Explanation:

(This amendment provides \$1.3 million GF the second year to expand vocational rehabilitation services to Virginians with disabilities currently in order of selection. Under order of selection, individuals are served based on the severity of their disability and are put on waiting lists if funding is insufficient to serve all individuals. There are currently 2,280 individuals with disabilities on waiting lists for employment services; this amendment provides funding to address one-third of

the waiting list.)

(This amendment transfers \$3.4 million to the general fund from an additional settlement payment to the Virginia Tobacco Settlement Fund consistent with the tentative agreement with tobacco manufacturers in FY 2013. The additional payment to the Commonwealth is estimated at \$52.2 million. Under current law, \$4.4 million would be allocated to the VTSF, equivalent to 8.5 percent of the MSA settlement payment, and used by the Virginia Foundation for Healthy Youth. This amendment provides \$979,518 of the \$4.4 million amount to the VTSF, and diverts the balance of \$3.4 million to the general fund. Rabbi Mordechai Newman, Chabad Lubavitch of Alexandria-Arlington, Alexandria, Virginia, offered the following prayer:

Almighty God, we stand before You in prayer.

Look favorably upon the Governor and Senators of the great Commonwealth of Virginia.

We beseech You, almighty and merciful God, to extend Your grace to each and every member of this august body, and bless them with good health, wisdom, compassion, and prosperity.

Bless these distinguished individuals who have been chosen to make laws and decisions for the citizens of our Commonwealth.

Grant these public servants wisdom and understanding in their noble pursuit of justice and equality.

Give them guidance so that they will always be conscious of Your presence, and will strive to enact laws with honesty and integrity—in accordance with Your will.

May they have wisdom to turn adversity into opportunity, and to transform the hard challenges we face today into the seeds from which will sprout the growth of tomorrow.

May our Commonwealth serve as a beacon of light for people of all faiths and walks of life. May the Commonwealth of Virginia help achieve the goal so powerfully stated in our pledge of allegiance, so that America is truly “one nation, under God, indivisible with liberty and justice for all.”

FRIDAY, FEBRUARY 15, 2013

The Senate met at 10:30 a.m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Dr. Calvin A. Durham, New Hope Church of God in Christ, Norfolk, Virginia, offered the following prayer:

Creator, we celebrate Your presence and the gifts in our being. Thank You for this Nation and State. Thank You for giving us wisdom to achieve progress on this 38th day of the Virginia General Assembly. First Father, we stand to celebrate the memory of one of our heroic warriors who served this chamber in the person of our beloved Senator Yvonne B. Miller. Thank You for her life's work, time, and devotion to this institution.

Now today, a week after legislative crossover, we humbly ask for special favor for legislative clarity. And we seek divine insight to help this Senate to review each of the 1,025 bills submitted.

Also, Jehovah, let community economic improvement be the commitment of these Senators. As our forefather penned in the U.S. Constitution, "... in order to form a more perfect union." Let our U.S. Constitution guide this chamber to select judicial leaders, approve budgets, immigration rulings, voting rights, women rights, and reproductive rights.

Therefore, Our Father, because we share this love for our Creator and Virginia, we confront and put aside our personal presuppositions so that we may strengthen our fight for cultural diversity and truth. For then, Lord God, will You fight for us and with us forever.

Lastly, our Father, we are grateful for all of our military troops; all of the men and women who have shielded us, they need our financial and emotional support. And we pray that You will help us continue to encourage their families with comfort and compassion. These things we pray in faith, and with thanksgiving in the liberating Name of our God. Amen.

The roll was called and the following Senators answered to their names:

Alexander, Barker, Black, Blevins, Carrico, Colgan, Deeds, Ebbin, Edwards, Favola, Garrett, Hanger, Herring, Howell, Locke, Lucas, Marsden, Marsh, Martin, McDougle, McWaters, Miller, Newman, Norment, Northam, Obenshain, Petersen, Puckett, Puller, Reeves, Ruff, Saslaw, Smith, Stanley, Stosch, Stuart, Vogel, Wagner, Watkins.

Almighty God, we give You thanks for all of the blessings You have poured out upon all of us this past year, and though it has been a difficult time for many of our citizens, we ask and believe that You will bless our country and the Commonwealth of Virginia in 2013.

We thank You that we live in a country and a state where our leaders are elected by a majority of the people rather than selectively chosen by only a few.

We thank You for our elected leaders, and we ask that You give them the wisdom to enact legislation that will enable our citizens to enjoy life, liberty, and the pursuit of happiness.

Please bless this delegation and help everyone here to aspire to the highest ideals of their own personal faith as well as to the high ideals of the Commonwealth of Virginia.

Let there be a spirit of mutual cooperation in this chamber that crosses every boundary so that the will of the people will be carried out for the mutual benefit of all of our citizens.

WEDNESDAY, FEBRUARY 20, 2013

The Senate met at 11:00 a.m. and was called to order by Lieutenant Governor William T. Bolling.

Satish Korpe (Narrator) and Ajit Lall (Translator), Indian American Forum of Virginia, Alexandria, Virginia, offered the following prayer:

Om is the giver of life, the dispeller of miseries and bestower of happiness. We should meditate upon Him, the Creator of the universe, the most acceptable and the most knowledgeable God. May He inspire us and guide our intellects to do good.

May the brighter regions, the midway regions between the earth and sun, the waters, herbs, vegetation, the learned sages and educators, meditation, and study for acquisition of knowledge—in brief, the entire universe, be free from harm and conducive to peace and happiness for us. May this peace bring in its train higher peace (emancipation) which may pervade the whole universe. May such peace be my lot also.

May one and all be happy and in comfort!

May one and all be happy and in good health!

May one and all do well and be happy!

May one and all be blissfully free from anxiety, want and suffering!

O Supreme Spirit!

Lead us from untruth to truth

Lead us from darkness to light

Lead us from death to immortality!

O God, let us all unite and protect ourselves. Let us render service to others and let our studies be beneficial and effective. Let there be no hatred among us.

H.J.R. 909 (nine hundred nine).

William T. Bolling
President of the Senate

Susan Clarke Schaar
Clerk of the Senate

THURSDAY, FEBRUARY 21, 2013

The Senate met at 11:00 a.m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Tom Waltz, Saint James Presbyterian Church, King William, Virginia, offered the following prayer:

I would like to begin with a 21st Century translation of a famous quote by John Donne, who was an English clergyman who lived at the time of the first settlement in Virginia at Jamestown in 1607.

No one is an island. Everyone is connected to the continent. Anyone's death diminishes me, because I am involved with humanity. So do not ask for whom the bell tolls; it tolls for you.

Let us pray: All powerful God, Creator of the universe, we come to You with thankful minds. We are thankful to live in America where representative democracy is real, and where we have freedom of speech and freedom of ideas. We thank You that some have been called here today to be Virginia's leaders. This is both an opportunity and a responsibility. We pray for Your wisdom for these women and men, that they will know what is good for all Virginians. Give them a vision of the best possibilities. We pray that all here will have ears to hear each other and respect for ideas that differ from their own. May they remember today that no one is an island; that all are connected in the mission to be a just governing body. Amen.

The roll was called and the following Senators answered to their names:

Alexander, Barker, Black, Blevins, Carrico, Colgan, Deeds, Ebbin, Edwards, Favola, Garrett, Hanger, Herring, Locke, Lucas, Marsden, Marsh, Martin, McDougale, McEachin, McWaters, Miller, Newman, Norment, Northam, Obenshain, Petersen, Puckett, Puller, Reeves, Ruff, Smith, Stanley, Stosch, Stuart, Vogel, Wagner, Watkins.

A quorum was present.

After the roll call, Senators Howell and Saslaw notified the Clerk of their presence.

On motion of Senator McDougale, the reading of the Journal was waived.

The recorded vote is as follows:

FRIDAY, FEBRUARY 22, 2013

The Senate met at 11:00 a.m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Dr. Donald D. Binder, Pohick Episcopal Church, Lorton, Virginia, offered the following prayer:

Heavenly Father, we bow our heads at the start of this morning hour to give thanks for the many blessings You have bestowed upon our nation and our Commonwealth, and especially to remember before You with great gladness the birthday of the Father of our Country, Your servant, George Washington.

We thank You, Heavenly Father, for sustaining him during times of great trial, when he sought to defend the cause of liberty and justice for Your people; and for granting him wisdom and perseverance as he joined with other leaders to forge a new nation established on the belief in certain unalienable Rights bestowed upon us by You, our Creator.

Bestow these same graces upon our Governor, Lt. Governor, and the Senators and Delegates of this General Assembly, that as they pursue the People's Business, they may be inspired by our Founding Father's example and moved to great and noble deeds in their stewardship of our Commonwealth.

And may we all find the grace to heed Your immortal call to do justice, love mercy, and walk humbly with our God—and so foster for our generation the blessings of liberty and peace. Amen.

SATURDAY, FEBRUARY 23, 2013

The Senate met at 10:00 a.m. and was called to order by Lieutenant Governor William T. Bolling.

Chief Stephen R. Adkins, Chickahominy Tribe, Charles City, Virginia, offered the following prayer:

“Muhshevanutew, cesk reahkewak wohshawa womananut.”

“Great Spirit, the loving Father of all nations.”

We come today seeking Your grace and Your mercy as the Senate of the Commonwealth of Virginia convenes its closing session for 2013. We ask for an outpouring of wisdom, compassion and understanding upon the hearts and minds of the legislators assembled here today. We ask that You cause the Senate to pause and prayerfully consider the duties to which they have been called, both by the electorate and You. We ask that You give this body the courage to lead and the humility to serve. As this body meets both in committee and collectively let their actions to enhance the journey toward a more perfect union transcend the borders of this Commonwealth and move this nation to a full commitment to actualize the declaration that we hold these truths to be self-evident that all men are created equal and that among their God-given rights are life, liberty and the pursuit of happiness. Give this Senate the will and courage to model the kind of behavior You espouse and to enact the kinds of laws that will provide a level playing field for those seeking to actualize their dreams in both the public and private sector. In so doing Father we pray that the example created here will be so profound that all of America will hold hands and strive to become a beacon of light and hope to a world that is fraught with hunger, violence, warfare and strife. And now, Dear God, we ask You to guide and protect this body, bless the Armed Forces and all others who put themselves in harm's way each day defending the United States of America and this Commonwealth. Finally we ask Your continued blessings upon the Commonwealth of Virginia as we move forward.

In the Holy name of God we pray. “Nah Rec” Amen.

Explanation:

(This amendment reduces the annual grant from the Virginia State Bar to the Virginia Capital Representation Resource Center by 25 percent or \$117,500 from the general fund the second year. The General Assembly has provided funding for this organization since fiscal year 1995 and the current grant of \$470,000 per year has remained unchanged since fiscal year 1998. This reduction in funding is based on the declining number of capital cases and reduced workload in this area.)

Such

certification shall include specific funding amounts paid by the federal government, localities, and/or regional jail authorities, and the Commonwealth for the construction of bed space specifically built for the housing of federal inmates and for the construction of the jail facility in its entirety. The defined number of federal prisoners to be exempted from the recovery provided in paragraph H.1. shall be based upon the proportion of funding paid by the federal government and localities and/or regional jail authorities for the construction of bed space to house federal prisoners to the total funding paid by all sources, including the Commonwealth, for all construction costs for the jail facility in its entirety."

Explanation:

(This amendment provides \$766,460 from the general fund the second year to correct an anomaly in the Compensation Board's federal overhead recovery policy as it applies to the Western Tidewater and Piedmont Regional Jails. The amendment includes language related to the recovery of Commonwealth-funded overhead costs from jails housing federal inmates in local and regional jail facilities. The proposed new language provides a partial exemption from the recovery for local and regional jails where federal funds contributed to the construction of bed space specifically for the housing of federal inmates, and where the Compensation Board provides no staffing for the space but presently recovers overhead costs for the housing of federal inmates in the federal bed space. This language would currently apply only to the Western Tidewater and Piedmont Regional Jails.)

However, no such exemption shall apply to any federal inmate while they are housed in the regional jail facility."

Explanation:

(This amendment provides Riverside Regional Jail an exemption from the Compensation Board's federal inmate cost recovery methodology for those federal inmates assigned by the federal Bureau of Prisons to a home electronic monitoring program. While Riverside Regional Jail receives a per diem for monitoring these federal inmates to ensure they are complying with the Bureau of Prisons' conditions, these federal inmates have never been housed within Riverside Regional Jail. In addition, the Bureau of Prisons has required Riverside Regional Jail to purchase the actual monitoring devices worn by the federal inmates. 2) The Board of Education shall authorize amounts estimated at \$1,300,000 the second year from the Literary Fund to provide debt service payments for the security equipment grant program conducted through the Virginia Public School Authority in fiscal year 2013.

3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. 5) The Chairman of the Board of Commissioners of the Virginia Public School Authority shall, on or before November 1 of each year, deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service

during each fiscal year of the biennium on bonds and notes issued and projected to be issued during such biennium. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

6) Grant award funds from the issuance of up to \$6,000,000 in fiscal year 2013 and \$6,000,000 in fiscal year 2014 in equipment notes shall be distributed to eligible school divisions. The grant awards will be based on a competitive grant basis of up to \$100,000 per school division. School divisions will be permitted to apply annually for grant funding. For purposes of this program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2012, for the fiscal year 2013 issuance, and September 30, 2013, for the fiscal year 2014 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, and the Virginia School for the Deaf and the Blind.

7) School divisions would submit their application to Department of Education by August 1 of each year based on the criteria developed by the Department of Education in collaboration with the Department of Criminal Justice Services who will provide requested technical support. Furthermore, the Department of Education will have the authority to make such grant awards to such school divisions.

8) It is also the intent of the General Assembly that the total amount of the grant awards shall not exceed \$30,000,000 over any ongoing revolving five year period.

9) Required local match:

a) Localities are required to provide a match for these funds equal to 25 percent of the grant amount. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2012.

a.1) The appropriation in this item includes \$70,169,003 the second year from the general fund for the state share of a payment equivalent to a 2.0 percent salary incentive increase, effective August 1, 2013, for funded SOQ instructional and support positions. Funded SOQ instructional positions shall include the teacher, guidance counselor, librarian, instructional aide, principal, and assistant principal positions funded through the SOQ staffing standards for each school division in the biennium.

2) It is the intent of the General Assembly that the instructional and support position salaries be improved in school divisions throughout the state by at least 2.0 percent in the second year. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of a 2.0 percent salary increase for funded SOQ instructional and support positions, effective August 1, 2013, to school divisions which certify to the Department of Education, by June 15, 2013, that salary increases of a minimum of 2.0 percent have been provided in the second year by January 1, 2014, to instructional and support personnel. In certifying that the salary increases

have been provided, school divisions may not include any salary increases that were provided in the second year solely to offset the cost of required member contributions to the Virginia Retirement System under § 51.1-144, Code of Virginia.

3) It is the intent of the General Assembly that all school divisions annually provide their employees, upon request, with a user-friendly statement of total compensation, including contract duration if less than 12 months.

b. The state funds for which the division is eligible to receive shall be matched by the local government, based on the composite index of local ability-to-pay, which shall be calculated using an effective date of January 1, 2014, as the basis for the local match requirement for both funded SOQ instructional and support positions.

c. This funding is not intended as a mandate to increase salaries.

d. This appropriation is contingent on passage of House Bill 2151/ Senate Bill 1223, which passed the 2013 Session of the General Assembly."

Explanation:

(This amendment adds a net of \$11.6 million in funding for instructional and support positions to the \$58.5 million for a 2.0 percent salary increase for teachers only that was included in the budget as introduced. Although state funding is calculated based on 2.0 percent with an effective date of August 1, 2013, the local required match is based 2.0 percent with an effective date of no later than January 1, 2014, and divisions must certify that a minimum 2.0 percent increase will be provided to employees by this date. The amendment specifies that in meeting the salary increases to be eligible for this incentive funding, school divisions may not include any increases that were provided in fiscal year 2014 to offset the cost of required member contributions to the VRS. The amendment also indicates the intent of the General Assembly that school divisions annually provide their employees with a statement of total compensation.)

E. It is the intent of the General Assembly that noncredit business and industry work-related training courses and programs offered by community colleges be funded at a ratio of 30 percent from the general fund and 70 percent from nongeneral funds. Out of this appropriation, \$664,647 in the first year and \$664,647 in the second year from the general fund is designated for this purpose. These funds may be combined with funds of \$249,243 the first year and \$249,243 the second year already included in the Virginia Community College System budget for the "Virginia Works" program. The funds will be allocated by formula to all colleges based on the number of individuals served by non-credit activities.

F.1. As recommended by House Joint Resolution No. 622 (1997), the Joint Subcommittee to Study Noncredit Education for Workforce Training in the Commonwealth, the Virginia Community College System is directed to establish one or more Institutes of Excellence responsible for development of statewide training programs to meet current, high demand workforce needs of the Commonwealth. Out of this appropriation, at least \$664,647 the first year and \$664,647 the second year from the general fund is available to support the Institutes of Excellence.

2. Under the guidance of the Virginia Workforce Council, authorized in Title 2.2, Chapter 26, Article 25, Code of Virginia, the Virginia Community College System shall submit to the Chairmen of the Senate Finance and House Appropriations Committees by November 4 of each year a report detailing the financing, activities, accomplishments and plans for the Institutes of Excellence and the four workforce development centers, and outcomes of the appropriations for 23 workforce coordinators and for non-credit training. The report shall include, but not be limited to:

- a. performance measures to be used to evaluate the effectiveness of the workforce coordinators at all 23 colleges;
- b. detailed information on number of students trained, employers served and courses offered; the types of certifications awarded; and the participation by local governments and the public or private sector, and other data relevant to the activities of the four regional workforce development centers;
- c. the number of students trained, employers served and courses offered through noncredit instruction, and the amounts of local government, public or private sector funding used to match this appropriation; and

d. the amount or percentage of private and public funding contributed for the institutes' programming and operating needs; the number of private and public partnerships involved in the institutes' programming; the number of faculty and colleges affected by the institutes' programming; and performance measures to be used to evaluate the sharing or broadcasting of information and new/improved/updated curricula to other Virginia Community College campuses.

G. Out of this appropriation, \$1,196,820 and 23 positions the first year and \$1,196,820 and 23 positions the second year from the general fund is provided for staff who will be responsible for coordinating workforce training in the campus service area. The staff will work with local business and industry to determine training needs, coordinate with local economic development personnel, the local workforce training council, and other providers. It is the General Assembly's intent that the Virginia Community College System maximize these positions by encouraging funding matches at the local level.

H. Out of this appropriation, \$470,880 and four positions the first year and \$470,880 and four positions the second year from the general fund is provided for four workforce training centers: the Peninsula Workforce Development Center (Thomas Nelson Community College), \$78,480 and one position the first year and \$78,480 and one position the second year; the Regional Center for Applied Technology Training (Danville Community College), \$156,960 and one position the first year and \$156,960 and one position the second year; a Workforce Development Center at Paul D. Each center shall provide a 25 percent match prior to the release of state funding.

I. Out of this appropriation, \$78,480 from the general fund and \$100,000 from nongeneral funds the first year and \$78,480 from the general fund and \$100,000 from nongeneral funds the second year is provided for the Heavy Equipment Operator program at Southside Virginia Community College.

Explanation:

(This amendment revises the language included in the introduced bill requiring the agency to pay the local share of the one-time bonus for state employees. The amended language clarifies that the department is required to pay only the local and state share of the bonus for health department employees. The introduced budget provided \$350,000 from the general fund in fiscal year 2013 as support for the local share of the state employee three percent bonus paid provided on December 1, 2012. The total local share for the bonus amounts to \$838,571. The majority of local health department employees are state employees. However, local governments share in the cost of local health department operations including salaries through the cooperative health services funding formula. This additional state funding is provided on a one-time basis, in recognition of the inability of localities to budget for the bonus, which was contingent on general fund revenue collections for fiscal year 2012 in excess of the official fiscal year 2012 revenue estimate and discretionary unspent general fund appropriations recommended by the Governor for reversion at the end of fiscal year 2012.)

"3. The State Health Commissioner shall work with the poison control centers to ensure continued statewide coverage of poison control services through the existing centers."

Explanation:

(This amendment adds \$1.0 million the second year from the general fund to restore funding to operate the current three poison control centers serving Virginia. Chapter 3, 2012, Special Session 1, Virginia Acts of Assembly provides \$500,000 from the general fund in the first year only for the operation of two poison control centers instead of three. This additional funding will ensure continued support for statewide operation of poison control services for the Commonwealth. Language is added requiring the State Health Commissioner to ensure statewide coverage of poison control services through existing centers.)

Explanation:

(This amendment provides \$3.7 million from the general fund and \$3.7 million in federal Medicaid matching funds the second year for a congregate care rate increase authorized in the introduced budget. Language is modified to ensure the rate increase is used to meet the complex medical or behavioral needs of individuals currently residing in an institution and unable to transition to the community due to the need for services that cannot be provided within the maximum allowable rate, or individuals whose exceptional needs present imminent risk of institutionalization and for whom enhanced waiver services are needed beyond that provided through the existing maximum rates. Language eliminates the proposed sunset for the rate increase. Explanation:

(This amendment provides \$754,854 from the general fund and \$754,854 in matching federal funds in the second year to increase Medicaid reimbursement for private duty nursing services under the Technology Assisted (TECH) waiver by 5 percent. The TECH Waiver provides a community-based alternative to placement in an acute care hospital, long stay hospital or specialized care nursing facility. The department shall have the authority to implement this reimbursement change effective July 1, 2013, and prior to the completion of any regulatory process undertaken in order to effect such change."

Explanation:

(This amendment provides \$667,902 from the general fund and \$667,902 from matching federal Medicaid funds to provide a \$10.00 per unit increase in the Medicaid waiver reimbursement rate for adult day health services. Adult day health care is a less expensive alternative to placement in a nursing facility for which these clients qualify. Providers of adult day health care report a gap of \$18.13 per client per day between actual costs and Medicaid reimbursement, which must be made up through contributions from individuals, churches, corporations, and foundations. This amendment will increase the statewide rate paid for Medicaid adult day health care services from \$50.10/unit to about \$60.10/unit in Northern Virginia and from \$45.65/unit to about \$55.65/unit in the rest of the state. A "unit" represents 6 or more hours in a day.)

Explanation:

(This amendment reduces the general fund appropriation for Medicaid by \$1.6 million the first year and \$14.3 million the second year and increases a like amount of nongeneral funds each year, reflecting increased revenues to the Virginia Health Care Fund (VHCF). Because revenues to the fund have historically been used as the state share of Medicaid, additional revenue results in an equal amount of general fund savings. Last year's budget assumed Medicaid recoveries would increase by \$20.0 million in fiscal year 2014, as a result of adding 49 staff for enforcement activities in the Medicaid Fraud Control Unit (MFCU). The introduced budget

includes an additional 14 FTEs in the MFCU. In spite of the additional staffing, the introduced budget assumed Medicaid recoveries would decline by \$8.1 million. This amendment recognizes the additional 63 FTEs added to the MFCU will be able to achieve the previous Medicaid recovery target of \$20.0 million, resulting in \$8.1 million in general fund savings in fiscal year 2014. Finally, based on current trends in cigarette tax collections, it is assumed that revenues that are deposited into the Virginia Health Care Fund will increase by \$1.6 million the first year and \$6.2 million the second year, allowing for a reduction in general fund appropriations.)

Explanation:

(This amendment adds language to ensure continuation of Children's Hospital of the King's Daughters' (CHKD) ability to receive Medicaid reimbursement to cover its uncompensated care costs. This amendment protects Virginia's only freestanding children's hospital from cuts to the disproportionate share hospital (DSH) payment program directed through the federal Patient Protection and Affordable Care Act (PPACA). With greater than 50 percent of its inpatient days covered by Medicaid, CHKD's Medicaid utilization is double the next closest provider, resulting in the receipt of more than half of Virginia's DSH funds that are allocated to private hospitals. This amendment would not require additional funding from the state based on current DSH policy. This amendment significantly increases the amount of authorized indirect medical education (IME) funding to substitute for most or all of

"JJJJ.1. The Department of Medical Assistance Services shall seek federal authority through any necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social Security Act to implement a comprehensive value-driven, market-based reform of the Virginia Medicaid/FAMIS programs. This reform shall be implemented in three phases as outlined in paragraphs 2, 3 and 4. The department shall have authority to implement necessary changes when feasible after federal approval and prior to the completion of any regulatory process undertaken in order to effect such change.

2. In the first phase of reform, the Department of Medical Assistance Services shall continue currently authorized reforms of the Virginia Medicaid/FAMIS service delivery model to include (i) implementation of a Medicare-Medicaid Enrollee (dual eligible) Financial Alignment demonstration; (ii) enhanced program integrity and fraud prevention efforts; (iii) inclusion of children enrolled in foster care in managed care; and (iv) implementation of a new eligibility and enrollment information system for Medicaid and other social services.

3. In the second phase of reform, the Department of Medical Assistance Services shall implement reforms for all recipients subject to a Modified Adjusted Gross Income (MAGI) methodology for program eligibility and any other recipient categories not excluded from the Medallion II managed care program. Such reforms shall include the following: (i) the services and benefits provided are similar to the services and benefits provided by commercial insurers with the exception of non-traditional behavioral health and substance use disorder services; (ii) reasonable limitations on non-essential benefits such as non-emergency transportation are implemented; and (iii) patient responsibility is required including reasonable cost-sharing and active engagement in health and wellness activities to improve health and control costs.

To administer this reformed delivery model, the department is authorized to contract with qualified health plans to offer recipients a Medicaid benefit package adhering to

these principles. Any coordination of non-traditional behavioral health services covered under contract with qualified health plans or through other means shall adhere to the principles outlined in paragraph RR. e. This reformed service delivery model shall be mandatory, to the extent allowed under the relevant authority granted by the federal government.

The second phase of reform shall also include administrative simplification of the Medicaid program through any necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social Security Act and outline agreed upon parameters and metrics to provide maximum flexibility and expedited ability to develop and implement pilot programs to test innovative models that (i) leverage innovations and variations in regional delivery systems; (ii) link payment and reimbursement to quality and cost containment outcomes; or (iii) encourage innovations that improve service quality and yield cost savings to the Commonwealth.

4. In the third phase of reform, the Department of Medical Assistance Services shall seek reforms to include all remaining Medicaid populations and services in cost-effective, managed and coordinated delivery systems. The department shall make recommendations to the 2014 General Assembly to implement managed and coordinated care for long-term care services, including home- and community-based Medicaid waivers.

5. The Department of Medical Assistance Services shall provide a report to the Medicaid Innovation and Reform Commission on the specific waiver and/or State Plan changes that have been approved and status of implementing such changes, and associated cost savings or cost avoidance to Medicaid/FAMIS expenditures.

6.a. The Department shall seek the approval of the Medicaid Innovation and Reform Commission to amend the State Plan for Medicaid Assistance under Title XIX of the Social Security Act, and any waivers thereof, to implement coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act. If the Medicaid Innovation and Reform Commission determines that the conditions in paragraphs 2, 3, 4, and 5 have been met, then the Commission shall approve implementation of coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act.

b. Upon approval by the Medicaid Innovation and Reform Commission, the

department shall implement the provisions in paragraph 6.a. of this item by July 1, 2014, or as soon as feasible thereafter.

7.a. Contingent upon the expansion of eligibility in paragraph 6.a., there is hereby created in the state treasury a special nonreverting fund to be known as the Virginia Health Reform and Innovation Fund, hereafter referred to as the "Fund." The Fund shall be established on the books of the Comptroller and any moneys remaining in the Fund at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. For purposes of the Comptroller's preliminary and final annual reports required by § 2.2-813, however, all deposits to and disbursements from the Fund shall be accounted for as part of the general fund of the state treasury.

b. The Director of the Department of Medical Assistance Services, in consultation with the Director of the Department of Planning and Budget, shall annually identify projected general fund savings attributable to enrollment of newly eligible individuals included in 42 U.S.C. § 1396d(y)(1)[2010] of the PPACA, including behavioral health services, inmate health care, and indigent care. Beginning with development of the fiscal year 2015 budget, these projected savings shall be reflected in reduced appropriations to the affected agencies and the amounts deposited into the Fund net of any appropriation increases necessary to meet resulting programmatic requirements of the Department of Medical Assistance Services. Beginning in fiscal year 2015, funding to support health innovations described in Paragraph 3 shall be appropriated from the Fund not to exceed \$3.5 million annually. Funding shall be distributed through health innovation grants to private and public entities in order to reduce the annual rate of growth in health care spending or improve the delivery of health care in the Commonwealth. When the department, in consultation with the Department of Planning and Budget, determines that the general fund expenses incurred from coverage of newly eligible individuals included in 42 U.S.C. § 1396d(y)(1)[2010] of the PPACA exceed any associated savings, a percentage of the principle of the Fund as determined necessary by the Department and the Department of Planning and Budget to cover the cost of the newly eligible population shall be reallocated to the general fund and appropriated to the department to offset the cost of this population. Principle shall be allocated on an annual basis for as long as funding is available.

8. In the event that the increased federal medical assistance percentages for newly eligible individuals included in 42 U.S.C. § 1396d(y)(1)[2010] of the PPACA is modified through federal law or regulation from the methodology in effect on January 1, 2014, resulting in a reduction in federal medical assistance as determined

by the department in consultation with the Department of Planning and Budget, the Department of Medical Assistance Services shall disenroll and eliminate coverage for individuals who obtained coverage through 42 U.S.C. § 1396d(y)(1) [2010] of the PPACA. The disenrollment process shall include written notification to affected Medicaid beneficiaries, Medicaid managed care plans, and other providers that coverage will cease as soon as allowable under federal law from the date the department is notified of a reduction in Federal Medical Assistance Percentage.

9. There is hereby appropriated sum sufficient nongeneral funds for such costs as may be incurred to implement coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act.

KKKK.1. The Director of the Department of Medical Assistance Services shall continue to make improvements in the provision of health and long-term care services under Medicaid/FAMIS that are consistent with evidence-based practices and delivered in a cost effective manner to eligible individuals.

2. In order to effect such improvements and ensure that reform efforts are cost effective relative to current forecasted Medicaid/FAMIS expenditure levels, the Department of Medical Assistance Services shall (i) develop a five-year consensus forecast of expenditures and savings associated with the Virginia Medicaid/FAMIS reform efforts by September 1 of each year in conjunction with the Department of Planning and Budget, and with input from the House Appropriations and Senate Finance Committees, and (ii) engage stakeholder involvement in meeting annual targets for quality and cost-effectiveness."

Explanation:

(This amendment adds language to implement a comprehensive Virginia Medicaid/FAMIS reform. Language provides for phasing in reforms beginning with current efforts to reform the Medicaid program, service delivery system reforms for pregnant women and children, and elderly and disabled recipients who are not excluded from the Medallion II managed care program and who are not receiving long-term care services, and continuing for all remaining recipients and services. Reforms will include redesigning services and benefits to mirror those provided by commercial insurers, reasonable limits on nonessential benefits, imposition of reasonable cost sharing and active engagement in health and wellness activities to improve health and control costs. Authority is provided to the Department of Medical Assistance Services (DMAS) to contract with qualified health plans to offer a reformed benefit package that is mandatory to the extent allowed under the

authority granted by the federal government.

Language is added to allow for administrative simplification of the Medicaid program through any necessary waivers or State Plan authorization for the Medicaid/FAMIS programs and require the Department of Medical Assistance Services (DMAS) to seek necessary federal waiver(s) and/or State Plan amendments to implement Medicaid/FAMIS service delivery system reforms and report on those changes approved by the federal government, as well as plans for implementing reforms.

Reform is to include administrative simplification of the Medicaid program through any necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social Security Act. In addition, it will include agreed upon parameters and metrics to develop and implement pilot programs to test innovative models that improve service quality and yield cost savings to the Commonwealth.

The Department is required to make recommendations to the 2014 General Assembly to implement managed and coordinated care for long-term care services, including home- and community-based Medicaid waivers. In addition, the agency is required to report to the Medicaid Innovation and Reform Commission, established in a companion amendment, on program changes that have been approved, the status of implementing the changes and attendant cost savings or cost avoidance to Medicaid or FAMIS expenditures.

Language allows the Department to seek to amend the Medicaid State Plan to expand Medicaid to individuals with incomes up to 133 percent of the federal poverty level pursuant to the federal Patient Protection and Affordable Care Act (PPACA) upon approval by the Medicaid Innovation and Reform Commission if the Commission determines that the conditions for reforms have been met.

A sum sufficient appropriation of nongeneral funds is provided for the costs of the expansion.

Language creates the Virginia Health Reform and Innovation Fund with general fund savings attributable to enrollment of newly eligible individuals pursuant to the PPACA, such as behavioral health services, inmate health care, and indigent care. Savings from reduced appropriations to affected agencies and program would be deposited into the fund beginning with the development of the fiscal year 2015 budget. Language allows up to \$3.5 million annually to be used from the fund for

health innovations to reduce the annual rate of growth in health care spending or improve the delivery of health care. The Fund would be reallocated to cover the cost of the newly eligible population when it is determined that the general fund expenses for covering the new population exceed any savings attributable to Medicaid expansion.

Budget language directs the agency to disenroll newly eligible individuals in Medicaid if the method for determining federal financial participation is modified from that in effect on January 1, 2014 and it results in a reduction in federal financial participation.

Finally, language requires the Department to continue to make improvements in Medicaid/FAMIS to ensure the delivery of appropriate, cost effective services. In addition, the Department is required to conduct a five-year forecast of the expenditures and savings associated with Medicaid/FAMIS reform and engage stakeholders in meeting annual targets for quality and cost-effectiveness.)

Explanation:

(This amendment reflects the increased revenue in fiscal year 2013 from the Master Settlement Agreement (MSA) with tobacco manufacturers as a result of a recent tentative agreement. Many states have been involved in arbitration for some time over a dispute with tobacco companies regarding non-participating manufacturer adjustments. In December 2012, 17 states entered into a preliminary settlement with tobacco companies. If approved by the arbitration panel in late January 2013, Virginia will receive a one-time increase in revenue as a result of previously withheld payments being released from escrow. The Office of the Attorney General projects Virginia's MSA payment will be \$172 million for fiscal year 2013, which is \$52.2 million higher than currently projected. Of this amount 41.5 percent will be deposited to the Health Care Fund, which is used as state match for Medicaid. Therefore, \$21.7 million of general fund will be offset in fiscal year 2013 with Health Care Fund revenue.)

Language is added which sets out amounts appropriated over the 2012-2014 biennium for special needs adoptions and adoption subsidies, totaling \$32.8 million from the general fund and \$7.0 million in nongeneral funds each year for special needs adoptions and \$32.5 million from the general fund and \$32.5 million from the nongeneral fund each year for adoption subsidies. A companion amendment in this item provides \$828,734 from federal funds in fiscal year 2013 and an additional \$500,000 from the general fund in fiscal year 2014 for pilot programs to increase the number of foster care children adopted.)

"N. 1. The Secretary of Transportation and the Virginia Department of Transportation are hereby directed to initiate an evaluation of whether it would be in the best interest of the Commonwealth to enter into an agreement to purchase the Dulles Greenway, a privately owned toll road extending approximately 14 miles from Washington Dulles International Airport to the Town of Leesburg and connecting the same, as well as any commuter vehicle parking facility used primarily by Dulles Greenway commuters or Dulles Toll Road commuters; or any buildings, structures, parking areas, appurtenances, or other property needed to operate such facility with such parking facility located within one mile of any part of the Dulles Greenway. The intent of such a potential purchase would be to ensure that toll rates remain at reasonable levels and to encourage the implementation of distance tolling.

2. In undertaking this evaluation the Secretary shall solicit the input of the Director, Department of General Services and the Department of Treasury to evaluate appropriate financing structures. In evaluating the feasibility of such a plan, it must

be shown that any potential purchase price would not exceed fair market value, and that the existing toll rates therefrom could be reasonably expected to pay (i) in full and when payable the debt service on any bonds or obligations issued to acquire and, if necessary, improve or upgrade the Dulles Greenway; (ii) the ongoing costs of operating and maintaining the Dulles Greenway; (iii) the costs of purchasing and installing electronic tolling equipment or other equipment for the Dulles Greenway if such equipment is determined necessary; (iv) ongoing necessary administrative costs relating to the Dulles Greenway. In addition, the tolls for the use of the Dulles Greenway must be reasonably expected to result in a debt service coverage ratio of at least 1.25 for any debt or other obligations proposed to support the purchase of the facility.

3. The Secretary shall submit the findings of his assessment to the Chairmen of the House Appropriations and Senate Finance Committees by August 1, 2013 for their review and comment.

4. Nothing in the language contained in this item shall be construed as authority to enter into a purchase agreement without notification to the General Assembly of the full details of any proposed purchase agreement no later than 45 days prior to the proposed completion of any proposed purchase agreement. If the recommendation is to proceed with the purchase of such facility, the report to the House Appropriations and Senate Finance Committee Chairmen shall be accompanied by a certification from the Governor that the proposed purchase price could be supported by 9(c) revenue bonds of the Commonwealth."

Explanation:

(This amendment transfers \$3.9 million in additional revenue to the general fund in fiscal year 2013 as a result of a tentative agreement with tobacco manufacturers related to the Master Settlement Agreement (MSA). Under current law, 8.5 percent of MSA revenues are deposited to the Virginia Tobacco Settlement Fund. This amendment provides \$500,000 of new revenues to the Virginia Healthy Youth Foundation and \$3.9 million to the general fund. Many states have been involved in arbitration for some time over a dispute with tobacco companies regarding non-participating manufacturer adjustments. In December 2012, 17 states entered into a preliminary settlement with tobacco companies. If approved by the arbitration panel in fiscal year 2013, Virginia will receive a one-time increase in revenue as a result of previously withheld payments being released from escrow. The Office of the Attorney General projects Virginia's MSA payment will be \$172 million for fiscal year 2013, which is \$52.2 million higher than currently projected.)

COMMONWEALTH OF VIRGINIA
Office of the Governor

February 23, 2013

TO MEMBERS OF THE VIRGINIA GENERAL ASSEMBLY:

I write to you at the conclusion of the 2013 session of Virginia's General Assembly. Thank you for your service to the people of Virginia and for the expeditious manner in which you set to work together over this short session. I have been very honored to serve with you on behalf of the people of Virginia these past 4 years. Thank you for your cooperation and love for the people of our Commonwealth.

While this fourth session of our Administration was brief, we have put in place historic long-term reforms to transportation and education. We once again have bipartisan support for a budget that focuses on the core priorities and functions of government. In short, we have been able to set aside petty partisan arguments and do the business we were sent to Richmond to do. We cut down our rhetoric and got results.

During the first three years of my administration, working together, we successfully addressed the difficulties presented by an ongoing economic downturn and two state budget shortfalls totaling over \$6 billion. We have also been able to achieve nearly \$1.4 billion in surpluses and a pathway to \$559.4 million in overall tax relief for Virginians over these past three years. We accelerated \$1.8 billion in bonds to fund needed transportation projects, created the Virginia Transportation Infrastructure Bank, dramatically increased funding and student slots for Higher Education, agreed to historic reforms to the Virginia Retirement System to save \$9 billion, including the largest employer contribution in Virginia history and the creation of a new hybrid retirement plan.

Virginia's unemployment rate has fallen from 7.3 percent when I took office to 5.5 percent last month – a four-year low and the lowest in the Southeast. Over that time, Virginia has added 140,900 net new jobs as our economy continues to recover faster than most states.

We started this session with two key objectives. First, we set about to find a lasting solution to a transportation funding problem that has grown in scope for 27 years. And we proposed broad-based education reform to ensure that all students in Virginia are afforded a world-class education, and the lifelong opportunities that education will give them. These two issues are critical to the short and long-term prosperity of our Commonwealth of Opportunity. We were able for the most part to address these major challenges by focusing on the issues, engaging in a debate, and coming to bipartisan compromise.

The passage of a long-needed transportation funding package that is truly long-term in scope has been an important focus of this session, and what it will perhaps be best remembered for. During the nearly three decades of inaction we have witnessed congestion worsen and the quality of life of our citizens decline. Virginia's urban crescent contains three of the most congested regions in the country, and as population continues to grow, we recognize that without action, the problem will grow worse. It's a jobs issue. It's a quality of life issue. Congestion places a very real cost on drivers and businesses, with the Texas Transportation Institute estimating the annual cost of sitting in traffic at \$1,400 per driver in Northern

Virginia, \$877 in Virginia Beach, and \$581 in Richmond. We simply cannot continue to effectively grow Virginia's economy if we cannot get our citizens to work, school, and home with an efficient transportation network.

On January 8th, when we launched our effort to fix transportation, we laid out three broad goals. First, we called for decreasing Virginia's reliance on the steadily shrinking transportation revenue source of the gas tax. It's worth 45 cents on the dollar of its value in 1986. As cars get significantly better mileage and more Americans choose alternative fuel vehicles, it is an inescapable fiscal reality that the gas tax is no longer a dependable, sustainable source of transportation revenue. Second, we made clear that future transportation funding in Virginia must be much more closely tied to the existing sales and use tax, which grows with economic activity, not tax increases. Finally, we stated that transportation is a core function of government. The responsibility of state government to provide for roads and rail is equal to our responsibility to provide world-class schools for our children and public safety in our communities. That means transportation must be treated like a core function of government, and it must share in our growth in general fund revenues to a greater extent than currently structured.

The historic \$880 million transportation compromise bill that was passed on a bipartisan basis by over 60 percent of the members in both chambers meets all of those objectives, recognizing that we must dedicate a greater portion of existing revenues to transportation and shifting the transportation funding mechanism away from the declining gas tax to one that will keep up with future economic growth. The bill also includes regional self-help provisions that have long been asked for by legislators and local government officials in Hampton Roads and Northern Virginia, the two most congested regions of the Commonwealth. This is a bill that the people of Virginia wanted and it would not have been possible without the strong leadership of Speaker Bill Howell, Lieutenant Governor Bill Bolling, Majority Leader Tommy Norment, Majority Leader Kirk Cox, Delegate Chris Jones, all of the conferees, the bipartisan group of legislators who supported its passage in the House and Senate and the legions of citizens and groups who advocated for the bill.

Every child in Virginia deserves access to a world-class education and the lifelong opportunities that education will give them. As I learned as a kid, to get a good job, you need a good education. This year, we passed bold and innovative education legislation that ensures that every child has great teachers, that sets clear and high standards for our schools, and that establishes a roadmap to provide choice, accountability and opportunity for every student in Virginia. We have worked together to pass the Opportunity Educational Institution in Virginia to turn around chronically failing schools. The Teach for America Act, which passed unanimously in both chambers will give difficult to staff schools another tool with which to bring in talented and motivated teachers. Virginia will soon increase transparency in A-F school grading, giving parents and families another tool to advocate for and achieve better schools for their communities. With passage of the Educator Fairness Act, we have reformed the teacher contract and grievance system to ensure that our children have the best possible educators.

In response to the tragedy at Sandy Hook Elementary School in December, I created the Governor's Task Force on School and Campus Safety. This group, chaired by my Secretaries of Education, Public Safety, and Health and Human Resources, and including many of your members, made several recommendations for legislative and budget action this session. I am grateful for your support of these initiatives that will help make our schools and campuses safer learning environments. Because of this bipartisan effort, we will have additional school resource officers, funds for additional security equipment in schools, better school safety audits, and teams in schools to assess threats to the safety of a school.

College affordability has become a significant barrier to higher education in recent years while at the same time, student debt has skyrocketed. This year, we put in excess of \$47 million towards higher education, in addition to the over \$350 million in new money over the last three years, to continue driving down increases in tuition.

We have prepared the Commonwealth for federal budget reductions that could disproportionately affect Virginia. My recommendation to include an additional \$50 million as an advance deposit toward our future Revenue Stabilization (Rainy Day) Fund obligations was enhanced by the General Assembly's increase of this amount to \$95 million. You approved my amendment to eliminate the unfair \$45 million reduction for aid to localities in your budget, freeing up money for public safety and other critical needs of our counties and cities. This budget also affirms our commitment to teachers by providing a 2% pay increase.

You have passed bold initiatives to further our commitment to economic development and job creation, including supporting innovation, entrepreneurship and workforce development in Virginia. Following this legislative session, it will be easier for the private sector to create jobs, and easier for Virginians to get training in the skills necessary for those jobs. By improving the online Business One-Stop system, making the Commonwealth friendlier to entrepreneurs, and making sure that students graduate from our K-12 and college systems career-ready, we will continue to expand jobs and opportunity.

Building on our achievements over the last three years to make government more efficient and effective, we enacted measures to make government leaner, eliminate red tape, and relieve mandates on localities. You passed legislation to merge agencies in order to deliver better services to our citizens and small businesses, eliminate unnecessary boards and commissions, and cleared the way to repeal unnecessary regulations.

The 2013 session of the General Assembly will be recognized for its breakthrough transportation funding solution, and for fundamental reforms to expand educational opportunities and ensure we have outstanding teachers and schools. As we have often times done in the past, we have worked across the aisle, found solutions, and largely focused on the important issues for our people. We have made investments in core functions of government, and focused on delivering government services more efficiently and effectively. That's what the people of Virginia expect. That's the Virginia way.

I thank all of the members of our citizen legislature for the long nights and days away from family and other obligations, and for your dedicated work on the behalf of your constituents.

May God Continue to Bless the Commonwealth of Virginia.

Sincerely,

/s/ Robert F. McDonnell

WEDNESDAY, APRIL 3, 2013

The Senate met at 12 m. in Reconvened Session of the 2013 Regular Session and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Matthew Bates, Centenary United Methodist Church, Richmond, Virginia, offered the following prayer:

God of power and compassion, mercy and justice, we come together at the beginning of this session of the General Assembly of the Commonwealth of Virginia to acknowledge our gratitude for Your blessings, and our need for Your guidance.

We give You thanks and praise for gifts of life and freedom. We thank You for our citizenship in this place wherein we are allowed to assemble openly and to discuss issues of great importance to the people of Virginia. We pray Your blessings on all the citizens of this Commonwealth and ask that in the deliberations that follow on this day, we will remember that You are the creator and sustainer of us all, regardless of our status, race, religion, or party. Let that memory enable us to seek the common good. Let that reality shape the character of our deliberations. Grant us the uncommon grace of being able to listen carefully to one another and of being able to affirm our own convictions without denigrating those of a different mind.

As we ponder the complex issues before us, we acknowledge both our gratitude for the gift of human reason, and the limitations of our own insight. We humbly ask that in some way, in the human process of these political proceedings, Your divine wisdom will be at work among us. We pray that we might even be surprised by finding common ground we had overlooked, and solutions to thorny problems that we had never seen before.

Even now as we pray for the citizens of this Commonwealth, we pray to You for these, Your elected officials sent to this revered place to act on their behalf. We thank You for women and men who are willing to give of their time, treasure, and ability to represent all of us. We thank You for their willingness to study complex issues, to form and express their own best judgments, to listen to their constituents and colleagues, to consider the common good, and to work toward the enactment of policies that reflect our best attempts to embody the divine within us in our daily lives together.

Let the actions of this body be filled with good will, guided by conscience, directed toward justice, and insofar as it is possible, shaped by love for You and all our neighbors. Amen.

SENATE BILLS VETOED BY THE GOVERNOR

S.B. 819 (eight hundred nineteen) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the GovernorGOVERNOR'S VETO
March 25, 2013
TO SENATE OF VIRGINIA
SENATE BILL NO. 819

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 819, which would reinstate the Tourist Train Development Authority and its board.

In 2000, the General Assembly created the Tourist Train Development Authority and its board to create a tourist train between the County of Tazewell, Town of Pocahontas and Town of Bluefield and to cooperate with localities in West Virginia. There has been no investment to procure a train to make this a reality. During the 2011 Session of the General Assembly, the Tourist Train Development Authority and its board were repealed through HB2520 and SB1471 because there had been no resulting activity from the Board.

It is my understanding the interested parties have continued to work toward this activity through private organizations. During my term as Governor we have worked to reduce the size and scope of government – especially when the private sector can achieve the same goals without government action.

Accordingly, I veto this bill.

Sincerely,

/s/ Robert F. McDonnell

S.B. 851 (eight hundred fifty-one) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the GovernorGOVERNOR'S VETO
March 25, 2013
TO SENATE OF VIRGINIA
SENATE BILL NO. 851

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 851, which increases the maximum transient occupancy tax that Arlington County may levy to not exceed one quarter of one percent.

As you know, the Conference Report for House Bill 2313 includes an increased transient occupancy tax that would impact Arlington County. As such, the optional increase in the transient occupancy tax included in Senate Bill 851 would be in addition to the increase in House Bill 2313. Senate Bill 851 passed prior to the Conference Report for House Bill 2313 was completed, and the members were unable to consider the impacts of these two legislative acts in conjunction with one another.

Were both of these taxes to go into place concurrently, the businesses in the Northern Virginia region may face a significant competitive disadvantage to businesses in other nearby localities or states because of an unintended compounding of the taxes. This could have a negative impact on tourism, economic growth, and jobs in this locality.

Accordingly, I veto Senate Bill 851.

Sincerely,

/s/ Robert F. McDonnell

S.B. 1325 (one thousand three hundred twenty-five) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

GOVERNOR'S VETO

March 25, 2013

TO SENATE OF VIRGINIA

SENATE BILL NO. 1325

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1325, which seeks to require the Board of Counseling to establish, among other fees, specified fees for the licensure and certification of professional counselors, marriage and family therapists, substance abuse treatment practitioners, substance abuse counselors, substance abuse counseling assistants, and rehabilitation providers.

Setting fees for regulatory boards is typically established by regulation through the Virginia Administrative Process Act, which allows for opportunity for input from the regulated community. Virginia Code § 54.1-113, commonly referred to as the Callahan Act, requires the Board of Counseling to increase or decrease fees if its expenses for the past biennium are ten percent greater or less than funds the Board collects. The Board has not submitted a request for a fee increase pursuant to the Callahan Act.

The Board of Counseling provides important regulatory oversight to these professional applicants, licensees and certificate holders. Fortunately, the Board of Counseling continues to do so with sufficient funding already available. The Board of Counseling projects a cash balance for Fiscal Year 14 of \$478,033. While the Board projects a decrease in its cash balance in the future, it will still maintain a positive cash balance of \$124,632 in Fiscal Year 18. Thus, there is sufficient time for the Board of Counseling to seek a fee increase, consistent with the Callahan Act, through the Administrative Process Act.

I have asked the Secretary of Health and Human Resources to work with the Executive Director for the Department of Health Professions and the Executive Director of the Board of Counseling to address staffing issues within the current budget to alleviate any delays in providing prompt and efficient responses to applicants.

If, after further review and alignment of staffing, fee adjustments are determined to be warranted, the Board of Counseling may consider pursuing fee adjustments to their regulations utilizing the Virginia Administrative Process Act.

Accordingly, I veto this bill.

Sincerely,

/s/ Robert F. McDonnell

COMMONWEALTH OF VIRGINIA

GOVERNOR'S VETO

March 25, 2013

TO SENATE OF VIRGINIA

SENATE BILL NO. 1343

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1343, which increases the maximum transient occupancy tax that the City of Fairfax may levy from four percent to six percent.

As you know, the Conference Report for House Bill 2313 includes an increased transient occupancy tax that would impact Fairfax City. As such, the optional increase in the transient occupancy tax included in Senate Bill 1343 would be in addition to the increase in House Bill 2313. Senate Bill 1343 passed prior to the Conference Report for House Bill 2313 was completed, and the members were unable to consider the impacts of these two legislative acts in conjunction with one another.

Were both of these taxes to go into place concurrently, the businesses in the Northern Virginia region may face a significant competitive disadvantage to businesses in other nearby localities or states because of an unintended compounding of the taxes. This could have a negative impact on tourism, economic growth, and jobs in this locality.

Accordingly, I veto Senate Bill 1343.

Sincerely,

/s/ Robert F. McDonnell

Senator Petersen moved that **S.B. 1343** be passed in the enrolled form, notwithstanding the objections of the Governor.

HOUSE BILL WITH GOVERNOR'S RECOMMENDATIONS

H.B. 1500 (one thousand five hundred) was taken up together with the following communication from the Governor:

COMMONWEALTH OF VIRGINIA

Office of the Governor

March 25, 2013

TO THE HOUSE OF DELEGATES

HOUSE BILL 1500

I approve the general purpose of this bill, but I am returning it without my signature with the request that 52 amendments be adopted. I am grateful to all members of the House of Delegates and the Senate for the excellent work you did during the session through your amendments to House Bill 1500, and your timely passage of the budget.

Specifically, the House and Senate are to be commended for placing a priority on financial liquidity, cash reserves, and the future financial health of the Commonwealth. This is demonstrated in several ways, but most notably in the dedication of \$95 million toward future required deposits to the revenue stabilization fund. Together, we will have appropriated sufficient funding in the biennium to increase the Rainy Day Fund from \$295 million to nearly \$800 million. Nothing could be more important in these uncertain economic times.

From the outset, we set clear budgetary objectives for this short session. These objectives called for new investments in transportation, public education, and water quality. I also asked you to support continued investment in higher education and job creation, which you did. Finally, I asked you to eliminate the \$45 million across-the-board budget cuts to our local governments, and to continue to work toward the full elimination of the accelerated sales tax, which is now eliminated for 98 percent of the retailers.

Throughout the 2013 General Assembly Session, you worked with each other and with me to address these challenges. Due to your cooperation, we made significant progress on all of these fronts. I know that the citizens of Virginia are most appreciative of your effort, and we are in a better place now than when we started. We jointly have had a successful session.

I think you will find a number of my amendments are either language clarifications or technical adjustments. Some of the amendments were made at the request of a legislative member or committee staff to address various issues.

Although the enrolled bill achieves most of the major objectives I requested in my introduced budget, I am returning it to you with amendments to address five overarching themes. These are: 1) continued efforts to address judicial workload and fill vacant judgeships, 2) provide general fund appropriations for select items that were funded by earmarks against dedicated funding streams, 3) a small restoration of reductions, 4) needed language changes, and 5) funding for new issues that have surfaced since you passed the budget bill in February. My spending amendments total just \$14.1 million, the smallest adjustment of my administration.

Judges

As our economy continues to recover, it is time that we move forward with filling more of the judicial vacancies that we have previously held as a means of generating savings. You approved funding for 20 vacancies in the budget. I am providing funding for those vacant positions that are 40 percent or more above the state average workload, and for those circuits and districts that have or soon will have two vacancies. My amendments propose to provide \$1.8 million to fill 11 judicial vacancies, and another \$359,170 to create a new Circuit Judge in the 15th Circuit. Together, we will have provided funding for 31 of the 49 current vacancies, meaning the faster disposition of justice.

Backfill of Supplants or Earmarks Against Dedicated Funds

In the enrolled budget, you earmarked several spending items against dedicated funding streams. While the nexus was appropriate, I am requesting that funding be provided directly from the General Fund, thus eliminating the earmark against the dedicated funding stream. An example is replacing the earmark of \$1 million against the Governor's Development Opportunity Fund for Port of Virginia Economic & Infrastructure Development Zone Grants.

I also propose providing an additional \$2 million for the Economic Contingency Fund to make up for the reductions to the Workforce Transition Act (WTA) funding that was included in my introduced budget. If the approved WTA funding falls short of the actual amount needed, the balance of the costs will have to come from Economic Contingency which is already at a very low level. This amendment simply ensures that the Economic Contingency account has sufficient balances to address that need and not endanger other unanticipated needs that it may face. If it is not needed for the specific purposes of economic contingency, the end result will be that it will not be spent.

Restoring Small Cuts

I propose restoration of \$520,000 for modeling and simulation that had been transferred to fund Cyber security. The potential for jobs and revenue growth from modeling and simulation holds great promise for the economic future of the Commonwealth, especially as we face the potential negative aspects of reductions in federal spending in Virginia from direct cuts or through sequestration. I also propose restoration of \$481,500 for VEDP's defense industry trade initiative, which will focus on bolstering the business environment for our Virginia companies that also will be adversely affected by sequestration. This program is modeled after VEDP's successful "VALET" program. We cannot go wrong with resources that create jobs for Virginians.

Additionally, I proposed funding to reinstate an additional \$870,000 in funding of the original \$3 million that I had requested for the Center for Health Innovation Grants. These funds have already been encumbered and committed as part of our very important Medicaid reform efforts.

I also ask that you restore four law enforcement and fisheries management positions in the Virginia Marine Resources Commission at a cost of approximately \$221,500, and that you provide \$220,000 for a federal Office of Economic Adjustment matching grant for the Office of the Secretary of Veterans Affairs and Homeland Security. For the latter, we get a 10-to-1 match of federal funds for our small state match.

I also believe that we need to restore \$2 million in funding to the plan for Strategic Compensation for Teachers to ensure that we have enough funding to make this effort viable across the entire state for any school division that opts to participate. Even with this adjustment, the program will be just one-half of what I originally requested. This is the year that we are finally addressing teacher compensation with a two percent raise, and strategic compensation helps even more with locally prescribed goals for excellence.

Finally, from the beginning of our administration, I have focused on improving prisoner re-entry, and I ask you to restore an additional \$440,000 to establish a Portal for Prisoner Re-entry by creating an interface between the Department of Corrections inmate management system and the Department of Social Services.

Major Language Items

Among my language amendments, there are six language items that I want to call to your attention:

1. You have authored a plan to ensure that the Medicaid program is dramatically reformed before it can be considered for expansion. To address these policy concerns, I have proposed more specific and thorough reforms, to ensure that Virginia will have sustainable, cost saving changes in the existing program as well as more effective fraud and error detection. These amendments also provide for greater clarity of the specific intent of the General Assembly as to when approval of expansion would be appropriate.
2. As communicated on the floor during the discussion of the Budget Conference Committee report, and to me by Delegate Chris Jones, I understand that it was an error to maintain the language that prohibits the sale, lease, or operation of our Port Terminals; therefore, I have stricken that language.

3. I also understand that your intent was to provide our Constitutional Officers with a real pay increase that is not counted toward the retirement "5-for-5" swap. With that in mind, I have modified the language to clarify that objective.

4. I have made revisions to increase the upper pay range in our state employee compensation ranges to accommodate our planned pay raise. The range needs to be moved up so that employees at the top of each pay band can receive the pay increase you intended.

5. I also have included some technical administrative language requested by our bond counsel regarding the significant capital projects pool you included in the budget. There are no changes to the projects or the amounts appropriated.

6. I have included some minor edits to the FACT Fund language, which will afford us more flexibility. The changes by the House and the Senate essentially leave the remaining \$13.3 million balance in the FACT Fund as a mini revenue reserve to offset direct or indirect losses of revenue due to federal actions. While I agree with this purpose, I also believe we may need to respond promptly to certain federal actions that relocate or realign major facilities before we actually lose revenues associated with them. Additionally, there may be some need to help mitigate the negative impacts on certain regions of the state after these actions occur. For that reason, I am recommending that \$5 million of the remaining \$13.3 million in the FACT Fund be made available to address these issues. Approximately \$8.3 million will still remain in the fund to be used solely as a revenue reserve as specified in the enrolled budget bill.

New Items

I have included funding for very few new items that have arisen since Sine Die on February 23, 2013. Among these is a proposal to provide \$1.5 million for a Centralized Call Center for Medicaid that is intended to provide additional access to the eligibility determination process, as required by federal law. As much as I disapprove of this new unfunded federal mandate, we must move forward with a centralized call center to meet the mandates for accessibility as stated in the Affordable Care Act. This requirement is not subject to waiver, and this approach appears to be our least expensive option.

I have proposed \$500,000 in new funding for Tourism to ease the burden of new demands that have been placed on them and to help them promote Virginia. As the economy continues to improve and families begin to travel again, it will be important that we have the resources dedicated to capturing the resurgence of the tourism market.

I also have proposed \$75,000 in FY 2013 for the Military Survivors and Dependents program operated by the State Council of Higher Education for Virginia. This program provides funding that helps offset the cost of college room, board, and books for the survivors and dependents of those killed or permanently disabled while in military service. There has been increased participation in this program due to the large military population in Virginia and the ongoing conflicts in which the United States has been engaged, resulting in increased program costs.

I have proposed an additional \$1.0 million in FY 2014 for the Hampton Roads Proton Beam Therapy Institute at Hampton University, LLC. The additional funding will support the institute in its efforts to treat cancerous tumors with fewer side effects through proton beam therapy. This will provide an improvement to the quality of health for some of our citizens and it also will support economic development in the Hampton area.

Finally, beyond these five categories, I am submitting two amendments to address language that unnecessarily curtails executive authority or inhibits the executive branch's ability to conduct business efficiently. First, I have stricken the new language that changes the long standing manner in which the Governor is to submit budget amendments to an existing budget.

This change requires that such amendments be submitted using the “half-sheets” format, giving the Governor’s amendments the same status as member amendments. It stops the current and long standing practice that permits the Governor to submit a revised budget bill that contains all of his amendments to the existing budget. While this seems harmless at first review, it carries with it a number of issues. Not only does it limit the power of the Executive to introduce a budget bill detailing all of the Governor’s recommendations, it means that many members will never get a chance to see and vote on the Governor’s recommended budget amendments. The process as outlined in this enrolled amendment sets up the potential that the Governor’s recommended amendments to the budget would be sent directly to the respective budget writing committee where they may be altered or deleted in subcommittee or committee. Currently, all of the Governor’s amendments are sent to the floor with a committee recommendation where all members may see the Governor’s recommendations, the proposed action on them, and actually vote for each of the proposed amendments. Consequently, I have stricken this proposed language.

Similarly, I have concerns about the language that requires the Executive Branch to give 30 days prior notice before taking action to appropriate cash balances that existed at the end of the prior fiscal year. While I understand and support providing notice of such action to the General Assembly, I am opposed to providing it in advance of taking such action.

Many times, these transactions must be conducted in a timely fashion in order to meet the “prompt payment” requirements that you have set out for state agencies to pay private vendors. If such funds are needed to make such a payment, the 30-day advance notice requirement, by its own restrictions, likely will cause the state agency to miss the deadline for prompt payment. Otherwise, the transaction will hit the accounting error file for insufficient funds and not be processed. Further, the 30-day notice requirement would essentially prohibit any such transactions during the month of June, which is when agencies may need these funds to close out the fiscal year and pay bills. I believe that this is an unintended consequence of this budget amendment; therefore, I am recommending changes to still provide you with notice of the transaction but not as requirement prior to the transaction.

Other notice requirements in law do not specify that the notice must be in advance. For example, the Department of Planning and Budget must notify you by the tenth day of each month of the appropriation transfers that were processed in the prior month. Similarly, the Department of Planning and Budget must provide a quarterly report of the disbursements and commitments made from economic contingency in the previous quarter. I only ask that you allow similar flexibility for reporting the appropriation of cash balances.

Recommended Resources

I am not recommending any changes to the base revenue forecast that we have adopted throughout this General Assembly Session. My requested spending is offset by two amendments that add \$14.1 million in additional resources over the biennium. One amendment simply captures additional revenue received by the Commonwealth from prior year recovery of expenses associated with Social Services Block Grants. The second adds resources by capturing debt service savings from bond refundings of previously issued debt. These savings reduce the appropriations required for debt service payments thus making the appropriations available for reprogramming. It is important to note that none of my amendments changes any of the spending you recommended in the budget that you presented to me.

The budget you presented me left an unappropriated balance of \$10.0 million. I am returning amendments to you, which if enacted, will leave the total uncommitted, unappropriated balance essentially unchanged at approximately \$10.0 million. I was pleased to see such a relatively large balance in the budget presented to me, and I believe that it is prudent to leave sufficient resources for unforeseen circumstances that may surface in the future.

Attached to this letter are the details of my proposed amendments. In your review of these proposals, I think you will find they are relatively minor and consistent with the objectives that we both have strived to accomplish.

I respectfully request your adoption of these amendments so that they may be incorporated into the Appropriation Act for the 2012-2014 biennium. Thank you for your consideration of my requests and for your service to the Commonwealth.

Respectfully submitted,

/s/ Robert F. McDonnell

This will help ensure the OEI is ready for operation upon its implementation for the 2014-15 school year. In addition, clarifying language is provided to ensure funds follow those students whose schools come under the purview of the OEI, as well as noting that funds provided by a local school division to the OEI will be used to support its students and not other school divisions' students. Language is also included to limit total administrative costs for the OEI operations to no more than 35 percent. The General Assembly provided \$800,000 general fund for this purpose, however, the Commonwealth has already contractually obligated \$1.67 million for health innovation activities. This amendment is necessary to fully fund the contract. Page 299, after line 30, insert:

“J. The Department of Medical Assistance Services shall be authorized to issue a Request for Proposals (RFP) in order to contract with a single vendor to provide a centralized customer service call center for applicants/recipients of programs administered by the department under Titles XIX and XXI of the Social Security Act for application assistance functions necessary under provisions of the Patient Protection and Affordable Care Act (PPACA), and other related functions necessary for the efficient and effective implementation of Medicaid and CHIP eligibility determinations and enrollment. The RFP shall include a provision for a cost structure with tiered levels of service based on workload. The procurement of this contract is deemed an emergency and the provisions of §2.2-4303 F., Code of Virginia, shall apply in order for the department to comply with federal law and initiate the contract by October 1, 2013, or as soon as practicable thereafter. The department shall have authority to amend the State Plans for Medical Assistance under Titles XIX and XXI, and any waivers thereof, and shall have authority to implement this contract upon federal approval, and prior to the completion of any regulatory process undertaken to effect such change.”

Explanation:

(This amendment authorizes the Department of Medical Assistance Services (DMAS) to contract with a vendor to create a Medicaid call center. Federal regulations related to health care reform provide that most individuals must be allowed to apply for Medicaid by telephonic means, including recorded signatures. Since this method of application is currently not available in Virginia, the most cost-effective and timely method is development of a centralized customer service center. Telephonic application is required to be available by October 1, 2013. Funding of \$3.0 million (\$1.5 million general fund) is provided to initiate the call center, however, the costs could be higher depending on the final contract with a vendor and the actual workload of the call center. If additional funding is necessary then it would be considered in next year’s budget.)

The proposed amendment would increase the penalty for assault of a staff member in a facility housing sexually violent predators. State law requires that any legislation that would result in an increase in the prison population over the succeeding six years from its enactment be accompanied by an appropriation that would cover the increased costs in one year resulting from additional inmates. (This is often referred to as the “Woodrum amendment”).)

“g. State employees in the legislative, judicial, and executive branches of government, the independent agencies of the Commonwealth, or an agency administering their own health plan, who are not eligible for benefits under the health care plan established and administered by the Department of Human Resource Management (“DHRM”) pursuant to Va. Code § 2.2-2818, may not work more than 29 hours per week on average over a twelve month period. Adjunct faculty at institutions of higher education may not (a) work more than 29 hours per week on average over a twelve month period, including classroom or other instructional time plus additional hours determined by the institution as necessary to perform the adjunct faculty’s duties; or (b) meet or exceed, on average over a twelve month period, 75% of the course load for a full-time non-tenure-track teaching faculty member at that institution. Federal regulations under the Affordable Care Act (“the Act”) are currently under development, and DHRM shall provide relevant program requirements to agencies and employees, including, but not limited to, information on wage, variable and seasonal employees, prior to the effective date of the Act and any associated regulations. All state agencies/employers in all branches of government shall provide information

requested by DHRM concerning hours worked by employees as needed to comply with the Act and this provision. State agencies/employers are accountable for compliance with this provision, and are responsible for any costs associated with maintaining compliance with it and for any costs or penalties associated with any violations of the Act or regulations thereunder and any such costs shall be borne by the agency from existing appropriations. The provisions of this paragraph shall not apply to employees of state teaching hospitals that have their own health insurance plan; however, the state teaching hospitals are accountable for compliance with, and are responsible for any costs associated with maintaining compliance with the Act and for any costs or penalties associated with any violations of the Act or regulations thereunder and any such costs shall be borne by the agency from existing appropriations.”

Explanation:

(This amendment, in response to the requirements of the Affordable Care Act, restricts the number of hours state employees in the legislative, judicial, and executive branches of government, the independent agencies of the Commonwealth, or an agency administering their own health plan may work who are not eligible for benefits under the health care plan established and administered by the Department of Human Resource Management. In addition, it provides options for measuring the amount of time worked by adjunct faculty at institutions of higher education.)

The HDA is empowered at any time and from time to time to transfer, upon the direction of the Director of the Department of Housing and Community Development, from the *portion of the Fund under its control* to banks or trust companies designated by the HDA any or all of the assets of the Fund to be held in trust as security for the payment of the principal of and premium, if any, and interest on any or all of the bonds of the HDA. The interests of the Fund in any assets so transferred shall be subordinate to the rights of the trustee under the pledge. To the extent funds are not available from other sources pledged for such purpose, any payments of principal and interest received on the assets transferred or held in trust may be applied by the trustee thereof to the payment of the principal of and premium, if any, and interest on such bonds of the HDA to which the assets have been pledged, and, if such payments are insufficient for such purpose, the trustee is empowered to sell any or all of such assets and apply the net proceeds from the sale to the payment of the principal of and premium, if any, and interest on such bonds of the HDA. Any assets of the Fund transferred in trust as set forth above and any payments of principal, interest or earnings received thereon shall remain part of the Fund but shall be subject to the pledge to secure the bonds of the HDA and shall be held by the trustee to which they are pledged until no longer required for such purpose by the terms of the pledge. On or before January 10 of each year, the HDA shall transfer, or shall cause the trustee to transfer, to the Fund any assets transferred or held in trust as set forth above which are no longer required to be held in trust pursuant to the terms of the pledge.

§ 36-149. Formation of corporation.

For the purposes set forth in §§ 36-141 through 36-148, the HDA may form a corporation to administer and manage the *portion of the Fund under its control* in accordance with the provisions thereof and to exercise and perform any or all of the powers and duties provided therein. Such corporation shall be under the control and supervision of the HDA. Such corporation shall have such of the powers and duties of the HDA set forth in the above referenced sections as HDA shall delegate to such corporation and such other powers and duties as shall be provided by the documents and instruments creating and governing the corporation and by applicable state law. The provisions of the above referenced sections authorizing or requiring the HDA to exercise any power or to perform any duty shall be deemed to authorize or require such corporation to exercise any such power or to perform any such duty as shall be delegated by the HDA to such corporation.

§ 36-150. Reports.

~~On or before September 30 of each year, the HDA shall report to the Board on the status of the Fund. On or before December 1 of each year, the Board~~ *Department* shall report to the Secretary of Commerce and Trade, the Governor

and the Chairmen of the House Appropriations and the Senate Finance Committees ~~on the matters set forth in the report of the HDA~~ and on such other matters regarding the Fund as the ~~Board~~ Department may deem appropriate, *including the status of the former Housing Partnership Fund, or other items* as may be requested by any of the foregoing persons to whom such report is to be submitted.

COMMONWEALTH OF VIRGINIA
Office of the Governor

GOVERNOR'S VETO

May 3, 2013

TO THE SENATE OF VIRGINIA:

SENATE BILL NO. 921

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 921, which relates to health insurance reform.

During the Reconvened Session held on April 3, 2013, the General Assembly did not accept the Governor's amendments to Senate Bill 921 but did accept my amendments to the companion legislation, House Bill 1900. Given that my recommendations to the companion legislation were accepted by the General Assembly, this bill is no longer necessary.

Accordingly, I veto this bill.

Sincerely,

/s/ Robert F. McDonnell
Governor
