Ralph S. Northam
President of the Senate

Susan Clarke Schaar
Clerk of the Senate

FRIDAY, FEBRUARY 21, 2014

The Senate met at 12 m. and was called to order by Lieutenant Governor Ralph S. Northam.

The Reverend Dr. Donald D. Binder, Pohick Episcopal Church, Lorton, Virginia, offered the following prayer:

Heavenly Father, we pause here at the start of the morning hour to give thanks for the many blessings You have bestowed upon our nation and our Commonwealth, and also to remember before You the birthday tomorrow of the Father of our Country, Your servant, George Washington.

When first elected President of the United States, he welcomed into his cabinet a team of rivals that included Thomas Jefferson and Alexander Hamilton. Aided by Your wisdom and grace, he listened attentively to their differing points of view and was so able to make sound yet courageous decisions that led our country down the pathway towards prosperity and increase.

Bestow these same mercies upon our Governor, Lieutenant Governor, and the Senators and Delegates of this General Assembly, that as they face the challenges of our time, they may be inspired by Washington's example and wisely discern the correct course for this legislative session—not out of partisan considerations, but from a heartfelt concern for the well-being of all the residents of our Commonwealth.

Finally, we pray that You would kindle within all Your people our Founding Father's spirit of public service and self-sacrifice for the common good, that working together we may not only preserve, but further advance the blessings of liberty for which Washington and our Founders so mightily labored. Amen.

The roll was called and the following Senators answered to their names:

Alexander, Barker, Black, Carrico, Colgan, Cosgrove, Deeds, Ebbin, Edwards, Favola, Garrett, Hanger, Howell, Lewis, Locke, Lucas, Marsden, Marsh, Martin, McDougle, McEachin, McWaters, Miller, Newman, Norment, Obenshain, Petersen, Puckett, Puller, Reeves, Ruff, Saslaw, Smith, Stanley, Stosch, Stuart, Vogel, Wagner, Watkins, Wexton.

Ralph S. Northam
President of the Senate

Susan Clarke Schaar
Clerk of the Senate

MONDAY, FEBRUARY 24, 2014

The Senate met at 12 m. and was called to order by Lieutenant Governor Ralph S. Northam.

Satish W. Korpe (Narrator) and Ajit S. Lall (Translator), Indian American Forum of Virginia, Alexandria, Virginia, offered the following prayer:

Om is the giver of life, the dispeller of miseries and bestower of happiness. We should meditate upon Him, the creator of the universe, the most acceptable and the most knowledgeable God. May He inspire us and guide our intellects to do good.

May the brighter regions, the midway regions between the earth and sun, the waters, herbs, vegetation, the learned sages and educators, meditation, and study for acquisition of knowledge—in brief, the entire universe, be free from harm and conducive to peace and happiness for us. May this peace bring in its train higher peace (emancipation) which may pervade the whole universe. May such peace be my lot also.

May one and all be happy and in comfort!

May one and all be happy and in good health!

May one and all do well and be happy!

May one and all be blissfully free from anxiety, want and suffering!

O Supreme Spirit!

Lead us from untruth to truth

Lead us from darkness to light

Lead us from death to immortality!

O God, let us all unite and protect ourselves. Let us render service to others and let our studies be beneficial and effective. Let there be no hatred among us.

WEDNESDAY, FEBRUARY 26, 2014

The Senate met at 12 m. and was called to order by Lieutenant Governor Ralph S. Northam.

The Reverend Heather VanDeventer, Christ Church of Alexandria, Alexandria, Virginia, offered the following prayer:

Gracious and loving God, Your people know You in different names and forms, in deity and in nature. In the early decades of the colony of Virginia, the Virginia assembly chose a way for the colonists of this land to have a voice in creating vestries to govern their churches. The ideal of a government that hears and listens to the voice of the people still exists today these three and a half centuries later.

Be with our Delegates and Senators today, as well as with all others who assist to make this assembly work—staffers, security personnel, secretaries, cafeteria workers, and janitors. Sustain them in their work, protect them, and keep them safe.

God, You call us to be a beloved community which reflects the beauty, diversity, and complexity of the earth where we live and the Commonwealth where we reside. Open the hearts, minds, and ears of this assembly to all the people of Virginia. Help our Delegates and Senators to truly listen to each other, with respect for the bonds of common humanity and dignity that we all share. At times this assembly has chosen paths which hindered the full humanity of its citizens; let us remember those times with humility and a resolve to not repeat them.

Guide these Delegates and Senators as they listen and respond to their constituents; help them to hear not only the voices of the powerful, the wealthy, the connected, the secure, but also to hear and listen to the concerns of the poor and those who work multiple jobs to make ends meet and care for their families; the concerns of the sick and those for whom good care for bodies and minds is beyond their financial reach; of the homeless and those who live in cramped apartments and substandard housing because that is all they can afford; of the hungry and those who visit our food pantries to stretch their supplemental nutrition assistance payments.

Grace-filled God, guide this assembly as they work to enact legislation which protects, serves, cares for, and lifts up all citizens of Virginia, regardless of their race, ethnicity, religion, ability, sexual orientation, and location of residence.

May You continue to bless all Virginians, our elected officials, and our nation. All this we ask in Your most awesome and Holy Name. Amen.

The roll was called and the following Senators answered to their names:

Alexander, Barker, Black, Carrico, Colgan, Cosgrove, Deeds, Ebbin, Edwards, Favola, Garrett, Hanger, Howell, Lewis, Locke, Lucas, Marsden, Marsh, Martin, McDougle, McEachin, McWaters, Miller, Newman, Obenshain, Petersen, Puckett, Puller, Reeves, Ruff, Smith, Stanley, Stosch, Stuart, Vogel, Wagner, Watkins, Wexton.

The Department of Social Services is authorized to include eligible costs in its claim for Temporary Assistance for Needy Families Maintenance of Effort requirements.

B. It is the intent of the General Assembly that the Commissioner, Department of Social Services shall work with localities that seek to voluntarily merge and consolidate their respective local departments of social services. No funds appropriated under this act shall be used to require a locality to merge or consolidate local departments of social services.

C. The Commissioner, Department of Social Services, in consultation with relevant state and local agencies, shall develop proposed criteria for assessing funding requests for addressing space needs among local departments of social services, as

well as proposed consolidated human services buildings. The criteria shall include but not be limited to compliance with the Americans with Disabilities Act, access to public transportation, life safety issues, condition of current space and related major building systems, impact on service delivery, and other factors as may be appropriate. The department shall forward a prioritized list of projects to the Secretary of Health and Human Resources and the Department of Planning and Budget by November 1 of each year for consideration by the Governor in the development of the budget. 2. The Department of Social Services shall request that all state and local child-serving agencies within the Commonwealth be included in the Virginia Statewide Information and Referral System as well as any agency or entity that receives state general fund dollars and provides services to families and youth. The Secretary of Health and Human Resources, the Secretary of Education and Workforce, and the Secretary of Public Safety shall assist in this effort by requesting all affected agencies within their secretariats to submit information to the statewide Information and Referral System and ensure that such information is accurate and updated annually. Agencies shall also notify the Virginia Information and Referral System of any changes in services that may occur throughout the year.

3. The Department of Social Services shall communicate with child-serving agencies

within the Commonwealth about the availability of the statewide Information and Referral System. This information shall also be communicated via the Department of Social Services' broadcast system on their agency-wide Intranet so that all local and regional offices can be better informed about the Statewide Information and Referral System. Information on the Statewide Information and Referral System shall also be included within the department's electronic mailings to all local and regional offices at least biannually.

E.1. If any additional funding is needed, the department shall complete modernization efforts within existing resources.

2. Within 30 days of awarding a contract related to the eligibility project, the Department of Social Services shall provide the Chairmen of House Appropriations and Senate Finance Committees, and Director, Department of Planning and Budget with a copy of the contract including costs.

3. Beginning July 1, 2012, the Department of Social Services shall also provide semi-annual progress reports that must include a current project summary, implementation status, accounting of project expenditures and future milestones. All reports shall be submitted to the Chairmen of House Appropriations and Senate Finance Committees, and Director, Department of Planning and Budget.

F. Out of this appropriation, \$522,286 the second year from the general fund and \$1,924,019 the second year from nongeneral funds shall be provided to supplement management and programmatic support of the agency's eligibility systems modernization effort. In addition, eight positions are added in FY 2013. These resources shall be dedicated to the modernization project until its completion or the end of FY 2017, whichever comes first.

G. On or before June 30, 2013 the Department of Social Services shall deposit to the general fund \$2,371,057 resulting from the identification of a prior period general fund refund.

D. With the exceptions as noted in paragraph C. above, the provisions of Senate Bill 443, as adopted by the Senate, shall govern the appointment of judges to the Circuit and District Courts of the Commonwealth."

Explanation:

(This amendment specifies the 401 judgeships for which funding is included in this act as of July 1, 2014, out of the 429 judgeships authorized by Senate Bill 443, as adopted by the Senate, for the Circuit, General District, and Juvenile and Domestic Relations District Courts. The total of 401 judgeships includes 155 Circuit Court judges, 121 General District Court judges, and 125 Juvenile and Domestic Relations District Court judgeships funded as of July 1, 2014. During fiscal year 2015, certain retirements and the election of one new judgeship, as specified in this item, will result in a net reduction in the total number of judgeships funded to 399 as of July 1, 2015. These adjustments result in projected unexpended balances of \$568,516 the first year and \$398,978 the second year, which will be transferred to the general fund on or before June 30 of each year. This amendment is contingent upon final passage of Senate Bill 443 by the 2014 General Assembly.)

In accordance with the provisions of § 19.2-349, Code of Virginia, attorneys for the Commonwealth may employ individuals, or contract with private attorneys, private collection agencies, or other state or local agencies, to assist in collection of delinquent fines, costs, forfeitures, penalties, and restitution. If the attorney for the Commonwealth employs individuals, the costs associated with employing such individuals may be paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. If the attorney for the Commonwealth does not undertake collection, the attorney for the Commonwealth shall, as soon as practicable, take steps to ensure that any agreement or contract with an individual, attorney or agency complies with the terms of the current *Master Guidelines Governing Collection of Unpaid Delinquent Court-Ordered Fines and Costs Pursuant to Virginia Code § 19.2-34 9* promulgated by the Office of the

Attorney General, the Executive Secretary of the Supreme Court, the Department of Taxation, and the Compensation Board ("the Master Guidelines"). Notwithstanding any other provision of law, the delinquent amounts owed shall be increased by seventeen (17) percent to help offset the costs associated with employing such individuals or contracting with such agencies or individuals. If such increase would exceed the contracted collection agent's fee, then the delinquent amount owed shall be increased by the percentage or amount of the collection agent's fee. Collection fees shall be paid on a contingency basis, except for the administrative cost imposed by a treasurer or local governing body pursuant to § 58.1-3958, Code of Virginia. Explanation:

(This amendment adjusts the language implementing the collection of delinquent fines, costs, forfeitures, penalties, and restitution, by the Commonwealth's Attorneys. The revised language provides for a consistent collection fee of 17 percent across all localities, eliminates the higher 25 percent collection fee for delinquent accounts over six months, and ensures that contracting is updated to comply with the 2013 legislative policy changes intended by the original language amendment in Item 72.J. in Chapter 806, Acts of Assembly 2013.)

This amendment will support existing programs, including Abingdon, Charlottesville, Chesapeake, Franklin, Henrico, Norfolk, Richmond, Roanoke, Shenandoah, Tazewell, Williamsburg, and others; support continued expansion identified in a 2009 SCHEV study to be funded under the now eliminated federal college access challenge grant, such as Page, Shenandoah, Fredericksburg, Colonial Heights, Petersburg, and Dinwiddie; and if possible support expansion into newer areas also identified in the 2009 SCHEV study, such as Campbell, Halifax, Hanover, and Spotsylvania.)

School divisions must

submit applications to the Department of Education by August 1 of each year. Priority shall be given to schools based on need, based on state accreditation ratings or similar federal designations. Explanation:

(This amendment adds to funding in the introduced budget for extended learning time models to provide for start-up grants of up to \$300,000 per school per year, depending on the extended school year model adopted and would cap planning grants at \$50,000 per school division. In addition, the amendment directs the Department of Education to account for extended school year models in the rebenchmarking of the SOQ in future biennia. This amendment supports the finding in the 2012 JLARC study on year round schooling that such schedules can improve student performance in schools with high percentages of at-risk students. are academically talented in the areas of science, technology, engineering, and applied mathematics. It would also serve all schools in the Commonwealth through research and outreach. The introduced budget proposed eliminating the funding for this rebenchmarking adjustment. Some school divisions may elect to direct these additional resources towards salary increases or bonuses, while others may use them

towards retirement contribution rate increases or other school expenses. For illustrative purposes, the state's share of a one percent salary increase for SOQ teachers and support staff would be about \$40 million per year. Page 129, after line 32, insert:

"b) Beginning with the FY 2016 budget year, Head Start count information shall be based on the most recent data available each fall, and shall be updated annually."

Explanation:

(This amendment 1) funds Virginia Preschool Initiative for At-Risk Four-Year-Olds (VPI) slots at the greater of the values in the budget as introduced or FY 2014 actual slots used, 2) increases in the second year the per pupil amount by almost \$100, and 3) directs the Department of Education to update Head Start count data used in the formula for the VPI, and 4) continues to allow expansion grants if any balances remain, per existing language. To determine the number of slots funded per locality, the number of four-year-olds served in Head Start is subtracted from the estimated number of at-risk four-year-olds by locality. Currently, the initial Head Start count data is not updated during the biennium. For example, for the 2014-16 biennium, the Head Start count would be based on the 2012-13 school year. Given the federal reductions to Head Start during the 2013-14 school year, updating the data for FY 2016 would likely provide some slots back to school divisions that lost funding due to sequestration a year sooner. Preliminary information from the Department of Social Services indicates the Head Start count may have been reduced by about 1,000 children in the 2013-14 school year.)

Page 118, line 33, strike "\$107,855,378" and insert "\$132,855,378".

Explanation:

(This amendment accounts for an additional \$25 million in anticipated revenue from the sale of unclaimed property as Treasury begins final due diligence efforts to locate owners on the last group of accounts related to the large demutualizations of insurance companies between 2003 and 2008. Treasury estimates that during FY 2015 it will be able to identify and liquidate sufficient shares of stock, together with the accrued dividends, to transfer \$25 million in unclaimed property proceeds to the Literary Fund, similar to the transfers in 2009 and 2010 from the first deliveries of demutualization proceeds.)

"f. If additional funds are available after these awards are made, the Department may invite application towards partial awards for any school divisions that did not participate in the compensation incentive funding in FY 2014 but who now plan to provide salary increases."

Explanation:

(This amendment reduces the first year amount for the Strategic Compensation Grants Initiative from \$7.5 million to \$4.5 million and removes second year funding. Thirteen school divisions applied for and were awarded grants totaling \$4.5 million

in FY 2014. This amendment gives priority to new divisions that did not apply in FY 2014, would require a local match for any re-applicants, and if not enough applications are submitted would allow the Department of Education to offer funding up to the amounts allocated in FY 2014 for those divisions that did not provide 2 percent salary increases in FY 2014.)

Explanation:

(This amendment further reduces funding by about 1 percent for teacher staffing in the state operated juvenile detention centers. There were an average of 334 students in the 23 centers in 2012-13. Language also requires a report.)

Upon signed agreement by the relevant local governments and school divisions, the parties may jointly submit application to the State Superintendent of Public Instruction for transitional incentive costs which may be based on part of the difference in per pupil spending between the two school divisions."

Explanation:

(In order to benefit from the operational efficiencies that can allow more resources to support improved student achievement levels and in lieu of transferring certain Petersburg City Schools to the Opportunity Educational Institution, this amendment provides funding in support of transitional incentive costs of a School Services Agreement (SSA) and Tuition Contract to be negotiated between Petersburg and Chesterfield. Upon signature of a Memorandum of Understanding by the two local governments and two school divisions by April 1, 2014 towards development of a more detailed on-going Agreement that would be implemented no later than the 2014-15 school year, the parties may jointly apply for transitional incentive costs which may be based on part of the difference in per pupil spending between the two school divisions. The parameters of the Agreement may include components included in the long-standing Fairfax County and City SSA, under which Fairfax County Public Schools manages and operates the schools, hires and pays staff and develops curriculum, while the City School Board and Superintendent are responsible for the management of the contract and the city-owned buildings. For FY 2012, total operating spending from all sources for Chesterfield Schools was \$8,755 per pupil (with FY 2012 enrollment of 58,432 students), compared with \$10,655 per pupil in Petersburg (4,104 students), which includes on-going federal School Improvement Grant allocations to raise achievement in persistently lowest achieving schools.)

The Secretary is required to prioritize the findings from the report of the Governor's Task Force on Improving Mental Health Services and Crisis Response and make budget recommendations using general fund savings identified above to address any gaps in coverage by November 1, 2014.)

The Secretary shall provide annual updates on the work group's findings and recommendations to the Chairmen of the House Appropriations and Senate Finance Committees, beginning November 1, 2014."

Explanation:

(This language amendment requires the Secretary of Health and Human Resources, in consultation with the Office of the Governor, to create the Alliance of Stakeholders to Transform the Health Care System work group. The goal of the group is to improve access to quality, affordable healthcare through public or private programs, including a robust safety net in order to reduce the overall trajectory of increasing costs in healthcare. Explanation:

(This amendment reduces \$1.4 million GF the second year, reflecting a revised estimate of the number of foster care children that will gain eligibility for coverage

through the federal Fostering Connections Act and therefore transfer from CSA to the Title IV-E foster care program funded through the Department of Social Services. The introduced budget includes an initiative to expand access to foster care and adoption subsidies for youth who currently age out at 18. The initial estimate of \$2.9 million in GF savings assumed that 51 percent of foster care children funded through CSA would transfer to DSS. The revised estimate assumes 75 percent of foster care children will be transferred, consistent with findings from national consultants who have examined implementation of this issue in other states.)

The center is also prohibited from filling vacant positions, unless employment at the center drops below 75 positions. The department may issue a new request for proposal that allows for a reduction in required staffing by 50 percent in the event that no bids are received for the new contract."

Explanation:

(This amendment restores \$5.0 million NGF each year and language from the previous year's budget that required any request for proposal issued for basic relay services to require minimum employment levels. Proposed budget language allows

the department to rebid the contract at a lower employment level in the event that no bids are received for the contract. The introduced budget assumed savings of \$5.0 million NGF from renegotiating the contract without the employment level requirement.)

There is hereby appropriated sum-sufficient nongeneral funds for the Department of Medical Assistance Services (DMAS) to pay the state share of supplemental payments for qualifying private hospital partners of Type One hospitals (consisting of state-owned teaching hospitals) as provided in the State Plan for Medical Assistance Services. Qualifying private hospitals shall consist of any hospital currently enrolled as a Virginia Medicaid provider and owned or operated by a private entity in which a Type One hospital has a non-majority interest. The supplemental payments shall be based upon the reimbursement methodology established for such payments in Attachments 4.19-A and 4.19-B of the State Plan for Medical Assistance Services. DMAS shall enter into a transfer agreement with any Type One hospital whose private hospital partner qualifies for such supplemental payments, under which the Type One hospital shall provide the state share in order to match federal Medicaid funds for the supplemental payments to the private hospital partner. The department shall have the authority to implement this reimbursement change effective upon passage of this act for all payment periods approved in the State Plan, and prior to the completion of any regulatory process undertaken in order to effect such change.

3. The Department of Medical Assistance Services shall promulgate regulations to make supplemental payments to Medicaid physician providers with a medical school located in Eastern Virginia that is a political subdivision of the Commonwealth. The amount of the supplemental payment shall be based on the difference between the average commercial rate approved by the Centers for Medicare and Medicaid Services (CMS) and the payments otherwise made to physicians. Funding for the state share for the Medicaid payments are authorized in Item 243. The department shall have the authority to implement these reimbursement changes consistent with the effective date in the State Plan amendment approved by CMS and prior to completion of any regulatory process in order to effect such changes.

4. The Department of Medical Assistance Services shall have the authority to amend the State Plan for Medical Assistance to establish a supplemental payment for physicians who are members of a practice plan affiliated with a city-owned, long stay hospital. The supplemental payment for each physician shall be based on the difference between the upper payment limit approved by CMS and the reimbursement otherwise payable to physicians from all other existing payments made under the State Plan effective July 1, 2014. There is hereby appropriated sum-sufficient funds for the Department of Medical Assistance Services to pay the state share of supplemental payments for qualifying physicians. However, the department shall not submit the State Plan amendment until it has contracted with all eligible hospitals to transfer funds to the department for use as the state share. As part of the contract, the hospital must represent that it has the authority to make these transfers and that the funds used will comply with federal law for use as the state share. If the hospital is unable to comply with the contract, the department shall have the authority to repeal the supplemental payments. The department shall have the authority to implement the reimbursement change effective upon approval of the State Plan amendment by CMS and prior to the completion of any regulatory process undertaken in order to effect such change.

5. The Department of Medical Assistance Services (DMAS) shall have the authority to amend the State Plan for Medical Assistance Services (State Plan) to implement a supplemental Medicaid payment for local government-owned nursing homes. The total supplemental Medicaid payment for local government-owned nursing homes shall be based on the difference between the Upper Payment Limit of 42 CFR §447.272 as approved by CMS and all other Medicaid payments subject to such limit made to such nursing homes. There is hereby appropriated sum-sufficient funds for DMAS to pay the state share of the supplemental Medicaid payment hereunder. However, DMAS shall not submit such State Plan amendment to CMS until it has

entered into an intergovernmental agreement with eligible local government-owned nursing homes which requires them to transfer funds to DMAS for use as the state share for the supplemental Medicaid payment each is entitled to and to represent that each has the authority to transfer funds to DMAS and that the funds used will comply with federal law for use as the state share for the supplemental Medicaid payment. If a local government-owned nursing home is unable to comply with the intergovernmental agreement, DMAS shall have the authority to modify the State Plan. The department shall have the authority to implement the reimbursement change effective upon approval of the State Plan amendment by CMS and prior to the completion of any regulatory process undertaken in order to effect such change.

6. Approval of all the supplemental Medicaid payments included in paragraph EEEE. of this item are contingent upon final approval of a program to allow individuals to purchase health care coverage as contemplated under the fourth enactment clause of this Act."

Explanation:

(This amendment reduces \$1.4 million GF each year from the introduced budget to provide supplemental physician payments to Children's Hospital of the King's Daughters. Funding instead will be used to offset the cost of restoring inflation for all Virginia hospitals that was reduced by \$36 million GF in the budget as introduced. The amendment also provides DMAS with the authority to make supplemental payments to three hospitals and five government-owned nursing homes in order to generate additional federal Medicaid funding for these entities. The amendment provides DMAS with the authority to make supplemental payments to Culpeper Hospital with state funds currently appropriated to UVA Medical Center. Also, the amendment provides DMAS with the authority to make supplemental payments to physicians of Eastern Virginia Medical School (EVMS) with state funds provided by EVMS. In addition, the amendment provides DMAS with the authority to establish a supplemental payment for physicians who are members of a practice plan affiliated with a city-owned, long stay hospital (Lake Taylor Transition Care Hospital). Further, the amendment adds language authorizing DMAS to make Medicaid supplemental payments for qualifying local government-owned nursing homes. The state's share of the supplemental payments will be provided by the local government-owned nursing homes. Finally, language is added making the approval of Medicaid supplemental payments in this item contingent upon final approval of a program to allow individuals to purchase health care coverage as contemplated under the fourth enactment clause of this Act.)

The introduced budget over-funded the number of community-based ID and DD waiver slots required under the settlement agreement by 225 ID and 10 DD waiver slots in FY 2015. The settlement agreement dictates that the number of slots created in excess of the "requirement shall be counted towards the slots required to be created in the subsequent fiscal year." In FY 2014, more than 350 ID and 55 DD waivers were created above the settlement agreement's requirement, therefore fewer slots are required in FY 2015. "KKK. The Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to convert the current cost-based payment methodology for nursing facility operating rates in 12 VAC 30-90-41 to a price-based methodology effective July 1, 2014. The new price-based payment methodology shall be implemented in a budget neutral manner.

1. The department shall calculate prospective operating rates for direct and indirect costs in the following manner:
 - a. The department shall calculate the cost per day in the base year for direct and indirect operating costs for each nursing facility. The department shall use existing definitions of direct and indirect costs.
 - b. The initial base year for calculating the cost per day is cost reports ending in calendar year 2011. The department shall rebase prices in fiscal year 2018 and every three years thereafter using the most recent reliable calendar year cost-settled cost reports for freestanding nursing facilities that have been

completed as of September 1.

c. Each nursing facility's direct cost per day shall be neutralized by dividing the direct cost per day by the raw Medicaid facility case mix that corresponds to the base year by facility.

d. Costs per day shall be inflated to the midpoint of the fiscal year rate period using the moving average Virginia Nursing Home inflation index for the 4th quarter of each year (the midpoint of the fiscal year). Costs in the 2011 base year shall be inflated from the midpoint of the cost report year to the midpoint of fiscal year 2012 by pro-rating fiscal year 2012 inflation and annual inflation after that. Annual inflation adjustments shall be based on the last available report prior to the beginning of the fiscal year and corrected for any revisions to prior year inflation.

e. Prices will be established for the following peer groups using a combination of Medicare wage regions and Medicaid rural and bed size modifications based on similar costs.

- 1) Direct Peer groups
 - Northern Virginia MSA
 - Other MSAs
 - Northern Rural
 - Southern Rural
- 2) Indirect Peer Groups
 - Northern Virginia MSA
 - Rest of State – Greater than 60 Beds
 - Other MSAs
 - Northern Rural
 - Southern Rural
 - Rest of State – 60 Beds or Less

f. The price for each peer group shall be based on the following adjustment factors:

- 1) Direct - 105 percent of the peer group day-weighted median neutralized and inflated cost per day for freestanding nursing facilities.
 - 2) Indirect - 100.7 percent of the peer group day-weighted median inflated cost per day for freestanding nursing facilities.
- g. Facilities with costs projected to the rate year below 95 percent of the price shall have an adjusted price equal to the price minus the difference between their cost and 95 percent of the unadjusted price. Adjusted prices will be established at each rebasing. New facilities after the base year shall not have an adjusted price until the next rebasing. The “spending floor” limits the potential gain of low cost facilities, thereby making it possible to implement higher adjustment factors for other facilities at less cost.
- h. Individual claim payment for direct costs shall be based on each resident’s Resource Utilization Group (RUG) during the service period times the facility direct price (similar to Medicare).
- i. Resource Utilization Group (RUG) is a resident classification system that groups nursing facility residents according to resource utilization and assigns weights related to the resource utilization for each classification. The department shall use RUGS to determine facility case mix for cost neutralization in determining the direct costs used in setting the price and for adjusting the claim payments for residents. The department may elect to transition from the RUG-III 34 Medicaid grouper to the RUG-IV 48 grouper in the following manner.
- 1) The department shall neutralize direct costs per day in the base year using the most current RUG grouper applicable to the base year.
 - 2) The department shall utilize RUG-III 34 groups and weights in fiscal year 2015 for claim payments.
 - 3) Beginning in fiscal year 2016, the department may elect to implement RUG-IV 48 Medicaid groups and weights for claim payments.
 - 4) RUG-IV 48 weights used for claim payments will be normalized to RUG-III 34 weights as long as base year costs are neutralized by the RUG-III 34 group. In that the weights are not the same under RUG IV as under RUG III, normalization will insure that total payments in direct using the RUGs IV 48 weights will be the same as total payments in

direct using the RUGs-III 34 grouper.

j. The department shall transition to the price-based methodology over a period of four years, blending the price-based rate described here with the cost-based rate based on current law with the following adjustments. The facility cost-based operating rates shall be the direct and indirect rates for fiscal year 2015 based on facility case mix neutral rates modeled after the law that would have been in effect in fiscal year 2015 absent this amendment and using base year data from calendar year 2011 inflated to the rate year. Based on a four-year transition, the rate will be based on the following blend:

- 1) Fiscal year 2015 - 25 percent of the price-based rate and 75 percent of the cost-based rate.
- 2) Fiscal year 2016 - 50 percent of the price-based rate and 50 percent of the cost-based rate.
- 3) Fiscal year 2017 - 75 percent of the price-based rate and 25 percent of the cost-based rate.
- 4) Fiscal year 2018 - 100 percent of the price-based (fully implemented).

During the first transition year for the period July 1, 2014 through October 31, 2014, DMAS shall case-mix adjust each direct cost component of the rates using the average facility case mix from the two most recent finalized quarters (September and December 2013) instead of adjusting this component claim by claim.

Cost-based rates to be used in the transition for facilities without cost data in the base year but placed in service prior to July 1, 2013 shall be determined based on the most recently settled cost data. If there is no settled cost report at the beginning of a fiscal year, then 100 percent of the price-based rate shall be used for that fiscal year. Facilities placed in service after June 30, 2013 shall be paid 100 percent of the price-based rate.

2. Prospective capital rates shall be calculated in the following manner.
 - a. Fair rental value per diem rates for the fiscal year shall be calculated for all

freestanding nursing facilities based on the prior calendar year information aged to the fiscal year and using RS Means factors and rental rates corresponding to the fiscal year. There will be no separate calculation for beds subject to and not subject to transition.

b. The department shall develop a procedure for mid-year fair rental value per diem rate changes for nursing facilities that put into service a major renovation or new beds. A major renovation shall be defined as an increase in capital of \$3,000 per bed. The nursing facility shall submit complete pro forma documentation at least 60 days prior to the effective date and the new rate shall be effective at the beginning of the month following the end of the 60 days. The provider shall submit final documentation within 60 days of the new rate effective date and the department shall review final documentation and modify the rate if necessary effective 90 days after the implementation of the new rate. No mid-year rate changes shall be made for an effective date after April 30 of the fiscal year.

c. The rental rate shall be 8.75 percent in fiscal year 2015, 8.5 percent in fiscal year 2016, 8.25 percent in fiscal year 2017 and 8.0 percent in fiscal year 2018 and future years.

d. These FRV changes shall also apply to specialized care facilities.

e. The capital per diem rate for hospital-based nursing facilities shall be the last settled capital per diem.

3. Prospective Nurse Aide Training and Competency Evaluation Programs (NATCEP) rates shall be the Medicaid per diem rate in the base year inflated to the rate year based on inflation used in the operating rate calculations.

4. A prospective rate for criminal records checks shall be the per diem rate in the base year.

5. The department shall have the authority to implement these payment changes effective July 1, 2014 and prior to completion of any regulatory process in order to effect such changes."

Explanation:

(This budget-neutral language amendment requires the Department of Medical Assistance Services to implement a fully prospective, price-based payment methodology for nursing facility services to be phased in over four years beginning July 1, 2014. The new methodology, which grew out of budget language adopted by

the 2013 General Assembly, is designed to facilitate the transition of individuals receiving nursing home services to managed care under the dual eligible demonstration project, which is designed to improve coordination of care and potentially reduce costs.)

Explanation:

(This amendment adds \$750,000 the first year and \$1.5 million the second year from the general fund for Discharge Assistance Planning. Funding will be used to address the mental health support needs of individuals who are residing in state mental health facilities that have been deemed "clinical ready for discharge" but lack access to community mental health services to allow for transition to the community. Last year, additional funding allowed for the transition of 57 individuals from state mental health facilities into the community providing additional inpatient hospital treatment capacity at state facilities.)

Explanation:

(This amendment provides \$750,000 the first year and \$1.5 million the second year from the general fund for local inpatient purchase of service dollars to allow community services boards to contract with private hospitals for acute and sub-acute mental health treatment. Funding will be used to contract for additional inpatient

Permanent Supportive Housing (PSH) reduces and prevents homelessness among adults with SMI and, by ensuring stable affordable housing with intensive supportive services, significantly reduces high-cost emergency and institutional care. Housing assistance budgets will be based on HUD Fair Market Rental Rates after accounting for participants' contributions and ICT services will be provided by a mobile, self-contained interdisciplinary team of at least five full-time equivalent clinical staff for individuals with SMI who are at high risk for hospitalization, emergency room intervention, arrest, and displacement from housing due to their need for intensive outreach and treatment.)

Explanation:

(This amendment adds \$336,320 the first year and \$336,893 the second year from the general fund to hire security personnel and provide funding for the monthly VITA charge associated with a DS3 line at the Commonwealth Center for Children and Adolescents (CCCA). Western State Hospital (WSH) and the CCCA have shared a campus and numerous support and ancillary services including security and telecommunications and network services. WSH has a new facility which opened October 2013. However, the new campus is no longer located adjacent to the CCCA and is several miles away. Although many shared services will be maintained, CCCA will incur additional operating costs as a result of Western State's move, as some services can no longer be shared due to the increased distance, such as the DS3 connection to the Commonwealth of Virginia network. In addition, the security staff at WSH will no longer be located close enough for appropriate emergency response.)

2. Out of this appropriation, \$375,000 the first year shall be used for capital costs at Hiram Davis Medical Center to ensure sufficient medical capacity is available to

serve patients with medical needs when the state becomes the facility of last resort."

Explanation:

(This amendment provides \$4.4 million GF the first year to ensure sufficient bed and medical capacity is available at state mental health facilities to be the provider of last resort if an individual who is held under an emergency custody order is determined to need temporary detention and treatment and an appropriate facility cannot be located within a 24-hour period. The amendment adds \$4.1 million GF the first year to create 30 beds at three state mental health facilities. Other amendments provide additional resources to reduce the reliance upon state mental health facilities for inpatient psychiatric treatment, therefore, funding is only provided in the first year. Any unexpended funds in FY 2015 for bed capacity can be carried forward until the next year. Funding included in the introduced budget added 20 acute mental health treatment beds at Eastern State Hospital. Finally, \$375,000 GF the first year is included for infrastructure improvements at Hiram Davis Medical Center to ensure appropriate medical care is available if an individual is placed in a state mental health facility.)

Explanation:

(This amendment adds \$500,000 each year from the general fund to restore funding for Long-term Employment Support Services, a program designed to assist people with disabilities who are working in supportive competitive employment. CILs provide peer monitoring, independent living skills training, information and referral services, and advocacy. This resulted in fewer independent

living services to people who are at risk of nursing facility and other institutional placements. Explanation:

(This technical amendment moves an appropriation between services areas within a program and will have no impact on agency operations or services. The Department of Social Services (DSS) currently expends all local DSS appropriations from a single service area (46010), thereby creating a single pool for local dollars. The introduced budget attempted to consolidate all appropriation from the two separate service areas (46003 and 46006) into the new one so that the Appropriation Act would reflect agency operations. However, a portion of the local funding (\$21.6 million) left in service area (46003) was not moved into the single pool (46010). This technical change is necessary so the budget is transparent and the total support for eligibility operations is not understated.)

"A. Each year by May 1 the Auditor of Public Accounts shall calculate the fines reversion amount defined as equal to one-half of (i) the total of the local fines and forfeitures collected by the District Courts in the immediately preceding fiscal year less (ii) 65 percent of the total fines and forfeitures collected by the District Courts for such prior fiscal year for each locality.

B. The Auditor of Public Accounts shall provide written notice to each locality of the amount of its fines reversion as defined in A. above and shall provide a copy of the notice to the State Comptroller.

C. Each locality receiving notice that it has a fines reversion as defined in A. above shall submit a payment to the State Comptroller for the entire amount of the reversion by August 1 for deposit into the Literary Fund."

Explanation:

(This amendment adjusts the provision included in the 2012 appropriation act concerning the reversion of one-half of the amount of revenues collected by localities based on local ordinances, which was in excess of 50 percent of the total collections from fines and fees. The 2012 appropriation act included language directing the Office of the State Inspector General to review this procedure. This revised language is based on the findings and recommendations in the Inspector General's report, which was released in May 2013. This revised language now restricts the consideration of revenues to be addressed by the Auditor of Public Accounts for this purpose to fines and forfeitures, thereby excluding Sheriffs' and certain other fees from the calculation. In addition, the percentage threshold, above which one half of the excess revenues are to be returned for deposit into the Literary Fund, is increased from 50 to 65 percent.

Finally, the process for reverting the funds has been simplified. A companion amendment to Item 37 in this act provides for the Executive Secretary of the Supreme Court to ensure the deposits of these funds for the Commonwealth by the courts.)

Enactment clause 4 requires the Secretary of Health and Human Resources to develop and implement a program to allow low-income uninsured Virginians to purchase health care coverage through a private insurance network. The program must include: (i) requirements for a health benefit package based on the Anthem KeyCare 30 Plan; (ii) requirements to include traditional and community-based behavioral health services; (iii) systems for determining eligibility for participation in the program; (iv) provisions for payment of premium assistance for participants; (v) requirements for cost-sharing of up to 5 percent of total household income for health care expenses, as appropriate; (vi) requirements for personal responsibility and accountability related to the delivery of health care such as appropriate use of health care services to avoid overutilization of emergency care and to promote healthy behaviors; (vii) provisions for

"46.2-689.10. Refund for Certain Diesel Passenger Vehicles.

The Department of Motor Vehicles shall discount by \$20.00 per year the fees provided in §§ 46.2-694 and 46.2-697, Code of Virginia, for any person registering

or renewing the registration of any vehicle (i) that is designed to be powered by diesel fuel, (ii) that is either a passenger car, a pickup or panel truck, or a truck, as those terms are defined in § 46.2-100, Code of Virginia, and (iii) that, if it is a truck, has a gross vehicle weight rating of 10,000 pounds or less. The Department shall provide such discounted fees to vehicle registrants and shall not provide any refunds under subsection E of § 58.1-2259, Code of Virginia, to persons purchasing diesel fuel. Each discount provided by the Department shall be deducted from those portions of the registration fees that are to be deposited to the Highway Maintenance and Operating Fund.

§ 58.1-2259. Fuel uses eligible for refund of taxes paid for motor fuels.

5. Purchased by a licensed exporter and subsequently transported and delivered by such licensed exporter to another state for sales or use outside the boundaries of the Commonwealth if the tax applicable in the destination state has been paid, provided a refund shall not be granted pursuant to this section on any fuel which is transported and delivered outside of the Commonwealth in the fuel supply tank of a highway vehicle or an aircraft;
6. Used by any person performing transportation under contract or lease with any transportation district for use in a highway vehicle controlled by a transportation

district created under the Transportation District Act of 1964 (§ 15.2-4500 et seq.) and used in providing transit service by the transportation district by contract or lease, provided the refund shall be paid to the person performing such transportation;

7. Used by any private, nonprofit agency on aging, designated by the Department for Aging and Rehabilitative Services, providing transportation services to citizens in highway vehicles owned, operated or under contract with such agency;

8. Used in operating or propelling highway vehicles owned by a nonprofit organization that provides specialized transportation to various locations for elderly or disabled individuals to secure essential services and to participate in community life according to the individual's interest and abilities;

9. Used in operating or propelling buses owned and operated by a county or the school board thereof while being used to transport children to and from public school or from school to and from educational or athletic activities;

12. Used in operating or propelling the equipment of volunteer firefighting companies and of volunteer rescue squads within the Commonwealth used actually and necessarily for firefighting and rescue purposes;

13. Used in operating or propelling motor equipment belonging to counties, cities and towns, if actually used in public activities;

14. Used for a purpose other than in operating or propelling highway vehicles, watercraft or aircraft;

15. Used off-highway in self-propelled equipment manufactured for a specific off-road purpose, which is used on a job site and the movement of which on any highway is incidental to the purpose for which it was designed and manufactured;

16. Proven to be lost by accident, including the accidental mixing of (i) dyed diesel fuel with tax-paid motor fuel, (ii) gasoline with diesel fuel, or (iii) undyed diesel fuel with dyed kerosene, but excluding fuel lost through personal negligence or theft;

17. Used in operating or propelling vehicles used solely for racing other vehicles on a racetrack;

18. Used in operating or propelling unlicensed highway vehicles and other unlicensed equipment used exclusively for agricultural or horticultural purposes on lands owned or leased by the owner or lessee of such vehicles and not operated on or over any highway for any purpose other than to move it in the manner and for the purpose mentioned. The amount of refund shall be equal to the amount of the taxes paid less one-half cent per gallon on such fuel so used which shall be paid by the Commissioner into the state treasury to the credit of the Virginia Agricultural Foundation Fund;

19. Used in operating or propelling commercial watercraft. The amount of refund shall be equal to the amount of the taxes paid less one and one-half cents per gallon on such fuel so used which shall be paid by the Commissioner into the state treasury to be credited as provided in subsection D of § 58.1-2289. If any applicant so requests, the Commissioner shall pay into the state treasury, to the credit of the Game Protection Fund, the entire tax paid by such applicant for the purposes specified in subsection D of § 58.1-2289. If any applicant who is an operator of commercial watercraft so requests, the Commissioner shall pay into the state treasury, to the credit of the Marine Fishing Improvement Fund, the entire tax paid by such applicant for the purposes specified in § 28.2-208;

20. Used in operating stationary engines, or pumping or mixing equipment on a highway vehicle if the fuel used to operate such equipment is stored in an auxiliary tank separate from the fuel tank used to propel the highway vehicle, and the highway vehicle is mechanically incapable of self-propulsion while fuel is being used from the auxiliary tank; or

21. Used in operating or propelling recreational and pleasure watercraft.

B. 1. Any person purchasing fuel for consumption in a solid waste compacting or ready-mix concrete highway vehicle, or a bulk feed delivery truck, where the vehicle's equipment is mechanically or hydraulically driven by an internal combustion engine that propels the vehicle, is entitled to a refund in an amount equal to 35 percent of the

tax paid on such fuel. For purposes of this section, a "bulk feed delivery truck" means bulk animal feed delivery trucks utilizing power take-off (PTO) driven auger or air feed discharge systems for off-road deliveries of animal feed.

2. Any person purchasing fuel for consumption in a vehicle designed or permanently adapted solely and exclusively for bulk spreading or spraying of agricultural liming materials, chemicals, or fertilizer, where the vehicle's equipment is mechanically or hydraulically driven by an internal combustion engine that propels the vehicle, is entitled to a refund in an amount equal to 55 percent of the tax paid on such fuel.

C. Any person purchasing any fuel on which tax imposed pursuant to this chapter has been paid may apply for a refund of the tax if such fuel was consumed by a highway vehicle used in operating an urban or suburban bus line or a taxicab service. This refund also applies to a common carrier of passengers which has been issued a certificate pursuant to § 46.2-2075 or 46.2-2099.4 providing regular route service over the highways of the Commonwealth. No refund shall be granted unless the majority of the passengers using such bus line, taxicab service or common carrier of passengers do so for travel of a distance of not more than 40 miles, one way, in a single day between their place of abode and their place of employment, shopping areas or schools.

If the applicant for a refund is a taxicab service, he shall hold a valid permit from the Department to engage in the business of a taxicab service. No applicant shall be denied a refund by reason of the fee arrangement between the holder of the permit and the driver or drivers, if all other conditions of this section have been met.

Under no circumstances shall a refund be granted more than once for the same fuel. The amount of refund under this subsection shall be equal to the amount of the taxes paid, except refunds granted on the tax paid on fuel used by a taxicab service shall be in an amount equal to the tax paid less \$0.01 per gallon on the fuel used.

Any refunds made under this subsection shall be deducted from the urban highway funds allocated to the highway construction district, pursuant to Article 1.1 (§ 33.1-23.01 et seq.) of Chapter 1 of Title 33.1, in which the recipient has its principal place of business.

Except as otherwise provided in this chapter, all provisions of law applicable to the refund of fuel taxes by the Commissioner generally shall apply to the refunds authorized by this subsection. Any county having withdrawn its roads from the secondary system of state highways under provisions of § 11 Chapter 415 of the Acts

of 1932 shall receive its proportionate share of such special funds as is now provided by law with respect to other fuel tax receipts.

D. Any person purchasing fuel for consumption in a vehicle designed or permanently adapted solely and exclusively for bulk spreading or spraying of agricultural liming materials, chemicals, or fertilizer, where the vehicle's equipment is mechanically or hydraulically driven by an internal combustion engine that propels the vehicle, is entitled to a refund in an amount equal to 55 percent of the tax paid on such fuel.

~~E. Any person purchasing diesel fuel used in operating or propelling a passenger car, a pickup or panel truck, or a truck having a gross vehicle weight rating of 10,000 pounds or less is entitled to a refund of a portion of the taxes paid in an amount equal to the difference between the rate of tax on diesel fuel and the rate of tax on gasoline and gasohol pursuant to § 58.1-2217. For purposes of this subsection, "passenger car," "pickup or panel truck," and "truck" shall have the meaning given in § 46.2-100. Notwithstanding any other provision of law, diesel fuel used in a vehicle upon which the fuels tax has been refunded pursuant to this subsection shall be exempt from the tax imposed under Chapter 6 (§ 58.1-600 et seq.).~~

F. Refunds resulting from any fuel shipments diverted from Virginia shall be based on the amount of tax paid for the fuel less discounts allowed by § 58.1-2233.

G. Any person who is required to be licensed under this chapter and is applying for a refund shall not be eligible for such refund if the applicant was not licensed at the time the refundable transaction was conducted. "

Explanation:

(This amendment modifies provisions of House Bill 2313 as adopted by the 2013 General Assembly relating to the provision of a refund on gasoline taxes paid by diesel powered passenger vehicles of 10,000 or fewer pounds. As adopted, HB 2313 provides a mechanism whereby owners of diesel passenger vehicles may apply for and receive a refund for the portion of motor fuel taxes they are charged that is in excess of the amount paid by gasoline powered passenger vehicles. This process has proven to be cumbersome. As an alternative, this language would reduce the annual vehicle registration fee paid by owners of these diesel passenger vehicles in an amount

proportional to the motor fuel tax paid by the driver of an average diesel passenger vehicle. The reduction totals \$20.00 per year per vehicle.)

The Senate met at 10:00 a.m. and was called to order by Lieutenant Governor Ralph S. Northam.

Dear wise and loving Father, first, let me say, thank You Lord for the invitation and another day to serve You. Thank You on behalf of Senator Stanley and all who are gathered here today. Thank You for Your unlimited blessings. Thank You for our measure of health and grace we need to fulfill our assignments. Thank You for loving us in spite of our shortcomings.

Lord You have said in the scriptures that citizens ought to obey the governing authorities since You have established those very authorities to promote peace, order and justice.

Therefore, I pray for our President, our Governor and for all various levels of government especially the Senate today. I am asking that You would in Your entire grace and mercy grant unto them:

Courage for their assignments

Creative ideas for the betterment of our state

Wisdom to govern in the midst of the conflicting interests and the crucial issues of our times

A heart of concern and love for the people of our state

A keen thirst for justice and rightness

Confidence to take a stand and speak without fear

Unity to work together

Good health and strength to continue their assignments

And Lord I ask for protection from all hurt, harm and danger

Lastly Lord, I pray for the agenda set before them today. Please give them an assurance of what would please You and what would benefit those who live and work in this beautiful state of Virginia. It is in Your name, Jesus, I pray. Amen.

The Honorable A. Donald McEachin, Henrico, Virginia, offered the following prayer:

Creator God, we acknowledge that this is the day that You have made and we will rejoice in it.

We thank You for delivering us to this Senate floor today, despite the weather. We also pray for the safety of our brothers and sisters as they confront and recover from this wintery weather. In the midst of whatever challenges that may arise, allow all of us to know that You are our God and that Your protection, grace and mercy are always with us.

Father God, as we draw near to the end of this session remind us that we are sent here to find common ground. Bless our budget conferees in both the Senate and the House. Allow them to free themselves from partisan concerns and concern themselves with only what is best for Virginia.

Finally, Father, we lift up the memory of Your servant Benjamin Lambert III. We thank You for the 77 years You allowed him to be with us. We thank You for his kindness. We thank You for his grace, and we thank You for his spirit of public service. We lift up to You this family at this time. Prop them up on every leaning side during this time of sorrow. Give them Your peace which passes all understanding.

Please continue to bless this Commonwealth and Country that we love. Indeed we beseech You to bless all of Your Creation. Amen.

Heavenly Father, we acknowledge Your presence in this very room. By Your omnipresence You are already here so we pray that our awareness of You might be greatly enlarged.

What transpires in these chambers is to be an instrument of care and protection for the people of our Commonwealth. Scripture teaches us, "If any of you lack wisdom, let him ask of God." So we seek Your wisdom and judgment in the process of governing our State.

Those elected to serve in our Senate have needs, like all of us, so we pray for their protection, their health and their families, as well as those they serve.

And Lord, may You be pleased and honored with what transpires here today, so we can say, with conviction:

"God bless America, and God bless the Commonwealth of Virginia."

This I pray, in the name of Him whom I deem my personal Savior. Amen.

SATURDAY, MARCH 8, 2014

The Senate met at 10:00 a.m. and was called to order by Lieutenant Governor Ralph S. Northam.

The Reverend Kirby D. Smith, Oak Forest Baptist Church, Chesterfield, Virginia, offered the following prayer:

God of Grace, and God of Glory, look with benevolence upon this chamber today.

As the Senators of our Commonwealth have travelled from their homes and families to seek justice, equity, peace, and bounty for each of us who call this beautiful and historical state home, keep them mindful that beyond themselves, and beyond their constituents, there is One far greater than they whom they serve.

One who is pleased with integrity and humility.

One who smiles upon right conviction, but rejoices in compassion.

One who is patient with the rigor of our debates, but only so long as they are tempered by graciousness toward those with whom we disagree.

Therefore Lord, if there be any enmity here today, any ill will which could be a stumbling block to the successful completion of the work which should here be accomplished, may it be that every heart be washed clean by Thy divine showers of forgiveness, that grace may be extended across the aisles of both personalities and partisanship.

And finally Father, protect and keep the families and loved ones of our legislators, while these who are here serving us are away from hearth and home. Provide for the ones they love, O God. Keep them from harm, grant them health and strength of mind, body, and spirit.

We thank Thee, Dear Lord, for inclining Thine ear, and opening Thine heart to us, as we pray. Amen.

The roll was called and the following Senators answered to their names:

Alexander, Barker, Black, Carrico, Colgan, Cosgrove, Deeds, Ebbin, Edwards, Favola, Garrett, Hanger, Howell, Lewis, Locke, Marsden, Marsh, Martin, McDougale, McEachin, McWaters, Miller, Newman, Norment, Obenshain, Petersen, Puller, Reeves, Ruff, Saslaw, Smith, Stanley, Stosch, Stuart, Vogel, Wagner, Watkins, Wexton.

SUBSEQUENT TO ADJOURNMENT SINE DIE**

Subsequent to adjournment sine die, the following communication was received from the Governor:

COMMONWEALTH OF VIRGINIA

Office of the Governor

March 8, 2014

TO THE MEMBERS OF THE GENERAL ASSEMBLY:

I am pleased to write to you at the conclusion of the regular session of the 2014 General Assembly. Thank you for your dedication to the people of Virginia and your service to the Commonwealth.

During the first session of my administration, I am pleased that we have found common ground on many issues including economic development, SOL reform, transportation and veterans issues. I have highlighted some of these achievements below. But our work is not done.

We achieved much success with a bipartisan coalition of legislators to enhance Virginia's economic development tools so that we can create jobs and grow the economy. Growing Virginia businesses and bringing new ones to the Commonwealth from all over the globe is my top priority as Governor, and the tools we enhanced this session will aid me and my team as we work full time on creating more jobs for Virginians. As I promised during my campaign, I strongly supported legislation that increases the cap on research and development tax credits. This legislation enhances Virginia's business climate and builds on the strong presence of thriving, innovative companies in the Commonwealth. In addition, I worked hard to secure critical increases for the motion picture production tax credit. This increase is critical for the film industry in Virginia as tax credits provide continuity to potential film clients for long range planning. We are well positioned to continue our success for attracting films and television series with this enhanced economic development tool.

Working with a bipartisan team in both chambers, I was pleased to see the quick success of my first introduced bill in the legislature, Senator Puckett's Senate Bill 673. This bill addresses the dire need of the City of Bristol to remit sales tax for the repayment of revenue bonds permitted by 2012 legislation establishing a retail development area in the region. The legislation is essential to the continued progress of this important project, which the city would be otherwise unable to complete. I am honored to help this project move forward, which represents a significant local investment and has the expectation of 2,000 jobs for a region that needs them the most.

Few issues came up more often in my campaign for Governor than reforming the Standards of Learning (SOL) program. We know that the SOLs are not meeting the needs of our students, parents and teachers. Therefore, SOL reform was a main priority for my administration this General Assembly Session. With the introduction of bipartisan SOL reform bills by Delegates Tag Greason and Rob Krupicka, and others, we were able to work in concert with legislators, stakeholders and education experts to begin making progress on the important work of reforming and strengthening our standardized testing system.

Delegate Greason's omnibus bill, House Bill 930, will reduce the number of SOL assessments from 22 to 17 for elementary and middle school students. This legislation empowers teachers to utilize class time in a way that promotes innovative knowledge. In addition, this bill creates the *Standards of Learning Innovation Committee* which will bring together legislators and stakeholders to review current SOL practices and recommend best practices to ensure that Virginia's testing structure prepares our students to compete globally in the 21st century.

As for transportation, I strongly supported and worked with House and Senate leaders to produce legislation that outlines a transparent, data-driven process for evaluating new transportation projects. House Bill 2 is a landmark piece of legislation that will play a pivotal role in determining how we spend transportation dollars and will ensure that Virginia's taxpayers are getting the best value for their money. In addition, I look forward to signing Senate Bill 156, which encourages the use of E-Z Pass transponders and eliminates any unnecessary fees on Virginia's toll roads.

For public safety, I am proud to have already signed both Senate Bill 381 by Senator Reeves and House Bill 730 by Delegate Lingamfelter, legislation that transfers the responsibility for overseeing and coordinating efforts to strengthen homeland security from the Secretary of Veterans Affairs and Homeland Security to the Secretary of Public Safety. This reorganization resulted from a 2013 report by the Joint Legislative Audit and Review Commission's on disaster preparedness planning in Virginia. This important change will ensure the Commonwealth can effectively and efficiently coordinate preparedness efforts.

I am honored to have worked with the General Assembly to move Virginia forward this session in promoting veterans and their families. Senator Locke carried Senate Bill 18 which will improve financial security for military families by providing unemployment compensation to military spouses who leave their job to accompany their active duty spouse to a new military duty assignment in another state. More than half of active duty service members are married and spouse employment is a key income source for many military families. I strongly supported this legislation and look forward to signing it when it gets to my desk.

While we have proven that we are capable of working together for the common good on many issues, I am disappointed that politics have deadlocked budget negotiations this session, and forced Virginia families to continue to wait until we can bring their money back to expand much-needed health coverage across the Commonwealth. Therefore, upon adjournment Sine Die, I will be calling the House and Senate back for a Special Session commencing on March 24, 2014. My intention is for this session to last for three weeks so the House and Senate can resolve outstanding budget issues and reach an agreement on closing the coverage gap. More than 400,000 uninsured Virginians have been waiting too long to access this coverage. The House and Senate need to find common ground on a path forward that funds the priorities most important to Virginia families, including bringing their money home to keep people healthy, creating up to 30,000 jobs and helping net the Commonwealth \$1 billion by 2022.

Again, I commend you on your hard work on behalf of the Virginians who sent us here to represent them. While I regret that partisan politics have prevented the passage of a budget that funds the Commonwealth and closes the coverage gap, I have no doubt that members of the General Assembly will come together and find common ground early in the upcoming Special Session. Thank you for all that you do for the people of our great Commonwealth.

Sincerely,

/s/ Terence R. McAuliffe

WEDNESDAY, APRIL 23, 2014

The Senate met at 12 m. in Reconvened Session of the 2014 Regular Session and was called to order by Lieutenant Governor Ralph S. Northam.

The Reverend Alex Evans, Second Presbyterian Church, Richmond, Virginia, offered the following prayer:

God of Power, God of Light and Love, God of all that is right and good, You are as far away as far, and You are as close as the air we breathe.

You give us life. You give us this day. You give us hope. You give us important work to do.

As we gather today in this historic Senate Chamber, we know You are here.

Thank You, wonderful God.

Thank You for these men and women who have been elected to lead in this great Commonwealth. We rejoice that we have a Constitution and a Commonwealth that is of the people, by the people, and for the people. So we open our hearts and minds and lives to Your presence and direction, for You are God of all that is right and good.

Remind us again that life comes as a gift.

Teach us again that life is about service—serving You and serving others.

Use these men and women, we pray, use all that happens in this chamber today

- to break down walls of hostility
- to bind up the broken
- to heal wounds
- to help those most in need
- to bring about life and hope, peace and wholeness for all citizens of this Commonwealth.

And when there seems to be no way forward, when divisions prove too large, when debates drive people apart, be at work to increase grace, to build compromise, and to find consensus that is of the people, and for the people—the common good—for peace and light across this Commonwealth. Help each person here to see with each other's eyes, to listen with each other's ears, to act with conviction, but most of all COMPASSION.

And let every action and vote lead to more justice and more righteousness across Virginia.

We pray in the Spirit of the one God who has established this Commonwealth, who has watched over Virginia in ages past, and we know is the ONE GOD who watches over our coming and going forever. Amen.

SENATE BILLS VETOED BY THE GOVERNOR

S.B. 236 (two hundred thirty-six) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

April 4, 2014

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 236, which proposes to codify the right of students in public schools to pray, engage in religious activities or other forms of expression and to organize prayer groups, gatherings and religious clubs to the same extent that students may engage in nonreligious activities or expression and organize other activities and groups.

While this bill provides that school divisions may disclaim school sponsorship of student-organized religious groups and activities, it requires divisions to adopt a policy that creates a “limited public forum” at every school event with a public speaker and refrain from regulating a student’s voluntary expression of a religious viewpoint on an otherwise permissible subject in such a setting.

Although proponents claim that SB 236 is needed to protect the religious freedom of Virginia’s public school students, the bill actually infringes on students’ right to be free from coercive prayer and religious messaging at both voluntary and required school events. It is firmly settled in law that the Establishment Clause of the United States Constitution forbids school-sponsored prayer and religious indoctrination, as well as any school initiative designed to endorse prayer or sponsor a particular religious viewpoint. Further, the federal Equal Access Act already requires high schools to allow students’ religious clubs the same privileges afforded to secular clubs.

Importantly, the *Guidelines Concerning Religious Activity in the Public Schools*, developed by the State Board of Education and the Office of the Attorney General, have, since 1995, clearly informed Virginia school divisions of the extensive breadth of students’ freedom of religious expression, including choice of religious literature, discussion of religious themes with other willing students, voluntary student prayer, and other non-disruptive expressions of belief, both verbal and as expressed through attire or other personal effects.

I believe SB 236 is not necessary to ensure students’ freedom of religious expression. The freedom of religious expression is already protected from intrusion by Virginia school divisions. SB 236 would likely subject school divisions to extensive and costly litigation. This would seriously impinge on the ability of our schools to fulfill their most important mission – providing our students with the quality education they require to succeed in the future.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

RULE 36--0.

S.B. 310 (three hundred ten) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

April 7, 2014

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 310, which proposes to make substantive changes to certain census blocks in Senate Districts 13, 15, 16, 17, 18, 19, 20, 22, 23, and 33.

Proponents of the bill rightly point out that the proposed changes target the issue of “split precincts.” This is a situation in which precinct boundaries do not line up exactly with legislative districts. A “split precinct” complicates the task of Board of Elections volunteers and staff, who have to determine which ballots voters need on a more granular level than if the precinct were wholly contained within one legislative district.

However, the merits of the bill are outweighed by significant legal and policy concerns.

Legally, there is some question of the bill’s constitutionality. According to Article II Section 6 of the Virginia Constitution, “The General Assembly shall reapportion the Commonwealth into electoral districts in accordance with this section in the year 2011 and every ten years thereafter.” Proponents of the bill would argue that this language directs the General Assembly to redistrict every ten years, but contains no limitations on the power of the legislature to redistrict in other years. However, in the case of *Little et al v. Virginia State Board of Elections*, the Richmond Circuit Court interpreted this language to “limit the General Assembly’s authority to reapportion Virginia’s electoral districts after the year 2011” (page 15). This finding by the Court raises serious concerns about the bill’s constitutionality and increases the risks of costly and time-consuming litigation.

Furthermore, this bill sets a terrible precedent. Allowing the legislature to make substantive changes to electoral districts more frequently than once a decade injects further partisanship into a process that I regard as already too partisan. Annual legislative arguments over redistricting and gerrymandering distract the Commonwealth from the serious challenges we face, as well as undermine the trust of our citizens in their government.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

S.B. 555 (five hundred fifty-five) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 27, 2014

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto SB 555, which prohibits the censorship, by state agencies or officials, of the religious content of sermons offered by Virginia National Guard Chaplains, provided such content does not urge the disobedience of lawful orders.

I am of the view that this bill would seriously undermine the religious freedom of National Guard members by potentially exposing them to sectarian proselytizing.

Chaplains serve a very important role in the spiritual well-being of Virginia's Soldiers and Airmen in the Guard, as well as their families. The roles and responsibilities of chaplains are clearly set forth by Army Regulation 165-1, and the distinctive faith requirements of each Chaplain. It is one of the roles of the Chaplain to "minister to the personnel of their unit and/or facilitate the free-exercise rights of all personnel, regardless of the religious affiliation of either the Chaplain or the unit member." (AR 165-1, para. 3-2(b)(2)) When practicable, Chaplains are currently required by law to "hold religious services for members of the command to which they are assigned." (AR 165-1, para. 3-2(b)(1))

Our National Guard Chaplains currently conduct voluntary worship services and provide counseling for members of their own faith and may do so in whatever manner they see fit. Furthermore, their right to religious expression in a private and unofficial capacity is without limit.

Military Chaplains do not, however, have the right to use official, mandatory events as a platform to disseminate their own religious views. To the contrary, Guard members required to attend such events have a right not to be subjected to sectarian proselytizing. A member of the Guard should be free to worship, or not, as he or she chooses without fear of any discipline or stigma. SB 555 would actually allow for the censorship of Chaplains' sermons by allowing for official review to ensure that the sermons do not encourage disobedience. Such a review would violate the tenets of religious freedom available to Chaplains and all members of the Guard.

The institution of National Guard Chaplains exists to support and promote the free exercise rights of all of our National Guard members. SB 555 does the opposite.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

HOUSE BILL VETOED BY THE GOVERNOR

H.B. 1040 (one thousand forty) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA

Office of the Governor

April 7, 2014

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 1040, a bill that creates a new right of appeal to the Circuit Court of a finding of violation related to the photo-monitoring of a traffic light signal. A citation levies no more than a \$50 civil fine. There is no effect on a criminal or driving record.

This automatic right of appeal to the Circuit Court could inundate our currently underfunded judicial system with cases of limited financial impact, potentially jeopardizing the efficient and expeditious handling of more significant civil and criminal cases.

Our general district courts are more than capable of addressing these infractions and providing those affected with all attendant rights. Allowing minor citations to be appealed to the Circuit Court would add an unnecessary strain to our vital public safety resources.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

The reading of the communication was waived.

Senator Norment moved that **H.B. 1040** be passed in the enrolled form, notwithstanding the objections of the Governor.

The question was put on passing **H.B. 1040** in the enrolled form, notwithstanding the objections of the Governor.

H.B. 1040 failed to pass in the enrolled form, notwithstanding the objections of the Governor, having failed to receive the necessary affirmative votes required by Article V, Section 6, of the Constitution.

**SUBSEQUENT TO ADJOURNMENT SINE DIE
SENATE BILLS VETOED BY GOVERNOR**

S.B. 561 (five hundred sixty-one), subsequent to adjournment sine die of the Reconvened Session of the 2014 Regular Session, was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA

Office of the Governor

May 23, 2014

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto SB 561, which prohibits the conditional release of geriatric prisoners due to age if they were convicted of a felony act of violence and subject to a protective order at the time of the offense or after the offense, but prior to being released from incarceration for the offense, and the victim of the felony offense was the protected person under the protective order.

I am of the view that this bill in its current form poses serious constitutional concerns in light of the Virginia Supreme Court's decision in *Angel v. Commonwealth*, 281 Va. 248, 704 S.E.2d 386 (2011) (citing *Graham v. Florida*, 500 U.S. 48 (2010)), where the Court noted that geriatric parole provides a meaningful opportunity to obtain release for incarcerated juveniles.

Senate Bill 561 fundamentally alters Virginia's parole system as it pertains to the exclusion of juveniles from geriatric release. This bill would not provide a meaningful opportunity to obtain release for juveniles. As the U.S. Supreme Court held in *Graham v. Florida*, 500 U.S. 48 (2010), the Eighth Amendment's Cruel and Unusual Punishments Clause prohibits life sentences without parole for juveniles who have committed a non-homicide crime.

I presented amendments to bring this bill into compliance with precedents of the U.S. and Virginia Supreme Courts. The amendments served to maintain the Parole Board's discretion regarding the appropriateness of an inmate's release from prison, including removal of language pertaining to the potential issuance of protective orders up until the time of release from prison. Unless amended, this provision could afford a victim the ability to seek a protective order against an inmate (even years after the offense), thus potentially overruling Parole Board decisions regarding geriatric release. Such a protective order process could lead to litigation.

It is the Parole Board's duty to carefully weigh an inmate's eligibility for geriatric release. This bill potentially strips that discretionary decision-making process and places Virginia's parole system into question.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

S.B. 650 (six hundred fifty), subsequent to adjournment sine die of the Reconvened Session of the 2014 Regular Session, was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA

Office of the Governor

May 19, 2014

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 650 which requires that the Governor, his campaign committee, and any political action committee established on his behalf shall not knowingly solicit or accept a contribution, gift, or other item with a value greater than \$50 from persons or entities seeking loans or grants from the Governor's Development Opportunity Fund (GOF). The bill also restricts such gifts and contributions from persons and entities seeking loans or grants from the Fund. This bill is identical to House Bill 1212.

I proposed key recommendations for this bill during the reconvened session. First, while grants are awarded by the Governor from the GOF, the General Assembly approves and votes on its funding; therefore the provisions and protections for ethical standards associated with these awards should also apply to legislators. Additionally, requiring the 2015 Session of the General Assembly to reenact this bill would allow appropriate time to determine the best means for review and implementation. These measures would avoid unintended consequences and protect confidentiality for ongoing economic development projects. These recommendations were not adopted.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe
