D. Based on a determination made in accordance with subsection B or C, any ordinance or other requirement enacted or established by a locality that is found to not comply with this section shall be null and void, replaced with state minimum standards, and remanded to the locality for revision to ensure compliance with this section. Any such ordinance or other requirement that has been proposed but neither enacted nor established shall be remanded to the locality for revision to ensure compliance with this section.

E. Any provisions of a local stormwater management program in existence before January 1, 2013, that contains more stringent provisions than this article shall be exempt from the requirements of this section. However, such provisions shall be reported to the Board at the time of the locality's VSMP approval package.

§ 62.1-44.15:34. Regulated activities; submission and approval of a permit application; security for performance; exemptions.

A. A person shall not conduct any land-disturbing activity until he has submitted a permit application to the VSMP authority that includes a state VSMP permit registration statement, *if such statement is required*, and, after July 1, 2014, a stormwater management plan *or an executed agreement in lieu of a stormwater management plan*, and has obtained VSMP authority approval to begin land disturbance. *A locality that is not a VSMP authority shall provide a general notice to applicants of the state permit coverage requirement and report all approvals pursuant to the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.) to begin land disturbance of one acre or greater to the Department at least monthly.* Upon the development of an online reporting system by the Department, but no later than July 1, 2014, a VSMP authority shall be required to obtain evidence of *state* VSMP permit coverage where it is required prior to providing approval to begin land disturbance. The VSMP authority shall act on any permit application within 60 days after it has been determined by the VSMP authority to be a complete application. The VSMP authority may either issue project approval or denial and shall provide written rationale for the denial. The VSMP authority shall act on any permit application that has been previously disapproved within 45 days after the application has been revised, resubmitted for approval, and deemed complete. Prior to issuance of any approval, the VSMP authority may also require an applicant, excluding state and federal entities, to submit a reasonable performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement acceptable to the VSMP authority, to ensure that measures could be taken by the VSMP authority at the applicant's expense should he fail, after proper notice, within the time specified to initiate or maintain appropriate actions that may be required of him by the permit conditions as a result of his land-disturbing activity. If the VSMP authority takes such action upon such failure by the applicant, the VSMP authority may collect from the applicant the difference should the amount of the reasonable cost of such action exceed the amount of the security held. Within 60 days of the completion of the requirements of the permit conditions, such bond, cash escrow, letter of credit, or other legal arrangement, or the unexpended or unobligated portion thereof, shall be refunded to the applicant or terminated. These requirements are in addition to all other provisions of law relating to the issuance of permits and are not intended to otherwise affect the requirements for such permits.

B. A Chesapeake Bay Preservation Act Land-Disturbing Activity shall be subject to coverage under the Virginia Stormwater Management Program (VSMP) General Permit for Discharges of Stormwater from Construction Activities until July 1, 2014, at which time it shall no longer be considered a small construction activity but shall be then regulated under the requirements of this article ~~by a VSMP authority~~.

C. Notwithstanding any other provisions of this article, the following activities are exempt, unless otherwise required by federal law:

1. Permitted surface or deep mining operations and projects, or oil and gas operations and projects conducted under the provisions of Title 45.1;

2. Clearing of lands specifically for agricultural purposes and the management, tilling, planting, or harvesting of agricultural, horticultural, or forest crops, livestock feedlot operations, or as additionally set forth by the Board in regulations, including engineering operations as follows: construction of terraces, terrace outlets, check dams, desilting basins, dikes, ponds, ditches, strip cropping, lister furrowing, contour cultivating, contour furrowing, land drainage, and land irrigation; however, this exception shall not apply to harvesting of forest crops unless the area on which harvesting occurs is reforested artificially or naturally in accordance with the provisions of Chapter 11 (§ 10.1-1100 et seq.) or is converted to bona fide agricultural or improved pasture use as described in subsection B of § 10.1-1163;

3. Single-family residences separately built and disturbing less than one acre and not part of a larger common plan of development or sale, including additions or modifications to existing single-family detached residential structures. However, localities subject to the provisions of the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) may regulate these single-family residences where land disturbance exceeds 2,500 square feet;

4. Land-disturbing activities that disturb less than one acre of land area except for land-disturbing activity exceeding an area of 2,500 square feet in all areas of the jurisdictions designated as subject to the Chesapeake Bay Preservation Area Designation and Management Regulations adopted pursuant to the provisions of the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) or activities that are part of a larger common plan of development or sale that is one acre or greater of disturbance; however, the governing body of any locality that administers a VSMP may reduce this exception to a smaller area of disturbed land or qualify the conditions under which this exception shall apply;

5. Discharges to a sanitary sewer or a combined sewer system;

6. Activities under a state or federal reclamation program to return an abandoned property to an agricultural or open land use;

7. Routine maintenance that is performed to maintain the original line and grade, hydraulic capacity, or original construction of the project. The paving of an existing road with a compacted or impervious surface and reestablishment of existing associated ditches and shoulders shall be deemed routine maintenance if performed in accordance with this subsection; and

8. Conducting land-disturbing activities in response to a public emergency where the related work requires immediate authorization to avoid imminent endangerment to human health or the environment. In such situations, the VSMP authority shall be advised of the disturbance within seven days of commencing the land-disturbing activity, and compliance with the administrative requirements of subsection A is required within 30 days of commencing the land-disturbing activity.

§ 62.1-44.15:44. Right to hearing.

Any permit applicant, permittee, or person subject to state permit requirements under this article aggrieved by any action of the VSMP authority, Department, or Board taken without a formal hearing, or by inaction of the VSMP authority, Department, or Board, may demand in writing a formal hearing by the Board or VSMP authority causing such grievance, provided a petition requesting such hearing is filed with the Board or the VSMP authority within 30 days after notice of such action.

§ 62.1-44.15:45. Hearings.

~~VSMP authorities~~ When holding hearings under this article, *the Board* shall do so in a manner consistent with § 62.1-44.26. *A locality holding hearings under this article shall do so in a manner consistent with local hearing procedures.*

§ 62.1-44.15:46. Appeals.

Any permittee or party aggrieved by a state permit or enforcement decision of the Department or Board under this article, or any person who has participated, in person or by submittal of written comments, in the public comment process related to a final decision of the Department or Board under this article, whether such decision is affirmative or negative, is entitled to judicial review thereof in accordance with the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) if such person meets the standard for obtaining judicial review of a case or controversy pursuant to Article III of the Constitution of the United States. A person shall be deemed to meet such standard if (i) such person has suffered an actual or imminent injury that is an invasion of a legally protected interest and that is concrete and particularized; (ii) such injury is fairly traceable to the decision of the Department or the Board and not the result of the independent action of some third party not before the court; and (iii) such injury will likely be redressed by a favorable decision by the court.

The provisions of the Administrative Process Act (§ 2.2-4000 et seq.) shall not apply to decisions rendered by localities ~~but appeals~~. *Appeals of decisions rendered by localities shall be conducted in accordance with local appeal procedures and shall include an opportunity for judicial review in the circuit court of the locality in which the land disturbance occurs or is proposed to occur. Unless otherwise provided by law, the circuit court shall conduct such review in accordance with the standards established in § 2.2-4027, and the decisions of the circuit court shall be subject to review by the Court of Appeals, as in other cases under this article.*

2. That amendments to regulations of the State Water Control Board necessary to implement the provisions of this act shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.), provided that there is a public comment period of at least 30 days on the proposed amendments prior to Board adoption.

3. That the consolidation into Virginia's General Permit for Discharges of Stormwater from Construction Activities of state post-construction requirements exceeding minimum federal requirements shall not be construed to modify the scope of federal agency or citizen suit enforcement pursuant to the Clean Water Act (33 U.S.C. § 1251 et seq.).

4. That an emergency exists and this act is in force from its passage.

CHAPTER 599

An Act to amend and reenact § 32.1-176.5 of the Code of Virginia, relating to safe drinking water; local private well testing requirements.

A. Any person intending to construct a private well shall apply to the Department for and receive a permit before proceeding with construction. The permit application shall include a site plan. No survey plat shall be required. In all cases, it shall be the landowner's responsibility to ensure that the water well is properly located on the landowner's property. This permit shall be issued no later than 60 days from application and in accordance with the Board's regulations. In addition, an inspection shall be made after construction to assure that the construction standards are met.

such testing be done prior to the issuance of building permits. Such testing requirements shall apply only to building permit applicants proposing to utilize private ground water wells as their primary potable water source. In developing such an ordinance, the local governing body shall consider (i) the appropriate ground water constituents to be tested using the above standards as guidance; (ii) the reasonable cost of such testing which may be borne by the applicant; and (iii) the availability of certified laboratories to perform such services. However, no such test shall be conducted by Consolidated Laboratories. The applicant shall be notified of the test results with respect to such established standards.

C. Any local governing body referenced in subsection B of this section that has adopted a well abandonment ordinance may require property owners to close and cap abandoned or inactive wells pursuant to that ordinance.

This information shall be disseminated to, but not limited to, law-enforcement personnel, other first responders, hospital emergency department personnel, school personnel, and other interested parties, to the extent possible. These strategies shall include (i) crisis intervention team (CIT) training for law-enforcement personnel and other first responders as designated by the community CIT task force and (ii) mental health first aid training for other first responders, hospital emergency department personnel, school personnel, and other interested parties. The Secretary of Public Safety and the Secretary of Health and Human Resources shall encourage adherence to the models of training and achievement of programmatic goals and standards. The goals for CIT training shall include (i) training participants to recognize the signs and symptoms of behavioral health disorders; (ii) teaching participants the skills necessary to de-escalate crisis situations and how to support individuals in crisis; (iii) educating participants about community-based resources available to individuals in crisis; and (iv) enhancing participants' ability to communicate with health systems about the nature of the crisis to include rules regarding confidentiality and protected health information. The goals for mental health first aid training shall be to teach the public (to include first responders, school personnel, and other interested parties) how to recognize symptoms of mental health problems, how to offer and provide initial help, and how to guide a person toward appropriate treatments and other supportive help.

CHAPTER 602

An Act to amend and reenact § 54.1-119 of the Code of Virginia, relating to professions and occupations; expedited review; applications of spouses of military service members.

[H 1247]

§ 54.1-119. Expediting the issuance of licenses, etc., to spouses of military service members; issuance of temporary licenses, etc.

A. Notwithstanding any other law to the contrary and unless an applicant is found by the board to have engaged in any act that would constitute grounds for disciplinary action, a regulatory board within the Department of Professional and Occupational Regulation or the Department of Health Professions or any other board named in this title shall expedite the issuance of a license, permit, certificate, or other document, however styled or denominated, required for the practice of any business, profession, or occupation in the Commonwealth to an applicant whose application has been deemed complete by the board and (i) who holds the same or similar license, permit, certificate, or other document required for the practice of any business, profession, or occupation issued by another jurisdiction; (ii) whose spouse is the subject of a military transfer to the Commonwealth; and (iii) who left employment to accompany the applicant's spouse to Virginia, if, in the opinion of the board, the requirements for the issuance of the license, permit, certificate, or other document in such other jurisdiction are substantially equivalent to those required in the Commonwealth.

B. (Effective July 1, 2014) If a board is unable to (i) complete the review of the documentation provided by the applicant or (ii) make a final determination regarding substantial equivalency within ~~30~~ 20 days of the receipt of a completed application, the board shall issue a temporary license, permit, or certificate, provided the applicant otherwise meets the qualifications set out in subsection A. Any temporary license, permit, or certification issued pursuant to this subsection shall be limited for a period not to exceed six months and shall authorize the applicant to engage in the profession or occupation while the board completes its review of the documentation provided by the applicant or the applicant completes any specific requirements that may be required in Virginia that were not required in the jurisdiction in which the applicant holds the license, permit, or certificate.

C. The provisions of this section shall apply regardless of whether a regulatory board has entered into a reciprocal agreement with the other jurisdiction pursuant to subsection B of § 54.1-103.

D. Any regulatory board may require the applicant to provide documentation it deems necessary to make a determination of substantial equivalency.

CHAPTER 603

An Act to amend and reenact §§ 67-201 and 67-202 of the Code of Virginia, relating to the Virginia Energy Plan; analysis of effects of carbon dioxide emission control requirements; periodic interim updates.

[H 1261]

Approved April 4, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 67-201 and 67-202 of the Code of Virginia are amended and reenacted as follows:

§ 67-201. Development of the Virginia Energy Plan.

A. The Division, in consultation with the State Corporation Commission, the Department of Environmental Quality, and the Center for Coal and Energy Research, shall prepare a comprehensive Virginia Energy Plan covering a 10-year period. The Plan shall propose actions, consistent with the objectives enumerated in § 67-101, that will implement the Commonwealth Energy Policy set forth in § 67-102.

B. In addition, the Plan shall include:

1. Projections of energy consumption in the Commonwealth, including but not limited to the use of fuel sources and costs of electricity, natural gas, gasoline, coal, renewable resources, and other forms of energy resources used in the Commonwealth;

2. An analysis of the adequacy of electricity generation, transmission, and distribution resources in the Commonwealth for the natural gas and electric industries, and how regional generation, transmission, and distribution resources affect the Commonwealth;

3. An analysis of siting requirements for electric generation resources and natural gas and electric transmission and distribution resources;

4. An analysis of fuel diversity for electricity generation, recognizing the importance of flexibility in meeting future capacity needs;

5. An analysis of the efficient use of energy resources and conservation initiatives;

6. An analysis of how these Virginia-specific issues relate to regional initiatives to assure the adequacy of fuel production, generation, transmission, and distribution assets;

7. An analysis of siting of energy resource development, refining or transmission facilities to identify any disproportionate adverse impact of such activities on economically disadvantaged or minority communities; ~~and~~

8. *With regard to any regulations proposed or promulgated by the U.S. Environmental Protection Agency to reduce carbon dioxide emissions from fossil fuel-fired electric generating units under § 111(d) of the Clean Air Act, 42 U.S.C. § 7411(d), an analysis of (i) the costs to and benefits for energy producers and electric utility customers; (ii) the effect on energy markets and reliability; and (iii) the commercial availability of technology required to comply with such regulations; and*

~~8.~~ 9. Recommendations, based on the analyses completed under subdivisions 1 through 7 8, for legislative, regulatory, and other public and private actions to implement the elements of the Commonwealth Energy Policy.

C. In preparing the Plan, the Division and other agencies involved in the planning process shall utilize state geographic information systems, to the extent deemed practicable, to assess how recommendations in the plan may affect pristine natural areas and other significant onshore natural resources.

D. In preparing the Plan, the Division and other agencies involved in the planning process shall develop a system for ascribing numerical scores to parcels of real property based on the extent to which the parcels are suitable for the siting of a wind energy facility or solar energy facility. For wind energy facilities, the scoring system shall address the wind velocity, sustained velocity, turbulence, proximity to electric power transmission systems, potential impacts to natural and historic resources and to economically disadvantaged or minority communities, and compatibility with the local land use plan. For solar energy facilities, the scoring system shall address the parcel's proximity to electric power transmission lines, potential impacts of such a facility to natural and historic resources and to economically disadvantaged or minority communities, and compatibility with the local land use plan. The system developed pursuant to this section shall allow the suitability of the parcel for the siting of a wind energy facility or solar energy facility to be compared to the suitability of other parcels so scored, and shall be based on a scale that allows the suitability of the parcel for the siting of a such an energy facility to be measured against the hypothetical score of an ideal location for such a facility.

E. After July 1, 2007, upon receipt by the Division of a recommendation from the Department of General Services, a local governing body, or the parcel's owner that a parcel of real property is a potentially suitable location for a wind energy facility or solar energy facility, the Division shall analyze the suitability of the parcel for the location of such a facility. In conducting its analysis, the Division shall ascribe a numerical score to the parcel using the scoring system developed pursuant to subsection D.

§ 67-202. Schedule.

A. The Division shall complete the Plan by July 1, 2007.

B. Prior to completion of the Plan and updates thereof, the Division shall present drafts to, and consult with, the Coal and Energy Commission and the Commission on Electric Utility Regulation.

C. The Plan shall be updated by the Division and submitted as provided in § 67-203 by July 1, 2010, *October 1, 2014*, and every ~~four years~~ *fourth October 1* thereafter. *In addition, the Division shall provide interim updates on the Plan by October 1 of the third year of each administration.* Updated reports shall reassess goals for energy conservation based on progress to date in meeting the goals in the previous plan and lessons learned from attempts to meet such goals.

D. *Beginning with the Plan update in 2014, the Division shall include a section to set forth energy policy positions relevant to any potential regulations proposed or promulgated by the State Air Pollution Control Board to reduce carbon dioxide emissions from fossil fuel-fired electric generating units under § 111(d) of the Clean Air Act, 42 U.S.C. § 7411(d). In this section of the Plan, the Division shall address policy options for establishing separate standards of performance pursuant to § 111(d) of the Clean Air Act, 42 U.S.C. § 7411(d), for carbon dioxide emissions from existing fossil fuel-fired electric generating units to promote the Plan's overall goal of fuel diversity as follows:*

1. The Plan shall address policy options for establishing the standards of performance for existing coal-fired electric generating units, including but not limited to the following factors:

a. The most suitable system of emission reduction that (i) takes into consideration (a) the cost and benefit of achieving such reduction, (b) any non-air quality health and environmental impacts, and (c) the energy requirements of the Commonwealth and (ii) has been adequately demonstrated for coal-fired electric generating units that are subject to the standard of performance;

b. Reductions in emissions of carbon dioxide that can be achieved through measures reasonably undertaken at each coal-fired electric generating unit; and

c. Increased efficiencies and other measures that can be implemented at each coal-fired electric generating unit to reduce carbon dioxide emissions from the unit without converting from coal to other fuels, co-firing other fuels with coal, or limiting the utilization of the unit.

2. The Plan shall also address policy options for establishing the standards of performance for existing gas-fired electric generating units, including but not limited to the following factors:

a. The application of the criteria specified in subdivisions 1 a and b to natural gas-fired electric generating units, instead of to coal-fired electric generating units; and

b. Increased efficiencies and other measures that can be reasonably implemented at the unit to reduce carbon dioxide emissions from the unit without switching from natural gas to other lower-carbon fuels or limiting the utilization of the unit.

3. The Plan shall examine policy options for state regulatory action to adopt less stringent standards or longer compliance schedules than those provided for in applicable federal rules or guidelines based on analysis of the following:

a. Consumer impacts, including any disproportionate impacts of energy price increases on lower-income populations;

b. Unreasonable cost of reducing emissions resulting from plant age, location, or basic process design;

c. Physical difficulties with or impossibility of implementing emission reduction measures;

d. The absolute cost of applying the performance standard to the unit;

e. The expected remaining useful life of the unit;

f. The economic impacts of closing the unit, including expected job losses, if the unit is unable to comply with the performance standard; and

g. Any other factors specific to the unit that make application of a less stringent standard or longer compliance schedule more reasonable.

4. The Plan shall identify options, to the maximum extent permissible, for any federally required regulation of carbon dioxide emissions from existing fossil fuel-fired electric generating units, regulatory mechanisms that provide flexibility in complying with such standards, including the averaging of emissions, emissions trading, or other alternative implementation measures that are determined to further the interests of the Commonwealth and its citizens.

CHAPTER 604

An Act to amend and reenact § 24.2-706 of the Code of Virginia, relating to absentee voting and procedures; secure return of voted military-overseas ballots.

[S 11]

Approved April 4, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 24.2-706 of the Code of Virginia is amended and reenacted as follows:

§ 24.2-706. Duty of general registrar and electoral board on receipt of application; statement of voter.

On receipt of an application for an absentee ballot, the general registrar shall enroll the name and address of each registered applicant on an absentee voter applicant list that shall be maintained in the office of the general registrar with a file of the applications of the listed applicants. The list shall be available for inspection and copying and the applications shall be available for inspection only by any registered voter during regular office hours. Upon request and for a reasonable fee, the State Board of Elections shall provide an electronic copy of the absentee voter applicant list to any political party or candidate. Such list shall be used only for campaign and political purposes. Any list made available for inspection and copying under this section shall contain the post office box address in lieu of the residence street address for any individual who has furnished at the time of registration or subsequently, in addition to his street address, a post office box address pursuant to subsection B of § 24.2-418.

No list or application containing an individual's social security number, or any part thereof, or the individual's day and month of birth, shall be made available for inspection or copying by anyone. The State Board of Elections shall prescribe procedures for local electoral boards and general registrars to make the information in the lists and applications available in a manner that does not reveal social security numbers or parts thereof, or an individual's day and month of birth.

The completion and timely delivery of an application for an absentee ballot shall be construed to be an offer by the applicant to vote in the election.

The general registrar shall note on each application received whether the applicant is or is not a registered voter and notify the secretary of the electoral board. In reviewing the application for an absentee ballot, the general registrar and electoral board shall not reject the application of any individual because of an error or omission on any record or paper

relating to the application, if such error or omission is not material in determining whether such individual is qualified to vote absentee.

If the application has been properly completed and signed and the applicant is a registered voter of the precinct in which he offers to vote, the electoral board shall, at the time when the printed ballots for the election are available, send by the deadline set out in § 24.2-612, obtaining a certificate of either first-class or expedited mailing or delivery from the United States Postal Service or other commercial delivery provider, or deliver to him in person in the office of the secretary or registrar, the following items and nothing else:

- 1. An envelope containing the folded ballot, sealed and marked "Ballot within. Do not open except in presence of a witness."
- 2. An envelope, with printing only on the flap side, for resealing the marked ballot, on which envelope is printed the following:

"Statement of Voter."

"I do hereby state, subject to felony penalties for making false statements pursuant to § 24.2-1016, that my FULL NAME is _____ (last, first, middle); that I am now or have been at some time since last November's general election a legal resident of _____ (STATE YOUR LEGAL RESIDENCE IN VIRGINIA including the house number, street name or rural route address, city, zip code); that I received the enclosed ballot(s) upon application to the registrar of such county or city; that I opened the envelope marked 'ballot within' and marked the ballot(s) in the presence of the witness, without assistance or knowledge on the part of anyone as to the manner in which I marked it (or I am returning the form required to report how I was assisted); that I then sealed the ballot(s) in this envelope; and that I have not voted and will not vote in this election at any other time or place.

Signature of Voter

Date

Signature of witness"

For elections held after January 1, 2004, instead of the envelope containing the above oath, an envelope containing the standard oath prescribed by the presidential designee under § 101(b)(7) of the Uniformed and Overseas Citizens Absentee Voting Act (42 U.S.C. § 1973ff et seq.) shall be sent to voters who are qualified to vote absentee under that Act.

- 3. A properly addressed envelope for the return of the ballot to the electoral board by mail or by the applicant in person.
- 4. Printed instructions for completing the ballot and statement on the envelope and returning the ballot.

For federal elections held after January 1, 2004, for any voter who is required by subparagraph (b) of 42 U.S.C. § 15483 of the Help America Vote Act of 2002 to show identification the first time the voter votes in a federal election in the state, the printed instructions shall direct the voter to submit with his ballot (i) a copy of a current and valid photo identification or (ii) a copy of a current utility bill, bank statement, government check, paycheck or other government document that shows the name and address of the voter. Such individual who desires to vote by mail but who does not submit one of the forms of identification specified in this paragraph may cast such ballot by mail and the ballot shall be counted as a provisional ballot under the provisions of § 24.2-653. The State Board of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.

5. For any voter entitled to vote absentee under the Uniformed and Overseas Citizens Absentee Voting Act (42 U.S.C. § 1973ff et seq.), information provided by the State Board specific to the voting rights and responsibilities for such citizens, or information provided by the registrar specific to the status of the voter registration and absentee ballot application of such voter, may be included.

The envelopes and instructions shall be in the form prescribed by the State Board.

If the applicant makes his application to vote in person under § 24.2-701 at a time when the printed ballots for the election are available, the general registrar or the secretary of the electoral board, on the determination of the qualifications of the applicant to vote, shall provide to the applicant the items set forth in subdivisions 1 through 4, and no item shall be removed by the applicant from the office of the general registrar or the secretary of the electoral board. On the request of the applicant, made no later than 5:00 p.m. on the seventh day prior to the election in which the applicant offers to vote, the general registrar or the secretary may send the items set forth in subdivisions 1 through 4 to the applicant by mail, obtaining a certificate of mailing.

If the applicant states as the reason for his absence on election day any of the reasons set forth in subdivision 2 of § 24.2-700, the electoral board, at the time when the printed ballots for the election are available, shall mail by the deadline set forth in § 24.2-612 or deliver in person to the applicant in the office of the secretary or general registrar the items as set forth in subdivisions 1 through 4 and, if necessary, an application for registration. A certificate of mailing shall not be required. The electoral board, at the time when the printed ballots for the election are available, shall send by the deadline set forth in § 24.2-612 the blank ballot, the form for the envelope for returning the marked ballot, and instructions to the voter by electronic transmission if the voter so requests. The voted ballot shall be returned to the electoral board as otherwise required by this chapter.

For purposes of this paragraph, a "uniformed-service voter" means an individual who is qualified to vote and is a member of the active or reserve components of the United States Army, Navy, Air Force, Marine Corps, or Coast Guard who is on active duty, or a member of the Virginia National Guard on activated status. The State Board shall provide instructions, procedures, services, a security assessment, and security measures for the secure return of voted absentee

military-overseas ballots by electronic means from uniformed-service voters outside of the United States. The instructions for electronic transmission and submission shall be in the form prescribed by the State Board. The State Board may modify the Statement of Voter provided in subdivision 2 to make it compatible with electronic submission. The State Board shall, in consultation with local boards of election and general registrars, develop and update annually a security assessment and security measures to ensure the accuracy and integrity of absentee voting by electronic means under this section. Such security measures shall (i) reasonably secure the transmission, processing, and storage of voter data from interception and unauthorized access in accordance with security policies and procedures of the Commonwealth and (ii) develop a procedure for security review after each election based on evaluation of the number of or any discrepancy in the votes received electronically.

When the statement prescribed in subdivision 2 has been properly completed and signed by the registered voter and witnessed, his ballot shall not be subject to challenge pursuant to § 24.2-651.

The circuit courts shall have jurisdiction to issue an injunction to enforce the provisions of this section upon the application of ~~(†)~~ (a) any aggrieved voter, ~~(††)~~ (b) any candidate in an election district in whole or in part in the court's jurisdiction where a violation of this section has occurred, or is likely to occur, or ~~(†††)~~ (c) the campaign committee or the appropriate district political party chairman of such candidate. Any person who fails to discharge his duty as provided in this section through willful neglect of duty and with malicious intent shall be guilty of a Class 1 misdemeanor as provided in subsection A of § 24.2-1001.

2. That the State Board of Elections shall work with federal, state, local, and other appropriate entities to establish best practices for uniformed-service voter authentication and identification and for the secure return of voted absentee military-overseas ballots by electronic means pursuant to the provisions of this act.

3. That the State Board of Elections shall convene a working group to assist with the development of the initial instructions, procedures, services, security assessment, and security measures required by this act for the secure return of voted absentee military-overseas ballots by electronic means. Such working group shall include the Chief Information Officer of the Commonwealth, the Chief Information Security Officer of the Commonwealth, representation of local boards of elections and general registrars, and others designated by the State Board of Elections. The working group shall submit an annual report to the Governor and General Assembly on the feasibility and cost of implementing the secure return of voted absentee military-overseas ballots from uniformed-service voters outside of the United States beginning January 1, 2016.

4. That the provisions of this act amending § 24.2-706 shall not become effective unless reenacted by the 2016 Session of the General Assembly.

CHAPTER 605

An Act to amend the Code of Virginia by adding a section numbered 29.1-525.2, relating to fox and coyote enclosures; penalty.

[S 42]

Approved April 4, 2014

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 29.1-525.2 as follows:

§ 29.1-525.2. Fox and coyote enclosures prohibited; penalty.

A. It is unlawful to erect, maintain, or operate an enclosure for the purpose of pursuing, hunting, or killing or attempting to pursue, hunt, or kill any fox or coyote with a dog. For purposes of this section, "enclosure" means a fence or other barrier that is used to prevent or impede the natural egress by any fox or coyote. A person who violates any provision of this subsection is guilty of a Class 1 misdemeanor. This subsection shall not be construed to limit the authority of the Department to enforce other available penalties.

B. This section shall not preclude the pursuing, hunting, or killing of any fox or coyote by a dog in the absence of an enclosure, or the killing of any fox or coyote by a landowner or tenant when the fox or coyote is damaging domestic stock or fowl on the owned or leased land.

C. Until July 1, 2054, the provisions of subsection A shall not apply to any location at which, as of January 1, 2014, a foxhound training preserve existed and was operating under a permit issued by the Department. The Department shall continue to issue or renew permits to existing locations in accordance with this section notwithstanding changes in the identity of the person or entity holding the permit.

D. The regulations governing foxhound training preserves in effect as of January 1, 2014, shall continue in full force and effect, provided, however, that the Department shall adopt regulations by October 1, 2014, to limit the total number of foxes stocked annually in all permitted preserves to 900. The Department shall specify a proportional number of foxes that may be stocked in each permitted preserve based upon the number of acres of the preserve as a percentage of the total acreage of permitted foxhound training preserves. If a preserve ceases to operate, its allocation of foxes from the previous year shall be deducted from the total number of foxes that may be stocked in foxhound training preserves in the Commonwealth.

E. The Department shall not deny a permit to an existing location solely due to recordkeeping failures or other technical violations of the regulations governing foxhound training preserves.

F. The Department shall deny a permit to an existing location if the location voluntarily ceases operation of its foxhound training preserve for a period of 12 consecutive months or longer.

G. Notwithstanding the provisions of § 2.2-4002, the denial of a permit to operate a foxhound training preserve by the Department shall constitute a case decision subject to the Administrative Process Act (§ 2.2-4000 et seq.). If a permittee or owner of a location subject to a permit files a notice of appeal with the Department, the Department shall continue to permit the location until any such appeals have been exhausted and the Department's determination upheld.

CHAPTER 606

An Act to amend and reenact § 15.2-905 of the Code of Virginia, relating to inoperable motor vehicles.

[S 64]

Approved April 4, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-905 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-905. Authority to restrict keeping of inoperable motor vehicles, etc., on residential or commercial property; removal of such vehicles.

A. The governing bodies of the Counties of Albemarle, Arlington, Fairfax, Henrico, Loudoun, *Prince George*, and Prince William; any town located, wholly or partly, in such counties; and the Cities of Alexandria, Fairfax, Falls Church, Hampton, *Hopewell*, Lynchburg, Manassas, Manassas Park, Newport News, Petersburg, Portsmouth, Roanoke, and Suffolk may by ordinance prohibit any person from keeping, except within a fully enclosed building or structure or otherwise shielded or screened from view, on any property zoned or used for residential purposes, or on any property zoned for commercial or agricultural purposes, any motor vehicle, trailer or semitrailer, as such are defined in § 46.2-100, which is inoperable.

The locality in addition may by ordinance limit the number of inoperable motor vehicles that any person may keep outside of a fully enclosed building or structure.

As used in this section, notwithstanding any other provision of law, general or special, "shielded or screened from view" means not visible by someone standing at ground level from outside of the property on which the subject vehicle is located.

As used in this section, an "inoperable motor vehicle" means any motor vehicle, trailer or semitrailer which is not in operating condition; or does not display valid license plates; or does not display an inspection decal that is valid or does display an inspection decal that has been expired for more than 60 days. The provisions of this section shall not apply to a licensed business that is regularly engaged in business as an automobile dealer, salvage dealer or scrap processor.

B. The locality may, by ordinance, further provide that the owners of property zoned or used for residential purposes, or zoned for commercial or agricultural purposes, shall, at such time or times as the governing body may prescribe, remove therefrom any inoperable motor vehicle that is not kept within a fully enclosed building or structure. The locality may remove the inoperable motor vehicle, whenever the owner of the premises, after reasonable notice, has failed to do so. Notwithstanding the other provisions of this subsection, if the owner of such vehicle can demonstrate that he is actively restoring or repairing the vehicle, and if it is shielded or screened from view, the vehicle and one additional inoperative motor vehicle that is shielded or screened from view and being used for the restoration or repair may remain on the property.

In the event the locality removes the inoperable motor vehicle, after having given such reasonable notice, it may dispose of the vehicle after giving additional notice to the owner of the premises. The cost of the removal and disposal may be charged to either the owner of the inoperable vehicle or the owner of the premises and the cost may be collected by the locality as taxes are collected. Every cost authorized by this section with which the owner of the premises has been assessed shall constitute a lien against the property from which the inoperable vehicle was removed, the lien to continue until actual payment of the cost has been made to the locality.

§ 58.1-3373.1. City may elect to provide for board of equalization.

Notwithstanding any other provision of law, the City of Richmond may by ordinance elect to provide for a board of equalization or permanent board of equalization as provided in this article instead of a board of review.

CHAPTER 65.1.

§ 15.2-6550. Tourist Train Development Authority established.

The Tourist Train Development Authority, hereinafter referred to as the "Authority," is created as a body politic and corporate, a political subdivision of the Commonwealth. As such it shall have, and is hereby vested with, the powers and duties hereinafter conferred in this chapter.

§ 15.2-6551. Board of the Authority; qualifications; terms; quorum; records.

All powers, rights, and duties conferred by this chapter, or by other provisions of law, upon the Authority shall be exercised by the Board of the Tourist Train Development Authority, hereinafter referred to as "the board." Initial appointments to the board shall begin July 1, 2014. Four members of the board shall constitute a quorum of the board for the purposes of conducting its business and exercising its powers and for all other purposes. No vacancy in the membership of the board shall impair the right of a quorum to exercise all the powers and perform all the duties of the board. The board shall keep detailed minutes of its proceedings, which shall be open to public inspection at all times. It shall keep suitable records of its financial transactions, and, unless exempted by § 30-140, it shall arrange to have the records audited annually. Copies of each such audit shall be furnished to the governing bodies of Tazewell County and all adjacent counties and the Auditor of Public Accounts and shall be open to public inspection.

§ 15.2-6552. Executive director; staff.

The Authority shall appoint an executive director, who shall be authorized to employ such staff as necessary to enable the Authority to perform its duties as set forth in this chapter. The Authority is authorized to determine the duties of such staff and to fix salaries and compensation from such funds as may be received or appropriated.

§ 15.2-6553. Powers of Authority.

The Authority shall have the following powers together with all powers incidental thereto or necessary for the performance of those hereafter stated:

- 6. To borrow money and to accept contributions, grants, and other financial assistance from the United States of America and agencies or instrumentalities thereof, the Commonwealth, or any political subdivision, agency, or public instrumentality of the Commonwealth;*
- 7. To issue bonds in accordance with applicable law;*

8. To receive and expend moneys on behalf of tourist train development; and

9. To cooperate with any private or governmental entity in the state of West Virginia in the development of a tourist train.

§ 15.2-6554. Authority of localities.

Localities are hereby authorized to lend or donate money or other property or services to the Authority for any of its purposes. The locality making the grant or loan may restrict the use of such grants or loans to a specific project, within or outside that locality.

A. In cases of family abuse, including any case involving an incarcerated or recently incarcerated respondent against whom a preliminary protective order has been issued pursuant to § 16.1-253.1, the court may issue a protective order to protect the health and safety of the petitioner and family or household members of the petitioner. A protective order issued under this section may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of family abuse or criminal offenses that result in injury to person or property;
2. Prohibiting such contacts by the respondent with the petitioner or family or household members of the petitioner as the court deems necessary for the health or safety of such persons;
3. Granting the petitioner possession of the residence occupied by the parties to the exclusion of the respondent; however, no such grant of possession shall affect title to any real or personal property;

4. Enjoining the respondent from terminating any necessary utility service to the residence to which the petitioner was granted possession pursuant to subdivision 3 or, where appropriate, ordering the respondent to restore utility services to that residence;

5. Granting the petitioner temporary possession or use of a motor vehicle owned by the petitioner alone or jointly owned by the parties to the exclusion of the respondent *and enjoining the respondent from terminating any insurance, registration, or taxes on the motor vehicle and directing the respondent to maintain the insurance, registration, and taxes, as appropriate*; however, no such grant of possession or use shall affect title to the vehicle;

Such order shall terminate upon the determination of support pursuant to § 20-108.1.

B. The protective order may be issued for a specified period of time up to a maximum of two years. Prior to the expiration of the protective order, a petitioner may file a written motion requesting a hearing to extend the order. Proceedings to extend a protective order shall be given precedence on the docket of the court. If the petitioner was a member of the respondent's family or household at the time the initial protective order was issued, the court may extend the protective order for a period not longer than two years to protect the health and safety of the petitioner or persons who are family or household members of the petitioner at the time the request for an extension is made. The extension of the protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. E. The court may assess costs and attorneys' fees against either party regardless of whether an order of protection has been issued as a result of a full hearing.

F. Any judgment, order or decree, whether permanent or temporary, issued by a court of appropriate jurisdiction in another state, the United States or any of its territories, possessions or Commonwealths, the District of Columbia or by any tribal court of appropriate jurisdiction for the purpose of preventing violent or threatening acts or harassment against or contact or communication with or physical proximity to another person, including any of the conditions specified in subsection A, shall be accorded full faith and credit and enforced in the Commonwealth as if it were an order of the Commonwealth, provided reasonable notice and opportunity to be heard were given by the issuing jurisdiction to the person against whom the order is sought to be enforced sufficient to protect such person's due process rights and consistent with federal law. A person entitled to protection under such a foreign order may file the order in any juvenile and domestic relations district court by filing with the court an attested or exemplified copy of the order. Upon such a filing, the clerk shall forthwith forward an attested copy of the order to the primary law-enforcement agency responsible for service and entry of protective orders which shall, upon receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. Where practical, the court may transfer information electronically to the Virginia Criminal Information Network.

Upon inquiry by any law-enforcement agency of the Commonwealth, the clerk shall make a copy available of any foreign order filed with that court. A law-enforcement officer may, in the performance of his duties, rely upon a copy of a foreign protective order or other suitable evidence which has been provided to him by any source and may also rely upon the statement of any person protected by the order that the order remains in effect.

G. Either party may at any time file a written motion with the court requesting a hearing to dissolve or modify the order. Proceedings to dissolve or modify a protective order shall be given precedence on the docket of the court.

H. As used in this section:

"Copy" includes a facsimile copy; and

"Protective order" includes an initial, modified or extended protective order.

I. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

J. No fee shall be charged for filing or serving any petition or order pursuant to this section.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation is \$0 for periods of imprisonment in state adult correctional facilities and \$0 for periods of commitment to the custody of the Department of Juvenile Justice.

D. Nothing in this title shall be construed to require retrofitting of any public transit equipment or to require the retrofitting, renovation, or alteration of buildings or places to a degree more stringent than that required by the applicable building code in effect at the time the building permit for such building or place is issued.

CHAPTER 619

An Act to amend and reenact § 15.2-2242 of the Code of Virginia, relating to subdivision ordinances; dedication of land for sidewalk improvements.

[S 237]

Approved April 4, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2242 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2242. Optional provisions of a subdivision ordinance.

A subdivision ordinance may include:

1. Provisions for variations in or exceptions to the general regulations of the subdivision ordinance in cases of unusual situations or when strict adherence to the general regulations would result in substantial injustice or hardship.

2. A requirement (i) for the furnishing of a preliminary opinion from the applicable health official regarding the suitability of a subdivision for installation of subsurface sewage disposal systems where such method of sewage disposal is to be utilized in the development of a subdivision and (ii) that all buildings constructed on lots resulting from subdivision of a larger tract that abuts or adjoins a public water or sewer system or main shall be connected to that public water or sewer system or main subject to the provisions of § 15.2-2121.

3. A requirement that, in the event streets in a subdivision will not be constructed to meet the standards necessary for inclusion in the secondary system of state highways or for state street maintenance moneys paid to municipalities, the subdivision plat and all approved deeds of subdivision, or similar instruments, must contain a statement advising that the streets in the subdivision do not meet state standards and will not be maintained by the Department of Transportation or the localities enacting the ordinances. Grantors of any subdivision lots to which such statement applies must include the statement on each deed of conveyance thereof. However, localities in their ordinances may establish minimum standards for construction of streets that will not be built to state standards.

For streets constructed or to be constructed, as provided for in this subsection, a subdivision ordinance may require that the same procedure be followed as that set forth in provision 5 of § 15.2-2241. Further, the subdivision ordinance may provide that the developer's financial commitment shall continue until such time as the local government releases such financial commitment in accordance with provision 11 of § 15.2-2241.

4. Reasonable provision for the voluntary funding of off-site road improvements and reimbursements of advances by the governing body. If a subdivider or developer makes an advance of payments for or construction of reasonable and necessary road improvements located outside the property limits of the land owned or controlled by him, the need for which is substantially generated and reasonably required by the construction or improvement of his subdivision or development, and such advance is accepted, the governing body may agree to reimburse the subdivider or developer from such funds as the governing body may make available for such purpose from time to time for the cost of such advance together with interest, which shall be excludable from gross income for federal income tax purposes, at a rate equal to the rate of interest on bonds most recently issued by the governing body on the following terms and conditions:

a. The governing body shall determine or confirm that the road improvements were substantially generated and reasonably required by the construction or improvement of the subdivision or development and shall determine or confirm the cost thereof, on the basis of a study or studies conducted by qualified traffic engineers and approved and accepted by the subdivider or developer.

b. The governing body shall prepare, or cause to be prepared, a report accepted and approved by the subdivider or developer, indicating the governmental services required to be furnished to the subdivision or development and an estimate of the annual cost thereof for the period during which the reimbursement is to be made to the subdivider or developer.

c. The governing body may make annual reimbursements to the subdivider or developer from funds made available for such purpose from time to time, including but not limited to real estate taxes assessed and collected against the land and improvements on the property included in the subdivision or development in amounts equal to the amount by which such real estate taxes exceed the annual cost of providing reasonable and necessary governmental services to such subdivision or development.

5. In Arlington County, Fairfax County, Loudoun County, and Prince William County, in any town located within such counties, in Bedford County, Pittsylvania County, Spotsylvania County, and Stafford County, or in the Cities of Alexandria, Fairfax, Falls Church, Hampton, Manassas, and Manassas Park, provisions for payment by a subdivider or developer of land of a pro rata share of the cost of reasonable and necessary road improvements, located outside the property limits of the land owned or controlled by him but serving an area having related traffic needs to which his subdivision or development will contribute, to reimburse an initial subdivider or developer who has advanced such costs or constructed such road improvements. Such ordinance may apply to road improvements constructed after July 1, 1988, in Fairfax County; in Arlington County, Loudoun County, and Prince William County, in any town located within such counties, in Bedford County, Pittsylvania County, Spotsylvania County, and Stafford County, or in the Cities of Alexandria, Fairfax, Falls Church, Hampton, Manassas, and Manassas Park, such ordinance may only apply to road improvements constructed after the effective date of such ordinance.

Such provisions shall provide for the adoption of a pro rata reimbursement plan which shall include reasonable standards to identify the area having related traffic needs, to determine the total estimated or actual cost of road improvements required to adequately serve the area when fully developed in accordance with the comprehensive plan or as required by proffered conditions, and to determine the proportionate share of such costs to be reimbursed by each subsequent subdivider or developer within the area, with interest (i) at the legal rate or (ii) at an inflation rate prescribed by a generally accepted index of road construction costs, whichever is less.

For any subdivision ordinance adopted pursuant to provision 5 of this section after February 1, 1993, no such payment shall be assessed or imposed upon a subsequent developer or subdivider if (i) prior to the adoption of a pro rata

reimbursement plan the subsequent subdivider or developer has proffered conditions pursuant to § 15.2-2303 for offsite road improvements and such proffered conditions have been accepted by the locality, (ii) the locality has assessed or imposed an impact fee on the subsequent development or subdivision pursuant to Article 8 (§ 15.2-2317 et seq.) of Chapter 22, or (iii) the subsequent subdivider or developer has received final site plan, subdivision plan, or plan of development approval from the locality prior to the adoption of a pro rata reimbursement plan for the area having related traffic needs.

The amount of the costs to be reimbursed by a subsequent developer or subdivider shall be determined before or at the time the site plan or subdivision is approved. The ordinance shall specify that such costs are to be collected at the time of the issuance of a temporary or final certificate of occupancy or functional use and occupancy within the development, whichever shall come first. The ordinance also may provide that the required reimbursement may be paid (i) in lump sum, (ii) by agreement of the parties on installment at a reasonable rate of interest or rate of inflation, whichever is less, for a fixed number of years, or (iii) on such terms as otherwise agreed to by the initial and subsequent subdividers and developers.

Such ordinance provisions may provide that no certificate of occupancy shall be issued to a subsequent developer or subdivider until (i) the initial developer certifies to the locality that the subsequent developer has made the required reimbursement directly to him as provided above or (ii) the subsequent developer has deposited the reimbursement amount with the locality for transfer forthwith to the initial developer.

6. Provisions for establishing and maintaining access to solar energy to encourage the use of solar heating and cooling devices in new subdivisions. The provisions shall be applicable to a new subdivision only when so requested by the subdivider.

7. Provisions, in any town with a population between 14,500 and 15,000, granting authority to the governing body, in its discretion, to use funds escrowed pursuant to provision 5 of § 15.2-2241 for improvements similar to but other than those for which the funds were escrowed, if the governing body (i) obtains the written consent of the owner or developer who submitted the escrowed funds; (ii) finds that the facilities for which funds are escrowed are not immediately required; (iii) releases the owner or developer from liability for the construction or for the future cost of constructing those improvements for which the funds were escrowed; and (iv) accepts liability for future construction of these improvements. If such town fails to locate such owner or developer after making a reasonable attempt to do so, the town may proceed as if such consent had been granted. In addition, the escrowed funds to be used for such other improvement may only come from an escrow that does not exceed a principal amount of \$30,000 plus any accrued interest and shall have been escrowed for at least five years.

8. Provisions for clustering of single-family dwellings and preservation of open space developments, which provisions shall comply with the requirements and procedures set forth in § 15.2-2286.1.

9. Provisions requiring that where a lot being subdivided or developed fronts on an existing street, and adjacent property on either side has an existing sidewalk, a locality may require the dedication of land for, and construction of, a sidewalk on the property being subdivided or developed, to connect to the existing sidewalk. Nothing in this paragraph shall alter in any way any authority of localities or the Department of Transportation to require sidewalks on any newly constructed street or highway.

10. Provisions for requiring and considering Phase I environmental site assessments based on the anticipated use of the property proposed for the subdivision or development that meet generally accepted national standards for such assessments, such as those developed by the American Society for Testing and Materials, and Phase II environmental site assessments, that also meet accepted national standards, such as, but not limited to, those developed by the American Society for Testing and Materials, if the locality deems such to be reasonably necessary, based on findings in the Phase I assessment, and in accordance with regulations of the United States Environmental Protection Agency and the American Society for Testing and Materials. A reasonable fee may be charged for the review of such environmental assessments. Such fees shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and administrative expense involved in such review.

11. Provisions for requiring disclosure and remediation of contamination and other adverse environmental conditions of the property prior to approval of subdivision and development plans.

12. *Provisions, in any town located in the Northern Virginia Transportation District, granting authority to the governing body to require the dedication of land for sidewalk, curb, and gutter improvements on the property being subdivided or developed if the property is designated for such improvements on the locality's adopted pedestrian plan.*

§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include, but not be limited to, student outcome measures, requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, student services, auxiliary education programs such as library and media services, course and credit requirements for graduation from high school, community relations, and the philosophy, goals, and objectives of public education in Virginia.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board shall review annually the accreditation status of all schools in the Commonwealth.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall review the accreditation status of all schools in the local school division annually in public session. Within the time specified by the Board of Education, each school board shall submit corrective action plans for any schools within its school division that have been designated as not meeting the standards as approved by the Board.

When the Board of Education has obtained evidence through the school academic review process that the failure of schools within a division to achieve full accreditation status is related to division level failure to implement the Standards of Quality, the Board may require a division level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall submit for approval by the Board a corrective action plan, consistent with criteria established by the Board and setting forth specific actions and a schedule designed to ensure that schools within its school division achieve full accreditation status. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

With such funds as are appropriated or otherwise received for this purpose, the Board shall adopt and implement an academic review process, to be conducted by the Department of Education, to assist schools that are accredited with warning. The Department shall forward a report of each academic review to the relevant local school board, and such school board shall report the results of such academic review and the required annual progress reports in public session. The local school board shall implement any actions identified through the academic review and utilize them for improvement planning.

B. The Superintendent of Public Instruction shall develop and the Board of Education shall approve criteria for determining and recognizing educational performance in the Commonwealth's public school divisions and schools. Such criteria, when approved, shall become an integral part of the accreditation process and shall include student outcome measurements. The Superintendent of Public Instruction shall annually identify to the Board those school divisions and schools that exceed or do not meet the approved criteria. Such identification shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall (i) in consultation with the chairpersons of the eight regional superintendents' study groups, establish a timetable for administering the Standards of Learning assessments to ensure genuine end-of-course and end-of-grade testing and (ii) with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments.

In prescribing such Standards of Learning assessments, the Board shall provide local school boards the option of administering tests for United States History to 1877, United States History: 1877 to the Present, and Civics and Economics. The last administration of the cumulative grade eight history test will be during the 2007-2008 academic school year. Beginning with the 2008-2009 academic year, all school divisions shall administer the United States History to 1877, United States History: 1877 to the Present, and Civics and Economics tests. The Board shall also provide the option of industry certification and state licensure examinations as a student-selected verified credit.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall include in the student outcome measures that are required by the Standards for Accreditation end-of-course or end-of-grade tests assessments for various grade levels and classes, as determined by the Board including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These Standards of Learning assessments shall include, but need not be limited to, end-of-course or end-of-grade tests for English, mathematics, science, and history and social science.

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (a) reading and mathematics in grades three and four; (b) reading, mathematics, and science in grade five; (c) reading and mathematics in grades six and seven; (d) reading, writing, mathematics, and science in grade eight; and (e) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall (1) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) permit and encourage integrated assessments that include multiple subject areas; and (3) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

In addition, to assess the educational progress of students, the Board of Education shall ~~(a)~~ (A) develop appropriate assessments, which may include criterion-referenced tests and alternative other assessment instruments that may be used by classroom teachers; ~~(b)~~ (B) select appropriate industry certification and state licensure examinations; and ~~(c)~~ (C) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for the General Education Development (GED) certificate or in an adult basic education program to obtain the high school diploma.

The Board of Education may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

D. The Board of Education may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 11 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to

the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of Education may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, *including computer-adaptive Standards of Learning assessments*, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, *alternative assessments*, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to all students for grade levels and courses identified by the Board of Education, which may include criterion-referenced tests, and teacher-made tests and alternative assessment instruments and shall include the Standards of Learning Assessments assessments, *the local school board's alternative assessments*, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board of Education, the results from the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, if administered, industry certification examinations, and the Standards of Learning Assessments to the public.

The Board of Education shall not require administration of the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the requirements for home instruction pursuant to § 22.1-254.1.

The Board shall include requirements for the reporting of the Standards of Learning assessment scores and averages for each year as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department of Education's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board of Education's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board of Education for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards of Accreditation pursuant to 8 VAC 20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board of Education based on submission of a request from the division superintendent and chairman of the local school board. The Board of Education may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department of Education shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board of Education may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

§ 22.1-253.13:10. Standards of Learning Innovation Committee.

The Secretary of Education, upon receiving recommendations for appointments from the Virginia Parent Teacher Association, Virginia Education Association, Virginia School Boards Association, Virginia Association of Secondary School Principals, Virginia Association of Elementary School Principals, Virginia Association of School Superintendents, Virginia

State Reading Association, Virginia School Counselor Association, and Virginia Association for Supervision and Curriculum Development, shall establish and appoint members from each of the specified groups to the Standards of Learning Innovation Committee (Committee). The Committee shall also include (i) four members of the Virginia House of Delegates, appointed by the Speaker of the House of Delegates; (ii) two members of the Virginia Senate, appointed by the Senate Committee on Rules on the recommendation of the Chair of the Senate Committee on Education and Health; at least one (iii) parent of a currently enrolled public school student, (iv) public elementary school teacher, (v) public secondary school teacher, (vi) public secondary school guidance counselor, (vii) school board member, (viii) public school principal, (ix) division superintendent, (x) curriculum and instruction specialist, (xi) higher education faculty member, (xii) business representative, and such other stakeholders as the Secretary deems appropriate. The Committee, under the direction of the Secretary, shall periodically make recommendations to the Board of Education and the General Assembly on (a) the Standards of Learning assessments, (b) authentic individual student growth measures, (c) alignment between the Standards of Learning and assessments and the School Performance Report Card, and (d) ideas on innovative teaching in the classroom.

2. That the Board may reduce the number of Standards of Learning assessments administered to students as long as the number and type of assessments meet the minimal requirements established by the federal Elementary and Secondary Education Act of 1965, as amended. However, the number and type of assessments required by the Board shall not be less than the number and type of assessments required by the federal Elementary and Secondary Education Act of 1965 as of January 1, 2014.

CHAPTER 624

An Act to amend and reenact §§ 46.2-632 and 46.2-653 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 46.2-653.1, relating to titling of manufactured homes.

[S 356]

Approved April 4, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-632 and 46.2-653 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 46.2-653.1 as follows:

§ 46.2-632. Transfer when certificate of title lost.

*A. Whenever the applicant for the registration of a motor vehicle, *manufactured home*, trailer, or semitrailer or a new certificate of title is unable to present a certificate of title because the certificate has been lost or unlawfully detained by one in possession of it or whenever the certificate of title is otherwise not available, the Department may receive the application and investigate the circumstances of the case and may require the filing of affidavits or other information. When the Department is satisfied that the applicant is entitled to the title, it may register the motor vehicle, *manufactured home*, trailer, or semitrailer and issue a new registration card, license plate, or plates and certificate of title to the person entitled to it.*

B. Whenever the insurance company or its agent makes application for a certificate of title to a vehicle that is not a salvage vehicle as defined in § 46.2-1600 and is unable to present a certificate of title, the Department may receive the

application along with an affidavit indicating that the vehicle was acquired as the result of the claims process and describing the efforts made by the insurance company or its agent to obtain the certificate of title from the previous owner. When the Department is satisfied that the applicant is entitled to the title, it may issue a certificate of title to the person entitled to it. The Commissioner may charge a fee of \$25 for the expense of processing an application under this subsection that is accompanied by an affidavit. Such fee shall be in addition to any other fees and taxes required. All fees collected under the provisions of this subsection shall be paid into the state treasury and set aside as a special fund to be used to meet the expenses of the Department.

§ 46.2-653. Temporary registration or permit for transportation of manufactured homes exceeding the size permitted by law.

The Commissioner may grant a temporary registration or permit for the transportation of manufactured homes, which exceed the size permitted by law, on the highways in the Commonwealth from one point to another within the Commonwealth, or from the Commonwealth to a point or points outside the Commonwealth, or from outside the Commonwealth to a point or points within the Commonwealth. Such temporary registration or permit shall show the registration or permit number, the date of issue, the date of expiration, and the route to be traveled or other restrictions and shall be displayed in a prominent place on the vehicle. The owner of every manufactured home of this sort purchased in the Commonwealth for use within the Commonwealth or brought into the Commonwealth for use within the Commonwealth shall apply within 30 days to the Department for title in the name of the owner. This requirement shall not apply to inventory held by licensed Virginia dealers for the purpose of resale. ~~After a manufactured home has been titled in the Commonwealth and at such time as the wheels and other equipment previously used for mobility have been removed and the unit has been attached to the realty, then the manufactured home shall, for purposes of this section, be deemed to be real estate and Virginia title issued for the unit may be returned to the Department for cancellation and the unit shall thereafter be transferred only as real estate is transferred. The validity of any security interest perfected pursuant to §§ 46.2-636 through 46.2-641 shall continue, notwithstanding the provisions of this section.~~

~~The Commissioner shall have prepared a list of all titles cancelled pursuant to this section and furnish it, in conjunction with the reports submitted pursuant to § 46.2-210, to the commissioner of the revenue of each county and city without cost. The Commissioner shall not make such list available to the public nor shall any commissioner of the revenue make such list available to any third party.~~

The authorities in cities and towns regulating the movement of traffic may prescribe the route or routes over which these manufactured homes may be transported, and no manufactured home of this sort shall be transported through any city or town except along a prescribed route or routes.

For each temporary single-trip registration or permit issued hereunder, the applicant shall pay a fee of ~~one dollar~~ \$1, in addition to any administrative fee required by the Department. In lieu of a single-trip permit, an annual multi-trip permit may be issued for a fee of \$40, in addition to any administrative fee required by the Department.

No permit, as provided in this section, shall be issued covering any manufactured home that is subject to a license plate.

§ 46.2-653.1. Conversion of manufactured home to real property.

A. After a manufactured home has been titled in the Commonwealth and at such time as the wheels and other equipment previously used for mobility have been removed and the unit has been attached to real property owned by the manufactured home owner, the owner may convert the home to real property in accordance with the provisions of subsection B. The provisions of this section constitute the only manner by which a manufactured home owner may convert a manufactured home to real property.

B. A manufactured home owner who wishes to convert the home to real property shall submit a sworn affidavit to the Department that the wheels and other equipment previously used for mobility have been removed from the manufactured home and the unit has been attached to real property owned by the manufactured home owner.

The affidavit must be in a form approved by the Commissioner. Upon compliance by the owner with the procedure for surrender of title, the Department shall rescind and cancel the Virginia title. The Department shall not cancel the title if a security interest has been recorded on the title and not released by the secured party. After canceling the title, the Department shall provide written confirmation to the owner that the title has been surrendered and has been canceled by the Department.

Upon receipt of confirmation that the title has been surrendered and has been canceled by the Department, the owner shall file a sworn affidavit of affixation with the circuit court of the locality where the real property is located. The affidavit shall include all of the following information:

- 1. The manufacturer and, if applicable, the model name of the manufactured home.*
- 2. The vehicle identification number and serial number of the manufactured home.*
- 3. The legal description of the real property on which the manufactured home is placed, including the property address, stating that the owner of the manufactured home also owns the real property.*
- 4. Certification that there are no security interests in the manufactured home that have not been released by the secured party.*
- 5. The homeowner's statement that the title has been surrendered and has been canceled by the Department and that the home is intended to be a permanent fixture and improvement to the land, to the same extent as any site-built home, and assessed and taxed with the land as real property.*

In addition, a copy of the confirmation provided by the Department that the title has been surrendered and canceled by the Department shall be attached to and filed with the affidavit.

Upon filing the affidavit of affixation, the manufactured home shall then be deemed to be real estate and shall thereafter be conveyed and encumbered only as real estate is conveyed and encumbered, except when the home is thereafter physically severed from the real property and a new title issued in accordance with subsection C.

A security interest in a manufactured home is perfected against the rights of judicial lien creditors, execution creditors, and purchasers for value on and after the date such security interest attaches. The Commissioner shall have prepared a list of all titles canceled pursuant to this section and furnish it, in conjunction with the reports submitted pursuant to § 46.2-210, to the commissioner of the revenue of each county and city without cost.

C. If the owner of a manufactured home whose certificate of title has been canceled under this section subsequently seeks to sever the manufactured home from the real property, the owner may apply for a new certificate of title in accordance with the provisions of this section.

1. The owner shall file with the circuit court where the real property is located an affidavit that includes or provides for all of the following information:

- a. The manufacturer and, if applicable, the model name of the manufactured home.*
- b. The vehicle identification number and serial number of the manufactured home.*
- c. The legal description of the real property on which the manufactured home is or was placed, stating that the owner of the manufactured home also owns the real property.*

d. Certification that there are no security interests in the manufactured home that have not been released by the secured party.

e. The homeowner's statement that the home has been or will be physically severed from the real property.

2. The owner must submit the following to the Department:

- a. A copy of the affidavit filed in accordance with subdivision C 1.*
- b. Verification that the manufactured home has been severed from the real property. Confirmation of severance by the commissioner of the revenue where the real property is located shall constitute acceptable evidence that the unit has been severed from the real property.*

Upon receipt of the information required in subdivision C 2, together with a title application and required fee, the Department is authorized to issue a new title for the manufactured home. The initial title issued under the provisions of this subsection shall contain no security interests, provided however, that nothing contained herein shall be construed to prevent a subsequent security interest from being recorded on the title.

C. In no event shall the Commission issue more than ~~twelve~~ 12 licenses in a calendar year pursuant to this section.

Be it enacted by the General Assembly of Virginia:**1. That §§ 23-9.2:3.02, 23-9.6:1, 23-9.14:2, and 23-38.88 of the Code of Virginia are amended and reenacted as follows:****§ 23-9.2:3.02. Articulation, dual admissions, and guaranteed admissions agreements; admission of certain community college graduates.**

A. The governing board of each four-year public institution of higher education shall develop, consistent with the State Council of Higher Education Guidelines and the institution's six-year plan as set forth in § 23-38.87:17, articulation,

~~transfer, and dual enrollment and dual admissions, and guaranteed admissions agreements with uniform application to all institutions within the Virginia Community College System and any two-year public institution of higher education that (i) meet appropriate general education and program requirements at the four-year institutions; (ii) provide additional opportunities for associate degree graduates to be admitted and enrolled; and (iii) establish dual admissions programs for qualified students to be simultaneously accepted by a community college and, contingent upon the successful completion of an acceptable associate degree program from the community college, by the four-year public institution of higher education.~~

B. A Uniform Certificate of General Studies shall be developed by the State Council of Higher Education, the Virginia Community College System, and the public institutions of higher education as set forth in subdivision 20 of § 23-9.6:1. All credits earned in academic subject coursework by students attending a two-year college who complete an approved one-year certificate of general studies program shall be transferrable to a four-year public institution of higher education in accordance with Council guidelines. ~~Credits earned by high school students who earn a transfer associate degree from a Virginia community college while completing high school shall be transferrable to the four-year public institution of higher education to which they have been admitted.~~

C. The State Council of Higher Education for Virginia shall ~~submit prepare~~ an annual report to the Senate Committee on Education and Health and the House Committee on Education specifying the total number of transfer students each institution of higher education admitted, enrolled, and graduated ~~on the pertinent aspects of the pipeline of students transferring~~ from institutions within the Virginia Community College System to ~~four-year public institutions of higher education.~~

D. ~~Students enrolling at an institution within the Virginia Community College System or a two-year public institution of higher education may declare an intention in writing to transfer to a four-year public institution of higher education in Virginia having an articulation agreement with the relevant community college or two-year public institution. If a student (i) completes an associate degree within four years of submitting a written declaration of intent to transfer to a four-year public institution of higher education in Virginia and (ii) enrolls in such an institution within 18 months of completing an associate degree, the articulation agreement in force at the time of the student's declaration shall determine those credits that will be transferred from the community college or two-year public institution to the four-year public institution upon successful completion of an associate degree.~~

E. ~~Nothing in this section shall be construed to require the admission of students of the Virginia Community College System by a four-year public institution of higher education.~~

F. The State Council of Higher Education, consistent with its responsibility to facilitate the development of articulation, ~~transfer, and dual enrollment and dual admissions, and guaranteed~~ admissions agreements set forth in §§ 23-9.6:1 and 23-9.14:2, shall develop guidelines for such agreements; ~~including the conditions required to establish dual admissions programs for qualified students to be simultaneously accepted by a community college and a four-year public institution of higher education and, upon successful completion of an acceptable associate degree program from the community college, to be automatically enrolled in the four-year institution of higher education. Dual admissions agreements shall set forth (i) the obligations of the students accepted in such programs, including grade point average requirements, acceptable associate degree majors, and completion timetables; and (ii) the student's access to the privileges of enrollment in both institutions during the time enrolled in either institution.~~

G. ~~E.~~ Each institution within the Virginia Community College System shall develop agreements for postsecondary degree attainment with the public high schools in the school divisions that they serve, specifying the options for students to complete an associate's degree or a one-year Uniform Certificate of General Studies concurrent with a high school diploma. Such agreements shall specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher. Agreements shall be submitted by the institutions to the Chancellor of the Virginia Community College System and the Superintendent of Public Instruction by April 15, 2013.

§ 23-9.6:1. Duties of Council generally.

In addition to such other duties as may be prescribed elsewhere, the State Council of Higher Education shall:

1. Develop a statewide strategic plan that (i) reflects the goals set forth in subsection B of § 23-38.88 or (ii) once adopted, reflects the goals and objectives developed pursuant to subdivision B 5 of § 23-38.87:20 for higher education in the Commonwealth, identifies a coordinated approach to such state and regional goals, and emphasizes the future needs for higher education in Virginia at both the undergraduate and the graduate levels, as well as the mission, programs, facilities and location of each of the existing institutions of higher education, each public institution's six-year plan, and such other matters as the Council deems appropriate. The Council shall revise such plans at least once every six years and shall submit such recommendations as are necessary for the implementation of the plan to the Governor and the General Assembly.

2. Review and approve or disapprove any proposed change in the statement of mission of any presently existing public institution of higher education and to define the mission of all public institutions of higher education created after the effective date of this provision. The Council shall, within the time prescribed in subdivision 1, make a report to the Governor and the General Assembly with respect to its actions hereunder. No such actions shall become effective until 30 days after adjournment of the session of the General Assembly next following the filing of such a report. Nothing contained in this provision shall be construed to authorize the Council to modify any mission statement adopted by the General Assembly, nor to empower the Council to affect, either directly or indirectly, the selection of faculty or the standards and criteria for admission of any public institution, whether related to academic standards, residence or other

criteria; it being the intention of this section that faculty selection and student admission policies shall remain a function of the individual institutions.

3. Study any proposed escalation of any public institution to a degree-granting level higher than that level to which it is presently restricted and to submit a report and recommendation to the Governor and the General Assembly relating to the proposal. The study shall include the need for and benefits or detriments to be derived from the escalation. No such institution shall implement any such proposed escalation until the Council's report and recommendation have been submitted to the General Assembly and the General Assembly approves the institution's proposal.

4. Review and approve or disapprove all enrollment projections proposed by each public institution of higher education. The Council's projections shall be in numerical terms by level of enrollment and shall be used for budgetary and fiscal planning purposes only. The Council shall develop estimates of the number of degrees to be awarded by each institution and include those estimates in its reports of enrollment projections. The student admissions policies for the institutions and their specific programs shall remain the sole responsibility of the individual boards of visitors; however, all four-year institutions shall adopt dual admissions policies with the community colleges, as required by § 23-9.2:3.02.

5. Review and approve or disapprove all new academic programs which any public institution of higher education proposes. As used herein, "academic programs" include both undergraduate and graduate programs.

6. Review and require the discontinuance of any undergraduate or graduate academic program that is presently offered by any public institution of higher education when the Council determines that such academic program is (i) nonproductive in terms of the number of degrees granted, the number of students served by the program, the program's effectiveness, and budgetary considerations, or (ii) supported by state funds and is unnecessarily duplicative of academic programs offered at other public institutions of higher education in the Commonwealth. The Council shall make a report to the Governor and the General Assembly with respect to the discontinuance of any such academic program. No such discontinuance shall become effective until 30 days after the adjournment of the session of the General Assembly next following the filing of such report.

7. Review and approve or disapprove the creation and establishment of any department, school, college, branch, division or extension of any public institution of higher education that such institution proposes to create and establish. This duty and responsibility shall be applicable to the proposed creation and establishment of departments, schools, colleges, branches, divisions and extensions, whether located on or off the main campus of the institution in question. If any organizational change is determined by the Council to be proposed solely for the purpose of internal management and the institution's curricular offerings remain constant, the Council shall approve the proposed change. Nothing in this provision shall be construed to authorize the Council to disapprove the creation and establishment of any department, school, college, branch, division or extension of any institution that has been created and established by the General Assembly.

8. Review the proposed closure of any academic program in a high demand or critical shortage area, as defined by the Council, by any public institution of higher education and assist in the development of an orderly closure plan, when needed.

9. Develop a uniform, comprehensive data information system designed to gather all information necessary to the performance of the Council's duties. The system shall include information on admissions, enrollments, self-identified students with documented disabilities, personnel, programs, financing, space inventory, facilities and such other areas as the Council deems appropriate. When consistent with the Government Data Collection and Dissemination Practices Act, the Virginia Unemployment Compensation Act, and applicable federal law, the Council, acting solely or in partnership with the Virginia Department of Education or the Virginia Employment Commission, may contract with private entities to create de-identified student records for the purpose of assessing the performance of institutions and specific programs relative to the workforce needs of the Commonwealth. For the purposes of this section, "de-identified student records" means records in which all personally identifiable information has been removed.

10. Develop in cooperation with institutions of higher education guidelines for the assessment of student achievement. An institution shall use an approved program that complies with the guidelines of the Council and is consistent with the institution's mission and educational objectives in the development of such assessment. The Council shall report the institutions' assessments of student achievement in the biennial revisions to the state's master plan for higher education.

11. Develop in cooperation with the appropriate state financial and accounting officials and to establish uniform standards and systems of accounting, record keeping and statistical reporting for the public institutions of higher education.

12. Review biennially and approve or disapprove all changes in the inventory of educational and general space that any public institution of higher education may propose, and to make a report to the Governor and the General Assembly with respect thereto. No such change shall be made until 30 days after the adjournment of the session of the General Assembly next following the filing of such report.

13. Visit and study the operations of each of the public institutions of higher education at such times as the Council shall deem appropriate and to conduct such other studies in the field of higher education as the Council deems appropriate or as may be requested by the Governor or the General Assembly.

14. Provide advisory services to private, accredited and nonprofit institutions of higher education, whose primary purpose is to provide collegiate or graduate education and not to provide religious training or theological education, on academic, administrative, financial and space utilization matters. The Council may also review and advise on joint activities, including contracts for services between such public and private institutions of higher education or between such private institutions and any agency of the Commonwealth or political subdivision thereof.

15. Adopt such rules and regulations as the Council believes necessary to implement all of the Council's duties and responsibilities as set forth in this Code. The various public institutions of higher education shall comply with such rules and regulations.

16. Issue guidelines consistent with the provisions of the federal Family Education Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g requiring public institutions of higher education to release a student's academic and disciplinary record to a student's parent.

17. Require that each institution of higher education formed, chartered, or established in the Commonwealth after July 1, 1980, shall ensure the preservation of student transcripts in the event of institutional closure or revocation of approval to operate in the Commonwealth of Virginia. An institution may provide for the preservation of student transcripts by binding agreement with another institution of higher education with which it is not corporately connected or in such other way as the Council may authorize by regulation. In the event an institution closes, or has its approval to operate in the Commonwealth revoked, the Council, through its Director, may take such action as is necessary to secure and preserve the student transcripts until such time as an appropriate institution accepts all or some of the transcripts. Nothing in this section shall be deemed to interfere with the right of a student to his own transcripts; nor shall this section authorize disclosure of student records except as may otherwise be authorized by law.

18. Require the development and submission of articulation, ~~transfer, and dual enrollment and dual admissions, and guaranteed~~ admissions agreements between ~~two- two-year~~ and four-year public institutions of higher education in Virginia; ~~including programs for qualified students to be simultaneously accepted by a community college and a four-year public institution of higher education and, upon successful completion of an associate degree program from the community college, to be automatically enrolled in the four-year institution of higher education. Dual admissions agreements shall set forth (i) the obligations of the students accepted in such programs, including grade point average requirements, acceptable associate degree majors, and completion timetables; and (ii) the student's access to the privileges of enrollment in both institutions during the time enrolled in either institution. Such agreements shall be subject to the admissions requirements of the four-year institutions, except as provided in § 23-9.2:3.02.~~

19. Provide periodic updates of base adequacy funding guidelines adopted by the Joint Subcommittee Studying Higher Education Funding Policies for the various public institutions.

20. Develop a uniform certificate of general studies program, in consultation with the Virginia Community College System and Virginia public institutions of higher education, to be offered at each community college in Virginia. Such program shall ensure that a community college student who completes the one-year certificate program shall be able to transfer all credits earned in academic subject coursework to a four-year public institution of higher education in the Commonwealth upon acceptance to the institution.

In carrying out its duties and responsibilities, the Council, insofar as practicable, shall preserve the individuality, traditions and sense of responsibility of the respective institutions. The Council, insofar as practicable, shall seek the assistance and advice of the respective institutions in fulfilling all of its duties and responsibilities.

§ 23-9.14:2. State Transfer Tool.

A. The Council shall develop, in cooperation with ~~the governing boards of the public two- two-year~~ and four-year institutions of higher education, a State Transfer ~~Module~~ Tool that designates those general education courses that are offered within various associate degree programs at the public two-year institutions that are transferable for credit ~~or admission with standing as a junior (third year)~~ to the public four-year institutions.

In developing ~~such Module~~ the Transfer Tool, the Council shall also seek the participation of private institutions of higher education in the Commonwealth.

B. The Council shall ~~also require~~ develop guidelines to govern the development and implementation of articulation, ~~transfer, and dual enrollment and dual admissions, and guaranteed~~ admissions agreements between the Commonwealth's public ~~two- two-year~~ and four-year institutions of higher education; ~~including agreements to establish dual admissions programs for qualified students to be simultaneously accepted by a community college and a four-year public institution of higher education and, upon successful completion of an associate degree program from the community college, to be automatically enrolled in the four-year institution of higher education. Dual admissions agreements shall set forth (i) the obligations of the students accepted in such programs, including grade point average requirements, acceptable associate degree majors, and completion timetables; and (ii) the student's access to the privileges of enrollment in both institutions during the time enrolled in either institution. Such agreements shall be subject to the admissions requirements of the four-year institutions. The Council shall require the public two- and four-year institutions of higher education to develop and implement such agreements, in accordance with the guidelines for articulation, transfer, and dual enrollment and admissions agreements required by § 23-9.2:3.02.~~

C. The Council shall develop and make available to the public information identifying ~~(†)~~ all general education courses offered at public two-year institutions and designating those that are accepted for purposes of transfer for course credit at four-year public and private institutions of higher education in Virginia; ~~and (ii) those two- and four-year public institutions that have entered into articulation, transfer, and dual enrollment and admissions agreements as required by § 23-9.2:3.02.~~

§ 23-38.88. Eligibility for restructured financial and administrative operational authority.

A. Public institutions of higher education shall be eligible for the following restructured financial and operational authority:

1. To dispose of their surplus materials at the location where the surplus materials are held and to retain any proceeds from such disposal as provided in subdivision B 14 of § 2.2-1124;

B. The Board of Visitors of a public institution of higher education shall commit to the Governor and the General Assembly by August 1, 2005, through formal resolution adopted according to its own bylaws, to meeting the state goals specified below, and shall be responsible for ensuring that such goals are met, in addition to such other responsibilities as may be prescribed by law. 6. Consistent with its institutional mission, develop articulation agreements that have uniform application to, dual admissions, and guaranteed admissions agreements with all Virginia community colleges and meet appropriate general

~~education and program requirements at the four-year institution; provide additional opportunities for associate degree graduates to be admitted and enrolled;~~ and offer dual enrollment programs in cooperation with high schools;

7. Actively contribute to efforts to stimulate the economic development of the Commonwealth and the area in which the institution is located, and for those institutions subject to a management agreement set forth in Article 3 (§ 23-38.91 et seq.), in areas that lag the Commonwealth in terms of income, employment, and other factors;

12. Seek to ensure the safety and security of the Commonwealth's students on college and university campuses.

Upon making such commitments to the Governor and the General Assembly by August 1, 2005, the public institution of higher education shall be allowed to exercise the restructured financial and operational authority set forth in subdivisions A 1 through A 13, subject to such conditions as may be provided under the enabling statutes granting the additional authority.

C. As provided in § 23-9.6:1.01, the State Council of Higher Education shall in consultation with the respective chairmen of the House Committees on Education and Appropriations and the Senate Committees on Finance and Education and Health or their designees, representatives of public institutions of higher education, and such other state officials as may be designated by the Governor, develop objective measures of educational-related performance and institutional performance benchmarks for such objective measures. At a minimum, the State Council shall develop such objective measures and institutional performance benchmarks for the goals and objectives set forth in subdivisions B 1 through B 10 and B 12. In addition, the Governor shall develop objective measures of financial and administrative management performance and related institutional performance benchmarks for the goals and objectives set forth in subdivision B 11.

As provided in subsection C of § 23-9.6:1.01, any public institution of higher education that has been certified during the fiscal year by the State Council of Higher Education for Virginia as meeting the institutional performance benchmarks in effect for the fiscal year as set forth in the general appropriation act shall be provided the financial benefits under § 2.2-5005. Such benefits shall first be provided as determined under such section. Objective criteria for measuring performance with regard to the state goals and objectives developed pursuant to subsection B, and benefits or consequences for meeting or not meeting those goals and objectives, shall be developed as provided in subdivision B 5 of § 23-38.87:20.

D. 1. The restructured financial and operational authority set forth in Article 3 (§ 23-38.91 et seq.) shall only be granted in accordance with the expressed terms of a management agreement between the public institution of higher education and the Commonwealth.

No restructured financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.) shall be granted to a public institution of higher education unless such authority is expressly included in the management agreement. In addition, the only implied authority that shall be granted from entering into a management agreement is that implied authority that is actually necessary to carry out the expressed grant of restructured financial or operational authority. As a matter of law, the initial presumption shall be that any restructured financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.) is not included in the management agreement. These requirements shall also apply to any other provision included in Article 3 (§ 23-38.91 et seq.).

2. No public institution of higher education shall enter into a management agreement unless:

a. (i) Its most current and unenhanced bond rating received from (a) Moody's Investors Service, Inc., (b) Standard & Poor's, Inc., or (c) Fitch Investor's Services, Inc. is at least AA- (i.e., AA minus) or its equivalent, provided that such bond rating has been received within the last three years of the date that the initial agreement is entered into or (ii) the institution has (a) participated in decentralization pilot programs in the areas of finance and capital outlay, (b) demonstrated management competency in those two areas as evidenced by a written certification from the Cabinet Secretary or Secretaries designated by the Governor, (c) received additional operational authority under a memorandum of understanding pursuant to § 23-38.90 in at least one functional area, and (d) demonstrated management competency in that area for a period of at least two years. In submitting "The Budget Bill" for calendar year 2005 pursuant to subsection A of § 2.2-1509, the Governor shall include criteria for determining whether or not an institution has demonstrated the management competency required by clause (ii);

b. An absolute two-thirds, or more, of the institution's governing body shall have voted in the affirmative for a resolution expressing the sense of the body that the institution is qualified to be, and should be, governed by the provisions of Article 3 (§ 23-38.91 et seq.), which resolution shall be included in the initial management agreement;

c. The institution agrees to reimburse the Commonwealth for any additional costs to the Commonwealth in providing health or other group insurance benefits to employees, and in undertaking any risk management program, that are attributable to the institution's exercise of any restructured financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.). The institution's agreement to reimburse the Commonwealth for such additional costs shall be expressly included in each management agreement with the institution. The Secretary of Finance and the Secretary of Administration, in consultation with the Virginia Retirement System and the affected institutions, shall establish procedures for determining any amounts to be paid by each institution and a mechanism for transferring the appropriate amounts directly and solely to the programs whose costs have been affected.

In developing management agreements, public institutions of higher education shall give consideration to potential future impacts of tuition increases on the Virginia College Savings Plan (§ 23-38.75) and shall discuss such potential impacts with parties participating in development of such agreements. The chief executive officer of the Virginia College Savings Plan shall provide to the institution and such parties the Plan's assumptions underlying the contract pricing of the program; and

d. Before executing a management agreement with the Commonwealth that affects insurance or benefit programs administered by the Virginia Retirement System, the Governor shall transmit a draft of the relevant provisions to the Board of Trustees of the Virginia Retirement System, which shall review the relevant provisions in order to ensure compliance with the applicable provisions of Title 51.1, administrative policies and procedures and federal regulations governing retirement plans. The Board shall advise the Governor and appropriate Cabinet Secretaries of any conflicts.

3. Each initial management agreement with an institution shall remain in effect for a period of three years. Subsequent management agreements with the institution shall remain in effect for a period of five years.

If an existing agreement is not renewed or a new agreement executed prior to the expiration of the three-year or five-year term, as applicable, the existing agreement shall remain in effect on a provisional basis for a period not to exceed one year. If, after the expiration of the provisional one-year period, the management agreement has not been renewed or a new agreement executed, the institution shall no longer be granted any of the financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.), unless and until such time as a new management agreement is entered into between the institution and the Commonwealth.

The Joint Legislative Audit and Review Commission, in cooperation with the Auditor of Public Accounts, shall conduct a review relating to the initial management agreement with each public institution of higher education. The review shall cover a period of at least the first 24 months from the effective date of the management agreement. The review shall include, but shall not be limited to, the degree of compliance with the expressed terms of the management agreement, the degree to which the institution has demonstrated its ability to manage successfully the administrative and financial operations of the institution without jeopardizing the financial integrity and stability of the institution, the degree to which the institution is meeting the objectives described in subsection B, and any related impact on students and employees of the institution from execution of the management agreement. The Joint Legislative Audit and Review Commission shall make a written report of its review no later than June 30 of the third year of the management agreement. The Joint Legislative Audit and Review Commission is authorized, but not required, to conduct a similar review of any management agreement entered into subsequent to the initial agreement.

4. The right and power by the Governor to void a management agreement shall be expressly included in each management agreement. The management agreement shall provide that if the Governor makes a written determination that a public institution of higher education that has entered into a management agreement with the Commonwealth is not in substantial compliance with the terms of the agreement or with the requirements of this chapter in general, (i) the Governor shall provide a copy of that written determination to the chairmen of the Board of Visitors or other governing body of the public institution of higher education and to the members of the General Assembly, and (ii) the institution shall develop and implement a plan of corrective action, satisfactory to the Governor, for purposes of coming into substantial compliance with the terms of the management agreement and with the requirements of this chapter, as soon as practicable, and shall provide a copy of such corrective action plan to the members of the General Assembly. If after a reasonable period of time after the corrective action plan has been implemented by the institution, the Governor determines that the institution is not yet in substantial compliance with the management agreement or the requirements of this chapter, the Governor may void the management agreement. Upon the Governor voiding a management agreement, the affected public institution of higher education shall not be allowed to exercise any restructured financial or operational authority pursuant to the provisions of Article 3 (§ 23-38.91 et seq.) unless and until the institution enters into a subsequent management agreement with the Secretary or Secretaries designated by the Governor or the void management agreement is reinstated by the General Assembly.

5. A management agreement with a public institution of higher education shall not grant any of the restructured financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.) to the Virginia Cooperative Extension and Agricultural Experiment Station, the University of Virginia College at Wise, or the Virginia Institute of Marine Sciences or to an affiliated entity of the institution unless such intent, as well as the degree of the restructured financial or operational authority to be granted, is expressly included in the management agreement.

6. Following the execution of each management agreement with a public institution of higher education and submission of that management agreement to the Chairmen of the House Committee on Appropriations, the House Committee on Education, the Senate Committee on Finance, and the Senate Committee on Education and Health pursuant

to § 23-38.97, the Governor shall include a recommendation for approval of the management agreement in "The Budget Bill" submitted pursuant to subsection A of § 2.2-1509 or in his gubernatorial amendments submitted pursuant to subsection E of § 2.2-1509 due by the December 20 that immediately follows the date of submission of the management agreement to such Committees. Following the General Assembly's consideration of whether to approve or disapprove the management agreement as recommended, if the management agreement is approved as part of the general appropriation act, it shall become effective on the effective date of such general appropriation act. However, no management agreement shall be entered into by a public institution of higher education and the Secretary or Secretaries designated by the Governor after November 15 of a calendar year.

E. A covered institution and the members of its governing body, officers, directors, employees, and agents shall be entitled to the same sovereign immunity to which they would be entitled if the institution were not governed by this chapter; provided further, that the Virginia Tort Claims Act (§ 8.01-195.1 et seq.) and its limitations on recoveries shall remain applicable with respect to institutions governed by this chapter.

CHAPTER 629

An Act to amend and reenact § 23-276.4 of the Code of Virginia, relating to private institutions of higher education; certification.

[S 460]

Approved April 4, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 23-276.4 of the Code of Virginia is amended and reenacted as follows:

§ 23-276.4. Council certification required for the conferring of certain degrees and other awards or the offering of certain programs.

A. Without obtaining the certification of the Council or a determination that the activity or program is exempt from such certification requirements, no postsecondary school subject to the provisions of this chapter shall:

1. Use the term "college" or "university" or abbreviations or words of similar meaning in its name or in any manner in connection with its academic affairs or business;

2. Enroll students;

3. Offer degrees, courses for degree credit, programs of study leading to a degree, or nondegree credit courses, either at a site in Virginia or via telecommunications equipment located within Virginia; or

4. Initiate other programs for degree credit or award degrees, certificates, or diplomas at a new or additional level.

B. All institutions of higher education and academic-vocational noncollege degree schools subject to the provisions of this chapter shall be fully accredited by an accrediting agency recognized by the United States Department of Education. All out-of-state academic-vocational noncollege degree schools operating in good standing in the Commonwealth prior to July 1, 2006, that have not obtained accreditation by an accrediting agency recognized by the United States Department of Education shall secure accreditation candidacy status by July 1, 2009, and shall secure full accreditation by an accrediting body recognized by the United States Department of Education by July 1, 2012. Further, on and after July 1, 2006, all out-of-state academic-vocational noncollege degree schools, subject to the provisions of this chapter, shall disclose their accreditation status in all written materials advertising or describing the school that are distributed to prospective or enrolled students or the general public.

C. Institutions of higher education shall not be required to obtain another certification from the Council to operate in Virginia if they (i) were formed, chartered or established in the Commonwealth, or chartered by an Act of Congress; (ii) have maintained a main or branch campus continuously in the Commonwealth for at least ~~40~~ 20 calendar years under their current ownership; (iii) were continuously approved or authorized to confer or grant academic or professional degrees by the Council, by the Board of Education or by an act of the General Assembly during those ~~40~~ 20 years; and (iv) are fully accredited by an accrediting agency that is recognized by, and has met the criteria for Title IV eligibility of the United States Department of Education. If authorization to confer or grant academic or professional degrees is revoked, the institution must seek recertification and must do so annually until it meets the criteria of this subsection.

D. In addition to such other requirements as are established in this chapter or the regulations of the Council, any postsecondary school formed, chartered, or established outside of the Commonwealth shall provide verification that:

1. The institution is fully accredited by an accrediting agency recognized by the United States Department of Education;

2. All courses, degrees, certificates, or diploma programs offered at any Virginia site are also offered at the school's main out-of-state campus;

3. All credits earned at any Virginia site are transferable to an institution's main out-of-state campus; and

4. The school has complied with the requirements of either Article 17 (§ 13.1-757 et seq.) of Chapter 9 of Title 13.1 or Article 14 (§ 13.1-919 et seq.) of Chapter 10 of Title 13.1.

E. Any postsecondary school that seeks to conduct telecommunications activities from a Virginia site shall apply for Council approval to conduct such activity and shall comply with this chapter and the Council's regulations in the same manner as any other school subject to this chapter.

2. That each institution of higher education that, prior to July 1, 2014, was not required to obtain another certification from the State Council of Higher Education for Virginia pursuant to subsection C of § 23-276.4 of the Code of Virginia to perform the acts set forth in subsection A of § 23-276.4 of the Code of Virginia because the institution (i) was formed, chartered, or established in the Commonwealth or chartered by an Act of Congress; (ii) has maintained a main or branch campus continuously in the Commonwealth for at least 10 calendar years under its current ownership; (iii) was continuously approved or authorized to confer or grant academic or professional degrees by the Council, by the Board of Education, or by an act of the General Assembly during those 10 years; and (iv) is fully accredited by an accrediting agency that is recognized by and has met the criteria for Title IV eligibility of the U.S. Department of Education shall not be required to obtain another such certification from the Council unless and until the institution fails to meet any requirement in clauses (i) through (iv).

CHAPTER 630

An Act to amend and reenact § 2.2-4302.2, as it shall become effective, of the Code of Virginia, relating to the Virginia Public Procurement Act; competitive negotiation; limitation of certain term contracts; exception.

[S 461]

Approved April 4, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-4302.2, as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 2.2-4302.2. (Effective July 1, 2014) Process for competitive negotiation.

A. The process for competitive negotiation shall include the following:

1. Issuance of a written Request for Proposal indicating in general terms that which is sought to be procured, specifying the factors that will be used in evaluating the proposal and containing or incorporating by reference the other applicable contractual terms and conditions, including any unique capabilities, specifications or qualifications that will be required;

2. Public notice of the Request for Proposal at least 10 days prior to the date set for receipt of proposals by posting on the Department of General Services' central electronic procurement website or other appropriate websites. Additionally, public bodies shall publish in a newspaper of general circulation in the area in which the contract is to be performed so as to provide reasonable notice to the maximum number of offerors that can be reasonably anticipated to submit proposals in response to the particular request. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities. In addition, proposals may be solicited directly from potential contractors. Any additional solicitations shall include certified businesses selected from a list made available by the Department of Small Business and Supplier Diversity; and

3. For goods, nonprofessional services, and insurance, selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the Request for Proposal, including price if so stated in the Request for Proposal. Negotiations shall then be conducted with each of the offerors so selected. Price shall be considered, but need not be the sole or primary determining factor. After negotiations have been conducted with each offeror so selected, the public body shall select the offeror which, in its opinion, has made the best proposal and provides the best value, and shall award the contract to that offeror. When the terms and conditions of multiple awards are so provided in the Request for Proposal, awards may be made to more than one offeror. Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that offeror; or

4. For professional services, the public body shall engage in individual discussions with two or more offerors deemed fully qualified, responsible and suitable on the basis of initial responses and with emphasis on professional competence, to provide the required services. Repetitive informal interviews shall be permissible. The offerors shall be encouraged to elaborate on their qualifications and performance data or staff expertise pertinent to the proposed project, as well as alternative concepts. In addition, offerors shall be informed of any ranking criteria that will be used by the public body in addition to the review of the professional competence of the offeror. The Request for Proposal shall not, however, request that offerors furnish estimates of man-hours or cost for services. At the discussion stage, the public body may discuss nonbinding estimates of total project costs, including, but not limited to, life-cycle costing, and where appropriate, nonbinding estimates of price for services. In accordance with § 2.2-4342, proprietary information from competing offerors shall not be disclosed to the public or to competitors. At the conclusion of discussion, outlined in this subdivision, on the basis of evaluation factors published in the Request for Proposal and all information developed in the selection process to this point, the public body shall select in the order of preference two or more offerors whose professional qualifications and proposed services are deemed most meritorious.

Negotiations shall then be conducted, beginning with the offeror ranked first. If a contract satisfactory and advantageous to the public body can be negotiated at a price considered fair and reasonable, the award shall be made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price.

Notwithstanding the foregoing, if the terms and conditions for multiple awards are included in the Request for Proposal, a public body may award contracts to more than one offeror.

Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified or that one offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that offeror.

B. For multiple projects, a contract for architectural or professional engineering services relating to construction projects, or a contract for job order contracting, may be negotiated by a public body, provided (i) the projects require similar experience and expertise, (ii) the nature of the projects is clearly identified in the Request for Proposal, and (iii) the contract is limited to a one-year term or when the cumulative total project fees reach the maximum cost authorized in this subsection, whichever occurs first.

Such contracts may be renewable for four additional one-year terms at the option of the public body. The fair and reasonable prices as negotiated shall be used in determining the cost of each project performed and the sum of all projects performed in a one-year contract term shall not exceed \$500,000, except that for:

1. A state agency, as defined in § 2.2-4347, the sum of all projects performed in a one-year contract term shall not exceed \$1 million as may be determined by the Director of the Department of General Services;

2. Any locality or any authority, sanitation district, metropolitan planning organization or planning district commission with a population in excess of 80,000, or any city within Planning District 8, the sum of all projects performed in a one-year contract term shall not exceed \$5 million and those awarded for any airport as defined in § 5.1-1 and aviation transportation projects, the sum of all such projects shall not exceed \$1.5 million;

3. Architectural and engineering services for rail and public transportation projects by the Director of the Department of Rail and Public Transportation, the sum of all projects in a one-year contract term shall not exceed \$2 million. Such contract may be renewable for two additional one-year terms at the option of the Director;

4. Environmental location, design and inspection work regarding highways and bridges by the Commissioner of Highways, the initial contract term shall be limited to two years or when the cumulative total project fees reach \$5 million, whichever occurs first. Such contract may be renewable for two additional one-year terms at the option of the Commissioner, and the sum of all projects in each one-year contract term shall not exceed \$5 million; and

5. Job order contracting, the sum of all projects performed in a one-year contract term shall not exceed \$2 million.

Competitive negotiations for such contracts may result in awards to more than one offeror provided (i) the Request for Proposal so states and (ii) the public body has established procedures for distributing multiple projects among the selected contractors during the contract term.

C. For any single project, for (i) architectural or professional engineering services relating to construction projects, or (ii) job order contracting, the project fee shall not exceed \$100,000, or for architectural or engineering services for airports as defined in § 5.1-1 and aviation transportation projects, the project fee ~~of any single project~~ shall not exceed \$500,000, except that for:

1. A state agency as defined in § 2.2-4347, the project fee shall not exceed \$200,000, as may be determined by the Director of the Department of General Services;

2. Any locality or any authority or sanitation district with a population in excess of 80,000, or any city within Planning District 8, the project fee shall not exceed \$2 million; and

3. Job order contracting, the project fee shall not exceed \$400,000.

The limitations imposed upon single project fees pursuant to this subsection shall not apply to environmental, location, design, and inspection work regarding highways and bridges by the Commissioner of Highways or architectural and engineering services for rail and public transportation projects by the Director of the Department of Rail and Public Transportation.

D. For the purposes of subsections B and C, any unused amounts from the first contract term shall not be carried forward to the additional term.

E. Multiphase professional services contracts satisfactory and advantageous to the completion of large, phased, or long term projects may be negotiated and awarded based on a fair and reasonable price for the first phase only, where the completion of the earlier phases is necessary to provide information critical to the negotiation of a fair and reasonable price for succeeding phases. Prior to the entering into any such contract, the public body shall (i) state the anticipated intended total scope of the project and (ii) determine in writing that the nature of the work is such that the best interests of the public body require awarding the contract.

CHAPTER 631

An Act to amend and reenact § 2.2-2818 of the Code of Virginia, relating to the Department of Human Resource Management; state health plan.

[S 464]

Approved April 4, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-2818 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-2818. Health and related insurance for state employees.

A. The Department of Human Resource Management shall establish a plan, subject to the approval of the Governor, for providing health insurance coverage, including chiropractic treatment, hospitalization, medical, surgical and major medical coverage, for state employees and retired state employees with the Commonwealth paying the cost thereof to the extent of the coverage included in such plan. The same plan shall be offered to all part-time state employees, but the total cost shall be paid by such part-time employees. The Department of Human Resource Management shall administer this section. The plan chosen shall provide means whereby coverage for the families or dependents of state employees may be purchased. Except for part-time employees, the Commonwealth may pay all or a portion of the cost thereof, and for such portion as the Commonwealth does not pay, the employee, including a part-time employee, may purchase the coverage by paying the additional cost over the cost of coverage for an employee.

Such contribution shall be financed through appropriations provided by law.

B. The plan shall:

1. Include coverage for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over and may be limited to a benefit of \$50 per mammogram subject to such dollar limits, deductibles, and coinsurance factors as are no less favorable than for physical illness generally.

The term "mammogram" shall mean an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film, and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast.

In order to be considered a screening mammogram for which coverage shall be made available under this section:

a. The mammogram shall be (i) ordered by a health care practitioner acting within the scope of his licensure and, in the case of an enrollee of a health maintenance organization, by the health maintenance organization provider; (ii) performed by a registered technologist; (iii) interpreted by a qualified radiologist; and (iv) performed under the direction of a person licensed to practice medicine and surgery and certified by the American Board of Radiology or an equivalent examining body. A copy of the mammogram report shall be sent or delivered to the health care practitioner who ordered it;

b. The equipment used to perform the mammogram shall meet the standards set forth by the Virginia Department of Health in its radiation protection regulations; and

c. The mammography film shall be retained by the radiologic facility performing the examination in accordance with the American College of Radiology guidelines or state law.

2. Include coverage for postpartum services providing inpatient care and a home visit or visits that shall be in accordance with the medical criteria, outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Such coverage shall be provided incorporating any changes in such Guidelines or Standards within six months of the publication of such Guidelines or Standards or any official amendment thereto.

3. Include an appeals process for resolution of complaints that shall provide reasonable procedures for the resolution of such complaints and shall be published and disseminated to all covered state employees. The appeals process shall be compliant with federal rules and regulations governing nonfederal, self-insured governmental health plans. The appeals process shall include a separate expedited emergency appeals procedure that shall provide resolution within time frames established by federal law. For appeals involving adverse decisions as defined in § 32.1-137.7, the Department shall contract with one or more independent review organizations to review such decisions. Independent review organizations are entities that conduct independent external review of adverse benefit determinations. The Department shall adopt regulations to assure that the independent review organization conducting the reviews has adequate standards, credentials and experience for such review. The independent review organization shall examine the final denial of claims to determine whether the decision is objective, clinically valid, and compatible with established principles of health care. The decision of the independent review organization shall (i) be in writing, (ii) contain findings of fact as to the material issues in the case and the basis for those findings, and (iii) be final and binding if consistent with law and policy.

Prior to assigning an appeal to an independent review organization, the Department shall verify that the independent review organization conducting the review of a denial of claims has no relationship or association with (i) the covered person or the covered person's authorized representative; (ii) the treating health care provider, or any of its employees or affiliates; (iii) the medical care facility at which the covered service would be provided, or any of its employees or affiliates; or (iv) the development or manufacture of the drug, device, procedure or other therapy that is the subject of the final denial of a claim. The independent review organization shall not be a subsidiary of, nor owned or controlled by, a health plan, a trade association of health plans, or a professional association of health care providers. There shall be no liability on the part of and no cause of action shall arise against any officer or employee of an independent review organization for any actions taken or not taken or statements made by such officer or employee in good faith in the performance of his powers and duties.

4. Include coverage for early intervention services. For purposes of this section, "early intervention services" means medically necessary speech and language therapy, occupational therapy, physical therapy and assistive technology services and devices for dependents from birth to age three who are certified by the Department of Behavioral Health and

Developmental Services as eligible for services under Part H of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.). Medically necessary early intervention services for the population certified by the Department of Behavioral Health and Developmental Services shall mean those services designed to help an individual attain or retain the capability to function age-appropriately within his environment, and shall include services that enhance functional ability without effecting a cure.

For persons previously covered under the plan, there shall be no denial of coverage due to the existence of a preexisting condition. The cost of early intervention services shall not be applied to any contractual provision limiting the total amount of coverage paid by the insurer to or on behalf of the insured during the insured's lifetime.

5. Include coverage for prescription drugs and devices approved by the United States Food and Drug Administration for use as contraceptives.

6. Not deny coverage for any drug approved by the United States Food and Drug Administration for use in the treatment of cancer on the basis that the drug has not been approved by the United States Food and Drug Administration for the treatment of the specific type of cancer for which the drug has been prescribed, if the drug has been recognized as safe and effective for treatment of that specific type of cancer in one of the standard reference compendia.

7. Not deny coverage for any drug prescribed to treat a covered indication so long as the drug has been approved by the United States Food and Drug Administration for at least one indication and the drug is recognized for treatment of the covered indication in one of the standard reference compendia or in substantially accepted peer-reviewed medical literature.

8. Include coverage for equipment, supplies and outpatient self-management training and education, including medical nutrition therapy, for the treatment of insulin-dependent diabetes, insulin-using diabetes, gestational diabetes and noninsulin-using diabetes if prescribed by a health care professional legally authorized to prescribe such items under law. To qualify for coverage under this subdivision, diabetes outpatient self-management training and education shall be provided by a certified, registered or licensed health care professional.

9. Include coverage for reconstructive breast surgery. For purposes of this section, "reconstructive breast surgery" means surgery performed on and after July 1, 1998, (i) coincident with a mastectomy performed for breast cancer or (ii) following a mastectomy performed for breast cancer to reestablish symmetry between the two breasts. For persons previously covered under the plan, there shall be no denial of coverage due to preexisting conditions.

10. Include coverage for annual pap smears, including coverage, on and after July 1, 1999, for annual testing performed by any FDA-approved gynecologic cytology screening technologies.

11. Include coverage providing a minimum stay in the hospital of not less than 48 hours for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of breast cancer. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate.

12. Include coverage (i) to persons age 50 and over and (ii) to persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen.

13. Permit any individual covered under the plan direct access to the health care services of a participating specialist (i) authorized to provide services under the plan and (ii) selected by the covered individual. The plan shall have a procedure by which an individual who has an ongoing special condition may, after consultation with the primary care physician, receive a referral to a specialist for such condition who shall be responsible for and capable of providing and coordinating the individual's primary and specialty care related to the initial specialty care referral. If such an individual's care would most appropriately be coordinated by such a specialist, the plan shall refer the individual to a specialist. For the purposes of this subdivision, "special condition" means a condition or disease that is (i) life-threatening, degenerative, or disabling and (ii) requires specialized medical care over a prolonged period of time. Within the treatment period authorized by the referral, such specialist shall be permitted to treat the individual without a further referral from the individual's primary care provider and may authorize such referrals, procedures, tests, and other medical services related to the initial referral as the individual's primary care provider would otherwise be permitted to provide or authorize. The plan shall have a procedure by which an individual who has an ongoing special condition that requires ongoing care from a specialist may receive a standing referral to such specialist for the treatment of the special condition. If the primary care provider, in consultation with the plan and the specialist, if any, determines that such a standing referral is appropriate, the plan or issuer shall make such a referral to a specialist. Nothing contained herein shall prohibit the plan from requiring a participating specialist to provide written notification to the covered individual's primary care physician of any visit to such specialist. Such notification may include a description of the health care services rendered at the time of the visit.

14. Include provisions allowing employees to continue receiving health care services for a period of up to 90 days from the date of the primary care physician's notice of termination from any of the plan's provider panels. The plan shall notify any provider at least 90 days prior to the date of termination of the provider, except when the provider is terminated for cause.

For a period of at least 90 days from the date of the notice of a provider's termination from any of the plan's provider panels, except when a provider is terminated for cause, a provider shall be permitted by the plan to render health care

services to any of the covered employees who (i) were in an active course of treatment from the provider prior to the notice of termination and (ii) request to continue receiving health care services from the provider.

Notwithstanding the provisions of this subdivision, any provider shall be permitted by the plan to continue rendering health services to any covered employee who has entered the second trimester of pregnancy at the time of the provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue through the provision of postpartum care directly related to the delivery.

Notwithstanding the provisions of this subdivision, any provider shall be permitted to continue rendering health services to any covered employee who is determined to be terminally ill (as defined under § 1861(dd)(3)(A) of the Social Security Act) at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue for the remainder of the employee's life for care directly related to the treatment of the terminal illness.

A provider who continues to render health care services pursuant to this subdivision shall be reimbursed in accordance with the carrier's agreement with such provider existing immediately before the provider's termination of participation.

15. Include coverage for patient costs incurred during participation in clinical trials for treatment studies on cancer, including ovarian cancer trials.

The reimbursement for patient costs incurred during participation in clinical trials for treatment studies on cancer shall be determined in the same manner as reimbursement is determined for other medical and surgical procedures. Such coverage shall have durational limits, dollar limits, deductibles, copayments and coinsurance factors that are no less favorable than for physical illness generally.

For purposes of this subdivision:

"Cooperative group" means a formal network of facilities that collaborate on research projects and have an established NIH-approved peer review program operating within the group. "Cooperative group" includes (i) the National Cancer Institute Clinical Cooperative Group and (ii) the National Cancer Institute Community Clinical Oncology Program.

"FDA" means the Federal Food and Drug Administration.

"Multiple project assurance contract" means a contract between an institution and the federal Department of Health and Human Services that defines the relationship of the institution to the federal Department of Health and Human Services and sets out the responsibilities of the institution and the procedures that will be used by the institution to protect human subjects.

"NCI" means the National Cancer Institute.

"NIH" means the National Institutes of Health.

"Patient" means a person covered under the plan established pursuant to this section.

"Patient cost" means the cost of a medically necessary health care service that is incurred as a result of the treatment being provided to a patient for purposes of a clinical trial. "Patient cost" does not include (i) the cost of nonhealth care services that a patient may be required to receive as a result of the treatment being provided for purposes of a clinical trial, (ii) costs associated with managing the research associated with the clinical trial, or (iii) the cost of the investigational drug or device.

Coverage for patient costs incurred during clinical trials for treatment studies on cancer shall be provided if the treatment is being conducted in a Phase II, Phase III, or Phase IV clinical trial. Such treatment may, however, be provided on a case-by-case basis if the treatment is being provided in a Phase I clinical trial.

The treatment described in the previous paragraph shall be provided by a clinical trial approved by:

- a. The National Cancer Institute;
- b. An NCI cooperative group or an NCI center;
- c. The FDA in the form of an investigational new drug application;
- d. The federal Department of Veterans Affairs; or
- e. An institutional review board of an institution in the Commonwealth that has a multiple project assurance contract approved by the Office of Protection from Research Risks of the NCI.

The facility and personnel providing the treatment shall be capable of doing so by virtue of their experience, training, and expertise.

Coverage under this subdivision shall apply only if:

(1) There is no clearly superior, noninvestigational treatment alternative;

(2) The available clinical or preclinical data provide a reasonable expectation that the treatment will be at least as effective as the noninvestigational alternative; and

(3) The patient and the physician or health care provider who provides services to the patient under the plan conclude that the patient's participation in the clinical trial would be appropriate, pursuant to procedures established by the plan.

16. Include coverage providing a minimum stay in the hospital of not less than 23 hours for a covered employee following a laparoscopy-assisted vaginal hysterectomy and 48 hours for a covered employee following a vaginal hysterectomy, as outlined in Milliman & Robertson's nationally recognized guidelines. Nothing in this subdivision shall be construed as requiring the provision of the total hours referenced when the attending physician, in consultation with the covered employee, determines that a shorter hospital stay is appropriate.

17. Include coverage for biologically based mental illness.

For purposes of this subdivision, a "biologically based mental illness" is any mental or nervous condition caused by a biological disorder of the brain that results in a clinically significant syndrome that substantially limits the person's functioning; specifically, the following diagnoses are defined as biologically based mental illness as they apply to adults and children: schizophrenia, schizoaffective disorder, bipolar disorder, major depressive disorder, panic disorder, obsessive-compulsive disorder, attention deficit hyperactivity disorder, autism, and drug and alcoholism addiction.

Coverage for biologically based mental illnesses shall neither be different nor separate from coverage for any other illness, condition or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayment and coinsurance factors.

Nothing shall preclude the undertaking of usual and customary procedures to determine the appropriateness of, and medical necessity for, treatment of biologically based mental illnesses under this option, provided that all such appropriateness and medical necessity determinations are made in the same manner as those determinations made for the treatment of any other illness, condition or disorder covered by such policy or contract.

18. Offer and make available coverage for the treatment of morbid obesity through gastric bypass surgery or such other methods as may be recognized by the National Institutes of Health as effective for the long-term reversal of morbid obesity. Such coverage shall have durational limits, dollar limits, deductibles, copayments and coinsurance factors that are no less favorable than for physical illness generally. Access to surgery for morbid obesity shall not be restricted based upon dietary or any other criteria not approved by the National Institutes of Health. For purposes of this subdivision, "morbid obesity" means (i) a weight that is at least 100 pounds over or twice the ideal weight for frame, age, height, and gender as specified in the 1983 Metropolitan Life Insurance tables, (ii) a body mass index (BMI) equal to or greater than 35 kilograms per meter squared with comorbidity or coexisting medical conditions such as hypertension, cardiopulmonary conditions, sleep apnea, or diabetes, or (iii) a BMI of 40 kilograms per meter squared without such comorbidity. [H 197]

CHAPTER 648

An Act to amend and reenact § 15.2-2307 of the Code of Virginia, relating to vested rights.

[H 208]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2307 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2307. Vested rights not impaired; nonconforming uses.

Nothing in this article shall be construed to authorize the impairment of any vested right. Without limiting the time when rights might otherwise vest, a landowner's rights shall be deemed vested in a land use and such vesting shall not be affected by a subsequent amendment to a zoning ordinance when the landowner (i) obtains or is the beneficiary of a significant affirmative governmental act which remains in effect allowing development of a specific project, (ii) relies in good faith on the significant affirmative governmental act, and (iii) incurs extensive obligations or substantial expenses in diligent pursuit of the specific project in reliance on the significant affirmative governmental act.

For purposes of this section and without limitation, the following are deemed to be significant affirmative governmental acts allowing development of a specific project: (i) the governing body has accepted proffers or proffered conditions which specify use related to a zoning amendment; (ii) the governing body has approved an application for a rezoning for a specific use or density; (iii) the governing body or board of zoning appeals has granted a special exception or use permit with conditions; (iv) the board of zoning appeals has approved a variance; (v) the governing body or its designated agent has approved a preliminary subdivision plat, site plan or plan of development for the landowner's property and the applicant diligently pursues approval of the final plat or plan within a reasonable period of time under the circumstances; (vi) the governing body or its designated agent has approved a final subdivision plat, site plan or plan of development for the landowner's property; or (vii) the zoning administrator or other administrative officer has issued a written order, requirement, decision or determination regarding the permissibility of a specific use or density of the landowner's property that is no longer subject to appeal and no longer subject to change, modification or reversal under subsection C of § 15.2-2311.

A zoning ordinance may provide that land, buildings, and structures and the uses thereof which do not conform to the zoning prescribed for the district in which they are situated may be continued only so long as the then existing or a more restricted use continues and such use is not discontinued for more than two years, and so long as the buildings or structures are maintained in their then structural condition; and that the uses of such buildings or structures shall conform to such regulations whenever, with respect to the building or structure, the square footage of a building or structure is enlarged, or the building or structure is structurally altered as provided in the Uniform Statewide Building Code (§ 36-97 et seq.). Further, a zoning ordinance may provide that no nonconforming use may be expanded, or that no nonconforming building or structure may be moved on the same lot or to any other lot which is not properly zoned to permit such nonconforming use.

Notwithstanding any local ordinance to the contrary, if (i) the local government has issued a building permit, the building or structure was thereafter constructed in accordance with the building permit, and upon completion of construction, the local government issued a certificate of occupancy or a use permit therefor, or (ii) the owner of the building or structure has paid taxes to the locality for such building or structure for a period ~~in excess of more than the previous 15 years, a zoning ordinance may provide that the building or structure is nonconforming, but shall not provide that such building or structure is illegal and shall be removed solely due to such nonconformity. Further, a shall not provide that such building or structure is illegal and subject to removal solely due to such nonconformity. Such building or structure shall be nonconforming.~~ A zoning ordinance may provide that such building or structure be brought in compliance with the Uniform Statewide Building Code, *provided that to do so shall not affect the nonconforming status of such building or structure.* If the local government has issued a permit, other than a building permit, that authorized construction of an improvement to real property and the improvement was thereafter constructed in accordance with such permit, the ordinance may provide that the improvements are nonconforming, but not illegal.

A zoning ordinance shall permit the owner of any residential or commercial building damaged or destroyed by a natural disaster or other act of God to repair, rebuild, or replace such building to eliminate or reduce the nonconforming features to the extent possible, without the need to obtain a variance as provided in § 15.2-2310. If such building is damaged greater than 50 percent and cannot be repaired, rebuilt or replaced except to restore it to its original nonconforming condition, the owner shall have the right to do so. The owner shall apply for a building permit and any work done to repair, rebuild or replace such building shall be in compliance with the provisions of the Uniform Statewide Building Code (§ 36-97 et seq.) and any work done to repair, rebuild or replace such building shall be in compliance with the provisions of the local flood plain regulations adopted as a condition of participation in the National Flood Insurance Program. Unless such building is repaired, rebuilt or replaced within two years of the date of the natural disaster or other act of God, such building shall only be repaired, rebuilt or replaced in accordance with the provisions of the zoning ordinance of the locality. However, if the nonconforming building is in an area under a federal disaster declaration and the building has been damaged or destroyed as a direct result of conditions that gave rise to the declaration, then the zoning ordinance shall provide for an additional two years for the building to be repaired, rebuilt or replaced as otherwise provided in this paragraph. For purposes of this section, "act of God" shall include any natural disaster or phenomena including a hurricane, tornado, storm, flood, high water, wind-driven water, tidal wave, earthquake or fire caused by lightning or wildfire. For purposes of this section, owners of property damaged by an accidental fire have the same rights to rebuild such property as if it were damaged by an act of God. Nothing herein shall be construed to enable the property owner to commit an arson under § 18.2-77 or 18.2-80, and obtain vested rights under this section.

Notwithstanding any local ordinance to the contrary, an owner of real property shall be permitted to replace an existing on-site sewage system for any existing building in the same general location on the property even if a new on-site sewage system would not otherwise be permitted in that location, unless access to a public sanitary sewer is available to the property. If access to a sanitary sewer system is available, then the connection to such system shall be required. Any new on-site system shall be installed in compliance with applicable regulations of the Department of Health in effect at the time of the installation.

Nothing in this section shall be construed to prevent a locality, after making a reasonable attempt to notify such property owner, from ordering the removal of a nonconforming sign that has been abandoned. For purposes of this section, a sign shall be considered abandoned if the business for which the sign was erected has not been in operation for a period of at least two years. Any locality may, by ordinance, provide that following the expiration of the two-year period any abandoned nonconforming sign shall be removed by the owner of the property on which the sign is located, if notified by

the locality to do so. If, following such two-year period, the locality has made a reasonable attempt to notify the property owner, the locality through its own agents or employees may enter the property upon which the sign is located and remove any such sign whenever the owner has refused to do so. The cost of such removal shall be chargeable to the owner of the property. Nothing herein shall prevent the locality from applying to a court of competent jurisdiction for an order requiring the removal of such abandoned nonconforming sign by the owner by means of injunction or other appropriate remedy.

Nothing in this section shall be construed to prevent the land owner or home owner from removing a valid nonconforming manufactured home from a mobile or manufactured home park and replacing that home with another comparable manufactured home that meets the current HUD manufactured housing code. In such mobile or manufactured home park, a single-section home may replace a single-section home and a multi-section home may replace a multi-section home. The owner of a valid nonconforming mobile or manufactured home not located in a mobile or manufactured home park may replace that home with a newer manufactured home, either single- or multi-section, that meets the current HUD manufactured housing code. Any such replacement home shall retain the valid nonconforming status of the prior home.

CHAPTER 649

In making its determination, the court shall consider all of the following factors that are relevant to the case: (i) the degree to which the delinquent act was committed with the use of force, threat or intimidation, (ii) the age and maturity of the complaining witness, (iii) the age and maturity of the offender, (iv) the difference in the ages of the complaining witness and the offender, (v) the nature of the relationship between the complaining witness and the offender, (vi) the offender's prior criminal history, and (vii) any other aggravating or mitigating factors relevant to the case. The attorney for the Commonwealth may file such a motion at any time during which the offender is within the jurisdiction of the court for the offense that is the basis for such motion. Prior to any hearing on such motion, the court shall appoint a qualified and competent attorney-at-law to represent the offender unless an attorney has been retained and appears on behalf of the offender or counsel has already been appointed.

H. Prior to entering judgment of conviction of an offense for which registration is required if the victim of the offense was a minor, physically helpless, or mentally incapacitated, the court shall determine by a preponderance of the evidence whether the victim of the offense was a minor, physically helpless or mentally incapacitated, as defined in § 18.2-67.10, and shall also determine the age of the victim at the time of the offense if it determines the victim to be a minor. Upon such a determination the court shall advise the defendant of its determination and of the defendant's right to withdraw a plea of guilty or nolo contendere. If the defendant chooses to withdraw his plea of guilty or of nolo contendere, his case shall be heard by another judge, unless the parties agree otherwise.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 806 of the Acts of Assembly of 2013 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

B. A guest who is an occupant in a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar lodging shall not be construed to be a tenant living in a dwelling unit if such person does not reside in such lodging as his primary residence. Such guest shall be exempt from this chapter and the innkeeper or property owner, or agent thereof, shall have the right to use self-help eviction under Virginia law, without the necessity of the filing of an unlawful detainer action in a court of competent jurisdiction and the execution of a writ of possession issued pursuant thereto, which

would otherwise be required under this chapter. For purposes of this chapter, a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar transient lodging shall be exempt from the provisions of this chapter if overnight sleeping accommodations are furnished to a person for consideration if such person does not reside in such lodging as his primary residence.

C. If a person resides in a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar transient lodging as his primary residence for fewer than 90 consecutive days, such lodging shall not be subject to the provisions of this chapter. D. If a person resides in a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar transient lodging as their primary residence for more than 90 consecutive days or is subject to a written lease for more than 90 days, such lodging shall be subject to the provisions of this chapter.

E. Notwithstanding the provisions of subsection A, the landlord may specifically provide for the applicability of the provisions of this chapter in the rental agreement.

§ 55-248.15:1. Security deposits.

A. A landlord may not demand or receive a security deposit, however denominated, in an amount or value in excess of two months' periodic rent. Upon termination of the tenancy, such security deposit, whether it is property or money, ~~plus any accrued interest thereon~~, held by the landlord as security as hereinafter provided may be applied solely by the landlord (i) to the payment of accrued rent and including the reasonable charges for late payment of rent specified in the rental agreement; (ii) to the payment of the amount of damages which the landlord has suffered by reason of the tenant's noncompliance with § 55-248.16, less reasonable wear and tear; or (iii) to other damages or charges as provided in the rental agreement. The security deposit, ~~any accrued interest~~ and any deductions, damages and charges shall be itemized by the landlord in a written notice given to the tenant, together with any amount due the tenant within 45 days after termination of the tenancy and delivery of possession.

Where there is more than one tenant subject to a rental agreement, unless otherwise agreed to in writing by each of the tenants, disposition of the security deposit shall be made with one check being payable to all such tenants and sent to ~~the a~~ forwarding address provided by one of the tenants. ~~If no~~ *Regardless of the number of tenants subject to a rental agreement, if a tenant fails to provide a forwarding address is provided* to the landlord to enable the landlord to make a refund of the security deposit, upon the expiration of one year from the date of the end of the 45-day time period, the balance of such security deposit shall escheat to the Commonwealth and shall be paid into the state treasury and credited to the Virginia Housing Partnership Revolving Fund established pursuant to § 36-142. Upon payment to the Commonwealth, the landlord shall have no further liability to any tenant relative to the security deposit. If the landlord or managing agent is a real estate licensee, compliance with this paragraph shall be deemed compliance with § 54.1-2108 and corresponding regulations of the Real Estate Board.

Nothing in this section shall be construed by a court of law or otherwise as entitling the tenant, upon the termination of the tenancy, to an immediate credit against the tenant's delinquent rent account in the amount of the security deposit. The landlord shall apply the security deposit in accordance with this section within the 45-day time period. However, provided the landlord has given prior written notice in accordance with this section, the landlord may withhold a reasonable portion of the security deposit to cover an amount of the balance due on the water, sewer, or other utility account that is an obligation of the tenant to a third-party provider under the rental agreement for the dwelling unit, and upon payment of such obligations the landlord shall provide written confirmation to the tenant within 10 days thereafter, along with payment to the tenant of any balance otherwise due to the tenant. In order to withhold such funds as part of the disposition of the security deposit, the landlord shall have so advised the tenant of his rights and obligations under this section in (i) a termination notice to the tenant in accordance with this chapter, (ii) a vacating notice to the tenant in accordance with this section, or (iii) a separate written notice to the tenant at least 15 days prior to the disposition of the security deposit. Any written notice to the tenant shall be given in accordance with § 55-248.6.

The tenant may provide the landlord with written confirmation of the payment of the final water, sewer, or other utility bill for the dwelling unit, in which case the landlord shall refund the security deposit, unless there are other authorized deductions, within the 45-day period, or if the tenant provides such written confirmation after the expiration of the 45-day period, the landlord shall refund any remaining balance of the security deposit held to the tenant within 10 days following the receipt of such written confirmation provided by the tenant. If the landlord otherwise receives confirmation of payment of the final water, sewer, or other utility bill for the dwelling unit, the landlord shall refund the security deposit, unless there are other authorized deductions, within the 45-day period.

Nothing in this section shall be construed to prohibit the landlord from making the disposition of the security deposit prior to the 45-day period and charging an administrative fee to the tenant for such expedited processing, if the rental agreement so provides and the tenant requests expedited processing in a separate written document.

The landlord shall notify the tenant in writing of any deductions provided by this subsection to be made from the tenant's security deposit during the course of the tenancy. Such notification shall be made within 30 days of the date of the determination of the deduction and shall itemize the reasons in the same manner as provided in subsection B. Such notification shall not be required for deductions made less than 30 days prior to the termination of the rental agreement. If the landlord willfully fails to comply with this section, the court shall order the return of the security deposit ~~and interest~~

thereon to the tenant, together with actual damages and reasonable attorney fees, unless the tenant owes rent to the landlord, in which case, the court shall order an amount equal to the security deposit and interest thereon credited against the rent due to the landlord. In the event that damages to the premises exceed the amount of the security deposit and require the services of a third party contractor, the landlord shall give written notice to the tenant advising him of that fact within the 45-day period. If notice is given as prescribed in this paragraph, the landlord shall have an additional 15-day period to provide an itemization of the damages and the cost of repair. This section shall not preclude the landlord or tenant from recovering other damages to which he may be entitled under this chapter. The holder of the landlord's interest in the premises at the time of the termination of the tenancy, regardless of how the interest is acquired or transferred, is bound by this section and shall be required to return any security deposit received by the original landlord and any accrued interest that is duly owed to the tenant, whether or not such security deposit is transferred with the landlord's interest by law or equity, regardless of any contractual agreements between the original landlord and his successors in interest.

B. The landlord shall:

1. ~~Accrue interest at an annual rate equal to four percentage points below the Federal Reserve Board discount rate as of January 1 of each year on all property or money held as a security deposit. However, no interest shall be due and payable unless the security deposit has been held by the landlord for a period exceeding 13 months beginning from the commencement date of the rental agreement or after the effective date of any prior written or oral rental agreements with the same tenant, for continuous occupancy of the same dwelling unit until termination of the tenancy and delivery of possession; such security deposit earning interest which begins accruing from the effective date of the rental agreement; and such interest shall be paid only upon termination of the tenancy; delivery of possession and return of the security deposit as provided in subsection A;~~

2. Maintain and itemize records for each tenant of all deductions from security deposits provided for under this section which the landlord has made by reason of a tenant's noncompliance with § 55-248.16 during the preceding two years; and

3. 2. Permit a tenant or his authorized agent or attorney to inspect such tenant's records of deductions at any time during normal business hours.

C. Upon request by the landlord to a tenant to vacate, or within five days after receipt of notice by the landlord of the tenant's intent to vacate, the landlord shall make reasonable efforts to advise the tenant of the tenant's right to be present at the landlord's inspection of the dwelling unit for the purpose of determining the amount of security deposit to be returned. If the tenant desires to be present when the landlord makes the inspection, he shall so advise the landlord in writing who, in turn, shall notify the tenant of the time and date of the inspection, which must be made within 72 hours of delivery of possession. Upon completion of the inspection attended by the tenant, the landlord shall furnish the tenant with an itemized list of damages to the dwelling unit known to exist at the time of the inspection.

D. If the tenant has any assignee or sublessee, the landlord shall be entitled to hold a security deposit from only one party in compliance with the provisions of this section.

CHAPTER 653

An Act to amend and reenact §§ 16.1-241 and 20-124.1 of the Code of Virginia, relating to jurisdiction; custody and visitation arrangements for minor children; persons with legitimate interest.

[H 359]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-241 and 20-124.1 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-241. Jurisdiction; consent for abortion.

The judges of the juvenile and domestic relations district court elected or appointed under this law shall be conservators of the peace within the corporate limits of the cities and the boundaries of the counties for which they are respectively chosen and within one mile beyond the limits of such cities and counties. Except as hereinafter provided, each juvenile and domestic relations district court shall have, within the limits of the territory for which it is created, exclusive original jurisdiction, and within one mile beyond the limits of said city or county, concurrent jurisdiction with the juvenile court or courts of the adjoining city or county, over all cases, matters and proceedings involving:

A. The custody, visitation, support, control or disposition of a child:

1. Who is alleged to be abused, neglected, in need of services, in need of supervision, a status offender, or delinquent except where the jurisdiction of the juvenile court has been terminated or divested;

2. Who is abandoned by his parent or other custodian or who by reason of the absence or physical or mental incapacity of his parents is without parental care and guardianship;

2a. Who is at risk of being abused or neglected by a parent or custodian who has been adjudicated as having abused or neglected another child in the care of the parent or custodian;

3. Whose custody, visitation or support is a subject of controversy or requires determination. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, except as provided in § 16.1-244;

4. Who is the subject of an entrustment agreement entered into pursuant to § 63.2-903 or 63.2-1817 or whose parent or parents for good cause desire to be relieved of his care and custody;

5. Where the termination of residual parental rights and responsibilities is sought. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, as provided in § 16.1-244; and

6. Who is charged with a traffic infraction as defined in § 46.2-100.

In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection B of § 16.1-269.1, and for any charges ancillary thereto, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was 14 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection C of § 16.1-269.1, and for all charges ancillary thereto, if the attorney for the Commonwealth has given notice as provided in subsection C of § 16.1-269.1, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was 14 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. A determination by the juvenile court following a preliminary hearing pursuant to subsection B or C of § 16.1-269.1 to certify a charge to the grand jury shall divest the juvenile court of jurisdiction over the charge and any ancillary charge. In any case in which a transfer hearing is held pursuant to subsection A of § 16.1-269.1, if the juvenile court determines to transfer the case, jurisdiction of the juvenile court over the case shall be divested as provided in § 16.1-269.6.

In all other cases involving delinquent acts, and in cases in which an ancillary charge remains after a violent juvenile felony charge has been dismissed or a violent juvenile felony has been reduced to a lesser offense not constituting a violent juvenile felony, the jurisdiction of the juvenile court shall not be divested unless there is a transfer pursuant to subsection A of § 16.1-269.1.

The authority of the juvenile court to adjudicate matters involving the custody, visitation, support, control or disposition of a child shall not be limited to the consideration of petitions filed by a mother, father or legal guardian but shall include petitions filed at any time by any party with a legitimate interest therein. A party with a legitimate interest shall be broadly construed and shall include, but not be limited to, grandparents, *step-grandparents*, stepparents, former stepparents, blood relatives and family members. A party with a legitimate interest shall not include any person (i) whose parental rights have been terminated by court order, either voluntarily or involuntarily, (ii) whose interest in the child derives from or through a person whose parental rights have been terminated by court order, either voluntarily or involuntarily, including, but not limited to, grandparents, stepparents, former stepparents, blood relatives and family members, if the child subsequently has been legally adopted, except where a final order of adoption is entered pursuant to § 63.2-1241, or (iii) who has been convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, when the child who is the subject of the petition was conceived as a result of such violation. The authority of the juvenile court to consider a petition involving the custody of a child shall not be proscribed or limited where the child has previously been awarded to the custody of a local board of social services.

B. The admission of minors for inpatient treatment in a mental health facility in accordance with the provisions of Article 16 (§ 16.1-335 et seq.) and the involuntary admission of a person with mental illness or judicial certification of eligibility for admission to a training center for persons with intellectual disability in accordance with the provisions of Chapter 8 (§ 37.2-800 et seq.) of Title 37.2. Jurisdiction of the involuntary admission and certification of adults shall be concurrent with the general district court.

C. Except as provided in subsections D and H, judicial consent to such activities as may require parental consent may be given for a child who has been separated from his parents, guardian, legal custodian or other person standing in loco parentis and is in the custody of the court when such consent is required by law.

D. Judicial consent for emergency surgical or medical treatment for a child who is neither married nor has ever been married, when the consent of his parent, guardian, legal custodian or other person standing in loco parentis is unobtainable because such parent, guardian, legal custodian or other person standing in loco parentis (i) is not a resident of the Commonwealth, (ii) has his whereabouts unknown, (iii) cannot be consulted with promptness, reasonable under the circumstances, or (iv) fails to give such consent or provide such treatment when requested by the judge to do so.

E. Any person charged with deserting, abandoning or failing to provide support for any person in violation of law.

F. Any parent, guardian, legal custodian or other person standing in loco parentis of a child:

1. Who has been abused or neglected;

2. Who is the subject of an entrustment agreement entered into pursuant to § 63.2-903 or 63.2-1817 or is otherwise before the court pursuant to subdivision A 4; or

3. Who has been adjudicated in need of services, in need of supervision, or delinquent, if the court finds that such person has by overt act or omission induced, caused, encouraged or contributed to the conduct of the child complained of in the petition.

G. Petitions filed by or on behalf of a child or such child's parent, guardian, legal custodian or other person standing in loco parentis for the purpose of obtaining treatment, rehabilitation or other services that are required by law to be provided for that child or such child's parent, guardian, legal custodian or other person standing in loco parentis. Jurisdiction in such cases shall be concurrent with and not exclusive of that of courts having equity jurisdiction as provided in § 16.1-244.

H. Judicial consent to apply for a work permit for a child when such child is separated from his parents, legal guardian or other person standing in loco parentis.

I. The prosecution and punishment of persons charged with ill-treatment, abuse, abandonment or neglect of children or with any violation of law that causes or tends to cause a child to come within the purview of this law, or with any other

offense against the person of a child. In prosecution for felonies over which the court has jurisdiction, jurisdiction shall be limited to determining whether or not there is probable cause.

J. All offenses in which one family or household member is charged with an offense in which another family or household member is the victim and all offenses under § 18.2-49.1.

In prosecution for felonies over which the court has jurisdiction, jurisdiction shall be limited to determining whether or not there is probable cause. Any objection based on jurisdiction under this subsection shall be made before a jury is impaneled and sworn in a jury trial or, in a nonjury trial, before the earlier of when the court begins to hear or receive evidence or the first witness is sworn, or it shall be conclusively waived for all purposes. Any such objection shall not affect or be grounds for challenging directly or collaterally the jurisdiction of the court in which the case is tried.

K. Petitions filed by a natural parent, whose parental rights to a child have been voluntarily relinquished pursuant to a court proceeding, to seek a reversal of the court order terminating such parental rights. No such petition shall be accepted, however, after the child has been placed in the home of adoptive parents.

L. Any person who seeks spousal support after having separated from his spouse. A decision under this subdivision shall not be res judicata in any subsequent action for spousal support in a circuit court. A circuit court shall have concurrent original jurisdiction in all causes of action under this subdivision.

M. P. Petitions for enforcement of administrative support orders entered pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2, or by another state in the same manner as if the orders were entered by a juvenile and domestic relations district court upon the filing of a certified copy of such order in the juvenile and domestic relations district court.

Q. Petitions for a determination of parentage pursuant to Chapter 3.1 (§ 20-49.1 et seq.) of Title 20. A circuit court shall have concurrent original jurisdiction to the extent provided for in § 20-49.2.

R. [Repealed.]

S. Petitions filed by school boards against parents pursuant to §§ 16.1-241.2 and 22.1-279.3.

T. Petitions to enforce any request for information or subpoena that is not complied with or to review any refusal to issue a subpoena in an administrative appeal regarding child abuse and neglect pursuant to § 63.2-1526.

U. Petitions filed in connection with parental placement adoption consent hearings pursuant to § 63.2-1233. Such proceedings shall be advanced on the docket so as to be heard by the court within 10 days of filing of the petition, or as soon thereafter as practicable so as to provide the earliest possible disposition.

V. Petitions filed for the purpose of obtaining the court's assistance with the execution of consent to an adoption when the consent to an adoption is executed pursuant to the laws of another state and the laws of that state provide for the execution of consent to an adoption in the court of the Commonwealth.

W. Petitions filed by a juvenile seeking judicial authorization for a physician to perform an abortion if a minor elects not to seek consent of an authorized person.

After a hearing, a judge shall issue an order authorizing a physician to perform an abortion, without the consent of any authorized person, if he finds that (i) the minor is mature enough and well enough informed to make her abortion decision, in consultation with her physician, independent of the wishes of any authorized person, or (ii) the minor is not mature enough or well enough informed to make such decision, but the desired abortion would be in her best interest.

If the judge authorizes an abortion based on the best interests of the minor, such order shall expressly state that such authorization is subject to the physician or his agent giving notice of intent to perform the abortion; however, no such notice shall be required if the judge finds that such notice would not be in the best interest of the minor. In determining whether notice is in the best interest of the minor, the judge shall consider the totality of the circumstances; however, he shall find that notice is not in the best interest of the minor if he finds that (i) one or more authorized persons with whom the minor regularly and customarily resides is abusive or neglectful, and (ii) every other authorized person, if any, is either abusive or neglectful or has refused to accept responsibility as parent, legal guardian, custodian or person standing in loco parentis.

The minor may participate in the court proceedings on her own behalf, and the court may appoint a guardian ad litem for the minor. The court shall advise the minor that she has a right to counsel and shall, upon her request, appoint counsel for her.

Notwithstanding any other provision of law, the provisions of this subsection shall govern proceedings relating to consent for a minor's abortion. Court proceedings under this subsection and records of such proceedings shall be confidential. Such proceedings shall be given precedence over other pending matters so that the court may reach a decision promptly and without delay in order to serve the best interests of the minor. Court proceedings under this subsection shall be heard and decided as soon as practicable but in no event later than four days after the petition is filed.

An expedited confidential appeal to the circuit court shall be available to any minor for whom the court denies an order authorizing an abortion without consent or without notice. Any such appeal shall be heard and decided no later than five days after the appeal is filed. The time periods required by this subsection shall be subject to subsection B of § 1-210. An order authorizing an abortion without consent or without notice shall not be subject to appeal.

No filing fees shall be required of the minor at trial or upon appeal.

If either the original court or the circuit court fails to act within the time periods required by this subsection, the court before which the proceeding is pending shall immediately authorize a physician to perform the abortion without consent of or notice to an authorized person.

Nothing contained in this subsection shall be construed to authorize a physician to perform an abortion on a minor in circumstances or in a manner that would be unlawful if performed on an adult woman.

A physician shall not knowingly perform an abortion upon an unemancipated minor unless consent has been obtained or the minor delivers to the physician a court order entered pursuant to this section and the physician or his agent provides such notice as such order may require. However, neither consent nor judicial authorization nor notice shall be required if the minor declares that she is abused or neglected and the attending physician has reason to suspect that the minor may be an abused or neglected child as defined in § 63.2-100 and reports the suspected abuse or neglect in accordance with § 63.2-1509; or if there is a medical emergency, in which case the attending physician shall certify the facts justifying the exception in the minor's medical record.

For purposes of this subsection:

"Authorization" means the minor has delivered to the physician a notarized, written statement signed by an authorized person that the authorized person knows of the minor's intent to have an abortion and consents to such abortion being performed on the minor.

"Authorized person" means (i) a parent or duly appointed legal guardian or custodian of the minor or (ii) a person standing in loco parentis, including, but not limited to, a grandparent or adult sibling with whom the minor regularly and customarily resides and who has care and control of the minor. Any person who knows he is not an authorized person and who knowingly and willfully signs an authorization statement consenting to an abortion for a minor is guilty of a Class 3 misdemeanor.

"Consent" means that (i) the physician has given notice of intent to perform the abortion and has received authorization from an authorized person, or (ii) at least one authorized person is present with the minor seeking the abortion and provides written authorization to the physician, which shall be witnessed by the physician or an agent thereof. In either case, the written authorization shall be incorporated into the minor's medical record and maintained as a part thereof.

"Medical emergency" means any condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of the pregnant minor as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create a serious risk of substantial and irreversible impairment of a major bodily function.

"Notice of intent to perform the abortion" means that (i) the physician or his agent has given actual notice of his intention to perform such abortion to an authorized person, either in person or by telephone, at least 24 hours previous to the performance of the abortion; or (ii) the physician or his agent, after a reasonable effort to notify an authorized person, has mailed notice to an authorized person by certified mail, addressed to such person at his usual place of abode, with return receipt requested, at least 72 hours prior to the performance of the abortion.

"Perform an abortion" means to interrupt or terminate a pregnancy by any surgical or nonsurgical procedure or to induce a miscarriage as provided in § 18.2-72, 18.2-73, or 18.2-74.

"Unemancipated minor" means a minor who has not been emancipated by (i) entry into a valid marriage, even though the marriage may have been terminated by dissolution; (ii) active duty with any of the Armed Forces of the United States; (iii) willingly living separate and apart from his or her parents or guardian, with the consent or acquiescence of the parents or guardian; or (iv) entry of an order of emancipation pursuant to Article 15 (§ 16.1-331 et seq.).

X. Petitions filed pursuant to Article 17 (§ 16.1-349 et seq.) relating to standby guardians for minor children.

The ages specified in this law refer to the age of the child at the time of the acts complained of in the petition.

Notwithstanding any other provision of law, no fees shall be charged by a sheriff for the service of any process in a proceeding pursuant to subdivision A 3, except as provided in subdivision A 6 of § 17.1-272, or subsection B, D, M, or R.

Notwithstanding the provisions of § 18.2-71, any physician who performs an abortion in violation of subsection W shall be guilty of a Class 3 misdemeanor.

§ 20-124.1. Definitions.

As used in this chapter:

"Joint custody" means (i) joint legal custody where both parents retain joint responsibility for the care and control of the child and joint authority to make decisions concerning the child even though the child's primary residence may be with only one parent, (ii) joint physical custody where both parents share physical and custodial care of the child, or (iii) any combination of joint legal and joint physical custody which the court deems to be in the best interest of the child.

"Person with a legitimate interest" shall be broadly construed and includes, but is not limited to, grandparents, *step-grandparents*, stepparents, former stepparents, blood relatives and family members provided any such party has intervened in the suit or is otherwise properly before the court. The term shall be broadly construed to accommodate the best interest of the child. A party with a legitimate interest shall not include any person (i) whose parental rights have been terminated by court order, either voluntarily or involuntarily, (ii) whose interest in the child derives from or through a person whose parental rights have been terminated, either voluntarily or involuntarily, including but not limited to grandparents, stepparents, former stepparents, blood relatives and family members, if the child subsequently has been legally adopted, except where a final order of adoption is entered pursuant to § 63.2-1241, or (iii) who has been convicted of a violation of

subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, when the child who is the subject of the petition was conceived as a result of such violation.

"Sole custody" means that one person retains responsibility for the care and control of a child and has primary authority to make decisions concerning the child.

[H 400]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-4507 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-4507. Members of transportation district commissions.

A. Any transportation district commission created shall consist of the number of members the component governments shall from time to time agree upon, or as may otherwise be provided by law. The governing body of each participating county and city shall appoint from among its members the number of commissioners to which the county or city is entitled; however, for those commissions with powers as set forth in subsection A of § 15.2-4515, the governing body of each participating county or city is not limited to appointing commissioners from among its members. In addition, the governing body may appoint from its number or otherwise, designated alternate members for those appointed to the commission who shall be able to exercise all of the powers and duties of a commission member when the regular member is absent from commission meetings. Each such appointee shall serve at the pleasure of the appointing body; however, no appointee to a commission with powers as set forth in subsection B of § 15.2-4515 may continue to serve when he is no longer a member of the appointing body. Each governing body shall inform the commission of its appointments to and removals from the commission by delivering to the commission a certified copy of the resolution making the appointment or causing the removal.

In the case of a transportation district, commonly known as the Potomac and Rappahannock Transportation Commission, which was established on or after July 1, 1986, and which includes more than one jurisdiction located within the Washington, D.C., metropolitan area, such commission shall also include two members of the House of Delegates and one member of the Senate from legislative districts located wholly or in part within the boundaries of the transportation district. The members of the House of Delegates shall be appointed by the Speaker of the House for terms coincident with their terms of office, and the member of the Senate shall be appointed by the Senate Committee on Rules for a term coincident with his term of office. The members of the General Assembly shall be eligible for reappointment for successive terms. Vacancies occurring other than by expiration of a term shall be filled for the unexpired term. Vacancies shall be filled in the same manner as the original appointments.

In the case of the Transportation District Commission of Hampton Roads, such commission shall consist of one citizen member appointed by the Governor from each county and city embraced by the Transportation District. *However, for the gubernatorial appointments that will become effective July 1, 2016, three of the appointments shall be for initial terms of two years and three appointments shall be for terms of four years. Thereafter, all gubernatorial appointments shall be for terms of four years so as to stagger the terms of the gubernatorial appointees.* The governing body of each such county or city may appoint either a member of its governing body or its county or city manager to serve as an ex officio member with voting privileges. Every such ex officio member shall be allowed to attend all meetings of the commission that other members may be required to attend. Vacancies shall be filled in the same manner as the original appointments.

The Chairman of the Commonwealth Transportation Board, or his designee, shall be a member of each commission, ex officio with voting privileges. The chairman of the Commonwealth Transportation Board may appoint an alternate member who may exercise all the powers and duties of the chairman of the Commonwealth Transportation Board when neither the chairman of the Commonwealth Transportation Board nor his designee is present at a commission meeting.

B. Any appointed member of a commission of a transportation district, commonly known as the Northern Virginia Transportation Commission, which was established prior to July 1, 1986, and which includes jurisdictions located within the Washington, D.C., metropolitan statistical area, and the Secretary of Transportation or his designee, is authorized to serve as a member of the board of directors of the Washington Metropolitan Area Transit Authority (Chapter 627 of the Acts of Assembly of 1958 as amended) and while so serving the provisions of § 2.2-2800 shall not apply to such member. In appointing Virginia members of the board of directors of the Washington Metropolitan Area Transit Authority (WMATA), the Northern Virginia Transportation Commission shall include the Secretary of Transportation or his designee as a

principal member on the board of directors of the WMATA. Any designee serving as the principal member must reside in a locality served by WMATA.

In selecting from its membership those members to serve on the board of directors of the WMATA, the Northern Virginia Transportation Commission shall comply with the following requirements:

1. A board member shall not have been an employee of WMATA within one year of appointment to serve on the board of directors.

2. A board member shall have experience in at least one of the following: transit planning, transportation planning, or land use planning; transit or transportation management or other public sector management; engineering; finance; public safety; homeland security; human resources; the law; or knowledge of the region's transportation issues derived from working on regional transportation issue resolution.

3. A member shall be a regular patron of the services provided by WMATA.

4. Members shall serve a term of four years with a maximum of two consecutive terms. Such term or terms must coincide with their term on the body that appointed them to the Northern Virginia Transportation Commission. Any vacancy created if a board member cannot fulfill his term because his term on the appointing body had ended shall be filled for the unexpired term in the same manner as the member being replaced was appointed within 60 days of the vacancy. The initial appointments to a four-year term will be as follows: the Secretary, or his designee, for a term of four years; the second principal member for a term of three years; one alternate for a term of two years; and the remaining alternate for a term of one year. Thereafter, members shall be appointed for terms of four years. Service on the WMATA board of directors prior to July 1, 2012, shall not be considered in determining length of service. Any person appointed to an initial one or two year term, or appointed to an unexpired term in which two years or less is remaining, shall be eligible to serve two consecutive four-year terms after serving the initial or unexpired term.

5. Members may be removed from the board of directors of the WMATA if they attend fewer than three-fourths of the meetings in a calendar year; if they are conflicted due to employment at WMATA; or if they are found to be in violation of the State and Local Government Conflict of Interests Act (§ 2.2-3100 et seq.). If a member is removed during a term, the vacancy shall be filled pursuant to the provisions of subdivision 4.

6. Each member of the Northern Virginia Transportation Commission appointed to the board of directors of the WMATA shall file semiannual reports with the Secretary of Transportation's office beginning July 1, 2012. The reports shall include (i) the dates of attendance at WMATA board meetings, (ii) any reasons for not attending a specific meeting, and (iii) dates and attendance at other WMATA-related public events.

Any entity that provides compensation to a WMATA board member for his service on the WMATA board shall be required to submit on July 1 of each year to the Secretary of Transportation the amount of that compensation. Such letter will remain on file with the Secretary's office and be available for public review.

C. (Effective July 1, 2014) In the case of two or more transportation commissions which each include at least one jurisdiction located within the Washington, D.C., metropolitan area and which have entered into an agreement to operate a commuter railway, the agreement governing the creation of the railway shall provide that the Chairman of the Commonwealth Transportation Board or his designee shall have one vote on the oversight board for the railway. For each year in which the state contribution to the railway is greater than or equal to the highest contribution from an individual jurisdiction, the total annual jurisdictional subsidy used to determine vote weights shall be recalculated to include the Commonwealth contributing an amount equal to the highest contributing jurisdiction. The vote weights shall be recalculated to provide the Chairman of the Commonwealth Transportation Board or his designee the same weight as the highest contributing jurisdiction. The revised vote weights shall be used in determining the passage of motions before the oversight board.

The unit owners' association has made three good faith attempts to convene a duly called meeting of the unit owners' association to present for consideration amendments to the condominium instruments for the reasons specified in subsection A, which attempts have proven unsuccessful as evidenced by an affidavit verified by oath of the principal officer of the unit owners' association;

2. There is no adequate remedy at law as practical and effective to attain the ends of justice as may be accomplished in the circuit court;

3. Where the declarant of the condominium still owns a unit or continues to have any special declarant rights in the condominium, the declarant joins in the petition of the unit owners' association;

4. A copy of the petition is sent to all unit owners at least 30 days before the petition is filed as evidenced by an affidavit verified by oath of the principal officer of the unit owners' association; and

5. A copy of the petition is sent to all mortgagees at least 30 days before the petition is filed as evidenced by an affidavit verified by oath of the principal officer of the unit owners' association.

B. The court shall have jurisdiction over matters set forth in subsection A regarding ownership of legal title of the common areas or real property to:

1. Reform, in whole or in part, any provision of a declaration; and

2. Correct mistakes or any other error in the declaration that may exist with respect to the declaration for any other purpose.

C. A petition filed by the association with the court setting forth any inconsistency or error made in the declaration, or the necessity for any change therein, shall be deemed sufficient basis for the reformation, in whole or in part, of the declaration, provided that:

1. The association has made three good faith attempts to convene a duly called meeting of the association to present for consideration amendments to the declaration for the reasons specified in subsection A, which attempts have proven unsuccessful as evidenced by an affidavit verified by oath of the principal officer of the association;

2. There is no adequate remedy at law as practical and effective to attain the ends of justice as may be accomplished in the circuit court;

3. Where the declarant of the development still owns a lot or other property in the development, the declarant joins in the petition of the association;

D. Any mortgagee of a lot in the development shall have standing to participate in the reformation proceedings before the court. No reformation pursuant to this section shall affect mortgagee rights, alter the priority of the lien of any mortgage, materially impair or affect any lot as collateral for a mortgage, or affect a mortgagee's right to foreclose on a lot as collateral without the prior written consent of the mortgagee. CHAPTER 665

An Act to amend and reenact §§ 19.2-368.5, 19.2-368.9, and 19.2-368.11:1 of the Code of Virginia, relating to the Criminal Injuries Compensation Fund; workgroup.

[H 885]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-368.5, 19.2-368.9, and 19.2-368.11:1 of the Code of Virginia are amended and reenacted as follows:

§ 19.2-368.5. Filing of claims; deferral of proceedings; restitution.

A. A claim may be filed by a person eligible to receive an award, as provided in § 19.2-368.4, or if such person is a minor, by his parent or guardian. In any case in which the person entitled to make a claim is incapacitated, the claim may be filed on his behalf by his guardian, conservator or such other individual authorized to administer his estate.

B. A claim shall be filed by the claimant not later than one year after the occurrence of the crime upon which such claim is based, or not later than one year after the death of the victim. However, (i) in cases involving claims made on behalf of a minor or a person who is incapacitated, the provisions of subsection A of § 8.01-229 shall apply to toll the one-year period; (ii) in cases involving claims made by a victim against profits of crime held in escrow pursuant to Chapter 21.2 (§ 19.2-368.19 et seq.) of this title, the claim shall be filed within five years of the date of the special order of escrow; and (iii) in cases involving claims of sexual abuse of a minor, the claim shall be filed within 10 years after the minor's eighteenth birthday. For good cause shown, the Commission may extend the time for filing for a crime committed on or after July 1, 2001.

In the case of a crime committed on or after July 1, 1977, and before July 1, 2001, for which a claim was not filed in a timely manner, the Commission may, for good cause shown, extend the time for filing if the attorney for the Commonwealth

sends written notification to the Commission that the crime is being investigated as a result of newly discovered evidence. For any claim filed pursuant to this paragraph, the Commission shall only consider expenses that the claimant accrues after the date of written notification by the attorney for the Commonwealth.

C. Claims shall be filed in the office of the Commission in person, by mail, or by electronic means in accordance with standards approved by the Commission. The Commission shall accept for filing all claims submitted by persons eligible under subsection A of this section and alleging the jurisdictional requirements set forth in this chapter and meeting the requirements as to form in the rules and regulations of the Commission.

D. Upon filing of a claim pursuant to this chapter, the Commission shall promptly notify the attorney for the Commonwealth of the jurisdiction wherein the crime is alleged to have occurred. If, within 10 days after such notification, the attorney for the Commonwealth so notified advises the Commission that a criminal prosecution is pending upon the same alleged crime, the Commission shall defer all proceedings under this chapter until such time as such criminal prosecution has been concluded in the circuit court unless notification is received from the attorney for the Commonwealth that no objection is made to a continuation of the investigation and determination of the claim. When such criminal prosecution has been concluded in the circuit court the attorney for the Commonwealth shall promptly so notify the Commission. Nothing in this section shall be construed to mean that the Commission is to defer proceedings upon the filing of an appeal, nor shall this section be construed to limit the authority of the Commission to grant emergency awards as hereinafter provided. Upon awarding a claim pursuant to this chapter, the Commission shall promptly notify the attorney for the Commonwealth of the jurisdiction wherein the crime is alleged to have occurred. If a criminal prosecution occurs regarding the same alleged crime, the attorney for the Commonwealth shall request the court to order restitution. However, neither the lack of a restitution order, nor the failure of the attorney for the Commonwealth to request such an order, shall preclude the Fund from exercising its subrogation rights pursuant to § 19.2-368.15. Any such restitution shall be paid over to the Comptroller for deposit into the Criminal Injuries Compensation Fund to the extent of the amount of the award paid from the Fund.

§ 19.2-368.9. Emergency awards.

Notwithstanding any other provisions of this chapter, if it appears to the Commission, that (1) such claim is one with respect to which an award probably will be made, and (2) undue hardship will result to the claimant if immediate payment is not made, the Commission may make an emergency award to the claimant, pending a final decision in the case, provided that (i) the amount of such emergency award shall not exceed ~~\$2,000~~ \$3,000, (ii) the amount of such emergency award shall be deducted from any final award made to the claimant, and (iii) the excess of the amount of such emergency award over the final award, or the full amount of the emergency award if no final award is made, shall be repaid by the claimant to the Commission.

§ 19.2-368.11:1. Amount of award.

A. Compensation for Total Loss of Earnings: An award made pursuant to this chapter for total loss of earnings which results directly from incapacity incurred by a crime victim shall be payable during total incapacity to the victim or to such other eligible person, at a weekly compensation rate equal to 66 2/3 percent of the victim's average weekly wages. The total amount of weekly compensation shall not exceed \$600. The victim's average weekly wages shall be determined as provided in § 65.2-101.

B. Compensation for Partial Loss of Earnings: An award made pursuant to this chapter for partial loss of earnings which results directly from incapacity incurred by a crime victim shall be payable during incapacity at a weekly rate equal to 66 2/3 percent of the difference between the victim's average weekly wages before the injury and the weekly wages which the victim is able to earn thereafter. The combined total of actual weekly earnings and compensation for partial loss of earnings shall not exceed \$600 per week.

C. Compensation for Loss of Earnings of Parent of Minor Victim: The parent or guardian of a minor crime victim may receive compensation for loss of earnings, calculated as specified in subsections A and B, for time spent obtaining medical treatment for the child and for accompanying the child to, attending or participating in investigative, prosecutorial, judicial, adjudicatory and post-conviction proceedings.

D. Compensation for Dependents of a Victim Who Is Killed: If death results to a victim of crime entitled to benefits, dependents of the victim shall be entitled to compensation in accordance with the provisions of §§ 65.2-512 and 65.2-515 in an amount not to exceed the maximum aggregate payment or the maximum weekly compensation which would have been payable to the deceased victim under this section.

E. Compensation for Unreimbursed Medical Costs, Funeral Expenses, Services, etc.: Awards may also be made on claims or portions of claims based upon the claimant's actual expenses incurred as are determined by the Commission to be appropriate, for (i) unreimbursed medical expenses or indebtedness reasonably incurred for medical expenses; (ii) expenses reasonably incurred in obtaining ordinary and necessary services in lieu of those the victim would have performed, for the benefit of himself and his family, if he had not been a victim of crime; (iii) expenses directly related to funeral or burial, not to exceed \$5,000; (iv) expenses attributable to pregnancy resulting from forcible rape; (v) mental health counseling for survivors as defined under subdivisions A 2 and A 4 of § 19.2-368.4, not to exceed ~~\$2,500~~ \$3,500 per claim; (vi) reasonable and necessary moving expenses, not to exceed ~~\$1,000~~ \$2,000, incurred by a victim or survivors as defined under subdivisions A 2 and A 4 of § 19.2-368.4; and (vii) any other reasonable and necessary expenses and indebtedness incurred as a direct result of the injury or death upon which such claim is based, not otherwise specifically provided for.

Notwithstanding any other provision of law, a person who is not eligible for an award under subsection A of § 19.2-368.4 who pays expenses directly related to funeral or burial is eligible for reimbursement subject to the limitations of this section.

F. Notwithstanding the provisions of subdivision 3 of § 19.2-368.10, §§ 19.2-368.5, 19.2-368.5:1, 19.2-368.6, 19.2-368.7, 19.2-368.8, subsection G of this section, and § 19.2-368.16, the Criminal Injuries Compensation Fund shall pay for physical evidence recovery kit examinations conducted on victims of sexual assault. Any individual that submits to and completes a physical evidence recovery kit examination shall be considered to have met the reporting and cooperation requirements of this chapter. Funds paid for physical evidence recovery kit collection shall not be offset against the Fund's maximum allowable award as provided in subsection H. Payments may be subject to negotiated agreements with the provider. Healthcare providers that complete physical evidence recovery kit examinations may bill the Fund directly subject to the provisions of § 19.2-368.5:2. The Commission shall develop policies for a distinct payment process for physical evidence recovery kit examination expenses as required under subdivision 1 of § 19.2-368.3.

In order for the Fund to consider additional crime-related expenses, victims shall file with the Fund following the provisions of this chapter and Criminal Injuries Compensation Fund policy.

G. Any claim made pursuant to this chapter shall be reduced by the amount of any payments received or to be received as a result of the injury from or on behalf of the person who committed the crime or from any other public or private source, including an emergency award by the Commission pursuant to § 19.2-368.9.

H. To qualify for an award under this chapter, a claim must have a minimum value of \$100, and payments for injury or death to a victim of crime, to the victim's dependents or to others entitled to payment for covered expenses, after being reduced as provided in subsection G, shall not exceed \$25,000 in the aggregate.

2. That the Virginia State Crime Commission shall convene a stakeholder workgroup to include state and local representatives from the sexual and domestic violence coalition; representatives from the Department of Criminal Justice Services, the Department of Social Services, the Department of Health and the Criminal Injuries Compensation Fund; and representatives from other relevant state or local entities to support an efficient and comprehensive streamlining of current federal and state sexual and domestic violence victim service agency funding, including general fund, non-general fund, and special fund monies. The workgroup shall complete its work no later than September 30, 2014.

CHAPTER 666

An Act to amend and reenact § 46.2-1702 of the Code of Virginia, relating to approval of driver education instructors by the Commissioner of the Department of Motor Vehicles.

[H 925]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-1702 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-1702. Certification of driver education courses by Commissioner.

~~The~~ *Notwithstanding any other provision of law, the Commissioner shall have the authority to approve as a driver education course satisfying the requirements of § 46.2-334 any course which is offered by any driver training school licensed under the provisions of this chapter if he finds that the course is of comparable content and quality to that offered in the Commonwealth's public schools. In making such finding, the Commissioner shall not require that the instructors of any driver training school meet the certification requirements of teachers in the Commonwealth's public schools.*

Any community college within the Virginia Community College System shall have the authority to offer the courses required by the Virginia Board of Education to become a certified driver education instructor in Virginia on a not-for-credit basis so long as the courses include the same content and curriculum required by the Department of Education, enabling individuals who complete those courses to then teach driver's education in Virginia driver education training schools upon official certification by the Department of Motor Vehicles. The Virginia Department of Education shall provide the curriculum, content, and other information regarding the courses required to become certified driver education instructors in Virginia to any community college within the Virginia Community College System. The content of each course must be accurate and rigorous and must meet the requirements for the Department of Education's Curriculum and Administrative Guide for Driver's Education, which includes the Board of Education's standards of learning.

The Commissioner shall have authority to approve any driver education course offered by any Class A licensee if he finds the course meets the requirements for such courses as set forth in this chapter and as otherwise established by the Department. Driver education courses offered by any Class B licensee shall be based on the driver education curriculum currently approved by the Department of Education and the Department.

The Commissioner may accept 20 years' service with the Virginia Department of State Police by a person who retired or resigned while in good standing from such Department in lieu of requirements established by the Department of Education for instructor qualification.

CHAPTER 667

An Act to amend and reenact § 20-108.2 of the Code of Virginia, relating to child support guidelines.

[H 933]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 20-108.2 of the Code of Virginia is amended and reenacted as follows:

§ 20-108.2. Guideline for determination of child support; quadrennial review by Child Support Guidelines Review Panel; executive summary.

A. There shall be a rebuttable presumption in any judicial or administrative proceeding for child support under this title or Title 16.1 or 63.2, including cases involving split custody or shared custody, that the amount of the award which would result from the application of the guidelines set forth in this section is the correct amount of child support to be awarded. In order to rebut the presumption, the court shall make written findings in the order as set out in § 20-108.1, which findings may be incorporated by reference, that the application of the guidelines would be unjust or inappropriate in a particular case as determined by relevant evidence pertaining to the factors set out in § 20-108.1. The Department of Social Services shall set child support at the amount resulting from computations using the guidelines set out in this section pursuant to the authority granted to it in Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 and subject to the provisions of § 63.2-1918.

B. For purposes of application of the guideline, a basic child support obligation shall be computed using the schedule set out below. For combined monthly gross income amounts falling between amounts shown in the schedule, basic child support obligation amounts shall be extrapolated. However, unless one of the following exemptions applies where the sole custody child support obligation as computed pursuant to subdivision G 1 is less than ~~\$65~~ the statutory minimum per month, there shall be a presumptive minimum child support obligation of ~~\$65~~ the statutory minimum per month payable by the payor parent. *If the gross income of the obligor is equal to or less than 150 percent of the federal poverty level promulgated by the U.S. Department of Health and Human Services from time to time, then the court, upon hearing evidence that there is no ability to pay the presumptive statutory minimum, may set an obligation below the presumptive statutory minimum provided doing so does not create or reduce a support obligation to an amount which seriously impairs the custodial parent's ability to maintain minimal adequate housing and provide other basic necessities for the child.* Exemptions from this presumptive minimum monthly child support obligation shall include: parents unable to pay child support because they lack sufficient assets from which to pay child support and who, in addition, are institutionalized in a psychiatric facility; are imprisoned for life with no chance of parole; are medically verified to be totally and permanently disabled with no evidence of potential for paying child support, including recipients of Supplemental Security Income (SSI); or are otherwise involuntarily unable to produce income. "Number of children" means the number of children for whom the parents share joint legal responsibility and for whom support is being sought.

For gross monthly incomes above \$35,000, add the amount of child support for \$35,000 to the following percentages of gross income above \$35,000.

<i>ONE CHILD</i>	<i>TWO CHILDREN</i>	<i>THREE CHILDREN</i>	<i>FOUR CHILDREN</i>	<i>FIVE CHILDREN</i>	<i>SIX CHILDREN</i>
<i>2.6%</i>	<i>3.4%</i>	<i>3.8%</i>	<i>4.2%</i>	<i>4.6%</i>	<i>5.0%</i>

C. For purposes of this section, "gross income" means all income from all sources, and shall include, but not be limited to, income from salaries, wages, commissions, royalties, bonuses, dividends, severance pay, pensions, interest, trust income, annuities, capital gains, social security benefits except as listed below, workers' compensation benefits, unemployment insurance benefits, disability insurance benefits, veterans' benefits, spousal support, rental income, gifts, prizes or awards.

If a parent's gross income includes disability insurance benefits, it shall also include any amounts paid to or for the child who is the subject of the order and derived by the child from the parent's entitlement to disability insurance benefits. To the extent that such derivative benefits are included in a parent's gross income, that parent shall be entitled to a credit against his or her ongoing basic child support obligation for any such amounts, and, if the amount of the credit exceeds the parent's basic child support obligations, the credit may be used to reduce arrearages.

Gross income shall be subject to deduction of reasonable business expenses for persons with income from self-employment, a partnership, or a closely held business. "Gross income" shall not include:

1. Benefits from public assistance and social services programs as defined in § 63.2-100;
2. Federal supplemental security income benefits;
3. Child support received; or

4. Income received by the payor from secondary employment income not previously included in "gross income," where the payor obtained the income to discharge a child support arrearage established by a court or administrative order and the payor is paying the arrearage pursuant to the order. "Secondary employment income" includes but is not limited to income from an additional job, from self-employment, or from overtime employment. The cessation of such secondary income upon the payment of the arrearage shall not be the basis for a material change in circumstances upon which a modification of child support may be based.

For purposes of this subsection: (i) spousal support received shall be included in gross income and spousal support paid shall be deducted from gross income when paid pursuant to an order or written agreement and (ii) one-half of any self-employment tax paid shall be deducted from gross income.

Where there is an existing court or administrative order or written agreement relating to the child or children of a party to the proceeding, who are not the child or children who are the subject of the present proceeding, then there is a presumption that there shall be deducted from the gross income of the party subject to such order or written agreement, the amount that the party is actually paying for the support of a child or children pursuant to such order or agreement.

Where a party to the proceeding has a natural or adopted child or children in the party's household or primary physical custody, and the child or children are not the subject of the present proceeding, there is a presumption that there shall be deducted from the gross income of that party the amount as shown on the Schedule of Monthly Basic Child Support Obligations contained in subsection B that represents that party's support obligation based solely on that party's income as being the total income available for the natural or adopted child or children in the party's household or primary physical custody, who are not the subject of the present proceeding. Provided, however, that the existence of a party's financial responsibility for such a child or children shall not of itself constitute a material change in circumstances for modifying a previous order of child support in any modification proceeding. Any adjustment to gross income under this subsection shall

not create or reduce a support obligation to an amount which seriously impairs the custodial parent's ability to maintain minimal adequate housing and provide other basic necessities for the child, as determined by the court.

In cases in which retroactive liability for support is being determined, the court or administrative agency may use the gross monthly income of the parties averaged over the period of retroactivity.

D. Except for good cause shown or the agreement of the parties, in addition to any other child support obligations established pursuant to this section, any child support order shall provide that the parents pay in proportion to their gross incomes, as used for calculating the monthly support obligation, any reasonable and necessary unreimbursed medical or dental expenses ~~that are in excess of \$250 for any calendar year for each child who is the subject of the obligation.~~ The method of payment of those expenses shall be contained in the support order. Each parent shall pay his respective share of expenses as those expenses are incurred. Any amount paid under this subsection shall not be adjusted by, nor added to, the child support calculated in accordance with subsection G. For the purposes of this section, medical or dental expenses shall include but not be limited to eyeglasses, prescription medication, prosthetics, orthodontics, and mental health or developmental disabilities services, including but not limited to services provided by a social worker, psychologist, psychiatrist, counselor, or therapist.

E. Any costs for health care coverage as defined in § 63.2-1900 and dental care coverage, when actually being paid by a parent or that parent's spouse, to the extent such costs are directly allocable to the child or children, and which are the extra costs of covering the child or children beyond whatever coverage the parent or that parent's spouse providing the coverage would otherwise have, shall be added to the basic child support obligation.

F. Any child-care costs incurred on behalf of the child or children due to employment of the custodial parent shall be added to the basic child support obligation. Child-care costs shall not exceed the amount required to provide quality care from a licensed source. When requested by the noncustodial parent, the court may require the custodial parent to present documentation to verify the costs incurred for child care under this subsection. Where appropriate, the court shall consider the willingness and availability of the noncustodial parent to provide child care personally in determining whether child-care costs are necessary or excessive. Upon the request of either party, and upon a showing of the tax savings a party derives from child-care cost deductions or credits, the court shall factor actual tax consequences into its calculation of the child-care costs to be added to the basic child support obligation.

G. 1. Sole custody support. The sole custody total monthly child support obligation shall be established by adding (i) the monthly basic child support obligation, as determined from the schedule contained in subsection B, (ii) costs for health care coverage to the extent allowable by subsection E, and (iii) work-related child-care costs and taking into consideration all the factors set forth in subsection B of § 20-108.1. The total monthly child support obligation shall be divided between the parents in the same proportion as their monthly gross incomes bear to their monthly combined gross income. The monthly obligation of each parent shall be computed by multiplying each parent's percentage of the parents' monthly combined gross income by the total monthly child support obligation.

However, the monthly obligation of the noncustodial parent shall be reduced by the cost for health care coverage to the extent allowable by subsection E when paid directly by the noncustodial parent or that parent's spouse. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

2. Split custody support. In cases involving split custody, the amount of child support to be paid shall be the difference between the amounts owed by each parent as a noncustodial parent, computed in accordance with subdivision 1, with the noncustodial parent owing the larger amount paying the difference to the other parent. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

For the purpose of this section and § 20-108.1, split custody shall be limited to those situations where each parent has physical custody of a child or children born of the parents, born of either parent and adopted by the other parent or adopted by both parents. For the purposes of calculating a child support obligation where split custody exists, a separate family unit exists for each parent, and child support for that family unit shall be calculated upon the number of children in that family unit who are born of the parents, born of either parent and adopted by the other parent or adopted by both parents. Where split custody exists, a parent is a custodial parent to the children in that parent's family unit and is a noncustodial parent to the children in the other parent's family unit.

3. Shared custody support.

(a) Where a party has custody or visitation of a child or children for more than 90 days of the year, as such days are defined in subdivision G 3 (c), a shared custody child support amount based on the ratio in which the parents share the custody and visitation of any child or children shall be calculated in accordance with this subdivision. The presumptive support to be paid shall be the shared custody support amount, unless a party affirmatively shows that the sole custody support amount calculated as provided in subdivision G 1 is less than the shared custody support amount. If so, the lesser amount shall be the support to be paid. For the purposes of this subsection, the following shall apply:

(i) Income share. "Income share" means a parent's percentage of the combined monthly gross income of both parents. The income share of a parent is that parent's gross income divided by the combined gross incomes of the parties.

(ii) Custody share. "Custody share" means the number of days that a parent has physical custody, whether by sole custody, joint legal or joint residential custody, or visitation, of a shared child per year divided by the number of days in the year. The actual or anticipated "custody share" of the parent who has or will have fewer days of physical custody shall be calculated for a one-year period. The "custody share" of the other parent shall be presumed to be the number of days in the year less the number of days calculated as the first parent's "custody share." For purposes of this calculation, the year may

begin on such date as is determined in the discretion of the court, and the day may begin at such time as is determined in the discretion of the court. For purposes of this calculation, a day shall be as defined in subdivision G 3 (c).

(iii) Shared support need. "Shared support need" means the presumptive guideline amount of needed support for the shared child or children calculated pursuant to subsection B of this section, for the combined gross income of the parties and the number of shared children, multiplied by 1.4.

(iv) Sole custody support. "Sole custody support" means the support amount determined in accordance with subdivision G 1.

(b) Support to be paid. The shared support need of the shared child or children shall be calculated pursuant to subdivision G 3 (a) (iii). This amount shall then be multiplied by the other parent's custody share. To that sum for each parent shall be added the other parent's or that parent's spouse's cost of health care coverage to the extent allowable by subsection E, plus the other parent's work-related child-care costs to the extent allowable by subsection F. This total for each parent shall be multiplied by that parent's income share. The support amounts thereby calculated that each parent owes the other shall be subtracted one from the other and the difference shall be the shared custody support one parent owes to the other, with the payor parent being the one whose shared support is the larger. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

(c) Definition of a day. For the purposes of this section, "day" means a period of 24 hours; however, where the parent who has the fewer number of overnight periods during the year has an overnight period with a child, but has physical custody of the shared child for less than 24 hours during such overnight period, there is a presumption that each parent shall be allocated one-half of a day of custody for that period.

(d) Minimum standards. Any calculation under this subdivision shall not create or reduce a support obligation to an amount which seriously impairs the custodial parent's ability to maintain minimal adequate housing and provide other basic necessities for the child. If the gross income of either party is equal to or less than 150 percent of the federal poverty level promulgated by the U.S. Department of Health and Human Services from time to time, then the shared custody support calculated pursuant to this subsection shall not be the presumptively correct support and the court may consider whether the sole custody support or the shared custody support is more just and appropriate.

(e) Support modification. When there has been an award of child support based on the shared custody formula and one parent consistently fails to exercise custody or visitation in accordance with the parent's custody share upon which the award was based, there shall be a rebuttable presumption that the support award should be modified.

(f) In the event that the shared custody support calculation indicates that the net support is to be paid to the parent who would not be the parent receiving support pursuant to the sole custody calculation, then the shared support shall be deemed to be the lesser support.

H. The Secretary of Health and Human Resources shall ensure that the guideline set out in this section is reviewed by October 31, 2001, and every four years thereafter, by the Child Support Guidelines Review Panel, consisting of 15 members comprised of four legislative members and 11 nonlegislative citizen members. Members shall be appointed as follows: three members of the House Committee for Courts of Justice, upon the recommendation of the chairman of such committee, to be appointed by the Speaker of the House of Delegates in accordance with the principles of proportional representation contained in the Rules of the House of Delegates; one member of the Senate Committee for Courts of Justice, upon the recommendation of the chairman of such committee, to be appointed by the Senate Committee on Rules; and one representative of a juvenile and domestic relations district court, one representative of a circuit court, one representative of the Department of Social Services' Division of Child Support Enforcement, three members of the Virginia State Bar, two custodial parents, two noncustodial parents, and one child advocate, upon the recommendation of the Secretary of Health and Human Resources, to be appointed by the Governor. The Panel shall determine the adequacy of the guideline for the determination of appropriate awards for the support of children by considering current research and data on the cost of and expenditures necessary for rearing children, and any other resources it deems relevant to such review. The Panel shall report its findings to the General Assembly as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports before the General Assembly next convenes following such review.

Legislative members shall serve terms coincident with their terms of office. Nonlegislative citizen members shall serve at the pleasure of the Governor. All members may be reappointed. Appointments to fill vacancies, other than by expiration of a term, shall be made for the unexpired terms. Vacancies shall be filled in the same manner as the original appointments.

Legislative members shall receive such compensation as provided in § 30-19.12, and nonlegislative citizen members shall receive such compensation for the performance of their duties as provided in § 2.2-2813. All members shall be reimbursed for all reasonable and necessary expenses incurred in the performance of their duties as provided in §§ 2.2-2813 and 2.2-2825. Funding for the costs of compensation and expenses of the members shall be provided by the Department of Social Services.

The Department of Social Services shall provide staff support to the Panel. All agencies of the Commonwealth shall provide assistance to the Panel, upon request.

The chairman of the Panel shall submit to the Governor and the General Assembly a quadrennial executive summary of the interim activity and work of the Panel no later than the first day of 2006 regular session of the General Assembly and every four years thereafter. The executive summary shall be submitted as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website.

CHAPTER 669

An Act to amend and reenact § 45.1-394 of the Code of Virginia and to amend and reenact the second enactment of Chapter 652 of the Acts of Assembly of 2006, relating to the Biofuels Production Incentive Grant Program.

[H 1025]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 45.1-394 of the Code of Virginia is amended and reenacted as follows:

§ 45.1-394. (Repealed effective July 1, 2017) Biofuels Production Incentive Grant Program.

A. For the purposes of this section:

"Advanced biofuels" means a fuel derived from any cellulose, hemicellulose, or lignin that is derived from renewable biomass, or algae.

"Biodiesel fuel" means a fuel composed of mono-alkyl esters of long chain fatty acids derived from vegetable oils or animal fats, designated B100, and meeting the requirements of ASTM D6751.

"Biofuels" means neat biodiesel fuel, neat green diesel fuel, or neat ethanol fuel that is not blended with a traditional fuel such as gasoline or diesel.

"Ethanol fuels" means fermentation alcohol derived from agricultural products, including potatoes, cereal grains, dry mill corn, whey, and sugar beets; forest products; or other renewable resources, including residue and waste generated from the production, processing, and marketing of agricultural products, forest products, and other renewable resources, that:

1. Meets all applicable ASTM specifications; and

2. Is denatured as specified in 27 C.F.R. Parts 20 and 21.

"Feedstock" means the agricultural or other renewable resources, whether plant or animal derived, used to produce biofuels.

"Green diesel fuel" means a fuel produced from nonfossil renewable resources, including agricultural or silvicultural plants; animal fats; residue and waste generated from the production, processing, and marketing of agricultural products; silvicultural products; and other renewable resources, and meeting applicable ASTM specifications.

"Producer" means any person, entity, or agricultural cooperative association, as defined in the Agricultural Cooperative Association Act (§ 13.1-312 et seq.) that, in a calendar year, produces in the Commonwealth at least one million gallons of *advanced biofuels* or biofuels using feedstock originating domestically within the United States.

~~B. A producer of neat advanced biofuels commencing qualifying sales on or after January 1, 2008, but before September 30, 2011, shall be eligible to receive a biofuels production incentive grant in an amount equal to \$0.125 for each gallon of neat advanced biofuels sold by it in the calendar year beginning with calendar year 2008. 1. A producer of non-advanced neat advanced biofuels or neat biofuels, including but not limited to such biofuels derived from cereal grains, shall be eligible to receive a biofuels production incentive grant in an amount equal to \$0.10 for each gallon of neat biofuels sold by it in the calendar year beginning with calendar year 2008. To be eligible for an incentive grant in any given calendar year, the producer shall have produced in the Commonwealth at least one million gallons of neat biofuels before September 30, 2011. In addition, any producer producing neat biofuels prior to January 1, 2008, shall be eligible for an incentive grant for neat biofuel sales in the respective calendar year only if its production in the Commonwealth of neat~~

biofuels for such calendar year exceeds its production in the Commonwealth of neat biofuels in the 2007 calendar year by at least one million gallons, and if it maintains production at a minimum of that level in future years for each gallon of the same that it produces in the Commonwealth. ~~A~~ However, a producer shall be eligible for a grant from the Biofuels Production Fund (the Fund) established under § 45.1-393 only for each gallon of neat advanced biofuels or neat biofuels that it produces in the Commonwealth on or after January 1, ~~2008~~ 2014, which gallon has also been sold by the producer to customers.

2. The grant for neat advanced biofuels or neat biofuels produced in the Commonwealth and subsequently sold to customers shall equal (i) \$0.04 per gallon for sales to customers in calendar year 2014, (ii) \$0.03 per gallon for sales to customers in calendar year 2015, and (iii) \$0.025 per gallon for sales to customers in calendar year 2016 and for the period January 1, 2017, through June 30, 2017.

3. Each producer applying for a grant under this section for 2015 production of neat advanced biofuels or neat biofuels shall make a good faith effort to produce the same using feedstock that is not derived from corn or the corn kernel, stalk, or any other part of the plant. Further, no grant shall be awarded for neat advanced biofuels or neat biofuels produced in 2016 or thereafter using feedstock derived from corn or the corn kernel, stalk, or any other part of the plant.

No person shall be eligible for any grants pursuant to this section if the person, or an affiliate of the person, was the recipient of a grant under the Clean Energy Manufacturing Incentive Grant Program (§ 59.1-284.25 et seq.).

4. In no case shall the Director of the Division of Energy approve more than \$1.5 million in grants in each of fiscal years 2014-2015, 2015-2016, and 2016-2017. Grants awarded under this section shall be paid from the Fund.

C. In the event applications for grants pursuant to subsection B as approved by the Director of the Division of Energy exceed the total amount of money allocated in the Fund, grant payments shall be apportioned among eligible producers pro rata based upon the total qualifying gallons of neat advanced biofuels or neat biofuels sold in the respective calendar year by all such eligible producers.

D. Any producer eligible to apply for a grant pursuant to this section shall provide evidence in the form of production reports, satisfactory to the Director of the Division of Energy, that the producer met the neat biofuels production requirements provided under this section for the respective calendar year. The producer shall also provide evidence in the form of sales reports, satisfactory to the Director, of the number of qualifying gallons of neat advanced biofuels or neat biofuels sold by the producer to customers in the respective calendar year. Such reports shall be filed no later than March 31 following the calendar year in which the producer sold the qualifying gallons of neat biofuels. Failure to meet the filing deadline shall render the applicant ineligible to receive a grant. The postmark cancellation shall govern the date of the filing determination unless the Director has approved an alternative means of filing.

No producer shall be eligible to receive grants pursuant to this section for qualifying sales made in more than six calendar years. No grants provided pursuant to this section may be made after the fiscal year ending June 30, 2017 shall be paid under this section for neat advanced biofuels or neat biofuels sold on or after July 1, 2017.

E. The Director of the Division of Energy shall determine the amount of the grant payable to each qualifying producer. The Director shall then certify to the Comptroller the grant amount a each producer of neat biofuels is eligible to receive in a given calendar year. Payments shall be paid by check issued by the State Treasurer on warrant of the Comptroller.

F. The Director, upon presenting appropriate credentials, may examine the records, books, invoices, bills of lading, storage and production facilities, and other applicable documents to determine whether the production and sale of neat advanced biofuels or neat biofuels meet the requirements for grants as set forth in this section.

2. That the second enactment of Chapter 652 of the Acts of Assembly of 2006 is amended and reenacted as follows:

2. That no grant shall be paid pursuant to the provisions of this act for any neat biofuel sold on or after January 1, 2017 § 45.1-394 of the Code of Virginia for neat advanced biofuels or neat biofuels sold on or after July 1, 2017.

CHAPTER 670

An Act to amend and reenact §§ 65.2-605 and 65.2-714 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 65.2-605.1, relating to workers' compensation; costs of medical services.

[H 1083]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 65.2-605 and 65.2-714 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 65.2-605.1 as follows:

§ 65.2-605. Liability of employer for medical services ordered by Commission; malpractice; assistants-at-surgery; coding.

A. The pecuniary liability of the employer for medical, surgical, and hospital service herein required when ordered by the Commission shall be limited to such charges as prevail in the same community for similar treatment when such treatment is paid for by the injured person and the employer shall not be liable in damages for malpractice by a physician or surgeon furnished by him pursuant to the provisions of § 65.2-603, but the consequences of any such malpractice shall be deemed part of the injury resulting from the accident and shall be compensated for as such.

B. The pecuniary liability of the employer for treatment pursuant to subsection A that is rendered on or after July 1, 2014, by:

1. A nurse practitioner or physician assistant serving as an assistant-at-surgery shall be limited to no more than 20 percent of the reimbursement due under subsection A to the physician performing the surgery; and

2. An assistant surgeon in the same specialty as the primary surgeon shall be limited to no more than 50 percent of the reimbursement due under subsection A to the primary physician performing the surgery.

C. Multiple procedures completed on a single surgical site associated with medical, surgical, and hospital services pursuant to subsection A and rendered on or after July 1, 2014, shall be coded and billed with appropriate Current Procedural Terminology (CPT) modifiers and paid according to the National Correct Coding Initiative (NCCI) rules and the CPT as in effect at the time the health care was provided to the claimant. The CPT and NCCI, as in effect at the time such health care was provided to the claimant, shall serve as the basis for processing a health care provider's billing form or itemization for such items as global and comprehensive billing and the unbundling of health care services. Hospital in-patient health care services shall be coded and billed through the International Statistical Classification of Diseases and Related Health Problems (ICD) as in effect at the time the health care was provided to the claimant.

§ 65.2-605.1. Prompt payment; limitation on claims.

A. Payment for health care services that the employer does not contest, deny, or consider incomplete shall be made to the health care provider within 60 days after receipt of each separate itemization of the health care services provided.

B. If the itemization or a portion thereof is contested, denied, or considered incomplete, the employer or the employer's workers' compensation insurance carrier shall notify the health care provider within 45 days after receipt of the itemization that the itemization is contested, denied, or considered incomplete. The notification shall include the following information:

1. The reasons for contesting or denying the itemization, or the reasons the itemization is considered incomplete;

2. If the itemization is considered incomplete, all additional information required to make a decision; and

3. The remedies available to the health care provider if the health care provider disagrees.

Payment or denial shall be made within 60 days after receipt from the health care provider of the information requested by the employer or employer's workers' compensation carrier for an incomplete claim under this subsection.

C. Payment due for any properly documented health care services that are neither contested within the 45-day period nor paid within the 60-day period, as required by this section, shall be increased by interest at the judgment rate of interest as provided in § 6.2-302 retroactive to the date payment was due under this section.

D. An employer's liability to a health care provider under this section shall not affect its liability to an employee.

E. No employer or workers' compensation carrier may seek recovery of a payment made to a health care provider for health care services rendered after July 1, 2014, to a claimant, unless such recovery is sought less than one year from the date payment was made to the health care provider, except in cases of fraud. The Commission shall have jurisdiction over any disputes over recoveries.

F. No health care provider shall submit a claim to the Commission contesting the sufficiency of payment for health care services rendered to a claimant after July 1, 2014, unless (i) such claim is filed within one year of the date the last payment is received by the health care provider pursuant to this section or (ii) if the employer denied or contested payment for any portion of the health care services, then, as to that service or portion thereof, such claim is filed within one year of the date the medical award covering such date of service for a specific item or treatment in question becomes final.

G. Any health care provider located outside of the Commonwealth who provides health care services under the Act to a claimant shall be reimbursed as provided in this section, and the "same community," as used in subsection A of § 65.2-605, shall be deemed to be the principal place of business of the employer if located in the Commonwealth or, if no such location exists, then the location where the Commission hearing regarding the dispute is conducted.

§ 65.2-714. Fees of attorneys and physicians and hospital charges.

A. Fees of attorneys and physicians and charges of hospitals for services, whether employed by employer, employee or insurance carrier under this title, shall be subject to the approval and award of the Commission. In addition to the provisions of Chapter 13 (§ 65.2-1300 et seq.), the Commission shall have exclusive jurisdiction over all disputes concerning such fees or charges and may order the repayment of the amount of any fee which has already been paid that it determines to be excessive; appeals from any Commission determinations thereon shall be taken as provided in § 65.2-706. The Commission shall also retain jurisdiction for employees to pursue payment of charges for medical services notwithstanding that bills or parts of bills for health care services may have been paid by a source other than an employer, workers' compensation carrier, guaranty fund or uninsured employer's fund. No physician shall be entitled to collect fees from an employer or insurance carrier until he has made the reports required by the Commission in connection with the case.

B. If a contested claim is held to be compensable under this title and, after a hearing on the claim on its merits or after abandonment of a defense by the employer or insurance carrier, benefits for medical services are awarded and inure to the benefit of a third party insurance carrier or health care provider, the Commission shall award to the employee's attorney a reasonable fee and other reasonable pro rata costs as are appropriate from the sum which benefits the third party insurance carrier or health care provider. Such fees shall be based on the amount paid by the employer or insurance carrier to the third party insurance carrier or health care provider for medical, surgical and hospital service rendered to the employee through the date on which the contested claim is heard before the Deputy Commissioner. For the purpose of this subsection, a "contested claim" is an initial contested claim for benefits and claims for medical, surgical and hospital services that are subsequently contested and litigated or after abandonment of a defense by the employer or insurance carrier.

C. Payment of any obligation pursuant to this section to any third party insurance carrier or health care provider shall discharge the obligation in full. The Commission shall not reduce the amount of medical bills owed to the Commonwealth or its agencies without the written consent of the Office of the Attorney General.

D. No physician, hospital, or other health care provider as defined in § 8.01-581.1 shall balance bill an employee in connection with any medical treatment, services, appliances or supplies furnished to the employee in connection with an injury for which (i) a claim has been filed with the Commission pursuant to § 65.2-601, (ii) payment has been made to the health care provider pursuant to § 65.2-605.1, or (iii) an award of compensation is made pursuant to § 65.2-704. For the purpose of this subsection, a health care provider "balance bills" whenever (i) an employer or the employer's insurance carrier declines to pay all of the health care provider's charge or fee and (ii) the health care provider seeks payment of the balance from the employee. *Nothing in this section shall prohibit a health care provider from using the practices permitted in § 65.2-601.1.*

CHAPTER 671

An Act to amend the Code of Virginia by adding a section numbered 15.2-2208.1, relating to unconstitutional grant or denial by localities of certain permits and approvals; damages, attorney fees, and costs.

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 15.2-2208.1 as follows:

§ 15.2-2208.1. Damages for unconstitutional grant or denial by locality of certain permits and approvals.

A. Notwithstanding any other provision of law, general or special, any applicant aggrieved by the grant or denial by a locality of any approval or permit, however described or delineated, including a special exception, special use permit, conditional use permit, rezoning, site plan, plan of development, and subdivision plan, where such grant included, or denial was based upon, an unconstitutional condition pursuant to the United States Constitution or the Constitution of Virginia, shall be entitled to an award of compensatory damages and to an order remanding the matter to the locality with a direction to grant or issue such permits or approvals without the unconstitutional condition and may be entitled to reasonable attorney fees and court costs.

B. In any proceeding, once an unconstitutional condition has been proven by the aggrieved applicant to have been a factor in the grant or denial of the approval or permit, the court shall presume, absent clear and convincing evidence to the contrary, that such applicant's acceptance of or refusal to accept the unconstitutional condition was the controlling basis for such impermissible grant or denial provided only that the applicant objected to the condition in writing prior to such grant or denial.

C. Any action brought pursuant to this section shall be filed with the circuit court having jurisdiction of the land affected or the greater part thereof, and the court shall hear and determine the case as soon as practical, provided that such action is filed within the time limit set forth in subsection C or D of § 15.2-2259, subsection D or E of § 15.2-2260, or subsection F of § 15.2-2285, as may be applicable.

2. That the provisions of this act shall apply only to approvals or permits that are granted or denied on or after July 1, 2014.

The Commission shall have power and is hereby authorized to issue bonds from time to time in its discretion for any of its purposes, including the payment of all or any part of the cost of any of its facilities and the refunding of any bonds previously issued by it.

~~The Commission shall not issue bonds unless and until the maximum amount of such issue and the general purposes thereof have been approved by the governing body of each participating political subdivision. Subject to the foregoing, bonds~~ Bonds may be issued under this act notwithstanding any debt or other limitation prescribed in any statute and without obtaining the consent of any city, town, or county government or any commission, board, bureau, or agency of the Commonwealth or of any of the foregoing, and without any other proceedings or the happening of other conditions or things than those proceedings, conditions or things which are specifically required by this act.

The Commission may issue such types of bonds as it may determine, including, without limiting the generality of the foregoing, bonds payable as to principal and interest: (i) from its revenues generally; (ii) exclusively from the income and revenues of a particular project; or (iii) exclusively from the income and revenues of certain designated projects, whether or not they are financed in whole or in part from the proceeds of such bonds. The Commission shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this act or any recitals in any bonds issued under the provisions of this act, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or registered form or both, as the Commission may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the conversion and reconversion into coupon bonds of any bonds registered as to both principal and interest and vice versa. The Commission may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the Commission.

§ 58.1-3833. County food and beverage tax.

A. Any county is hereby authorized to levy a tax on food and beverages sold, for human consumption, by a restaurant, as such term is defined in subdivision 9 of § 35.1-1, not to exceed four percent of the amount charged for such food and beverages. Such tax shall not be levied on food and beverages sold through vending machines or by: (i) boardinghouses that do not accommodate transients; (ii) cafeterias operated by industrial plants for employees only; (iii) restaurants to their employees as part of their compensation when no charge is made to the employee; (iv) volunteer fire departments and rescue squads; nonprofit churches or other religious bodies; *or* educational, charitable, fraternal, or benevolent organizations; ~~on an occasional basis, not exceeding the first three times per calendar year and, beginning with the fourth time, on the first \$100,000 of gross receipts per calendar year from sales of food and beverages (excluding gross receipts from the first three times)~~, as a fundraising activity, the gross proceeds of which are to be used by such church, religious body or organization exclusively for nonprofit educational, charitable, benevolent, or religious purposes; (v) churches that serve meals for their members as a regular part of their religious observances; (vi) public or private elementary or secondary schools, colleges, and universities to their students or employees; (vii) hospitals, medical clinics, convalescent homes, nursing homes, or other extended care facilities to patients or residents thereof; (viii) day care centers; (ix) homes for the aged, infirm, handicapped, battered women, narcotic addicts, or alcoholics; or (x) age-restricted apartment complexes or residences with restaurants, not open to the public, where meals are served and fees are charged for such food and beverages and are included in rental fees. Also, the tax shall not be levied on food and beverages: (a) when used or consumed and paid for by the Commonwealth, any political subdivision of the Commonwealth, or the United States; or (b) provided by a public or private nonprofit charitable organization or establishment to elderly, infirm, blind, handicapped, or needy persons in their homes, or at central locations; or (c) provided by private establishments that contract with the appropriate agency of the Commonwealth to offer food, food products, or beverages for immediate consumption at concession prices to elderly, infirm, blind, handicapped, or needy persons in their homes or at central locations.

Grocery stores and convenience stores selling prepared foods ready for human consumption at a delicatessen counter shall be subject to the tax, for that portion of the grocery store or convenience store selling such items.

This tax shall be levied only if the tax is approved in a referendum within the county which shall be held in accordance with § 24.2-684 and initiated either by a resolution of the board of supervisors or on the filing of a petition signed by a number of registered voters of the county equal in number to 10 percent of the number of voters registered in the county, as appropriate on January 1 of the year in which the petition is filed with the court of such county. The clerk of the circuit court shall publish notice of the election in a newspaper of general circulation in the county once a week for three consecutive weeks prior to the election. If the voters affirm the levy of a local meals tax, the tax shall be effective in an amount and on such terms as the governing body may by ordinance prescribe. If such resolution of the board of supervisors or such petition states for what projects and/or purposes the revenues collected from the tax are to be used, then the question on the ballot for the referendum shall include language stating for what projects and/or purposes the revenues collected from the tax are to be used.

The term "beverage" as set forth herein shall mean alcoholic beverages as defined in § 4.1-100 and nonalcoholic beverages served as part of a meal. The tax shall be in addition to the sales tax currently imposed by the county pursuant to the authority of Chapter 6 (§ 58.1-600 et seq.) of this title. Collection of such tax shall be in a manner prescribed by the governing body.

B. Notwithstanding the provisions of subsection A of this section, Roanoke County, Rockbridge County, Frederick County, Arlington County, and Montgomery County, are hereby authorized to levy a tax on food and beverages sold for human consumption by a restaurant, as such term is defined in § 35.1-1 and as modified in subsection A above and subject to the same exemptions, not to exceed four percent of the amount charged for such food and beverages, provided that the governing body of the respective county holds a public hearing before adopting a local food and beverage tax, and the governing body by unanimous vote adopts such tax by local ordinance. The tax shall be effective in an amount and on such terms as the governing body may by ordinance prescribe.

C. Nothing herein contained shall affect any authority heretofore granted to any county, city or town to levy a meals tax. The county tax limitations imposed pursuant to § 58.1-3711 shall apply to any tax levied under this section, mutatis mutandis. All food and beverage tax collections and all meals tax collections shall be deemed to be held in trust for the county, city or town imposing the applicable tax. The wrongful and fraudulent use of such collections other than remittance of the same as provided by law shall constitute embezzlement pursuant to § 18.2-111.

D. No county which has heretofore adopted an ordinance pursuant to subsection A of this section shall be required to submit an amendment to its meals tax ordinance to the voters in a referendum.

E. Notwithstanding any other provision of this section, no locality shall levy any tax under this section upon (i) that portion of the amount paid by the purchaser as a discretionary gratuity in addition to the sales price; (ii) that portion of the amount paid by the purchaser as a mandatory gratuity or service charge added by the restaurant in addition to the sales price, but only to the extent that such mandatory gratuity or service charge does not exceed 20% of the sales price; or (iii) alcoholic beverages sold in factory sealed containers and purchased for off-premises consumption or food purchased for human consumption as "food" is defined in the Food Stamp Act of 1977, 7 U.S.C. § 2012, as amended, and federal

Also, the tax shall not be levied on meals: (a) when used or consumed and paid for by the Commonwealth, any political subdivision of the Commonwealth, or the United States; or (b) provided by a public or private nonprofit charitable organization or establishment to elderly, infirm, blind, handicapped, or needy persons in their homes, or at central locations; or (c) provided by private establishments that contract with the appropriate agency of the Commonwealth to offer food, food products, or beverages for immediate consumption at concession prices to elderly, infirm, blind, handicapped, or needy persons in their homes or at central locations.

In addition, as set forth in § 51.5-98, no blind person operating a vending stand or other business enterprise under the jurisdiction of the Department for the Blind and Vision Impaired and located on property acquired and used by the United States for any military or naval purpose shall be required to collect and remit meals taxes.

B. Notwithstanding any other provision of this section, no city or town shall levy any tax under this section upon alcoholic beverages sold in factory sealed containers and purchased for off-premises consumption or food purchased for human consumption as "food" is defined in the Food Stamp Act of 1977, 7 U.S.C. § 2012, as amended, and federal regulations adopted pursuant to that act, except for the following items: sandwiches, salad bar items sold from a salad bar, prepackaged single-serving salads consisting primarily of an assortment of vegetables, and nonfactory sealed beverages.

The closing of a proceeding shall not bar the locality from initiating a subsequent proceeding if the drug blight recurs.

D. Nothing in this section shall be construed to abridge or waive any rights or remedies of an owner of property at law or in equity.

§ 16.1-260. Intake; petition; investigation.

A. All matters alleged to be within the jurisdiction of the court shall be commenced by the filing of a petition, except as provided in subsection H and in § 16.1-259. The form and content of the petition shall be as provided in § 16.1-262. No individual shall be required to obtain support services from the Department of Social Services prior to filing a petition seeking support for a child. Complaints, requests and the processing of petitions to initiate a case shall be the responsibility of the intake officer. However, (i) the attorney for the Commonwealth of the city or county may file a petition on his own motion with the clerk, (ii) designated nonattorney employees of the Department of Social Services may complete, sign and file petitions and motions relating to the establishment, modification, or enforcement of support on forms approved by the Supreme Court of Virginia with the clerk, and (iii) any attorney may file petitions on behalf of his client with the clerk except petitions alleging that the subject of the petition is a child alleged to be in need of services, in need of supervision or delinquent. Complaints alleging abuse or neglect of a child shall be referred initially to the local department of social services in accordance with the provisions of Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2. Motions and other subsequent pleadings in a case shall be filed directly with the clerk. The intake officer or clerk with whom the petition or motion is filed shall inquire whether the petitioner is receiving child support services or public assistance. No individual who is receiving support services or public assistance shall be denied the right to file a petition or motion to establish, modify or enforce an order for support of a child. If the petitioner is seeking or receiving child support services or public assistance, the clerk, upon issuance of process, shall forward a copy of the petition or motion, together with notice of the court date, to the Division of Child Support Enforcement.

B. The appearance of a child before an intake officer may be by (i) personal appearance before the intake officer or (ii) use of two-way electronic video and audio communication. If two-way electronic video and audio communication is used, an intake officer may exercise all powers conferred by law. All communications and proceedings shall be conducted in the same manner as if the appearance were in person, and any documents filed may be transmitted by facsimile process. The facsimile may be served or executed by the officer or person to whom sent, and returned in the same manner, and with the same force, effect, authority, and liability as an original document. All signatures thereon shall be treated as original signatures. Any two-way electronic video and audio communication system used for an appearance shall meet the standards as set forth in subsection B of § 19.2-3.1.

When the court service unit of any court receives a complaint alleging facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241, the unit, through an intake officer, may proceed informally to make such adjustment as is practicable without the filing of a petition or may authorize a petition to be filed by any complainant having sufficient knowledge of the matter to establish probable cause for the issuance of the petition.

An intake officer may proceed informally on a complaint alleging a child is in need of services, in need of supervision or delinquent only if the juvenile (i) is not alleged to have committed a violent juvenile felony or (ii) has not previously been proceeded against informally or adjudicated delinquent for an offense that would be a felony if committed by an adult. A

petition alleging that a juvenile committed a violent juvenile felony shall be filed with the court. A petition alleging that a juvenile is delinquent for an offense that would be a felony if committed by an adult shall be filed with the court if the juvenile had previously been proceeded against informally by intake or had been adjudicated delinquent for an offense that would be a felony if committed by an adult.

If a juvenile is alleged to be a truant pursuant to a complaint filed in accordance with § 22.1-258 and the attendance officer has provided documentation to the intake officer that the relevant school division has complied with the provisions of § 22.1-258, then the intake officer shall file a petition with the court. The intake officer may defer filing the complaint for 90 days and proceed informally by developing a truancy plan. The intake officer may proceed informally only if the juvenile has not previously been proceeded against informally or adjudicated in need of supervision for failure to comply with compulsory school attendance as provided in § 22.1-254. The juvenile and his parent or parents, guardian or other person standing in loco parentis must agree, in writing, for the development of a truancy plan. The truancy plan may include requirements that the juvenile and his parent or parents, guardian or other person standing in loco parentis participate in such programs, cooperate in such treatment or be subject to such conditions and limitations as necessary to ensure the juvenile's compliance with compulsory school attendance as provided in § 22.1-254. The intake officer may refer the juvenile to the appropriate public agency for the purpose of developing a truancy plan using an interagency interdisciplinary team approach. The team may include qualified personnel who are reasonably available from the appropriate department of social services, community services board, local school division, court service unit and other appropriate and available public and private agencies and may be the family assessment and planning team established pursuant to § 2.2-5207. If at the end of the 90-day period the juvenile has not successfully completed the truancy plan or the truancy program, then the intake officer shall file the petition.

Whenever informal action is taken as provided in this subsection on a complaint alleging that a child is in need of services, in need of supervision or delinquent, the intake officer shall (i) develop a plan for the juvenile, which may include restitution and the performance of community service, based upon community resources and the circumstances which resulted in the complaint, (ii) create an official record of the action taken by the intake officer and file such record in the juvenile's case file, and (iii) advise the juvenile and the juvenile's parent, guardian or other person standing in loco parentis and the complainant that any subsequent complaint alleging that the child is in need of supervision or delinquent based upon facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241 will result in the filing of a petition with the court.

C. The intake officer shall accept and file a petition in which it is alleged that (i) the custody, visitation or support of a child is the subject of controversy or requires determination, (ii) a person has deserted, abandoned or failed to provide support for any person in violation of law, (iii) a child or such child's parent, guardian, legal custodian or other person standing in loco parentis is entitled to treatment, rehabilitation or other services which are required by law, (iv) family abuse has occurred and a protective order is being sought pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1, or (v) an act of violence, force, or threat has occurred, a protective order is being sought pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, and either the alleged victim or the respondent is a juvenile. If any such complainant does not file a petition, the intake officer may file it. In cases in which a child is alleged to be abused, neglected, in need of services, in need of supervision or delinquent, if the intake officer believes that probable cause does not exist, or that the authorization of a petition will not be in the best interest of the family or juvenile or that the matter may be effectively dealt with by some agency other than the court, he may refuse to authorize the filing of a petition. The intake officer shall provide to a person seeking a protective order pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1 a written explanation of the conditions, procedures and time limits applicable to the issuance of protective orders pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1. If the person is seeking a protective order pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, the intake officer shall provide a written explanation of the conditions, procedures, and time limits applicable to the issuance of protective orders pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10.

D. Prior to the filing of any petition alleging that a child is in need of supervision, the matter shall be reviewed by an intake officer who shall determine whether the petitioner and the child alleged to be in need of supervision have utilized or attempted to utilize treatment and services available in the community and have exhausted all appropriate nonjudicial remedies which are available to them. When the intake officer determines that the parties have not attempted to utilize available treatment or services or have not exhausted all appropriate nonjudicial remedies which are available, he shall refer the petitioner and the child alleged to be in need of supervision to the appropriate agency, treatment facility or individual to receive treatment or services, and a petition shall not be filed. Only after the intake officer determines that the parties have made a reasonable effort to utilize available community treatment or services may he permit the petition to be filed.

E. If the intake officer refuses to authorize a petition relating to an offense that if committed by an adult would be punishable as a Class 1 misdemeanor or as a felony, the complainant shall be notified in writing at that time of the complainant's right to apply to a magistrate for a warrant. If a magistrate determines that probable cause exists, he shall issue a warrant returnable to the juvenile and domestic relations district court. The warrant shall be delivered forthwith to the juvenile court, and the intake officer shall accept and file a petition founded upon the warrant. If the court is closed and the magistrate finds that the criteria for detention or shelter care set forth in § 16.1-248.1 have been satisfied, the juvenile may be detained pursuant to the warrant issued in accordance with this subsection. If the intake officer refuses to authorize a petition relating to a child in need of services or in need of supervision, a status offense, or a misdemeanor other than Class 1, his decision is final.

Upon delivery to the juvenile court of a warrant issued pursuant to subdivision 2 of § 16.1-256, the intake officer shall accept and file a petition founded upon the warrant.

F. The intake officer shall notify the attorney for the Commonwealth of the filing of any petition which alleges facts of an offense which would be a felony if committed by an adult.

G. Notwithstanding the provisions of Article 12 (§ 16.1-299 et seq.), the intake officer shall file a report with the division superintendent of the school division in which any student who is the subject of a petition alleging that such student who is a juvenile has committed an act, wherever committed, which would be a crime if committed by an adult, or that such student who is an adult has committed a crime and is alleged to be within the jurisdiction of the court. The report shall notify the division superintendent of the filing of the petition and the nature of the offense, if the violation involves:

1. A firearm offense pursuant to Article 4 (§ 18.2-279 et seq.), 5 (§ 18.2-288 et seq.), 6 (§ 18.2-299 et seq.), 6.1 (§ 18.2-307.1 et seq.), or 7 (§ 18.2-308.1 et seq.) of Chapter 7 of Title 18.2;
2. Homicide, pursuant to Article 1 (§ 18.2-30 et seq.) of Chapter 4 of Title 18.2;
3. Felonious assault and bodily wounding, pursuant to Article 4 (§ 18.2-51 et seq.) of Chapter 4 of Title 18.2;
4. Criminal sexual assault, pursuant to Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2;
5. Manufacture, sale, gift, distribution or possession of Schedule I or II controlled substances, pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2;
6. Manufacture, sale or distribution of marijuana or synthetic cannabinoids pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2;
7. Arson and related crimes, pursuant to Article 1 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2;
8. Burglary and related offenses, pursuant to §§ 18.2-89 through 18.2-93;
9. Robbery pursuant to § 18.2-58;
10. Prohibited criminal street gang activity pursuant to § 18.2-46.2;
11. Recruitment of other juveniles for a criminal street gang activity pursuant to § 18.2-46.3; or
12. An act of violence by a mob pursuant to § 18.2-42.1.

The failure to provide information regarding the school in which the student who is the subject of the petition may be enrolled shall not be grounds for refusing to file a petition.

The information provided to a division superintendent pursuant to this section may be disclosed only as provided in § 16.1-305.2.

H. The filing of a petition shall not be necessary:

1. In the case of violations of the traffic laws, including offenses involving bicycles, hitchhiking and other pedestrian offenses, game and fish laws or a violation of the ordinance of any city regulating surfing or any ordinance establishing curfew violations, animal control violations or littering violations. In such cases the court may proceed on a summons issued by the officer investigating the violation in the same manner as provided by law for adults. Additionally, an officer investigating a motor vehicle accident may, at the scene of the accident or at any other location where a juvenile who is involved in such an accident may be located, proceed on a summons in lieu of filing a petition.

2. In the case of seeking consent to apply for the issuance of a work permit pursuant to subsection H of § 16.1-241.

3. In the case of a misdemeanor violation of § 18.2-250.1, 18.2-266, 18.2-266.1, or 29.1-738, or the commission of any other alcohol-related offense, provided the juvenile is released to the custody of a parent or legal guardian pending the initial court date. The officer releasing a juvenile to the custody of a parent or legal guardian shall issue a summons to the juvenile and shall also issue a summons requiring the parent or legal guardian to appear before the court with the juvenile. Disposition of the charge shall be in the manner provided in § 16.1-278.8, 16.1-278.8:01, or 16.1-278.9. If the juvenile so charged with a violation of § 18.2-51.4, 18.2-266, 18.2-266.1, 18.2-272, or 29.1-738 refuses to provide a sample of blood or breath or samples of both blood and breath for chemical analysis pursuant to §§ 18.2-268.1 through 18.2-268.12 or 29.1-738.2, the provisions of these sections shall be followed except that the magistrate shall authorize execution of the warrant as a summons. The summons shall be served on a parent or legal guardian and the juvenile, and a copy of the summons shall be forwarded to the court in which the violation is to be tried. When a violation of § 18.2-250.1 is charged by summons, the juvenile shall be entitled to have the charge referred to intake for consideration of informal proceedings pursuant to subsection B, provided such right is exercised by written notification to the clerk not later than 10 days prior to trial. At the time such summons alleging a violation of § 18.2-250.1 is served, the officer shall also serve upon the juvenile written notice of the right to have the charge referred to intake on a form approved by the Supreme Court and make return of such service to the court. If the officer fails to make such service or return, the court shall dismiss the summons without prejudice.

4. In the case of offenses which, if committed by an adult, would be punishable as a Class 3 or Class 4 misdemeanor. In such cases the court may direct that an intake officer proceed as provided in § 16.1-237 on a summons issued by the officer investigating the violation in the same manner as provided by law for adults provided that notice of the summons to appear is mailed by the investigating officer within five days of the issuance of the summons to a parent or legal guardian of the juvenile.

I. Failure to comply with the procedures set forth in this section shall not divest the juvenile court of the jurisdiction granted it in § 16.1-241.

§ 16.1-278.8:01. Juveniles found delinquent of first drug offense; screening; assessment; drug tests; costs and fees; education or treatment programs.

Whenever any juvenile who has not previously been found delinquent of any offense under Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2 or under any statute of the United States or of any state relating to narcotic drugs, marijuana, ~~synthetic cannabinoids~~, or stimulant, depressant or hallucinogenic drugs, or has not previously had a proceeding against him for a violation of such an offense dismissed as provided in § 18.2-251, is found delinquent of any offense concerning the use, in any manner, of drugs, controlled substances, narcotics, marijuana, ~~synthetic cannabinoids~~, noxious chemical substances and like substances, the juvenile court or the circuit court shall require such juvenile to undergo a substance abuse screening pursuant to § 16.1-273 and to submit to such periodic substance abuse testing, to include alcohol testing, as may be directed by the court. Such testing shall be conducted by a court services unit of the Department of Juvenile Justice, or by a locally operated court services unit or by personnel of any program or agency approved by the Department. The cost of such testing ordered by the court shall be paid by the Commonwealth from funds appropriated to the Department for this purpose. The court shall also order the juvenile to undergo such treatment or education program for substance abuse, if available, as the court deems appropriate based upon consideration of the substance abuse assessment. The treatment or education shall be provided by a program licensed by the Department of Behavioral Health and Developmental Services or by a similar program available through a facility or program operated by or under contract to the Department of Juvenile Justice or a locally operated court services unit or a program funded through the Virginia Juvenile Community Crime Control Act (§ 16.1-309.2 et seq.).

§ 18.2-251. Persons charged with first offense may be placed on probation; conditions; substance abuse screening, assessment treatment and education programs or services; drug tests; costs and fees; violations; discharge.

Whenever any person who has not previously been convicted of any offense under this article or under any statute of the United States or of any state relating to narcotic drugs, marijuana, ~~synthetic cannabinoids~~, or stimulant, depressant, or

hallucinogenic drugs, or has not previously had a proceeding against him for violation of such an offense dismissed as provided in this section, pleads guilty to or enters a plea of not guilty to possession of a controlled substance under § 18.2-250 or to possession of marijuana under § 18.2-250.1, ~~or to possession of synthetic cannabinoids under subsection B of § 18.2-248.1-1;~~ the court, upon such plea if the facts found by the court would justify a finding of guilt, without entering a judgment of guilt and with the consent of the accused, may defer further proceedings and place him on probation upon terms and conditions.

As a term or condition, the court shall require the accused to undergo a substance abuse assessment pursuant to § 18.2-251.01 or 19.2-299.2, as appropriate, and enter treatment and/or education program or services, if available, such as, in the opinion of the court, may be best suited to the needs of the accused based upon consideration of the substance abuse assessment. The program or services may be located in the judicial district in which the charge is brought or in any other judicial district as the court may provide. The services shall be provided by (i) a program licensed by the Department of Behavioral Health and Developmental Services, by a similar program which is made available through the Department of Corrections, (ii) a local community-based probation services agency established pursuant to § 9.1-174, or (iii) an ASAP program certified by the Commission on VASAP.

As a condition of probation, the court shall require the accused (i) to successfully complete treatment or education program or services, (ii) to remain drug and alcohol free during the period of probation and submit to such tests during that period as may be necessary and appropriate to determine if the accused is drug and alcohol free, (iii) to make reasonable efforts to secure and maintain employment, and (iv) to comply with a plan of at least 100 hours of community service for a felony and up to 24 hours of community service for a misdemeanor. Such testing shall be conducted by personnel of the supervising probation agency or personnel of any program or agency approved by the supervising probation agency.

The court shall, unless done at arrest, order the accused to report to the original arresting law-enforcement agency to submit to fingerprinting.

Upon violation of a term or condition, the court may enter an adjudication of guilt and proceed as otherwise provided. Upon fulfillment of the terms and conditions, the court shall discharge the person and dismiss the proceedings against him. Discharge and dismissal under this section shall be without adjudication of guilt and is a conviction only for the purposes of applying this section in subsequent proceedings.

Notwithstanding any other provision of this section, whenever a court places an individual on probation upon terms and conditions pursuant to this section, such action shall be treated as a conviction for purposes of §§ 18.2-259.1, 22.1-315, and 46.2-390.1, and the driver's license forfeiture provisions of those sections shall be imposed. The provisions of this paragraph shall not be applicable to any offense for which a juvenile has had his license suspended or denied pursuant to § 16.1-278.9 for the same offense.

C. If the Board designates a substance as an immediate precursor, substances which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor.

D. *If the Board, in consultation with the Department of Forensic Science, determines the substance shall be placed into Schedule I or II pursuant to § 54.1-3445 or 54.1-3447, the Board may amend its regulations pursuant to Article 2*

(§ 2.2-4006 et seq.) of the Administrative Process Act. Prior to making such amendments, the Board shall conduct a public hearing. At least 30 days prior to conducting such hearing, it shall post notice of the hearing on the Virginia Regulatory Town Hall and shall send notice of the hearing to any persons requesting to be notified of a regulatory action. In the notice, the Board shall include a list of all substances it intends to schedule by regulation. The Board shall notify the House Courts of Justice and Senate Courts of Justice Committees of any new substance added to Schedule I or II pursuant to this subsection. Any substance added to Schedule I or II pursuant to this subsection shall remain on Schedule I or II for a period of 18 months. Upon expiration of such 18-month period, such substance shall be descheduled unless a general law is enacted adding such substance to Schedule I or II. Nothing in this subsection shall preclude the Board from adding substances to or descheduling or rescheduling all substances enumerated in the schedules pursuant to the provisions of subsections A, B, and E.

E. If any substance is designated, rescheduled, or descheduled as a controlled substance under federal law and notice of such action is given to the Board, the Board may similarly control the substance under this chapter after the expiration of 120 days from publication in the Federal Register of the final order designating a substance as a controlled substance or rescheduling or descheduling a substance without following the provisions specified in subsections A and B of this section.

~~F. F. Authority to control under this section does not extend to distilled spirits, wine, malt beverages, or tobacco as those terms are defined or used in Title 4.1.~~

~~F. G. The Board shall exempt any nonnarcotic substance from a schedule if such substance may, under the provisions of the federal Food, Drug and Cosmetic Act (21 U.S.C. § 301 et seq.) or state law, be lawfully sold over the counter without a prescription.~~

CHAPTER 675

An Act to amend and reenact §§ 37.2-809 and 37.2-810 of the Code of Virginia, relating to change of facility for temporary detention.

[H 1172]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 37.2-809 and 37.2-810 of the Code of Virginia are amended and reenacted as follows:

§ 37.2-809. Involuntary temporary detention; issuance and execution of order.

A. For the purposes of this section:

"Designee of the local community services board" means an examiner designated by the local community services board who (i) is skilled in the assessment and treatment of mental illness, (ii) has completed a certification program approved by the Department, (iii) is able to provide an independent examination of the person, (iv) is not related by blood or marriage to the person being evaluated, (v) has no financial interest in the admission or treatment of the person being evaluated, (vi) has no investment interest in the facility detaining or admitting the person under this article, and (vii) except for employees of state hospitals and of the U.S. Department of Veterans Affairs, is not employed by the facility.

"Employee" means an employee of the local community services board who is skilled in the assessment and treatment of mental illness and has completed a certification program approved by the Department.

"Investment interest" means the ownership or holding of an equity or debt security, including shares of stock in a corporation, interests or units of a partnership, bonds, debentures, notes, or other equity or debt instruments.

B. A magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or a designee of the local community services board to determine whether the person meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician or clinical psychologist treating the person, that the person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. The magistrate shall also consider the recommendations of any treating or examining physician licensed in Virginia if available either verbally or in writing prior to rendering a decision. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

C. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

D. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection B if (i) the person has been personally examined within the previous 72 hours by an employee or a designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the person or to others associated with conducting such evaluation.

E. An employee or a designee of the local community services board shall determine the facility of temporary detention for all individuals detained pursuant to this section. ~~The~~ *An employee or designee of the local community services*

board may change the facility of temporary detention and may designate an alternative facility for temporary detention at any point during the period of temporary detention if it is determined that the alternative facility is a more appropriate facility for temporary detention of the individual given the specific security, medical, or behavioral health needs of the person. In cases in which the facility of temporary detention is changed following transfer of custody to an initial facility of temporary custody, transportation of the individual to the alternative facility of temporary detention shall be provided in accordance with the provisions of § 37.2-810. A facility of temporary detention in which a person is temporarily detained pursuant to this section shall be one that has been approved pursuant to regulations of the Board. The initial facility of temporary detention shall be identified on the preadmission screening report and indicated on the temporary detention order; however, if an employee or designee of the local community services board designates an alternative facility, that employee or designee shall provide written notice forthwith, on a form developed by the Executive Secretary of the Supreme Court of Virginia, to the clerk of the issuing court of the name and address of the alternative facility. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the person is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by either the initial facility of temporary detention identified in the temporary detention order or by the alternative facility of temporary detention designated by the employee or designee of the local community services board pursuant to this subsection.

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

G. The employee or the designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 48 hours prior to a hearing. If the 48-hour period herein specified terminates on a Saturday, Sunday, or legal holiday, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or legal holiday. The person may be released, pursuant to § 37.2-813, before the 48-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section a health care provider or designee of a local community services board or behavioral health authority shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. The employee or designee of the community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the person should not be subject to a temporary detention order, inform the petitioner and an onsite treating physician of his recommendation.

§ 37.2-810. Transportation of person in the temporary detention process.

A. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall specify in the temporary detention order the law-enforcement agency of the jurisdiction in which the person resides to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. However, if the nearest boundary of the jurisdiction in which the person resides is more than 50 miles from the nearest boundary of the jurisdiction in which the person is located, the law-enforcement agency of the jurisdiction in which the person is located shall execute the order and provide transportation.

B. The magistrate issuing the temporary detention order shall specify the law-enforcement agency to execute the order and provide transportation. However, in cases in which the temporary detention order is based upon a finding that the person who is the subject of the order has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs but there is no substantial likelihood that the person will cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the temporary detention order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the temporary detention order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the temporary detention facility. The temporary detention facility shall return a copy of the temporary detention order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

The order may include transportation of the person to such other medical facility as may be necessary to obtain further medical evaluation or treatment prior to placement as required by a physician at the admitting temporary detention facility. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section. Such medical evaluation or treatment shall be conducted immediately in accordance with state and federal law.

C. *In cases in which an alternative facility of temporary detention is identified and the law-enforcement agency or alternative transportation provider identified to provide transportation in accordance with subsection B continues to have custody of the person, the local law-enforcement agency or alternative transportation provider shall transport the person to the alternative facility of temporary detention identified by the employee or designee of the community services board. In cases in which an alternative facility of temporary detention is identified and custody of the individual has been transferred from the law-enforcement agency or alternative transportation provider that provided transportation in accordance with subsection B to the initial facility of temporary detention, the employee or designee of the community services board shall request, and a magistrate may enter an order specifying, an alternative transportation provider or, if no alternative transportation provider is available, willing, and able to provide transportation in a safe manner, the local law-enforcement agency for the jurisdiction in which the person resides or, if the nearest boundary of the jurisdiction in which the person resides is more than 50 miles from the nearest boundary of the jurisdiction in which the person is located, the law-enforcement agency of the jurisdiction in which the person is located, to provide transportation.*

D. A law-enforcement officer may lawfully go to or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing any temporary detention order pursuant to this section. Law-enforcement agencies may enter into agreements to facilitate the execution of temporary detention orders and provide transportation.

CHAPTER 19.

HAMPTON ROADS TRANSPORTATION ACCOUNTABILITY COMMISSION.

§ 33.1-466. Commission created.

The Hampton Roads Transportation Accountability Commission, referred to in this chapter as "the Commission," is hereby created as a body politic and as a political subdivision of the Commonwealth. The Commission shall embrace each county and city located in Planning District 23, which is established pursuant to Chapter 42 (§ 15.2-4200 et seq.) of Title 15.2.

§ 33.1-467. Composition of Commission.

The Commission shall consist of 23 members as follows:

- 1. The chief elected officer of the governing body of each of the 14 counties and cities embraced by the Commission;*
- 2. Three members of the House of Delegates who reside in different counties or cities embraced by the Commission, appointed by the Speaker of the House, and two members of the Senate who reside in different counties or cities embraced by the Commission, appointed by the Senate Committee on Rules; and*
- 3. The following four persons serving as nonvoting ex officio members of the Commission: a member of the Commonwealth Transportation Board who resides in a locality embraced by the Commission and is appointed by the Governor; the Director of the Department of Rail and Public Transportation, or his designee; the Commissioner of Highways, or his designee; and the Executive Director of the Virginia Port Authority, or his designee.*

All members of the Commission shall serve terms coincident with their terms of office. Vacancies shall be filled in the same manner as the original appointment.

The Commission shall elect a chairman and vice-chairman from among its voting membership.

The Auditor of Public Accounts, or his legally authorized representatives, shall annually audit the financial accounts of the Commission, and the cost of such audit shall be borne by the Commission.

§ 33.1-468. Staff.

The Commission may employ a chief executive officer and such staff as it shall determine to be necessary to carry out its duties and responsibilities under this chapter. No such person shall contemporaneously serve as a member of the Commission. The Department of Transportation and the Department of Rail and Public Transportation shall make their employees available to assist the Commission, upon request.

§ 33.1-469. Decisions of Commission.

A majority of the Commission, which majority shall include at least a majority of the chief elected officers of the counties and cities embraced by the Commission, shall constitute a quorum. Decisions of the Commission shall require a quorum and shall be in accordance with voting procedures established by the Commission. In all cases, decisions of the Commission shall require the affirmative vote of two-thirds of the members of the Commission present and voting, and two-thirds of the chief elected officers of the counties and cities embraced by Planning District 23 who are present and voting and whose counties and cities include at least two-thirds of the population embraced by the Commission; however, no motion to fund a specific facility or service shall fail because of this population criterion if such facility or service is not located or to be located or provided or to be provided within the county or city whose chief elected officer's sole negative vote caused the facility or service to fail to meet the population criterion. The population of counties and cities embraced by the Commission shall be the population as determined by the most recently preceding decennial census, except that on July 1 of the fifth year following such census, the population of each county and city shall be adjusted, based on population projections made by the Weldon Cooper Center for Public Service of the University of Virginia.

§ 33.1-470. Annual budget and allocation of expenses.

A. The Commission shall adopt an annual budget and develop a funding plan and shall provide for such adoption in its bylaws. The funding plan shall provide for the expenditure of funds over a four- to six-year period and shall align with the Statewide Transportation Plan established pursuant to § 33.1-23.03 as much as possible. The Commission shall solicit public comment on its budget and funding plan by posting a summary of such budget and funding plan on its website and holding a public hearing. Such public hearing shall be advertised on the Commission's website and in a newspaper of general circulation in Planning District 23.

B. The administrative expenses of the Commission, as provided in an annual budget adopted by the Commission, to the extent funds for such expenses are not provided from other sources, shall be allocated among the component counties and cities on the basis of the relative population, as determined pursuant to § 33.1-469. Such budget shall be limited solely to the administrative expenses of the Commission and shall not include any funds for construction or acquisition of transportation facilities or the performance of any transportation service.

C. Members may be reimbursed for all reasonable and necessary expenses provided in §§ 2.2-2813 and 2.2-2825, if approved by the Commission. Funding for the costs of compensation and expenses of the members shall be provided by the Commission.

§ 33.1-471. Authority to issue bonds.

The provisions of Article 5 (§ 15.2-4519 et seq.) of Chapter 45 of Title 15.2 shall apply, mutatis mutandis, to the issuance of such bonds or other debt. The Commission may issue bonds or other debt in such amounts as it deems appropriate. The bonds may be supported by any funds available, except that funds from tolls collected pursuant to § 33.1-472 shall be used only as provided in that section.

§ 33.1-472. Powers of the Commission.

Notwithstanding any contrary provision of this title and in accordance with all applicable federal statutes and requirements, the Commission shall control and operate and may impose and collect tolls in amounts established by the Commission for the use of any new or improved highway, bridge, or tunnel, to increase capacity on such facility or to address congestion within Planning District 23, constructed by the Commission (i) with federal, state, or local funds, (ii) solely with revenues of the Commission, or (iii) with revenues under the control of the Commission. The amount of any such toll may be varied from facility to facility, by lane, by congestion levels, by day of the week, by time of day, by type or size of vehicle, by number of axles, or by any similar combination thereof or any other factor the Commission may deem proper, and a reduced rate may be established for commuters as defined by the Commission. All such tolls shall be used for programs and projects that are reasonably related to or benefit the users of the new or improved highway, bridge, or tunnel, including, but not limited to, for the debt service and other costs of bonds whose proceeds are used for construction or improvement of such highway, bridge, or tunnel.

Any tolls imposed by the Commission shall be collected by an electronic toll system that, to the extent possible, shall not impede the traffic flow of the facility or prohibit a toll facility from retaining means of nonautomated toll collection in some lanes of the facility. For all facilities tolled by the Commission, there shall be signs erected prior to the point of toll collection that clearly state how the majority of the toll revenue is being spent by the Commission to benefit the users of the facility.

§ 33.1-473. Additional powers of the Commission.

A. The Commission shall have the following powers together with all powers incidental thereto or necessary for the performance of those hereinafter stated:

- 1. To sue and be sued and to prosecute and defend, at law or in equity, in any court having jurisdiction of the subject matter and of the parties;*
- 2. To adopt and use a corporate seal and to alter the same at its pleasure;*
- 3. To procure insurance, participate in insurance plans, and provide self-insurance; however, the purchase of insurance, participation in an insurance plan, or the creation of a self-insurance plan by the Commission shall not be deemed a waiver or relinquishment of any sovereign immunity to which the Commission or its officers, directors, employees, or agents are otherwise entitled;*

8. In consultation with the Commonwealth Transportation Board and with each city or county in which the facility or any part thereof is or is to be located, to repair, expand, enlarge, construct, reconstruct, or renovate any or all highways, bridges, and tunnels within Planning District 23 and to acquire any real or personal property needed for any such purpose;

9. To enter into agreements or leases with public or private entities for the operation and maintenance of bridges, tunnels, transit and rail facilities, and highways;

10. To make and execute contracts, deeds, mortgages, leases, and all other instruments and agreements necessary or convenient for the performance of its duties and the exercise of its powers and functions under this chapter;

11. To the extent funds are made or become available to the Commission to do so, to employ employees, agents, advisors, and consultants, including without limitation attorneys, financial advisors, engineers, and other technical advisers and, the provisions of any other law to the contrary notwithstanding, to determine their duties and compensation; and

12. To the extent not inconsistent with the other provisions of this chapter, and without limiting or restricting the powers otherwise given the Commission, to exercise all of the powers given to transportation district commissions by § 15.2-4518.

Notwithstanding any other provision of this chapter, all moneys received by the Commission shall be used by the Commission solely for the benefit of those counties and cities that are embraced by the Commission, and such moneys shall be used by the Commission in a manner that is consistent with the purposes stated in this chapter.

All meetings of the council shall be public except where closed pursuant to the provisions of general law, and any citizen may have access to the minutes and records thereof at all reasonable times.

§ 60. Division of Police.

The police force shall be composed of a chief of police, a *deputy chief*, and ~~of~~ such officers, patrolmen and other employees as the city manager may determine. The chief of police shall have the immediate direction and control of the said force, subject, however, to the supervision of the director of public safety, and to such rules, regulations and orders as the said director may prescribe, and through the chief of police the director of public safety shall promulgate all orders, rules and regulations for the government of the whole force. In case of the disability of the chief of police to perform his duties by reason of sickness, absence from the city or other cause, the director of public safety shall designate an officer of the police force to act as chief of police during such disability, and the officer so designated shall serve without additional compensation. The members of the police force other than the chief and *deputy chief* shall be selected from the list of eligibles prepared by the civil service commission, and in accordance with such rules as the said commission may prescribe, provided that in case of riot or emergency the director of public safety may appoint additional patrolmen and officers for temporary service, who need not be in the classified service. Each member of the police force, both rank and file, shall have issued to him a warrant of appointment signed by the director of public safety, in which the date of his appointment shall be stated, and such warrant shall be his commission. Each member of the said force shall, before entering upon the duties of his office, take and subscribe an oath that he will faithfully without fear or favor, perform the duties of his office, and such oath shall be filed and preserved with the records of said department. And in addition the several officers of the said force shall, if so required by the council, give bond in such penalty and with such security as the council may by ordinance prescribe.

No person except as otherwise provided by general law or by this charter shall act as special police, special detective or other special police officer for any purpose whatsoever except upon written authority from the director of public safety. Such authority, when conferred, shall be exercised only under the direction and control of the chief of police and for a specified time.

The officers and privates constituting the police force of said city shall be, and they are, hereby invested with all of the power and authority which pertains to the office of constable at common law in taking cognizance of and in enforcing the criminal laws of the State and the ordinances and regulations of said city, and it shall be the duty of each such officer and private to use his best endeavors to prevent the commission within the said city of offenses against the laws of said State, and against the ordinances and regulations of said city; to observe and enforce all such laws, ordinances and regulations; to detect and arrest offenders against the same; to preserve the good order of said city, and to secure the inhabitants thereof from violence, and the property therein from injury. Any person other than a member of said force who shall wear such uniform or badge as may be prescribed as aforesaid, may be subjected to such fine or imprisonment, or both, as may be prescribed by the council by ordinance.

§ 63. Supervision in divisions of fire and police.

The chief of police and the fire chief, with the approval of the director of public safety, except as hereinafter provided, shall have the right and power to reprimand, or to suspend, for a given number of days or indefinitely, any of the sworn officers and sworn employees in their respective divisions who may be under their management and control, for incompetence, neglect of duty, immorality, drunkenness, failure to obey orders given by proper authority, or for any other just and reasonable cause. *This section does not apply to the deputy chief of police, who, like the chief of police and the fire chief, is appointed by and serves at the will of the city manager.* If any such officer or employee be suspended for more than ten days or be suspended indefinitely, the chief of the division concerned shall forthwith certify in writing the fact, together with the cause for such suspension, to the trial board hereinafter provided for, and a copy of such certificate of suspension, and the cause therefor, shall be promptly served on such officer or employee, which service may be by an officer of his division or in the manner prescribed by law for the service of civil process.

Any such officer or employee so suspended may, within ten days after he shall have been so served with such certificate of suspension and the cause therefor, file with said trial board a written request for a hearing upon the accusations so made against him, whereupon said trial board shall, after not less than five days' written notice to such officer or employee, and to the chief of the division by whom he has been suspended, hold and conduct a hearing, which shall be open to the public, upon such accusations, at a time and place to be specified in such notice, and may render judgment thereon. Such judgment, in the event said accusations or any of them are, in the opinion of said trial board, sustained, may be a reprimand, extra duty without extra compensation, suspension for a fixed time, reduction in rank, or dismissal, as to said trial board may seem proper, which judgment shall be final.

Whenever the judgment of the said trial board is that the accusations were not sustained, it may order the reinstatement of such officer or employee in the office or position from which he was suspended. Such order of reinstatement may, in the discretion of said trial board, be retroactive and provide that such officer or employee shall be entitled to compensation for all or part of the time he was so suspended.

In the event any such officer or employee who is suspended for more than ten days or suspended indefinitely shall not file with said trial board a written demand for a hearing as hereinabove provided, the suspension of such officer or employee

shall become final, and if the suspension be for an indefinite period, such officer or employee may be discharged by the city manager without a hearing.

The trial board above referred to shall be known as the Norfolk Police-Fire Trial Board, and the members thereof shall be appointed by the council. It shall consist of not less than three nor more than five members, in the discretion of the council, who shall be qualified voters residing in the city, none of whom shall be in any way connected with any other city office. The first appointment of the members of the said trial board shall be for a term of one year commencing July 1, 1950, and all subsequent appointments shall be for consecutive terms of one year. Any member may be appointed for a consecutive term or terms, and any vacancy shall be filled by appointment by the council for the remainder of the unexpired term. The judgment of a majority of the members appointed on said trial board shall control. The members shall receive such compensation as may be provided by council. Each member shall, before entering upon the duties of his office, take and subscribe the oaths provided by § 133 of this Charter for city officers.

The council shall designate one member of said trial board as chairman thereof. The chairman shall have the power to subpoena witnesses, administer oaths and compel the production of any books and papers in connection with any hearing held hereunder by said trial board. Any person refusing or failing to appear and testify or to produce such books and papers, or who shall testify falsely under oath at any hearing held by said trial board, may be proceeded against in the same manner and shall be subject to the same penalties as provided by § 51 of this Charter relating to investigations as to city affairs.

The council shall also designate one member of said trial board as vice-chairman thereof to act in the absence, disability or inability to act of the chairman, and when so acting, the said vice-chairman shall have all the powers herein conferred upon the chairman.

Any such officer or employee against whom accusations are so filed shall have the right to be represented by counsel at any hearing before said trial board. All notices required to be given the trial board may be given to the chairman thereof, or in his absence, to the vice-chairman.

§ 64. Suspension and dismissal of the chief of police, *deputy chief of police*, and fire chief.

The city manager shall have the power to suspend or dismiss the chief of police, *the deputy chief of police*, and the fire chief at any time, and his action in every such case shall be final; provided that in the event the chief of police, *the deputy chief of police*, or the fire chief was appointed to such position from the membership of his respective division, he shall, at the time of any such suspension or dismissal, or at any time prior thereto, at his request, be restored to the rank he held in the classified service in such division at the time of his appointment as such chief *or deputy chief*, without being required to take any examination, subject, however, to the provisions of § 63 of this Charter.

§ 114. Officers exempted from classified service.

Officers who are elected by the people or who are elected or confirmed by the council, pursuant to this charter, members of the school board, the teachers in the public schools and all other persons employed by said school board, heads of the administrative departments of the city, *the deputy chief of police*, assistant city managers, employees who report directly to and whose positions require the personal trust and confidence of the city manager, employees, regardless of their positions, hired and permanently assigned to work for and under the supervision of the constitutional officers of the city or of the circuit court judges of the city, assistant heads of administrative departments ~~except for the departments of fire and police~~, and heads or chiefs of bureaus and divisions within said departments, *but not including such positions within the departments of fire and police other than that of the deputy chief of police*, members of the law department and civil service examiners, shall not be included in such classified service; provided, however, that the council may by ordinance provide that the health officer of said city and such of his trained medical assistants as may be required to give full time to the duties of their positions shall be included in the classified service.

CHAPTER 685

An Act to amend and reenact §§ 46.2-324.1, 46.2-325, 46.2-334, and 46.2-1702 of the Code of Virginia, relating to driver training and road tests for persons age 19 or older.

[S 205]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-324.1, 46.2-325, 46.2-334, and 46.2-1702 of the Code of Virginia are amended and reenacted as follows:

§ 46.2-324.1. Requirements for initial licensure of certain applicants.

A. No driver's license shall be issued to any applicant unless he either (i) provides written evidence of having satisfactorily completed a course of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or Department of Education or (ii) has held a learner's permit issued by the Department for at least 60 days prior to his first behind-the-wheel examination by the Department when applying for a noncommercial driver's license.

The provisions of this section shall only apply to persons who are at least 19 years old and who either (a) have never held a driver's license issued by Virginia or any other state or territory of the United States or foreign country or (b) have never been licensed or held the license endorsement or classification required to operate the type of vehicle which they now propose to operate. *Completion of a course of driver instruction approved by the Department or the Department of Education at a driver training school may include the final behind-the-wheel examination for a driver's license; however, a driver training school shall not administer the behind-the-wheel examination to any applicant who is under medical control pursuant to § 46.2-322. Applicants completing a course of driver instruction approved by the Department or the Department of Education at a driver training school retain the option of having the behind-the-wheel examination administered by the Department.*

B. No commercial driver's license shall be issued to any applicant unless he is 18 years old or older and has complied with the requirements of § 46.2-341.9. Applicants for a commercial driver's license who have never before held a commercial driver's license shall apply for a commercial driver's instruction permit and either (i) provide written evidence of having satisfactorily completed a course of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or Department of Education and hold the commercial driver's instruction permit for a minimum of 14 days prior to taking the behind-the-wheel examination for the commercial driver's license or (ii) hold the commercial driver's instruction permit for a minimum of 30 days before taking the behind-the-wheel examination for the commercial driver's license.

Holders of a commercial driver's license who have never held the license endorsement or classification required to operate the type of commercial motor vehicle which they now propose to operate must apply for a commercial driver's instruction permit if the upgrade requires a skills test and hold the permit for a minimum of 14 days prior to taking the behind-the-wheel examination for the commercial driver's license.

C. Nothing in this section shall be construed to prohibit the Department from requiring any person to complete the skills examination as prescribed in § 46.2-325 and the written or automated examinations as prescribed in § 46.2-335.

§ 46.2-325. Examination of applicants; waiver of Department's examination under certain circumstances; behind-the-wheel and knowledge examinations.

A. The Department shall examine every applicant for a driver's license before issuing any license to determine (i) his physical and mental qualifications and his ability to drive a motor vehicle without jeopardizing the safety of persons or property and (ii) if any facts exist which would bar the issuance of a license under §§ 46.2-311 through 46.2-316, 46.2-334, or 46.2-335. The examination, however, shall not include investigation of any facts other than those directly pertaining to the ability of the applicant to drive a motor vehicle with safety, or other than those facts declared to be prerequisite to the

issuance of a license under this chapter. No applicant otherwise competent shall be required to demonstrate ability to park any motor vehicle except in an adequate parking space between horizontal markers, and not between flags or sticks simulating parked vehicles. Except as provided for in § 46.2-337, applicants for licensure to drive motor vehicles of the classifications referred to in § 46.2-328 shall submit to examinations which relate to the operation of those vehicles. The motor vehicle to be used by the applicant for the behind-the-wheel examination shall meet the safety and equipment requirements specified in Chapter 10 (§ 46.2-1000 et seq.) and possess a valid inspection sticker as required pursuant to § 46.2-1157.

Prior to taking the examination, the applicant shall either (a) present evidence that the applicant has completed a state-approved driver education class pursuant to the provisions of § 46.2-324.1 or 46.2-334 or (b) submit to the examiner a behind-the-wheel maneuvers checklist, on a form provided by the Department, that describes the vehicle maneuvers the applicant may be expected to perform while taking the behind-the-wheel examination, that has been signed by a licensed driver, certifying that the applicant has practiced the driving maneuvers contained and described therein, and that has been signed by the applicant certifying that, at all times while holding a learner's permit, the applicant has complied with the provisions of § 46.2-335 while operating a motor vehicle.

Except for applicants subject to § 46.2-312, if the Commissioner is satisfied that an applicant has demonstrated the same proficiency as required by the Department's examination through successful completion of either (1) the driver education course approved by the Department of Education or (2) a driver training course offered by a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.), he may waive those parts of the Department's examination provided for in this section that require the applicant to drive and park a motor vehicle.

B. Any person who fails the behind-the-wheel examination for a driver's license administered by the Department shall wait two days before being permitted to take another such examination. No person who fails the behind-the-wheel examination for a driver's license administered by the Department three times shall be permitted to take such examination a fourth time until he successfully completes, subsequent to the third examination failure, the in-vehicle component of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or the Department of Education. In addition, no person who fails the driver knowledge examination for a driver's license administered by the Department three times shall be permitted to take such examination a fourth time until he successfully completes, subsequent to the third examination failure, the classroom component of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or, for persons at least 19 years old, a course of instruction based on the Virginia Driver's Manual offered by a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) and approved by the Department or the Department of Education. *All persons required to attend a driver training school pursuant to this section shall be required after successful completion of the necessary courses to have the applicable examination administered by the Department.*

The provisions of this subsection shall not apply to persons placed under medical control by the Department pursuant to § 46.2-322.

§ 46.2-334. Conditions and requirements for licensure of persons under 18; requests for cancellation of minor's driver's license; temporary driver's licenses; Board of Education approved programs; home-schooled students; fee.

A. Minors at least 16 years and three months old may be issued driver's licenses under the following conditions:

1. The minor shall submit a proper application and satisfactory evidence that he (i) is a resident of the Commonwealth; (ii) has successfully completed a driver education course approved by either the State Department of Education or, in the case of a course offered by a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) of this title, by the Department of Motor Vehicles; and (iii) is mentally, physically, and otherwise qualified to drive a motor vehicle safely.

2. The minor's application for a driver's license must be signed by a parent of the applicant, otherwise by the guardian having custody of him. However, in the event a minor has no parent or guardian, then a driver's license shall not be issued to him unless his application is signed by the judge of the juvenile and domestic relations district court of the city or county in which he resides. If the minor making the application is married or otherwise emancipated, in lieu of any parent's, guardian's or judge's signature, the minor may present proper evidence of the solemnization of the marriage or the order of emancipation.

3. The minor shall be required to state in his application whether or not he has been convicted of an offense triable by, or tried in, a juvenile and domestic relations district court or found by such court to be a child in need of supervision, as defined in § 16.1-228. If it appears that the minor has been adjudged not innocent of the offense alleged or has been found to be a child in need of supervision, the Department shall not issue a license without the written approval of the judge of the juvenile and domestic relations district court making an adjudication as to the minor or the like approval of a similar court of the county or city in which the parent or guardian, respectively, of the minor resides.

4. The application for a permanent driver's license by a minor of the age of persons required to attend school pursuant to § 22.1-254 shall be accompanied by evidence of compliance with the compulsory school attendance law set forth in Article 1 (§ 22.1-254 et seq.) of Chapter 14 of Title 22.1. This evidence shall be provided in writing by the minor's parent. If the minor is unable to provide such evidence, he shall not be granted a driver's license until he reaches the age of 18 or presents proper evidence of the solemnization of his marriage or an order of emancipation, or the parent, as defined in § 22.1-1, or other person standing in loco parentis has provided written authorization for the minor to obtain a driver's license.

A minor may, however, present a high school diploma or its equivalent or a certificate indicating completion of a prescribed course of study as defined by the local school board pursuant to § 22.1-253.13:4 as evidence of compulsory school attendance compliance.

5. The minor applicant shall certify in writing, on a form prescribed by the Commissioner, that he is a resident of the Commonwealth. The applicant's parent or guardian shall also certify that the applicant is a resident by signing the certification. Any minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to provide the parent's certification of residence.

B. Any custodial parent or guardian of an unmarried or unemancipated minor may, after the issuance of a permanent driver's license to such minor, file with the Department a written request that the license of the minor be canceled. When such request is filed, the Department shall cancel the license of the minor and the license shall not thereafter be reissued by the Department until a period of six months has elapsed from the date of cancellation or the minor reaches his eighteenth birthday, whichever shall occur sooner. Notwithstanding the foregoing provisions of this subsection, in the case of a minor whose parents have been awarded joint legal custody, a request that the license of the minor be cancelled must be signed by both legal custodians. In the event one parent is not reasonably available or the parents do not agree, one parent may petition the juvenile and domestic relations district court to make a determination that the license of the minor be cancelled.

C. The provisions of subsection A of this section requiring that an application for a driver's license be signed by the parent or guardian shall be waived by the Commissioner if the application is accompanied by proper evidence of the solemnization of the minor's marriage or a certified copy of a court order, issued under the provisions of Article 15 (§ 16.1-331 et seq.) of Chapter 11 of Title 16.1, declaring the applicant to be an emancipated minor.

D. A learner's permit accompanied by documentation verifying the minor's successful completion of an approved driver education course, signed by the minor's parent, guardian, legal custodian or other person standing in loco parentis, shall constitute a temporary driver's license for purposes of driving unaccompanied by a licensed driver as required in § 46.2-335, if all other requirements of this chapter have been met. The temporary license shall only be valid until the permanent license is presented as provided in § 46.2-336.

E. Notwithstanding the provisions of subsection A of this section requiring the successful completion of a driver education course approved by the State Department of Education, the Commissioner, on application therefor by a person at least 16 years and three months old but less than 18 years old, shall issue to the applicant a temporary driver's license valid for six months if he (i) certifies by signing, together with his parent or guardian, on a form prescribed by the Commissioner that he is a resident of the Commonwealth; (ii) is the holder of a valid driver's license from another state; and (iii) has not been found guilty of or otherwise responsible for an offense involving the operation of a motor vehicle. No temporary license issued under this subsection shall be renewed, nor shall any second or subsequent temporary license under this subsection be issued to the same applicant. Any such minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to obtain the signature of his parent or guardian for the temporary driver's license.

F. Be it enacted by the General Assembly of Virginia:

§ 16.1-340. Emergency custody; issuance and execution of order.

A. Any magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion, an emergency custody order when he has probable cause to believe that (i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusory thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § 16.1-337. This subsection shall not preclude any other disclosures as required or permitted by law. To the extent possible, the petition shall contain the information required by § 16.1-339.1.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the minor, (3) any past mental health treatment of the minor, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any minor for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether he meets the criteria for temporary detention pursuant to § 16.1-340.1 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board serving the area in which the minor is located who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, in cases in which the emergency custody order is based upon a finding that the minor who is the subject of the order has a mental illness and that, as a result of mental illness, the minor is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusory thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control, the magistrate may authorize transportation by an alternative transportation provider, including a parent, family member, or friend of the minor who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the minor's treating physician, if any; or other persons who are available and have knowledge of the minor, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the minor into custody, and to transfer custody of the minor to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the minor being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its

designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the minor subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the minor who is the subject of the emergency custody order was taken into custody or, if the minor has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the minor is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the minor to the facility or location to which the minor is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the minor and others from harm, (ii) is actually capable of providing the level of security necessary to protect the minor and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a minor meets the criteria for emergency custody as stated in this section may take that minor into custody and transport that minor to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed ~~four~~ *eight* hours from the time the law-enforcement officer takes the minor into custody. ~~However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the minor can be temporarily detained pursuant to § 16.1-340.1 or (ii) a medical evaluation of the person to be completed if necessary.~~

H. A law-enforcement officer who is transporting a minor who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such minor into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the minor has revoked consent to be transported to a facility for the purpose of assessment or evaluation and (ii) based upon his observations, that probable cause exists to believe that the minor meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed ~~four~~ *eight* hours from the time the law-enforcement officer takes the minor into custody. ~~However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (a) the community services board to identify a suitable facility in which the minor can be temporarily detained pursuant to § 16.1-340.1 or (b) a medical evaluation of the person to be completed if necessary.~~

I. *A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.*

J. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a minor in his custody as provided in this section.

~~✚~~ K. The minor shall remain in custody until a temporary detention order is issued, until the minor is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed ~~four~~ *eight* hours from the time of execution. ~~However, upon a finding by a magistrate that good cause exists to grant an extension, the~~

magistrate shall extend the emergency custody order one time for a second period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the minor can be temporarily detained pursuant to § 16.1-340.1 or (ii) a medical evaluation of the person to be completed if necessary. Any family member, as defined in § 37.2-100, employee or designee of the community services board, treating physician, or law enforcement officer may request the two-hour extension.

~~K. L.~~ If an emergency custody order is not executed within ~~six~~ eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

~~E. M.~~ In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the minor is detained in a state facility pursuant to subsection D of § 16.1-340.1, the state facility and an employee or designee of the community services board may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the minor.

N. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to minors with mental illnesses while in emergency custody.

§ 16.1-340.1. Involuntary temporary detention; issuance and execution of order.

A. A magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 16.1-345.1 by an employee or designee of the local community services board to determine whether the minor meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician or clinical psychologist treating the person, that (i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment. The magistrate shall also consider the recommendations of the minor's parents and of any treating or examining physician licensed in Virginia if available either verbally or in writing prior to rendering a decision. To the extent possible, the petition shall contain the information required by § 16.1-339.1. Any temporary detention order entered pursuant to this section shall be effective until such time as the juvenile and domestic relations district court serving the jurisdiction in which the minor is located conducts a hearing pursuant to subsection B of § 16.1-341. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § 16.1-337. This subsection shall not preclude any other disclosures as required or permitted by law.

B. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the minor, (iii) any past mental health treatment of the minor, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

C. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection A if (i) the minor has been personally examined within the previous 72 hours by an employee or designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the minor or to others associated with conducting such evaluation.

D. An employee or designee of the community services board shall determine the facility of temporary detention *in accordance with the provisions of § 16.1-340.1:1* for all minors detained pursuant to this section. ~~The facility of temporary detention shall be one that has been approved pursuant to regulations of the Board of Behavioral Health and Developmental Services.~~ The facility shall be identified on the preadmission screening report and indicated on the temporary detention order. *Subject to the provisions of § 16.1-340.1:1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 16.1-340, the minor shall be detained in a state facility for the treatment of minors with mental illness and such facility shall be indicated on the temporary detention order.* Except for minors who are detained for a criminal offense by a juvenile and domestic relations district court and who require hospitalization in accordance with this article, the minor shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the minor is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by the facility identified in the temporary detention order.

E. Any facility caring for a minor placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the minor within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs

reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

F. The employee or designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the minor. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

G. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 16.1-342, preparation of the preadmission screening report required by § 16.1-340.4, and initiation of mental health treatment to stabilize the minor's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 96 hours prior to a hearing. If the 96-hour period herein specified terminates on a Saturday, Sunday, or legal holiday, the minor may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or legal holiday. The minor may be released, pursuant to § 16.1-340.3, before the 96-hour period herein specified has run.

H. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

I. For purposes of this section a healthcare provider or an employee or designee of the local community services board shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

J. The employee or designee of the local community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the minor should not be subject to a temporary detention order, inform the petitioner and an on-site treating physician of his recommendation.

K. Each community services board shall provide to each juvenile and domestic relations district court and magistrate's office within its service area a list of employees and designees who are available to perform the evaluations required herein.

§ 16.1-340.1:1. Facility of temporary detention.

A. In each case in which an employee or designee of the local community services board is required to make an evaluation of a minor pursuant to subsection B, G, or H of § 16.1-340, an employee or designee of the local community services board shall, upon being notified of the need for such evaluation, contact the state facility for the area in which the community services board is located and notify the state facility that the minor will be transported to the facility upon issuance of a temporary detention order if no other facility of temporary detention can be identified by the time of the expiration of the period of emergency custody pursuant to § 16.1-340. Upon completion of the evaluation, the employee or designee of the local community services board shall convey to the state facility information about the minor necessary to allow the state facility to determine the services the minor will require upon admission.

B. A state facility may, following the notice in accordance with subsection A, conduct a search for an alternative facility that is able and willing to provide temporary detention and appropriate care to the minor, which may include another state facility if the state facility notified in accordance with subsection A is unable to provide temporary detention and appropriate care for the minor. Under no circumstances shall a state facility fail or refuse to admit a minor who meets the criteria for temporary detention pursuant to § 16.1-340.1 unless an alternative facility that is able to provide temporary detention and appropriate care agrees to accept the minor for temporary detention, and the minor shall not during the duration of the temporary detention order be released from the custody of the community services board except for purposes of transporting the minor to the state facility or alternative facility in accordance with the provisions of § 16.1-340.2. If an alternative facility is identified and agrees to accept the minor for temporary detention, the state facility shall notify the community services board, and an employee or designee of the community services board shall designate the alternative facility on the prescreening report.

C. The facility of temporary detention designated in accordance with this section shall be one that has been approved pursuant to regulations of the State Board of Behavioral Health and Developmental Services.

§ 16.1-345.4. Court review of mandatory outpatient treatment plan.

A. The juvenile and domestic relations district court judge shall hold a hearing within 15 days after receiving the motion for review of the mandatory outpatient treatment plan; however, if the fifteenth day is a Saturday, Sunday, or legal holiday, or day on which the court is lawfully closed, the hearing shall be held on the next day that is not a Saturday, Sunday, or legal holiday, or day on which the court is lawfully closed. If the minor is being detained under a temporary detention order, the hearing shall be scheduled within the same time frame provided for a commitment hearing under § 16.1-341. The clerk shall provide notice of the hearing to the minor, his parents, the community services board, all treatment providers listed in the comprehensive mandatory outpatient treatment order, and the original petitioner for the minor's involuntary treatment. If the minor is not represented by counsel, the judge shall appoint an attorney to represent the minor in this

hearing and any subsequent hearings under § 16.1-345.5, giving consideration to appointing the attorney who represented the minor at the proceeding that resulted in the issuance of the mandatory outpatient treatment order. The judge shall also appoint a guardian ad litem for the minor. The community services board shall offer to arrange the minor's transportation to the hearing if the minor is not detained and has no other source of transportation.

B. If requested by the minor's parents, the community services board, a treatment provider listed in the comprehensive mandatory outpatient treatment plan, or the original petitioner for the minor's involuntary treatment, the juvenile and domestic relations district court judge may order an evaluation and appoint a qualified evaluator in accordance with § 16.1-342 who shall personally examine the minor and certify to the court whether or not he has probable cause to believe that the minor meets the criteria for involuntary inpatient treatment or mandatory outpatient treatment as specified in § 16.1-345 and subsection A of § 16.1-345.2. The evaluator's report may be admitted into evidence without the appearance of the evaluator at the hearing if not objected to by the minor or his attorney. If the minor is not detained in an inpatient facility, the community services board shall arrange for the minor to be examined at a convenient location and time. The community services board shall offer to arrange for the minor's transportation to the examination, if the minor has no other source of transportation. If the minor refuses or fails to appear, the community services board shall notify the court, and the court shall issue a mandatory examination order and a civil show cause summons. The return date for the civil show cause summons shall be set on a date prior to the review hearing scheduled pursuant to subsection A, and the examination of the minor shall be conducted immediately after the hearing thereon, but in no event shall the period for the examination exceed ~~four~~ eight hours.

C. If the minor fails to appear for the hearing, the juvenile and domestic relations district court judge shall, after consideration of any evidence from the minor, from his parents, from the community services board, or from any treatment provider identified in the mandatory outpatient treatment plan regarding why the minor failed to appear at the hearing, either (i) reschedule the hearing pursuant to subsection A, (ii) issue an emergency custody order pursuant to § 16.1-340, or (iii) issue a temporary detention order pursuant to § 16.1-340.1.

D. After hearing the evidence regarding the minor's material noncompliance with the mandatory outpatient treatment order and the minor's current condition, and any other relevant information referenced in § 16.1-345 and subsection A of § 16.1-345.2, the juvenile and domestic relations district court judge may make one of the following dispositions:

1. Upon finding by clear and convincing evidence that the minor meets the criteria for involuntary admission and treatment specified in § 16.1-345, the judge shall order the minor's involuntary admission to a facility designated by the community services board for a period of treatment not to exceed 30 days;

2. Upon finding that the minor continues to meet the criteria for mandatory outpatient treatment specified in subsection A of § 16.1-345.2, and that a continued period of mandatory outpatient treatment appears warranted, the judge may renew the order for mandatory outpatient treatment, making any necessary modifications that are acceptable to the community services board or treatment provider responsible for the minor's treatment. In determining the appropriateness of outpatient treatment, the court may consider the minor's material noncompliance with the previous mandatory treatment order; or

3. Upon finding that neither of the above dispositions is appropriate, the judge may rescind the order for mandatory outpatient treatment.

Upon entry of an order for involuntary inpatient admission, transportation shall be provided in accordance with § 16.1-345.

E. For the purposes of this section, "juvenile and domestic relations district court judge" shall not include a special justice as authorized by § 37.2-803.

§ 19.2-169.6. Inpatient psychiatric hospital admission from local correctional facility.

A. Any inmate of a local correctional facility who is not subject to the provisions of § 19.2-169.2 may be hospitalized for psychiatric treatment at a hospital designated by the Commissioner of Behavioral Health and Developmental Services as appropriate for treatment of persons under criminal charge if:

1. The court with jurisdiction over the inmate's case, if it is still pending, on the petition of the person having custody over an inmate or on its own motion, holds a hearing at which the inmate is represented by counsel and finds by clear and convincing evidence that (i) the inmate has a mental illness; (ii) there exists a substantial likelihood that, as a result of a mental illness, the inmate will, in the near future, cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any; and (iii) the inmate requires treatment in a hospital rather than the local correctional facility. Prior to making this determination, the court shall consider the examination conducted in accordance with § 37.2-815 and the preadmission screening report prepared in accordance with § 37.2-816 and conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or designee of the local community services board or behavioral health authority who is skilled in the assessment and treatment of mental illness, who is not providing treatment to the inmate, and who has completed a certification program approved by the Department of Behavioral Health and Developmental Services as provided in § 37.2-809. The examiner appointed pursuant to § 37.2-815, if not physically present at the hearing, shall be available whenever possible for questioning during the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § 37.2-804.1. Any employee or designee of the local community services board or behavioral health authority, as defined in § 37.2-809, representing the board or authority that prepared the preadmission screening report shall attend the hearing in person or, if physical attendance is not practicable, shall participate in the

hearing through a two-way electronic video and audio communication system as authorized in § 37.2-804.1. When the hearing is held outside the service area of the community services board or behavioral health authority that prepared the preadmission screening report, and it is not practicable for a representative of the board or authority to attend or participate in the hearing, arrangements shall be made by the board or authority for an employee or designee of the board or authority serving the area in which the hearing is held to attend or participate on behalf of the board or authority that prepared the preadmission screening report; or

2. Upon petition by the person having custody over an inmate, a magistrate finds probable cause to believe that (i) the inmate has a mental illness; (ii) there exists a substantial likelihood that, as a result of a mental illness, the inmate will, in the near future, cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any; and (iii) the inmate requires treatment in a hospital rather than a local correctional facility, and the magistrate issues a temporary detention order for the inmate. Prior to the filing of the petition, the person having custody shall arrange for an evaluation of the inmate conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or designee of the local community services board or behavioral health authority who is skilled in the assessment and treatment of mental illness and who has completed a certification program approved by the Department as provided in § 37.2-809. After considering the evaluation of the employee or designee of the local community services board or behavioral health authority, and any other information presented, and finding that probable cause exists to meet the criteria, the magistrate may issue a temporary detention order in accordance with the applicable procedures specified in §§ 37.2-809 through 37.2-813. The person having custody over the inmate shall notify the court having jurisdiction over the inmate's case, if it is still pending, and the inmate's attorney prior to the detention pursuant to a temporary detention order or as soon thereafter as is reasonable.

Upon detention pursuant to this subdivision, a hearing shall be held either (a) before the court having jurisdiction over the inmate's case or (b) before a district court judge or a special justice, as defined in § 37.2-100, in accordance with the provisions of §§ 37.2-815 through 37.2-821, in which case the inmate shall be represented by counsel as specified in § 37.2-814. The hearing shall be held within 48 72 hours of execution of the temporary detention order issued pursuant to this subdivision. If the ~~48-hour~~ 72-hour period terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the inmate may be detained until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. Any employee or designee of the local community services board or behavioral health authority, as defined in § 37.2-809, representing the board or authority that prepared the preadmission screening report shall attend the hearing in person or, if physical attendance is not practicable, shall participate in the hearing through a two-way electronic video and audio communication system as authorized in § 37.2-804.1. When the hearing is held outside the service area of the community services board or behavioral health authority that prepared the preadmission screening report, and it is not practicable for a representative of the board or authority to attend or participate in the hearing, arrangements shall be made by the board or authority for an employee or designee of the board or authority serving the area in which the hearing is held to attend or participate on behalf of the board or authority that prepared the preadmission screening report. The judge or special justice conducting the hearing may order the inmate hospitalized if, after considering the examination conducted in accordance with § 37.2-815, the preadmission screening report prepared in accordance with § 37.2-816, and any other available information as specified in subsection C of § 37.2-817, he finds by clear and convincing evidence that (1) the inmate has a mental illness; (2) there exists a substantial likelihood that, as a result of a mental illness, the inmate will, in the near future, cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any; and (3) the inmate requires treatment in a hospital rather than a local correctional facility. The examiner appointed pursuant to § 37.2-815, if not physically present at the hearing, shall be available whenever possible for questioning during the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § 37.2-804.1. The examination and the preadmission screening report shall be admitted into evidence at the hearing.

B. In no event shall an inmate have the right to make application for voluntary admission as may be otherwise provided in § 37.2-805 or 37.2-814 or be subject to an order for mandatory outpatient treatment as provided in § 37.2-817.

C. If an inmate is hospitalized pursuant to this section and his criminal case is still pending, the court having jurisdiction over the inmate's case may order that the admitting hospital evaluate the inmate's competency to stand trial and his mental state at the time of the offense pursuant to §§ 19.2-169.1 and 19.2-169.5.

D. An inmate may not be hospitalized longer than 30 days under subsection A unless the court which has criminal jurisdiction over him or a district court judge or a special justice, as defined in § 37.2-100, holds a hearing and orders the inmate's continued hospitalization in accordance with the provisions of subdivision A 2. If the inmate's hospitalization is continued under this subsection by a court other than the court which has jurisdiction over his criminal case, the facility at which the inmate is hospitalized shall notify the court with jurisdiction over his criminal case and the inmate's attorney in the criminal case, if the case is still pending.

E. Hospitalization may be extended in accordance with subsection D for periods of 60 days for inmates awaiting trial, but in no event may such hospitalization be continued beyond trial, nor shall such hospitalization act to delay trial, as long as the inmate remains competent to stand trial. Hospitalization may be extended in accordance with subsection D for periods of 180 days for an inmate who has been convicted and not yet sentenced, or for an inmate who has been convicted of a crime and is in the custody of a local correctional facility after sentencing, but in no event may such hospitalization be

continued beyond the date upon which his sentence would have expired had he received the maximum sentence for the crime charged. Any inmate who has not completed service of his sentence upon discharge from the hospital shall serve the remainder of his sentence.

F. For any inmate who has been convicted and not yet sentenced, or who has been convicted of a crime and is in the custody of a local correctional facility after sentencing, the time the inmate is confined in a hospital for psychiatric treatment shall be deducted from any term for which he may be sentenced to any penal institution, reformatory or elsewhere.

G. Any health care provider, as defined in § 32.1-127.1:03, or other provider rendering services to an inmate who is the subject of a proceeding under this section, upon request, shall disclose to a magistrate, the court, the inmate's attorney, the inmate's guardian ad litem, the examiner appointed pursuant to § 37.2-815, the community service board or behavioral health authority preparing the preadmission screening pursuant to § 37.2-816, or the sheriff or administrator of the local correctional facility any and all information that is necessary and appropriate to enable each of them to perform his duties under this section. These health care providers and other service providers shall disclose to one another health records and information where necessary to provide care and treatment to the inmate and to monitor that care and treatment. Health records disclosed to a sheriff or administrator of the local correctional facility shall be limited to information necessary to protect the sheriff or administrator of the local correctional facility and his employees, the inmate, or the public from physical injury or to address the health care needs of the inmate. Information disclosed to a law-enforcement officer shall not be used for any other purpose, disclosed to others, or retained.

Any health care provider disclosing records pursuant to this section shall be immune from civil liability for any harm resulting from the disclosure, including any liability under the federal Health Insurance Portability and Accountability Act (42 U.S.C. § 1320d et seq.), as amended, unless the person or provider disclosing such records intended the harm or acted in bad faith.

H. Any order entered where an inmate is the subject of proceedings under this section shall provide for the disclosure of medical records pursuant to subsection G. This subsection shall not preclude any other disclosures as required or permitted by law.

§ 19.2-182.9. Emergency custody of conditionally released acquittee.

When exigent circumstances do not permit compliance with revocation procedures set forth in § 19.2-182.8, any district court judge or a special justice, as defined in § 37.2-100, or a magistrate may issue an emergency custody order, upon the sworn petition of any responsible person or upon his own motion based upon probable cause to believe that an acquittee on conditional release (i) has violated the conditions of his release or is no longer a proper subject for conditional release and (ii) requires inpatient hospitalization. The emergency custody order shall require the acquittee within his judicial district to be taken into custody and transported to a convenient location where a person designated by the community services board or behavioral health authority who is skilled in the diagnosis and treatment of mental illness shall evaluate such acquittee and assess his need for inpatient hospitalization. A law-enforcement officer who, based on his observation or the reliable reports of others, has probable cause to believe that any acquittee on conditional release has violated the conditions of his release and is no longer a proper subject for conditional release and requires emergency evaluation to assess the need for inpatient hospitalization, may take the acquittee into custody and transport him to an appropriate location to assess the need for hospitalization without prior judicial authorization. The evaluation shall be conducted immediately. The acquittee shall remain in custody until a temporary detention order is issued or until he is released, but in no event shall the period of custody exceed ~~four~~ eight hours. ~~However, upon a finding by a district court judge, special justice as defined in § 37.2-100, or magistrate that good cause exists to grant an extension, the district court judge, special justice, or magistrate shall extend the emergency custody order, or shall issue an order extending the period of emergency custody, one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (a) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to this section or (b) a medical evaluation of the person to be completed if necessary.~~ If it appears from all evidence readily available ~~(+)~~ (a) that the acquittee has violated the conditions of his release or is no longer a proper subject for conditional release and ~~(+)~~ (b) that he requires emergency evaluation to assess the need for inpatient hospitalization, the district court judge or a special justice, as defined in § 37.2-100, or magistrate, upon the advice of such person skilled in the diagnosis and treatment of mental illness, may issue a temporary detention order authorizing the executing officer to place the acquittee in an appropriate institution for a period not to exceed ~~48~~ 72 hours prior to a hearing. If the ~~48-hour~~ 72-hour period terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the acquittee may be detained until the next day which is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed.

The committing court or any district court judge or a special justice, as defined in § 37.2-100, shall have jurisdiction to hear the matter. Prior to the hearing, the acquittee shall be examined by a psychiatrist or licensed clinical psychologist, provided the psychiatrist or clinical psychologist is skilled in the diagnosis of mental illness, who shall certify whether the person is in need of hospitalization. At the hearing the acquittee shall be provided with adequate notice of the hearing, of the right to be present at the hearing, the right to the assistance of counsel in preparation for and during the hearing, and the right to introduce evidence and cross-examine witnesses at the hearing. Following the hearing, if the court determines, based on a preponderance of the evidence presented at the hearing, that the acquittee ~~(+)~~ (1) has violated the conditions of his release or is no longer a proper subject for conditional release and ~~(+)~~ (2) has mental illness or intellectual disability and is

in need of inpatient hospitalization, the court shall revoke the acquittee's conditional release and place him in the custody of the Commissioner.

When an acquittee on conditional release pursuant to this chapter is taken into emergency custody, detained, or hospitalized, such action shall be considered to have been taken pursuant to this section, notwithstanding the fact that his status as an insanity acquittee was not known at the time of custody, detention, or hospitalization. Detention or hospitalization of an acquittee pursuant to provisions of law other than those applicable to insanity acquittees pursuant to this chapter shall not render the detention or hospitalization invalid. If a person's status as an insanity acquittee on conditional release is not recognized at the time of emergency custody or detention, at the time his status as such is verified, the provisions applicable to such persons shall be applied and the court hearing the matter shall notify the committing court of the proceedings.

§ 37.2-308.1. Acute psychiatric bed registry.

A. The Department shall develop and administer a web-based acute psychiatric bed registry to collect, aggregate, and display information about available acute beds in public and private inpatient psychiatric facilities and public and private residential crisis stabilization units to facilitate the identification and designation of facilities for the temporary detention and treatment of individuals who meet the criteria for temporary detention pursuant to § 37.2-809.

B. The acute psychiatric bed registry created pursuant to subsection A shall:

1. Include descriptive information for every public and private inpatient psychiatric facility and every public and private residential crisis stabilization unit in the Commonwealth, including contact information for the facility or unit;

2. Provide real-time information about the number of beds available at each facility or unit and, for each available bed, the type of patient that may be admitted, the level of security provided, and any other information that may be necessary to allow employees or designees of community services boards and employees of inpatient psychiatric facilities or public and private residential crisis stabilization units to identify appropriate facilities for detention and treatment of individuals who meet the criteria for temporary detention; and

3. Allow employees and designees of community services boards, employees of inpatient psychiatric facilities or public and private residential crisis stabilization units, and health care providers as defined in § 8.01-581.1 working in an emergency room of a hospital or clinic or other facility rendering emergency medical care to perform searches of the registry to identify available beds that are appropriate for the detention and treatment of individuals who meet the criteria for temporary detention.

C. Every state facility, community services board, behavioral health authority, and private inpatient provider licensed by the Department shall participate in the acute psychiatric bed registry established pursuant to subsection A and shall designate such employees as may be necessary to submit information for inclusion in the acute psychiatric bed registry and serve as a point of contact for addressing requests for information related to data reported to the acute psychiatric bed registry.

D. The Commissioner may enter into a contract with a private entity for the development and administration of the acute psychiatric bed registry established pursuant to subsection A.

§ 37.2-808. Emergency custody; issuance and execution of order.

A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, in cases in which the emergency custody order is based upon a finding that the person who is the subject of the order has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs but there is no substantial likelihood

that the person will cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a person meets the criteria for emergency custody as stated in this section may take that person into custody and transport that person to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed ~~four~~ eight hours from the time the law-enforcement officer takes the person into custody. ~~However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to § 37.2-809 or (ii) a medical evaluation of the person to be completed if necessary.~~

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period

of custody shall not exceed ~~four~~ eight hours from the time the law-enforcement officer takes the person into custody. ~~However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (a) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to § 37.2-809, or (b) a medical evaluation of the person to be completed if necessary.~~

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.

J. ~~A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.~~

K. The person shall remain in custody until a temporary detention order is issued, until the person is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed ~~four~~ eight hours from the time of execution. ~~However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall extend the emergency custody order one time for a second period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to § 37.2-809 or (ii) a medical evaluation of the person to be completed if necessary. Any family member, as defined in § 37.2-100, employee or designee of the local community services board as defined in § 37.2-809, treating physician, or law-enforcement officer may request the two-hour extension.~~

~~K. L. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.~~

M. If an emergency custody order is not executed within ~~six~~ eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

N. ~~In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the individual is detained in a state facility pursuant to subsection E of § 37.2-809, the state facility and an employee or designee of the community services board as defined in § 37.2-809 may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual.~~

~~L. O. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to persons with mental illnesses while in emergency custody.~~

§ 37.2-809. Involuntary temporary detention; issuance and execution of order.

A. For the purposes of this section:

"Designee of the local community services board" means an examiner designated by the local community services board who (i) is skilled in the assessment and treatment of mental illness, (ii) has completed a certification program approved by the Department, (iii) is able to provide an independent examination of the person, (iv) is not related by blood or marriage to the person being evaluated, (v) has no financial interest in the admission or treatment of the person being evaluated, (vi) has no investment interest in the facility detaining or admitting the person under this article, and (vii) except for employees of state hospitals and of the U.S. Department of Veterans Affairs, is not employed by the facility.

"Investment interest" means the ownership or holding of an equity or debt security, including shares of stock in a corporation, interests or units of a partnership, bonds, debentures, notes, or other equity or debt instruments.

B. A magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or a designee of the local community services board to determine whether the person meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician or clinical psychologist treating the person, that the person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. The magistrate shall also consider the recommendations of any treating or examining physician licensed in Virginia if available either verbally or in writing prior to rendering a decision. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

C. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician or psychologist licensed in

Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

D. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection B if (i) the person has been personally examined within the previous 72 hours by an employee or a designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the person or to others associated with conducting such evaluation.

E. An employee or a designee of the local community services board shall determine the facility of temporary detention *in accordance with the provisions of § 37.2-809.1* for all individuals detained pursuant to this section. ~~The facility of temporary detention shall be one that has been approved pursuant to regulations of the Board.~~ The facility shall be identified on the preadmission screening report and indicated on the temporary detention order. *Subject to the provisions of § 37.2-809.1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808, the individual shall be detained in a state facility for the treatment of individuals with mental illness and such facility shall be indicated on the temporary detention order.* Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the person is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by the facility identified in the temporary detention order. *The person detained or in custody pursuant to this section shall be given a written summary of the temporary detention procedures and the statutory protections associated with those procedures.*

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

G. The employee or the designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed ~~48~~ 72 hours prior to a hearing. ~~If the 48-hour 72-hour period herein specified terminates on a Saturday, Sunday, or legal holiday, or day on which the court is lawfully closed, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or legal holiday, or day on which the court is lawfully closed. The person may be released, pursuant to § 37.2-813, before the 48-hour 72-hour period herein specified has run.~~

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider or designee of a local community services board or behavioral health authority shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. The employee or designee of the community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the person should not be subject to a temporary detention order, inform the petitioner and an onsite treating physician of his recommendation.

§ 37.2-809.1. Facility of temporary detention.

A. In each case in which an employee or designee of the local community services board as defined in § 37.2-809 is required to make an evaluation of an individual pursuant to subsection B, G, or H of § 37.2-808, an employee or designee of the local community services board shall, upon being notified of the need for such evaluation, contact the state facility for the area in which the community services board is located and notify the state facility that the individual will be transported to the facility upon issuance of a temporary detention order if no other facility of temporary detention can be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808. Upon completion of the evaluation, the employee or designee of the local community services board shall convey to the state facility information about the individual necessary to allow the state facility to determine the services the individual will require upon admission.

B. A state facility may, following the notice in accordance with subsection A, conduct a search for an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual, which may include another state facility if the state facility notified in accordance with subsection A is unable to provide temporary detention and appropriate care for the individual. Under no circumstances shall a state facility fail or refuse to admit an individual who meets the criteria for temporary detention pursuant to § 37.2-809 unless an alternative facility that is able to provide temporary detention and appropriate care agrees to accept the individual for temporary detention and the individual shall not during the duration of the temporary detention order be released from the custody of the community services board except for purposes of transporting the individual to the state facility or alternative facility in accordance with the provisions of § 37.2-810. If an alternative facility is identified and agrees to accept the individual for temporary detention, the state facility shall notify the community services board, and an employee or designee of the community services board shall designate the alternative facility on the prescreening report.

C. The facility of temporary detention designated in accordance with this section shall be one that has been approved pursuant to regulations of the Board.

§ 37.2-814. Commitment hearing for involuntary admission; written explanation; right to counsel; rights of petitioner.

A. The commitment hearing for involuntary admission shall be held after a sufficient period of time has passed to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall be held within ~~48~~ 72 hours of the execution of the temporary detention order as provided for in § 37.2-809; however, if the ~~48-hour~~ 72-hour period herein specified terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed.

B. At the commencement of the commitment hearing, the district court judge or special justice shall inform the person whose involuntary admission is being sought of his right to apply for voluntary admission for inpatient treatment as provided for in § 37.2-805 and shall afford the person an opportunity for voluntary admission. The district court judge or special justice shall advise the person whose involuntary admission is being sought that if the person chooses to be voluntarily admitted pursuant to § 37.2-805, such person will be prohibited from possessing ~~or~~ purchasing, or transporting a firearm pursuant to § 18.2-308.1:3. The judge or special justice shall ascertain if the person is then willing and capable of seeking voluntary admission for inpatient treatment. In determining whether a person is capable of consenting to voluntary admission, the judge or special justice may consider evidence regarding the person's past compliance or noncompliance with treatment. If the judge or special justice finds that the person is capable and willingly accepts voluntary admission for inpatient treatment, the judge or special justice shall require him to accept voluntary admission for a minimum period of treatment not to exceed 72 hours. After such minimum period of treatment, the person shall give the facility 48 hours' notice prior to leaving the facility. During this notice period, the person shall not be discharged except as provided in § 37.2-837, 37.2-838, or 37.2-840. The person shall be subject to the transportation provisions as provided in § 37.2-829 and the requirement for preadmission screening by a community services board as provided in § 37.2-805.

C. If a person is incapable of accepting or unwilling to accept voluntary admission and treatment, the judge or special justice shall inform the person of his right to a commitment hearing and right to counsel. The judge or special justice shall ascertain if the person whose admission is sought is represented by counsel, and, if he is not represented by counsel, the judge or special justice shall appoint an attorney to represent him. However, if the person requests an opportunity to employ counsel, the judge or special justice shall give him a reasonable opportunity to employ counsel at his own expense.

D. A written explanation of the involuntary admission process and the statutory protections associated with the process shall be given to the person, and its contents shall be explained by an attorney prior to the commitment hearing. The written explanation shall describe, at a minimum, the person's rights to (i) retain private counsel or be represented by a court-appointed attorney, (ii) present any defenses including independent evaluation and expert testimony or the testimony of other witnesses, (iii) be present during the hearing and testify, (iv) appeal any order for involuntary admission to the circuit court, and (v) have a jury trial on appeal. The judge or special justice shall ascertain whether the person whose involuntary admission is sought has been given the written explanation required herein.

E. To the extent possible, during or before the commitment hearing, the attorney for the person whose involuntary admission is sought shall interview his client, the petitioner, the examiner described in § 37.2-815, the community services board staff, and any other material witnesses. He also shall examine all relevant diagnostic and other reports, present evidence and witnesses, if any, on his client's behalf, and otherwise actively represent his client in the proceedings. A health

care provider shall disclose or make available all such reports, treatment information, and records concerning his client to the attorney, upon request. The role of the attorney shall be to represent the wishes of his client, to the extent possible.

F. The petitioner shall be given adequate notice of the place, date, and time of the commitment hearing. The petitioner shall be entitled to retain counsel at his own expense, to be present during the hearing, and to testify and present evidence. The petitioner shall be encouraged but shall not be required to testify at the hearing, and the person whose involuntary admission is sought shall not be released solely on the basis of the petitioner's failure to attend or testify during the hearing.

§ 37.2-817.2. Court review of mandatory outpatient treatment plan or discharge plan.

A. The district court judge or special justice shall hold a hearing within five days after receiving the petition for review of the mandatory outpatient treatment plan or discharge plan; however, if the fifth day is a Saturday, Sunday, ~~or~~ legal holiday, *or day on which the court is lawfully closed*, the hearing shall be held by the close of business on the next day that is not a Saturday, Sunday, ~~or~~ legal holiday, *or day on which the court is lawfully closed*. If the person is being detained under a temporary detention order, the hearing shall be scheduled within the same time frame provided for a commitment hearing under § 37.2-814. The clerk shall provide notice of the hearing to the person, the community services board, all treatment providers listed in the comprehensive mandatory outpatient treatment order or discharge plan, and the original petitioner for the person's involuntary treatment. If the person is not represented by counsel, the court shall appoint an attorney to represent the person in this hearing and any subsequent hearings under §§ 37.2-817.3 and 37.2-817.4, giving consideration to appointing the attorney who represented the person at the proceeding that resulted in the issuance of the mandatory outpatient treatment order or order authorizing discharge to mandatory outpatient treatment following inpatient treatment. The same judge or special justice that presided over the hearing resulting in the mandatory outpatient treatment order or order authorizing discharge to mandatory outpatient treatment following inpatient treatment need not preside at the noncompliance hearing or any subsequent hearings. The community services board shall offer to arrange the person's transportation to the hearing if the person is not detained and has no other source of transportation.

B. If requested by the person, the community services board, a treatment provider listed in the comprehensive mandatory outpatient treatment plan or discharge plan, or the original petitioner for the person's involuntary treatment, the court shall appoint an examiner in accordance with § 37.2-815 who shall personally examine the person and certify to the court whether or not he has probable cause to believe that the person meets the criteria for involuntary inpatient admission or mandatory outpatient treatment as specified in subsections C, C1, C2, and D of § 37.2-817. The examination shall include all applicable requirements of § 37.2-815. The certification of the examiner may be admitted into evidence without the appearance of the examiner at the hearing if not objected to by the person or his attorney. If the person is not detained in an inpatient facility, the community services board shall arrange for the person to be examined at a convenient location and time. The community services board shall offer to arrange for the person's transportation to the examination, if the person has no other source of transportation and resides within the service area or an adjacent service area of the community services board. If the person refuses or fails to appear, the community services board shall notify the court, or a magistrate if the court is not available, and the court or magistrate shall issue a mandatory examination order and *caipias* directing the primary law-enforcement agency in the jurisdiction where the person resides to transport the person to the examination. The person shall remain in custody until a temporary detention order is issued or until the person is released, but in no event shall the period exceed ~~four~~ *eight* hours.

C. If the person fails to appear for the hearing, the court shall, after consideration of any evidence from the person, from the community services board, or from any treatment provider identified in the mandatory outpatient treatment plan or discharge plan regarding why the person failed to appear at the hearing, either (i) reschedule the hearing pursuant to subsection A, (ii) issue an emergency custody order pursuant to § 37.2-808, or (iii) issue a temporary detention order pursuant to § 37.2-809.

D. After hearing the evidence regarding the person's material noncompliance with the mandatory outpatient treatment order or order authorizing discharge to mandatory outpatient treatment following inpatient treatment and the person's current condition, and any other relevant information referenced in subsection C of § 37.2-817, the judge or special justice shall make one of the following dispositions:

1. Upon finding by clear and convincing evidence that the person meets the criteria for involuntary admission and treatment specified in subsection C of § 37.2-817, the judge or special justice shall order the person's involuntary admission to a facility designated by the community services board for a period of treatment not to exceed 30 days;

2. Upon finding that the person continues to meet the criteria for mandatory outpatient treatment specified in subsection C1, C2, or D of § 37.2-817, and that a continued period of mandatory outpatient treatment appears warranted, the judge or special justice shall renew the order for mandatory outpatient treatment, making any necessary modifications that are acceptable to the community services board or treatment provider responsible for the person's treatment. In determining the appropriateness of outpatient treatment, the court may consider the person's material noncompliance with the previous mandatory treatment order; or

3. Upon finding that neither of the above dispositions is appropriate, the judge or special justice shall rescind the order for mandatory outpatient treatment or order authorizing discharge to mandatory outpatient treatment following inpatient treatment.

Upon entry of an order for involuntary inpatient admission, transportation shall be provided in accordance with § 37.2-829.

2. That an emergency exists and the provisions of § 37.2-308.1 as created by this act are in force from the passage of this act and that the remaining provisions of this act shall become effective in due course except as provided in the third enactment.

3. That the provisions of this act adding subsection M to § 16.1-340 and subsection N to § 37.2-808 of the Code of Virginia shall expire on June 30, 2018.

4. That the Department of Behavioral Health and Developmental Services shall submit an annual report on or before June 30 of each year on the implementation of this act to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees. The report shall include the number of notifications of individuals in need of facility services by the community services boards, the number of alternative facilities contacted by community services boards and state facilities, the number of temporary detentions provided by state facilities and alternative facilities, the length of stay in state facilities and alternative facilities, and the cost of the detentions in state facilities and alternative facilities.

5. That the Governor's Task Force on Improving Mental Health Services and Crisis Response created on December 10, 2013, by Executive Order 68 shall identify and examine issues related to the use of law enforcement in the involuntary admission process. The task force shall consider options to reduce the amount of resources needed to detain individuals during the emergency custody order period, including the amount of time spent providing transportation throughout the admission process. Such options shall include developing crisis stabilization units in all regions of the Commonwealth and contracting for retired officers to provide needed transportation. The task force shall report its findings and recommendations to the Governor and the General Assembly by October 1, 2014.

CHAPTER 693

An Act to amend and reenact §§ 22.1-212.6, 22.1-212.8, and 22.1-212.11 of the Code of Virginia, relating to charter schools; restrictions and pre-lottery enrollment for current students of conversion charter schools.

[S 276]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-212.6, 22.1-212.8, and 22.1-212.11 of the Code of Virginia are amended and reenacted as follows:

Enrollment shall be open to any child who is deemed to reside within the relevant school division or, in the case of a regional public charter school, within any of the relevant school divisions, as set forth in § 22.1-3, through a lottery process on a space-available basis, *except that in the case of the conversion of an existing public school, students who attend the school and the siblings of such students shall be given the opportunity to enroll in advance of the lottery process.* A waiting list shall be established if adequate space is not available to accommodate all students whose parents have requested to be entered in the lottery process. Such waiting list shall also be prioritized through a lottery process and parents shall be informed of their student's position on the list.

B. A public charter school shall be administered and managed by a management committee, composed of parents of students enrolled in the school, teachers and administrators working in the school, and representatives of any community sponsors, in a manner agreed to by the public charter school applicant and the local school board. In no event shall a public charter school be required to pay rent for space which is deemed available, as negotiated by contract, in school division facilities. All other costs for the operation and maintenance of the facilities used by the public charter school shall be subject to negotiation between the public charter school and the school division or, in the case of a regional public charter school, between the regional public charter school and the relevant school divisions.

E. A public charter school shall not charge tuition.

§ 22.1-212.8. Charter application.

A. Any person, group, or organization, including any institution of higher education, may submit an application for the formation of a public charter school.

6. A description of the lottery process to be used to determine enrollment, *including a provision that in the case of the conversion of an existing public school, students who attend the school and the siblings of such students shall be given the opportunity to enroll in advance of the lottery process.* A lottery process shall also be developed for the establishment of a waiting list for such students for whom space is unavailable and, if appropriate, a tailored admission policy that meets the specific mission or focus of the public charter school and is consistent with all federal and state laws and regulations and constitutional provisions prohibiting discrimination that are applicable to public schools and with any court-ordered desegregation plan in effect for the school division or, in the case of a regional public charter school, in effect for any of the relevant school divisions.

7. Evidence that the plan for the public charter school is economically sound for both the public charter school and the school division or relevant school divisions, as the case may be; a proposed budget for the term of the charter; and a description of the manner in which an annual audit of the financial and administrative operations of the public charter school, including any services provided by the school division or relevant school divisions, as the case may be, is to be conducted.

8. A plan for the displacement of pupils, teachers, and other employees who will not attend or be employed in the public charter school, in instances of the conversion of an existing public school to a public charter school, and for the placement of public charter school pupils, teachers, and employees upon termination or revocation of the charter.

14. In the case of a residential charter school for at-risk students, a description of (i) the residential program, facilities, and staffing; (ii) any parental education and after-care initiatives; (iii) the funding sources for the residential and other services provided; and (iv) any counseling or other social services to be provided and their coordination with any current state or local initiatives.

15. [Expired.]

16. Disclosure of any ownership or financial interest in the public charter school, by the charter applicant and the governing body, administrators, and other personnel of the proposed public charter school, and a requirement that the successful applicant and the governing body, administrators, and other personnel of the public charter school shall have a continuing duty to disclose such interests during the term of any charter.

C. [Expired.]

D. The charter applicant shall include in the proposed agreement the results of any Board of Education review of the public charter school application that may have been conducted as provided in subsection C of § 22.1-212.9.

§ 22.1-212.11. Public charter school restrictions.

A. Local school boards may establish public charter schools within the school division. Priority shall be given to public charter school applications designed to increase the educational opportunities of at-risk students, and at least one-half of the public charter schools per division shall be *designed* for at-risk students; *however, the one-half requirement shall not apply in cases in which an existing public school is converted into a public charter school that serves the same community as the existing public school, nor shall such public charter school conversions be counted in the determination of school division compliance with the one-half requirement.*

B. Local school boards shall report the grant or denial of public charter school applications to the Board and shall specify the maximum number of charters that may be authorized, if any; the number of charters granted or denied; and whether a public charter school is designed to increase the educational opportunities of at-risk students.

C. Nothing in this article shall be construed to prevent a school that is the only school in the division from applying to become a public charter school.

The Fund shall be a special fund in the state treasury to pay claims against the Fund and for no other purpose, provided that any such payment does not result in a negative balance of the Fund, except the Board may expend moneys for the administration of this article up to the maximum amount authorized for consumer assistance in the general appropriation act, provided the amount expended for administration does not result in a balance of the Fund of less than \$250,000. The Fund shall be used to satisfy unpaid judgments, as provided for in § 46.2-1527.3. Any interest income shall accrue to the Fund. The Board shall maintain an accurate record of all transactions involving the Fund. The Board may levy a special assessment on all dealers participating in the Fund to pay claims against the Fund and to maintain a minimum Fund balance that is in its judgment adequate. The Board may choose to await a positive balance in the Fund to pay claims ready for payment in chronological order, provided such claims do not go unpaid for more than 60 days.

Every applicant renewing a motor vehicle dealer's license shall pay, in addition to other license fees, an annual Fund fee of \$100, and every applicant for a motor vehicle salesperson's license shall pay, in addition to other license fees, an annual Fund fee of \$10, prior to license issue. Applicants for an original motor vehicle dealer's license shall pay an annual Fund fee of ~~\$250~~ \$350 each year for three consecutive years. During this period, the ~~\$250~~ \$350 Fund fee will take the place of the annual \$100 Fund fee.

The provisions of this section shall not apply to applicants for the renewal of a motor vehicle dealer's license where such applicants have not been the subject of a claim against a bond issued pursuant to § 46.2-1527.2 or against the Fund for three years and such applicants elect to maintain continuous bonding pursuant to Article 3.2 (§ 46.2-1527.9 et seq.). Such applicants shall not participate in the Fund and shall be exempt from the payment of any Fund fees.

§ 46.2-1908. Licenses required.

It shall be unlawful for any person to engage in business in the Commonwealth as a T&M vehicle dealer, salesperson, manufacturer, factory branch, distributor, distributor branch, or factory or distributor representative or as a motor vehicle manufacturer, factory branch, distributor, distributor branch, or factory or distributor representative as defined in § 46.2-1500, without first obtaining a license as provided in this chapter. Every person licensed as a manufactured home dealer under Chapter 4.2 (§ 36-85.16 et seq.) of Title 36 shall obtain a certificate of dealer registration as provided in this chapter. Any nonprofit organization exempt from taxation under § 501 (c) (3) of the Internal Revenue Code,

after having obtained a nonprofit organization certificate as provided in this chapter, may consign donated T&M vehicles to licensed Virginia T&M vehicle dealers. The offering or granting of a T&M vehicle dealer franchise in the Commonwealth shall constitute engaging in business in the Commonwealth for purposes of this section, and no new T&M vehicle may be sold or offered for sale in the Commonwealth unless the franchisor of T&M vehicle dealer franchises for that line-make in the Commonwealth, whether such franchisor is a manufacturer, factory branch, distributor, distributor branch, or otherwise, is licensed under this chapter. In the event a license issued under this chapter to a franchisor of T&M vehicle dealer franchises is suspended, revoked, or not renewed, nothing in this section shall prevent the sale of any new T&M vehicle of such franchisor's line-make manufactured in or brought into the Commonwealth for sale prior to the suspension, revocation or expiration of the license.

§ 46.2-342. What license to contain; organ donor information; Uniform Donor Document.

A. Every license issued under this chapter shall bear:

However, regardless of which address is shown on the license, the licensee shall supply the Department with his residence address, which shall be an address in Virginia. This residence address shall be maintained in the Department's records. Whenever the licensee's address shown either on his license or in the Department's records changes, he shall notify the Department of such change as required by § 46.2-324.

C. The Department may contract with the United States Postal Service or an authorized agent to use the National Change of Address System for the purpose of obtaining current address information for a person whose name appears in customer records maintained by the Department. If the Department receives information from the National Change of Address System indicating that a person whose name appears in a Department record has submitted a permanent change of address to the Postal Service, the Department may then update its records with the mailing address obtained from the National Change of Address System.

D. The license shall be made of a material and in a form to be determined by the Commissioner.

E. Licenses issued to persons less than 21 years old shall be immediately and readily distinguishable from those issued to persons 21 years old or older. Distinguishing characteristics shall include unique design elements of the document and descriptors within the photograph area to identify persons who are at least 15 years old but less than 21 years old. These descriptors shall include the month, day, and year when the person will become 21 years old.

F. G. If an applicant designates his willingness to be a donor pursuant to subsection F, the Department may make a notation of this designation on his license or card and shall make a notation of this designation in his driver record.

H. The donor designation authorized in subsection G shall be sufficient legal authority for the removal, following death, of the subject's organs or tissues without additional authority from the donor, or his family or estate. No family member, guardian, agent named pursuant to an advance directive or person responsible for the decedent's estate shall refuse to honor the donor designation or, in any way, seek to avoid honoring the donor designation.

The Department shall inform the applicant of the existence of the Fund and also that contributing to the Fund is voluntary.

L. The Department shall collect all moneys contributed pursuant to subsection K and transmit the moneys on a regular basis to the Virginia Transplant Council, which shall credit the contributions to the Fund.

N. In the absence of gross negligence or willful misconduct, the Department and its employees shall be immune from any civil or criminal liability in connection with the making of or failure to make a notation of donor designation on any license or card or in any person's driver record.

O. Notwithstanding the foregoing provisions of this section, the Department shall continue to use the uniform donor document, as formerly set forth in subsection F, for organ donation designation until such time as a new method is fully implemented, which shall be no later than July 1, 1994. Any such uniform donor document shall, when properly executed, remain valid and shall continue to be subject to all conditions for execution, delivery, amendment, and revocation as set out in Article 2 (§ 32.1-289.2 et seq.) of Chapter 8 of Title 32.1.

Persons 70 years of age or older may exchange a valid Virginia driver's license for a special identification card at no fee. Special identification cards subsequently issued to such persons shall be subject to the regular fees for special identification cards.

B. The fee for the issuance of an original or renewal special identification card is \$5. The fee for the issuance of a duplicate or reissue of a special identification card is \$5. Persons 21 years old or older may be issued a scenic special identification card for an additional fee of \$5.

C. Every special identification card shall expire on the last day of the month of birth of the applicant in years in which the applicant attains an age exactly divisible by five. At no time shall any special identification card be issued for less than three nor more than seven years, except under the provisions of subsection B of § 46.2-328.1 and except that those cards issued to children under the age of 15 shall expire on the child's sixteenth birthday, thereafter the special identification card may be renewed on or before the last day of the month of birth of the applicant and shall be valid for five years, expiring in the next year in which the applicant's age is exactly divisible by five, except under the provisions of subsection B of § 46.2-328.1. Notwithstanding these limitations, the Commissioner may extend the validity period of an expiring card if (i) the Department is unable to process an application for renewal due to circumstances beyond its control, (ii) the extension has been authorized under a directive from the Governor, and (iii) the card was not issued as a temporary special identification card under the provisions of subsection B of § 46.2-328.1. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions.

D. Every applicant for a special identification card shall appear in person before the Department to apply for a renewal, duplicate or reissue unless specifically permitted by the Department to apply in another manner.

E. Special identification cards, for persons at least 15 years old but less than 21 years old, shall be immediately and readily distinguishable from those issued to persons 21 years old or older. Distinguishing characteristics shall include unique design elements of the document and descriptors within the photograph area to identify persons who are at least 15 years old but less than 21 years old. These descriptors shall include the month, day, and year when the person will become 21 years old.

F. Special identification cards for persons under age 15 shall bear a full face photograph. The special identification card issued to persons under age 15 shall be readily distinguishable from a driver's license and from other special identification cards issued by the Department. G. Unless otherwise prohibited by law, a valid Virginia driver's license may be surrendered for a special identification card without the applicant's having to present proof of legal presence as required by § 46.2-328.1 if the Virginia driver's license is unexpired and it has not been revoked, suspended, or cancelled. The special identification card shall be considered a reissue and the expiration date shall be the last day of the month of the surrendered driver's license's month of expiration.

H. Any personal information, as identified in § 2.2-3801, which is retained by the Department from an application for the issuance of a special identification card is confidential and shall not be divulged to any person, association, corporation, or organization, public or private, except to the legal guardian or the attorney of the applicant or to a person, association, corporation, or organization nominated in writing by the applicant, his legal guardian, or his attorney. This subsection shall not prevent the Department from furnishing the application or any information thereon to any law-enforcement agency.

I. Any person who uses a false or fictitious name or gives a false or fictitious address in any application for an identification card or knowingly makes a false statement or conceals a material fact or otherwise commits a fraud in any such application shall be guilty of a Class 2 misdemeanor. However, where the name or address is given, or false statement is made, or fact is concealed, or fraud committed, with the intent to purchase a firearm or where the identification card is obtained for the purpose of committing any offense punishable as a felony, a violation of this section shall constitute a Class 4 felony.

J. The Department may promulgate regulations necessary for the effective implementation of the provisions of this section.

K. The Department shall utilize the various communications media throughout the Commonwealth to inform Virginia residents of the provisions of this section and to promote and encourage the public to take advantage of its provisions.

L. The Department shall electronically transmit application information to the Department of State Police, in a format approved by the State Police, for comparison with information contained in the Virginia Criminal Information Network and National Crime Information Center Convicted Sexual Offender Registry Files, at the time of issuance of a special identification card. Whenever it appears from the records of the State Police that a person has failed to comply with the duty to register or reregister pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, the State Police shall promptly investigate and, if there is probable cause to believe a violation has occurred, obtain a warrant or assist in obtaining an indictment charging a violation of § 18.2-472.1 in the jurisdiction in which the person made application for the special identification card.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 806 of the Acts of Assembly of 2013 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

If the person's blood alcohol level as indicated by the chemical test administered as provided in this article or by any other scientifically reliable chemical test performed on whole blood under circumstances reliably establishing the identity of the person who is the source of the blood and the accuracy of the results (i) was at least 0.15, but not more than 0.20, he shall be confined in jail for an additional mandatory minimum period of five days or, (ii) if the level was more than 0.20, for an additional mandatory minimum period of 10 days.

B. 1. Any person convicted of a second offense committed within less than five years after a prior offense under § 18.2-266 shall upon conviction of the second offense be punished by a mandatory minimum fine of \$500 and by confinement in jail for not less than one month nor more than one year. Twenty days of such confinement shall be a mandatory minimum sentence.

2. Any person convicted of a second offense committed within a period of five to 10 years of a prior offense under § 18.2-266 shall upon conviction of the second offense be punished by a mandatory minimum fine of \$500 and by confinement in jail for not less than one month. Ten days of such confinement shall be a mandatory minimum sentence.

3. Upon conviction of a second offense within 10 years of a prior offense, if the person's blood alcohol level as indicated by the chemical test administered as provided in this article or by any other scientifically reliable chemical test performed on whole blood under circumstances reliably establishing the identity of the person who is the source of the blood and the accuracy of the results (i) was at least 0.15, but not more than 0.20, he shall be confined in jail for an additional mandatory minimum period of 10 days or, (ii) if the level was more than 0.20, for an additional mandatory minimum period of 20 days. In addition, such person shall be fined a mandatory minimum fine of \$500.

The sentence of any person convicted of three offenses of § 18.2-266 committed within a 10-year period shall include a mandatory minimum sentence of 90 days, unless the three offenses were committed within a five-year period, in which case the sentence shall include a mandatory minimum sentence of confinement for six months. In addition, such person shall be fined a mandatory minimum fine of \$1,000.

2. A person who has been convicted of § 18.2-36.1, 18.2-36.2, 18.2-51.4, 18.2-51.5, or a felony violation of § 18.2-266 shall upon conviction of a subsequent violation of § 18.2-266 be guilty of a Class 6 felony. 4. The vehicle solely owned and operated by the accused during the commission of a felony violation of § 18.2-266 shall be subject to seizure and forfeiture. After an arrest for a felony violation of § 18.2-266, the Commonwealth may file an information in accordance with § 19.2-386.34.

D. In addition to the penalty otherwise authorized by this section or § 16.1-278.9, any person convicted of a violation of § 18.2-266 committed while transporting a person 17 years of age or younger shall be (i) fined an additional minimum of \$500 and not more than \$1,000 and (ii) sentenced to a mandatory minimum period of confinement of five days.

E. For the purpose of determining the number of offenses committed by, and the punishment appropriate for, a person under this section, an adult conviction of any person, or finding of guilty in the case of a juvenile, under the following shall be considered a conviction of § 18.2-266: (i) the provisions of § 18.2-36.1 or the substantially similar laws of any other state or of the United States, (ii) the provisions of §§ 18.2-51.4, 18.2-266, former § 18.1-54 (formerly § 18-75), the ordinance of any county, city or town in this Commonwealth or the laws of any other state or of the United States substantially similar to the provisions of § 18.2-51.4, or § 18.2-266, or (iii) the provisions of subsection A of § 46.2-341.24 or the substantially similar laws of any other state or of the United States.

F. Mandatory minimum punishments imposed pursuant to this section shall be cumulative, and mandatory minimum terms of confinement shall be served consecutively. However, in no case shall punishment imposed hereunder exceed the applicable statutory maximum Class 1 misdemeanor term of confinement or fine upon conviction of a first or second offense, or Class 6 felony term of confinement or fine upon conviction of a third or subsequent offense.

§ 18.2-270.1. Ignition interlock systems; penalty.

A. For purposes of this section and § 18.2-270.2:

"Commission" means the Commission on VASAP.

"Department" means the Department of Motor Vehicles.

"Ignition interlock system" means a device that (i) connects a motor vehicle ignition system to an analyzer that measures a driver's blood alcohol content; (ii) prevents a motor vehicle ignition from starting if a driver's blood alcohol content exceeds 0.02 percent; and (iii) is equipped with the ability to perform a rolling retest and to electronically log the blood alcohol content during ignition, attempted ignition and rolling retest.

"Rolling retest" means a test of the vehicle operator's blood alcohol content required at random intervals during operation of the vehicle, which triggers the sounding of the horn and flashing of lights if (i) the test indicates that the operator has a blood alcohol content which exceeds 0.02 percent or (ii) the operator fails to take the test.

B. In addition to any penalty provided by law for a conviction under § 18.2-51.4 or 18.2-266 or a substantially similar ordinance of any county, city or town, any court of proper jurisdiction shall, as a condition of a restricted license, prohibit an offender from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for any period of time not to exceed the period of license suspension and restriction, not less than six consecutive months without alcohol-related violations of the interlock requirements. The court shall, for a conviction under § 18.2-51.4, a second or subsequent offense of § 18.2-266 or a substantially similar ordinance of any county, city or town, or as a condition of license restoration pursuant to subsection C of § 18.2-271.1 or § 46.2-391, require that such a system be installed on each motor vehicle, as defined in § 46.2-100, owned by or registered to the offender, in whole or in part, for such period of time. Such condition shall be in addition to any purposes for which a restricted license may be issued pursuant to § 18.2-271.1. The court may order the installation of an ignition interlock system to commence immediately upon conviction. A fee of \$20 to cover court and administrative costs related to the ignition interlock system shall be paid by any such offender to the clerk of the court. The court shall require the offender to install an electronic log device with the ignition interlock system on a vehicle designated by the court to measure the blood alcohol content at each attempted ignition and random rolling retest during operation of the vehicle. The offender shall be enrolled in and supervised by an alcohol safety action program pursuant to § 18.2-271.1 and to conditions established by regulation under § 18.2-270.2 by the Commission during the period for which the court has ordered installation of the ignition interlock system. The offender shall be further required to provide to such program, at least quarterly during the period of court ordered ignition interlock installation, a printout from such electronic log indicating the offender's blood alcohol content during such ignitions, attempted ignitions, and rolling retests, and showing attempts to circumvent or tamper with the equipment.

C. In any case in which the court requires the installation of an ignition interlock system, the court shall order the offender not to operate any motor vehicle that is not equipped with such a system for the period of time that the interlock restriction is in effect. The clerk of the court shall file with the Department of Motor Vehicles a copy of the order, which shall become a part of the offender's operator's license record maintained by the Department. The Department shall issue to the offender for the period during which the interlock restriction is imposed a restricted license which shall appropriately set forth the restrictions required by the court under this subsection and any other restrictions imposed upon the offender's driving privilege, and shall also set forth any exception granted by the court under subsection F.

D. The offender shall be ordered to provide the appropriate ASAP program, within 30 days of the effective date of the order of court, proof of the installation of the ignition interlock system. The Program shall require the offender to have the system monitored and calibrated for proper operation at least every 30 days by an entity approved by the Commission under the provisions of § 18.2-270.2 and to demonstrate proof thereof. The offender shall pay the cost of leasing or buying and monitoring and maintaining the ignition interlock system. Absent good cause shown, the court may revoke the offender's driving privilege for failing to (i) timely install such system or (ii) have the system properly monitored and calibrated.

E. No person shall start or attempt to start a motor vehicle equipped with an ignition interlock system for the purpose of providing an operable motor vehicle to a person who is prohibited under this section from operating a motor vehicle that is not equipped with an ignition interlock system. No person shall tamper with, or in any way attempt to circumvent the operation of, an ignition interlock system that has been installed in the motor vehicle of a person under this section. Except as authorized in subsection ~~G~~ F, no person shall knowingly furnish a motor vehicle not equipped with a functioning ignition interlock system to any person prohibited under subsection B from operating any motor vehicle which is not equipped with such system. A violation of this subsection is punishable as a Class 1 misdemeanor.

F. Any person prohibited from operating a motor vehicle under subsection B may, solely in the course of his employment, operate a motor vehicle which is owned or provided by his employer without installation of an ignition interlock system, if the court expressly permits such operation as a condition of a restricted license at the request of the employer, but such person may not operate a school bus, school vehicle, or a commercial motor vehicle as defined in § 46.2-341.4. This subsection shall not apply if such employer is an entity wholly or partially owned or controlled by the person otherwise prohibited from operating a vehicle without an ignition interlock system.

G. The Commission shall promulgate such regulations and forms as are necessary to implement the procedures outlined in this section.

§ 18.2-271.1. Probation, education and rehabilitation of person charged or convicted; person convicted under law of another state.

A. Any person convicted of a first or second offense of § 18.2-266 ~~(i), (ii), (iii), or (iv)~~, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, shall be required by court order, as a condition of probation or otherwise, to enter into and successfully complete an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district upon such terms and conditions as the court may set forth. However, upon motion of a person convicted of any such offense following an assessment of the person conducted by an alcohol safety action program, the court, for good cause, may decline to order participation in such a program if the assessment by the alcohol safety action program indicates that intervention is not appropriate for such person. In no event shall such persons be permitted to enter any such program which is not certified as meeting minimum standards and criteria established by the Commission on the Virginia Alcohol Safety Action Program (VASAP) pursuant to ~~subsection H~~ of this section and to § 18.2-271.2. However, any person charged with a violation of a first or second offense of § 18.2-266 ~~(i), (ii), (iii), or (iv)~~, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, may, at any time prior to trial, enter into an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district. Any person who enters into such program prior to trial may pre-qualify with the program to have an ignition interlock system installed on any motor vehicle owned or operated by him. However, no ignition interlock company shall install an ignition interlock system on any such vehicle until a court issues to the person a restricted license with the ignition interlock restriction.

B. The court shall require the person entering such program under the provisions of this section to pay a fee of no less than \$250 but no more than \$300. A reasonable portion of such fee, as may be determined by the Commission on VASAP, but not to exceed 10 percent, shall be forwarded monthly to be deposited with the State Treasurer for expenditure by the Commission on VASAP, and the balance shall be held in a separate fund for local administration of driver alcohol rehabilitation programs. Upon a positive finding that the defendant is indigent, the court may reduce or waive the fee. In addition to the costs of the proceeding, fees as may reasonably be required of defendants referred for intervention under any such program may be charged.

C. Upon conviction of a violation of § 18.2-266 or any ordinance of a county, city or town similar to the provisions thereof, or subsection A of § 46.2-341.24, the court shall impose the sentence authorized by § 18.2-270 or 46.2-341.28 and the license revocation as authorized by § 18.2-271. In addition, if the conviction was for a second offense committed within less than 10 years after a first such offense, the court shall order that restoration of the person's license to drive be conditioned upon the installation of an ignition interlock system on each motor vehicle, as defined in § 46.2-100, owned by or registered to the person, in whole or in part, for a period of six months beginning at the end of the three year license revocation, unless such a system has already been installed for six months prior to that time pursuant to a restricted license order under subsection E of this section. Upon a finding that a person so convicted is required to participate in the program described herein, the court shall enter the conviction on the warrant, and shall note that the person so convicted has been referred to such program. The court may then proceed to issue an order in accordance with subsection E of this section, if the court finds that the person so convicted is eligible for a restricted license. If the court finds good cause for a person not to participate in such program or subsequently that such person has violated, without good cause, any of the conditions set forth by the court in entering the program, the court shall dispose of the case as if no program had been entered, in which event the revocation provisions of § 46.2-389 and subsection A of § 46.2-391 shall be applicable to the conviction. The court shall, upon final disposition of the case, send a copy of its order to the Commissioner of the Department of Motor Vehicles. If such order provides for the issuance of a restricted license, the Commissioner of the Department of Motor Vehicles, upon receipt thereof, shall issue a restricted license. Appeals from any such disposition shall be allowed as provided by law. The time within which an appeal may be taken shall be calculated from the date of the final disposition of the case or any motion for rehearing, whichever is later.

D. Any person who has been convicted in another state of the violation of a law of such state substantially similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24, and whose privilege to operate a motor vehicle in this

Commonwealth is subject to revocation under the provisions of § 46.2-389 and subsection A of § 46.2-391, may petition the general district court of the county or city in which he resides that he be given probation and assigned to a program as provided in subsection A of this section and that, upon entry into such program, he be issued an order in accordance with subsection E of this section. If the court finds that such person would have qualified therefor if he had been convicted in this Commonwealth of a violation of § 18.2-266 or subsection A of § 46.2-341.24, the court may grant the petition and may issue an order in accordance with subsection E of this section as to the period of license suspension or revocation imposed pursuant to § 46.2-389 or subsection A of § 46.2-391. Such order shall be conditioned upon the successful completion of a program by the petitioner. If the court subsequently finds that such person has violated any of the conditions set forth by the court, the court shall dispose of the case as if no program had been entered and shall notify the Commissioner, who shall revoke the person's license in accordance with the provisions of § 46.2-389 or subsection A of § 46.2-391. A copy of the order granting the petition or subsequently revoking or suspending such person's license to operate a motor vehicle shall be forthwith sent to the Commissioner of the Department of Motor Vehicles.

No period of license suspension or revocation shall be imposed pursuant to this subsection which, when considered together with any period of license suspension or revocation previously imposed for the same offense in any state, results in such person's license being suspended for a period in excess of the maximum periods specified in this subsection.

E. Except as otherwise provided herein, whenever a person enters a certified program pursuant to this section, and such person's license to operate a motor vehicle, engine or train in the Commonwealth has been suspended or revoked, the court may, in its discretion and for good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle for any of the following purposes: (i) travel to and from his place of employment; (ii) travel to and from an alcohol rehabilitation or safety action program; (iii) travel during the hours of such person's employment if the operation of a motor vehicle is a necessary incident of such employment; (iv) travel to and from school if such person is a student, upon proper written verification to the court that such person is enrolled in a continuing program of education; (v) travel for health care services, including medically necessary transportation of an elderly parent or, as designated by the court, any person residing in the person's household with a serious medical problem upon written verification of need by a licensed health professional; (vi) travel necessary to transport a minor child under the care of such person to and from school, day care, and facilities housing medical service providers; (vii) travel to and from court-ordered visitation with a child of such person; (viii) travel to a screening, evaluation and education program entered pursuant to § 18.2-251 or subsection H of § 18.2-258.1; (ix) travel to and from court appearances in which he is a subpoenaed witness or a party and appointments with his probation officer and to and from any programs required by the court or as a condition of probation; (x) travel to and from a place of religious worship one day per week at a specified time and place; (xi) travel to and from appointments approved by the Division of Child Support Enforcement of the Department of Social Services as a requirement of participation in a court-ordered intensive case monitoring program for child support for which the participant maintains written proof of the appointment, including written proof of the date and time of the appointment, on his person; (xii) travel to and from jail to serve a sentence when such person has been convicted and sentenced to confinement in jail and pursuant to § 53.1-131.1 the time to be served is on weekends or nonconsecutive days; or (xiii) travel to and from the facility that installed or monitors the ignition interlock in the person's vehicle. No restricted license issued pursuant to this subsection shall permit any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). The court shall order the surrender of such person's license to operate a motor vehicle to be disposed of in accordance with the provisions of § 46.2-398 and shall forward to the Commissioner of the Department of Motor Vehicles a copy of its order entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a permit is issued as is reasonably necessary to identify such person. The court shall also provide a copy of its order to the person so convicted who may operate a motor vehicle on the order until receipt from the Commissioner of the Department of Motor Vehicles of a restricted license, if the order provides for a restricted license for that time period. A copy of such order and, after receipt thereof, the restricted license shall be carried at all times while operating a motor vehicle. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section shall be guilty of a violation of § 18.2-272. Such restricted license shall be conditioned upon enrollment within 15 days in, and successful completion of, a program as described in subsection A of this section. No restricted license shall be issued during the first four months of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within 10 years of a first such offense. No restricted license shall be issued during the first year of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within five years of a first such offense. No restricted license shall be issued during any revocation period imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391. Notwithstanding the provisions of § 46.2-411, the fee charged pursuant to § 46.2-411 for reinstatement of the driver's license of any person whose privilege or license has been suspended or revoked as a result of a violation of § 18.2-266, subsection A of § 46.2-341.24 or of any ordinance of a county, city or town, or of any federal law or the laws of any other state similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24 shall be \$105. Forty dollars of such reinstatement fee shall be retained by the Department of Motor Vehicles as provided in § 46.2-411, \$40 shall be transferred to the Commission on VASAP, and \$25 shall be transferred to the Commonwealth Neurotrauma Initiative Trust Fund.

F. The court shall have jurisdiction over any person entering such program under any provision of this section until such time as the case has been disposed of by either successful completion of the program, or revocation due to ineligibility

or violation of a condition or conditions imposed by the court, whichever shall first occur. Revocation proceedings shall be commenced by notice to show cause why the court should not revoke the privilege afforded by this section. Such notice shall be made by first-class mail to the last known address of such person, and shall direct such person to appear before the court in response thereto on a date contained in such notice, which shall not be less than 10 days from the date of mailing of the notice. Failure to appear in response to such notice shall of itself be grounds for revocation of such privilege. Notice of revocation under this subsection shall be sent forthwith to the Commissioner of the Department of Motor Vehicles.

G. For the purposes of this section, any court which has convicted a person of a violation of § 18.2-266, subsection A of § 46.2-341.24 or any ordinance of a county, city or town similar to the provisions of § 18.2-266 shall have continuing jurisdiction over such person during any period of license revocation related to that conviction, for the limited purposes of (i) referring such person to a certified alcohol safety action program, (ii) providing for a restricted permit for such person in accordance with the provisions of subsection E, and (iii) imposing terms, conditions and limitations for actions taken pursuant to clauses (i) and (ii), whether or not it took either such action at the time of the conviction. This continuing jurisdiction is subject to the limitations of subsection E that provide that no restricted license shall be issued during a revocation imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391 or during the first four months or first year, whichever is applicable, of the revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391. The provisions of this subsection shall apply to a person convicted of a violation of § 18.2-266, subsection A of § 46.2-341.24 or any ordinance of a county, city or town similar to the provisions of § 18.2-266 on, after and at any time prior to July 1, 2003.

H. The State Treasurer, the Commission on VASAP or any city or county is authorized to accept any gifts or bequests of money or property, and any grant, loan, service, payment or property from any source, including the federal government, for the purpose of driver alcohol education. Any such gifts, bequests, grants, loans or payments shall be deposited in the separate fund provided in subsection B.

I. The Commission on VASAP, or any county, city, town, or any combination thereof may establish and, if established, shall operate, in accordance with the standards and criteria required by this subsection, alcohol safety action programs in connection with highway safety. Each such program shall operate under the direction of a local independent policy board chosen in accordance with procedures approved and promulgated by the Commission on VASAP. Local sitting or retired district court judges who regularly hear or heard cases involving driving under the influence and are familiar with their local alcohol safety action programs may serve on such boards. The Commission on VASAP shall establish minimum standards and criteria for the implementation and operation of such programs and shall establish procedures to certify all such programs to ensure that they meet the minimum standards and criteria stipulated by the Commission. The Commission shall also establish criteria for the administration of such programs for public information activities, for accounting procedures, for the auditing requirements of such programs and for the allocation of funds. Funds paid to the Commonwealth hereunder shall be utilized in the discretion of the Commission on VASAP to offset the costs of state programs and local programs run in conjunction with any county, city or town and costs incurred by the Commission. The Commission shall submit an annual report as to actions taken at the close of each calendar year to the Governor and the General Assembly.

J. Notwithstanding any other provisions of this section or of § 18.2-271, nothing in this section shall permit the court to suspend, reduce, limit, or otherwise modify any disqualification from operating a commercial motor vehicle imposed under the provisions of the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

§ 46.2-391.01. Administrative enforcement of ignition interlock requirements.

If the court, as a condition of license restoration or as a condition of a restricted license under subsection C of § 18.2-271.1 or § 46.2-391, *or when required by § 18.2-270.1*, fails to prohibit an offender from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system ~~upon the offender's conviction of a second or subsequent offense under § 18.2-51.4 or § 18.2-266 or a substantially similar ordinance of any county, city or town,~~ the Commissioner shall enforce the requirements relating to installation of such systems in accordance with the provisions of § 18.2-270.1.

§ 46.2-391.2. Administrative suspension of license or privilege to operate a motor vehicle.

A. If a breath test is taken pursuant to § 18.2-268.2 or any similar ordinance and (i) the results show a blood alcohol content of 0.08 percent or more by weight by volume or 0.08 grams or more per 210 liters of breath, or (ii) the results, for persons under 21 years of age, show a blood alcohol concentration of 0.02 percent or more by weight by volume or 0.02 grams or more per 210 liters of breath or (iii) the person refuses to submit to the breath *or blood* test in violation of § 18.2-268.3 or any similar ordinance, and upon issuance of a petition or summons, or upon issuance of a warrant by the magistrate, for a violation of § 18.2-51.4, 18.2-266, or 18.2-266.1, or any similar ordinance, or upon the issuance of a warrant or summons by the magistrate or by the arresting officer at a medical facility for a violation of § 18.2-268.3, or any similar ordinance, the person's license shall be suspended immediately or in the case of (i) an unlicensed person, (ii) a person whose license is otherwise suspended or revoked, or (iii) a person whose driver's license is from a jurisdiction other than the Commonwealth, such person's privilege to operate a motor vehicle in the Commonwealth shall be suspended immediately. The period of suspension of the person's license or privilege to drive shall be seven days, unless the petition, summons or warrant issued charges the person with a second or subsequent offense. If the person is charged with a second offense the suspension shall be for 60 days. If not already expired, the period of suspension shall expire on the day and time of trial of the offense charged on the petition, summons or warrant, except that it shall not so expire during the first seven

days of the suspension. If the person is charged with a third or subsequent offense, the suspension shall be until the day and time of trial of the offense charged on the petition, summons or warrant.

A law-enforcement officer, acting on behalf of the Commonwealth, shall serve a notice of suspension personally on the arrested person. When notice is served, the arresting officer shall promptly take possession of any driver's license held by the person and issued by the Commonwealth and shall promptly deliver it to the magistrate. Any driver's license taken into possession under this section shall be forwarded promptly by the magistrate to the clerk of the general district court or, as appropriate, the court with jurisdiction over juveniles of the jurisdiction in which the arrest was made together with any petition, summons or warrant, the results of the breath test, if any, and the report required by subsection B. A copy of the notice of suspension shall be forwarded forthwith to both (a) the general district court or, as appropriate, the court with jurisdiction over juveniles of the jurisdiction in which the arrest was made and (b) the Commissioner. Transmission of this information may be made by electronic means.

The clerk shall promptly return the suspended license to the person at the expiration of the suspension. Whenever a suspended license is to be returned under this section or § 46.2-391.4, the person may elect to have the license returned in person at the clerk's office or by mail to the address on the person's license or to such other address as he may request.

B. Promptly after arrest and service of the notice of suspension, the arresting officer shall forward to the magistrate a sworn report of the arrest that shall include (i) information which adequately identifies the person arrested and (ii) a statement setting forth the arresting officer's grounds for belief that the person violated § 18.2-51.4, 18.2-266, or 18.2-266.1, or a similar ordinance or refused to submit to a breath *or blood* test in violation of § 18.2-268.3 or a similar ordinance. The court shall review the suspension within the same time period as the court hears an appeal from an order denying bail or fixing terms of bail or terms of recognizance, giving this matter precedence over all other matters on its docket. If the person proves to the court by a preponderance of the evidence that the arresting officer did not have probable cause for the arrest, that the magistrate did not have probable cause to issue the warrant, or that there was not probable cause for issuance of the petition, the court shall rescind the suspension, or that portion of it that exceeds seven days if there was not probable cause to charge a second offense or 60 days if there was not probable cause to charge a third or subsequent offense, and the clerk of the court shall forthwith, or at the expiration of the reduced suspension time, (i) return the suspended license, if any, to the person unless the license has been otherwise suspended or revoked, (ii) deliver to the person a notice that the suspension under § 46.2-391.2 has been rescinded or reduced, and (iii) forward to the Commissioner a copy of the notice that the suspension under § 46.2-391.2 has been rescinded or reduced. Otherwise, the court shall affirm the suspension. If the person requesting the review fails to appear without just cause, his right to review shall be waived.

The court's findings are without prejudice to the person contesting the suspension or to any other potential party as to any proceedings, civil or criminal, and shall not be evidence in any proceedings, civil or criminal.

D. If a person whose license or privilege to operate a motor vehicle is suspended under subsection A is convicted under § 18.2-36.1, 18.2-51.4, 18.2-266, or 18.2-266.1, or any similar ordinance during the suspension imposed by subsection A, and if the court decides to issue the person a restricted permit under subsection E of § 18.2-271.1, such restricted permit shall not be issued to the person before the expiration of the first seven days of the suspension imposed under subsection A.

CHAPTER 709

An Act to create a special school tax district in King William County and to govern allocation of tax revenue for schools in King William County and the Town of West Point.

[S 488]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. § 1. *There is hereby established a special tax district to pay all or any portion of the County of King William (the County) expenditures for operating the County school division beginning July 1, 2014. The boundary of the tax district shall be the same as the geographical area of the county school division and shall exclude the area of the Town of West Point (the Town). The appropriation of funds for the County's share of expenditures for the County school division shall be governed by this act, and the provisions of §§ 22.1-113 and 22.1-114 of the Code of Virginia shall not be applicable. The special tax district shall remain in effect unless the Town shall cease to operate a separate school division.*

§ 2. *The King William Board of Supervisors (the Board) may levy and collect taxes upon any taxable property in such special tax district, including, but not limited to, real estate, mineral lands, tangible personal property, merchants' capital, and machinery and tools, and may appropriate to the County school division such property taxes, including any penalties and interest thereon and any fund balance from the preceding fiscal year consisting of such taxes, penalties, and interest. The Town shall pay for its share of expenditures to operate the Town school division from Town property taxes and other local, state, and federal revenues received by the Town. All taxes levied and collected by the County, other than those levied and collected for the support of the County school division in the special tax district, shall be uniform in all districts in the County, except as otherwise provided for by law.*

§ 3. *The Board may also appropriate to the County school division all or any portion of the revenue derived from (i) those local or state taxes that are collected in part within the Town but are allocated between the County and the Town by state law or (ii) those nonproperty taxes that the County collects exclusively from sources outside the Town.*

Such taxes include, but shall not be limited to, (i) the local sales and use tax authorized by §§ 58.1-605 and 58.1-606 of the Code of Virginia, (ii) the motor vehicle license tax authorized by § 46.2-752 of the Code of Virginia, (iii) wine taxes authorized by § 4.1-235 of the Code of Virginia, (iv) the net profits from the Alcoholic Beverage Control system authorized by § 4.1-117 of the Code of Virginia, (v) communication services sales taxes authorized by § 58.1-648 of the Code of Virginia, (vi) manufactured home titling taxes authorized by § 58.1-2402 of the Code of Virginia, (vii) automobile rental taxes authorized by § 58.1-1736 of the Code of Virginia, (viii) rolling stock taxes authorized by § 58.1-2652 of the Code of Virginia, (ix) bank net capital taxes authorized by § 58.1-1210 of the Code of Virginia, (x) business license taxes authorized by § 58.1-3703 of the Code of Virginia, (xi) food and beverage taxes authorized by § 58.1-3833 of the Code of Virginia, and (xii) interest or other investment earnings derived from the revenues specified in § 2 and this section, which investment earnings shall be separately accounted for by the County.

§ 4. *The Board may also appropriate to the County school division all or any portion of the state or local recordation taxes received by the County, as authorized by §§ 58.1-801 and 58.1-3800 of the Code of Virginia, provided that the County pays to the Town a pro rata share of such recordation taxes derived from real estate transactions that occur within the Town.*

The pro rata share shall be determined by multiplying the recordation taxes collected within the Town by a fraction that equals the total recordation taxes appropriated to the County school division divided by the total recordation taxes derived by the County from real estate transactions that occur outside the Town. The Clerk of the Circuit Court for the County shall compile and furnish the necessary information to the governing body of the County to enable it to comply with this provision, and the County shall promptly provide a copy to the Town. The Board shall pay such sum to the Town no later than 45 days after receipt of such taxes by the County Treasurer from the clerk of the circuit court.

§ 5. *The Board may also appropriate to the County school division all or any portion of the state payments to reimburse the County for personal property taxes pursuant to the Personal Property Tax Relief Act (§ 58.1-3523 et seq. of the Code of Virginia) if the County pays to the Town a pro rata share of these state payments received by the County that are attributable to qualifying vehicles assessed for taxation within the Town. The pro rata share shall be determined by multiplying the state reimbursement payments received by the County based on qualifying vehicles within the Town by a fraction that equals the total state reimbursement payments appropriated to the County school division divided by the total state reimbursement payments received by the County from qualifying vehicles assessed for taxation outside the Town. The Board shall pay such sum to the Town Treasurer no later than 45 days after receipt of such payments by the County Treasurer from the Commonwealth. If the Town issues tangible personal property tax bills for qualifying vehicles within the Town, in addition to any tangible personal property tax bills issued by the County for such vehicles, the amounts to be paid to the Town Treasurer shall be shown as a deduction on the face of the Town's tangible personal property tax bills for qualifying vehicles in the Town, which amounts are to be paid by the Commonwealth in accordance with state law. Nothing in this section shall be construed to alter the method or amount of the Commonwealth's obligations to King William County or the Town of West Point pursuant to the Personal Property Tax Relief Act.*

§ 6. *If the Board appropriates to the County school division any other taxes, fees, or other sources of revenues that are collected within both the County and the Town or are attributable to persons, property, transactions, or activities within both the County and the Town, the County shall pay to the Town a sum calculated as follows: the total amount of such other*

revenues appropriated to the County school division shall be multiplied by a fraction equal to the total taxable property assessments in the Town divided by the total taxable property assessments in the County as a whole, including the Town. The revenues subject to this requirement would include, for example, a tax or fee collected by the County in both the County and the Town, but would exclude, for example, a gift to the County or a state grant for school construction distributed to the County on the basis of school-age population in the County excluding the Town. The Board shall pay such sum to the Town no later than 45 days after such revenues have been transferred to the County school division.

§ 7. In the event of a dispute regarding the interpretation or application of this act, the County and the Town shall attempt to amicably resolve the dispute. The County and the Town may jointly submit to voluntary mediation. If the dispute is not resolved by agreement or mediation, the County and the Town shall submit to binding arbitration conducted in accordance with state law. The arbitration panel shall consist of three members; the Board and the Council shall each, within five business days, select an arbiter, who shall not be a member of the Board or the Council but who shall be knowledgeable in local government matters and qualified or trained as an arbiter in accordance with state law and commonly accepted ethical standards for arbiters. The two arbiters so selected shall jointly select a third arbiter within five business days of being selected; if they are unable to agree on a third arbiter, one shall be appointed by the King William Circuit Court. The County and the Town shall share equally in the costs of any mediation or arbitration. Each party shall be responsible for its own legal fees. The decision of a majority of the arbitration panel shall be binding on the County and the Town.

Legal action may be initiated by either party only to enforce a decision of the arbiters or to challenge a decision of the arbiters as unlawful or contrary to the law and plainly wrong. The timelines for action stated in this section may be extended by agreement of the Board and the Council.

2. That an emergency exists and this act is in force from its passage.

CHAPTER 712

An Act to amend and reenact § 58.1-439.20 of the Code of Virginia, relating to the Neighborhood Assistance Act Tax Credit program.

[S 563]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-439.20 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-439.20. Proposals; regulations; tax credits authorized; amount for programs.

A. Any neighborhood organization may submit a proposal, other than education proposals, to the Commissioner of the State Department of Social Services requesting an allocation of tax credits for use by business firms making donations to the neighborhood organization. Neighborhood organizations may submit education proposals to the Superintendent of Public Instruction requesting an allocation of tax credits for use by business firms making donations to the neighborhood organization.

The proposal shall set forth the program to be conducted by the neighborhood organization, the low-income persons or eligible students with disabilities to be assisted, the estimated amount to be donated to the program, and the plans for implementing the program.

B. The State Board of Social Services and the Department of Education are hereby authorized to adopt regulations (or, alternatively, guidelines in the case of the Department of Education) for the approval or disapproval of such proposals by neighborhood organizations and for determining the value of the donations. Such regulations or guidelines shall contain a requirement that a neighborhood organization shall have been in existence for at least one year. Also, such regulations or guidelines shall contain a requirement that as a prerequisite for approval, neighborhood organizations with total revenues (including the value of all donations) (i) in excess of \$100,000 for the organization's most recent year ended provide to the State Board of Social Services or the Department of Education, as applicable, an audit or review for such year performed by an independent certified public accountant or (ii) of \$100,000 or less for the organization's most recent year ended, provide to the State Board of Social Services or the Department of Education, as applicable, a compilation for such year performed by an independent certified public accountant.

Such regulations or guidelines by the Department of Education shall provide that at least 50 percent of the persons served by the neighborhood organization are low-income persons or eligible students with disabilities, and that at least 50 percent of the neighborhood organization's revenues are used to provide services to low-income persons or to eligible students with disabilities. Such regulations by the State Board of Social Services shall provide that at least 40 percent of the persons served by the neighborhood organization are low-income persons as defined in § 58.1-439.18. In order for a proposal to be approved, the applicant neighborhood organization and any of its affiliates shall meet the requirements of the

application regulations or guidelines. *The requirements for proposals submitted to the Superintendent of Public Instruction that (a) at least 50 percent of the persons served by the neighborhood organization and each of its affiliates are low-income persons or eligible students with disabilities and (b) at least 50 percent of the revenues of the neighborhood organization and each of its affiliates are used to provide services to such persons shall not apply to any neighborhood organization for tax credit allocations beginning for fiscal year 2014-2015 and ending with tax credit allocations for fiscal year 2019-2020, provided that (1) the neighborhood organization received an allocation of tax credits for fiscal year 2011-2012 allocations, (2) at least 50 percent of the persons served by the neighborhood organization are low-income persons or eligible students with disabilities, (3) at least 50 percent of the neighborhood organization's revenues are used to provide services to such persons, and (4) none of the affiliates of the neighborhood organization receives an allocation of tax credits for any program year of such five-year period.*

Such regulations or guidelines shall provide for the equitable allocation of the available amount of tax credits among the approved proposals submitted by neighborhood organizations. The regulations or guidelines shall also provide that at least 10 percent of the available amount of tax credits each year shall be allocated to qualified programs proposed by neighborhood organizations not receiving allocations in the preceding year; however, if the amount of tax credits for qualified programs requested by such neighborhood organizations is less than 10 percent of the available amount of tax credits, the unallocated portion of such 10 percent of the available amount of tax credits shall be allocated to qualified programs proposed by other neighborhood organizations.

C. If the Commissioner of the State Department of Social Services or the Superintendent of Public Instruction approves a proposal submitted by a neighborhood organization, the organization shall make the allocated tax credit amounts available to business firms making donations to the approved program. A neighborhood organization shall not assign or transfer an allocation of tax credits to another neighborhood organization without the approval of the Commissioner of the State Department of Social Services or the Superintendent of Public Instruction, as applicable.

Notwithstanding any other provision of law, (i) no more than an aggregate of \$0.825 million in tax credits shall be approved in a fiscal year to a neighborhood organization or to a grouping of neighborhood organization affiliates for all education proposals, and (ii) no more than an aggregate of \$0.5 million in tax credits shall be approved in a fiscal year to a neighborhood organization or to a grouping of neighborhood organization affiliates for all other proposals combined. However, if the State Department of Social Services or the Department of Education after the initial allocation of tax credits to approved proposals has a balance of tax credits remaining for the fiscal year that can be used or allocated by a neighborhood organization for a proposal that had been approved for tax credits during the initial allocation by the State Department of Social Services or the Department of Education, then (a) the Commissioner of the State Department of Social Services or the Superintendent of Public Instruction, as applicable, shall reallocate the remaining balance of tax credits to such previously approved proposals to the extent that a neighborhood organization can use or allocate additional tax credits for the previously approved proposal and (b) the \$0.825 and \$0.5 million annual limitations for tax credits approved to a grouping of neighborhood organization affiliates shall be inapplicable to the extent of any balance of tax credits reallocated under clause (a). The balance of tax credits remaining for reallocation shall include the amount of any tax credits that have been granted for a proposal approved during the initial allocation but for which the Commissioner of the State Department of Social Services or the Superintendent of Public Instruction has been provided notice by the neighborhood organization that it will not be able to use or allocate such amount for the approved proposal.

D. The total amount of tax credits granted for programs approved under this article for each fiscal year shall not exceed ~~\$15 million allocated as follows the following: \$8 million~~ for education proposals for approval by the Superintendent of Public Instruction, ~~\$8 million for fiscal year 2013-2014, \$8.5 million for fiscal year 2014-2015, and \$9 million for fiscal year 2015-2016 and each fiscal year thereafter;~~ and ~~\$7 million~~ for all other proposals for approval by the Commissioner of the State Department of Social Services, ~~\$7 million for fiscal year 2013-2014, \$7.5 million for fiscal year 2014-2015, and \$8 million for fiscal year 2015-2016 and each fiscal year thereafter.~~

The Superintendent and the Commissioner of the State Department of Social Services shall work cooperatively for purposes of ensuring that neighborhood organization proposals are submitted to the proper state agency. The Superintendent and the Commissioner of the State Department of Social Services may request the assistance of the Department of Taxation for purposes of determining whether or not anticipated donations for which tax credits are requested by a neighborhood organization likely qualify as a charitable donation under federal tax laws and regulations.

E. Actions of (i) the State Department of Social Services, or the Commissioner of the same, or (ii) the Superintendent or the Department of Education relating to the review of neighborhood organization proposals and the allocation of tax credits to proposals shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.). Decisions of (a) the State Department of Social Services, or the Commissioner of the same, or (b) the Superintendent or the Department of Education shall be final and not subject to review or appeal.

F. Notwithstanding the provisions of § 30-19.1:11, the issuance of tax credits under this article shall expire on July 1, 2028.

This information shall be set forth in a tabular manner within the proposed budget of the project. If such building or buildings have not been occupied for a period of three years then the information shall be set forth for the period during which such building or buildings were occupied;

3. A description of any provisions made in the budget for reserves for capital expenditures and an explanation of the basis for such reserves occasioned by the fact that the project is a conversion time-share project, or, if no provision is made for such reserves, a statement to that effect; and

4. A statement of the present condition of all structural components and major utility installations in the building, which statement shall include the approximate dates of construction, installations, and major repairs as well as the expected useful life of each such item, together with the estimated cost, in current dollars, of replacing each such component.

D. In the case of a conversion project, the developer shall give at least 90 days' notice to each of the tenants of the building or buildings which the developer intends to submit to the provisions of this chapter. During the first 60 days of such 90-day period, each of these tenants shall have the exclusive right to contract for the purchase of a time-share from the unit he occupies, but only if such unit is to be retained in the conversion project without substantial alteration in its physical layout. Such notice shall be hand delivered or sent by first-class mail, return receipt requested, and shall inform the tenants of the developer's intent to create a conversion project. Such notice may also constitute the notice to terminate the tenancy as provided for in § 55-222, except that, despite the provisions of § 55-222, a tenancy from month to month may only be terminated upon 120 days' notice as set forth herein when such termination is in regard to the creation of a conversion project. If, however, a tenant so notified remains in possession of the unit he occupies after the expiration of the 120-day period with the permission of the developer, in order to then terminate the tenancy, such developer shall give the tenant a further notice as provided in § 55-222.

The developer of a conversion project, shall, in addition to the requirements of § 55-391.1, include with the application for registration a copy of the notice required by this subsection and a certified statement that such notice which fully complies with the provisions of this subsection shall be, at the time of the registration of the conversion project, mailed or delivered to each of the tenants in the building or buildings for which registration is sought.

E. The developer shall amend the public offering statement to reflect any material change in the time-share program or time-share project. If the developer has reserved in the time-share instrument the right to add to or delete incidental benefits or alternative purchases, the addition or deletion thereof shall not constitute a material change. Prior to distribution, the developer shall file with the Board the public offering statement amended to reflect any material change.

F. The Board may at any time require a developer to alter or supplement the form or substance of the public offering statement to assure full and fair disclosure to prospective purchasers. A developer may, in its discretion, prepare and distribute a public offering statement for each product offered or one public offering statement for all products offered.

G. In the case of a time-share project located outside the Commonwealth, (i) the developer may amend the public offering statement to reflect any additions or deletions of a time-share project to the existing time-share program registered in the Commonwealth, and (ii) similar disclosure statements required by other situs laws governing time-sharing may be acceptable alternative disclosure statements.

H. The developer shall prepare and distribute to each prospective purchaser prior to the execution of a purchase contract for a registered alternative purchase, a copy of the public offering statement about which such alternative purchase relates. The public offering statement shall fully and accurately disclose the material characteristics of such alternative purchase. The public offering statement for an alternative purchase shall be filed with the Board and shall be in a form prescribed by its regulations, if any.

The public offering statement for an alternative purchase need not contain any information about the time-share project, time-share program or the time-shares offered by the developer which was initially offered to such purchaser by the developer. If the developer so elects, the public offering statement for an alternative purchase is not required to have any exhibits.

I. The public offering statement may be in any format, including a compact disc, provided the prospective buyer has available for review, along with ample time for any questions and answers, a copy of the public offering statement prior to his execution of a contract.

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 15.2-2208.1 as follows:

§ 15.2-2208.1. Damages for unconstitutional grant or denial by locality of certain permits and approvals.

A. Notwithstanding any other provision of law, general or special, any applicant aggrieved by the grant or denial by a locality of any approval or permit, however described or delineated, including a special exception, special use permit, conditional use permit, rezoning, site plan, plan of development, and subdivision plan, where such grant included, or denial was based upon, an unconstitutional condition pursuant to the United States Constitution or the Constitution of Virginia, shall be entitled to an award of compensatory damages and to an order remanding the matter to the locality with a direction to grant or issue such permits or approvals without the unconstitutional condition and may be entitled to reasonable attorney fees and court costs.

B. In any proceeding, once an unconstitutional condition has been proven by the aggrieved applicant to have been a factor in the grant or denial of the approval or permit, the court shall presume, absent clear and convincing evidence to the contrary, that such applicant's acceptance of or refusal to accept the unconstitutional condition was the controlling basis for such impermissible grant or denial provided only that the applicant objected to the condition in writing prior to such grant or denial.

C. Any action brought pursuant to this section shall be filed with the circuit court having jurisdiction of the land affected or the greater part thereof, and the court shall hear and determine the case as soon as practical, provided that such action is filed within the time limit set forth in subsection C or D of § 15.2-2259, subsection D or E of § 15.2-2260, or subsection F of § 15.2-2285, as may be applicable.

2. That the provisions of this act shall apply only to approvals or permits that are granted or denied on or after July 1, 2014.

[S 579]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-608.3 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-608.3. Entitlement to certain sales tax revenues.

A. As used in this section, the following words and terms have the following meanings, unless some other meaning is plainly intended:

"Bonds" means any obligations of a municipality for the payment of money.

"Cost," as applied to any public facility or to extensions or additions to any public facility, includes: (i) the purchase price of any public facility acquired by the municipality or the cost of acquiring all of the capital stock of the corporation

owning the public facility and the amount to be paid to discharge any obligations in order to vest title to the public facility or any part of it in the municipality; (ii) expenses incident to determining the feasibility or practicability of the public facility; (iii) the cost of plans and specifications, surveys and estimates of costs and of revenues; (iv) the cost of all land, property, rights, easements and franchises acquired; (v) the cost of improvements, property or equipment; (vi) the cost of engineering, legal and other professional services; (vii) the cost of construction or reconstruction; (viii) the cost of all labor, materials, machinery and equipment; (ix) financing charges; (x) interest before and during construction and for up to one year after completion of construction; (xi) start-up costs and operating capital; (xii) payments by a municipality of its share of the cost of any multijurisdictional public facility; (xiii) administrative expense; (xiv) any amounts to be deposited to reserve or replacement funds; and (xv) other expenses as may be necessary or incident to the financing of the public facility. Any obligation or expense incurred by the public facility in connection with any of the foregoing items of cost may be regarded as a part of the cost.

"Municipality" means any county, city, town, authority, commission, or other public entity.

"Public facility" means (i) any auditorium, coliseum, convention center, ~~sports facility that is designed for use primarily as a baseball stadium for a minor league professional baseball affiliated team or structures attached thereto,~~ or conference center, which is owned by a Virginia county, city, town, authority, or other public entity and where exhibits, meetings, conferences, conventions, seminars, or similar public events may be conducted; (ii) any hotel which is owned by a foundation whose sole purpose is to benefit a state-supported university and which is attached to and is an integral part of such facility, together with any lands reasonably necessary for the conduct of the operation of such events; (iii) any hotel which is attached to and is an integral part of such facility; ~~or~~ (iv) any hotel that is adjacent to a convention center owned by a public entity and where the hotel owner enters into a public-private partnership whereby the locality contributes infrastructure, real property, or conference space; *or (v) a sports complex consisting of a minor league baseball stadium and related tournament, training, and parking facilities, where a municipality owns a component of the sports complex.* However, such public facility must be located in the City of Fredericksburg, City of Hampton, City of Lynchburg, City of Newport News, City of Norfolk, City of Portsmouth, City of Richmond, City of Roanoke, City of Salem, City of Staunton, City of Suffolk, City of Virginia Beach, City of Winchester, or Town of Wise. Any property, real, personal, or mixed, which is necessary or desirable in connection with any such auditorium, coliseum, convention center, ~~baseball stadium sports complex,~~ or conference center, including, without limitation, facilities for food preparation and serving, parking facilities, and administration offices, is encompassed within this definition. However, structures commonly referred to as "shopping centers" or "malls" shall not constitute a public facility hereunder. A public facility shall not include residential condominiums, townhomes, or other residential units. In addition, only a new public facility, or a public facility which will undergo a substantial and significant renovation or expansion, shall be eligible under subsection C. A new public facility is one whose construction began after December 31, 1991. A substantial and significant renovation entails a project whose cost is at least 50 percent of the original cost of the facility being renovated and shall have begun after December 31, 1991. A substantial and significant expansion entails an increase in floor space of at least 50 percent over that existing in the preexisting facility and shall have begun after December 31, 1991; or an increase in floor space of at least 10 percent over that existing in a public facility that qualified as such under this section and was constructed after December 31, 1991.

"Sales tax revenues" means such tax collections realized under the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.), as limited herein. "Sales tax revenues" does not include the revenue generated by (i) the 0.5 percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly which shall be paid to the Transportation Trust Fund as defined in § 33.1-23.03:1, (ii) the 1.0 percent of the state sales and use tax revenue distributed among the counties and cities of the Commonwealth pursuant to subsection D of § 58.1-638 on the basis of school age population, or (iii) any sales and use tax revenues generated by increases or allocation changes imposed by the 2013 Session of the General Assembly. ~~For a public facility that is a sports facility, "sales tax revenues" shall include such revenues generated by transactions taking place upon the premises of a baseball stadium or structures attached thereto.~~

B. Notwithstanding the definition of "public facility" in subsection A, a development project that meets the requirements for a "development of regional impact" set forth herein shall be deemed to be a public facility under the provisions of this section. The locality in which the public facility is located shall be entitled to all sales tax revenues generated by transactions taking place at such public facility solely to pay the cost of any bonds issued to pay the cost, or portion thereof, of such public facility pursuant to subsection C. For purposes of this subsection, the development of regional impact must be located in the City of Bristol.

For purposes of this subsection, a "development of regional impact" means a development project (i) towards which the locality contributes infrastructure or real property as part of a public-private partnership with the developer that is equal to at least 20 percent of the aggregate cost of development, (ii) that is reasonably expected to require a capital investment of at least \$50 million, (iii) that is reasonably expected to generate at least \$5 million annually in state sales and use tax revenue from sales within the development, (iv) that is reasonably expected to attract at least one million visitors annually, (v) that is reasonably expected to create at least 2,000 permanent jobs, (vi) that is located in a locality that had a rate of unemployment at least three percentage points higher than the statewide average in November 2011, and (vii) that is located in a locality that is adjacent to a state that has adopted a Border Region Retail Tourism Development District Act. Within 30 days from the date of notification by a locality that it intends to contribute infrastructure or real property as part of a public-private partnership with the developer of a development of regional impact, the Department of Taxation shall review

the findings of the locality with respect to clauses (i) through (vi) and shall file a written report with the Chairmen of the House Committee on Finance, the House Committee on Appropriations, and the Senate Committee on Finance.

C. Any municipality which has issued bonds (i) after December 31, 1991, but before January 1, 1996, (ii) on or after January 1, 1998, but before July 1, 1999, (iii) on or after January 1, 1999, but before July 1, 2001, (iv) on or after July 1, 2000, but before July 1, 2003, (v) on or after July 1, 2001, but before July 1, 2005, (vi) on or after July 1, 2004, but before July 1, 2007, (vii) on or after July 1, 2009, but before July 1, 2012, (viii) on or after January 1, 2011, but prior to July 1, 2015, or (ix) on or after January 1, 2013, but prior to July 1, 2017, to pay the cost, or portion thereof, of any public facility shall be entitled to all sales tax revenues generated by transactions taking place in such public facility. *In the case of a public facility described in clause (v) of the definition of public facility, all such sales tax revenues shall be applied solely to repayment of the bonds issued to pay the cost, or portion thereof, of the municipality-owned component of the sports complex.* Such entitlement shall continue for the lifetime of such bonds, which entitlement shall not exceed 35 years, and all such sales tax revenues shall be applied to repayment of the bonds. The State Comptroller shall remit such sales tax revenues to the municipality on a quarterly basis, subject to such reasonable processing delays as may be required by the Department of Taxation to calculate the actual net sales tax revenues derived from the public facility. The State Comptroller shall make such remittances to eligible municipalities, as provided herein, notwithstanding any provisions to the contrary in the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.). No such remittances shall be made until construction is completed and, in the case of a renovation or expansion, until the governing body of the municipality has certified that the renovation or expansion is completed.

D. Nothing in this section shall be construed as authorizing the pledging of the faith and credit of the Commonwealth of Virginia, or any of its revenues, for the payment of any bonds. Any appropriation made pursuant to this section shall be made only from sales tax revenues derived from the public facility for which bonds may have been issued to pay the cost, in whole or in part, of such public facility.

§ 15.2-907. Authority to require removal, repair, etc., of buildings and other structures harboring illegal drug use.

A. As used in this section:

"Affidavit" means the affidavit prepared by a locality in accordance with subdivision B 1 a hereof.

"Controlled substance" means illegally obtained controlled substances or marijuana, as defined in § 54.1-3401; ~~or synthetic cannabinoids as defined in § 18.2-248.1-1.~~

"Corrective action" means the taking of steps which are reasonably expected to be effective to abate drug blight on real property, such as removal, repair or securing of any building, wall or other structure.

"Drug blight" means a condition existing on real property which tends to endanger the public health or safety of residents of a locality and is caused by the regular presence on the property of persons under the influence of controlled substances or the regular use of the property for the purpose of illegally possessing, manufacturing or distributing controlled substances.

"Owner" means the record owner of real property.

"Property" means real property.

B. Any locality may, by ordinance, provide that:

1. The locality may undertake corrective action with respect to property in accordance with the procedures described herein:

a. The locality shall execute an affidavit, citing this section, to the effect that (i) drug blight exists on the property and in the manner described therein; (ii) the locality has used diligence without effect to abate the drug blight; and (iii) the drug blight constitutes a present threat to the public's health, safety or welfare.

b. The locality shall then send a notice to the owner of the property, to be sent by regular mail to the last address listed for the owner on the locality's assessment records for the property, together with a copy of such affidavit, advising that (i) the owner has up to 30 days from the date thereof to undertake corrective action to abate the drug blight described in such affidavit and (ii) the locality will, if requested to do so, assist the owner in determining and coordinating the appropriate corrective action to abate the drug blight described in such affidavit.

c. If no corrective action is undertaken during such 30-day period, the locality shall send by regular mail an additional notice to the owner of the property, at the address stated in the preceding subdivision, stating the date on which the locality may commence corrective action to abate the drug blight on the property, which date shall be no earlier than 15 days after the date of mailing of the notice. Such additional notice shall also reasonably describe the corrective action contemplated to be taken by the locality. Upon receipt of such notice, the owner shall have a right, upon reasonable notice to the locality, to seek equitable relief, and the locality shall initiate no corrective action while a proper petition for relief is pending before a court of competent jurisdiction.

2. If the locality undertakes corrective action with respect to the property after complying with the provisions of subdivision B 1, the costs and expenses thereof shall be chargeable to and paid by the owner of such property and may be collected by the locality as taxes are collected.

3. Every charge authorized by this section with which the owner of any such property has been assessed and which remains unpaid shall constitute a lien against such property with the same priority as liens for unpaid local taxes and

If the owner of such property takes timely corrective action pursuant to such ordinance, the locality shall deem the drug blight abated, shall close the proceeding without any charge or cost to the owner and shall promptly provide written notice to the owner that the proceeding has been terminated satisfactorily. The closing of a proceeding shall not bar the locality from initiating a subsequent proceeding if the drug blight recurs.

D. Nothing in this section shall be construed to abridge or waive any rights or remedies of an owner of property at law or in equity.

§ 16.1-260. Intake; petition; investigation.

A. All matters alleged to be within the jurisdiction of the court shall be commenced by the filing of a petition, except as provided in subsection H and in § 16.1-259. The form and content of the petition shall be as provided in § 16.1-262. No individual shall be required to obtain support services from the Department of Social Services prior to filing a petition seeking support for a child. Complaints, requests and the processing of petitions to initiate a case shall be the responsibility of the intake officer. However, (i) the attorney for the Commonwealth of the city or county may file a petition on his own motion with the clerk, (ii) designated nonattorney employees of the Department of Social Services may complete, sign and file petitions and motions relating to the establishment, modification, or enforcement of support on forms approved by the Supreme Court of Virginia with the clerk, and (iii) any attorney may file petitions on behalf of his client with the clerk except petitions alleging that the subject of the petition is a child alleged to be in need of services, in need of supervision or delinquent. Complaints alleging abuse or neglect of a child shall be referred initially to the local department of social services in accordance with the provisions of Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2. Motions and other subsequent pleadings in a case shall be filed directly with the clerk. The intake officer or clerk with whom the petition or motion is filed shall inquire whether the petitioner is receiving child support services or public assistance. No individual who is receiving support services or public assistance shall be denied the right to file a petition or motion to establish, modify or enforce an order for support of a child. If the petitioner is seeking or receiving child support services or public assistance, the clerk, upon issuance of process, shall forward a copy of the petition or motion, together with notice of the court date, to the Division of Child Support Enforcement.

B. The appearance of a child before an intake officer may be by (i) personal appearance before the intake officer or (ii) use of two-way electronic video and audio communication. If two-way electronic video and audio communication is used, an intake officer may exercise all powers conferred by law. All communications and proceedings shall be conducted in the same manner as if the appearance were in person, and any documents filed may be transmitted by facsimile process. The facsimile may be served or executed by the officer or person to whom sent, and returned in the same manner, and with the same force, effect, authority, and liability as an original document. All signatures thereon shall be treated as original signatures. Any two-way electronic video and audio communication system used for an appearance shall meet the standards as set forth in subsection B of § 19.2-3.1.

When the court service unit of any court receives a complaint alleging facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241, the unit, through an intake officer, may proceed informally to make such adjustment as is practicable without the filing of a petition or may authorize a petition to be filed by any complainant having sufficient knowledge of the matter to establish probable cause for the issuance of the petition.

An intake officer may proceed informally on a complaint alleging a child is in need of services, in need of supervision or delinquent only if the juvenile (i) is not alleged to have committed a violent juvenile felony or (ii) has not previously been proceeded against informally or adjudicated delinquent for an offense that would be a felony if committed by an adult. A petition alleging that a juvenile committed a violent juvenile felony shall be filed with the court. A petition alleging that a juvenile is delinquent for an offense that would be a felony if committed by an adult shall be filed with the court if the juvenile had previously been proceeded against informally by intake or had been adjudicated delinquent for an offense that would be a felony if committed by an adult.

If a juvenile is alleged to be a truant pursuant to a complaint filed in accordance with § 22.1-258 and the attendance officer has provided documentation to the intake officer that the relevant school division has complied with the provisions of § 22.1-258, then the intake officer shall file a petition with the court. The intake officer may defer filing the complaint for 90 days and proceed informally by developing a truancy plan. The intake officer may proceed informally only if the juvenile has not previously been proceeded against informally or adjudicated in need of supervision for failure to comply with compulsory school attendance as provided in § 22.1-254. The juvenile and his parent or parents, guardian or other person standing in loco parentis must agree, in writing, for the development of a truancy plan. The truancy plan may include requirements that the juvenile and his parent or parents, guardian or other person standing in loco parentis participate in such programs, cooperate in such treatment or be subject to such conditions and limitations as necessary to ensure the juvenile's compliance with compulsory school attendance as provided in § 22.1-254. The intake officer may refer the juvenile to the appropriate public agency for the purpose of developing a truancy plan using an interagency interdisciplinary team approach. The team may include qualified personnel who are reasonably available from the appropriate department of social services, community services board, local school division, court service unit and other appropriate and available public and private agencies and may be the family assessment and planning team established pursuant to § 2.2-5207. If at the end of the 90-day period the juvenile has not successfully completed the truancy plan or the truancy program, then the intake officer shall file the petition.

Whenever informal action is taken as provided in this subsection on a complaint alleging that a child is in need of services, in need of supervision or delinquent, the intake officer shall (i) develop a plan for the juvenile, which may include restitution and the performance of community service, based upon community resources and the circumstances which resulted in the complaint, (ii) create an official record of the action taken by the intake officer and file such record in the juvenile's case file, and (iii) advise the juvenile and the juvenile's parent, guardian or other person standing in loco parentis and the complainant that any subsequent complaint alleging that the child is in need of supervision or delinquent based upon facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241 will result in the filing of a petition with the court.

C. The intake officer shall accept and file a petition in which it is alleged that (i) the custody, visitation or support of a child is the subject of controversy or requires determination, (ii) a person has deserted, abandoned or failed to provide support for any person in violation of law, (iii) a child or such child's parent, guardian, legal custodian or other person standing in loco parentis is entitled to treatment, rehabilitation or other services which are required by law, (iv) family abuse has occurred and a protective order is being sought pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1, or (v) an act of violence, force, or threat has occurred, a protective order is being sought pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, and either the alleged victim or the respondent is a juvenile. If any such complainant does not file a petition, the intake officer may file it. In cases in which a child is alleged to be abused, neglected, in need of services, in need of supervision or delinquent, if the intake officer believes that probable cause does not exist, or that the authorization of a petition will not be in the best interest of the family or juvenile or that the matter may be effectively dealt with by some agency other than the court, he may refuse to authorize the filing of a petition. The intake officer shall provide to a person seeking a protective order pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1 a written explanation of the conditions, procedures and time limits applicable to the issuance of protective orders pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1. If the person is seeking a protective order pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, the intake officer shall provide a written explanation of the conditions, procedures, and time limits applicable to the issuance of protective orders pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10.

D. Prior to the filing of any petition alleging that a child is in need of supervision, the matter shall be reviewed by an intake officer who shall determine whether the petitioner and the child alleged to be in need of supervision have utilized or attempted to utilize treatment and services available in the community and have exhausted all appropriate nonjudicial remedies which are available to them. When the intake officer determines that the parties have not attempted to utilize available treatment or services or have not exhausted all appropriate nonjudicial remedies which are available, he shall refer the petitioner and the child alleged to be in need of supervision to the appropriate agency, treatment facility or individual to receive treatment or services, and a petition shall not be filed. Only after the intake officer determines that the parties have made a reasonable effort to utilize available community treatment or services may he permit the petition to be filed.

E. If the intake officer refuses to authorize a petition relating to an offense that if committed by an adult would be punishable as a Class 1 misdemeanor or as a felony, the complainant shall be notified in writing at that time of the complainant's right to apply to a magistrate for a warrant. If a magistrate determines that probable cause exists, he shall issue a warrant returnable to the juvenile and domestic relations district court. The warrant shall be delivered forthwith to the juvenile court, and the intake officer shall accept and file a petition founded upon the warrant. If the court is closed and the magistrate finds that the criteria for detention or shelter care set forth in § 16.1-248.1 have been satisfied, the juvenile may be detained pursuant to the warrant issued in accordance with this subsection. If the intake officer refuses to authorize a petition relating to a child in need of services or in need of supervision, a status offense, or a misdemeanor other than Class 1, his decision is final.

Upon delivery to the juvenile court of a warrant issued pursuant to subdivision 2 of § 16.1-256, the intake officer shall accept and file a petition founded upon the warrant.

F. The intake officer shall notify the attorney for the Commonwealth of the filing of any petition which alleges facts of an offense which would be a felony if committed by an adult.

G. Notwithstanding the provisions of Article 12 (§ 16.1-299 et seq.), the intake officer shall file a report with the division superintendent of the school division in which any student who is the subject of a petition alleging that such student who is a juvenile has committed an act, wherever committed, which would be a crime if committed by an adult, or that such student who is an adult has committed a crime and is alleged to be within the jurisdiction of the court. The report shall notify the division superintendent of the filing of the petition and the nature of the offense, if the violation involves:

1. A firearm offense pursuant to Article 4 (§ 18.2-279 et seq.), 5 (§ 18.2-288 et seq.), 6 (§ 18.2-299 et seq.), 6.1 (§ 18.2-307.1 et seq.), or 7 (§ 18.2-308.1 et seq.) of Chapter 7 of Title 18.2;
2. Homicide, pursuant to Article 1 (§ 18.2-30 et seq.) of Chapter 4 of Title 18.2;
3. Felonious assault and bodily wounding, pursuant to Article 4 (§ 18.2-51 et seq.) of Chapter 4 of Title 18.2;
4. Criminal sexual assault, pursuant to Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2;
5. Manufacture, sale, gift, distribution or possession of Schedule I or II controlled substances, pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2;
6. Manufacture, sale or distribution of marijuana or synthetic cannabinoids pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2;
7. Arson and related crimes, pursuant to Article 1 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2;
8. Burglary and related offenses, pursuant to §§ 18.2-89 through 18.2-93;

9. Robbery pursuant to § 18.2-58;
10. Prohibited criminal street gang activity pursuant to § 18.2-46.2;
11. Recruitment of other juveniles for a criminal street gang activity pursuant to § 18.2-46.3; or
12. An act of violence by a mob pursuant to § 18.2-42.1.

The failure to provide information regarding the school in which the student who is the subject of the petition may be enrolled shall not be grounds for refusing to file a petition.

The information provided to a division superintendent pursuant to this section may be disclosed only as provided in § 16.1-305.2.

H. The filing of a petition shall not be necessary:

1. In the case of violations of the traffic laws, including offenses involving bicycles, hitchhiking and other pedestrian offenses, game and fish laws or a violation of the ordinance of any city regulating surfing or any ordinance establishing curfew violations, animal control violations or littering violations. In such cases the court may proceed on a summons issued by the officer investigating the violation in the same manner as provided by law for adults. Additionally, an officer investigating a motor vehicle accident may, at the scene of the accident or at any other location where a juvenile who is involved in such an accident may be located, proceed on a summons in lieu of filing a petition.

2. In the case of seeking consent to apply for the issuance of a work permit pursuant to subsection H of § 16.1-241.

3. In the case of a misdemeanor violation of § 18.2-250.1, 18.2-266, 18.2-266.1, or 29.1-738, or the commission of any other alcohol-related offense, provided the juvenile is released to the custody of a parent or legal guardian pending the initial court date. The officer releasing a juvenile to the custody of a parent or legal guardian shall issue a summons to the juvenile and shall also issue a summons requiring the parent or legal guardian to appear before the court with the juvenile. Disposition of the charge shall be in the manner provided in § 16.1-278.8, 16.1-278.8:01, or 16.1-278.9. If the juvenile so charged with a violation of § 18.2-51.4, 18.2-266, 18.2-266.1, 18.2-272, or 29.1-738 refuses to provide a sample of blood or breath or samples of both blood and breath for chemical analysis pursuant to §§ 18.2-268.1 through 18.2-268.12 or 29.1-738.2, the provisions of these sections shall be followed except that the magistrate shall authorize execution of the warrant as a summons. The summons shall be served on a parent or legal guardian and the juvenile, and a copy of the summons shall be forwarded to the court in which the violation is to be tried. When a violation of § 18.2-250.1 is charged by summons, the juvenile shall be entitled to have the charge referred to intake for consideration of informal proceedings pursuant to subsection B, provided such right is exercised by written notification to the clerk not later than 10 days prior to trial. At the time such summons alleging a violation of § 18.2-250.1 is served, the officer shall also serve upon the juvenile written notice of the right to have the charge referred to intake on a form approved by the Supreme Court and make return of such service to the court. If the officer fails to make such service or return, the court shall dismiss the summons without prejudice.

4. In the case of offenses which, if committed by an adult, would be punishable as a Class 3 or Class 4 misdemeanor. In such cases the court may direct that an intake officer proceed as provided in § 16.1-237 on a summons issued by the officer investigating the violation in the same manner as provided by law for adults provided that notice of the summons to appear is mailed by the investigating officer within five days of the issuance of the summons to a parent or legal guardian of the juvenile.

I. Failure to comply with the procedures set forth in this section shall not divest the juvenile court of the jurisdiction granted it in § 16.1-241.

§ 16.1-278.8:01. Juveniles found delinquent of first drug offense; screening; assessment; drug tests; costs and fees; education or treatment programs.

Whenever any juvenile who has not previously been found delinquent of any offense under Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2 or under any statute of the United States or of any state relating to narcotic drugs, marijuana, ~~synthetic cannabinoids~~, or stimulant, depressant or hallucinogenic drugs, or has not previously had a proceeding against him for a violation of such an offense dismissed as provided in § 18.2-251, is found delinquent of any offense concerning the use, in any manner, of drugs, controlled substances, narcotics, marijuana, ~~synthetic cannabinoids~~, noxious chemical substances and like substances, the juvenile court or the circuit court shall require such juvenile to undergo a substance abuse screening pursuant to § 16.1-273 and to submit to such periodic substance abuse testing, to include alcohol testing, as may be directed by the court. Such testing shall be conducted by a court services unit of the Department of Juvenile Justice, or by a locally operated court services unit or by personnel of any program or agency approved by the Department. The cost of such testing ordered by the court shall be paid by the Commonwealth from funds appropriated to the Department for this purpose. The court shall also order the juvenile to undergo such treatment or education program for substance abuse, if available, as the court deems appropriate based upon consideration of the substance abuse assessment. The treatment or education shall be provided by a program licensed by the Department of Behavioral Health and Developmental Services or by a similar program available through a facility or program operated by or under contract to the Department of Juvenile Justice or a locally operated court services unit or a program funded through the Virginia Juvenile Community Crime Control Act (§ 16.1-309.2 et seq.).

§ 18.2-251. Persons charged with first offense may be placed on probation; conditions; substance abuse screening, assessment treatment and education programs or services; drug tests; costs and fees; violations; discharge.

Whenever any person who has not previously been convicted of any offense under this article or under any statute of the United States or of any state relating to narcotic drugs, marijuana, ~~synthetic cannabinoids~~, or stimulant, depressant, or hallucinogenic drugs, or has not previously had a proceeding against him for violation of such an offense dismissed as provided in this section, pleads guilty to or enters a plea of not guilty to possession of a controlled substance under § 18.2-250 or to possession of marijuana under § 18.2-250.1, ~~or to possession of synthetic cannabinoids under subsection B of § 18.2-248.1-1~~, the court, upon such plea if the facts found by the court would justify a finding of guilt, without entering a judgment of guilt and with the consent of the accused, may defer further proceedings and place him on probation upon terms and conditions.

As a term or condition, the court shall require the accused to undergo a substance abuse assessment pursuant to § 18.2-251.01 or 19.2-299.2, as appropriate, and enter treatment and/or education program or services, if available, such as, in the opinion of the court, may be best suited to the needs of the accused based upon consideration of the substance abuse assessment. The program or services may be located in the judicial district in which the charge is brought or in any other judicial district as the court may provide. The services shall be provided by (i) a program licensed by the Department of Behavioral Health and Developmental Services, by a similar program which is made available through the Department of Corrections, (ii) a local community-based probation services agency established pursuant to § 9.1-174, or (iii) an ASAP program certified by the Commission on VASAP.

As a condition of probation, the court shall require the accused (i) to successfully complete treatment or education program or services, (ii) to remain drug and alcohol free during the period of probation and submit to such tests during that period as may be necessary and appropriate to determine if the accused is drug and alcohol free, (iii) to make reasonable efforts to secure and maintain employment, and (iv) to comply with a plan of at least 100 hours of community service for a felony and up to 24 hours of community service for a misdemeanor. Such testing shall be conducted by personnel of the supervising probation agency or personnel of any program or agency approved by the supervising probation agency.

The court shall, unless done at arrest, order the accused to report to the original arresting law-enforcement agency to submit to fingerprinting.

Upon violation of a term or condition, the court may enter an adjudication of guilt and proceed as otherwise provided. Upon fulfillment of the terms and conditions, the court shall discharge the person and dismiss the proceedings against him. Discharge and dismissal under this section shall be without adjudication of guilt and is a conviction only for the purposes of applying this section in subsequent proceedings.

§ 54.1-3443. Board to administer article.

A. The Board shall administer this article and may add substances to or deschedule or reschedule all substances enumerated in the schedules in this article pursuant to the procedures of the Administrative Process Act (§ 2.2-4000 et seq.). In making a determination regarding a substance, the Board shall consider the following:

1. The actual or relative potential for abuse;
2. The scientific evidence of its pharmacological effect, if known;
3. The state of current scientific knowledge regarding the substance;
4. The history and current pattern of abuse;
5. The scope, duration, and significance of abuse;
6. The risk to the public health;
7. The potential of the substance to produce psychic or physical dependence; and
8. Whether the substance is an immediate precursor of a substance already controlled under this article.

B. After considering the factors enumerated in subsection A, the Board shall make findings and issue a regulation controlling the substance if it finds the substance has a potential for abuse.

C. If the Board designates a substance as an immediate precursor, substances which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor.

D. *If the Board, in consultation with the Department of Forensic Science, determines the substance shall be placed into Schedule I or II pursuant to § 54.1-3445 or 54.1-3447, the Board may amend its regulations pursuant to Article 2 (§ 2.2-4006 et seq.) of the Administrative Process Act. Prior to making such amendments, the Board shall conduct a public hearing. At least 30 days prior to conducting such hearing, it shall post notice of the hearing on the Virginia Regulatory Town Hall and shall send notice of the hearing to any persons requesting to be notified of a regulatory action. In the notice, the Board shall include a list of all substances it intends to schedule by regulation. The Board shall notify the House Courts of Justice and Senate Courts of Justice Committees of any new substance added to Schedule I or II pursuant to this subsection. Any substance added to Schedule I or II pursuant to this subsection shall remain on Schedule I or II for a period of 18 months. Upon expiration of such 18-month period, such substance shall be descheduled unless a general law is enacted adding such substance to Schedule I or II. Nothing in this subsection shall preclude the Board from adding substances to or descheduling or rescheduling all substances enumerated in the schedules pursuant to the provisions of subsections A, B, and E.*

E. If any substance is designated, rescheduled, or descheduled as a controlled substance under federal law and notice of such action is given to the Board, the Board may similarly control the substance under this chapter after the expiration of 120 days from publication in the Federal Register of the final order designating a substance as a controlled substance or rescheduling or descheduling a substance without following the provisions specified in subsections A and B of this section.

~~E. F.~~ Authority to control under this section does not extend to distilled spirits, wine, malt beverages, or tobacco as those terms are defined or used in Title 4.1.

¶ G. The Board shall exempt any nonnarcotic substance from a schedule if such substance may, under the provisions of the federal Food, Drug and Cosmetic Act (21 U.S.C. § 301 et seq.) or state law, be lawfully sold over the counter without a prescription.

The remainder of any term to which a member is appointed to fill a vacancy shall not constitute a term in determining the member's term limit. Vacancies shall be filled in the same manner as the original appointments.

The Board shall elect a chairman and vice-chairman annually from among its legislative members. A majority of the members of the Board shall constitute a quorum.

The Board of Directors shall report biennially on the activities and recommendations of the Authority to the Secretary of Health and Human Resources, the Secretary of Education, the Secretary of Commerce and Trade, the State Board of Health, the State Council of Higher Education for Virginia, the Joint Commission on Health Care, the Governor, and the General Assembly. CHAPTER 721

An Act to amend and reenact § 15.2-4507 of the Code of Virginia, relating to transportation districts; appointments.

[S 601]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-4507 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-4507. Members of transportation district commissions.

A. Any transportation district commission created shall consist of the number of members the component governments shall from time to time agree upon, or as may otherwise be provided by law. The governing body of each participating county and city shall appoint from among its members the number of commissioners to which the county or city is entitled; however, for those commissions with powers as set forth in subsection A of § 15.2-4515, the governing body of each participating county or city is not limited to appointing commissioners from among its members. In addition, the governing body may appoint from its number or otherwise, designated alternate members for those appointed to the commission who shall be able to exercise all of the powers and duties of a commission member when the regular member is absent from commission meetings. Each such appointee shall serve at the pleasure of the appointing body; however, no appointee to a commission with powers as set forth in subsection B of § 15.2-4515 may continue to serve when he is no longer a member of the appointing body. Each governing body shall inform the commission of its appointments to and removals from the commission by delivering to the commission a certified copy of the resolution making the appointment or causing the removal.

In the case of a transportation district, commonly known as the Potomac and Rappahannock Transportation Commission, which was established on or after July 1, 1986, and which includes more than one jurisdiction located within the Washington, D.C., metropolitan area, such commission shall also include two members of the House of Delegates and one member of the Senate from legislative districts located wholly or in part within the boundaries of the transportation district. The members of the House of Delegates shall be appointed by the Speaker of the House for terms coincident with their terms of office, and the member of the Senate shall be appointed by the Senate Committee on Rules for a term coincident with his term of office. The members of the General Assembly shall be eligible for reappointment for successive terms. Vacancies occurring other than by expiration of a term shall be filled for the unexpired term. Vacancies shall be filled in the same manner as the original appointments.

In the case of the Transportation District Commission of Hampton Roads, such commission shall consist of one citizen member appointed by the Governor from each county and city embraced by the Transportation District. *However, for the gubernatorial appointments that will become effective July 1, 2016, three of the appointments shall be for initial terms of two years and three appointments shall be for terms of four years. Thereafter, all gubernatorial appointments shall be for terms of four years so as to stagger the terms of the gubernatorial appointees.* The governing body of each such county or city may appoint either a member of its governing body or its county or city manager to serve as an ex officio member with voting privileges. Every such ex officio member shall be allowed to attend all meetings of the commission that other members may be required to attend. Vacancies shall be filled in the same manner as the original appointments.

The Chairman of the Commonwealth Transportation Board, or his designee, shall be a member of each commission, ex officio with voting privileges. The chairman of the Commonwealth Transportation Board may appoint an alternate member who may exercise all the powers and duties of the chairman of the Commonwealth Transportation Board when neither the chairman of the Commonwealth Transportation Board nor his designee is present at a commission meeting.

B. Any appointed member of a commission of a transportation district, commonly known as the Northern Virginia Transportation Commission, which was established prior to July 1, 1986, and which includes jurisdictions located within the Washington, D.C., metropolitan statistical area, and the Secretary of Transportation or his designee, is authorized to serve as a member of the board of directors of the Washington Metropolitan Area Transit Authority (Chapter 627 of the Acts of Assembly of 1958 as amended) and while so serving the provisions of § 2.2-2800 shall not apply to such member. In appointing Virginia members of the board of directors of the Washington Metropolitan Area Transit Authority (WMATA), the Northern Virginia Transportation Commission shall include the Secretary of Transportation or his designee as a principal member on the board of directors of the WMATA. Any designee serving as the principal member must reside in a locality served by WMATA.

In selecting from its membership those members to serve on the board of directors of the WMATA, the Northern Virginia Transportation Commission shall comply with the following requirements:

1. A board member shall not have been an employee of WMATA within one year of appointment to serve on the board of directors.

2. A board member shall have experience in at least one of the following: transit planning, transportation planning, or land use planning; transit or transportation management or other public sector management; engineering; finance; public safety; homeland security; human resources; the law; or knowledge of the region's transportation issues derived from working on regional transportation issue resolution.

3. A member shall be a regular patron of the services provided by WMATA.

4. Members shall serve a term of four years with a maximum of two consecutive terms. Such term or terms must coincide with their term on the body that appointed them to the Northern Virginia Transportation Commission. Any vacancy created if a board member cannot fulfill his term because his term on the appointing body had ended shall be filled for the unexpired term in the same manner as the member being replaced was appointed within 60 days of the vacancy. The initial appointments to a four-year term will be as follows: the Secretary, or his designee, for a term of four years; the second principal member for a term of three years; one alternate for a term of two years; and the remaining alternate for a term of one year. Thereafter, members shall be appointed for terms of four years. Service on the WMATA board of directors prior to July 1, 2012, shall not be considered in determining length of service. Any person appointed to an initial one or two year term, or appointed to an unexpired term in which two years or less is remaining, shall be eligible to serve two consecutive four-year terms after serving the initial or unexpired term.

5. Members may be removed from the board of directors of the WMATA if they attend fewer than three-fourths of the meetings in a calendar year; if they are conflicted due to employment at WMATA; or if they are found to be in violation of the State and Local Government Conflict of Interests Act (§ 2.2-3100 et seq.). If a member is removed during a term, the vacancy shall be filled pursuant to the provisions of subdivision 4.

6. Each member of the Northern Virginia Transportation Commission appointed to the board of directors of the WMATA shall file semiannual reports with the Secretary of Transportation's office beginning July 1, 2012. The reports shall include (i) the dates of attendance at WMATA board meetings, (ii) any reasons for not attending a specific meeting, and (iii) dates and attendance at other WMATA-related public events.

Any entity that provides compensation to a WMATA board member for his service on the WMATA board shall be required to submit on July 1 of each year to the Secretary of Transportation the amount of that compensation. Such letter will remain on file with the Secretary's office and be available for public review.

C. (Effective July 1, 2014) In the case of two or more transportation commissions which each include at least one jurisdiction located within the Washington, D.C., metropolitan area and which have entered into an agreement to operate a commuter railway, the agreement governing the creation of the railway shall provide that the Chairman of the Commonwealth Transportation Board or his designee shall have one vote on the oversight board for the railway. For each year in which the state contribution to the railway is greater than or equal to the highest contribution from an individual jurisdiction, the total annual jurisdictional subsidy used to determine vote weights shall be recalculated to include the Commonwealth contributing an amount equal to the highest contributing jurisdiction. The vote weights shall be recalculated to provide the Chairman of the Commonwealth Transportation Board or his designee the same weight as the highest contributing jurisdiction. The revised vote weights shall be used in determining the passage of motions before the oversight board.

CHAPTER 722

The councilmen in office at the effective date of this charter and the amendments thereto shall constitute the council of the city and are hereby continued in office for the terms for which they were elected and qualified. ~~To the extent that compliance with the said consent decree and other orders entered in the referenced action constitute a deviation by the city from the council election requirements of the charter then existing, those actions are expressly ratified. No action of the council of the city occurring on or after August 3, 1988, until the effective date of this amendment of the charter shall be subject to challenge on the basis of the composition and manner of election of the members thereof, provided that the composition and manner of election of the members thereof during that period of time was consistent with said orders.~~ On the first ~~Tuesday in May 1988~~ *Tuesday following the first Monday in November of 2016*, and every four years thereafter, a member of the council shall be elected from each of *District 3, District 4 and District 5*, each for a four-year term, and on the first ~~Tuesday in May 1990~~ *Tuesday following the first Monday in November of 2014*, and every four years thereafter, a member of the council shall be elected from each of *District 1; and District 2 and District 3*, each for a four-year term. *Council members serving on council as of the date of this amendment and whose terms are to expire as of June 30 of 2014 or 2016 shall continue in office until their successors have been elected at the November general election and have been qualified to serve.* The general laws of the Commonwealth relating to the conduct of elections, as far as pertinent, shall apply to the conduct of the general city elections. The council shall be a continuing body, and no measure pending before such body shall abate or be discontinued by reason of the expiration of the term of office or removal of the members of said body, or any of them.

§ 3.06. Election of mayor and vice-mayor.

The mayor in office at the effective date of this charter is hereby continued in office for the term for which he was elected and until his successor has been elected and qualified. At the first meeting of the council after ~~September 1, 1955~~ *the first day of January of 2015*, and at each succeeding first meeting immediately following the taking of office of councilmen after a general councilmanic election, the council shall choose by majority vote of all the members thereof one of their number to be mayor and one to be vice-mayor for the ensuing term. The mayor shall preside over the meetings of the council and shall have the same right to vote and speak therein as other members. He shall have no veto power. He shall be recognized as the head of the city government for all ceremonial purposes, the purposes of military law, and the service of civil process. The vice-mayor, in the absence or disability of the mayor, shall perform the duties of mayor, and if a vacancy shall occur in the office of mayor, the vice-mayor shall become mayor for the unexpired portion of the term. In the absence or disability of both the mayor and the vice-mayor, the council shall by majority vote of those present choose one of their number to perform the duties of mayor.

~~There being no vice-mayor now in office, at the first meeting of the council after this charter becomes effective, the council shall choose by majority vote of all the members thereof one of their number to be vice-mayor for the remainder of the present term, and until his successor has been elected and qualified.~~

At least 51 percent of the agricultural products used by such licensee to manufacture the spirits are grown on the licensee's farm or land in Virginia leased by the licensee and no more than 25 percent of the agricultural products are grown or produced outside the Commonwealth. However, upon petition by the Department of Agriculture and Consumer Services, the Board may permit the use of a lesser percentage of products grown on the licensee's farm if unusually severe weather or disease conditions cause a significant reduction in the availability of agricultural products grown on the farm to manufacture the spirits during a given license year;

CHAPTER 725

An Act to amend the Code of Virginia by adding in Chapter 26 of Title 45.1 sections numbered 45.1-395 and 45.1-396, relating to grants for placing into service renewable energy property.

[S 653]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Chapter 26 of Title 45.1 sections numbered 45.1-395 and 45.1-396 as follows:

§ 45.1-395. Grants for placing into service renewable energy property.

A. For the purposes of this section, unless the context requires a different meaning:

"Annual program cap" means the total amount of grant funds appropriated by the General Assembly for the respective fiscal year. Subject to appropriation by the General Assembly, the annual program cap shall be \$10 million for fiscal year 2015-2016.

"Annual project payout threshold" means an amount that is equal to 2.5 percent of the annual program cap but shall not be less than \$125,000 or in excess of \$250,000.

"Division" means the Division of Energy of the Department.

"Individual piece of renewable energy property" means (i) one or more pieces of renewable energy property with a single utility interconnection point regardless of the number of parcels of land on which the property is located or (ii) more than one piece of renewable energy property on the same parcel of land each with a single utility interconnection point. For purposes of this definition, a parcel of land is such parcel as established by the real estate tax assessment.

"Renewable energy" means energy derived from sunlight, wind, falling water, biomass, sustainable or otherwise (the definitions of which shall be liberally construed), energy from waste, landfill gas, municipal solid waste, wave motion, tides, or geothermal power, and does not include energy derived from coal, oil, natural gas, or nuclear power.

"Renewable energy property" means property located in the Commonwealth that produces renewable energy and related devices necessary for collecting, controlling, storing, exchanging, conditioning, or converting such energy.

B. In addition to all other responsibilities, the Division shall administer the grant program created under this section.

C. 1. Beginning with fiscal year 2015-2016 and fiscal years thereafter, a person placing into service an individual piece of renewable energy property during the fiscal year shall be eligible for a grant. Subject to the requirements of this section being met, the grant shall equal 35 percent of the costs paid or incurred by the person to place the renewable energy property into service, not to exceed \$2.5 million for any individual piece of renewable energy property. No grant shall be allowed for costs paid or incurred related to renewable energy property that has generated electricity in the 12 months preceding the date of the grant application. No grant shall be allowed for renewable energy property paid for by utility ratepayer funds.

2. In the case of a grant that would not have been in excess of the annual project payout threshold if paid on the date that the renewable energy property was placed into service, the grant shall be paid within 90 days immediately following the receipt of all documentation required by the Division to demonstrate that such property was placed into service. For all other grant awards, the grant shall be paid in three equal calendar year installments as follows: within 90 days immediately following the receipt of all documentation required by the Division to demonstrate that such property was placed into service and in each of the next two succeeding calendar years.

As a condition of the payment of a grant, a person shall make available for inspection upon request of the Division all relevant and applicable documents to determine whether the renewable energy property placed into service by the person meets the requirements for the payment of a grant.

D. If in one of the three calendar years in which the installment of a grant accrues the renewable energy property is disposed of, taken out of service, or moved out of the Commonwealth, the related grant payment shall be forfeited for such year (and the grantee shall be liable for the repayment of any grant previously paid during the year) and each installment year thereafter.

E. The Division shall develop procedures for the allocation of grants. Except as otherwise provided in this subsection, the Division shall not allocate more than \$10 million in grants in any fiscal year of the Commonwealth. At a minimum, a person seeking a grant shall submit an application to the Division that includes (i) adequate demonstration of site control; (ii) if required, an interconnection application filed with the local utility within the preceding 12 months; (iii) adequate demonstration of the right to consume or sell the energy produced by the renewable energy property to a third party; and (iv) a refundable deposit equal to 10 percent of the requested grant amount. The Division shall within 30 days after receipt of a complete application review such application and approve the same for an allocation of a grant if it determines that it meets all requirements. The person shall then have 12 months from the date of allocation of a grant to place the renewable energy property into service. If the person fails to place the renewable energy property into service within such 12-month period, then the person's grant allocation shall expire and the allocated grant amount shall be added to the current fiscal year allocation of grants. The deposit shall be refunded upon (a) a written determination by the Division to reject the application, (b) payment of any grant pursuant to this section to which the deposit relates, or (c) 12 months plus one day from the allocation of any grant to which the deposit relates, whichever is earlier. Actions by the Division relating to the allocation and awarding of grants under this section shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

F. For purposes of determining whether renewable energy property has been placed into service, the Division shall use the federal guideline for when property is placed into service as set forth in Treasury Regulations Section 1.46-3(d)(1) and Treasury Regulations Section 1.167(a)-11(e)(1).

G. The person shall submit with its grant application all documentation as reasonably required by the Division, including but not limited to documentation related to any other state tax credits or grants pertaining to renewable energy for which the person has applied. All such documents appropriately identified by the person shall be considered confidential and proprietary.

H. The Division shall develop and update as necessary guidelines implementing the provisions of this section. The guidelines shall set forth metrics for measuring the economic impact from placing into service renewable energy property,

which may include measures for capital investment and jobs directly or indirectly created or retained as a result of placing the property into service. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.). Guidelines implementing the provisions of this section shall be made publicly available no later than December 1, 2014.

I. The amount of the grant that a person is otherwise eligible to receive for renewable energy property shall be reduced to the extent that the person claims a state tax credit under Virginia law or receives a grant under a different Virginia grant program for (i) costs paid or incurred with regard to the acquisition of the renewable energy property or (ii) energy generated by the renewable energy property.

J. All grants under this section are subject to sufficient moneys being appropriated by the General Assembly to the Renewable Energy Property Grant Fund established under § 45.1-396 for payment of the same, and the Comptroller shall not draw any warrants to issue checks for this grant program without such appropriation.

K. The grants that may be paid under this section shall be paid from the Renewable Energy Property Grant Fund established under § 45.1-396.

L. By December 1 each year beginning in 2015, the Division shall provide a written report to the General Assembly evaluating the economic impact in the preceding 12 months, or such longer period of time as the Division deems appropriate, from renewable energy property placed into service for which grants were paid under this section. The evaluation shall apply the metrics set forth in the guidelines for measuring the economic impact of such renewable energy property. The evaluation shall also estimate the amount of non-renewable energy that would have been utilized if such renewable energy property had not been placed into service.

§ 45.1-396. Renewable Energy Property Grant Fund established.

There is hereby created in the state treasury a special nonreverting fund to be known as the Renewable Energy Property Grant Fund, hereafter referred to as "the Fund." The Fund shall be established on the books of the Comptroller. All moneys as may be appropriated to it by the General Assembly shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for purposes of providing grants to persons placing renewable energy property into service as specified in § 45.1-395 and to reimburse the Division for its reasonable costs incurred in administering the grant program established under such section. The reimbursement for reasonable costs each year shall not exceed the lesser of (i) \$200,000 or (ii) five percent of the annual program cap. The Fund shall be administered by the Director. CHAPTER 726

An Act to amend the Code of Virginia by adding in Article 1.1 of Chapter 1 of Title 33.1 a section numbered 33.1-23.5:5, relating to prioritization of projects funded by the Commonwealth Transportation Board.

[H 2]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 1.1 of Chapter 1 of Title 33.1 a section numbered 33.1-23.5:5 as follows:

§ 33.1-23.5:5. Statewide prioritization process for project selection.

A. The General Assembly declares it to be in the public interest that a prioritization process for projects funded by the Commonwealth Transportation Board be developed and implemented to improve the efficiency and effectiveness of the state's transportation system, transportation safety, transportation accessibility for people and freight, environmental quality, and economic development in the Commonwealth.

B. Subject to the limitations in subsection C, the Commonwealth Transportation Board shall develop, in accordance with federal transportation requirements, and in cooperation with metropolitan planning organizations wholly within the Commonwealth and with the Northern Virginia Transportation Authority, a statewide prioritization process for the use of funds allocated pursuant to § 33.1-23.1 or apportioned pursuant to 23 U.S.C. § 104. Such prioritization process shall be used for the development of the Six-Year Improvement Program pursuant to § 33.1-12 and shall consider, at a minimum, highway, transit, rail, roadway, technology operational improvements, and transportation demand management strategies.

1. The prioritization process shall be based on an objective and quantifiable analysis that considers, at a minimum, the following factors relative to the cost of the project or strategy: congestion mitigation, economic development, accessibility, safety, and environmental quality.

2. Prior to the analysis in subdivision 1, candidate projects and strategies shall be screened by the Commonwealth Transportation Board to determine whether they are consistent with the assessment of capacity needs for all for corridors of statewide significance, regional networks, and improvements to promote urban development areas established pursuant to § 15.2-2223.1, undertaken in the Statewide Transportation Plan in accordance with § 33.1-23.03.

3. *The Commonwealth Transportation Board shall weight the factors used in subdivision 1 for each of the state's highway construction districts. The Commonwealth Transportation Board may assign different weights to the factors, within each highway construction district, based on the unique needs and qualities of each highway construction district.*

4. *The Commonwealth Transportation Board shall solicit input from localities, metropolitan planning organizations, transit authorities, transportation authorities, and other stakeholders in its development of the prioritization process pursuant to this section. Further, the Board shall explicitly consider input provided by an applicable metropolitan planning organization or the Northern Virginia Transportation Authority when developing the weighting of factors pursuant to subdivision 3 for a metropolitan planning area with a population over 200,000 individuals.*

C. *The prioritization process developed under subsection B shall not apply to the following: projects or activities undertaken pursuant to § 33.1-23.02; projects funded by the Congestion Mitigation Air Quality funds apportioned to the state pursuant to 23 U.S.C. § 104(b)(4) and state matching funds; projects funded by the Highway Safety Improvement Program funds apportioned to the state pursuant to 23 U.S.C. § 104(b)(3) and state matching funds; projects funded by the Transportation Alternatives funds set-aside pursuant to 23 U.S.C. § 213 and state matching funds; projects funded pursuant to subdivisions B 2 and 3 of § 33.1-23.1; projects funded by the revenue-sharing program pursuant to § 33.1-23.05; and projects funded by federal programs established by the federal government after June 30, 2014, with specific rules that restrict the types of projects that may be funded, excluding restrictions on the location of projects with regard to highway functional classification. The Commonwealth Transportation Board may, at its discretion, develop a prioritization process for any of the funds covered by this subsection, subject to planning and funding requirements of federal law. However, the Board shall defer to individual local governments for projects funded pursuant to subdivisions B 2 and 3 of § 33.1-23.1.*

D. *The Commonwealth Transportation Board shall make public, in an accessible format, the results of the screening and analysis of candidate projects and strategies under subsection B, including the weighting of factors, in a timely fashion.*

2. That the Commonwealth Transportation Board shall select projects for funding pursuant to the provisions of this act beginning July 1, 2016.

3. That, at the discretion of the Board, a project fully funded in the Six-Year Improvement Program that has completed the state environmental review process or the review process required by the National Environmental Policy Act may be exempt from the provisions of this act.

4. That the prioritization process developed pursuant to § 33.1-23.5:5 of the Code of Virginia, as created by this act, shall not apply to funds allocated to the Northern Virginia Transportation Authority Fund established pursuant to § 15.2-4838.01 of the Code of Virginia, the Hampton Roads Transportation Fund established pursuant to § 33.1-23.5:4 of the Code of Virginia, or federal funds subject to 23 U.S.C. 133(d)(1)(A)(i).

5. That the Commonwealth Transportation Board in implementing § 33.1-23.5:5 as created by this act shall comply with the allocation of funds pursuant to § 33.1-23.1.

6. That, for Northern Virginia and Hampton Roads highway construction districts, the Commonwealth Transportation Board, pursuant to subdivision B 3 of § 33.1-23.5:5 as created by this act, shall ensure that congestion mitigation, consistent with § 33.1-13.03:1 of the Code of Virginia, is weighted highest among the factors in the prioritization process. For metropolitan planning areas with a population over 200,000, the prioritization process shall also include a factor based on the quantifiable and achievable goals pursuant to subsection B of § 33.1-23.03 of the Code of Virginia.

7. That notwithstanding § 33.1-23.5:5 as created by this act, the Commonwealth Transportation Board shall ensure that no project shall be undertaken primarily for economic development purposes.

8. That if any portion of this act shall be adjudged unconstitutional in any court of competent jurisdiction, the remaining portions of this act shall remain in effect.

A. Accomack County, Augusta County, Floyd County, Highland County, Pittsylvania County, and Wise County Counties may by ordinance, and after a public hearing, levy a fee for the disposal of solid waste not to exceed the actual cost incurred by the county in procuring, developing, maintaining, and improving the landfill and for such reserves as may be necessary for capping and closing such landfill in the future. *Southampton County may by ordinance, and after a public hearing, levy a fee for the management of solid waste not to exceed the actual cost incurred by the county in removing and disposing of solid waste.* Such fee as collected shall be deposited in a special account to be expended only for the purposes for which it was levied. Except in Floyd County, Pittsylvania County, Southampton, and Wise County Counties, such fee shall not be used to purchase or subsidize the purchase of equipment used for the collection of solid waste. In Augusta County, Highland County, and Pittsylvania County, and Southampton Counties, such fee (i) may only be levied upon

persons whose residential solid waste is disposed of at a county landfill or county solid waste collection or disposal facility and (ii) shall not be levied upon persons whose residential waste is not disposed of in such landfill or facility if such nondisposal is documented by the collector or generator of such waste as required by ordinance of such county. Documentation provided by a collector of such waste pursuant to clause (ii) shall not be disclosed by the county to any other person.

B. Any fee imposed by subsection A when combined with any other fee or charge for disposal of waste shall not exceed the actual cost incurred by the county in procuring, developing, maintaining, and improving its landfill and for such reserves as may be necessary for capping and closing such landfill in the future *or, in the case of Southampton County, such fee shall not exceed the costs and fees expended by the county in removing and disposing of solid waste.*

C. Any county which imposes the fee allowed under subsection A may enter into a contractual agreement with any water or heat, light, and power company or other corporation coming within the provisions of Chapter 26 (§ 58.1-2600 et seq.) of Title 58.1 except Appalachian Power Company ; ~~Shenandoah Valley Electric Cooperative, BARC Electric Cooperative and Powell Valley Electric Cooperative~~ and any cooperative formed under or subject to Article 1 (§ 56-231.15 et seq.) of Chapter 9.1 of Title 56 for the collection of such fee. The commission shall be provided for by ordinance, which shall set the rate not to exceed five percent of the amount of fees due and collected.

D. Accomack, Highland, Pittsylvania, *Southampton*, and Wise Counties have the following authority regarding collection of said fee:

1. To prorate said fee depending upon the period a resident or business is located in said county during the year of fee levy;
2. To levy penalty for late payment of fee as set forth in § 58.1-3916 of the Code of Virginia;
3. To levy interest on unpaid fees as set forth in § 58.1-3916 of the Code of Virginia;

E. ~~Pittsylvania County~~ and *Southampton Counties* may by ordinance provide an exemption from the fee for the disposal of solid waste to any veteran who has been rated by the U.S. Department of Veterans Affairs or its successor agency pursuant to federal law to have a 100 percent service-connected, permanent, and total disability in accordance with the standards set forth in § 58.1-3219.5.

CHAPTER 728

An Act to amend and reenact § 15.2-6403 of the Code of Virginia, relating to Virginia Regional Industrial Facilities Act; appointments.

[H 118]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-6403 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-6403. Board of the authority.

A. All powers, rights and duties conferred by this chapter, or other provisions of law, upon an authority shall be exercised by a board of directors. A board shall consist of two members for each member locality. The governing body of each member locality shall appoint two members to the board. Any person who is a resident of the *Commonwealth* ~~appointing member locality~~ may be appointed to the board. However, if an authority has only two member localities, the governing body of each locality may appoint three members each. However, in any instance in which the member localities are not equally contributing funding to the authority, and upon agreement by each member locality, the number of appointments to be made by each locality may be based upon the percentage of local funds contributed by each of the member localities. Each member of a board shall serve for a term of four years and may be reappointed for as many terms as the governing body desires. However, the board may elect to provide for staggered terms, in which case some members may draw an initial two-year term. If a vacancy occurs by reason of the death, disqualification or resignation of a board member, the governing body of the member locality that appointed the authority board member shall appoint a successor to fill the unexpired term.

However, with regard to any authority created by Planning Districts 10, 11, and 12, only members of the appointing governing body of each member locality shall be appointed to the board. In the event such board members feel it is necessary to have an odd number of members, they may establish a rotation system that will allow one locality to appoint one extra member to serve for up to two years. Each locality will, in turn, appoint such extra member. Once the cycle is completed, the rotation shall be repeated.

Each member locality may appoint up to two alternate board members. Alternates shall be selected in the same manner as board members, and may serve as an alternate for either board member from the member locality that appoints the

alternate. Alternates shall be appointed for terms that coincide with one or more of the board members from the member locality that appoints the alternate. If a board member is not present at a meeting of the authority, the alternate shall have all the voting and other rights of the board member not present and shall be counted for purposes of determining a quorum. Alternates are required to take an oath of office and are entitled to reimbursement for expenses in the same manner as board members.

B. Each member of a board shall, before entering upon the discharge of the duties of his office, take and subscribe to the oath prescribed in § 49-1. Members shall be reimbursed for actual expenses incurred in the performance of their duties from funds available to the authority.

C. A quorum shall exist when a majority of the member localities are represented by at least one member of the board. The affirmative vote of a quorum of the board shall be necessary for any action taken by the board. No vacancy in the membership of a board shall impair the right of a quorum to exercise all the rights and perform all the duties of the board. The board shall determine the times and places of its regular meetings, which may be adjourned or continued, without further public notice, from day to day or from time to time or from place to place, but not beyond the time fixed for the next regular meeting, until the business before the board is completed. Special meetings of a board shall be held when requested by members of the board representing two or more localities. Any such request for a special meeting shall be in writing, and the request shall specify the time and place of the meeting and the matters to be considered at the meeting. A reasonable effort shall be made to provide each member with notice of any special meeting. No matter not specified in the notice shall be considered at such special meeting unless all the members of the board are present. Special meetings may be adjourned or continued, without further public notice, from day to day or from time to time or from place to place, not beyond the time fixed for the next regular meeting, until the business before the board is completed.

D. Each board shall elect from its membership a chairman for each calendar year. The board may also appoint an executive director and staff who shall discharge such functions as may be directed by the board. The executive director and staff shall be paid from funds received by the authority.

E. Each board, promptly following the close of the fiscal year, shall submit an annual report of the authority's activities of the preceding year to the governing body of each member locality. Each such report shall set forth a complete operating and financial statement covering the operation of the authority during such year.

CHAPTER 729

An Act to amend and reenact § 58.1-322 of the Code of Virginia and to amend the Code of Virginia by adding in Title 55 a chapter numbered 32, consisting of sections numbered 55-555 through 55-559, relating to the establishment of first-time home buyer savings plans for the purchase of single-family residences; exempting the earnings on such plans from taxation.

This subtraction shall not apply to assets acquired with such items of income or with the proceeds from the sale of assets stolen from, hidden from or otherwise lost to, during World War II and its prelude and direct aftermath, a victim or target of Nazi persecution. The provisions of this subdivision shall only apply to an individual who was the first recipient of such items of income and who was a victim or target of Nazi persecution, or a spouse, widow, widower, or child or stepchild of such victim.

"Victim or target of Nazi persecution" means any individual persecuted or targeted for persecution by the Nazi regime who had assets stolen from, hidden from or otherwise lost as a result of any act or omission in any way relating to (i) the Holocaust; (ii) World War II and its prelude and direct aftermath; (iii) transactions with or actions of the Nazi regime; (iv) treatment of refugees fleeing Nazi persecution; or (v) the holding of such assets by entities or persons in the Swiss Confederation during World War II and its prelude and aftermath. 32. Effective for all taxable years beginning on or after January 1, 2007, the death benefit payments from an annuity contract that are received by a beneficiary of such contract provided that (i) the death benefit payment is made pursuant to an annuity contract with an insurance company and (ii) the death benefit payment is paid solely by lump sum. The subtraction under this subdivision shall be allowed only for that portion of the death benefit payment that is included in federal adjusted gross income.

33. For taxable years beginning on and after January 1, 2009, any gain recognized from the sale of launch services to space flight participants, as defined in 49 U.S.C. § 70102, or launch services intended to provide individuals the training or experience of a launch, without performing an actual launch. To qualify for a deduction under this subdivision, launch services must be performed in Virginia or originate from an airport or spaceport in Virginia.

34. For taxable years beginning on and after January 1, 2009, any gain recognized as a result of resupply services contracts for delivering payload, as defined in 49 U.S.C. § 70102, entered into with the Commercial Orbital Transportation Services division of the National Aeronautics and Space Administration or other space flight entity, as defined in § 8.01-227.8, and launched from an airport or spaceport in Virginia.

35. For taxable years beginning on or after January 1, 2011, any income taxed as a long-term capital gain for federal income tax purposes, or any income taxed as investment services partnership interest income (otherwise known as investment partnership carried interest income) for federal income tax purposes. To qualify for a subtraction under this subdivision, such income shall be attributable to an investment in a "qualified business," as defined in § 58.1-339.4, or in any other technology business approved by the Secretary of Technology, provided the business has its principal office or facility in the Commonwealth and less than \$3 million in annual revenues in the fiscal year prior to the investment. To qualify for a subtraction under this subdivision, the investment shall be made between the dates of April 1, 2010, and June 30, 2015. No taxpayer who has claimed a tax credit for an investment in a "qualified business" under § 58.1-339.4 shall be eligible for the subtraction under this subdivision for an investment in the same business.

36. *For taxable years beginning on and after January 1, 2014, any income of an account holder for the taxable year taxed as (i) a capital gain for federal income tax purposes attributable to such person's first-time home buyer savings account established pursuant to Chapter 32 (§ 55-555 et seq.) of Title 55 and (ii) interest income or other income for federal income tax purposes attributable to such person's first-time home buyer savings account.*

Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any subtraction taken under this subdivision shall be subject to recapture in the taxable year or years in which moneys or funds withdrawn from the first-time home buyer savings account were used for any purpose other than the payment of eligible costs by or on behalf of a qualified beneficiary, as provided under § 55-558. The amount subject to recapture shall be a portion of the amount withdrawn in the taxable year that was used for other than the payment of eligible costs, computed by multiplying the amount withdrawn and used for other than the payment of eligible costs by the ratio of the aggregate earnings in the account at the time of the withdrawal to the total balance in the account at such time.

However, recapture shall not apply to the extent of moneys or funds withdrawn that were (i) withdrawn by reason of the qualified beneficiary's death or disability, (ii) a disbursement of assets of the account pursuant to a filing for protection under the United States Bankruptcy Code, 11 U.S.C. §§ 101 through 1330, or (iii) transferred from an account established pursuant to Chapter 32 (§ 55-555 et seq.) of Title 55 into another account established pursuant to such chapter for the benefit of another qualified beneficiary.

For purposes of this subdivision, "account holder," "eligible costs," "first-time home buyer savings account," and "qualified beneficiary" mean the same as those terms are defined in § 55-555.

D. In computing Virginia taxable income there shall be deducted from Virginia adjusted gross income as defined in § 58.1-321:

1. a. The amount allowable for itemized deductions for federal income tax purposes where the taxpayer has elected for the taxable year to itemize deductions on his federal return, but reduced by the amount of income taxes imposed by the Commonwealth or any other taxing jurisdiction and deducted on such federal return and increased by an amount which, when added to the amount deducted under § 170 of the Internal Revenue Code for mileage, results in a mileage deduction at the state level for such purposes at a rate of 18 cents per mile; or

b. Three thousand dollars for single individuals and \$6,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return) for taxable years beginning on and after January 1, 2005; provided that the taxpayer has not itemized deductions for the taxable year on his federal income tax return. For purposes of this section, any person who may be claimed as a dependent on another taxpayer's return for the taxable year may compute the deduction only with respect to earned income.

2. a. A deduction in the amount of \$900 for taxable years beginning on and after January 1, 2005, but before January 1, 2008; and \$930 for taxable years beginning on and after January 1, 2008, for each personal exemption allowable to the taxpayer for federal income tax purposes.

b. For taxable years beginning on and after January 1, 1987, each blind or aged taxpayer as defined under § 63(f) of the Internal Revenue Code shall be entitled to an additional personal exemption in the amount of \$800.

The additional deduction for blind or aged taxpayers allowed under this subdivision shall be allowable regardless of whether the taxpayer itemizes deductions for the taxable year for federal income tax purposes.

3. A deduction equal to the amount of employment-related expenses upon which the federal credit is based under § 21 of the Internal Revenue Code for expenses for household and dependent care services necessary for gainful employment.

4. An additional \$1,000 deduction for each child residing for the entire taxable year in a home under permanent foster care placement as defined in § 63.2-908, provided the taxpayer can also claim the child as a personal exemption under § 151 of the Internal Revenue Code.

5. a. For taxable years beginning on and after January 1, 2004, a deduction in the amount of \$12,000 for individuals born on or before January 1, 1939.

b. For taxable years beginning on and after January 1, 2004, a deduction in the amount of \$12,000 for individuals born after January 1, 1939, who have attained the age of 65. This deduction shall be reduced by \$1 for every \$1 that the taxpayer's adjusted federal adjusted gross income exceeds \$50,000 for single taxpayers or \$75,000 for married taxpayers. For married taxpayers filing separately, the deduction will be reduced by \$1 for every \$1 the total combined adjusted federal adjusted gross income of both spouses exceeds \$75,000.

For the purposes of this subdivision, "adjusted federal adjusted gross income" means federal adjusted gross income minus any benefits received under Title II of the Social Security Act and other benefits subject to federal income taxation solely pursuant to § 86 of the Internal Revenue Code, as amended.

6. For taxable years beginning on and after January 1, 1997, the amount an individual pays as a fee for an initial screening to become a possible bone marrow donor, if (i) the individual is not reimbursed for such fee or (ii) the individual has not claimed a deduction for the payment of such fee on his federal income tax return.

A deduction shall be allowed to the purchaser or contributor for the amount paid or contributed during the taxable year for a prepaid tuition contract or savings trust account entered into with the Virginia College Savings Plan, pursuant to Chapter 4.9 (§ 23-38.75 et seq.) of Title 23. Except as provided in subdivision 7 c, the amount deducted on any individual income tax return in any taxable year shall be limited to \$4,000 per prepaid tuition contract or savings trust account. No deduction shall be allowed pursuant to this section if such payments or contributions are deducted on the purchaser's or contributor's federal income tax return. If the purchase price or annual contribution to a savings trust account exceeds \$4,000, the remainder may be carried forward and subtracted in future taxable years until the purchase price or savings trust contribution has been fully deducted; however, except as provided in subdivision 7 c, in no event shall the amount deducted in any taxable year exceed \$4,000 per contract or savings trust account. Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than (i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death, disability, or receipt of a scholarship. For the purposes of this subdivision, the term "purchaser" or "contributor" means the person shown as such on the records of the Virginia College Savings Plan as of December 31 of the taxable year. In the case of a transfer of ownership of a prepaid tuition contract or savings trust account, the transferee shall succeed to the transferor's tax attributes associated with a prepaid tuition contract or savings trust account, including, but not limited to, carryover and recapture of deductions.

b. The amount paid for a prepaid tuition contract during taxable years beginning on or after January 1, 1996, but before January 1, 1998, shall be deducted in taxable years beginning on or after January 1, 1998, and shall be subject to the limitations set out in subdivision 7 a.

c. A purchaser of a prepaid tuition contract or contributor to a savings trust account who has attained age 70 shall not be subject to the limitation that the amount of the deduction not exceed \$4,000 per prepaid tuition contract or savings trust account in any taxable year. Such taxpayer shall be allowed a deduction for the full amount paid for the contract or contributed to a savings trust account, less any amounts previously deducted.

8. For taxable years beginning on and after January 1, 2000, the total amount an individual actually contributed in funds to the Virginia Public School Construction Grants Program and Fund, established in Chapter 11.1 (§ 22.1-175.1 et seq.) of Title 22.1, provided the individual has not claimed a deduction for such amount on his federal income tax return.

9. For taxable years beginning on and after January 1, 1999, an amount equal to 20 percent of the tuition costs incurred by an individual employed as a primary or secondary school teacher licensed pursuant to Chapter 15 (§ 22.1-289.1 et seq.) of Title 22.1 to attend continuing teacher education courses that are required as a condition of employment; however, the deduction provided by this subsection shall be available only if (i) the individual is not reimbursed for such tuition costs and (ii) the individual has not claimed a deduction for the payment of such tuition costs on his federal income tax return.

10. For taxable years beginning on or after January 1, 2000, the amount an individual pays annually in premiums for long-term health care insurance, provided the individual has not claimed a deduction for federal income tax purposes, or, for taxable years beginning before January 1, 2014, a credit under § 58.1-339.11. For taxable years beginning on or after January 1, 2014, no such deduction for long-term health care insurance premiums paid by the individual during the taxable year shall be allowed if the individual has claimed a federal income tax deduction for such taxable year for long-term health care insurance premiums paid by him.

11. For taxable years beginning on and after January 1, 2006, contract payments to a producer of quota tobacco or a tobacco quota holder, or their spouses, as provided under the American Jobs Creation Act of 2004 (P.L. 108-357), but only to the extent that such payments have not been subtracted pursuant to subsection D of § 58.1-402, as follows:

a. If the payment is received in installment payments, then the recognized gain, including any gain recognized in taxable year 2005, may be subtracted in the taxable year immediately following the year in which the installment payment is received.

b. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

12. For taxable years beginning on and after January 1, 2007, an amount equal to 20 percent of the sum paid by an individual pursuant to Chapter 6 (§ 58.1-600 et seq.), not to exceed \$500 in each taxable year, in purchasing for his own use the following items of tangible personal property: (i) any clothes washers, room air conditioners, dishwashers, and standard size refrigerators that meet or exceed the applicable energy star efficiency requirements developed by the United States Environmental Protection Agency and the United States Department of Energy; (ii) any fuel cell that (a) generates electricity using an electrochemical process, (b) has an electricity-only generation efficiency greater than 35 percent, and (c) has a generating capacity of at least two kilowatts; (iii) any gas heat pump that has a coefficient of performance of at least 1.25 for heating and at least 0.70 for cooling; (iv) any electric heat pump hot water heater that yields an energy factor of at least 1.7; (v) any electric heat pump that has a heating system performance factor of at least 8.0 and a cooling seasonal energy efficiency ratio of at least 13.0; (vi) any central air conditioner that has a cooling seasonal energy efficiency ratio of at least 13.5; (vii) any advanced gas or oil water heater that has an energy factor of at least 0.65; (viii) any advanced oil-fired boiler with a minimum annual fuel-utilization rating of 85; (ix) any advanced oil-fired furnace with a minimum annual fuel-utilization rating of 85; and (x) programmable thermostats.

13. For taxable years beginning on or after January 1, 2007, the lesser of \$5,000 or the amount actually paid by a living donor of an organ or other living tissue for unreimbursed out-of-pocket expenses directly related to the donation that arose within 12 months of such donation, provided the donor has not taken a medical deduction in accordance with the provisions of § 213 of the Internal Revenue Code for such expenses. The deduction may be taken in the taxable year in which the donation is made or the taxable year in which the 12-month period expires.

14. For taxable years beginning on or after January 1, 2013, the amount an individual age 66 or older with earned income of at least \$20,000 for the year and federal adjusted gross income not in excess of \$30,000 for the year pays annually in premiums for (i) a prepaid funeral insurance policy covering the individual or (ii) medical or dental insurance for any person for whom individual tax filers may claim a deduction for such premiums under federal income tax laws. "Earned income" means the same as that term is defined in § 32(c) of the Internal Revenue Code of 1954, as amended or renumbered. The deduction shall not be allowed for any portion of such premiums paid for which the individual has (a) been reimbursed, (b) claimed a deduction for federal income tax purposes, (c) claimed a deduction or subtraction under another provision of this section, or (d) claimed a federal income tax credit or any income tax credit pursuant to this chapter.

E. There shall be added to or subtracted from federal adjusted gross income, as the case may be, the individual's share, as beneficiary of an estate or trust, of the Virginia fiduciary adjustment determined under § 58.1-361.

F. There shall be added or subtracted, as the case may be, the amounts provided in § 58.1-315 as transitional modifications.

Effective for all taxable years beginning on or after January 1, 2007, to the extent included in federal adjusted gross income, there shall be (i) subtracted from federal adjusted gross income by a shareholder of an electing small business corporation (S corporation) that is subject to the bank franchise tax imposed under Chapter 12 (§ 58.1-1200 et seq.) for the calendar year in which such taxable year begins, the shareholder's allocable share of the income or gain of such electing small business corporation (S corporation), and (ii) added back to federal adjusted gross income such that, federal adjusted gross income shall be increased, by a shareholder of an electing small business corporation (S corporation) that is subject to the bank franchise tax imposed under Chapter 12 (§ 58.1-1200 et seq.) for the calendar year in which such taxable year begins, the shareholder's allocable share of the losses or deductions of such electing small business corporation (S corporation).

Effective for all taxable years beginning on or after January 1, 2007, to the extent excluded from federal adjusted gross income, there shall be added to federal adjusted gross income by a shareholder of an electing small business corporation (S corporation) that is subject to the bank franchise tax imposed under Chapter 12 (§ 58.1-1200 et seq.) for the calendar year in which such taxable year begins, the value of any distribution paid or distributed to the shareholder by such electing small business corporation (S corporation).

H. Notwithstanding any other provision of law, the income from any disposition of real property which is held by the taxpayer for sale to customers in the ordinary course of the taxpayer's trade or business, as defined in § 453(l)(1)(B) of the Internal Revenue Code, of property made on or after January 1, 2009, may, at the election of the taxpayer, be recognized under the installment method described under § 453 of the Internal Revenue Code, provided that (i) the election relating to the dealer disposition of the property has been made on or before the due date prescribed by law (including extensions) for filing the taxpayer's return of the tax imposed under this chapter for the taxable year in which the disposition occurs, and (ii) the dealer disposition is in accordance with restrictions or conditions established by the Department, which shall be set forth in guidelines developed by the Department. Along with such restrictions or conditions, the guidelines shall also address the recapture of such income under certain circumstances. The development of the guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

CHAPTER 730

An Act to amend and reenact § 58.1-439.12:03 of the Code of Virginia, relating to income tax; motion picture production credit.

[H 460]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:**1. That § 58.1-439.12:03 of the Code of Virginia is amended and reenacted as follows:****§ 58.1-439.12:03. Motion picture production tax credit.**

A. For taxable years beginning on and after January 1, 2011, *but prior to January 1, 2019*, any motion picture production company with qualifying expenses of at least \$250,000 with respect to a motion picture production filmed in Virginia shall be allowed a refundable credit against the taxes imposed by § 58.1-320 or 58.1-400 in an amount equal to 15 percent of the production company's qualifying expenses or 20 percent of such expenses if the production is filmed in an economically distressed area of the Commonwealth. The Virginia Economic Development Partnership Authority shall designate which areas of the Commonwealth are deemed to be economically distressed areas. The credit shall be computed based on all of the taxpayer's qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year. The refundable tax credits allowed under this section are for one tax year only. Where a motion picture production continues for more than one year, a separate application for each tax year the production continues must be made. The grant of a refundable tax credit for a motion picture film production does not create a presumption that the production will receive a refundable tax credit for subsequent tax years. Effective on January 1, 2013, for purposes of eligibility for refundable tax credits, a motion picture film production shall include digital interactive media production.

"Qualifying expenses" means the sum of the following amounts spent in the Commonwealth by a production company in connection with the production of a motion picture filmed in the Commonwealth:

1. Goods and services leased or purchased. For goods with a purchase price of \$25,000 or more, the amount included in qualifying expenses is the purchase price less the fair market value of the good at the time the production is completed.

2. Compensation and wages, except in the case of each individual who directly or indirectly receives compensation in excess of \$1 million for personal services with respect to a single production. In such a case, only the first \$1 million of salary shall be considered a qualifying expense. An individual is deemed to receive compensation indirectly when a production company pays a personal service company or an employee leasing company that pays the individual.

B. 1. In addition to the refundable credit authorized under subsection A, such production company shall be allowed an additional refundable credit equal to 10 percent of the total aggregate payroll for Virginia residents employed in connection with the production of a film in the Commonwealth when total production costs in the Commonwealth are at least \$250,000 but not more than \$1 million. This additional credit shall be equal to 20 percent of the total aggregate payroll for Virginia residents employed in connection with such production when total production costs in the Commonwealth exceed \$1 million.

2. In addition to the credits authorized under subsection A and subdivision B 1, such production company shall be allowed an additional refundable credit equal to 10 percent of the total aggregate payroll for Virginia residents employed for the first time as actors or members of a production crew in connection with the production of a film in the Commonwealth.

C. 1. For purposes of this section, in the case of an episodic television series, an entire season of episodes shall be deemed to be one production.

2. No credit shall be allowed under this section for any production that (i) is political advertising, (ii) is a television production of a news program or live sporting event, (iii) contains obscene material, or (iv) is a reality television production.

D. 1. The issuance of refundable tax credits under this section shall be in accordance with procedures, qualifying criteria, and deadlines established by the Department and the Virginia Film Office. The qualifying criteria established by the Virginia Film Office shall take into account whether the production involves physical production within the Commonwealth of Virginia, the number of residents of Virginia that will be employed in the production and the level of compensation they will be paid, the extent to which the production will contribute to the support and expansion of existing production companies in Virginia, the extent to which the production will impact existing local businesses and the local economy, the extent to which the production will involve existing and new companies located in Virginia, and other relevant considerations. The taxpayer shall apply for a credit by submitting such forms as prescribed by the Virginia Film Office, prior to the start of production in Virginia.

2. Any taxpayer seeking credits under this section must enter into a memorandum of understanding with the Virginia Film Office that at a minimum provides the requirements that the taxpayer must meet in order to receive the credits, including but not limited to the estimated amount of money to be spent in Virginia, the timeline for completing production in Virginia, and the maximum amount of credits allocated to the taxpayer.

3. Once the taxpayer has satisfied all of the requirements in the memorandum of understanding to the satisfaction of the Virginia Film Office and completed production in Virginia, the taxpayer may claim the applicable amount of credits up to the amount that has been allocated by the Virginia Film Office on a return filed for the taxable year in which the Virginia

production activities are completed. The return must state the name of the production, provide a description of the production, and include a detailed accounting of the qualifying expenses with respect to which a credit is claimed.

E. A taxpayer allowed a credit under this section must maintain and make available for inspection any information or records required by the Tax Commissioner. The taxpayer has the burden of proving eligibility for a credit and the amount of the credit. The Tax Commissioner shall consult with the Virginia Film Office in order to determine the amount of qualifying expenses.

F. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company may be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

G. The total amount of credits allocated to all taxpayers under this section shall not exceed \$2.5 million in the 2010-2012 biennium, *\$5 million in the 2012-2014 biennium*, and ~~\$\$~~ \$6.5 million ~~in any biennium~~ in fiscal year 2015 and each fiscal year thereafter.

H. The Department of Taxation, in consultation with the Virginia Film Office, must publish by November 1 of each year for the 12-month period ending the preceding December 31 the following information:

1. Location of sites used in a production for which a credit was claimed;
2. Qualifying expenses for which a credit was claimed, classified by whether the expenses were for goods, services, or compensation paid by the production company;
3. Number of people employed in the Commonwealth with respect to credits claimed; and
4. Total cost to the Commonwealth's general fund of the credits claimed.

Notwithstanding any provision of § 58.1-3 or any other law, such information shall be published by the Department, even if such information is not classified, so as to prevent the identification of particular taxpayers, reports, or returns and items.

I. The Tax Commissioner shall develop guidelines implementing the provisions of this section, including but not limited to the definition of "qualifying expenses" and setting forth the recordkeeping requirements applicable to production companies claiming this credit. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

CHAPTER 731

An Act to amend and reenact § 15.2-905 of the Code of Virginia, relating to inoperable motor vehicles.

[H 701]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-905 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-905. Authority to restrict keeping of inoperable motor vehicles, etc., on residential or commercial property; removal of such vehicles.

A. The governing bodies of the Counties of Albemarle, Arlington, Fairfax, Henrico, Loudoun, *Prince George*, and Prince William; any town located, wholly or partly, in such counties; and the Cities of Alexandria, Fairfax, Falls Church, Hampton, *Hopewell*, Lynchburg, Manassas, Manassas Park, Newport News, Petersburg, Portsmouth, Roanoke, and Suffolk may by ordinance prohibit any person from keeping, except within a fully enclosed building or structure or otherwise shielded or screened from view, on any property zoned or used for residential purposes, or on any property zoned for commercial or agricultural purposes, any motor vehicle, trailer or semitrailer, as such are defined in § 46.2-100, which is inoperable.

The locality in addition may by ordinance limit the number of inoperable motor vehicles that any person may keep outside of a fully enclosed building or structure.

As used in this section, notwithstanding any other provision of law, general or special, "shielded or screened from view" means not visible by someone standing at ground level from outside of the property on which the subject vehicle is located.

As used in this section, an "inoperable motor vehicle" means any motor vehicle, trailer or semitrailer which is not in operating condition; or does not display valid license plates; or does not display an inspection decal that is valid or does display an inspection decal that has been expired for more than 60 days. The provisions of this section shall not apply to a licensed business that is regularly engaged in business as an automobile dealer, salvage dealer or scrap processor.

B. The locality may, by ordinance, further provide that the owners of property zoned or used for residential purposes, or zoned for commercial or agricultural purposes, shall, at such time or times as the governing body may prescribe, remove therefrom any inoperable motor vehicle that is not kept within a fully enclosed building or structure. The locality may remove the inoperable motor vehicle, whenever the owner of the premises, after reasonable notice, has failed to do so. Notwithstanding the other provisions of this subsection, if the owner of such vehicle can demonstrate that he is actively restoring or repairing the vehicle, and if it is shielded or screened from view, the vehicle and one additional inoperative motor vehicle that is shielded or screened from view and being used for the restoration or repair may remain on the property.

In the event the locality removes the inoperable motor vehicle, after having given such reasonable notice, it may dispose of the vehicle after giving additional notice to the owner of the premises. The cost of the removal and disposal may be charged to either the owner of the inoperable vehicle or the owner of the premises and the cost may be collected by the locality as taxes are collected. Every cost authorized by this section with which the owner of the premises has been assessed shall constitute a lien against the property from which the inoperable vehicle was removed, the lien to continue until actual payment of the cost has been made to the locality.

An Act to amend and reenact §§ 58.1-3660 and 58.1-3661 of the Code of Virginia, relating to certified pollution control equipment and facilities exempt from taxation; solar equipment.

[H 1239]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-3660 and 58.1-3661 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-3660. (Effective for tax years beginning on or after January 1, 2011) Certified pollution control equipment and facilities.

A. Certified pollution control equipment and facilities, as defined herein, are hereby declared to be a separate class of property and shall constitute a classification for local taxation separate from other such classification of real or personal property and such property. Certified pollution control equipment and facilities shall be exempt from state and local taxation pursuant to Article X, Section 6 (d) of the Constitution of Virginia.

B. As used in this section:

"Certified pollution control equipment and facilities" shall mean any property, including real or personal property, equipment, facilities, or devices, used primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth and which the state certifying authority having jurisdiction with respect to such property has certified to the Department of Taxation as having been constructed, reconstructed, erected, or acquired in conformity with the state program or requirements for abatement or control of water or atmospheric pollution or contamination. Such property shall include, but is not limited to, any equipment used to grind, chip, or mulch trees, tree stumps, underbrush, and other vegetative cover for reuse as mulch, compost, landfill gas, synthetic or natural gas recovered from waste or other fuel, and equipment used in collecting, processing, and distributing, or generating electricity from, landfill gas or synthetic or natural gas recovered from waste, whether or not such property has been certified to the Department of Taxation by a state certifying authority. *Such property shall also include solar energy equipment, facilities, or devices owned or operated by a business that collect, generate, transfer, or store thermal or electric energy whether or not such property has been certified to the Department of Taxation by a state certifying authority. For solar photovoltaic (electric energy) systems, this exemption applies only to projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity.* Such property shall not include the land on which such equipment or facilities are located.

"State certifying authority" shall mean the State Water Control Board, for water pollution; the State Air Pollution Control Board, for air pollution; the Department of Mines, Minerals and Energy, for coal, oil, and gas production, including gas, natural gas, and coalbed methane gas; and the Virginia Waste Management Board, for waste disposal facilities, natural gas recovered from waste facilities, and landfill gas production facilities, and shall include any interstate agency authorized to act in place of a certifying authority of the Commonwealth.

§ 58.1-3661. Certified solar energy equipment, facilities, or devices and certified recycling equipment, facilities, or devices.

A. Certified solar energy equipment, facilities, or devices and certified recycling equipment, facilities, or devices, as defined herein, are hereby declared to be a separate class of property and shall constitute a classification for local taxation separate from other classifications of real or personal property. The governing body of any county, city or town may, by ordinance, exempt or partially exempt such property from local taxation in the manner provided by subsection D.

B. As used in this section:

"Certified recycling equipment, facilities, or devices" means machinery and equipment which is certified by the Department of ~~Waste Management~~ *Environmental Quality* as integral to the recycling process and for use primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth, and used in manufacturing facilities or plant units which manufacture, process, compound, or produce for sale recyclable items of tangible personal property at fixed locations in the Commonwealth.

"Certified solar energy equipment, facilities, or devices" means any property, including real or personal property, equipment, facilities, or devices, *excluding any such property that is exempt under § 58.1-3660*, certified by the local certifying authority to be designed and used primarily for the purpose of ~~providing for the collection and use of incident solar energy for water heating, space heating or cooling or other application which would otherwise require a conventional source of energy such as petroleum products, natural gas, or electricity~~ *collecting, generating, transferring, or storing thermal or electric energy.*

"Local certifying authority" means the local building departments or the Department of ~~Waste Management Environmental Quality~~. The State Board of Housing and Community Development shall promulgate regulations setting forth criteria for certifiable solar energy equipment. The Department of ~~Waste Management Environmental Quality~~ shall promulgate regulations establishing criteria for recycling equipment, facilities, or devices.

C. Any person residing in a county, city or town which has adopted an ordinance pursuant to subsection A may proceed to have solar energy equipment, facilities, or devices certified as exempt, wholly or partially, from taxation by applying to the local building department. If, after examination of such equipment, facility, or device, the local building department determines that the unit primarily performs any of the functions set forth in subsection B and conforms to the requirements set by regulations of the Board of Housing and Community Development, such department shall approve and certify such application. The local department shall forthwith transmit to the local assessing officer those applications properly approved and certified by the local building department as meeting all requirements qualifying such equipment, facility, or device for exemption from taxation. Any person aggrieved by a decision of the local building department may appeal such decision to the local board of building code appeals, which may affirm or reverse such decision.

D. Upon receipt of the certificate from the local building department or the Department of ~~Waste Management Environmental Quality~~, the local assessing officer shall, if such local ordinance is in effect, proceed to determine the value of such qualifying solar energy equipment, facilities, or devices or certified recycling equipment, facilities, or devices. The exemption provided by this section shall be determined by applying the local tax rate to the value of such equipment, facilities, or devices and subtracting such amount, wholly or partially, either (i) from the total real property tax due on the real property to which such equipment, facilities, or devices are attached or (ii) if such equipment, facilities, or devices are taxable as machinery and tools under § 58.1-3507, from the total machinery and tools tax due on such equipment, facilities, or devices, at the election of the taxpayer. This exemption shall be effective beginning in the next succeeding tax year, and shall be permitted for a term of not less than five years. In the event the locality assesses real estate pursuant to § 58.1-3292, the exemption shall be first effective when such real estate is first assessed, but not prior to the date of such application for exemption.

E. It shall be presumed for purposes of the administration of ordinances pursuant to this section, and for no other purposes, that the value of such qualifying solar energy equipment, facilities, and devices is not less than the normal cost of purchasing and installing such equipment, facilities, and devices.

2. That the provisions of this act shall be effective for tax years beginning on or after January 1, 2015.

CHAPTER 739

An Act to amend and reenact § 19.2-169.1 of the Code of Virginia, relating to competency to stand trial; recommended treatment.

[S 357]

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-169.1 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-169.1. Raising question of competency to stand trial or plead; evaluation and determination of competency.

A. Raising competency issue; appointment of evaluators. - If, at any time after the attorney for the defendant has been retained or appointed and before the end of trial, the court finds, upon hearing evidence or representations of counsel for the defendant or the attorney for the Commonwealth, that there is probable cause to believe that the defendant, whether a juvenile transferred pursuant to § 16.1-269.1 or adult, lacks substantial capacity to understand the proceedings against him or to assist his attorney in his own defense, the court shall order that a competency evaluation be performed by at least one psychiatrist or clinical psychologist who is qualified by training and experience in forensic evaluation.

B. Location of evaluation. - The evaluation shall be performed on an outpatient basis at a mental health facility or in jail unless the court specifically finds that outpatient evaluation services are unavailable or unless the results of outpatient evaluation indicate that hospitalization of the defendant for evaluation on competency is necessary. If the court finds that hospitalization is necessary, the court, under authority of this subsection, may order the defendant sent to a hospital designated by the Commissioner of Behavioral Health and Developmental Services as appropriate for evaluations of persons under criminal charge. The defendant shall be hospitalized for such time as the director of the hospital deems necessary to perform an adequate evaluation of the defendant's competency, but not to exceed 30 days from the date of admission to the hospital.

C. Provision of information to evaluators. - The court shall require the attorney for the Commonwealth to provide to the evaluators appointed under subsection A any information relevant to the evaluation, including, but not limited to (i) a copy of the warrant or indictment; (ii) the names and addresses of the attorney for the Commonwealth, the attorney for the defendant, and the judge ordering the evaluation; (iii) information about the alleged crime; and (iv) a summary of the reasons for the evaluation request. The court shall require the attorney for the defendant to provide any available psychiatric records and other information that is deemed relevant. The court shall require that information be provided to the evaluator within 96 hours of the issuance of the court order pursuant to this section.

D. The competency report. - Upon completion of the evaluation, the evaluators shall promptly submit a report in writing to the court and the attorneys of record concerning (i) the defendant's capacity to understand the proceedings against him; (ii) his ability to assist his attorney; and (iii) his need for treatment in the event he is found incompetent but restorable, or incompetent for the foreseeable future. *If a need for restoration treatment is identified pursuant to clause (iii), the report shall state whether inpatient or outpatient treatment is recommended.* No statements of the defendant relating to the time period of the alleged offense shall be included in the report.

E. The competency determination. - After receiving the report described in subsection D, the court shall promptly determine whether the defendant is competent to stand trial. A hearing on the defendant's competency is not required unless one is requested by the attorney for the Commonwealth or the attorney for the defendant, or unless the court has reasonable cause to believe the defendant will be hospitalized under § 19.2-169.2. If a hearing is held, the party alleging that the defendant is incompetent shall bear the burden of proving by a preponderance of the evidence the defendant's incompetency. The defendant shall have the right to notice of the hearing, the right to counsel at the hearing and the right to personally participate in and introduce evidence at the hearing.

The fact that the defendant claims to be unable to remember the time period surrounding the alleged offense shall not, by itself, bar a finding of competency if the defendant otherwise understands the charges against him and can assist in his defense. Nor shall the fact that the defendant is under the influence of medication bar a finding of competency if the defendant is able to understand the charges against him and assist in his defense while medicated.

After such allocations are made, the Board may allocate each year up to 10 percent of the funds remaining for highway purposes for the undertaking and financing of rail projects that, in the Board's determination, will result in mitigation of highway congestion. After the foregoing allocations have been made, the Board shall allocate the remaining funds available for highway purposes, exclusive of federal funds for the interstate system, among the several highway systems for construction first pursuant to §§ 33.1-23.1:1 and 33.1-23.1:2 and then as follows:

The localities shall use such funds to address highway maintenance and repair needs created by or associated with port operations in those localities.

D. Notwithstanding the foregoing provisions of this section, the General Assembly may, through the general appropriations act, permit the Governor to increase the amounts to be allocated to highway maintenance, highway construction, either or both.

E. As used in this section:

"High priority projects" means those projects of regional or statewide significance identified by the Board that reduce congestion, increase safety, create jobs, or increase economic development.

CHAPTER 745

An Act to amend and reenact § 51.1-126 of the Code of Virginia, relating to optional retirement plans maintained by institutions of higher education.

[S 79]

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 51.1-126 of the Code of Virginia is amended and reenacted as follows:

§ 51.1-126. Employees of institutions of higher education.

For purposes of this section, "optional retirement plan" means a retirement plan covering the employee for retirement purposes other than the Virginia Retirement System defined benefit retirement plan established under this chapter or the hybrid retirement program described in § 51.1-169.

A. 1. The Board shall maintain an optional retirement plan covering employees engaged in the performance of teaching, administrative, or research duties with an institution of higher education and any institution of higher education is authorized to make contributions to such plan for the benefit of its employees participating in such plan. Except (i) as provided in subsection B for institutions of higher education that have established their own optional retirement plan and (ii) for employees described in subdivision A 2, every employee hired by an institution of higher education on or after July 1, 2003, engaged in the performance of teaching, administrative, or research duties shall make an irrevocable election to participate in either (a) the Virginia Retirement System defined benefit retirement plan established by this chapter until January 1, 2014, and thereafter, the hybrid retirement program described in § 51.1-169; or (b) an optional retirement plan maintained by the Board. Such election shall be exercised no later than 60 days from the time of the employee's entry upon the performance of his duties. If an election is not made within such 60 days, such employee shall be deemed to have elected to participate in the Virginia Retirement System defined benefit retirement plan or the hybrid retirement program described in § 51.1-169, as applicable.

2. Any employee (i) hired on or after July 1, 2003, by an institution of higher education engaged in the performance of teaching, administrative, or research duties; and (ii) who at the time of hiring is in continuous service in the performance of such teaching, administrative, or research duties shall participate in the optional retirement plan maintained by the Board if the most recent retirement plan covering the employee prior to such hiring was an optional retirement plan. If the most recent retirement plan covering the employee prior to such hiring was the Virginia Retirement System defined benefit retirement plan or the hybrid retirement program described in § 51.1-169, such person shall participate in such defined benefit retirement plan or such hybrid retirement program, as applicable, from the time of his entry upon the performance of his duties.

B. 1. Any institution of higher education, upon receipt of approval by the Board in writing, may establish and maintain its own optional retirement plan covering its employees who are engaged in the performance of teaching, administrative, or research duties. Upon such approval, such institution is authorized to make contributions to its own optional retirement plan for the benefit of its employees who elect to participate or who are required to participate in such plan as provided in this subsection.

2. Every employee, with the exception of employees described in subdivision B 3, (i) hired on or after July 1, 2003, by an institution of higher education that has established and is maintaining its own optional retirement plan pursuant to this subsection and (ii) engaged in the performance of teaching, administrative, or research duties shall make an irrevocable election to participate in either: (a) the Virginia Retirement System defined benefit retirement plan established by this chapter until January 1, 2014, and thereafter, the hybrid retirement program described in § 51.1-169, as applicable; or (b) such optional retirement plan of the institution of higher education. Such employee shall not be provided any election to participate in an optional retirement plan maintained by the Board.

The election shall be exercised no later than 60 days from the time of the employee's entry upon the performance of his duties. If an election is not made within such 60 days, such employee shall be deemed to have elected to participate in the Virginia Retirement System defined benefit retirement plan established by this chapter or the hybrid retirement program described in § 51.1-169, as applicable.

3. Any employee (i) hired on or after July 1, 2003, by an institution of higher education engaged in the performance of teaching, administrative, or research duties; and (ii) who at the time of hiring is in continuous service in the performance of such teaching, administrative, or research duties shall participate in the optional retirement plan established by the institution of higher education pursuant to this subsection if the most recent retirement plan covering the employee prior to such hiring was an optional retirement plan. If the most recent retirement plan covering the employee prior to such hiring was the Virginia Retirement System defined benefit retirement plan or the hybrid retirement program described in § 51.1-169, such person shall participate in such defined benefit retirement plan or such hybrid retirement program, as applicable, from the time of his entry upon the performance of his duties.

C. Any employee engaged in the performance of teaching, administrative, or research duties at an institution of higher education who was covered under an optional retirement plan for retirement purposes, other than the optional retirement plan established by such institution pursuant to subdivision B 1, shall, at the time such institution establishes its own optional retirement plan pursuant to subdivision B 1, automatically and immediately begin to participate in the optional retirement plan established pursuant to subdivision B 1, notwithstanding such employee's prior election to participate in a different optional retirement plan.

D. 1. Any administrative fee imposed pursuant to subdivision A 13 of § 51.1-124.22 upon any institution of higher education for administering and overseeing the institution's retirement plan established pursuant to subsection A shall be charged for each employee participating in such plan and shall be for costs incurred by the Retirement System that are directly related to the administration and oversight of such plan.

2. Each institution of higher education may charge and collect a reimbursement fee from each employee participating in the institution's retirement plan established pursuant to subsection A. The total amount charged and collected for such fee from all such employees for any year shall not exceed the total of the costs described in subdivision D 1 and charged to the institution for such year.

E. 1. No employee of an institution of higher education who is an active member in any plan maintained by the Board or established by an institution of higher education, pursuant to this section, shall also be an active member of the retirement system or beneficiary other than a contingent annuitant.

2. If a member of the optional retirement plan maintained under this section is at any time in service as an employee in a position covered for retirement purposes under the provisions of Chapters 1 (§ 51.1-124.1 et seq.), 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.), his benefit payments under the optional retirement plan maintained under this section shall be suspended while so employed; provided, however, reemployment shall have no effect on the payment under the optional plan maintained under this section if the benefits are being paid in an annuity form under an annuity contract purchased with the member's account balance.

F. 1. The contribution by the Commonwealth on behalf of an employee participating in an optional retirement plan maintained by the Board or on behalf of an employee participating in an optional retirement plan established by his institution of higher education under this section to such employee's retirement plan shall be (i) at least 8.5 percent but not in excess of 8.9 percent of creditable compensation for any person who becomes a member on or after July 1, 2010, and (ii) 10.4 percent of creditable compensation for all other employees. Any institution of higher education that elects a contribution in excess of 8.5 percent of creditable compensation for any employee described in clause (i) shall provide for the same percentage of creditable compensation as contributions for each of its employees described in clause (i) who participates in such optional retirement plan. The portion of the contribution in excess of 8.5 percent of creditable compensation pursuant to clause (i) shall not be funded from the general fund of the state treasury, but shall be paid by the institution of higher education from other funds. In addition, any person who becomes a member on or after July 1, 2010, shall, pursuant to procedures established by the Board, pay member contributions on a salary reduction basis in accordance with § 414(h) of the Internal Revenue Code, in an amount equal to five percent of his creditable compensation, to the optional retirement plan maintained by the Board on his behalf or the optional retirement plan established by his institution of higher education on his behalf, as applicable. Each employee making such member contribution shall be deemed to consent and agree to any salary reduction for purposes of the member contribution. Such member contributions shall be in addition to all contributions pursuant to clause (i). An institution of higher education may make an additional contribution for participants who, before January 1, 1991, exercised the election to participate in the plan provided by the institution employing them. Such additional contributions shall be made using funds other than general funds, tuition or fees, up to an additional 2.17 percent of creditable compensation.

2. ~~These~~ *The governing board of any institution of higher education that establishes its own optional retirement plan pursuant to this section may establish a policy regarding the number of years of service, or portion thereof, that an employee must perform before such employee shall be entitled to receive all contributions made on his behalf by the institution to the optional retirement plan. If an employee has less than the number of years of service, or portion thereof, established by the governing board at the time he ceases employment, other than by death or involuntary separation due to causes other than job performance or misconduct, as determined by the institution of higher education in its sole discretion, he shall not receive or be entitled to that portion of the contributions that was paid by the institution on his behalf for which he does not have the required service. The institution of higher education may establish a forfeiture account for such employer contributions forgone by the employee and may specify the uses of funds in the forfeiture account. The provisions of this subdivision shall apply only to any person who (i) becomes a participant in the institution of higher education's optional retirement plan on or after July 1, 2014, and (ii) is not an employee described under subdivision B 3. Any future change to a policy established by the governing board of an institution of higher education pursuant to this subdivision regarding the number of years of service required for an employee to receive all contributions made by the institution to the optional retirement plan shall apply only to new employees hired on or after the date of the change.*

3. *The contribution rates established pursuant to subdivision 1 shall be examined by the Board at least once every six years. The examination shall consider the salary peer group mean contribution as determined by the State Council of Higher Education and the Virginia Retirement System actuary, and, if deemed advisable, recommend a revision to the rate of contribution by the Commonwealth.*

G. With respect to any employee who elects pursuant to subsection A or B to participate in the Virginia Retirement System defined benefit retirement plan established by this chapter or the hybrid retirement program described in § 51.1-169, the institution of higher education shall collect and pay all employee and employer contributions to the Virginia Retirement System for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for such employees.

H. The Virginia Retirement System shall develop policies and procedures for the administration of the optional retirement plan it maintains. To assist the Virginia Retirement System in developing such policies and procedures, the Board may appoint an advisory committee of higher education employees to supply guidance in the process.

I. As a condition of the Board granting approval to an institution of higher education to establish its own optional retirement plan, the institution of higher education shall develop policies and procedures for the administration of such plan and shall submit such policies and procedures to the Board as part of the Board-approval process required under this section. In addition, an institution of higher education that is granted approval by the Board to establish its own optional retirement plan covering employees engaged in the performance of teaching, administrative, or research duties shall not adopt or implement policies and procedures that are substantially different from the policies and procedures approved by the

Board in the initial approval process unless the Board, in writing, approves such substantially different policies and procedures.

J. The Board shall establish guidelines for the employee elections referred to in subdivision B 2 and shall review and, if deemed advisable, recommend revisions to the contribution rates as described in subsection F. Except for the duties described in subsection I, the Board shall have no duties and responsibilities with respect to such plans established pursuant to subsection B.

CHAPTER 749

An Act to amend and reenact § 64.2-770 of the Code of Virginia, relating to trust directors; defenses to liability.

[S 345]

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 64.2-770 of the Code of Virginia is amended and reenacted as follows:

§ 64.2-770. Powers to direct.

A. While a trust is revocable, the trustee may follow a direction of the settlor that is contrary to the terms of the trust.

B. If (i) the terms of a trust ~~(+)~~ confer upon a person other than the settlor of a revocable trust power to direct certain actions of the trustee and (ii) subsection E does not apply, the trustee shall act in accordance with an exercise of the power unless the attempted exercise is manifestly contrary to the terms of the trust or the trustee knows the attempted exercise would constitute a serious breach of a fiduciary duty that the person holding the power owes to the beneficiaries of the trust.

C. The terms of a trust may confer upon a trustee or other person a power to direct the modification or termination of the trust.

D. A person, other than a beneficiary, who holds a power to direct is presumptively a fiduciary who, as such, is required to act in good faith with regard to the purposes of the trust and the interests of the beneficiaries. The holder of a power to direct is liable for any loss that results from breach of a fiduciary duty.

E. The provisions of this subsection shall apply if the settlor incorporates this subsection into the trust instrument by specific reference. The provisions of this subsection shall also apply if this subsection is incorporated into the trust instrument by a nonjudicial settlement agreement under § 64.2-709 by specific reference.

1. For the purpose of this subsection, a "trust director" means any person who is not a trustee and who has, pursuant to the governing instrument, a power to direct the trustee on any matter. No person shall be a "trust director" for purposes of this subsection merely by holding a general or limited power of appointment over the trust assets.

Notwithstanding anything in the trust instrument to the contrary, the trust director shall be deemed a fiduciary who, as such, is ~~(i)~~ required to act in good faith with regard to the purposes of the trust and the interests of the beneficiaries ~~and (ii)~~. *The trust director is liable for any loss that results from a breach of a the trust director's fiduciary duty. Unless the governing instrument provides otherwise, the trust director may assert defenses to liability on the same basis as a trustee serving under the governing instrument, other than defenses provided to the trustee under this subsection. Notwithstanding the foregoing, a term of a trust relieving a trust director of liability for breach of trust is unenforceable to the extent that it (i) relieves the trust director of liability for breach of trust committed in bad faith or with reckless indifference to the purposes of the trust or the interests of the beneficiaries or (ii) was inserted as the result of an abuse by the trust director of a fiduciary or confidential relationship to the settlor. An exculpatory term drafted or caused to be drafted by the trust director is invalid as an abuse of a fiduciary or confidential relationship unless the trust director proves that the existence and contents of the exculpatory term were adequately communicated to the settlor.*

2. A trustee who acts in accordance with a direction in the governing instrument that the trustee is to follow the trust director's direction or act only with the trust director's consent or direction shall not, other than in cases of willful misconduct or gross negligence on the part of the directed trustee, be liable for any loss resulting directly or indirectly from any act taken or not taken by the trustee (i) pursuant to the trust director's direction or (ii) as a result of the trust director's failure to direct, consent, or act, after receiving a request by the trustee for such direction, consent, or action.

3. A trustee shall not, except as otherwise expressly provided in the trust instrument, have any duty to (i) monitor the trust director's conduct; (ii) provide the trust director with information, other than material facts related to the trust administration expressly requested in writing by the trust director; (iii) inform or warn any beneficiary or third party that the trustee disagrees with any of the trust director's actions or directions; (iv) notify the trust director that the trustee disagrees with any of the trust director's actions or directions; (v) do anything to prevent the trust director from giving any direction or taking any action; or (vi) compel the trust director to redress its action or direction.

4. The actions of the trustee pertaining to matters within the scope of the authority of the trust director, including confirming that the trust director's directions have been carried out and recording and reporting actions taken pursuant to the trust director's direction, shall, absent clear and convincing evidence to the contrary, presumptively be considered administrative actions by the trustee and not be considered to constitute either monitoring the trust director's actions or participating in the actions of the trust director.

CHAPTER 750

An Act to amend and reenact § 32.1-325 of the Code of Virginia, relating to a deferred compensation plan for Medicaid program independent contractors.

[S 412]

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-325 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of \$3,500 for the individual and an amount not in excess of \$3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed \$5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations;

10. A provision for breast reconstructive surgery following the medically necessary removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

11. A provision for payment of medical assistance for annual pap smears;

12. A provision for payment of medical assistance services for prostheses following the medically necessary complete or partial removal of a breast for any medical reason;

13. A provision for payment of medical assistance which provides for payment for 48 hours of inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or nurse practitioner and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen;

16. A provision for payment of medical assistance for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over. The term "mammogram" means an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast;

17. A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions;

18. A provision for payment of medical assistance services for liver, heart and lung transplantation procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and application of the procedure in treatment of the specific condition have been clearly demonstrated to be medically effective and not experimental or investigational; (iii) prior authorization by the Department of Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant center where the surgery is proposed to be performed have been used by the transplant team or program to determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and social functioning in the activities of daily living;

19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations;

20. A provision for payment of medical assistance for custom ocular prostheses;

21. A provision for payment for medical assistance for infant hearing screenings and all necessary audiological examinations provided pursuant to § 32.1-64.1 using any technology approved by the United States Food and Drug Administration, and as recommended by the national Joint Committee on Infant Hearing in its most current position statement addressing early hearing detection and intervention programs. Such provision shall include payment for medical assistance for follow-up audiological examinations as recommended by a physician, physician assistant, nurse practitioner, or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss;

22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. This provision shall include an expedited eligibility determination for such women;

23. A provision for the coordinated administration, including outreach, enrollment, re-enrollment and services delivery, of medical assistance services provided to medically indigent children pursuant to this chapter, which shall be called Family Access to Medical Insurance Security (FAMIS) Plus and the FAMIS Plan program in § 32.1-351. A single application form shall be used to determine eligibility for both programs;

24. A provision, when authorized by and in compliance with federal law, to establish a public-private long-term care partnership program between the Commonwealth of Virginia and private insurance companies that shall be established through the filing of an amendment to the state plan for medical assistance services by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines; and

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3).

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in accordance with 42 C.F.R. § 488.400 et seq. "Enforcement of Compliance for Long-Term Care Facilities With Deficiencies."

6. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each recipient of medical assistance services, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide recipients such corrective information as may be required to electronically process a prescription claim.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with a provider who is or has been a principal in a professional or other corporation when such corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. Notwithstanding the provisions of § 51.1-600, an "employee" for purposes of Chapter 6 (§ 51.1-600 et seq.) of Title 51.1 shall include an independent contractor as described in this subdivision.*

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

2. That the provisions of this act shall become effective on January 1, 2015, and shall expire on January 1, 2020.

B. *Each registered navigator shall report to the Commission within 30 calendar days the following: (i) any action taken by the U.S. Department of Health and Human Services to decertify the navigator; (ii) upon conviction of a felony, the facts and circumstances surrounding that conviction; and (iii) the disposition of the matter of any administrative action taken against the navigator in another jurisdiction or by another governmental agency in the Commonwealth.*

§ 38.2-3459. Grounds for termination, placing on probation, revocation, or suspension of registration.

A. If the Commission determines that a registered navigator has violated this article, or any order or regulation adopted thereunder, after notice and opportunity to be heard, the Commission may impose a penalty in accordance with §§ 38.2-218 and 38.2-219 and place on probation, suspend, or revoke any individual's or entity's registration.

B. The registration of any navigator shall terminate immediately when such navigator becomes decertified by the U.S. Department of Health and Human Services, whether or not the Commission has been notified of such decertification.

§ 38.2-3460. Sufficiency of federal requirements; additional standards and qualifications for navigators.

The Commission may determine whether the standards and qualifications for navigators provided by 42 U.S.C. § 18031 and any regulations enacted thereunder are sufficient to ensure that navigators can perform the required duties. If the Commission determines that the standards and qualifications are insufficient, the Commission shall make a good faith effort to work in cooperation with the Secretary to propose improvements. If after a reasonable interval the Commission determines that the standards and qualifications remain insufficient, the Commission shall adopt regulations establishing additional standards and qualifications to ensure that navigators can perform their required duties.

CHAPTER 753

An Act to amend and reenact § 46.2-1702 of the Code of Virginia, relating to approval of driver education instructors by the Commissioner of the Department of Motor Vehicles.

[S 554]

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-1702 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-1702. Certification of driver education courses by Commissioner.

The Notwithstanding any other provision of law, the Commissioner shall have the authority to approve as a driver education course satisfying the requirements of § 46.2-334 any course which is offered by any driver training school licensed under the provisions of this chapter if he finds that the course is of comparable content and quality to that offered in the Commonwealth's public schools. In making such finding, the Commissioner shall not require that the instructors of any driver training school meet the certification requirements of teachers in the Commonwealth's public schools.

Any community college within the Virginia Community College System shall have the authority to offer the courses required by the Virginia Board of Education to become a certified driver education instructor in Virginia on a not-for-credit basis so long as the courses include the same content and curriculum required by the Department of Education, enabling individuals who complete those courses to then teach driver's education in Virginia driver education training schools upon official certification by the Department of Motor Vehicles. The Virginia Department of Education shall provide the curriculum, content, and other information regarding the courses required to become certified driver education instructors in Virginia to any community college within the Virginia Community College System. The content of each course must be accurate and rigorous and must meet the requirements for the Department of Education's Curriculum and Administrative Guide for Driver's Education, which includes the Board of Education's standards of learning.

The Commissioner shall have authority to approve any driver education course offered by any Class A licensee if he finds the course meets the requirements for such courses as set forth in this chapter and as otherwise established by the Department. Driver education courses offered by any Class B licensee shall be based on the driver education curriculum currently approved by the Department of Education and the Department.

The Commissioner may accept 20 years' service with the Virginia Department of State Police by a person who retired or resigned while in good standing from such Department in lieu of requirements established by the Department of Education for instructor qualification.

Any services for which a college partnership laboratory school contracts with a school board or institution of higher education shall not exceed the school division's or institution's costs to provide such services.

D. A college partnership laboratory school shall not charge tuition for courses required for high school graduation. However, (i) tuition may be charged for courses for which the student receives college credit and for enrichment courses that are not required to earn a Board of Education approved high school diploma, and (ii) *for college partnership laboratory schools that form a collaborative partnership, in accordance with subsection F, with one or more public school divisions, the school board of the partnering school division that administers student enrollment in accordance with subsection A may charge tuition in accordance with § 22.1-5 for students who do not reside within the partnering school division.*

CHAPTER 756

An Act to amend and reenact §§ 67-201 and 67-202 of the Code of Virginia, relating to the Virginia Energy Plan; analysis of effects of carbon dioxide emission control requirements; periodic interim updates.

[S 615]

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 67-201 and 67-202 of the Code of Virginia are amended and reenacted as follows:

§ 67-201. Development of the Virginia Energy Plan.

A. The Division, in consultation with the State Corporation Commission, the Department of Environmental Quality, and the Center for Coal and Energy Research, shall prepare a comprehensive Virginia Energy Plan covering a 10-year period. The Plan shall propose actions, consistent with the objectives enumerated in § 67-101, that will implement the Commonwealth Energy Policy set forth in § 67-102.

B. In addition, the Plan shall include:

1. Projections of energy consumption in the Commonwealth, including but not limited to the use of fuel sources and costs of electricity, natural gas, gasoline, coal, renewable resources, and other forms of energy resources used in the Commonwealth;

2. An analysis of the adequacy of electricity generation, transmission, and distribution resources in the Commonwealth for the natural gas and electric industries, and how regional generation, transmission, and distribution resources affect the Commonwealth;

3. An analysis of siting requirements for electric generation resources and natural gas and electric transmission and distribution resources;

4. An analysis of fuel diversity for electricity generation, recognizing the importance of flexibility in meeting future capacity needs;

5. An analysis of the efficient use of energy resources and conservation initiatives;

6. An analysis of how these Virginia-specific issues relate to regional initiatives to assure the adequacy of fuel production, generation, transmission, and distribution assets;

7. An analysis of siting of energy resource development, refining or transmission facilities to identify any disproportionate adverse impact of such activities on economically disadvantaged or minority communities; ~~and~~

8. *With regard to any regulations proposed or promulgated by the U.S. Environmental Protection Agency to reduce carbon dioxide emissions from fossil fuel-fired electric generating units under § 111(d) of the Clean Air Act, 42 U.S.C. § 7411(d), an analysis of (i) the costs to and benefits for energy producers and electric utility customers; (ii) the effect on energy markets and reliability; and (iii) the commercial availability of technology required to comply with such regulations; and*

~~8.~~ 9. Recommendations, based on the analyses completed under subdivisions 1 through 7 8, for legislative, regulatory, and other public and private actions to implement the elements of the Commonwealth Energy Policy.

C. In preparing the Plan, the Division and other agencies involved in the planning process shall utilize state geographic information systems, to the extent deemed practicable, to assess how recommendations in the plan may affect pristine natural areas and other significant onshore natural resources.

D. In preparing the Plan, the Division and other agencies involved in the planning process shall develop a system for ascribing numerical scores to parcels of real property based on the extent to which the parcels are suitable for the siting of a wind energy facility or solar energy facility. For wind energy facilities, the scoring system shall address the wind velocity, sustained velocity, turbulence, proximity to electric power transmission systems, potential impacts to natural and historic resources and to economically disadvantaged or minority communities, and compatibility with the local land use plan. For solar energy facilities, the scoring system shall address the parcel's proximity to electric power transmission lines, potential impacts of such a facility to natural and historic resources and to economically disadvantaged or minority communities, and compatibility with the local land use plan. The system developed pursuant to this section shall allow the suitability of the parcel for the siting of a wind energy facility or solar energy facility to be compared to the suitability of other parcels so scored, and shall be based on a scale that allows the suitability of the parcel for the siting of a such an energy facility to be measured against the hypothetical score of an ideal location for such a facility.

E. After July 1, 2007, upon receipt by the Division of a recommendation from the Department of General Services, a local governing body, or the parcel's owner that a parcel of real property is a potentially suitable location for a wind energy facility or solar energy facility, the Division shall analyze the suitability of the parcel for the location of such a facility. In conducting its analysis, the Division shall ascribe a numerical score to the parcel using the scoring system developed pursuant to subsection D.

§ 67-202. Schedule.

A. The Division shall complete the Plan by July 1, 2007.

B. Prior to completion of the Plan and updates thereof, the Division shall present drafts to, and consult with, the Coal and Energy Commission and the Commission on Electric Utility Regulation.

C. The Plan shall be updated by the Division and submitted as provided in § 67-203 by July 1, 2010, *October 1, 2014*, and every ~~four years~~ *fourth October 1* thereafter. *In addition, the Division shall provide interim updates on the Plan by October 1 of the third year of each administration.* Updated reports shall reassess goals for energy conservation based on progress to date in meeting the goals in the previous plan and lessons learned from attempts to meet such goals.

D. *Beginning with the Plan update in 2014, the Division shall include a section to set forth energy policy positions relevant to any potential regulations proposed or promulgated by the State Air Pollution Control Board to reduce carbon dioxide emissions from fossil fuel-fired electric generating units under § 111(d) of the Clean Air Act, 42 U.S.C. § 7411(d). In this section of the Plan, the Division shall address policy options for establishing separate standards of performance pursuant to § 111(d) of the Clean Air Act, 42 U.S.C. § 7411(d), for carbon dioxide emissions from existing fossil fuel-fired electric generating units to promote the Plan's overall goal of fuel diversity as follows:*

1. *The Plan shall address policy options for establishing the standards of performance for existing coal-fired electric generating units, including but not limited to the following factors:*

a. *The most suitable system of emission reduction that (i) takes into consideration (a) the cost and benefit of achieving such reduction, (b) any non-air quality health and environmental impacts, and (c) the energy requirements of the Commonwealth and (ii) has been adequately demonstrated for coal-fired electric generating units that are subject to the standard of performance;*

b. *Reductions in emissions of carbon dioxide that can be achieved through measures reasonably undertaken at each coal-fired electric generating unit; and*

c. *Increased efficiencies and other measures that can be implemented at each coal-fired electric generating unit to reduce carbon dioxide emissions from the unit without converting from coal to other fuels, co-firing other fuels with coal, or limiting the utilization of the unit.*

2. *The Plan shall also address policy options for establishing the standards of performance for existing gas-fired electric generating units, including but not limited to the following factors:*

a. *The application of the criteria specified in subdivisions 1 a and b to natural gas-fired electric generating units, instead of to coal-fired electric generating units; and*

b. *Increased efficiencies and other measures that can be reasonably implemented at the unit to reduce carbon dioxide emissions from the unit without switching from natural gas to other lower-carbon fuels or limiting the utilization of the unit.*

3. *The Plan shall examine policy options for state regulatory action to adopt less stringent standards or longer compliance schedules than those provided for in applicable federal rules or guidelines based on analysis of the following:*

a. *Consumer impacts, including any disproportionate impacts of energy price increases on lower-income populations;*

b. *Unreasonable cost of reducing emissions resulting from plant age, location, or basic process design;*

c. *Physical difficulties with or impossibility of implementing emission reduction measures;*

d. *The absolute cost of applying the performance standard to the unit;*

e. *The expected remaining useful life of the unit;*

f. *The economic impacts of closing the unit, including expected job losses, if the unit is unable to comply with the performance standard; and*

g. *Any other factors specific to the unit that make application of a less stringent standard or longer compliance schedule more reasonable.*

4. The Plan shall identify options, to the maximum extent permissible, for any federally required regulation of carbon dioxide emissions from existing fossil fuel-fired electric generating units, regulatory mechanisms that provide flexibility in complying with such standards, including the averaging of emissions, emissions trading, or other alternative implementation measures that are determined to further the interests of the Commonwealth and its citizens.

CHAPTER 757

[H 46]

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-3219.5, 58.1-3219.7, and 58.1-3360 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Chapter 32 of Title 58.1 an article numbered 2.4, consisting of sections numbered 58.1-3219.9 through 58.1-3219.12, as follows:

§ 58.1-3219.5. Exemption from taxes on property for disabled veterans.

A. Pursuant to ~~Article X, Section 6-A~~ subdivision (a) of Section 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2011, the General Assembly hereby exempts from taxation the real property, including the joint real property of husband and wife, of any veteran who has been rated by the U.S. Department of Veterans Affairs or its successor agency pursuant to federal law to have a 100 percent service-connected, permanent, and total disability, and who occupies the real property as his principal place of residence. If the veteran's disability rating occurs after January 1, 2011, and he has a qualified primary residence on the date of the rating, then the exemption for him under this section begins on the date of such rating. However, no county, city, or town shall be liable for any interest on any refund due to the veteran for taxes paid prior to the veteran's filing of the affidavit or written statement required by § 58.1-3219.6. If the qualified veteran acquires the property after January 1, 2011, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. The surviving spouse of a veteran eligible for the exemption set forth in this article shall also qualify for the exemption, so long as the death of the veteran occurs on or after January 1, 2011, the surviving spouse does not remarry, and the surviving spouse continues to occupy the real property as his principal place of residence.

C. A county, city, or town shall provide for the exemption from real property taxes the qualifying dwelling pursuant to this section, and shall provide for the exemption from real property taxes the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section.

D. For purposes of this exemption, real property of any veteran includes real property (i) held by a veteran alone or in conjunction with the veteran's spouse as tenant or tenants for life or joint lives, (ii) held in a revocable inter vivos trust over which the veteran or the veteran and his spouse hold the power of revocation, or (iii) held in an irrevocable trust under which a veteran alone or in conjunction with his spouse possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

The exemption for a surviving spouse under subsection B includes real property (a) held by the veteran's spouse as tenant for life, (b) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (c) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. The exemption does not apply to any interest held under a leasehold or term of years.

E. 1. In the event that (i) a person is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection D and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the number of people who are qualified for the exemption pursuant to this section and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the primary residence is jointly owned by two or more individuals, not all of whom qualify for the exemption pursuant to subsection A or B, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection D, then the exemption shall be prorated by multiplying the amount of the exemption or deferral by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by all such joint owners who qualify for the exemption pursuant to subsections A and B, and as a denominator, 100 percent.

§ 58.1-3219.7. Commissioner of the Department of Veterans Services; rules and regulations; appeal.

A. The Commissioner of the Department of Veterans Services shall promulgate rules and regulations governing the administration and implementation of the property tax exemption under this article. Such rules and regulations shall include, but not be limited to, written guidance for veterans residing in the Commonwealth and for commissioners of the revenue or other assessing officers relating to the determination of eligibility for the property tax exemption under this article and procedures for appealing a decision of the Commissioner of the Department of Veterans Services to a circuit court pursuant to subsection B. The Commissioner of the Department of Veterans Services may also provide written guidance to, and respond to requests for information from, veterans residing in the Commonwealth and commissioners of the revenue or other assessing officers regarding the exemption under this article, including interpretation of the provisions of ~~Article X, Section 6-A~~ subdivision (a) of Section 6-A of Article X of the Constitution of Virginia and this article.

B. The Commissioner of the Department of Veterans Services shall hear and decide appeals by veterans residing in the Commonwealth from a denial of their application pursuant to § 58.1-3219.6 by a commissioner of the revenue or other assessing officer. However, such appeal shall be limited to appeals based upon a finding of fact regarding eligibility criteria set forth in ~~Article X, Section 6-A~~ subdivision (a) of Section 6-A of Article X of the Constitution of Virginia and this article. The Commissioner of the Department of Veterans Services shall not be authorized to hear or decide appeals regarding a dispute over the assessed value of any property. Nothing in this section shall be construed to limit the appeal of a decision of the Commissioner of the Department of Veterans Services by either party to the circuit court in the locality in which the veteran resides.

Article 2.4.

Exemption for Surviving Spouses of Members of the Armed Forces Killed in Action.

§ 58.1-3219.9. Exemption from taxes on property of surviving spouses of members of the armed forces killed in action.

A. Pursuant to subdivision (b) of Section 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2015, the General Assembly hereby exempts from taxation the real property described in subsection B of the surviving spouse (i) of any member of the armed forces of the United States who was killed in action as determined by the United States Department of Defense and (ii) who occupies the real property as his principal place of residence. If such member of the armed forces of the United States is killed in action after January 1, 2015, and the surviving spouse has a qualified principal residence on the date that such member of the armed forces is killed in action, then the exemption for the surviving spouse shall begin on the date that such member of the armed forces is killed in action. However, no county, city, or town shall be liable for any interest on any refund due to the surviving spouse for taxes paid prior to the surviving spouse's filing of the affidavit or written statement required by § 58.1-3219.10. If the surviving spouse acquires the property after January 1, 2015, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. Only those dwellings in the locality with assessed values in the most recently ended tax year that are not in excess of the average assessed value for such year of a dwelling situated on property that is zoned as single family residential shall qualify for the exemption under this article. Single family homes, condominiums, town homes, and other types of dwellings of surviving spouses that (i) meet this requirement and (ii) are occupied by such persons as their principal place of residence shall qualify for the real property tax exemption.

For purposes of determining whether a dwelling is exempt from county and town real property taxes, the average assessed value shall be such average for all dwellings located within the county that are situated on property zoned as single family residential.

C. The surviving spouse of a member of the armed forces killed in action shall qualify for the exemption so long as the surviving spouse does not remarry and continues to occupy the real property as his principal place of residence.

D. A county, city, or town shall provide for the exemption from real property taxes (i) the qualifying dwelling and (ii) the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section.

E. For purposes of this exemption, real property of any surviving spouse of a member of the armed forces killed in action includes real property (i) held by a surviving spouse as a tenant for life, (ii) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (iii) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

F. 1. In the event that (i) a surviving spouse is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the number of surviving spouses who are qualified for the exemption pursuant to this section and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the principal residence is jointly owned by two or more individuals, not all of whom qualify for the exemption, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E, then the exemption shall be prorated by multiplying the amount of the exemption by a

fraction that has as a numerator the percentage of ownership interest in the dwelling held by all such joint owners who qualify for the exemption, and as a denominator, 100 percent.

§ 58.1-3219.10. Application for exemption.

A. The surviving spouse claiming the exemption under this article shall file with the commissioner of the revenue of the county, city, or town or such other officer as may be designated by the governing body in which the real property is located, on forms to be supplied by the county, city, or town, an affidavit or written statement (i) setting forth the surviving spouse's name, (ii) indicating any other joint owners of the real property, and (iii) certifying that the real property is occupied as the surviving spouse's principal place of residence. The surviving spouse shall also provide documentation from the United States Department of Defense or its successor agency indicating the date that the member of the armed forces of the United States was killed in action.

The surviving spouse shall be required to refile the information required by this section only if the surviving spouse's principal place of residence changes.

B. The surviving spouse shall promptly notify the commissioner of the revenue of any remarriage.

§ 58.1-3219.11. Commissioner of the Department of Veterans Services; rules and regulations.

The Commissioner of the Department of Veterans Services shall promulgate rules and regulations governing the administration and implementation of the property tax exemption under this article. Such rules and regulations shall include, but not be limited to, written guidance for surviving spouses residing in the Commonwealth and for commissioners of the revenue or other assessing officers relating to the determination of eligibility for the property tax exemption under this article. The Commissioner of the Department of Veterans Services may also provide written guidance to, and respond to requests for information from, surviving spouses residing in the Commonwealth and commissioners of the revenue or other assessing officers regarding the exemption under this article, including interpretation of the provisions of subdivision (b) of Section 6-A of Article X of the Constitution of Virginia and this article.

§ 58.1-3219.12. Absence from residence.

The fact that surviving spouses who are otherwise qualified for tax exemption pursuant to this article are residing in hospitals, nursing homes, convalescent homes, or other facilities for physical or mental care for extended periods of time shall not be construed to mean that the real estate for which tax exemption is sought does not continue to be the sole dwelling of such persons during such extended periods of other residence so long as such real estate is not used by or leased to others for consideration.

§ 58.1-3360. Credit on current year's taxes when land acquired by United States, the Commonwealth, a political subdivision, a church or religious body, a disabled veteran, or a surviving spouse of a member of the armed forces who was killed in action.

Any taxpayer whose lands, or any portion thereof, are in any year acquired or taken in any manner by the United States; the Commonwealth; a political subdivision; a church or religious body, which is exempt from taxation by Article X, Section 6 of the Constitution of Virginia; a surviving spouse of a member of the armed forces of the United States who was killed in action for that portion of the property that is exempt under § 58.1-3219.9; or a disabled veteran for that portion of the property that is exempt from taxation pursuant to § 58.1-3219.5, shall be relieved from the payment of taxes and levies from the date of divestment of such land for that portion of the year in which the property was taken or acquired. The county treasurers as to land situated in counties and the city treasurers and city collectors as to lands situated in cities shall receive from and receipt to the original owner of the lands so taken, for his proportionate part of the taxes and levies for the year and credit the payment on the tax tickets and shall return at the same time he makes his return of lands and lots improperly assessed, as required by law, the proportional part of the taxes and levies exonerated from taxation for any such year, indicating on the margin of the list the date on which the property was acquired by the government or religious body. Such list, when approved by the proper authorities, shall be considered as a credit to any such treasurer or collector in the settlement of the accounts for such year.

2. That the provisions of the first enactment of this act shall become effective on January 1, 2015, if a majority of those voting on the question in the third enactment of this act vote in the affirmative.

3. § 1. It shall be the duty of the officers conducting the election directed by law to be held on the Tuesday after the first Monday in November 2014, at the places appointed for holding the same, to open a poll and take the sense of the qualified voters upon the ratification or rejection of the proposed amendment to the Constitution of Virginia, contained herein and in the joint resolution proposing such amendment, to wit:

Amend Section 6-A of Article X of the Constitution of Virginia as follows:

The General Assembly shall also provide this exemption from taxation for real property owned by the surviving spouse of a veteran who was eligible for the exemption provided in this

The exemption under this subdivision shall cease if the surviving spouse remarries and shall not be claimed thereafter. This exemption applies regardless of whether the spouse was killed in action prior to the effective date of this subdivision, but the exemption shall not be applicable for any period of time prior to the effective date. This exemption applies to the surviving spouse's principal place of residence without any restriction on the spouse's moving to a different principal place of residence and without any requirement that the spouse reside in the Commonwealth at the time of death of the member of the armed forces.*

§ 2. The ballot shall contain the following question:

"Question: Shall Section 6-A of Article X (Taxation and Finance) of the Constitution of Virginia be amended to allow the General Assembly to exempt from taxation the real property of the surviving spouse of any member of the armed forces of the United States who was killed in action, where the surviving spouse occupies the real property as his or her principal place of residence and has not remarried?"

The electoral board of each county and city shall make out, certify and forward an abstract of the votes cast for and against such proposed amendment in the manner now prescribed by law in relation to votes cast in general elections.

The State Board of Elections shall open and canvass such abstracts and examine and report the whole number of votes cast at the election for and against such amendment in the manner now prescribed by law in relation to votes cast in general elections. The State Board of Elections shall record a certified copy of such report in its office and without delay make out and transmit to the Governor an official copy of such report, certified by it. The Governor shall without delay make proclamation of the result, stating therein the aggregate vote for and against the amendment.

If a majority of those voting vote in favor of the amendment, it shall become effective on January 1, 2015.

The expenses incurred in conducting this election shall be defrayed as in the case of election of members of the General Assembly.

[H 167]

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-1617 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-1617. One-stop small business permitting program.

B. There is created within the Department the comprehensive permitting program (the Program). The Program is established to serve as a single access point to aid entrepreneurs in filling out the various permit applications associated with establishing a small business in Virginia. The Program in no way supersedes or supplants any regulatory authority granted to any state agency with permits covered by this section. As part of the Program, the Department shall coordinate with the regulatory agency, and the regulatory agency shall determine, consistent with applicable law, what types of permits are appropriate for inclusion in the Program as well as the rules governing the submission of and payment for those permits. The website of the Department shall provide access to information regarding the Program. The Department shall have the power and duty to:

1. Create a comprehensive application that will allow an entrepreneur, or an agent thereof, seeking to establish a small business, to create accounts that will allow them to acquire the appropriate permits required in the Commonwealth. The comprehensive application shall:

a. Allow the business owner to choose a business type and to provide common information, such as name, address, and telephone number, on the front page, eliminating the need to repeatedly provide common information on each permit application;

b. Allow the business owner to preview and answer questions related to the operation of the business;

c. Provide business owners with a customized to-do agency checklist, which checklist shall provide the permit applications pertinent to each business type and provide the rules, regulations, and general laws applicable to each business type as well as local licensing information;

d. Allow the business owner to submit permit applications by electronic means as authorized by § 59.1-496 and to affix thereto his electronic signature as defined in § 59.1-480;

e. Allow the business owner to check on the status of applications online and to receive information from the permitting agencies electronically; and

f. Allow a business owner to submit electronic payment of application or permitting fees for applications that have been accepted by the permitting agency.

2. Develop and administer a computerized system program capable of storing, retrieving, and exchanging permit information while protecting the confidentiality of information submitted to the Department to the extent allowable by law. Information submitted to the Department shall be subject to the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) as the same would apply were the information submitted directly to the Department or to any permitting agency.

3. Issue and renew comprehensive permits in an efficient manner.

4. Identify the types of permits appropriate for inclusion in the Program. The Department shall coordinate with the regulatory agency, and the regulatory agency shall determine, consistent with applicable law, what types of permits are appropriate for inclusion in the Program.

5. Incorporate permits into the Program.

6. Do all acts necessary or convenient to carry out the purposes of this chapter.

C. The Business Permitting Center shall compile information regarding the regulatory programs associated with each of the permits obtainable under the Program. This information shall include, at a minimum, a listing of the statutes and administrative rules requiring the permits and pertaining to the regulatory programs that are directly related to the permit. The Center shall provide information governed by this section to any person requesting it. Materials used by the Center to describe the services provided by the Center shall indicate that this information is available upon request.

D. Each state agency shall cooperate and provide reasonable assistance to the Department in the implementation of this section.

E. ~~By June 30, 2018, the~~ *The State Corporation Commission and the Department of Small Business and Supplier Diversity shall:*

1. By December 1, 2014, implement a hyperlink from the State Corporation Commission's eFile system to the Center that will facilitate the collection by the Center of a user's information to populate any forms that will be required to be completed at a future date, to the end that the user will not be required unnecessarily to reenter data or information into the forms when the user is accessing the Center; and

2. By June 30, 2018, fully integrate processes and forms into the Center and shall process all forms within 48 business hours from the time the applicant submits the form electronically.

The State Corporation Commission and the Center shall report on progress and any barriers to completion of the provisions of subdivision 1 biannually, on each December 1 and June 1, to the Governor, the Secretary of Commerce and Trade, the Secretary of Technology, and the chairs of the Senate Committees on Finance, General Laws and Technology, and Commerce and Labor and of the House Committees on Appropriations and Commerce and Labor.

F. Any person requiring permits that have been incorporated into the Program may submit a comprehensive application to the Department requesting the issuance of the permits. The comprehensive application form shall contain in consolidated form information necessary for the issuance of the permits.

G. The applicant, if not a veteran, shall include with the application the handling fee established by the Department. An applicant who is a veteran shall be exempt from payment of the handling fee prescribed by this subsection. The amount of the handling fee assessed against the applicant shall be set by the Department at a level necessary to cover the costs of administering the comprehensive permitting program.

H. The authority for approving the issuance and renewal of any requested permit that requires investigation, inspection, testing, or other judgmental review by the regulatory agency otherwise legally authorized to issue the permit shall remain with that agency. The Center may issue those permits for which proper fee payment and a completed application form have been received and for which no approval action is required by the regulatory agency.

I. Upon receipt of the application, and proper fee payment for any permit for which issuance is subject to regulatory agency action under subsection H, the Department shall immediately notify the State Corporation Commission or the regulatory agency with authority to approve the permit issuance or renewal requested by the applicant. The State Corporation Commission or the regulatory agency shall advise the Department within a reasonable time after receiving the notice of one of the following:

1. That the State Corporation Commission or the regulatory agency approves the issuance of the requested permit and will advise the applicant of any specific conditions required for issuing the permit;

2. That the State Corporation Commission or the regulatory agency denies the issuance of the permit and gives the applicant reasons for the denial;

3. That the application is pending; or

4. That the application is incomplete and further information from or action by the applicant is necessary.

J. The Department shall issue a comprehensive permit endorsed for all the approved permits to the applicant and advise the applicant of the status of other requested permits. The applicant shall be responsible for contesting any decision regarding conditions imposed or permits denied through the normal process established by statute or by the State Corporation Commission or the regulatory agency with the authority for approving the issuance of the permit.

K. Regulatory agencies shall be provided information from the comprehensive application for their permitting and regulatory functions.

L. The Department shall be responsible for directing the applicant to make all payments for applicable fees established by the regulatory agency directly to the proper agency.

M. There is hereby created in the state treasury a special nonreverting fund to be known as the Comprehensive Permitting Fund, hereafter referred to as "the Fund." The Fund shall be established on the books of the Comptroller. The Fund shall consist of all moneys collected from the handling fee established by the Department pursuant to subsection G and such other funds as may be appropriated by the General Assembly. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely to administer the Program. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director of the Department.

N. Unless otherwise directed by the regulatory agency, the Department shall not issue or renew a comprehensive permit to any person under any of the following circumstances:

1. The person does not have a valid tax registration, if required;

2. The person is a corporation, limited liability company, business trust, limited partnership, or registered limited liability partnership that (i) is delinquent in the payment of fees or penalties collected by the State Corporation Commission pursuant to the business entity statutes it administers, (ii) does not exist, or (iii) is not authorized to transact business in the Commonwealth pursuant to one of the business entity statutes administered by the State Corporation Commission; or

3. The person has not submitted the sum of all fees and deposits required for the requested individual permit endorsements, any outstanding comprehensive permit delinquency fee, or other fees and penalties to be collected through the comprehensive permitting program.

O. The Department may adopt regulations in accordance with § 2.2-1606 as may be necessary to carry out the purposes of this section.

2. That the second enactment of Chapters 155 and 206 of the Acts of Assembly of 2013 is amended and reenacted as follows:

2. That the State Corporation Commission and the Department of ~~Small Business Assistance~~ and Supplier Diversity shall collaborate to identify, develop, and implement enhancements to the Business One Stop and eFile systems to provide for an improved citizen experience. Representatives of the State Corporation Commission and the Department of Small Business and Supplier Diversity shall meet as necessary to further such collaboration and identify barriers thereto. The Secretary of Commerce and Trade shall oversee the Department of Small Business and Supplier Diversity's implementation of the provisions of subsection E of § 2.2-1617 of the Code of Virginia as amended by this act. The Secretary of Commerce and Trade and the Secretary of Technology shall have the opportunity to participate in such meetings.

[H 478]

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-340, 16.1-345.4, 19.2-182.9, 37.2-808, 37.2-809, and 37.2-817.2 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-340. Emergency custody; issuance and execution of order.

A. Any magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion, an emergency custody order when he has probable cause to believe that (i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusory thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § 16.1-337. This subsection shall not preclude any other disclosures as required or permitted by law. To the extent possible, the petition shall contain the information required by § 16.1-339.1.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the minor, (3) any past mental health treatment of the minor, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any minor for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether he meets the criteria for temporary detention pursuant to § 16.1-340.1 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board serving the area in which the minor is located who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, in cases in which the emergency custody order is based upon a finding that the minor who is the subject of the order has a mental illness and that, as a result of mental illness, the minor is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusory thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control, the magistrate may authorize transportation by an alternative transportation provider, including a parent, family member, or friend of the minor who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the minor's treating physician, if any; or other persons who are available and have knowledge of the minor, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to

take the minor into custody, and to transfer custody of the minor to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the minor being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the minor subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the minor who is the subject of the emergency custody order was taken into custody or, if the minor has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the minor is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the minor to the facility or location to which the minor is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the minor and others from harm, (ii) is actually capable of providing the level of security necessary to protect the minor and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a minor meets the criteria for emergency custody as stated in this section may take that minor into custody and transport that minor to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed ~~four~~ *eight* hours from the time the law-enforcement officer takes the minor into custody. ~~However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the minor can be temporarily detained pursuant to § 16.1-340.1 or (ii) a medical evaluation of the person to be completed if necessary.~~

H. A law-enforcement officer who is transporting a minor who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such minor into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the minor has revoked consent to be transported to a facility for the purpose of assessment or evaluation and (ii) based upon his observations, that probable cause exists to believe that the minor meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed ~~four~~ *eight* hours from the time the law-enforcement officer takes the minor into custody. ~~However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (a) the community services board to identify a suitable facility in which the minor can be temporarily detained pursuant to § 16.1-340.1 or (b) a medical evaluation of the person to be completed if necessary.~~

I. *A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.*

J. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a minor in his custody as provided in this section.

~~J. K.~~ The minor shall remain in custody until a temporary detention order is issued, until the minor is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed ~~four~~ *eight* hours from the time of execution. ~~However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall extend the emergency custody order one time for a second period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the minor can be temporarily detained pursuant to § 16.1-340.1 or (ii) a medical evaluation of the person to be completed if necessary. Any family member, as defined in § 37.2-100, employee or designee of the community services board, treating physician, or law enforcement officer may request the two-hour extension.~~

~~K. L.~~ If an emergency custody order is not executed within ~~six~~ *eight* hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

~~L. M.~~ Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to minors with mental illnesses while in emergency custody.

§ 16.1-345.4. Court review of mandatory outpatient treatment plan.

A. The juvenile and domestic relations district court judge shall hold a hearing within 15 days after receiving the motion for review of the mandatory outpatient treatment plan; however, if the fifteenth day is a Saturday, Sunday, or legal holiday, the hearing shall be held on the next day that is not a Saturday, Sunday, or legal holiday. If the minor is being detained under a temporary detention order, the hearing shall be scheduled within the same time frame provided for a commitment hearing under § 16.1-341. The clerk shall provide notice of the hearing to the minor, his parents, the community services board, all treatment providers listed in the comprehensive mandatory outpatient treatment order, and the original petitioner for the minor's involuntary treatment. If the minor is not represented by counsel, the judge shall appoint an attorney to represent the minor in this hearing and any subsequent hearings under § 16.1-345.5, giving consideration to appointing the attorney who represented the minor at the proceeding that resulted in the issuance of the mandatory outpatient treatment order. The judge shall also appoint a guardian ad litem for the minor. The community services board shall offer to arrange the minor's transportation to the hearing if the minor is not detained and has no other source of transportation.

B. If requested by the minor's parents, the community services board, a treatment provider listed in the comprehensive mandatory outpatient treatment plan, or the original petitioner for the minor's involuntary treatment, the juvenile and domestic relations district court judge may order an evaluation and appoint a qualified evaluator in accordance with § 16.1-342 who shall personally examine the minor and certify to the court whether or not he has probable cause to believe that the minor meets the criteria for involuntary inpatient treatment or mandatory outpatient treatment as specified in § 16.1-345 and subsection A of § 16.1-345.2. The evaluator's report may be admitted into evidence without the appearance of the evaluator at the hearing if not objected to by the minor or his attorney. If the minor is not detained in an inpatient facility, the community services board shall arrange for the minor to be examined at a convenient location and time. The community services board shall offer to arrange for the minor's transportation to the examination, if the minor has no other source of transportation. If the minor refuses or fails to appear, the community services board shall notify the court, and the court shall issue a mandatory examination order and a civil show cause summons. The return date for the civil show cause summons shall be set on a date prior to the review hearing scheduled pursuant to subsection A, and the examination of the minor shall be conducted immediately after the hearing thereon, but in no event shall the period for the examination exceed ~~four~~ *eight* hours.

C. If the minor fails to appear for the hearing, the juvenile and domestic relations district court judge shall, after consideration of any evidence from the minor, from his parents, from the community services board, or from any treatment provider identified in the mandatory outpatient treatment plan regarding why the minor failed to appear at the hearing, either (i) reschedule the hearing pursuant to subsection A, (ii) issue an emergency custody order pursuant to § 16.1-340, or (iii) issue a temporary detention order pursuant to § 16.1-340.1.

D. After hearing the evidence regarding the minor's material noncompliance with the mandatory outpatient treatment order and the minor's current condition, and any other relevant information referenced in § 16.1-345 and subsection A of § 16.1-345.2, the juvenile and domestic relations district court judge may make one of the following dispositions:

1. Upon finding by clear and convincing evidence that the minor meets the criteria for involuntary admission and treatment specified in § 16.1-345, the judge shall order the minor's involuntary admission to a facility designated by the community services board for a period of treatment not to exceed 30 days;

2. Upon finding that the minor continues to meet the criteria for mandatory outpatient treatment specified in subsection A of § 16.1-345.2, and that a continued period of mandatory outpatient treatment appears warranted, the judge may renew the order for mandatory outpatient treatment, making any necessary modifications that are acceptable to the community services board or treatment provider responsible for the minor's treatment. In determining the appropriateness of outpatient treatment, the court may consider the minor's material noncompliance with the previous mandatory treatment order; or

3. Upon finding that neither of the above dispositions is appropriate, the judge may rescind the order for mandatory outpatient treatment.

Upon entry of an order for involuntary inpatient admission, transportation shall be provided in accordance with § 16.1-345.

E. For the purposes of this section, "juvenile and domestic relations district court judge" shall not include a special justice as authorized by § 37.2-803.

§ 19.2-182.9. Emergency custody of conditionally released acquittee.

When exigent circumstances do not permit compliance with revocation procedures set forth in § 19.2-182.8, any district court judge or a special justice, as defined in § 37.2-100, or a magistrate may issue an emergency custody order, upon the sworn petition of any responsible person or upon his own motion based upon probable cause to believe that an acquittee on conditional release (i) has violated the conditions of his release or is no longer a proper subject for conditional release and (ii) requires inpatient hospitalization. The emergency custody order shall require the acquittee within his judicial district to be taken into custody and transported to a convenient location where a person designated by the community services board or behavioral health authority who is skilled in the diagnosis and treatment of mental illness shall evaluate such acquittee and assess his need for inpatient hospitalization. A law-enforcement officer who, based on his observation or the reliable reports of others, has probable cause to believe that any acquittee on conditional release has violated the conditions of his release and is no longer a proper subject for conditional release and requires emergency evaluation to assess the need for inpatient hospitalization, may take the acquittee into custody and transport him to an appropriate location to assess the need for hospitalization without prior judicial authorization. The evaluation shall be conducted immediately. The acquittee shall remain in custody until a temporary detention order is issued or until he is released, but in no event shall the period of custody exceed ~~four~~ eight hours. ~~However, upon a finding by a district court judge, special justice as defined in § 37.2-100, or magistrate that good cause exists to grant an extension, the district court judge, special justice, or magistrate shall extend the emergency custody order, or shall issue an order extending the period of emergency custody, one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow~~ (a) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to this section or (b) a medical evaluation of the person to be completed if necessary. If it appears from all evidence readily available ~~(i)~~ (a) that the acquittee has violated the conditions of his release or is no longer a proper subject for conditional release and ~~(ii)~~ (b) that he requires emergency evaluation to assess the need for inpatient hospitalization, the district court judge or a special justice, as defined in § 37.2-100, or magistrate, upon the advice of such person skilled in the diagnosis and treatment of mental illness, may issue a temporary detention order authorizing the executing officer to place the acquittee in an appropriate institution for a period not to exceed 48 hours prior to a hearing. If the 48-hour period terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the acquittee may be detained until the next day which is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed.

The committing court or any district court judge or a special justice, as defined in § 37.2-100, shall have jurisdiction to hear the matter. Prior to the hearing, the acquittee shall be examined by a psychiatrist or licensed clinical psychologist, provided the psychiatrist or clinical psychologist is skilled in the diagnosis of mental illness, who shall certify whether the person is in need of hospitalization. At the hearing the acquittee shall be provided with adequate notice of the hearing, of the right to be present at the hearing, the right to the assistance of counsel in preparation for and during the hearing, and the right to introduce evidence and cross-examine witnesses at the hearing. Following the hearing, if the court determines, based on a preponderance of the evidence presented at the hearing, that the acquittee ~~(i)~~ (1) has violated the conditions of his release or is no longer a proper subject for conditional release and ~~(ii)~~ (2) has mental illness or intellectual disability and is in need of inpatient hospitalization, the court shall revoke the acquittee's conditional release and place him in the custody of the Commissioner.

When an acquittee on conditional release pursuant to this chapter is taken into emergency custody, detained, or hospitalized, such action shall be considered to have been taken pursuant to this section, notwithstanding the fact that his status as an insanity acquittee was not known at the time of custody, detention, or hospitalization. Detention or hospitalization of an acquittee pursuant to provisions of law other than those applicable to insanity acquittees pursuant to this chapter shall not render the detention or hospitalization invalid. If a person's status as an insanity acquittee on conditional release is not recognized at the time of emergency custody or detention, at the time his status as such is verified, the provisions applicable to such persons shall be applied and the court hearing the matter shall notify the committing court of the proceedings.

§ 37.2-808. Emergency custody; issuance and execution of order.

A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so

states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, in cases in which the emergency custody order is based upon a finding that the person who is the subject of the order has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs but there is no substantial likelihood that the person will cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a person meets the criteria for emergency custody as stated in this section may take that person into custody and transport that person to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of

custody shall not exceed ~~four~~ *eight* hours from the time the law-enforcement officer takes the person into custody. ~~However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to § 37.2-809 or (ii) a medical evaluation of the person to be completed if necessary.~~

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed ~~four~~ *eight* hours from the time the law-enforcement officer takes the person into custody. ~~However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall issue an order extending the period of emergency custody one time for an additional period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (a) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to § 37.2-809, or (b) a medical evaluation of the person to be completed if necessary.~~

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.

J. *A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.*

K. The person shall remain in custody until a temporary detention order is issued, until the person is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed ~~four~~ *eight* hours from the time of execution. ~~However, upon a finding by a magistrate that good cause exists to grant an extension, the magistrate shall extend the emergency custody order one time for a second period not to exceed two hours. Good cause for an extension includes the need for additional time to allow (i) the community services board to identify a suitable facility in which the person can be temporarily detained pursuant to § 37.2-809 or (ii) a medical evaluation of the person to be completed if necessary. Any family member, as defined in § 37.2-100, employee or designee of the local community services board as defined in § 37.2-809, treating physician, or law-enforcement officer may request the two-hour extension.~~

~~K- L. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.~~

M. If an emergency custody order is not executed within ~~six~~ *eight* hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

~~L- N. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to persons with mental illnesses while in emergency custody.~~

§ 37.2-809. Involuntary temporary detention; issuance and execution of order.

A. For the purposes of this section:

"Designee of the local community services board" means an examiner designated by the local community services board who (i) is skilled in the assessment and treatment of mental illness, (ii) has completed a certification program approved by the Department, (iii) is able to provide an independent examination of the person, (iv) is not related by blood or marriage to the person being evaluated, (v) has no financial interest in the admission or treatment of the person being evaluated, (vi) has no investment interest in the facility detaining or admitting the person under this article, and (vii) except for employees of state hospitals and of the U.S. Department of Veterans Affairs, is not employed by the facility.

"Employee" means an employee of the local community services board who is skilled in the assessment and treatment of mental illness and has completed a certification program approved by the Department.

"Investment interest" means the ownership or holding of an equity or debt security, including shares of stock in a corporation, interests or units of a partnership, bonds, debentures, notes, or other equity or debt instruments.

B. A magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or a designee of the local community services board to determine whether the person meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician or clinical psychologist treating the person, that the person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity

to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. The magistrate shall also consider the recommendations of any treating or examining physician licensed in Virginia if available either verbally or in writing prior to rendering a decision. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

C. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

D. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection B if (i) the person has been personally examined within the previous 72 hours by an employee or a designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the person or to others associated with conducting such evaluation.

E. An employee or a designee of the local community services board shall determine the facility of temporary detention for all individuals detained pursuant to this section. The facility of temporary detention shall be one that has been approved pursuant to regulations of the Board. The facility shall be identified on the preadmission screening report and indicated on the temporary detention order. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the person is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by the facility identified in the temporary detention order. *The person detained or in custody pursuant to this section shall be given a written summary of the temporary detention procedures and the statutory protections associated with those procedures.*

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

G. The employee or the designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 48 hours prior to a hearing. If the 48-hour period herein specified terminates on a Saturday, Sunday, or legal holiday, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or legal holiday. The person may be released, pursuant to § 37.2-813, before the 48-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider or designee of a local community services board or behavioral health authority shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. The employee or designee of the community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the person should not be subject to a temporary detention order, inform the petitioner and an onsite treating physician of his recommendation.

§ 37.2-817.2. Court review of mandatory outpatient treatment plan or discharge plan.

A. The district court judge or special justice shall hold a hearing within five days after receiving the petition for review of the mandatory outpatient treatment plan or discharge plan; however, if the fifth day is a Saturday, Sunday, or legal holiday, the hearing shall be held by the close of business on the next day that is not a Saturday, Sunday, or legal holiday. If the person is being detained under a temporary detention order, the hearing shall be scheduled within the same time frame provided for a commitment hearing under § 37.2-814. The clerk shall provide notice of the hearing to the person, the community services board, all treatment providers listed in the comprehensive mandatory outpatient treatment order or discharge plan, and the original petitioner for the person's involuntary treatment. If the person is not represented by counsel, the court shall appoint an attorney to represent the person in this hearing and any subsequent hearings under §§ 37.2-817.3 and 37.2-817.4, giving consideration to appointing the attorney who represented the person at the proceeding that resulted in the issuance of the mandatory outpatient treatment order or order authorizing discharge to mandatory outpatient treatment following inpatient treatment. The same judge or special justice that presided over the hearing resulting in the mandatory outpatient treatment order or order authorizing discharge to mandatory outpatient treatment following inpatient treatment need not preside at the noncompliance hearing or any subsequent hearings. The community services board shall offer to arrange the person's transportation to the hearing if the person is not detained and has no other source of transportation.

B. If requested by the person, the community services board, a treatment provider listed in the comprehensive mandatory outpatient treatment plan or discharge plan, or the original petitioner for the person's involuntary treatment, the court shall appoint an examiner in accordance with § 37.2-815 who shall personally examine the person and certify to the court whether or not he has probable cause to believe that the person meets the criteria for involuntary inpatient admission or mandatory outpatient treatment as specified in subsections C, C1, C2, and D of § 37.2-817. The examination shall include all applicable requirements of § 37.2-815. The certification of the examiner may be admitted into evidence without the appearance of the examiner at the hearing if not objected to by the person or his attorney. If the person is not detained in an inpatient facility, the community services board shall arrange for the person to be examined at a convenient location and time. The community services board shall offer to arrange for the person's transportation to the examination, if the person has no other source of transportation and resides within the service area or an adjacent service area of the community services board. If the person refuses or fails to appear, the community services board shall notify the court, or a magistrate if the court is not available, and the court or magistrate shall issue a mandatory examination order and *caus* directing the primary law-enforcement agency in the jurisdiction where the person resides to transport the person to the examination. The person shall remain in custody until a temporary detention order is issued or until the person is released, but in no event shall the period exceed ~~four~~ eight hours.

C. If the person fails to appear for the hearing, the court shall, after consideration of any evidence from the person, from the community services board, or from any treatment provider identified in the mandatory outpatient treatment plan or discharge plan regarding why the person failed to appear at the hearing, either (i) reschedule the hearing pursuant to subsection A, (ii) issue an emergency custody order pursuant to § 37.2-808, or (iii) issue a temporary detention order pursuant to § 37.2-809.

D. After hearing the evidence regarding the person's material noncompliance with the mandatory outpatient treatment order or order authorizing discharge to mandatory outpatient treatment following inpatient treatment and the person's current condition, and any other relevant information referenced in subsection C of § 37.2-817, the judge or special justice shall make one of the following dispositions:

1. Upon finding by clear and convincing evidence that the person meets the criteria for involuntary admission and treatment specified in subsection C of § 37.2-817, the judge or special justice shall order the person's involuntary admission to a facility designated by the community services board for a period of treatment not to exceed 30 days;

2. Upon finding that the person continues to meet the criteria for mandatory outpatient treatment specified in subsection C1, C2, or D of § 37.2-817, and that a continued period of mandatory outpatient treatment appears warranted, the judge or special justice shall renew the order for mandatory outpatient treatment, making any necessary modifications that are acceptable to the community services board or treatment provider responsible for the person's treatment. In determining the appropriateness of outpatient treatment, the court may consider the person's material noncompliance with the previous mandatory treatment order; or

3. Upon finding that neither of the above dispositions is appropriate, the judge or special justice shall rescind the order for mandatory outpatient treatment or order authorizing discharge to mandatory outpatient treatment following inpatient treatment.

Upon entry of an order for involuntary inpatient admission, transportation shall be provided in accordance with § 37.2-829.

2. That the Governor's Task Force on Improving Mental Health Services and Crisis Response created on December 10, 2013, by Executive Order 68 shall identify and examine issues related to the use of law enforcement in the involuntary admission process. The task force shall consider options to reduce the amount of resources needed to detain individuals during the emergency custody order period, including the amount of time spent providing transportation throughout the admission process. Such options shall include developing crisis stabilization units in

all regions of the Commonwealth and contracting for retired officers to provide needed transportation. The task force shall report its findings and recommendations to the Governor and the General Assembly by October 1, 2014.

A. 1. The Board shall maintain an optional retirement plan covering employees engaged in the performance of teaching, administrative, or research duties with an institution of higher education and any institution of higher education is authorized to make contributions to such plan for the benefit of its employees participating in such plan. Except (i) as

Such election shall be exercised no later than 60 days from the time of the employee's entry upon the performance of his duties. B. 1. Any institution of higher education, upon receipt of approval by the Board in writing, may establish and maintain its own optional retirement plan covering its employees who are engaged in the performance of teaching, administrative, or research duties. Upon such approval, such institution is authorized to make contributions to its own optional retirement plan for the benefit of its employees who elect to participate or who are required to participate in such plan as provided in this subsection.

2. Every employee, with the exception of employees described in subdivision B 3, (i) hired on or after July 1, 2003, by an institution of higher education that has established and is maintaining its own optional retirement plan pursuant to this subsection and (ii) engaged in the performance of teaching, administrative, or research duties shall make an irrevocable election to participate in either: (a) the Virginia Retirement System defined benefit retirement plan established by this chapter until January 1, 2014, and thereafter, the hybrid retirement program described in § 51.1-169, as applicable; or (b) such optional retirement plan of the institution of higher education. Such employee shall not be provided any election to participate in an optional retirement plan maintained by the Board.

The election shall be exercised no later than 60 days from the time of the employee's entry upon the performance of his duties. Any institution of higher education that elects a contribution in excess of 8.5 percent of creditable compensation for any employee described in clause (i) shall provide for the same percentage of creditable compensation as contributions for each of its employees described in clause (i) who participates in such optional retirement plan. The portion of the contribution in excess of 8.5 percent of creditable compensation pursuant to clause (i) shall not be funded from the general fund of the state treasury, but shall be paid by the institution of higher education from other funds. In addition, any person who becomes a member on or after July 1, 2010, shall, pursuant to procedures established by the Board, pay member contributions on a salary reduction basis in accordance with § 414(h) of the Internal Revenue Code, in an amount equal to five percent of his creditable compensation, to the optional retirement plan maintained by the Board on his behalf or the optional retirement plan established by his institution of higher education on his behalf, as applicable. Each employee making such member contribution shall be deemed to consent and agree to any salary reduction for purposes of the member contribution. Such member contributions shall be in addition to all contributions pursuant to clause (i). An institution of higher education may make an additional contribution for participants who, before January 1, 1991, exercised the election to participate in the plan provided by the institution employing them. Such additional contributions shall be made using funds other than general funds, tuition or fees, up to an additional 2.17 percent of creditable compensation.

2. ~~These~~ *The governing board of any institution of higher education that establishes its own optional retirement plan pursuant to this section may establish a policy regarding the number of years of service, or portion thereof, that an employee must perform before such employee shall be entitled to receive all contributions made on his behalf by the institution to the optional retirement plan. If an employee has less than the number of years of service, or portion thereof, established by the governing board at the time he ceases employment, other than by death or involuntary separation due to causes other than job performance or misconduct, as determined by the institution of higher education in its sole discretion, he shall not receive or be entitled to that portion of the contributions that was paid by the institution on his behalf for which he does not have the required service. The institution of higher education may establish a forfeiture account for such employer contributions forgone by the employee and may specify the uses of funds in the forfeiture account. The provisions of this subdivision shall apply only to any person who (i) becomes a participant in the institution of higher education's optional retirement plan on or after July 1, 2014, and (ii) is not an employee described under subdivision B 3. Any future change to a policy established by the governing board of an institution of higher education pursuant to this subdivision regarding the number of years of service required for an employee to receive all contributions made by the institution to the optional retirement plan shall apply only to new employees hired on or after the date of the change.*

3. *The contribution rates established pursuant to subdivision 1 shall be examined by the Board at least once every six years. G. With respect to any employee who elects pursuant to subsection A or B to participate in the Virginia Retirement System defined benefit retirement plan established by this chapter or the hybrid retirement program described in § 51.1-169, the institution of higher education shall collect and pay all employee and employer contributions to the Virginia Retirement System for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for such employees.

H. The Virginia Retirement System shall develop policies and procedures for the administration of the optional retirement plan it maintains. To assist the Virginia Retirement System in developing such policies and procedures, the Board may appoint an advisory committee of higher education employees to supply guidance in the process.

I. As a condition of the Board granting approval to an institution of higher education to establish its own optional retirement plan, the institution of higher education shall develop policies and procedures for the administration of such plan and shall submit such policies and procedures to the Board as part of the Board-approval process required under this section. In addition, an institution of higher education that is granted approval by the Board to establish its own optional retirement plan covering employees engaged in the performance of teaching, administrative, or research duties shall not adopt or implement policies and procedures that are substantially different from the policies and procedures approved by the Board in the initial approval process unless the Board, in writing, approves such substantially different policies and procedures.

J. The Board shall establish guidelines for the employee elections referred to in subdivision B 2 and shall review and, if deemed advisable, recommend revisions to the contribution rates as described in subsection F. Except for the duties described in subsection I, the Board shall have no duties and responsibilities with respect to such plans established pursuant to subsection B.

CHAPTER 766

An Act to amend and reenact § 15.2-2222.1 of the Code of Virginia, relating to transportation planning.

[H 793]

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2222.1 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2222.1. Coordination of state and local transportation planning.

A. 1. Prior to adoption of any comprehensive plan pursuant to § 15.2-2223, any part of a comprehensive plan pursuant to § 15.2-2228, or any amendment to any comprehensive plan as described in § 15.2-2229, the locality shall submit such plan or amendment to the Department of Transportation for review and comment if the plan or amendment will substantially affect transportation on state-controlled highways as defined by regulations promulgated by the Department. The Department's comments on the proposed plan or amendment shall relate to plans and capacities for construction of transportation facilities affected by the proposal.

2. If the submitting locality is located within Planning District 8, the Department of Transportation shall also determine the extent to which the proposed plan or amendment will increase traffic congestion or, to the extent feasible, reduce the mobility of citizens in the event of a homeland security emergency and shall include such information as part of its comments on the proposed plan or amendment. *Further, to the extent that such information is readily available, the Department shall also include in its comments an assessment of the measures and estimate of the costs necessary to mitigate or ameliorate the congestion or reduction in mobility attributable to the proposed plan or amendment.*

3. Within 30 days of receipt of such proposed plan or amendment, the Department may request, and the locality shall agree to, a meeting between the Department and the local planning commission or other agent to discuss the plan or amendment, which discussions shall continue as long as the participants may deem them useful. The Department shall make written comments within 90 days after receipt of the plan or amendment, or by such later deadline as may be agreed to by the parties in the discussions.

B. Upon submission to, or initiation by, a locality of a proposed rezoning under § 15.2-2286, 15.2-2297, 15.2-2298, or 15.2-2303, the locality shall submit the proposal to the Department of Transportation within 10 business days of receipt thereof if the proposal will substantially affect transportation on state-controlled highways. Such application shall include a traffic impact statement if required by local ordinance or pursuant to regulations promulgated by the Department. Within 45 days of its receipt of such traffic impact statement, the Department shall either (i) provide written comment on the proposed rezoning to the locality or (ii) schedule a meeting, to be held within 60 days of its receipt of the proposal, with the local planning commission or other agent and the rezoning applicant to discuss potential modifications to the proposal to address any concerns or deficiencies. The Department's comments on the proposed rezoning shall be based upon the comprehensive plan, regulations and guidelines of the Department, engineering and design considerations, any adopted regional or statewide plans and short and long term traffic impacts on and off site. The Department shall complete its initial review of the rezoning proposal within 45 days, and its final review within 120 days, after it receives the rezoning proposal from the locality. Notwithstanding the foregoing provisions of this subsection, such review by the Department shall be of a more limited nature and scope in cases of rezoning a property consistent with a local comprehensive plan that has already been reviewed by the Department as provided in this section.

C. If a locality has not received written comments within the timeframes specified in subsection B, the locality may assume that the Department has no comments.

D. The review requirements set forth in this section shall be supplemental to, and shall not affect, any requirement for review by the Department of Transportation or the locality under any other provision of law. Nothing in this section shall be deemed to prohibit any additional consultations concerning land development or transportation facilities that may occur between the Department and localities as a result of existing or future administrative practice or procedure, or by mutual agreement.

E. The Department shall impose fees and charges for the review of applications, plans and plats pursuant to subsections A and B, and such fees and charges shall not exceed \$1,000 for each review. However, no fee shall be charged to a locality or other public agency. Furthermore, no fee shall be charged by the Department to a citizens' organization or neighborhood association that proposes comprehensive plan amendments through its local planning commission or local governing body.

CHAPTER 767

[H 1000]

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-3210, 58.1-3211.1, and 58.1-3212 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-3210. Exemption or deferral of taxes on property of certain elderly and handicapped persons.

A. The governing body of any county, city or town may, by ordinance, provide for the exemption from, deferral of, or a combination program of exemptions from and deferrals of taxation of real estate and manufactured homes as defined in § 36-85.3, or any portion thereof, and upon such conditions and in such amount as the ordinance may prescribe. Such real estate shall be owned by, and be occupied as the sole dwelling of anyone at least 65 years of age or if provided in the ordinance, anyone found to be permanently and totally disabled as defined in § 58.1-3217. Such ordinance may provide for the exemption from or deferral of that portion of the tax which represents the increase in tax liability since the year such taxpayer reached the age of 65 or became disabled, or the year such ordinance became effective, whichever is later. A dwelling jointly held by a husband and wife, with no other joint owners, may qualify if either spouse is 65 or over or is permanently and totally disabled, and the proration of the exemption or deferral under § 58.1-3211.1 shall not apply for such dwelling.

B. *For purposes of this section, "eligible person" means a person who is at least age 65 or, if provided in the ordinance pursuant to subsection A, permanently and totally disabled. Under subsection A, real property owned and occupied as the sole dwelling of an eligible person includes real property (i) held by the eligible person alone or in conjunction with his spouse as tenant or tenants for life or joint lives, (ii) held in a revocable inter vivos trust over which the eligible person or the eligible person and his spouse hold the power of revocation, or (iii) held in an irrevocable trust under which an eligible person alone or in conjunction with his spouse possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support. The term "eligible person" does not include any interest held under a leasehold or term of years.*

C. For purposes of this article, any reference to real estate shall include manufactured homes.

§ 58.1-3211.1. Prorated tax exemption or deferral of tax.

A. The governing body of the county, city, or town may, by ordinance, also provide for an exemption from or deferral of (or combination program thereof) real estate taxes for dwellings jointly held by two or more individuals not all of whom are at least age 65 or (if provided in the ordinance) permanently and totally disabled, provided that the dwelling is occupied as the sole dwelling by all such joint owners.

The tax exemption or deferral for the dwelling that otherwise would have been provided under the local ordinance shall be prorated by multiplying the amount of the exemption or deferral by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by all such joint owners who are at least age 65 or (if provided in the ordinance) permanently and totally disabled, and as a denominator, 100%. As a condition of eligibility for such tax exemption or deferral, the joint owners of the dwelling shall be required to furnish to the relevant local officer sufficient evidence of each joint owner's ownership interest in the dwelling.

B. *For purposes of this subsection, "eligible person" means a person who is at least age 65 or, if provided in the ordinance pursuant to subsection A, permanently and totally disabled. For purposes of the tax exemption pursuant to subsection A, real property that is a dwelling jointly held by two or more individuals includes real property (i) held by an eligible person in conjunction with one or more other people as tenant or tenants for life or joint lives, (ii) held in a revocable inter vivos trust over which an eligible person with one or more other people hold the power of revocation, or (iii) held in an irrevocable trust under which an eligible person in conjunction with one or more other people possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support. The term "eligible person" does not include any interest held under a leasehold or term of years.*

C. The provisions of this section shall not apply to dwellings jointly held by a husband and wife, with no other joint owners.

☞ D. Nothing in this section shall be interpreted or construed to provide for an exemption from or deferral of tax for any dwelling jointly held by nonindividuals.

§ 58.1-3212. Local restrictions and exemptions.

Pursuant to Article X, Section 6 (b) of the Constitution of Virginia, the General Assembly hereby authorizes the governing body of a county, city or town to establish by ordinance net financial worth or annual income limitations as a condition of eligibility for any exemption or deferral of tax allowed pursuant to this article. If the governing body establishes an annual income limitation, the computation of annual income shall be based on adding together the income received during the preceding calendar year, without regard to whether a tax return is actually filed, by (i) owners of the dwelling who use it as their principal residence, (ii) owners' relatives who live in the dwelling, *except for those relatives living in the dwelling and providing bona fide caregiving services to the owner whether such relatives are compensated or not*, and (iii) at the option of each locality, nonrelatives of the owner who live in the dwelling except for bona fide tenants or bona fide caregivers of the owner, *whether compensated or not*. If the governing body establishes a net financial worth limitation, net financial worth shall be based on adding together the net financial worth, including the present value of equitable interests, as of December 31 of the immediately preceding calendar year, of the owners, and of the spouse of any owner, of the dwelling.

Nothing in this section shall be construed or interpreted as to preclude or prohibit the governing body of a county, city or town from excluding certain sources of income, or a portion of the same, for purposes of its annual income limitation or excluding certain assets, or a portion of the same, for purposes of its net financial worth limitation.

Any county, city, or town that pursuant to this article provides for the exemption from, deferral of, or a combination program of exemptions from and deferrals of real property taxes may exempt or defer the real property taxes of the qualifying dwelling and the land, not exceeding ten acres, upon which it is situated.

No local ordinance shall require that a citizen reside in the jurisdiction for a designated period of time as a condition for qualifying for any real estate tax exemption or deferral program established pursuant to § 58.1-3210.

If the appointed school board being replaced has not been appointed either on an at-large basis or on the basis of the established county or municipal election districts, or a combination thereof, the members shall be elected at large unless the governing body of the county, city, or town provides for the election of school board members on the basis of the established county or municipal election districts. If the appointed school board being replaced has been appointed at large, the governing body of the county, city, or town may establish school election districts for the election of school board members. The governing body may provide for a locality-wide district, one or more districts comprised of a part of the locality, or any combination thereof, and for the apportionment of one or more school board members to any district.

The terms of the members of the elected school board for any county, city, or town shall be the same as the terms of the members of the governing body for the county, city, or town. In any locality in which both the school board and the governing body are elected from election districts, as opposed to being elected wholly on an at-large basis, the elections of the school board member and governing body member from each specific district shall be held simultaneously except as otherwise provided in §§ 22.1-57.3:1, 22.1-57.3:1.1, and 22.1-57.3:1.2.

At the first election for members of the school board, so many members shall be elected as there are members to be elected at the regular election for the governing body. At each subsequent regular election for members of the governing body, the same number of members of the school board shall be elected as the number of members to be elected at the regular election to the governing body. However, if the number of members on the school board differs from the number of members of the governing body, the number of members elected to the school board at the first and subsequent general election shall be either more or less than the number of governing body members, as appropriate, to the end that the number of members on the initial elected school board is the same as the number of members on the appointed board being replaced.

Except as provided in §§ 22.1-57.3:1, 22.1-57.3:1.1, and 22.1-57.3:1.2, the terms of the members of the school board shall be staggered only if the terms of the members of the governing body are staggered. If there are more, or fewer, members on the school board than on the governing body, the number of members to be elected to the school board at the first and subsequent election for school board members shall be the number required to establish the staggered term structure so that (i) a majority of the members of the school board is elected at the same time as a majority of the members of the governing body; (ii) if one-half of the governing body is being elected and the school board has an even number of members, one-half of the members of the school board is elected; (iii) if one-half of the governing body is being elected and the school board has an odd number of members, the majority by one member of the school board is elected at the first election and the remainder of the school board is elected at the second election; or (iv) if a majority of the members of the governing body is being elected and the school board has an even number of members, one-half of the members of the school board is elected.

If the school board is elected at large and the terms of the members of the school board are staggered, the school board members to be replaced at the first election shall include all appointed school board members whose appointive terms are scheduled to expire on December 31 or on June 30, as the case may be, next following the first election of county, city or town school board members. If the number of school board members whose appointive terms are so scheduled to expire is zero or less than the number of school board members to be elected at the first election, the appointed school board members to be replaced at the first election shall also include those whose appointive terms are scheduled to expire next subsequent to the date on which the terms of office of the first elected school board members will commence. If the appointive terms of more than one school board member are scheduled to expire simultaneously, but less than all of such members are to be replaced at the first election, then the identity of such school board member or members to be replaced at the first election shall be determined by a drawing held by the county or city electoral board at least ten days prior to the last day for a person to qualify as a candidate for school board member.

In any case in which school board members are elected from election districts, as opposed to being elected from the county, city, or town at large, the election districts for the school board shall be coterminous with the election districts for the county, city, or town governing body, except as may be specifically provided for the election of school board members in a county, city, or town in which the governing body is elected at large.

C. The terms of office for the school board members shall commence on January 1 or July 1, as the case may be, following their election. On December 31 or June 30, as the case may be, following the first election of county, city or town school board members, the terms of office of the members of the school board in office through appointment shall expire and the school board selection commission, if there is one, shall be abolished. If the entire school board is not elected at the first election of school board members, only the terms of the appointed members being replaced shall so expire and the terms of the appointed members being replaced at a subsequent election shall continue or be extended to expire on December 31 or June 30, as appropriate, of the year of the election of the school board members replacing them.

D. Except as otherwise provided herein, a vacancy in the office of any elected school board member shall be filled pursuant to §§ 24.2-226 and 24.2-228. In any county that has adopted the urban county executive form of government and that has adopted an elected school board, any vacancy on the elected school board shall be filled in accordance with the procedures set forth in § 15.2-802, mutatis mutandis. Notwithstanding any provision of law or charter to the contrary, if no candidates file for election to a school board office and no person who is qualified to hold the office is elected by write-in votes, a vacancy shall be deemed to exist in the office as of January 1 or July 1, as the case may be, following the general election. For the purposes of this subsection and Article 6 (§ 24.2-225 et seq.) of Chapter 2 of Title 24.2, local school boards comprised of elected and appointed members shall be deemed elected school boards.

E. In order to have their names placed on the ballot, all candidates shall be nominated only by petition as provided by general law pursuant to § 24.2-506.

F. For the purposes of this section, the election and term of the mayor or chairman of the board of supervisors shall be deemed to be an election and term of a member of the governing body of the municipality or county, respectively, whether or not the mayor or chairman is deemed to be a member of the governing body for any other purpose.

G. No employee of a school board shall be eligible to serve on the board with whom he is employed.

H. Any elected school board may ~~appoint a qualified voter who is a resident of the county, city, or town to cast~~ *have a position of tie breaker for the purpose of casting the deciding vote in case cases of a tie vote votes of the school board as provided in § 22.1-75. The term of office of each tiebreaker so appointed shall be four years whether the appointment is to fill a vacancy caused by expiration of term or otherwise. The position of tie breaker, if any, shall be held by a qualified voter who is a resident of the county, city, or town and who shall be elected in the same manner and for the same length of term as members of the school board and at a general election at which members of the school board are elected. A vacancy in the position of tie breaker shall be filled pursuant to §§ 24.2-226 and 24.2-228.*

§ 22.1-75. Procedure in case of tie vote.

In any case in which there is a tie vote of the school board of any school division when all the members are not present, the question shall be passed by until the next meeting when it shall again be voted upon even though all members are not present. In any case in which there is a tie vote on any question after complying with this procedure or in any case in which there is a tie vote when all the members of the school board are present, the proceedings thereon shall be in conformity with the proceedings prescribed below, except that the tie breaker, if any, appointed pursuant to § 15.2-410, 15.2-531, ~~15.2-627, 15.2-837, 22.1-40, 22.1-44, or 22.1-47, or elected pursuant to § 15.2-627 or 22.1-57.3,~~ whichever is applicable, shall cast the deciding vote.

In any case in which there is a tie vote of the school board, the clerk shall record the vote; immediately notify the tie breaker to vote; and request his presence, if practicable, at the present meeting of the board. However, if that is not practicable, the board may adjourn to a day fixed in the minutes of the board or, in case of a failure to agree on a day, to a day the clerk fixes and enters in the minutes. At the present meeting or on the day named in the minutes, the tie breaker shall attend. He shall be entitled to be fully advised on the matter upon which he is to vote. If not prepared to vote at the time, he may require the clerk to enter an order adjourning the meeting to some future day, not to exceed thirty days, to be named in the minutes. He may have continuances, not to exceed thirty days, entered until he is ready to vote. When he votes, the clerk shall record his vote; the tie shall be broken; and the question shall be decided as he votes. If a meeting for any reason is not held on the day named in the minutes, the clerk shall enter on the minute book a day within ten days as a substitute day and notify all the members, and this shall continue until a meeting is held. After a tie has occurred, the tie breaker shall be considered a member of the board for the purpose of counting a quorum for the sole purpose of breaking the tie.

2. That the provisions of this act shall not be construed to affect the term of any tie breaker appointed by an elected school board prior to July 1, 2014.

CHAPTER 773

An Act to amend and reenact §§ 16.1-340.1 and 37.2-809 of the Code of Virginia and to amend the Code of Virginia by adding sections numbered 16.1-340.1:1 and 37.2-809.1, relating to facility of temporary detention.

[H 293]

Approved April 7, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-340.1 and 37.2-809 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 16.1-340.1:1 and 37.2-809.1 as follows:

§ 16.1-340.1. Involuntary temporary detention; issuance and execution of order.

A. A magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 16.1-345.1 by an employee or designee of the local community services board to determine whether the minor meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician or clinical psychologist treating the person, that

(i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irreparable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment. The magistrate shall also consider the recommendations of the minor's parents and of any treating or examining physician licensed in Virginia if available either verbally or in writing prior to rendering a decision. To the extent possible, the petition shall contain the information required by § 16.1-339.1. Any temporary detention order entered pursuant to this section shall be effective until such time as the juvenile and domestic relations district court serving the jurisdiction in which the minor is located conducts a hearing pursuant to subsection B of § 16.1-341. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § 16.1-337. This subsection shall not preclude any other disclosures as required or permitted by law.

B. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the minor, (iii) any past mental health treatment of the minor, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

C. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection A if (i) the minor has been personally examined within the previous 72 hours by an employee or designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the minor or to others associated with conducting such evaluation.

D. An employee or designee of the community services board shall determine the facility of temporary detention *in accordance with the provisions of § 16.1-340.1:1* for all minors detained pursuant to this section. ~~The facility of temporary detention shall be one that has been approved pursuant to regulations of the Board of Behavioral Health and Developmental Services.~~ The facility shall be identified on the preadmission screening report and indicated on the temporary detention order. *Subject to the provisions of § 16.1-340.1:1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 16.1-340, the minor shall be detained in a state facility for the treatment of minors with mental illness and such facility shall be indicated on the temporary detention order.* Except for minors who are detained for a criminal offense by a juvenile and domestic relations district court and who require hospitalization in accordance with this article, the minor shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the minor is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by the facility identified in the temporary detention order.

E. Any facility caring for a minor placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the minor within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

F. The employee or designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the minor. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

G. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 16.1-342, preparation of the preadmission screening report required by § 16.1-340.4, and initiation of mental health treatment to stabilize the minor's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 96 hours prior to a hearing. If the 96-hour period herein specified terminates on a Saturday, Sunday, or legal holiday, the minor may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or legal holiday. The minor may be released, pursuant to § 16.1-340.3, before the 96-hour period herein specified has run.

H. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

I. For purposes of this section a healthcare provider or an employee or designee of the local community services board shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

J. The employee or designee of the local community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the minor should not be subject to a temporary detention order, inform the petitioner and an on-site treating physician of his recommendation.

K. Each community services board shall provide to each juvenile and domestic relations district court and magistrate's office within its service area a list of employees and designees who are available to perform the evaluations required herein.

§ 16.1-340.1:1. Facility of temporary detention.

A. In each case in which an employee or designee of the local community services board is required to make an evaluation of a minor pursuant to subsection B, G, or H of § 16.1-340, an employee or designee of the local community services board shall, upon being notified of the need for such evaluation, contact the state facility for the area in which the community services board is located and notify the state facility that the minor will be transported to the facility upon issuance of a temporary detention order if no other facility of temporary detention can be identified by the time of the expiration of the period of emergency custody pursuant to § 16.1-340. Upon completion of the evaluation, the employee or designee of the local community services board shall convey to the state facility information about the minor necessary to allow the state facility to determine the services the minor will require upon admission.

B. A state facility may, following the notice in accordance with subsection A, conduct a search for an alternative facility that is able and willing to provide temporary detention and appropriate care to the minor, which may include another state facility if the state facility notified in accordance with subsection A is unable to provide temporary detention and appropriate care for the minor. Under no circumstances shall a state facility fail or refuse to admit a minor who meets the criteria for temporary detention pursuant to § 16.1-340.1 unless an alternative facility that is able to provide temporary detention and appropriate care agrees to accept the minor for temporary detention, and the minor shall not during the duration of the temporary detention order be released from the custody of the community services board except for purposes of transporting the minor to the state facility or alternative facility in accordance with the provisions of § 16.1-340.2. If an alternative facility is identified and agrees to accept the minor for temporary detention, the state facility shall notify the community services board, and an employee or designee of the community services board shall designate the alternative facility on the prescreening report.

C. The facility of temporary detention designated in accordance with this section shall be one that has been approved pursuant to regulations of the State Board of Behavioral Health and Developmental Services.

§ 37.2-809. Involuntary temporary detention; issuance and execution of order.

A. For the purposes of this section:

"Designee of the local community services board" means an examiner designated by the local community services board who (i) is skilled in the assessment and treatment of mental illness, (ii) has completed a certification program approved by the Department, (iii) is able to provide an independent examination of the person, (iv) is not related by blood or marriage to the person being evaluated, (v) has no financial interest in the admission or treatment of the person being evaluated, (vi) has no investment interest in the facility detaining or admitting the person under this article, and (vii) except for employees of state hospitals and of the U.S. Department of Veterans Affairs, is not employed by the facility.

"Employee" means an employee of the local community services board who is skilled in the assessment and treatment of mental illness and has completed a certification program approved by the Department.

"Investment interest" means the ownership or holding of an equity or debt security, including shares of stock in a corporation, interests or units of a partnership, bonds, debentures, notes, or other equity or debt instruments.

B. A magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or a designee of the local community services board to determine whether the person meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician or clinical psychologist treating the person, that the person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. The magistrate shall also consider the recommendations of any treating or examining physician licensed in Virginia if available either verbally or in writing prior to rendering a decision. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

C. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so

states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

D. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection B if (i) the person has been personally examined within the previous 72 hours by an employee or a designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the person or to others associated with conducting such evaluation.

E. An employee or a designee of the local community services board shall determine the facility of temporary detention *in accordance with the provisions of § 37.2-809.1* for all individuals detained pursuant to this section. ~~The facility of temporary detention shall be one that has been approved pursuant to regulations of the Board.~~ The facility shall be identified on the preadmission screening report and indicated on the temporary detention order. *Subject to the provisions of § 37.2-809.1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808, the individual shall be detained in a state facility for the treatment of individuals with mental illness and such facility shall be indicated on the temporary detention order.* Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the person is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by the facility identified in the temporary detention order.

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

G. The employee or the designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 48 hours prior to a hearing. If the 48-hour period herein specified terminates on a Saturday, Sunday, or legal holiday, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or legal holiday. The person may be released, pursuant to § 37.2-813, before the 48-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider or designee of a local community services board or behavioral health authority shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. The employee or designee of the community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the person should not be subject to a temporary detention order, inform the petitioner and an onsite treating physician of his recommendation.

§ 37.2-809.1. Facility of temporary detention.

A. In each case in which an employee or designee of the local community services board as defined in § 37.2-809 is required to make an evaluation of an individual pursuant to subsection B, G, or H of § 37.2-808, an employee or designee of the local community services board shall, upon being notified of the need for such evaluation, contact the state facility for the area in which the community services board is located and notify the state facility that the individual will be transported to the facility upon issuance of a temporary detention order if no other facility of temporary detention can be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808. Upon completion of the evaluation, the

employee or designee of the local community services board shall convey to the state facility information about the individual necessary to allow the state facility to determine the services the individual will require upon admission.

B. A state facility may, following the notice in accordance with subsection A, conduct a search for an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual, which may include another state facility if the state facility notified in accordance with subsection A is unable to provide temporary detention and appropriate care for the individual. Under no circumstances shall a state facility fail or refuse to admit an individual who meets the criteria for temporary detention pursuant to § 37.2-809 unless an alternative facility that is able to provide temporary detention and appropriate care agrees to accept the individual for temporary detention and the individual shall not during the duration of the temporary detention order be released from the custody of the community services board except for purposes of transporting the individual to the state facility or alternative facility in accordance with the provisions of § 37.2-810. If an alternative facility is identified and agrees to accept the individual for temporary detention, the state facility shall notify the community services board, and an employee or designee of the community services board shall designate the alternative facility on the prescreening report.

C. The facility of temporary detention designated in accordance with this section shall be one that has been approved pursuant to regulations of the Board.

2. That the Department of Behavioral Health and Developmental Services shall submit an annual report on or before June 30 of each year on the implementation of this act to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees. The report shall include the number of notifications of individuals in need of facility services by the community services boards, the number of alternative facilities contacted by community services boards and state facilities, the number of temporary detentions provided by state facilities and alternative facilities, the length of stay in state facilities and alternative facilities, and the cost of the detentions in state facilities and alternative facilities.

§ 16.1-69.22:1. Temporary recall of retired district court judges.

B. It shall be the obligation of any retired judge who is recalled to temporary service under this section and who has not attained age seventy to accept the recall and perform the duties assigned. It shall be within the discretion of any judge who has attained age seventy to accept such recall.

C. Any judge recalled to duty under this section shall have all the powers, duties, and privileges attendant on the position he is recalled to serve.

§ 16.1-69.35. Administrative duties of chief district judge.

The chief judge of each district shall have the following administrative duties and authority with respect to his district:

1. When any district court judge is under any disability or for any other cause is unable to hold court and the chief judge determines that assistance is needed:

a. The chief district judge shall designate a judge within the district or a judge of another district court within the Commonwealth, if one is reasonably available, to hear and dispose of any action or actions properly coming before such district court for disposition;

b. If unable to designate a judge as provided in subdivision 1 a, the chief district judge may designate a retired district judge *eligible for recall pursuant to § 16.1-69.22:1* for such hearing and disposition if such judge consents; or

c. If unable to assign a retired district court judge, the chief district judge may designate a retired circuit court judge *eligible for recall pursuant to § 17.1-106* if such judge consents or the chief district judge may request that the Chief Justice of the Supreme Court designate a circuit judge if such judge consents.

If no judges are available under subdivision a, b or c, then a substitute judge shall be designated pursuant to § 16.1-69.21.

While acting, any judge so designated shall have all the authority and power of the judge of the court, and his order or judgment shall, to all intents and purposes, be the judgment of the court. A general district court judge designated pursuant to subdivision 1 a, may, with his consent, substitute for or replace a juvenile and domestic relations district court judge, and vice versa. The names of the judges designated under subdivisions b and c shall be selected from a list provided by the Executive Secretary and approved by the Chief Justice of the Supreme Court.

2. The chief general district court judge of a district may designate any juvenile and domestic relations district court judge of the district, with the judge's consent, for an individual case or to sit and hear cases for a period of not more than one year, in any of the general district courts within the district. The chief juvenile and domestic relations district court judge of a district may designate any general district court judge of the district, with the judge's consent, for an individual case or to sit and hear cases for a period of not more than one year, in any of the juvenile and domestic relations district courts within the district. Every judge so designated shall have the same powers and jurisdiction and be authorized to perform the same duties as any judge of the district for which he is designated to assist, and, while so acting, his order or judgment shall be, for all purposes, the judgment of the court to which he is assigned.

3. If on account of congestion in the work of any district court or when in his opinion the administration of justice so requires, the Chief Justice of the Supreme Court may, upon his own initiative or upon written application of the chief district court judge desiring assistance, designate a judge from another district or any circuit court judge, if such circuit court judge consents, or a retired judge *eligible for recall*, to provide judicial assistance to such district. Every judge so designated shall have the same powers and jurisdiction and be authorized to perform the same duties as any judge of the district for which he is designated to assist and while so acting his order or judgment shall be, to all intents and purposes, the judgment of the court to which he is assigned.

4. Subject to such rules as may be established pursuant to § 16.1-69.32, the chief judge may establish special divisions of any general district court when the work of the court may be more efficiently handled thereby such as through the establishment of special civil, criminal or traffic divisions, and he may assign the judges of the general district court with respect to serving such special divisions. In the City of Richmond the general district court shall, in addition to any specialized divisions, maintain a separate division of such court in that part of Richmond south of the James River with concurrent jurisdiction in civil matters whenever one or more of the defendants reside or the cause of action or any part thereof arises in that part of the city, concurrent jurisdiction over all traffic matters arising in that part of the city and exclusive jurisdiction over all other criminal matters arising in that part of the city.

5. Subject to such rules as may be established pursuant to § 16.1-69.32, the chief judge shall determine when the district courts or divisions of such courts shall be open for the transaction of business. The chief judge or presiding judge of any district court may authorize the clerk's office to close on any date when the chief judge or presiding judge determines that operation of the clerk's office, under prevailing conditions, would constitute a threat to the health or safety of the clerk's office personnel or the general public. Closing of the clerk's office pursuant to this subsection shall have the same effect as provided in subsection B of § 1-210. In determining whether to close because of a threat to the health or safety of the general public, the chief judge or the presiding judge of the district court shall coordinate with the chief judge or presiding judge of the circuit court so that, where possible and appropriate, both the circuit and district courts take the same action. He shall determine the times each such court shall be held for the trial of civil, criminal or traffic matters and cases. He shall determine whether, in the case of district courts in counties, court shall be held at any place or places in addition to the county seat. He shall determine the office hours and arrange a vacation schedule of the judges within his district, in order to ensure the availability of a judge or judges to the public at normal times of business. A schedule of the times and places at which court is held shall be filed with the Executive Secretary of the Supreme Court and kept posted at the courthouse, and in any county also at any such other place or places where court may be held, and the clerk shall make such schedules available to the public upon request. Any matter may, in the discretion of the judge, or by direction of the chief district judge, be removed from any one of such designated places to another, or to or from the county seat, in order to serve the convenience of the parties or to expedite the administration of justice; however, any town having a population of over 15,000 as of July 1, 1972, having court facilities and a court with both general criminal and civil jurisdiction prior to July 1, 1972, shall be designated by the chief judge as a place to hold court.

6. Subject to the provisions of § 16.1-69.38, the chief judge of a general district court or the chief judge of a juvenile and domestic relations district court may establish a voluntary civil mediation program for the alternate resolution of

disputes. The costs of the program shall be paid by the local governing bodies within the district or by the parties who voluntarily participate in the program.

§ 17.1-105. Designation of judges to hold courts and assist other judges.

A. If a judge of any court of record is absent, sick or disabled or for any other reason unable to hold any regular or special term of the court, or any part thereof, or to perform or discharge any official duty or function authorized or required by law, a judge or retired judge of any court of record may be obtained by personal request of the disabled judge, or another judge of the circuit to hold the court for the whole or any part of such regular or special term and to discharge during vacation such duty or function, or, if the circumstances require, to perform all the duties and exercise all the powers and jurisdiction as judges of such circuit until the judge is again able to attend his duties. The designation of such judge shall be entered in the civil order book of the court, and a copy thereof sent to the Chief Justice of the Supreme Court. The Chief Justice shall be notified forthwith at the time any disabled judge is able to return to his duties.

B. If all the judges of any court of record are so situated in respect to any case, civil or criminal, pending in their court as to render it improper, in their opinion, for them to preside at the trial, unless the cause or proceeding is removed, as provided by law, they shall enter the fact of record and the clerk of the court shall at once certify the same to the Chief Justice of the Supreme Court, who shall designate a judge of some other court of record or a retired judge of any such court to preside at the trial of such case.

C. If a vacancy occurs in the office of a judge of a court of record that fact shall be immediately certified by the clerk of such court to the Governor, who may, instead of appointing a successor at once, request the Chief Justice to designate a judge of some other court of record or a retired judge of any such court to carry out the duties of the office, if there are insufficient judges in the circuit to carry out the work of the court, until the office has been filled in the mode prescribed by law. If any judge so designated shall be prevented by the duties of his court, or by sickness, from performing the duties required, he shall so inform the Chief Justice, who may designate another judge in his place.

D. Due to congestion in the work of any court of record or when in his opinion the administration of justice so requires, the Chief Justice may, upon his own initiative or upon application of the judge desiring assistance, designate a judge or retired judge of any court of record to assist the judge in the performance of his duties and every judge so designated shall have the same powers and jurisdiction and be authorized to perform the same duties as the judge whom he is designated to assist.

E. Any judge or retired judge sitting under any provision of this section or sitting by designation on any three-judge court shall receive from the state treasury actual expenses for the time he is actually engaged in holding court, except in those cases where the payment of such expenses is otherwise specifically provided by law.

F. The powers and duties herein conferred and imposed upon the Chief Justice may be exercised and performed by any justice, or any committee of justices, of the Court, designated by the Chief Justice for such purpose.

G. If the chief judge of any circuit is unable to perform the duties required by law, he shall notify the Chief Justice, who shall designate another judge of the same circuit to perform such duties.

H. If any judge refuses unreasonably to serve as requested under the provisions of this section, the chief judge may report his refusal to the Judicial Inquiry and Review Commission.

I. As used in this section, "retired judge" means a judge eligible for recall pursuant to § 17.1-106.

§ 17.1-106. Temporary recall of retired judges.

B. It shall be the obligation of any retired judge or justice who is recalled to temporary service under this section and who has not attained age seventy to accept the recall and perform the duties assigned. It shall be within the discretion of any justice or judge who has attained age seventy to accept such recall.

C. Any justice or judge recalled to duty under this section shall have all the powers, duties, and privileges attendant on the position he is recalled to serve.

D. A retired justice of the Supreme Court or judge of the Court of Appeals recalled to active service shall be furnished an office, office supplies, and stenographer while performing such active service.

§ 17.1-302. Senior justice.

A. Any Chief Justice or justice of the Supreme Court of Virginia who is eligible for retirement, other than for disability, with the prior consent of a majority of the members of the Court, may elect to retire *under the Judicial Retirement System (§ 51.1-300 et seq.)* and be designated a senior justice. In addition, any Chief Justice or justice of the Supreme Court of Virginia who is retired *under the Judicial Retirement System (§ 51.1-300 et seq.)* and subject to recall pursuant to § 17.1-106, with the consent of a majority of the members of the court, may be known and designated as a senior justice.

B. Any Chief Justice or justice who has retired from active service, as provided in subsection A, may be designated and assigned by the Chief Justice of the Supreme Court of Virginia to perform the duties of a justice of the Court.

A retired justice, while performing the duties of a senior justice, shall be furnished office space, support staff, a telephone, and supplies as are furnished a justice of the Court.

D. A justice may terminate his status as a senior justice, or such status may be terminated by a majority of the members of the Court. There shall be no limit on the number of terms a senior justice may so serve.

E. Only five retired justices shall serve as senior justices at any one time.

F. Nothing in this section shall be construed to increase the number of justices of the Supreme Court provided for in Section 2 of Article VI of the Constitution of Virginia and in § 17.1-300.

§ 17.1-401. Senior judge.

A. Any chief judge or judge of the Court of Appeals who is eligible for retirement, other than for disability, with the consent of a majority of the members of the court first obtained, may elect to retire *under the Judicial Retirement System* (§ 51.1-300 *et seq.*) and be known and designated as a senior judge. In addition, any chief judge or judge of the Court of Appeals who is retired *under the Judicial Retirement System* (§ 51.1-300 *et seq.*) and subject to recall pursuant to § 17.1-106, with the consent of a majority of the members of the court, may be known and designated as a senior judge.

E. Only five retired judges shall serve as senior judges at any one time.

F. Nothing in this section shall be construed to increase the number of judges of the Court of Appeals provided for in § 17.1-400.

§ 51.1-303. Creditable service.

A. For those members in service on December 31, 1994, service as a judge shall be multiplied by a factor of 3.5, the weighted years of service factor, to calculate years of creditable service. To calculate years of creditable service for those members appointed or elected to an original term commencing on or after January 1, 1995, service as a judge shall be multiplied by the weighted years of service factor of 2.5. To calculate years of creditable service for those members appointed or elected to an original term commencing on or after July 1, 2010, the following formula shall be used: if (i) the member was less than 45 years old at the time he was appointed or elected to such original term, then service as a judge shall be multiplied by the weighted years of service factor of 1.5, (ii) the member was at least 45 years old but less than 55 years old at the time he was appointed or elected to such original term, then service as a judge shall be multiplied by the weighted years of service factor of 2.0, and (iii) the member was at least 55 years old at the time he was appointed or elected to such original term, then service as a judge shall be multiplied by the weighted years of service factor of 2.5. For purposes of this section, "original term" means the first term for which the member was appointed or elected to a position covered by the Judicial Retirement System.

B. Service qualifying for credit under the provisions of the Virginia Retirement System, the State Police Officers' Retirement System, and the Virginia Law Officers' Retirement System shall be included as creditable service for the purposes of this chapter, provided the requirements of those systems for crediting service have been complied with. Service purchased in accordance with the provisions of § 51.1-142.2 shall not be considered in determining the actuarial equivalent for early retirement nor shall it be considered twice in determining any disability allowance payable under this chapter.

C. If a member ceases to be a judge, has not received a refund of the accumulated contributions credited to his member's contribution account, and accepts employment in a position covered by a "retirement plan administered by the Virginia Retirement System" as defined under § 51.1-124.3, he shall be entitled to credit for his previous creditable service under this chapter. The amount of service transferred to the credit of the member in the Virginia Retirement System such other retirement plan shall not exceed the amount of credit which would provide a benefit of 78 percent of average final compensation determined on the assumption that the member was eligible for normal retirement as of the date of transfer and that he had elected no optional allowance. Future retirement rights shall be as provided in the Virginia Retirement System under the applicable retirement plan. However, the annual retirement allowance payable to such person accepting employment in a position covered by any other retirement plan administered by the Virginia Retirement System shall not exceed 78 percent of the person's average final compensation, unless the person has been credited with five or more years of creditable service under such other retirement plan for service performed after ceasing to be a judge. In no case shall the annual retirement allowance payable to such person exceed 100 percent of his average final compensation.

§ 51.1-306. Service retirement allowance.

A. Retirement allowance. - A member shall receive an annual retirement allowance, payable for life as follows:

1. Normal retirement. - The allowance shall equal 1.70 percent of his average final compensation multiplied by the amount of creditable service. ~~The allowance shall not exceed 78 percent of the average final compensation of the member.~~ Notwithstanding the foregoing, for a member appointed or elected to an original term commencing on or after January 1, 2013, the allowance shall equal the sum of (a) 1.65 percent of his average final compensation multiplied by the amount of his creditable service performed or purchased on or after January 1, 2013, and (b) 1.70 percent of his average final compensation multiplied by the amount of all other creditable service.

In no case shall the annual retirement allowance exceed 78 percent of the average final compensation of the member.

For retirements between October 1, 1994, and December 31, 1998, any judge who is a member or beneficiary of a retirement system administered by the Board shall receive an additional retirement allowance equal to three percent of the service retirement allowance payable under this section. Average final compensation attributable to service as Governor, Lieutenant Governor, Attorney General, or member of the General Assembly shall not be included in computing this additional retirement allowance.

2. Early retirement. - The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the member has not attained his sixtieth birthday or has less than 30 years of service, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on or after his sixtieth birthday on which he would have completed a total of 30 years of creditable service.

In no case shall the annual retirement allowance exceed 78 percent of the average final compensation of the member.

B. Normal and early retirement guarantees. - Any member who was a member of one of the previous systems immediately prior to July 1, 1970, and who would have been eligible for retirement benefits thereunder shall be guaranteed a minimum retirement allowance no less than that for which he would have qualified had he continued to participate therein.

C. Determination of retirement allowance. - For the purposes of subsection B of this section, the retirement allowance shall be determined on the assumption that the retirement allowance is payable to the member alone and that no optional retirement allowance is elected.

D. Beneficiary serving in position covered by this title. - If a beneficiary of a service retirement allowance under this chapter or under any of the previous systems is at any time in service as an employee in a position covered for retirement purposes under the provisions of this or any chapter other than Chapter 7 (§ 51.1-700 et seq.) of this title, his retirement allowance shall cease while so employed.

§ 51.1-308. Disability retirement allowance.

A. Allowance payable on retirement. - Upon retirement for disability, a member who has five or more years of creditable service shall receive an annual retirement allowance, ~~not to exceed 78 percent of his average final compensation,~~ payable during his lifetime and continued disability equal to 1.70 percent of average final compensation when multiplied by the smaller of (i) twice the amount of creditable service or (ii) the amount of creditable service he would have completed at age 60 if he had remained in service to that age. Notwithstanding the foregoing, for a member appointed or elected to an original term commencing on or after January 1, 2013, the allowance shall equal 1.65 percent of his average final compensation multiplied by the smaller of (a) twice the amount of his creditable service or (b) the amount of creditable service he would have completed at age 60 if he had remained in service to that age. If a member has already attained age 60, the amount of creditable service at his date of retirement shall be used.

In no case shall the annual retirement allowance exceed 78 percent of the average final compensation of the member.

B. Workers' compensation guarantee. - If a member retires for disability from a cause which is compensable under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.), the amount of the annual retirement allowance shall, subject to the provisions of subsection D, equal 66 and two-thirds percent of the member's average final compensation if the member does not qualify for primary social security benefits under the provisions of the Social Security Act in effect on the date of his retirement. If the member qualifies for primary social security benefits under the provisions of the Social Security Act in effect on the date of his retirement, the allowance payable from the retirement system shall equal 50 percent of his average final compensation. A member shall be entitled to the larger of the retirement allowance as determined under the provisions of subsection A of this section or under the provisions of this subsection.

C. General disability retirement guarantee. - The disability retirement allowance payable to a member who immediately prior to July 1, 1970, was a member of one of the previous systems shall be at least an amount equal to the disability retirement allowance to which he would have been entitled under the provisions of the previous system.

D. Determination of retirement allowance. - For the purposes of this section, the retirement allowance shall be determined on the assumption that the retirement allowance is payable to the member alone and that no optional retirement allowance is elected.

E. Reduction of allowance. - Any allowance payable to a member who retires for disability from a cause compensable under the Virginia Workers' Compensation Act shall be reduced by the amount of any payments under the provisions of the Act in effect on the date of retirement of the member and the excess of the allowance shall be paid to such member. When the time for compensation payments under the Act has elapsed, the member shall receive the full amount of the allowance payable during his lifetime and continued disability. If the member's payments under the Virginia Workers' Compensation

Act are adjusted or terminated for refusal to work or to comply with the requirements of § 65.2-603, his allowance shall be computed as if he were receiving the compensation to which he would otherwise be entitled.

F. Special retirement allowance guarantee. - Any member retired from a cause which is not compensable under the Virginia Workers' Compensation Act shall be guaranteed an annual retirement allowance during his lifetime and continued disability which equals 50 percent of the member's average final compensation if the member does not qualify for primary social security benefits under the provisions of the Social Security Act in effect on the date of his retirement. If the member qualifies for primary social security benefits under the provisions of the Social Security Act in effect on the date of retirement, the allowance payable from the retirement system shall equal 33 and one-third percent of his average final compensation.

2. That should any portion of this act be held unconstitutional by a court of competent jurisdiction, the remaining portions of this act shall remain in effect.

3. That an emergency exists and this act is in force from its passage.

CHAPTER 777

An Act to amend and reenact § 24.2-115 of the Code of Virginia, relating to officers of election; chief and assistant chief election officers.

[H 104]

Approved April 23, 2014

Be it enacted by the General Assembly of Virginia:

1. That § 24.2-115 of the Code of Virginia is amended and reenacted as follows:

§ 24.2-115. Appointment, qualifications, and terms of officers of election.

Each electoral board at its regular meeting in the first week of February of the year in which the terms of officers of election are scheduled to expire shall appoint officers of election. Their terms of office shall begin on March 1 following their appointment and continue, at the discretion of the electoral board, for a term not to exceed three years or until their successors are appointed.

Not less than three competent citizens shall be appointed for each precinct and, insofar as practicable, each officer shall be a qualified voter of the precinct he is appointed to serve, but in any case a qualified voter of the Commonwealth. In appointing the officers of election, representation shall be given to each of the two political parties having the highest and next highest number of votes in the Commonwealth for Governor at the last preceding gubernatorial election. The representation of the two parties shall be equal at each precinct having an ~~equal~~ *even* number of officers and shall vary by no more than one at each precinct having an odd number of officers. If practicable, officers shall be appointed from lists of nominations filed by the political parties entitled to appointments. The party shall file its nominations with the secretary of the electoral board at least 10 days before February 1 each year. The electoral board may appoint additional citizens who do not represent any political party to serve as officers ~~but not as the chief officer or the assistant chief officer~~. If practicable, no more than one-third of the total number of officers appointed for each precinct may be citizens who do not represent any political party.

Officers of election shall serve for all elections held in their respective precincts during their terms of office unless the electoral board decides that fewer officers are needed for a particular election, in which case party representation shall be maintained as provided above. For a primary election involving only one political party, persons representing the political party holding the primary shall serve as the officers of election if possible.

The electoral board shall designate one officer as the chief officer of election and one officer as the assistant for each precinct. The officer designated as the assistant for a precinct, whenever practicable, shall not represent the same political party as the chief officer for the precinct. *Notwithstanding any other provision of this section, where representatives for one or both of the two political parties having the largest number of votes for Governor in the last preceding gubernatorial election are unavailable, the electoral board may designate as the chief officer and the assistant chief officer citizens who do not represent any political party. In such case, the electoral board shall provide notice to representatives of both parties at least 10 days prior to the election that it intends to use nonaffiliated officers so that each party shall have the opportunity to provide additional nominations.* The electoral board may also appoint at least one officer of election who reports to the precinct at least one hour prior to the closing of the precinct and whose primary responsibility is to assist with closing the precinct and reporting the results of the votes at the precinct.

The electoral board shall instruct each chief officer and assistant in his duties not less than three nor more than 30 days before each election. Each electoral board may instruct each officer of election in his duties at an appropriate time or times before each November general election, and shall conduct training of the officers of election consistent with the standards set by the State Board pursuant to subsection B of § 24.2-103. Each electoral board shall certify to the State Board that such training has been conducted every four years.

If an officer of election is unable to serve at any election during his term of office, the electoral board may at any time appoint a substitute who shall hold office and serve for the unexpired term.

Additional officers shall be appointed in accordance with this section at any time that the electoral board determines that they are needed.

If practicable, substitute officers or additional officers appointed after the electoral board's regular meeting in the first week of February shall be appointed from lists of nominations filed by the political parties entitled to appointments. The electoral board shall inform the political parties of its decision to make such appointments and the party shall file its nominations with the secretary of the electoral board within five business days.

The secretary of the electoral board shall prepare a list of the officers of election that shall be available for inspection and posted in the general registrar's office prior to March 1 each year. Whenever substitute or additional officers are appointed, the secretary shall promptly add the names of the appointees to the public list. [H 285]

Approved April 23, 2014

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-253.4 and 19.2-81.3 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-253.4. Emergency protective orders authorized in certain cases; penalty.

A. Any judge of a circuit court, general district court, juvenile and domestic relations district court or magistrate may issue a written or oral ex parte emergency protective order pursuant to this section in order to protect the health or safety of any person.

B. When a law-enforcement officer or an allegedly abused person asserts under oath to a judge or magistrate, and on that assertion or other evidence the judge or magistrate (i) finds that a warrant for a violation of § 18.2-57.2 has been issued or issues a warrant for violation of § 18.2-57.2 and finds that there is probable danger of further acts of family abuse against a family or household member by the respondent or (ii) finds that reasonable grounds exist to believe that the respondent has committed family abuse and there is probable danger of a further such offense against a family or household member by the respondent, the judge or magistrate shall issue an ex parte emergency protective order, except if the respondent is a minor, an emergency protective order shall not be required, imposing one or more of the following conditions on the respondent:

1. Prohibiting acts of family abuse or criminal offenses that result in injury to person or property;

2. Prohibiting such contacts by the respondent with the allegedly abused person or family or household members of the allegedly abused person as the judge or magistrate deems necessary to protect the safety of such persons; and

3. Granting the family or household member possession of the premises occupied by the parties to the exclusion of the respondent; however, no such grant of possession shall affect title to any real or personal property.

When the judge or magistrate considers the issuance of an emergency protective order pursuant to clause (i), he shall presume that there is probable danger of further acts of family abuse against a family or household member by the respondent unless the presumption is rebutted by the allegedly abused person.

C. An emergency protective order issued pursuant to this section shall expire at 11:59 p.m. on the third day following issuance. If the expiration occurs on a day that the court is not in session, the emergency protective order shall be extended until 11:59 p.m. on the next day that the juvenile and domestic relations district court is in session. When issuing an emergency protective order under this section, the judge or magistrate shall provide the protected person or the law-enforcement officer seeking the emergency protective order with the form for use in filing petitions pursuant to § 16.1-253.1 and written information regarding protective orders that shall include the telephone numbers of domestic

violence agencies and legal referral sources on a form prepared by the Supreme Court. If these forms are provided to a law-enforcement officer, the officer may provide these forms to the protected person when giving the emergency protective order to the protected person. The respondent may at any time file a motion with the court requesting a hearing to dissolve or modify the order issued hereunder. The hearing on the motion shall be given precedence on the docket of the court.
