### CHAPTER 179

*An Act to amend and reenact § 33.2-335 of the Code of Virginia, relating to taking certain streets into secondary state highway system.*

[S 792]

Approved March 16, 2015

#### **Be it enacted by the General Assembly of Virginia:**

1. **That § 33.2-335 of the Code of Virginia is amended and reenacted as follows:**

#### **§ 33.2-335. Taking certain streets into secondary state highway system.**

A. For the purposes of this section:

"County" means a county in which the secondary state highway system is constructed and maintained by the Department and that has adopted a local ordinance for control of the development of subdivision streets to the necessary standards for acceptance into the secondary state highway system.

"Qualifying rural addition cost" means that portion of the estimated engineering and construction cost to improve the street to the minimum standards for acceptance remaining after reducing the total estimated cost by any prorated amount deemed the responsibility of others based on speculative interests.

"Rural addition funds" means those funds reserved from the county's annual allocation of secondary state highway system construction funds, as defined in § 33.2-324, for the purpose of this section. If such funds are not used by such county for such purpose during the fiscal year they are so allocated, the funds may be held for such purpose for the four succeeding fiscal years. A maximum of five percent of the annual secondary state system highway construction allocation may be reserved by the local governing body for rural additions.

"Speculative interest" means that the original developer or a successor developer retains ownership in any lot abutting such street for development or speculative purposes. In instances where it is determined that speculative interest is retained by the original developer, developers, or successor developers and the governing body of the county deems that extenuating circumstances exist, the governing body of the county shall require a pro rata participation by such original developer, developers, or successor developers as prescribed in subsection D as a condition of the county's recommendation pursuant to this section.

"Street" means a street or highway shown on a plat that ~~was has been~~ recorded or otherwise opened to public use ~~prior to July 1, 1992, at which time it was open to~~ and used by motor vehicles, *for at least 20 years* and that, for any reason, has not been taken into the secondary state highway system and serves at least three families per mile.

B. Whenever the governing body of a county recommends in writing to the Department that any street in the county be taken into and become a part of the secondary state highway system in such county, the Department thereupon, within the limit of available funds and the mileage available in such county for the inclusion of highways and streets in the secondary

state highway system, shall take such street into the secondary state highway system for maintenance, improvement, construction, and reconstruction if such street, at the time of such recommendation, (i) has a minimum dedicated width of 40 feet or (ii) in the event of extenuating circumstances as determined by the Commissioner of Highways, has a minimum dedicated width of 30 feet. In either case, such streets must have easements appurtenant thereto that conform to the policy of the Board with respect to drainage. After the streets are taken into the secondary state highway system, the Department shall maintain the same in the manner provided by law. However, no such street shall be taken into and become a part of the secondary state highway system unless and until any and all required permits have been obtained and any outstanding fees, charges, or other financial obligations of whatever nature have been satisfied or provision has been made, whether by the posting of a bond or otherwise, for their satisfaction.

C. Such street shall only be taken into the secondary state highway system if the governing body of the county has identified and made available the funds required to improve the street to the required minimum standards. The county may consider the following options to fund the required improvements for streets accepted under this section:

1. The governing body of the county may use a portion of the county's annual secondary state highway system construction allocation designated as rural addition funds to fund the qualifying rural addition costs for qualifying streets if the county agrees to contribute from county revenue or the special assessment of the landowners on the street in question one-half of the qualifying rural addition cost to bring the streets up to the necessary minimum standards for acceptance. No such special assessment of landowners on such streets shall be made unless the governing body of the county receives written declarations from the owners of 75 percent or more of the platted parcels of land abutting upon such streets stating their acquiescence in such assessments. The basis for such special assessments, at the option of the local governing body, shall be either (i) the proportion the value of each abutting parcel bears to the total value of all abutting parcels on such street as determined by the current evaluation of the property for real estate tax purposes, (ii) the proportion the abutting road front footage of each parcel abutting the street bears to the total abutting road front footage of all parcels abutting on the street, or (iii) an equal amount for each parcel abutting on such street. No such special assessment on any parcel shall exceed one-third of the current valuation of such property for real estate tax purposes. Special assessments under this section shall be conducted in the manner provided in Article 2 (§ 15.2-2404 et seq.) of Chapter 24 of Title 15.2, *mutatis mutandis*, for assessments for local improvements.

2. The governing body of any county may use a portion of its annual secondary state highway system construction allocation designated as rural addition funds to fund the qualifying rural addition cost for qualifying streets within the limitation of funds and the mileage limitation of the Board's policy on rural additions.

3. The governing body of any county may use revenues derived from the sale of bonds to finance the construction of rural additions to the secondary state highway system of such county. In addition, from the funds allocated by the Commonwealth for the construction of secondary state highway improvements, such local governing body may use funds allocated within the Board policy for the construction of rural additions to pay principal and interest on bonds associated with rural additions in such county, provided the revenue derived from the sale of such bonds is not used as the county matching contribution under § 33.2-357. The provisions of this section shall not constitute a debt or obligation of the Board or the Commonwealth.

4. The governing body of the county may expend general county revenue for the purposes of this section.

5. The governing body of the county may permit one or more of the landowners on the street in question to pay to the county a sum equal to one-half of the qualifying rural addition cost to bring the street up to the necessary minimum standards for acceptance into the secondary state highway system, which funds the county shall then utilize for such purpose. Thereafter, upon collection of the special assessment of landowners on such street, the county shall use such special assessment funds to reimburse, without interest, the one or more landowners for those funds that they previously advanced to the county to bring the street up to the necessary minimum standards for acceptance.

6. The governing body of the county may utilize the allocations made to the county in accordance with § 33.2-357.

D. In instances where it is determined that speculative interest exists, the basis for the pro rata percentage required of such developer, developers, or successor developers shall be the proportion that the value of the abutting parcels owned or partly owned by the developer, developers, or successor developers bears to the total value of all abutting property as determined by the current valuation of the property for real estate purposes. The pro rata percentage shall be applied to the Department's total estimated cost to construct such street to the necessary minimum standards for acceptance to determine the amount of costs to be borne by the developer, developers, or successor developers. Property so valuated shall not be assessed in the special assessment for the determination of the individual pro rata share attributable to other properties. Further, when such pro rata participation is accepted by the governing body of the county from such original developer, developers, or successor developers, such amount shall be deducted from the Department's total estimated cost, and the remainder of such estimated cost, the qualifying rural addition cost, shall then be the basis of determining the assessment under the special assessment provision or determining the amount to be provided by the county when funded from general county revenue under the definition of speculative interest in subsection A or determining the amount to be funded as a rural addition under the definition of qualifying rural addition cost in subsection A.

E. Acceptance of any street into the secondary state highway system for maintenance, improvement, construction, and reconstruction shall not impose any obligation on the Board to acquire any additional right-of-way or easements should they be necessary by virtue of faulty construction or design.

A. It is lawful for a person licensed pursuant to § 3.2-4115 to cultivate, produce, or otherwise grow industrial hemp in the Commonwealth for the purpose of research as part of the industrial hemp research program. No person licensed pursuant to § 3.2-4115 shall be prosecuted under § 18.2-247, 18.2-248, 18.2-248.01, 18.2-248.1, 18.2-250, or 18.2-250.1 for (i) the possession or cultivation of industrial hemp plant material or seeds as part of the industrial hemp research program or (ii) the manufacture of industrial hemp products as part of the industrial hemp research program. In any complaint, information, or indictment, and in any action or proceeding brought for the enforcement of any provision of Article I (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2 or the Drug Control Act, Chapter 34 (§ 54.1-3400 et seq.) of Title 54.1, it shall not be necessary to negate any exception, excuse, proviso, or exemption contained in this chapter or the Drug Control Act, and the burden of proof of any such exception, excuse, proviso, or exemption shall be on the defendant.

B. Nothing in this chapter shall be construed to authorize any person to violate any federal law or regulation. If any part of this chapter conflicts with a provision of federal law relating to industrial hemp that has been adopted in Virginia under this chapter, the federal provision shall control to the extent of the conflict.

C. No person shall be prosecuted under § 18.2-247, 18.2-248, 18.2-248.01, 18.2-248.1, 18.2-250, or 18.2-250.1 for the involuntary growth of industrial hemp through the inadvertent natural spread of seeds or pollen as a result of proximity to a licensed grower.

**§ 3.2-4114. Regulations.**

The Board may adopt regulations pursuant to this chapter as necessary to (i) license persons to grow industrial hemp or (ii) administer the industrial hemp research program.

**§ 3.2-4115. Issuance of licenses.**

This form of licensure shall only be allowed subject to a grant of necessary permissions, waivers, or other form of valid legal status by the U.S. Drug Enforcement Administration or other appropriate federal agency pursuant to applicable federal laws relating to industrial hemp.

B. Any person seeking to grow industrial hemp as part of the industrial hemp research program shall apply to the Commissioner for a license on a form provided by the Commissioner. At a minimum, the application shall include:

2. The legal description and geographic data sufficient for locating the production fields to be used to grow industrial hemp. A license shall authorize industrial hemp propagation only on the land areas specified in the license;
3. A signed statement indicating whether the applicant has ever been convicted of a felony. A person with a prior felony drug conviction within 10 years of applying for a license under this section shall not be eligible for the license;
4. Written consent allowing the sheriff's office, police department, or Department of State Police, if a license is ultimately issued to the applicant, to enter the premises on which the industrial hemp is grown to conduct physical inspections of industrial hemp planted and grown by the applicant and to ensure compliance with the requirements of this chapter. No more than two physical inspections shall be conducted under this subdivision per year, unless a valid search warrant for an inspection has been issued by a court of competent jurisdiction. All testing for THC levels shall be performed as provided in subsection K;

5. Documentation of an agreement between a public institution of higher education and the applicant that states that the applicant, if licensed pursuant to this section, will be a participant in the industrial hemp research program managed by that public institution of higher education;

6. Any other information required by the Commissioner; and

7. The payment of a nonrefundable application fee, in an amount set by the Commissioner.

The Department of State Police may charge a fee, as established by the Department of State Police, to be paid by the applicant for the actual cost of processing the background check. A copy of the results of the background check shall be sent to the Commissioner.

D. All license applications shall be processed as follows:

1. Upon receipt of a license application, the Commissioner shall forward a copy of the application to the Department of State Police, which shall initiate its review thereof;
2. The Department of State Police shall, within 60 days, perform the required state and national criminal history background check of the applicant; approve the application, if it is determined that the requirements relating to prior criminal convictions have been met; and return all applications to the Commissioner together with its findings and a copy of the state and national criminal history background check; and

3. The Commissioner shall review all license applications returned from the Department of State Police. If the Commissioner determines that all requirements have been met and that a license should be granted to the applicant, taking into consideration any prior convictions of the applicant, the Commissioner shall approve the application for issuance of a license.

E. The Commissioner may approve licenses for only those selected growers whose demonstration plots will, in the discretion of the Commissioner, advance the goals of the industrial hemp research program to the furthest extent possible based on location, soil type, growing conditions, varieties of industrial hemp and their suitability for particular hemp products, and other relevant factors. The location and acreage of each demonstration plot to be grown by a license holder, as well as the total number of plots to be grown by a license holder, shall be determined at the discretion of the Commissioner.

F. An industrial hemp research program grower license shall not be subject to a minimum acreage.

G. Each license shall be valid for a period of one year from the date of issuance and may be renewed in successive years. Each annual renewal shall require the payment of a license renewal fee.

H. The Commissioner shall establish the fee amounts required for license applications and license renewals allowed under this section. All application and license renewal fees collected by the Commissioner shall be deposited in the State Treasury.

I. A copy or appropriate electronic record of each license issued by the Commissioner under this section shall be forwarded immediately to the chief law-enforcement officer of each county or city where the industrial hemp is licensed to be planted, grown, and harvested.

*J. All records, data, and information filed in support of a license application shall be considered proprietary and excluded from the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).*

*K. The Commissioner shall be responsible for monitoring the industrial hemp grown by any license holder and shall provide for random testing of the industrial hemp for compliance with THC levels and for other appropriate purposes established pursuant to § 3.2-4114 at the cost of the license holder.*

**§ 3.2-4117. Additional industrial hemp licenses.**

*A. The Board may adopt regulations as necessary to license persons to grow industrial hemp in the Commonwealth for any purpose.*

*B. The Commissioner may establish a program of licensure, including the establishment of any fees, to allow a person to grow industrial hemp in the Commonwealth for any purpose.*

*C. Subsections A and B shall only be allowed subject to the authorization of industrial hemp growth and production in the United States under applicable federal laws relating to industrial hemp.*

**§ 3.2-4118. Forfeiture of industrial hemp grower license.**

The Commissioner shall provide reasonable notice of an informal fact-finding conference pursuant to § 2.2-4019 to any industrial hemp grower in connection with the denial, suspension, or revocation of the grower's license.*

*B. If a license is revoked as the result of an informal hearing, the decision may be appealed, and upon appeal an administrative hearing shall be conducted in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). The grower may appeal a final order to the circuit court in accordance with the Administrative Process Act.*

*of fuels; and the production costs, environmental issues, and costs and benefits involved with the use of industrial hemp for energy.*

*C. The research activities outlined in subsection B shall not:*

*1. Subject the industrial hemp research program to any criminal liability under the controlled substances laws of the Commonwealth. This exemption from criminal liability is a limited exemption that shall be strictly construed and that shall not apply to any activities of the industrial hemp research program that are not authorized; or*

*2. Alter, amend, or repeal by implication any provision of this Code relating to controlled substances.*

*D. The Commissioner shall pursue any permits or waivers from the U.S. Drug Enforcement Administration or appropriate federal agency that are necessary for the advancement of the industrial hemp research program.*

**1. That § 46.2-1110 of the Code of Virginia is amended and reenacted as follows:**

**§ 46.2-1110. Height of vehicles; damage to overhead obstruction; penalty.**

No loaded or unloaded vehicle shall exceed a height of 13 feet, six inches.

Nothing contained in this section shall require either the public authorities or railroad companies to provide vertical clearances of overhead bridges or structures in excess of 12 feet, six inches, or to make any changes in the vertical clearances of existing overhead bridges or structures crossing highways. The driver or owner of vehicles on highways shall be held financially responsible for any damage to overhead bridges or structures that results from collisions therewith.

The driver or owner of any vehicle colliding with an overhead bridge or structure shall immediately notify, either in person or by telephone, a law-enforcement officer or the public authority or railroad company, owning or maintaining such overhead bridge or structure of the fact of such collision, and his name, address, driver's license number, and the registration number of his vehicle. Failure to give such notice immediately, either in person or by telephone, shall constitute a Class 1 misdemeanor.

On any highway maintained by the ~~Virginia~~ Department of Transportation over which there is a bridge or structure having a vertical clearance of less than 14 feet, the Commissioner of Highways shall have at least two signs erected setting forth the height of the bridge or structure. When the optical system sensor located closest to the westbound tunnel entrance is used in identifying such vehicles, the system shall be installed at the specified height as determined by measurement standards that have been certified by the Commissioner of the ~~Virginia~~ Department of Agriculture and Consumer Services, and are traceable to national standards of measurement. Such identification by such system shall, for all purposes of law, be equivalent to having measured the height of the vehicle with a tape measure or other measuring device. *When an employee of the Department of Transportation or the Department of State Police identifies a vehicle whose height exceeds 13 feet, six inches and whose driver is driving or attempting to drive through the westbound tunnel of the Hampton Roads Bridge Tunnel on Interstate 64, the driver of such vehicle may elect to wait until the end of peak traffic periods, as determined by the Department of Transportation, so that the Department of Transportation or Department of State Police may safely stop traffic and allow such vehicle to proceed in the opposite direction. If the driver does not elect to wait, he shall be subject to the penalties under this section.*

Any person who drives or attempts to drive any vehicle or combination of vehicles into or through any tunnel when the height of such vehicle, any vehicle in a combination of vehicles, or any load on any such vehicle exceeds that permitted for such tunnel, shall be guilty of a misdemeanor and, in addition, shall be assessed three driver demerit points. In addition, the driver of any such vehicle shall be fined \$1,000, of which \$1,000 shall be a mandatory minimum. A. Every person convicted of a felony on or after July 1, 1990, every person convicted of a felony offense under Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2 who was incarcerated on July 1, 1989, and every person convicted of a violation of (i) § 18.2-67.4, (ii) § 18.2-67.4:2, (iii) subsection C of § 18.2-67.5, (iv) § 18.2-130 or (v) § 18.2-370.6 shall have a sample of his blood, saliva or tissue taken for DNA (deoxyribonucleic acid) analysis to determine identification characteristics specific to the person. If a sample has been previously taken from the person as indicated by the Local Inmate Data System (LIDS), no additional sample shall be taken. The Department of Forensic Science shall provide to LIDS the most current information submitted to the DNA data bank on a weekly basis and shall remove from LIDS and the data bank persons no longer eligible to be in the data bank. A fee of \$25 shall be charged for the withdrawal of this sample. The fee shall be taxed as part of the costs of the criminal case resulting in the conviction and one-half of the fee shall be paid into the general fund of the locality where the sample was taken and one-half of the fee shall be paid into the general fund of the state treasury. This fee shall only be taxed one time regardless of the number of samples taken. The assessment provided for herein shall be in addition to any other fees prescribed by law. The analysis shall be performed by the Department of Forensic Science or other entity designated by the Department. Every person so convicted after July 1, 1990, who is not sentenced to a term of confinement shall provide a blood, saliva or tissue sample as a condition of such sentence. A person required under this section to submit a sample for DNA analysis is not relieved from this requirement regardless of whether no blood, saliva, or tissue sample has been taken from the person or, if a sample has been taken, whether the sample or the results from the analysis of a sample cannot be found in the DNA data bank maintained by the Department of Forensic Science.

C. Nothing in this section shall prevent the Department of Forensic Science from including the identification characteristics of an individual's DNA profile in the DNA data bank as ordered by a circuit court pursuant to a lawful plea agreement.

The detention, arrest, or conviction of a person based upon a data bank match or data bank information is not invalidated if it is determined that the sample was obtained, placed, or retained in the data bank in good faith, or if the conviction or juvenile adjudication that resulted in the collection of the DNA sample was subsequently vacated or otherwise altered in any future proceeding, including but not limited to post-trial or post-fact-finding motions, appeals, or collateral attacks.

E. The Virginia Department of Corrections and the Department of Forensic Science shall, on a quarterly basis, compare databases of offenders under the custody or supervision of the Department of Corrections with the DNA data bank of the Department of Forensic Science. *F. The Department of State Police shall verify that a DNA sample required to be taken for the Sex Offender and Crimes Against Minors Registry pursuant to § 9.1-903 has been received by the Department of Forensic Science. G. Each community-based probation services agency established pursuant to § 9.1-174 shall determine by reviewing the Local Inmate Data System upon intake and again prior to discharge whether a blood, saliva, or tissue sample has been taken for DNA analysis for each offender required to submit a sample pursuant to this section and, if no sample has been taken, require an offender to submit a sample for DNA analysis.

~~G.~~ H. The sheriff or regional jailer shall determine by reviewing the Local Inmate Data System upon intake and again prior to release whether a blood, saliva, or tissue sample has been taken for DNA analysis for each offender required to submit a sample pursuant to this section and, if no sample has been taken, require an offender to submit a sample for DNA analysis.

*An Act to amend and reenact § 58.1-3851.1 of the Code of Virginia, relating to tourism zones; tax revenue for tourism projects.*

[H 1756]

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-3851.1 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-3851.1. Entitlement to tax revenues from tourism project.**

A. For purposes of this section, unless the context requires a different meaning:

"Economic development authority" means a local industrial development authority or a local or regional political subdivision, the public purpose of which is to assist in economic development.

"Gap financing" means debt financing to compensate for a shortfall in project funding between the expected development costs of an authorized tourism project and the debt and equity capital provided by the developer of the project.

B. 1. If a locality has established a tourism zone pursuant to § 58.1-3851, has adopted an ordinance establishing a tourism plan as determined by guidelines set forth by the Virginia Tourism Authority, and has adopted an ordinance authorizing a tourism project to meet a deficiency identified in the adopted tourism plan approved by the Virginia Tourism Authority, and the tourism project has been certified by the State Comptroller as qualifying for the entitlement to tax revenues authorized by this section, the authorized tourism project shall be entitled to an amount equal to the revenues generated by a one percent state sales and use tax on transactions taking place on the premises of the authorized tourism project. The entitlement shall be contingent on the locality enacting an ordinance designating certain local tax revenues to the tourism project pursuant to subsection C and shall be subject to the conditions set forth in subsection D. The purpose of such entitlement shall be to assist the developer with obtaining gap financing and making payments of principal and interest thereon. The entitlement shall continue until the gap financing is paid in full. Entitled sales tax revenues shall be applied solely to payments of principal and interest on the qualified gap financing.

2. On a quarterly basis, the Tax Commissioner shall certify the amount of the entitled sales tax revenues to the Comptroller, who shall remit such revenues to the county or city in which the authorized tourism project is located. The county or city shall remit the revenues to the economic development authority. No payments herein shall be made until an agreement exists between the developer of the authorized tourism project and the economic development authority.

3. The state sales tax entitlement established in subdivision 1 shall not include any sales tax revenues dedicated pursuant to § 58.1-638 or 58.1-638.1.

C. If a locality has adopted the ordinances required by subdivision B 1 to entitle an authorized tourism project to an amount equal to the revenues generated by a one percent state sales and use tax on transactions taking place on the premises of the authorized tourism project, the local governing body of the county or city in which the authorized tourism project is located shall also direct by ordinance that an amount equal to the revenues generated by at least a one percent local sales and use tax, or an equivalent amount of other local tax revenues as designated by the ordinance, generated by transactions taking place on the premises of the authorized tourism project shall be applied to the payment of principal and interest on the qualified gap financing. Such revenues shall be remitted in the same manner, for the same time period, and under the same conditions as the remittances paid in accordance with subsection B, mutatis mutandis.

D. Prior to any entitlement to tax revenues for an authorized tourism project pursuant to subsections B and C, the owner of such project shall have a minimum of ~~80~~ 70 percent of funding for the project in place through debt or equity, enter into a performance agreement with the economic development authority or political subdivision, and enter into an agreement to pay an access fee. The access fee shall be equivalent to the state sales tax revenue generated by and returned to the project pursuant to subdivision B 1 and shall be collected by the locality and remitted to the economic development authority on a quarterly basis. The access fee and the sales tax entitlement shall be used solely to make payments of principal and interest on the qualified gap funding.

E. In the event that the total amount of sales tax entitlement and the access fee exceeds any annual debt service on the qualified gap financing, such excess shall be paid to the principal of the loan until the qualified gap financing is paid in full.

[H 1921]

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 55-417 and 55-419 of the Code of Virginia are amended and reenacted as follows:**

**§ 55-417. Definitions.**

2. "Owner" means the owner, operator, lessor, or sublessor of a self-service storage facility, his agent, or any other person authorized to manage the facility or to receive rent from any occupant under a rental agreement.

The owner of a self-service storage facility is not a warehouseman as defined in § 8.7-102, unless the owner issues a warehouse receipt, bill of lading, or other document of title for the personal property stored, in which event, the owner and the occupant are subject to the provisions of Title 8.7 dealing with warehousemen.

If such default is not cured within ~~ten~~ 10 days after its occurrence, then the owner may proceed to enforce such lien by selling the contents of the occupant's unit at public auction, for cash, and apply the proceeds to satisfaction of the lien, with the surplus, if any, to be disbursed as hereinafter provided. Before conducting such a public auction, the owner shall notify the occupant as prescribed in subsection C of this section and shall advertise the time, place, and terms thereof in such manner as to give publicity thereto.

2. In the case of personal property having a fair market value in excess of \$1,000, and against which a creditor has filed a financing statement in the name of the occupant at the State Corporation Commission or in the city or county where the self-service storage facility is located or in the city or county in Virginia shown as the last known address of the occupant, or if such personal property is a watercraft required by the laws of Virginia to be registered and the Department of Game and Inland Fisheries shows a lien on the certificate of title, the owner shall notify the lienholder of record, by certified mail, at

the address on the financing statement or certificate of title, at least 10 days prior ~~thereto~~ *to* the time and place of the proposed public auction.

If the owner of the personal property cannot be ascertained, the name of "John Doe" shall be substituted in the proceedings hereunder and no written notice shall be required. Whenever a watercraft is sold hereunder, the Department of Game and Inland Fisheries shall issue a certificate of title and registration to the purchaser thereof upon his application containing the serial or motor number of the watercraft purchased, together with an affidavit by the lienholder, or by the person conducting the public auction, evidencing compliance with the provisions hereof.

B. Whenever the occupant is in default, the owner shall have the right to deny the occupant access to the leased space.

C. After the occupant has been in default for a period of ~~ten~~ 10 days, and before the owner can sell the occupant's personal property in accordance with this chapter, the owner shall send a further notice of default, by ~~registered or certified~~ *verified* mail, postage prepaid, to the occupant at his last known address *or, if expressly provided for in the rental agreement, such notice may be given by electronic means, provided that the sender retains sufficient proof of the electronic delivery, which may be an electronic receipt of delivery, a confirmation that the notice was sent by facsimile, or a certificate of service prepared by the sender confirming the electronic delivery.* Such notice of default shall include:

1. An itemized statement of the owner's claim, indicating the charges due on the date of the notice and the date when the charges became due;

2. A demand for payment of the charges due within a specified time not less than ~~twenty~~ 20 days after the date of the notice;

3. A statement that the contents of the occupant's leased space are subject to the owner's lien;

5. The name, street address, and telephone number of the owner or his designated agent whom the occupant may contact to respond to the notice.

D. At any time prior to the public auction pursuant to this section, the occupant may pay the amount necessary to satisfy the lien and thereby redeem the personal property.

E. In the event of a public auction pursuant to this section, the owner may satisfy his lien from the proceeds of the public auction, and shall hold the balance, if any, for delivery on demand to the occupant or other lienholder referred to in this chapter. However, the owner shall not be obligated to hold any balance for a lienholder of record notified pursuant to subdivision A 2, or any other lien creditor, that fails to claim an interest in the balance within ~~thirty~~ 30 days of the public auction. So long as the owner complies with the provisions of this chapter, the owner's liability to the occupant under this chapter shall be limited to the net proceeds received from the public auction of any personal property, and as to other lienholders, shall be limited to the net proceeds received from the public auction of any personal property covered by such superior lien.

F. Any public auction of the personal property shall be held at the self-service storage facility or at the nearest suitable place to where the personal property is held or stored. An advertisement shall be published in a newspaper of general circulation in the county, city or town in which the public auction is to be held at least once prior to the public auction. The advertisement must state (i) the fact that it is a public auction; (ii) the date, time and location of the public auction; and (iii) form of payment.

G. A purchaser in good faith of any personal property sold or otherwise disposed of pursuant to this chapter takes such property free and clear of any rights of persons against whom the lien was valid.

H. Any notice made pursuant to this section shall be presumed delivered when it is (i) deposited with the United States Postal Service and properly addressed to the occupant's last known address with postage prepaid *or (ii) sent by electronic means, provided that the sender retains sufficient proof of the electronic delivery, which may be an electronic receipt of delivery, a confirmation that the notice was sent by facsimile, or a certificate of service prepared by the sender confirming the electronic delivery. In the event of a dispute, the sender shall have the burden to demonstrate delivery of the notice of default.*

I. In the case of any motor vehicle, so long as the motor vehicle remains stored within such leased space, the owner shall have a lien on such vehicle in accordance with § 46.2-644.01.

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 19.2-310.2 and 19.2-310.7 of the Code of Virginia are amended and reenacted as follows:**

**§ 19.2-310.2. Blood, saliva, or tissue sample required for DNA analysis upon conviction of certain crimes; fee.**

A. Every person convicted of a felony on or after July 1, 1990, every person convicted of a felony offense under Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2 who was incarcerated on July 1, 1989, and every person convicted of

a *misdeemeanor* violation of ~~(i)~~ § 16.1-253.2, 18.2-60.3, 18.2-60.4, 18.2-67.4, ~~(ii)~~ § 18.2-67.4:1, 18.2-67.4:2, ~~(iii)~~ subsection E of § 18.2-67.5, ~~(iv)~~ § 18.2-102, 18.2-121, 18.2-130 or ~~(v)~~ §, 18.2-370.6, 18.2-387, 18.2-387.1, or 18.2-479.1 shall have a sample of his blood, saliva or tissue taken for DNA (deoxyribonucleic acid) analysis to determine identification characteristics specific to the person. If a sample has been previously taken from the person as indicated by the Local Inmate Data System (LIDS), no additional sample shall be taken. The Department of Forensic Science shall provide to LIDS the most current information submitted to the DNA data bank on a weekly basis and shall remove from LIDS and the data bank persons no longer eligible to be in the data bank. A fee of ~~\$25~~ \$53 shall be charged for the withdrawal of this sample. The fee shall be taxed as part of the costs of the criminal case resulting in the conviction and ~~one-half~~ \$15 of the fee shall be paid into the general fund of the locality where the sample was taken and ~~one-half~~ \$38 of the fee shall be paid into the general fund of the state treasury. This fee shall only be taxed one time regardless of the number of samples taken. The assessment provided for herein shall be in addition to any other fees prescribed by law. The analysis shall be performed by the Department of Forensic Science or other entity designated by the Department. The identification characteristics of the profile resulting from the DNA analysis shall be stored and maintained by the Department in a DNA data bank and shall be made available only as provided in § 19.2-310.5.

B. After July 1, 1990, the blood, saliva, or tissue sample shall be taken prior to release from custody. Notwithstanding the provisions of § 53.1-159, any person convicted of a ~~felony~~ *an offense listed in subsection A* who is in custody after July 1, 1990, shall provide a blood, saliva, or tissue sample prior to his release. Every person so convicted after July 1, 1990, who is not sentenced to a term of confinement shall provide a blood, saliva, or tissue sample as a condition of such sentence. A person required under this section to submit a sample for DNA analysis is not relieved from this requirement regardless of whether no blood, saliva, or tissue sample has been taken from the person or, if a sample has been taken, whether the sample or the results from the analysis of a sample cannot be found in the DNA data bank maintained by the Department of Forensic Science.

C. Nothing in this section shall prevent the Department of Forensic Science from including the identification characteristics of an individual's DNA profile in the DNA data bank as ordered by a circuit court pursuant to a lawful plea agreement.

D. A collection or placement of a sample for DNA analysis that was taken or retained in good faith does not invalidate the sample's use in the data bank pursuant to the provisions of this article. The detention, arrest, or conviction of a person based upon a data bank match or data bank information is not invalidated if it is determined that the sample was obtained, placed, or retained in the data bank in good faith, or if the conviction or juvenile adjudication that resulted in the collection of the DNA sample was subsequently vacated or otherwise altered in any future proceeding, including but not limited to post-trial or post-fact-finding motions, appeals, or collateral attacks.

E. The Virginia Department of Corrections and the Department of Forensic Science shall, on a quarterly basis, compare databases of offenders under the custody or supervision of the Department of Corrections with the DNA data bank of the Department of Forensic Science. The Virginia Department of Corrections shall require a DNA sample of those offenders under its custody or supervision if they are not identified in the DNA data bank.

F. Each community-based probation services agency established pursuant to § 9.1-174 shall determine by reviewing the Local Inmate Data System upon intake and again prior to discharge whether a blood, saliva, or tissue sample has been taken for DNA analysis for each offender required to submit a sample pursuant to this section and, if no sample has been taken, require an offender to submit a sample for DNA analysis.

G. The sheriff or regional jailer shall determine by reviewing the Local Inmate Data System upon intake and again prior to release whether a blood, saliva, or tissue sample has been taken for DNA analysis for each offender required to submit a sample pursuant to this section and, if no sample has been taken, require an offender to submit a sample for DNA analysis.

#### **§ 19.2-310.7. Expungement when DNA taken for a conviction.**

A person whose DNA profile has been included in the data bank pursuant to § 19.2-310.2 may request expungement on the grounds that the ~~felony~~ conviction on which the authority for including his DNA profile was based has been reversed and the case dismissed. ~~The~~ *Provided that the person's DNA profile is not otherwise required to be included in the data bank pursuant to § 9.1-903, 16.1-299.1, 19.2-310.2, or 19.2-310.2:1, the* Department of Forensic Science shall purge all records and identifiable information in the data bank pertaining to the person and destroy all samples from the person upon receipt of (i) a written request for expungement pursuant to this section and (ii) a certified copy of the court order reversing and dismissing the conviction.

**2. That the provisions of this act shall apply only to persons convicted on or after July 1, 2015.**

**1. § 1.** *The City of Lynchburg may by ordinance establish an airport police department at the Lynchburg Regional Airport. The authority of the airport police department shall be limited to real property owned, leased, or controlled by the Airport.*

*Such authority shall not supersede the authority, duties, or jurisdiction vested by law with the local police department or sheriff's office, including as provided in §§ 15.2-1609 and 15.2-1704 of the Code of Virginia. The airport police department and airport police officers shall be subject to and comply with the Constitution of the United States; the Constitution of Virginia; the laws governing municipal police departments, including the provisions of §§ 9.1-600, 15.2-1705 through 15.2-1708, 15.2-1719, 15.2-1721, and 15.2-1722 of the Code of Virginia; and any regulations adopted by the Criminal Justice Services Board that the Department of Criminal Justice Services designates as applicable to private police departments. ## CHAPTER 214

*An Act to amend and reenact §§ 55-79.76 and 55-79.77 of the Code of Virginia, relating to the Condominium Act; suspension of voting rights prohibited.*

[H 2055]

Approved March 16, 2015

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That §§ 55-79.76 and 55-79.77 of the Code of Virginia are amended and reenacted as follows:**

##### **§ 55-79.76. Same; quorums.**

(a) A. Unless the condominium instruments otherwise provide *or as specified in subsection G of § 55-79.77*, a quorum shall be deemed to be present throughout any meeting of the unit owners' association until adjourned if persons entitled to cast more than 33 1/3 percent of the votes are present at the beginning of such meeting. The bylaws may provide for a larger percentage, or for a smaller percentage not less than 10 percent.

(b) B. Unless the condominium instruments specify a larger majority, a quorum shall be deemed to be present throughout any meeting of the executive organ if persons entitled to cast one-half of the votes in that body are present at the beginning of such meeting.

##### **§ 55-79.77. Same; voting.**

A. The bylaws may allocate to each unit depicted on plats and plans that comply with subsections A and B of § 55-79.58 a number of votes in the unit owners' association proportionate to the undivided interest in the common elements appertaining to each such unit.

B. Otherwise, the bylaws shall allocate to each such unit an equal number of votes in the unit owners' association, subject to the following exception: Each convertible space so depicted shall be allocated a number of votes in the unit owners' association proportionate to the size of each such space, vis-a-vis the aggregate size of all units so depicted, while the remaining votes in the unit owners' association shall be allocated equally to the other units so depicted.

C. Since a unit owner may be more than one person, if only one of such persons is present at a meeting of the unit owners' association, that person shall be entitled to cast the votes appertaining to that unit. But if more than one of such persons is present, the vote appertaining to that unit shall be cast only in accordance with their unanimous agreement unless the condominium instruments expressly provide otherwise, and such consent shall be conclusively presumed if any one of them purports to cast the votes appertaining to that unit without protest being made forthwith by any of the others to the person presiding over the meeting. Since a person need not be a natural person, the word "person" shall be deemed for the purposes of this subsection to include, without limitation, any natural person having authority to execute deeds on behalf of any person, excluding natural persons, which is, either alone or in conjunction with another person or persons, a unit owner.

D. The votes appertaining to any unit may be cast pursuant to a proxy or proxies duly executed by or on behalf of the unit owner, or, in cases where the unit owner is more than one person, by or on behalf of all such persons. No such proxy shall be revocable except by actual notice to the person presiding over the meeting, by the unit owner or by any of such persons, that it be revoked. Except to the extent otherwise provided in the condominium instruments, any proxy shall be void if it is not dated, or if it purports to be revocable without notice as aforesaid. The proxy of any person shall be void if not signed by a person having authority, at the time of the execution thereof, to execute deeds on behalf of that person. Any proxy shall terminate after the first meeting held on or after the date of that proxy or any recess or adjournment of that meeting. The proxy shall include a brief explanation of the effect of leaving the proxy uninstructed. To the extent the condominium instruments or rules adopted thereto expressly so provide, a vote or proxy may be submitted by electronic transmission, provided that any such electronic transmission shall either set forth or be submitted with information from which it can be determined that the electronic transmission was authorized by the unit owner or the unit owner's proxy.

E. If 50 percent or more of the votes in the unit owners' association appertain to 25 percent or less of the units, then in any case where a majority vote is required by the condominium instruments or by this chapter, the requirement for such a

majority shall be deemed to include, in addition to the specified majority of the votes, assent by the unit owners of a like majority of the units.

F. All votes appertaining to units owned by the unit owners' association shall be deemed present for quorum purposes at all duly called meetings of the unit owners' association and shall be deemed cast in the same proportions as the votes cast by unit owners other than the unit owners' association.

G. *Except to the extent that the condominium instruments provide otherwise, the voting interest allocated to the unit or member that has been suspended by the unit owners' association or the executive organ pursuant to the condominium instruments shall not be counted in the total number of voting interests used to determine the quorum for any meeting or vote under the condominium instruments.*

If, for any reason, there is an insufficient number of certified elected candidates for the office of City Council after any municipal election, or if a City Council vacancy otherwise occurs, ~~except for resignations to run for the office of Mayor which should be filled as specified in § 3.03 e. above,~~ such vacancies shall be filled for the unexpired portion of the term by majority vote of the remaining members of the City Council, or, if the Council shall fail to fill a vacancy in its membership within sixty days of the occurrence of the vacancy, by appointment by a majority of the judges of the Circuit Court of the City.

If any person duly elected to the City Council shall fail to take the oath of office prior to the first day of January following such election, he or she shall be deemed to have declined the office, and the seat shall be deemed vacant. For the purpose of this section, a weapon shall be deemed to be hidden from common observation when it is observable but is of such deceptive appearance as to disguise the weapon's true nature. It shall be an affirmative defense to a violation of clause (i) regarding a handgun, that a person had been issued, at the time of the offense, a valid concealed handgun permit.

7a. Any person who is eligible for retirement with at least 20 years of service with a law-enforcement agency or board mentioned in subdivision 7 who has resigned in good standing from such law-enforcement agency or board to accept a position covered by a retirement system that is authorized under Title 51.1, provided such person carries with him written proof of consultation with and favorable review of the need to carry a concealed handgun issued by the chief law-enforcement officer of the agency from which he resigned or, in the case of special agents, issued by the State Corporation Commission or the Alcoholic Beverage Control Board. The issuance of the proof of consultation and favorable review shall be entered into the Virginia Criminal Information Network. The National Guard, the Virginia Defense Force; ~~the naval militia~~, and the unorganized militia or any part thereof may be ordered into service by the Governor in such order as he determines.

**§ 44-81. Length of service when called out.**

The National Guard, the Virginia Defense Force; ~~the naval militia~~, or the unorganized militia, when called into service by the Governor, shall serve for such time as, in the Governor's judgment, may be necessary.

Such payments shall be made on warrants to be drawn by the Comptroller, on the State Treasurer, upon certificates of the officer in actual command of the troops, and upon payrolls prepared according to such forms as the state regulations shall prescribe. Such payrolls and certificates are to be transmitted to the Adjutant General through the regular military channels, and he shall approve them before such warrants shall be drawn. The several transportation companies in this Commonwealth shall furnish transportation for troops so called out, stores, munitions and equipments, upon application of the officer in actual command, accompanied by a certificate from him of the number of personnel to be carried and their destination, and a copy of the order calling them out. For such transportation the transportation company shall be entitled to receive compensation from the Commonwealth.

There shall be no loss of regular employer pay during such leaves of absence, except that paid leaves of absence for federally funded military duty, to include training duty, shall not exceed fifteen workdays per federal fiscal year, and except that no officers or employees shall receive paid leave for more than fifteen workdays per federally funded tour of active military duty.

When relieved from such duty, they shall be restored to positions held by them when ordered to duty. If the office or position has been abolished or otherwise has ceased to exist during such leave of absence, they shall be reinstated in a position of like seniority, status and pay, if the position exists, or in a comparable vacant position for which they are qualified, unless to do so would be unreasonable.

Where such employee returns from federally funded military duty and the eight-hour rest period required by the Uniformed Services Employment and Reemployment Rights Act (38 U.S.C. § 4301 et seq.) overlaps such employee's scheduled work shift, the employee shall receive paid military leave to the extent of such overlap.

B. A person shall be considered to have denied a member of the Virginia National Guard; *or* Virginia Defense Force; ~~or naval militia~~ initial employment, reemployment, retention in employment, promotion, or a benefit of employment in violation of this section if the member's membership, application for membership, performance of service, application for service, or obligation for service is a motivating factor in that person's action, unless the person can prove by the greater weight of the evidence that the same unfavorable action would have taken place in the absence of the member's membership, application for membership, performance of service, application for service, or obligation for service.

**§ 44-94. Exemption from jury duty.**

The active officers and members of the National Guard ~~and naval militia~~ shall be exempt from serving on juries in civil and criminal cases upon presentation to the clerk of the court of a certificate of such membership signed by the commanding officer of the unit of which the person summoned for jury service is a member.

Any party to or attorney in an action or proceeding in any court, including the Supreme Court of Virginia, commission, or other tribunal having judicial or quasi-judicial powers or jurisdiction who has been ordered to participate in state active duty, annual active duty for training, or temporary active duty in the reserve forces of any of the armed services of the United States; *or* National Guard; ~~or naval militia~~ shall be entitled to a continuance, not to exceed three weeks, as a matter of right during the period of such duty, provided the continuance is requested at least four days prior to the first day for which the continuance is sought. The period required by any statute or rule for the filing of any pleading or the performance of any act relating thereto shall be extended for seven days after such active duty, provided a request is made four days prior to the date the pleading or act is due. The failure of any court, commission, or other tribunal to allow such continuance when requested to do so or the returning of such filing or act during the period hereinabove specified shall constitute reversible error. This section shall not prevent the granting of temporary injunctive relief or the dissolution or extension of a temporary injunction, but the right to such relief shall remain in the sound discretion of the court or other such tribunal.

**§ 44-98. Interference with employment of members of Virginia National Guard or Virginia Defense Force.**

**§ 65.2-101. Definitions.**

As used in this title:

"Average weekly wage" means:

1. a. The earnings of the injured employee in the employment in which he was working at the time of the injury during the period of 52 weeks immediately preceding the date of the injury, divided by 52; but if the injured employee lost more than seven consecutive calendar days during such period, although not in the same week, then the earnings for the remainder of the 52 weeks shall be divided by the number of weeks remaining after the time so lost has been deducted.

When the employment prior to the injury extended over a period of less than 52 weeks, the method of dividing the earnings during that period by the number of weeks and parts thereof during which the employee earned wages shall be followed, provided that results fair and just to both parties will be thereby obtained. When, by reason of a shortness of time during which the employee has been in the employment of his employer or the casual nature or terms of his employment, it is impractical to compute the average weekly wages as above defined, regard shall be had to the average weekly amount which during the 52 weeks previous to the injury was being earned by a person of the same grade and character employed in the same class of employment in the same locality or community.

b. When for exceptional reasons the foregoing would be unfair either to the employer or employee, such other method of computing average weekly wages may be resorted to as will most nearly approximate the amount which the injured employee would be earning were it not for the injury.

2. Whenever allowances of any character made to an employee in lieu of wages are a specified part of the wage contract, they shall be deemed a part of his earnings. For the purpose of this title, the average weekly wage of the members of the Virginia National Guard; ~~the Virginia Naval Militia~~ and the Virginia Defense Force, registered members on duty or in training of the United States Civil Defense Corps of ~~this the~~ Commonwealth, volunteer firefighters engaged in firefighting activities under the supervision and control of the Department of Forestry, and forest wardens shall be deemed to be such amount as will entitle them to the maximum compensation payable under this title; however, any award entered under the provisions of this title on behalf of members of the National Guard; ~~the Virginia Naval Militia~~ or their dependents, or registered members on duty or in training of the United States Civil Defense Corps of ~~this the~~ Commonwealth or their dependents, shall be subject to credit for benefits paid them under existing or future federal law on account of injury or occupational disease covered by the provisions of this title.

3. Whenever volunteer firefighters, volunteer lifesaving or volunteer rescue squad members, volunteer law-enforcement chaplains, auxiliary or reserve police, auxiliary or reserve deputy sheriffs, volunteer emergency medical technicians, members of volunteer search and rescue organizations, volunteer members of community emergency response teams, and volunteer members of medical reserve corps are deemed employees under this title, their average weekly wage shall be deemed sufficient to produce the minimum compensation provided by this title for injured workers or their dependents. For the purposes of workers' compensation insurance premium calculations, the monthly payroll for each volunteer firefighter or volunteer lifesaving or volunteer rescue squad member shall be deemed to be \$300.

b. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

12. For taxable years beginning on and after January 1, 2007, an amount equal to 20 percent of the sum paid by an individual pursuant to Chapter 6 (§ 58.1-600 et seq.), not to exceed \$500 in each taxable year, in purchasing for his own use the following items of tangible personal property: (i) any clothes washers, room air conditioners, dishwashers, and standard size refrigerators that meet or exceed the applicable energy star efficiency requirements developed by the United States Environmental Protection Agency and the United States Department of Energy; (ii) any fuel cell that (a) generates electricity using an electrochemical process, (b) has an electricity-only generation efficiency greater than 35 percent, and (c) has a generating capacity of at least two kilowatts; (iii) any gas heat pump that has a coefficient of performance of at least 1.25 for heating and at least 0.70 for cooling; (iv) any electric heat pump hot water heater that yields an energy factor of at least 1.7; (v) any electric heat pump that has a heating system performance factor of at least 8.0 and a cooling seasonal energy efficiency ratio of at least 13.0; (vi) any central air conditioner that has a cooling seasonal energy efficiency ratio of at least 13.5; (vii) any advanced gas or oil water heater that has an energy factor of at least 0.65; (viii) any advanced oil-fired boiler with a minimum annual fuel-utilization rating of 85; (ix) any advanced oil-fired furnace with a minimum annual fuel-utilization rating of 85; and (x) programmable thermostats.

13. For taxable years beginning on or after January 1, 2007, the lesser of \$5,000 or the amount actually paid by a living donor of an organ or other living tissue for unreimbursed out-of-pocket expenses directly related to the donation that arose within 12 months of such donation, provided the donor has not taken a medical deduction in accordance with the provisions of § 213 of the Internal Revenue Code for such expenses. The deduction may be taken in the taxable year in which the donation is made or the taxable year in which the 12-month period expires.

14. For taxable years beginning on or after January 1, 2013, the amount an individual age 66 or older with earned income of at least \$20,000 for the year and federal adjusted gross income not in excess of \$30,000 for the year pays annually in premiums for (i) a prepaid funeral insurance policy covering the individual or (ii) medical or dental insurance for any person for whom individual tax filers may claim a deduction for such premiums under federal income tax laws. "Earned income" means the same as that term is defined in § 32(c) of the Internal Revenue Code of 1954, as amended or renumbered. The deduction shall not be allowed for any portion of such premiums paid for which the individual has (a) been reimbursed, (b) claimed a deduction for federal income tax purposes, (c) claimed a deduction or subtraction under another provision of this section, or (d) claimed a federal income tax credit or any income tax credit pursuant to this chapter.

E. There shall be added to or subtracted from federal adjusted gross income, as the case may be, the individual's share, as beneficiary of an estate or trust, of the Virginia fiduciary adjustment determined under § 58.1-361.

F. There shall be added or subtracted, as the case may be, the amounts provided in § 58.1-315 as transitional modifications.

G. Effective for all taxable years beginning on or after January 1, 2007, to the extent included in federal adjusted gross income, there shall be (i) subtracted from federal adjusted gross income by a shareholder of an electing small business corporation (S corporation) that is subject to the bank franchise tax imposed under Chapter 12 (§ 58.1-1200 et seq.) for the calendar year in which such taxable year begins, the shareholder's allocable share of the income or gain of such electing small business corporation (S corporation), and (ii) added back to federal adjusted gross income such that, federal adjusted gross income shall be increased, by a shareholder of an electing small business corporation (S corporation) that is subject to the bank franchise tax imposed under Chapter 12 (§ 58.1-1200 et seq.) for the calendar year in which such taxable year begins, the shareholder's allocable share of the losses or deductions of such electing small business corporation (S corporation).

Effective for all taxable years beginning on or after January 1, 2007, to the extent excluded from federal adjusted gross income, there shall be added to federal adjusted gross income by a shareholder of an electing small business corporation (S corporation) that is subject to the bank franchise tax imposed under Chapter 12 (§ 58.1-1200 et seq.) for the calendar year in which such taxable year begins, the value of any distribution paid or distributed to the shareholder by such electing small business corporation (S corporation).

H. Notwithstanding any other provision of law, the income from any disposition of real property which is held by the taxpayer for sale to customers in the ordinary course of the taxpayer's trade or business, as defined in § 453(l)(1)(B) of the Internal Revenue Code, of property made on or after January 1, 2009, may, at the election of the taxpayer, be recognized under the installment method described under § 453 of the Internal Revenue Code, provided that (i) the election relating to the dealer disposition of the property has been made on or before the due date prescribed by law (including extensions) for filing the taxpayer's return of the tax imposed under this chapter for the taxable year in which the disposition occurs, and (ii) the dealer disposition is in accordance with restrictions or conditions established by the Department, which shall be set forth in guidelines developed by the Department. Along with such restrictions or conditions, the guidelines shall also address the recapture of such income under certain circumstances. The development of the guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

## CHAPTER 228

*An Act to amend the Code of Virginia by adding a section numbered 19.2-349.1, relating to the collection of fines, costs, forfeitures, penalties, or restitution by the Department of Motor Vehicles.*

[S 1411]

Approved March 17, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding a section numbered 19.2-349.1 as follows:**

**§ 19.2-349.1. Receipt of unpaid fines, costs, forfeitures, penalties, or restitution by Department of Motor Vehicles.**

*At the direction of the Committee on District Courts or at the request of a circuit court clerk, the Executive Secretary of the Supreme Court may enter into an agreement with the Commissioner of the Department of Motor Vehicles authorizing the Department of Motor Vehicles to receive, on behalf of a district or circuit court, payment of any delinquent fines, costs, forfeitures, and penalties, including any court-ordered restitution of a sum certain, imposed by a court for the violation of a state law or a local ordinance. However, in no case shall the Department of Motor Vehicles be authorized to establish an installment plan for any such payments or to receive partial payment of the full amount imposed by the court for the violation of a state law or a local ordinance.*

*For each such payment it receives, the Department of Motor Vehicles may impose and collect a processing fee, to be used to defray the costs of the transaction to the Department. Such transaction fee shall be \$2, unless payment is made by credit card or debit card and the merchant's fees and other transaction costs imposed by the card issuer are charged to the Department of Motor Vehicles, in which case the processing fee shall be the greater of (i) \$2 or (ii) an amount not to exceed four percent of the amount of the payment. The Department may also collect any processing fee charged by a private vendor operating under contract to distribute to the court payments received by the Department. All processing fees imposed and collected by the Department of Motor Vehicles under this section shall be in addition to the other fees specified in this chapter. All such processing fees collected by the Department of Motor Vehicles shall be paid into the state treasury as provided in § 46.2-206 and used to meet the expenses of the Department of Motor Vehicles. The service charge provided under § 46.2-212.1 shall not be added to the processing fee authorized under this section. Other fees specified in this chapter, including those payable pursuant to collections contracts made by attorneys for the Commonwealth, shall not be diminished or offset due to receipt of payments by the Department of Motor Vehicles.*

**2. That the Commissioner of the Department of Motor Vehicles and the Executive Secretary of the Supreme Court shall submit a report of their progress in implementing the provisions of this act by December 1 of each year to the Chairmen of the House and Senate Committees for Courts of Justice and the House and Senate Committees on Transportation.**

## CHAPTER 229

*An Act to amend and reenact § 58.1-1833 of the Code of Virginia, relating to the payment of individual income tax refunds.*

[H 1286]

Approved March 17, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-1833 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-1833. Interest on overpayments or improper collection.**

A. Interest shall be allowed and paid upon the overpayment of any tax administered by the Department, the refund of which is permitted or required under the provisions of this article, or on moneys improperly collected from the taxpayer and refunded pursuant to § 58.1-1822, at a rate equal to the rate of interest established pursuant to § 58.1-15. Such interest shall accrue from a date sixty days after payment of the tax, or sixty days after the last day prescribed by law for such payment, whichever is later, and shall end on a date determined by the Department preceding the date of the refund check by not more than thirty days. Notwithstanding the above, any tax refunded pursuant to a court order or otherwise as a result of an erroneous assessment shall bear interest from the date the assessment was paid. No interest will be paid on sales taxes refunded to a dealer unless the dealer agrees to pass such interest on to the purchaser.

B. 1. Notwithstanding the provisions of subsection A, if an individual overpays his individual income tax, the overpayment was for individual income taxes for the immediately preceding taxable year, and the overpayment has not been refunded, then interest shall accrue on the amount of the overpayment, beginning:

(i) thirty days after payment of such tax if the individual filed his individual income tax return via electronic means; or  
(ii) sixty days after payment of such tax if the individual filed his individual income tax return using a method other than electronic means.

In no case shall interest be paid for the overpayment of the same tax pursuant to this subsection and subsection A.

2. For the purposes of this subsection, interest shall accrue at a rate equal to the rate of interest established pursuant to § 58.1-15. Such interest shall end on a date determined by the Department preceding the date of the refund check by not more than seven days.

C. For purposes of this section:

1. Any individual income tax deducted and withheld at the source and paid to the Department, and any amount paid as estimated tax, shall be deemed to have been paid on the day on which the return for such year's income was filed;

2. Any corporate or estate and trust income tax deducted and withheld at the source and paid to the Department, and any amount paid as estimated tax, shall be deemed to have been paid on the day on which the return for such year's income was filed, or the last day prescribed by law for filing such return, whichever is later; and

3. Any overpayment of tax resulting from the carry-back of a net operating loss or net capital loss shall be deemed to have been made on the day on which the return for the year in which the loss occurred was filed, or the last day prescribed by law for such filing, whichever is later.

*D. The Tax Commissioner and the State Comptroller shall implement procedures to allow an individual requesting a refund of the overpayment of individual income tax when filing his individual income tax return to elect on such return to have the refund paid by check mailed to the address provided on his return. The ability of the individual to elect such refund check shall be in addition to other methods utilized by the State Comptroller for the payment of such refund, including but not limited to direct deposits or other electronic means.*

**2. That the provisions of this act shall be applicable to individual income tax returns relating to taxable year 2015 and taxable years thereafter.**

## CHAPTER 230

*An Act to amend the Code of Virginia by adding in Article 2 of Chapter 35 of Title 58.1 a section numbered 58.1-3508.6, relating to machinery and tools tax; machinery and tools used directly in producing or generating renewable energy.*

[H 1297]

Approved March 17, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding in Article 2 of Chapter 35 of Title 58.1 a section numbered 58.1-3508.6 as follows:**

**§ 58.1-3508.6. *Separate classification of machinery and tools used directly in producing or generating renewable energy.***

*Machinery and tools, including repair and replacement parts, owned by a business and used directly in producing or generating renewable energy shall constitute a classification for local taxation separate from other classifications of machinery and tools as defined in § 58.1-3507. The governing body of any county, city, or town may levy a tax on such classification of property at a different rate from the tax levied on other machinery and tools. The rate of tax and the rate of assessment shall not exceed that applicable to the general class of machinery and tools.*

*The rate of tax and rate of assessment under this section shall not apply to machinery and tools owned by a business and used directly in producing or generating renewable energy covered under Chapter 26 (§ 58.1-2600 et seq.), unless the rate of tax and rate of assessment under this section would result in a lower property tax on such machinery and tools.*

*As used in this section, "renewable energy" means energy derived from sunlight, wind, falling water, biomass, sustainable or otherwise (the definitions of which shall be liberally construed), energy from waste, landfill gas, municipal solid waste, wave motion, tides, or geothermal power and does not include energy derived from coal, oil, natural gas, or nuclear power.*

## CHAPTER 231

*An Act to amend the Code of Virginia by adding in Title 56 a chapter numbered 28, consisting of sections numbered 56-610, 56-611, and 56-612, relating to natural gas system expansion infrastructure; recovery and deferral of costs.*

[H 1475]

Approved March 17, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding in Title 56 a chapter numbered 28, consisting of sections numbered 56-610, 56-611, and 56-612, as follows:**

### CHAPTER 28.

#### NATURAL GAS SYSTEM EXPANSION INFRASTRUCTURE.

##### § 56-610. *Definitions.*

*As used in this chapter, unless the context requires otherwise:*

*"Affected customer" means any customer of a natural gas utility receiving service at a premises served by eligible system expansion infrastructure. Any customer receiving natural gas service for which the natural gas utility has received the entire amount required to cover the cost of the eligible system expansion infrastructure as a contribution in aid to construction shall not be considered an affected customer.*

"Eligible expansion investment" means that portion of the total capital investment made by a natural gas utility in constructing eligible system expansion infrastructure that is in excess of those costs that would be considered economic under a natural gas utility's economic test, net of any contributions in aid of construction, up to the maximum level of investment per affected customer specified in a system expansion plan.

"Eligible system expansion infrastructure" means natural gas main pipelines and associated facilities, including service lines, meters, and other pertinent facilities, that are constructed and operated by a natural gas utility to deliver natural gas service to affected customers located in an unserved area.

"Eligible system expansion infrastructure costs" includes:

1. Return on investment. In calculating the return on investment, the Commission shall use the natural gas utility's weighted average cost of capital, including the cost of debt and equity, based on its regulatory capital structure used in determining the natural gas utility's base rates in effect during the construction period of the eligible system expansion, applied to eligible expansion investment. The investment, as adjusted for the reserve for depreciation and accumulated deferred income taxes, shall be multiplied by the weighted average cost of capital to determine the return on investment;

2. A revenue conversion factor, which factor, including income taxes and an allowance for bad debt expense, shall be applied to the required operating income resulting from the eligible system infrastructure expansion costs;

3. Education and outreach expense. Such expense shall include costs for education and outreach for increasing program awareness;

4. Depreciation, the calculation of which by the Commission shall be based on the natural gas utility's current depreciation rates applied to eligible expansion investment; and

5. Property taxes attributable to eligible expansion investment.

"Natural gas utility" means any investor-owned public service company engaged in the business of furnishing natural gas service to the public.

"System expansion plan" means a plan filed by a natural gas utility that identifies the level of eligible system expansion infrastructure costs that are projected to be incurred over the term of the plan and provides the calculation of a system expansion rider.

"System expansion rider" means a recovery mechanism that will allow for recovery of the eligible system expansion infrastructure costs from affected customers, through a separate mechanism from the customer rates established in a rate case using the cost-of-service methodology set forth in § 56-235.2 or a performance-based regulation plan authorized by § 56-235.6. A system expansion rider shall be designed to recover eligible system expansion infrastructure costs.

**§ 56-611. Petition to establish or amend expansion plan; cost recovery; procedures.**

A. Notwithstanding the provisions of § 56-235.4, a natural gas utility may file a system expansion plan as provided in this chapter. Such a plan shall provide for (i) a business rationale explaining that the expansion plan is in the public interest and of benefit to the affected customers served under the system expansion plan, (ii) the period the system expansion rider is proposed to be in effect, (iii) the estimated eligible system expansion infrastructure costs and a maximum level of investment to be included in the program, (iv) a maximum level of investment per affected customer, (v) the projected number of customers by rate class that will be served by the proposed investment, (vi) a schedule for recovery of the related eligible system expansion infrastructure costs through a system expansion rider, (vii) a methodology for deferral of unrecovered eligible system expansion infrastructure costs, calculated as determined pursuant to § 56-612, (viii) the class or classes of customers eligible to participate in a system expansion plan, and (ix) the period of time that a customer at a premises receiving natural gas service from eligible system expansion infrastructure will be considered an affected customer for purposes of this chapter. The natural gas utility shall demonstrate that the system expansion plan is prudent and reasonable. The Commission may approve such a plan after such notice and opportunity for a hearing as the Commission may prescribe, subject to the provisions of this chapter.

B. The Commission shall approve a natural gas utility's system expansion plan if it finds that the plan (i) includes the components set forth in subsection A, (ii) provides for the recovery of eligible system expansion infrastructure costs in accordance with the provisions of this chapter, and (iii) is prudent and reasonable. In a final order approving a natural gas utility's system expansion plan, the Commission may require the natural gas utility to file an annual report with the Commission demonstrating whether the natural gas utility's recovery of eligible system expansion infrastructure costs pursuant to its system expansion plan complies with the requirements of clause (ii). Upon a finding by the Commission that a natural gas utility's system expansion plan does not comply with the requirements of clause (ii), the Commission may direct, by order, the natural gas utility to exclude from deferral any unrecovered costs in excess of costs that may be recovered by a system expansion rider.

C. The Commission shall act on a natural gas utility's initial application for a system expansion plan within 180 days. Within that time period, the Commission shall approve, deny, or modify the plan as required by the public interest. A plan filed pursuant to this section shall not require the filing of rate schedules typically filed in conjunction with a rate case using the cost-of-service methodology set forth in § 56-235.2 or a performance-based rate regulation plan authorized by § 56-235.6. The Commission shall act on a natural gas utility's application to amend a previously approved plan within 120 days. Within that time period, the Commission shall approve, deny, or modify the amended plan as required by the public interest. If the Commission denies such a plan or amendment or any part thereof, it shall set forth with specificity the reasons for such denial, and the utility shall have the right to refile, without prejudice, an amended plan or amendment within 60 days, and the Commission shall thereafter have 90 days to approve or deny the amended plan or amendment. The

time period for Commission review provided for in this subsection shall not apply if the system expansion plan is filed in conjunction with a rate case using the cost-of-service methodology set forth in § 56-235.2 or a performance-based rate regulation plan authorized by § 56-235.6.

D. Any system expansion plan and any system expansion rider that is submitted to and approved by the Commission shall allocate and charge costs in accordance with the appropriate cost causation principles in order to avoid any undue cross-subsidization between rate classes.

E. No other revenue requirement or ratemaking issues may be examined in consideration of the application filed pursuant to the provisions of this chapter.

F. Costs recovered pursuant to this chapter shall be in addition to all other costs that the natural gas utility is permitted to recover, shall not be considered an offset to other Commission-approved costs of service or revenue requirements, and shall not be included in any computation relative to a performance-based regulation plan revenue-sharing mechanism.

G. A natural gas utility shall have the opportunity to seek recovery of any costs associated with eligible expansion investment not yet recovered at the end of a system expansion plan in a rate case using the cost-of-service methodology set forth in § 56-235.2 or performance-based regulation plan authorized by § 56-235.6. Such recovery shall be subject to Commission approval based upon a determination that the benefits provided by affected customers added under the system expansion plan or plans equal or exceed the impact of recovering such costs from existing customers of the natural gas utility.

H. The provisions of this chapter shall not preclude the filing of other plans or tariff provisions related to extending natural gas infrastructure.

I. The provisions of this chapter shall not apply to interstate pipeline companies regulated by the Federal Energy Regulatory Commission.

**§ 56-612. Deferral of eligible system expansion infrastructure costs.**

A. A natural gas utility shall account for the difference between actual monthly eligible system expansion infrastructure costs incurred on the cumulative investment in eligible system expansion infrastructure and revenue collected through a system expansion rider as a deferred cost. Such deferred costs shall be accounted for as a regulatory asset and shall not be subject to write-off or write-down by the Commission in an earnings test filing made pursuant to Commission rules governing utility rate increases and annual informational filings.

B. If a natural gas utility collects all of the deferred eligible system expansion infrastructure costs, as well as all eligible expansion investment, through a system expansion rider prior to the expiration of the time period specified in its system expansion plan pursuant to clause (ii) of subsection A of § 56-611, the system expansion rider shall terminate. A natural gas utility may extend the system expansion rider beyond the period it is proposed to be in effect if necessary to recover any uncollected deferral or eligible system expansion infrastructure costs. A natural gas utility shall notify the Commission of any termination or extension of a system expansion rider at least 60 days prior to its termination or extension. Such termination or extension of the system expansion rider shall be subject to Commission approval.

C. Deferral of costs recovered pursuant to this chapter shall have no effect on the recovery of any other cost by the natural gas utility and shall not be included in any computation relative to a performance-based regulation plan revenue-sharing mechanism.

**2. That, in recognition of the importance of environmentally responsible practices when constructing utility infrastructure in the Commonwealth, each construction project that is undertaken pursuant to the provisions of this act shall be completed in compliance with the current Annual Standards and Specifications, as amended from time to time, that is filed with the Department of Environmental Quality by the natural gas utility that undertakes the project.**

**§ 33.2-2604. Decisions of Commission.**

A majority of the Commission, which majority shall include at least a majority of the chief elected officers of the counties and cities embraced by the Commission, shall constitute a quorum. Decisions of the Commission shall require a quorum and shall be in accordance with voting procedures established by the Commission. In all cases, decisions of the Commission shall require the affirmative vote of two-thirds of the members of the Commission present and voting, and two-thirds of the chief elected officers of the counties and cities embraced by Planning District 23 who are present and voting and whose counties and cities include at least two-thirds of the population embraced by the Commission; however, no motion to fund a specific facility or service shall fail because of this population criterion if such facility or service is not located or to be located or provided or to be provided within the county or city whose chief elected officer's sole negative

vote caused the facility or service to fail to meet the population criterion. The population of counties and cities embraced by the Commission shall be the population as determined by the most recently preceding decennial census, except that on July 1 of the fifth year following such census, the population of each county and city shall be adjusted, based on population ~~projections~~ *estimates* made by the Weldon Cooper Center for Public Service of the University of Virginia.

If the remaining term of the lease is fifty years or more, or the lease permits the lessee to acquire the real property for a nominal sum at the completion of the term, such leasehold interest shall be assessed as if the lessee were the owner. Otherwise, such assessment shall be reduced two percent for each year that the remainder of such term is less than fifty years; however, no such assessment shall be reduced more than eighty-five percent. If the lessee has a right to renew without the consent of the lessor, the term of such lease shall be the sum of the original lease term plus all such renewal terms.

When any real property is exempt from taxation under Section 6 (a) (1) or (2) or by designation under Section 6 (a) (6) of Article X of the Constitution of Virginia, the leasehold interest in such property may also be exempt from taxation, provided that the property is leased to a lessee ~~who~~ *that* is exempt from taxation pursuant to § 501(c) of the Internal Revenue Code *or to a lessee that is entitled to or has received federal rehabilitation tax credits relating to the property pursuant to 26 U.S.C. § 47 or any successor thereto*, and is used exclusively by such lessee primarily for charitable, literary, scientific, *cultural*, or educational purposes. ### CHAPTER 235

*An Act to amend and reenact § 58.1-512 of the Code of Virginia, relating to the land preservation tax credit.*

[H 1828]

Approved March 17, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-512 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-512. Land preservation tax credits for individuals and corporations.**

A. For taxable years beginning on or after January 1, 2000, there shall be allowed as a credit against the tax liability imposed by §§ 58.1-320 and 58.1-400, an amount equal to 50 percent of the fair market value of any land or interest in land located in Virginia which is conveyed for the purpose of agricultural and forestal use, open space, natural resource, and/or

biodiversity conservation, or land, agricultural, watershed and/or historic preservation, as an unconditional donation by the landowner/taxpayer to a public or private conservation agency eligible to hold such land and interests therein for conservation or preservation purposes. For such conveyances made on or after January 1, 2007, the tax credit shall be 40 percent of the fair market value of the land or interest in land so conveyed.

B. The fair market value of qualified donations made under this section shall be determined in accordance with § 58.1-512.1 and substantiated by a "qualified appraisal" prepared by a "qualified appraiser," as those terms are defined under applicable federal law and regulations governing charitable contributions. The value of the donated interest in land that qualifies for credit under this section, as determined according to appropriate federal law and regulations, shall be subject to the limits established by United States Internal Revenue Code § 170(e). In order to qualify for a tax credit under this section, the qualified appraisal shall be signed by the qualified appraiser, who must be licensed in the Commonwealth of Virginia as provided in § 54.1-2011, and a copy of the appraisal shall be submitted to the Department. In the event that any appraiser falsely or fraudulently overstates the value of the contributed property in an appraisal that the appraiser has signed, the Department may disallow further appraisals signed by the appraiser and shall refer the appraiser to the Real Estate Appraiser Board for appropriate disciplinary action pursuant to § 54.1-2013, which may include, but need not be limited to, revocation of the appraiser's license. Any appraisal that, upon audit by the Department, is determined to be false or fraudulent, may be disregarded by the Department in determining the fair market value of the property and the amount of tax credit to be allowed under this section.

C. 1. The amount of the credit that may be claimed by each taxpayer, including credit claimed by applying unused credits as provided under subsection C of § 58.1-513, shall not exceed \$50,000 for 2000 taxable years; \$75,000 for 2001 taxable years; \$100,000 for each of 2002 through 2008 taxable years; \$50,000 for each of 2009, 2010, and 2011 taxable years; ~~and~~ \$100,000 for each of 2012, 2013, and 2014 taxable years; \$20,000 for each of 2015 and 2016 taxable years; and \$50,000 for 2017 taxable years and for each taxable year thereafter. *However, for any fee simple donation of land conveyed to the Commonwealth on or after January 1, 2015, the amount of the credit claimed shall not exceed \$100,000 for each taxable year, provided that no part of the charitable contributions deduction under § 170 of the Internal Revenue Code related to such fee simple donation is allowable by reason of a sale or exchange of property.* In addition, for each taxpayer, in any one taxable year the credit used may not exceed the amount of individual, fiduciary or corporate income tax otherwise due. Any portion of the credit that is unused in any one taxable year may be carried over for a maximum of 10 consecutive taxable years following the taxable year in which the credit originated until fully expended. A credit shall not be reduced by the amount of unused credit that could have been claimed in a prior year by the taxpayer but was unclaimed. For taxpayers affected by the credit reduction for taxable years 2009, 2010, ~~and~~ 2011, and 2015 and thereafter, any portion of the credit that is unused in any one taxable year may be carried over for a maximum of 13 consecutive taxable years following the taxable year in which the credit originated until fully expended.

2. Qualified donations shall include the conveyance of a fee interest in real property or the conveyance in perpetuity of a less-than-fee interest in real property, such as a conservation restriction, preservation restriction, agricultural preservation restriction, or watershed preservation restriction, provided that such less-than-fee interest qualifies as a charitable deduction under § 170(h) of the United States Internal Revenue Code of 1986, as amended.

The Department of Conservation and Recreation shall compile an annual report on qualified donations of less-than-fee interests accepted by any public or private conservation agency in the respective calendar year and shall submit the report by December 1 of each year to the Chairmen of the House Committee on Appropriations, House Committee on Finance, and the Senate Committee on Finance. In preparing such report, the Department of Conservation and Recreation shall consult and coordinate with the Department of Taxation and the Departments of Forestry and Agriculture and Consumer Services to provide an estimate of the number of acres of land currently being used for "production agriculture and silviculture" as defined in § 3.2-300 that have been protected by qualified donations of less-than-fee interests. This report shall include information, when available, on land qualifying for credits being used for "production agriculture and silviculture" that have onsite operational best management practices, which are designed to reduce the amount of nutrients and sediment entering public waters. In addition, the report shall include information, when available, on riparian buffers, both vegetated/forested buffers and no-plow buffers, required by deed restriction on land qualifying for credits in order to protect water quality. This information shall be reported in summary fashion as appropriate to preserve confidentiality of information. Qualified donations shall not include the conveyance of a fee interest, or a less-than-fee interest, in real property by a charitable organization that (i) meets the definition of "holder" in § 10.1-1009 and (ii) holds one or more conservation easements acquired pursuant to the authority conferred on a "holder" by § 10.1-1010.

3. Any fee interest, or a less-than-fee interest, in real property that has been dedicated as open space within, or as part of, a residential subdivision or any other type of residential or commercial development; dedicated as open space in, or as part of, any real estate development plan; or dedicated for the purpose of fulfilling density requirements to obtain approvals for zoning, subdivision, site plan, or building permits shall not be a qualified donation under this article.

4. Qualified donations shall be eligible for the tax credit herein described if such donations are made to the Commonwealth of Virginia, an instrumentality thereof, or a charitable organization described in § 501(c)(3) of the United States Internal Revenue Code of 1986, as amended, if such charitable organization (i) meets the requirements of § 509(a)(2) or (ii) meets the requirements of § 509(a)(3) and is controlled by an organization described in § 509(a)(2).

5. The preservation, agricultural preservation, historic preservation or similar use and purpose of such property shall be assured in perpetuity. In the case of conveyances of a fee interest to a charitable organization that is a "holder" as defined in

§ 10.1-1009, the credit shall not be allowed until the charitable organization agrees that subsequent conveyances of the fee interest in the property will be (i) subject to a previous conveyance in perpetuity of a conservation easement, as that term is defined in § 10.1-1009, or subject to the conveyance in perpetuity of an open-space easement, as that term is defined in § 10.1-1700, or (ii) conveyed to the Commonwealth of Virginia or to a federal conservation agency. No credit shall be allowed with respect to any subsequent conveyances by the charitable organization.

D. The issuance of tax credits under this article for donations made on and after January 1, 2007, shall be in accordance with procedures and deadlines established by the Department and shall be administered under the following conditions:

1. The taxpayer shall apply for a credit after completing the donation by submitting a form or forms prescribed by the Department in consultation with the Department of Conservation and Recreation. If the application requests a credit of \$1 million or more or if the donation meets the conditions of subdivision 3 c, then a copy of the application shall also be filed with the Department of Conservation and Recreation by the taxpayer. The application shall include, but not be limited to:

- a. A description of the conservation purpose or purposes being served by the donation;
- b. The fair market value of land being donated in the absence of any easement or other restriction;
- c. The public benefit derived from the donation;
- d. The extent to which water quality best management practices will be implemented on the property; and
- e. Whether the property is fully or partially forested and a forest management plan is included in the terms of the donation.

2. Applications for otherwise qualified donations of a less-than-fee interest shall be accompanied by an affidavit describing how the donated interest in land meets the requirements of § 170(h) of the United States Internal Revenue Code of 1986, as amended, and the regulations adopted thereunder. The application with accompanying affidavit shall be submitted to the Department of Taxation, with a copy also provided to the Department of Conservation and Recreation.

3. a. No credit in the amount of \$1 million or more shall be issued with respect to a donation unless the conservation value of the donation has been verified by the Director of the Department of Conservation and Recreation, based on the criteria adopted by the Virginia Land Conservation Foundation for this purpose. Such criteria and subsequent amendments shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.), but the Virginia Land Conservation Foundation shall provide for adequate public participation, including adequate notice and opportunity to provide comments on the proposed criteria. The Director shall act on applications within 90 days of his receipt of a complete application and shall notify the taxpayer and the Department of Taxation of his action.

b. For purposes of determining whether a credit requires verification of the conservation value, the credits allowed under this article with respect to donations of any other portion of a recorded parcel of land within the preceding 11 years shall be aggregated with the credit claimed for the current donation. This subdivision shall not apply if (i) all owners of the parcel who have been allowed credit for a qualified donation are not affiliated with the person or entity seeking credit for the current donation of a different portion of the parcel and (ii) in the case of an individual seeking credit, the individual has not previously made a qualified donation for any portion of the parcel and is not an immediate family member of any such owners.

c. If (i) the real property that is the subject of the donation was partitioned from or part of another parcel of land and any other portion of such parcel, or any land partitioned from such parcel of land, has been allowed a tax credit under this article (or an application for tax credit is pending) within three years of such donation and (ii) the tax credit that would otherwise be allowed to the donor for such donation is at least \$250,000, then no credit under this article shall be issued with respect to such donation described in clause (i) unless the conservation value of the donation has been verified by the Director of the Department of Conservation and Recreation. The Director shall act on applications within 90 days of his receipt of a complete application and shall notify the taxpayer and the Department of Taxation of his action. Nothing in this subdivision shall be construed or interpreted (a) as allowing additional tax credit for any land or interest in land previously conveyed for which tax credit has already been allowed under this article or (b) affecting the validity of any tax credit allowed under this article for a prior conveyance of any land or interest in land.

4. a. Tax credits shall be issued on a calendar year basis, and in no case shall the Department issue more than the maximum allowed for the calendar year. The maximum amount of credits that may be issued in a calendar year shall be \$100 million plus any credits previously issued under this article but subsequently disallowed or invalidated by the Department. Credits previously issued but subsequently disallowed or invalidated shall be reissued in a subsequent calendar year. All credits shall be issued in the order that each complete application is ~~received~~ *filed*. *For filings by mail or a recognized commercial delivery service, the postmark or confirmation of shipment shall determine the date of filing.* If within 30 days after an application for credits has been filed the Tax Commissioner provides written notice to the donor that he has determined that the preparation of a second qualified appraisal is warranted, the application shall not be deemed complete until the fair market value of the donation has been finally determined by the Tax Commissioner. The Tax Commissioner shall make a final determination within 180 days of notifying the donor, unless the donor has filed an appeal. The donor shall have the right to appeal any decision of the Department in accordance with the provisions of Chapter 18 (§ 58.1-1800 et seq.). If more than one complete application is ~~received~~ *filed* at the same time, the credits with respect to those applications shall be issued in the order that the conveyances were recorded in the appropriate circuit court of the Commonwealth. In the event that a credit requires verification of the conservation value by the Department of Conservation and Recreation and such verification has not been received at the time the maximum \$100 million allowed is reached for the

calendar year of the donation, such credit shall not be issued for that calendar year but shall be issued in the calendar year that the conservation value of the credit is verified by the Department of Conservation and Recreation.

*No credit shall be allowed for any land or interest in land conveyed on or after July 1, 2015, unless a complete application for tax credit with regard to the conveyance has been filed with the Department by December 31 of the year following the calendar year of the conveyance. For filings by mail or a recognized commercial delivery service, the postmark or confirmation of shipment shall determine the date of filing. Solely for purposes of this condition, any application for which the Tax Commissioner has given written notice to the donor that the preparation of a second qualified appraisal is warranted shall be deemed timely filed, provided that the application was otherwise complete as of such filing deadline.*

b. Beginning with calendar year 2008, the \$100 million amount contained in subdivision 4 a shall be increased by an amount equal to \$100 million multiplied by the percentage by which the consumer price index for all-urban consumers published by the United States Department of Labor (CPI-U) for the 12-month period ending August 31 of the preceding year exceeds the CPI-U for the 12-month period ending August 31, 2006.

c. Beginning with calendar year ~~2013~~ 2015, the maximum amount of credits that may be issued in a calendar year shall not exceed ~~\$100~~ \$75 million. *In no case shall the Department issue any tax credit for a donation from any allocation or pool of tax credits attributable to a calendar year prior to the year in which the complete tax credit application for the donation was filed.*

Beginning with the submission due on or before December 20, ~~2013~~ 2015, and in each year thereafter, the Governor shall include in "The Budget Bill" submitted pursuant to subsection A of § 2.2-1509 or in his amendments to the general appropriation act in effect submitted pursuant to subsection E of § 2.2-1509 a recommended appropriation from the general fund equal to the difference between the amount calculated pursuant to subdivision b and ~~\$100~~ \$75 million, but not more than \$20 million, to be allocated as follows: 80 percent to the Virginia Land Conservation Fund to be used in accordance with § 10.1-1020, with no less than 50 percent of such appropriation to be used for fee simple acquisitions with public access or acquisitions of easements with public access; 10 percent to the Civil War Site Preservation Fund to be used in accordance with § 10.1-2202.4; and 10 percent to the Virginia Farmland Preservation Fund to be used in accordance with § 3.2-201.

5. a. Any taxpayer that has been issued a tax credit by the Department shall be allowed to use such credit for his or its taxable year that begins in the calendar year for which such credit was issued and for succeeding taxable years in accordance with the 10 consecutive taxable year carryforward provisions of this article, except for any taxpayer affected by the credit limitation for taxable years 2009, 2010, ~~and~~ 2011, *and 2015 and taxable years thereafter.* Such a taxpayer shall be allowed to use such credit for his or its taxable year that begins in the calendar year for which such credit was issued and for succeeding taxable years in accordance with the 13 consecutive taxable year carryforward provisions of this article.

b. Any taxpayer to whom a credit has been transferred may use such credit for the taxable year in which the transfer occurred and unused amounts may be carried forward to succeeding taxable years, but in no event may such transferred credit be used more than 11 years after it was originally issued by the Department or in any taxable year of such taxpayer that ended prior to the date of transfer, except for any taxpayer affected by the credit limitation for taxable years 2009, 2010, ~~and~~ 2011, *and 2015 and taxable years thereafter.* Such a taxpayer may use such credit for the taxable year in which the transfer occurred and unused amounts may be carried forward to succeeding taxable years, but in no event may such transferred credit be used more than 14 years after it was originally issued by the Department or in any taxable year of such taxpayer that ended prior to the date of transfer.

6. Neither the verification of conservation value by the Department of Conservation and Recreation nor the issuance of a credit by the Department of Taxation shall in any way be construed or interpreted as prohibiting the Department of Taxation or the Tax Commissioner from auditing any credit claimed pursuant to the provisions of this article or from assessing tax relating to the claiming of any credit under this article.

E. In any review or appeal before the Tax Commissioner or in any court in the Commonwealth the burden of proof shall be on the taxpayer to show that the fair market value and conservation value at the time of the qualified donation is consistent with this section and that all requirements of this article have been satisfied.

This section shall not apply to any dealer program or dealer incentive that is not inconsistent with any form or addendum already on file by the manufacturer with the state or that expires within 12 months of its start date, or the continuation, renewal, or modification of any dealer program or dealer incentive that was in place as of July 1, 2015. This section shall not apply to any consumer program or consumer incentive, including discount pricing programs.*

**§ 46.2-1568. Coercion of retail dealer by manufacturer or distributor with respect to retail installment sales contracts, extended service contracts or extended maintenance plans, financing, or leasing prohibited; penalty.**

2. By any act that will benefit or injure the dealer.

3. By any contract, or any express or implied offer of contract, made directly or indirectly to the dealer, for handling the motor vehicle on the condition that the dealer shall offer to sell or sell any extended service contract or extended maintenance plan offered, sold, backed by, or sponsored by the manufacturer or distributor or that the dealer sell, assign, or transfer his retail installment sales contract on or lease of the vehicle, in the Commonwealth, to a specified finance company or class of finance companies, leasing company or class of leasing companies, or ~~to~~ any other specified person.

4. By any express or implied statement or representation made directly or indirectly that the dealer is under any obligation whatsoever to offer to sell or sell any extended service contract or extended maintenance plan offered, sold, backed by, or sponsored by the manufacturer or distributor or to sell, assign, or transfer any of his retail sales contracts or leases in the Commonwealth on motor vehicles manufactured or sold by the manufacturer or distributor to a finance company or class of finance companies, leasing company or class of leasing companies, or other specified person, because of any relationship or affiliation between the manufacturer or distributor and the finance company or companies, leasing company or leasing companies, or the specified person or persons.

B. Any such statements, threats, promises, acts, contracts, or offers of contracts, when their effect may be to lessen or eliminate competition or tend to create a monopoly, are declared unfair trade practices and unfair methods of competition and are prohibited.

C. To further avoid any acts or practices, the effect of which may be to lessen or eliminate competition, it shall be unlawful for any manufacturer or distributor, or any officer, agent, or representative thereof, or any person or company affiliated therewith, to condition the provision of lead information to a dealer upon the agreement of the dealer to sell or lease a vehicle to the prospective customer only if the financing or leasing connected with the transaction is effected through a specified finance company or class of finance companies or leasing company or class of leasing companies. For the purposes of this section, "lead information" means information concerning a prospective customer who contacts or is contacted by the manufacturer or distributor or any person or company affiliated therewith concerning the manufacturer's or distributor's products. The provisions of this subsection, however, shall not prohibit a manufacturer or distributor from so conditioning the provision of lead information concerning any prospective customer who qualifies for any manufacturer-sponsored or distributor-sponsored factory employee, factory retiree, or factory vendor new vehicle purchase program.

D. *It shall be unlawful for any manufacturer or distributor or any affiliate thereof to coerce or require a dealer that is a franchisee of the manufacturer or distributor to sell products sponsored, sold, or offered by the manufacturer, distributor, or affiliate in connection with sales of vehicles whether or not in connection with any retail installment sales contract or lease; however, this subsection shall not apply to used motor vehicles sold under a manufacturer used vehicle certification program. For purposes of this section, the refusal by an affiliate of a manufacturer or distributor to accept assignment of a retail installment sales contract or lease solely because it includes a product in connection with the sale of the vehicle not sponsored, sold, or offered by the manufacturer or distributor, or any affiliate thereof, shall be unlawful; but an affiliate of a manufacturer or distributor may establish standards for products in connection with a sale of a vehicle to be included in retail installment sales contracts or leases it will accept, provided the standards, including the establishment of maximum prices for products, are equally enforceable and enforced with respect to products in connection with the sale of a vehicle sponsored, sold, or offered by the manufacturer, distributor, or affiliate and products that are not. Nothing in this section prohibits a manufacturer, distributor, or affiliate from offering dealer or consumer incentive programs directly related to the sale of products sponsored, sold, or offered by the manufacturer, distributor, or affiliate whether or not in connection with any retail installment sales contract or lease. A dealer that chooses not to participate in these programs shall not be penalized as a result. Non-payment of the incentive due to non-participation in the incentive programs directly related to the sale of products sponsored, sold, or offered by the manufacturer, distributor, or affiliate by the dealer shall not qualify as a penalty.*

E. Any person aggrieved by an action prohibited by this section may seek a hearing, pursuant to § 46.2-1573, against any manufacturer or distributor licensed under this title.

~~E.~~ F. Nothing contained in this section shall prohibit a manufacturer or distributor from offering or providing incentive benefits or bonus programs to a retail motor vehicle dealer or prospective retail motor vehicle dealer in the Commonwealth who makes the voluntary decision to offer to sell or sell any extended service contract or extended maintenance plan offered, sold, backed, or sponsored by the manufacturer or distributor or to sell, assign, or transfer any retail installment sale

or lease by him in the Commonwealth of motor vehicles manufactured or sold by the manufacturer or distributor to a specified finance company or leasing company controlled by or affiliated with the manufacturer or distributor.

**§ 46.2-1569. Other coercion of dealers; transfer, grant, succession to and cancellation of dealer franchises; delivery of vehicles, parts, and accessories.**

Notwithstanding the terms of any franchise agreement, it shall be unlawful for any manufacturer, factory branch, distributor, ~~or~~ distributor branch, *or affiliate*, or any field representative, officer, agent, or their representatives: *to do any of the following. It shall further be unlawful for any manufacturer, factory branch, distributor, distributor branch, or any field representative, officer, agent, or their representatives to engage in conduct prohibited under this section through an affiliate.*

1. To coerce or attempt to coerce any dealer to accept delivery of any motor vehicle or vehicles, parts or accessories therefor, or any other commodities, which have not been ordered by the dealer.

2. To coerce or attempt to coerce any dealer to enter into an agreement with the manufacturer, factory branch, distributor, or distributor branch, or representative thereof by threat to take or by taking any action in violation of the chapter, or by any other act unfair or injurious to the dealer. If a manufacturer, factory branch, distributor, or distributor branch conditions the grant of a new franchise to a dealer on the dealer's consent (i) to provide a site control agreement as defined in subdivision 10, (ii) to provide a written agreement containing an option to purchase the franchise of the dealer, provided, however, that agreements pursuant to § 46.2-1569.1 shall be permitted, or (iii) to provide a termination agreement to be held by the manufacturer, factory branch, distributor, or distributor branch for subsequent use, it shall be considered coercion and an act that is unfair and injurious to the dealer; provided, however, that the provisions of § 46.2-1572.3 related to the good faith settlement of disputes shall apply to the agreements described in clauses (i), (ii), and (iii) of this subdivision, mutatis mutandis. This subdivision shall not apply to any agreement the enforcement of which is subject to the jurisdiction of a United States Bankruptcy Court.

2a. To coerce or attempt to coerce any dealer to join, contribute to, or affiliate with any advertising association.

2b. To coerce or require any dealer to establish in connection with the sale of a motor vehicle prices at which the dealer shall sell products or services not manufactured or distributed by the manufacturer, factory branch, distributor, or distributor branch, whether by agreement, program, incentive provision, or otherwise.

2c. To coerce or require any dealer, whether by agreement, program, incentive provision, or otherwise, to construct improvements to its facilities or to install new signs or other franchisor image elements that replace or substantially alter those improvements, signs, or franchisor image elements completed within the preceding 10 years that were required or approved by the manufacturer, factory branch, distributor, or distributor branch or one of its affiliates. If a manufacturer, factory branch, distributor, or distributor branch offers incentives, or other payments under a program offered after the effective date of this subdivision and available to more than one dealer in the Commonwealth that are premised wholly or in part on dealer facility improvements or installation of franchisor signs or other franchisor image elements, a dealer that constructed improvements or installed signs or other franchisor image elements required by or approved by the manufacturer, factory branch, distributor, or distributor branch and completed within the 10 years preceding the program shall be deemed to be in compliance with the program requirements pertaining to construction of facilities or installation of signs or other franchisor image elements that would replace or substantially alter those previously constructed or installed within that 10-year period. This subdivision shall not apply to a program that provides lump sum payments to assist dealers in making facility improvements or to pay for signs or franchisor image elements when such payments are not dependent on the dealer selling or purchasing specific numbers of new vehicles and shall not apply to a program that is in effect with more than one dealer in the Commonwealth on the effective date of this subdivision, nor to any renewal or modification of such a program.

3. To prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale, or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, unless the franchisor provides written notice to the dealer of its objection and the reasons therefor by certified mail or overnight delivery or other method designed to ensure delivery to the dealer at least 30 days prior to the proposed effective date of the transfer, sale, assignment, or change. No such objection shall be sufficient unless the failure to approve is reasonable. Notwithstanding the provisions of subsection D of § 46.2-1573, the only grounds that may be considered reasonable for a failure to approve are that an individual who is the applicant or is in control of an entity that is an applicant (i) lacks good moral character, (ii) lacks reasonable motor vehicle dealership management experience and qualifications, (iii) lacks financial ability to be the dealer, or (iv) fails to meet the standards otherwise established by this title to be a dealer. No such objection shall be effective to prevent the sale, transfer, assignment, or change if the Commissioner has determined, if requested in writing by the dealer within 30 days after receipt of an objection to the proposed sale, transfer, or change, and after a hearing on the matter, that the failure to permit or honor the sale, transfer, assignment, or change is unreasonable under the circumstances. No franchise may be sold, assigned, or transferred unless (a) the franchisor has been given at least 90 days' prior written notice by the dealer as to the identity, financial ability, and qualifications of the proposed transferee on forms generally utilized by the franchisor to conduct its review, as well as the full agreement for the proposed transaction, and (b) the sale or transfer of the franchise and business will not involve, without the franchisor's consent, a relocation of the business.

3a. To impose a condition on the approval of the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise if the condition would violate the provisions of this title if imposed on the existing dealer.

In the event the manufacturer, factory branch, distributor or distributor branch takes action to prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, without a statement of specific grounds for doing so that is consistent with subdivision 3 hereof or imposes a condition in violation of subdivision 3a hereof, that shall constitute a violation of this section. The existing dealer may request review of the action or imposition of the condition in a hearing by the Commissioner. If the Commissioner finds that the action or the imposition of the condition was a violation of this section, the Commissioner may order that the sale or transfer be approved by the manufacturer, factory branch, distributor, or distributor branch, without imposition of the condition. If the existing dealer does not request a hearing by the Commissioner concerning the action or the condition imposed by the manufacturer, factory branch, distributor, or distributor branch, and the action or condition was the proximate cause of the failure of the contract for the sale or transfer of ownership of the dealership, the applicant for approval of the sale or transfer or the existing dealer, or both, may commence an action at law for violation of this section. The action may be commenced in the circuit court of the city or county in which the dealer is located, or in any other circuit court with permissible venue, within two years following the action or the imposition of the condition by the manufacturer, factory branch, distributor, or distributor branch for the damages suffered by the applicant or the dealer as a result of the violation of this section by the manufacturer, factory branch, distributor, or distributor branch, plus the applicant's or dealer's reasonable attorney fees and costs of litigation. Notwithstanding the foregoing, an exercise of the right of first refusal by the manufacturer, factory branch, distributor, or distributor branch pursuant to § 46.2-1569.1 shall not be considered the imposition of a condition prohibited by this section.

4. To grant an additional franchise for a particular line-make of motor vehicle in a relevant market area in which a dealer or dealers in that line-make are already located unless the franchisor has first advised in writing all other dealers in the line-make in the relevant market area. No such additional franchise may be established at the proposed site unless the Commissioner has determined, if requested by a dealer of the same line-make in the relevant market area within 30 days after receipt of the franchisor's notice of intention to establish the additional franchise, and after a hearing on the matter, that the franchisor can show by a preponderance of the evidence that after the grant of the new franchise, the relevant market area will support all of the dealers in that line-make in the relevant market area. Establishing a franchised dealer in a relevant market area to replace a franchised dealer that has not been in operation for more than two years shall constitute the establishment of a new franchise subject to the terms of this subdivision. The two-year period for replacing a franchised dealer shall begin on the day the franchise was terminated, or, if a termination hearing was held, on the day the franchisor was legally permitted finally to terminate the franchise. The relocation of a franchise in a relevant market area, whether by an existing dealer or by a dealer who is acquiring the franchise, shall constitute the establishment of a new franchise subject to the terms of this subdivision. This subdivision shall not apply to (i) the relocation of an existing dealer within that dealer's relevant market area if the relocation site is to be more than ~~ten~~ 10 miles distant from any other dealer for the same line-make; (ii) the relocation of an existing dealer within that dealer's relevant market area if the relocation site is to be more distant than the existing site from all other dealers of the same line-make in that relevant market area; or (iii) the relocation of an existing new motor vehicle dealer within two miles of the existing site of the relocating dealer.

5. Except as otherwise provided in this subdivision and notwithstanding the terms of any franchise, to terminate, cancel, or refuse to renew the franchise of any dealer without good cause and unless (i) the dealer and the Commissioner have received written notice of the franchisor's intentions at least 60 days prior to the effective date of such termination, cancellation, or the expiration date of the franchise, setting forth the specific grounds for the action, and (ii) the Commissioner has determined, if requested in writing by the dealer within the 60-day period prior to the effective date of such termination, cancellation, or the expiration date of the franchise and, after a hearing on the matter, that the franchisor has shown by a preponderance of the evidence that there is good cause for the termination, cancellation, or nonrenewal of the franchise. If any manufacturer, factory branch, distributor, or distributor branch takes action that will have the effect of terminating, canceling, or refusing to renew the franchise of any dealer (a) by use of a termination agreement executed by the dealer and obtained more than 90 days before the purported date of use, (b) by exercise of rights under a written option to purchase the franchise of a dealer, or (c) by exercise of rights under a site control agreement as defined in subdivision 10, that action shall be considered a termination, cancellation, or refusal to renew pursuant to the terms of this subdivision and subject to the rights, provisions, and procedures provided herein. In any case where a petition is made to the Commissioner for a determination as to good cause for the termination, cancellation, or nonrenewal of a franchise, the franchise in question shall continue in effect pending the Commissioner's decision or, if that decision is appealed to the circuit court, pending the decision of the circuit court. Where the termination, cancellation, or nonrenewal of a franchise will result from use of a termination agreement executed by the dealer and obtained more than 90 days before the purported date of use, exercise of rights under a written option to purchase the franchise of a dealer, or exercise of rights under a site control agreement as defined in subdivision 10, such use or exercise shall be stayed pending the Commissioner's decision or, if that decision is appealed to the circuit court, pending the decision of the circuit court, and its use or exercise will be allowed only where the franchisor has shown by a preponderance of the evidence that there is good cause for the termination, cancellation, or nonrenewal of the franchise. In any case in which a franchisor neither advises a dealer that it does not intend to renew a franchise nor takes any action to renew a franchise beyond its expiration date, the franchise in question shall continue in effect on the terms last agreed to by the parties. Notwithstanding the other provisions of this subdivision notice of

termination, cancellation, or nonrenewal may be provided to a dealer by a franchisor not less than 15 days prior to the effective date of such termination, cancellation, or nonrenewal when the grounds for such action are any of the following:

a. Insolvency of the franchised motor vehicle dealer or filing of any petition by or against the franchised motor vehicle dealer, under any bankruptcy or receivership law, leading to liquidation or which is intended to lead to liquidation of the franchisee's business.

b. Failure of the franchised motor vehicle dealer to conduct its customary sales and service operations during its posted business hours for seven consecutive business days, except where the failure results from acts of God or circumstances beyond the direct control of the franchised motor vehicle dealer.

c. Revocation of any license which the franchised motor vehicle dealer is required to have to operate a dealership.

d. Conviction of the dealer or any principal of the dealer of a felony.

The change or discontinuance of a marketing or distribution system of a particular line-make product by a manufacturer or distributor, while the name identification of the product is continued in substantial form by the same or a different manufacturer or distributor, may be considered to be a franchise termination, cancellation, or nonrenewal. The provisions of this paragraph shall apply to changes and discontinuances made after January 1, 1989, but they shall not be considered by any court in any case in which such a change or discontinuance occurring prior to that date has been challenged as constituting a termination, cancellation or nonrenewal.

5a. To fail to provide continued parts and service support to a dealer which holds a franchise in a discontinued line-make for at least five years from the date of such discontinuance. This requirement shall not apply to a line-make which was discontinued prior to January 1, 1989.

5b. Upon the involuntary or voluntary termination, nonrenewal, or cancellation of the franchise of any dealer, by either the manufacturer, distributor, or factory branch or by the dealer, notwithstanding the terms of any franchise whether entered into before or after the enactment of this section, to fail to pay the dealer for at least the following:

(1) The dealer cost plus any charges by the franchisor for distribution, delivery, and taxes paid by the dealer, less all allowances paid to the dealer by the franchisor, for new and undamaged motor vehicles in the dealer's inventory acquired from the franchisor or from another dealer of the same line - make in the ordinary course of business within 18 months of termination;

(2) The dealer cost as shown in the price catalog of the franchisor current at the time of repurchase of each new, unused, undamaged, and unsold part or accessory if such part or accessory is in the current parts catalog and is still in the original, resalable merchandising package and in unbroken lots, except that in the case of sheet metal, a comparable substitute for the original package may be used;

(3) The fair market value of each undamaged sign owned by the dealer that bears a trademark, trade name or commercial symbol used or claimed by the franchisor if such sign was purchased from or at the request of the franchisor;

(4) The fair market value of all special tools and automotive service equipment owned by the dealer that were recommended and designated as special tools or equipment by the franchisor, if the tools and equipment are in usable and good condition, normal wear and tear excepted; and

(5) The reasonable cost of transporting, handling, packing, and loading of motor vehicles, parts, signs, tools, and special equipment subject to repurchase hereunder.

The provisions of this subdivision do not apply to a dealer who is unable to convey clear title to the property identified in this subdivision.

For purposes of this subdivision, a voluntary termination shall not include the transfer of the terminating dealer's franchised business in connection with a transfer of that business by means of sale of the equity ownership or assets thereof to another dealer.

5c. If the termination, cancellation, or nonrenewal of the dealer's franchise is the result of the termination, elimination, or cessation of a line-make by the manufacturer, distributor, or factory branch, then, in addition to the payments to the dealer pursuant to subdivision 5b, the manufacturer, distributor, or factory branch shall be liable to the dealer for the following:

(1) An amount at least equivalent to the fair market value of the franchise for the line-make, which shall be the greater of that value determined as of (i) the date the franchisor announces the action that results in termination, cancellation, or nonrenewal, (ii) the date the action that resulted in the termination, cancellation, or nonrenewal first became general knowledge, or (iii) the day 12 months prior to the date on which the notice of termination, cancellation, or nonrenewal is issued. In determining the fair market value of a franchise for a line-make, if the line-make is not the only line-make for which the dealer holds a franchise in the dealership facilities, the dealer shall also be entitled to compensation for the contribution of the line-make to payment of the rent or to covering obligation for the fair rental value of the dealership facilities for the period set forth in subdivision 5c (2). Fair market value of the franchise for the line-make shall only include the goodwill value of the dealer's franchise for that line-make in the dealer's relevant market area.

(2) If the line-make is the only line-make for which the dealer holds a franchise in the dealership facilities, the manufacturer, distributor, or factory branch shall also pay assistance with respect to the dealership facilities leased or owned by the dealer as follows: (i) the manufacturer, distributor, or factory branch shall pay the dealer a sum equivalent to the rent for the unexpired term of the lease or three years' rent, whichever is the lesser, or (ii) if the dealer owns the dealership facilities, the manufacturer, distributor, or factory branch shall pay the dealer a sum equivalent to the reasonable rental value of the dealership facilities for three years.

To be entitled to facilities assistance from the manufacturer, distributor, or factory branch, the dealer shall have the obligation to mitigate damages by listing the dealership facilities for lease or sublease with a licensed real estate agent within 30 days after the effective date of the termination of the franchise and thereafter by reasonably cooperating with such real estate agent in the performance of the agent's duties and responsibilities. If the dealer is able to lease or sublease the dealership facilities on terms that are consistent with local zoning requirements to preserve the right to sell motor vehicles from the dealership facilities and the terms of the dealer's lease, the dealer shall be obligated to pay the manufacturer the net revenue received from such mitigation, but only following receipt of facilities assistance payments pursuant to clause (i) or (ii) of subdivision 5c (2), and only up to the total amount of facilities assistance payments that the dealer has received.

6. To fail to allow a dealer the right at any time to designate a member of his family as a successor to the dealership in the event of the death or incapacity of the dealer. Such designation may be made by the dealer or, in the event of the death or incapacity of the dealer, by the qualified executor or personal representative of the dealer. It shall be unlawful to prevent or refuse to honor the succession to a dealership by a member of the family of a deceased or incapacitated dealer if the franchisor has not provided to the member of the family designated the dealer's successor written notice of its objections to the succession and of such person's right to seek a hearing on the matter before the Commissioner pursuant to this article, and the Commissioner determines, if requested in writing by such member of the family within 30 days of receipt of such notice from the franchisor, and after a hearing on the matter before the Commissioner pursuant to this article, that the failure to permit or honor the succession is unreasonable under the circumstances. No member of the family may succeed to a franchise unless (i) the franchisor has been given written notice as to the identity, financial ability, and qualifications of the member of the family in question, and (ii) the succession to the franchise will not involve, without the franchisor's consent, a relocation of the business.

7. To delay, refuse, or fail to deliver to any dealer, if ordered by the dealer, in reasonable quantities and within a reasonable time, any new vehicles of each series and model sold or distributed by the franchisor as covered by such franchise and which are publicly advertised by the manufacturer, factory branch, distributor, or distributor branch in the Commonwealth to be available for immediate delivery, provided, however, that the failure to deliver any motor vehicle shall not be considered a violation of this chapter if such failure is due to an act of God, a work stoppage or delay due to a strike or labor difficulty, a shortage of materials, a lack of available manufacturing capacity, a freight embargo, or other cause over which the manufacturer, factory branch, distributor, or distributor branch shall have no control. If ordered by a dealer, a franchisor shall deliver an equitable supply of new vehicles during the model year of each series and model under the dealer's franchise in proportion to the sales objectives or goals established by the franchisor for the dealer compared to the sales objectives or goals established by the other same line-make dealers in the Commonwealth, provided, however, that the failure to deliver any motor vehicle shall not be considered a violation of this chapter if such failure is due to a cause over which the manufacturer, factory branch, distributor, or distributor branch shall have no control. Upon the written request of any dealer holding its sales or sales and service franchise, the manufacturer or distributor shall disclose to the dealer in writing the basis upon which new motor vehicles of the same line-make are allocated, scheduled, and delivered to dealers in the Commonwealth, and the basis upon which the current allocation or distribution is being made or will be made to such dealer. In the event that allocation is at issue in a request for a hearing, the dealer may demand the Commissioner to direct that the manufacturer or distributor provide to the dealer, within 30 days of such demand, all records of sales and all records of distribution of all motor vehicles to the same line-make dealers who compete with the dealer requesting the hearing.

7a. To fail or refuse to offer to its same line-make franchised dealers all models manufactured for the line-make, or require a dealer to pay any extra fee, or remodel, renovate, or recondition the dealer's existing facilities, or purchase unreasonable advertising displays or other materials as a prerequisite to receiving a model or a series of vehicles.

7b. To require or otherwise coerce a dealer to underutilize the dealer's facilities by requiring or otherwise coercing a dealer to exclude or remove from the dealer's facilities operations for selling or servicing of a line-make of vehicles for which the dealer has a franchise agreement to utilize the facilities.

7c. To require a dealer to purchase goods or services from a vendor selected, identified, or designated by a manufacturer, factory branch, distributor, distributor branch, or one of its affiliates by agreement, program, incentive provision, or otherwise without making available to the dealer the option to obtain the goods or services of substantially similar quality from a vendor chosen by the dealer. For purposes of this subdivision, the term "goods" does not include moveable displays, brochures, and promotional materials containing material subject to intellectual property rights of, or special tools and training as required by the manufacturer, or parts to be used in repairs under warranty obligations of, a manufacturer, factory branch, distributor, or distributor branch.

7d. To fail to provide a notice to a dealer when notifying it of the requirement to purchase goods or services from a vendor selected, identified, or designated by a manufacturer, factory branch, distributor, or distributor branch of the dealer's rights pursuant to subdivision 7c.

7e. To fail to provide to a dealer, when the manufacturer, factory branch, distributor, or distributor branch claims that a vendor chosen by the dealer cannot supply goods and services of substantially similar quality, a disclosure concerning the vendor selected, identified, or designated by the franchisor stating (i) whether the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates, or any officer, director, or employee of the same, has an ownership interest, actual or beneficial, in the vendor and, if so, the percentage of the ownership interest and (ii) whether the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates has an agreement or arrangement by which the vendor pays to the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates, or any officer, director, or employee

of the same, any compensation and, if so, the basis and amount of the compensation to be paid as a result of any purchases by the dealer, whether it is to be paid by direct payment by the vendor or by credit from the vendor for the benefit of the recipient.

7f. To fail to provide to a dealer, if the goods and services to be supplied to the dealer by a vendor selected, identified, or designated by the manufacturer, factory branch, distributor, or distributor branch are signs or other franchisor image elements to be leased to the dealer, the right to purchase the signs or other franchisor image elements of like kind and quality from a vendor selected by the dealer. If the vendor selected by the manufacturer, factory branch, distributor, or distributor branch is the only available vendor, the dealer must be given the opportunity to purchase the signs or other franchisor image elements at a price substantially similar to the capitalized lease costs thereof. This subdivision shall not be construed to allow a dealer to impair or eliminate the intellectual property rights of the manufacturer, factory branch, distributor, or distributor branch, nor to permit a dealer to erect or maintain signs that do not conform to the intellectual property usage guidelines of the manufacturer, factory branch, distributor, or distributor branch.

8. To include in any franchise with a motor vehicle dealer terms that are contrary to, prohibited by, or otherwise inconsistent with the requirements of this chapter.

8a. For any franchise agreement, to require a motor vehicle dealer to pay the ~~attorney's~~ attorney fees of the manufacturer or distributor related to hearings and appeals brought under this article.

9. To fail to include in any franchise with a motor vehicle dealer the following language: "If any provision herein contravenes the laws or regulations of any state or other jurisdiction wherein this agreement is to be performed, or denies access to the procedures, forums, or remedies provided for by such laws or regulations, such provision shall be deemed to be modified to conform to such laws or regulations, and all other terms and provisions shall remain in full force," or words to that effect.

10. To enter into any agreement with a motor vehicle dealer in which the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates is given site control over the premises of a dealer that does not terminate upon the occurrence of any of the following events: (i) the right of the franchisor to manufacture or distribute the line-make of vehicles covered by the dealer's franchise is sold, assigned, or otherwise transferred by the manufacturer, factory branch, distributor, or distributor branch to another; (ii) the final termination of the dealer's franchise for any reason; or (iii) the manufacturer, factory branch, distributor, or distributor branch of its affiliate fails for any reason to exercise its right of first refusal to purchase the assets or ownership of the business of the dealer when given the opportunity to do so by virtue of its franchise agreement, another agreement, or as set forth in § 46.2-1569. For purposes of this subdivision, the term "site control" shall mean the contractual right to control in any way the commercial use and development of the premises upon which a dealer's business operations are located, including the right to approve of additional or different uses for the property beyond those of its franchise, the right to lease or sublease the dealer's property, or the right or option to purchase the dealer's property.

**2. That the General Assembly finds that the motor vehicle franchise relationship promotes a stable local business atmosphere, enhances business development opportunities, creates employment, provides vehicle purchase and vehicle service opportunities for consumers, and promotes the general economic well-being of the Commonwealth and its citizens. Accordingly, it is appropriate to exercise the General Assembly's power to regulate commerce to protect the citizens of the Commonwealth.**

## CHAPTER 237

*An Act to amend and reenact § 58.1-408 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 58.1-422.2, relating to apportionment of corporate income for taxpayers establishing enterprise data center operations in the Commonwealth.*

[H 2162]

Approved March 17, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-408 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 58.1-422.2 as follows:**

**§ 58.1-408. What income apportioned and how.**

The Virginia taxable income of any corporation, except those subject to the provisions of § 58.1-417, 58.1-418, 58.1-419, 58.1-420, 58.1-422, ~~or~~ 58.1-422.1, or 58.1-422.2, excluding income allocable under § 58.1-407, shall be apportioned to the Commonwealth by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor, plus twice the sales factor, and the denominator of which is four; however, where the sales factor does not exist, the denominator of the fraction shall be the number of existing factors and where the sales factor exists but the payroll factor or the property factor does not exist, the denominator of the fraction shall be the number of existing factors plus one.

**§ 58.1-422.2. Apportionment; taxpayers with enterprise data center operations.**

A. For taxable years beginning on or after July 1, 2016, the Virginia taxable income of taxpayers with enterprise data center operations, excluding income allocable under § 58.1-407, shall be apportioned within and without the Commonwealth as follows:

1. From July 1, 2016, until July 1, 2017, by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor plus quadruple the sales factor and the denominator of which is six, except that when the sales factor does not exist, the denominator of the fraction shall be the number of existing factors, and when the sales factor exists but the payroll factor or property factor does not exist, the denominator of the fraction shall be the number of existing factors plus three; and

2. From July 1, 2017, and thereafter, by multiplying such income by the sales factor.

B. As used in this section:

"Enterprise data center operations" means operations that (i) physically house information technology equipment such as servers, switches, routers, data storage devices, or related equipment; (ii) manage and process digital data and information to provide application services or management for data processing, such as web hosting, Internet, intranet, telecommunication, and information technology; (iii) are developed and owned by the taxpayer; and (iv) are operated by the taxpayer or any of its affiliates substantially for their own use.

C. The provisions of this section requiring an apportionment formula for taxpayers with enterprise data center operations shall apply only to taxpayers that have entered into a memorandum of understanding with the Virginia Economic Development Partnership Authority on or after July 1, 2015, to make a new capital investment of at least \$150 million in an enterprise data center in the Commonwealth on or after such date. The apportionment formula under this section shall apply to such taxpayers beginning with the taxable year for which the Virginia Economic Development Partnership Authority provides a written certification to the taxpayer that the new capital investment has been completed.

D. The General Assembly of Virginia finds that capital investment in data centers is essential to the continued fiscal health of the Commonwealth. In this modern economy, states often compete for quality data centers. Accordingly, the provisions of subsection C relating to capital investment in enterprise data centers are integral to the purpose of this section. If any provision of this section is for any reason held to be invalid or unconstitutional by the decision of a court of competent jurisdiction, that provision shall not be deemed severable.

## CHAPTER 238

An Act to designate New River Bridge on Interstate 81 the "Trooper Andrew Fox Memorial Bridge."

[H 2183]

**§ 62.1-132.3:2. Port of Virginia Economic and Infrastructure Development Grant Fund and Program.**

A. From such funds as may be appropriated by the General Assembly and any gifts, grants, or donations from public or private sources, and any funds transferred at the request of the Executive Director from the Port Opportunity Fund created pursuant to § 62.1-132.3:1, there is hereby created in the state treasury a special nonreverting, permanent fund to be known as the Port of Virginia Economic and Infrastructure Development Grant Fund (the Fund), to be administered by the Virginia Port Authority. Moneys in the Fund shall be used solely for the purpose of grants to qualified applicants to the Port of Virginia Economic and Infrastructure Development Grant Program.

B. As used in this section, unless the context requires a different meaning:

"New, permanent full-time position" means a job of an indefinite duration, created by a qualified company as a result of operations within the Commonwealth, requiring a minimum of 35 hours of an employee's time per week for the entire normal year of the company's operations, which normal year shall consist of at least 48 weeks, or a position of indefinite duration that requires a minimum of 35 hours of an employee's time per week for the portion of the taxable year in which the employee was initially hired for the qualified company's location within the Commonwealth. "New, permanent full-time position" includes security positions as required within a foreign trade zone, established pursuant to Foreign Trade Zones Act of 1934, as amended (19 U.S.C. §§ 81a through 81u). "New, permanent full-time position" does not include seasonal or temporary positions, jobs created when a position is shifted from an existing location in the Commonwealth to the qualified company's new or expanded location, or positions in building and grounds maintenance or other positions that are ancillary to the principal activities performed by the employees at the qualified company's location within the Commonwealth.

"Qualified company" means a corporation, limited liability company, partnership, joint venture, or other business entity that (i) locates or expands a facility within the Commonwealth; (ii) creates at least 25 new, permanent full-time positions for qualified full-time employees at a facility within the Commonwealth during its first year of operation or during the year when the expansion occurs; (iii) is involved in maritime commerce or exports or imports manufactured goods through the Port of Virginia; and (iv) is engaged in one or more of the following: the distribution, freight forwarding, freight handling, goods processing, manufacturing, warehousing, crossdocking, transloading, or wholesaling of goods exported and imported through the Port of Virginia; ship building and ship repair; dredging; marine construction; or offshore energy exploration or extraction.

"Qualified full-time employee" means an employee filling a new, permanent full-time position in the qualified company's location within the Commonwealth. A "qualified full-time employee" does not include an employee (i) for whom a tax credit was previously earned pursuant to § 58.1-439 or 58.1-439.12:06 by a related party as listed in § 267(b) of the Internal Revenue Code or by a trade or business under common control as defined in regulations issued pursuant to § 52(b) of the Internal Revenue Code; (ii) who was previously employed in the same job function at an existing location in the Commonwealth by a related party as listed in § 267(b) of the Internal Revenue Code; or (iii) whose job function was previously performed at a different location in the Commonwealth by an employee of a related party as listed in § 267(b) of the Internal Revenue Code or a trade or business under common control as defined in regulations issued pursuant to § 52(b) of the Internal Revenue Code.

C. Beginning January 1, 2014, but not later than June 30, 2020, and subject to appropriation, any qualified company that locates or expands a facility within the Commonwealth shall be eligible to apply for a one-time grant from the Fund, in an amount determined as follows:

D. The maximum amount of grant allowable per qualified company in any given fiscal year is \$500,000. The maximum amount of grants allowable among all qualified companies in any given fiscal year is \$5 million.

E. To qualify for a grant pursuant to this section, a qualified company must apply for the grant not later than March 31 in the year immediately following the location or expansion of a facility within the Commonwealth pursuant to an application process developed by the Virginia Port Authority. Within 90 days after the filing deadline, the Executive

Director shall certify to the Comptroller and the qualified company the amount of grant to which the qualified company is entitled under this section. Payment of each grant shall be made by check issued by the State Treasurer on warrant of the Comptroller within 60 days of such certification and in the order that each completed eligible application is received. In the event that the amount of eligible grants requested in a fiscal year exceeds the funds available in the Fund or \$5 million, such grants shall be paid in the next fiscal year in which funds are available.

F. A qualified company that has received a grant in accordance with the requirements provided in this section shall be eligible for a second grant from the Fund if it (i) locates or expands an additional facility in a separate location, as determined by the Virginia Port Authority, within the Commonwealth; (ii) creates at least 300 new, permanent full-time positions at the additional facility over and above those agreed upon in the qualified company's original memorandum of understanding with the Virginia Port Authority; and (iii) increases cargo volumes through the Port of Virginia by at least five percent, not including any volume increase resulting from the original grant, from the additional facility. If the qualified company satisfies the requirements provided in this subsection and receives a grant consistent with the requirements of this section, then the qualified company shall enter into another separate memorandum of understanding with the Virginia Port Authority as provided in subsection G.

G. Prior to receipt of a grant, the qualified company shall enter into a memorandum of understanding with the Virginia Port Authority establishing the requirements for maintaining the number of new, permanent full-time positions for qualified employees at the qualified company's location within the Commonwealth. If the number of new, permanent full-time positions for any of the three years immediately following receipt of a grant falls below the number of new, permanent full-time positions created during the year for which the grant is claimed, the amount of the grant must be recalculated using the decreased number of new, permanent full-time positions and the qualified company shall repay the difference.

H. No qualified company shall apply for a grant nor shall one be awarded under this section to an otherwise qualified company if (i) a credit pursuant to § 58.1-439 or 58.1-439.12:06 is claimed for the same employees or for capital expenditures at the same facility by the qualified company, by a related party as listed in § 267(b) of the Internal Revenue Code, or by a trade or business under common control as defined in regulations issued pursuant to § 52(b) of the Internal Revenue Code or (ii) the qualified company was a party to a reorganization as defined in § 368(b) of the Internal Revenue Code, and any corporation involved in the reorganization as defined in § 368(a) of the Internal Revenue Code previously received a grant under this section for the same facility or operations.

I. The Virginia Port Authority, with the assistance of the Virginia Economic Development Partnership, shall develop guidelines establishing procedures and requirements for qualifying for the grant, including the affirmative determination that each applicant is a qualified company, as defined above, engaged in a port-related business. The guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.). For the purposes of administering this grant program, the Virginia Port Authority and the Department of Taxation shall exchange information regarding whether a qualified company, a related party as listed in § 267(b) of the Internal Revenue Code, or a trade or business under common control as defined in regulations issued pursuant to § 52(b) of the Internal Revenue Code has claimed a credit pursuant to § 58.1-439 or 58.1-439.12:06 for the same employees or for capital expenditures at the same facility.

This subtraction shall not apply to assets acquired with such items of income or with the proceeds from the sale of assets stolen from, hidden from or otherwise lost to, during World War II and its prelude and direct aftermath, a victim or target of Nazi persecution. The provisions of this subdivision shall only apply to an individual who was the first recipient of such items of income and who was a victim or target of Nazi persecution, or a spouse, widow, widower, or child or stepchild of such victim.

"Victim or target of Nazi persecution" means any individual persecuted or targeted for persecution by the Nazi regime who had assets stolen from, hidden from or otherwise lost as a result of any act or omission in any way relating to (i) the Holocaust; (ii) World War II and its prelude and direct aftermath; (iii) transactions with or actions of the Nazi regime; (iv) treatment of refugees fleeing Nazi persecution; or (v) the holding of such assets by entities or persons in the Swiss Confederation during World War II and its prelude and aftermath. 36. For taxable years beginning on and after January 1, 2014, any income of an account holder for the taxable year taxed as (i) a capital gain for federal income tax purposes attributable to such person's first-time home buyer savings account established pursuant to Chapter 32 (§ 55-555 et seq.) of Title 55 and (ii) interest income or other income for federal income tax purposes attributable to such person's first-time home buyer savings account.

The amount subject to recapture shall be a portion of the amount withdrawn in the taxable year that was used for other than the payment of eligible costs, computed by multiplying the amount withdrawn and used for other than the payment of eligible costs by the ratio of the aggregate earnings in the account at the time of the withdrawal to the total balance in the account at such time.

However, recapture shall not apply to the extent of moneys or funds withdrawn that were (i) withdrawn by reason of the qualified beneficiary's death or disability, (ii) a disbursement of assets of the account pursuant to a filing for protection under the United States Bankruptcy Code, 11 U.S.C. §§ 101 through 1330, or (iii) transferred from an account established pursuant to Chapter 32 (§ 55-555 et seq.) of Title 55 into another account established pursuant to such chapter for the benefit of another qualified beneficiary.

For purposes of this subdivision, "account holder," "eligible costs," "first-time home buyer savings account," and "qualified beneficiary" mean the same as those terms are defined in § 55-555.

D. In computing Virginia taxable income there shall be deducted from Virginia adjusted gross income as defined in § 58.1-321:

1. a. The amount allowable for itemized deductions for federal income tax purposes where the taxpayer has elected for the taxable year to itemize deductions on his federal return, but reduced by the amount of income taxes imposed by the Commonwealth or any other taxing jurisdiction and deducted on such federal return and increased by an amount which, when added to the amount deducted under § 170 of the Internal Revenue Code for mileage, results in a mileage deduction at the state level for such purposes at a rate of 18 cents per mile; or

b. Three thousand dollars for single individuals and \$6,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return) for taxable years beginning on and after January 1, 2005; provided that the taxpayer has not itemized deductions for the taxable year on his federal income tax return. For purposes of this section, any person who may be claimed as a dependent on another taxpayer's return for the taxable year may compute the deduction only with respect to earned income.

2. a. A deduction in the amount of \$900 for taxable years beginning on and after January 1, 2005, but before January 1, 2008; and \$930 for taxable years beginning on and after January 1, 2008, for each personal exemption allowable to the taxpayer for federal income tax purposes.

b. For taxable years beginning on and after January 1, 1987, each blind or aged taxpayer as defined under § 63(f) of the Internal Revenue Code shall be entitled to an additional personal exemption in the amount of \$800.

The additional deduction for blind or aged taxpayers allowed under this subdivision shall be allowable regardless of whether the taxpayer itemizes deductions for the taxable year for federal income tax purposes.

3. A deduction equal to the amount of employment-related expenses upon which the federal credit is based under § 21 of the Internal Revenue Code for expenses for household and dependent care services necessary for gainful employment.

4. An additional \$1,000 deduction for each child residing for the entire taxable year in a home under permanent foster care placement as defined in § 63.2-908, provided the taxpayer can also claim the child as a personal exemption under § 151 of the Internal Revenue Code.

5. a. For taxable years beginning on and after January 1, 2004, a deduction in the amount of \$12,000 for individuals born on or before January 1, 1939.

b. For taxable years beginning on and after January 1, 2004, a deduction in the amount of \$12,000 for individuals born after January 1, 1939, who have attained the age of 65. This deduction shall be reduced by \$1 for every \$1 that the taxpayer's adjusted federal adjusted gross income exceeds \$50,000 for single taxpayers or \$75,000 for married taxpayers. For married taxpayers filing separately, the deduction will be reduced by \$1 for every \$1 the total combined adjusted federal adjusted gross income of both spouses exceeds \$75,000.

For the purposes of this subdivision, "adjusted federal adjusted gross income" means federal adjusted gross income minus any benefits received under Title II of the Social Security Act and other benefits subject to federal income taxation solely pursuant to § 86 of the Internal Revenue Code, as amended.

A deduction shall be allowed to the purchaser or contributor for the amount paid or contributed during the taxable year for a prepaid tuition contract or savings trust account entered into with the Virginia College Savings Plan, pursuant to Chapter 4.9 (§ 23-38.75 et seq.) of Title 23. Except as provided in subdivision 7 c, the amount deducted on any individual income tax return in any taxable year shall be limited to \$4,000 per prepaid tuition contract or savings trust account. No deduction shall be allowed pursuant to this section if such payments or contributions are deducted on the purchaser's or contributor's federal income tax return. If the purchase price or annual contribution to a savings trust account exceeds \$4,000, the remainder may be carried forward and subtracted in future taxable years until the purchase price or savings trust contribution has been fully deducted; however, except as provided in subdivision 7 c, in no event shall the amount deducted in any taxable year exceed \$4,000 per contract or savings trust account. Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to recapture in the taxable year or years

in which distributions or refunds are made for any reason other than (i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death, disability, or receipt of a scholarship. For the purposes of this subdivision, the term "purchaser" or "contributor" means the person shown as such on the records of the Virginia College Savings Plan as of December 31 of the taxable year. In the case of a transfer of ownership of a prepaid tuition contract or savings trust account, the transferee shall succeed to the transferor's tax attributes associated with a prepaid tuition contract or savings trust account, including, but not limited to, carryover and recapture of deductions.

b. The amount paid for a prepaid tuition contract during taxable years beginning on or after January 1, 1996, but before January 1, 1998, shall be deducted in taxable years beginning on or after January 1, 1998, and shall be subject to the limitations set out in subdivision 7 a.

c. A purchaser of a prepaid tuition contract or contributor to a savings trust account who has attained age 70 shall not be subject to the limitation that the amount of the deduction not exceed \$4,000 per prepaid tuition contract or savings trust account in any taxable year. Such taxpayer shall be allowed a deduction for the full amount paid for the contract or contributed to a savings trust account, less any amounts previously deducted.

8. #### **§ 58.1-402. Virginia taxable income.**

A. For purposes of this article, Virginia taxable income for a taxable year means the federal taxable income and any other income taxable to the corporation under federal law for such year of a corporation adjusted as provided in subsections B, C, D, and E.

For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, and E.

B. There shall be added to the extent excluded from federal taxable income:

1. Interest, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such other state unless created by compact or agreement to which the Commonwealth is a party;

2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;

3. [Repealed.]

4. The amount of any net income taxes and other taxes, including franchise and excise taxes, which are based on, measured by, or computed with reference to net income, imposed by the Commonwealth or any other taxing jurisdiction, to the extent deducted in determining federal taxable income;

5. Unrelated business taxable income as defined by § 512 of the Internal Revenue Code;

6. [Repealed.]

7. The amount required to be included in income for the purpose of computing the partial tax on an accumulation distribution pursuant to § 667 of the Internal Revenue Code;

8. a. For taxable years beginning on and after January 1, 2004, the amount of any intangible expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under § 58.1-446;

9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

(2) The interest expenses and costs are not directly or indirectly for, related to or in connection with the direct or indirect acquisition, maintenance, management, sale, exchange, or disposition of intangible property; and

(3) The transaction giving rise to the expenses and costs between the corporation and the related member has a valid business purpose other than the avoidance or reduction of taxation and payments between the parties are made at arm's length rates and terms; and

(4) One of the following applies:

(i) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(ii) Payments arise pursuant to a pre-existing contract entered into when the parties were not related members provided the payments continue to be made at arm's length rates and terms;

(iii) The related member engages in transactions with parties other than related members that generate revenue in excess of \$2 million annually; or

(iv) The transaction giving rise to the interest payments between the corporation and a related member was done at arm's length rates and terms and meets any of the following: (a) the related member uses funds that are borrowed from a party other than a related member or that are paid, incurred or passed-through to a person who is not a related member; (b) the debt is part of a regular and systematic funds management or portfolio investment activity conducted by the related

member, whereby the funds of two or more related members are aggregated for the purpose of achieving economies of scale, the internal financing of the active business operations of members, or the benefit of centralized management of funds; (c) financing the expansion of the business operations; or (d) restructuring the debt of related members, or the pass-through of acquisition-related indebtedness to related members.

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

[S 1037]

Approved March 17, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-439.12:05 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-439.12:05. Green job creation tax credit.**

A. For taxable years beginning on or after January 1, 2010, but before January 1, ~~2015~~ 2018, a taxpayer shall be allowed a credit against the tax levied pursuant to § 58.1-320 or 58.1-400 for each new green job created within the Commonwealth by the taxpayer. The amount of the annual credit for each new green job shall be \$500 for each annual salary that is \$50,000 or more. The credit shall be first allowed for the taxable year in which the job has been filled for at least one year and for each of the four succeeding taxable years provided the job is continuously filled during the respective taxable year. Each taxpayer qualifying under this section shall be allowed the credit for up to 350 green jobs.

B. As used in this section:

"Green job" means employment in industries relating to the field of renewable, alternative energies, including the manufacture and operation of products used to generate electricity and other forms of energy from alternative sources that include hydrogen and fuel cell technology, landfill gas, geothermal heating systems, solar heating systems, hydropower systems, wind systems, and biomass and biofuel systems. The Secretary of Commerce and Trade shall develop a detailed definition and list of jobs that qualify for the credit provided in this section and shall post them on his website.

"Job" means employment of an indefinite duration of an individual whose primary work activity is related directly to the field of renewable, alternative energies and for which the standard fringe benefits are paid by the taxpayer, requiring a minimum of either (i) 35 hours of an employee's time per week for the entire normal year of such taxpayer's operations, which "normal year" must consist of at least 48 weeks, or (ii) 1,680 hours per year. Positions created when a job function is shifted from an existing location in the Commonwealth shall not qualify as a job under this section.

C. To qualify for the tax credit provided in subsection A, a taxpayer shall demonstrate that the green job was created by the taxpayer, and that such job was continuously filled in the Commonwealth during the respective taxable year.

D. The amount of the credit shall not exceed the total amount of tax imposed by this chapter for the taxable year in which the green job was continuously filled. *An Act to amend and reenact § 58.1-3710 of the Code of Virginia, relating to license tax; businesses ceasing operations.*

[S 1040]

Approved March 17, 2015

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That § 58.1-3710 of the Code of Virginia is amended and reenacted as follows:**

##### **§ 58.1-3710. Proration of license taxes.**

A. Notwithstanding any other provision of law, general or special, and regardless of the basis or method of measurement or computation, no county, city or town shall impose a license tax based on gross receipts on a business, trade, profession, occupation or calling, or upon a person, firm or corporation for any fraction of a year during which such person, firm or corporation has permanently ceased to engage in such business, trade, profession, occupation or calling within the county, city or town. In the event a person, firm or corporation ceases to engage in a business, trade, profession or calling within a county, city or town during a year for which a license tax based on gross receipts has already been paid, the taxpayer shall be entitled upon application to a refund for that portion of the license tax already paid, prorated on a monthly basis so as to ensure that the licensed privilege is taxed only for that fraction of the year during which it is exercised within the county, city or town. The county, city or town may elect to remit any refunds in the ensuing fiscal year, and may offset against such refund any amount of past-due taxes owed by the same taxpayer. In no event shall a county, city or town be required to refund any part of a flat fee or minimum flat tax.

B. *Notwithstanding subsection A and any other provision of law, general or special, in the event that a person, firm, or corporation ceases to engage in a business, trade, profession, or calling in one year for which a license is based on gross receipts, but the person, firm, or corporation indicates to the county, city, or town that it intends to settle outstanding, existing business accounts in the year following the year in which it ceased to do business, such person, firm, or corporation shall be authorized to pay a license tax based on an estimate of gross receipts for such year, instead of a license tax based on the previous year's gross receipts. Such tax shall be subject to adjustment to the correct tax at such time as all accounts are closed. If the estimate submitted pursuant to this subsection is found to be unreasonable under the circumstances, a penalty of 10 percent of the additional license tax assessed shall be assessed. If a person, firm, or corporation that is subject to an estimated license tax under this subsection is found to continue to operate the business, for which it gave notice of the cessation of operations, during the year for which it is subject to the estimated license tax, the person, firm, or corporation shall be required to pay the full amount of the license tax due based on the previous year's gross receipts plus a penalty of 10 percent of this amount, provided that the 10 percent penalty for an unreasonable estimate of gross receipts shall not be assessed.*

7. Coordinate with the United States Federal Emergency Management Agency to ensure current knowledge of the identification of flood-prone communities and of the status of applications made by localities to participate in the National Flood Insurance Program.

8. Establish guidelines which will meet minimum requirements of the National Flood Insurance Program in furtherance of the policy of the Commonwealth to assure that all citizens living in flood-prone areas may have the opportunity to indemnify themselves from flood losses through the purchase of flood insurance under the regular flood insurance program of the National Flood Insurance Act of 1968 as amended.

9. Subject to the provisions of the Appropriations Act, provide financial and technical assistance to localities in an amount not to exceed fifty percent of the nonfederal costs of flood protection projects.

The Department and the Joint Subcommittee shall receive input from interested parties in preparation of the Department's plan update.**

All sales for resale must be made in strict compliance with regulations applicable to this chapter. Any dealer making a sale for resale which is not in strict compliance with such regulations shall be personally liable for payment of the tax.

The terms "retail sale" and a "sale at retail" shall specifically include the following: (i) the sale or charges for any room or rooms, lodgings, or accommodations furnished to transients for less than 90 continuous days by any hotel, motel, inn, tourist camp, tourist cabin, camping grounds, club, or any other place in which rooms, lodging, space, or accommodations are regularly furnished to transients for a consideration; (ii) sales of tangible personal property to persons for resale when because of the operation of the business, or its very nature, or the lack of a place of business in which to display a certificate of registration, or the lack of a place of business in which to keep records, or the lack of adequate records, or because such persons are minors or transients, or because such persons are engaged in essentially service businesses, or for any other reason there is likelihood that the Commonwealth will lose tax funds due to the difficulty of policing such business operations; (iii) the separately stated charge made for automotive refinish repair materials that are permanently applied to or affixed to a motor vehicle during its repair; and (iv) the separately stated charge for equipment available for lease or purchase by a provider of satellite television programming to the customer of such programming. Equipment sold to a provider of satellite television programming for subsequent lease or purchase by the customer of such programming shall be deemed a sale for resale. The Tax Commissioner is authorized to promulgate regulations requiring vendors of or sellers to such persons to collect the tax imposed by this chapter on the cost price of such tangible personal property to such persons and may refuse to issue certificates of registration to such persons.

The term "transient" shall not include a purchaser of camping memberships, time-shares, condominiums, or other similar contracts or interests that permit the use of, or constitute an interest in, real estate, however created or sold and whether registered with the Commonwealth or not. Further, a purchaser of a right or license which entitles the purchaser to use the amenities and facilities of a specific real estate project on an ongoing basis throughout its term shall not be deemed a transient; provided, however, that the term or time period involved is for seven years or more.

The terms "retail sale" and "sale at retail" shall not include a transfer of title to tangible personal property after its use as tools, tooling, machinery or equipment, including dies, molds, and patterns, if (i) at the time of purchase, the purchaser is

obligated, under the terms of a written contract, to make the transfer and (ii) the transfer is made for the same or a greater consideration to the person for whom the purchaser manufactures goods.

"Retailer" means every person engaged in the business of making sales at retail, or for distribution, use, consumption, or storage to be used or consumed in the Commonwealth.

"Sale" means any transfer of title or possession, or both, exchange, barter, lease or rental, conditional or otherwise, in any manner or by any means whatsoever, of tangible personal property and any rendition of a taxable service for a consideration, and includes the fabrication of tangible personal property for consumers who furnish, either directly or indirectly, the materials used in fabrication, and the furnishing, preparing, or serving for a consideration of any tangible personal property consumed on the premises of the person furnishing, preparing, or serving such tangible personal property. A transaction whereby the possession of property is transferred but the seller retains title as security for the payment of the price shall be deemed a sale.

"Sales price" means the total amount for which tangible personal property or services are sold, including any services that are a part of the sale, valued in money, whether paid in money or otherwise, and includes any amount for which credit is given to the purchaser, consumer, or lessee by the dealer, without any deduction therefrom on account of the cost of the property sold, the cost of materials used, labor or service costs, losses or any other expenses whatsoever. "Sales price" shall not include (i) any cash discount allowed and taken; (ii) finance charges, carrying charges, service charges or interest from credit extended on sales of tangible personal property under conditional sale contracts or other conditional contracts providing for deferred payments of the purchase price; (iii) separately stated local property taxes collected; (iv) that portion of the amount paid by the purchaser as a discretionary gratuity added to the price of a meal; or (v) that portion of the amount paid by the purchaser as a mandatory gratuity or service charge added by a restaurant to the price of a meal, but only to the extent that such mandatory gratuity or service charge does not exceed 20 percent of the price of the meal. Where used articles are taken in trade, or in a series of trades as a credit or part payment on the sale of new or used articles, the tax levied by this chapter shall be paid on the net difference between the sales price of the new or used articles and the credit for the used articles.

"Semiconductor cleanrooms" means the integrated systems, fixtures, piping, partitions, flooring, lighting, equipment, and all other property used to reduce contamination or to control airflow, temperature, humidity, vibration, or other environmental conditions required for the integrated process of semiconductor manufacturing.

"Semiconductor equipment" means (i) machinery or tools or repair parts or replacements thereof; (ii) the related accessories, components, pedestals, bases, or foundations used in connection with the operation of the equipment, without regard to the proximity to the equipment, the method of attachment, or whether the equipment or accessories are affixed to the realty; (iii) semiconductor wafers and other property or supplies used to install, test, calibrate or recalibrate, characterize, condition, measure, or maintain the equipment and settings thereof; and (iv) equipment and supplies used for quality control testing of product, materials, equipment, or processes; or the measurement of equipment performance or production parameters regardless of where or when the quality control, testing, or measuring activity takes place, how the activity affects the operation of equipment, or whether the equipment and supplies come into contact with the product.

"Storage" means any keeping or retention of tangible personal property for use, consumption or distribution in the Commonwealth, or for any purpose other than sale at retail in the regular course of business.

"Tangible personal property" means personal property which may be seen, weighed, measured, felt, or touched, or is in any other manner perceptible to the senses. The term "tangible personal property" shall not include stocks, bonds, notes, insurance or other obligations or securities. The term "tangible personal property" shall include (i) telephone calling cards upon their initial sale, which shall be exempt from all other state and local utility taxes, and (ii) manufactured signs.

"Use" means the exercise of any right or power over tangible personal property incident to the ownership thereof, except that it does not include the sale at retail of that property in the regular course of business. The term does not include the exercise of any right or power, including use, distribution, or storage, over any tangible personal property sold to a nonresident donor for delivery outside of the Commonwealth to a nonresident recipient pursuant to an order placed by the donor from outside the Commonwealth via mail or telephone. The term does not include any sale determined to be a gift transaction, subject to tax under § 58.1-604.6.

"Use tax" refers to the tax imposed upon the use, consumption, distribution, and storage as herein defined.

"Used directly," when used in relation to manufacturing, processing, refining, or conversion, refers to those activities which are an integral part of the production of a product, including all steps of an integrated manufacturing or mining process, but not including ancillary activities such as general maintenance or administration. When used in relation to mining, it shall refer to the activities specified above, and in addition, any reclamation activity of the land previously mined by the mining company required by state or federal law.

"Video programmer" means a person or entity that provides video programming to end-user subscribers.

"Video programming" means video and/or information programming provided by or generally considered comparable to programming provided by a cable operator including, but not limited to, Internet service.

B. Notwithstanding the definitions in subsection A, to the extent that conformity to any remote collection authority legislation enacted by the Congress of the United States shall so require, the words and terms used in this chapter related to the minimum simplification requirements shall have the same meaning as provided in such federal legislation.

Such counties and the Commissioner of Highways shall have the authority to do all things reasonable or convenient to effectuate the purposes of this section.

**§ 33.2-501. Designation of HOV lanes; use of such lanes; penalties.**

A. In order to facilitate the rapid and orderly movement of traffic to and from urban areas during peak traffic periods, the Board may designate one or more lanes of any highway in the Interstate System, primary state highway system, or secondary state highway system as HOV lanes. When lanes have been so designated and have been appropriately marked with signs or other markers as the Board may prescribe, they shall be reserved during periods designated by the Board for the exclusive use of buses and high-occupancy vehicles. Any local governing body may also, with respect to highways under its exclusive jurisdiction, designate HOV lanes and impose and enforce restrictions on the use of such lanes. Any highway for which the locality receives highway maintenance funds pursuant to § 33.2-319 shall be deemed to be within the exclusive jurisdiction of the local governing body for the purposes of this section. HOV lanes shall be reserved for high-occupancy vehicles of a specified number of occupants as determined by the Board or, for HOV lanes designated by a local governing body, by that local governing body. ~~Notwithstanding the foregoing provisions of this section~~ *However*, no designation of any lane or lanes of any highway as HOV lanes shall apply to the use of any such lanes by:

1. Emergency vehicles such as firefighting vehicles, ambulances, and rescue squad vehicles;
2. Law-enforcement vehicles;
3. Motorcycles;
4. a. Transit and commuter buses designed to transport 16 or more passengers, including the driver;
- b. Any vehicle operating under a certificate issued under § 46.2-2075, 46.2-2080, 46.2-2096, 46.2-2099.4, or 46.2-2099.44;
5. Vehicles of public utility companies operating in response to an emergency call;
6. Vehicles bearing clean special fuel vehicle license plates issued pursuant to § 46.2-749.3, provided such use is in compliance with federal law;
7. Taxicabs having two or more occupants, including the driver; or
8. (Contingent effective date) Any active duty military member in uniform who is utilizing Interstate 264 and Interstate 64 for the purposes of traveling to or from a military facility in the Hampton Roads Planning District.

In the Hampton Roads Planning District, HOV restrictions may be temporarily lifted and HOV lanes opened to use by all vehicles when restricting use of HOV lanes becomes impossible or undesirable and the temporary lifting of HOV limitations is indicated by signs along or above the affected portion of highway.

The Commissioner of Highways shall implement a program of the HOV facilities in the Hampton Roads Planning District beginning not later than May 1, 2000. This program shall include the temporary lifting of HOV restrictions and the opening of HOV lanes to all traffic when an incident resulting from nonrecurring causes within the general lanes occurs such that a lane of traffic is blocked or is expected to be blocked for 10 minutes or longer. The HOV restrictions for the facility shall be reinstated when the general lane is no longer blocked and is available for use.

The Commissioner of Highways shall maintain necessary records to evaluate the effects of such openings on the operation of the general lanes and the HOV lanes. This program will terminate if the Federal Highway Administration requires repayment of any federal highway construction funds because of the program's impact on the HOV facilities in Hampton Roads.

B. In designating any lane or lanes of any highway as HOV lanes, the Board or local governing body shall specify the hour or hours of each day of the week during which the lanes shall be so reserved, and the hour or hours shall be plainly posted at whatever intervals along the lanes the Board or local governing body deems appropriate. Any person driving a motor vehicle in a designated HOV lane in violation of this section is guilty of a traffic infraction, which shall not be a moving violation, and on conviction shall be fined \$100. However, violations committed within the boundaries of Planning District 8 shall be punishable as follows:

1. For a first offense, by a fine of \$125;
2. For a second offense within a period of five years from a first offense, by a fine of \$250;
3. For a third offense within a period of five years from a first offense, by a fine of \$500; and
4. For a fourth or subsequent offense within a period of five years from a first offense, by a fine of \$1,000.

Upon a conviction under this section, the court shall furnish to the Commissioner of the Department of Motor Vehicles in accordance with § 46.2-383 an abstract of the record of such conviction, which shall become a part of the person's driving record. Notwithstanding the provisions of § 46.2-492, no driver demerit points shall be assessed for any violation of this section, except that persons convicted of second, third, fourth, or subsequent violations within five years of a first offense committed in Planning District 8 shall be assessed three demerit points for each such violation.

C. In the prosecution of an offense, committed in the presence of a law-enforcement officer, of failure to obey a road sign restricting a highway, or portion thereof, to the use of high-occupancy vehicles, proof that the vehicle described in the HOV violation summons was operated in violation of this section, together with proof that the defendant was at the time of such violation the registered owner of the vehicle, shall constitute in evidence a rebuttable presumption that such registered owner of the vehicle was the person who committed the violation. Such presumption shall be rebutted if the registered owner of the vehicle testifies in open court under oath that he was not the operator of the vehicle at the time of the violation. A summons for a violation of this section may be executed in accordance with § 19.2-76.2. Such rebuttable presumption shall not arise when the registered owner of the vehicle is a rental or leasing company.

D. Notwithstanding the provisions of § 19.2-76, whenever a summons for a violation of this section is served in any locality, it may be executed by mailing by first-class mail a copy thereof to the address of the owner of the vehicle as shown on the records of the Department of Motor Vehicles. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for his failure to appear on the return date of the summons.

E. Notwithstanding § 33.2-613, high-occupancy vehicles having three or more occupants (HOV-3) may be permitted to use the Omer L. Hirst-Adelard L. Brault Expressway (Dulles Toll Road) without paying a toll.

F. Notwithstanding the contrary provisions of this section, the following conditions shall be met before the HOV-2 designation of Interstate Route 66 outside the Capital Beltway can be changed to HOV-3 or any more restrictive designation:

1. The Department of Transportation shall publish a notice of its intent to change the existing designation and also immediately provide similar notice of its intent to all members of the General Assembly representing districts that touch or are directly impacted by traffic on Interstate Route 66.

2. The Department of Transportation shall hold public hearings in the corridor to receive comments from the public.

3. The Department of Transportation shall make a finding of the need for a change in such designation, based on public hearings and its internal data, and present this finding to the Board for approval.

4. The Board shall make written findings and a decision based upon the following criteria:

- a. Is changing the HOV-2 designation to HOV-3 in the public interest?

- b. Is there quantitative and qualitative evidence that supports the argument that HOV-3 will facilitate the flow of traffic on Interstate Route 66?

- c. Is changing the HOV-2 designation beneficial to comply with the federal Clean Air Act Amendments of 1990?

#### **§ 33.2-601. Ferry across Corrotoman River.**

The public free ferry across the Corrotoman River, in the County of Lancaster, authorized by ~~the act of March 12, 1847~~ *Chapter 156 of the Acts of Assembly of 1847*, shall be kept according to such act, except as otherwise provided in this section. The Circuit Court of Lancaster may have the contract for keeping the same let to the lowest bidder for a period of five years, and the bonds thereby directed shall be to the County of Lancaster. Furthermore, the ferry shall cross from Merry Point to the upper side of the wharf and canning factory at Ottoman wharf. However, the circuit court of the county shall have the right, upon the application of the board of supervisors, to discontinue the ferry if it appears that public necessity therefor no longer exists. No such application shall be made unless and until notice is given by (i) publication once a week for two successive weeks in a newspaper published in the county or having general circulation therein and (ii) posting copies of the notice at the front door of the courthouse of the county and at both landings of the ferry. Such notice shall be posted and the first newspaper publication made at least 30 days before the day on which the application will be made to the court.

#### **§ 33.2-612. Unlawful for Department of Transportation to permit free passage over certain toll bridges and ferries; exceptions.**

Except for those persons exempted from tolls under § 33.2-613, it shall be unlawful for the Department or any employee thereof to give or permit free passage over any toll bridge, tunnel, or ferry that has been secured through the issuance of revenue bonds and which bonds are payable from the revenues of such project. Every vehicle shall pay the same toll as others similarly situated. Except as provided in § 33.2-613, the provisions ~~hereof~~ *of this section* shall apply to vehicles and employees of the state government, local governments, or other political subdivisions and to vehicles and persons of all other categories and descriptions, public, private, eleemosynary, or otherwise.

Any tollgate keeper who refuses to permit the persons listed in subsection A to use any toll bridge, toll ferry, toll tunnel, or toll road upon presentation of such a toll pass is guilty of a misdemeanor punishable by a fine of not more than \$50 and not less than \$2.50. Any person other than those listed in subsection A who exhibits any such toll pass for the purpose of using any toll bridge, toll ferry, toll tunnel, or toll road is guilty of a Class 1 misdemeanor.

D. Any vehicle operated by the holder of a valid driver's license issued by the Commonwealth or any other state shall be allowed free use of all toll bridges, toll roads, and other toll facilities in the Commonwealth if:

1. The vehicle is specially equipped to permit its operation by a handicapped person;
2. The driver of the vehicle has been certified, either by a physician licensed by the Commonwealth or any other state or by the Adjudication Office of the U.S. Department of Veterans Affairs, as being severely physically disabled and having permanent upper limb mobility or dexterity impairments that substantially impair his ability to deposit coins in toll baskets;
3. The driver has applied for and received from the Department of Transportation a vehicle window sticker identifying him as eligible for such free passage; and
4. Such identifying window sticker is properly displayed on the vehicle.

A copy of this subsection shall be posted at all toll bridges, toll roads, and other toll facilities in the Commonwealth. The Department of Transportation shall provide envelopes for payments of tolls by those persons exempted from tolls pursuant to this subsection and shall accept any payments made by such persons.

E. Nothing contained in this section or in § 33.2-612 or 33.2-1718 shall operate to affect the provisions of § 22.1-187.

F. Notwithstanding the provisions of subsections A, B, and C, only the following persons may use the Chesapeake Bay Bridge-Tunnel, facilities of the Richmond Metropolitan Transportation Authority, or facilities of an operator authorized to operate a toll facility pursuant to the Public-Private Transportation Act of 1995 (§ 33.2-1800 et seq.) without the payment of toll when necessary and incidental to the conduct of official business:

1. The Commissioner of Highways;
2. Members of the Commonwealth Transportation Board;

**§ 33.2-1024. Reformation, alteration, revision, amendment, or invalidation of certificate.**

Upon the recordation of such certificate, no reformation, alteration, revision, amendment, or invalidation shall be made for any purpose without the prior consent of the court wherein such certificate is recorded. The court shall have jurisdiction to reform, alter, revise, amend, or invalidate in whole or in part any certificate; to correct mistakes in the description of the property affected by such certificate; to correct the name of the owner in the certificate; to correct any other error that may exist with respect to such certificate; or for any other purpose. A petition filed by the Commissioner of Highways with the court setting forth any error made in such certificate, or the necessity of any change therein, shall be deemed sufficient basis for the reformation, alteration, revision, amendment, or invalidation in whole or in part of such certificate. The court may enter an order permitting the reformation, alteration, revision, amendment, or invalidation in whole or in part, and such order, together with any revised certificate that may be necessary, shall be ~~spread~~ recorded in the current deed book. The filing of any certificate pursuant to the provisions of this section shall not alter the date of taking as established by the filing of the original certificate pursuant to § 33.2-1021 as to any land that is included in the amended certificate, and no such amended certificate shall include any land not in the original certificate. Nothing ~~herein contained~~ in this section shall be construed to prohibit or preclude any person damaged thereby from showing in the proper proceeding the damage suffered by reason of such mistake or the invalidation of a certificate of deposit as ~~herein provided in this section~~.

**§ 33.2-1025. When condemnation proceedings instituted; payment of compensation or damages; order confirming award; recording.**

Within 180 days after the recordation of such certificate, if the Commissioner of Highways and the owner of such lands or interest therein taken or damaged by the Commissioner of Highways are unable to agree as to the compensation or damages, if any, caused thereby, or such consent cannot be obtained due to the incapacity of the owner, or because such owner is unknown or cannot with reasonable diligence be found within the Commonwealth, the Commissioner of Highways shall institute condemnation proceedings, as provided in this article, unless said proceedings shall have been instituted prior to the recordation of such certificate. The amount of such compensation and damages, if any, awarded to the owner in such proceedings shall be paid out of the appropriations to the Department. The final order confirming the award of the Commissioner of Highways shall confirm absolute and indefeasible title to the land, or interest therein sought, in the Commonwealth and shall be ~~spread~~ recorded in the current deed book.

**§ 33.2-1027. Agreements as to compensation; petition and order of court thereon; disposition of deposit.**

At any time after the recordation of such certificate, but prior to the institution of condemnation proceedings, if the Commissioner of Highways and the owner of the land or interest therein taken or damaged are able to agree as to compensation for the land taken and damages, if any, caused by such taking, the Commissioner of Highways shall file with the court a petition so stating, with a copy of the agreement attached. If condemnation proceedings are already pending at the time of reaching such agreement, no such petition shall be required, but the motion for dismissal of such proceedings shall contain an averment that such agreement has been reached. Upon the filing of such petition or motion to dismiss, the court shall thereupon enter an order confirming absolute and indefeasible title to the land or interest therein in the Commonwealth. Such order shall be ~~spread~~ recorded in the current deed book. Upon entry of such order, the Commissioner of Highways and State Treasurer shall be relieved of further obligation by virtue of having filed such certificate of deposit with the court.

If it shall appear from such petition and agreement, or motion to dismiss a pending suit, that no person other than those executing such agreement are entitled to the fund on deposit, the court shall direct that such fund, after payment therefrom of any taxes that may be charged against such land taken, be disbursed and distributed in accordance with the statement or charge in the petition or motion among the parties or persons entitled thereto. If it shall appear that a controversy exists as to the persons entitled to such fund, such distribution shall be made in accordance with the provisions of § 33.2-1023.

**§ 33.2-1230. Adjustment or relocation of certain billboard signs.**

A. Notwithstanding any other provision of law, general or special, whenever land is acquired due to the widening, construction, or reconstruction of any highway as defined in § 33.2-1200 by purchase or by use of the power of eminent domain by any condemnor and upon such land is situated a lawfully erected billboard sign as defined in § 33.2-1200 or whenever a lawfully erected billboard sign as defined in § 33.2-1200 is situated adjacent to such a highway and is affected by the construction of a sound wall, such billboard sign may be relocated as provided in this section.

B. If a billboard sign meets all requirements under the provision of this title, the size, lighting, and spacing requirements of a locality that is certified in accordance with 23 C.F.R. § 750.706 and the federal-state agreement, if applicable, and § 4.1-113.1 in the case of outdoor alcoholic beverage advertising, but is considered nonconforming solely due to a local ordinance, the owner of the billboard sign, at his sole cost and expense, shall have the option to relocate such billboard sign to another location as close as practicable on the same property, adjusting the height or angle of the billboard sign to a height or angle that restores the visibility of the billboard sign to the same or comparable visibility as before the taking or before construction of the sound wall, provided the new location also meets all the requirements of this title and regulations adopted pursuant thereto. The billboard sign may remain in its original location, provided the owner of the billboard sign pays monthly rent to the Commissioner of Highways or other condemnor equivalent to the monthly rent received by the property owner for the billboard prior to acquisition, and until such time as the Commissioner or other condemnor gives notice to the owner of such billboard sign that the billboard sign must be removed. The notice of removal shall be provided at least 45 days prior to the required removal date, which shall be the earlier of the certification date for a highway project advertisement for construction bids or the date that utility relocations are scheduled to commence.

C. Nothing in this section shall authorize the owner of such billboard sign to increase the size of the sign face, and a relocated billboard sign shall continue to be nonconforming in its new location unless the relocated billboard sign becomes conforming in its new location under the local ordinance. The provisions of § 33.2-1219 shall apply to any relocation.

**§ 33.2-1509. Funds for access roads to economic development sites and airports; construction, maintenance, etc., of such roads.**

A. Notwithstanding any other provision of law, there shall be appropriated to the Board funds derived from taxes on motor fuels, fees and charges on motor vehicle registrations, road taxes, or any other state revenue allocated for highway purposes, which shall be used by the Board for the purposes hereinafter specified in this section, after deducting the costs of administration before any of such funds are distributed and allocated for any road or street purposes.

Such funds shall be expended by the Board for constructing, reconstructing, maintaining, or improving access roads within localities to economic development sites on which manufacturing, processing, research and development facilities, distribution centers, regional service centers, corporate headquarters, or other establishments that also meet basic employer criteria as determined by the Virginia Economic Development Partnership in consultation with the Virginia Department of Small Business and Supplier Diversity will be built under firm contract or are already constructed and to licensed, public-use airports; in the event there is no such establishment or airport already constructed or for which the construction is under firm contract, a locality may guarantee to the Board by bond or other acceptable device that such will occur and, should no establishment or airport acceptable to the Board be constructed or under firm contract within the time limits of the bond, such bond shall be forfeited. The time limits of the bond shall be based on regular review and consideration by the Board. Towns that receive highway maintenance payments under § 33.2-319 shall be considered separately from the counties in which they are located when receiving allocations of funds for access roads.

B. In deciding whether or not to construct or improve any such access road, and in determining the nature of the road to be constructed, the Board shall base its considerations on the cost thereof in relation to the volume and nature of the traffic to be generated as a result of developing the airport or the economic development site. Within any economic development site or airport, the total volume of traffic to be generated shall be taken into consideration in regard to the overall cost thereof. No such access road shall be constructed or improved on a privately owned economic development site.

C. Any access road constructed or improved under this section shall constitute a part of the secondary state highway system or the road system of the locality in which it is located and shall thereafter be constructed, reconstructed, maintained, and improved as other roads or highways in such system.

**§ 33.2-1726. Incidental powers of the Board.**

The Board may make and enter into all contracts or agreements necessary or incidental to the execution of its powers under this chapter and may employ engineering, architectural, and construction experts and inspectors, brokers, and such other employees as may be deemed necessary, who shall be paid such compensation as may be provided in accordance with law. All such compensation and all expenses incurred in carrying out the provisions of this chapter shall be paid solely from funds provided under the authority of this chapter, and no liability or obligation shall be incurred pursuant to this chapter beyond the extent to which money has been provided under the authority of this chapter. The Board may exercise any powers that are necessary or convenient for the execution of its powers under this chapter.

The Board shall maintain and keep in good condition and repair, or cause to be maintained and kept in good condition and repair, the projects authorized under this chapter, when acquired or constructed and opened to traffic, including any project or part thereof that may include portions of existing streets or roads within a county, municipality, or other political subdivision.

The Board is authorized and empowered to establish regulations for the use of any one or more of the projects defined in § 33.2-1700, as amended, including reasonable regulations relating to (i) maximum and minimum speed limits applicable to motor vehicles using such project, any other provision of law to the contrary notwithstanding; (ii) the types, kinds, and

sizes of vehicles that may use such projects; (iii) the nature, size, type of materials, or substances that shall not be transported over such project; and (iv) such other matters as may be necessary or expedient in the interest of public safety with respect to the use of such project, provided that as to the project authorized under the terms of subdivision 5 of the definition of "project" in § 33.2-1700, the provisions of clauses (i), (ii), (iii), and (iv) shall not apply to existing streets within a municipality and embraced by such project, except as may be otherwise agreed upon by the Board and the municipality.

The projects acquired or constructed under this chapter may be policed in whole or in part by State Police officers even though all or some portions of any such projects lie within the corporate limits of a municipality or other political subdivision. Such officers shall be under the exclusive control and direction of the Superintendent of State Police and shall be responsible for the preservation of public peace, prevention of crime, apprehension of criminals, protection of the rights of persons and property, and enforcement of the laws and regulations of the Commonwealth within the limits of any such projects. All other police officers of the Commonwealth and of each locality or other political subdivision through which any project, or portion thereof, extends shall have the same powers and jurisdiction within the limits of such projects as they have beyond such limits and shall have access to the projects at any time for the purpose of exercising such powers and jurisdiction.

The Board is authorized and empowered to employ and appoint "project guards" for the purpose of protecting the projects and to enforce the regulations of the Board, except those paralleling state law, established for the use of such projects. Such guards may issue summons to appear or arrest on view without warrant and conduct before the nearest officer authorized by law to admit to bail any persons violating, within or upon the projects, any such rule or regulation. The provisions of §§ 46.2-936 and 46.2-940 shall apply mutatis mutandis to the issuance of summons or arrests without warrants pursuant to this section.

The violation of any regulation adopted by the Board pursuant to the authority hereby granted shall be punishable as follows: If such violation would have been a violation of law if committed on any public street or highway in the county, city, or town in which such violation occurred, it shall be punishable in the same manner as if it had been committed on such public road, street, or highway; otherwise it shall be punishable as a *Class 1* misdemeanor.

The powers and duties of the Board enumerated in this chapter shall not be construed as a limitation of the general powers or duties of the Board. The Board, in addition to the powers and duties enumerated in this chapter, shall do and perform any and all things and acts necessary in the construction or acquisition, maintenance, and operation of any project to be constructed or acquired under the provisions of this chapter, to the end that such project may become and be operated free of tolls as early as possible and practicable, subject only to the express limitations of this chapter and the limitations of other laws and constitutional provisions applicable thereto.

#### **§ 33.2-1915. Powers and functions generally.**

A. Notwithstanding any other contrary provision of law, a commission shall, except as provided in subsection B, have the following powers and functions:

1. The commission shall prepare the transportation plan for the transportation district and shall revise and amend the plan in accordance with the planning process and procedures specified in Article 7 (§ 33.2-1928 et seq.).
2. The commission may, when a transportation plan is adopted according to Article 7 (§ 33.2-1928 et seq.), construct or acquire, by purchase or lease, the transportation facilities specified in such transportation plan.
3. The commission may enter into agreements or leases with private companies for the operation of its facilities or may operate such facilities itself.
4. The commission may enter into contracts or agreements with the counties and cities within the transportation district, with counties and cities that adjoin the transportation district and are within the same planning district, or with other commissions of adjoining transportation districts to provide, or cause to be provided, transit facilities and service to such counties and cities or to provide transit facilities and other modes of transportation between adjoining transportation districts. Such contracts or agreements, together with any agreements or leases for the operation of such facilities, may be utilized by the transportation district to finance the construction and operation of transportation facilities, and such contracts, agreements, or leases shall inure to the benefit of any creditor of the transportation district.

However, except in any transportation district containing any or all of the Counties of Chesterfield, Hanover, and Henrico or the City of Richmond, being so delegated by the respective local governments, the commission shall not have the power to regulate services provided by taxicabs, either within municipalities or across municipal boundaries, which regulation is expressly reserved to the municipalities within which taxicabs operate. In any transportation district containing any or all of the Counties of Chesterfield, Hanover, and Henrico or the City of Richmond, the commission may, upon proper authority granted by the respective component governments, regulate services provided by taxicabs, either within localities or across county or city boundaries.

#### **B. The Northern Virginia Transportation Commission:**

1. Shall not prepare a transportation plan or construct or operate transit facilities, but shall collaborate and cooperate in the manner specified in Article 7 (§ 33.2-1928 et seq.) with an agency in preparing, revising, and amending a transportation plan for such metropolitan area.
2. Shall, according to Article 7 (§ 33.2-1928 et seq.) and in cooperation with the governing bodies of the component governments embraced by the transportation district, formulate the tentative policy and decisions of the transportation district with respect to the planning, design, location, construction, operation, and financing of transportation facilities.

3. May, when a transportation plan applicable to such a transportation district is adopted, enter into contracts or agreements with an agency to contribute to the capital required for the construction or acquisition of transportation facilities and for meeting expenses and obligations in the operations of such facilities.

4. May, when a transportation plan applicable to such transportation district is adopted, enter into contracts or agreements with the counties and cities within the transportation district to provide or cause to be provided transportation facilities and service to such counties and cities.

5. Notwithstanding any other provision in this section to the contrary:

a. May acquire land or any interest therein by purchase, lease, gift, condemnation, or otherwise and provide transportation facilities thereon for use in connection with any transportation service;

b. May acquire land or any interest therein by purchase, lease, gift, condemnation, or otherwise in advance of need for sale or contribution to an agency, for use by that agency in connection with an adopted mass transit plan;

c. May, in accordance with the terms of any grant from or loan by the United States of America or the Commonwealth, or any agency or instrumentality thereof, or when necessary to preserve essential transportation service, acquire transit facilities or any carrier that is subject to the jurisdiction of the Washington Metropolitan Area Transit Commission by acquisition of the capital stock or transit facilities and other assets of any such carrier and shall provide for the performance of transportation by any such carrier or with such transit facilities by contract or lease. However, the contract or lease shall be for a term of no more than one year, renewable for additional terms of similar duration, and, in order to assure acceptable fare levels, may provide for financial assistance by purchase of service, operating subsidies, or otherwise. No such service shall be rendered that will adversely affect transit service rendered by the transit facilities owned or controlled by the agency or any existing private transit or transportation company. When notified by the agency that it is authorized to perform or cause to be performed transportation services with motor vehicle facilities, the commission, upon request by the agency, shall transfer such capital stock or transit facilities to the agency at a price to be agreed upon; and

d. May prepare a plan for mass transportation services with cities, counties, agencies, authorities, or commissions and may further contract with transportation companies, cities, counties, commissions, authorities, agencies, and departments of the Commonwealth and appropriate agencies of the federal government or governments contiguous to the Commonwealth to provide necessary facilities, equipment, operations and maintenance, access, and insurance pursuant to such plan.

C. The provisions of subdivisions B 1 through 4 and subdivisions B 5 b and c shall not apply (i) to any transportation district that may be established on or after July 1, 1986, and that includes any one or more localities that are located within a metropolitan area, but that were not, on January 1, 1986, members of any other transportation district or (ii) to any locality that, after July 1, 1989, joins a transportation district that was established on or before January 1, 1986. The provisions of this subsection shall apply only to any transportation district or locality that is contiguous to the Northern Virginia Transportation District. Any such district or locality shall be subject to the provisions of subsection A and further may exercise the powers granted by subdivision B 5 a to acquire land or any interest therein by purchase, lease, gift, condemnation, or otherwise and provide transportation facilities thereon for use in connection with any transportation service.

D. Until such time as a commission enters into contracts or agreements with its component governments under the provisions of subdivisions A 4 and B 4 and is receiving revenues thereunder adequate to meet the administrative expenses of the commission after paying or providing for the payment of the obligations arising under said subdivisions, the administrative expenses of the commission shall be borne by the component governments in the manner set forth in this section. The commission annually shall submit to the governing bodies of the component counties and cities a budget of its administrative requirements for the next year.

E. The administrative expenses of the Northern Virginia Transportation Commission, to the extent funds for such expenses are not provided from other sources, shall be allocated among the component governments on the basis of population as reflected by the latest population statistics of the U.S. Census Bureau; however, upon the request of any component government, the commission shall make the allocation upon estimates of population prepared in a manner approved by the commission and by the governing body of the component government making such request. The administrative expenses of the Northern Virginia Transportation Commission, to the extent funds for such expenses are not provided from other sources, shall be allocated among the component governments on the basis of the relative shares of state and federal transit aids allocated by the Commission among its component governments. Such budget shall be limited solely to the administrative expenses of the Commission and shall not include any funds for construction or acquisition of transportation facilities or the performing of transportation service. In addition, the Northern Virginia Transportation Commission annually shall submit to the governing bodies of the component counties and cities a budget of its other expenses and obligations for the ensuing year. Such expenses and obligations shall be borne by the component counties and cities in accordance with prior arrangements made therefor.

F. When a transportation plan has been adopted under subdivision A 4 of § 33.2-1929, the commission shall determine the equitable allocation among the component governments of the costs incurred by the district in providing the transportation facilities proposed in the transportation plan and any expenses and obligations from the operation thereof to be borne by each county and city. In making such determinations, the commission shall consider the cost of the facilities located within each county and city, the population of each county and city, the benefits to be derived by each county and city from the proposed transportation service, and all other factors that the commission determines to be relevant. Such

determination, however, shall not create a commitment by the counties and cities, and such commitments shall be created only under the contracts or agreements specified in subdivisions A 4 and B 4.

**§ 33.2-1929. Procedures.**

~~A~~. To ensure that the planning process specified in § 33.2-1928 is effectively and efficiently utilized, the commission shall conform to the following procedures and may prescribe such additional procedures as it deems advisable:

1. Commission meetings shall be held at least monthly and more often in the discretion of the commission, as the proper performance of its duties requires.

2. At such meetings the commission shall receive and consider reports from:

a. Its members who are also members of an agency, as to the status and progress of the work of such agency, and if the commission deems that such reports are of concern to them, shall fully inform its component governments, committees, and the Commonwealth Transportation Board with respect thereto, as a means of developing the informed views requisite for sound policy-making; and

b. Its members, technical and other committees, members of the governing bodies of the component governments, and consultants, presenting and analyzing studies and data on matters affecting the making of policies and decisions on a transportation plan and the implementation thereof.

3. The objective of the procedures specified in this section is to develop agreement, based on the best available information, among the district commission, the governing bodies of the component governments, the Commonwealth Transportation Board, and an interstate agency with respect to the various factors that affect the making of policies and decisions relating to a transportation plan and the implementation thereof. If any material disagreements occur in the planning process with respect to objectives and goals, the evaluation of basic data, or the selection of criteria and standards to be applied in the planning process, the commission shall exert its best efforts to bring about agreement and understanding on such matters. The commission may hold hearings in an effort to resolve any such basic controversies.

4. Before a transportation plan is adopted, altered, revised, or amended by the commission or by an agency on which it is represented, the commission shall transmit such proposed plan, alteration, revision, or amendment to the governing bodies of the component governments, to the Commonwealth Transportation Board, and to its technical committees and shall release to the public information with respect thereto. A copy of the proposed transportation plan, amendment, or revision shall be kept at the commission office and shall be available for public inspection. Upon 30 days' notice, published once a week for two successive weeks in one or more newspapers of general circulation within the transportation district, a public hearing shall be held on the proposed plan, alteration, revision, or amendment. The 30 days' notice period shall begin to run on the first day the notice appears in any such newspaper. The commission shall consider the evidence submitted and statements and comments made at such hearings and, if objections in writing to the whole or any part of the plan are made by the governing body of any component government, or by the Commonwealth Transportation Board, or if the commission considers any written objection made by any other person, group, or organization to be sufficiently significant, the commission shall reconsider the plan, alteration, revision, or amendment. If, upon reconsideration, the commission agrees with the objection, then the commission shall make appropriate changes to the proposed plan, alteration, revision, or amendment and may adopt them without further hearing. If, upon reconsideration, the commission disagrees with the objection, the commission may adopt the plan, alteration, revision, or amendment. No facilities shall be located in and no service rendered, however, within any county or city that does not execute an appropriate agreement with the commission or with an interstate agency as provided in § 33.2-1922; but in such case, the commission shall determine whether the absence of such an agreement so materially and adversely affects the feasibility of the transportation plan as to require its modification or abandonment.

**§ 33.2-2103. Powers and duties of commission.**

The commission may:

1. Expend district revenues to construct, reconstruct, alter, improve, or expand; *transportation improvements and* make loans or otherwise provide for the cost of transportation improvements and for financial assistance to operate transportation improvements in the district for the use and benefit of the public.

2. Acquire by gift, purchase, lease, in-kind contribution to construction costs, or otherwise any transportation improvements in the district and sell, lease as lessor, transfer, or dispose of any part of any transportation improvements in such manner and upon such terms as the commission may determine to be in the best interests of the district. However, prior to disposing of any such property or interest therein, the commission shall conduct a public hearing with respect to such disposition. At the hearing, the residents and owners of property within the district shall have an opportunity to be heard. At least 10 days' notice of the time and place of such hearing shall be published in a newspaper of general circulation in the district, as prescribed by the commission. Such public hearing may be adjourned from time to time.

3. Negotiate and contract with any person with regard to any matter necessary and proper to provide any transportation improvements, including the financing, acquisition, construction, reconstruction, alteration, improvement, expansion, operation, or maintenance of any transportation improvements in the district. For the purposes of this chapter, transportation improvements are within the district if they are located within the boundaries of the transportation improvement district or are reasonably deemed necessary for the construction or operation of transportation improvements within the boundaries of the transportation improvement district.

4. Enter into a continuing service contract for a purpose authorized by this chapter and make payments of the proceeds received from the special taxes levied pursuant to this chapter, together with any other revenues, for installments due under

that service contract. The district may apply such payments annually during the term of that service contract in an amount sufficient to make the installment payments due under that contract, subject to the limitation imposed by this chapter. However, payments for any such service contract shall be conditioned upon the receipt of services pursuant to the contract. Such a contract shall not obligate a county or participating town to make payments for services of the district.

5. Accept the allocations, contributions, or funds of any available source or reimburse from any available source, including any person, for the whole or any part of the costs, expenses, and charges incident to the acquisition, construction, reconstruction, maintenance, alteration, improvement, and expansion or the operation of any transportation improvements in the district.

6. Contract for the extension and use of any public mass transit system or highway into territory outside the district on such terms and conditions as the commission determines.

7. Employ and fix the compensation of personnel who may be deemed necessary for the construction, operation, or maintenance of any transportation improvements in the district.

8. Have prepared an annual audit of the district's financial obligations and revenues, and upon review of such audit, request a tax rate adequate to provide tax revenues that, together with all other revenues, are required by the district to fulfill its annual obligations.

**§ 33.2-2205. Regulations of the Commission; enforcement.**

The Commission shall have power:

1. To adopt and enforce reasonable regulations that, after publication one time in full in a newspaper of general circulation published in or having general circulation in the City of Virginia Beach and a newspaper of general circulation published in or having general circulation in the County of Northampton and when posted where the using public may conveniently see such regulations, shall have the force and effect of law as to (i) maximum and minimum speed limits applicable to motor vehicles using the project and other property under control of the Commission; (ii) the types, kinds, and sizes of the vehicles that may use the project; (iii) the nature, size, type, or kind of materials or substances that shall not be transported through or over the project; and (iv) such other regulations as may be necessary or expedient in the interest of public safety with respect to the use of the project.

2. To punish a violation of the regulations provided for in subdivision 1 as follows:

a. If a violation would have been a violation of law or ordinance if committed on any public street or highway in the locality in which such violation occurred, it shall be tried and punished in the same manner as if it had been committed on such public street or highway.

b. If a violation occurs within one jurisdiction and is punishable within another jurisdiction, the court trying the case shall, if the accused is found guilty, apply the punishment that is prescribed for offenses occurring within the jurisdiction of the court trying the case.

c. All other violations shall be punishable as a *Class 1* misdemeanor.

3. To appoint and employ police to enforce within the area under the control of the Commission the regulations adopted by the Commission and the laws of the Commonwealth. Such police shall have the powers vested in police officers under §§ 15.2-1704 and 52-8, which sections shall apply, mutatis mutandis, to police appointed pursuant to this chapter.

Such police appointed by the Commission may issue summons to appear, or arrest on view or on information without warrant as permitted by law, within the jurisdiction of the Commonwealth, and conduct before any police or county court of any political subdivision into which the project extends any person violating, within or upon the project or other property under the control of the Commission, any rule or regulation of the Commission or any law of the Commonwealth pertaining to the regulation and control of highway traffic on any bridge or tunnel owned or operated by the Commission, including all entrance or exit plazas and approaches adjacent or appurtenant thereto and any rule or regulation regarding the payment of tolls.

4. For the purpose of enforcing such laws and regulations, the courts of the City of Virginia Beach and the County of Northampton have concurrent jurisdiction of criminal offenses that constitute violations of the laws and regulations of the Commission.

**§ 33.2-2216. Governmental function; exemption from taxation.**

The exercise of the powers granted by this chapter will be in all respects for the benefit of the people of the Commonwealth and for the increase of their commerce and prosperity *and is a public purpose*, and as the operation and maintenance of the project will constitute the performance of essential governmental functions, the Commission shall not be required to pay any taxes or assessments upon the project or any property acquired *by the Commission or under its jurisdiction, control, possession, or supervision, or upon its activities in the operation and maintenance of the project*, or used by the Commission under the provisions of this chapter, or upon the income therefrom, and the bonds issued under the provisions of this chapter, their transfer, and the income therefrom, including any profit made on the sale thereof, shall at all times be free from *all state and local* taxation within the Commonwealth.

**§ 33.2-2300. U.S. Route 58 Corridor Development Fund.**

There is hereby created in the Department of the Treasury a special nonreverting fund that shall be a part of the Transportation Trust Fund and that shall be known as the U.S. Route 58 Corridor Development Fund, referred to in this chapter as "the Fund," consisting of the first \$40 million of annual collections of the state recordation taxes imposed by Chapter 8 of Title 58.1, provided, however, that this dedication shall not affect the local recordation taxes under subsection B of § 58.1-802 and § 58.1-814. The Fund shall also include such other funds as may be appropriated by the General

Assembly and designated for the Fund and all interest, dividends, and appreciation that may accrue thereto. Any moneys remaining in the Fund at the end of a biennium shall not revert to the general fund, but shall remain in the Fund. Allocations from the Fund may be paid to any authority, locality, or commission for the purposes specified in § 33.2-2301.

**§ 33.2-2915. Acquisition of property.**

A. The Authority may acquire, solely from funds provided under the provisions of this chapter, such lands, structures, properties, rights, rights-of-way, franchises, easements, and other interests in lands, including lands lying under water and riparian rights, as it may deem necessary or convenient for the construction and operation of Authority facilities, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof.

B. The City of Richmond, the Counties of Henrico and Chesterfield, the Commonwealth Transportation Board, and, with the approval of the Governor, public agencies and commissions of the Commonwealth, notwithstanding any contrary provision of law, may lease, lend, grant, or convey to the Authority at its request upon such terms and conditions as the governing bodies of the City of Richmond, the Counties of Henrico and Chesterfield, the Commonwealth Transportation Board, or the proper authorities of such agencies or commissions of the Commonwealth may deem reasonable and fair and without the necessity of any advertisement, order of court, or other action or formality, other than the regular and formal action of the governing bodies or authorities concerned, any real property that may be necessary or convenient for the effectuation of the authorized purposes of the Authority, including public highways and any other real property already devoted to public use.

C. The City of Richmond and the Counties of Henrico and Chesterfield may, subject to the provisions of § 25.1-102, acquire by the exercise of the power of eminent domain granted to or conferred upon them, and in accordance with the procedure prescribed therefor, any real property that may be necessary or convenient for the effectuation of the authorized purposes of the Authority and lease, lend, grant, or convey such property to the Authority upon such terms and conditions as the governing bodies of the City of Richmond or Counties of Henrico and Chesterfield may deem reasonable and fair; the acquisition of such real property by the exercise of the power of eminent domain and the disposition of *the* same to the Authority as provided in this section shall be and is declared to be for a public use of such property.

D. In any eminent domain proceedings by the Authority, the City of Richmond, or the County of Henrico or Chesterfield under this chapter, the court having jurisdiction of the suit, action, or proceeding may make such orders as may be just to the Authority, the City of Richmond, or the County of Henrico or Chesterfield and to the owners of the property to be condemned, and may require an undertaking or other security to secure such owners against any loss or damage by reason of the failure of the Authority, the City of Richmond, or the County of Henrico or Chesterfield to accept and pay for the property, or by reason of the taking of property occupied by such owners, but neither such undertaking or security nor any act or obligation of the Authority, the City of Richmond, or the County of Henrico or Chesterfield shall impose any liability upon the Commonwealth.

E. If the owner, lessee, or occupier of any property to be condemned or otherwise acquired pursuant to this chapter refuses to remove his property therefrom or give up possession thereof, the Authority, the City of Richmond, or the County of Henrico or Chesterfield may proceed to obtain possession in any manner provided by law.

F. When the Authority, the City of Richmond, or the County of Henrico or Chesterfield proposes to construct a highway across the tracks of any railroad, the exercise of the general power of eminent domain over the property of a railroad granted by § 33.2-2902 shall be limited with respect to the property, right-of-way, facilities, works, or appurtenances upon which the tracks at such proposed crossing are located, to the acquisition only of an easement therein, which crossing shall be constructed either sufficiently above or below the grade of any such railroad track so that neither the crossing then under construction nor any part thereof, including any bridge abutments, columns, supporting structures, and appurtenances, nor any traffic upon it shall interfere in any manner with the use, operation, or maintenance of the trains, tracks, works, or appurtenances of the railroad or interfere with or endanger the movement of the trains or traffic upon the tracks of the railroad. Prior to the exercise of the power of eminent domain for such an easement, plans and specifications of that portion of the project to be constructed across the railroad tracks showing compliance with such requirements and showing sufficient and safe plans and specifications for such overhead or underground structure and appurtenances shall be submitted to the railroad for examination and approval. If the railroad fails or refuses within 30 days to approve the plans and specifications so submitted, the matter shall be submitted by the Authority, the City of Richmond, or the County of Henrico or Chesterfield to the State Corporation Commission, whose decision, arrived at after due consideration in accordance with its usual procedure, shall be final as to the sufficiency and safety of such plans and specifications and as to such elevations or distances above or below such tracks. The overhead or underground structures and appurtenances shall be constructed in accordance with such plans and specifications and in accordance with such elevations or distances above or below such tracks so approved by the railroad or the State Corporation Commission. A copy of the plans and specifications approved by the railroad or the State Corporation Commission shall be filed as an exhibit upon the institution of any proceeding brought in the exercise of the power of eminent domain.

G. The Commonwealth hereby consents, subject to the approval of the Governor, to the use by the Authority of any other lands or property owned by the Commonwealth, including lands lying under water, that are deemed by the Authority to be necessary for the construction or operation of any project being constructed by the Authority.

**§ 33.2-2916. Transfer to City of Richmond.**

A. If the City of Richmond has rendered financial assistance or contributed in any manner to the cost of construction of a limited access highway by the Authority within or partly within and partly without the corporate limits of the City of Richmond, and the Authority has issued bonds for the construction of such limited access highway, then, when all such bonds, including refunding bonds, and the interest thereon have been paid or a sufficient amount of cash or United States government securities have been deposited and dedicated to the payment of all such bonds and the interest to the maturity or redemption date thereof in trust for the benefit of the holders of such bonds, all property, real and personal, acquired in connection with such limited access highway within the City of Richmond shall be transferred by the Authority to the City as compensation to the City for the financial assistance rendered by the City to the Authority in connection with the construction or acquisition of such limited access highway; ~~and such~~. Such highway shall upon the acceptance thereof by the City become a part of the street or highway system of the City and shall thereafter be maintained and operated as a limited access highway by the City. The governing body of the City of Richmond shall have the power to fix, revise, charge, and collect tolls for transit over such limited access highway and as compensation for other uses that may be made thereof. The proceeds from such tolls and compensation shall be first used to reimburse the City of Richmond and the Counties of Henrico and Chesterfield for any funds or expenditures made by each of them pursuant to contracts or agreements authorized by § 33.2-2913 for which reimbursement has not been made, and then for the operation, maintenance, improvement, expansion, or extension of such limited access highway and to increase its utility and benefits and for the construction, reconstruction, maintenance, and operation of other projects or highways connected with such limited access highway or with the federal or state highway systems, and for such purpose the City of Richmond shall succeed to all the functions and shall have all the powers conferred on the Authority by this chapter.

B. If the Authority constructs a limited access highway project partly within and partly without the corporate limits of the City of Richmond, any extension thereof shall be constructed or acquired only when approved by the unanimous vote of all members of the board of directors or by a vote of three-fourths of the directors and approval by the City Council of the City of Richmond and the Boards of Supervisors of the Counties of Henrico and Chesterfield. If the Authority has issued bonds for the purpose of constructing such project or for the purpose of constructing or acquiring such extensions when all such bonds, including any refunding bonds, and the interest thereon have been paid or a sufficient amount of cash or United States government securities have been deposited and dedicated to the payment thereof in trust for the benefit of holders of such bonds, all property, real and personal, acquired in connection with such project or extension thereof not required to be transferred to the City of Richmond pursuant to subsection A shall be transferred by the Authority to the political subdivisions in which such property is located at the time of such transfer at no cost to such political subdivisions in the event the subdivisions adopt a resolution accepting such property. If not accepted by such subdivisions within 30 days from the offer of the property by the Authority, then the Authority shall transfer such property to the Commonwealth Transportation Board. If such property is accepted by the political subdivision where the property is located, the governing body of such subdivision shall have the power to fix, revise, charge, and collect tolls for transit over such limited access highway project or extension and as compensation for other uses that may be made thereof. The proceeds from such tolls and compensation shall be used first to reimburse the City of Richmond and the Counties of Henrico and Chesterfield for any funds or expenditures made by each of them pursuant to contracts or agreements authorized by § 33.2-2913 for which reimbursement has not been made and then for the operation, maintenance, improvement, expansion, or extension of such limited access highway project and to increase its utility and benefits and for the construction, reconstruction, maintenance, and operation of other projects or highways connected with such limited access highway or with the state or federal highway systems and for such purpose such political subdivisions shall succeed to all the functions and shall have all the powers conferred on the Authority by this chapter with respect to such property.

In addition to other powers herein granted, the Authority shall have the following duties and responsibilities:

1. General oversight of Williamsburg area programs involving mass transit or congestion mitigation;
2. Long-range transit planning in the Williamsburg area, both financially constrained and financially unconstrained;
3. Recommending to state, regional, and federal agencies regional transit priorities, including public-private transit projects and funding allocations;

Unless otherwise restricted by the terms of the

*gift, bequest, or grant, the Authority may sell, exchange, or otherwise dispose of such money, securities, or other property given or bequeathed to it in furtherance of its purposes.*

**§ 56-366.1. Proceedings to avoid or eliminate grade crossings by grade separation or to widen, strengthen, remodel, relocate or replace existing crossing structures on public highways.**

Whenever a road in the ~~State Highway System~~ *primary or secondary state highway system* or a public highway maintained by a locality (i) crosses a railroad, (ii) is projected across a railroad, or (iii) is to be so changed as to cross a railroad, or an existing overpass or underpass crossing of any such road and a railroad is in need of widening, strengthening, remodeling, relocating or replacing, and funds are (or are to be) allocated by the Commonwealth Transportation Board or public road authority for payment of the locality's or state's portion of the cost of constructing such an overpass or underpass structure or for widening, strengthening, remodeling, relocating or replacing such an existing structure, the Commissioner of Highways or representative of the public road authority may agree with the railroad company or companies involved, on such terms and conditions as he shall deem in the best interests of the Commonwealth or locality regarding the plans and specifications, the method and manner of construction and the division of costs and maintenance responsibility of any such separation of grade structure. In case of a separation of grade by structure at a new, or an existing, grade crossing, the project, except in special cases and under special circumstances to be mutually agreed upon by the Commissioner of Highways, the public road authority, and the railroad company or companies involved, shall be deemed to start at points on each side of the tracks of the railroad or railroads where the grade, under the proposed plans and specifications, leaves the ground line to go over or under, as the case may be, the tracks of the railroad or railroads.

In the event the Commissioner of Highways, the public road authority, and the railroad company or companies involved are unable to agree on (i) the necessity for the construction of such underpass or overpass structure or for the widening, strengthening, remodeling, relocating or replacing of any existing overpass or underpass structure, (ii) the plans and specifications for and method or manner of construction thereof, or (iii) the portion of the work, if any, to be done and the share of the cost of such project, if any, to be borne by each of the railroad company or companies involved, the Commissioner of Highways or the public road authority shall petition the State Corporation Commission setting forth the plans and specifications for and the method and manner of construction of such project and the facts which in his opinion justify the elimination of the crossing, the erection of a new separation of grade structure or the widening, strengthening, remodeling, relocating or replacing of an existing structure and the maintenance responsibility. Copies of the petition and the plans and specifications shall forthwith be served by the State Corporation Commission on the railroad company or companies involved. Within twenty days after service on it of such petition and plans and specifications, the railroad company or companies shall file an answer with the State Corporation Commission setting out its objections to the proposed project and the Commission shall hear and determine the matter as other matters are heard and determined by that body. The Commission shall consider all the facts and circumstances surrounding the case and shall determine (a) whether public necessity and convenience justifies or requires the construction of such new separation of grade structure or whether an existing structure is so dangerous to or insufficient to take care of traffic on the highway as to require the widening, strengthening, remodeling, relocating or replacing proposed, (b) whether the plans and specifications or method and manner of construction are proper and appropriate, and (c) what portion of the work, if any, to be done and what share of the cost of such project, if any, to be borne by each of the railroad company or companies involved (excluding the cost of right-of-way) is fair and reasonable, having regard to the benefits, if any, accruing to such railroad or railroads from the elimination of such grade crossing or the widening, strengthening, remodeling, relocating or replacing any existing overpass or underpass structure, and either dismiss the proceeding as against the railroad company or companies involved or enter an order deciding and disposing of all of the matters hereinbefore submitted to its jurisdiction.

Grade crossings shall be closed when replaced by a new public highway. However, the Commonwealth Transportation Board or the public road authority may authorize the continued use of the crossing for a period of two years following the construction of the new highway to familiarize the public with the new route.

**§ 56-468.2. Reimbursement for relocation costs.**

A. After July 1, 1998, certificated providers of telecommunications services shall receive reimbursement for eligible relocation costs incurred at the direction of a locality that imposes by ordinance the Public Rights-of-Way Use Fee or the Department of Transportation for new installations as defined in § 56-468.1 in any public rights-of-way in accordance with §§ 56-458 and 56-462 on the basis of age and according to the following schedule. Such reimbursement shall be received from either (i) the locality that granted the permit or franchise to use such right-of-way or (ii) the Commonwealth Transportation Board if the road or street is in the ~~State Highway System or the secondary system of state highways~~ *primary or secondary state highway system*:

1. For the first three years after the completion of the installation, the certificated provider of telecommunications service shall be reimbursed 100 percent of the eligible cost for the relocation of facilities installed in the public rights-of-way.

2. For the fourth through sixth year after the completion of the installation, the certificated provider of telecommunications service shall be reimbursed 50 percent of the eligible cost for the relocation of facilities installed in the public rights-of-way.

3. Beginning in the seventh year, the certificated provider of telecommunications service shall be responsible for the cost of relocating facilities installed in the public rights-of-way.

Such reimbursement shall be received from either (i) the locality that granted the permit or franchise to use such right-of-way or (ii) the Commonwealth Transportation Board if the road or street is in the ~~State Highway System or the secondary system of state highways~~ *primary or secondary state highway system*.

B. The amount of relocation reimbursement in any fiscal year to be reimbursed under this section shall not exceed the amount of Public Rights-of-Way Use Fees received by that locality either directly or through its secondary highway fund apportionment in the preceding fiscal year. For facilities relocated in 1998 and 1999 at the direction of the locality or the Commonwealth Transportation Board, this limit on relocation reimbursement shall be the estimated annualized fees to be collected in that locality in 1998 for 1998 relocations and in 1999 for 1999 relocations. If the relocation reimbursement limit will be exhausted on a relocation project where two or more certificated providers of telecommunications service are eligible for relocation reimbursement, then the moneys available under the cap shall be shared by those eligible providers by prorating the reimbursement based on the reimbursement to which each provider would be entitled absent the limit.

**2. That whenever any of the conditions, requirements, provisions, or contents of any section of Chapter 68 (§ 15.2-6800 et seq.) of Title 15.2 of the Code of Virginia are transferred in the same or modified form to a new section or chapter of Title 33.2 or any other title of the Code of Virginia and whenever any such former section is given a new number in Title 33.2 or any other title of the Code of Virginia, all references to any such former section of Chapter 68 (§ 15.2-6800 et seq.) of Title 15.2 of the Code of Virginia or any other title of the Code of Virginia shall be construed to apply to the new or renumbered section or chapter containing such conditions, requirements, provisions, contents, or portions thereof.**

**3. That the regulations of any department or agency affected by the revision of Chapter 68 (§ 15.2-6800 et seq.) of Title 15.2 of the Code of Virginia in effect on the effective date of this act shall continue in effect to the extent that they are not in conflict with this act and shall be deemed to be regulations adopted under this act.**

**4. That the provisions of § 30-152 of the Code of Virginia shall apply to this act so as to give effect to other laws enacted by the 2015 Session of the General Assembly amending Chapter 68 (§ 15.2-6800 et seq.) of Title 15.2 of the Code of Virginia.**

**5. That the repeal of Chapter 68 (§ 15.2-6800 et seq.) of the Code of Virginia effective as of July 1, 2015 shall not affect any act or offense done or committed, or any penalty incurred, or any right established, accrued, or accruing on or before such date, or any proceeding, prosecution, suit, or action pending on that date. Except as otherwise provided in this act, the repeal of Chapter 68 (§ 15.2-6800 et seq.) of Title 15.2 of the Code of Virginia shall apply to offenses committed prior to July 1, 2015, and prosecution for such offenses shall be governed by the prior law, which is continued in effect for that purpose. For the purpose of this enactment, an offense was committed prior to July 1, 2015, if any of the essential elements of the offense occurred prior thereto.**

**6. That any notice given, recognizance taken, or process or writ issued before July 1, 2015, shall be valid although given, taken, or to be returned to a day after such date, in like manner as if Chapter 68 (§ 15.2-6800 et seq.) of Title 15.2 of the Code of Virginia had been effective before the same was given, taken, or issued.**

**7. That the repeal of Chapter 68 (§ 15.2-6800 et seq.) of Title 15.2 of the Code of Virginia shall not affect the validity, enforceability, or legality of any loan agreement or other contract, or any right established or accrued under such loan agreement or contract, that existed prior to such repeal.**

**8. That the repeal of Chapter 68 (§ 15.2-6800 et seq.) of Title 15.2 of the Code of Virginia shall not affect the validity, enforceability, or legality of any bond or other debt obligation authorized, issued, or outstanding prior to such repeal.**

**9. That Chapter 68 (§§ 15.2-6800 through 15.2-6809) of Title 15.2, Chapter 13 (§ 33.2-1300) of Title 33.2, and §§ 33.2-2217 and 56-355.1 of the Code of Virginia are repealed.**

**10. That the provisions of § 33.2-117 of the Code of Virginia, as created by this act, shall be effective retroactively to October 1, 2014.**

**11. That the provisions of this act shall not affect the existing terms of persons currently serving as members of any agency, board, authority, commission, or other entity and that appointees currently holding positions shall maintain their terms of appointment and continue to serve until such time as the existing terms might expire or become renewed. However, any new appointments made on or after July 1, 2015, shall be made in accordance with the provisions of this act.**

## CHAPTER 257

*An Act to amend and reenact § 58.1-3018 of the Code of Virginia, relating to payment of local taxes by a third party.*

[H 1489]

Approved March 17, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-3018 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-3018. Payment of local taxes on behalf of taxpayer by third party; tax payment agreements.**

A. For the purposes of this section, "third-party tax payment agreement" means any agreement whereby a third party contracts with a taxpayer to pay to a county, city or town on behalf of that taxpayer the local taxes, charges, fees or other

obligations due and owing to the county, city or town. Such agreement may have as its subject current taxes, charges, fees and obligations, delinquent taxes, penalties and interest, or any combination of the foregoing.

B. The treasurer of any county, city or town may enter into agreements authorizing third parties to offer to taxpayers within such locality third-party tax payment agreements, provided that such agreements meet the following requirements:

1. Every third-party tax payment agreement shall be in writing, in a form approved by the treasurer of the locality, and shall provide for the payment of the taxes which are the subject of such agreement by the third party directly to the treasurer of the county, city or town within ten days of the acceptance of a duly executed agreement by the third party.

2. Third-party tax payment agreements shall provide for the reimbursement of the third party by the taxpayer on whose behalf taxes were paid in installments over a period not to exceed ~~twenty-four~~ *ninety-six* months, and may provide for interest, exclusive of any origination fee, at an annual rate approved by the treasurer which shall not exceed sixteen percent. Such agreements may provide for the payment by the taxpayer of an origination fee at a rate approved by the treasurer which shall not exceed ten percent of the amount paid by the third party. No interest, excluding any origination fee paid by the taxpayer, shall accrue during the six-month period commencing on the date of the payment. This subdivision shall not be construed to permit the treasurer to authorize a third party to make a "mortgage loan" as that term is defined in § 6.2-1600.

3. No fee may be charged to or collected from the treasurer or the locality with respect to any third-party tax payment agreement.

4. The third party shall provide to the treasurer monthly status reports regarding third-party tax payment agreements entered into by taxpayers of the locality. Such reports shall include, at a minimum, a listing of all active accounts, and with respect to each account, total charges, total taxpayer payments, total amounts paid to the treasurer, and total amounts subject to recourse. A summary of the monthly report, deleting any information that would identify any taxpayer and any other confidential taxpayer information, shall be retained as a public record in the treasurer's office.

C. In the event that a taxpayer who is a party to a third-party tax payment agreement fails in his obligations arising under such agreement to reimburse the third party:

1. The third party shall be entitled to receive from the treasurer a reimbursement payment equal to all taxes paid on behalf of such taxpayer pursuant to the tax payment agreement, less all payments received by the third party from the taxpayer, exclusive of interest and fees charged by the third party to the taxpayer pursuant to the agreement. No payment may be requested pursuant to this subsection unless the third party has demonstrated to the satisfaction of the treasurer that good-faith efforts to collect the obligations arising under the tax payment agreement have been made and that, notwithstanding these efforts, the taxpayer is more than thirty days delinquent in his obligations arising under the agreement.

2. Any treasurer who reimburses a third party pursuant to this subsection shall reinstate the amount of such reimbursement upon the appropriate tax rolls of the locality as delinquent taxes or current taxes, as the case may be, and shall send the taxpayer written notice of such action by first-class mail to the taxpayer's last known address within five business days of such reinstatement.

3. If the taxpayer fails to pay in full any sum reinstated pursuant to this section by the ordinary due date of the tax, the treasurer may apply penalties and interest in accordance with general law from the due date of the tax.

4. Any right of the third party to payment arising under a third-party tax payment agreement shall terminate upon the receipt by the third party of a reimbursement payment from the treasurer in accordance with the terms of this subsection.

D. With respect to each third-party tax payment agreement which has as its subject, in whole or in part, real property taxes, the third party shall cause to be recorded among the land records of the circuit court in each locality within which the real property is situated a copy of the applicable tax payment agreement. Such agreement shall be indexed by the clerk under the name of the taxpayer or taxpayers as grantor and the name of the third party as grantee. Upon the satisfaction of all obligations arising under a tax payment agreement so recorded, the third party, within ninety days of satisfaction, shall cause to be recorded a certificate of release, setting forth the names of the taxpayer and the third party, the date of the third-party tax payment agreement, and the book and page at which the agreement is recorded. Any such certificate of release shall be indexed by the clerk under the name of the third party as grantor and the taxpayer as grantee. The clerk may charge a fee not to exceed thirteen dollars for the recordation of any tax payment agreement or certificate of release.

E. Upon the payment of any tax by a third party pursuant to a tax payment agreement, the applicable period of limitation for the enforcement of each tax which is the subject of the agreement shall be tolled during any period in which outstanding obligations remain unsatisfied pursuant to the agreement.

## CHAPTER 258

[H 2038]

Approved March 17, 2015

Be it enacted by the General Assembly of Virginia:

1. A. For tax year 2006 and all tax years thereafter, counties, cities, and towns shall be reimbursed by the Commonwealth for providing the required tangible personal property tax relief as set forth herein.

B. No other amount shall be paid to counties, cities, and towns for providing tangible personal property tax relief on qualifying vehicles. Each county's, city's, or town's share of the \$950 million for each such tax year shall be determined pro rata based upon the actual payments to such county, city, or town pursuant to this chapter for tax year 2005 as compared to the actual payments to all counties, cities, and towns pursuant to this chapter for tax year 2005, as certified in writing by the Auditor of Public Accounts no later than March 1, 2006, to the Governor and to the chairmen of the Senate Committee on Finance and the House Committee on Appropriations. The amount reimbursed to a particular county, city, or town for tax year 2006 for providing tangible personal property tax relief shall be the same amount reimbursed to such county, city, or town for each subsequent tax year.

The reimbursement to each county, city, or town for tax year 2006 shall be paid by the Commonwealth over the 12-month period beginning with the month of July 2006 and ending with the month of June 2007, as provided in the general appropriation act. For all tax years subsequent to tax year 2006, reimbursements shall be paid over the same 12-month period. No other tangible personal property tax rate shall be applied to that

portion of the value of each qualifying vehicle that is not in excess of \$20,000. Such reduced tax rate or rates shall be set at an effective tax rate or rates such that (i) the revenue to be received from such reduced tax rate or rates on that portion of the value of qualifying vehicles not in excess of \$20,000 plus (ii) the revenue to be received on that portion of the value of qualifying vehicles in excess of \$20,000 plus (iii) the Commonwealth's reimbursement is approximately equal to the total revenue that would have been received by the county, city, or town from its tangible personal property tax had the tax rate for its general class of tangible personal property been applied to 100 percent of the value of all qualifying vehicles.

3. *Notwithstanding the provisions of subdivisions 1 and 2, beginning with tax year 2016, each county, city, and town that receives reimbursement shall ensure that the reimbursement pays for all of the tax attributable to the first \$20,000 of value on each qualifying vehicle leased by an active duty member of the United States military, his spouse, or both, pursuant to a contract requiring him, his spouse, or both to pay the tangible personal property tax on such vehicle. The provisions of this subdivision apply only to a vehicle that would not be taxed in Virginia if the vehicle were owned by such military member, his spouse, or both.*

D. On or before the date the certified personal property tax book is required by § 58.1-3118 to be provided to the treasurer, the commissioner of the revenue shall identify each qualifying vehicle and its value to the treasurer of the locality.

E. The provisions of this section are mandatory for any county, city, or town that will receive a reimbursement pursuant to subsection B.

**§ 58.1-3713. (Expires December 31, 2015) Local gas road improvement and Virginia Coalfield Economic Development Authority tax.**

A. In addition to the taxes authorized under § 58.1-3712, any county or city may adopt a license tax on every person engaging in the business of severing gases from the earth. The rate of such tax shall not exceed one percent. The provisions of § 58.1-3712 as they relate to measurement of gross receipts, filing of reports and record keeping shall be applicable to the tax imposed under this section.

The moneys collected for each county or city from the taxes imposed under authority of this section and subsection B of § 58.1-3741 shall be paid into a special fund of such county or city to be called the Coal and Gas Road Improvement Fund of such county or city, and shall be spent for such improvements to public roads as the coal and gas road improvement advisory committee and the governing body of such county or city may determine as provided in subsection B of this section. The county may also, in its discretion, elect to improve city or town roads with its funds if consent of the city or town council is obtained. Such funds shall be in addition to those allocated to such counties from state highway funds which allocations shall not be reduced as a result of any revenues received from the tax imposed hereunder. Notwithstanding the foregoing limitations regarding revenues used for water systems, sewer systems, or natural gas systems, such revenues designated for water and water systems, sewer systems, or natural gas systems shall be distributed directly to the local public service authority for such purposes instead of the local governing body. Funds in the Coal and Gas Road Improvement Fund used to construct, repair, or enhance natural gas service lines or systems shall not exceed one-fourth of the revenue paid to the Coal and Gas Road Improvement Fund collected from the severance tax imposed upon the severance of natural gas pursuant to this section and may be so used only upon passage of a local ordinance or resolution of the governing body of the applicable county or city providing for the same.

D. The seller or his authorized agent may request that the resale certificate be provided in hard copy or in electronic form. A unit owners' association or common interest community manager may provide the resale certificate electronically; however, the seller or his authorized agent shall have the right to request that the resale certificate be provided in hard copy. The seller or his authorized agent shall continue to have the right to request a hard copy of the resale certificate in person at the principal place of business of the unit owners' association. The preparer of the resale packet shall provide such resale packet directly to the designated persons.

E. Subject to the provisions of § 55-79.87, but notwithstanding any other provisions of this chapter, the provisions and requirements of this section shall apply to any such resale of a condominium unit created under the provisions of the Horizontal Property Act (§ 55-79.1 et seq.).

F. The resale certificate required by this section need not be provided in the case of:

1. A disposition of a unit by gift;
2. A disposition of a unit pursuant to court order if the court so directs;
3. A disposition of a unit by foreclosure or deed in lieu of foreclosure; or
4. A disposition of a unit by a sale at auction, when the resale certificate was made available as part of the auction package for prospective purchasers prior to the auction.

G. In any transaction in which a resale certificate is required and a trustee acts as the seller in the sale or resale of a unit, the trustee shall obtain the resale certificate from the unit owners' association and provide the resale certificate to the purchaser.

**§ 55-79.97:1. Fees for resale certificate.**

A. The unit owners' association may charge fees as authorized by this section for the inspection of the property, the preparation and issuance of the resale certificate required by § 55-79.97, and for such other services as are set out in this section. Nothing in this chapter shall be construed to authorize the unit owners' association or common interest community manager to charge an inspection fee for a unit except as provided in this section.

B. A reasonable fee may be charged by the preparer of the resale certificate as follows for:

1. The inspection of the unit, as authorized in the declaration and as required to prepare the resale certificate, a fee not to exceed \$100;
2. The preparation and delivery of the resale certificate in (i) paper format, a fee not to exceed \$150 for no more than two hard copies, or (ii) electronic format, a fee not to exceed a total of \$125, for an electronic copy to each of the following named in the request: the seller, the seller's authorized agent, the purchaser, the purchaser's authorized agent, and not more than one other person designated by the requestor. Only one fee shall be charged for the preparation and delivery of the resale certificate;
3. At the option of the seller or his authorized agent, with the consent of the unit owners' association or the common interest community manager, expediting the inspection, preparation, and delivery of the resale certificate, an additional expedite fee not to exceed \$50;
4. At the option of the seller or his authorized agent, an additional hard copy of the resale certificate, a fee not to exceed \$25 per hard copy;

5. At the option of the seller or his authorized agent, a fee not to exceed an amount equal to the actual cost paid to a third-party commercial delivery service for hand delivery or overnight delivery of the resale certificate; and

6. A post-closing fee to the purchaser of the unit, collected at settlement, for the purpose of establishing the purchaser as the owner of the unit in the records of the unit owners' association, a fee not to exceed \$50.

Neither the unit owners' association nor its common interest community manager shall require cash, check, certified funds, or credit card payments at the time the request for the resale certificate is made. The resale certificate shall state that all fees and costs for the resale certificate shall be the personal obligation of the unit owner and shall be an assessment against the unit and collectible as any other assessment in accordance with the provisions of the condominium instruments and § 55-79.83, if not paid at settlement or within 45 days of the delivery of the resale certificate, whichever occurs first.

For purposes of this section, an expedite fee shall only be charged if the inspection and preparation of delivery of the resale certificate are completed within five business days of the request for a resale certificate.

C. No fees other than those specified in this section, and as limited by this section, shall be charged by the unit owners' association or its common interest community manager for compliance with the duties and responsibilities of the unit owners' association under this section. No additional fee shall be charged for access to the unit owners' association's or common interest community manager's website. The unit owners' association or its common interest community manager shall publish and make available in paper or electronic format, or both, a schedule of the applicable fees so that the seller or his authorized agent will know such fees at the time of requesting the resale certificate.

D. Any fees charged pursuant to this section shall be collected at the time settlement occurs on the sale of the unit and shall be due and payable out of the settlement proceeds in accordance with this section. The seller shall be responsible for all costs associated with the preparation and delivery of the resale certificate, except for the costs of any resale certificate update or financial update, which costs shall be the responsibility of the requestor, payable at settlement. *The settlement agent shall escrow a sum sufficient to pay such costs at settlement.* Neither the unit owners' association nor its common interest community manager shall require cash, check, certified funds, or credit card payments at the time the request is made for the resale certificate.

E. If settlement does not occur within 45 days of the delivery of the resale certificate, or funds are not collected at settlement and disbursed to the unit owners' association or the common interest community manager, all fees, including those costs that would have otherwise been the responsibility of the purchaser or settlement agent, shall be (i) assessed within one year after delivery of the resale certificate against the unit owner, (ii) the personal obligation of the unit owner, and (iii) an assessment against the unit and collectible as any other assessment in accordance with the provisions of the condominium instruments and § 55-79.83. The seller may pay the unit owners' association by cash, check, certified funds, or credit card, if credit card payment is an option offered by the unit owners' association. The unit owners' association shall pay the common interest community manager the amount due from the unit owner within 30 days after invoice.

F. The maximum allowable fees charged in accordance with this section shall adjust every five years, as of January 1 of that year, in an amount equal to the annual increases for that five-year period in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the U.S. Department of Labor.

G. If a resale certificate has been issued within the preceding 12-month period, a person specified in the written instructions of the seller or his authorized agent, including the seller or his authorized agent or the purchaser or his authorized agent, may request a resale certificate update. The requestor shall specify whether the resale certificate update shall be delivered electronically or in hard copy and shall specify the complete contact information of the parties to whom the update shall be delivered. The resale certificate update shall be delivered within 10 days of the written request.

H. The settlement agent may request a financial update. The requestor shall specify whether the financial update shall be delivered electronically or in hard copy and shall specify the complete contact information of the parties to whom the update shall be delivered. The financial update shall be delivered within three business days of the written request.

I. A reasonable fee for the resale certificate update or financial update may be charged by the preparer, not to exceed \$50. At the option of the purchaser or his authorized agent, the requestor may request that the unit owners' association or the common interest community manager perform an additional inspection of the unit, as authorized in the declaration, for a fee not to exceed \$100. Any fees charged for the specified update shall be collected at the time settlement occurs on the sale of the property. *The settlement agent shall escrow a sum sufficient to pay such costs at settlement.* Neither the unit owners' association nor its common interest community manager, if any, shall require cash, check, certified funds, or credit card payments at the time the request is made for the resale certificate update. The requestor may request that the specified update be provided in hard copy or in electronic form.

J. No unit owners' association or common interest community manager may require the requestor to request the specified update electronically. The seller or his authorized agent shall continue to have the right to request a hard copy of the specified update in person at the principal place of business of the unit owners' association. If the requestor asks that the specified update be provided in electronic format, neither the unit owners' association nor its common interest community manager may require the requestor to pay any fees to use the provider's electronic network or system. A copy of the specified update shall be provided to the seller or his authorized agent.

K. When a resale certificate has been delivered as required by § 55-79.97, the unit owners' association shall, as to the purchaser, be bound by the statements set forth therein as to the status of the assessment account and the status of the unit

with respect to any violation of the condominium instruments as of the date of the statement unless the purchaser had actual knowledge that the contents of the resale certificate were in error.

L. If the unit owners' association or its common interest community manager has been requested in writing to furnish the resale certificate required by § 55-79.97, failure to provide the resale certificate substantially in the form provided in this section shall be deemed a waiver of any claim for delinquent assessments or of any violation of the declaration, bylaws, rules and regulations, or architectural guidelines existing as of the date of the request with respect to the subject unit. The preparer of the resale certificate shall be liable to the seller in an amount equal to the actual damages sustained by the seller in an amount not to exceed \$1,000. The purchaser shall nevertheless be obligated to abide by the condominium instruments, rules and regulations, and architectural guidelines of the unit owners' association as to all matters arising after the date of the settlement of the sale.

### **§ 55-509.3. Association charges.**

Except as expressly authorized in this chapter, in the declaration, or otherwise provided by law, no association may (i) make an assessment or impose a charge against a lot or a lot owner unless the charge is a fee for services provided or related to use of the common area or (ii) charge a fee related to the provisions set out in § 55-509.6 or 55-509.7 that is not expressly authorized in those sections. Nothing in this chapter shall be construed to authorize an association or common interest community manager to charge an inspection fee for an unimproved or improved lot except as provided in § 55-509.6 or 55-509.7. *The Common Interest Community Board may assess a monetary penalty for a violation of this section against any (a) association pursuant to § 54.1-2351 or (b) common interest community manager pursuant to § 54.1-2349, and may issue a cease and desist order against the violator pursuant to § 54.1-2349 or 54.1-2352, as applicable.*

For purposes of this section, an expedite fee shall only be charged if the inspection and preparation of delivery of the disclosure packet are completed within five business days of the request for a disclosure packet.

C. No fees other than those specified in this section, and as limited by this section, shall be charged by the association or its common interest community manager for compliance with the duties and responsibilities of the association under this chapter. No additional fee shall be charged for access to the association's or common interest community manager's website. D. Any fees charged pursuant to this section shall be collected at the time of settlement on the sale of the lot and shall be due and payable out of the settlement proceeds in accordance with this section. *The settlement agent shall escrow a sum sufficient to pay such costs of the seller at settlement.* The seller shall be responsible for all costs associated with the preparation and delivery of the association disclosure packet, except for the costs of any disclosure packet update or financial update, which costs shall be the responsibility of the requestor, payable at settlement. Neither the association nor its common interest community manager shall require cash, check, certified funds, or credit card payments at the time of the request is made for the association disclosure packet.

E. If settlement does not occur within 45 days of the delivery of the disclosure packet, or funds are not collected at settlement and disbursed to the association or the common interest community manager, all fees, including those costs that would have otherwise been the responsibility of the purchaser or settlement agent, shall be (i) assessed within one year after delivery of the disclosure packet against the lot owner, (ii) the personal obligation of the lot owner, and (iii) an assessment against the lot and collectible as any other assessment in accordance with the provisions of the declaration and § 55-516. The seller may pay the association by cash, check, certified funds, or credit card, if credit card payment is an option offered by the association. The association shall pay the common interest community manager the amount due from the lot owner within 30 days after invoice.

F. The maximum allowable fees charged in accordance with this section shall adjust every five years, as of January 1 of that year, in an amount equal to the annual increases for that five-year period in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the U.S. Department of Labor.

G. If an association disclosure packet has been issued for a lot within the preceding 12-month period, a person specified in the written instructions of the seller or his authorized agent, including the seller or his authorized agent, or the purchaser or his authorized agent may request a disclosure packet update. The requestor shall specify whether the disclosure packet update shall be delivered electronically or in hard copy, and shall specify the complete contact information of the parties to whom the update shall be delivered. The disclosure packet update shall be delivered within 10 days of the written request.

H. The settlement agent may request a financial update. The requestor shall specify whether the financial update shall be delivered electronically or in hard copy, and shall specify the complete contact information of the parties to whom the update shall be delivered. The financial update shall be delivered within three business days of the written request.

I. A reasonable fee for the disclosure packet update or financial update may be charged by the preparer not to exceed \$50. At the option of the purchaser or his authorized agent, the requestor may request that the association or the common interest community manager perform an additional inspection of the exterior of the dwelling unit and the lot, as authorized in the declaration, for a fee not to exceed \$100. Any fees charged for the specified update shall be collected at the time settlement occurs on the sale of the property. *The settlement agent shall escrow a sum sufficient to pay such costs of the seller at settlement.* Neither the association nor its common interest community manager, if any, shall require cash, check, certified funds, or credit card payments at the time the request is made for the disclosure packet update. The requestor may request that the specified update be provided in hard copy or in electronic form.

J. No association or common interest community manager may require the requestor to request the specified update electronically. The seller or his authorized agent shall continue to have the right to request a hard copy of the specified update in person at the principal place of business of the association. If the requestor asks that the specified update be

provided in electronic format, neither the association nor its common interest community manager may require the requester to pay any fees to use the provider's electronic network or system. A copy of the specified update shall be provided to the seller or his authorized agent.

K. When an association disclosure packet has been delivered as required by § 55-509.5, the association shall, as to the purchaser, be bound by the statements set forth therein as to the status of the assessment account and the status of the lot with respect to any violation of the declaration, bylaws, rules and regulations, architectural guidelines and articles of incorporation, if any, of the association as of the date of the statement unless the purchaser had actual knowledge that the contents of the disclosure packet were in error.

L. If the association or its common interest community manager has been requested in writing to furnish the association disclosure packet required by § 55-509.5, failure to provide the association disclosure packet substantially in the form provided in this section shall be deemed a waiver of any claim for delinquent assessments or of any violation of the declaration, bylaws, rules and regulations, or architectural guidelines existing as of the date of the request with respect to the subject lot. The preparer of the association disclosure packet shall be liable to the seller in an amount equal to the actual damages sustained by the seller in an amount not to exceed \$1,000. The purchaser shall nevertheless be obligated to abide by the declaration, bylaws, rules and regulations, and architectural guidelines of the association as to all matters arising after the date of the settlement of the sale.

If the city and the owner cannot agree upon the compensation for the property taken or damaged, if any, upon the filing of a memorandum in the clerk's office of said court to that effect, signed by either the city or the owner, the court shall appoint commissioners provided for in § ~~25-46.20~~ 25.1-227.2 of the Code of ~~1950~~ Virginia, as amended, or as provided for in § 13.02, and all proceedings thereafter shall be had as provided in §§ ~~25-46.4:2 and 25-46.17 to 25-46.36, inclusive,~~ Article 6 (§ 25.1-230 et seq.) of Chapter 2 of Title 25.1 of the Code of ~~1950~~ Virginia, as amended, insofar as they are then applicable and are not inconsistent with the provisions of this and the preceding section, and the court shall order the deposit in bank to the credit of the court of such additional funds as appear to be necessary to cover the award of the commissioners or shall order the return to the city of such funds deposited that are not necessary to compensate such owners for property taken or damaged. The commissioners so appointed shall not consider improvements placed upon the property by the city subsequent to its taking nor the value thereof nor the enhancement of the value of said property by said improvements in making their award.

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 16.1-340, 16.1-340.2, 16.1-345, 37.2-808, 37.2-810, and 37.2-829 of the Code of Virginia are amended and reenacted as follows:**

**§ 16.1-340. Emergency custody; issuance and execution of order.**

A. Any magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion, an emergency custody order when he has probable cause to believe that (i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § 16.1-337. This subsection shall not preclude any other disclosures as required or permitted by law. To the extent possible, the petition shall contain the information required by § 16.1-339.1.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the minor, (3) any past mental health treatment of the minor, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any minor for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether he meets the criteria for temporary detention pursuant to § 16.1-340.1 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board serving the area in which the minor is located who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, ~~in cases in which the emergency custody order is based upon a finding that the minor who is the subject of the order has a mental illness and that, as a result of mental illness, the minor is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control,~~ the magistrate may authorize transportation by an alternative transportation provider, including a parent, family member, or friend of the minor who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the minor's treating physician, if any; or other persons who are available and have knowledge of the minor, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the minor into custody, and to transfer custody of the minor to the alternative transportation provider identified in the

order. In such cases, a copy of the emergency custody order shall accompany the minor being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the minor subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the minor who is the subject of the emergency custody order was taken into custody or, if the minor has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the minor is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the minor to the facility or location to which the minor is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the minor and others from harm, (ii) is actually capable of providing the level of security necessary to protect the minor and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a minor meets the criteria for emergency custody as stated in this section may take that minor into custody and transport that minor to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the minor into custody.

H. A law-enforcement officer who is transporting a minor who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such minor into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the minor has revoked consent to be transported to a facility for the purpose of assessment or evaluation and (ii) based upon his observations, that probable cause exists to believe that the minor meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the minor into custody.

I. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

J. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a minor in his custody as provided in this section.

K. The minor shall remain in custody until a temporary detention order is issued, until the minor is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed eight hours from the time of execution.

L. If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

M. (Expires June 30, 2018) In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the minor is detained in a state facility pursuant to subsection D of § 16.1-340.1, the state facility and an employee or designee of the community services board may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the minor.

N. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to minors with mental illnesses while in emergency custody.

*O. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.*

**§ 16.1-340.2. Transportation of minor in the temporary detention process.**

A. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall specify in the temporary detention order the law-enforcement agency of the jurisdiction in which the minor resides to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. However, if the nearest boundary of the jurisdiction in which the minor resides is more than 50 miles from the nearest boundary of the jurisdiction in which the minor is located, the law-enforcement agency of the jurisdiction in which the minor is located shall execute the order and provide transportation.

B. The magistrate issuing the temporary detention order shall specify the law-enforcement agency to execute the order and provide transportation. However, the magistrate may authorize transportation by an alternative transportation provider, including a parent, family member, or friend of the minor who is the subject of the temporary detention order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the minor's treating physician, if any; or other persons who are available and have knowledge of the minor, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the minor into custody, and to transfer custody of the minor to the alternative transportation provider identified in the order. In such cases, a copy of the temporary detention order shall accompany the minor being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the temporary detention facility. The temporary detention facility shall return a copy of the temporary detention order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

The order may include transportation of the minor to such other medical facility as may be necessary to obtain further medical evaluation or treatment prior to placement as required by a physician at the admitting temporary detention facility. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a minor in his custody as provided in this section. Such medical evaluation or treatment shall be conducted immediately in accordance with state and federal law.

C. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing any temporary detention order pursuant to this section. Law-enforcement agencies may enter into agreements to facilitate the execution of temporary detention orders and provide transportation.

*D. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.*

**§ 16.1-345. Involuntary commitment; criteria.**

After observing the minor and considering (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the minor, (iii) any past mental health treatment of the minor, (iv) any qualified evaluator's report, (v) any medical records available, (vi) the preadmission screening report, and (vii) any other evidence that may have been admitted, the court shall order the involuntary commitment of the minor to a mental health facility for treatment for a period not to exceed 90 days if it finds, by clear and convincing evidence, that:

1. Because of mental illness, the minor (i) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats or (ii) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control;

2. The minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment; and

3. If the court finds that inpatient treatment is not the least restrictive treatment, the court shall consider entering an order for mandatory outpatient treatment pursuant to § 16.1-345.2.

Upon the expiration of an order for involuntary commitment, the minor shall be released unless he is involuntarily admitted by further petition and order of a court, which shall be for a period not to exceed 90 days from the date of the subsequent court order, or the minor or his parent rescinds the objection to inpatient treatment and consents to admission pursuant to § 16.1-338 or subsection D of § 16.1-339 or the minor is ordered to mandatory outpatient treatment pursuant to § 16.1-345.2.

A minor who has been hospitalized while properly detained by a juvenile and domestic relations district court shall be returned to the detention home, shelter care, or other facility approved by the Department of Juvenile Justice by the sheriff serving the jurisdiction where the minor was detained within 24 hours following completion of a period of inpatient treatment, unless the court having jurisdiction over the case orders that the minor be released from custody. However, such a minor shall not be eligible for mandatory outpatient treatment.

In conducting an evaluation of a minor who has been properly detained, if the evaluator finds, irrespective of the fact that the minor has been detained, that the minor meets the criteria for involuntary commitment in this section, the evaluator shall recommend that the minor meets the criteria for involuntary commitment.

If the parent or parents with whom the minor resides are not willing to approve the proposed commitment, the court shall order inpatient treatment only if it finds, in addition to the criteria specified in this section, that such treatment is necessary to protect the minor's life, health, safety, or normal development. If a special justice believes that issuance of a removal order or protective order may be in the child's best interest, the special justice shall report the matter to the local department of social services for the county or city where the minor resides.

Upon finding that the best interests of the minor so require, the court may enter an order directing either or both of the minor's parents to comply with reasonable conditions relating to the minor's treatment.

If the minor is committed to inpatient treatment, such placement shall be in a mental health facility for inpatient treatment designated by the community services board which serves the political subdivision in which the minor was evaluated pursuant to § 16.1-342. If the community services board does not provide a placement recommendation at the hearing, the minor shall be placed in a mental health facility designated by the Commissioner of Behavioral Health and Developmental Services.

When a minor has been involuntarily committed pursuant to this section, the judge shall determine, after consideration of information provided by the minor's treating mental health professional and any involved community services board staff regarding the minor's dangerousness, whether transportation shall be provided by the sheriff or may be provided by an alternative transportation provider, including a parent, family member, or friend of the minor, a representative of the community services board, a representative of the facility at which the minor was detained pursuant to a temporary detention order, or other alternative transportation provider with personnel trained to provide transportation in a safe manner. If the judge determines that transportation may be provided by an alternative transportation provider, the judge may consult with the proposed alternative transportation provider either in person or via two-way electronic video and audio or telephone communication system to determine whether the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. If the judge finds that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner, the judge may order transportation by the proposed alternative transportation provider. In all other cases, the judge shall order transportation by the sheriff of the jurisdiction where the minor is a resident unless the sheriff's office of that jurisdiction is located more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place. In cases where the sheriff of the jurisdiction in which the minor is a resident is more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place, it shall be the responsibility of the sheriff of the latter jurisdiction to transport the minor.

If the judge determines that the minor requires transportation by the sheriff, the sheriff, as specified in this section shall transport the minor to the proper facility. In no event shall transport commence later than six hours after notification to the sheriff or alternative transportation provider of the judge's order.

*No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.*

#### **§ 37.2-808. Emergency custody; issuance and execution of order.**

A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to

§ 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, ~~in cases in which the emergency custody order is based upon a finding that the person who is the subject of the order has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs but there is no substantial likelihood that the person will cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information,~~ the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a person meets the criteria for emergency custody as stated in this section may take that person into custody and transport that person to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization

or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.

J. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

K. The person shall remain in custody until a temporary detention order is issued, until the person is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed eight hours from the time of execution.

L. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.

M. If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

N. (Expires June 30, 2018) In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the individual is detained in a state facility pursuant to subsection E of § 37.2-809, the state facility and an employee or designee of the community services board as defined in § 37.2-809 may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual.

O. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to persons with mental illnesses while in emergency custody.

*P. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.*

#### **§ 37.2-810. Transportation of person in the temporary detention process.**

A. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall specify in the temporary detention order the law-enforcement agency of the jurisdiction in which the person resides, or any other willing law-enforcement agency that has agreed to provide transportation, to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. However, if the nearest boundary of the jurisdiction in which the person resides is more than 50 miles from the nearest boundary of the jurisdiction in which the person is located, the law-enforcement agency of the jurisdiction in which the person is located shall execute the order and provide transportation.

B. The magistrate issuing the temporary detention order shall specify the law-enforcement agency to execute the order and provide transportation. However, ~~in cases in which the temporary detention order is based upon a finding that the person who is the subject of the order has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs but there is no substantial likelihood that the person will cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information,~~ the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the temporary detention order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the temporary detention order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the temporary detention facility. The temporary detention facility shall return a copy of the temporary detention order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

The order may include transportation of the person to such other medical facility as may be necessary to obtain further medical evaluation or treatment prior to placement as required by a physician at the admitting temporary detention facility. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section. Such medical evaluation or treatment shall be conducted immediately in accordance with state and federal law.

C. In cases in which an alternative facility of temporary detention is identified and the law-enforcement agency or alternative transportation provider identified to provide transportation in accordance with subsection B continues to have custody of the person, the local law-enforcement agency or alternative transportation provider shall transport the person to the alternative facility of temporary detention identified by the employee or designee of the community services board. In cases in which an alternative facility of temporary detention is identified and custody of the individual has been transferred from the law-enforcement agency or alternative transportation provider that provided transportation in accordance with subsection B to the initial facility of temporary detention, the employee or designee of the community services board shall request, and a magistrate may enter an order specifying, an alternative transportation provider or, if no alternative transportation provider is available, willing, and able to provide transportation in a safe manner, the local law-enforcement agency for the jurisdiction in which the person resides or, if the nearest boundary of the jurisdiction in which the person resides is more than 50 miles from the nearest boundary of the jurisdiction in which the person is located, the law-enforcement agency of the jurisdiction in which the person is located, to provide transportation.

D. A law-enforcement officer may lawfully go to or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing any temporary detention order pursuant to this section. Law-enforcement agencies may enter into agreements to facilitate the execution of temporary detention orders and provide transportation.

If the judge or special justice finds that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner, the judge or special justice may order transportation by the proposed alternative transportation provider. In all other cases, the judge or special justice shall order transportation by the sheriff of the jurisdiction where the person is a resident unless the sheriff's office of that jurisdiction is located more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place. In cases where the sheriff of the jurisdiction of which the person is a resident is more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place, it shall be the responsibility of the sheriff of the latter jurisdiction to transport the person.

If the judge or special justice determines that the person requires transportation by the sheriff, the person may be delivered to the care of the sheriff, as specified in this section, who shall transport the person to the proper facility. In no event shall transport commence later than six hours after notification to the sheriff or alternative transportation provider of the judge's or special justice's order.

If any state hospital has become too crowded to admit any such person, the Commissioner shall give notice of the fact to all community services boards and shall designate the facility to which sheriffs or alternative transportation providers shall transport such persons.

*No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.*

## CHAPTER 308

*An Act to amend and reenact §§ 16.1-340, 16.1-340.2, 16.1-345, 37.2-808, 37.2-810, and 37.2-829 of the Code of Virginia, relating to civil admission process; alternative transportation.*

[S 1263]

Approved March 17, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 16.1-340, 16.1-340.2, 16.1-345, 37.2-808, 37.2-810, and 37.2-829 of the Code of Virginia are amended and reenacted as follows:**

**§ 16.1-340. Emergency custody; issuance and execution of order.**

A. Any magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion, an emergency custody order when he has probable cause to believe that (i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusionary thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § 16.1-337. This subsection shall not preclude any other disclosures as required or permitted by law. To the extent possible, the petition shall contain the information required by § 16.1-339.1.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in

Virginia, if available, (2) any past actions of the minor, (3) any past mental health treatment of the minor, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any minor for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether he meets the criteria for temporary detention pursuant to § 16.1-340.1 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board serving the area in which the minor is located who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, ~~in cases in which the emergency custody order is based upon a finding that the minor who is the subject of the order has a mental illness and that, as a result of mental illness, the minor is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control,~~ the magistrate may authorize transportation by an alternative transportation provider, including a parent, family member, or friend of the minor who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the minor's treating physician, if any; or other persons who are available and have knowledge of the minor, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the minor into custody, and to transfer custody of the minor to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the minor being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the minor subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the minor who is the subject of the emergency custody order was taken into custody or, if the minor has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the minor is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the minor to the facility or location to which the minor is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the minor and others from harm, (ii) is actually capable of providing the level of security necessary to protect the minor and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a minor meets the criteria for emergency custody as stated in this section may take that minor into custody and transport that minor to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the

purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the minor into custody.

H. A law-enforcement officer who is transporting a minor who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such minor into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the minor has revoked consent to be transported to a facility for the purpose of assessment or evaluation and (ii) based upon his observations, that probable cause exists to believe that the minor meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the minor into custody.

I. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

J. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a minor in his custody as provided in this section.

K. The minor shall remain in custody until a temporary detention order is issued, until the minor is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed eight hours from the time of execution.

L. If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

M. (Expires June 30, 2018) In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the minor is detained in a state facility pursuant to subsection D of § 16.1-340.1, the state facility and an employee or designee of the community services board may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the minor.

N. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to minors with mental illnesses while in emergency custody.

*O. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.*

#### **§ 16.1-340.2. Transportation of minor in the temporary detention process.**

A. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall specify in the temporary detention order the law-enforcement agency of the jurisdiction in which the minor resides to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. However, if the nearest boundary of the jurisdiction in which the minor resides is more than 50 miles from the nearest boundary of the jurisdiction in which the minor is located, the law-enforcement agency of the jurisdiction in which the minor is located shall execute the order and provide transportation.

B. The magistrate issuing the temporary detention order shall specify the law-enforcement agency to execute the order and provide transportation. However, the magistrate may authorize transportation by an alternative transportation provider, including a parent, family member, or friend of the minor who is the subject of the temporary detention order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the minor's treating physician, if any; or other persons who are available and have knowledge of the minor, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the minor into custody, and to transfer custody of the minor to the alternative transportation provider identified in the order. In such cases, a copy of the temporary detention order shall accompany the minor being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the temporary detention facility. The temporary detention facility shall return a copy of the temporary detention order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

The order may include transportation of the minor to such other medical facility as may be necessary to obtain further medical evaluation or treatment prior to placement as required by a physician at the admitting temporary detention facility. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a minor in his custody as provided in this section. Such medical evaluation or treatment shall be conducted immediately in accordance with state and federal law.

C. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing any temporary detention order pursuant to this section. Law-enforcement agencies may enter into agreements to facilitate the execution of temporary detention orders and provide transportation.

D. *No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.*

**§ 16.1-345. Involuntary commitment; criteria.**

After observing the minor and considering (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the minor, (iii) any past mental health treatment of the minor, (iv) any qualified evaluator's report, (v) any medical records available, (vi) the preadmission screening report, and (vii) any other evidence that may have been admitted, the court shall order the involuntary commitment of the minor to a mental health facility for treatment for a period not to exceed 90 days if it finds, by clear and convincing evidence, that:

1. Because of mental illness, the minor (i) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats or (ii) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control;

2. The minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment; and

3. If the court finds that inpatient treatment is not the least restrictive treatment, the court shall consider entering an order for mandatory outpatient treatment pursuant to § 16.1-345.2.

Upon the expiration of an order for involuntary commitment, the minor shall be released unless he is involuntarily admitted by further petition and order of a court, which shall be for a period not to exceed 90 days from the date of the subsequent court order, or the minor or his parent rescinds the objection to inpatient treatment and consents to admission pursuant to § 16.1-338 or subsection D of § 16.1-339 or the minor is ordered to mandatory outpatient treatment pursuant to § 16.1-345.2.

A minor who has been hospitalized while properly detained by a juvenile and domestic relations district court shall be returned to the detention home, shelter care, or other facility approved by the Department of Juvenile Justice by the sheriff serving the jurisdiction where the minor was detained within 24 hours following completion of a period of inpatient treatment, unless the court having jurisdiction over the case orders that the minor be released from custody. However, such a minor shall not be eligible for mandatory outpatient treatment.

In conducting an evaluation of a minor who has been properly detained, if the evaluator finds, irrespective of the fact that the minor has been detained, that the minor meets the criteria for involuntary commitment in this section, the evaluator shall recommend that the minor meets the criteria for involuntary commitment.

If the parent or parents with whom the minor resides are not willing to approve the proposed commitment, the court shall order inpatient treatment only if it finds, in addition to the criteria specified in this section, that such treatment is necessary to protect the minor's life, health, safety, or normal development. If a special justice believes that issuance of a removal order or protective order may be in the child's best interest, the special justice shall report the matter to the local department of social services for the county or city where the minor resides.

Upon finding that the best interests of the minor so require, the court may enter an order directing either or both of the minor's parents to comply with reasonable conditions relating to the minor's treatment.

If the minor is committed to inpatient treatment, such placement shall be in a mental health facility for inpatient treatment designated by the community services board which serves the political subdivision in which the minor was evaluated pursuant to § 16.1-342. If the community services board does not provide a placement recommendation at the hearing, the minor shall be placed in a mental health facility designated by the Commissioner of Behavioral Health and Developmental Services.

When a minor has been involuntarily committed pursuant to this section, the judge shall determine, after consideration of information provided by the minor's treating mental health professional and any involved community services board staff regarding the minor's dangerousness, whether transportation shall be provided by the sheriff or may be provided by an alternative transportation provider, including a parent, family member, or friend of the minor, a representative of the community services board, a representative of the facility at which the minor was detained pursuant to a temporary detention order, or other alternative transportation provider with personnel trained to provide transportation in a safe manner. If the judge determines that transportation may be provided by an alternative transportation provider, the judge may consult with the proposed alternative transportation provider either in person or via two-way electronic video and audio or telephone communication system to determine whether the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. If the judge finds that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner, the judge may order transportation by the proposed alternative transportation provider. In all other cases, the judge shall order transportation by the sheriff of the jurisdiction where the minor is a resident unless the sheriff's office of that jurisdiction is located more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place. In cases where the sheriff of the jurisdiction in

which the minor is a resident is more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place, it shall be the responsibility of the sheriff of the latter jurisdiction to transport the minor.

If the judge determines that the minor requires transportation by the sheriff, the sheriff, as specified in this section shall transport the minor to the proper facility. In no event shall transport commence later than six hours after notification to the sheriff or alternative transportation provider of the judge's order.

*No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.*

**§ 37.2-808. Emergency custody; issuance and execution of order.**

A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, ~~in cases in which the emergency custody order is based upon a finding that the person who is the subject of the order has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs but there is no substantial likelihood that the person will cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information,~~ the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is

ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a person meets the criteria for emergency custody as stated in this section may take that person into custody and transport that person to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.

J. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

K. The person shall remain in custody until a temporary detention order is issued, until the person is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed eight hours from the time of execution.

L. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.

M. If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

N. (Expires June 30, 2018) In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the individual is detained in a state facility pursuant to subsection E of § 37.2-809, the state facility and an employee or designee of the community services board as defined in § 37.2-809 may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual.

O. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to persons with mental illnesses while in emergency custody.

*P. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.*

#### **§ 37.2-810. Transportation of person in the temporary detention process.**

A. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall specify in the temporary detention order the law-enforcement agency of the jurisdiction in which the person resides, or any other willing law-enforcement agency that has agreed to provide transportation, to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. However, if the nearest boundary of the jurisdiction in which the person resides is more than 50 miles from the nearest boundary of the

jurisdiction in which the person is located, the law-enforcement agency of the jurisdiction in which the person is located shall execute the order and provide transportation.

B. The magistrate issuing the temporary detention order shall specify the law-enforcement agency to execute the order and provide transportation. However, ~~in cases in which the temporary detention order is based upon a finding that the person who is the subject of the order has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs but there is no substantial likelihood that the person will cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information,~~ the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the temporary detention order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the temporary detention order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the temporary detention facility. The temporary detention facility shall return a copy of the temporary detention order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

The order may include transportation of the person to such other medical facility as may be necessary to obtain further medical evaluation or treatment prior to placement as required by a physician at the admitting temporary detention facility. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section. Such medical evaluation or treatment shall be conducted immediately in accordance with state and federal law.

C. In cases in which an alternative facility of temporary detention is identified and the law-enforcement agency or alternative transportation provider identified to provide transportation in accordance with subsection B continues to have custody of the person, the local law-enforcement agency or alternative transportation provider shall transport the person to the alternative facility of temporary detention identified by the employee or designee of the community services board. In cases in which an alternative facility of temporary detention is identified and custody of the individual has been transferred from the law-enforcement agency or alternative transportation provider that provided transportation in accordance with subsection B to the initial facility of temporary detention, the employee or designee of the community services board shall request, and a magistrate may enter an order specifying, an alternative transportation provider or, if no alternative transportation provider is available, willing, and able to provide transportation in a safe manner, the local law-enforcement agency for the jurisdiction in which the person resides or, if the nearest boundary of the jurisdiction in which the person resides is more than 50 miles from the nearest boundary of the jurisdiction in which the person is located, the law-enforcement agency of the jurisdiction in which the person is located, to provide transportation.

D. A law-enforcement officer may lawfully go to or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing any temporary detention order pursuant to this section. Law-enforcement agencies may enter into agreements to facilitate the execution of temporary detention orders and provide transportation.

*E. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.*

#### **§ 37.2-829. Transportation of person in civil admission process.**

When a person has volunteered for admission pursuant to § 37.2-814 or been ordered to be admitted to a facility under §§ 37.2-815 through 37.2-821, the judge or special justice shall determine after consideration of information provided by the person's treating mental health professional and any involved community services board or behavioral health authority staff regarding the person's dangerousness, whether transportation shall be provided by the sheriff or may be provided by an alternative transportation provider, including a family member or friend of the person, a representative of the community services board, a representative of the facility at which the person was detained pursuant to a temporary detention order, or other alternative transportation provider with personnel trained to provide transportation in a safe manner. If the judge or special justice determines that transportation may be provided by an alternative transportation provider, the judge or special justice may consult with the proposed alternative transportation provider either in person or via two-way electronic video and audio or telephone communication system to determine whether the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. If

the judge or special justice finds that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner, the judge or special justice may order transportation by the proposed alternative transportation provider. In all other cases, the judge or special justice shall order transportation by the sheriff of the jurisdiction where the person is a resident unless the sheriff's office of that jurisdiction is located more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place. In cases where the sheriff of the jurisdiction of which the person is a resident is more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place, it shall be the responsibility of the sheriff of the latter jurisdiction to transport the person.

If the judge or special justice determines that the person requires transportation by the sheriff, the person may be delivered to the care of the sheriff, as specified in this section, who shall transport the person to the proper facility. In no event shall transport commence later than six hours after notification to the sheriff or alternative transportation provider of the judge's or special justice's order.

If any state hospital has become too crowded to admit any such person, the Commissioner shall give notice of the fact to all community services boards and shall designate the facility to which sheriffs or alternative transportation providers shall transport such persons.

*No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.*

A. In each case in which an employee or designee of the local community services board is required to make an evaluation of a minor pursuant to subsection B, G, or H of § 16.1-340, an employee or designee of the local community services board shall, upon being notified of the need for such evaluation, contact the state facility for the area in which the community services board is located and notify the state facility that the minor will be transported to the facility upon issuance of a temporary detention order if no other facility of temporary detention can be identified by the time of the expiration of the period of emergency custody pursuant to § 16.1-340. Upon completion of the evaluation, the employee or designee of the local community services board shall convey to the state facility information about the minor necessary to allow the state facility to determine the services the minor will require upon admission.

B. A state facility may, following the notice in accordance with subsection A, conduct a search for an alternative facility that is able and willing to provide temporary detention and appropriate care to the minor, which may include another state facility if the state facility notified in accordance with subsection A is unable to provide temporary detention and appropriate care for the minor. Under no circumstances shall a state facility fail or refuse to admit a minor who meets the criteria for temporary detention pursuant to § 16.1-340.1 unless an alternative facility that is able to provide temporary detention and appropriate care agrees to accept the minor for temporary detention, and the minor shall not during the duration of the temporary detention order be released from the custody of the community services board except for purposes of transporting the minor to the state facility or alternative facility in accordance with the provisions of § 16.1-340.2. If an alternative facility is identified and agrees to accept the minor for temporary detention, the state facility shall notify the community services board, and an employee or designee of the community services board shall designate the alternative facility on the prescreening report.

C. The facility of temporary detention designated in accordance with this section shall be one that has been approved pursuant to regulations of the State Board of Behavioral Health and Developmental Services.

##### **§ 37.2-809.1. Facility of temporary detention.**

A. In each case in which an employee or designee of the local community services board as defined in § 37.2-809 is required to make an evaluation of an individual pursuant to subsection B, G, or H of § 37.2-808, an employee or designee of the local community services board shall, upon being notified of the need for such evaluation, contact the state facility for the area in which the community services board is located and notify the state facility that the individual will be transported to the facility upon issuance of a temporary detention order if no other facility of temporary detention can be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808. Upon completion of the evaluation, the employee or designee of the local community services board shall convey to the state facility information about the individual necessary to allow the state facility to determine the services the individual will require upon admission.

B. A state facility may, following the notice in accordance with subsection A, conduct a search for an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual, which may include

another state facility if the state facility notified in accordance with subsection A is unable to provide temporary detention and appropriate care for the individual. Under no circumstances shall a state facility fail or refuse to admit an individual who meets the criteria for temporary detention pursuant to § 37.2-809 unless an alternative facility that is able to provide temporary detention and appropriate care agrees to accept the individual for temporary detention and the individual shall not during the duration of the temporary detention order be released from the custody of the community services board except for purposes of transporting the individual to the state facility or alternative facility in accordance with the provisions of § 37.2-810. If an alternative facility is identified and agrees to accept the individual for temporary detention, the state facility shall notify the community services board, and an employee or designee of the community services board shall designate the alternative facility on the prescreening report.

C. The facility of temporary detention designated in accordance with this section shall be one that has been approved pursuant to regulations of the Board.

### CHAPTER 310

*An Act to amend and reenact § 8.01-581.20 of the Code of Virginia, relating to standard of care in medical malpractice proceedings; health care providers.*

[H 1775]

Approved March 17, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 8.01-581.20 of the Code of Virginia is amended and reenacted as follows:**

**§ 8.01-581.20. Standard of care in proceeding before medical malpractice review panel; expert testimony; determination of standard in action for damages.**

A. In any proceeding before a medical malpractice review panel or in any action against a physician, clinical psychologist, podiatrist, dentist, nurse, hospital or other health care provider to recover damages alleged to have been caused by medical malpractice where the acts or omissions so complained of are alleged to have occurred in this Commonwealth, the standard of care by which the acts or omissions are to be judged shall be that degree of skill and diligence practiced by a reasonably prudent practitioner in the field of practice or specialty in this Commonwealth and the testimony of an expert witness, otherwise qualified, as to such standard of care, shall be admitted; provided, however, that the standard of care in the locality or in similar localities in which the alleged act or omission occurred shall be applied if any party shall prove by a preponderance of the evidence that the health care services and health care facilities available in the locality and the customary practices in such locality or similar localities give rise to a standard of care which is more appropriate than a statewide standard. Any ~~physician or nurse health care provider~~ who is licensed to practice in Virginia shall be presumed to know the statewide standard of care in the specialty or field of ~~medicine practice~~ in which he is qualified and certified. This presumption shall also apply to any ~~physician person who, but for the lack of a Virginia license, would be defined as a health care provider under this chapter, provided that such person~~ is licensed in some other state of the United States and meets the educational and examination requirements for licensure in Virginia. ~~This presumption shall also apply to any nurse licensed by a state participating in the Nurse Licensure Compact.~~ An expert witness who is familiar with the statewide standard of care shall not have his testimony excluded on the ground that he does not practice in this Commonwealth. A witness shall be qualified to testify as an expert on the standard of care if he demonstrates expert knowledge of the standards of the defendant's specialty and of what conduct conforms or fails to conform to those standards and if he has had active clinical practice in either the defendant's specialty or a related field of medicine within one year of the date of the alleged act or omission forming the basis of the action.

The provisions of this section shall apply to expert witnesses testifying on the standard of care as it relates to professional services in nursing homes.

B. In any action for damages resulting from medical malpractice, any issue as to the standard of care to be applied shall be determined by the jury, or the court trying the case without a jury.

C. In any action described in this section, each party may designate, identify or call to testify at trial no more than two expert witnesses per medical discipline on any issue presented. The court may permit a party, for good cause shown, to designate, identify, or call to testify at trial additional expert witnesses. The number of treating health care providers who may serve as expert witnesses pursuant to § 8.01-399 shall not be limited pursuant to this subsection, except for good cause shown. If the court permits a party to designate, identify, or call additional experts, the court may order that party to pay all costs incurred in the discovery of such additional experts. For good cause shown, pursuant to the Rules of Supreme Court of Virginia, the court may limit the number of expert witnesses other than those identified in this subsection whom a party may designate, identify, or call to testify at trial.

[H 2298]

Approved March 17, 2015

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That § 19.2-305.1 of the Code of Virginia is amended and reenacted as follows:**

##### **§ 19.2-305.1. Restitution for property damage or loss; community service.**

A. Notwithstanding any other provision of law, no person convicted of a crime in violation of any provision in Title 18.2, which resulted in property damage or loss, shall be placed on probation or have his sentence suspended unless such person shall make at least partial restitution for such property damage or loss, or shall be compelled to perform community services, or both, or shall submit a plan for doing that which appears to the court to be feasible under the circumstances.

B. Notwithstanding any other provision of law, any person who, on or after July 1, 1995, commits, and is convicted of, a crime in violation of any provision in Title 18.2 shall make at least partial restitution for any property damage or loss

caused by the crime or for any medical expenses or expenses directly related to funeral or burial incurred by the victim or his estate as a result of the crime, may be compelled to perform community services and, if the court so orders, shall submit a plan for doing that which appears to be feasible to the court under the circumstances.

B1. Notwithstanding any other provision of law, any person, who on or after July 1, 2005 commits and is convicted of a crime in violation of § 18.2-248 involving the manufacture of any controlled substance, may be ordered, upon presentation of suitable evidence of such costs, by the court to reimburse the Commonwealth or the locality for the costs incurred by the jurisdiction, as the case may be, for the removal and remediation associated with the illegal manufacture of any controlled substance by the defendant.

*B2. Notwithstanding any other provision of law, any person who, on or after July 1, 2015, commits and is convicted of a violation of § 18.2-138 for damage to the Capitol or any building, monument, statuary, artwork, or other state property in Capitol Square, or at any other property assigned to the Capitol Police, shall be ordered to pay restitution to the Commonwealth for the full amount of damages. Any person who, on or after July 1, 2015, commits and is convicted of a violation of § 18.2-405, 18.2-407, or 18.2-408 in Capitol Square, or at any other property assigned to the Capitol Police, shall be ordered to pay restitution to the Commonwealth for the full amount of damages to the Capitol or any building, monument, statuary, artwork, or other state property in Capitol Square, or at any other property assigned to the Capitol Police, to which damage is caused during such riot or unlawful assembly. In any prosecution under § 18.2-138, 18.2-405, 18.2-407, or 18.2-408, testimony of the Division of Engineering and Buildings of the Department of General Services or the Division of Risk Management shall be admissible as evidence of value or extent of damages or cost of repairs to the Capitol or any building, monument, statuary, artwork, or other state property in Capitol Square, or at any other property assigned to the Capitol Police. For the purposes of this subsection, "Capitol Square" means the grounds and the interior and exterior of all buildings in that area in the City of Richmond bounded by Bank, Governor, Broad, and Ninth Streets. "Capitol Square" includes the exterior of all state buildings that are at least 50 years old and bordering the boundary streets.*

C. At or before the time of sentencing, the court shall receive and consider any plan for making restitution submitted by the defendant. The plan shall include the defendant's home address, place of employment and address, social security number and bank information. If the court finds such plan to be reasonable and practical under the circumstances, it may consider probation or suspension of whatever portion of the sentence that it deems appropriate. By order of the court incorporating the defendant's plan or a reasonable and practical plan devised by the court, the defendant shall make restitution while he is free on probation or work release or following his release from confinement. Additionally, the court may order that the defendant make restitution during his confinement, if feasible, based upon both his earning capacity and net worth as determined by the court at sentencing.

D. At the time of sentencing, the court shall determine the amount to be repaid by the defendant and the terms and conditions thereof. If community service work is ordered, the court shall determine the terms and conditions upon which such work shall be performed. The court shall include such findings in the judgment order. The order shall specify that sums paid under such order shall be paid to the clerk, who shall disburse such sums as the court may, by order, direct. Any court desiring to participate in the Setoff Debt Collection Act (§§ 58.1-520 through 58.1-535) for the purpose of collecting fines or costs or providing restitution shall, at the time of sentencing, obtain the social security number of each defendant.

E. Unreasonable failure to execute the plan by the defendant shall result in revocation of the probation or imposition of the suspended sentence. A hearing shall be held in accordance with the provisions of this Code relating to revocation of probation or imposition of a suspended sentence before either such action is taken.

E1. A defendant convicted of an offense under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3 shall be ordered to pay mandatory restitution to the victim of the offense in an amount as determined by the court. For purposes of this subsection, "victim" means a person who is depicted in a still or videographic image involved in an offense under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3.

The Commonwealth shall make reasonable efforts to notify victims of offenses under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3.

F. If restitution is ordered to be paid by the defendant to the victim of a crime and the victim can no longer be located or identified, the clerk shall deposit any such restitution collected to the Criminal Injuries Compensation Fund for the benefit of crime victims. The administrator shall reserve a sum sufficient in the Fund from which he shall make prompt payment to the victim for any proper claims. Before making the deposit he shall record the name, last known address and amount of restitution due each victim appearing from the clerk's report to be entitled to restitution.

G. If restitution pursuant to § 19.2-305 or this section is ordered to be paid by the defendant to the victim of a crime or other entity, and the Criminal Injuries Compensation Fund has made any payments to or on behalf of the victim for any loss, damage, or expenses included in the restitution order, then upon presentation by the Fund of a written request that sets forth the amount of payments made by the Fund to the victim or on the victim's behalf, the entity collecting restitution shall pay to the Fund as much of the restitution collected as will reimburse the Fund for its payments made to the victim or on the victim's behalf.

Immediately after the expiration of the time provided by law for a candidate for any office to qualify to have his name printed on the official ballot and prior to printing the ballots for an election, each electoral board shall forward to the ~~State Board~~ *Department of Elections* a list of the county, city, or town offices to be filled at the election and the names of all candidates who have filed for each office. In addition, each electoral board shall forward the name of any candidate who failed to qualify with the reason for his disqualification. On that same day, the electoral board shall also provide a copy of the notice to each disqualified candidate. The notice shall be sent by email or regular mail to the address on the candidate's certificate of candidate qualification, and such notice shall be deemed sufficient. ~~The State Board~~ *Department of Elections shall promptly advise the electoral board of the accuracy of the list. The failure of any electoral board to send the list to the State Board Department of Elections for verification shall not invalidate any election.*

Each electoral board shall have printed the number of ballots it determines will be sufficient to conduct the election.

Notwithstanding any other provisions of this title, ~~the State Board~~ *Department of Elections* may print or otherwise provide ~~(i) one statewide paper ballot style for each paper ballot style in use for presidential and vice-presidential electors for use only by persons eligible to vote for those offices only under § 24.2-402 or clause (iii) or (v) of subsection B of § 24.2-416.1 or (ii) one statewide paper ballot style for each paper ballot style in use for Governor, Lieutenant Governor or Attorney General only for use as the early absentee ballot specified in § 24.2-702 only for federal elections under § 24.2-453.~~ *The State Board Department of Elections may apportion or authorize the printer or vendor to apportion the costs for these ballots among the localities based on the number of ballots ordered. For the purposes of this chapter, making printed ballots available includes mailing of such ballots or electronic transmission of such ballots pursuant to § 24.2-706 to a qualified absentee voter who is eligible for an absentee ballot under subdivision 2 of § 24.2-700. **§ 24.2-702.1. Federal write-in absentee ballots.**

A. Notwithstanding any other provision of this title, a qualified absentee voter who is eligible for an absentee ballot under subdivision 2 of § 24.2-700 may use a federal write-in absentee ballot in any election. Such ballot shall be submitted and processed in the manner provided by the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.) and this article.

B. Notwithstanding any other provision of this title, a federal write-in absentee ballot submitted pursuant to subsection A shall be considered valid for purposes of simultaneously satisfying both an absentee ballot application and a completed absentee ballot, provided that the ballot is received no later than the deadline for the return of absentee ballots as provided in § 24.2-709 for the election in which the voter offers to vote, and the application contains the following information: (i) the voter's signature; however, if the voter is unable to sign, the person assisting the voter will note this fact in the voter signature box; (ii) the voter's printed name; (iii) the county or city in which he is registered and offers to vote; (iv) the residence address at which he is registered to vote; (v) his current military or overseas address; and (vi) the signature of a witness who shall sign the same application.

**§ 24.2-706. Duty of general registrar and electoral board on receipt of application; statement of voter.**

On receipt of an application for an absentee ballot, the general registrar shall enroll the name and address of each registered applicant on an absentee voter applicant list that shall be maintained in the office of the general registrar with a file of the applications of the listed applicants. The list shall be available for inspection and copying and the applications shall be available for inspection only by any registered voter during regular office hours. Upon request and for a reasonable fee, the ~~State Board~~ Department of Elections shall provide an electronic copy of the absentee voter applicant list to any political party or candidate. Such list shall be used only for campaign and political purposes. Any list made available for inspection and copying under this section shall contain the post office box address in lieu of the residence street address for any individual who has furnished at the time of registration or subsequently, in addition to his street address, a post office box address pursuant to subsection B of § 24.2-418.

No list or application containing an individual's social security number, or any part thereof, or the individual's day and month of birth, shall be made available for inspection or copying by anyone. The ~~State Board~~ Department of Elections shall prescribe procedures for local electoral boards and general registrars to make the information in the lists and applications available in a manner that does not reveal social security numbers or parts thereof, or an individual's day and month of birth.

The completion and timely delivery of an application for an absentee ballot shall be construed to be an offer by the applicant to vote in the election.

The general registrar shall note on each application received whether the applicant is or is not a registered voter and notify the secretary of the electoral board. In reviewing the application for an absentee ballot, the general registrar and electoral board shall not reject the application of any individual because of an error or omission on any record or paper relating to the application, if such error or omission is not material in determining whether such individual is qualified to vote absentee.

If the application has been properly completed and signed and the applicant is a registered voter of the precinct in which he offers to vote, the electoral board shall, at the time when the printed ballots for the election are available, send by the deadline set out in § 24.2-612, obtaining a certificate *or other evidence* of either first-class or expedited mailing or delivery from the United States Postal Service or other commercial delivery provider, or deliver to him in person in the office of the secretary or registrar, the following items and nothing else:

Signature of Voter \_\_\_\_\_

Date \_\_\_\_\_

Signature of witness \_\_\_\_\_"

For elections held after January 1, 2004, instead of the envelope containing the above oath, an envelope containing the standard oath prescribed by the presidential designee under § 101(b)(7) of the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.) shall be sent to voters who are qualified to vote absentee under that Act.

3. A properly addressed envelope for the return of the ballot to the electoral board by mail or by the applicant in person.

4. Printed instructions for completing the ballot and statement on the envelope and returning the ballot.

For federal elections held after January 1, 2004, for any voter who is required by subparagraph (b) of 52 U.S.C. § 21083 of the Help America Vote Act of 2002 to show identification the first time the voter votes in a federal election in the state, the printed instructions shall direct the voter to submit with his ballot (i) a copy of a current and valid photo identification or (ii) a copy of a current utility bill, bank statement, government check, paycheck or other government document that shows the name and address of the voter. Such individual who desires to vote by mail but who does not submit one of the forms of identification specified in this paragraph may cast such ballot by mail and the ballot shall be counted as a provisional ballot under the provisions of § 24.2-653. The ~~State Board~~ Department of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.

5. A voter's failure to provide the date, or any part of the date, including the year, on which he signed the statement printed on the back of the envelope shall not be considered a material omission and shall not render his ballot void. For purposes of this chapter, "mail" shall include delivery by a commercial delivery service, but shall not include delivery by a personal courier service or another individual except as provided by §§ 24.2-703.2 and 24.2-705.

officers of election appointed by the electoral board. Any such location shall be in a public building owned or leased by the city, the county, or a town within the county, with adequate facilities for the protection of all records concerning the absentee voters, the absentee ballots, both voted and unvoted, and any voting equipment in use at the location. Such location may be in a facility owned or leased by the Commonwealth and used as a location for Department of Motor Vehicles facilities and for an office of the general registrar. Such location shall be deemed the equivalent of the office of the general registrar or secretary of the electoral board for the purpose of completing the application for an absentee ballot in person pursuant to §§ 24.2-701 and 24.2-706. On the request of the applicant, made no later than 5:00 p.m. on the seventh day prior to the election in which the applicant offers to vote, the general registrar or the secretary may send the items set forth in subdivisions 1 through 4 of § 24.2-706 to the applicant by mail, obtaining a certificate *or other evidence* of mailing.

The ~~State Board~~ *Department of Elections* shall prescribe procedures for the use of voting equipment. The procedures shall provide for the casting of absentee ballots prior to election day by in-person applicants on voting equipment which has been certified, and is currently approved, by the ~~State Board~~ *Department of Elections*. The procedures shall be applicable and uniformly applied by the ~~State Board~~ *Department of Elections* to all jurisdictions using comparable voting equipment. At least two officers of election, one representing each political party, shall be present during all hours that absentee voting is available at any location at which absentee ballots are cast prior to election day.

The requirement that officers of election shall be present if ballots are cast on voting equipment prior to election day shall not be applicable when the voting equipment is located in the office of the general registrar or secretary of the electoral board and the general registrar, an assistant registrar, or the secretary of the electoral board is present.

**§ 24.2-712. Central absentee voter precincts; counting ballots.**

A. Notwithstanding any other provision of law, the governing body of each county or city may establish one or more central absentee voter precincts in the courthouse or other public buildings for the purpose of receiving, counting, and recording absentee ballots cast in the county or city. The decision to abolish any absentee voter precinct shall be made by the governing body by ordinance. Immediate notification of either decision shall be sent to the ~~State Board~~ *Department of Elections* and the electoral board.

If the officers cannot produce such records, the voter shall be allowed to vote in person at the absentee voter precinct and have his vote counted with other absentee votes. If the voter's appeal is denied, the provisions of § 24.2-708 shall be applicable, and the officers shall advise the voter that he may vote on presentation of a statement signed by him that he has not received an absentee ballot and subject to felony penalties for making false statements pursuant to § 24.2-1016.

D. Absentee ballots may be processed as required by § 24.2-711 by the officers of election at the central absentee voter precinct prior to the closing of the polls but the ballot container shall not be opened and the counting of ballots shall not begin prior to that time. In the case of machine-readable ballots, the ballot container may be opened and the absentee ballots may be inserted in the counting machines prior to the closing of the polls in accordance with procedures prescribed by the ~~State Board~~ *Department of Elections*, including procedures to preserve ballot secrecy, but no ballot count totals shall be initiated prior to that time.

As soon as the polls are closed in the county or city the officers of election at the central absentee voter precinct shall proceed promptly to ascertain and record the vote given by absentee ballot and report the results in the manner provided for counting and reporting ballots generally in Article 4 (§ 24.2-643 et seq.) of Chapter 6.

E. The electoral board may provide that the officers of election for a central absentee voter precinct may be assigned to work all or a portion of the time that the precinct is open on election day subject to the following conditions:

F. The electoral board, with the written agreement of the general registrar, may provide that the central absentee voter precinct will open after 6:00 a.m. on the day of the election provided that the office of the general registrar will be open for the receipt of absentee ballots until the central absentee voter precinct is open and that the officers of election for the central absentee voter precinct obtain the absentee ballots returned to the general registrar's office for the purpose of counting the absentee ballots at the central absentee voter precinct and provided further that the central absentee voter precinct is the same location as the office of the general registrar.

## CHAPTER 322

*An Act to amend and reenact § 22.1-253.13:3 of the Code of Virginia, relating to Standards of Learning Assessments; revisions.*

[H 1419]

Approved March 17, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 22.1-253.13:3 of the Code of Virginia is amended and reenacted as follows:**

**§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.**

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include, but not be limited to, student outcome measures, requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, student services, auxiliary education programs such as library and media services, course and credit requirements for graduation from high school, community relations, and the philosophy, goals, and objectives of public education in Virginia.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board shall review annually the accreditation status of all schools in the Commonwealth.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall review the accreditation status of all schools in the local school division annually in public session. Within the time specified by the Board of Education, each school board shall submit corrective action plans for any schools within its school division that have been designated as not meeting the standards as approved by the Board.

When the Board of Education has obtained evidence through the school academic review process that the failure of schools within a division to achieve full accreditation status is related to division level failure to implement the Standards of Quality, the Board may require a division level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall submit for approval by the Board a corrective action plan, consistent with criteria established by the Board and setting forth specific actions and a schedule designed to ensure that schools within its school division achieve full accreditation status. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

With such funds as are appropriated or otherwise received for this purpose, the Board shall adopt and implement an academic review process, to be conducted by the Department of Education, to assist schools that are accredited with warning. The Department shall forward a report of each academic review to the relevant local school board, and such school board shall report the results of such academic review and the required annual progress reports in public session. The local school board shall implement any actions identified through the academic review and utilize them for improvement planning.

B. The Superintendent of Public Instruction shall develop and the Board of Education shall approve criteria for determining and recognizing educational performance in the Commonwealth's public school divisions and schools. Such criteria, when approved, shall become an integral part of the accreditation process and shall include student outcome measurements. The Superintendent of Public Instruction shall annually identify to the Board those school divisions and schools that exceed or do not meet the approved criteria. Such identification shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall (i) in consultation with the chairpersons of the eight regional superintendents' study groups, establish a timetable for administering the Standards of Learning assessments to ensure genuine end-of-course and end-of-grade testing and (ii) with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments.

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected verified credit.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall include in the student outcome measures that are required by the Standards for Accreditation end-of-course or end-of-grade assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science.

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (a) reading and mathematics in grades three and four; (b) reading, mathematics, and science in grade five; (c) reading and mathematics in grades six and seven; (d) reading, writing, mathematics, and science in grade eight; and (e) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall (1) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) permit and encourage integrated assessments that include multiple subject areas; and (3) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

In addition, to assess the educational progress of students, the Board of Education shall (A) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (B) select appropriate industry certification and state licensure examinations; and (C) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board of Education or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

*The Department of Education shall develop processes for informing school divisions of changes in the Standards of Learning.*

The Board of Education may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

D. The Board of Education may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 11 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of Education may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board's alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board of Education, the results from the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, if administered, industry certification examinations, and the Standards of Learning Assessments to the public.

The Board of Education shall not require administration of the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the requirements for home instruction pursuant to § 22.1-254.1.

The Board shall include requirements for the reporting of the Standards of Learning assessment scores and averages for each year as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department of Education's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board of Education's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board of Education for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards of Accreditation pursuant to 8 VAC 20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board of Education based on submission of a request from the division superintendent and chairman of the local school board. The Board of Education may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department of Education shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board of Education may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

## CHAPTER 323

*An Act to amend and reenact § 22.1-253.13:3 of the Code of Virginia, relating to third through eighth grade Standards of Learning assessments; science.*

[H 1714]

Approved March 17, 2015

**Be it enacted by the General Assembly of Virginia:****1. That § 22.1-253.13:3 of the Code of Virginia is amended and reenacted as follows:****§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.**

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include, but not be limited to, student outcome measures, requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, student services, auxiliary education programs such as library and media services, course and credit requirements for graduation from high school, community relations, and the philosophy, goals, and objectives of public education in Virginia.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board shall review annually the accreditation status of all schools in the Commonwealth.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall review the accreditation status of all schools in the local school division annually in public session. Within the time specified by the Board of Education, each school board shall submit corrective action plans for any schools within its school division that have been designated as not meeting the standards as approved by the Board.

When the Board of Education has obtained evidence through the school academic review process that the failure of schools within a division to achieve full accreditation status is related to division level failure to implement the Standards of Quality, the Board may require a division level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall submit for approval by the Board a corrective action plan, consistent with criteria established by the Board and setting forth specific actions and a schedule designed to ensure that schools within its school division achieve full accreditation status. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

With such funds as are appropriated or otherwise received for this purpose, the Board shall adopt and implement an academic review process, to be conducted by the Department of Education, to assist schools that are accredited with warning. The Department shall forward a report of each academic review to the relevant local school board, and such school board shall report the results of such academic review and the required annual progress reports in public session. The local school board shall implement any actions identified through the academic review and utilize them for improvement planning.

B. The Superintendent of Public Instruction shall develop and the Board of Education shall approve criteria for determining and recognizing educational performance in the Commonwealth's public school divisions and schools. Such criteria, when approved, shall become an integral part of the accreditation process and shall include student outcome measurements. The Superintendent of Public Instruction shall annually identify to the Board those school divisions and schools that exceed or do not meet the approved criteria. Such identification shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall (i) in consultation with the chairpersons of the eight regional superintendents' study groups, establish a timetable for administering the Standards of Learning assessments to ensure genuine end-of-course and end-of-grade testing and (ii) with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments.

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected verified credit.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall include in the student outcome measures that are required by the Standards for Accreditation end-of-course or end-of-grade assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science.

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (a) reading and mathematics in grades three and four; (b) reading, mathematics, and science in grade five; (c) reading and mathematics in grades six and seven; (d) reading, writing, and mathematics; ~~and science~~ in grade eight; (e) *science after the student receives instruction in the grade six science, life science, and physical science Standards of Learning and before the student completes grade eight*; and ~~(e)~~ (f) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall (1) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) permit and encourage integrated assessments that include multiple subject areas; and (3) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

In addition, to assess the educational progress of students, the Board of Education shall (A) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (B) select appropriate industry certification and state licensure examinations; and (C) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board of Education or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Board of Education may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

D. The Board of Education may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 11 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action

against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of Education may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board's alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board of Education, the results from the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, if administered, industry certification examinations, and the Standards of Learning Assessments to the public.

The Board of Education shall not require administration of the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the requirements for home instruction pursuant to § 22.1-254.1.

The Board shall include requirements for the reporting of the Standards of Learning assessment scores and averages for each year as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department of Education's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board of Education's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board of Education for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards of Accreditation pursuant to 8 VAC 20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board of Education based on submission of a request from the division superintendent and chairman of the local school board. The Board of Education may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department of Education shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board of Education may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

## CHAPTER 329

*An Act to amend and reenact § 22.1-253.13:4 of the Code of Virginia, relating to special diplomas.*

[S 1236]

Approved March 17, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 22.1-253.13:4 of the Code of Virginia is amended and reenacted as follows:**

**§ 22.1-253.13:4. Standard 4. Student achievement and graduation requirements.**

A. Each local school board shall award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who earn the units of credit prescribed by the Board of Education, pass the prescribed tests, and meet such other requirements as may be prescribed by the local school board and approved by the Board of Education. Provisions shall be made to facilitate the transfer and appropriate grade placement of students from other public secondary schools, from nonpublic schools, or from home instruction as outlined in the standards for accreditation. Course credits earned for online courses taken in the Department of Education's Virtual Virginia program shall transfer to Virginia public schools in accordance with provisions of the standards for accreditation. Further, reasonable accommodation to meet the requirements for diplomas shall be provided for otherwise qualified students with disabilities as needed.

In addition, each local school board may devise, vis-a-vis the award of diplomas to secondary school students, a mechanism for calculating class rankings that takes into consideration whether the student has taken a required class more than one time and has had any prior earned grade for such required class expunged.

Each local school board shall notify the parents of rising eleventh and twelfth grade students of (i) the number and subject area requirements of standard and verified units of credit required for graduation pursuant to the standards for

accreditation and (ii) the remaining number and subject area requirements of such units of credit the individual student requires for graduation.

B. Students identified as disabled who complete the requirements of their individualized education programs *and meet certain requirements prescribed by the Board pursuant to regulations but do not meet the requirements for any named diploma* shall be awarded ~~special~~ *Applied Studies* diplomas by local school boards.

Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the requirements for a standard or advanced studies diploma of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.

C. Students who have completed a prescribed course of study as defined by the local school board shall be awarded certificates of program completion by local school boards if they are not eligible to receive a Board of Education-approved diploma.

Each local school board shall provide notification of the right to a free public education for students who have not reached 20 years of age on or before August 1 of the school year, pursuant to Chapter 1 (§ 22.1-1 et seq.), to the parent of students who fail to graduate or who have failed to achieve the number of verified units of credit required for graduation as provided in the standards for accreditation. If such student who does not graduate or achieve such verified units of credit is a student for whom English is a second language, the local school board shall notify the parent of the student's opportunity for a free public education in accordance with § 22.1-5.

D. In establishing course and credit requirements for a high school diploma, the Board shall:

1. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation credit requirements, which shall include Standards of Learning testing, as necessary.

2. Establish the requirements for a standard and an advanced studies high school diploma, which shall each include at least one credit in fine or performing arts or career and technical education and one credit in United States and Virginia history. The requirements for a standard high school diploma shall, however, include at least two sequential electives chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses. Such focused sequence of elective courses shall provide a foundation for further education or training or preparation for employment. The advanced studies diploma shall be the recommended diploma for students pursuing baccalaureate study. Both the standard and the advanced studies diploma shall prepare students for post-secondary education and the career readiness required by the Commonwealth's economy.

Beginning with first-time ninth grade students in the 2013-2014 school year, requirements for the standard diploma shall include a requirement to earn a career and technical education credential that has been approved by the Board, that could include, but not be limited to, the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, or the Virginia workplace readiness skills assessment.

Beginning with first-time ninth grade students in the 2016-2017 school year, requirements for the standard and advanced diplomas shall include a requirement to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

The Board shall make provision in its regulations for students with disabilities to earn a standard diploma.

3. Provide, in the requirements to earn a standard or advanced studies diploma, the successful completion of one virtual course. The virtual course may be a noncredit-bearing course.

4. Provide, in the requirements for the verified units of credit stipulated for obtaining the standard or advanced studies diploma, that students completing elective classes into which the Standards of Learning for any required course have been integrated may take the relevant Standards of Learning test for the relevant required course and receive, upon achieving a satisfactory score on the specific Standards of Learning assessment, a verified unit of credit for such elective class that shall be deemed to satisfy the Board's requirement for verified credit for the required course.

5. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstration of mastery of the course content and objectives. Having received credit for the course, the student shall be permitted to sit for the relevant Standards of Learning assessment and, upon receiving a passing score, shall earn a verified credit. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

6. Provide for the award of verified units of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board of Education.

School boards shall report annually to the Board of Education the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

For the purposes of this subdivision, "career and technical education completer" means a student who has met the requirements for a career and technical concentration or specialization and all requirements for high school graduation or an approved alternative education program.

In addition, the Board may:

a. For the purpose of awarding verified units of credit, approve the use of additional or substitute tests for the correlated Standards of Learning assessment, such as academic achievement tests, industry certifications or state licensure examinations; and

b. Permit students completing career and technical education programs designed to enable such students to pass such industry certification examinations or state licensure examinations to be awarded, upon obtaining satisfactory scores on such industry certification or licensure examinations, the appropriate verified units of credit for one or more career and technical education classes into which relevant Standards of Learning for various classes taught at the same level have been integrated. Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

7. Provide for the waiver of certain graduation requirements (i) upon the Board's initiative or (ii) at the request of a local school board. Such waivers shall be granted only for good cause and shall be considered on a case-by-case basis.

8. Consider all computer science course credits earned by students to be science course credits, mathematics course credits, or career and technical education credits. The Board of Education shall develop guidelines addressing how computer science courses can satisfy graduation requirements.

E. In the exercise of its authority to recognize exemplary academic performance by providing for diploma seals, the Board of Education shall develop criteria for recognizing exemplary performance in career and technical education programs by students who have completed the requirements for a Board of Education-approved diploma and shall award seals on the diplomas of students meeting such criteria.

In addition, the Board shall establish criteria for awarding a diploma seal for advanced mathematics and technology for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) technology courses; (ii) technical writing, reading, and oral communication skills; (iii) technology-related training; and (iv) industry, professional, and trade association national certifications.

The Board shall also establish criteria for awarding a diploma seal for excellence in civics education and understanding of our state and federal constitutions and the democratic model of government for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) successful completion of history, government, and civics courses, including courses that incorporate character education; (ii) voluntary participation in community service or extracurricular activities that includes the types of activities that shall qualify as community service and the number of hours required; and (iii) related requirements as it deems appropriate.

F. The Board shall establish, by regulation, requirements for the award of a general achievement adult high school diploma for those persons who are not subject to the compulsory school attendance requirements of § 22.1-254 and have (i) achieved a passing score on a high school equivalency examination approved by the Board of Education; (ii) successfully completed an education and training program designated by the Board of Education; (iii) earned a Board of Education-approved career and technical education credential such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, or the Virginia workplace readiness skills assessment; and (iv) satisfied other requirements as may be established by the Board for the award of such diploma.

G. To ensure the uniform assessment of high school graduation rates, the Board shall collect, analyze, and report high school graduation and dropout data using a formula prescribed by the Board.

The Board may promulgate such regulations as may be necessary and appropriate for the collection, analysis, and reporting of such data.

b. Three thousand dollars for single individuals and \$6,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return) for taxable years beginning on and after January 1, 2005; provided that the taxpayer has not itemized deductions for the taxable year on his federal income tax return. For purposes of this section, any person who may be claimed as a dependent on another taxpayer's return for the taxable year may compute the deduction only with respect to earned income.

2. a. A deduction in the amount of \$900 for taxable years beginning on and after January 1, 2005, but before January 1, 2008; and \$930 for taxable years beginning on and after January 1, 2008, for each personal exemption allowable to the taxpayer for federal income tax purposes.

This deduction shall be reduced by \$1 for every \$1 that the taxpayer's adjusted federal adjusted gross income exceeds \$50,000 for single taxpayers or \$75,000 for married taxpayers. For married taxpayers filing separately, the deduction will be reduced by \$1 for every \$1 the total combined adjusted federal adjusted gross income of both spouses exceeds \$75,000.

If the purchase price or annual contribution to a savings trust account exceeds \$4,000, the remainder may be carried forward and subtracted in future taxable years until the purchase price or savings trust contribution has been fully deducted; however, except as provided in subdivision 7 c, in no event shall the amount deducted

in any taxable year exceed \$4,000 per contract or savings trust account. Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than (i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death, disability, or receipt of a scholarship. For the purposes of this subdivision, the term "purchaser" or "contributor" means the person shown as such on the records of the Virginia College Savings Plan as of December 31 of the taxable year. For taxable years beginning on and after January 1, 2004, the amount of any intangible expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under § 58.1-446;

9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

(2) The interest expenses and costs are not directly or indirectly for, related to or in connection with the direct or indirect acquisition, maintenance, management, sale, exchange, or disposition of intangible property; and

(4) One of the following applies:

(i) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(iii) The related member engages in transactions with parties other than related members that generate revenue in excess of \$2 million annually; or

(iv) The transaction giving rise to the interest payments between the corporation and a related member was done at arm's length rates and terms and meets any of the following: (a) the related member uses funds that are borrowed from a party other than a related member or that are paid, incurred or passed-through to a person who is not a related member; (b) the debt is part of a regular and systematic funds management or portfolio investment activity conducted by the related member, whereby the funds of two or more related members are aggregated for the purpose of achieving economies of scale, the internal financing of the active business operations of members, or the benefit of centralized management of funds; (c) financing the expansion of the business operations; or (d) restructuring the debt of related members, or the pass-through of acquisition-related indebtedness to related members.

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, and E.

B. There shall be added to the extent excluded from federal taxable income:

2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;

3. [Repealed.]

4. The amount of any net income taxes and other taxes, including franchise and excise taxes, which are based on, measured by, or computed with reference to net income, imposed by the Commonwealth or any other taxing jurisdiction, to the extent deducted in determining federal taxable income;

6. [Repealed.]

For taxable years beginning on and after January 1, 2004, the amount of any intangible expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts

received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under § 58.1-446;

9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

(2) The interest expenses and costs are not directly or indirectly for, related to or in connection with the direct or indirect acquisition, maintenance, management, sale, exchange, or disposition of intangible property; and

(3) The transaction giving rise to the expenses and costs between the corporation and the related member has a valid business purpose other than the avoidance or reduction of taxation and payments between the parties are made at arm's length rates and terms; and

(4) One of the following applies:

(i) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(iii) The related member engages in transactions with parties other than related members that generate revenue in excess of \$2 million annually; or

(iv) The transaction giving rise to the interest payments between the corporation and a related member was done at arm's length rates and terms and meets any of the following: (a) the related member uses funds that are borrowed from a party other than a related member or that are paid, incurred or passed-through to a person who is not a related member; (b) the debt is part of a regular and systematic funds management or portfolio investment activity conducted by the related member, whereby the funds of two or more related members are aggregated for the purpose of achieving economies of scale, the internal financing of the active business operations of members, or the benefit of centralized management of funds; (c) financing the expansion of the business operations; or (d) restructuring the debt of related members, or the pass-through of acquisition-related indebtedness to related members.

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax

returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

The city shall have as well any powers expressly set forth herein, including the power to provide and operate telecommunication and related services, including without limitation, cable television, Internet, and all other services that might be rendered by use of the city's fiber-optic system; provided further that also the city shall have the power, within and without the city and within or without the Commonwealth of Virginia to provide consulting and management services for the operation of telecommunication services, including without limitation, cable television, Internet, and all other services that might be rendered by use of a fiber-optic system. The enumeration of powers in this charter shall not be exclusive or otherwise be construed to limit the powers of the city.

Any references in this Charter to Bristol Virginia Utility Board or Bristol Virginia Utilities shall mean the BVU Authority.*

#### § 2.02. Financial powers.

The City of Bristol shall have the following powers relative to its financial affairs:

1. To raise annually by taxes and assessments such sums of money as the council deems necessary to pay the debts and defray the expense of operation of the city; provided that such taxes and assessments are not prohibited by the laws of the Commonwealth;
2. To impose special or local assessments for local improvements and enforce payment thereof;
3. To contract debts, borrow money and make and issue evidences of indebtedness subject to the provisions of the Constitution of Virginia and of this charter;
4. To expend the money of the city for all lawful purposes;
5. To make appropriations, subject to the limitations imposed by this charter and the Constitution of Virginia, for the support of the city government and any other purposes authorized by this charter and the laws of the Commonwealth;
6. To accept and receive or refuse gifts, donations, bequests or grants from any source for any purpose related to the powers and duties of the city's government, and to dispose of the same in any manner for such purpose in accordance with the terms and conditions, if any, of such gifts, grants, bequests and devices;
7. To provide, or aid in the support of, public libraries and public schools;
8. To grant financial aid to military units organized in the city in accordance with the laws of the Commonwealth and to charitable, educational or benevolent institutions and corporations, including those established for scientific, literary or

To provide control and management of the fiscal affairs of the city and prescribe and require the adoption and keeping of such books, records, accounts and systems of accounting by the departments, boards, commissions or other agencies of this city's government as may be provided for elsewhere in this charter or to be set forth by ordinance or resolution;

10. To establish, impose and enforce rates and charges for public utilities, or other services, products or conveniences which are operated, rendered or furnished by the city including without limitation, water and sewer rates, and to the extent permitted by law, to regulate the rates for all such services provided by public service corporations within the city.

The city also may assess or cause to be assessed such rates and charges for public utilities, services, products or conveniences directly against the owner or owners of the buildings or against the proper tenant or tenants. Where charged against the tenants, the city may, by ordinance, make the owner or owners directly liable in the event such tenant or tenants fail to pay when the rents or charges are assessed.

Such fees, rents and charges being in the nature of a use or service charge shall, as nearly as the council shall deem practical and equitable, be uniform for the same type, class and amount of use. In the case of consumption of water, the rate may be based on actual consumption on or in connection with the real estate, making due allowances for the commercial use of water, or on the number and kind of water outlets on or in connection with the real estate or on the number and kind of plumbing or sewage fixtures or facilities on or in connection with the real estate, or on the average number of persons residing or working on or otherwise connected or identified with the real estate, or on any other factors determining the type, class and amount of water used. Similarly rational alternate means of determining rates for other utilities, services, products and goods provided by the city may be authorized by city council.

City council shall have the right and power to combine charges for water and sewer services on one statement, separate or together, with a bill for electrical services and to bill the beneficiary of such services therefor in such manner as to require the payment of all charges as a unit and to enforce the payment of such charges by discontinuing the water service, the sewer service, the electrical service or all others. In the event that fees, rents and charges charged for furnishing water, or for the use of services of the sewer disposal system, for furnishing electricity or any other utility in connection with any real estate shall not be paid when due, a reasonable penalty to be set by the council may at that time be added thereto, and the owner or tenant, as the case may be, of such real estate shall, until such fees, rents and charges for the same be paid together with such penalty, cease to use water, to dispose of sewage or industrial waste by discharge thereof directly or indirectly into the sewage disposal system or any other utility otherwise being used and furnished by the city. If such owner or tenant shall not have paid such fees, rents and charges together with such penalty within ten days after the same shall have become due, the supplier of water, electricity or other utility for the use of such real estate shall cease supplying same thereto. When the water for the use of such real estate has been shut off, it shall not be turned on again until the delinquent charges together with the penalty and a reasonable service charge to be fixed by council for shutting it off and turning it on again has been paid.

Such fees, rents, charges and penalty may be recovered by the city, by action at law or suit in equity. The council may designate a person, persons, board or commission, as the collector and custodian of all fees, rents and charges payable and paid to the city for public utilities and for other public services, products or conveniences, provided that any person or persons so designated and appointed shall keep a correct account of all such receipts and expenditures therefrom and shall take the oath of office and give bond as required by this charter; and

11. To charge and collect fees for permits to use public facilities and for the provision of public services and privileges.

§ 2.04. Powers relating to public works, utilities and properties.

The city shall have the power to acquire, construct, own, maintain, regulate, operate, hold, improve, manage, sell, encumber, donate or otherwise dispose of any property, real or personal, or any estate or interest therein, and any structure or improvement thereon, within or without the city and within or without the Commonwealth of Virginia for:
