"Current monetary value" shall be determined by the net proceeds from the sale of that portion of jackpot securities allocated to the unclaimed winner plus the amount of the initial cash payment.

C. Subsection B of this section shall not apply to prizes of ~~twenty-five dollars~~ \$25 or less resulting from any lottery game other than a lottery game in which a drawing determined the prize. The Board shall adopt regulations for the disposition of all such unclaimed prizes of ~~twenty-five dollars~~ \$25 or less not resulting from a drawing. Such disposition shall be directed in whole or in part to either the ~~State~~ *Virginia* Lottery Fund or to other forms of compensation to licensed sales agents.

D. For purposes of this section, "prize" refers to a cash prize. In the case of a prize payable over time and not as a lump sum payment, "prize" means the present cash value of the prize, not the value paid over time.

E. In accordance with the provisions of the Soldiers' and Sailors' Civil Relief Act of 1940 (50 App. U.S.C.A. § 525), any person whose unclaimed prize was deemed forfeited pursuant to subsection A while he was in active military service may claim such forfeited prize by presenting his winning ticket to the Director no later than 180 days after his discharge from active military service. Within ~~thirty~~ 30 days of such presentation, the Director shall verify the claim and report the verification to the Comptroller. The Comptroller shall promptly pay the verified claim first from funds available in the Unclaimed Property Trust Fund in § 3-2.00 of the general appropriations act; if such funds are insufficient, then, from any undesignated, unreserved year-end balance of the general fund. All verified claims shall be paid in accordance with the Board's rules and regulations then in effect regarding the manner of payment of prizes to the holders of winning tickets or shares.

§ 58.1-4021. Deposit of moneys received by agents; performance of functions, etc., in connection with operation of lottery; compensation of agents.

A. The Director shall require all lottery sales agents to deposit to the credit of the ~~State~~ *Virginia* Lottery Fund in banks, designated by the State Treasurer, all moneys received by such agents from the sale of lottery tickets or shares, less any amount paid as prizes or retained as compensation to agents for the sale of the tickets or shares, and to file with the Director, or his designated agents, reports of their receipts, transactions and disbursements pertaining to the sale of lottery tickets in such form and containing such information as he may require. Such deposits and reports shall be submitted at such times and within such intervals as shall be prescribed by rule and regulation of the Department. The Director may arrange for any person, including a bank, to perform such functions, activities or services in connection with the operation of the lottery as he may deem advisable pursuant to this chapter and the rules and regulations of the Department, and such functions, activities and services shall constitute lawful functions, activities and services of the person.

B. The rules and regulations of the Department shall provide for a service charge to the licensed agent if any payor bank dishonors a check or draft tendered for deposit to the credit of the ~~State~~ *Virginia* Lottery Fund by a licensed agent or for an electronic transfer of funds to the ~~State~~ *Virginia* Lottery Fund from the account of a licensed agent for money received from the sale of lottery tickets.

The regulations of the Department shall provide for a service charge and penalty to a licensed agent if any payor bank dishonors a check or draft from the account of a licensed agent tendered for payment of any prize by a licensed agent to any claimant. Any such charge or penalty so collected by the Department shall be used first to reimburse the claimant for any charges or penalties incurred by him as a result of the licensed agent's dishonored check tendered as payment of any prize and the remainder to offset the Department's administrative costs.

C. A licensed agent shall be charged interest as provided in § 58.1-15 on the money that is not timely paid to the ~~State~~ *Virginia* Lottery Fund in accordance with the rules and regulations of the Department and shall in addition thereto pay penalties as provided by rules and regulations of the Department.

D. Should the Department refer the debt of any licensed agent to the Attorney General, the Department of Taxation as provided in § 58.1-520 et seq., or any other central collection unit of the Commonwealth, an additional service charge shall be imposed in the amount necessary to cover the administrative costs of the Department and agencies to which such debt is referred.

E. Notwithstanding the provisions of Chapter 5 (§ 8.01-257 et seq.) of Title 8.01, in any action for the collection of a debt owed by any licensed agent to the lottery, venue shall lie in the City of Richmond.

F. All proceeds from the sale of lottery tickets or shares received by a person in the capacity of a sales agent shall constitute a trust fund until deposited into the ~~State~~ *Virginia* Lottery Fund either directly or through the Department's authorized collection representative. Proceeds shall include cash proceeds of the sale of any lottery products, less any amount paid as prizes or retained as compensation to agents for the sale of the tickets or shares. Sales agents shall be personally liable for all proceeds.

G. If the Director determines that the deposit or collection from any sales agent of any moneys or proceeds under this section is or will be jeopardized or will otherwise be delayed, he may adjust either the time or the interval or both for such deposits or collections of any sales agent; require that all such moneys or proceeds shall be kept separate and apart from all other funds and assets and shall not be commingled with any other funds or assets prior to their deposit or collection under this section; and require such other security of any sales agent as he may deem advisable to ensure the timely deposit or collection of moneys or proceeds to the credit of the ~~State~~ *Virginia* Lottery Fund.

Collection of moneys or proceeds "is or will be jeopardized or will otherwise be delayed" when (i) a check, draft, or electronic funds transfer to the credit of the ~~State~~ *Virginia* Lottery Fund is dishonored as described in subsection B; (ii) an independent auditor states that the lottery sales agent's financial condition raises substantial doubt about its ability to continue as a going concern; or (iii) the lottery sales agent (a) closes for business or fails to maintain normal business hours without reasonable explanation, (b) has a credit record reflecting recent actions which cast doubt as to its creditworthiness, (c) states it has or may have cash flow problems or may be unable to meet its financial obligations, (d) states it may seek the protection of the federal bankruptcy or state insolvency law, (e) refuses to purchase additional lottery tickets or returns tickets ordered without good cause, or (f) does any other act tending to prejudice or to render wholly or partially ineffectual proceedings to collect moneys or proceeds which are or will become due and payable to the ~~State~~ *Virginia* Lottery Fund.

§ 58.1-4022. Virginia Lottery Fund.

A. All moneys received from the sale of lottery tickets or shares, less payment for prizes and compensation of agents as authorized by regulation and any other revenues received under this chapter, shall be placed in a special fund known as the "~~State~~ *Virginia* Lottery Fund." Notwithstanding any other provisions of law, interest earned from moneys in the ~~State~~ *Virginia* Lottery Fund shall accrue to the benefit of such Fund.

B. The total costs for the operation and administration of the lottery shall be funded from the ~~State~~ *Virginia* Lottery Fund and shall be in such amount as provided in the general appropriation act. Appropriations to the Department during any fiscal year beginning on and after July 1, 1989, exclusive of agent compensation, shall at no time exceed ~~ten~~ 10 percent of the total annual estimated gross revenues to be generated from lottery sales. However, should it be anticipated at any time by the Director that such operational and administrative costs for a fiscal year will exceed the limitation provided herein, the Director shall immediately report such information to the Board, the Governor and the Chairmen of Senate Finance and House Appropriations Committees. From the moneys in the Fund, the Comptroller shall establish a special reserve fund in such amount as shall be provided by regulation of the Department for (i) operation of the lottery, (ii) use if the game's pay-out liabilities exceed its cash on hand, or (iii) enhancement of the prize pool with income derived from lending securities held for payment of prize installments, which lending of securities shall be conducted in accordance with lending programs approved by the Department of the Treasury.

C. The Comptroller shall transfer to the Lottery Proceeds Fund established pursuant to § 58.1-4022.1, less the special reserve fund, the audited balances of the ~~State~~ *Virginia* Lottery Fund at the close of each fiscal year. The transfer for each year shall be made in two parts: (i) on or before June 30, the Comptroller shall transfer balances of the ~~State~~ *Virginia* Lottery Fund for the fiscal year, based on an estimate determined by the ~~State Lottery Department~~ *Virginia Lottery*, and (ii) no later than ~~ten~~ 10 days after receipt of the annual audit report required by § 58.1-4023, the Comptroller shall transfer to the Lottery Proceeds Fund the remaining audited balances of the ~~State~~ *Virginia* Lottery Fund for the fiscal year. If such annual audit discloses that the actual revenue is less than the estimate on which the transfer was based, the State Comptroller shall transfer the difference between the actual revenue and the estimate from the Lottery Proceeds Fund to the ~~State~~ *Virginia* Lottery Fund.

D. In addition to such other funds as may be appropriated, 100 percent of the lottery revenues transferred to the Lottery Proceeds Fund shall be appropriated entirely and solely for the purpose of public education in the Commonwealth unless otherwise redirected pursuant to Article X, Section 7-A of the Constitution of Virginia. The additional appropriation of lottery revenues to local school divisions for public education purposes consistent with this provision shall be used for operating, capital outlay, or debt service expenses, as determined by the appropriation act. The additional appropriation of lottery revenues shall not be used by any local school division to reduce its total local expenditures for public education in accordance with the provisions of the general appropriation act.

E. As a function of the administration of this chapter, funds may be expended for the purposes of reasonably informing the public concerning (i) the facts embraced in the subjects contained in subdivisions A 1 through 7 of ~~subsection A~~ of § 58.1-4007 and (ii) the fact that the net proceeds are paid into the Lottery Proceeds Fund of the Commonwealth, but no funds shall be expended for the primary purpose of inducing persons to participate in the lottery.

§ 58.1-4025. Exemption of lottery prizes and sales of tickets from state and local taxation.

Except as provided in Chapter 3 of Title 58.1 and § 58.1-4011, no state or local taxes of any type whatsoever shall be imposed upon any prize awarded or upon the sale of any lottery ticket sold pursuant to the ~~State~~ *Virginia* Lottery Law.

2. That wherever in the Code of Virginia the terms "State Lottery Department," "State Lottery Fund," or "State Lottery Board" are used, they shall be deemed to mean the "Virginia Lottery," the "Virginia Lottery Fund," and the "Virginia Lottery Board," respectively.

CHAPTER 227

An Act to amend and reenact § 58.1-439.12:08 of the Code of Virginia, relating to the research and development expenses tax credit.

[H 1220]

Approved March 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-439.12:08 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-439.12:08. Research and development expenses tax credit.

A. As used in this section, unless the context requires a different meaning:

"Partnership" means the Virginia Economic Development Partnership.

"Virginia base amount" means the base amount as defined in § 41(c) of the Internal Revenue Code, as amended, that is attributable to Virginia, determined by (i) substituting "Virginia qualified research and development expense" for "qualified research expense"; (ii) substituting "Virginia qualified research" for "qualified research"; and (iii) instead of "fixed base percentage," using:

1. The percentage that the Virginia qualified research and development expense for the three taxable years immediately preceding the current taxable year in which the expense is incurred is of the taxpayer's total gross receipts for such years; or

2. The percentage that the Virginia qualified research and development expense for the applicable number of taxable years immediately preceding the current taxable year in which the expense is incurred is of the taxpayer's total gross receipts for such years, for the taxpayer that has fewer than three but at least one prior taxable year.

"Virginia gross receipts" means the same as "gross receipts" as defined in § 58.1-3700.1.

"Virginia qualified research" means qualified research, as defined in § 41(d) of the Internal Revenue Code, as amended, that is conducted in the Commonwealth.

"Virginia qualified research and development expenses" means qualified research expenses, as defined in § 41(b) of the Internal Revenue Code, as amended, incurred for Virginia qualified research.

B. For taxable years beginning on or after January 1, 2011, but before January 1, ~~2016~~ 2019, a taxpayer shall be allowed a credit against the tax levied pursuant to § 58.1-320 or 58.1-400 in an amount equal to (i) 15 percent of the first ~~\$167,000~~ \$234,000 in Virginia qualified research and development expenses paid or incurred by the taxpayer during the taxable year or (ii) 20 percent of the first ~~\$175,000~~ \$234,000 in Virginia qualified research and development expenses paid or incurred by the taxpayer during the taxable year if the Virginia qualified research was conducted in conjunction with a Virginia public or private college or university, to the extent the expenses exceed the Virginia base amount for the taxpayer.

The total amount of credits granted for each fiscal year of the Commonwealth pursuant to this section shall not exceed ~~\$5~~ \$6 million.

C. A taxpayer meeting the requirements of this section shall be eligible to receive a tax credit as provided herein. The Department shall develop and publish guidelines for applications and such guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.). In the event applications for the tax credits allowed under this section exceed ~~\$5~~ \$6 million for any taxable year, the Department shall apportion the credits by dividing ~~\$5~~ \$6 million by the total amount of tax credits applied for, to determine the percentage of allowed tax credits each taxpayer shall receive. In the event that the total amount of approved tax credits under this section for all applications for any taxable year is less than ~~\$5~~ \$6 million, the Department shall allocate credits up to the maximum of ~~\$5~~ \$6 million, on a pro rata basis, to taxpayers who are already approved for the tax credit for the taxable year equal to 15 percent of the second ~~\$167,000~~ \$234,000 in qualified research expenses during the taxable year or 20 percent of the second ~~\$175,000~~ \$234,000 in qualified research expenses conducted in conjunction with a public or private college or university located in the Commonwealth.

D. If the amount of the credit allowed exceeds the taxpayer's tax liability for the taxable year, the amount that exceeds the tax liability shall be refunded to the taxpayer, subject to the limitations set forth in the guidelines developed by the Department.

E. Any taxpayer who claims the tax credit for Virginia qualified research and development expenses pursuant to this section shall not use such expenses as the basis for claiming any other credit provided under the Code of Virginia.

F. Credits granted to a partnership, limited liability company, or electing small business corporation (S corporation) shall be allocated to the individual partners, members, or shareholders, respectively, in proportion to their ownership interests in such entities or in accordance with a written agreement entered into by such individual partners, members, or shareholders, *unless the partnership, limited liability company, or electing small business corporation (S corporation) elects*

for such credits not to be so allocated but to be received and claimed at the entity level by the partnership, limited liability company, or electing small business corporation (S corporation) pursuant to guidelines that shall be issued by the Department for purposes of such election.

G. The Department shall adopt guidelines to prescribe standards for determining when research and development is considered conducted in the Commonwealth for purposes of allowing the credit under this section. In adopting guidelines, the Department may consider (i) the location where the research and development is performed; (ii) the residence or business location of the taxpayer or taxpayers conducting the research and development; (iii) the location where supplies used in the research and development are consumed; and (iv) any other factors that the Department deems to be relevant.

H. The Partnership shall include the tax credits approved in accordance with the provisions of this section in the Annual Report on Business Incentives compiled by the Secretary of Commerce and Trade. Such report shall include (i) the total number of applicants approved for tax credits for the applicable tax year and (ii) the total number of tax credits approved for the applicable tax year.

I. The Department shall require taxpayers applying for the credit to provide information including (i) the number of full-time employees employed by the taxpayer in the Commonwealth during the taxable year for which the credit is sought; (ii) the taxpayer's sector or sectors according to the 2012 edition of the North American Industry Classification System (NAICS) as published by the United States Census Bureau; (iii) a brief description of the area, discipline, or field of Virginia qualified research performed by the taxpayer; (iv) the total gross receipts or anticipated total gross receipts of the taxpayer for the taxable year for which the credit is sought; and (v) whether the Virginia qualified research was conducted in conjunction with a Virginia public or private college or university. The Department shall aggregate and summarize the information collected and make it available to the Governor and any member of the General Assembly upon request, regardless of the number of taxpayers applying for the credit.

2. That the provisions of this act shall become effective for taxable years beginning on or after January 1, 2014, except that the provisions of this act increasing the aggregate amount of tax credits that can be granted each fiscal year under § 58.1-439.12:08 of the Code of Virginia from \$5 million to \$6 million shall become effective for fiscal years of the Commonwealth beginning on or after July 1, 2014.

3. Notwithstanding the provisions of § 58.1-3 of the Code of Virginia or any other law, and regardless of how few taxpayers take the credit under § 58.1-439.12:08 of the Code of Virginia or any other circumstances, the Department, upon request by the General Assembly or any duly constituted committee of the General Assembly, shall disclose the total aggregate amount of credits under § 58.1-439.12:08 taken by all taxpayers.

§ 32.1-309.1. Identification of decedent, next of kin; disposition of claimed dead body.

A. As used in this chapter, "next of kin" has the same meaning assigned to it in § 54.1-2800. In the absence of a next of kin, a person designated to make arrangements for the decedent's burial or the disposition of his remains pursuant to § 54.1-2825, an agent named in an advance directive pursuant to § 54.1-2984, or any guardian appointed pursuant to Chapter 20 (§ 64.2-2000 et seq.) of Title 64.2 who may exercise the powers conferred in the order of appointment or by § 64.2-2019, or upon the failure or refusal of such next of kin, designated person, agent, or guardian to accept responsibility for the disposition of the decedent, then any other person 18 years of age or older who is able to provide positive identification of the deceased and is willing to pay for the costs associated with the disposition of the decedent's remains shall be authorized to make arrangements for such disposition of the decedent's remains. If a funeral service establishment or funeral service licensee makes arrangements with a person other than a next of kin, designated person, agent, or guardian in accordance with this section, then the funeral service licensee or funeral service establishment shall be immune from civil liability unless such act, decision, or omission resulted from bad faith or malicious intent.

B. Upon the death of any person, irrespective of the cause and manner of death, and irrespective of whether a medical examiner's investigation is required pursuant to § 32.1-283 or 32.1-285.1, the person or institution having initial custody of the dead body shall make good faith efforts to determine the identity of the decedent, if unknown, and to identify and notify the next of kin of the decedent regarding the decedent's death. If, upon notification of the death of the decedent, the next of kin of the decedent is willing and able to claim the body, the body may be claimed by the next of kin for disposition, and the claimant shall bear the expenses of such disposition. If the next of kin of the decedent fails or refuses to claim the body within 10 days of receiving notice of the death of the decedent, the body shall be disposed of in accordance with § 32.1-309.2.

C. D. In cases in which a dead body is claimed by the decedent's next of kin but the next of kin is unable to pay the reasonable costs of disposition of the body and the costs are paid by the county or city in which the decedent resided or in which the death occurred in accordance with this section, and the decedent has an estate out of which burial expenses may be paid, in whole or in part, such assets shall be seized for such purpose.

E. No dead body that is the subject of an investigation pursuant to § 32.1-283 or autopsy pursuant to § 32.1-285 shall be transferred for purposes of disposition until such investigation or autopsy has been completed.

Except as provided in subsection B or C, the reasonable expenses of disposition of the body shall be borne (a) by the county or city in which the decedent resided at the time of death if the decedent was a resident of Virginia or (b) by the county or city where death occurred if the decedent was not a resident of Virginia or the location of the decedent's residence cannot reasonably be determined. However, no such expenses shall be paid by such county or city until allowed by an appropriate court in such county or city.

B. In the case of a person who has been received into the state corrections system and died prior to his release, whose body is unclaimed, the Department of Corrections shall accept the body for proper disposition and shall bear the reasonable expenses for cremation or other disposition of the body. D. Any person or institution having initial custody of a dead body may enter into an agreement with a local funeral service establishment whereby the funeral service establishment shall take possession of the dead body for the purpose of storing the dead body during such time as the person or institution having initial custody of the body or the primary local law-enforcement agency is engaged in identifying the decedent, attempting to identify and contact the next of kin of the decedent, and making arrangements for the final disposition of the body in accordance with this section, provided that at all times during which the funeral service establishment is providing storage of the body, the person or institution having initial custody of the dead body shall continue to have legal custody of the body until such time as custody is transferred in accordance with this chapter.

E. In cases in which a decedent whose remains are disposed of in accordance with this section has an estate out of which burial expenses may be paid, in whole or in part, such assets shall be seized for such purpose.

F. No dead body that is the subject of an investigation pursuant to § 32.1-283 or autopsy pursuant to § 32.1-285 shall be transferred for purposes of disposition until such investigation or autopsy has been completed.

[H 171]

Approved March 17, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-309.1 and 19.2-11.01 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-309.1. Exception as to confidentiality.

A. Notwithstanding any other provision of this article, where consideration of public interest requires, the judge shall make available to the public the name and address of a juvenile and the nature of the offense for which a juvenile has been adjudicated delinquent (i) for an act which would be a Class 1, 2, or 3 felony, forcible rape, robbery or burglary or a related offense as set out in Article 2 (§ 18.2-89 et seq.) of Chapter 5 of Title 18.2 if committed by an adult or (ii) in any case where a juvenile is sentenced as an adult in circuit court.

B. 1. a. At any time prior to disposition, if a juvenile charged with a delinquent act which would constitute a felony if committed by an adult, or held in custody by a law-enforcement officer, or held in a secure facility pursuant to such charge becomes a fugitive from justice, the attorney for the Commonwealth or, upon notice to the Commonwealth's attorney, the Department of Juvenile Justice or a locally operated court services unit, may, with notice to the juvenile's attorney of record, petition the court having jurisdiction of the offense to authorize public release of the juvenile's name, age, physical description and photograph, the charge for which he is sought or for which he was adjudicated and any other information which may expedite his apprehension. Upon a showing that the juvenile is a fugitive and for good cause, the court shall order release of this information to the public. If a juvenile charged with a delinquent act that would constitute a felony if committed by an adult, or held in custody by a law-enforcement officer, or held in a secure facility pursuant to such charge becomes a fugitive from justice at a time when the court is not in session, the Commonwealth's attorney, the Department of Juvenile Justice, or a locally operated court services unit may, with notice to the juvenile's attorney of record, authorize the public release of the juvenile's name, age, physical description and photograph, the charge for which he is sought, and any other information which may expedite his apprehension.

CHAPTER 232

An Act to amend and reenact § 8.01-217 of the Code of Virginia, relating to how name of person may be changed.

[H 233]

Approved March 17, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-217 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-217. How name of person may be changed.

A. Any person desiring to change his own name, or that of his child or ward, may apply therefor to the circuit court of the county or city in which the person whose name is to be changed resides, or if no place of abode exists, such person may apply to any circuit court which shall consider such application if it finds that good cause exists therefor under the circumstances alleged. ~~Applications of probationers and incarcerated persons may be accepted if the court finds that good cause exists for such application.~~ An incarcerated person may apply to the circuit court of the county or city in which such person is incarcerated. In case of a minor who has no living parent or guardian, the application may be made by his next friend. In case of a minor who has both parents living, the parent who does not join in the application shall be served with reasonable notice of the application pursuant to § 8.01-296 and, should such parent object to the change of name, a hearing shall be held to determine whether the change of name is in the best interest of the minor. It shall not be necessary to effect service upon any parent who files an answer to the application. If, after application is made on behalf of a minor and an ex parte hearing is held thereon, the court finds by clear and convincing evidence that such notice would present a serious threat to the health and safety of the applicant, the court may waive such notice.

B. Every application shall be under oath and shall include the place of residence of the applicant, the names of both parents, including the maiden name of his mother, the date and place of birth of the applicant, the applicant's felony conviction record, if any, *whether the applicant is a person for whom registration with the Sex Offender and Crimes Against Minors Registry is required pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1*, whether the applicant is presently incarcerated or a probationer with any court, and if the applicant has previously changed his name, his former name or names.

C. On any such application and hearing, if such be demanded, the court, shall, unless the evidence shows that the change of name is sought for a fraudulent purpose or would otherwise infringe upon the rights of others or, in a case involving a minor, that the change of name is not in the best interest of the minor, order a change of name.

D. No application shall be accepted by a court for a change of name of a probationer, person for whom registration with the Sex Offender and Crimes Against Minors Registry is required pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, or incarcerated person unless the court finds that good cause exists for consideration of such application under the reasons alleged in the application for the requested change of name. If the court accepts the application, the court shall mail or deliver a copy of the application to the attorney for the Commonwealth for the jurisdiction where the application was filed and the attorney for the Commonwealth for any jurisdiction in the Commonwealth where a conviction occurred that resulted in the applicant's probation, registration with the Sex Offender and Crimes Against Minors Registry pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, or incarceration. The attorney for the Commonwealth where the application was filed shall be entitled to respond and represent the interests of the Commonwealth by filing a response within 30 days after the mailing or delivery of a copy of the application. The court shall conduct a hearing on the application and may order a change of name if, after receiving and considering evidence concerning the circumstances regarding the requested change of name, the court determines that the change of name (i) would not frustrate a legitimate law-enforcement purpose, (ii) is

not sought for a fraudulent purpose, and (iii) would not otherwise infringe upon the rights of others. Such order shall contain written findings stating the court's basis for granting the order.

E. The provisions of subsection D are jurisdictional and any order granting a change of name pursuant to subsection D that fails to comply with any provision of subsection D is void ab initio. The attorney for the Commonwealth for the jurisdiction where such an application was filed has the authority to bring an independent action at any time to have such order declared void. If the attorney for the Commonwealth brings an independent action to have the order declared void, notice of the action shall be served upon the person who was granted a change of name who shall have 30 days after service to respond. If the person whose name was changed files a response objecting to having the order declared void, the court shall hold a hearing. If an order granting a change of name is declared void pursuant to this subsection, or if a person is convicted of perjury pursuant to § 18.2-434 for unlawfully changing his name pursuant to § 18.2-504.1 based on conduct that violates this section, the clerk of the court entering the order or the order of conviction shall transmit a certified copy of the order to the State Registrar of Vital Records, the Department of Motor Vehicles, the State Board of Elections, the Central Criminal Records Exchange, and any agency or department of the Commonwealth that has issued a license to the person where such license utilizes the person's changed name.

F. The order shall contain no identifying information other than the applicant's former name or names, new name, and current address. The clerk of the court shall spread the order upon the current deed book in his office, index it in both the old and new names, and transmit a certified copy of the order and the application to the State Registrar of Vital Records and the Central Criminal Records Exchange. Transmittal of a copy of the order and the application to the State Registrar of Vital Records and the Central Criminal Records Exchange shall not be required of a person who changed his or her former name by reason of marriage and who makes application to resume a former name pursuant to § 20-121.4.

~~D.~~ G. If the applicant shall show cause to believe that in the event his change of name should become a public record, a serious threat to the health or safety of the applicant or his immediate family would exist, the chief judge of the circuit court may waive the requirement that the application be under oath or the court may order the record sealed and direct the clerk not to spread and index any orders entered in the cause, and shall not transmit a certified copy to the State Registrar of Vital Records or the Central Criminal Records Exchange. Upon receipt of such order by the State Registrar of Vital Records, for a person born in this Commonwealth, together with a proper request and payment of required fees, the Registrar shall issue certifications of the amended birth record which do not reveal the former name or names of the applicant unless so ordered by a court of competent jurisdiction. Such certifications shall not be marked "amended" and show the effective date as provided in § 32.1-272. Such order shall set forth the date and place of birth of the person whose name is changed, the full names of his parents, including the maiden name of the mother and, if such person has previously changed his name, his former name or names.

CHAPTER 239

An Act to amend and reenact §§ 55-79.83 and 55-513.3 of the Code of Virginia, relating to the Condominium and Property Owners' Association Acts; late fees.

[H 566]

Approved March 17, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 55-79.83 and 55-513.3 of the Code of Virginia are amended and reenacted as follows:

§ 55-79.83. Liability for common expenses; late fees.

A. Except to the extent that the condominium instruments provide otherwise, any common expenses associated with the maintenance, repair, renovation, restoration, or replacement of any limited common element shall be specially assessed against the condominium unit to which that limited common element was assigned at the time such expenses were made or incurred. If the limited common element involved was assigned at that time to more than one condominium unit, however, such expenses shall be specially assessed against each such condominium unit equally so that the total of such special assessments equals the total of such expenses, except to the extent that the condominium instruments provide otherwise.

B. To the extent that the condominium instruments expressly so provide, any other common expenses benefiting less than all of the condominium units, or caused by the conduct of less than all those entitled to occupy the same or by their licensees or invitees, shall be specially assessed against the condominium unit or units involved, in accordance with such reasonable provisions as the condominium instruments may make for such cases. The executive organ may impose reasonable user fees.

C. To the extent that the condominium instruments expressly so provide, (i) any common expenses paid or incurred in making available the same off-site amenities or paid subscription television service to some or all of the unit owners shall be assessed equally against the condominium units involved and (ii) any common expenses paid or incurred in providing metered utility services to some or all of the units shall be assessed against each condominium unit involved based on its actual consumption of such services.

D. The amount of all common expenses not specially assessed pursuant to subsection A, B, or C hereof shall be assessed against the condominium units in proportion to the number of votes in the unit owners' association appertaining to each such unit, or, if such votes were allocated as provided in subsection B of § 55-79.77, those common expense assessments shall be either in proportion to those votes or in proportion to the units' respective undivided interests in the common elements, whichever basis the condominium instruments specify. Such assessments shall be made by the unit owners' association annually, or more often if the condominium instruments so provide. No change in the number of votes in the unit owners' association appertaining to any condominium unit shall enlarge, diminish, or otherwise affect any liabilities arising from assessments made prior to such change.

E. Except to the extent otherwise provided in the condominium instruments, if the executive organ determines that the assessments levied by the unit owners' association are insufficient to cover the common expenses of the unit owners' association, the executive organ shall have the authority to levy an additional assessment against all of the units in proportion to their respective undivided interests in the common elements. The executive organ shall give written notice of any additional assessment to the unit owners stating the amount, reasons therefor, and the due date for payment of such assessment. If the additional assessment is to be paid in a lump sum, payment shall be due and payable no earlier than 90 days after delivery or mailing of the notice.

All unit owners shall be obligated to pay the additional assessment unless the unit owners by a majority of votes cast, in person or by proxy, at a meeting of the unit owners' association convened in accordance with the provisions of the condominium instruments within 60 days of the delivery or mailing of the notice required by this subsection, rescind or reduce the additional assessment. No director or officer of the unit owners' association shall be liable for failure to perform his fiduciary duty if an additional assessment for the funds necessary for the director or officer to perform his fiduciary duty is rescinded by the unit owners' association in accordance with this subsection. The unit owners' association shall indemnify such director or officer against any damage resulting from any claimed breach of fiduciary duty arising therefrom.

F. It remains the policy of this section that neither a unit owned by the declarant nor any other unit may be exempted from assessments made pursuant to this section by reason of the identity of the unit owner thereof.

G. All condominium instruments for condominiums created prior to January 1, 1981, are hereby validated notwithstanding noncompliance with the first sentence of subsection D hereof, if they provide instead that the amount of all common expenses not specially assessed pursuant to subsection A, B, or C hereof shall be assessed against the condominium units in proportion to their respective undivided interests in the common elements.

H. Except to the extent that the condominium instruments or rules or regulations promulgated pursuant thereto provide otherwise, an executive organ may impose a late fee, *not to exceed the penalty provided in § 58.1-3915*, for any assessment or installment thereof that is not paid within 60 days of the due date for payment of such assessment. ~~Except to the extent that the condominium instruments provide otherwise, no such late fee shall exceed the penalty provided in § 58.1-3915.~~

As used in this article, unless the context requires a different meaning:

"Insurance group" means those insurers and affiliates included within an insurance holding company system as defined in § 38.2-1322.

"Insurer" means an insurance company as defined in § 38.2-100, except that "insurer" shall not include agencies, authorities, or instrumentalities of the United States, its possessions and territories, the Commonwealth of Puerto Rico, the District of Columbia, or a state or political subdivision of a state.

"NAIC" means the National Association of Insurance Commissioners.

"ORSA Guidance Manual" means the current version of the NAIC Own Risk and Solvency Assessment (ORSA) Guidance Manual developed and adopted by the NAIC and as amended from time to time. A change in the ORSA Guidance Manual shall be effective on the January 1 following the calendar year in which the changes have been adopted by the NAIC.

"ORSA summary report" means a confidential high-level summary of an insurer or insurance group's ORSA.

"Own Risk and Solvency Assessment" or "ORSA" means a confidential internal assessment, appropriate to the nature, scale, and complexity of an insurer or insurance group, conducted by that insurer or insurance group, of the material and relevant risks associated with the insurer or insurance group's current business plan, and the sufficiency of capital resources to support those risks.

§ 38.2-1334.4. Risk management framework.

An insurer shall maintain a risk management framework to assist the insurer with identifying, assessing, monitoring, managing, and reporting on its material and relevant risks. This requirement may be satisfied if the insurance group of which the insurer is a member maintains a risk management framework applicable to the operations of the insurer.

§ 38.2-1334.5. ORSA requirement.

Subject to § 38.2-1334.7, an insurer, or the insurance group of which the insurer is a member, shall regularly conduct an ORSA consistent with a process comparable to the ORSA Guidance Manual. The ORSA shall be conducted no less than annually, but also at any time when there are significant changes to the risk profile of the insurer or the insurance group of which the insurer is a member.

§ 38.2-1334.6. ORSA summary report.

A. Upon the Commission's request, and no more than once each year, an insurer shall submit to the Commission an ORSA summary report or any combination of reports that together contain the information described in the ORSA Guidance Manual, applicable to the insurer or the insurance group of which it is a member, or both. The first filing of an ORSA summary report shall be made in 2015. Notwithstanding any request from the Commission, if the insurer is a member of an insurance group, the insurer shall submit any report required by this subsection if the Commission is the lead state of the insurance group as determined by the procedures within the Financial Analysis Handbook adopted by the NAIC.

B. The report shall include a signature of the insurer or insurance group's chief risk officer or other executive having responsibility for the oversight of the insurer's enterprise risk management process attesting to the best of his belief and knowledge that the insurer has applied the enterprise risk management process described in the ORSA summary report and that a copy of the report has been provided to the insurer's board of directors or the appropriate committee thereof.

C. An insurer may comply with subsection A by providing the most recent and substantially similar report provided by the insurer or another member of an insurance group of which the insurer is a member to the commissioner of another state or to a supervisor or regulator of a foreign jurisdiction, if that report provides information that is comparable to the information described in the ORSA Guidance Manual. Any such report in a language other than English must be accompanied by a translation of that report into the English language.

§ 38.2-1334.7. Scope of article; exemption.

A. The requirements of this article shall apply to all insurers domiciled in the Commonwealth unless exempt pursuant to this section.

B. An insurer shall be exempt from the requirements of this article if:

1. The insurer has annual direct written and unaffiliated assumed premium, including international direct and assumed premium but excluding premiums reinsured with the Federal Crop Insurance Corporation and National Flood Insurance Program, less than \$500 million; and

2. The insurance group of which the insurer is a member has annual direct written and unaffiliated assumed premium, including international direct and assumed premium but excluding premiums reinsured with the Federal Crop Insurance Corporation and National Flood Insurance Program, less than \$1 billion.

C. If an insurer qualifies for exemption pursuant to subdivision B 1, but the insurance group of which the insurer is a member does not qualify for exemption pursuant to subdivision B 2, then the ORSA summary report that may be required pursuant to § 38.2-1334.6 shall include every insurer within the insurance group. This requirement may be satisfied by the submission of more than one ORSA summary report for any combination of insurers, provided any combination of reports includes every insurer within the insurance group.

D. If an insurer does not qualify for exemption pursuant to subdivision B 1, but the insurance group of which it is a member qualifies for exemption pursuant to subdivision B 2, then the only ORSA summary report that may be required pursuant to § 38.2-1334.6 shall be the report applicable to that insurer.

E. An insurer that does not qualify for exemption pursuant to subsection B may apply to the Commission for a waiver from the requirements of this article based upon unique circumstances. In deciding whether to grant the insurer's request for waiver, the Commission may consider the type and volume of business written, ownership and organizational structure, and any other factor the Commission considers relevant to the insurer or insurance group of which the insurer is a member. If the insurer is part of an insurance group with insurers domiciled in more than one state, the Commission shall coordinate with the lead state commissioner and with the other domiciliary commissioners in considering whether to grant the insurer's request for a waiver.

F. Notwithstanding the exemptions stated in this section:

1. The Commission may require that an insurer maintain a risk management framework, conduct an ORSA, and file an ORSA summary report based on unique circumstances, including the type and volume of business written, ownership and organizational structure, federal agency requests, and international supervisor requests.

2. The Commission may require that an insurer maintain a risk management framework, conduct an ORSA, and file an ORSA summary report if the insurer has risk-based capital for company action level event as set forth in § 38.2-5503, meets one or more of the standards of an insurer deemed to be in hazardous financial condition as defined in 14 VAC 5-290-30 of the Virginia Administrative Code, or otherwise exhibits qualities of a troubled insurer as determined by the Commission.

G. If an insurer that qualifies for an exemption pursuant to subsection B subsequently no longer qualifies for that exemption due to changes in premium as reflected in the insurer's most recent annual statement or in the most recent annual statements of the insurers within the insurance group of which the insurer is a member, the insurer shall have one year following the year the threshold is exceeded to comply with the requirements of this article.

§ 38.2-1334.8. Contents of ORSA summary report.

A. The ORSA summary report shall be prepared consistent with the ORSA Guidance Manual, subject to the requirements of subsection B. Documentation and supporting information shall be maintained and made available upon examination or upon request of the Commission.

B. The review of the ORSA summary report, and any additional requests for information, shall be made using similar procedures currently used in the analysis and examination of multistate or global insurers and insurance groups.

§ 38.2-1334.9. Confidentiality.

A. The ORSA summary report is recognized by the Commonwealth as containing confidential and sensitive information related to an insurer or insurance group's identification of risks material and relevant to the insurer or insurance group filing the report. This information includes proprietary and trade secret information that has the potential for harm and competitive disadvantage to the insurer or insurance group if the information is made public. The ORSA summary report shall be a confidential document filed with the Commission, the report may be shared only as stated in this article and to assist the Commission in the performance of its duties, and in no event shall the report be subject to public disclosure.

The Commission shall not otherwise make the documents, materials, or other information public without the prior written consent of the insurer.

C. Neither the Commission nor any person who received documents, materials, or other ORSA-related information, through examination or otherwise, while acting under the authority of the Commission or with whom such documents, materials, or other information is shared pursuant to this article shall be permitted or required to testify in any private civil action concerning any confidential documents, materials, or information subject to subsections A and B.

D. In order to assist in the performance of the Commission's regulatory duties, the Commission:

1. May, upon request, share documents, materials, or other ORSA-related information, including the confidential and privileged documents, materials, or information subject to subsection A, including proprietary and trade secret documents and materials, with other state, federal, and international financial regulatory agencies, including any forum for cooperation and communication between insurance supervisors, known as a supervisory college, that is established for the purpose of facilitating the effectiveness of supervision of insurers, with the NAIC, and with any third-party consultants designated by the Commission, provided that the recipient agrees in writing to maintain the confidentiality and privileged status of the ORSA-related documents, materials, or other information and has verified in writing the legal authority to maintain confidentiality;

The agreement shall provide that the recipient agrees in writing to maintain the confidentiality and privileged status of the ORSA-related documents, materials, or other information and has verified in writing the legal authority to maintain confidentiality;*

b. *Specify that ownership of information shared with the NAIC or a third-party consultant pursuant to this article remains with the Commission and that the use of information by the NAIC or a third-party consultant is subject to the direction of the Commission;*

c. *Prohibit the NAIC or third-party consultant from storing the information shared pursuant to this article in a permanent database after the underlying analysis is completed;*

d. *Require prompt notice to be given to an insurer whose confidential information in the possession of the NAIC or a third-party consultant pursuant to this article is subject to a request or subpoena to the NAIC or a third-party consultant for disclosure or production;*

e. *Require the NAIC or a third-party consultant to consent to intervention by an insurer in any judicial or administrative action in which the NAIC or a third-party consultant may be required to disclose confidential information about the insurer shared with the NAIC or a third-party consultant pursuant to this article; and*

f. *In the case of an agreement involving a third-party consultant, provide for the insurer's written consent.*

E. *The sharing of information and documents by the Commission pursuant to this article shall not constitute a delegation of regulatory authority or rulemaking, and the Commission is solely responsible for the administration, execution, and enforcement of the provisions of this article.*

F. *No waiver of any applicable privilege or claim of confidentiality in the documents, proprietary and trade-secret materials, or other ORSA-related information shall occur as a result of disclosure of such ORSA-related information or documents to the Commission under this section or as a result of sharing as authorized in this article.*

G. *Documents, materials, or other information in the possession or control of the NAIC or a third-party consultant pursuant to this article shall be confidential by law and privileged, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action.*

Upon fulfillment of the terms and conditions, the court shall discharge the juvenile and dismiss the proceedings against him. Discharge and dismissal under these provisions shall be without adjudication of guilt;

Upon the juvenile's withdrawal, removal, or refusal to comply with the conditions of participation in the program, he shall be brought before the court for a hearing at which the court may impose any other disposition authorized by this section. The court shall review such placements at 30-day intervals;

8. Impose a fine not to exceed \$500 upon such juvenile;

The restricted permit shall be issued in accordance with the provisions of such subsection. However, only an abstract of the court order that identifies the juvenile and the conditions under which the restricted license is to be issued shall be sent to the Department of Motor Vehicles.

If a curfew is imposed, the juvenile shall surrender his driver's license, which shall be held in the physical custody of the court during any period of curfew restriction. The court shall send an abstract of any order issued under the provisions of this section to the Department of Motor Vehicles, which shall preserve a record thereof. Notwithstanding the provisions of Article 12 (§ 16.1-299 et seq.) of this chapter or the provisions of Title 46.2, this record shall be available only to all law-enforcement officers, attorneys for the Commonwealth and courts. A copy of the court order, upon which shall be noted all curfew restrictions, shall be provided to the juvenile and shall contain such information regarding the juvenile as is reasonably necessary to identify him. However, in an emergency in the county or city in which the court has jurisdiction, such local board may be required to temporarily accept a juvenile for a period not to exceed 14 days without prior notice or an opportunity to be heard if the judge entering the placement order describes the emergency and the need for such temporary placement in the order. Nothing in this subdivision shall prohibit the commitment of a juvenile to any local board of social services in the Commonwealth when such local board consents to the commitment. The board to which the juvenile is committed shall have the final authority to determine the appropriate placement for the juvenile. Any order authorizing removal from the home and transferring legal custody of a juvenile to a local board of social services as provided in this subdivision shall be entered only upon a finding by the court that reasonable efforts have been made to prevent removal and that continued placement in the home would be contrary to the welfare of the juvenile, and the order shall so state;

The court shall further require the juvenile to participate in a community service project under such conditions as the court prescribes.

Such model and guidelines may include instructions on obtaining individualized educational program assessments and incorporating information about exposure of the juvenile to trauma. The Department shall report its progress to the Virginia Commission on Youth prior to the 2015 Regular Session of the General Assembly.

[S 138]

Approved March 17, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-1158.1 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-1158.1. Extension of validity of vehicle safety inspection approval stickers issued for vehicles whose registered owners are persons in the armed services of the United States.

Notwithstanding any contrary provision of law, any vehicle safety inspection approval sticker issued for any vehicle that is principally garaged outside the Commonwealth while its registered owner is a person in the armed services of the United States shall be held not to have expired during the period of the owner's official absence from the Commonwealth in the armed services of the United States, regardless of whether such vehicle is operated in or through the Commonwealth during the owner's official absence from the Commonwealth in the armed services of the United States. Should the armed services member be domiciled in another state of the United States, nothing in this section shall be construed to absolve such person from obtaining a current inspection sticker from his state of domicile, if required by such state. In cases where a

vehicle's owner has been officially absent from the Commonwealth because of service in the armed services of the United States but returns to Virginia following such official absence and the vehicle becomes operational in the Commonwealth, the vehicle's owner will have ~~five business~~ 14 calendar days following such return, Sundays and holidays excepted, to have the vehicle inspected. Furthermore, no penalty shall be imposed on any such owner or operator for operation of a motor vehicle, trailer, or semitrailer after the expiration of a period fixed for the inspection thereof, over the most direct route between the place where such vehicle is kept or garaged and an official inspection station for the purpose of having it inspected pursuant to an appointment with such station.

Motor vehicles owned and operated by persons on active duty with the United States armed forces who are Virginia residents stationed outside the Commonwealth at the time the inspection expires may be operated on the highways of the Commonwealth while persons on active duty are on leave, provided such vehicle displays a valid inspection sticker issued by another state.

For the purposes of this section, "service in the armed services of the United States" includes active duty service with the regular armed forces of the United States or the National Guard or other reserve component.

CHAPTER 251

An Act to amend and reenact § 19.2-368.5 of the Code of Virginia, relating to the Criminal Injuries Compensation Fund; filing of claims.

[S 186]

Approved March 17, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-368.5 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-368.5. Filing of claims; deferral of proceedings; restitution.

A. A claim may be filed by a person eligible to receive an award, as provided in § 19.2-368.4, or if such person is a minor, by his parent or guardian. In any case in which the person entitled to make a claim is incapacitated, the claim may be filed on his behalf by his guardian, conservator or such other individual authorized to administer his estate.

B. A claim shall be filed by the claimant not later than one year after the occurrence of the crime upon which such claim is based, or not later than one year after the death of the victim. However, (i) in cases involving claims made on behalf of a minor or a person who is incapacitated, the provisions of subsection A of § 8.01-229 shall apply to toll the one-year period; (ii) in cases involving claims made by a victim against profits of crime held in escrow pursuant to Chapter 21.2 (§ 19.2-368.19 et seq.) of this title, the claim shall be filed within five years of the date of the special order of escrow; and (iii) in cases involving claims of sexual abuse of a minor, the claim shall be filed within 10 years after the minor's eighteenth birthday. For good cause shown, the Commission may extend the time for filing *for a crime committed on or after July 1, 2001*.

In the case of a crime committed on or after July 1, 1977, and before July 1, 2001, for which a claim was not filed in a timely manner, the Commission may, for good cause shown, extend the time for filing if the attorney for the Commonwealth sends written notification to the Commission that the crime is being investigated as a result of newly discovered evidence. For any claim filed pursuant to this paragraph, the Commission shall only consider expenses that the claimant accrues after the date of written notification by the attorney for the Commonwealth.

C. Claims shall be filed in the office of the Commission in person, by mail, or by electronic means in accordance with standards approved by the Commission. The Commission shall accept for filing all claims submitted by persons eligible under subsection A of this section and alleging the jurisdictional requirements set forth in this chapter and meeting the requirements as to form in the rules and regulations of the Commission.

D. Upon filing of a claim pursuant to this chapter, the Commission shall promptly notify the attorney for the Commonwealth of the jurisdiction wherein the crime is alleged to have occurred. If, within 10 days after such notification, the attorney for the Commonwealth so notified advises the Commission that a criminal prosecution is pending upon the same alleged crime, the Commission shall defer all proceedings under this chapter until such time as such criminal prosecution has been concluded in the circuit court unless notification is received from the attorney for the Commonwealth that no objection is made to a continuation of the investigation and determination of the claim. When such criminal prosecution has been concluded in the circuit court the attorney for the Commonwealth shall promptly so notify the Commission. Nothing in this section shall be construed to mean that the Commission is to defer proceedings upon the filing of an appeal, nor shall this section be construed to limit the authority of the Commission to grant emergency awards as hereinafter provided. Upon awarding a claim pursuant to this chapter, the Commission shall promptly notify the attorney for the Commonwealth of the jurisdiction wherein the crime is alleged to have occurred. If a criminal prosecution occurs regarding the same alleged crime, the attorney for the Commonwealth shall request the court to order restitution. However, neither the lack of a restitution order, nor the failure of the attorney for the Commonwealth to request such an order, shall preclude the Fund from exercising its subrogation rights pursuant to § 19.2-368.15. Any such restitution shall be paid over to the Comptroller for deposit into the Criminal Injuries Compensation Fund to the extent of the amount of the award paid from the Fund.

The fact that any such instrument is in the form of or contains the terms of a quit-claim or release shall not prevent the grantee therein from being a purchaser for valuable consideration without notice, nor be of itself notice to such grantee of any unrecorded conveyance of or encumbrance upon such real estate goods and chattels. The mere possession of real estate shall not, of itself, be notice to purchasers thereof for value of any interest or estate therein of the person in possession. As to goods whose possession is retained by a merchant-seller the provisions of subsection (2) of § 8.2-402 of the Uniform Commercial Code shall be controlling. This section shall not apply to any security interest in goods under the Uniform Commercial Code ~~except as provided in subsection (5) of § 8-9-302~~. Any bill of sale or contract for the sale of goods or chattels when possession is allowed to remain with the grantor shall be deemed to be duly recorded when it is filed in the same manner as Uniform Commercial Code financing statements are filed under the criteria and in the places established by § 8.9A-501 as if the grantor were a debtor and the grantee a secured party. A recordation under the provisions of this section shall, when any real estate subject to the lien of any such contract has been annexed to or merged with an adjoining city subsequent to such docketing, be deemed to have been recorded in the proper clerk's office of such city.

2. The clerk of each court in which any such instrument is by law required to be recorded shall keep a daily index of all such instruments admitted to record in his office, and, immediately upon admission of any such instrument to record, the clerk shall index the same either in the daily index or the appropriate general index of his office. All instruments indexed in the daily index shall be indexed by the clerk in the appropriate general index within 90 days after admission to record. During the period permitted for transfer from the daily index to the general index, indexing in the daily index shall be a sufficient compliance with the requirements of this section as to indexing.

The time stamp machine shall affix the current date and time of each delivery of any instrument delivered to the clerk for recording that is not immediately recorded and entered into the general or daily index.

b. In the event there is no time stamp machine, or it is not functioning, the clerk shall designate an employee to affix the current date and time of each delivery of any instrument delivered to the clerk for recording.

c. In any circuit court in which instruments required to be recorded are not recorded on the same day as delivered, for purposes of subdivision 1 of this subsection, the term "from the time it is duly admitted to record" shall be presumed to be the date and time affixed upon the instrument by the time stamp machine or affixed by the clerk in accordance with subdivision 3 b of this subsection unless the clerk determines that the applicable requirements for recordation of the instrument have not been satisfied.

d. The provisions of subdivision 3 shall not apply to certificates of satisfaction or partial satisfaction or assignments of deeds of trust delivered to the clerk's office other than by hand.

B. A credit line deed of trust, recorded pursuant to § 55-58.2, shall have validity and priority over any (i) contract in writing, deed, conveyance or other instrument conveying any such estate or term subsequently recorded or (ii) judgment subsequently docketed as to all advances made under such credit line deed of trust from the date of recordation of such credit line deed of trust, regardless of whether or not the particular advance or extension of credit has been made or unconditionally committed at the time of delivery or recordation of such contract in writing, deed or other instrument or the docketing of such judgment. Any judgment creditor shall have the right to give the notice contemplated by § 55-58.2 and from the day following receipt of such notice, the judgment as docketed shall have priority over all subsequent advances made pursuant to the credit line deed of trust except those which have been unconditionally and irrevocably committed prior to such date. Mechanics' liens created under Title 43 shall continue to enjoy the same priority as created by that title. Purchase money security interests in goods and fixtures shall have the same priority as provided in § 8.9A-317 et seq.

C. If a person is involved in a possible exposure prone incident involving the body fluids of an employee of a public safety agency, the person may request the agency to review the facts of the possible exposure prone incident for purposes of obtaining the employee's consent to test for hepatitis B or C virus and human immunodeficiency virus as provided in § 32.1-37.2 and to authorize disclosure of the test results. If, after reviewing the facts and after medical consultation, the agency concludes it is reasonable to believe an exposure prone incident involving the person and the employee may have occurred, (i) the agency shall request the employee whose body fluids were involved to give consent to submit to testing for hepatitis B or C virus and human immunodeficiency virus and to authorize disclosure of the test results or (ii) if the employee is deceased, the agency shall request the custodian of the remains to preserve a specimen of blood and shall request the decedent's next of kin to provide consent, as provided in § 32.1-37.2, to such testing and to authorize disclosure of the test results.

D. If consent is refused under subsection B of this section, the public safety agency or the employee may petition the general district court of the city or county in which the person resides or resided, or in the case of a nonresident, the city or county of the public safety agency's principal office, to determine whether an exposure prone incident has occurred and to order testing and disclosure of the test results.

If consent is refused under subsection C of this section, the person involved in the possible exposure prone incident may petition the general district court of the city or county of the public safety agency's principal office to determine whether an exposure prone incident has occurred and to order testing and disclosure of the test results.

E. If the court finds by a preponderance of the evidence that an exposure prone incident has occurred, it shall order testing for hepatitis B or C virus and human immunodeficiency virus and disclosure of the test results. The court shall be advised by the Commissioner or his designee in making this finding. The hearing shall be held in camera as soon as practicable after the petition is filed. The record shall be sealed.

F. A party may appeal an order of the general district court to the circuit court of the same jurisdiction within ten days from the date of the order. Any such appeal shall be de novo, in camera, and shall be heard as soon as possible by the circuit court. The circuit court shall be advised by the Commissioner or his designee. The record shall be sealed. The order of the circuit court shall be final and nonappealable.

G. Disclosure of any test results provided by this section shall be made to the district health director of the jurisdiction in which the petition was brought or the district in which the person or employee was tested. The district health director or his designee shall inform the parties of the test results and counsel them in accordance with subsection B of § 32.1-37.2.

H. The results of the tests shall be confidential as provided in § 32.1-36.1.

K. This section shall not be deemed to create any duty on the part of any person where none exists otherwise, and a cause of action shall not arise from any failure to request consent or to consent to testing under this section. The remedies available under this section shall be exclusive.

L. For the purposes of this section, the following terms shall apply:

An Act to amend the Code of Virginia by adding in Article 15 of Chapter 1 of Title 33.1 a section numbered 33.1-223.2:30, relating to fare enforcement inspectors.

[H 761]

Approved March 24, 2014

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 15 of Chapter 1 of Title 33.1 a section numbered 33.1-223.2:30 as follows:

§ 33.1-223.2:30. Fare enforcement inspectors; failure to produce proof of payment of fare; penalty.

A. For the purposes of this section, "eligible entity" means any transit operation in Planning District 8 that is owned or operated directly or indirectly by a political subdivision of the Commonwealth or any governmental entity established by an interstate compact of which Virginia is a signatory.

B. Any eligible entity that either directly or by contract operates any form of mass transit may appoint fare enforcement inspectors and establish the qualifications required for their appointment. Fare enforcement inspectors shall have the power to (i) request patrons at transit boarding locations or on transit vehicles to show proof of payment of the applicable fare; (ii) inspect the proof of payment for validity; (iii) issue a civil summons for violations authorized by this section; (iv) assist with crowd control while on a transit vehicle or at a transit boarding location; and (v) perform such other customer service and safety duties as may be assigned by the eligible entity. The powers of fare enforcement inspectors are limited to those powers enumerated in this section, and fare enforcement inspectors are not required to be law-enforcement officers. The powers of fare enforcement inspectors appointed pursuant to this section shall be exercisable anywhere in the Commonwealth where the appointing eligible entity operates transit service. Fare enforcement inspectors shall report to the department or agency designated by the appointing eligible entity.

C. It shall be unlawful for any person to board or ride a transit operation operated by an eligible entity when he fails or refuses to pay the applicable fare or refuses to produce valid proof of payment of the fare upon request of a fare enforcement inspector. Any person who violates this section shall be liable for a civil penalty of not more than \$100. Any person summoned for a violation may make an appearance in person or in writing by mail to the department of finance or the treasurer of the locality, or the designee of the department of finance or the treasurer, where the violation occurred as specified on the summons prior to the date fixed for trial in court. Any person so appearing may enter a waiver of trial, admit liability, and pay the civil penalty established for the violation charged. Such persons shall be informed of their right to stand trial and that a signature to an admission of liability will have the same force and effect as a judgment of court. If a person charged with a violation does not elect to enter a waiver of trial and admit liability, the violation shall be brought by the eligible entity or the locality in which the violation occurred and tried as a civil case in the general district court in the same manner and with the same right of appeal as provided for by law. In any trial for a violation authorized by this section, it shall be the burden of the eligible entity or locality in which the violation occurred to show the liability of the violator by a preponderance of the evidence. The penalty for failure to pay the established fare on transit properties covered by another provision of law shall be governed by that provision and not by this section.

D. The governing bodies of counties, cities, and towns may adopt ordinances not in conflict with the provisions of this section to appoint fare enforcement inspectors and prescribe their duties in such counties, cities, and towns.

E. The penalty imposed by this section shall not apply to a law-enforcement officer while he is engaged in the performance of his official duties.

Any schedule of rates, rate classifications or rating plans for motor vehicle insurance as defined in § 38.2-2212 filed with the Commission shall provide for an appropriate reduction in premium charges for those insured persons who are fifty-five years of age and older and who qualify as provided in this subsection. Only those insured persons who have *voluntarily and successfully* completed a *mature driver* motor vehicle crash prevention course approved by the Department of Motor Vehicles shall qualify for a three-year period after the completion of the course for the reduction in rates. No reduction in premiums shall be allowed for a self-instructed course or for any course that does not provide actual classroom instruction for a minimum number of hours as determined by the Department of Motor Vehicles. Notwithstanding the foregoing provisions of this section, a course sponsor that has been approved by the Department for the classroom delivery of a *mature driver motor vehicle* crash prevention course may also be approved to deliver that same substantive course through a secure computer-based medium provided via the Internet or other electronic means that have been approved by the Department, provided that the sponsor has acceptable security features designed to assure that the certificates issued pursuant to subsection E are issued to the same person who took the course and passed the examination related to the course. *No person assigned by the court to attend a mature driver motor vehicle crash prevention course shall be eligible for such reduction in premium charges.*

B. Any schedule of rates, rate classifications or rating plans for motor vehicle insurance as defined in § 38.2-2212 filed with the Commission may provide for an appropriate reduction in premium charges for a two-year period for those insured persons who are fifty-four years of age or younger and who have satisfactorily completed a driver improvement clinic approved by the Department of Motor Vehicles, as set forth in Article 19 (§ 46.2-489 et seq.) of Chapter 3 of Title 46.2. No person assigned by the courts or notified by the Department of Motor Vehicles to attend a driver improvement clinic shall be eligible for such reduction in premium charges.

C. The Commission and the Department of Motor Vehicles may promulgate rules and regulations which will assist them in carrying out the provisions of this section.

D. All insurers writing motor vehicle insurance in Virginia as defined in § 38.2-2212 shall allow an appropriate reduction in premium charges to all eligible persons upon successfully completing an approved crash prevention course through actual classroom instruction subject to the provisions of subsection A. Such insurers may allow an appropriate reduction in premium charges to all eligible persons upon successfully completing an approved crash prevention course via the Internet or other electronic means subject to the provisions of subsection A.

E. Upon successfully completing the approved course, the course's sponsor shall issue to each participant a certificate approved by the Department of Motor Vehicles which shall be evidence of satisfactory completion of either a *mature driver* motor vehicle crash prevention course or a driver improvement clinic for the reduction in premium charges. Participants shall be required to provide satisfactory evidence to the insurance provider that the course or clinic was completed in accordance with this section.

F. Each participant in a *mature driver* motor vehicle crash prevention course shall take an approved course every three years in order to continue to be eligible for the reduction in premium charges. § 46.2-330. Expiration and renewal of licenses; examinations required.

A. Every driver's license shall expire on the applicant's birthday at the end of the period of years for which a driver's license has been issued. At no time shall any driver's license be issued for more than eight years. Thereafter the driver's license shall be renewed on or before the birthday of the licensee and shall be valid for a period not to exceed eight years except as otherwise provided by law. *Any driver's license issued to a person age 75 or older shall be issued for a period not to exceed five years.* Notwithstanding these limitations, the Commissioner may extend the validity period of an expiring license if (i) the Department is unable to process an application for renewal due to circumstances beyond its control, (ii) the extension has been authorized under a directive from the Governor, and (iii) the license was not issued as a temporary driver's license under the provisions of subsection B of § 46.2-328.1. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions. In determining the number of years for which a driver's license shall be renewed, the Commissioner shall take into consideration the examinations, conditions, requirements, and other criteria provided under this title that relate to the issuance of a license to operate a vehicle. Any driver's license issued to a person required to register pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1 shall expire on the applicant's birthday in years which the applicant attains an age equally divisible by five.

B. Within one year prior to the date shown on the driver's license as the date of expiration, the Department shall send notice, to the holder thereof, at the address shown on the records of the Department in its driver's license file, that his license will expire on a date specified therein, whether he must be reexamined, and when he may be reexamined. Nonreceipt of the notice shall not extend the period of validity of the driver's license beyond its expiration date. The license holder may request the Department to send such renewal notice to an email or other electronic address, upon provision of such address to the Department.

Any driver's license may be renewed by application after the applicant has taken and successfully completed those parts of the examination provided for in §§ 46.2-311, 46.2-325, and the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.), including vision and written tests, other than the parts of the examination requiring the applicant to drive a motor vehicle. All drivers applying in person for renewal of a license shall take and successfully complete the examination each renewal year. Every applicant for a renewal shall appear in person before the Department, unless specifically notified by the Department that renewal may be accomplished in another manner as provided in the notice. Applicants who are required to appear in person before the Department to apply for a renewal may also be required to present proof of identity, legal presence, residency, and social security number or non-work authorized status.

C. Notwithstanding any other provision of this section, the Commissioner, in his discretion, may require any applicant for renewal to be fully examined as provided in §§ 46.2-311, 46.2-325, and the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). Furthermore, if the applicant is less than ~~80~~ 75 years old, the Commissioner may waive the vision examination for any applicant for renewal of a driver's license which is not a commercial driver's license, and the requirement or the taking of the written test as provided in subsection B of this section, § 46.2-325 and the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.), for any applicant for renewal who is at least 21 years old. Such written test shall not be waived for an applicant less than 21 years old if such applicant's driver's license record on file with the Department contains a record of one or more convictions for any offense reportable under §§ 46.2-382, 46.2-382.1, and 46.2-383. However, in no case shall there be any waiver of the vision examination for applicants for renewal of a commercial driver's license or of the knowledge test required by the Virginia Commercial Driver's License Act for the hazardous materials endorsement on a commercial driver's license. No driver's license or learner's permit issued to any person who is ~~80~~ 75 years old or older shall be renewed unless the applicant for renewal appears in person and either (i) passes a vision examination or (ii) presents a report of a vision examination, made within 90 days prior thereto by an ophthalmologist or optometrist, indicating that the applicant's vision meets or exceeds the standards contained in § 46.2-311.

D. Every applicant for renewal of a driver's license, whether renewal shall or shall not be dependent on any examination of the applicant, shall appear in person before the Department to apply for renewal, unless specifically notified by the Department that renewal may be accomplished in another manner as provided in the notice.

E. This section shall not modify the provisions of § 46.2-221.2.

F. 1. The Department shall electronically transmit application information, including a photograph, to the Department of State Police, in a format approved by the State Police, for comparison with information contained in the Virginia Criminal Information Network and National Crime Information Center Convicted Sexual Offender Registry Files, at the time of the renewal of a driver's license. Whenever it appears from the records of the State Police that a person has failed to comply with the duty to register or reregister pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, the State Police shall promptly investigate and, if there is probable cause to believe a violation has occurred, obtain a warrant or assist in obtaining an indictment charging a violation of § 18.2-472.1 in the jurisdiction in which the person last registered or reregistered or in the jurisdiction where the person made application for licensure. The Department of State Police shall electronically transmit to the Department, in a format approved by the Department, for each person required to register pursuant to Chapter 9 of Title 9.1, registry information consisting of the person's name, all aliases that he has used or under which he may have been known, his date of birth and social security number as set out in § 9.1-903.

2. For each person required to register pursuant to Chapter 9 of Title 9.1, the Department may not waive the requirement that each such person shall appear for each renewal or the requirement to obtain a photograph in accordance with subsection C of § 46.2-323.

§ 46.2-505. Court may direct defendant to attend driver improvement clinic.

A. Any circuit or general district court or juvenile court of the Commonwealth, or any federal court, charged with the duty of hearing traffic cases for offenses committed in violation of any law of the Commonwealth, or any valid local ordinance, or any federal law regulating the movement or operation of a motor vehicle, may require any person found guilty, or in the case of a juvenile found not innocent, of a violation of any state law, local ordinance, or federal law, to attend a driver improvement clinic *or a mature driver motor vehicle crash prevention course as provided for in § 38.2-2217*. The attendance requirement may be in lieu of or in addition to the penalties prescribed by § 46.2-113, the ordinance, or federal law. The court shall determine if a person is to receive safe driving points upon satisfactory completion of a driver improvement clinic conducted by the Department or by any business, organization, governmental entity or individual certified by the Department to provide driver improvement clinic instruction. In the absence of such notification, no safe driving points shall be awarded by the Department.

B. Notwithstanding the provisions of subsection A, no court shall, as a result of a person's attendance at a driver improvement clinic *or a mature driver motor vehicle crash prevention course*, reduce, dismiss, or defer the conviction of a person charged with any offense committed while operating a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.) or any holder of a commercial driver's license charged with any offense committed while operating a noncommercial motor vehicle.

C. Persons required by the court to attend a driver improvement clinic *or a mature driver motor vehicle crash prevention course* shall notify the court if the driver improvement clinic *or mature driver motor vehicle crash prevention course* has or has not been attended and satisfactorily completed, in compliance with the court order. Failure of the person to attend and satisfactorily complete a driver improvement clinic *or mature driver motor vehicle crash prevention course*, in compliance with the court order, may be punished as contempt of such court.

2. That the provisions of this act shall become effective on January 1, 2015.

§ 63.2-1231. Home study; meeting required; exception.

A. Prior to the consent hearing in the juvenile and domestic relations district court, a home study of the adoptive parent(s) shall be completed by a licensed or duly authorized child-placing agency and the prospective adoptive parents shall be informed that information about shaken baby syndrome, its effects, and resources for help and support for caretakers is available on a website maintained by the Department in accordance with regulations adopted by the Board. The home study shall make inquiry as to (i) whether the prospective adoptive parents are financially able, morally suitable, and in satisfactory physical and mental health to enable them to care for the child; (ii) the physical and mental condition of the child, if known; (iii) the circumstances under which the child came to live, or will be living, in the home of the prospective adoptive family, as applicable; (iv) what fees have been paid by the prospective adoptive family or in their behalf in the placement and adoption of the child; (v) whether the requirements of subdivisions A 1, A 2, A 3, and A 5 of § 63.2-1232 have been met; and (vi) any other matters specified by the circuit court. In the course of the home study, the agency social worker, *family-services specialist, or other qualified equivalent worker* shall meet at least once with the birth parent(s) and at least once with the prospective adoptive parents. Upon agreement of both parties, such meetings may occur simultaneously or separately.

B. Any home study conducted pursuant to this section for the purpose of parental placement or agency placement shall be valid for a period of 36 months from the date of completion of the study. However, the Board may, by regulation, require an additional state criminal background check before finalizing an adoption if more than 18 months have passed from the completion of the home study.

§ 63.2-1509. Requirement that certain injuries to children be reported by physicians, nurses, teachers, etc.; penalty for failure to report.

A. The following persons who, in their professional or official capacity, have reason to suspect that a child is an abused or neglected child, shall report the matter immediately to the local department of the county or city wherein the child resides or wherein the abuse or neglect is believed to have occurred or to the Department's toll-free child abuse and neglect hotline:

1. Any person licensed to practice medicine or any of the healing arts;

2. Any hospital resident or intern, and any person employed in the nursing profession;
3. Any person employed as a social worker *or family-services specialist*;
4. Any probation officer;
5. Any teacher or other person employed in a public or private school, kindergarten or nursery school;
6. Any person providing full-time or part-time child care for pay on a regularly planned basis;
7. Any mental health professional;
8. Any law-enforcement officer or animal control officer;
9. Any mediator eligible to receive court referrals pursuant to § 8.01-576.8;
10. Any professional staff person, not previously enumerated, employed by a private or state-operated hospital, institution or facility to which children have been committed or where children have been placed for care and treatment;
11. Any person 18 years of age or older associated with or employed by any public or private organization responsible for the care, custody or control of children;
12. Any person who is designated a court-appointed special advocate pursuant to Article 5 (§ 9.1-151 et seq.) of Chapter 1 of Title 9.1;
13. Any person 18 years of age or older who has received training approved by the Department of Social Services for the purposes of recognizing and reporting child abuse and neglect;
14. Any person employed by a local department as defined in § 63.2-100 who determines eligibility for public assistance;
15. Any emergency medical services provider certified by the Board of Health pursuant to § 32.1-111.5, unless such provider immediately reports the matter directly to the attending physician at the hospital to which the child is transported, who shall make such report forthwith;
16. Any athletic coach, director or other person 18 years of age or older employed by or volunteering with a private sports organization or team;
17. Administrators or employees 18 years of age or older of public or private day camps, youth centers and youth recreation programs; and
18. Any person employed by a public or private institution of higher education other than an attorney who is employed by a public or private institution of higher education as it relates to information gained in the course of providing legal representation to a client.

This subsection shall not apply to any regular minister, priest, rabbi, imam, or duly accredited practitioner of any religious organization or denomination usually referred to as a church as it relates to (i) information required by the doctrine of the religious organization or denomination to be kept in a confidential manner or (ii) information that would be subject to § 8.01-400 or 19.2-271.3 if offered as evidence in court.

If neither the locality in which the child resides nor where the abuse or neglect is believed to have occurred is known, then such report shall be made to the local department of the county or city where the abuse or neglect was discovered or to the Department's toll-free child abuse and neglect hotline.

If an employee of the local department is suspected of abusing or neglecting a child, the report shall be made to the court of the county or city where the abuse or neglect was discovered. Upon receipt of such a report by the court, the judge shall assign the report to a local department that is not the employer of the suspected employee for investigation or family assessment. The judge may consult with the Department in selecting a local department to respond to the report or the complaint.

If the information is received by a teacher, staff member, resident, intern or nurse in the course of professional services in a hospital, school or similar institution, such person may, in place of said report, immediately notify the person in charge of the institution or department, or his designee, who shall make such report forthwith. If the initial report of suspected abuse or neglect is made to the person in charge of the institution or department, or his designee, pursuant to this subsection, such person shall notify the teacher, staff member, resident, intern or nurse who made the initial report when the report of suspected child abuse or neglect is made to the local department or to the Department's toll-free child abuse and neglect hotline, and of the name of the individual receiving the report, and shall forward any communication resulting from the report, including any information about any actions taken regarding the report, to the person who made the initial report.

The initial report may be an oral report but such report shall be reduced to writing by the child abuse coordinator of the local department on a form prescribed by the Board. Any person required to make the report pursuant to this subsection shall disclose all information that is the basis for his suspicion of abuse or neglect of the child and, upon request, shall make available to the child-protective services coordinator and the local department, which is the agency of jurisdiction, any information, records, or reports that document the basis for the report. All persons required by this subsection to report suspected abuse or neglect who maintain a record of a child who is the subject of such a report shall cooperate with the investigating agency and shall make related information, records and reports available to the investigating agency unless such disclosure violates the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g). Provision of such information, records, and reports by a health care provider shall not be prohibited by § 8.01-399. Criminal investigative reports received from law-enforcement agencies shall not be further disseminated by the investigating agency nor shall they be subject to public disclosure.

B. For purposes of subsection A, "reason to suspect that a child is abused or neglected" shall include (i) a finding made by a health care provider within six weeks of the birth of a child that the results of toxicology studies of the child indicate

the presence of a controlled substance not prescribed for the mother by a physician; (ii) a finding made by a health care provider within six weeks of the birth of a child that the child was born dependent on a controlled substance which was not prescribed by a physician for the mother and has demonstrated withdrawal symptoms; (iii) a diagnosis made by a health care provider at any time following a child's birth that the child has an illness, disease or condition which, to a reasonable degree of medical certainty, is attributable to in utero exposure to a controlled substance which was not prescribed by a physician for the mother or the child; or (iv) a diagnosis made by a health care provider at any time following a child's birth that the child has a fetal alcohol spectrum disorder attributable to in utero exposure to alcohol. When "reason to suspect" is based upon this subsection, such fact shall be included in the report along with the facts relied upon by the person making the report.

C. Any person who makes a report or provides records or information pursuant to subsection A or who testifies in any judicial proceeding arising from such report, records, or information shall be immune from any civil or criminal liability or administrative penalty or sanction on account of such report, records, information, or testimony, unless such person acted in bad faith or with malicious purpose.

D. Any person required to file a report pursuant to this section who fails to do so as soon as possible, but not longer than 24 hours after having reason to suspect a reportable offense of child abuse or neglect, shall be fined not more than \$500 for the first failure and for any subsequent failures not less than \$1,000. In cases evidencing acts of rape, sodomy, or object sexual penetration as defined in Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, a person who knowingly and intentionally fails to make the report required pursuant to this section shall be guilty of a Class 1 misdemeanor.

E. No person shall be required to make a report pursuant to this section if the person has actual knowledge that the same matter has already been reported to the local department or the Department's toll-free child abuse and neglect hotline.

2. That an emergency exists and this act is in force from its passage.

CHAPTER 286

An Act to amend and reenact § 46.2-334 of the Code of Virginia, relating to conditions and requirements for licensure of certain driver's license applicants.

[H 996]

Approved March 24, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-334 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-334. Conditions and requirements for licensure of persons under 18; requests for cancellation of minor's driver's license; temporary driver's licenses for persons under 19; Board of Education approved programs; home-schooled students; fee; licensure of persons under 19 from other U.S. states, U.S. territories, Canadian provinces, or Canadian territories meeting certain criteria.

A. Minors at least 16 years and three months old may be issued driver's licenses under the following conditions:

1. The minor shall submit a proper application and satisfactory evidence that he (i) is a resident of the Commonwealth; (ii) has successfully completed a driver education course approved by either the State Department of Education or, in the case of a course offered by a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) of this title, by the Department of Motor Vehicles; and (iii) is mentally, physically, and otherwise qualified to drive a motor vehicle safely.

2. The minor's application for a driver's license must be signed by a parent of the applicant, otherwise by the guardian having custody of him. However, in the event a minor has no parent or guardian, then a driver's license shall not be issued to him unless his application is signed by the judge of the juvenile and domestic relations district court of the city or county in which he resides. If the minor making the application is married or otherwise emancipated, in lieu of any parent's, guardian's or judge's signature, the minor may present proper evidence of the solemnization of the marriage or the order of emancipation.

3. The minor shall be required to state in his application whether or not he has been convicted of an offense triable by, or tried in, a juvenile and domestic relations district court or found by such court to be a child in need of supervision, as defined in § 16.1-228. If it appears that the minor has been adjudged not innocent of the offense alleged or has been found to be a child in need of supervision, the Department shall not issue a license without the written approval of the judge of the juvenile and domestic relations district court making an adjudication as to the minor or the like approval of a similar court of the county or city in which the parent or guardian, respectively, of the minor resides.

4. The application for a permanent driver's license by a minor of the age of persons required to attend school pursuant to § 22.1-254 shall be accompanied by evidence of compliance with the compulsory school attendance law set forth in Article 1 (§ 22.1-254 et seq.) of Chapter 14 of Title 22.1. This evidence shall be provided in writing by the minor's parent. If the minor is unable to provide such evidence, he shall not be granted a driver's license until he reaches the age of 18 or presents proper evidence of the solemnization of his marriage or an order of emancipation, or the parent, as defined in § 22.1-1, or other person standing in loco parentis has provided written authorization for the minor to obtain a driver's license.

A minor may, however, present a high school diploma or its equivalent or a certificate indicating completion of a prescribed course of study as defined by the local school board pursuant to § 22.1-253.13:4 as evidence of compulsory school attendance compliance.

5. The minor applicant shall certify in writing, on a form prescribed by the Commissioner, that he is a resident of the Commonwealth. The applicant's parent or guardian shall also certify that the applicant is a resident by signing the certification. Any minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to provide the parent's certification of residence.

B. Any custodial parent or guardian of an unmarried or unemancipated minor may, after the issuance of a permanent driver's license to such minor, file with the Department a written request that the license of the minor be canceled. When such request is filed, the Department shall cancel the license of the minor and the license shall not thereafter be reissued by the Department until a period of six months has elapsed from the date of cancellation or the minor reaches his eighteenth birthday, whichever shall occur sooner. Notwithstanding the foregoing provisions of this subsection, in the case of a minor whose parents have been awarded joint legal custody, a request that the license of the minor be cancelled must be signed by both legal custodians. In the event one parent is not reasonably available or the parents do not agree, one parent may petition the juvenile and domestic relations district court to make a determination that the license of the minor be cancelled.

C. The provisions of subsection A of this section requiring that an application for a driver's license be signed by the parent or guardian shall be waived by the Commissioner if the application is accompanied by proper evidence of the solemnization of the minor's marriage or a certified copy of a court order, issued under the provisions of Article 15 (§ 16.1-331 et seq.) of Chapter 11 of Title 16.1, declaring the applicant to be an emancipated minor.

D. A learner's permit accompanied by documentation verifying the minor's successful completion of an approved driver education course, signed by the minor's parent, guardian, legal custodian or other person standing in loco parentis, shall constitute a temporary driver's license for purposes of driving unaccompanied by a licensed driver as required in § 46.2-335, if all other requirements of this chapter have been met. The temporary license shall only be valid until the permanent license is presented as provided in § 46.2-336.

E. Notwithstanding the provisions of subsection A ~~of this section~~ requiring the successful completion of a driver education course approved by the State Department of Education, the Commissioner, on application therefor by a person at least 16 years and three months old but less than ~~18~~ 19 years old, shall issue to the applicant a temporary driver's license valid for six months if he (i) certifies by signing, together with his parent or guardian, *if applicable*, on a form prescribed by the Commissioner that he is a resident of the Commonwealth; (ii) is the holder of a valid driver's license from another ~~state~~ *U.S. state, U.S. territory, Canadian province, or Canadian territory*; and (iii) has not been found guilty of or otherwise responsible for an offense involving the operation of a motor vehicle. No temporary license issued under this subsection shall be renewed, nor shall any second or subsequent temporary license under this subsection be issued to the same applicant. Any such minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to obtain the signature of his parent or guardian for the temporary driver's license.

In order to obtain a permanent driver's license, applicants who transfer to Virginia from another U.S. state or any U.S. territory, Canadian province, or Canadian territory must have documentation of at least 30 hours of classroom instruction and six hours of in-car instruction from a government-approved program in the other U.S. state, U.S. territory, or Canadian province or Canadian territory. If a transfer applicant successfully completes a government-approved classroom and in-car driver education program from another state or any U.S. territory, Canadian province, or Canadian territory, the applicant must present the certificate of completion, specifying the number of instructional hours, to the Department.

F. For persons qualifying for a driver's license through driver education courses approved by the Department of Education or courses offered by driver training schools licensed by the Department, the application for the learner's permit shall be used as the application for the driver's license pursuant to § 46.2-335.

G. Driver's licenses shall be issued by the Department to minors successfully completing driver education courses approved by the Department of Education (i) when the Department receives from the school proper certification that the student (a) has successfully completed such course, including a road skills examination and (b) is regularly attending school and is in good academic standing or, if not in such standing or submitting evidence thereof, whose parent or guardian, having custody of such minor, provides written authorization for the minor to obtain a driver's license, which written authorization shall be obtained on forms provided by the Department and indicating the Commonwealth's interest in the good academic standing and regular school attendance of such minors; and (ii) upon payment of a fee of \$2.40 per year, based on the period of the license's validity. For applicants attending public schools, good academic standing may be certified by the public school principal or any of his designees. For applicants attending nonpublic schools, such certification shall be made by the private school principal or any of his designees; for minors receiving home schooling, such certification shall be made by the home schooling parent or tutor. Any minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to provide the certification of good academic standing or any written authorization from his parent or guardian to obtain a driver's license.

H. For those home schooled students completing driver education courses approved by the Board of Education and instructed by his own parent or guardian, no driver's license shall be issued until the student has successfully completed the driver's license examination administered by the Department. Furthermore, the Commissioner shall not issue a driver's license for those home schooled students completing driver education courses approved by the Board of Education and instructed by his own parent or guardian if it is determined by the Commissioner that, at the time of such instruction, such parent or guardian had accumulated six or more driver demerit points in the most recently preceding 12 months, had been

convicted within the most recent 11 preceding years of driving while intoxicated in violation of § 18.2-266 or a substantially similar law in another state, or had ever been convicted of voluntary or involuntary manslaughter in violation of § 18.2-35 or § 18.2-36 or a substantially similar law in another state.

I. The Commissioner, on application therefor by a person from another U.S. state or any U.S. territory, Canadian province, or Canadian territory who is at least 16 years and three months old but less than 19 years old, shall issue a Virginia driver's license to the applicant if the applicant (i) certifies by signing, together with his parent or guardian, if applicable, on a form prescribed by the Commissioner that he is now a resident of the Commonwealth; (ii) has completed a government-approved classroom and in-car driver education program from another U.S. state or any U.S. territory, Canadian province, or Canadian territory, which shall not be required to meet the 30 hours of classroom instruction and six hours of in-car instruction requirement in subsection E; (iii) is the holder of a valid driver's license from another U.S. state or any U.S. territory, Canadian province, or Canadian territory; (iv) has held the valid driver's license for the 12 months immediately prior to applying for a Virginia license; (v) has not been found guilty of or otherwise responsible for an offense involving the operation of a motor vehicle; and (vi) successfully completes behind-the-wheel and driver knowledge examinations administered by the Department.

The applicant must present the certificate of completion specifying the number of classroom and in-car driver education program instructional hours for the government-approved classroom and in-car driver education program from another U.S. state or any U.S. territory, Canadian province, or Canadian territory to the Department.

Be it enacted by the General Assembly of Virginia:

1. That § 16.1-69.55 of the Code of Virginia is amended and reenacted as follows:

In misdemeanor cases under § 16.1-253.2, 18.2-57.2, or 18.2-60.4, all documents shall be retained for 20 years. 2. In felony cases that are certified to the grand jury, all documents shall be certified to the clerk of the appropriate circuit court pursuant to §§ 19.2-186 and 19.2-190. All other felony case documents shall be handled as provided in subdivision 1;

Financial records in connection with such cases shall be subject to the provisions of § 16.1-69.56;

4. D. At the direction of the chief judge of a ~~general~~ district court, the clerk of that court may cause any or all papers or documents pertaining to civil and criminal cases that have been ended for a period of three years or longer to be destroyed if such records, papers, or documents will no longer have administrative, fiscal, historical, or legal value to warrant continued retention, provided such records, papers, or documents have been microfilmed or converted to an electronic format. B. If an insurer, corporation, or health maintenance organization maintains one or more closed drug formularies, each insurer, corporation, or health maintenance organization shall:

1. Make available to participating providers and pharmacists and to any nonpreferred or nonparticipating pharmacists as described in §§ 38.2-3407.7 and 38.2-4312.1, the complete, current drug formulary or formularies, or any updates thereto, maintained by the insurer, corporation, or health maintenance organization, including a list of the prescription drugs on the formulary by major therapeutic category that specifies whether a particular prescription drug is preferred over other drugs;

2. Establish a process to allow an enrollee to obtain, without additional cost-sharing beyond that provided for formulary prescription drugs in the enrollee's covered benefits, a specific, medically necessary nonformulary prescription drug if the formulary drug is determined by the insurer, corporation, or health maintenance organization, after reasonable investigation and consultation with the prescribing physician, to be an inappropriate therapy for the medical condition of the enrollee. The insurer, corporation or health maintenance organization shall act on such requests within one business day of receipt of the request; and

3. Establish a process to allow an enrollee to obtain, without additional cost-sharing beyond that provided for formulary prescription drugs in the enrollee's covered benefits, a specific, medically necessary nonformulary prescription drug when the enrollee has been receiving the specific nonformulary prescription drug for at least six months previous to the development or revision of the formulary and the prescribing physician has determined that the formulary drug is an inappropriate therapy for the specific patient or that changing drug therapy presents a significant health risk to the specific patient. After reasonable investigation and consultation with the prescribing physician, the insurer, corporation or health maintenance organization shall act on such requests within one business day of receipt of the request. 1. That § 33.1-95.2 of the Code of Virginia is amended and reenacted as follows:

§ 33.1-95.2. Adjustment or relocation of certain billboard signs.

A. Notwithstanding any other provision of law, general or special, whenever land is acquired due to the widening, construction, or reconstruction of any highway as defined in § 33.1-351 by purchase or by use of the power of eminent domain by any condemnor and upon such land is situated a lawfully erected billboard sign as defined in § 33.1-351 or whenever a lawfully erected billboard sign as defined in § 33.1-351 is situated adjacent to such a highway and is affected by the construction of a sound wall, such billboard sign may be relocated as provided in this section.

The notice of removal shall be provided at least 45 days prior to the required removal date, which shall be the earlier of the certification date for a highway project advertisement for construction bids or the date that utility relocations are scheduled to commence.*

C. Nothing in this section shall authorize the owner of such billboard sign to increase the size of the sign face, and a relocated billboard sign shall continue to be nonconforming in its new location unless the relocated billboard sign becomes conforming in its new location under the local ordinance. The provisions of § 33.1-370.2 shall apply to any relocation.

1. That § 63.2-1505 of the Code of Virginia is amended and reenacted as follows:

§ 63.2-1505. Investigations by local departments.

1. The immediate safety needs of the child;
2. The protective and rehabilitative services needs of the child and family that will deter abuse or neglect;
3. Risk of future harm to the child;
4. Alternative plans for the child's safety if protective and rehabilitative services are indicated and the family is unable or unwilling to participate in services;
5. Whether abuse or neglect has occurred;
6. If abuse or neglect has occurred, who abused or neglected the child; and
7. A finding of either founded or unfounded based on the facts collected during the investigation.

B. If the local department responds to the report or complaint by conducting an investigation, the local department shall:

1. Make immediate investigation and, if the report or complaint was based upon one of the factors specified in subsection B of § 63.2-1509, the local department may file a petition pursuant to § 16.1-241.3;

2. Complete a report and transmit it forthwith to the Department, except that no such report shall be transmitted in cases in which the cause to suspect abuse or neglect is one of the factors specified in subsection B of § 63.2-1509 and the mother sought substance abuse counseling or treatment prior to the child's birth;

3. Consult with the family to arrange for necessary protective and rehabilitative services to be provided to the child and his family;

4. Petition the court for services deemed necessary including, but not limited to, removal of the child or his siblings from their home;

5. Determine within 45 days if a report of abuse or neglect is founded or unfounded and transmit a report to such effect to the Department and to the person who is the subject of the investigation. However, upon written justification by the local department, such determination may be extended, not to exceed a total of 60 days. If through the exercise of reasonable diligence the local department is unable to find the child who is the subject of the report, the time the child cannot be found shall not be computed as part of the 45-day or 60-day period and documentation of such reasonable diligence shall be placed in the record. In cases involving the death of a child or alleged sexual abuse of a child who is the subject of the report, the time during which records necessary for the investigation of the complaint but not created by the local department, including autopsy or medical or forensic records or reports, are not available to the local department due to circumstances beyond the local department's control shall not be computed as part of the 45-day or 60-day period, and documentation of the circumstances that resulted in the delay shall be placed in the record;

6. If a report of abuse or neglect is unfounded, transmit a report to such effect to the complainant and parent or guardian and the person responsible for the care of the child in those cases where such person was suspected of abuse or neglect; and

7. If a report of child abuse and neglect is founded, and the subject of the report is a full-time, part-time, permanent, or temporary employee of a school division located within the Commonwealth, notify the relevant school board of the founded complaint. Any information exchanged for the purposes of this subsection shall not be considered a violation of § 63.2-102, 63.2-104, or 63.2-105.

C. Each local board may obtain and consider, in accordance with regulations adopted by the Board, statewide criminal history record information from the Central Criminal Records Exchange and results of a search of the child abuse and neglect central registry of any individual who is the subject of a child abuse or neglect investigation conducted under this section when there is evidence of child abuse or neglect and the local board is evaluating the safety of the home and whether removal will protect a child from harm. The local board also may obtain such a criminal records or registry search on all adult household members residing in the home where the individual who is the subject of the investigation resides and the child resides or visits. If a child abuse or neglect petition is filed in connection with such removal, a court may admit such information as evidence. Where the individual who is the subject of such information contests its accuracy through testimony under oath in hearing before the court, no court shall receive or consider the contested criminal history record information without certified copies of conviction. Further dissemination of the information provided to the local board is prohibited, except as authorized by law.

D. A person who has not previously participated in the investigation of complaints of child abuse or neglect in accordance with this chapter shall not participate in the investigation of any case involving a complaint of alleged sexual abuse of a child unless he (i) has completed a Board-approved training program for the investigation of complaints involving alleged sexual abuse of a child or (ii) is under the direct supervision of a person who has completed a Board-approved training program for the investigation of complaints involving alleged sexual abuse of a child. No individual may make a determination of whether a case involving a complaint of alleged sexual abuse of a child is founded or unfounded unless he has completed a Board-approved training program for the investigation of complaints involving alleged sexual abuse of a child.

The local department shall develop, when practicable, memoranda of understanding for responding to reports of child abuse and neglect with local law enforcement and the attorney for the Commonwealth.

In each case in which the local department notifies the local law-enforcement agency of a complaint pursuant to this subsection, the local department shall, within two business days of delivery of the notification, complete a written report, on a form provided by the Board for such purpose, which shall include (a) the name of the representative of the local department providing notice required by this subsection; (b) the name of the local law-enforcement officer who received such notice; (c) the date and time that notification was made; (d) the identity of the victim; (e) the identity of the person alleged to have abused or neglected the child, if known; (f) the clause or clauses in this subsection that describe the reasons for the notification; and (g) the signatures, which may be electronic signatures, of the representatives of the local department making the notification and the local law-enforcement officer receiving the notification. G. When an abused or neglected child and the persons who are the subject of an open child-protective services case have relocated out of the jurisdiction of the local department, the local department shall notify the child-protective services agency in the jurisdiction to which such persons have relocated, whether inside or outside of the Commonwealth, and forward to such agency relevant portions of the case record. The receiving local department shall arrange protective and rehabilitative services as required by this section.

H. When a child for whom a report of suspected abuse or neglect has been received and is under investigation or receiving family assessment and the child and the child's parents or other persons responsible for the child's care who are the subject of the report that is under investigation or family assessment have relocated out of the jurisdiction of the local department, the local department shall notify the child-protective services agency in the jurisdiction to which the child and such persons have relocated, whether inside or outside of the Commonwealth, and complete such investigation or family assessment by requesting such agency's assistance in completing the investigation or family assessment. The local department that completes the investigation or family assessment shall forward to the receiving agency relevant portions of the case record in order for the receiving agency to arrange protective and rehabilitative services as required by this section.

I. Upon receipt of a report of child abuse or neglect, the local department shall determine the validity of such report and shall make a determination to conduct an investigation pursuant to § 63.2-1505 or, if designated as a child-protective services differential response agency by the Department according to § 63.2-1504, a family assessment pursuant to § 63.2-1506.

J. The local department shall foster, when practicable, the creation, maintenance and coordination of hospital and community-based multidisciplinary teams that shall include where possible, but not be limited to, members of the medical, mental health, social work, nursing, education, legal and law-enforcement professions. Such teams shall assist the local departments in identifying abused and neglected children; coordinating medical, social, and legal services for the children and their families; developing innovative programs for detection and prevention of child abuse; promoting community concern and action in the area of child abuse and neglect; and disseminating information to the general public with respect to the problem of child abuse and neglect and the facilities and prevention and treatment methods available to combat child abuse and neglect. These teams may be the family assessment and planning teams established pursuant to § 2.2-5207.

Multidisciplinary teams may develop agreements regarding the exchange of information among the parties for the purposes of the investigation and disposition of complaints of child abuse and neglect, delivery of services and child protection. Any information exchanged in accordance with the agreement shall not be considered to be a violation of the provisions of § 63.2-102, 63.2-104, or 63.2-105.

The local department shall also coordinate its efforts in the provision of these services for abused and neglected children with the judge and staff of the court.

K. The local department may develop multidisciplinary teams to provide consultation to the local department during the investigation of selected cases involving child abuse or neglect, and to make recommendations regarding the prosecution of such cases. These teams may include, but are not limited to, members of the medical, mental health, legal and law-enforcement professions, including the attorney for the Commonwealth or his designee; a local child-protective services representative; and the guardian ad litem or other court-appointed advocate for the child. Any information exchanged for the purpose of such consultation shall not be considered a violation of § 63.2-102, 63.2-104, or 63.2-105.

L. The local department shall report annually on its activities concerning abused and neglected children to the court and to the Child-Protective Services Unit in the Department on forms provided by the Department.

M. Statements, or any evidence derived therefrom, made to local department child-protective services personnel, or to any person performing the duties of such personnel, by any person accused of the abuse, injury, neglect or death of a child after the arrest of such person, shall not be used in evidence in the case-in-chief against such person in the criminal proceeding on the question of guilt or innocence over the objection of the accused, unless the statement was made after such person was fully advised (i) of his right to remain silent, (ii) that anything he says may be used against him in a court of law, (iii) that he has a right to the presence of an attorney during any interviews, and (iv) that if he cannot afford an attorney, one will be appointed for him prior to any questioning.

N. Notwithstanding any other provision of law, the local department, in accordance with Board regulations, shall transmit information regarding founded complaints or family assessments and may transmit other information regarding reports, complaints, family assessments and investigations involving active duty military personnel or members of their household to family advocacy representatives of the United States Armed Forces.

O. The local department shall notify the custodial parent and make reasonable efforts to notify the noncustodial parent as those terms are defined in § 63.2-1900 of a report of suspected abuse or neglect of a child who is the subject of an investigation or is receiving family assessment, in those cases in which such custodial or noncustodial parent is not the subject of the investigation.

P. The local department shall notify the Superintendent of Public Instruction when an individual holding a license issued by the Board of Education is the subject of a founded complaint of child abuse or neglect and shall transmit identifying information regarding such individual if the local department knows the person holds a license issued by the Board of Education and after all rights to any appeal provided by § 63.2-1526 have been exhausted. Any information exchanged for the purpose of this subsection shall not be considered a violation of § 63.2-102, 63.2-104, or 63.2-105.

§ 62.1-44.15:27. Establishment of Virginia Stormwater Management Programs.

A. Any locality, ~~excluding towns; unless such town~~ that operates a regulated MS4; or that notifies the Department of its decision to participate in the establishment of a VSMP shall be required to adopt a VSMP for land-disturbing activities consistent with the provisions of this article according to a schedule set by the ~~Board~~ Department. Such schedule shall require adoption no sooner than 15 months and not more than 24 months following the effective date of the regulation that establishes local program criteria and delegation procedures, unless the Board deems that the Department's review of the VSMP warrants an extension up to an additional 12 months, provided the locality has made substantive progress implementation no later than July 1, 2014. Thereafter, the Department shall provide an annual schedule by which localities can submit applications to implement a VSMP. Localities subject to this subsection are authorized to coordinate plan review and inspections with other entities in accordance with subsection H. *The Department shall operate a VSMP on behalf of any locality that does not operate a regulated MS4 and that does not notify the Department, according to a schedule set by the Department, of its decision to participate in the establishment of a VSMP. A locality that decides not to establish a VSMP shall still comply with the requirements set forth in this article and attendant regulations as required to satisfy the stormwater flow rate capacity and velocity requirements set forth in the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.). A locality that is subject to the provisions of the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) also shall adopt requirements set forth in this article and attendant regulations as required to regulate Chesapeake Bay Preservation Act land-disturbing activities in accordance with § 62.1-44.15:28.*

Notwithstanding any other provision of this subsection, any county that operates an MS4 that became a regulated MS4 on or after January 1, 2014 may elect, on a schedule set by the Department, to defer the implementation of the county's VSMP until no later than January 1, 2015. During this deferral period, when such county thus lacks the legal authority to operate a VSMP, the Department shall operate a VSMP on behalf of the county and address post-construction stormwater runoff and the required design criteria for stormwater runoff controls. Any such county electing to defer the establishment of its VSMP shall still comply with the requirements set forth in this article and attendant regulations as required to satisfy the stormwater flow rate capacity and velocity requirements set forth in the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.).

B. Any town, including a town that operates a regulated MS4, lying within a county that has adopted a VSMP in accordance with subsection A may ~~adopt its own program or shall decide, but shall not be required, to become subject to the county program~~ county's VSMP. Any town lying within a county that operates an MS4 that became a regulated MS4 on or after January 1, 2014 may elect to become subject to the county's VSMP according to the deferred schedule established in subsection A. During the county's deferral period, the Department shall operate a VSMP on behalf of the town and address post-construction stormwater runoff and the required design criteria for stormwater runoff controls for the town as provided in subsection A. If a town lies within the boundaries of more than one county, the town shall be considered to be wholly within the county in which the larger portion of the town lies. Towns shall inform the Department of their decision according to a schedule established by the Department. Thereafter, the Department shall provide an annual schedule by which towns can submit applications to adopt a VSMP.

C. In support of VSMP authorities, the Department shall:

1. Provide assistance grants to localities not currently operating a local stormwater management program to help the localities to establish their VSMP.
2. Provide technical assistance and training.
3. Provide qualified services in specified geographic areas to a VSMP to assist localities in the administration of components of their programs. The Department shall actively assist localities in the establishment of their programs and in the selection of a contractor or other entity that may provide support to the locality or regional support to several localities.

D. The Department shall develop a model ordinance for establishing a VSMP consistent with this article and its associated regulations, including the Virginia Stormwater Management Program (VSMP) General Permit for Discharges of Stormwater from Construction Activities.

E. Each locality that administers an approved VSMP shall, by ordinance, establish a VSMP that shall be administered in conjunction with a local MS4 program and a local erosion and sediment control program if required pursuant to ~~Article 2-4~~ the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.), and which shall include the following:

1. Consistency with regulations adopted in accordance with provisions of this article;
2. Provisions for long-term responsibility for and maintenance of stormwater management control devices and other techniques specified to manage the quality and quantity of runoff; and
3. Provisions for the integration of the VSMP with local erosion and sediment control, flood insurance, flood plain management, and other programs requiring compliance prior to authorizing construction in order to make the submission and approval of plans, issuance of permits, payment of fees, and coordination of inspection and enforcement activities more convenient and efficient both for the local governments and those responsible for compliance with the programs.

F. The Board may approve a state entity, including the Department, federal entity, or, for linear projects subject to annual standards and specifications, electric, natural gas, and telephone utility companies, interstate and intrastate natural gas pipeline companies, railroad companies, or authorities created pursuant to § 15.2-5102 to operate a Virginia Stormwater Management Program consistent with the requirements of this article and its associated regulations and the VSMP authority's Department-approved annual standards and specifications. For these programs, enforcement shall be administered by the Department and the Board where applicable in accordance with the provisions of this article.

G. The Board shall approve a VSMP when it deems a program consistent with this article and associated regulations, including the Virginia Stormwater Management Program (VSMP) General Permit for Discharges of Stormwater from Construction Activities.

H. A VSMP authority may enter into agreements or contracts with soil and water conservation districts, adjacent localities, or other public or private entities to carry out or assist with the responsibilities of this article.

I. ~~Localities~~ If a locality establishes a VSMP, it shall issue a consolidated stormwater management and erosion and sediment control permit that is consistent with the provisions of the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.). When available in accordance with subsection J, such permit, where applicable, shall also include a copy of or reference to state VSMP permit coverage authorization to discharge.

J. Upon the development of an online reporting system by the Department, but no later than July 1, 2014, a VSMP authority shall then be required to obtain evidence of state VSMP permit coverage where it is required prior to providing approval to begin land disturbance.

K. Any VSMP adopted pursuant to and consistent with this article shall be considered to meet the stormwater management requirements under the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) and attendant regulations, and effective July 1, 2014, shall not be subject to local program review under the stormwater management provisions of the Chesapeake Bay Preservation Act.

L. All VSMP authorities shall comply with the provisions of this article and the stormwater management provisions of ~~Article 2-4~~ the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.) and related regulations. The VSMP authority responsible for regulating the land-disturbing activity shall require compliance with the issued permit, permit conditions, and plan specifications. *The state shall enforce state permits.*

~~M. VSMPs adopted in accordance with this section shall become effective July 1, 2014, unless otherwise specified by the Board.~~

§ 62.1-44.15:28. Development of regulations.

A. The Board is authorized to adopt regulations that specify minimum technical criteria and administrative procedures for Virginia Stormwater Management Programs. The regulations shall:

1. Establish standards and procedures for administering a VSMP;
2. Establish minimum design criteria for measures to control nonpoint source pollution and localized flooding, and incorporate the stormwater management regulations adopted pursuant to the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.), as they relate to the prevention of stream channel erosion. These criteria shall be periodically modified as required in order to reflect current engineering methods;
3. Require the provision of long-term responsibility for and maintenance of stormwater management control devices and other techniques specified to manage the quality and quantity of runoff;
4. Require as a minimum the inclusion in VSMPs of certain administrative procedures that include, but are not limited to, specifying the time period within which a VSMP authority shall grant land-disturbing activity approval, the conditions and processes under which approval shall be granted, the procedures for communicating disapproval, the conditions under which an approval may be changed, and requirements for inspection of approved projects;
5. Establish by regulations a statewide permit fee schedule to cover all costs associated with the implementation of a VSMP related to land-disturbing activities of one acre or greater. Such fee attributes include the costs associated with plan review, VSMP registration statement review, permit issuance, state-coverage verification, inspections, reporting, and compliance activities associated with the land-disturbing activities as well as program oversight costs. The fee schedule shall also include a provision for a reduced fee for land-disturbing activities between 2,500 square feet and up to one acre in Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) localities. The fee schedule shall be governed by the following:
 - a. The revenue generated from the statewide stormwater permit fee shall be collected utilizing, where practicable, an online payment system, and the Department's portion shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund established pursuant to § 62.1-44.15:29. However, whenever the Board has approved a VSMP, no more than 30 percent of the total revenue generated by the statewide stormwater permit fees collected shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund, with the balance going to the VSMP authority.
 - b. Fees collected pursuant to this section shall be in addition to any general fund appropriation made to the Department or other supporting revenue from a VSMP; however, the fees shall be set at a level sufficient for the Department and the VSMP to fully carry out their responsibilities under this article and its attendant regulations and local ordinances or standards and specifications where applicable. When establishing a VSMP, the VSMP authority shall assess the statewide fee schedule and shall have the authority to reduce or increase such fees, and to consolidate such fees with other program-related charges, but in no case shall such fee changes affect the amount established in the regulations as available to the Department for program oversight responsibilities pursuant to subdivision 5 a. A VSMP's portion of the fees shall be used solely to carry out the VSMP's responsibilities under this article and its attendant regulations, ordinances, or annual standards and specifications.
 - c. Until July 1, 2014, the fee for coverage under the General Permit for Discharges of Stormwater from Construction Activities issued by the Board, or where the Board has issued an individual permit or coverage under the General Permit for Discharges of Stormwater from Construction Activities for an entity for which it has approved annual standards and specifications, shall be \$750 for each large construction activity with sites or common plans of development equal to or greater than five acres and \$450 for each small construction activity with sites or common plans of development equal to or greater than one acre and less than five acres. On and after July 1, 2014, such fees shall only apply where coverage has been issued under the Board's General Permit for Discharges of Stormwater from Construction Activities to a state agency or federal entity for which it has approved annual standards and specifications. After establishment, such fees may be modified in the future through regulatory actions.
 - d. Until July 1, 2014, the Department is authorized to assess a \$125 reinspection fee for each visit to a project site that was necessary to check on the status of project site items noted to be in noncompliance and documented as such on a prior project inspection.
 - e. *In establishing the fee schedule under this subdivision, the Department shall ensure that the VSMP authority portion of the statewide permit fee for coverage under the General Permit for Discharges of Stormwater for Construction Activities for small construction activity involving a single family detached residential structure with a site or area, within or outside a common plan of development or sale, that is equal to or greater than one acre but less than five acres shall be no greater than the VSMP authority portion of the fee for coverage of sites or areas with a land-disturbance acreage of less than one acre within a common plan of development or sale.*
 - f. When any fees are collected pursuant to this section by credit cards, business transaction costs associated with processing such payments may be additionally assessed;
6. Establish statewide standards for stormwater management from land-disturbing activities of one acre or greater, except as specified otherwise within this article, and allow for the consolidation in the permit of a comprehensive approach to addressing stormwater management and erosion and sediment control, consistent with the provisions of the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.) and this article. However, such standards shall also apply to land-disturbing activity exceeding an area of 2,500 square feet in all areas of the jurisdictions designated as subject to the Chesapeake Bay Preservation Area Designation and Management Regulations;
7. *Establish a procedure by which a stormwater management plan that is approved for a residential, commercial, or industrial subdivision shall govern the development of the individual parcels, including those parcels developed under subsequent owners;*

8. *Notwithstanding the provisions of subdivision A 5, establish a procedure by which neither a registration statement nor payment of the Department's portion of the statewide permit fee established pursuant to that subdivision shall be required for coverage under the General Permit for Discharges of Stormwater from Construction Activities for construction activity involving a single-family detached residential structure, within or outside a common plan of development or sale;*

9. *Provide for reciprocity with programs in other states for the certification of proprietary best management practices;*

10. Require that VSMPs maintain after-development runoff rate of flow and characteristics that replicate, as nearly as practicable, the existing predevelopment runoff characteristics and site hydrology, or improve upon the contributing share of the existing predevelopment runoff characteristics and site hydrology if stream channel erosion or localized flooding is an existing predevelopment condition. Except where more stringent requirements are necessary to address total maximum daily load requirements or to protect exceptional state waters, any land-disturbing activity that provides for stormwater management shall satisfy the conditions of this subsection if the practices are designed to (i) detain the water quality volume and to release it over 48 hours; (ii) detain and release over a 24-hour period the expected rainfall resulting from the one year, 24-hour storm; and (iii) reduce the allowable peak flow rate resulting from the 1.5-year, two-year, and 10-year, 24-hour storms to a level that is less than or equal to the peak flow rate from the site assuming it was in a good forested condition, achieved through multiplication of the forested peak flow rate by a reduction factor that is equal to the runoff volume from the site when it was in a good forested condition divided by the runoff volume from the site in its proposed condition, and shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this section or any ordinances adopted pursuant to § 62.1-44.15:27 or 62.1-44.15:33;

~~8.~~ 11. Encourage low-impact development designs, regional and watershed approaches, and nonstructural means for controlling stormwater;

~~9.~~ 12. Promote the reclamation and reuse of stormwater for uses other than potable water in order to protect state waters and the public health and to minimize the direct discharge of pollutants into state waters;

13. *Establish procedures to be followed when a locality that operates a VSMP wishes to transfer administration of the VSMP to the Department;*

~~10.~~ 14. Establish a statewide permit fee schedule for stormwater management related to municipal separate storm sewer system permits; and

~~11.~~ 15. Provide for the evaluation and potential inclusion of emerging or innovative stormwater control technologies that may prove effective in reducing nonpoint source pollution.

B. The Board may integrate and consolidate components of the regulations implementing the Erosion and Sediment Control program and the Chesapeake Bay Preservation Area Designation and Management program with the regulations governing the Virginia Stormwater Management Program (VSMP) Permit program or repeal components so that these programs may be implemented in a consolidated manner that provides greater consistency, understanding, and efficiency for those regulated by and administering a VSMP.

§ 62.1-44.15:33. Authorization for more stringent ordinances.

A. Localities *that are VSMP authorities* are authorized to adopt more stringent stormwater management ordinances than those necessary to ensure compliance with the Board's minimum regulations, provided that the more stringent ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of a MS4 permit or a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to address TMDL requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ordinances a public hearing is held after giving due notice.

B. Localities *that are VSMP authorities* shall submit a letter report to the Department when more stringent stormwater management ordinances or more stringent requirements authorized by such ordinances, such as may be set forth in design manuals, policies, or guidance documents developed by the localities, are determined to be necessary pursuant to this section within 30 days after adoption thereof. Any such letter report shall include a summary explanation as to why the more stringent ordinance or requirement has been determined to be necessary pursuant to this section. Upon the request of an affected landowner or his agent submitted to the Department with a copy to be sent to the locality, within 90 days after adoption of any such ordinance or derivative requirement, localities shall submit the ordinance or requirement and all other supporting materials to the Department for a determination of whether the requirements of this section have been met and whether any determination made by the locality pursuant to this section is supported by the evidence. The Department shall issue a written determination setting forth its rationale within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

C. Localities shall not prohibit or otherwise limit the use of any best management practice (BMP) approved for use by the Director or the Board except as follows:

1. When the Director or the Board approves the use of any BMP in accordance with its stated conditions, the locality serving as a VSMP authority shall have authority to preclude the onsite use of the approved BMP, or to require more stringent conditions upon its use, for a specific land-disturbing project based on a review of the stormwater management plan and project site conditions. Such limitations shall be based on site-specific concerns. Any project or site-specific determination purportedly authorized pursuant to this subsection may be appealed to the Department and the Department shall issue a written determination regarding compliance with this section to the requesting party within 90 days of

submission. Any such determination, or a failure by the Department to make any such determination within the 90-day period, may be appealed to the Board.

2. When a locality is seeking to uniformly preclude jurisdiction-wide or otherwise limit geographically the use of a BMP approved by the Director or Board, or to apply more stringent conditions to the use of a BMP approved by the Director or Board, upon the request of an affected landowner or his agent submitted to the Department, with a copy submitted to the locality, within 90 days after adoption, such authorizing ordinances, design manuals, policies, or guidance documents developed by the locality that set forth the BMP use policy shall be provided to the Department in such manner as may be prescribed by the Department that includes a written justification and explanation as to why such more stringent limitation or conditions are determined to be necessary. The Department shall review all supporting materials provided by the locality to determine whether the requirements of this section have been met and that any determination made by the locality pursuant to this section is reasonable under the circumstances. The Department shall issue its determination to the locality in writing within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

D. Based on a determination made in accordance with subsection B or C, any ordinance or other requirement enacted or established by a locality that is found to not comply with this section shall be null and void, replaced with state minimum standards, and remanded to the locality for revision to ensure compliance with this section. Any such ordinance or other requirement that has been proposed but neither enacted nor established shall be remanded to the locality for revision to ensure compliance with this section.

E. Any provisions of a local stormwater management program in existence before January 1, 2013, that contains more stringent provisions than this article shall be exempt from the requirements of this section. However, such provisions shall be reported to the Board at the time of the locality's VSMP approval package.

§ 62.1-44.15:34. Regulated activities; submission and approval of a permit application; security for performance; exemptions.

A. A person shall not conduct any land-disturbing activity until he has submitted a permit application to the VSMP authority that includes a state VSMP permit registration statement, *if such statement is required*, and, after July 1, 2014, a stormwater management plan *or an executed agreement in lieu of a stormwater management plan*, and has obtained VSMP authority approval to begin land disturbance. *A locality that is not a VSMP authority shall provide a general notice to applicants of the state permit coverage requirement and report all approvals pursuant to the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.) to begin land disturbance of one acre or greater to the Department at least monthly.* Upon the development of an online reporting system by the Department, but no later than July 1, 2014, a VSMP authority shall be required to obtain evidence of *state* VSMP permit coverage where it is required prior to providing approval to begin land disturbance. The VSMP authority shall act on any permit application within 60 days after it has been determined by the VSMP authority to be a complete application. The VSMP authority may either issue project approval or denial and shall provide written rationale for the denial. The VSMP authority shall act on any permit application that has been previously disapproved within 45 days after the application has been revised, resubmitted for approval, and deemed complete. Prior to issuance of any approval, the VSMP authority may also require an applicant, excluding state and federal entities, to submit a reasonable performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement acceptable to the VSMP authority, to ensure that measures could be taken by the VSMP authority at the applicant's expense should he fail, after proper notice, within the time specified to initiate or maintain appropriate actions that may be required of him by the permit conditions as a result of his land-disturbing activity. If the VSMP authority takes such action upon such failure by the applicant, the VSMP authority may collect from the applicant the difference should the amount of the reasonable cost of such action exceed the amount of the security held. Within 60 days of the completion of the requirements of the permit conditions, such bond, cash escrow, letter of credit, or other legal arrangement, or the unexpended or unobligated portion thereof, shall be refunded to the applicant or terminated. These requirements are in addition to all other provisions of law relating to the issuance of permits and are not intended to otherwise affect the requirements for such permits.

B. A Chesapeake Bay Preservation Act Land-Disturbing Activity shall be subject to coverage under the Virginia Stormwater Management Program (VSMP) General Permit for Discharges of Stormwater from Construction Activities until July 1, 2014, at which time it shall no longer be considered a small construction activity but shall be then regulated under the requirements of this article ~~by a VSMP authority~~.

C. Notwithstanding any other provisions of this article, the following activities are exempt, unless otherwise required by federal law:

1. Permitted surface or deep mining operations and projects, or oil and gas operations and projects conducted under the provisions of Title 45.1;

2. Clearing of lands specifically for agricultural purposes and the management, tilling, planting, or harvesting of agricultural, horticultural, or forest crops, livestock feedlot operations, or as additionally set forth by the Board in regulations, including engineering operations as follows: construction of terraces, terrace outlets, check dams, desilting basins, dikes, ponds, ditches, strip cropping, lister furrowing, contour cultivating, contour furrowing, land drainage, and land irrigation; however, this exception shall not apply to harvesting of forest crops unless the area on which harvesting occurs is reforested artificially or naturally in accordance with the provisions of Chapter 11 (§ 10.1-1100 et seq.) or is converted to bona fide agricultural or improved pasture use as described in subsection B of § 10.1-1163;

3. Single-family residences separately built and disturbing less than one acre and not part of a larger common plan of development or sale, including additions or modifications to existing single-family detached residential structures. However, localities subject to the provisions of the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) may regulate these single-family residences where land disturbance exceeds 2,500 square feet;

4. Land-disturbing activities that disturb less than one acre of land area except for land-disturbing activity exceeding an area of 2,500 square feet in all areas of the jurisdictions designated as subject to the Chesapeake Bay Preservation Area Designation and Management Regulations adopted pursuant to the provisions of the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) or activities that are part of a larger common plan of development or sale that is one acre or greater of disturbance; however, the governing body of any locality that administers a VSMP may reduce this exception to a smaller area of disturbed land or qualify the conditions under which this exception shall apply;

5. Discharges to a sanitary sewer or a combined sewer system;

6. Activities under a state or federal reclamation program to return an abandoned property to an agricultural or open land use;

7. Routine maintenance that is performed to maintain the original line and grade, hydraulic capacity, or original construction of the project. The paving of an existing road with a compacted or impervious surface and reestablishment of existing associated ditches and shoulders shall be deemed routine maintenance if performed in accordance with this subsection; and

8. Conducting land-disturbing activities in response to a public emergency where the related work requires immediate authorization to avoid imminent endangerment to human health or the environment. In such situations, the VSMP authority shall be advised of the disturbance within seven days of commencing the land-disturbing activity, and compliance with the administrative requirements of subsection A is required within 30 days of commencing the land-disturbing activity.

§ 62.1-44.15:44. Right to hearing.

Any permit applicant, permittee, or person subject to state permit requirements under this article aggrieved by any action of the ~~VSMP authority, Department, or Board~~ taken without a formal hearing, or by inaction of the ~~VSMP authority, Department, or Board~~, may demand in writing a formal hearing by the Board ~~or VSMP authority causing such grievance~~, provided a petition requesting such hearing is filed with the Board ~~or the VSMP authority~~ within 30 days after notice of such action.

§ 62.1-44.15:45. Hearings.

~~VSMP authorities~~ When holding hearings under this article, *the Board* shall do so in a manner consistent with § 62.1-44.26. *A locality holding hearings under this article shall do so in a manner consistent with local hearing procedures.*

§ 62.1-44.15:46. Appeals.

Any permittee or party aggrieved by a state permit or enforcement decision of the Department or Board under this article, or any person who has participated, in person or by submittal of written comments, in the public comment process related to a final decision of the Department or Board under this article, whether such decision is affirmative or negative, is entitled to judicial review thereof in accordance with the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) if such person meets the standard for obtaining judicial review of a case or controversy pursuant to Article III of the Constitution of the United States. A person shall be deemed to meet such standard if (i) such person has suffered an actual or imminent injury that is an invasion of a legally protected interest and that is concrete and particularized; (ii) such injury is fairly traceable to the decision of the Department or the Board and not the result of the independent action of some third party not before the court; and (iii) such injury will likely be redressed by a favorable decision by the court.

The provisions of the Administrative Process Act (§ 2.2-4000 et seq.) shall not apply to decisions rendered by localities ~~but appeals~~. *Appeals of decisions rendered by localities shall be conducted in accordance with local appeal procedures and shall include an opportunity for judicial review in the circuit court of the locality in which the land disturbance occurs or is proposed to occur. Unless otherwise provided by law, the circuit court shall conduct such review in accordance with the standards established in § 2.2-4027, and the decisions of the circuit court shall be subject to review by the Court of Appeals, as in other cases under this article.*

2. That amendments to regulations of the State Water Control Board necessary to implement the provisions of this act shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.), provided that there is a public comment period of at least 30 days on the proposed amendments prior to Board adoption.

3. That the consolidation into Virginia's General Permit for Discharges of Stormwater from Construction Activities of state post-construction requirements exceeding minimum federal requirements shall not be construed to modify the scope of federal agency or citizen suit enforcement pursuant to the Clean Water Act (33 U.S.C. § 1251 et seq.).

4. That an emergency exists and this act is in force from its passage.

CHAPTER 306

An Act to amend and reenact § 58.1-439.12:08 of the Code of Virginia, relating to the research and development expenses tax credit.

[S 623]

Approved March 24, 2014

Be it enacted by the General Assembly of Virginia:**1. That § 58.1-439.12:08 of the Code of Virginia is amended and reenacted as follows:****§ 58.1-439.12:08. Research and development expenses tax credit.**

A. As used in this section, unless the context requires a different meaning:

"Partnership" means the Virginia Economic Development Partnership.

"Virginia base amount" means the base amount as defined in § 41(c) of the Internal Revenue Code, as amended, that is attributable to Virginia, determined by (i) substituting "Virginia qualified research and development expense" for "qualified research expense"; (ii) substituting "Virginia qualified research" for "qualified research"; and (iii) instead of "fixed base percentage," using:

1. The percentage that the Virginia qualified research and development expense for the three taxable years immediately preceding the current taxable year in which the expense is incurred is of the taxpayer's total gross receipts for such years; or

2. The percentage that the Virginia qualified research and development expense for the applicable number of taxable years immediately preceding the current taxable year in which the expense is incurred is of the taxpayer's total gross receipts for such years, for the taxpayer that has fewer than three but at least one prior taxable year.

"Virginia gross receipts" means the same as "gross receipts" as defined in § 58.1-3700.1.

"Virginia qualified research" means qualified research, as defined in § 41(d) of the Internal Revenue Code, as amended, that is conducted in the Commonwealth.

"Virginia qualified research and development expenses" means qualified research expenses, as defined in § 41(b) of the Internal Revenue Code, as amended, incurred for Virginia qualified research.

B. For taxable years beginning on or after January 1, 2011, but before January 1, ~~2016~~ 2019, a taxpayer shall be allowed a credit against the tax levied pursuant to § 58.1-320 or 58.1-400 in an amount equal to (i) 15 percent of the first ~~\$167,000~~ \$234,000 in Virginia qualified research and development expenses paid or incurred by the taxpayer during the taxable year or (ii) 20 percent of the first ~~\$175,000~~ \$234,000 in Virginia qualified research and development expenses paid or incurred by the taxpayer during the taxable year if the Virginia qualified research was conducted in conjunction with a Virginia public or private college or university, to the extent the expenses exceed the Virginia base amount for the taxpayer.

The total amount of credits granted for each fiscal year of the Commonwealth pursuant to this section shall not exceed \$5 \$6 million.

C. A taxpayer meeting the requirements of this section shall be eligible to receive a tax credit as provided herein. The Department shall develop and publish guidelines for applications and such guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.). In the event applications for the tax credits allowed under this section exceed \$5 \$6 million for any taxable year, the Department shall apportion the credits by dividing \$5 \$6 million by the total amount of tax credits applied for, to determine the percentage of allowed tax credits each taxpayer shall receive. In the event that the total amount of approved tax credits under this section for all applications for any taxable year is less than \$5 \$6 million, the Department shall allocate credits up to the maximum of \$5 \$6 million, on a pro rata basis, to taxpayers who are already approved for the tax credit for the taxable year equal to 15 percent of the second ~~\$167,000~~ \$234,000 in qualified research expenses during the taxable year or 20 percent of the second ~~\$175,000~~ \$234,000 in qualified research expenses conducted in conjunction with a public or private college or university located in the Commonwealth.

D. If the amount of the credit allowed exceeds the taxpayer's tax liability for the taxable year, the amount that exceeds the tax liability shall be refunded to the taxpayer, subject to the limitations set forth in the guidelines developed by the Department.

E. Any taxpayer who claims the tax credit for Virginia qualified research and development expenses pursuant to this section shall not use such expenses as the basis for claiming any other credit provided under the Code of Virginia.

F. Credits granted to a partnership, limited liability company, or electing small business corporation (S corporation) shall be allocated to the individual partners, members, or shareholders, respectively, in proportion to their ownership interests in such entities or in accordance with a written agreement entered into by such individual partners, members, or shareholders, *unless the partnership, limited liability company, or electing small business corporation (S corporation) elects for such credits not to be so allocated but to be received and claimed at the entity level by the partnership, limited liability company, or electing small business corporation (S corporation) pursuant to guidelines that shall be issued by the Department for purposes of such election.*

G. The Department shall adopt guidelines to prescribe standards for determining when research and development is considered conducted in the Commonwealth for purposes of allowing the credit under this section. In adopting guidelines, the Department may consider (i) the location where the research and development is performed; (ii) the residence or business location of the taxpayer or taxpayers conducting the research and development; (iii) the location where supplies used in the research and development are consumed; and (iv) any other factors that the Department deems to be relevant.

H. The Partnership shall include the tax credits approved in accordance with the provisions of this section in the Annual Report on Business Incentives compiled by the Secretary of Commerce and Trade. Such report shall include (i) the total number of applicants approved for tax credits for the applicable tax year and (ii) the total number of tax credits approved for the applicable tax year.

I. The Department shall require taxpayers applying for the credit to provide information including (i) the number of full-time employees employed by the taxpayer in the Commonwealth during the taxable year for which the credit is sought; (ii) the taxpayer's sector or sectors according to the 2012 edition of the North American Industry Classification System (NAICS) as published by the United States Census Bureau; (iii) a brief description of the area, discipline, or field of Virginia qualified research performed by the taxpayer; (iv) the total gross receipts or anticipated total gross receipts of the taxpayer for the taxable year for which the credit is sought; and (v) whether the Virginia qualified research was conducted in conjunction with a Virginia public or private college or university. The Department shall aggregate and summarize the information collected and make it available to the Governor and any member of the General Assembly upon request, regardless of the number of taxpayers applying for the credit.

2. That the provisions of this act shall become effective for taxable years beginning on or after January 1, 2014, except that the provisions of this act increasing the aggregate amount of tax credits that can be granted each fiscal year under § 58.1-439.12:08 of the Code of Virginia from \$5 million to \$6 million shall become effective for fiscal years of the Commonwealth beginning on or after July 1, 2014.

3. Notwithstanding the provisions of § 58.1-3 of the Code of Virginia or any other law, and regardless of how few taxpayers take the credit under § 58.1-439.12:08 of the Code of Virginia or any other circumstances, the Department, upon request by the General Assembly or any duly constituted committee of the General Assembly, shall disclose the total aggregate amount of credits under § 58.1-439.12:08 taken by all taxpayers.

Be it enacted by the General Assembly of Virginia:**1. That § 38.2-3451 of the Code of Virginia is amended and reenacted as follows:****§ 38.2-3451. Essential health benefits.**

A. The essential health benefits package may also include associated cost-sharing requirements or limitations. No qualified health insurance plan that is sold or offered for sale through an exchange established or operating in the Commonwealth shall provide coverage for abortions, regardless of whether such coverage is provided through the plan or is offered as a separate optional rider thereto, provided that such limitation shall not apply to an abortion performed (i) when the life of the mother is endangered by a physical disorder, physical illness, or physical injury, including a life-endangering physical condition caused by or arising from the pregnancy itself, or (ii) when the pregnancy is the result of an alleged act of rape or incest.

B. The provisions of subsection A regarding the inclusion of the PPACA-required minimum essential pediatric oral health benefits shall be deemed to be satisfied for health benefit plans made available in the small group market or individual market in the Commonwealth outside an exchange, as defined in § 38.2-3455, issued for policy or plan years beginning on or after January 1, 2015, that do not include the PPACA-required minimum essential pediatric oral health benefits if the health carrier has obtained reasonable assurance that such pediatric oral health benefits are provided to the purchaser of the health benefit plan. The health carrier shall be deemed to have obtained reasonable assurance that such pediatric oral health benefits are provided to the purchaser of the health benefit plan if:

1. At least one qualified dental plan, as defined in § 38.2-3455, (i) offers the minimum essential pediatric oral health benefits that are required under the PPACA and (ii) is available for purchase by the small group or individual purchaser; and

2. The health carrier prominently discloses, in a form approved by the Commission, at the time that it offers the health benefit plan that the plan does not provide the PPACA-required minimum essential pediatric oral health benefits.

For scholastic records of students who are emancipated or attending a state-supported institution of higher education, the right of access may be asserted by the student.

Any person who is the subject of any scholastic record and who is 18 years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, the public body shall open such records for inspection and copying.

2. Confidential letters and statements of recommendation placed in the records of educational agencies or institutions respecting (i) admission to any educational agency or institution, (ii) an application for employment *or promotion*, or (iii) receipt of an honor or honorary recognition.

5. All records of the University of Virginia or the University of Virginia Medical Center or Eastern Virginia Medical School, as the case may be, that contain proprietary, business-related information pertaining to the operations of the University of Virginia Medical Center or Eastern Virginia Medical School, as the case may be, including business

development or marketing strategies and activities with existing or future joint venturers, partners, or other parties with whom the University of Virginia Medical Center or Eastern Virginia Medical School, as the case may be, has formed, or forms, any arrangement for the delivery of health care, if disclosure of such information would be harmful to the competitive position of the Medical Center or Eastern Virginia Medical School, as the case may be.

6. Personal information, as defined in § 2.2-3801, provided to the Board of the Virginia College Savings Plan or its employees by or on behalf of individuals who have requested information about, applied for, or entered into prepaid tuition contracts or savings trust account agreements pursuant to Chapter 4.9 (§ 23-38.75 et seq.) of Title 23. Individuals shall be provided access to their own personal information.

7. Records maintained in connection with fundraising activities by or for a public institution of higher education to the extent that such records reveal (i) personal fundraising strategies relating to identifiable donors or prospective donors or (ii) wealth assessments; estate, financial, or tax planning information; health-related information; employment, familial, or marital status information; electronic mail addresses, facsimile or telephone numbers; birth dates or social security numbers of identifiable donors or prospective donors. The exclusion provided by this subdivision shall not apply to protect from disclosure (i) the identities of sponsors providing grants to or contracting with the institution for the performance of research services or other work or (ii) the terms and conditions of such grants or contracts.

8. Records of a threat assessment team established by a public institution of higher education pursuant to § 23-9.2:10 relating to the assessment or intervention with a specific individual. However, in the event an individual who has been under assessment commits an act, or is prosecuted for the commission of an act that has caused the death of, or caused serious bodily injury, including any felony sexual assault, to another person, the records of such threat assessment team concerning the individual under assessment shall be made available as provided by this chapter, with the exception of any criminal history records obtained pursuant to § 19.2-389 or 19.2-389.1, health records obtained pursuant to § 32.1-127.1:03, or scholastic records as defined in § 22.1-289. - 12. Three doses of properly spaced human papillomavirus (HPV) vaccine for females. The first dose shall be administered before the child enters the sixth grade.

C. The vaccines required by this section shall meet the standards prescribed in, and be administered in accordance with, regulations of the Board.

D. The provisions of this section shall not apply if:

1. The parent or guardian of the child objects thereto on the grounds that the administration of immunizing agents conflicts with his religious tenets or practices, unless an emergency or epidemic of disease has been declared by the Board;

2. The parent or guardian presents a statement from a physician licensed to practice medicine in Virginia, a licensed nurse practitioner, or a local health department that states that the physical condition of the child is such that the administration of one or more of the required immunizing agents would be detrimental to the health of the child; or

3. Because the human papillomavirus is not communicable in a school setting, a parent or guardian, at the parent's or guardian's sole discretion, may elect for the parent's or guardian's child not to receive the human papillomavirus vaccine, after having reviewed materials describing the link between the human papillomavirus and cervical cancer approved for such use by the Board.

E. For the purpose of protecting the public health by ensuring that each child receives age-appropriate immunizations, any physician, physician assistant, nurse practitioner, licensed institutional health care provider, local or district health department, the Virginia Immunization Information System, and the Department of Health may share immunization and patient locator information without parental authorization, including, but not limited to, the month, day, and year of each administered immunization; the patient's name, address, telephone number, birth date, and social security number; and the parents' names. CHAPTER 317

An Act to amend and reenact § 37.2-810 of the Code of Virginia, relating to temporary detention order; transportation.

[H 323]

Approved March 27, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 37.2-810 of the Code of Virginia is amended and reenacted as follows:

§ 37.2-810. Transportation of person in the temporary detention process.

A. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall specify in the temporary detention order the law-enforcement agency of the jurisdiction in which the person resides, *or any other willing law-enforcement agency that has agreed to provide transportation*, to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. However, if the nearest boundary of the jurisdiction in which the person resides is more than 50 miles from the nearest boundary of the jurisdiction in which the person is located, the law-enforcement agency of the jurisdiction in which the person is located shall execute the order and provide transportation.

B. The magistrate issuing the temporary detention order shall specify the law-enforcement agency to execute the order and provide transportation. However, in cases in which the temporary detention order is based upon a finding that the person who is the subject of the order has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs but there is no substantial likelihood that the person will cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the temporary detention order, a representative of the community services board, or other transportation provider with personnel trained to provide

transportation in a safe manner upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified ~~primary~~ law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the temporary detention order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the temporary detention facility. The temporary detention facility shall return a copy of the temporary detention order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

The order may include transportation of the person to such other medical facility as may be necessary to obtain further medical evaluation or treatment prior to placement as required by a physician at the admitting temporary detention facility. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section. Such medical evaluation or treatment shall be conducted immediately in accordance with state and federal law.

C. A law-enforcement officer may lawfully go to or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing any temporary detention order pursuant to this section. Law-enforcement agencies may enter into agreements to facilitate the execution of temporary detention orders and provide transportation.

CHAPTER 318

An Act to amend and reenact § 16.1-279.1 of the Code of Virginia, relating to protective orders in cases of family abuse; motor vehicles.

[H 335]

Approved March 27, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 16.1-279.1 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-279.1. Protective order in cases of family abuse.

A. In cases of family abuse, including any case involving an incarcerated or recently incarcerated respondent against whom a preliminary protective order has been issued pursuant to § 16.1-253.1, the court may issue a protective order to protect the health and safety of the petitioner and family or household members of the petitioner. A protective order issued under this section may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of family abuse or criminal offenses that result in injury to person or property;
2. Prohibiting such contacts by the respondent with the petitioner or family or household members of the petitioner as the court deems necessary for the health or safety of such persons;
3. Granting the petitioner possession of the residence occupied by the parties to the exclusion of the respondent; however, no such grant of possession shall affect title to any real or personal property;
4. Enjoining the respondent from terminating any necessary utility service to the residence to which the petitioner was granted possession pursuant to subdivision 3 or, where appropriate, ordering the respondent to restore utility services to that residence;
5. Granting the petitioner temporary possession or use of a motor vehicle owned by the petitioner alone or jointly owned by the parties to the exclusion of the respondent *and enjoining the respondent from terminating any insurance, registration, or taxes on the motor vehicle and directing the respondent to maintain the insurance, registration, and taxes, as appropriate*; however, no such grant of possession or use shall affect title to the vehicle;
6. Requiring that the respondent provide suitable alternative housing for the petitioner and, if appropriate, any other family or household member and where appropriate, requiring the respondent to pay deposits to connect or restore necessary utility services in the alternative housing provided;
7. Ordering the respondent to participate in treatment, counseling or other programs as the court deems appropriate; and
8. Any other relief necessary for the protection of the petitioner and family or household members of the petitioner, including a provision for temporary custody or visitation of a minor child.

A1. If a protective order is issued pursuant to subsection A, the court may also issue a temporary child support order for the support of any children of the petitioner whom the respondent has a legal obligation to support. Such order shall terminate upon the determination of support pursuant to § 20-108.1.

B. The protective order may be issued for a specified period of time up to a maximum of two years. The protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Prior to the expiration of the protective order, a petitioner may file a written motion requesting a hearing to extend

the order. Proceedings to extend a protective order shall be given precedence on the docket of the court. If the petitioner was a member of the respondent's family or household at the time the initial protective order was issued, the court may extend the protective order for a period not longer than two years to protect the health and safety of the petitioner or persons who are family or household members of the petitioner at the time the request for an extension is made. The extension of the protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Nothing herein shall limit the number of extensions that may be requested or issued.

C. A copy of the protective order shall be served on the respondent and provided to the petitioner as soon as possible. The court, including a circuit court if the circuit court issued the order, shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court and shall forthwith forward the attested copy of the protective order containing any such identifying information to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent and due return made to the court. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

D. Except as otherwise provided in § 16.1-253.2, a violation of a protective order issued under this section shall constitute contempt of court.

E. The court may assess costs and attorneys' fees against either party regardless of whether an order of protection has been issued as a result of a full hearing.

F. Any judgment, order or decree, whether permanent or temporary, issued by a court of appropriate jurisdiction in another state, the United States or any of its territories, possessions or Commonwealths, the District of Columbia or by any tribal court of appropriate jurisdiction for the purpose of preventing violent or threatening acts or harassment against or contact or communication with or physical proximity to another person, including any of the conditions specified in subsection A, shall be accorded full faith and credit and enforced in the Commonwealth as if it were an order of the Commonwealth, provided reasonable notice and opportunity to be heard were given by the issuing jurisdiction to the person against whom the order is sought to be enforced sufficient to protect such person's due process rights and consistent with federal law. A person entitled to protection under such a foreign order may file the order in any juvenile and domestic relations district court by filing with the court an attested or exemplified copy of the order. Upon such a filing, the clerk shall forthwith forward an attested copy of the order to the primary law-enforcement agency responsible for service and entry of protective orders which shall, upon receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. Where practical, the court may transfer information electronically to the Virginia Criminal Information Network.

Upon inquiry by any law-enforcement agency of the Commonwealth, the clerk shall make a copy available of any foreign order filed with that court. A law-enforcement officer may, in the performance of his duties, rely upon a copy of a foreign protective order or other suitable evidence which has been provided to him by any source and may also rely upon the statement of any person protected by the order that the order remains in effect.

G. Either party may at any time file a written motion with the court requesting a hearing to dissolve or modify the order. Proceedings to dissolve or modify a protective order shall be given precedence on the docket of the court.

H. As used in this section:

"Copy" includes a facsimile copy; and

"Protective order" includes an initial, modified or extended protective order.

I. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

J. No fee shall be charged for filing or serving any petition or order pursuant to this section.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation is \$0 for periods of imprisonment in state adult correctional facilities and \$0 for periods of commitment to the custody of the Department of Juvenile Justice.

§ 8.01-581.16. Civil immunity for members of or consultants to certain boards or committees.

Every member of, or health care professional consultant to, any committee, board, group, commission or other entity shall be immune from civil liability for any act, decision, omission, or utterance done or made in performance of his duties while serving as a member of or consultant to such committee, board, group, commission or other entity, which functions primarily to review, evaluate, or make recommendations on (i) the duration of patient stays in health care facilities, (ii) the professional services furnished with respect to the medical, dental, psychological, podiatric, chiropractic, veterinary or optometric necessity for such services, (iii) the purpose of promoting the most efficient use or monitoring the quality of care of available health care facilities and services, or of emergency medical services agencies and services, (iv) the adequacy or quality of professional services, (v) the competency and qualifications for professional staff privileges, (vi) the reasonableness or appropriateness of charges made by or on behalf of health care facilities or (vii) patient safety, including entering into contracts with patient safety organizations; provided that such committee, board, group, commission or other entity has been established pursuant to federal or state law or regulation, or pursuant to ~~Joint Commission on Accreditation of Healthcare Organizations~~ *the requirements of a national accrediting organization granted authority by the Centers for Medicare and Medicaid Services to ensure compliance with Medicare conditions of participation pursuant to § 1865 of*

Title XVIII of the Social Security Act (42 U.S.C. § 1395bb), or established and duly constituted by one or more public or licensed private hospitals, community services boards, or behavioral health authorities, or with a governmental agency and provided further that such act, decision, omission, or utterance is not done or made in bad faith or with malicious intent.

§ 8.01-581.17. Privileged communications of certain committees and entities.

A. For the purposes of this section:

"Centralized credentialing service" means (i) gathering information relating to applications for professional staff privileges at any public or licensed private hospital or for participation as a provider in any health maintenance organization, preferred provider organization or any similar organization and (ii) providing such information to those hospitals and organizations that utilize the service.

"Patient safety data" means reports made to patient safety organizations together with all health care data, interviews, memoranda, analyses, root cause analyses, products of quality assurance or quality improvement processes, corrective action plans or information collected or created by a health care provider as a result of an occurrence related to the provision of health care services.

"Patient safety organization" means any organization, group, or other entity that collects and analyzes patient safety data for the purpose of improving patient safety and health care outcomes and that is independent and not under the control of the entity that reports patient safety data.

B. The proceedings, minutes, records, and reports of any (i) medical staff committee, utilization review committee, or other committee, board, group, commission or other entity as specified in § 8.01-581.16; (ii) nonprofit entity that provides a centralized credentialing service; or (iii) quality assurance, quality of care, or peer review committee established pursuant to guidelines approved or adopted by (a) a national or state physician peer review entity, (b) a national or state physician accreditation entity, (c) a national professional association of health care providers or Virginia chapter of a national professional association of health care providers, (d) a licensee of a managed care health insurance plan (MCHIP) as defined in § 38.2-5800, (e) the Office of Emergency Medical Services or any regional emergency medical services council, or (f) a statewide or local association representing health care providers licensed in the Commonwealth, together with all communications, both oral and written, originating in or provided to such committees or entities, are privileged communications which may not be disclosed or obtained by legal discovery proceedings unless a circuit court, after a hearing and for good cause arising from extraordinary circumstances being shown, orders the disclosure of such proceedings, minutes, records, reports, or communications. Additionally, for the purposes of this section, accreditation and peer review records of the American College of Radiology and the Medical Society of Virginia are considered privileged communications. Oral communications regarding a specific medical incident involving patient care, made to a quality assurance, quality of care, or peer review committee established pursuant to clause (iii), shall be privileged only to the extent made more than 24 hours after the occurrence of the medical incident. Nothing in this section shall be construed as providing any privilege to any health care provider, emergency medical services agency, community services board, or behavioral health authority with respect to any factual information regarding specific patient health care or treatment, including patient health care incidents, whether oral, electronic, or written. However, the analysis, findings, conclusions, recommendations, and the deliberative process of any medical staff committee, utilization review committee, or other committee, board, group, commission, or other entity specified in § 8.01-581.16, as well as the proceedings, minutes, records, and reports, including the opinions and reports of experts, of such entities shall be privileged in their entirety under this section. Information known by a witness with knowledge of the facts or treating health care provider is not privileged or protected from discovery merely because it is provided to a committee, board, group, commission, or other entity specified in § 8.01-581.16, and may be discovered by deposition or otherwise in the course of discovery. A person involved in the work of the entities referenced in this subsection shall not be made a witness with knowledge of the facts by virtue of his involvement in the quality assurance, peer review, or credentialing process.

C. Nothing in this section shall be construed as providing any privilege to health care provider, emergency medical services agency, community services board, or behavioral health authority medical records kept with respect to a patient, whose treatment is at issue, in the ordinary course of business of operating a hospital, emergency medical services agency, community services board, or behavioral health authority nor to any facts or information contained in medical records, nor shall this section preclude or affect discovery of or production of evidence relating to hospitalization or treatment of such patient in the ordinary course of the patient's hospitalization or treatment. However, the proceedings, minutes, records, reports, analysis, findings, conclusions, recommendations, and the deliberative process, including opinions and reports of experts, of any medical staff committee, utilization review committee, or other committee, board, group, commission, or other entity specified in § 8.01-581.16 shall not constitute medical records, are privileged in their entirety, and are not discoverable.

D. Notwithstanding any other provision of this section, reports or patient safety data in possession of a patient safety organization, together with the identity of the reporter and all related correspondence, documentation, analysis, results or recommendations, shall be privileged and confidential and shall not be subject to a civil, criminal, or administrative subpoena or admitted as evidence in any civil, criminal, or administrative proceeding. Nothing in this subsection shall affect the discoverability or admissibility of facts, information or records referenced in subsection C as related to patient care from a source other than a patient safety organization.

E. Any patient safety organization shall promptly remove all patient-identifying information after receipt of a complete patient safety data report unless such organization is otherwise permitted by state or federal law to maintain such

information. Patient safety organizations shall maintain the confidentiality of all patient-identifying information and shall not disseminate such information except as permitted by state or federal law.

F. Exchange of (i) patient safety data among health care providers or patient safety organizations that does not identify any patient or (ii) information privileged pursuant to subsection B between committees, boards, groups, commissions, or other entities specified in § 8.01-581.16 shall not constitute a waiver of any privilege established in this section.

G. Reports of patient safety data to patient safety organizations shall not abrogate obligations to make reports to health regulatory boards or other agencies as required by state or federal law.

H. No employer shall take retaliatory action against an employee who in good faith makes a report of patient safety data to a patient safety organization.

I. Reports produced solely for purposes of self-assessment of compliance with requirements or standards of ~~the Joint Commission on Accreditation of Healthcare Organizations~~ *a national accrediting organization granted authority by the Centers for Medicare and Medicaid Services to ensure compliance with Medicare conditions of participation pursuant to § 1865 of Title XVIII of the Social Security Act (42 U.S.C. § 1395bb)* shall be privileged and confidential and shall not be subject to subpoena or admitted as evidence in a civil or administrative proceeding. Nothing in this subsection shall affect the discoverability or admissibility of facts, information, or records referenced in subsection C as related to patient care from a source other than such accreditation body. A health care provider's release of such reports to such accreditation body shall not constitute a waiver of any privilege provided under this section.

§ 23-77.3. Operations of Medical Center.

A. In enacting this section, the General Assembly recognizes that the ability of the University of Virginia to provide medical and health sciences education and related research is dependent upon the maintenance of high quality teaching hospitals and related health care and health maintenance facilities, collectively referred to in this section as the Medical Center, and that the maintenance of a Medical Center serving such purposes requires specialized management and operation that permit the Medical Center to remain economically viable and to participate in cooperative arrangements reflective of changes in health care delivery.

B. Notwithstanding the provisions of § 32.1-124 exempting hospitals and nursing homes owned or operated by an agency of the Commonwealth from state licensure, the Medical Center shall be, for so long as the Medical Center maintains its accreditation by ~~the Joint Commission on Accreditation of Health Care Organizations or any successor in interest thereof~~ *a national accrediting organization granted authority by the Centers for Medicare and Medicaid Services to ensure compliance with Medicare conditions of participation pursuant to § 1865 of Title XVIII of the Social Security Act (42 U.S.C. § 1395bb)*, deemed to be licensed as a hospital for purposes of other law relating to the operation of hospitals licensed by the Board of Health. The Medical Center shall not, however, be deemed to be a licensed hospital to the extent any law relating to licensure of hospitals specifically excludes the Commonwealth or its agencies. As an agency of the Commonwealth, the Medical Center shall, in addition, remain (i) exempt from licensure by the Board of Health pursuant to § 32.1-124 and (ii) subject to the Virginia Tort Claims Act (§ 8.01-195.1 et seq.). Further, this subsection shall not be construed as a waiver of the Commonwealth's sovereign immunity.

C. Without limiting the powers provided in this chapter, the University of Virginia may create, own in whole or in part or otherwise control corporations, partnerships, insurers or other entities whose activities will promote the operations of the Medical Center and its mission, may cooperate or enter into joint ventures with such entities and government bodies and may enter into contracts in connection therewith. Without limiting the power of the University of Virginia to issue bonds, notes, guarantees, or other evidence of indebtedness under subsection D in connection with such activities, no such creation, ownership or control shall create any responsibility of the University, the Commonwealth or any other agency thereof for the operations or obligations of any such entity or in any way make the University, the Commonwealth, or any other agency thereof responsible for the payment of debt or other obligations of such entity. All such interests shall be reflected on the financial statements of the Medical Center.

D. Notwithstanding the provisions of Chapter 3 (§ 23-14 et seq.) of this title, the University of Virginia may issue bonds, notes, guarantees, or other evidence of indebtedness without the approval of any other governmental body subject to the following provisions:

1. Such debt is used solely for the purpose of paying not more than 50 percent of the cost of capital improvements in connection with the operation of the Medical Center or related issuance costs, reserve funds, and other financing expenses, including interest during construction or acquisitions and for up to one year thereafter;

2. The only revenues of the University pledged to the payment of such debt are those derived from the operation of the Medical Center and related health care and educational activities, and there are pledged therefor no general fund appropriation and special Medicaid disproportionate share payments for indigent and medically indigent patients who are not eligible for the Virginia Medicaid Program;

3. Such debt states that it does not constitute a debt of the Commonwealth or a pledge of the faith and credit of the Commonwealth;

4. Such debt is not sold to the public;

5. The total principal amount of such debt outstanding at any one time does not exceed \$25 million;

6. The Treasury Board has approved the terms and structure of such debt;

7. The purpose, terms, and structure of such debt are promptly communicated to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees; and

8. All such indebtedness is reflected on the financial statements of the Medical Center.

Subject to meeting the conditions set forth above, such debt may be in such form and have such terms as the board of visitors may provide and shall be in all respects debt of the University for the purposes of §§ 23-23, 23-25, and 23-26.

§ 32.1-111.3. Statewide emergency medical care system.

A. The Board of Health shall develop a comprehensive, coordinated, emergency medical care system in the Commonwealth and prepare a Statewide Emergency Medical Services Plan which shall incorporate, but not be limited to, the plans prepared by the regional emergency medical services councils. The Board shall review, update, and publish the Plan triennially, making such revisions as may be necessary to improve the effectiveness and efficiency of the Commonwealth's emergency medical care system. Publishing through electronic means and posting on the Department website shall satisfy the publication requirement. The objectives of such Plan and the system shall include, but not be limited to, the following:

1. Establishing a comprehensive statewide emergency medical care system, incorporating facilities, transportation, manpower, communications, and other components as integral parts of a unified system that will serve to improve the delivery of emergency medical services and thereby decrease morbidity, hospitalization, disability, and mortality;

2. Reducing the time period between the identification of an acutely ill or injured patient and the definitive treatment;

3. Increasing the accessibility of high quality emergency medical services to all citizens of Virginia;

4. Promoting continuing improvement in system components including ground, water and air transportation, communications, hospital emergency departments and other emergency medical care facilities, consumer health information and education, and health manpower and manpower training;

5. Ensuring performance improvement of the Emergency Medical Services system and emergency medical care delivered on scene, in transit, in hospital emergency departments and within the hospital environment;

6. Working with professional medical organizations, hospitals, and other public and private agencies in developing approaches whereby the many persons who are presently using the existing emergency department for routine, nonurgent, primary medical care will be served more appropriately and economically;

7. Conducting, promoting, and encouraging programs of education and training designed to upgrade the knowledge and skills of health manpower involved in emergency medical services, including expanding the availability of paramedic and advanced life support training throughout the Commonwealth with particular emphasis on regions underserved by personnel having such skills and training;

8. Consulting with and reviewing, with agencies and organizations, the development of applications to governmental or other sources for grants or other funding to support emergency medical services programs;

9. Establishing a statewide air medical evacuation system which shall be developed by the Department of Health in coordination with the Department of State Police and other appropriate state agencies;

10. Establishing and maintaining a process for designation of appropriate hospitals as trauma centers and specialty care centers based on an applicable national evaluation system;

11. Maintaining a comprehensive emergency medical services patient care data collection and performance improvement system pursuant to Article 3.1 (§ 32.1-116.1 et seq.);

12. Collecting data and information and preparing reports for the sole purpose of the designation and verification of trauma centers and other specialty care centers pursuant to this section. All data and information collected shall remain confidential and shall be exempt from the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.);

13. Establishing and maintaining a process for crisis intervention and peer support services for emergency medical services and public safety personnel, including statewide availability and accreditation of critical incident stress management teams;

14. Establishing a statewide emergency medical services for children program to provide coordination and support for emergency pediatric care, availability of pediatric emergency medical care equipment, and pediatric training of medical care providers;

15. Establishing and supporting a statewide system of health and medical emergency response teams, including emergency medical services disaster task forces, coordination teams, disaster medical assistance teams, and other support teams that shall assist local emergency medical services at their request during mass casualty, disaster, or whenever local resources are overwhelmed;

16. Establishing and maintaining a program to improve dispatching of emergency medical services including establishment of and support for emergency medical dispatch training, accreditation of 911 dispatch centers, and public safety answering points;

17. Identifying and establishing best practices for managing and operating agencies, improving and managing emergency medical response times, and disseminating such information to the appropriate persons and entities;

18. Ensuring that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be contacted immediately to deploy assistance in the event there are victims as defined in § 19.2-11.01, and that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund become the lead coordinating agencies for those individuals determined to be victims; and

19. Maintaining current contact information for both the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund.

B. The Board of Health shall also develop and maintain as a component of the Emergency Medical Services Plan a statewide prehospital and interhospital Trauma Triage Plan designed to promote rapid access for pediatric and adult trauma patients to appropriate, organized trauma care through the publication and regular updating of information on resources for trauma care and generally accepted criteria for trauma triage and appropriate transfer. The Trauma Triage Plan shall include:

1. A strategy for maintaining the statewide Trauma Triage Plan through formal regional trauma triage plans that incorporate each region's geographic variations and trauma care capabilities and resources, including hospitals designated as trauma centers pursuant to subsection A. The regional trauma triage plans shall be reviewed triennially. Plans should ensure that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be contacted immediately to deploy assistance in the event there are victims as defined in § 19.2-11.01, and that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund become the lead coordinating agencies for those individuals determined to be victims; and maintain current contact information for both the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund.

2. A uniform set of proposed criteria for prehospital and interhospital triage and transport of trauma patients developed by the Emergency Medical Services Advisory Board, in consultation with the Virginia Chapter of the American College of Surgeons, the Virginia College of Emergency Physicians, the Virginia Hospital and Healthcare Association, and prehospital care providers. The Emergency Medical Services Advisory Board may revise such criteria from time to time to incorporate accepted changes in medical practice or to respond to needs indicated by analyses of data on patient outcomes. Such criteria shall be used as a guide and resource for health care providers and are not intended to establish, in and of themselves, standards of care or to abrogate the requirements of § 8.01-581.20. A decision by a health care provider to deviate from the criteria shall not constitute negligence per se.

3. A performance improvement program for monitoring the quality of care, consistent with other components of the Emergency Medical Services Plan. The program shall provide for collection and analysis of data on emergency medical and trauma services from existing validated sources, including but not limited to the emergency medical services patient care information system, pursuant to Article 3.1 (§ 32.1-116.1 et seq.), the Patient Level Data System, and mortality data. The Emergency Medical Services Advisory Board shall review and analyze such data on a quarterly basis and report its findings to the Commissioner. The Emergency Medical Services Advisory Board may execute these duties through a committee composed of persons having expertise in critical care issues and representatives of emergency medical services providers. The program for monitoring and reporting the results of emergency medical and trauma services data analysis shall be the sole means of encouraging and promoting compliance with the trauma triage criteria.

The Commissioner shall report aggregate findings of the analysis annually to each regional emergency medical services council. The report shall be available to the public and shall identify, minimally, as defined in the statewide plan, the frequency of (i) incorrect triage in comparison to the total number of trauma patients delivered to a hospital prior to pronouncement of death and (ii) incorrect interfacility transfer for each region.

The Emergency Medical Services Advisory Board or its designee shall ensure that each hospital or emergency medical services director is informed of any incorrect interfacility transfer or triage, as defined in the statewide plan, specific to the provider and shall give the provider an opportunity to correct any facts on which such determination is based, if the provider asserts that such facts are inaccurate. The findings of the report shall be used to improve the Trauma Triage Plan, including triage, and transport and trauma center designation criteria.

The Commissioner shall ensure the confidentiality of patient information, in accordance with § 32.1-116.2. Such data or information in the possession of or transmitted to the Commissioner, the Emergency Medical Services Advisory Board, any committee acting on behalf of the Emergency Medical Services Advisory Board, any hospital or prehospital care provider, any regional emergency medical services council, licensed emergency medical services agency, or group or committee established to monitor the quality of care pursuant to this subdivision, or any other person shall be privileged and shall not be disclosed or obtained by legal discovery proceedings, unless a circuit court, after a hearing and for good cause shown arising from extraordinary circumstances, orders disclosure of such data.

C. The Board of Health shall also develop and maintain as a component of the Emergency Medical Services Plan a statewide prehospital and interhospital Stroke Triage Plan designed to promote rapid access for stroke patients to appropriate, organized stroke care through the publication and regular updating of information on resources for stroke care and generally accepted criteria for stroke triage and appropriate transfer. The Stroke Triage Plan shall include:

1. A strategy for maintaining the statewide Stroke Triage Plan through formal regional stroke triage plans that incorporate each region's geographic variations and stroke care capabilities and resources, including hospitals designated as "primary stroke centers" through certification by the Joint Commission, *DNV Healthcare*, or a comparable process consistent with the recommendations of the Brain Attack Coalition. The regional stroke triage plans shall be reviewed triennially.

2. A uniform set of proposed criteria for prehospital and interhospital triage and transport of stroke patients developed by the Emergency Medical Services Advisory Board, in consultation with the American Stroke Association, the Virginia College of Emergency Physicians, the Virginia Hospital and Healthcare Association, and prehospital care providers. The Board of Health may revise such criteria from time to time to incorporate accepted changes in medical practice or to respond to needs indicated by analyses of data on patient outcomes. Such criteria shall be used as a guide and resource for health care providers and are not intended to establish, in and of themselves, standards of care or to abrogate the

requirements of § 8.01-581.20. A decision by a health care provider to deviate from the criteria shall not constitute negligence per se.

D. Whenever any state-owned aircraft, vehicle, or other form of conveyance is utilized under the provisions of this section, an appropriate amount not to exceed the actual costs of operation may be charged by the agency having administrative control of such aircraft, vehicle or other form of conveyance.

§ 32.1-125.1. Inspection of hospitals by state agencies generally.

As used in this section unless the context requires a different meaning, "hospital" means a hospital as defined in § 32.1-123 or 37.2-100.

State agencies shall make or cause to be made only such inspections of hospitals as are necessary to carry out the various obligations imposed on each agency by applicable state and federal laws and regulations. Any on-site inspection by a state agency or a division or unit thereof that substantially complies with the inspection requirements of any other state agency or any other division or unit of the inspecting agency charged with making similar inspections shall be accepted as an equivalent inspection in lieu of an on-site inspection by said agency or by a division or unit of the inspecting agency. A state agency shall coordinate its hospital inspections both internally and with those required by other state agencies so as to ensure that the requirements of this section are met.

Notwithstanding any provision of law to the contrary, all hospitals licensed by the Department of Health or Department of Behavioral Health and Developmental Services ~~which that~~ have been certified under the provisions of Title XVIII of the Social Security Act for hospital or psychiatric services or ~~which that~~ have obtained accreditation from ~~the Joint Commission on Accreditation of Healthcare Organizations~~ *a national accrediting organization granted authority by the Centers for Medicare and Medicaid Services to ensure compliance with Medicare conditions of participation pursuant to § 1865 of Title XVIII of the Social Security Act (42 U.S.C. § 1395bb)* may be subject to inspections so long as such certification or accreditation is maintained but only to the extent necessary to ensure the public health and safety.

§ 32.1-127. Regulations.

A. The regulations promulgated by the Board to carry out the provisions of this article shall be in substantial conformity to the standards of health, hygiene, sanitation, construction and safety as established and recognized by medical and health care professionals and by specialists in matters of public health and safety, including health and safety standards established under provisions of Title XVIII and Title XIX of the Social Security Act, and to the provisions of Article 2 (§ 32.1-138 et seq.).

B. Such regulations:

1. Shall include minimum standards for (i) the construction and maintenance of hospitals, nursing homes and certified nursing facilities to ~~assure~~ *ensure* the environmental protection and the life safety of its patients, employees, and the public; (ii) the operation, staffing and equipping of hospitals, nursing homes and certified nursing facilities; (iii) qualifications and training of staff of hospitals, nursing homes and certified nursing facilities, except those professionals licensed or certified by the Department of Health Professions; (iv) conditions under which a hospital or nursing home may provide medical and nursing services to patients in their places of residence; and (v) policies related to infection prevention, disaster preparedness, and facility security of hospitals, nursing homes, and certified nursing facilities. For purposes of this paragraph, facilities in which five or more first trimester abortions per month are performed shall be classified as a category of "hospital";

2. Shall provide that at least one physician who is licensed to practice medicine in this Commonwealth shall be on call at all times, though not necessarily physically present on the premises, at each hospital which operates or holds itself out as operating an emergency service;

3. May classify hospitals and nursing homes by type of specialty or service and may provide for licensing hospitals and nursing homes by bed capacity and by type of specialty or service;

4. Shall also require that each hospital establish a protocol for organ donation, in compliance with federal law and the regulations of the Centers for Medicare & Medicaid Services (CMS), particularly 42 C.F.R. § 482.45. Each hospital shall have an agreement with an organ procurement organization designated in CMS regulations for routine contact, whereby the provider's designated organ procurement organization certified by CMS (i) is notified in a timely manner of all deaths or imminent deaths of patients in the hospital and (ii) is authorized to determine the suitability of the decedent or patient for organ donation and, in the absence of a similar arrangement with any eye bank or tissue bank in Virginia certified by the Eye Bank Association of America or the American Association of Tissue Banks, the suitability for tissue and eye donation. The hospital shall also have an agreement with at least one tissue bank and at least one eye bank to cooperate in the retrieval, processing, preservation, storage, and distribution of tissues and eyes to ensure that all usable tissues and eyes are obtained from potential donors and to avoid interference with organ procurement. The protocol shall ensure that the hospital collaborates with the designated organ procurement organization to inform the family of each potential donor of the option to donate organs, tissues, or eyes or to decline to donate. The individual making contact with the family shall have completed a course in the methodology for approaching potential donor families and requesting organ or tissue donation that (a) is offered or approved by the organ procurement organization and designed in conjunction with the tissue and eye bank community and (b) encourages discretion and sensitivity according to the specific circumstances, views, and beliefs of the relevant family. In addition, the hospital shall work cooperatively with the designated organ procurement organization in educating the staff responsible for contacting the organ procurement organization's personnel on donation issues, the proper review of death records to improve identification of potential donors, and the proper procedures for maintaining potential

donors while necessary testing and placement of potential donated organs, tissues, and eyes takes place. This process shall be followed, without exception, unless the family of the relevant decedent or patient has expressed opposition to organ donation, the chief administrative officer of the hospital or his designee knows of such opposition, and no donor card or other relevant document, such as an advance directive, can be found;

5. Shall require that each hospital that provides obstetrical services establish a protocol for admission or transfer of any pregnant woman who presents herself while in labor;

6. Shall also require that each licensed hospital develop and implement a protocol requiring written discharge plans for identified, substance-abusing, postpartum women and their infants. The protocol shall require that the discharge plan be discussed with the patient and that appropriate referrals for the mother and the infant be made and documented. Appropriate referrals may include, but need not be limited to, treatment services, comprehensive early intervention services for infants and toddlers with disabilities and their families pursuant to Part H of the Individuals with Disabilities Education Act, 20 U.S.C. § 1471 et seq., and family-oriented prevention services. The discharge planning process shall involve, to the extent possible, the father of the infant and any members of the patient's extended family who may participate in the follow-up care for the mother and the infant. Immediately upon identification, pursuant to § 54.1-2403.1, of any substance-abusing, postpartum woman, the hospital shall notify, subject to federal law restrictions, the community services board of the jurisdiction in which the woman resides to appoint a discharge plan manager. The community services board shall implement and manage the discharge plan;

7. Shall require that each nursing home and certified nursing facility fully disclose to the applicant for admission the home's or facility's admissions policies, including any preferences given;

8. Shall require that each licensed hospital establish a protocol relating to the rights and responsibilities of patients which shall include a process reasonably designed to inform patients of such rights and responsibilities. Such rights and responsibilities of patients, a copy of which shall be given to patients on admission, shall be based on ~~Joint Commission on Accreditation of Healthcare Organizations' standards~~ *consistent with applicable federal law and regulations of the Centers for Medicare and Medicaid Services*;

9. Shall establish standards and maintain a process for designation of levels or categories of care in neonatal services according to an applicable national or state-developed evaluation system. Such standards may be differentiated for various levels or categories of care and may include, but need not be limited to, requirements for staffing credentials, staff/patient ratios, equipment, and medical protocols;

10. Shall require that each nursing home and certified nursing facility train all employees who are mandated to report adult abuse, neglect, or exploitation pursuant to § 63.2-1606 on such reporting procedures and the consequences for failing to make a required report;

11. Shall permit hospital personnel, as designated in medical staff bylaws, rules and regulations, or hospital policies and procedures, to accept emergency telephone and other verbal orders for medication or treatment for hospital patients from physicians, and other persons lawfully authorized by state statute to give patient orders, subject to a requirement that such verbal order be signed, within a reasonable period of time not to exceed 72 hours as specified in the hospital's medical staff bylaws, rules and regulations or hospital policies and procedures, by the person giving the order, or, when such person is not available within the period of time specified, co-signed by another physician or other person authorized to give the order;

12. Shall require, unless the vaccination is medically contraindicated or the resident declines the offer of the vaccination, that each certified nursing facility and nursing home provide or arrange for the administration to its residents of (i) an annual vaccination against influenza and (ii) a pneumococcal vaccination, in accordance with the most recent recommendations of the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;

13. Shall require that each nursing home and certified nursing facility register with the Department of State Police to receive notice of the registration or reregistration of any sex offender within the same or a contiguous zip code area in which the home or facility is located, pursuant to § 9.1-914;

14. Shall require that each nursing home and certified nursing facility ascertain, prior to admission, whether a potential patient is a registered sex offender, if the home or facility anticipates the potential patient will have a length of stay greater than three days or in fact stays longer than three days;

15. Shall require that each licensed hospital include in its visitation policy a provision allowing each adult patient to receive visits from any individual from whom the patient desires to receive visits, subject to other restrictions contained in the visitation policy including, but not limited to, those related to the patient's medical condition and the number of visitors permitted in the patient's room simultaneously;

16. Shall require that each nursing home and certified nursing facility shall, upon the request of the facility's family council, send notices and information about the family council mutually developed by the family council and the administration of the nursing home or certified nursing facility, and provided to the facility for such purpose, to the listed responsible party or a contact person of the resident's choice up to six times per year. Such notices may be included together with a monthly billing statement or other regular communication. Notices and information shall also be posted in a designated location within the nursing home or certified nursing facility; and

17. Shall require that each nursing home and certified nursing facility maintain liability insurance coverage in a minimum amount of \$1 million, and professional liability coverage in an amount at least equal to the recovery limit set forth

in § 8.01-581.15, to compensate patients or individuals for injuries and losses resulting from the negligent or criminal acts of the facility. Failure to maintain such minimum insurance shall result in revocation of the facility's license.

C. Upon obtaining the appropriate license, if applicable, licensed hospitals, nursing homes, and certified nursing facilities may operate adult day care centers.

D. All facilities licensed by the Board pursuant to this article which provide treatment or care for hemophiliacs and, in the course of such treatment, stock clotting factors, shall maintain records of all lot numbers or other unique identifiers for such clotting factors in order that, in the event the lot is found to be contaminated with an infectious agent, those hemophiliacs who have received units of this contaminated clotting factor may be apprised of this contamination. Facilities which have identified a lot which is known to be contaminated shall notify the recipient's attending physician and request that he notify the recipient of the contamination. If the physician is unavailable, the facility shall notify by mail, return receipt requested, each recipient who received treatment from a known contaminated lot at the individual's last known address.

CHAPTER 321

An Act to amend and reenact § 18.2-112.1 of the Code of Virginia, relating to misuse of public assets; penalty.

[H 420]

Approved March 27, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-112.1 of the Code of Virginia is amended and reenacted as follows:

§ 18.2-112.1. Misuse of public assets; penalty.

A. For purposes of this section, "public assets" means personal property belonging to or paid for by the Commonwealth, or any city, town, county, or any other political subdivision, or the labor of any person other than the accused that is paid for by the Commonwealth, or any city, town, county, or any other political subdivision.

B. § 22.1-279.6. Board of Education guidelines and model policies for codes of student conduct; school board regulations.

A. The Board of Education shall establish guidelines and develop model policies for codes of student conduct to aid local school boards in the implementation of such policies. The guidelines and model policies shall include, but not be limited to, (i) criteria for the removal of a student from a class, the use of suspension, expulsion, and exclusion as disciplinary measures, the grounds for suspension and expulsion and exclusion, and the procedures to be followed in such cases, including proceedings for such suspension, expulsion, and exclusion decisions and all applicable appeals processes; (ii) standards, consistent with state, federal and case laws, for school board policies on alcohol and drugs, gang-related activity, hazing, vandalism, trespassing, threats, search and seizure, disciplining of students with disabilities, intentional injury of others, self-defense, bullying, the use of electronic means for purposes of bullying, harassment, and intimidation, and dissemination of such policies to students, their parents, and school personnel; and (iii) standards for in-service training of school personnel in and examples of the appropriate management of student conduct and student offenses in violation of school board policies.

In accordance with the most recent enunciation of constitutional principles by the Supreme Court of the United States of America, the Board's standards for school board policies on alcohol and drugs and search and seizure shall include guidance for procedures relating to voluntary and mandatory drug testing in schools, including, but not limited to, which groups may be tested, use of test results, confidentiality of test information, privacy considerations, consent to the testing, need to know, and release of the test results to the appropriate school authority.

In the case of suspension and expulsion, the procedures set forth in this article shall be the minimum procedures that the school board may prescribe.

B. School boards shall adopt and revise, as required by § 22.1-253.13:7 and in accordance with the requirements of this section, regulations on codes of student conduct that are consistent with, but may be more stringent than, the guidelines of the Board. D. Each school board shall include in its code of student conduct, by July 1, 2014, policies and procedures that include a prohibition against bullying. Such policies and procedures shall be consistent with the standards for school board policies on bullying and the use of electronic means for purposes of bullying developed by the Board pursuant to subsection A.

Such policies and procedures shall not be interpreted to infringe upon the First Amendment rights of students and are not intended to prohibit expression of religious, philosophical, or political views, provided that such expression does not cause an actual, material disruption of the work of the school.

E. A school board may regulate the use or possession of beepers or other portable communications devices and laser pointers by students on school property or attending school functions or activities and establish disciplinary procedures pursuant to this article to which students violating such regulations will be subject.

F. Nothing in this section shall be construed to require any school board to adopt policies requiring or encouraging any drug testing in schools. However, a school board may, in its discretion, require or encourage drug testing in accordance with the Board of Education's guidelines and model student conduct policies required by subsection A and the Board's guidelines for student searches required by § 22.1-279.7.

This subsection shall not be construed to diminish the authority of the Board of Education or to diminish the Governor's authority to coordinate and provide policy direction on official communications between the Commonwealth and the United States government.

H. Each school board shall include in its code of student conduct a prohibition on possessing electronic cigarettes on a school bus, on school property, or at a school-sponsored activity.

2. That each school board shall update its policies and code of student conduct to comply with the provisions of this act by July 1, 2015.

The Director shall remove the withdrawal certificate from the vial; *and either (i) attach it to the certificate of analysis and state in the certificate of analysis that it was so removed and attached or (ii) electronically scan it into the Department's Laboratory Information Management System and place the original withdrawal certificate in its case-specific file.* The certificate of analysis ~~with~~ and the withdrawal certificate shall be returned *or electronically transmitted* to the clerk of the court in which the charge will be heard.

B. After completion of the analysis, the Department shall preserve the remainder of the blood until *at least* 90 days have lapsed from the date the blood was drawn. During this 90-day period, the accused may, by motion filed before the court in which the charge will be heard, with notice to the Department, request an order directing the Department to transmit the remainder of the blood sample to an independent laboratory retained by the accused for analysis. The Department shall destroy the remainder of the blood sample if no notice of a motion to transmit the remaining blood sample is received during the 90-day period.

C. When a blood sample taken in accordance with the provisions of §§ 18.2-268.2 through 18.2-268.6 is forwarded for analysis to the Department, a report of the test results shall be filed in that office. Upon proper identification of the certificate of withdrawal, the certificate of analysis, with the withdrawal certificate attached, shall, when attested by the Director, be admissible in any court as evidence of the facts therein stated and of the results of such analysis (i) in any criminal proceeding, provided the requirements of subsection A of § 19.2-187.1 have been satisfied and the accused has not objected to the admission of the certificate pursuant to subsection B of § 19.2-187.1, or (ii) in any civil proceeding. On motion of the accused, the report of analysis prepared for the remaining blood sample shall be admissible in evidence provided the report is duly attested by a person performing such analysis and the independent laboratory that performed the analysis is accredited or certified to conduct forensic blood alcohol/drug testing by one or more of the following bodies: American Society of Crime Laboratory Directors/Laboratory Accreditation Board (ASCLD/LAB); College of American Pathologists (CAP); United States Department of Health and Human Services Substance Abuse and Mental Health Services Administration (SAMHSA); or American Board of Forensic Toxicology (ABFT).

Upon request of the person whose blood was analyzed, the test results shall be made available to him.

The Director may delegate or assign these duties to an employee of the Department.

at least seven days prior to the hearing or trial upon request made by such counsel to the clerk with notice of the request to the attorney for the Commonwealth. The request to the clerk shall be on a form prescribed by the Supreme Court and filed with the clerk at least 10 days prior to the hearing or trial. In the event that a request for a copy of a certificate is filed with the clerk with respect to a case that is not yet before the court, the clerk shall advise the requester that he must resubmit the request at such time as the case is properly before the court in order for such request to be effective. If, upon proper request made by counsel of record for the accused, a copy of such certificate is not mailed or delivered by the clerk or attorney for the Commonwealth to counsel of record for the accused in a timely manner in accordance with this section, the accused shall be entitled to continue the hearing or trial.

The certificate of analysis of any examination conducted by the Department of Forensic Science relating to a controlled substance, marijuana, or synthetic cannabinoids as defined in § 18.2-248.1:1 shall be mailed or forwarded by personnel of the Department of Forensic Science to the attorney for the Commonwealth of the jurisdiction where such offense may be heard. Any such certificate of analysis purporting to be signed, *either by hand or by electronic means*, by any such person shall be admissible as evidence in such hearing or trial without any proof of the seal or signature or of the official character of the person whose name is signed to it. *The attestation signature of a person performing the analysis or examination may be either hand or electronically signed.*

Upon receipt of a blood sample forwarded to the Department for analysis pursuant to § 46.2-341.26:6, the Department shall have it examined for its alcohol or drug content, and the Director shall execute a certificate of analysis indicating the name of the suspect; the date, time, and by whom the blood sample was received and examined; a statement that the seal on the vial had not been broken or otherwise tampered with; a statement that the container and vial were provided or approved by the Department and that the vial was one to which the completed withdrawal certificate was attached; and a statement of the sample's alcohol or drug content. The Director or his representative shall remove the withdrawal certificate from the vial; *and either (i) attach it to the certificate of analysis and state in the certificate of analysis that it was so removed and attached or (ii) electronically scan it into the Department's Laboratory Information Management System and place the original withdrawal certificate in its case-specific file.* The certificate of analysis ~~with~~ *and* the withdrawal certificate shall be returned *or electronically transmitted* to the clerk of the court in which the charge will be heard. After completion of the analysis, the Department shall preserve the remainder of the blood until *at least* 90 days have lapsed from the date the blood was drawn. During this 90-day period, the accused may, by motion filed before the court in which the charge will be heard, with notice to the Department, request an order directing the Department to transmit the remainder of the blood sample to an independent laboratory retained by the accused for analysis. The Department shall destroy the remainder of the blood sample if no notice of a motion to transmit the remaining blood sample is received during the 90-day period.

B. When a blood sample taken in accordance with the provisions of §§ 46.2-341.26:2 through 46.2-341.26:6 is forwarded for analysis to the Department, a report of the test results shall be filed in that office. Upon proper identification of the certificate of withdrawal, the certificate of analysis, with the withdrawal certificate attached, shall, when attested by the Director, be admissible in any court as evidence of the facts therein stated and of the results of such analysis (i) in any criminal proceeding, provided that the requirements of subsection A of § 19.2-187.1 have been satisfied and the accused has not objected to the admission of the certificate pursuant to subsection B of § 19.2-187.1, or (ii) in any civil proceeding. On motion of the accused, the report of analysis prepared for the remaining blood sample shall be admissible in evidence provided the report is duly attested by a person performing such analysis and the independent laboratory that performed the analysis is accredited or certified to conduct forensic blood alcohol/drug testing by one or more of the following bodies: American Society of Crime Laboratory Directors/Laboratory Accreditation Board (ASCLD/LAB); College of American Pathologists (CAP); United States Department of Health and Human Services Substance Abuse and Mental Health Services Administration (SAMHSA); or American Board of Forensic Toxicology (ABFT).

CHAPTER 329

An Act to amend and reenact § 19.2-169.1 of the Code of Virginia, relating to competency to stand trial; recommended treatment.

[H 584]

Approved March 27, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-169.1 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-169.1. Raising question of competency to stand trial or plead; evaluation and determination of competency.

A. Raising competency issue; appointment of evaluators. - If, at any time after the attorney for the defendant has been retained or appointed and before the end of trial, the court finds, upon hearing evidence or representations of counsel for the defendant or the attorney for the Commonwealth, that there is probable cause to believe that the defendant, whether a juvenile transferred pursuant to § 16.1-269.1 or adult, lacks substantial capacity to understand the proceedings against him or to assist his attorney in his own defense, the court shall order that a competency evaluation be performed by at least one psychiatrist or clinical psychologist who is qualified by training and experience in forensic evaluation.

B. Location of evaluation. - The evaluation shall be performed on an outpatient basis at a mental health facility or in jail unless the court specifically finds that outpatient evaluation services are unavailable or unless the results of outpatient evaluation indicate that hospitalization of the defendant for evaluation on competency is necessary. If the court finds that hospitalization is necessary, the court, under authority of this subsection, may order the defendant sent to a hospital designated by the Commissioner of Behavioral Health and Developmental Services as appropriate for evaluations of persons under criminal charge. The defendant shall be hospitalized for such time as the director of the hospital deems necessary to perform an adequate evaluation of the defendant's competency, but not to exceed 30 days from the date of admission to the hospital.

C. Provision of information to evaluators. - The court shall require the attorney for the Commonwealth to provide to the evaluators appointed under subsection A any information relevant to the evaluation, including, but not limited to (i) a copy of the warrant or indictment; (ii) the names and addresses of the attorney for the Commonwealth, the attorney for the defendant, and the judge ordering the evaluation; (iii) information about the alleged crime; and (iv) a summary of the reasons for the evaluation request. The court shall require the attorney for the defendant to provide any available psychiatric records and other information that is deemed relevant. The court shall require that information be provided to the evaluator within 96 hours of the issuance of the court order pursuant to this section.

D. The competency report. - Upon completion of the evaluation, the evaluators shall promptly submit a report in writing to the court and the attorneys of record concerning (i) the defendant's capacity to understand the proceedings against him; (ii) his ability to assist his attorney; and (iii) his need for treatment in the event he is found incompetent but restorable, or incompetent for the foreseeable future. *If a need for restoration treatment is identified pursuant to clause (iii), the report shall state whether inpatient or outpatient treatment is recommended.* No statements of the defendant relating to the time period of the alleged offense shall be included in the report.

E. The competency determination. - After receiving the report described in subsection D, the court shall promptly determine whether the defendant is competent to stand trial. A hearing on the defendant's competency is not required unless one is requested by the attorney for the Commonwealth or the attorney for the defendant, or unless the court has reasonable cause to believe the defendant will be hospitalized under § 19.2-169.2. If a hearing is held, the party alleging that the defendant is incompetent shall bear the burden of proving by a preponderance of the evidence the defendant's incompetency. The defendant shall have the right to notice of the hearing, the right to counsel at the hearing and the right to personally participate in and introduce evidence at the hearing.

The fact that the defendant claims to be unable to remember the time period surrounding the alleged offense shall not, by itself, bar a finding of competency if the defendant otherwise understands the charges against him and can assist in his defense. Nor shall the fact that the defendant is under the influence of medication bar a finding of competency if the defendant is able to understand the charges against him and assist in his defense while medicated.

CHAPTER 330

An Act to amend and reenact §§ 6.2-417, 8.01-269, 8.01-431, 8.01-434, 8.01-452, 8.01-455, 17.1-238, 17.1-250, 38.2-2419, 43-65, 43-68, 55-66.4:1, 55-157, 55-245, 58.1-3301, 58.1-3310, 58.1-3360, and 64.2-2703 of the Code of Virginia, relating to recordation and marginal release.

CHAPTER 339

An Act to amend and reenact §§ 43-34 and 46.2-644.03 of the Code of Virginia, relating to enforcement of liens; property value.

[H 768]

Approved March 27, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 43-34 and 46.2-644.03 of the Code of Virginia are amended and reenacted as follows:

§ 43-34. Enforcement of liens acquired under §§ 43-31 through 43-33 and of liens of bailees.

Any person having a lien under §§ 43-31 through 43-33 and any bailee, except where otherwise provided, having a lien as such at common law on personal property in his possession which he has no power to sell for the satisfaction of the lien, if the debt for which the lien exists is not paid within 10 days after it is due and the value of the property affected by the lien does not exceed ~~\$7,500~~ \$10,000, may sell such property or so much thereof as may be necessary, by public auction, for cash. The proceeds shall be applied to the satisfaction of the debt and expenses of sale, and the surplus, if any, shall be paid within 30 days of the sale to any lienholder, and then to the owner of the property. A seller who fails to remit the surplus as provided shall be liable to the person entitled to the surplus in an amount equal to \$50 for each day beyond 30 days that the failure continues.

Before making the sale, the seller shall advertise the time, place, and terms thereof in a public place. In the case of property other than a motor vehicle required to be registered in Virginia having a value in excess of \$600, 10 days' prior notice shall be given to any secured party who has filed a financing statement against the property, and written notice shall be given to the owner as hereinafter provided.

If the value of the property is more than ~~\$7,500~~ \$10,000 but does not exceed \$25,000, the party having the lien, after giving notice as herein provided, may apply by petition to any general district court of the county or city wherein the property is, or, if the value of the property exceeds \$25,000, to the circuit court of the county or city, for the sale of the property. If, on the hearing of the case on the petition, the defense, if any made thereto, and such evidence as may be adduced by the parties respectively, the court is satisfied that the debt and lien are established and the property should be sold to pay the debt, the court shall order the sale to be made by the sheriff of the county or city. The sheriff shall make the same and apply and dispose of the proceeds in the same manner as if the sale were made under a writ of fieri facias.

If the owner of the property is a resident of this Commonwealth, any notice required by this section may be served as provided in § 8.01-296 or, if the sale is to be made without resort to the courts, by personal delivery or by certified or registered mail delivered to the present owner of the property to be sold at his last known address at least 10 days prior to the date of sale. If he is a nonresident or if his address is unknown, notice may be served by posting a copy thereof in three public places in the county or city wherein the property is located. For purposes of this section, a public place means a premises owned by the Commonwealth, a political subdivision thereof or an agency of either which is open to the general public.

§ 46.2-644.03. Enforcement of liens acquired under §§ 46.2-644.01 and 46.2-644.02 and of liens of bailees.

Any person having a lien under §§ 46.2-644.01 and 46.2-644.02 and any bailee, except where otherwise provided, having a lien as such at common law on personal property in his possession which he has no power to sell for the satisfaction of the lien, if the debt for which the lien exists is not paid within 10 days after it is due and the value of the property affected by the lien does not exceed ~~\$7,500~~ \$10,000, may sell such property or so much thereof as may be necessary, by public auction, for cash. The proceeds shall be applied to the satisfaction of the debt and expenses of sale, and the surplus, if any, shall be paid within 30 days of the sale to any lienholder, and then to the owner of the property. A seller who fails to remit the surplus as provided shall be liable to the person entitled to the surplus in an amount equal to \$50 for each day beyond 30 days that the failure continues.

Before making the sale, the seller shall advertise the time, place, and terms thereof in a public place. In the case of property other than a motor vehicle required to be registered in Virginia having a value in excess of \$600, 10 days' prior notice shall be given to any secured party who has filed a financing statement against the property, and written notice shall be given to the owner as hereinafter provided. If the property is a motor vehicle required by the motor vehicle laws of Virginia to be registered, the person having the lien shall ascertain from the Commissioner of the Department of Motor Vehicles whether the certificate of title of the motor vehicle shows a lien thereon. If the certificate of title shows a lien, the bailee proposing the sale of the motor vehicle shall notify the lienholder of record, by certified mail, at the address on the certificate of title of the time and place of the proposed sale 10 days prior thereto. If the name of the owner cannot be ascertained, the name of "John Doe" shall be substituted in any proceedings hereunder and no written notice as to him shall be required to be mailed. Whenever a vehicle is shown by the Department of Motor Vehicles records to be owned by a person who has indicated that he is on active military duty or service, the Department shall include such information in response to requests for vehicle information pursuant to the requirements of this chapter.

If the value of the property is more than ~~\$7,500~~ \$10,000 but does not exceed \$25,000, the party having the lien, after giving notice as herein provided, may apply by petition to any general district court of the county or city wherein the property is, or, if the value of the property exceeds \$25,000, to the circuit court of the county or city, for the sale of the property. If, on the hearing of the case on the petition, the defense, if any made thereto, and such evidence as may be adduced by the parties respectively, the court is satisfied that the debt and lien are established and the property should be sold to pay the debt, the court shall order the sale to be made by the sheriff of the county or city. The sheriff shall make the same and apply and dispose of the proceeds in the same manner as if the sale were made under a writ of fieri facias.

If the owner of the property is a resident of the Commonwealth, any notice required by this section may be served as provided in § 8.01-296 or, if the sale is to be made without resort to the courts, by personal delivery or by certified or registered mail delivered to the present owner of the property to be sold at his last known address at least 10 days prior to the date of sale. If he is a nonresident or if his address is unknown, notice may be served by posting a copy thereof in three public places in the county or city wherein the property is located. For purposes of this section, a public place means a premises owned by the Commonwealth, a political subdivision thereof or an agency of either which is open to the general public.

If the property is a motor vehicle (i) for which neither the owner nor any other lienholder or secured party can be determined by the Department of Motor Vehicles through a diligent search of its records, (ii) manufactured for a model year at least six years prior to the current model year, and (iii) having a value of no more than \$3,000 as determined by the provisions of § 8.01-419.1, a person having a lien on such vehicle may, after showing proof that the vehicle has been in his continuous custody for at least 30 days, apply for and receive from the Department of Motor Vehicles title or a nonrepairable certificate to such vehicle, free of all liens and claims of ownership of others, and proceed to sell or otherwise dispose of the vehicle.

Whenever a motor vehicle is sold hereunder, the Department of Motor Vehicles shall issue a certificate of title and registration or a nonrepairable certificate to the purchaser thereof upon his application containing the serial or motor number of the vehicle purchased together with an affidavit of the lienholder that he has complied with the provisions hereof, or by the sheriff conducting a sale that he has complied with said order.

Any garage keeper to whom a motor vehicle has been delivered pursuant to § 46.2-1209, 46.2-1213, or 46.2-1215 may after 30 days from the date of delivery proceed under this section, provided that action has not been taken pursuant to such sections for the sale of such motor vehicle.

Notwithstanding any provisions to the contrary, any person having a lien under § 46.2-644.01 or 46.2-644.02 shall comply with the provisions of the federal Servicemembers Civil Relief Act (50 U.S.C. App. 501 et seq.) when disposing of a vehicle owned by a member of the military duty or service.

CHAPTER 340

An Act to amend and reenact § 56-57 of the Code of Virginia and to amend the Code of Virginia by adding in Title 56 a chapter numbered 2.1, consisting of sections numbered 56-54.2 through 56-54.7, relating to the regulation of local exchange telephone companies; competitive telephone companies.

[H 774]

Approved March 27, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 56-57 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Title 56 a chapter numbered 2.1, consisting of sections numbered 56-54.2 through 56-54.7, as follows:

CHAPTER 2.1.

COMPETITIVE TELEPHONE COMPANIES.

§ 56-54.2. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Competitive local exchange telephone company" means (i) a competing telephone company, excluding a city, town, or county, that was granted a certificate on or after January 1, 1996, pursuant to § 56-265.4:4 or (ii) an incumbent local exchange telephone company to the extent such company is providing service outside of its incumbent territory.

"Competitive telephone company" means (i) an incumbent local exchange telephone company whose residential dialtone lines (a) were deemed competitive by the Commission throughout the company's incumbent service territory prior to January 1, 2014, or (b) are declared competitive by the Commission throughout its incumbent service territory on or after January 1, 2014, in a proceeding pursuant to § 56-235.5 or (ii) a competitive local exchange telephone company.

"Incumbent local exchange telephone company" means a public service corporation that was providing local exchange telephone service prior to January 1, 1996, or a successor entity to such a public service corporation.

"Incumbent territory" means the area in which an incumbent local exchange telephone company was providing local exchange telephone service prior to July 1, 2002, except as its incumbent certificate may have been amended by the Commission after that date pursuant to subdivision B 1 of § 56-265.4:4.

§ 56-54.3. Election to be regulated as a competitive telephone company.

Any telephone company meeting the definition of a competitive telephone company may elect to be regulated as a competitive telephone company pursuant to the provisions of this chapter by providing written notice to the Commission of such election. The election shall be effective 30 days after receipt of the notice by the Commission, unless (i) the Commission notifies the electing telephone company within that 30-day period that the telephone company does not meet the definition of a competitive telephone company and (ii) the Commission then commences a proceeding to challenge the election. In such a proceeding, interested parties shall be provided notice and an opportunity for a hearing. The Commission shall issue a final decision on any such proceeding challenging the election within 60 days of the electing telephone company's receipt of the Commission's notification of the commencement of the proceeding to challenge the election. A telephone company's election to be regulated as a competitive telephone company shall be deemed approved if the Commission fails to act within this 60-day period. A new entrant may elect to be regulated under this chapter when it applies for certification pursuant to § 56-265.4:4. Such an election will be effective upon its certification as a competitive local exchange carrier.

§ 56-54.4. Commission authority over competitive telephone companies.

Notwithstanding any other provision of law, the Commission shall not have any jurisdiction and authority, including jurisdiction and authority over any obligation of a competitive telephone company to seek approval from the Commission, to regulate, supervise, or promulgate rules relating to the retail services, rates, and terms of service of a competitive telephone company, except as specifically enumerated in this chapter. The Commission shall have discretion as to the extent to which it will exercise the authority granted to it in this chapter. Nothing in this chapter grants, affects, modifies, or limits any rights, duties, obligations, or authority of any entity, including the Commission, (i) pursuant to the provisions of 47 U.S.C. § 251 and 47 U.S.C. § 252 or (ii) related to wholesale telephone services and issues, including the payment of switched network access rates or other intercarrier compensation, interconnection, porting, and numbering.

§ 56-54.5. Powers of the Commission.

A. The Commission may ensure competitive telephone companies provide reasonably adequate retail voice service, including rendering timely and accurate bills for service, by receiving customer complaints and requiring the competitive telephone company to reasonably address bona fide complaints as promptly as is reasonably possible under the circumstances.

B. The Commission shall continue to have jurisdiction and authority to ensure the reasonably adequate provision by competitive telephone companies of the telecommunications portions of emergency 911 services provided to PSAPs, as that term is defined in § 56-484.12.

C. The Commission shall continue to have jurisdiction and authority over Lifeline telephone service such as the Virginia Universal Service Plan, but shall not impose Lifeline telephone service obligations on competitive telephone companies that do not seek designation as eligible telecommunications carriers or impose Lifeline telephone service obligations over and above that imposed by the default Lifeline plan imposed by the Federal Communications Commission.

D. The Commission shall continue to have jurisdiction and authority to permit existing and new retail tariffs to be filed by competitive telephone companies; however, nothing in this chapter shall be construed to require a competitive telephone company to file tariffs concerning retail services.

E. Existing extended local service calling plans ordered by the Commission pursuant to Article 4 (§ 56-484.1 et seq.) of Chapter 15 that are applicable to competitive telephone companies shall remain in effect, but shall not be expanded by the Commission. The Commission shall continue to have jurisdiction and authority to enforce these extended local service calling plans, but shall not create any new plans.

F. The Commission shall continue to have jurisdiction and authority to grant, amend, reissue, and cancel certificates of public convenience and necessity of competitive telephone companies.

G. The Commission may promulgate such rules, including the revision and repeal of current rules, as may be necessary to implement the specific authority granted in this chapter.

H. The Commission shall continue to enforce the Utility Transfers Act (§ 56-88 et seq.) regarding competitive telephone companies.

§ 56-54.6. Duties of a competitive telephone company.

A. A competitive telephone company that is an incumbent telephone carrier shall have the duty in its incumbent territory to extend or expand its facilities to furnish retail voice service and facilities when the person, firm, or corporation does not have service available from one or more alternative providers of wireline or terrestrial wireless communications services at prevailing market rates.

B. A competitive telephone company shall continue to have the powers and duties provided in the first sentence of subdivision A 2 of § 56-234.

C. For the purposes of subsections A and B, the Commission shall have the authority, upon request of an individual, corporation, or other entity, or a competitive telephone company, to determine whether the wireline or terrestrial wireless communications service available to the party requesting service is a reasonably adequate alternative to local exchange telephone service.

D. The use by a competitive telephone company of wireline and terrestrial wireless technologies shall not be construed to grant any additional jurisdiction or authority to the Commission over such technologies.

E. For purposes of subsection A, "prevailing market rates" means rates similar to those generally available to consumers in competitive areas for the same services.

F. A competitive telephone company shall have the obligation to provide access to emergency 911 service to its end-user retail customers.

§ 56-54.7. Service provided to the Commonwealth.

The Commission shall have no jurisdiction or authority over (i) schedules of rates for any telecommunications service provided to the public by virtue of any contract with, (ii) any service provided under or relating to a contract for telecommunications services with, or (iii) contracts for service rendered by any competitive telephone company to, the Commonwealth or any agency thereof.

§ 56-57. Securities to which chapter is applicable.

A. This chapter shall apply to every stock or stock certificate or other evidence of interest or ownership, and, except as otherwise provided by § 56-65, every bond, note or other evidence of indebtedness, of a public service company, which may be issued, and to every obligation or liability as guarantor, endorser, surety or otherwise in respect of the securities of any other person, firm, association or corporation, when such securities are payable at periods of twelve months or more after the date thereof, which may be or may have been assumed after March 24, 1934, notwithstanding the fact that any preparatory steps, whether by the issuance or amendment of a certificate of incorporation, or by the action of the board of directors, or the stockholders or otherwise, may have been taken prior to such date.

B. Notwithstanding subsection A, this chapter shall not apply to any stock or stock certificate or other evidence of interest or ownership, or any bond, note or other evidence of indebtedness of a (i) public service company that operates under an alternative form of regulation approved by the Commission pursuant to § 56-235.5, unless the Commission rescinds such exemption as hereafter authorized, or (ii) competitive telephone company as defined in § 56-54.2, provided such securities are issued for lawful purposes pursuant to § 56-58. Any public service company exempt from this chapter shall instead provide notice to the Commission of the issuance of any stock or stock certificate or other evidence of interest or ownership, or, except as otherwise provided by §§ 56-65 and 56-65.1, any bond, note or other evidence of indebtedness, within ninety days of issuance. The Commission may rescind the exemption from this chapter provided by this subsection to any public service company that operates under an alternative form of regulation approved by the Commission pursuant to § 56-235.5 if the Commission finds, after notice and an opportunity for a hearing, that such exemption is not in the public interest.

2. That any order issued by the State Corporation Commission pursuant to any authority the Commission had to regulate, supervise, or promulgate rules relating to the retail services, rates, and terms of service of a telephone company, which authority ceases to exist upon the effective date of this act, shall have no effect from and after such date. Orders issued by the Commission pursuant to authority granted, continued, or otherwise preserved under this act, including rules promulgated under such orders, shall continue in effect.

3. That notwithstanding the provisions of this act, (i) the residential price cap approved by the State Corporation Commission in Case No. PUC-2012-00008 shall continue in effect until it expires as currently scheduled on December 31, 2014, and (ii) any safeguards ordered by the Commission in response to competitive service applications filed pursuant to subsection F of § 56-235.5 of the Code of Virginia after January 1, 2014, shall continue in effect as ordered by the Commission.

CHAPTER 341

An Act to amend and reenact §§ 23-7.4 and 23-7.4:2 of the Code of Virginia, relating to surviving spouses; eligibility for in-state tuition charges.

[H 776]

Approved March 27, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 23-7.4 and 23-7.4:2 of the Code of Virginia are amended and reenacted as follows:

§ 23-7.4. Eligibility for in-state tuition charges.

A. For purposes of this section and §§ 23-7.4:1, 23-7.4:2, and 23-7.4:3, the following definitions shall apply:

"Date of the alleged entitlement" means the first official day of class within the term, semester or quarter of the student's program.

"Dependent student" means one who is listed as a dependent on the federal or state income tax return of his parents or legal guardian or who receives substantial financial support from his spouse, parents or legal guardian. It shall be presumed that a student under the age of 24 on the date of the alleged entitlement receives substantial financial support from his parents or legal guardian, and therefore is dependent on his parents or legal guardian, unless the student (i) is a veteran or an active duty member of the U.S. Armed Forces; (ii) is a graduate or professional student; (iii) is married; (iv) is a ward of the court or was a ward of the court until age 18; (v) has no adoptive or legal guardian when both parents are deceased; (vi) has legal dependents other than a spouse; or (vii) is able to present clear and convincing evidence that he is financially self-sufficient.

"Domicile" means the present, fixed home of an individual to which he returns following temporary absences and at which he intends to stay indefinitely. No individual may have more than one domicile at a time. Domicile, once established, shall not be affected by (i) mere transient or temporary physical presence in another jurisdiction or (ii) the establishment and maintenance of a place of residence in another jurisdiction for the purpose of maintaining a joint household with an active duty United States military spouse.

"Domiciliary intent" means present intent to remain indefinitely.

"Emancipated minor" means a student under the age of 18 on the date of the alleged entitlement whose parents or guardians have surrendered the right to his care, custody and earnings and who no longer claim him as a dependent for tax purposes.

"Full-time employment" means employment resulting in, at least, an annual earned income reported for tax purposes equivalent to 50 work weeks of 40 hours at minimum wage.

"Independent student" means one whose parents have surrendered the right to his care, custody and earnings, do not claim him as a dependent on federal or state income tax returns, and have ceased to provide him substantial financial support.

"Special arrangement contract" means a contract between a Virginia employer or the authorities controlling a federal installation or agency located in Virginia and a public institution of higher education for reduced rate tuition charges as described in subsection F of § 23-7.4:2.

"Substantial financial support" means financial support in an amount which equals or exceeds that required to qualify the individual to be listed as a dependent on federal and state income tax returns.

"Surviving spouse" means the spouse of a military service member who, while serving as an active duty member in the United States Armed Forces, United States Armed Forces Reserves, Virginia National Guard, or Virginia National Guard Reserve, during military operations against terrorism, on a peacekeeping mission, as a result of a terrorist act, or in any armed conflict subsequent to December 6, 1941, was killed in action, is missing in action, or is a prisoner of war.

"Unemancipated minor" means a student under the age of 18 on the date of the alleged entitlement who is under the legal control of and is financially supported by either of his parents, legal guardian or other person having legal custody.

"Veteran" means an individual who has served in the active military, naval or air service and who was discharged or released therefrom under conditions other than dishonorable.

"Virginia employer" means any employing unit organized under the laws of Virginia or having income from Virginia sources regardless of its organizational structure, or any public or nonprofit organization authorized to operate in Virginia.

B. To become eligible for in-state tuition, an independent student shall establish by clear and convincing evidence that for a period of at least one year immediately prior to the date of the alleged entitlement, he was domiciled in Virginia and had abandoned any previous domicile, if such existed.

To become eligible for in-state tuition, a dependent student or unemancipated minor shall establish by clear and convincing evidence that for a period of at least one year prior to the date of the alleged entitlement, the person through whom he claims eligibility was domiciled in Virginia and had abandoned any previous domicile, if such existed. If the person through whom the dependent student or unemancipated minor established such domicile and eligibility for in-state tuition abandons his Virginia domicile, the dependent student or unemancipated minor shall be entitled to such in-state tuition for one year from the date of such abandonment.

In determining domiciliary intent, all of the following applicable factors shall be considered: continuous residence for at least one year prior to the date of alleged entitlement, except in the event of the establishment and maintenance of a place of residence in another jurisdiction for the purpose of maintaining a joint household with an active duty United States military spouse; state to which income taxes are filed or paid; driver's license; motor vehicle registration; voter registration; employment; property ownership; sources of financial support; military records; a written offer and acceptance of employment following graduation; and any other social or economic relationships with the Commonwealth and other jurisdictions.

Domiciliary status shall not ordinarily be conferred by the performance of acts which are auxiliary to fulfilling educational objectives or are required or routinely performed by temporary residents of the Commonwealth. Mere physical presence or residence primarily for educational purposes shall not confer domiciliary status. A matriculating student who has entered an institution and is classified as an out-of-state student shall be required to rebut by clear and convincing evidence the presumption that he is in the Commonwealth for the purpose of attending school and not as a bona fide domiciliary.

Those factors presented in support of entitlement to in-state tuition shall have existed for the one-year period prior to the date of the alleged entitlement. However, in determining the domiciliary intent of active duty military personnel residing in the Commonwealth, retired military personnel residing in the Commonwealth at the time of their retirement, *surviving spouses*, or veterans, or the domiciliary intent of their dependent spouse or children who claim domicile through them, who voluntarily elect to establish Virginia as their permanent residence for domiciliary purposes, the requirement of one year shall be waived.

C. A married person may establish domicile in the same manner as an unmarried person.

An emancipated minor may establish domicile in the same manner as any other independent student. A nonmilitary student whose parent or spouse is a member of the armed forces may establish domicile in the same manner as any other student.

Any alien holding an immigration visa or classified as a political refugee shall also establish eligibility for in-state tuition in the same manner as any other student. However, absent congressional intent to the contrary, any person holding a student or other temporary visa shall not have the capacity to intend to remain in Virginia indefinitely and, therefore, shall be ineligible for Virginia domicile and for in-state tuition charges.

The domicile of a dependent student shall be rebuttably presumed to be the domicile of the parent or legal guardian claiming him as an exemption on federal or state income tax returns currently and for the tax year prior to the date of the alleged entitlement or providing him substantial financial support. The spouse of an active duty military service member, if such spouse has established domicile and claimed the dependent student on federal or state income tax returns, shall not be subject to minimum income tests or requirements.

For the purposes of this section, the domicile of an unemancipated minor or a dependent student 18 years of age or older may be either the domicile of the parent with whom he resides, the parent who claims the student as a dependent for federal or Virginia income tax purposes for the tax year prior to the date of the alleged entitlement and is currently so claiming the student, or the parent who provides the student substantial financial support. If there is no surviving parent or the whereabouts of the parents are unknown, then the domicile of an unemancipated minor shall be the domicile of the legal guardian of such unemancipated minor unless there are circumstances indicating that such guardianship was created primarily for the purpose of conferring a Virginia domicile on the unemancipated minor.

D. It is incumbent on the student to apply for change in domiciliary status on becoming eligible for such change. Changes in domiciliary status shall only be granted prospectively from the date such application is received.

A student who knowingly provides erroneous information in an attempt to evade payment of out-of-state fees shall be charged out-of-state tuition fees for each term, semester or quarter attended and may be subject to dismissal from the institution. All disputes related to the veracity of information provided to establish Virginia domicile shall be appealable through the due process procedure required by § 23-7.4.3.

E. Notwithstanding any other provision of law, all dependents, as defined by 37 U.S.C. § 401, of active duty military personnel, or activated or temporarily mobilized reservists or guard members, (i) assigned to a permanent duty station or workplace geographically located in Virginia, or in a state contiguous to Virginia or the District of Columbia, who reside in Virginia; (ii) assigned unaccompanied orders and immediately prior to receiving such unaccompanied orders were assigned to a permanent duty station or workplace geographically located in Virginia, or in a state contiguous to Virginia or the District of Columbia, and resided in Virginia; or (iii) assigned unaccompanied orders with Virginia listed as the designated place move shall be deemed to be domiciled in Virginia for purposes of eligibility for in-state tuition and shall be eligible to

receive in-state tuition in Virginia in accordance with this section. All such dependents shall be afforded the same educational benefits as any other individual receiving in-state tuition pursuant to this section. Such benefits and in-state tuition status shall continue so long as they are continuously enrolled in an institution of higher education in Virginia or are transferring between Virginia institutions of higher education or from an undergraduate degree program to a graduate degree program, regardless of any change of duty station or residence of the military service member.

For the purpose of this subsection:

"Date of alleged entitlement" means the date of admission or acceptance for dependents currently residing in Virginia or the final add/drop date for dependents of members newly transferred to Virginia.

After August 1, 2006, for students who enroll at a public, baccalaureate degree-granting, institution of higher education in Virginia and who have established Virginia domicile and eligibility for in-state tuition in compliance with this section, the entitlement to in-state tuition shall be modified to require the assessment of a surcharge, as defined herein, for each semester that the student continues to be enrolled after such student has completed 125 percent of the credit hours needed to satisfy the degree requirements for a specified undergraduate program, hereinafter referred to as the "credit hour threshold."

In calculating the 125 percent credit hour threshold, the following courses and credit hours shall be excluded: (i) remedial courses; (ii) transfer credits from another college or university that do not meet degree requirements for general education courses or the student's chosen program of study; (iii) advanced placement or international baccalaureate credits that were obtained while in high school or another secondary school program; and (iv) dual enrollment, college-level credits obtained by the student prior to receiving a high school diploma.

The relevant public institution of higher education may waive the surcharge assessment for students who exceed the 125 percent credit hour threshold in accordance with the guidelines and criteria established by the State Council of Higher Education for Virginia. Waiver criteria may include, but shall not be limited to, illness or disability and active service in the armed forces of the United States.

For the purpose of this subsection, "surcharge" shall mean an amount calculated to equal 100 percent of the average cost of the student's education at the relevant institution less tuition and mandatory educational and general fee charges assessed to a student meeting Virginia domiciliary status who has not exceeded the 125 percent credit hour threshold.

§ 23-7.4:2. Eligibility for in-state or reduced tuition for students not domiciled in Virginia; tuition grants and in-state tuition for members of the National Guard.

A. Students who live outside the Commonwealth and have been employed full time inside Virginia for at least one year immediately prior to the date of the alleged entitlement for in-state tuition shall be eligible for in-state tuition charges if such student has paid Virginia income taxes on all taxable income earned in the Commonwealth for the tax year prior to the date of the alleged entitlement. Application for a grant shall be made to the Department of Military Affairs. Grants shall be awarded from funds available for the purpose by such Department.

Notwithstanding the foregoing requirement that a member of the National Guard have a minimum of two years remaining on his service obligation, if a member is activated or deployed for federal military service, an additional day shall be added to the member's eligibility for the grant for each day of active federal service up to 365 days. In addition, any person who met the requirements for in-state tuition prior to being called to active duty in the National Guard of another state shall be eligible for in-state tuition following completion of active duty service if during active duty that person maintained one or more of the following in Virginia rather than in another state or jurisdiction: a driver's license, motor vehicle registration, voter registration, employment, property ownership, or sources of financial support. [H 972]

Approved March 27, 2014

Be it enacted by the General Assembly of Virginia:

1. **That §§ 16.1-253, 16.1-253.1, 16.1-253.4, 16.1-279.1, 19.2-152.8, 19.2-152.9, and 19.2-152.10 of the Code of Virginia are amended and reenacted as follows:**

§ 16.1-253. Preliminary protective order.

A. Upon the motion of any person or upon the court's own motion, the court may issue a preliminary protective order, after a hearing, if necessary to protect a child's life, health, safety or normal development pending the final determination of any matter before the court. The order may require a child's parents, guardian, legal custodian, other person standing in loco parentis or other family or household member of the child to observe reasonable conditions of behavior for a specified length of time. These conditions shall include any one or more of the following:

1. To abstain from offensive conduct against the child, a family or household member of the child or any person to whom custody of the child is awarded;

2. To cooperate in the provision of reasonable services or programs designed to protect the child's life, health or normal development;

3. To allow persons named by the court to come into the child's home at reasonable times designated by the court to visit the child or inspect the fitness of the home and to determine the physical or emotional health of the child;

4. To allow visitation with the child by persons entitled thereto, as determined by the court;

5. To refrain from acts of commission or omission which tend to endanger the child's life, health or normal development; ~~or~~

6. To refrain from such contact with the child or family or household members of the child, as the court may deem appropriate, including removal of such person from the residence of the child. However, prior to the issuance by the court of an order removing such person from the residence of the child, the petitioner must prove by a preponderance of the evidence that such person's probable future conduct would constitute a danger to the life or health of such child, and that there are no less drastic alternatives which could reasonably and adequately protect the child's life or health pending a final determination on the petition; *or*

7. *To grant the person on whose behalf the order is issued the possession of any companion animal as defined in § 3.2-6500 if such person meets the definition of owner in § 3.2-6500.*

B. A preliminary protective order may be issued ex parte upon motion of any person or the court's own motion in any matter before the court, or upon petition. The motion or petition shall be supported by an affidavit or by sworn testimony in person before the judge or intake officer which establishes that the child would be subjected to an imminent threat to life or health to the extent that delay for the provision of an adversary hearing would be likely to result in serious or irreparable injury to the child's life or health. If an ex parte order is issued without an affidavit being presented, the court, in its order, shall state the basis upon which the order was entered, including a summary of the allegations made and the court's findings. Following the issuance of an ex parte order the court shall provide an adversary hearing to the affected parties within the shortest practicable time not to exceed five business days after the issuance of the order.

C. Prior to the hearing required by this section, notice of the hearing shall be given at least 24 hours in advance of the hearing to the guardian ad litem for the child, to the parents, guardian, legal custodian, or other person standing in loco parentis of the child, to any other family or household member of the child to whom the protective order may be directed and to the child if he or she is 12 years of age or older. The notice provided herein shall include (i) the time, date and place for the hearing and (ii) a specific statement of the factual circumstances which allegedly necessitate the issuance of a preliminary protective order.

D. All parties to the hearing shall be informed of their right to counsel pursuant to § 16.1-266.

E. At the hearing the child, his or her parents, guardian, legal custodian or other person standing in loco parentis and any other family or household member of the child to whom notice was given shall have the right to confront and cross-examine all adverse witnesses and evidence and to present evidence on their own behalf.

F. If a petition alleging abuse or neglect of a child has been filed, at the hearing pursuant to this section the court shall determine whether the allegations of abuse or neglect have been proven by a preponderance of the evidence. Any finding of abuse or neglect shall be stated in the court order. However, if, before such a finding is made, a person responsible for the care and custody of the child, the child's guardian ad litem or the local department of social services objects to a finding being made at the hearing, the court shall schedule an adjudicatory hearing to be held within 30 days of the date of the initial preliminary protective order hearing. The adjudicatory hearing shall be held to determine whether the allegations of abuse and neglect have been proven by a preponderance of the evidence. Parties who are present at the hearing shall be given notice of the date set for the adjudicatory hearing and parties who are not present shall be summoned as provided in § 16.1-263. The adjudicatory hearing shall be held and an order may be entered, although a party to the hearing fails to appear and is not represented by counsel, provided personal or substituted service was made on the person, or the court determines that such person cannot be found, after reasonable effort, or in the case of a person who is without the Commonwealth, the person cannot be found or his post office address cannot be ascertained after reasonable effort.

Any preliminary protective order issued shall remain in full force and effect pending the adjudicatory hearing.

G. (Effective until July 1, 2014) If at the preliminary protective order hearing held pursuant to this section the court makes a finding of abuse or neglect and a preliminary protective order is issued, a dispositional hearing shall be held pursuant to § 16.1-278.2. If the expiration occurs on a day that the court is not in session, the emergency protective order shall be extended until 11:59 p.m. on the next day that the court which issued the order is in session. The respondent may at any time file a motion with the court requesting a hearing to dissolve or modify the order. The hearing on the motion shall be given precedence on the docket of the court.

D. A law-enforcement officer may request an emergency protective order pursuant to this section and, if the person in need of protection is physically or mentally incapable of filing a petition pursuant to § 19.2-152.9 or 19.2-152.10, may request the extension of an emergency protective order for an additional period of time not to exceed three days after expiration of the original order. The request for an emergency protective order or extension of an order may be made orally, in person or by electronic means, and the judge of a circuit court, general district court, or juvenile and domestic relations district court or a magistrate may issue an oral emergency protective order. An oral emergency protective order issued pursuant to this section shall be reduced to writing, by the law-enforcement officer requesting the order or the magistrate, on a preprinted form approved and provided by the Supreme Court of Virginia. The completed form shall include a statement of the grounds for the order asserted by the officer or the alleged victim of such crime.

Upon service, the agency making service shall enter the date and time of service and other appropriate information required into the Virginia Criminal Information Network and make due return to the court. One copy of the order shall be given to the alleged victim of such crime. The judge or magistrate who issues an oral order pursuant to an electronic request by a law-enforcement officer shall verify the written order to determine whether the officer who reduced it to writing accurately transcribed the contents of the oral order. The original copy shall be filed with the clerk of the appropriate district court within five business days of the issuance of the order. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

I. As used in this section, "copy" includes a facsimile copy.

J. No fee shall be charged for filing or serving any petition pursuant to this section.

The order may be issued in an ex parte proceeding upon good cause shown when the petition is supported by an affidavit or sworn testimony before the judge or intake officer. Immediate and present danger of any act of violence, force, or threat or evidence sufficient to establish probable cause that an act of violence, force, or threat has recently occurred shall constitute good cause.

A preliminary protective order may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of violence, force, or threat or criminal offenses that may result in injury to person or property;
2. Prohibiting such other contacts by the respondent with the petitioner or the petitioner's family or household members as the court deems necessary for the health and safety of such persons; ~~and~~

If the respondent fails to appear at this hearing because the respondent was not personally served, the court may extend the protective order for a period not to exceed six months. The extended protective order shall be served as soon as possible on the respondent. However, upon motion of the respondent and for good cause shown, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. Upon request after the order is issued, the clerk shall provide the petitioner with a copy of the order and information regarding the date and time of service. The order shall further specify that either party may at any time file a motion with the court requesting a hearing to dissolve or modify the order. The hearing on the motion shall be given precedence on the docket of the court.

Upon receipt of the return of service or other proof of service pursuant to subsection C of § 16.1-264, the clerk shall forthwith forward an attested copy of the preliminary protective order to primary law-enforcement agency and the agency shall forthwith verify and enter any modification as necessary into the Virginia Criminal Information Network as described above. F. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

The protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Prior to the expiration of the protective order, a petitioner may file a written motion requesting a hearing to extend the order. Proceedings to extend a protective order shall be given precedence on the docket of the court. The court may extend the protective order for a period not longer than two years to protect the health and safety of the petitioner or persons who are family or household members of the petitioner at the time the request for an extension is made. The extension of the protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. No rule of any such court shall be prescribed or enforced which is inconsistent with this statute or any other statutory provision, or the Rules of Supreme Court or contrary to the decided cases, or which has the effect of abridging substantive rights of persons before such court. Any rule of court which violates the provisions of this section shall be invalid.

The courts may prescribe certain docket control procedures which shall not abridge the substantive rights of the parties nor deprive any party the opportunity to present its position as to the merits of a case solely due to the unfamiliarity of counsel of record with any such docket control procedures. *No civil matter shall be dismissed with prejudice by any district or circuit court for failure to comply with any rule created under this section.*

§ 38.2-3521.1. Group accident and sickness insurance definitions.

Except as provided in § 38.2-3522.1, no policy of group accident and sickness insurance shall be delivered in this Commonwealth unless it conforms to one of the following descriptions:

A. A policy issued to an employer, or to the trustees of a fund established by an employer, which employer or trustees shall be deemed the policyholder, to insure employees of the employer for the benefit of persons other than the employer, subject to the following requirements:

1. The employees eligible for insurance under the policy shall be all of the employees of the employer, or all of any class or classes thereof. The policy may provide that the term "employees" shall include the employees of one or more subsidiary corporations, and the employees, individual proprietors, and partners of one or more affiliated corporations, proprietorships or partnerships if the business of the employer and of such affiliated corporations, proprietorships or partnerships is under common control. The policy may provide that the term "employees" shall include retired employees, former employees and directors of a corporate employer. A policy issued to insure the employees of a public body may provide that the term "employees" shall include elected or appointed officials.

2. The premium for the policy shall be paid either from the employer's funds or from funds contributed by the insured employees, or from both. Except as provided in subdivision 3 of this subsection, a policy on which no part of the premium is to be derived from funds contributed by the insured employees must insure all eligible employees, except those who reject such coverage in writing.

3. An insurer may exclude or limit the coverage on any person as to whom evidence of individual insurability is not satisfactory to the insurer, except as otherwise prohibited in this title.

B. A policy which is:

1. Not subject to Chapter 37.1 (§ 38.2-3727 et seq.) of this title, and

2. Issued to a creditor or its parent holding company or to a trustee or trustees or agent designated by two or more creditors, which creditor, holding company, affiliate, trustee, trustees or agent shall be deemed the policyholder, to insure debtors of the creditor or creditors with respect to their indebtedness, subject to the following requirements:

Except as provided in subdivision 3 of this subsection, a policy on which no part of the premium is to be derived from funds contributed by insured debtors specifically for their insurance must insure all eligible debtors.

h. Meets such additional requirements as may be imposed under the laws of this Commonwealth.

2. The policy shall be subject to the following requirements:

a. The policy may insure members of such association or associations, employees thereof or employees of members, or one or more of the preceding or all of any class or classes thereof for the benefit of persons other than the employee's employer.

b. The premium for the policy shall be paid from funds contributed by the association or associations, or by employer members, or by both, or from funds contributed by the covered persons or from both the covered persons and the association, associations, or employer members.

4. An insurer may exclude or limit the coverage on any person as to whom evidence of individual insurability is not satisfactory to the insurer, except as otherwise prohibited in this title.

F. A policy issued to a credit union or to a trustee or trustees or agent designated by two or more credit unions, which credit union, trustee, trustees, or agent shall be deemed the policyholder, to insure members of such credit union or credit unions for the benefit of persons other than the credit union or credit unions, trustee or trustees, or agent or any of their officials, subject to the following requirements:

§ 3.2-3942. Right of entry; warrant requirements; procedure.

A. The Commissioner may enter any public or private premises operating as a pesticide business at reasonable times, with the consent of the owner or tenant thereof, and upon presentation of appropriate credentials for carrying out the purposes of this chapter.

B. If the Commissioner is denied access, he may apply for an administrative search warrant from a judge with authority to issue criminal warrants or a magistrate whose jurisdiction encompasses the premises.

1. No warrant shall be issued except upon probable cause and supported by an affidavit particularly describing: (i) the place, things, or persons to be inspected or tested; and (ii) the purpose for which the inspection, testing, or collection of samples is to be made.

2. Probable cause shall exist if either: (i) reasonable legislative or administrative standards for conducting inspection, testing, or collection of samples are satisfied with respect to the particular place, thing, or person; or (ii) there is cause to believe that a condition, object, activity, or circumstance legally justifies the inspection, testing, or collection of samples.

3. The supporting affidavit shall contain either: (i) a statement that consent to inspect, test, or collect samples has been sought and refused; or (ii) facts or circumstances reasonably justifying the failure to seek consent. If probable cause is based upon legislative or administrative standards for selecting places of business for inspection, the affidavit shall contain factual allegations sufficient to justify an independent determination by the court that the inspection program is based on reasonable standards and that the standards are being applied to a particular place of business in a neutral and fair manner. *After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54.*

C. Any administrative search warrant shall be effective for a period of not more than 15 days unless extended or renewed by the judicial officer who issued the original warrant. The warrant shall be executed and returned to the ~~issuing officer~~ *clerk of the circuit court of the city or county wherein the search was made* within the time specified or within the extended or renewed time. The return shall list any records removed or samples taken pursuant to the warrant. The warrant shall be void after the expiration of time unless executed or renewed.

D. No warrant shall be executed in the absence of the owner, tenant, operator, or custodian of the premises unless the issuing judicial officer specifically authorizes that such authority is reasonably necessary to affect the purposes of the law or regulation. Entry pursuant to such a warrant shall not be made forcibly. The issuing officer may authorize a forcible entry where the facts: (i) create a reasonable suspicion of an immediate threat to the health and safety of persons or to the environments; or (ii) establish that reasonable attempts to serve a previous warrant have been unsuccessful. If forcible entry is authorized, the warrant shall be issued jointly to the Commissioner and to a law-enforcement officer who shall accompany the Commissioner during the execution of the warrant.

E. No court of the Commonwealth shall have jurisdiction to hear a challenge to the warrant prior to its return ~~to the issuing judicial officer~~, except as a defense in a contempt proceeding or if the owner or custodian of the place to be inspected submits a substantial preliminary showing by affidavit and accompanied by proof that: (i) a statement included by the affiant in his affidavit for the administrative search warrant was false and made knowingly and intentionally or with reckless disregard for the truth; and (ii) the false statement was necessary to the finding of probable cause. The court may conduct in camera review as appropriate.

F. After the warrant has been executed and returned ~~to the issuing judicial officer~~, the validity of the warrant may be reviewed either as a defense to any Notice of Violation or by declaratory judgment action brought in a circuit court. The review shall be confined to the face of the warrant, affidavits, and supporting materials presented to the issuing judicial officer. If the owner or custodian of the place inspected submits a substantial showing by affidavit and accompanied by proof that: (i) a statement included in the warrant was false and made knowingly and intentionally or with reckless disregard for the truth; and (ii) the false statement was necessary to the finding of probable cause, the reviewing court shall limit its inquiry to whether there is substantial evidence in the record supporting the issuance of the warrant and shall not conduct a de novo determination of probable cause.

§ 3.2-6568. Power of search for violations of statutes against cruelty to animals.

When ~~a sworn complaint~~ *an affidavit* is made ~~to any proper authority~~ *under oath before a magistrate or court of competent jurisdiction* by any animal control officer, humane investigator, law-enforcement officer, or State Veterinarian's representative that the complainant believes and has reasonable cause to believe that the laws in relation to cruelty to animals have been, are being, or are about to be violated in any particular building or place, such ~~authority~~ *magistrate or judge*, if satisfied that there is reasonable cause for such belief, shall issue a warrant authorizing any sheriff, deputy sheriff, or police officer; to search the building or place. *After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the animal control officer, humane investigator, law-enforcement officer, or State Veterinarian's representative shall return the warrant to the clerk of the circuit court of the city or county wherein the search was made.*

§ 10.1-610. Right of entry.

A. The Board and its agents and employees shall have the right to enter any property at reasonable times and under reasonable circumstances to perform such inspections and tests or to take such other actions it deems necessary to fulfill its responsibilities under this article, including the inspection of dams that may be subject to this article, provided that the Board or its agents or employees make a reasonable effort to obtain the consent of the owner of the land prior to entry.

B. If entry is denied, the Board or its designated agents or employees may ~~apply to~~ *make an affidavit under oath before* any magistrate whose territorial jurisdiction encompasses the property to be inspected or entered for a warrant authorizing such investigation, tests or other actions. Such warrant shall issue if the magistrate finds probable cause to believe that there is a dam on such property which is not known to be safe. *After issuing a warrant under this section, the magistrate shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the Board or its designated agents or employees shall return the warrant to the clerk of the circuit court of the city or county wherein the investigation was made.*

§ 15.2-2286. Permitted provisions in zoning ordinances; amendments; applicant to pay delinquent taxes; penalties.

A. A zoning ordinance may include, among other things, reasonable regulations and provisions as to any or all of the following matters:

1. For variances or special exceptions, as defined in § 15.2-2201, to the general regulations in any district.

2. For the temporary application of the ordinance to any property coming into the territorial jurisdiction of the governing body by annexation or otherwise, subsequent to the adoption of the zoning ordinance, and pending the orderly amendment of the ordinance.

3. For the granting of special exceptions under suitable regulations and safeguards; notwithstanding any other provisions of this article, the governing body of any locality may reserve unto itself the right to issue such special exceptions. Conditions imposed in connection with residential special use permits, wherein the applicant proposes affordable housing, shall be consistent with the objective of providing affordable housing. When imposing conditions on residential projects specifying materials and methods of construction or specific design features, the approving body shall consider the impact of the conditions upon the affordability of housing.

The governing body or the board of zoning appeals of the City of Norfolk may impose a condition upon any special exception relating to retail alcoholic beverage control licensees which provides that such special exception will automatically expire upon a change of ownership of the property, a change in possession, a change in the operation or management of a facility or upon the passage of a specific period of time.

The governing body of the City of Richmond may impose a condition upon any special use permit issued after July 1, 2000, relating to retail alcoholic beverage licensees which provides that such special use permit shall be subject to an automatic review by the governing body upon a change in possession, a change in the owner of the business, or a transfer of majority control of the business entity. Upon review by the governing body, it may either amend or revoke the special use permit after notice and a public hearing as required by § 15.2-2206.

4. For the administration and enforcement of the ordinance including the appointment or designation of a zoning administrator who may also hold another office in the locality. The zoning administrator shall have all necessary authority on behalf of the governing body to administer and enforce the zoning ordinance. His authority shall include (i) ordering in writing the remedying of any condition found in violation of the ordinance; (ii) insuring compliance with the ordinance, bringing legal action, including injunction, abatement, or other appropriate action or proceeding subject to appeal pursuant to § 15.2-2311; and (iii) in specific cases, making findings of fact and, with concurrence of the attorney for the governing body, conclusions of law regarding determinations of rights accruing under § 15.2-2307 or subsection C of § 15.2-2311.

Whenever the zoning administrator has reasonable cause to believe that any person has engaged in or is engaging in any violation of a zoning ordinance that limits occupancy in a residential dwelling unit, which is subject to a civil penalty that may be imposed in accordance with the provisions of § 15.2-2209, and the zoning administrator, after a good faith effort to obtain the data or information necessary to determine whether a violation has occurred, has been unable to obtain such information, he may request that the attorney for the locality petition the judge of the general district court for his jurisdiction for a subpoena duces tecum against any such person refusing to produce such data or information. The judge of the court, upon good cause shown, may cause the subpoena to be issued. Any person failing to comply with such subpoena shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued the subpoena to quash it.

Notwithstanding the provisions of § 15.2-2311, a zoning ordinance may prescribe an appeal period of less than 30 days, but not less than 10 days, for a notice of violation involving temporary or seasonal commercial uses, parking of commercial trucks in residential zoning districts, maximum occupancy limitations of a residential dwelling unit, or similar short-term, recurring violations.

Where provided by ordinance, the zoning administrator may be authorized to grant a modification from any provision contained in the zoning ordinance with respect to physical requirements on a lot or parcel of land, including but not limited to size, height, location or features of or related to any building, structure, or improvements, if the administrator finds in writing that: (i) the strict application of the ordinance would produce undue hardship; (ii) such hardship is not shared generally by other properties in the same zoning district and the same vicinity; and (iii) the authorization of the modification will not be of substantial detriment to adjacent property and the character of the zoning district will not be changed by the granting of the modification. Prior to the granting of a modification, the zoning administrator shall give, or require the applicant to give, all adjoining property owners written notice of the request for modification, and an opportunity to respond to the request within 21 days of the date of the notice. The zoning administrator shall make a decision on the application for modification and issue a written decision with a copy provided to the applicant and any adjoining landowner who responded in writing to the notice sent pursuant to this paragraph. The decision of the zoning administrator shall constitute a decision

within the purview of § 15.2-2311, and may be appealed to the board of zoning appeals as provided by that section. Decisions of the board of zoning appeals may be appealed to the circuit court as provided by § 15.2-2314.

The zoning administrator shall respond within 90 days of a request for a decision or determination on zoning matters within the scope of his authority unless the requester has agreed to a longer period.

5. For the imposition of penalties upon conviction of any violation of the zoning ordinance. Any such violation shall be a misdemeanor punishable by a fine of not less than \$10 nor more than \$1,000. If the violation is uncorrected at the time of the conviction, the court shall order the violator to abate or remedy the violation in compliance with the zoning ordinance, within a time period established by the court. Failure to remove or abate a zoning violation within the specified time period shall constitute a separate misdemeanor offense punishable by a fine of not less than \$10 nor more than \$1,000, and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of not less than \$100 nor more than \$1,500.

However, any conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall be punishable by a fine of up to \$2,000. Failure to abate the violation within the specified time period shall be punishable by a fine of up to \$5,000, and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of up to \$7,500. However, no such fine shall accrue against an owner or managing agent of a single-family residential dwelling unit during the pendency of any legal action commenced by such owner or managing agent of such dwelling unit against a tenant to eliminate an overcrowding condition in accordance with Chapter 13 or Chapter 13.2 of Title 55, as applicable. A conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall not be punishable by a jail term.

6. For the collection of fees to cover the cost of making inspections, issuing permits, advertising of notices and other expenses incident to the administration of a zoning ordinance or to the filing or processing of any appeal or amendment thereto.

7. For the amendment of the regulations or district maps from time to time, or for their repeal. Whenever the public necessity, convenience, general welfare, or good zoning practice requires, the governing body may by ordinance amend, supplement, or change the regulations, district boundaries, or classifications of property. Any such amendment may be initiated (i) by resolution of the governing body; (ii) by motion of the local planning commission; or (iii) by petition of the owner, contract purchaser with the owner's written consent, or the owner's agent therefor, of the property which is the subject of the proposed zoning map amendment, addressed to the governing body or the local planning commission, who shall forward such petition to the governing body; however, the ordinance may provide for the consideration of proposed amendments only at specified intervals of time, and may further provide that substantially the same petition will not be reconsidered within a specific period, not exceeding one year. Any such resolution or motion by such governing body or commission proposing the rezoning shall state the above public purposes therefor.

In any county having adopted such zoning ordinance, all motions, resolutions or petitions for amendment to the zoning ordinance, and/or map shall be acted upon and a decision made within such reasonable time as may be necessary which shall not exceed 12 months unless the applicant requests or consents to action beyond such period or unless the applicant withdraws his motion, resolution or petition for amendment to the zoning ordinance or map, or both. In the event of and upon such withdrawal, processing of the motion, resolution or petition shall cease without further action as otherwise would be required by this subdivision.

8. For the submission and approval of a plan of development prior to the issuance of building permits to assure compliance with regulations contained in such zoning ordinance.

9. For areas and districts designated for mixed use developments or planned unit developments as defined in § 15.2-2201.

10. For the administration of incentive zoning as defined in § 15.2-2201.

11. For provisions allowing the locality to enter into a voluntary agreement with a landowner that would result in the downzoning of the landowner's undeveloped or underdeveloped property in exchange for a tax credit equal to the amount of excess real estate taxes that the landowner has paid due to the higher zoning classification. The locality may establish reasonable guidelines for determining the amount of excess real estate tax collected and the method and duration for applying the tax credit. For purposes of this section, "downzoning" means a zoning action by a locality that results in a reduction in a formerly permitted land use intensity or density.

12. Provisions for requiring and considering Phase I environmental site assessments based on the anticipated use of the property proposed for the subdivision or development that meet generally accepted national standards for such assessments, such as those developed by the American Society for Testing and Materials, and Phase II environmental site assessments, that also meet accepted national standards, such as, but not limited to, those developed by the American Society for Testing and Materials, if the locality deems such to be reasonably necessary, based on findings in the Phase I assessment, and in accordance with regulations of the United States Environmental Protection Agency and the American Society for Testing and Materials. A reasonable fee may be charged for the review of such environmental assessments. Such fees shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and administrative expense involved in such review.

13. Provisions for requiring disclosure and remediation of contamination and other adverse environmental conditions of the property prior to approval of subdivision and development plans.

14. For the enforcement of provisions of the zoning ordinance that regulate the number of persons permitted to occupy a single-family residential dwelling unit, provided such enforcement is in compliance with applicable local, state and federal fair housing laws.

15. For the issuance of inspection warrants by a magistrate or court of competent jurisdiction. The zoning administrator or his agent may ~~present sworn testimony to make an affidavit under oath before~~ a magistrate or court of competent jurisdiction and, if such ~~sworn testimony affidavit~~ establishes probable cause that a zoning ordinance violation has occurred, request that the magistrate or court grant the zoning administrator or his agent an inspection warrant to enable the zoning administrator or his agent to enter the subject dwelling for the purpose of determining whether violations of the zoning ordinance exist. *After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the zoning administrator or his agents shall return the warrant to the clerk of the circuit court of the city or county wherein the inspection was made.* The zoning administrator or his agent shall make a reasonable effort to obtain consent from the owner or tenant of the subject dwelling prior to seeking the issuance of an inspection warrant under this section.

B. Prior to the initiation of an application by the owner of the subject property, the owner's agent, or any entity in which the owner holds an ownership interest greater than 50 percent, for a special exception, special use permit, variance, rezoning or other land disturbing permit, including building permits and erosion and sediment control permits, or prior to the issuance of final approval, the authorizing body may require the applicant to produce satisfactory evidence that any delinquent real estate taxes, nuisance charges, stormwater management utility fees, and any other charges that constitute a lien on the subject property, that are owed to the locality and have been properly assessed against the subject property, have been paid.

§ 19.2-394. Issuance of warrant.

An inspection warrant may be issued for any inspection, testing or collection of samples for testing or for any administrative search authorized by state or local law or regulation in connection with the presence, manufacturing or emitting of toxic substances, whether or not such warrant be constitutionally required. Nothing in this chapter shall be construed to require issuance of an inspection warrant where a warrant is not constitutionally required or to exclude any other lawful means of search, inspection, testing or collection of samples for testing, whether without warrant or pursuant to a search warrant issued under any other provision of the Code of Virginia. No inspection warrant shall be issued pursuant to this chapter except upon probable cause, supported by affidavit, particularly describing the place, things or persons to be inspected or tested and the purpose for which the inspection, testing or collection of samples for testing is to be made. Probable cause shall be deemed to exist if either reasonable legislative or administrative standards for conducting such inspection, testing or collection of samples for testing are satisfied with respect to the particular place, things or persons or there exists probable cause to believe that there is a condition, object, activity or circumstance which legally justifies such inspection, testing or collection of samples for testing. The supporting affidavit shall contain either a statement that consent to inspect, test or collect samples for testing has been sought and refused or facts or circumstances reasonably justifying the failure to seek such consent in order to enforce effectively the state or local law or regulation which authorizes such inspection, testing or collection of samples for testing. The issuing judge may examine the affiant under oath or affirmation to verify the accuracy of any matter indicated by the statement in the affidavit. *After issuing a warrant under this section, the judge shall file the affidavit in the manner prescribed by § 19.2-54.*

§ 19.2-395. Duration of warrant.

An inspection warrant shall be effective for the time specified therein, for a period of not more than ten days, unless extended or renewed by the judicial officer who signed and issued the original warrant, upon satisfying himself that such extension or renewal is in the public interest. Such warrant shall be executed and returned to the ~~judicial officer by whom it was issued~~ *clerk of the circuit court of the city or county wherein the inspection was made* within the time specified in the warrant or within the extended or renewed time. After the expiration of such time, the warrant, unless executed shall be void.

§ 27-32.2. Issuance of fire investigation warrant.

A. If, in undertaking such an investigation, the fire marshal or investigator appointed pursuant to § 27-56 makes an affidavit under oath that the origin or cause of any fire or explosion on any land, building, or vessel, or of any object is undetermined and that he has been refused admittance thereto, or is unable to gain permission to enter such land, building, or vessel, or to examine such object, within 15 days after the extinguishing of such, any magistrate serving the city or county where the land, building, vessel, or object is located may issue a fire investigation warrant to the fire marshal or investigator appointed pursuant to § 27-56 authorizing him to enter such land, building, vessel, or the premises upon which the object is located for the purpose of determining the origin and source of such fire or explosion. *After issuing a warrant under this section, the magistrate shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the fire marshal, or investigator appointed pursuant to § 27-56, shall return the warrant to the clerk of the circuit court of the city or county wherein the investigation was made.*

B. If the fire marshal or investigator appointed pursuant to § 27-56, after gaining access to any land, building, vessel, or other premises pursuant to such a fire investigation warrant, has probable cause to believe that the burning or explosion was caused by any act constituting a criminal offense, he shall discontinue the investigation until a search warrant has been obtained pursuant to § 27-32.1, or consent to conduct the search has otherwise been given.

§ 27-37.1. Right of entry to investigate releases of hazardous material, hazardous waste, or regulated substances.

A. The fire marshal shall have the right, if authorized by the governing body of the county, city, or town appointing the fire marshal, to enter upon any property from which a release of any hazardous material, hazardous waste, or regulated substance, as defined in § 10.1-1400 or 62.1-44.34:8, has occurred or is reasonably suspected to have occurred and which has entered into the ground water, surface water or soils of the county, city or town in order to investigate the extent and cause of any such release.

B. If, in undertaking such an investigation, the fire marshal makes an affidavit under oath that the origin or cause of any such release is undetermined and that he has been refused admittance to the property, or is unable to gain permission to enter the property, any magistrate serving the city or county where the property is located may issue an investigation warrant to the fire marshal authorizing him to enter such property for the purpose of determining the origin and source of the release. *After issuing a warrant under this section, the magistrate shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the fire marshal shall return the warrant to the clerk of the circuit court of the city or county wherein the investigation was made.*

C. If the fire marshal, after gaining access to any property pursuant to such investigation warrant, has probable cause to believe that the release was caused by any act constituting a criminal offense, he shall discontinue the investigation until a search warrant has been obtained or consent to conduct the search has otherwise been given.

§ 27-98.2. Issuance of warrant.

Search warrants for inspections or reinspection of buildings, structures, property, or premises subject to inspections pursuant to the Code, to determine compliance with regulations or standards set forth in the Code, shall be based upon a demonstration of probable cause and supported by affidavit. Such inspection warrants may be issued by any judge or magistrate having authority to issue criminal warrants whose territorial jurisdiction encompasses the building, structure, property or premises to be inspected or entered, if he is satisfied from the affidavit that there is probable cause for the issuance of an inspection warrant. No inspection warrant shall be issued pursuant to this chapter except upon probable cause, supported by affidavit, particularly describing the place, thing or property to be inspected, examined or tested and the purpose for which the inspection, examination, testing or collection of samples for testing is to be made. Probable cause shall be deemed to exist if such inspection, examination, testing or collection of samples for testing are necessary to ensure compliance with the Fire Prevention Code for the protection of life and property from the hazards of fire or explosion. The supporting affidavit shall contain either a statement that consent to inspect, examine, test or collect samples for testing has been sought and refused or facts or circumstances reasonably justifying the failure to seek such consent in order to enforce effectively the fire safety laws, regulations or standards of the Commonwealth which authorize such inspection, examination, testing or collection of samples for testing. In the case of an inspection warrant based upon legislative or administrative standards for selecting buildings, structures, property or premises for inspections, the affidavit shall contain factual allegations sufficient to justify an independent determination by the judge or magistrate that the inspection program is based on reasonable standards and that the standards are being applied to a particular place in a neutral and fair manner. The issuing judge or magistrate may examine the affiant under oath or affirmation to verify the accuracy of any matter in the affidavit. *After issuing the warrant, the judge or magistrate shall file the affidavit in the manner prescribed by § 19.2-54.*

§ 27-98.3. Duration of warrant.

An inspection warrant shall be effective for the time specified therein, for a period of not more than seven days, unless extended or renewed by the judicial officer who signed and issued the original warrant. The judicial officer may extend or renew the inspection warrant upon application for extension or renewal setting forth the results which have been obtained or a reasonable explanation of the failure to obtain such results. The extension or renewal period of the warrant shall not exceed seven days. The warrant shall be executed and returned to the ~~judicial officer by whom it was issued within the time specified in the warrant or within the extended or renewed time~~ *clerk of the circuit court of the city or county wherein the inspection was made.* The return shall list any samples taken pursuant to the warrant. After the expiration of such time, the warrant, unless executed, shall be void.

§ 27-98.5. Review by courts.

A. No court of the Commonwealth shall have jurisdiction to hear a challenge to the warrant prior to its return to the ~~issuing judge or magistrate~~ *clerk of the circuit court of the city or county wherein the inspection was made* except as a defense in a contempt proceeding, unless the owner or custodian of the building, structure, property or premises to be inspected makes by affidavit a substantial preliminary showing accompanied by an offer of proof that (i) a false statement, knowingly and intentionally, or with reckless disregard for the truth, was included by the affiant in his affidavit for the inspection warrant and (ii) the false statement was necessary to the finding of probable cause. The court shall conduct such expeditious in camera view as the court may deem appropriate.

B. After the warrant has been executed and returned to the ~~issuing judge~~ *clerk of the circuit court of the city or county wherein the inspection was made*, the validity of the warrant may be reviewed either as a defense to any citation issued by the fire official or otherwise by declaratory judgment action brought in a circuit court. In any such action, the review shall be confined to the face of the warrant and affidavits and supporting materials presented to the issuing judge unless the owner, operator, or agent in charge of whose building, structure, property or premises has been inspected makes a substantial showing by affidavit accompanied by an offer of proof that (i) a false statement, knowingly and intentionally, or with reckless disregard for the truth, was made in support of the warrant and (ii) the false statement was necessary to the finding of probable cause. The review shall only determine whether there is substantial evidence in the record supporting the decision to issue the warrant.

§ 36-105. Enforcement of Code; appeals from decisions of local department; inspection of buildings; inspection warrants; inspection of elevators; issuance of permits.

A. Enforcement generally. Enforcement of the provisions of the Building Code for construction and rehabilitation shall be the responsibility of the local building department. There shall be established within each local building department a local board of Building Code appeals whose composition, duties and responsibilities shall be prescribed in the Building Code. Any person aggrieved by the local building department's application of the Building Code or refusal to grant a modification to the provisions of the Building Code may appeal to the local board of Building Code appeals. No appeal to the State Building Code Technical Review Board shall lie prior to a final determination by the local board of Building Code appeals. Whenever a county or a municipality does not have such a building department or board of Building Code appeals, the local governing body shall enter into an agreement with the local governing body of another county or municipality or with some other agency, or a state agency approved by the Department for such enforcement and appeals resulting therefrom. For the purposes of this section, towns with a population of less than 3,500 may elect to administer and enforce the Building Code; however, where the town does not elect to administer and enforce the Building Code, the county in which the town is situated shall administer and enforce the Building Code for the town. In the event such town is situated in two or more counties, those counties shall administer and enforce the Building Code for that portion of the town situated within their respective boundaries.

B. New construction. Any building or structure may be inspected at any time before completion, and shall not be deemed in compliance until approved by the inspecting authority. Where the construction cost is less than \$2,500, however, the inspection may, in the discretion of the inspecting authority, be waived. A building official may issue an annual permit for any construction regulated by the Building Code. The building official shall coordinate all reports of inspections for compliance with the Building Code, with inspections of fire and health officials delegated such authority, prior to issuance of an occupancy permit. Fees may be levied by the local governing body in order to defray the cost of such enforcement and appeals.

C. Existing buildings and structures.

1. Inspections and enforcement of the Building Code. The local governing body may also inspect and enforce the provisions of the Building Code for existing buildings and structures, whether occupied or not. Such inspection and enforcement shall be carried out by an agency or department designated by the local governing body.

2. Complaints by tenants. However, upon a finding by the local building department, following a complaint by a tenant of a residential dwelling unit that is the subject of such complaint, that there may be a violation of the unsafe structures provisions of the Building Code, the local building department shall enforce such provisions.

3. Inspection warrants. If the local building department receives a complaint that a violation of the Building Code exists that is an immediate and imminent threat to the health or safety of the owner, tenant, or occupants of any building or structure, or the owner, occupant, or tenant of any nearby building or structure, and the owner, occupant, or tenant of the building or structure that is the subject of the complaint has refused to allow the local building official or his agent to have access to the subject building or structure, the local building official or his agent may ~~present sworn testimony to make an affidavit under oath before~~ a magistrate or a court of competent jurisdiction and request that the magistrate or court grant the local building official or his agent an inspection warrant to enable the building official or his agent to enter the subject building or structure for the purpose of determining whether violations of the Building Code exist. *After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the local building official or his agents shall return the warrant to the clerk of the circuit court of the city or county wherein the inspection was made.* The local building official or his agent shall make a reasonable effort to obtain consent from the owner, occupant, or tenant of the subject building or structure prior to seeking the issuance of an inspection warrant under this section.

4. Transfer of ownership. If the local building department has initiated an enforcement action against the owner of a building or structure and such owner subsequently transfers the ownership of the building or structure to an entity in which the owner holds an ownership interest greater than 50 percent, the pending enforcement action shall continue to be enforced against the owner.

5. Elevator, escalator, or related conveyance inspections. The local governing body shall, however, inspect and enforce the Building Code for elevators, escalators, or related conveyances, except for elevators in single- and two-family homes and townhouses. Such inspection shall be carried out by an agency or department designated by the local governing body.

6. A locality may require by ordinance that any landmark, building or structure that contributes to a district delineated pursuant to § 15.2-2306 shall not be razed, demolished or moved until the razing, demolition or moving thereof is approved by the review board, or, on appeal, by the governing body after consultation with the review board unless the local maintenance code official consistent with the Uniform Statewide Building Code, Part III Maintenance, determines that it constitutes such a hazard that it shall be razed, demolished or moved.

For the purpose of this subdivision, a contributing landmark, building or structure is one that adds to or is consistent with the historic or architectural qualities, historic associations, or values for which the district was established pursuant to § 15.2-2306, because it (i) was present during the period of significance, (ii) relates to the documented significance of the district, and (iii) possesses historic integrity or is capable of yielding important information about the period.

7. Fees may be levied by the local governing body in order to defray the cost of such enforcement and appeals. For purposes of this section, "defray the cost" may include the fair and reasonable costs incurred for such enforcement during

normal business hours, but shall not include overtime costs unless conducted outside of the normal working hours established by the locality. A schedule of such costs shall be adopted by the local governing body in a local ordinance. A locality shall not charge an overtime rate for inspections conducted during the normal business hours established by the locality. Nothing herein shall be construed to prohibit a private entity from conducting such inspections, provided the private entity has been approved to perform such inspections in accordance with the written policy of the maintenance code official for the locality.

D. Fees may be levied by the local governing body to be paid by the applicant for the issuance of a building permit as otherwise provided under this chapter, however, notwithstanding any provision of law, general or special, if the applicant for a building permit is a tenant or the owner of an easement on the owner's property, such applicant shall not be denied a permit under the Building Code solely upon the basis that the property owner has financial obligations to the locality that constitute a lien on such property in favor of the locality. If such applicant is the property owner, in addition to payment of the fees for issuance of a building permit, the locality may require full payment of any and all financial obligations of the property owner to the locality to satisfy such lien prior to issuance of such permit. For purposes of this subsection, "property owner" means the owner of such property as reflected in the land records of the circuit court clerk where the property is located, the owner's agent, or any entity in which the owner holds an ownership interest greater than 50 percent.

§ 40.1-49.9. Issuance of warrant.

Administrative search warrants for inspections of workplaces, based upon a petition demonstrating probable cause and supported by an affidavit, may be issued by any judge having authority to issue criminal warrants whose territorial jurisdiction encompasses the workplace to be inspected or entered, if he is satisfied from the petition and affidavit that there is reasonable and probable cause for the issuance of an administrative search warrant. No administrative search warrant shall be issued pursuant to this chapter except upon probable cause, supported by affidavit, particularly describing the place, things or persons to be inspected or tested and the purpose for which the inspection, testing or collection of samples for testing is to be made. Probable cause shall be deemed to exist if either (i) reasonable legislative or administrative standards for conducting such inspection, testing or collection of samples for testing are satisfied with respect to the particular place, thing, or person, or (ii) there is cause to believe that there is a condition, object, activity, or circumstance which legally justifies such inspection, testing or collection of samples for testing. The supporting affidavit shall contain either a statement that consent to inspect, test or collect samples for testing has been sought and refused or facts or circumstances reasonably justifying the failure to seek such consent in order to enforce effectively the occupational safety and health laws, regulations or standards of the Commonwealth which authorize such inspection, testing or collection of samples for testing. In the case of an administrative search warrant based on legislative or administrative standards for selecting workplaces for inspection, the affidavit shall contain factual allegations sufficient to justify an independent determination by the judge that the inspection program is based on reasonable standards and that the standards are being applied to a particular workplace in a neutral and fair manner. For example, if a selection is based on a particular industry's high hazard ranking, the affidavit shall disclose the method used to establish that ranking, the numerical basis for that ranking, and the relevant inspection history of the workplace to be inspected and the status of all other workplaces within the same territorial region which are subject to inspection pursuant to the legislative or administrative standards used by the Commissioner. The affidavit shall not be required to disclose the actual schedule for inspections or the underlying data on which the statistics were based, provided that such statistics are derived from reliable, neutral third parties. The issuing judge may examine the affiant under oath or affirmation to verify the accuracy of any matter in the affidavit. *After issuing a warrant under this section, the judge shall file the affidavit in the manner prescribed by § 19.2-54.*

§ 40.1-49.10. Duration of warrant.

Any administrative search warrant issued shall be effective for the time specified therein, but not for a period of more than fifteen days, unless extended or renewed by the judicial officer who signed and issued the original warrant. The warrant shall be executed and shall be returned to the ~~judicial officer by whom it was issued~~ *clerk of the circuit court of the city or county wherein the inspection was made* within the time specified in the warrant or within the extended or renewed time. The return shall list any records removed or samples taken pursuant to the warrant. After the expiration of such time, the warrant, unless executed, shall be void.

§ 40.1-49.12. Review by courts.

A. No court of the Commonwealth shall have jurisdiction to hear a challenge to the warrant prior to its return ~~to the issuing judge~~, except as a defense in a contempt proceeding, unless the owner or custodian of the place to be inspected makes by affidavit a substantial preliminary showing accompanied by an offer of proof that (i) a false statement, knowingly and intentionally, or with reckless disregard for the truth, was included by the affiant in his affidavit for the administrative search warrant and (ii) the false statement was necessary to the finding of probable cause. The court shall conduct such expeditious in camera review as the court may deem appropriate.

B. After the warrant has been executed and returned ~~to the issuing judge~~, the validity of the warrant may be reviewed either as a defense to any citation issued by the Commissioner or otherwise by declaratory judgment action brought in a circuit court. In any such action, the review shall be confined to the face of the warrant and affidavits and supporting materials presented to the issuing judge unless the employer whose workplace has been inspected makes by affidavit a substantial showing accompanied by an offer of proof that (i) a false statement, knowingly and intentionally, or with reckless disregard for the truth, was made in support of the warrant and (ii) the false statement was necessary to the finding

of probable cause. The reviewing court shall not conduct a de novo determination of probable cause, but only determine whether there is substantial evidence in the record supporting the decision to issue the warrant.

§ 63.2-1718. Inspection of unlicensed child or adult care operations; inspection warrant.

In order to perform his duties under this subtitle, the Commissioner may enter and inspect any unlicensed child or adult care operation with the consent of the owner or person in charge, or pursuant to a warrant. Administrative search warrants for inspections of child or adult care operations, based upon a petition demonstrating probable cause and supported by an affidavit, may be issued ex parte by any judge having authority to issue criminal warrants whose territorial jurisdiction includes the child or adult care operation to be inspected, if he is satisfied from the petition and affidavit that there is reasonable and probable cause for the inspection. The affidavit shall contain either a statement that consent to inspect has been sought and refused, or that facts and circumstances exist reasonably justifying the failure to seek such consent. Such facts may include, without limitation, past refusals to permit inspection or facts establishing reason to believe that seeking consent would provide an opportunity to conceal violations of statutes or regulations. Probable cause may be demonstrated by an affidavit showing probable cause to believe that the child or adult care operation is in violation of any provision of this subtitle or any regulation adopted pursuant to this subtitle, or upon a showing that the inspection is to be made pursuant to a reasonable administrative plan for the administration of this subtitle. The inspection of a child or adult care operation that has been the subject of a complaint pursuant to § 63.2-1728 shall have preeminent priority over any other inspections of child or adult care operations to be made by the Commissioner unless the complaint on its face or in the context of information known to the Commissioner discloses that the complaint has been brought to harass, to retaliate, or otherwise to achieve an improper purpose, and that the improper purpose casts serious doubt on the veracity of the complaint. *After issuing a warrant under this section, the judge shall file the affidavit in the manner prescribed by § 19.2-54. Such warrant shall be executed and returned to the clerk of the circuit court of the city or county wherein the inspection was made.*

CHAPTER 355

An Act to amend and reenact § 54.1-2818.1 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 54.1-2807.02, relating to dead bodies; absence of next of kin.

[S 77]

Approved March 27, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-2818.1 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 54.1-2807.02 as follows:

§ 54.1-2807.02. Absence of next of kin.

In the absence of a next of kin, a person designated to make arrangements for the decedent's burial or the disposition of his remains pursuant to § 54.1-2825, an agent named in an advance directive pursuant to § 54.1-2984, or any guardian appointed pursuant to Chapter 20 (§ 64.2-2000 et seq.) of Title 64.2 who may exercise the powers conferred in the order of appointment or by § 64.2-2019, or upon the failure or refusal of such next of kin, designated person, agent, or guardian to accept responsibility for the disposition of the decedent, then any other person 18 years of age or older who is able to provide positive identification of the deceased and is willing to pay for the costs associated with the disposition of the decedent's remains shall be authorized to make arrangements for such disposition of the decedent's remains. If a funeral service establishment or funeral service licensee makes arrangements with a person other than a next of kin, designated person, agent, or guardian in accordance with this section, then the funeral service licensee or funeral service establishment shall be immune from civil liability unless such act, decision, or omission resulted from bad faith or malicious intent.

§ 54.1-2818.1. Prerequisites for cremation.

No dead human body shall be cremated without permission of the medical examiner as required by § 32.1-284 and visual identification of the deceased by the next-of-kin or his representative, who may be any person designated to make arrangements for the decedent's burial or the disposition of his remains pursuant to § 54.1-2825, an agent named in an advance directive pursuant to § 54.1-2984, or a sheriff, upon court order, if no next-of-kin, designated person, or agent is available, or any guardian appointed pursuant to Chapter 20 (§ 64.2-2000 et seq.) of Title 64.2 who may exercise the powers conferred in the order of appointment or by § 64.2-2019. If no next of kin, designated person, agent, or guardian is available or willing to make visual identification of the deceased, such identification shall be made by a member of the primary law-enforcement agency of the city or county in which the person or institution having initial custody of the body is located, pursuant to court order. B. Upon repeal or termination of the Retirement System, the assets of the Retirement System shall be allocated by the Board in an equitable manner to provide benefits for the persons stated in subsection A of this section in accordance with the provisions of this chapter but based on creditable service and average final compensation as of the date of repeal or termination and in the following order:

C. The allocation of assets of the Retirement System shall be carried out by the Board as the benefits become due or by the transfer of such assets to any retirement system replacing this Retirement System. Any funds remaining in the assets of this retirement system after all of the vested benefits have been paid shall revert to the general fund.

D. Any allocation of assets shall be final and binding on all persons entitled to benefits.

§ 51.1-142.2. Prior service or membership credit for certain members; service credit for accumulated sick leave.

Certain members may purchase credit for service as provided in this section.

A. Except as provided in subdivisions 1 and 2, in order to receive credit for the service made available in subsection B, a member in service shall be required to make a payment for each year, or portion thereof, to be credited at the time of purchase, equal to five percent of his creditable compensation or five percent of his average final compensation, whichever is greater, unless the member in service is purchasing the service made available in subsection B through a pre-tax or post-tax deduction, in which case the cost to purchase each year, or portion thereof, of such service shall be five percent of his creditable compensation.

1. A person who becomes a member on or after July 1, 2010, or a member who does not have at least 60 months of creditable service as of January 1, 2013, shall pay an amount equal to a rate approximating the normal cost for the retirement program under which the member is covered, with such rate for each retirement program to be determined by the Board, and reviewed by the Board no less than every six years. However, if the member does not purchase, or enter into a purchase of service contract for the service made available in subsection B within one year from his first date of hire or within one year of the final day of any leave of absence under subdivision B 2, as applicable, then, for each year or portion thereof to be credited at the time of purchase, the member shall pay an amount equal to the actuarial equivalent cost.

2. If a member other than a member described in subdivision 1 does not purchase, or enter into a purchase of service contract for, the service made available in subsection B within three years from his first date of hire or within three years of the final day of any leave of absence under subdivision B 2, as applicable, then, for each year or portion thereof to be credited at the time of purchase, the member shall pay an amount equal to the actuarial equivalent cost.

3. When a member requests credit for a portion of the period, the most recent portion shall be credited. Payment may be made in a lump sum at the time of purchase or by an additional payroll deduction. Any number of additional deductions may be permitted at any time. Should any additional deduction be terminated prior to purchasing the entire period that might otherwise be credited, the member shall be credited with the number of additional full or partial months of service for which full payment is made. If any additional deduction is continued beyond the point at which the entire period has been purchased, the member shall be credited with no more than the entire period that might otherwise have been credited and the excess amount deducted shall be refunded to the member.

Any employer may elect to pay an equivalent amount in lieu of all member contributions required of its employees for the purpose of service credit pursuant to this section. These contributions shall not be considered wages for purposes of Chapter 7 (§ 51.1-700 et seq.), nor shall they be considered to be salary for purposes of this chapter.

B. 1. Any member in service may purchase prior service credit for (i) active duty military service in the armed forces of the United States, provided that the discharge from a period of active duty status with the armed forces was not dishonorable; (ii) creditable service of another state or of a political subdivision or public school system of this or another state, as certified by such state, political subdivision or public school system; (iii) creditable service of a political subdivision of this state not credited to the member under an agreement as provided for in § 51.1-143.1, as certified by such political subdivision; (iv) civilian service of the United States; (v) creditable service at a private institution of higher education if the private institution is merged with a public institution of higher education and graduates of the private institution are then issued new degrees from the public institution; or (vi) any period of time when the member was employed by a participating employer and not otherwise eligible to participate in the retirement system because the member was not an employee as defined in § 51.1-124.3.

For purposes of this subsection, "active duty military service" means full-time service of at least 180 consecutive days in the United States Army, Navy, Air Force, Marines, Coast Guard, or reserve components thereof.

2. Any member (i) granted a leave of absence for educational purposes may purchase service credit for such leave of absence, or (ii) granted any unpaid leave of absence due to the birth or adoption of a child may purchase up to one year of service credit per occurrence of leave.

C. Any member in service may purchase service credit for creditable service lost from ceasing to be a member under this chapter, as provided in § 51.1-128, because of the withdrawal of his accumulated contributions. Notwithstanding any other provision in this section, the cost to purchase such service shall be five percent of his creditable compensation or five percent of his average final compensation, whichever is greater, unless the member in service is purchasing such service through a pre-tax or post-tax deduction, in which case the cost to purchase each year, or portion thereof, of such service shall be five percent of his creditable compensation, *provided, however, that the applicable cost for a person enrolled in the hybrid retirement program described in § 51.1-169 shall be four percent.* If the member purchases or enters into a contract to purchase such service within three years of the date he became eligible to purchase the service, then the service may be purchased in a lump sum at the time of purchase or through an additional payroll deduction. Any purchase of such service made at a time later than such period shall be made in a lump sum at the time of purchase.

D. Any member in service may purchase service credit for accumulated sick leave on his effective date of retirement based upon such sums as the employer may provide as payment for any unused sick leave balances. The cost of service credit purchased under this subsection shall be the actuarial equivalent cost of such service.

E. Any member receiving benefits under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.) may, in a manner prescribed by the Board and prior to the effective date of retirement, purchase service credit for service that is not reported to the retirement system by the member's employer while the member is receiving such benefits. Notwithstanding any other provision in this section, the cost to purchase such service shall be five percent of the member's creditable compensation.

F. In any case where member and employer contributions, as required under this chapter, were not made because of an error in the payroll, personnel, or other classification system of an employer participating in the retirement system, service that has not been credited because of such error may be purchased on the following basis:

1. The most recent three years of service shall be purchased, using applicable member and employer contribution rates and creditable compensation in effect for such period, in a manner and cost prescribed by the Board; and
2. All other years of service the employer shall purchase at an actuarial equivalent cost.

G. The service credit to be credited to a member under this section shall be calculated at the ratio of one year, or portion thereof, of service credit to one year, or portion thereof, of service purchased, except for part-time service purchased under clause (vi) of subdivision B 1 which shall be calculated at the ratio of one month of service credit for each 173 hours of service as certified by the employer and as purchased by the member. Up to a maximum of four years of service credit may be purchased for each of clauses (i) through (vi) of subdivision B 1 and clauses (i) and (ii) of subdivision B 2. In addition, a member in service may purchase service credit for every year or portion thereof for service lost from cessation of membership as described in subsection C.

Except as otherwise required by Chapter 1223 of Title 10 of the United States Code, the service credit made available under this section may not be purchased if, before being purchased or at the time of such purchase pursuant to this section, the service to be purchased is service that is included in the calculation of any retirement allowance received or to be received by the member from this or another retirement system.

H. Any member may receive credit at no cost for service rendered in the armed forces of the United States provided (i) the member was on leave of absence from a covered position, (ii) the discharge from a period of active duty with the armed forces was not dishonorable, (iii) the member has not withdrawn his accumulated contributions, (iv) the member is not disabled or killed while on leave without pay while performing active duty military service in the armed forces of the United States, and (v) the member reenters service in a covered position within one year after discharge from the armed forces. In order to receive such service, the member must complete such forms and other requirements as are required by the Board and the retirement system.

D. For the purposes of this section, except for subsection C, "involuntary separation" means any dismissal, requested resignation, or failure to obtain reappointment, except in case of a conviction for a felony or crime involving moral turpitude or dishonesty.

E. Any state employee who retires under the provisions of this section on or after January 1, 1994, shall be eligible to participate in the state health insurance program as provided in § 2.2-2818 and receive group life insurance benefits as provided in § 51.1-505.

B. For the purposes of this section, "involuntary separation" means any dismissal, requested resignation, or failure to obtain reappointment, except in case of a conviction for a felony or crime involving moral turpitude or dishonesty.

C. The cost of this provision shall be borne by the locality.

§ 51.1-162. Death before retirement.

A. If a member dies before retirement, and if no benefits are payable under subsection B, the amount of his accumulated contributions shall be paid to the designated beneficiary or to a surviving relative according to the order of precedence set forth in this section. This amount shall be reduced by the amount of any retirement allowance previously received by the member under this chapter or the abolished system. Each member shall designate who is to receive a refund of accumulated contributions credited to his account in the event of the death of the member prior to retirement. The designation must be made in a manner prescribed by the Board.

If no designation has been made, or the death of the designated person occurs prior to the death of the member and another designation has not been made, the proceeds shall be paid to the persons surviving at the death of the member in the following order of precedence:

First, to the spouse of the member;

Second, if no surviving spouse, to the children of the member and descendants of deceased children, per stirpes;

Third, if none of the above, to the parents of the member;

Fourth, if none of the above, to the duly appointed executor or administrator of the estate of the member;

Fifth, if none of the above, to other next of kin of the member entitled under the laws of the domicile of the member at the time of his death.

B. If a member dies in service, including a member who is on leave without pay while performing active duty military service in the armed forces of the United States, and if no benefits are payable under subsection C of this section, a retirement allowance shall be paid to the person or persons designated as provided in subsection A of this section if the person is the member's (i) surviving spouse, (ii) minor child, or (iii) parent(s). If no designation has been made, or if the death of the designated person occurs prior to the death of the member and another designation has not been made, a retirement allowance shall be paid in the following order of precedence to the member's (a) surviving spouse, (b) minor children, or (c) parent(s). The retirement allowance shall be paid to the first person qualifying in the orders of precedence set out in this subsection. If more than one minor child survives the deceased member, the allowance shall be divided among them in a manner determined by the Board. If more than one parent survives the deceased member, the allowance shall be divided among them in a manner determined by the Board. The retirement allowance shall be continued during the lifetime of the person or in the case of a minor child until the child dies or attains the age of majority, whichever occurs first. The retirement allowance shall equal the decreased retirement allowance that would have been payable under the joint and survivor option so that the same amount would be continued to such person after the member's death. If the member dies prior to his fifty-fifth birthday, then, for purposes of this subsection, the member shall be presumed to be age ~~fifty five~~ 55 on his date of death. However, if the member ~~who~~ dies in service *prior to his sixtieth birthday and is (1) a person who became a member on or after July 1, 2010, and he dies prior to his sixtieth birthday (2) a member who does not have at least 60 months of creditable service as of January 1, 2013, or (3) a member of the hybrid retirement program described in § 51.1-169*, then, for purposes of this subsection, the member shall be presumed to be age ~~sixty~~ 60 on his date of death. When determining the allowance that would have been payable to the member had the member retired on the date of his death, the provisions of subdivision A 4 of § 51.1-155 shall not apply. If the person elects in writing, the amount of the member's accumulated contributions or lump sum payment shall be paid to him exclusively, in lieu of any other benefits under this section. This amount shall be reduced by the amount of any retirement allowance previously received by the member under this chapter.

C. If a member dies in service from a cause compensable under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.), a retirement allowance shall be paid to the member's surviving spouse. If no compensation is finally awarded under the Virginia Workers' Compensation Act due to legal proceedings or otherwise resulting in settlement from the persons causing such death, the Virginia Workers' Compensation Commission shall determine whether the member's death was from a cause compensable under the Virginia Workers' Compensation Act. If the member leaves no surviving spouse or the surviving spouse dies, any minor children of the deceased member shall be paid an allowance until the children die or attain the age of majority, whichever occurs first. If more than one minor child survives the deceased member, the allowance shall be divided in a manner determined by the Board. If the deceased member leaves neither surviving spouse nor minor child, the allowance, divided in a manner determined by the Board, shall be paid to the member's parents during their lives.

The retirement allowance payable hereunder to a qualifying survivor shall be the annual amount which when added to the compensation payable under the Virginia Workers' Compensation Act for the death of the member equals ~~forty~~ 50 percent of the member's average final compensation if the survivor does not qualify for death benefits under the provisions of the Social Security Act in effect on the date of the death of the member. If the survivor qualifies for death benefits under the provisions of the Social Security Act in effect on the date of the death of the member, the allowance payable from the retirement system when added to the compensation payable under the Virginia Workers' Compensation Act shall equal thirty-three and one-third percent of the member's average final compensation.

Any beneficiary entitled to the entire amount of a retirement allowance under the provisions of this subsection as a result of the death of a member shall be entitled to waive his rights to the allowance by written notification to the Board within ninety days after the death of the member in order to make available a retirement allowance under the provisions of subsection B of this section.

§ 51.1-166. Post-retirement supplements generally.

A. In addition to the allowances payable under this title, post-retirement supplements shall be payable to the recipients of such allowances. Supplements shall be subject to the same conditions of payment as are allowances.

B. The amounts of the post-retirement supplements shall be determined as percentages of the allowances supplemented hereby. The percentages shall be determined annually by reference to the increase in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor. The percentages shall be based on monthly averages and shall be the difference between (i) the average for the calendar year just ended and (ii) the average for the most recent calendar year used in the determination of the post-retirement supplements currently being paid. The annual increase, if any, in the CPI-U shall be considered only to the extent of the first two percent plus one-half of the next two percent of any additional increase, or a maximum increase in the post-retirement supplement of three percent in any given year. However, for anyone who (a) is not a person who becomes a member on or after July 1, 2010, and (b) has at least 60 months of creditable service as of January 1, 2013, the applicable annual increase, if any, in the CPI-U shall be considered only to the extent of the first three percent plus one-half of the next four percent of any additional increase, or a maximum increase in the post-retirement supplement of five percent in any given year. If the difference in the percentages determined above is zero or less, the post-retirement supplements shall either not commence or shall continue unchanged until such time as an annual determination results in a difference in the

percentages that are greater than zero. *A participant in the hybrid retirement program described in § 51.1-169 shall be considered to be a person who becomes a member on or after July 1, 2010, for the purposes of this section.*

Contribution rates for all employers shall include an amount equal to 100 percent of the total annual amount necessary to fund all post-retirement supplements. All contribution rates shall be computed in accordance with recognized actuarial principles on the basis of methods and assumptions approved by the Board.

C. There shall be no change in the amount of any post-retirement supplement between determination dates except as necessary to reflect changes in the amount of the allowance being supplemented. The post-retirement supplement shall remain a constant percentage of the respective allowance being supplemented. No new post-retirement supplement shall be commenced except as of a determination date. The post-retirement supplement determined as of any determination dates shall become effective at the beginning of the fiscal year and shall be in lieu of any post-retirement supplements previously payable, which shall thereupon be terminated.

D. 1. Any recipient of an allowance which initially commenced on or prior to January 1, 1990, shall be entitled to post-retirement supplements effective July 1, 1991.

2. A person who is the recipient of an allowance pursuant to § 2.2-3204, subsection Q of Item 469 of Chapter 890 of the Acts of Assembly of 2011, or § 51.1-155.1, 51.1-155.2, 51.1-157, 51.1-162, 51.1-207, 51.1-218, 51.1-308, 51.1-1117, 51.1-1128, 51.1-1161, or 51.1-1169 must receive that allowance for one full calendar year before being entitled to post-retirement supplements.

3. Any person who, as of January 1, 2013, (i) is the recipient of an allowance under this title or (ii) would otherwise be eligible for an unreduced allowance under the applicable chapter within five years, including a person described in clause (ii) who commences an unreduced allowance on or after January 1, 2013, must receive that allowance for one full calendar year before being entitled to post-retirement supplements.

4. Any other person who has less than 20 years of creditable service must receive that allowance for one full calendar year after the date he would otherwise have been eligible for an unreduced allowance under the applicable chapter before being entitled to post-retirement supplements.

§ 51.1-169. Hybrid retirement program.

A. For purposes of this section, "hybrid retirement program" or "program" means a hybrid retirement program covering any employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for retirement purposes other than the Virginia Retirement System defined benefit retirement plan established under Chapter 1 (§ 51.1-124.1 et seq.). ~~Except as provided in § 51.1-302, persons~~ *Persons* who are participants in, or eligible to be participants in, the retirement plans under the provisions of Chapter 2 (§ 51.1-200 et seq.), Chapter 2.1 (§ 51.1-211 et seq.), ~~Chapter 3 (§ 51.1-300 et seq.),~~ the optional retirement plans established under §§ 51.1-126.1, 51.1-126.3, 51.1-126.4, and 51.1-126.7, or a person eligible to earn the benefits permitted by § 51.1-138 shall not be eligible to participate in the hybrid retirement program. Any person who is employed as a firefighter, emergency medical technician, or law-enforcement officer as those terms are defined in § 15.2-1512.2 and whose employing political subdivision has legally adopted an irrevocable resolution as described in subdivision B 4 of § 51.1-153 and subdivision A 3 of § 51.1-155 shall not be eligible to participate in the hybrid retirement program. *No member of the Judicial Retirement System under Chapter 3 (§ 51.1-300 et seq.) shall be eligible to participate in the hybrid retirement program described in § 51.1-169 except members appointed to an original term on or after January 1, 2014.*

The Board shall maintain the hybrid retirement program established by this section, and any employer is authorized to make contributions under such program for the benefit of its employees participating in such program. Every person who is otherwise eligible to participate in the program but is not a member of a retirement plan administered by the Virginia Retirement System the first time he is hired on or after January 1, 2014, in a covered position, shall participate in the hybrid retirement program established by this section.

A person who participates in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System under this chapter may make an irrevocable election to participate in the hybrid retirement program maintained under this section. Such election shall be exercised no later than April 30, 2014. If an election is not made by April 30, 2014, such employee shall be deemed to have elected not to participate in the hybrid retirement program and shall continue to participate in his current retirement plan.

B. 1. The employer shall make contributions to the defined benefit component of the program in accordance with § 51.1-145.

2. The employer shall make a mandatory contribution to the defined contribution component of the program on behalf of an employee participating in the program in the amount of one percent of creditable compensation. In addition, the employer shall make a matching contribution on behalf of the employee based on the employee's voluntary contributions under the defined contribution component of the program to the deferred compensation plan established under § 51.1-602, up to a maximum of 2.5 percent of creditable compensation for the payroll period, as follows: (i) 100 percent of the first one percent of creditable compensation contributed by the employee to the defined contribution component of the program under subdivision C 2 for the payroll period, and (ii) 50 percent of the next three percent of creditable compensation contributed by the employee to the defined contribution component of the program under subdivision C 2 for the payroll period. The matching contribution by the employer shall be made to the appropriate cash match plan established for the employee under § 51.1-608.

3. The total amount contributed by the employer under subdivision 2 shall vest to the employee's benefit according to the following schedule:

- a. Upon completion of two years of ~~continuous active participation in the program~~, 50 percent.
- b. Upon completion of three years of ~~continuous active participation in the program~~, 75 percent.
- c. Upon completion of four years of ~~continuous active participation in the program~~, 100 percent.

For purposes of this subdivision, "active participation" includes creditable service, as defined in § 51.1-124.3, in any retirement plan established by this title and administered by the Retirement System.

If an employee terminates employment with an employer prior to achieving 100 percent vesting, contributions made by an employer on behalf of the employee under subdivision 2 that are not vested, shall be forfeited. The Board may establish a forfeiture account and may specify the uses of the forfeiture account.

4. An employee may direct the investment of contributions made by an employer under subdivision B 2.

5. No loans or hardship distributions shall be available from contributions made by an employer under subdivision B 2.

C. 1. An employee participating in the hybrid retirement program maintained under this section shall, pursuant to procedures established by the Board, make mandatory contributions on a salary reduction basis in accordance with § 414(h) of the Internal Revenue Code (i) to the defined benefit component of the program in the amount of four percent of creditable compensation in lieu of the amount described in subsection A of § 51.1-144 and (ii) to the defined contribution component of the program in the amount of one percent of creditable compensation.

2. An employee participating in the hybrid retirement program may also make voluntary contributions to the defined contribution component of the program of up to four percent of creditable compensation or the limit on elective deferrals pursuant to § 457(b) of the Internal Revenue Code, whichever is less. The contribution by the employee shall be made to the appropriate deferred compensation plan established by the employee under § 51.1-602.

3. If an employee's voluntary contributions under subdivision C 2 are less than four percent of creditable compensation, the contribution will increase by one-half of one percent, beginning on January 1, 2017, and every three years thereafter, until the employee's voluntary contributions under subdivision C 2 reach four percent of creditable compensation. The increase will be effective beginning with the first pay period that begins in such calendar year unless the employee elects not to increase the voluntary contribution in a manner prescribed by the Board.

4. No loans or hardship distributions shall be available from contributions made by an employee under this subsection.

D. 1. The amount of the service retirement allowance under the defined benefit component of the program shall be governed by § 51.1-155; ~~except that for all creditable service credited prior to the effective date of the member's participation in the program. For all other creditable service~~, the allowance shall equal one percent of a member's average final compensation multiplied by the amount of his creditable service while in the program. For judges who are participating in the hybrid retirement program, creditable service shall be determined as provided in § 51.1-303 and service retirement eligibility shall be determined as provided in § 51.1-305.

2. No member shall retire for disability under the defined benefit component of the program.

3. *Except as provided in subdivision 1, any employee participating in the hybrid retirement program maintained under this section shall be considered to be a person who becomes a member on or after July 1, 2010.*

4. In all other respects, administration of the defined benefit component of the program shall be governed by the provisions of Chapter 1 (§ 51.1-124.1 et seq.).

E. With respect to any employee who elects, pursuant to subsection A, to participate in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System, the employer shall collect and pay all employee and employer contributions to the Virginia Retirement System for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for such employee.

F. 1. The Board shall develop policies and procedures for administering the hybrid retirement program it maintains, including the establishment of guidelines for employee elections and deferrals under the program.

2. No employee who is an active member in the hybrid retirement program maintained under this section shall also be an active member of any other optional retirement plan maintained under the provisions of Chapter 1 (§ 51.1-124.1 et seq.).

3. If a member of the hybrid retirement program maintained under this section is at any time in service as an employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.), 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.), his benefit payments under the hybrid retirement program maintained under this section shall be suspended while so employed; provided, however, reemployment shall have no effect on a payment under the defined contribution component of the program if the benefit is being paid in an annuity form under an annuity contract purchased with the member's account balance.

4. Any administrative fee imposed pursuant to subdivision A 13 of § 51.1-124.22 on any employer for administering and overseeing the hybrid retirement program maintained under this section shall be charged for each employee participating in such program and shall be for costs incurred by the Virginia Retirement System that are directly related to the administration and oversight of such program. *Notwithstanding the foregoing, the Board is authorized to collect all or a portion of such fee directly from the employee.*

5. The creditable compensation for any employee on whose behalf employee or employer contributions are made into the hybrid retirement program shall not exceed the limit on compensation as adjusted by the Commissioner of the Internal Revenue Service pursuant to the transition provisions applicable to eligible participants under state and local governmental

plans under § 401(a)(17) of the Internal Revenue Code as amended in 1993 and as contained in § 13212(d)(3) of the Omnibus Budget Reconciliation Act of 1993 (P.L. 103-66).

6. The Board may contract with private corporations or institutions, subject to the standards set forth in § 51.1-124.30, to provide investment products as well as any other goods and services related to the administration of the hybrid retirement program. The Virginia Retirement System is hereby authorized to perform related services, including but not limited to, providing consolidated billing, individual and collective recordkeeping and accountings, and asset purchase, control, and safekeeping.

An Act to amend and reenact § 10.1-1232 of the Code of Virginia, relating to the voluntary remediation program.

[S 431]

Approved March 27, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 10.1-1232 of the Code of Virginia is amended and reenacted as follows:

§ 10.1-1232. Voluntary Remediation Program.

A. The Virginia Waste Management Board shall promulgate regulations to allow persons who own, operate, have a security interest in or enter into a contract for the purchase of contaminated property to voluntarily remediate releases of hazardous substances, hazardous wastes, solid wastes, or petroleum. The regulations shall apply where remediation has not clearly been mandated by the United States Environmental Protection Agency, the Department or a court pursuant to the Comprehensive Environmental Response, Compensation and Liability Act (42 U.S.C. § 9601 et seq.), the Resource Conservation and Recovery Act (42 U.S.C. § 6901 et seq.), the Virginia Waste Management Act (§ 10.1-1400 et seq.), the State Water Control Law (§ 62.1-44.2 et seq.), or other applicable statutory or common law or where jurisdiction of those statutes has been waived. The regulations shall provide for the following:

1. The establishment of methodologies to determine site-specific risk-based remediation standards, which shall be no more stringent than applicable or appropriate relevant federal standards for soil, groundwater and sediments, taking into consideration scientific information regarding the following: (i) protection of public health and the environment, (ii) the future industrial, commercial, residential, or other use of the property to be remediated and of surrounding properties, (iii) reasonably available and effective remediation technology and analytical quantitation technology, (iv) the availability of institutional or engineering controls that are protective of human health or the environment, and (v) natural background levels for hazardous constituents;
2. The establishment of procedures that minimize the delay and expense of the remediation, to be followed by a person volunteering to remediate a release and by the Department in processing submissions and overseeing remediation;
3. The issuance of certifications of satisfactory completion of remediation, based on then-present conditions and available information, where voluntary cleanup achieves applicable cleanup standards or where the Department determines that no further action is required;
4. Procedures to waive or expedite issuance of any permits required to initiate and complete a voluntary cleanup consistent with applicable federal law; and
5. Registration fees to be collected from persons conducting voluntary remediation to defray the actual reasonable costs of the voluntary remediation program expended at the site ~~not to exceed the lesser of \$5,000 or one percent of the cost of the remediation.~~

B. Persons conducting voluntary remediations pursuant to an agreement with the Department entered into prior to the promulgation of those regulations may elect to complete the cleanup in accordance with such an agreement or the regulations.

C. Certification of satisfactory completion of remediation shall constitute immunity to an enforcement action under the Virginia Waste Management Act (§ 10.1-1400 et seq.), the State Water Control Law (§ 62.1-44.2 et seq.), Chapter 13 (§ 10.1-1300 et seq.) of this title, or any other applicable law.

D. At the request of a person who owns, operates, holds a security interest in or contracts for the purchase of property from which the contamination to be voluntarily remediated originates, the Department is authorized to seek temporary access to private and public property not owned by such person conducting the voluntary remediation as may be reasonably necessary for such person to conduct the voluntary remediation. Such request shall include a demonstration that the person requesting access has used reasonable effort to obtain access by agreement with the property owner. Such access, if granted, shall be granted for only the minimum amount of time necessary to complete the remediation and shall be exercised in a manner that minimizes the disruption of ongoing activities and compensates for actual damages. The person requesting access shall reimburse the Commonwealth for reasonable, actual and necessary expenses incurred in seeking or obtaining access. Denial of access to the Department by a property owner creates a rebuttable presumption that such owner waives all rights, claims and causes of action against the person volunteering to perform remediation for costs, losses or damages related to the contamination as to claims for costs, losses or damages arising after the date of such denial of access to the Department. A property owner who has denied access to the Department may rebut the presumption by showing that he had good cause for the denial or that the person requesting that the Department obtain access acted in bad faith.

2. That the Virginia Waste Management Board shall adopt regulations to implement the provisions of subdivision A 5 of § 10.1-1232 of the Code of Virginia, as amended by this act, to be effective no later than July 1, 2014. The Virginia Waste Management Board's adoption of regulations necessary to implement the fee provisions of subdivision A 5 of § 10.1-1232 of the Code of Virginia, as amended by this act, shall be exempt from Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2 of the Code of Virginia, except that the Department of Environmental Quality shall utilize a regulatory advisory panel to assist in the development of necessary regulations and shall provide an opportunity for public comment on all regulations. Thereafter, any amendments to the fees described in subdivision A 5 of § 10.1-1232 of the Code of Virginia shall not be exempted from the Administrative Process Act (§ 2.2-4000 et seq.) of the Code of Virginia.

§ 2. That the public interest of this project outweighs the public interest in maintaining the sanctity of the Baylor Survey at this location only, because of its nonproductivity for shellfish.

§ 3. None of the property described in § 1 that lies within the Baylor Survey shall be considered part of the natural oyster beds, rocks, and shoals in the waters of the Commonwealth.

[S 484]

Approved March 27, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-3451 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-3451. Essential health benefits.

A. Notwithstanding any provision of § 38.2-3431 or any other section of this title to the contrary, a health carrier offering a health benefit plan providing individual or small group health insurance coverage shall provide that such coverage includes the essential health benefits as required by § 1302(a) of the PPACA. The essential health benefits package may also include associated cost-sharing requirements or limitations. No qualified health insurance plan that is sold or offered for sale through an exchange established or operating in the Commonwealth shall provide coverage for abortions, regardless of whether such coverage is provided through the plan or is offered as a separate optional rider thereto, provided that such limitation shall not apply to an abortion performed (i) when the life of the mother is endangered by a physical disorder, physical illness, or physical injury, including a life-endangering physical condition caused by or arising from the pregnancy itself, or (ii) when the pregnancy is the result of an alleged act of rape or incest.

B. The provisions of subsection A regarding the inclusion of the PPACA-required minimum essential pediatric oral health benefits shall be deemed to be satisfied for health benefit plans made available in the small group market or individual market in the Commonwealth outside an exchange, as defined in § 38.2-3455, issued for policy or plan years beginning on or after January 1, 2015, that do not include the PPACA-required minimum essential pediatric oral health benefits if the health carrier has obtained reasonable assurance that such pediatric oral health benefits are provided to the purchaser of the health benefit plan. The health carrier shall be deemed to have obtained reasonable assurance that such pediatric oral health benefits are provided to the purchaser of the health benefit plan if:

1. At least one qualified dental plan, as defined in § 38.2-3455, (i) offers the minimum essential pediatric oral health benefits that are required under the PPACA and (ii) is available for purchase by the small group or individual purchaser; and

2. The health carrier prominently discloses, in a form approved by the Commission, at the time that it offers the health benefit plan that the plan does not provide the PPACA-required minimum essential pediatric oral health benefits.

CHAPTER 370

An Act to amend and reenact § 58.1-1003.3 of the Code of Virginia, to amend the Code of Virginia by adding in Title 9.1 a chapter numbered 2.1, consisting of sections numbered 9.1-209 through 9.1-217, and to repeal Chapter 23.1 (§§ 59.1-293.1 through 59.1-293.9) of Title 59.1 of the Code of Virginia, relating to the sale of cigarettes with reduced ignition propensity; civil penalties.

[S 494]

Approved March 27, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-1003.3 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Title 9.1 a chapter numbered 2.1, consisting of sections numbered 9.1-209 through 9.1-217, as follows:

CHAPTER 2.1.

REDUCED CIGARETTE IGNITION PROPENSITY.

§ 9.1-209. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Cigarette" has the same meaning ascribed thereto in § 58.1-1031.

"Department" means the Department of Taxation.

"Director" means the Executive Director of the Department of Fire Programs.

"Importer" has the same meaning ascribed thereto in 26 U.S.C. § 5702(k).

"Manufacturer" means (i) a person who manufactures or otherwise produces, or causes to be manufactured or produced, cigarettes intended for sale in the Commonwealth, including cigarettes intended for sale in the United States through an importer; (ii) the first purchaser anywhere that intends to resell in the United States cigarettes that the original manufacturer or maker does not intend for sale in the United States; or (iii) the successor to a person listed in clause (i) or (ii).

"Package" has the same meaning ascribed thereto in 15 U.S.C. § 1332(4).

"Quality control and quality assurance program" means laboratory procedures implemented to ensure that operator bias, systematic and nonsystematic methodological errors, and equipment-related problems do not affect the results of the testing, and the testing repeatability remains within the required repeatability value for any test trial used to certify cigarettes under this chapter.

"Repeatability" means the range of values within which the repeat results of cigarette test trials from a single laboratory will fall 95 percent of the time.

"Retailer" means a person who (i) sells cigarettes to consumers through vending machines on fewer than 40 premises; (ii) otherwise sells cigarettes to consumers; or (iii) holds cigarettes for sale to consumers.

"Vending machine operator" means a person who (i) holds cigarettes for sale to consumers through vending machines on 40 or more premises or (ii) sells cigarettes to consumers through vending machines on 40 or more premises.

"Wholesaler" means a person who (i) holds cigarettes for sale to another person for resale or (ii) sells cigarettes to another person for resale.

§ 9.1-210. Testing and certification of cigarettes.

A. Except as provided in subsection N, no cigarettes may be sold or offered for sale in the Commonwealth or offered for sale or sold to persons located in the Commonwealth unless:

1. The cigarettes have been tested in accordance with the test method and meet the performance standard specified in this section;

2. The manufacturer has filed a written certification in accordance with § 9.1-211; and

3. The cigarettes have been marked in accordance with § 9.1-212.

B. The performance standard for cigarettes sold or offered for sale in the Commonwealth is stated in subdivision E 1.

C. Testing of cigarettes shall be conducted in accordance with the American Society of Testing and Materials (ASTM) Standard E2187-04 "Standard Test Method for Measuring the Ignition Strength of Cigarettes." The Director, in consultation with the State Fire Marshal, may adopt a subsequent ASTM Standard Test Method for Measuring the Ignition Strength of Cigarettes on a finding that the subsequent method does not result in a change in the percentage of full-length burns exhibited by any tested cigarette when compared to the percentage of full-length burns the same cigarette would exhibit when tested in accordance with ASTM standard E2187-04 and the performance standard of this section.

D. Testing of cigarettes shall be conducted on 10 layers of filter paper.

E. 1. No more than 25 percent of the cigarettes tested in a test trial shall exhibit full-length burns.

2. Forty replicate tests shall comprise a complete test trial for each cigarette tested.

F. The performance standard required by this section shall only be applied to a complete test trial.

G. Written certifications shall be based upon testing conducted by a laboratory that has been accredited pursuant to Standard ISO/IEC 17025 of the International Organization for Standardization or other comparable accreditation standard required by the Director.

H. Each laboratory that conducts tests in accordance with this section shall implement a quality control and quality assurance program that includes a procedure to determine the repeatability of the testing results. The repeatability value shall be no greater than 0.19.

I. Each cigarette listed in a certification that uses lowered permeability bands in the cigarette paper to achieve compliance with the performance standard of this section shall have at least two nominally identical bands on the paper surrounding the tobacco column. At least one complete band shall be located at least 15 millimeters from the lighting end of the cigarette. For a cigarette on which the bands are positioned by design, at least two bands shall be located at least 15 millimeters from the lighting end and 10 millimeters from the filter end of the tobacco column. For an unfiltered cigarette, the two complete bands shall be located at least 15 millimeters from the lighting end and 10 millimeters from the labeled end of the tobacco column.

J. If the Director determines that a cigarette cannot be tested in accordance with the test method required by this section, the manufacturer of the cigarette shall propose to the Director a test method and performance standard for that cigarette. The Director, in consultation with the State Fire Marshal, may approve a test method and performance standard that the Director determines is equivalent to the requirements of this section, and the manufacturer may use that test method and performance standard for certification in accordance with § 9.1-211. If the Director determines that another state has enacted reduced cigarette ignition propensity standards that include a test method and performance standard that are the same as those contained in this chapter, and the Director finds that the officials responsible for implementing those requirements have approved the proposed alternative test method and performance standard for a particular cigarette

proposed by a manufacturer as meeting the reduced cigarette ignition propensity standards of that state's law or regulation under a legal provision comparable to this section, then the Director shall authorize that manufacturer to employ the alternative test method and performance standard to certify that cigarette for sale in the Commonwealth, unless the Director demonstrates a reasonable basis why the alternative test should not be accepted under this chapter. All other applicable requirements of this section shall apply to the manufacturer.

K. This section does not require additional testing for cigarettes that are tested in a manner consistent with the requirements of this section for any other purpose.

L. Each manufacturer shall maintain copies of the reports of all tests conducted on all cigarettes offered for sale for a period of three years, and shall make copies of these reports available to the Director, State Fire Marshal, and Attorney General on written request. Any manufacturer who fails to make copies of these reports available within 60 days of receiving a written request shall be subject to a civil penalty not to exceed \$10,000 for each day after the sixtieth day that the manufacturer does not make such copies available.

M. Testing performed or sponsored by the Director to determine a cigarette's compliance with the performance standard required by this section shall be conducted in accordance with this section.

N. The requirements of subsection A shall not prohibit the sale of cigarettes solely for the purpose of consumer testing. For purposes of this subdivision, the term "consumer testing" means an assessment of cigarettes that is conducted by a manufacturer, or under the control and direction of a manufacturer, for the purpose of evaluating consumer acceptance of such cigarettes, utilizing only the quantity of cigarettes that is reasonably necessary for such assessment.

§ 9.1-211. Certification of cigarette testing.

A. Each manufacturer shall submit to the Director written certification attesting that each cigarette has been tested in accordance with and has met the performance standard required under § 9.1-210.

B. The description of each cigarette listed in the certification shall include:

1. The brand;
2. The style;
3. The length in millimeters;
4. The circumference in millimeters;
5. The flavor, if applicable;
6. Whether filter or nonfilter;
7. A package description, such as soft pack or box;
8. The mark approved in accordance with § 9.1-212;
9. The name, address, and telephone number of the laboratory, if different than the manufacturer that conducted the test; and
10. The date that the testing occurred.

C. On request, the certification shall be made available to the Attorney General, the Director, and the State Fire Marshal.

D. Each cigarette certified under this section shall be recertified every three years.

E. If a manufacturer has certified a cigarette pursuant to this section, and thereafter makes any change to such cigarette that is likely to alter its compliance with the reduced cigarette ignition propensity standards mandated by this chapter, then before such cigarette may be sold or offered for sale in the Commonwealth such manufacturer shall retest such cigarette in accordance with the testing standards prescribed in § 9.1-210 and maintain records of such retesting as required by § 9.1-210. Any such altered cigarette that does not meet the performance standard set forth in § 9.1-210 shall not be sold in the Commonwealth.

F. For each brand style of cigarette listed in a certification, a manufacturer shall pay a fee in the amount of \$250; however, the Director in consultation with the State Fire Marshal is authorized to adjust the amount of the fee annually to ensure that the amount collected therefrom defrays the actual costs of the processing, testing, enforcement, and oversight activities required by this chapter. The fees assessed under the provisions of this chapter shall be paid into the state treasury and shall be deposited into a special fund designated "Cigarette Fire Safety Standard and Firefighter Protection Act Fund." Moneys deposited into the special fund and the unexpended balance thereof shall be appropriated to the Department of Fire Programs for use by the Director to conduct the processing, testing, enforcement, and oversight activities required by this chapter and performed by the State Fire Marshal pursuant to § 9.1-206 in carrying out the provisions of the Statewide Fire Prevention Code Act (§ 27-94 et seq.), and such expenditures from the special fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director.

§ 9.1-212. Marking of cigarettes.

A. Cigarettes that have been certified in accordance with § 9.1-211 shall be marked in accordance with the requirements of this section.

B. The marking shall:

1. Be in a font of at least eight-point type; and
2. Include one of the following:
 - a. Modification of the product UPC bar code to include a visible mark that is printed at or around the area of the UPC bar code and consists of one or more alphanumeric or symbolic characters permanently stamped, engraved, embossed, or printed in conjunction with the UPC bar code;

b. Any visible combination of alphanumeric or symbolic characters permanently stamped, engraved, embossed, or printed on the cigarette package or the cellophane wrap; or

c. Stamped, engraved, embossed, or printed text that indicates that the cigarettes meet the standards of this chapter.

C. The manufacturer shall request approval of a proposed marking from the Director.

D. The Director shall approve or disapprove the marking offered, except that the Director shall approve:

1. The letters "FSC," which signify Fire Standards Compliant, appearing in eight-point type or larger and permanently printed, stamped, engraved, or embossed on the package at or near the UPC code; and

2. Any marking in use and approved for sale in New York pursuant to the New York fire safety standards for cigarettes.

E. A marking is deemed approved if the Director fails to act within 10 days after receiving a request for approval.

F. A manufacturer may not use a modified marking unless the modification has been approved in accordance with this section.

G. A manufacturer shall use only one marking on all brands that the manufacturer markets.

H. A marking or modified marking approved by the Director shall be applied uniformly on all brands marketed and on all packages, including packs, cartons, and cases marketed by that manufacturer.

§ 9.1-213. Provision of copies of certifications and illustration of the packaging markings; inspections.

A. Each manufacturer shall:

1. Provide a copy of each certification to each wholesaler to which the manufacturer sells cigarettes; and

2. Provide sufficient copies of an illustration of the packaging marking approved and used by the manufacturer in accordance with § 9.1-212 for each retailer and vending machine operator who purchases cigarettes from the wholesaler.

B. The wholesaler shall provide a copy of the illustration to each retailer and vending machine operator to whom the wholesaler sells cigarettes.

C. Each retailer, vending machine operator, and wholesaler shall allow the Director or designee of the Director to inspect the markings on cigarette packaging at any time.

§ 9.1-214. Nonconforming cigarettes.

A. Any cigarettes that have been sold or offered for sale that do not comply with the performance standard required by § 9.1-210 shall be deemed contraband and subject to forfeiture and disposal by the Commonwealth; however, prior to the destruction of any cigarettes forfeited pursuant to this subsection, the true holder of the trademark rights in the cigarette brand shall be permitted to inspect such cigarettes.

B. The Department and the State Fire Marshal, in the regular course of conducting inspections of retailers and wholesalers, may inspect cigarettes to determine if the cigarettes are marked as required by § 9.1-212. If the cigarettes are not marked as required, the Department shall notify the Director.

C. Whenever law-enforcement personnel, the State Fire Marshal or local fire marshal appointed under § 27-30, or a duly authorized representative of the Director discovers any cigarettes that have not been marked in the manner required by § 9.1-212, such personnel are hereby authorized and empowered to seize and take possession of such cigarettes. Such cigarettes shall be turned over to the Department and shall be forfeited to the Commonwealth. Cigarettes seized pursuant to this section shall be destroyed; however, prior to the destruction of any cigarette seized pursuant to this subsection, the true holder of the trademark rights in the cigarette brand shall be permitted to inspect the cigarette.

§ 9.1-215. Powers of Director; regulation and implementation.

The Director:

1. In consultation with the State Fire Marshal, may adopt regulations necessary to carry out and administer this chapter;

2. In consultation with the State Fire Marshal, may adopt regulations for the conduct of random inspections of retailers, vending machine operators, and wholesalers to ensure compliance with this chapter; and

3. Shall ensure that the implementation and substance of this chapter is in accordance with the implementation and substance of the New York fire safety standards for cigarettes.

§ 9.1-216. Enforcement; civil penalties.

A. A manufacturer or other person who knowingly sells or offers for sale cigarettes other than by retail sale in violation of § 9.1-210 shall be subject to a civil penalty not exceeding \$100 for each such pack of cigarettes sold or offered for sale, provided that in no case shall the civil penalty assessed against any such person exceed \$100,000 for sales or offers for sale during any 30-day period.

B. A retailer who knowingly sells cigarettes in violation of § 9.1-210 shall be subject to a civil penalty not exceeding \$100 for each pack of such cigarettes sold or offered for sale, provided that in no case shall the civil penalty assessed against any retailer exceed \$25,000 for sales or offers for sale during any 30-day period.

C. Any person who violates any other provision of this chapter shall be subject to a civil penalty of not more than \$1,000 for the first violation. The civil penalty for each subsequent violation shall not exceed \$5,000.

D. A manufacturer who knowingly makes a false certification under § 9.1-211 shall be subject to a civil penalty of at least \$75,000 and not exceeding \$250,000 for each false certification.

E. A civil penalty may be assessed by the Director only after the Director has consulted with the State Fire Marshal and has given the manufacturer charged with making such a false certification an opportunity for a public hearing. Where such a public hearing has been held, the Director shall make findings of fact and issue a written decision as to the occurrence of the violation and the amount of the penalty that is warranted, incorporating, when appropriate, an order

therein requiring that the penalty be paid. Any hearing under this section shall be a formal adjudicatory hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). When the person charged with such a violation fails to avail himself of the opportunity for a public hearing, a civil penalty shall be assessed by the Director after the Director determines that a violation has occurred and the amount of the penalty is warranted and issues an order requiring that the penalty be paid.

F. The Director may collect civil penalties that are owed in the same manner as provided by law in respect to judgment of a court of record. Such civil penalties shall be paid into the Cigarette Fire Safety Standard and Firefighter Protection Act Fund referenced in subsection F of § 9.1-211 and used in carrying out the purposes of this chapter.

§ 9.1-217. Application of chapter to certain cigarettes; conflicting local ordinances preempted.

A. Nothing in this chapter shall be construed to prohibit any person from manufacturing or selling cigarettes that do not meet the requirements of this chapter if the cigarettes are or will be stamped for sale in another state or sold in North Carolina or South Carolina, or are packaged for sale outside the United States, and that person has taken reasonable steps to ensure that such cigarettes will not be sold or offered for sale to persons located in the Commonwealth.

B. Notwithstanding any other provision of law, a locality may neither enact nor enforce any ordinance or other local law or regulation that conflicts with, or is inconsistent with, any provision of this chapter.

§ 58.1-1003.3. Roll-your-own cigarette machines.

Any person who maintains, operates, or rents a machine at a retail establishment for use by a consumer that enables any person to process at the establishment a product that is made or derived from tobacco into a roll or tube shall be deemed to be a manufacturer of cigarettes, and the resulting product produced at such establishment shall be deemed to be manufactured cigarettes sold to a consumer for purposes of this title, Chapter 42 (§ 3.2-4200 et seq.) of Title 3.2, and Chapter ~~23.1~~ 2.1 (§ ~~59.1-293.1~~ 9.1-209 et seq.) of Title ~~59.1~~ 9.1. A retail establishment may purchase tobacco that has not been subject to tax pursuant to this title or the requirements of Chapter 42 of Title 3.2, provided that (i) such tobacco may only be sold to consumers for the purpose of making cigarettes on the machines described herein in the establishment, (ii) the retail establishment pays the taxes due on such cigarettes pursuant to this title, and (iii) the retail establishment maintains compliance with the requirements of Chapter 42 of Title 3.2 with respect to such cigarettes. The provisions of this section shall not apply to the sale and use of cigarette rolling machines purchased for personal use by an individual consumer to make cigarettes for personal consumption and not for rental or use by other consumers.

2. That Chapter 23.1 (§§ 59.1-293.1 through 59.1-293.9) of Title 59.1 of the Code of Virginia is repealed.

§ 29.1-733.2. (Effective July 1, 2014) Definitions.

Such an election will be effective upon its certification as a competitive local exchange carrier.

§ 56-54.4. Commission authority over competitive telephone companies.

Notwithstanding any other provision of law, the Commission shall not have any jurisdiction and authority, including jurisdiction and authority over any obligation of a competitive telephone company to seek approval from the Commission, to regulate, supervise, or promulgate rules relating to the retail services, rates, and terms of service of a competitive telephone company, except as specifically enumerated in this chapter. The Commission shall have discretion as to the extent

to which it will exercise the authority granted to it in this chapter. Nothing in this chapter grants, affects, modifies, or limits any rights, duties, obligations, or authority of any entity, including the Commission, (i) pursuant to the provisions of 47 U.S.C. § 251 and 47 U.S.C. § 252 or (ii) related to wholesale telephone services and issues, including the payment of switched network access rates or other intercarrier compensation, interconnection, porting, and numbering.

§ 56-54.5. Powers of the Commission.

A. The Commission may ensure competitive telephone companies provide reasonably adequate retail voice service, including rendering timely and accurate bills for service, by receiving customer complaints and requiring the competitive telephone company to reasonably address bona fide complaints as promptly as is reasonably possible under the circumstances.

B. The Commission shall continue to have jurisdiction and authority to ensure the reasonably adequate provision by competitive telephone companies of the telecommunications portions of emergency 911 services provided to PSAPs, as that term is defined in § 56-484.12.

C. The Commission shall continue to have jurisdiction and authority over Lifeline telephone service such as the Virginia Universal Service Plan, but shall not impose Lifeline telephone service obligations on competitive telephone companies that do not seek designation as eligible telecommunications carriers or impose Lifeline telephone service obligations over and above that imposed by the default Lifeline plan imposed by the Federal Communications Commission.

D. The Commission shall continue to have jurisdiction and authority to permit existing and new retail tariffs to be filed by competitive telephone companies; however, nothing in this chapter shall be construed to require a competitive telephone company to file tariffs concerning retail services.

E. Existing extended local service calling plans ordered by the Commission pursuant to Article 4 (§ 56-484.1 et seq.) of Chapter 15 that are applicable to competitive telephone companies shall remain in effect, but shall not be expanded by the Commission. The Commission shall continue to have jurisdiction and authority to enforce these extended local service calling plans, but shall not create any new plans.

F. The Commission shall continue to have jurisdiction and authority to grant, amend, reissue, and cancel certificates of public convenience and necessity of competitive telephone companies.

G. The Commission may promulgate such rules, including the revision and repeal of current rules, as may be necessary to implement the specific authority granted in this chapter.

H. The Commission shall continue to enforce the Utility Transfers Act (§ 56-88 et seq.) regarding competitive telephone companies.

§ 56-54.6. Duties of a competitive telephone company.

A. A competitive telephone company that is an incumbent telephone carrier shall have the duty in its incumbent territory to extend or expand its facilities to furnish retail voice service and facilities when the person, firm, or corporation does not have service available from one or more alternative providers of wireline or terrestrial wireless communications services at prevailing market rates.

B. A competitive telephone company shall continue to have the powers and duties provided in the first sentence of subdivision A 2 of § 56-234.

C. For the purposes of subsections A and B, the Commission shall have the authority, upon request of an individual, corporation, or other entity, or a competitive telephone company, to determine whether the wireline or terrestrial wireless communications service available to the party requesting service is a reasonably adequate alternative to local exchange telephone service.

D. The use by a competitive telephone company of wireline and terrestrial wireless technologies shall not be construed to grant any additional jurisdiction or authority to the Commission over such technologies.

E. For purposes of subsection A, "prevailing market rates" means rates similar to those generally available to consumers in competitive areas for the same services.

F. A competitive telephone company shall have the obligation to provide access to emergency 911 service to its end-user retail customers.

§ 56-54.7. Service provided to the Commonwealth.

The Commission shall have no jurisdiction or authority over (i) schedules of rates for any telecommunications service provided to the public by virtue of any contract with, (ii) any service provided under or relating to a contract for telecommunications services with, or (iii) contracts for service rendered by any competitive telephone company to, the Commonwealth or any agency thereof.

§ 56-57. Securities to which chapter is applicable.

A. This chapter shall apply to every stock or stock certificate or other evidence of interest or ownership, and, except as otherwise provided by § 56-65, every bond, note or other evidence of indebtedness, of a public service company, which may be issued, and to every obligation or liability as guarantor, endorser, surety or otherwise in respect of the securities of any other person, firm, association or corporation, when such securities are payable at periods of twelve months or more after the date thereof, which may be or may have been assumed after March 24, 1934, notwithstanding the fact that any preparatory steps, whether by the issuance or amendment of a certificate of incorporation, or by the action of the board of directors, or the stockholders or otherwise, may have been taken prior to such date.

B. Notwithstanding subsection A, this chapter shall not apply to any stock or stock certificate or other evidence of interest or ownership, or any bond, note or other evidence of indebtedness of a (i) public service company that operates

under an alternative form of regulation approved by the Commission pursuant to § 56-235.5, unless the Commission rescinds such exemption as hereafter authorized, or (ii) *competitive telephone company as defined in § 56-54.2*, provided such securities are issued for lawful purposes pursuant to § 56-58. Any public service company exempt from this chapter shall instead provide notice to the Commission of the issuance of any stock or stock certificate or other evidence of interest or ownership, or, except as otherwise provided by §§ 56-65 and 56-65.1, any bond, note or other evidence of indebtedness, within ninety days of issuance. The Commission may rescind the exemption from this chapter provided by this subsection to any public service company that operates under an alternative form of regulation approved by the Commission pursuant to § 56-235.5 if the Commission finds, after notice and an opportunity for a hearing, that such exemption is not in the public interest.

2. That any order issued by the State Corporation Commission pursuant to any authority the Commission had to regulate, supervise, or promulgate rules relating to the retail services, rates, and terms of service of a telephone company, which authority ceases to exist upon the effective date of this act, shall have no effect from and after such date. Orders issued by the Commission pursuant to authority granted, continued, or otherwise preserved under this act, including rules promulgated under such orders, shall continue in effect.

3. That notwithstanding the provisions of this act, (i) the residential price cap approved by the State Corporation Commission in Case No. PUC-2012-00008 shall continue in effect until it expires as currently scheduled on December 31, 2014, and (ii) any safeguards ordered by the Commission in response to competitive service applications filed pursuant to subsection F of § 56-235.5 of the Code of Virginia after January 1, 2014, shall continue in effect as ordered by the Commission.

CHAPTER 378

An Act to amend and reenact § 64.2-778.1 of the Code of Virginia, relating to decanting statute; conditions for second trust.

[S 634]

Approved March 27, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 64.2-778.1 of the Code of Virginia is amended and reenacted as follows:

§ 64.2-778.1. Trustee's special power to appoint to a second trust.

A. As used in this section unless the context requires a different meaning:

"Current beneficiary" means a person who is a permissible distributee of trust income or principal.

"Interested distributee" means a current beneficiary who has the power to remove the existing trustee of the original trust and designate as successor trustee a person who may be a "related or subordinate party," as that term is defined in 26 U.S.C. § 672(c), with respect to such current beneficiary.

"Interested trustee" means (i) an individual trustee who is a current beneficiary of the original trust or to whom the net income or principal of the original trust would be distributed if the original trust were terminated, (ii) any trustee of the original trust who may be removed and replaced by an interested distributee, or (iii) an individual trustee whose legal obligation to support a beneficiary may be satisfied by distributions of income and principal of the original trust.

"Original trust" means a trust created by an irrevocable inter vivos or testamentary trust instrument pursuant to the terms of which a trustee has a discretionary power to distribute principal or income of the trust to or for the benefit of one or more current beneficiaries.

"Second trust" means a trust created by an irrevocable inter vivos or testamentary trust instrument, the current beneficiaries of which are one or more of the current beneficiaries of the original trust.

B. The trustee of an original trust may, without authorization by the court, exercise the discretionary power to distribute principal or income to or for the benefit of one or more current beneficiaries of the original trust by appointing all or part of the principal or income of the original trust subject to the power in favor of a trustee of a second trust. The trustee of the original trust may exercise this power whether or not there is a current need to distribute principal or income under any standard provided in the terms of the original trust. The trustee's power to appoint trust principal or income in further trust under this section includes the power to create the second trust.

C. The terms of the second trust shall be subject to the following conditions:

1. The beneficiaries of the second trust shall include only beneficiaries of the original trust;

2. If the power to distribute principal or income in the original trust is subject to an ascertainable standard, the power to distribute income or principal in the second trust shall be exercisable in favor of the same current beneficiaries as in the original trust and, unless the court approves otherwise, shall be subject to the same ascertainable standard as in the original trust;

3. A beneficiary who has only a future beneficial interest, vested or contingent, in the original trust shall not have the future beneficial interest accelerated to a present interest in the second trust;

4. The terms of the second trust shall not reduce any fixed income, annuity, or unitrust interest of a beneficiary in the original trust;

5. If any contribution to the original trust qualified for a marital or charitable deduction for federal income, gift, or estate tax purposes under the Internal Revenue Code, then the second trust shall not contain any provision that, if included in the original trust, would have prevented the original trust from qualifying for the deduction or that would have reduced the amount of the deduction;

6. If contributions to the original trust have been excluded from the gift tax by the application of 26 U.S.C. § 2503(b) ~~or~~ and (c), the second trust shall provide that the beneficiary's remainder interest in the contributions shall vest and become distributable no later than the date upon which the interest would have vested and become distributable under the terms of the original trust;

7. If any beneficiary of the original trust has a power of withdrawal over trust property, then either:

a. The terms of the second trust shall provide a power of withdrawal in the second trust identical to the power of withdrawal in the original trust; or

b. Sufficient trust property shall remain in the original trust to satisfy the outstanding power of withdrawal;

8. The terms of the second trust may confer a power of appointment upon a current beneficiary of the original trust. The permissible appointees of the power of appointment conferred upon a beneficiary may include persons who are not beneficiaries of the original trust or the second trust. The power of appointment conferred upon a beneficiary shall be subject to the provisions of §§ 55-12.1 through 55-13.3, covering the time at which the permissible period of the rule against perpetuities begins and the law that determines the permissible period of the rule against perpetuities of the original trust; and

9. Notwithstanding subdivisions 1 through 8, the power under this section may be exercised to appoint a second trust that is a special needs trust, subject to the other provisions of this section.

D. A trustee who is an interested trustee may not exercise the power to appoint under this section. The remaining cotrustee or a majority of the remaining cotrustees who are not interested trustees may exercise the power under this section. If all the trustees are interested trustees, or at the request of any of the trustees, the court may appoint a special fiduciary with authority to exercise the power under this section.

E. The exercise of the power under this section shall be:

1. Subject to the fiduciary duties of the trustee of the original trust;

2. Treated for all purposes as the exercise of a power of appointment in a fiduciary capacity that is not a power exercisable in favor of the trustee individually, the trustee's creditors, the trustee's estate, or the creditors of the trustee's estate;

3. Subject to the provisions of §§ 55-12.1 through 55-13.3, covering the time at which the permissible period of the rule against perpetuities begins and the law that determines the permissible period of the rule against perpetuities of the original trust; and

4. Permitted regardless of whether the original trust has a spendthrift provision or prohibits amendment or revocation of the original trust.

F. The exercise of the power under this section shall be made by a written instrument, signed and acknowledged by the trustee, setting forth the manner of the exercise of the power, the terms of the second trust, and the effective date of the exercise of the power. The instrument shall be filed with the records of the original trust.

G. At least 60 days prior to the effective date of the exercise of the power under this section, the trustee of the original trust shall give written notice of the trustee's intent to exercise the power, including a copy of the written instrument made pursuant to subsection F, to (i) the grantor of the original trust, if living; (ii) without regard to the exercise of any power of appointment, the qualified beneficiaries of the original trust as determined under §§ 64.2-701 and 64.2-708, other than the Attorney General, and (iii) all persons acting as advisor or protector of the original trust. The representation provisions of §§ 64.2-714, 64.2-716, 64.2-717, and 64.2-718 shall apply to the notice under this subsection. If all qualified beneficiaries of the original trust waive the notice required by this subsection in a signed written instrument delivered to the trustee of the original trust, the trustee may exercise the power under this section without providing the notice required by this subsection.

The receipt of notice under this subsection shall not abrogate any right or remedy of any beneficiary against the trustee under the laws of the Commonwealth other than this section.

H. Nothing in this section shall be construed to (i) create or imply a duty of the trustee to exercise the power granted in this section, and no inference of impropriety shall be made as a result of a trustee not exercising the power granted in this section, or (ii) limit the right of any trustee who has a power to appoint property in further trust under the terms of the original trust or by law.

I. A trustee or beneficiary may commence a proceeding to approve or disapprove a proposed exercise of the power under this section.

J. If accounts for the original trust are filed with the commissioner of accounts, the accounts for the second trust shall be filed with the commissioner of accounts unless the court orders otherwise.

K. Subject to the provisions of the governing instrument, this section shall be construed as pertaining to the administration of a trust and shall be available to any trust that is administered under the law of the Commonwealth, regardless of the date the trust was created, unless the governing instrument expressly prohibits the exercise of the power under this section. A provision in the governing instrument that "The provisions of § 64.2-778.1, Code of Virginia, as amended, or any corresponding provision of future law, shall not be used in the administration of this trust" or "My trustee shall not have the power to appoint the income or principal of this trust to another trust" or similar words reflecting such intent shall be sufficient to preclude the application of this section.

3. The owners of vacant developed or undeveloped property therein, including such property upon which buildings or other improvements are located, shall cut the grass, weeds and other foreign growth on such property or any part thereof at such time or times as the governing body shall prescribe; or may, whenever the governing body deems it necessary, after reasonable notice as determined by the locality, have such grass, weeds or other foreign growth cut by its agents or employees, in which event the cost and expenses thereof shall be chargeable to and paid by the owner of such property and may be collected by the locality as taxes are collected. For purposes of this provision, one written notice per growing season to the owner of record of the subject property shall be considered reasonable notice. In the Counties of Dinwiddie, Goochland, James City, and Prince George, the Cities of Colonial Heights, Hampton, Hopewell, Newport News, Williamsburg, and Winchester, and the Towns of Ashland, Cedar Bluff, Chincoteague, and Orange, and in a locality within Planning District 8, an ordinance adopted pursuant to this subdivision may also apply to owners of occupied property therein. No such ordinance adopted by any county shall have any force and effect within the corporate limits of any town. No such ordinance adopted by any county having a density of population of less than 500 per square mile shall have any force or effect except within the boundaries of platted subdivisions or any other areas zoned for residential, business, commercial or industrial use.

B. Every charge authorized by this section with which the owner of any such property shall have been assessed and which remains unpaid shall constitute a lien against such property ranking on a parity with liens for unpaid local taxes and enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1. A locality may waive such liens in order to facilitate the sale of the property. Such liens may be waived only as to a purchaser who is unrelated by blood or marriage to the owner and who has no business association with the owner. All such liens shall remain a personal obligation of the owner of the property at the time the liens were imposed.

C. The governing body of any locality may by ordinance provide that violations of this section shall be subject to a civil penalty, not to exceed \$50 for the first violation, or violations arising from the same set of operative facts. The civil penalty for subsequent violations not arising from the same set of operative facts within 12 months of the first violation shall not exceed \$200. Each business day during which the same violation is found to have existed shall constitute a separate offense. In no event shall a series of specified violations arising from the same set of operative facts result in civil penalties that exceed a total of \$3,000 in a 12-month period.

D. Except as provided in this subsection, adoption of an ordinance pursuant to subsection C shall be in lieu of criminal penalties and shall preclude prosecution of such violation as a misdemeanor. The governing body of any locality may, however, by ordinance provide that such violations shall be a Class 3 misdemeanor in the event three civil penalties have previously been imposed on the same defendant for the same or similar violation, not arising from the same set of operative facts, within a 24-month period. Classifying such subsequent violations as criminal offenses shall preclude the imposition of civil penalties for the same violation.

The governing body of any locality may by ordinance provide that violations of this section shall be subject to a civil penalty, not to exceed \$50 for the first violation, or violations arising from the same set of operative facts. The civil penalty for subsequent violations not arising from the same set of operative facts within 12 months of the first violation shall not exceed \$200. Each business day during which the same violation is found to have existed shall constitute a separate offense. In no event shall a series of specified violations arising from the same set of operative facts result in civil penalties that exceed a total of \$3,000 in a 12-month period.

D. Except as provided in this subsection, adoption of an ordinance pursuant to subsection C shall be in lieu of criminal penalties and shall preclude prosecution of such violation as a misdemeanor. C. ~~A~~ *Except as provided in subsection D*, a provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose the contents of electronic communications or *real-time location data* to an investigative or law-enforcement officer only pursuant to a search warrant issued by a magistrate, a juvenile and domestic relations district court, a general district court, or a circuit court, based upon complaint on oath supported by an affidavit as required in § 19.2-54, or judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia when the warrant issued by such officer or such court complies with the provisions of subsection ~~E~~ G. In the case of a search warrant directed to a foreign corporation, the affidavit shall state that the complainant believes that the records requested are actually or constructively possessed by a foreign corporation that provides electronic communication service or remote computing service within the Commonwealth of Virginia. If satisfied that probable cause has been established for such belief and as required by Chapter 5 (§ 19.2-52 et seq.), the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court shall issue a warrant identifying those records to be searched for and commanding the person seeking such warrant to properly serve the warrant upon the foreign corporation.

D. *A provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, including real-time location data but excluding the contents of electronic communications, to an investigative or law-enforcement officer pursuant to an administrative subpoena issued pursuant to § 19.2-10.2 concerning a violation of § 18.2-374.1 or 18.2-374.1:1, former § 18.2-374.1:2, or § 18.2-374.3 when the information sought is relevant and material to an ongoing criminal investigation.*

3. *With the informed, affirmative consent of the legal guardian or next of kin of the owner or user, if reasonably available, if the owner or user is reasonably believed to be deceased, is reported missing, or is unable to be contacted; or*
4. *If the investigative or law-enforcement officer reasonably believes that an emergency involving the immediate danger to a person requires the disclosure, without delay, of real-time location data concerning a specific person and that a warrant cannot be obtained in time to prevent the identified danger, and the possessor of the real-time location data believes, in good faith, that an emergency involving danger to a person requires disclosure without delay.*

No later than three business days after seeking disclosure of real-time location data pursuant to this subsection, the investigative or law-enforcement officer seeking the information shall file with the appropriate court a written statement setting forth the facts giving rise to the emergency and the facts as to why the person whose real-time location data was sought is believed to be important in addressing the emergency.

F. In order to comply with the requirements of § 19.2-54, any search of the records of a foreign corporation shall be deemed to have been made in the same place wherein the search warrant was issued.

~~E~~ G. A Virginia corporation or other entity that provides electronic communication services or remote computing services to the general public, when properly served with a search warrant and affidavit in support of the warrant, issued by a judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia with jurisdiction over the matter, to produce a record or other information pertaining to a subscriber to or customer of such service, *including real-time location data*, or the contents of electronic communications, or both, shall produce the record or other information, *including real-time location data*, or the contents of electronic communications as if that warrant had been issued by a Virginia court. The search warrant shall be enforced and executed in the Commonwealth as if it were a search warrant described in subsection C.

~~F.~~ *H.* The provider of electronic communication service or remote computing service may verify the authenticity of the written reports or records that it discloses pursuant to this section, excluding the contents of electronic communications, by providing an affidavit from the custodian of those written reports or records or from a person to whom said custodian reports certifying that they are true and complete and that they are prepared in the regular course of business. When so authenticated, the written reports and records are admissible in evidence as a business records exception to the hearsay rule.

~~G.~~ *I.* No cause of action shall lie in any court against a provider of a wire or electronic communication service; ~~its~~ *or remote computing service or such provider's* officers, employees, agents, or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order, warrant, *administrative subpoena*, or subpoena under this section *or the provisions of subsection E.*

~~H.~~ *J.* A search warrant or administrative subpoena for the disclosure of real-time location data pursuant to this section shall require the provider to provide ongoing disclosure of such data for a reasonable period of time, not to exceed 30 days. The foreman shall administer the oath required by law for witnesses.

§ 19.2-215.6. Role and presence of special counsel; examination of witnesses; sworn investigators.

Special counsel may be present during the investigatory stage of a multi-jurisdiction grand jury proceeding and may examine any witness who is called to testify or produce evidence. The examination of a witness by special counsel shall in no way affect the right of any grand juror to examine the witness.

At the request of special counsel, the presiding judge shall designate specialized personnel for investigative purposes. Such personnel shall be designated as a sworn investigator and shall be administered an oath to maintain the secrecy of all proceedings of the multi-jurisdiction grand jury. A sworn investigator is permitted to discuss multi-jurisdiction grand jury proceedings with any other sworn investigator or special counsel and may participate in multi-jurisdiction grand jury proceedings at the request of special counsel or the grand jury. Any specialized personnel who have been administered an oath to maintain the secrecy of all proceedings of the multi-jurisdiction grand jury before July 1, 2014, and who continue to serve in that position are deemed to be sworn investigators under this section.

Special counsel and sworn investigators, however, may not be present at any time during the deliberations of a multi-jurisdiction grand jury except when the grand jury requests the legal advice of special counsel as to specific questions of law.

§ 19.2-215.9. Court reporter provided; safekeeping of transcripts, notes, etc.; when disclosure permitted; access to record of testimony and evidence.

A. A court reporter shall be provided for a multi-jurisdiction grand jury to record, manually or electronically, and transcribe all oral testimony taken before a multi-jurisdiction grand jury, but such a reporter shall not be present during any stage of its deliberations. Such transcription shall include the original or copies of all documents, reports, or other evidence presented to the multi-jurisdiction grand jury. The notes, tapes, and transcriptions of the reporter are for the use of the

multi-jurisdiction grand jury, and the contents thereof shall not be used or divulged by anyone except as provided in this article. After the multi-jurisdiction grand jury has completed its use of the notes, tapes, and transcriptions, the foreman shall cause them to be delivered to the ~~presiding judge~~ *clerk of the circuit court in whose jurisdiction the multi-jurisdiction grand jury sits, with copies provided to special counsel. Upon motion of special counsel, the presiding judge may order that such notes, tapes, and transcriptions be destroyed at the direction of special counsel by any means the presiding judge deems sufficient, provided that at least seven years have passed from the date of the multi-jurisdiction grand jury proceeding where such notes, tapes, and transcriptions were made.*

B. The ~~presiding judge~~ *clerk shall cause the notes, tapes, and transcriptions or other evidence to be kept safely. Upon motion to the presiding judge, special counsel shall be permitted to review any of the evidence which was presented to the multi-jurisdiction grand jury, and shall be permitted to make notes and to duplicate portions of the evidence as he deems necessary for use in a criminal investigation or proceeding. Special counsel shall maintain the secrecy of all information obtained from a review or duplication of the evidence presented to the multi-jurisdiction grand jury, except that this information may be disclosed pursuant to the provisions of subdivision 2 of § 19.2-215.1. Upon motion to the presiding judge by a person indicted by a multi-jurisdiction grand jury, similar permission to review, note, or duplicate evidence shall be extended if it appears that the permission is consistent with the ends of justice and is necessary to reasonably inform such person of the nature of the evidence to be presented against him, or to adequately prepare his defense.*

C. If any witness who ~~voluntarily~~ testified or produced evidence before the multi-jurisdiction grand jury is prosecuted on the basis of his testimony or the evidence he produced, or if any witness ~~who was compelled to testify or to produce evidence~~ is prosecuted for perjury on the basis of his testimony or the evidence he produced before the multi-jurisdiction grand jury, the presiding judge, on motion of either ~~the Commonwealth special counsel~~ or the defendant, shall permit ~~both the Commonwealth and the defendant~~ access to the testimony of or evidence produced by the defendant before the multi-jurisdiction grand jury. The testimony and the evidence produced by the defendant ~~voluntarily~~ before the multi-jurisdiction grand jury shall then be admissible in the trial of the criminal offense with which the defendant is charged; *(i) to establish a charge of perjury in the Commonwealth's case-in-chief on the basis of his testimony before the multi-jurisdiction grand jury and (ii) for the purpose of impeaching the defendant in the trial of any other criminal matter, provided the testimony or evidence being used for impeachment was produced by the defendant voluntarily before the multi-jurisdiction grand jury.*

CHAPTER 393

An Act to amend and reenact § 15.2-2260 of the Code of Virginia, relating to subdivision plats.

[H 209]

Approved March 31, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2260 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2260. Localities may provide for submission of preliminary subdivision plats; how long valid.

A. Nothing in this article shall be deemed to prohibit the local governing body from providing in its ordinance for the *mandatory* submission of preliminary subdivision plats for tentative approval *for plats involving more than 50 lots, provided that any such ordinance provides for the submission of a preliminary subdivision plat for tentative approval at the option of the landowner for plats involving 50 or fewer lots.* The local planning commission, or an agent designated by the commission or by the governing body to review preliminary subdivision plats shall complete action on the preliminary subdivision plats within 60 days of submission. However, if approval of a feature or features of the preliminary subdivision plat by a state agency or public authority authorized by state law is necessary, the commission or agent shall forward the preliminary subdivision plat to the appropriate state agency or agencies for review within 10 business days of receipt of such preliminary subdivision plat.

B. Any state agency or public authority authorized by state law making a review of a preliminary subdivision plat forwarded to it under this section, including, without limitation, the Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.), shall complete its review within 45 days of receipt of the preliminary subdivision plat upon first submission and within 45 days for any proposed plat that has previously been disapproved, provided, however, that the time period set forth in § 15.2-2222.1 shall apply to plats triggering the applicability of said section. The Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.) shall

allow use of public rights-of-way for public street purposes for placement of utilities by permit when practical and shall not unreasonably deny plat approval. If a state agency or public authority authorized by state law does not approve the plat, it shall comply with the requirements, and be subject to the restrictions, set forth in subsection A of § 15.2-2259 with the exception of the time period therein specified. Upon receipt of the approvals from all state agencies, the local agent shall act upon a preliminary subdivision plat within 35 days.

C. If a commission has the responsibility of review of preliminary subdivision plats and conducts a public hearing, it shall act on the plat within 45 days after receiving approval from all state agencies. If the local agent or commission does not approve the preliminary subdivision plat, the local agent or commission shall set forth in writing the reasons for such denial and shall state what corrections or modifications will permit approval by such agent or commission. With regard to plats involving commercial property, as that term is defined in subdivision A 2 of § 15.2-2259, the review process for such plats shall be the same as provided in subdivisions A 2 and A 3 of § 15.2-2259. However, no commission or agent shall be required to approve a preliminary subdivision plat in less than 60 days from the date of its original submission to the commission or agent, and all actions on preliminary subdivision plats shall be completed by the agent or commission and, if necessary, state agencies, within a total of 90 days of submission to the local agent or commission.

D. If the commission or other agent fails to approve or disapprove the preliminary subdivision plat within 90 days after it has been officially submitted for approval, the subdivider after 10 days' written notice to the commission, or agent, may petition the circuit court for the locality in which the land involved, or the major part thereof, is located to enter an order with respect thereto as it deems proper, which may include directing approval of the plat.

E. If a commission or other agent disapproves a preliminary subdivision plat and the subdivider contends that the disapproval was not properly based on the ordinance applicable thereto, or was arbitrary or capricious, he may appeal to the circuit court having jurisdiction of such land and the court shall hear and determine the case as soon as may be, provided that his appeal is filed with the circuit court within 60 days of the written disapproval by the commission or other agent.

F. Once a preliminary subdivision plat is approved, it shall be valid for a period of five years, provided the subdivider (i) submits a final subdivision plat for all or a portion of the property within one year of such approval or such longer period as may be prescribed by local ordinance, and (ii) thereafter diligently pursues approval of the final subdivision plat. "Diligent pursuit of approval" means that the subdivider has incurred extensive obligations or substantial expenses relating to the submitted final subdivision plat or modifications thereto. However, no sooner than three years following such preliminary subdivision plat approval, and upon 90 days' written notice by certified mail to the subdivider, the commission or other agent may revoke such approval upon a specific finding of facts that the subdivider has not diligently pursued approval of the final subdivision plat.

G. Once an approved final subdivision plat for all or a portion of the property is recorded pursuant to § 15.2-2261, the underlying preliminary plat shall remain valid for a period of five years from the date of the latest recorded plat of subdivision for the property. The five year period of validity shall extend from the date of the last recorded plat.

Where a defendant retail establishment offers proof that it has trained its employees concerning the requirements of this section, the court shall suspend all of the penalties imposed hereunder. However, where the court finds that a retail establishment has failed to so train its employees, the court may impose a civil penalty not to exceed \$1,000 in lieu of any penalties imposed hereunder for a violation of subsection A or C involving a *nicotine vapor product, alternative nicotine product, or tobacco product other than a bidi.*

A violation of subsection B ~~shall be~~ *is* punishable by a civil penalty not to exceed \$100 for a first violation and a civil penalty not to exceed \$250 for a second or subsequent violation. A court may, as an alternative to the civil penalty, and upon motion of the defendant, prescribe the performance of up to 20 hours of community service for a first violation of subsection B and up to 40 hours of community service for a second or subsequent violation. If the defendant fails or refuses to complete the community service as prescribed, the court may impose the civil penalty. Upon a violation of subsection B, the judge may enter an order pursuant to subdivision A 9 of § 16.1-278.8.

Any attorney for the Commonwealth of the county or city in which an alleged violation occurred may bring an action to recover the civil penalty, which shall be paid into the state treasury. Any law-enforcement officer may issue a summons for a violation of subsection A, B, or C.

[H 280]

Approved March 31, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 59.1-200 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 9.1-149.1 as follows:

§ 9.1-149.1. Unlawful advertisement for regulated services; notice; penalty.

A. B. Whenever the Board receives information that an advertisement has been placed in violation of this section, the Board shall provide notice to the entity publishing the advertisement to the public.

C. Any person who is convicted of a violation of subsection A is guilty of a Class 1 misdemeanor.

§ 59.1-200. Prohibited practices.

A. The following fraudulent acts or practices committed by a supplier in connection with a consumer transaction are hereby declared unlawful:

1. Misrepresenting goods or services as those of another;
2. Misrepresenting the source, sponsorship, approval, or certification of goods or services;
3. Misrepresenting the affiliation, connection, or association of the supplier, or of the goods or services, with another;
4. Misrepresenting geographic origin in connection with goods or services;

8. Advertising goods or services with intent not to sell them as advertised, or with intent not to sell at the price or upon the terms advertised.

In any action brought under this subdivision, the refusal by any person, or any employee, agent, or servant thereof, to sell any goods or services advertised or offered for sale at the price or upon the terms advertised or offered, shall be prima facie evidence of a violation of this subdivision. This paragraph shall not apply when it is clearly and conspicuously stated in the advertisement or offer by which such goods or services are advertised or offered for sale, that the supplier or offeror has a limited quantity or amount of such goods or services for sale, and the supplier or offeror at the time of such advertisement or offer did in fact have or reasonably expected to have at least such quantity or amount for sale;

13. Using in any contract or lease any liquidated damage clause, penalty clause, or waiver of defense, or attempting to collect any liquidated damages or penalties under any clause, waiver, damages, or penalties that are void or unenforceable under any otherwise applicable laws of the Commonwealth, or under federal statutes or regulations;

14. Using any other deception, fraud, false pretense, false promise, or misrepresentation in connection with a consumer transaction;

15. Violating any provision of § 3.2-6512, 3.2-6513, or 3.2-6516, relating to the sale of certain animals by pet dealers which is described in such sections, is a violation of this chapter;

a. The return of goods for refund, exchange, or credit. Such disclosure shall be by means of a sign attached to the goods, or placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the person obtaining the goods from the supplier. If the supplier does not permit a refund, exchange, or credit for return, he shall so state on a similar sign. The provisions of this subdivision shall not apply to any retail merchant who has a policy of providing, for a period of not less than 20 days after date of purchase, a cash refund or credit to the purchaser's credit card account for the return of defective, unused, or undamaged merchandise upon presentation of proof of purchase. In the case of merchandise paid for by check, the purchase shall be treated as a cash purchase and any refund may be delayed for a period of 10 banking days to allow for the check to clear. This subdivision does not apply to sale merchandise that is obviously distressed, out of date, post season, or otherwise reduced for clearance; nor does this subdivision apply to special order purchases where the purchaser has requested the supplier to order merchandise of a specific or unusual size, color, or brand not ordinarily carried in the store or the store's catalog; nor shall this subdivision apply in connection with a transaction for the sale or lease of motor vehicles, farm tractors, or motorcycles as defined in § 46.2-100;

Disclosure shall include the conditions, charges, or fees in the event that a consumer breaches the agreement;

16a. Failing to provide written notice to a consumer of an existing open-end credit balance in excess of \$5 (i) on an account maintained by the supplier and (ii) resulting from such consumer's overpayment on such account. Suppliers shall

give consumers written notice of such credit balances within 60 days of receiving overpayments. If the credit balance information is incorporated into statements of account furnished consumers by suppliers within such 60-day period, no separate or additional notice is required;

17. If a supplier enters into a written agreement with a consumer to resolve a dispute that arises in connection with a consumer transaction, failing to adhere to the terms and conditions of such an agreement;

B. To be protected by the provisions of this chapter, a citizen of the Commonwealth who discloses information about suspected wrongdoing or abuse shall do so in good faith and upon a reasonable belief that the information is accurate. D. Except for the provisions of subsection E of § 2.2-3011, nothing in this chapter shall be construed to limit the remedies provided by the Virginia Fraud Against Taxpayers Act (§ 8.01-216.1 et seq.).

§ 2.2-3011. Discrimination and retaliatory actions against whistle blowers prohibited; good faith required.

Disclosures that are reckless or the employee knew or should have known were false, confidential by law, or malicious shall not be deemed good faith reports and shall not be protected.

D. Nothing in this chapter shall prohibit an employer from disciplining or discharging a whistle blower for his misconduct or any violation of criminal law.

E. No court shall have jurisdiction over an action brought under § 8.01-216.5 based on information discovered by a present or former employee of the Commonwealth during the course of his employment unless that employee first, in good faith, has exhausted existing internal procedures for reporting and seeking recovery of the falsely claimed sums through official channels and unless the Commonwealth failed to act on the information provided within a reasonable period of time.

§ 2.2-3012. Application of state grievance procedure; other remedies.

A. Any whistle blower covered by the state grievance procedure (§ 2.2-3000 et seq.) may initiate a grievance alleging retaliation and requesting relief through that procedure.

C. Nothing Except for the provisions of subsection E of § 2.2-3011, nothing in this chapter shall be construed to limit the remedies provided by the Virginia Fraud Against Taxpayers Act, Article 19-1 (§ 8.01-216.1 et seq.) of Chapter 3 of Title 8.01.

§ 2.2-3014. Fraud and Abuse Whistle Blower Reward Fund.

A. From such funds as may be authorized by the General Assembly, there is hereby created in the state treasury a special nonreverting fund to be known as the Fraud and Abuse Whistle Blower Reward Fund, hereafter referred to as "the Fund." The Fund shall be established on the books of the Comptroller and shall be administered by the State Inspector General. All moneys recovered by the State Inspector General as the result of whistle blower activity and alerts originating with the Office of the State Inspector General shall be deposited in the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Except as provided in subsection B, any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely to (i) provide monetary rewards to persons who have disclosed information of wrongdoing or abuse under the ~~Fraud and Abuse Whistle Blower Protection Act (§ 2.2-3009 et seq.)~~ *this chapter* and the disclosure results in a recovery of at least \$5,000 or (ii) support the administration of the Fund, defray Fund advertising costs, or subsidize the operation of the Fraud, Waste and Abuse Hotline (previously known as the State Employee Fraud, Waste and Abuse Hotline).

B. By the end of each calendar quarter and upon authorization of the State Inspector General, 85 percent of all sums recovered shall be remitted to the institutions or agencies on whose behalf the recovery was secured by the State Inspector General unless otherwise directed by a court of law. Each such institution or agency on whose behalf the recovery was secured by the State Inspector General shall receive an amount equal to 85 percent of the actual amount recovered by the State Inspector General on its behalf.

C. The amount of the reward shall be up to 10 percent of the actual sums recovered by the Commonwealth as a result of the disclosure of the wrongdoing or abuse. Regardless of the sums recovered, at no time shall the amount of any reward, even if less than 10 percent, exceed the balance of the Fund. Reward disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the State Inspector General. In the event that multiple whistle blowers contemporaneously report the same qualifying incident or occurrence of wrongdoing or abuse, the State Inspector General in his sole discretion may split the reward of up to 10 percent among the multiple whistle blowers. The decision of the State Inspector General regarding the allocation of the rewards shall be final and binding on all parties and shall not be appealable.

D. Five percent of all sums recovered shall be retained in the Fund to support the administration of the Fund, defray advertising costs, and subsidize the operation of the Fraud, Waste and Abuse Hotline. Expenditures for administrative costs for management of the Fund shall be managed as approved by the State Inspector General.

E. The Office of the State Inspector General shall promulgate regulations for the proper administration of the Fund including eligibility requirements and procedures for filing a claim. The Office of the State Inspector General shall submit an annual report to the General Assembly summarizing the activities of the Fund.

§ 8.01-216.8. Certain actions barred; relief from employment discrimination; waiver of sovereign immunity.

~~No court shall have jurisdiction over an action brought under § 8.01-216.5 based on information discovered by a present or former employee of the Commonwealth during the course of his employment unless that employee first, in good faith, exhausted existing internal procedures for reporting and seeking recovery of the falsely claimed sums through official channels and unless the Commonwealth failed to act on the information provided within a reasonable period of time.~~

No court shall have jurisdiction over any action brought under this article by an inmate incarcerated within a state or local correctional facility as defined in § 53.1-1.

No court shall have jurisdiction over an action brought under this article against any department, authority, board, bureau, commission, or agency of the Commonwealth, any political subdivision of the Commonwealth, a member of the General Assembly, a member of the judiciary, or an exempt official if the action is based on evidence or information known to the Commonwealth when the action was brought. For purposes of this section, "exempt official" means the Governor, Lieutenant Governor, Attorney General and the directors or members of any department, authority, board, bureau, commission or agency of the Commonwealth or any political subdivision of the Commonwealth.

In no event may a person bring an action under this article that is based upon allegations or transactions that are the subject of a civil suit or an administrative proceeding in which the Commonwealth is already a party.

The court shall dismiss an action or claim under § 8.01-216.5 unless opposed by the Commonwealth if substantially the same allegations or transactions as alleged in the action or claim were publicly disclosed in a criminal, civil or administrative hearing in which the Commonwealth or its agent is a party, in a Virginia legislative, administrative, or Auditor of Public Accounts' report, hearing, audit, or investigation, or from the news media, unless the action is brought by the Attorney General or the person bringing the action is an original source of the information. For purposes of this section, "original source" means an individual (i) who either prior to a public disclosure has voluntarily disclosed to the Commonwealth the information on which the allegations or transactions in a claim are based or (ii) who has knowledge that is independent of and materially adds to the publicly disclosed allegations or transactions and who has voluntarily provided the information to the Commonwealth before filing an action under this article.

Except as otherwise provided in this section, the Commonwealth shall not be liable for expenses a person incurs in bringing an action under this article.

Any employee, contractor, or agent shall be entitled to all relief necessary to make that employee, contractor, or agent whole, if that employee, contractor, or agent is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment because of lawful acts done by the employee, contractor, agent, or associated others in furtherance of an action under this article or other efforts to stop one or more violations of this article. Relief shall include reinstatement with the same seniority status that employee, contractor, or agent would have had but for the discrimination, two times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorney fees. Any relief awarded to an employee under this section shall be reduced by any amount awarded to the employee through a state or local grievance process. An action under this section may be brought in a court of competent jurisdiction for the relief provided in this section, but may not be brought more than three years after the date the discrimination occurred. This paragraph shall constitute a waiver of sovereign immunity and creates a cause of action by an employee against the Commonwealth if the Commonwealth is the employer responsible for the adverse employment action that would entitle the employee to the relief set forth in this paragraph.

The representation of the two parties shall be equal at each precinct having an equal number of officers and shall vary by no more than one at each precinct having an odd number of officers. If practicable, officers shall be appointed from lists of nominations filed by the political parties entitled to appointments. The party shall file its nominations with the secretary of the electoral board at least 10 days before February 1 each year. The electoral board may appoint additional citizens who do not represent any political party to serve as officers but not as the chief officer or the assistant chief officer. If practicable, no more than one-third of the total number of officers appointed for each precinct may be citizens who do not represent any political party.

Officers of election shall serve for all elections held in their respective precincts during their terms of office unless *a substitute is required to be appointed pursuant to § 24.2-117* or the electoral board decides that fewer officers are needed for a particular election, in which case party representation shall be maintained as provided above. The electoral board shall instruct each chief officer and assistant in his duties not less than three nor more than 30 days before each election. Each electoral board may instruct each officer of election in his duties at an appropriate time or times before each November general election, and shall conduct training of the officers of election consistent with the standards set by the State Board pursuant to subsection B of § 24.2-103. Each electoral board shall certify to the State Board that such training has been conducted every four years.

If Notwithstanding the provisions of § 24.2-117, if an officer of election is unable to serve at any election during his term of office, the electoral board may at any time appoint a substitute who shall hold office and serve for the unexpired term.

Additional officers shall be appointed in accordance with this section at any time that the electoral board determines that they are needed.

If practicable, substitute officers or additional officers appointed after the electoral board's regular meeting in the first week of February shall be appointed from lists of nominations filed by the political parties entitled to appointments. The electoral board shall inform the political parties of its decision to make such appointments and the party shall file its nominations with the secretary of the electoral board within five business days.

The secretary of the electoral board shall prepare a list of the officers of election that shall be available for inspection and posted in the general registrar's office prior to March 1 each year. B. CHAPTER 412

An Act to amend and reenact § 63.2-1511 of the Code of Virginia, relating to investigation of alleged child abuse and neglect; agreements with school divisions.

[H 683]

Approved March 31, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 63.2-1511 of the Code of Virginia is amended and reenacted as follows:

§ 63.2-1511. Complaints of abuse and neglect against school personnel; interagency agreement.

A. If a teacher, principal or other person employed by a local school board or employed in a school operated by the Commonwealth is suspected of abusing or neglecting a child in the course of his educational employment, the complaint shall be investigated in accordance with §§ 63.2-1503, 63.2-1505 and 63.2-1516.1. Pursuant to § 22.1-279.1, no teacher, principal or other person employed by a school board or employed in a school operated by the Commonwealth shall subject a student to corporal punishment. However, this prohibition of corporal punishment shall not be deemed to prevent (i) the use of incidental, minor or reasonable physical contact or other actions designed to maintain order and control; (ii) the use of reasonable and necessary force to quell a disturbance or remove a student from the scene of a disturbance that threatens physical injury to persons or damage to property; (iii) the use of reasonable and necessary force to prevent a student from inflicting physical harm on himself; (iv) the use of reasonable and necessary force for self-defense or the defense of others; or (v) the use of reasonable and necessary force to obtain possession of weapons or other dangerous objects or controlled substances or paraphernalia that are upon the person of the student or within his control. In determining whether the actions of a teacher, principal or other person employed by a school board or employed in a school operated by the Commonwealth are within the exceptions provided in this section, the local department shall examine whether the actions at the time of the event that were made by such person were reasonable.

B. For purposes of this section, "corporal punishment," "abuse," or "neglect" shall not include physical pain, injury or discomfort caused by the use of incidental, minor or reasonable physical contact or other actions designed to maintain order and control as permitted in clause (i) of subsection A or the use of reasonable and necessary force as permitted by clauses (ii), (iii), (iv), and (v) of subsection A, or by participation in practice or competition in an interscholastic sport, or participation in physical education or an extracurricular activity.

C. If, after an investigation of a complaint under this section, the local department determines that the actions or omissions of a teacher, principal, or other person employed by a local school board or employed in a school operated by the

Commonwealth were within such employee's scope of employment and were taken in good faith in the course of supervision, care, or discipline of students, then the standard in determining if a report of abuse or neglect is founded is whether such acts or omissions constituted gross negligence or willful misconduct.

D. Each local department and local school division shall adopt a written interagency agreement as a protocol for investigating child abuse and neglect reports ~~against school personnel~~. The interagency agreement shall be based on recommended procedures for conducting investigations developed by the Departments of Education and Social Services.

2. That local school divisions shall report annually to the Board of Education, and local departments of social services shall report annually to the Board of Social Services, regarding the status of interagency agreements for the investigation of complaints of child abuse and neglect against school personnel and reports of sexual abuse of children that require coordination between local departments and local school divisions to facilitate investigation of such complaints and reports. Once such interagency agreement is adopted, the local school division and the local department of social services that are the parties to the interagency agreement shall no longer be required to report annually on the status of the interagency agreement. Thereafter, such parties shall only be required to report to the Board of Education and the Board of Social Services when such interagency agreements are substantially modified.

A neighborhood organization shall not assign or transfer an allocation of tax credits to another neighborhood organization without the approval of the Commissioner of the State Department of Social Services or the Superintendent of Public Instruction, as applicable.

Notwithstanding any other provision of law, (i) no more than an aggregate of \$0.825 million in tax credits shall be approved in a fiscal year to a neighborhood organization or to a grouping of neighborhood organization affiliates for all education proposals, and (ii) no more than an aggregate of \$0.5 million in tax credits shall be approved in a fiscal year to a neighborhood organization or to a grouping of neighborhood organization affiliates for all other proposals combined. However, if the State Department of Social Services or the Department of Education after the initial allocation of tax credits to approved proposals has a balance of tax credits remaining for the fiscal year that can be used or allocated by a neighborhood organization for a proposal that had been approved for tax credits during the initial allocation by the State Department of Social Services or the Department of Education, then (a) the Commissioner of the State Department of Social Services or the Superintendent of Public Instruction, as applicable, shall reallocate the remaining balance of tax credits to such previously approved proposals to the extent that a neighborhood organization can use or allocate additional tax credits for the previously approved proposal and (b) the \$0.825 and \$0.5 million annual limitations for tax credits approved to a grouping of neighborhood organization affiliates shall be inapplicable to the extent of any balance of tax credits reallocated under clause (a). The balance of tax credits remaining for reallocation shall include the amount of any tax credits that have been granted for a proposal approved during the initial allocation but for which the Commissioner of the State Department of Social Services or the Superintendent of Public Instruction has been provided notice by the neighborhood organization that it will not be able to use or allocate such amount for the approved proposal.

D. The total amount of tax credits granted for programs approved under this article for each fiscal year shall not exceed \$15 million allocated as follows: \$8 million for education proposals for approval by the Superintendent of Public Instruction and \$7 million for all other proposals for approval by the Commissioner of the State Department of Social Services.

The Superintendent and the Commissioner of the State Department of Social Services shall work cooperatively for purposes of ensuring that neighborhood organization proposals are submitted to the proper state agency. The Superintendent and the Commissioner of the State Department of Social Services may request the assistance of the Department of Taxation for purposes of determining whether or not anticipated donations for which tax credits are requested by a neighborhood organization likely qualify as a charitable donation under federal tax laws and regulations.

E. Actions of (i) the State Department of Social Services, or the Commissioner of the same, or (ii) the Superintendent or the Department of Education relating to the review of neighborhood organization proposals and the allocation of tax credits to proposals shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.). Decisions of (a) the State Department of Social Services, or the Commissioner of the same, or (b) the Superintendent or the Department of Education shall be final and not subject to review or appeal.

F. Notwithstanding the provisions of § 30-19.1:11, the issuance of tax credits under this article shall expire on July 1, 2028.

B. An in-network provider that provides health care services to a covered patient shall submit its claim to the health insurer for the health care services in accordance with the terms of the applicable provider agreement, provided that the covered patient provides the in-network provider with information required by the terms of the covered patient's health care policy's plan documents, including the information that is required to verify the individual's coverage under the health care policy, within not fewer than 21 business days before the deadline for the in-network provider to submit its claim to the health insurer as required by the terms of the provider agreement. If the in-network provider submits its claim to the health insurer in accordance with the requirements of this subsection, the covered patient or the health insurer shall be obligated to pay for the health care services in accordance with the terms of the provider agreement or health care policy's plan documents. § 38.2-2201. Provisions for payment of medical expense and loss of income benefits; assignment of certain benefits.

A. Upon request of an insured, each insurer licensed in this Commonwealth issuing or delivering any policy or contract of bodily injury or property damage liability insurance covering liability arising from the ownership, maintenance or use of any motor vehicle shall provide on payment of the premium, as a minimum coverage (i) to persons occupying the insured motor vehicle; and (ii) to the named insured and, while resident of the named insured's household, the spouse and relatives of the named insured while in or upon, entering or alighting from or through being struck by a motor vehicle while not occupying a motor vehicle, the following health care and disability benefits for each accident:

1. All reasonable and necessary expenses for medical, chiropractic, hospital, dental, surgical, ambulance, prosthetic and rehabilitation services, and funeral expenses, resulting from the accident and incurred within three years after the date of the accident, up to \$2,000 per person; however, if the insured does not elect to purchase such limit the insurer and insured may agree to any other limit;

2. If the person is usually engaged in a remunerative occupation, an amount equal to the loss of income incurred after the date of the accident resulting from injuries received in the accident up to \$100 per week during the period from the first workday lost as a result of the accident up to the date the person is able to return to his usual occupation. However, the period shall not extend beyond one year from the date of the accident; and

3. An expense described in subdivision 1 shall be deemed to have been incurred:

c. If no medical bill is rendered or specific charge made by a health care provider to the insured, an insurer, or any other person, in the amount of the usual and customary fee charged in that community for the service rendered.

Either or both of the coverages, as well as any other medical expense or loss of income coverage under any policy of automobile liability insurance, shall be payable to the covered injured person or pursuant to an assignment of benefits in accordance with subsection D, notwithstanding the failure or refusal of the named insured or other person entitled to the coverage to give notice to the insurer of an accident as soon as practicable under the terms of the policy, except where the failure or refusal prejudices the insurer in establishing the validity of the claim.

C. In any policy of personal automobile insurance in which the insured has purchased coverage under subsection A, every insurer providing such coverage arising from the ownership, maintenance or use of no more than four motor vehicles shall be liable to pay up to the maximum policy limit available on every motor vehicle insured under that coverage if the health care or disability expenses and costs mentioned in subsection A exceed the limits of coverage for any one motor vehicle so insured.

D. Any attempt to assign medical expense benefits shall be subject to the following:

1. An assignment of medical expense benefits shall be valid only if:

c. The AOB form includes a conspicuous statement that the assignor is not required to execute the AOB form;

d. If the AOB form includes a notice that complies with the provisions of subdivision g, the AOB form is signed, initialed, or otherwise marked by the assignor, at or near the notice provision, to acknowledge that the assignor has read, or had the opportunity to read, the notice;

e. If the AOB form does not include a notice that complies with the provisions of subdivision g, (i) the assignor is given a separate document, in any printed or electronic format, that is delivered to the assignor at the same time as the AOB form and that contains a notice that complies with the provisions of subdivision g; (ii) the AOB form includes a conspicuous statement that a notice regarding the assignment of medical expense benefits is provided in a separate document; and (iii) the AOB form is signed, initialed, or otherwise marked by the assignor at or near the statement described in clause (ii) to acknowledge that the assignor has read, or had the opportunity to read, the separate document containing the notice;

f. The statements required by subdivision D 1 to be included in the AOB form or a separate document, including the notice prescribed by subdivision g, are in not less than eight-point type; and

g. The assignor is provided, either in the AOB form or in a separate document, a notice that summarizes the effect of the assignment of medical expense benefits, which notice states the following:

"Notice: automobile accident patients

If you have been in an automobile accident, you may be entitled to payment from your automobile insurance if you have medical expense benefits coverage. By signing this assignment of benefits form you are giving to your health care provider the right to receive some or all of that payment directly from your automobile insurance company.

If you have health insurance and your healthcare provider is in-network: as long as you provide information necessary to verify your health insurance coverage the healthcare provider may only bill the amount you owe for any copayment, coinsurance, or deductibles to your automobile insurance and you may be entitled to any remainder of your automobile insurance benefit.

If you do not provide information necessary to verify your health insurance coverage, do not have health insurance, or your healthcare provider is not in your health insurer's provider network: your health care provider may bill their full charges to your automobile insurance.

You may want to consult your insurance agent or attorney before signing or initialing this form. You are not required to sign/initial this form to receive care.";

2. Upon receipt of a copy of an AOB form that satisfies the requirements of subdivision D 1 and (i) an explanation of benefits or remittance advice or (ii) a bill, claim form, or documentation from the assignee advising that it has been represented to the assignee that the covered injured person does not have health insurance or is covered by a self-insured or self-funded employee welfare benefit plan subject to the Employee Retirement Income Security Act of 1974 which requires medical expense coverage to be primary, a motor vehicle insurer shall pay directly to the health care provider, from any medical expense benefits available to such person under a motor vehicle insurance policy:

a. If the covered injured person is covered under a health care policy, the health care provider is an in-network provider, and the health care provider has submitted its claim to the health insurer for the health care services, the amount of any copayments, coinsurance, or deductibles owed by the injured covered person to the health care provider, as evidenced by an explanation of benefits, remittance advice, or similar documentation provided to the motor vehicle insurer; or

b. If (i) the covered injured person is not covered under a health care policy, (ii) the covered injured person is covered by a self-insured or self-funded employee welfare benefit plan subject to the Employee Retirement Income Security Act of 1974 which requires medical expense coverage to be primary, or (iii) the health care provider is not an in-network provider, amounts to cover the cost of the health care services provided, in the amount of the usual and customary fee charged in that community for the health care services rendered;

3. A motor vehicle insurer shall in all respects be held harmless for making payments pursuant to subdivision D 2 to a health care provider in accordance with an assignment of benefits that satisfies the requirements of subdivision D 1;

4. A covered injured person shall not be required to assign to any person any medical expense benefits he may have under this section, including any assignment of the proceeds of such coverages;

5. An assignment of medical expense benefits shall be void and unenforceable as against public policy if the assignment does not comply with the requirements of subdivision D 1;

6. Medical expense benefits may not be reduced because of any benefits paid, payable, or provided by any insurance contract providing hospital, medical, surgical, and similar or related benefits, or any subscription contract or health services plan delivered or issued for delivery or providing for the payment of benefits to or on behalf of persons residing in or employed in the Commonwealth, except as authorized by this section; and

7. Nothing in this section shall prohibit the payment of medical expense benefits due to the covered injured person directly to any state or federal assistance program that has provided medical benefits to such injured person when the injury arose out of the ownership, maintenance, or use of any motor vehicle.

point-of-service benefit to be provided or offered in conjunction with the health maintenance organization's health care plan as an additional benefit for the enrollee, at the enrollee's option, individually to accept or reject. In connection with its group enrollment application, every health maintenance organization shall, at no additional cost to the group contract holder, make available or arrange with a carrier to make available to the prospective group contract holder and to all prospective enrollees, in advance of initial enrollment and in advance of each reenrollment, a notice in form and substance acceptable to the Commission which accurately and completely explains to the group contract holder and prospective enrollee the point-of-service benefit and permits each enrollee to make his or her election. The form of notice provided in connection with any reenrollment may be the same as the approved form of notice used in connection with initial enrollment and may be made available to the group contract holder and prospective enrollee by the carrier in any reasonable manner.

C. To the extent permitted under applicable law, a health maintenance organization providing or arranging, or contracting with another carrier to provide, the point-of-service benefit under this section and a carrier providing the point-of-service benefit required under this section under arrangement or contract with a health maintenance organization:

D. The premium imposed by a carrier with respect to enrollees who select the point-of-service benefit may be different from that imposed by the health maintenance organization with respect to enrollees who do not select the point-of-service benefit. Unless a group contract holder determines otherwise, any enrollee who accepts the point-of-service benefit shall be responsible for the payment of any premium over the amount of the premium applicable to an enrollee who selects the coverage offered by the health maintenance organization without the point-of-service benefit and for any identifiable group specific administrative cost incurred directly by the carrier or any administrative cost incurred by the group contract holder in offering the point-of-service benefit to the enrollee. If a carrier offers the point-of-service benefit to a group contract holder where no enrollees of the group contract holder elect to accept the point-of-service benefit and incurs an identifiable group specific administrative cost directly as a consequence of the offering to that group contract holder, the carrier may reflect that group specific administrative cost in the premium charged to other enrollees selecting the point-of-service benefit under this section. Unless the group contract holder otherwise directs or authorizes the carrier in writing, the carrier shall make reasonable efforts to ensure that no portion of the cost of offering or arranging the point-of-service benefit shall be reflected in the premium charged by the carrier to the group contract holder for a group health benefit plan without the point-of-service benefit. Any premium differential and any group specific administrative cost imposed by a carrier relating to the cost of offering or arranging the point-of-service benefit must be actuarially sound and supported by a sworn certification of an officer of each carrier offering or arranging the point-of-service benefit filed with the Commission certifying that the premiums are based on sound actuarial principles and otherwise comply with this section. The certifications shall be in a form, and shall be accompanied by such supporting information in a form acceptable to the Commission.

E. Any carrier may impose different co-insurance, co-payments, deductibles and other cost-sharing arrangements for the point-of-service benefit required under this section based on whether or not the item or service is provided through the provider panel of the health maintenance organization; provided that, except to the extent otherwise prohibited by applicable law, any such cost-sharing arrangement:

1. Shall not impose on the enrollee (or his or her eligible dependents, as appropriate) any co-insurance percentage obligation which is payable by the enrollee which exceeds the greater of: (i) thirty percent of the carrier's allowable charge for the items or services provided by the provider under the point-of-service benefit or (ii) the co-insurance amount which would have been required had the covered items or services been received through the provider panel;

2. Shall not impose on an enrollee (or his or her eligible dependents, as appropriate) a co-payment or deductible which exceeds the greatest co-payment or deductible, respectively, imposed by the carrier or its affiliate under one or more other group health benefit plans providing a point-of-service benefit which are currently offered and actively marketed by the carrier or its affiliate in the Commonwealth and are subject to regulation under this title; and

3. Shall not result in annual aggregate cost-sharing payments to the enrollee (or his or her eligible dependents, as appropriate) which exceed the greatest annual aggregate cost-sharing payments which would apply had the covered items or services been received under another group health benefit plan providing a point-of-service benefit which is currently offered and actively marketed by the carrier or its affiliate in the Commonwealth and which is subject to regulation under this title.

F. Except to the extent otherwise required under applicable law, any carrier providing the point-of-service benefit required under this section may not utilize an allowable charge or basis for determining the amount to be reimbursed or paid to any provider from which covered items or services are received under the point-of-service benefit which is not at least as favorable to the provider as that used:

1. By the carrier or its affiliate in calculating the reimbursement or payment to be made to similarly situated providers under another group health benefit plan providing a point-of-service benefit which is subject to regulation under this title and which is currently offered or arranged by the carrier or its affiliate and actively marketed in the Commonwealth, if the carrier or its affiliate offers or arranges another such group health benefit plan providing a point-of-service benefit in the Commonwealth; or

2. By the health maintenance organization in calculating the reimbursement or payment to be made to similarly situated providers on its provider panel.

G. Except as expressly permitted in this section or required under applicable law, no carrier shall impose on any person receiving or providing health care items or services under the point-of-service benefit any condition or penalty designed to discourage the enrollee's selection or use of the point-of-service benefit, which is not otherwise similarly imposed either: (i) on enrollees in another group health benefit plan, if any, currently offered or arranged and actively marketed by the carrier or its affiliate in the Commonwealth or (ii) on enrollees who receive the covered items or services from the health maintenance organization's provider panel. Nothing in this section shall preclude a carrier offering or arranging a point-of-service benefit from imposing on enrollees selecting the point-of-service benefit reasonable utilization review, preadmission certification or precertification requirements or other utilization or cost control measures which are similarly imposed on enrollees participating in one or more other group health benefit plans which are subject to regulation under this title and are currently offered and actively marketed by the carrier or its affiliates in the Commonwealth or which are otherwise required under applicable law.

H. Except as expressly otherwise permitted in this section or as otherwise required under applicable law, the scope of the health care items and services which are covered under the point-of-service benefit required under this section shall at least include the same health care items and services which would be covered if provided under the health maintenance organization's health care plan, including without limitation any items or services covered under a rider or endorsement to the applicable health care plan. Carriers shall be required to disclose prominently in all group health benefit plans and in all marketing materials utilized with respect to such group health benefit plans that the scope of the benefits provided under the point-of-service option are at least as great as those provided through the HMO's health care plan for that group. Filings of point-of-service benefits submitted to the Commission shall be accompanied by a certification signed by an officer of the filing carrier certifying that the scope of the point-of-service benefits includes at a minimum the same health care items and services as are provided under the HMO's group health care plan for that group.

I. Nothing in this section shall prohibit a health maintenance organization from offering or arranging the point-of-service benefit (i) as a separate group health benefit plan or under a different name than the health maintenance organization's group health benefit plan which does not contain the point-of-service benefit or (ii) from managing a group health benefit plan under which the point-of-service benefit is offered in a manner which separates or otherwise differentiates it from the group health benefit plan which does not contain the point-of-service benefit.

J. Notwithstanding anything in this section to the contrary, to the extent permitted under applicable law, no health maintenance organization shall be required to offer or arrange a point-of-service benefit under this section with respect to any group health benefit plan offered to a group contract holder if the health maintenance organization determines in good faith that the group contract holder will be concurrently offering another group health benefit plan or a self-insured or self-funded health benefit plan which allows the enrollees to access care from their provider of choice whether or not the provider is a member of the health maintenance organization's panel.

K. This section shall apply only to group health benefit plans issued in the Commonwealth in the commercial group market by carriers regulated by this title and shall not apply to (i) health care plans, contracts or policies issued in the individual market; (ii) coverages issued pursuant to Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. (Medicare), Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq. (*Medicaid*) or Title ~~XX~~ XXI of the Social Security Act, 42 U.S.C. § ~~1397~~ 1397aa et seq. (*Medicaid*) (*CHIP*), 5 U.S.C. § 8901 et seq. (federal employees), 10 U.S.C. § 1071 et seq. (*CHAMPUS*) (*TRICARE*) or Chapter 28 (§ 2.2-2800 et seq.) of Title 2.2 (state employees); (iii) accident only, credit or disability insurance, or long-term care insurance, plans providing only limited health care services under § 38.2-4300 (unless offered by endorsement or rider to a group health benefit plan), *CHAMPUS* *TRICARE* supplement, Medicare supplement, or workers' compensation coverages; or (iv) an employee welfare benefit plan (as defined in section 3 (1) of the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1002 (1)), which is self-insured or self-funded.

L. This section shall apply to group health benefit plans issued or renewed by carriers in this Commonwealth on or after July 1, 1998.

M. Nothing in this section shall operate to limit any rights or obligations arising under § 38.2-3407, 38.2-3407.7, 38.2-3407.10, 38.2-3407.11, 38.2-4209, 38.2-4209.1, 38.2-4312, or 38.2-4312.1.

N. If any provision of this section or its application to any person or circumstance is held invalid for any reason in a court of competent jurisdiction, the invalidity shall not affect the other provisions or any other application of this section which shall be given effect without the invalid provision or application, and for this purpose the provisions of this section are declared severable.

§ 38.2-3407.15. Ethics and fairness in carrier business practices.

A. As used in this section:

"Carrier," "enrollee" and "provider" shall have the meanings set forth in § 38.2-3407.10; however, a "carrier" shall also include any person required to be licensed under this title which offers or operates a managed care health insurance plan subject to Chapter 58 (§ 38.2-5800 et seq.) of this title or which provides or arranges for the provision of health care services, health plans, networks or provider panels which are subject to regulation as the business of insurance under this title.

"Claim" means any bill, claim, or proof of loss made by or on behalf of an enrollee or a provider to a carrier (or its intermediary, administrator or representative) with which the provider has a provider contract for payment for health care services under any health plan; however, a "claim" shall not include a request for payment of a capitation or a withhold.

"Clean claim" means a claim (i) that has no material defect or impropriety (including any lack of any reasonably required substantiation documentation) which substantially prevents timely payment from being made on the claim or (ii) with respect to which a carrier has failed timely to notify the person submitting the claim of any such defect or impropriety in accordance with this section.

"Health care services" means items or services furnished to any individual for the purpose of preventing, alleviating, curing, or healing human illness, injury or physical disability.

"Health plan" means any individual or group health care plan, subscription contract, evidence of coverage, certificate, health services plan, medical or hospital services plan, accident and sickness insurance policy or certificate, managed care health insurance plan, or other similar certificate, policy, contract or arrangement, and any endorsement or rider thereto, to cover all or a portion of the cost of persons receiving covered health care services, which is subject to state regulation and which is required to be offered, arranged or issued in the Commonwealth by a carrier licensed under this title. Health plan does not mean (i) coverages issued pursuant to Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. (Medicare), Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq. (*Medicaid*) or Title ~~XX~~ XXI of the Social Security Act, 42 U.S.C. § ~~1397~~ 1397aa et seq. (~~Medicaid~~) (*CHIP*), 5 U.S.C. § 8901 et seq. (federal employees), or 10 U.S.C. § 1071 et seq. (~~CHAMPUS~~) (*TRICARE*); or (ii) accident only, credit or disability insurance, long-term care insurance, ~~CHAMPUS~~ *TRICARE* supplement, Medicare supplement, or workers' compensation coverages.

"Provider contract" means any contract between a provider and a carrier (or a carrier's network, provider panel, intermediary or representative) relating to the provision of health care services.

"Retroactive denial of a previously paid claim" or "retroactive denial of payment" means any attempt by a carrier retroactively to collect payments already made to a provider with respect to a claim by reducing other payments currently owed to the provider, by withholding or setting off against future payments, or in any other manner reducing or affecting the future claim payments to the provider.

B. Subject to subsection H, every provider contract entered into by a carrier shall contain specific provisions which shall require the carrier to adhere to and comply with the following minimum fair business standards in the processing and payment of claims for health care services:

1. A carrier shall pay any claim within 40 days of receipt of the claim except where the obligation of the carrier to pay a claim is not reasonably clear due to the existence of a reasonable basis supported by specific information available for review by the person submitting the claim that:

a. The claim is determined by the carrier not to be a clean claim due to a good faith determination or dispute regarding (i) the manner in which the claim form was completed or submitted, (ii) the eligibility of a person for coverage, (iii) the responsibility of another carrier for all or part of the claim, (iv) the amount of the claim or the amount currently due under the claim, (v) the benefits covered, or (vi) the manner in which services were accessed or provided; or

b. The claim was submitted fraudulently.

Each carrier shall maintain a written or electronic record of the date of receipt of a claim. The person submitting the claim shall be entitled to inspect such record on request and to rely on that record or on any other admissible evidence as proof of the fact of receipt of the claim, including without limitation electronic or facsimile confirmation of receipt of a claim.

2. A carrier shall, within 30 days after receipt of a claim, request electronically or in writing from the person submitting the claim the information and documentation that the carrier reasonably believes will be required to process and pay the claim or to determine if the claim is a clean claim. Upon receipt of the additional information requested under this subsection necessary to make the original claim a clean claim, a carrier shall make the payment of the claim in compliance with this section. No carrier may refuse to pay a claim for health care services rendered pursuant to a provider contract which are covered benefits if the carrier fails timely to notify or attempt to notify the person submitting the claim of the matters identified above unless such failure was caused in material part by the person submitting the claims; however, nothing herein shall preclude such a carrier from imposing a retroactive denial of payment of such a claim if permitted by the provider contract unless such retroactive denial of payment of the claim would violate subdivision 6 of this subsection. Nothing in this subsection shall require a carrier to pay a claim which is not a clean claim.

3. Any interest owing or accruing on a claim under § 38.2-3407.1 or 38.2-4306.1 of this title, under any provider contract or under any other applicable law, shall, if not sooner paid or required to be paid, be paid, without necessity of demand, at the time the claim is paid or within 60 days thereafter.

4. a. Every carrier shall establish and implement reasonable policies to permit any provider with which there is a provider contract (i) to confirm in advance during normal business hours by free telephone or electronic means if available whether the health care services to be provided are medically necessary and a covered benefit and (ii) to determine the

carrier's requirements applicable to the provider (or to the type of health care services which the provider has contracted to deliver under the provider contract) for (a) pre-certification or authorization of coverage decisions, (b) retroactive reconsideration of a certification or authorization of coverage decision or retroactive denial of a previously paid claim, (c) provider-specific payment and reimbursement methodology, coding levels and methodology, downcoding, and bundling of claims, and (d) other provider-specific, applicable claims processing and payment matters necessary to meet the terms and conditions of the provider contract, including determining whether a claim is a clean claim. If a carrier routinely, as a matter of policy, bundles or downcodes claims submitted by a provider, the carrier shall clearly disclose that practice in each provider contract. Further, such carrier shall either ~~(1)~~ (1) disclose in its provider contracts or on its website the specific bundling and downcoding policies that the carrier reasonably expects to be applied to the provider or provider's services on a routine basis as a matter of policy or ~~(2)~~ (2) disclose in each provider contract a telephone or facsimile number or e-mail address that a provider can use to request the specific bundling and downcoding policies that the carrier reasonably expects to be applied to that provider or provider's services on a routine basis as a matter of policy. If such request is made by or on behalf of a provider, a carrier shall provide the requesting provider with such policies within 10 business days following the date the request is received.

b. Every carrier shall make available to such providers within 10 business days of receipt of a request, copies of or reasonable electronic access to all such policies which are applicable to the particular provider or to particular health care services identified by the provider. In the event the provision of the entire policy would violate any applicable copyright law, the carrier may instead comply with this subsection by timely delivering to the provider a clear explanation of the policy as it applies to the provider and to any health care services identified by the provider.

5. Every carrier shall pay a claim if the carrier has previously authorized the health care service or has advised the provider or enrollee in advance of the provision of health care services that the health care services are medically necessary and a covered benefit, unless:

a. The documentation for the claim provided by the person submitting the claim clearly fails to support the claim as originally authorized; or

b. The carrier's refusal is because (i) another payor is responsible for the payment, (ii) the provider has already been paid for the health care services identified on the claim, (iii) the claim was submitted fraudulently or the authorization was based in whole or material part on erroneous information provided to the carrier by the provider, enrollee, or other person not related to the carrier, or (iv) the person receiving the health care services was not eligible to receive them on the date of service and the carrier did not know, and with the exercise of reasonable care could not have known, of the person's eligibility status.

6. No carrier may impose any retroactive denial of a previously paid claim unless the carrier has provided the reason for the retroactive denial and (i) the original claim was submitted fraudulently, (ii) the original claim payment was incorrect because the provider was already paid for the health care services identified on the claim or the health care services identified on the claim were not delivered by the provider, or (iii) the time which has elapsed since the date of the payment of the original challenged claim does not exceed the lesser of (a) 12 months or (b) the number of days within which the carrier requires under its provider contract that a claim be submitted by the provider following the date on which a health care service is provided. Effective July 1, 2000, a carrier shall notify a provider at least 30 days in advance of any retroactive denial of a claim.

7. Notwithstanding subdivision 6 of this subsection, with respect to provider contracts entered into, amended, extended, or renewed on or after July 1, 2004, no carrier shall impose any retroactive denial of payment or in any other way seek recovery or refund of a previously paid claim unless the carrier specifies in writing the specific claim or claims for which the retroactive denial is to be imposed or the recovery or refund is sought. The written communication shall also contain an explanation of why the claim is being retroactively adjusted.

8. No provider contract may fail to include or attach at the time it is presented to the provider for execution (i) the fee schedule, reimbursement policy or statement as to the manner in which claims will be calculated and paid which is applicable to the provider or to the range of health care services reasonably expected to be delivered by that type of provider on a routine basis and (ii) all material addenda, schedules and exhibits thereto and any policies (including those referred to in subdivision 4 of this subsection) applicable to the provider or to the range of health care services reasonably expected to be delivered by that type of provider under the provider contract.

9. No amendment to any provider contract or to any addenda, schedule, exhibit or policy thereto (or new addenda, schedule, exhibit, or policy) applicable to the provider (or to the range of health care services reasonably expected to be delivered by that type of provider) shall be effective as to the provider, unless the provider has been provided with the applicable portion of the proposed amendment (or of the proposed new addenda, schedule, exhibit, or policy) at least 60 calendar days before the effective date and the provider has failed to notify the carrier within 30 calendar days of receipt of the documentation of the provider's intention to terminate the provider contract at the earliest date thereafter permitted under the provider contract.

10. In the event that the carrier's provision of a policy required to be provided under subdivision 8 or 9 of this subsection would violate any applicable copyright law, the carrier may instead comply with this section by providing a clear, written explanation of the policy as it applies to the provider.

11. All carriers shall establish, in writing, their claims payment dispute mechanism and shall make this information available to providers.

C. Without limiting the foregoing, in the processing of any payment of claims for health care services rendered by providers under provider contracts and in performing under its provider contracts, every carrier subject to regulation by this title shall adhere to and comply with the minimum fair business standards required under subsection B, and the Commission shall have the jurisdiction to determine if a carrier has violated the standards set forth in subsection B by failing to include the requisite provisions in its provider contracts and shall have jurisdiction to determine if the carrier has failed to implement the minimum fair business standards set out in subdivisions B 1 and B 2 in the performance of its provider contracts.

D. No carrier shall be in violation of this section if its failure to comply with this section is caused in material part by the person submitting the claim or if the carrier's compliance is rendered impossible due to matters beyond the carrier's reasonable control (such as an act of God, insurrection, strike, fire, or power outages) which are not caused in material part by the carrier.

E. Any provider who suffers loss as the result of a carrier's violation of this section or a carrier's breach of any provider contract provision required by this section shall be entitled to initiate an action to recover actual damages. If the trier of fact finds that the violation or breach resulted from a carrier's gross negligence and willful conduct, it may increase damages to an amount not exceeding three times the actual damages sustained. Notwithstanding any other provision of law to the contrary, in addition to any damages awarded, such provider also may be awarded reasonable attorney's fees and court costs. Each claim for payment which is paid or processed in violation of this section or with respect to which a violation of this section exists shall constitute a separate violation. The Commission shall not be deemed to be a "trier of fact" for purposes of this subsection.

F. No carrier (or its network, provider panel or intermediary) shall terminate or fail to renew the employment or other contractual relationship with a provider, or any provider contract, or otherwise penalize any provider, for invoking any of the provider's rights under this section or under the provider contract.

G. This section shall apply only to carriers subject to regulation under this title.

H. This section shall apply with respect to provider contracts entered into, amended, extended or renewed on or after July 1, 1999.

I. Pursuant to the authority granted by § 38.2-223, the Commission may promulgate such rules and regulations as it may deem necessary to implement this section.

J. If any provision of this section, or the application thereof to any person or circumstance, is held invalid or unenforceable, such determination shall not affect the provisions or applications of this section which can be given effect without the invalid or unenforceable provision or application, and to that end the provisions of this section are severable.

K. The Commission shall have no jurisdiction to adjudicate individual controversies arising out of this section.

CHAPTER 418

An Act to amend and reenact § 58.1-1003.3 of the Code of Virginia, to amend the Code of Virginia by adding in Title 9.1 a chapter numbered 2.1, consisting of sections numbered 9.1-209 through 9.1-217, and to repeal Chapter 23.1 (§§ 59.1-293.1 through 59.1-293.9) of Title 59.1 of the Code of Virginia, relating to the sale of cigarettes with reduced ignition propensity; civil penalties.

[H 785]

Approved March 31, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-1003.3 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Title 9.1 a chapter numbered 2.1, consisting of sections numbered 9.1-209 through 9.1-217, as follows:

CHAPTER 2.1.

REDUCED CIGARETTE IGNITION PROPENSITY.

§ 9.1-209. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Cigarette" has the same meaning ascribed thereto in § 58.1-1031.

"Department" means the Department of Taxation.

"Director" means the Executive Director of the Department of Fire Programs.

"Importer" has the same meaning ascribed thereto in 26 U.S.C. § 5702(k).

"Manufacturer" means (i) a person who manufactures or otherwise produces, or causes to be manufactured or produced, cigarettes intended for sale in the Commonwealth, including cigarettes intended for sale in the United States through an importer; (ii) the first purchaser anywhere that intends to resell in the United States cigarettes that the original manufacturer or maker does not intend for sale in the United States; or (iii) the successor to a person listed in clause (i) or (ii).

"Package" has the same meaning ascribed thereto in 15 U.S.C. § 1332(4).

"Quality control and quality assurance program" means laboratory procedures implemented to ensure that operator bias, systematic and nonsystematic methodological errors, and equipment-related problems do not affect the results of the testing, and the testing repeatability remains within the required repeatability value for any test trial used to certify cigarettes under this chapter.

"Repeatability" means the range of values within which the repeat results of cigarette test trials from a single laboratory will fall 95 percent of the time.

"Retailer" means a person who (i) sells cigarettes to consumers through vending machines on fewer than 40 premises; (ii) otherwise sells cigarettes to consumers; or (iii) holds cigarettes for sale to consumers.

"Vending machine operator" means a person who (i) holds cigarettes for sale to consumers through vending machines on 40 or more premises or (ii) sells cigarettes to consumers through vending machines on 40 or more premises.

"Wholesaler" means a person who (i) holds cigarettes for sale to another person for resale or (ii) sells cigarettes to another person for resale.

§ 9.1-210. Testing and certification of cigarettes.

A. Except as provided in subsection N, no cigarettes may be sold or offered for sale in the Commonwealth or offered for sale or sold to persons located in the Commonwealth unless:

1. The cigarettes have been tested in accordance with the test method and meet the performance standard specified in this section;

2. The manufacturer has filed a written certification in accordance with § 9.1-211; and

3. The cigarettes have been marked in accordance with § 9.1-212.

B. The performance standard for cigarettes sold or offered for sale in the Commonwealth is stated in subdivision E 1.

C. Testing of cigarettes shall be conducted in accordance with the American Society of Testing and Materials (ASTM) Standard E2187-04 "Standard Test Method for Measuring the Ignition Strength of Cigarettes." The Director, in consultation with the State Fire Marshal, may adopt a subsequent ASTM Standard Test Method for Measuring the Ignition Strength of Cigarettes on a finding that the subsequent method does not result in a change in the percentage of full-length burns exhibited by any tested cigarette when compared to the percentage of full-length burns the same cigarette would exhibit when tested in accordance with ASTM standard E2187-04 and the performance standard of this section.

D. Testing of cigarettes shall be conducted on 10 layers of filter paper.

E. 1. No more than 25 percent of the cigarettes tested in a test trial shall exhibit full-length burns.

2. Forty replicate tests shall comprise a complete test trial for each cigarette tested.

F. The performance standard required by this section shall only be applied to a complete test trial.

G. Written certifications shall be based upon testing conducted by a laboratory that has been accredited pursuant to Standard ISO/IEC 17025 of the International Organization for Standardization or other comparable accreditation standard required by the Director.

H. Each laboratory that conducts tests in accordance with this section shall implement a quality control and quality assurance program that includes a procedure to determine the repeatability of the testing results. The repeatability value shall be no greater than 0.19.

I. Each cigarette listed in a certification that uses lowered permeability bands in the cigarette paper to achieve compliance with the performance standard of this section shall have at least two nominally identical bands on the paper surrounding the tobacco column. At least one complete band shall be located at least 15 millimeters from the lighting end of the cigarette. For a cigarette on which the bands are positioned by design, at least two bands shall be located at least 15 millimeters from the lighting end and 10 millimeters from the filter end of the tobacco column. For an unfiltered cigarette, the two complete bands shall be located at least 15 millimeters from the lighting end and 10 millimeters from the labeled end of the tobacco column.

J. If the Director determines that a cigarette cannot be tested in accordance with the test method required by this section, the manufacturer of the cigarette shall propose to the Director a test method and performance standard for that cigarette. The Director, in consultation with the State Fire Marshal, may approve a test method and performance standard that the Director determines is equivalent to the requirements of this section, and the manufacturer may use that test method and performance standard for certification in accordance with § 9.1-211. If the Director determines that another state has enacted reduced cigarette ignition propensity standards that include a test method and performance standard that are the same as those contained in this chapter, and the Director finds that the officials responsible for implementing those requirements have approved the proposed alternative test method and performance standard for a particular cigarette proposed by a manufacturer as meeting the reduced cigarette ignition propensity standards of that state's law or regulation under a legal provision comparable to this section, then the Director shall authorize that manufacturer to employ the alternative test method and performance standard to certify that cigarette for sale in the Commonwealth, unless the Director demonstrates a reasonable basis why the alternative test should not be accepted under this chapter. All other applicable requirements of this section shall apply to the manufacturer.

K. This section does not require additional testing for cigarettes that are tested in a manner consistent with the requirements of this section for any other purpose.

L. Each manufacturer shall maintain copies of the reports of all tests conducted on all cigarettes offered for sale for a period of three years, and shall make copies of these reports available to the Director, State Fire Marshal, and Attorney General on written request. Any manufacturer who fails to make copies of these reports available within 60 days of receiving a written request shall be subject to a civil penalty not to exceed \$10,000 for each day after the sixtieth day that the manufacturer does not make such copies available.

M. Testing performed or sponsored by the Director to determine a cigarette's compliance with the performance standard required by this section shall be conducted in accordance with this section.

N. The requirements of subsection A shall not prohibit the sale of cigarettes solely for the purpose of consumer testing. For purposes of this subdivision, the term "consumer testing" means an assessment of cigarettes that is conducted by a manufacturer, or under the control and direction of a manufacturer, for the purpose of evaluating consumer acceptance of such cigarettes, utilizing only the quantity of cigarettes that is reasonably necessary for such assessment.

§ 9.1-211. Certification of cigarette testing.

A. Each manufacturer shall submit to the Director written certification attesting that each cigarette has been tested in accordance with and has met the performance standard required under § 9.1-210.

B. The description of each cigarette listed in the certification shall include:

1. The brand;
2. The style;
3. The length in millimeters;
4. The circumference in millimeters;
5. The flavor, if applicable;
6. Whether filter or nonfilter;
7. A package description, such as soft pack or box;
8. The mark approved in accordance with § 9.1-212;
9. The name, address, and telephone number of the laboratory, if different than the manufacturer that conducted the test; and
10. The date that the testing occurred.

C. On request, the certification shall be made available to the Attorney General, the Director, and the State Fire Marshal.

D. Each cigarette certified under this section shall be recertified every three years.

E. If a manufacturer has certified a cigarette pursuant to this section, and thereafter makes any change to such cigarette that is likely to alter its compliance with the reduced cigarette ignition propensity standards mandated by this chapter, then before such cigarette may be sold or offered for sale in the Commonwealth such manufacturer shall retest such cigarette in accordance with the testing standards prescribed in § 9.1-210 and maintain records of such retesting as required by § 9.1-210. Any such altered cigarette that does not meet the performance standard set forth in § 9.1-210 shall not be sold in the Commonwealth.

F. For each brand style of cigarette listed in a certification, a manufacturer shall pay a fee in the amount of \$250; however, the Director in consultation with the State Fire Marshal is authorized to adjust the amount of the fee annually to ensure that the amount collected therefrom defrays the actual costs of the processing, testing, enforcement, and oversight activities required by this chapter. The fees assessed under the provisions of this chapter shall be paid into the state treasury and shall be deposited into a special fund designated "Cigarette Fire Safety Standard and Firefighter Protection Act Fund." Moneys deposited into the special fund and the unexpended balance thereof shall be appropriated to the Department of Fire Programs for use by the Director to conduct the processing, testing, enforcement, and oversight activities required by this chapter and performed by the State Fire Marshal pursuant to § 9.1-206 in carrying out the provisions of the Statewide Fire Prevention Code Act (§ 27-94 et seq.), and such expenditures from the special fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director.

§ 9.1-212. Marking of cigarettes.

A. Cigarettes that have been certified in accordance with § 9.1-211 shall be marked in accordance with the requirements of this section.

B. The marking shall:

1. Be in a font of at least eight-point type; and
2. Include one of the following:
 - a. Modification of the product UPC bar code to include a visible mark that is printed at or around the area of the UPC bar code and consists of one or more alphanumeric or symbolic characters permanently stamped, engraved, embossed, or printed in conjunction with the UPC bar code;
 - b. Any visible combination of alphanumeric or symbolic characters permanently stamped, engraved, embossed, or printed on the cigarette package or the cellophane wrap; or
 - c. Stamped, engraved, embossed, or printed text that indicates that the cigarettes meet the standards of this chapter.

C. The manufacturer shall request approval of a proposed marking from the Director.

D. The Director shall approve or disapprove the marking offered, except that the Director shall approve:

1. The letters "FSC," which signify Fire Standards Compliant, appearing in eight-point type or larger and permanently printed, stamped, engraved, or embossed on the package at or near the UPC code; and
2. Any marking in use and approved for sale in New York pursuant to the New York fire safety standards for cigarettes.

E. A marking is deemed approved if the Director fails to act within 10 days after receiving a request for approval.

F. A manufacturer may not use a modified marking unless the modification has been approved in accordance with this section.

G. A manufacturer shall use only one marking on all brands that the manufacturer markets.

H. A marking or modified marking approved by the Director shall be applied uniformly on all brands marketed and on all packages, including packs, cartons, and cases marketed by that manufacturer.

§ 9.1-213. Provision of copies of certifications and illustration of the packaging markings; inspections.

A. Each manufacturer shall:

1. Provide a copy of each certification to each wholesaler to which the manufacturer sells cigarettes; and
2. Provide sufficient copies of an illustration of the packaging marking approved and used by the manufacturer in accordance with § 9.1-212 for each retailer and vending machine operator who purchases cigarettes from the wholesaler.

B. The wholesaler shall provide a copy of the illustration to each retailer and vending machine operator to whom the wholesaler sells cigarettes.

C. Each retailer, vending machine operator, and wholesaler shall allow the Director or designee of the Director to inspect the markings on cigarette packaging at any time.

§ 9.1-214. Nonconforming cigarettes.

A. Any cigarettes that have been sold or offered for sale that do not comply with the performance standard required by § 9.1-210 shall be deemed contraband and subject to forfeiture and disposal by the Commonwealth; however, prior to the destruction of any cigarettes forfeited pursuant to this subsection, the true holder of the trademark rights in the cigarette brand shall be permitted to inspect such cigarettes.

B. The Department and the State Fire Marshal, in the regular course of conducting inspections of retailers and wholesalers, may inspect cigarettes to determine if the cigarettes are marked as required by § 9.1-212. If the cigarettes are not marked as required, the Department shall notify the Director.

C. Whenever law-enforcement personnel, the State Fire Marshal or local fire marshal appointed under § 27-30, or a duly authorized representative of the Director discovers any cigarettes that have not been marked in the manner required by § 9.1-212, such personnel are hereby authorized and empowered to seize and take possession of such cigarettes. Such cigarettes shall be turned over to the Department and shall be forfeited to the Commonwealth. Cigarettes seized pursuant to this section shall be destroyed; however, prior to the destruction of any cigarette seized pursuant to this subsection, the true holder of the trademark rights in the cigarette brand shall be permitted to inspect the cigarette.

§ 9.1-215. Powers of Director; regulation and implementation.

The Director:

1. In consultation with the State Fire Marshal, may adopt regulations necessary to carry out and administer this chapter;

2. In consultation with the State Fire Marshal, may adopt regulations for the conduct of random inspections of retailers, vending machine operators, and wholesalers to ensure compliance with this chapter; and

3. Shall ensure that the implementation and substance of this chapter is in accordance with the implementation and substance of the New York fire safety standards for cigarettes.

§ 9.1-216. Enforcement; civil penalties.

A. A manufacturer or other person who knowingly sells or offers for sale cigarettes other than by retail sale in violation of § 9.1-210 shall be subject to a civil penalty not exceeding \$100 for each such pack of cigarettes sold or offered for sale, provided that in no case shall the civil penalty assessed against any such person exceed \$100,000 for sales or offers for sale during any 30-day period.

B. A retailer who knowingly sells cigarettes in violation of § 9.1-210 shall be subject to a civil penalty not exceeding \$100 for each pack of such cigarettes sold or offered for sale, provided that in no case shall the civil penalty assessed against any retailer exceed \$25,000 for sales or offers for sale during any 30-day period.

C. Any person who violates any other provision of this chapter shall be subject to a civil penalty of not more than \$1,000 for the first violation. The civil penalty for each subsequent violation shall not exceed \$5,000.

D. A manufacturer who knowingly makes a false certification under § 9.1-211 shall be subject to a civil penalty of at least \$75,000 and not exceeding \$250,000 for each false certification.

E. A civil penalty may be assessed by the Director only after the Director has consulted with the State Fire Marshal and has given the manufacturer charged with making such a false certification an opportunity for a public hearing. Where such a public hearing has been held, the Director shall make findings of fact and issue a written decision as to the occurrence of the violation and the amount of the penalty that is warranted, incorporating, when appropriate, an order therein requiring that the penalty be paid. Any hearing under this section shall be a formal adjudicatory hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). When the person charged with such a violation fails to avail himself of the opportunity for a public hearing, a civil penalty shall be assessed by the Director after the Director determines that a violation has occurred and the amount of the penalty is warranted and issues an order requiring that the penalty be paid.

F. The Director may collect civil penalties that are owed in the same manner as provided by law in respect to judgment of a court of record. Such civil penalties shall be paid into the Cigarette Fire Safety Standard and Firefighter Protection Act Fund referenced in subsection F of § 9.1-211 and used in carrying out the purposes of this chapter.

§ 9.1-217. Application of chapter to certain cigarettes; conflicting local ordinances preempted.

A. Nothing in this chapter shall be construed to prohibit any person from manufacturing or selling cigarettes that do not meet the requirements of this chapter if the cigarettes are or will be stamped for sale in another state or sold in North Carolina or South Carolina, or are packaged for sale outside the United States, and that person has taken reasonable steps to ensure that such cigarettes will not be sold or offered for sale to persons located in the Commonwealth.

B. Notwithstanding any other provision of law, a locality may neither enact nor enforce any ordinance or other local law or regulation that conflicts with, or is inconsistent with, any provision of this chapter.

§ 58.1-1003.3. Roll-your-own cigarette machines.

Any person who maintains, operates, or rents a machine at a retail establishment for use by a consumer that enables any person to process at the establishment a product that is made or derived from tobacco into a roll or tube shall be deemed to be a manufacturer of cigarettes, and the resulting product produced at such establishment shall be deemed to be manufactured cigarettes sold to a consumer for purposes of this title, Chapter 42 (§ 3.2-4200 et seq.) of Title 3.2, and Chapter ~~23.1~~ 2.1 (§ ~~59.1-293.1~~ 9.1-209 et seq.) of Title ~~59.1~~ 9.1. A retail establishment may purchase tobacco that has not been subject to tax pursuant to this title or the requirements of Chapter 42 of Title 3.2, provided that (i) such tobacco may only be sold to consumers for the purpose of making cigarettes on the machines described herein in the establishment, (ii) the retail establishment pays the taxes due on such cigarettes pursuant to this title, and (iii) the retail establishment maintains compliance with the requirements of Chapter 42 of Title 3.2 with respect to such cigarettes. The provisions of this section shall not apply to the sale and use of cigarette rolling machines purchased for personal use by an individual consumer to make cigarettes for personal consumption and not for rental or use by other consumers.

2. That Chapter 23.1 (§§ 59.1-293.1 through 59.1-293.9) of Title 59.1 of the Code of Virginia is repealed.

CHAPTER 420

An Act to amend and reenact § 56-585.2 of the Code of Virginia, relating to the regulation of electric utilities; renewable energy portfolio standard program.

[H 822]

Approved March 31, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 56-585.2 of the Code of Virginia is amended and reenacted as follows:

§ 56-585.2. Sale of electricity from renewable sources through a renewable energy portfolio standard program.

A. As used in this section:

"Qualified investment" means an expense incurred in the Commonwealth by a participating utility in conducting, either by itself or in partnership with institutions of higher education in the Commonwealth or with industrial or commercial customers that have established renewable energy research and development programs in the Commonwealth, research and development activities related to renewable or alternative energy sources, which expense (i) is designed to enhance the participating utility's understanding of emerging energy technologies and their potential impact on and value to the utility's system and customers within the Commonwealth; (ii) promotes economic development within the Commonwealth; (iii) supplements customer-driven alternative energy or energy efficiency initiatives; (iv) supplements alternative energy and energy efficiency initiatives at state or local governmental facilities in the Commonwealth; or (v) is designed to mitigate the environmental impacts of renewable energy projects.

"Renewable energy" shall have the same meaning ascribed to it in § 56-576, provided such renewable energy is (i) generated in the Commonwealth or in the interconnection region of the regional transmission entity of which the participating utility is a member, as it may change from time to time, and purchased by a participating utility under a power purchase agreement; provided, however, that if such agreement was executed on or after July 1, 2013, the agreement shall expressly transfer ownership of renewable attributes, in addition to ownership of the energy, to the participating utility; (ii) generated by a public utility providing electric service in the Commonwealth from a facility in which the public utility owns at least a 49 percent interest and that is located in the Commonwealth, in the interconnection region of the regional transmission entity of which the participating utility is a member, or in a control area adjacent to such interconnection

region; or (iii) represented by renewable energy certificates. "Renewable energy" shall not include electricity generated from pumped storage, but shall include run-of-river generation from a combined pumped-storage and run-of-river facility.

"Renewable energy certificate" means either (i) a certificate issued by an affiliate of the regional transmission entity of which the participating utility is a member, as it may change from time to time, or any successor to such affiliate, and held or acquired by such utility, that validates the generation of renewable energy by eligible sources in the interconnection region of the regional transmission entity or (ii) a certificate issued by the Commission pursuant to subsection J and held or acquired by a participating utility, that validates a qualified investment made by the participating utility.

"Total electric energy sold in the base year" means total electric energy sold to Virginia jurisdictional retail customers by a participating utility in calendar year 2007, excluding an amount equivalent to the average of the annual percentages of the electric energy that was supplied to such customers from nuclear generating plants for the calendar years 2004 through 2006.

B. Any investor-owned incumbent electric utility may apply to the Commission for approval to participate in a renewable energy portfolio standard program, as defined in this section. The Commission shall approve such application if the applicant demonstrates that it has a reasonable expectation of achieving 12 percent of its base year electric energy sales from renewable energy sources during calendar year 2022, and 15 percent of its base year electric energy sales from renewable energy sources during calendar year 2025, as provided in subsection D.

C. It is in the public interest for utilities that seek to have a renewable energy portfolio standard program to achieve the goals set forth in subsection D, such goals being referred to herein as "RPS Goals." A utility shall receive double credit toward meeting the renewable energy portfolio standard for energy derived from sunlight, from onshore wind, or from facilities in the Commonwealth fueled primarily by animal waste, and triple credit toward meeting the renewable energy portfolio standard for energy derived from offshore wind.

D. Regarding any renewable energy portfolio standard program, the total electric energy sold by a utility to meet the RPS Goals shall be composed of the following amounts of electric energy or renewable thermal energy equivalent from renewable energy sources, as adjusted for any sales volumes lost through operation of the customer choice provisions of subdivision A 3 or A 4 of § 56-577:

RPS Goal I: In calendar year 2010, 4 percent of total electric energy sold in the base year.

RPS Goal II: For calendar years 2011 through 2015, inclusive, an average of 4 percent of total electric energy sold in the base year, and in calendar year 2016, 7 percent of total electric energy sold in the base year.

RPS Goal III: For calendar years 2017 through 2021, inclusive, an average of 7 percent of total electric energy sold in the base year, and in calendar year 2022, 12 percent of total electric energy sold in the base year.

RPS Goal IV: For calendar years 2023 and 2024, inclusive, an average of 12 percent of total electric energy sold in the base year, and in calendar year 2025, 15 percent of total electric energy sold in the base year.

A utility may not apply renewable energy certificates issued pursuant to subsection J to meet more than 20 percent of the sales requirement for the RPS Goal in any year.

A utility may apply renewable energy sales achieved or renewable energy certificates acquired during the periods covered by any such RPS Goal that are in excess of the sales requirement for that RPS Goal to the sales requirements for any future RPS ~~Goal~~ *Goals in the five calendar years after the renewable energy was generated or the renewable energy certificates were created, except that a utility shall be able to apply renewable energy certificates acquired by the utility prior to January 1, 2014.*

E. A utility participating in such program shall have the right to recover all incremental costs incurred for the purpose of such participation in such program, as accrued against income, through rate adjustment clauses as provided in subdivisions A 5 and A 6 of § 56-585.1, including, but not limited to, administrative costs, ancillary costs, capacity costs, costs of energy represented by certificates described in subsection A, and, in the case of construction of renewable energy generation facilities, allowance for funds used during construction until such time as an enhanced rate of return, as determined pursuant to subdivision A 6 of § 56-585.1, on construction work in progress is included in rates, projected construction work in progress, planning, development and construction costs, life-cycle costs, and costs of infrastructure associated therewith, plus an enhanced rate of return, as determined pursuant to subdivision A 6 of § 56-585.1. This subsection shall not apply to qualified investments as provided in subsection K. All incremental costs of the RPS program shall be allocated to and recovered from the utility's customer classes based on the demand created by the class and within the class based on energy used by the individual customer in the class, except that the incremental costs of the RPS program shall not be allocated to or recovered from customers that are served within the large industrial rate classes of the participating utilities and that are served at primary or transmission voltage.

F. A utility participating in such program shall apply towards meeting its RPS Goals any renewable energy from existing renewable energy sources owned by the participating utility or purchased as allowed by contract at no additional cost to customers to the extent feasible. A utility participating in such program shall not apply towards meeting its RPS Goals renewable energy certificates attributable to any renewable energy generated at a renewable energy generation source in operation as of July 1, 2007, that is operated by a person that is served within a utility's large industrial rate class and that is served at primary or transmission voltage, except for those persons providing renewable thermal energy equivalents to the utility. A participating utility shall be required to fulfill any remaining deficit needed to fulfill its RPS Goals from new renewable energy supplies at reasonable cost and in a prudent manner to be determined by the Commission at the time of approval of any application made pursuant to subsection B. A participating utility may sell renewable energy certificates

produced at its own generation facilities located in the Commonwealth or, if located outside the Commonwealth, owned by such utility and in operation as of January 1, 2010, or renewable energy certificates acquired as part of a purchase power agreement, to another entity and purchase lower cost renewable energy certificates and the net difference in price between the renewable energy certificates shall be credited to customers. Utilities participating in such program shall collectively, either through the installation of new generating facilities, through retrofit of existing facilities or through purchases of electricity from new facilities located in Virginia, use or cause to be used no more than a total of 1.5 million tons per year of green wood chips, bark, sawdust, a tree or any portion of a tree which is used or can be used for lumber and pulp manufacturing by facilities located in Virginia, towards meeting RPS goals, excluding such fuel used at electric generating facilities using wood as fuel prior to January 1, 2007. A utility with an approved application shall be allocated a portion of the 1.5 million tons per year in proportion to its share of the total electric energy sold in the base year, as defined in subsection A, for all utilities participating in the RPS program. A utility may use in meeting RPS goals, without limitation, the following sustainable biomass and biomass based waste to energy resources: mill residue, except wood chips, sawdust and bark; pre-commercial soft wood thinning; slash; logging and construction debris; brush; yard waste; shipping crates; dunnage; non-merchantable waste paper; landscape or right-of-way tree trimmings; agricultural and vineyard materials; grain; legumes; sugar; and gas produced from the anaerobic decomposition of animal waste.

G. The Commission shall promulgate such rules and regulations as may be necessary to implement the provisions of this section including a requirement that participants verify whether the RPS goals are met in accordance with this section.

H. Each investor-owned incumbent electric utility shall report to the Commission annually by November 1 identifying:

1. The utility's efforts, if any, to meet the RPS Goals, specifically identifying:

a. A list of all states where the purchased or owned renewable energy was generated, specifying the number of megawatt hours or renewable energy certificates originating from each state;

b. A list of the decades in which the purchased or owned renewable energy generating units were placed in service, specifying the number of megawatt hours or renewable energy certificates originating from those units; and

c. A list of fuel types used to generate the purchased or owned renewable energy, specifying the number of megawatt hours or renewable energy certificates originating from each fuel type;

2. The utility's overall generation of renewable energy; and
