FRIDAY, FEBRUARY 25, 2011

The Senate met at 12 m. and was called to order by Lieutenant Governor William T. Bolling.

Like the James and Rappahannock rivers, as our God, You flow through our lives.
Like the winds, circling through the fields of Appalachia, Your spirit is strong and mighty.
Like wildflowers, preparing to blossom along the ridges of the Piedmont, signs of Your creation are alive in Virginia.
You are the fisherman who brings us oysters and crabs.
You are the farmer who grows corn and tomatoes.
You are the teacher who educates our children.
And You are the factory worker who produces products to grow our economy.
You are present with these Senators who depend on Your light for wisdom and discernment.
Unite them with a means of grace, through unity, civility and honor.
Surround them today on this historic hill of freedom, as they serve their people.
You are and shall remain our one and holy God. Receive our gratitude toward sacred initiatives and noble ideals greater than ourselves.
Grant us Your blessing and peace for this session and forever. Amen.

“MMMM.1. The Department of Medical Assistance Services shall seek federal authority through the necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social Security Act to expand principles of care coordination to all geographic areas, populations, and services under programs administered by the department. The expansion of care coordination shall be based on the principles of shared financial risk such as shared savings, performance benchmarks or risk and improving the value of care delivered by measuring outcomes, enhancing quality, and monitoring expenditures. The department shall engage stakeholders, including beneficiaries, advocates, providers, and health plans, during the development and implementation of the care coordination projects. Implementation shall include specific requirements for data collection to ensure the ability to monitor utilization, quality of care, outcomes, costs, and cost savings. The department shall report by November 1 of each year to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees detailing implementation progress including, but not limited to, the number of individuals enrolled in care coordination, the geographic areas, populations and services affected and cost savings achieved. Unless otherwise delineated, the department shall have authority to implement necessary changes upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such change. The intent of this Item may be achieved through several steps, including, but not limited to, the following:
a. In fulfillment of this Item, the department may seek any necessary federal authority through amendment to the State Plans under Title XIX and XXI of the Social Security Act, and appropriate waivers to such, to expand the current managed care program, Medallion II, to the Roanoke/Alleghany area by January 1, 2012, and far Southwest Virginia by July 1, 2012. The department shall have authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment of this act.
b. In fulfillment of this Item, the department may seek federal authority through amendments to the State Plans under Title XIX and XXI of the Social Security Act, and appropriate waivers to such, to allow, on a pilot basis, foster care children, under the custody of the City of Richmond Department of Social Services, to be enrolled in Medicaid managed care (Medallion II) effective July 1, 2011. The department shall have the authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment date of this act.

c. In fulfillment of this Item, the department may seek federal authority to implement a care coordination program for Elderly or Disabled with Consumer Direction (EDCD) waiver participants effective October 1, 2011. This service would be provided to adult EDCD waiver participants on a mandatory basis. The department shall have authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment of this act.

d. In fulfillment of this Item, the department may seek federal authority through amendments to the State Plan under Title XIX of the Social Security Act, and any necessary waivers, to allow individuals enrolled in Home and Community Based Care (HCBC) waivers to also be enrolled in contracted Medallion II managed care organizations for the purposes of receiving acute and medical care services effective January 1, 2012. The department shall have authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment of this act.

e. In fulfillment of this Item, the department and the Department of Behavioral Health and Developmental Services, in collaboration with the Community Services Boards and in consultation with appropriate stakeholders, shall develop a blueprint for the development and implementation of a care coordination model for individuals in need of behavioral health services not currently provided through a managed care organization. The overall goal of the project is to improve the value of behavioral health services purchased by the Commonwealth of Virginia without compromising access to behavioral health services for vulnerable populations. Targeted case management services will continue to be the responsibility of the Community Services Boards. The blueprint shall: (i) describe the steps for development and implementation of the program model(s) including funding, populations served, services provided, timeframe for program implementation, and education of clients and providers; (ii) set the criteria for medical necessity for community mental health rehabilitation services; and (iii) include the following principles:

1. Improves value so that there is better access to care while improving equity.
2. Engages consumers as informed and responsible partners from enrollment to care delivery.
3. Provides consumer protections with respect to choice of providers and plans of care.
4. Improves satisfaction among providers and provides technical assistance and incentives for quality improvement.
5. Improves satisfaction among consumers by including consumer representatives on provider panels for the development of policy and planning decisions.
6. Improves quality, individual safety, health outcomes, and efficiency.
7. Develops direct linkages between medical and behavioral services in order to make it easier for consumers to obtain timely access to care and services, which could include up to full integration.
8. Builds upon current best practices in the delivery of behavioral health services.
9. Accounts for local circumstances and reflects familiarity with the community where services are provided.
10. Develops service capacity and a payment system that reduces the need for involuntary commitments and prevents default (or diversion) to state hospitals.
11. Reduces and improves the interface of vulnerable populations with local law enforcement, courts, jails, and detention centers.
12. Supports the responsibilities defined in the Code of Virginia relating to Community Services Boards and Behavioral Health Authorities.
13. Promotes availability of access to vital supports such as housing and supported employment.
14. Achieves cost savings through decreasing avoidable episodes of care and hospitalizations, strengthening the discharge planning process, improving adherence to medication regimens, and utilizing community alternatives to hospitalizations and institutionalization.

15. Simplifies the administration of acute psychiatric, community mental health rehabilitation, and medical health services for the coordinating entity, providers, and consumers.

16. Requires standardized data collection, outcome measures, customer satisfaction surveys, and reports to track costs, utilization of services, and outcomes. Performance data should be explicit, benchmarked, standardized, publicly available, and validated.

17. Provides actionable data and feedback to providers.

18. In accordance with federal and state regulations, includes provisions for effective and timely grievances and appeals for consumers.

f. The department may seek the necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social Security Act to develop and implement a care coordination model, that is consistent with the principles in Paragraph e, for individuals in need of behavioral health services not currently provided through managed care to be effective July 1, 2012. This model may be applied to individuals on a mandatory basis. The department shall have authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment date of this act.

g. The department may seek the necessary waiver(s) and/or State Plan authorization under Title XIX of the Social Security Act to develop and implement a care coordination model for individuals dually eligible for services under both Medicare and Medicaid to be effective April 1, 2012. The department shall have authority to implement necessary changes upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such change.”

COMMONWEALTH OF VIRGINIA
Office of the Governor

February 27, 2011

TO THE MEMBERS OF THE GENERAL ASSEMBLY:

I am pleased to write you at the conclusion of the 2011 session of Virginia’s General Assembly. Thank you for your ongoing service to the people of Virginia.

This was the second session of our Administration. As this session finishes, it is clear that we maintain a great ability to work cooperatively with each other to produce solutions to the major challenges facing our Commonwealth.

In 2010, working together, we successfully addressed the difficulties presented by an ongoing economic downturn and two state budget shortfalls totaling over $6 billion. While many were uncertain as to how we would navigate an unprecedented second consecutive year of negative revenue growth, we demonstrated what is possible when we strive to find the solutions to the problems our citizens face at their front doors.

As a result of our bipartisan cooperation, we closed our budget shortfalls without raising taxes, reduced state spending to 2006 levels, put Virginia on solid footing to help our private sector business owners create new jobs, and ended the fiscal year with a surplus. At the same time, we also made major strides in providing new positive educational options for Virginia’s children by strengthening our charter school and virtual schools statues, and creating innovative college laboratory schools. We laid the groundwork for the expansion of our job-creating tourism and wine industries, while also furthering our commitment to making the Commonwealth the “Energy Capital of the East Coast.”

These achievements provided the backdrop for the 2011 session of the General Assembly. As you arrived in January, our Commonwealth was witnessing the ongoing modest signs of economic recovery. Our unemployment rate has fallen from 7.2% last February to 6.7% today. State tax revenues have increased in ten of the last eleven months, with the last three months all posting increases of over 9%. Our collective commitment to fiscally responsible governance during very tough economic times has positioned Virginia well for future economic growth and job creation. The mission for this session was to ensure that economic recovery is consistent and entrenched, and will not dissipate in the years ahead.

We were clear in our objectives for this short session. We proposed four major initiatives. We called for the biggest state commitment to transportation in a generation; a bold effort to ensure that we have the most highly educated workforce in the world by reversing the trend of disinvestment in higher education; new tools and resources to help our existing job-creating businesses expand and grow, and to attract new employers within our borders; and a continued focus on reforming state government to make it leaner and more effective so Virginia taxpayers can be confident that policymakers are making the same tough decisions about spending priorities that they are.
Throughout the 2011 Session of the General Assembly, we addressed these major challenges comprehensively, usually without regard to political party or local parochial interests. It was a clear agenda with a clear purpose: grow Virginia’s economy and ensure more opportunity for every Virginian. Thanks to your cooperation, that agenda has been successful.

This session may be best remembered for the overwhelming bipartisan passage of the biggest investment in transportation in Virginia in a generation. Through our “Get Virginia Moving” initiative, we are establishing the framework to invest $4 billion over just the next three years into road, rail and transit projects from the suburbs of Northern Virginia to the coalfields of southwest Virginia. Citizens will see the results in quicker commutes to work, and a little more time with their families. We are doing this without raising taxes and by taking advantage of low interest rates and construction prices. This is the type of innovation and problem-solving that Virginians expect and we have rightly delivered it to them through the bipartisan leadership of Speaker Bill Howell, Delegate Glenn Oder, Chairman Chuck Colgan and Senator William Wampler.

The “Top Jobs for the 21st Century Act” provides a roadmap to truly expand access and affordability for our citizens seeking to attend Virginia’s outstanding institutions of higher education. Additionally, the Act ensures that we are offering education and training in the most high demand employment areas — science, technology, engineering, math, and healthcare. By awarding 100,000 new degrees over the next 15 years and lowering the burden of constant tuition increases on students and parents, we will demonstrate to business leaders around the globe that this is where they should invest and grow their enterprises. More importantly, we will bring the opportunity of a college degree within reach of thousands more Virginia students. Majority Leader Kirk Cox, Delegate Rosalyn Dance, and Senators Edd Houck and Tommy Norment recognized the importance of higher education as an economic development engine for the Commonwealth, and worked tirelessly for the unanimous passage of this seminal legislation.

Our “Opportunity at Work” agenda was a continuation of our work in 2010 to use limited tax dollars wisely to best attract and retain the job-creating private sector businesses crucial to our future economic prosperity and the well-being of our citizens. We advanced a renewed commitment to assist emerging technology based companies expand, provided incentives for more university based research and development, and supported our dynamic and growing wine and tourism industries. Virginia ranks fourth in the nation in net new jobs created since February 2010. Our work is paying off in new jobs for our citizens. We must continue our aggressive efforts to better compete with other states and nations in the battle to attract and expand businesses across all regions of the Commonwealth.

Virginians know we need a “Smaller and Smarter Government”. Just like families make tough decisions everyday about how to live within their means, so must Richmond. Government should focus on its core functions, eliminate waste and inefficiencies, and spend taxpayer dollars wisely and prudently. This session we continued to find ways to make government more effective. We have passed legislation to eliminate outdated and unnecessary boards and commissions and we eliminated certain mandates on localities for the first time in years. Additionally, Virginia will now have a statewide Inspector General with the power to investigate waste, fraud and abuse all across state government.

We held the line on taxes. State spending is back to levels last seen in the earliest years of the Kaine Administration. This commitment to fiscal austerity has required an equal dedication to budget prioritization. With limited dollars come tough choices; we were sent to Richmond to make those tough choices, and that is what we have done. I thank the General Assembly for the significant new funding provided for mental health and developmental disabilities in the Commonwealth. This funding is critically important to the well-being of so many of our fellow Virginians. That was the right choice. I am disappointed, however, in the failure to make additional necessary choices to further reduce the significant shortfall in our pension system which is underfunded by nearly $18 billion dollars. While new state money was pumped into the system, more structural reforms and shared sacrifice are needed. As more state
workers and teachers retire in the years ahead the chasm between disbursements made and resources available will only grow wider. We must reform our pension system to ensure its long term solvency and the security in retirement of our valued state employees, and I am committed to getting this done during this Administration.

The 2011 session of the General Assembly will be heralded for our breakthroughs on transportation and higher education. The bills supporting these efforts were the recipients of broad and strong bipartisan support. That is a further demonstration that while political campaigns are what get us to the Capitol, we still retain the ability to leave politics aside once here and govern together in the best interest of the people of this beautiful Commonwealth. You should be pleased by the many results of this short session. We have invested wisely, planned prudently, and, once again, addressed the issues our citizens are most concerned about. We have provided solutions to challenges, and our Commonwealth will benefit from this. The effort to build a true “Commonwealth of Opportunity” took another step forward this winter in Mr. Jefferson’s Capitol.

I thank you all for the time you sacrificed away from your families, the leadership you demonstrated for your constituents, and the results you achieved for all Virginians.

May God Continue to Bless the Commonwealth of Virginia,

/s/ Robert F. McDonnell

The Reverend Dr. Anthony M. Chandler, Sr., Cedar Street Baptist Church, Richmond, Virginia, offered the following prayer:

O God, giver of life, and strength through struggles, our peace in troubling times, our joy in sorrow and our hope for what is to come. We honor You, for being the God You are. We thank You for this opportunity, to join together as one nation, and one people under God. Even as we embark upon this endeavor this afternoon, we must pray a prayer of forgiveness, as a result of our individual and corporate failures and faults. Search our hearts and rid us from blood guiltiness.

We recognize and we thank You for our national leaders. And during this hour, we honor those men and women who serve the citizens of Virginia and those who serve us in Excellence. We pray now, that they will continue to utilize Godly wisdom as they make decisions that will influence the state and condition of our communities. Thank You, for what they have been able to accomplish, as a result of Your strength and guidance.

We also thank You for all persons in attendance. And we celebrate Coach Smart and the gentlemen who so proudly wear black and gold from the Virginia Commonwealth University who've brought new life to our city and state. Thank You for not allowing them to be defined by a championship game...because they still remain our champions.

Now bless this hour, bless this day...and we shall forever give You, all of the praise...all of the glory and all of the honor. It’s in the name of He, who keeps us during this time of instability, that we pray,

And together the people of God will say, Amen!

SENATE BILLS VETOED BY THE GOVERNOR

S.B. 771 (seven hundred seventy-one) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

GOVERNOR’S VETO

March 29, 2011
TO THE SENATE OF VIRGINIA:
SENATE BILL NO. 771

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 771, which would increase the cap on recovery in actions against health care providers for medical malpractice.

Virginia currently has a climate that has effectively stabilized malpractice premiums, and attracted health care service providers to the Commonwealth. Virginia’s $2 million cap is the highest all-encompassing cap in the nation, and was last raised in 2008. Raising the cap for medical malpractice judgments to $3 million over the next twenty years, without further reforms in the medical malpractice litigation system, will not meaningfully protect against health care cost increases. Federal health reform law mandates, currently in litigation, will cost Virginia an estimated $2 billion over the next 10 years, and is creating great uncertainty in the health care system. Thus, adding to system costs at this time without other offsets should not occur. While I commend the affected stakeholders for working diligently together, increasing the medical malpractice cap will ultimately lead towards higher health care costs for doctors, hospitals, businesses, and most importantly, patients.

Accordingly, I veto this bill.

PARIAMENTERY INQUIRY

Senator Norment propounded a parliamentary inquiry as to whether the Senate had to finish its consideration of the Governor’s recommendations and vetoes today or if H.J.R. 567, the scheduling resolution, allowed the Senate to recess until tomorrow to consider those matters.

The Chair stated that the scheduling resolution does not limit the length of the reconvened session; however, Article IV, Section 6, of the Constitution of Virginia does limit the reconvened session to no longer than three days unless extended by a vote of a majority of the members elected to both houses for a period not exceeding seven additional days.

Senator Norment propounded a further parliamentary inquiry as to whether tomorrow, Thursday, April 7, 2011, would fall within the three day window provided by the Constitution of Virginia for a reconvened session.

The Chair stated that Thursday, April 7, 2011, would fall within the three day window provided by the Constitution for a reconvened session.

COMMONWEALTH OF VIRGINIA

GOVERNOR’S VETO

March 25, 2011
TO THE SENATE OF VIRGINIA:
SENATE BILL NO. 966

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 966, which would require 150 minutes of physical education per week in Virginia's public schools.

This requirement would place a significant unfunded mandate on local school divisions. While the goal of increasing physical activity by our young people is laudable and important, this approach is overly burdensome on local school divisions at this time, and does not align with the higher priorities of increasing time in the classroom spent on math, science, reading, history and other important subjects.

Accordingly, I veto this bill.

GOVERNOR’S VETO

March 29, 2011
TO THE SENATE OF VIRGINIA:
SENATE BILL NO. 1119

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1119, which increases the limit of civil penalties issued by a special order of the Director of the Department of Environmental Quality (DEQ) and modifies the process for civil penalties issued by DEQ.

While this legislation has the important goal of environmental protection, the approach taken by this bill is not the appropriate way to achieve that goal. The legislation gives extremely broad administrative sanction authority to the agency and allows the assessment of excessive civil penalties. Additionally, the legislation does not provide sufficient due process protection under the Virginia Administrative Process Act. At a time when federal regulations continue to expand dramatically at the Environmental Protection Agency, we should not be adding overly burdensome regulations and costs that will be passed on to Virginia citizens. The existing authority of the agency is sufficient to properly enforce the law.

Accordingly, I veto this bill.

HOUSE BILL WITH GOVERNOR'S RECOMMENDATIONS

H.B. 1500 (one thousand five hundred) was taken up together with the following communication from the Governor:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 29, 2011

TO THE HOUSE OF DELEGATES

HOUSE BILL NO. 1500

I approve the general purpose of this bill, but I am returning it without my signature with the request that 86 amendments be adopted. I am grateful to all members of the House of Delegates and the Senate for the excellent work you did during the session through your amendments to House Bill 1500. Specifically, the House and Senate are to be commended for placing a priority on the long-term fiscal balance of the Commonwealth by avoiding spending actions that could inhibit our ability to sustain the budget over the long-term.

From the outset, I have been clear in setting budgetary objectives for this short session. My objectives called for investments in: transportation, higher education, new tools and resources to help create jobs, and actions to promote government reforms, including the Virginia Retirement System. Throughout the 2011 Session of the General Assembly, you collectively helped me address these challenges, usually without regard to political party or parochial interests. Due to your cooperation, we have made significant progress — for which I and the citizens of Virginia are most appreciative.
Although the enrolled bill achieves most of the major objectives I requested of you, I am returning it to you with amendments to address three overarching themes. These are continued reforms (both funding and structural) of the Virginia Retirement System, greater efforts for economic development and job creation, and additional steps to help law enforcement and public safety. These spending amendments total $43.8 million. They are offset by amendments that will result in $49.9 million in savings or additional revenue over the biennium.

I think you will find a number of my amendments are either language clarifications or technical adjustments. They clarify actions approved in HB 1500 or to address issues that have occurred since you adjourned in February. Some of the amendments were made at the request of Members or Committee staff to address various issues.

I also want you to know that I appreciate the work that led to a broad consensus on major items in the conference report including additional funding for K-12 education, restoration of selected Medicaid provider rates, elimination of the accelerated sales tax program for almost 80 percent of Virginia’s retailers, and another down payment for the future deposit to the Rainy Day Fund. As a result, of your good work, I recommend no amendments to these items, which were the essence of your compromise. Moreover, in keeping with my previously stated position, I have proposed no new taxes or fees. I tried to add value to the final budget, not re-write it.

Addressing the Virginia Retirement System’s Unfunded Liabilities

As I stated to you in December, JLARC reported last fall that the Virginia Retirement System (VRS) currently faces an unfunded liability of $17.6 billion. VRS projects that the funding status for both teacher and state employee plans will continue to decline for the near future. As I noted at the time, ignoring liabilities of this magnitude could impair the future viability of the plans and potentially require significant amounts of additional funding or benefit modifications in the future. The actions I proposed at that time would have required a small shared contribution from employees and provided $311 million a year, or $4.2 billion over 10 years, in new funding for the retirement system, as well as an optional defined contribution (DC) plan for employees to join at their discretion.

The enrolled bill, however, includes a state employee contribution entirely offset by a five percent pay raise and a modest increase in the employer share of the retirement contribution for just the fourth quarter of FY 2012. There is no provision to allow employees the option to join a defined contribution retirement plan. Taken together, these actions will provide the retirement system with only $108 million per year in additional annual funding, far from what is required to strengthen the viability of the system and moderate future state and local funding contributions. Funding pension obligations is largely based on a simple rule: pay now or pay more later. Paying more later is not an acceptable option for employees, beneficiaries, nor taxpayers.

Therefore, I am proposing the following amendments to strengthen the long-term solvency of the retirement accounts that hundreds of thousands of Virginians are counting on in the future:

- Increase employer retirement contributions to the Chapter 874 agency funded rates for all plans. This amendment also ends the deferral of employer retirement contribution payments one quarter early. It will increase funding going to VRS by $27.8 million in FY 2012, by adding a general fund payment of $23 million.
- Provide for the use of a portion of the June 30, 2011, general fund balance for nonrecurring expenditures to supplement the employer retirement contribution rate increase provided in the enrolled budget bill in the fourth quarter of FY 2012.
• Transfer employer contributions to VRS more frequently. As a result of a budget reduction strategy approved by the 2002 session of the General Assembly, contributions paid by state agencies are transferred to VRS on a quarterly basis. My amendment will return the transfer to a monthly basis. This change will allow VRS to invest funds sooner and will increase its investment earnings by approximately $1.7 million annually.

• Authorize an optional defined contribution plan for state employees. From a budget and employer perspective, a defined contribution plan provides predictable and stable employer contributions, never creates an unfunded liability, and provides a benefit similar to that provided by many large, private sector employers. From an employee perspective, it provides flexibility and enhanced portability.

• Provide local government the option to require employees to contribute to the cost of their VRS retirement. The employee contribution cannot exceed five percent. This will provide localities that elect this option the ability to better address the long-term funding needs of their VRS retirement program. Localities will have the option to decide if they want to offset the increased employee contribution with equivalent pay increases.

Enhancing Economic Development and Job Creation Efforts

I continue to make economic development and job creation in the private sector my Administration’s number one priority. The enrolled budget bill includes substantial investments in funding for the Virginia Small Business Financing Authority to help small businesses, critical tourism marketing efforts, and the Enterprise Zone Program to help stimulate investment. Thank you for your steadfast support of these initiatives. I applaud your efforts and all Virginians appreciate the diligence with which the resources in House Bill 1500 were identified and appropriated for these purposes. In addition, you adopted three tax credits (Virginia Port Tax Incentive, Virginia Winery and Vineyard Development Tax Credit, and the Refundable Research and Development Tax Credit) to help stimulate and attract business.

In reviewing House Bill 1500, as enrolled, I identified certain economic development and job creation categories requiring additional or alternative funding sources to meet our mutual objective — jobs for our citizens. These include: funding in the Governor’s Motion Picture Opportunity Fund, further expansion of the Tourism Marketing Partnership Grant Program, a stable funding source for the industrial site revitalization and Virginia Main Street programs. My amendments address these critical needs.

As one of the largest employers in the Commonwealth, the U.S. military makes its home in Virginia. To help ensure the long-term federal military contribution to Virginia’s economy, I recommend an amendment that will allow up to $7.5 million of the available June 30, 2011 general fund balance to be designated by the State Comptroller to be used to meet the Commonwealth’s commitments resulting from the recommendations of the 2005 Base Realignment and Closure Commission (BRAC) regarding the encroachment of incompatible land uses at the United States Navy Master Jet Base at Oceana. It is the same amount that has been provided for the past six years to continue to work on preserving Oceana and is matched locally. This funding, along with your proposal of using proceeds from the sale of property previously purchased through the program, will continue to demonstrate to the Department of Defense that Virginia remains committed to the BRAC recommendations and the retention of other military activities in the Commonwealth, such as the remainder of the U.S. Joint Forces Command (JFCOM), and the expansion of Fort Lee and Quantico.
Strengthening Public Safety Functions

Maintaining public safety for our citizens is a primary responsibility of government. I applaud your financial support for law enforcement and my initiative to make productive citizens of individuals leaving our prisons. Through these actions we continue to improve the public’s safety in Virginia.

In my executive amendments in January, I proposed closing 50 percent of the gap in funding two public safety initiatives: overtime for state police and support for sheriffs’ offices. You overwhelmingly supported both recommendations. Consistent with this effort, I am including an amendment for the remaining $3.0 million to fully fund state police overtime. Through this funding, more troopers can be placed back on the road as they can work for pay instead of taking time off for the compensatory leave they now earn for overtime. I also am proposing an amendment that will allow up to $7.4 million of the available June 30, 2011 general fund balance as designated by the State Comptroller to be used to supplement current funding for local sheriffs’ offices. If available, this will close the balance of this gap. As many deputies are the first line of defense at the local level, their continued presence on the streets and, staffing jails is critical.

Finally, I am submitting amendments addressing the Sexually Violent Predator Treatment Program (SVP). The explosive growth in this program has led to a facility that is nearly filled to capacity. Legislative amendments to the introduced budget direct that we forego the proposed option of renovating an existing state facility for use as a second SVP site. They further require the Department of Behavioral Health and Developmental Services to adapt the existing facility for double-bunking these patients. Unfortunately, the amendments in the enrolled budget bill would also deny the agency the ability to undertake any capital improvements at the facility in order to implement this approach and there are insufficient operating funds to meet the increased caseload.

After directing my Chief of Staff to visit SVP facilities in Florida and Virginia and after consulting with the Attorney General, I am proposing amendments that will provide flexibility for the manner in which clients are housed and therapeutically treated. They allow for the use of existing capital appropriations as needed to carry out required renovations and to facilitate double bunking. They also provide $2.5 million or one more month in additional operating funds in FY 2012. I expect that we will need to revisit this item in next year’s legislative session.

Recommended Resources

Given that some of my amendments increase spending, I am also offering amendments to HB 1500 to provide the necessary resources to finance these proposals. The majority of resources come from increased revenue. Collections from recordation taxes are consistently running well ahead of forecast in FY 2011, and current refund activity from high-income extension returns have continued to decline. I am, therefore, recommending the addition of $12 million to the revenue track. In addition, I am confident that based on a tax assessment by Brunswick County, the projected revenue from the sale of Brunswick Prison will be at least $20 million. Therefore, my proposed amendment will restore the selling price to the current Appropriation Act (Chapter 874 of the 2010 Session of the General Assembly). I also propose increasing resources by capturing some unexpended and unobligated operating and capital balances, and by making a few selected spending reductions in public broadcasting and the CSA.

The budget you presented me left $6.2 million unallocated. I am returning amendments to you, which if enacted, will leave a total uncommitted, unappropriated balance of approximately $12.3 million. This is double the unappropriated balance in the enrolled budget bill, and it will leave some resources for unforeseen circumstances (such as a natural disaster).
Attached to this letter are the details of my proposed amendments. In your review of these proposals, I think you will find they are consistent with the objectives that we both have strived to accomplish since January 12. More importantly, I hope that you agree they improve what was already a very good budget enacted by the General Assembly.

I respectfully request your adoption of these amendments so that they may be incorporated into the Appropriation Act for the 2010-2012 biennium.

Respectfully submitted,

/s/ Robert F. McDonnell

§ 51.1-126.5:1. Optional defined contribution retirement program.
A. For purposes of this section, “optional defined contribution retirement program” means a retirement program covering any state employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.), 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.) for retirement purposes other than the Virginia Retirement System defined benefit retirement plan.
established under this chapter. Persons who are participants in, or eligible to be participants in, the
optional retirement plans established under §§ 51.1-126, 51.1-126.1, 51.1-126.3, 51.1-126.4, 51.1-126.5,
and 51.1-126.7 shall not be eligible to participate in the optional defined contribution retirement
program.

The Board shall maintain this optional defined contribution retirement program, and any employer of a
state employee is authorized to make contributions under such program to the plans for the benefit of its
employees participating in such program. Every state employee who is (i) a person who becomes a
member on or after July 1, 2010, and (ii) hired on or after January 1, 2012, shall make an irrevocable
election to participate in either (a) the otherwise applicable defined benefit retirement plan established
by this title and administered by the Virginia Retirement System or (b) this optional defined contribution
retirement program.

Such election shall be exercised no later than 60 days from the time of the employee’s entry upon the
performance of his duties. If an election is not made within such 60 days, such employee shall be deemed
to have elected to participate in the otherwise applicable defined benefit retirement plan established
by this title and administered by the Virginia Retirement System.

B. 1. The employer shall make a mandatory contribution on behalf of an employee participating in the
optional defined contribution retirement program in the amount of five percent of creditable
compensation. In addition, the employer shall make a matching contribution on behalf of the employee,
based on the employee’s voluntary contributions under subdivision C 2, up to a maximum of 3.5 percent
of creditable compensation for the payroll period, as follows: 100 percent of up to 3.5 percent of
creditable compensation contributed by the employee to such plan for the payroll period, over and above
the mandatory employee contribution. The matching contribution by the employer shall be made to the
appropriate cash match plan established for the employee under § 51.1-608.

2. The total amount contributed by the employer under subdivision 1 shall vest to the employee’s benefit
according to the following schedule:
   a. Upon completion of one year of continuous participation in the defined contribution retirement
      program, 20 percent.
   b. Upon completion of two years of continuous participation in the defined contribution retirement
      program, 40 percent.
   c. Upon completion of three years of continuous participation in the defined contribution retirement
      program, 60 percent.
   d. Upon completion of four years of continuous participation in the defined contribution retirement
      program, 80 percent.
   e. Upon completion of five years of continuous participation in the defined contribution retirement
      program, 100 percent.

If an employee terminates employment with an employer prior to the end of this vesting period,
contributions made by an employer on behalf of the employee under subdivision 1 that are not vested,
shall be forfeited. The Board may establish a forfeiture account and may specify the uses of the forfeiture
account.

3. An employee may direct the investment of contributions made by an employer under subdivision 1.

4. No loans or hardship distributions shall be available from contributions made by an employer under
subdivision 1.

C. 1. An employee participating in the optional defined contribution retirement program shall, pursuant
to procedures established by the Board, make mandatory contributions on a salary reduction basis in
accordance with § 414(h) of the Internal Revenue Code in the amount of five percent of creditable
compensation.

2. An employee participating in the optional defined contribution retirement program may make
voluntary contributions to the program, in increments of half percentages of creditable compensation, in
an amount not to exceed 3.5 percent of creditable compensation or the limit on elective deferrals
pursuant to § 457(b) of the Internal Revenue Code, whichever is less. The contribution by the employee
shall be made to the appropriate deferred compensation plan established by the employee under
§ 51.1-602.
3. No loans or hardship distributions shall be available from contributions made by an employee under this subsection.

D. With respect to any employee who elects, pursuant to subsection A, to participate in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System, the employer shall collect and pay all employee and employer contributions to the Virginia Retirement System for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for such employee.

E. 1. The Board shall develop policies and procedures for administering the optional defined contribution retirement program it maintains, including the establishment of guidelines for employee elections and deferrals under the program.

2. No employee who is an active member in the optional defined contribution retirement program maintained by the Board shall also be (i) an active member of the retirement system or beneficiary other than a contingent annuitant or (ii) an active member of any other optional retirement plan maintained under the provisions of Chapter 1 (§ 51.1-124.1 et seq.).

3. If a member of the optional defined contribution retirement program maintained under this section is at any time in service as an employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.), 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.), his benefit payments under the optional defined contribution retirement program maintained under this section shall be suspended while so employed; provided, however, reemployment shall have no effect on the payment under the optional defined contribution retirement program maintained under this section if the benefits are being paid in an annuity form under an annuity contract purchased with the member’s account balance.

4. Any administrative fee imposed pursuant to subdivision A 13 of § 51.1-124.22 on any employer for administering and overseeing the optional defined contribution retirement program established pursuant to this section shall be charged for each employee participating in such program and shall be for costs incurred by the Virginia Retirement System that are directly related to the administration and oversight of such program.

5. The creditable compensation for any employee on whose behalf employee or employer contributions are made into the optional defined contribution retirement program shall not exceed the limit on compensation as adjusted by the Commissioner of the Internal Revenue Service pursuant to the transition provisions applicable to eligible participants under state and local governmental plans under § 401(a)(17) of the Internal Revenue Code as amended in 1993 and as contained in § 13212(d)(3) of the Omnibus Budget Reconciliation Act of 1993 (P. L. 103-66).

6. The Board may contract with private corporations or institutions, subject to the standards set forth in § 51.1-124.30, to provide investment products as well as any other goods and services related to the administration of the optional defined contribution retirement program. The Virginia Retirement System is hereby authorized to perform related services, including but not limited to, providing consolidated billing, individual and collective recordkeeping and accountings, and asset purchase, control, and safekeeping.

F. A state employee who participates in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System under this chapter may make an irrevocable election to participate in the optional defined contribution retirement program. Such election shall be exercised no later than March 31, 2012. If an election is not made by March 31, 2012, such employee shall be deemed to have elected not to participate in the optional defined contribution retirement program and shall continue to participate in his current retirement plan. The Board is authorized to allow transfers of the amount of the accumulated contributions and interest of each member of the Virginia Retirement System defined benefit retirement plan.

§ 51.1-145. Employer contributions.

A. The total annual employer contribution for each employer, expressed as a percentage of the annual membership payroll, shall be determined in a manner so as to remain relatively level from year to year. Each employer shall contribute an amount equal to the sum of the normal contribution, any accrued liability contribution, and any supplementary contribution. The contribution rates for each employer shall
be determined after each valuation and shall remain in effect until a new valuation is made. All contribution rates shall be computed in accordance with recognized actuarial principles on the basis of methods and assumptions approved by the Board.

B. The normal employer contribution for any period shall be determined as a percentage, equal to the normal contribution rate, of the total covered compensation of the members employed during the period.

C. The normal contribution rate for any employer shall be determined as the percentage represented by the ratio of (i) the annual normal cost to provide the benefits of the retirement system with respect to members employed by the employer in excess of the members’ contributions to (ii) the total annual compensation of the members.

D. The accrued liability contribution for any employer for any period shall be determined as a percentage, equal to the accrued liability contribution rate, of the total compensation of the members during the period.

E. The accrued liability contribution rate for any employer shall be a percentage of the total annual compensation of the members, determined so that a continuation of annual contributions by the employer at the same percentage of total annual compensation over a period of 40 years will be sufficient to amortize the unfunded accrued liability with respect to the employer.

F. The unfunded accrued liability with respect to any employer as of any valuation date shall be determined as the excess of (i) the then present value of the benefits to be provided under the retirement system in the future to members and former members over (ii) the sum of the assets of the retirement system then currently in the members’ contribution account and in the employer’s retirement allowance account, plus the then present value of the stipulated contributions to be made in the future by the members, plus the then present value of the normal contributions expected to be made in the future by the employer.

G. The supplementary contribution for any employer for any period shall be determined as a percentage, equal to the supplementary contribution rate, of the total compensation of the members employed during the period.

H. Until July 1, 1997, the supplementary contribution rate for any employer shall be determined as the percentage represented by the ratio of (i) the average annual amount of post-retirement supplements, as provided for in this chapter, which is anticipated to become payable during the period to which the rate will be applicable with respect to former members to (ii) the total annual compensation of the members.

I. The Board shall certify to each employer the applicable contribution rate and any changes in the rate.

J. The employer contribution for the year shall be increased to the extent necessary to overcome any insufficiency if the contributions for any employer, when combined with the amount of the retirement allowance account of the employer, are insufficient to provide the benefits payable during the year.

K. The appropriation bill which is submitted to the General Assembly by the Governor prior to each regular session that begins in an even-numbered year shall include the contributions which will become due and payable to the retirement allowance account from the state treasury during the following biennium. The amount of the contributions shall be based on the contribution rates certified by the Board pursuant to subsection I of this section that are applicable to the Commonwealth as an employer and the anticipated compensation during the biennium of the members of the retirement system on behalf of whom the Commonwealth is the employer.

L. In the case of all teachers whose compensation is paid exclusively out of funds derived from local revenues and appropriations from the general fund of the state treasury, the Commonwealth shall contribute to the extent specified in the appropriations act. In the case of any teacher whose compensation is paid out of funds derived in whole or in part from any special fund or from a contributor other than the Commonwealth or a political subdivision thereof, contributions shall be paid out of the special fund or by the other contributor in proportion to that part of the compensation derived therefrom. In the case of all state employees whose compensation is paid exclusively by the Commonwealth out of the general fund of the state treasury, the Commonwealth shall be the sole contributor, and all contributions shall be paid out of the general fund. In the case of a state employee whose compensation is paid in whole or in part out of any special fund or by any contributor other than the Commonwealth, contributions on behalf of the employee shall be paid out of the special fund or by the other contributor in proportion to that part of the
employee’s compensation derived therefrom. The governing body of each political subdivision is hereby authorized to make appropriations from the funds of the political subdivision necessary to pay its proportionate share of contributions on behalf of every state employee whose compensation is paid in part by the political subdivision. In the case of each person who has elected to remain a member of a local retirement system, the Commonwealth shall reimburse the local employer an amount equal to the product of the compensation of the person and the employer contribution rate as used to determine the employer contribution for state employees under this section. Each employer shall keep such records and periodically furnish such information as the Board may require and shall inform new employees of their duties and obligations in connection with the retirement system.

M. The employer contribution rate established for each employer may include the cost to administer any defined contribution plan administered by the Virginia Retirement System and available to the employer. The portion of such contribution designated to cover administrative costs of the defined contribution plans shall not be deposited into the trust fund established for the defined benefit plans but shall be separately accounted for and used solely to defray the administrative costs associated with the various defined contributions plans. This provision shall supplement the authority of the Board under §§ 51.1-124.22 and 51.1-602 to charge and collect administrative fees to employers whose employees have available the various defined contribution plans administered by the Virginia Retirement System.

N. The employer contribution rate established for each employer may include the annual rate of contribution payable by such employer with respect to employees enrolled in the optional defined contribution retirement program established under § 51.1-126.5:1, to be assessed as surcharges for the amortization of unfunded liabilities of the defined benefit plans administered by the Virginia Retirement System.

§ 51.1-1151. Sickness and disability program; disability insurance policies.

A. The Board shall develop, implement, and administer a short-term disability and long-term disability benefits program in accordance with the provisions of this chapter. The Board is authorized to delegate or assign to any person any of the duties required to be performed by the Board pursuant to this chapter. The Board is authorized to purchase long-term disability insurance policies for participating employees. The policies shall be purchased from and carried with a disability insurance company which is authorized to do business in the Commonwealth.

Each policy shall contain a provision stipulating the maximum expense and risk charges that are determined by the Board to be on a basis consistent with the general level of charges made by disability insurance companies under policies of long-term disability insurance issued to large employers. The Board may require that the policies have reinsurance with a disability insurance company incorporated or organized under the laws of and authorized to do business in the Commonwealth.

B. Notwithstanding the provisions of subsection A, the Board may self-insure long-term disability benefits in accordance with the standards set forth in § 51.1-124.30.

§ 51.1-1152. Additional powers of the Board.

In addition to any other powers granted to the Board under this title, the Board shall have the power to:

1. Establish policies and procedures to implement and administer the program and the provisions of this chapter;
2. Contract for the provision of comprehensive case management;
3. Take all other actions necessary for the implementation and administration of the program; and
4. Adopt rules and policies that bring the program into compliance with any applicable law or regulation of this Commonwealth or the United States.

§ 51.1-1153. Participation in the program.

A. The effective date of participation in the program for participating employees shall be their first day of employment.

B. Notwithstanding any provision to the contrary, no participating employee shall receive benefits under Article 2 (§ 51.1-1154 et seq.) (Nonwork-Related Disability Benefits) until the participating employee completes one year of continuous service.

C. Eligibility for participation in the program shall terminate upon the earliest to occur of an employee’s (i) termination of employment or (ii) death. Eligibility for participation in the program shall be suspended during periods that an employee is placed on nonpay status, including leave without pay, if such nonpay status is due to suspension pending investigation or outcome of employment-related court or disciplinary action.

Article 2.

Nonwork-Related Disability Benefits.

§ 51.1-1154. Applicability of article.

The provisions of this article shall apply only with respect to the disability programs providing disability benefits for disabilities not resulting from work-related injuries.
A. Except as provided in subsection B of § 51.1-1153, short-term disability benefits for participating employees shall commence upon the expiration of a seven-calendar-day waiting period. The waiting period shall commence the first day of a disability or of maternity leave. If an employee returns to work for one day or less during the seven-calendar-day waiting period but cannot continue to work, the periods worked shall not be considered to have interrupted the seven-calendar-day waiting period. Additionally, the seven-calendar-day waiting period shall not be considered to be interrupted if the employee works 20 hours or less during the waiting period. Short-term disability benefits payable as the result of a catastrophic disability shall not require a waiting period.

B. Except as provided in § 51.1-1171, short-term disability coverage shall provide income replacement for (i) 60 percent of a participating employee’s creditable compensation for the first 60 months of continuous service and (ii) thereafter, a percentage of a participating employee’s creditable compensation during the periods specified below, based on the number of months of continuous service, that an employee is disabled or on maternity leave:

C. Creditable compensation during periods an employee receives short-term disability benefits shall include salary increases awarded during the period covered by short-term disability benefits.

D. Short-term disability benefits shall be payable only during periods of (i) total disability, (ii) partial disability, or (iii) maternity leave.

A. A participating employee’s disability which is related or due to the same cause or causes as a prior disability for which short-term disability benefits were paid shall be deemed to be a continuation of the prior disability if the employee returns to his position on an active employment basis for less than 45 consecutive calendar days. If a participating employee, after receiving short-term disability benefits, immediately returns to work for less than 45 consecutive calendar days and cannot continue to work, the days worked shall be deemed to have interrupted the short-term disability benefits period, and such days worked shall not be counted for purposes of determining the maximum period for which the participating employee is eligible to receive short-term disability benefits. Days of work arranged pursuant to vocational, rehabilitation, or return-to-work programs shall not be counted in determining the duration of the period of the employee’s return to work.

B. If a participating employee returns to his position on an active employment basis for 45 consecutive calendar days or longer, any succeeding period of disability shall constitute a new period of short-term disability.

C. The period of 45 days referred to in subsections A and B shall be consecutive calendar days that the participating employee is (i) actively at work and (ii) fully released to return to work full time, full duty.

§ 51.1-1157. Long-term disability benefit.
A. Long-term disability benefits for participating employees shall commence upon the expiration of the maximum period for which the participating employee is eligible to receive short-term disability benefits under § 51.1-1155.

B. Except as provided in § 51.1-1171, long-term disability benefits shall provide income replacement in an amount equal to 60 percent of a participating employee’s creditable compensation.

C. Creditable compensation during periods an employee receives long-term disability benefits shall not include salary increases awarded during the period covered by long-term disability benefits.
D. Long-term disability benefits shall be payable only during periods of (i) total disability or (ii) partial disability.

E. Unless otherwise directed, to be eligible for benefits under this section, the employee must apply for Social Security disability benefits.

§ 51.1-1158. Successive periods of long-term disability.
A. A participating employee’s disability, which is related or due to the same cause or causes as a prior disability for which long-term disability benefits were paid, shall be deemed to be a continuation of the prior disability if the employee returns to a position on an active employment basis for less than 125 consecutive work days. Days of work arranged pursuant to vocational, rehabilitation, or return-to-work programs shall not be counted in determining the duration of the period of the employee’s return to work.

B. If a participating employee returns to a position on an active employment basis for 125 consecutive work days or longer, any succeeding period of disability shall constitute a new period of disability.

§ 51.1-1159. Adjustments to disability benefits.
A. Disability benefit payments shall be offset by an amount equal to any sums payable to a participating employee from the following sources:

1. During the first 12 months the employee receives disability benefits, an amount equal to the employee’s wages and salary from any employment multiplied by the creditable compensation replacement percentage;

2. After the first 12 months the employee receives disability benefits, an amount equal to 70 percent of the employee’s wages and salary from any employment;

3. Except as provided in subsection F, disability payments from the Social Security Administration, military disability benefits, local government disability benefits, federal civil service disability benefits or other similar governmental disability program benefits received by the employee or his family as a result of the qualifying disability;

4. Benefits received from any other group insurance contract provided to the participating employee by his employer for the purpose of providing income replacement; and

5. Benefits paid under any compulsory benefits law.

B. If the plan administrator deems a participating employee to be eligible for benefits from any of the sources listed in subdivisions A 3, A 4, and A 5, the plan administrator may direct the participating employee to apply for those benefits and to pursue whatever additional steps are necessary to obtain the benefits. If a participating employee fails or refuses to pursue the available benefits as directed by the plan administrator, disability benefit payments may be offset by amounts from any of the sources listed in subdivisions A 3, A 4, and A 5 for which a participating employee is deemed eligible by the plan administrator as if the employee received such amounts. However, if the employee has applied for such benefits, and has reapplied and appealed denials of the claim as requested by the administrator of the plan, and the claim is not approved, the employee’s disability payments shall not be reduced thereby.

C. If a participating employee’s disability benefit payments are reduced as the result of payments from sources listed in subdivisions A 3, A 4, and A 5 or pursuant to subsection B, the employee’s disability benefits shall not thereafter be further reduced on account of cost-of-living increases in payments from such sources.

D. Participating employees shall be required to repay, with interest, to the Board or their employer, any overpayments of disability benefits on account of the failure of the employee to provide the Board or its designee with information necessary to make any of the reductions required to be made under this article.

E. Any payment to a participating employee that is later determined by the Board or by the employer to have been procured on the basis of any false statement or falsification of any record knowingly made by or on behalf of the member, or the employee’s failure to make any required report of change in disability status, may be recovered from the employee by the Board, with interest, either by way of a credit against future payments due the employee, his survivor and beneficiaries or by an action at law against the employee.
F. Supplemental disability payments will not be offset for a participating employee if the employee is receiving a primary retirement benefit for service in the United States armed services, even if a percentage of that primary retirement benefit has been declared a disability payment. Any disability payment that is not a part of the primary retirement benefit will be offset.

§ 51.1-1160. Rehabilitation incentive.

Disability benefits payable to a participating employee who fails to cooperate with a rehabilitation program prescribed for the employee shall be decreased by 50 percent of the amounts otherwise payable to such employee.

§ 51.1-1161. Cessation of disability benefits.

Disability benefits shall cease to be paid to a participating employee upon the first to occur of the following:

1. The end of the period of disability coverage as provided in subsection D of § 51.1-1155 or subsection D of § 51.1-1157;
2. The date of death of the participating employee;
3. The date that the participating employee attains age 65; or
4. The date that the participating employee takes an initial distribution from the defined contribution retirement plan established pursuant to § 51.1-126.5:1.

Notwithstanding the foregoing, an employee who is approved for disability benefits (i) at age 60 through 64 shall be eligible for five years of disability benefits, (ii) at age 65 through 68 shall be eligible for disability benefits to age 70, and (iii) at age 69 or older shall be eligible for disability benefits for one year. The eligibility periods include short-term disability and long-term disability.

A. Payments of supplemental short-term disability benefits payable under this article shall be reduced by an amount equal to any benefits paid to the employee under the Act, or which the employee is entitled to receive under the Act, excluding any payments for medical, legal or rehabilitation expenses.

B. Supplemental short-term disability benefits for participating employees shall commence upon the expiration of a seven-calendar-day waiting period. The waiting period shall commence the first day of a disability. If an employee returns to work for one day or less during the seven calendar days following the commencement of a disability but cannot continue to work, the periods worked shall not be considered to have interrupted the seven-calendar-day waiting period. Additionally, the seven-calendar-day waiting period shall not be considered to be interrupted if the employee works 20 hours or less during the waiting period. Short-term disability benefits payable as the result of a catastrophic disability shall not require any waiting period.

C. Except as provided in subsection D and § 51.1-1171, supplemental short-term disability coverage shall provide income replacement for (i) 60 percent of a participating employee’s creditable compensation for the first 60 months of continuous service and (ii) thereafter, a percentage of a participating employee’s creditable compensation during the period specified below that an employee is disabled, based on the number of months of continuous service, as follows:

D. Notwithstanding the provisions of subsection C, a state police officer who is a participating employee and who incurs a work-related injury in the line of duty shall receive supplemental short-term disability coverage that provides income replacement for 100 percent of the officer’s creditable compensation for the first six months and, pursuant to a certification by the Superintendent of State Police, based on a medical evaluation, that the officer is likely to return to service within another six months, up to one calendar year, that the officer is disabled, without regard to the officer’s number of months of state service. Upon the expiration of the one-calendar-year period, such state police officers shall be eligible for supplemental long-term disability benefits as provided in § 51.1-1165.

E. Creditable compensation during periods an employee receives supplemental short-term disability benefits shall include salary increases awarded during the period of short-term disability coverage.

F. Supplemental short-term disability benefits shall be payable only during periods of total disability or partial disability.

A. A participating employee’s disability, which is related or due to the same cause or causes as a prior disability for which supplemental short-term disability benefits were paid, shall be deemed to be a continuation of the prior disability if the employee (i) is eligible for benefits payable under the Act, whether or not he is receiving such benefits, and (ii) returns to his position on an active employment basis for less than 45 consecutive calendar days. If a participating employee, after receiving short-term disability benefits, immediately returns to work for less than 45 consecutive calendar days and cannot continue to work, the days worked shall be deemed to have interrupted the short-term disability benefits period, and such days worked shall not be counted for purposes of determining the maximum period for which the participating employee is eligible to receive short-term disability benefits. Days of work arranged pursuant to vocational, rehabilitation, or return-to-work programs shall not be counted in determining the duration of the period of the employee’s return to work.

B. If a participating employee returns to his position on an active employment basis for 45 consecutive calendar days or longer, any succeeding period of disability shall constitute a new period of short-term disability.

C. The period of 45 days referred to in subsections A and B shall be consecutive calendar days that the participating employee is (i) actively at work and (ii) fully released to return to work full time, full duty.

§ 51.1-1165. Supplemental long-term disability benefit.
A. Supplemental long-term disability benefits for participating employees shall commence upon the expiration of the maximum period for which the participating employee is eligible to receive short-term disability benefits under § 51.1-1163.

B. Except as provided in § 51.1-1171, supplemental long-term disability benefits shall provide income replacement in an amount equal to 60 percent of a participating employee’s creditable compensation.

C. Creditable compensation during periods an employee receives supplemental long-term disability benefits shall not include salary increases awarded during the period covered by long-term disability benefits.

D. Payments of supplemental long-term disability benefits payable under this article shall be reduced by an amount equal to any benefits paid to the employee under the Act, for which the employee is entitled to receive under the Act, excluding any benefit for medical, legal or rehabilitation expenses.

E. Supplemental long-term disability benefits shall be payable only during periods of total disability or partial disability.

F. Unless otherwise directed, to be eligible for benefits under this section, the employee must apply for Social Security disability benefits.

A. A participating employee’s disability, which is related or due to the same cause or causes as a prior disability for which supplemental long-term disability benefits were paid, shall be deemed to be a continuation of the prior disability if the employee is eligible for benefits payable under the Act, whether or not he is receiving such benefits, and returns to a position on an active employment basis for less than
125 consecutive work days. Days of work arranged pursuant to vocational, rehabilitation, or return-to-work programs shall not be counted in determining the duration of the period of the employee’s return to work.

B. If a participating employee returns to a position on an active employment basis for 125 consecutive work days or longer, any succeeding period of disability shall constitute a new period of disability.

A. In addition to offsets equal to the amount of any benefits paid to a participating employee under the Act, supplemental disability benefit payments shall be offset by an amount equal to any sums payable to a participating employee from the following sources:

1. During the first 12 months the employee receives disability benefits, an amount equal to the employee’s wages and salary from any employment multiplied by the income replacement percentage payable;
2. After the first 12 months the employee receives disability benefits, an amount equal to 70 percent of the employee’s wages and salary from any employment;
3. Except as provided in subsection G, disability payments from the Social Security Administration, military disability benefits, local government disability benefits, federal civil service disability benefits or other similar governmental disability program benefits received by the employee or his family as a result of the qualifying disability;
4. Benefits received from any other group insurance contract provided to the participating employee by his employer for the purpose of income replacement;
5. Benefits paid under any compulsory benefits law; and
6. If the participating employee receives a settlement in lieu of periodic payments for a disability compensable under the Act, an amount determined by dividing the workers’ compensation benefit, which such employee would have received had the lump-sum settlement not been consummated into the settlement actually accepted by the employee.

B. If the plan administrator deems a participating employee to be eligible for benefits from any of the sources listed in subdivisions A 3, A 4, and A 5, the plan administrator may direct the participating employee to apply for those benefits and to pursue whatever additional steps are necessary to obtain the benefits. If a participating employee fails or refuses to pursue the available benefits as directed by the plan administrator, supplemental disability benefit payments may be reduced by amounts from any of the sources listed in subdivisions A 3, A 4, and A 5 for which a participating employee is deemed eligible by the plan administrator as if the employee received such amounts. However, if the employee has applied for such benefits, and has reapplied and appealed denials of the claim as requested by the administrator of the plan, and the claim is not approved, the employee’s supplemental disability payments shall not be reduced thereby.

C. If a participating employee’s disability benefit payments are reduced as the result of payments from sources listed in subdivisions A 3, A 4, and A 5 or pursuant to subsection B, the employee’s disability benefits shall not thereafter be further reduced on account of cost-of-living increases in payments from such sources.

D. Participating employees shall be required to repay, with interest, to the Board or the employer any overpayments of supplemental disability benefits on account of the failure of the employee to provide the Board or its designee with information necessary to make any of the reductions required to be made under this article.

E. Any payment to a participating employee that is later determined by the Board or by the employer to have been procured on the basis of any false statement or falsification of any record knowingly made by or on behalf of the employee, or the employee’s failure to make any required report of change in disability status, may be recovered from the employee by the Board, with interest, either by way of a credit against future payments due the employee or by an action at law against the employee.

F. If a participating employee’s payments under the Act are adjusted or terminated for refusal to work or to comply with the requirements of § 65.2-603, his disability benefits shall be computed as if he were receiving the compensation to which he would otherwise be entitled under the Act.
G. Supplemental disability payments will not be offset for a participating employee if the employee is receiving a primary retirement benefit for service in the United States armed services, even if a percentage of that primary retirement benefit has been declared a disability payment. Any disability payment that is not a part of the primary retirement benefit will be offset.

§ 51.1-1168. Rehabilitation incentive.

Supplemental disability benefits payable to a participating employee who fails to cooperate with a rehabilitation program prescribed for the employee shall be decreased by 50 percent of the amounts otherwise payable to such employee. In determining the amount of any reduction in benefits under this section, the participating employee shall be presumed to continue to receive benefits payable under the Act. Failure to comply with a vocational rehabilitation assessment process at any time the employee is receiving supplemental disability benefits may constitute a failure to cooperate for purposes of this section.

§ 51.1-1169. Cessation of supplemental disability benefits.

Supplemental disability benefits shall cease to be paid to a participating employee upon the first to occur of the following:
1. The end of the period of supplemental disability coverage as provided in subsection F of § 51.1-1163 or subsection E of § 51.1-1165;
2. The date of death of the participating employee;

The eligibility periods include supplemental short-term disability and supplemental long-term disability.

The Board shall develop guidelines and procedures for the coordination of benefits and case management for participating employees entitled to benefits under the Act and supplemental disability benefits under this article. Such guidelines shall also address disability benefits for participating employees whose disability results from multiple injuries or illnesses, one or more of which is a work-related injury.

Article 4.

Administrative Provisions.

§ 51.1-1171. Supplemental benefits for catastrophic disability.

Disability benefits shall be increased to 80 percent of creditable compensation for any disabled participating employee who (i) is unable to perform at least two of the six activities of daily living due to a loss of functional capacity or (ii) requires substantial supervision to protect the employee from threats to health and safety as a result of severe cognitive impairment. B. In lieu of the mandatory employer and employee contributions pursuant to subdivisions B 1 and C 1 of § 51.1-126.5:1, a 10 percent contribution to the defined contribution retirement program shall be paid, on behalf of participating employees during periods of such employees’ absence covered by long-term disability benefits, by the Defined Contribution Retirement Program Disability Insurance Trust Fund.
established under § 51.1-1183. However, the calculation of such contribution shall be based on the participating employee’s creditable compensation multiplied by the income replacement percentage for which the participating employee is otherwise eligible under this program.

A. Participating employees enrolled in a health insurance plan established pursuant to § 2.2-2818 shall continue to be covered during periods of short-term disability and shall have the option of continuing to be covered by such plan during periods of absence covered by long-term disability benefits.
B. The Commonwealth shall pay the employer’s share of the cost of health insurance coverage under such plan for participating employees and for the families or dependents of such employees during periods the employee is receiving short-term disability benefits to the same extent as for other state employees covered by such plan.
C. Participating employees enrolled in such plan established pursuant to § 2.2-2818 shall have the option of continuing to be covered under such plan, and shall pay the full cost for coverage under such plan for themselves and for their families and dependents during periods the employee is receiving long-term disability benefits. However, for an employee as defined in § 51.1-201 who is receiving supplemental long-term disability benefits pursuant to Article 3 (§ 51.1-1162 et seq.), the Commonwealth shall continue to pay the employer’s share of the cost of health insurance coverage under such plan for the participating employee and for his family and dependents until such time as the employee is approved for continued health insurance coverage as provided under Chapter 4 (§ 9.1-400 et seq.) of Title 9.1.

§ 51.1-1174. Life and accident insurance coverage during disability absences.
A. Participating employees participating in a group life and accident insurance program established pursuant to Chapter 5 (§ 51.1-500 et seq.) shall continue to participate in such program during periods of absence covered by short-term and long-term disability benefits.

C. During periods of absence covered by long-term disability benefits, the amount of the life insurance benefit shall be based on the annual salary of the participating employee at the commencement of the disability. Such amount shall not include salary increases awarded during the period covered by long-term disability benefits.

§ 51.1-1175. Optional insurance during disability absences.
Participating employees may continue coverage under the optional insurance for themselves and their spouses and minor dependents pursuant to §§ 51.1-512 and 51.1-513 at their own expense during periods of disability.

§ 51.1-1176. Exclusions and limitations.
A. Disability benefits shall not be payable to any participating employee (i) whose disability results from the employee’s commission of a felony or (ii) during any period when the employee is incarcerated.
B. Long-term disability benefits shall not be payable to any participating employee whose disability results from the abuse of alcohol, the misuse of any prescribed medication, or the misuse of any controlled substance, unless the employee is actively receiving treatment and, in the judgment of the case manager, is fully complying with the treatment plan and is making substantial progress toward rehabilitation.
C. Disability benefits shall not be payable if the participating employee is determined by the Board or its designee to be noncompliant with the program.

§ 51.1-1177. Appeals.
The Board may elect to develop an alternative to the process set forth in the Administrative Process Act (§ 2.2-4000 et seq.) to allow appeals of case decisions related to the payment of disability benefits under this chapter. This alternative process shall be modeled after the claims provisions as provided for in the federal Employee Retirement Income Security Act of 1974, as amended, and shall (i) provide for adequate notice in writing to any participant whose claim for benefits has been denied setting forth the specific reasons for such denial and (ii) afford a reasonable opportunity to any participant whose claim
for benefits has been denied for a review of the decision denying the claim. Articles 3 (\$ 2.2-4018 et seq.) and 4 (\$ 2.2-4024 et seq.) of the Administrative Process Act shall not apply to any portion of this alternative appeals process.

However, any person aggrieved by, and claiming the unlawfulness of, a final case decision issued pursuant to this alternative appeals process, whether issued by the Board or by the Board’s delegate, shall have a right to seek judicial review thereof. Such judicial review shall be in accordance with Article 5 (\$ 2.2-4025 et seq.) of the Administrative Process Act.

B. The Board is authorized to develop, implement, and administer a long-term care insurance program for participating employees. The Board may contract for and purchase such long-term care insurance or may self-insure long-term care benefits or may use such other actuarially sound funding necessary to effectuate such long-term care insurance and benefits.
C. Employers of participating employees shall pay to the Board contribution amounts, to be determined by the Board, to provide the Board with such funds as shall be required from time to time to (i) obtain and maintain long-term care insurance and benefits for participating employees and (ii) administer the long-term care insurance program, including providing case management and cost containment programs. Contributions shall be deposited in the Defined Contribution Retirement Program Disability Insurance Trust Fund established under \$ 51.1-1183.

For an insurance product, the accounting shall include (i) the amounts of premiums actually accrued under the policy during the policy year, (ii) the total amount of all claim charges incurred during the policy year, and (iii) the amount of fees accrued under the policy during the year plus the total amount of all claim charges incurred during the policy year. For a self-insured product, the accounting shall include the total amount of all claim charges incurred during the product year, the total amount of third party administrator expenses, and the total amount of other charges for administrative services.
B. A. The Commonwealth shall provide a credit toward the cost of health insurance coverage for any former state employee, as defined in § 2.2-2818, who retired under the Virginia Retirement System, State Police Officers’ Retirement System, Judicial Retirement System, Virginia Law Officers’ Retirement System, or any retirement system authorized pursuant to § 51.1-126, 51.1-126.1, 51.1-126.3, 51.1-126.4, 51.1-126.5, 51.1-126.5:1, or 51.1-126.7 and who (i) rendered at least 15 years of total creditable service under the Retirement System or (ii) rendered service as a temporary employee of the General Assembly in 1972 and became a member of the retirement system from 1972 to 1985 immediately following such temporary service. The amount of each monthly health insurance credit payable under this section shall be $4 per year of creditable service, which amount shall be credited monthly to any retired state employee participating in the state retiree health benefits program pursuant to § 51.1-1405 or an alternative personal health insurance plan as provided herein. However, such credit shall not exceed the health insurance premium for retiree-only coverage as provided under such alternative personal health insurance plan. Any (i) employee participant pursuant to § 51.1-126, 51.1-126.1, 51.1-126.3, 51.1-126.4, 51.1-126.5, 51.1-126.5:1, or 51.1-126.7 receiving long-term disability, or (ii) retired state employee retired under the provisions of § 51.1-156 or 51.1-307, or (iii) any participating employee receiving long-term disability pursuant to § 51.1-1112 or 51.1-1123 shall receive a maximum monthly credit which is the greater of (i) $120, (ii) $4 per year for each year of creditable service at the time of disability retirement, or (iii) $4 per year for each year of creditable service at the time of eligibility for long-term disability. Any person included in the membership of a retirement system provided by Chapter 1 (§ 51.1-124.1 et seq.), 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.) of this title who elects to defer his retirement pursuant to subsection C of § 51.1-153, subsection C of § 51.1-205 or subsection C of § 51.1-305 shall be entitled to receive the allowable credit provided by this section on the effective date of his retirement.
B. For those retired state employees:

1. Participating in the state retiree health benefits program, such credit shall be applied to the monthly premium deducted from benefits payable to retired state employees in accordance with Chapters 1 (§ 51.1-124.1 et seq.), 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), and 3 (§ 51.1-300 et seq.) of this title. In the event that either no benefit is payable or the benefit payable is insufficient to deduct the entire health care premium, the payment of the credit shall be determined in the manner prescribed by the Virginia Retirement System. Eligibility for the credit shall be determined in a manner prescribed by the Virginia Retirement System.

2. Not electing or eligible to participate in the state retiree health benefits program and who purchase an alternative personal health insurance policy from a carrier or organization of his own choosing, such retirees shall be eligible to receive a credit in the amount specified in subsection A. Eligibility for the credit and payment for the credit shall be determined in a manner prescribed by the Virginia Retirement System.

The Commonwealth shall be charged with the credit as provided for in subsection D. In such case, the health insurance credit shall be determined based upon the amount of state service or service as a teacher, whichever is greater.

D. The Virginia Retirement System shall actuarially determine the amount necessary to fund all credits provided by this section to reflect the cost of such credits in the employer contribution rate pursuant to § 51.1-145, and prescribe such terms and conditions as are necessary to carry out the provisions of this section. The costs associated with the administration of the health insurance credit program provided for in this section shall be recovered from the health insurance credit trust fund.

E. Notwithstanding anything contained in this section to the contrary, the Virginia Commonwealth University Health System Authority shall pay the cost of coverage for employees of such Authority who (i) retired under the Virginia Retirement System or any retirement system authorized pursuant to § 23-50.16:24.1, 51.1-126, 51.1-126.1, or former § 51.1-126.2; (ii) were employed by such Authority prior to July 1, 1998, and were not subsequently rehired by such Authority on or after July 1, 1998; and (iii) served no less than 15 years of creditable service as regularly employed full-time employees of such Authority or the Commonwealth.
