8. Consistent with its institutional mission, increase the level of externally funded research conducted at the institution and facilitate the transfer of technology from university research centers to private sector companies;

9. Work actively and cooperatively with elementary and secondary school administrators, teachers, and students in public schools and school divisions to improve student achievement, upgrade the knowledge and skills of teachers, and strengthen leadership skills of school administrators;

10. Prepare a six-year financial plan consistent with § 23-38.87:17;

11. Conduct the institution's business affairs in a manner that maximizes operational efficiencies and economies for the institution, contributes to maximum efficiencies and economies of state government as a whole, and meets the financial and administrative management standards as specified by the Governor pursuant to § 2.2-5004 and included in the appropriation act that is in effect, which shall include best practices for electronic procurement and leveraged purchasing, information technology, real estate portfolio management, and diversity of suppliers through fair and reasonable consideration of small, women-owned, and minority-owned business enterprises; and

12. Seek to ensure the safety and security of the Commonwealth's students on college and university campuses.

Upon making such commitments to the Governor and the General Assembly by August 1, 2005, the public institution of higher education shall be allowed to exercise the restructured financial and operational authority set forth in subdivisions A 1 through A 13, subject to such conditions as may be provided under the enabling statutes granting the additional authority.

C. As provided in § 23-9.6:1.01, the State Council of Higher Education shall in consultation with the respective chairmen of the House Committees on Education and Appropriations and the Senate Committees on Finance and Education and Health or their designees, representatives of public institutions of higher education, and such other state officials as may be designated by the Governor, develop objective measures of educational-related performance and institutional performance benchmarks for such objective measures. At a minimum, the State Council shall develop such objective measures and institutional performance benchmarks for the goals and objectives set forth in subdivisions B 1 through B 10 and B 12. In addition, the Governor shall develop objective measures of financial and administrative management performance and related institutional performance benchmarks for the goals and objectives set forth in subdivision B 11.

As provided in subsection C of § 23-9.6:1.01, any public institution of higher education that has been certified during the fiscal year by the State Council of Higher Education for Virginia as meeting the institutional performance benchmarks in effect for the fiscal year as set forth in the general appropriation act shall be provided the financial benefits under § 2.2-5005. Such benefits shall first be provided as determined under such section. Objective criteria for measuring performance with regard to the state goals and objectives developed pursuant to subsection B, and benefits or consequences for meeting or not meeting those goals and objectives, shall be developed as provided in subdivision B 5 of § 23-38.87:20.

D. 1. The restructured financial and operational authority set forth in Article 3 (§ 23-38.91 et seq.) shall only be granted in accordance with the expressed terms of a management agreement between the public institution of higher education and the Commonwealth.

No restructured financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.) shall be granted to a public institution of higher education unless such authority is expressly included in the management agreement. In addition, the only implied authority that shall be granted from entering into a management agreement is that implied authority that is actually necessary to carry out the expressed grant of restructured financial or operational authority. As a matter of law, the initial presumption shall be that any restructured financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.) is not included in the management agreement. These requirements shall also apply to any other provision included in Article 3 (§ 23-38.91 et seq.).

2. No public institution of higher education shall enter into a management agreement unless:

a. (i) Its most current and unenhanced bond rating received from (a) Moody's Investors Service, Inc., (b) Standard & Poor's, Inc., or (c) Fitch Investor's Services, Inc. is at least AA- (i.e., AA minus) or its equivalent, provided that such bond rating has been received within the last three years of the date that the initial agreement is entered into or (ii) the institution has (a) participated in decentralization pilot programs in the areas of finance and capital outlay, (b) demonstrated management competency in those two areas as evidenced by a written certification from the Cabinet Secretary or Secretaries designated by the Governor, (c) received additional operational authority under a memorandum of understanding pursuant to § 23-38.90 in at least one functional area, and (d) demonstrated management competency in that area for a period of at least two years. In submitting "The Budget Bill" for calendar year 2005 pursuant to subsection A of § 2.2-1509, the Governor shall include criteria for determining whether or not an institution has demonstrated the management competency required by clause (ii);

b. An absolute two-thirds, or more, of the institution's governing body shall have voted in the affirmative for a resolution expressing the sense of the body that the institution is qualified to be, and should be, governed by the provisions of Article 3 (§ 23-38.91 et seq.), which resolution shall be included in the initial management agreement;
c. The institution agrees to reimburse the Commonwealth for any additional costs to the Commonwealth in providing health or other group insurance benefits to employees, and in undertaking any risk management program, that are attributable to the institution's exercise of any restructured financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.). The institution's agreement to reimburse the Commonwealth for such additional costs shall be expressly included in each management agreement with the institution. The Secretary of Finance and the Secretary of Administration, in consultation with the Virginia Retirement System and the affected institutions, shall establish procedures for determining any amounts to be paid by each institution and a mechanism for transferring the appropriate amounts directly and solely to the programs whose costs have been affected.

In developing management agreements, public institutions of higher education shall give consideration to potential future impacts of tuition increases on the Virginia College Savings Plan (§ 23-38.75) and shall discuss such potential impacts with parties participating in development of such agreements. The chief executive officer of the Virginia College Savings Plan shall provide to the institution and such parties the Plan's assumptions underlying the contract pricing of the program.

d. Before executing a management agreement with the Commonwealth that affects insurance or benefit programs administered by the Virginia Retirement System, the Governor shall transmit a draft of the relevant provisions to the Board of Trustees of the Virginia Retirement System, which shall review the relevant provisions in order to ensure compliance with the applicable provisions of Title 51.1, administrative policies and procedures and federal regulations governing retirement plans. The Board shall advise the Governor and appropriate Cabinet Secretaries of any conflicts.

3. Each initial management agreement with an institution shall remain in effect for a period of three years. Subsequent management agreements with the institution shall remain in effect for a period of five years.

If an existing agreement is not renewed or a new agreement executed prior to the expiration of the three-year or five-year term, as applicable, the existing agreement shall remain in effect on a provisional basis for a period not to exceed one year. If, after the expiration of the provisional one-year period, the management agreement has not been renewed or a new agreement executed, the institution shall no longer be granted any of the financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.), unless and until such time as a new management agreement is entered into between the institution and the Commonwealth.

The Joint Legislative Audit and Review Commission, in cooperation with the Auditor of Public Accounts, shall conduct a review relating to the initial management agreement with each public institution of higher education. The review shall cover a period of at least the first 24 months from the effective date of the management agreement. The review shall include, but shall not be limited to, the degree of compliance with the expressed terms of the management agreement, the degree to which the institution has demonstrated its ability to manage successfully the administrative and financial operations of the institution without jeopardizing the financial integrity and stability of the institution, the degree to which the institution is meeting the objectives described in subsection B, and any related impact on students and employees of the institution from execution of the management agreement. The Joint Legislative Audit and Review Commission shall make a written report of its review no later than June 30 of the third year of the management agreement. The Joint Legislative Audit and Review Commission is authorized, but not required, to conduct a similar review of any management agreement entered into subsequent to the initial agreement.

4. The right and power by the Governor to void a management agreement shall be expressly included in each management agreement. The management agreement shall provide that if the Governor makes a written determination that a public institution of higher education that has entered into a management agreement with the Commonwealth is not in substantial compliance with the terms of the agreement or with the requirements of this chapter in general, (i) the Governor shall provide a copy of that written determination to the chairmen of the Board of Visitors or other governing body of the public institution of higher education and to the members of the General Assembly, and (ii) the institution shall develop and implement a plan of corrective action, satisfactory to the Governor, for purposes of coming into substantial compliance with the terms of the management agreement and with the requirements of this chapter, as soon as practicable, and shall provide a copy of such corrective action plan to the members of the General Assembly. If after a reasonable period of time after the corrective action plan has been implemented by the institution, the Governor determines that the institution is not yet in substantial compliance with the management agreement or the requirements of this chapter, the Governor may void the management agreement. Upon the Governor voiding a management agreement, the affected public institution of higher education shall not be allowed to exercise any restructured financial or operational authority pursuant to the provisions of Article 3 (§ 23-38.91 et seq.) unless and until the institution enters into a subsequent management agreement with the Secretary or Secretaries designated by the Governor or the void management agreement is reinstated by the General Assembly.

5. A management agreement with a public institution of higher education shall not grant any of the restructured financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.) to the Virginia Cooperative Extension and Agricultural Experiment Station, the University of Virginia College at Wise, or the Virginia Institute of Marine Sciences or to an affiliated entity of the institution unless such intent, as well as the degree of the restructured financial or operational authority to be granted, is expressly included in the management agreement.

6. Following the execution of each management agreement with a public institution of higher education and submission of that management agreement to the Chairmen of the House Committee on Appropriations, the House Committee on Education, the Senate Committee on Finance, and the Senate Committee on Education and Health pursuant
to § 23-38.97, the Governor shall include a recommendation for approval of the management agreement in "The Budget Bill" submitted pursuant to subsection A of § 2.2-1509 or in his gubernatorial amendments submitted pursuant to subsection E of § 2.2-1509 due by the December 20 that immediately follows the date of submission of the management agreement to such Committees. Following the General Assembly's consideration of whether to approve or disapprove the management agreement as recommended, if the management agreement is approved as part of the general appropriation act, it shall become effective on the effective date of such general appropriation act. However, no management agreement shall be entered into by a public institution of higher education and the Secretary or Secretaries designated by the Governor after November 15 of a calendar year.

E. A covered institution and the members of its governing body, officers, directors, employees, and agents shall be entitled to the same sovereign immunity to which they would be entitled if the institution were not governed by this chapter; provided further, that the Virginia Tort Claims Act (§ 8.01-195.1 et seq.) and its limitations on recoveries shall remain applicable with respect to institutions governed by this chapter.

CHAPTER 629

An Act to amend and reenact § 23-276.4 of the Code of Virginia, relating to private institutions of higher education; certification.

Approved April 4, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 23-276.4 of the Code of Virginia is amended and reenacted as follows:

§ 23-276.4. Council certification required for the conferring of certain degrees and other awards or the offering of certain programs.

A. Without obtaining the certification of the Council or a determination that the activity or program is exempt from such certification requirements, no postsecondary school subject to the provisions of this chapter shall:

1. Use the term "college" or "university" or abbreviations or words of similar meaning in its name or in any manner in connection with its academic affairs or business;

2. Enroll students;

3. Offer degrees, courses for degree credit, programs of study leading to a degree, or nondegree credit courses, either at a site in Virginia or via telecommunications equipment located within Virginia; or

4. Initiate other programs for degree credit or award degrees, certificates, or diplomas at a new or additional level.

B. All institutions of higher education and academic-vocational noncollege degree schools subject to the provisions of this chapter shall be fully accredited by an accrediting agency recognized by the United States Department of Education. All out-of-state academic-vocational noncollege degree schools operating in good standing in the Commonwealth prior to July 1, 2006, that have not obtained accreditation by an accrediting agency recognized by the United States Department of Education shall secure accreditation candidacy status by July 1, 2009, and shall secure full accreditation by an accrediting body recognized by the United States Department of Education by July 1, 2012. Further, on and after July 1, 2006, all out-of-state academic-vocational noncollege degree schools, subject to the provisions of this chapter, shall disclose their accreditation status in all written materials advertising or describing the school that are distributed to prospective or enrolled students or the general public.

C. Institutions of higher education shall not be required to obtain another certification from the Council to operate in Virginia if they (i) were formed, chartered or established in the Commonwealth, or chartered by an Act of Congress; (ii) have maintained a main or branch campus continuously in the Commonwealth for at least 20 calendar years under their current ownership; (iii) were continuously approved or authorized to confer or grant academic or professional degrees by the Council, by the Board of Education or by an act of the General Assembly during those 20 years; and (iv) are fully accredited by an accrediting agency that is recognized by, and has met the criteria for Title IV eligibility of the United States Department of Education. If authorization to confer or grant academic or professional degrees is revoked, the institution must seek recertification and must do so annually until it meets the criteria of this subsection.

D. In addition to such other requirements as are established in this chapter or the regulations of the Council, any postsecondary school formed, chartered, or established outside of the Commonwealth shall provide verification that:

1. The institution is fully accredited by an accrediting agency recognized by the United States Department of Education;

2. All courses, degrees, certificates, or diploma programs offered at any Virginia site are also offered at the school's main out-of-state campus;

3. All credits earned at any Virginia site are transferable to an institution's main out-of-state campus; and

4. The school has complied with the requirements of either Article 17 (§ 13.1-757 et seq.) of Chapter 9 of Title 13.1 or Article 14 (§ 13.1-919 et seq.) of Chapter 10 of Title 13.1.

E. Any postsecondary school that seeks to conduct telecommunications activities from a Virginia site shall apply for Council approval to conduct such activity and shall comply with this chapter and the Council's regulations in the same manner as any other school subject to this chapter.
2. That each institution of higher education that, prior to July 1, 2014, was not required to obtain another certification from the State Council of Higher Education for Virginia pursuant to subsection C of § 23-276.4 of the Code of Virginia to perform the acts set forth in subsection A of § 23-276.4 of the Code of Virginia because the institution (i) was formed, chartered, or established in the Commonwealth or chartered by an Act of Congress; (ii) has maintained a main or branch campus continuously in the Commonwealth for at least 10 calendar years under its current ownership; (iii) was continuously approved or authorized to confer or grant academic or professional degrees by the Council, by the Board of Education, or by an act of the General Assembly during those 10 years; and (iv) is fully accredited by an accrediting agency that is recognized by and has met the criteria for Title IV eligibility of the U.S. Department of Education shall not be required to obtain another such certification from the Council unless and until the institution fails to meet any requirement in clauses (i) through (iv).

CHAPTER 630

An Act to amend and reenact § 2.2-4302.2, as it shall become effective, of the Code of Virginia, relating to the Virginia Public Procurement Act; competitive negotiation; limitation of certain term contracts; exception.

Approved April 4, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-4302.2, as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 2.2-4302.2. (Effective July 1, 2014) Process for competitive negotiation.

A. The process for competitive negotiation shall include the following:

1. Issuance of a written Request for Proposal indicating in general terms that which is sought to be procured, specifying the factors that will be used in evaluating the proposal and containing or incorporating by reference the other applicable contractual terms and conditions, including any unique capabilities, specifications or qualifications that will be required;

2. Public notice of the Request for Proposal at least 10 days prior to the date set for receipt of proposals by posting on the Department of General Services' central electronic procurement website or other appropriate websites. Additionally, public bodies shall publish in a newspaper of general circulation in the area in which the contract is to be performed so as to provide reasonable notice to the maximum number of offerors that can be reasonably anticipated to submit proposals in response to the particular request. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities. In addition, proposals may be solicited directly from potential contractors. Any additional solicitations shall include certified businesses selected from a list made available by the Department of Small Business and Supplier Diversity; and

3. For goods, nonprofessional services, and insurance, selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the Request for Proposal, including price if so stated in the Request for Proposal. Negotiations shall then be conducted with each of the offerors so selected. Price shall be considered, but need not be the sole or primary determining factor. After negotiations have been conducted with each offeror so selected, the public body shall select the offeror which, in its opinion, has made the best proposal and provides the best value, and shall award the contract to that offeror. When the terms and conditions of multiple awards are so provided in the Request for Proposal, awards may be made to more than one offeror. Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that offeror; or

4. For professional services, the public body shall engage in individual discussions with two or more offerors deemed fully qualified, responsible and suitable on the basis of initial responses and with emphasis on professional competence, to provide the required services. Repetitive informal interviews shall be permissible. The offerors shall be encouraged to elaborate on their qualifications and performance data or staff expertise pertinent to the proposed project, as well as alternative concepts. In addition, offerors shall be informed of any ranking criteria that will be used by the public body in addition to the review of the professional competence of the offeror. The Request for Proposal shall not, however, request that offerors furnish estimates of man-hours or cost for services. At the discussion stage, the public body may discuss nonbinding estimates of total project costs, including, but not limited to, life-cycle costing, and where appropriate, nonbinding estimates of price for services. In accordance with § 2.2-4342, proprietary information from competing offerors shall not be disclosed to the public or to competitors. At the conclusion of discussion, outlined in this subdivision, on the basis of evaluation factors published in the Request for Proposal and all information developed in the selection process to this point, the public body shall select in the order of preference two or more offerors whose professional qualifications and proposed services are deemed most meritorious.

Negotiations shall then be conducted, beginning with the offeror ranked first. If a contract satisfactory and advantageous to the public body can be negotiated at a price considered fair and reasonable, the award shall be made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price.
Notwithstanding the foregoing, if the terms and conditions for multiple awards are included in the Request for Proposal, a public body may award contracts to more than one offeror.

Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified or that one offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that offeror.

B. For multiple projects, a contract for architectural or professional engineering services relating to construction projects, or a contract for job order contracting, may be negotiated by a public body, provided (i) the projects require similar experience and expertise, (ii) the nature of the projects is clearly identified in the Request for Proposal, and (iii) the contract is limited to a one-year term or when the cumulative total project fees reach the maximum cost authorized in this subsection, whichever occurs first.

Such contracts may be renewable for four additional one-year terms at the option of the public body. The fair and reasonable prices as negotiated shall be used in determining the cost of each project performed and the sum of all projects performed in a one-year contract term shall not exceed $500,000, except that for:

1. A state agency, as defined in § 2.2-4347, the sum of all projects performed in a one-year contract term shall not exceed $1 million as may be determined by the Director of the Department of General Services;
2. Any locality or any authority, sanitation district, metropolitan planning organization or planning district commission with a population in excess of 80,000, or any city within Planning District 8, the sum of all projects performed in a one-year contract term shall not exceed $5 million and those awarded for any airport as defined in § 5.1-1 and aviation transportation projects, the sum of all such projects shall not exceed $1.5 million;
3. Architectural and engineering services for rail and public transportation projects by the Director of the Department of Rail and Public Transportation, the sum of all projects in a one-year contract term shall not exceed $2 million. Such contract may be renewable for two additional one-year terms at the option of the Director;
4. Environmental location, design and inspection work regarding highways and bridges by the Commissioner of Highways, the initial contract term shall be limited to two years or when the cumulative total project fees reach $5 million, whichever occurs first. Such contract may be renewable for two additional one-year terms at the option of the Commissioner, and the sum of all projects in each one-year contract term shall not exceed $5 million; and
5. Job order contracting, the sum of all projects performed in a one-year contract term shall not exceed $2 million.

Competitive negotiations for such contracts may result in awards to more than one offeror provided (i) the Request for Proposal so states and (ii) the public body has established procedures for distributing multiple projects among the selected contractors during the contract term.

C. For any single project, for (i) architectural or professional engineering services relating to construction projects, or (ii) job order contracting, the project fee shall not exceed $100,000, or for architectural or engineering services for airports as defined in § 5.1-1 and aviation transportation projects, the project fee of any single project shall not exceed $500,000, except that for:

1. A state agency as defined in § 2.2-4347, the project fee shall not exceed $200,000, as may be determined by the Director of the Department of General Services;
2. Any locality or any authority or sanitation district with a population in excess of 80,000, or any city within Planning District 8, the project fee shall not exceed $2 million; and
3. Job order contracting, the project fee shall not exceed $400,000.

The limitations imposed upon single project fees pursuant to this subsection shall not apply to environmental, location, design, and inspection work regarding highways and bridges by the Commissioner of Highways or architectural and engineering services for rail and public transportation projects by the Director of the Department of Rail and Public Transportation.

D. For the purposes of subsections B and C, any unused amounts from the first contract term shall not be carried forward to the additional term.

E. Multiphase professional services contracts satisfactory and advantageous to the completion of large, phased, or long term projects may be negotiated and awarded based on a fair and reasonable price for the first phase only, where the completion of the earlier phases is necessary to provide information critical to the negotiation of a fair and reasonable price for succeeding phases. Prior to the entering into any such contract, the public body shall (i) state the anticipated intended total scope of the project and (ii) determine in writing that the nature of the work is such that the best interests of the public body require awarding the contract.

CHAPTER 631

An Act to amend and reenact § 2.2-2818 of the Code of Virginia, relating to the Department of Human Resource Management; state health plan.

Approved April 4, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-2818 of the Code of Virginia is amended and reenacted as follows:
§ 2.2-2818. Health and related insurance for state employees.

A. The Department of Human Resource Management shall establish a plan, subject to the approval of the Governor, for providing health insurance coverage, including chiropractic treatment, hospitalization, medical, surgical and major medical coverage, for state employees and retired state employees with the Commonwealth paying the cost thereof to the extent of the coverage included in such plan. The same plan shall be offered to all part-time state employees, but the total cost shall be paid by such part-time employees. The Department of Human Resource Management shall administer this section. The plan chosen shall provide means whereby coverage for the families or dependents of state employees may be purchased. Except for part-time employees, the Commonwealth may pay all or a portion of the cost thereof, and for such portion as the Commonwealth does not pay, the employee, including a part-time employee, may purchase the coverage by paying the additional cost over the cost of coverage for an employee.

Such contribution shall be financed through appropriations provided by law.

B. The plan shall:

1. Include coverage for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over and may be limited to a benefit of $50 per mammogram subject to such dollar limits, deductibles, and coinsurance factors as are no less favorable than for physical illness generally.

The term "mammogram" shall mean an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film, and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast.

In order to be considered a screening mammogram for which coverage shall be made available under this section:

a. The mammogram shall be (i) ordered by a health care practitioner acting within the scope of his license and, in the case of an enrollee of a health maintenance organization, by the health maintenance organization provider; (ii) performed by a registered technologist; (iii) interpreted by a qualified radiologist; and (iv) performed under the direction of a person licensed to practice medicine and surgery and certified by the American Board of Radiology or an equivalent examining body. A copy of the mammogram report shall be sent or delivered to the health care practitioner who ordered it;

b. The equipment used to perform the mammogram shall meet the standards set forth by the Virginia Department of Health in its radiation protection regulations; and

c. The mammography film shall be retained by the radiologic facility performing the examination in accordance with the American College of Radiology guidelines or state law.

2. Include coverage for postpartum services providing inpatient care and a home visit or visits that shall be in accordance with the medical criteria, outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Such coverage shall be provided incorporating any changes in such Guidelines or Standards within six months of the publication of such Guidelines or Standards or any official amendment thereto.

3. Include an appeals process for resolution of complaints that shall provide reasonable procedures for the resolution of such complaints and shall be published and disseminated to all covered state employees. The appeals process shall be compliant with federal rules and regulations governing nonfederal, self-insured governmental health plans. The appeals process shall include a separate expedited emergency appeals procedure that shall provide resolution within time frames established by federal law. For appeals involving adverse decisions as defined in § 32.1-137.7, the Department shall contract with one or more independent review organizations to review such decisions. Independent review organizations are entities that conduct independent external review of adverse benefit determinations. The Department shall adopt regulations to assure that the independent review organization conducting the reviews has adequate standards, credentials and experience for such review. The independent review organization shall examine the final denial of claims to determine whether the decision is objective, clinically valid, and compatible with established principles of health care. The decision of the independent review organization shall (i) be in writing, (ii) contain findings of fact as to the material issues in the case and the basis for those findings, and (iii) be final and binding if consistent with law and policy.

Prior to assigning an appeal to an independent review organization, the Department shall verify that the independent review organization conducting the review of a denial of claims has no relationship or association with (i) the covered person or the covered person's authorized representative; (ii) the treating health care provider, or any of its employees or affiliates; (iii) the medical care facility at which the covered service would be provided, or any of its employees or affiliates; or (iv) the development or manufacture of the drug, device, procedure or other therapy that is the subject of the final denial of a claim. The independent review organization shall not be a subsidiary of, nor owned or controlled by, a health plan, a trade association of health plans, or a professional association of health care providers. There shall be no liability on the part of and no cause of action shall arise against any officer or employee of an independent review organization for any actions taken or not taken or statements made by such officer or employee in good faith in the performance of his powers and duties.

4. Include coverage for early intervention services. For purposes of this section, "early intervention services" means medically necessary speech and language therapy, occupational therapy, physical therapy and assistive technology services and devices for dependents from birth to age three who are certified by the Department of Behavioral Health and
Developmental Services as eligible for services under Part H of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.). Medically necessary early intervention services for the population certified by the Department of Behavioral Health and Developmental Services shall mean those services designed to help an individual attain or retain the capability to function age-appropriately within his environment, and shall include services that enhance functional ability without effecting a cure.

For persons previously covered under the plan, there shall be no denial of coverage due to the existence of a preexisting condition. The cost of early intervention services shall not be applied to any contractual provision limiting the total amount of coverage paid by the insurer to or on behalf of the insured during the insured's lifetime.

5. Include coverage for prescription drugs and devices approved by the United States Food and Drug Administration for use as contraceptives.

6. Not deny coverage for any drug approved by the United States Food and Drug Administration for use in the treatment of cancer on the basis that the drug has not been approved by the United States Food and Drug Administration for the treatment of the specific type of cancer for which the drug has been prescribed, if the drug has been recognized as safe and effective for treatment of that specific type of cancer in one of the standard reference compendia.

7. Not deny coverage for any drug prescribed to treat a covered indication so long as the drug has been approved by the United States Food and Drug Administration for at least one indication and the drug is recognized for treatment of the covered indication in one of the standard reference compendia or in substantially accepted peer-reviewed medical literature.

8. Include coverage for equipment, supplies and outpatient self-management training and education, including medical nutrition therapy, for the treatment of insulin-dependent diabetes, insulin-using diabetes, gestational diabetes and noninsulin-using diabetes if prescribed by a health care professional legally authorized to prescribe such items under law. To qualify for coverage under this subdivision, diabetes outpatient self-management training and education shall be provided by a certified, registered or licensed health care professional.

9. Include coverage for reconstructive breast surgery. For purposes of this section, "reconstructive breast surgery" means surgery performed on and after July 1, 1998, (i) coincident with a mastectomy performed for breast cancer or (ii) following a mastectomy performed for breast cancer to reestablish symmetry between the two breasts. For persons previously covered under the plan, there shall be no denial of coverage due to preexisting conditions.

10. Include coverage for annual pap smears, including coverage, on and after July 1, 1999, for annual testing performed by any FDA-approved gynecologic cytology screening technologies.

11. Include coverage providing a minimum stay in the hospital of not less than 48 hours for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of breast cancer. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate.

12. Include coverage (i) to persons age 50 and over and (ii) to persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen.

13. Permit any individual covered under the plan direct access to the health care services of a participating specialist (i) authorized to provide services under the plan and (ii) selected by the covered individual. The plan shall have a procedure by which an individual who has an ongoing special condition may, after consultation with the primary care physician, receive a referral to a specialist for such condition who shall be responsible for and capable of providing and coordinating the individual's primary and specialty care related to the initial specialty care referral. If such an individual's care would most appropriately be coordinated by such a specialist, the plan shall refer the individual to a specialist. For the purposes of this subdivision, "special condition" means a condition or disease that is (i) life-threatening, degenerative, or disabling and (ii) requires specialized medical care over a prolonged period of time. Within the treatment period authorized by the referral, such specialist shall be permitted to treat the individual without a further referral from the individual's primary care provider and may authorize such referrals, procedures, tests, and other medical services related to the initial referral as the individual's primary care provider would otherwise be permitted to provide or authorize. The plan shall have a procedure by which an individual who has an ongoing special condition that requires ongoing care from a specialist may receive a standing referral to such specialist for the treatment of the special condition. If the primary care provider, in consultation with the plan and the specialist, if any, determines that such a standing referral is appropriate, the plan or issuer shall make such a referral to a specialist. Nothing contained herein shall prohibit the plan from requiring a participating specialist to provide written notification to the covered individual's primary care physician of any visit to such specialist. Such notification may include a description of the health care services rendered at the time of the visit.

14. Include provisions allowing employees to continue receiving health care services for a period of up to 90 days from the date of the primary care physician's notice of termination from any of the plan's provider panels. The plan shall notify any provider at least 90 days prior to the date of termination of the provider, except when the provider is terminated for cause.

For a period of at least 90 days from the date of the notice of a provider's termination from any of the plan's provider panels, except when a provider is terminated for cause, a provider shall be permitted by the plan to render health care
services to any of the covered employees who (i) were in an active course of treatment from the provider prior to the notice of termination and (ii) request to continue receiving health care services from the provider.

Notwithstanding the provisions of this subdivision, any provider shall be permitted by the plan to continue rendering health services to any covered employee who has entered the second trimester of pregnancy at the time of the provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue through the provision of postpartum care directly related to the delivery.

Notwithstanding the provisions of this subdivision, any provider shall be permitted to continue rendering health services to any covered employee who is determined to be terminally ill (as defined under § 1861(dd)(3)(A) of the Social Security Act) at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue for the remainder of the employee's life for care directly related to the treatment of the terminal illness.

A provider who continues to render health care services pursuant to this subdivision shall be reimbursed in accordance with the carrier's agreement with such provider existing immediately before the provider's termination of participation.

15. Include coverage for patient costs incurred during participation in clinical trials for treatment studies on cancer, including ovarian cancer trials.

The reimbursement for patient costs incurred during participation in clinical trials for treatment studies on cancer shall be determined in the same manner as reimbursement is determined for other medical and surgical procedures. Such coverage shall have durational limits, dollar limits, deductibles, copayments and coinsurance factors that are no less favorable than for physical illness generally.

For purposes of this subdivision:

"Cooperative group" means a formal network of facilities that collaborate on research projects and have an established NIH-approved peer review program operating within the group. "Cooperative group" includes (i) the National Cancer Institute Clinical Cooperative Group and (ii) the National Cancer Institute Community Clinical Oncology Program.

"FDA" means the Federal Food and Drug Administration.

"Multiple project assurance contract" means a contract between an institution and the federal Department of Health and Human Services that defines the relationship of the institution to the federal Department of Health and Human Services and sets out the responsibilities of the institution and the procedures that will be used by the institution to protect human subjects.

"NCI" means the National Cancer Institute.

"NIH" means the National Institutes of Health.

"Patient" means a person covered under the plan established pursuant to this section.

"Patient cost" does not include (i) the cost of nonhealth care services that a patient may be required to receive as a result of the treatment being provided for purposes of a clinical trial, (ii) costs associated with managing the research associated with the clinical trial, or (iii) the cost of the investigational drug or device.

Coverage for patient costs incurred during clinical trials for treatment studies on cancer shall be provided if the treatment is being conducted in a Phase I, Phase II, Phase III, or Phase IV clinical trial. Such treatment may, however, be provided on a case-by-case basis if the treatment is being provided in a Phase I clinical trial.

The treatment described in the previous paragraph shall be provided by a clinical trial approved by:

a. The National Cancer Institute;

b. An NCI cooperative group or an NCI center;

c. The FDA in the form of an investigational new drug application;

d. The federal Department of Veterans Affairs; or

e. An institutional review board of an institution in the Commonwealth that has a multiple project assurance contract approved by the Office of Protection from Research Risks of the NCI.

The facility and personnel providing the treatment shall be capable of doing so by virtue of their experience, training, and expertise.

Coverage under this subdivision shall apply only if:

(1) There is no clearly superior, noninvestigational treatment alternative;

(2) The available clinical or preclinical data provide a reasonable expectation that the treatment will be at least as effective as the noninvestigational alternative; and

(3) The patient and the physician or health care provider who provides services to the patient under the plan conclude that the patient's participation in the clinical trial would be appropriate, pursuant to procedures established by the plan.

16. Include coverage providing a minimum stay in the hospital of not less than 23 hours for a covered employee following a laparoscopy-assisted vaginal hysterectomy and 48 hours for a covered employee following a vaginal hysterectomy, as outlined in Milliman & Robertson's nationally recognized guidelines. Nothing in this subdivision shall be construed as requiring the provision of the total hours referenced when the attending physician, in consultation with the covered employee, determines that a shorter hospital stay is appropriate.

17. Include coverage for biologically based mental illness.
For purposes of this subdivision, a "biologically based mental illness" is any mental or nervous condition caused by a biological disorder of the brain that results in a clinically significant syndrome that substantially limits the person's functioning; specifically, the following diagnoses are defined as biologically based mental illness as they apply to adults and children: schizophrenia, schizoaffective disorder, bipolar disorder, major depressive disorder, panic disorder, obsessive-compulsive disorder, attention deficit hyperactivity disorder, autism, and drug and alcoholism addiction.

Coverage for biologically based mental illnesses shall neither be different nor separate from coverage for any other illness, condition or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayment and coinsurance factors.

Nothing shall preclude the undertaking of usual and customary procedures to determine the appropriateness of, and medical necessity for, treatment of biologically based mental illnesses under this option, provided that all such appropriateness and medical necessity determinations are made in the same manner as those determinations made for the treatment of any other illness, condition or disorder covered by such policy or contract.

18. Offer and make available coverage for the treatment of morbid obesity through gastric bypass surgery or such other methods as may be recognized by the National Institutes of Health as effective for the long-term reversal of morbid obesity. Such coverage shall have durational limits, dollar limits, deductibles, copayments and coinsurance factors that are no less favorable than for physical illness generally. Access to surgery for morbid obesity shall not be restricted based upon dietary or any other criteria not approved by the National Institutes of Health. For purposes of this subdivision, "morbid obesity" means (i) a weight that is at least 100 pounds over or twice the ideal weight for frame, age, height, and gender as specified in the 1983 Metropolitan Life Insurance tables, (ii) a body mass index (BMI) equal to or greater than 35 kilograms per meter squared with comorbidity or coexisting medical conditions such as hypertension, cardiopulmonary conditions, sleep apnea, or diabetes, or (iii) a BMI of 40 kilograms per meter squared without such comorbidity. As used herein, "BMI" equals weight in kilograms divided by height in meters squared.

19. Include coverage for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations. The coverage for colorectal cancer screening shall not be more restrictive than or separate from coverage provided for any other illness, condition or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayments and coinsurance factors.

20. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each employee provided coverage pursuant to this section, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide employees covered under the plan such corrective information as may be required to electronically process a prescription claim.

Include coverage for infant hearing screenings and all necessary audiological examinations provided pursuant to § 32.1-64.1 using any technology approved by the United States Food and Drug Administration, and as recommended by the national Joint Committee on Infant Hearing in its most current position statement addressing early hearing detection and intervention programs. Such coverage shall include follow-up audiological examinations as recommended by a physician, physician assistant, nurse practitioner or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss.

22. Notwithstanding any provision of this section to the contrary, every plan established in accordance with this section shall comply with the provisions of § 2.2-2818.2.

C. Claims incurred during a fiscal year but not reported during that fiscal year shall be paid from such funds as shall be appropriated by law. Appropriations, premiums and other payments shall be deposited in the employee health insurance fund, from which payments for claims, premiums, cost containment programs and administrative expenses shall be withdrawn from time to time. The funds of the health insurance fund shall be deemed separate and independent trust funds, shall be segregated from all other funds of the Commonwealth, and shall be invested and administered solely in the interests of the employees and their beneficiaries. Neither the General Assembly nor any public officer, employee, or agency shall use or authorize the use of such trust funds for any purpose other than as provided in law for benefits, refunds, and administrative expenses, including but not limited to legislative oversight of the health insurance fund.

F. Any self-insured group health insurance plan established by the Department of Human Resource Management that utilizes a network of preferred providers shall not exclude any physician solely on the basis of a reprimand or censure from the Board of Medicine, so long as the physician otherwise meets the plan criteria established by the Department.

G. The plan shall include, in each planning district, at least two health coverage options, each sponsored by unrelated entities. No later than July 1, 2006, one of the health coverage options to be available in each planning district shall be a high deductible health plan that would qualify for a health savings account pursuant to § 223 of the Internal Revenue Code of 1986, as amended.

In each planning district that does not have an available health coverage alternative, the Department shall voluntarily enter into negotiations at any time with any health coverage provider who seeks to provide coverage under the plan.

This subsection shall not apply to any state agency authorized by the Department to establish and administer its own health insurance coverage plan separate from the plan established by the Department.

H. Any self-insured group health insurance plan established by the Department of Human Resource Management that includes coverage for prescription drugs on an outpatient basis may apply a formulary to the prescription drug benefits provided by the plan if the formulary is developed, reviewed at least annually, and updated as necessary in consultation with and with the approval of a pharmacy and therapeutics committee, a majority of whose members are actively practicing licensed (i) pharmacists, (ii) physicians, and (iii) other health care providers.

If the plan maintains one or more drug formularies, the plan shall establish a process to allow a person to obtain, without additional cost-sharing beyond that provided for formulary prescription drugs in the plan, a specific, medically necessary nonformulary prescription drug if, after reasonable investigation and consultation with the prescriber, the formulary drug is determined to be an inappropriate therapy for the medical condition of the person. The plan shall act on such requests within one business day of receipt of the request.

Any plan established in accordance with this section shall be authorized to provide for the selection of a single mail order pharmacy provider as the exclusive provider of pharmacy services that are delivered to the covered person's address by mail, common carrier, or delivery service. As used in this subsection, "mail order pharmacy provider" means a pharmacy permitted to conduct business in the Commonwealth whose primary business is to dispense a prescription drug or device under a prescriptive drug order and to deliver the drug or device to a patient primarily by mail, common carrier, or delivery service.

I. Any plan established in accordance with this section requiring preauthorization prior to rendering medical treatment shall have personnel available to provide authorization at all times when such preauthorization is required.

J. Any plan established in accordance with this section shall provide to all covered employees written notice of any benefit reductions during the contract period at least 30 days before such reductions become effective.

K. No contract between a provider and any plan established in accordance with this section shall include provisions that require a health care provider or health care provider group to deny covered services that such provider or group knows to be medically necessary and appropriate that are provided with respect to a covered employee with similar medical conditions.

L. The Department of Human Resource Management shall appoint an Ombudsman to promote and protect the interests of covered employees under any state employee's health plan.

which shall be done only in accordance with the federal Health Insurance Portability and Accountability Act privacy rules. The confidentiality of any such medical records shall be maintained in accordance with the confidentiality and disclosure laws of the Commonwealth.

8. Ensure that covered employees have access to the services provided by the Ombudsman and that the covered employees receive timely responses from the Ombudsman or his representatives to the inquiries.

9. Report annually on his activities to the standing committees of the General Assembly having jurisdiction over insurance and over health and the Joint Commission on Health Care by December 1 of each year.

Such written notification shall describe generally the conditions upon which the other coverage would be primary for dependent children enrolled under the eligible employee's coverage and the method by which the eligible enrollee may verify from the plan that coverage would have primary responsibility for the covered expenses of each family member.

P. Any plan established by the Department of Human Resource Management pursuant to this section shall provide that coverage under such plan for family members enrolled under a participating state employee's coverage shall continue for a period of at least 30 days following the death of such state employee.

The report shall be in the same detail and form as required of reports submitted pursuant to § 38.2-3419.1, with such additional information as is required to determine the financial impact, including the costs and benefits, of the particular mandated benefit.

B. The landlord shall perform the duties imposed by subsection A in accordance with law; however, the landlord shall only be liable for the tenant's actual damages proximately caused by the landlord's failure to exercise ordinary care.
C. If the duty imposed by subdivision 1 of subsection A is greater than any duty imposed by any other subdivision of that subsection, the landlord's duty shall be determined by reference to subdivision 1 of subsection A.
D. The landlord and tenant may agree in writing that the tenant perform the landlord's duties specified in subdivisions 3, 6, and 7 of subsection A and also specified repairs, maintenance tasks, alterations and remodeling, but only if the transaction is entered into in good faith and not for the purpose of evading the obligations of the landlord, and if the agreement does not diminish or affect the obligation of the landlord to other tenants in the premises.

§ 55-248.16. Tenant to maintain dwelling unit.
A. In addition to the provisions of the rental agreement, the tenant shall:
1. Comply with all obligations primarily imposed upon tenants by applicable provisions of building and housing codes materially affecting health and safety;
2. Keep that part of the dwelling unit and the part of the premises that he occupies and uses as clean and safe as the condition of the premises permit;

7. Not deliberately or negligently destroy, deface, damage, impair or remove any part of the premises or permit any person to do so whether known by the tenant or not;
8. Not remove or tamper with a properly functioning smoke detector installed by the landlord, including removing any working batteries, so as to render the detector inoperative and shall maintain the smoke detector in accordance with the uniform set of standards for maintenance of smoke detectors established in the Uniform Statewide Building Code (§ 36-97 et seq.);
9. Not remove or tamper with a properly functioning carbon monoxide detector installed by the landlord, including removing any working batteries, so as to render the carbon monoxide detector inoperative;

11. Not paint or disturb painted surfaces or make alterations in the dwelling unit without the prior written approval of the landlord provided (i) the dwelling unit was constructed prior to 1978 and therefore requires the landlord to provide the tenant with lead-based paint disclosures and (ii) the landlord has provided the tenant with such disclosures and the rental agreement provides that the tenant is required to obtain the landlord's prior written approval before painting, disturbing painted surfaces or making alterations in the dwelling unit;
12. Be responsible for his conduct and the conduct of other persons on the premises with his consent whether known by the tenant or not, to ensure that his neighbors' peaceful enjoyment of the premises will not be disturbed; and
13. Abide by all reasonable rules and regulations imposed by the landlord pursuant to § 55-248.17.
B. If the duty imposed by subdivision 1 of subsection A is greater than any duty imposed by any other subdivision of that subsection, the tenant's duty shall be determined by reference to subdivision 1.

§ 55-248.18. Access; consent; correction of nonemergency conditions; relocation of tenant.
A. The tenant shall not unreasonably withhold consent to the landlord to enter into the dwelling unit in order to inspect the premises, make necessary or agreed repairs, decorations, alterations or improvements, supply necessary or agreed services or exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen or contractors. The landlord may enter the dwelling unit without consent of the tenant in case of emergency. The landlord shall not abuse the right of access or use it to harass the tenant. Except in case of emergency or if it is impractical to do so, the landlord shall give the tenant notice of his intent to enter and may enter only at reasonable times. Unless impractical to do so, the landlord shall give the tenant at least 24-hours' notice of routine maintenance to be performed that has not been requested by the tenant. If the tenant makes a request for maintenance, the landlord is not required to provide notice to the tenant.
B. Upon the sole determination by the landlord of the existence of a nonemergency property condition in the dwelling unit that requires the tenant to temporarily vacate the dwelling unit in order for the landlord to properly remedy such property condition, the landlord may, upon at least 30 days' written notice to the tenant, require the tenant to temporarily vacate the dwelling unit for a period not to exceed 30 days to a comparable dwelling unit, as selected by the landlord, and at no expense or cost to the tenant. For purposes of this subsection, "nonemergency property condition" means (i) a condition
in the dwelling unit that, in the determination of the landlord, is necessary for the landlord to remedy in order for the landlord to be in compliance with § 55-248.13; (ii) the condition does not need to be remedied within a 24-hour period, with any condition that needs to be remedied within 24 hours being defined as an "emergency condition"; and (iii) the condition can only be effectively remedied by the temporary relocation of the tenant pursuant to the provisions of this subsection.

The tenant shall continue to be responsible for payment of rent under the rental agreement during the period of any temporary relocation. The landlord shall pay all costs of repairs or remediation required to address the property condition. Refusal of the tenant to cooperate with a temporary relocation pursuant to this subsection shall be deemed a breach of the rental agreement, unless the tenant agrees to vacate the unit and terminate the rental agreement within the 30-day notice period. If the landlord properly remedies the nonemergency property condition within the 30-day period, nothing herein shall be construed to entitle the tenant to terminate the rental agreement. Further, nothing herein shall be construed to limit the landlord from taking legal action against the tenant for any noncompliance that occurs during the period of any temporary relocation pursuant to this section.

C. The landlord has no other right to access except by court order or that permitted by §§ 55-248.32 and 55-248.33 or if the tenant has abandoned or surrendered the premises.

D. The tenant may install, within the dwelling unit, new burglary prevention, including chain latch devices approved by the landlord, carbon monoxide detection devices, and fire detection devices, that the tenant may believe necessary to ensure his safety, provided:

1. Installation does no permanent damage to any part of the dwelling unit.
2. A duplicate of all keys and instructions of how to operate all devices are given to the landlord.
3. Upon termination of the tenancy the tenant shall be responsible for payment to the landlord for reasonable costs incurred for the removal of all such devices and repairs to all damaged areas.

E. Upon written request of the tenant, the landlord shall install a carbon monoxide alarm in the tenant's dwelling unit within 90 days of such request and may charge the tenant a reasonable fee to recover the costs of such installation. The landlord's installation of a carbon monoxide alarm shall be in compliance with the Uniform Statewide Building Code.

CHAPTER 633

An Act to amend and reenact § 4.1-210 of the Code of Virginia, relating to alcoholic beverage control; limited mixed beverage restaurant licenses.

Approved April 4, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 4.1-210 of the Code of Virginia is amended and reenacted as follows:

A. Subject to the provisions of § 4.1-124, the Board may grant the following licenses relating to mixed beverages:

1. Mixed beverage restaurant licenses, which shall authorize the licensee to sell and serve mixed beverages for consumption in dining areas and other designated areas of such restaurant. Such license may be granted only to persons (i) who operate a restaurant and (ii) whose gross receipts from the sale of food cooked or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after issuance of such license, amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food. For the purposes of this paragraph, other designated areas shall include outdoor dining areas, whether or not contiguous to the licensed premises, which outdoor dining areas may have more than one means of ingress and egress to an adjacent public thoroughfare, provided such areas are under the control of the licensee and approved by the Board.

If the restaurant is located on the premises of a hotel or motel with not less than four permanent bedrooms where food and beverage service is customarily provided by the restaurant in designated areas, bedrooms and other private rooms of such hotel or motel, such licensee may (i) sell and serve mixed beverages for consumption in such designated areas, bedrooms and other private rooms and (ii) sell spirits packaged in original closed containers purchased from the Board for on-premises consumption to registered guests and at scheduled functions of such hotel or motel only in such bedrooms or private rooms. However, with regard to a hotel classified as a resort complex, the Board may authorize the sale and on-premises consumption of alcoholic beverages in all areas within the resort complex deemed appropriate by the Board. Nothing herein shall prohibit any person from keeping and consuming his own lawfully acquired spirits in bedrooms or private rooms.

If the restaurant is located on the premises of and operated by a private, nonprofit or profit club exclusively for its members and their guests, or members of another private, nonprofit or profit club in another city with which it has an agreement for reciprocal dining privileges, such license shall also authorize the licensees to sell and serve mixed beverages for on-premises consumption. Where such club prepares no food in its restaurant but purchases its food requirements from a restaurant licensed by the Board and located on another portion of the premises of the same hotel or motel building, this fact shall not prohibit the granting of a license by the Board to such club qualifying in all other respects. The club's gross receipts from the sale of nonalcoholic beverages consumed on the premises and food resold to its members and guests and consumed on the premises shall amount to at least 45 percent of its gross receipts from the sale of mixed beverages and food. The food
sales made by a restaurant to such a club shall be excluded in any consideration of the qualifications of such restaurant for a license from the Board.

2. Mixed beverage caterer's licenses, which may be granted only to a person regularly engaged in the business of providing food and beverages to others for service at private gatherings or at special events, which shall authorize the licensee to sell and serve alcoholic beverages for on-premises consumption. The annual gross receipts from the sale of food cooked and prepared for service and nonalcoholic beverages served at gatherings and events referred to in this subdivision shall amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food.

3. Mixed beverage limited caterer's licenses, which may be granted only to a person regularly engaged in the business of providing food and beverages to others for service at private gatherings or at special events, not to exceed 12 gatherings or events per year, which shall authorize the licensee to sell and serve alcoholic beverages for on-premises consumption. The annual gross receipts from the sale of food cooked and prepared for service and nonalcoholic beverages served at gatherings and events referred to in this subdivision shall amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food.

4. CHAPTER 638

An Act to amend and reenact § 4.1-210 of the Code of Virginia, relating to alcoholic beverage control; mixed beverage license for Virginia State Fair.

Approved April 4, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 4.1-210 of the Code of Virginia is amended and reenacted as follows:

A. Subject to the provisions of § 4.1-124, the Board may grant the following licenses relating to mixed beverages:

1. Mixed beverage restaurant licenses, which shall authorize the licensee to sell and serve mixed beverages for consumption in dining areas and other designated areas of such restaurant. Such license may be granted only to persons (i) who operate a restaurant and (ii) whose gross receipts from the sale of food cooked or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after issuance of such license, amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food. For the purposes of this paragraph, other designated areas shall include outdoor dining areas, whether or not contiguous to the licensed premises, which outdoor dining areas may have more than one means of ingress and egress to an adjacent public thoroughfare, provided such areas are under the control of the licensee and approved by the Board.

If the restaurant is located on the premises of a hotel or motel with not less than four permanent bedrooms where food and beverage service is customarily provided by the restaurant in designated areas, bedrooms and other private rooms of such hotel or motel, such licensee may (i) sell and serve mixed beverages for consumption in such designated areas, bedrooms and other private rooms and (ii) sell spirits packaged in original closed containers purchased from the Board for on-premises consumption to registered guests and at scheduled functions of such hotel or motel only in such bedrooms or private rooms. However, with regard to a hotel classified as a resort complex, the Board may authorize the sale and on-premises consumption of alcoholic beverages in all areas within the resort complex deemed appropriate by the Board. Nothing herein shall prohibit any person from keeping and consuming his own lawfully acquired spirits in bedrooms or private rooms.

If the restaurant is located on the premises of and operated by a private, nonprofit or profit club exclusively for its members and their guests, or members of another private, nonprofit or profit club in another city with which it has an agreement for reciprocal dining privileges, such license shall also authorize the licensees to sell and serve mixed beverages for on-premises consumption. Where such club prepares no food in its restaurant but purchases its food requirements from a restaurant licensed by the Board and located on another portion of the premises of the same hotel or motel building, this fact shall not prohibit the granting of a license by the Board to such club qualifying in all other respects. The club's gross receipts from the sale of nonalcoholic beverages consumed on the premises and food resold to its members and guests and consumed on the premises shall amount to at least 45 percent of its gross receipts from the sale of mixed beverages and food. The food sales made by a restaurant to such a club shall be excluded in any consideration of the qualifications of such restaurant for a license from the Board.

2. 1. That § 15.2-2307 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2307. Vested rights not impaired; nonconforming uses.

Nothing in this article shall be construed to authorize the impairment of any vested right. Without limiting the time when rights might otherwise vest, a landowner's rights shall be deemed vested in a land use and such vesting shall not be affected by a subsequent amendment to a zoning ordinance when the landowner (i) obtains or is the beneficiary of a significant affirmative governmental act which remains in effect allowing development of a specific project, (ii) relies in good faith on the significant affirmative governmental act, and (iii) incurs extensive obligations or substantial expenses in diligent pursuit of the specific project in reliance on the significant affirmative governmental act.
For purposes of this section and without limitation, the following are deemed to be significant affirmative governmental acts allowing development of a specific project: (i) the governing body has accepted proffers or proffered conditions which specify use related to a zoning amendment; (ii) the governing body has approved an application for a rezoning for a specific use or density; (iii) the governing body or board of zoning appeals has granted a special exception or use permit with conditions; (iv) the board of zoning appeals has approved a variance; (v) the governing body or its designated agent has approved a preliminary subdivision plat, site plan or plan of development for the landowner's property and the applicant diligently pursues approval of the final plat or plan within a reasonable period of time under the circumstances; (vi) the governing body or its designated agent has approved a final subdivision plat, site plan or plan of development for the landowner's property; or (vii) the zoning administrator or other administrative officer has issued a written order, requirement, decision or determination regarding the permissibility of a specific use or density of the landowner's property that is no longer subject to appeal and no longer subject to change, modification or reversal under subsection C of § 15.2-2311.

A zoning ordinance may provide that land, buildings, and structures and the uses thereof which do not conform to the zoning prescribed for the district in which they are situated may be continued only so long as the then existing or a more restricted use continues and such use is not discontinued for more than two years, and so long as the buildings or structures are maintained in their then structural condition; and that the uses of such buildings or structures shall conform to such regulations whenever, with respect to the building or structure, the square footage of a building or structure is enlarged, or the building or structure is structurally altered as provided in the Uniform Statewide Building Code (§ 36-97 et seq.). Further, a zoning ordinance may provide that no nonconforming use may be expanded, or that no nonconforming building or structure may be moved on the same lot or to any other lot which is not properly zoned to permit such nonconforming use.

Notwithstanding any local ordinance to the contrary, if (i) the local government has issued a building permit, the building or structure was thereafter constructed in accordance with the building permit, and upon completion of construction, the local government issued a certificate of occupancy or a use permit therefor, or (ii) the owner of the building or structure has paid taxes to the locality for such building or structure for a period in excess of more than the previous 15 years, a zoning ordinance may provide that the building or structure is nonconforming, but shall not provide that such building or structure is illegal and shall be removed solely due to such nonconformity. Further, a shall not provide that such building or structure is illegal and subject to removal solely due to such nonconformity. Such building or structure shall be nonconforming. A zoning ordinance may provide that such building or structure be brought in compliance with the Uniform Statewide Building Code, provided that to do so shall not affect the nonconforming status of such building or structure. If the local government has issued a permit, other than a building permit, that authorized construction of an improvement to real property and the improvement was thereafter constructed in accordance with such permit, the ordinance may provide that the improvements are nonconforming, but not illegal.

A zoning ordinance shall permit the owner of any residential or commercial building damaged or destroyed by a natural disaster or other act of God to repair, rebuild, or replace such building to eliminate or reduce the nonconforming features to the extent possible, without the need to obtain a variance as provided in § 15.2-2310. If such building is damaged greater than 50 percent and cannot be repaired, rebuilt or replaced except to restore it to its original nonconforming condition, the owner shall have the right to do so. The owner shall apply for a building permit and any work done to repair, rebuild or replace such building shall be in compliance with the provisions of the Uniform Statewide Building Code (§ 36-97 et seq.) and any work done to repair, rebuild or replace such building shall be in compliance with the provisions of the local flood plain regulations adopted as a condition of participation in the National Flood Insurance Program. Unless such building is repaired, rebuilt or replaced within two years of the date of the natural disaster or other act of God, such building shall only be repaired, rebuilt or replaced in accordance with the provisions of the zoning ordinance of the locality. However, if the nonconforming building is in an area under a federal disaster declaration and the building has been damaged or destroyed as a direct result of conditions that gave rise to the declaration, then the zoning ordinance shall provide for an additional two years for the building to be repaired, rebuilt or replaced as otherwise provided in this paragraph. For purposes of this section, "act of God" shall include any natural disaster or phenomena including a hurricane, tornado, storm, flood, high water, wind-driven water, tidal wave, earthquake or fire caused by lightning or wildfire. For purposes of this section, owners of property damaged by an accidental fire have the same rights to rebuild such property as if it were damaged by an act of God. Nothing herein shall be construed to enable the property owner to commit an arson under § 18.2-77 or 18.2-80, and obtain vested rights under this section.

Notwithstanding any local ordinance to the contrary, an owner of real property shall be permitted to replace an existing on-site sewage system for any existing building in the same general location on the property even if a new on-site sewage system would not otherwise be permitted in that location, unless access to a public sanitary sewer is available to the property. If access to a sanitary sewer system is available, then the connection to such system shall be required. Any new on-site system shall be installed in compliance with applicable regulations of the Department of Health in effect at the time of the installation.

Nothing in this section shall be construed to prevent a locality, after making a reasonable attempt to notify such property owner, from ordering the removal of a nonconforming sign that has been abandoned. For purposes of this section, a sign shall be considered abandoned if the business for which the sign was erected has not been in operation for a period of at least two years. Any locality may, by ordinance, provide that following the expiration of the two-year period any abandoned nonconforming sign shall be removed by the owner of the property on which the sign is located, if notified by
the locality to do so. If, following such two-year period, the locality has made a reasonable attempt to notify the property owner, the locality through its own agents or employees may enter the property upon which the sign is located and remove any such sign whenever the owner has refused to do so. The cost of such removal shall be chargeable to the owner of the property. Nothing herein shall prevent the locality from applying to a court of competent jurisdiction for an order requiring the removal of such abandoned nonconforming sign by the owner by means of injunction or other appropriate remedy.

Nothing in this section shall be construed to prevent the land owner or home owner from removing a valid nonconforming manufactured home from a mobile or manufactured home park and replacing that home with another comparable manufactured home that meets the current HUD manufactured housing code. In such mobile or manufactured home park, a single-section home may replace a single-section home and a multi-section home may replace a multi-section home. The owner of a valid nonconforming mobile or manufactured home not located in a mobile or manufactured home park may replace that home with a newer manufactured home, either single- or multi-section, that meets the current HUD manufactured housing code. Any such replacement home shall retain the valid nonconforming status of the prior home.

An offense listed under this subdivision shall be deemed a sexually violent offense only if the person has been convicted or adjudicated delinquent of any two or more such offenses, provided that the person had been at liberty between such convictions or adjudications; or

F. G. Juveniles adjudicated delinquent shall not be required to register; however, where the offender is a juvenile over the age of 13 at the time of the offense who is tried as a juvenile and is adjudicated delinquent on or after July 1, 2005, of any offense for which registration is required, the court may, in its discretion and upon motion of the attorney for the Commonwealth, find that the circumstances of the offense require offender registration. In making its determination, the court shall consider all of the following factors that are relevant to the case: (i) the degree to which the delinquent act was committed with the use of force, threat or intimidation, (ii) the age and maturity of the complaining witness, (iii) the age and maturity of the offender, (iv) the difference in the ages of the complaining witness and the offender, (v) the nature of the relationship between the complaining witness and the offender, (vi) the offender's prior criminal history, and (vii) any other aggravating or mitigating factors relevant to the case. The attorney for the Commonwealth may file such a motion at any time during which the offender is within the jurisdiction of the court for the offense that is the basis for such motion. Prior to any hearing on such motion, the court shall appoint a qualified and competent attorney-at-law to represent the offender unless an attorney has been retained and appears on behalf of the offender or counsel has already been appointed.

H. Prior to entering judgment of conviction of an offense for which registration is required if the victim of the offense was a minor, physically helpless, or mentally incapacitated, the court shall determine by a preponderance of the evidence whether the victim of the offense was a minor, physically helpless or mentally incapacitated, as defined in § 18.2-67.10, and shall also determine the age of the victim at the time of the offense if it determines the victim to be a minor. Upon such a determination the court shall advise the defendant of its determination and of the defendant's right to withdraw a plea of guilty or nolo contendere. If the defendant chooses to withdraw his plea of guilty or of nolo contendere, his case shall be heard by another judge, unless the parties agree otherwise.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 806 of the Acts of Assembly of 2013 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

An application fee shall not exceed $50, exclusive of any actual out-of-pocket expenses paid by the landlord to a third party performing background, credit, or other pre-occupancy checks on the applicant. However, where an application is being made for a dwelling unit which is a public housing unit or other housing unit subject to regulation by the Department of Housing and Urban Development, an application fee shall not exceed $32, exclusive of any actual out-of-pocket expenses paid to a third party by the landlord performing background, credit, or other pre-occupancy checks on the applicant.

B. A guest who is an occupant in a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar lodging shall not be construed to be a tenant living in a dwelling unit if such person does not reside in such lodging as his primary residence. Such guest shall be exempt from this chapter and the innkeeper or property owner, or agent thereof, shall have the right to use self-help eviction under Virginia law, without the necessity of the filing of an unlawful detainer action in a court of competent jurisdiction and the execution of a writ of possession issued pursuant thereto, which
would otherwise be required under this chapter. For purposes of this chapter, a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar transient lodging shall be exempt from the provisions of this chapter if overnight sleeping accommodations are furnished to a person for consideration if such person does not reside in such lodging as his primary residence.

C. If a person resides in a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar transient lodging as his primary residence for fewer than 90 consecutive days, such lodging shall not be subject to the provisions of this chapter. However, the owner of such lodging establishment shall give a five-day written notice of nonpayment to a person residing in such lodging and, upon the expiration of the five-day period specified in the notice, may exercise self-help eviction if payment in full has not been received.

D. If a person resides in a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar transient lodging as their primary residence for more than 90 consecutive days or is subject to a written lease for more than 90 days, such lodging shall be subject to the provisions of this chapter.

E. Notwithstanding the provisions of subsection A, the landlord may specifically provide for the applicability of the provisions of this chapter in the rental agreement.

A. A landlord may not demand or receive a security deposit, however denominated, in an amount or value in excess of two months' periodic rent. Upon termination of the tenancy, such security deposit, whether it is property or money, plus any accrued interest thereon, held by the landlord as security as hereinafter provided may be applied solely by the landlord (i) to the payment of accrued rent and including the reasonable charges for late payment of rent specified in the rental agreement; (ii) to the payment of the amount of damages which the landlord has suffered by reason of the tenant's noncompliance with § 55-248.16, less reasonable wear and tear; or (iii) to other damages or charges as provided in the rental agreement. The security deposit, any accrued interest and any deductions, damages and charges shall be itemized by the landlord in a written notice given to the tenant, together with any amount due the tenant within 45 days after termination of the tenancy and delivery of possession.

Where there is more than one tenant subject to a rental agreement, unless otherwise agreed to in writing by each of the tenants, disposition of the security deposit shall be made with one check being payable to all such tenants and sent to the forwarding address provided by one of the tenants. Regardless of the number of tenants subject to a rental agreement, if a tenant fails to provide a forwarding address is provided to the landlord to enable the landlord to make a refund of the security deposit, upon the expiration of one year from the date of the end of the 45-day time period, the balance of such security deposit shall escheat to the Commonwealth and shall be paid into the state treasury and credited to the Virginia Housing Partnership Revolving Fund established pursuant to § 36-142. Upon payment to the Commonwealth, the landlord shall have no further liability to any tenant relative to the security deposit. If the landlord or managing agent is a real estate licensee, compliance with this paragraph shall be deemed compliance with § 54.1-2108 and corresponding regulations of the Real Estate Board.

Nothing in this section shall be construed by a court of law or otherwise as entitling the tenant, upon the termination of the tenancy, to an immediate credit against the tenant's delinquent rent account in the amount of the security deposit. The landlord shall apply the security deposit in accordance with this section within the 45-day time period. However, provided the landlord has given prior written notice in accordance with this section, the landlord may withhold a reasonable portion of the security deposit to cover an amount of the balance due on the water, sewer, or other utility account that is an obligation of the tenant to a third-party provider under the rental agreement for the dwelling unit, and upon payment of such obligations the landlord shall provide written confirmation to the tenant within 10 days thereafter, along with payment to the tenant of any balance otherwise due to the tenant. In order to withhold such funds as part of the disposition of the security deposit, the landlord shall have so advised the tenant of his rights and obligations under this section in (i) a termination notice to the tenant in accordance with this chapter, (ii) a vacating notice to the tenant in accordance with this section, or (iii) a separate written notice to the tenant at least 15 days prior to the disposition of the security deposit. Any written notice to the tenant shall be given in accordance with § 55-248.6.

The tenant may provide the landlord with written confirmation of the payment of the final water, sewer, or other utility bill for the dwelling unit, in which case the landlord shall refund the security deposit, unless there are other authorized deductions, within the 45-day period, or if the tenant provides such written confirmation after the expiration of the 45-day period, the landlord shall refund any remaining balance of the security deposit held to the tenant within 10 days following the receipt of such written confirmation provided by the tenant. If the landlord otherwise receives confirmation of payment of the final water, sewer, or other utility bill for the dwelling unit, the landlord shall refund the security deposit, unless there are other authorized deductions, within the 45-day period.

Nothing in this section shall be construed to prohibit the landlord from making the disposition of the security deposit prior to the 45-day period and charging an administrative fee to the tenant for such expedited processing, if the rental agreement so provides and the tenant requests expedited processing in a separate written document.

The landlord shall notify the tenant in writing of any deductions provided by this subsection to be made from the tenant's security deposit during the course of the tenancy. Such notification shall be made within 30 days of the date of the determination of the deduction and shall itemize the reasons in the same manner as provided in subsection B. Such notification shall not be required for deductions made less than 30 days prior to the termination of the rental agreement. If the landlord willfully fails to comply with this section, the court shall order the return of the security deposit interest
to the tenant, together with actual damages and reasonable attorney fees, unless the tenant owes rent to the landlord, in which case, the court shall order an amount equal to the security deposit and interest thereon credited against the rent due to the landlord. In the event that damages to the premises exceed the amount of the security deposit and require the services of a third party contractor, the landlord shall give written notice to the tenant advising him of that fact within the 45-day period. If notice is given as prescribed in this paragraph, the landlord shall have an additional 15-day period to provide an itemization of the damages and the cost of repair. This section shall not preclude the landlord or tenant from recovering other damages to which he may be entitled under this chapter. The holder of the landlord's interest in the premises at the time of the termination of the tenancy, regardless of how the interest is acquired or transferred, is bound by this section and shall be required to return any security deposit received by the original landlord and any accrued interest that is duly owed to the tenant, whether or not such security deposit is transferred with the landlord's interest by law or equity, regardless of any contractual agreements between the original landlord and his successors in interest.

B. The landlord shall:

1. Accrue interest at an annual rate equal to four percentage points below the Federal Reserve Board discount rate as of January 1 of each year on all property or money held as a security deposit. However, no interest shall be due and payable unless the security deposit has been held by the landlord for a period exceeding 13 months beginning from the commencement date of the rental agreement or after the effective date of any prior written or oral rental agreements with the same tenant, for continuous occupancy of the same dwelling unit until termination of the tenancy and delivery of possession, such security deposit earning interest which begins accruing from the effective date of the rental agreement, and such interest shall be paid only upon termination of the tenancy, delivery of possession and return of the security deposit as provided in subsection A;

2. Maintain and itemize records for each tenant of all deductions from security deposits provided for under this section which the landlord has made by reason of a tenant's noncompliance with § 55-248.16 during the preceding two years; and

3. Permit a tenant or his authorized agent or attorney to inspect such tenant's records of deductions at any time during normal business hours.

C. Upon request by the landlord to a tenant to vacate, or within five days after receipt of notice by the landlord of the tenant's intent to vacate, the landlord shall make reasonable efforts to advise the tenant of the tenant's right to be present at the landlord's inspection of the dwelling unit for the purpose of determining the amount of security deposit to be returned. If the tenant desires to be present when the landlord makes the inspection, he shall so advise the landlord in writing, in turn, shall notify the tenant of the time and date of the inspection, which must be made within 72 hours of delivery of possession. Upon completion of the inspection attended by the tenant, the landlord shall furnish the tenant with an itemized list of damages to the dwelling unit known to exist at the time of the inspection.

D. If the tenant has any assignee or sublessee, the landlord shall be entitled to hold a security deposit from only one party in compliance with the provisions of this section.

§ 55-248.15:2. Schedule of interest rates on security deposits.

A. The interest rate established by § 55-248.15:1 varies annually with the annual rate being equal to four percentage points below the Federal Reserve Board discount rate as of January 1 of each year. The purpose of this section is to set out the interest rates applicable under this chapter.

CHAPTER 653

[H 359]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-241 and 20-124.1 of the Code of Virginia are amended and reenacted as follows:

The judges of the juvenile and domestic relations district court elected or appointed under this law shall be conservators of the peace within the corporate limits of the cities and the boundaries of the counties for which they are respectively chosen and within one mile beyond the limits of such cities and counties. Except as hereinafter provided, each juvenile and domestic relations district court shall have, within the limits of the territory for which it is created, exclusive original jurisdiction, and within one mile beyond the limits of said city or county, concurrent jurisdiction with the juvenile court or courts of the adjoining city or county, over all cases, matters and proceedings involving:
A. The custody, visitation, support, control or disposition of a child:
1. Who is alleged to be abused, neglected, in need of services, in need of supervision, a status offender, or delinquent except where the jurisdiction of the juvenile court has been terminated or divested;
2. Who is abandoned by his parent or other custodian or who by reason of the absence or physical or mental incapacity of his parents is without parental care and guardianship;
2a. Who is at risk of being abused or neglected by a parent or custodian who has been adjudicated as having abused or neglected another child in the care of the parent or custodian;
3. Whose custody, visitation or support is a subject of controversy or requires determination. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, except as provided in § 16.1-244;
4. Who is the subject of an entrustment agreement entered into pursuant to § 63.2-903 or 63.2-1817 or whose parent or parents for good cause desire to be relieved of his care and custody;
5. Where the termination of residual parental rights and responsibilities is sought. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, as provided in § 16.1-244; and
6. Who is charged with a traffic infraction as defined in § 46.2-100.

In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection B of § 16.1-269.1, and for any charges ancillary thereto, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was 14 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection C of § 16.1-269.1, and for all charges ancillary thereto, if the attorney for the Commonwealth has given notice as provided in subsection C of § 16.1-269.1, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was 14 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. A determination by the juvenile court following a preliminary hearing pursuant to subsection B or C of § 16.1-269.1 to certify a charge to the grand jury shall divest the juvenile court of jurisdiction over the charge and any ancillary charge. In any case in which a transfer hearing is held pursuant to subsection A of § 16.1-269.1, if the juvenile court determines to transfer the case, jurisdiction of the juvenile court over the case shall be divested as provided in § 16.1-269.6.

In all other cases involving delinquent acts, and in cases in which an ancillary charge remains after a violent juvenile felony charge has been dismissed or a violent juvenile felony has been reduced to a lesser offense not constituting a violent juvenile felony, the jurisdiction of the juvenile court shall not be divested unless there is a transfer pursuant to subsection A of § 16.1-269.1.

The authority of the juvenile court to adjudicate matters involving the custody, visitation, support, control or disposition of a child shall not be limited to the consideration of petitions filed by a mother, father or legal guardian but shall include petitions filed at any time by any party with a legitimate interest therein. A party with a legitimate interest shall be broadly construed and shall include, but not be limited to, grandparents, step-grandparents, stepparents, former stepparents, blood relatives and family members. A party with a legitimate interest shall not include any person (i) whose parental rights have been terminated by court order, either voluntarily or involuntarily, (ii) whose interest in the child derives from or through a person whose parental rights have been terminated by court order, either voluntarily or involuntarily, including, but not limited to, grandparents, stepparents, former stepparents, blood relatives and family members, if the child subsequently has been legally adopted, except where a final order of adoption is entered pursuant to § 63.2-1241, or (iii) who has been convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, when the child who is the subject of the petition was conceived as a result of such violation. The authority of the juvenile court to consider a petition involving the custody of a child shall not be proscribed or limited where the child has previously been awarded to the custody of a local board of social services.

B. The admission of minors for inpatient treatment in a mental health facility in accordance with the provisions of Article 16 (§ 16.1-335 et seq.) and the involuntary admission of a person with mental illness or judicial certification of eligibility for admission to a training center for persons with intellectual disability in accordance with the provisions of Chapter 8 (§ 37.2-800 et seq.) of Title 37.2. Jurisdiction of the involuntary admission and certification of adults shall be concurrent with the general district court.

C. Except as provided in subsections D and H, judicial consent to such activities as may require parental consent may be given for a child who has been separated from his parents, guardian, legal custodian or other person standing in loco parentis and is in the custody of the court when such consent is required by law.

D. Judicial consent for emergency surgical or medical treatment for a child who is neither married nor has ever been married, when the consent of his parent, guardian, legal custodian or other person standing in loco parentis is unobtainable because such parent, guardian, legal custodian or other person standing in loco parentis (i) is not a resident of the Commonwealth, (ii) has his whereabouts unknown, (iii) cannot be consulted with promptness, reasonable under the circumstances, (iv) fails to give such consent or provide such treatment when requested by the judge to do so.

E. Any person charged with deserting, abandoning or failing to provide support for any person in violation of law.

F. Any parent, guardian, legal custodian or other person standing in loco parentis of a child:
   1. Who has been abused or neglected;
   2. Who is the subject of an entrustment agreement entered into pursuant to § 63.2-903 or 63.2-1817 or is otherwise before the court pursuant to subdivision A 4; or
   3. Who has been adjudicated in need of services, in need of supervision, or delinquent, if the court finds that such person has by overt act or omission induced, caused, encouraged or contributed to the conduct of the child complained of in the petition.

G. Petitions filed by or on behalf of a child or such child's parent, guardian, legal custodian or other person standing in loco parentis for the purpose of obtaining treatment, rehabilitation or other services that are required by law to be provided for that child or such child's parent, guardian, legal custodian or other person standing in loco parentis. Jurisdiction in such cases shall be concurrent with and not exclusive of that of courts having equity jurisdiction as provided in § 16.1-244.

H. Judicial consent to apply for a work permit for a child when such child is separated from his parents, legal guardian or other person standing in loco parentis.
   1. The prosecution and punishment of persons charged with ill-treatment, abuse, abandonment or neglect of children or with any violation of law that causes or tends to cause a child to come within the purview of this law, or with any other
offense against the person of a child. In prosecution for felonies over which the court has jurisdiction, jurisdiction shall be limited to determining whether or not there is probable cause.

J. All offenses in which one family or household member is charged with an offense in which another family or household member is the victim and all offenses under § 18.2-49.1.

In prosecution for felonies over which the court has jurisdiction, jurisdiction shall be limited to determining whether or not there is probable cause. Any objection based on jurisdiction under this subsection shall be made before a jury is impaneled and sworn in a jury trial or, in a nonjury trial, before the earlier of when the court begins to hear or receive evidence or the first witness is sworn, or it shall be conclusively waived for all purposes. Any such objection shall not affect or be grounds for challenging directly or collaterally the jurisdiction of the court in which the case is tried.

K. Petitions filed by a natural parent, whose parental rights to a child have been voluntarily relinquished pursuant to a court proceeding, to seek a reversal of the court order terminating such parental rights. No such petition shall be accepted, however, after the child has been placed in the home of adoptive parents.

L. Any person who seeks spousal support after having separated from his spouse. A decision under this subdivision shall not be res judicata in any subsequent action for spousal support in a circuit court. A circuit court shall have concurrent original jurisdiction in all causes of action under this subdivision.

M. Petitions filed for the purpose of obtaining an order of protection pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1, and all petitions filed for the purpose of obtaining an order of protection pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10 if either the alleged victim or the respondent is a juvenile.

P. Petitions for enforcement of administrative support orders entered pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2, or by another state in the same manner as if the orders were entered by a juvenile and domestic relations district court upon the filing of a certified copy of such order in the juvenile and domestic relations district court.

Q. Petitions for a determination of parentage pursuant to Chapter 3.1 (§ 20-49.1 et seq.) of Title 20. A circuit court shall have concurrent original jurisdiction to the extent provided for in § 20-49.2.

R. [Repealed.]

S. Petitions filed by school boards against parents pursuant to §§ 16.1-241.2 and 22.1-279.3.

T. Petitions to enforce any request for information or subpoena that is not complied with or to review any refusal to issue a subpoena in an administrative appeal regarding child abuse and neglect pursuant to § 63.2-1526.

U. Petitions filed in connection with parental placement adoption consent hearings pursuant to § 63.2-1233. Such proceedings shall be advanced on the docket so as to be heard by the court within 10 days of filing of the petition, or as soon thereafter as practicable so as to provide the earliest possible disposition.

V. Petitions filed for the purpose of obtaining the court's assistance with the execution of consent to an adoption when the consent to an adoption is executed pursuant to the laws of another state and the laws of that state provide for the execution of consent to an adoption in the court of the Commonwealth.

W. Petitions filed by a juvenile seeking judicial authorization for a physician to perform an abortion if a minor elects not to seek consent of an authorized person.

After a hearing, a judge shall issue an order authorizing a physician to perform an abortion, without the consent of any authorized person, if he finds that (i) the minor is mature enough and well enough informed to make her abortion decision, in consultation with her physician, independent of the wishes of any authorized person, or (ii) the minor is not mature enough or well enough informed to make such decision, but the desired abortion would be in her best interest.

If the judge authorizes an abortion based on the best interests of the minor, such order shall expressly state that such authorization is subject to the physician or his agent giving notice of intent to perform the abortion; however, no such notice shall be required if the judge finds that such notice would not be in the best interest of the minor. In determining whether notice is in the best interest of the minor, the judge shall consider the totality of the circumstances; however, he shall find that notice is not in the best interest of the minor if he finds that (i) one or more authorized persons with whom the minor regularly and customarily resides is abusive or neglectful, and (ii) every other authorized person, if any, is either abusive or neglectful or has refused to accept responsibility as parent, legal guardian, custodian or person standing in loco parentis.

The minor may participate in the court proceedings on her own behalf, and the court may appoint a guardian ad litem for the minor. The court shall advise the minor that she has a right to counsel and shall, upon her request, appoint counsel for her.

Notwithstanding any other provision of law, the provisions of this subsection shall govern proceedings relating to consent for a minor's abortion. Court proceedings under this subsection and records of such proceedings shall be confidential. Such proceedings shall be given precedence over other pending matters so that the court may reach a decision promptly and without delay in order to serve the best interests of the minor. Court proceedings under this subsection shall be heard and decided as soon as practicable but in no event later than four days after the petition is filed.

An expedited confidential appeal to the circuit court shall be available to any minor for whom the court denies an order authorizing an abortion without consent or without notice. Any such appeal shall be heard and decided no later than five days after the appeal is filed. The time periods required by this subsection shall be subject to subsection B of § 1-210. An order authorizing an abortion without consent or without notice shall not be subject to appeal.
No filing fees shall be required of the minor at trial or upon appeal.

If either the original court or the circuit court fails to act within the time periods required by this subsection, the court before which the proceeding is pending shall immediately authorize a physician to perform the abortion without consent of or notice to an authorized person.

Nothing contained in this subsection shall be construed to authorize a physician to perform an abortion on a minor in circumstances or in a manner that would be unlawful if performed on an adult woman.

A physician shall not knowingly perform an abortion upon an unemancipated minor unless consent has been obtained or the minor delivers to the physician a court order entered pursuant to this section and the physician or his agent provides such notice as such order may require. However, neither consent nor judicial authorization nor notice shall be required if the minor declares that she is abused or neglected and the attending physician has reason to suspect that the minor may be an abused or neglected child as defined in § 63.2-100 and reports the suspected abuse or neglect in accordance with § 63.2-1509; or if there is a medical emergency, in which case the attending physician shall certify the facts justifying the exception in the minor's medical record.

For purposes of this subsection:

"Authorization" means the minor has delivered to the physician a notarized, written statement signed by an authorized person that the authorized person knows of the minor's intent to have an abortion and consents to such abortion being performed on the minor.

"Authorized person" means (i) a parent or duly appointed legal guardian or custodian of the minor or (ii) a person standing in loco parentis, including, but not limited to, a grandparent or adult sibling with whom the minor regularly and customarily resides and who has care and control of the minor. Any person who knows he is not an authorized person and who knowingly and willfully signs an authorization statement consenting to an abortion for a minor is guilty of a Class 3 misdemeanor.

"Consent" means that (i) the physician has given notice of intent to perform the abortion and has received authorization from an authorized person, or (ii) at least one authorized person is present with the minor seeking the abortion and provides written authorization to the physician, which shall be witnessed by the physician or an agent thereof. In either case, the written authorization shall be incorporated into the minor's medical record and maintained as a part thereof.

"Medical emergency" means any condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of the pregnant minor as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create a serious risk of substantial and irreversible impairment of a major bodily function.

"Notice of intent to perform the abortion" means that (i) the physician or his agent has given actual notice of his intention to perform such abortion to an authorized person, either in person or by telephone, at least 24 hours previous to the performance of the abortion; or (ii) the physician or his agent, after a reasonable effort to notify an authorized person, has mailed notice to an authorized person by certified mail, addressed to such person at his usual place of abode, with return receipt requested, at least 72 hours prior to the performance of the abortion.

"Perform an abortion" means to interrupt or terminate a pregnancy by any surgical or nonsurgical procedure or to induce a miscarriage as provided in § 18.2-72, 18.2-73, or 18.2-74.

"Unemancipated minor" means a minor who has not been emancipated by (i) entry into a valid marriage, even though the marriage may have been terminated by dissolution; (ii) active duty with any of the Armed Forces of the United States; (iii) willingly living separate and apart from his or her parents or guardian, with the consent or acquiescence of the parents or guardian; or (iv) entry of an order of emancipation pursuant to Article 15 (§ 16.1-331 et seq.).

X. Petitions filed pursuant to Article 17 (§ 16.1-349 et seq.) relating to standby guardians for minor children.

The ages specified in this law refer to the age of the child at the time of the acts complained of in the petition. Notwithstanding any other provision of law, no fees shall be charged by a sheriff for the service of any process in a proceeding pursuant to subdivision A 3, except as provided in subdivision A 6 of § 17.1-272, or subsection B, D, M, or R. Notwithstanding the provisions of § 18.2-71, any physician who performs an abortion in violation of subsection W shall be guilty of a Class 3 misdemeanor.

As used in this chapter:

"Joint custody" means (i) joint legal custody where both parents retain joint responsibility for the care and control of the child and joint authority to make decisions concerning the child even though the child's primary residence may be with only one parent, (ii) joint physical custody where both parents share physical and custodial care of the child, or (iii) any combination of joint legal and joint physical custody which the court deems to be in the best interest of the child.

"Person with a legitimate interest" shall be broadly construed and includes, but is not limited to, grandparents, step-grandparents, stepparents, former stepparents, blood relatives and family members provided any such party has intervened in the suit or is otherwise properly before the court. The term shall be broadly construed to accommodate the best interest of the child. Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding sections numbered 55-79.71:2, 55-79.73:2, and 55-515.2:1 as follows:

§ 55-79.71:2. Merger or consolidation of condominiums; procedure.

A. Any two or more condominiums, by agreement of the unit owners as provided in subsection B, may be merged or consolidated into a single condominium. In the event of a merger or consolidation, unless the agreement otherwise provides, the resultant condominium shall be the legal successor, for all purposes, of all of the preexisting condominiums, and the operations and activities of all unit owners’ associations of the preexisting condominiums shall be merged or consolidated into a single unit owners’ association that holds all powers, rights, obligations, assets, and liabilities of all preexisting unit owners’ associations.

B. An agreement to merge or consolidate two or more condominiums pursuant to subsection A shall be evidenced by an agreement prepared, executed, recorded, and certified by the principal officer of the unit owners’ association of each of the preexisting condominiums following approval by owners of units to which are allocated the percentage of votes in each condominium required to terminate that condominium. The agreement shall be recorded in every locality in which a portion of the condominium is located and shall not be effective until recorded.

C. Every merger or consolidation agreement shall provide for the reallocation of the allocated interests in the new unit owners’ association among the units of the resultant condominium either (i) by stating the reallocations or the formulas upon which they are based or (ii) by stating the percentage of the overall allocated interests of the condominium that are allocated to all of the units comprising each of the preexisting condominiums, and provided that the portion of the percentages allocated to each unit formerly comprising a part of the preexisting condominium shall be equal to the percentages of allocated interests allocated to that unit by the declaration of the preexisting condominium.

D. If the condominium instruments of a condominium to be merged or consolidated require a vote or consent of mortgagees in order to amend the condominium instruments or terminate the condominium, the same vote or consent of mortgagees shall be required before such merger or consolidation shall become effective. No merger or consolidation shall affect mortgagee rights, alter the priority of the lien of any mortgage, materially impair or affect any condominium unit as collateral for a mortgage, or affect a mortgagee’s right to foreclose on a condominium unit as collateral without the prior written consent of the mortgagee. A vote or consent of a mortgagee required by this section may be deemed received pursuant to § 55-79.73:1.

§ 55-79.73:2. Reformation of declaration; judicial procedure.

elements or real property using provisions outlined therein to resolve (i) ambiguities or inconsistencies in the condominium instruments that are the source of legal and other disputes pertaining to the legal rights and responsibilities of the unit owners' association or individual unit owners or (ii) scrivener's errors, including incorrectly identifying the unit owners' association, incorrectly identifying an entity other than the unit owners' association, or errors arising from oversight or from an inadvertent omission or mathematical mistake.

B. The court shall have jurisdiction over matters set forth in subsection A regarding ownership of legal title of the common elements or real property to:

1. Reform, in whole or in part, any provision of the condominium instruments; and
2. Correct mistakes or any other error in the condominium instruments that may exist with respect to the declaration for any other purpose.

C. A petition filed by the unit owners' association with the court setting forth any inconsistency or error made in the condominium instruments, or the necessity for any change therein, shall be deemed sufficient basis for the reformation, in whole or in part, of the condominium instruments, provided that:

1. The unit owners' association has made three good faith attempts to convene a duly called meeting of the unit owners' association to present for consideration amendments to the condominium instruments for the reasons specified in subsection A, which attempts have proven unsuccessful as evidenced by an affidavit verified by oath of the principal officer of the unit owners' association;
2. There is no adequate remedy at law as practical and effective to attain the ends of justice as may be accomplished in the circuit court;
3. Where the declarant of the condominium still owns a unit or continues to have any special declarant rights in the condominium, the declarant joins in the petition of the unit owners' association;
4. A copy of the petition is sent to all unit owners at least 30 days before the petition is filed as evidenced by an affidavit verified by oath of the principal officer of the unit owners' association; and
5. A copy of the petition is sent to all mortgagees at least 30 days before the petition is filed as evidenced by an affidavit verified by oath of the principal officer of the unit owners' association.

D. Any mortgagee of a condominium unit in the condominium shall have standing to participate in the reformation proceedings before the court. No reformation pursuant to this section shall affect mortgagee rights, alter the priority of the lien of any mortgage, materially impair or affect any condominium unit as collateral for a mortgage, or affect a mortgagee's right to foreclose on a condominium unit as collateral without the prior written consent of the mortgagee.

Consent of a mortgagee required by this section may be deemed received pursuant to § 55-79.73:1.

§ 55-515.2:1. Reformation of declaration; judicial procedure.

A. An association may petition the circuit court in the county or city wherein the development or the greater part thereof is located to reform a declaration where the association, acting through its board of directors, has attempted to amend the declaration regarding ownership of legal title of the common areas or real property using provisions outlined therein to resolve (i) ambiguities or inconsistencies in the declaration that are the source of legal and other disputes pertaining to the legal rights and responsibilities of the association or individual lot owners or (ii) scrivener's errors, including incorrectly identifying the association, incorrectly identifying an entity other than the association, or errors arising from oversight or from an inadvertent omission or mathematical mistake.

B. The court shall have jurisdiction over matters set forth in subsection A regarding ownership of legal title of the common areas or real property to:

1. Reform, in whole or in part, any provision of a declaration; and
2. Correct mistakes or any other error in the declaration that may exist with respect to the declaration for any other purpose.

C. A petition filed by the association with the court setting forth any inconsistency or error made in the declaration, or the necessity for any change therein, shall be deemed sufficient basis for the reformation, in whole or in part, of the declaration, provided that:

1. The association has made three good faith attempts to convene a duly called meeting of the association to present for consideration amendments to the declaration for the reasons specified in subsection A, which attempts have proven unsuccessful as evidenced by an affidavit verified by oath of the principal officer of the association;
2. There is no adequate remedy at law as practical and effective to attain the ends of justice as may be accomplished in the circuit court;
3. Where the declarant of the development still owns a lot or other property in the development, the declarant joins in the petition of the association;
4. A copy of the petition is sent to all owners at least 30 days before the petition is filed as evidenced by an affidavit verified by oath of the principal officer of the association; and
5. A copy of the petition is sent to all mortgagees at least 30 days before the petition is filed as evidenced by an affidavit verified by oath of the principal officer of the association.

D. Any mortgagee of a lot in the development shall have standing to participate in the reformation proceedings before the court. No reformation pursuant to this section shall affect mortgagee rights, alter the priority of the lien of any mortgage, materially impair or affect any lot as collateral for a mortgage, or affect a mortgagee's right to foreclose on a lot as collateral without the prior written consent of the mortgagee. Consent of a mortgagee required by this section may be deemed received pursuant to § 55-515.1.

1. That § 46.2-1702 of the Code of Virginia is amended and reenacted as follows:

19.2-368.7, 19.2-368.8, subsection G of this section, and § 19.2-368.16, the Criminal Injuries Compensation Fund shall pay Notwithstanding any other provision of la w, a person who is not eligible for an award under subsection A of § 19.2-368.4 who pays expenses directly related to funeral or burial is eligible for reimbursement subject to the limitations of this section.

Funds paid for physical evidence recovery kit collection shall not be offset against the Fund's maximum allowable award as provided in subsection H. Payments may be subject to negotiated agreements with the provider. Healthcare providers that complete physical evidence recovery kit examinations may bill the Fund directly subject to the provisions of § 19.2-368.5:2. The Commission shall develop policies for a distinct payment process for physical evidence recovery kit examination expenses as required under subdivision 1 of § 19.2-368.3.

In order for the Fund to consider additional crime-related expenses, victims shall file with the Fund following the provisions of this chapter and Criminal Injuries Compensation Fund policy.

G. Any claim made pursuant to this chapter shall be reduced by the amount of any payments received or to be received as a result of the injury from or on behalf of the person who committed the crime or from any other public or private source, including an emergency award by the Commission pursuant to § 19.2-368.9.

CHAPTER 666

An Act to amend and reenact § 46.2-1702 of the Code of Virginia, relating to approval of driver education instructors by the Commissioner of the Department of Motor Vehicles.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-1702 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-1702. Certification of driver education courses by Commissioner.

The Notwithstanding any other provision of law, the Commissioner shall have the authority to approve as a driver education course satisfying the requirements of § 46.2-334 any course which is offered by any driver training school licensed under the provisions of this chapter if he finds that the course is of comparable content and quality to that offered in the Commonwealth's public schools. In making such finding, the Commissioner shall not require that the instructors of any driver training school meet the certification requirements of teachers in the Commonwealth's public schools.

Any community college within the Virginia Community College System shall have the authority to offer the courses required by the Virginia Board of Education to become a certified driver education instructor in Virginia on a not-for-credit basis so long as the courses include the same content and curriculum required by the Department of Education, enabling individuals who complete those courses to then teach driver's education in Virginia driver education training schools upon official certification by the Department of Motor Vehicles. The Virginia Department of Education shall provide the curriculum, content, and other information regarding the courses required to become certified driver education instructors in Virginia to any community college within the Virginia Community College System. The content of each course must be accurate and rigorous and must meet the requirements for the Department of Education's Curriculum and Administrative Guide for Driver's Education, which includes the Board of Education's standards of learning.

The Commissioner shall have authority to approve any driver education course offered by any Class A licensee if he finds the course meets the requirements for such courses as set forth in this chapter and as otherwise established by the Department. Driver education courses offered by any Class B licensee shall be based on the driver education curriculum currently approved by the Department of Education and the Department.

The Commissioner may accept 20 years' service with the Virginia Department of State Police by a person who retired or resigned while in good standing from such Department in lieu of requirements established by the Department of Education for instructor qualification.
CHAPTER 667

An Act to amend and reenact § 20-108.2 of the Code of Virginia, relating to child support guidelines.

Be it enacted by the General Assembly of Virginia:

1. That § 20-108.2 of the Code of Virginia is amended and reenacted as follows:

A. There shall be a rebuttable presumption in any judicial or administrative proceeding for child support under this title or Title 16.1 or 63.2, including cases involving split custody or shared custody, that the amount of the award which would result from the application of the guidelines set forth in this section is the correct amount of child support to be awarded. In order to rebut the presumption, the court shall make written findings in the order as set out in § 20-108.1, which findings may be incorporated by reference, that the application of the guidelines would be unjust or inappropriate in a particular case as determined by relevant evidence pertaining to the factors set out in § 20-108.1. The Department of Social Services shall set child support at the amount resulting from computations using the guidelines set out in this section pursuant to the authority granted to it in Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 and subject to the provisions of § 63.2-1918.

B. For purposes of application of the guideline, a basic child support obligation shall be computed using the schedule set out below. For combined monthly gross income amounts falling between amounts shown in the schedule, basic child support obligation amounts shall be extrapolated. However, unless one of the following exemptions applies where the sole custody child support obligation as computed pursuant to subdivision G 1 is less than $65 per month, there shall be a presumptive minimum child support obligation of $65 per month payable by the payor parent.

If the gross income of the obligor is equal to or less than 150 percent of the federal poverty level promulgated by the U.S. Department of Health and Human Services from time to time, then the court, upon hearing evidence that there is no ability to pay the presumptive statutory minimum, may set an obligation below the presumptive statutory minimum provided doing so does not create or reduce a support obligation to an amount which seriously impairs the custodial parent's ability to maintain minimal adequate housing and provide other basic necessities for the child. Exemptions from this presumptive minimum monthly child support obligation shall include: parents unable to pay child support because they lack sufficient assets from which to pay child support and who, in addition, are institutionalized in a psychiatric facility; are imprisoned for life with no chance of parole; are medically verified to be totally and permanently disabled with no evidence of potential for paying child support, including recipients of Supplemental Security Income (SSI); or are otherwise involuntarily unable to produce income. "Number of children" means the number of children for whom the parents share joint legal responsibility and for whom support is being sought.

C. For purposes of this section, "gross income" means all income from all sources, and shall include, but not be limited to, income from salaries, wages, commissions, royalties, bonuses, dividends, severance pay, pensions, interest, trust income, annuities, capital gains, social security benefits except as listed below, workers' compensation benefits, unemployment insurance benefits, disability insurance benefits, veterans' benefits, spousal support, rental income, gifts, prizes or awards.

If a parent’s gross income includes disability insurance benefits, it shall also include any amounts paid to or for the child who is the subject of the order and derived by the child from the parent’s entitlement to disability insurance benefits. To the extent that such derivative benefits are included in a parent’s gross income, that parent shall be entitled to a credit against his or her ongoing basic child support obligation for any such amounts, and, if the amount of the credit exceeds the parent’s basic child support obligations, the credit may be used to reduce arrearages.

Gross income shall be subject to deduction of reasonable business expenses for persons with income from self-employment, a partnership, or a closely held business. "Gross income" shall not include:
1. Benefits from public assistance and social services programs as defined in § 63.2-100;
2. Federal supplemental security income benefits;
3. Child support received; or
4. Income received by the payor from secondary employment income not previously included in "gross income," where the payor obtained the income to discharge a child support arrearage established by a court or administrative order and the payor is paying the arrearage pursuant to the order. "Secondary employment income" includes but is not limited to income from an additional job, from self-employment, or from overtime employment. The cessation of such secondary income upon the payment of the arrearage shall not be the basis for a material change in circumstances upon which a modification of child support may be based.

For purposes of this subsection: (i) spousal support received shall be included in gross income and spousal support paid when paid pursuant to an order or written agreement and (ii) one-half of any self-employment tax paid shall be deducted from gross income.

Where there is an existing court or administrative order or written agreement relating to the child or children of a party to the proceeding, who are not the child or children who are the subject of the present proceeding, then there is a presumption that there shall be deducted from the gross income of the party subject to such order or agreement, the amount that the party is actually paying for the support of a child or children pursuant to such order or agreement.

Where a party to the proceeding has a natural or adopted child or children in the party’s household or primary physical custody, and the child or children are not the subject of the present proceeding, there is a presumption that there shall be deducted from the gross income of that party the amount as shown on the Schedule of Monthly Basic Child Support Obligations contained in subsection B that represents that party’s support obligation based solely on that party’s income as being the total income available for the natural or adopted child or children in the party’s household or primary physical custody, who are not the subject of the present proceeding. Provided, however, that the existence of a party’s financial responsibility for such a child or children shall not of itself constitute a material change in circumstances for modifying a previous order of child support in any modification proceeding. Any adjustment to gross income under this subsection shall
not create or reduce a support obligation to an amount which seriously impairs the custodial parent’s ability to maintain minimal adequate housing and provide other basic necessities for the child, as determined by the court.

In cases in which retroactive liability for support is being determined, the court or administrative agency may use the gross monthly income of the parties averaged over the period of retroactivity.

D. Except for good cause shown or the agreement of the parties, in addition to any other child support obligations established pursuant to this section, any child support order shall provide that the parents pay in proportion to their gross incomes, as used for calculating the monthly support obligation, any reasonable and necessary unreimbursed medical or dental expenses that are in excess of $250 for any calendar year for each child who is the subject of the obligation. The method of payment of those expenses shall be contained in the support order. Each parent shall pay his respective share of expenses as those expenses are incurred. Any amount paid under this subsection shall not be adjusted by, nor added to, the child support calculated in accordance with subsection G. For the purposes of this section, medical or dental expenses shall include but not be limited to eyeglasses, prescription medication, prosthetics, orthodontics, and mental health or developmental disabilities services, including but not limited to services provided by a social worker, psychologist, psychiatrist, counselor, or therapist.

E. Any costs for health care coverage as defined in § 63.2-1900 and dental care coverage, when actually being paid by a parent or that parent’s spouse, to the extent such costs are directly allocable to the child or children, and which are the extra costs of covering the child or children beyond whatever coverage the parent or that parent’s spouse providing the coverage would otherwise have, shall be added to the basic child support obligation.

F. Any child-care costs incurred on behalf of the child or children due to employment of the custodial parent shall be added to the basic child support obligation. Child-care costs shall not exceed the amount required to provide quality care from a licensed source. When requested by the noncustodial parent, the court may require the custodial parent to present documentation to verify the costs incurred for child care under this subsection. Where appropriate, the court shall consider the willingness and availability of the noncustodial parent to provide child care personally in determining whether child-care costs are necessary or excessive. Upon the request of either party, and upon a showing of the tax savings a party derives from child-care cost deductions or credits, the court shall factor actual tax consequences into its calculation of the child-care costs to be added to the basic child support obligation.

G. 1. Sole custody support. The sole custody total monthly child support obligation shall be established by adding (i) the monthly basic child support obligation, as determined from the schedule contained in subsection B, (ii) costs for health care coverage to the extent allowable by subsection E, and (iii) work-related child-care costs and taking into consideration all the factors set forth in subsection B of § 20-108.1. The total monthly child support obligation shall be divided between the parents in the same proportion as their monthly gross incomes bear to their monthly combined gross income. The monthly obligation of each parent shall be computed by multiplying each parent’s percentage of the parents’ monthly combined gross income by the total monthly child support obligation.

   However, the monthly obligation of the noncustodial parent shall be reduced by the cost for health care coverage to the extent allowable by subsection E when paid directly by the noncustodial parent or that parent’s spouse. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

   2. Split custody support. In cases involving split custody, the amount of child support to be paid shall be the difference between the amounts owed by each parent as a noncustodial parent, computed in accordance with subdivision 1, with the noncustodial parent owing the larger amount paying the difference to the other parent. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

   For the purpose of this section and § 20-108.1, split custody shall be limited to those situations where each parent has physical custody of a child or children born of the parents, born of either parent and adopted by the other parent or adopted by both parents. For the purposes of calculating a child support obligation where split custody exists, a separate family unit exists for each parent, and child support for that family unit shall be calculated upon the number of children in that family unit who are born of the parents, born of either parent and adopted by the other parent or adopted by both parents. Where split custody exists, a parent is a custodial parent to the children in that parent’s family unit and is a noncustodial parent to the children in the other parent’s family unit.

   3. Shared custody support.

      (a) Where a party has custody or visitation of a child or children for more than 90 days of the year, as such days are defined in subdivision G 3 (c), a shared custody child support amount based on the ratio in which the parents share the custody and visitation of any child or children shall be calculated in accordance with this subdivision. The presumptive support to be paid shall be the shared custody support amount, unless a party affirmatively shows that the sole custody support amount calculated as provided in subdivision G 1 is less than the shared custody support amount. If so, the lesser amount shall be the support to be paid. For the purposes of this subsection, the following shall apply:

      (i) Income share. "Income share" means a parent’s percentage of the combined monthly gross income of both parents. The income share of a parent is that parent’s gross income divided by the combined gross incomes of the parties.

      (ii) Custody share. "Custody share" means the number of days that a parent has physical custody, whether by sole custody, joint legal or joint residential custody, or visitation, of a shared child per year divided by the number of days in the year. The actual or anticipated "custody share" of the parent who has or will have fewer days of physical custody shall be calculated for a one-year period. The "custody share" of the other parent shall be presumed to be the number of days in the year less the number of days calculated as the first parent’s "custody share." For purposes of this calculation, the year may
begin on such date as is determined in the discretion of the court, and the day may begin at such time as is determined in the discretion of the court. For purposes of this calculation, a day shall be as defined in subdivision G 3 (c).

(iii) Shared support need. "Shared support need" means the presumptive guideline amount of needed support for the shared child or children calculated pursuant to subsection B of this section, for the combined gross income of the parties and the number of shared children, multiplied by 1.4.

(iv) Sole custody support. "Sole custody support" means the support amount determined in accordance with subdivision G 1.

(b) Support to be paid. The shared support need of the shared child or children shall be calculated pursuant to subdivision G 3 (a) (iii). This amount shall then be multiplied by the other parent's custody share. To that sum for each parent shall be added the other parent's or that parent's spouse's cost of health care coverage to the extent allowable by subsection E, plus the other parent's work-related child-care costs to the extent allowable by subsection F. This total for each parent shall be multiplied by that parent's income share. The support amounts thereby calculated that each parent owes the other shall be subtracted one from the other and the difference shall be the shared custody support one parent owes to the other, with the payor parent being the one whose shared support is the larger. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

(c) Definition of a day. For the purposes of this section, "day" means a period of 24 hours; however, where the parent who has the fewer number of overnight periods during the year has an overnight period with a child, but has physical custody of the shared child for less than 24 hours during such overnight period, there is a presumption that each parent shall be allocated one-half of a day of custody for that period.

(d) Minimum standards. Any calculation under this subdivision shall not create or reduce a support obligation to an amount which seriously impairs the custodial parent's ability to maintain minimal adequate housing and provide other basic necessities for the child. If the gross income of either party is equal to or less than 150 percent of the federal poverty level promulgated by the U.S. Department of Health and Human Services from time to time, then the shared custody support calculated pursuant to this subsection shall not be the presumptively correct support and the court may consider whether the sole custody support or the shared custody support is more just and appropriate.

(e) Support modification. When there has been an award of child support based on the shared custody formula and one parent consistently fails to exercise custody or visitation in accordance with the parent's custody share upon which the award was based, there shall be a rebuttable presumption that the support award should be modified.

(f) In the event that the shared custody support calculation indicates that the net support is to be paid to the parent who would not be the parent receiving support pursuant to the sole custody calculation, then the shared support shall be deemed to be the lesser support.

H. The Secretary of Health and Human Resources shall ensure that the guideline set out in this section is reviewed by October 31, 2001, and every four years thereafter, by the Child Support Guidelines Review Panel, consisting of 15 members comprised of four legislative members and 11 nonlegislative citizen members. Members shall be appointed as follows: three members of the House Committee for Courts of Justice, upon the recommendation of the chairman of such committee, to be appointed by the Speaker of the House of Delegates in accordance with the principles of proportional representation contained in the Rules of the House of Delegates; one member of the Senate Committee for Courts of Justice, upon the recommendation of the chairman of such committee, to be appointed by the Senate Committee on Rules; and one representative of a juvenile and domestic relations district court, one representative of a circuit court, one representative of the Department of Social Services' Division of Child Support Enforcement, three members of the Virginia State Bar, two custodial parents, two noncustodial parents, and one child advocate, upon the recommendation of the Secretary of Health and Human Resources, to be appointed by the Governor. The Panel shall determine the adequacy of the guideline for the determination of appropriate awards for the support of children by considering current research and data on the cost of and expenditures necessary for rearing children, and any other resources it deems relevant to such review. The Panel shall report its findings to the General Assembly as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports before the General Assembly next convenes following such review.

Legislative members shall serve terms coincident with their terms of office. Nonlegislative citizen members shall serve at the pleasure of the Governor. All members may be reappointed. Appointments to fill vacancies, other than by expiration of a term, shall be made for the unexpired terms. Vacancies shall be filled in the same manner as the original appointments.

Legislative members shall receive such compensation as provided in § 30-19.12, and nonlegislative citizen members shall receive such compensation for the performance of their duties as provided in § 2.2-2813. All members shall be reimbursed for all reasonable and necessary expenses incurred in the performance of their duties as provided in §§ 2.2-2813 and 2.2-2825. Funding for the costs of compensation and expenses of the members shall be provided by the Department of Social Services.

The Department of Social Services shall provide staff support to the Panel. All agencies of the Commonwealth shall provide assistance to the Panel, upon request.

The chairman of the Panel shall submit to the Governor and the General Assembly a quadrennial executive summary of the interim activity and work of the Panel no later than the first day of 2006 regular session of the General Assembly and every four years thereafter. The executive summary shall be submitted as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website.
CHAPTER 668

An Act to amend and reenact § 18.2-19 of the Code of Virginia, relating to accessories after the fact to certain homicides.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-19 of the Code of Virginia is amended and reenacted as follows:

§ 18.2-19. How accessories after the fact punished; certain exceptions.

Every accessory after the fact shall be guilty of (i) a Class 6 felony in the case of a homicide offense that is punishable by death or as a Class 2 felony or (ii) a Class 1 misdemeanor, provided, however, in the case of any other felony. However, no person in the relation of husband or wife, parent or grandparent, child or grandchild, brother or sister, by consanguinity or affinity, or servant to the offender, who, after the commission of a felony, shall aid or assist a principal felon or accessory before the fact to avoid or escape from prosecution or punishment, shall be deemed an accessory after the fact.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 806 of the Acts of Assembly of 2013 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CH. 669] ACTS OF ASSEMBLY 1137

Be it enacted by the General Assembly of Virginia:

1. That § 45.1-394 of the Code of Virginia is amended and reenacted as follows:

§ 45.1-394. (Repealed effective July 1, 2017) Biofuels Production Incentive Grant Program.

A. For the purposes of this section:

"Advanced biofuels" means a fuel derived from any cellulose, hemicellulose, or lignin that is derived from renewable biomass, or algae.

"Biodiesel fuel" means a fuel composed of mono-alkyl esters of long chain fatty acids derived from vegetable oils or animal fats, designated B100, and meeting the requirements of ASTM D6751.

"Biofuels" means neat biodiesel fuel, neat green diesel fuel, or neat ethanol fuel that is not blended with a traditional fuel such as gasoline or diesel.

"Ethanol fuels" means fermentation alcohol derived from agricultural products, including potatoes, cereal grains, dry mill corn, whey, and sugar beets; forest products; or other renewable resources, including residue and waste generated from the production, processing, and marketing of agricultural products, forest products, and other renewable resources, that:

1. Meets all applicable ASTM specifications; and

"Feedstock" means the agricultural or other renewable resources, whether plant or animal derived, used to produce biofuels.

"Green diesel fuel" means a fuel produced from nonfossil renewable resources, including agricultural or silvicultural plants; animal fats; residue and waste generated from the production, processing, and marketing of agricultural products; silvicultural products; and other renewable resources, and meeting applicable ASTM specifications.

"Producer" means any person, entity, or agricultural cooperative association, as defined in the Agricultural Cooperative Association Act (§ 13.1-312 et seq.) that, in a calendar year, produces in the Commonwealth at least one million gallons of advanced biofuels or biofuels using feedstock originating domestically within the United States.

B. A producer of neat advanced biofuels commencing qualifying sales on or after January 1, 2008, but before September 30, 2011, shall be eligible to receive a biofuels production incentive grant in an amount equal to $0.125 for each gallon of neat advanced biofuels sold by it in the calendar year beginning with calendar year 2008. 1. A producer of non-advanced neat advanced biofuels or neat biofuels, including but not limited to such biofuels derived from cereal grains, shall be eligible to receive a biofuels production incentive grant in an amount equal to $0.10 for each gallon of neat biofuels sold by it in the calendar year beginning with calendar year 2008. To be eligible for an incentive grant in any given calendar year, the producer shall have produced in the Commonwealth at least one million gallons of neat biofuels before September 30, 2011. In addition, any producer producing neat biofuels prior to January 1, 2008, shall be eligible for an incentive grant for neat biofuel sales in the respective calendar year only if its production in the Commonwealth of neat biofuels exceeds one million gallons in the calendar year prior to the calendar year in which the producer received the grant.
biofuels for such calendar year exceeds its production in the Commonwealth of neat biofuels in the 2007 calendar year by at least one million gallons, and if it maintains production at a minimum of that level in future years for each gallon of the same that it produces in the Commonwealth. ▲ However, a producer shall be eligible for a grant from the Biofuels Production Fund (the Fund) established under § 45.1-393 only for each gallon of neat advanced biofuels or neat biofuels that it produces in the Commonwealth on or after January 1, 2008, which gallon has also been sold by the producer to customers.

2. The grant for neat advanced biofuels or neat biofuels produced in the Commonwealth and subsequently sold to customers shall equal (i) $0.04 per gallon for sales to customers in calendar year 2014, (ii) $0.03 per gallon for sales to customers in calendar year 2015, and (iii) $0.025 per gallon for sales to customers in calendar year 2016 and for the period January 1, 2017, through June 30, 2017.

3. Each producer applying for a grant under this section for 2015 production of neat advanced biofuels or neat biofuels shall make a good faith effort to produce the same using feedstock that is not derived from corn or the corn kernel, stalk, or any other part of the plant. Further, no grant shall be awarded for neat advanced biofuels or neat biofuels produced in 2016 or thereafter using feedstock derived from corn or the corn kernel, stalk, or any other part of the plant.

No person shall be eligible for any grants pursuant to this section if the person, or an affiliate of the person, was the recipient of a grant under the Clean Energy Manufacturing Incentive Grant Program (§ 59.1-284.25 et seq.).

4. In no case shall the Director of the Division of Energy approve more than $1.5 million in grants in each of fiscal years 2014-2015, 2015-2016, and 2016-2017. Grants awarded under this section shall be paid from the Fund.

C. In the event applications for grants pursuant to subsection B as approved by the Director of the Division of Energy exceed the total amount of money allocated in the Fund, grant payments shall be apportioned among eligible producers proportional to the total qualifying gallons of neat advanced biofuels or neat biofuels sold in the respective calendar year by all such eligible producers.

D. Any producer eligible to apply for a grant pursuant to this section shall provide evidence in the form of production reports, satisfactory to the Director of the Division of Energy, that the producer met the neat biofuels production requirements provided under this section for the respective calendar year. The producer shall also provide evidence in the form of sales reports, satisfactory to the Director, of the number of qualifying gallons of neat advanced biofuels or neat biofuels sold by the producer to customers in the respective calendar year. Such reports shall be filed no later than March 31 following the calendar year in which the producer sold the qualifying gallons of neat biofuels. Failure to meet the filing deadline shall render the applicant ineligible to receive a grant. The postmark cancellation shall govern the date of the filing determination unless the Director has approved an alternative means of filing.

No producer shall be eligible to receive grants pursuant to this section for qualifying sales made in more than six calendar years. No grants provided pursuant to this section may be made after the fiscal year ending June 30, 2017 shall be paid under this section for neat advanced biofuels or neat biofuels sold on or after July 1, 2017.

E. The Director of the Division of Energy shall determine the amount of the grant payable to each qualifying producer. The Director shall then certify to the Comptroller the grant amount a each producer of neat biofuels is eligible to receive in a given calendar year. Payments shall be paid by check issued by the State Treasurer on warrant of the Comptroller.

F. The Director, upon presenting appropriate credentials, may examine the records, books, invoices, bills of lading, storage and production facilities, and other applicable documents to determine whether the production and sale of neat advanced biofuels or neat biofuels meet the requirements for grants as set forth in this section.

2. That the second enactment of Chapter 652 of the Acts of Assembly of 2006 is amended and reenacted as follows:

2. That no grant shall be paid pursuant to the provisions of this act for any neat biofuels sold after January 1, 2017 § 45.1-394 of the Code of Virginia for neat advanced biofuels or neat biofuels sold on or after July 1, 2017.

CHAPTER 670

An Act to amend and reenact §§ 65.2-605 and 65.2-714 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 65.2-605.1, relating to workers' compensation; costs of medical services.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 65.2-605 and 65.2-714 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 65.2-605.1 as follows:

§ 65.2-605. Liability of employer for medical services ordered by Commission; malpractice; assistants-at-surgery; coding.

A. The pecuniary liability of the employer for medical, surgical, and hospital service herein required when ordered by the Commission shall be limited to such charges as prevail in the same community for similar treatment when such treatment is paid for by the injured person and the employer shall not be liable in damages for malpractice by a physician or surgeon furnished by him pursuant to the provisions of § 65.2-603, but the consequences of any such malpractice shall be deemed part of the injury resulting from the accident and shall be compensated for as such.
B. The pecuniary liability of the employer for treatment pursuant to subsection A that is rendered on or after July 1, 2014, by:
   1. A nurse practitioner or physician assistant serving as an assistant-at-surgery shall be limited to no more than 20 percent of the reimbursement due under subsection A to the physician performing the surgery; and
   2. An assistant surgeon in the same specialty as the primary surgeon shall be limited to no more than 50 percent of the reimbursement due under subsection A to the primary physician performing the surgery.

C. Multiple procedures completed on a single surgical site associated with medical, surgical, and hospital services pursuant to subsection A and rendered on or after July 1, 2014, shall be coded and billed with appropriate Current Procedural Terminology (CPT) modifiers and paid according to the National Correct Coding Initiative (NCCI) rules and the CPT as in effect at the time the health care was provided to the claimant. The CPT and NCCI, as in effect at the time such health care was provided to the claimant, shall serve as the basis for processing a health care provider's billing form or itemization for such items as global and comprehensive billing and the unbundling of health care services. Hospital in-patient health care services shall be coded and billed through the International Statistical Classification of Diseases and Related Health Problems (ICD) as in effect at the time the health care was provided to the claimant.

§ 65.2-605.1. Prompt payment; limitation on claims.
A. Payment for health care services that the employer does not contest, deny, or consider incomplete shall be made to the health care provider within 60 days after receipt of each separate itemization of the health care services provided.
B. If the itemization or a portion thereof is contested, denied, or considered incomplete, the employer or the employer's workers' compensation insurance carrier shall notify the health care provider within 45 days after receipt of the itemization that the itemization is contested, denied, or considered incomplete. The notification shall include the following information:
   1. The reasons for contesting or denying the itemization, or the reasons the itemization is considered incomplete;
   2. If the itemization is considered incomplete, all additional information required to make a decision; and
   3. The remedies available to the health care provider if the health care provider disagrees.
Payment or denial shall be made within 60 days after receipt from the health care provider of the information requested by the employer or employer's workers' compensation carrier for an incomplete claim under this subsection.
C. Payment due for any properly documented health care services that are neither contested within the 45-day period nor paid within the 60-day period, as required by this section, shall be increased by interest at the judgment rate of interest as provided in § 6.2-302 retroactive to the date payment was due under this section.
D. An employer's liability to a health care provider under this section shall not affect its liability to an employee.
E. No employer or workers' compensation carrier may seek recovery of a payment made to a health care provider for health care services rendered after July 1, 2014, to a claimant, unless such recovery is sought less than one year from the date payment was made to the health care provider, except in cases of fraud. The Commission shall have jurisdiction over any disputes over recoveries.
F. No health care provider shall submit a claim to the Commission contesting the sufficiency of payment for health care services rendered to a claimant after July 1, 2014, unless (i) such claim is filed within one year of the date the last payment is received by the health care provider pursuant to this section or (ii) if the employer denied or contested payment for any portion of the health care services, then, as to that service or portion thereof, such claim is filed within one year of the date the medical award covering such date of service for a specific item or treatment in question becomes final.
G. Any health care provider located outside of the Commonwealth who provides health care services under the Act to a claimant shall be reimbursed as provided in this section, and the "same community," as used in subsection A of § 65.2-605, shall be deemed to be the principal place of business of the employer if located in the Commonwealth or, if no such location exists, then the location where the Commission hearing regarding the dispute is conducted.

§ 65.2-714. Fees of attorneys and physicians and hospital charges.
A. Fees of attorneys and physicians and charges of hospitals for services, whether employed by employer, employee or insurance carrier under this title, shall be subject to the approval and award of the Commission. In addition to the provisions of Chapter 13 (§ 65.2-1300 et seq.), the Commission shall have exclusive jurisdiction over all disputes concerning such fees or charges and may order the repayment of the amount of any fee which has already been paid that it determines to be excessive; appeals from any Commission determinations thereon shall be taken as provided in § 65.2-706. The Commission shall also retain jurisdiction for employees to pursue payment of charges for medical services notwithstanding that bills or parts of bills for health care services may have been paid by a source other than an employer, workers' compensation carrier, guaranty fund or uninsured employer's fund. No physician shall be entitled to collect fees from an employer or insurance carrier until he has made the reports required by the Commission in connection with the case.
B. If a contested claim is held to be compensable under this title and, after a hearing on the claim on its merits or after abandonment of a defense by the employer or insurance carrier, benefits for medical services are awarded and inure to the benefit of a third party insurance carrier or health care provider, the Commission shall award to the employee's attorney a reasonable fee and other reasonable pro rata costs as are appropriate from the sum which benefits the third party insurance carrier or health care provider. Such fees shall be based on the amount paid by the employer or insurance carrier to the third party insurance carrier or health care provider for medical, surgical and hospital service rendered to the employee through the date on which the contested claim is heard before the Deputy Commissioner. For the purpose of this subsection, a "contested claim" is an initial contested claim for benefits and claims for medical, surgical and hospital services that are subsequently contested and litigated or after abandonment of a defense by the employer or insurance carrier.
C. Payment of any obligation pursuant to this section to any third party insurance carrier or health care provider shall discharge the obligation in full. The Commission shall not reduce the amount of medical bills owed to the Commonwealth or its agencies without the written consent of the Office of the Attorney General.

D. No physician, hospital, or other health care provider as defined in § 8.01-581.1 shall balance bill an employee in connection with any medical treatment, services, appliances or supplies furnished to the employee in connection with an injury for which (i) a claim has been filed with the Commission pursuant to § 65.2-601, (ii) payment has been made to the health care provider pursuant to § 65.2-605.1, or (iii) an award of compensation is made pursuant to § 65.2-704. For the purpose of this subsection, a health care provider "balance bills" whenever (a) an employer or the employer's insurance carrier declines to pay all of the health care provider's charge or fee and (b) the health care provider seeks payment of the balance from the employee. Nothing in this section shall prohibit a health care provider from using the practices permitted in § 65.2-601.1.

1. That the Code of Virginia is amended by adding a section numbered 15.2-2208.1 as follows:

§ 15.2-2208.1. Damages for unconstitutional grant or denial by locality of certain permits and approvals.

A. Notwithstanding any other provision of law, general or special, any applicant aggrieved by the grant or denial by a locality of any approval or permit, however described or delineated, including a special exception, special use permit, conditional use permit, rezoning, site plan, plan of development, and subdivision plan, where such grant included, or denial was based upon, an unconstitutional condition pursuant to the United States Constitution or the Constitution of Virginia, shall be entitled to an award of compensatory damages and to an order remanding the matter to the locality with a direction to grant or issue such permits or approvals without the unconstitutional condition and may be entitled to reasonable attorney fees and court costs.

B. In any proceeding, once an unconstitutional condition has been proven by the aggrieved applicant to have been a factor in the grant or denial of the approval or permit, the court shall presume, absent clear and convincing evidence to the contrary, that such applicant's acceptance of or refusal to accept the unconstitutional condition was the controlling basis for such impermissible grant or denial provided only that the applicant objected to the condition in writing prior to such grant or denial.

C. Any action brought pursuant to this section shall be filed with the circuit court having jurisdiction of the land affected or the greater part thereof, and the court shall hear and determine the case as soon as practical, provided that such action is filed within the time limit set forth in subsection C or D of § 15.2-2259, subsection D or E of § 15.2-2260, or subsection F of § 15.2-2285, as may be applicable.

The authority conferred upon such special policemen shall be exercised only upon the Commission's facilities located within such participating political subdivision, and shall be in all terms consistent with the requirements of Chapter 3 of Title 15.1 of the Code of Virginia.

Such special policemen shall have all powers vested in police officers under Chapter 3 of Title 15.1 of the Code of Virginia and shall be responsible upon the Commission's facilities for enforcing the Commission's rules and regulations and all other applicable statutes, ordinances, rules, and regulations of the United States of America and agencies and instrumentalities thereof and this Commonwealth and political subdivisions, agencies, and instrumentalities thereof.

The Commission shall not issue bonds unless and until the maximum amount of such issue and the general purposes thereof have been approved by the governing body of each participating political subdivision. Subject to the foregoing, bonds may be issued under this act notwithstanding any debt or other limitation prescribed in any statute and without obtaining the consent of any city, town, or county government or any commission, board, bureau, or agency of the Commonwealth or of any of the foregoing, and without any other proceedings or the happening of other conditions or things than those proceedings, conditions or things which are specifically required by this act.

In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this act or any recitals in any bonds issued under the provisions of this act, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or registered form or both, as the Commission may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the conversion and reconversion into coupon bonds of any bonds registered as to both principal and interest and vice versa. The Commission may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the Commission.

CHAPTER 673

An Act to amend and reenact §§ 58.1-3833 and 58.1-3840 of the Code of Virginia, relating to local meals tax and food and beverage tax.

Approved April 6, 2014

[H 1099]
Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-3833 and 58.1-3840 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-3833. County food and beverage tax.

A. Any county is hereby authorized to levy a tax on food and beverages sold, for human consumption, by a restaurant, as such term is defined in subdivision 9 of § 35.1-1, not to exceed four percent of the amount charged for such food and beverages. Such tax shall not be levied on food and beverages sold through vending machines or by: (i) boardinghouses that do not accommodate transients; (ii) cafeterias operated by industrial plants for employees only; (iii) restaurants to their employees as part of their compensation when no charge is made to the employee; (iv) volunteer fire departments and rescue squads; nonprofit churches or other religious bodies; or educational, charitable, fraternal, or benevolent organizations; on an occasional basis, not exceeding the first three times per calendar year and, beginning with the fourth time, on the first $100,000 of gross receipts per calendar year from sales of food and beverages (excluding gross receipts from the first three times), as a fundraising activity, the gross proceeds of which are to be used by such church, religious body or organization exclusively for nonprofit educational, charitable, benevolent, or religious purposes; (v) churches that serve meals for their members as a regular part of their religious observances; (vi) public or private elementary or secondary schools, colleges, and universities to their students or employees; (vii) hospitals, medical clinics, convalescent homes, nursing homes, or other extended care facilities to patients or residents thereof; (viii) day care centers; (ix) homes for the aged, infirm, handicapped, battered women, narcotic addicts, or alcoholics; or (x) age-restricted apartment complexes or residences with restaurants, not open to the public, where meals are served and fees are charged for such food and beverages and are included in rental fees. Also, the tax shall not be levied on food and beverages: (a) when used or consumed and paid for by the Commonwealth, any political subdivision of the Commonwealth, or the United States; or (b) provided by a public or private nonprofit charitable organization or establishment to elderly, infirm, blind, handicapped, or needy persons in their homes, or at central locations; or (c) provided by private establishments that contract with the appropriate agency of the Commonwealth to offer food, food products, or beverages for immediate consumption at concession prices to elderly, infirm, blind, handicapped, or needy persons in their homes or at central locations.

Grocery stores and convenience stores selling prepared foods ready for human consumption at a delicatessen counter shall be subject to the tax, for that portion of the grocery store or convenience store selling such items.

This tax shall be levied only if the tax is approved in a referendum within the county which shall be held in accordance with § 24.2-684 and initiated either by a resolution of the board of supervisors or on the filing of a petition signed by a number of registered voters of the county equal in number to 10 percent of the number of voters registered in the county, as appropriate on January 1 of the year in which the petition is filed with the court of such county. The clerk of the circuit court shall publish notice of the election in a newspaper of general circulation in the county once a week for three consecutive weeks prior to the election. If the voters affirm the levy of a local meals tax, the tax shall be effective in an amount and on such terms as the governing body may by ordinance prescribe. If such resolution of the board of supervisors or such petition states for what projects and/or purposes the revenues collected from the tax are to be used, then the question on the ballot for the referendum shall include language stating for what projects and/or purposes the revenues collected from the tax are to be used.

The term "beverage" as set forth herein shall mean alcoholic beverages as defined in § 4.1-100 and nonalcoholic beverages served as part of a meal. The tax shall be in addition to the sales tax currently imposed by the county pursuant to the authority of Chapter 6 (§ 58.1-600 et seq.) of this title. Collection of such tax shall be in a manner prescribed by the governing body.

B. Notwithstanding the provisions of subsection A of this section, Roanoke County, Rockbridge County, Frederick County, Arlington County, and Montgomery County, are hereby authorized to levy a tax on food and beverages sold for human consumption by a restaurant, as such term is defined in § 35.1-1 and as modified in subsection A above and subject to the same exemptions, not to exceed four percent of the amount charged for such food and beverages, provided that the governing body of the respective county holds a public hearing before adopting a local food and beverage tax, and the governing body by unanimous vote adopts such tax by local ordinance. The tax shall be effective in an amount and on such terms as the governing body may by ordinance prescribe.

C. Nothing herein contained shall affect any authority heretofore granted to any county, city or town to levy a meals tax. The county tax limitations imposed pursuant to § 58.1-3711 shall apply to any tax levied under this section, mutatis mutandis. All food and beverage tax collections and all meals tax collections shall be deemed to be held in trust for the county, city or town imposing the applicable tax. The wrongful and fraudulent use of such collections other than remittance of the same as provided by law shall constitute embezzlement pursuant to § 18.2-111.

D. No county which has heretofore adopted an ordinance pursuant to subsection A of this section shall be required to submit an amendment to its meals tax ordinance to the voters in a referendum.

E. Notwithstanding any other provision of this section, no locality shall levy any tax under this section upon (i) that portion of the amount paid by the purchaser as a discretionary gratuity in addition to the sales price; (ii) that portion of the amount paid by the purchaser as a mandatory gratuity or service charge added by the restaurant in addition to the sales price, but only to the extent that such mandatory gratuity or service charge does not exceed 20% of the sales price; or (iii) alcoholic beverages sold in factory sealed containers and purchased for off-premises consumption or food purchased for human consumption as "food" is defined in the Food Stamp Act of 1977, 7 U.S.C. § 2012, as amended, and federal
A. The provisions of Chapter 6 (§ 58.1-600 et seq.) of this title to the contrary notwithstanding, any city or town having general taxing powers established by charter pursuant to or consistent with the provisions of § 15.2-1104 may impose excise taxes on cigarettes, admissions, transient room rentals, meals, and travel campgrounds. No such taxes on meals may be imposed on (i) that portion of the amount paid by the purchaser as a discretionary gratuity in addition to the sales price of the meal; (ii) that portion of the amount paid by the purchaser as a mandatory gratuity or service charge added by the restaurant in addition to the sales price of the meal, but only to the extent that such mandatory gratuity or service charge does not exceed 20% of the sales price; or (iii) food and beverages sold through vending machines or on any tangible personal property purchased with food coupons issued by the United States Department of Agriculture under the Food Stamp Program or drafts issued through the Virginia Special Supplemental Food Program for Women, Infants, and Children. No such taxes on meals may be imposed when sold or provided by: (a) restaurants, as such term is defined in subdivision 9 of § 35.1-1, to their employees as part of their compensation when no charge is made to the employee; (b) volunteer fire departments and rescue squads; nonprofit churches or other religious bodies; or educational, charitable, fraternal, or benevolent organizations, on an occasional basis, not exceeding the first three times per calendar year and, beginning with the fourth time, on the first $100,000 of gross receipts per calendar year from sales of meals (excluding gross receipts from the first three times), as a fundraising activity, the gross proceeds of which are to be used by such church, religious body or organization exclusively for nonprofit educational, charitable, benevolent, or religious purposes; (c) churches that serve meals for their members as a regular part of their religious observances; (d) public or private elementary or secondary schools, or public or private colleges and universities, to their students or employees; (e) hospitals, medical clinics, convalescent homes, nursing homes, or other extended care facilities to patients or residents thereof; (f) day care centers; (g) homes for the aged, infirm, handicapped, battered women, narcotic addicts, or alcoholics; or (h) age-restricted apartment complexes or residences with restaurants, not open to the public, where meals are served and fees are charged for such food and beverages and are included in rental fees.

Also, the tax shall not be levied on meals: (a) when used or consumed and paid for by the Commonwealth, any political subdivision of the Commonwealth, or the United States; or (b) provided by a public or private nonprofit charitable organization or establishment to elderly, infirm, blind, handicapped, or needy persons in their homes, or at central locations; or (c) provided by private establishments that contract with the appropriate agency of the Commonwealth to offer food, food products, or beverages for immediate consumption at concession prices to elderly, infirm, blind, handicapped, or needy persons in their homes or at central locations.

In addition, as set forth in § 51.5-98, no blind person operating a vending stand or other business enterprise under the jurisdiction of the Department for the Blind and Vision Impaired and located on property acquired and used by the United States for any military or naval purpose shall be required to collect and remit meals taxes.

B. Notwithstanding any other provision of this section, no city or town shall levy any tax under this section upon alcoholic beverages sold in factory sealed containers and purchased for off-premises consumption or food purchased for human consumption as "food" is defined in the Food Stamp Act of 1977, 7 U.S.C. § 2012, as amended, and federal regulations adopted pursuant to that act, except for the following items: sandwiches, salad bar items sold from a salad bar, prepackaged single-serving salads consisting primarily of an assortment of vegetables, and nonfactory sealed beverages.

C. Any city or town that is authorized to levy a tax on admissions may levy the tax on admissions paid for any event held at facilities that are not owned by the city or town at a lower rate than the rate levied on admissions paid for any event held at its city- or town-owned civic centers, stadiums and amphitheatres.

§ 15.2-907. Authority to require removal, repair, etc., of buildings and other structures harboring illegal drug use.

A. As used in this section:

"Affidavit" means the affidavit prepared by a locality in accordance with subdivision B 1 a hereof.

"Controlled substance" means illegally obtained controlled substances or marijuana, as defined in § 54.1-3401, or synthetic cannabinoids as defined in § 18.2-248.1:1.

"Corrective action" means the taking of steps which are reasonably expected to be effective to abate drug blight on real property, such as removal, repair or securing of any building, wall or other structure.

"Drug blight" means a condition existing on real property which tends to endanger the public health or safety of residents of a locality and is caused by the regular presence on the property of persons under the influence of controlled substances or the regular use of the property for the purpose of illegally possessing, manufacturing or distributing controlled substances.

"Owner" means the record owner of real property.

"Property" means real property.

B. Any locality may, by ordinance, provide that:

1. The locality may undertake corrective action with respect to property in accordance with the procedures described herein:
a. The locality shall execute an affidavit, citing this section, to the effect that (i) drug blight exists on the property and
in the manner described therein; (ii) the locality has used diligence without effect to abate the drug blight; and (iii) the drug
blight constitutes a present threat to the public's health, safety or welfare.
b. The locality shall then send a notice to the owner of the property, to be sent by regular mail to the last address listed
for the owner on the locality's assessment records for the property, together with a copy of such affidavit, advising that
(i) the owner has up to 30 days from the date thereof to undertake corrective action to abate the drug blight described in such
affidavit and (ii) the locality will, if requested to do so, assist the owner in determining and coordinating the appropriate
corrective action to abate the drug blight described in such affidavit.
c. If no corrective action is undertaken during such 30-day period, the locality shall send by regular mail an additional
notice to the owner of the property, at the address stated in the preceding subdivision, stating the date on which the locality
may commence corrective action to abate the drug blight on the property, which date shall be no earlier than 15 days after
the date of mailing of the notice. Such additional notice shall also reasonably describe the corrective action contemplated to
be taken by the locality. Upon receipt of such notice, the owner shall have a right, upon reasonable notice to the locality, to
seek equitable relief, and the locality shall initiate no corrective action while a proper petition for relief is pending before a
court of competent jurisdiction.

2. If the locality undertakes corrective action with respect to the property after complying with the provisions of
subdivision B 1, the costs and expenses thereof shall be chargeable to and paid by the owner of such property and may be
collected by the locality as taxes are collected.

3. Every charge authorized by this section with which the owner of any such property has been assessed and which
remains unpaid shall constitute a lien against such property with the same priority as liens for unpaid local taxes and
enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of
Title 58.1.

C. If the owner of such property takes timely corrective action pursuant to such ordinance, the locality shall deem the
drug blight abated, shall close the proceeding without any charge or cost to the owner and shall promptly provide written
notice to the owner that the proceeding has been terminated satisfactorily. The closing of a proceeding shall not bar the
locality from initiating a subsequent proceeding if the drug blight recurs.

D. Nothing in this section shall be construed to abridge or waive any rights or remedies of an owner of property at law
or in equity.

§ 16.1-260. Intake; petition; investigation.

A. All matters alleged to be within the jurisdiction of the court shall be commenced by the filing of a petition, except as
provided in subsection H and in § 16.1-259. The form and content of the petition shall be as provided in § 16.1-262. No individual
shall be required to obtain support services from the Department of Social Services prior to filing a petition
seeking support for a child. Complaints, requests and the processing of petitions to initiate a case shall be the responsibility
of the intake officer. However, (i) the attorney for the Commonwealth of the city or county may file a petition on his own
motion with the clerk, (ii) designated nonattorney employees of the Department of Social Services may complete, sign and
file petitions and motions relating to the establishment, modification, or enforcement of support on forms approved by the
Supreme Court of Virginia with the clerk, and (iii) any attorney may file petitions on behalf of his client with the clerk
except petitions alleging that the subject of the petition is a child alleged to be in need of services, in need of supervision or
delinquent. Complaints alleging abuse or neglect of a child shall be referred initially to the local department of social
services in accordance with the provisions of Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2. Motions and other subsequent
pleadings in a case shall be filed directly with the clerk. The intake officer or clerk with whom the petition or motion is filed
shall inquire whether the petitioner is receiving child support services or public assistance. No individual who is receiving
support services or public assistance shall be denied the right to file a petition or motion to establish, modify or enforce an
order for support of a child. If the petitioner is seeking or receiving child support services or public assistance, the clerk,
upon issuance of process, shall forward a copy of the petition or motion, together with notice of the court date, to the
Division of Child Support Enforcement.

B. The appearance of a child before an intake officer may be by (i) personal appearance before the intake officer or
(ii) use of two-way electronic video and audio communication. If two-way electronic video and audio communication is
used, an intake officer may exercise all powers conferred by law. All communications and proceedings shall be conducted in
the same manner as if the appearance were in person, and any documents filed may be transmitted by facsimile process. The
facsimile may be served or executed by the officer or person to whom sent, and returned in the same manner, and with the
same force, effect, authority, and liability as an original document. All signatures thereon shall be treated as original
signatures. Any two-way electronic video and audio communication system used for an appearance shall meet the standards
as set forth in subsection B of § 19.2-3.1.

When the court service unit of any court receives a complaint alleging facts which may be sufficient to invoke the
jurisdiction of the court pursuant to § 16.1-241, the unit, through an intake officer, may proceed informally to make such
adjustment as is practicable without the filing of a petition or may authorize a petition to be filed by any complainant having
sufficient knowledge of the matter to establish probable cause for the issuance of the petition.

An intake officer may proceed informally on a complaint alleging a child is in need of services, in need of supervision
or delinquent only if the juvenile (i) is not alleged to have committed a violent juvenile felony or (ii) has not previously been
proceeded against informally or adjudicated delinquent for an offense that would be a felony if committed by an adult. A
petition alleging that a juvenile committed a violent juvenile felony shall be filed with the court. A petition alleging that a juvenile is delinquent for an offense that would be a felony if committed by an adult shall be filed with the court if the juvenile had previously been proceeded against informally by intake or had been adjudicated delinquent for an offense that would be a felony if committed by an adult.

If a juvenile is alleged to be a truant pursuant to a complaint filed in accordance with § 22.1-258 and the attendance officer has provided documentation to the intake officer that the relevant school division has complied with the provisions of § 22.1-258, then the intake officer shall file a petition with the court. The intake officer may defer filing the complaint for 90 days and proceed informally by developing a truancy plan. The intake officer may proceed informally only if the juvenile has not previously been proceeded against informally or adjudicated in need of supervision for failure to comply with compulsory school attendance as provided in § 22.1-254. The juvenile and his parent or parents, guardian or other person standing in loco parentis must agree, in writing, for the development of a truancy plan. The truancy plan may include requirements that the juvenile and his parent or parents, guardian or other person standing in loco parentis participate in such programs, cooperate in such treatment or be subject to such conditions and limitations as necessary to ensure the juvenile's compliance with compulsory school attendance as provided in § 22.1-254. The intake officer may refer the juvenile to the appropriate public agency for the purpose of developing a truancy plan using an interagency interdisciplinary team approach. The team may include qualified personnel who are reasonably available from the appropriate department of social services, community services board, local school division, court service unit and other appropriate and available public and private agencies and may be the family assessment and planning team established pursuant to § 2.2-5207. If at the end of the 90-day period the juvenile has not successfully completed the truancy plan or the truancy program, then the intake officer shall file the petition.

Whenever informal action is taken as provided in this subsection on a complaint alleging that a child is in need of services, in need of supervision or delinquent, the intake officer shall (i) develop a plan for the juvenile, which may include restitution and the performance of community service, based upon community resources and the circumstances which resulted in the complaint, (ii) create an official record of the action taken by the intake officer and file such record in the juvenile's case file, and (iii) advise the juvenile and the juvenile's parent, guardian or other person standing in loco parentis and the complainant that any subsequent complaint alleging that the child is in need of supervision or delinquent based upon facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241 will result in the filing of a petition with the court.

C. The intake officer shall accept and file a petition in which it is alleged that (i) the custody, visitation or support of a child is the subject of controversy or requires determination, (ii) a person has deserted, abandoned or failed to provide support for any person in violation of law, (iii) a child or such child's parent, guardian, legal custodian or other person standing in loco parentis is entitled to treatment, rehabilitation or other services which are required by law, (iv) family abuse has occurred and a protective order is being sought pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1, or (v) an act of violence, force, or threat has occurred, a protective order is being sought pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, and either the alleged victim or the respondent is a juvenile. If any such complainant does not file a petition, the intake officer may file it. In cases in which a child is alleged to be abused, neglected, in need of services, in need of supervision or delinquent, if the intake officer believes that probable cause does not exist, or that the authorization of a petition will not be in the best interest of the family or juvenile or that the matter may be effectively dealt with by some agency other than the court, he may refuse to authorize the filing of a petition. The intake officer shall provide to a person seeking a protective order pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1 a written explanation of the conditions, procedures and time limits applicable to the issuance of protective orders pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1. If the person is seeking a protective order pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, the intake officer shall provide a written explanation of the conditions, procedures, and time limits applicable to the issuance of protective orders pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10.

D. Prior to the filing of any petition alleging that a child is in need of supervision, the matter shall be reviewed by an intake officer who shall determine whether the petition and the child alleged to be in need of supervision have utilized or attempted to utilize treatment and services available in the community and have exhausted all appropriate nonjudicial remedies which are available to them. When the intake officer determines that the parties have not attempted to utilize available treatment or services or have not exhausted all appropriate nonjudicial remedies which are available, he shall refer the petitioner and the child alleged to be in need of supervision to the appropriate agency, treatment facility or individual to receive treatment or services, and a petition shall not be filed. Only after the intake officer determines that the parties have made a reasonable effort to utilize available community treatment or services may he permit the petition to be filed.

E. If the intake officer refuses to authorize a petition relating to an offense that if committed by an adult would be punishable as a Class 1 misdemeanor or as a felony, the complainant shall be notified in writing at that time of the complainant's right to apply to a magistrate for a warrant. If a magistrate determines that probable cause exists, he shall issue a warrant returnable to the juvenile and domestic relations district court. The warrant shall be delivered forthwith to the juvenile court, and the intake officer shall accept and file a petition founded upon the warrant. If the court is closed and the magistrate finds that the criteria for detention or shelter care set forth in § 16.1-248.1 have been satisfied, the juvenile may be detained pursuant to the warrant issued in accordance with this subsection. If the intake officer refuses to authorize a petition relating to a child in need of services or in need of supervision, a status offense, or a misdemeanor other than Class 1, his decision is final.
Upon delivery to the juvenile court of a warrant issued pursuant to subdivision 2 of § 16.1-256, the intake officer shall accept and file a petition founded upon the warrant.

F. The intake officer shall notify the attorney for the Commonwealth of the filing of any petition which alleges facts of an offense which would be a felony if committed by an adult.

G. Notwithstanding the provisions of Article 12 (§ 16.1-299 et seq.), the intake officer shall file a report with the division superintendent of the school division in which any student who is the subject of a petition alleging that such student who is a juvenile has committed an act, wherever committed, which would be a crime if committed by an adult, or that such student who is an adult has committed a crime and is alleged to be within the jurisdiction of the court. The report shall notify the division superintendent of the filing of the petition and the nature of the offense, if the violation involves:

1. A firearm offense pursuant to Article 4 (§ 18.2-279 et seq.), 5 (§ 18.2-288 et seq.), 6 (§ 18.2-299 et seq.), 6.1 (§ 18.2-307.1 et seq.), or 7 (§ 18.2-308.1 et seq.) of Chapter 7 of Title 18;
2. Homicide, pursuant to Article 1 (§ 18.2-30 et seq.) of Chapter 4 of Title 18.2;
3. Felonious assault and bodily wounding, pursuant to Article 4 (§ 18.2-51 et seq.) of Chapter 4 of Title 18.2;
4. Criminal sexual assault, pursuant to Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2;
5. Manufacture, sale, gift, distribution or possession of Schedule I or II controlled substances, pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2;
6. Manufacture, sale or distribution of marijuana or synthetic cannabinoids pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2;
7. Arson and related crimes, pursuant to Article 1 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2;
8. Burglary and related offenses, pursuant to §§ 18.2-89 through 18.2-93;
9. Robbery pursuant to § 18.2-58;
10. Prohibited criminal street gang activity pursuant to § 18.2-46.2;
11. Recruitment of other juveniles for a criminal street gang activity pursuant to § 18.2-46.3; or
12. An act of violence by a mob pursuant to § 18.2-4.1.

The failure to provide information regarding the school in which the student who is the subject of the petition may be enrolled shall not be grounds for refusing to file a petition.

The information provided to a division superintendent pursuant to this section may be disclosed only as provided in § 16.1-305.2.

H. The filing of a petition shall not be necessary:

1. In the case of violations of the traffic laws, including offenses involving bicycles, hitchhiking and other pedestrian offenses, game and fish laws or a violation of the ordinance of any city regulating surfing or any ordinance establishing curfew violations, animal control violations or littering violations. In such cases the court may proceed on a summons issued by the officer investigating the violation in the same manner as provided by law for adults. Additionally, an officer investigating a motor vehicle accident may, at the scene of the accident or at any other location where a juvenile who is involved in such an accident may be located, proceed on a summons in lieu of filing a petition.

2. In the case of seeking consent to apply for the issuance of a work permit pursuant to subsection H of § 16.1-241.

3. In the case of a misdemeanor violation of § 18.2-250.1, 18.2-266, 18.2-266.1, or 29.1-738, or the commission of any other alcohol-related offense, provided the juvenile is released to the custody of a parent or legal guardian pending the initial court date. The officer releasing a juvenile to the custody of a parent or legal guardian shall issue a summons to the juvenile and shall also issue a summons requiring the parent or legal guardian to appear before the court with the juvenile.

Disposition of the charge shall be in the manner provided in § 16.1-278.8, 16.1-278.8:01, or 16.1-278.9. If the juvenile so charged with a violation of § 18.2-250.1 is charged by summons, the juvenile shall be entitled to have the charge referred to intake on a summons issued by the officer investigating the violation in the same manner as provided by law for adults provided that notice of the summons to appear is mailed by the investigating officer within five days of the issuance of the summons to a parent or legal guardian of the juvenile.

I. Failure to comply with the procedures set forth in this section shall not divest the juvenile court of the jurisdiction granted it in § 16.1-241.

§ 16.1-278.8:01. Juveniles found delinquent of first drug offense; screening; assessment; drug tests; costs and fees; education or treatment programs.
Whenever any juvenile who has not previously been found delinquent of any offense under Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2 or under any statute of the United States or of any state relating to narcotic drugs, marijuana, synthetic cannabinoids, or stimulant, depressant or hallucinogenic drugs, or has not previously had a proceeding against him for a violation of such an offense dismissed as provided in § 18.2-251, is found delinquent of any offense concerning the use, in any manner, of drugs, controlled substances, narcotics, marijuana, synthetic cannabinoids, noxious chemical substances and like substances, the juvenile court or the circuit court shall require such juvenile to undergo a substance abuse screening pursuant to § 16.1-273 and to submit to such periodic substance abuse testing, to include alcohol testing, as may be directed by the court. Such testing shall be conducted by a court services unit of the Department of Juvenile Justice, or by a locally operated court services unit or by personnel of any program or agency approved by the Department. The cost of such testing ordered by the court shall be paid by the Commonwealth from funds appropriated to the Department for this purpose. The court shall also order the juvenile to undergo such treatment or education program for substance abuse, if available, as the court deems appropriate based upon consideration of the substance abuse assessment. The treatment or education shall be provided by a program licensed by the Department of Behavioral Health and Developmental Services or by a similar program available through a facility or program operated by or under contract to the Department of Juvenile Justice or a locally operated court services unit or a program funded through the Virginia Juvenile Community Crime Control Act (§ 16.1-309.2 et seq.).

Such testing shall be conducted by personnel of the supervising probation agency or personnel of any program or agency approved by the supervising probation agency.

Upon fulfillment of the terms and conditions, the court shall discharge the person and dismiss the proceedings against him. Discharge and dismissal under this section shall be without adjudication of guilt and is a conviction only for the purposes of applying this section in subsequent proceedings.

A return under oath, reporting the time, place and manner of destruction shall be made to the court and to the Board of Pharmacy by the officer to whom the order is directed. A copy of the order and affidavit shall be made a part of the record of any criminal prosecution in which the substance or paraphernalia was used as evidence and shall, thereafter, be prima facie evidence of its contents. In the event a law-enforcement agency recovers, seizes, finds, is given or otherwise comes into possession of any such substances or paraphernalia that are not evidence in a trial in the Commonwealth, the chief law-enforcement officer of the agency or his designee may, with the written consent of the appropriate attorney for the Commonwealth, order destruction of same; provided that, a statement under oath, reporting a description of the substances and paraphernalia destroyed, and the time, place and manner of destruction is made to the chief law-enforcement officer and to the Board of Pharmacy by the officer to whom the order is directed.

A school board may, however, determine, based on the facts of the particular case, that special circumstances exist and another disciplinary action is appropriate. In addition, a school board may, by regulation, authorize the division superintendent or his designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate. Such regulations shall ensure that, if a determination is made that another disciplinary action is appropriate, any such subsequent disciplinary action is to be taken in accordance with the procedures set forth in this article.

B. Each school board shall revise its standards of student conduct to incorporate the requirements of this section no later than three months after the date on which this act becomes effective.

§ 22.1-279.3:1. Reports of certain acts to school authorities.

B. Notwithstanding the provisions of Article 12 (§ 16.1-299 et seq.) of Chapter 11 of Title 16.1, local law-enforcement authorities shall report, and the principal or his designee and the division superintendent shall receive such reports, on offenses, wherever committed, by students enrolled at the school if the offense would be a felony if committed by an adult or would be a violation of the Drug Control Act (§ 54.1-3400 et seq.) and occurred on a school bus, on school property, or at a school-sponsored activity, or would be an adult misdemeanor involving any incidents described in clauses (i) through (viii) of subsection A, and whether the student is released to the custody of his parent or, if 18 years of age or more, is released on bond. As part of any report concerning an offense that would be an adult misdemeanor involving an incident described in clauses (i) through (viii) of subsection A, local law-enforcement authorities and attorneys for the Commonwealth shall be authorized to disclose information regarding terms of release from detention, court dates, and terms of any disposition orders entered by the court, to the superintendent of such student's school division, upon request by the superintendent, if, in the determination of the law-enforcement authority or attorney for the Commonwealth, such disclosure would not jeopardize the investigation or prosecution of the case. No disclosures shall be made pursuant to this section in violation of the confidentiality provisions of subsection A of § 16.1-300 or the record retention and redisclosure provisions of § 22.1-288.2. Further, any school superintendent who receives notification that a juvenile has committed an act that would be a crime if committed by an adult pursuant to subsection G of § 16.1-260 shall report such information to the principal of the school in which the juvenile is enrolled.

C. The principal or his designee shall submit a report of all incidents required to be reported pursuant to this section to the superintendent of the school division. The division superintendent shall annually report all such incidents to the Department of Education for the purpose of recording the frequency of such incidents on forms that shall be provided by the Department and shall make such information available to the public.

In submitting reports of such incidents, principals and division superintendents shall accurately indicate any offenses, arrests, or charges as recorded by law-enforcement authorities and required to be reported by such authorities pursuant to subsection B.

A division superintendent who knowingly fails to comply or secure compliance with the reporting requirements of this subsection shall be subject to the sanctions authorized in § 22.1-65. A principal who knowingly fails to comply or secure compliance with the reporting requirements of this section shall be subject to sanctions prescribed by the local school board, which may include, but need not be limited to, demotion or dismissal.

The principal or his designee shall also notify the parent of any student involved in an incident required pursuant to this section to be reported, regardless of whether disciplinary action is taken against such student or the nature of the disciplinary action. Such notice shall relate to only the relevant student's involvement and shall not include information concerning other students.
Whenever any student commits any reportable incident as set forth in this section, such student shall be required to participate in such prevention and intervention activities as deemed appropriate by the superintendent or his designee. Prevention and intervention activities shall be identified in the local school division's drug and violence prevention plans developed pursuant to the federal Improving America's Schools Act of 1994 (Title IV - Safe and Drug-Free Schools and Communities Act).

D. Except as may otherwise be required by federal law, regulation, or jurisprudence, the principal shall immediately report to the local law-enforcement agency any act enumerated in clauses (ii) through (vii) of subsection A that may constitute a criminal offense and may report to the local law-enforcement agency any incident described in clause (i) of subsection A. Nothing in this section shall require delinquency charges to be filed or prevent schools from dealing with school-based offenses through graduated sanctions or educational programming before a delinquency charge is filed with the juvenile court.

Further, except as may be prohibited by federal law, regulation, or jurisprudence, the principal shall also immediately report any act enumerated in clauses (ii) through (v) of subsection A that may constitute a criminal offense to the parents of any minor student who is the specific object of such act. Further, the principal shall report that the incident has been reported to local law enforcement as required by law and that the parents may contact local law enforcement for further information, if they so desire.

E. A statement providing a procedure and the purpose for the requirements of this section shall be included in school board policies required by § 22.1-253.13:7.

The Board of Education shall promulgate regulations to implement this section, including, but not limited to, establishing reporting dates and report formats.

F. For the purposes of this section, "parent" or "parents" means any parent, guardian or other person having control or charge of a child.

G. This section shall not be construed to diminish the authority of the Board of Education or to diminish the Governor's authority to coordinate and provide policy direction on official communications between the Commonwealth and the United States government.

A. The Board shall administer this article and may add substances to or deschedule or reschedule all substances enumerated in the schedules in this article pursuant to the procedures of the Administrative Process Act (§ 2.2-4000 et seq.). In making a determination regarding a substance, the Board shall consider the following:
1. The actual or relative potential for abuse;

3. The state of current scientific knowledge regarding the substance;
4. The history and current pattern of abuse;
5. The scope, duration, and significance of abuse;
6. The risk to the public health;
7. The potential of the substance to produce psychic or physical dependence; and
8. Whether the substance is an immediate precursor of a substance already controlled under this article.
B. After considering the factors enumerated in subsection A, the Board shall make findings and issue a regulation controlling the substance if it finds the substance has a potential for abuse.
C. If the Board designates a substance as an immediate precursor, substances which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor.
D. If the Board, in consultation with the Department of Forensic Science, determines the substance shall be placed into Schedule I or II pursuant to § 54.1-3445 or 54.1-3447, the Board may amend its regulations pursuant to Article 2
(§ 2.2-4006 et seq.) of the Administrative Process Act. Prior to making such amendments, the Board shall conduct a public hearing. In the notice, the Board shall include a list of all substances it intends to schedule by regulation. The Board shall notify the House Courts of Justice and Senate Courts of Justice Committees of any new substance added to Schedule I or II pursuant to this subsection. Any substance added to Schedule I or II pursuant to this subsection shall remain on Schedule I or II for a period of 18 months. Upon expiration of such 18-month period, such substance shall be descheduled unless a general law is enacted adding such substance to Schedule I or II. Nothing in this subsection shall preclude the Board from adding substances to or descheduling or rescheduling all substances enumerated in the schedules pursuant to the provisions of subsections A, B, and E.

E. If any substance is designated, rescheduled, or descheduled as a controlled substance under federal law and notice of such action is given to the Board, the Board may similarly control the substance under this chapter after the expiration of 120 days from publication in the Federal Register of the final order designating a substance as a controlled substance or rescheduling or descheduling a substance without following the provisions specified in subsections A and B of this section.

F. Authority to control under this section does not extend to distilled spirits, wine, malt beverages, or tobacco as those terms are defined or used in Title 4.1.

G. The Board shall exempt any nonnarcotic substance from a schedule if such substance may, under the provisions of the federal Food, Drug and Cosmetic Act (21 U.S.C. § 301 et seq.) or state law, be lawfully sold over the counter without a prescription.

Approved April 6, 2014

[H 1172]

Be it enacted by the General Assembly of Virginia:

1. That §§37.2-809 and 37.2-810 of the Code of Virginia are amended and reenacted as follows:

§37.2-809. Involuntary temporary detention; issuance and execution of order.

A. For the purposes of this section:

"Designee of the local community services board" means an examiner designated by the local community services board who (i) is skilled in the assessment and treatment of mental illness, (ii) has completed a certification program approved by the Department, (iii) is able to provide an independent examination of the person, (iv) is not related by blood or marriage to the person being evaluated, (v) has no financial interest in the admission or treatment of the person being evaluated, (vi) has no investment interest in the facility detaining or admitting the person under this article, and (vii) except for employees of state hospitals and of the U.S. Department of Veterans Affairs, is not employed by the facility.

"Employee" means an employee of the local community services board who is skilled in the assessment and treatment of mental illness and has completed a certification program approved by the Department.

"Investment interest" means the ownership or holding of an equity or debt security, including shares of stock in a corporation, interests or units of a partnership, bonds, debentures, notes, or other equity or debt instruments.

B. A magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in §37.2-804.1 by an employee or a designee of the local community services board to determine whether the person meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician or clinical psychologist treating the person, that the person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. The magistrate shall also consider the recommendations of any treating or examining physician licensed in Virginia if available either verbally or in writing prior to rendering a decision. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to §37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

C. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

D. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection B if (i) the person has been personally examined within the previous 72 hours by an employee or a designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the person or to others associated with conducting such evaluation.

E. An employee or a designee of the local community services board shall determine the facility of temporary detention for all individuals detained pursuant to this section.
board may change the facility of temporary detention and may designate an alternative facility for temporary detention at any point during the period of temporary detention if it is determined that the alternative facility is a more appropriate facility for temporary detention of the individual given the specific security, medical, or behavioral health needs of the person. In cases in which the facility of temporary detention is changed following transfer of custody to an initial facility of temporary custody, transportation of the individual to the alternative facility of temporary detention shall be provided in accordance with the provisions of § 37.2-810. A facility of temporary detention in which a person is temporarily detained pursuant to this section shall be one that has been approved pursuant to regulations of the Board. The initial facility of temporary detention shall be identified on the preadmission screening report and indicated on the temporary detention order; however, if an employee or designee of the local community services board designates an alternative facility, that employee or designee shall provide written notice forthwith, on a form developed by the Executive Secretary of the Supreme Court of Virginia, to the clerk of the issuing court of the name and address of the alternative facility. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the person is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by either the initial facility of temporary detention identified in the temporary detention order or by the alternative facility of temporary detention designated by the employee or designee of the local community services board pursuant to this subsection.

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

G. The employee or the designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 48 hours prior to a hearing. If the 48-hour period herein specified terminates on a Saturday, Sunday, or legal holiday, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or legal holiday. The person may be released, pursuant to § 37.2-813, before the 48-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section a health care provider or designee of a local community services board or behavioral health authority shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. The employee or designee of the community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the person should not be subject to a temporary detention order, inform the petitioner and an onsite treating physician of his recommendation.

§ 37.2-810. Transportation of person in the temporary detention process.

A. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall specify in the temporary detention order the law-enforcement agency of the jurisdiction in which the person resides to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. However, if the nearest boundary of the jurisdiction in which the person resides is more than 50 miles from the nearest boundary of the jurisdiction in which the person is located, the law-enforcement agency of the jurisdiction in which the person is located shall execute the order and provide transportation.

Be it enacted by the General Assembly of Virginia:

A person required to register shall register, and as part of the registration shall submit to be photographed, submit to have a sample of his blood, saliva, or tissue taken for DNA (deoxyribonucleic acid) analysis and submission to the DNA databank to determine identification characteristics specific to the person, provide electronic mail address information, any instant message, chat or other Internet communication name or identity information that the person uses or intends to use, one set of palm prints, place of employment information, motor vehicle, watercraft and aircraft registration information for all motor vehicles, watercraft and aircraft owned by him. If the new residence is located outside of the Commonwealth, the person shall register in person with the local law-enforcement agency where he previously registered within 10 days prior to his change of residence. If a probation or parole officer becomes aware of a change of name or residence for any of his probationers or parolees required to register, the probation or parole officer shall notify the State Police forthwith of learning of the change. Whenever a person subject to registration changes his place of employment to another state, the State Police shall notify the designated law-enforcement agency of that state.

F. Any person required to register shall reregister in person with the local law-enforcement agency where his residence is located within three days following any change of owned motor vehicle, watercraft and aircraft registration information, whether within or without the Commonwealth. If a probation or parole officer becomes aware of a change of owned motor vehicle, watercraft and aircraft registration information for any of his probationers or parolees required to register, the probation or parole officer shall notify the State Police forthwith upon learning of the change of the person's owned motor vehicle, watercraft and aircraft registration information. Whenever a person required to register changes his owned motor vehicle, watercraft and aircraft registration information to another state, the State Police shall notify the designated law-enforcement agency of that state.

G. Any person required to register shall reregister either in person or electronically with the local law-enforcement agency where his residence is located within 30 minutes following any change of the electronic mail address information, any instant message, chat or other Internet communication name or identity information that the person uses or intends to use, whether within or without the Commonwealth. H. The registration shall be maintained in the Registry and shall include the person's name, any former name if he has lawfully changed his name during the period for which he is required to register; all aliases that he has used or under which he may have been known, the date and locality of the conviction for which registration is required, his fingerprints and a photograph of a type and kind specified by the State Police, his date of birth, social security number, current physical and mailing address and a description of the offense or offenses for which he was convicted. The registration shall also include the locality of the conviction and a description of the offense or offenses for previous convictions for the offenses set forth in § 9.1-902.

I. The local law-enforcement agency shall forthwith forward to the State Police all necessary registration or reregistration information received by it. Any period of confinement in a federal, state or local correctional facility, hospital or any other institution or facility during the otherwise applicable period shall toll the registration period and the duty to reregister shall be extended. Persons confined in a federal, state, or local correctional facility shall not be required to reregister until released from custody. Persons civilly committed pursuant to Chapter 9 (§ 37.2-900 et seq.) of Title 37.2 shall not be required to reregister until released from custody. Persons confined in a federal, state, or local correctional facility or civilly committed pursuant to Chapter 9 (§ 37.2-900 et seq.) of Title 37.2 shall notify the Registry within three days following any change of name.

2. That any person required to register who has changed his name prior to July 1, 2014, who has not already reregistered following the change of name shall register in person with the local law-enforcement agency within three days of July 1, 2014.

3. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 806 of the Acts of Assembly of 2013 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4, the
estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 678

An Act to amend and reenact § 33.1-23.5:4 of the Code of Virginia and to amend the Code of Virginia by adding in Title 33.1 a chapter numbered 19, consisting of sections numbered 33.1-466 through 33.1-476, relating to establishment of the Hampton Roads Transportation Accountability Commission; funding.

[H 1253]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 33.1-23.5:4 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Title 33.1 a chapter numbered 19, consisting of sections numbered 33.1-466 through 33.1-476, as follows:

   § 33.1-23.5:4. Hampton Roads Transportation Fund established.

   There is hereby created in the state treasury a special nonreverting fund for Planning District 23 to be known as the Hampton Roads Transportation Fund, hereafter referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. All revenues dedicated to the Fund pursuant to § 58.1-638 and Chapter 22.1 (§ 58.1-2291 et seq.) of Title 58.1 shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. The moneys deposited in the fund shall be used solely for new construction projects on new or existing roads, highways, bridges, and tunnels in the localities comprising Planning District 23 as approved by the Hampton Roads Transportation Planning Organization Accountability Commission. The Hampton Roads Transportation Planning Organization Accountability Commission shall give priority to those projects that are expected to provide the greatest impact on reducing congestion for the greatest number of citizens residing within Planning District 23 and shall ensure that the moneys shall be used for such construction projects in all localities comprising Planning District 23.

   The amounts dedicated to the Fund shall be deposited monthly by the Comptroller into the Fund. The amounts deposited into the Fund and the distribution and expenditure of such amounts shall not be used to calculate or reduce the share of local, federal, or state revenues otherwise available to participating jurisdictions. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined.

CHAPTER 19.

HAMPTON ROADS TRANSPORTATION ACCOUNTABILITY COMMISSION.

§ 33.1-466. Commission created.

The Hampton Roads Transportation Accountability Commission, referred to in this chapter as "the Commission," is hereby created as a body politic and as a political subdivision of the Commonwealth. The Commission shall embrace each county and city located in Planning District 23, which is established pursuant to Chapter 42 (§ 15.2-4200 et seq.) of Title 15.2.

The Commission shall consist of 23 members as follows:

1. The chief elected officer of the governing body of each of the 14 counties and cities embraced by the Commission;
2. Three members of the House of Delegates who reside in different counties or cities embraced by the Commission, appointed by the Speaker of the House, and two members of the Senate who reside in different counties or cities embraced by the Commission, appointed by the Senate Committee on Rules; and
3. The following four persons serving as nonvoting ex officio members of the Commission: a member of the Commonwealth Transportation Board who resides in a locality embraced by the Commission and is appointed by the Governor; the Director of the Department of Rail and Public Transportation, or his designee; the Commissioner of Highways, or his designee; and the Executive Director of the Virginia Port Authority, or his designee.

All members of the Commission shall serve terms coincident with their terms of office. Vacancies shall be filled in the same manner as the original appointment.

The Commission shall elect a chairman and vice-chairman from among its voting membership.

The Auditor of Public Accounts, or his legally authorized representatives, shall annually audit the financial accounts of the Commission, and the cost of such audit shall be borne by the Commission.

§ 33.1-468. Staff.

The Commission may employ a chief executive officer and such staff as it shall determine to be necessary to carry out its duties and responsibilities under this chapter. No such person shall contemporaneously serve as a member of the Commission. The Department of Transportation and the Department of Rail and Public Transportation shall make their employees available to assist the Commission, upon request.

A majority of the Commission, which majority shall include at least a majority of the chief elected officers of the counties and cities embraced by the Commission, shall constitute a quorum. Decisions of the Commission shall require a quorum and shall be in accordance with voting procedures established by the Commission. In all cases, decisions of the Commission shall require the affirmative vote of two-thirds of the members of the Commission present and voting, and two-thirds of the chief elected officers of the counties and cities embraced by Planning District 23 who are present and voting and whose counties and cities include at least two-thirds of the population embraced by the Commission; however, no motion to fund a specific facility or service shall fail because of this population criterion if such facility or service is not located or to be located or provided or to be provided within the county or city whose chief elected officer's sole negative vote caused the facility or service to fail to meet the population criterion. The population of counties and cities embraced by the Commission shall be the population as determined by the most recently preceding decennial census, except that on July 1 of the fifth year following such census, the population of each county and city shall be adjusted, based on population projections made by the Weldon Cooper Center for Public Service of the University of Virginia.

§ 33.1-470. Annual budget and allocation of expenses.
A. The Commission shall adopt an annual budget and shall provide for such adoption in its bylaws. The funding plan shall provide for the expenditure of funds over a four- to six-year period and shall align with the Statewide Transportation Plan established pursuant to §§ 33.1-23 and 33.1-23.03 as much as possible. The Commission shall solicit public comment on its budget and funding plan by posting a summary of such budget and funding plan on its website and holding a public hearing. Such public hearing shall be advertised on the Commission's website and in a newspaper of general circulation in Planning District 23.
B. The administrative expenses of the Commission, as provided in an annual budget adopted by the Commission, to the extent funds for such expenses are not provided from other sources, shall be allocated among the component counties and cities on the basis of the relative population, as determined pursuant to § 33.1-469. Such budget shall be limited solely to the administrative expenses of the Commission and shall not include any funds for construction or acquisition of transportation facilities or the performance of any transportation service.
C. Members may be reimbursed for all reasonable and necessary expenses provided in §§ 2.2-2813 and 2.2-2825, if approved by the Commission. Funding for the costs of compensation and expenses of the members shall be provided by the Commission.

§ 33.1-471. Authority to issue bonds.
The Commission may issue bonds and other evidences of debt as may be authorized by this section or other law. The provisions of Article 5 (§ 15.2-4519 et seq.) of Chapter 45 of Title 15.2 shall apply, mutatis mutandis, to the issuance of such bonds or other debt. The Commission may issue bonds or other debt in such amounts as it deems appropriate. The bonds may be supported by any funds available, except that funds from tolls collected pursuant to § 33.1-472 shall be used only as provided in that section.

Notwithstanding any contrary provision of this title and in accordance with all applicable federal statutes and requirements, the Commission shall control and operate and may impose and collect tolls in amounts established by the Commission for the use of any new or improved highway, bridge, or tunnel, to increase capacity on such facility or to address congestion within Planning District 23, constructed by the Commission (i) with federal, state, or local funds, (ii) solely with revenues of the Commission, or (iii) with revenues under the control of the Commission. The amount of any such toll may be varied from facility to facility, by lane, by congestion levels, by day of the week, by time of day, by type or size of vehicle, by number of axles, or by any similar combination thereof or any other factor the Commission may deem proper, and a reduced rate may be established for commuters as defined by the Commission. All such tolls shall be used for programs and projects that are reasonably related to or benefit the users of the new or improved highway, bridge, or tunnel, including, but not limited to, for the debt service and other costs of bonds whose proceeds are used for construction or improvement of such highway, bridge, or tunnel.

Any tolls imposed by the Commission shall be collected by an electronic toll system that, to the extent possible, shall not impede the traffic flow of the facility or prohibit a toll facility from retaining means of nonautomated toll collection in some lanes of the facility. For all facilities tolled by the Commission, there shall be signs erected prior to the point of toll collection that clearly state how the majority of the toll revenue is being spent by the Commission to benefit the users of the facility.

§ 33.1-473. Additional powers of the Commission.
A. The Commission shall have the following powers together with all powers incidental thereto or necessary for the performance of those hereinafter stated:  
1. To sue and be sued and to prosecute and defend, at law or in equity, in any court having jurisdiction of the subject matter and of the parties; 
2. To adopt and use a corporate seal and to alter the same at its pleasure; 
3. To procure insurance, participate in insurance plans, and provide self-insurance; however, the purchase of insurance, participation in an insurance plan, or the creation of a self-insurance plan by the Commission shall not be deemed a waiver or relinquishment of any sovereign immunity to which the Commission or its officers, directors, employees, or agents are otherwise entitled;
4. To establish bylaws and make all rules and regulations, not inconsistent with the provisions of this chapter, deemed expedient for the management of the Commission's affairs;

5. To apply for and accept money, materials, contributions, grants, or other financial assistance from the United States and agencies or instrumentalities thereof; the Commonwealth; and any political subdivision, agency, or instrumentality of the Commonwealth; and from any legitimate private source;

7. To acquire by purchase, lease, contract, or otherwise, highways, bridges, or tunnels and to construct the same by purchase, lease, contract, or otherwise;

8. In consultation with the Commonwealth Transportation Board and with each city or county in which the facility or any part thereof is or is to be located, to repair, expand, enlarge, construct, reconstruct, or renovate any or all highways, bridges, and tunnels within Planning District 23 and to acquire any real or personal property needed for any such purpose;

9. To enter into agreements or leases with public or private entities for the operation and maintenance of bridges, tunnels, transit and rail facilities, and highways;

10. To make and execute contracts, deeds, mortgages, leases, and all other instruments and agreements necessary or convenient for the performance of its duties and the exercise of its powers and functions under this chapter;

11. To the extent funds are made or become available to the Commission to do so, to employ employees, agents, advisors, and consultants, including without limitation attorneys, financial advisers, engineers, and other technical advisers and, the provisions of any other law to the contrary notwithstanding, to determine their duties and compensation; and

12. To the extent not inconsistent with the other provisions of this chapter, and without limiting or restricting the powers otherwise given the Commission, to exercise all of the powers given to transportation district commissions by § 15.2-4518.

B. The Commission shall comply with the provisions governing localities contained in § 15.2-2108.23.

The Commission is a responsible public entity as defined in § 56-557 and shall be regulated in accordance with the terms of the Public-Private Transportation Act of 1995 (§ 56-556 et seq.) and regulations and guidelines adopted pursuant thereto.

§ 33.1-475. Continuing responsibilities of the Commonwealth Transportation Board and the Department of Transportation.

Except as otherwise explicitly provided in this chapter, until such time as the Commission and the Department of Transportation, or the Commission and the Commonwealth Transportation Board, agree otherwise in writing, the Commonwealth Transportation Board shall allocate funding to and the Department of Transportation shall perform or cause to be performed all maintenance and operation of the bridges, tunnels, and roadways and shall perform such other required services and activities with respect to such bridges, tunnels, and roadways as were being performed on July 1, 2014.

§ 33.1-476. Use of revenues by the Commission.

Notwithstanding any other provision of this chapter, all moneys received by the Commission shall be used by the Commission solely for the benefit of those counties and cities that are embraced by the Commission, and such moneys shall be used by the Commission in a manner that is consistent with the purposes stated in this chapter.

2. That the staff of the Hampton Roads Transportation Planning Organization and the Department of Transportation shall work cooperatively to assist the proper formation and effective organization of the Hampton Roads Transportation Accountability Commission. Until such time as the Commission is fully established and functioning, the staff of the Hampton Roads Transportation Planning Organization shall serve as its staff, and the Hampton Roads Transportation Planning Organization shall provide the Commission with office space and administrative support. The Commission shall reimburse the Hampton Roads Transportation Planning Organization for the cost of such staff, office space, and administrative support as appropriate.

3. That should any portion of this act be held unconstitutional by a court of competent jurisdiction, the remaining portions of this act shall remain in effect.

§ 60. Division of Police.
The police force shall be composed of a chief of police, a deputy chief, and of such officers, patrolmen and other employees as the city manager may determine. In case of the disability of the chief of police to perform his duties by reason of sickness, absence from the city or other cause, the director of public safety shall designate an officer of the police force to act as chief of police during such disability, and the officer so designated shall serve without additional compensation. The members of the police force other than the chief and deputy chief shall be selected from the list of eligibles prepared by the civil service commission, and in accordance with such rules as the said commission may prescribe, provided that in case of riot or emergency the director of public safety may appoint additional patrolmen and officers for temporary service, who need not be in the classified service. Each member of the police force, both rank and file, shall have issued to him a warrant of appointment signed by the director of public safety, in which the date of his appointment shall be stated, and such warrant shall be his commission. Each member of the said force shall, before entering upon the duties of his office, take and subscribe an oath that he will faithfully without fear or favor, perform the duties of his office, and such oath shall be filed and preserved with the records of said department. And in addition the several officers of the said force shall, if so required by the council, give bond in such penalty and with such security as the council may by ordinance prescribe.

Such authority, when conferred, shall be exercised only under the direction and control of the chief of police and for a specified time.

The officers and privates constituting the police force of said city shall be, and they are, hereby invested with all of the power and authority which pertains to the office of constable at common law in taking cognizance of and in enforcing the criminal laws of the State and the ordinances and regulations of said city, and it shall be the duty of each such officer and private to use his best endeavors to prevent the commission within the said city of offenses against the laws of said State, and against the ordinances and regulations of said city; to observe and enforce all such laws, ordinances and regulations; to detect and arrest offenders against the same; to preserve the good order of said city, and to secure the inhabitants thereof from violence, and the property therein from injury. Any person other than a member of said force who shall wear such uniform or badge as may be prescribed as aforesaid, may be subjected to such fine or imprisonment, or both, as may be prescribed by the council by ordinance.

§ 63. Supervision in divisions of fire and police.

The chief of police and the fire chief, with the approval of the director of public safety, except as hereinafter provided, shall have the right and power to reprimand, or to suspend, for a given number of days or indefinitely, any of the sworn officers and sworn employees in their respective divisions who may be under their management and control, for incompetence, neglect of duty, immorality, drunkenness, failure to obey orders given by proper authority, or for any other just and reasonable cause. This section does not apply to the deputy chief of police, who, like the chief of police and the fire chief, is appointed by and serves at the will of the city manager. If any such officer or employee be suspended for more than ten days or be suspended indefinitely, the chief of the division concerned shall forthwith certify in writing the fact, together with the cause for such suspension, to the trial board hereinafter provided for, and a copy of such certificate of suspension, and the cause therefor, shall be promptly served on such officer or employee, which service may be by an officer of his division or in the manner prescribed by law for the service of civil process.

Any such officer or employee so suspended may, within ten days after he shall have been so served with such certificate of suspension and the cause therefor, file with said trial board a written request for a hearing upon the accusations so made against him, whereupon said trial board shall, after not less than five days’ written notice to such officer or employee, and to the chief of the division by whom he has been suspended, hold and conduct a hearing, which shall be open to the public, upon such accusations, at a time and place to be specified in such notice, and may render judgment thereon. Such judgment, in the event said accusations or any of them are, in the opinion of said trial board, sustained, may be a reprimand, extra duty without extra compensation, suspension for a fixed time, reduction in rank, or dismissal, as to said trial board may seem proper, which judgment shall be final.

Whenever the judgment of the said trial board is that the accusations were not sustained, it may order the reinstatement of such officer or employee in the office or position from which he was suspended. Such order of reinstatement may, in the discretion of said trial board, be retroactive and provide that such officer or employee shall be entitled to compensation for all or part of the time he was so suspended.

In the event any such officer or employee who is suspended for more than ten days or suspended indefinitely shall not file with said trial board a written demand for a hearing as hereinafore provided, the suspension of such officer or employee
shall become final, and if the suspension be for an indefinite period, such officer or employee may be discharged by the city manager without a hearing.

The trial board above referred to shall be known as the Norfolk Police-Fire Trial Board, and the members thereof shall be appointed by the council. It shall consist of not less than three nor more than five members, in the discretion of the council, who shall be qualified voters residing in the city, none of whom shall be in any way connected with any other city office. The first appointment of the members of the said trial board shall be for a term of one year commencing July 1, 1950, and all subsequent appointments shall be for consecutive terms of one year. Any member may be appointed for a consecutive term or terms, and any vacancy shall be filled by appointment by the council for the remainder of the unexpired term. The judgment of a majority of the members appointed on said trial board shall control. The members shall receive such compensation as may be provided by council. Each member shall, before entering upon the duties of his office, take and subscribe the oaths provided by § 133 of this Charter for city officers.

The council shall designate one member of said trial board as chairman thereof. The chairman shall have the power to subpoena witnesses, administer oaths and compel the production of any books and papers in connection with any hearing held hereunder by said trial board. Any person refusing or failing to appear and testify or to produce such books and papers, or who shall testify falsely under oath at any hearing held by said trial board, may be proceeded against in the same manner and shall be subject to the same penalties as provided by § 51 of this Charter relating to investigations as to city affairs.

The council shall also designate one member of said trial board as vice-chairman thereof to act in the absence, disability or inability to act of the chairman, and when so acting, the said vice-chairman shall have all the powers herein conferred upon the chairman.

Any such officer or employee against whom accusations are so filed shall have the right to be represented by counsel at any hearing before said trial board. All notices required to be given the trial board may be given to the chairman thereof, or in his absence, to the vice-chairman.

§ 64. Suspension and dismissal of the chief of police, deputy chief of police, and fire chief.

The city manager shall have the power to suspend or dismiss the chief of police, the deputy chief of police, and the fire chief at any time, and his action in every such case shall be final; provided that in the event the chief of police, the deputy chief of police, or the fire chief was appointed to such position from the membership of his respective division, he shall, at the time of any such suspension or dismissal, or at any time prior thereto, at his request, be restored to the rank he held in the classified service in such division at the time of his appointment as such chief or deputy chief, without being required to take any examination, subject, however, to the provisions of § 63 of this Charter.

§ 114. Officers exempted from classified service.

Officers who are elected by the people or who are elected or confirmed by the council, pursuant to this charter, members of the school board, the teachers in the public schools and all other persons employed by said school board, heads of the administrative departments of the city, the deputy chief of police, assistant city managers, employees who report directly to and whose positions require the personal trust and confidence of the city manager, employees, regardless of their positions, hired and permanently assigned to work for and under the supervision of the constitutional officers of the city or of the circuit court judges of the city, assistant heads of administrative departments except for the departments of fire and police, and heads or chiefs of bureaus and divisions within said departments, but not including such positions within the departments of fire and police other than that of the deputy chief of police, members of the law department and civil service examiners, shall not be included in such classified service; provided, however, that the council may by ordinance provide that the health officer of said city and such of his trained medical assistants as may be required to give full time to the duties of their positions shall be included in the classified service.

CHAPTER 685
An Act to amend and reenact §§ 46.2-324.1, 46.2-325, 46.2-334, and 46.2-1702 of the Code of Virginia, relating to driver training and road tests for persons age 19 or older.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:
1. That §§ 46.2-324.1, 46.2-325, 46.2-334, and 46.2-1702 of the Code of Virginia are amended and reenacted as follows:

§ 46.2-324.1. Requirements for initial licensure of certain applicants.
A. No driver's license shall be issued to any applicant unless he either (i) provides written evidence of having satisfactorily completed a course of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or Department of Education or (ii) has held a learner's permit issued by the Department for at least 60 days prior to his first behind-the-wheel examination by the Department when applying for a noncommercial driver's license.

The provisions of this section shall only apply to persons who are at least 19 years old and who either (a) have never held a driver's license issued by Virginia or any other state or territory of the United States or foreign country or (b) have never been licensed or held the license endorsement or classification required to operate the type of vehicle which they now propose to operate. Completion of a course of driver instruction approved by the Department or the Department of Education at a driver training school may include the final behind-the-wheel examination for a driver's license; however, a driver training school shall not administer the behind-the-wheel examination to any applicant who is under medical control pursuant to § 46.2-322. Applicants completing a course of driver instruction approved by the Department or the Department of Education at a driver training school retain the option of having the behind-the-wheel examination administered by the Department.

B. No commercial driver's license shall be issued to any applicant unless he is 18 years old or older and has complied with the requirements of § 46.2-341.9. Applicants for a commercial driver's license who have never before held a commercial driver's license shall apply for a commercial driver's instruction permit and either (i) provide written evidence of having satisfactorily completed a course of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or Department of Education and hold the commercial driver's instruction permit for a minimum of 14 days prior to taking the behind-the-wheel examination for the commercial driver's license or (ii) hold the commercial driver's instruction permit for a minimum of 30 days before taking the behind-the-wheel examination for the commercial driver's license.

Holders of a commercial driver's license who have never held the license endorsement or classification required to operate the type of commercial motor vehicle which they now propose to operate must apply for a commercial driver's instruction permit if the upgrade requires a skills test and hold the permit for a minimum of 14 days prior to taking the behind-the-wheel examination for the commercial driver's license.

C. Nothing in this section shall be construed to prohibit the Department from requiring any person to complete the skills examination as prescribed in § 46.2-325 and the written or automated examinations as prescribed in § 46.2-335.

§ 46.2-325. Examination of applicants; waiver of Department's examination under certain circumstances; behind-the-wheel and knowledge examinations.
A. The Department shall examine every applicant for a driver's license before issuing any license to determine (i) his physical and mental qualifications and his ability to drive a motor vehicle without jeopardizing the safety of persons or property and (ii) if any facts exist which would bar the issuance of a license under §§ 46.2-311 through 46.2-316, 46.2-334, or 46.2-335. The examination, however, shall not include investigation of any facts other than those directly pertaining to the ability of the applicant to drive a motor vehicle with safety, or other than those facts declared to be prerequisite to the
issuance of a license under this chapter. No applicant otherwise competent shall be required to demonstrate ability to park any motor vehicle except in an adequate parking space between horizontal markers, and not between flags or sticks simulating parked vehicles. Except as provided for in § 46.2-337, applicants for licensure to drive motor vehicles of the classifications referred to in § 46.2-328 shall submit to examinations which relate to the operation of those vehicles. The motor vehicle to be used by the applicant for the behind-the-wheel examination shall meet the safety and equipment requirements specified in Chapter 10 (§ 46.2-1000 et seq.) and possess a valid inspection sticker as required pursuant to § 46.2-1157.

Prior to taking the examination, the applicant shall either (a) present evidence that the applicant has completed a state-approved driver education class pursuant to the provisions of § 46.2-324.1 or 46.2-334 or (b) submit to the examiner a behind-the-wheel maneuvers checklist, on a form provided by the Department, that describes the vehicle maneuvers the applicant may be expected to perform while taking the behind-the-wheel examination, that has been signed by a licensed driver, certifying that the applicant has practiced the driving maneuvers contained and described therein, and that has been signed by the applicant certifying that, at all times while holding a learner's permit, the applicant has complied with the provisions of § 46.2-335 while operating a motor vehicle.

Except for applicants subject to § 46.2-312, if the Commissioner is satisfied that an applicant has demonstrated the same proficiency as required by the Department's examination through successful completion of either (1) the driver education course approved by the Department of Education or (2) a driver training course offered by a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.), he may waive those parts of the Department's examination provided for in this section that require the applicant to drive and park a motor vehicle.

B. Any person who fails the behind-the-wheel examination for a driver's license administered by the Department shall wait two days before being permitted to take another such examination. No person who fails the behind-the-wheel examination for a driver's license administered by the Department three times shall be permitted to take such examination a fourth time until he successfully completes, subsequent to the third examination failure, the in-vehicle component of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or the Department of Education. In addition, no person who fails the driver knowledge examination for a driver's license administered by the Department three times shall be permitted to take such examination a fourth time until he successfully completes, subsequent to the third examination failure, the classroom component of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or, for persons at least 19 years old, a course of instruction based on the Virginia Driver's Manual offered by a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) and approved by the Department or the Department of Education. All persons required to attend a driver training school pursuant to this section shall be required after successful completion of the necessary courses to have the applicable examination administered by the Department.

The provisions of this subsection shall not apply to persons placed under medical control by the Department pursuant to § 46.2-322.

§ 46.2-334. Conditions and requirements for licensure of persons under 18; requests for cancellation of minor's driver's license; temporary driver's licenses; Board of Education approved programs; home-schooled students; fee.

A. Minors at least 16 years and three months old may be issued driver's licenses under the following conditions:

1. The minor shall submit a proper application and satisfactory evidence that he (i) is a resident of the Commonwealth; (ii) has successfully completed a driver education course approved by either the State Department of Education or, in the case of a course offered by a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) of this title, by the Department of Motor Vehicles; and (iii) is mentally, physically, and otherwise qualified to drive a motor vehicle safely.

2. The minor's application for a driver's license must be signed by a parent of the applicant, otherwise by the guardian having custody of him. However, in the event a minor has no parent or guardian, then a driver's license shall not be issued to him unless his application is signed by the judge of the juvenile and domestic relations district court of the city or county in which he resides. If the minor making the application is married or otherwise emancipated, in lieu of any parent's, guardian's or judge's signature, the minor may present proper evidence of the solemnization of the marriage or the order of emancipation.

3. The minor shall be required to state in his application whether or not he has been convicted of an offense triable by, or tried in, a juvenile and domestic relations district court or found by such court to be a child in need of supervision, as defined in § 16.1-228. If it appears that the minor has been adjudged not innocent of the offense alleged or has been found to be a child in need of supervision, the Department shall not issue a license without the written approval of the judge of the juvenile and domestic relations district court making an adjudication as to the minor or the like approval of a similar court of the county or city in which the parent or guardian, respectively, of the minor resides.

4. The application for a permanent driver's license by a minor of the age of persons required to attend school pursuant to § 22.1-254 shall be accompanied by evidence of compliance with the compulsory school attendance law set forth in Article 1 (§ 22.1-254 et seq.) of Chapter 14 of Title 22.1. This evidence shall be provided in writing by the minor's parent. If the minor is unable to provide such evidence, he shall not be granted a driver's license until he reaches the age of 18 or presents proper evidence of the solemnization of his marriage or an order of emancipation, or the parent, as defined in § 22.1-1, or other person standing in loco parentis has provided written authorization for the minor to obtain a driver's license.
A minor may, however, present a high school diploma or its equivalent or a certificate indicating completion of a prescribed course of study as defined by the local school board pursuant to § 22.1-253.13:4 as evidence of compulsory school attendance compliance.

5. The minor applicant shall certify in writing, on a form prescribed by the Commissioner, that he is a resident of the Commonwealth. The applicant's parent or guardian shall also certify that the applicant is a resident by signing the certification. Any minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to provide the parent's certification of residence.

B. Any custodial parent or guardian of an unmarried or unemancipated minor may, after the issuance of a permanent driver's license to such minor, file with the Department a written request that the license of the minor be canceled. When such request is filed, the Department shall cancel the license of the minor and the license shall not thereafter be reissued by the Department until a period of six months has elapsed from the date of cancellation or the minor reaches his eighteenth birthday, whichever shall occur sooner. Notwithstanding the foregoing provisions of this subsection, in the case of a minor whose parents have been awarded joint legal custody, a request that the license of the minor be cancelled must be signed by both legal custodians. In the event one parent is not reasonably available or the parents do not agree, one parent may petition the juvenile and domestic relations district court to make a determination that the license of the minor be cancelled.

C. The provisions of subsection A of this section requiring that an application for a driver's license be signed by the parent or guardian shall be waived by the Commissioner if the application is accompanied by proper evidence of the solemnization of the minor's marriage or a certified copy of a court order, issued under the provisions of Article 15 (§ 16.1-331 et seq.) of Chapter 11 of Title 16.1, declaring the applicant to be an emancipated minor.

D. A learner's permit accompanied by documentation verifying the minor's successful completion of an approved driver education course, signed by the minor's parent, guardian, legal custodian or other person standing in loco parentis, shall constitute a temporary driver's license for purposes of driving unaccompanied by a licensed driver as required in § 46.2-335, if all other requirements of this chapter have been met. The temporary license shall only be valid until the permanent license is presented as provided in § 46.2-336.

E. Notwithstanding the provisions of subsection A of this section requiring the successful completion of a driver education course approved by the State Department of Education, the Commissioner, on application therefor by a person at least 16 years and three months old but less than 18 years old, shall issue to the applicant a temporary driver's license valid for six months if he (i) certifies by signing, together with his parent or guardian, on a form prescribed by the Commissioner that he is a resident of the Commonwealth; (ii) is the holder of a valid driver's license from another state; and (iii) has not been found guilty of or otherwise responsible for an offense involving the operation of a motor vehicle. Any temporary license issued under this subsection shall be renewed, nor shall any second or subsequent temporary license under this subsection be issued to the same applicant. Any such minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to obtain the signature of his parent or guardian for the temporary driver's license.

F. For persons qualifying for a driver's license through driver education courses approved by the Department of Education or courses offered by a private school, the application for the learner's permit shall be used as the application for the driver's license pursuant to § 46.2-335.

G. Driver's licenses shall be issued by the Department to students successfully completing driver education courses approved by the Department of Education (i) when the Department receives from the school proper certification that the student (a) has successfully completed such course, including a road skills examination and (b) is regularly attending school and is in good academic standing or, if not in such standing or submitting evidence thereof, whose parent or guardian, having custody of such minor, provides written authorization for the minor to obtain a driver's license, which written authorization shall be obtained on forms provided by the Department and indicating the Commonwealth's interest in the good academic standing and regular school attendance of such minors; and (ii) upon payment of a fee of $2.40 per year, based on the period of the license's validity. For applicants attending public schools, good academic standing may be certified by the public school principal or any of his designees. For applicants attending nonpublic schools, such certification shall be made by the private school principal or any of his designees; for students receiving home schooling, such certification shall be made by the home schooling parent or tutor. Any minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to provide the certification of good academic standing or any written authorization from his parent or guardian to obtain a driver's license.

H. For those home schooled students completing driver education courses approved by the Board of Education and instructed by his own parent or guardian, no driver's license shall be issued until the student has successfully completed the driver's license examination administered by the Department. Furthermore, the Commissioner shall not issue a driver's license for those home schooled students completing driver education courses approved by the Board of Education and instructed by his own parent or guardian if it is determined by the Commissioner that, at the time of such instruction, such parent or guardian had accumulated six or more driver demerit points in the most recently preceding 12 months, had been convicted within the most recent 11 preceding years of driving while intoxicated in violation of § 18.2-266 or a substantially similar law in another state, or had ever been convicted of voluntary or involuntary manslaughter in violation of § 18.2-35 or § 18.2-36 or a substantially similar law in another state.

§ 46.2-1702. Certification of driver education courses by Commissioner.
The Commissioner shall have the authority to approve as a driver education course satisfying the requirements of § 46.2-334 any course which is offered by any driver training school licensed under the provisions of this chapter if he finds that the course is of comparable content and quality to that offered in the Commonwealth's public schools. In making such finding, the Commissioner shall not require that the instructors of any driver training school meet the certification requirements of teachers in the Commonwealth's public schools.

The Commissioner shall have authority to approve any driver education course offered by any Class A licensee if he finds the course meets the requirements for such courses as set forth in this chapter and as otherwise established by the Department. Class A licensees shall not be required to administer knowledge or behind-the-wheel examinations. Driver education courses offered by any Class B licensee shall be based on the driver education curriculum currently approved by the Department of Education and the Department.

The Commissioner may accept 20 years' service with the Virginia Department of State Police by a person who retired or resigned while in good standing from such Department in lieu of requirements established by the Department of Education for instructor qualification.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-340, 16.1-340.1, 16.1-345.4, 19.2-169.6, 19.2-182.9, 37.2-808, 37.2-809, 37.2-814, and 37.2-817.2 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 16.1-340.1:1, 37.2-308.1, and 37.2-809.1 as follows:

A. Any magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion, an emergency custody order when he has probable cause to believe that (i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § 16.1-337. This subsection shall not preclude any other disclosures as required or permitted by law. To the extent possible, the petition shall contain the information required by § 16.1-339.1.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the minor, (3) any past mental health treatment of the minor, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any minor for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether he meets the criteria for temporary detention pursuant to § 16.1-340.1 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board serving the area in which the minor is located who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, in cases in which the emergency custody order is based upon a finding that the minor who is the subject of the order has a mental illness and that, as a result of mental illness, the minor is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control, the magistrate may authorize transportation by an alternative transportation provider, including a parent, family member, or friend of the minor who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the minor's treating physician, if any; or other persons who are available and have knowledge of the minor, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the minor into custody, and to transfer custody of the minor to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the minor being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its
designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the minor subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the minor who is the subject of the emergency custody order was taken into custody or, if the minor has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the minor is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the minor to the facility or location to which the minor is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the minor and others from harm, (ii) is actually capable of providing the level of security necessary to protect the minor and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a minor meets the criteria for emergency custody as stated in this section may take that minor into custody and transport that minor to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed four eight hours from the time the law-enforcement officer takes the minor into custody. However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the minor can be temporarily detained pursuant to § 16.1-340.1 or (ii) a medical evaluation of the person to be completed if necessary.

H. A law-enforcement officer who is transporting a minor who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such minor into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the minor revoiced consent to be transported to a facility for the purpose of assessment or evaluation and (ii) based upon his observations, that probable cause exists to believe that the minor meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed four eight hours from the time the law-enforcement officer takes the minor into custody. However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (a) the community services board to identify a suitable facility in which the minor can be temporarily detained pursuant to § 16.1-340.1 or (b) a medical evaluation of the person to be completed if necessary.

I. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

J. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a minor in his custody as provided in this section.

K. The minor shall remain in custody until a temporary detention order is issued, until the minor is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed four eight hours from the time of execution. However, upon a finding by a magistrate that good cause exists to grant an extension, the
A magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 16.1-345.1 by an employee or designee of the local community services board to determine whether the minor meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician or clinical psychologist treating the person, that (i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment. The magistrate shall also consider the recommendations of the minor's parents and of any treating or examining physician licensed in Virginia if available either verbally or in writing prior to rendering a decision. To the extent possible, the petition shall contain the information required by § 16.1-339.1. Any temporary detention order entered pursuant to this section shall be effective until such time as the juvenile and domestic relations district court serving the jurisdiction in which the minor is located conducts a hearing pursuant to subsection B of § 16.1-341. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § 16.1-337. This subsection shall not preclude any other disclosures as required or permitted by law.

B. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the minor, (iii) any past mental health treatment of the minor, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

C. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection A if (i) the minor has been personally examined within the previous 72 hours by an employee or designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the minor or to others associated with conducting such evaluation.

D. An employee or designee of the community services board shall determine the facility of temporary detention in accordance with the provisions of § 16.1-340.1:1 for all minors detained pursuant to this section. The facility of temporary detention shall be one that has been approved pursuant to regulations of the Board of Behavioral Health and Developmental Services. The facility shall be identified on the preadmission screening report and indicated on the temporary detention order. Subject to the provisions of § 16.1-340.1:1, if a facility of temporary detention cannot be identified by the time of the expiration of the emergency custody pursuant to § 16.1-340, the minor shall be detained in a state facility for the treatment of minors with mental illness and such facility shall be indicated on the temporary detention order. Except for minors who are detained for a criminal offense by a juvenile and domestic relations district court and who require hospitalization in accordance with this article, the minor shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the minor is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by the facility identified in the temporary detention order.

E. Any facility caring for a minor placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the minor within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs...

The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

F. The employee or designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the minor. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

G. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 16.1-342, preparation of the preadmission screening report required by § 16.1-340.4, and initiation of mental health treatment to stabilize the minor's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 96 hours prior to a hearing. If the 96-hour period herein specified terminates on a Saturday, Sunday, or legal holiday, the minor may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or legal holiday. The minor may be released, pursuant to § 16.1-340.3, before the 96-hour period herein specified has run.

H. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

I. For purposes of this section a healthcare provider or an employee or designee of the local community services board shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

J. The employee or designee of the local community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the minor should not be subject to a temporary detention order, inform the petitioner and an on-site treating physician of his recommendation.

K. Each community services board shall provide to each juvenile and domestic relations district court and magistrate's office within its service area a list of employees and designees who are available to perform the evaluations required herein.

A. In each case in which an employee or designee of the local community services board is required to make an evaluation of a minor pursuant to subsection B, G, or H of § 16.1-340, an employee or designee of the local community services board shall, upon being notified of the need for such evaluation, contact the state facility for the area in which the community services board is located and notify the state facility that the minor will be transported to the facility upon issuance of a temporary detention order if no other facility of temporary detention can be identified by the time of the expiration of the period of emergency custody pursuant to § 16.1-340. Upon completion of the evaluation, the employee or designee of the local community services board shall convey to the state facility information about the minor necessary to allow the state facility to determine the services the minor will require upon admission.

B. A state facility may, following the notice in accordance with subsection A, conduct a search for an alternative facility that is able and willing to provide temporary detention and appropriate care to the minor, which may include another state facility if the state facility notified in accordance with subsection A is unable to provide temporary detention and appropriate care for the minor. Under no circumstances shall a state facility fail or refuse to admit a minor who meets the criteria for temporary detention pursuant to § 16.1-340.1 unless an alternative facility that is able to provide temporary detention and appropriate care agrees to accept the minor for temporary detention, and the minor shall not during the duration of the temporary detention order be released from the custody of the community services board except for purposes of transporting the minor to the state facility or alternative facility in accordance with the provisions of § 16.1-340.2. If an alternative facility is identified and agrees to accept the minor for temporary detention, the state facility shall notify the community services board, and an employee or designee of the community services board shall designate the alternative facility on the prescreening report.

C. The facility of temporary detention designated in accordance with this section shall be one that has been approved pursuant to regulations of the State Board of Behavioral Health and Developmental Services.

A. The juvenile and domestic relations district court judge shall hold a hearing within 15 days after receiving the motion for review of the mandatory outpatient treatment plan; however, if the fifteenth day is a Saturday, Sunday, or legal holiday, or day on which the court is lawfully closed, the hearing shall be held on the next day that is not a Saturday, Sunday, or legal holiday, or day on which the court is lawfully closed. If the minor is being detained under a temporary detention order, the hearing shall be scheduled within the same time frame provided for a commitment hearing under § 16.1-341. The clerk shall provide notice of the hearing to the minor, his parents, the community services board, all treatment providers listed in the comprehensive mandatory outpatient treatment order, and the original petitioner for the minor's involuntary treatment. If the minor is not represented by counsel, the judge shall appoint an attorney to represent the minor in this
hearing and any subsequent hearings under § 16.1-345.5, giving consideration to appointing the attorney who represented the minor at the proceeding that resulted in the issuance of the mandatory outpatient treatment order. The judge shall also appoint a guardian ad litem for the minor. The community services board shall offer to arrange the minor's transportation to the hearing if the minor is not detained and has no other source of transportation.

B. If requested by the minor's parents, the community services board, a treatment provider listed in the comprehensive mandatory outpatient treatment plan, or the original petitioner for the minor's involuntary treatment, the juvenile and domestic relations district court judge may order an evaluation and appoint a qualified evaluator in accordance with § 16.1-342 who shall personally examine the minor and certify to the court whether or not he has probable cause to believe that the minor meets the criteria for involuntary inpatient treatment or mandatory outpatient treatment as specified in § 16.1-345 and subsection A of § 16.1-345.2. The evaluator's report may be admitted into evidence without the appearance of the evaluator at the hearing if not objected to by the minor or his attorney. If the minor is not detained in an inpatient facility, the community services board shall arrange for the minor to be examined at a convenient location and time. The community services board shall offer to arrange for the minor's transportation to the examination, if the minor has no other source of transportation. If the minor refuses or fails to appear, the community services board shall notify the court, and the court shall issue a mandatory examination order and a civil show cause summons. The return date for the civil show cause summons shall be set on a date prior to the review hearing scheduled pursuant to subsection A, and the examination of the minor shall be conducted immediately after the hearing thereon, but in no event shall the period for the examination exceed eight hours.

C. If the minor fails to appear for the hearing, the juvenile and domestic relations district court judge shall, after consideration of any evidence from the minor, from his parents, from the community services board, or from any treatment provider identified in the mandatory outpatient treatment plan regarding why the minor failed to appear at the hearing, either (i) reschedule the hearing pursuant to subsection A, (ii) issue an emergency custody order pursuant to § 16.1-340, or (iii) issue a temporary detention order pursuant to § 16.1-340.1.

D. After hearing the evidence regarding the minor's material noncompliance with the mandatory outpatient treatment order and the minor's current condition, and any other relevant information referenced in § 16.1-345 and subsection A of § 16.1-345.2, the juvenile and domestic relations district court judge may make one of the following dispositions:

1. Upon finding by clear and convincing evidence that the minor meets the criteria for involuntary admission and treatment specified in § 16.1-345, the judge shall order the minor's involuntary admission to a facility designated by the community services board for a period of treatment not to exceed 30 days;

2. Upon finding that the minor continues to meet the criteria for mandatory outpatient treatment specified in subsection A of § 16.1-345.2, and that a continued period of mandatory outpatient treatment appears warranted, the judge may renew the order for mandatory outpatient treatment, making any necessary modifications that are acceptable to the community services board or treatment provider responsible for the minor's treatment. In determining the appropriateness of outpatient treatment, the court may consider the minor's material noncompliance with the previous mandatory treatment order; or

3. Upon finding that neither of the above dispositions is appropriate, the judge may rescind the order for mandatory outpatient treatment.

Upon entry of an order for involuntary inpatient admission, transportation shall be provided in accordance with § 16.1-345.

E. For the purposes of this section, "juvenile and domestic relations district court judge" shall not include a special justice as authorized by § 37.2-803.

§ 19.2-169.6. Inpatient psychiatric hospital admission from local correctional facility.

A. Any inmate of a local correctional facility who is not subject to the provisions of § 19.2-169.2 may be hospitalized for psychiatric treatment at a hospital designated by the Commissioner of Behavioral Health and Developmental Services as appropriate for treatment of persons under criminal charge if:

1. The court with jurisdiction over the inmate's case, if it is still pending, on the petition of the person having custody over an inmate or on its own motion, holds a hearing at which the inmate is represented by counsel and finds by clear and convincing evidence that (i) the inmate has a mental illness; (ii) there exists a substantial likelihood that, as a result of a mental illness, the inmate will, in the near future, cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any; and (iii) the inmate requires treatment in a hospital rather than the local correctional facility. Prior to making this determination, the court shall consider the examination conducted in accordance with § 37.2-815 and the preadmission screening report prepared in accordance with § 37.2-816 and conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or designee of the local community services board or behavioral health authority who is skilled in the assessment and treatment of mental illness, who is not providing treatment to the inmate, and who has completed a certification program approved by the Department of Behavioral Health and Developmental Services as provided in § 37.2-809. The examiner appointed pursuant to § 37.2-815, if not physically present at the hearing, shall be available whenever possible for questioning during the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § 37.2-804.1. Any employee or designee of the local community services board or behavioral health authority, as defined in § 37.2-809, representing the board or authority that prepared the preadmission screening report shall attend the hearing in person or, if physical attendance is not practicable, shall participate in the
hearing through a two-way electronic video and audio communication system as authorized in § 37.2-804.1. When the hearing is held outside the service area of the community services board or behavioral health authority that prepared the preadmission screening report, and it is not practicable for a representative of the board or authority to attend or participate in the hearing, arrangements shall be made by the board or authority for an employee or designee of the board or authority serving the area in which the hearing is held to attend or participate on behalf of the board or authority that prepared the preadmission screening report; or

2. Upon petition by the person having custody over an inmate, a magistrate finds probable cause to believe that (i) the inmate has a mental illness; (ii) there exists a substantial likelihood that, as a result of a mental illness, the inmate will, in the near future, cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any; and (iii) the inmate requires treatment in a hospital rather than a local correctional facility, and the magistrate issues a temporary detention order for the inmate. Prior to the filing of the petition, the person having custody shall arrange for an examination of the inmate conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or designee of the local community services board or behavioral health authority who is skilled in the assessment and treatment of mental illness and who has completed a certification program approved by the Department as provided in § 37.2-809. After considering the examination of the employee or designee of the local community services board or behavioral health authority, and any other information presented, and finding that probable cause exists to meet the criteria, the magistrate may issue a temporary detention order in accordance with the applicable procedures specified in §§ 37.2-807 through 37.2-813. The person having custody over the inmate shall notify the court having jurisdiction over the inmate's case, if it is still pending, and the inmate's attorney prior to the detention pursuant to a temporary detention order or as soon thereafter as is reasonable.

Upon detention pursuant to this subdivision, a hearing shall be held either (a) before the court having jurisdiction over the inmate's case or (b) before a district court judge or a special justice, as defined in § 37.2-100, in accordance with the provisions of §§ 37.2-813 through 37.2-821, in which case the inmate shall be represented by counsel as specified in § 37.2-814. The hearing shall be held within 48 72 hours of execution of the temporary detention order issued pursuant to this subdivision. If the 48 72-hour period terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the inmate may be detained until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. Any employee or designee of the local community services board or behavioral health authority, as defined in § 37.2-809, representing the board or authority that prepared the preadmission screening report shall attend the hearing in person or, if physical attendance is not practicable, shall participate in the hearing through a two-way electronic video and audio communication system as authorized in § 37.2-804.1. When the hearing is held outside the service area of the community services board or behavioral health authority that prepared the preadmission screening report, and it is not practicable for a representative of the board or authority to attend or participate in the hearing, arrangements shall be made by the board or authority for an employee or designee of the board or authority serving the area in which the hearing is held to attend or participate on behalf of the board or authority that prepared the preadmission screening report. The judge or special justice conducting the hearing may order the inmate hospitalized if, after considering the examination conducted in accordance with § 37.2-813, the preadmission screening report prepared in accordance with § 37.2-816, and any other available information as specified in subsection C of § 37.2-817, he finds by clear and convincing evidence that (1) the inmate has a mental illness; (2) there exists a substantial likelihood that, as a result of a mental illness, the inmate will, in the near future, cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any; and (3) the inmate requires treatment in a hospital rather than a local correctional facility. The examiner appointed pursuant to § 37.2-815, if not physically present at the hearing, shall be available whenever possible for questioning during the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § 37.2-804.1. The examination and the preadmission screening report shall be admitted into evidence at the hearing.

B. In no event shall an inmate have the right to make application for voluntary admission as may be otherwise provided in § 37.2-805 or 37.2-814 or be subject to an order for mandatory outpatient treatment as provided in § 37.2-817.

C. If an inmate is hospitalized pursuant to this section and his criminal case is still pending, the court having jurisdiction over the inmate's case may order that the admitting hospital evaluate the inmate's competency to stand trial and his mental state at the time of the offense pursuant to §§ 19.2-169.1 and 19.2-169.5.

D. An inmate may not be hospitalized longer than 30 days under subsection A unless the court which has criminal jurisdiction over him or a district court judge or a special justice, as defined in § 37.2-100, holds a hearing and orders the inmate's continued hospitalization in accordance with the provisions of subdivision A 2. If the inmate's hospitalization is continued under this subsection by a court other than the court which has jurisdiction over his criminal case, the facility at which the inmate is hospitalized shall notify the court with jurisdiction over his criminal case and the inmate's attorney in the criminal case, if the case is still pending.

E. Hospitalization may be extended in accordance with subsection D for periods of 60 days for inmates awaiting trial, but in no event may such hospitalization be continued beyond trial, nor shall such hospitalization act to delay trial, as long as the inmate remains competent to stand trial. Hospitalization may be extended in accordance with subsection D for periods of 180 days for an inmate who has been convicted and not yet sentenced, or for an inmate who has been convicted of a crime and is in the custody of a local correctional facility after sentencing, but in no event may such hospitalization be
continued beyond the date upon which his sentence would have expired had he received the maximum sentence for the crime charged. Any inmate who has not completed service of his sentence upon discharge from the hospital shall serve the remainder of his sentence.

F. For any inmate who has been convicted and not yet sentenced, or who has been convicted of a crime and is in the custody of a local correctional facility after sentencing, the time the inmate is confined in a hospital for psychiatric treatment shall be deducted from any term for which he may be sentenced to any penal institution, reformatory or elsewhere.

G. Any health care provider, as defined in § 32.1-127.1:03, or other provider rendering services to an inmate who is the subject of a proceeding under this section, upon request, shall disclose to a magistrate, the court, the inmate's attorney, the inmate's guardian ad litem, the examining physician or treating psychiatrist, the examiner appointed pursuant to § 37.2-815, the community service board or behavioral health authority preparing the preadmission screening pursuant to § 37.2-816, or the sheriff or administrator of the local correctional facility any and all information that is necessary and appropriate to enable each of them to perform his duties under this section. These health care providers and other service providers shall disclose to one another health records and information necessary to provide care and treatment to the inmate and to monitor that care and treatment. Health records disclosed to a sheriff or administrator of the local correctional facility shall be limited to information necessary to protect the sheriff or administrator of the local correctional facility and his employees, the inmate, or the public from physical injury or to address the health care needs of the inmate. Information disclosed to a law-enforcement officer shall not be used for any other purpose, disclosed to others, or retained.

Any health care provider disclosing records pursuant to this section shall be immune from civil liability for any harm resulting from the disclosure, including any liability under the federal Health Insurance Portability and Accountability Act (42 U.S.C. § 1320d et seq.), as amended, unless the person or provider disclosing such records intended the harm or acted in bad faith.

H. Any order entered where an inmate is the subject of proceedings under this section shall provide for the disclosure of medical records pursuant to subsection G. This subsection shall not preclude any other disclosures as required or permitted by law.

When exigent circumstances do not permit compliance with revocation procedures set forth in § 19.2-182.8, any district court judge or a special justice, as defined in § 37.2-100, or a magistrate may issue an emergency custody order, upon the request of an authorized person or upon his own motion based upon probable cause to believe that an acquittee on conditional release (i) has violated the conditions of his release or is no longer a proper subject for conditional release and (ii) requires inpatient hospitalization. The emergency custody order shall require the acquittee within his judicial district to be taken into custody and transported to a convenient location where a person designated by the community services board or behavioral health authority who is skilled in the diagnosis and treatment of mental illness shall evaluate such acquittee and assess his need for inpatient hospitalization. A law-enforcement officer who, based on his observation or the reliable reports of others, has probable cause to believe that any acquittee on conditional release has violated the conditions of his release and is no longer a proper subject for conditional release and requires emergency evaluation to assess the need for inpatient hospitalization, may take the acquittee into custody and transport him to an appropriate location to assess the need for hospitalization without prior judicial authorization. The evaluation shall be conducted immediately. The acquittee shall remain in custody until a temporary detention order is issued or until he is released, but in no event shall the period of custody exceed four eight hours. However, upon a finding by a district court judge, special justice as defined in § 37.2-100, or magistrate that good cause exists to grant an extension, the district court judge, special justice, or magistrate shall extend the emergency custody order, or shall issue an order extending the period of emergency custody, one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (a) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to this section or (b) a medical evaluation of the person to be completed if necessary. If it appears from all evidence readily available (i) (a) that the acquittee has violated the conditions of his release or is no longer a proper subject for conditional release and (ii) (b) that he requires emergency evaluation to assess the need for inpatient hospitalization, the district court judge or a special justice, as defined in § 37.2-100, or magistrate, upon the advice of such person skilled in the diagnosis and treatment of mental illness, may issue a temporary detention order authorizing the executing officer to place the acquittee in an appropriate institution for a period not to exceed 48 hours prior to a hearing. If the 48-hour period terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the acquittee may be detained until the next day which is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed.

The committing court or any district court judge or a special justice, as defined in § 37.2-100, shall have jurisdiction to hear the matter. Prior to the hearing, the acquittee shall be examined by a psychiatrist or licensed clinical psychologist, provided the psychiatrist or clinical psychologist is skilled in the diagnosis of mental illness, who shall certify whether the person is in need of hospitalization. At the hearing the acquittee shall be provided with adequate notice of the hearing, of the right to be present at the hearing, the right to the assistance of counsel in preparation for and during the hearing, and the right to introduce evidence and cross-examine witnesses at the hearing. Following the hearing, if the court determines, based on a preponderance of the evidence presented at the hearing, that the acquittee (i) (i) has violated the conditions of his release or is no longer a proper subject for conditional release and (ii) (2) has mental illness or intellectual disability and is
in need of inpatient hospitalization, the court shall revoke the acquittee's conditional release and place him in the custody of the Commissioner.

When an acquittee on conditional release pursuant to this chapter is taken into emergency custody, detained, or hospitalized, such action shall be considered to have been taken pursuant to this section, notwithstanding the fact that his status as an insanity acquittee was not known at the time of custody, detention, or hospitalization. Detention or hospitalization of an acquittee pursuant to provisions of law other than those applicable to insanity acquittees pursuant to this chapter shall not render the detention or hospitalization invalid. If a person's status as an insanity acquittee on conditional release is not recognized at the time of emergency custody or detention, at the time his status as such is verified, the provisions applicable to such persons shall be applied and the court hearing the matter shall notify the committing court of the proceedings.

§ 37.2-308.1. Acute psychiatric bed registry.
A. The Department shall develop and administer a web-based acute psychiatric bed registry to collect, aggregate, and display information about available acute beds in public and private inpatient psychiatric facilities and public and private residential crisis stabilization units to facilitate the identification and designation of facilities for the temporary detention and treatment of individuals who meet the criteria for temporary detention pursuant to § 37.2-809.

B. The acute psychiatric bed registry created pursuant to subsection A shall:
1. Include descriptive information for every public and private inpatient psychiatric facility and every public and private residential crisis stabilization unit in the Commonwealth, including contact information for the facility or unit;
2. Provide real-time information about the number of beds available at each facility or unit and, for each available bed, the type of patient that may be admitted, the level of security provided, and any other information that may be necessary to allow employees or designees of community services boards and employees of inpatient psychiatric facilities or public and private residential crisis stabilization units to identify appropriate facilities for detention and treatment of individuals who meet the criteria for temporary detention; and
3. Allow employees and designees of community services boards, employees of inpatient psychiatric facilities or public and private residential crisis stabilization units, and health care providers as defined in § 8.01-581.1 working in an emergency room of a hospital or clinic or other facility rendering emergency medical care to perform searches of the registry to identify available beds that are appropriate for the detention and treatment of individuals who meet the criteria for temporary detention.

C. Every state facility, community services board, behavioral health authority, and private inpatient provider licensed by the Department shall participate in the acute psychiatric bed registry established pursuant to subsection A and shall designate such employees as may be necessary to submit information for inclusion in the acute psychiatric bed registry and serve as a point of contact for addressing requests for information related to data reported to the acute psychiatric bed registry.

D. The Commissioner may enter into a contract with a private entity for the development and administration of the acute psychiatric bed registry established pursuant to subsection A.

§ 37.2-808. Emergency custody; issuance and execution of order.
A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for temporary detention.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, in cases in which the emergency custody order is based upon a finding that the person who is the subject of the order has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs but there is no substantial likelihood
that the person will cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner.

When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board’s service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a person meets the criteria for emergency custody as stated in this section may take that person into custody and transport that person to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody. However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to § 37.2-809 or (ii) a medical evaluation of the person to be completed if necessary.

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period
of custody shall not exceed four eight hours from the time the law-enforcement officer takes the person into custody. However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (a) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to § 37.2-809, or (b) a medical evaluation of the person to be completed if necessary.

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.

J. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

K. The person shall remain in custody until a temporary detention order is issued, until the person is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed four eight hours from the time of the finding. However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall extend the emergency custody order one time for a second period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to § 37.2-809 or (ii) a medical evaluation of the person to be completed if necessary. Any family member, as defined in § 37.2-100, employee or designee of the local community services board as defined in § 37.2-809, treating physician, or law-enforcement officer may request the two-hour extension.

L. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.

M. If an emergency custody order is not executed within six eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

N. In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the individual is detained in a state facility pursuant to subsection E of § 37.2-809, the state facility and an employee or designee of the community services board as defined in § 37.2-809 may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual.

O. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to persons with mental illnesses while in emergency custody.

§ 37.2-809. Involuntary temporary detention; issuance and execution of order.

A. For the purposes of this section:

"Designee of the local community services board" means an examiner designated by the local community services board who (i) is skilled in the assessment and treatment of mental illness, (ii) has completed a certification program approved by the Department, (iii) is able to provide an independent examination of the person, (iv) is not related by blood or marriage to the person being evaluated, (v) has no financial interest in the admission or treatment of the person being evaluated, (vi) has no investment interest in the facility detaining or admitting the person under this article, and (vii) except for employees of state hospitals and of the U.S. Department of Veterans Affairs, is not employed by the facility.

"Employee" means an employee of the local community services board who is skilled in the assessment and treatment of mental illness and has completed a certification program approved by the Department.

"Investment interest" means the ownership or holding of an equity or debt security, including shares of stock in a corporation, interests or units of a partnership, bonds, debentures, notes, or other equity or debt instruments.

B. A magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or a designee of the local community services board to determine whether the person meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician or clinical psychologist treating the person, that the person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. The magistrate shall also consider the recommendations of any treating or examining physician licensed in Virginia if available either verbally or in writing prior to rendering a decision. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

C. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician or psychologist licensed in
Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

D. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection B if (i) the person has been personally examined within the previous 72 hours by an employee or a designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the person or to others associated with conducting such evaluation.

E. An employee or a designee of the local community services board shall determine the facility of temporary detention in accordance with the provisions of § 37.2-809.1 for all individuals detained pursuant to this section. The facility of temporary detention shall be one that has been approved pursuant to regulations of the Board. The facility shall be identified on the preadmission screening report and indicated on the temporary detention order. Subject to the provisions of § 37.2-809.1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808, the individual shall be detained in a state facility for the treatment of individuals with mental illness and such facility shall be indicated on the temporary detention order. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the person is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by the facility identified in the temporary detention order. The person detained or in custody pursuant to this section shall be given a written summary of the temporary detention procedures and the statutory protections associated with those procedures.

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 48 72 hours prior to a hearing. If the 48 72-hour period herein specified terminates on a Saturday, Sunday, or legal holiday, or day on which the court is lawfully closed, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or legal holiday, or day on which the court is lawfully closed. The person may be released, pursuant to § 37.2-813, before the 48 72-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider or designee of a local community services board or behavioral health authority shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. The employee or designee of the community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the person should not be subject to a temporary detention order, inform the petitioner and an onsite treating physician of his recommendation.

§ 37.2-809.1. Facility of temporary detention.
A. In each case in which an employee or designee of the local community services board as defined in § 37.2-809 is required to make an evaluation of an individual pursuant to subsection B, G, or H of § 37.2-808, an employee or designee of the local community services board shall, upon being notified of the need for such evaluation, contact the state facility for the area in which the community services board is located and notify the state facility that the individual will be transported to the facility upon issuance of a temporary detention order if no other facility of temporary detention can be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808. Upon completion of the evaluation, the employee or designee of the local community services board shall convey to the state facility information about the individual necessary to allow the state facility to determine the services the individual will require upon admission.

B. A state facility may, following the notice in accordance with subsection A, conduct a search for an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual, which may include another state facility if the state facility notified in accordance with subsection A is unable to provide temporary detention and appropriate care for the individual. Under no circumstances shall a state facility fail or refuse to admit an individual who meets the criteria for temporary detention pursuant to § 37.2-809 unless an alternative facility that is able to provide temporary detention and appropriate care agrees to accept the individual for temporary detention and the individual shall not during the duration of the temporary detention order be released from the custody of the community services board except for purposes of transporting the individual to the state facility or alternative facility in accordance with the provisions of § 37.2-810. If an alternative facility is identified and agrees to accept the individual for temporary detention, the state facility shall notify the community services board, and an employee or designee of the community services board shall designate the alternative facility on the prescreening report.

C. The facility of temporary detention designated in accordance with this section shall be one that has been approved pursuant to regulations of the Board.

§ 37.2-814. Commitment hearing for involuntary admission; written explanation; right to counsel; rights of petitioner.

A. The commitment hearing for involuntary admission shall be held after a sufficient period of time has passed to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall be held within 48 hours of the execution of the temporary detention order as provided for in § 37.2-809; however, if the 48-hour period herein specified terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed.

B. At the commencement of the commitment hearing, the district court judge or special justice shall inform the person whose involuntary admission is sought of his right to apply for voluntary admission for inpatient treatment, the judge or special justice shall require him to accept voluntary admission for a minimum period of treatment not to exceed 72 hours. After such minimum period of treatment, the person shall give the facility 48 hours' notice prior to leaving the facility. During this notice period, the person shall not be discharged except as provided in § 37.2-837, 37.2-838, or 37.2-840. The person shall be subject to the transportation provisions as provided in § 37.2-829 and the requirement for preadmission screening by a community services board as provided in § 37.2-805.

C. If a person is incapable of accepting or unwilling to accept voluntary admission and treatment, the judge or special justice shall inform the person of his right to a commitment hearing and right to counsel. The judge or special justice shall ascertain if the person whose admission is sought is represented by counsel, and, if he is not represented by counsel, the judge or special justice shall appoint an attorney to represent him. However, if the person requests an opportunity to employ counsel, the judge or special justice shall give him a reasonable opportunity to employ counsel at his own expense.

D. A written explanation of the involuntary admission process and the statutory protections associated with the process shall be given to the person, and its contents shall be explained by an attorney prior to the commitment hearing. The written explanation shall describe, at a minimum, the person's rights to (i) retain private counsel or be represented by a court-appointed attorney, (ii) present any defenses including independent evaluation and expert testimony or the testimony of other witnesses, (iii) be present during the hearing and testify, (iv) appeal any order for involuntary admission to the circuit court, and (v) have a jury trial on appeal. The judge or special justice shall ascertain whether the person whose involuntary admission is sought has been given the written explanation required herein.

E. To the extent possible, during or before the commitment hearing, the attorney for the person whose involuntary admission is sought shall interview his client, the petitioner, the examiner described in § 37.2-815, the community services board staff, and any other material witnesses. He also shall examine all relevant diagnostic and other reports, present evidence and witnesses, if any, on his client's behalf, and otherwise actively represent his client in the proceedings. A health
care provider shall disclose or make available all such reports, treatment information, and records concerning his client to the attorney, upon request. The role of the attorney shall be to represent the wishes of his client, to the extent possible.

F. The petitioner shall be given adequate notice of the place, date, and time of the commitment hearing. The petitioner shall be entitled to retain counsel at his own expense, to be present during the hearing, and to testify and present evidence. The petitioner shall be encouraged but shall not be required to testify at the hearing, and the person whose involuntary admission is sought shall not be released solely on the basis of the petitioner's failure to attend or testify during the hearing.

§ 37.2-817.2. Court review of mandatory outpatient treatment plan or discharge plan.
A. The district court judge or special justice shall hold a hearing within five days after receiving the petition for review of the mandatory outpatient treatment plan or discharge plan; however, if the fifth day is a Saturday, Sunday, or legal holiday, or day on which the court is lawfully closed, the hearing shall be held by the close of business on the next day that is not a Saturday, Sunday, or legal holiday, or day on which the court is lawfully closed. If the person is being detained under a temporary detention order, the hearing shall be scheduled within the same time frame provided for a commitment hearing under § 37.2-814. The clerk shall provide notice of the hearing to the person, the community services board, all treatment providers listed in the comprehensive mandatory outpatient treatment order or discharge plan, and the original petitioner for the person's involuntary treatment. If the person is not represented by counsel, the court shall appoint an attorney to represent the person in this hearing and any subsequent hearings under §§ 37.2-817.3 and 37.2-817.4, giving consideration to appointing the attorney who represented the person at the proceeding that resulted in the issuance of the mandatory outpatient treatment order or order authorizing discharge to mandatory outpatient treatment following inpatient treatment. The same judge or special justice that presided over the hearing resulting in the mandatory outpatient treatment order or order authorizing discharge to mandatory outpatient treatment following inpatient treatment need not preside at the noncompliance hearing or any subsequent hearings. The community services board shall offer to arrange the person's transportation to the hearing if the person is not detained and has no other source of transportation.

B. If requested by the person, the community services board, a treatment provider listed in the comprehensive mandatory outpatient treatment plan or discharge plan, or the original petitioner for the person's involuntary treatment, the court shall appoint an examiner in accordance with § 37.2-815 who shall personally examine the person and certify to the court whether or not he has probable cause to believe that the person meets the criteria for involuntary inpatient admission or mandatory outpatient treatment as specified in subsections C, C1, C2, and D of § 37.2-817. The examination shall include all applicable requirements of § 37.2-815. The certification of the examiner may be admitted into evidence without the appearance of the examiner at the hearing if not objected to by the person or his attorney. If the person is not detained in an inpatient facility, the community services board shall arrange for the person to be examined at a convenient location and time. The community services board shall offer to arrange for the person's transportation to the examination, if the person has no other source of transportation and resides within the service area or an adjacent service area of the community services board. If the person refuses or fails to appear, the community services board shall notify the court, or a magistrate if the court is not available, and the court or magistrate shall issue a mandatory examination order and capias directing the primary law-enforcement agency in the jurisdiction where the person resides to transport the person to the examination. The person shall remain in custody until a temporary detention order is issued or until the person is released, but in no event shall the period exceed four eight hours.

C. If the person fails to appear for the hearing, the court shall, after consideration of any evidence from the person, from the community services board, or from any treatment provider identified in the mandatory outpatient treatment plan or discharge plan regarding why the person failed to appear at the hearing, either (i) reschedule the hearing pursuant to subsection A, (ii) issue an emergency custody order pursuant to § 37.2-808, or (iii) issue a temporary detention order pursuant to § 37.2-809.

D. After hearing the evidence regarding the person's material noncompliance with the mandatory outpatient treatment order or order authorizing discharge to mandatory outpatient treatment following inpatient treatment and the person's current condition, and any other relevant information referenced in subsection C of § 37.2-817, the judge or special justice shall make one of the following dispositions:

1. Upon finding by clear and convincing evidence that the person meets the criteria for involuntary admission and treatment specified in subsection C of § 37.2-817, the judge or special justice shall order the person's involuntary admission to a facility designated by the community services board for a period of treatment not to exceed 30 days;

2. Upon finding that the person continues to meet the criteria for mandatory outpatient treatment specified in subsection C1, C2, or D of § 37.2-817, and that a continued period of mandatory outpatient treatment appears warranted, the judge or special justice shall renew the order for mandatory outpatient treatment, making any necessary modifications that are acceptable to the community services board or treatment provider responsible for the person's treatment. In determining the appropriateness of outpatient treatment, the court may consider the person's material noncompliance with the previous mandatory treatment order; or

3. Upon finding that neither of the above dispositions is appropriate, the judge or special justice shall rescind the order for mandatory outpatient treatment or order authorizing discharge to mandatory outpatient treatment following inpatient treatment.

Upon entry of an order for involuntary inpatient admission, transportation shall be provided in accordance with § 37.2-829.
2. That an emergency exists and the provisions of § 37.2-308.1 as created by this act are in force from the passage of this act and that the remaining provisions of this act shall become effective in due course except as provided in the third enactment.

3. That the provisions of this act adding subsection M to § 16.1-340 and subsection N to § 37.2-808 of the Code of Virginia shall expire on June 30, 2018.

4. That the Department of Behavioral Health and Developmental Services shall submit an annual report on or before June 30 of each year on the implementation of this act to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees. The report shall include the number of notifications of individuals in need of facility services by the community services boards, the number of alternative facilities contacted by community services boards and state facilities, the number of temporary detentions provided by state facilities and alternative facilities, the length of stay in state facilities and alternative facilities, and the cost of the detentions in state facilities and alternative facilities.

5. That the Governor's Task Force on Improving Mental Health Services and Crisis Response created on December 10, 2013, by Executive Order 68 shall identify and examine issues related to the use of law enforcement in the involuntary admission process. The task force shall consider options to reduce the amount of resources needed to detain individuals during the emergency custody order period, including the amount of time spent providing transportation throughout the admission process. Such options shall include developing crisis stabilization units in all regions of the Commonwealth and contracting for retired officers to provide needed transportation. The task force shall report its findings and recommendations to the Governor and the General Assembly by October 1, 2014.

1. That § 4.1-126 of the Code of Virginia is amended and reenacted as follows:

§ 4.1-126. Licenses for establishments in national forests, certain adjoining lands, on the Blue Ridge Parkway, and certain other properties.

A. Notwithstanding the provisions of § 4.1-124, mixed beverage licenses may be granted to establishments located (i) on property owned by the federal government in Jefferson National Forest, George Washington National Forest or the Blue Ridge Parkway; (ii) at altitudes of 3,800 feet or more above sea level on property adjoining the Jefferson National Forest; (iii) at an altitude of 2,800 feet or more above sea level on property adjoining the Blue Ridge Parkway at Mile Marker No. 189; (iv) on property within one-quarter mile of Mile Marker No. 174 on the Blue Ridge Parkway; (v) on property developed by a nonprofit economic development company or an industrial development authority; (vi) on old Jonesboro Road between Routes 823 and 654, located approximately 5,500 feet from the City of Bristol; (vii) on property developed as a motor sports road racing club, of which the track surface is 3.27 miles in length, on 1,200 acres of rural property bordering the Dan River in Halifax County, with such license applying to any area of the property deemed appropriate by the Board; (viii) at an altitude of 2,645 feet or more above sea level on land containing at least 750 acres used for recreational purposes and located within two and one-half miles of the Blue Ridge Parkway; (ix) on property fronting U.S. Route 11, with portions fronting Route 659, adjoining the City of Bristol and located approximately 2,700 feet north of mile marker 7.7 on Interstate 81; (x) on property bounded on the north by U.S. Route 11 and to the south by Interstate 81, and located between mile markers 8.1 and 8.5 of Interstate 81; (xi) on property consisting of at least 10,000 acres and operated as a resort located in any county with a population between 19,200 and 19,500; (xii) on property located as of December 1, 2012, within the Montgomery County Route 177 Urban Development Area, which area is adjacent to Exit 109 on Interstate 81; (xiii) on property fronting Route 603, with portions fronting on Interstate 81, located approximately 1,100 feet from the intersection of Route 603 and Interstate 81 at Exit 128; (xiv) on property located south of and within 1,400 feet of Interstate 81 between mile markers 38.8 and 39.5; (xv) on property bounded on the north by Interstate 81, on the west and south by State Route 691, and on the east by State Route 689; (xvi) on property located south of and within 1,500 feet of Interstate 81 between mile markers 44 and 44.4; (xvii) on property within 1,500 feet of Interstate 81 on either frontage road between mile markers 75 and 86 in the County of Wythe; and (xviii) on property within the boundary of any town incorporated in 1875 located adjacent to the intersection of Interstate 81 and Route 91; (xix) on property adjacent to the intersection of U.S. Route 220 North and State Route 57, operated as a country club as of December 31, 1926, in Henry County; (xx) on property adjacent to Lake Lanier, operated as a country club as of December 31, 1932, in Henry County; and (xxi) on property fronting Old Jonesboro Road between Routes 823 and 808, located approximately 4,500 feet south of Interstate 81, and operated as a country club.

the sale of mixed beverages and (ii) granting of a license will give that establishment an unfair business advantage over other establishments in the same jurisdiction. If an unfair business advantage will result, then no license shall be granted.

CHAPTER 693

An Act to amend and reenact §§ 22.1-212.6, 22.1-212.8, and 22.1-212.11 of the Code of Virginia, relating to charter schools; restrictions and pre-lottery enrollment for current students of conversion charter schools.

Be it enacted by the General Assembly of Virginia:
1. That §§ 22.1-212.6, 22.1-212.8, and 22.1-212.11 of the Code of Virginia are amended and reenacted as follows:

§ 22.1-212.6. Establishment and operation of public charter schools; requirements.
A. A public charter school shall be subject to all federal and state laws and regulations and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, or need for special education services and shall be subject to any court-ordered desegregation plan in effect for the school division or, in the case of a regional public charter school, any court-ordered desegregation plan in effect for relevant school divisions.

Enrollment shall be open to any child who is deemed to reside within the relevant school division or, in the case of a regional public charter school, within any of the relevant school divisions, as set forth in § 22.1-3, through a lottery process on a space-available basis, except that in the case of the conversion of an existing public school, students who attend the school and the siblings of such students shall be given the opportunity to enroll in advance of the lottery process. A waiting list shall be established if adequate space is not available to accommodate all students whose parents have requested to be entered in the lottery process. Such waiting list shall also be prioritized through a lottery process and parents shall be informed of their student's position on the list.

B. A public charter school shall be administered and managed by a management committee, composed of parents of students enrolled in the school, teachers and administrators working in the school, and representatives of any community sponsors, in a manner agreed to by the public charter school applicant and the local school board. Pursuant to a charter contract and as specified in § 22.1-212.7, a public charter school may operate free from specified school division policies and state regulations, and, as public schools, shall be subject to the requirements of the Standards of Quality, including the Standards of Learning and the Standards of Accreditation.

C. Pursuant to a charter agreement, a public charter school shall be responsible for its own operations, including, but not limited to, such budget preparation, contracts for services, and personnel matters as are specified in the charter agreement. A public charter school may negotiate and contract with a school division, the governing body of a public institution of higher education, or any third party for the use of a school building and grounds, the operation and maintenance thereof, and the provision of any service, activity, or undertaking which the public charter school is required to perform in order to carry out the educational program described in its charter. Any services for which a public charter school contracts with a school division shall not exceed the division's costs to provide such services.

D. As negotiated by contract, the local school board or the relevant school boards, in the case of regional public charter schools, may allow a public charter school to use vacant or unused properties or real estate owned by the school board. In no event shall a public charter school be required to pay rent for space which is deemed available, as negotiated by contract, in school division facilities. All other costs for the operation and maintenance of the facilities used by the public charter school shall be subject to negotiation between the public charter school and the school division or, in the case of a regional public charter school, between the regional public charter school and the relevant school divisions.

E. A public charter school shall not charge tuition.

A. Any person, group, or organization, including any institution of higher education, may submit an application for the formation of a public charter school.

B. The public charter school application shall be a proposed agreement and shall include:
1. The mission statement of the public charter school that must be consistent with the principles of the Standards of Quality.
2. The goals and educational objectives to be achieved by the public charter school, which educational objectives must meet or exceed the Standards of Learning.
3. Evidence that an adequate number of parents, teachers, pupils, or any combination thereof, support the formation of a public charter school.
4. A statement of the need for a public charter school in a school division or relevant school divisions in the case of a regional public charter school, or in a geographic area within a school division or relevant school divisions, as the case may be.
5. A description of the public charter school's educational program, pupil performance standards, and curriculum, which must meet or exceed any applicable Standards of Quality; any assessments to be used to measure pupil progress towards achievement of the school's pupil performance standards, in addition to the Standards of Learning assessments prescribed by § 22.1-253.13:3; the timeline for achievement of such standards; and the procedures for taking corrective action in the event that pupil performance at the public charter school falls below such standards.
6. A description of the lottery process to be used to determine enrollment, including a provision that in the case of the conversion of an existing public school, students who attend the school and the siblings of such students shall be given the opportunity to enroll in advance of the lottery process. A lottery process shall also be developed for the establishment of a waiting list for such students for whom space is unavailable and, if appropriate, a tailored admission policy that meets the specific mission or focus of the public charter school and is consistent with all federal and state laws and regulations and constitutional provisions prohibiting discrimination that are applicable to public schools and with any court-ordered desegregation plan in effect for the school division or, in the case of a regional public charter school, in effect for any of the relevant school divisions.

7. Evidence that the plan for the public charter school is economically sound for both the public charter school and the school division or relevant school divisions, as the case may be; a proposed budget for the term of the charter; and a description of the manner in which an annual audit of the financial and administrative operations of the public charter school, including any services provided by the school division or relevant school divisions, as the case may be, is to be conducted.

8. A plan for the displacement of pupils, teachers, and other employees who will not attend or be employed in the public charter school, in instances of the conversion of an existing public school to a public charter school, and for the placement of public charter school pupils, teachers, and employees upon termination or revocation of the charter.

9. A description of the management and operation of the public charter school, including the nature and extent of parental, professional educator, and community involvement in the management and operation of the public charter school.

10. An explanation of the relationship that will exist between the proposed public charter school and its employees, including evidence that the terms and conditions of employment have been addressed with affected employees.

11. An agreement between the parties regarding their respective legal liability and applicable insurance coverage.

12. A description of how the public charter school plans to meet the transportation needs of its pupils.

13. Assurances that the public charter school (i) is nonreligious in its programs, admission policies, employment practices, and all other operations and (ii) does not charge tuition.

14. In the case of a residential charter school for at-risk students, a description of (i) the residential program, facilities, and staffing; (ii) any parental education and after-care initiatives; (iii) the funding sources for the residential and other services provided; and (iv) any counseling or other social services to be provided and their coordination with any current state or local initiatives.

15. [Expired.]

16. Disclosure of any ownership or financial interest in the public charter school, by the charter applicant and the governing body, administrators, and other personnel of the proposed public charter school, and a requirement that the successful applicant and the governing body, administrators, and other personnel of the public charter school shall have a continuing duty to disclose such interests during the term of any charter.

C. [Expired.]

D. The charter applicant shall include in the proposed agreement the results of any Board of Education review of the public charter school application that may have been conducted as provided in subsection C of § 22.1-212.9.

§ 22.1-212.11. Public charter school restrictions.

A. Local school boards may establish public charter schools within the school division. Priority shall be given to public charter school applications designed to increase the educational opportunities of at-risk students, and at least one-half of the public charter schools per division shall be designed for at-risk students; however, the one-half requirement shall not apply in cases in which an existing public school is converted into a public charter school that serves the same community as the existing public school, nor shall such public charter school conversions be counted in the determination of school division compliance with the one-half requirement.

B. Local school boards shall report the grant or denial of public charter school applications to the Board and shall specify the maximum number of charters that may be authorized, if any; the number of charters granted or denied; and whether a public charter school is designed to increase the educational opportunities of at-risk students.

C. Nothing in this article shall be construed to prevent a school that is the only school in the division from applying to become a public charter school.

Any person appointed to fill a vacancy may serve two additional successive terms.

D. The Commissioner of the Department of Motor Vehicles and the Commissioner of Agriculture and Consumer Services or his designee shall be an ex officio voting member of the Board.

E. Members of the Board shall be reimbursed their actual and necessary expenses incurred in carrying out their duties, such reimbursement to be paid from the special fund referred to in § 46.2-1520.

§ 46.2-1508. Licenses required.

It shall be unlawful for any person to engage in business in the Commonwealth as a motor vehicle dealer or salesperson without first obtaining a license as provided in this chapter. It shall be unlawful for any person to engage in business in the Commonwealth as a manufacturer, factory branch, distributor, distributor branch, or factory or distributor representative without first obtaining a license as provided in Chapter 19 (§ 46.2-1900 et seq.) of this title. Any nonprofit organization exempt from taxation under § 501(c)(3) of the Internal Revenue Code, after having obtained a nonprofit organization certificate as provided in this chapter, may consign donated motor vehicles to licensed Virginia motor vehicle dealers. Any person licensed in another state as a motor vehicle dealer may sell motor vehicles at wholesale auctions in the Commonwealth after having obtained a certificate of dealer registration as provided in Chapter 19 of this title.

The offering or granting of a motor vehicle dealer franchise in the Commonwealth shall constitute engaging in business in the Commonwealth for purposes of this section, and no new motor vehicle may be sold or offered for sale in the Commonwealth unless the franchisor of motor vehicle dealer franchises for that line-make in the Commonwealth, whether such franchisor is a manufacturer, factory branch, distributor, distributor branch, or otherwise, is licensed under Chapter 19 of this title. In the event a license issued under Chapter 19 to a franchisor of motor vehicle dealer franchises is suspended, revoked, or not renewed, nothing in this section shall prevent the sale of any new motor vehicle of such franchisor's line-make manufactured in or brought into the Commonwealth for sale prior to the suspension, revocation or expiration of the license.

Violation of any provision of this section shall constitute a Class 1 misdemeanor.
§ 46.2-1519. License and registration fees; additional to other licenses and fees required by law.
A. The fee for each license and registration year or part thereof shall be determined by the Board, subject to the following:
1. For motor vehicle dealers, not more than $300 for each principal place of business, plus not more than $40 for each supplemental license.
2. For motor vehicle salespersons, not more than $50.
3. For motor vehicle dealers licensed in other states, but not in Virginia, not more than $100.
   The determination of fees by the Board under this subsection shall not be subject to the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).
B. The licenses, registrations, and fees required by this chapter are in addition to licenses, taxes, and fees imposed by other provisions of law and nothing contained in this chapter shall exempt any person from any license, tax, or fee imposed by any other provision of law.
C. The fee for issuance to a nonprofit organization of a certificate pursuant to subsection B of § 46.2-1508.1 shall be $25 per year or any part thereof.
D. No nonprofit organization granted a certificate pursuant to subsection B of § 46.2-1508.1 shall, either orally or in writing, assign a value to any donated vehicle for the purpose of establishing tax deduction amounts on any federal or state income tax return.
E. The Board may authorize discounts and other incentives to encourage licensees to conduct transactions with the Board (i) by means of electronic technologies and (ii) for multi-year periods.
F. The fee for reprinting licenses, certificates, and registrations shall be $10 for each reprint.
G. The fee for reinstating a license, certificate, or registration that has been suspended shall be $50.

All fees in this article shall be deposited in the Motor Vehicle Transaction Recovery Fund, hereinafter referred to in this article as “the Fund.” The Fund shall be a special fund in the state treasury to pay claims against the Fund and for no other purpose, provided that any such payment does not result in a negative balance of the Fund, except the Board may expend moneys for the administration of this article up to the maximum amount authorized for consumer assistance in the general appropriation act, provided the amount expended for administration does not result in a balance of the Fund of less than $250,000. The Fund shall be used to satisfy unpaid judgments, as provided for in § 46.2-1527.3. Any interest income shall accrue to the Fund. The Board shall maintain an accurate record of all transactions involving the Fund. The Board may levy a special assessment on all dealers participating in the Fund to pay claims against the Fund and to maintain a minimum Fund balance that is in its judgment adequate. The Board may choose to await a positive balance in the Fund to pay claims ready for payment in chronological order, provided such claims do not go unpaid for more than 60 days.
Every applicant renewing a motor vehicle dealer's license shall pay, in addition to other license fees, an annual Fund fee of $100, and every applicant for a motor vehicle salesperson's license shall pay, in addition to other license fees, an annual Fund fee of $10, prior to license issue. However, annual Fund renewal fees from salespersons shall not exceed $100 per year from an individual dealer. These fees shall be deposited in the Motor Vehicle Transaction Recovery Fund.
Applicants for an original motor vehicle dealer's license shall pay an annual Fund fee of $250 each year for three consecutive years. During this period, the $250 Fund fee will take the place of the annual $100 Fund fee.
In addition to the $250 annual fee, applicants for an original dealer's license shall have a $50,000 bond pursuant to § 46.2-1527.2 for three consecutive years. Only those renewing licensees who have not been the subject of a claim against their bond or against the Fund for three consecutive years shall pay the annual $100 fee and will no longer be required to pay the $250 annual fee or hold the $50,000 bond.
In addition to other license fees, applicants for an original Certificate of Dealer Registration or its renewal shall pay a Fund fee of $60.
The Board may suspend or reinstate collection of Fund fees.
The provisions of this section shall not apply to manufactured home dealers as defined in § 36-85.16, T&M vehicle dealers as defined in § 46.2-1900, trailer dealers as defined in § 46.2-1902, motorcycle dealers as defined in § 46.2-1993, and nonprofit organizations issued certificates pursuant to subsection B of § 46.2-1508.1.
The provisions of this section shall not apply to applicants for the renewal of a motor vehicle dealer's license where such applicants have not been the subject of a claim against a bond issued pursuant to § 46.2-1527.2 or against the Fund for three years and such applicants elect to maintain continuous bonding pursuant to Article 3.2 (§ 46.2-1527.9 et seq.). Such applicants shall not participate in the Fund and shall be exempt from the payment of any Fund fees.
§ 46.2-1908. Licenses required.
It shall be unlawful for any person to engage in business in the Commonwealth as a T&M vehicle dealer, salesperson, manufacturer, factory branch, distributor, distributor branch, or factory or distributor representative or as a motor vehicle manufacturer, factory branch, distributor, distributor branch, or factory or distributor representative as defined in § 46.2-1500, without first obtaining a license as provided in this chapter. Every person licensed as a manufactured home dealer under Chapter 4.2 (§ 36-85.16 et seq.) of Title 36 shall obtain a certificate of dealer registration as provided in this chapter. Any person licensed in another state as a motor vehicle dealer or T&M vehicle dealer may sell motor vehicles or T&M vehicles at wholesale auctions in the Commonwealth after having obtained a certificate of dealer registration as provided in this chapter. Any nonprofit organization exempt from taxation under § 501 (c) (3) of the Internal Revenue Code,
after having obtained a nonprofit organization certificate as provided in this chapter, may consign donated T&M vehicles to licensed Virginia T&M vehicle dealers. The offering or granting of a T&M vehicle dealer franchise in the Commonwealth shall constitute engaging in business in the Commonwealth for purposes of this section, and no new T&M vehicle may be sold or offered for sale in the Commonwealth unless the franchisor of T&M vehicle dealer franchises for that line-make in the Commonwealth, whether such franchisor is a manufacturer, factory branch, distributor, distributor branch, or otherwise, is licensed under this chapter. In the event a license issued under this chapter to a franchisor of T&M vehicle dealer franchises is suspended, revoked, or not renewed, nothing in this section shall prevent the sale of any new T&M vehicle of such franchisor's line-make manufactured in or brought into the Commonwealth for sale prior to the suspension, revocation or expiration of the license.

Violation of any provision of this section shall constitute a Class 1 misdemeanor.

§ 46.2-1919. License and registration fees; additional to other licenses and fees required by law.
A. The fee for each license and registration year or part thereof shall be as follows:
1. For T&M vehicle dealers, $100 for each principal place of business, plus $20 for each supplemental license.
2. For T&M and motor vehicle manufacturers, distributors, and each factory branch and distributor branch, $100.
3. For T&M and motor vehicle rebuilder salespersons, factory representatives, and distributor representatives, $10.
4. For motor vehicle dealers and T&M vehicle dealers licensed in other states, but not in Virginia, a registration fee of $50.
5. For manufactured home dealers, a registration fee of $50.
B. The licenses, registrations, and fees required by this chapter are in addition to licenses, taxes, and fees imposed by other provisions of law and nothing contained in this chapter shall exempt any person from any license, tax, or fee imposed by any other provision of law. However, the Commissioner may waive fees for those licensed under Chapter 15 (§ 46.2-1500 et seq.), 19.1 (§ 46.2-1992 et seq.), or 19.2 (§ 46.2-1993 et seq.); the Commissioner shall waive the fee for nonprofit organizations certified under Chapter 15, 19.1, or 19.2.
C. The fee for any nonprofit organization issued a certificate pursuant to § 46.2-1908.1 shall be $25 per year or any part thereof.
D. No nonprofit organization granted a certificate pursuant to § 46.2-1908.1 shall, either orally or in writing, assign a value to any donated vehicle for the purpose of establishing tax deduction amounts on any federal or state income tax return.
E. The fee for reprinting licenses, certificates, and registrations shall be $10 for each reprint.
F. The fee for reinstating a license, certificate, or registration that has been suspended shall be $50.

The council shall only consent to such an agreement by resolution adopted at a regular meeting and agreed to by a majority of all of its members. The agreement shall specify the types of cases to be handled by the Commonwealth's Attorney. Prior to the adoption of any such resolution the council shall request the recommendation of the City Attorney on the feasibility and operation of the agreement, but such recommendation shall not be binding on the council. The council may, at any time, modify or repeal its consent to such an agreement provided it follows the procedure provided herein for the giving of its consent and such right of council shall be a part of every such agreement. B. In addition to any penalty provided by law for a conviction under § 18.2-51.4 or 18.2-266 or a substantially similar ordinance of any county, city or town, any court of proper jurisdiction shall, as a condition of a restricted license, prohibit an offender from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for any period of time not to exceed the period of license suspension and restriction, not less than six consecutive months without alcohol-related violations of the interlock requirements. The offender shall be further required to provide to such program, at least quarterly during the period of court ordered ignition interlock installation, a printout from such electronic log indicating the offender's blood alcohol content during such ignitions, attempted ignitions, and rolling retests, and showing attempts to circumvent or tamper with the equipment.

C. In any case in which the court requires the installation of an ignition interlock system, the court shall order the offender not to operate any motor vehicle that is not equipped with such a system for the period of time that the interlock restriction is in effect. The Program shall require the offender to have the system monitored and calibrated for proper operation at least every 30 days by an entity approved by the Commission under the provisions of § 18.2-270.2 and to demonstrate proof thereof. The offender shall pay the cost of leasing or buying and monitoring and maintaining the ignition interlock system. Absent good cause shown, the court may revoke the offender's driving privilege for failing to (i) timely install such system or (ii) have the system properly monitored and calibrated.
E. No person shall start or attempt to start a motor vehicle equipped with an ignition interlock system for the purpose of providing an operable motor vehicle to a person who is prohibited under this section from operating a motor vehicle that is not equipped with an ignition interlock system. No person shall tamper with, or in any way attempt to circumvent the operation of, an ignition interlock system that has been installed in the motor vehicle of a person under this section. Except as authorized in subsection F, no person shall knowingly furnish a motor vehicle not equipped with a functioning ignition interlock system to any person prohibited under subsection B from operating any motor vehicle which is not equipped with such system. A violation of this subsection is punishable as a Class 1 misdemeanor.

F. Any person prohibited from operating a motor vehicle under subsection B may, solely in the course of his employment, operate a motor vehicle which is owned or provided by his employer without installation of an ignition interlock system, if the court expressly permits such operation as a condition of a restricted license at the request of the employer, but such person may not operate a school bus, school vehicle, or a commercial motor vehicle as defined in § 46.2-341.4. This subsection shall not apply if such employer is an entity wholly or partially owned or controlled by the person otherwise prohibited from operating a vehicle without an ignition interlock system.

G. The Commission shall promulgate such regulations and forms as are necessary to implement the procedures outlined in this section.

§ 18.2-271.1. Probation, education and rehabilitation of person charged or convicted; person convicted under law of another state.

A. Any person convicted of a first or second offense of § 18.2-266 or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, shall be required by court order, as a condition of probation or otherwise, to enter into and successfully complete an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district upon such terms and conditions as the court may set forth. However, upon motion of a person convicted of any such offense following an assessment of the person conducted by an alcohol safety action program, the court, for good cause, may decline to order participation in such a program if the assessment by the alcohol safety action program indicates that intervention is not appropriate for such person. In no event shall such persons be permitted to enter any such program which is not certified as meeting minimum standards and criteria established by the Commission on the Virginia Alcohol Safety Action Program (VASAP) pursuant to subsection B of this section and to § 18.2-271.2. However, any person charged with a violation of a first or second offense of § 18.2-266 or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, may, at any time prior to trial, enter into an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district. Any person who enters into such program prior to trial may pre-qualify with the program to have an ignition interlock system installed on any motor vehicle owned or operated by him. However, no ignition interlock company shall install an ignition interlock system on any such vehicle until a court issues to the person a restricted license with the ignition interlock restriction.

B. The court shall require the person entering such program under the provisions of this section to pay a fee of no less than $250 but no more than $300. A reasonable portion of such fee, as may be determined by the Commission on VASAP, but not to exceed 10 percent, shall be forwarded monthly to be deposited with the State Treasurer for expenditure by the Commission on VASAP, and the balance shall be held in a separate fund for local administration of driver alcohol rehabilitation programs. Upon a positive finding that the defendant is indigent, the court may reduce or waive the fee. In addition to the costs of the proceeding, fees as may reasonably be required of defendants referred for intervention under any such program may be charged.

C. Upon conviction of a violation of § 18.2-266 or any ordinance of a county, city, or town similar to the provisions thereof, or subsection A of § 46.2-341.24, the court shall impose the sentence authorized by § 18.2-270 or 46.2-341.28 and the license revocation as authorized by § 18.2-271. In addition, if the conviction was for a second offense committed within less than 10 years after a first such offense, the court shall order that restoration of the person's license to drive be conditioned upon the installation of an ignition interlock system on each motor vehicle, as defined in § 46.2-100, owned by or registered to the person, in whole or in part, for a period of six months beginning at the end of the three year license revocation, unless such a system has already been installed for six months prior to that time pursuant to a restricted license order under subsection E of this section. Upon a finding that a person so convicted is required to participate in the program described herein, the court shall enter the conviction on the warrant, and shall note that the person so convicted has been referred to such program. The court may then proceed to issue an order in accordance with subsection E of this section, if the court finds that the person so convicted is eligible for a restricted license. If the court finds good cause for a person not to participate in such program or subsequently that such person has violated, without good cause, any of the conditions set forth by the court in entering the program, the court shall dispose of the case as if no program had been entered, in which event the revocation provisions of § 46.2-389 and subsection A of § 46.2-391 shall be applicable to the conviction. The court shall, upon final disposition of the case, send a copy of its order to the Commissioner of the Department of Motor Vehicles. If such order provides for the issuance of a restricted license, the Commissioner of the Department of Motor Vehicles, upon receipt thereof, shall issue a restricted license. Appeals from any such disposition shall be allowed as provided by law. The time within which an appeal may be taken shall be calculated from the date of the final disposition of the case or any motion for rehearing, whichever is later.

D. Any person who has been convicted in another state of the violation of a law of such state substantially similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24, and whose privilege to operate a motor vehicle in this
Commonwealth is subject to revocation under the provisions of § 46.2-389 and subsection A of § 46.2-391, may petition the general district court of the county or city in which he resides that he be given probation and assigned to a program as provided in subsection A of this section and that, upon entry into such program, he be issued an order in accordance with subsection E of this section. If the court finds that such person would have qualified therefor if he had been convicted in this Commonwealth of a violation of § 18.2-266 or subsection A of § 46.2-341.24, the court may grant the petition and may issue an order in accordance with subsection E of this section as to the period of license suspension or revocation imposed pursuant to § 46.2-389 or subsection A of § 46.2-391. Such order shall be conditioned upon the successful completion of a program by the petitioner. If the court subsequently finds that such person has violated any of the conditions set forth by the court, the court shall dispose of the case as if no program had been entered and shall notify the Commissioner, who shall revoke the person's license in accordance with the provisions of § 46.2-389 or subsection A of § 46.2-391. A copy of the order granting the petition or subsequently revoking or suspending such person's license to operate a motor vehicle shall be forthwith sent to the Commissioner of the Department of Motor Vehicles.

No period of license suspension or revocation shall be imposed pursuant to this subsection which, when considered together with any period of license suspension or revocation previously imposed for the same offense in any state, results in such person's license being suspended for a period in excess of the maximum periods specified in this subsection.

E. Except as otherwise provided herein, whenever a person enters a certified program pursuant to this section, and such person's license to operate a motor vehicle, engine or train in the Commonwealth has been suspended or revoked, the court may, in its discretion and for good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle for any of the following purposes: (i) travel to and from his place of employment; (ii) travel to and from an alcohol rehabilitation or safety action program; (iii) travel during the hours of such person's employment if the operation of a motor vehicle is a necessary incident of such employment; (iv) travel to and from school if such person is a student, upon proper written verification to the court that such person is enrolled in a continuing program of education; (v) travel for health care services, including medically necessary transportation of an elderly parent or, as designated by the court, any person residing in the person's household with a serious medical problem upon written verification of need by a licensed health professional; (vi) travel necessary to transport a minor child under the care of such person to and from school, day care, and facilities housing medical service providers; (vii) travel to and from court-ordered visitation with a child of such person; (viii) travel to a screening, evaluation and education program entered pursuant to § 18.2-251 or subsection H of § 18.2-258.1; (ix) travel to and from court appearances in which he is a subpoenaed witness or a party and appointments with his probation officer and to and from any programs required by the court or as a condition of probation; (x) travel to and from a place of religious worship one day per week at a specified time and place; (xi) travel to and from appointments approved by the Division of Child Support Enforcement of the Department of Social Services as a requirement of participation in a court-ordered intensive case monitoring program for child support for which the participant maintains written proof of the appointment, including written proof of the date and time of the appointment, on his person; (xii) travel to and from jail to serve a sentence when such person has been convicted and sentenced to confinement in jail and pursuant to § 53.1-131.1 the time to be served is on weekends or nonconsecutive days; or (xiii) travel to and from the facility that installed or monitors the ignition interlock in the person's vehicle. No restricted license issued pursuant to this subsection shall permit any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). The court shall order the surrender of such person's license to operate a motor vehicle to be disposed of in accordance with the provisions of § 46.2-398 and shall forward to the Commissioner of the Department of Motor Vehicles a copy of its order entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a permit is issued as is reasonably necessary to identify such person. The court shall also provide a copy of its order to the person so convicted who may operate a motor vehicle on the order until receipt from the Commissioner of the Department of Motor Vehicles of a restricted license, if the order provides for a restricted license for that time period. A copy of such order and, after receipt thereof, the restricted license shall be carried at all times while operating a motor vehicle. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section shall be guilty of a violation of § 18.2-272. Such restricted license shall be conditioned upon enrollment within 15 days in, and successful completion of, a program as described in subsection A of this section.

No restricted license shall be issued during the first four months of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within 10 years of a first such offense. No restricted license shall be issued during the first year of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within five years of a first such offense. No restricted license shall be issued during any revocation period imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391. Notwithstanding the provisions of § 46.2-411, the fee charged pursuant to § 46.2-411 for reinstatement of the driver's license of any person whose privilege or license has been suspended or revoked as a result of a violation of § 18.2-266, subsection A of § 46.2-341.24 or of any ordinance of a county, city or town, or of any federal law or the laws of any other state similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24 shall be $105. Forty dollars of such reinstatement fee shall be retained by the Department of Motor Vehicles as provided in § 46.2-411, $40 shall be transferred to the Commonwealth Neurotrauma Initiative Trust Fund.

F. The court shall have jurisdiction over any person entering such program under any provision of this section until such time as the case has been disposed of by either successful completion of the program, or revocation due to ineligibility
or violation of a condition or conditions imposed by the court, whichever shall first occur. Revocation proceedings shall be commenced by notice to show cause why the court should not revoke the privilege afforded by this section. Such notice shall be made by first-class mail to the last known address of such person, and shall direct such person to appear before the court in response thereto on a date contained in such notice, which shall not be less than 10 days from the date of mailing of the notice. Failure to appear in response to such notice shall of itself be grounds for revocation of such privilege. Notice of revocation under this subsection shall be sent forthwith to the Commissioner of the Department of Motor Vehicles.

G. For the purposes of this section, any court which has convicted a person of a violation of § 18.2-266, subsection A of § 46.2-341.24 or any ordinance of a county, city or town similar to the provisions of § 18.2-266 shall have continuing jurisdiction over such person during any period of license revocation related to that conviction, for the limited purposes of (i) referring such person to a certified alcohol safety action program, (ii) providing for a restricted permit for such person in accordance with the provisions of subsection E, and (iii) imposing terms, conditions and limitations for actions taken pursuant to clauses (i) and (ii), whether or not it took either such action at the time of the conviction. This continuing jurisdiction is subject to the limitations of subsection E that provide that no restricted license shall be issued during a revocation imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391 or during the first four months or first year, whichever is applicable, of the revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391. The provisions of this subsection shall apply to a person convicted of a violation of § 18.2-266, subsection A of § 46.2-341.24 or any ordinance of a county, city or town similar to the provisions of § 18.2-266 on, after and at any time prior to July 1, 2003.

H. The State Treasurer, the Commission on V ASAP or any city or county is authorized to accept any gifts or bequests of money or property, and any grant, loan, service, payment or property from any source, including the federal government, for the purpose of driver alcohol education. Any such gifts, bequests, grants, loans or payments shall be deposited in the separate fund provided in subsection B.

I. The Commission on V ASAP, or any county, city, town, or any combination thereof may establish and, if established, shall operate, in accordance with the standards and criteria required by this subsection, alcohol safety action programs in connection with highway safety. Each such program shall operate under the direction of a local independent policy board chosen in accordance with procedures approved and promulgated by the Commission on V ASAP. Local sitting or retired district court judges who regularly hear or heard cases involving driving under the influence and are familiar with their local alcohol safety action programs may serve on such boards. The Commission on V ASAP shall establish minimum standards and criteria for the implementation and operation of such programs and shall establish procedures to certify all such programs to ensure that they meet the minimum standards and criteria stipulated by the Commission. The Commission shall also establish criteria for the administration of such programs for public information activities, for accounting procedures, for the auditing requirements of such programs and for the allocation of funds. Funds paid to the Commonwealth hereunder shall be utilized in the discretion of the Commission on V ASAP to offset the costs of state programs and local programs run in conjunction with any county, city or town and costs incurred by the Commission. The Commission shall submit an annual report as to actions taken at the close of each calendar year to the Governor and the General Assembly.

J. Notwithstanding any other provisions of this section or of § 18.2-271, nothing in this section shall permit the court to suspend, reduce, limit, or otherwise modify any disqualification from operating a commercial motor vehicle imposed under the provisions of the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

§ 46.2-391.01. Administrative enforcement of ignition interlock requirements.

If the court, as a condition of license restoration or as a condition of a restricted license under subsection C of § 18.2-271.1 or § 46.2-391, or when required by § 18.2-270.1, fails to prohibit an offender from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system upon the offender's conviction of a second or subsequent offense under § 18.2-51.4 or § 18.2-266 or a substantially similar ordinance of any county, city or town, the Commissioner shall enforce the requirements relating to installation of such systems in accordance with the provisions of § 18.2-270.1.

§ 46.2-391.2. Administrative suspension of license or privilege to operate a motor vehicle.

A. If a breath test is taken pursuant to § 18.2-268.2 or any similar ordinance and (i) the results show a blood alcohol content of 0.08 percent or more by weight by volume or 0.08 grams or more per 210 liters of breath, or (ii) the results, for persons under 21 years of age, show a blood alcohol concentration of 0.02 percent or more by weight by volume or 0.02 grams or more per 210 liters of breath or (iii) the person refuses to submit to the breath or blood test in violation of § 18.2-268.3 or any similar ordinance, and upon issuance of a petition or summons, or upon issuance of a warrant by the magistrate, for a violation of § 18.2-51.4, 18.2-266, or 18.2-266.1, or any similar ordinance, or upon the issuance of a warrant or summons by the magistrate or by the arresting officer at a medical facility for a violation of § 18.2-268.3, or any similar ordinance, the person's license shall be suspended immediately or in the case of (i) an unlicensed person, (ii) a person whose license is otherwise suspended or revoked, or (iii) a person whose driver's license is from a jurisdiction other than the Commonwealth, such person's privilege to operate a motor vehicle in the Commonwealth shall be suspended immediately. The period of suspension of the person's license or privilege to drive shall be seven days, unless the petition, summons or warrant issued charges the person with a second or subsequent offense. If the person is charged with a second offense the suspension shall be for 60 days. If not already expired, the period of suspension shall expire on the day and time of trial of the offense charged on the petition, summons or warrant, except that it shall not so expire during the first seven
days of the suspension. If the person is charged with a third or subsequent offense, the suspension shall be until the day and
and time of trial of the offense charged on the petition, summons or warrant.

A law-enforcement officer, acting on behalf of the Commonwealth, shall serve a notice of suspension personally on the
arrested person. When notice is served, the arresting officer shall promptly take possession of any driver's license held by
the person and issued by the Commonwealth and shall promptly deliver it to the magistrate. Any driver's license taken into
possession under this section shall be forwarded promptly by the magistrate to the clerk of the general district court or, as
appropriate, the court with jurisdiction over juveniles of the jurisdiction in which the arrest was made together with any
petition, summons or warrant, the results of the breath test, if any, and the report required by subsection B. A copy of the
notice of suspension shall be forwarded forthwith to both (a) the general district court or, as appropriate, the court with
jurisdiction over juveniles of the jurisdiction in which the arrest was made and (b) the Commissioner. Transmission of this
information may be made by electronic means.

The clerk shall promptly return the suspended license to the person at the expiration of the suspension. Whenever a
suspended license is to be returned under this section or § 46.2-391.4, the person may elect to have the license returned in
person at the clerk's office or by mail to the address on the person's license or to such other address as he may request.

B. Promptly after arrest and service of the notice of suspension, the arresting officer shall forward to the magistrate a
sworn report of the arrest that shall include (i) information which adequately identifies the person arrested and (ii) a
statement setting forth the arresting officer's grounds for belief that the person violated § 18.2-51.4, 18.2-266, or 18.2-266.1,
or a similar ordinance or refused to submit to a breath or blood test in violation of § 18.2-268.2 or a similar ordinance. The
report required by this subsection shall be submitted on forms supplied by the Supreme Court.

C. Any person whose license or privilege to operate a motor vehicle has been suspended under subsection A may,
during the period of the suspension, request the general district court or, as appropriate, the court with jurisdiction over
juveniles of the jurisdiction in which the arrest was made to review that suspension. The court shall review the suspension
within the same time period as the court hears an appeal from an order denying bail or fixing terms of bail or terms of
recognizance, giving this matter precedence over all other matters on its docket. If the person proves to the court by a
preponderance of the evidence that the arresting officer did not have probable cause for the arrest, that the magistrate did not
have probable cause to issue the warrant, or that there was not probable cause for issuance of the petition, the court shall
rescind the suspension, or that portion of it that exceeds seven days if there was not probable cause to charge a second
offense or 60 days if there was not probable cause to charge a third or subsequent offense, and the clerk of the court shall
forthwith, or at the expiration of the reduced suspension time, (i) return the suspended license, if any, to the person unless
§ 46.2-391.2 has been rescinded or reduced, and (iii) forward to the Commissioner a copy of the notice that the suspension
under § 46.2-391.2 has been rescinded or reduced. Otherwise, the court shall affirm the suspension. If the person requesting
the review fails to appear without just cause, his right to review shall be waived.

The court's findings are without prejudice to the person contesting the suspension or to any other potential party as to
any proceedings, civil or criminal, and shall not be evidence in any proceedings, civil or criminal.

D. If a person whose license or privilege to operate a motor vehicle is suspended under subsection A is convicted under
§ 18.2-261, 18.2-51.4, 18.2-266, or 18.2-266.1, or any similar ordinance during the suspension imposed by subsection A,
and if the court decides to issue the person a restricted permit under subsection E of § 18.2-271.1, such restricted permit
shall not be issued to the person before the expiration of the first seven days of the suspension imposed under subsection A.

CHAPTER 708

An Act to amend and reenact § 2.2-1839 of the Code of Virginia, relating to coverage for pro bono attorneys under risk
management plan.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:
1. That § 2.2-1839 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-1839. Risk management plans administered by the Department of the Treasury's Risk Management
Division for political subdivisions, constitutional officers, etc.

A. The Division shall establish one or more risk management plans specifying the terms and conditions for coverage,
subject to the approval of the Governor, and which plans may be purchased insurance, self-insurance or a combination of
self-insurance and purchased insurance to provide protection against liability imposed by law for damages and against
incidental medical payments resulting from any claim made against any county, city or town; authority, board, or
commission; sanitation, soil and water, planning or other district; public service corporation owned, operated or controlled
by a locality or local government authority; constitutional officer; state court-appointed attorney; any attorney for any claim
arising out of the provision of pro bono legal services for custody and visitation to an eligible indigent person under a
program approved by the Supreme Court of Virginia or the Virginia State Bar; any receiver for an attorney's practice
appointed under § 54.1-3900.01 or 54.1-3936; any attorney authorized by the Virginia State Bar for any claim arising out of
the provision of pro bono legal services in a Virginia State Bar approved program; affiliate or foundation of a state

department, agency or institution; any clinic that is organized in whole or primarily for the delivery of health care services without charge; volunteer drivers for any nonprofit organization providing transportation for persons who are elderly, disabled, or indigent to medical treatment and services, provided the volunteer driver has successfully completed training approved by the Division; any local chapter or program of the Meals on Wheels Association of America or any area agency on aging, providing meals and nutritional services to persons who are elderly, homebound, or disabled, and volunteer drivers for such entities who have successfully completed training approved by the Division; any individual serving as a guardian or limited guardian as defined in § 64.2-2000 for any individual receiving services from a state facility operated by the Department of Behavioral Health and Developmental Services; for nontransportation-related state construction contracts less than $500,000, where the bid bond requirements are waived, prospective contractors shall be prequalified for each individual project in accordance with § 2.2-4317; or the officers, agents or employees of any of the foregoing for acts or omissions of any nature while in an authorized governmental or proprietary capacity and in the course and scope of employment or authorization.

For the purposes of this section, "delivery of health care services without charge" shall be deemed to include the delivery of dental, medical or other health services when a reasonable minimum fee is charged to cover administrative costs.

For purposes of this section, a sheriff or deputy sheriff shall be considered to be acting in the scope of employment or authorization when performing any law-enforcement-related services authorized by the sheriff, and coverage for such service by the Division shall not be subject to any prior notification to or authorization by the Division.

B. In any case in which the coverage provided by one or more risk management plans established pursuant to this section applies, no sheriff or deputy shall be liable for any verdict or civil judgment in his individual capacity in excess of the approved maximum coverage amount as established by the Division and set forth in the respective coverage plans, which shall be at least $1.5 million for sheriffs and deputies. If a jury returns an award in excess of $1.5 million, the judge shall reduce the award and enter judgment against the sheriff or deputy for such damages in the amount of $1.5 million, provided that this shall not affect the ability of a court to order a remittitur. Nothing in this subsection shall be construed to limit the ability of a plaintiff to pursue the full amount of any judgment against a sheriff or deputy from any available insurance coverage. To the extent that any such award exceeds the coverage available under such risk management plans, the sheriff and any deputy shall be considered immune defendants under subsection F of § 38.2-2206. Automobile insurance carried by a sheriff or deputy in his personal capacity shall not be available to satisfy any verdict or civil judgment under the circumstances in which coverage is provided by one or more risk management plans.

C. Participation in the risk management plan shall be voluntary and shall be approved by the participant's respective governing body or by the State Compensation Board in the case of constitutional officers, by the office of the Executive Secretary of the Virginia Supreme Court in the case of state court-appointed attorneys, including attorneys appointed to serve as receivers under § 54.1-3900.01 or 54.1-3936, or attorneys under Virginia Supreme Court or approved programs; by the Virginia State Bar in the case of attorneys providing pro bono services under Virginia State Bar approved programs; by the Commissioner of the Department of Behavioral Health and Developmental Services for any individual serving as a guardian or limited guardian for any individual receiving services from a state facility operated by the Department or by the executive director of a community services board or behavioral health authority for any individual serving as a guardian or limited guardian for any individual receiving services from the board or authority, and by the Division. Upon such approval, the Division shall assume sole responsibility for plan management, compliance, or removal. The Virginia Supreme Court shall pay the cost for coverage of eligible persons performing services in approved programs of the Virginia State Bar under the Virginia State Bar shall pay the cost for coverage of eligible attorneys providing pro bono services in Virginia State Bar approved programs. The Department of Behavioral Health and Developmental Services shall be responsible for paying the cost of coverage for eligible persons performing services as a guardian or limited guardian for any individual receiving services from a state facility operated by the Department. The applicable community services board or behavioral health authority shall be responsible for paying the cost of coverage for eligible persons performing services as a guardian or limited guardian for individuals receiving services from the board or authority.

D. The Division shall provide for the legal defense of participating entities and shall reserve the right to settle or defend claims presented under the plan. All prejudgment settlements shall be approved in advance by the Division.

E. The risk management plan established pursuant to this section shall provide for the establishment of a trust fund for the payment of claims covered under such plan. The funds shall be invested in the manner provided in § 2.2-1806 and interest shall be added to the fund as earned.

The trust fund shall also provide for payment of legal defense costs, actuarial costs, administrative costs, contractual costs and all other expenses related to the administration of such plan.

F. The division shall, in its sole discretion, set the premium and administrative cost to be paid to it for providing a risk management plan established pursuant to this section. The premiums and administrative costs set by the Division shall be payable in the amounts at the time and in the manner that the Division in its sole discretion shall require. The premiums and administrative costs need not be uniform among participants, but shall be set so as to best ensure the financial stability of the plan.

G. Notwithstanding any provision to the contrary, a sheriff's department of any city or county, or a regional jail shall not be precluded from securing excess liability insurance coverage beyond the coverage provided by the Division pursuant to this section.
An Act to create a special school tax district in King William County and to govern allocation of tax revenue for schools in King William County and the Town of West Point.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. § 1. There is hereby established a special tax district to pay all or any portion of the County of King William (the County) expenditures for operating the County school division beginning July 1, 2014. The boundary of the tax district shall be the same as the geographical area of the County school division and shall exclude the area of the Town of West Point (the Town). The appropriation of funds for the County’s share of expenditures for the County school division shall be governed by this act, and the provisions of §§ 22.1-113 and 22.1-114 of the Code of Virginia shall not be applicable. The special tax district shall remain in effect unless the Town shall cease to operate a separate school division.

2. The King William Board of Supervisors (the Board) may levy and collect taxes upon any taxable property in such special tax district, including, but not limited to, real estate, mineral lands, tangible personal property, merchants’ capital, and machinery and tools, and may appropriate to the County school division such property taxes, including any penalties and interest thereon and any fund balance from the preceding fiscal year consisting of such taxes, penalties, and interest. The Town shall pay for its share of expenditures to operate the Town school division from Town property taxes and other local, state, and federal revenues received by the Town. All taxes levied and collected by the County, other than those levied and collected for the support of the County school division in the special tax district, shall be uniform in all districts in the County, except as otherwise provided for by law.

3. The Board may also appropriate to the County school division all or any portion of the revenue derived from (i) those local or state taxes that are collected in part within the Town but are allocated between the County and the Town by state law or (ii) those nonproperty taxes that the County collects exclusively from sources outside the Town.

Such taxes include, but shall not be limited to, (i) the local sales and use tax authorized by §§ 58.1-605 and 58.1-606 of the Code of Virginia, (ii) the motor vehicle license tax authorized by § 46.2-732 of the Code of Virginia, (iii) wine taxes authorized by § 4.1-235 of the Code of Virginia, (iv) the net profits from the Alcoholic Beverage Control system authorized by § 4.1-117 of the Code of Virginia, (v) communication services sales taxes authorized by § 58.1-648 of the Code of Virginia, (vi) manufactured home titling taxes authorized by § 58.1-2402 of the Code of Virginia, (vii) automobile rental taxes authorized by § 58.1-1736 of the Code of Virginia, (viii) rolling stock taxes authorized by § 58.1-2652 of the Code of Virginia, (ix) bank net capital taxes authorized by § 58.1-1210 of the Code of Virginia, (x) business license taxes authorized by § 58.1-3703 of the Code of Virginia, (xi) food and beverage taxes authorized by § 58.1-3833 of the Code of Virginia, and (xii) interest or other investment earnings derived from the revenues specified in § 2 and this section, which investment earnings shall be separately accounted for by the County.

4. The Board may also appropriate to the County school division all or any portion of the state or local recordation taxes received by the County, as authorized by §§ 58.1-801 and 58.1-3800 of the Code of Virginia, provided that the County pays to the Town a pro rata share of such recordation taxes derived from real estate transactions that occur within the Town.

The pro rata share shall be determined by multiplying the recordation taxes collected within the Town by a fraction that equals the total recordation taxes appropriated to the County school division divided by the total recordation taxes derived by the County from real estate transactions that occur outside the Town. The Clerk of the Circuit Court for the County shall compile and furnish the necessary information to the governing body of the County to enable it to comply with this provision, and the County shall promptly provide a copy to the Town. The Board shall pay such sum to the Town no later than 45 days after receipt of such taxes by the County Treasurer from the clerk of the circuit court.

5. The Board may also appropriate to the County school division all or any portion of the state payments to reimburse the County for personal property taxes pursuant to the Personal Property Tax Relief Act (§ 58.1-3523 et seq. of the Code of Virginia) if the County pays to the Town a pro rata share of these state payments received by the County that are attributable to qualifying vehicles assessed for taxation within the Town. The pro rata share shall be determined by multiplying the state reimbursement payments received by the County based on qualifying vehicles within the Town by a fraction that equals the total state reimbursement payments appropriated to the County school division divided by the total state reimbursement payments received by the County from qualifying vehicles assessed for taxation outside the Town. The Board shall pay such sum to the Town Treasurer no later than 45 days after receipt of such payments by the County Treasurer from the Commonwealth. If the Town issues tangible personal property tax bills for qualifying vehicles within the Town, in addition to any tangible personal property tax bills issued by the County for such vehicles, the amounts to be paid to the Town Treasurer shall be shown as a deduction on the face of the Town’s tangible personal property tax bills for qualifying vehicles in the Town, which amounts are to be paid by the Commonwealth in accordance with state law. Nothing in this section shall be construed to alter the method or amount of the Commonwealth’s obligations to King William County or the Town of West Point pursuant to the Personal Property Tax Relief Act.

6. If the Board appropriates to the County school division any other taxes, fees, or other sources of revenues that are collected within both the County and the Town or are attributable to persons, property, transactions, or activities within both the County and the Town, the County shall pay to the Town a sum calculated as follows: the total amount of such other
revenues appropriated to the County school division shall be multiplied by a fraction equal to the total taxable property assessments in the Town divided by the total taxable property assessments in the County as a whole, including the Town. The revenues subject to this requirement would include, for example, a tax or fee collected by the County in both the County and the Town, but would exclude, for example, a gift to the County or a state grant for school construction distributed to the County on the basis of school-age population in the County excluding the Town. The Board shall pay such sum to the Town no later than 45 days after such revenues have been transferred to the County school division.

§ 7. In the event of a dispute regarding the interpretation or application of this act, the County and the Town shall attempt to amicably resolve the dispute. The County and the Town may jointly submit to voluntary mediation. If the dispute is not resolved by agreement or mediation, the County and the Town shall submit to binding arbitration conducted in accordance with state law. The arbitration panel shall consist of three members; the Board and the Council shall each, within five business days, select an arbitrator, who shall not be a member of the Board or the Council but who shall be knowledgeable in local government matters and qualified or trained as an arbitrator in accordance with state law and commonly accepted ethical standards for arbitrators. The two arbitrators so selected shall jointly select a third arbitrator within five business days of being selected; if they are unable to agree on a third arbitrator, one shall be appointed by the King William Circuit Court. The County and the Town shall share equally in the costs of any mediation or arbitration. Each party shall be responsible for its own legal fees. The decision of a majority of the arbitration panel shall be binding on the County and the Town.

Legal action may be initiated by either party only to enforce a decision of the arbitrators or to challenge a decision of the arbitrators as unlawful or contrary to the law and plainly wrong. The timelines for action stated in this section may be extended by agreement of the Board and the Council.

2. That an emergency exists and this act is in force from its passage.

CHAPTER 712

An Act to amend and reenact § 58.1-439.20 of the Code of Virginia, relating to the Neighborhood Assistance Act Tax Credit program.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-439.20 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-439.20. Proposals; regulations; tax credits authorized; amount for programs.

A. Any neighborhood organization may submit a proposal, other than education proposals, to the Commissioner of the State Department of Social Services requesting an allocation of tax credits for use by business firms making donations to the neighborhood organization. Neighborhood organizations may submit education proposals to the Superintendent of Public Instruction requesting an allocation of tax credits for use by business firms making donations to the neighborhood organization.

The proposal shall set forth the program to be conducted by the neighborhood organization, the low-income persons or eligible students with disabilities to be assisted, the estimated amount to be donated to the program, and the plans for implementing the program.

B. The State Board of Social Services and the Department of Education are hereby authorized to adopt regulations (or, alternatively, guidelines in the case of the Department of Education) for the approval or disapproval of such proposals by neighborhood organizations and for determining the value of the donations. Such regulations or guidelines shall contain a requirement that a neighborhood organization shall have been in existence for at least one year. Also, such regulations or guidelines shall contain a requirement that as a prerequisite for approval, neighborhood organizations with total revenues (including the value of all donations) (i) in excess of $100,000 for the organization's most recent year ended provide to the State Board of Social Services or the Department of Education, as applicable, an audit or review for such year performed by an independent certified public accountant or (ii) of $100,000 or less for the organization's most recent year ended, provide to the State Board of Social Services or the Department of Education, as applicable, a compilation for such year performed by an independent certified public accountant.

Such regulations or guidelines by the Department of Education shall provide that at least 50 percent of the persons served by the neighborhood organization are low-income persons or eligible students with disabilities, and that at least 50 percent of the neighborhood organization's revenues are used to provide services to low-income persons or to eligible students with disabilities. Such regulations by the State Board of Social Services shall provide that at least 40 percent of the persons served by the neighborhood organization are low-income persons as defined in § 58.1-439.18. In order for a proposal to be approved, the applicant neighborhood organization and any of its affiliates shall meet the requirements of the
application regulations or guidelines. The requirements for proposals submitted to the Superintendent of Public Instruction that (a) at least 50 percent of the persons served by the neighborhood organization and each of its affiliates are low-income persons or eligible students with disabilities and (b) at least 50 percent of the revenues of the neighborhood organization and each of its affiliates are used to provide services to such persons shall not apply to any neighborhood organization for tax credit allocations beginning for fiscal year 2014-2015 and ending with tax credit allocations for fiscal year 2019-2020, provided that (1) the neighborhood organization received an allocation of tax credits for fiscal year 2011-2012 allocations, (2) at least 50 percent of the persons served by the neighborhood organization are low-income persons or eligible students with disabilities, (3) at least 50 percent of the neighborhood organization's revenues are used to provide services to such persons, and (4) none of the affiliates of the neighborhood organization receives an allocation of tax credits for any program year of such five-year period.

Such regulations or guidelines shall provide for the equitable allocation of the available amount of tax credits among the approved proposals submitted by neighborhood organizations. The regulations or guidelines shall also provide that at least 10 percent of the available amount of tax credits each year shall be allocated to qualified programs proposed by neighborhood organizations not receiving allocations in the preceding year; however, if the amount of tax credits for qualified programs requested by such neighborhood organizations is less than 10 percent of the available amount of tax credits, the unallocated portion of such 10 percent of the available amount of tax credits shall be allocated to qualified programs proposed by other neighborhood organizations.

C. If the Commissioner of the State Department of Social Services or the Superintendent of Public Instruction approves a proposal submitted by a neighborhood organization, the organization shall make the allocated tax credit amounts available to business firms making donations to the approved program. A neighborhood organization shall not assign or transfer an allocation of tax credits to another neighborhood organization without the approval of the Commissioner of the State Department of Social Services or the Superintendent of Public Instruction, as applicable.

Notwithstanding any other provision of law, (i) no more than an aggregate of $0.825 million in tax credits shall be approved in a fiscal year to a neighborhood organization or to a grouping of neighborhood organization affiliates for all education proposals, and (ii) no more than an aggregate of $0.5 million in tax credits shall be approved in a fiscal year to a neighborhood organization or to a grouping of neighborhood organization affiliates for all other proposals combined. However, if the State Department of Social Services or the Department of Education after the initial allocation of tax credits to approved proposals has a balance of tax credits remaining for the fiscal year that can be used or allocated by a neighborhood organization for a proposal that had been approved for tax credits during the initial allocation by the State Department of Social Services or the Department of Education, then (a) the Commissioner of the State Department of Social Services or the Superintendent of Public Instruction, as applicable, shall reallocate the remaining balance of tax credits to such previously approved proposals to the extent that a neighborhood organization can use or allocate additional tax credits for the previously approved proposal and (b) the $0.825 and $0.5 million annual limitations for tax credits approved to a grouping of neighborhood organization affiliates shall be inapplicable to the extent of any balance of tax credits reallocated under clause (a). The balance of tax credits remaining for reallocation shall include the amount of any tax credits that have been granted for a proposal approved during the initial allocation but for which the Commissioner of the State Department of Social Services or the Superintendent of Public Instruction has been provided notice by the neighborhood organization that it will not be able to use or allocate such amount for the approved proposal.

D. The total amount of tax credits granted for programs approved under this article for each fiscal year shall not exceed $15 million allocated as follows: $8 million for education proposals for approval by the Superintendent of Public Instruction, $8 million for fiscal year 2013-2014, $8.5 million for fiscal year 2014-2015, and $9 million for fiscal year 2015-2016 and each fiscal year thereafter; and $7 million for all other proposals for approval by the Commissioner of the State Department of Social Services, $7 million for fiscal year 2013-2014, $7.5 million for fiscal year 2014-2015, and $8 million for fiscal year 2015-2016 and each fiscal year thereafter.

The Superintendent and the Commissioner of the State Department of Social Services shall work cooperatively for purposes of ensuring that neighborhood organization proposals are submitted to the proper state agency. The Superintendent and the Commissioner of the State Department of Social Services may request the assistance of the Department of Taxation for purposes of determining whether or not anticipated donations for which tax credits are requested by a neighborhood organization likely qualify as a charitable donation under federal tax laws and regulations.

E. Actions of (i) the State Department of Social Services, or the Commissioner of the same, or (ii) the Superintendent or the Department of Education relating to the review of neighborhood organization proposals and the allocation of tax credits to proposals shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.). Decisions of (a) the State Department of Social Services, or the Commissioner of the same, or (b) the Superintendent or the Department of Education shall be final and not subject to review or appeal.

F. Notwithstanding the provisions of § 30-19.1:11, the issuance of tax credits under this article shall expire on July 1, 2028.

2. Information on the actual expenditures, if available, made on all repairs, maintenance, operation, or upkeep of the building or buildings within the last three years. During the first 60 days of such 90-day period, each of these tenants shall have the exclusive right to contract for the purchase of a time-share from the unit he occupies, only if such unit is to be retained in the conversion project without substantial alteration in its physical layout. Such notice shall be hand delivered or sent by first-class mail, return receipt requested, and shall inform the tenants of the developer's intent to create a conversion project. Such notice may also constitute the notice to terminate the tenancy as provided for in § 55-222, except that, despite the provisions of § 55-222, a tenancy from month to month may only be terminated upon 120 days' notice as set forth herein when such termination is in regard to the creation of a conversion project. If, however, a tenant so notified remains in possession of the unit he occupies after the expiration of the 120-day period with the permission of the developer, in order to then terminate the tenancy, such developer shall give the tenant a further notice as provided in § 55-222.

The developer of a conversion project, shall, in addition to the requirements of § 55-391.1, include with the application for registration a copy of the notice required by this subsection and a certified statement that such notice which fully complies with the provisions of this subsection shall be, at the time of the registration of the conversion project, mailed or delivered to each of the tenants in the building or buildings for which registration is sought.

E. The developer shall amend the public offering statement to reflect any material change in the time-share program or time-share project. If the developer has reserved in the time-share instrument the right to add to or delete incidental benefits or alternative purchases, the addition or deletion thereof shall not constitute a material change. Prior to distribution, the developer shall file with the Board the public offering statement amended to reflect any material change.

F. The Board may at any time require a developer to alter or supplement the form or substance of the public offering statement to assure full and fair disclosure to prospective purchasers. A developer may, in its discretion, prepare and distribute a public offering statement for each product offered or one public offering statement for all products offered.
G. In the case of a time-share project located outside the Commonwealth, (i) the developer may amend the public offering statement to reflect any additions or deletions of a time-share project to the existing time-share program registered in the Commonwealth, and (ii) similar disclosure statements required by other situs laws governing time-sharing may be acceptable alternative disclosure statements.

H. The developer shall prepare and distribute to each prospective purchaser prior to the execution of a purchase contract for a registered alternative purchase, a copy of the public offering statement about which such alternative purchase relates. The public offering statement shall fully and accurately disclose the material characteristics of such alternative purchase. The public offering statement for an alternative purchase shall be filed with the Board and shall be in a form prescribed by its regulations, if any.

The public offering statement for an alternative purchase need not contain any information about the time-share project, time-share program or the time-shares offered by the developer which was initially offered to such purchaser by the developer. If the developer so elects, the public offering statement for an alternative purchase is not required to have any exhibits.

I. The public offering statement may be in any format, including a compact disc, provided the prospective buyer has available for review, along with ample time for any questions and answers, a copy of the public offering statement prior to his execution of a contract.

[S 578]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 15.2-2208.1 as follows:

§ 15.2-2208.1. Damages for unconstitutional grant or denial by locality of certain permits and approvals.

A. Notwithstanding any other provision of law, general or special, any applicant aggrieved by the grant or denial by a locality of any approval or permit, however described or delineated, including a special exception, special use permit, conditional use permit, rezoning, site plan, plan of development, and subdivision plan, where such grant included, or denial was based upon, an unconstitutional condition pursuant to the United States Constitution or the Constitution of Virginia, shall be entitled to an award of compensatory damages and to an order remanding the matter to the locality with a direction to grant or issue such permits or approvals without the unconstitutional condition and may be entitled to reasonable attorney fees and court costs.

B. In any proceeding, once an unconstitutional condition has been proven by the aggrieved applicant to have been a factor in the grant or denial of the approval or permit, the court shall presume, absent clear and convincing evidence to the contrary, that such applicant's acceptance of or refusal to accept the unconstitutional condition was the controlling basis for such impermissible grant or denial provided only that the applicant objected to the condition in writing prior to such grant or denial.

C. Any action brought pursuant to this section shall be filed with the circuit court having jurisdiction of the land affected or the greater part thereof, and the court shall hear and determine the case as soon as practical, provided that such action is filed within the time limit set forth in subsection C or D of § 15.2-2259, subsection D or E of § 15.2-2260, or subsection F of § 15.2-2285, as may be applicable.

2. That the provisions of this act shall apply only to approvals or permits that are granted or denied on or after July 1, 2014.

CHAPTER 718

An Act to amend and reenact § 58.1-608.3 of the Code of Virginia, relating to sales and use tax revenue; potential distribution to a certain locality.

[S 579]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-608.3 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-608.3. Entitlement to certain sales tax revenues.

A. As used in this section, the following words and terms have the following meanings, unless some other meaning is plainly intended:

"Bonds" means any obligations of a municipality for the payment of money.

"Cost," as applied to any public facility or to extensions or additions to any public facility, includes: (i) the purchase price of any public facility acquired by the municipality or the cost of acquiring all of the capital stock of the corporation...
owning the public facility and the amount to be paid to discharge any obligations in order to vest title to the public facility or any part of it in the municipality; (ii) expenses incident to determining the feasibility or practicability of the public facility; (iii) the cost of plans and specifications, surveys and estimates of costs and of revenues; (iv) the cost of all land, property, rights, easements and franchises acquired; (v) the cost of improvements, property or equipment; (vi) the cost of engineering, legal and other professional services; (vii) the cost of construction or reconstruction; (viii) the cost of all labor, materials, machinery and equipment; (ix) financing charges; (x) interest before and during construction and for up to one year after completion of construction; (xi) start-up costs and operating capital; (xii) payments by a municipality of its share of the cost of any multijurisdictional public facility; (xiii) administrative expense; (xiv) any amounts to be deposited to reserve or replacement funds; and (xv) other expenses as may be necessary or incident to the financing of the public facility. Any obligation or expense incurred by the public facility in connection with any of the foregoing items of cost may be regarded as a part of the cost.

"Municipality" means any county, city, town, authority, commission, or other public entity.

"Public facility" means (i) any auditorium, coliseum, convention center, sports facility that is designed for use primarily as a baseball stadium for a minor league professional baseball affiliated team or structures attached thereto, or conference center, which is owned by a Virginia county, city, town, authority, or other public entity and where exhibits, meetings, conferences, conventions, seminars, or similar public events may be conducted; (ii) any hotel which is owned by a foundation whose sole purpose is to benefit a state-supported university and which is attached to and is an integral part of such facility, together with any lands reasonably necessary for the conduct of the operation of such events; (iii) any hotel which is attached to and is an integral part of such facility; or (iv) any hotel that is adjacent to a convention center owned by a public entity and where the hotel owner enters into a public-private partnership whereby the locality contributes infrastructure, real property, or conference space; or (v) a sports complex consisting of a minor league baseball stadium and related tournament, training, and parking facilities, where a municipality owns a component of the sports complex. However, such public facility must be located in the City of Fredericksburg, City of Hampton, City of Lynchburg, City of Newport News, City of Norfolk, City of Portsmouth, City of Richmond, City of Roanoke, City of Salem, City of Staunton, City of Suffolk, City of Virginia Beach, City of Winchester, or Town of Wise. Any property, real, personal, or mixed, which is necessary or desirable in connection with any such auditorium, coliseum, convention center, baseball stadium sports complex, or conference center, including, without limitation, facilities for food preparation and serving, parking facilities, and administration offices, is encompassed within this definition. However, structures commonly referred to as "shopping centers" or "malls" shall not constitute a public facility hereunder. A public facility shall not include residential condominiums, townhomes, or other residential units. In addition, only a new public facility, or a public facility which will undergo a substantial and significant renovation or expansion, shall be eligible under subsection C. A new public facility is one whose construction began after December 31, 1991. A substantial and significant renovation entails a project whose cost is at least 50 percent of the original cost of the facility being renovated and shall have begun after December 31, 1991. A substantial and significant expansion entails an increase in floor space of at least 50 percent over that existing in the preexisting facility and shall have begun after December 31, 1991; or an increase in floor space of at least 10 percent over that existing in a public facility that qualified as such under this section and was constructed after December 31, 1991.

"Sales tax revenues" means such tax collections realized under the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.), as limited herein. "Sales tax revenues" does not include the revenue generated by (i) the 0.5 percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly which shall be paid to the Transportation Trust Fund as defined in § 33.1-23.03:1, (ii) the 1.0 percent of the state sales and use tax revenue distributed among the counties and cities of the Commonwealth pursuant to subsection D of § 58.1-638 on the basis of school age population, or (iii) any sales and use tax revenues generated by increases or allocation changes imposed by the 2013 Session of the General Assembly. For a public facility that is a sports facility, "sales tax revenues" shall include such revenues generated by transactions taking place upon the premises of a baseball stadium or structures attached thereto.

B. Notwithstanding the definition of "public facility" in subsection A, a development project that meets the requirements for a "development of regional impact" set forth herein shall be deemed to be a public facility under the provisions of this section. The locality in which the public facility is located shall be entitled to all sales tax revenues generated by transactions taking place at such public facility solely to pay the cost of any bonds issued to pay the cost, or portion thereof, of such public facility pursuant to subsection C. For purposes of this subsection, the development of regional impact must be located in the City of Bristol.

For purposes of this subsection, a "development of regional impact" means a development project (i) towards which the locality contributes infrastructure or real property as part of a public-private partnership with the developer that is equal to at least 20 percent of the aggregate cost of development, (ii) that is reasonably expected to require a capital investment of at least $50 million, (iii) that is reasonably expected to generate at least $5 million annually in state sales and use tax revenue from sales within the development, (iv) that is reasonably expected to attract at least one million visitors annually, (v) that is reasonably expected to create at least 2,000 permanent jobs, (vi) that is located in a locality that had a rate of unemployment at least three percentage points higher than the statewide average in November 2011, and (vii) that is located in a locality that is adjacent to a state that has adopted a Border Region Retail Tourism Development District Act. Within 30 days from the date of notification by a locality that it intends to contribute infrastructure or real property as part of a public-private partnership with the developer of a development of regional impact, the Department of Taxation shall review
the findings of the locality with respect to clauses (i) through (vi) and shall file a written report with the Chairmen of the House Committee on Finance, the House Committee on Appropriations, and the Senate Committee on Finance.

C. Any municipality which has issued bonds (i) after December 31, 1991, but before January 1, 1996, (ii) on or after January 1, 1998, but before July 1, 1999, (iii) on or after January 1, 1999, but before July 1, 2001, (iv) on or after July 1, 2000, but before July 1, 2003, (v) on or after July 1, 2001, but before July 1, 2005, (vi) on or after July 1, 2004, but before July 1, 2007, (vii) on or after July 1, 2009, but before July 1, 2012, (viii) on or after January 1, 2011, but prior to July 1, 2015, or (ix) on or after January 1, 2013, but prior to July 1, 2017, to pay the cost, or portion thereof, of any public facility shall be entitled to all sales tax revenues generated by transactions taking place in such public facility. In the case of a public facility described in clause (v) of the definition of public facility, all such sales tax revenues shall be applied solely to repayment of the bonds issued to pay the cost, or portion thereof, of the municipality-owned component of the sports complex. Such entitlement shall continue for the lifetime of such bonds, which entitlement shall not exceed 35 years, and all such sales tax revenues shall be applied to repayment of the bonds. The State Comptroller shall remit such sales tax revenues to the municipality on a quarterly basis, subject to such reasonable processing delays as may be required by the Department of Taxation to calculate the actual net sales tax revenues derived from the public facility. The State Comptroller shall make such remittances to eligible municipalities, as provided herein, notwithstanding any provisions to the contrary in the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.). No such remittances shall be made until construction is completed and, in the case of a renovation or expansion, until the governing body of the municipality has certified that the renovation or expansion is completed.

D. Nothing in this section shall be construed as authorizing the pledging of the faith and credit of the Commonwealth of Virginia, or any of its revenues, for the payment of any bonds. Any appropriation made pursuant to this section shall be made only from sales tax revenues derived from the public facility for which bonds may have been issued to pay the cost, in whole or in part, of such public facility.

CHAPTER 719

"Affidavit" means the affidavit prepared by a locality in accordance with subdivision B 1 hereof.

"Controlled substance" means illegally obtained controlled substances or marijuana, as defined in § 54.1-3401, or synthetic cannabinoids as defined in § 18.2-2484.14.

"Property" means real property.

B. Any locality may, by ordinance, provide that:

1. The locality may undertake corrective action with respect to property in accordance with the procedures described herein:

   a. The locality shall execute an affidavit, citing this section, to the effect that (i) drug blight exists on the property and in the manner described therein; (ii) the locality has used diligence without effect to abate the drug blight; and (iii) the drug blight constitutes a present threat to the public's health, safety or welfare.

   b. The locality shall then send a notice to the owner of the property, to be sent by regular mail to the last address listed for the owner on the locality's assessment records for the property, together with a copy of such affidavit, advising that (i) the owner has up to 30 days from the date thereof to undertake corrective action to abate the drug blight described in such affidavit and (ii) the locality will, if requested to do so, assist the owner in determining and coordinating the appropriate corrective action to abate the drug blight described in such affidavit.

   c. If no corrective action is undertaken during such 30-day period, the locality shall send by regular mail an additional notice to the owner of the property, at the address stated in the preceding subdivision, stating the date on which the locality may commence corrective action to abate the drug blight on the property, which date shall be no earlier than 15 days after the date of mailing of the notice. Such additional notice shall also reasonably describe the corrective action contemplated to be taken by the locality. Upon receipt of such notice, the owner shall have a right, upon reasonable notice to the locality, to seek equitable relief, and the locality shall initiate no corrective action while a proper petition for relief is pending before a court of competent jurisdiction.

   2. If the locality undertakes corrective action with respect to the property after complying with the provisions of subdivision B 1, the costs and expenses thereof shall be chargeable to and paid by the owner of such property and may be collected by the locality as taxes are collected.

   3. Every charge authorized by this section with which the owner of any such property has been assessed and which remains unpaid shall constitute a lien against such property with the same priority as liens for unpaid local taxes and

§ 16.1-260. Intake; petition; investigation.
A. All matters alleged to be within the jurisdiction of the court shall be commenced by the filing of a petition, except as provided in subsection H and in § 16.1-259. The form and content of the petition shall be as provided in § 16.1-262. No individual shall be required to obtain support services from the Department of Social Services prior to filing a petition seeking support for a child. Complaints, requests and the processing of petitions to initiate a case shall be the responsibility of the intake officer. However, (i) the attorney for the Commonwealth of the city or county may file a petition on his own motion with the clerk, (ii) designated nonattorney employees of the Department of Social Services may complete, sign and file petitions and motions relating to the establishment, modification, or enforcement of support on forms approved by the Supreme Court of Virginia with the clerk, and (iii) any attorney may file petitions on behalf of his client with the clerk except petitions alleging that the subject of the petition is a child alleged to be in need of services, in need of supervision or delinquent. Complaints alleging abuse or neglect of a child shall be referred initially to the local department of social services in accordance with the provisions of Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2. Motions and other subsequent pleadings in a case shall be filed directly with the clerk. The intake officer or clerk with whom the petition or motion is filed shall inquire whether the petitioner is receiving child support services or public assistance. No individual who is receiving support services or public assistance shall be denied the right to file a petition or motion to establish, modify or enforce an order for support of a child. If the petitioner is seeking or receiving child support services or public assistance, the clerk, upon issuance of process, shall forward a copy of the petition or motion, together with notice of the court date, to the Division of Child Support Enforcement.

B. The appearance of a child before an intake officer may be by (i) personal appearance before the intake officer or (ii) use of two-way electronic video and audio communication. If two-way electronic video and audio communication is used, an intake officer may exercise all powers conferred by law. All communications and proceedings shall be conducted in the same manner as if the appearance were in person, and any documents filed may be transmitted by facsimile process. The facsimile may be served or executed by the officer or person to whom sent, and returned in the same manner, and with the same force, effect, authority, and liability as an original document. All signatures thereon shall be treated as original signatures. Any two-way electronic video and audio communication system used for an appearance shall meet the standards as set forth in subsection B of § 19.2-3.1.

When the court service unit of any court receives a complaint alleging facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241, the unit, through an intake officer, may proceed informally to make such adjustment as is practicable without the filing of a petition or may authorize a petition to be filed by any complainant having sufficient knowledge of the matter to establish probable cause for the issuance of the petition.

An intake officer may proceed informally on a complaint alleging a child is in need of services, in need of supervision or delinquent only if the juvenile (i) is not alleged to have committed a violent juvenile felony or (ii) has not previously been proceeded against informally or adjudicated delinquent for an offense that would be a felony if committed by an adult. A petition alleging that a juvenile committed a violent juvenile felony shall be filed with the court. A petition alleging that a juvenile is delinquent for an offense that would be a felony if committed by an adult shall be filed with the court if the juvenile had previously been proceeded against informally by intake or had been adjudicated delinquent for an offense that would be a felony if committed by an adult.

If a juvenile is alleged to be a truant pursuant to a complaint filed in accordance with § 22.1-258 and the attendance officer has provided documentation to the intake officer that the relevant school division has complied with the provisions of § 22.1-258, then the intake officer shall file a petition with the court. The intake officer may defer filing the complaint for 90 days and proceed informally by developing a truancy plan. The intake officer may proceed informally only if the juvenile has not previously been proceeded against informally or adjudicated in need of supervision for failure to comply with compulsory school attendance as provided in § 22.1-254. The juvenile and his parent or parents, guardian or other person standing in loco parentis must agree, in writing, for the development of a truancy plan. The truancy plan may include requirements that the juvenile and his parent or parents, guardian or other person standing in loco parentis participate in such programs, cooperate in such treatment or be subject to such conditions and limitations as necessary to ensure the juvenile's compliance with compulsory school attendance as provided in § 22.1-254. The intake officer may refer the juvenile to the appropriate public agency for the purpose of developing a truancy plan using an interagency interdisciplinary team approach. The team may include qualified personnel who are reasonably available from the appropriate department of social services, community services board, local school division, court service unit and other appropriate and available public and private agencies and may be the family assessment and planning team established pursuant to § 2.2-5207. If at the end of the 90-day period the juvenile has not successfully completed the truancy plan or the truancy program, then the intake officer shall file the petition.
Whenever informal action is taken as provided in this subsection on a complaint alleging that a child is in need of services, in need of supervision or delinquent, the intake officer shall (i) develop a plan for the juvenile, which may include restitution and the performance of community service, based upon community resources and the circumstances which resulted in the complaint, (ii) create an official record of the action taken by the intake officer and file such record in the juvenile's case file, and (iii) advise the juvenile and the juvenile's parent, guardian or other person standing in loco parentis and the complainant that any subsequent complaint alleging that the child is in need of supervision or delinquent based upon facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241 will result in the filing of a petition with the court.

C. The intake officer shall accept and file a petition in which it is alleged that (i) the custody, visitation or support of a child is the subject of controversy or requires determination, (ii) a person has deserted, abandoned or failed to provide support for any person in violation of law, (iii) a child or such child's parent, guardian, legal custodian or other person standing in loco parentis is entitled to treatment, rehabilitation or other services which are required by law, (iv) family abuse has occurred and a protective order is being sought pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1, or (v) an act of violence, force, or threat has occurred, a protective order is being sought pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, and either the alleged victim or the respondent is a juvenile. If any such complainant does not file a petition, the intake officer may file it. In cases in which a child is alleged to be abused, neglected, in need of services, in need of supervision or delinquent, if the intake officer believes that probable cause does not exist, or that the authorization of a petition will not be in the best interest of the family or juvenile or that the matter may be effectively dealt with by some agency other than the court, he may refuse to authorize the filing of a petition. The intake officer shall provide to a person seeking a protective order pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1 a written explanation of the conditions, procedures and time limits applicable to the issuance of protective orders pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1. If the person is seeking a protective order pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, the intake officer shall provide a written explanation of the conditions, procedures, and time limits applicable to the issuance of protective orders pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10.

D. Prior to the filing of any petition alleging that a child is in need of supervision, the matter shall be reviewed by an intake officer who shall determine whether the petitioner and the child alleged to be in need of supervision have utilized or attempted to utilize treatment and services available in the community and have exhausted all appropriate nonjudicial remedies which are available to them. When the intake officer determines that the parties have not attempted to utilize available treatment or services or have not exhausted all appropriate nonjudicial remedies which are available, he shall refer the petitioner and the child alleged to be in need of supervision to the appropriate agency, treatment facility or individual to receive treatment or services, and a petition shall not be filed. Only after the intake officer determines that the parties have made a reasonable effort to utilize available community treatment or services may he permit the petition to be filed.

E. If the intake officer refuses to authorize a petition relating to an offense that if committed by an adult would be punishable as a Class 1 misdemeanor or as a felony, the complainant shall be notified in writing at that time of the complainant's right to apply to a magistrate for a warrant. If a magistrate determines that probable cause exists, he shall accept and file a warrant pursuant to subdivision 2 of § 16.1-256, the intake officer shall accept and file a petition founded upon the warrant. The magistrate finds that the criteria for detention or shelter care set forth in § 16.1-248.1 have been satisfied, the juvenile may be detained pursuant to the warrant issued in accordance with this subsection. If the intake officer refuses to authorize a petition relating to a child in need of services or in need of supervision, a status offense, or a misdemeanor other than Class 1, his decision is final.

Upon delivery to the juvenile court of a warrant issued pursuant to subdivision 2 of § 16.1-256, the intake officer shall accept and file a petition founded upon the warrant.

F. The intake officer shall notify the attorney for the Commonwealth of the filing of any petition which alleges facts of an offense which would be a felony if committed by an adult.

G. Notwithstanding the provisions of Article 12 (§ 16.1-299 et seq.), the intake officer shall file a report with the division superintendent of the school division in which any student who is the subject of a petition alleging that such student who is a juvenile has committed an act, wherever committed, which would be a crime if committed by an adult, or that such student who is an adult has committed a crime and is alleged to be within the jurisdiction of the court. If the report shall notify the division superintendent of the filing of the petition and the nature of the offense, if the violation involves:

1. A firearm offense pursuant to Article 4 (§ 18.2-279 et seq.), § 6.1 (§ 18.2-307.1 et seq.), or § 7 (§ 18.2-308.1 et seq.) of Chapter 7 of Title 18;
2. Homicide, pursuant to Article 1 (§ 18.2-30 et seq.) of Chapter 4 of Title 18;
3. Felonious assault and bodily wounding, pursuant to Article 4 (§ 18.2-51 et seq.) of Chapter 4 of Title 18;
4. Criminal sexual assault, pursuant to Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18;
5. Manufacture, sale, gift, distribution or possession of Schedule I or II controlled substances, pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18;

The information provided to a division superintendent pursuant to this section may be disclosed only as provided in § 16.1-305.2.

H. The filing of a petition shall not be necessary:
1. In the case of violations of the traffic laws, including offenses involving bicycles, hitchhiking and other pedestrian offenses, game and fish laws or a violation of the ordinance of any city regulating surfing or any ordinance establishing curfew violations, animal control violations or littering violations. In such cases the court may proceed on a summons issued by the officer investigating the violation in the same manner as provided by law for adults. Additionally, an officer investigating a motor vehicle accident may, at the scene of the accident or at any other location where a juvenile who is involved in such an accident may be located, proceed on a summons in lieu of filing a petition.
2. In the case of seeking consent to apply for the issuance of a work permit pursuant to subsection H of § 16.1-241.

Disposition of the charge shall be in the manner provided in § 16.1-278.8, 16.1-278.8:01, or 16.1-278.9. If the juvenile so charged with a violation of § 18.2-51.4, 18.2-266, 18.2-266.1, 18.2-272, or 29.1-738 refuses to provide a sample of blood or breath or samples of both blood and breath for chemical analysis pursuant to §§ 18.2-268.1 through 18.2-268.12 or 29.1-738.2, the provisions of these sections shall be followed except that the magistrate shall authorize execution of the warrant as a summons. The summons shall be served on a parent or legal guardian and the juvenile, and a copy of the summons shall be forwarded to the court in which the violation is to be tried. When a violation of § 18.2-250.1 is charged by summons, the juvenile shall be entitled to have the charge referred to intake for consideration of informal proceedings pursuant to subsection B, provided such right is exercised by written notification to the clerk not later than 10 days prior to trial. At the time such summons alleging a violation of § 18.2-250.1 is served, the officer shall also serve upon the juvenile written notice of the right to have the charge referred to intake on a form approved by the Supreme Court and make return of such service to the court. If the officer fails to make such service or return, the court shall dismiss the summons without prejudice.
4. In the case of offenses which, if committed by an adult, would be punishable as a Class 3 or Class 4 misdemeanor. In such cases the court may direct that an intake officer proceed as provided in § 16.1-237 on a summons issued by the officer investigating the violation in the same manner as provided by law for adults provided that notice of the summons to appear is mailed by the investigating officer within five days of the issuance of the summons to a parent or legal guardian of the juvenile.

Such testing shall be conducted by a court services unit of the Department of Juvenile Justice, or by a locally operated court services unit or by personnel of any program or agency approved by the Department. Before any destruction is carried out under this section, the law-enforcement agency shall cause the material seized to be photographed with identification case numbers or other means of identification and shall prepare a report identifying the seized material. It shall also notify the accused, or other interested party, if known, or his attorney, at least five days in advance that the photography will take place and that they may be present. Prior to any destruction under this section, the law-enforcement agency shall also notify the accused or other interested party, if known, and his attorney at least seven days prior to the destruction of the time and place the destruction will occur. Any notice required under the provisions of this section shall be by first-class mail to the last known address of the person required to be notified. A school board may, however, determine, based on the facts of the particular case, that special circumstances exist and another disciplinary action is appropriate. In addition, a school board may, by regulation, authorize the division superintendent or his designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate. Such regulations shall ensure that, if a determination is made that another disciplinary action is appropriate, any such subsequent disciplinary action is to be taken in accordance with the procedures set forth in this article.

B. Each school board shall revise its standards of student conduct to incorporate the requirements of this section no later than three months after the date on which this act becomes effective.

§ 22.1-279.3:1. Reports of certain acts to school authorities.

school-sponsored activity; (vii) any threats or false threats to bomb, as described in § 18.2-83, made against school
personnel or involving school property or school buses; or (viii) the arrest of any student for an incident occurring on a
school bus, on school property, or at a school-sponsored activity, including the charge therefor.

B. Notwithstanding the provisions of Article 12 (§ 16.1-299 et seq.) of Chapter 11 of Title 16.1, local law-enforcement
authorities shall report, and the principal or his designee and the division superintendent shall receive such reports, on
offenses, wherever committed, by students enrolled at the school if the offense would be a felony if committed by an adult
or would be a violation of the Drug Control Act (§ 54.1-3400 et seq.) and occurred on a school bus, on school property, or at a
school-sponsored activity, or would be an adult misdemeanor involving any incidents described in clauses (i) through
(viii) of subsection A, and whether the student is released to the custody of his parent or, if 18 years of age or more, is

Commonwealth shall be authorized to disclose information regarding terms of release from detention, court dates, and terms
of any disposition orders entered by the court, to the superintendent of such student's school division, upon request by the
superintendent, if, in the determination of the law-enforcement authority or attorney for the Commonwealth, such disclosure
would not jeopardize the investigation or prosecution of the case. No disclosures shall be made pursuant to this section in
violation of the confidentiality provisions of subsection A of § 16.1-300 or the record retention and redisclosure provisions
of § 22.1-288.2. Further, any school superintendent who receives notification that a juvenile has committed an act that
would be a crime if committed by an adult pursuant to subsection G of § 16.1-260 shall report such information to the
principal of the school in which the juvenile is enrolled.

C. The principal or his designee shall submit a report of all incidents required to be reported pursuant to this section to the
superintendent of the school division. The division superintendent shall annually report all such incidents to the
Department of Education for the purpose of recording the frequency of such incidents on forms that shall be provided by the
Department and shall make such information available to the public.

subsection B.

A division superintendent who knowingly fails to comply or secure compliance with the reporting requirements of this
subsection shall be subject to the sanctions authorized in § 22.1-65. A principal who knowingly fails to comply or secure

section to be reported, regardless of whether disciplinary action is taken against such student or the nature of the
disciplinary action. Such notice shall relate to only the relevant student's involvement and shall not include information
centering other students.

Whenever any student commits any reportable incident as set forth in this section, such student shall be required to
participate in such prevention and intervention activities as deemed appropriate by the superintendent or his designee.
Prevention and intervention activities shall be identified in the local school division's drug and violence prevention plans

report to the local law-enforcement agency any act enumerated in clauses (ii) through (vii) of subsection A that may
constitute a criminal offense and may report to the local law-enforcement agency any incident described in clause (i) of
subsection A. Nothing in this section shall require delinquency charges to be filed or prevent schools from dealing with
school-based offenses through graduated sanctions or educational programming before a delinquency charge is filed with
the juvenile court.

Further, except as may be prohibited by federal law, regulation, or jurisprudence, the principal shall also immediately
report any act enumerated in clauses (ii) through (v) of subsection A that may constitute a criminal offense to the parents
of any minor student who is the specific object of such act. Further, the principal shall report that the incident has been reported
to local law enforcement as required by law and that the parents may contact local law enforcement for further information,
if they so desire.

1. That § 32.1-122.7:1 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-122.7:1. Board of Directors of the Virginia Health Workforce Development Authority.

The Virginia Health Workforce Development Authority shall be governed by a Board of Directors. The Board shall consist of 13 members to be appointed as follows: two members of the House of Delegates, to be appointed by the Speaker of the House of Delegates in accordance with the principles of proportional representation contained in the Rules of the House of Delegates; one member of the Senate, to be appointed by the Senate Committee on Rules; seven nonlegislative citizen members, three of whom shall be representatives of health professional educational or training programs, three of whom shall be health professionals or employers or representatives of health professionals, and one of whom shall be a representative of community health, to be appointed by the Governor; and the Commissioner of Health or his designee, the Chancellor of the Virginia Community College System or his designee, and the Director of the Department of Health Professions or his designee, who shall serve as ex officio members with voting privileges. Members appointed by the Governor shall be citizens of the Commonwealth.

Legislative members and state government officials shall serve terms coincident with their terms of office. All appointments of nonlegislative citizen members shall be for two-year terms following the initial staggering of terms. Appointments to fill vacancies, other than by expiration of a term, shall be for the unexpired terms. Legislative and citizen members may be reappointed; however, no citizen member shall serve more than two consecutive two-year terms. The remainder of any term to which a member is appointed to fill a vacancy shall not constitute a term in determining the member's term limit. Vacancies shall be filled in the same manner as the original appointments.

The Board shall elect a chairman and vice-chairman annually from among its legislative members. A majority of the members of the Board shall constitute a quorum.

The Board of Directors shall report biennially on the activities and recommendations of the Authority to the Secretary of Health and Human Resources, the Secretary of Education, the Secretary of Commerce and Trade, the State Board of Health, the State Council of Higher Education for Virginia, the Joint Commission on Health Care, the Governor, and the General Assembly. In any reporting period where state general funds are appropriated to the Authority, the report shall include a detailed summary of how state general funds were expended.

The accounts and records of the Authority showing the receipt and disbursement of funds from whatever source derived shall be in a form prescribed by the Auditor of Public Accounts. The Auditor of Public Accounts, or his legally authorized representative, shall annually examine the accounts of the Authority. The cost of such audit shall be borne by the Authority.

2. That the provisions of this act shall not affect the length of any term that began prior to July 1, 2014.

3. That an emergency exists and this act is in force from its passage.

CHAPTER 721

An Act to amend and reenact § 15.2-4507 of the Code of Virginia, relating to transportation districts; appointments.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-4507 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-4507. Members of transportation district commissions.

A. Any transportation district commission created shall consist of the number of members the component governments shall from time to time agree upon, or as may otherwise be provided by law. The governing body of each participating county and city shall appoint from among its members the number of commissioners to which the county or city is entitled; however, for those commissions with powers as set forth in subsection A of § 15.2-4515, the governing body of each participating county or city is not limited to appointing commissioners from among its members. In addition, the governing body may appoint from its number or otherwise, designated alternate members for those appointed to the commission who shall be able to exercise all of the powers and duties of a commission member when the regular member is absent from commission meetings. Each such appointee shall serve at the pleasure of the appointing body; however, no appointee to a commission with powers as set forth in subsection B of § 15.2-4515 may continue to serve when he is no longer a member of the appointing body. Each governing body shall inform the commission of its appointments to and removals from the commission by delivering to the commission a certified copy of the resolution making the appointment or causing the removal.
In the case of a transportation district, commonly known as the Potomac and Rappahannock Transportation Commission, which was established on or after July 1, 1986, and which includes more than one jurisdiction located within the Washington, D.C., metropolitan area, such commission shall also include two members of the House of Delegates and one member of the Senate from legislative districts located wholly or in part within the boundaries of the transportation district. The members of the House of Delegates shall be appointed by the Speaker of the House for terms coincident with their terms of office, and the member of the Senate shall be appointed by the Senate Committee on Rules for a term coincident with his term of office. The members of the General Assembly shall be eligible for reappointment for successive terms. Vacancies occurring other than by expiration of a term shall be filled for the unexpired term. Vacancies shall be filled in the same manner as the original appointments.

In the case of the Transportation District Commission of Hampton Roads, such commission shall consist of one citizen member appointed by the Governor from each county and city embraced by the Transportation District. However, for the gubernatorial appointments that will become effective July 1, 2016, three of the appointments shall be for initial terms of two years and three appointments shall be for terms of four years. Thereafter, all gubernatorial appointments shall be for terms of four years so as to stagger the terms of the gubernatorial appointees. The governing body of each such county or city may appoint either a member of its governing body or its county or city manager to serve as an ex officio member with voting privileges. Every such ex officio member shall be allowed to attend all meetings of the commission that other members may be required to attend. Vacancies shall be filled in the same manner as the original appointments.

The Chairman of the Commonwealth Transportation Board, or his designee, shall be a member of each commission, ex officio with voting privileges. The chairman of the Commonwealth Transportation Board may appoint an alternate member who may exercise all the powers and duties of the chairman of the Commonwealth Transportation Board when neither the chairman of the Commonwealth Transportation Board nor his designee is present at a commission meeting.

B. Any appointed member of a commission of a transportation district, commonly known as the Northern Virginia Transportation Commission, which was established prior to July 1, 1986, and which includes jurisdictions located within the Washington, D.C., metropolitan statistical area, and the Secretary of Transportation or his designee, is authorized to serve as a member of the board of directors of the Washington Metropolitan Area Transit Authority (Chapter 627 of the Acts of Assembly of 1958 as amended) and while so serving the provisions of § 2.2-2800 shall not apply to such member. In appointing Virginia members of the board of directors of the Washington Metropolitan Area Transit Authority (WMATA), the Northern Virginia Transportation Commission shall include the Secretary of Transportation or his designee as a principal member on the board of directors of the WMATA. Any designee serving as the principal member must reside in a locality served by WMATA.

In selecting from its membership those members to serve on the board of directors of the WMATA, the Northern Virginia Transportation Commission shall comply with the following requirements:

1. A board member shall not have been an employee of WMATA within one year of appointment to serve on the board of directors.
2. A board member shall have experience in at least one of the following: transit planning, transportation planning, or land use planning; transit or transportation management or other public sector management; engineering; finance; public safety; homeland security; human resources; the law; or knowledge of the region's transportation issues derived from working on regional transportation issue resolution.
3. A member shall be a regular patron of the services provided by WMATA.
4. Members shall serve a term of four years with a maximum of two consecutive terms. Such term or terms must coincide with their term on the body that appointed them to the Northern Virginia Transportation Commission. Any vacancy created if a board member cannot fulfill his term because his term on the appointing body had ended shall be filled for the unexpired term in the same manner as the member being replaced was appointed within 60 days of the vacancy. The initial appointments to a four-year term will be as follows: the Secretary, or his designee, for a term of four years; the second principal member for a term of three years; one alternate for a term of two years; and the remaining alternate for a term of one year. Thereafter, members shall be appointed for terms of four years. Service on the WMATA board of directors prior to July 1, 2012, shall not be considered in determining length of service. Any person appointed to an initial one or two year term, or appointed to an unexpired term in which two years or less is remaining, shall be eligible to serve two consecutive four-year terms after serving the initial or unexpired term.
5. Members may be removed from the board of directors of the WMATA if they attend fewer than three-fourths of the meetings in a calendar year; if they are conflicted due to employment at WMATA; or if they are found to be in violation of the State and Local Government Conflict of Interests Act (§ 2.2-3100 et seq.). If a member is removed during a term, the vacancy shall be filled pursuant to the provisions of subdivision 4.
6. Each member of the Northern Virginia Transportation Commission appointed to the board of directors of the WMATA shall file semianual reports with the Secretary of Transportation's office beginning July 1, 2012. The reports shall include (i) the dates of attendance at WMATA board meetings, (ii) any reasons for not attending a specific meeting, and (iii) dates and attendance at other WMATA-related public events.

Any entity that provides compensation to a WMATA board member for his service on the WMATA board shall be required to submit on July 1 of each year to the Secretary of Transportation the amount of that compensation. Such letter will remain on file with the Secretary's office and be available for public review.
C. (Effective July 1, 2014) In the case of two or more transportation commissions which each include at least one jurisdiction located within the Washington, D.C., metropolitan area and which have entered into an agreement to operate a commuter railway, the agreement governing the creation of the railway shall provide that the Chairman of the Commonwealth Transportation Board or his designee shall have one vote on the oversight board for the railway. For each year in which the state contribution to the railway is greater than or equal to the highest contribution from an individual jurisdiction, the total annual jurisdictional subsidy used to determine vote weights shall be recalculated to include the Commonwealth contributing an amount equal to the highest contributing jurisdiction. The vote weights shall be recalculated to provide the Chairman of the Commonwealth Transportation Board or his designee the same weight as the highest contributing jurisdiction. The revised vote weights shall be used in determining the passage of motions before the oversight board.

CHAPTER 722

An Act to amend and reenact § 3.01, as amended, and § 3.06 of Chapter 227 of the Acts of Assembly of 1954, which provided a charter for the City of Covington, relating to council, mayor, and elections.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 3.01, as amended, and § 3.06 of Chapter 227 of the Acts of Assembly of 1954 are amended and reenacted as follows:

§ 3.01. Creation and composition of council.

In accordance with a consent decree entered by the United States District Court for the Western District of Virginia, Roanoke Division, on August 3, 1988, in a case styled, "William R. Martin, et als. v. City of Covington, et als.," the city shall be divided into five voting districts, which shall be known as District 1, District 2, District 3, District 4 and District 5.

There shall be a council of the city, which shall continue to consist of five members, who shall at the time of filing their notice of candidacy and thereafter be residents and qualified voters of the city and of their voting district. One member of the council shall be elected from and by the duly qualified voters of each of the five voting districts of the city for the term of four years from the first day of January in the year next following the date of their election, and until their successors have been elected and qualified. The councilmen in office at the effective date of this charter and the amendments thereto shall constitute the council of the city and are hereby continued in office for the terms for which they were elected and qualified.

To the extent that compliance with the said consent decree and other orders entered in the referenced action constitute a deviation by the city from the council election requirements of the charter then existing, those actions are expressly ratified. No action of the council of the city occurring on or after August 3, 1988, until the effective date of this amendment of the charter shall be subject to challenge on the basis of the composition and manner of election of the members thereof, provided that the composition and manner of election of the members thereof during that period of time was consistent with said orders. On the first Tuesday in May 1988 Tuesday following the first Monday in November of 2016, and every four years thereafter, a member of the council shall be elected from each of District 3, District 4 and District 5, each for a four-year term, and on the first Tuesday in May 1990 Tuesday following the first Monday in November of 2014, and every four years thereafter, a member of the council shall be elected from each of District 1 and District 2 and District 3, each for a four-year term. Council members serving on council as of the date of this amendment and whose terms are to expire as of June 30 of 2014 or 2016 shall continue in office until their successors have been elected at the November general election and have been qualified to serve. The general laws of the Commonwealth relating to the conduct of elections, as far as pertinent, shall apply to the conduct of the general city elections. The council shall be a continuing body, and no measure pending before such body shall abate or be discontinued by reason of the expiration of the term of office or removal of the members of said body, or any of them.

§ 3.06. Election of mayor and vice-mayor.

The mayor in office at the effective date of this charter is hereby continued in office for the term for which he was elected and until his successor has been elected and qualified. Be it enacted by the General Assembly of Virginia:

1. That § 4.1-119 of the Code of Virginia is amended and reenacted as follows:

A. Subject to the requirements of §§ 4.1-121 and 4.1-122, the Board may establish, maintain and operate government stores for the sale of alcoholic beverages, other than beer and wine not produced by farm wineries, vermouth, mixers, and products used in connection with distilled spirits, including any garnish or garnishment applied to the rim of a glass of distilled spirits, as may be approved by the Board from time to time, in such counties, cities, and towns considered advisable by the Board. An Act to amend the Code of Virginia by adding in Chapter 26 of Title 45.1 sections numbered 45.1-395 and 45.1-396, relating to grants for placing into service renewable energy property.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Chapter 26 of Title 45.1 sections numbered 45.1-395 and 45.1-396 as follows:

§ 45.1-395. Grants for placing into service renewable energy property.
A. For the purposes of this section, unless the context requires a different meaning:

"Annual program cap" means the total amount of grant funds appropriated by the General Assembly for the respective fiscal year. Subject to appropriation by the General Assembly, the annual program cap shall be $10 million for fiscal year 2015-2016.

"Annual project payout threshold" means an amount that is equal to 2.5 percent of the annual program cap but shall not be less than $125,000 or in excess of $250,000.

"Division" means the Division of Energy of the Department.

"Individual piece of renewable energy property" means (i) one or more pieces of renewable energy property with a single utility interconnection point regardless of the number of parcels of land on which the property is located or (ii) more than one piece of renewable energy property on the same parcel of land each with a single utility interconnection point. For purposes of this definition, a parcel of land is such parcel as established by the real estate tax assessment.

"Renewable energy" means energy derived from sunlight, wind, falling water, biomass, sustainable or otherwise (the definitions of which shall be liberally construed), energy from waste, landfill gas, municipal solid waste, wave motion, tides, or geothermal power, and does not include energy derived from coal, oil, natural gas, or nuclear power.

"Renewable energy property" means property located in the Commonwealth that produces renewable energy and related devices necessary for collecting, controlling, storing, exchanging, conditioning, or converting such energy.

B. In addition to all other responsibilities, the Division shall administer the grant program created under this section.

C. 1. Beginning with fiscal year 2015-2016 and fiscal years thereafter, a person placing into service an individual piece of renewable energy property during the fiscal year shall be eligible for a grant. Subject to the requirements of this section being met, the grant shall equal 35 percent of the costs paid or incurred by the person to place the renewable energy property into service, not to exceed $2.5 million for any individual piece of renewable energy property. No grant shall be allowed for costs paid or incurred related to renewable energy property that has generated electricity in the 12 months preceding the date of the grant application. No grant shall be allowed for renewable energy property paid for by utility ratepayer funds.

2. In the case of a grant that would not have been in excess of the annual project payout threshold if paid on the date that the renewable energy property was placed into service, the grant shall be paid within 90 days immediately following the receipt of all documentation required by the Division to demonstrate that such property was placed into service. For all other grant awards, the grant shall be paid in three equal calendar year installments as follows: within 90 days immediately following the receipt of all documentation required by the Division to demonstrate that such property was placed into service and in each of the next two succeeding calendar years.

As a condition of the payment of a grant, a person shall make available for inspection upon request of the Division all relevant and applicable documents to determine whether the renewable energy property placed into service by the person meets the requirements for the payment of a grant.

D. If in one of the three calendar years in which the installment of a grant accrues the renewable energy property is disposed of, taken out of service, or moved out of the Commonwealth, the related grant payment shall be forfeited for such year (and the grantee shall be liable for the repayment of any grant previously paid during the year) and each installment thereafter.

E. The Division shall develop procedures for the allocation of grants. Except as otherwise provided in this subsection, the Division shall not allocate more than $10 million in grants in any fiscal year of the Commonwealth. At a minimum, a person seeking a grant shall submit an application to the Division that includes (i) adequate demonstration of site control; (ii) if required, an interconnection application filed with the local utility within the preceding 12 months; (iii) adequate demonstration of the right to consume or sell the energy produced by the renewable energy property to a third party; and (iv) a refundable deposit equal to 10 percent of the requested grant amount. The Division shall within 30 days after receipt of a complete application review such application and approve the same for an allocation of a grant if it determines that it meets all requirements. The person shall then have 12 months from the date of allocation of a grant to place the renewable energy property into service. If the person fails to place the renewable energy property into service within such 12-month period, then the person's grant allocation shall expire and the allocated grant amount shall be added to the current fiscal year allocation of grants. The deposit shall be refunded upon (a) a written determination by the Division to reject the application, (b) payment of any grant pursuant to this section to which the deposit relates, or (c) 12 months plus one day from the allocation of any grant to which the deposit relates, whichever is earlier. Actions by the Division relating to the allocation and awarding of grants under this section shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

F. For purposes of determining whether renewable energy property has been placed into service, the Division shall use the federal guideline for when property is placed into service as set forth in Treasury Regulations Section 1.46-3(d)(1) and Treasury Regulations Section 1.167(a)-11(e)(1).

G. The person shall submit with its grant application all documentation as reasonably required by the Division, including but not limited to documentation related to any other state tax credits or grants pertaining to renewable energy for which the person has applied. All such documents appropriately identified by the person shall be considered confidential and proprietary.

H. The Division shall develop and update as necessary guidelines implementing the provisions of this section. The guidelines shall set forth metrics for measuring the economic impact from placing into service renewable energy property,
which may include measures for capital investment and jobs directly or indirectly created or retained as a result of placing the property into service. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.). Guidelines implementing the provisions of this section shall be made publicly available no later than December 1, 2014.

I. The amount of the grant that a person is otherwise eligible to receive for renewable energy property shall be reduced to the extent that the person claims a state tax credit under Virginia law or receives a grant under a different Virginia grant program for (i) costs paid or incurred with regard to the acquisition of the renewable energy property or (ii) energy generated by the renewable energy property.

J. All grants under this section are subject to sufficient moneys being appropriated by the General Assembly to the Renewable Energy Property Grant Fund established under § 45.1-396 for payment of the same, and the Comptroller shall not draw any warrants to issue checks for this grant program without such appropriation.

K. The grants that may be paid under this section shall be paid from the Renewable Energy Property Grant Fund established under § 45.1-396.

L. By December 1 each year beginning in 2015, the Division shall provide a written report to the General Assembly evaluating the economic impact in the preceding 12 months, or such longer period of time as the Division deems appropriate, from renewable energy property placed into service for which grants were paid under this section. The evaluation shall apply the metrics set forth in the guidelines for measuring the economic impact of such renewable energy property. The evaluation shall also estimate the amount of non-renewable energy that would have been utilized if such renewable energy property had not been placed into service.

§ 45.1-396. Renewable Energy Property Grant Fund established.

There is hereby created in the state treasury a special nonreverting fund to be known as the Renewable Energy Property Grant Fund, hereafter referred to as "the Fund." The Fund shall be established on the books of the Comptroller. All moneys as may be appropriated to it by the General Assembly shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for purposes of providing grants to persons placing renewable energy property into service as specified in § 45.1-395 and to reimburse the Division for its reasonable costs incurred in administering the grant program established under such section. The reimbursement for reasonable costs each year shall not exceed the lesser of (i) $200,000 or (ii) five percent of the annual program cap. The Fund shall be administered by the Director. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director.

2. That the provisions of this act shall not become effective unless reenacted by the 2015 General Assembly.

CHAPTER 726

An Act to amend the Code of Virginia by adding in Article 1.1 of Chapter 1 of Title 33.1 a section numbered 33.1-23.5:5, relating to prioritization of projects funded by the Commonwealth Transportation Board.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 1.1 of Chapter 1 of Title 33.1 a section numbered 33.1-23.5:5 as follows:

§ 33.1-23.5:5. Statewide prioritization process for project selection.

A. The General Assembly declares it to be in the public interest that a prioritization process for projects funded by the Commonwealth Transportation Board be developed and implemented to improve the efficiency and effectiveness of the state's transportation system, transportation safety, transportation accessibility for people and freight, environmental quality, and economic development in the Commonwealth.

B. Subject to the limitations in subsection C, the Commonwealth Transportation Board shall develop, in accordance with federal transportation requirements, and in cooperation with metropolitan planning organizations wholly within the Commonwealth and with the Northern Virginia Transportation Authority, a statewide prioritization process for the use of funds allocated pursuant to § 33.1-23.1 or apportioned pursuant to 23 U.S.C. § 104. Such prioritization process shall be used for the development of the Six-Year Improvement Program pursuant to § 33.1-12 and shall consider, at a minimum, highway, transit, rail, roadway, technology operational improvements, and transportation demand management strategies.

1. The prioritization process shall be based on an objective and quantifiable analysis that considers, at a minimum, the following factors relative to the cost of the project or strategy: congestion mitigation, economic development, accessibility, safety, and environmental quality.

2. Prior to the analysis in subdivision 1, candidate projects and strategies shall be screened by the Commonwealth Transportation Board to determine whether they are consistent with the assessment of capacity needs for all for corridors of statewide significance, regional networks, and improvements to promote urban development areas established pursuant to § 15.2-2223.1, undertaken in the Statewide Transportation Plan in accordance with § 33.1-23.03.
3. The Commonwealth Transportation Board shall weight the factors used in subdivision 1 for each of the state’s highway construction districts. The Commonwealth Transportation Board may assign different weights to the factors, within each highway construction district, based on the unique needs and qualities of each highway construction district.

4. The Commonwealth Transportation Board shall solicit input from localities, metropolitan planning organizations, transit authorities, transportation authorities, and other stakeholders in its development of the prioritization process pursuant to this section. Further, the Board shall explicitly consider input provided by an applicable metropolitan planning organization or the Northern Virginia Transportation Authority when developing the weighting of factors pursuant to subdivision 3 for a metropolitan planning area with a population over 200,000 individuals.

C. The prioritization process developed under subsection B shall not apply to the following: projects or activities undertaken pursuant to § 33.1-23.02; projects funded by the Congestion Mitigation Air Quality funds apportioned to the state pursuant to 23 U.S.C. § 104(b)(4) and state matching funds; projects funded by the Highway Safety Improvement Program funds apportioned to the state pursuant to 23 U.S.C. § 104(b)(3) and state matching funds; projects funded by the Transportation Alternatives funds set-aside pursuant to 23 U.S.C. § 213 and state matching funds; projects funded pursuant to subdivisions B 2 and 3 of § 33.1-23.1; projects funded by the revenue-sharing program pursuant to § 33.1-23.05; and projects funded by federal programs established by the federal government after June 30, 2014, with specific rules that restrict the types of projects that may be funded, excluding restrictions on the location of projects with regard to highway functional classification. The Commonwealth Transportation Board may, at its discretion, develop a prioritization process for any of the funds covered by this subsection, subject to planning and funding requirements of federal law. However, the Board shall defer to individual local governments for projects funded pursuant to subdivisions B 2 and 3 of § 33.1-23.1.

D. The Commonwealth Transportation Board shall make public, in an accessible format, the results of the screening and analysis of candidate projects and strategies under subsection B, including the weighting of factors, in a timely fashion.

2. That the Commonwealth Transportation Board shall select projects for funding pursuant to the provisions of this act beginning July 1, 2016.

3. That, at the discretion of the Board, a project fully funded in the Six-Year Improvement Program that has completed the state environmental review process or the review process required by the National Environmental Policy Act may be exempt from the provisions of this act.

4. That the prioritization process developed pursuant to § 33.1-23.5:5 of the Code of Virginia, as created by this act, shall not apply to funds allocated to the Northern Virginia Transportation Authority Fund established pursuant to § 15.2-4838.01 of the Code of Virginia, the Hampton Roads Transportation Fund established pursuant to § 33.1-23.5:4 of the Code of Virginia, or federal funds subject to 23 U.S.C. 133(d)(1)(A)(i).

5. That the Commonwealth Transportation Board in implementing § 33.1-23.5:5 as created by this act shall comply with the allocation of funds pursuant to § 33.1-23.1.

6. That, for Northern Virginia and Hampton Roads highway construction districts, the Commonwealth Transportation Board, pursuant to subdivision B 3 of § 33.1-23.5:5 as created by this act, shall ensure that congestion mitigation, consistent with § 33.1-13.03:1 of the Code of Virginia, is weighted highest among the factors in the prioritization process. For metropolitan planning areas with a population over 200,000, the prioritization process shall also include a factor based on the quantifiable and achievable goals pursuant to subsection B of § 33.1-23.03 of the Code of Virginia.

7. That notwithstanding § 33.1-23.5:5 as created by this act, the Commonwealth Transportation Board shall ensure that no project shall be undertaken primarily for economic development purposes.

8. That if any portion of this act shall be adjudged unconstitutional in any court of competent jurisdiction, the remaining portions of this act shall remain in effect.

Southampton County may by ordinance, and after a public hearing, levy a fee for the management of solid waste not to exceed the actual cost incurred by the county in removing and disposing of solid waste. Such fee as collected shall be deposited in a special account to be expended only for the purposes for which it was levied. Except in Floyd County, Pittsylvania County, Southampton, and Wise County Counties, such fee shall not be used to purchase or subsidize the purchase of equipment used for the collection of solid waste. In Augusta County, Highland County, and Pittsylvania County, and Southampton Counties, such fee (i) may only be levied upon...
persons whose residential solid waste is disposed of at a county landfill or county solid waste collection or disposal facility and (ii) shall not be levied upon persons whose residential waste is not disposed of in such landfill or facility if such nondisposal is documented by the collector or generator of such waste as required by ordinance of such county. Documentation provided by a collector of such waste pursuant to clause (ii) shall not be disclosed by the county to any other person.

B. Any fee imposed by subsection A when combined with any other fee or charge for disposal of waste shall not exceed the actual cost incurred by the county in procuring, developing, maintaining, and improving its landfill and for such reserves as may be necessary for capping and closing such landfill in the future or, in the case of Southampton County, such fee shall not exceed the costs and fees expended by the county in removing and disposing of solid waste.

C. Any county which imposes the fee allowed under subsection A may enter into a contractual agreement with any water or heat, light, and power company or other corporation coming within the provisions of Chapter 26 (§ 58.1-2600 et seq.) of Title 58.1 except Appalachian Power Company, Shenandoah Valley Electric Cooperative, BARC Electric Cooperative, and any cooperative formed under or subject to Article 1 (§ 56-231.15 et seq.) of Chapter 9.1 of Title 56 for the collection of such fee. The commission shall be provided for by ordinance, which shall set the rate not to exceed five percent of the amount of fees due and collected.

D. Accomack, Highland, Pittsylvania, Southampton, and Wise Counties have the following authority regarding collection of said fee:

1. To prorate said fee depending upon the period a resident or business is located in said county during the year of fee levy;
2. To levy penalty for late payment of fee as set forth in § 58.1-3916 of the Code of Virginia;
3. To levy interest on unpaid fees as set forth in § 58.1-3916 of the Code of Virginia;
4. To credit the fee first against the most delinquent use fee account owing;
5. To require payment of the fee prior to approval of an application for rezoning, special exception, variance or other land use permit; and
6. To provide discounts to the standard fee rates for older persons, as defined in § 51.5-135, and disabled persons based on ability to pay.

E. Pittsylvania County and Southampton Counties may by ordinance provide an exemption from the fee for the disposal of solid waste to any veteran who has been rated by the U.S. Department of Veterans Affairs or its successor agency pursuant to federal law to have a 100 percent service-connected, permanent, and total disability in accordance with the standards set forth in § 58.1-3219.5.

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-6403 of the Code of Virginia is amended and reenacted as follows:

A. All powers, rights and duties conferred by this chapter, or other provisions of law, upon an authority shall be exercised by a board of directors. A board shall consist of two members for each member locality. The governing body of each member locality shall appoint two members to the board. Any person who is a resident of the Commonwealth appointed member locality may be appointed to the board. However, if an authority has only two member localities, the governing body of each locality may appoint three members each. However, in any instance in which the member localities are not equally contributing funding to the authority, and upon agreement by each member locality, the number of appointments to be made by each locality may be based upon the percentage of local funds contributed by each of the member localities. Each member of a board shall serve for a term of four years and may be reappointed for as many terms as the governing body desires. However, the board may elect to provide for staggered terms, in which case some members may draw an initial two-year term. If a vacancy occurs by reason of the death, disqualification or resignation of a board member, the governing body of the member locality that appointed the authority board member shall appoint a successor to fill the unexpired term.

However, with regard to any authority created by Planning Districts 10, 11, and 12, only members of the appointing governing body of each member locality shall be appointed to the board. In the event such board members feel it is necessary to have an odd number of members, they may establish a rotation system that will allow one locality to appoint one extra member to serve for up to two years. Each locality will, in turn, appoint such extra member. Once the cycle is completed, the rotation shall be repeated.

Each member locality may appoint up to two alternate board members. Alternates shall be selected in the same manner as board members, and may serve as an alternate for either board member from the member locality that appoints the

Commonwealth or any other taxing jurisdiction and deducted on such federal return and increased by an amount which,
when added to the amount deducted under § 170 of the Internal Revenue Code for mileage, results in a mileage deduction at
the state level for such purposes at a rate of 18 cents per mile; or
b. Three thousand dollars for single individuals and $6,000 for married persons (one-half of such amounts in the case of
a married individual filing a separate return) for taxable years beginning on and after January 1, 2005; provided that the

only with respect to earned income.
2. a. A deduction in the amount of $900 for taxable years beginning on and after January 1, 2005, but before

This deduction shall be reduced by $1 for every $1 that the taxpayer's adjusted federal adjusted gross income exceeds $50,000 for single taxpayers or $75,000 for married taxpayers. Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than (i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death, disability, or receipt of a scholarship. The Virginia Economic Development Partnership Authority shall designate which areas of the Commonwealth are deemed to be economically distressed areas. The credit shall be computed based on all of the taxpayer's qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year. The refundable tax credits allowed under this section are for one tax year only. Where a motion picture production continues for more than one year, a separate application for each tax year the production continues must be made. The grant of a refundable tax credit for a motion picture film production does not create a presumption that the production will receive a refundable tax credit for subsequent tax years. Effective on January 1, 2013, for purposes of eligibility for refundable tax credits, a motion picture film production shall include digital interactive media production.

"Qualifying expenses" means the sum of the following amounts spent in the Commonwealth by a production company in connection with the production of a motion picture filmed in the Commonwealth:

1. Goods and services leased or purchased. For goods with a purchase price of $25,000 or more, the amount included in qualifying expenses is the purchase price less the fair market value of the good at the time the production is completed.

2. Compensation and wages, except in the case of each individual who directly or indirectly receives compensation in excess of $1 million for personal services with respect to a single production. In such a case, only the first $1 million of salary shall be considered a qualifying expense. An individual is deemed to receive compensation indirectly when a production company pays a personal service company or an employee leasing company that pays the individual.

B. 1. In addition to the refundable credit authorized under subsection A, such production company shall be allowed an additional refundable credit equal to 10 percent of the total aggregate payroll for Virginia residents employed in connection with the production of a film in the Commonwealth when total production costs in the Commonwealth are at least $250,000 but not more than $1 million. This additional credit shall be equal to 20 percent of the total aggregate payroll for Virginia residents employed in connection with such production when total production costs in the Commonwealth exceed $1 million.

2. In addition to the credits authorized under subsection A and subdivision B 1, such production company shall be allowed an additional refundable credit equal to 10 percent of the total aggregate payroll for Virginia residents employed for the first time as actors or members of a production crew in connection with the production of a film in the Commonwealth.

C. 1. For purposes of this section, in the case of an episodic television series, an entire season of episodes shall be deemed to be one production.

2. No credit shall be allowed under this section for any production that (i) is political advertising, (ii) is a television production of a news program or live sporting event, (iii) contains obscene material, or (iv) is a reality television production.

D. 1. The issuance of refundable tax credits under this section shall be in accordance with procedures, qualifying criteria, and deadlines established by the Department and the Virginia Film Office. The qualifying criteria established by the Virginia Film Office shall take into account whether the production involves physical production within the Commonwealth of Virginia, the number of residents of Virginia that will be employed in the production and the level of compensation they will be paid, the extent to which the production will contribute to the support and expansion of existing production companies in Virginia, the extent to which the production will impact existing local businesses and the local economy, the extent to which the production will involve existing and new companies located in Virginia, and other relevant considerations. The taxpayer shall apply for a credit by submitting such forms as prescribed by the Virginia Film Office, prior to the start of production in Virginia.

2. Any taxpayer seeking credits under this section must enter into a memorandum of understanding with the Virginia Film Office that at a minimum provides the requirements that the taxpayer must meet in order to receive the credits, including but not limited to the estimated amount of money to be spent in Virginia, the timeline for completing production in Virginia, and the maximum amount of credits allocated to the taxpayer.

3. Once the taxpayer has satisfied all of the requirements in the memorandum of understanding to the satisfaction of the Virginia Film Office and completed production in Virginia, the taxpayer may claim the applicable amount of credits up to the amount that has been allocated by the Virginia Film Office on a return filed for the taxable year in which the Virginia
production activities are completed. The return must state the name of the production, provide a description of the production, and include a detailed accounting of the qualifying expenses with respect to which a credit is claimed.

E. A taxpayer allowed a credit under this section must maintain and make available for inspection any information or records required by the Tax Commissioner. The taxpayer has the burden of proving eligibility for a credit and the amount of the credit. The Tax Commissioner shall consult with the Virginia Film Office in order to determine the amount of qualifying expenses.

F. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company may be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

G. The total amount of credits allocated to all taxpayers under this section shall not exceed $2.5 million in the 2010-2012 biennium, $5 million in the 2012-2014 biennium, and $6.5 million in any biennium in fiscal year 2015 and each fiscal year thereafter.

H. The Department of Taxation, in consultation with the Virginia Film Office, must publish by November 1 of each year for the 12-month period ending the preceding December 31 the following information:

1. Location of sites used in a production for which a credit was claimed;
2. Qualifying expenses for which a credit was claimed, classified by whether the expenses were for goods, services, or compensation paid by the production company;
3. Number of people employed in the Commonwealth with respect to credits claimed; and
4. Total cost to the Commonwealth's general fund of the credits claimed.

Notwithstanding any provision of § 58.1-3 or any other law, such information shall be published by the Department, even if such information is not classified, so as to prevent the identification of particular taxpayers, reports, or returns and items.

I. The Tax Commissioner shall develop guidelines implementing the provisions of this section, including but not limited to the definition of "qualifying expenses" and setting forth the recordkeeping requirements applicable to production companies claiming this credit. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

CHAPTER 731

An Act to amend and reenact § 15.2-905 of the Code of Virginia, relating to inoperable motor vehicles.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

I. That § 15.2-905 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-905. Authority to restrict keeping of inoperable motor vehicles, etc., on residential or commercial property; removal of such vehicles.

A. The governing bodies of the Counties of Albemarle, Arlington, Fairfax, Henrico, Loudoun, Prince George, and Prince William; any town located, wholly or partly, in such counties; and the Cities of Alexandria, Fairfax, Falls Church, Hampton, Hopewell, Lynchburg, Manassas, Manassas Park, Newport News, Petersburg, Portsmouth, Roanoke, and Suffolk may by ordinance prohibit any person from keeping, except within a fully enclosed building or structure or otherwise shielded or screened from view, on any property zoned or used for residential purposes, or on any property zoned for commercial or agricultural purposes, any motor vehicle, trailer or semitrailer, as such are defined in § 46.2-100, which is inoperable.

The locality in addition may by ordinance limit the number of inoperable motor vehicles that any person may keep outside of a fully enclosed building or structure.

As used in this section, notwithstanding any other provision of law, general or special, "shielded or screened from view" means not visible by someone standing at ground level from outside of the property on which the subject vehicle is located.

As used in this section, an "inoperable motor vehicle" means any motor vehicle, trailer or semitrailer which is not in operating condition; or does not display valid license plates; or does not display an inspection decal that is valid or does display an inspection decal that has been expired for more than 60 days. B. The locality may, by ordinance, further provide that the owners of property zoned or used for residential purposes, or zoned for commercial or agricultural purposes, shall, at such time or times as the governing body may prescribe, remove therefrom any inoperable motor vehicle that is not kept within a fully enclosed building or structure. The locality may remove the inoperable motor vehicle, whenever the owner of the premises, after reasonable notice, has failed to do so. Notwithstanding the other provisions of this subsection, if the owner of such vehicle can demonstrate that he is actively restoring or repairing the vehicle, and if it is shielded or screened from view, the vehicle and one additional inoperative motor vehicle that is shielded or screened from view and being used for the restoration or repair may remain on the property.
In the event the locality removes the inoperable motor vehicle, after having given such reasonable notice, it may dispose of the vehicle after giving additional notice to the owner of the premises. The cost of the removal and disposal may be charged to either the owner of the inoperable vehicle or the owner of the premises and the cost may be collected by the locality as taxes are collected. Every cost authorized by this section with which the owner of the premises has been assessed shall constitute a lien against the property from which the inoperable vehicle was removed, the lien to continue until actual payment of the cost has been made to the locality.

§ 58.1-439.6. Worker retraining tax credit.

A. As used in this section, unless the context clearly requires otherwise:

   " Eligible worker retraining" means retraining of a qualified employee that promotes economic development in the form of (i) noncredit courses at any of the Commonwealth's community colleges or a private school or (ii) worker retraining programs undertaken through an apprenticeship agreement approved by the Virginia Apprenticeship Council Commissioner of Labor and Industry.

   "Qualified employee" means an employee of an employer eligible for a credit under this section in a full-time position requiring a minimum of 1,680 hours in the entire normal year of the employer's operations if the standard fringe benefits are paid by the employer for the employee. Employees in seasonal or temporary positions shall not qualify as qualified employees. A qualified employee (i) shall not be a relative of any owner or the employer claiming the credit and (ii) shall not own, directly or indirectly, more than five percent in value of the outstanding stock of a corporation claiming the credit. As used herein, "relative" means a spouse, child, grandchild, parent or sibling of an owner or employer, and "owner" means, in the case of a corporation, any person who owns five percent or more of the corporation's stock.

   "STEM or STEAM discipline" means a science, technology, engineering, mathematics, or applied mathematics related discipline as determined by the Department of Small Business and Supplier Diversity in consultation with the Superintendent of Public Instruction. The term shall include a health care-related discipline.

   B. For taxable years beginning on and after January 1, 1999, but prior to January 1, 2018, an employer shall be allowed a credit against the taxes imposed by Articles 2 (§ 58.1-320 et seq.), 6 (§ 58.1-360 et seq.), and 10 (§ 58.1-400 et seq.) of Chapter 3; Chapter 12 (§ 58.1-1200 et seq.); Article 1 (§ 58.1-2500 et seq.) of Chapter 25; or Article 2 (§ 58.1-2620 et seq.) of Chapter 26 in an amount equal to 30 percent of all expenditures paid or incurred by the employer during the taxable year for eligible worker retraining. However, for taxable years beginning prior to January 1, 2013, if the eligible worker retraining consists of courses conducted at a private school, the credit shall be in an amount equal to the cost per qualified employee, but the amount of the credit shall not exceed $100 per qualified employee annually. For taxable years beginning on or after January 1, 2013, if the eligible worker retraining consists of courses conducted at a private school, the credit shall be in an amount equal to the cost per qualified employee, but the amount of the credit shall not exceed $200 per qualified employee annually, or $300 per qualified employee annually if the eligible worker retraining includes retraining in a STEM or STEAM discipline including but not limited to industry-recognized credentials, certificates, and certifications. The total amount of tax credits granted to employers under this section for each fiscal year shall not exceed $2,500,000.
C. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company shall be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

D. An employer shall be entitled to the credit granted under this section only for those courses at a community college or a private school which courses have been certified as eligible worker retraining to the Department of Taxation by the Department of Small Business and Supplier Diversity. The Tax Commissioner shall promulgate regulations, in accordance with the Administrative Process Act (§ 2.2-4000 et seq.), (i) establishing procedures for claiming the credit provided by this section, (ii) defining eligible worker retraining, which shall include only those courses and programs that are substantially related to the duties of a qualified employee or that enhance the qualified employee's job-related skills, and that promote economic development, and (iii) providing for the allocation of credits among employers requesting credits in the event that the amount of credits for which requests are made exceeds the available amount of credits in any year. The Department of Small Business and Supplier Diversity shall review requests for certification submitted by employers and shall advise the Tax Commissioner whether a course or program qualifies as eligible worker retraining and, if it qualifies, whether the course or program is in a STEM or STEAM discipline.

E. Any credit not usable for the taxable year may be carried over for the next three taxable years. The amount of credit allowed pursuant to this section shall not exceed the tax imposed for such taxable year. No credit shall be carried back to a preceding taxable year. If an employer that is subject to the tax limitation imposed pursuant to this subsection is allowed another credit pursuant to any other section of this Code, or has a credit carryover from a preceding taxable year, such employer shall be considered to have first utilized any credit allowed which does not have a carryover provision, and then any credit which is carried forward from a preceding taxable year, prior to the utilization of any credit allowed pursuant to this section.

F. No employer shall be eligible to claim a credit under this section for worker retraining undertaken by any program operated, administered, or paid for by the Commonwealth.

G. The Director of the Department of Small Business and Supplier Diversity shall report annually to the chairmen of the House Finance and Senate Finance Committees on the status and implementation of the credit established by this section, including certifications for eligible worker retraining.

CHAPTER 737

An Act to amend and reenact §§ 58.1-3660 and 58.1-3661 of the Code of Virginia, relating to certified pollution control equipment and facilities exempt from taxation; solar equipment.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-3660 and 58.1-3661 of the Code of Virginia are amended and reenacted as follows:

A. Certified pollution control equipment and facilities, as defined herein, are hereby declared to be a separate class of property and shall constitute a classification for local taxation separate from other such classification of real or personal property and such property. Certified pollution control equipment and facilities shall be exempt from state and local taxation pursuant to Article X, Section 6 (d) of the Constitution of Virginia.

B. As used in this section:

"Certified pollution control equipment and facilities" shall mean any property, including real or personal property, equipment, facilities, or devices, used primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth and which state certifying authority having jurisdiction with respect to such property has certified to the Department of Taxation as having been constructed, reconstructed, erected, or acquired in conformity with the state program or requirements for abatement or control of water or atmospheric pollution or contamination. Such property shall include, but is not limited to, any equipment used to grind, chip, or mulch trees, tree stumps, underbrush, and other vegetative cover for reuse as mulch, compost, landfill gas, sythetic or natural gas recovered from waste or other fuel, and equipment used in collecting, processing, and distributing, or generating electricity from, landfill gas or synthetic or natural gas recovered from waste, whether or not such property has been certified to the Department of Taxation by a state certifying authority. Such property shall also include solar energy equipment, facilities, or devices owned or operated by a business that collect, generate, transfer, or store thermal or electric energy whether or not such property has been certified to the Department of Taxation by a state certifying authority. For solar photovoltaic (electric energy) systems, this exemption applies only to projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity. Such property shall not include the land on which such equipment or facilities are located.

"State certifying authority" shall mean the State Water Control Board, for water pollution; the State Air Pollution Control Board, for air pollution; the Department of Mines, Minerals and Energy, for coal, oil, and gas production, including gas, natural gas, and coalbed methane gas; and the Virginia Waste Management Board, for waste disposal facilities, natural gas recovered from waste facilities, and landfill gas production facilities, and shall include any interstate agency authorized to act in place of a certifying authority of the Commonwealth.

§ 58.1-3661. Certified solar energy equipment, facilities, or devices and certified recycling equipment, facilities, or devices.

A. Certified solar energy equipment, facilities, or devices and certified recycling equipment, facilities, or devices, as defined herein, are hereby declared to be a separate class of property and shall constitute a classification for local taxation separate from other classifications of real or personal property. The governing body of any county, city or town may, by ordinance, exempt or partially exempt such property from local taxation in the manner provided by subsection D.

B. As used in this section:

"Certified recycling equipment, facilities, or devices" means machinery and equipment which is certified by the Department of Waste Management Environmental Quality as integral to the recycling process and for use primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth, and used in manufacturing facilities or plant units which manufacture, process, compound, or produce for sale recyclable items of tangible personal property at fixed locations in the Commonwealth.
"Certified solar energy equipment, facilities, or devices" means any property, including real or personal property, equipment, facilities, or devices, excluding any such property that is exempt under § 58.1-3660, certified by the local certifying authority to be designed and used primarily for the purpose of providing for the collection and use of incident solar energy for water heating, space heating or cooling or other application which would otherwise require a conventional source of energy such as petroleum products, natural gas, or electricity collecting, generating, transferring, or storing thermal or electric energy.

"Local certifying authority" means the local building departments or the Department of Waste Management Environmental Quality. The State Board of Housing and Community Development shall promulgate regulations setting forth criteria for certifiable solar energy equipment. The Department of Waste Management Environmental Quality shall promulgate regulations establishing criteria for recycling equipment, facilities, or devices.

C. Any person residing in a county, city or town which has adopted an ordinance pursuant to subsection A may proceed to have solar energy equipment, facilities, or devices certified as exempt, wholly or partially, from taxation by applying to the local building department. If, after examination of such equipment, facility, or device, the local building department determines that the unit primarily performs any of the functions set forth in subsection B and conforms to the requirements set by regulations of the Board of Housing and Community Development, such department shall approve and certify such application. The local department shall forthwith transmit to the local assessing officer those applications properly approved and certified by the local building department as meeting all requirements qualifying such equipment, facility, or device for exemption from taxation. Any person aggrieved by a decision of the local building department may appeal such decision to the local board of building code appeals, which may affirm or reverse such decision.

D. Upon receipt of the certificate from the local building department or the Department of Waste Management Environmental Quality, the local assessing officer shall, if such local ordinance is in effect, proceed to determine the value of such qualifying solar energy equipment, facilities, or devices or certified recycling equipment, facilities, or devices. The exemption provided by this section shall be determined by applying the local tax rate to the value of such equipment, facilities, or devices and subtracting such amount, wholly or partially, either (i) from the total real property tax due on the real property to which such equipment, facilities, or devices are attached or (ii) if such equipment, facilities, or devices are taxable as machinery and tools under § 58.1-3507, from the total machinery and tools tax due on such equipment, facilities, or devices, at the election of the taxpayer. This exemption shall be effective beginning in the next succeeding tax year, and shall be permitted for a term of not less than five years. In the event the locality assesses real estate pursuant to § 58.1-3292, the exemption shall be first effective when such real estate is first assessed, but not prior to the date of such application for exemption.

E. It shall be presumed for purposes of the administration of ordinances pursuant to this section, and for no other purposes, that the value of such qualifying solar energy equipment, facilities, and devices is not less than the normal cost of purchasing and installing such equipment, facilities, and devices.

2. That the provisions of this act shall be effective for tax years beginning on or after January 1, 2015.

CHAPTER 739

An Act to amend and reenact § 19.2-169.1 of the Code of Virginia, relating to competency to stand trial; recommended treatment.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-169.1 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-169.1. Raising question of competency to stand trial or plead; evaluation and determination of competency.

A. Raising competency issue; appointment of evaluators. - If, at any time after the attorney for the defendant has been retained or appointed and before the end of trial, the court finds, upon hearing evidence or representations of counsel for the defendant or the attorney for the Commonwealth, that there is probable cause to believe that the defendant, whether a juvenile transferred pursuant to § 16.1-269.1 or adult, lacks substantial capacity to understand the proceedings against him or to assist his attorney in his own defense, the court shall order that a competency evaluation be performed by at least one psychiatrist or clinical psychologist who is qualified by training and experience in forensic evaluation.

B. Location of evaluation. - The evaluation shall be performed on an outpatient basis at a mental health facility or in jail unless the court specifically finds that outpatient evaluation services are unavailable or unless the results of outpatient evaluation indicate that hospitalization of the defendant for evaluation on competency is necessary. If the court finds that hospitalization is necessary, the court, under authority of this subsection, may order the defendant sent to a hospital designated by the Commissioner of Behavioral Health and Developmental Services as appropriate for evaluations of persons under criminal charge. The defendant shall be hospitalized for such time as the director of the hospital deems necessary to perform an adequate evaluation of the defendant's competency, but not to exceed 30 days from the date of admission to the hospital.

C. Provision of information to evaluators. - The court shall require the attorney for the Commonwealth to provide to the evaluators appointed under subsection A any information relevant to the evaluation, including, but not limited to (i) a copy of the warrant or indictment; (ii) the names and addresses of the attorney for the Commonwealth, the attorney for the defendant, and the judge ordering the evaluation; (iii) information about the alleged crime; and (iv) a summary of the reasons for the evaluation request. The court shall require the attorney for the defendant to provide any available psychiatric records and other information that is deemed relevant. The court shall require that information be provided to the evaluator within 96 hours of the issuance of the court order pursuant to this section.

D. The competency report. - Upon completion of the evaluation, the evaluators shall promptly submit a report in writing to the court and the attorneys of record concerning (i) the defendant's capacity to understand the proceedings against him; (ii) his ability to assist his attorney; and (iii) his need for treatment in the event he is found incompetent but restorable, or incompetent for the foreseeable future. If a need for restoration treatment is identified pursuant to clause (iii), the report shall state whether inpatient or outpatient treatment is recommended. No statements of the defendant relating to the time period of the alleged offense shall be included in the report.

E. The competency determination. - After receiving the report described in subsection D, the court shall promptly determine whether the defendant is competent to stand trial. A hearing on the defendant's competency is not required unless one is requested by the attorney for the Commonwealth or the attorney for the defendant, or unless the court has reasonable cause to believe the defendant will be hospitalized under § 19.2-169.2. If a hearing is held, the party alleging that the defendant is incompetent shall bear the burden of proving by a preponderance of the evidence the defendant's incompetency. The defendant shall have the right to notice of the hearing, the right to counsel at the hearing and the right to personally participate in and introduce evidence at the hearing.

The fact that the defendant claims to be unable to remember the time period surrounding the alleged offense shall not, by itself, bar a finding of competency if the defendant otherwise understands the charges against him and can assist in his defense. Nor shall the fact that the defendant is under the influence of medication bar a finding of competency if the defendant is able to understand the charges against him and assist in his defense while medicated.
CHAPTER 740

B. An employer may grant preference in hiring and promotion to a veteran or the spouse of a disabled veteran.
C. Granting preference under subsection B does not violate any local or state equal employment opportunity law.

[S 518]

Be it enacted by the General Assembly of Virginia:

1. That § 33.1-23.1 of the Code of Virginia is amended and reenacted as follows:

§ 33.1-23.1. Allocation of funds among highway systems.
A. The Commonwealth Transportation Board shall allocate each year from all funds made available for highway purposes such amount as it deems reasonable and necessary for the maintenance of roads within the interstate system of highways, the primary system of state highways, the secondary system of state highways and for city and town street maintenance payments made pursuant to § 33.1-41.1 and payments made to counties which have withdrawn or elect to withdraw from the secondary system of state highways pursuant to § 33.1-23.5:1.

After such allocations are made, the Board may allocate each year up to 10 percent of the funds remaining for highway purposes for the undertaking and financing of rail projects that, in the Board’s determination, will result in mitigation of highway congestion. After the foregoing allocations have been made, the Board shall allocate the remaining funds available for highway purposes, exclusive of federal funds for the interstate system, among the several highway systems for construction first pursuant to §§ 33.1-23.1:1 and 33.1-23.1:2 and then as follows:
1. Forty percent of the remaining funds exclusive of federal-aid matching funds for the interstate system shall be allocated to the primary system of state highways, including the arterial network, and in addition, an amount shall be allocated to the primary system as interstate matching funds as provided in subsection B of § 33.1-23.2.
2. Thirty percent of the remaining funds exclusive of federal-aid matching funds for the interstate system shall be allocated to urban highways for state aid pursuant to § 33.1-44.
3. Thirty percent of the remaining funds exclusive of federal-aid matching funds for the interstate system shall be allocated to the secondary system of state highways.
C. The report and findings shall include a detailed plan of the method of funding and the economic benefits of the proposed acquisition, lease, or contract.

B. The State Treasurer shall be provided with copies of all documents relating to the proposed issuance of any bonds pursuant to § 15.2-5924 or any contract that includes the dedication of those funds authorized by this chapter sufficiently in advance of such bond issue or execution of such contract to conduct such reviews as the State Treasurer deems necessary. Such reviews shall be completed within 120 days after the date that the Treasurer is provided such documents. In the event that the Commonwealth is an obligated person determined to be material to an evaluation of the offering for which financial information will be included or referenced in the offering document in accordance with Securities and Exchange Commission Rule 15c 2-12 under the federal Securities Exchange Act of 1934, or in the event that in the opinion of the State Treasurer, with the concurrence of the Debt Capacity Advisory Committee established under Article 5 (§ 2.2-2712 et seq.) of Chapter 27 of Title 2.2, such bond issue or contractual obligation will be considered tax-supported debt of the Commonwealth or have an adverse impact on the debt capacity or the credit ratings of the Commonwealth, such bond issue or contractual obligation must be authorized by the General Assembly.

§ 15.2-5925. (Contingent expiration date) Arena Financing Fund; use.

A. If the City of Virginia Beach, in its discretion, issues bonds pursuant to § 15.2-5924 for an arena as defined in § 15.2-5921 or enters into a contract for the construction, development, operation, or maintenance of a facility as defined in § 15.2-5921, then it shall create an Arena Financing Fund, hereafter referred to in this section as "the Fund." The City of Virginia Beach may use the Fund as a nonlapsing revolving fund for carrying out the provisions of this chapter.

B. All of the following receipts of the City of Virginia Beach may be placed in the Fund: (i) proceeds from the sale of bonds, issued pursuant to § 15.2-5924 and (ii) revenues collected or received from any source under the provisions of this chapter, and (iii) The City of Virginia Beach may also place any other revenues under the jurisdiction of the City of Virginia Beach in the Fund.
C. The City of Virginia Beach shall, subject to appropriation by City Council, pay expenses and make expenditures from the Fund. To the extent deemed appropriate by the City of Virginia Beach, the receipts of the Fund may be pledged to and charged with the payment of debt service on City of Virginia Beach bonds issued pursuant to § 15.2-5924 or to meet contractual obligations for the construction, development, operation, and maintenance of the facility, and all reasonable charges and expenses related to the City borrowing and the management of the City’s obligations.

§ 15.2-5926. (Contingent expiration date) Entitlement to tax revenues derived from the operation of a facility.
A. The City of Virginia Beach shall be entitled, subject to appropriation, to sales and use tax revenues defined in this chapter. The State Comptroller shall remit such tax revenues to the City of Virginia Beach on a quarterly basis, subject to such reasonable processing delays as may be required by the Department of Taxation. The State Comptroller shall make such remittances to the City of Virginia Beach, as provided herein, notwithstanding any provisions to the contrary in the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.). The sales and use tax revenues defined in this chapter shall be used only for the payment of debt service or to meet contractual obligations for the construction, development, operation, and maintenance of the facility.
B. The local governing body of the City of Virginia Beach may, by ordinance or resolution, fix and revise from time to time and charge and collect rates, rents, fees, ticket surcharges, or other charges for a facility and any temporary facility developed under the provisions of this chapter.

§ 15.2-5927. (Contingent expiration date) Tax revenues of the Commonwealth or any other political subdivision not pledged.
Nothing in this chapter shall be construed as authorizing the pledging of the faith and credit of the Commonwealth, or the faith and credit of any other political subdivision of the Commonwealth, for the payment of any bonds or meeting the contractual obligations of the City of Virginia Beach. No bonds issued pursuant to § 15.2-5924 or contractual obligations of the City of Virginia Beach shall pledge the full faith and credit of the Commonwealth nor shall such bonds or contract constitute a debt of the Commonwealth, and the bonds shall so state on their face. Bondholders or parties to a contract shall have no recourse whatsoever against the Commonwealth for the payment of principal, interest, contractually obligated moneys, or redemption premium, if any, on such bonds or contracts.

2. That the second and fifth enactments of Chapter 767 of the Acts of Assembly of 2013 are amended and reenacted as follows:

2. That the Tax Commissioner shall report to the Chairman of the Senate Finance Committee, Chairman of the House Finance Committee, and Chairman of the House Appropriations Committee, annually prior to July 1, the amount of the entitlement pursuant to § 15.2-5926 as added by this act, provided that the City of Virginia Beach has entered into the lease or contract described under the fifth enactment of this act.

An Act to amend and reenact § 51.1-126 of the Code of Virginia, relating to optional retirement plans maintained by institutions of higher education.

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 51.1-126 of the Code of Virginia is amended and reenacted as follows:

§ 51.1-126. Employees of institutions of higher education.
For purposes of this section, "optional retirement plan" means a retirement plan covering the employee for retirement purposes other than the Virginia Retirement System defined benefit retirement plan established under this chapter or the hybrid retirement program described in § 51.1-169.

A. 1. The Board shall maintain an optional retirement plan covering employees engaged in the performance of teaching, administrative, or research duties with an institution of higher education and any institution of higher education authorized to make contributions to such plan for the benefit of its employees participating in such plan. Except (i) as provided in subsection B for institutions of higher education that have established their own optional retirement plan and (ii) for employees described in subdivision A 2, every employee hired by an institution of higher education on or after July 1, 2003, engaged in the performance of teaching, administrative, or research duties shall make an irrevocable election to participate in either (a) the Virginia Retirement System defined benefit retirement plan established by this chapter until January 1, 2014, and thereafter, the hybrid retirement program described in § 51.1-169, or (b) an optional retirement plan maintained by the Board. Such election shall be exercised no later than 60 days from the time of the employee's entry upon the performance of his duties. If an election is not made within such 60 days, such employee shall be deemed to have elected to participate in the Virginia Retirement System defined benefit retirement plan or the hybrid retirement program described in § 51.1-169, as applicable.

2. Any employee (i) hired on or after July 1, 2003, by an institution of higher education engaged in the performance of teaching, administrative, or research duties; and (ii) who at the time of hiring is in continuous service in the performance of such teaching, administrative, or research duties shall participate in the optional retirement plan maintained by the Board if the most recent retirement plan covering the employee prior to such hiring was an optional retirement plan. If the most recent retirement plan covering the employee prior to such hiring was the Virginia Retirement System defined benefit retirement plan or the hybrid retirement program described in § 51.1-169, such person shall participate in such defined benefit retirement plan or such hybrid retirement program as applicable, from the time of his entry upon the performance of his duties.

B. 1. Any institution of higher education, upon receipt of approval by the Board in writing, may establish and maintain its own optional retirement plan covering its employees who are engaged in the performance of teaching, administrative, or research duties. Upon such approval, such institution is authorized to make contributions to its own optional retirement plan for the benefit of its employees who elect to participate or who are required to participate in such plan as provided in this subsection.

2. Every employee, with the exception of employees described in subdivision B 3, (i) hired on or after July 1, 2003, by an institution of higher education that has established and is maintaining its own optional retirement plan pursuant to this subsection and (ii) engaged in the performance of teaching, administrative, or research duties shall make an irrevocable election to participate in either: (a) the Virginia Retirement System defined benefit retirement plan established by this chapter until January 1, 2014, and thereafter, the hybrid retirement program described in § 51.1-169, such person shall participate in such defined benefit retirement plan or such hybrid retirement program as applicable, from the time of his entry upon the performance of his duties.

The election shall be exercised no later than 60 days from the time of the employee's entry upon the performance of his duties. If an election is not made within such 60 days, such employee shall be deemed to have elected to participate in the Virginia Retirement System defined benefit retirement plan established by this chapter or the hybrid retirement program described in § 51.1-169, as applicable.

3. Any employee (i) hired on or after July 1, 2003, by an institution of higher education engaged in the performance of teaching, administrative, or research duties; and (ii) who at the time of hiring is in continuous service in the performance of such teaching, administrative, or research duties shall participate in the optional retirement plan established by the institution of higher education pursuant to this subsection if the most recent retirement plan covering the employee prior to such hiring was an optional retirement plan. If the most recent retirement plan covering the employee prior to such hiring was the Virginia Retirement System defined benefit retirement plan or the hybrid retirement program described in § 51.1-169, such person shall participate in such defined benefit retirement plan or such hybrid retirement program, as applicable, from the time of his entry upon the performance of his duties.

C. Any employee engaged in the performance of teaching, administrative, or research duties at an institution of higher education who was covered under an optional retirement plan for retirement purposes, other than the optional retirement plan established by such institution pursuant to subdivision B 1, shall, at the time such institution establishes its own optional retirement plan pursuant to subdivision B 1, automatically and immediately begin to participate in the optional retirement plan established pursuant to subdivision B 1, notwithstanding such employee's prior election to participate in a different optional retirement plan.

D. 1. Any administrative fee imposed pursuant to subdivision A 13 of § 51.1-124.22 upon any institution of higher education for administering and overseeing the institution's retirement plan established pursuant to subsection A shall be charged for each employee participating in such plan and shall be for costs incurred by the Retirement System that are directly related to the administration and oversight of such plan.

2. Each institution of higher education may charge and collect a reimbursement fee from each employee participating in the institution's retirement plan established pursuant to subsection A. The total amount charged and collected for such fee from all such employees for any year shall not exceed the total of the costs described in subdivision D 1 and charged to the institution for such year.
E. 1. No employee of an institution of higher education who is an active member in any plan maintained by the Board or established by an institution of higher education, pursuant to this section, shall also be an active member of the retirement system or beneficiary other than a contingent annuitant.

2. If a member of the optional retirement plan maintained under this section is at any time in service as an employee in a position covered for retirement purposes under the provisions of Chapters 1 (§ 51.1-124.1 et seq.), 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.), his benefit payments under the optional retirement plan maintained under this section shall be suspended while so employed; provided, however, reemployment shall have no effect on the payment under the optional plan maintained under this section if the benefits are being paid in an annuity form under an annuity contract purchased with the member's account balance.

F. 1. The contribution by the Commonwealth on behalf of an employee participating in an optional retirement plan maintained by the Board or on behalf of an employee participating in an optional retirement plan established by his institution of higher education under this section to such employee's retirement plan shall be (i) at least 8.5 percent but not in excess of 8.9 percent of creditable compensation for any person who becomes a member on or after July 1, 2010, and (ii) 10.4 percent of creditable compensation for all other employees. Any institution of higher education that elects a contribution in excess of 8.5 percent of creditable compensation for any employee described in clause (i) shall provide for the same percentage of creditable compensation as contributions for each of its employees described in clause (i) who participates in such optional retirement plan. The portion of the contribution in excess of 8.5 percent of creditable compensation pursuant to clause (i) shall not be funded from the general fund of the state treasury, but shall be paid by the institution of higher education from other funds. In addition, any person who becomes a member on or after July 1, 2010, shall, pursuant to procedures established by the Board, pay member contributions on a salary reduction basis in accordance with § 414(h) of the Internal Revenue Code, in an amount equal to five percent of his creditable compensation, to the optional retirement plan maintained by the Board on his behalf or the optional retirement plan established by his institution of higher education on his behalf, as applicable. Each employee making such member contribution shall be deemed to consent and agree to any salary reduction for purposes of the member contribution. Such member contributions shall be in addition to all contributions pursuant to clause (i). An institution of higher education may make an additional contribution for participants who, before January 1, 1991, exercised the election to participate in the plan provided by the institution employing them. Such additional contributions shall be made using funds other than general funds, tuition or fees, up to an additional 2.17 percent of creditable compensation.

2. These provisions of this subdivision shall apply only to any person who (i) becomes a participant in the institution of higher education's optional retirement plan on or after July 1, 2014, and (ii) is not an employee described under subdivision B 3. Any future change to a policy established by the governing board of an institution of higher education pursuant to this subdivision affecting the number of years of service required for an employee to receive all contributions made by the institution to the optional retirement plan shall apply only to new employees hired on or after the date of the change.

3. The contribution rates established pursuant to subdivision I shall be examined by the Board at least once every six years. The examination shall consider the salary peer group mean contribution as determined by the State Council of Higher Education and the Virginia Retirement System actuary, and, if deemed advisable, recommend a revision to the rate of contribution by the Commonwealth.

G. With respect to any employee who elects pursuant to subsection A or B to participate in the Virginia Retirement System defined benefit retirement plan established by this chapter or the hybrid retirement program described in § 51.1-169, the institution of higher education shall collect and pay all employee and employer contributions to the Virginia Retirement System for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for such employees.

H. The Virginia Retirement System shall develop policies and procedures for the administration of the optional retirement plan it maintains. To assist the Virginia Retirement System in developing such policies and procedures, the Board may appoint an advisory committee of higher education employees to supply guidance in the process.

I. As a condition of the Board granting approval to an institution of higher education to establish its own optional retirement plan, the institution of higher education shall develop policies and procedures for the administration of such plan and shall submit such policies and procedures to the Board as part of the Board-approval process required under this section. In addition, an institution of higher education that is granted approval by the Board to establish its own optional retirement plan covering employees engaged in the performance of teaching, administrative, or research duties shall not adopt or implement policies and procedures that are substantially different from the policies and procedures approved by the Board.
Board in the initial approval process unless the Board, in writing, approves such substantially different policies and procedures.

J. The Board shall establish guidelines for the employee elections referred to in subdivision B 2 and shall review and, if deemed advisable, recommend revisions to the contribution rates as described in subsection F. Except for the duties described in subsection I, the Board shall have no duties and responsibilities with respect to such plans established pursuant to subsection B.

A. The Board of Education shall develop and distribute to each local school division guidelines on policies to inform and educate coaches, student-athletes, and their parents or guardians of the nature and risk of concussions, criteria for removal from and return to play, and risks of not reporting the injury and continuing to play, and the effects of concussions on student-athletes' academic performance.
B. Each local school division shall develop policies and procedures regarding the identification and handling of suspected concussions in student-athletes. Such policies shall require:
1. In order to participate in any extracurricular physical activity, each student-athlete and the student-athlete's parent or guardian shall review, on an annual basis, information on concussions provided by the local school division. After having reviewed materials describing the short- and long-term health effects of concussions, each student-athlete and the student-athlete's parent or guardian shall sign a statement acknowledging receipt of such information, in a manner approved by the Board of Education; and
2. A student-athlete suspected by that student-athlete's coach, athletic trainer, or team physician of sustaining a concussion or brain injury in a practice or game shall be removed from the activity at that time. A student-athlete who has been removed from play, evaluated, and suspected to have a concussion or brain injury shall not return to play that same day nor until (i) evaluated by an appropriate licensed health care provider as determined by the Board of Education and (ii) in receipt of written clearance to return to play from such licensed health care provider.

The licensed health care provider evaluating student-athletes suspected of having a concussion or brain injury may be a volunteer.
C. Each non-interscholastic youth sports program utilizing public school property shall either (i) establish policies and procedures regarding the identification and handling of suspected concussions in student-athletes, consistent with either the local school division's policies and procedures developed in compliance with this section or the Board's Guidelines for Policies on Concussions in Student-Athletes, or (ii) follow the local school division's policies and procedures as set forth in subsection B. In addition, local school divisions may provide the guidelines to organizations sponsoring athletic activity for student-athletes on school property. Local school divisions shall not be required to enforce compliance with such policies.
D. As used in this section, "non-interscholastic youth sports program" means a program organized for recreational athletic competition or recreational athletic instruction for youth.

2. 1. That §§ 51.1-600 and 51.1-604 of the Code of Virginia are amended and reenacted as follows:
§ 51.1-600. Definitions.
As used in this chapter, unless the context requires a different meaning:

"Act" means the Government Employees Deferred Compensation Plan Act.

"Board" means the Board of Trustees of the Virginia Retirement System.

"Deferred compensation plan" means a plan by which an employee defers some portion of income until some stated time in the future; provides that the federal and state income tax on such income will be deferred until the actual receipt of such income; and is established pursuant to the provisions of § 457(b) of the Internal Revenue Code of 1986, as amended, that may provide for elective and non-elective deferrals of compensation by or on behalf of employees and may include a qualified Roth contribution program as described in § 402A of the Internal Revenue Code of 1986, as amended.

"Employee" means, in the case of the plan described in § 51.1-602, all persons employed by a participating employer, including appointed or elected officials. 2. That the provisions of this act shall become effective on July 1, 2015.

CHAPTER 748

1. That § 23-2.1:3 of the Code of Virginia is amended and reenacted as follows:

§ 23-2.1:3. Student records and personal information.

A. Each public and private institution of higher education may require that any student accepted to and who has committed to attend, or is attending, such institution provide, to the extent available, from the originating secondary school and, if applicable, any institution of higher education he has attended a complete student record, including any mental health records held by the school. These records shall be kept confidential as required by state and federal law, including the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g.

B. No public institution of higher education shall sell students' personal information, including names, addresses, phone numbers, and email addresses, to any person. CHAPTER 749

An Act to amend and reenact § 64.2-770 of the Code of Virginia, relating to trust directors; defenses to liability.

Approved April 7, 2014

[S 345]

Be it enacted by the General Assembly of Virginia:

1. That § 64.2-770 of the Code of Virginia is amended and reenacted as follows:

§ 64.2-770. Powers to direct.

A. While a trust is revocable, the trustee may follow a direction of the settlor that is contrary to the terms of the trust.

B. If (i) the terms of a trust (ii) confer upon a person other than the settlor of a revocable trust power to direct certain actions of the trustee and (ii) subsection E does not apply, the trustee shall act in accordance with an exercise of the power unless the attempted exercise is manifestly contrary to the terms of the trust or the trustee knows the attempted exercise would constitute a serious breach of a fiduciary duty that the person holding the power owes to the beneficiaries of the trust. The terms of a trust may confer upon a trustee or other person a power to direct the modification or termination of the trust.
D. A person, other than a beneficiary, who holds a power to direct is presumptively a fiduciary who, as such, is required to act in good faith with regard to the purposes of the trust and the interests of the beneficiaries. The holder of a power to direct is liable for any loss that results from breach of a fiduciary duty.

E. The provisions of this subsection shall apply if the settlor incorporates this subsection into the trust instrument by specific reference. The provisions of this subsection shall also apply if this subsection is incorporated into the trust instrument by a nonjudicial settlement agreement under § 64.2-709 by specific reference.

1. For the purpose of this subsection, a “trust director” means any person who is not a trustee and who has, pursuant to the governing instrument, a power to direct the trustee on any matter. No person shall be a “trust director” for purposes of this subsection merely by holding a general or limited power of appointment over the trust assets.

Notwithstanding anything in the trust instrument to the contrary, the trust director shall be deemed a fiduciary who, as such, is (i) required to act in good faith with regard to the purposes of the trust and the interests of the beneficiaries and (ii) The trust director is liable for any loss that results from a breach of a trust director’s fiduciary duty. Unless the governing instrument provides otherwise, the trust director may assert defenses to liability on the same basis as a trustee serving under the governing instrument, other than defenses provided to the trustee under this subsection. Notwithstanding the foregoing, a term of a trust relieving a trust director of liability for breach of trust is unenforceable to the extent that it (i) relieves the trust director of liability for breach of trust committed in bad faith or with reckless indifference to the purposes of the trust or the interests of the beneficiaries or (ii) was inserted as the result of an abuse by the trust director of a fiduciary or confidential relationship to the settlor. An exculpatory term drafted or caused to be drafted by the trust director is invalid as an abuse of a fiduciary or confidential relationship unless the trust director proves that the existence and contents of the exculpatory term were adequately communicated to the settlor.

2. A trustee who acts in accordance with a direction in the governing instrument that the trustee is to follow the trust director's direction or act only with the trust director's consent or direction shall not, other than in cases of willful misconduct or gross negligence on the part of the directed trustee, be liable for any loss resulting directly or indirectly from any act taken or not taken by the trustee (i) pursuant to the trust director's direction or (ii) as a result of the trust director's failure to direct, consent, or act, after receiving a request by the trustee for such direction, consent, or action.

3. A trustee shall not, except as otherwise expressly provided in the trust instrument, have any duty to (i) monitor the trust director's conduct; (ii) provide the trust director with information, other than material facts related to the trust administration expressly requested in writing by the trust director; (iii) inform or warn any beneficiary or third party that the trustee disagrees with any of the trust director's actions or directions; (iv) notify the trust director that the trustee disagrees with any of the trust director's actions or directions; (v) do anything to prevent the trust director from giving any direction or taking any action; or (vi) compel the trust director to redress its action or direction.

4. The actions of the trustee pertaining to matters within the scope of the authority of the trust director, including confirming that the trust director's directions have been carried out and recording and reporting actions taken pursuant to the trust director's direction, shall, absent clear and convincing evidence to the contrary, presumptively be considered administrative actions by the trustee and not be considered to constitute either monitoring the trust director's actions or participating in the actions of the trust director.

CHAPTER 750

The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines; and

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. In the event such conviction is reversed upon appeal, the provider may apply to the Board for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of § 32.1-162.13, or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. § 1002.212.

All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.
G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:
   1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.
   2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).
   3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

§ 46.2-1702. Certification of driver education courses by Commissioner.

The Notwithstanding any other provision of law, the Commissioner shall have the authority to approve as a driver education course satisfying the requirements of § 46.2-334 any course which is offered by any driver training school licensed under the provisions of this chapter if he finds that the course is of comparable content and quality to that offered in the Commonwealth's public schools. In making such finding, the Commissioner shall not require that the instructors of any driver training school meet the certification requirements of teachers in the Commonwealth's public schools.

Any community college within the Virginia Community College System shall have the authority to offer the courses required by the Virginia Board of Education to become a certified driver education instructor in Virginia on a not-for-credit basis so long as the courses include the same content and curriculum required by the Department of Education, enabling individuals who complete those courses to then teach driver's education in Virginia driver education training schools upon official certification by the Department of Motor Vehicles. The Virginia Department of Education shall provide the curriculum, content, and other information regarding the courses required to become certified driver education instructors in Virginia to any community college within the Virginia Community College System. The content of each course must be accurate and rigorous and must meet the requirements for the Department of Education's Curriculum and Administrative Guide for Driver's Education, which includes the Board of Education's standards of learning.

The Commissioner shall have authority to approve any driver education course offered by any Class A licensee if he finds the course meets the requirements for such courses as set forth in this chapter and as otherwise established by the Department. Driver education courses offered by any Class B licensee shall be based on the driver education curriculum currently approved by the Department of Education and the Department.

The Commissioner may accept 20 years' service with the Virginia Department of State Police by a person who retired or resigned while in good standing from such Department in lieu of requirements established by the Department of Education for instructor qualification.

D. A college partnership laboratory school shall not charge tuition for courses required for high school graduation. However, (i) tuition may be charged for courses for which the student receives college credit and for enrichment courses that are not required to earn a Board of Education approved high school diploma, and (ii) for college partnership laboratory schools that form a collaborative partnership, in accordance with subsection F, with one or more public school divisions, the school board of the partnering school division that administers student enrollment in accordance with subsection A may charge tuition in accordance with § 22.1-5 for students who do not reside within the partnering school division.

E. An approved college partnership laboratory school shall be designated as a local education agency, but shall not constitute a school division.

F. College partnership laboratory schools are encouraged to develop collaborative partnerships with public school divisions for the purpose of building seamless education opportunities for all Virginia students, from preschool to postsecondary education. An educational program provided to students enrolled in a public school division pursuant to a collaborative partnership between the college partnership laboratory school and the public school division shall be considered to be the educational program of the public school division for purposes of the Standards of Accreditation.

CHAPTER 756

[S 615]

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 67-201 and 67-202 of the Code of Virginia are amended and reenacted as follows:

A. The Division, in consultation with the State Corporation Commission, the Department of Environmental Quality, and the Center for Coal and Energy Research, shall prepare a comprehensive Virginia Energy Plan covering a 10-year period. The Plan shall propose actions, consistent with the objectives enumerated in § 67-101, that will implement the Commonwealth Energy Policy set forth in § 67-102.

B. In addition, the Plan shall include:

1. Projections of energy consumption in the Commonwealth, including but not limited to the use of fuel sources and costs of electricity, natural gas, gasoline, coal, renewable resources, and other forms of energy resources used in the Commonwealth;

2. An analysis of the adequacy of electricity generation, transmission, and distribution resources in the Commonwealth for the natural gas and electric industries, and how regional generation, transmission, and distribution resources affect the Commonwealth;

3. An analysis of siting requirements for electric generation resources and natural gas and electric transmission and distribution resources;

4. An analysis of fuel diversity for electricity generation, recognizing the importance of flexibility in meeting future capacity needs;

5. An analysis of the efficient use of energy resources and conservation initiatives;

6. An analysis of how these Virginia-specific issues relate to regional initiatives to assure the adequacy of fuel production, generation, transmission, and distribution assets;

7. An analysis of siting of energy resource development, refining or transmission facilities to identify any disproportionate adverse impact of such activities on economically disadvantaged or minority communities; and

8. With regard to any regulations proposed or promulgated by the U.S. Environmental Protection Agency to reduce carbon dioxide emissions from fossil fuel-fired electric generating units under § 111(d) of the Clean Air Act, 42 U.S.C. § 7411(d), an analysis of (i) the costs to and benefits for energy producers and electric utility customers; (ii) the effect on energy markets and reliability; and (iii) the commercial availability of technology required to comply with such regulations; and

§ 9. Recommendations, based on the analyses completed under subdivisions 1 through 2, 4, and 9, for legislative, regulatory, and other public and private actions to implement the elements of the Commonwealth Energy Policy.
C. In preparing the Plan, the Division and other agencies involved in the planning process shall utilize state geographic information systems, to the extent deemed practicable, to assess how recommendations in the plan may affect pristine natural areas and other significant onshore natural resources.

D. In preparing the Plan, the Division and other agencies involved in the planning process shall develop a system for ascribing numerical scores to parcels of real property based on the extent to which the parcels are suitable for the siting of a wind energy facility or solar energy facility. For wind energy facilities, the scoring system shall address the wind velocity, sustained velocity, turbulence, proximity to electric power transmission systems, potential impacts to natural and historic resources and to economically disadvantaged or minority communities, and compatibility with the local land use plan. For solar energy facilities, the scoring system shall address the parcel's proximity to electric power transmission lines, potential impacts of such a facility to natural and historic resources and to economically disadvantaged or minority communities, and compatibility with the local land use plan. The system developed pursuant to this section shall allow the suitability of the parcel for the siting of a wind energy facility or solar energy facility to be compared to the suitability of other parcels so scored, and shall be based on a scale that allows the suitability of the parcel for the siting of a such an energy facility to be measured against the hypothetical score of an ideal location for such a facility.

E. After July 1, 2007, upon receipt by the Division of a recommendation from the Department of General Services, a local governing body, or the parcel's owner that a parcel of real property is a potentially suitable location for a wind energy facility or solar energy facility, the Division shall analyze the suitability of the parcel for the location of such a facility. In conducting its analysis, the Division shall ascribe a numerical score to the parcel using the scoring system developed pursuant to subsection D.

A. The Division shall complete the Plan by July 1, 2007.
B. Prior to completion of the Plan and updates thereof, the Division shall present drafts to, and consult with, the Coal and Energy Commission and the Commission on Electric Utility Regulation.
C. The Plan shall be updated by the Division and submitted as provided in § 67-203 by July 1, 2010, October 1, 2014, and every fourth October 1 thereafter. In addition, the Division shall provide interim updates on the Plan by October 1 of the third year of each administration. Updated reports shall reassess goals for energy conservation based on progress to date in meeting the goals in the previous plan and lessons learned from attempts to meet such goals.
D. Beginning with the Plan update in 2014, the Division shall include a section to set forth energy policy positions relevant to any potential regulations proposed or promulgated by the State Air Pollution Control Board to reduce carbon dioxide emissions from fossil fuel-fired electric generating units under § 111(d) of the Clean Air Act, 42 U.S.C. § 7411(d). In this section of the Plan, the Division shall address policy options for establishing separate standards of performance pursuant to § 111(d) of the Clean Air Act, 42 U.S.C. § 7411(d), for carbon dioxide emissions from existing fossil fuel-fired electric generating units to promote the Plan's overall goal of fuel diversity as follows:
1. The Plan shall address policy options for establishing the standards of performance for existing coal-fired electric generating units, including but not limited to the following factors:
   a. The most suitable system of emission reduction that (i) takes into consideration (a) the cost and benefit of achieving such reduction, (b) any non-air quality health and environmental impacts, and (c) the energy requirements of the Commonwealth and (ii) has been adequately demonstrated for coal-fired electric generating units that are subject to the standard of performance;
   b. Reductions in emissions of carbon dioxide that can be achieved through measures reasonably undertaken at each coal-fired electric generating unit; and
   c. Increased efficiencies and other measures that can be implemented at each coal-fired electric generating unit to reduce carbon dioxide emissions from the unit without converting from coal to other fuels, co-firing other fuels with coal, or limiting the utilization of the unit.
2. The Plan shall also address policy options for establishing the standards of performance for existing gas-fired electric generating units, including but not limited to the following factors:
   a. The application of the criteria specified in subdivisions 1 a and b to natural gas-fired electric generating units, instead of to coal-fired electric generating units; and
   b. Increased efficiencies and other measures that can be reasonably implemented at the unit to reduce carbon dioxide emissions from the unit without switching from natural gas to other lower-carbon fuels or limiting the utilization of the unit.
3. The Plan shall examine policy options for state regulatory action to adopt less stringent standards or longer compliance schedules than those provided for in applicable federal rules or guidelines based on analysis of the following:
   a. Consumer impacts, including any disproportionate impacts of energy price increases on lower-income populations;
   b. Unreasonable cost of reducing emissions resulting from plant age, location, or basic process design;
   c. Physical difficulties with or impossibility of implementing emission reduction measures;
   d. The absolute cost of applying the performance standard to the unit;
   e. The expected remaining useful life of the unit;
   f. The economic impacts of closing the unit, including expected job losses, if the unit is unable to comply with the performance standard; and
   g. Any other factors specific to the unit that make application of a less stringent standard or longer compliance schedule more reasonable.
4. The Plan shall identify options, to the maximum extent permissible, for any federally required regulation of carbon dioxide emissions from existing fossil fuel-fired electric generating units, regulatory mechanisms that provide flexibility in complying with such standards, including the averaging of emissions, emissions trading, or other alternative implementation measures that are determined to further the interests of the Commonwealth and its citizens.

CHAPTER 757

An Act to amend and reenact §§ 58.1-3219.5, 58.1-3219.7, and 58.1-3360 of the Code of Virginia by adding in Chapter 32 of Title 58.1 an article numbered 2.4, consisting of sections numbered 58.1-3219.9 through 58.1-3219.12, and to provide for the submission to the voters of a proposed amendment to Section 6-A of Article X of the Constitution of Virginia, relating to a real property tax exemption for surviving spouses of soldiers killed in action.

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-3219.5, 58.1-3219.7, and 58.1-3360 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Chapter 32 of Title 58.1 an article numbered 2.4, consisting of sections numbered 58.1-3219.9 through 58.1-3219.12, as follows:

§ 58.1-3219.5. Exemption from taxes on property for disabled veterans.

A. Pursuant to Article X, Section 6-A, subdivision (a) of Section 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2011, the General Assembly hereby exempts from taxation the real property, including the joint real property of husband and wife, of any veteran who has been rated by the U.S. Department of Veterans Affairs or its successor agency pursuant to federal law to have a 100 percent service-connected, permanent, and total disability, and who occupies the real property as his principal place of residence. If the veteran's disability rating occurs after January 1, 2011, and he has a qualified primary residence on the date of the rating, then the exemption for him under this section begins on the date of such rating. However, no county, city, or town shall be liable for any interest on any refund due to the veteran for taxes paid prior to the veteran's filing of the affidavit or written statement required by § 58.1-3219.6. If the qualified veteran acquires the property after January 1, 2011, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. The surviving spouse of a veteran eligible for the exemption set forth in this article shall also qualify for the exemption, so long as the death of the veteran occurs on or after January 1, 2011, the surviving spouse does not remarry, and the surviving spouse continues to occupy the real property as his principal place of residence.

C. A county, city, or town shall provide for the exemption from real property taxes the qualifying dwelling pursuant to this section, and shall provide for the exemption from real property taxes the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section.

D. For purposes of this exemption, real property of any veteran includes real property (i) held by a veteran alone or in conjunction with the veteran's spouse as tenant or tenants for life or joint lives, (ii) held in a revocable inter vivos trust over which the veteran or the veteran and his spouse hold the power of revocation, or (iii) held in an irrevocable trust under which a veteran alone or in conjunction with his spouse possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

The exemption for a surviving spouse under subsection B includes real property (a) held by the veteran's spouse as tenant for life, (b) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (c) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. The exemption does not apply to any interest held under a leasehold or term of years.

E. 1. In the event that (i) a person is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection D and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the number of people who are qualified for the exemption pursuant to this section and as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the primary residence is jointly owned by two or more individuals, not all of whom qualify for the exemption pursuant to subsection A or B, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection D, then the exemption shall be prorated by multiplying the amount of the exemption or deferral by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by all such joint owners who qualify for the exemption pursuant to subsections A and B, and as a denominator, 100 percent.

§ 58.1-3219.7. Commissioner of the Department of Veterans Services; rules and regulations; appeal.
A. The Commissioner of the Department of Veterans Services shall promulgate rules and regulations governing the administration and implementation of the property tax exemption under this article. Such rules and regulations shall include, but not be limited to, written guidance for veterans residing in the Commonwealth and for commissioners of the revenue or other assessing officers relating to the determination of eligibility for the property tax exemption under this article and procedures for appealing a decision of the Commissioner of the Department of Veterans Services to a circuit court pursuant to subsection B. The Commissioner of the Department of Veterans Services may also provide written guidance to, and respond to requests for information from, veterans residing in the Commonwealth and commissioners of the revenue or other assessing officers regarding the exemption under this article, including interpretation of the provisions of Article X, Section 6-A, subdivision (a) of Section 6-A of Article X of the Constitution of Virginia and this article.

B. The Commissioner of the Department of Veterans Services shall hear and decide appeals by veterans residing in the Commonwealth from a denial of their application pursuant to § 58.1-3219.6 by a commissioner of the revenue or other assessing officer. However, such appeal shall be limited to appeals based upon a finding of fact regarding eligibility criteria set forth in Article X, Section 6-A, subdivision (a) of Section 6-A of Article X of the Constitution of Virginia and this article. The Commissioner of the Department of Veterans Services shall not be authorized to hear or decide appeals regarding a dispute over the assessed value of any property. Nothing in this section shall be construed to limit the appeal of a decision of the Commissioner of the Department of Veterans Services by either party to the circuit court in the locality in which the veteran resides.

Article 2.4.
Exemption for Surviving Spouses of Members of the Armed Forces Killed in Action.

§ 58.1-3219.9. Exemption from taxes on property of surviving spouses of members of the armed forces killed in action.

A. Pursuant to subdivision (b) of Section 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2015, the General Assembly hereby exempts from taxation the real property described in subsection B of the surviving spouse (i) of any member of the armed forces of the United States who was killed in action as determined by the United States Department of Defense and (ii) who occupies the real property as his principal place of residence. If such member of the armed forces of the United States is killed in action after January 1, 2015, and the surviving spouse has a qualified principal residence on the date that such member of the armed forces is killed in action, then the exemption for the surviving spouse shall begin on the date that such member of the armed forces is killed in action. However, no county, city, or town shall be liable for any interest on any refund due to the surviving spouse for taxes paid prior to the surviving spouse’s filing of the affidavit or written statement required by § 58.1-3219.10. If the surviving spouse acquires the property after January 1, 2015, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. Only those dwellings in the locality with assessed values in the most recently ended tax year that are not in excess of the average assessed value for such year of a dwelling situated on property that is zoned as single family residential shall qualify for the exemption under this article. Single family homes, condominiums, town homes, and other types of dwellings of surviving spouses that (i) meet this requirement and (ii) are occupied by such persons as their principal place of residence shall qualify for the real property tax exemption.

For purposes of determining whether a dwelling is exempt from county and town real property taxes, the average assessed value shall be such average for all dwellings located within the county that are situated on property zoned as single family residential.

C. The surviving spouse of a member of the armed forces killed in action shall qualify for the exemption so long as the surviving spouse does not remarry and continues to occupy the real property as his principal place of residence.

D. A county, city, or town shall provide for the exemption from real property taxes (i) the qualifying dwelling and (ii) the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section.

E. For purposes of this exemption, real property of any surviving spouse of a member of the armed forces killed in action includes real property (i) held by a surviving spouse as a tenant for life, (ii) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (iii) held in an irrevocable trust under which the surviving spouse holds the power of revocation, or (iv) held in an irrevocable trust under which the surviving spouse holds the power of revocation, or (v) owned by a charitable organization.

F. In the event that (i) a surviving spouse is entitled to an exemption under this section on the basis of holding the property in any of the three ways set forth in subsection E and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the number of surviving spouses who are qualified for the exemption pursuant to this section and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the principal residence is jointly owned by two or more individuals, not all of whom qualify for the exemption, and no person is entitled to the exemption under this section on the basis of holding the property in any of the three ways set forth in subsection E, then the exemption shall be prorated by multiplying the amount of the exemption by a
fraction that has as a numerator the percentage of ownership interest in the dwelling held by all such joint owners who qualify for the exemption, and as a denominator, 100 percent.

§ 58.1-3219.10. Application for exemption.

A. The surviving spouse claiming the exemption under this article shall file with the commissioner of the revenue of the county, city, or town such other officer as may be designated by the governing body in which the real property is located, on forms to be supplied by the county, city, or town, an affidavit or written statement (i) setting forth the surviving spouse’s name, (ii) indicating any other joint owners of the real property, and (iii) certifying that the real property is occupied as the surviving spouse’s principal place of residence. The surviving spouse shall also provide documentation from the United States Department of Defense or its successor agency indicating the date that the member of the armed forces of the United States was killed in action.

The surviving spouse shall be required to refile the information required by this section only if the surviving spouse’s principal place of residence changes.

B. The surviving spouse shall promptly notify the commissioner of the revenue of any remarriage.

§ 58.1-3219.11. Commissioner of the Department of Veterans Services; rules and regulations.

The Commissioner of the Department of Veterans Services shall promulgate rules and regulations governing the administration and implementation of the property tax exemption under this article. Such rules and regulations shall include, but not be limited to, written guidance for surviving spouses residing in the Commonwealth and for commissioners of the revenue or other assessing officers relating to the determination of eligibility for the property tax exemption under this article. The Commissioner of the Department of Veterans Services may also provide written guidance to and respond to requests for information from, surviving spouses residing in the Commonwealth and commissioners of the revenue or other assessing officers relating to the exemption under this article, including interpretation of the provisions of subdivision (b) of Section 6-A of Article X of the Constitution of Virginia and this article.

The fact that surviving spouses who are otherwise qualified for tax exemption pursuant to this article are residing in hospitals, nursing homes, convalescent homes, or other facilities for physical or mental care for extended periods of time shall not be construed to mean that the real estate for which tax exemption is sought does not continue to be the sole dwelling of such persons during such extended periods of other residence so long as such real estate is not used by or leased to others for consideration.

§ 58.1-3360. Credit on current year’s taxes when land acquired by United States, the Commonwealth, a political subdivision, a church or religious body, a disabled veteran, or a surviving spouse of a member of the armed forces who was killed in action.

Any taxpayer whose lands, or any portion thereof, are in any year acquired or taken in any manner by the United States; the Commonwealth; a political subdivision; a church or religious body, which is exempt from taxation by Article X, Section 6 of the Constitution of Virginia; a surviving spouse of a member of the armed forces of the United States who was killed in action for that portion of the property that is exempt under § 58.1-3219.9; or a disabled veteran for that portion of the property that is exempt from taxation pursuant to § 58.1-3219.5, shall be relieved from the payment of taxes and levies from the date of divestment of such land for that portion of the year in which the property was taken or acquired. The county treasurers as to land situated in counties and the city treasurers and city collectors as to lands situated in cities shall receive from and credit to the original owner of the lands so taken, for his proportionate part of the taxes and levies for the year and credit the payment on the tax tickets and shall return at the same time he makes his return of lands and lots improperly assessed, as required by law, the proportional part of the taxes and levies exonerated from taxation for any such year, indicating on the margin of the list the date on which the property was acquired by the government or religious body. Such list, when approved by the proper authorities, shall be considered as a credit to any such treasurer or collector in the settlement of the accounts for such year.

2. That the provisions of the first enactment of this act shall become effective on January 1, 2015, if a majority of those voting on the question in the third enactment of this act vote in the affirmative.

3. § 1. It shall be the duty of the officers conducting the election directed by law to be held on the Tuesday after the first Monday in November 2014, at the places appointed for holding the same, to open a poll and take the sense of the qualified voters upon the ratification or rejection of the proposed amendment to the Constitution of Virginia, contained herein and in the joint resolution proposing such amendment, to wit:

Amend Section 6-A of Article X of the Constitution of Virginia as follows:

ARTICLE X

TAXATION AND FINANCE

Section 6-A. Property tax exemption for certain veterans and surviving spouses of soldiers killed in action.

(a) Notwithstanding the provisions of Section 6, the General Assembly by general law, and within the restrictions and conditions prescribed therein, shall exempt from taxation the real property, including the joint real property of husband and wife, of any veteran who has been determined by the United States Department of Veterans Affairs or its successor agency pursuant to federal law to have a one hundred percent service-connected, permanent, and total disability, and who occupies the real property as his or her principal place of residence. The General Assembly shall also provide this exemption from taxation for real property owned by the surviving spouse of a veteran who was eligible for the exemption provided in this
section subdivision, so long as the surviving spouse does not remarry and continues to occupy the real property as his or her principal place of residence.

(b) Notwithstanding the provisions of Section 6, the General Assembly by general law, and within the restrictions and conditions prescribed therein, may exempt from taxation the real property of the surviving spouse of any member of the armed forces of the United States who was killed in action as determined by the United States Department of Defense, who occupies the real property as his or her principal place of residence. The exemption under this subdivision shall cease if the surviving spouse remarries and shall not be claimed thereafter. This exemption applies regardless of whether the spouse was killed in action prior to the effective date of this subdivision, but the exemption shall not be applicable for any period of time prior to the effective date. This exemption applies to the surviving spouse's principal place of residence without any restriction on the spouse's moving to a different principal place of residence and without any requirement that the spouse reside in the Commonwealth at the time of death of the member of the armed forces.

§ 2. The ballot shall contain the following question:
"Question: Shall Section 6-A of Article X (Taxation and Finance) of the Constitution of Virginia be amended to allow the General Assembly to exempt from taxation the real property of the surviving spouse of any member of the armed forces of the United States who was killed in action, where the surviving spouse occupies the real property as his or her principal place of residence and has not remarried?"

The ballots shall be prepared, distributed and voted, and the results of the election shall be ascertained and certified, in the manner prescribed by § 24.2-684 of the Code of Virginia. The State Board of Elections shall comply with § 30-19.9 of the Code and shall cause to be sent to the electoral boards of each county and city sufficient copies of the full text of the amendment and question contained herein for the officers of election to post in each polling place on election day.

The electoral board of each county and city shall make out, certify and forward an abstract of the votes cast for and against such proposed amendment in the manner now prescribed by law in relation to votes cast in general elections.

The State Board of Elections shall open and canvass such abstracts and examine and report the whole number of votes cast at the election for and against such amendment in the manner now prescribed by law in relation to votes cast in general elections. The State Board of Elections shall record a certified copy of such report in its office and without delay make out and transmit to the Governor an official copy of such report, certified by it. The Governor shall without delay make proclamation of the result, stating therein the aggregate vote for and against the amendment.

If a majority of those voting vote in favor of the amendment, it shall become effective on January 1, 2015.

The expenses incurred in conducting this election shall be defrayed as in the case of election of members of the General Assembly.

CHAPTER 758

An Act to amend and reenact § 2.2-1617 of the Code of Virginia and to amend and reenact the second enactment of Chapters 155 and 206 of the Acts of Assembly of 2013, relating to the one-stop small business permitting program; integration with State Corporation Commission.

Approved April 7, 2014
"Renewal application" means a document used to collect pertinent data for renewal of permits covered under this section.

"Small business" means an independently owned and operated business that, together with affiliates, has 250 or fewer employees or average annual gross receipts of $10 million or less averaged over the previous three years.

"Veteran" means an individual who has served in the active military, naval, or air service and who was discharged or released therefrom under conditions other than dishonorable.

B. There is created within the Department the comprehensive permitting program (the Program). The Program is established to serve as a single access point to aid entrepreneurs in filling out the various permit applications associated with establishing a small business in Virginia. The Program in no way supersedes or supplants any regulatory authority granted to any state agency with permits covered by this section. As part of the Program, the Department shall coordinate with the regulatory agency, and the regulatory agency shall determine, consistent with applicable law, what types of permits are appropriate for inclusion in the Program as well as the rules governing the submission of and payment for those permits. The website of the Department shall provide access to information regarding the Program. The Department shall have the power and duty to:

1. Create a comprehensive application that will allow an entrepreneur, or an agent thereof, seeking to establish a small business, to create accounts that will allow them to acquire the appropriate permits required in the Commonwealth. The comprehensive application shall:
   a. Allow the business owner to choose a business type and to provide common information, such as name, address, and telephone number, on the front page, eliminating the need to repeatedly provide common information on each permit application;
   b. Allow the business owner to preview and answer questions related to the operation of the business;
   c. Provide business owners with a customized to-do agency checklist, which checklist shall provide the permit applications pertinent to each business type and provide the rules, regulations, and general laws applicable to each business type as well as local licensing information;
   d. Allow the business owner to submit permit applications by electronic means as authorized by § 59.1-496 and to affix thereto his electronic signature as defined in § 59.1-480;
   e. Allow the business owner to check on the status of applications online and to receive information from the permitting agencies electronically; and
   f. Allow a business owner to submit electronic payment of application or permitting fees for applications that have been accepted by the permitting agency.

2. Develop and administer a computerized system program capable of storing, retrieving, and exchanging permit information while protecting the confidentiality of information submitted to the Department to the extent allowable by law. Information submitted to the Department shall be subject to the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) as the same would apply were the information submitted directly to the Department or to any permitting agency.

3. Issue and renew comprehensive permits in an efficient manner.

4. Identify the types of permits appropriate for inclusion in the Program. The Department shall coordinate with the regulatory agency, and the regulatory agency shall determine, consistent with applicable law, what types of permits are appropriate for inclusion in the Program.

5. Incorporate permits into the Program.

6. Do all acts necessary or convenient to carry out the purposes of this chapter.

C. The Business Permitting Center shall compile information regarding the regulatory programs associated with each of the permits obtainable under the Program. This information shall include, at a minimum, a listing of the statutes and administrative rules requiring the permits and pertaining to the regulatory programs that are directly related to the permit. The Center shall provide information governed by this section to any person requesting it. Materials used by the Center to describe the services provided by the Center shall indicate that this information is available upon request.

D. Each state agency shall cooperate and provide reasonable assistance to the Department in the implementation of this section.

E. By June 30, 2018, the State Corporation Commission and the Department of Small Business and Supplier Diversity shall:

1. By December 1, 2014, implement a hyperlink from the State Corporation Commission’s eFile system to the Center that will facilitate the collection by the Center of a user's information to populate any forms that will be required to be completed at a future date, to the end that the user will not be required unnecessarily to reenter data or information into the forms when the user is accessing the Center; and

2. By June 30, 2018, fully integrate processes and forms into the Center and shall process all forms within 48 business hours from the time the applicant submits the form electronically.

The State Corporation Commission and the Center shall report on progress and any barriers to completion of the provisions of subdivision 1 biannually, on each December 1 and June 1, to the Governor, the Secretary of Commerce and Trade, the Secretary of Technology, and the chairs of the Senate Committees on Finance, General Laws and Technology, and Commerce and Labor and of the House Committees on Appropriations and Commerce and Labor.
F. Any person requiring permits that have been incorporated into the Program may submit a comprehensive application to the Department requesting the issuance of the permits. The comprehensive application form shall contain in consolidated form information necessary for the issuance of the permits.

G. The applicant, if not a veteran, shall include with the application the handling fee established by the Department. An applicant who is a veteran shall be exempt from payment of the handling fee prescribed by this subsection. The amount of the handling fee assessed against the applicant shall be set by the Department at a level necessary to cover the costs of administering the comprehensive permitting program.

H. The authority for approving the issuance and renewal of any requested permit that requires investigation, inspection, testing, or other judgmental review by the regulatory agency otherwise legally authorized to issue the permit shall remain with that agency. The Center may issue those permits for which proper fee payment and a completed application form have been received and for which no approval action is required by the regulatory agency.

I. Upon receipt of the application, and proper fee payment for any permit for which issuance is subject to regulatory agency action under subsection H, the Department shall immediately notify the State Corporation Commission or the regulatory agency with authority to approve the permit issuance or renewal requested by the applicant. The State Corporation Commission or the regulatory agency shall advise the Department within a reasonable time after receiving the notice of one of the following:

1. That the State Corporation Commission or the regulatory agency approves the issuance of the requested permit and will advise the applicant of any specific conditions required for issuing the permit;
2. That the State Corporation Commission or the regulatory agency denies the issuance of the permit and gives the applicant reasons for the denial;
3. That the application is pending; or
4. That the application is incomplete and further information from or action by the applicant is necessary.

J. The Department shall issue a comprehensive permit endorsed for all the approved permits to the applicant and advise the applicant of the status of other requested permits. The applicant shall be responsible for contesting any decision regarding conditions imposed or permits denied through the normal process established by statute or by the State Corporation Commission or the regulatory agency with the authority for approving the issuance of the permit.

K. Regulatory agencies shall be provided information from the comprehensive application for their permitting and regulatory functions.

L. The Department shall be responsible for directing the applicant to make all payments for applicable fees established by the regulatory agency directly to the proper agency.

M. There is hereby created in the state treasury a special nonreverting fund to be known as the Comprehensive Permitting Fund, hereafter referred to as "the Fund." The Fund shall be established on the books of the Comptroller. The Fund shall consist of all moneys collected from the handling fee established by the Department pursuant to subsection G and such other funds as may be appropriated by the General Assembly. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely to administer the Program. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director of the Department.

N. Unless otherwise directed by the regulatory agency, the Department shall not issue or renew a comprehensive permit to any person under any of the following circumstances:

1. The person does not have a valid tax registration, if required;
2. The person is a corporation, limited liability company, business trust, limited partnership, or registered limited liability partnership that (i) is delinquent in the payment of fees or penalties collected by the State Corporation Commission pursuant to the business entity statutes it administers, (ii) does not exist, or (iii) is not authorized to transact business in the Commonwealth pursuant to one of the business entity statutes administered by the State Corporation Commission; or
3. The person has not submitted the sum of all fees and deposits required for the requested individual permit endorsements, any outstanding comprehensive permit delinquency fee, or other fees and penalties to be collected through the comprehensive permitting program.

O. The Department may adopt regulations in accordance with § 2.2-1606 as may be necessary to carry out the purposes of this section.

2. The second enactment of Chapters 155 and 206 of the Acts of Assembly of 2013 is amended and reenacted as follows:

2. That the State Corporation Commission and the Department of Small Business Assistance and Supplier Diversity shall collaborate to identify, develop, and implement enhancements to the Business One Stop and eFile systems to provide for an improved citizen experience. Representatives of the State Corporation Commission and the Department of Small Business and Supplier Diversity shall meet as necessary to further such collaboration and identify barriers thereto. The Secretary of Commerce and Trade shall oversee the Department of Small Business and Supplier Diversity's implementation of the provisions of subsection E of § 2.2-1617 of the Code of Virginia as amended by this act. The Secretary of Commerce and Trade and the Secretary of Technology shall have the opportunity to participate in such meetings.
CHAPTER 759

An Act to amend and reenact §§ 59.1-210 and 59.1-215 of the Code of Virginia, relating to the regulation of invention development services; required disclosure; civil penalty.

Be it enacted by the General Assembly of Virginia:

1. That §§ 59.1-210 and 59.1-215 of the Code of Virginia are amended and reenacted as follows:

Every contract for invention development services shall have a conspicuous and legible cover sheet attached with the following notice imprinted thereon in boldface type of not less than ten-point size:

1. "This contract between you and an invention developer is regulated by Chapter 18 (§ 59.1-208 et seq.) of Title 59.1. You are not permitted or required to make any payments under this contract until four working days after you sign this contract and receive a completed copy of it."

2. A statement that the contract is a fee-for-service contract and that the invention developer makes no guarantees as to the success of the invention.

3. Information as to how a customer who feels that his rights have been violated pursuant to this chapter may lodge a complaint with the Consumer Protection Division at the Office of the Attorney General, including the Division's telephone number and directions as to how to file an online consumer complaint.

Such cover sheet shall contain only the notice required by this section.

§ 59.1-215. Enforcement; civil penalty; restraint of violations.
A. For the purpose of enforcing this chapter, the Attorney General is hereby authorized to conduct investigations and hold hearings and compel the attendance of witnesses and the production of accounts, books and documents by the issuance of subpoenas.

B. The Attorney General shall enforce the provisions of this chapter, and shall have the right to recover a civil penalty of not to exceed $10,000 for each and every violation of any provisions of this chapter, and to seek equitable relief to restrain any such violation.

CHAPTER 760

An Act to amend and reenact § 22.1-271.5 of the Code of Virginia, relating to student-athletes; concussion guidelines and policies.

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-271.5 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-271.5. Guidelines and policies and procedures on concussions in student-athletes.
A. The Board of Education shall develop and distribute to each local school division guidelines on policies to inform and educate coaches, student-athletes, and their parents or guardians of the nature and risk of concussions, criteria for removal from and return to play, and risks of not reporting the injury and continuing to play, and the effects of concussions on student-athletes' academic performance.

B. Each local school division shall develop policies and procedures regarding the identification and handling of suspected concussions in student-athletes. Such policies shall require:

1. In order to participate in any extracurricular physical activity, each student-athlete and the student-athlete's parent or guardian shall review, on an annual basis, information on concussions provided by the local school division. After having reviewed materials describing the short- and long-term health effects of concussions, each student-athlete and the student-athlete's parent or guardian shall sign a statement acknowledging receipt of such information, in a manner approved by the Board of Education; and

2. A student-athlete suspected by that student-athlete's coach, athletic trainer, or team physician of sustaining a concussion or brain injury in a practice or game shall be removed from the activity at that time. A student-athlete who has been removed from play, evaluated, and suspected to have a concussion or brain injury shall not return to play that same day nor until (i) evaluated by an appropriate licensed health care provider as determined by the Board of Education and (ii) in receipt of written clearance to return to play from such licensed health care provider.

The licensed health care provider evaluating student-athletes suspected of having a concussion or brain injury may be a volunteer.

C. Each non-interscholastic youth sports program utilizing public school property shall either (i) establish policies and procedures regarding the identification and handling of suspected concussions in student-athletes, consistent with either the local school division's policies and procedures developed in compliance with this section or the Board's Guidelines for Policies on Concussions in Student-Athletes, or (ii) follow the local school division's policies and procedures as set forth in
In addition, local school divisions may provide the guidelines to organizations sponsoring athletic activity for student-athletes on school property. Local school divisions shall not be required to enforce compliance with such policies.

D. As used in this section, "non-interscholastic youth sports program" means a program organized for recreational athletic competition or recreational athletic instruction for youth.

2. That the Board of Education shall review and revise the guidelines as necessary, pursuant to subsection A of § 22.1-271.5 of the Code of Virginia, and shall work with the Virginia High School League, the Department of Health, the Virginia Athletic Trainers Association, the Virginia Physical Therapy Association, representatives of the Children's Hospital of the King's Daughters and the Children's National Medical Center, the Brain Injury Association of Virginia, the American Academy of Pediatrics, the Virginia College of Emergency Physicians, the Virginia Academy of Family Physicians, the Virginia Association of School Nurses, a representative from a non-interscholastic youth sports program, and any other interested stakeholders.

CHAPTER 761

An Act to amend and reenact §§ 16.1-340, 16.1-345.4, 19.2-182.9, 37.2-808, 37.2-809, and 37.2-817.2 of the Code of Virginia, relating to emergency custody; duration; notification.

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-340, 16.1-345.4, 19.2-182.9, 37.2-808, 37.2-809, and 37.2-817.2 of the Code of Virginia are amended and reenacted as follows:

A. Any magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion, an emergency custody order when he has probable cause to believe that (i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § 16.1-337. This subsection shall not preclude any other disclosures as required or permitted by law. To the extent possible, the petition shall contain the information required by § 16.1-339.1.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the minor, (3) any past mental health treatment of the minor, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any minor for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether he meets the criteria for temporary detention pursuant to § 16.1-340.1 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board serving the area in which the minor is located who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, in cases in which the emergency custody order is based upon a finding that the minor who is the subject of the order has a mental illness and that, as a result of mental illness, the minor is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control, the magistrate may authorize transportation by an alternative transportation provider, including a parent, family member, or friend of the minor who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the minor's treating physician, if any; or other persons who are available and have knowledge of the minor, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to
take the minor into custody, and to transfer custody of the minor to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the minor being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the minor subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the minor who is the subject of the emergency custody order was taken into custody or, if the minor has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the minor is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the minor to the facility or location to which the minor is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the minor and others from harm, (ii) is actually capable of providing the level of security necessary to protect the minor and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a minor meets the criteria for emergency custody as stated in this section may take that minor into custody and transport that minor to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed four eight hours from the time the law-enforcement officer takes the minor into custody. However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the minor can be temporarily detained pursuant to § 16.1-340.1 or (ii) a medical evaluation of the person to be completed if necessary.

H. A law-enforcement officer who is transporting a minor who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such minor into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the minor has revoked consent to be transported to a facility for the purpose of assessment or evaluation and (ii) based upon his observations, that probable cause exists to believe that the minor meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed four eight hours from the time the law-enforcement officer takes the minor into custody. However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (a) the community services board to identify a suitable facility in which the minor can be temporarily detained pursuant to § 16.1-340.1 or (b) a medical evaluation of the person to be completed if necessary.

I. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

J. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a minor in his custody as provided in this section.
§ 16.1-345.2, the juvenile and domestic relations district court judge may make one of the following dispositions:

(iii) issue a temporary detention order pursuant to § 16.1-340.1.

provider identified in the mandatory outpatient treatment plan regarding why the minor failed to appear at the hearing, either considering any evidence from the minor, from his parents, from the community services board, or treatment provider responsible for the minor's treatment. In determining the appropriateness of outpatient treatment, the court may consider the minor's material noncompliance with the previous mandatory treatment order; or

§ 16.1-345.4. Court review of mandatory outpatient treatment plan.

A. The juvenile and domestic relations district court judge shall hold a hearing within 15 days after receiving the motion for review of the mandatory outpatient treatment plan; however, if the fifteenth day is a Saturday, Sunday, or legal holiday, the hearing shall be held on the next day that is not a Saturday, Sunday, or legal holiday. If the minor is being detained under a temporary detention order, the hearing shall be scheduled within the same time frame provided for a commitment hearing under § 16.1-341. The clerk shall provide notice of the hearing to the minor, his parents, the community services board, all treatment providers listed in the comprehensive mandatory outpatient treatment order, and the original petitioner for the minor's involuntary treatment. If the minor is not represented by counsel, the judge shall appoint an attorney to represent the minor in this hearing and any subsequent hearings under § 16.1-345.5, giving consideration to appointing the attorney who represented the minor at the proceeding that resulted in the issuance of the mandatory outpatient treatment order. The judge shall also appoint a guardian ad litem for the minor. The community services board shall offer to arrange the minor's transportation to the hearing if the minor is not detained and has no other source of transportation.

B. If requested by the minor's parents, the community services board, a treatment provider listed in the comprehensive mandatory outpatient treatment plan, or the original petitioner for the minor's involuntary treatment, the juvenile and domestic relations district court judge may order an evaluation and appoint a qualified evaluator in accordance with § 16.1-342 who shall personally examine the minor and certify to the court whether or not he has probable cause to believe that the minor meets the criteria for involuntary inpatient treatment or mandatory outpatient treatment as specified in § 16.1-345 and subsection A of § 16.1-345.2. The evaluator's report may be admitted into evidence without the appearance of the evaluator at the hearing if not objected to by the minor or his attorney. If the minor is not detained in an inpatient facility, the community services board shall arrange for the minor to be examined at a convenient location and time. The community services board shall offer to arrange for the minor's transportation to the examination, if the minor has no other source of transportation. If the minor refuses or fails to appear, the community services board shall notify the court, and the court shall issue a mandatory examination order and a civil show cause summons. The return date for the civil show cause summons shall be set on a date prior to the review hearing scheduled pursuant to subsection A, and the examination of the minor shall be conducted immediately after the hearing thereon, but in no event shall the period for the examination exceed four eight hours.

C. If the minor fails to appear for the hearing, the juvenile and domestic relations district court judge shall, after consideration of any evidence from the minor, from his parents, from the community services board, or from any treatment provider identified in the mandatory outpatient treatment plan regarding why the minor failed to appear at the hearing, either (i) reschedule the hearing pursuant to subsection A, (ii) issue an emergency custody order pursuant to § 16.1-340, or (iii) issue a temporary detention order pursuant to § 16.1-340.1.

D. After hearing the evidence regarding the minor's material noncompliance with the mandatory outpatient treatment order and the minor's current condition, and any other relevant information referenced in § 16.1-345 and subsection A of § 16.1-345.2, the juvenile and domestic relations district court judge may make one of the following dispositions:

1. Upon finding by clear and convincing evidence that the minor meets the criteria for involuntary admission and treatment specified in § 16.1-345, the judge shall order the minor's involuntary admission to a facility designated by the community services board for a period of treatment not to exceed 30 days;

2. Upon finding that the minor continues to meet the criteria for mandatory outpatient treatment specified in subsection A of § 16.1-345.2, and that a continued period of mandatory outpatient treatment appears warranted, the judge may renew the order for mandatory outpatient treatment, making any necessary modifications that are acceptable to the community services board or treatment provider responsible for the minor's treatment. In determining the appropriateness of outpatient treatment, the court may consider the minor's material noncompliance with the previous mandatory treatment order; or

3. Upon finding that neither of the above dispositions is appropriate, the judge may rescind the order for mandatory outpatient treatment.

Upon entry of an order for involuntary inpatient admission, transportation shall be provided in accordance with § 16.1-345.
E. For the purposes of this section, "juvenile and domestic relations district court judge" shall not include a special justice as authorized by § 37.2-803.

When exigent circumstances do not permit compliance with revocation procedures set forth in § 19.2-182.8, any district court judge or a special justice, as defined in § 37.2-100, or a magistrate may issue an emergency custody order, upon the sworn petition of any responsible person or upon his own motion based upon probable cause to believe that an acquittee on conditional release (i) has violated the conditions of his release or is no longer a proper subject for conditional release and (ii) requires inpatient hospitalization. The emergency custody order shall require the acquittee within his judicial district to be taken into custody and transported to a convenient location where a person designated by the community services board or behavioral health authority who is skilled in the diagnosis and treatment of mental illness shall evaluate such acquittee and assess his need for inpatient hospitalization. A law-enforcement officer who, based on his observation or the reliable reports of others, has probable cause to believe that any acquittee on conditional release has violated the conditions of his release and is no longer a proper subject for conditional release and requires emergency evaluation to assess the need for inpatient hospitalization, may take the acquittee into custody and transport him to an appropriate location to assess the need for hospitalization without prior judicial authorization. The evaluation shall be conducted immediately. The acquittee shall remain in custody until a temporary detention order is issued or until he is released, but in no event shall the period of custody exceed forty-eight hours. However, upon a finding by a district court judge, special justice as defined in § 37.2-100, or magistrate that good cause exists to grant an extension, the district court judge, special justice, or magistrate shall extend the emergency custody order, or shall issue an order extending the period of emergency custody, one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow: (a) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to this section or (b) a medical evaluation of the person to be completed if necessary. If it appears from all evidence readily available (i) that the acquittee has violated the conditions of his release or is no longer a proper subject for conditional release and (ii) that he requires emergency evaluation to assess the need for inpatient hospitalization, the district court judge or a special justice, as defined in § 37.2-100, or magistrate, upon the advice of such person skilled in the diagnosis and treatment of mental illness, may issue a temporary detention order authorizing the executing officer to place the acquittee in an appropriate institution for a period not to exceed forty-eight hours prior to a hearing. If the forty-eight-hour period terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the acquittee may be detained until the next day which is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed.

The committing court or any district court judge or a special justice, as defined in § 37.2-100, shall have jurisdiction to hear the matter. Prior to the hearing, the acquittee shall be examined by a psychiatrist or licensed clinical psychologist, provided the psychiatrist or clinical psychologist is skilled in the diagnosis of mental illness, who shall certify whether the person is in need of hospitalization. At the hearing the acquittee shall be provided with adequate notice of the hearing, of the right to be present at the hearing, the right to the assistance of counsel in preparation for and during the hearing, and the right to introduce evidence and cross-examine witnesses at the hearing. Following the hearing, if the court determines, based on a preponderance of the evidence presented at the hearing, that the acquittee (i) has violated the conditions of his release or is no longer a proper subject for conditional release and (ii) has mental illness or intellectual disability and is in need of inpatient hospitalization, the court shall revoke the acquittee's conditional release and place him in the custody of the Commissioner.

When an acquittee on conditional release pursuant to this chapter is taken into emergency custody, detained, or hospitalized, such action shall be considered to have been taken pursuant to this section, notwithstanding the fact that his status as an insanity acquittee was not known at the time of custody, detention, or hospitalization. Detention or hospitalization of an acquittee pursuant to provisions of law other than those applicable to insanity acquittees pursuant to this chapter shall not render the detention or hospitalization invalid. If a person's status as an insanity acquittee on conditional release is not recognized at the time of emergency custody or detention, at the time his status as such is verified, the provisions applicable to such persons shall be applied and the court hearing the matter shall notify the committing court of the proceedings.

§ 37.2-808. Emergency custody; issuance and execution of order.

A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so
states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, in cases in which the emergency custody order is based upon a finding that the person who is the subject of the order has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs but there is no substantial likelihood that the person will cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of
custody shall not exceed four eight hours from the time the law-enforcement officer takes the person into custody. However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to § 37.2-809 or (ii) a medical evaluation of the person to be completed if necessary.

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed four eight hours from the time the law-enforcement officer takes the person into custody. However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to § 37.2-809, or (ii) a medical evaluation of the person to be completed if necessary.

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.

J. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

K. The person shall remain in custody until a temporary detention order is issued, until the person is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed four eight hours from the time of execution. However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall extend the emergency custody order one time for a second period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to § 37.2-809 or (ii) a medical evaluation of the person to be completed if necessary. Any family member, as defined in § 37.2-100, employee or designee of the local community services board as defined in § 37.2-809, treating physician, or law-enforcement officer may request the two-hour extension.

L. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.

M. If an emergency custody order is not executed within six eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

N. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to persons with mental illnesses while in emergency custody.

§ 37.2-809. Involuntary temporary detention; issuance and execution of order.

A. For the purposes of this section:

"Designee of the local community services board" means an examiner designated by the local community services board who (i) is skilled in the assessment and treatment of mental illness, (ii) has completed a certification program approved by the Department, (iii) is able to provide an independent examination of the person, (iv) is not related by blood or marriage to the person being evaluated, (v) has no financial interest in the admission or treatment of the person being evaluated, (vi) has no investment interest in the facility detaining or admitting the person under this article, and (vii) except for employees of state hospitals and of the U.S. Department of Veterans Affairs, is not employed by the facility.

"Employee" means an employee of the local community services board who is skilled in the assessment and treatment of mental illness and has completed a certification program approved by the Department.

"Investment interest" means the ownership or holding of an equity or debt security, including shares of stock in a corporation, interests or units of a partnership, bonds, debentures, notes, or other equity or debt instruments.

B. A magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or a designee of the local community services board to determine whether the person meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician or clinical psychologist treating the person, that the person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity
to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and
(iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. The magistrate shall also
consider the recommendations of any treating or examining physician licensed in Virginia, if available, or, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant
hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so
states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of
whether probable cause exists to issue a temporary detention order.

D. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate
may issue a temporary detention order without a prior evaluation pursuant to subsection B if (i) the person has been
personally examined within the previous 72 hours by an employee or a designee of the local community services board or
(ii) there is a significant physical, psychological, or medical risk to the person or to others associated with conducting such
evaluation.

E. An employee or a designee of the local community services board shall determine the facility of temporary
detention for all individuals detained pursuant to this section. The facility of temporary detention shall be one that has been
approved pursuant to regulations of the Board. The facility shall be identified on the preadmission screening report
and indicated on the temporary detention order. Except as provided in § 37.2-811 for inmates requiring hospitalization in
accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for
persons charged with criminal offenses and shall remain in the custody of law enforcement until the person is either
detained within a secure facility or custody has been accepted by the appropriate personnel designated by the facility
identified in the temporary detention order. The person detained in custody pursuant to this section shall be given a
written summary of the temporary detention procedures and the statutory protections associated with those procedures.

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide
emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the
best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing
services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs
reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance
Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a
reasonable rate per day of inpatient care for temporary detention.

G. The employee or the designee of the local community services board who is conducting the evaluation pursuant to
this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where
coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement
from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the
allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by
§ 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health
treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not
exceed 48 hours prior to a hearing. If the 48-hour period herein specified terminates on a Saturday, Sunday, or legal holiday,
the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or
legal holiday. The person may be released, pursuant to § 37.2-813, before the 48-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is
specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court
or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued
upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of
an employee or a designee of the local community services board prior to issuing a subsequent order upon the original
petition. Any petition for which no tempor ary detention order or other process in connection therewith is served on the
person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or
legal holiday. The person may be released, pursuant to § 37.2-813, before the 48-hour period herein specified has run.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided
by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this
section. Each community services board shall provide to each general district court and magistrate's office within its service
area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider or designee of a local community services board or behavioral
health authority shall not be required to encrypt any email containing information or medical records provided to a
magistrate unless there is reason to believe that a third party will attempt to intercept the email.
L. The employee or designee of the community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the person should not be subject to a temporary detention order, inform the petitioner and an onsite treating physician of his recommendation.

§ 37.2-817.2. Court review of mandatory outpatient treatment plan or discharge plan.
A. The district court judge or special justice shall hold a hearing within five days after receiving the petition for review of the mandatory outpatient treatment plan or discharge plan; however, if the fifth day is a Saturday, Sunday, or legal holiday, the hearing shall be held by the close of business on the next day that is not a Saturday, Sunday, or legal holiday. If the person is being detained under a temporary detention order, the hearing shall be scheduled within the same time frame provided for a commitment hearing under § 37.2-814. The clerk shall provide notice of the hearing to the person, the community services board, all treatment providers listed in the comprehensive mandatory outpatient treatment order or discharge plan, and the original petitioner for the person's involuntary treatment. If the person is not represented by counsel, the court shall appoint an attorney to represent the person in this hearing and any subsequent hearings under §§ 37.2-817.3 and 37.2-817.4, giving consideration to appointing the attorney who represented the person at the proceeding that resulted in the issuance of the mandatory outpatient treatment order or order authorizing discharge to mandatory outpatient treatment following inpatient treatment. The same judge or special justice that presided over the hearing resulting in the mandatory outpatient treatment order or order authorizing discharge to mandatory outpatient treatment following inpatient treatment need not preside at the noncompliance hearing or any subsequent hearings. The community services board shall offer to arrange the person's transportation to the hearing if the person is not detained and has no other source of transportation.

B. If requested by the person, the community services board, a treatment provider listed in the comprehensive mandatory outpatient treatment plan or discharge plan, or the original petitioner for the person's involuntary treatment, the court shall appoint an examiner in accordance with § 37.2-815 who shall personally examine the person and certify to the court whether or not he has probable cause to believe that the person meets the criteria for involuntary inpatient admission or mandatory outpatient treatment as specified in subsections C, C1, C2, and D of § 37.2-817. The examination shall include all applicable requirements of § 37.2-815. The certification of the examiner may be admitted into evidence without the appearance of the examiner at the hearing if not objected to by the person or his attorney. If the person is not detained in an inpatient facility, the community services board shall arrange for the person to be examined at a convenient location and time. The community services board shall offer to arrange for the person's transportation to the examination, if the person has no other source of transportation and resides within the service area or an adjacent service area of the community services board. If the person refuses or fails to appear, the community services board shall notify the court, or a magistrate if the court is not available, and the court or magistrate shall issue a mandatory examination order and capias directing the primary law-enforcement agency in the jurisdiction where the person resides to transport the person to the examination. The person shall remain in custody until a temporary detention order is issued or until the person is released, but in no event shall the period exceed four eight hours.

C.    For purposes of this section, "optional retirement plan" means a retirement plan covering the employee for retirement purposes other than the Virginia Retirement System defined benefit retirement plan established under this chapter or the hybrid retirement program described in § 51.1-169.
   A. 1. The Board shall maintain an optional retirement plan covering employees engaged in the performance of teaching, administrative, or research duties with an institution of higher education and any institution of higher education is authorized to make contributions to such plan for the benefit of its employees participating in such plan. Except (i) as
provided in subsection B for institutions of higher education that have established their own optional retirement plan and (ii) for employees described in subdivision A 2, every employee hired by an institution of higher education on or after July 1, 2003, engaged in the performance of teaching, administrative, or research duties shall make an irrevocable election to participate in either (a) the Virginia Retirement System defined benefit retirement plan established by this chapter until January 1, 2014, and thereafter, the hybrid retirement program described in § 51.1-169; or (b) an optional retirement plan maintained by the Board. Such election shall be exercised no later than 60 days from the time of the employee's entry upon the performance of his duties. If an election is not made within such 60 days, such employee shall be deemed to have elected to participate in the Virginia Retirement System defined benefit retirement plan or the hybrid retirement program described in § 51.1-169, as applicable.

2. Any employee (i) hired on or after July 1, 2003, by an institution of higher education engaged in the performance of teaching, administrative, or research duties; and (ii) who at the time of hiring is in continuous service in the performance of such teaching, administrative, or research duties shall make an irrevocable election to participate in the Virginia Retirement System defined benefit retirement plan or such hybrid retirement program, as applicable, from the time of his entry upon the performance of his duties.

B. 1. Any institution of higher education, upon receipt of approval by the Board in writing, may establish and maintain its own optional retirement plan covering its employees who are engaged in the performance of teaching, administrative, or research duties. Upon such approval, such institution is authorized to make contributions to its own optional retirement plan for the benefit of its employees who elect to participate or who are required to participate in such plan as provided in this subsection.

2. Every employee, with the exception of employees described in subdivision B 3, (i) hired on or after July 1, 2003, by an institution of higher education that has established and is maintaining its own optional retirement plan pursuant to this subsection and (ii) engaged in the performance of teaching, administrative, or research duties shall make an irrevocable election to participate in either: (a) the Virginia Retirement System defined benefit retirement plan established by this chapter until January 1, 2014, and thereafter, the hybrid retirement program described in § 51.1-169, as applicable; or (b) such optional retirement plan of the institution of higher education. Such employee shall not be provided any election to participate in an optional retirement plan maintained by the Board.

The election shall be exercised no later than 60 days from the time of the employee's entry upon the performance of his duties. 3. Any employee (i) hired on or after July 1, 2003, by an institution of higher education engaged in the performance of teaching, administrative, or research duties; and (ii) who at the time of hiring is in continuous service in the performance of such teaching, administrative, or research duties shall participate in the optional retirement plan established by the institution of higher education pursuant to this subsection if the most recent retirement plan covering the employee prior to such hiring was the Virginia Retirement System defined benefit retirement plan or the hybrid retirement program described in § 51.1-169, such person shall participate in such defined benefit retirement plan or such hybrid retirement program, as applicable, from the time of his entry upon the performance of his duties.

C. Any employee engaged in the performance of teaching, administrative, or research duties at an institution of higher education who was covered under an optional retirement plan for retirement purposes, other than the optional retirement plan established by such institution pursuant to subdivision B 1, shall, at the time such institution establishes its own optional retirement plan pursuant to subdivision B 1, automatically and immediately begin to participate in the optional retirement plan established pursuant to subdivision B 1, notwithstanding such employee's prior election to participate in a different optional retirement plan.

D. 1. The total amount charged and collected for such fee from all such employees for any year shall not exceed the total of the costs described in subdivision D 1 and charged to the institution for such year.

E. 1. No employee of an institution of higher education who is an active member in any plan maintained by the Board or established by an institution of higher education, pursuant to this section, shall also be an active member of the retirement system or beneficiary other than a contingent annuitant.

F. 1. The contribution by the Commonwealth on behalf of an employee participating in an optional retirement plan maintained by the Board or on behalf of an employee participating in an optional retirement plan established by his institution of higher education under this section to such employee's retirement plan shall be (i) at least 8.5 percent but not in excess of 8.9 percent of creditable compensation for any person who becomes a member on or after July 1, 2010, and (ii) 10.4 percent of creditable compensation for all other employees. Any institution of higher education that elects a contribution in excess of 8.5 percent of creditable compensation for any employee described in clause (i) shall provide for the same percentage of creditable compensation as contributions for each of its employees described in clause (i) who participates in such optional retirement plan. The portion of the contribution in excess of 8.5 percent of creditable compensation pursuant to clause (i) shall not be funded from the general fund of the state treasury, but shall be paid by the institution of higher education from other funds. In addition, any person who becomes a member on or after July 1, 2010, shall, pursuant to procedures established by the Board, pay member contributions on a salary reduction basis in accordance with § 414(h) of the Internal Revenue Code, in an amount equal to five percent of his creditable compensation, to the optional retirement plan maintained by the Board on his behalf or the optional retirement plan established by his institution of higher education on his behalf, as applicable. Each employee making such member contribution shall be deemed to consent and agree to any salary reduction for purposes of the member contribution. Such member contributions shall be in addition to all contributions pursuant to clause (i). An institution of higher education may make an additional contribution for participants who, before January 1, 1991, exercised the election to participate in the plan provided by the institution employing them. Such additional contributions shall be made using funds other than general funds, tuition or fees, up to an additional 2.17 percent of creditable compensation.

2. These The governing board of any institution of higher education that establishes its own optional retirement plan pursuant to this section may establish a policy regarding the number of years of service, or portion thereof, that an employee must perform before such employee shall be entitled to receive all contributions made on his behalf by the institution to the optional retirement plan. If an employee has less than the number of years of service, or portion thereof, established by the governing board at the time he ceases employment, other than by death or involuntary separation due to causes other than job performance or misconduct, as determined by the institution of higher education in its sole discretion, he shall not receive or be entitled to that portion of the contributions that was paid by the institution on his behalf for which he does not have the required service. The institution of higher education may establish a forfeiture account for such employer contributions foregone by the employee and may specify the uses of funds in the forfeiture account. The provisions of this subdivision shall apply only to any person who (i) becomes a participant in the institution of higher education's optional retirement plan on or after July 1, 2014, and (ii) is not an employee described under subdivision B 3. Any future change to a policy established by the governing board of an institution of higher education pursuant to this subdivision regarding the number of years of service required for an employee to receive all contributions made by the institution to the optional retirement plan shall apply only to new employees hired on or after the date of the change.

3. The contribution rates established pursuant to subdivision 1 shall be examined by the Board at least once every six years. The examination shall consider the salary peer group mean contribution as determined by the State Council of Higher Education and the Virginia Retirement System actuary, and, if deemed advisable, recommend a revision to the rate of contribution by the Commonwealth.

G. With respect to any employee who elects pursuant to subsection A or B to participate in the Virginia Retirement System defined benefit retirement plan established by this chapter or the hybrid retirement program described in § 51.1-169, the institution of higher education shall collect and pay all employee and employer contributions to the Virginia Retirement System for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for such employees.

H. The Virginia Retirement System shall develop policies and procedures for the administration of the optional retirement plan it maintains. To assist the Virginia Retirement System in developing such policies and procedures, the Board may appoint an advisory committee of higher education employees to supply guidance in the process.

I. As a condition of the Board granting approval to an institution of higher education to establish its own optional retirement plan, the institution of higher education shall develop policies and procedures for the administration of such plan and shall submit such policies and procedures to the Board as part of the Board-approval process required under this section. In addition, an institution of higher education that is granted approval by the Board to establish its own optional retirement plan covering employees engaged in the performance of teaching, administrative, or research duties shall not adopt or implement policies and procedures that are substantially different from the policies and procedures approved by the Board in the initial approval process unless the Board, in writing, approves such substantially different policies and procedures.

J. The Board shall establish guidelines for the employee elections referred to in subdivision B 2 and shall review and, if deemed advisable, recommend revisions to the contribution rates as described in subsection F. Except for the duties described in subsection I, the Board shall have no duties and responsibilities with respect to such plans established pursuant to subsection B.

An Act to amend and reenact § 15.2-2222.1 of the Code of Virginia, relating to transportation planning.

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2222.1 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2222.1. Coordination of state and local transportation planning.

A. 1. Prior to adoption of any comprehensive plan pursuant to § 15.2-2223, any part of a comprehensive plan pursuant to § 15.2-2228, or any amendment to any comprehensive plan as described in § 15.2-2229, the locality shall submit such plan or amendment to the Department of Transportation for review and comment if the plan or amendment will substantially affect transportation on state-controlled highways as defined by regulations promulgated by the Department. The Department's comments on the proposed plan or amendment shall relate to plans and capacities for construction of transportation facilities affected by the proposal.

2. If the submitting locality is located within Planning District 8, the Department of Transportation shall also determine the extent to which the proposed plan or amendment will increase traffic congestion or, to the extent feasible, reduce the mobility of citizens in the event of a homeland security emergency and shall include such information as part of its comments on the proposed plan or amendment. Further, to the extent that such information is readily available, the Department shall also include in its comments an assessment of the measures and estimate of the costs necessary to mitigate or ameliorate the congestion or reduction in mobility attributable to the proposed plan or amendment.

3. Within 30 days of receipt of such proposed plan or amendment, the Department may request, and the locality shall agree to, a meeting between the Department and the local planning commission or other agent to discuss the plan or amendment, which discussions shall continue as long as the participants may deem them useful. The Department shall make written comments within 90 days after receipt of the plan or amendment, or by such later deadline as may be agreed to by the parties in the discussions.

B. Upon submission to, or initiation by, a locality of a proposed rezoning under § 15.2-2286, 15.2-2297, 15.2-2298, or 15.2-2303, the locality shall submit the proposal to the Department of Transportation within 10 business days of receipt thereof if the proposal will substantially affect transportation on state-controlled highways. Such application shall include a traffic impact statement if required by local ordinance or pursuant to regulations promulgated by the Department. Within 45 days of its receipt of such traffic impact statement, the Department shall either (i) provide written comment on the proposed rezoning to the locality or (ii) schedule a meeting, to be held within 60 days of its receipt of the proposal, with the local planning commission or other agent and the rezoning applicant to discuss potential modifications to the proposal to address any concerns or deficiencies. The Department's comments on the proposed rezoning shall be based upon the comprehensive plan, regulations and guidelines of the Department, engineering and design considerations, any adopted regional or statewide plans and short and long term traffic impacts on and off site. The Department shall complete its initial review of the rezoning proposal within 45 days, and its final review within 120 days, after it receives the rezoning proposal from the locality. Notwithstanding the foregoing provisions of this subsection, such review by the Department shall be of a more limited nature and scope in cases of rezoning a property consistent with a local comprehensive plan that has already been reviewed by the Department as provided in this section.
C. If a locality has not received written comments within the timeframes specified in subsection B, the locality may assume that the Department has no comments.

D. The review requirements set forth in this section shall be supplemental to, and shall not affect, any requirement for review by the Department of Transportation or the locality under any other provision of law. Nothing in this section shall be deemed to prohibit any additional consultations concerning land development or transportation facilities that may occur between the Department and localities as a result of existing or future administrative practice or procedure, or by mutual agreement.

E. The Department shall impose fees and charges for the review of applications, plans and plats pursuant to subsections A and B, and such fees and charges shall not exceed $1,000 for each review. However, no fee shall be charged to a locality or other public agency. Furthermore, no fee shall be charged by the Department to a citizens’ organization or neighborhood association that proposes comprehensive plan amendments through its local planning commission or local governing body.

CHAPTER 767
An Act to amend and reenact §§ 58.1-3210, 58.1-3211.1, and 58.1-3212 of the Code of Virginia, relating to real property tax exemption for the elderly and disabled.

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:
1. That §§ 58.1-3210, 58.1-3211.1, and 58.1-3212 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-3210. Exemption or deferral of taxes on property of certain elderly and handicapped persons.
A. The governing body of any county, city or town may, by ordinance, provide for the exemption from, deferral of, or a combination program of exemptions from and deferrals of taxation of real estate and manufactured homes as defined in § 36-85.3, or any portion thereof, and upon such conditions and in such amount as the ordinance may prescribe. Such real estate shall be owned by, and be occupied as the sole dwelling of anyone at least 65 years of age or if provided in the ordinance, anyone found to be permanently and totally disabled as defined in § 58.1-3217. Such ordinance may provide for the exemption from or deferral of that portion of the tax which represents the increase in tax liability since the year such taxpayer reached the age of 65 or became disabled, or the year such ordinance became effective, whichever is later. A dwelling jointly held by a husband and wife, with no other joint owners, may qualify if either spouse is 65 or over or is permanently and totally disabled, and the proration of the exemption or deferral under § 58.1-3211.1 shall not apply for such dwelling.

B. For purposes of this section, "eligible person" means a person who is at least age 65 or, if provided in the ordinance pursuant to subsection A, permanently and totally disabled. Under subsection A, real property owned and occupied as the sole dwelling of an eligible person includes real property (i) held by the eligible person alone or in conjunction with his spouse as tenant or tenants for life or joint lives, (ii) held in a revocable inter vivos trust over which the eligible person or the eligible person and his spouse hold the power of revocation, or (iii) held in an irrevocable trust under which an eligible person alone or in conjunction with his spouse possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support. The term "eligible person" does not include any interest held under a leasehold or term of years.

C. For purposes of this article, any reference to real estate shall include manufactured homes.

§ 58.1-3211.1. Prorated tax exemption or deferral of tax.
A. The governing body of the county, city, or town may, by ordinance, also provide for an exemption from or deferral of (or combination program thereof) real estate taxes for dwellings jointly held by two or more individuals not all of whom are at least age 65 or (if provided in the ordinance) permanently and totally disabled, provided that the dwelling is occupied as the sole dwelling by all such joint owners.

The tax exemption or deferral for the dwelling that otherwise would have been provided under the local ordinance shall be prorated by multiplying the amount of the exemption or deferral by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by all such joint owners who are at least age 65 or (if provided in the ordinance) permanently and totally disabled, and as a denominator, 100%. As a condition of eligibility for such tax exemption or deferral, the joint owners of the dwelling shall be required to furnish to the relevant local officer sufficient evidence of each joint owner's ownership interest in the dwelling.

B. For purposes of this subsection, "eligible person" means a person who is at least age 65 or, if provided in the ordinance pursuant to subsection A, permanently and totally disabled. For purposes of the tax exemption pursuant to subsection A, real property that is a dwelling jointly held by two or more individuals includes real property (i) held by an eligible person in conjunction with one or more other people as tenant or tenants for life or joint lives, (ii) held in a revocable inter vivos trust over which an eligible person with one or more other people hold the power of revocation, or (iii) held in an irrevocable trust under which an eligible person in conjunction with one or more other people possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support. The term "eligible person" does not include any interest held under a leasehold or term of years.
C. The provisions of this section shall not apply to dwellings jointly held by a husband and wife, with no other joint owners.

D. Nothing in this section shall be interpreted or construed to provide for an exemption from or deferral of tax for any dwelling jointly held by nonindividuals.

§ 58.1-3212. Local restrictions and exemptions.

Pursuant to Article X, Section 6 (b) of the Constitution of Virginia, the General Assembly hereby authorizes the governing body of a county, city or town to establish by ordinance net financial worth or annual income limitations as a condition of eligibility for any exemption or deferral of tax allowed pursuant to this article. If the governing body establishes an annual income limitation, the computation of annual income shall be based on adding together the income received during the preceding calendar year, without regard to whether a tax return is actually filed, by (i) owners of the dwelling who use it as their principal residence, (ii) owners' relatives who live in the dwelling, except for those relatives living in the dwelling and providing bona fide caregiving services to the owner whether such relatives are compensated or not, and (iii) at the option of each locality, nonrelatives of the owner who live in the dwelling except for bona fide tenants or bona fide caregivers of the owner, whether compensated or not. If the governing body establishes a net financial worth limitation, net financial worth shall be based on adding together the net financial worth, including the present value of equitable interests, as of December 31 of the immediately preceding calendar year, of the owners, and of the spouse of any owner, of the dwelling.

Nothing in this section shall be construed or interpreted as to preclude or prohibit the governing body of a county, city or town from excluding certain sources of income, or a portion of the same, for purposes of its annual income limitation or excluding certain assets, or a portion of the same, for purposes of its net financial worth limitation.

Any county, city, or town that pursuant to this article provides for the exemption from, deferral of, or a combination program of exemptions from and deferrals of real property taxes may exempt or defer the real property taxes of the qualifying dwelling and the land, not exceeding ten acres, upon which it is situated.

No local ordinance shall require that a citizen reside in the jurisdiction for a designated period of time as a condition for qualifying for any real estate tax exemption or deferral program established pursuant to § 58.1-3210.

CHAPTER 771

An Act to amend and reenact § 15.2-2292 of the Code of Virginia, relating to family day homes.

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2292 of the Code of Virginia is amended and reenacted as follows:

    § 15.2-2292. Zoning provisions for family day homes.
    A. Zoning ordinances for all purposes shall consider a family day home as defined in § 63.2-100 serving one through five children, exclusive of the provider's own children and any children who reside in the home as residential occupancy by a single family. No conditions more restrictive than those imposed on residences occupied by persons related by blood, marriage, or adoption shall be imposed upon such a home. Nothing in this section shall apply to any county or city which is subject to § 15.2-741 or § 15.2-914.
    B. A local governing body may by ordinance allow a zoning administrator to use an administrative process to issue zoning permits for a family day home as defined in § 63.2-100 serving six through twelve children, exclusive of the provider's own children and any children who reside in the home. The ordinance may contain such standards as the local governing body deems appropriate and shall include a requirement that notification be sent by registered or certified letter to the last known address of each adjacent property owner. If the zoning administrator receives no written objection from a person so notified within thirty days of the date of sending the letter and determines that the family day home otherwise complies with the provisions of the ordinance, the zoning administrator may issue the permit sought. The ordinance shall provide a process whereby an applicant for a family day home that is denied a permit through the administrative process may request that its application be considered after a hearing following public notice as provided in § 15.2-2204. Upon such hearing, the local governing body may, in its discretion, approve the permit, subject to such conditions as agreed upon by the applicant and the locality, or deny the permit. The provisions of this subsection shall not prohibit a local governing body from exercising its authority, if at all, under subdivision A 3 of § 15.2-2286.

CHAPTER 772

An Act to amend and reenact §§ 15.2-627, 22.1-57.3, and 22.1-75 of the Code of Virginia, relating to elected school boards; tie breaker.

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 15.2-627, 22.1-57.3, and 22.1-75 of the Code of Virginia are amended and reenacted as follows:

    § 15.2-627. Department of education.
    The department of education shall consist of the county school board, the division superintendent of schools and the officers and employees thereof. Except as herein otherwise provided, the county school board and the division superintendent of schools shall exercise all the powers conferred and perform all the duties imposed upon them by general law. Except for the initial elected board which shall consist of five members, the county school board shall be composed of not less than three nor more than nine members; however, there shall be at least one school board member elected from each of the county's magisterial or election districts. The members shall be elected by popular vote from election districts coterminous with the election districts for the board of county supervisors. The exact number of members shall be determined by the board of county supervisors. Elections of school board members shall be held to coincide with the elections of members of the board of county supervisors at the regular general election in November. The terms of office for the county school board members shall be the same as the terms of the members of the board of county supervisors and shall commence on January 1 following their election.
    A vacancy in the office of school board member shall be filled pursuant to §§ 24.2-226 and 24.2-228.
    In order to have their names placed on the ballot, all candidates shall be nominated only by petition as provided by general law pursuant to § 24.2-506.
    The county school board may also appoint a resident of the county to cast or have a position of tie breaker for the purpose of casting the deciding vote in case of a tie vote of the school board as provided in § 22.1-75. The position of tie breaker shall be appointed for a four-year term whether appointed to fill a vacancy caused by expiration of term or otherwise shall be held by a qualified voter who is a resident of the county and who shall be elected in the same manner and for the same length of term as the members of the school board and at a general election at which members of the school board are elected. A vacancy in the position of tie breaker shall be filled pursuant to §§ 24.2-226 and 24.2-228.
    The chairman of the county school board, for the purpose of appearing before the board of county supervisors, shall be considered head of this department, unless some other person in the department shall be designated by the school board for such purpose.

    § 22.1-57.3. Election of school board members; election of tie breaker.
A. If a majority of the qualified voters voting in such referendum vote in favor of changing the method of selecting school board members to direct election by the voters, then the members of the school board shall be elected by popular vote. Elections of school board members in a county, city, or town shall be held to coincide with the elections for members of the governing body of the county, city, or town at the regular general election in November or the regular general election in May, as the case may be.

B. The initial elected board shall consist of the same number of members as the appointed school board it replaces, and the members shall be elected from the established county or municipal election districts, at large, or a combination thereof, on the same basis as the school board previously was appointed. If the appointed school board being replaced has not been appointed either on an at-large basis or on the basis of the established county or municipal election districts, or a combination thereof, the members shall be elected at large unless the governing body of the county, city, or town provides for the election of school board members on the basis of the established county or municipal election districts. If the appointed school board being replaced has been appointed at large, the governing body of the county, city, or town may establish school election districts for the election of school board members. The governing body may provide for a locality-wide district, one or more districts comprised of a part of the locality, or any combination thereof, and for the apportionment of one or more school board members to any district.

The terms of the members of the elected school board for any county, city, or town shall be the same as the terms of the members of the governing body for the county, city, or town. In any locality in which both the school board and the governing body are elected from election districts, as opposed to being elected wholly on an at-large basis, the elections of the school board member and governing body member from each specific district shall be held simultaneously except as otherwise provided in §§ 22.1-57.3:1, 22.1-57.3:1.1, and 22.1-57.3:1.2.

At the first election for members of the school board, so many members shall be elected as there are members to be elected at the regular election for the governing body. At each subsequent regular election for members of the governing body, the same number of members of the school board shall be elected as the number of members to be elected at the regular election to the governing body. However, if the number of members on the school board differs from the number of members of the governing body, the number of members elected to the school board at the first and subsequent general election shall be either more or less than the number of governing body members, as appropriate, to the end that the number of members on the initial elected school board is the same as the number of members on the appointed board being replaced.

Except as provided in §§ 22.1-57.3:1, 22.1-57.3:1.1, and 22.1-57.3:1.2, the terms of the members of the school board shall be staggered only if the terms of the members of the governing body are staggered. If there are more, or fewer, members on the school board than on the governing body, the number of members to be elected to the school board at the first and subsequent election for school board members shall be the number required to establish the staggered term structure so that (i) a majority of the members of the school board is elected at the same time as a majority of the members of the governing body; (ii) if one-half of the governing body is being elected and the school board has an even number of members, one-half of the members of the school board is elected; (iii) if one-half of the governing body is being elected and the school board has an odd number of members, the majority by one member of the school board is elected at the first election and the remainder of the school board is elected at the second election; or (iv) if a majority of the members of the governing body is being elected and the school board has an even number of members, one-half of the members of the school board is elected.

If the school board is elected at large and the terms of the members of the school board are staggered, the school board members to be replaced at the first election shall include all appointed school board members whose appointive terms are scheduled to expire on December 31 or on June 30, as the case may be, next following the first election of county, city or town school board members. If the number of school board members whose appointive terms are so scheduled to expire is zero or less than the number of school board members to be elected at the first election, the appointed school board members to be replaced at the first election shall also include those whose appointive terms are scheduled to expire next subsequent to the date on which the terms of office of the first elected school board members will commence. If the appointive terms of more than one school board member are scheduled to expire simultaneously, but less than all of such members are to be replaced at the first election, then the identity of such school board member or members to be replaced at the first election shall be determined by a drawing held by the county or city electoral board at least ten days prior to the last day for a person to qualify as a candidate for school board member.

In any case in which school board members are elected from election districts, as opposed to being elected from the county, city, or town at large, the election districts for the school board shall be coterminous with the election districts for the county, city, or town governing body, except as may be specifically provided for the election of school board members in a county, city, or town in which the governing body is elected at large.

C. The terms of office for the school board members shall commence on January 1 or July 1, as the case may be, following their election. CHAPTER 773

[VA., 2014]

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-340.1 and 37.2-809 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 16.1-340.1:1 and 37.2-809.1 as follows:

§ 16.1-340.1. Involuntary temporary detention; issuance and execution of order.

A. A magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 16.1-345.1 by an employee or designee of the local community services board to determine whether the minor meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician or clinical psychologist treating the person, that
(i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irredeemable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment. The magistrate shall also consider the recommendations of the minor's parents and of any treating or examining physician licensed in Virginia if available either verbally or in writing prior to rendering a decision. To the extent possible, the petition shall contain the information required by § 16.1-339.1. Any temporary detention order entered pursuant to this section shall be effective until such time as the juvenile and domestic relations district court serving the jurisdiction in which the minor is located conducts a hearing pursuant to subsection B of § 16.1-341. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § 16.1-337. This subsection shall not preclude any other disclosures as required or permitted by law.

B. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the minor, (iii) any past mental health treatment of the minor, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

C. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection A if (i) the minor has been personally examined within the previous 72 hours by an employee or designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the minor or to others associated with conducting such evaluation.

D. An employee or designee of the community services board shall determine the facility of temporary detention in accordance with the provisions of § 16.1-340.1:1 for all minors detained pursuant to this section. The facility of temporary detention shall be one that has been approved pursuant to regulations of the Board of Behavioral Health and Developmental Services. The facility shall be identified on the preadmission screening report and indicated on the temporary detention order. Subject to the provisions of § 16.1-340.1:1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 16.1-340, the minor shall be detained in a state facility for the treatment of minors with mental illness and such facility shall be indicated on the temporary detention order. Except for minors who are detained for a criminal offense by a juvenile and domestic relations district court and who require hospitalization in accordance with this article, the minor shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the minor is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by the facility identified in the temporary detention order.

E. Any facility caring for a minor placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the minor within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

F. The employee or designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the minor. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

G. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 16.1-342, preparation of the preadmission screening report required by § 16.1-340.4, and initiation of mental health treatment to stabilize the minor's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 96 hours prior to a hearing. If the 96-hour period herein specified terminates on a Saturday, Sunday, or legal holiday, the minor may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or legal holiday. The minor may be released, pursuant to § 16.1-340.3, before the 96-hour period herein specified has run.

H. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.
I. For purposes of this section a healthcare provider or an employee or designee of the local community services board shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

J. The employee or designee of the local community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the minor should not be subject to a temporary detention order, inform the petitioner and an on-site treating physician of his recommendation.

K. Each community services board shall provide to each juvenile and domestic relations district court and magistrate's office within its service area a list of employees and designees who are available to perform the evaluations required herein.

A. In each case in which an employee or designee of the local community services board is required to make an evaluation of a minor pursuant to subsection B, G, or H of § 16.1-340, an employee or designee of the local community services board shall, upon being notified of the need for such evaluation, contact the state facility for the area in which the community services board is located and notify the state facility that the minor will be transported to the facility upon issuance of a temporary detention order if no other facility of temporary detention can be identified by the time of the expiration of the period of emergency custody pursuant to § 16.1-340. Upon completion of the evaluation, the employee or designee of the local community services board shall convey to the state facility information about the minor necessary to allow the state facility to determine the services the minor will require upon admission.

B. A state facility may, following the notice in accordance with subsection A, conduct a search for an alternative facility that is able and willing to provide temporary detention and appropriate care to the minor, which may include another state facility if the state facility notified in accordance with subsection A is unable to provide temporary detention and appropriate care for the minor. Under no circumstances shall a state facility fail or refuse to admit a minor who meets the criteria for temporary detention pursuant to § 16.1-340.1 unless an alternative facility that is able to provide temporary detention and appropriate care agrees to accept the minor for temporary detention, and the minor shall not during the duration of the temporary detention order be released from the custody of the community services board except for purposes of transporting the minor to the state facility or alternative facility in accordance with the provisions of § 16.1-340.2. If an alternative facility is identified and agrees to accept the minor for temporary detention, the state facility shall notify the community services board, and an employee or designee of the community services board shall designate the alternative facility on the prescreening report.

C. The facility of temporary detention designated in accordance with this section shall be one that has been approved pursuant to regulations of the State Board of Behavioral Health and Developmental Services.

B. A magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or a designee of the local community services board to determine whether the person meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician or clinical psychologist treating the person, that the person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. The magistrate shall also consider the recommendations of any treating or examining physician licensed in Virginia if available either verbally or in writing prior to rendering a decision. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

C. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so

D. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection B if (i) the person has been personally examined within the previous 72 hours by an employee or a designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the person or to others associated with conducting such evaluation.

E. An employee or a designee of the local community services board shall determine the facility of temporary detention in accordance with the provisions of § 37.2-809.1 for all individuals detained pursuant to this section. The facility of temporary detention shall be one that has been approved pursuant to regulations of the Board. The facility shall be identified on the preadmission screening report and indicated on the temporary detention order. Subject to the provisions of § 37.2-809.1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808, the individual shall be detained in a state facility for the treatment of individuals with mental illness and such facility shall be indicated on the temporary detention order. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the person is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by the facility identified in the temporary detention order.

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

G. The employee or the designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 48 hours prior to a hearing. If the 48-hour period herein specified terminates on a Saturday, Sunday, or legal holiday, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or legal holiday. I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the employee or designee of the local community services board prior to issuing a subsequent order upon the original petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider or designee of a local community services board or behavioral health authority shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. The employee or designee of the community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the person should not be subject to a temporary detention order, inform the petitioner and an onsite treating physician of his recommendation.

§ 37.2-809.1. Facility of temporary detention.

A. In each case in which an employee or designee of the local community services board as defined in § 37.2-809 is required to make an evaluation of an individual pursuant to subsection B, G, or H of § 37.2-808, an employee or designee of the local community services board shall, upon being notified of the need for such evaluation, contact the state facility for the area in which the community services board is located and notify the state facility that the individual will be transported to the facility upon issuance of a temporary detention order if no other facility of temporary detention can be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808. Upon completion of the evaluation, the
employee or designee of the local community services board shall convey to the state facility information about the individual necessary to allow the state facility to determine the services the individual will require upon admission.

   If no judges are available under subdivision a, b or c, then a substitute judge shall be designated pursuant to § 16.1-69.21.

   While acting, any judge so designated shall have all the authority and power of the judge of the court, and his order or judgment shall, to all intents and purposes, be the judgment of the court. A general district court judge designated pursuant to subdivision 1 a, may, with his consent, substitute for or replace a juvenile and domestic relations district court judge, and vice versa. The names of the judges designated under subdivisions b and c shall be selected from a list provided by the Executive Secretary and approved by the Chief Justice of the Supreme Court.

2. The chief general district court judge of a district may designate any juvenile and domestic relations district court judge of the district, with the judge's consent, for an individual case or to sit and hear cases for a period of not more than one year, in any of the general district courts within the district. The chief juvenile and domestic relations district court judge of a district may designate any general district court judge of the district, with the judge's consent, for an individual case or to sit and hear cases for a period of not more than one year, in any of the juvenile and domestic relations district courts within the district. Every judge so designated shall have the same powers and jurisdiction and be authorized to perform the same duties as any judge of the district for which he is designated to assist, and, while so acting, his order or judgment shall be, for all purposes, the judgment of the court to which he is assigned.

3. If on account of congestion in the work of any district court or when in his opinion the administration of justice so requires, the Chief Justice of the Supreme Court may, upon his own initiative or upon written application of the chief district court judge desiring assistance, designate a judge from another district or any circuit court judge, if such circuit court judge consents, or a retired judge eligible for recall, to provide judicial assistance to such district. Every judge so designated shall have the same powers and jurisdiction and be authorized to perform the same duties as any judge of the district for which he is designated to assist and while so acting his order or judgment shall be, to all intents and purposes, the judgment of the court to which he is assigned.

4. Subject to such rules as may be established pursuant to § 16.1-69.32, the chief judge may establish special divisions of any general district court when the work of the court may be more efficiently handled thereby such as through the establishment of special civil, criminal or traffic divisions, and he may assign the judges of the general district court with respect to serving such special divisions. In the City of Richmond the general district court shall, in addition to any specialized divisions, maintain a separate division of such court in that part of Richmond south of the James River with concurrent jurisdiction in civil matters whenever one or more of the defendants reside or the cause of action or any part thereof arises in that part of the city, concurrent jurisdiction over all traffic matters arising in that part of the city and exclusive jurisdiction over all other criminal matters arising in that part of the city.

5. Subject to such rules as may be established pursuant to § 16.1-69.32, the chief judge shall determine when the district courts or divisions of such courts shall be open for the transaction of business. The chief judge or presiding judge of any district court may authorize the clerk's office to close on any date when the chief judge or presiding judge determines that operation of the clerk's office, under prevailing conditions, would constitute a threat to the health or safety of the clerk's personnel or the general public. Closing of the clerk's office pursuant to this subsection shall have the same effect as provided in subsection B of § 1-210. In determining whether to close because of a threat to the health or safety of the general public, the chief judge or the presiding judge of the district court shall coordinate with the chief judge or presiding judge of the circuit court so that, where possible and appropriate, both the circuit and district courts take the same action. He shall determine the times each such court shall be held for the trial of civil, criminal or traffic matters and cases. He shall determine whether, in the case of district courts in counties, court shall be held at any place or places in addition to the county seat. He shall determine the office hours and arrange a vacation schedule of the judges within his district, in order to ensure the availability of a judge or judges to the public at normal times of business. A schedule of the times and places at which court is held shall be filed with the Executive Secretary of the Supreme Court and kept posted at the courthouse, and in any county also at any such other place or places where court may be held, and the clerk shall make such schedules available to the public upon request. Any matter may, in the discretion of the judge, or by direction of the chief district judge, be removed from any of such designated places to another, or to or from the county seat, in order to serve the convenience of the parties or to expedite the administration of justice; however, any town having a population of over 15,000 as of July 1, 1972, having court facilities and a court with both general criminal and civil jurisdiction prior to July 1, 1972, shall be designated by the chief judge as a place to hold court.

6. Subject to the provisions of § 16.1-69.38, the chief judge of a general district court or the chief judge of a juvenile and domestic relations district court may establish a voluntary civil mediation program for the alternate resolution of
§ 17.1-105. Designation of judges to hold courts and assist other judges.

A. If a judge of any court of record is absent, sick or disabled or for any other reason unable to hold any regular or special term of the court, or any part thereof, or to perform or discharge any official duty or function authorized or required by law, a judge or retired judge of any court of record may be obtained by personal request of the disabled judge, or another judge of the circuit to hold the court for the whole or any part of such regular or special term and to discharge during vacation such duty or function, or, if the circumstances require, to perform all the duties and exercise all the powers and jurisdiction as judges of such circuit until the judge is again able to attend his duties. The designation of such judge shall be entered in the civil order book of the court, and a copy thereof sent to the Chief Justice of the Supreme Court. The Chief Justice shall be notified forthwith at the time any disabled judge is able to return to his duties.

B. If all the judges of any court of record are so situated in respect to any case, civil or criminal, pending in their court as to render it improper, in their opinion, for them to preside at the trial, unless the cause or proceeding is removed, as provided by law, they shall enter the fact of record and the clerk of the court shall at once certify the same to the Chief Justice of the Supreme Court, who shall designate a judge of some other court of record or a retired judge of any such court to preside at the trial of such case.

C. If a vacancy occurs in the office of a judge of a court of record that fact shall be immediately certified by the clerk of such court to the Governor, who may, instead of appointing a successor at once, request the Chief Justice to designate a judge of some other court of record or a retired judge of any such court to carry out the duties of the office, if there are insufficient judges in the circuit to carry out the work of the court, until the office has been filled in the mode prescribed by law. If any judge so designated shall be prevented by the duties of his court, or by sickness, from performing the duties required, he shall so inform the Chief Justice, who may designate another judge in his place.

D. Due to congestion in the work of any court of record or when in his opinion the administration of justice so requires, the Chief Justice may, upon his own initiative or upon application of the judge desiring assistance, designate a judge or retired judge of any court of record to assist the judge in the performance of his duties and every judge so designated shall have the same powers and jurisdiction and be authorized to perform the same duties as the judge whom he is designated to assist.

E. Any judge or retired judge sitting under any provision of this section or sitting by designation on any three-judge court shall receive from the state treasury actual expenses for the time he is actually engaged in holding court, except in those cases where the payment of such expenses is otherwise specifically provided by law.

F. The powers and duties herein conferred and imposed upon the Chief Justice may be exercised and performed by any justice, or any committee of justices, of the Court, designated by the Chief Justice for such purpose.

G. If the chief judge of any circuit is unable to perform the duties required by law, he shall notify the Chief Justice, who shall designate another judge of the same circuit to perform such duties.

H. If any judge refuses unreasonably to serve as requested under the provisions of this section, the chief judge may report his refusal to the Judicial Inquiry and Review Commission.

I. As used in this section, "retired judge" means a judge eligible for recall pursuant to § 17.1-106.

§ 17.1-106. Temporary recall of retired judges.

A. The Chief Justice of the Supreme Court may call upon and authorize any justice or judge of a court of record who is retired under the Virginia Retirement System following transfer from the Judicial Retirement System under the provisions of subsection C of § 51.1-302 either to (i) hear a specific case or cases pursuant to the provisions of § 17.1-105 such designation to continue in effect for the duration of the case or cases or (ii) perform for a period of time not to exceed ninety days at any one time, such judicial duties in any court of record as the Chief Justice shall deem in the public interest for the expeditious disposition of the business of the courts of record.

B. It shall be the obligation of any retired judge or justice who is recalled to temporary service under this section and who has not attained age seventy to accept the recall and perform the duties assigned. It shall be within the discretion of any justice or judge who has attained age seventy to accept such recall.

C. Any justice or judge recalled to duty under this section shall have all the powers, duties, and privileges attendant on the position he is recalled to serve.

D. A retired justice of the Supreme Court or judge of the Court of Appeals recalled to active service shall be furnished an office, office supplies, and stenographer while performing such active service.

§ 17.1-302. Senior justice.

A. In addition, any Chief Justice or justice of the Supreme Court of Virginia who is retired under the Judicial Retirement System (§ 51.1-300 et seq.) and subject to recall pursuant to § 17.1-106, with the consent of a majority of the members of the court, may be known and designated as a senior justice.

B. Any Chief Justice or justice who has retired from active service, as provided in subsection A, may be designated and assigned by the Chief Justice of the Supreme Court of Virginia to perform the duties of a justice of the Court.
C. While serving in such status, a senior justice shall be deemed to be serving in a temporary capacity and, in addition to the retirement benefits received by such justice, shall receive as compensation a sum equal to one-fourth of the total compensation of an active justice of the Supreme Court of Virginia for a similar period of service. A retired justice, while performing the duties of a senior justice, shall be furnished office space, support staff, a telephone, and supplies as are furnished a justice of the Court.

D. A justice may terminate his status as a senior justice, or such status may be terminated by a majority of the members of the Court. Each justice designated a senior justice shall serve a one-year term unless the Court, by order or otherwise, extends the term for an additional year. There shall be no limit on the number of terms a senior justice may so serve.

E. Only five retired justices shall serve as senior justices at any one time.

F. Nothing in this section shall be construed to increase the number of justices of the Supreme Court provided for in Section 2 of Article VI of the Constitution of Virginia and in § 17.1-300.

§ 17.1-401. Senior judge.
A. Any chief judge or judge of the Court of Appeals who is eligible for retirement, other than for disability, with the consent of a majority of the members of the court first obtained, may elect to retire under the Judicial Retirement System (§ 51.1-300 et seq.) and be known and designated as a senior judge. In addition, any chief judge or judge of the Court of Appeals who is retired under the Judicial Retirement System (§ 51.1-300 et seq.) and subject to recall pursuant to § 17.1-106, with the consent of a majority of the members of the court, may be known and designated as a senior judge.

B. Any chief judge or judge who has retired from active service, as provided in subsection A, may be designated and assigned by the Chief Judge of the Court of Appeals to perform the duties of a judge of the court.

C. While serving in such status, a senior judge shall be deemed to be serving in a temporary capacity and, in addition to the retirement benefits received by such judge, shall receive as compensation a sum equal to one-fourth of the total compensation of an active judge of the Court of Appeals for a similar period of service. A retired judge, while performing the duties of a senior judge, shall be furnished office space, support staff, a telephone, and supplies as are furnished a judge of the court.

D. A judge may terminate his status as a senior judge, or such status may be terminated by a majority of the members of the court. Each judge designated a senior judge shall serve a one-year term unless the court, by order or otherwise, extends the term for an additional year. There shall be no limit on the number of terms a senior judge may so serve.

E. Only five retired judges shall serve as senior judges at any one time.

F. Nothing in this section shall be construed to increase the number of judges of the Court of Appeals provided for in § 17.1-400.

A. For those members in service on December 31, 1994, service as a judge shall be multiplied by a factor of 3.5, the weighted years of service factor, to calculate years of creditable service. To calculate years of creditable service for those members appointed or elected to an original term commencing on or after January 1, 1995, service as a judge shall be multiplied by the weighted years of service factor of 2.5. To calculate years of creditable service for those members appointed or elected to an original term commencing on or after July 1, 2010, the following formula shall be used: if (i) the member was less than 45 years old at the time he was appointed or elected to such original term, then service as a judge shall be multiplied by the weighted years of service factor of 1.5, (ii) the member was at least 45 years old but less than 55 years old at the time he was appointed or elected to such original term, then service as a judge shall be multiplied by the weighted years of service factor of 2.0, and (iii) the member was at least 55 years old at the time he was appointed or elected to such original term, then service as a judge shall be multiplied by the weighted years of service factor of 2.5. For purposes of this section, "original term" means the first term for which the member was appointed or elected to a position covered by the Judicial Retirement System.

B. Service qualifying for credit under the provisions of the Virginia Retirement System, the State Police Officers' Retirement System, and the Virginia Law Officers' Retirement System shall be included as creditable service for the purposes of this chapter, provided the requirements of those systems for crediting service have been complied with. Service purchased in accordance with the provisions of § 51.1-142.2 shall not be considered in determining the actuarial equivalent for early retirement nor shall it be considered twice in determining any disability allowance payable under this chapter.

C. If a member ceases to be a judge, has not received a refund of the accumulated contributions credited to his member's contribution account, and accepts employment in a position covered by a "retirement plan administered by the Virginia Retirement System" as defined under § 51.1-124.3, he shall be entitled to credit for his previous creditable service under this chapter. The amount of service transferred to the credit of the member in the Virginia Retirement System such other retirement plan shall not exceed the amount of credit which would provide a benefit of 78 percent of average final compensation determined on the assumption that the member was eligible for normal retirement as of the date of transfer and that he had elected no optional allowance. Future retirement rights shall be as provided in the Virginia Retirement System under the applicable retirement plan. However, the annual retirement allowance payable to such person accepting employment in a position covered by any other retirement plan administered by the Virginia Retirement System shall not exceed 78 percent of the person's average final compensation, unless the person has been credited with five or more years of creditable service under such other retirement plan for service performed after ceasing to be a judge. In no case shall the annual retirement allowance payable to such person exceed 100 percent of his average final compensation.

§ 51.1-306. Service retirement allowance.
A. Retirement allowance. - A member shall receive an annual retirement allowance, payable for life as follows:

1. Normal retirement. - The allowance shall equal 1.70 percent of his average final compensation multiplied by the amount of creditable service.

   Notwithstanding the foregoing, for a member appointed or elected to an original term commencing on or after January 1, 2013, the allowance shall equal the sum of (a) 1.65 percent of his average final compensation multiplied by the amount of his creditable service performed or purchased on or after January 1, 2013, and (b) 1.70 percent of his average final compensation multiplied by the amount of all other creditable service.

   In no case shall the annual retirement allowance exceed 78 percent of the average final compensation of the member.

For retirements between October 1, 1994, and December 31, 1998, any judge who is a member or beneficiary of a retirement system administered by the Board shall receive an additional retirement allowance equal to three percent of the service retirement allowance payable under this section. Average final compensation attributable to service as Governor, Lieutenant Governor, Attorney General, or member of the General Assembly shall not be included in computing this additional retirement allowance.

2. Early retirement. - The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the member has not attained his sixtieth birthday or has less than 30 years of service, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on or after his sixtieth birthday on which he would have completed a total of 30 years of creditable service.

   In no case shall the annual retirement allowance exceed 78 percent of the average final compensation of the member.

B. Normal and early retirement guarantees. - Any member who was a member of one of the previous systems immediately prior to July 1, 1970, and who would have been eligible for retirement benefits thereunder shall be guaranteed a minimum retirement allowance no less than that for which he would have qualified had he continued to participate therein.

C. Determination of retirement allowance. - For the purposes of subsection B of this section, the retirement allowance shall be determined on the assumption that the retirement allowance is payable to the member alone and that no optional retirement allowance is elected.

D. Beneficiary serving in position covered by this title. - If a beneficiary of a service retirement allowance under this chapter or under any of the previous systems is at any time in service as an employee in a position covered for retirement purposes under the provisions of this or any chapter other than Chapter 7 (§ 51.1-700 et seq.) of this title, his retirement allowance shall cease while so employed.

§ 51.1-308. Disability retirement allowance.

A. Allowance payable on retirement. - Upon retirement for disability, a member who has five or more years of creditable service shall receive an annual retirement allowance equal to the amount of creditable service and average final compensation of the member.

   Notwithstanding the foregoing, for a member appointed or elected to an original term commencing on or after January 1, 2013, the allowance shall equal 1.65 percent of his average final compensation multiplied by the smaller of (i) twice the amount of creditable service or (ii) the amount of creditable service he would have completed at age 60 if he had remained in service to that age. Notwithstanding the foregoing, for a member appointed or elected to an original term commencing on or after January 1, 2013, the allowance shall equal 1.65 percent of his average final compensation multiplied by the smaller of (a) twice the amount of his creditable service or (b) the amount of creditable service he would have completed at age 60 if he had remained in service to that age. If a member has already attained age 60, the amount of creditable service at his date of retirement shall be used.

   In no case shall the annual retirement allowance exceed 78 percent of the average final compensation of the member.

B. Workers' compensation guarantee. - If a member retires for disability from a cause which is compensable under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.), the amount of the annual retirement allowance shall, subject to the provisions of subsection D, equal 66 and two-thirds percent of the member's average final compensation if the member does not qualify for primary social security benefits under the provisions of the Social Security Act in effect on the date of his retirement. If the member qualifies for primary social security benefits under the provisions of the Social Security Act in effect on the date of his retirement, the allowance payable from the retirement system shall equal 50 percent of his average final compensation. A member shall be entitled to the larger of the retirement allowance as determined under the provisions of subsection A of this section or under the provisions of this subsection.

C. General disability retirement guarantee. - The disability retirement allowance payable to a member who immediately prior to July 1, 1970, was a member of one of the previous systems shall be at least an amount equal to the disability retirement allowance to which he would have been entitled under the provisions of the previous system.

D. Determination of retirement allowance. - For the purposes of this section, the retirement allowance shall be determined on the assumption that the retirement allowance is payable to the member alone and that no optional retirement allowance is elected.

E. Reduction of allowance. - Any allowance payable to a member who retires for disability from a cause compensable under the Virginia Workers' Compensation Act shall be reduced by the amount of any payments under the provisions of the Act in effect on the date of retirement of the member and the excess of the allowance shall be paid to such member. When the time for compensation payments under the Act has elapsed, the member shall receive the full amount of the allowance payable during his lifetime and continued disability. If the member's payments under the Virginia Workers' Compensation Act shall be reduced by the amount of any payments under the provisions of the
Act are adjusted or terminated for refusal to work or to comply with the requirements of § 65.2-603, his allowance shall be computed as if he were receiving the compensation to which he would otherwise be entitled.

F. Special retirement allowance guarantee. - Any member retired from a cause which is not compensable under the Virginia Workers’ Compensation Act shall be guaranteed an annual retirement allowance during his lifetime and continued disability which equals 50 percent of the member’s average final compensation if the member does not qualify for primary social security benefits under the provisions of the Social Security Act in effect on the date of his retirement. If the member qualifies for primary social security benefits under the provisions of the Social Security Act in effect on the date of retirement, the allowance payable from the retirement system shall equal 33 and one-third percent of his average final compensation.

2. That should any portion of this act be held unconstitutional by a court of competent jurisdiction, the remaining portions of this act shall remain in effect.

3. That an emergency exists and this act is in force from its passage.

CHAPTER 777

An Act to amend and reenact § 24.2-115 of the Code of Virginia, relating to officers of election; chief and assistant chief election officers.

Approved April 23, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 24.2-115 of the Code of Virginia is amended and reenacted as follows:

§ 24.2-115. Appointment, qualifications, and terms of officers of election.

Each electoral board at its regular meeting in the first week of February of the year in which the terms of officers of election are scheduled to expire shall appoint officers of election. Their terms of office shall begin on March 1 following their appointment and continue, at the discretion of the electoral board, for a term not to exceed three years or until their successors are appointed.

Not less than three competent citizens shall be appointed for each precinct and, insofar as practicable, each officer shall be a qualified voter of the precinct he is appointed to serve, but in any case a qualified voter of the Commonwealth. In appointing the officers of election, representation shall be given to each of the two political parties having the highest and next highest number of votes in the Commonwealth for Governor at the last preceding gubernatorial election. The representation of the two parties shall be equal at each precinct having an equal even number of officers and shall vary by no more than one at each precinct having an odd number of officers. If practicable, officers shall be appointed from lists of nominations filed by the political parties entitled to appointments. The party shall file its nominations with the secretary of the electoral board at least 10 days before February 1 each year. The electoral board may appoint additional citizens who do not represent any political party to serve as officers but not as the chief officer or the assistant chief officer. If practicable, no more than one-third of the total number of officers appointed for each precinct may be citizens who do not represent any political party.

Officers of election shall serve for all elections held in their respective precincts during their terms of office unless the electoral board decides that fewer officers are needed for a particular election, in which case party representation shall be maintained as provided above. For a primary election involving only one political party, persons representing the political party holding the primary shall serve as the officers of election if possible.

The electoral board shall designate one officer as the chief officer of election and one officer as the assistant for each precinct. The officer designated as the assistant for a precinct, whenever practicable, shall not represent the same political party as the chief officer for the precinct. Notwithstanding any other provision of this section, where representatives for one or both of the two political parties having the largest number of votes for Governor in the last preceding gubernatorial election are unavailable, the electoral board may designate as the chief officer and the assistant chief officer citizens who do not represent any political party. In such case, the electoral board shall provide notice to representatives of both parties at least 10 days prior to the election that it intends to use nonaffiliated officers so that each party shall have the opportunity to provide additional nominations. The electoral board may also appoint at least one officer of election who reports to the precinct at least one hour prior to the closing of the precinct and whose primary responsibility is to assist with closing the precinct and reporting the results of the votes at the precinct.

The electoral board shall instruct each chief officer and assistant in his duties not less than three nor more than 30 days before each election. Each electoral board may instruct each officer of election in his duties at an appropriate time or times before each November general election, and shall conduct training of the officers of election consistent with the standards set by the State Board pursuant to subsection B of § 24.2-103. Each electoral board shall certify to the State Board that such training has been conducted every four years.

If an officer of election is unable to serve at any election during his term of office, the electoral board may at any time appoint a substitute who shall hold office and serve for the unexpired term.

Additional officers shall be appointed in accordance with this section at any time that the electoral board determines that they are needed.
If practicable, substitute officers or additional officers appointed after the electoral board's regular meeting in the first week of February shall be appointed from lists of nominations filed by the political parties entitled to appointments. The electoral board shall inform the political parties of its decision to make such appointments and the party shall file its nominations with the secretary of the electoral board within five business days.

The secretary of the electoral board shall prepare a list of the officers of election that shall be available for inspection and posted in the general registrar's office prior to March 1 each year. Whenever substitute or additional officers are appointed, the secretary shall promptly add the names of the appointees to the public list. Upon request and at a reasonable charge not to exceed the actual cost incurred, the secretary shall provide a copy of the list of the officers of election, including their party designation and precinct to which they are assigned, to any requesting political party or candidate.

CHAPTER 778

An Act to amend and reenact § 23-108 of the Code of Virginia, relating to commissioned officers; tuition-free instruction.

Approved April 23, 2014

Be it enacted by the General Assembly of Virginia:
1. That § 23-108 of the Code of Virginia is amended and reenacted as follows:
   § 23-108. Commissioned officers may become students.
   Any commissioned officer of the organized militia and Governor's military staff of the Commonwealth may become a student at any state institution of higher learning education for a period not exceeding ten months, and receive instruction in any or all the departments of military science, emergency management, emergency services, public safety, and disaster management taught therein without being required to pay any fee or charge for tuition.

2. That the State Council of Higher Education for Virginia, in consultation with the Department of Military Affairs, shall establish guidelines for the implementation of the provisions of this act.

CHAPTER 779

An Act to amend and reenact §§ 16.1-253.4 and 19.2-81.3 of the Code of Virginia, relating to arrest for domestic assault; emergency protective orders; definition of law-enforcement officer.

Approved April 23, 2014

Be it enacted by the General Assembly of Virginia:
1. That §§ 16.1-253.4 and 19.2-81.3 of the Code of Virginia are amended and reenacted as follows:
   § 16.1-253.4. Emergency protective orders authorized in certain cases; penalty.
   A. Any judge of a circuit court, general district court, juvenile and domestic relations district court or magistrate may issue a written or oral ex parte emergency protective order pursuant to this section in order to protect the health or safety of any person.
   B. When a law-enforcement officer or an allegedly abused person asserts under oath to a judge or magistrate, and on that assertion or other evidence the judge or magistrate (i) finds that a warrant for a violation of § 18.2-57.2 has been issued or issues a warrant for violation of § 18.2-57.2 and finds that there is probable danger of further acts of family abuse against a family or household member by the respondent or (ii) finds that reasonable grounds exist to believe that the respondent has committed family abuse and there is probable danger of a further such offense against a family or household member by the respondent, the judge or magistrate shall issue an ex parte emergency protective order, except if the respondent is a minor, an emergency protective order shall not be required, imposing one or more of the following conditions on the respondent:
      1. Prohibiting acts of family abuse or criminal offenses that result in injury to person or property;
      2. Prohibiting such contacts by the respondent with the allegedly abused person or family or household members of the allegedly abused person as the judge or magistrate deems necessary to protect the safety of such persons; and
      3. Granting the family or household member possession of the premises occupied by the parties to the exclusion of the respondent; however, no such grant of possession shall affect title to any real or personal property.
   When the judge or magistrate considers the issuance of an emergency protective order pursuant to clause (i), he shall presume that there is probable danger of further acts of family abuse against a family or household member by the respondent unless the presumption is rebutted by the allegedly abused person.
   C. An emergency protective order issued pursuant to this section shall expire at 11:59 p.m. on the third day following issuance. If the expiration occurs on a day that the court is not in session, the emergency protective order shall be extended until 11:59 p.m. on the next day that the juvenile and domestic relations district court is in session. When issuing an emergency protective order under this section, the judge or magistrate shall provide the protected person or the law-enforcement officer seeking the emergency protective order with the form for use in filing petitions pursuant to § 16.1-253.1 and written information regarding protective orders that shall include the telephone numbers of domestic
violence agencies and legal referral sources on a form prepared by the Supreme Court. If these forms are provided to a law-enforcement officer, the officer may provide these forms to the protected person when giving the emergency protective order to the protected person. The respondent may at any time file a motion with the court requesting a hearing to dissolve or modify the order issued hereunder. The hearing on the motion shall be given precedence on the docket of the court.

D. A law-enforcement officer may request an emergency protective order pursuant to this section and, if the person in need of protection is physically or mentally incapable of filing a petition pursuant to § 16.1-253.1 or 16.1-279.1, may request the extension of an emergency protective order for an additional period of time not to exceed three days after expiration of the original order. The request for an emergency protective order or extension of an order may be made orally, in person or by electronic means, and the judge of a circuit court, general district court, or juvenile and domestic relations district court or a magistrate may issue an oral emergency protective order. An oral emergency protective order issued pursuant to this section shall be reduced to writing, by the law-enforcement officer requesting the order or the magistrate on a preprinted form approved and provided by the Supreme Court of Virginia. The completed form shall include a statement of the grounds for the order asserted by the officer or the allegedly abused person.

E. The court or magistrate shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court or magistrate. A copy of an emergency protective order issued pursuant to this section containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. The officer shall file the allegedly abused person or the person protected by an order issued pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, both orally and in writing, information regarding the legal and community resources available to the allegedly abused person or person protected by the order. F. A law-enforcement officer investigating any complaint of family abuse, including but not limited to assault and battery against a family or household member shall, upon request, transport, or arrange for the transportation of an abused person to a hospital or safe shelter, or to appear before a magistrate.    1. When such child has been placed in foster care or other custodial care within the geographical boundaries of the school division by a Virginia agency, whether state or local, which is authorized under the laws of this Commonwealth to place children;

   2. When such child has been placed within the geographical boundaries of the school division in an orphanage or children's home which exercises legal guardianship rights; or

The school division in which such child has been enrolled shall bill the sending agency or person for the cost of the education of such child as provided in subsection C of § 22.1-5.
The costs of the support and maintenance of the child shall include the cost of the education provided by the school division; therefore, the sending agency or person shall have the financial responsibility for the educational costs for the child pursuant to Article V of the Interstate Compact on the Placement of Children as set forth in Chapters 10 (§ 63.2-1000 et seq.) and 11 (§ 63.2-1100 et seq.) of Title 63.2. E. To the extent that state funds appropriated by the General Assembly pursuant to subsection A or B or other state funds, such as those provided on the basis of average daily membership, do not cover the full cost of educating a child pursuant to this subsection, a school division shall be reimbursed by (i) the school division in which a child's custodial parent or guardian resides or (ii) in the case of a child who has been placed in the custody of the Department of Social Services, the school division in which the parent or guardian who had custody immediately preceding the placement resides, for any remaining costs of educating such child, whether disabled or not, who has been placed, not solely for school purposes, in (a) foster care or other custodial care within the geographical boundaries of the school division to be reimbursed, or (b) a child-caring institution or group home licensed under the provisions of Chapter 17 (§ 63.2-1700 et seq.) of Title 63.2 that is located within the geographical boundaries of the school division to be reimbursed.

The General Assembly, recognizing that our system of representative government is dependent in part upon (i) citizen legislative members representing fully the public in the legislative process and (ii) its citizens maintaining the highest trust in their public officers and employees, finds and declares that the citizens are entitled to be assured that the judgment of public officers and employees will be guided by a law that defines and prohibits inappropriate conflicts and requires disclosure of economic interests. To that end and for the purpose of establishing a single body of law applicable to all state
and local government officers and employees on the subject of conflict of interests, the General Assembly enacts this State and Local Government Conflict of Interests Act so that the standards of conduct for such officers and employees may be uniform throughout the Commonwealth.

This chapter shall supersede all general and special acts and charter provisions which purport to deal with matters covered by this chapter except that the provisions of §§ 15.2-852, 15.2-2287, 15.2-2287.1, and 15.2-2289 and ordinances adopted pursuant thereto shall remain in force and effect. The provisions of this chapter do not preclude prosecution for any violation of any criminal law of the Commonwealth, including Articles 2 (Bribery and Related Offenses, § 18.2-438 et seq.) and 3 (Bribery of Public Servants and Party Officials, § 18.2-446 et seq.) of Chapter 10 of Title 18.2, and do not constitute a defense to any prosecution for such a violation.

D. Ten percent of the membership of a house, on the basis of newly discovered facts, may in writing request the house in which those members sit, in accordance with the rules of that house, to review the Statement of Economic Interests of another member of that house in order to determine the adequacy of his filing. In accordance with the rules of each house, each Statement of Economic Interests shall be promptly reviewed, the adequacy of the filing determined, and notice given in writing to the legislator whose Statement is in issue. Should it be determined that the Statement requires correction,
augmentation or revision, the legislator involved shall be directed to make the changes required within such time as shall be set under the rules of each house.

If a legislator, after having been notified in writing in accordance with the rules of the house in which he sits that his Statement is inadequate as filed, fails to amend his Statement so as to come into compliance within the time limit set, he shall be subject to disciplinary action by the house in which he sits. No legislator shall vote on any question relating to his own Statement.

B. The Senate Ethics Advisory Panel shall be composed of five nonlegislative citizen members: three of whom shall be former members of the Senate; and two of whom shall be citizens of the Commonwealth at large who have not previously held such office. All members of the Panel shall be citizens of the Commonwealth. No member shall engage in activities requiring him to register as a lobbyist under § 2.2-422 during his tenure on the Panel.

All members of the Panel shall be citizens of the Commonwealth. No member shall engage in activities requiring him to register as a lobbyist under § 2.2-422 during his tenure on the Panel.
D. Three members shall constitute a quorum on each panel. A vacancy shall not impair the right of the remaining members to exercise all powers of the Panel. Meetings of each panel shall be held at the call of the chairman or whenever the majority of the members so request.
E. The members of each panel, while serving on the business of the Panel, are performing legislative duties and shall be entitled to the compensation and reimbursement of expenses to which members of the General Assembly are entitled when performing legislative duties pursuant to §§ 2.2-2813, 2.2-2825, and 30-19.12. Funding for the cost of compensation and expenses of the members of the Senate Ethics Advisory Panel shall be provided by the Office of the Clerk of the Senate and the funding for the cost of compensation and expenses of the House Ethics Advisory Panel shall be provided by the Office of the Clerk of the House of Delegates.

§ 30-114. Filing of complaints; procedures; disposition.
A. In response to the signed and sworn complaint of any citizen of the Commonwealth, which is subscribed by the maker as true under penalty of perjury, submitted to the Panel, the Panel shall inquire into any alleged violation of Articles 2 (§ 30-102 et seq.) through 5 (§ 30-109 et seq.) of this chapter by any member of the respective house of the General Assembly in his current term or his immediate prior term. Complaints shall be filed with the Director of the Division of Legislative Services, Virginia Conflict of Interest and Ethics Advisory Council, who shall promptly (i) submit the complaint to the chairman of the appropriate Panel and (ii) forward a copy of the complaint to the legislator named in the complaint. The chairman shall promptly notify the Panel of the complaint. No complaint shall be filed with the Panel 60 or fewer days before a primary election or other nominating event or before a general election in which the cited legislator is running for office, and the Panel shall not accept or act on any complaint received during this period.
B. The Panel shall determine, during its preliminary investigation, whether the facts stated in the complaint taken as true are sufficient to show a violation of Articles 2 (§ 30-102 et seq.) through 5 (§ 30-109 et seq.) of this chapter. If the facts, as stated in the complaint, fail to give rise to such a violation, then the Panel shall dismiss the complaint. If the facts, as stated in the complaint, give rise to such a violation, then the Panel shall request that the complainant appear and testify under oath as to the complaint and the allegations therein. After hearing the testimony and reviewing any other evidence provided by the complainant, the Panel shall dismiss the complaint if the Panel fails to find by a preponderance of the evidence that such violation has occurred. If the Panel finds otherwise, it shall proceed with the inquiry.
C. If after such preliminary investigation, the Panel determines to proceed with an inquiry into the conduct of any legislator, the Panel (i) shall immediately notify in writing the individual who filed the complaint and the cited legislator as to the fact of the inquiry and the charges against the legislator and (ii) shall schedule one or more hearings on the matter. The legislator shall have the right to present evidence, cross-examine witnesses, face and examine the accuser, and be represented by counsel at any hearings. In its discretion, the Panel may grant the legislator any other rights or privileges not
specifically enumerated in this subsection. Once the Panel has determined to proceed with an inquiry, its meetings and hearings shall be open to the public.

D. Once the Panel determines to proceed with an inquiry into the conduct of any legislator, the Panel shall complete its investigations and dispose of the matter as provided in § 30-116 notwithstanding the resignation of the legislator during the course of the Panel’s proceedings.

§ 30-117. Confidentiality of proceedings.

All proceedings during the investigation of any complaint by the Panel shall be confidential. This rule of confidentiality shall apply to Panel members and their staff and the Committee on Privileges and Elections and its staff, and the Virginia Conflict of Interest and Ethics Advisory Council.

§ 30-118. Staff for Panel.

The Panel may hire staff and outside counsel to assist the Panel and to conduct examinations of witnesses, subject to the approval of the President Pro Tempore of the Senate for the Senate Ethics Advisory Panel and subject to the approval of the Speaker of the House of Delegates for the House Ethics Advisory Panel. The Panel may have the Director of the Division of Legislative Services, and such additional staff as he may assign, assist the Panel during its preliminary investigation and during its proceedings.

§ 30-124. Advisory opinions.

A legislator shall not be prosecuted or disciplined for a violation of this chapter if his alleged violation resulted from his good faith reliance on a written opinion of a committee on standards of conduct established pursuant to § 30-120, or an opinion of the Attorney General as provided in § 30-122, or a formal opinion of the Virginia Conflict of Interest and Ethics Advisory Council established pursuant to § 30-348, and the opinion was made after his full disclosure of the facts.

Attendance at the full orientation session shall be mandatory for newly elected members. Attendance at a refresher session lasting at least two hours shall be mandatory for returning members and may be accomplished by online participation. Refresher sessions may be offered online.

§ 30-129.3. Orientation session preparations.

Those conducting the orientation sessions may call on other agencies in the legislative or executive branches for assistance, may invite experts to assist in the sessions, and shall, upon request of a member who holds a professional license or certification, apply for continuing education credits with the appropriate licensing or certifying entity for the sessions.
