PRESS PASSES

Press passes are provided to journalists whose primary responsibility is coverage of Virginia state government and the Virginia General Assembly. Applicants must be full-time, paid correspondents employed by a news organization that is: (a) a general circulation newspaper that has been published for at least 52 weeks consecutively, (b) a public or commercial radio or television station with regularly scheduled news programming, or (c) a news organization whose principle business is the daily dissemination of original news of interest to a broad segment of the public, and which has broadcast or published (online or in print) continuously for 52 weeks. The news organization must (i) work independently of any government, industry, or institution and (ii) not engage, directly or indirectly, in any lobbying, political activity, or other activity intended to influence elections or any matter before the General Assembly or before any independent agency, or any department or other instrumentality of the Executive Branch.

A press pass, which allows access to the General Assembly Building and Capitol, is available from the House of Delegates Support Services by completing an application, presenting valid identification issued by your organization, and providing a photograph (headshot) for the badge. Please contact Jay Braxton at (804) 698-1551 or e-mail jbraxton@house.virginia.gov for more information or to schedule an appointment. It may take up to a week for your application to be approved and for your badge to be issued. Press passes for specific events are valid for that event only and general passes are good for one year from the issue date. "Day passes" are available to journalists who are not regularly assigned to cover the Virginia General Assembly. Reporters requesting a "day pass" must meet the same criteria as defined in the first paragraph of this section.

If available, additional press seating may be provided in the Gallery. Please do not place any items on the Gallery rail. Bloggers are invited to sit in the Gallery.

The use of cellular telephones and audible electronic devices is prohibited in the House Chamber.

The Sergeant-at-Arms and Doorkeepers may limit news media access to the floor and Gallery due to crowded conditions.

DO NOT DISTURB THE DECORUM OF THE CHAMBER.

The interior aisles are strictly off-limits, except to lawmakers and staff during the daily session. Press may only interview a Delegate in the designated press seating area (see area 5 of the House Chamber Diagram).

Do not disturb members at their seats.

Floor privileges are not allowed while the House is at ease.

Do not block the view of the members, Clerk's staff, or Pages, or block their access to walkways throughout the Chamber.

HOUSE CHAMBER COVERAGE (cont.)

Do not use lights, flashes, or equipment stands. (Equipment stands are allowed in designated areas of the Gallery--please see the Gallery Doorkeeper for locations.)

During the session, photographs may be taken on the Chamber floor in the “well” area. Photographers and cameramen are asked to kneel in the “well” area.

Do not walk in the “well” to get from one side of the Chamber to the other, but instead walk around the perimeter. Do not stop or talk to Delegates as you go from one side of the Chamber to the other.

Primary television camera coverage of the floor debate should be from the Gallery.

All television cameras in the Gallery must be secured on equipment stands.

Audio “mult” boxes are located in the Gallery.

Hand-held television cameras are allowed in the “well” on the Chamber floor, but must not block the view of members and staff.

The House has contracted with WCVE Public Broadcasting to provide television coverage of the floor sessions. Limited audio and video drops are available in the Capitol and General Assembly Building press rooms.

See Addendum for House Chamber Diagram, page 15.

If you have any questions, please see the Sergeant-at-Arms or call the House Clerk’s Office at 804-698-1619.

JOINT SESSION COVERAGE

Joint Session coverage for the Governor's State of the Commonwealth Address is the one exception to normal media guidelines. Traditionally, a limited number of newspaper, television crews, and photographers have been allowed to cover the Joint Session from the rear of the House Chamber under the following conditions:

Television cameras are restricted to a designated area.

Photographs may be taken from the press seating area. Photographers may only set up equipment stands in the designated area. (Please note that a pool photographer is often used due to space limitations.) Television crews must keep cameras on equipment stands during the Joint Session. (A pool live feed camera is often used due to space limitations.)

The limited floor equipment stand space is allocated on a first-come, first-served basis. It is requested that equipment be in place at least 45 minutes prior to the start of the Joint Session.

Do not conduct interviews in the Chamber until the Joint Assembly has adjourned.

Interviews are not allowed in the hallway outside of the Chamber while the Governor, the Senate, and guests are exiting the House Chamber.

The Governor's press office will advise the press corps of an interview location for the question and answer session with the Governor.

Please note, after the Governor's address concludes, the Governor and his party will exit the Chamber. The Joint Session will then adjourn and the Senate will exit the Chamber. The House remains in session for a brief time and then adjourns for the day.

SENATE AND HOUSE HALLWAY INTERVIEWS

In the Capitol and General Assembly Building:

Due to traffic congestion, interviews are not permitted outside the Senate and House Chambers during the daily session, nor in any hallways outside any member's office in the GAB. Interviews may be allowed-with the member's permission-in their offices.

Provided no tours are being conducted, interviews are permitted in the Rotunda and the hallway outside the Old Senate Chamber and the Jefferson Room.

Television interviews should be conducted with the cameras and lights facing away from the entrance of the chambers.

Hallway interviews are permitted on the first floor of the Capitol, and on the floors outside standing committee rooms in the General Assembly Building, provided they do not obstruct the normal flow of traffic.

INTERIM CHAMBER ACCESS

During the Interim, press personnel desiring to film or take still photos of the Senate Chamber or the House of Delegates Chamber must request access from the respective Clerks' Offices.

PAGE INTERVIEWS

Interviews of Pages must be arranged in advance of the interview by contacting the Senate or House Clerks' Offices.

SENATE AND HOUSE COMMITTEE ROOM COVERAGE

Due to space constraints, only accredited photographers (television/video and/or still) may set up in designated areas and only if the committee room is open. Live-feed and archived video of Senate and House Committees is available online. Senate and House committee rooms are opened 30 minutes prior to a meeting.

Do not conduct interviews with members in the committee rooms during meetings.

Do not block the aisles or block a member's view of the podium.
