F. The existence or performance of an agreement authorized by this section shall not be a ground for imposing personal liability on any member for the acts or debts of the corporation even if the agreement or its performance treats the corporation as if it were a partnership or results in a failure to observe the corporate formalities otherwise applicable to the matters governed by the agreement.

G. Incorporators or subscribers for membership interests may act as members or directors with respect to an agreement authorized by this section if no members have been elected or appointed or, in the case of a corporation that has no members, no directors are elected or holding office when the agreement was made.

C. A director's consent may be withdrawn by a revocation signed by the director and delivered to the corporation prior to delivery to the corporation of unrevoked written consents signed by all the directors.

D. *Any person, whether or not then a director, may provide that a consent to action as a director shall be effective at a future time, including the time when an event occurs, but such future time shall not be more than 60 days after such provision is made. B. A foreign corporation or a foreign eligible entity may be a party to a merger with a domestic corporation or may be created pursuant to the terms of the plan of merger only if the merger is permitted by the laws under which the foreign corporation or eligible entity is organized or by which it is governed.

E. The plan of merger may also include a provision that the plan may be amended prior to the effective date of the certificate of merger, but if the members of a domestic corporation that is a party to the merger are required or permitted by any provision of this chapter to vote on the plan, the plan ~~must provide that, may not be amended~~ subsequent to approval of the plan by such members; ~~the plan may not be amended~~ to change any of the following unless such amendment is approved by the members:

**§ 13.1-895. Action on plan of merger.**

A. In the case of a domestic corporation that is a party to a merger, where the members of any merging corporation have voting rights the plan of merger shall be adopted by the board of directors. Except as provided in subsection F, after adopting a plan of merger, the board of directors shall submit the plan to the members for their approval.

The board of directors shall also transmit to the members a recommendation that the members approve the plan, unless the board of directors makes a determination that because of conflicts of interest or other special circumstances it should not make such a recommendation, in which case the board of directors shall transmit to the members the basis for that determination.

B. The board of directors may condition its submission of the plan of merger to the members on any basis.

C. If the plan of merger is required to be approved by the members, and if the approval is to be given at a meeting, the corporation shall notify each member, whether or not entitled to vote, of the meeting of members at which the plan is to be submitted for approval. The notice shall state that the purpose, or one of the purposes, of the meeting is to consider the plan and contain or be accompanied by a copy or summary of the plan. If the corporation is to be merged into an existing domestic or foreign corporation or eligible entity and its members are to receive membership or other interests in the surviving corporation or eligible entity, the notice shall also include or be accompanied by a copy or summary of the articles of incorporation or organic document of that corporation or eligible entity. If the corporation is to be merged into a domestic or foreign corporation or eligible entity that is to be created pursuant to the merger and its members are to receive membership or other interests in the surviving corporation or eligible entity, the notice shall include or be accompanied by a copy or a summary of the articles of incorporation or organic document of the new domestic or foreign corporation or eligible entity.

D. Unless the articles of incorporation or the board of directors acting pursuant to subsection B, requires a greater vote, the plan of merger to be authorized shall be approved by each voting group entitled to vote on the plan by more than two-thirds of all the votes cast by that voting group at a meeting at which a quorum of the voting group exists. The articles of incorporation may provide for a greater or lesser vote than that provided for in this subsection or a vote by separate voting groups so long as the vote provided for is not less than a majority of all the votes cast on the plan by each voting group entitled to vote on the transaction at a meeting at which a quorum of the voting group exists.

E. Separate voting by voting groups is required:

1. On a plan of merger by each class of members:

a. Whose membership interests are to be converted under the plan of merger into membership interests in a different domestic or foreign corporation, or eligible interests or other securities, obligations, rights to acquire membership interests, eligible interests or other securities, cash, other property, or any combination of the foregoing; or

b. Who would be entitled to vote as a separate group on a provision in the plan that, if contained in a proposed amendment to the articles of incorporation, would require action by separate voting groups under § 13.1-887.

2. On a plan of merger, if the voting group is entitled under the articles of incorporation to vote as a voting group to approve a plan of merger.

F. Unless the articles of incorporation otherwise provide, approval by the corporation's members of a plan of merger is not required if:

1. The corporation will survive the merger;

2. Except for amendments permitted by subsection B of § 13.1-885, its articles of incorporation will not be changed; and

3. Each person who is a member of the corporation immediately before the effective ~~date~~ *time* of the merger will retain the same membership interest with identical designation, preferences, limitations, and rights immediately after the effective ~~date~~ *time* of the merger.

G. Where any merging corporation has no members, or no members having voting rights, a plan of merger shall be adopted at a meeting of the board of directors of such corporation upon receiving the vote of a majority of the directors in office.

H. If as a result of a merger one or more members of a domestic corporation would become subject to owner liability for the debts, obligations, or liabilities of any other person or entity, approval of the plan of merger shall require the execution by each member of a separate written consent to become subject to such owner liability.

**§ 13.1-908.1. Other claims against dissolved corporation.**

A. A dissolved corporation may also (i) *deliver notice of its dissolution to any known claimant with a liability or claim that pursuant to subsection D of § 13.1-908 is not treated as a claim for purposes of § 13.1-908 and (ii) publish notice of its dissolution and one time in a newspaper of general circulation in the city or county where the dissolved corporation's principal office, or, if none in the Commonwealth, its registered office, is or was last located. [H 1886]

Approved March 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 33.2-1803 and 33.2-1820 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 33.2-1803.1 and 33.2-1803.2 as follows:**

**§ 33.2-1803. Approval by the responsible public entity.**

A. The private entity may request approval by the responsible public entity. Any such request shall be accompanied by the following material and information unless waived by the responsible public entity in its guidelines or other instructions given, in writing, to the private entity with respect to the transportation facility or facilities that the private entity proposes to develop and/or operate as a qualifying transportation facility:

1. A topographic map (1:2,000 or other appropriate scale) indicating the location of the transportation facility or facilities;
2. A description of the transportation facility or facilities, including the conceptual design of such facility or facilities and all proposed interconnections with other transportation facilities;
3. The proposed date for development and/or operation of the transportation facility or facilities along with an estimate of the life-cycle cost of the transportation facility as proposed;
4. A statement setting forth the method by which the private entity proposes to secure any property interests required for the transportation facility or facilities;
5. Information relating to the current transportation plans, if any, of each affected locality or public entity;
6. A list of all permits and approvals required for developing and/or operating improvements to the transportation facility or facilities from local, state, or federal agencies and a projected schedule for obtaining such permits and approvals;
7. A list of public utility's, locality's, or political subdivision's facilities, if any, that will be crossed by the transportation facility or facilities and a statement of the plans of the private entity to accommodate such crossings;
8. A statement setting forth the private entity's general plans for developing and/or operating the transportation facility or facilities, including identification of any revenue, public or private, or proposed debt or equity investment or concession proposed by the private entity;
9. The names and addresses of the persons who may be contacted for further information concerning the request;
10. Information on how the private entity's proposal will address the needs identified in the appropriate state, regional, or local transportation plan by improving safety, reducing congestion, increasing capacity, enhancing economic efficiency, or any combination thereof; ~~and~~
11. *A statement of the risks, liabilities, and responsibilities to be transferred, assigned, or assumed by the private entity for the development and/or operation of the transportation facility, including revenue risk and operations and maintenance; and*

12. Such additional material and information as the responsible public entity may reasonably request pursuant to its guidelines or other written instructions.

B. The responsible public entity may request proposals from private entities for the development and/or operation of transportation facilities *subject to the following:*

1. *For transportation facilities where the Department of Transportation or the Department of Rail and Public Transportation is the responsible public entity, the Transportation Public-Private Partnership Advisory Committee established pursuant to § 33.2-1803.2 has determined that moving forward with the development and/or operation of the facility pursuant to this article serves the public interest.*

2. *A finding of public interest pursuant to § 33.2-1803.1 has been issued by the responsible public entity.*

3. The responsible public entity shall not charge a fee to cover the costs of processing, reviewing, and evaluating proposals received in response to such requests.

C. The responsible public entity may grant approval of the development and/or operation of the transportation facility or facilities as a qualifying transportation facility if the responsible public entity determines that it serves the public purpose

of this chapter. The responsible public entity may determine that the development and/or operation of the transportation facility or facilities as a qualifying transportation facility serves such public purpose if:

1. There is a public need for the transportation facility or facilities the private entity proposes to develop and/or operate as a qualifying transportation facility;

2. The transportation facility or facilities and the proposed interconnections with existing transportation facilities, and the private entity's plans for development and/or operation of the qualifying transportation facility or facilities, are, in the opinion of the responsible public entity, reasonable and will address the needs identified in the appropriate state, regional, or local transportation plan by improving safety, reducing congestion, increasing capacity, enhancing economic efficiency, or any combination thereof;

3. The estimated cost of developing and/or operating the transportation facility or facilities is reasonable in relation to similar facilities; ~~and~~

4. The private entity's plans will result in the timely development and/or operation of the transportation facility or facilities or their more efficient operation; *and*

5. *The risks, liabilities, and responsibilities transferred, assigned, or assumed by the private entity provide sufficient benefits to the public to not proceed with the development and/or operation of the transportation facility through other means of procurement available to the responsible public entity.*

In evaluating any request, the responsible public entity may rely upon internal staff reports prepared by personnel familiar with the operation of similar facilities or the advice of outside advisors or consultants having relevant experience.

*D. The responsible public entity shall not enter into a comprehensive agreement unless the chief executive officer of the responsible public entity certifies in writing to the Governor and the General Assembly that the transfer, assignment, and assumption of risks, liabilities, and permitting responsibilities or the mitigation of revenue risk by the private sector enumerated in the finding of public interest issued pursuant to § 33.2-1803.1 have not materially changed since the finding was issued and the finding of public interest is still valid. Changes to the project scope that do not impact the assignment of risks or liabilities or the mitigation of revenue risk shall not be considered material changes to the finding of public interest, provided that such change was presented in a public meeting to the Commonwealth Transportation Board, other state board, or the governing body of a locality, as appropriate.*

*E. The responsible public entity may charge a reasonable fee to cover the costs of processing, reviewing, and evaluating the request submitted by a private entity pursuant to subsection A, including reasonable attorney fees and fees for financial and other necessary advisors or consultants. The responsible public entity shall also develop guidelines that establish the process for the acceptance and review of a proposal from a private entity pursuant to subsections A and B. Such guidelines shall establish a specific schedule for review of the proposal by the responsible public entity, a process for alteration of that schedule by the responsible public entity if it deems that changes are necessary because of the scope or complexity of proposals it receives, the process for receipt and review of competing proposals, and the type and amount of information that is necessary for adequate review of proposals in each stage of review. For qualifying transportation facilities that have approved or pending state and federal environmental clearances, have secured significant right-of-way, have previously allocated significant state or federal funding, or exhibit other circumstances that could reasonably reduce the amount of time to develop and/or operate the qualifying transportation facility in accordance with the purpose of this chapter, the guidelines shall provide for a prioritized documentation, review, and selection process.*

~~F.~~ *F. The approval of the responsible public entity shall be subject to the private entity's entering into an interim agreement or a comprehensive agreement with the responsible public entity. For any project with an estimated construction cost of over \$50 million, the responsible public entity also shall require the private entity to pay the costs for an independent audit of any and all traffic and cost estimates associated with the private entity's proposal, as well as a review of all public costs and potential liabilities to which taxpayers could be exposed (including improvements to other transportation facilities that may be needed as a result of the proposal, failure by the private entity to reimburse the responsible public entity for services provided, and potential risk and liability in the event the private entity defaults on the comprehensive agreement or on bonds issued for the project). This independent audit shall be conducted by an independent consultant selected by the responsible public entity, and all such information from such review shall be fully disclosed.*

~~F.~~ *G. In connection with its approval of the development and/or operation of the transportation facility or facilities as a qualifying transportation facility, the responsible public entity shall establish a date for the acquisition of or the beginning of construction of or improvements to the qualifying transportation facility. The responsible public entity may extend such date.*

~~G.~~ *H. The responsible public entity shall take appropriate action, as more specifically set forth in its guidelines, to protect confidential and proprietary information provided by the private entity pursuant to an agreement under subdivision 11 of § 2.2-3705.6.*

~~H.~~ *I. The responsible public entity may also apply for, execute, and/or endorse applications submitted by private entities to obtain federal credit assistance for qualifying projects developed and/or operated pursuant to this chapter.*

**§ 33.2-1803.1. Finding of public interest.**

*A. Prior to the initiation of a procurement pursuant to § 33.2-1803, the chief executive officer of the responsible public entity shall make a finding of public interest. Such finding shall include information set forth in subsection B.*

*B. At a minimum, a finding of public interest shall contain the following information:*

1. A description of the benefits expected to be realized by the responsible public entity through the use of this chapter compared with the development and/or operation of the transportation facility through other options available to the responsible public entity.

2. A statement of the risks, liabilities, and responsibilities to be transferred, assigned, or assumed by the private entity, which shall include the following:

a. A discussion of whether revenue risk will be transferred to the private entity and the degree to which any such transfer may be mitigated through other provisions in the interim or comprehensive agreements;

b. A description of the risks, liabilities, and responsibilities to be retained by the responsible public entity; and

c. Other items determined appropriate by the responsible public entity in the guidelines for this chapter.

3. The determination of whether the project has a high, medium, or low level of project delivery risk and a description of how such determination was made. If the qualifying transportation facility is determined to contain high risk, a description of how the public's interest will be protected through the transfer, assignment, or assumption of risks or responsibilities by the private entity in the event that issues arise with the development and/or operation of the qualifying transportation facility.

4. If the responsible public entity proposes to enter into an interim or comprehensive agreement pursuant to subdivision 2 of § 33.2-1819, information and the rationale demonstrating that proceeding in this manner is more beneficial than proceeding pursuant to subdivision 1 of § 33.2-1819.

**§ 33.2-1803.2. Transportation Public-Private Partnership Advisory Committee.**

A. Procurement pursuant to § 33.2-1803 shall be initiated by the Department of Transportation or the Department of Rail and Public Transportation only after the Transportation Public-Private Partnership Advisory Committee (the Committee) has determined that the development and/or operation of the transportation facility or facilities as a qualifying transportation facility serves the public interest pursuant to § 33.2-1803.1. The determination shall be evidenced by an affirmative vote of a majority of the members of the Committee.

B. The Committee is established and shall consist of the following members:

1. Two members of the Commonwealth Transportation Board;

2. The staff director of the House Committee on Appropriations, or his designee, and the staff director of the Senate Committee on Finance, or his designee;

3. A Deputy Secretary of Transportation;

4. The chief financial officer of either the Department of Transportation or the Department of Rail and Public Transportation, as appropriate; and

5. A nonagency public financial expert, as selected by the Secretary of Transportation.

C. Meetings of the Committee shall be open to the public, and meetings will be scheduled on an as-needed basis. However, at a minimum, public notice shall be posted at least 30 days prior to a meeting of the Committee.

D. The Committee shall, within 10 business days of any meeting, report whether or not the projects evaluated at such meeting have been found to serve the public interest. Such report shall be made to the Chairmen of the House and Senate Committees on Transportation, the House Committee on Appropriations, and the Senate Committee on Finance.

**§ 33.2-1820. Posting of conceptual proposals; public comment; public access to procurement records.**

A. Conceptual proposals submitted in accordance with subsection A or B of § 33.2-1803 to a responsible public entity shall be posted by the responsible public entity within 10 working days after acceptance of such proposals as follows:

1. For responsible public entities that are state agencies, authorities, departments, institutions, and other units of state government, posting shall be on the Department of General Services' central electronic procurement website. For proposals submitted pursuant to subsection A of § 33.2-1803, the notice posted shall (i) provide for a period of 120 days for the submission of competing proposals; (ii) include specific information regarding the proposed nature, timing, and scope of the qualifying transportation facility; and (iii) outline the opportunities that will be provided for public comment during the review process; and

2. For responsible public entities that are local public bodies, posting shall be on the responsible public entity's website or on the Department of General Services' central electronic procurement website. In addition, such public bodies may publish in a newspaper of general circulation in the area in which the contract is to be performed a summary of the proposals and the location where copies of the proposals are available for public inspection. Such local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

In addition to the posting requirements, at least one copy of the proposals shall be made available for public inspection. The court may also, upon finding that the person holding the title must release it, award reasonable attorney fees, expenses, and costs incurred by the purchaser in making the petition to the court.

Any dealer transferring an all-terrain vehicle or off-road motorcycle titled under this title shall assign the title to the new owner or, in the case of a new all-terrain vehicle or off-road motorcycle, assign the certificate of origin.

For the purposes of this subsection, "appurtenance" includes (i) an awning and its support hardware and (ii) any appendage that is installed by the manufacturer or dealer intended to be an integral part of a motor home or travel trailer, but does not include any item that is temporarily attached to the exterior of the vehicle by the vehicle's owner for the purposes of transporting the item from one location to another.

Any such permit may designate the route to be traversed and contain any other restrictions or conditions deemed necessary by the body granting the permit.

A1. Any city or town, as authorized under subsection A, or any county that has withdrawn its roads from the secondary system of state highways that opts to issue permits under this article shall enter into a memorandum of understanding with the Commissioner that:

Each locality shall define "standard vehicle" and "standard permit" and provide the Department with those definitions. All other requests for permits shall be processed within 10 business days.
  - h. The locality shall retain for at least 36 months all permit data it collects.
  - i. The locality shall maintain an updated list of all maintenance and construction projects within that locality. The list shall provide starting and ending locations and dates for each project, and shall be updated as those dates change.
  - j. The locality shall maintain a list of restricted streets. This list shall indicate all times of travel restrictions, oversize restrictions, and weight restrictions for streets within the locality's jurisdiction.

If the locality satisfies the requirements in the memorandum of understanding, the locality may issue permits under this article.

B. Except for permits issued under § 46.2-1141 for overweight vehicles transporting containerized freight and permits issued for overweight vehicles transporting irreducible loads, no overweight permit issued by the Commissioner or any local authority under any provision of this article shall be valid for the operation of any vehicle on an interstate highway if the vehicle has:

Violation of terms and conditions of any permit issued under this article shall not invalidate the weight allowed on such permit unless (i) the permit vehicle is operating off the route listed on the permit, (ii) the vehicle has fewer axles than required by the permit, (iii) the vehicle has less axle spacing than required by the permit when measured longitudinally from the center of the axle to center axle with any fraction of a foot rounded to the next highest foot, or (iv) the vehicle is transporting multiple items not allowed by the permit.

2. Any multi-trip permit authorizing the applicant to operate on a highway a vehicle of a size or weight exceeding the maximum specified in this title may be transferred to another vehicle no more than two times in a 12-month period, provided that the vehicle to which the permit is transferred is subject to all the limitations set forth in the permit as originally issued. The applicant shall pay the Department an administrative fee of \$10 for each transfer.

E. Any permit issued by the Commissioner or local authorities pursuant to state law may be restricted so as to prevent travel on any federal-aid highway if the continuation of travel on such highway would result in a loss of federal-aid funds. Before any such permit is restricted by the Commissioner, or local authority, written notice shall be given to the permittee.

F. When application is made for permits issued by the Commissioner as well as local authorities, any fees imposed therefor by the Commissioner as well as all affected local authorities may be paid by the applicant, at the applicant's option, to the Commissioner, who shall promptly transmit the local portion of the total fee to the appropriate locality or localities.

G. Engineering analysis, performed by the ~~Virginia~~ Department of Transportation or local authority, shall be conducted of a proposed routing before the Commissioner or local authority issues any permit under this section when such analysis is required to promote safety and preserve the capacity and structural integrity of highways and bridges. The Commissioner or local authority shall not issue a permit when the ~~Virginia~~ Department of Transportation or local authority determines that the roadway and bridges to be traversed cannot sustain a vehicle's size and weight.

A temporary supplemental license for sale of used motor vehicles may be issued only for the county, city, or town in which the dealer is licensed pursuant to § 46.2-1510, or for a contiguous county, city, or town. Temporary licenses may be issued without regard to the foregoing geographic restrictions where the dealer operating under a temporary license provides notice by certified mail, at least 30 days before any proposed sale under a temporary license, to all other dealers licensed in the jurisdiction in which the sale will occur of the intent to conduct a sale and permits any locally licensed dealer who wishes to do so to participate in the sale on the same terms as the dealer operating under the temporary license. Any locally licensed dealer who chooses to participate in the sale must obtain a temporary supplemental license for the sale pursuant to this section. The dealer operating under a temporary license shall provide to the Board a copy of the notice required under this section and a list of the dealers to whom the notice was distributed.

A temporary supplemental license may be issued for the sale of boat trailers at a boat show. Any such license shall be valid for no more than 14 days. Application for such a license shall be made and such license obtained prior to the opening of the show. Temporary supplemental licenses for sale of boat trailers at boat shows may be issued for any boat show located anywhere in the Commonwealth without notification of or approval by other boat trailer dealers.

**§ 46.2-1518. Display of salesperson's license; notice on termination.**

No salesperson shall be employed by more than one dealer, unless the dealers are owned by the same person.

Each dealer shall post and maintain in a place conspicuous to the public a list of salespersons employed.

Each salesperson, *factory representative, and distributor representative* shall carry his license when engaged in his business and shall display it on request.

Each dealer shall notify the Board in writing not later than the tenth day following the month of the termination of any licensed salesperson's employment. In lieu of written notification, the license of the terminated salesperson may be returned to the Board annotated "terminated" on the face of the license and signed and dated by the dealer-operator, owner, or officer.

**§ 46.2-1519. License and registration fees; additional to other licenses and fees required by law.**

A. The fee for each license and registration year or part thereof shall be determined by the Board, subject to the following:

1. For motor vehicle dealers, not more than \$300 for each principal place of business, plus not more than \$40 for each supplemental license.

2. For motor vehicle salespersons, not more than \$50.

3. For motor vehicle dealers licensed in other states, but not in ~~Virginia~~ *the Commonwealth, who sell motor vehicles at wholesale auctions*, not more than \$100.

4. For *manufactured home dealers*, not more than \$100.

5. For *watercraft trailer dealers*, not more than \$100.

The determination of fees by the Board under this subsection shall not be subject to the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

B. The licenses, registrations, and fees required by this chapter are in addition to licenses, taxes, and fees imposed by other provisions of law and nothing contained in this chapter shall exempt any person from any license, tax, or fee imposed by any other provision of law.

C. The fee for issuance to a nonprofit organization of a certificate pursuant to subsection B of § 46.2-1508.1 shall be \$25 per year or any part thereof.

D. No nonprofit organization granted a certificate pursuant to subsection B of § 46.2-1508.1 shall, either orally or in writing, assign a value to any donated vehicle for the purpose of establishing tax deduction amounts on any federal or state income tax return.

E. The Board may authorize discounts and other incentives to encourage licensees to conduct transactions with the Board (i) by means of electronic technologies and (ii) for multi-year periods.

F. The fee for reprinting licenses, certificates, and registrations shall be \$10 for each reprint.

G. The fee for reinstating a license, certificate, or registration that has been suspended shall be \$50.

H. *The fee for each license and registration year or part thereof for each motor vehicle manufacturer, factory branch, distributor, and distributor branch shall be \$100 and shall be paid to the Department.*

**§ 46.2-1521. Issuance, expiration, and renewal of licenses and certificates of registration.**

A. All licenses and certificates of registration issued under this chapter shall be issued for a period of 12 consecutive months except, at the discretion of the ~~Board~~ *issuing agency*, the periods may be adjusted as is necessary to distribute the licenses and certificates as equally as practicable on a monthly basis. The expiration date shall be the last day of the twelfth month of validity or the last day of the designated month. Every license and certificate of registration shall be renewed annually on application by the licensee or registrant and by payment of fees required by law, the renewal to take effect on the first day of the succeeding month.

B. Licenses and certificates of registration issued under this chapter shall be deemed not to have expired if the renewal application and required fees as set forth in this subsection are received by the ~~Board~~ *issuing agency* or postmarked not more than 30 days after the expiration date of such license or certificate of registration. Whenever the renewal application is received by the ~~Board~~ *issuing agency* or postmarked no more than 30 days after the expiration date of such license or certificate of registration, the license fees shall be 150 percent of the fees provided for in § 46.2-1519.

C. For dealers and salespersons who have served outside of the United States in the armed services of the United States, licenses and certificates issued under this chapter shall be deemed not to have expired if the renewal application and required fees as set forth in § 46.2-1519 are received by the ~~Board~~ *issuing agency* or postmarked not more than 60 days from the date they are no longer serving outside the United States and they have:

1. Held a valid license or certificate issued by the ~~Board~~ *issuing agency* at the time the person began service in the armed forces outside of the United States;
2. Not performed sales activities during the period of the person's military service; and
3. Submitted to the ~~Board~~ *issuing agency* orders or other military documentation demonstrating that they have served outside of the United States in the armed services of the United States and it has been less than 61 days from the date they are no longer serving outside the United States.

Prior to renewing a license or certificate under this subsection, the applicant shall notify the ~~Board~~ *issuing agency* of their intentions and verify that they are in compliance with all other requirements established by the ~~Board~~ *issuing agency* and set forth in this title.

D. The ~~Board~~ *issuing agency* may offer an optional multiyear license. When such option is offered and chosen by the licensee, all annual and 12-month fees due at the time of licensing shall be multiplied by the number of years or fraction thereof for which the license will be issued.

E. The Board may issue a salesperson's license to an applicant, as required by § 46.2-1508, even though the applicant is not employed by a motor vehicle dealer if (i) the applicant has been certified pursuant to § 46.2-1512 and is employed by a person that has contracted in writing with a dealer or dealers to provide temporary personnel for the sale of products and services to include but not be limited to providing payment, financing and leasing alternatives; and offering and selling extended service agreements, prepaid maintenance agreements, and similar products and services that are sold in connection with the sale of a vehicle; provided, however, that such persons do not negotiate for the sale of the vehicle but may complete the required paperwork for the sale of the vehicle in addition to the other products and services being offered or to provide training to salespersons employed by a dealer, and (ii) the applicant meets the other qualifications to be licensed as a salesperson under this chapter. The requirements of §§ 46.2-1518 and 46.2-1537 shall not apply to any such salesperson so licensed, provided that any salesperson so licensed:

1. May only act as a salesperson for a dealer who has a contract with the salesperson's employer as provided in this subsection;
2. Shall carry his license when engaged in business and shall display it upon request; and
3. Need not be the person who signs the buyer's order on behalf of the dealer, but the name of that salesperson shall be listed on the buyer's order in any transaction in which the salesperson engages.

**§ 46.2-1527.1. Motor Vehicle Transaction Recovery Fund established.**

A. All fees in this article shall be deposited in the Motor Vehicle Transaction Recovery Fund, ~~hereinafter~~ referred to in this article as "the Fund." The Fund shall be a special fund in the state treasury to pay claims against the Fund and for no other purpose, provided that any such payment does not result in a negative balance of the Fund, except the Board may expend moneys for the administration of this article up to the maximum amount authorized for consumer assistance in the general appropriation act, provided the amount expended for administration does not result in a balance of the Fund of less than \$250,000. The Fund shall be used to satisfy unpaid judgments, as provided for in § 46.2-1527.3. Any interest income shall accrue to the Fund. The Board shall maintain an accurate record of all transactions involving the Fund. The Board may levy a special assessment on all dealers participating in the Fund to pay claims against the Fund and to maintain a minimum Fund balance that is in its judgment adequate. The Board may choose to await a positive balance in the Fund to pay claims ready for payment in chronological order, provided such claims do not go unpaid for more than 60 days.

B. Every applicant renewing a motor vehicle dealer's license shall pay, in addition to other license fees, an annual Fund fee of \$100, and every applicant for a motor vehicle salesperson's license shall pay, in addition to other license fees, an annual Fund fee of \$10, prior to license issue. However, annual Fund renewal fees from salespersons shall not exceed \$100 per year from an individual dealer. These fees shall be deposited in the Motor Vehicle Transaction Recovery Fund. *Any salesperson licensed by the Department and having never paid such a fee prior to July 1, 2015, shall be exempt from this subsection.*

C. Applicants for an original motor vehicle dealer's license shall pay an annual Fund fee of \$350 each year for three consecutive years. During this period, the \$350 Fund fee will take the place of the annual \$100 Fund fee.

D. In addition to the \$350 annual fee, applicants for an original dealer's license shall have a \$50,000 bond pursuant to § 46.2-1527.2 for three consecutive years. Only those renewing licensees who have not been the subject of a claim against their bond or against the Fund for three consecutive years shall pay the annual \$100 fee and will no longer be required to pay the \$350 annual fee or hold the \$50,000 bond. *Any salesperson licensed by the Department and having never paid such fee prior to July 1, 2015, shall be exempt from this subsection.*

E. In addition to other license fees, applicants for an original Certificate of Dealer Registration or its renewal shall pay a Fund fee of \$60.

F. The Board may suspend or reinstate collection of Fund fees.

G. ~~The provisions of this section shall not apply to manufactured home dealers as defined in § 36-85-16, T&M vehicle dealers as defined in § 46.2-1900, trailer dealers as defined in § 46.2-1992, motorcycle dealers as defined in § 46.2-1993, and or nonprofit organizations issued certificates pursuant to subsection B of § 46.2-1508.1.~~

H. The provisions of this section shall not apply to applicants for the renewal of a motor vehicle dealer's license where such applicants have not been the subject of a claim against a bond issued pursuant to § 46.2-1527.2 or against the Fund for three years and such applicants elect to maintain continuous bonding pursuant to Article 3.2 (§ 46.2-1527.9 et seq.). Such applicants shall not participate in the Fund and shall be exempt from the payment of any Fund fees.

I. *The provisions of this article shall not apply to any recreational vehicle, trailer, or motorcycle dealer licensed by the Department prior to July 1, 2015.*

**§ 46.2-1527.2. Bonding requirements for applicants for an original license.**

Before the Board shall issue to an applicant an original license, the applicant shall obtain and file with the Board a bond in the amount of \$50,000. The bond shall come from a corporate surety licensed to do business in the Commonwealth and approved by the Attorney General. The bond shall be conditioned on a statement by the applicant that the applicant will not practice fraud, make any fraudulent representation, or violate any provision of this chapter in the conduct of the applicant's business. The Board may, without holding a hearing, suspend the dealer's license during the period that the dealer does not have a sufficient bond on file.

If a person suffers any of the following: (i) loss or damage in connection with the purchase or lease of a motor vehicle by reason of fraud practiced on him or fraudulent representation made to him by a licensed motor vehicle dealer or one of the dealer's salespersons acting within his scope of employment, (ii) loss or damage by reason of the violation by a dealer or salesperson of any provision of this chapter in connection with the purchase or lease of a motor vehicle, or (iii) loss or damage resulting from a breach of an extended service contract *as defined by § 59.1-435 entered into on or after the effective date of this act April 8, 1994; as defined by § 59.1-435*, that person shall have a claim against the dealer and the dealer's bond, and may recover such damages as may be awarded to such person by final judgment of a court of competent jurisdiction against the dealer as a proximate result of such loss or damage up to but not exceeding \$25,000, from such surety, who shall be subrogated to the rights of such person against the dealer or salesperson. The liability of such surety shall be limited to actual damages and attorney fees; and shall not include any punitive damages assessed against the dealer or salesperson. ~~Effective January 1, 2013, and on~~ *On January 1 of each year thereafter*, the amount ~~which that~~ may be awarded against such bond to any person as a result of loss or damage to that person as provided in this section shall be increased by the percentage increase over the most recently available unadjusted 12-month period in the Consumer Price Index for used ~~cars and trucks~~ *motor vehicles*, as published by the U.S. Bureau of Labor Statistics or any successor index. In the event that this index decreases over any such 12-month period, there shall be no change in the amount that may be awarded.

In those cases in which a dealer's surety shall be liable pursuant to this section, the surety shall be liable only for the first \$50,000 in claims against the dealer. Thereafter, the Fund shall be liable for amounts in excess of the bond up to the amount that may be paid out of the Fund, less the amount of the bond, in those cases in which the Fund itself may be liable. The aggregate liability of the dealer's surety to any and all persons, regardless of the number of claims made against the bond or the number of years the bond remains in force, shall in no event exceed \$50,000.

The dealer's surety shall notify the Board when a claim is made against a dealer's bond, when a claim is paid and when the bond is cancelled. Such notification shall include the amount of a claim and the circumstances surrounding the claim. Notification of cancellation shall include the effective date and reason for cancellation. The bond may be cancelled as to future liability by the dealer's surety upon 30 days' notice to the Board.

**§ 46.2-1527.3. Recovery from Fund, generally.**

Except as otherwise provided in this chapter, whenever any person is awarded a final judgment in a court of competent jurisdiction in the Commonwealth for (i) any loss or damage in connection with the purchase or lease of a motor vehicle by reason of any fraud practiced on him or fraudulent representation made to him by a licensed or registered motor vehicle

dealer participating in the Motor Vehicle Transaction Recovery Fund or one of a dealer's salespersons acting for the dealer or within the scope of his employment or (ii) any loss or damage by reason of the violation by a dealer or salesperson participating in the Motor Vehicle Transaction Recovery Fund of any of the provisions of this chapter ~~in connection with the purchase of a motor vehicle on or after January 1, 1989, or the lease of a motor vehicle on or after October 1, 1998,~~ the judgment creditor may file a verified claim with the Board, requesting payment from the Fund of the amount unpaid on the judgment subject to the following conditions:

1. The claim shall be filed with the Board no sooner than 30 days and no later than 12 months after the judgment becomes final along with the evidence of compliance with subdivision 3 below.

2. The Board shall consider for payment claims submitted by retail purchasers of motor vehicles, and for purchases of motor vehicles by licensed or registered motor vehicle dealers who contribute to the Fund. The Board shall also consider for payment claims submitted by lessees of motor vehicles leased ~~on or after October 1, 1998,~~ from licensed or registered motor vehicle dealers who contribute to the Fund.

3. If the final judgment from a court of competent jurisdiction includes, as part of the judgment, an award of attorney fees and court costs, the Fund may include those in its payment of the claim if (i) the claimant had previously submitted to the trial court a detailed and itemized affidavit by counsel for the judgment creditor seeking such fees and costs, including a breakdown of the hours worked and the subject matter of those hours; (ii) said itemized affidavit formed the basis of the court's award of such fees; and (iii) a copy of such affidavit is provided to the Board with the judgment creditor's claim. If the award of attorney fees and costs by the trial court was not based on a detailed and itemized affidavit from counsel for the judgment creditor with a breakdown of the hours worked, then the Board may review and limit any claim for attorney fees to those attorney fees directly attributable to that portion of the final judgment that is determined to be a compensable claim by the Board against the Fund, and the Board may require a detailed itemization from counsel before considering such claim for attorney fees.

#### **§ 46.2-1527.5. Limitations on recovery from Fund.**

The maximum claim of one judgment creditor against the Fund based on an unpaid final judgment arising out of any loss or damage by reason of a claim submitted under § 46.2-1527.2 or 46.2-1527.3 involving a single transaction shall be limited to \$25,000, including any amount paid from the dealer's surety bond, regardless of the amount of the unpaid final judgment of one judgment creditor. ~~Effective January 1, 2013, and on~~ On January 1 of each year ~~thereafter,~~ the amount that may be awarded to any person as a result of loss or damage to that person as provided in this section shall be increased by the percentage increase over the most recently available unadjusted 12-month period in the Consumer Price Index for used ~~cars and trucks~~ motor vehicles, as published by the U.S. Bureau of Labor Statistics or any successor index. In the event that this index decreases over any such 12-month period, there shall be no change in the amount which may be awarded.

The aggregate of claims against the Fund based on unpaid final judgments arising out of any loss or damage by reason of a claim submitted under § 46.2-1527.3 involving more than one transaction shall be limited to four times the amount that may be awarded to a single judgment creditor, regardless of the total amounts of the unpaid final judgments of judgment creditors.

However, aggregate claims against the Fund under § 46.2-1527.2 shall be limited to the amount that may be paid out of the Fund under the preceding paragraph less the amount of the dealer's bond and then only after the dealer's bond has been exhausted.

If a claim has been made against the Fund, and the Board has reason to believe that there may be additional claims against the Fund from other transactions involving the same licensee or registrant, the Board may withhold any payment from the Fund involving the licensee or registrant for a period not to exceed the end of the relevant license or registration period. After this period, if the aggregate of claims against the licensee or registrant exceeds the aggregate amount that may be paid from the Fund under this section, then such amount shall be prorated among the claimants and paid from the Fund in proportion to the amounts of their unpaid final judgments against the licensee or registrant.

However, claims against motor vehicle dealers and salespersons participating in the Motor Vehicle Transaction Recovery Fund pursuant to § 46.2-1527.2 shall be prorated when the aggregate exceeds \$50,000. Claims shall be prorated only after the dealer's \$50,000 bond has been exhausted.

On receipt of a verified claim filed against the Fund, the Board shall forthwith notify the licensee or registrant who is the subject of the unpaid judgment that a verified claim has been filed and that the licensee or registrant should satisfy the judgment debt. If the judgment debt is not fully satisfied 30 days following the date of the notification by the Board, the Board shall make payment from the Fund subject to the other limitations contained in this article.

Excluded from the amount of any unpaid final judgment on which a claim against the Fund is based shall be any sums representing (i) interest, (ii) punitive damages, and (iii) exemplary damages. Awards from the Fund shall be limited to reimbursement of costs paid to the dealer for all charges related to the vehicle including without limitation, the sales price, taxes, insurance, and repairs; other out of pocket costs related to the purchase, insuring and registration of the vehicle, and to the loss of use of the vehicle by the purchaser.

If at any time the Fund is insufficient to fully satisfy any claims or claim filed with the Board and authorized by this article, the Board shall pay such claims, claim, or portion thereof to the claimants in the order that the claims were filed with the Board. However, claims by retail purchasers shall take precedence over other claims.

#### **§ 46.2-1527.10. Recovery on bond.**

With respect to a motor vehicle dealer electing continuous bonding under § 46.2-1527.9, whenever any person is awarded a final ~~judgement~~ *judgment* in a court of competent jurisdiction in the Commonwealth against the dealer for (i) any loss or damage in connection with the purchase or lease of a motor vehicle by reason of fraud practiced on him or fraudulent representation made to him by the dealer or one of the dealer's salespersons acting within the scope of his employment, (ii) any loss or damage by reason of the violation by the dealer or salesperson of any provision of this chapter in connection with the purchase or lease of a motor vehicle, or (iii) any loss or damage resulting from a breach of an extended service contract, as defined in § 59.1-435, entered into on or after July 1, 2003, the ~~judgement~~ *judgment* creditor shall have a claim against the dealer bond for such damages as may be awarded such person in final ~~judgement~~ *judgment* and unpaid by the dealer, and may recover such unpaid damages up to but not exceeding the maximum liability of the surety as set forth in § 46.2-1527.9 from the surety who shall be subrogated to the rights of such person against the dealer or salesperson. The liability of such surety shall be limited to actual damages and ~~attorneys'~~ *attorney* fees assessed against the dealer or salesperson as part of the underlying ~~judgement~~ *judgment* but this section does not authorize the award of ~~attorneys'~~ *attorney* fees in the underlying ~~judgement~~ *judgment*. The liability of such surety shall not include any sums representing interest or punitive or exemplary damages assessed against the dealer or salesperson.

The dealer's surety shall notify the Board when a claim is made against a dealer's bond, when a claim is paid, and when the bond is cancelled. Such notification shall include the amount of claim and the circumstances surrounding the claim. Notification of cancellation shall include the effective date and reason for cancellation. The bond may be cancelled as to future liability by the dealer's surety upon 30 days' notice to the Board.

**§ 46.2-1529. Dealer records.**

All dealer records regarding employees; lists of vehicles in inventory for sale, resale, or on consignment; vehicle purchases, sales, trades, and transfers of ownership; collections of taxes; titling, uninsured motor vehicle, and registration fees; odometer disclosure statements; records of permanent dealer registration plates assigned to the dealer and temporary transport plates and temporary certificates of ~~ownership~~ *registration*; proof of safety inspections performed on vehicles sold at retail; and other records required by the Department or the Board shall be maintained on the premises of the licensed location. The Board may, on written request by a dealer, permit his records to be maintained at a location other than the premises of the licensed location for good cause shown. All dealer records shall be preserved in original form or in film, magnetic, or optical media (, including ~~but not limited to~~ microfilm, microfiche, or other electronic media), for a period of five years in a manner that permits systematic retrieval. Certain records may be maintained on a computerized record-keeping system with the prior approval of the Board.

**§ 46.2-1529.1. Sales of used motor vehicles by dealers; disclosures; penalty.**

A. If, in any retail sale by a dealer of a used motor vehicle of under 6,000 pounds gross vehicle weight for use on the public highways, and normally used for personal, family or household use, the dealer offers an express warranty, the dealer shall provide the buyer a written disclosure of this warranty. The written disclosure shall be the Buyer's Guide required by federal law, shall be completely filled out and, in addition, signed and dated by the buyer and incorporated as part of the buyer's order.

B. A dealer may sell a used motor vehicle at retail "AS IS" and exclude all warranties only if the dealer provides the buyer, prior to sale, a separate written disclosure as to the effect of an "AS IS" sale. The written disclosure shall be conspicuous and contained on the front of the buyer's order and printed in not less than bold, ~~ten-point~~ *10-point* type and signed by the buyer: "I understand that this vehicle is being sold "AS IS" with all faults and is not covered by any dealer warranty. I understand that the dealer is not required to make any repairs after I buy this vehicle. I will have to pay for any repairs this vehicle will need." A fully completed Buyer's Guide, as required by federal law, shall be signed and dated by the buyer and incorporated as part of the buyer's order.

C. Failure to provide the applicable disclosure required by subsection A or B ~~of this section~~ shall be punishable by a civil penalty of no more than \$1,000. Any such civil penalty shall be paid into the general fund of the state treasury. Furthermore, if the applicable disclosure required by subsection A or B ~~of this section~~ is not provided as required in this section, the buyer may cancel the sale within ~~thirty~~ 30 days. In this case, the buyer shall have the right to return the vehicle to the dealer and obtain a full refund of all payments made toward the purchase of the vehicle, less any damage to the vehicle incurred while ownership was vested in the purchaser, and less a reasonable amount for the use not to exceed one-half the amount allowed per mile by the Internal Revenue Service, as provided by regulation, revenue procedure, or revenue ruling promulgated pursuant to § 162 of the Internal Revenue Code, for use of a personal vehicle for business purposes. Notice of the provisions of this subsection shall be included as part of every disclosure made under subsection A or B ~~of this section~~.

*D. The provisions of this section shall not apply to motorcycles, trailers, or travel trailers.*

**§ 46.2-1530. Buyer's order.**

A. Every motor vehicle dealer shall complete, in duplicate, a buyer's order for each sale or exchange of a motor vehicle. A copy of the buyer's order form shall be made available to a prospective buyer during the negotiating phase of a sale and prior to any sales agreement. The completed original shall be retained for a period of five years in accordance with § 46.2-1529, and a duplicate copy shall be delivered to the purchaser at the time of sale or exchange. A buyer's order shall include:

1. The name and address of the person to whom the vehicle was sold or traded.
2. The date of the sale or trade.

3. The name and address of the motor vehicle dealer selling or trading the vehicle.
4. The make, model year, vehicle identification number and body style of the vehicle.
5. The sale price of the vehicle.
6. The amount of any cash deposit made by the buyer.
7. A description of any vehicle used as a trade-in and the amount credited the buyer for the trade-in. The description of the trade-in shall be the same as outlined in subdivision 4.
8. The amount of any sales and use tax, title fee, uninsured motor vehicle fee, registration fee, purchaser's ~~on-line~~ *online* systems filing fee, or other fee required by law for which the buyer is responsible and the dealer has collected. Each tax and fee shall be individually listed and identified.
9. The net balance due at settlement.
10. Any item designated as "processing fee," and the amount charged by the dealer, if any, for processing the transaction. As used in this section, processing includes obtaining title and license plates for the purchaser, but ~~shall~~ *does* not include any "purchaser's ~~on-line~~ *online* systems filing fee," as defined in § 46.2-1530.1, or any "dealer's manual transaction fee," as defined in § 46.2-1530.2.
11. Any item designated as "dealer's business license tax," and the amount charged by the dealer, if any.
12. If the dealer delivers to the customer a vehicle purchased by the customer on or after July 1, 2010, that is conditional on dealer-arranged financing, the following notice, printed in bold type no less than 10 point: "IF YOU ARE FINANCING THIS VEHICLE, PLEASE READ THIS NOTICE: YOU ARE PROPOSING TO ENTER INTO A RETAIL INSTALLMENT SALES CONTRACT WITH THE DEALER. PART OF YOUR CONTRACT INVOLVES FINANCING THE PURCHASE OF YOUR VEHICLE. IF YOU ARE FINANCING THIS VEHICLE AND THE DEALER INTENDS TO TRANSFER YOUR FINANCING TO A FINANCE PROVIDER SUCH AS A BANK, CREDIT UNION OR OTHER LENDER, YOUR VEHICLE PURCHASE DEPENDS ON THE FINANCE PROVIDER'S APPROVAL OF YOUR PROPOSED RETAIL INSTALLMENT SALES CONTRACT. IF YOUR RETAIL INSTALLMENT SALES CONTRACT IS APPROVED WITHOUT A CHANGE THAT INCREASES THE COST OR RISK TO YOU OR THE DEALER, YOUR PURCHASE CANNOT BE CANCELLED. IF YOUR RETAIL INSTALLMENT SALES CONTRACT IS NOT APPROVED, THE DEALER WILL NOTIFY YOU VERBALLY OR IN WRITING. YOU CAN THEN DECIDE TO PAY FOR THE VEHICLE IN SOME OTHER WAY OR YOU OR THE DEALER CAN CANCEL YOUR PURCHASE. IF THE SALE IS CANCELLED, YOU NEED TO RETURN THE VEHICLE TO THE DEALER WITHIN 24 HOURS OF VERBAL OR WRITTEN NOTICE IN THE SAME CONDITION IT WAS GIVEN TO YOU, EXCEPT FOR NORMAL WEAR AND TEAR. ANY DOWN PAYMENT OR TRADE-IN YOU GAVE THE DEALER WILL BE RETURNED TO YOU. IF YOU DO NOT RETURN THE VEHICLE WITHIN 24 HOURS OF VERBAL OR WRITTEN NOTICE OF CANCELLATION, THE DEALER MAY LOCATE THE VEHICLE AND TAKE IT BACK WITHOUT FURTHER NOTICE TO YOU AS LONG AS THE DEALER FOLLOWS THE LAW AND DOES NOT CAUSE A BREACH OF THE PEACE WHEN TAKING THE VEHICLE BACK. IF THE DEALER DOES NOT RETURN YOUR DOWN PAYMENT AND ANY TRADE-IN WHEN THE DEALER GETS THE VEHICLE BACK IN THE SAME CONDITION IT WAS GIVEN TO YOU, EXCEPT FOR NORMAL WEAR AND TEAR, THE DEALER MAY BE LIABLE TO YOU UNDER THE VIRGINIA CONSUMER PROTECTION ACT."
13. For sales of used motor vehicles, the disclosure required by § 46.2-1529.1.
  - ~~If~~ *Except for trailers and travel trailers*, if the transaction does not include a policy of motor vehicle liability insurance, the seller shall stamp or mark on the face of the bill of sale in boldface letters no smaller than ~~18 point~~ *18-point* type the following words: "No Liability Insurance Included."
  - A completed buyer's order when signed by both buyer and seller may constitute a bill of sale.
  - B. The Board shall approve a buyer's order form and each dealer shall file with each original license application its buyer's order form, on which the processing fee amount is stated.
  - C. If a processing fee is charged, that fact and the amount of the processing fee shall be disclosed by the dealer. Disclosure shall be by placing a clear and conspicuous sign in the public sales area of the dealership. The sign shall be no smaller than eight and one-half inches by 11 inches and the print shall be no smaller than one-half inch, and in a form as approved by the Board.
  - D. ~~If~~ *Except for trailers*, if the buyer's order is for a new motor vehicle ~~having a gross vehicle weight rating of less than 16,000 pounds~~ that had accumulated, at the time of the sale, mileage in excess of 750 miles as a demonstrator or as a result of delivery to a prospective purchaser who never took title to the new motor vehicle and returned it, the vehicle may be sold as new, provided the dealer delivers this disclosure in writing on the buyer's order containing type of no smaller than 10 point or in a separate document containing only the disclosure in type of no smaller than 14 point: "Notice: This new motor vehicle has accumulated mileage in excess of 750 miles as the result of use as a demonstrator and/or as the result of delivery to a prior prospective purchaser who never took title to it and who returned it." When delivered as a separate document, this disclosure shall also contain the actual odometer reading for the vehicle and shall be signed by the purchaser.
  - E. *The provisions of this section shall not apply to the sale or exchange of (i) a tractor truck, (ii) a truck having a gross vehicle weight rating of more than 16,000 pounds, or (iii) a semitrailer.*

**§ 46.2-1531. Consignment vehicles; contract.**

Any motor vehicle dealer offering a vehicle for sale on consignment shall have in his possession a consignment contract for the vehicle, executed and signed by the dealer and the consignor. The consignment contract shall include:

1. The complete name, address, and the telephone number of the owners.
2. The name, address, and dealer certificate number of the selling dealer.

No member of the family may succeed to a franchise unless (i) the franchisor has been given written notice as to the identity, financial ability, and qualifications of the member of the family in question and (ii) the succession to the franchise will not involve, without the franchisor's consent, a relocation of the business.*

9. *To fail to ship monthly to any dealer, if ordered by the dealer, the number of new recreational vehicles of each make, series, and model needed by the dealer to receive a percentage of total new recreational vehicle sales of each make, series, and model equitably related to the total new recreational vehicle production or importation currently being achieved nationally by each make, series, and model covered under the franchise. Upon the written request of any dealer holding its sales or service franchise, the manufacturer or distributor shall disclose to the dealer in writing the basis upon which new recreational vehicles are allocated, scheduled, and delivered to the dealers of the same line-make. If allocation is at issue in a request for a hearing, the dealer may demand the Commissioner to direct that the manufacturer or distributor provide to the dealer, within 30 days of such demand, all records of sales and all records of distribution of all recreational vehicles to the same line-make dealers who compete with the dealer requesting the hearing.*

10. *To require or otherwise coerce a dealer to underutilize the dealer's facilities.*

11. To include in any franchise with a recreational vehicle dealer terms that are contrary to, prohibited by, or otherwise inconsistent with the requirements of this chapter.

12. To require under any franchise agreement a recreational vehicle dealer to pay the attorney fees of the manufacturer or distributor related to hearings and appeals brought under this article.

13. To fail to include in any franchise with a recreational vehicle dealer the following language: "If any provision herein contravenes the laws or regulations of any state or other jurisdiction wherein this agreement is to be performed, or denies access to the procedures, forums, or remedies provided for by such laws or regulations, such provision shall be deemed to be modified to conform to such laws or regulations, and all other terms and provisions shall remain in full force," or words to that effect.

**§ 46.2-1573.6. Manufacturer or distributor right of first refusal.**

Notwithstanding the terms of any franchise agreement, in the event of a proposed sale or transfer of a dealership, the manufacturer or distributor shall be permitted to exercise a right of first refusal to acquire the new recreational vehicle dealer's assets or ownership, if such sale or transfer is conditioned upon the manufacturer's or dealer's entering into a dealer agreement with the proposed new owner or transferee, only if all the following requirements are met:

1. To exercise its right of first refusal, the manufacturer or distributor must notify the dealer in writing within 45 days of its receipt of the completed proposal for the proposed sale or transfer;

2. The exercise of the right of first refusal will result in the dealer's and dealer owner's receiving the same or greater consideration as they have contracted to receive in connection with the proposed change of ownership or transfer;

3. The proposed sale or transfer of the dealership's assets does not involve the transfer or sale to a member or members of the family of one or more dealer owners, or to a qualified manager or a partnership or corporation controlled by such persons; and

4. The manufacturer or distributor agrees to pay the reasonable expenses, including attorney fees that do not exceed the usual, customary, and reasonable fees charged for similar work done for other clients, incurred by the proposed new owner and transferee prior to the manufacturer's or distributor's exercise of its right of first refusal in negotiating and implementing the contract for the proposed sale or transfer of the dealership or dealership assets. Notwithstanding the foregoing, no payment of such expenses and attorney fees shall be required if the dealer has not submitted or caused to be submitted an accounting of those expenses within 30 days of the dealer's receipt of the manufacturer's or distributor's written request for such an accounting. Such accounting may be requested by a manufacturer or distributor before exercising its right of first refusal.

**§ 46.2-1573.7. Discontinuation of distributors.**

If the contract between a distributor and a manufacturer or importer is terminated or otherwise discontinued, all franchises granted to recreational vehicle dealers in the Commonwealth by that distributor shall continue in full force and shall not be affected by the discontinuance, except that the manufacturer, factory branch, distributor, representative, or other person who undertakes to distribute recreational vehicles of the same line-make or the same recreational vehicles of a renamed line-make shall be substituted for the discontinued distributor under the existing recreational vehicle dealer franchises, and those franchises shall be modified accordingly.

**§ 46.2-1573.8. Warranty obligations.**

A. Each recreational vehicle manufacturer, factory branch, distributor, or distributor branch shall (i) specify in writing to each of its recreational vehicle dealers licensed in the Commonwealth the dealer's obligations for preparation, delivery, and warranty service on its products and (ii) compensate the dealer for warranty parts, service, and diagnostic work required of the dealer by the manufacturer or distributor as follows:

1. Compensation of a dealer for warranty parts, service, and diagnostic work shall not be less than the amounts charged by the dealer for the manufacturer's or distributor's original parts, service, and diagnostic work to retail customers for nonwarranty service, parts, and diagnostic work installed or performed in the dealer's service department unless the amounts are not reasonable;

2. For purposes of determining warranty parts and service compensation, menu-priced parts or services, group discounts, special event discounts, and special event promotions shall not be considered in determining amounts charged by the dealer to retail customers;

3. Increases in dealer warranty parts and service compensation and diagnostic work compensation, pursuant to this section, shall be requested by the dealer in writing, shall be based on 100 consecutive repair orders or all repair orders over a 90-day period, whichever occurs first, and, in the case of parts, shall be stated as a percentage of markup that shall be uniformly applied to all the manufacturer's or distributor's parts;

4. In the case of warranty parts compensation, the provisions of this subsection shall be effective only for model year 1992 and succeeding model years;

5. If a manufacturer or distributor furnishes a part to a dealer at no cost for use by the dealer in performing work for which the manufacturer or distributor is required to compensate the dealer under this section, the manufacturer or distributor shall compensate the dealer for the part in the same manner as warranty parts compensation, less the wholesale costs, for such part as listed in the manufacturer's current price schedules. A manufacturer or distributor may pay the dealer a reasonable handling fee instead of the compensation otherwise required by this subsection for special high-performance complete engine assemblies in limited production recreational vehicles that constitute less than five percent of model production furnished to the dealer at no cost, if the manufacturer or distributor excludes such special

high-performance complete engine assemblies in determining whether the amounts requested by the dealer for warranty compensation are consistent with the amounts that the dealer charges its other retail service customers for parts used by the dealer to perform similar work; or

6. In the case of service work, manufacturer original parts or parts otherwise specified by the manufacturer or distributor, and parts provided by a dealer either pursuant to an adjustment program as defined in § 59.1-207.34 or as otherwise requested by the manufacturer or distributor, the dealer shall be compensated in the same manner as for warranty service or parts.

This section does not apply to compensation for parts such as components, systems, fixtures, appliances, furnishings, accessories, and features that are designed, used, and maintained primarily for nonvehicular, residential purposes. Warranty audits of dealer records may be conducted by the manufacturer, factory branch, distributor, or distributor branch on a reasonable basis, and dealer claims for warranty compensation shall not be denied except for good cause, such as performance of nonwarranty repairs, lack of material documentation, fraud, or misrepresentation. Claims for dealer compensation shall be paid within 30 days of dealer submission or within 30 days of the end of an incentive program or rejected in writing for stated reasons. The manufacturer, factory branch, distributor, or distributor branch shall reserve the right to reasonable periodic audits to determine the validity of all such paid claims for dealer compensation. Any chargebacks for warranty parts or service compensation and service incentives shall only be for the 12-month period immediately following the date of the claim and, in the case of chargebacks for sales compensation only, for the 18-month period immediately following the date of claim. However, such limitations shall not be effective in the case of intentionally false or fraudulent claims.

B. It shall be unlawful for any recreational vehicle manufacturer, factory branch, distributor, or distributor branch to:

1. Fail to perform any of its warranty obligations, including tires, with respect to a recreational vehicle;
2. Fail to assume all responsibility for any liability resulting from structural or production defects;
3. Fail to include in written notices of factory recalls to recreational vehicle owners and dealers the expected date by which necessary parts and equipment will be available to dealers for the correction of defects;

4. Fail to compensate any of the recreational vehicle dealers licensed in the Commonwealth for repairs effected by the dealer of merchandise damaged in manufacture or transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch;

5. Fail to compensate its recreational vehicle dealers licensed in the Commonwealth for warranty parts, work, and service pursuant to subsection A or for legal costs and expenses incurred by such dealers in connection with warranty obligations for which the manufacturer, factory branch, distributor, or distributor branch is legally responsible or that the manufacturer, factory branch, distributor, or distributor branch imposes upon the dealer;

6. Misrepresent in any way to purchasers of recreational vehicles that warranties with respect to the manufacture, performance, or design of the recreational vehicle are made by the dealer, either as warrantor or co-warrantor;

7. Require the dealer to make warranties to customers in any manner related to the manufacture, performance, or design of the recreational vehicle; or

8. Shift or attempt to shift to the recreational vehicle dealer, directly or indirectly, any liabilities of the manufacturer, factory branch, distributor, or distributor branch under the Virginia Motor Vehicle Warranty Enforcement Act (§ 59.1-207.9 et seq.), unless such liability results from the act or omission by the dealer.

C. Notwithstanding the terms of any franchise, it shall be unlawful for any recreational vehicle manufacturer, factory branch, distributor, or distributor branch to fail to indemnify and hold harmless its recreational vehicle dealers against any losses or damages arising out of complaints, claims, or suits relating to the manufacture, assembly, or design of recreational vehicles, parts, or accessories, or other functions by the manufacturer, factory branch, distributor, or distributor branch beyond the control of the dealer, including, without limitation, the selection by the manufacturer, factory branch, distributor, or distributor branch of parts or components for the recreational vehicle or any damages to merchandise occurring in transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch. The dealer shall notify the manufacturer of pending suits in which allegations are made that come within this subsection whenever reasonably practicable to do so. Every recreational vehicle dealer franchise issued to, amended, or renewed for recreational vehicle dealers in the Commonwealth shall be construed to incorporate provisions consistent with the requirements of this subsection.

D. On any new recreational vehicle, any uncorrected damage or any corrected damage exceeding three percent of the manufacturer's or distributor's suggested retail price as defined in 15 U.S.C. §§ 1231-1233, as measured by retail repair costs, must be disclosed to the dealer in writing prior to delivery. Factory mechanical repair and damage to glass, tires, and bumpers are excluded from the three percent rule when properly replaced by identical manufacturer's or distributor's original equipment or parts. Whenever a new recreational vehicle is damaged in transit, when the carrier or means of transportation is determined by the manufacturer or distributor, or whenever a recreational vehicle is otherwise damaged prior to delivery to the new recreational vehicle dealer, the new recreational vehicle dealer shall:

1. Notify the manufacturer or distributor of the damage within three business days from the date of delivery of the new recreational vehicle to the new recreational vehicle dealership or within the additional time specified in the franchise; and

2. Request from the manufacturer or distributor authorization to replace the components, parts, and accessories damaged or otherwise correct the damage, unless the damage to the recreational vehicle exceeds the three percent rule, in which case the dealer may reject the vehicle within three business days.

*E. If the manufacturer or distributor refuses or fails to authorize correction of such damage within 10 days after receipt of notification, or if the dealer rejects the recreational vehicle because damage exceeds the three percent rule, ownership of the new recreational vehicle shall revert to the manufacturer or distributor, and the new recreational vehicle dealer shall have no obligation, financial or otherwise, with respect to such recreational vehicle. Should either the manufacturer, distributor, or the dealer elect to correct the damage or any other damage exceeding the three percent rule, full disclosure shall be made by the dealer in writing to the buyer and an acknowledgment by the buyer is required. If there is less than three percent damage, no disclosure is required, provided that the damage has been corrected. Predelivery mechanical work shall not require a disclosure. Failure to disclose any corrected damage within the knowledge of the selling dealer to a new recreational vehicle in excess of the three percent rule shall constitute grounds for revocation of the buyer order, provided that, within 30 days of purchase, the recreational vehicle is returned to the dealer with an accompanying written notice of the grounds for revocation. In case of revocation pursuant to this section, the dealer shall accept the recreational vehicle and refund any payments made to the dealer in connection with the transaction, less a reasonable allowance for the consumer's use of the vehicle as defined in § 59.1-207.11.*

*F. If there is a dispute between the manufacturer, factory branch, distributor, or distributor branch and the dealer with respect to any matter referred to in subsection A, B, or C, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing. The decision of the Commissioner shall be binding on the parties, subject to rights of judicial review and appeal as provided in the Administrative Process Act (§ 2.2-4000 et seq.). However, nothing contained in this section shall give the Commissioner any authority as to the content or interpretation of any manufacturer's or distributor's warranty.*

**§ 46.2-1573.9. Operation of dealership by manufacturer.**

*It shall be unlawful for any recreational vehicle manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof to own, operate, or control any recreational vehicle dealership in the Commonwealth. However, this section shall not prohibit:*

*1. The operation by a manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof, of a dealership for a temporary period, not to exceed one year, during the transition from one owner or operator to another;*

*2. The ownership or control of a dealership by a manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof, while the dealership is being sold under a bona fide contract or purchase option to the operator of the dealership;*

*3. The ownership, operation, or control of a dealership by a manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof if the Commissioner determines, after a hearing at the request of any party, that there is no dealer independent of the manufacturer or distributor, factory branch or distributor branch, or subsidiary thereof available in the community or trade area to own and operate the franchise in a manner consistent with the public interest;*

*4. The ownership, operation, or control of a dealership dealing exclusively with school buses by a school bus manufacturer or school bus parts manufacturer or a person who assembles school buses; or*

*5. The ownership, operation, or control of a dealership dealing exclusively with refined fuels truck tanks by a manufacturer of refined fuels truck tanks or by a person who assembles refined fuels truck tanks.*

**§ 46.2-1573.10. Ownership of service facilities.**

*It shall be unlawful for any recreational vehicle manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof to own, operate, or control, either directly or indirectly, any recreational vehicle warranty or service facility located in the Commonwealth. Nothing in this section shall prohibit any recreational vehicle manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof from owning, operating, or controlling any warranty or service facility for warranty or service of recreational vehicles owned or operated by the manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof. Nothing contained in this section shall prohibit a recreational vehicle manufacturer, factory branch, distributor, or distributor branch from performing service for reasons of compliance with an order of a court of competent jurisdiction or of warranty under Chapter 17.3 (§ 59.1-207.9 et seq.) of Title 59.1.*

*The preceding provisions of this section shall not apply to manufacturers of refined fuels truck tanks or to persons who assemble refined fuels truck tanks or to persons who exclusively manufacture or assemble school buses or school bus parts.*

**§ 46.2-1573.11. Hearings and other remedies; civil penalties.**

*A. In every case of a hearing before the Commissioner authorized under this article, the Commissioner shall give reasonable notice of each hearing to all interested parties, and the Commissioner's decision shall be binding on the parties, subject to the rights of judicial review and appeal as provided in the Administrative Process Act (§ 2.2-4000 et seq.).*

*B. Hearings before the Commissioner under this article shall commence within 90 days of the request for a hearing, and the Commissioner's decision shall be rendered within 60 days from the receipt of the hearing officer's recommendation. Hearings authorized under this article shall be presided over by a hearing officer selected from a list prepared by the Executive Secretary of the Supreme Court. On request of the Commissioner, the Executive Secretary will name a hearing officer from the list, selected on a rotation system administered by the Executive Secretary. The hearing officer shall provide recommendations to the Commissioner within 90 days of the conclusion of the hearing.*

*C. Notwithstanding any contrary provision of this article, the Commissioner shall initiate investigations, conduct hearings, and determine the rights of parties under this article whenever he is provided information indicating a possible violation of any provision of this article.*

D. For purposes of any matter brought to the Commissioner under subdivisions 3, 4, 5, 6, and 9 of § 46.2-1573.5 with respect to which the Commissioner is to determine whether there is good cause for a proposed action or whether it would be unreasonable under the circumstances, the Commissioner shall consider:

1. The volume of the affected dealer's business in the relevant market area;
2. The nature and extent of the dealer's investment in its business;
3. The adequacy of the dealer's service facilities, equipment, parts, supplies, and personnel;
4. The effect of the proposed action on the community;
5. The extent and quality of the dealer's service under recreational vehicle warranties;
6. The dealer's performance under the terms of its franchise; and
7. Other economic and geographical factors reasonably associated with the proposed action.

With respect to subdivision 6, any performance standard or program for measuring dealership performance that may have a material effect on a dealer, and the application of any such standard or program by a manufacturer or distributor, shall be fair, reasonable, and equitable and, if based upon a survey, shall be based upon a statistically valid sample. Upon the request of any dealer, a manufacturer or distributor shall disclose in writing to the dealer a description of how a performance standard or program is designed and all relevant information used in the application of the performance standard or program to that dealer.

E. An interested party in a hearing held pursuant to subsection A shall comply with the effective date of compliance established by the Commissioner in his decision in such hearing, unless a stay or extension of such date is granted by the Commissioner or the Commissioner's decision is under judicial review and appeal as provided in subsection A. If, after notice to such interested party and an opportunity to comment, the Commissioner finds an interested party has not complied with his decision by the designated date of compliance, unless a stay or extension of such date has been granted by the Commissioner or the Commissioner's decision is under judicial review and appeal, the Commissioner may assess such interested party a civil penalty not to exceed \$1,000 per day of noncompliance. Civil penalties collected under this subsection shall be deposited into the Transportation Trust Fund established pursuant to § 33.2-1524.

**§ 46.2-1573.12. Late model and factory repurchase franchises.**

Franchised late model or factory repurchase recreational vehicle dealers shall have the same rights and obligations as provided for franchised new recreational vehicle dealers in this article, *mutatis mutandis*.

Article 7.3.

Trailer Franchises.

**§ 46.2-1573.13. Watercraft trailer dealers and watercraft trailers.**

For the purposes of this article:

"Dealer" and "trailer dealer" includes watercraft trailer dealers.

"Trailer" includes watercraft trailers.

**§ 46.2-1573.14. Trailer dealers filing of franchises.**

Each trailer manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof shall file with the Commissioner a true copy of each new, amended, modified, or different form or addendum offered to more than one dealer that affects the rights, responsibilities, or obligations of the parties of a franchise or sales, service, or sales and service agreement to be offered to a trailer dealer or prospective trailer dealer in the Commonwealth no later than 60 days prior to the date the franchise or sales agreement is offered. In no event shall a new, amended, modified, or different form of franchise or sales, service, or sales and service agreement be offered a trailer dealer in the Commonwealth until the form has been determined by the Commissioner as not containing terms inconsistent with the provisions of this chapter. At the time a filing is made with the Commissioner pursuant to this section, the manufacturer, factory branch, distributor, distributor branch, or subsidiary shall also give written notice together with a copy of the papers so filed to the affected dealer or dealers.

**§ 46.2-1573.15. Exemption of franchises from Retail Franchising Act.**

Franchises subject to the provisions of this chapter shall not be subject to any requirement contained in Chapter 8 (§ 13.1-557 et seq.) of Title 13.1.

**§ 46.2-1573.16. Coercion of retail dealer by manufacturer or distributor with respect to retail installment sales contracts prohibited; penalty.**

A. It shall be unlawful for any manufacturer or distributor, or any officer, agent, or representative of either, to coerce or attempt to coerce any retail trailer dealer or prospective retail trailer dealer in the Commonwealth to sell, assign, or transfer any retail installment sales contract obtained by the dealer in connection with the sale by him in the Commonwealth of trailers manufactured or sold by the manufacturer or distributor, to a specified finance company or class of finance companies or to any other specified persons by any of the following:

1. Any statement, suggestion, promise, or threat that the manufacturer or distributor will in any manner benefit or injure the dealer, whether the statement, suggestion, threat, or promise is expressed or implied or made directly or indirectly.

2. Any act that will benefit or injure the dealer.

3. Any contract, or any expressed or implied offer of contract, made directly or indirectly to the dealer, for handling the trailer on the condition that the dealer sell, assign, or transfer his retail installment sales contract on the trailer, in the Commonwealth, to a specified finance company or class of finance companies or to any other specified person.

4. Any expressed or implied statement or representation made directly or indirectly that the dealer is under any obligation whatsoever to sell, assign, or transfer any of his retail sales contracts in the Commonwealth on trailers manufactured or sold by the manufacturer or distributor to a finance company, or class of finance companies, or other specified person, because of any relationship or affiliation between the manufacturer or distributor and the finance company or companies or the specified person.

B. Any such statements, threats, promises, acts, contracts, or offers of contracts, when their effect may be to lessen or eliminate competition or tend to create a monopoly, are declared unfair trade practices and unfair methods of competition and are prohibited.

C. Any person violating any of the provisions of this section is guilty of a Class 1 misdemeanor.

**§ 46.2-1573.17. Other coercion of dealers; transfer, grant, succession to and cancellation of dealer franchises; delivery of trailers, parts, and accessories.**

It shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or their representatives:

1. To coerce or attempt to coerce any dealer to accept delivery of any trailer or trailers, parts or accessories therefor, or any other commodities that have not been ordered by the dealer.

2. To coerce or attempt to coerce any dealer to enter into an agreement with the manufacturer, factory branch, distributor, or distributor branch, or representative thereof, or do any other act unfair to the dealer, by threatening to cancel any franchise existing between the manufacturer, factory branch, distributor, distributor branch, or representative thereof and the dealer.

3. To coerce or attempt to coerce any dealer to join, contribute to, or affiliate with any advertising association.

4. To prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale, or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, unless the franchisor provides written notice to the dealer of its objection and the reasons therefor at least 30 days prior to the proposed effective date of the transfer, sale, assignment, or change. No such objection shall be effective to prevent the sale, transfer, assignment, or change if the Commissioner has determined, if requested in writing by the dealer within 30 days after receipt of an objection to the proposed sale, transfer, or change, and after a hearing on the matter, that the failure to permit or honor the sale, transfer, assignment, or change is unreasonable under the circumstances. No franchise may be sold, assigned, or transferred unless (i) the franchisor has been given at least 90 days' prior written notice by the dealer as to the identity, financial ability, and qualifications of the proposed transferee and (ii) the sale or transfer of the franchise and business will not involve, without the franchisor's consent, a relocation of the business.

5. To grant an additional franchise for a particular line-make of trailer in a relevant market area in which a dealer or dealers in that line-make are already located unless the franchisor has first advised in writing all other dealers in the line-make in the relevant market area. No such additional franchise may be established at the proposed site unless the Commissioner has determined, if requested by a dealer of the same line-make in the relevant market area within 30 days after receipt of the franchisor's notice of intention to establish the additional franchise, and after a hearing on the matter, that there is reasonable evidence that after the grant of the new franchise, the market will support all of the dealers in that line-make in the relevant market area. Establishing a franchised dealer in a relevant market area to replace a franchised dealer that has not been in operation for more than two years shall constitute the establishment of a new franchise subject to the terms of this subdivision. The two-year period for replacing a franchised dealer shall begin on the day the franchise was terminated or, if a termination hearing was held, on the day the franchisor was legally permitted finally to terminate the franchise. This subdivision shall not apply to (i) the relocation of an existing dealer within that dealer's relevant market area if the relocation site is to be more than 10 miles distant from any other dealer for the same line-make; (ii) the relocation of an existing dealer within that dealer's relevant market area if the relocation site is to be more distant than the existing site from all other dealers of the same line-make in that relevant market area; or (iii) the relocation of an existing new trailer dealer within two miles of the existing site of the relocating dealer.

6. Except as otherwise provided in this subdivision and notwithstanding the terms of any franchise, to terminate, cancel, or refuse to renew the franchise of any dealer without good cause and unless (i) the dealer and the Commissioner have received written notice of the franchisor's intentions at least 60 days prior to the effective date of such termination, cancellation, or the expiration date of the franchise, setting forth the specific grounds for the action, and (ii) the Commissioner has determined, if requested in writing by the dealer within the 60-day period, and after a hearing on the matter, that there is good cause for the termination, cancellation, or nonrenewal of the franchise. In any case where a petition is made to the Commissioner for a determination as to good cause for the termination, cancellation, or nonrenewal of a franchise, the franchise in question shall continue in effect pending the Commissioner's decision or, if that decision is appealed to the circuit court, pending the decision of the circuit court. In any case in which a franchisor neither advises a dealer that it does not intend to renew a franchise nor takes any action to renew a franchise beyond its expiration date, the franchise in question shall continue in effect on the terms last agreed to by the parties. Notwithstanding the other provisions of this subdivision, notice of termination, cancellation, or nonrenewal may be provided to a dealer by a franchisor not less than 15 days prior to the effective date of such termination, cancellation, or nonrenewal when the grounds for such action are any of the following:

a. *Insolvency of the franchised trailer dealer or filing of any petition by or against the franchised trailer dealer, under any bankruptcy or receivership law, leading to liquidation or that is intended to lead to liquidation of the franchisee's business;*

b. *Failure of the franchised trailer dealer to conduct its customary sales and service operations during its posted business hours for seven consecutive business days, except where the failure results from acts of God or circumstances beyond the direct control of the franchised trailer dealer;*

c. *Revocation of any license that the franchised trailer dealer is required to have to operate a dealership; or*

d. *Conviction of the dealer or any principal of the dealer of a felony.*

*The change or discontinuance of a marketing or distribution system of a particular line-make product by a manufacturer or distributor, while the name identification of the product is continued in substantial form by the same or different manufacturer or distributor, may be considered to be a franchise termination, cancellation, or nonrenewal.*

7. *To fail to provide continued parts and service support to a dealer that holds a franchise in a discontinued line-make for at least five years from the date of such discontinuance.*

8. *To fail to allow a dealer the right at any time to designate a member of his family as a successor to the dealership in the event of the death or incapacity of the dealer. It shall be unlawful to prevent or refuse to honor the succession to a dealership by a member of the family of a deceased or incapacitated dealer if the franchisor has not provided to the member of the family previously designated by the dealer as his successor written notice of its objections to the succession and of such person's right to seek a hearing on the matter before the Commissioner pursuant to this article, and the Commissioner determines, if requested in writing by such member of the family within 30 days of receipt of such notice from the franchisor, and after a hearing on the matter before the Commissioner pursuant to this article, that the failure to permit or honor the succession is unreasonable under the circumstances. No member of the family may succeed to a franchise unless (i) the franchisor has been given written notice as to the identity, financial ability, and qualifications of the member of the family in question and (ii) the succession to the franchise will not involve, without the franchisor's consent, a relocation of the business.*

9. *To fail to ship monthly to any dealer, if ordered by the dealer, the number of new trailers of each make, series, and model needed by the dealer to receive a percentage of total new trailer sales of each make, series, and model equitably related to the total new trailer production or importation currently being achieved nationally by each make, series, and model covered under the franchise. Upon the written request of any dealer holding its sales or sales and service franchise, the manufacturer or distributor shall disclose to the dealer in writing the basis upon which new trailers are allocated, scheduled, and delivered to the dealers of the same line-make. If allocation is at issue in a request for a hearing, the dealer may demand the Commissioner to direct that the manufacturer or distributor provide to the dealer, within 30 days of such demand, all records of sales and all records of distribution of all trailers to the same line-make dealers who compete with the dealer requesting the hearing.*

10. *To require or otherwise coerce a dealer to underutilize the dealer's facilities.*

11. *To include in any franchise with a trailer dealer terms that are contrary to, prohibited by, or otherwise inconsistent with the requirements of this chapter.*

12. *To require under any franchise agreement a trailer dealer to pay the attorney fees of the manufacturer or distributor related to hearings and appeals brought under this article.*

13. *To fail to include in any franchise with a trailer dealer the following language: "If any provision herein contravenes the laws or regulations of any state or other jurisdiction wherein this agreement is to be performed, or denies access to the procedures, forums, or remedies provided for by such laws or regulations, such provision shall be deemed to be modified to conform to such laws or regulations, and all other terms and provisions shall remain in full force," or words to that effect.*

#### **§ 46.2-1573.18. Manufacturer or distributor right of first refusal.**

*Notwithstanding the terms of any franchise agreement, in the event of a proposed sale or transfer of a dealership, the manufacturer or distributor shall be permitted to exercise a right of first refusal to acquire the new trailer dealer's assets or ownership, if such sale or transfer is conditioned upon the manufacturer's or dealer's entering into a dealer agreement with the proposed new owner or transferee, only if all the following requirements are met:*

1. *To exercise its right of first refusal, the manufacturer or distributor must notify the dealer in writing within 45 days of its receipt of the completed proposal for the proposed sale or transfer;*

2. *The exercise of the right of first refusal will result in the dealer's and dealer owner's receiving the same or greater consideration as they have contracted to receive in connection with the proposed change of ownership or transfer;*

3. *The proposed sale or transfer of the dealership's assets does not involve the transfer or sale to a member or members of the family of one or more dealer owners, or to a qualified manager or a partnership or corporation controlled by such persons; and*

4. *The manufacturer or distributor agrees to pay the reasonable expenses, including attorney fees that do not exceed the usual, customary, and reasonable fees charged for similar work done for other clients, incurred by the proposed new owner and transferee prior to the manufacturer's or distributor's exercise of its right of first refusal in negotiating and implementing the contract for the proposed sale or transfer of the dealership or dealership assets. Notwithstanding the foregoing, no payment of such expenses and attorney fees shall be required if the dealer has not submitted or caused to be submitted an accounting of those expenses within 30 days of the dealer's receipt of the manufacturer's or distributor's*

written request for such an accounting. Such accounting may be requested by a manufacturer or distributor before exercising its right of first refusal.

**§ 46.2-1573.19. Discontinuation of distributors.**

If the contract between a distributor and a manufacturer or importer is terminated or otherwise discontinued, all franchises granted to trailer dealers in the Commonwealth by that distributor shall continue in full force and shall not be affected by the discontinuance, except that the manufacturer, factory branch, distributor, representative, or other person who undertakes to distribute trailers of the same line-make or the same trailers of a renamed line-make shall be substituted for the discontinued distributor under the existing trailer dealer franchises, and those franchises shall be modified accordingly.

**§ 46.2-1573.20. Warranty obligations.**

A. Each trailer manufacturer, factory branch, distributor, or distributor branch shall (i) specify in writing to each of its trailer dealers licensed in the Commonwealth the dealer's obligations for preparation, delivery, and warranty service on its products and (ii) compensate the dealer for warranty parts, service, and diagnostic work required of the dealer by the manufacturer or distributor as follows:

1. Compensation of a dealer for warranty parts, service, and diagnostic work shall not be less than the amounts charged by the dealer for the manufacturer's or distributor's original parts, service, and diagnostic work to retail customers for nonwarranty service, parts, and diagnostic work installed or performed in the dealer's service department unless the amounts are not reasonable;

2. For purposes of determining warranty parts and service compensation, menu-priced parts or services, group discounts, special event discounts, and special event promotions shall not be considered in determining amounts charged by the dealer to retail customers;

3. Increases in dealer warranty parts and service compensation and diagnostic work compensation, pursuant to this section, shall be requested by the dealer in writing, shall be based on 100 consecutive repair orders or all repair orders over a 90-day period, whichever occurs first, and, in the case of parts, shall be stated as a percentage of markup that shall be uniformly applied to all the manufacturer's or distributor's parts;

4. In the case of warranty parts compensation, the provisions of this subsection shall be effective only for model year 1992 and succeeding model years;

5. If a manufacturer or distributor furnishes a part to a dealer at no cost for use by the dealer in performing work for which the manufacturer or distributor is required to compensate the dealer under this section, the manufacturer or distributor shall compensate the dealer for the part in the same manner as warranty parts compensation, less the wholesale costs, for such part as listed in the manufacturer's current price schedules; or

6. In the case of service work, manufacturer original parts or parts otherwise specified by the manufacturer or distributor, and parts provided by a dealer either pursuant to an adjustment program as defined in § 59.1-207.34 or as otherwise requested by the manufacturer or distributor, the dealer shall be compensated in the same manner as for warranty service or parts.

This section does not apply to compensation for parts such as components, systems, fixtures, appliances, furnishings, accessories, and features that are designed, used, and maintained primarily for nonvehicular, residential purposes. Warranty audits of dealer records may be conducted by the manufacturer, factory branch, distributor, or distributor branch on a reasonable basis, and dealer claims for warranty compensation shall not be denied except for good cause, such as performance of nonwarranty repairs, lack of material documentation, fraud, or misrepresentation. Claims for dealer compensation shall be paid within 30 days of dealer submission or within 30 days of the end of an incentive program or rejected in writing for stated reasons. The manufacturer, factory branch, distributor, or distributor branch shall reserve the right to reasonable periodic audits to determine the validity of all such paid claims for dealer compensation. Any chargebacks for warranty parts or service compensation and service incentives shall only be for the 12-month period immediately following the date of the claim and, in the case of chargebacks for sales compensation only, for the 18-month period immediately following the date of claim. However, such limitations shall not be effective in the case of intentionally false or fraudulent claims.

B. It shall be unlawful for any trailer manufacturer, factory branch, distributor, or distributor branch to:

1. Fail to perform any of its warranty obligations, including tires, with respect to a trailer;

2. Fail to assume all responsibility for any liability resulting from structural or production defects;

3. Fail to include in written notices of factory recalls to trailer owners and dealers the expected date by which necessary parts and equipment will be available to dealers for the correction of defects;

4. Fail to compensate any of the trailer dealers licensed in the Commonwealth for repairs effected by the dealer of merchandise damaged in manufacture or transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch;

5. Fail to compensate its trailer dealers licensed in the Commonwealth for warranty parts, work, and service pursuant to subsection A or for legal costs and expenses incurred by such dealers in connection with warranty obligations for which the manufacturer, factory branch, distributor, or distributor branch is legally responsible or that the manufacturer, factory branch, distributor, or distributor branch imposes upon the dealer;

6. Misrepresent in any way to purchasers of trailers that warranties with respect to the manufacture, performance, or design of the trailer are made by the dealer, either as warrantor or co-warrantor;

7. Require the dealer to make warranties to customers in any manner related to the manufacture, performance, or design of the trailer; or

8. Shift or attempt to shift to the trailer dealer, directly or indirectly, any liabilities of the manufacturer, factory branch, distributor, or distributor branch under the Virginia Motor Vehicle Warranty Enforcement Act (§ 59.1-207.9 et seq.), unless such liability results from the act or omission by the dealer.

C. Notwithstanding the terms of any franchise, it shall be unlawful for any trailer manufacturer, factory branch, distributor, or distributor branch to fail to indemnify and hold harmless its trailer dealers against any losses or damages arising out of complaints, claims, or suits relating to the manufacture, assembly, or design of trailers, parts, or accessories, or other functions by the manufacturer, factory branch, distributor, or distributor branch beyond the control of the dealer, including, without limitation, the selection by the manufacturer, factory branch, distributor, or distributor branch of parts or components for the trailer or any damages to merchandise occurring in transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch. The dealer shall notify the manufacturer of pending suits in which allegations are made that come within this subsection whenever reasonably practicable to do so. Every trailer dealer franchise issued to, amended, or renewed for trailer dealers in the Commonwealth shall be construed to incorporate provisions consistent with the requirements of this subsection.

D. On any new trailer, any uncorrected damage or any corrected damage exceeding three percent of the manufacturer's or distributor's suggested retail price as defined in 15 U.S.C. §§ 1231-1233, as measured by retail repair costs, must be disclosed to the dealer in writing prior to delivery. Factory mechanical repair and damage to glass, tires, and bumpers are excluded from the three percent rule when properly replaced by identical manufacturer's or distributor's original equipment or parts. Whenever a new trailer is damaged in transit, when the carrier or means of transportation is determined by the manufacturer or distributor, or whenever a trailer is otherwise damaged prior to delivery to the new trailer dealer, the new trailer dealer shall:

1. Notify the manufacturer or distributor of the damage within three business days from the date of delivery of the new trailer to the new trailer dealership or within the additional time specified in the franchise; and

2. Request from the manufacturer or distributor authorization to replace the components, parts, and accessories damaged or otherwise correct the damage, unless the damage to the trailer exceeds the three percent rule, in which case the dealer may reject the trailer within three business days.

E. If the manufacturer or distributor refuses or fails to authorize correction of such damage within 10 days after receipt of notification, or if the dealer rejects the trailer because damage exceeds the three percent rule, ownership of the new trailer shall revert to the manufacturer or distributor, and the new trailer dealer shall have no obligation, financial or otherwise, with respect to such trailer. Should either the manufacturer, distributor, or the dealer elect to correct the damage or any other damage exceeding the three percent rule, full disclosure shall be made by the dealer in writing to the buyer and an acknowledgment by the buyer is required. If there is less than three percent damage, no disclosure is required, provided that the damage has been corrected. Predelivery mechanical work shall not require a disclosure. Failure to disclose any corrected damage within the knowledge of the selling dealer to a new trailer in excess of the three percent rule shall constitute grounds for revocation of the buyer order, provided that, within 30 days of purchase, the trailer is returned to the dealer with an accompanying written notice of the grounds for revocation. In case of revocation pursuant to this section, the dealer shall accept the trailer and refund any payments made to the dealer in connection with the transaction, less a reasonable allowance for the consumer's use of the trailer as defined in § 59.1-207.11.

F. If there is a dispute between the manufacturer, factory branch, distributor, or distributor branch and the dealer with respect to any matter referred to in subsection A, B, or C, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing. The decision of the Commissioner shall be binding on the parties, subject to rights of judicial review and appeal as provided in the Administrative Process Act (§ 2.2-4000 et seq.). However, nothing contained in this section shall give the Commissioner any authority as to the content or interpretation of any manufacturer's or distributor's warranty.

**§ 46.2-1573.21. Operation of dealership by manufacturer.**

It shall be unlawful for any trailer manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof to own, operate, or control any trailer dealership in the Commonwealth. However, this section shall not prohibit:

1. The operation by a manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof, of a dealership for a temporary period, not to exceed one year, during the transition from one owner or operator to another;

2. The ownership or control of a dealership by a manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof, while the dealership is being sold under a bona fide contract or purchase option to the operator of the dealership; or

3. The ownership, operation, or control of a dealership by a manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof if the Commissioner determines, after a hearing at the request of any party, that there is no dealer independent of the manufacturer or distributor, factory branch or distributor branch, or subsidiary thereof available in the community or trade area to own and operate the franchise in a manner consistent with the public interest.

**§ 46.2-1573.22. Ownership of service facilities.**

It shall be unlawful for any trailer manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof to own, operate, or control, either directly or indirectly, any trailer warranty or service facility located in the Commonwealth. Nothing in this section shall prohibit any trailer manufacturer, factory branch, distributor, distributor

branch, or subsidiary thereof from owning, operating, or controlling any warranty or service facility for warranty or service of trailers owned or operated by the manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof. Nothing contained in this section shall prohibit a trailer manufacturer, factory branch, distributor, or distributor branch from performing service for reasons of compliance with an order of a court of competent jurisdiction or of warranty under Chapter 17.3 (§ 59.1-207.9 et seq.) of Title 59.1.

**§ 46.2-1573.23. Hearings and other remedies; civil penalties.**

A. In every case of a hearing before the Commissioner authorized under this article, the Commissioner shall give reasonable notice of each hearing to all interested parties, and the Commissioner's decision shall be binding on the parties, subject to the rights of judicial review and appeal as provided in the Administrative Process Act (§ 2.2-4000 et seq.).

B. Hearings before the Commissioner under this article shall commence within 90 days of the request for a hearing, and the Commissioner's decision shall be rendered within 60 days from the receipt of the hearing officer's recommendation. Hearings authorized under this article shall be presided over by a hearing officer selected from a list prepared by the Executive Secretary of the Supreme Court. On request of the Commissioner, the Executive Secretary will name a hearing officer from the list, selected on a rotation system administered by the Executive Secretary. The hearing officer shall provide recommendations to the Commissioner within 90 days of the conclusion of the hearing.

C. Notwithstanding any contrary provision of this article, the Commissioner shall initiate investigations, conduct hearings, and determine the rights of parties under this article whenever he is provided information indicating a possible violation of any provision of this article.

D. For purposes of any matter brought to the Commissioner under subdivisions 3, 4, 5, 6, and 9 of § 46.2-1573.16 with respect to which the Commissioner is to determine whether there is good cause for a proposed action or whether it would be unreasonable under the circumstances, the Commissioner shall consider:

1. The volume of the affected dealer's business in the relevant market area;
2. The nature and extent of the dealer's investment in its business;
3. The adequacy of the dealer's service facilities, equipment, parts, supplies, and personnel;
4. The effect of the proposed action on the community;
5. The extent and quality of the dealer's service under trailer warranties;
6. The dealer's performance under the terms of its franchise; and
7. Other economic and geographical factors reasonably associated with the proposed action.

With respect to subdivision 6, any performance standard or program for measuring dealership performance that may have a material effect on a dealer, and the application of any such standard or program by a manufacturer or distributor, shall be fair, reasonable, and equitable and, if based upon a survey, shall be based upon a statistically valid sample. Upon the request of any dealer, a manufacturer or distributor shall disclose in writing to the dealer a description of how a performance standard or program is designed and all relevant information used in the application of the performance standard or program to that dealer.

E. An interested party in a hearing held pursuant to subsection A shall comply with the effective date of compliance established by the Commissioner in his decision in such hearing, unless a stay or extension of such date is granted by the Commissioner or the Commissioner's decision is under judicial review and appeal as provided in subsection A. If, after notice to such interested party and an opportunity to comment, the Commissioner finds an interested party has not complied with his decision by the designated date of compliance, unless a stay or extension of such date has been granted by the Commissioner or the Commissioner's decision is under judicial review and appeal, the Commissioner may assess such interested party a civil penalty not to exceed \$1,000 per day of noncompliance. Civil penalties collected under this subsection shall be deposited into the Transportation Trust Fund established pursuant to § 33.2-1524.

**§ 46.2-1573.24. Late model and factory repurchase franchises.**

Franchised late model or factory repurchase trailer dealers shall have the same rights and obligations as provided for franchised new trailer dealers in this article, mutatis mutandis.

Article 7.4.

Motorcycle Franchises.

**§ 46.2-1573.25. Motorcycle dealers filing of franchises.**

Except as otherwise provided in this section, each motorcycle manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof shall file with the Commissioner a true copy of each new, amended, modified, or different form or addendum offered to more than one dealer that affects the rights, responsibilities, or obligations of the parties of a franchise or sales, service, or sales and service agreement to be offered to a motorcycle dealer or prospective motorcycle dealer in the Commonwealth no later than 60 days prior to the date the franchise or sales agreement is offered. In no event shall a new, amended, modified, or different form of franchise or sales, service, or sales and service agreement be offered to a motorcycle dealer in the Commonwealth until the form has been determined by the Commissioner as not containing terms inconsistent with the provisions of this chapter. At the time a filing is made with the Commissioner pursuant to this section, the manufacturer, factory branch, distributor, distributor branch, or subsidiary shall also give written notice together with a copy of the papers so filed to the affected dealer or dealers.

The provisions of this article shall not apply to a manufacturer, factory branch, distributor, distributor branch, or factory or distributor representative engaged in the manufacture or distribution of all-terrain vehicles or off-road

motorcycles that does not also manufacture or does not also distribute in the Commonwealth any motorcycle designed for lawful use on the public highways.

**§ 46.2-1573.26. Exemption of franchises from Retail Franchising Act.**

Franchises subject to the provisions of this chapter shall not be subject to any requirement contained in Chapter 8 (§ 13.1-557 et seq.) of Title 13.1.

**§ 46.2-1573.27. Coercion of retail dealer by manufacturer or distributor with respect to retail installment sales contracts and extended warranties prohibited; penalty.**

A. It shall be unlawful for any manufacturer or distributor, or any officer, agent, or representative of either, to coerce or attempt to coerce any retail motorcycle dealer or prospective retail motorcycle dealer in the Commonwealth to sell or offer to sell extended warranties or to sell, assign, or transfer any retail installment sales contract obtained by the dealer in connection with the sale by him in the Commonwealth of motorcycles manufactured or sold by the manufacturer or distributor, to a specified finance company or class of finance companies or to any other specified persons by any of the following:

1. Any statement, suggestion, promise, or threat that the manufacturer or distributor will in any manner benefit or injure the dealer, whether the statement, suggestion, threat, or promise is expressed or implied or made directly or indirectly.

2. Any act that will benefit or injure the dealer.

3. Any contract, or any expressed or implied offer of contract, made directly or indirectly to the dealer, for handling the motorcycle on the condition that the dealer sell, assign, or transfer his retail installment sales contract on the motorcycle, in the Commonwealth, to a specified finance company or class of finance companies or to any other specified person.

4. Any expressed or implied statement or representation made directly or indirectly that the dealer is under any obligation whatsoever to sell, assign, or transfer any of his retail sales contracts in the Commonwealth on motorcycles manufactured or sold by the manufacturer or distributor to a finance company, or class of finance companies, or other specified person, because of any relationship or affiliation between the manufacturer or distributor and the finance company or companies or the specified person.

B. Any such statements, threats, promises, acts, contracts, or offers of contracts, when their effect may be to lessen or eliminate competition or tend to create a monopoly, are declared unfair trade practices and unfair methods of competition and are prohibited.

C. Any person violating any of the provisions of this section is guilty of a Class 1 misdemeanor.

**§ 46.2-1573.28. Other coercion of dealers; transfer, grant, succession to and cancellation of dealer franchises; delivery of motorcycles, parts, and accessories.**

It shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or their representatives:

1. To coerce or attempt to coerce any dealer to accept delivery of any motorcycle or motorcycles, parts or accessories therefor, or any other commodities that have not been ordered by the dealer.

2. To coerce or attempt to coerce any dealer to enter into an agreement with the manufacturer, factory branch, distributor, or distributor branch, or representative thereof, or do any other act unfair to the dealer, by threatening to cancel any franchise existing between the manufacturer, factory branch, distributor, distributor branch, or representative thereof and the dealer.

3. To coerce or attempt to coerce any dealer to join, contribute to, or affiliate with any advertising association.

4. To prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale, or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, unless the franchisor provides written notice to the dealer of its objection and the reasons therefor at least 30 days prior to the proposed effective date of the transfer, sale, assignment, or change. No such objection shall be effective to prevent the sale, transfer, assignment, or change if the Commissioner has determined, if requested in writing by the dealer within 30 days after receipt of an objection to the proposed sale, transfer, or change, and after a hearing on the matter, that the failure to permit or honor the sale, transfer, assignment, or change is unreasonable under the circumstances. No franchise may be sold, assigned, or transferred unless (i) the franchisor has been given at least 90 days' prior written notice by the dealer as to the identity, financial ability, and qualifications of the proposed transferee and (ii) the sale or transfer of the franchise and business will not involve, without the franchisor's consent, a relocation of the business.

5. To grant an additional franchise for a particular line-make of motorcycle in a relevant market area in which a dealer or dealers in that line-make are already located unless the franchisor has first advised in writing, by certified mail, return receipt requested, all other dealers in the line-make in the relevant market area. No such additional franchise may be established at the proposed site unless the Commissioner has determined, if requested by a dealer of the same line-make in the relevant market area within 30 days after receipt of the franchisor's notice of intention to establish the additional franchise, and after a hearing on the matter, that there is reasonable evidence that after the grant of the new franchise, the market will support all of the dealers in that line-make in the relevant market area. Establishing a franchised dealer in a relevant market area to replace a franchised dealer that has not been in operation for more than two years shall constitute the establishment of a new franchise subject to the terms of this subdivision. The two-year period for replacing a franchised dealer shall begin on the day the franchise was terminated or, if a termination hearing was held, on the day the franchisor

was legally permitted finally to terminate the franchise. This subdivision shall not apply to (i) the relocation of an existing dealer within that dealer's relevant market area if the relocation site is to be more than 10 miles distant from any other dealer for the same line-make; (ii) the relocation of an existing dealer within that dealer's relevant market area if the relocation site is to be more distant than the existing site from all other dealers of the same line-make in that relevant market area; or (iii) the relocation of an existing new motorcycle dealer within two miles of the existing site of the relocating dealer.

6. Except as otherwise provided in this subdivision and notwithstanding the terms of any franchise, to terminate, cancel, or refuse to renew the franchise of any dealer without good cause and unless (i) the dealer and the Commissioner have received written notice of the franchisor's intentions at least 60 days prior to the effective date of such termination, cancellation, or the expiration date of the franchise, setting forth the specific grounds for the action, and (ii) the Commissioner has determined, if requested in writing by the dealer within the 60-day period, and after a hearing on the matter, that there is good cause for the termination, cancellation, or nonrenewal of the franchise. In any case where a petition is made to the Commissioner for a determination as to good cause for the termination, cancellation, or nonrenewal of a franchise, the franchise in question shall continue in effect pending the Commissioner's decision or, if that decision is appealed to the circuit court, pending the decision of the circuit court. In any case in which a franchisor neither advises a dealer that it does not intend to renew a franchise nor takes any action to renew a franchise beyond its expiration date, the franchise in question shall continue in effect on the terms last agreed to by the parties. Notwithstanding the other provisions of this subdivision, notice of termination, cancellation, or nonrenewal may be provided to a dealer by a franchisor not less than 15 days prior to the effective date of such termination, cancellation, or nonrenewal when the grounds for such action are any of the following:

a. Insolvency of the franchised motorcycle dealer or filing of any petition by or against the franchised motorcycle dealer, under any bankruptcy or receivership law, leading to liquidation or that is intended to lead to liquidation of the franchisee's business;

b. Failure of the franchised motorcycle dealer to conduct its customary sales and service operations during its posted business hours for seven consecutive business days, except where the failure results from acts of God or circumstances beyond the direct control of the franchised motorcycle dealer;

c. Revocation of any license that the franchised motorcycle dealer is required to have to operate a dealership; or

d. Conviction of the dealer or any principal of the dealer of a felony.

The change or discontinuance of a marketing or distribution system of a particular line-make product by a manufacturer or distributor, while the name identification of the product is continued in substantial form by the same or different manufacturer or distributor, may be considered to be a franchise termination, cancellation, or nonrenewal. The provisions of this paragraph shall apply to changes and discontinuances made after January 1, 1989, but they shall not be considered by any court in any case in which such a change or discontinuance occurring prior to that date has been challenged as constituting a termination, cancellation, or nonrenewal.

7. To fail to provide continued parts and service support to a dealer that holds a franchise in a discontinued line-make for at least five years from the date of such discontinuance. This requirement shall not apply to a line-make that was discontinued prior to January 1, 1989.

8. To fail to allow a dealer the right at any time to designate a member of his family as a successor to the dealership in the event of the death or incapacity of the dealer. It shall be unlawful to prevent or refuse to honor the succession to a dealership by a member of the family of a deceased or incapacitated dealer if the franchisor has not provided to the member of the family previously designated by the dealer as his successor written notice of its objections to the succession and of such person's right to seek a hearing on the matter before the Commissioner pursuant to this article, and the Commissioner determines, if requested in writing by such member of the family within 30 days of receipt of such notice from the franchisor, and after a hearing on the matter before the Commissioner pursuant to this article, that the failure to permit or honor the succession is unreasonable under the circumstances. No member of the family may succeed to a franchise unless (i) the franchisor has been given written notice as to the identity, financial ability, and qualifications of the member of the family in question and (ii) the succession to the franchise will not involve, without the franchisor's consent, a relocation of the business.

9. To fail to ship monthly to any dealer, if ordered by the dealer, the number of new motorcycles of each make, series, and model needed by the dealer to receive a percentage of total new motorcycle sales of each make, series, and model equitably related to the total new motorcycle production or importation currently being achieved nationally by each make, series, and model covered under the franchise. Upon the written request of any dealer holding its sales or sales and service franchise, the manufacturer or distributor shall disclose to the dealer in writing the basis upon which new motorcycles are allocated, scheduled, and delivered to the dealers of the same line-make. If allocation is at issue in a request for a hearing, the dealer may demand the Commissioner to direct that the manufacturer or distributor provide to the dealer, within 30 days of such demand, all records of sales and all records of distribution of all motorcycles to the same line-make dealers who compete with the dealer requesting the hearing.

10. To require or otherwise coerce a dealer to underutilize the dealer's facilities.

11. To include in any franchise with a motorcycle dealer terms that are contrary to, prohibited by, or otherwise inconsistent with the requirements of this chapter.

12. To require under any franchise agreement a motorcycle dealer to pay the attorney fees of the manufacturer or distributor related to hearings and appeals brought under this article.

13. To fail to include in any franchise with a motorcycle dealer the following language: "If any provision herein contravenes the laws or regulations of any state or other jurisdiction wherein this agreement is to be performed, or denies access to the procedures, forums, or remedies provided for by such laws or regulations, such provision shall be deemed to be modified to conform to such laws or regulations, and all other terms and provisions shall remain in full force," or words to that effect.

14. To include in any franchise agreement with a motorcycle dealer terms that prohibit a motorcycle dealer from exercising his right to a trial by jury in any action where such right otherwise exists.

**§ 46.2-1573.29. When discontinuation, cancellation, or nonrenewal of franchise unfair.**

A discontinuation, cancellation, or nonrenewal of a franchise agreement is unfair if it is not clearly permitted by the franchise agreement, is not undertaken in good faith, is not undertaken for good cause, or is based on an alleged breach of the franchise agreement that is not in fact a material and substantial breach.

**§ 46.2-1573.30. Repurchase of vehicles, parts, and equipment in the event of involuntary discontinuation, cancellation, or nonrenewal of franchise agreement.**

A. In the event of any involuntary discontinuation, cancellation, or nonrenewal of a franchise agreement, the manufacturer or distributor shall, within 60 days from the effective date of the discontinuation, cancellation, or nonrenewal of a franchise agreement, repurchase at the price equal to the amount paid therefor by the motorcycle dealer, less all incentives and allowances received by the dealer, (i) all new, unused, undamaged, and unaltered motorcycles, all-terrain vehicles, or off-road motorcycles of the current or previous model year that the manufacturer or distributor sold to the dealer and (ii) any other such motorcycle, all-terrain vehicle, or off-road motorcycle that it sold to the dealer not more than 180 days prior to the notice of termination. The foregoing provisions of this subsection shall apply only if the dealer transfers to the manufacturer or distributor full right and legal title to the motorcycles, all-terrain vehicles, and off-road motorcycles prior to their repurchase.

B. In the event of any involuntary discontinuation, cancellation, or nonrenewal of a franchise agreement, the manufacturer or distributor shall, if so requested by the dealer within the same 60-day period, also repurchase all genuine new and unused motorcycle, all-terrain vehicle, and off-road motorcycle parts and accessories that the manufacturer or distributor sold to the dealer so long as such parts and accessories are undamaged, in their original packaging, and listed in the current parts and accessories price list of the manufacturer or distributor. Such parts and accessories shall be repurchased at a price equal to the wholesale price stated in the current parts and accessories price list of the manufacturer or distributor, less all incentives and allowances received by the dealer and without reduction for such repurchase or for processing or handling the repurchase. The foregoing provisions of this subsection shall apply only if the dealer transfers to the manufacturer or distributor full right and legal title to the parts and accessories prior to their repurchase.

C. In the event of any involuntary discontinuation, cancellation, or nonrenewal of a franchise agreement, the manufacturer or distributor shall, if so requested by the dealer within the same 60-day period, repurchase the new and used equipment that the manufacturer or distributor sold to the dealer at its then fair market value, including signs, special tools, and manuals that the manufacturer or distributor required the dealer to purchase. The foregoing provisions of this subsection shall apply only if the dealer transfers to the manufacturer or distributor full right and legal title to the equipment prior to its repurchase.

**§ 46.2-1573.31. Manufacturer or distributor right of first refusal.**

Notwithstanding the terms of any franchise agreement, in the event of a proposed sale or transfer of a dealership, the manufacturer or distributor shall be permitted to exercise a right of first refusal to acquire the new motorcycle dealer's assets or ownership, if such sale or transfer is conditioned upon the manufacturer's or dealer's entering into a dealer agreement with the proposed new owner or transferee, only if all the following requirements are met:

1. To exercise its right of first refusal, the manufacturer or distributor must notify the dealer in writing within 45 days of its receipt of the completed proposal for the proposed sale or transfer;

2. The exercise of the right of first refusal will result in the dealer's and dealer owner's receiving the same or greater consideration as they have contracted to receive in connection with the proposed change of ownership or transfer;

3. The proposed sale or transfer of the dealership's assets does not involve the transfer or sale to a member or members of the family of one or more dealer owners, or to a qualified manager or a partnership or corporation controlled by such persons; and

4. The manufacturer or distributor agrees to pay the reasonable expenses, including attorney fees that do not exceed the usual, customary, and reasonable fees charged for similar work done for other clients, incurred by the proposed new owner and transferee prior to the manufacturer's or distributor's exercise of its right of first refusal in negotiating and implementing the contract for the proposed sale or transfer of the dealership or dealership assets. Notwithstanding the foregoing, no payment of such expenses and attorney's fees shall be required if the dealer has not submitted or caused to be submitted an accounting of those expenses within 30 days of the dealer's receipt of the manufacturer's or distributor's written request for such an accounting. Such accounting may be requested by a manufacturer or distributor before exercising its right of first refusal.

**§ 46.2-1573.32. Discontinuation of distributors.**

If the contract between a distributor and a manufacturer or importer is terminated or otherwise discontinued, all franchises granted to motorcycle dealers in the Commonwealth by that distributor shall continue in full force and shall not be affected by the discontinuance, except that the manufacturer, factory branch, distributor, representative, or other person

who undertakes to distribute motorcycles of the same line-make or the same motorcycles of a renamed line-make shall be substituted for the discontinued distributor under the existing motorcycle dealer franchises, and those franchises shall be modified accordingly.

**§ 46.2-1573.33. Warranty obligations.**

A. Each motorcycle manufacturer, factory branch, distributor, or distributor branch shall (i) specify in writing to each of its motorcycle dealers licensed in the Commonwealth the dealer's obligations for preparation, delivery, and warranty service on its products and (ii) compensate the dealer for warranty parts, service, and diagnostic work required of the dealer by the manufacturer or distributor as follows:

1. Compensation of a dealer for warranty parts, service, and diagnostic work shall not be less than the amounts charged by the dealer for the manufacturer's or distributor's original parts, service, and diagnostic work to retail customers for nonwarranty service, parts, and diagnostic work installed or performed in the dealer's service department unless the amounts are not reasonable;

2. For purposes of determining warranty parts and service compensation, menu-priced parts or services, group discounts, special event discounts, and special event promotions shall not be considered in determining amounts charged by the dealer to retail customers;

3. Increases in dealer warranty parts and service compensation and diagnostic work compensation, pursuant to this section, shall be requested by the dealer in writing, shall be based on 100 consecutive repair orders or all repair orders over a 90-day period, whichever occurs first, and, in the case of parts, shall be stated as a percentage of markup that shall be uniformly applied to all the manufacturer's or distributor's parts;

4. In the case of warranty parts compensation, the provisions of this subsection shall be effective only for model year 1992 and succeeding model years;

5. If a manufacturer or distributor furnishes a part to a dealer at no cost for use by the dealer in performing work for which the manufacturer or distributor is required to compensate the dealer under this section, the manufacturer or distributor shall compensate the dealer for the part in the same manner as warranty parts compensation, less the wholesale costs, for such part as listed in the manufacturer's current price schedules. A manufacturer or distributor may pay the dealer a reasonable handling fee instead of the compensation otherwise required by this subsection for special high-performance complete engine assemblies in limited production motorcycles that constitute less than five percent of model production furnished to the dealer at no cost, if the manufacturer or distributor excludes such special high-performance complete engine assemblies in determining whether the amounts requested by the dealer for warranty compensation are consistent with the amounts that the dealer charges its other retail service customers for parts used by the dealer to perform similar work; or

6. In the case of service work, manufacturer original parts or parts otherwise specified by the manufacturer or distributor, and parts provided by a dealer either pursuant to an adjustment program as defined in § 59.1-207.34 or as otherwise requested by the manufacturer or distributor, the dealer shall be compensated in the same manner as for warranty service or parts.

Warranty audits of dealer records may be conducted by the manufacturer, factory branch, distributor, or distributor branch on a reasonable basis, and dealer claims for warranty compensation shall not be denied except for good cause, such as performance of nonwarranty repairs, lack of material documentation, fraud, or misrepresentation. Claims for dealer compensation shall be paid within 30 days of dealer submission or within 30 days of the end of an incentive program or rejected in writing for stated reasons. The manufacturer, factory branch, distributor, or distributor branch shall reserve the right to reasonable periodic audits to determine the validity of all such paid claims for dealer compensation. Any chargebacks for warranty parts or service compensation and service incentives shall only be for the 12-month period immediately following the date of the claim and, in the case of chargebacks for sales compensation only, for the 18-month period immediately following the date of claim. However, such limitations shall not be effective in the case of intentionally false or fraudulent claims.

B. It shall be unlawful for any motorcycle manufacturer, factory branch, distributor, or distributor branch to:

1. Fail to perform any of its warranty obligations, including tires, with respect to a motorcycle;

2. Fail to assume all responsibility for any liability resulting from structural or production defects;

3. Fail to include in written notices of factory recalls to motorcycle owners and dealers the expected date by which necessary parts and equipment will be available to dealers for the correction of defects;

4. Fail to compensate any of the motorcycle dealers licensed in the Commonwealth for repairs effected by the dealer of merchandise damaged in manufacture or transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch;

5. Fail to compensate its motorcycle dealers licensed in the Commonwealth for warranty parts, work, and service pursuant to subsection A or for legal costs and expenses incurred by such dealers in connection with warranty obligations for which the manufacturer, factory branch, distributor, or distributor branch is legally responsible or that the manufacturer, factory branch, distributor, or distributor branch imposes upon the dealer;

6. Misrepresent in any way to purchasers of motorcycles that warranties with respect to the manufacture, performance, or design of the motorcycle are made by the dealer, either as warrantor or co-warrantor;

7. Require the dealer to make warranties to customers in any manner related to the manufacture, performance, or design of the motorcycle; or

8. Shift or attempt to shift to the motorcycle dealer, directly or indirectly, any liabilities of the manufacturer, factory branch, distributor, or distributor branch under the Virginia Motor Vehicle Warranty Enforcement Act (§ 59.1-207.9 et seq.), unless such liability results from the act or omission by the dealer.

C. Notwithstanding the terms of any franchise, it shall be unlawful for any motorcycle manufacturer, factory branch, distributor, or distributor branch to fail to indemnify and hold harmless its motorcycle dealers against any losses or damages arising out of complaints, claims, or suits relating to the manufacture, assembly, or design of motorcycles, parts, or accessories, or other functions by the manufacturer, factory branch, distributor, or distributor branch beyond the control of the dealer, including, without limitation, the selection by the manufacturer, factory branch, distributor, or distributor branch of parts or components for the motorcycle or any damages to merchandise occurring in transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch. The dealer shall notify the manufacturer of pending suits in which allegations are made that come within this subsection whenever reasonably practicable to do so. Every motorcycle dealer franchise issued to, amended, or renewed for motorcycle dealers in the Commonwealth shall be construed to incorporate provisions consistent with the requirements of this subsection.

D. On any new motorcycle, any uncorrected damage or any corrected damage exceeding three percent of the manufacturer's or distributor's suggested retail price as defined in 15 U.S.C. §§ 1231-1233, as measured by retail repair costs, must be disclosed to the dealer in writing prior to delivery. Factory mechanical repair and damage to tires are excluded from the three percent rule when properly replaced by identical manufacturer's or distributor's original equipment or parts. Whenever a new motorcycle is damaged in transit, when the carrier or means of transportation is determined by the manufacturer or distributor, or whenever a motorcycle is otherwise damaged prior to delivery to the new motorcycle dealer, the new motorcycle dealer shall:

1. Notify the manufacturer or distributor of the damage within three business days from the date of delivery of the new motorcycle to the new motorcycle dealership or within the additional time specified in the franchise; and

2. Request from the manufacturer or distributor authorization to replace the components, parts, and accessories damaged or otherwise correct the damage, unless the damage to the motorcycle exceeds the three percent rule, in which case the dealer may reject the motorcycle within three business days.

E. If the manufacturer or distributor refuses or fails to authorize correction of such damage within 10 days after receipt of notification, or if the dealer rejects the motorcycle because damage exceeds the three percent rule, ownership of the new motorcycle shall revert to the manufacturer or distributor, and the new motorcycle dealer shall have no obligation, financial or otherwise, with respect to such motorcycle. Should either the manufacturer, distributor, or the dealer elect to correct the damage or any other damage exceeding the three percent rule, full disclosure shall be made by the dealer in writing to the buyer and an acknowledgment by the buyer is required. If there is less than three percent damage, no disclosure is required, provided the damage has been corrected. Predelivery mechanical work shall not require a disclosure. Failure to disclose any corrected damage within the knowledge of the selling dealer to a new motorcycle in excess of the three percent rule shall constitute grounds for revocation of the buyer order, provided that, within 30 days of purchase, the motorcycle is returned to the dealer with an accompanying written notice of the grounds for revocation. In case of revocation pursuant to this section, the dealer shall accept the motorcycle and refund any payments made to the dealer in connection with the transaction, less a reasonable allowance for the consumer's use of the motorcycle as defined in § 59.1-207.11.

F. If there is a dispute between the manufacturer, factory branch, distributor, or distributor branch and the dealer with respect to any matter referred to in subsection A, B, or C, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing. The decision of the Commissioner shall be binding on the parties, subject to rights of judicial review and appeal as provided in the Administrative Process Act (§ 2.2-4000 et seq.). However, nothing contained in this section shall give the Commissioner any authority as to the content or interpretation of any manufacturer's or distributor's warranty.

#### **§ 46.2-1573.34. Operation of dealership by manufacturer.**

It shall be unlawful for any motorcycle manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof to own, operate, or control any motorcycle dealership in the Commonwealth. However, this section shall not prohibit:

2. The ownership or control of a dealership by a manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof, while the dealership is being sold under a bona fide contract or purchase option to the operator of the dealership; or

3. The ownership, operation, or control of a dealership by a manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof if the Commissioner determines, after a hearing at the request of any party, that there is no dealer independent of the manufacturer or distributor, factory branch or distributor branch, or subsidiary thereof available in the community or trade area to own and operate the franchise in a manner consistent with the public interest.

#### **§ 46.2-1573.35. Ownership of service facilities.**

It shall be unlawful for any motorcycle manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof to own, operate, or control, either directly or indirectly, any motorcycle warranty or service facility located in the Commonwealth. Nothing in this section shall prohibit any motorcycle manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof from owning, operating, or controlling any warranty or service facility for warranty or

*service of motorcycles owned or operated by the manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof. Nothing contained in this section shall prohibit a motorcycle manufacturer, factory branch, distributor, or distributor branch from performing service for reasons of compliance with an order of a court of competent jurisdiction or of warranty under Chapter 17.3 (§ 59.1-207.9 et seq.) of Title 59.1.*

*B. Hearings before the Commissioner under this article shall commence within 90 days of the request for a hearing, and the Commissioner's decision shall be rendered within 60 days from the receipt of the hearing officer's recommendation. Hearings authorized under this article shall be presided over by a hearing officer selected from a list prepared by the Executive Secretary of the Supreme Court. On request of the Commissioner, the Executive Secretary will name a hearing officer from the list, selected on a rotation system administered by the Executive Secretary. The hearing officer shall provide recommendations to the Commissioner within 90 days of the conclusion of the hearing.*

*C. Notwithstanding any contrary provision of this article, the Commissioner shall initiate investigations, conduct hearings, and determine the rights of parties under this article whenever he is provided information indicating a possible violation of any provision of this article.*

*D. For purposes of any matter brought to the Commissioner under subdivisions 3, 4, 5, 6, and 9 of § 46.2-1573.28 with respect to which the Commissioner is to determine whether there is good cause for a proposed action or whether it would be unreasonable under the circumstances, the Commissioner shall consider:*

- 1. The volume of the affected dealer's business in the relevant market area;*
- 2. The nature and extent of the dealer's investment in its business;*
- 3. The adequacy of the dealer's service facilities, equipment, parts, supplies, and personnel;*
- 4. The effect of the proposed action on the community;*
- 5. The extent and quality of the dealer's service under motorcycle warranties;*
- 6. The dealer's performance under the terms of its franchise; and*

Upon the request of any dealer, a manufacturer or distributor shall disclose in writing to the dealer a description of how a performance standard or program is designed and all relevant information used in the application of the performance standard or program to that dealer.*

*E. An interested party in a hearing held pursuant to subsection A shall comply with the effective date of compliance established by the Commissioner in his decision in such hearing, unless a stay or extension of such date is granted by the Commissioner or the Commissioner's decision is under judicial review and appeal as provided in subsection A. If, after notice to such interested party and an opportunity to comment, the Commissioner finds an interested party has not complied with his decision by the designated date of compliance, unless a stay or extension of such date has been granted by the Commissioner or the Commissioner's decision is under judicial review and appeal, the Commissioner may assess such interested party a civil penalty not to exceed \$1,000 per day of noncompliance. Civil penalties collected under this subsection shall be deposited into the Transportation Trust Fund established pursuant to § 33.2-1524.*

**§ 46.2-1573.37. Late model and factory repurchase franchises.**

*Franchised late model or factory repurchase motorcycle dealers shall have the same rights and obligations as provided for franchised new motorcycle dealers in this article, mutatis mutandis.*

**§ 58.1-2405. Basis of tax.**

*A. In the case of the sale or use of a motor vehicle upon which the pricing information is required by federal law to be posted, the Commissioner may collect the tax upon the basis of the total sale price shown on such document; however, if the Commissioner is satisfied that the purchaser has paid less than such price, by such evidence as the Commissioner may require, he may assess and collect the tax upon the basis of the sale price so found by him. In no case shall such lesser price include credits for trade-in or any other transaction of such nature.*

*B. In the case of the sale or use of a motor vehicle which is not a new motor vehicle, the Commissioner may employ such publications, sources of information, and other data as are customarily employed in ascertaining the maximum sale price of such used motor vehicles but in no case shall any credit be allowed for trade-in, prior rental or any other transaction of like nature.*

*C. In the case of the sale or use of a motor vehicle, which is not a new motor vehicle, between individuals who are not required to be licensed as dealers or salespersons under the provisions of §§ § 46.2-1508 and ~~46.2-1908~~, the Commissioner may collect the tax upon the basis of the total sale price as established by such evidence as the Commissioner may require; provided that if such motor vehicle is no more than five years old and is listed in a recognized pricing guide, the total sale price shall not be less than the value listed in such pricing guide for such vehicle, less an allowance of \$1,500, unless the purchaser shall execute an affidavit under penalty of perjury stating a lesser total sale price and declaring such sale or use to be a bona fide transaction for full value. In using a recognized pricing guide, the Commissioner shall use the trade-in value*

specified in such guide, with no additions for optional equipment or subtractions for mileage, so long as uniformly applied for all types of motor vehicles. In no case shall any credit be allowed for trade-in, prior rental, or any other transaction of like nature.

A. Each authorized insurer subject to the provisions of this chapter shall file with the Commission all rates and supplementary rate information and all changes and amendments to the rates and supplementary rate information made by it for use in the Commonwealth on or before the date they become effective.

In cases where the Commission has made a determination pursuant to § 38.2-1912 that competition is not an effective regulator of rates for a line or subclassification of insurance, such rates, supplementary rate information, changes and amendments to rates and supplementary rate information for that line or subclassification shall be filed in accordance with and shall be subject to the provisions of § 38.2-1912.

B. Each rate service organization licensed under § 38.2-1914 that has been designated by an insurer for the filing of prospective loss costs or supplementary rate information under § 38.2-1908 shall file with the Commission all prospective loss costs or supplementary rate information and all changes and amendments to the prospective loss costs or supplementary rate information made by it for use in the Commonwealth on or before the date they become effective. F. Except with respect to workers' compensation and employers' liability insurance as defined in § 38.2-119, and notwithstanding the provisions of subdivision A 3 of § 38.2-1904, nothing shall prohibit an insurer from filing with the Commission any rate or supplementary rate information that allows the insurer to limit for its renewal policies any rate increase that would otherwise be applicable to such policies. ##### **§ 1-211.1. Courthouse; posting of notices.**

If any notice, summons, order, or other official document of any type is required to be posted on or at the front door of a courthouse or on a public bulletin board at a courthouse, it shall constitute compliance with this requirement if the notice, summons, order, or other official document is posted with other such documents ~~either on the public government website of the locality served by the court~~ where such notice, summons, order or other official document is posted or at or near the principal public entrance to the courthouse in a location that is conspicuous to the public and approved by the chief judge of the circuit in which the courthouse is situated, or both. *The requirement to post any notice, summons, order, or other official document of any type is satisfied if such notice, summons, order, or other official document is posted on the public government website of the locality served by the court or the website of the circuit court clerk.*

##### **§ 8.01-217. How name of person may be changed.**

A. Any person desiring to change his own name, or that of his child or ward, may apply therefor to the circuit court of the county or city in which the person whose name is to be changed resides, or if no place of abode exists, such person may apply to any circuit court which shall consider such application if it finds that good cause exists therefor under the circumstances alleged. An incarcerated person may apply to the circuit court of the county or city in which such person is incarcerated. In case of a minor who has no living parent or guardian, the application may be made by his next friend. In case of a minor who has both parents living, the parent who does not join in the application shall be served with reasonable notice of the application pursuant to § 8.01-296 and, should such parent object to the change of name, a hearing shall be held to determine whether the change of name is in the best interest of the minor. It shall not be necessary to effect service upon any parent who files an answer to the application. If, after application is made on behalf of a minor and an ex parte hearing is held thereon, the court finds by clear and convincing evidence that such notice would present a serious threat to the health and safety of the applicant, the court may waive such notice.

B. Every application shall be under oath and shall include the place of residence of the applicant, the names of both parents, including the maiden name of his mother, the date and place of birth of the applicant, the applicant's felony conviction record, if any, whether the applicant is a person for whom registration with the Sex Offender and Crimes Against Minors Registry is required pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, whether the applicant is presently incarcerated or a probationer with any court, and if the applicant has previously changed his name, his former name or names.

C. On any such application and hearing, if such be demanded, the court, shall, unless the evidence shows that the change of name is sought for a fraudulent purpose or would otherwise infringe upon the rights of others or, in a case involving a minor, that the change of name is not in the best interest of the minor, order a change of name.

D. No application shall be accepted by a court for a change of name of a probationer, person for whom registration with the Sex Offender and Crimes Against Minors Registry is required pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, or incarcerated person unless the court finds that good cause exists for consideration of such application under the reasons alleged in the application for the requested change of name. If the court accepts the application, the court shall mail or deliver a copy of the application to the attorney for the Commonwealth for the jurisdiction where the application was filed and the attorney for the Commonwealth for any jurisdiction in the Commonwealth where a conviction occurred that resulted in the applicant's probation, registration with the Sex Offender and Crimes Against Minors Registry pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, or incarceration. The attorney for the Commonwealth where the application was filed shall be entitled to respond and represent the interests of the Commonwealth by filing a response within 30 days after the mailing or delivery of a copy of the application. The court shall conduct a hearing on the application and may order a change of name if, after receiving and considering evidence concerning the circumstances regarding the requested change of name, the court determines that the change of name (i) would not frustrate a legitimate law-enforcement purpose, (ii) is not sought for a fraudulent purpose, and (iii) would not otherwise infringe upon the rights of others. Such order shall contain written findings stating the court's basis for granting the order.

E. The provisions of subsection D are jurisdictional and any order granting a change of name pursuant to subsection D that fails to comply with any provision of subsection D is void ab initio. The attorney for the Commonwealth for the jurisdiction where such an application was filed has the authority to bring an independent action at any time to have such order declared void. If the attorney for the Commonwealth brings an independent action to have the order declared void, notice of the action shall be served upon the person who was granted a change of name who shall have 30 days after service to respond. If the person whose name was changed files a response objecting to having the order declared void, the court shall hold a hearing. If an order granting a change of name is declared void pursuant to this subsection, or if a person is convicted of perjury pursuant to § 18.2-434 for unlawfully changing his name pursuant to § 18.2-504.1 based on conduct that violates this section, the clerk of the court entering the order or the order of conviction shall transmit a certified copy of the order to (i) the State Registrar of Vital Records, (ii) the Department of Motor Vehicles, (iii) the State Board of Elections, (iv) the Central Criminal Records Exchange, and (v) any agency or department of the Commonwealth that has issued a license to the person where such license utilizes the person's changed name, *if known to the court and identified in the court order*.

F. The order shall contain no identifying information other than the applicant's former name or names, new name, and current address. The clerk of the court shall spread the order upon the current deed book in his office, index it in both the old and new names, and transmit a certified copy of the order and the application to the State Registrar of Vital Records and the Central Criminal Records Exchange. Transmittal of a copy of the order and the application to the State Registrar of Vital Records and the Central Criminal Records Exchange shall not be required of a person who changed his or her former name by reason of marriage and who makes application to resume a former name pursuant to § 20-121.4.

G. If the applicant shall show cause to believe that in the event his change of name should become a public record, a serious threat to the health or safety of the applicant or his immediate family would exist, the chief judge of the circuit court may waive the requirement that the application be under oath or the court may order the record sealed and direct the clerk not to spread and index any orders entered in the cause, and ~~shall not transmit~~ a certified copy ~~shall not be transmitted~~ to the State Registrar of Vital Records or the Central Criminal Records Exchange. ~~Upon receipt of~~ *At such time as a name change order is received* by the State Registrar of Vital Records, for a person born in ~~this~~ *the* Commonwealth, together with a proper request and payment of required fees, the Registrar shall issue certifications of the amended birth record which do not reveal the former name or names of the applicant unless so ordered by a court of competent jurisdiction. place of birth of the person whose name is changed, the full names of his parents, including the maiden name of the mother and, if such person has previously changed his name, his former name or names.

**§ 8.01-454. Judgment, when paid, to be so noted by creditor.**

In all cases in which ~~payment or~~ *satisfaction* of any judgment so docketed is made, which is not required to be certified to the clerk under § 8.01-455, it shall be the duty of the judgment creditor, himself, or by his agent or attorney, to cause such ~~payment or~~ *satisfaction* by the defendant, ~~whether in whole or in part,~~ and if there is more than one defendant, by which defendant it was ~~paid or discharged~~ *satisfied*, to be entered within 30 days after the same is made, on such judgment docket. If the judgment has not been docketed, then the entry shall be made on the execution book in the office of the clerk from which the execution issued. For any failure to do so within 90 days, or after 10 days' notice to do so by the judgment debtor or his agent or attorney, the judgment creditor shall be liable to a fine of \$100 and shall pay the filing cost of the release. The entry of ~~payment or~~ *satisfaction* shall be signed by the creditor or his duly authorized attorney or other agent and be attested by the clerk in whose office the judgment is docketed, or when not docketed, by the clerk from whose office the execution issued; however, the cost of the release shall be paid by the judgment debtor.

The clerk shall, at any time when required by the court or the Auditor of Public Accounts to do so, furnish a statement of the amount subject to the order of the court in any case pending therein and any other information required by the court or the Auditor of Public Accounts as to any money or other property under his control before the court. When the clerk receives funds under this section, he shall be entitled to receive fees in accordance with § 17.1-287 in the amounts as specified for general receivers in § 8.01-589.

H. All moneys received under this section are subject to audit by the Auditor of Public Accounts.

**§ 8.01-606. Payment of small amounts to certain persons through court without intervention of fiduciary; authority of commissioners of accounts; certain fiduciaries exempt from accountings.**

A. Whenever there is due to any person, any sum of money from any source, not exceeding \$25,000, the fund may be paid into the circuit court of the county or city in which the fund became due or such person resides. The court may, by an order entered of record, (i) pay the fund to the person to whom it is due, if the person is considered by the court competent to expend and use the same in his behalf, or (ii) pay the fund to some other person who is considered competent to administer it, for the benefit of the person entitled to the fund, without the intervention of a fiduciary, whether the other person resides within or without this Commonwealth. The clerk of the court shall take a receipt from the person to whom the money is paid, which shall show the source from which it was derived, the amount, to whom it belongs, and when and to whom it was paid. The receipt shall be signed and acknowledged by the person receiving the money, and entered of record in the book in the clerk's office in which the current fiduciary accounts are entered and indexed. Upon the payment into court the person owing the money shall be discharged of such obligation. No bond shall be required of the party to whom the money is paid by the court.

B. Whenever (i) it appears to the court having control of a fund, tangible personal property or intangible personal property or supervision of its administration, whether a suit is pending therefor or not, that a person under a disability who has no fiduciary, is entitled to a fund arising from the sale of lands for a division or otherwise, or a fund, tangible personal property or intangible personal property as distributee of any estate, or from any other source, (ii) a judgment, decree, or order for the payment of a sum of money or for delivery of tangible personal property or intangible personal property to a person under a disability who has no fiduciary is rendered by any court, and the amount to which such person is entitled or the value of the tangible personal property or intangible personal property is not more than \$25,000, or (iii) a person under a disability is entitled to receive payments of income, tangible personal property or intangible personal property and the amount of the income payments is not more than \$25,000 in any one year, or the value of the tangible personal property is not more than \$25,000, or the current market value of the intangible personal property is not more than \$25,000, the court may, without the intervention of a fiduciary, cause such fund, property or income to be paid or delivered to any person deemed by the court capable of properly handling it, to be used solely for the education, maintenance and support of the person under a disability. In any case in which an infant is entitled to such fund, property or income, the court may, upon its being made to appear that the infant is of sufficient age and discretion to use the fund, property or income judiciously, cause the fund to be paid or delivered directly to the infant.

C. *Where judgment is taken in the general district court, upon motion of a party for good cause shown, the general district court judge may enter an order directing the clerk of the general district court to hold such funds in escrow for a period not to exceed 180 days to enable such party to file a petition pursuant to § 8.01-600 requesting that such funds be received and held by the clerk of the circuit court upon payment of fees in accordance with § 17.1-275. The party petitioning the circuit court shall provide the clerk of the general district court a certified copy of any order entered by the circuit court directing that such funds held by the clerk of the general district court be transferred to the clerk of the circuit court. If no such order is received by the clerk of the general district court within the 180-day period, the clerk of the general district court shall give notice to the parties that such funds shall be disbursed to the plaintiff for which judgment was entered in the general district court within 30 days after such notice.*

D. Whenever a person is entitled to a fund or such property distributable by a fiduciary settling his accounts before the commissioner of accounts of the court in which the fiduciary qualified, and the amount or value of the fund or property, or the value of any combination thereof, is not more than \$25,000, the commissioner of accounts may approve distribution thereof in the same manner and to the extent of the authority herein conferred upon a court including exemption from filing further accounts where the value of the fund being administered is less than \$25,000.

~~D. E.~~ Whenever an incapacitated person or infant is entitled to a fund or such property distributable by a fiduciary settling accounts before the commissioner of accounts of the court in which the fiduciary qualified and the will or trust instrument under which the fiduciary serves, authorizes the fiduciary to distribute the property or fund to the incapacitated person or infant without the intervention of a guardian, conservator or committee, and the amount or value of such fund or property, or the value of any combination thereof, is not more than \$25,000, the commissioner of accounts may approve distribution thereof in the same manner and to the extent of the authority hereinabove conferred upon a court or judge thereof.

~~E. F.~~ Whenever a fiduciary is administering funds not exceeding \$25,000, the circuit court of the county or city in which the fund is being administered by order entered of record may authorize the fiduciary, when considered competent to administer the funds, to continue to administer the funds for the benefit of the person entitled to the fund without the necessity of filing any further accounts, whether such person resides within or without this Commonwealth. The clerk of the court shall take a receipt from the fiduciary, which shall show the amount of the fund remaining, to whom it belongs, and

the date the court entered the order exempting the filing of further accounts. The receipt shall be signed and acknowledged by the fiduciary, and entered of record in the book in the clerk's office in which the current fiduciary accounts are entered and indexed. ## CHAPTER 634

*An Act to amend and reenact § 19.2-70.3 of the Code of Virginia, relating to obtaining records concerning electronic communication service or remote computing service; real-time location data.*

[H 2355]

Approved March 26, 2015

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That § 19.2-70.3 of the Code of Virginia is amended and reenacted as follows:**

##### **§ 19.2-70.3. Obtaining records concerning electronic communication service or remote computing service.**

A. A provider of electronic communication service or remote computing service, which, for purposes of subdivisions 2 through 4, includes a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, excluding the contents of electronic communications and real-time location data, to an investigative or law-enforcement officer only pursuant to:

1. A subpoena issued by a grand jury of a court of the Commonwealth;
2. A search warrant issued by a magistrate, general district court, or circuit court;
3. A court order for such disclosure issued as provided in subsection B; or
4. The consent of the subscriber or customer to such disclosure.

B. A court shall issue an order for disclosure under this section only if the investigative or law-enforcement officer shows that there is reason to believe the records or other information sought are relevant and material to an ongoing criminal investigation, or the investigation of any missing child as defined in § 52-32, missing senior adult as defined in § 52-34.4, or an incapacitated person as defined in § 64.2-2000 who meets the definition of a missing senior adult except for the age requirement. Upon issuance of an order for disclosure under this section, the order and any written application or statement of facts may be sealed by the court for 90 days for good cause shown upon application of the attorney for the Commonwealth in an ex parte proceeding. The order and any written application or statement of facts may be sealed for additional 90-day periods for good cause shown upon subsequent application of the attorney for the Commonwealth in an ex parte proceeding. A court issuing an order pursuant to this section, on a motion made promptly by the service provider, may quash or modify the order, if the information or records requested are unusually voluminous in nature or compliance with such order would otherwise cause an undue burden on such provider.

C. Except as provided in subsection D, a provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose the contents of electronic communications or real-time location data to an investigative or law-enforcement officer only pursuant to a search warrant issued by a magistrate, a juvenile and domestic relations district court, a general district court, or a circuit court, based upon complaint on oath supported by an affidavit as required in § 19.2-54, or judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia when the warrant issued by such officer or such court complies with the provisions of subsection G. In the case of a search warrant directed to a foreign corporation, the affidavit shall state that the complainant believes that the records requested are actually or constructively possessed by a foreign corporation that provides electronic communication service or remote computing service within the Commonwealth of Virginia. If satisfied that probable cause has been established for such belief and as required by Chapter 5 (§ 19.2-52 et seq.), the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court shall issue a warrant identifying those records to be searched for and commanding the person seeking such warrant to properly serve the warrant upon the foreign corporation. *A search warrant for real-time location data shall be issued if the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court is satisfied that probable cause has been established that the real-time location data sought is relevant to a crime that is being committed or has been committed or that an arrest warrant exists for the person whose real-time location data is sought.*

D. A provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, including real-time location data but excluding the contents of electronic communications, to an investigative or law-enforcement officer pursuant to an administrative subpoena issued pursuant to § 19.2-10.2 concerning a violation of § 18.2-374.1 or 18.2-374.1:1, former § 18.2-374.1:2, or § 18.2-374.3 when the information sought is relevant and material to an ongoing criminal investigation.

E. When disclosure of real-time location data is not prohibited by federal law, an investigative or law-enforcement officer may obtain real-time location data without a warrant in the following circumstances:

1. To respond to the user's call for emergency services;
2. With the informed, affirmative consent of the owner or user of the electronic device concerned if (i) the device is in his possession; (ii) the owner or user knows or believes that the device is in the possession of an employee or agent of the

owner or user with the owner's or user's consent; or (iii) the owner or user knows or believes that the device has been taken by a third party without the consent of the owner or user;

3. With the informed, affirmative consent of the legal guardian or next of kin of the owner or user, if reasonably available, if the owner or user is reasonably believed to be deceased, is reported missing, or is unable to be contacted; or

4. If the investigative or law-enforcement officer reasonably believes that an emergency involving the immediate danger to a person requires the disclosure, without delay, of real-time location data concerning a specific person and that a warrant cannot be obtained in time to prevent the identified danger, and the possessor of the real-time location data believes, in good faith, that an emergency involving danger to a person requires disclosure without delay.

No later than three business days after seeking disclosure of real-time location data pursuant to this subsection, the investigative or law-enforcement officer seeking the information shall file with the appropriate court a written statement setting forth the facts giving rise to the emergency and the facts as to why the person whose real-time location data was sought is believed to be important in addressing the emergency.

F. In order to comply with the requirements of § 19.2-54, any search of the records of a foreign corporation shall be deemed to have been made in the same place wherein the search warrant was issued.

G. A Virginia corporation or other entity that provides electronic communication services or remote computing services to the general public, when properly served with a search warrant and affidavit in support of the warrant, issued by a judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia with jurisdiction over the matter, to produce a record or other information pertaining to a subscriber to or customer of such service, including real-time location data, or the contents of electronic communications, or both, shall produce the record or other information, including real-time location data, or the contents of electronic communications as if that warrant had been issued by a Virginia court. The provisions of this subsection shall only apply to a record or other information, including real-time location data, or contents of electronic communications relating to the commission of a criminal offense that is substantially similar to (i) a violent felony as defined in § 17.1-805, (ii) an act of violence as defined in § 19.2-297.1, (iii) any offense for which registration is required pursuant to § 9.1-902, (iv) computer fraud pursuant to § 18.2-152.3, or (v) identity theft pursuant to § 18.2-186.3. The search warrant shall be enforced and executed in the Commonwealth as if it were a search warrant described in subsection C.

H. The provider of electronic communication service or remote computing service may verify the authenticity of the written reports or records that it discloses pursuant to this section, excluding the contents of electronic communications, by providing an affidavit from the custodian of those written reports or records or from a person to whom said custodian reports certifying that they are true and complete and that they are prepared in the regular course of business. When so authenticated, the written reports and records are admissible in evidence as a business records exception to the hearsay rule.

I. No cause of action shall lie in any court against a provider of a wire or electronic communication service or remote computing service or such provider's officers, employees, agents, or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order, warrant, administrative subpoena, or subpoena under this section or the provisions of subsection E.

J. A search warrant or administrative subpoena for the disclosure of real-time location data pursuant to this section shall require the provider to provide ongoing disclosure of such data for a reasonable period of time, not to exceed 30 days. A court may, for good cause shown, grant one or more extensions, not to exceed 30 days each.

K. For the purposes of this section:

"Electronic device" means a device that enables access to, or use of, an electronic communication service, remote computing service, or location information service, including a global positioning service or other mapping, locational, or directional information service.

"Foreign corporation" means any corporation or other entity, whose primary place of business is located outside of the boundaries of the Commonwealth, that makes a contract or engages in a terms of service agreement with a resident of the Commonwealth to be performed in whole or in part by either party in the Commonwealth, or a corporation that has been issued a certificate of authority pursuant to § 13.1-759 to transact business in the Commonwealth. The making of the contract or terms of service agreement or the issuance of a certificate of authority shall be considered to be the agreement of the foreign corporation or entity that a search warrant or subpoena, which has been properly served on it, has the same legal force and effect as if served personally within the Commonwealth.

"Properly served" means delivery of a search warrant or subpoena by hand, by United States mail, by commercial delivery service, by facsimile or by any other manner to any officer of a corporation or its general manager in the Commonwealth, to any natural person designated by it as agent for the service of process, or if such corporation has designated a corporate agent, to any person named in the latest annual report filed pursuant to § 13.1-775.

"Real-time location data" means any data or information concerning the current location of an electronic device that, in whole or in part, is generated, derived from, or obtained by the operation of the device.

## CHAPTER 636

*An Act to amend and reenact § 2.2-4024 of the Code of Virginia and to amend the Code of Virginia by adding in Article 4 of Chapter 40 of Title 2.2 a section numbered 2.2-4024.1, relating to the Administrative Process Act; disqualification of a hearing officer.*

[S 927]

Approved March 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 2.2-4024 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Article 4 of Chapter 40 of Title 2.2 a section numbered 2.2-4024.1 as follows:**

**§ 2.2-4024. Hearing officers.**

A. In all formal hearings conducted in accordance with § 2.2-4020, the hearing shall be presided over by a hearing officer selected from a list prepared by the Executive Secretary of the Supreme Court and maintained in the Office of the Executive Secretary of the Supreme Court. Parties to informal fact-finding proceedings conducted pursuant to § 2.2-4019 may agree at the outset of the proceeding to have a hearing officer preside at the proceeding, such agreement to be revoked only by mutual consent. The Executive Secretary may promulgate rules necessary for the administration of the hearing officer system and shall have the authority to establish the number of hearing officers necessary to preside over administrative hearings in the Commonwealth.

Prior to being included on the list, all hearing officers shall meet the following minimum standards:

1. Active membership in good standing in the Virginia State Bar;
2. Active practice of law for at least five years; and

3. Completion of a course of training approved by the Executive Secretary of the Supreme Court. In order to comply with the demonstrated requirements of the agency requesting a hearing officer, the Executive Secretary may require additional training before a hearing officer shall be assigned to a proceeding before that agency.

B. On request from the head of an agency, the Executive Secretary shall name a hearing officer from the list, selected on a rotation system administered by the Executive Secretary. Lists reflecting geographic preference and specialized training or knowledge shall be maintained by the Executive Secretary if an agency demonstrates the need.

C. A hearing officer ~~shall voluntarily disqualify himself and withdraw from any case in which he cannot accord a fair and impartial hearing or consideration, or when required by the applicable rules governing the practice of law in the Commonwealth. Any party may request the disqualification of a hearing officer by filing~~ *appointed in accordance with this section shall be subject to disqualification as provided in § 2.2-4024.1. If the hearing officer denies a petition for disqualification pursuant to § 2.2-4024.1, the petitioning party may request reconsideration of the denial by filing a written request with the Executive Secretary along with an affidavit, prior to the taking of evidence at a hearing, stating with particularity the grounds upon which it is claimed that a fair and impartial hearing cannot be accorded, or the applicable rule of practice requiring disqualification.*

The issue shall be determined not less than 10 days prior to the hearing by the Executive Secretary ~~of the Supreme Court.~~

D. Any hearing officer empowered by the agency to provide a recommendation or conclusion in a case decision matter shall render that recommendation or conclusion within 90 days from the date of the case decision proceeding or from a later date agreed to by the named party and the agency. If the hearing officer does not render a decision within 90 days, then the named party to the case decision may provide written notice to the hearing officer and the Executive Secretary of the Supreme Court that a decision is due. If no decision is made within 30 days from receipt by the hearing officer of the notice, then the Executive Secretary of the Supreme Court shall remove the hearing officer from the hearing officer list and report the hearing officer to the Virginia State Bar for possible disciplinary action, unless good cause is shown for the delay.

E. The Executive Secretary shall remove hearing officers from the list, upon a showing of cause after written notice and an opportunity for a hearing. When there is a failure by a hearing officer to render a decision as required by subsection

D, the burden shall be on the hearing officer to show good cause for the delay. Decisions to remove a hearing officer may be reviewed by a request to the Executive Secretary for reconsideration, followed by judicial review in accordance with this chapter.

F. This section shall not apply to hearings conducted by (i) any commission or board where all of the members, or a quorum, are present; (ii) the Alcoholic Beverage Control Board, the Virginia Workers' Compensation Commission, the State Corporation Commission, the Virginia Employment Commission, the Department of Motor Vehicles under Title 46.2 (§ 46.2-100 et seq.), § 58.1-2409, or Chapter 27 (§ 58.1-2700 et seq.) of Title 58.1, or the Motor Vehicle Dealer Board under Chapter 15 (§ 46.2-1500 et seq.) of Title 46.2; or (iii) any panel of a health regulatory board convened pursuant to § 54.1-2400, including any panel having members of a relevant advisory board to the Board of Medicine. All employees hired after July 1, 1986, pursuant to §§ 65.2-201 and 65.2-203 by the Virginia Workers' Compensation Commission to conduct hearings pursuant to its basic laws shall meet the minimum qualifications set forth in subsection A. Agency employees who are not licensed to practice law in the Commonwealth, and are presiding as hearing officers in proceedings pursuant to clause (ii) shall participate in periodic training courses.

G. Notwithstanding the exemptions of subsection A of § 2.2-4002, this article shall apply to hearing officers conducting hearings of the kind described in § 2.2-4020 for the Department of Game and Inland Fisheries, the Virginia Housing Development Authority, the Milk Commission, and the Virginia Resources Authority pursuant to their basic laws.

**§ 2.2-4024.1. Disqualification.**

A. *An individual who has served as investigator, prosecutor, or advocate at any stage in a contested case or who is subject to the authority, direction, or discretion of an individual who has served as investigator, prosecutor, or advocate at any stage in a contested case may not serve as the presiding officer or hearing officer in the same case. An agency head who has participated in a determination of probable cause or other preliminary determination in an adjudication may serve as the presiding officer in the adjudication unless a party demonstrates grounds for disqualification under subsection B.*

B. *A presiding officer or hearing officer is subject to disqualification for any factor that would cause a reasonable person to question the impartiality of the presiding officer or hearing officer, which may include bias, prejudice, financial interest, or ex parte communications; however, the fact that a hearing officer is employed by an agency as a hearing officer, without more, is not grounds for disqualification. The presiding officer or hearing officer, after making a reasonable inquiry, shall disclose to the parties all known facts related to grounds for disqualification that are material to the impartiality of the presiding officer or hearing officer in the proceeding. The presiding officer or hearing officer may self-disqualify and withdraw from any case for reasons listed in this subsection.*

C. *A party may petition for the disqualification of the presiding officer or hearing officer promptly after notice that the person will preside or, if later, promptly on discovering facts establishing a ground for disqualification. The petition must state with particularity the ground on which it is claimed that a fair and impartial hearing cannot be accorded or the applicable rules of ethics that require disqualification. The petition may be denied if the party fails to promptly request disqualification after discovering a ground for disqualification.*

D. *A presiding officer not appointed pursuant to the provisions of § 2.2-4024, whose disqualification is requested shall decide whether to grant the petition and state in a record the facts and reasons for the decision. The decision to deny disqualification by a hearing officer appointed pursuant to § 2.2-4024 shall be reviewable according to the procedure set forth in subsection C of § 2.2-4024. In all other circumstances, the presiding officer's or hearing officer's decision to deny disqualification is subject to judicial review in accordance with this chapter, but is not otherwise subject to interlocutory review.*

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That § 46.2-644.03 of the Code of Virginia is amended and reenacted as follows:**

##### **§ 46.2-644.03. Enforcement of liens acquired under §§ 46.2-644.01 and 46.2-644.02 and of liens of bailees.**

Any person having a lien under §§ 46.2-644.01 and 46.2-644.02 and any bailee, except where otherwise provided, having a lien as such at common law on personal property in his possession which he has no power to sell for the satisfaction of the lien, if the debt for which the lien exists is not paid within 10 days after it is due and the value of the property affected by the lien does not exceed ~~\$10,000~~ *\$12,500*, may sell such property or so much thereof as may be necessary, by public auction, for cash. The proceeds shall be applied to the satisfaction of the debt and expenses of sale, and the surplus, if any, shall be paid within 30 days of the sale to any lienholder, and then to the owner of the property. A seller who fails to remit the surplus as provided shall be liable to the person entitled to the surplus in an amount equal to \$50 for each day beyond 30 days that the failure continues.

Before making the sale, the seller shall advertise the time, place, and terms thereof in a public place. In the case of property other than a motor vehicle required to be registered in Virginia having a value in excess of \$600, 10 days' prior notice shall be given to any secured party who has filed a financing statement against the property, and written notice shall be given to the owner as hereinafter provided. If the property is a motor vehicle required by the motor vehicle laws of Virginia to be registered, the person having the lien shall ascertain from the Commissioner of the Department of Motor Vehicles whether the certificate of title of the motor vehicle shows a lien thereon. *At that time, the Commissioner shall also determine the value of the property and shall communicate it to the bailee.* If the certificate of title shows a lien, the bailee proposing the sale of the motor vehicle shall notify the lienholder of record, by certified mail, at the address on the certificate of title of the time and place of the proposed sale 10 days prior thereto. If the name of the owner cannot be ascertained, the name of "John Doe" shall be substituted in any proceedings hereunder and no written notice as to him shall be required to be mailed. Whenever a vehicle is shown by the Department of Motor Vehicles records to be owned by a person who has indicated that he is on active military duty or service, the Department shall include such information in response to requests for vehicle information pursuant to the requirements of this chapter.

If the value of the property is more than ~~\$10,000~~ *\$12,500* but does not exceed \$25,000, the party having the lien, after giving notice as herein provided, may apply by petition to any general district court of the county or city wherein the property is, or, if the value of the property exceeds \$25,000, to the circuit court of the county or city, for the sale of the property. If, on the hearing of the case on the petition, the defense, if any made thereto, and such evidence as may be adduced by the parties respectively, the court is satisfied that the debt and lien are established and the property should be sold to pay the debt, the court shall order the sale to be made by the sheriff of the county or city. The sheriff shall make the same and apply and dispose of the proceeds in the same manner as if the sale were made under a writ of fieri facias.

*In determining the value of the property as required by this section, the Commissioner shall use a recognized pricing guide and, in using such guide, shall use the trade-in value specified in such guide.*

If the owner of the property is a resident of the Commonwealth, any notice required by this section may be served as provided in § 8.01-296 or, if the sale is to be made without resort to the courts, by personal delivery or by certified or registered mail delivered to the present owner of the property to be sold at his last known address at least 10 days prior to the date of sale. If he is a nonresident or if his address is unknown, notice may be served by posting a copy thereof in three public places in the county or city wherein the property is located. For purposes of this section, a public place means a premises owned by the Commonwealth, a political subdivision thereof or an agency of either which is open to the general public.

If the property is a motor vehicle (i) for which neither the owner nor any other lienholder or secured party can be determined by the Department of Motor Vehicles through a diligent search of its records, (ii) manufactured for a model year at least six years prior to the current model year, and (iii) having a value of no more than \$3,000 as determined by the provisions of § 8.01-419.1, a person having a lien on such vehicle may, after showing proof that the vehicle has been in his continuous custody for at least 30 days, apply for and receive from the Department of Motor Vehicles title or a nonrepairable certificate to such vehicle, free of all liens and claims of ownership of others, and proceed to sell or otherwise dispose of the vehicle.

Whenever a motor vehicle is sold hereunder, the Department of Motor Vehicles shall issue a certificate of title and registration or a nonrepairable certificate to the purchaser thereof upon his application containing the serial or motor number of the vehicle purchased together with an affidavit of the lienholder that he has complied with the provisions hereof, or by the sheriff conducting a sale that he has complied with said order.

Any garage keeper to whom a motor vehicle has been delivered pursuant to § 46.2-1209, 46.2-1213, or 46.2-1215 may after 30 days from the date of delivery proceed under this section, provided that action has not been taken pursuant to such sections for the sale of such motor vehicle.

Notwithstanding any provisions to the contrary, any person having a lien under § 46.2-644.01 or 46.2-644.02 shall comply with the provisions of the federal Servicemembers Civil Relief Act (50 U.S.C. App. 501 et seq.) when disposing of a vehicle owned by a member of the military duty or service.

"Owner" means any person who owns property, provided that the person's ownership of the property is of record in the land records of the clerk's office of the circuit court of the county or city where the property is located. A. For purposes of this section:

"Business" shall have the same meaning as set forth in § 25.1-400.

"Business profit" means the average net income for federal income tax purposes for the three years immediately prior to the valuation date of a business or farm operation located on the property taken.

"Direct access" means ingress or egress on or off a public road, street, or highway at a location where the property adjoins that road, street, or highway.

"Farm operation" shall have the same meaning as set forth in § 25.1-400.

B. The body determining just compensation shall include in its determination of damage to the residue any loss in market value of the remaining property from lost access caused by the taking or damaging of the property. The body determining just compensation shall ascertain any reduction in value for lost access, if any, that may accrue to the residue (i) beyond the enhancement in value, if any, to such residue as provided in subdivision A 1 of § 25.1-230, or (ii) beyond the peculiar benefits, if any, to such other property as provided in subdivision A 2 of § 25.1-230, by reason of the taking and use by the petitioner. If such peculiar benefit or enhancement in value shall exceed the reduction in value, there shall be no recovery against the landowner for such excess. The body determining just compensation may not consider an injury or benefit that the property owner experiences in common with the general community, including off-site circuitry of travel and diversion of traffic, arising from an exercise of the police power. The body determining just compensation shall ensure that any compensation awarded for lost access shall not be duplicated in the compensation otherwise awarded to the owner of the property taken or damaged.

C. The body determining just compensation shall include in its determination of ~~damage to the residue~~ *just compensation* lost profits to the owner of a business or farm operation conducted on the property taken only if the owner proves with reasonable certainty the amount of the loss and that the loss is directly and proximately caused by the taking of the property through the exercise of eminent domain and the following conditions are met:

1. The loss cannot be reasonably prevented by a relocation of the business or farm operation, or by taking steps and adopting procedures that a reasonably prudent person would take and adopt;

2. The loss will not be included in relocation assistance provided pursuant to Chapter 4 (§ 25.1-400 et seq.);

3. Compensation for the loss will not be duplicated in the compensation otherwise awarded to the owner of the property taken or damaged; and

4. The loss shall be determined in accordance with generally accepted accounting principles applied on a consistent basis.

D. Any and all liability for lost access ~~and lost profits~~ shall be established and made a part of the award of just compensation for damage to the residue of the property taken or damaged, *and any and all liability for lost profits shall be set forth specifically in the award. In a partial acquisition, in the event that the owner of the property being condemned and the owner of the business or farm operation claiming lost profits are the same, then any enhancement or peculiar benefit shall be offset against both damage to the residue and lost profits.*

E. It shall not be a requirement of any bona fide effort to purchase the property pursuant to § 25.1-204 or 33.2-1001 that the petitioner include any liability for lost profits in a written offer to purchase the property.

F. In any proceeding in which the owner of a business or farm operation seeks to recover lost profits, the owner shall provide the condemning authority with all federal income tax returns, if any, relating to the business or farm operation for which the owner seeks lost profits for a period of three years prior to the valuation date and for each year thereafter during the pendency of the condemnation proceeding. The condemning authority shall not divulge the information provided pursuant to this subsection except in connection with the condemnation proceeding.

G. Nothing in this section is intended to provide for compensation for inverse condemnation claims for temporary interference with or interruption of a business or farm operation other than that which is directly and proximately caused by a taking or damaging of property through the exercise of eminent domain.

For the purposes of this section, "accredited religious practitioner" means a person who has been trained in spiritual healing or the other healing arts and has been so accredited by a formal religious order.

On receipt of the completed application and a determination of the qualification of the applicant to vote, the general registrar or ~~secretary of the electoral board~~ shall provide, in accordance with the applicable provisions of this chapter, an absentee ballot to the designated representative for delivery to the incapacitated voter.

The incapacitated voter shall vote the absentee ballot as provided by law and mark it in the presence of the designated representative. The representative shall complete a statement, subject to felony penalties for making false statements pursuant to § 24.2-1016, that (i) he is the representative of the incapacitated voter; (ii) he personally delivered the ballot to the voter who applied for it; (iii) in his presence, the voter marked the ballot, the ballot was placed in the envelope provided, the envelope was sealed, and the statement on its reverse side was signed by the incapacitated voter; and (iv) the ballot was returned, under seal, to the ~~electoral board~~ *general registrar* at the registrar's office.

The ballot shall be counted only if the ballot is received by the ~~electoral board~~ *general registrar* prior to the close of polls, and the ~~electoral board~~ *general registrar* shall deliver the ballot to the officers of election at each appropriate precinct pursuant to § 24.2-710.

**§ 24.2-706. Duty of general registrar on receipt of application; statement of voter.**

On receipt of an application for an absentee ballot, the general registrar shall enroll the name and address of each registered applicant on an absentee voter applicant list that shall be maintained in the office of the general registrar with a file of the applications of the listed applicants. The list shall be available for inspection and copying and the applications shall be available for inspection only by any registered voter during regular office hours. Upon request and for a reasonable fee, the State Board of Elections shall provide an electronic copy of the absentee voter applicant list to any political party or candidate. Such list shall be used only for campaign and political purposes. Any list made available for inspection and copying under this section shall contain the post office box address in lieu of the residence street address for any individual who has furnished at the time of registration or subsequently, in addition to his street address, a post office box address pursuant to subsection B of § 24.2-418.

No list or application containing an individual's social security number, or any part thereof, or the individual's day and month of birth, shall be made available for inspection or copying by anyone. The State Board of Elections shall prescribe procedures for ~~local electoral boards and~~ general registrars to make the information in the lists and applications available in a manner that does not reveal social security numbers or parts thereof, or an individual's day and month of birth.

The completion and timely delivery of an application for an absentee ballot shall be construed to be an offer by the applicant to vote in the election.

The general registrar shall note on each application received whether the applicant is or is not a registered voter ~~and notify the secretary of the electoral board~~. In reviewing the application for an absentee ballot, the general registrar ~~and electoral board~~ shall not reject the application of any individual because of an error or omission on any record or paper relating to the application, if such error or omission is not material in determining whether such individual is qualified to vote absentee.

If the application has been properly completed and signed and the applicant is a registered voter of the precinct in which he offers to vote, the ~~electoral board~~ *general registrar* shall, at the time when the printed ballots for the election are available, send by the deadline set out in § 24.2-612, obtaining a certificate of either first-class or expedited mailing or delivery from the United States Postal Service or other commercial delivery provider, or deliver to him in person in the office of the ~~secretary or~~ registrar, the following items and nothing else:

1. An envelope containing the folded ballot, sealed and marked "Ballot within. Do not open except in presence of a witness."
2. An envelope, with printing only on the flap side, for resealing the marked ballot, on which envelope is printed the following:

Signature of Voter \_\_\_\_\_

Signature of witness \_\_\_\_\_"

For elections held after January 1, 2004, instead of the envelope containing the above oath, an envelope containing the standard oath prescribed by the presidential designee under § 101(b)(7) of the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.) shall be sent to voters who are qualified to vote absentee under that Act.

3. A properly addressed envelope for the return of the ballot to the ~~electoral board~~ *general registrar* by mail or by the applicant in person.

4. Printed instructions for completing the ballot and statement on the envelope and returning the ballot.

For federal elections held after January 1, 2004, for any voter who is required by subparagraph (b) of 52 U.S.C. § 21083 of the Help America Vote Act of 2002 to show identification the first time the voter votes in a federal election in the state, the printed instructions shall direct the voter to submit with his ballot (i) a copy of a current and valid photo identification or (ii) a copy of a current utility bill, bank statement, government check, paycheck or other government

document that shows the name and address of the voter. Such individual who desires to vote by mail but who does not submit one of the forms of identification specified in this paragraph may cast such ballot by mail and the ballot shall be counted as a provisional ballot under the provisions of § 24.2-653. The State Board of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.

5. For any voter entitled to vote absentee under the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.), information provided by the State Board specific to the voting rights and responsibilities for such citizens, or information provided by the registrar specific to the status of the voter registration and absentee ballot application of such voter, may be included.

The envelopes and instructions shall be in the form prescribed by the State Board.

If the applicant makes his application to vote in person under § 24.2-701 at a time when the printed ballots for the election are available, the general registrar ~~or the secretary of the electoral board~~, on the determination of the qualifications of the applicant to vote, shall provide to the applicant the items set forth in subdivisions 1 through 4, and no item shall be removed by the applicant from the office of the general registrar ~~or the secretary of the electoral board~~. On the request of the applicant, made no later than 5:00 p.m. on the seventh day prior to the election in which the applicant offers to vote, the general registrar ~~or the secretary~~ may send the items set forth in subdivisions 1 through 4 to the applicant by mail, obtaining a certificate of mailing.

If the applicant states as the reason for his absence on election day any of the reasons set forth in subdivision 2 of § 24.2-700, the ~~electoral board~~ *general registrar*, at the time when the printed ballots for the election are available, shall mail by the deadline set forth in § 24.2-612 or deliver in person to the applicant in the office of the ~~secretary or~~ general registrar the items as set forth in subdivisions 1 through 4 and, if necessary, an application for registration. A certificate of mailing shall not be required. The ~~electoral board~~ *general registrar*, at the time when the printed ballots for the election are available, shall send by the deadline set forth in § 24.2-612 the blank ballot, the form for the envelope for returning the marked ballot, and instructions to the voter by electronic transmission if the voter so requests. The voted ballot shall be returned to the ~~electoral board~~ *general registrar* as otherwise required by this chapter.

When the statement prescribed in subdivision 2 has been properly completed and signed by the registered voter and witnessed, his ballot shall not be subject to challenge pursuant to § 24.2-651.

The circuit courts shall have jurisdiction to issue an injunction to enforce the provisions of this section upon the application of (i) any aggrieved voter, (ii) any candidate in an election district in whole or in part in the court's jurisdiction where a violation of this section has occurred, or is likely to occur, or (iii) the campaign committee or the appropriate district political party chairman of such candidate. Any person who fails to discharge his duty as provided in this section through willful neglect of duty and with malicious intent shall be guilty of a Class 1 misdemeanor as provided in subsection A of § 24.2-1001.

**§ 24.2-707. How ballots marked and returned by mail; cast in person; cast on voting equipment.**

On receipt of a mailed absentee ballot, the voter shall, in the presence of a witness, (i) open the sealed envelope marked "ballot within" and (ii) mark and refold the ballot, as provided in §§ 24.2-644 and 24.2-646 without assistance and without making known how he marked the ballot, except as provided by § 24.2-704.

After the voter has marked his absentee ballot, he shall (a) enclose the ballot in the envelope provided for that purpose, (b) seal the envelope, (c) fill in and sign the statement printed on the back of the envelope in the presence of a witness, who shall sign the same envelope, (d) enclose the ballot envelope and any required assistance form within the envelope directed to the ~~electoral board~~ *general registrar*, and (e) seal that envelope and mail it to the office of the ~~electoral board~~ *general registrar* or deliver it personally to the ~~electoral board or the~~ general registrar. A voter's failure to provide in the statement on the back of the envelope his full middle name or his middle initial shall not be a material omission, rendering his ballot void, unless the voter failed to provide in the statement on the back of the envelope his full first and last name. A voter's failure to provide the date, or any part of the date, including the year, on which he signed the statement printed on the back of the envelope shall not be considered a material omission and shall not render his ballot void. For purposes of this chapter, "mail" shall include delivery by a commercial delivery service, but shall not include delivery by a personal courier service or another individual except as provided by §§ 24.2-703.2 and 24.2-705.

An applicant who makes his application to vote in person at a time when the printed ballots for the election are available shall follow the same procedure set forth above except that he may complete the procedure in person in the office of the general registrar ~~or secretary of the electoral board~~, or at another location or locations in the county or city approved by the electoral board, before a registrar ~~or a member of the electoral board~~, or, if a ballot is cast at that time, before the officers of election appointed by the electoral board. Any such location shall be in a public building owned or leased by the city, the county, or a town within the county, with adequate facilities for the protection of all records concerning the absentee voters, the absentee ballots, both voted and unvoted, and any voting equipment in use at the location. Such location may be in a facility owned or leased by the Commonwealth and used as a location for Department of Motor Vehicles facilities and for an office of the general registrar. Such location shall be deemed the equivalent of the office of the general registrar ~~or secretary of the electoral board~~ for the purpose of completing the application for an absentee ballot in person pursuant to §§ 24.2-701 and 24.2-706. On the request of the applicant, made no later than 5:00 p.m. on the seventh day prior to the election in which the applicant offers to vote, the general registrar ~~or the secretary~~ may send the items set forth in subdivisions 1 through 4 of § 24.2-706 to the applicant by mail, obtaining a certificate of mailing.

Failure to follow the procedures set forth above shall render the applicant's ballot void.

The ~~electoral board~~ *general registrar* of any county or city using a central absentee voting precinct may provide for the casting of absentee ballots on voting equipment prior to election day by applicants who are voting in person. The State Board shall prescribe procedures for the use of voting equipment. The procedures shall provide for the casting of absentee ballots prior to election day by in-person applicants on voting equipment which has been certified, and is currently approved, by the State Board. The procedures shall be applicable and uniformly applied by the State Board to all jurisdictions using comparable voting equipment. At least two officers of election, one representing each political party, shall be present during all hours that absentee voting is available at any location at which absentee ballots are cast prior to election day.

The requirement that officers of election shall be present if ballots are cast on voting equipment prior to election day shall not be applicable when the voting equipment is located in the office of the ~~general registrar or secretary of the electoral board~~ and the ~~general registrar, or an assistant registrar, or the secretary of the electoral board~~ is present.

**§ 24.2-708. Return of unused ballots; voting by applicant who did not receive or lost ballot; defaced ballots.**

A. If for any reason a person, who has applied for and received a ballot, decides not to vote absentee, he shall return the ballot unopened, in the sealed envelope in which it was sent to him, to the ~~electoral board or the~~ general registrar, before the day of the election in which the ballot was intended to be used.

The ~~electoral board~~ *general registrar* shall note on the absentee voter applicant list, opposite the name of the person returning the ballot, the fact that the ballot was returned unused and the date of the return. The ~~electoral board~~ *general registrar* shall carefully preserve all ballots returned unused and deliver them, together with other returned ballots, to the officers of election on election day. A voter who has returned his unused ballot before the day of the election as provided herein shall be entitled to vote a regular ballot in person on election day at his proper polling place or at a central absentee voter precinct established by the governing body of the county or city where the person is registered to vote, upon confirmation by the ~~electoral board, the~~ general registrar, or an officer of election of the return of the unused ballot. If the ~~electoral board, the~~ general registrar, or an officer of election is unable to confirm the return of the unused ballot, the voter shall be entitled to cast a provisional ballot pursuant to § 24.2-653.1. Notwithstanding the provisions of this subsection, a voter may return his unused ballot to his proper polling place or central absentee voter precinct on election day and shall be entitled to vote a regular ballot, and his unused ballot shall be preserved with other unused ballots.

B. If for any reason a person who has applied for and has been sent an absentee ballot does not receive the ballot or loses the ballot, he shall be entitled to cast another ballot after presenting to the ~~electoral board, general registrar or officer of election~~ a statement signed by him that he did not receive the ballot or has lost the ballot, subject to felony penalties for making false statements as pursuant to § 24.2-1016. If such person offers to vote at his proper polling place or at a central absentee voter precinct established by the governing body of the county or city where he is registered to vote on the day of the elections, he shall be entitled to cast a provisional ballot pursuant to § 24.2-653.1.

C. If a person who has applied for and has been sent an absentee ballot has unintentionally or accidentally defaced and rendered the ballot unfit for voting, he shall be entitled to cast a ballot after presenting the defaced ballot to the ~~electoral board, the~~ general registrar, or an officer of election. The returned ballot shall be marked spoiled by the ~~electoral board, the~~ general registrar, or an officer of election and placed in a spoiled-ballot envelope to be retained with the ballots for the election. A voter who has returned his defaced ballot before the day of the election as provided herein shall be entitled to vote a regular ballot in person on election day at his proper polling place or at a central absentee voter precinct established by the governing body of the county or city where he is registered to vote, upon confirmation by the ~~electoral board, the~~ general registrar, or an officer of election of the return of the defaced ballot. If the ~~electoral board, the~~ general registrar, or an officer of election is unable to confirm the return of the defaced ballot, the voter shall be entitled to cast a provisional ballot pursuant to § 24.2-653.1. A voter who returns his defaced or unfit ballot to his proper polling place or central absentee voter precinct on election day shall be entitled to vote a regular ballot, and his defaced or unfit ballot shall be preserved with other spoiled ballots.

**§ 24.2-709. Ballot to be returned in manner prescribed by law.**

A. Any ballot returned to the office of the ~~electoral board or~~ general registrar in any manner except as prescribed by law shall be void. Absentee ballots shall be returned to the ~~electoral board or~~ general registrar before the closing of the polls. The ~~board member or~~ registrar receiving the ballot shall (i) seal the ballot in an envelope with the statement or declaration of the voter, or both, attached to the outside and (ii) mark on each envelope the date, time, and manner of delivery. ~~For all ballots returned by the general registrar to the electoral board, the board shall give to the general registrar a receipt showing the time and date of the return.~~ No returned absentee ballot shall be deemed void because the inner envelope containing the voted ballot is imperfectly sealed so long as the outside envelope containing the ballot envelope is sealed.

B. Notwithstanding the provisions of subsection A, absentee ballots (i) received after the close of the polls on any election day, (ii) received before 5:00 p.m. on the second business day before the State Board meets to ascertain the results of the election pursuant to this title, (iii) requested on or before but not sent by the deadline for making absentee ballots available under § 24.2-612, and (iv) cast by an absentee voter who is eligible for an absentee ballot under subdivision 2 of § 24.2-700 shall be counted pursuant to the procedures set forth in this chapter and, if the voter is found entitled to vote, included in the election returns. The electoral board shall prepare an amended certified abstract, which shall include the results of such ballots, and shall deliver such abstract to the State Board by the business day prior to its meeting pursuant to

this title, and shall deliver a copy of such abstract to the general registrar to be available for inspection when his office is open for business.

C. Notwithstanding the provisions of clause (i) of subsection B of § 24.2-427, an absentee ballot returned by a voter in compliance with § 24.2-707 and this section who dies prior to the counting of absentee ballots on election day shall be counted pursuant to the procedures set forth in this chapter if the voter is found to have been entitled to vote at the time that he returned the ballot.

**§ 24.2-712. Central absentee voter precincts; counting ballots.**

A. Notwithstanding any other provision of law, the governing body of each county or city may establish one or more central absentee voter precincts in the courthouse or other public buildings for the purpose of receiving, counting, and recording absentee ballots cast in the county or city. The decision to establish any absentee voter precinct shall be made by the governing body by ordinance; the ordinance shall state for which elections the precinct shall be used. The decision to abolish any absentee voter precinct shall be made by the governing body by ordinance. Immediate notification of either decision shall be sent to the State Board and the electoral board.

B. Each central absentee voter precinct shall have at least three officers of election as provided for other precincts. The number of officers shall be determined by the electoral board.

C. If any voter brings an unmarked ballot to the central absentee voter precinct on the day of the election, he shall be allowed to vote it. If any voter brings an unmarked ballot to the ~~electoral board~~ *general registrar* on or before the day of the election, he shall be allowed to vote it, and his ballot shall be delivered to the absentee voter precinct pursuant to § 24.2-710.

The officers at the absentee voter precinct shall determine any appeal by any other voter whose name appears on the absentee voter applicant list and who offers to vote in person. If the officers at the absentee voter precinct produce records showing the receipt of his application and the certificate of mailing for the ballot, they shall deny his appeal. If the officers cannot produce such records, the voter shall be allowed to vote in person at the absentee voter precinct and have his vote counted with other absentee votes. If the voter's appeal is denied, the provisions of § 24.2-708 shall be applicable, and the officers shall advise the voter that he may vote on presentation of a statement signed by him that he has not received an absentee ballot and subject to felony penalties for making false statements pursuant to § 24.2-1016.

D. Absentee ballots may be processed as required by § 24.2-711 by the officers of election at the central absentee voter precinct prior to the closing of the polls but the ballot container shall not be opened and the counting of ballots shall not begin prior to that time. In the case of machine-readable ballots, the ballot container may be opened and the absentee ballots may be inserted in the counting machines prior to the closing of the polls in accordance with procedures prescribed by the State Board, including procedures to preserve ballot secrecy, but no ballot count totals shall be initiated prior to that time.

As soon as the polls are closed in the county or city the officers of election at the central absentee voter precinct shall proceed promptly to ascertain and record the vote given by absentee ballot and report the results in the manner provided for counting and reporting ballots generally in Article 4 (§ 24.2-643 et seq.) of Chapter 6.

E. The electoral board may provide that the officers of election for a central absentee voter precinct may be assigned to work all or a portion of the time that the precinct is open on election day subject to the following conditions:

1. The chief officer and the assistant chief officer, appointed pursuant to § 24.2-115 to represent the two political parties, are on duty at all times; and

2. No officer, political party representative, or other candidate representative shall leave the precinct after any ballots have been counted until the polls are closed and the count for the precinct is completed and reported.

F. The ~~electoral board, with the written agreement of the~~ *general registrar*; may provide that the central absentee voter precinct will open after 6:00 a.m. on the day of the election provided that the office of the general registrar will be open for the receipt of absentee ballots until the central absentee voter precinct is open and that the officers of election for the central absentee voter precinct obtain the absentee ballots returned to the general registrar's office for the purpose of counting the absentee ballots at the central absentee voter precinct and provided further that the central absentee voter precinct is the same location as the office of the general registrar.

**§ 24.2-945.2. Persons required to file independent expenditure disclosure reports; filing deadline.**

A. Any person, candidate campaign committee, or political committee that makes independent expenditures, in the aggregate during an election cycle, of \$1,000 or more for a statewide election or \$200 or more for any other election shall maintain records and report pursuant to this chapter all such independent expenditures made for the purpose of expressly advocating the election or defeat of a clearly identified candidate.

B. Independent expenditure reports shall be due (i) within 24 hours of the time when the funds were expended or (ii) within 24 hours of the time when materials, as described in subsection A of this section, are published or broadcast to the public, whichever (i) or (ii) first occurs. The reports shall be filed with the State Board if the funds were expended to support or oppose a candidate for statewide office or the General Assembly or with the ~~local electoral board~~ *general registrar* of the county or city in which the candidate resides if the funds were expended to support or oppose a candidate for local office. The report filed by a political action committee or political party committee shall include the information required for a statement of organization as listed in subdivisions A 1 through A 8 of § 24.2-949.2 or clauses 1 through 6 of § 24.2-950.2, as appropriate, unless the committee has a current statement of organization on file with the State Board.

C. Independent expenditure reports required by this section may be filed electronically pursuant to § 24.2-946.1 or in writing on a form developed by the State Board. If the report is filed in writing, the report shall be (i) received by the State Board or the ~~local electoral board~~ *general registrar*, as appropriate, within 24 hours of the time when the funds were

The State Board shall promptly notify the ~~electoral board~~ *general registrar* of the locality in which a candidate resides and make the information contained in the report available to the ~~electoral board~~ *general registrar*.

D. The State Board shall enter or cause to be entered into a campaign finance database, available to the public through the Internet, the information from required campaign finance reports filed by computer, electronic, or other means by candidates for the General Assembly and statewide office.

Upon request from an individual granted protected voter status under the provisions of subsection B of § 24.2-418, the State Board shall replace the individual's residence address in copies of campaign finance reports available to the public with the individual's alternative mailing address found in the Virginia voter registration system.

Nothing in this chapter shall be construed to grant public access to information not required to be entered into the campaign finance database under this chapter that candidates or committees may include in campaign finance report-creation software managed by or for the State Board.

Any candidate who has qualified for an exemption from reporting requirements pursuant to this section shall not be permitted to qualify for any office, enter upon the duties thereof, or receive any salary or emoluments therefrom until a final report has been filed that details all financial activity of the candidate's campaign and states that all reporting for the nomination and election is complete and final. No officer authorized by the laws of the Commonwealth to issue certificates of election shall issue one to any person determined to be elected to any such office, until copies of the final report cited above have been filed as required in this chapter.

D. A candidate who has a current exemption under the provisions of this section, or who is otherwise exempt from reporting contributions and expenditures under this chapter, may purchase voter lists from the State Board under the provisions of §§ 24.2-405 and 24.2-406 with a check drawn on the candidate's personal account.

**§ 24.2-948.3. Compliance with reporting requirements of campaign finance disclosure act as requirement of candidacy for certain offices.**

A. It shall be a requirement of candidacy in any election for statewide office or the General Assembly that the candidate shall have filed the disclosure reports required by this chapter for any election in which he participated as a

candidate for any such office and which was held within the five years preceding the date of the election in which he seeks to be a candidate. For the purposes of this section, the candidate shall be presumed to have complied with the candidate disclosure reporting requirements unless (i) the State Board or ~~local electoral board~~ *general registrar*, whichever is appropriate, has notified the candidate, at least 60 days prior to the applicable deadline for him to file his written statement of qualification set out in § 24.2-503, that he has failed to file a required report or reports and (ii) the candidate fails to file the specified report or reports by the applicable deadline for filing his written statement of qualification.

B. The authority of the State Board to grant an extension of the deadline established in § 24.2-503 shall include the authority to grant such extension with respect to the requirements of this section.

**§ 24.2-950.8. With whom political party committees file reports.**

A. Except as provided in subsection B, a political party committee that is required by this chapter to file reports with the State Board, and that accepts contributions or makes expenditures in excess of \$10,000 in any calendar year, or that accepted contributions or made expenditures in excess of \$10,000 in the previous calendar year, shall file its reports with the State Board by computer or electronic means in accordance with the standards approved by the State Board until such time as the political party committee files a final report. Any political party committee that has been filing electronically, but does not anticipate accepting contributions or making expenditures in excess of \$10,000 in the upcoming calendar year, may sign a waiver, on a form prescribed by the State Board, to exempt the committee from the electronic filing requirement for the calendar year. Such waiver form shall be submitted and received no later than the date the first report is due covering activity for that calendar year.

B. A county, city, or local district political party committee shall not be required to file by computer or electronic means if it files its reports with the ~~electoral board~~ *general registrar* of that county or city.

C. Other political party committees required to file reports by this article shall file all campaign finance reports with the State Board, if filing by electronic means, or with the State Board and the ~~local electoral board~~ *general registrar* for its jurisdiction if filing campaign finance reports by nonelectronic means.

**§ 24.2-953. General provisions.**

A. The procedures to enforce the provisions of this article are found in § 24.2-946.3.

B. Either the failure to file any statement or report or the late filing of any statement or report required by this chapter shall constitute a violation of this chapter subject to the penalties provided in this article.

C. Any person who violates, or aids, abets, or participates in the violation of, this chapter shall be subject to a civil penalty not to exceed \$100, unless a greater penalty is imposed by this article.

D. In the case of a willful violation, the violator shall be guilty of a Class 1 misdemeanor. There shall be a rebuttable presumption that the violation of this chapter was willful if the violation is based on a person's failure to file a report required by this chapter and his failure to file continues for more than 60 days following his actual receipt of written notice of his failure to file sent to him by certified mail, return receipt requested, by the State Board or ~~an electoral board~~ *a general registrar*. Such notice shall be sent to the most recent mailing address provided by the candidate or committee.

E. In the case of a failure to file a required statement or report by the specified deadline, the length of the delinquency shall be a factor in determining the amount of the civil penalty assessed.

F. The statute of limitations applicable to a violation of this chapter is stated in § 19.2-8.

G. The requirements of this chapter for the filing of timely and complete statements and reports by any candidate campaign committee or political committee shall at all times remain in full force and effect and shall not be vacated, suspended, or modified as the result of any pending or completed criminal or civil investigation of the candidate campaign committee, the political committee, or any individual participant in the committee.

**§ 24.2-953.3. Incomplete reports.**

A. In the case of a violation of this chapter that relates to the filing of an incomplete report, the violator shall be subject to a civil penalty not to exceed \$500 unless a greater penalty is imposed pursuant to this section. However the civil penalty shall in no case exceed \$500 unless the total of the filer's reportable contributions or the total of the filer's reportable expenditures is \$10,000 or more.

B. Prior to assessing a penalty pursuant to this section for the filing of an incomplete report, the Commissioner of Elections or the general registrar or ~~secretary of the local electoral board~~, as appropriate, shall notify, by certified mail, the candidate and treasurer, or person or political committee required to file a report with that board, that a filed report has not been completed, citing the omissions from the report. No penalty shall be assessed if the information required to complete the report is filed within 10 days of the date of mailing the written notice.

C. If the information required to complete the report is not filed within the 10-day period, the Commissioner of Elections or the general registrar or ~~secretary of the local electoral board~~, as appropriate, shall then assess against the candidate and treasurer, who shall be jointly and severally liable, or person or political committee required to file a report, a civil penalty not to exceed \$500. The Commissioner of Elections or the general registrar or ~~secretary of the local electoral board~~, as appropriate, shall consider the following factors in determining the civil penalty assessed: the number of omissions, the amount of money involved, and the proportion of contributions or expenditures containing omissions.

D. The Commissioner of Elections or the general registrar or ~~secretary of the local electoral board~~ may grant an additional period for compliance, not to exceed two weeks, to permit the completion of a filed report for good cause shown and in response to a request filed within the 10-day period. However, no additional period shall be granted thereafter for compliance.

E. The civil penalty assessed for filing an incomplete report shall be increased by \$500 every 60 days following the date for compliance established pursuant to this section and until compliance is complete. If the failure to comply continues for more than 120 days following the date for compliances established pursuant to this section, there shall be a rebuttable presumption that the violation was willful, and the matter shall be forwarded to the appropriate attorney for the Commonwealth.

F. The civil penalty assessed for filing any subsequent incomplete report (i) that is filed more than 20 days after notice has been given of a violation or (ii) that is filed during the 60 days prior to the elections for which the person is a candidate shall be \$1,000.

G. The State Board shall notify the public through its official Internet website of a failure to file a complete report by a candidate for statewide office or the General Assembly and the identity of the violator following the date for compliance established pursuant to this section.

However, notification shall not be required when the registrar does not have an address for the applicant.

7. Preserve order at and in the vicinity of the place of registration. For this purpose, the registrar shall be vested with the powers of a conservator of the peace while engaged in the duties imposed by law. 12. Maintain accurate and current registration records and comply with the requirements of this title for the transfer, inactivation, and cancellation of voter registrations.

13. Whenever election districts, precincts, or polling places are altered, provide for entry into the voter registration system of the proper district and precinct designations for each registered voter whose districts or precinct have changed and notify each affected voter of changes affecting his districts or polling place by mail.

14. Whenever any part of his county or city becomes part of another jurisdiction by annexation, merger, or other means, transfer to the appropriate general registrar the registration records of the affected registered voters. The general registrar for their new county or city shall notify them by mail of the transfer and their new election districts and polling places.

A voter who becomes hospitalized on or after the fourteenth day preceding the election and who is unable, because of his condition, to request an absentee ballot earlier than the seventh day preceding the election may request at any time prior to 2:00 p.m. on the day before an election that an emergency absentee ballot be delivered to him in the hospital. For purposes of this section, "incapacitated" means hospitalized, ill and confined to his residence, bereaved by the death of a spouse, child, or parent, or otherwise incapacitated by an emergency which is found by the ~~electoral board~~ general registrar to justify providing an emergency ballot application; and "hospital" means a hospital as defined in § 32.1-123 or 37.2-100 and any comparable hospital in the District of Columbia or any state contiguous to Virginia.

On receipt of the request, the ~~electoral board~~ general registrar shall provide an emergency absentee ballot application to the incapacitated voter's designated representative who shall deliver the application to the voter. If the voter is hospitalized, the delivery shall be made to him at the hospital; and if the voter is otherwise incapacitated, the delivery shall be made to him at his current residence address as shown on the registration records. If the voter is bereaved, a licensed physician, an accredited religious practitioner, or a funeral service licensee (as defined in § 54.1-2800) shall certify on the form to the incapacity of the applicant and the applicant's inability to be present at the polls on election day. If the voter is otherwise incapacitated as determined by the ~~electoral board~~ general registrar, the ~~secretary of the electoral board~~ general registrar shall certify on the form to the incapacity of the applicant and the applicant's inability to be present at the polls on election day. The applicant shall sign the application and state, subject to felony penalties for making false statements pursuant to § 24.2-1016, that to the best of his knowledge and belief the facts contained in the application are true and correct. The incapacitated voter shall vote the absentee ballot as provided by law and mark it in the presence of the designated representative. The representative shall complete a statement, subject to felony penalties for making false statements pursuant to § 24.2-1016, that (i) he is the representative of the incapacitated voter; (ii) he personally delivered the ballot to the voter who applied for it; (iii) in his presence, the voter marked the ballot, the ballot was placed in the envelope provided, the envelope was sealed, and the statement on its reverse side was signed by the incapacitated voter; and (iv) the ballot was returned, under seal, to the ~~electoral board~~ *general registrar* at the registrar's office.

The ballot shall be counted only if the ballot is received by the ~~electoral board~~ *general registrar* prior to the close of polls, and the ~~electoral board~~ *general registrar* shall deliver the ballot to the officers of election at each appropriate precinct pursuant to § 24.2-710.

**§ 24.2-706. Duty of general registrar on receipt of application; statement of voter.**

On receipt of an application for an absentee ballot, the general registrar shall enroll the name and address of each registered applicant on an absentee voter applicant list that shall be maintained in the office of the general registrar with a file of the applications of the listed applicants. The list shall be available for inspection and copying and the applications shall be available for inspection only by any registered voter during regular office hours. Upon request and for a reasonable fee, the State Board of Elections shall provide an electronic copy of the absentee voter applicant list to any political party or candidate. Such list shall be used only for campaign and political purposes. Any list made available for inspection and copying under this section shall contain the post office box address in lieu of the residence street address for any individual who has furnished at the time of registration or subsequently, in addition to his street address, a post office box address pursuant to subsection B of § 24.2-418.

No list or application containing an individual's social security number, or any part thereof, or the individual's day and month of birth, shall be made available for inspection or copying by anyone. The State Board of Elections shall prescribe procedures for ~~local electoral boards and~~ general registrars to make the information in the lists and applications available in a manner that does not reveal social security numbers or parts thereof, or an individual's day and month of birth.

The completion and timely delivery of an application for an absentee ballot shall be construed to be an offer by the applicant to vote in the election.

The general registrar shall note on each application received whether the applicant is or is not a registered voter ~~and notify the secretary of the electoral board~~. In reviewing the application for an absentee ballot, the general registrar ~~and electoral board~~ shall not reject the application of any individual because of an error or omission on any record or paper relating to the application, if such error or omission is not material in determining whether such individual is qualified to vote absentee.

If the application has been properly completed and signed and the applicant is a registered voter of the precinct in which he offers to vote, the ~~electoral board~~ *general registrar* shall, at the time when the printed ballots for the election are available, send by the deadline set out in § 24.2-612, obtaining a certificate of either first-class or expedited mailing or delivery from the United States Postal Service or other commercial delivery provider, or deliver to him in person in the office of the ~~secretary or~~ registrar, the following items and nothing else:

Such individual who desires to vote by mail but who does not submit one of the forms of identification specified in this paragraph may cast such ballot by mail and the ballot shall be counted as a provisional ballot under the provisions of § 24.2-653. The State Board of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.

5. The envelopes and instructions shall be in the form prescribed by the State Board.

If the applicant makes his application to vote in person under § 24.2-701 at a time when the printed ballots for the election are available, the general registrar ~~or the secretary of the electoral board~~, on the determination of the qualifications of the applicant to vote, shall provide to the applicant the items set forth in subdivisions 1 through 4, and no item shall be removed by the applicant from the office of the general registrar ~~or the secretary of the electoral board~~. A certificate of mailing shall not be required. The ~~electoral board~~ general registrar, at the time when the printed ballots for the election are available, shall send by the deadline set forth in § 24.2-612 the blank ballot, the form for the envelope for returning the marked ballot, and instructions to the voter by electronic transmission if the voter so requests. The voted ballot shall be returned to the ~~electoral board~~ general registrar as otherwise required by this chapter.

When the statement prescribed in subdivision 2 has been properly completed and signed by the registered voter and witnessed, his ballot shall not be subject to challenge pursuant to § 24.2-651.

The circuit courts shall have jurisdiction to issue an injunction to enforce the provisions of this section upon the application of (i) any aggrieved voter, (ii) any candidate in an election district in whole or in part in the court's jurisdiction where a violation of this section has occurred, or is likely to occur, or (iii) the campaign committee or the appropriate district political party chairman of such candidate. A voter's failure to provide in the statement on the back of the envelope his full middle name or his middle initial shall not be a material omission, rendering his ballot void, unless the voter failed to provide in the statement on the back of the envelope his full first and last name. A voter's failure to provide the date, or any part of the date, including the year, on which he signed the statement printed on the back of the envelope shall not be considered a material omission and shall not render his ballot void. For purposes of this chapter, "mail" shall include delivery by a commercial delivery service, but shall not include delivery by a personal courier service or another individual except as provided by §§ 24.2-703.2 and 24.2-705.

An applicant who makes his application to vote in person at a time when the printed ballots for the election are available shall follow the same procedure set forth above except that he may complete the procedure in person in the office of the general registrar ~~or secretary of the electoral board~~, or at another location or locations in the county or city approved by the electoral board, before a registrar ~~or a member of the electoral board~~, or, if a ballot is cast at that time, before the officers of election appointed by the electoral board. The State Board shall prescribe procedures for the use of voting equipment. The procedures shall provide for the casting of absentee ballots prior to election day by in-person applicants on voting equipment which has been certified, and is currently approved, by the State Board. The ~~electoral board~~ *general registrar* shall note on the absentee voter applicant list, opposite the name of the person returning the ballot, the fact that the ballot was returned unused and the date of the return. The ~~electoral board~~ *general registrar* shall carefully preserve all ballots returned unused and deliver them, together with other returned ballots, to the officers of election on election day. A voter who has returned his unused ballot before the day of the election as provided herein shall be entitled to vote a regular ballot in person on election day at his proper polling place or at a central absentee voter precinct established by the governing body of the county or city where the person is registered to vote, upon confirmation by the ~~electoral board, the~~ general registrar; or an officer of election of the return of the unused ballot. If the ~~electoral board, the~~ general registrar; or an officer of election is unable to confirm the return of the unused ballot, the voter shall be entitled to cast a provisional ballot pursuant to § 24.2-653.1. Notwithstanding the provisions of this subsection, a voter may return his unused ballot to his proper polling place or central absentee voter precinct on election day and shall be entitled to vote a regular ballot, and his unused ballot shall be preserved with other unused ballots.

B. If such person offers to vote at his proper polling place or at a central absentee voter precinct established by the governing body of the county or city where he is registered to vote on the day of the elections, he shall be entitled to cast a provisional ballot pursuant to § 24.2-653.1.

C. If a person who has applied for and has been sent an absentee ballot has unintentionally or accidentally defaced and rendered the ballot unfit for voting, he shall be entitled to cast a ballot after presenting the defaced ballot to the ~~electoral board, the~~ general registrar; or an officer of election. The returned ballot shall be marked spoiled by the ~~electoral board, the~~ general registrar; or an officer of election and placed in a spoiled-ballot envelope to be retained with the ballots for the election. A voter who has returned his defaced ballot before the day of the election as provided herein shall be entitled to vote a regular ballot in person on election day at his proper polling place or at a central absentee voter precinct established by the governing body of the county or city where he is registered to vote, upon confirmation by the ~~electoral board, the~~ general registrar; or an officer of election of the return of the defaced ballot. If the ~~electoral board, the~~ general registrar; or an officer of election is unable to confirm the return of the defaced ballot, the voter shall be entitled to cast a provisional ballot pursuant to § 24.2-653.1. A voter who returns his defaced or unfit ballot to his proper polling place or central absentee voter precinct on election day shall be entitled to vote a regular ballot, and his defaced or unfit ballot shall be preserved with other spoiled ballots.

b. The Commissioner approves the certification of the actuary;

"Copayment" means a payment required of covered persons as a condition of the receipt of specific health services.

"Covered person" means an individual, whether a policyholder, subscriber, enrollee, or member of a managed care health insurance plan (MCHIP) who is entitled to health care services or benefits provided, arranged for, paid for or reimbursed pursuant to an MCHIP.

## CHAPTER 650

*An Act to amend and reenact § 38.2-3418.17 of the Code of Virginia, relating to health insurance; coverage for autism spectrum disorder.*

[H 1940]

Approved March 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 38.2-3418.17 of the Code of Virginia is amended and reenacted as follows:**

**§ 38.2-3418.17. Coverage for autism spectrum disorder.**

A. Notwithstanding the provisions of § 38.2-3419 *and any other provision of law*, each insurer proposing to issue group accident and sickness insurance policies providing hospital, medical and surgical, or major medical coverage on an expense-incurred basis; each corporation providing group accident and sickness subscription contracts; and each health maintenance organization providing a health care plan for health care services shall, as provided in this section, provide coverage for the diagnosis of autism spectrum disorder and the treatment of autism spectrum disorder, in individuals (i) *from January 1, 2012, until January 1, 2016*, from age two years through age six years and (ii) *from and after January 1, 2016, from age two years through age 10 years*, subject to the annual maximum benefit limitation set forth in subsection K *and to provisions of subsection G*. If an individual who is being treated for autism spectrum disorder becomes ~~seven years of age or older than the applicable maximum age set forth in the preceding sentence~~ and continues to need treatment, this section does not preclude coverage of treatment and services. In addition to the requirements imposed on health insurance issuers by § 38.2-3436, an insurer shall not terminate coverage or refuse to deliver, issue, amend, adjust, or renew coverage of an individual solely because the individual is diagnosed with autism spectrum disorder or has received treatment for autism spectrum disorder.

B. For purposes of this section:

"Applied behavior analysis" means the design, implementation, and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior, including the use of direct observation, measurement, and functional analysis of the relationship between environment and behavior.

"Autism spectrum disorder" means any pervasive developmental disorder, including (i) autistic disorder, (ii) Asperger's Syndrome, (iii) Rett syndrome, (iv) childhood disintegrative disorder, or (v) Pervasive Developmental Disorder - Not Otherwise Specified, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

"Behavioral health treatment" means professional, counseling, and guidance services and treatment programs that are necessary to develop, maintain, or restore, to the maximum extent practicable, the functioning of an individual.

"Diagnosis of autism spectrum disorder" means medically necessary assessments, evaluations, or tests to diagnose whether an individual has an autism spectrum disorder.

"Medically necessary" means based upon evidence and reasonably expected to do any of the following: (i) prevent the onset of an illness, condition, injury, or disability; (ii) reduce or ameliorate the physical, mental, or developmental effects of an illness, condition, injury, or disability; or (iii) assist to achieve or maintain maximum functional capacity in performing daily activities, taking into account both the functional capacity of the individual and the functional capacities that are appropriate for individuals of the same age.

"Pharmacy care" means medications prescribed by a licensed physician and any health-related services deemed medically necessary to determine the need or effectiveness of the medications.

"Psychiatric care" means direct or consultative services provided by a psychiatrist licensed in the state in which the psychiatrist practices.

"Psychological care" means direct or consultative services provided by a psychologist licensed in the state in which the psychologist practices.

"Treatment for autism spectrum disorder" shall be identified in a treatment plan and includes the following care prescribed or ordered for an individual diagnosed with autism spectrum disorder by a licensed physician or a licensed psychologist who determines the care to be medically necessary: (i) behavioral health treatment, (ii) pharmacy care, (iii) psychiatric care, (iv) psychological care, (v) therapeutic care, and (vi) applied behavior analysis when provided or supervised by a board certified behavior analyst who shall be licensed by the Board of Medicine. The prescribing practitioner shall be independent of the provider of applied behavior analysis.

"Treatment plan" means a plan for the treatment of autism spectrum disorder developed by a licensed physician or a licensed psychologist pursuant to a comprehensive evaluation or reevaluation performed in a manner consistent with the most recent clinical report or recommendation of the American Academy of Pediatrics or the American Academy of Child and Adolescent Psychiatry.

C. Except for inpatient services, if an individual is receiving treatment for an autism spectrum disorder, an insurer, corporation, or health maintenance organization shall have the right to request a review of that treatment, including an independent review, not more than once every 12 months unless the insurer, corporation, or health maintenance organization and the individual's licensed physician or licensed psychologist agree that a more frequent review is necessary. The cost of obtaining any review, including an independent review, shall be covered under the policy, contract, or plan.

D. Coverage under this section will not be subject to any visit limits, and shall be neither different nor separate from coverage for any other illness, condition, or disorder for purposes of determining deductibles, lifetime dollar limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayment and coinsurance factors.

E. Nothing shall preclude the undertaking of usual and customary procedures, including prior authorization, to determine the appropriateness of, and medical necessity for, treatment of autism spectrum disorder under this section, provided that all such appropriateness and medical necessity determinations are made in the same manner as those determinations are made for the treatment of any other illness, condition, or disorder covered by such policy, contract, or plan.

F. The provisions of this section shall not apply to (i) short-term travel, accident only, limited, or specified disease policies; (ii) short-term nonrenewable policies of not more than six months' duration; (iii) policies, contracts, or plans issued in the individual market or small group markets to employers with 50 or fewer employees; or (iv) policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under state or federal governmental plans.

G. The requirements of this section *requiring that coverage be provided with regard to individuals from age two years through age six years* shall apply to all insurance policies, subscription contracts, and health care plans delivered, issued for delivery, reissued, or extended on or after January 1, 2012, *but prior to January 1, 2016, and the requirements of this section requiring that coverage be provided with regard to individuals from age two years through age 10 years shall apply to all insurance policies, subscription contracts, and health care plans delivered, issued for delivery, reissued, or extended on or after January 1, 2016,* and to all such policies, contracts, or plans to which a term is changed or any premium adjustment is made on or after such date.

H. Any coverage required pursuant to this section shall be in addition to the coverage required by § 38.2-3418.5 and other provisions of law. This section shall not be construed as diminishing any coverage required by § 38.2-3412.1:01. This section shall not be construed as affecting any obligation to provide services to an individual under an individualized family service plan, an individualized education program, or an individualized service plan.

I. Pursuant to the provisions of § 2.2-2818.2, this section shall apply to health coverage offered to state employees pursuant to § 2.2-2818 and to health insurance coverage offered to employees of local governments, local officers, teachers, and retirees, and the dependents of such employees, teachers, and retirees pursuant to § 2.2-1204.

J. Notwithstanding any provision of this section to the contrary:

1. An insurer, corporation, or health maintenance organization, or a governmental entity providing coverage for such treatment pursuant to subsection I, is exempt from providing coverage for behavioral health treatment required under this section and not covered by the insurer, corporation, health maintenance organization, or governmental entity providing coverage for such treatment pursuant to subsection I as of December 31, 2011, if:

a. An actuary, affiliated with the insurer, corporation, or health maintenance organization, who is a member of the American Academy of Actuaries and meets the American Academy of Actuaries' professional qualification standards for rendering an actuarial opinion related to health insurance rate making, certifies in writing to the Commissioner of Insurance that:

(1) Based on an analysis to be completed no more frequently than one time per year by each insurer, corporation, or health maintenance organization, or such governmental entity, for the most recent experience period of at least one year's duration, the costs associated with coverage of behavioral health treatment required under this section, and not covered as of December 31, 2011, exceeded one percent of the premiums charged over the experience period by the insurer, corporation, or health maintenance organization; and

(2) Those costs solely would lead to an increase in average premiums charged of more than one percent for all insurance policies, subscription contracts, or health care plans commencing on inception or the next renewal date, based on the premium rating methodology and practices the insurer, corporation, or health maintenance organization, or such governmental entity, employs; and

b. The Commissioner approves the certification of the actuary;

2. An exemption allowed under subdivision 1 shall apply for a one-year coverage period following inception or next renewal date of all insurance policies, subscription contracts, or health care plans issued or renewed during the one-year period following the date of the exemption, after which the insurer, corporation, or health maintenance organization, or such governmental entity, shall again provide coverage for behavioral health treatment required under this section;

3. An insurer, corporation, or health maintenance organization, or such governmental entity, may claim an exemption for a subsequent year, but only if the conditions specified in subdivision 1 again are met; and

4. Notwithstanding the exemption allowed under subdivision 1, an insurer, corporation, or health maintenance organization, or such a governmental entity, may elect to continue to provide coverage for behavioral health treatment required under this section.

K. Coverage for applied behavior analysis under this section will be subject to an annual maximum benefit of \$35,000, unless the insurer, corporation, or health maintenance organization elects to provide coverage in a greater amount.

L. As of January 1, 2014, to the extent that this section requires benefits that exceed the essential health benefits specified under § 1302(b) of the federal Patient Protection and Affordable Care Act (H.R. 3590), as amended (the ACA), the specific benefits that exceed the specified essential health benefits shall not be required of a qualified health plan when the plan is offered in the Commonwealth by a health carrier through a health benefit exchange established under § 1311 of the ACA. Nothing in this subsection shall nullify application of this section to plans offered outside such an exchange.

## CHAPTER 652

An Act to amend the Code of Virginia by adding a section numbered 32.1-325.001, relating to medical assistance; asset verification; financial institutions to provide certain records.

[H 2372]

Approved March 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding a section numbered 32.1-325.001 as follows:**

**§ 32.1-325.001. Asset verification for applicants and recipients of medical assistance; financial institutions to disclose certain records.**

A. As used in this section:

"Act" means the federal Right to Financial Privacy Act (12 U.S.C. § 3401 et seq.).

"Electronic financial record matching program" means a financial record matching program to be operated by the Department, or its agent, for the purpose of verifying assets of applicants, recipients, and other individuals with respect to eligibility for medical assistance services.

"Financial institution" shall have the same meaning as set forth in § 6.2-100.

"Financial record" means an original or copy of a record held by a financial institution pertaining to a customer's relationship with the financial institution or information known to have been derived from such record.

"Individual for whom a resource test is required" means an individual who is age 65 or older, or who has been determined to be blind or disabled by the Social Security Administration, or who meets the level of care for receipt of long-term care services or supports, or a spouse of any such individual, whose resources must be considered in determining eligibility for medical assistance.

B. The Department shall establish an electronic asset verification program for the purpose of verifying the assets of applicants for and recipients of medical assistance for whom a resource test is required to determine eligibility for medical assistance, in accordance with the requirements of 42 U.S.C. § 1396w. Such asset verification program shall consist of electronic financial record matching with financial institutions in the Commonwealth. The Department shall have in place a process for the acceptance of nonelectronic information transfer in cases in which the Department determines such accommodation is justified.

C. When the Department determines that financial records of an individual for whom a resource test is required are required in connection with a determination or redetermination of eligibility for medical assistance or the amount of medical assistance, the Department or its agent may request financial records of the individual from a financial institution. A financial institution doing business in the Commonwealth may provide financial records of an individual for whom a resource test is required to the Department, or its agent, upon receipt of such request.

D. An individual for whom a resource test is required shall provide the Department with authorization to verify assets in accordance with this section as part of the application process. The Department shall inform any person who provides authorization of the duration and scope of the authorization. Such authorization shall be deemed to meet the requirements of the federal Right to Financial Privacy Act for purposes of § 1103(a) (12 U.S.C. § 3403(a) of the Act), and notwithstanding the requirements of § 1104(a) (12 U.S.C. § 3404(a) of the Act), the Department shall not be required to furnish a copy of such authorization to a financial institution from which the Department or its agent is seeking financial records pursuant to this section. Certification requirements set forth in § 1103(a) (12 U.S.C. § 3413(a) of the Act) shall not apply to requests for financial records made by the Department for which the Department has obtained an authorization pursuant to this subsection. A request for financial records made by the Department, or its agent, in accordance with an authorization obtained in accordance with this subsection shall be deemed to meet the requirements of §§ 1102 and 1104(a)(3) (12 U.S.C. §§ 3402 and 3404(a)(3) of the Act), relating to a reasonable description of financial records.

Notwithstanding the requirements of § 1104(a)(1) (12 U.S.C. § 3404(a)(1) of the Act), such authorization shall remain effective until the earliest of:

1. The rendering of a final adverse decision regarding the applicant's eligibility for medical assistance under the state plan;

2. Such time as the recipient becomes ineligible for medical assistance under the state plan; or

3. The express revocation of the authorization by such individual made in writing and submitted to the Department.

E. Failure or refusal of an individual to provide an authorization pursuant to subsection D, or revocation of an authorization provided pursuant to subsection D by an individual for whom a resource test is required, may constitute grounds for denial or revocation of eligibility for medical assistance under the state plan.

F. The electronic financial records matching program established by the Department or its agent pursuant to this section shall:

1. Use electronic data exchanges, not to include facsimile transmissions;

2. Enable the Department to receive historical account information up to 60 months retrospectively from the date of the application for, or redetermination of eligibility for, medical assistance; and

3. Require financial institutions that choose to participate to respond to requests for information within a reasonable time, not to exceed 10 business days for requests for current account information and 30 calendar days for requests for historical account information.

G. Electronic asset verification pursuant to this section shall be subject to the cost reimbursement requirements of § 1115 (12 U.S.C. § 3415) of the Act and shall be performed at no cost to the applicant for or recipient of medical assistance. The Department, or its agent, shall reimburse financial institutions in an amount not to exceed reasonable costs incurred by the financial institution when complying with the requirements of this section.

H. Any data provided by a financial institution pursuant to this section shall be considered to be protected health information, as that term is defined in the federal Health Insurance Portability and Accountability Act (42 U.S.C. § 1320d et seq.), as amended. The Department shall not use such data for any purpose not related to the verification of assets for the purpose of determining eligibility for medical assistance. Subject to federal law, a financial institution shall be immune from civil or criminal liability for (i) any failure to disclose to any account holder or depositor that the name of the person has been received from the Department or that the financial institution has furnished financial records or information pertaining to the account holder or depositor to the Department pursuant to this section; (ii) any delays, errors, or omissions in conducting the data matches or in responding to other requests for records or information made pursuant to this section, when such delays, errors, or omissions result from circumstances beyond the control of the institution or from any unintentional, bona fide error, including but not limited to clerical or computer malfunction or programming; (iii) any disclosure to the Department, or to any authorized contractor or agents thereof, of any information, accounts, assets, financial records, or other information pursuant to this section; or (iv) any action or omission taken or omitted to be taken in good faith to comply with the requirements of this section.

**2. That the provisions of this act shall expire on July 1, 2017.**

## CHAPTER 653

*An Act to amend and reenact §§ 16.1-278.15, 20-60.3, 20-103, 20-107.2, and 20-124.2 of the Code of Virginia, relating to child support for a disabled child.*

[H 2383]

Approved March 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 16.1-278.15, 20-60.3, 20-103, 20-107.2, and 20-124.2 of the Code of Virginia are amended and reenacted as follows:**

**§ 16.1-278.15. Custody or visitation, child or spousal support generally.**

A. In cases involving the custody, visitation or support of a child pursuant to subdivision A 3 of § 16.1-241, the court may make any order of disposition to protect the welfare of the child and family as may be made by the circuit court. The parties to any petition where a child whose custody, visitation, or support is contested shall show proof that they have attended within the 12 months prior to their court appearance or that they shall attend within 45 days thereafter an educational seminar or other like program conducted by a qualified person or organization approved by the court. The court may require the parties to attend such seminar or program in uncontested cases only if the court finds good cause. The seminar or other program shall be a minimum of four hours in length and shall address the effects of separation or divorce on children, parenting responsibilities, options for conflict resolution and financial responsibilities. Once a party has completed one educational seminar or other like program, the required completion of additional programs shall be at the court's discretion. Parties under this section shall include natural or adoptive parents of the child, or any person with a legitimate interest as defined in § 20-124.1. The fee charged a party for participation in such program shall be based on the party's ability to pay; however, no fee in excess of \$50 may be charged. Whenever possible, before participating in mediation or alternative dispute resolution to address custody, visitation or support, each party shall have attended the educational seminar or other like program. The court may grant an exemption from attendance of such program for good cause shown or if there is no program reasonably available. Other than statements or admissions by a party admitting criminal activity or child abuse or neglect, no statement or admission by a party in such seminar or program shall be admissible into evidence in any subsequent proceeding. If support is ordered for a child, the order shall also provide that support will continue to be paid for a child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the parent seeking or receiving child support, until the child reaches the age of 19 or graduates from high school, whichever occurs first. The court may also order ~~the continuation of that support be paid or continue to be paid~~ for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii); (b) unable to live independently and support himself; and (c) ~~resides~~ residing in the home of the parent seeking or receiving child support.

B. In any case involving the custody or visitation of a child, the court may award custody upon petition to any party with a legitimate interest therein, including, but not limited to, grandparents, stepparents, former stepparents, blood relatives and family members. The term "legitimate interest" shall be broadly construed to accommodate the best interest of the child.

The authority of the juvenile court to consider a petition involving the custody of a child shall not be proscribed or limited where the custody of the child has previously been awarded to a local board of social services.

C. In any determination of support obligation under this section, the support obligation as it becomes due and unpaid creates a judgment by operation of law. Such judgment becomes a lien against real estate only when docketed in the county or city where such real estate is located. Nothing herein shall be construed to alter or amend the process of attachment of any lien on personal property.

D. Orders entered prior to July 1, 2008, shall not be deemed void or voidable solely because the petition or motion that resulted in the order was completed, signed and filed by a nonattorney employee of the Department of Social Services.

E. In cases involving charges for desertion, abandonment or failure to provide support by any person in violation of law, disposition shall be made in accordance with Chapter 5 (§ 20-61 et seq.) of Title 20.

F. In cases involving a spouse who seeks spousal support after having separated from his spouse, the court may enter any appropriate order to protect the welfare of the spouse seeking support.

G. In any case or proceeding involving the custody or visitation of a child, the court shall consider the best interest of the child, including the considerations for determining custody and visitation set forth in Chapter 6.1 (§ 20-124.1 et seq.) of Title 20.

H. In any proceeding before the court for custody or visitation of a child, the court may order a custody or a psychological evaluation of any parent, guardian, legal custodian or person standing in loco parentis to the child, if the court finds such evaluation would assist it in its determination. The court may enter such orders as it deems appropriate for the payment of the costs of the evaluation by the parties.

I. When deemed appropriate by the court in any custody or visitation matter, the court may order drug testing of any parent, guardian, legal custodian or person standing in loco parentis to the child. The court may enter such orders as it deems appropriate for the payment of the costs of the testing by the parties.

### **§ 20-60.3. Contents of support orders.**

All orders directing the payment of spousal support where there are minor children whom the parties have a mutual duty to support and all orders directing the payment of child support, including those orders confirming separation agreements, entered on or after October 1, 1985, whether they are original orders or modifications of existing orders, shall contain the following:

1. Notice that support payments may be withheld as they become due pursuant to § 20-79.1 or § 20-79.2, from income as defined in § 63.2-1900, without further amendments of this order or having to file an application for services with the Department of Social Services; however, absence of such notice in an order entered prior to July 1, 1988, shall not bar withholding of support payments pursuant to § 20-79.1;

2. Notice that support payments may be withheld pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 without further amendments to the order upon application for services with the Department of Social Services; however, absence of such notice in an order entered prior to July 1, 1988, shall not bar withholding of support payments pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2;

3. The name, date of birth, and last four digits of the social security number of each child to whom a duty of support is then owed by the parent;

4. If known, the name, date of birth, and last four digits of the social security number of each parent of the child and, unless otherwise ordered, each parent's residential and, if different, mailing address, residential and employer telephone number, driver's license number, and the name and address of his or her employer; however, when a protective order has been issued or the court otherwise finds reason to believe that a party is at risk of physical or emotional harm from the other party, information other than the name of the party at risk shall not be included in the order;

5. Notice that, pursuant to § 20-124.2, support will continue to be paid for any child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the party seeking or receiving child support until such child reaches the age of 19 or graduates from high school, whichever occurs first, and that the court may also order ~~the continuation of that support be paid or continue to be paid~~ for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, *and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii);* (b) unable to live independently and support himself; and (c) residing in the home of the parent seeking or receiving child support;

6. On and after July 1, 1994, notice that a petition may be filed for suspension of any license, certificate, registration or other authorization to engage in a profession, trade, business, occupation, or recreational activity issued by the Commonwealth to a parent as provided in § 63.2-1937 upon a delinquency for a period of 90 days or more or in an amount of \$5,000 or more. The order shall indicate whether either or both parents currently hold such an authorization and, if so, the type of authorization held;

7. The monthly amount of support and the effective date of the order. In proceedings on initial petitions, the effective date shall be the date of filing of the petition; in modification proceedings, the effective date may be the date of notice to the responding party. The first monthly payment shall be due on the first day of the month following the hearing date and on the first day of each month thereafter. In addition, an amount shall be assessed for any full and partial months between the effective date of the order and the date that the first monthly payment is due. The assessment for the initial partial month shall be prorated from the effective date through the end of that month, based on the current monthly obligation;

8. a. An order for health care coverage, including the health insurance policy information, for dependent children pursuant to §§ 20-108.1 and 20-108.2 if available at reasonable cost as defined in § 63.2-1900, or a written statement that health care coverage is not available at a reasonable cost as defined in such section, and a statement as to whether there is an order for health care coverage for a spouse or former spouse; and

b. A statement as to whether cash medical support, as defined in § 63.2-1900, is to be paid by or reimbursed to a party pursuant to subsections D and G of § 20-108.2, and if such expenses are ordered, then the provisions governing how such payment is to be made;

9. If support arrearages exist, (i) to whom an arrearage is owed and the amount of the arrearage, (ii) the period of time for which such arrearage is calculated, and (iii) a direction that all payments are to be credited to current support obligations first, with any payment in excess of the current obligation applied to arrearages;

10. If child support payments are ordered to be paid through the Department of Social Services or directly to the obligee, and unless the court for good cause shown orders otherwise, the parties shall give each other and the court and, when payments are to be made through the Department, the Department of Social Services at least 30 days' written notice, in advance, of any change of address and any change of telephone number within 30 days after the change;

11. If child support payments are ordered to be paid through the Department of Social Services, a provision requiring an obligor to keep the Department of Social Services informed of the name, address and telephone number of his current employer, or if payments are ordered to be paid directly to the obligee, a provision requiring an obligor to keep the court informed of the name, address and telephone number of his current employer;

12. If child support payments are ordered to be paid through the Department of Social Services, a provision requiring the party obligated to provide health care coverage to keep the Department of Social Services informed of any changes in the availability of the health care coverage for the minor child or children, or if payments are ordered to be paid directly to the obligee, a provision requiring the party obligated to provide health care coverage to keep the other party informed of any changes in the availability of the health care coverage for the minor child or children;

13. The separate amounts due to each person under the order, unless the court specifically orders a unitary award of child and spousal support due or the order affirms a separation agreement containing provision for such unitary award;

14. Notice that in determination of a support obligation, the support obligation as it becomes due and unpaid creates a judgment by operation of law. The order shall also provide, pursuant to § 20-78.2, for interest on the arrearage at the judgment rate as established by § 6.2-302 unless the obligee, in a writing submitted to the court, waives the collection of interest;

15. Notice that on and after July 1, 1994, the Department of Social Services may, pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 and in accordance with §§ 20-108.2 and 63.2-1921, initiate a review of the amount of support ordered by any court;

16. A statement that if any arrearages for child support, including interest or fees, exist at the time the youngest child included in the order emancipates, payments shall continue in the total amount due (current support plus amount applied toward arrearages) at the time of emancipation until all arrearages are paid; and

17. Notice that, in cases enforced by the Department of Social Services, the Department of Motor Vehicles may suspend or refuse to renew the driver's license of any person upon receipt of notice from the Department of Social Services that the person (i) is delinquent in the payment of child support by 90 days or in an amount of \$5,000 or more or (ii) has failed to comply with a subpoena, summons, or warrant relating to paternity or child support proceedings.

The provisions of this section shall not apply to divorce decrees where there are no minor children whom the parties have a mutual duty to support.

**§ 20-103. Court may make orders pending suit for divorce, custody or visitation, etc.**

A. In suits for divorce, annulment and separate maintenance, and in proceedings arising under subdivision A 3 or subsection L of § 16.1-241, the court having jurisdiction of the matter may, at any time pending a suit pursuant to this chapter, in the discretion of such court, make any order that may be proper (i) to compel a spouse to pay any sums necessary for the maintenance and support of the petitioning spouse, including (a) an order that the other spouse provide health care coverage for the petitioning spouse, unless it is shown that such coverage cannot be obtained, or (b) an order that a party pay secured or unsecured debts incurred jointly or by either party, (ii) to enable such spouse to carry on the suit, (iii) to prevent either spouse from imposing any restraint on the personal liberty of the other spouse, (iv) to provide for the custody and maintenance of the minor children of the parties, including an order that either party or both parties provide health care coverage or cash medical support, or both, for the children, (v) to provide support, calculated in accordance with § 20-108.2, for any child of the parties to whom a duty of support is owed and to ~~continue to pay or~~ *continue to pay* support for any child over the age of 18 who meets the requirements set forth in subsection C of § 20-124.2, (vi) for the exclusive use and possession of the family residence during the pendency of the suit, (vii) to preserve the estate of either spouse, so that it be forthcoming to meet any decree which may be made in the suit, (viii) to compel either spouse to give security to abide such decree, or (ix) (a) to compel a party to maintain any existing policy owned by that party insuring the life of either party or to require a party to name as a beneficiary of the policy the other party or an appropriate person for the exclusive use and benefit of the minor children of the parties and (b) to allocate the premium cost of such life insurance between the parties, provided that all premiums are billed to the policyholder. Nothing in clause (ix) shall be construed to create an independent cause of action on the part of any beneficiary against the insurer or to require an insurer to provide information relating to such policy to any person other than the policyholder without the written consent of the policyholder. The parties to any

petition where a child whose custody, visitation, or support is contested shall show proof that they have attended within the 12 months prior to their court appearance or that they shall attend within 45 days thereafter an educational seminar or other like program conducted by a qualified person or organization approved by the court except that the court may require the parties to attend such seminar or program in uncontested cases only if the court finds good cause. The seminar or other program shall be a minimum of four hours in length and shall address the effects of separation or divorce on children, parenting responsibilities, options for conflict resolution and financial responsibilities. Once a party has completed one educational seminar or other like program, the required completion of additional programs shall be at the court's discretion. Parties under this section shall include natural or adoptive parents of the child, or any person with a legitimate interest as defined in § 20-124.1. The fee charged a party for participation in such program shall be based on the party's ability to pay; however, no fee in excess of \$50 may be charged. Whenever possible, before participating in mediation or alternative dispute resolution to address custody, visitation or support, each party shall have attended the educational seminar or other like program. The court may grant an exemption from attendance of such program for good cause shown or if there is no program reasonably available. Other than statements or admissions by a party admitting criminal activity or child abuse, no statement or admission by a party in such seminar or program shall be admissible into evidence in any subsequent proceeding.

B. In addition to the terms provided in subsection A, upon a showing by a party of reasonable apprehension of physical harm to that party by such party's family or household member as that term is defined in § 16.1-228, and consistent with rules of the Supreme Court of Virginia, the court may enter an order excluding that party's family or household member from the jointly owned or jointly rented family dwelling. In any case where an order is entered under this paragraph, pursuant to an ex parte hearing, the order shall not exclude a family or household member from the family dwelling for a period in excess of 15 days from the date the order is served, in person, upon the person so excluded. The order may provide for an extension of time beyond the 15 days, to become effective automatically. The person served may at any time file a written motion in the clerk's office requesting a hearing to dissolve or modify the order. Nothing in this section shall be construed to prohibit the court from extending an order entered under this subsection for such longer period of time as is deemed appropriate, after a hearing on notice to the parties. If the party subject to the order fails to appear at this hearing, the court may extend the order for a period not to exceed six months.

C. In cases other than those for divorce in which a custody or visitation arrangement for a minor child is sought, the court may enter an order providing for custody, visitation or maintenance pending the suit as provided in subsection A. The order shall be directed to either parent or any person with a legitimate interest who is a party to the suit.

D. Orders entered pursuant to this section which provide for custody or visitation arrangements pending the suit shall be made in accordance with the standards set out in Chapter 6.1 (§ 20-124.1 et seq.). Orders entered pursuant to subsection B shall be certified by the clerk and forwarded as soon as possible to the local police department or sheriff's office which shall, on the date of receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia crime information network system established and maintained by the Department of State Police pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. If the order is later dissolved or modified, a copy of the dissolution or modification shall also be certified, forwarded and entered in the system as described above.

E. An order entered pursuant to this section shall have no presumptive effect and shall not be determinative when adjudicating the underlying cause.

#### **§ 20-107.2. Court may decree as to custody and support of children.**

Upon entry of a decree providing (i) for the dissolution of a marriage, (ii) for a divorce, whether from the bond of matrimony or from bed and board, (iii) that neither party is entitled to a divorce, or (iv) for separate maintenance, the court may make such further decree as it shall deem expedient concerning the (a) custody or visitation and support of the minor children of the parties as provided in Chapter 6.1 (§ 20-124.1 et seq.) of Title 20 or (b) support of a child over the age of 18 who meets the requirements set forth in subsection C of § 20-124.2, including an order that either party or both parties provide health care coverage or cash medical support, or both.

#### **§ 20-124.2. Court-ordered custody and visitation arrangements.**

A. In any case in which custody or visitation of minor children is at issue, whether in a circuit or district court, the court shall provide prompt adjudication, upon due consideration of all the facts, of custody and visitation arrangements, including support and maintenance for the children, prior to other considerations arising in the matter. The court may enter an order pending the suit as provided in § 20-103. The procedures for determining custody and visitation arrangements shall insofar as practical, and consistent with the ends of justice, preserve the dignity and resources of family members. Mediation shall be used as an alternative to litigation where appropriate. When mediation is used in custody and visitation matters, the goals may include development of a proposal addressing the child's residential schedule and care arrangements, and how disputes between the parents will be handled in the future.

B. In determining custody, the court shall give primary consideration to the best interests of the child. The court shall assure minor children of frequent and continuing contact with both parents, when appropriate, and encourage parents to share in the responsibilities of rearing their children. As between the parents, there shall be no presumption or inference of law in favor of either. The court shall give due regard to the primacy of the parent-child relationship but may upon a showing by clear and convincing evidence that the best interest of the child would be served thereby award custody or visitation to any other person with a legitimate interest. The court may award joint custody or sole custody.

C. The court may order that support be paid for any child of the parties. The court shall also order that support will continue to be paid for any child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the party seeking or receiving child support until such child reaches the age of 19 or graduates from high school, whichever first occurs. The court may also order ~~the continuation of that support be paid or continue to be paid~~ for any child over the age of 18 who is ~~(i)~~ ~~(a)~~ severely and permanently mentally or physically disabled, ~~(ii)~~ ~~and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii);~~ (b) unable to live independently and support himself; and ~~(iii) resides~~ (c) residing in the home of the parent seeking or receiving child support. In addition, the court may confirm a stipulation or agreement of the parties which extends a support obligation beyond when it would otherwise terminate as provided by law. The court shall have no authority to decree support of children payable by the estate of a deceased party. The court may make such further decree as it shall deem expedient concerning support of the minor children, including an order that either party or both parties provide health care coverage or cash medical support, or both.

D. In any case in which custody or visitation of minor children is at issue, whether in a circuit or district court, the court may order an independent mental health or psychological evaluation to assist the court in its determination of the best interests of the child. The court may enter such order as it deems appropriate for the payment of the costs of the evaluation by the parties.

E. The court shall have the continuing authority and jurisdiction to make any additional orders necessary to effectuate and enforce any order entered pursuant to this section or § 20-103 including the authority to punish as contempt of court any willful failure of a party to comply with the provisions of the order. A parent or other person having legal custody of a child may petition the court to enjoin and the court may enter an order to enjoin a parent of the child from filing a petition relating to custody and visitation of that child for any period of time up to 10 years if doing so is in the best interests of the child and such parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of another state, the United States, or any foreign jurisdiction which constitutes (i) murder or voluntary manslaughter, or a felony attempt, conspiracy or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time the offense occurred, or the other parent of the child, or (ii) felony assault resulting in serious bodily injury, felony bodily wounding resulting in serious bodily injury, or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of the offense. When such a petition to enjoin the filing of a petition for custody and visitation is filed, the court shall appoint a guardian ad litem for the child pursuant to § 16.1-266.

**2. That an individual denied support under § 16.1-278.15, 20-60.3, or 20-124.2 prior to July 1, 2015, who otherwise meets the requirements for support under this act, shall be eligible to petition the court for support under the provisions of this act. In such cases, liability shall be determined according to subsection B of § 20-108.1, and the date of the new petition shall be the date that the proceeding was commenced for purposes of subsection B of § 20-108.1.**

## CHAPTER 654

*An Act to amend and reenact §§ 16.1-278.15, 20-60.3, 20-103, 20-107.2, and 20-124.2 of the Code of Virginia, relating to child support for a disabled child.*

[S 923]

Approved March 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 16.1-278.15, 20-60.3, 20-103, 20-107.2, and 20-124.2 of the Code of Virginia are amended and reenacted as follows:**

**§ 16.1-278.15. Custody or visitation, child or spousal support generally.**

A. In cases involving the custody, visitation or support of a child pursuant to subdivision A 3 of § 16.1-241, the court may make any order of disposition to protect the welfare of the child and family as may be made by the circuit court. The parties to any petition where a child whose custody, visitation, or support is contested shall show proof that they have attended within the 12 months prior to their court appearance or that they shall attend within 45 days thereafter an educational seminar or other like program conducted by a qualified person or organization approved by the court. The court may require the parties to attend such seminar or program in uncontested cases only if the court finds good cause. The seminar or other program shall be a minimum of four hours in length and shall address the effects of separation or divorce on children, parenting responsibilities, options for conflict resolution and financial responsibilities. Once a party has completed one educational seminar or other like program, the required completion of additional programs shall be at the court's discretion. Parties under this section shall include natural or adoptive parents of the child, or any person with a legitimate interest as defined in § 20-124.1. The fee charged a party for participation in such program shall be based on the party's ability to pay; however, no fee in excess of \$50 may be charged. Whenever possible, before participating in mediation or alternative dispute resolution to address custody, visitation or support, each party shall have attended the educational seminar or other like program. The court may grant an exemption from attendance of such program for good cause shown or if there is no program reasonably available. Other than statements or admissions by a party admitting criminal activity or child abuse or neglect, no statement or admission by a party in such seminar or program shall be

admissible into evidence in any subsequent proceeding. If support is ordered for a child, the order shall also provide that support will continue to be paid for a child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the parent seeking or receiving child support, until the child reaches the age of 19 or graduates from high school, whichever occurs first. The court may also order ~~the continuation of that support be paid or continue to be paid~~ for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, *and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii)*; (b) unable to live independently and support himself; and (c) ~~resides~~ residing in the home of the parent seeking or receiving child support.

B. In any case involving the custody or visitation of a child, the court may award custody upon petition to any party with a legitimate interest therein, including, but not limited to, grandparents, stepparents, former stepparents, blood relatives and family members. The term "legitimate interest" shall be broadly construed to accommodate the best interest of the child. The authority of the juvenile court to consider a petition involving the custody of a child shall not be proscribed or limited where the custody of the child has previously been awarded to a local board of social services.

C. In any determination of support obligation under this section, the support obligation as it becomes due and unpaid creates a judgment by operation of law. Such judgment becomes a lien against real estate only when docketed in the county or city where such real estate is located. Nothing herein shall be construed to alter or amend the process of attachment of any lien on personal property.

D. Orders entered prior to July 1, 2008, shall not be deemed void or voidable solely because the petition or motion that resulted in the order was completed, signed and filed by a nonattorney employee of the Department of Social Services.

E. In cases involving charges for desertion, abandonment or failure to provide support by any person in violation of law, disposition shall be made in accordance with Chapter 5 (§ 20-61 et seq.) of Title 20.

F. In cases involving a spouse who seeks spousal support after having separated from his spouse, the court may enter any appropriate order to protect the welfare of the spouse seeking support.

G. In any case or proceeding involving the custody or visitation of a child, the court shall consider the best interest of the child, including the considerations for determining custody and visitation set forth in Chapter 6.1 (§ 20-124.1 et seq.) of Title 20.

H. In any proceeding before the court for custody or visitation of a child, the court may order a custody or a psychological evaluation of any parent, guardian, legal custodian or person standing in loco parentis to the child, if the court finds such evaluation would assist it in its determination. The court may enter such orders as it deems appropriate for the payment of the costs of the evaluation by the parties.

I. When deemed appropriate by the court in any custody or visitation matter, the court may order drug testing of any parent, guardian, legal custodian or person standing in loco parentis to the child. The court may enter such orders as it deems appropriate for the payment of the costs of the testing by the parties.

### **§ 20-60.3. Contents of support orders.**

All orders directing the payment of spousal support where there are minor children whom the parties have a mutual duty to support and all orders directing the payment of child support, including those orders confirming separation agreements, entered on or after October 1, 1985, whether they are original orders or modifications of existing orders, shall contain the following:

1. Notice that support payments may be withheld as they become due pursuant to § 20-79.1 or § 20-79.2, from income as defined in § 63.2-1900, without further amendments of this order or having to file an application for services with the Department of Social Services; however, absence of such notice in an order entered prior to July 1, 1988, shall not bar withholding of support payments pursuant to § 20-79.1;

2. Notice that support payments may be withheld pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 without further amendments to the order upon application for services with the Department of Social Services; however, absence of such notice in an order entered prior to July 1, 1988, shall not bar withholding of support payments pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2;

3. The name, date of birth, and last four digits of the social security number of each child to whom a duty of support is then owed by the parent;

4. If known, the name, date of birth, and last four digits of the social security number of each parent of the child and, unless otherwise ordered, each parent's residential and, if different, mailing address, residential and employer telephone number, driver's license number, and the name and address of his or her employer; however, when a protective order has been issued or the court otherwise finds reason to believe that a party is at risk of physical or emotional harm from the other party, information other than the name of the party at risk shall not be included in the order;

5. Notice that, pursuant to § 20-124.2, support will continue to be paid for any child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the party seeking or receiving child support until such child reaches the age of 19 or graduates from high school, whichever occurs first, and that the court may also order ~~the continuation of that support be paid or continue to be paid~~ for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, *and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii)*; (b) unable to live independently and support himself; and (c) residing in the home of the parent seeking or receiving child support;

6. On and after July 1, 1994, notice that a petition may be filed for suspension of any license, certificate, registration or other authorization to engage in a profession, trade, business, occupation, or recreational activity issued by the Commonwealth to a parent as provided in § 63.2-1937 upon a delinquency for a period of 90 days or more or in an amount of \$5,000 or more. The order shall indicate whether either or both parents currently hold such an authorization and, if so, the type of authorization held;

7. The monthly amount of support and the effective date of the order. In proceedings on initial petitions, the effective date shall be the date of filing of the petition; in modification proceedings, the effective date may be the date of notice to the responding party. The first monthly payment shall be due on the first day of the month following the hearing date and on the first day of each month thereafter. In addition, an amount shall be assessed for any full and partial months between the effective date of the order and the date that the first monthly payment is due. The assessment for the initial partial month shall be prorated from the effective date through the end of that month, based on the current monthly obligation;

8. a. An order for health care coverage, including the health insurance policy information, for dependent children pursuant to §§ 20-108.1 and 20-108.2 if available at reasonable cost as defined in § 63.2-1900, or a written statement that health care coverage is not available at a reasonable cost as defined in such section, and a statement as to whether there is an order for health care coverage for a spouse or former spouse; and

b. A statement as to whether cash medical support, as defined in § 63.2-1900, is to be paid by or reimbursed to a party pursuant to subsections D and G of § 20-108.2, and if such expenses are ordered, then the provisions governing how such payment is to be made;

9. If support arrearages exist, (i) to whom an arrearage is owed and the amount of the arrearage, (ii) the period of time for which such arrearage is calculated, and (iii) a direction that all payments are to be credited to current support obligations first, with any payment in excess of the current obligation applied to arrearages;

10. If child support payments are ordered to be paid through the Department of Social Services or directly to the obligee, and unless the court for good cause shown orders otherwise, the parties shall give each other and the court and, when payments are to be made through the Department, the Department of Social Services at least 30 days' written notice, in advance, of any change of address and any change of telephone number within 30 days after the change;

11. If child support payments are ordered to be paid through the Department of Social Services, a provision requiring an obligor to keep the Department of Social Services informed of the name, address and telephone number of his current employer, or if payments are ordered to be paid directly to the obligee, a provision requiring an obligor to keep the court informed of the name, address and telephone number of his current employer;

12. If child support payments are ordered to be paid through the Department of Social Services, a provision requiring the party obligated to provide health care coverage to keep the Department of Social Services informed of any changes in the availability of the health care coverage for the minor child or children, or if payments are ordered to be paid directly to the obligee, a provision requiring the party obligated to provide health care coverage to keep the other party informed of any changes in the availability of the health care coverage for the minor child or children;

13. The separate amounts due to each person under the order, unless the court specifically orders a unitary award of child and spousal support due or the order affirms a separation agreement containing provision for such unitary award;

14. Notice that in determination of a support obligation, the support obligation as it becomes due and unpaid creates a judgment by operation of law. The order shall also provide, pursuant to § 20-78.2, for interest on the arrearage at the judgment rate as established by § 6.2-302 unless the obligee, in a writing submitted to the court, waives the collection of interest;

15. Notice that on and after July 1, 1994, the Department of Social Services may, pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 and in accordance with §§ 20-108.2 and 63.2-1921, initiate a review of the amount of support ordered by any court;

16. A statement that if any arrearages for child support, including interest or fees, exist at the time the youngest child included in the order emancipates, payments shall continue in the total amount due (current support plus amount applied toward arrearages) at the time of emancipation until all arrearages are paid; and

17. Notice that, in cases enforced by the Department of Social Services, the Department of Motor Vehicles may suspend or refuse to renew the driver's license of any person upon receipt of notice from the Department of Social Services that the person (i) is delinquent in the payment of child support by 90 days or in an amount of \$5,000 or more or (ii) has failed to comply with a subpoena, summons, or warrant relating to paternity or child support proceedings.

The provisions of this section shall not apply to divorce decrees where there are no minor children whom the parties have a mutual duty to support.

**§ 20-103. Court may make orders pending suit for divorce, custody or visitation, etc.**

A. In suits for divorce, annulment and separate maintenance, and in proceedings arising under subdivision A 3 or subsection L of § 16.1-241, the court having jurisdiction of the matter may, at any time pending a suit pursuant to this chapter, in the discretion of such court, make any order that may be proper (i) to compel a spouse to pay any sums necessary for the maintenance and support of the petitioning spouse, including (a) an order that the other spouse provide health care coverage for the petitioning spouse, unless it is shown that such coverage cannot be obtained, or (b) an order that a party pay secured or unsecured debts incurred jointly or by either party, (ii) to enable such spouse to carry on the suit, (iii) to prevent either spouse from imposing any restraint on the personal liberty of the other spouse, (iv) to provide for the custody and maintenance of the minor children of the parties, including an order that either party or both parties provide health care

coverage or cash medical support, or both, for the children, (v) to provide support, calculated in accordance with § 20-108.2, for any child of the parties to whom a duty of support is owed and to ~~continue to pay~~ *continue to pay* support for any child over the age of 18 who meets the requirements set forth in subsection C of § 20-124.2, (vi) for the exclusive use and possession of the family residence during the pendency of the suit, (vii) to preserve the estate of either spouse, so that it be forthcoming to meet any decree which may be made in the suit, (viii) to compel either spouse to give security to abide such decree, or (ix) (a) to compel a party to maintain any existing policy owned by that party insuring the life of either party or to require a party to name as a beneficiary of the policy the other party or an appropriate person for the exclusive use and benefit of the minor children of the parties and (b) to allocate the premium cost of such life insurance between the parties, provided that all premiums are billed to the policyholder. Nothing in clause (ix) shall be construed to create an independent cause of action on the part of any beneficiary against the insurer or to require an insurer to provide information relating to such policy to any person other than the policyholder without the written consent of the policyholder. The parties to any petition where a child whose custody, visitation, or support is contested shall show proof that they have attended within the 12 months prior to their court appearance or that they shall attend within 45 days thereafter an educational seminar or other like program conducted by a qualified person or organization approved by the court except that the court may require the parties to attend such seminar or program in uncontested cases only if the court finds good cause. The seminar or other program shall be a minimum of four hours in length and shall address the effects of separation or divorce on children, parenting responsibilities, options for conflict resolution and financial responsibilities. Once a party has completed one educational seminar or other like program, the required completion of additional programs shall be at the court's discretion. Parties under this section shall include natural or adoptive parents of the child, or any person with a legitimate interest as defined in § 20-124.1. The fee charged a party for participation in such program shall be based on the party's ability to pay; however, no fee in excess of \$50 may be charged. Whenever possible, before participating in mediation or alternative dispute resolution to address custody, visitation or support, each party shall have attended the educational seminar or other like program. The court may grant an exemption from attendance of such program for good cause shown or if there is no program reasonably available. Other than statements or admissions by a party admitting criminal activity or child abuse, no statement or admission by a party in such seminar or program shall be admissible into evidence in any subsequent proceeding.

B. In addition to the terms provided in subsection A, upon a showing by a party of reasonable apprehension of physical harm to that party by such party's family or household member as that term is defined in § 16.1-228, and consistent with rules of the Supreme Court of Virginia, the court may enter an order excluding that party's family or household member from the jointly owned or jointly rented family dwelling. In any case where an order is entered under this paragraph, pursuant to an ex parte hearing, the order shall not exclude a family or household member from the family dwelling for a period in excess of 15 days from the date the order is served, in person, upon the person so excluded. The order may provide for an extension of time beyond the 15 days, to become effective automatically. The person served may at any time file a written motion in the clerk's office requesting a hearing to dissolve or modify the order. Nothing in this section shall be construed to prohibit the court from extending an order entered under this subsection for such longer period of time as is deemed appropriate, after a hearing on notice to the parties. If the party subject to the order fails to appear at this hearing, the court may extend the order for a period not to exceed six months.

C. In cases other than those for divorce in which a custody or visitation arrangement for a minor child is sought, the court may enter an order providing for custody, visitation or maintenance pending the suit as provided in subsection A. The order shall be directed to either parent or any person with a legitimate interest who is a party to the suit.

D. Orders entered pursuant to this section which provide for custody or visitation arrangements pending the suit shall be made in accordance with the standards set out in Chapter 6.1 (§ 20-124.1 et seq.). Orders entered pursuant to subsection B shall be certified by the clerk and forwarded as soon as possible to the local police department or sheriff's office which shall, on the date of receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia crime information network system established and maintained by the Department of State Police pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. If the order is later dissolved or modified, a copy of the dissolution or modification shall also be certified, forwarded and entered in the system as described above.

E. An order entered pursuant to this section shall have no presumptive effect and shall not be determinative when adjudicating the underlying cause.

**§ 20-107.2. Court may decree as to custody and support of children.**

Upon entry of a decree providing (i) for the dissolution of a marriage, (ii) for a divorce, whether from the bond of matrimony or from bed and board, (iii) that neither party is entitled to a divorce, or (iv) for separate maintenance, the court may make such further decree as it shall deem expedient concerning the (a) custody or visitation and support of the minor children of the parties as provided in Chapter 6.1 (§ 20-124.1 et seq.) of ~~Title 20~~ or (b) support of a child over the age of 18 who meets the requirements set forth in subsection C of § 20-124.2, including an order that either party or both parties provide health care coverage or cash medical support, or both.

**§ 20-124.2. Court-ordered custody and visitation arrangements.**

A. In any case in which custody or visitation of minor children is at issue, whether in a circuit or district court, the court shall provide prompt adjudication, upon due consideration of all the facts, of custody and visitation arrangements, including support and maintenance for the children, prior to other considerations arising in the matter. The court may enter an order pending the suit as provided in § 20-103. The procedures for determining custody and visitation arrangements shall insofar

as practical, and consistent with the ends of justice, preserve the dignity and resources of family members. Mediation shall be used as an alternative to litigation where appropriate. When mediation is used in custody and visitation matters, the goals may include development of a proposal addressing the child's residential schedule and care arrangements, and how disputes between the parents will be handled in the future.

B. In determining custody, the court shall give primary consideration to the best interests of the child. The court shall assure minor children of frequent and continuing contact with both parents, when appropriate, and encourage parents to share in the responsibilities of rearing their children. As between the parents, there shall be no presumption or inference of law in favor of either. The court shall give due regard to the primacy of the parent-child relationship but may upon a showing by clear and convincing evidence that the best interest of the child would be served thereby award custody or visitation to any other person with a legitimate interest. The court may award joint custody or sole custody.

C. The court may order that support be paid for any child of the parties. The court shall also order that support will continue to be paid for any child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the party seeking or receiving child support until such child reaches the age of 19 or graduates from high school, whichever first occurs. The court may also order ~~the continuation of that support be paid or continue to be paid for any child over the age of 18 who is~~ ~~(i)~~ (a) severely and permanently mentally or physically disabled, ~~(ii)~~ and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii); (b) unable to live independently and support himself; and ~~(iii)~~ (c) residing in the home of the parent seeking or receiving child support. In addition, the court may confirm a stipulation or agreement of the parties which extends a support obligation beyond when it would otherwise terminate as provided by law. The court shall have no authority to decree support of children payable by the estate of a deceased party. The court may make such further decree as it shall deem expedient concerning support of the minor children, including an order that either party or both parties provide health care coverage or cash medical support, or both.

D. In any case in which custody or visitation of minor children is at issue, whether in a circuit or district court, the court may order an independent mental health or psychological evaluation to assist the court in its determination of the best interests of the child. The court may enter such order as it deems appropriate for the payment of the costs of the evaluation by the parties.

E. The court shall have the continuing authority and jurisdiction to make any additional orders necessary to effectuate and enforce any order entered pursuant to this section or § 20-103 including the authority to punish as contempt of court any willful failure of a party to comply with the provisions of the order. A parent or other person having legal custody of a child may petition the court to enjoin and the court may enter an order to enjoin a parent of the child from filing a petition relating to custody and visitation of that child for any period of time up to 10 years if doing so is in the best interests of the child and such parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of another state, the United States, or any foreign jurisdiction which constitutes (i) murder or voluntary manslaughter, or a felony attempt, conspiracy or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time the offense occurred, or the other parent of the child, or (ii) felony assault resulting in serious bodily injury, felony bodily wounding resulting in serious bodily injury, or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of the offense. When such a petition to enjoin the filing of a petition for custody and visitation is filed, the court shall appoint a guardian ad litem for the child pursuant to § 16.1-266.

**2. That an individual denied support under § 16.1-278.15, 20-60.3, or 20-124.2 prior to July 1, 2015, who otherwise meets the requirements for support under this act, shall be eligible to petition the court for support under the provisions of this act. In such cases, liability shall be determined according to subsection B of § 20-108.1, and the date of the new petition shall be the date that the proceeding was commenced for purposes of subsection B of § 20-108.1.**

## CHAPTER 655

*An Act to amend the Code of Virginia by adding in Chapter 34 of Title 54.1 an article numbered 4.1, consisting of sections numbered 54.1-3442.1 through 54.1-3442.4, relating to expanded access to investigational drugs.*

[S 732]

Approved March 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding in Chapter 34 of Title 54.1 an article numbered 4.1, consisting of sections numbered 54.1-3442.1 through 54.1-3442.4, as follows:**

*Article 4.1.*

*Expanded Access to Investigational Drugs, Biological Products, and Devices.*

**§ 54.1-3442.1. Definitions.**

*As used in this article, unless the context requires a different meaning:*

*"Terminal condition"* means a condition caused by injury, disease, or illness from which, to a reasonable degree of medical probability, a patient cannot recover and (i) the patient's death is imminent or (ii) the patient is in a persistent vegetative state.

*"Treating physician"* means a physician who is providing or has previously provided medical treatment or evaluation to and has or previously had an ongoing treatment relationship with the person.

**§ 54.1-3442.2. Eligibility for expanded access to investigational drugs, biological products, and devices; written, informed consent to treatment.**

A. A person shall be eligible for expanded access to investigational drugs, biological products, or devices if:

1. He has a terminal condition, attested to by his treating physician and confirmed by a second physician not previously involved in the treatment of the person who has conducted an independent examination of the person;

2. He has, in consultation with his treating physician, considered all other treatment options currently approved by the U.S. Food and Drug Administration and the treating physician has determined that no reasonable opportunity exists for him to participate in an ongoing clinical trial for his terminal condition;

3. The potential benefits of use of the investigational drug, biological product, or device to treat his terminal condition are greater than the potential risks of the use of the investigational drug, biological product, or device to treat his terminal condition;

4. He has received a recommendation from his treating physician for use of an investigational drug, biological product, or device for treatment of his terminal condition; and

5. He or, if he is incapable of making an informed decision, his legally authorized representative has given written informed consent to use of the investigational drug, biological product, or device for treatment of his terminal condition or, if the person is a minor or lacks capacity to provide informed consent, his parent or legal guardian has given written informed consent to the use of the investigational drug, biological product, or device for treatment of his terminal condition.

Documentation indicating that the person meets the criteria for eligibility for expanded access to investigational drugs, biological products, or devices shall be provided by the person's treating physician and shall be included in the person's medical record.

B. Written informed consent to use of an investigational drug, biological product, or device shall include:

1. An explanation of the currently approved products and treatments for the person's terminal condition;

2. A statement that the person has, in consultation with his treating physician, considered all other treatment options currently approved by the U.S. Food and Drug Administration and the treating physician has determined that no reasonable opportunity exists for the person to participate in an ongoing clinical trial for his terminal condition;

3. An explanation of the specific investigational drug, biological product, or device proposed for treatment of the person's terminal condition;

4. A description of possible outcomes resulting from use of the investigational drug, biological product, or device to treat the person's terminal condition, including a statement that new, unanticipated, different, or worse symptoms might result from and death could be hastened by the proposed treatment, based on the treating physician's knowledge of the proposed treatment in conjunction with an awareness of the person's terminal condition;

5. A statement that the person may be required to pay any costs associated with use of the investigational drug, biological product, or device; and

6. A statement that the person or, if the person is a minor or lacks capacity to provide informed consent, his parent or legal guardian consents to the use of the investigational drug, biological product, or device for treatment of his terminal condition.

**§ 54.1-3442.3. Expanded access to investigational drugs, biological products, or devices; cost; insurance coverage.**

A. **Be it enacted by the General Assembly of Virginia:**

**1. That §§ 32.1-309.1 and 32.1-309.2 of the Code of Virginia are amended and reenacted as follows:**

**§ 32.1-309.1. Identification of decedent, next of kin; disposition of claimed dead body.**

C. In the case of a person who has been committed to the custody of the Department of Behavioral Health and Developmental Services and died prior to his release, whose body is unclaimed, the Department of Behavioral Health and Developmental Services shall bear the reasonable expenses for cremation or other disposition of the body. In the case of a person who has been committed to the custody of the Department of Behavioral Health and Developmental Services and died prior to his release and whose claimant is financially unable to pay reasonable expenses of disposition, the expenses shall be borne by the county or city where the claimant resides.

D. Any person or institution having initial custody of a dead body may enter into an agreement with a local funeral service establishment whereby the funeral service establishment shall take possession of the dead body for the purpose of storing the dead body during such time as the person or institution having initial custody of the body or the primary local law-enforcement agency is engaged in identifying the decedent, attempting to identify and contact the next of kin of the decedent, and making arrangements for the final disposition of the body in accordance with this section, provided that at all times during which the funeral service establishment is providing storage of the body, the person or institution having initial custody of the dead body shall continue to have legal custody of the body until such time as custody is transferred in accordance with this chapter.

E. In cases in which a decedent whose remains are disposed of in accordance with this section has an estate out of which burial expenses may be paid, in whole or in part, such assets shall be seized for such purpose.

F. No dead body that is the subject of an investigation pursuant to § 32.1-283 or autopsy pursuant to § 32.1-285 shall be transferred for purposes of disposition until such investigation or autopsy has been completed.

G. Any sheriff or primary law-enforcement officer, county, city, health care provider, funeral service establishment, or funeral service licensee; the Department of Corrections; or any other person or institution that acts in accordance with the requirements of this chapter shall be immune from civil liability for any act, decision, or omission resulting from acceptance and disposition of the dead body in accordance with this section, unless such act, decision, or omission resulted from bad faith or malicious intent.

H. Nothing in this section shall prevent a law-enforcement agency other than the primary law-enforcement agency from performing the duties established by this section if so requested by the primary law-enforcement agency and agreed to by the other law-enforcement agency.

## CHAPTER 659

*An Act to amend and reenact §§ 37.2-808 and 37.2-1104 of the Code of Virginia, relating to temporary detention for testing, observation, and treatment of a person who is the subject of an emergency custody order.*

[S 1114]

Approved March 26, 2015

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That §§ 37.2-808 and 37.2-1104 of the Code of Virginia are amended and reenacted as follows:**

##### **§ 37.2-808. Emergency custody; issuance and execution of order.**

A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, in cases in which the emergency custody order is based upon a finding that the person who is the subject of the order has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his

lack of capacity to protect himself from harm or to provide for his basic human needs but there is no substantial likelihood that the person will cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a person meets the criteria for emergency custody as stated in this section may take that person into custody and transport that person to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.

J. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

K. The person shall remain in custody until a temporary detention order is issued, until the person is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed eight hours from the time of execution.

L. *Nothing in this section shall preclude the issuance of an order for temporary detention for testing, observation, or treatment pursuant to § 37.2-1104 for a person who is also the subject of an emergency custody order issued pursuant to this section. In any case in which an order for temporary detention for testing, observation, or treatment is issued for a person who is also the subject of an emergency custody order, the person may be detained by a hospital emergency room or other appropriate facility for testing, observation, and treatment for a period not to exceed 24 hours, unless extended by the court as part of an order pursuant to § 37.2-1101, in accordance with subsection A of § 37.2-1104. Upon completion of testing, observation, or treatment pursuant to § 37.2-1104, the hospital emergency room or other appropriate facility in which the person is detained shall notify the nearest community services board, and the designee of the community services board shall, as soon as is practicable and prior to the expiration of the order for temporary detention issued pursuant to § 37.2-1104, conduct an evaluation of the person to determine if he meets the criteria for temporary detention pursuant to § 37.2-809.*

M. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.

~~M. N.~~ If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

~~N. O.~~ (Expires June 30, 2018) In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the individual is detained in a state facility pursuant to subsection E of § 37.2-809, the state facility and an employee or designee of the community services board as defined in § 37.2-809 may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual.

~~O. P.~~ Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to persons with mental illnesses while in emergency custody.

#### **§ 37.2-1104. Temporary detention in hospital for testing, observation or treatment.**

A. Upon the advice of a licensed physician who has attempted to obtain consent and upon a finding of probable cause to believe that an adult person within the court's jurisdiction is incapable of making an informed decision regarding treatment of a physical or mental ~~disorder condition~~ or is incapable of communicating such a decision due to a physical or mental ~~disorder condition~~ and that the medical standard of care calls for testing, observation, or treatment ~~of the disorder~~ within the next 24 hours to prevent death, or disability, or a ~~serious irreversible~~ *to treat an emergency medical condition that requires immediate action to avoid harm, injury, or death*, the court or, if the court is unavailable, a magistrate serving the jurisdiction may issue an order authorizing temporary detention of the person by a hospital emergency room or other appropriate facility and authorizing such testing, observation, or treatment. The detention may not be for a period exceeding 24 hours, unless extended by the court as part of an order authorizing treatment under § 37.2-1101. If, before completion of authorized testing, observation, or treatment, the physician determines that a person subject to an order under this subsection has become capable of making and communicating an informed decision, the physician shall rely on the person's decision on whether to consent to further testing, observation, or treatment. If, before issuance of an order under this subsection or during its period of effectiveness, the physician learns of an objection by a member of the person's immediate family to the testing, observation, or treatment, he shall so notify the court or magistrate, who shall consider the objection in determining whether to issue, modify, or terminate the order.

B. *A court or, if the court is unavailable, a magistrate serving the jurisdiction may issue an order authorizing temporary detention for testing, observation, or treatment for a person who is also the subject of an emergency custody order issued pursuant to § 37.2-808, if such person meets the criteria set forth in subsection A. In any case in which an order for temporary detention for testing, observation, or treatment is issued for a person who is also the subject of an emergency custody order pursuant to § 37.2-808, the hospital emergency room or other appropriate facility in which the person is detained for testing, observation, or treatment shall notify the nearest community services board when such testing, observation, or treatment is complete, and the designee of the community services board shall, as soon as is practicable and prior to the expiration of the order for temporary detention issued pursuant to subsection A, conduct an evaluation of the person to determine if he meets the criteria for temporary detention pursuant to § 37.2-809.*

## CHAPTER 660

*An Act to amend and reenact §§ 51.1-124.4, 51.1-126.4, 51.1-145, 51.1-162, 51.1-168, 51.1-169, 51.1-207, 51.1-218, 51.1-308, 51.1-1100, and 51.1-1153 of the Code of Virginia, relating to the Virginia Retirement System.*

[S 813]

Approved March 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 51.1-124.4, 51.1-126.4, 51.1-145, 51.1-162, 51.1-168, 51.1-169, 51.1-207, 51.1-218, 51.1-308, 51.1-1100, and 51.1-1153 of the Code of Virginia are amended and reenacted as follows:**

**§ 51.1-124.4. Exemption of assets from taxation; exemption of benefits and assets from execution and assignment; trust funds; unclaimed property; eligible rollover distribution.**

A. The assets of the retirement systems created under this title are hereby exempted from any state, county, or municipal tax. Retirement allowances and other benefits accrued or accruing to any person under this title and the assets of the retirement systems created under this title shall not be subject to execution, attachment, garnishment, or any other process whatsoever, except any process for a debt to any employer who has employed such person, and except for administrative actions pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 or any court process to enforce a child or child and spousal support obligation, nor shall any assignment thereof, other than a voluntary, irrevocable assignment of group life insurance pursuant to § 51.1-510, be enforceable in any court. However, retirement benefits and assets created under this title which are deemed to be marital property pursuant to Chapter 6 (§ 20-89.1 et seq.) of Title 20 may be divided or transferred by the court by direct assignment to a spouse or former spouse pursuant to § 20-107.3. The assets of the retirement systems administered by the Board are trust funds and shall be used solely for the benefit of members and beneficiaries and to administer the retirement systems. The Board shall establish procedures whereby persons entitled to property held by the Board, which would be presumed abandoned under the Uniform Disposition of Unclaimed Property Act (§ 55-210.1 et seq.), may recover it.

B. Notwithstanding any provision of this chapter to the contrary that would otherwise limit a distributee's election, a distributee may elect, at the time and in the manner prescribed by the Board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. The terms "eligible rollover distribution," "eligible retirement plan" and "distributee" have the meanings prescribed by § 401(a)(31) of the Internal Revenue Code (including as such section is amended or renumbered, or any successor provision thereto) and the regulations thereunder, as may be amended. *Such terms shall include non-spouse designated beneficiaries and inherited individual retirement accounts in accordance with § 402(c)(11) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans.* In the event of a mandatory cash-out, as that term is defined under the Internal Revenue Code and the regulations thereunder applicable to governmental plans, greater than \$1,000, if the member does not elect to have such distribution paid directly to an eligible retirement plan specified by the member in a direct rollover or to receive the distribution directly in accordance with this section, then the Board shall pay the distribution in a direct rollover to an individual retirement plan designated by the Board in accordance with subsection F of § 51.1-124.30.

*C. The provisions of this chapter and Chapters 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.) and 3 (§ 51.1-300 et seq.) are intended to meet the requirements of § 401(a) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans.*

**§ 51.1-126.4. Employees of the Virginia Port Authority.**

A. The Virginia Port Authority, hereinafter referred to as the Authority, may establish one or more retirement plans covering in whole or in part its employees. The Authority is authorized to make contributions for the benefit of its employees who elect to participate in such plan or arrangement rather than in any other retirement system established by this chapter. Any such alternative retirement plan shall become effective at such time as determined by the Authority. The Authority shall notify the Virginia Retirement System of the establishment of such plan no later than ninety days prior to the effective date. Any present employee of the Authority may make an irrevocable election to participate in the retirement plan established by this chapter or any plan provided by the Authority. Such election shall be made no later than 180 days after the effective date of the plan provided for in this section on forms supplied by the Virginia Retirement System. Any employee hired on or after the effective date of the plan provided for in this section shall become a participant in that plan, subject to the eligibility criteria of that plan.

B. No employee of the Authority who is an active member of a plan established under this section shall also be an active member of the retirement system established by this chapter or a beneficiary of such other plan other than as a contingent annuitant.

~~C. The contribution by the Authority to any other retirement plan established on behalf of its employees as provided in subsection A shall be the contribution by the Commonwealth which would be required if the employee were a member of the retirement system established by this chapter or eight percent of creditable compensation, whichever is less.~~

~~D.~~ The Authority shall develop policies and procedures for the administration of any retirement plan it establishes under this section. A copy of such policies and procedures shall be filed with the Board of Trustees of the Virginia Retirement System.

E. *D.* Pursuant to § 62.1-129.1, employees of the Authority shall be eligible to continue their participation in the Virginia Retirement System or may participate in an alternative retirement plan offered pursuant to this section.

**§ 51.1-145. Employer contributions.**

A. The total annual employer contribution for each employer, expressed as a percentage of the annual membership payroll, shall be determined in a manner so as to remain relatively level from year to year. Each employer shall contribute an amount equal to the sum of the normal contribution, any accrued liability contribution, and any supplementary contribution. The contribution rates for each employer shall be determined after each valuation and shall remain in effect until a new valuation is made. All contribution rates shall be computed in accordance with recognized actuarial principles on the basis of methods and assumptions approved by the Board.

B. The normal employer contribution for any period shall be determined as a percentage, equal to the normal contribution rate, of the total covered compensation of the members employed during the period.

C. The normal contribution rate for any employer shall be determined as the percentage represented by the ratio of (i) the annual normal cost to provide the benefits of the retirement system with respect to members employed by the employer in excess of the members' contributions to (ii) the total annual compensation of the members.

D. The accrued liability contribution for any employer for any period shall be determined as a percentage, equal to the accrued liability contribution rate, of the total compensation of the members during the period.

E. The accrued liability contribution rate for any employer shall be a percentage of the total annual compensation of the members, determined so that a continuation of annual contributions by the employer at the same percentage of total annual compensation over a period of 40 years will be sufficient to amortize the unfunded accrued liability with respect to the employer.

F. The unfunded accrued liability with respect to any employer as of any valuation date shall be determined as the excess of (i) the then present value of the benefits to be provided under the retirement system in the future to members and former members over (ii) the sum of the assets of the retirement system then currently in the members' contribution account and in the employer's retirement allowance account, plus the then present value of the stipulated contributions to be made in the future by the members, plus the then present value of the normal contributions expected to be made in the future by the employer.

G. The supplementary contribution for any employer for any period shall be determined as a percentage, equal to the supplementary contribution rate, of the total compensation of the members employed during the period.

H. Until July 1, 1997, the supplementary contribution rate for any employer shall be determined as the percentage represented by the ratio of (i) the average annual amount of post-retirement supplements, as provided for in this chapter, which is anticipated to become payable during the period to which the rate will be applicable with respect to former members to (ii) the total annual compensation of the members.

I. The Board shall certify to each employer the applicable contribution rate and any changes in the rate.

J. The employer contribution for the year shall be increased to the extent necessary to overcome any insufficiency if the contributions for any employer, when combined with the amount of the retirement allowance account of the employer, are insufficient to provide the benefits payable during the year.

K. The appropriation bill which is submitted to the General Assembly by the Governor prior to each regular session that begins in an even-numbered year shall include the contributions which will become due and payable to the retirement allowance account from the state treasury during the following biennium. The amount of the contributions shall be based on the contribution rates certified by the Board pursuant to subsection I of this section that are applicable to the Commonwealth as an employer and the anticipated compensation during the biennium of the members of the retirement system on behalf of whom the Commonwealth is the employer.

K1. The General Assembly shall set contribution rates that are at least equal to the following percentage of the contribution rates certified by the Board pursuant to subsection I:

1. For members who are state employees as defined in § 51.1-124.3 and who are participating in a retirement plan established pursuant to Chapter 1 (§ 51.1-124.1 et seq.), (i) 67.02 percent for fiscal years beginning July 1, 2012, and July 1, 2013, (ii) 78.02 percent for fiscal years beginning July 1, 2014, and July 1, 2015, (iii) 89.01 percent for fiscal years beginning July 1, 2016, and July 1, 2017, and (iv) 100 percent for fiscal years beginning on or after July 1, 2018;

2. For members who are teachers as defined in § 51.1-124.3 and who are participating in a retirement plan established pursuant to Chapter 1 (§ 51.1-124.1 et seq.), (i) 69.53 percent for fiscal years beginning July 1, 2012, and July 1, 2013, (ii) 79.69 percent for fiscal years beginning July 1, 2014, and July 1, 2015, (iii) 89.84 percent for fiscal years beginning July 1, 2016, and July 1, 2017, and (iv) 100 percent for fiscal years beginning on or after July 1, 2018;

3. For members participating in a retirement plan established pursuant to Chapter 2 (§ 51.1-200 et seq.), (i) 75.84 percent for fiscal years beginning July 1, 2012, and July 1, 2013, (ii) 83.90 percent for fiscal years beginning July 1, 2014, and July 1, 2015, (iii) 91.95 percent for fiscal years beginning July 1, 2016, and July 1, 2017, and (iv) 100 percent for fiscal years beginning on or after July 1, 2018;

4. For members participating in a retirement plan established pursuant to Chapter 2.1 (§ 51.1-211 et seq.), (i) 75.82 percent for fiscal years beginning July 1, 2012, and July 1, 2013, (ii) 83.88 percent for fiscal years beginning July 1, 2014, and July 1, 2015, (iii) 91.94 percent for fiscal years beginning July 1, 2016, and July 1, 2017, and (iv) 100 percent for fiscal years beginning on or after July 1, 2018; and

5. For members participating in a retirement plan established pursuant to Chapter 3 (§ 51.1-300 et seq.), (i) 83.98 percent for fiscal years beginning July 1, 2012, and July 1, 2013, (ii) 89.32 percent for fiscal years beginning July 1, 2014, and July 1, 2015, (iii) 94.66 percent for fiscal years beginning July 1, 2016, and July 1, 2017, and (iv) 100 percent for fiscal years beginning on or after July 1, 2018.

L. In the case of all teachers whose compensation is paid exclusively out of funds derived from local revenues and appropriations from the general fund of the state treasury, the Commonwealth shall contribute to the extent specified in the appropriations act. In the case of any teacher whose compensation is paid out of funds derived in whole or in part from any special fund or from a contributor other than the Commonwealth or a political subdivision thereof, contributions shall be paid out of the special fund or by the other contributor in proportion to that part of the compensation derived therefrom. In the case of all state employees whose compensation is paid exclusively by the Commonwealth out of the general fund of the state treasury, the Commonwealth shall be the sole contributor, and all contributions shall be paid out of the general fund. In the case of a state employee whose compensation is paid in whole or in part out of any special fund or by any contributor other than the Commonwealth, contributions on behalf of the employee shall be paid out of the special fund or by the other contributor in proportion to that part of the employee's compensation derived therefrom. The governing body of each political subdivision is hereby authorized to make appropriations from the funds of the political subdivision necessary to pay its proportionate share of contributions on behalf of every state employee whose compensation is paid in part by the political subdivision. In the case of each person who has elected to remain a member of a local retirement system, the Commonwealth shall reimburse the local employer an amount equal to the product of the compensation of the person and the employer contribution rate as used to determine the employer contribution for state employees under this section. Each employer shall keep such records and periodically furnish such information as the Board may require and shall inform new employees of their duties and obligations in connection with the retirement system.

M. The employer contribution rate established for each employer may include the cost to administer any defined contribution plan administered by the Virginia Retirement System and available to the employer. The portion of such contribution designated to cover administrative costs of the defined contribution plans shall not be deposited into the trust fund established for the defined benefit plans but shall be separately accounted for and used solely to defray the administrative costs associated with the various defined contributions plans. This provision shall supplement the authority of the Board under §§ 51.1-124.22 and 51.1-602 to charge and collect administrative fees to employers whose employees have available the various defined contribution plans administered by the Virginia Retirement System.

N. Notwithstanding the foregoing, the total employer contribution for each employer authorized to participate in the hybrid retirement program described in § 51.1-169 for any period, expressed as a percentage of the employer's payroll for such period, shall be established as the contribution rate payable by such employer with respect to its employees enrolled in the defined benefit plan established under this chapter. The employer's contribution shall be first applied to the defined contribution component of the hybrid retirement program described in § 51.1-169, and the remainder shall be deposited in the employer's retirement allowance account. Institutions of higher education shall also pay contributions to the employer's retirement allowance account in amounts representing the difference between the contribution rate payable with respect to employees enrolled in the defined benefit plan under this chapter and the employer contributions paid to any optional retirement plan it offers on behalf of any of its nonfaculty Covered Employees, as described in Article 6 (§ 23-38.114 et seq.) of Chapter 4.10 of Title 23. The employer contribution rate established for each employer may include the annual rate of contribution payable by such employer with respect to employees enrolled in the optional defined contribution retirement plans established under §§ 51.1-126, 51.1-126.1, 51.1-126.3, and 51.1-126.4.

*O. Employer contributions may be returned to the employer only as determined in accordance with § 401(a) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans.*

**§ 51.1-162. Death before retirement.**

A. If a member dies before retirement, and if no benefits are payable under subsection B, the amount of his accumulated contributions shall be paid to the designated beneficiary or to a surviving relative according to the order of precedence set forth in this section. This amount shall be reduced by the amount of any retirement allowance previously received by the member under this chapter or the abolished system. Each member shall designate who is to receive a refund of accumulated contributions credited to his account in the event of the death of the member prior to retirement. The designation must be made in a manner prescribed by the Board.

If no designation has been made, or the death of the designated person occurs prior to the death of the member and another designation has not been made, the proceeds shall be paid to the persons surviving at the death of the member in the following order of precedence:

- First, to the spouse of the member;
- Second, if no surviving spouse, to the children of the member and descendants of deceased children, per stirpes;
- Third, if none of the above, to the parents of the member;
- Fourth, if none of the above, to the duly appointed executor or administrator of the estate of the member;
- Fifth, if none of the above, to other next of kin of the member entitled under the laws of the domicile of the member at the time of his death.

B. ~~If~~ *To the extent required by § 401(a)(37) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans, if a member dies in service, including a member who is on leave without pay while performing active duty military service in the armed forces of the United States, and if no benefits are*

payable under subsection C of this section, a retirement allowance shall be paid to the person or persons designated as provided in subsection A of this section if the person is the member's (i) surviving spouse, (ii) minor child, or (iii) parent(s). If no designation has been made, or if the death of the designated person occurs prior to the death of the member and another designation has not been made, a retirement allowance shall be paid in the following order of precedence to the member's (a) surviving spouse, (b) minor children, or (c) parent(s). The retirement allowance shall be paid to the first person qualifying in the orders of precedence set out in this subsection. If more than one minor child survives the deceased member, the allowance shall be divided among them in a manner determined by the Board. If more than one parent survives the deceased member, the allowance shall be divided among them in a manner determined by the Board. The retirement allowance shall be continued during the lifetime of the person or in the case of a minor child until the child dies or attains the age of majority, whichever occurs first. The retirement allowance shall equal the decreased retirement allowance that would have been payable under the joint and survivor option so that the same amount would be continued to such person after the member's death. If the member dies prior to his fifty-fifth birthday, then, for purposes of this subsection, the member shall be presumed to be age 55 on his date of death. However, if the member dies in service prior to his sixtieth birthday and is (1) a person who becomes a member on or after July 1, 2010, (2) a member who does not have at least 60 months of creditable service as of January 1, 2013, or (3) a member of the hybrid retirement program described in § 51.1-169, then, for purposes of this subsection, the member shall be presumed to be age 60 on his date of death. When determining the allowance that would have been payable to the member had the member retired on the date of his death, the provisions of subdivision A 4 of § 51.1-155 shall not apply. If the person elects in writing, the amount of the member's accumulated contributions or lump sum payment shall be paid to him exclusively, in lieu of any other benefits under this section. This amount shall be reduced by the amount of any retirement allowance previously received by the member under this chapter.

C. If a member dies in service from a cause compensable under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.), a retirement allowance shall be paid to the member's surviving spouse. If no compensation is finally awarded under the Virginia Workers' Compensation Act due to legal proceedings or otherwise resulting in settlement from the persons causing such death, the Virginia Workers' Compensation Commission shall determine whether the member's death was from a cause compensable under the Virginia Workers' Compensation Act. If the member leaves no surviving spouse or the surviving spouse dies, any minor children of the deceased member shall be paid an allowance until the children die or attain the age of majority, whichever occurs first. If more than one minor child survives the deceased member, the allowance shall be divided in a manner determined by the Board. If the deceased member leaves neither surviving spouse nor minor child, the allowance, divided in a manner determined by the Board, shall be paid to the member's parents during their lives.

The retirement allowance payable hereunder to a qualifying survivor shall be the annual amount which when added to the compensation payable under the Virginia Workers' Compensation Act for the death of the member equals 50 percent of the member's average final compensation if the survivor does not qualify for death benefits under the provisions of the Social Security Act in effect on the date of the death of the member. If the survivor qualifies for death benefits under the provisions of the Social Security Act in effect on the date of the death of the member, the allowance payable from the retirement system when added to the compensation payable under the Virginia Workers' Compensation Act shall equal thirty-three and one-third percent of the member's average final compensation.

Any beneficiary entitled to the entire amount of a retirement allowance under the provisions of this subsection as a result of the death of a member shall be entitled to waive his rights to the allowance by written notification to the Board within ninety days after the death of the member in order to make available a retirement allowance under the provisions of subsection B of this section.

**§ 51.1-168. Limits on creditable compensation; maximum benefits; mandatory payment of allowance.**

A. Notwithstanding any other provision of law, creditable compensation used for computing any benefit or employee contribution under or to the Retirement System shall not exceed \$200,000 (as adjusted in \$5,000 increments from time to time by the adjustment factor described in I.R.C. § 415 (d) on the basis of a base period of the calendar quarter beginning July 1, 2001). In determining average final compensation for periods beginning on or after July 1, 2001, the limit on creditable compensation applied to compensation attributable to periods prior to July 1, 2001, shall be \$200,000. Notwithstanding the foregoing, compensation for any employee who became a member of the Retirement System (i) prior to the ninetieth day after the opening date of the 1996 Session of the General Assembly, on whose behalf employee or employer contributions are made into the Retirement System, and for whom annual compensation is used for computing any benefit, shall not exceed the limit on compensation as adjusted by the Commissioner of the Internal Revenue Service pursuant to the transition provisions applicable to eligible participants under state and local governmental plans under I.R.C. § 401 (a) (17) as amended in 1993 and as contained in § 13212 (d) (3) of the Omnibus Budget Reconciliation Act of 1993 (P. L. 103-66).

B. Notwithstanding any other provision of law, the annual benefit under the Retirement System of a member and any related death or other benefit shall, if necessary, be reduced to the extent required by § 415 (b) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury pursuant to § 415 (d) of the Internal Revenue Code. Any adjustment pursuant to § 415 (d) of the Internal Revenue Code shall apply to all members including those who have died, retired, or otherwise terminated service with a nonforfeitable right to a retirement allowance before the effective date of such adjustment. If an employee participating in the Retirement System is also a participant in another defined benefit plan sponsored or maintained by an employer participating in the Retirement System and subject to the limitations under § 415

of the Internal Revenue Code, such employer shall apply the combined limit test required by § 415 (b) of the Internal Revenue Code to all such plans, to the extent required by § 415 of the Internal Revenue Code. Whenever a reduction in annual benefits is required to meet the annual benefit limit required by § 415 (b) of the Internal Revenue Code, the annual benefits under such employer's other plan or plans will be reduced before benefits under the Retirement System.

C. Any vendor for a defined benefit plan sponsored or maintained by an employer that participates in the Retirement System shall (i) request and maintain the records needed, (ii) perform the testing services required to assure compliance with the limitations described in § 415 (b) of the Internal Revenue Code, including testing required where the employer maintains or sponsors another plan that must be tested together with the Retirement System, and (iii) advise the employer of any annual benefit that exceeds the applicable limitation. If there is no vendor for these services, the employer shall (a) request and maintain the records needed, (b) perform the testing services required to assure compliance with the limitations described in § 415 (b) of the Internal Revenue Code, including testing required where the employer maintains or sponsors another plan that must be tested together with the Retirement System, and (c) reduce any annual benefit that exceeds the applicable limitation.

D. On and after January 1, 1989, the retirement allowance of a member who has terminated employment shall begin no later than the later of (i) April 1 of the calendar year following the calendar year that the member attains seventy and one-half years of age or (ii) April 1 of the calendar year following the calendar year in which the member terminates employment. If the member fails, following reasonable notification, to elect a form of payment by such required beginning date, the retirement allowance shall be paid as a single life annuity and the spousal acknowledgement otherwise required by § 51.1-165.1 shall not be required. *Notwithstanding any other provisions of law, § 401(a)(9) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans are incorporated by reference.*

**§ 51.1-169. Hybrid retirement program.**

A. For purposes of this section, "hybrid retirement program" or "program" means a hybrid retirement program covering any employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for retirement purposes other than the Virginia Retirement System defined benefit retirement plan established under Chapter 1 (§ 51.1-124.1 et seq.). Persons who are participants in, or eligible to be participants in, the retirement plans under the provisions of Chapter 2 (§ 51.1-200 et seq.), Chapter 2.1 (§ 51.1-211 et seq.), the optional retirement plans established under §§ 51.1-126.1, 51.1-126.3, 51.1-126.4, and 51.1-126.7, or a person eligible to earn the benefits permitted by § 51.1-138 shall not be eligible to participate in the hybrid retirement program. Any person who is employed as a firefighter, emergency medical technician, or law-enforcement officer as those terms are defined in § 15.2-1512.2 and whose employing political subdivision has legally adopted an irrevocable resolution as described in subdivision B 4 of § 51.1-153 and subdivision A 3 of § 51.1-155 shall not be eligible to participate in the hybrid retirement program. No member of the Judicial Retirement System under Chapter 3 (§ 51.1-300 et seq.) shall be eligible to participate in the hybrid retirement program described in § 51.1-169 except members appointed to an original term on or after January 1, 2014.

The Board shall maintain the hybrid retirement program established by this section, and any employer is authorized to make contributions under such program for the benefit of its employees participating in such program. Every person who is otherwise eligible to participate in the program but is not a member of a retirement plan administered by the Virginia Retirement System the first time he is hired or rehired on or after January 1, 2014, in a covered position, shall participate in the hybrid retirement program established by this section.

A person who participates in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System under this chapter may make an irrevocable election to participate in the hybrid retirement program maintained under this section. Such election shall be exercised no later than April 30, 2014. If an election is not made by April 30, 2014, such employee shall be deemed not to participate in the hybrid retirement program and shall continue to participate in his current retirement plan.

B. 1. The employer shall make contributions to the defined benefit component of the program in accordance with § 51.1-145.

2. The employer shall make a mandatory contribution to the defined contribution component of the program on behalf of an employee participating in the program in the amount of one percent of creditable compensation. In addition, the employer shall make a matching contribution on behalf of the employee based on the employee's voluntary contributions under the defined contribution component of the program to the deferred compensation plan established under § 51.1-602, up to a maximum of 2.5 percent of creditable compensation for the payroll period, as follows: (i) 100 percent of the first one percent of creditable compensation contributed by the employee to the defined contribution component of the program under subdivision C 2 for the payroll period, and (ii) 50 percent of the next three percent of creditable compensation contributed by the employee to the defined contribution component of the program under subdivision C 2 for the payroll period. The matching contribution by the employer shall be made to the appropriate cash match plan established for the employee under § 51.1-608.

3. The total amount contributed by the employer under subdivision 2 shall vest to the employee's benefit according to the following schedule:

- a. Upon completion of two years of active participation, 50 percent.
- b. Upon completion of three years of active participation, 75 percent.
- c. Upon completion of four years of active participation, 100 percent.

For purposes of this subdivision, "active participation" includes creditable service, as defined in § 51.1-124.3, in any retirement plan established by this title and administered by the Retirement System.

If an employee terminates employment with an employer prior to achieving 100 percent vesting, contributions made by an employer on behalf of the employee under subdivision 2 that are not vested, shall be forfeited. The Board may establish a forfeiture account and may specify the uses of the forfeiture account.

4. An employee may direct the investment of contributions made by an employer under subdivision B 2.

5. No loans or hardship distributions shall be available from contributions made by an employer under subdivision B 2.

C. 1. An employee participating in the hybrid retirement program maintained under this section shall, pursuant to procedures established by the Board, make mandatory contributions on a salary reduction basis in accordance with § 414(h) of the Internal Revenue Code (i) to the defined benefit component of the program in the amount of four percent of creditable compensation in lieu of the amount described in subsection A of § 51.1-144 and (ii) to the defined contribution component of the program in the amount of one percent of creditable compensation.

2. An employee participating in the hybrid retirement program may also make voluntary contributions to the defined contribution component of the program of up to four percent of creditable compensation or the limit on elective deferrals pursuant to § 457(b) of the Internal Revenue Code, whichever is less. The contribution by the employee shall be made to the appropriate deferred compensation plan established by the employee under § 51.1-602.

3. If an employee's voluntary contributions under subdivision C 2 are less than four percent of creditable compensation, the contribution will increase by one-half of one percent, beginning on January 1, 2017, and every three years thereafter, until the employee's voluntary contributions under subdivision C 2 reach four percent of creditable compensation. The increase will be effective beginning with the first pay period that begins in such calendar year unless the employee elects not to increase the voluntary contribution in a manner prescribed by the Board.

4. No loans or hardship distributions shall be available from contributions made by an employee under this subsection.

D. 1. The amount of the service retirement allowance under the defined benefit component of the program shall be governed by § 51.1-155 for all creditable service credited prior to the effective date of the member's participation in the program. For all other creditable service, the allowance shall equal one percent of a member's average final compensation multiplied by the amount of his creditable service while in the program. For judges who are participating in the hybrid retirement program, creditable service shall be determined as provided in § 51.1-303 and service retirement eligibility shall be determined as provided in § 51.1-305.

2. No member shall retire for disability under the defined benefit component of the program, *provided, however, that judges who are participating in the hybrid retirement program may retire for disability under §§ 51.1-307 and 51.1-308.*

3. Except as provided in subdivision 1, any employee participating in the hybrid retirement program maintained under this section shall be considered to be a person who becomes a member on or after July 1, 2010.

4. In all other respects, administration of the defined benefit component of the program shall be governed by the provisions of Chapter 1 (§ 51.1-124.1 et seq.).

E. With respect to any employee who elects, pursuant to subsection A, to participate in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System, the employer shall collect and pay all employee and employer contributions to the Virginia Retirement System for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for such employee.

F. 1. The Board shall develop policies and procedures for administering the hybrid retirement program it maintains, including the establishment of guidelines for employee elections and deferrals under the program.

2. No employee who is an active member in the hybrid retirement program maintained under this section shall also be an active member of any other optional retirement plan maintained under the provisions of Chapter 1 (§ 51.1-124.1 et seq.).

3. If a member of the hybrid retirement program maintained under this section is at any time in service as an employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.), 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.), his benefit payments under the hybrid retirement program maintained under this section shall be suspended while so employed; provided, however, reemployment shall have no effect on a payment under the defined contribution component of the program if the benefit is being paid in an annuity form under an annuity contract purchased with the member's account balance.

4. Any administrative fee imposed pursuant to subdivision A 13 of § 51.1-124.22 on any employer for administering and overseeing the hybrid retirement program maintained under this section shall be charged for each employee participating in such program and shall be for costs incurred by the Virginia Retirement System that are directly related to the administration and oversight of such program. Notwithstanding the foregoing, the Board is authorized to collect all or a portion of such fee directly from the employee.

5. The creditable compensation for any employee on whose behalf employee or employer contributions are made into the hybrid retirement program shall not exceed the limit on compensation as adjusted by the Commissioner of the Internal Revenue Service pursuant to the transition provisions applicable to eligible participants under state and local governmental plans under § 401(a)(17) of the Internal Revenue Code as amended in 1993 and as contained in § 13212(d)(3) of the Omnibus Budget Reconciliation Act of 1993 (P.L. 103-66).

6. The Board may contract with private corporations or institutions, subject to the standards set forth in § 51.1-124.30, to provide investment products as well as any other goods and services related to the administration of the hybrid retirement program. The Virginia Retirement System is hereby authorized to perform related services, including but not limited to,

providing consolidated billing, individual and collective recordkeeping and accountings, and asset purchase, control, and safekeeping.

**§ 51.1-207. Death before retirement.**

A. If a member dies before retirement, and if no benefits are payable under subsection B, the amount of his accumulated contributions shall be paid to the designated beneficiary or to a surviving relative according to the same order of precedence as set forth in subsection A of § 51.1-162. This amount shall be reduced by the amount of any retirement allowance previously received by the member under this chapter or the abolished system. Each member shall designate who is to receive a refund of accumulated contributions credited to his account in the event of the death of the member prior to retirement. The designation must be made on a form prepared by the Board, signed and filed in a manner prescribed by the Board. The designation may be changed by the member by the written designation of some other person, signed and filed in a manner prescribed by the Board.

If no designation has been made, or the death of the designated person occurs prior to the death of the member and another designation has not been made, the proceeds shall be paid to the persons surviving at the death of the member in the same order of precedence as set forth in subsection A of § 51.1-162.

~~B. If a member dies in service, including a member who is on leave without pay while~~ *To the extent required by § 401(a)(37) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans, if a member dies in service, including a member performing active duty military service in the armed forces of the United States, and if no benefits are payable under subsection C, a retirement allowance shall be paid to the person designated as provided in subsection A of this section if the person is the member's (i) surviving spouse, (ii) minor child, or (iii) parent(s). If no designation has been made, or if the death of the designated person occurs prior to the death of the member and another designation has not been made, a retirement allowance shall be paid in the same order of precedence as set forth in subsection B of § 51.1-162. The retirement allowance shall be continued during the lifetime of the person or in the case of a minor child until the child dies or attains the age of majority, whichever occurs first. The retirement allowance shall equal the decreased retirement allowance that would have been payable under the joint and survivor option so that the same amount would be continued to such person after the member's death. If the member dies prior to his fiftieth birthday, then, for purposes of this subsection, the member shall be presumed to be age 50 on his date of death. When determining the allowance that would have been payable to the member had the member retired on the date of his death, the provisions of subsection B of § 51.1-206 shall not apply. If the person elects in writing, the amount of the member's accumulated contributions shall be paid to the person exclusively, in lieu of any other benefits under this section. This amount shall be reduced by the amount of any retirement allowance previously received by the member.*

C. If a member dies in service from a cause compensable under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.), a retirement allowance shall be paid to the member's surviving spouse. If no compensation is finally awarded under the Virginia Workers' Compensation Act due to legal proceedings or otherwise resulting in settlement from the persons causing such death, the Virginia Workers' Compensation Commission shall determine whether the member's death was from a cause compensable under the Virginia Workers' Compensation Act. If the member leaves no surviving spouse or the surviving spouse dies, any minor children of the deceased member shall be paid an allowance until the children die or attain the age of majority, whichever occurs first. If more than one minor child survives the deceased member, the allowance shall be divided in a manner determined by the Board. If the deceased member leaves neither surviving spouse nor minor child, the allowance, divided in a manner determined by the Board, shall be paid to the member's parents during their lives.

The retirement allowance, payable hereunder to a qualifying survivor, shall be the annual amount which when added to the compensation payable under the Virginia Workers' Compensation Act for the death of the member, shall equal 50 percent of the member's average final compensation if the survivor does not qualify for death benefits under the provisions of the Social Security Act in effect on the date of the death of the member. If the survivor qualifies for death benefits under the provisions of the Social Security Act in effect on the date of the death of the member, the allowance payable from the retirement system when added to the compensation payable under the Virginia Workers' Compensation Act shall equal thirty-three and one-third percent of the member's average final compensation.

Any beneficiary entitled to the entire amount of a retirement allowance under the provisions of this subsection as a result of the death of a member shall be entitled to waive his rights to the allowance by written notification to the Board within 90 days after the death of the member in order to make available a retirement allowance under the provisions of subsection B.

**§ 51.1-218. Death before retirement.**

A. If a member dies before retirement, and if no benefits are payable under subsection B, the amount of his accumulated contributions shall be paid to the designated beneficiary or to a surviving relative according to the same order of precedence as set forth in subsection A of § 51.1-162. This amount shall be reduced by the amount of any retirement allowance previously received by the member under this chapter or the abolished system. Each member shall designate who is to receive a refund of accumulated contributions credited to his account in the event of the death of the member prior to retirement. The designation must be made on a form prepared by the Board, signed by the member, and filed with the Board. The designation may be changed by the member by the written designation of some other person, signed and filed with the Board.

If no designation has been made, or the death of the designated person occurs prior to the death of the member and another designation has not been made, the proceeds shall be paid to the persons surviving at the death of the member in the same order of precedence as set forth in subsection A of § 51.1-162.

~~B. If a member dies in service, including a member who is on leave without pay while~~ *To the extent required by § 401(a)(37) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans, if a member dies in service, including a member performing active duty military service in the armed forces of the United States, and if no benefits are payable under subsection C, a retirement allowance shall be paid to the person designated as provided in subsection A of this section if the person is the member's (i) surviving spouse, (ii) minor child, or (iii) parent(s). If no designation has been made, or if the death of the designated person occurs prior to the death of the member and another designation has not been made, a retirement allowance shall be paid in the same order of precedence as set forth in subsection B of § 51.1-162. The retirement allowance shall be continued during the lifetime of the person or in the case of a minor child until the child dies or attains the age of majority, whichever occurs first. The retirement allowance shall equal the decreased retirement allowance that would have been payable under the joint and survivor option so that the same amount would be continued to such person after the member's death. If the member dies prior to his fiftieth birthday, then, for purposes of this subsection, the member shall be presumed to be age 50 on his date of death. When determining the allowance that would have been payable to the member had the member retired on the date of his death, the provisions of subsection B of § 51.1-217 shall not apply. If the person elects in writing, the amount of the member's accumulated contributions shall be paid to the person exclusively, in lieu of any other benefits under this section. This amount shall be reduced by the amount of any retirement allowance previously received by the member.*

C. If a member dies in service from a cause compensable under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.), a retirement allowance shall be paid to the member's surviving spouse. If no compensation is finally awarded under the Virginia Workers' Compensation Act due to legal proceedings or otherwise resulting in settlement from the persons causing such death, the Virginia Workers' Compensation Commission shall determine whether the member's death was from a cause compensable under the Virginia Workers' Compensation Act. If the member leaves no surviving spouse or the surviving spouse dies, any minor children of the deceased member shall be paid an allowance until the children die or attain the age of majority, whichever occurs first. If more than one minor child survives the deceased member, the allowance shall be divided in a manner determined by the Board. If the deceased member leaves neither surviving spouse nor minor child, the allowance shall be paid to the member's parents, divided in a manner determined by the Board, during the lives of the parents.

The retirement allowance, payable hereunder to a qualifying survivor, shall be the annual amount which, when added to the compensation payable under the Virginia Workers' Compensation Act for the death of the member, shall equal 50 percent of the member's average final compensation if the survivor does not qualify for death benefits under the provisions of the Social Security Act in effect on the date of the death of the member. If the survivor qualifies for death benefits under the provisions of the Social Security Act in effect on the date of the death of the member, the allowance payable from the Retirement System when added to the compensation payable under the Virginia Workers' Compensation Act shall equal thirty-three and one-third percent of the member's average final compensation.

Any beneficiary entitled to the entire amount of a retirement allowance under the provisions of this subsection as a result of the death of a member shall be entitled to waive his rights to the allowance by written notification to the Board within 90 days after the death of the member in order to make available a retirement allowance under the provisions of subsection B.

#### **§ 51.1-308. Disability retirement allowance.**

A. Allowance payable on retirement. - Upon retirement for disability, a member who has five or more years of creditable service shall receive an annual retirement allowance payable during his lifetime and continued disability equal to 1.70 percent of average final compensation when multiplied by the smaller of (i) twice the amount of creditable service or (ii) the amount of creditable service he would have completed at age 60 if he had remained in service to that age. ~~Notwithstanding the foregoing~~ *However, for a member appointed or elected to an original term commencing on or after January 1, 2013, the allowance shall equal 1.65 percent of his average final compensation multiplied by the smaller of (a) twice the amount of his creditable service or (b) the amount of creditable service he would have completed at age 60 if he had remained in service to that age applicable percentage shall be 1.65 percent, and for a member participating in the hybrid retirement program described in § 51.1-169, the applicable percentage shall be one percent.* If a member has already attained age 60, the amount of creditable service at his date of retirement shall be used.

In no case shall the annual retirement allowance exceed 78 percent of the average final compensation of the member.

B. Workers' compensation guarantee. - If a member retires for disability from a cause which is compensable under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.), the amount of the annual retirement allowance shall, subject to the provisions of subsection D, equal 66 and two-thirds percent of the member's average final compensation if the member does not qualify for primary social security benefits under the provisions of the Social Security Act in effect on the date of his retirement. If the member qualifies for primary social security benefits under the provisions of the Social Security Act in effect on the date of his retirement, the allowance payable from the retirement system shall equal 50 percent of his average final compensation. A member shall be entitled to the larger of the retirement allowance as determined under the provisions of subsection A of this section or under the provisions of this subsection.

C. General disability retirement guarantee. - The disability retirement allowance payable to a member who immediately prior to July 1, 1970, was a member of one of the previous systems shall be at least an amount equal to the disability retirement allowance to which he would have been entitled under the provisions of the previous system.

D. Determination of retirement allowance. - For the purposes of this section, the retirement allowance shall be determined on the assumption that the retirement allowance is payable to the member alone and that no optional retirement allowance is elected.

E. Reduction of allowance. - Any allowance payable to a member who retires for disability from a cause compensable under the Virginia Workers' Compensation Act shall be reduced by the amount of any payments under the provisions of the Act in effect on the date of retirement of the member and the excess of the allowance shall be paid to such member. When the time for compensation payments under the Act has elapsed, the member shall receive the full amount of the allowance payable during his lifetime and continued disability. If the member's payments under the Virginia Workers' Compensation Act are adjusted or terminated for refusal to work or to comply with the requirements of § 65.2-603, his allowance shall be computed as if he were receiving the compensation to which he would otherwise be entitled.

F. Special retirement allowance guarantee. - Any member retired from a cause which is not compensable under the Virginia Workers' Compensation Act shall be guaranteed an annual retirement allowance during his lifetime and continued disability which equals 50 percent of the member's average final compensation if the member does not qualify for primary social security benefits under the provisions of the Social Security Act in effect on the date of his retirement. If the member qualifies for primary social security benefits under the provisions of the Social Security Act in effect on the date of retirement, the allowance payable from the retirement system shall equal 33 and one-third percent of his average final compensation.

Eligibility for participation in the program shall be suspended during periods that an employee is placed on nonpay status, including leave without pay, if such nonpay status is due to suspension pending investigation or outcome of employment-related court or disciplinary action.

## CHAPTER 661

*An Act to amend and reenact §§ 32.1-69.1, 32.1-69.2, and 32.1-127 of the Code of Virginia, relating to hospitals; establishing policies to follow when a stillbirth occurs; reporting to Virginia Congenital Anomalies Reporting and Education System.*

[S 1197]

Approved March 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 32.1-69.1, 32.1-69.2, and 32.1-127 of the Code of Virginia are amended and reenacted as follows:**

**§ 32.1-69.1. Virginia Congenital Anomalies Reporting and Education System.**

A. In order to collect data to evaluate the possible causes of *stillbirths and* birth defects, improve the diagnosis and treatment of birth defects and establish a mechanism for informing the parents of children identified as having birth defects and their physicians about the health resources available to aid such children, the Commissioner shall establish and maintain a Virginia Congenital Anomalies Reporting and Education System using data from birth and death certificates and fetal death reports filed with the State Registrar of Vital Records and data obtained from hospital medical records. The chief administrative officer of every hospital, as defined in § 32.1-123, shall make or cause to be made a report to the Commissioner of any *stillbirth and* any person under two years of age diagnosed as having a congenital anomaly. The Commissioner may appoint an advisory committee to assist in the design and implementation of this reporting and education system with representation from relevant groups including, but not limited to, physicians, geneticists, personnel of appropriate state agencies, persons with disabilities and the parents of children with disabilities.

B. The Commissioner shall provide for a secure system, which may include online data entry that protects the confidentiality of data and information for which reporting is required, to implement the Virginia Congenital Anomalies Reporting and Education System.

At a minimum, data collected shall include, but need not be limited to, the following: (i) the infant's first and last name, date of birth, gender, state of residence, birth hospital, physician's name, date of admission, date of discharge or transfer, and diagnosis; (ii) the first and last names of the infant's mother and father; (iii) the first and last name of the primary contact person for the infant; and (iv) data pertaining to *stillbirths and* birth defects reported by hospitals and derived from birth and death certificates and fetal death reports filed with the State Registrar of Vital Records and such other sources as may be authorized by the Commissioner.

The Commissioner, as he deems necessary to facilitate the follow-up of infants whose data and health record information have been entered into the system, may authorize the integration or linking of the Virginia Congenital Anomalies Reporting and Education System with other Department of Health population-based surveillance systems.

In addition, to minimize duplication and ensure accuracy during data entry, the Commissioner may authorize hospitals required to report *stillbirth and* birth defect data to the system to view such existing data and information as may be designated by the Commissioner.

With the assistance of the advisory committee, the Board shall promulgate such regulations as may be necessary to implement this reporting and education system.

C. *As used in this section, "stillbirth" means an unintended, intrauterine fetal death occurring after a gestational period of 20 weeks.*

**§ 32.1-69.2. Confidentiality of records; publication; authority of Commissioner to contact parents and physicians.**

The Commissioner and all other persons to whom data is submitted pursuant to § 32.1-69.1 shall keep such information confidential. For the purpose of only complying with the provisions of § 32.1-69.1, hospitals required to report *stillbirths, as defined in § 32.1-69.1, and* birth defects to the Virginia Congenital Anomalies Reporting and Education System and provide patient follow-up may view personally identifiable information in the system as approved by the Commissioner and upon receipt by the Commissioner of sworn affirmation from each such person that the confidentiality of the information will be preserved. No publication of information shall be made except in the form of statistical or other

studies which do not identify individuals. However, the Commissioner may contact the parents of children identified as having birth defects and their physicians to collect relevant data and to provide them with information about available public and private health care resources.

**§ 32.1-127. Regulations.**

A. The regulations promulgated by the Board to carry out the provisions of this article shall be in substantial conformity to the standards of health, hygiene, sanitation, construction and safety as established and recognized by medical and health care professionals and by specialists in matters of public health and safety, including health and safety standards established under provisions of Title XVIII and Title XIX of the Social Security Act, and to the provisions of Article 2 (§ 32.1-138 et seq.).

B. Such regulations:

1. For purposes of this paragraph, facilities in which five or more first trimester abortions per month are performed shall be classified as a category of "hospital";

The hospital shall also have an agreement with at least one tissue bank and at least one eye bank to cooperate in the retrieval, processing, preservation, storage, and distribution of tissues and eyes to ensure that all usable tissues and eyes are obtained from potential donors and to avoid interference with organ procurement. The protocol shall ensure that the hospital collaborates with the designated organ procurement organization to inform the family of each potential donor of the option to donate organs, tissues, or eyes or to decline to donate. The individual making contact with the family shall have completed a course in the methodology for approaching potential donor families and requesting organ or tissue donation that (a) is offered or approved by the organ procurement organization and designed in conjunction with the tissue and eye bank community and (b) encourages discretion and sensitivity according to the specific circumstances, views, and beliefs of the relevant family. In addition, the hospital shall work cooperatively with the designated organ procurement organization in educating the staff responsible for contacting the organ procurement organization's personnel on donation issues, the proper review of death records to improve identification of potential donors, and the proper procedures for maintaining potential donors while necessary testing and placement of potential donated organs, tissues, and eyes takes place. This process shall be followed, without exception, unless the family of the relevant decedent or patient has expressed opposition to organ donation, the chief administrative officer of the hospital or his designee knows of such opposition, and no donor card or other relevant document, such as an advance directive, can be found;

5. Shall require that each hospital that provides obstetrical services establish a protocol for admission or transfer of any pregnant woman who presents herself while in labor;

6. Shall also require that each licensed hospital develop and implement a protocol requiring written discharge plans for identified, substance-abusing, postpartum women and their infants. The protocol shall require that the discharge plan be discussed with the patient and that appropriate referrals for the mother and the infant be made and documented. Appropriate referrals may include, but need not be limited to, treatment services, comprehensive early intervention services for infants and toddlers with disabilities and their families pursuant to Part H of the Individuals with Disabilities Education Act, 20 U.S.C. § 1471 et seq., and family-oriented prevention services. The discharge planning process shall involve, to the extent possible, the father of the infant and any members of the patient's extended family who may participate in the follow-up care for the mother and the infant. Immediately upon identification, pursuant to § 54.1-2403.1, of any substance-abusing, postpartum woman, the hospital shall notify, subject to federal law restrictions, the community services board of the jurisdiction in which the woman resides to appoint a discharge plan manager. The community services board shall implement and manage the discharge plan;

7. Shall require that each nursing home and certified nursing facility fully disclose to the applicant for admission the home's or facility's admissions policies, including any preferences given;

8. Shall require that each licensed hospital establish a protocol relating to the rights and responsibilities of patients which shall include a process reasonably designed to inform patients of such rights and responsibilities. Such rights and responsibilities of patients, a copy of which shall be given to patients on admission, shall be consistent with applicable federal law and regulations of the Centers for Medicare and Medicaid Services;

9. Shall establish standards and maintain a process for designation of levels or categories of care in neonatal services according to an applicable national or state-developed evaluation system. Such standards may be differentiated for various levels or categories of care and may include, but need not be limited to, requirements for staffing credentials, staff/patient ratios, equipment, and medical protocols;

10. Shall require that each nursing home and certified nursing facility train all employees who are mandated to report adult abuse, neglect, or exploitation pursuant to § 63.2-1606 on such reporting procedures and the consequences for failing to make a required report;

11. Shall permit hospital personnel, as designated in medical staff bylaws, rules and regulations, or hospital policies and procedures, to accept emergency telephone and other verbal orders for medication or treatment for hospital patients from physicians, and other persons lawfully authorized by state statute to give patient orders, subject to a requirement that such verbal order be signed, within a reasonable period of time not to exceed 72 hours as specified in the hospital's medical staff bylaws, rules and regulations or hospital policies and procedures, by the person giving the order, or, when such person is not available within the period of time specified, co-signed by another physician or other person authorized to give the order;

12. Shall require, unless the vaccination is medically contraindicated or the resident declines the offer of the vaccination, that each certified nursing facility and nursing home provide or arrange for the administration to its residents of (i) an annual vaccination against influenza and (ii) a pneumococcal vaccination, in accordance with the most recent recommendations of the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;

13. 14. Shall require that each nursing home and certified nursing facility ascertain, prior to admission, whether a potential patient is a registered sex offender, if the home or facility anticipates the potential patient will have a length of stay greater than three days or in fact stays longer than three days;

15. Shall require that each licensed hospital include in its visitation policy a provision allowing each adult patient to receive visits from any individual from whom the patient desires to receive visits, subject to other restrictions contained in the visitation policy including, but not limited to, those related to the patient's medical condition and the number of visitors permitted in the patient's room simultaneously;

16. Shall require that each nursing home and certified nursing facility shall, upon the request of the facility's family council, send notices and information about the family council mutually developed by the family council and the administration of the nursing home or certified nursing facility, and provided to the facility for such purpose, to the listed responsible party or a contact person of the resident's choice up to six times per year. Such notices may be included together with a monthly billing statement or other regular communication. Notices and information shall also be posted in a designated location within the nursing home or certified nursing facility; ~~and~~

17. Shall require that each nursing home and certified nursing facility maintain liability insurance coverage in a minimum amount of \$1 million, and professional liability coverage in an amount at least equal to the recovery limit set forth in § 8.01-581.15, to compensate patients or individuals for injuries and losses resulting from the negligent or criminal acts of the facility. Failure to maintain such minimum insurance shall result in revocation of the facility's license; *and*

18. *Shall require each hospital that provides obstetrical services to establish policies to follow when a stillbirth, as defined in § 32.1-69.1, occurs that meet the guidelines pertaining to counseling patients and their families and other aspects of managing stillbirths as may be specified by the Board in its regulations.*

C. Upon obtaining the appropriate license, if applicable, licensed hospitals, nursing homes, and certified nursing facilities may operate adult day care centers.

D. ## CHAPTER 662

*An Act to amend and reenact §§ 37.2-910, 37.2-911, 37.2-913, and 37.2-914 of the Code of Virginia, relating to sexually violent predators; notice of hearings; conditional release plan.*

[H 2303]

Approved March 26, 2015

Be it enacted by the General Assembly of Virginia:

1. That §§ 37.2-910, 37.2-911, 37.2-913, and 37.2-914 of the Code of Virginia are amended and reenacted as follows:

**§ 37.2-910. Review of continuation of secure inpatient treatment hearing; procedure and reports; disposition.**

A. The committing court shall conduct a hearing 12 months after the date of commitment to assess each respondent's need for secure inpatient treatment. A hearing for assessment shall be conducted at yearly intervals for five years and at biennial intervals thereafter. The court shall schedule the matter for hearing as soon as possible after it becomes due, giving the matter priority over all pending matters before the court. A continuance extending the review may be granted to either the Attorney General or the respondent upon good cause shown or by agreement of the parties. Whenever practicable, the hearing for assessment shall be conducted using a two-way electronic video and audio communication system that meets the standards set forth in subsection B of § 19.2-3.1.

B. Prior to the hearing, the Commissioner shall provide to the court a report reevaluating the respondent's condition and recommending treatment. The report shall be prepared by a licensed psychiatrist or a licensed clinical psychologist skilled in the diagnosis and risk assessment of sex offenders and knowledgeable about the treatment of sex offenders. If the Commissioner's report recommends discharge or the respondent requests discharge, the respondent's condition and need for secure inpatient treatment shall be evaluated by a second person with such credentials who is not currently treating the respondent. Any professional person who conducts a second evaluation of a respondent shall submit a report of his findings to the court and the Commissioner. A copy of any report submitted pursuant to this subsection shall be sent to the Attorney General and to any attorney appointed or retained for the respondent.

C. The burden of proof at the hearing shall be upon the Commonwealth to prove to the court by clear and convincing evidence that the respondent remains a sexually violent predator.

D. If the court finds, based upon the report and other evidence provided at the hearing, that the respondent is no longer a sexually violent predator, the court shall release the respondent from secure inpatient treatment. If the court finds that the respondent remains a sexually violent predator, it shall order that he remain in the custody of the Commissioner for secure inpatient hospitalization and treatment or that he be conditionally released. To determine if the respondent shall be conditionally released, the court shall determine if the respondent meets the criteria for conditional release set forth in § 37.2-912. If the court orders that the respondent be conditionally released, the court shall allow the Department no less than 30 days and no more than 60 days to prepare a conditional release plan. Any such plan must be able to accommodate needed and appropriate supervision and treatment plans for the respondent, including but not limited to, therapy or counseling, access to medications, availability of travel, location of residence, and regular psychological monitoring of the respondent if called for, including polygraph examinations, penile plethysmograph testing, or sexual interest testing, if necessary. Access to anti-androgen medications or other medication prescribed to lower blood serum testosterone shall not be used as a primary reason for determining that less restrictive alternatives are appropriate pursuant to this chapter. *In preparing the conditional release plan, the Department shall notify the attorney for the Commonwealth, the chief law-enforcement officer, and the governing body for the locality that is the proposed location of the respondent's residence upon his conditional release.*

If the court places the respondent on conditional release, the court shall order the respondent to be subject to electronic monitoring of his location by means of a GPS (Global Positioning System) tracking device, or other similar device, at all times while he is on conditional release.

**§ 37.2-911. Petition for release; hearing; procedures.**

A. The Commissioner may petition the committing court for conditional release of the committed respondent at any time he believes the committed respondent's condition has so changed that he is no longer in need of secure inpatient treatment. The Commissioner may petition the committing court for unconditional release of the committed respondent at any time he believes the committed respondent's condition has so changed that he is no longer a sexually violent predator. The petition shall be accompanied by a report of clinical findings supporting the petition and by a conditional release or discharge plan, as applicable, prepared by the Department. The committed respondent may petition the committing court for release only once in each year in which no annual judicial review is required pursuant to § 37.2-910. The party petitioning for release shall transmit a copy of the petition to the Attorney General ~~and~~, the Commissioner, *and the attorney for the Commonwealth for the locality that is the proposed location of the respondent's residence upon his conditional release.*

B. Upon the submission of a petition pursuant to this section, the committing court shall conduct the proceedings according to the procedures set forth in § 37.2-910.

**§ 37.2-913. Emergency custody of conditionally released respondents; revocation of conditional release.**

A. A judicial officer may issue an emergency custody order, upon the sworn petition of any responsible person or upon his own motion, based upon probable cause to believe that a respondent on conditional release within his judicial district has violated the conditions of his release and is no longer a proper subject for conditional release. The judicial officer shall forward a copy of the petition and the emergency custody order to the circuit court that conditionally released the respondent, the Attorney General, ~~and~~ the Department, *and the attorney for the Commonwealth for the locality that is the location of the respondent's residence.* Petitions and orders for emergency custody of conditionally released respondents pursuant to this section may be filed, issued, served, or executed by electronic means, with or without the use of two-way electronic video and audio communication, and returned in the same manner with the same force, effect, and authority as an original document. All signatures thereon shall be treated as original signatures.

B. The emergency custody order shall require a law-enforcement officer to take the respondent into custody immediately. A law-enforcement officer may lawfully go to or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section. The respondent shall be transported to a secure facility specified by the Department where a person designated by the Department who is skilled in the diagnosis and risk assessment of sex offenders and knowledgeable about the treatment of sex offenders shall, as soon as practicable, perform a mental health examination of the respondent, including a personal interview. The mental health evaluator shall consider the criteria in § 37.2-912 and shall opine whether the respondent remains suitable for conditional release. The evaluator shall report his findings and conclusions in writing to the Department, the Office of the Attorney General, counsel for the respondent, and the court in which the petition was filed. The evaluator's report shall become part of the record in the case.

C. The respondent on conditional release shall remain in custody until a hearing is held in the circuit court that conditionally released the respondent on the motion or petition to determine if he should be returned to the custody of the Commissioner. The hearing shall be given priority on the court's docket.

D. The respondent's failure to comply with the conditions of release, including outpatient treatment, may be admitted into evidence. The evaluator designated in subsection B may be permitted to testify at the hearing as to his diagnosis, his opinion as to whether the respondent remains suitable for conditional release, his recommendation as to treatment and supervision, and the basis for his opinions. If upon hearing the evidence, the court finds that the respondent on conditional release has violated the conditions of his release and that the violation of conditions was sufficient to render him no longer suitable for conditional release, the court shall revoke his conditional release and order him returned to the custody of the Commissioner for secure inpatient treatment. The respondent may petition the court for re-release pursuant to the conditions set forth in § 37.2-911 no sooner than six months from his return to custody. The respondent petitioning for re-release shall transmit a copy of the petition to the Attorney General ~~and~~, the Commissioner, *and the attorney for the Commonwealth for the locality that is the proposed location of the respondent's residence.*

**§ 37.2-914. Modification or removal of conditions; notice; objections; review.**

A. The court that placed the person on conditional release may modify conditions of release or remove conditions placed on release pursuant to § 37.2-912, upon petition of the Department, the supervising parole or probation officer, the Attorney General, or the person on conditional release or upon its own motion based on reports of the Department or the supervising parole or probation officer. However, the person on conditional release may petition only annually commencing six months after the conditional release order is issued. Upon petition, the court shall require the Department or, if the person is on parole or probation, the person's parole or probation officer to provide a report on the person's progress while on conditional release. The party petitioning for release shall transmit a copy of the petition to the Attorney General ~~and~~, the Commissioner, *and the attorney for the Commonwealth for the locality that is the location of the respondent's residence.*

B. As it deems appropriate based on the Department's or parole or probation officer's report and any other evidence provided to it, the court may issue a proposed order for modification or removal of conditions. The court shall provide notice of the order and their right to object to it within 21 days of its issuance to the person, the Department or parole or probation officer, ~~and~~ the Attorney General, *and the attorney for the Commonwealth for the locality that is the location of the respondent's residence.* The proposed order shall become final if no objection is filed within 21 days of its issuance. If an objection is so filed, the court shall conduct a hearing at which the person on conditional release, the Attorney General, ~~and~~ the Department or the parole or probation officer, *and the attorney for the Commonwealth for the locality that is the location of the respondent's residence shall* have an opportunity to present evidence challenging the proposed order. At the conclusion of the hearing, the court shall issue an order specifying conditions of release or removing existing conditions of release.

The memorandum shall also provide for the inclusion of the institution in the post-discharge planning of a student who has been committed and intends to return to campus, to the extent allowable under state and federal privacy laws.

D. Out of this appropriation, funds are provided to continue the technical support staff of JLARC, in order to assist with legislative fiscal impact analysis when an impact statement is referred from the Chairman of a standing committee of the House or Senate, and to conduct oversight of the expenditure forecasting process. Pursuant to existing statutory authority, all agencies of the Commonwealth shall provide access to information necessary to accomplish these duties.

E.1. The General Assembly hereby designates the Joint Legislative Audit and Review Commission (JLARC) to review and evaluate the Virginia Information Technologies Agency (VITA) on a continuing basis and to make such special studies and reports as may be requested by the General Assembly, the House Appropriations Committee, or the Senate Finance Committee.

2. The areas of review and evaluation to be conducted by the Commission shall include, but are not limited to, the following: (i) VITA's infrastructure outsourcing contracts and any amendments thereto; (ii) adequacy of VITA's planning and oversight responsibilities, including VITA's oversight of information technology projects and the security of governmental information; (iii) cost-effectiveness and adequacy of VITA's procurement services and its oversight of the procurement activities of State agencies.

4. Records provided to VITA by a private entity pertaining to VITA's comprehensive infrastructure agreement or any successor contract, or any contractual amendments thereto for the operation of the Commonwealth's information technology infrastructure shall be exempt from the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), to the extent that such records contain (i) trade secrets of the private entity as defined in the Uniform Trade Secrets Act (§ 59.1-336 et seq.) or (ii) financial records of the private entity, including balance sheets and financial statements, that are not generally available to the public through regulatory disclosure or otherwise. In order for the records specified in clauses (i) and (ii) to be excluded from the Virginia Freedom of Information Act, the private entity shall make a written request to VITA:

- a. Invoking such exclusion upon submission of the data or other materials for which protection from disclosure is sought;
- b. Identifying with specificity the data or other materials for which protection is sought; and
- c. Stating the reasons why protection is necessary.

VITA shall determine whether the requested exclusion from disclosure is necessary to protect the trade secrets or financial records of the private entity. VITA shall make a written determination of the nature and scope of the protection to be afforded by it under this subdivision. Once a written determination is made by VITA, the records afforded protection under this subdivision shall continue to be protected from disclosure when in the possession of VITA or JLARC.

Except as specifically provided in this item, nothing in this item shall be construed to authorize the withholding of (a) procurement records as required by § 56-575.17; (b) information concerning the terms and conditions of any interim or comprehensive agreement, service contract, lease, partnership, or any agreement of any kind entered into by VITA and the private entity; (c) information concerning the terms and conditions of any financing arrangement that involves the use of any public funds; or (d) information concerning the performance of the private entity under the comprehensive infrastructure agreement, or any successor contract, or any contractual amendments thereto for the operation of the Commonwealth's information technology infrastructure.

5. The Chairman of JLARC may appoint a permanent subcommittee to provide guidance and direction for VITA review and evaluation activities, subject to the full Commission's supervision and such guidelines as the Commission itself may provide.

Personnel expenditures for operation of such equipment incidental to the duties of courtroom and courthouse security deputies may be authorized, provided that no additional expenditures for personnel shall be approved for the principal purpose of operating these devices.

C. In complying with such orders for additional security, the sheriff may consider other deputies present in the courtroom as part of his security force.

D. E. Consistent with the provisions of paragraph B of Item 73, the board shall allocate the additional jail deputies provided in this appropriation using a ratio of one jail deputy for every 3.0 beds of operational capacity. Operational capacity shall be determined by the Department of Corrections. No additional deputy sheriffs shall be provided from this appropriation to a local jail in which the present staffing exceeds this ratio unless the jail is overcrowded. Overcrowding for these purposes shall be defined as when the average annual daily population exceeds the operational capacity. In those jails experiencing overcrowding, the board may allocate one additional jail deputy for every five average annual daily prisoners above operational capacity. Should overcrowding be reduced or eliminated in any jail, the Compensation Board shall reallocate positions previously assigned due to overcrowding to other jails in the Commonwealth that are experiencing overcrowding.

F. Two-thirds of the salaries set by the Compensation Board of medical, treatment, and inmate classification positions approved by the Compensation Board for local correctional facilities shall be paid out of this appropriation.

G.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a master deputy pay grade to those sheriffs' offices which had certified, on or before January 1, 1997, having a career development plan for deputy sheriffs that meet the minimum criteria set forth by the Compensation Board for such plans. The Compensation Board shall allow for additional grade 9 positions, at a level not to exceed one grade 9 master deputy per every five Compensation Board grade 7 and 8 deputy positions in each sheriff's office.

2. Each sheriff who desires to participate in the Master Deputy Program who had not certified a career development plan on or before January 1, 1997, may elect to participate by certifying to the Compensation Board that the career development plan in effect in his office meets the minimum criteria for such plans as set by the Compensation Board. Such election shall be made by July 1 for an effective date of participation the following July 1.

3. Subject to appropriations by the General Assembly for this purpose, funding shall be provided by the Compensation Board for participation in the Master Deputy Program to sheriffs' offices electing participation after January 1, 1997, according to the date of receipt by the Compensation Board of the election by the sheriff.

H. The Compensation Board shall estimate biannually the number of additional law enforcement deputies which will be needed in accordance with § 15.2-1609.1, Code of Virginia. Such estimate of the number of positions and related costs shall be included in the board's biennial budget request submission to the Governor and General Assembly. The allocation of such positions, established by the Governor and General Assembly in Item 73 of this act, shall be determined by the Compensation Board on an annual basis. The annual allocation of these positions to local sheriffs' offices shall be based upon the most recent final population estimate for the locality that is available to the Compensation Board at the time when the agency's annual budget request is completed. The source of such population estimates shall be the Weldon Cooper Center for Public Service of the University of Virginia or the United States Bureau of the Census. For the first year of the biennium, the Compensation Board shall allocate positions based upon the most recent provisional population estimates available at the time the agency's annual budget is completed.

I. Any amount in the program Financial Assistance for Sheriffs' Offices and Regional Jails may be transferred between Items 66 and 67, as needed, to cover any deficits incurred in the programs Financial Assistance for Confinement of Inmates in Local and Regional Facilities, and Financial Assistance for Sheriffs' Offices and Regional Jails.

J.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a Sheriffs' Career Development Program.

2. Following receipt of a sheriff's certification that the minimum requirements of the Sheriffs' Career Development Program have been met, and provided that such certification is submitted by sheriffs as part of their annual budget request to the Compensation Board *on or before February 1 of each year*, the Compensation Board shall increase the annual salary shown in paragraph A of this Item by the percentage shown ~~below~~ *herein* for a twelve-month period effective the following July 1:

A. In the event the appropriation in this Item proves to be insufficient to fund all of its provisions, any amount remaining as of June 1, 2015, and June 1, 2016, may be reallocated among localities on a pro rata basis according to such deficiency.

B. For the purposes of this Item, the following definitions shall be applicable:

1. Effective sentence—a convicted offender’s sentence as rendered by the court less any portion of the sentence suspended by the court.

2. Local responsible inmate—(a) any person arrested on a state warrant and incarcerated in a local correctional facility, as defined by § 53.1-1, Code of Virginia, prior to trial; (b) any person convicted of a misdemeanor offense and sentenced to a term in a local correctional facility; or (c) any person convicted of a felony offense and given an effective sentence of (i) twelve months or less or (ii) less than one year.

In entering into any such agreements, or in effecting the transfer of offenders, the Department of Corrections shall consider the security requirements of transferred offenders and the capability of the local facility to maintain such offenders. For purposes of calculating the amount due each locality, all funds earned by the locality as a result of an agreement with the Department of Corrections shall be included as receipts from these appropriations.

D. Out of this appropriation, an amount not to exceed \$377,010 the first year and \$377,010 the second year from the general fund, is designated to be held in reserve for unbudgeted medical expenses incurred by local correctional facilities in the care of state responsible felons.

E. The following amounts shall be paid out of this appropriation to compensate localities for the cost of maintaining prisoners in local correctional facilities, as defined by § 53.1-1, Code of Virginia, or if the prisoner is not housed in a local correctional facility, in an alternative to incarceration program operated by, or under the authority of, the sheriff or jail board:

1. For local responsible inmates—\$4 per inmate day, or, if the inmate is housed and maintained in a jail farm not under the control of the sheriff, the rate shall be \$18 per inmate day.
2. For state responsible inmates—\$12 per inmate day.

F. For the payment specified in paragraph E 1 of this Item for prisoners in alternative punishment or alternative to incarceration programs:

1. Such payment is intended to be made for prisoners that would otherwise be housed in a local correctional facility. It is not intended for prisoners that would otherwise be sentenced to community service or placed on probation.
2. No such payment shall be made unless the program has been approved by the Department of Corrections or the Department of Criminal Justice Services. Alternative punishment or alternative to incarceration programs, however, may include supervised work experience, treatment, and electronic monitoring programs.

G.1. Except as provided for in paragraph G 2, and notwithstanding any other provisions of this Item, the Compensation Board shall provide payment to any locality with an average daily jail population of under ten in FY 1995 an inmate per diem rate of \$22 per day for local responsible inmates and \$28 per day for state responsible inmates held in these jails in lieu of personal service costs for corrections' officers.

2. Any locality covered by the provisions of this paragraph shall be exempt from the provisions thereof provided that the locally elected sheriff, with the assistance of the Compensation Board, enters into good faith negotiations to house his prisoners in an existing local or regional jail. In establishing the per diem rate and capital contribution, if any, to be charged to such locality by a local or regional jail, the Compensation Board and the local sheriff or regional jail authority shall consider the operating support and capital contribution made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The Compensation Board shall report periodically to the Chairmen of the House Appropriations and Senate Finance Committees on the progress of these negotiations and may withhold the exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to negotiate in good faith.

H.1. The Compensation Board shall recover the state-funded costs associated with housing federal inmates, District of Columbia inmates or contract inmates from other states. The Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day salary funds provided by the Commonwealth, as identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day operating costs provided by the Commonwealth, excluding payments otherwise provided for in this Item, as identified in the most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in the most recent Jail Cost Report, the Compensation Board shall use the statewide average of per inmate day salary funds provided by the Commonwealth.

2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth from the facility's next quarterly per diem payment for state-responsible and local-responsible inmates. Should the next quarterly per diem payment owed the locality not be sufficient against which to net the total quarterly recovery amount, the locality shall remit the remaining amount not recovered to the Compensation Board.

3. Any local or regional jail which receives funding from the Compensation Board shall give priority to the housing of local-responsible, state-responsible, and state contract inmates, in that order, as provided in paragraph H 1.

	First Year FY2015	Second Year FY2016	First Year FY2015	Second Year FY2016
4. The Compensation Board shall not provide any inmate per diem payments to any local or regional jail which holds federal inmates in excess of the number of beds contracted for with the Department of Corrections, unless the Director, Department of Corrections, certifies to the Chairman of the Compensation Board that a) such contract beds are not required; b) the facility has operational capacity built under contract with the federal government; c) the facility has received a grant from the federal government for a portion of the capital costs; or d) the facility has applied to the Department of Corrections for participation in the contract bed program with a sufficient number of beds to meet the Department of Corrections' need or ability to fund contract beds at that facility in any given fiscal year.				
5. The Compensation Board shall apply the cost recovery methodology set out in paragraph H 1 of this Item to any jail which holds inmates from another state on a contractual basis. However, recovery in such circumstances shall not be made for inmates held pending extradition to other states or pending transfer to the Virginia Department of Corrections.				
6. The provisions of this paragraph shall not apply to any local or regional jail where the cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital contribution.				
7. For a local or regional jail which operates bed space specifically built utilizing federal capital or grant funds for the housing of federal inmates and for which Compensation Board funding has never been authorized for staff for such bed space, the Compensation Board shall allow an exemption from the recovery provided in paragraph H.1. for a defined number of federal prisoners upon certification by the sheriff or superintendent that the federal government has paid for the construction of bed space in the facility or provided a grant for a portion of the capital cost. Such certification shall include specific funding amounts paid by the federal government, localities, and/or regional jail authorities, and the Commonwealth for the construction of bed space specifically built for the housing of federal inmates and for the construction of the jail facility in its entirety. The defined number of federal prisoners to be exempted from the recovery provided in paragraph H.1. shall be based upon the proportion of funding paid by the federal government and localities and/or regional jail authorities for the construction of bed space to house federal prisoners to the total funding paid by all sources, including the Commonwealth, for all construction costs for the jail facility in its entirety.				
8. Beginning March 1, 2013, federal inmates placed in the custody of a regional jail pursuant to a work release program operated by the federal Bureau of Prisons shall be exempt from the recovery of costs associated with housing federal inmates pursuant to paragraph H.1. of this item if such federal inmates have been assigned by the federal Bureau of Prisons to a home electronic monitoring program in place for such inmates by agreement with the jail on or before January 1, 2012 and are not housed in the jail facility. However, no such exemption shall apply to any federal inmate while they are housed in the regional jail facility.				
I. Any amounts in the program Financial Assistance for Confinement of Inmates in Local and Regional Facilities, may be transferred between Items 66 and 67, as needed, to cover any deficits incurred in the programs Financial Assistance for Sheriffs' Offices and Regional Jails and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.				
J. Projected growth in per diem payments for the support of prisoners in local and regional jails shall be based on actual inmate population counts up through the first quarter of the affected fiscal year.				
K. The Compensation Board shall provide an annual report on the number and diagnoses of inmates with mental illnesses in local and regional jails, the treatment services provided, and expenditures on jail mental health programs. The report shall be prepared in cooperation with the Virginia Sheriffs Association, the Virginia Association of Regional Jails, the Virginia Association of Community Services Boards, and the Department of Behavioral Health and Developmental Services, and shall be coordinated with the data submissions required for the annual jail cost report. Copies of this report shall be provided by November 1 of each year to the Governor, Director, Department of Planning and Budget, and the Chairmen of the Senate Finance and House Appropriations Committees.

In no case should creditable service or compensation be allowed for the retirement credits.*

*2. In conducting the evaluation, the Department of Human Resources Management and Virginia Retirement System shall provide all required technical assistance. #### A. Definitions

1. "March 31 Average Daily Membership," or "March 31 ADM" - The responsible school division's average daily membership for grades K-12 including (1) handicapped students ages 5-21 and (2) students for whom English is a second language who entered school for the first time after reaching their twelfth birthday, and who have not reached twenty-two years of age on or before August 1 of the school year, for the first seven (7) months (or equivalent period) of the school year through March 31 in which state funds are distributed from this appropriation. Preschool and postgraduate students shall not be included in March 31 ADM.

a. School divisions shall take a count of September 30 fall membership and report this information to the Department of Education no later than October 15 of each year.

b. Except as otherwise provided herein, by statute, or by precedent, all appropriations to the Department of Education shall be calculated using March 31 ADM unadjusted for half-day kindergarten programs, estimated at ~~1,238,270.7~~ 1,236,529.34 the first year and ~~1,246,428.4~~ 1,244,214.54 the second year. March 31 ADM for half-day kindergarten shall be adjusted at 85 percent.

c. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1 and who are enrolled in a public school on less than a full-time basis in any mathematics, science, English, history, social science, vocational education, health education or physical education, fine arts or foreign language course, or receiving special education services required by a student's individualized education plan, shall be counted in the funded fall membership and March 31 ADM of the responsible school division. Each course shall be counted as 0.25, up to a cap of 0.5 of a student.

d. Students enrolled in an Individualized Student Alternative Education Program (ISAEP) pursuant to § 22.1-254 D shall be counted in the March 31 Average Daily Membership of the responsible school division. School divisions shall report these students separately in their March 31 reports of Average Daily Membership.

2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as prescribed by the Board of Education subject to revision by the General Assembly.

3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of instructional personnel required by the Standards of Quality for each school division with a minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate number thereof, in March 31 ADM for the same fiscal year for which the costs are computed, and including provision for driver, gifted, occupational-vocational, and special education, library materials and other teaching materials, teacher sick leave, general administration, division superintendents' salaries, free textbooks (including those for free and reduced price lunch pupils), school nurses, operation and maintenance of school plant, transportation of pupils, instructional television, professional and staff improvement, remedial work, fixed charges and other costs in programs not funded by other state and/or federal aid.

b. The state and local shares of funding resulting from the support cost calculation for school nurses shall be specifically identified as such and reported to school divisions annually. School divisions may spend these funds for licensed school nurse positions employed by the school division or for licensed nurses contracted by the local school division to provide school health services.

4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality. The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March 31 ADM reported for the first seven (7) months of the 2011-2012 school year and 1/3 of the index of wealth per capita (population estimates for 2011 as determined by the Weldon Cooper Center for Public Service of the University of Virginia) multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are determined by combining the following constituent index elements with the indicated weighting: (1) true values of real estate and public service corporations as reported by the State Department of Taxation for the calendar year 2011 - 50 percent; (2) adjusted gross income for the calendar year 2011 as reported by the State Department of Taxation - 40 percent; (3) the sales for the calendar year 2011 which are subject to the state general sales and use tax, as reported by the State Department of Taxation - 10 percent. Each constituent index element for a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM, or per capita, for the same element. A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing all payments based on the composite index of local ability-to-pay. Each constituent index element for a locality used to determine the composite index of local ability-to-pay for the current biennium shall be the latest available data for the specified official base year provided to the Department of Education by the responsible source agencies no later than November 15, 2013.

b. For any locality whose total calendar year 2011 Virginia Adjusted Gross Income is comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income shall be excluded in computing the composite index of ability-to-pay. The Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income, but shall not adjust the composite index of any other localities. The Department of Taxation shall furnish to the Department of Education such data as are necessary to implement this provision.

e.1) In the event that two or more school divisions become one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, which shall include the transition of a city to town status, all state payments from this item adjusted by the composite index of local ability to pay to such resulting division or interest rates on approved Literary Fund loans shall be made on the basis of a composite index established by the Board of Education, which shall equal the composite index no lower than the lowest nor higher than the highest composite index of any of the individual school divisions involved in such consolidation. In addition, the local share of state payments adjusted by the composite index shall also be based on the same composite index of any of the individual school divisions involved in such consolidation. This index shall remain in effect for a period of no less than five nor more than fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index figure as set forth above. The Governor shall approve the composite index determined by the Board of Education prior to disbursement of funds under such index. The department shall report to the Chairmen of the House Appropriations and Senate Finance Committees the composite indices approved by the Governor and the board in the event this provision is implemented.

c.1) Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional state funding for future consolidations shall be as set forth in future Appropriation Acts.

2) In the case of the consolidation of Clifton Forge and Alleghany County school divisions, the fifteen year period for the application of a new composite index shall apply beginning with the fiscal year that starts on July 1, 2004. Notwithstanding the provisions of paragraph e.1) the composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2004, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.

3) Pursuant to paragraph e.1) above, if the composite index of a consolidated school division is reduced during the course of the fifteen year period to a level that would entitle the school division to a lower interest rate for a Literary Fund loan than it received when the loan was originally released, the Board of Education shall reduce the interest rate of such loan for the remainder of the period of the loan. Such reduction shall be based on the interest rate that would apply at the time of such adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to those years remaining to be paid.

4) In the case of the consolidation of Bedford County and Bedford City school divisions, the fifteen year period for the application of a new composite shall apply beginning with the fiscal year that starts on July 1, 2013. Notwithstanding the provisions of paragraph e.1) the composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2013, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.

5) JLARC is hereby directed, with assistance from the Commission on Local Government, to analyze and make recommendations going forward regarding the most effective balance between the costs of incentives for government and school consolidations with the expected resulting savings and operational benefits, and how best to structure such state incentives to achieve both clarity for localities as well as justification that incentives are adequate, but not more than necessary. JLARC shall complete its study and submit a final report no later than October 1, 2014.

d. When it is determined that a substantial error exists in a constituent index element, the Department of Education will make adjustments in funding for the current school year only in the division where the error occurred. The composite index of any other locality shall not be changed as a result of the adjustment. No adjustment during the biennium will be made as a result of updating of data used in a constituent index element.

e. In the event that any school division consolidates two or more small schools, the division shall continue to receive Standards of Quality funding and provide for the required local expenditure for a period of five years as if the schools had not been consolidated. Small schools are defined as any elementary, middle, or high school with enrollment below 200, 300 and 400 students, respectively.

5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on the composite index of local ability-to-pay of the cost required by all the Standards of Quality minus its estimated revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item, collected by the Department of Education and distributed to school divisions in the fiscal year in which the school year begins.

6. "Required Local Match" - The locality's required share of program cost based on the composite index of local ability-to-pay for all Lottery and Incentive programs, where required, in which the school division has elected to participate in a fiscal year.

7. "Planning District Eight" - The nine localities which comprise Planning District Eight are Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.

8. "State Share of the Standards of Quality" - The state share of the Standards of Quality (SOQ) shall be equal to the total funded SOQ cost for a school division less the school division's estimated revenues from the state sales and use tax dedicated to public education based on the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, adjusted for the state's share of the composite index of local ability to pay.

9. In the event that the general fund appropriations in this Item are not sufficient to meet the entitlements payable to school divisions pursuant to the provisions of this Item, the Department of Education is authorized to transfer any available general fund funds between these Items to address such insufficiencies. If the total general fund appropriations after such transfers remain insufficient to meet the entitlements of any program funded with general fund dollars, the Department of Education is authorized to prorate such shortfall proportionately across all of the school divisions participating in any program where such shortfall occurred. In addition, the Department of Education is authorized each year to temporarily suspend textbook payments made to school divisions from Lottery funds to ensure that any shortfall in Lottery revenue can be accounted for in the remaining textbook payments to be made for the year.

10. The Department of Education is directed to apply a cap on inflation rates in the same manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school divisions during the biennial rebenchmarking process.

11. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to combine the end-of-year Average Daily Membership (ADM) for those school divisions who have partnered together as a fiscal agent division and a contractual division for the purposes of calculating prevailing costs included in the Standards of Quality (SOQ).

12. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to include zeroes in the linear weighted average calculation of support non-personal costs for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

13. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported travel expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

15. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to fund transportation costs using a 15 year replacement schedule, which is the national standard guideline, for school bus replacement schedule for the purpose of calculating funded transportation costs included in the Standards of Quality (SOQ).

16. To provide temporary flexibility, notwithstanding any other provision in statute or in this Item, school divisions may elect to increase the teacher to pupil staffing ratios in kindergarten through grade 7 and English classes for grades 6 through twelve by one additional student; the teacher to pupil staffing ratio requirements for Elementary Resource teachers, Prevention, Intervention and Remediation, English as a Second Language, Gifted and Talented, Career and Technical funded programs (other than on Career and Technical courses where school divisions will have to maintain a maximum class size based on federal Occupational Safety & Health Administration safety requirements) are waived; and the instructional and support technology positions, librarians and guidance counselors staffing ratios for new hires are waived.

17. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1, of the Code of Virginia, any school division that was granted a waiver regarding the opening date of the school year for the 2011-12 school year under the good cause requirements shall continue to be granted a waiver for the 2014-15 school year and the 2015-2016 school year.

~~18. Beginning with the 2016-18 biennium, the Department of Education shall account for extended school year models in the rebenchmarking of the Standards of Quality by providing the state share for the additional days of instruction provided.~~

**I VETO THIS ITEM. /s/ Terence R. McAuliffe (6/21/14) (Vetoed item is enclosed in brackets.)**

19. Out of this appropriation, up to \$600,000 the second year from the general fund may be used to support transitional incentive costs of a mutually beneficial School Services Agreement and Tuition Contract between Petersburg and Chesterfield. Upon signed agreement by the relevant local governments and school divisions, the parties may jointly submit application to the State Superintendent of Public Instruction for transitional incentive costs which may be based on part of the difference in per pupil spending between the two school divisions.

**B. General Conditions**

1. The Standards of Quality cost in this Item related to fringe benefits shall be limited for instructional staff members to the employer's cost for a number not exceeding the number of instructional positions required by the Standards of Quality for each school division and for their salaries at the statewide prevailing salary levels as printed below.

<b>Instructional Position</b>	<b>First Year Salary</b>	<b>Second Year Salary</b>
Elementary Teachers	\$45,822	\$45,822
Elementary Assistant Principals	\$65,037	\$65,037
Elementary Principals	\$79,796	\$79,796
Secondary Teachers	\$48,125	\$48,125
Secondary Assistant Principals	\$68,863	\$68,863
Secondary Principals	\$87,954	\$87,954
Instructional Aides	\$16,613	\$16,613

a.1) Payment by the state to a local school division shall be based on the state share of fringe benefit costs of 55 percent of the employer's cost distributed on the basis of the composite index.

2) A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing fringe benefit funds under this provision.

3) The state payment to each school division for retirement, social security, and group life insurance costs for non-instructional personnel is included in and distributed through Basic Aid.

b. Payments to school divisions from this Item shall be calculated using March 31 Average Daily Membership adjusted for half-day kindergarten programs.

c. Payments for health insurance fringe benefits are included in and distributed through Basic Aid.

2. Each locality shall offer a school program for all its eligible pupils which is acceptable to the Department of Education as conforming to the Standards of Quality program requirements.

3. In the event the statewide number of pupils in March 31 ADM results in a state share of cost exceeding the general fund appropriation in this Item, the locality's state share of Basic Aid shall be reduced proportionately so that this general fund appropriation will not be exceeded. In addition, the required local share of Basic Aid shall also be reduced proportionately to the reduction in the state's share.

4. The Department of Education shall make equitable adjustments in the computation of indices of wealth and in other state-funded accounts for localities affected by annexation, unless a court of competent jurisdiction makes such adjustments. However, only the indices of wealth and other state-funded accounts of localities party to the annexation will be adjusted.

5. In the event that the actual revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item (both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service) for sales in the fiscal year in which the school year begins are different from the number estimated as the basis for this appropriation, the estimated state sales and use tax revenues shall not be adjusted.

6. This appropriation shall be apportioned to the public schools with guidelines established by the Department of Education consistent with legislative intent as expressed in this act.

7.a. Appropriations of state funds in this Item include the number of positions required by the Standards of Quality. This Item includes a minimum of 51 professional instructional positions and aide positions (C 2); Education of the Gifted, 1.0 professional instructional position (C 3); Occupational-Vocational Education Payments and Special Education Payments; a minimum of 6.0 professional instructional positions and aide positions (C 4 and C 5) for each 1,000 pupils in March 31 ADM each year in support of the current Standards of Quality. Funding in support of one hour of additional instruction per day based on the percent of students eligible for the federal free lunch program with a pupil-teacher ratio range of 18:1 to 10:1, depending upon a school division's combined failure rate on the English and Math Standards of Learning, is included in Remedial Education Payments (C 8).

b. No actions provided in this section signify any intent of the General Assembly to mandate an increase in the number of instructional personnel per 1,000 students above the numbers explicitly stated in the preceding paragraph.

c. Appropriations in this Item include programs supported in part by transfers to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this Act. These transfers combined together with other appropriations from the general fund in this Item funds the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support technology position per 1,000 students; one instructional technology position per 1,000 students; and a full daily planning period for teachers at the middle and high school levels in order to relieve the financial pressure these education programs place on local real estate taxes.

d. To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers required by the Standards of Quality to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is

intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these SOQ funds in this manner shall only employ instructional personnel licensed by the Board of Education.

e. To provide flexibility in the provision of reading intervention services, school divisions may use the state Early Reading Intervention initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall only employ instructional personnel licensed by the Board of Education.

f. To provide flexibility in the provision of mathematics intervention services, school divisions may use the state Standards of Learning Algebra Readiness initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ mathematics teacher specialists to provide the required mathematics intervention services. School divisions using the Standards of Learning Algebra Readiness initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

8.a.1) Pursuant to § 22.1-97, Code of Virginia, the Department of Education is required to make calculations at the start of the school year to ensure that school divisions have appropriated adequate funds to support their estimated required local expenditure for the corresponding state fiscal year. In an effort to reduce the administrative burden on school divisions resulting from state data collections, such as the one needed to make the aforementioned calculations, the requirements of § 22.1-97, Code of Virginia, pertaining to the adequacy of estimated required local expenditures, shall be satisfied by signed certification by each division superintendent at the beginning of each school year that sufficient local funds have been budgeted to meet all state required local effort and required local match amounts. This provision shall only apply to calculations required of the Department of Education related to estimated required local expenditures and shall not pertain to the calculations associated with actual required local expenditures after the close of the school year.

2) The Department of Education shall also make calculations after the close of the school year to verify that the required local effort level, based on actual March 31 Average Daily Membership, was met. Pursuant to § 22.1-97, Code of Virginia, the Department of Education shall report annually, no later than the first day of the General Assembly session, to the House Committees on Education and Appropriations and the Senate Committees on Finance and Education and Health, the results of such calculations made after the close of the school year and the degree to which each school division has met, failed to meet, or surpassed its required local expenditure. The Department of Education shall specify the calculations to determine if a school division has expended its required local expenditure for the Standards of Quality. This calculation may include but is not limited to the following calculations:

b. The total expenditures for operation, defined as total expenditures less all capital outlays, expenditures for debt service, facilities, non-regular day school programs (such as adult education, preschool, and non-local education programs), and any transfers to regional programs will be calculated.

c. The following state funds will be deducted from the amount calculated in paragraph a. above: revenues from the state sales and use tax (returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item) for sales in the fiscal year in which the school year begins; total receipts from state funds (except state funds for non-regular day school programs and state funds used for capital or debt service purposes); and the state share of any balances carried forward from the previous fiscal year. Any qualifying state funds that remain unspent at the end of the fiscal year will be added to the amount calculated in paragraph a. above.

d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also be deducted from the amount calculated in paragraph a. above. Any federal funds that remain unspent at the end of the fiscal year and any capital expenditures paid from federal funds will be added to the amount calculated in paragraph a. above.

e. Tuition receipts, receipts from payments from other cities or counties, and fund transfers will also be deducted from the amount calculated in paragraph a, then

f. The final amount calculated as described above must be equal to or greater than the required local expenditure defined in paragraph A. 5.

g. The Department of Education shall collect the data necessary to perform the calculations of required local expenditure as required by this section.

h. A locality whose expenditure in fact exceeds the required amount from local funds may not reduce its expenditures unless it first complies with all of the Standards of Quality.

9.a. Any required local matching funds which a locality, as of the end of a school year, has not expended, pursuant to this Item, for the Standards of Quality shall be paid by the locality into the general fund of the state treasury. Such payments shall be made not later than the end of the school year following that in which the under expenditure occurs.

b. Whenever the Department of Education has recovered funds as defined in the preceding paragraph a, the Secretary of Education is authorized to repay to the locality affected by that action, seventy-five percent (75%) of those funds upon his determination that:

- 1) The local school board agrees to include the funds in its June 30 ending balance for the year following that in which the under expenditure occurs;
- 2) The local governing body agrees to reappropriate the funds as a supplemental appropriation to the approved budget for the second year following that in which the under expenditure occurs, in an appropriate category as requested by the local school board, for the direct benefit of the students;
- 3) The local school board agrees to expend these funds, over and above the funds required to meet the required local expenditure for the second year following that in which the under expenditure occurs, for a special project, the details of which must be furnished to the Department of Education for review and approval;
- 4) The local school board agrees to submit quarterly reports to the Department of Education on the use of funds provided through this project award; and
- 5) The local governing body and the local school board agree that the project award will be cancelled and the funds withdrawn if the above conditions have not been met as of June 30 of the second year following that in which the under expenditure occurs.

c. There is hereby appropriated, for the purposes of the foregoing repayment, a sum sufficient, not to exceed 75 percent of the funds deposited in the general fund pursuant to the preceding paragraph a.

10. The Department of Education shall specify the manner for collecting the required information and the method for determining if a school division has expended the local funds required to support the actual local match based on all Lottery and Incentive programs in which the school division has elected to participate. Unless specifically stated otherwise in this Item, school divisions electing to participate in any Lottery or Incentive program that requires a local funding match in order to receive state funding, shall certify to the Department of Education its intent to participate in each program by July 1 each fiscal year in a manner prescribed by the Department of Education. As part of this certification process, each division superintendent must also certify that adequate local funds have been appropriated, above the required local effort for the Standards of Quality, to support the projected required local match based on the Lottery and Incentive programs in which the school division has elected to participate. State funding for such program(s) shall not be made until such time that the school division can certify that sufficient local funding has been appropriated to meet required local match. The Department of Education shall make calculations after the close of the fiscal year to verify that the required local match was met based on the state funds that were received.

11. Any sum of local matching funds for Lottery and Incentive program which a locality has not expended as of the end of a fiscal year in support of the required local match pursuant to this Item shall be paid by the locality into the general fund of the state treasury unless the carryover of those unspent funds is specifically permitted by other provisions of this act. Such payments shall be made no later than the end of the school year following that in which the under expenditure occurred.

In odd-numbered years, the forecast for the current and subsequent two fiscal years shall be provided. In even-numbered years, the forecast for the current and subsequent fiscal year shall be provided. The forecast shall detail the projected March 31 Average Daily Membership and the resulting impact on the education budget.

15. School divisions may choose to use state payments provided for Standards of Quality Prevention, Intervention, and Remediation in both years as a block grant for remediation purposes, without restrictions or reporting requirements, other than reporting necessary as a basis for determining funding for the program.

16. Except as otherwise provided in this act, the Superintendent of Public Instruction shall provide guidelines for the distribution and expenditure of general fund appropriations and such additional federal, private and other funds as may be made available to aid in the establishment and maintenance of the public schools.

17. At the Department of Education's option, fees for audio-visual services may be deducted from state Basic Aid payments for individual local school divisions.

18. For distributions not otherwise specified, the Department of Education, at its option, may use prior year data to calculate actual disbursements to individual localities.

19. Payments for accounts related to the Standards of Quality made to localities for public education from the general fund, as provided herein, shall be payable in twenty-four semi-monthly installments at the middle and end of each month.

20. Notwithstanding §22.1-638 D., Code of Virginia, and other language in this Item, the Department of Education shall, for purposes of calculating the state and local shares of the Standards of Quality, apportion state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/ Local Real Estate Property Tax Relief Fund in the first year based on the July 1, 2012, estimate of school age population provided by the Weldon Cooper Center for Public Service and, in the second year, based on the July 1, 2013, estimate of school age population provided by the Weldon Cooper Center for Public Service.

Notwithstanding §22.1-638 D., Code of Virginia, and other language in this Item, the State Comptroller shall distribute the state sales and use tax revenues dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/ Local Real Estate Property Tax Relief Fund in the first year based on the July 1, 2012, estimate of school age population provided by the Weldon Cooper Center for Public Service and, in the second year, based on the July 1, 2013, estimate of school age population provided by the Weldon Cooper Center for Public Service.

Virginia. Any county, city, or town which accepts a distribution from this fund shall provide its portion of the cost of maintaining an educational program meeting the Standards of Quality pursuant to Section 2 of Article VIII of the Constitution without the use of distributions from the fund.

23. For reporting purposes, the Department of Education shall include Lottery Proceeds Funds as state funds.

24.a. Any locality that has met its required local effort for the Standards of Quality accounts for FY 2015 and that has met its required local match for incentive or Lottery-funded programs in which the locality elected to participate in FY 2015 may carry over into FY 2016 any remaining state Direct Aid to Public Education fund balances available to help minimize any FY 2016 revenue adjustments that may occur in state funding to that locality. Localities electing to carry forward such unspent state funds must appropriate the funds to the school division for expenditure in FY 2016.

b. Any locality that has met its required local effort for the Standards of Quality accounts for FY 2016 and that has met its required local match for incentive or Lottery-funded programs in which the locality elected to participate in FY 2016 may carry over into FY 2017 any remaining state Direct Aid to Public Education fund balances available to help minimize any FY 2017 revenue adjustments that may occur in state funding to that locality. Localities electing to carry forward such unspent state funds must appropriate the funds to the school division for expenditure in FY 2017.

25. Localities are encouraged to allow school boards to carry over any unspent local allocations into the next fiscal year. Localities are also encouraged to provide increased flexibility to school boards by appropriating state and local funds for public education in a lump sum.

26. The Department of Education shall include in the annual School Performance Report Card for school divisions the percentage of each division's annual operating budget allocated to instructional costs. For this report, the Department of Education shall establish a methodology for allocating each school division's expenditures to instructional and non-instructional costs in a manner that is consistent with the funding of the Standards of Quality as approved by the General Assembly.

28. Notwithstanding Title 22.1, Chapter 4.1, Code of Virginia, no schools shall be transferred to the supervision of the Opportunity Educational Institution nor shall any funds be transferred to the Institution.

*29. 5. Basic Aid Payments

a.1) A state share of the Basic Operation Cost, which cost per pupil in March 31 ADM is established individually for each local school division based on the number of instructional personnel required by the Standards of Quality and the statewide prevailing salary levels (adjusted in Planning District Eight for the cost of competing) as well as recognized support costs calculated on a prevailing basis for an estimated March 31 ADM.

2) This appropriation includes funding to recognize the common labor market in the Washington-Baltimore-Northern Virginia, DC-MD-VA-WV Combined Statistical Area. Standards of Quality salary payments for instructional positions in school divisions of the localities set out below have been adjusted for the equivalent portion of the Cost of Competing Adjustment (COCA) rates that are paid to local school divisions in Planning District 8. For the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, the SOQ payments have been increased by 25 percent each year of the COCA rates paid to school divisions in Planning District 8.

b. The Department of Education shall establish guidelines to implement these provisions and shall provide for the periodic transfer of sums due from each local school division to the Department of Behavioral Health and Developmental Services and for Special Education categorical payments. The amount of the actual transfers will be based on data accumulated during the prior school year.

e. 1) The apportionment to localities of all driver education revenues received during the school year shall be made as an undesignated component of the state share of Basic Aid in accordance with the provisions of this Item. Only school divisions complying with the standardized program established by the Board of Education shall be entitled to participate in the distribution of state funds appropriated for driver education. The Department of Education will deduct a designated amount per pupil from a school division's Basic Aid payment when the school division is not in compliance with § 22.1-205 C, Code of Virginia. Such amount will be computed by dividing the current appropriation for the Driver Education Fund by actual March 31 ADM.

2) Local school boards may charge a per pupil fee for behind-the-wheel driver education provided, however, that the fee charged plus the per pupil basic aid reimbursement for driver education shall not exceed the actual average per pupil cost. Such fees shall not be cause for a pro rata reduction in Basic Aid payments to school divisions.

The state's share of textbooks will be fund split between the general fund and Lottery Proceeds Fund *in the second year only*. A school division shall appropriate these funds for textbooks or any other public education instructional expenditure by the school division. The state's distributions for textbooks shall be based on adjusted March 31 ADM. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.

2) School divisions shall provide free textbooks to all students.

3) School divisions may use a portion of this funding to purchase Standards of Learning instructional materials. School divisions may also use these funds to purchase electronic textbooks or other electronic media resources integral to the curriculum and classroom instruction and the technical equipment required to read and access the electronic textbooks and electronic curriculum materials.

4) Any funds provided to school divisions for textbook costs that are unexpended as of June 30, 2015, or June 30, 2016, shall be carried on the books of the locality to be appropriated to the school division the following year to be used for same purpose. which are derived from the 0.375 cent increase in the state sales and use tax levied pursuant to §58.1-638, Code of Virginia. These additional funds are provided to local school divisions and local governments in order to relieve the financial pressure education programs place on local real estate taxes.

i. From the total amounts in paragraph h. above, an amount estimated at ~~\$233,520,000~~ ~~\$233,600,000~~ the first year and ~~\$240,850,000~~ ~~\$241,900,000~~ the second year (approximately 1/4 cent of sales and use tax) is appropriated to support a portion of the cost of the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support and one instructional technology position per 1,000 students; a full daily planning period for teachers at the middle and high school levels in order to relieve the pressure on local real estate taxes and shall be taken into account by the governing body of the county, city, or town in setting real estate tax rates.

j. From the total amounts in paragraph h. above, an amount estimated at ~~\$123,140,000~~ ~~\$122,800,000~~ the first year and ~~\$127,510,000~~ ~~\$127,500,000~~ the second year (approximately 1/8 cent of sales and use tax) is appropriated in this Item to distribute the remainder of the revenues collected and deposited into the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this Item.

k. For the purposes of funding certain support positions in Basic Aid a funding ratio methodology is used based upon the prevailing ratio of support positions to SOQ funded instructional positions as established in Chapter 781, 2009 Acts of Assembly. For the purposes of making the required spending adjustments, the appropriation and distribution of Basic Aid shall reflect this methodology. Local school divisions shall have the discretion as to where the adjustment may be made, consistent with the Standards of Quality funded in this Act.

#### 6. Education of the Gifted Payments

a. An additional payment shall be disbursed by the Department of Education to local school divisions to support the state share of one full-time equivalent instructional position per 1,000 students in adjusted March 31 ADM.

b. Local school divisions are required to spend, as part of the required local expenditure for the Standards of Quality the established per pupil cost for gifted education (state and local share) on approved programs for the gifted.

#### 7. Occupational-Vocational Education Payments

#### 9. Remedial Education Payments

ITEM 136.	Item Details(\$)		Appropriations(\$)	
	First Year FY2015	Second Year FY2016	First Year FY2015	Second Year FY2016

a. An additional payment estimated at ~~\$100,794,151~~ *\$100,686,259* the first year and ~~\$100,985,181~~ *\$100,910,614* the second year from the general fund shall be disbursed by the Department of Education to support the Board of Education's Standards of Quality Prevention, Intervention, and Remediation program adopted in June 2003.

b. The payment shall be calculated based on one hour of additional instruction per day for identified students, using the three year average percent of students eligible for the federal Free Lunch program as a proxy for students needing such services. Fall membership shall be multiplied by the three year average division-level Free Lunch eligibility percentage to determine the estimated number of students eligible for services. Pupil-teacher ratios shall be applied to the estimated number of eligible students to determine the number of instructional positions needed for each school division. The pupil-teacher ratio applied for each school division shall range from 10:1 for those divisions with the most severe combined three year average failure rates for English and math Standards of Learning test scores to 18:1 for those divisions with the lowest combined three year average failure rates for English and math Standards of Learning test scores.

c. Funding shall be matched by the local government based on the composite index of local ability-to-pay.

d. To provide flexibility in the instruction of English Language Learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the SOQ Prevention, Intervention, and Remediation account to employ additional English Language Learner teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided through the SOQ staffing standard of 17 instructional positions per 1,000 limited English proficiency students. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall only employ instructional personnel licensed by the Board of Education.

e. An additional state payment estimated at ~~\$89,654,406~~ *\$89,587,381* the first year and ~~\$89,666,296~~ *\$89,641,183* the second year from the Lottery Proceeds Fund shall be disbursed based on the estimated number of federal Free Lunch participants, in support of programs for students who are educationally at risk. The additional payment shall be based on the state share of:

1) A minimum one percent add-on, as a percent of the per pupil basic aid cost, for each child who qualifies for the federal Free Lunch Program; and

2) An addition to the add-on, based on the concentration of children qualifying for the federal Free Lunch Program. Based on its percentage of Free Lunch participants, each school division will receive between 1 and 12 percent in additional basic aid per Free Lunch participant. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.

3a) Local school divisions are required to spend the established at-risk payment (state and local share) on approved programs for students who are educationally at risk.

b) To receive these funds, each school division shall certify to the Department of Education that the state and local share of the at-risk payment will be used to support approved programs for students who are educationally at risk. These programs may include: Dropout Prevention, community and school-based truancy officer programs, Advancement Via Individual Determination (AVID), Project Discovery, Reading Recovery, programs for students who speak English as a second language, or programs related to increasing the success of disadvantaged students in completing a high school degree and providing opportunities to encourage further education and training. Further, any new funds a school division receives in excess of the amounts received in FY 2008 may be used first to provide data coordinators or to purchase similar services for schools that have not met Adequate Yearly Progress (AYP) under the federal No Child Left Behind Act or are not fully accredited under the Standards of Accreditation. The data coordinator position is intended to provide schools with needed support in the area of data analysis and interpretation for instructional purposes, as well as

overall data management and the administration of state assessments. The position would primarily focus on data related to instruction and school improvement, including: student assessment, student attendance, student/teacher engagement, behavior referrals, suspensions, retention, and graduation rates.

f. Regional Alternative Education Programs

1) An additional state payment of ~~\$8,085,825~~ \$8,075,871 the first year and ~~\$8,086,130~~ \$8,219,783 the second year from the Lottery Proceeds Fund shall be disbursed for Regional Alternative Education programs. Such programs shall be for the purpose of educating certain expelled students and, as appropriate, students who have received suspensions from public schools and students returned to the community from the Department of Juvenile Justice.

2) Each regional program shall have a small student/staff ratio. Such staff shall include, but not be limited to education, mental health, health, and law enforcement professionals, who will collaborate to provide for the academic, psychological, and social needs of the students. Each program shall be designed to ensure that students make the transition back into the "mainstream" within their local school division.

3) a) Regional alternative education programs are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs. This incremental per pupil payment shall be adjusted for the composite index of local ability-to-pay of the school division that counts such students attending such program in its March 31 Average Daily Membership.

It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students.

Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the regional programs for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the school day or school year that the student does not attend such program.

b) In the event a school division does not use all of the student slots it is allocated under this program, the unused slots may be reallocated or transferred to another school division.

1. A school division must request from the Department of Education the availability and possible use of any unused student slots. If any unused slots are available and if the requesting school division chooses to utilize any of the unused slots, the requesting school division shall only receive the state's share of tuition for the unused slot that was allocated in this Item for the originally designated school division.

2. However, no requesting school division shall receive more tuition funding from the state for any requested unused slot than what would have been the calculated amount for the requesting school division had the unused slot been allocated to the requesting school division in the original budget. Furthermore, the requesting school division shall pay for any remaining tuition payment necessary for using a previously unused slot.

3. The Department of Education shall provide assistance for the state share of the incremental cost of Regional Alternative Education program operations based on the composite index of local ability-to-pay.

These funds are available to school divisions for the operation of programs designed to remediate students who are required to attend such programs during a summer school session or during an intersession in the case of year-round schools. These funds may be used in conjunction with other sources of state funding for remediation or intervention. School divisions shall have maximum flexibility with respect to the use of these funds and the types of remediation programs offered; however, in exercising this flexibility, students attending these programs shall not be charged tuition and no high school credit may be awarded to students who participate in this program.

10. K-3 Primary Class Size Reduction Payments

a. An additional payment estimated at ~~\$118,119,161~~ \$113,675,099 the first year and ~~\$118,288,804~~ \$117,634,756 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education as an incentive for reducing class sizes in the primary grades.

b. The Department of Education shall calculate the payment based on the incremental cost of providing the lower class sizes based on the lower of the division average per pupil cost of all divisions or the actual division per pupil cost.

c. Localities are required to provide a match for these funds based on the composite index of local ability-to-pay.

d. By October 15 of each year school divisions must provide data to the Department of Education that each participating school has a September 30 pupil/teacher ratio in grades K through 3 that meet the following criteria:

**Qualifying School Percentage of Students Approved**

<b>Eligible for Free Lunch, Three-Year Average</b>	<b>Grades K-3 School Ratio</b>	<b>Maximum Individual K-3 Class Size</b>
30% but less than 45%	19 to 1	24
45% but less than 55%	18 to 1	23
55% but less than 65%	17 to 1	22
65% but less than 70%	16 to 1	21
70% but less than 75%	15 to 1	20
75% or more	14 to 1	19

e. School divisions may elect to have eligible schools participate at a higher ratio, or only in a portion of grades kindergarten through three, with a commensurate reduction of state and required local funds, if local conditions do not permit participation at the established ratio and/or maximum individual class size. In the event that a school division requires additional actions to ensure participation at the established ratio and/or maximum individual class size, such actions must be completed by December 1 of the impacted school year. Special education teachers and instructional aides shall not be counted towards meeting these required pupil/teacher ratios in grades kindergarten through three.

f. The Superintendent of Public Instruction may grant waivers to school divisions for the class size requirement in eligible schools that have only one class in an affected grade level in the school.

a. The Department of Education and the Virginia Public School Authority (VPSA) shall provide a program of funding for school construction and renovation through the Literary Fund and through VPSA bond sales. The program shall be used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the projects on the First or Second Literary Fund Waiting List, or other critical projects which may receive priority placement on the First or Second Literary Fund Waiting List by the Department of Education. Interest rate subsidies will provide school divisions with the present value difference in debt service between a Literary Fund loan and a borrowing through the VPSA. To qualify for an interest rate subsidy, the school division's project must be eligible for a Literary Fund loan and shall be subject to the same restrictions. The VPSA shall work with the Department of Education in selecting those projects to be funded through the interest rate subsidy/bond financing program, so as to ensure the maximum leverage of Literary Fund moneys and a minimum impact on the VPSA Bond Pool.

2) The Commonwealth shall be subrogated to the VPSA to the extent of any such appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with respect to the defaulting locality and to full recovery of the amount of such deficiency, together with interest at the rate of the defaulting locality's bonds.

d. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds of the VPSA issued and projected to be issued during such biennium pursuant to the bond resolution referred to in paragraph a above. The rate structure for such lines shall be negotiated by the Superintendent of Public Instruction and the Chief Information Officer of the Virginia Information Technologies Agency. Further, the Superintendent and Director are authorized to encourage the development of "by-pass" infrastructure in localities where it fails to obtain competitive prices or prices consistent with the best rates obtained in other parts of the state.

2) The State Corporation Commission, in its consideration of the discount for services provided to elementary schools, secondary schools, and libraries and the universal service funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is hereby encouraged to make the discounts for intrastate services provided to elementary schools, secondary schools, and libraries for educational purposes as large as is prudently possible and to fund such discounts through the universal fund as provided in § 254 of the Telecommunications Act of 1996. 14. Virginia Preschool Initiative Payments

a.1) It is the intent of the General Assembly that a payment estimated at ~~\$71,976,297~~ ~~\$68,300,254~~ the first year and ~~\$74,922,998~~ \$71,996,399 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds unserved by Head Start program funding. In no event shall distributions from the Lottery Proceeds Fund be made directly to community-based or private providers.

2) These state funds and required local matching funds shall be used to provide programs for at-risk four-year-old children, which include quality preschool education, health services, social services, parental involvement and transportation. It shall be the policy of the Commonwealth that state funds and required local matching funds for the Virginia Preschool Initiative not be used for capital outlay. Programs must provide full-day or half-day and, at least, school-year services.

3) The Department of Education, in cooperation with the Council on Child Day Care and Early Childhood Programs, shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating school division and the school divisions must certify that the Virginia Preschool Initiative program follows the established standards in order to receive the funding for quality preschool education and criteria for the service components. Such guidelines shall be consistent with the findings of the November 1993 study by the Board of Education, the Department of Education, and the Council on Child Day Care and Early Childhood Programs.

4) a) Grants shall be distributed based on an allocation formula providing the state share of a \$6,000 grant for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program. The number of unserved at-risk four-year-olds in each locality shall be based on the projected number of kindergarten students, updated once each biennium for the Governor's introduced biennial budget. In the first year only, the Department shall adjust the additional slots calculated to fund such school divisions at the same number of slots actually used in FY 2014 on a prorated basis up to \$1,000,000. For the second year only, in no case shall a school division be eligible for fewer slots than they actually used for this program in FY 2014 on a prorated basis up to \$3,631,581. Programs operating half-day shall receive state funds based on a fractional basis determined by the pro-rata portion of a full-day, school year program provided. Half-day programs shall operate for a minimum of three hours of classroom instructional time per day, excluding breaks for lunch or recess, and grants to half-day programs shall be funded based on the state share of \$3,000 per unserved at-risk four-year-old in each locality. Full-day programs shall operate for a minimum of five and one-half instructional hours, excluding breaks for meals and recess. No additional state funding is provided for programs operating greater than three hours per day but less than five and one-half hours per day. In determining the state and local shares of funding, the composite index of local ability-to-pay is capped at 0.5000.

b) For new programs in the first year of implementation only, programs operating less than a full school year shall receive state funds on a fractional basis determined by the pro-rata portion of a school year program provided. In determining the prorated state funds to be received, a school year shall be 180 days.

b.1) Any locality which desires to participate in this grant program must submit a proposal through its chief administrator (county administrator or city manager) by ~~June 15~~ *May 15* of each year. The chief administrator, in conjunction with the school superintendent, shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk children which demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk four-year-old children.

2) The proposal must demonstrate coordination with all parties necessary for the successful delivery of comprehensive services, including the schools, child care providers, local social services agency, Head Start, local health department, and other groups identified by the lead agency.

3) A local match, based on the composite index of local ability-to-pay, shall be required. For purposes of meeting the local match, localities may use local expenditures for existing qualifying programs, however, at least seventy-five percent of the local match will be cash and no more than twenty-five percent will be in-kind. In-kind contributions are defined as cash outlays that are made by the locality that benefit the program but are not directly charged to the program. The value of fixed assets cannot be considered as an in-kind contribution. Localities shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program must be used to supplement, not supplant, any funds currently provided for programs within the locality. However, in the event a locality is prohibited from continuing the previous level of support to programs for at-risk four-year-olds from Title I of the federal Elementary and Secondary Education Act (ESEA), the state and local funds provided in this grants program may be used to continue services to these Title I students. Such prohibition may occur due to amendments to the allocation formula in the reauthorization of ESEA as the No Child Left Behind Act of 2001 or due to a percentage reduction in a locality's Title I allocation in 2014-2015 or 2015-2016. Any locality so affected shall provide written evidence to the Superintendent of Public Instruction and request his approval to continue the services to Title I students.

c. Local plans must provide clear methods of service coordination for the purpose of reducing the per child cost for the service, increasing the number of at-risk children served and/or extending services for the entire year. Examples of these include:

- 1) "Wraparound Services" — methods for combining funds such as child care subsidy dollars administered by local social service agencies with dollars for quality preschool education programs.
- 2) "Wrap-out Services" - methods for using grant funds to purchase quality preschool services to at-risk four-year-old children through an existing child care setting by purchasing comprehensive services within a setting which currently provides quality preschool education.
- 3) "Expansion of Service" - methods for using grant funds to purchase slots within existing programs, such as Head Start, which provide comprehensive services to at-risk four-year-old children.

~~Local plans must indicate the number of at-risk four-year-old children to be served, and the criteria by which they will be determined to be at risk.~~

*d.1) Local plans must indicate the number of at-risk four-year-old children to be served, and the eligibility criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the 2014-2015 programs guidelines that are specific to: (i) family income at or below 200 percent of poverty, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) family income is less than 350 percent of federal poverty guidelines in the case of students with special needs or disabilities.*

2) *The Department of Education is directed to compile from each school division the aggregated information as to the number of enrolled students whose families are (i) at or below 130 percent of poverty, and (ii) above 130 percent but below 200 percent of poverty. The Department shall report this information annually, after the application and fall participation reports are submitted to the Department from the school divisions, to the Chairmen of House Appropriations and Senate Finance Committees. In addition, the Department will post and maintain the summary information by division on the Department's website in keeping with current student privacy policies.*

~~e.1) The Department of Education and the Council on Child Day Care and Early Childhood Programs shall provide technical assistance for the administration of this grant program to provide assistance to localities in developing a comprehensive, coordinated, quality preschool program for serving at-risk four-year-old children.~~

2) A pre-application session shall be provided by the Department and the Council on Child Day Care and Early Childhood Programs prior to the proposal deadline. The Department shall provide interested localities with information on models for service delivery, methods of coordinating funding streams, such as funds to match federal IV-A child care dollars, to maximize funding without supplanting existing sources of funding for the provision of services to at-risk four-year-old children. A priority for technical assistance in the design of programs shall be given to localities where the majority of the at-risk four-year-old population is currently unserved.

~~e. The Department of Education is authorized to expend unobligated balances in this program's adopted budget allocations for grants to qualifying school divisions for one-time expenses, other than capital, related to start-up or expansion of programs.~~

*f. The Department of Education shall include in the program's application package specific information regarding the potential availability of funding for supplemental grants that may be used for one-time expenses, other than capital, related to start-up or expansion of programs, with priority given to proposals for expanding the use of partnerships with either nonprofit or for-profit providers. Furthermore, the Department is mandated to communicate to all eligible school divisions the remaining available balances in the program's adopted budget, after the fall participation reports have been submitted and finalized for such grants.*

15. Early Reading Intervention Payments

An additional payment of ~~\$17,886,428~~ \$17,714,461 the first year and ~~\$17,948,114~~ \$17,778,143 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing early reading intervention services to students in grades kindergarten through 3 who demonstrate deficiencies based on their individual performance on diagnostic tests which have been approved by the Department of Education. The Department of Education shall review the tests of any local school board which requests authority to use a test other than the state-provided test to ensure that such local test uses criteria for the early diagnosis of reading deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of five to one. The estimated number of students in each school division in each year shall be determined by multiplying the projected number of students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3 by the percent of students who are determined to need services based on diagnostic tests administered in the previous year in that school division and adjusted in the following manner:

	<b>Year 1</b>	<b>Year 2</b>

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. At the beginning of the school year, local school divisions shall partner with the parents of those third grade students in the division who demonstrate reading deficiencies, discussing with them a developed plan for remediation and retesting. Such intervention programs, at the discretion of the local school division, may include, but not be limited to, the use of: special reading teachers; trained aides; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

d. In the event that a school division does not use the diagnostic test provided by the Department of Education in the year that serves as the basis for updating the funding formula for this program but has used it in past years, the Department of Education shall use the most recent data available for the division for the state-provided diagnostic test.

e. The results of all reading diagnostic tests and reading remediation shall be discussed with the student and the student's parent prior to the student being promoted to grade four.

f. Funds appropriated for Standards of Quality Prevention, Intervention, and Remediation, Remedial Summer School, or At-Risk Add-On may also be used to meet the requirements of this program.

16. Standards of Learning Algebra Readiness Payments

The Department of Education shall review the tests to ensure that such local test uses state-provided criteria for diagnosis of math deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of ten to one. The estimate number of students in each school division shall be determined by multiplying the projected number of students reported in each school division's fall membership by the percent of students that qualify for the federal Free Lunch Program.

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

State payments for the second year to the local school boards operating these programs will be based on certified expenditures from the fourth quarter of FY 2015 and the first three quarters of FY 2016.

d. By October 15, 2014, the Department of Education shall present to the Virginia Board of Education, options for increasing student to teacher ratios or other savings, including requesting the State Board of Education or federal government to consider waiving certain teacher staffing requirements given the uniqueness of the setting, prorating funding if localities choose to operate based on unnecessary gender separation, whether there may be options for achieving efficiencies in the 23 centers based on regional groupings based on proximity, working with the Department of Juvenile Justice and Department of Correctional Education if appropriate, and a review of how other states handle education in juvenile detention centers. This incremental per pupil payment shall be adjusted for the composite index of the school division that counts such students attending an academic year Governor's School in their March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. 2) Students attending a revolving Academic Year Governor’s School program for only one semester shall be counted as 0.50 of a full-time equivalent student and will be funded for only fifty percent of the full-year funded per pupil amount. For purposes of this Item, continuous, non-revolving programs shall mean Academic Year Governor’s School programs that only admit students at the beginning of the school year. Fairfax County Public Schools shall not reduce local per pupil funding for the Thomas Jefferson Governor’s School below the amounts appropriated for the 2003-2004 school year.

These funds are available to any school division as a reimbursement for breakfast meals served that are in excess of the baseline established by the Department of Education. The per meal reimbursement shall be \$0.22; however, the department is authorized, but not required to reduce this amount proportionately in the event that the actual number of meals to be reimbursed exceeds the number on which this appropriation is based so that this appropriation is not exceeded.

b. In order to receive these funds, school divisions must certify that these funds will be used to supplement existing funds provided by the local governing body and that local funds derived from sources that are not generated by the school nutrition programs have not been reduced or eliminated. The funds shall be used to improve student participation in the school breakfast program. These efforts may include, but are not limited to, reducing the per meal price paid by students, reducing competitive food sales in order to improve the quality of nutritional offerings in schools, increasing access to the school breakfast program, or providing programs to increase parent and student knowledge of good nutritional practices. From this amount, the state share of one reading or math specialist shall be provided to local school divisions with schools which have been denied accreditation or were accredited with warning for the third consecutive year based on school accreditation ratings for the 2013-2014 school year. Such schools shall be eligible to receive the state share of funding for both years of the biennium. In addition, following the academic review required by §22.1-253.13:3, Code of Virginia, the Department of Education shall identify up to 20 additional schools to also receive the state share of a reading or math instructional specialist. The schools eligible for such personnel are those which were accredited with warning for the second consecutive year based on school accreditation ratings for the 2012-2013 and 2013-2014 school years and that have shown no or limited improvement in student achievement in the past year. Such schools shall also be eligible to receive the state share of funding for both years of the biennium. If, following certification from a school division that it will not participate in the program, the Department is authorized to identify additional eligible schools.

b. The state funds for which the division is eligible to receive shall be matched by the local government, based on the composite index of local ability-to-pay, which shall be calculated using an effective date of January 1, 2016, as the basis for the local match requirement for both funded SOQ instructional and support positions.

B. As Virginia's public colleges and universities approach full funding of the base adequacy guidelines and as the General Assembly strives to fully fund the general fund share of the base adequacy guidelines, these funds are provided with the intent that, in exercising their authority to set tuition and fees, the Board of Visitors shall take into consideration the impact of escalating college costs for Virginia students and families. In accordance with the cost-sharing goals set forth in § 4-2.01 b. of this act, the Board of Visitors is encouraged to limit increases on tuition and mandatory educational and general fees for in-state, undergraduate students to the extent possible.

C. Out of this appropriation, \$1,820,338 the first year and \$1,820,338 the second year from the general fund is designated to continue the increase in access for in-state undergraduate students begun in the 2011 Session, support the projected growth in transfer students and improve retention and graduation through additional advising for both transfers and students in high demand majors.

D. The 4-VA, a public-private partnership among George Mason University, James Madison University, Virginia Tech, University of Virginia and CISCO Systems, Inc, was established to utilize emerging technologies to promote collaboration and resource sharing to increase access, reduce time to graduation and reduce unit cost while maintaining and enhancing quality. Instructional talent across the four institutions will be leveraged in the delivery of programs in foreign languages, science, technology, engineering and mathematics. The 4-VA Management Board can expand this partnership to additional institutions as appropriate to meet the goals of the 4-VA initiative. It is expected that funding will be pooled by the management board as required to support continuing efforts of the 4-VA priorities and projects.

Expenses advanced under this provision shall not exceed the coverage amounts outlined in § 65.2-512. In the event a determination is made that the death is not subject to the line of duty benefits, the Virginia Retirement System or other retirement fund to which the deceased is a member, will deduct from benefit payments otherwise due to be paid to the beneficiaries of the deceased, payments previously paid by the State Comptroller for burial and

Authority: Title 2.2, Chapter 15 and Chapter 26, Article 8, Code of Virginia.

A. The Department of Planning and Budget shall be responsible for continued development and coordination of an integrated, systematic policy analysis, planning, budgeting, performance measurement and evaluation process within state government. The department shall collaborate with the Governor’s Secretaries and all other agencies of state government and other entities as necessary to ensure that information generated from these processes is useful for managing and improving the efficiency and effectiveness of state government operations.

B. The Department of Planning and Budget shall be responsible for the continued development and coordination of a review process for strategic plans and performance measures of the state agencies. The review process shall assess on a periodic basis the structure and content of the plans and performance measures, the processes used to develop and implement the plans and measures, the degree to which agencies achieve intended goals and results, and the relation between intended and actual results and budget requirements.

C.1. Notwithstanding § 2.2-1508, Code of Virginia, or any other provisions of law, on or before December 20, the Department of Planning and Budget shall deliver to the presiding officer of each house of the General Assembly a copy of the budget document containing the explanation of the Governor’s budget recommendations. This copy may be in electronic format.

2. The Department of Planning and Budget shall include in the budget document the amount of projected spending and projected net tax-supported state debt for each year of the biennium on a per capita basis. For this purpose, "spending" is defined as total appropriations from all funds for the cited fiscal years as shown in the Budget Bill. The most current population estimates from the Weldon Cooper Center for Public Services shall be used to make the calculations.

~~D.1.a. Out of this appropriation, \$200,000 the first year and \$200,000 the second year from the general fund is provided to support the continuation of the school efficiency reviews program. Any school division undergoing an efficiency review shall provide a report to the Department of Planning and Budget indicating what action has been taken on each recommendation identified in the efficiency review along with any budget savings realized for each recommendation. The report shall also include a schedule for implementation of the remaining recommendations not implemented to date. The Department of Planning and Budget shall forward copies of the reports to the Chairmen of the House Appropriations, House Finance, and Senate Finance Committees within 30 days of receiving such reports. The first report shall be made within six months following the receipt of the final efficiency review, and subsequent follow-up reports shall be submitted annually by June 30 until 100 percent of the recommendations have been implemented or rationale reported that explain and address the division's lack of such implementation. The Department of Planning and Budget shall provide the format for such report that shall include budget savings realized for each recommendation implemented.~~

~~2.a. Notwithstanding any contrary provision of law, each participating school division shall pay a local share of the cost incurred by the state for that school division's efficiency review to be conducted. The local share of cost for the review shall be computed using the composite index of local ability to pay for each participating school division; however, such share shall not be less than 50 percent of the total cost. However, consistent with language and intent contained in Item 131, any school division that elects to participate in a school efficiency review as a component unit of a division level academic review shall be exempt from the local share of the costs of the review but will not be exempt from paying a recovery cost of 25 percent if the school division does not initiate at least 50 percent of the review's recommendations within 24 months of receiving their final school efficiency review report.~~

~~b. Effective for all reviews after July 1, 2013, the local share payment shall be made prior to the initiation of the review and shall be based upon the contracted price for the review. All subsequent payments to recover the local share of the balance of the cost of the review shall be~~

made in the fiscal year immediately following the completion of the final school efficiency review report. The cost shall include the direct cost incurred by the state for that fiscal year to coordinate the school efficiency review and 100 percent of the costs awarded to the contractor(s) to conduct that school division's review.

3. Additionally, commencing in FY 2007, a recovery of a separate and additional 25 percent payment not to exceed 100 percent of the cost of individual reviews shall be made in the fiscal year beginning not less than 12 months and not more than 24 months following the release of a final efficiency review report for an individual school division. Such recovery shall occur if the affected school division superintendent or superintendent's designee has not certified that at least half the recommendations have been initiated or at least half of the equivalent savings of such efficiency review have been realized. Lacking such certification the school division shall reimburse the state for an additional 25 percent of the cost, not to exceed 100 percent of the cost, of the school efficiency review. Such reimbursement shall be paid into the general fund of the state treasury. The Department of Planning and Budget shall provide the format for such certification.

4.a. Notwithstanding any contrary provision of law, commencing in FY 2014, any school division may also request the Department of Planning and Budget to coordinate a school efficiency review for the division, including but not limited to the selection of the contractor to conduct that school division's review, by entering into an agreement with the Department of Planning and Budget to participate in a locally-funded school efficiency review. Each participating school division shall pay 100 percent of the cost of the review. Any division that elects to participate in a locally-funded school efficiency review shall not be subject to the availability of state general fund appropriation provided in paragraph D-1 above; however, the number of divisions that could make use of this provision is limited to the amount of nongeneral fund appropriation provided for this purpose in this paragraph. A nongeneral fund appropriation of \$300,000 the first year and \$300,000 the second year is provided for use by the Department of Planning and Budget to facilitate the collection of payments from school divisions for the purposes of this item.

b. Payment shall be made in full from the participating school division to the Department of Planning and Budget following successful prior to making the final award of the contract to conduct the review. Under no circumstances shall state general fund appropriation be used to pay the costs of contracts awarded for a locally-funded school efficiency review under the provisions of paragraph D-4.a above.
