonwealth.

B. Incentives may include, but are not limited to, cash payments, gift cards, or credits or reductions of premiums, copayments, or deductibles. Health carriers may let covered persons decide which method they prefer to receive the incentive.

C. The incentive program shall provide covered persons with an incentive for each service or category of comparable health care service resulting from comparison shopping by covered persons. A health carrier is not required to provide a payment or credit to a covered person when the health carrier's saved cost is \$25 or less.

D. A health carrier shall determine the allowed amount paid or payable by that health carrier to network providers for that comparable health care service on the basis of the average allowed amount for the procedure or service under the covered person's health benefit plan. Such determination shall be made on the basis of the average of the allowed amounts using data collected over a reasonable period not to exceed one year. A health carrier may determine an alternate methodology for calculating the average allowed amount if approved by the Commission. A health carrier shall, at minimum, inform covered persons of their eligibility for an incentive payment and the process to request the average allowed amount for a procedure or service on the health carrier's website and in health benefit plan materials.

E. Eligibility for an incentive payment may require a covered person to demonstrate, through reasonable documentation such as a quote from the health care provider, that the covered person shopped prior to receiving care from the health care provider who charges less for the comparable health care service than the average allowed amount paid or payable by that health carrier. Health carriers shall provide additional mechanisms for the covered person to satisfy this requirement by utilizing the health carrier's cost transparency website or toll-free number, established under this article.

F. Each health carrier shall make the program available as a component of all small group health benefit plans offered by the health carrier in the Commonwealth. Annually at enrollment or renewal, each health carrier shall provide to any covered person who is enrolled in a small group health benefit plan eligible for the program (i) notice about the availability of the program, (ii) a description of the incentives available to a covered person, (iii) instructions on how to earn such incentives, and (iv) notification that tax treatment of the shared savings amounts or awards will be compliant with the rules of the Internal Revenue Service and treated as taxable income.

G. A comparable health care service incentive payment made by a health carrier in accordance with this section shall not constitute an administrative expense of the health carrier for rate development or rate filing purposes.

H. Prior to offering the program to any covered person, a health carrier shall file with the Commission a description of the program in the manner determined by the Commission. The description shall include a demonstration by the health carrier that the program is cost-effective, including any data relied upon by the health carrier in making such determination. The Commission may review the filing made by the health carrier to determine if the health carrier's program complies with the requirements of this article.

I. A health carrier may petition the Commission to be excluded from participation in the program. The Commission shall exempt from the program a health plan with a limited provider network that demonstrates that the network is

incompatible with a shared savings program. In making its determination, the Commission shall consider the impact on premiums related to the administration of the program.

J. Annually by April 1, each health carrier shall file with the Commission, for the most recent calendar year, the total number of comparable health care service incentive payments made pursuant to this article, the use of comparable health care services by category of service for which comparable health care service incentives are made, the total payments made to covered persons, the average amount of incentive payments made by service for such transactions, the total savings achieved below the average allowed amount by service for such transactions, and the total number and percentage of a health carrier's covered persons in small group health benefit plans that participated in such transactions.

K. Beginning no later than 18 months after implementation of comparable health care service incentive programs under this section and annually by November 1 of each year thereafter, the Commission shall submit an aggregate report for all health carriers filing the information required by this section to the chairs of the House and Senate Committees on Commerce and Labor.

§ 38.2-3463. Health care price transparency tools.

Beginning with health benefit plans offered or renewed on or after July 1, 2020, each health carrier offering a health benefit plan in the Commonwealth shall comply with the following requirements:

1. A health carrier shall establish an interactive mechanism on its website that enables a covered person to request and obtain from the health carrier the estimated out-of-pocket cost to the covered person for comparable health care services from network providers, as well as quality data for those providers, to the extent available. The interactive mechanism shall allow a covered person seeking information about the cost of a comparable health care service to compare estimated out-of-pocket costs applicable to that covered person's health benefit plan. The out-of-pocket estimate shall provide a good faith estimate of the amount the covered person will be responsible to pay out-of-pocket for a proposed comparable health care service or service that is a medically necessary covered benefit from a health carrier's network provider, including any copayment, deductible, coinsurance, or other out-of-pocket amount for any covered benefit, based on the information available to the health carrier at the time the request is made. A health carrier may contract with a third-party vendor to satisfy the requirements of this subdivision.

2. Nothing in this section shall prohibit a health carrier from imposing cost-sharing requirements disclosed in the covered person's covered benefit plan for unforeseen health care services that arise out of the comparable health care service or for a procedure or service provided to a covered person that was not included in an original estimate provided under subdivision 1.

3. A health carrier shall notify a covered person that an estimate provided under subdivision 1 is an estimate of costs and that the actual amount the covered person will be responsible to pay may vary due to the need for unforeseen services that arise out of the proposed comparable health care service.

§ 38.2-3464. Rules and regulations; orders.

The Commission, after notice and opportunity for all interested parties to be heard, may issue any rules and regulations necessary or appropriate for the administration and enforcement of this article.

§ 38.2-4214. Application of certain provisions of law.

§ 24.2-612. List of offices and candidates filed with Department of Elections and checked for accuracy; when ballots printed; number required.

Immediately after the expiration of the time provided by law for a candidate for any office to qualify to have his name printed on the official ballot and prior to printing the ballots for an election, each general registrar shall forward to the Department of Elections a list of the county, city, or town offices to be filled at the election and the names of all candidates who have filed for each office. In addition, each general registrar shall forward the name of any candidate who failed to qualify with the reason for his disqualification. On that same day, the general registrar shall also provide a copy of the notice to each disqualified candidate. The notice shall be sent by email or regular mail to the address on the candidate's certificate of candidate qualification, and such notice shall be deemed sufficient. The Department of Elections shall promptly advise the general registrar of the accuracy of the list. The failure of any general registrar to send the list to the Department of Elections for verification shall not invalidate any election.

Each general registrar shall have printed the number of ballots he determines will be sufficient to conduct the election. Such determination shall be based on the number of active registered voters and historical election data, including voter turnout, and shall be subject to the approval by the electoral board.

Notwithstanding any other provisions of this title, the Department of Elections may print or otherwise provide one statewide paper ballot style for each paper ballot style in use for presidential and vice-presidential electors for use only by persons eligible to vote for those offices only under § 24.2-402 or only for federal elections under § 24.2-453. The Department of Elections may apportion or authorize the printer or vendor to apportion the costs for these ballots among the localities based on the number of ballots ordered. Any printer employed by the Department of Elections shall execute the statement required by § 24.2-616. The Department of Elections shall designate a representative to be present at the printing of such ballots and deliver them to the appropriate general registrars pursuant to § 24.2-617. Upon receipt of such paper ballots, the electoral board or the general registrar shall affix the seal of the electoral board. Thereafter, such ballots shall be handled and accounted for, and the votes counted as the Department of Elections shall specifically direct.

The general registrar shall make printed ballots available for absentee voting not later than 45 days prior to any election or within three business days of the receipt of a properly completed absentee ballot application, whichever is later. In the case of a special election, excluding for federal offices, if time is insufficient to meet the applicable deadline established herein, then the general registrar shall make printed ballots available as soon after the deadline as possible. For the purposes of this chapter, making printed ballots available includes mailing of such ballots or electronic transmission of such ballots pursuant to § 24.2-706 to a qualified absentee voter who is eligible for an absentee ballot under subdivision A 2 of § 24.2-700. Not later than five days after absentee ballots are made available, each general registrar shall report to the Department of Elections, in writing on a form approved by the Department of Elections, whether he has complied with the applicable deadline.

Only the names of candidates for offices to be voted on in a particular election district shall be printed on the ballots for that election district.

The general registrar shall send to the Department of Elections a statement of the number of ballots ordered to be printed, proofs of each printed ballot for verification, and copies of each final ballot. If the Department of Elections finds that, in its opinion, the number of ballots ordered to be printed by any general registrar is not sufficient, it may direct the general registrar to order the printing of a reasonable number of additional ballots.

He shall provide his name and his residence address in the county or city in which he is offering to vote. After verifying that the voter is a registered voter of that county or city, the general registrar shall enroll the voter's name and address on the absentee voter applicant list maintained pursuant to § 24.2-706.

A registered voter voting by absentee ballot in person shall provide one of the forms of identification specified in subsection B of § 24.2-643. If he does not show one of the forms of identification specified in subsection B of § 24.2-643, he shall be offered a provisional ballot under the provisions of § 24.2-653. The State Board shall provide instructions to the general registrar for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.

B. Absentee voting in person shall be available during regular business hours. The electoral board of each county and city shall provide for absentee voting in person in the office of the general registrar. For purposes of this chapter, such office shall be open a minimum of eight hours between the hours of 8:00 a.m. and 5:00 p.m. on the first and second Saturday immediately preceding all elections.

C. Additional locations in the county or city approved by the electoral boards may be available for absentee voting in person. Any such location shall be in a public building owned or leased by the county, city, or town within the county and may be in a facility that is owned or leased by the Commonwealth and used as a location for Department of Motor Vehicles facilities or as an office of the general registrar. Any such location shall have adequate facilities for the protection of all elections materials produced in the process of absentee voting in person, the voted and unvoted absentee ballots, and any voting systems in use at the location.

D. The general registrar may provide for the casting of absentee ballots in person pursuant to this section on voting systems. The Department shall prescribe the procedures for use of voting systems. The procedures shall provide for absentee voting in person on voting systems that have been certified and are currently approved by the State Board. The procedures shall be applicable and uniformly applied by the Department to all localities using comparable voting systems.

E. At least two officers of election shall be present during all hours that absentee voting in person is available and shall represent the two major political parties, except in the case of a party primary, when they may represent the party conducting the primary. However, such requirement shall not apply when (i) voting systems that are being used pursuant to subsection D are located in the office of the general registrar and (ii) the general registrar or an assistant registrar is present.

F. The Department shall include absentee ballots voted in person in its instructions for the preparation, maintenance, and reporting of ballots, pollbooks, records, and returns.

§ 24.2-702.1. Federal write-in absentee ballots.

A. Notwithstanding any other provision of this title, a qualified absentee voter who is eligible for an absentee ballot under subdivision A 2 of § 24.2-700 may use a federal write-in absentee ballot in any election. Such ballot shall be submitted and processed in the manner provided by the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.) and this article.

B. Notwithstanding any other provision of this title, a federal write-in absentee ballot submitted pursuant to subsection A shall be considered valid for purposes of simultaneously satisfying both an absentee ballot application and a completed absentee ballot, provided that the ballot is received no later than the deadline for the return of absentee ballots as provided in § 24.2-709 for the election in which the voter offers to vote, and the application contains the following information: (i) the voter's signature; however, if the voter is unable to sign, the person assisting the voter will note this fact in the voter signature box; (ii) the voter's printed name; (iii) the county or city in which he is registered and offers to vote; (iv) the residence address at which he is registered to vote; (v) his current military or overseas address; and (vi) the signature of a witness who shall sign the same application.

C. This section shall not be construed to require that an absentee ballot be sent to the absentee voter on receipt of a federal write-in absentee ballot unless the voter has also submitted an absentee ballot application pursuant to § 24.2-701 or 24.2-703.

§ 24.2-703.1. Special annual applications for absentee ballots for certain ill or disabled voters.

Any person who is eligible for an absentee ballot under subdivision A 4 of § 24.2-700 because of a disability or illness and who is likely to remain so eligible for the remainder of the calendar year shall be eligible to file a special annual application to receive ballots for all elections in which he is eligible to vote in a calendar year. His first such application shall be accompanied by a statement, on a form prescribed by the State Board and signed by the voter and his physician, provider as defined in § 37.2-403, or accredited religious practitioner, that the voter is eligible for an absentee ballot under subdivision A 4 of § 24.2-700 and likely to remain so eligible for the remainder of the calendar year.

In accordance with procedures established by the State Board, the general registrar shall retain the application and form, enroll the applicant on a special absentee voter applicant list, and process the applicant's request for an absentee ballot for each succeeding election in the calendar year. The applicant shall specify by party designation the primary ballots he is requesting.

The general registrar shall send each such enrolled applicant a blank application by December 15 for each ensuing calendar year, and upon completion thereof, the applicant shall be eligible to receive ballots for all elections in which he is eligible to vote in that calendar year.

If an official reply to the application or an absentee ballot sent to the applicant is returned as undeliverable, or the general registrar knows that the applicant is no longer a qualified voter, no ballot for any subsequent election shall be sent to the voter until a new application is filed and accepted.

§ 24.2-703.2. Replacement absentee ballots for certain disabled or ill voters; penalty.

A voter seeking to cast an absentee ballot may obtain a replacement absentee ballot subject to the following conditions: (i) the voter applied for an absentee ballot under subdivision A 4 of § 24.2-700 because of a disability or illness; (ii) the application was approved and an absentee ballot mailed to the voter; and (iii) the voter did not receive or has lost the absentee ballot on or before the Saturday before the election. In such case, the voter may request a replacement absentee ballot by the close of business for the local elections office on the Saturday before election day and designate, in writing, a representative to obtain a replacement absentee ballot on his behalf from the general registrar and to return the properly

completed ballot as directed by the general registrar no later than the close of polls on the day of election for which the absentee ballot is valid. The representative shall be age eighteen or older and shall not be an elected official, a candidate for elected office, or the deputy, spouse, parent, or child of an elected official or candidate. The voter and representative shall complete the form prescribed by the State Board to implement the provisions of this section. The form shall include a statement signed by the voter that he did not receive the ballot or has lost the ballot. Statements on the form shall be subject to felony penalties for making false statements pursuant to § 24.2-1016.

§ 24.2-706. Duty of general registrar on receipt of application; statement of voter.

A. On receipt of an application for an absentee ballot, the general registrar shall enroll the name and address of each registered applicant on an absentee voter applicant list that shall be maintained in the office of the general registrar with a file of the applications ~~of the listed applicants~~ received. The list shall be available for inspection and copying and the applications shall be available for inspection only by any registered voter during regular office hours. Upon request and for a reasonable fee, the Department of Elections shall provide an electronic copy of the absentee voter applicant list to any political party or candidate. Such list shall be used only for campaign and political purposes. Any list made available for inspection and copying under this section shall contain the post office box address in lieu of the residence street address for any individual who has furnished at the time of registration or subsequently, in addition to his street address, a post office box address pursuant to subsection B of § 24.2-418.

No list or application containing an individual's social security number, or any part thereof, or the individual's day and month of birth, shall be made available for inspection or copying by anyone. The Department of Elections shall prescribe procedures for general registrars to make the information in the lists and applications available in a manner that does not reveal social security numbers or parts thereof, or an individual's day and month of birth.

B. The completion and timely delivery of an application for an absentee ballot shall be construed to be an offer by the applicant to vote in the election.

The general registrar shall note on each application received whether the applicant is or is not a registered voter. In reviewing the application for an absentee ballot, the general registrar shall not reject the application of any individual because of an error or omission on any record or paper relating to the application, if such error or omission is not material in determining whether such individual is qualified to vote absentee.

If the application has been properly completed and signed and the applicant is a registered voter of the precinct in which he offers to vote, the general registrar shall, at the time when the printed ballots for the election are available, send by the deadline set out in § 24.2-612, obtaining a certificate or other evidence of either first-class or expedited mailing or delivery from the United States Postal Service or other commercial delivery provider, or deliver to him in person in the office of the registrar, the following items and nothing else:

For elections held after January 1, 2004, instead of the envelope containing the above oath, an envelope containing the standard oath prescribed by the presidential designee under § 101(b)(7) of the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.) shall be sent to voters who are qualified to vote absentee under that Act.

When this statement has been properly completed and signed by the registered voter and witnessed, his ballot shall not be subject to challenge pursuant to § 24.2-651.

3. A properly addressed envelope for the return of the ballot to the general registrar by mail or by the applicant in person.

Such individual who desires to vote by mail but who does not submit one of the forms of identification specified in this paragraph may cast such ballot by mail and the ballot shall be

counted as a provisional ballot under the provisions of § 24.2-653. The Department of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.

5. For any voter entitled to vote absentee under the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.), information provided by the Department of Elections specific to the voting rights and responsibilities for such citizens, or information provided by the registrar specific to the status of the voter registration and absentee ballot application of such voter, may be included.

The envelopes and instructions shall be in the form prescribed by the Department of Elections.

C. Such materials shall be sent using the official email address or fax number of the office of the general registrar published on the Department of Elections website. The State Board of Elections may prescribe by regulation the format of the email address used for transmitting ballots to eligible voters. A general registrar may also use electronic transmission facilities provided by the Federal Voting Assistance Program. The voted ballot shall be returned to the general registrar as otherwise required by this chapter.

~~When the statement prescribed in subdivision 2 has been properly completed and signed by the registered voter and witnessed, his ballot shall not be subject to challenge pursuant to § 24.2-651.~~

A voter's failure to provide in the statement on the back of the envelope his full middle name or his middle initial shall not be a material omission, rendering his ballot void, unless the voter failed to provide in the statement on the back of the envelope his full first and last name. A voter's failure to provide the date, or any part of the date, including the year, on which he signed the statement printed on the back of the envelope shall not be considered a material omission and shall not render his ballot void. The Department of Elections shall prescribe procedures for the use of voting equipment. The procedures shall provide for the casting of absentee ballots prior to election day by in-person applicants on voting equipment which has been certified, and is currently approved, by the Department of Elections. The procedures shall be applicable and uniformly applied by the Department of Elections to all jurisdictions using comparable voting equipment. The registrar receiving the ballot shall (i) seal the ballot in an envelope with the statement or declaration of the voter, or both, attached to the outside and (ii) mark on each envelope the date, time, and manner of delivery. No returned absentee ballot shall be deemed void because the inner envelope containing the voted ballot is imperfectly sealed so long as the outside envelope containing the ballot envelope is sealed.

B. Notwithstanding the provisions of subsection A, absentee ballots (i) received after the close of the polls on any election day, (ii) received before 5:00 p.m. on the second business day before the State Board meets to ascertain the results of the election pursuant to this title, (iii) requested on or before but not sent by the deadline for making absentee ballots available under § 24.2-612, and (iv) cast by an absentee voter who is eligible for an absentee ballot under subdivision A 2 of § 24.2-700 shall be counted pursuant to the procedures set forth in this chapter and, if the voter is found entitled to vote, included in the election returns. C. Notwithstanding the provisions of clause (i) of subsection B of § 24.2-427, an absentee ballot returned by a voter in compliance with § 24.2-707 and this section who dies prior to the counting of absentee ballots on election day shall be counted pursuant to the procedures set forth in this chapter if the voter is found to have been entitled to vote at the time that he returned the ballot.

§ 24.2-1004. Illegal voting and registrations.

A. Any person who wrongfully deposits a ballot in the ballot container or casts a vote on any voting equipment, is guilty of a Class 1 misdemeanor.

B. This subsection shall not apply to any person who, when registering to vote, changing the address at which he is registered, transferring his registration, or assisting another in registering, changing his address, or transferring his registration, provides the information required by § 24.2-418 on the applicant's place of last previous registration to vote.

D. Nothing in this section shall be construed to prohibit a person entitled to vote absentee under subdivision A 2 of § 24.2-700 from casting in the same election both a state ballot and a write-in absentee ballot that is processed in the manner provided by the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.). 3. That the State Board of Elections, on or before December 1, 2019, shall submit a report to the Governor, the General Assembly, and the House and Senate Committees on Privileges and Elections on the procedures and instructions promulgated by it for conducting absentee voting pursuant to the provisions of this act. Immediately after the expiration of the time provided by law for a candidate for any office to qualify to have his name printed on the official ballot and prior to printing the ballots for an election, each general registrar shall forward to the Department of Elections a list of the county, city, or town offices to be filled at the election and the names of all candidates

who have filed for each office. In addition, each general registrar shall forward the name of any candidate who failed to qualify with the reason for his disqualification. On that same day, the general registrar shall also provide a copy of the notice to each disqualified candidate. The notice shall be sent by email or regular mail to the address on the candidate's certificate of candidate qualification, and such notice shall be deemed sufficient. The Department of Elections shall promptly advise the general registrar of the accuracy of the list. The failure of any general registrar to send the list to the Department of Elections for verification shall not invalidate any election.

Each general registrar shall have printed the number of ballots he determines will be sufficient to conduct the election. Such determination shall be based on the number of active registered voters and historical election data, including voter turnout, and shall be subject to the approval by the electoral board.

Notwithstanding any other provisions of this title, the Department of Elections may print or otherwise provide one statewide paper ballot style for each paper ballot style in use for presidential and vice-presidential electors for use only by persons eligible to vote for those offices only under § 24.2-402 or only for federal elections under § 24.2-453. The Department of Elections may apportion or authorize the printer or vendor to apportion the costs for these ballots among the localities based on the number of ballots ordered. Any printer employed by the Department of Elections shall execute the statement required by § 24.2-616. The Department of Elections shall designate a representative to be present at the printing of such ballots and deliver them to the appropriate general registrars pursuant to § 24.2-617. Upon receipt of such paper ballots, the electoral board or the general registrar shall affix the seal of the electoral board. Thereafter, such ballots shall be handled and accounted for, and the votes counted as the Department of Elections shall specifically direct.

The general registrar shall make printed ballots available for absentee voting not later than 45 days prior to any election or within three business days of the receipt of a properly completed absentee ballot application, whichever is later. In the case of a special election, excluding for federal offices, if time is insufficient to meet the applicable deadline established herein, then the general registrar shall make printed ballots available as soon after the deadline as possible. For the purposes of this chapter, making printed ballots available includes mailing of such ballots or electronic transmission of such ballots pursuant to § 24.2-706 to a qualified absentee voter who is eligible for an absentee ballot under subdivision A 2 of § 24.2-700. Not later than five days after absentee ballots are made available, each general registrar shall report to the Department of Elections, in writing on a form approved by the Department of Elections, whether he has complied with the applicable deadline.

Only the names of candidates for offices to be voted on in a particular election district shall be printed on the ballots for that election district.

The general registrar shall send to the Department of Elections a statement of the number of ballots ordered to be printed, proofs of each printed ballot for verification, and copies of each final ballot. If the Department of Elections finds that, in its opinion, the number of ballots ordered to be printed by any general registrar is not sufficient, it may direct the general registrar to order the printing of a reasonable number of additional ballots.

§ 24.2-700. Persons entitled to vote by absentee ballot.

A. The following registered voters may vote by absentee ballot in accordance with the provisions of this chapter in any election in which they are qualified to vote:

The applicant shall specify by party designation the primary ballots he is requesting.

The general registrar shall send each such enrolled applicant a blank application by December 15 for each ensuing calendar year, and upon completion thereof, the applicant shall be eligible to receive ballots for all elections in which he is eligible to vote in that calendar year.

If an official reply to the application or an absentee ballot sent to the applicant is returned as undeliverable, or the general registrar knows that the applicant is no longer a qualified voter, no ballot for any subsequent election shall be sent to the voter until a new application is filed and accepted.

§ 24.2-703.2. Replacement absentee ballots for certain disabled or ill voters; penalty.

The general registrar shall note on each application received whether the applicant is or is not a registered voter. In reviewing the application for an absentee ballot, the general registrar shall not reject the application of any individual because of an error or omission on any record or paper relating to the application, if such error or omission is not material in determining whether such individual is qualified to vote absentee.

1. That § 38.2-3407.7 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-3407.7. Pharmacies; freedom of choice.

A. Notwithstanding any provision of § 38.2-3407 to the contrary, no insurer proposing to issue *either* preferred provider policies or contracts *or exclusive provider policies or contracts* shall prohibit any person receiving pharmacy benefits furnished thereunder from selecting, without limitation, the pharmacy of his choice to furnish such benefits. This right of selection extends to and includes any pharmacy that is a nonpreferred *or nonparticipating* provider and that has previously notified the insurer on its own behalf or through an intermediary, by facsimile or otherwise, of its agreement to accept reimbursement for its services at rates applicable to pharmacies that are preferred *or participating* providers, including any copayment consistently imposed by the insurer, as payment in full. Each insurer shall permit prompt electronic or telephonic transmittal of the reimbursement agreement by the pharmacy and ensure prompt verification to the pharmacy of the terms of reimbursement. In no event shall any person receiving a covered pharmacy benefit from a nonpreferred *or nonparticipating* provider which has submitted a reimbursement agreement be responsible for amounts that may be charged by the nonpreferred *or nonparticipating* provider in excess of the copayment and the insurer's reimbursement applicable to all of its preferred *or participating* pharmacy providers. If a pharmacy has provided notice pursuant to this subsection through an intermediary, the insurer or its intermediary may elect to respond directly to the pharmacy instead of the intermediary. Nothing in this subsection shall (i) require an insurer or its intermediary to contract with or to disclose confidential information to a pharmacy's intermediary or (ii) prohibit an insurer or its intermediary from contracting with or disclosing confidential information to a pharmacy's intermediary.

B. No such insurer shall impose upon any person receiving pharmaceutical benefits furnished under any such policy or contract:

1. Any copayment, fee or condition that is not equally imposed upon all individuals in the same benefit category, class or copayment level, whether or not such benefits are furnished by pharmacists who are nonpreferred *or nonparticipating* providers;

2. Any monetary penalty that would affect or influence any such person's choice of pharmacy; or

3. Any reduction in allowable reimbursement for pharmacy services related to utilization of pharmacists who are nonpreferred *or nonparticipating* providers.

C. For purposes of this section, a prohibited condition or penalty shall include, without limitation: (i) denying immediate access to electronic claims filing to a pharmacy that is a nonpreferred *or nonparticipating* provider and that has complied with subsection D or (ii) requiring a person receiving pharmacy benefits to make payment at point of service, except to the extent such conditions and penalties are similarly imposed on preferred *or participating* providers.

D. Any pharmacy that wishes to be covered by this section shall, if requested to do so in writing by an insurer, within 30 days of the pharmacy's receipt of the request, execute and deliver to the insurer the direct service agreement or preferred *or participating* provider agreement that the insurer requires all of its preferred *or participating* providers of pharmacy benefits to execute. Any pharmacy that fails to timely execute and deliver such agreement shall not be covered by this section with respect to that insurer unless and until the pharmacy executes and delivers the agreement.

E. The Commission shall have no jurisdiction to adjudicate controversies arising out of this section.

F. Nothing in this section shall limit the authority of an insurer proposing to issue preferred provider policies or contracts *or exclusive provider policies or contracts* to select a single mail order pharmacy provider as the exclusive provider of pharmacy services that are delivered to the covered person's address by mail, common carrier, or delivery service. The provisions of this section shall not apply to such contracts. As used in this subsection, "mail order pharmacy provider" means a pharmacy permitted to conduct business in the Commonwealth whose primary business is to dispense a prescription drug or device under a prescriptive drug order and to deliver the drug or device to a patient primarily by mail, common carrier, or delivery service.

(TRICARE); or (ii) accident only, credit or disability insurance, long-term care insurance, TRICARE supplement, Medicare supplement, or workers' compensation coverages.

"Provider contract" means any contract between a provider and a carrier (or a carrier's network, provider panel, intermediary or representative) relating to the provision of health care services.

"Retroactive denial of a previously paid claim" or "retroactive denial of payment" means any attempt by a carrier retroactively to collect payments already made to a provider with respect to a claim by reducing other payments currently owed to the provider, by withholding or setting off against future payments, or in any other manner reducing or affecting the future claim payments to the provider.

B. Subject to subsection H, every provider contract entered into by a carrier shall contain specific provisions which shall require the carrier to adhere to and comply with the following minimum fair business standards in the processing and payment of claims for health care services:

1. A carrier shall pay any claim within 40 days of receipt of the claim except where the obligation of the carrier to pay a claim is not reasonably clear due to the existence of a reasonable basis supported by specific information available for review by the person submitting the claim that:

a. The claim is determined by the carrier not to be a clean claim due to a good faith determination or dispute regarding (i) the manner in which the claim form was completed or submitted, (ii) the eligibility of a person for coverage, (iii) the responsibility of another carrier for all or part of the claim, (iv) the amount of the claim or the amount currently due under the claim, (v) the benefits covered, or (vi) the manner in which services were accessed or provided; or

b. The claim was submitted fraudulently.

Each carrier shall maintain a written or electronic record of the date of receipt of a claim. The person submitting the claim shall be entitled to inspect such record on request and to rely on that record or on any other admissible evidence as proof of the fact of receipt of the claim, including without limitation electronic or facsimile confirmation of receipt of a claim.

2. A carrier shall, within 30 days after receipt of a claim, request electronically or in writing from the person submitting the claim the information and documentation that the carrier reasonably believes will be required to process and pay the claim or to determine if the claim is a clean claim. Upon receipt of the additional information requested under this subsection necessary to make the original claim a clean claim, a carrier shall make the payment of the claim in compliance with this section. No carrier may refuse to pay a claim for health care services rendered pursuant to a provider contract which are covered benefits if the carrier fails timely to notify or attempt to notify the person submitting the claim of the matters identified above unless such failure was caused in material part by the person submitting the claims; however, nothing herein shall preclude such a carrier from imposing a retroactive denial of payment of such a claim if permitted by the provider contract unless such retroactive denial of payment of the claim would violate subdivision 6 of this subsection 7. Nothing in this subsection shall require a carrier to pay a claim which is not a clean claim.

3. Any interest owing or accruing on a claim under § 38.2-3407.1 or 38.2-4306.1 of this title, under any provider contract or under any other applicable law, shall, if not sooner paid or required to be paid, be paid, without necessity of demand, at the time the claim is paid or within 60 days thereafter.

4. a. Every carrier shall establish and implement reasonable policies to permit any provider with which there is a provider contract (i) to confirm in advance during normal business hours by free telephone or electronic means if available whether the health care services to be provided are medically necessary and a covered benefit and (ii) to determine the carrier's requirements applicable to the provider (or to the type of health care services which the provider has contracted to deliver under the provider contract) for (a) pre-certification or authorization of coverage decisions, (b) retroactive reconsideration of a certification or authorization of coverage decision or retroactive denial of a previously paid claim, (c) provider-specific payment and reimbursement methodology, coding levels and methodology, downcoding, and bundling of claims, and (d) other provider-specific, applicable claims processing and payment matters necessary to meet the terms and conditions of the provider contract, including determining whether a claim is a clean claim. If a carrier routinely, as a matter of policy, bundles or downcodes claims submitted by a provider, the carrier shall clearly disclose that practice in each provider contract. Further, such carrier shall either (1) disclose in its provider contracts or on its website the specific bundling and downcoding policies that the carrier reasonably expects to be applied to the provider or provider's services on a routine basis as a matter of policy or (2) disclose in each provider contract a telephone or facsimile number or e-mail address that a provider can use to request the specific bundling and downcoding policies that the carrier reasonably expects to be applied to that provider or provider's services on a routine basis as a matter of policy. If such request is made by or on behalf of a provider, a carrier shall provide the requesting provider with such policies within 10 business days following the date the request is received.

b. Every carrier shall make available to such providers within 10 business days of receipt of a request, copies of or reasonable electronic access to all such policies which are applicable to the particular provider or to particular health care services identified by the provider. In the event the provision of the entire policy would violate any applicable copyright law, the carrier may instead comply with this subsection by timely delivering to the provider a clear explanation of the policy as it applies to the provider and to any health care services identified by the provider.

5. Every carrier shall pay a claim if the carrier has previously authorized the health care service or has advised the provider or enrollee in advance of the provision of health care services that the health care services are medically necessary and a covered benefit, unless:

a. The documentation for the claim provided by the person submitting the claim clearly fails to support the claim as originally authorized; or

b. The carrier's refusal is because (i) another payor is responsible for the payment, (ii) the provider has already been paid for the health care services identified on the claim, (iii) the claim was submitted fraudulently or the authorization was based in whole or material part on erroneous information provided to the carrier by the provider, enrollee, or other person not related to the carrier, or (iv) the person receiving the health care services was not eligible to receive them on the date of service and the carrier did not know, and with the exercise of reasonable care could not have known, of the person's eligibility status; or

c. During the post-service claims process, it is determined that the claim was submitted fraudulently.

6. In the case of an invasive or surgical procedure, if the carrier has previously authorized a health care service as medically necessary and during the procedure the health care provider discovers clinical evidence prompting the provider

to perform a less or more extensive or complicated procedure than was previously authorized, then the carrier shall pay the claim, provided that the additional procedures were (i) not investigative in nature, but medically necessary as a covered service under the covered person's benefit plan; (ii) appropriately coded consistent with the procedure actually performed; and (iii) compliant with a carrier's post-service claims process, including required timing for submission to carrier.

~~6-~~ 7. No carrier may impose any retroactive denial of a previously paid claim unless the carrier has provided the reason for the retroactive denial and (i) the original claim was submitted fraudulently, (ii) the original claim payment was incorrect because the provider was already paid for the health care services identified on the claim or the health care services identified on the claim were not delivered by the provider, or (iii) the time which has elapsed since the date of the payment of the original challenged claim does not exceed the lesser of (a) 12 months or (b) the number of days within which the carrier requires under its provider contract that a claim be submitted by the provider following the date on which a health care service is provided. Effective July 1, 2000, a carrier shall notify a provider at least 30 days in advance of any retroactive denial of a claim.

~~7-~~ 8. Notwithstanding subdivision ~~6 of this subsection~~ 7, with respect to provider contracts entered into, amended, extended, or renewed on or after July 1, 2004, no carrier shall impose any retroactive denial of payment or in any other way seek recovery or refund of a previously paid claim unless the carrier specifies in writing the specific claim or claims for which the retroactive denial is to be imposed or the recovery or refund is sought. The written communication shall also contain an explanation of why the claim is being retroactively adjusted.

~~8-~~ 9. No provider contract may fail to include or attach at the time it is presented to the provider for execution (i) the fee schedule, reimbursement policy or statement as to the manner in which claims will be calculated and paid which is applicable to the provider or to the range of health care services reasonably expected to be delivered by that type of provider on a routine basis and (ii) all material addenda, schedules and exhibits thereto and any policies (including those referred to in subdivision ~~4 of this subsection~~) applicable to the provider or to the range of health care services reasonably expected to be delivered by that type of provider under the provider contract.

~~9-~~ 10. No amendment to any provider contract or to any addenda, schedule, exhibit or policy thereto (or new addenda, schedule, exhibit, or policy) applicable to the provider (or to the range of health care services reasonably expected to be delivered by that type of provider) shall be effective as to the provider, unless the provider has been provided with the applicable portion of the proposed amendment (or of the proposed new addenda, schedule, exhibit, or policy) at least 60 calendar days before the effective date and the provider has failed to notify the carrier within 30 calendar days of receipt of the documentation of the provider's intention to terminate the provider contract at the earliest date thereafter permitted under the provider contract.

~~10-~~ 11. In the event that the carrier's provision of a policy required to be provided under subdivision ~~8 9 or 9 of this subsection~~ 10 would violate any applicable copyright law, the carrier may instead comply with this section by providing a clear, written explanation of the policy as it applies to the provider.

~~11-~~ 12. All carriers shall establish, in writing, their claims payment dispute mechanism and shall make this information available to providers.

C. Without limiting the foregoing, in the processing of any payment of claims for health care services rendered by providers under provider contracts and in performing under its provider contracts, every carrier subject to regulation by this title shall adhere to and comply with the minimum fair business standards required under subsection B, and the Commission shall have the jurisdiction to determine if a carrier has violated the standards set forth in subsection B by failing to include the requisite provisions in its provider contracts and shall have jurisdiction to determine if the carrier has failed to implement the minimum fair business standards set out in subdivisions B 1 and ~~B 2~~ in the performance of its provider contracts.

D. No carrier shall be in violation of this section if its failure to comply with this section is caused in material part by the person submitting the claim or if the carrier's compliance is rendered impossible due to matters beyond the carrier's reasonable control (such as an act of God, insurrection, strike, fire, or power outages) which are not caused in material part by the carrier.

E. Any provider who suffers loss as the result of a carrier's violation of this section or a carrier's breach of any provider contract provision required by this section shall be entitled to initiate an action to recover actual damages. If the trier of fact finds that the violation or breach resulted from a carrier's gross negligence and willful conduct, it may increase damages to an amount not exceeding three times the actual damages sustained. Notwithstanding any other provision of law to the contrary, in addition to any damages awarded, such provider also may be awarded reasonable attorney's fees and court costs. Each claim for payment which is paid or processed in violation of this section or with respect to which a violation of this section exists shall constitute a separate violation. The Commission shall not be deemed to be a "trier of fact" for purposes of this subsection.

F. No carrier (or its network, provider panel or intermediary) shall terminate or fail to renew the employment or other contractual relationship with a provider, or any provider contract, or otherwise penalize any provider, for invoking any of the provider's rights under this section or under the provider contract.

G. This section shall apply only to carriers subject to regulation under this title.

H. This section shall apply with respect to provider contracts entered into, amended, extended or renewed on or after July 1, 1999.

I. Pursuant to the authority granted by § 38.2-223, the Commission may promulgate such rules and regulations as it may deem necessary to implement this section.

J. The Commission shall have no jurisdiction to adjudicate individual controversies arising out of this section.

§ 38.2-3407.15:2. Carrier contracts; required provisions regarding prior authorization.

A. As used in this section, unless the context requires a different meaning:

"Carrier" has the same meaning ascribed thereto in subsection A of § 38.2-3407.15.

"Prior authorization" means the approval process used by a carrier before certain drug benefits may be provided.

"Provider contract" has the same meaning ascribed thereto in subsection A of § 38.2-3407.15.

"Supplementation" means a request communicated by the carrier to the prescriber or his designee, for additional information, limited to items specifically requested on the applicable prior authorization request, necessary to approve or deny a prior authorization request.

B. Any provider contract between a carrier and a participating health care provider *with prescriptive authority*, or its contracting agent, shall contain specific provisions that:

1. Require the carrier to, in a method of its choosing, accept telephonic, facsimile, or electronic submission of prior authorization requests that are delivered from e-prescribing systems, electronic health record systems, and health information exchange platforms that utilize the National Council for Prescription Drug Programs' SCRIPT standards;

2. Require that the carrier communicate to the prescriber or his designee within 24 hours, *including weekend hours*, of submission of an urgent prior authorization request to the carrier, if submitted telephonically or in an alternate method directed by the carrier, that the request is approved, denied, or requires supplementation;

3. Require that the carrier communicate electronically, telephonically, or by facsimile to the prescriber or his designee, within two business days of submission of a fully completed prior authorization request, that the request is approved, denied, or requires supplementation;

4. Require that the carrier communicate electronically, telephonically, or by facsimile to the prescriber or his designee, within two business days of submission of a properly completed supplementation from the prescriber or his designee, that the request is approved or denied;

5. Require that if the prior authorization request is denied, the carrier shall communicate electronically, telephonically, or by facsimile to the prescriber or his designee, within the timeframes established by subdivision 3 or 4, as applicable, the reasons for the denial;

6. Require that prior authorization approved by another carrier be honored, *upon the carrier's receipt from the prescriber or his designee of a record demonstrating the previous carrier's prior authorization approval or any written or electronic evidence of the previous carrier's coverage of such drug*, at least for the initial 30 days of a member's prescription drug benefit coverage under a new health plan, subject to the provisions of the new carrier's evidence of coverage; ~~upon the carrier's receipt from the prescriber or his designee, of a record demonstrating the previous carrier's prior authorization approval;~~

7. Require that a tracking system be used by the carrier for all prior authorization requests and that the identification information be provided electronically, telephonically, or by facsimile to the prescriber or his designee, upon the carrier's response to the prior authorization request; ~~and~~

8. Require that the carrier's prescription drug formularies, all drug benefits subject to prior authorization by the carrier, all of the carrier's prior authorization procedures, and all prior authorization request forms accepted by the carrier be made available through one central location on the carrier's website and that such information be updated by the carrier within seven days of approved changes;

9. *Require a carrier to honor a prior authorization issued by the carrier for a drug, other than an opioid, regardless of changes in dosages of such drug, provided such drug is prescribed consistent with FDA labeled dosages;*

10. *Require a carrier to honor a prior authorization issued by the carrier for a drug regardless if the covered person changes plans with the same carrier and the drug is a covered benefit with the current health plan;*

11. *Require a carrier, when requiring a prescriber to provide supplemental information that is in the covered individual's health record or electronic health record, to identify the specific information required; and*

12. *Require that no prior authorization be required for at least one drug prescribed for substance abuse medication-assisted treatment, provided that (i) the drug is a covered benefit, (ii) the prescription does not exceed the FDA labeled dosages, and (iii) the drug is prescribed consistent with the regulations of the Board of Medicine.*

C. The Commission shall have no jurisdiction to adjudicate individual controversies arising out of this section.

D. This section shall apply with respect to any contract between a carrier and a participating health care provider, or its contracting agent, that is entered into, amended, extended, or renewed on or after January 1, 2016.

E. Notwithstanding any law to the contrary, the provisions of this section shall not apply to:

1. Coverages issued pursuant to Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. (Medicare), Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq. (Medicaid), Title XXI of the Social Security Act, 42 U.S.C. § 1397aa et seq. (CHIP), 5 U.S.C. § 8901 et seq. (federal employees), or 10 U.S.C. § 1071 et seq. (TRICARE);

2. The state employee health insurance plan established pursuant to § 2.2-2818;

3. Accident only, credit or disability insurance, long-term care insurance, TRICARE supplement, Medicare supplement, or workers' compensation coverages;

4. Any dental services plan or optometric services plan as defined in § 38.2-4501; or

5. Any health maintenance organization that (i) contracts with one multispecialty group of physicians who are employed by and are shareholders of the multispecialty group, which multispecialty group of physicians may also contract with health care providers in the community; (ii) provides and arranges for the provision of physician services by such multispecialty group physicians or by such contracted health care providers in the community; and (iii) receives and processes at least 85 percent of prescription drug prior authorization requests in a manner that is interoperable with e-prescribing systems, electronic health records, and health information exchange platforms.

"Average" means mean, median, or mode.

"Comparable health care service" means any (i) physical and occupational therapy service, (ii) radiology and imaging service, (iii) laboratory service, (iv) infusion therapy service, and (v) at the discretion of the health carrier, other health care service, provided that with respect to any service described in clauses (i) through (v) the service (a) is a covered non-emergency health care service or bundle of health care services provided by a network provider and (b) is a service for which the health carrier has not demonstrated that the allowed amount variation among participating providers is less than \$50.

"Covered person" means a policyholder, subscriber, participant, or other individual covered by a health benefit plan.

"Health benefit plan" means a policy, contract, certificate, or agreement offered by a health carrier in the small group market to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services. "Health benefit plan" does not include the "excepted benefits" as defined in § 38.2-3431. "Health benefit plan" does not include any health insurance plan administered by the Department of Human Resource Management, including the health coverage offered to state employees pursuant to § 2.2-2818; health insurance coverage offered to employees of local governments, local officers, teachers, and retirees, and the dependents of such employees, local officers, teachers and retirees pursuant to § 2.2-1204; or health insurance coverage provided under the Line of Duty Act (§ 9.1-400 et seq.).

"Health care provider" means a health care professional or facility.

"Network provider" means a health care provider that has contracted with the health carrier, or with its contractor or subcontractor, to provide health care services to covered persons as a member of a network.

"Out-of-pocket costs" means any copayment, deductible, or coinsurance that is the responsibility of the covered person with respect to a covered health care service.

"Program" means the comparable health care service incentive program established by a health carrier pursuant to this article.

"Small group market" means the health insurance market under which individuals obtain health insurance coverage, directly or through any arrangement, on behalf of themselves and their dependents through a group health plan maintained by a small employer.

§ 38.2-3462. Comparable Health Care Service Incentive Program.

A. Beginning with health benefit plans offered or renewed on or after January 1, 2021, each health carrier offering a health benefit plan in the Commonwealth shall develop and implement a program that provides incentives for covered persons in its health benefit plan who elect to receive a comparable health care service that is covered by the health benefit plan from health care providers that are paid less than the average in-network allowed amount paid or payable by that health carrier to network providers for that comparable health care service. A health carrier may base the average paid to a network provider on what that health carrier pays to providers in the network applicable to the covered person's specific health benefit plan, or across all of its health benefit plans offered in the Commonwealth.

B. Incentives may include, but are not limited to, cash payments, gift cards, or credits or reductions of premiums, copayments, or deductibles. Health carriers may let covered persons decide which method they prefer to receive the incentive.

C. The incentive program shall provide covered persons with an incentive for each service or category of comparable health care service resulting from comparison shopping by covered persons. A health carrier is not required to provide a payment or credit to a covered person when the health carrier's saved cost is \$25 or less.

D. A health carrier shall determine the allowed amount paid or payable by that health carrier to network providers for that comparable health care service on the basis of the average allowed amount for the procedure or service under the covered person's health benefit plan. Such determination shall be made on the basis of the average of the allowed amounts using data collected over a reasonable period not to exceed one year. A health carrier may determine an alternate methodology for calculating the average allowed amount if approved by the Commission. A health carrier shall, at minimum, inform covered persons of their eligibility for an incentive payment and the process to request the average allowed amount for a procedure or service on the health carrier's website and in health benefit plan materials.

E. Eligibility for an incentive payment may require a covered person to demonstrate, through reasonable documentation such as a quote from the health care provider, that the covered person shopped prior to receiving care from the health care provider who charges less for the comparable health care service than the average allowed amount paid or payable by that health carrier. Health carriers shall provide additional mechanisms for the covered person to satisfy this requirement by utilizing the health carrier's cost transparency website or toll-free number, established under this article.

F. Each health carrier shall make the program available as a component of all small group health benefit plans offered by the health carrier in the Commonwealth. Annually at enrollment or renewal, each health carrier shall provide to any covered person who is enrolled in a small group health benefit plan eligible for the program (i) notice about the availability of the program, (ii) a description of the incentives available to a covered person, (iii) instructions on how to earn such incentives, and (iv) notification that tax treatment of the shared savings amounts or awards will be compliant with the rules of the Internal Revenue Service and treated as taxable income.

G. A comparable health care service incentive payment made by a health carrier in accordance with this section shall not constitute an administrative expense of the health carrier for rate development or rate filing purposes.

H. Prior to offering the program to any covered person, a health carrier shall file with the Commission a description of the program in the manner determined by the Commission. The description shall include a demonstration by the health carrier that the program is cost-effective, including any data relied upon by the health carrier in making such determination. The Commission may review the filing made by the health carrier to determine if the health carrier's program complies with the requirements of this article.

I. A health carrier may petition the Commission to be excluded from participation in the program. The Commission shall exempt from the program a health plan with a limited provider network that demonstrates that the network is incompatible with a shared savings program. In making its determination, the Commission shall consider the impact on premiums related to the administration of the program.

J. Annually by April 1, each health carrier shall file with the Commission, for the most recent calendar year, the total number of comparable health care service incentive payments made pursuant to this article, the use of comparable health care services by category of service for which comparable health care service incentives are made, the total payments made to covered persons, the average amount of incentive payments made by service for such transactions, the total savings achieved below the average allowed amount by service for such transactions, and the total number and percentage of a health carrier's covered persons in small group health benefit plans that participated in such transactions.

K. Beginning no later than 18 months after implementation of comparable health care service incentive programs under this section and annually by November 1 of each year thereafter, the Commission shall submit an aggregate report for all health carriers filing the information required by this section to the chairs of the House and Senate Committees on Commerce and Labor.

§ 38.2-3463. Health care price transparency tools.

Beginning with health benefit plans offered or renewed on or after July 1, 2020, each health carrier offering a health benefit plan in the Commonwealth shall comply with the following requirements:

1. A health carrier shall establish an interactive mechanism on its website that enables a covered person to request and obtain from the health carrier the estimated out-of-pocket cost to the covered person for comparable health care services from network providers, as well as quality data for those providers, to the extent available. The interactive mechanism shall allow a covered person seeking information about the cost of a comparable health care service to compare estimated out-of-pocket costs applicable to that covered person's health benefit plan. The out-of-pocket estimate shall provide a good

faith estimate of the amount the covered person will be responsible to pay out-of-pocket for a proposed comparable health care service or service that is a medically necessary covered benefit from a health carrier's network provider, including any copayment, deductible, coinsurance, or other out-of-pocket amount for any covered benefit, based on the information available to the health carrier at the time the request is made. A health carrier may contract with a third-party vendor to satisfy the requirements of this subdivision.

2. Nothing in this section shall prohibit a health carrier from imposing cost-sharing requirements disclosed in the covered person's covered benefit plan for unforeseen health care services that arise out of the comparable health care service or for a procedure or service provided to a covered person that was not included in an original estimate provided under subdivision 1.

3. A health carrier shall notify a covered person that an estimate provided under subdivision 1 is an estimate of costs and that the actual amount the covered person will be responsible to pay may vary due to the need for unforeseen services that arise out of the proposed comparable health care service.

§ 38.2-3464. Rules and regulations; orders.

The Commission, after notice and opportunity for all interested parties to be heard, may issue any rules and regulations necessary or appropriate for the administration and enforcement of this article.

§ 38.2-4214. Application of certain provisions of law.

No provision of this title except this chapter and, insofar as they are not inconsistent with this chapter, §§ 38.2-200, 38.2-203, 38.2-209 through 38.2-213, 38.2-218 through 38.2-225, 38.2-230, 38.2-232, 38.2-305, 38.2-316, 38.2-316.1, 38.2-322, 38.2-325, 38.2-326, 38.2-400, 38.2-402 through 38.2-413, 38.2-500 through 38.2-515, 38.2-600 through 38.2-620, 38.2-700 through 38.2-705, 38.2-900 through 38.2-904, 38.2-1017, 38.2-1018, 38.2-1038, 38.2-1040 through 38.2-1044, Articles 1 (§ 38.2-1300 et seq.) and 2 (§ 38.2-1306.2 et seq.) of Chapter 13, §§ 38.2-1312, 38.2-1314, 38.2-1315.1, 38.2-1317 through 38.2-1328, 38.2-1334, 38.2-1340, 38.2-1400 through 38.2-1442, 38.2-1446, 38.2-1447, 38.2-1800 through 38.2-1836, 38.2-3400, 38.2-3401, 38.2-3404, 38.2-3405, 38.2-3405.1, 38.2-3406.1, 38.2-3406.2, 38.2-3407.1 through 38.2-3407.6:1, 38.2-3407.9 through 38.2-3407.19, 38.2-3409, 38.2-3411 through 38.2-3419.1, 38.2-3430.1 through 38.2-3454, *Article 8 (§ 38.2-3461 et seq.) of Chapter 34*, 38.2-3501, 38.2-3502, subdivision 13 of § 38.2-3503, subdivision 8 of § 38.2-3504, §§ 38.2-3514.1, 38.2-3514.2, §§ 38.2-3516 through 38.2-3520 as they apply to Medicare supplement policies, §§ 38.2-3522.1 through 38.2-3523.4, 38.2-3525, 38.2-3540.1, 38.2-3541 through 38.2-3542, 38.2-3543.2, Article 5 (§ 38.2-3551 et seq.) of Chapter 35, Chapter 35.1 (§ 38.2-3556 et seq.), §§ 38.2-3600 through 38.2-3607, Chapter 52 (§ 38.2-5200 et seq.), Chapter 55 (§ 38.2-5500 et seq.), and Chapter 58 (§ 38.2-5800 et seq.) of this title shall apply to the operation of a plan.

§ 63.2-1506.1. Sex trafficking assessments by local departments.

A. If a report or complaint is based upon information and allegations that a child is a victim of sex trafficking or severe forms of trafficking as defined in the federal Trafficking Victims Protection Act of 2000 (22 U.S.C. § 7102 et seq.) and in the federal Justice for Victims of Trafficking Act of 2015 (P.L. 114-22), the local department shall conduct a sex trafficking assessment, unless at any time during the sex trafficking assessment the local department determines that an investigation or family assessment is required pursuant to § 63.2-1505 or 63.2-1506.

B. A sex trafficking assessment requires the collection of information necessary to determine:

- 1. The immediate safety needs of the child;*
- 2. The protective and rehabilitative services needs of the child and the child's family that will deter abuse and neglect; and*
- 3. Risk of future harm to the child.*

E. Reports or complaints for which a sex trafficking assessment is completed shall not be entered into the central registry contained in § 63.2-1515.

F. The local department or departments shall notify the Child Protective Services Unit within the Department in writing whenever such a sex trafficking assessment is conducted.

§ 63.2-1508. Valid report or complaint.

A. A valid report or complaint means the local department has evaluated the information and allegations of the report or complaint and determined that the local department shall conduct an investigation or family assessment because the following elements are present:

A. A physician or child-protective services worker of a local department or law-enforcement official investigating a report or complaint of abuse and neglect may take a child into custody for up to 72 hours without prior approval of parents or guardians provided:

1. The circumstances of the child are such that continuing in his place of residence or in the care or custody of the parent, guardian, custodian or other person responsible for the child's care, presents an imminent danger to the child's life or health to the extent that severe or irremediable injury would be likely to result or if evidence of abuse is perishable or subject to deterioration before a hearing can be held;

2. A court order is not immediately obtainable;

3. The court has set up procedures for placing such children;

4. Following taking the child into custody, the parents or guardians are notified as soon as practicable. Every effort shall be made to provide such notice in person;

5. A report is made to the local department; and

6. The court is notified and the person or agency taking custody of such child obtains, as soon as possible, but in no event later than 72 hours, an emergency removal order pursuant to § 16.1-251; however, if a preliminary removal order is issued after a hearing held in accordance with § 16.1-252 within 72 hours of the removal of the child, an emergency removal order shall not be necessary. Any person or agency petitioning for an emergency removal order after four hours have elapsed following taking custody of the child shall state the reasons therefor pursuant to § 16.1-251.

B. If the 72-hour period for holding a child in custody and for obtaining a preliminary or emergency removal order expires on a Saturday, Sunday, or legal holiday or day on which the court is lawfully closed, the 72 hours shall be extended to the next day that is not a Saturday, Sunday, or legal holiday or day on which the court is lawfully closed.

C. A child-protective services worker of a local department responding to a complaint or report of abuse and neglect for purposes of sex trafficking or severe forms of trafficking may take a child into custody and the local department may maintain custody of the child for up to 72 hours without prior approval of a parent or guardian, provided that the alleged victim child or children have been identified as a victim or victims of sex trafficking or a victim or victims of severe forms of trafficking as defined in the federal Trafficking Victims Protection Act of 2000 (22 U.S.C. § 7101 et seq.) and in the federal Justice for Victims of Trafficking Act of 2015 (P.L. 114-22). After taking the child into custody, the local department shall notify the parent or guardian of such child as soon as practicable. Every effort shall be made to provide such notice in person. The local department shall also notify the Child-Protective Services Unit within the Department whenever a child is taken into custody.

D. When a child is taken into custody by a child-protective services worker of a local department pursuant to subsection C, that child shall be returned as soon as practicable to the custody of his parent or guardian. However, the local department shall not be required to return the child to his parent or guardian if the circumstances are such that continuing in his place of residence or in the care or custody of such parent or guardian, or custodian or other person responsible for the child's care, presents an imminent danger to the child's life or health to the extent that severe or irremediable injury would be likely to result or if the evidence of abuse is perishable or subject to deterioration before a hearing can be held. If the local department cannot return the child to the custody of his parents or guardians within 72 hours, the local department shall obtain an emergency removal order pursuant to § 16.1-251.

of death, disfigurement or impairment of bodily or mental functions, including, but not limited to, a child who is with his parent or other person responsible for his care either (i) during the manufacture or attempted manufacture of a Schedule I or II controlled substance, or (ii) during the unlawful sale of such substance by that child's parents or other person responsible for his care, where such manufacture, or attempted manufacture or unlawful sale would constitute a felony violation of § 18.2-248;

2. Whose parents or other person responsible for his care neglects or refuses to provide care necessary for his health; however, no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall for that reason alone be considered to be an abused or neglected child;

3. Whose parents or other person responsible for his care abandons such child;

4. Whose parents or other person responsible for his care commits or allows to be committed any sexual act upon a child in violation of the law;

5. Who is without parental care or guardianship caused by the unreasonable absence or the mental or physical incapacity of the child's parent, guardian, legal custodian, or other person standing in loco parentis;

6. Whose parents or other person responsible for his care creates a substantial risk of physical or mental injury by knowingly leaving the child alone in the same dwelling, including an apartment as defined in § 55-79.2, with a person to whom the child is not related by blood or marriage and who the parent or other person responsible for his care knows has been convicted of an offense against a minor for which registration is required as a violent sexual offender pursuant to § 9.1-902; or

If a civil proceeding under this chapter is based solely on the parent having left the child at a hospital or emergency medical services agency, it shall be an affirmative defense that such parent safely delivered the child to a hospital that provides 24-hour emergency services or to an attended emergency medical services agency that employs emergency medical services personnel, within 14 days of the child's birth. In any case in which (i) a local board of social services places a child through an agreement with the parents or guardians where legal custody remains with the parents or guardian, or (ii) legal custody of a child is given to a local board of social services or a child welfare agency, the local department of social services or child welfare agency shall prepare a foster care plan for such child, as described hereinafter. The individual family service plan developed by the family assessment and planning team pursuant to § 2.2-5208 may be accepted by the court as the foster care plan if it meets the requirements of this section.

The representatives of such department or agency shall involve the child's parent(s) in the development of the plan, except when parental rights have been terminated or the local department of social services or child welfare agency has made diligent efforts to locate the parent(s) and such parent(s) cannot be located, and any other person or persons standing in loco parentis at the time the board or child welfare agency obtained custody or the board placed the child. The representatives of such department or agency shall involve a child who is 14 years of age or older in the development of the plan and, at the option of such child, up to two members of the case planning team who are chosen by the child and who are

not a foster parent of, or caseworker for, the child. A child under 14 years of age may be involved in the development of the plan if such involvement is consistent with the best interests of the child. In cases where either the parent(s) or child is not involved in the development of the plan, the department or agency shall include in the plan a full description of the reasons therefor.

The department or child welfare agency shall file the plan with the juvenile and domestic relations district court within 45 days following the transfer of custody or the board's placement of the child unless the court, for good cause shown, allows an extension of time, which shall not exceed an additional 60 days. However, a foster care plan shall be filed in accordance with the provisions of § 16.1-277.01 with a petition for approval of an entrustment agreement. A foster care plan need not be prepared if the child is returned to his prior family or placed in an adoptive home within 45 days following transfer of custody to the board or agency or the board's placement of the child.

B. The foster care plan shall describe in writing (i) the programs, care, services and other support which will be offered to the child and his parents and other prior custodians; (ii) the participation and conduct which will be sought from the child's parents and other prior custodians; (iii) the visitation and other contacts which will be permitted between the child and his parents and other prior custodians, and between the child and his siblings; (iv) the nature of the placement or placements which will be provided for the child; (v) for school-age children, the school placement of the child; (vi) for children 14 years of age and older, the child's needs and goals in the areas of counseling, education, housing, employment, and money management skills development, along with specific independent living services that will be provided to the child to help him reach these goals; *and* (vii) for children 14 years and older, an explanation of the child's rights with respect to education, health, visitation, court participation, and the right to stay safe and avoid exploitation; ~~and (viii).~~ *The foster care plan shall include all documentation specified in 42 U.S.C. § 675(5)(l) and § 63.2-905.3. If the child in foster care is pregnant or is the parent of a child, the foster care plan shall also include (a) a list of the services and programs to be provided to or on behalf of the child to ensure parental readiness or capability and (b) a description of the foster care prevention strategy for any child born to the child in foster care.* In cases in which a foster care plan approved prior to July 1, 2011, identifies independent living as the goal for the child, and in cases involving children admitted to the United States as refugees or asylees who are 16 years of age or older and for whom the goal is independent living, the plan shall also describe the programs and services which will help the child prepare for the transition from foster care to independent living. If consistent with the child's health and safety, the plan shall be designed to support reasonable efforts which lead to the return of the child to his parents or other prior custodians within the shortest practicable time which shall be specified in the plan. The child's health and safety shall be the paramount concern of the court and the agency throughout the placement, case planning, service provision and review process. For a child 14 years of age and older, the plan shall include a signed acknowledgment by the child that the child has received a copy of the plan and that the rights contained therein have been explained to the child in an age-appropriate manner.

If the department or child welfare agency concludes that it is not reasonably likely that the child can be returned to his prior family within a practicable time, consistent with the best interests of the child, the department, child welfare agency or team shall ~~(a)~~ (1) include a full description of the reasons for this conclusion; ~~(b)~~ (2) provide information on the opportunities for placing the child with a relative or in an adoptive home; ~~(c)~~ (3) design the plan to lead to the child's successful placement with a relative if a subsequent transfer of custody to the relative is planned, or in an adoptive home within the shortest practicable time; and (4) if neither of such placements is feasible; ~~(d)~~, explain why permanent foster care is the plan for the child or independent living is the plan for the child in cases involving children admitted to the United States as refugees or asylees who are 16 years of age or older and for whom the goal is independent living.

"Independent living" as used in this section has the meaning set forth in § 63.2-100.

The local board or other child welfare agency having custody of the child shall not be required by the court to make reasonable efforts to reunite the child with a parent if the court finds that ~~(A)~~ (A) the residual parental rights of the parent regarding a sibling of the child have previously been involuntarily terminated; ~~(B)~~ (B) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States or any foreign jurisdiction that constitutes murder or voluntary manslaughter, or a felony attempt, conspiracy or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time such offense occurred or the other parent of the child; ~~(C)~~ (C) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States or any foreign jurisdiction that constitutes felony assault resulting in serious bodily injury or felony bodily wounding resulting in serious bodily injury or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of such offense; or ~~(D)~~ (D) based on clear and convincing evidence, the parent has subjected any child to aggravated circumstances, or abandoned a child under circumstances which would justify the termination of residual parental rights pursuant to subsection D of § 16.1-283.

As used in this section:

"Aggravated circumstances" means torture, chronic or severe abuse, or chronic or severe sexual abuse, if the victim of such conduct was a child of the parent or child with whom the parent resided at the time such conduct occurred, including the failure to protect such a child from such conduct, which conduct or failure to protect: (i) evinces a wanton or depraved indifference to human life, or (ii) has resulted in the death of such a child or in serious bodily injury to such a child.

"Independent living" has the meaning set forth in § 63.2-100.

"Severe abuse" or "severe sexual abuse" may include an act or omission that occurred only once, but otherwise meets the definition of "aggravated circumstances."

Within 30 days of making a determination that reasonable efforts to reunite the child with the parents are not required, the court shall hold a permanency planning hearing pursuant to § 16.1-282.1.

C. A copy of the entire foster care plan shall be sent by the court to the child, if he is 12 years of age or older; the guardian ad litem for the child, the attorney for the child's parents or for any other person standing in loco parentis at the time the board or child welfare agency obtained custody or the board placed the child, to the parents or other person standing in loco parentis, and such other persons as appear to the court to have a proper interest in the plan. However, a copy of the plan shall not be sent to a parent whose parental rights regarding the child have been terminated. A copy of the plan shall be sent by the court to the foster parents. A hearing shall be held for the purpose of reviewing and approving the foster care plan. The hearing shall be held within 60 days of (i) the child's initial foster care placement, if the child was placed through an agreement between the parents or guardians and the local department of social services or a child welfare agency; (ii) the original preliminary removal order hearing, if the child was placed in foster care pursuant to § 16.1-252; (iii) the hearing on the petition for relief of custody, if the child was placed in foster care pursuant to § 16.1-277.02; or (iv) the dispositional hearing at which the child was placed in foster care and an order was entered pursuant to § 16.1-278.2, 16.1-278.3, 16.1-278.4, 16.1-278.5, 16.1-278.6, or 16.1-278.8. However, the hearing shall be held in accordance with the provisions of § 16.1-277.01 with a petition for approval of an entrustment agreement. If the judge makes any revision in any part of the foster care plan, a copy of the changes shall be sent by the court to all persons who received a copy of the original of that part of the plan.

C1. Any order transferring custody of the child to a relative other than the child's prior family shall be entered only upon a finding, based upon a preponderance of the evidence, that the relative is one who, after an investigation as directed by the court, (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is committed to providing a permanent, suitable home for the child; and (iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. The court's order transferring custody to a relative should further provide for, as appropriate, any terms or conditions which would promote the child's interest and welfare; ongoing provision of social services to the child and the child's custodian; and court review of the child's placement.

C2. Any order entered at the conclusion of the hearing that has the effect of achieving a permanent goal for the child by terminating residual parental rights pursuant to § 16.1-277.01, 16.1-277.02, 16.1-278.3, or 16.1-283; by placing the child in permanent foster care pursuant to clause (iv) of subsection A of § 16.1-282.1; or, in cases in which independent living was identified as the goal for a child in a foster care plan approved prior to July 1, 2011, or in which a child has been admitted to the United States as a refugee or asylee and is over 16 years of age and independent living has been identified as the permanency goal for the child, by directing the board or agency to provide the child with services to achieve independent living status, if the child has attained the age of 16 years, pursuant to clause (v) of subsection A of § 16.1-282.1 shall state whether reasonable efforts have been made to place the child in a timely manner in accordance with the foster care plan and to complete the steps necessary to finalize the permanent placement of the child.

D. The court in which the foster care plan is filed shall be notified immediately if the child is returned to his parents or other persons standing in loco parentis at the time the board or agency obtained custody or the board placed the child.

E. 1. *In cases in which a child is placed by the local board of social services or a licensed child-placing agency in a qualified residential treatment program as defined in § 16.1-228, a hearing shall be held within 60 days of such placement. Prior to such hearing, the qualified residential treatment program shall file with the court the assessment report prepared pursuant to clause (viii) of the definition of qualified residential treatment program set forth in § 16.1-228. The court shall (i) consider the assessment report prepared by a qualified individual pursuant to clause (viii) of the definition of qualified residential treatment program set forth in § 16.1-228 and submitted pursuant to this subsection; (ii) consider the report and documentation required under subsection A of § 63.2-906.1 and filed with the foster care or permanency plan; (iii) determine whether the needs of the child can be met through placement in a foster home or, if not, whether placement in the qualified residential treatment program would provide the most effective and appropriate level of care for the child in the least restrictive environment and be consistent with the short-term and long-term goals established for the child in his foster care or permanency plan; and (iv) approve or deny the placement of the child in the qualified residential treatment program. The hearing required by this subsection may be held in conjunction with a dispositional hearing held pursuant to subsection C, a foster care review hearing held pursuant to § 16.1-282, a permanency planning hearing held pursuant to § 16.1-282.1, or an annual foster care review hearing held pursuant to § 16.1-282.2, provided that such hearing has already been scheduled by the court and is held within 60 days of the child's placement in the qualified residential treatment program.*

2. *If the child remains placed in the qualified residential treatment program during any subsequent hearings held pursuant to subsection C or § 16.1-282, 16.1-282.1, or 16.1-282.2, the local board of social services or licensed*

child-placing agency shall present evidence at such hearing that demonstrates (i) that the ongoing assessment of the child's strengths and needs continues to support the determination that the child's needs cannot be met through placement in a foster home and that the child's placement in the qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment and is consistent with the short-term and long-term goals established for the child in his foster care or permanency plan; (ii) the specific treatment or service needs of the child that will be met in the qualified residential treatment program and the length of time the child is expected to need such treatment or services; and (iii) the efforts made by the local board of social services to prepare the child to return home or to be placed with a fit and willing relative, legal guardian, or adoptive parent, or in a foster home. The court shall review such evidence and approve or deny the continued placement of the child in the qualified residential treatment program.

F. At the conclusion of the hearing at which the initial foster care plan is reviewed, the court shall schedule a foster care review hearing to be held within four months in accordance with § 16.1-282. However, if an order is entered pursuant to subsection C2, the court shall schedule a foster care review hearing to be held within 12 months of the entry of such order in accordance with the provisions of § 16.1-282.2. Parties who are present at the hearing at which the initial foster care plan is reviewed shall be given notice of the date set for the foster care review hearing and parties who are not present shall be summoned as provided in § 16.1-263.

F. G. Nothing in this section shall limit the authority of the juvenile judge or the staff of the juvenile court, upon order of the judge, to review the status of children in the custody of local boards of social services or placed by local boards of social services on its own motion. The court shall appoint an attorney to act as guardian ad litem to represent the child any time a hearing is held to review the foster care plan filed for the child or to review the child's status in foster care.

§ 16.1-282. Foster care review.

A. In the case of a child who was the subject of a foster care plan filed with the court pursuant to § 16.1-281, a foster care review hearing shall be held within four months of the dispositional hearing at which the foster care plan pursuant to § 16.1-281 was reviewed if the child: ~~(a)~~ (i) was placed through an agreement between the parents or guardians and the local board of social services where legal custody remains with the parents or guardians and such agreement has not been dissolved by court order; or ~~(b)~~ (ii) is under the legal custody of a local board of social services or a child welfare agency and has not had a petition to terminate parental rights granted, filed or ordered to be filed on the child's behalf; has not been placed in permanent foster care; or is age 16 or over and the plan for the child is not independent living.

Any interested party, including the parent, guardian or person who stood in loco parentis prior to the board's placement of the child or the board's or child welfare agency's assumption of legal custody, may file with the court the petition for a foster care review hearing hereinafter described at any time after the initial foster care placement of the child. However, the board or child welfare agency shall file the petition within three months of the dispositional hearing at which the foster care plan was reviewed pursuant to § 16.1-281.

B. The petition shall:

1. Be filed in the court in which the foster care plan for the child was reviewed and approved. Upon the order of such court, however, the petition may be filed in the court of the county or city in which the board or child welfare agency having legal custody or having placed the child has its principal office or where the child resides;
2. State, if such is reasonably obtainable, the current address of the child's parents and, if the child was in the custody of a person or persons standing in loco parentis at the time the board or child welfare agency obtained legal custody or the board placed the child, of such person or persons;
3. Describe the placement or placements provided for the child while in foster care and the services or programs offered to the child and his parents and, if applicable, the persons previously standing in loco parentis;
4. Describe the nature and frequency of the contacts between the child and his parents and, if applicable, the persons previously standing in loco parentis;
5. Set forth in detail the manner in which the foster care plan previously filed with the court was or was not complied with and the extent to which the goals thereof have been met; and
6. Set forth the disposition sought and the grounds therefor; however, in the case of a child who has attained age 16 and for whom the plan is independent living, the foster care plan shall be included and shall address the services needed to assist the child to transition from foster care to independent living.

C. Upon receipt of the petition filed by the board, child welfare agency, or any interested party as provided in subsection B of this section, the court shall schedule a hearing to be held within 30 days if a hearing was not previously scheduled. An affidavit of the mother that the identity of the father is not reasonably ascertainable shall be sufficient evidence of this fact, provided there is no other evidence before the court which would refute such an affidavit. If the parent or guardian of the child did not appear at the dispositional hearing and was not noticed to return for the foster care review hearing in accordance with subsection ~~E~~ F of

§ 16.1-281, the parent or guardian shall be summoned to appear at the foster care review hearing in accordance with § 16.1-263. The review hearing shall be held pursuant to this section although a parent or guardian fails to appear and is not represented by counsel, provided personal or substituted service was made on the parent or guardian, or the court determines that such person cannot be found, after reasonable effort, or in the case of a person who is without the Commonwealth, the person cannot be found or his post office address cannot be ascertained after reasonable effort;

4. The foster parent or foster parents or other care providers of the child;

5. The petitioning board or child welfare agency; and

6. Such other persons as the court, in its discretion, may direct. The local board of social services or other child welfare agency shall identify for the court such other persons as have a legitimate interest in the hearing, including, but not limited to, preadoptive parents for a child in foster care.

D. In cases in which a child is placed by the local board of social services or a licensed child-placing agency in a qualified residential treatment program as defined in § 16.1-228, the provisions of subsection E of § 16.1-281 shall apply to any hearing held pursuant to this section.

E. At the conclusion of the hearing, the court shall, upon the proof adduced in accordance with the best interests of the child and subject to the provisions of subsection ~~D~~ F, enter any appropriate order of disposition consistent with the dispositional alternatives available to the court at the time of the original hearing. The court order shall state whether reasonable efforts, if applicable, have been made to reunite the child with his parents, guardian or other person standing in loco parentis to the child. Any order entered at the conclusion of this hearing that has the effect of achieving a permanent goal for the child by terminating residual parental rights pursuant to § 16.1-277.01, 16.1-277.02, 16.1-278.3, or 16.1-283; by placing the child in permanent foster care pursuant to ~~subsection clause (iv) of subsection A~~ ~~iv~~ of § 16.1-282.1; or, if the child has attained the age of 16 years and the plan for the child is independent living, directing the board or agency to provide the necessary services to transition from foster care, pursuant to ~~subsection clause (v) of subsection A~~ ~~v~~ of § 16.1-282.1 shall state whether reasonable efforts have been made to place the child in a timely manner in accordance with the foster care plan and to complete the steps necessary to finalize the permanent placement of the child.

~~*F. Any order transferring custody of the child to a relative other than the child's prior family shall be entered only upon a finding, based upon a preponderance of the evidence, that the relative is one who, after an investigation as directed by the court, (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is committed to providing a permanent, suitable home for the child; and (iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. The court's order transferring custody to a relative should further provide for, as appropriate, any terms and conditions which would promote the child's interest and welfare; ongoing provision of social services to the child and the child's custodian; and court review of the child's placement.*~~

~~*G. The court shall possess continuing jurisdiction over cases reviewed under this section for so long as a child remains in a foster care placement or, when a child is returned to his prior family subject to conditions imposed by the court, for so long as such conditions are effective. After the hearing required pursuant to subsection C, the court shall schedule a permanency planning hearing on the case to be held five months thereafter in accordance with § 16.1-282.1 or within 30 days upon the petition of any party entitled to notice in proceedings under this section when the judge determines there is good cause shown for such a hearing. However, in the case of a child who is the subject of an order that has the effect of achieving a permanent goal for the child by terminating residual parental rights pursuant to § 16.1-277.01, 16.1-277.02, 16.1-278.3, or 16.1-283; by placing the child in permanent foster care pursuant to ~~subsection clause (iv) of subsection A~~ ~~iv~~ of § 16.1-282.1; or by directing the board or agency to provide the child with services to achieve independent living status, if the child has attained the age of 16 years, pursuant to ~~subsection clause (v) of subsection A~~ ~~v~~ of § 16.1-282.1, a permanency planning hearing within five months shall not be required and the court shall schedule a foster care review hearing to be held within 12 months of the entry of such order in accordance with the provisions of § 16.1-282.2.*~~

A. In the case of a child who was the subject of a foster care plan filed with the court pursuant to § 16.1-281, a permanency planning hearing shall be held within 10 months of the dispositional hearing at which the foster care plan pursuant to § 16.1-281 was reviewed if the child (a) was placed through an agreement between the parents or guardians and the local board of social services where legal custody remains with the parents or guardians and such agreement has not been dissolved by court order; or (b) is under the legal custody of a local board of social services or a child welfare agency and has not had a petition to terminate parental rights filed on the child's behalf, has not been placed in permanent foster care, or is age 16 or over and the plan for the child is not independent living. The board or child welfare agency shall file a petition for a permanency planning hearing 30 days prior to the date of the permanency planning hearing scheduled by the court. The purpose of this hearing is to establish a permanent goal for the child and either to achieve the permanent goal or to defer such action through the approval of an interim plan for the child.

To achieve the permanent goal, the petition for a permanency planning hearing shall seek to (i) transfer the custody of the child to his prior family, or dissolve the board's placement agreement and return the child to his prior family; (ii) transfer custody of the child to a relative other than the child's prior family, subject to the provisions of subsection A1; (iii) terminate residual parental rights pursuant to § 16.1-277.01 or 16.1-283; (iv) place a child who is 16 years of age or older in permanent foster care pursuant to § 63.2-908; (v) if the child has been admitted to the United States as a refugee or asylee and has attained the age of 16 years or older and the plan is independent living, direct the board or agency to provide the child with

services to transition from foster care; or (vi) place a child who is 16 years of age or older in another planned permanent living arrangement in accordance with the provisions of subsection A2. In cases in which a foster care plan approved prior to July 1, 2011, includes independent living as the goal for a child who is not admitted to the United States as an asylee or refugee, the petition shall direct the board or agency to provide the child with services to transition from foster care.

For approval of an interim plan, the petition for a permanency planning hearing shall seek to continue custody with the board or agency, or continue placement with the board through a parental agreement; or transfer custody to the board or child welfare agency from the parents or guardian of a child who has been in foster care through an agreement where the parents or guardian retains custody.

Upon receipt of the petition, if a permanency planning hearing has not already been scheduled, the court shall schedule such a hearing to be held within 30 days. The permanency planning hearing shall be held within 10 months of the dispositional hearing at which the foster care plan was reviewed pursuant to § 16.1-281. The provisions of subsection B of § 16.1-282 shall apply to this petition. The procedures of subsection C of § 16.1-282 and the provisions of subsection E G of § 16.1-282 shall apply to the scheduling and notice of proceedings under this section.

A1. The following requirements shall apply to the transfer of custody of the child to a relative other than the child's prior family in accordance with the provisions of *clause* (ii) of subsection A. Any order transferring custody of the child to a relative other than the child's prior family shall be entered only upon a finding, based upon a preponderance of the evidence, that the relative is one who, after an investigation as directed by the court, (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is committed to providing a permanent, suitable home for the child; and (iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. The court's order transferring custody to a relative should further provide, as appropriate, for any terms or conditions which would promote the child's interest and welfare.

A2. The following requirements shall apply to the selection and approval of placement in another planned permanent living arrangement as the permanent goal for the child in accordance with clause (vi) of subsection A:

1. The board or child welfare agency shall petition for alternative (vi) of subsection A only if the child has a severe and chronic emotional, physical or neurological disabling condition for which the child requires long-term residential treatment; and the board or child welfare agency has thoroughly investigated the feasibility of the alternatives listed in clauses (i) through (v) of subsection A and determined that none of those alternatives is in the best interests of the child. In a foster care plan filed with the petition pursuant to this section, the board or agency shall document the following: (i) the investigation conducted of the placement alternatives listed in clauses (i) through (v) of subsection A and why each of these is not currently in the best interest of the child; (ii) at least one compelling reason why none of the alternatives listed in clauses (i) through (v) is achievable for the child at the time placement in another planned permanent living arrangement is selected as the permanent goal for the child; (iii) the identity of the long-term residential treatment service provider; (iv) the nature of the child's disability; (v) the anticipated length of time required for the child's treatment; and (vi) the status of the child's eligibility for admission and long-term treatment. The court shall ensure that the local department has documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, including adult siblings, or an adoptive parent, including through efforts that utilize search technology, including social media, to find the child's biological family members. The court shall ask the child about the child's desired permanency outcome and make a judicial determination, accompanied by an explanation of the reasons that the alternatives listed in clauses (i) through (iii) of subsection A continue to not be in the best interest of the child.

2. Before approving alternative (vi) of subsection A as the plan for the child, the court shall find (i) that the child has a severe and chronic emotional, physical or neurological disabling condition; (ii) that the child requires long-term residential treatment for the disabling condition; and (iii) that none of the alternatives listed in clauses (i) through (v) of subsection A is achievable for the child at the time placement in another planned permanent living arrangement is approved as the permanent goal for the child. If the board or agency petitions for alternative (vi), alternative (vi) may be approved by the court for a period of six months at a time.

3. At the conclusion of the permanency planning hearing, if alternative (vi) of subsection A is the permanent plan, the court shall schedule a hearing to be held within six months to review the child's placement in another planned permanent living arrangement in accordance with subdivision A2 4 of subsection A2. All parties present at the hearing at which clause (vi) of subsection A is approved as the permanent plan for the child shall be given notice of the date scheduled for the foster care review hearing. Parties not present shall be summoned to appear as provided in § 16.1-263. Otherwise, this subsection A2 shall govern the scheduling and notice for such hearings.

4. The court shall review a foster care plan for any child who is placed in another planned permanent living arrangement every six months from the date of the permanency planning hearing held pursuant to this subsection, so long as the child remains in the legal custody of the board or child welfare agency. The board or child welfare agency shall file such petitions for review pursuant to the provisions of § 16.1-282 and shall, in addition, include in the petition the information required by subdivision A2 1 of subsection A2 of this section. The petition for foster care review shall be filed no later than 30 days prior to the hearing scheduled in accordance with subdivision A2 3 of subsection A2. At the conclusion of the foster care review hearing, if alternative (vi) of subsection A remains the permanent plan, the court shall enter an order that states whether reasonable efforts have been made to place the child in a timely manner in accordance with the permanency plan and to monitor the child's status in another planned permanent living arrangement.

However, if at any time during the six-month approval periods permitted by this subsection, a determination is made by treatment providers that the child's need for long-term residential treatment for the child's disabling condition is eliminated, the board or agency shall immediately begin to plan for post-discharge services and shall, within 30 days of making such a determination, file a petition for a permanency planning hearing pursuant to subsection A ~~of this section~~. Upon receipt of the petition, the court shall schedule a permanency planning hearing to be held within 30 days. The provisions of subsection B of § 16.1-282 shall apply to this petition. The procedures of subsection C of § 16.1-282 and the provisions of subsection ~~E~~ G of § 16.1-282 shall apply to proceedings under this section.

A3. The following requirements shall apply to the selection and approval of permanent foster care pursuant to clause (iv) of subsection A:

1. The court shall ensure that the local department has documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, including adult siblings, or an adoptive parent, including through efforts that utilize search technology, including social media, to find the child's biological family members.

2. The court shall ask the child about the child's desired permanency outcome and make a judicial determination, accompanied by an explanation of the reasons that the alternatives listed in clauses (i) through (iii) of subsection A continue to not be in the best interest of the child.

B. The following requirements shall apply to the selection and approval of an interim plan for the child in accordance with subsection A:

1. The board or child welfare agency shall petition for approval of an interim plan only if the board or child welfare agency has thoroughly investigated the feasibility of the alternatives listed in clauses (i) through (v) of subsection A and determined that none of those alternatives is in the best interest of the child. If the board or agency petitions for approval of an interim plan, such plan may be approved by the court for a maximum period of six months. The board or agency shall also file a foster care plan that (i) identifies a permanent goal for the child that corresponds with one of the alternatives specified in clauses (i) through (v) of subsection A; (ii) includes provisions for accomplishing the permanent goal within six months; and (iii) summarizes the investigation conducted of the alternatives listed in clauses (i) through (v) of subsection A and why achieving each of these is not in the best interest of the child at this time. The foster care plan shall describe the child's placement, including the in-state and out-of-state placement options and whether the child's placement is in state or out of state. If the child's placement is out of state, the foster care plan shall provide the reason why the out-of-state placement is appropriate and in the best interests of the child.

2. Before approving an interim plan for the child, the court shall find:

a. When returning home remains the plan for the child, that the parent has made marked progress toward reunification with the child, the parent has maintained a close and positive relationship with the child, and the child is likely to return home within the near future, although it is premature to set an exact date for return at the time of this hearing; or

b. When returning home is not the plan for the child, that marked progress is being made to achieve the permanent goal identified by the board or child welfare agency and that it is premature to set an exact date for accomplishing the goal at the time of this hearing. The court shall consider the in-state and out-of-state placement options, and if the child has been placed out of state, determine whether the out-of-state placement is appropriate and in the best interests of the child.

3. Upon approval of an interim plan, the court shall schedule a hearing to be held within six months to determine that the permanent goal is accomplished and to enter an order consistent with alternative (i), (ii), (iii), (iv), or (v) of subsection A. All parties present at the initial permanency planning hearing shall be given notice of the date scheduled for the second permanency planning hearing. Parties not present shall be summoned to appear as provided in § 16.1-263. Otherwise, subsection A shall govern the scheduling and notice for such hearings.

C. In each permanency planning hearing and in any hearing regarding the transition of the child from foster care to independent living, the court shall consult with the child in an age-appropriate manner regarding the proposed permanency plan or transition plan for the child, unless the court finds that such consultation is not in the best interests of the child.

D. In cases in which a child is placed by the local board of social services or a licensed child-placing agency in a qualified residential treatment program as defined in § 16.1-228, the provisions of subsection E of § 16.1-281 shall apply to any hearing held pursuant to this section.

E. At the conclusion of the permanency planning hearing held pursuant to this section, whether action is taken or deferred to achieve the permanent goal for the child, the court shall enter an order that states whether reasonable efforts have been made to reunite the child with the child's prior family, if returning home is the permanent goal for the child; or whether reasonable efforts have been made to achieve the permanent goal identified by the board or agency, if the goal is other than returning the child home.

In making this determination, the court shall give consideration to whether the board or agency has placed the child in a timely manner in accordance with the foster care plan and completed the steps necessary to finalize the permanent placement of the child.

§ 16.1-282.2. Annual foster care review.

A. The court shall review a foster care plan annually for any child who remains in the legal custody of a local board of social services or a child welfare agency and (i) on whose behalf a petition to terminate parental rights has been granted, filed or ordered to be filed, (ii) who is placed in permanent foster care, or (iii) who is age 16 or over and for whom the plan is independent living. The foster care review hearing shall be scheduled at the conclusion of a hearing held pursuant to

§ 16.1-281, 16.1-282, or 16.1-282.1 at which the order is entered: terminating parental rights, directing the filing of a petition for termination of parental rights by the board or agency, placing the child in permanent foster care, or directing the board or agency to provide the child who is age 16 or over and for whom the plan is independent living with services to transition from foster care. The foster care review hearing shall be held within 12 months of the date of such order, so long as the child remains in the custody of the board or agency.

The board or agency shall file the petition for a foster care review hearing, and the court shall provide notice of the foster care review hearing in accordance with the provisions of § 16.1-282. The board or agency shall file a written Adoption Progress Report with the juvenile court pursuant to § 16.1-277.01, 16.1-277.02, 16.1-278.3, or 16.1-283, if applicable, with the petition required by this section. The court order entered at the conclusion of the hearing held on the petition shall state whether reasonable efforts have been made to place the child in a timely manner in accordance with the approved foster care plan that established a permanent goal for the child and to complete the steps necessary to finalize the permanent placement of the child.

B. At the foster care review hearing in the case of a child who is placed in permanent foster care, the court shall give consideration to the appropriateness of the services being provided to the child and permanent foster parents, to any change in circumstances since the entry of the order placing the child in permanent foster care, and to such other factors as the court deems proper.

C. At the foster care review hearing in the case of a child who meets the criteria of subdivisions A 1 through 4 of § 16.1-283.2, the court shall inquire of the guardian ad litem and the local board of social services whether the child has expressed a preference that the possibility of restoring the parental rights of his parent or parents be investigated. If the child expresses or has expressed such a preference, the court shall direct the local board of social services or the child's guardian ad litem to conduct an investigation of the parent or parents. If, following such investigation, the local board of social services or the child's guardian ad litem deems it appropriate to do so, either may file a petition for the restoration of parental rights. A hearing on such petition shall be held as provided by § 16.1-283.2.

D. In cases in which a child is placed by the local board of social services or a licensed child-placing agency in a qualified residential treatment program as defined in § 16.1-228, the provisions of subsection E of § 16.1-281 shall apply to any hearing held pursuant to this section.

Further, a decision by parents who have legal authority for the child or, in the absence of parents with legal authority for the child, any person with legal authority for the child, who refuses a particular medical treatment for a child with a life-threatening condition shall not be deemed a refusal to provide necessary care if (i) such decision is made jointly by the parents or other person with legal authority and the child; (ii) the child has reached 14 years of age and is sufficiently mature to have an informed opinion on the subject of his medical treatment; (iii) the parents or other person with legal authority and the child have considered alternative treatment options; and (iv) the parents or other person with legal authority and the child believe in good faith that such decision is in the child's best interest. [H 1759]

Approved March 21, 2019

Be it enacted by the General Assembly of Virginia:

1. That §§ 38.2-1322 and 38.2-1333 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 38.2-1332.2 as follows:

§ 38.2-1322. Definitions.

As used in this article:

"Acquiring person" means any person by whom or on whose behalf acquisition of control of any domestic insurer is to be effected.

"Affiliate" of a specific person or a person "affiliated" with a specific person means a person that directly or indirectly through one or more intermediaries, controls, is controlled by or is under common control with the person specified.

"Control," including the terms "controlling," "controlled by" and "under common control with," means direct or indirect possession of the power to direct or cause the direction of the management and policies of a person, through (i) the ownership of voting securities, (ii) by contract other than a commercial contract for goods or nonmanagement services, or (iii) otherwise, unless the power is the result of an official position with or corporate office held by the person. Control shall be presumed to exist if any person directly or indirectly owns, controls, holds with the power to vote, or holds proxies representing collectively 10 percent or more of the voting securities of any other person. This presumption may be rebutted by a showing made in the manner provided by subsection K of § 38.2-1329 that control does not exist. After giving all interested persons notice and opportunity to be heard and making specific findings to support its determination, the Commission may determine that control exists, notwithstanding the absence of a presumption to that effect.

"Enterprise risk" means any activity, circumstance, event, or series of events involving one or more affiliates of an insurer that, if not remedied promptly, is likely to have a material adverse effect upon the financial condition or liquidity of the insurer or its insurance holding company system as a whole, including, but not limited to, anything that would cause the insurer's risk-based capital to fall into company action level as set forth in § 38.2-5503 or would cause the insurer to be in hazardous financial condition pursuant to 14VAC5-290-30 and 14VAC5-290-40 of the Virginia Administrative Code.

"Group-wide supervisor" means the regulatory official authorized to engage in conducting and coordinating group-wide supervision activities who is determined or acknowledged by the Commission under § 38.2-1332.2 to have sufficient significant contacts with the internationally active insurance group.

"Insurance holding company system" means two or more affiliated persons, one or more of which is an insurer.

"Insurer" means an insurance company as defined in § 38.2-100.

"Internationally active insurance group" means an insurance holding company system that includes an insurer registered under § 38.2-1329 and that meets the following criteria: (i) premiums written in at least three countries; (ii) the percentage of gross premiums written outside the United States is at least 10 percent of the insurance holding company system's total gross written premiums; and (iii) based on a three year rolling average, (a) the total assets of the insurance holding company system are at least \$50 billion or (b) the total gross written premiums of the insurance holding company system are at least \$10 billion.

"Material transaction" means (i) any sale, purchase, exchange, loan or extension of credit, or investment; (ii) any dividend or distribution; (iii) any reinsurance treaty or risk-sharing arrangement; (iv) any management contract, service contract or cost-sharing arrangement; (v) any merger with or acquisition of control of any corporation; or (vi) any other transaction or agreement that the Commission by order, rule or regulation determines to be material. Any series of transactions occurring within a 12-month period that are sufficiently similar in nature as to be reasonably construed as a single transaction and that in the aggregate exceed any minimum limits shall be deemed a material transaction.

"NAIC" means the National Association of Insurance Commissioners.

"SEC" means the U.S. Securities and Exchange Commission.

"Subsidiary" of a specified person means an affiliate directly or indirectly controlled by that person through one or more intermediaries.

"Voting security" means any security that enables the owner to vote for the election of directors. "Voting security" includes any security convertible into or evidencing a right to acquire a voting security.

§ 38.2-1332.2. Group-wide supervision of internationally active insurance groups.

A. The Commission is authorized to act as the group-wide supervisor for any internationally active insurance group in accordance with the provisions of this section. However, the Commission may otherwise acknowledge another regulatory official as the group-wide supervisor where the internationally active insurance group:

1. Does not have substantial insurance operations in the United States;
2. Has substantial insurance operations in the United States but not in the Commonwealth; or
3. Has substantial insurance operations in the United States and the Commonwealth, but the Commission has determined pursuant to the factors set forth in subsections B and F that the other regulatory official is the appropriate group-wide supervisor.

An insurance holding company system that does not otherwise qualify as an internationally active insurance group may request that the Commission make a determination or acknowledgment as to a group-wide supervisor pursuant to this section.

B. In cooperation with other state, federal, and international regulatory agencies, the Commission shall identify a single group-wide supervisor for an internationally active insurance group. The Commission may determine that the Commission is the appropriate group-wide supervisor for an internationally active insurance group that conducts substantial insurance operations concentrated in the Commonwealth. However, the Commission may acknowledge that a regulatory official from another jurisdiction is the appropriate group-wide supervisor for the internationally active insurance group. The Commission shall consider the following factors when making a determination or acknowledgment under this subsection:

1. The place of domicile of the insurers within the internationally active insurance group that holds the largest share of the internationally active insurance group's written premiums, assets, or liabilities;
2. The place of domicile of the top-tiered insurer or insurers in the insurance holding company system of the internationally active insurance group;
3. The location of the executive offices or largest operational offices of the internationally active insurance group;
4. Whether another regulatory official is acting or is seeking to act as the group-wide supervisor under a regulatory system that the Commission determines to be:
 - a. Substantially similar to the system of regulation provided under the laws of the Commonwealth; or
 - b. Otherwise sufficient in terms of providing for group-wide supervision, enterprise risk analysis, and cooperation with other regulatory officials; and
5. Whether another regulatory official acting or seeking to act as the group-wide supervisor provides the Commission with reasonably reciprocal recognition and cooperation.

However, a regulatory official identified under this section as the group-wide supervisor may determine that it is appropriate to acknowledge another supervisor to serve as the group-wide supervisor. The acknowledgment of the group-wide supervisor shall be made after consideration of the factors listed in subdivisions 1 through 5, and shall be made in cooperation with and subject to the acknowledgment of other regulatory officials involved with supervision of members of the internationally active insurance group and in consultation with the internationally active insurance group.

C. Notwithstanding any other provision of this section, the Commission's regulatory authority under this section shall not be impaired. To the extent that the Commission acknowledges a regulatory official from another jurisdiction as a group-wide supervisor and in the event of a material change in the internationally active insurance group that results in (i) the internationally active insurance group's insurers domiciled in the Commonwealth holding the largest share of the group's premiums, assets, or liabilities or (ii) the Commonwealth being the place of domicile of the top-tiered insurer or insurers in the insurance holding company system of the internationally active insurance group, the Commission may make a determination or acknowledgment as to the appropriate group-wide supervisor for such an internationally active insurance group pursuant to subsection B.

D. Pursuant to § 38.2-1332, the Commission is authorized to collect from any insurer registered pursuant to § 38.2-1329 all information necessary to determine whether the Commission may act as the group-wide supervisor of an internationally active insurance group or if the Commission may acknowledge another regulatory official to act as the group-wide supervisor. Prior to issuing a determination that an internationally active insurance group is subject to group-wide supervision by the Commission, the Commission shall notify the insurer registered pursuant to § 38.2-1329 and the ultimate controlling person within the internationally active insurance group. The internationally active insurance group shall have not less than 30 days to provide the Commission with additional information pertinent to the pending determination. The Commission shall publish in any manner it considers appropriate and on its website the identity of internationally active insurance groups that the Commission has determined are subject to group-wide supervision by the Commission.

E. If the Commission is the group-wide supervisor for an internationally active insurance group, the Commission is authorized to engage in any of the following group-wide supervision activities:

1. Assess the enterprise risks within the internationally active insurance group to ensure that:
 - a. The material financial condition and liquidity risks to the members of the internationally active insurance group that are engaged in the business of insurance are identified by management; and
 - b. Reasonable and effective mitigation measures are in place;

2. Request, from any member of an internationally active insurance group subject to the Commission's supervision, information necessary and appropriate to assess enterprise risk, including information about the members of the internationally active insurance group regarding:

- a. Governance, risk assessment, and management;
- b. Capital adequacy; and
- c. Material intercompany transactions;

3. Coordinate and, through the authority of the regulatory officials of the jurisdictions where members of the internationally active insurance group are domiciled, compel development and implementation of reasonable measures designed to ensure that the internationally active insurance group is able to timely recognize and mitigate enterprise risks to members of such internationally active insurance group that are engaged in the business of insurance;

4. Communicate with other state, federal, and international regulatory agencies for members within the internationally active insurance group and share relevant information, subject to the confidentiality provisions of § 38.2-1333, through supervisory colleges as set forth in § 38.2-1332.1 or otherwise;

5. Enter into agreements with or obtain documentation from any insurer registered under § 38.2-1329, any member of the internationally active insurance group, and any other state, federal, or international regulatory agencies for members of the internationally active insurance group, providing the basis for or otherwise clarifying the Commission's role as group-wide supervisor, including provisions for resolving disputes with other regulatory officials. Such agreements or documentation shall not serve as evidence in any proceeding that any insurer or person within an insurance holding company system not domiciled or incorporated in the Commonwealth is doing business in the Commonwealth or is otherwise subject to jurisdiction in the Commonwealth; and

6. Engage in other group-wide supervision activities, consistent with the authorities and purposes enumerated above, as considered necessary by the Commission.

F. If the Commission acknowledges that another regulatory official from a jurisdiction that is not accredited by the NAIC is the group-wide supervisor, the Commission is authorized to reasonably cooperate, through supervisory colleges or otherwise, with group-wide supervision undertaken by the group-wide supervisor, provided that:

1. The Commission's cooperation is in compliance with the laws of the Commonwealth; and

2. The regulatory official acknowledged as the group-wide supervisor also recognizes and cooperates with the Commission's activities as a group-wide supervisor for other internationally active insurance groups where applicable. Where such recognition and cooperation is not reasonably reciprocal, the Commission is authorized to refuse recognition and cooperation.

G. The Commission is authorized to enter into agreements with or obtain documentation from any insurer registered under § 38.2-1329, any affiliate of the insurer, and other state, federal, or international regulatory agencies for members of the internationally active insurance group that provide the basis for or otherwise clarify a regulatory official's role as group-wide supervisor.

H. Each registered insurer subject to this section shall be liable for and shall pay the necessary traveling and other expenses incurred by the Commission for its participation in the administration of this section. The Commission may retain at the registered insurer's expense any attorneys, actuaries, accountants, and other experts reasonably necessary to assist in the administration of this section. Any persons so retained shall be under the direction and control of the Commission and shall act in a purely advisory capacity. The Commission may establish a regular assessment to the insurer for the payment of these expenses. If an assessment is required by this subsection, it shall be collected by the Commission and paid directly into the state treasury and credited to the "Bureau of Insurance Special Fund — State Corporation Commission" for the maintenance of the Bureau of Insurance as provided in subsection B of § 38.2-400.

§ 38.2-1333. Confidential treatment of information and documents.

A. All documents, materials, or other information obtained by or disclosed to the Commission or any other person in the course of an examination or investigation made pursuant to § 38.2-1332, and all information reported or provided to the Commission pursuant to subdivisions A 12 and 13 of § 38.2-1324 and §§ 38.2-1329, 38.2-1330, ~~and~~ 38.2-1330.1, and 38.2-1332.2 shall be confidential by law and privileged, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action. However, the Commission is authorized to use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as a part of the Commission's official duties. The Commission shall not otherwise make the documents, materials, or other information public without the prior written consent of the insurer to which they pertain. After an insurer and its affiliates have been given notice and opportunity to be heard, the Commission may publish all or any part of the documents, materials, or other information referred to in this section in any manner it considers appropriate if it determines that the interests of policyholders or the public will be served by the publication.

B. Neither the Commission nor any person who received documents, materials, or other information while acting under the authority of the Commission or with whom such documents, materials, or other information are shared pursuant to this article shall be permitted or required to testify in any private civil action concerning any confidential documents, materials, or information subject to subsection A.

C. In order to assist in the performance of the Commission's duties, the Commission:

1. May share documents, materials, or other information, including the confidential and privileged documents, materials, or information subject to subsection A, with other state, federal, and international regulatory agencies; with the

NAIC and its affiliates and subsidiaries; and with state, federal, and international law-enforcement authorities, including members of any supervisory college described in § 38.2-1332.1, provided that the recipient agrees in writing to maintain the confidentiality and privileged status of the document, material, or other information and has verified in writing the legal authority to maintain confidentiality;

2. May, notwithstanding subdivision 1, only share confidential and privileged documents, materials, or information reported pursuant to subsection L of § 38.2-1329 with insurance commissioners in any states that have statutes or regulations substantially similar to subsection A and that have agreed in writing not to disclose such information;

3. May receive documents, materials, or information, including otherwise confidential and privileged documents, materials, or information, from the NAIC and its affiliates and subsidiaries and from regulatory and law-enforcement officials of other foreign or domestic jurisdictions, and shall maintain as confidential or privileged any documents, materials, or information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or information; and

4. Shall enter into written agreements with the NAIC governing sharing and use of information provided pursuant to this article consistent with this subsection that shall:

a. Specify procedures and protocols regarding the confidentiality and security of information shared with the NAIC and its affiliates and subsidiaries pursuant to this article, including procedures and protocols for sharing by the NAIC with other state, federal, or international regulators;

b. Specify that ownership of information shared with the NAIC and its affiliates and subsidiaries pursuant to this article remains with the Commission and that the NAIC's use of the information is subject to the direction of the Commission;

c. Require prompt notice to be given to an insurer whose confidential information in the possession of the NAIC pursuant to this article is subject to a request or subpoena to the NAIC for disclosure or production; and

d. Require the NAIC and its affiliates and subsidiaries to consent to intervention by an insurer in any judicial or administrative action in which the NAIC and its affiliates and subsidiaries may be required to disclose confidential information about the insurer shared with the NAIC and its affiliates and subsidiaries pursuant to this article.

D. The sharing of information by the Commission pursuant to this article shall not constitute a delegation of regulatory authority or rulemaking, and the Commission is solely responsible for the administration, execution, and enforcement of the provisions of this article.

E. No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information shall occur as a result of disclosure to the Commission under this section or as a result of sharing as authorized in subsection C.

To develop and implement policies and procedures for the review of the death of any inmate that the Board determines warrants review that occurs in any local, regional, or community correctional facility. The Board shall make such reports available to the public on its website. The Board may determine that any local, regional, or community correctional facility that is accredited by the American Correctional Association or National Commission on Correctional Health Care meets such minimum standards solely on the basis of such facility's accreditation status; however, without exception, the requirement that each local, regional, and community correctional facility submit a standardized quarterly continuous quality improvement report to the Board shall be a mandatory minimum standard;*

CHAPTER 697

An Act to amend and reenact § 54.1-113 of the Code of Virginia, relating to the Department of Professional and Occupational Regulation; adjustment of fees by regulatory boards; distribution of excess fees to regulants.

[H 1939]

Approved March 21, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-113 of the Code of Virginia is amended and reenacted as follows:

§ 54.1-113. Regulatory boards to adjust fees; certain transfer of moneys collected on behalf of health regulatory boards prohibited.

A. *Following the close of any biennium, when the account for any regulatory board within the Department of Professional and Occupational Regulation maintained under § 54.1-308 shows that unspent and unencumbered revenue exceeds \$100,000 or 20 percent of the total expenses allocated to the regulatory board for the past biennium, whichever is greater, the regulatory board shall (i) distribute all such excess revenue to current regulants and (ii) reduce the fees levied by it for certification, licensure, registration, or permit and renewal thereof so that the fees are sufficient but not excessive to cover expenses.*

B. ~~Following the close of any biennium, when the account for any regulatory board within the Department of Professional and Occupational Regulation or the Department of Health Professions maintained under § 54.1-308 or 54.1-2505 shows expenses allocated to it for the past biennium to be more than 10 percent greater or less than moneys collected on behalf of the regulatory board, it shall revise the fees levied by it for certification, licensure, registration, or permit and renewal thereof so that the fees are sufficient but not excessive to cover expenses.~~

~~B.~~ C. Nongeneral funds generated by fees collected on behalf of the health regulatory boards and accounted for and deposited into a special fund by the Director of the Department of Health Professions shall be held exclusively to cover the expenses of the health regulatory boards, the Health Practitioners' Monitoring Program, and the Department and Board of Health Professions and shall not be transferred to any agency other than the Department of Health Professions, except as provided in §§ 54.1-3011.1 and 54.1-3011.2.

2. That the provisions of the first enactment of this act shall become effective on July 1, 2022.

CHAPTER 698

An Act to amend and reenact § 36-105 of the Code of Virginia, relating to the Uniform Statewide Building Code; issuance of building permits.

[H 1966]

Approved March 21, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 36-105 of the Code of Virginia is amended and reenacted as follows:

§ 36-105. Enforcement of Code; appeals from decisions of local department; inspection of buildings; inspection warrants; inspection of elevators; issuance of permits.

A. Enforcement generally. Enforcement of the provisions of the Building Code for construction and rehabilitation shall be the responsibility of the local building department. There shall be established within each local building department a local board of Building Code appeals whose composition, duties and responsibilities shall be prescribed in the Building Code. Any person aggrieved by the local building department's application of the Building Code or refusal to grant a modification to the provisions of the Building Code may appeal to the local board of Building Code appeals. No appeal to the State Building Code Technical Review Board shall lie prior to a final determination by the local board of Building Code appeals. Whenever a county or a municipality does not have such a building department or board of Building Code appeals, the local governing body shall enter into an agreement with the local governing body of another county or municipality or with some other agency, or a state agency approved by the Department for such enforcement and appeals resulting therefrom.

For the purposes of this section, towns with a population of less than 3,500 may elect to administer and enforce the Building Code; however, where the town does not elect to administer and enforce the Building Code, the county in which the town is situated shall administer and enforce the Building Code for the town. In the event that such town is situated in two or more counties, those counties shall administer and enforce the Building Code for that portion of the town situated within their respective boundaries. Additionally, the local governing body of a county or municipality may enter into an agreement with the governing body of another county or municipality for the provision to such county or municipality's local building department of technical assistance with administration and enforcement of the Building Code.

B. New construction. Any building or structure may be inspected at any time before completion, and shall not be deemed in compliance until approved by the inspecting authority. Where the construction cost is less than \$2,500, however, the inspection may, in the discretion of the inspecting authority, be waived. A building official may issue an annual permit for any construction regulated by the Building Code. The building official shall coordinate all reports of inspections for compliance with the Building Code, with inspections of fire and health officials delegated such authority, prior to issuance of an occupancy permit. Fees may be levied by the local governing body in order to defray the cost of such enforcement and appeals. *With the exception of the levy imposed pursuant to § 36-137, any fees levied pursuant to this subsection shall be used only to support the functions of the local building department.*

C. Existing buildings and structures.

1. Inspections and enforcement of the Building Code. The local governing body may also inspect and enforce the provisions of the Building Code for existing buildings and structures, whether occupied or not. Such inspection and enforcement shall be carried out by an agency or department designated by the local governing body.

2. Complaints by tenants. However, upon a finding by the local building department, following a complaint by a tenant of a residential dwelling unit that is the subject of such complaint, that there may be a violation of the unsafe structures provisions of the Building Code, the local building department shall enforce such provisions.

3. Inspection warrants. If the local building department receives a complaint that a violation of the Building Code exists that is an immediate and imminent threat to the health or safety of the owner, tenant, or occupants of any building or structure, or the owner, occupant, or tenant of any nearby building or structure, and the owner, occupant, or tenant of the building or structure that is the subject of the complaint has refused to allow the local building official or his agent to have access to the subject building or structure, the local building official or his agent may make an affidavit under oath before a magistrate or a court of competent jurisdiction and request that the magistrate or court grant the local building official or his agent an inspection warrant to enable the building official or his agent to enter the subject building or structure for the purpose of determining whether violations of the Building Code exist. After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the local building official or his agents shall return the warrant to the clerk of the circuit court of the city or county wherein the inspection was made. The local building official or his agent shall make a reasonable effort to obtain consent from the owner, occupant, or tenant of the subject building or structure prior to seeking the issuance of an inspection warrant under this section.

4. Transfer of ownership. If the local building department has initiated an enforcement action against the owner of a building or structure and such owner subsequently transfers the ownership of the building or structure to an entity in which the owner holds an ownership interest greater than 50 percent, the pending enforcement action shall continue to be enforced against the owner.

5. Elevator, escalator, or related conveyance inspections. The local governing body shall, however, inspect and enforce the Building Code for elevators, escalators, or related conveyances, except for elevators in single- and two-family homes and townhouses. Such inspection shall be carried out by an agency or department designated by the local governing body.

6. A locality may require by ordinance that any landmark, building or structure that contributes to a district delineated pursuant to § 15.2-2306 shall not be razed, demolished or moved until the razing, demolition or moving thereof is approved by the review board, or, on appeal, by the governing body after consultation with the review board unless the local maintenance code official consistent with the Uniform Statewide Building Code, Part III Maintenance, determines that it constitutes such a hazard that it shall be razed, demolished or moved.

For the purpose of this subdivision, a contributing landmark, building or structure is one that adds to or is consistent with the historic or architectural qualities, historic associations, or values for which the district was established pursuant to § 15.2-2306, because it (i) was present during the period of significance, (ii) relates to the documented significance of the district, and (iii) possesses historic integrity or is capable of yielding important information about the period.

7. Fees may be levied by the local governing body in order to defray the cost of such enforcement and appeals. For purposes of this section, "defray the cost" may include the fair and reasonable costs incurred for such enforcement during normal business hours, but shall not include overtime costs unless conducted outside of the normal working hours established by the locality. A schedule of such costs shall be adopted by the local governing body in a local ordinance. A locality shall not charge an overtime rate for inspections conducted during the normal business hours established by the locality. *With the exception of the levy imposed pursuant to § 36-137, any fees levied pursuant to this subdivision shall be used only to support the functions of the local building department.* Nothing herein shall be construed to prohibit a private entity from conducting such inspections, provided the private entity has been approved to perform such inspections in accordance with the written policy of the maintenance code official for the locality.

D. Issuance of permits.

1. Fees may be levied by the local governing body to be paid by the applicant for the issuance of a building permit as otherwise provided under this chapter; however, notwithstanding any provision of law, general or special, if the applicant for a building permit is a tenant or the owner of an easement on the owner's property, such applicant shall not be denied a permit under the Building Code solely upon the basis that the property owner has financial obligations to the locality that constitute a lien on such property in favor of the locality. If such applicant is the property owner, in addition to payment of the fees for issuance of a building permit, the locality may require full payment of any and all financial obligations of the property owner to the locality to satisfy such lien prior to issuance of such permit. For purposes of this ~~subsection~~ *subdivision*, "property owner" means the owner of such property as reflected in the land records of the circuit court clerk where the property is located, the owner's agent, or any entity in which the owner holds an ownership interest greater than 50 percent.

2. *In the event that a local building department denies an application for the issuance of a building permit, the local building department shall provide to the applicant a written explanation detailing the reasons for which the application was denied. The applicant may submit a revised application addressing the reasons for which the application was previously denied, and if the applicant does so, the local building department shall be encouraged, but not required, to limit its review of the revised application to only those portions of the application that were previously deemed inadequate and that the applicant has revised.*

CHAPTER 699

An Act to amend and reenact § 58.1-439 of the Code of Virginia, relating to major business facility job tax credit; sunset; reporting requirements.

[H 2003]

Approved March 21, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-439 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-439. Major business facility job tax credit.

A. For taxable years beginning on and after January 1, 1995, but before ~~January 1, 2020~~ *July 1, 2022*, a taxpayer shall be allowed a credit against the taxes imposed by Articles 2 (§ 58.1-320 et seq.), 6 (§ 58.1-360 et seq.), and 10 (§ 58.1-400 et seq.) of Chapter 3; Chapter 12 (§ 58.1-1200 et seq.); Article 1 (§ 58.1-2500 et seq.) of Chapter 25; or Article 2 (§ 58.1-2620 et seq.) of Chapter 26 as set forth in this section.

B. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company shall be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

C. A "major business facility" is a company that satisfies the following criteria:

1. Subject to the provisions of subsections K or L, the establishment or expansion of the company shall result in the creation of at least 50 jobs for qualified full-time employees; the first such 50 jobs shall be referred to as the "threshold amount"; and

2. The company is engaged in any business in the Commonwealth, except a retail trade business if such trade is the principal activity of an individual facility in the Commonwealth. Examples of types of major business facilities that are eligible for the credit provided under this section include, but are not limited to, a headquarters, or portion of such a facility, where company employees are physically employed, and where the majority of the company's financial, personnel, legal or planning functions are handled either on a regional or national basis. A company primarily engaged in the Commonwealth in the business of manufacturing or mining; agriculture, forestry or fishing; transportation or communications; or a public utility subject to the corporation income tax shall be deemed to have established or expanded a major business facility in the Commonwealth if it meets the requirements of subdivision 1 during a single taxable year and such facilities are not retail establishments. A major business facility shall also include facilities that perform central management or administrative activities, whether operated as a separate trade or business, or as a separate support operation of another business. Central management or administrative activities include, but are not limited to, general management; accounting; computing; tabulating; purchasing; transportation or shipping; engineering and systems planning; advertising; technical sales and support operations; central administrative offices and warehouses; research, development and testing laboratories; computer-programming, data-processing and other computer-related services facilities; and legal, financial, insurance, and real estate services. The terms used in this subdivision to refer to various types of businesses shall have the same meanings as those terms are commonly defined in the Standard Industrial Classification Manual.

D. For purposes of this section, the "credit year" is the first taxable year following the taxable year in which the major business facility commenced or expanded operations.

E. The Department of Taxation shall make all determinations as to the classification of a major business facility in accordance with the provisions of this section.

F. A "qualified full-time employee" means an employee filling a new, permanent full-time position in a major business facility in the Commonwealth. A "new, permanent full-time position" is a job of an indefinite duration, created by the company as a result of the establishment or expansion of a major business facility in the Commonwealth, requiring a minimum of 35 hours of an employee's time a week for the entire normal year of the company's operations, which "normal year" shall consist of at least 48 weeks, or a position of indefinite duration which requires a minimum of 35 hours of an employee's time a week for the portion of the taxable year in which the employee was initially hired for, or transferred to, the major business facility in the Commonwealth. Seasonal or temporary positions, or a job created when a job function is shifted from an existing location in the Commonwealth to the new major business facility and positions in building and grounds maintenance, security, and other such positions which are ancillary to the principal activities performed by the employees at a major business facility shall not qualify as new, permanent full-time positions.

G. For any major business facility, the amount of credit earned pursuant to this section shall be equal to \$1,000 per qualified full-time employee, over the threshold amount, employed during the credit year. The credit shall be allowed ratably, with one-third of the credit amount allowed annually for three years beginning with the credit year. However, for taxable years beginning on or after January 1, 2009, one-half of the credit amount shall be allowed each year for two years. The portion of the \$1,000 credit earned with respect to any qualified full-time employee who is employed in the Commonwealth for less than 12 full months during the credit year will be determined by multiplying the credit amount by a fraction, the numerator of which is the number of full months that the qualified full-time employee worked for the major business facility in the Commonwealth during the credit year, and the denominator of which is 12. A separate credit year and a three-year allowance period shall exist for each distinct major business facility of a single taxpayer, except for credits allowed for taxable years beginning on or after January 1, 2009, when a two-year allowance period shall exist for each distinct major business facility of a single taxpayer.

H. The amount of credit allowed pursuant to this section shall not exceed the tax imposed for such taxable year. Any credit not usable for the taxable year the credit was allowed may be, to the extent usable, carried over for the next 10 succeeding taxable years. No credit shall be carried back to a preceding taxable year. In the event that a taxpayer who is subject to the tax limitation imposed pursuant to this subsection is allowed another credit pursuant to any other section of the Code of Virginia, or has a credit carryover from a preceding taxable year, such taxpayer shall be considered to have first utilized any credit allowed which does not have a carryover provision, and then any credit which is carried forward from a preceding taxable year, prior to the utilization of any credit allowed pursuant to this section.

I. No credit shall be earned pursuant to this section for any employee (i) for whom a credit under this section was previously earned by a related party as defined by Internal Revenue Code § 267(b) or a trade or business under common control as defined by Internal Revenue Code § 52(b); (ii) who was previously employed in the same job function in Virginia by a related party as defined by Internal Revenue Code § 267(b) or a trade or business under common control as defined by Internal Revenue Code § 52(b); (iii) whose job function was previously performed at a different location in Virginia by an employee of the taxpayer, a related party as defined by Internal Revenue Code § 267(b), or a trade or business under common control as defined by Internal Revenue Code § 52(b); or (iv) whose job function previously qualified for a credit under this section at a different major business facility on behalf of the taxpayer, a related party as defined by Internal Revenue Code § 267(b), or a trade or business under common control as defined by Internal Revenue Code § 52(b).

J. Subject to the provisions of subsections K or L, recapture of this credit, under the following circumstances, shall be accomplished by increasing the tax in any of the five years succeeding the taxable year in which a credit has been earned pursuant to this section if the number of qualified full-time employees decreases below the average number of qualified full-time employees employed during the credit year. Such tax increase amount shall be determined by (i) recomputing the

credit which would have been earned for the original credit year using the decreased number of qualified full-time employees and (ii) subtracting such recomputed credit from the amount of credit previously earned. In the event that the average number of qualifying full-time employees employed at a major business facility falls below the threshold amount in any of the five taxable years succeeding the credit year, all credits earned with respect to such major business facility shall be recaptured. No credit amount will be recaptured more than once pursuant to this subsection. Any recapture pursuant to this section shall reduce credits earned but not yet allowed, and credits allowed but carried forward, before the taxpayer's tax liability may be increased.

K. In the event that a major business facility is located in an economically distressed area or in an enterprise zone as defined in Chapter 49 (§ 59.1-538 et seq.) of Title 59.1 during a credit year, the threshold amount required to qualify for a credit pursuant to this section and to avoid full recapture shall be reduced from 50 to 25 for purposes of subdivision C 1 and subsection J. An area shall qualify as economically distressed if it is a city or county with an unemployment rate for the preceding year of at least 0.5 percent higher than the average statewide unemployment rate for such year. The Virginia Economic Development Partnership shall identify and publish a list of all economically distressed areas at least annually.

L. For taxable years beginning on or after January 1, 2004, but before January 1, 2006, in the event that a major business facility is located in a severely economically distressed area, the threshold amount required to qualify for a credit pursuant to this section and to avoid full recapture shall be reduced from 100 to 25 for purposes of subdivision C 1 and subsection J. However, the total amount of credit allowable under this subsection shall not exceed \$100,000 in aggregate. An area shall qualify as severely economically distressed if it is a city or county with an unemployment rate for the preceding year of at least twice the average statewide unemployment rate for such year. The Virginia Economic Development Partnership shall identify and publish a list of all severely economically distressed areas at least annually.

M. The Tax Commissioner shall promulgate regulations, in accordance with the Administrative Process Act (§ 2.2-4000 et seq.), relating to (i) the computation, carryover, and recapture of the credit provided under this section; (ii) defining criteria for (a) a major business facility, (b) qualifying full-time employees at such facility, and (c) economically distressed areas; and (iii) the computation, carryover, recapture, and redemption of the credit by affiliated companies pursuant to subsection S.

N. The provisions of this section shall apply only in instances where an announcement of intent to establish or expand a major business facility is made on or after January 1, 1994. An announcement of intent to establish or expand a major business facility includes, but is not limited to, a press conference or extensive press coverage, providing information with respect to the impact of the project on the economy of the area where the major business facility is to be established or expanded and the Commonwealth as a whole.

O. The credit allowed pursuant to this section shall be granted to the person who pays taxes for the qualified full-time employees pursuant to Chapter 5 (§ 60.2-500 et seq.) of Title 60.2.

P. No person shall claim a credit allowed pursuant to this section and the credit allowed pursuant to § 58.1-439.2. Any qualified business firm receiving an enterprise zone job creation grant under § 59.1-547 shall not be eligible to receive a major business facility job tax credit pursuant to this section for any job used to qualify for the enterprise zone job creation grant.

Q. No person operating a business in the Commonwealth pursuant to Chapter 29 (§ 59.1-364 et seq.) of Title 59.1 shall claim a credit pursuant to this section.

R. Notwithstanding subsection O, a taxpayer may, for the purpose of determining the number of qualified full-time employees at a major business facility, include the employees of a contractor or a subcontractor if such employees are permanently assigned to the taxpayer's major business facility. If the taxpayer includes the employees of a contractor or subcontractor in its total of qualified full-time employees, it shall enter into a contractual agreement with the contractor or subcontractor prohibiting the contractor or subcontractor from also claiming these employees in order to receive a credit given under this section. The taxpayer shall provide evidence satisfactory to the Department of Taxation that it has entered into such a contract.

S. For purposes of satisfying the criteria of subdivision C 1, two or more affiliated companies may elect to aggregate the number of jobs created for qualified full-time employees as the result of the establishment or expansion by the individual companies in order to qualify for the credit allowed pursuant to this section. For purposes of this subsection, "affiliated companies" means two or more companies related to each other such that (i) one company owns at least 80 percent of the voting power of the other or others or (ii) at least 80 percent of the voting power of two or more companies is owned by the same interests.

T. The General Assembly of Virginia finds that modern business infrastructure allows businesses to locate their administrative or manufacturing facilities with minimal regard to the location of markets or the transportation of raw materials and finished goods, and that the economic vitality of the Commonwealth would be enhanced if such facilities were established in Virginia. Accordingly, the provisions of this section targeting the credit to major business facilities and limiting the credit to those companies which establish a major business facility in Virginia are integral to the purpose of the credit earned pursuant to this section and shall not be deemed severable.

U. *For taxable years beginning on and after January 1, 2019, and notwithstanding the provisions of § 58.1-3 or any other provision of law, the Department of Taxation, in consultation with the Virginia Economic Development Partnership, shall publish the following information by November 1 of each year for the 12-month period ending on the preceding December 31:*

1. *The location of sites used for major business facilities for which a credit was claimed;*
 2. *The North American Industry Classification System codes used for the major business facilities for which a credit was claimed;*
 3. *The number of qualified full time employees for whom a credit was claimed; and*
 4. *The total cost to the Commonwealth's general fund of the credits claimed.*
- Such information shall be published by the Department, regardless of how few taxpayers claimed the tax credit, in a manner that prevents the identification of particular taxpayers, reports, returns, or items.*

An Act to amend and reenact §§ 8.01-128, 8.01-129, 8.01-293, 8.01-470, 8.01-471, 16.1-69.40, 16.1-88.03, 17.1-272, 55-225.01, 55-225.1, 55-246.1, 55-248.3:1, 55-248.35, 55-248.38:1, 55-248.38:2, and 58.1-3947 of the Code of Virginia, relating to eviction; writs of possession and eviction.

[H 2007]

Approved March 21, 2019

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-128, 8.01-129, 8.01-293, 8.01-470, 8.01-471, 16.1-69.40, 16.1-88.03, 17.1-272, 55-225.01, 55-225.1, 55-246.1, 55-248.3:1, 55-248.35, 55-248.38:1, 55-248.38:2, and 58.1-3947 of the Code of Virginia are amended and reenacted as follows:

§ 8.01-128. Verdict and judgment; damages.

A. If it appears that the plaintiff was forcibly or unlawfully turned out of possession, or that it was unlawfully detained from him, the verdict or judgment shall be for the plaintiff for the premises, or such part thereof as may be found to have been so held or detained. The verdict or judgment shall also be for such damages as the plaintiff may prove to have been sustained by him by reason of such forcible or unlawful entry, or unlawful detention, of such premises, and such rent as he may prove to have been owing to him.

B. The plaintiff may, alternatively, receive a final, appealable judgment for possession of the property unlawfully entered or unlawfully detained and be issued ~~a writ~~ *an order* of possession at the initial hearing on a summons for unlawful detainer, upon evidence presented by the plaintiff to the court. At the initial hearing, upon request of the plaintiff, the court shall bifurcate the unlawful detainer case and set a continuance date no later than 120 days from the date of the initial hearing to determine final rent and damages. On such continuance date, the court shall permit amendment of the amount requested on the summons for unlawful detainer filed in court in accordance with the (i) notice of hearing to establish final rent and damages mailed to the last known address of the defendant and filed with the court at least 15 days prior to the continuance date as provided herein, (ii) evidence presented to the court, and (iii) amounts contracted for in the rental agreement. Nothing in this subsection shall preclude a defendant who appears in court at the initial court date from contesting an unlawful detainer action as otherwise provided by law.

If under this section an appeal is taken as to possession, the entire case shall be considered appealed. The plaintiff shall, in the instance of a continuance taken under this section, mail to the defendant at the defendant's last known address at least 15 days prior to the continuance date a notice advising (a) of the continuance date, (b) of the amounts of final rent and damages, and (c) that the plaintiff is seeking judgment for additional sums. A copy of such notice shall be filed with the court.

C. No verdict or judgment rendered under this section shall bar any separate concurrent or future action for any such damages or rent as may not be so claimed.

§ 8.01-129. Appeal from judgment of general district court.

A. An appeal shall lie from the judgment of a general district court, in any proceeding under this article, to the circuit court in the same manner and with like effect and upon like security as appeals taken under the provisions of § 16.1-106 et seq. except as specifically provided in this section. The appeal shall be taken within 10 days and the security approved by the court from which the appeal is taken. Notwithstanding the provisions of § 16.1-106 et seq., the bond shall be posted and the writ tax paid within 10 days of the date of the judgment.

B. In any unlawful detainer case filed under § 8.01-126, if a judge grants the plaintiff a judgment for possession of the premises, upon request of the plaintiff, the judge shall further order that the writ *of eviction* issue immediately upon entry of judgment for possession. In such case, the clerk shall deliver the writ *of eviction* to the sheriff, who shall then, at least 72 hours prior to execution of such writ, serve notice of intent to execute the writ, including the date and time of eviction, as provided in § 8.01-470. In no case, however, shall the sheriff evict the defendant from the dwelling unit prior to the expiration of the defendant's 10-day appeal period. If the defendant perfects an appeal, the sheriff shall return the writ to the clerk who issued it.

When the appeal is taken by the defendant, he shall be required to give security also for all rent which has accrued and may accrue upon the premises, but for not more than one year's rent, and also for all damages that have accrued or may accrue from the unlawful use and occupation of the premises for a period not exceeding three months. Trial by jury shall be had upon application of any party.

§ 8.01-293. Authorization to serve process, capias or show cause order; execute writ of possession or eviction and levy upon property.

A. The following persons are authorized to serve process:

1. The sheriff within such territorial bounds as described in § 8.01-295;

2. Any person of age 18 years or older and who is not a party or otherwise interested in the subject matter in controversy. For purposes of this subdivision, an investigator employed by an attorney for the Commonwealth or employed by the Indigent Defense Commission, who within 10 years immediately prior to being employed by the attorney for the Commonwealth or Indigent Defense Commission was an active law-enforcement officer as defined in § 9.1-101 in the Commonwealth and retired or resigned from his position as a law-enforcement officer in good standing, shall not be considered to be a party or otherwise interested in the subject matter in controversy while engaged in the performance of his official duties, provided that the sheriff in the jurisdiction where process is to be served has agreed that such investigators may serve process. The tenant shall have the right to remove his personal property from the dwelling unit or the premises at reasonable times during the 24-hour period after termination or at such other reasonable times until the landlord has disposed of the remaining personal property of the tenant.

If the landlord received any funds from any sale of abandoned property as provided in this section, the landlord shall pay such funds to the account of the tenant and apply same to any amounts due the landlord by the tenant, including the reasonable costs incurred by the landlord in selling, storing or safekeeping such property. If any such funds are remaining after application, the remaining funds shall be treated as a security deposit under the provisions of § 55-248.15:1. The provisions of this section shall not be applicable if the landlord has been granted ~~a writ~~ *an order* of possession for the premises in accordance with Title 8.01 and execution of ~~such a writ of~~ *eviction* has been completed pursuant to § 8.01-470.

Nothing herein shall affect the right of a landlord to enforce an inchoate or perfected lien of the landlord on the personal property of a tenant in a dwelling unit or on the premises leased to such tenant and the right of a landlord to distress, levy, and seize such personal property as otherwise provided by law.

Notwithstanding the provisions of § 8.01-156, when personal property is removed from a dwelling unit, the premises, or from any storage area provided by the landlord pursuant to an action of unlawful detainer or ejection, or pursuant to any other action in which personal property is removed from the dwelling unit in order to restore the dwelling unit to the person entitled thereto, the sheriff shall oversee the removal of such personal property to be placed into the public way. The tenant

shall have the right to remove his personal property from the public way during the 24-hour period after eviction. Upon the expiration of the 24-hour period after eviction, the landlord shall remove, or dispose of, any such personal property remaining in the public way.

At the landlord's request, any personal property removed pursuant to this section shall be placed into a storage area designated by the landlord, which may be the dwelling unit. The tenant shall have the right to remove his personal property from the landlord's designated storage area at reasonable times during the 24 hours after eviction from the landlord's or at such other reasonable times until the landlord has disposed of the property as provided herein. During that 24-hour period and until the landlord disposes of the remaining personal property of the tenant, the landlord and the sheriff shall not have any liability for the risk of loss for such personal property. If any funds are remaining after application, the remaining funds shall be treated as security deposit under applicable law.

The notice posted by the sheriff *with the writ of eviction* setting the date and time of the eviction, pursuant to § 8.01-470, shall provide notice to the tenant of the rights afforded to tenants in this section and shall include in the said notice a copy of this statute attached to, or made a part of, this notice.

§ 58.1-3947. Lease of real estate for collection of taxes.

Any real estate in the county, city or town belonging to the person or estate assessed with taxes due on such real estate may be rented or leased by the treasurer, sheriff, constable or collector, privately or at public outcry, after due publication, in the discretion of such treasurer, sheriff, constable or collector, either at the front door of the courthouse or on the premises or at some public place in the community where the premises are situated, after giving not less than fifteen days' notice by printed or written notices posted at the front door of the courthouse and at three or more places in the neighborhood of the real estate to be leased. 5. A system for monitoring the severance, ownership, assignment, and transfer of transferable development rights;

6. A map or other description of areas designated as sending and receiving areas for the transfer of development rights between properties;

7. The identification of parcels, if any, within a receiving area that are inappropriate as receiving properties;

8. The permitted uses and the maximum increases in density in the receiving area;

9. The minimum acreage of a sending property and the minimum reduction in density of the sending property that may be conveyed in severance or transfer of development rights;

10. The development rights permitted to be attached in the receiving areas shall be equal to or greater than the development rights permitted to be severed from the sending areas;

11. An assessment of the infrastructure in the receiving area that identifies the ability of the area to accept increases in density and its plans to provide necessary utility services within any designated receiving area; and

12. The application to be deemed approved upon the determination of compliance with the ordinance by the agent of the planning commission, or other agent designated by the locality.

C. In order to implement the provisions of this act, a locality may provide in its ordinance for:

1. The purchase of all or part of such development rights, which shall retire the development rights so purchased;

2. The severance of development rights from existing zoned or subdivided properties as otherwise provided in subsection E;

3. The owner of such development rights to make application to the locality for a real estate tax abatement for a period up to 25 years, to compensate the owner of such development rights for the fair market value of all or part of the development rights, which shall retire the number of development rights equal to the amount of the tax abatement, and such abatement is transferable with the property;

4. The owner of a property to request designation by the locality of the owner's property as a "sending property" or a "receiving property";

5. The allowance for residential density to be converted to bonus density on the receiving property by (i) an increase in the residential density on the receiving property or (ii) an increase in the square feet of commercial, industrial, or other uses on the receiving property, which upon conversion shall retire the development rights so converted;

6. The receiving areas to include such urban development areas *or similarly defined areas* in the locality established pursuant to § 15.2-2223.1;

7. The sending properties, subsequent to severance of development rights, to generate one or more forms of renewable energy, as defined in § 56-576, subject to the provisions of the local zoning ordinance;

8. The sending properties, subsequent to severance of development rights, to produce agricultural products or forestal products, as defined in § 15.2-4302, and to include parks, campgrounds and related camping facilities; however, for purposes of this subdivision, "campgrounds" does not include use by travel trailers, motor homes, and similar vehicular type structures;

9. The review of an application by the planning commission to determine whether the application complies with the provisions of the ordinance;

10. Such other provisions as the locality deems necessary to aid in the implementation of the provisions of this act;

11. Approval of an application upon the determination of compliance with the ordinance by the agent of the planning commission; and

12. A requirement that development comply with any locality-adopted neighborhood design standards identified in the comprehensive plan for the receiving area in which the development shall occur, provided such design standard was adopted in the comprehensive plan and applied to the receiving area prior to the transfer of the development right.

D. The locality may, by ordinance, designate receiving areas or receiving properties, ~~or~~ add to, supplement, or amend its designations of receiving areas or receiving properties, *or designate receiving areas or receiving properties that shall receive development rights only from certain sending areas or sending properties specified by the locality*, so long as the development rights permitted to be attached in the receiving areas are equal to or greater than the development rights permitted to be severed in the sending areas.

E. Any proposed severance or transfer of development rights shall only be initiated upon application by the property owners of the sending properties, development rights, or receiving properties as otherwise provided herein.

F. A locality may not require property owners to sever or transfer development rights as a condition of the development of any property.

G. The owner of a property may sever development rights from the sending property, pursuant to the provisions of this act. An application to transfer development rights to one or more receiving properties, for the purpose of affixing such rights thereto, shall only be initiated upon application by the owner of such development rights and the owners of the receiving properties.

H. Development rights severed pursuant to this article shall be interests in real property and shall be considered as such for purposes of conveyance and taxation. Once a deed for transferable development rights, created pursuant to this act, has been recorded in the land records of the office of the circuit court clerk for the locality to reflect the transferable development rights sold, conveyed, or otherwise transferred by the owner of the sending property, the development rights shall vest in the grantee and may be transferred by such grantee to a successor in interest. Nothing herein shall be construed to prevent the owner of the sending property from recording a deed covenant against the sending property severing the development rights on said property, with the owner of the sending property retaining ownership of the severed development rights. Any transfer of the development rights to a property in a receiving area shall be in accordance with the provisions of the ordinance adopted pursuant to this article.

I. For the purposes of ad valorem real property taxation, the value of a transferable development right shall be deemed appurtenant to the sending property until the transferable development right is severed from and recorded as a distinct

interest in real property, or the transferable development right is used at a receiving property and becomes appurtenant thereto. Once a transferable development right is severed from the sending property, the assessment of the fee interest in the sending property shall reflect any change in the fair market value that results from the inability of the owner of the fee interest to use such property for such uses terminated by the severance of the transferable development right. Upon severance from the sending property and recordation as a distinct interest in real property, the transferable development right shall be assessed at its fair market value on a separate real estate tax bill sent to the owner of said development right as taxable real estate in accordance with Article 1 (§ 58.1-3200 et seq.) of Chapter 32 of Title 58.1. The development right shall be taxed as taxable real estate by the local jurisdiction where the sending property is located, until such time as the development right becomes attached to a receiving property, at which time it shall be taxed as taxable real estate by the local jurisdiction where the receiving property is located.

J. The owner of a sending property from which development rights are severed shall provide a copy of the instrument, showing the deed book and page number, or instrument or GPIN, to the real estate tax assessor for the locality.

K. Localities, from time to time as the locality designates sending and receiving areas, shall incorporate the map identified in subdivision B 6 into the comprehensive plan.

L. No amendment to the zoning map, nor any amendments to the text of the zoning ordinance with respect to the zoning district applicable thereto initiated by the governing body, which eliminate, or materially restrict, reduce, or downzone the uses, or the density of uses permitted in the zoning district applicable to any property to which development rights have been transferred, shall be effective with respect to such property unless there has been mistake, fraud, or a material change in circumstances substantially affecting the public health, safety, or welfare.

M. A county adopting an ordinance pursuant to this article may designate eligible receiving areas in any incorporated town within such county, if the governing body of the town has also amended its zoning ordinance to designate the same areas as eligible to receive density being transferred from sending areas in the county. The development right shall be taxed as taxable real estate by the local jurisdiction where the sending property is located, until such time as the development right becomes attached to a receiving property, at which time it shall be taxed as taxable real estate by the local jurisdiction where the receiving property is located.

N. Any county and an adjacent city may enter voluntarily into an agreement to permit the county to designate eligible receiving areas in the city if the governing body of the city has also amended its zoning ordinance to designate the same areas as eligible to receive density being transferred from sending areas in the county. The city council shall designate areas it deems suitable as receiving areas and shall designate the maximum increases in density in each such receiving area. However, if any such agreement contains any provision addressing any issue provided for in Chapter 32 (§ 15.2-3200 et seq.), 33 (§ 15.2-3300 et seq.), 36 (§ 15.2-3600 et seq.), 38 (§ 15.2-3800 et seq.), 39 (§ 15.2-3900 et seq.), or 41 (§ 15.2-4100 et seq.), the agreement shall be subject to the review and implementation process established by Chapter 34 (§ 15.2-3400 et seq.). The development right shall be taxed as taxable real estate by the local jurisdiction where the sending property is located, until such time as the development right becomes attached to a receiving property, at which time it shall be taxed as taxable real estate by the local jurisdiction where the receiving property is located.

1. The terms and conditions of the density transfer agreement as provided in this subsection shall be determined by the affected localities and shall be approved by the governing body of each locality participating in the agreement, provided the governing body of each such locality first holds a public hearing, which shall be advertised once a week for two successive weeks in a newspaper of general circulation in the locality.

2. The governing bodies shall petition a circuit court having jurisdiction in one or more of the localities for an order affirming the proposed agreement. The circuit court shall be limited in its decision to either affirming or denying the agreement and shall have no authority, without the express approval of each local governing body, to amend or change the terms or conditions of the agreement, but shall have the authority to validate the agreement and give it full force and effect. The circuit court shall affirm the agreement unless the court finds either that the agreement is contrary to the best interests of the Commonwealth or that it is not in the best interests of each of the parties thereto.

3. The agreement shall not become binding on the localities until affirmed by the court under this subsection. Once approved by the circuit court, the agreement shall also bind future local governing bodies of the localities.

CHAPTER 703

An Act to amend and reenact § 15.2-2308 of the Code of Virginia, relating to local board of zoning appeals; membership.

[H 2224]

Approved March 21, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2308 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2308. Boards of zoning appeals to be created; membership, organization, etc.

A. Every locality that has enacted or enacts a zoning ordinance pursuant to this chapter or prior enabling laws, shall establish a board of zoning appeals that shall consist of either five or seven residents of the locality, *or in a town with a population of 3,500 or less, either three, five, or seven residents of the locality*, appointed by the circuit court for the locality. Boards of zoning appeals for a locality within the fifteenth or nineteenth judicial circuit may be appointed by the chief judge or his designated judge or judges in their respective circuit, upon concurrence of such locality. Their terms of office shall be for five years each except that original appointments shall be made for such terms that the term of one member shall expire each year. The secretary of the board shall notify the court at least thirty days in advance of the expiration of any term of office, and shall also notify the court promptly if any vacancy occurs. Appointments to fill vacancies shall be only for the unexpired portion of the term. Members may be reappointed to succeed themselves. Members of the board shall hold no other public office in the locality except that one may be a member of the local planning commission. A member whose term expires shall continue to serve until his successor is appointed and qualifies. The circuit court for the City of Chesapeake and the Circuit Court for the City of Hampton shall appoint at least one but not more than three alternates to the board of zoning appeals. At the request of the local governing body, the circuit court for any other locality may appoint not more than three alternates to the board of zoning appeals. The qualifications, terms and compensation of alternate members shall be the same as those of regular members. A regular member when he knows he will be absent from or will have to abstain from any application at a meeting shall notify the chairman twenty-four hours prior to the meeting of such fact. The chairman shall select an alternate to serve in the absent or abstaining member's place and the records of the board shall so note. Such alternate member may vote on any application in which a regular member abstains.

B. Localities may, by ordinances enacted in each jurisdiction, create a joint board of zoning appeals that shall consist of two members appointed from among the residents of each participating jurisdiction by the circuit court for each county or city, plus one member from the area at large to be appointed by the circuit court or jointly by such courts if more than one, having jurisdiction in the area. The term of office of each member shall be five years except that of the two members first appointed from each jurisdiction, the term of one shall be for two years and of the other, four years. Vacancies shall be filled for the unexpired terms. In other respects, joint boards of zoning appeals shall be governed by all other provisions of this article.

C. With the exception of its secretary and the alternates, the board shall elect from its own membership its officers who shall serve annual terms as such and may succeed themselves. The board may elect as its secretary either one of its members

or a qualified individual who is not a member of the board, excluding the alternate members. A secretary who is not a member of the board shall not be entitled to vote on matters before the board. Notwithstanding any other provision of law, general or special, for the conduct of any hearing, a quorum shall be not less than a majority of all the members of the board and the board shall offer an equal amount of time in a hearing on the case to the applicant, appellant or other person aggrieved under § 15.2-2314, and the staff of the local governing body. Except for matters governed by § 15.2-2312, no action of the board shall be valid unless authorized by a majority vote of those present and voting. The board may make, alter and rescind rules and forms for its procedures, consistent with ordinances of the locality and general laws of the Commonwealth. The board shall keep a full public record of its proceedings and shall submit a report of its activities to the governing body or bodies at least once each year.

D. Within the limits of funds appropriated by the governing body, the board may employ or contract for secretaries, clerks, legal counsel, consultants, and other technical and clerical services. Members of the board may receive such compensation as may be authorized by the respective governing bodies. Any board member or alternate may be removed for malfeasance, misfeasance or nonfeasance in office, or for other just cause, by the court that appointed him, after a hearing held after at least fifteen days' notice.

E. Notwithstanding any contrary provisions of this section, in the Cities of Portsmouth and Virginia Beach, members of the board shall be appointed by the governing body. The governing body shall also appoint at least one but not more than three alternates to the board.

CHAPTER 704

An Act to amend and reenact §§ 38.2-2126 and 38.2-2234 of the Code of Virginia, relating to property and motor vehicle insurance; use of credit scores; adverse actions.

[H 2230]

Approved March 21, 2019

Be it enacted by the General Assembly of Virginia:

1. That §§ 38.2-2126 and 38.2-2234 of the Code of Virginia are amended and reenacted as follows:

§ 38.2-2126. Insurance credit score disclosure; use of credit information.

A. Any insurer issuing or delivering a policy written to insure an owner-occupied dwelling or the personal property of a tenant's residential property risk that uses credit information contained in a consumer report for underwriting, tier placement or rating an applicant or insured, shall meet the following requirements:

1. Disclose, either on the insurance application or at the time the insurance application is taken (i) that it shall obtain credit information in connection with such application; (ii) that the insured may request that his credit information be updated; and (iii) that, if the insured questions the accuracy of the credit information, the insurer will, upon request of the insured, reevaluate the insured based on corrected credit information from a consumer reporting agency. The disclosure may be made by the insurer or its agent. Such disclosure shall be either written or provided to an applicant in the same medium as the application for insurance. The insurer need not provide the disclosure required under this subsection to any insured on a renewal policy if such insured has previously been provided a disclosure. Use of the following example disclosure constitutes compliance with this subsection: "In connection with this application for insurance, we shall review your credit report or obtain or use an insurance credit score based on the information contained in that credit report. We may use a third party in connection with the development of your insurance credit score. You may request that your credit information be updated and if you question the accuracy of the credit information, we will, upon your request, reevaluate you based on corrected credit information from a consumer reporting agency."

2. If an insurer takes an adverse action, based in whole or in part, upon credit information, the insurer ~~must~~ *shall* provide ~~notification~~ *notice* to the applicant or insured that the adverse action was based, in whole or in part, on credit information. Such ~~notification~~ *notice* shall also either include a statement advising the applicant or insured of the primary factors or characteristics that were used as the basis for the adverse action, or notify the applicant or insured that he may request such information. For the purposes of this section, adverse action means a denial, nonrenewal or cancellation of, an increase in any charge for or refusal to apply a discount, or placement in a less favorable tier, or a reduction or other adverse or unfavorable change in the terms of coverage or amount of, any insurance, existing or applied for, in connection with the underwriting, tier placement or rating *of insurance based on the applicant's or insured's credit information*. Adverse action includes, ~~but is not limited to,~~ circumstances where *due to his credit information* the applicant or insured (i) ~~did not receive the company's most favorable~~ *receives a higher rate*, (ii) ~~was not~~ *is* placed in ~~the company's best~~ *a less favorable tier*, and (iii) when there are multiple companies available within a group of insurers, ~~the applicant or insured did not receive~~ *receives* coverage in ~~the group's most~~ *a less favorably priced company of the group*. *Notice is required when the effect of the credit information would put the applicant or insured in a worse position than if the credit information had not been considered.* In the case of renewals, the circumstances listed in clauses (i), (ii), and (iii) shall not be deemed adverse actions if, due to the insured's credit information, the insured is not receiving a less favorable rate or placed in a less favorable tier or company than during the policy period immediately preceding renewal.

B. If an insurer uses credit information from a consumer report for tier placement or rating of its renewal business for a policy insuring an owner-occupied dwelling or the personal property of a tenant's residential property risk, the insurer shall

be required to update the credit information at least once every three years, provided, however, that the insurer shall be required to update an insured's credit information within the three-year period if requested by the insured. If an update request is made by the insured at least 45 days prior to the end of the policy term, any adjustment to the premium required by the update of the insured's credit information shall take effect at the first renewal following the request for update of the insured's credit information. If an update request is made by the insured within 45 days of the end of the policy term, the insurer shall have the option of applying any adjustment to the premium required by the update of the insured's credit information to the first renewal or the second renewal following the request for update of the insured's credit information. An insurer need not update the credit information more frequently than once every policy term. Notwithstanding the requirements of this subsection, no insurer need obtain updated credit information if the insured has the most favorably priced tier or rate based on his credit information.

C. Notwithstanding the provisions of subdivision A 3 of § 38.2-1904, if an insurer issuing or delivering a policy to insure an owner-occupied dwelling or the personal property of a tenant's residential property risk is unable to obtain credit information from a consumer report or when an insured or applicant has insufficient credit to produce an insurance credit score, the insurer shall underwrite, tier, or rate the individual risk in one of the following ways: (i) as if the risk received a neutral or average insurance credit score, as defined by the insurer, (ii) by excluding the use of credit information as a factor and using only other underwriting, tiering, or rating criteria, or (iii) in accordance with established underwriting guidelines or filed tiering or rating rules. Any such established underwriting guidelines or filed tiering or rating rules shall consider other actuarially justified factors associated with the risk in addition to the inability to obtain credit information or the insufficiency of the credit information.

D. The following factors shall not be used as credit criteria or to determine an insurance credit score for underwriting, tier placement, or rating purposes for a policy insuring an owner-occupied dwelling or the personal property of a tenant's residential property risk:

1. Information that has been identified by the consumer reporting agency as disputed by the consumer and coded as such, if the use of such disputed information would result in an adverse action;

2. Information that has been identified by the consumer reporting agency as related to insurance inquiries or nonconsumer-initiated inquiries and coded as such;

3. Information that has been identified by the consumer reporting agency as related to collection accounts with a medical industry code;

4. Information that includes multiple lender inquiries, if coded by the consumer reporting agency as being from the home mortgage industry and made within 30 days of one another, unless only one inquiry is considered;

5. Information that includes multiple lender inquiries, if coded by the consumer reporting agency as being from the automobile lending industry and made within 30 days of one another, unless only one inquiry is considered;

6. Income, gender, address, zip code, ethnic group, race, color, religion, marital status, or nationality of the consumer; or

7. The total available line of credit; however, an insurer may consider the total amount of outstanding debt in relation to the total available line of credit.

E. No insurer shall take an adverse action against an applicant for a policy insuring an owner-occupied dwelling or the personal property of a tenant's residential property risk based on credit information, unless an insurer obtains and uses a consumer report procured within 90 days from the date the policy is first written.

F. Notwithstanding anything to the contrary, for a policy insuring an owner-occupied dwelling or the personal property of a tenant's residential property risk, an insurer may, upon request, provide reasonable exceptions for an individual whose credit information is directly and adversely impacted by a catastrophic event, as determined by the insurer, including, ~~but not limited to,~~ catastrophic illness or injury or the death of a spouse or member of the same household. The insurer may require reasonable documentation of the event prior to granting an exception. No insurer shall be deemed out of compliance with its filed rules and rates as a result of granting an exception pursuant to this subsection.

G. Upon the request of an insured or applicant with a policy insuring an owner-occupied dwelling or the personal property of a tenant's residential property risk for a reevaluation as set forth in this section, the insurer shall reevaluate the individual based on corrected credit information from a consumer reporting agency. If the reevaluation results in a lower premium, the lower premium shall be applied retroactively to the effective date of the current policy term, and the insurer shall either refund or credit the amount to the insured. The insurer may require reasonable documentation of the corrected information from the consumer reporting agency prior to the reevaluation.

H. An insurer shall indemnify, defend, and hold agents harmless from and against all liability, fees, and costs arising out of or relating to the actions, errors, or omissions of an agent who obtains or uses credit information or insurance credit scores for an insurer, provided the agent follows the instructions or procedures established by the insurer and complies with any applicable law. Nothing in this subsection shall be construed to provide an applicant or insured with a cause of action that does not exist in the absence of this subsection.

I. No consumer reporting agency shall provide or sell data or lists that include any information that in whole or in part was submitted in conjunction with an insurance inquiry about an individual's credit information or a request for a consumer report or an insurance credit score. Such information includes, ~~but is not limited to,~~ the expiration dates of an insurance policy or any other information that may identify time periods during which an individual's insurance may expire and the terms and conditions of the individual's insurance coverage. The restrictions provided in this subsection do not apply to data or lists the consumer reporting agency supplies to the insurance agent from whom information was received or the insurer

on whose behalf such agent acted. Nothing in this subsection shall be construed to restrict any insurer from being able to obtain a claims history report or a motor vehicle report.

J. For the purposes of this section, "insurance credit score" means a number or rating that is derived from an algorithm, computer application, model, or other process that is based in whole or in part on credit information for the purposes of predicting the future insurance loss exposure of an individual applicant or insured for a policy insuring an owner-occupied dwelling or the personal property of a tenant's residential property risk.

~~K. The provisions set forth in this section shall apply to new policies insuring an owner-occupied dwelling or the personal property of a tenant's residential property risk not later than January 1, 2004, and to renewal policies insuring an owner-occupied dwelling or the personal property of a tenant's residential property risk not later than April 1, 2004.~~

§ 38.2-2234. Insurance credit score disclosure; use of credit information.

A. Any insurer issuing or delivering a policy of motor vehicle insurance in this Commonwealth, as defined in § 38.2-2212, that uses credit information contained in a consumer report for underwriting, tier placement or rating an applicant or insured shall meet the following requirements:

1. Disclose, either on the insurance application or at the time the insurance application is taken (i) that it shall obtain credit information in connection with such application, (ii) that the insured may request that his credit information be updated; and (iii) that, if the insured questions the accuracy of the credit information, the insurer will, upon request of the insured, reevaluate the insured based on corrected credit information from a consumer reporting agency. The disclosure may be made by the insurer or its agent. Such disclosure shall be either written or provided to an applicant in the same medium as the application for insurance. The insurer need not provide the disclosure required under this subsection to any insured on a renewal policy, if such insured has previously been provided a disclosure. Use of the following example disclosure constitutes compliance with this subsection: "In connection with this application for insurance, we shall review your credit report or obtain or use an insurance credit score based on the information contained in that credit report. We may use a third party in connection with the development of your insurance credit score. You may request that your credit information be updated and if you question the accuracy of the credit information, we will, upon your request, reevaluate you based on corrected credit information from a consumer reporting agency."

2. If an insurer takes an adverse action, based in whole or in part, upon credit information, the insurer ~~must~~ *shall* provide ~~notification~~ *notice* to the applicant or insured that the adverse action was based, in whole or in part, on credit information. Such ~~notification~~ *notice* shall also either include a statement advising the applicant or insured of the primary factors or characteristics that were used as the basis for the adverse action, or notify the applicant or insured that he may request such information. For the purposes of this section, adverse action means a denial, nonrenewal or cancellation of, an increase in any charge for or refusal to apply a discount, or placement in a less favorable tier, or a reduction or other adverse or unfavorable change in the terms of coverage or amount of, any insurance, existing or applied for, in connection with underwriting, tier placement or rating *of insurance based on the applicant's or insured's credit information*. Adverse action includes, ~~but is not limited to,~~ circumstances where *due to his credit information* the applicant or insured (i) ~~did not receive the company's most favorable~~ *receives a higher rate*, (ii) ~~was not~~ *is* placed in ~~the company's best~~ *a less favorable* tier, and (iii) when there are multiple companies available within a group of insurers, ~~the applicant or insured did not receive~~ *receives coverage in the group's most a less favorably priced company of the group*. *Notice is required when the effect of the credit information would put the applicant or insured in a worse position than if the credit information had not been considered*. In the case of renewals, the circumstances listed in clauses (i), (ii), and (iii) shall not be deemed adverse actions if, due to the insured's credit information, the insured is not receiving a less favorable rate or placed in a less favorable tier or company than during the policy period immediately preceding renewal.

B. If an insurer uses credit information from a consumer report for tier placement or rating of its renewal business for a policy of motor vehicle insurance, as defined in § 38.2-2212, issued or delivered in this Commonwealth the insurer shall be required to update the credit information at least once every three years, provided, however, that the insurer shall be required to update an insured's credit information within the three-year period if requested by the insured. If an update request is made by the insured at least 45 days prior to the end of the policy term, any adjustment to the premium required by the update of the insured's credit information shall take effect at the first renewal following the request for update of the insured's credit information. If an update request is made by the insured within 45 days of the end of the policy term, the insurer shall have the option of applying any adjustment to the premium required by the update of the insured's credit information to the first renewal or the second renewal following the request for update of the insured's credit information. An insurer need not update the credit information more frequently than once every policy term. Notwithstanding the requirements of this subsection, no insurer need obtain updated credit information if the insured has the most favorably priced tier or rate based on his credit information.

C. Notwithstanding the provisions of subdivision A 3 of § 38.2-1904, if an insurer issuing or delivering a policy of motor vehicle insurance, as defined in § 38.2-2212, in this Commonwealth is unable to obtain credit information from a consumer report or when an insured or applicant has insufficient credit to produce an insurance credit score, the insurer shall underwrite, tier, or rate the individual risk in one of the following ways: (i) as if the risk received a neutral or average insurance credit score, as defined by the insurer, (ii) by excluding the use of credit information as a factor and using only other underwriting, tiering, or rating criteria, or (iii) in accordance with established underwriting guidelines or filed tiering or rating rules. Any such established underwriting guidelines or filed tiering or rating rules shall consider other actuarially

justified factors associated with the risk in addition to the inability to obtain credit information or the insufficiency of the credit information.

D. The following factors shall not be used as credit criteria or to determine an insurance credit score for underwriting, tier placement, or rating purposes for a policy of motor vehicle insurance, as defined in § 38.2-2212, issued or delivered in this Commonwealth:

1. Information that has been identified by the consumer reporting agency as disputed by the consumer and coded as such, if the use of such disputed information would result in an adverse action;

2. Information that has been identified by the consumer reporting agency as related to insurance inquiries or nonconsumer-initiated inquiries and coded as such;

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-1220 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-1220. Parking, stopping, and standing regulations in counties, cities, or towns; parking meters; presumption as to violation of ordinances; penalty.

The governing body of any county, city, or town may by ordinance provide for the regulation of parking, stopping, and standing of vehicles within its limits, including, but not limited to, the regulation of any vehicle blocking access to and preventing use of curb ramps, fire hydrants, and mailboxes on public or private property. Such ordinances may also include the installation and maintenance of parking meters. The ordinance may require the deposit of a coin of a prescribed denomination, determine the length of time a vehicle may be parked, and designate a department, official, or employee of the local government to administer the provisions of the ordinance. The ordinance may delegate to that department, official, or employee the authority to make and enforce any additional regulations concerning parking that may be required, including, but not limited to, penalties for violations, deadlines for the payment of fines, and late payment penalties for fines not paid when due. In a ~~city~~ *locality* having a population of at least 40,000, the ordinance may also provide that a summons or parking ticket for the violation of the ordinance or regulations may be issued by law-enforcement officers, other uniformed ~~city~~ *employees of the locality*, or by uniformed personnel serving under contract with the ~~city~~ *locality*. Notwithstanding the foregoing provisions of this section, the governing bodies of Augusta, Bath, and Rockingham Counties may by ordinance provide for the regulation of parking, stopping, and standing of vehicles within their limits, but no such ordinance shall authorize or provide for the installation and maintenance of parking meters.

No ordinance adopted under the provisions of this section shall prohibit the parking of two motorcycles in single parking spaces designated, marked, and sized for four-wheel vehicles. The governing body of any county, city, or town may, by ordinance, permit the parking of three or more motorcycles in single parking spaces designated, marked, and sized for four-wheel vehicles.

If any ordinance regulates parking on an interstate highway or any arterial highway or any extension of an arterial highway, it shall be subject to the approval of the Commissioner of Highways.

In any prosecution charging a violation of the ordinance or regulation, proof that the vehicle described in the complaint, summons, parking ticket citation, or warrant was parked in violation of the ordinance or regulation, together with proof that the defendant was at the time the registered owner of the vehicle, as required by Chapter 6 (§ 46.2-600 et seq.) ~~of this title~~, shall constitute in evidence a prima facie presumption that the registered owner of the vehicle was the person who committed the violation. Violators of local ordinances adopted by Chesterfield County or James City County pursuant to this section shall be subject to a civil penalty not to exceed \$75, the proceeds from which shall be paid into the locality's general fund.

CHAPTER 6.

VIRGINIA COORDINATE SYSTEMS.

§ 1-600. Virginia coordinate systems designated.

The systems of plane coordinates that have been established by the National Ocean Service/National Geodetic Survey or its successors for defining and stating the positions or locations of points on the surface of the earth within the Commonwealth are to be known and designated as the "Virginia Coordinate System of 1927" and the "Virginia Coordinate System of 1983."

§ 1-601. North and South Zones.

For the purpose of the use of the Virginia Coordinate System of 1927 and the Virginia Coordinate System of 1983, the Commonwealth is divided into a "North Zone" and a "South Zone."

The area now included in the following counties and cities shall constitute the North Zone: Arlington, Augusta, Bath, Caroline, Clarke, Culpeper, Fairfax, Fauquier, Frederick, Greene, Highland, King George, Loudoun, Madison, Orange, Page, Prince William, Rappahannock, Rockingham, Shenandoah, Spotsylvania, Stafford, Warren, and Westmoreland Counties and the Cities of Alexandria, Fairfax, Falls Church, Fredericksburg, Harrisonburg, Manassas, Manassas Park, Staunton, Waynesboro, and Winchester.

The area now included in the following counties and cities shall constitute the South Zone: Accomack, Albemarle, Alleghany, Amelia, Amherst, Appomattox, Bedford, Bland, Botetourt, Brunswick, Buchanan, Buckingham, Campbell, Carroll, Charles City, Charlotte, Chesterfield, Craig, Cumberland, Dickenson, Dinwiddie, Essex, Floyd, Fluvanna, Franklin, Giles, Gloucester, Goochland, Grayson, Greenville, Halifax, Hanover, Henrico, Henry, Isle of Wight, James City, King and Queen, King William, Lancaster, Lee, Louisa, Lunenburg, Mathews, Mecklenburg, Middlesex, Montgomery, Nelson, New Kent, Northampton, Northumberland, Nottoway, Patrick, Pittsylvania, Powhatan, Prince Edward, Prince George, Pulaski, Richmond, Roanoke, Rockbridge, Russell, Scott, Smyth, Southampton, Surry, Sussex, Tazewell, Washington, Wise, Wythe, and York Counties and the Cities of Bristol, Buena Vista, Charlottesville, Chesapeake, Colonial Heights, Covington, Danville, Emporia, Franklin, Galax, Hampton, Hopewell, Lexington, Lynchburg, Martinsville, Newport News, Norfolk, Norton, Petersburg, Poquoson, Portsmouth, Radford, Richmond, Roanoke, Salem, Suffolk, Virginia Beach, and Williamsburg.

§ 1-602. Designation of systems in land description.

A. As established for use in the North Zone, the Virginia Coordinate System of 1927 or the Virginia Coordinate System of 1983 shall be named, and in any land description in which it is used, it shall be designated the "Virginia Coordinate System of 1927, North Zone" or "Virginia Coordinate System of 1983, North Zone."

B. As established for use in the South Zone, the Virginia Coordinate System of 1927 or the Virginia Coordinate System of 1983 shall be named, and in any land description in which it is used, it shall be designated the "Virginia Coordinate System of 1927, South Zone" or "Virginia Coordinate System of 1983, South Zone."

§ 1-603. Plane coordinates used in systems.

The plane coordinates of a point on the earth's surface, to be used in expressing the position or location of such point in the appropriate zone of these systems, shall be expressed in U.S. survey feet and decimals of a foot. One of these distances, to be known as the "x-coordinate," shall give the position in an east-and-west direction; the other, to be known as the "y-coordinate," shall give the position in a north-and-south direction. These coordinates shall be made to depend upon and conform to the coordinate values for the monumented points of the North American Horizontal Geodetic Control Network as published by the National Ocean Service/National Geodetic Survey, or its successors, and whose plane coordinates have been computed on the systems defined in this chapter. Any such station may be used for establishing a survey connection to either Virginia coordinate system.

When converting coordinates in the Virginia Coordinate System of 1983 from meters and decimals of a meter to feet and decimals of a foot, the U.S. survey foot conversion factor (one foot equals 1200/3937 meters) shall be used. This requirement does not preclude the continued use of the International foot conversion factor (one foot equals 0.3048 meters) in those counties and cities where this factor was in use prior to July 1, 1992. The plat or plan shall contain a statement of the conversion factor used and the coordinate values of a minimum of two project points in feet.

§ 1-604. Tract of land lying in both coordinate zones.

When any tract of land to be defined by a single description extends from one into the other of the two coordinate zones established in this chapter, the positions of all points on its boundaries may be referred to either of the two zones, with the zone that is used being specifically named in the description.

§ 1-605. Definition of systems by National Ocean Service/National Geodetic Survey; adopted.

A. For purposes of more precisely defining the Virginia Coordinate System of 1927, the following definition by the National Ocean Service/National Geodetic Survey is adopted:

The Virginia Coordinate System of 1927, North Zone, is a Lambert conformal projection of the Clarke spheroid of 1896, having standard parallels at north latitudes 38° 02' and 39° 12', along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian 78° 30' west of Greenwich with the parallel 37° 40' north latitude, such origin being given the coordinates: $x = 2,000,000'$, and $y = 0'$.

The Virginia Coordinate System of 1927, South Zone, is a Lambert conformal projection of the Clarke spheroid of 1896, having standard parallels at north latitudes 36° 46' and 37° 58', along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian 78° 30' west of Greenwich with the parallel 36° 20' north latitude, such origin being given the coordinates: $x = 2,000,000'$, and $y = 0'$.

B. For purposes of more precisely defining the Virginia Coordinate System of 1983, the following definition by the National Ocean Service/National Geodetic Survey is adopted:

The Virginia Coordinate System of 1983, North Zone, is a Lambert conformal conic projection based on the North American Datum of 1983, having standard parallels at north latitudes 38° 02' and 39° 12', along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian 78° 30' west of Greenwich and the parallel 37° 40' north latitude, such origin being given the coordinates: $x = 3,500,000$ meters and $y = 2,000,000$ meters.

The Virginia Coordinate System of 1983, South Zone, is a Lambert conformal conic projection based on the North American Datum of 1983, having standard parallels at north latitudes 36° 46' and 37° 58', along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian 78° 30' west of Greenwich and the parallel 36° 20' north latitude, such origin being given the coordinates: $x = 3,500,000$ meters and $y = 1,000,000$ meters.

§ 1-606. Position of systems.

The position of the Virginia coordinate systems shall be as marked on the ground by triangulation or traverse stations established in conformity with the standards of accuracy and specifications for first-order and second-order geodetic surveying as prepared and published by the Federal Geodetic Control Subcommittee of the Federal Geographic Data Committee of the U.S. Department of Commerce. The geodetic position of stations defining the position of the Virginia Coordinate System of 1927 shall have been rigidly adjusted on the North American Datum of 1927, and the plane coordinates shall have been computed on the Virginia Coordinate System of 1927. The geodetic position of stations defining the position of the Virginia Coordinate System of 1983 shall have been rigidly adjusted on the North American Datum of 1983, and the plane coordinates shall have been computed on the Virginia Coordinate System of 1983. Any such station may be used for establishing a survey connection with the Virginia coordinate systems.

§ 1-607. Limitation on use of systems.

No coordinates based on the Virginia coordinate systems, purporting to define the position of a point on a land boundary, shall be presented to be recorded in any public land records or deed records unless such point is within two kilometers of a public or private monumented horizontal control station established in conformity with the standards of accuracy and specifications for second-order, class II or better geodetic surveying as prepared and published by the Federal Geodetic Control Subcommittee of the Federal Geographic Data Committee of the U.S. Department of Commerce. Standards and specifications of the Federal Geodetic Control Subcommittee or its successor in force on the date of such survey shall apply. The publishing of the existing control stations, or the acceptance with intent to publish the new established control stations, by the National Ocean Service/National Geodetic Survey constitutes evidence of adherence to

the Federal Geodetic Control Subcommittee specifications. The two kilometers' limitation may be modified by a duly authorized state agency to meet local conditions. Nothing contained in this chapter shall be interpreted as preventing the use of the Virginia coordinate systems in any unrecorded deeds, maps, or computations.

§ 1-608. Limitation on use of name of systems.

The use of the terms "Virginia Coordinate System of 1927" or "Virginia Coordinate System of 1983" on any map, report of survey, or other document shall be limited to coordinates based on the Virginia coordinate systems as defined in this chapter.

§ 1-609. Use of system not compulsory.

For purposes of describing the location of any survey station or land boundary corner in the Commonwealth, it shall be considered a complete, legal, and satisfactory description of such location to give the position of such survey station or land boundary corner on the system of plane coordinates defined in this chapter. Nothing contained in this chapter shall require any purchaser or mortgagee to rely on a description any part of which depends exclusively upon either Virginia coordinate system.

§ 1-610. Old Dominion University designated as administrative agency.

Old Dominion University is designated as the authorized state agency to collect and distribute information, to authorize such modifications as are referred to in § 1-607, and generally to advise with and assist appropriate state and federal agencies and individuals interested in the development of the provisions of this chapter.

Article 13.1.

Warrants in Distress.

§ 8.01-130.1. Remedy for rent and for use and occupation.

Rent of every kind may be recovered by distress or action. A landlord may also, by action, recover, when the agreement is not by deed, a reasonable satisfaction for the use and occupation of lands. On the trial of such action, if any parol demise or any agreement not by deed whereon a certain rent was reserved appears in evidence, the plaintiff shall not therefor be nonsuited, but may use the same as evidence of the amount of his debt or damages. In any action for rent, or for such use and occupation, interest shall be allowed as on other contracts.

§ 8.01-130.2. Who may recover rent or compensation.

If a person is entitled to rent or compensation, whether such person has the reversion or not, then his personal representative or assignee may recover it as provided in § 8.01-130.1, whatever the estate of the person owning it, or though his estate or interest in the land has ended. When the owner of real estate in fee, or holder of a term, yielding him rent dies, the rent due after such owner's or termholder's death shall be recoverable by such owner's heir or devisee or such termholder's personal representative. If the owner or holder alienates or assigns his estate or term, or the rent falls due after such alienation or assignment, the alienee or assignee may recover such rent.

§ 8.01-130.3. Who is liable for rent.

Rent may be recovered from the lessee or other person owing it, or his assignee, or the personal representative of either; however, no assignee shall be liable for rent that became due before his interest began. Nothing in this section shall impair or change the liability of heirs or devisees for rent, as for other debts of their ancestor or devisor.

§ 8.01-130.4. When and by whom distress made.

A distress action for rent may be brought no later than five years from the time the rent becomes due, whether the lease is ended or not. The distress shall be made by a sheriff of the county or city where the premises yielding the rent, or some part thereof, is located or the goods liable to distress may be found, under warrant from a judge of, or a magistrate serving, the judicial district. Such warrant shall be founded upon a sworn petition of the person claiming the rent, or his agent, that (i) the petitioner believes the amount of money or other thing by which the rent is measured, to be specified in the petition in accordance with § 8.01-130.6, is justly due to the claimant for rent reserved upon contract from the person of whom it is claimed, (ii) the petitioner alleges one or more of the grounds mentioned in § 8.01-534 and sets forth in the petition specific facts in support of such allegation, and (iii) the rent claimed is for rent due within five years from the time that it becomes due. The petition shall also specify the amount of the rent claimed and request either levy or seizure of the affected property prior to trial. The plaintiff shall, at the time of suing out a distress, give bond in conformity with the provisions of § 8.01-537.1. The plaintiff praying for a distress warrant shall, at the time that he files his petition, pay the proper costs, fees, and taxes, and in the event of his failure to do so, the distress warrant shall not be issued.

A judge or magistrate shall make an ex parte review of the petition and may receive evidence only in the form of a sworn petition, which shall be filed in the office of the clerks of court. The warrant may be issued in accordance with the prayer of the petition by a judge or magistrate only upon a determination that there appears from the petition that there is reasonable cause to believe that one of the grounds mentioned in § 8.01-534 exists, the allegations required to be in the petition are true, and bond that complies with § 8.01-537.1 has been posted.

Each copy of the distress warrant shall be issued and served on each defendant together with (a) a form for requesting a hearing of exemption from levy or seizure, as provided in § 8.01-546.1, and (b) a copy of the bond. The distress warrant may be issued or executed on any day, including a Saturday, Sunday, or other legal holiday. Service shall be made in accordance with the methods described in § 8.01-487.1. The provisions of § 8.01-546.2 shall govern claims for exemption.

The officer into whose hands the warrant is delivered shall levy or seize as directed in the warrant, except as may be provided by statute, the property found on the premises of the tenant as provided by § 8.01-130.6. The officer shall return

the warrant of distress to the court to which the warrant of distress is returnable by the return date unless otherwise notified by the court to make return by an earlier date.

§ 8.01-130.5. Procedure for trial on warrant in distress.

The distress warrant shall contain a return date and be tried in the same manner as an action on a warrant as prescribed in § 16.1-79, except that the case shall be returnable not more than 30 days from its date of issuance. The trial or hearing of the issues, except as otherwise provided, shall be the same, as near as may be, as in actions in personam.

§ 8.01-130.6. On what goods levied; to what extent goods liable; priorities between landlord and other lienors.

The distress may be levied on any goods of the lessee, his assignee, or any sublessee that are found on the premises or that may have been removed from the premises not more than 30 days prior to the levy. A levy within such 30 days shall have like effect as if the goods levied on had not been removed from the leased premises. If the goods of such lessee, assignee, or sublessee, when carried on the premises, are subject to a lien that is valid against his creditors, his interest only in such goods shall be liable to such distress. If any lien is created on such goods while they are upon the leased premises, or within 30 days after such lien is created, they are liable to distress, but for not more than six months' rent if the premises are used for residential purposes, and not for farming or agriculture, and for not more than 12 months' rent if the lands or premises are used for farming or agriculture, whether such rent has accrued before or after the creation of the lien. No other goods shall be liable to distress than such as are declared to be so liable in this section, nor shall the goods of the sublessee be liable to a greater amount than such sublessee owed the tenant at the time the distress was levied.

§ 8.01-130.7. Procedure when distress levied and tenant unable to give forthcoming bond; what defense may be made.

A. On affidavit by a tenant, whose property has been levied on under a warrant of distress, that (i) he is unable to give the bond required in § 8.01-526 and (ii) he has a valid defense under subsection B, the officer levying the warrant shall permit the property to remain in the possession and at the risk of the tenant, and shall return the warrant forthwith, together with the affidavit, to the court to which such warrant is returnable. Thereupon the landlord, after 10 days' notice in writing to the tenant, may make a motion for a judgment for the amount of the rent and for a sale of the property levied on. The tenant may make such defense as he is authorized to make, including defenses permitted under subsection B to an action or motion on the bond when one is given. Upon making such defense, the officer shall permit the property to remain in the possession of and at the risk of the tenant. If the property is perishable, or expensive to keep, the court may order it to be sold, and on the final trial of the cause, the court shall dispose of the property, or proceeds of sale, according to the rights of the parties.

B. In an action or motion on a forthcoming bond, when it is taken under a distress warrant, the defendants may make defense on the ground that the distress was for rent not due in whole or in part or was otherwise illegal.

§ 8.01-130.8. Review of decision to issue ex parte order or process; claim of exemption.

Promptly after levy on the property or promptly after possession of the property is taken by the officer pursuant to an ex parte order, or after denial of an application to issue such order by a magistrate, upon application of either party, and after reasonable notice, a judge of the general district court having jurisdiction shall conduct a hearing to review the decision to issue the ex parte order or process. In the event that the judge finds that the order or process should not have been issued, the court may dismiss the distraint or award actual damages and reasonable attorney fees to the person whose property was taken, or both. The provisions of § 8.01-546.2 shall govern claims for exemption.

§ 8.01-130.9. On what terms purchasers and lienors inferior to landlord may remove goods; certain liens not affected.

If, after the commencement of any tenancy, a lien is obtained or created by deed of trust, mortgage, or otherwise upon the interest or property in goods on premises leased or rented of any person liable for the rent, or such goods are sold, the party having such lien, or the purchaser of such goods, may remove them from the premises only on the following terms: On paying to the person entitled to the rent so much as is in arrear, and securing to him so much as to become due, what is so paid or secured not being more altogether than six months' rent if the premises are in a city or town, or in any subdivision of suburban and other lands divided into building lots for residential purposes, or of premises anywhere used for residential purposes, and not for farming or agriculture, and not being more altogether than 12 months' rent, if the lands or premises are used for farming or agriculture. If the goods are taken under legal process, the officer executing it shall, out of the proceeds of the goods, make such payment of what is in arrear, and as to what is to become due he shall sell a sufficient portion of the goods on a credit until then, taking from the purchasers bonds, with good security, payable to the person so entitled, and delivering such bonds to him. If the goods are not taken under legal process, such payment and security shall be made and given before their removal. Neither this section nor § 8.01-130.6 shall affect any lien for taxes, levies, or militia fines.

For the purpose of this section and § 8.01-130.6, a monthly or weekly tenancy shall not be construed as a new lease for every month or week of occupation of the premises by the tenant, but his tenancy shall be considered as a continuance of his original lease so long as he continues to occupy the property without making any new written lease.

§ 8.01-130.10. When goods of a sublessee may be removed from leased premises.

The following limitations shall apply to § 8.01-130.9: a sublessee, or a purchaser from him, or a creditor holding a deed of trust, mortgage, or other encumbrance created on his goods after they were carried on the leased premises, may remove the same upon payment of so much of the rent contracted to be paid by him as is in arrear, and securing the residue, not exceeding six months' rent, if the premises are in a city or town, or in any subdivision of suburban and other lands

divided into building lots for residential purposes, or of premises anywhere used for residential purposes, and not for farming or agriculture, and for not more than 12 months' rent if the lands or premises are used for farming or agriculture. If the goods are taken under legal process against him, the officer executing the same shall, out of the proceeds of his goods, make payment of so much of the rent as to which he is in arrear, and as to what is to become due from him shall sell sufficient of the goods upon credit until then, taking from the purchaser bonds with good security, payable to the party entitled to receive the same, and deliver them to him.

§ 8.01-130.11. When officer may enter by force to levy distress or attachment.

The officer having such distress warrant, or an attachment for rent, if there be need for it, may, in the daytime, break open and enter into any house or close in which there may be goods liable to the distress or attachment and may, either in the day or night, break open and enter any house or close wherein there may be any goods so liable that have been fraudulently or clandestinely removed from the demised premises. He may also levy such distress warrant or attachment on property liable for the rent found in the personal possession of the party liable therefor.

§ 8.01-130.12. When distress not unlawful because of irregularity, etc.

When distress is made for rent justly due and any irregularity or unlawful act is afterwards done by the party distraining, or his agent, the distress itself shall not be deemed to be unlawful, nor is the party making it therefore deemed a trespasser ab initio. The party aggrieved by such irregularity or unlawful act may, by action, recover full satisfaction for the special damage he has sustained thereby.

§ 8.01-130.13. Return of execution; process of sale thereunder.

The sheriff under writ of execution from the court after hearing and judgment for the landlord, except as otherwise provided by law, shall make return on his execution as may be placed in his hands for collection and file the same, within 90 days after the same may have come to his hands, with the clerk of the court in which the case was heard. Upon the return of such execution such clerk shall preserve such execution in his office as is now provided as to other executions. If such return shows that a levy has been made and that property levied on remains unsold, it shall be lawful for the clerk of the court in whose office such return is filed to issue a writ of venditioni exponas thereon just as if the return were upon writ of fieri facias.

C. Any guardian or conservator who commits waste of the estate of his ward shall be liable to the ward, at the expiration of his guardianship or conservatorship, for damages.

§ 8.01-178.2. Civil action for waste; double damages.

Any person who is injured due to another person's committing waste on his land may recover damages for such waste by initiating a civil action. If a jury finds that the waste was a result of wanton misconduct, judgment shall be for double the amount of damages assessed.

§ 8.01-178.3. Waste for tenant to sell or remove manure from leased premises.

If a tenant at will or for years, without a special license to do so, sells or otherwise removes manure made on such leased premises in the ordinary course of husbandry, consisting of (i) ashes leached or unleached; (ii) collections from the stables, barnyard, or cattle pens or other places on the leased premises; or (iii) composts formed by an admixture of any such manure with the soil or other substances, such removal shall be deemed waste for the purposes of the provisions of this article.

§ 8.01-178.4. Waste committed during pendency of action.

If a defendant who is a tenant in possession of land in an action initiated pursuant to § 8.01-178.2 commits any waste on the land, the court may, on petition of the plaintiff alleging such waste, verified by oath, and after reasonable notice to the tenant, prohibit the tenant from committing further waste on the land during the pendency of the action. Violation of such order by the tenant after he has been served with a copy may be punished as contempt. The order shall not be effective until the plaintiff gives bond with sufficient surety as prescribed by the court, with condition to pay to the tenant, in case the plaintiff does not succeed in recovering or charging the land, such damages as may accrue to the tenant as a consequence of such order. If the plaintiff succeeds in recovering or charging the land, he may recover three times the amount of the damages assessed for such waste.

ASSIGNMENTS FOR BENEFIT OF CREDITORS.

Article 1.

Assignment of Property.

§ 8.01-525.1. Recordation; notice of sale; preferences prohibited.

Whenever a deed of assignment for the benefit of creditors is executed, the deed shall be recorded. If no notice of the sale has previously been given, the trustee named in such deed, or the one substituted in the manner prescribed in this article, before selling under the deed of assignment, shall, at least 10 days before the sale, notify each of the creditors

named in the deed by certified mail, return receipt requested, advising of (i) the execution of such sale; (ii) when, where, and how the sale will be held; (iii) the terms of such sale; and (iv) whether or not the deed provides that acceptance shall be in full satisfaction. No creditor shall be preferred in the deed except those given a lien or preference by law, or those having a valid lien upon the property conveyed, or some part of such lien, and those having a lien shall be preferred only to the extent of the value of the property upon which they have a lien.

§ 8.01-525.2. Substitution of another trustee by creditors.

A majority of the unsecured creditors in number and amount of the assignor may agree in writing upon a trustee different from the one named in the deed of assignment, and upon petition to the court that would have jurisdiction if an action were brought against the assignor, such agreed trustee may be substituted in lieu of such named trustee with all of the rights, powers, and duties conferred upon such named trustee in the deed of assignment. The clerk of the court where the deed of assignment is recorded shall record such order presented by one of the parties and shall include a reference to the order book and page where such deed is recorded, together with the name of the substituted trustee, and shall make proper indexing. The substitute trustee shall reside in the county or city in which the property that is conveyed in the deed of assignment or the greater portion thereof in value is located.

§ 8.01-525.3. Procedure to question claim of creditor.

Any creditor of the assignor who questions the validity of any other creditor's claim, or the trustee if he questions the validity of any claim, may file, within 30 days after the recordation of the deed, a petition against the creditor whose claim is questioned in the court that would have jurisdiction if the action was brought by the creditor whose claim is questioned against the assignor, and the burden of proof shall be upon the creditor whose claim is questioned. Upon the filing of such petition, the court may order the party whose claim is questioned to appear to defend such claim and the court shall determine the matter in a summary way.

§ 8.01-525.4. Provision to bar further claim by creditors who accept deed.

Any deed of assignment may contain a provision to the effect that those creditors who accept such assignment do so in full satisfaction of their respective claims and shall be forever barred from further recovery of any balance.

§ 8.01-525.5. Compensation of trustee.

Every trustee referred to in this article shall receive reasonable compensation for services.

Article 2.

Assignment of Salary, Wages, or Income.

§ 8.01-525.6. Petition for assignment of salary, wages, or income for the benefit of creditors.

Upon petition of a debtor for the assignment of his salary, wages, or income to a trustee for the benefit of his creditors, a judge may appoint a trustee, subject to the supervision and order of the court, to receive such salary, wages, or income of such debtor and pay off the obligations due by such debtor as provided in this article, provided that a majority of the creditors have provided written consent of such assignment to the court. If the debtor is employed on a salary or for wages, the written consent of his employer is required.

§ 8.01-525.7. Trustee; rights and duties; compensation.

A trustee appointed pursuant to § 8.01-525.6 shall make written reports to the court as required by the court. The trustee may charge a fee of five percent of such salary, wages, or income received and disbursed by him; however, no public officer or employee who receives a full-time salary and who acts as trustee under this article shall retain such fee for his personal use.

The trustee, upon being appointed, shall give written notice to any person, firm, or corporation who may owe the debtor any salary, wages, or income, and upon receiving such notice such person, firm, or corporation shall pay to the trustee any salary, wages, or income that are owed to such debtor, at the time it would otherwise be due to the debtor.

The trustee may compromise and settle any claims against the debtor when he believes such compromise shall be for the benefit of all the creditors.

§ 8.01-525.8. Resignation of trustee.

The trustee may resign at any time after accounting for all funds in his possession, and the court may appoint another trustee.

§ 8.01-525.9. Debts; order of payment.

The trustee shall immediately upon receipt of such salary, wages, or income, or at such other time as the court may direct, disburse the funds as follows:

1. The trustee shall first pay to the debtor directly, or for his benefit as the court may direct, any amount the debtor may be entitled to as exempt by law if he is a householder and head of a family or, if he is not a householder or head of a family, then such amount for the necessities of life as may be agreed upon by the creditors in the assignment. Nothing in this subdivision shall prevent the trustee from paying to the debtor a greater amount than is exempt by law if agreed to by the creditors and approved by the court.

2. The trustee shall next pay, according to such funds as he has in his possession, a pro rata share of the balance to all the creditors on an equal basis or in such proportions as the creditors may agree.

§ 8.01-525.10. Exemption from garnishment, levy, or distress.

When the assignment is executed and approved by the court and the trustee has been appointed and notice given to the creditors listed in the assignment, such assignment shall be deemed legal and binding upon all creditors and such salary, wages, or income shall be exempt from garnishment, levy, or distress during such time as the assignment is in existence.

Such assignment shall have priority over all liens subsequently obtained.

§ 8.01-525.11. Termination of assignment by court.

The court may, at any time, upon a motion stating that the terms of the assignment are not being complied with, order the debtor and trustee to appear before the court, and the court may, if the evidence justifies, or, in its discretion, declare the assignment null and void. When such action is taken by the court, a written notice shall be sent to all persons named in the assignment.

The court may, on its own motion, revoke the assignment whenever it determines that the ends of justice are not being attained.

When the assignment has been fully complied with, the court shall discharge the trustee and notify the employer of the debtor, if there is one, that the debtor is entitled to receive his entire salary, wages, or income directly.

§ 8.01-525.12. Clerk to preserve assignment; fees.

The clerk of the court wherein any assignment is filed, as otherwise provided by law, shall maintain the court records of such assignment, together with all reports of the trustee, and shall keep an index of all such assignments. For filing the assignment, the fee as prescribed in § 17.1-275 shall be charged.

No later than 40 days prior to any disposition of assets, the nonprofit entity shall convene a public meeting to set forth its expectations concerning how the health care needs of the community will be served following the proposed disposition of assets and to receive comments and respond to questions on the potential impact of the proposed disposition of assets on the community served by the nonprofit entity. Notice of the time and place of such meeting shall be published at least 10 days prior to the meeting in a newspaper in which legal notices may be published in that jurisdiction.

Notice to the Attorney General pursuant to this section shall be given for State Corporation Commission approval sought pursuant to Article 11 (§ 13.1-893.1) of Chapter 10 of Title 13.1 and §§ 38.2-203 and 38.2-1322 through 38.2-1328 and subdivision A 1 of § 38.2-4316. The provisions of this section shall not apply to any disposition of assets subject to the provisions of § 38.2-4214.1 or any of the provisions of Chapter 15 (§ 38.2-1500 et seq.) of Title 38.2.

§ 45.1-161.311:10. Presumption regarding estate of owner of mineral rights.

A. Except as otherwise provided in the deed by which the owner of minerals derives title, the owner of minerals shall be presumed to be the owner of the shell, container chamber, passage, and space opened underground for the removal of the minerals, with full right to haul and transport minerals from other lands and to pass men, materials, equipment, water, and air through such space. No injunction shall lie to prohibit the use of any such shell, container chamber, passage, or space opened underground by the owner of minerals for the purposes herein described. Such consent shall not be unreasonably withheld if the owner has been offered reasonable compensation for such use. In determining whether an offer of compensation is reasonable, a court shall be guided by the compensation set forth in other leases for the use of mine voids as is customary in the area.

C. The provisions of subdivisions B 1 and 2 (i) shall not affect any provision contained in any contract in effect as of July 1, 2012, expressly prohibiting the use of any shell, container chamber, passage, space, or void opened underground

The venue for such action shall be as specified in subdivision 3 of § 8.01-261. The court shall allow a period of not less than six months from the time the cause is docketed and set for hearing to elapse within which time the defendant may explore and discover commercial minerals, coals, oils, ores, or subsurface substances, if any, and in the absence of satisfactory evidence to the contrary, it shall be presumed that there are no commercial minerals, coals, oils, ores, or subsurface substances in or on the land, and the court shall enter an order declaring the claim or right to be a cloud on the title and releasing the land therefrom and extinguishing the same; but if the defendant or defendants shall thereupon prove that there are commercial minerals, coals, oils, ores, or subsurface substances in or on the land, the court shall require such minerals, coals, oils, ores, or subsurface substances to be charged with taxes according to law.

Every temporary cease and desist order shall include in its terms a provision that upon request a hearing will be held promptly to determine whether or not it becomes permanent.

§ 54.1-2353. Protection of the interests of associations; appointment of receiver for common interest community manager.

A. A common interest community manager owes a fiduciary duty to the associations to which it provides management services with respect to the manager's handling the funds or the records of each association. All funds deposited with the common interest community manager shall be handled in a fiduciary capacity and shall be kept in a separate fiduciary trust account or accounts in an FDIC-insured financial institution separate from the assets of the common interest community manager. The funds shall be the property of the association and shall be segregated for each depository in the records of the common interest community manager in a manner that permits the funds to be identified on an association basis. All records having administrative or fiscal value to the association that a common interest community manager holds, maintains, compiles, or generates on behalf of a common interest community are the property of the association. A common interest community manager may retain and dispose of association records in accordance with a policy contained in the contract between the common interest community manager and the association. Within a reasonable time after a written request for any such records, the common interest community manager shall provide copies of the requested records to the association at the association's expense. The common interest community manager shall return all association records that it retains and any originals of legal instruments or official documents that are in the possession of the common interest community manager to the association within a reasonable time after termination of the contract for management services without additional cost to the association. Records maintained in electronic format may be returned in such format.

B. If the Board has reasonable cause to believe that a common interest community manager is unable to properly discharge its fiduciary responsibilities to an association to which it provides management services, the Board may submit an ex parte petition to the circuit court of the city or county wherein the common interest community manager maintains an office or is doing business for the issuance of an order authorizing the immediate inspection by and production to representatives of the petitioner of any records, documents, and physical or other evidence belonging to the subject common interest community manager. The court may issue such order without notice to the common interest community manager if the petition, supported by affidavit of the petitioner and such other evidence as the court may require, shows reasonable cause to believe that such action is required to prevent immediate loss of property of one or more of the associations to which the subject common interest community manager provides management services. The court may also temporarily enjoin further activity by the common interest community manager and take such further action as shall be necessary to conserve, protect, and disburse the funds involved, including the appointment of a receiver. The papers filed with the court pursuant to this subsection shall be placed under seal.

C. If the Board has reasonable cause to believe that a common interest community manager is unable to properly discharge its fiduciary responsibilities to an association to which it provides management services, the Board may file a petition with the circuit court of the county or city wherein the subject common interest community manager maintains an office or is doing business. The petition may seek the following relief: (i) an injunction prohibiting the withdrawal of any bank deposits or the disposition of any other assets belonging to or subject to the control of the subject common interest community manager; and (ii) the appointment of a receiver for all or part of the funds or property of the subject common interest community manager. The subject common interest community manager shall be given notice of the time and place of the hearing on the petition and an opportunity to offer evidence. The court, in its discretion, may require a receiver appointed pursuant to this section to post bond, with or without surety. The papers filed with the court under this subsection shall be placed under seal until such time as the court grants an injunction or appoints a receiver. The court may issue an injunction, appoint a receiver, or provide such other relief as the court may consider proper if, after a hearing, the court finds that such relief is necessary or appropriate to prevent loss of property of one or more of the associations to which the subject common interest community manager provides management services.

D. In any proceeding under subsection C, any person or entity known to the Board to be indebted to or having in his possession property, real or personal, belonging to or subject to the control of the subject common interest community manager's business and which property the Board reasonably believes may become part of the receivership assets, shall be served with a copy of the petition and notice of the time and place of the hearing.

E. The court shall describe the powers and duties of the receiver in its appointing order, which may be amended from time to time. The receiver shall, unless otherwise ordered by the court in the appointing order, (i) prepare and file with the Board a list of all associations managed by the subject common interest community manager; (ii) notify in writing all of the associations to which the subject common interest community manager provides management services of the appointment, and take whatever action the receiver deems appropriate to protect the interests of the associations until such time as the associations have had an opportunity to obtain a successor common interest community manager; (iii) facilitate the transfer of records and information to such successor common interest community manager; (iv) identify and take control of all bank accounts, including without limitation trust and operating accounts, over which the subject common interest community manager had signatory authority in connection with its management business; (v) prepare and submit an accounting of receipts and disbursements and account balances of all funds under the receiver's control for submission to the

court within four months of the appointment and annually thereafter until the receivership is terminated by the court; (vi) attempt to collect any accounts receivable related to the subject common interest community manager's business; (vii) identify and attempt to recover any assets wrongfully diverted from the subject common interest community manager's business, or assets acquired with funds wrongfully diverted from the subject common interest community manager's business; (viii) terminate the subject common interest community manager's business; (ix) reduce to cash all of the assets of the subject common interest community manager; (x) determine the nature and amount of all claims of creditors of the subject common interest community manager, including associations to which the subject common interest community manager provided management services; and (xi) prepare and file with the court a report of such assets and claims proposing a plan for the distribution of funds in the receivership to such creditors in accordance with the provisions of subsection F.

F. Upon the court's approval of the receiver's report referenced in subsection E, at a hearing after such notice as the court may require to creditors, the receiver shall distribute the assets of the common interest community manager and funds in the receivership first to clients whose funds were or ought to have been held in a fiduciary capacity by the subject common interest community manager, then to the receiver for fees, costs, and expenses awarded pursuant to subsection G, and thereafter to the creditors of the subject common interest community manager, and then to the subject common interest community manager or its successors in interest.

G. A receiver appointed pursuant to this section shall be entitled, upon proper application to the court in which the appointment was made, to recover an award of reasonable fees, costs, and expenses. If there are not sufficient nonfiduciary funds to pay the award, then the shortfall shall be paid by the Common Interest Community Management Recovery Fund as a cost of administering the Fund pursuant to § ~~55-530.1~~ 54.1-2354.5, to the extent that the said Fund has funds available. The Fund shall have a claim against the subject common interest community manager for the amount paid.

H. The court may determine whether any assets under the receiver's control should be returned to the subject common interest community manager.

I. If the Board shall find that any common interest community manager is insolvent, that its merger into another common interest community manager is desirable for the protection of the associations to which such common interest community manager provides management services, and that an emergency exists, and, if the board of directors of such insolvent common interest community manager shall approve a plan of merger of such common interest community manager into another common interest community manager, compliance with the requirements of § 13.1-718 shall be dispensed with as to such insolvent common interest community manager and the approval by the Board of such plan of merger shall be the equivalent of approval by the holders of more than two-thirds of the outstanding shares of such insolvent common interest community manager for all purposes of Article 12 (§ 13.1-715.1 et seq.) of Chapter 9 of Title 13.1. If the Board finds that a common interest community manager is insolvent, that the acquisition of its assets by another common interest community manager is in the best interests of the associations to which such common interest community manager provides management services, and that an emergency exists, it may, with the consent of the boards of directors of both common interest community managers as to the terms and conditions of such transfer, including the assumption of all or certain liabilities, enter an order transferring some or all of the assets of such insolvent common interest community manager to such other common interest community manager, and no compliance with the provisions of §§ 13.1-723 and 13.1-724 shall be required, nor shall §§ 13.1-730 through 13.1-741 be applicable to such transfer. In the case either of such a merger or of such a sale of assets, the Board shall provide that prompt notice of its finding of insolvency and of the merger or sale of assets be sent to the stockholders of record of the insolvent common interest community manager for the purpose of providing such shareholders an opportunity to challenge the finding that the common interest community manager is insolvent. The relevant books and records of such insolvent common interest community manager shall remain intact and be made available to such shareholders for a period of 30 days after such notice is sent. The Board's finding of insolvency shall become final if a hearing before the Board is not requested by any such shareholder within such 30-day period. If, after such hearing, the Board finds that such common interest community manager was solvent, it shall rescind its order entered pursuant to this subsection and the merger or transfer of assets shall be rescinded. But if, after such hearing, the Board finds that such common interest community manager was insolvent, its order shall be final.

J. The provisions of this ~~chapter article~~ are declared to be remedial. The purpose of this ~~chapter article~~ is to protect the interests of associations adversely affected by common interest community managers who have breached their fiduciary duty. The provisions of this ~~chapter article~~ shall be liberally administered in order to protect those interests and thereby the public's interest in the quality of management services provided by Virginia common interest community managers.

§ 54.1-2354. Variation by agreement.

Except as expressly provided in this ~~chapter article~~, provisions of this ~~chapter article~~ may not be varied by agreement, and rights conferred by this ~~chapter article~~ may not be waived. All management agreements entered into by common interest community managers shall comply with the terms of this ~~chapter article~~ and the provisions of ~~Chapter 4.2~~ (§ ~~55-79.39~~ et seq.), 21 (§ ~~55-360~~ et seq.), 24 (§ ~~55-424~~ et seq.), or 26 (§ ~~55-508~~ et seq.) of Title ~~55~~ the Property Owners' Association Act (§ 55.1-1800 et seq.), the Virginia Condominium Act (§ 55.1-1900 et seq.), the Virginia Real Estate Cooperative Act (§ 55.1-2100 et seq.), or the Virginia Real Estate Time-Share Act (§ 55.1-2200 et seq.), as applicable.

Article 2.

Common Interest Community Management Information Fund; Common Interest Community Ombudsman; Common Interest Community Management Recovery Fund.

§ 54.1-2354.1. Definitions.

As used in this article, unless the context requires a different meaning:

"Balance of the fund" means cash, securities that are legal investments for fiduciaries under the provisions of subdivisions A 1, 2, and 4 of § 2.2-4519, and repurchase agreements secured by obligations of the United States government or any agency thereof, and shall not mean accounts receivable, judgments, notes, accrued interest, or other obligations to the fund.

"Claimant" means upon proper application to the Director, a receiver for a common interest community manager appointed pursuant to § 54.1-2353 in those cases in which there are not sufficient funds to restore all funds that were or ought to have been held in a fiduciary capacity by the subject common interest community manager or to pay an award of reasonable fees, costs, and expenses to the receiver.

"Director" means the Director of the Department of Professional and Occupational Regulation.

§ 54.1-2354.2. Common Interest Community Management Information Fund.

A. There is hereby created the Common Interest Community Management Information Fund, referred to in this section as "the Fund," to be used in the discretion of the Board to promote the improvement and more efficient operation of common interest communities through research and education. The Fund shall be established on the books of the Comptroller. The Fund shall consist of money paid into it pursuant to §§ 54.1-2349, 55.1-1835, 55.1-1980, and 55.1-2182, and such money shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but, at the discretion of the Board, shall remain in the Fund or shall be transferred to the Common Interest Community Management Recovery Fund established pursuant to § 54.1-2354.5.

B. Expenses for the operations of the Office of the Common Interest Community Ombudsman, including the compensation paid to the Common Interest Community Ombudsman, shall be paid first from interest earned on deposits constituting the Fund and the balance from the moneys collected annually in the Fund. The Board may use the remainder of the interest earned on the balance of the Fund and of the moneys collected annually and deposited in the Fund for financing or promoting the following:

1. Information and research in the field of common interest community management and operation;
2. Expeditious and inexpensive procedures for resolving complaints about an association from members of the association or other citizens;
3. Seminars and educational programs designed to address topics of concern to community associations; and
4. Other programs deemed necessary and proper to accomplish the purpose of this article.

§ 54.1-2354.3. Common Interest Community Ombudsman; appointment; powers and duties.

A. The Director in accordance with § 54.1-303 shall appoint a Common Interest Community Ombudsman (the Ombudsman) and shall establish the Office of the Common Interest Community Ombudsman (the Office). The Ombudsman shall be a member in good standing in the Virginia State Bar. All state agencies shall assist and cooperate with the Office in the performance of its duties under this article.

B. The Office shall:

1. Assist members in understanding rights and the processes available to them according to the laws and regulations governing common interest communities and respond to general inquiries;
2. Make available, either separately or through an existing website, information concerning common interest communities and such additional information as may be deemed appropriate;
3. Receive notices of final adverse decisions;
4. Upon request, assist members in understanding the rights and processes available under the laws and regulations governing common interest communities and provide referrals to public and private agencies offering alternative dispute resolution services, with a goal of reducing and resolving conflicts among associations and their members;
5. Ensure that members have access to the services provided through the Office and that the members receive timely responses from the representatives of the Office to the inquiries;
6. Maintain data on inquiries received, types of assistance requested, notices of final adverse decisions received, actions taken, and the disposition of each such matter;
7. Upon request to the Director by (i) any of the standing committees of the General Assembly having jurisdiction over common interest communities or (ii) the Housing Commission, provide to the Director for dissemination to the requesting parties assessments of proposed and existing common interest community laws and other studies of common interest community issues;
8. Monitor changes in federal and state laws relating to common interest communities;
9. Provide information to the Director that will permit the Director to report annually on the activities of the Office of the Common Interest Community Ombudsman to the standing committees of the General Assembly having jurisdiction over common interest communities and to the Housing Commission. The Director's report shall be filed by December 1 of each year and shall include a summary of significant new developments in federal and state laws relating to common interest communities each year; and
10. Carry out activities as the Board determines to be appropriate.

§ 54.1-2354.4. Association complaint procedures; final adverse decisions; certificate of registration.

A. The Board shall establish by regulation a requirement that each association shall establish reasonable procedures

for the resolution of written complaints from the members of the association and other citizens. Each association shall adhere to the written procedures established pursuant to this subsection when resolving association member and citizen complaints. The procedures shall include the following:

1. A record of each complaint shall be maintained for no less than one year after the association acts upon the complaint.

2. Such association shall provide complaint forms or written procedures to be given to persons who wish to register written complaints. The forms or procedures shall include the address and telephone number of the association or its common interest community manager to which complaints shall be directed and the mailing address, telephone number, and electronic mailing address of the Office. The forms and written procedures shall include a clear and understandable description of the complainant's right to give notice of adverse decisions pursuant to this section.

B. A complainant may give notice to the Board of any final adverse decision in accordance with regulations promulgated by the Board. The notice shall be filed within 30 days of the final adverse decision, shall be in writing on forms prescribed by the Board, shall include copies of all records pertinent to the decision, and shall be accompanied by a \$25 filing fee. The fee shall be collected by the Director and paid directly into the state treasury and credited to the Common Interest Community Management Information Fund pursuant to § 54.1-2354.2. The Board may, for good cause shown, waive or refund the filing fee upon a finding that payment of the filing fee will cause undue financial hardship for the member. The Director shall provide a copy of the written notice to the association that made the final adverse decision.

C. The Director or his designee may request additional information concerning any notice of final adverse decision from the association that made the final adverse decision. The association shall provide such information to the Director within a reasonable time upon request. If the Director upon review determines that the final adverse decision may be in conflict with laws or regulations governing common interest communities or interpretations thereof by the Board, the Director may, in his sole discretion, provide the complainant and the association with information concerning such laws or regulations governing common interest communities or interpretations thereof by the Board. The determination of whether the final adverse decision may be in conflict with laws or regulations governing common interest communities or interpretations thereof by the Board shall be a matter within the sole discretion of the Director, whose decision is final and not subject to further review. The determination of the Director shall not be binding upon the complainant or the association that made the final adverse decision.

§ 54.1-2354.5. Common Interest Community Management Recovery Fund.

A. There is hereby created the Common Interest Community Management Recovery Fund, referred to in this section as "the Fund," to be used in the discretion of the Board to protect the interests of associations.

B. Each common interest community manager, at the time of initial application for licensure, and each association filing its first annual report after the effective date shall be assessed \$25, which shall be specifically assigned to the Fund. Initial payments may be incorporated in any application fee payment or annual filing fee and transferred to the Fund by the Director within 30 days.

All assessments, except initial assessments, for the Fund shall be deposited within three business days after their receipt by the Director, in one or more federally insured banks, savings and loan associations, or savings banks located in the Commonwealth. Funds deposited in banks, savings institutions, or savings banks in excess of insurance afforded by the Federal Deposit Insurance Corporation or other federal insurance agency shall be secured under the Virginia Security for Public Deposits Act (§ 2.2-4400 et seq.). The deposit of these funds in federally insured banks, savings and loan associations, or savings banks located in the Commonwealth shall not be considered investment of such funds for purposes of this section. Funds maintained by the Director may be invested in securities that are legal investments for fiduciaries under the provisions of § 64.2-1502.

Interest earned on the deposits constituting the Fund shall be used for administering the Fund. The remainder of this interest, at the discretion of the Board, may be transferred to the Common Interest Community Management Information Fund, established pursuant to § 54.1-2354.2, or accrue to the Fund.

C. On and after July 1, 2011, the minimum balance of the Fund shall be \$150,000. Whenever the Director determines that the principal balance of the Fund is or will be less than such minimum principal balance, the Director shall immediately inform the Board. At the same time, the Director may recommend that the Board transfer a fixed amount from the Common Interest Community Management Information Fund to the Fund to bring the principal balance of the Fund to the amount required by this subsection. Such transfer shall be considered by the Board within 30 days of the notification of the Director.

D. If any such transfer of funds is insufficient to bring the principal balance of the Fund to the minimum amount required by this section, or if a transfer to the Fund has not occurred, the Board shall assess each association and each common interest community manager, within 30 days of notification by the Director, a sum sufficient to bring the principal balance of the Fund to the required minimum amount. The amount of such assessment shall be allocated among the associations and common interest community managers in proportion to each payor's most recently paid annual assessment, or if an association or common interest community manager has not paid an annual assessment previously, in proportion to the average annual assessment most recently paid by associations or common interest community managers, respectively. The Board may order an assessment at any time in addition to any required assessment. Assessments made pursuant to this subsection may be issued by the Board (i) after a determination made by it or (ii) at the time of license renewal.

Notice to common interest community managers and the governing boards of associations of these assessments shall be by first-class mail, and payment of such assessments shall be made by first-class mail addressed to the Director within 45 days after the mailing of such notice.

E. If any common interest community manager fails to remit the required payment within 45 days of the mailing, the Director shall notify the common interest community manager by first-class mail at the latest address of record filed with the Board. If no payment has been received by the Director within 30 days after mailing the second notice, the license shall be automatically suspended. The license shall be restored only upon the actual receipt by the Director of the delinquent assessment.

F. If any association fails to remit the required payment within 45 days of the mailing, the Director shall notify the association by first-class mail at the latest address of record filed with the Board. If no payment has been received by the Director within 30 days after mailing the second notice, it shall be deemed a knowing and willful violation of this section by the governing board of the association.

G. At the close of each fiscal year, whenever the balance of the Fund exceeds \$5 million, the amount in excess of \$5 million shall be transferred to the Virginia Housing Trust Fund established pursuant to Chapter 9 (§ 36-141 et seq.) of Title 36. Except for payments of costs as set forth in this article and transfers pursuant to this subsection, there shall be no transfers out of the Fund, including transfers to the general fund, regardless of the balance of the Fund.

H. A claimant may seek recovery from the Fund subject to the following conditions:

1. A claimant may file a verified claim in writing to the Director for a recovery from the Fund.

2. Upon proper application to the Director, in those cases in which there are not sufficient funds to pay an award of reasonable fees, costs, and expenses to the receiver or to restore all funds that were or ought to have been held in a fiduciary capacity by the subject common interest community manager, the Director shall report to the Board the amount of any shortfall to the extent that there are not sufficient funds (i) to pay any award of fees, costs, and expenses pursuant to subsection G of § 54.1-2353 by the court appointing the receiver; or (ii) to restore all funds that were or ought to have been held in a fiduciary capacity by the subject common interest community manager, as certified by the court appointing the receiver.

3. If the Board finds there has been compliance with the required conditions, the Board shall issue a directive ordering payment of the amount of such shortfall to the claimant from the Fund, provided that in no event shall such payment exceed the balance in the Fund. When the Fund balance is not sufficient to pay the aggregate amount of such shortfall, the Board shall direct that payment be applied first in satisfaction of any award of reasonable fees, costs, and expenses to the receiver and second to restore the funds that were or ought to have been held in a fiduciary capacity by the subject common interest community manager. If the Board has reason to believe that there may be additional claims against the Fund, the Board may withhold any payment from the Fund for a period of not more than one year. After such one-year period, if the aggregate of claims received exceeds the Fund balance, the Fund balance shall be prorated by the Board among the claimants and paid in the above payment order from the Fund in proportion to the amounts of claims remaining unpaid.

4. The Director shall, subject to the limitations set forth in this subsection, pay to the claimant from the Fund such amount as shall be directed by the Board upon the execution and delivery to the Director by such claimant of an assignment to the Board of the claimant's rights on its behalf and on behalf of the associations receiving distributions from the Fund against the common interest community manager to the extent that such rights were satisfied from the Fund.

5. The claimant shall be notified in writing of the findings of the Board. The Board's findings shall be considered a case decision as defined in § 2.2-4001, and judicial review of these findings shall be in accordance with § 2.2-4025 of the Administrative Process Act (§ 2.2-4000 et seq.).

6. Notwithstanding any other provision of law, the Board shall have the right to appeal a decision of any court that is contrary to any distribution recommended or authorized by it.

7. Upon payment by the Director to a claimant from the Fund as provided in this subsection, the Board shall immediately revoke the license of the common interest community manager whose actions resulted in payment from the Fund. The common interest community manager whose license was so revoked shall not be eligible to apply for a license as a common interest community manager until he has repaid in full the amount paid from the Fund on his account, plus interest at the judgment rate of interest from the date of payment from the Fund.

8. Nothing contained in this subsection shall limit the authority of the Board to take disciplinary action against any common interest community manager for any violation of statute or regulation, nor shall the repayment in full by a common interest community manager of the amount paid from the Fund on such common interest community manager's account nullify or modify the effect of any disciplinary proceeding against such common interest community manager for any such violation.

TITLE 55.1.

PROPERTY AND CONVEYANCES.

SUBTITLE I.

PROPERTY CONVEYANCES.

CHAPTER 1.

CREATION AND LIMITATION OF ESTATES.

Article 1.

Creation and Transfer of Estates.

§ 55.1-100. Aliens may acquire, hold, and transmit real estate; when reciprocity required.

Any alien, not an enemy, may acquire by purchase or descent and hold real estate in the Commonwealth, and such real estate shall be transmitted in the same manner as real estate held by citizens. However, if, at the time of the transfer, a court of the Commonwealth determines that the laws of a foreign country or sovereignty effectively deny a Virginia resident, legatee, or distributee the benefit, use, or control of money or other property held in such foreign country or sovereignty, a judgment or order issued in the Commonwealth concerning the rights of a resident of that foreign country or sovereignty to the benefit, use, or control of money or property held in the Commonwealth may direct that the money or property be paid into the court for the benefit of the alien. The money or property paid into court shall be paid out only upon order of the court or pursuant to the order or judgment of a court of competent jurisdiction. Any of the money or property remaining with the court upon expiration of three years from the decedent's death shall be paid out by the court as if the alien had predeceased the decedent.

§ 55.1-101. When deed or will necessary to convey estate; no parol partition or gift valid.

No estate of inheritance or freehold or for a term of more than five years in lands shall be conveyed unless by deed or will, and no voluntary partition of lands by coparceners, having such an estate in such land, shall be made except by deed. In addition, no right to a conveyance of any such estate or term in land shall accrue to the donee of the land or those claiming under him, under a gift or promise of gift of such estate or term in land not in writing, even if such gift or promise is followed by possession and improvement of the land by the donee or those claiming under him.

§ 55.1-102. When gift of personal property invalid.

No gift of any personal property is valid (i) unless conveyed by deed or will or (ii) unless the donee or a person claiming under the donee has and remains in actual possession of such personal property. If the donor and donee reside together at the time of the gift, possession at the place of their residence is not a sufficient possession within the meaning of this section. This section shall not apply to personal paraphernalia used exclusively by the donee.

§ 55.1-103. Suicide or attainer of felony.

Neither suicide nor attainer of felony shall cause a corruption of blood or forfeiture of estate.

§ 55.1-104. Estates to lie in grant as well as in livery.

All real estate shall, as regards the conveyance of the immediate freehold thereof, be deemed to lie in grant as well as in livery.

§ 55.1-105. Same estates may be created by deed as by will.

Any interest in or claim to real estate, including easements in gross, may be transferred by deed or will. Any estate may be made to commence at a future date, by deed, in like manner as by will, and any estate that would be valid as an executory devise or bequest is valid if created by deed.

§ 55.1-106. Power of disposal in life tenant not to defeat remainder unless exercised; power of disposal held by fiduciary.

If any interest in or claim to real estate or personal property is disposed of by deed or will for life, with a limitation in remainder over, and the same instrument confers expressly or by implication a power upon the life tenant in his lifetime or by will to dispose absolutely of such property, the limitation in remainder over shall not fail, or be defeated, except to the extent that the life tenant lawfully exercised such power of disposal. A deed of trust or mortgage executed by the life tenant shall not be construed to be an absolute disposition of the estate, unless such estate is sold under the deed of trust or mortgage. A power of disposal held by any person in a fiduciary capacity under an express trust in writing shall not be deemed to be held by such fiduciary in a beneficial capacity and shall not be construed in any manner to enlarge the beneficial interest otherwise given to him under such trust.

§ 55.1-107. Default or surrender of tenant for life not to prejudice remainderman.

If any tenant for life of land make default or surrender, the heirs or those entitled to the remainder may, before judgment, be admitted to defend their right or, after judgment, may assert their right without prejudice from such default or surrender.

§ 55.1-108. Conveyance of estate or interest in property by grantor to himself and another.

Any person having an estate or interest in real or personal property may convey such estate or interest to himself or to himself and another or others, including to himself and his spouse as tenants by the entirety or otherwise, and the fact that one or more persons are both grantor or grantee or grantors and grantees in the same conveyance shall be no objection to the conveyance. The grantee or grantees in any such conveyance shall take title in like manner, and the estate vested in them shall be the same as if the conveyance had been made by one or more persons who are not also grantee or grantees.

All such conveyances made prior to July 1, 1986, are validated notwithstanding defects in the form thereof that do not affect vested rights.

§ 55.1-109. Deed valid for grantor's right; operation of warranty.

A writing that purports to pass or assure a greater right or interest in real estate than the person making it may lawfully pass or assure shall operate as an alienation of such right or interest in such real estate as such person might lawfully convey or assure; and when the deed of the alienor mentions that he and his heirs will warrant what it purports to pass or assure, if anything descends from him, his heirs shall be barred for the value of what is so descended or liable for such value.

§ 55.1-110. Conveyance, devise, or grant without words of limitation.

When any real estate is conveyed, devised, or granted to any person without any words of limitation, such conveyance,

devise, or grant shall be construed to pass the fee simple or other whole estate or interest that the testator or grantor has power to dispose of in such real estate, unless a contrary intention is apparent in the conveyance, devise, or grant.

§ 55.1-111. Fee tail converted into fee simple.

Every estate in lands so limited that, as the law was on October 7, 1776, such estate would have been an estate tail shall be deemed an estate in fee simple, and every limitation upon such an estate shall be held valid if the same would be valid when limited upon an estate in fee simple created by technical language.

§ 55.1-112. Estate of freehold to one with remainder to heirs, etc.; rule in Shelley's Case abolished.

Wherever any person by deed, will, or other writing takes an estate of freehold in land, or takes such an interest in personal property as would be an estate of freehold if it were an estate in land, and in the same deed, will, or writing an estate is afterwards limited by way of remainder to his heirs, or the heirs of his body, or his issue, the words "heirs," "heirs of his body," and "issue," or other words of like import used in the deed, will, or writing in the limitation therein by way of remainder shall not be construed as words of limitation carrying to such person the inheritance as to the land, or the absolute estate as to the personal property, but they shall be construed as words of purchase, creating a remainder in the heirs, heirs of the body, or issue.

§ 55.1-113. Doctrine of worthier title abolished.

The doctrine of worthier title is abolished in the Commonwealth as a rule of law and as a rule of construction.

§ 55.1-114. When contingent remainder not to fail.

A contingent remainder shall not fail for want of a particular estate to support it.

§ 55.1-115. When remainders not defeated.

The alienation of a particular estate on which a remainder depends, or the union of such estate with the inheritance by purchase or descent, shall not operate, by merger or otherwise, to defeat, impair, or otherwise affect such remainder.

§ 55.1-116. In what conveyances possession transferred to the use.

By deed of bargain and sale, or by deeds of lease and release, or by covenant to stand seized to the use, or deed operating by way of covenant to stand seized to the use, the possession of the grantor shall be deemed transferred to the grantee or other person entitled to the use, for the estate or interest that such person has in the use, as perfectly as if the grantee or other person entitled to the use had been enfeoffed with livery of seisin of the land intended to be conveyed by such deed or covenant.

§ 55.1-117. Land trusts not to fail because no beneficiaries are specified by name and no duties laid on trustee; when interest of beneficiaries deemed personal property; liens.

No trust relating to real estate shall fail nor shall any use relating to real estate be defeated because no beneficiaries are specified by name in the recorded deed of conveyance to the trustee or because no duties are imposed upon the trustee. The power conferred by any such instrument on a trustee to sell, lease, encumber, or otherwise dispose of property described in such instrument shall be effective, and no person dealing with such a trustee shall be required to make further inquiry as to the right of such trustee to act, nor shall he be required to inquire as to the disposition of any proceeds.

In any case under this section where there is a recorded deed of conveyance to a trustee, the interest of the beneficiaries thereunder shall be deemed to be personal property. Judgments against a beneficiary and consensual liens against real property of a beneficiary do not attach to real property that is the subject of such a deed of conveyance unless the judgment is docketed or the lien recorded in the county or city where the property is located (i) before recordation of the deed creating the land trust and (ii) while the beneficiary has record title to the real property.

In any case under this section where there is a recorded deed of conveyance to a trustee and the trustee named in the deed declines to serve, resigns, is disqualified or removed, or is adjudicated incapacitated and there is (a) no successor trustee named in the deed, (b) no successor trustee designated by the terms of the trust instrument, or (c) no procedure set forth in the deed or trust instrument to designate a successor trustee, the beneficiaries of the trust, by majority decision, shall name a successor trustee. However, if the identities of the beneficiaries of the trust cannot be identified from the recorded deed of conveyance or a majority of the beneficiaries are unable to agree upon a successor trustee, the circuit court of the county or city in which the deed was recorded, upon the motion of any party interested in the administration of the trust, shall appoint a successor trustee whenever the court considers the appointment necessary for the administration of the trust. The name and address of any successor trustee so named or appointed shall be recorded with the clerk of the circuit court of the county or city in which the deed was recorded, and such successor trustee shall succeed to all the rights, powers, and privileges, and shall be subject to all the duties, liabilities, and responsibilities imposed upon, the original trustee unless the deed of conveyance expressly provides to the contrary.

Nothing in this section shall be construed to (1) affect any right that a creditor may otherwise have against a trustee or beneficiary except as provided in this section, (2) enlarge upon the power of a corporation to act as trustee under § 6.2-1001, or (3) affect the rule against perpetuities.

§ 55.1-118. Deed of release effectual.

Every deed of release of any estate or interest capable of passing by deed of lease or release shall be as effectual for the purposes expressed in such deed of release, without the execution of a lease, as if the same had been executed.

§ 55.1-119. When person not a party, etc., may take or sue under instrument.

An immediate estate or interest in or the benefit of a condition respecting any estate may be taken by a person under an instrument, although he is not a party to such instrument; and if a covenant or promise is made for the benefit, in whole or in part, of a person with whom it is not made, or with whom it is made jointly with others, such person, whether named in

the instrument or not, may maintain in his own name any action thereon that he might maintain as though it had been made with him only and the consideration had moved from him to the party making such covenant or promise. In such action, the covenantor or promisor shall be permitted to make all defenses he may have, not only against the covenantee or promisee, but also against such beneficiary.

§ 55.1-120. Informalities in deeds made by attorneys-in-fact.

If, in a deed made by one as attorney-in-fact for another, the words of conveyance or the signature is in the name of the attorney, it is as much the principal's deed as if the words of conveyance or the signature were in the name of the principal by the attorney, if it is manifest on the face of the deed that it should be construed to be that of the principal to give effect to its intent.

§ 55.1-121. Time for objections to irregularities in advertising sales made by trustees.

All deeds made and executed prior to January 1, 1940, by trustees conveying property sold under deeds of trust in which default was made in the debt secured and as to which irregularities in advertising such sales have occurred shall be held and the same are hereby declared valid in all respects, if otherwise valid according to law then in force, after the expiration of 15 years from the date on which such sale was made by such trustees.

§ 55.1-122. Recovery at death of life tenant of taxes paid on life estate.

When any person dies possessed of a life estate in real estate that was assessed with taxes in the name of such life tenant for the year in which such life tenant dies and such taxes are paid for that year by any person other than the remainderman entitled to such real estate, such person or his estate so paying such taxes shall be entitled to recover from such remainderman such proportionate part of the sum so paid as that part of the year following the death of the life tenant bears to the entire year, provided, however, that if upon the death of the life tenant the real estate shall come into the possession of another life tenant, such recovery shall be had from the subsequent life tenant and not from the remainderman.

§ 55.1-123. Removal of a cloud on title; nature of plaintiff's title.

When a petition is filed to remove a cloud on the title to real estate, relief shall not be denied the complainant because he has only an equitable title to such real estate and is out of possession, but the court shall grant to the complainant such relief as he would be entitled to if he held the legal title and was in possession. If an issue of fact is raised which but for this section would entitle either party to a trial by jury, the court shall, upon the request of the party so entitled, order such issue to be tried by a jury.

Article 2.

Rule Against Perpetuities.

§ 55.1-124. Uniform Statutory Rule Against Perpetuities.

A. A nonvested property interest is invalid unless:

1. When the interest is created, it is certain to vest or terminate no later than 21 years after the death of an individual then alive; or

2. The interest either vests or terminates within 90 years after its creation.

B. A general power of appointment not presently exercisable because of a condition precedent is invalid unless:

1. When the power is created, the condition precedent is certain to be satisfied or becomes impossible to satisfy no later than 21 years after the death of an individual then alive; or

2. The condition precedent either is satisfied or becomes impossible to satisfy within 90 years after its creation.

C. A nongeneral power of appointment or a general testamentary power of appointment is invalid unless:

1. When the power is created, it is certain to be irrevocably exercised or otherwise to terminate no later than 21 years after the death of an individual then alive; or

2. The power is irrevocably exercised or otherwise terminates within 90 years after its creation.

D. In determining whether a nonvested property interest or a power of appointment is valid under subdivision A 1, B 1, or C 1, the possibility that a child will be born to an individual after the individual's death is disregarded.

E. If, in measuring a period from the creation of a trust or other property arrangement, language in a governing instrument (i) seeks to disallow the vesting or termination of any interest or trust beyond, (ii) seeks to postpone the vesting or termination of any interest or trust until, or (iii) seeks to operate in effect in any similar fashion upon, the later of (a) the expiration of a period of time not exceeding 21 years after the death of the survivor of specified lives in being at the creation of the trust or other property arrangement or (b) the expiration of a period of time that exceeds or might exceed 21 years after the death of the survivor of lives in being at the creation of the trust or other property arrangement, that language is inoperative to the extent it produces a period of time that exceeds 21 years after the death of the survivor of the specified lives.

§ 55.1-125. When nonvested property interest or power of appointment created.

A. Except as provided in subsections B and C and in § 55.1-128, the time of creation of a nonvested property interest or a power of appointment is determined under general principles of property law.

B. For the purposes of §§ 55.1-124 through 55.1-129, if there is a person who alone can exercise a power created by a governing instrument to become the unqualified beneficial owner of (i) a nonvested property interest or (ii) a property interest subject to a power of appointment described in subsection B or C in § 55.1-124, the nonvested property interest or power of appointment is created when the power to become the unqualified beneficial owner terminates.

C. For the purposes of §§ 55.1-124 through 55.1-129, a nonvested property interest or a power of appointment arising from a transfer of property to a previously funded trust or other existing property arrangement is created when the

nonvested property interest or power of appointment in the original contribution was created.

§ 55.1-126. Reformation.

Upon the petition of an interested person, a circuit court in the county or city in which the affected property or the greater part of such property is located shall reform a disposition in the manner that most closely approximates the transferor's manifested plan of distribution and is within the 90 years allowed by subdivision A 2, B 2, or C 2 of § 55.1-124 if:

- 1. A nonvested property interest or a power of appointment becomes invalid under § 55.1-124;*
- 2. A class gift is not but might become invalid under § 55.1-124 and the time has arrived when the share of any class member is to take effect in possession or enjoyment; or*
- 3. A nonvested property interest that is not validated by subdivision A 1 of § 55.1-124 can vest but not within 90 years after its creation.*

§ 55.1-127. Exclusions from statutory rule against perpetuities.

A. Section 55.1-124 does not apply to:

1. A nonvested property interest or a power of appointment arising out of a nondonative transfer, except a nonvested property interest or a power of appointment arising out of (i) a premarital or postmarital agreement; (ii) a separation or divorce settlement; (iii) a spouse's election; (iv) a similar arrangement arising out of a prospective, existing, or previous marital relationship between the parties; (v) a contract to make or not to revoke a will or trust; (vi) a contract to exercise or not to exercise a power of appointment; (vii) a transfer in satisfaction of a duty of support; or (viii) a reciprocal transfer;

2. A fiduciary's power relating to the administration or management of assets, including the power of a fiduciary to sell, lease, or mortgage property, and the power of a fiduciary to determine principal and income;

3. A power to appoint a fiduciary;

4. A discretionary power of trustee to distribute principal before termination of a trust to a beneficiary having an indefensibly vested interest in the income and principal;

5. A nonvested property interest held by a charity, government, or governmental agency or subdivision, if the nonvested property interest is preceded by an interest held by another charity, government, or governmental agency or subdivision;

6. A nonvested property interest in or a power of appointment with respect to a trust or other property arrangement forming part of a pension, profit-sharing, stock bonus, health, disability, death benefit, income deferral, or other current or deferred benefit plan for one or more employees, independent contractors, or their beneficiaries or spouses, to which contributions are made for the purpose of distributing to or for the benefit of the participants or their beneficiaries or spouses the property, income, or principal in the trust or other property arrangement, except a nonvested property interest or a power of appointment that is created by an election of a participant or a beneficiary or spouse;

7. A property interest, power of appointment, or arrangement that was not subject to the common-law rule against perpetuities or is excluded by another statute of the Commonwealth; or

8. A nonvested interest in or power of appointment over personal property held in trust, or a power of appointment over personal property granted under a trust, if the trust instrument, by its terms, provides that § 55.1-124 shall not apply.

B. The exception to the Uniform Statutory Rule Against Perpetuities under subdivision A 8 shall not extend to real property held in trust. For purposes of this subsection, real property does not include an interest in a corporation, limited liability company, partnership, business trust, or other entity, even if such entity owns an interest in real property.

§ 55.1-128. Prospective application.

Sections 55.1-124 through 55.1-129 apply to a nonvested property interest or a power of appointment that is created on or after July 1, 2000. For purposes of this section, a nonvested property interest or a power of appointment created by the exercise of a power of appointment is created when the power is irrevocably exercised or when a revocable exercise becomes irrevocable.

§ 55.1-129. Uniformity of application and construction.

Sections 55.1-124 through 55.1-129 shall be applied and construed to effectuate their general purpose to make the law uniform with respect to the rule against perpetuities among states enacting it.

§ 55.1-130. Certain limitations construed.

Every limitation in any deed or will contingent upon the dying of any person without heirs, heirs of the body, issue, issue of the body, children, offspring or descendants, or other relatives shall be construed a limitation to take effect when such person dies not having such heir, issue, child, offspring, descendant, or other relative, as the case may be, living at the time of his death, or born to him within 10 months after his death, unless the intention of such limitation be otherwise plainly declared on the face of the deed or will creating it.

§ 55.1-131. Employee trusts.

Pension, profit sharing, stock bonus, annuity, or other employee trusts established by employers for the purpose of distributing the income and principal of such trust to some or all of their employees, or the beneficiaries of such employees, shall not be invalid as violating any laws or rules against perpetuities or restraints on the power of alienation of title to property; but such trusts may continue for such period of time as may be required by their provisions to accomplish the purposes for which they are established.

§ 55.1-132. Determination of "lives in being" for purpose of rule against perpetuities.

A. For the purpose of determining whether the terms of an inter vivos trust provide for a duration in excess of that allowed under the rule against perpetuities, the determination of "lives in being" shall be made as of the death of the settlor,

if the settlor has at his death the unrestricted right, acting alone, to revoke the trust or to have transferred to himself the entire legal and beneficial interest in all property, both principal and income, held in the trust. In the event that the settlor surrenders both such rights at any time prior to his death, the determination of "lives in being" shall be made as of the time that the settlor, upon establishment of the trust or otherwise, surrenders the unrestricted right acting alone to revoke the trust and the unrestricted right acting alone to have transferred to himself the entire legal and beneficial interest in all property, both principal and income, held in the trust.

B. This section shall apply only to a nonvested property interest in an inter vivos trust created before July 1, 2000.

§ 55.1-133. Application of the rule against perpetuities to nondonative transfers.

A. Except for the transactions set forth in § 55.1-127, which are governed by the provisions of §§ 55.1-124 through 55.1-129, a nondonative transfer of an interest in property fails, if the interest does not vest, if it ever vests, within the period of the common-law rule against perpetuities.

B. The provisions of this section (i) in force on June 30, 2000, shall apply to all donative interests created on or after July 1, 1982, and before July 1, 2000, and (ii) in force on July 1, 2000, shall apply to all nondonative interests created on or after July 1, 1982.

Article 3.

Joint Ownership of Real or Personal Property.

§ 55.1-134. Survivorship between joint tenants abolished.

A. When any joint tenant dies, before or after the vesting of the estate, whether the estate is real or personal, or whether partition could have been compelled or not, his part shall descend to his heirs, pass by devise, or go to his personal representative, subject to debts or distribution, as if he had been a tenant in common.

B. This section shall not apply to any estate that joint tenants have as fiduciaries or to any real or personal property transferred to persons in their own right when it manifestly appears from the tenor of the instrument transferring such property or memorializing the existence of a chose in action that it was intended the part of the one dying should then belong to the others. This section does not affect the mode of proceeding on any joint judgment or order in favor of or on any contract with two or more one of whom dies.

§ 55.1-135. Joint ownership in real and personal property.

Any persons may own real or personal property as joint tenants with or without a right of survivorship. When any person causes any real or personal property, or any written memorial of a chose in action, to be titled, registered, or endorsed in the name of two or more persons "jointly," as "joint tenants," in a "joint tenancy," or other similar language, such persons shall own the property in a joint tenancy without survivorship as provided in § 55.1-134. If, in addition, the expression "with survivorship," or any equivalent language, is employed in such titling, registering, or endorsing, it shall be presumed that such persons are intended to own the property as joint tenants with the right of survivorship as at common law. This section is not applicable to multiple party accounts under Article 2 (§ 6.2-604 et seq.) of Chapter 6 of Title 6.2 or to any other matter specifically governed by another provision of the Code.

If any real or personal property is conveyed or devised to spouses, they shall take and hold such property by moieties in the same manner as if a distinct moiety had been given to each spouse by a separate conveyance, unless language as provided in this section or in § 55.1-136 is used that designates the tenancy as a joint tenancy or a tenancy by the entirety and all requirements for holding property by such tenancy are met.

§ 55.1-136. Tenants by the entirety in real and personal property; certain trusts.

A. Spouses may own real or personal property as tenants by the entirety for as long as they are married. Personal property may be owned as tenants by the entirety whether or not the personal property represents the proceeds of the sale of real property. An intent that the part of the one dying should belong to the other shall be manifest from a designation of the spouses as "tenants by the entireties" or "tenants by the entirety."

B. Except as otherwise provided by statute, no interest in real property held as tenants by the entirety shall be severed by written instrument unless the instrument is a deed signed by both spouses as grantors.

C. Notwithstanding any contrary provision of § 64.2-747, any property of spouses that is held by them as tenants by the entirety and conveyed to their joint revocable or irrevocable trusts, or to their separate revocable or irrevocable trusts, and any proceeds of the sale or disposition of such property, shall have the same immunity from the claims of their separate creditors as it would if it had remained a tenancy by the entirety, so long as (i) they remain married to each other, (ii) it continues to be held in the trust or trusts, and (iii) it continues to be their property, including where both spouses are current beneficiaries of one trust that holds the entire property or each spouse is a current beneficiary of a separate trust and the two separate trusts together hold the entire property, whether or not other persons are also current or future beneficiaries of the trust or trusts. The immunity from the claims of separate creditors under this subsection may be waived as to any specific creditor, including any separate creditor of either spouse, or any specifically described property, including any former tenancy by the entirety property conveyed into trust, by the trustee acting under the express provision of a trust instrument or with the written consent of both spouses.

Article 4.

Virginia Solar Easements Act.

§ 55.1-137. Creation of solar easements.

Any easement obtained for the purpose of exposure of solar energy equipment, facilities, or devices shall be created in writing and shall be subject to the same conveyancing and instrument recording requirements as other easements.

§ 55.1-138. Contents of solar easement agreements.

Any instrument creating a solar easement shall include, at a minimum:

- 1. The vertical and horizontal angles, expressed in degrees, at which the solar easement extends over the real property subject to the solar easement;*
- 2. Any terms or conditions under which the solar easement is granted or will be terminated; and*
- 3. Any provisions for compensation of the owner of the property subject to the solar easement.*

CHAPTER 2.

PROPERTY RIGHTS OF MARRIED PERSONS.

§ 55.1-200. How married persons may acquire and dispose of property.

Married persons shall have the right to acquire, hold, use, control, and dispose of property as if they were unmarried. Such power of use, control, and disposition shall apply to all property of a married person. The marital rights of persons married to each other shall not entitle either spouse to the possession or use, or to the rents, issues, and profits, of such real estate of the other spouse during the coverture, nor shall the property of either spouse be subject to the debts or liabilities of the other spouse.

§ 55.1-201. Contracts of, and actions by and against, married persons.

A married person may contract and be contracted with and sue and be sued in the same manner and with the same consequences as if he were unmarried, regardless of the date on which the right or liability asserted by or against him accrued. In an action by a married person to recover for a personal injury inflicted on him, he may recover the entire damage sustained, including the personal injury and expenses arising out of the injury, whether chargeable to him or his spouse, notwithstanding that the spouse may be entitled to the benefit of his services about domestic affairs and consortium, and any sum recovered therein shall be chargeable with expenses arising out of the injury, including hospital, medical, and funeral expenses, and any person, including the spouse, partially or completely discharging such debts shall be reimbursed out of the sum recovered in the action, whensoever paid, to the extent that such payment was justified by services rendered or expenses incurred by the obligee, provided that written notice of such claim for reimbursement, and the amount and items thereof, shall be served on such married person and on the defendant prior to any settlement of the sum recovered by him, and no action for such injury, expenses, or loss of services or consortium shall be maintained by his spouse.

§ 55.1-202. Spouse not responsible for other spouse's contracts, etc.; mutual liability for necessities; responsibility of personal representative.

Except as otherwise provided in this section, a spouse shall not be responsible for the other spouse's contract or tort liability to a third party, whether such liability arose before or after the marriage. The doctrine of necessities as it existed at common law shall apply equally to both spouses, except where they are permanently living separate and apart, but shall in no event create any liability between such spouses as to each other. No lien arising out of a judgment under this section shall attach to the judgment debtors' principal residence held by them as tenants by the entirety or that was held by them as tenants by the entirety prior to the death of either spouse where the tenancy terminated as a result of the death of either spouse.

§ 55.1-203. Spouse's right of entry into land not barred by certain judgments; when a spouse may defend his right in lands that are his inheritance.

A spouse shall not be barred of his right of entry into land by a judgment in the other spouse's lifetime by default or collusion, but after the other spouse's death may prosecute the same by any proper action; or, in the lifetime of the other spouse, if the other spouse will not appear or, against the spouse's consent, will render the spouse's lands during the coverture in an action against both spouses for lands that are the spouse's inheritance, the spouse may come at any time before judgment and defend his right.

§ 55.1-204. Rights of spouse not affected by other spouse's acts only.

No conveyance or other act by one spouse only of any land that is the inheritance of the other spouse shall be or make any discontinuance thereof, or be prejudicial to the other spouse or his heirs or to any having right or title to the same by his death, but they may respectively enter into such land, according to their right and title in such land, as if no such conveyance or act had been done.

§ 55.1-205. Conveyance from married persons; effect on right of either spouse.

When persons married to each other have signed and delivered a writing purporting to convey any estate, real or personal, such writing, whether recorded or not, shall (i) if delivered prior to January 1, 1991, operate to convey from the spouse her right of dower or his right of curtesy in the real estate embraced in such writing and (ii) if delivered after December 31, 1990, operate to manifest the spouse's written consent or joinder, as contemplated in § 64.2-305 or 64.2-308.9 to the transfer embraced in such writing. In either case, the writing passes from such spouse and his representatives all right, title, and interest of every nature that at the date of such writing he may have in any estate conveyed thereby as effectually as if he were at such date an unmarried person. If, in either case, the writing is a deed conveying a spouse's land, no covenant or warranty in such land on behalf of the other spouse joining in the deed shall operate to bind him any further than to convey his interest in such land, unless it is expressly stated that such spouse enters into such covenant or warranty for the purpose of binding himself personally.

§ 55.1-206. How infant spouse may release interests in spouse's property.

Notwithstanding the disability of infancy, on or after January 1, 1991, an infant spouse, whether married before or after January 1, 1991, may release his marital rights in the other spouse's real or personal property by uniting in any contract, deed, or other instrument executed by the other spouse or by a commissioner of a court pursuant to an order

entered under §§ 8.01-67 through 8.01-77 or any other law with respect to the infant's property.

§ 55.1-207. Appointment of attorney-in-fact by married person; effect of writing executed by such attorney.

A married person, whether a resident of the Commonwealth or not, may, by power of attorney duly executed and acknowledged as prescribed in § 55.1-612 or 55.1-613, appoint an attorney-in-fact to execute and acknowledge, for him and in his name, any deed or other writing that he might execute. Every deed or other writing so executed by such attorney-in-fact in pursuance of such power of attorney while the same remains in force shall be valid and effectual, in all respects, to convey the interest and title of such married person in and to any real estate thereby conveyed or otherwise transferred.

§ 55.1-208. How estate of a married person to pass at death.

When a married person, having title to any estate, dies intestate, such estate, or any part of such estate, shall pass according to the provisions of Chapter 2 (§ 64.2-200 et seq.) of Title 64.2, subject to his debts.

§ 55.1-209. Equitable separate estates abolished.

The estate known as the equitable separate estate no longer exists and any language in any writing, whenever executed, that purports to convey real property to a person as an equitable separate estate has no legal or equitable significance after January 1, 1991, except as provided in § 64.2-301 or 64.2-308.2.

§ 55.1-210. Tangible personal property.

No presumption of ownership of tangible personal property shall arise by operation of law to prefer one spouse of a marriage over the other if such presumption is based solely on the sex of the spouse.

CHAPTER 3.

FORM AND EFFECT OF DEEDS AND COVENANTS; LIENS.

Article 1.

Form and Effect of Deeds; Easements.

§ 55.1-300. Form of a deed.

Every deed and corrected or amended deed may be made in the following form, or to the same effect: "This deed, made the _____ day of _____, in the year _____, between (here insert names of grantors or grantees), witnesseth: that in consideration of (here state the consideration, nominal or actual), the said _____ does (or do) grant (or grant and convey) unto the said _____, all (here describe the property or interest therein to be conveyed, including the name of the city or county in which the property is located, and insert covenants or any other provisions). Witness the following signature (or signatures)."

§ 55.1-301. How construed.

Unless the deed provides otherwise, any deed conveying land shall be construed to include all the estate, right, title, and interest, both at law and in equity, of the grantor in or to such land.

§ 55.1-302. Construction of generic terms.

In the interpretation of deeds, adopted persons and persons born out of wedlock are included in class gift terminology or terms of relationship in accordance with rules for determining relationships for purposes of intestate succession unless a contrary intent appears on the face of the deed. In determining the intent of a grantor, adopted persons are presumptively included in such terms as "children," "issue," "kindred," "heirs," "relatives," "descendants," or similar words of classification and are presumptively excluded by such terms as "natural children," "issue of the body," "blood kindred," "heirs of the body," "blood relatives," "descendants of the body," or similar words of classification.

§ 55.1-303. Appurtenances, etc., included in deed of land.

Every deed conveying land shall be construed to include all buildings, privileges, and appurtenances of every kind belonging to such land unless an exception is made in the deed.

§ 55.1-304. Relocation of easement.

The owner of land that is subject to an easement for the purpose of ingress and egress may relocate the easement, on the servient estate, by recording in the office of the clerk of the circuit court of the county or city in which the easement or any part of such easement is located, a written agreement evidencing the consent of all affected persons and setting forth the new location of the easement. In the absence of such written agreement, the owner of the land that is subject to such easement may seek relocation of the easement on the servient estate upon petition to the circuit court and notice to all parties in interest. The petition shall be granted if, after a hearing held, the court finds that (i) the relocation will not result in economic damage to the parties in interest, (ii) there will be no undue hardship created by the relocation, and (iii) the easement has been in existence for not less than 10 years.

§ 55.1-305. Enjoyment of easement.

Unless otherwise provided for in the terms of an easement, the owner of a dominant estate shall not use an easement in a way that is not reasonably consistent with the uses contemplated by the grant of the easement, and the owner of the servient estate shall not engage in an activity or cause to be present any objects either upon the burdened land or immediately adjacent to such land that unreasonably interferes with the enjoyment of the easement by the owner of the dominant estate. For the purposes of this section, "object" does not include any fence, electric fence, cattle guard, gate, or division fence adjacent to such easement as those terms are defined in §§ 55.1-2800 through 55.1-2826. Any violation of this section may be deemed a private nuisance, provided, however, that the remedy for a violation of this section shall not in any manner impair the right to any other relief that may be applicable at law or in equity.

§ 55.1-306. Utility easements.

A. For the purposes of this section, "utility services" means any products, services, and equipment related to energy, telecommunications, water, and sewerage.

B. Where an easement, whether appurtenant or gross, is expressly granted by an instrument recorded on or after July 1, 2006, that imposes on a servient tract of land a covenant (i) to provide an easement in the future for the benefit of utility services; (ii) to relocate, construct, or maintain facilities owned by an entity that provides utility services; or (iii) to pay the cost of such relocation, construction, or maintenance, such covenant shall be deemed for all purposes to touch and concern the servient tract, to run with the servient tract, its successors, and assigns for the benefit of the entity providing utility services, its successors, and assigns.

§ 55.1-307. Public road easements; maintenance and improvements.

Whenever a public road that has never been abandoned but is no longer publicly maintained serves as access for more than one property owner and operates as the primary source of ingress and egress for that property, any one of the property owners may maintain, repair, or improve the road at his own expense without the express permission of the other property owners but only after administrative review by the local government. All other property owners shall be notified by mail of any pending maintenance, repair, or improvements prior to commencement of the work. Nothing in this section shall be construed as allowing the property owner who is doing the maintenance, repairs, or improvements to the road to interfere with the other property owners' use of the road for ingress and egress.

§ 55.1-308. Private roads; public use; maintenance and improvements.

Notwithstanding any provision of a recorded deed or plat to the contrary, a private road serving a subdivision of 50 or fewer lots may be dedicated for public use and may be taken into the secondary state highway system, subject to the provisions and requirements set forth in §§ 33.2-335 and 33.2-336, if the owner of the fee interest in such private road obtains the written consent of every lot owner in the subdivision whose lot is served by the private road and the holder of any restrictive covenant or easement rights over and concerning the private road prior to making such dedication and before requirements for acceptance of the road into the secondary state highway system are met. Such consent shall be recorded in the land records of the clerk's office of the circuit court of the county in which the private road is located.

§ 55.1-309. Deeds good between parties.

Any deed, or a part of a deed, that fails to take effect by virtue of this chapter shall, nevertheless, be as valid and effectual and as binding upon the parties, so far as the rules of law and equity permit, as if this chapter had not been enacted.

§ 55.1-310. Conveyance of property not owned but subsequently acquired.

When a deed purports to convey property, real or personal, describing it with reasonable certainty, that the grantor does not own at the time of the execution of the deed, but subsequently acquires, such deed shall, as between the parties, have the same effect as if the title that the grantor subsequently acquires were vested in him at the time of the execution of such deed and thereby conveyed.

§ 55.1-311. Vendor's equitable lien abolished.

If any person conveys any real estate and the purchase money or any part thereof remains unpaid at the time of the conveyance, he shall not thereby have a lien for such unpaid purchase money, unless such lien is expressly reserved on the face of the conveyance.

§ 55.1-312. Certain deeds to county real estate validated.

All deeds executed prior to January 1, 1920, by a county commissioner, county commissioners, or a board of supervisors that convey any part of the real estate previously acquired by such county for county purposes are hereby validated and declared to have effectually passed the title to the part so conveyed even though the conveyance thereof reduced the real estate of the county to an area less than the county was required by law to own at the time of such conveyance.

§ 55.1-313. Validation of sales, etc., by county courts prior to 1860.

All sales or leases made prior to the year 1860 by the county court, or court of monthly session, of any county of any land or building then owned by such county and situated within the limits of land previously acquired by such county as a site for its courthouse and other public buildings, when the consideration therefor has been fully paid and the purchaser, or lessee as the case may be, and those claiming through or under him, shall have held continuous possession of such land or building from January 1, 1860, until January 1, 1934, are hereby validated and declared to be forever binding upon such county.

§ 55.1-314. Deeds and writings executed for persons in military service, etc., under defective powers.

All deeds or other writings executed by an agent or attorney-in-fact for a person in the armed forces or military service of the United States, or for a person who after executing a power of attorney or agency agreement entered the armed forces or military service of the United States, or for a person who departed from the United States by permission or direction of any department or official of the United States in connection with work relating to the prosecution of the war, when the power of attorney or agency agreement under which the deed or other instrument was signed was not executed in such a manner as to be valid as a sealed instrument, shall be held, and the same are hereby declared, valid and effective in all respects if otherwise valid according to the law then in force.

The provisions of this section shall not operate to affect adversely intervening vested rights.

§ 55.1-315. Effect of option; recording.

A. Any option to purchase real estate, and any memorandum, renewal, or extension of such option, shall be void as to

(i) all purchasers for valuable consideration without notice who are not parties to such instrument and (ii) lien creditors, until such instrument is recorded in the county or city in which the property embraced in the option, memorandum, renewal, or extension is located.

B. Notwithstanding any rule of law or equity denominated "fettering," "clogging the equity of redemption" or "claiming a collateral advantage" or any similar rule:

1. A party secured by a mortgage or deed of trust, without adversely affecting his security interest, may acquire from a borrower any direct or indirect present or future ownership interest in the collateral encumbered thereby, including rights to any income, proceeds, or increase in value derived from such collateral; and

2. An option to acquire an interest in real estate granted to a party secured by a mortgage or deed of trust, other than an option granted to such party in connection with a mortgage loan as defined in § 6.2-1600, is effective according to its terms and takes priority as provided in subsection A if the right to exercise the option is not dependent upon the occurrence of a default under the mortgage or deed of trust.

Article 2.

Form and Effect of Deeds of Trust; Sales Thereunder; Assignments; Releases.

§ 55.1-316. Form of deed of trust to secure debts, etc.

A deed of trust to secure debts or indemnify sureties may be in the following form, or to the same effect: "This deed, made the _____ day of _____, in the year _____, between _____ (the grantor) and _____ (the trustee), witnesseth: that the said _____ (the grantor) does (or do) grant (or grant and convey) unto the said _____ (the trustee), the following property (here describe it): In trust to secure (here describe the debts to be secured or the sureties to be indemnified and insert covenants or any other provisions the parties may agree upon). Witness the following signature (or signatures)."

§ 55.1-317. Requirements for trustees.

A. No person may be named or act, in person or by agent or attorney, as the trustee of a deed of trust conveying property to secure the payment of money or the performance of an obligation, either individually or as one of several trustees, unless such person is a resident of the Commonwealth. No corporation, limited liability company, partnership, or other entity may be named or act as the trustee or as one of the trustees of a deed of trust conveying property to secure the payment of money or the performance of an obligation, unless it is organized under the laws of the Commonwealth or of the United States. However, the foregoing requirements shall not apply to any deed of trust conveying property lying partly in the Commonwealth and partly outside the Commonwealth or to a deed of trust conveying property in the Commonwealth to secure bonds or obligations that are also secured by one or more deeds of trust or mortgages conveying property outside of the Commonwealth.

B. A deed of trust conveying property to secure the payment of money or the performance of an obligation shall state the full residence or business address of the trustee named in such deed of trust, including street address and zip code, and such address shall be valid for purposes of all notices under the deed of trust to the trustee. Such address of the trustee may be changed by amendment of the deed of trust or by a separate instrument executed by the trustee, or by the beneficiary of such deed of trust, stating the changed address and otherwise in recordable form, and recorded in the office of the clerk of the circuit court where the deed of trust was recorded.

C. Notwithstanding any other provisions of this section, if any deed of trust is recorded by a clerk, it shall be conclusively presumed that such deed of trust complies with all the requirements of this section, and it shall be deemed to be validly recorded.

D. All deeds of trusts, mortgages, bonds, or other instruments recorded by a clerk prior to January 1, 1999, without the residence or business address of the trustee named in such deed of trust shall be valid for all purposes as if such address had been named if such recordation is otherwise valid according to the law then in force, provided that this section shall not affect any right or remedy of any third party that accrued after the recordation of such instrument or before July 1, 1960.

§ 55.1-318. Credit line deed of trust defined; relative priority of credit line deed of trust and other instruments of judgment.

A. For the purpose of this section:

"Beneficiary" means the noteholder, lender, or other party or parties identified in the credit line deed of trust as secured thereby. In the case of a credit line deed of trust that identifies a party acting as agent for all of the lenders or parties secured by a credit line deed of trust, such agent shall be the beneficiary for purposes of this section.

"Credit line deed of trust" means any deed of trust, mortgage, bond, or other instrument entered into after July 1, 1982, in which title to real property located in the Commonwealth is conveyed, transferred, encumbered, or pledged to secure payment of money, including advances or other extensions of credit to be made in the future.

B. A credit line deed of trust shall set forth on the front page, either in capital letters or in language underscored, the words "THIS IS A CREDIT LINE DEED OF TRUST." Such phrase shall convey notice to all parties that advances or other extensions of credit are to be made or are contemplated to be made from time to time against the security described in the credit line deed of trust. Such credit line deed of trust shall specify the maximum aggregate amount of principal to be secured at any one time.

C. From the date and actual time of the recording of a credit line deed of trust, the lien shall have priority (i) as to all other deeds, conveyances, or other instruments, or contracts in writing, that are unrecorded as of such date and time of recording and of which the beneficiary has no knowledge or notice and (ii) as to judgment liens subsequently docketed,

except as provided in subsection D. Such priority shall extend to any advances or other extensions of credit made following the recordation of the credit line deed of trust. Amounts outstanding, together with interest, and other items provided by § 55.1-320, shall continue to have priority until paid or curtailed. Mechanics' liens created under Title 43 shall continue to enjoy the same priority as created by that title. Purchase money security interests in goods and fixtures shall have the same priority as provided in Subpart 3 (§ 8.9A-317 et seq.) of Part 3 of Title 8.9A.

D. Notwithstanding the provisions of subsections A, B, and C, if a judgment creditor gives written notice to the beneficiary of record at the address indicated in the credit line deed of trust, such credit line deed of trust shall have no priority as to such judgment for any advances or extensions of credit made under such credit line deed of trust from the day following receipt of that notice except those that have been unconditionally and irrevocably committed prior to such date.

E. In addition to the language specified in subsection B, the credit line deed of trust shall set forth the name of the beneficiary and the address at which communications may be mailed or delivered to the beneficiary. Such name or address may be changed or modified by duly recorded instrument executed by the beneficiary only. If the note or indebtedness secured by the credit line deed of trust is assigned or transferred, the name and address of the new beneficiary may be set forth in the certificate of transfer provided by § 55.1-336. Such original name or address, or if changed, such changed name or address, shall be the address for delivery of notices contemplated by this section. Receipt of notice at such address shall be deemed receipt by the beneficiary.

F. The grantor may require at any time a modification under the credit line deed of trust whereby any priority over subsequently recorded deeds of trust is surrendered as to future advances or other extensions of credit, which advances or extensions of credit are in the discretion of the party secured by the credit line deed of trust.

G. Notwithstanding the provisions of subsections A, B, and C, if a deed of trust under this section is a subordinate mortgage, as defined in subsection A of § 55.1-319, upon the recording of a refinance mortgage, as defined in subsection A of § 55.1-319, the credit line deed of trust shall retain the same subordinate position with respect to the refinance mortgage as it had with the prior mortgage, as defined in subsection A of § 55.1-319, provided that the refinance mortgage complies with the requirements of § 55.1-319.

§ 55.1-319. Priority of residential refinance mortgage over subordinate mortgage.

A. As used in this section:

"Prior mortgage" means a mortgage, deed of trust, or other instrument encumbering or conveying an interest in residential real estate containing not more than one dwelling unit to secure a financing.

"Refinance mortgage" means a mortgage, deed of trust, or other instrument encumbering or conveying an interest in residential real estate containing not more than one dwelling unit to secure a refinancing.

"Refinancing" means the replacement of a loan secured by a prior mortgage with a new loan secured by a refinance mortgage and the payment in full of the debt owed under the original loan secured by the prior mortgage.

"Subordinate mortgage" means a mortgage or deed of trust securing an original principal amount not exceeding \$150,000, encumbering or conveying an interest in residential real estate containing not more than one dwelling unit that is subordinate in priority (i) under subdivision A 1 of § 55.1-407 or (ii) as a result of a previous refinancing.

B. Upon the refinancing of a prior mortgage, a subordinate mortgage shall retain the same subordinate position with respect to a refinance mortgage as the subordinate mortgage had with the prior mortgage, provided that:

1. Such refinance mortgage states on the first page thereof in bold or capitalized letters: "THIS IS A REFINANCE OF A (DEED OF TRUST, MORTGAGE OR OTHER SECURITY INTEREST) RECORDED IN THE CLERK'S OFFICE, CIRCUIT COURT OF (NAME OF COUNTY OR CITY), VIRGINIA, IN DEED BOOK _____, PAGE _____, IN THE ORIGINAL PRINCIPAL AMOUNT OF _____, AND WITH THE OUTSTANDING PRINCIPAL BALANCE WHICH IS _____.";

2. The principal amount secured by such refinance mortgage does not exceed the outstanding principal balance secured by the prior mortgage plus \$5,000; and

3. The interest rate is stated in the refinance mortgage at the time it is recorded and does not exceed the interest rate set forth in the prior mortgage.

C. The priorities among two or more subordinate mortgages shall be governed by subdivision A 1 of § 55.1-407.

D. The provisions of subsection B shall not apply to a subordinate mortgage securing a promissory note payable to any locality or any agency, authority, or political subdivision of the Commonwealth if such subordinate mortgage is financed pursuant to an affordable dwelling unit ordinance adopted pursuant to § 15.2-2304 or 15.2-2305, or pursuant to any program authorized by federal or state law or local ordinance or resolution, for (i) low-income and moderate-income persons or households or (ii) improvements to residential potable water supplies and sanitary sewage disposal systems made to address an existing or potential public health hazard, and which mortgage, if recorded on or after July 1, 2003, states on the first page thereof in bold or capitalized letters: "THIS (DEED OF TRUST, MORTGAGE OR OTHER SECURITY INTEREST) SHALL NOT, WITHOUT THE CONSENT OF THE SECURED PARTY HEREUNDER, BE SUBORDINATED UPON THE REFINANCING OF ANY PRIOR MORTGAGE."

§ 55.1-320. How deed of trust construed; duties, rights, etc., of parties.

Every deed of trust to secure debts or indemnify sureties is in the nature of a contract and shall be construed according to its terms to the extent not in conflict with the requirements of law. Unless the deed of trust provides otherwise, it shall be construed to impose and confer upon the parties and beneficiaries the following duties, rights, and obligations in like manner as if the same were expressly provided for by such deed of trust:

1. The deed shall be construed as given to secure the performance of each of the covenants entered into by the grantor as well as the payment of the primary obligation.

2. The grantor shall be deemed to covenant that he will pay all taxes, levies, assessments, and charges upon the property, including the fees and charges of such agents or attorneys as the trustee may deem advisable to employ at any time for the purpose of the trust, so long as any obligation upon the grantor under the deed of trust remains undischarged.

3. The grantor shall be deemed to covenant that he will keep the improvements on the property in tenantable condition, whether such improvements were on the property when the deed of trust was given or were placed there at a later time.

4. The grantor shall be deemed to covenant that no waste shall be committed or suffered upon the property.

5. The grantor shall be deemed to covenant that in the event of his failure to meet any obligations imposed upon him, then the trustee or any beneficiary may, at his option, satisfy such obligations. The money so advanced, with interest as provided in the deed of trust, shall be a part of the debt secured by the deed of trust, in the event of sale to be paid next after the expenses of executing the trust, and shall be otherwise recoverable from the grantor as a debt. In addition, to the extent not otherwise covered, the grantor shall be deemed to covenant that amount advanced or incurred by the trustee or any beneficiary under a deed of trust (i) with respect to an obligation secured by a lien or encumbrance prior to the lien of the deed of trust or (ii) for the protection of the lien secured by the deed of trust, together with interest as provided in the deed of trust, shall be a part of the debt secured by the deed of trust, to be paid next after expenses of executing the trust.

6. A covenant to pay interest shall be deemed a covenant to pay interest on the principal balance as such rate may vary or be modified from time to time by the parties under the original instruments or agreements or a written agreement of modification, whether or not recorded, and all the interest on the principal secured by the deed of trust shall be on an equal priority with the principal debt secured by the deed of trust, in the event of sale to be paid next after the expenses of executing the trust.

Any covenant, otherwise authorized by law, that the lender shall be entitled to share in the gross income or the net income, or the gross rent or revenues, or net rents or revenues of the property, or in any portion of the proceeds or appreciation upon sale or appraisal or similar event, shall be on an equal priority with the principal debt secured by the deed of trust, in the event of sale to be paid next after the expenses of executing the trust, and shall be specified in the recorded deed of trust or other recorded document in order to be notice of record as against subsequent parties.

7. In the event of default in the payment of the debt secured, or any part thereof, at maturity, or in the payment of interest when due, or of the breach of any of the covenants entered into or imposed upon the grantor, then at the request of any beneficiary the trustee shall forthwith declare all the debts and obligations secured by the deed of trust at once due and payable and may take possession of the property and proceed to sell the same at auction at the premises or in the front of the circuit court building or at such other place in the county or city in which the property or the greater part thereof lies, or in the corporate limits of any city surrounded by or contiguous to such county, or in the case of annexed land, in the county of which the land was formerly a part, as the trustee may select upon such terms and conditions as the trustee may deem best.

8. If the sale is upon credit terms, the deferred purchase money shall bear interest from the day of sale and shall be secured by a deed of trust upon the property contemporaneous with the trustee's deed to the purchaser.

9. The party secured by the deed of trust, or the holders of greater than 50 percent of the monetary obligations secured thereby, shall have the right and power to appoint one or more substitute trustees for any reason and, regardless of whether such right and power is expressly granted in such deed of trust, by executing and acknowledging an instrument designating and appointing a substitute. When the instrument of appointment has been executed, the substitute trustee named therein shall be vested with all the powers, rights, authority, and duties vested in the trustee in the original deed of trust. The instrument of appointment shall be recorded in the office of the clerk in which the original deed of trust is recorded prior to or at the time of recordation of any instrument in which a power, right, authority, or duty conferred by the original deed of trust is exercised.

§ 55.1-321. Notices required before sale by trustee to owners, lienors, etc.; if note lost.

A. In addition to the advertisement required by § 55.1-322, the trustee or the party secured shall give written notice of the time, date, and place of any proposed sale in execution of a deed of trust, and such notice shall include either (i) the instrument number or deed book and page numbers of the instrument of appointment filed pursuant to § 55.1-320, or (ii) a copy of the executed and notarized appointment of substitute trustee by personal delivery or by mail to (a) the present owner of the property to be sold at his last known address as such owner and address appear in the records of the party secured; (b) any subordinate lienholder who holds a note against the property secured by a deed of trust recorded at least 30 days prior to the proposed sale and whose address is recorded with the deed of trust; (c) any assignee of such a note secured by a deed of trust, provided that the assignment and address of assignee are likewise recorded at least 30 days prior to the proposed sale; (d) any condominium unit owners' association that has filed a lien pursuant to § 55.1-1966; (e) any property owners' association that has filed a lien pursuant to § 55.1-1833; and (f) any proprietary lessees' association that has filed a lien pursuant to § 55.1-2148. Written notice shall be given pursuant to clauses (d), (e), and (f) only if the lien is recorded at least 30 days prior to the proposed sale. If the secured party has received notification that the owner of the property to be sold is deceased, the notice required by clause (a) shall be given to (1) the last known address of such owner as such address appears in the records of the party secured; (2) any personal representative of the deceased's estate whose appointment is recorded among the records of the circuit court where the property is located, at the address of the personal representative that appears in such records; and (3) any heirs of the deceased who are listed on the list of heirs recorded among the records of the circuit court where the property is located, at the addresses of the heirs that appear in such

records. Mailing of a copy of the advertisement or a notice containing the same information to the owner by certified or registered mail no less than 14 days prior to such sale and to lienholders, the property owners' association or proprietary lessees' association, their assigns, and the condominium unit owners' association, at the address noted in the memorandum of lien, by ordinary mail no less than 14 days prior to such sale shall be a sufficient compliance with the requirement of notice. The written notice of proposed sale when given as provided in this subsection shall be deemed an effective exercise of any right of acceleration contained in such deed of trust or otherwise possessed by the party secured relative to the indebtedness secured. The inadvertent failure to give notice as required by this subsection shall not impose liability on either the trustee or the secured party.

B. If a note or other evidence of indebtedness secured by a deed of trust is lost or for any reason cannot be produced and the beneficiary submits to the trustee an affidavit to that effect, the trustee may nonetheless proceed to sale, provided that the beneficiary has given written notice to the person required to pay the instrument that the instrument is unavailable and a request for sale will be made of the trustee upon expiration of 14 days from the date of mailing of the notice. The notice shall be sent by certified mail, return receipt requested, to the last known address of the person required to pay the instrument as reflected in the records of the beneficiary and shall include the name and mailing address of the trustee. The notice shall further advise the person required to pay the instrument that if he believes he may be subject to a claim by a person other than the beneficiary to enforce the instrument, he may petition the circuit court of the county or city where the property or some part thereof lies for an order requiring the beneficiary to provide adequate protection against any such claim. If deemed appropriate by the court, the court may condition the sale on a finding that the person required to pay the instrument is adequately protected against loss that might occur by reason of a claim by another person to enforce the instrument. Adequate protection may be provided by any reasonable means. If the trustee proceeds to sale, the fact that the instrument is lost or cannot be produced shall not affect the authority of the trustee to sell or the validity of the sale.

C. When the written notice of proposed sale is given as provided in this section, there is a rebuttable presumption that the lienholder has complied with any requirement to provide notice of default contained in a deed of trust. Failure to comply with the requirements of notice contained in this section shall not affect the validity of the sale, and a purchaser for value at such sale shall be under no duty to ascertain whether such notice was validly given.

D. In the event of postponement of sale, which may be done in the discretion of the trustee, no new or additional notice is required to be given pursuant to this section.

§ 55.1-322. Advertisement required before sale by trustee.

A. Advertisement of sale by a trustee or trustees in execution of a deed of trust shall be in a newspaper having a general circulation in the county or city in which the property to be sold, or any portion of such property, lies pursuant to the following provisions:

1. If the deed of trust itself provides for the number of publications of such newspaper advertisement, which may be done by using the words "advertisement required" or similar words followed by the number agreed upon, then no other or different advertisement shall be necessary, provided that, if such advertisement be inserted on a weekly basis, it shall be published not less than once a week for two weeks, and if such advertisement be inserted on a daily basis, it shall be published not less than once a day for three days, which may be consecutive days, and in either case shall be subject to the provisions of § 55.1-330 in the same manner as if the method were set forth in the deed of trust. Should the deed of trust provide for advertising on other than a weekly or daily basis, either of the foregoing provisions shall be complied with in addition to those provided in such deed of trust. Notwithstanding the provisions of the deed of trust, the sale shall be held on any day following the day of the last advertisement that is no earlier than eight days following the first advertisement or more than 30 days following the last advertisement.

2. If the deed of trust does not provide for the number of publications of such newspaper advertisement, the trustee shall advertise once a week for four successive weeks, provided, however, that if the property or some portion of such property is located in a city or in a county immediately contiguous to a city, publication of the advertisement five different days, which may be consecutive days, shall be deemed adequate. The sale shall be held on any day following the day of the last advertisement that is no earlier than eight days following the first advertisement or more than 30 days following the last advertisement.

B. Such advertisement shall be placed in that section of the newspaper where legal notices appear or where the type of property being sold is generally advertised for sale.

C. In addition to the advertisement required by subsection A, the trustee shall give such other further and different advertisement as the deed of trust may require and in addition may give such additional advertisement as he may deem appropriate.

D. In the event of postponement of sale, which postponement shall be at the discretion of the trustee, advertisement of such postponed sale shall be in the same manner as the original advertisement of sale.

E. Failure to comply with the requirements for advertisement contained in this section shall, upon petition, render a sale of the property voidable by the court.

§ 55.1-323. Contents of advertisements of sale.

A. The advertisement of sale under any deed of trust, in addition to such other matters as may be required by such deed of trust or by the trustee, in his discretion, shall set forth a description of the property to be sold. Such description need not be as extensive as that contained in the deed of trust, but it shall identify the property by street address, if any, or, if none, shall give the general location of the property with reference to streets, routes, or known landmarks. Where available, tax

map identification may be used but is not required. The advertisement shall also include the time, place, and terms of sale and shall give the name or names of the trustee or trustees. It shall set forth the name, address, and telephone number of a person, either a trustee or the party secured or his agent or attorney who may be able to respond to inquiries concerning the sale.

B. 1. If the property being sold is a time-share estate, the advertisement of sale required under subsection A of § 55.1-322 shall set forth, in addition to such other matters as the trustee finds appropriate, (i) a description of the specific time-share estate or estates to be sold, and such description shall also include (a) the name of the time-share project and (b) the street address of the time-share project or, if no street address, the general location of the time-share project with reference to streets, routes, or known landmarks; (ii) the date, time, place, and terms of sale; (iii) the name of the trustee; and (iv) the name, address, and telephone number of the representative, agent, or attorney who is authorized to respond to inquiries concerning the sale and shall give additional information concerning the time-share estate or estates to be sold.

2. In lieu of the requirements of subdivision 1, the advertisement shall set forth (i) the name of the time-share project in which the time-share estate or estates to be sold are contained; (ii) the street address of the time-share project in which the time-share estate or estates to be sold are contained or, if no street address, the general location of the time-share project with reference to streets, routes, or known landmarks; (iii) the date, time, place, and terms of sale; (iv) the name of the trustee; and (v) the name, address, and telephone number of the representative, agent, or attorney who is authorized to respond to inquiries concerning the sale and shall give additional information concerning the time-share estate or estates to be sold, including providing, upon request, in either hard copy or electronic form, a schedule of the time-share estate or estates to be sold. In addition, the advertisement shall contain a website address where a description of the specific time-share estate or estates to be sold is displayed.

§ 55.1-324. Powers and duties of trustee in event of sale under or satisfaction of deed of trust.

A. In the event of sale under a deed of trust, the trustee shall have the following powers and duties in addition to all others:

1. Written one-price bids may be made and shall be received by the trustee from the beneficiary or any other person for entry by announcement of the trustee at the sale. Any person other than the trustee may bid at the foreclosure sale, including a person who has submitted a written one-price bid. Upon request to the trustee, any other bidder in attendance at a foreclosure sale shall be permitted to inspect written bids. Whenever the written bid of the beneficiary is the highest bid submitted at the sale, such document shall be filed by the trustee with his account of sale required under § 64.2-1309. The written bid submitted pursuant to this subsection may be prepared by the beneficiary, its agent, or its attorney.

2. The trustee may require of any bidder at any sale a cash deposit of as much as 10 percent of the sale price, unless the deed of trust specifies a higher or lower maximum, which may be done by the words "bidder's deposit of not more than _____ dollars may be required" or similar words, before his bid is received, which shall be refunded to the bidder unless the property is sold to him, otherwise to be applied to his credit in settlement or, should he fail to complete his purchase promptly, to be applied to pay the costs and expense of sale and the balance, if any, to be retained by the trustee as his compensation in connection with that sale.

3. The trustee shall receive and receipt for the proceeds of sale, account for the same to the commissioner of accounts pursuant to § 64.2-1309 and apply the same, first, to discharge the expenses of executing the trust, including a reasonable commission to the trustee; secondly, to discharge all taxes, levies, and assessments, with costs and interest if they have priority over the lien of the deed of trust, including the due pro rata thereof for the current year; thirdly, to discharge in the order of their priority, if any, the remaining debts and obligations secured by the deed, and any liens of record inferior to the deed of trust under which sale is made, with lawful interest; and, fourthly, the residue of the proceeds shall be paid to the grantor or his assigns, provided, however, that the trustee as to such residue shall not be bound by any inheritance, devise, conveyance, assignment, or lien of or upon the grantor's equity, without actual notice thereof prior to distribution, and provided further that such order of priorities shall not be changed or varied by the deed of trust. The trustee's deed shall show the trustee's mailing address.

B. Upon discharge, other than by sale by the trustee, of all debts, duties, and obligations imposed by the deed upon the grantor, including any expenses incurred preparatory to sale, then upon the grantor's request the trustee shall execute and deliver a good and sufficient deed of release at the grantor's own proper costs and charges.

§ 55.1-325. Meaning of phrases that may be included in deed of trust.

The following provisions may be incorporated in any deed of trust to secure debts or indemnify sureties in the respective short forms indicated, namely:

1. The words "identified by trustee's signature" or similar words shall be construed as if the deed set forth: "All of which said notes (or other obligations) bear the marginal signature of the trustee for the purpose of identification but for no other purpose whatever."

2. The words "deferred purchase money," "purchase money," or similar words shall be construed as if the deed set forth: "This deed of trust is a contemporaneous purchase money deed of trust and secures the payment of deferred purchase money due by the grantor upon the property hereby conveyed." Any deed of trust securing a loan, proceeds of which are used by the borrower to acquire the secured real property, shall be deemed to be a purchase money deed of trust.

3. The words "exemptions waived" or similar words shall be construed as if the deed set forth: "The grantor hereby waives the benefit of his exemptions as to the debt hereby secured and as to all other obligations that may be imposed upon him by the provisions of this deed of trust."

5. The words "renewal or extension permitted" or similar words shall be construed as if the deed set forth: "The grantor hereby consents and agrees that the debt hereby secured, or any part thereof, may be renewed or extended beyond maturity as often as may be desired by agreement between the creditor and any subsequent owner of the property, and no such renewal or extension shall in any way affect the grantor's responsibility, whether as surety or otherwise."

6. The words "reinstatement permitted" or similar words shall be construed as if the deed set forth: "The grantor and any other party assuming liability hereunder hereby consent and agree that if the property conveyed hereby or a substantial portion thereof is transferred to any subsequent owner, and the creditor exercises the right to accelerate the debts secured hereby, the creditor may accept any delinquent payments or other cure of default giving rise to such acceleration from the then owner of the property or any other person and reinstate the indebtedness in accordance with the schedule of maturity as of the time of acceleration or upon such new schedule as may be agreed if renewal or extension are otherwise permitted and no such reinstatement shall in any way affect the liability of such prior parties, whether as surety or otherwise."

The words "renewal, extension, or reinstatement permitted" or similar words shall have the meaning ascribed to the individual words or phrases in this subdivision and in subdivision 5.

7. The words "right of anticipation reserved" or similar words shall be construed as if the deed set forth: "The grantor reserves the right to anticipate the payment of the debt hereby secured, or any part thereof which is represented by a separate note (or other obligation) at any interest period by the payment of principal and interest to the date of such anticipated payment only."

The words "priority in direct order of maturity" or similar words shall be construed as if the deed set forth: "The notes (or other obligations) hereby secured have priority amongst themselves in the direct order of their maturities, each having priority over all others falling due after its maturity." And the words "priority in inverse order of maturity" or similar words shall be construed as if the deed set forth: "The notes (or other obligations) hereby secured have priority amongst themselves in the inverse order of their maturities, each having priority over all others falling due before its maturity."

9. The words "insurance required _____ dollars" or similar words shall be construed as if the deed set forth: "The grantor covenants that he will keep the improvements on the property insured against fire in some solvent insurance company approved by the trustee for the benefit of the beneficiaries hereunder in the sum of at least _____ dollars, and will deposit with the trustee or beneficiary the policies, with standard loss payable clauses with full contribution in favor of the trustee as his interest may appear; and the grantor further covenants that in the event of his failure to keep the property so insured and the policies so deposited, then the trustee or any beneficiary may, at his option, effect such insurance and pay the premium thereon, and the money so paid, with interest thereon, shall become a part of the debt hereby secured, in the event of sale to be paid next after the expenses of executing this trust, and shall be otherwise recoverable from the grantor as a debt, but there shall be no obligation upon the trustee or beneficiary to effect such insurance."

10. The words "substitution of trustee permitted" or similar words shall be construed as if the deed set forth: "Grantor grants unto the beneficiary or beneficiaries or to a majority in amount of the holders of the obligations secured hereunder and to their assigns the right and power, under the provisions of § 55.1-320, to appoint a substitute trustee or trustees."

11. The words "any trustee may act" or similar words shall be construed as if the deed set forth: "The grantors, and all interested in the obligations hereby secured, by accepting the benefits hereof, agree that all authority, power, and discretion hereinabove granted to the trustees may be exercised by any of them, without any other, with the same effect as if exercised jointly by all of them."

12. The words "this is a credit line deed of trust" or similar words, if in capital letters or underscored and on the first page of the deed of trust and containing the name and address of the noteholder, shall have the meaning set forth in § 55.1-318.

§ 55.1-326. Evidences of indebtedness placed on equal footing.

When bonds, notes, or other evidences of indebtedness are secured by a deed of trust, mortgage, vendor's lien, or other lien, such bonds, notes, or other evidences of indebtedness shall, in the event the lien is executed or foreclosed, be secured on an equal footing and shall be paid ratably out of the proceeds of any sale of property subjected to the lien and shall have no priority, the one over the other, whether by priority of assignment or otherwise, unless the instrument creating the lien expressly provides otherwise.

§ 55.1-327. Sales under deeds of trust that contain no maturity date or provision authorizing sale.

When any property, real or personal, is conveyed by deed of trust to a trustee to secure the payment of a debt, money, notes, bonds, stocks, or other evidences of debt and there is no date fixed for the maturity thereof and such deed of trust contains no provision authorizing the trustee to make sale of such property, or any part thereof, and the reinvestment of the proceeds of sale in other property subject to the terms of such deed of trust, the circuit court, or such court having jurisdiction of the subject matter, upon a complaint filed by any one or more of the lien debtors, in which complaint all persons interested in such lien and all holders of the evidences of debt secured by the deed of trust thereon, and all other necessary or proper parties, except the plaintiffs, shall be made defendants, may order a sale of such property, or any part

thereof, and may invest the proceeds of sale under order of court subject to the terms of the deed of trust, provided that (i) the complaint sets forth facts that will justify the sale of the property, to be verified by the affidavit of at least one of the plaintiffs, (ii) no order shall be made authorizing such sale unless it is shown to the satisfaction of the court that the interests of the lien debtor or debtors will be promoted and the interests of no person holding the evidences of debt secured by the deed of trust will be violated thereby, and (iii) the plaintiff or the party for whose benefit the action is brought shall bear the cost.

§ 55.1-328. Validation of conveyances of real property under trust instrument not authorizing sale.

When any real property is conveyed by deed of trust or other trust instrument to a trustee and there is no provision authorizing the trustee to convey the property that is the subject of the deed of trust, or any part of such property, and the trustee conveys such property or any part of such property, such conveyance shall be valid after a period of 30 years from the date of such conveyance, provided that (i) there have been no adverse claims against the property so conveyed in the interim, and (ii) such conveyances to and from such trustee were properly recorded and indexed at the time of the conveyance, in the appropriate clerk's office in which deeds are recorded in the county or city in which the property lies.

§ 55.1-329. Permissible form for notice of sale under deed of trust.

Notice of sale under any deed of trust regardless of whether it conforms with § 55.1-320, in the absence of provision in such deed of trust requiring other or additional matter, may be substantially in the following form:

§ 55.1-330. Construction of deeds requiring notice by advertisement in newspaper.

A. Whenever any deed of trust to secure debts or indemnify sureties contains a provision requiring the giving of notice of sale thereunder for a specified number of days by advertisement in one or more newspapers and such advertisement is published in a newspaper published daily or in a newspaper published daily except Sunday, it shall be deemed a sufficient compliance with such provision if such notice is published in consecutive issues of such newspaper for the number of days specified, counting both the day of the first publication and the day of the last publication and intervening Sundays, whether or not such newspaper is published on Sunday. Both the first publication and the last publication may be on Sunday. The publication shall in all other respects comply with the provisions of §§ 55.1-322 and 55.1-323.

B. Whenever such deed of trust requires advertisement once a week for a specified number of weeks, sale may be had on the day after the last advertisement appears or any day thereafter, and all sales made in conformity with this section prior to January 1, 1972, and otherwise valid are hereby validated.

§ 55.1-331. Disposition of surplus from trustee's sale after death of grantor.

Whenever the grantor, or his successor in title, in any deed of trust by which any real property is conveyed in trust to secure debts or indemnify sureties dies prior to a trustee's sale held pursuant to the deed of trust and the deed of trust contains no definite provision for the distribution of any surplus in the event of the death of the grantor or his successors in title prior to the trustee's sale held pursuant to the deed of trust, or contains a provision that such surplus shall be paid to the grantor or his heirs or assigns or personal representative, then any surplus of the proceeds of the sale remaining in the possession of the trustee, after discharging the expenses of executing the trust, all tax liens upon the property sold, all debts and obligations secured by the deed of trust, and, in order of their priority, if any, the remaining subsequent debts and obligations secured by the deed, and any liens of record inferior to the deed of trust under which the sale is made, with lawful interest, shall be paid by the trustee to the personal representative of the decedent.

Any such funds possessed by the personal representative shall constitute assets for the payment by him of any debts and demands against the decedent's estate remaining unsatisfied after the personal estate has been exhausted. Any surplus of the funds so paid to the personal representative and remaining in his possession after the satisfaction of all debts and demands against the estate shall be paid over by him, if the decedent died intestate as to the real property embraced in the deed of trust, to the heirs at law of the decedent, or their successors in title, and if the decedent died testate as to the real property embraced in the deed of trust, then such surplus shall be paid to the persons entitled to the real property under the

terms of the decedent's will, or to their successors in title.

§ 55.1-332. Title to real estate sold not affected by nonlisting of secured notes for taxation.

The title to real estate sold under a deed of trust shall not be drawn in question upon the ground that the holder of the notes secured by such deed of trust did not list the same for taxation.

§ 55.1-333. Validation of certain sales made under deeds of trust.

All sales that have been made prior to January 1, 1972, under deeds of trust to secure debts and indemnify sureties containing a provision requiring the giving of notice of sale thereunder for a specified number of days by advertisement in one or more newspapers and that were made after publishing the advertisement of sale in a newspaper published daily or in a newspaper published daily except Sunday for the number of days specified in the deed of trust, counting both the day of the first publication and the day of the last publication and intervening Sundays, whether or not such paper was published on Sunday and whether or not such sales were held on the day of the last publication, provided that, in cases when the sale was held on the day of the last publication, the publication was in a newspaper the principal daily edition of which was delivered or publicly sold before the time fixed for the sale, and whether or not the first publication or the last publication, or both, appeared on Sunday, shall be held, and the same are hereby declared, to be valid and effective in all respects, if otherwise valid and effective according to the law then in force, provided, however, that nothing contained in this section shall be construed as affecting any final order entered prior to March 24, 1934, by any court of competent jurisdiction or as affecting any action now pending in any court of competent jurisdiction, and provided further, that nothing in this section shall be so construed as to affect intervening vested rights.

§ 55.1-334. Validation of certain sales made under deeds of trust prior to October 1, 1977.

All sales that were made prior to October 1, 1977, under deeds of trust to secure debts and indemnify sureties when the notice, advertisement, and conduct of the sale were in accordance with the law of the Commonwealth as it existed on June 30, 1977, are declared to be valid and effective in all respects, provided that nothing in this section shall be construed as affecting any final order entered prior to March 23, 1978, by any court of competent jurisdiction, or any action now pending in a court of competent jurisdiction, or as affecting intervening vested rights, and provided further that no action to vacate or set aside any such sale may be brought after March 23, 1978.

§ 55.1-335. Validation of other sales under deeds of trust.

All sales that were made prior to January 1, 1972, under deeds of trust to secure debts and indemnify sureties when the notice was not published once a week for four successive weeks or a specified number of successive weeks are declared to be valid and effective in all respects, if other reasonable advertisement of such sale was given and such sale was otherwise valid and effective, provided that nothing herein contained shall be construed as affecting any final order entered prior to March 1, 1944, by any court of competent jurisdiction, or any action now pending in a court of competent jurisdiction, or as affecting intervening vested rights, and provided further that no action may be brought after January 1, 1972, to vacate or set aside any such sale.

§ 55.1-336. Protection of assignees or transferees of debts secured by real estate; form of certificate of transfer.

Whenever a debt or other obligation secured by a deed of trust, mortgage, or vendor's lien on real estate has been assigned, the assignor or the assignee, at its option, may cause the instrument of assignment to be recorded in the clerk's office of the circuit court where such deed of trust, mortgage, or vendor's lien is recorded, provided that such instrument is otherwise in recordable form, or may cause a certificate of transfer signed by the assignor to be recorded in such clerk's office, and such instrument of assignment or certificate of transfer, upon recordation, shall operate as a notice of such assignment. The instrument of assignment or certificate of transfer shall be indexed in the name of the assignor and in the names of the obligor or maker, and the trustees, as applicable, all of whose names shall be set forth in such instrument or certificate. The certificate of transfer shall conform substantially to the following:

For purposes of this section, the word "assigned" includes endorsed, pledged, hypothecated, or otherwise transferred. Nothing in this section shall be deemed to invalidate any other form or notice of assignment that may have been recorded prior to July 1, 1994. Nothing in this section shall imply that recordation of the instrument of assignment or a certificate of transfer is necessary in order to transfer to an assignee the benefit of the security provided by the deed of trust, mortgage, or vendor's lien.

§ 55.1-337. Required notice of foreclosure or repossession of manufactured home.

Whenever any assignee of an installment note secured by a security interest on a manufactured home determines that legal action is desirable to enforce the debt resulting in a potential foreclosure or repossession, he shall give prior notice by mail of any action to foreclose or repossess the collateral to any assignor who is liable under a recourse endorsement or by virtue of a reserve account at least 10 business days prior to the enforcement of the security interest or eviction. Assignment by way of pledge of the security interest granted by the assignor shall not be an assignment within the meaning of this section. The failure to so notify the assignor shall not affect any rights of the assignee as against the principal debtor or any party other than the assignor with recourse or a person with rights in a reserve account. Provisions of this section may not be waived by such assignor at the time of the original sale of the installment paper but only after the expiration of at least 30 days from such initial transfer. The assignee shall send such notice to the last known address of the assignor as it appears in the records of the assignee.

§ 55.1-338. Release to person dead inures to successors.

A release of a deed of trust or a conveyance of the property embraced in such deed of trust may in all cases be made to the original grantor, whether living or dead, and any release or reconveyance so made shall inure both in law and in equity to the successors in title of such grantor.

§ 55.1-339. Release of deed of trust or other lien.

A. As used in this section:

"Deed of trust" means any mortgage, deed of trust, or vendor's lien.

"Lien creditor" and "creditor" shall be construed as synonymous and mean the holder, payee, or obligee of a note, bond, or other evidence of debt and shall embrace the lien creditor or his successor in interest as evidenced by proper endorsement or assignment, general or restrictive, upon the note, bond, or other evidence of debt.

"Payoff letter" means a written communication from the lien creditor or servicer stating, at a minimum, the amount outstanding and required to be paid to satisfy the obligation.

"RESA" means Chapter 10 (§ 55.1-1000 et seq.), Real Estate Settlement Agents.

"Satisfactory evidence of the payment of the obligation secured by the deed of trust" means (i) any one of (a) the original canceled check or a copy of the canceled check, showing all endorsements, payable to the lien creditor or servicer, as applicable, (b) confirmation in written or electronic form of a wire transfer to the bank account of the lien creditor or servicer, as applicable, or (c) a bank statement in written or electronic form reflecting completion of the wire transfer or negotiation of the check, as applicable, and (ii) a payoff letter or other reasonable documentary evidence that the payment was to effect satisfaction of the obligation secured or evidenced by the deed of trust.

"Satisfied by payment" includes obtaining written confirmation from the lien creditor that the underlying obligation has a zero balance.

"Servicer" means a person or entity that collects loan payments on behalf of a lien creditor.

"Settlement agent" has the same meaning ascribed to it in § 55.1-1000, provided that a person shall not be a settlement agent unless he is registered pursuant to § 55.1-1014 and otherwise fully in compliance with the applicable provisions of RESA.

"Title insurance company" has the same meaning ascribed to it in § 38.2-4601, provided that the title insurance company seeking to release a lien by the process described in subsection E issued a policy of title insurance, through a title insurance agency or agent as defined in § 38.2-4601.1, for a real estate transaction wherein the loan secured by the lien was satisfied by payment made by the title insurance agency or agent also acting as the settlement agent.

B. 1. Except as provided in Article 3 (§ 55.1-346 et seq.), after full or partial payment or satisfaction has been made of a debt secured by a deed of trust, vendor's lien, or other lien, or any one or more obligations representing at least 25 percent of the total amount secured by such lien, but less than the total number of the obligations so secured, or the debt

secured is evidenced by two or more separate written obligations sufficiently described in the instrument creating the lien, has been fully paid, the lien creditor shall issue a certificate of satisfaction or certificate of partial satisfaction in a form sufficient for recordation reflecting such payment and release of lien. This requirement shall apply to a credit line deed of trust prepared pursuant to § 55.1-318 only when the obligor or the settlement agent has paid the debt in full and requested that the instrument be released.

If the lien creditor receives notice from a settlement agent at the address identified in its payoff statement requesting that the certificate be sent to such settlement agent, the lien creditor shall provide the certificate within 90 days after receipt of such notice to the settlement agent at the address specified in the notice received from the settlement agent.

If the notice is not received from a settlement agent, the lien creditor shall deliver, within 90 days after such payment, the certificate to the appropriate clerk's office with the necessary fee for recording by certified mail, return receipt requested, or when there is written proof of receipt from the clerk's office, by hand delivery, electronic delivery via the clerk's electronic filing system, or delivery by a commercial overnight delivery service or the United States Postal Service, and a receipt obtained.

If the lien creditor has already delivered the certificate to the clerk's office by the time it receives notice from the settlement agent, the lien creditor shall deliver a copy of the certificate to the settlement agent within 90 days of the receipt of the notice at the address for notification set forth in the payoff statement.

If the lien creditor has not, within 90 days after payment, either provided the certificate of satisfaction to the settlement agent or delivered it to the clerk's office with the necessary fee for filing, the lien creditor shall forfeit \$500 to the lien obligor. No settlement agent or attorney may take an assignment of the right to the \$500 penalty or facilitate such an assignment to any third party designated by the settlement agent or attorney. Following the 90-day period, if the amount forfeited is not paid within 10 business days after written demand for payment is sent to the lien creditor by certified mail at the address for notification set forth in the payoff statement, the lien creditor shall pay any court costs and reasonable attorney fees incurred by the obligor in collecting the forfeiture.

2. If the note, bond, or other evidence of debt secured by such deed of trust, vendor's lien, or other lien referred to in subdivision 1 or any interest therein has been assigned or transferred to a party other than the original lien creditor, the subsequent holder shall be subject to the same requirements as a lien creditor for failure to comply with this subsection, as set forth in subdivision 1.

C. The certificate of satisfaction shall be signed by the creditor or his duly authorized agent, attorney, or attorney-in-fact or any person to whom the instrument evidencing the indebtedness has been endorsed or assigned for the purpose of effecting such release. An affidavit shall be filed or recorded with the certificate of satisfaction by the creditor, or his duly authorized agent, attorney, or attorney-in-fact, with such clerk, stating that the debt therein secured and intended to be released or discharged has been paid to such creditor or his agent, attorney, or attorney-in-fact, who was entitled and authorized to receive such debt when the debt was satisfied.

D. When the certificate of satisfaction has been signed and the affidavit required by subsection C has been duly filed or recorded with the certificate of satisfaction with such clerk, the certificate of satisfaction shall operate as a release of the encumbrance as to which such payment or satisfaction is entered and, if the encumbrance is by deed of trust, as a conveyance of the legal title as fully and effectually as if such certificate of satisfaction were a formal deed of release duly executed and recorded.

E. Release of lien by settlement agent or title insurance company.

A settlement agent or title insurance company may release a deed of trust in accordance with the provisions of this subsection (i) if the obligation secured by the deed of trust has been satisfied by payment made by the settlement agent and (ii) whether or not the settlement agent or title insurance company is named as a trustee under the deed of trust or otherwise has received the authority to release the lien.

1. Notice to lienholder.

a. After or accompanying payment in full of the obligation secured by a deed of trust, a settlement agent or title insurance company intending to release a deed of trust pursuant to this subsection shall deliver to the lien creditor by certified mail or commercial overnight delivery service or the United States Postal Service, and a receipt obtained, a notice of intent to release the deed of trust with a copy of the payoff letter and a copy of the release to be recorded as provided in this subsection.

b. The notice of intent to release shall contain (i) the name of the lien creditor, the name of the servicer if loan payments on the deed of trust are collected by a servicer, or both names; (ii) the name of the settlement agent; (iii) the name of the title insurance company if the title insurance company intends to release the lien; and (iv) the date of the notice. The notice of intent to release shall conform substantially to the following form:

NOTICE OF INTENT TO RELEASE

Notice is hereby given to you concerning the deed of trust described on the certificate of satisfaction, a copy of which is attached to this notice, as follows:

1. The settlement agent identified below has paid the obligation secured by the deed of trust described herein or obtained written confirmation from you that such obligation has a zero balance.

2. The undersigned will release the deed of trust described in this notice unless, within 90 days from the date this notice is mailed by certified mail or commercial overnight delivery service or the United States Postal Service, and a receipt obtained, the undersigned has received by certified mail or commercial overnight delivery service or the United States

Postal Service, and a receipt obtained, a notice stating that a release of the deed of trust has been recorded in the clerk's office or that the obligation secured by the deed of trust described herein has not been paid, or the lien creditor or servicer otherwise objects to the release of the deed of trust. Notice shall be sent to the address stated on this form.

(Name of settlement agent)

(Signature of settlement agent or title insurance company)

(Address of settlement agent or title insurance company)

(Telephone number of settlement agent or title insurance company)

(Virginia RESA registration number of settlement agent at the time the obligation was paid or confirmed to have a zero balance)

2. Certificate of satisfaction and affidavit of settlement agent or title insurance company.

a. If, within 90 days following the day on which the settlement agent or title insurance company mailed or delivered the notice of intent to release in accordance with this subsection, the lien creditor or servicer does not send by certified mail or commercial overnight delivery service or the United States Postal Service, and a receipt obtained, to the settlement agent or title insurance company a notice stating that a release of the deed of trust has been recorded in the clerk's office or that the obligation secured by the deed of trust has not been paid in full or that the lien creditor or servicer otherwise objects to the release of the deed of trust, the settlement agent or title insurance company may execute, acknowledge, and file with the clerk of court of the jurisdiction in which the deed of trust is recorded a certificate of satisfaction, which shall include (i) the affidavit described in subdivision 2 b and (ii) a copy of the notice of intent to release that was sent to the lender, the servicer, or both. The certificate of satisfaction shall include the settlement agent's RESA registration number, issued by the Virginia State Bar or the Virginia State Corporation Commission, that was in effect at the time the settlement agent paid the obligation secured by the deed of trust or obtained written confirmation from the lien creditor that such obligation has a zero balance. The certificate of satisfaction shall note that the individual executing the certificate of satisfaction is doing so pursuant to the authority granted by this subsection. After filing or recording the certificate of satisfaction, the settlement agent or title insurance company shall mail a copy of the certificate of satisfaction to the lien creditor or servicer. The validity of a certificate of satisfaction otherwise satisfying the requirements of this subsection shall not be affected by the inaccuracy of the RESA registration number placed thereon or the failure to mail a copy of the recorded certificate of satisfaction to the lien creditor or servicer and shall nevertheless release the deed of trust described therein as provided in this subsection.

b. The certificate of satisfaction used by the settlement agent or title insurance company shall include an affidavit certifying (i) that the settlement agent has satisfied the obligation secured by the deed of trust described in the certificate, (ii) that the settlement agent or title insurance company possesses satisfactory evidence of payment of the obligation secured by the deed of trust described in the certificate or written confirmation from the lien creditor that such obligation has a zero balance, (iii) that the lien of the deed of trust may be released, (iv) that the person executing the certificate is the settlement agent or the title insurance company or is duly authorized to act on behalf of the settlement agent or title insurance company, and (v) that the notice of intent to release was delivered to the lien creditor or servicer and the settlement agent or title insurance company received evidence of receipt of such notice by the lien creditor or servicer. The affidavit shall be substantially in the following form:

AFFIDAVIT OF SETTLEMENT AGENT OR TITLE INSURANCE COMPANY

The undersigned hereby certifies that, in accordance with the provisions of § 55.1-339 of the Code of Virginia of 1950, as amended and in force on the date hereof (the Code), (a) the undersigned is a settlement agent or title insurance company as defined in subsection A of § 55.1-339 of the Code or a duly authorized officer, director, member, partner, or employee of such settlement agent or title insurance company; (b) the settlement agent has satisfied the obligation secured by the deed of trust; (c) the settlement agent or title insurance company possesses satisfactory evidence of the payment of the obligation secured by the deed of trust described in the certificate recorded herewith or written confirmation from the lien creditor that such obligation has a zero balance; (d) the settlement agent or title insurance company has delivered to the lien creditor or servicer in the manner specified in subdivision E 1 of § 55.1-339 of the Code the notice of intent to release and possesses evidence of receipt of such notice by the lien creditor or servicer; and (e) the lien of the deed of trust is hereby released.

(Authorized signer)

3. Effect of filing.

When filed or recorded with the clerk's office, a certificate of satisfaction that is executed and notarized as provided in this subsection and accompanied by (i) the affidavit described in subdivision 2 b and (ii) a copy of the notice of intent to release that was sent to the lender, lien creditor, or servicer shall operate as a release of the encumbrance described therein and, if the encumbrance is by deed of trust, as a reconveyance of the legal title as fully and effectively as if such certificate of satisfaction were a formal deed of release duly executed and recorded.

4. Effect of wrongful or erroneous certificate; damages.

a. The execution and filing or recording of a wrongful or erroneous certificate of satisfaction by a settlement agent or title insurance agent does not relieve the party obligated to repay the debt, or anyone succeeding to or assuming the responsibility of the obligated party as to the debt, from any liability for the debt or other obligations secured by the deed of trust that is the subject of the wrongful or erroneous certificate of satisfaction.

b. A settlement agent or title insurance agent that wrongfully or erroneously executes and files or records a certificate

of satisfaction is liable to the lien creditor for actual damages sustained due to the recording of a wrongful or erroneous certificate of satisfaction.

c. The procedure authorized by this subsection for the release of a deed of trust shall constitute an optional method of accomplishing a release of a deed of trust secured by property in the Commonwealth. The nonuse of the procedure authorized by this subsection for the release of a deed of trust shall not give rise to any liability or any cause of action whatsoever against a settlement agent or any title insurance company by any obligated party or anyone succeeding to or assuming the interest of the obligated party.

5. Applicability.

a. The procedure authorized by this subsection for the release of a deed of trust may be used to effect the release of a deed of trust after July 1, 2002, regardless of when the deed of trust was created, assigned, or satisfied by payment made by the settlement agent.

b. This subsection applies only to transactions involving the purchase of or lending on the security of real estate located in the Commonwealth that is either (i) unimproved real estate with a lien to be released of \$1 million or less or (ii) real estate containing at least one but not more than four residential dwelling units.

c. The procedure authorized by this subsection applies only to the full and complete release of a deed of trust. Nothing in this subsection shall be construed to authorize the partial release of property from a deed of trust or otherwise permit the execution or recordation of a certificate of partial satisfaction.

§ 55.1-340. Release by financial institution upon payment of debt placed with it for collection.

In any case where a note, bond, or other evidence of indebtedness placed by a creditor for collection with a bank, trust company, savings institution, small loan company, or credit union is fully paid at such financial institution, the financial institution, through its authorized agents, may execute all certificates, releases, and affidavits required of a creditor by this chapter to effectuate a release. The financial institution may execute and deliver to the clerk an affidavit to the effect that the financial institution had been acting as collecting agent for the creditor on the debt and that the debt has been paid in full at such institution.

§ 55.1-341. Partial satisfaction.

It is lawful for any lien creditor to record a certificate of partial satisfaction of any one or more of the separate pieces or parcels of property covered by such lien. It shall also be lawful for any such creditor to record a certificate of partial satisfaction of any part of the real estate covered by such lien if a plat of such part or a deed of such part is recorded in the clerk's office and a cross-reference is made in the certificate of partial satisfaction to the book and page where the plat or deed of such part is recorded. Such certificate of partial satisfaction may be accomplished in manner and form prescribed in this chapter for making certificates of satisfaction, except that the creditor, or his duly authorized agent, shall make an affidavit to the clerk or in such certificate that such creditor is at the time of making such satisfaction the legal holder of the obligation, note, bond, or other evidence of debt, secured by such lien, and when made in conformity with the provisions of this chapter such partial satisfaction shall be as valid and binding as a proper release deed duly executed for the same purpose.

Any and all partial marginal releases made prior to July 1, 1966, in any county or city of the Commonwealth, in conformity with the provisions of this chapter, either of one or more separate pieces or parcels of real estate or any part of the real estate covered by such lien, or as to one or more of the obligations secured by any such lien, or as to all of the real estate covered by such lien instrument, are hereby validated and declared to be binding upon all parties in interest, but this provision shall not be construed as intended to disturb or impair any vested right.

§ 55.1-342. Permissible form for certificate of satisfaction or certificate of partial satisfaction.

Any release by a certificate of satisfaction or certificate of partial satisfaction shall be in conformity with §§ 55.1-339, 55.1-340, and 55.1-341 and shall conform substantially with the following Certificate of Satisfaction or Certificate of Partial Satisfaction forms:

The clerk shall satisfy the requirements of § 17.1-228.

Certificates conforming to this section prior to the amendment effective July 1, 1984, shall be deemed to be in substantial conformity to this section.

§ 55.1-343. Where certificates of satisfaction are to be indexed.

The clerk shall record a certificate of partial satisfaction or a certificate of satisfaction on the grantor index, both under the name of each grantor on the underlying deed of trust and under the name of the first-named trustee under which the deed of trust was indexed, all as identified on the certificate of satisfaction. The deed book and page number or the instrument number of the released deed of trust shall also be designated in the index. Any clerk using a separate index book or data file for grantees only shall also record in such book or file the name of each grantor on the underlying deed of trust as identified on the certificate of satisfaction.

§ 55.1-344. Releases made by court; costs and attorney fees.

A. Any person who owns or has any interest in real estate or personal property on which an encumbrance as described in § 55.1-339 exists may, after 20 days' notice to the person entitled to such encumbrance, apply to the circuit court of the county or city in which such encumbrance is recorded to have the same released or discharged. Upon proof that the encumbrance has been paid or discharged or upon a finding by the court that more than 15 years have elapsed since the maturity of the lien or encumbrance, raising a presumption of payment that is not rebutted at the hearing, such court shall order the clerk to record a certificate of satisfaction or a certificate of partial satisfaction that, when so recorded, shall operate as a release of such encumbrance.

All releases made prior to June 24, 1944, by any court under this section upon such presumption of payment so arising and not rebutted shall be validated.

B. If the court finds that the person entitled to such encumbrance cannot with due diligence be located, and that notice has been given such person in the manner provided by § 8.01-319 or 55.1-348, or that tender has been made of the sum due thereon but has been refused for any reason by the party to whom due, the court may in its discretion order the sum due to be paid into court, to be there held as provided by law, and to be paid upon demand to the person entitled thereto. The court shall order the same to be recorded as provided in subsection A, and such certificate of satisfaction or certificate of partial

satisfaction shall operate as a release of the encumbrance.

C. Upon a finding by the court that the holder of a mortgage or deed of trust that has been fully paid or discharged has unjustifiably and without good cause failed or refused to release such mortgage or deed of trust, the court may order that costs and reasonable attorney fees be paid to the petitioning party. This subsection shall not preclude a separate action by the petitioning party for actual damages sustained by reason of such failure or refusal to release the encumbrance.

§ 55.1-345. Recordation of certificate of satisfaction, etc., required when release of lien recorded.

Whenever a release of a deed of trust or other obligation is recorded in the office of the clerk of any circuit court, such clerk shall record a certificate of satisfaction or certificate of partial satisfaction, stating that such deed or other obligation is released. The fee charged by the clerk for recording such release shall be paid by the lien debtor. Such certificate shall be indexed in the name of the grantors and grantees of the instrument being released. If any clerk fails for 10 days to do anything required of him by this section, he shall be liable for any damage that any person may sustain by reason of such failure.

Article 3.

Satisfaction of Security Interest in Real Property.

§ 55.1-346. Applicability.

The procedure authorized by this article for the release of a security interest in real property using an automated electronic recording system may be used to effect the release of a security interest regardless of when the security interest was created, assigned, or satisfied by payment made by the settlement agent. The procedure authorized by this section for the release of a security interest shall constitute an optional method of accomplishing a release of a security interest secured by property in the Commonwealth.

§ 55.1-347. Definitions.

As used in this article, unless the context requires otherwise:

"Day" means calendar day.

"Document" means information that is:

1. Inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form; and

"Secured creditor" means a person that holds or is the beneficiary of a security interest or that is authorized both to receive payments on behalf of a person that holds a security interest in real property and to record a satisfaction of the security instrument upon receiving full performance of the secured obligation. "Secured creditor" does not include a trustee under a security instrument. § 55.1-348. Document of rescission; effect; liability for wrongful recording.

A. As used in this section, "document of rescission" means a document stating that an identified satisfaction, certificate of satisfaction, or affidavit of satisfaction of a security instrument was recorded erroneously or fraudulently, the secured obligation remains unsatisfied, and the security instrument remains in force.

B. If a person records a satisfaction, certificate of satisfaction, or affidavit of satisfaction of a security instrument in error or by fraud, the person may execute and record a document of rescission. Upon recording, the document rescinds an erroneously recorded satisfaction, certificate, or affidavit.

C. A recorded document of rescission has no effect on the rights of a person who:

1. Acquired an interest in the real property described in a security instrument after the recording of the satisfaction,

certificate of satisfaction, or affidavit of satisfaction of the security instrument and before the recording of the document of rescission; and

2. Would otherwise have priority over or take free of the lien created by the security instrument under the laws of the Commonwealth.

D. A person, other than the clerk of the circuit court or any of his employees or other governmental official in the course of the performance of his recordation duties, who erroneously, fraudulently, or wrongfully records a document of rescission is subject to liability under § 55.1-339.

§ 55.1-349. Secured creditor to submit satisfaction for recording; liability for failure.

A. A secured creditor shall submit for recording a satisfaction of a security instrument within 90 days after the creditor receives full payment or performance of the secured obligation in accordance with subsection B of § 55.1-339. If a security instrument secures a line of credit or future advances, the secured obligation is fully performed only if, in addition to full payment, the secured creditor has received a notification requesting the creditor to terminate the line of credit or containing a statement sufficient to terminate the effectiveness of the provision for future advances in the security instrument.

B. A secured creditor who is required to submit a satisfaction of a security instrument for recording and fails to do so by the end of the period specified in subsection A is subject to liability under § 55.1-339.

§ 55.1-350. Form and effect of satisfaction.

A. A document is sufficient to constitute a satisfaction of a security instrument if it conforms substantially in form and content to the requirements of § 55.1-342 and it:

1. Identifies the security instrument, the original parties to the security instrument, the recording data for the security instrument, and the office in which the security instrument is recorded;

2. States that the person signing the satisfaction is the secured creditor;

3. Contains a legal description of the real property identified in the security instrument, but only if a legal description is necessary for a satisfaction to be properly indexed; otherwise, the deed book and page number or instrument number is sufficient;

4. Contains language terminating the effectiveness of the security instrument; and

5. Is signed by the secured creditor and acknowledged as required by law for a conveyance of an interest in real property.

B. The clerk of the circuit court shall accept for recording a satisfaction document, unless:

1. An amount equal to or greater than the applicable recording fees and taxes is not tendered;

2. The document is submitted by a method or in a medium not authorized by the laws of the Commonwealth; or

3. The document is not signed by the secured creditor and acknowledged as required by law for a conveyance of an interest in real property.

§ 55.1-351. Relation to Electronic Signatures in Global and National Commerce Act.

§ 55.1-352. Uniform standards.

In consultation with the circuit court clerks, the Executive Secretary of the Supreme Court, and interested citizens and businesses, the Virginia Information Technologies Agency shall develop standards to implement electronic recording of real property documents. The Virginia Information Technologies Agency shall consider standards and practices of other jurisdictions, the most recent standards promulgated by national standard-setting bodies, such as the Property Records Industry Association, views of interested persons and other governmental entities, and needs of localities of varying sizes, population, and resources.

Article 4.

Effect of Certain Expressions in Deeds.

§ 55.1-353. Effect of word "covenants."

When a deed uses the words "the said _____ covenants," such covenant shall have the same effect as if it were expressed to be by the covenantor, for himself and his heirs, personal representatives, and assigns and shall be deemed to be with the covenantee and his heirs, personal representatives, and assigns.

§ 55.1-354. Effect of covenant of general warranty.

A covenant by the grantor in a deed "that he will warrant generally the property hereby conveyed" shall have the same effect as if the grantor had covenanted that he and his heirs and personal representatives will forever warrant and defend such property unto the grantee and his heirs, personal representatives, and assigns against the claims and demands of all persons.

§ 55.1-355. Covenant of special warranty.

A covenant by any such grantor "that he will warrant specially the property hereby conveyed" shall have the same effect as if the grantor has covenanted that he and his heirs and personal representatives will forever warrant and defend such property unto the grantee and his heirs, personal representatives, and assigns against the claims and demands of the grantor and all persons claiming or to claim by, through, or under him.

§ 55.1-356. Words "with general warranty," "with special warranty," and "with English covenants of title" construed.

The words "with general warranty" in the granting part of any deed shall be deemed to be a covenant by the grantor "that he will warrant generally the property hereby conveyed." The words "with special warranty" in the granting part of any deed shall be deemed to be a covenant by the grantor "that he will warrant specially the property hereby conveyed."

The words "with English covenants of title" or words of similar import in the granting part of any deed shall be deemed to be an expression by the grantor of those covenants set out in §§ 55.1-359 through 55.1-362, and in addition thereto the covenant that he is seized in fee simple of the property conveyed.

§ 55.1-357. Implied warranties on new homes.

A. As used in this section:

"New dwelling" means a dwelling or house that has not previously been occupied for a period of more than 60 days by anyone other than the vendor or the vendee or that has not been occupied by the original vendor or subsequent vendor for a cumulative period of more than 12 months, excluding dwellings constructed solely for lease. "New dwelling" does not include a condominium or condominium units created pursuant to the Virginia Condominium Act (§ 55.1-1900 et seq.).

"Structural defects" means a defect or defects that reduce the stability or safety of the structure below accepted standards or that restrict the normal use of the structure.

B. In every contract for the sale of a new dwelling, the vendor shall be held to warrant to the vendee that, at the time of the transfer of record title or the vendee's taking possession, whichever occurs first, the dwelling with all of its fixtures is, to the best of the actual knowledge of the vendor or his agents, sufficiently (i) free from structural defects, so as to pass without objection in the trade, and (ii) constructed in a workmanlike manner, so as to pass without objection in the trade.

C. In addition, in every contract for the sale of a new dwelling, the vendor, if he is in the business of building or selling such dwellings, shall be held to warrant to the vendee that, at the time of transfer of record title or the vendee's taking possession, whichever occurs first, the dwelling together with all of its fixtures is sufficiently (i) free from structural defects, so as to pass without objection in the trade; (ii) constructed in a workmanlike manner, so as to pass without objection in the trade; and (iii) fit for habitation.

D. The warranties described in subsections B and C implied in the contract for sale shall be held to survive the transfer of title. Such warranties are in addition to, and not in lieu of, any other express or implied warranties pertaining to the dwelling or its materials or fixtures. A contract for sale may waive, modify, or exclude any or all express and implied warranties and sell a new home "as is" only if the words used to waive, modify, or exclude such warranties are conspicuous, as defined by subdivision (b) (10) of § 8.1A-201, set forth on the face of such contract in capital letters that are at least two points larger than the other type in the contract and only if the words used to waive, modify, or exclude the warranties state with specificity the warranty or warranties that are being waived, modified, or excluded. If all warranties are waived or excluded, a contract shall specifically set forth in capital letters that are at least two points larger than the other type in the contract that the dwelling is being sold "as is."

E. If there is a breach of warranty under this section, the vendee, or his heirs or personal representatives in case of his death, shall have a cause of action against his vendor for damages, provided, however, for any defect discovered after July 1, 2002, such vendee shall first provide the vendor, by certified mail at his last known address, or by commercial overnight delivery service or the United States Postal Service, and a receipt obtained, a written notice stating the nature of the warranty claim. Such notice also may be hand delivered to the vendor with the vendee retaining a receipt of such hand-delivered notice to the vendor or its authorized agent. After such notice, the vendor shall have a reasonable period of time, not to exceed six months, to cure the defect that is the subject of the warranty claim.

F. The warranty shall extend for a period of one year from the date of transfer of record title or the vendee's taking possession, whichever occurs first, except that the warranty pursuant to clause (i) of subsection C for the foundation of new dwellings shall extend for a period of five years from the date of transfer of record title or the vendee's taking possession, whichever occurs first. Any action for its breach shall be brought within two years after the breach thereof. For all warranty claims arising on or after January 1, 2009, sending the notice required by subsection E shall toll the limitations period for six months.

G. In the case of new dwellings where fire-retardant treated plywood sheathing or other roof sheathing materials are used in lieu of fire-retardant treated plywood, the vendor shall be deemed to have assigned the manufacturer's warranty, at settlement, to the vendee. The vendee shall have a direct cause of action against the manufacturer of such roof sheathing for any breach of such warranty. To the extent any such manufacturer's warranty purports to limit the right of third parties or prohibit assignment, such provision shall be unenforceable and of no effect.

§ 55.1-358. Effect of certain transfer fee covenants.

A. As used in this section, unless the context requires a different meaning:

"Transfer" means assignment, conveyance, gift, inheritance, sale, or other transfer of ownership interest in real property located in the Commonwealth.

"Transfer fee" means a fee or charge payable to a nongovernmental person or entity upon transfer or payable for the right to make or accept such transfer, regardless of whether the fee or charge is a fixed amount or is determined as a percentage of the value of the property, the purchase price of the property, or other consideration given for the transfer. "Transfer fee" does not include:

1. Any consideration that is payable by a grantee to a grantor for the interest in real property being transferred;

2. Any commission that is payable to a licensed real estate broker for a transfer under an agreement between the broker and the grantor or grantee;

3. Any amount, charge, fee, or interest that is payable by a borrower to a lender under a loan secured by a deed of trust or mortgage on real property, including (i) any fee that is payable to the lender for consenting to an assumption of the loan or a transfer of the real property subject to the deed of trust or mortgage and (ii) any consideration allowed by law that is payable to the lender in connection with the loan;

4. Any amount, charge, fee, reimbursement, or rent that is payable by a lessee to a lessor under a lease, including any fee that is payable to the lessor for consenting to an assignment, sublease, encumbrance, or transfer of the lease;

5. Any consideration that is payable to the holder of an option to purchase an interest in real property, the holder of a right of first refusal, or the holder of a right of first offer to purchase an interest in real property for releasing, waiving, or not exercising the option or right upon the transfer of the property to a person other than the holder;

6. Any assessment, charge, or fee authorized by statute, the recorded condominium instrument, or the recorded declaration to be charged by, or payable to, a common interest community as defined in § 54.1-2345 or a cooperative as defined in § 55.1-2100; or

7. Any amount, assessment, charge, fee, fine, or tax that is payable to or imposed by a governmental authority.

"Transfer fee covenant" means a covenant or declaration that purports to affect real property and that requires or purports to require, upon a subsequent transfer of such property, the payment of a transfer fee to the declarant or other nongovernmental person or entity specified in the covenant or declaration or to the assigns or successors of such declarant or nongovernmental person or entity.

B. A transfer fee covenant recorded in the Commonwealth on or after July 1, 2011, shall not run with the title to real property and is not binding on, or enforceable at law or in equity against, any subsequent owner, purchaser, or mortgagee of any interest in real property as an equitable servitude or otherwise. Any lien purporting to secure the payment of a transfer fee under a transfer fee covenant recorded in the Commonwealth on or after July 1, 2011, is void and unenforceable.

§ 55.1-359. Covenant of "right to convey."

A covenant by the grantor in a deed for land "that he has the right to convey the said land to the grantee" shall have the same effect as if the grantor had covenanted that he has good right, full power, and absolute authority to convey the land, with all the buildings thereon and the privileges and appurtenances thereto belonging, unto the grantee, in the manner in which the same is conveyed or intended so to be by the deed, and according to its true intent.

§ 55.1-360. Covenant for "quiet possession" and "free from all encumbrances."

A covenant by any such grantor "that the grantee shall have quiet possession of the said land" shall have as much effect as if he covenanted that the grantee and his heirs and assigns might, at any and all times thereafter, peaceably and quietly enter upon and have, hold, and enjoy the land conveyed by the deed, or intended so to be, with all the buildings thereon and the privileges and appurtenances thereto belonging, and receive and take the rents and profits thereof, to and for his and their use and benefit, without any eviction, interruption, suit, claim, or demand whatever. If to such covenant there be added "free from all encumbrances," these words shall have as much effect as the words "and that freely and absolutely acquitted, exonerated, and forever discharged, or otherwise by the said grantor or his heirs saved harmless and indemnified of, from, and against any and every charge and encumbrance whatever."

§ 55.1-361. Covenant for "further assurances."

A covenant by any such grantor "that he will execute such further assurances of the said lands as may be requisite" shall have the same effect as if he covenanted that he, the grantor, and his heirs or personal representative will at any time, upon any reasonable request, at the charge of the grantee and his heirs or assigns, do, execute, or cause to be done or executed all such further acts, deeds, and things for the better, more perfectly and absolutely conveying and assuring the said lands and premises thereby conveyed or intended so to be unto the grantee and his heirs and assigns in manner aforesaid, as by the grantee and his heirs or assigns and his or their attorney, shall be reasonably devised, advised, or required.

§ 55.1-362. Covenant of "no act to encumber."

A covenant by any such grantor "that he has done no act to encumber the said lands" shall have the same effect as if he covenanted that he had not done or executed, or knowingly suffered, any act, deed, or thing whereby the lands and premises conveyed, or intended so to be, or any part thereof, are or will be charged, affected, or encumbered in title, estate, or otherwise.

§ 55.1-363. Effect of certain words of release in a deed.

Whenever any deed uses the words: "The said grantor (or the said _____) releases to the said grantee (or the said _____) all his claims upon the said lands," such deed shall be construed as if it set forth that the grantor (or releasor) has remised, released, and forever quitted claim and by these presents does remise, release, and forever quitclaim to the grantee (or releasee) and his heirs and assigns all right, title, and interest whatsoever, both at law and in equity, in or to the lands and premises granted (or released) or intended to be granted (or released), so that neither he nor his personal representative, heirs, or assigns shall at any time thereafter have any type of claim, challenge, or demand on the lands and premises or any part thereof.

CHAPTER 4.

FRAUDULENT AND VOLUNTARY CONVEYANCES; WRITINGS NECESSARY TO BE RECORDED.

§ 55.1-400. Void fraudulent acts; bona fide purchasers not affected.

Every (i) gift, conveyance, assignment, or transfer of, or charge upon, any estate, real or personal, (ii) action commenced or order, judgment, or execution suffered or obtained, and (iii) bond or other writing given with intent to delay, hinder, or defraud creditors, purchasers, or other persons of or from what they are or may be lawfully entitled to shall, as to such creditors, purchasers, or other persons or their representatives or assigns, be void. This section shall not affect the title of a purchaser for valuable consideration, unless it appears that he had notice of the fraudulent intent of his immediate grantor or of the fraud rendering void the title of such grantor.

§ 55.1-401. Voluntary gifts, conveyances, assignments, transfers, or charges; void as to prior creditors.

Every gift, conveyance, assignment, transfer, or charge that is not upon consideration deemed valuable in law, or that is upon consideration of marriage by an insolvent transferor or by a transferor who is thereby rendered insolvent, shall be void as to creditors whose debts were contracted at the time such gift, conveyance, assignment, transfer, or charge was made but shall not, on that account merely, be void as to creditors whose debts have been contracted, or as to purchasers who have purchased, after such gift, conveyance, assignment, transfer, or charge was made. Even though it is decreed to be void as to a prior creditor, because voluntary or upon consideration of marriage, it shall not, for that cause, be decreed to be void as to subsequent creditors or purchasers.

§ 55.1-402. Creditor's action to avoid such gifts, conveyances, assignments, transfers, or charges.

Before obtaining a judgment for his claim, a creditor may, whether such claim is due and payable or not, institute any action that he may institute after obtaining such judgment to avoid a gift, conveyance, assignment, or transfer of, or charge upon, the estate of his debtor declared void by either § 55.1-400 or 55.1-401. Such creditor may, in such action, have all the relief with respect to such estate to which he would be entitled after obtaining a judgment for the claim for which he may be entitled to recover. A creditor availing himself of this section shall have a lien from the time of bringing his action on all the estate, real and personal, and a petitioning creditor shall also be entitled to a lien from the time of filing his petition in the court in which the action is brought. If the proceeds of sale are insufficient to satisfy the claims of all the creditors whose liens were acquired at the same time, they shall be applied proportionately to such claims, and the court may issue an order against the debtor for any deficiency remaining on the claim of any creditor after applying his share of the proceeds of sale, or, if any creditor is not entitled to share in such proceeds, may issue an order against the debtor for the full amount of the creditor's claim. This section is subject to the provisions of §§ 8.01-268 and 8.01-269.

§ 55.1-403. Creditor's action; attorney fees.

In any action brought by a creditor pursuant to § 55.1-400, 55.1-401, or 55.1-402, where a (i) gift; (ii) deed; (iii) conveyance, assignment, or transfer of or charge upon the estate of a debtor; (iv) action commenced or judgment or execution suffered or obtained; or (v) bond or other writing is declared void, the court shall award counsel for the creditor reasonable attorney fees against the debtor. Upon a finding of fraudulent conveyance pursuant to § 55.1-400, the court may assess sanctions, including such attorney fees, against all parties over which it has jurisdiction who, with the intent to defraud and having knowledge of the judgment, participated in the conveyance. Should there be a resulting judicial sale, any award of attorney fees shall be paid out of the proceeds of the sale, as other costs are paid, provided that the award of attorney fees does not affect a prior lien creditor not represented by the attorney.

§ 55.1-404. Authority of court to set aside.

The court may set aside a fraudulent conveyance or voluntary transfer pursuant to § 55.1-400 or 55.1-401 during an action brought by a creditor to execute on a judgment, either on motion of the creditor or on its own motion, provided that all parties who have an interest in the property subject to the conveyance or transfer are given notice of the proceeding. The court, by order, may direct the clerk to issue the proper process against such parties and, upon the maturing of the case, proceed to make such orders as would have been proper if the new parties had been made parties at the commencement of the action.

§ 55.1-405. Loans and reservations of a use or property to be recorded.
