Approved March 19, 2015

### **Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-3851.1 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Article 10 of Chapter 38 of Title 58.1 a section numbered 58.1-3851.2 as follows:**

#### **§ 58.1-3851.1. Entitlement to tax revenues from tourism project.**

A. For purposes of this section, unless the context requires a different meaning:

"Economic development authority" means a local industrial development authority or a local or regional political subdivision, the public purpose of which is to assist in economic development.

"Gap financing" means debt financing to compensate for a shortfall in project funding between the expected development costs of an authorized tourism project and the debt and equity capital provided by the developer of the project.

B. 1. If a locality has established a tourism zone pursuant to § 58.1-3851, has adopted an ordinance establishing a tourism plan as determined by guidelines set forth by the Virginia Tourism Authority, and has adopted an ordinance authorizing a tourism project to meet a deficiency identified in the adopted tourism plan approved by the Virginia Tourism Authority, and the tourism project has been certified by the State Comptroller as qualifying for the entitlement to tax revenues authorized by this section, the authorized tourism project shall be entitled to an amount equal to the revenues generated by a one percent state sales and use tax on transactions taking place on the premises of the authorized tourism project. The entitlement shall be contingent on the locality enacting an ordinance designating certain local tax revenues to the tourism project pursuant to subsection C and shall be subject to the conditions set forth in subsection D. The purpose of such entitlement shall be to assist the developer with obtaining gap financing and making payments of principal and interest thereon. The entitlement shall continue until the gap financing is paid in full. Entitled sales tax revenues shall be applied solely to payments of principal and interest on the qualified gap financing.

2. On a quarterly basis, the Tax Commissioner shall certify the amount of the entitled sales tax revenues to the Comptroller, who shall remit such revenues to the county or city in which the authorized tourism project is located. The county or city shall remit the revenues to the economic development authority. No payments herein shall be made until an agreement exists between the developer of the authorized tourism project and the economic development authority.

Such revenues shall be remitted in the same manner, for the same time period, and under the same conditions as the remittances paid in accordance with subsection B, mutatis mutandis.

D. Prior to any entitlement to tax revenues for an authorized tourism project pursuant to subsections B and C, the owner of such project shall have a minimum of ~~80~~ 70 percent of funding for the project in place through debt or equity, enter into a performance agreement with the economic development authority or political subdivision, and enter into an agreement to pay an access fee. The access fee shall be equivalent to the state sales tax revenue generated by and returned to the project pursuant to subdivision B 1 and shall be collected by the locality and remitted to the economic development authority on a quarterly basis. Entitled sales tax revenues shall be applied solely to payments of principal and interest on the qualified gap financing.*

3. *The state sales tax entitlement established in subdivision 1 shall not include any (i) sales tax revenues dedicated pursuant to § 58.1-638 or 58.1-638.1 or (ii) revenues generated pursuant to Chapter 766 of the Acts of Assembly of 2013.*

The access fee shall be equivalent to the state sales tax revenue generated by and returned to the project pursuant to subdivision B 1 and shall be collected by the locality and remitted to the economic development authority on a quarterly basis. The access fee and the state and local contributions pursuant to this section shall be used solely to make payments of principal and interest on the qualified gap funding.

E. In the event that the total amount of state and local contributions pursuant to this section and the access fee exceeds any annual debt service on the qualified gap financing, such excess shall be paid to the principal of the loan until the qualified gap financing is paid in full.

F. Neither the Commonwealth nor any political subdivision of the Commonwealth shall incur any debt under this section. Nothing in this section shall be construed as authorizing the pledging of the faith and credit of the Commonwealth, or any of its revenues, or the faith and credit of any other political subdivision of the Commonwealth, or any of its revenues, for the payment of any debt or debt financing, or meeting any contractual obligation incurred by the owner or developer of any authorized tourism project of regional significance.

G. An authorized tourism project of regional significance that is entitled to and receives revenues pursuant to this section shall not be eligible to receive revenues pursuant to § 58.1-608.3 or 58.1-3851.1.

## CHAPTER 350

An Act to amend and reenact § 2.2-4302.2 of the Code of Virginia, relating to the Virginia Public Procurement Act; requirements for Requests for Proposals.

[S 1226]

Approved March 19, 2015

### Be it enacted by the General Assembly of Virginia:

#### 1. That § 2.2-4302.2 of the Code of Virginia is amended and reenacted as follows:

##### § 2.2-4302.2. Process for competitive negotiation.

A. The process for competitive negotiation shall include the following:

1. Issuance of a written Request for Proposal indicating in general terms that which is sought to be procured, specifying the factors that will be used in evaluating the proposal, *indicating whether a numerical scoring system will be used in evaluation of the proposal*, and containing or incorporating by reference the other applicable contractual terms and conditions, including any unique capabilities, specifications or qualifications that will be required. *In the event that a numerical scoring system will be used in the evaluation of proposals, the point values assigned to each of the evaluation criteria shall be included in the Request for Proposal or posted at the location designated for public posting of procurement notices prior to the due date and time for receiving proposals;*

2. Public notice of the Request for Proposal at least 10 days prior to the date set for receipt of proposals by posting on the Department of General Services' central electronic procurement website or other appropriate websites. Additionally, public bodies shall publish in a newspaper of general circulation in the area in which the contract is to be performed so as to provide reasonable notice to the maximum number of offerors that can be reasonably anticipated to submit proposals in response to the particular request. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities. In addition, proposals may be solicited directly from potential contractors. Any additional solicitations shall include certified businesses selected from a list made available by the Department of Small Business and Supplier Diversity; and

3. For goods, nonprofessional services, and insurance, selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the Request for Proposal, including price if so stated in the Request for Proposal. Negotiations shall then be conducted with each of the offerors so selected. Price shall be considered, but need not be the sole or primary determining factor. After negotiations have been conducted with each offeror so selected, the public body shall select the offeror which, in its opinion, has made the best proposal and provides the best value, and shall award the contract to that offeror. When the terms and conditions of multiple awards are so provided in the Request for Proposal, awards may be made to more than one offeror. Should the

public body determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that offeror; or

4. For professional services, the public body shall engage in individual discussions with two or more offerors deemed fully qualified, responsible and suitable on the basis of initial responses and with emphasis on professional competence, to provide the required services. Repetitive informal interviews shall be permissible. The offerors shall be encouraged to elaborate on their qualifications and performance data or staff expertise pertinent to the proposed project, as well as alternative concepts. In addition, offerors shall be informed of any ranking criteria that will be used by the public body in addition to the review of the professional competence of the offeror. The Request for Proposal shall not, however, request that offerors furnish estimates of man-hours or cost for services. At the discussion stage, the public body may discuss nonbinding estimates of total project costs, including, but not limited to, life-cycle costing, and where appropriate, nonbinding estimates of price for services. In accordance with § 2.2-4342, proprietary information from competing offerors shall not be disclosed to the public or to competitors. At the conclusion of discussion, outlined in this subdivision, on the basis of evaluation factors published in the Request for Proposal and all information developed in the selection process to this point, the public body shall select in the order of preference two or more offerors whose professional qualifications and proposed services are deemed most meritorious.

Negotiations shall then be conducted, beginning with the offeror ranked first. If a contract satisfactory and advantageous to the public body can be negotiated at a price considered fair and reasonable, the award shall be made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price.

Notwithstanding the foregoing, if the terms and conditions for multiple awards are included in the Request for Proposal, a public body may award contracts to more than one offeror.

Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified or that one offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that offeror.

B. For multiple projects, a contract for architectural or professional engineering services relating to construction projects, or a contract for job order contracting, may be negotiated by a public body, provided (i) the projects require similar experience and expertise, (ii) the nature of the projects is clearly identified in the Request for Proposal, and (iii) the contract is limited to a one-year term or when the cumulative total project fees reach the maximum cost authorized in this subsection, whichever occurs first.

Such contracts may be renewable for four additional one-year terms at the option of the public body. The fair and reasonable prices as negotiated shall be used in determining the cost of each project performed and the sum of all projects performed in a one-year contract term shall not exceed \$500,000, except that for:

1. A state agency, as defined in § 2.2-4347, the sum of all projects performed in a one-year contract term shall not exceed \$1 million as may be determined by the Director of the Department of General Services;

2. Any locality or any authority, sanitation district, metropolitan planning organization or planning district commission with a population in excess of 80,000, or any city within Planning District 8, the sum of all projects performed in a one-year contract term shall not exceed \$5 million and those awarded for any airport as defined in § 5.1-1 and aviation transportation projects, the sum of all such projects shall not exceed \$1.5 million;

3. Architectural and engineering services for rail and public transportation projects by the Director of the Department of Rail and Public Transportation, the sum of all projects in a one-year contract term shall not exceed \$2 million. Such contract may be renewable for two additional one-year terms at the option of the Director;

4. Environmental, location, design, and inspection work regarding highways and bridges by the Commissioner of Highways, the initial contract term shall be limited to two years or when the cumulative total project fees reach \$5 million, whichever occurs first. Such contract may be renewable for two additional one-year terms at the option of the Commissioner, and the sum of all projects in each one-year contract term shall not exceed \$5 million; and

5. Job order contracting, the sum of all projects performed in a one-year contract term shall not exceed \$2 million.

Competitive negotiations for such contracts may result in awards to more than one offeror provided (i) the Request for Proposal so states and (ii) the public body has established procedures for distributing multiple projects among the selected contractors during the contract term.

C. For any single project, for (i) architectural or professional engineering services relating to construction projects, or (ii) job order contracting, the project fee shall not exceed \$100,000, or for architectural or engineering services for airports as defined in § 5.1-1 and aviation transportation projects, the project fee shall not exceed \$500,000, except that for:

1. A state agency as defined in § 2.2-4347, the project fee shall not exceed \$200,000, as may be determined by the Director of the Department of General Services;

2. Any locality or any authority or sanitation district with a population in excess of 80,000, or any city within Planning District 8, the project fee shall not exceed \$2 million; and

3. Job order contracting, the project fee shall not exceed \$400,000.

The limitations imposed upon single project fees pursuant to this subsection shall not apply to environmental, location, design, and inspection work regarding highways and bridges by the Commissioner of Highways or architectural and engineering services for rail and public transportation projects by the Director of the Department of Rail and Public Transportation.

D. For the purposes of subsections B and C, any unused amounts from the first contract term shall not be carried forward to the additional term.

E. Multiphase professional services contracts satisfactory and advantageous to the completion of large, phased, or long term projects may be negotiated and awarded based on a fair and reasonable price for the first phase only, where the completion of the earlier phases is necessary to provide information critical to the negotiation of a fair and reasonable price for succeeding phases. Prior to the entering into any such contract, the public body shall (i) state the anticipated intended total scope of the project and (ii) determine in writing that the nature of the work is such that the best interests of the public body require awarding the contract.

## CHAPTER 351

*An Act to amend and reenact § 2.2-1150.2 of the Code of Virginia, relating to Department of General Services; state-owned communication towers; charges for use.*

[S 1377]

Approved March 19, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 2.2-1150.2 of the Code of Virginia is amended and reenacted as follows:**

**§ 2.2-1150.2. Use of communication towers for deployment of wireless broadband services in unserved areas of the Commonwealth.**

A. As used in this section:

"Qualified provider" means a provider of wireless broadband service that has obtained all governmental approvals required for the provision of wireless broadband service in the unserved area in which it seeks to provide such service.

"Unserved area" means any area within the Commonwealth that is demonstrated not to have access to terrestrial broadband or radio frequency Internet service.

"Wireless broadband service" means an Internet connection service capable of transmitting information at a rate that is not less than 256 kilobits per second in at least one direction using a wireless link between a fixed location and the Internet service provider's facility. It does not include wireless fidelity technology used in conjunction with dedicated subscriber line service or cable service to connect devices within a facility to the Internet via a broadband connection.

B. Notwithstanding any provision of § 2.2-1156 to the contrary, any state department, agency, or institution having responsibility for a state-owned communication tower in an unserved area, subject to guidelines adopted by the Department, shall lease or convey a license or other interest in the communication tower to a qualified provider in order to permit the use of the communication tower by the qualified provider in its deployment of wireless broadband service within the unserved area or portion thereof. This requirement is subject to the qualified provider presenting to the Department:

1. A spectrum and certified structural analysis of the tower that demonstrates that:

- a. The new service will not interfere with current equipment;
- b. No structural element is beyond 85 percent capacity based on current and previously documented future loads; and
- c. The tower meets the industry standards set forth by ANSI/TIA/EIA 222-F; and

2. Proof that the tower satisfies all applicable local government requirements.

C. The Department shall adopt guidelines for (i) determining whether a provider of wireless broadband service is qualified to provide such service and (ii) requesting a state department, agency, or institution to enter into a lease or other conveyance of an interest in a communication tower or site pursuant to this section.

D. The lease or other conveyance shall be for such consideration as the Director of the Department deems appropriate, which consideration shall *not* be required to be commensurate with the consideration paid for use of comparable space on similar towers. The lease or other conveyance may include shared use of the facilities by other political subdivisions or persons providing the same or similar services, and by departments, agencies, or institutions of the Commonwealth.

E. The provisions of § 2.2-1156 as they apply to lease agreements or conveyances of any interest shall not apply to any transaction undertaken pursuant to this section.

F. No transaction authorized by this section shall be made without the prior approval of the Director of the Department and the approval of the Attorney General as to the form of any conveyancing instrument prior to execution.

## CHAPTER 352

A. Any public body may participate in, sponsor, conduct, or administer a cooperative procurement agreement on behalf of or in conjunction with one or more other public bodies, or public agencies or institutions or localities of the several states, of the United States or its territories, the District of Columbia, ~~or~~ the U.S. General Services Administration, *or the Metropolitan Washington Council of Governments*, for the purpose of combining requirements to increase efficiency or reduce administrative expenses in any acquisition of goods and services.

A public body may purchase from another public body's contract *or from the contract of the Metropolitan Washington Council of Governments* even if it did not participate in the request for proposal or invitation to bid, if the request for proposal or invitation to bid specified that the procurement was being conducted on behalf of other public bodies, except for:

1. Contracts for architectural or engineering services; or

2. Construction in excess of \$200,000 by a local public body from the contract of another local public body that is more than a straight line distance of 75 miles from the territorial limits of the local public body procuring the construction. The installation of artificial turf or other athletic surfaces shall not be subject to the limitations prescribed in this subdivision. Nothing in this subdivision shall be construed to prohibit sole source or emergency procurements awarded pursuant to subsections E and F of § 2.2-4303.

In instances where any authority, department, agency, or institution of the Commonwealth desires to purchase information technology and telecommunications goods and services from another public body's contract and the procurement was conducted on behalf of other public bodies, such purchase shall be permitted if approved by the Chief Information Officer of the Commonwealth. Any public body that enters into a cooperative procurement agreement with a county, city, or town whose governing body has adopted alternative policies and procedures pursuant to subdivisions A 9 and A 10 of § 2.2-4343 shall comply with the alternative policies and procedures adopted by the governing body of such county, city, or town.

B. A public body may purchase from any authority, department, agency or institution of the Commonwealth's contract even if it did not participate in the request for proposal or invitation to bid, if the request for proposal or invitation to bid specified that the procurement was being conducted on behalf of other public bodies. In such instances, deviation from the procurement procedures set forth in this chapter and the administrative policies and procedures established to implement this chapter shall be permitted, if approved by the Director of the Division of Purchases and Supply.

Pursuant to § 2.2-2012, such approval is not required if the procurement arrangement is for telecommunications and information technology goods and services of every description. In instances where the procurement arrangement is for telecommunications and information technology goods and services, such arrangement shall be permitted if approved by the Chief Information Officer of the Commonwealth. However, such acquisitions shall be procured competitively.

Nothing herein shall prohibit the payment by direct or indirect means of any administrative fee that will allow for participation in any such arrangement.

C. As authorized by the United States Congress and consistent with applicable federal regulations, and provided the terms of the contract permit such purchases:

1. Any authority, department, agency, or institution of the Commonwealth may purchase goods and nonprofessional services, other than telecommunications and information technology, from a U.S. General Services Administration contract or a contract awarded by any other agency of the U.S. government, upon approval of the director of the Division of Purchases and Supply of the Department of General Services;

*b. The offer and sale of the security are made only to residents of Virginia;*

*c. The aggregate price of securities in an offering under this exemption does not exceed \$2 million, which sum the Commission, by rule or order, may increase or decrease;*

*d. The total consideration paid by any purchaser of securities in an offering under this exemption does not exceed \$10,000, unless the purchaser is an accredited investor as defined by Rule 501 of the U.S. Securities and Exchange Commission's Regulation D (17 C.F.R. § 230.501). The Commission, by rule or order, may increase or decrease such limit on the total consideration to be paid by any purchaser of securities in an offering under this exemption;*

*e. No compensation is paid to employees, agents, or other persons for the solicitation of, or based on the sale of, securities in connection with an offering of securities under this exemption to any person who is not registered as a broker-dealer or agent, except to the extent permitted by rule or order of the Commission;*

*f. Neither the issuer nor any person related to the issuer is subject to disqualification as established by the Commission by rule or order; and*

*g. The security is sold in an offering conducted in compliance with any conditions established by rule or order of the Commission, which may include:*

*The Commission may assess and collect in connection with any filing pursuant to this exemption a nonrefundable fee in an amount to be set by the Commission by rule or order, provided such amount shall not exceed \$500.*

C. In any proceeding under this chapter, the burden of proving an exemption shall be upon the person claiming it.

**2. That the State Corporation Commission shall report by July 1, 2016, and each year thereafter until 2020, to the Chairmen of the House and Senate Commerce and Labor Committees on the implementation of this act, including (i) any updates on federal action, (ii) the number of filings in the Commonwealth made pursuant to this act, (iii) the mean, median, and total values related to money raised under offerings made pursuant to this act, and (iv) any recommendations for revisions to this act.**

**3. That the provisions of this act shall expire on July 1, 2020.**

A. As used in this section and § 19.2-264.3:1.2, the following definition applies:

"Mentally retarded" means a disability, originating before the age of 18 years, characterized concurrently by (i) significantly subaverage intellectual functioning as demonstrated by performance on a standardized measure of intellectual functioning administered in conformity with accepted professional practice, that is at least two standard deviations below the mean and (ii) significant limitations in adaptive behavior as expressed in conceptual, social and practical adaptive skills.

B. Assessments of mental retardation under this section and § 19.2-264.3:1.2 shall conform to the following requirements:

1. Assessment of intellectual functioning shall include administration of at least one standardized measure generally accepted by the field of psychological testing and appropriate for administration to the particular defendant being assessed, taking into account cultural, linguistic, sensory, motor, behavioral and other individual factors. *All such measures shall be reported as a range of scores calculated by adding and subtracting the standard error of measurement identified by the test publisher to the defendant's earned score.* Testing of intellectual functioning shall be carried out in conformity with accepted professional practice, and whenever indicated, the assessment shall include information from multiple sources. The Commissioner of Behavioral Health and Developmental Services shall maintain an exclusive list of standardized measures of intellectual functioning generally accepted by the field of psychological testing.

2. Assessment of adaptive behavior shall be based on multiple sources of information, including clinical interview, psychological testing and educational, correctional and vocational records. The assessment shall include at least one standardized measure generally accepted by the field of psychological testing for assessing adaptive behavior and appropriate for administration to the particular defendant being assessed, unless not feasible. In reaching a clinical judgment regarding whether the defendant exhibits significant limitations in adaptive behavior, the examiner shall give performance on standardized measures whatever weight is clinically appropriate in light of the defendant's history and characteristics and the context of the assessment.

3. Assessment of developmental origin shall be based on multiple sources of information generally accepted by the field of psychological testing and appropriate for the particular defendant being assessed, including, whenever available, educational, social service, medical records, prior disability assessments, parental or caregiver reports, and other collateral data, recognizing that valid clinical assessment conducted during the defendant's childhood may not have conformed to current practice standards.

C. In any case in which the offense may be punishable by death and is tried before a jury, the issue of mental retardation, if raised by the defendant in accordance with the notice provisions of subsection E of § 19.2-264.3:1.2, shall be determined by the jury as part of the sentencing proceeding required by § 19.2-264.4.

In any case in which the offense may be punishable by death and is tried before a judge, the issue of mental retardation, if raised by the defendant in accordance with the notice provisions of subsection E of § 19.2-264.3:1.2, shall be determined by the judge as part of the sentencing proceeding required by § 19.2-264.4.

The defendant shall bear the burden of proving that he is mentally retarded by a preponderance of the evidence.

D. The verdict of the jury, if the issue of mental retardation is raised, shall be in writing, and, in addition to the forms specified in § 19.2-264.4, shall include one of the following forms:

(1) "We the jury, on the issue joined, having found the defendant guilty of (here set out the statutory language of the offense charged), and that the defendant has proven by a preponderance of the evidence that he is mentally retarded, fix his punishment at (i) imprisonment for life or (ii) imprisonment for life and a fine of \$\_\_\_\_\_.

Signed \_\_\_\_\_ foreman"

or

Signed \_\_\_\_\_ foreman"

**2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. A. In any proceeding before a medical malpractice review panel or in any action against a physician, clinical psychologist, podiatrist, dentist, nurse, hospital or other health care provider to recover damages alleged to have been caused by medical malpractice where the acts or omissions so complained of are alleged to have occurred in this Commonwealth, the standard of care by which the acts or omissions are to be judged shall be that degree of skill and diligence practiced by a reasonably prudent practitioner in the field of practice or specialty in this Commonwealth and the testimony of an expert witness, otherwise qualified, as to such standard of care, shall be admitted; provided, however, that the standard of care in the locality or in similar localities in which the alleged act or omission occurred shall be applied if any party shall prove by a preponderance of the evidence that the health care services and health care facilities available in the locality and the customary practices in such locality or similar localities give rise to a standard of care which is more appropriate than a statewide standard. Any ~~physician or nurse~~ *health care provider* who is licensed to practice in Virginia shall be presumed to know the statewide standard of care in the specialty or field of ~~medicine~~ *practice* in which he is qualified and certified. This presumption shall also apply to any ~~physician~~ *person* who, *but for the lack of a Virginia license, would be defined as a health care provider under this chapter; provided that such person* is licensed in some other state of the United States and meets the educational and examination requirements for licensure in Virginia. ~~This presumption shall also apply to any nurse licensed by a state participating in the Nurse Licensure Compact.~~ An expert witness who is familiar with the statewide standard of care shall not have his testimony excluded on the ground that he does not practice in this Commonwealth. A witness shall be qualified to testify as an expert on the standard of care if he demonstrates expert knowledge of the standards of the defendant's specialty and of what conduct conforms or fails to conform to those standards and if he has had active clinical practice in either the defendant's specialty or a related field of medicine within one year of the date of the alleged act or omission forming the basis of the action.

The provisions of this section shall apply to expert witnesses testifying on the standard of care as it relates to professional services in nursing homes.

B. In any action for damages resulting from medical malpractice, any issue as to the standard of care to be applied shall be determined by the jury, or the court trying the case without a jury.

C. In any action described in this section, each party may designate, identify or call to testify at trial no more than two expert witnesses per medical discipline on any issue presented. The court may permit a party, for good cause shown, to designate, identify, or call to testify at trial additional expert witnesses. The number of treating health care providers who may serve as expert witnesses pursuant to § 8.01-399 shall not be limited pursuant to this subsection, except for good cause shown. If the court permits a party to designate, identify, or call additional experts, the court may order that party to pay all

costs incurred in the discovery of such additional experts. For good cause shown, pursuant to the Rules of Supreme Court of Virginia, the court may limit the number of expert witnesses other than those identified in this subsection whom a party may designate, identify, or call to testify at trial.

The Board shall establish a per diem allowance to cover the cost of such placements. This allowance may be drawn from funds allocated through the state pool of funds to the community policy and management team of the locality where the child resides as such residence is determined by the court. The cost, however, shall not exceed that amount which would be incurred if the services required by the child were provided in a juvenile facility operated by the Department of Juvenile Justice. However, when the court determines after an investigation and a hearing that the child's parent or other person legally obligated to provide support is financially able to contribute to support of the child, the court may order that the parent or other legally obligated person pay, pursuant to § 16.1-290. If the parent or other obligated person willfully fails or refuses to pay such sum, the court may proceed against him for contempt. Alternatively, the court, after reasonable notice to the obligor, may enter an order adjudicating that the obligor is delinquent and such order shall have the effect of a civil judgment when duly docketed in the manner prescribed for the docketing of other judgments for money provided.

B. The court service unit of the locality which made the placement shall be responsible for monitoring and supervising all children placed pursuant to this section. The court shall receive and review, at least semiannually, recommendations concerning the continued care of each child in such placements.

**§ 37.2-408. Regulation of services delivered in group homes and residential facilities for children.**

A. The Department shall assist and cooperate with other state departments in fulfilling their respective licensing and certification responsibilities. The Board shall adopt regulations that shall allow the Department to so assist and cooperate with other state departments. The Board may adopt regulations to enhance cooperation and assistance among agencies licensing similar programs.

B. The Board's regulations shall establish the Department as the single licensing agency, with the exception of educational programs licensed by the Department of Education, for group homes or residential facilities providing mental health, developmental, brain injury, or substance abuse services other than facilities operated or regulated by the Department of Juvenile Justice. C. Pursuant to the procedures set forth in subsection D, the Commissioner may issue a summary order of suspension of the license of a group home or residential facility for children licensed pursuant to the Board's regulations under subsection A, in conjunction with any proceeding for revocation, denial, or other action, when conditions or practices exist in the home or facility that pose an immediate and substantial threat to the health, safety, and welfare of the children who are residents and the Commissioner believes the operation should be suspended during the pendency of such proceeding.

D. The summary order of suspension shall take effect upon its issuance and shall be served on the licensee or its designee as soon as practicable thereafter by personal service and certified mail, return receipt requested, to the address of record of the licensee. The order shall state the time, date, and location of a hearing to determine whether the suspension is appropriate. Such hearing shall be held no later than three business days after the issuance of the summary order of suspension and shall be convened by the Commissioner or his designee.

After such hearing, the Commissioner may issue a final order of summary suspension or may find that such summary suspension is not warranted by the facts and circumstances presented. A final order of summary suspension shall include notice that the licensee may appeal the Commissioner's decision to the appropriate circuit court no later than 10 days following issuance of the order. The sole issue before the court shall be whether the Department had reasonable grounds to require the licensee to cease operations during the pendency of the concurrent revocation, denial, or other proceeding. The concurrent revocation, denial, or other proceeding shall not be affected by the outcome of any hearing on the appropriateness of the summary suspension.

The willful and material failure to comply with the summary order of suspension or final order of summary suspension shall be punishable as a Class 2 misdemeanor. The Commissioner may require the cooperation of any other agency or subdivision of the Commonwealth in the relocation of children who are residents of a home or facility whose license has been summarily suspended pursuant to this section and in any other actions necessary to reduce the risk of further harm to children.

E. In addition to the requirements set forth above, the Board's regulations shall require, as a condition of initial licensure or, if appropriate, license renewal, that the applicant shall: (i) be personally interviewed by Department personnel

to determine the qualifications of the owner or operator before granting an initial license; (ii) provide evidence of having relevant prior experience before any initial license is granted; (iii) provide, as a condition of initial license or renewal licensure, evidence of staff participation in training on appropriate siting of the residential facilities for children, good neighbor policies, and community relations; and (iv) be required to screen children prior to admission to exclude children with behavioral issues, such as histories of violence, that cannot be managed in the relevant residential facility.

2. Post on the Department's website information concerning the application for initial licensure of or renewal, denial, or provisional licensure of any residential facility for children located in the locality;

3. Require all licensees to self-report lawsuits against or settlements with residential facility operators relating to the health and safety or human rights of residents and any criminal charges that may have been made relating to the health and safety or human rights of children receiving services;

4. Require proof of contractual agreements or staff expertise to provide educational services, counseling services, psychological services, medical services, or any other services needed to serve the children receiving services in accordance with the facility's operational plan;

5. Modify the term of the license at any time during the term of the license based on a change in compliance; and

6. Disseminate to local governments, or post on the Department's website, an accurate (updated weekly or monthly as necessary) list of licensed and operating group homes and other residential facilities for children by locality with information on services and identification of the lead licensure agency.

**§ 63.2-226. Duties of Department.**

Pursuant to the procedures set forth in subsection E and in addition to the authority for other disciplinary actions provided in this title, the Commissioner may issue a summary order of suspension of the license of any group home or residential facility for children, in conjunction with any proceeding for revocation, denial, or other action, when conditions or practices exist in the home or facility that pose an immediate and substantial threat to the health, safety, and welfare of the children who are residents and the Commissioner believes the operation of the home or facility should be suspended during the pendency of such proceeding.

E. The summary order of suspension shall take effect upon its issuance and shall be served on the licensee or its designee as soon as practicable thereafter by personal service and certified mail, return receipt requested, to the address of record of the licensee. The order shall state the time, date, and location of a hearing to determine whether the suspension is appropriate. Such hearing shall be held no later than three business days after the issuance of the summary order of suspension and shall be convened by the Commissioner or his designee.

After such hearing, the Commissioner may issue a final order of summary suspension or may find that such summary suspension is not warranted by the facts and circumstances presented. A final order of summary suspension shall include notice that the licensee may appeal the Commissioner's decision to the appropriate circuit court no later than 10 days following issuance of the order. The sole issue before the court shall be whether the Commissioner had reasonable grounds to require the licensee to cease operations during the pendency of the concurrent revocation, denial, or other proceeding. The concurrent revocation, denial, or other proceeding shall not be affected by the outcome of any hearing on the appropriateness of the summary suspension.

The willful and material failure to comply with the summary order of suspension or final order of summary suspension shall be punishable as a Class 2 misdemeanor. The Commissioner may require the cooperation of any other agency or subdivision of the Commonwealth in the relocation of children who are residents of a home or facility whose license has been summarily suspended pursuant to this section and in any other actions necessary to reduce the risk of further harm to such residents.

F. In addition to the requirements set forth in subsection B, the Board's regulations shall require, as a condition of initial licensure or, if appropriate, license renewal, that the applicant shall: (i) be personally interviewed by Department personnel to determine the qualifications of the owner or operator before granting an initial license; (ii) provide evidence of having relevant prior experience before any initial license is granted; (iii) provide, as a condition of initial license or renewal licensure, evidence of staff participation in training on appropriate siting of the residential facilities for children, good neighbor policies, community relations, and shaken baby syndrome and its effects; and (iv) be required to screen residents prior to admission to exclude individuals with behavioral issues, such as histories of violence, that cannot be managed in the relevant residential facility.

G. In addition, the Department shall:

1. Notify relevant local governments and placing and funding agencies, including the Office of Comprehensive Children's Services, of multiple health and safety or human rights violations in residential facilities for which the Department serves as lead licensure agency when such violations result in the lowering of the licensure status of the facility to provisional;

2. Post on the Department's website information concerning the application for initial licensure of or renewal, denial, or provisional licensure of any residential facility for children located in the locality;

3. Require all licensees to self-report lawsuits against or settlements with residential facility operators relating to the health and safety or human rights of residents and any criminal charges that may have been made relating to the health and safety or human rights of residents;

4. Require proof of contractual agreements or staff expertise to provide educational services, counseling services, psychological services, medical services, or any other services needed to serve the residents in accordance with the facility's operational plan;

5. Disseminate to local governments, or post on the Department's website, an accurate (updated weekly or monthly as necessary) list of licensed and operating group homes and other residential facilities for children by locality with information on services and identification of the lead licensure agency; and

6. Modify the term of the license at any time during the term of the license based on a change in compliance.

**§ 66-24. Community group homes and other residential facilities for certain juveniles; licensure; personnel; summary suspension under certain circumstances; penalty.**

A. The Department of Juvenile Justice shall cooperate with other state departments in fulfilling their respective licensing and certification responsibilities of children's residential facilities. The Board shall promulgate regulations that

shall allow the Department to so assist and cooperate with other state departments. The Board's regulations shall establish the Department as the single licensing agency, with the exception of educational programs licensed by the Department of Education, for group homes or residential facilities providing care of juveniles in direct state care.

B. The Department is authorized to establish and maintain such a system of community group homes or other residential care facilities as the Department may from time to time acquire, construct, contract for or rent for the care of juveniles in direct state care, pending development of more permanent placement plans. Any community group home or other residential care facility that the Department may contract for or rent for the care of juveniles in direct state care shall be licensed or certified in accordance with the regulations of the Board.

Any more permanent placement plans shall consider adequate care and treatment, and suitable education, training and employment for such juveniles, as is appropriate.

C. The Department is further authorized to employ necessary personnel for community group homes or other residential care facilities or to contract with private entities for their operation. The Department shall conduct background checks of any individual who (i) accepts a position of employment at a community group home or other residential care facility, (ii) volunteers at a community group home or other residential care facility on a regular basis and will be alone with a juvenile in the performance of his duties, or (iii) provides contractual services directly to a juvenile in a community group home or other residential care facility on a regular basis and will be alone with a juvenile in the performance of his duties, pursuant to § 63.2-1726.

D. The Board shall promulgate regulations for licensure or certification of community group homes or other residential care facilities that contract with or are rented for the care of juveniles in direct state care pursuant to subsection B.

The Board's regulations shall address the services required to be provided in such facilities as it may deem appropriate to ensure the welfare and safety of the juveniles. In addition, the Board's regulations shall include, but need not be limited to (i) specifications for the structure and accommodations of such facilities according to the needs of the juveniles to be placed in the home or facility; (ii) rules concerning allowable activities, local government- and group home- or residential care facility-imposed curfews, and study, recreational, and bedtime hours; and (iii) a requirement that each home or facility have a community liaison who shall be responsible for facilitating cooperative relationships with the neighbors, the school system, local law enforcement, local government officials, and the community at large.

E. Pursuant to the procedures set forth in subsection F and in addition to any other legally authorized disciplinary actions, the Director may issue a summary order of suspension of the license or certificate of any group home or residential facility so regulated by the Department, in conjunction with any proceeding for revocation, denial, or other action, when conditions or practices exist in the home or facility that pose an immediate and substantial threat to the health, safety, and welfare of the juveniles who are residents and the Director believes the operation of the home or facility should be suspended during the pendency of such proceeding.

F. The summary order of suspension shall take effect upon its issuance and shall be served on the licensee or certificate holder or its designee as soon as practicable thereafter by personal service and certified mail, return receipt requested, to the address of record of the licensee or certificate holder. The order shall state the time, date, and location of a hearing to determine whether the suspension is appropriate. Such hearing shall be held no later than three business days after the issuance of the summary order of suspension and shall be convened by the Director or his designee.

After such hearing, the Director may issue a final order of summary suspension or may find that such summary suspension is not warranted by the facts and circumstances presented. A final order of summary suspension shall include notice that the licensee or certificate holder may appeal the Director's decision to the appropriate circuit court no later than 10 days following issuance of the order. The sole issue before the court shall be whether the Director had reasonable grounds to require the licensee to cease operations during the pendency of the concurrent revocation, denial, or other proceeding. The concurrent revocation, denial, or other proceeding shall not be affected by the outcome of any hearing on the appropriateness of the summary suspension.

The willful and material failure to comply with the summary order of suspension or final order of summary suspension shall be punishable as a Class 2 misdemeanor. The Director may require the cooperation of any other agency or subdivision of the Commonwealth in the relocation of the juveniles who are residents of a home or facility whose license or certificate has been summarily suspended pursuant to this section and in any other actions necessary to reduce the risk of further harm to such residents.

G. In addition to the requirements set forth above, the Board's regulations shall require, as a condition of initial licensure or, if appropriate, license renewal, that the applicant shall: (i) be personally interviewed by Department personnel to determine the qualifications of the owner or operator before granting an initial license; (ii) provide evidence of having relevant prior experience before any initial license is granted; (iii) provide, as a condition of initial license or renewal licensure, evidence of staff participation in training on appropriate siting of the residential facilities for children, good neighbor policies, and community relations; and (iv) be required to screen residents prior to admission to exclude individuals with behavioral issues, such as histories of violence, that cannot be managed in the relevant residential facility.

H. In addition, the Department shall:

1. Notify relevant local governments and placing and funding agencies, including the Office of Comprehensive Children's Services, of multiple health and safety or human rights violations in residential facilities licensed by the Department when such violations result in the lowering of the licensure or certification status of the facility to provisional;

2. Post on the Department's website information concerning the application for initial licensure or certification of or renewal, denial, or provisional licensure or certification of any residential facility for children located in the locality;
3. Require all licensees or certificate holders to self-report lawsuits against or settlements with residential facility operators relating to the health and safety or human rights of residents and any criminal charges that may have been made relating to the health and safety or human rights of residents;
4. Require proof of contractual agreements or staff expertise to provide educational services, counseling services, psychological services, medical services, or any other services needed to serve the residents in accordance with the facility's operational plan;
5. Modify the term of the license or certificate at any time during the term of the license or certificate based on a change in compliance; and
6. Disseminate to local governments, or post on the Department's website, an accurate (updated weekly or monthly as necessary) list of licensed and operating group homes and other residential facilities for children by locality with information on services and identification of the lead licensure agency.

~~4. There shall be a statewide school division called the Opportunity Educational Institution to carry out the purposes set forth in Chapter 4.1 (§ 22.1-27.1 et seq.).~~

3. The potential of the proposed school division to promote efficiency in the use of school facilities and school personnel and economy in operation.
4. Anticipated increase or decrease in the number of children of school age in the proposed school division.
5. Geographical area and topographical features as they relate to existing or available transportation facilities designed to render reasonable access by pupils to existing or contemplated school facilities.
6. The ability of each existing school division to meet the standards of quality with its own resources and facilities or in cooperation with another school division or divisions if arrangements for such cooperation have been made.

D. Consistent with the authority of the Board pursuant to Article VIII, Section 5 of the Constitution of Virginia to designate school divisions in the Commonwealth of such geographic size and school-age population as will best promote the realization of the standards of quality, local school boards may submit proposals for the consolidation of school divisions to the Board of Education. Prior to the submission of a consolidation proposal, the submitting school board shall give notice to the public and shall conduct one or more public hearings.

School divisions submitting proposals for consolidation shall include such information and data as may be necessary to support their proposal, including (i) the criteria set forth in subsection C; (ii) evidence of the cost savings to be realized by such consolidation; (iii) a plan for the transfer of title to school board property to the resulting combined school board governing the consolidated division; (iv) procedures and a schedule for the proposed consolidation, including completion of current division superintendent and school board member terms; (v) a plan for proportional school board representation of the localities comprising the new school division, including details regarding the appointment or election processes currently ensuring such representation and other information as may be necessary to evidence compliance with federal and state laws governing voting rights; and (vi) evidence of local support for the proposed consolidation.

For five years following completion of such consolidation, the computation of the state and local share for an educational program meeting the standards of quality for school divisions resulting from consolidations approved pursuant to this subsection shall be the lower composite index of local ability-to-pay of the applicant school divisions, as provided in the appropriation act.

**§ 58.1-3713. (Expires December 31, 2015) Local gas road improvement and Virginia Coalfield Economic Development Authority tax.**

A. In addition to the taxes authorized under § 58.1-3712, any county or city may adopt a license tax on every person engaging in the business of severing gases from the earth. The rate of such tax shall not exceed one percent. The provisions of § 58.1-3712 as they relate to measurement of gross receipts, filing of reports and record keeping shall be applicable to the tax imposed under this section.

The moneys collected for each county or city from the taxes imposed under authority of this section and subsection B of § 58.1-3741 shall be paid into a special fund of such county or city to be called the Coal and Gas Road Improvement Fund of such county or city, and shall be spent for such improvements to public roads as the coal and gas road improvement advisory committee and the governing body of such county or city may determine as provided in subsection B of this section. The county may also, in its discretion, elect to improve city or town roads with its funds if consent of the city or town council is obtained. Such funds shall be in addition to those allocated to such counties from state highway funds which allocations shall not be reduced as a result of any revenues received from the tax imposed hereunder. In those localities that comprise the Virginia Coalfield Economic Development Authority, the tax imposed under this section or subsection B of § 58.1-3741 shall be paid as follows: (i) three-fourths of the revenue shall be paid to the Coal and Gas Road Improvement

Notwithstanding the foregoing limitations regarding revenues used for water systems, sewer systems, or natural gas systems, such revenues designated for water and water systems, sewer systems, or natural gas systems shall be distributed directly to the local public service authority for such purposes instead of the local governing body. Funds in the Coal and Gas Road Improvement Fund used to construct, repair, or enhance natural gas service lines or systems shall not exceed one-fourth of the revenue paid to the Coal and Gas Road Improvement Fund collected from the severance tax imposed upon the severance of natural gas pursuant to this section and may be so used only upon passage of a local ordinance or resolution of the governing body of the applicable county or city providing for the same.

B. Any county or city imposing the tax authorized in this section or in subsection B of § 58.1-3741 shall establish a Coal and Gas Road Improvement Advisory Committee, to be composed of four members: (i) a member of the governing body of such county or city, appointed by the governing body, (ii) a representative of the Department of Transportation, and (iii) two citizens of such county or city connected with the coal and gas industry, appointed for a term of four years, initially commencing July 1, 1989, by the chief judge of the circuit court.

Such an ordinance shall include but not be limited to the following:

1. The kinds of ~~distributed generation~~ renewable energy ~~sources or energy production and distribution facilities,~~ *energy usage efficiency improvements, or water usage efficiency improvements* for which loans may be offered;

2. The proposed arrangement for such loan program, including (i) a statement concerning the source of funding that will be used to pay for work performed pursuant to the contracts; (ii) the interest rate and time period during which contracting property owners would repay the loan; and (iii) the method of apportioning all or any portion of the costs incidental to financing, administration, and collection of the arrangement among the consenting property owners and the locality;

Priority shall be given to those requests from property owners who meet established income or assessed property value eligibility requirements;

5. Identification of a local official authorized to enter into contracts on behalf of the locality. *A locality may contract with a third party for professional services to administer such loan program;*

The locality may not combine its billings for loan payments required by a contract authorized pursuant to this section with billings of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.), unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance.

C. The locality shall offer private lending institutions the opportunity to participate in local loan programs established pursuant to this section.

D. The locality may bundle or package said loans for transfer to private lenders in such a manner that would allow the *voluntary special assessment* liens to remain in full force to secure the loans.

1. *Shall have the same priority status as a property tax lien against real property, except that such voluntary special assessment lien shall have priority over any previously recorded mortgage or deed of trust lien only if (i) a written subordination agreement, in a form and substance acceptable to each prior lienholder in its sole and exclusive discretion, is executed by the holder of each mortgage or deed of trust lien on the property and recorded with the special assessment lien in the land records where the property is located, and (ii) evidence that the property owner is current on payments on loans secured by a mortgage or deed of trust lien on the property and on property tax payments, that the property owner is not insolvent or in bankruptcy proceedings, and that the title of the benefitted property is not in dispute is submitted to the locality prior to recording of the special assessment lien;*

4. *May incur interest and penalties for delinquent installments of the assessment in the same manner as delinquent property taxes.*

In developing the guidelines, DMME shall incorporate input from representatives of the Virginia Bankers Association, the Virginia Energy Efficiency Council, the Virginia Association of Realtors, the Virginia Municipal League, the Virginia Association of Counties, and the Virginia Association for Commercial Real Estate. The guidelines shall require an evaluation of each of the following criteria: the loan to value ratio, the voluntary special assessment to assessed value ratio, the savings to investment ratio, the requirement for energy assessments, and any provision addressing the disclosure of voluntary special assessments to a subsequent owner of the property. [H 1474]

Approved March 23, 2015

**1. That § 16.1-284.1 of the Code of Virginia is amended and reenacted as follows:**

**§ 16.1-284.1. Placement in secure local facility.**

A. If a juvenile 14 years of age or older is found to have committed an offense which if committed by an adult would be punishable by confinement in a state or local correctional facility as defined in § 53.1-1, and the court determines (i) that the juvenile has not previously been and is not currently adjudicated delinquent of a violent juvenile felony or found guilty of a violent juvenile felony, (ii) that the juvenile has not been released from the custody of the Department within the previous 18 months, (iii) that the interests of the juvenile and the community require that the juvenile be placed under legal restraint or discipline, and (iv) that other placements authorized by this title will not serve the best interests of the juvenile, then the court may order the juvenile confined in a detention home or other secure facility for juveniles for a period not to exceed six months from the date the order is entered, for a single offense or multiple offenses. *However, if the single offense or multiple offenses, which if committed by an adult would be punishable as a felony or a Class 1 misdemeanor, caused the death of any person, then the court may order the juvenile confined in a detention home or other secure facility for juveniles for a period not to exceed 12 months from the date the order is entered.*

The period of confinement ordered may exceed 30 calendar days if the juvenile has had an assessment completed by the secure facility to which he is ordered concerning the appropriateness of the placement.

B. If the period of confinement in a detention home or other secure facility for juveniles is to exceed 30 calendar days, and the juvenile is eligible for commitment pursuant to subdivision A 14 of § 16.1-278.8, then the court shall order the juvenile committed to the Department, but suspend such commitment. In suspending the commitment to the Department as

provided for in this subsection, the court shall specify conditions for the juvenile's satisfactory completion of one or more community or facility based treatment programs as may be appropriate for the juvenile's rehabilitation.

C. During any period of confinement which exceeds 30 calendar days ordered pursuant to this section, the court shall conduct a mandatory review hearing at least once during each 30 days and at such other times upon the request of the juvenile's probation officer, for good cause shown. If it appears at such hearing that the purpose of the order of confinement has been achieved, the juvenile shall be released on probation for such period and under such conditions as the court may specify and remain subject to the order suspending commitment to the State Department of Juvenile Justice. If the juvenile's commitment to the Department has been suspended as provided in subsection B of this section, and if the court determines at the first or any subsequent review hearing that the juvenile is consistently failing to comply with the conditions specified by the court or the policies and program requirements of the facility, then the court shall order that the juvenile be committed to the State Department of Juvenile Justice. If the court determines at the first or any subsequent review hearing that the juvenile is not actively involved in any community facility based treatment program through no fault of his own, then the court shall order that the juvenile be released under such conditions as the court may specify subject to the suspended commitment.

C1. The appearance of the juvenile before the court for a hearing pursuant to subsection C may be by (i) personal appearance before the judge or (ii) use of two-way electronic video and audio communication. If two-way electronic video and audio communication is used, a judge may exercise all powers conferred by law and all communications and proceedings shall be conducted in the same manner as if the appearance were in person, and any documents filed may be transmitted by facsimile process. A facsimile may be served or executed by the officer or person to whom sent, and returned in the same manner, and with the same force, effect, authority, and liability as an original document. All signatures thereon shall be treated as original signatures. Any two-way electronic video and audio communication system used for an appearance shall meet the standards as set forth in subsection B of § 19.2-3.1.

D. A juvenile may only be ordered confined pursuant to this section to a facility in compliance with standards established by the State Board for such placements. Standards for these facilities shall require juveniles placed pursuant to this section for a period which exceeds 30 calendar days be provided separate services for their rehabilitation, consistent with the intent of this section.

E. The Department of Juvenile Justice shall assist the localities or combinations thereof in implementing this section consistent with the statewide plan required by § 16.1-309.4 and pursuant to standards promulgated by the State Board, in order to ensure the availability and reasonable access of each court to the facilities the use of which is authorized by this section.

## CHAPTER 394

*An Act to amend and reenact §§ 55-225.8 and 55-248.5 of the Code of Virginia, relating to landlord and tenant laws; applicability to campgrounds.*

[H 1739]

Approved March 23, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 55-225.8 and 55-248.5 of the Code of Virginia are amended and reenacted as follows:**

**§ 55-225.8. Residential dwelling units subject to this chapter; definitions; exceptions; application to certain occupants.**

A. As used in this chapter, the following definitions apply:

"Authorized occupant" means a person entitled to occupy a dwelling unit with the consent of the landlord, but who has not signed the rental agreement and therefore does not have the financial obligations as a tenant under the rental agreement.

"Dwelling unit" or "residential dwelling unit" means a single-family residence where one or more persons maintain a household, including a manufactured home. Dwelling unit or residential dwelling unit shall not include:

1. Residence at a public or private institution, if incidental to detention or the provision of medical, geriatric, educational, counseling, religious, or similar services;

2. Occupancy by a member of a fraternal or social organization in the portion of a structure operated for the benefit of the organization;

3. Occupancy in a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar lodging as provided in subsection B;

4. Occupancy by an owner of a condominium unit or a holder of a proprietary lease in a cooperative; ~~and~~

5. Occupancy under a rental agreement covering premises used by the occupant primarily in connection with business, commercial, or agricultural purposes; *and*

6. *Occupancy in a campground as defined in § 35.1-1.*

"Guest or invitee" means a person, other than the tenant or person authorized by the landlord to occupy the dwelling unit, who has the permission of the tenant to visit but not to occupy the premises.

"Interior of the dwelling unit" means the inside of the dwelling unit, consisting of interior walls, floor, and ceiling, that enclose the dwelling unit as conditioned space from the outside air.

"Landlord" means the owner or lessor of the dwelling unit or the building of which such dwelling unit is a part. "Landlord" also includes a managing agent of the premises who fails to disclose the name of such owner, lessor, or sublessor. Such managing agent shall be subject to the provisions of § 16.1-88.03.

"Managing agent" means a person authorized by the landlord to act on behalf of the landlord under an agreement.

"Mold remediation in accordance with professional standards" means mold remediation of that portion of the dwelling unit or premises affected by mold, or any personal property of the tenant affected by mold, performed consistent with guidance documents published by the United States Environmental Protection Agency, the U.S. Department of Housing and Urban Development, the American Conference of Governmental Industrial Hygienists (the Bioaerosols Manual), Standard Reference Guides of the Institute of Inspection, Cleaning and Restoration for Water Damage Restoration and Professional Mold Remediation, or any protocol for mold remediation prepared by an industrial hygienist consistent with said guidance documents.

"Notice" means notice given in writing by either regular mail or hand delivery, with the sender retaining sufficient proof of having given such notice, which may be either a United States postal certificate of mailing or a certificate of service confirming such mailing prepared by the sender. However, a person shall be deemed to have notice of a fact if he has actual knowledge of it, he has received a verbal notice of it, or from all of the facts and circumstances known to him at the time in question, he has reason to know it exists. A person "notifies" or "gives" a notice or notification to another by taking steps

reasonably calculated to inform another person whether or not the other person actually comes to know of it. If notice is given that is not in writing, the person giving the notice has the burden of proof to show that the notice was given to the recipient of the notice.

"Readily accessible" means areas within the interior of the dwelling unit available for observation at the time of the move-in inspection that do not require removal of materials, personal property, equipment, or similar items.

"Tenant" means a person entitled only under the terms of a rental agreement to occupy a dwelling unit to the exclusion of others. Tenant shall not include (i) an authorized occupant, (ii) a guest or invitee, or (iii) any person who guarantees or cosigns the payment of the financial obligations of a rental agreement but has no right to occupy a dwelling unit.

"Visible evidence of mold" means the existence of mold in the dwelling unit that is visible to the naked eye by the landlord or tenant in areas within the interior of the dwelling unit readily accessible at the time of the move-in inspection.

For any term not expressly defined herein, terms shall have the same meaning as those defined in § 55-248.4.

B. No guest who is an occupant in a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar lodging shall be construed to be a tenant living in a dwelling unit as defined in this section if such person does not reside in such lodging as his primary residence. Such guest shall be exempt from this chapter and the innkeeper or property owner, or agent thereof, shall have the right to use self-help eviction under Virginia law, without the necessity of the filing of an unlawful detainer action in a court of competent jurisdiction and the execution of a writ of possession issued pursuant thereto, which would otherwise be required under this chapter. For purposes of this chapter, a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar transient lodging shall be exempt from the provisions of this chapter if overnight sleeping accommodations are furnished to a person for consideration if such person does not reside in such lodging as his primary residence.

C. If a person resides in a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar transient lodging as his primary residence for fewer than 90 consecutive days, such lodging shall not be subject to the provisions of this chapter. However, the owner of such lodging establishment shall give a five-day written notice of nonpayment to a person residing in such lodging and, upon the expiration of the five-day period specified in the notice, may exercise self-help eviction if payment in full has not been received.

D. If a person resides in a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar transient lodging as his primary residence for more than 90 consecutive days or is subject to a written lease for more than 90 days, such lodging shall be treated as a dwelling unit and be subject to the provisions of this chapter.

11. *Occupancy in a campground as defined in § 35.1-1.*

B. A guest who is an occupant in a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar lodging shall not be construed to be a tenant living in a dwelling unit if such person does not reside in such lodging as his primary residence. Such guest shall be exempt from this chapter and the innkeeper or property owner, or agent thereof, shall have the right to use self-help eviction under Virginia law, without the necessity of the filing of an unlawful detainer action in a court of competent jurisdiction and the execution of a writ of possession issued pursuant thereto, which would otherwise be required under this chapter. For purposes of this chapter, a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar transient lodging shall be exempt from the provisions of this chapter if overnight sleeping accommodations are furnished to a person for consideration if such person does not reside in such lodging as his primary residence.

C. If a person resides in a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar transient lodging as his primary residence for fewer than 90 consecutive days, such lodging shall not be subject to the provisions of this chapter. However, the owner of such lodging establishment shall give a five-day written notice of

nonpayment to a person residing in such lodging and, upon the expiration of the five-day period specified in the notice, may exercise self-help eviction if payment in full has not been received.

D. If a person resides in a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar transient lodging as their primary residence for more than 90 consecutive days or is subject to a written lease for more than 90 days, such lodging shall be subject to the provisions of this chapter.

E. Notwithstanding the provisions of subsection A, the landlord may specifically provide for the applicability of the provisions of this chapter in the rental agreement.

**§ 45.1-361.22:2. Release of funds held in escrow or suspense because of conflicting claims to coalbed methane gas.**

A. For a coalbed methane gas well that was force-pooled prior to July 1, 2015, the coalbed methane gas well operator shall, on or before January 1, 2016, apply to the Board for the release of the funds in escrow and give written notice of such application to all conflicting claimants identified in the pooling orders, or to the successors of such claimants where the successors are known to the coalbed methane gas well operator or have identified themselves to the coalbed methane gas well operator or the Board. Such notice shall be in accordance with the applicable provisions of § 45.1-361.19 and, if unknown persons or unlocatable conflicting claimants are subject to escrow, such notice shall also be published in a newspaper of general circulation in the county or counties where the drilling unit is located once each week for four successive weeks. The application shall include a detailed accounting in accordance with subdivision 5 of § 45.1-361.22. The Board shall order payment of the principal and accrued interest, less escrow account fees, held in escrow, along with all future royalties attributable to the drilling unit, to each gas claimant identified in the pooling order unless, within 45 days of the coalbed methane gas well operator's notice of its application, the coal claimant provides the Board and the coalbed methane gas well operator with evidence of a proceeding or agreement. The Board, pursuant to its authority granted by § 45.1-361.15, may extend the time for filing the application and delay the payment of funds for gas title conflicts, the existence of unknown gas claimants, the existence of unlocatable gas claimants, unresolved gas heirship issues, or other reasons beyond the reasonable control of the coalbed methane gas well operator and shall not order payment where the gas claimant fails to provide the Board with information needed under applicable law or regulation to distribute the funds.

B. For a coalbed methane gas well force-pooled on or after July 1, 2015, the Board, in its pooling order, shall direct the coalbed methane gas well operator to pay royalties to the gas claimant unless the coal claimant provides the coalbed methane gas well operator and the Board with evidence of a proceeding or agreement not later than the time and place of

*the pooling hearing. The coalbed methane gas well operator shall provide written notice of the hearing to the gas claimants and coal claimants in accordance with § 45.1-361.19. However, the Board, pursuant to its authority granted by § 45.1-361.15, shall not order the coalbed methane gas well operator to make payment to a gas claimant where there are gas title conflicts, unknown gas claimants, unlocatable gas claimants, unresolved gas heirship issues, or other reasons beyond the reasonable control of the coalbed methane gas well operator or where the gas claimant fails to provide the coalbed methane gas well operator with the information required under applicable law or regulation to pay royalties. In such cases, the coalbed methane gas well operator shall provide each affected gas claimant and the Board with written notice of the same in accordance with the applicable provisions of § 45.1-361.19. Where payment is not required to be made due to the gas claimant's failure to provide needed information under applicable law or regulation, the notice shall identify the information that is needed to enable the payment to be made.*

*C. For a coalbed methane gas well voluntarily pooled at any time, the coalbed methane gas well operator shall pay royalties, including past royalties held, to each gas claimant unless, within 45 days of the coalbed methane gas well operator's provision of written notice to the coal claimant that the operator will be paying royalties to the gas claimants, the coal claimant provides the coalbed methane gas well operator and each gas claimant with evidence of a proceeding or agreement. For units voluntarily pooled before July 1, 2015, the coalbed methane gas well operator shall provide such written notice to the gas claimants and coal claimants on or before January 1, 2016. For units voluntarily pooled on or after July 1, 2015, the coalbed methane gas well operator shall provide such written notice to the gas claimants and coal claimants not later than 45 days after production commences. However, the coalbed methane gas well operator shall not be required to make payment to a gas claimant where there are gas title conflicts, unknown gas claimants, unlocatable gas claimants, unresolved gas heirship issues, or other reasons beyond the reasonable control of the coalbed methane gas well operator or where the gas claimant fails to provide the coalbed methane gas well operator with information to process or pay royalties. In such cases, the coalbed methane gas well operator shall provide each affected gas claimant with written notice of the same. Where payment is not required to be made due to a gas claimant's failure to provide needed information, the notice shall identify the information that is needed to enable the payment to be made.*

*D. Any pending judicial or arbitration proceeding shall be pursued by the coal claimant with diligence and shall not be voluntarily dismissed or nonsuited without the consent of the gas claimant. No default judgment shall be entered against a gas claimant. Royalties shall be paid as determined by the final order in the proceeding. A prevailing gas claimant shall be entitled to recover from that coal claimant reasonable costs and attorney fees if such person substantially prevails on the merits of the case and the coal claimant's position is not substantially justified.*

*E. A coalbed methane gas well operator paying funds to a gas claimant in accordance with this section shall have no liability to a coal claimant for the payments made by the coalbed methane gas well operator to a gas claimant.*

*F. This section shall not operate to extinguish any other right or cause of action or defenses thereto that may exist including, but not limited to, claims for an accounting or a claim under § 8.01-31. Nothing in this section shall create, confer, or impose a fiduciary duty.*

The Commission shall undertake studies and gather information and data in order to determine: (i) the economic consequences of the reduction in or elimination of quota for tobacco growers; (ii) the potential for alternative cash crops; and (iii) any other matters the Commission believes will affect tobacco growers in the Commonwealth.

C. *The Commission shall at least biennially develop a strategic plan containing specific priorities, measureable goals, and quantifiable outcomes. In developing the Strategic Plan, the Commission shall solicit input from local and regional economic developers, the Virginia Department of Agriculture and Consumer Services, the Virginia Economic Development Partnership, the Virginia Department of Housing and Community Development, the Virginia Tourism Authority, the Virginia Resources Authority, and the Center for Rural Virginia. The Strategic Plan shall state how each Fund award is consistent with the Commission's achievement of measurable goals and outcomes and its advancement of the specific priorities of the Strategic Plan. The Strategic Plan shall also state how awards from the Fund are projected to affect key economic indicators of employment, income, educational attainment, amount of Virginia-grown agricultural and forestal products used by the project, and return on investment.*

D. *The Commission shall develop a publicly available online database of all Commission awards, listing for each project the project's goals, the means by which the project fits into the Strategic Plan, the project's expected and achieved outcomes, and the total amount of funding the Commission has awarded to the project through any prior grants.*

E. The Commission shall submit a report annually to the Governor and the General Assembly.

**§ 3.2-3104. Tobacco Indemnification and Community Revitalization Endowment.**

A. There is hereby established in the state treasury a special fund to be designated the "Tobacco Indemnification and Community Revitalization Endowment." The Endowment shall receive any proceeds from any sale of all or any portion of the Commission Allocation, and any gifts, grants and contributions that are specifically designated for inclusion in such Endowment. No part of the Endowment, neither corpus nor income, or interest thereon, shall revert to the general fund of the state treasury. The Endowment shall be under the management and control of the Treasury Board, and the Treasury

Board shall have such powers and authority as may be necessary to exercise such management and control consistent with the provisions of this section. The income of the Endowment shall be paid out, not less than annually, to the Fund. In addition, up to ~~40~~ six percent of the corpus of the Endowment shall be paid to the Fund annually upon request of the Commission, *by majority vote*, to the Treasury Board. Upon two-thirds vote of the Commission, up to ~~45~~ 10 percent of the corpus of the Endowment shall be so paid. *Upon three-fourths vote of the Commission, up to 15 percent of the corpus of the Endowment shall be so paid.* No use of proceeds shall be made that would cause bonds issued on a tax-exempt basis to be deemed taxable. For purposes of this section, "income" of the Endowment means at the time of determination the lesser of the available cash in, or the realized investment income for the applicable period of, the Endowment, and "corpus" of the Endowment means at the time of determination the sum of the proceeds from the sale of all or any portion of the Commission Allocation, any gifts, grants, and contributions that have been credited to such Endowment, and any income not appropriated and withdrawn from the Endowment prior to June 30 of each year, less withdrawals from the corpus. Determinations by the Treasury Board, or the State Treasurer on behalf of the Treasury Board, as to the amount of income or the amount of the corpus shall be conclusive.

B. The Treasury Board shall serve as trustee of the Endowment and the corpus and income of the Endowment shall be withdrawn and credited to the Fund by order of the Treasury Board as provided in subsection A. The State Treasurer shall be custodian of the funds credited to the Endowment. The Treasury Board shall have full power to invest and reinvest funds credited to the Endowment in accordance with the provisions of the Uniform Prudent Management of Institutional Funds Act (§ 64.2-1100 et seq.) and, in addition, as otherwise provided by law. The Treasury Board may borrow money in such amounts as may be necessary whenever in its judgment it would be more advantageous to borrow money than to sell securities held for the Fund. Any debt so incurred may be evidenced by notes duly authorized by resolution of the Treasury Board, such notes to be retired no later than the end of the biennium in which such debt is incurred. The Treasury Board may commingle, for purposes of investment, the corpus of the Endowment provided that it shall appropriately account for the investments credited to the Endowment. The Treasury Board may hire independent investment advisors and managers as it deems appropriate to assist with investing the Endowment. The expenses of making and disposing of investments, such as brokerage commissions, legal expenses related to a particular transaction, investment advisory and management fees and expenses, transfer taxes, and other customary transactional expenses shall be payable out of the income of the Endowment.

Not less than annually and more frequently if so desired by the Commission or requested by the Treasury Board, the Commission shall provide to the Treasury Board schedules of anticipated disbursements from the Fund for the current and succeeding fiscal year, and the Treasury Board shall, to the extent practicable, take into account such schedules and changes thereto in scheduling maturities and redemptions of its investments of the Endowment.

### § 3.2-3108. Distribution of Fund.

A. The Fund shall be distributed by the Commission for the following purposes:

1. ~~The compensation of Virginia tobacco farmers for the decline or elimination of the tobacco quota based on averaging the basic burley and flue-cured quota as allocated by the USDA for the crop years 1995 through 1998.~~

~~To the extent quota holders in Virginia are not otherwise compensated by a national tobacco community trust fund or a federal tobacco loss assistance program that is based on substantially the same distribution criteria established by the Commission for indemnification payments and to the extent moneys are available in the Fund, the Fund shall be used to compensate quota holders in an amount equal to the total lost asset value in quota incurred annually by such quota holders.~~

~~To the extent active tobacco producers in Virginia are not otherwise compensated by a national tobacco community trust fund or a federal tobacco loss assistance program that is based on substantially the same distribution criteria established by the Commission for indemnification payments and to the extent moneys are available in the Fund, the Fund shall be used to compensate active tobacco producers for the economic loss resulting from any annual quota reduction.~~

~~For the purposes of this section, the total asset loss value in quota and economic losses for tobacco farmers in Virginia shall be estimated to be \$1.2 billion.~~

~~The Commission may establish criteria for determining economic loss resulting from any annual quota reduction, including any similar criteria established pursuant to the creation of a national tobacco community trust fund;~~

~~2. The stimulation of economic growth and development in tobacco-dependent communities in an equitable manner throughout the ~~southside~~ Southside and ~~southwest~~ Southwest regions of the Commonwealth, to assist such communities in reducing their dependency on, or finding alternative uses for, tobacco and tobacco-related business; and~~

~~3. 2. Scientific research performed at one of the Commonwealth's National Cancer Institute-designated research institutes designed to advance the treatment and prevention of cancers that directly impact the citizens of tobacco-dependent communities throughout the ~~southside~~ Southside and ~~southwest~~ Southwest regions of the Commonwealth.~~

B. The Commission may require that as a condition of receiving any grant or loan incentive that is based on employment goals, a recipient company must provide copies of employer quarterly payroll reports provided to the Virginia Employment Commission to verify the employment status of any position included in the employment goal.

*The Commission shall require that each project have an accountability matrix. For an agriculture or forestry program, the matrix shall be based on jobs, capital investment, amount of Virginia-grown agricultural and forestal products used by the project, projected impact on agricultural and forestal producers, and a return on investment analysis.*

*The Commission shall require each applicant to provide with its application (i) baseline figures, (ii) explicit and quantified outcome expectations, (iii) the method used to calculate outcome expectations, (iv) details on the timing of the expected outcomes, and (v) a specific link to economic revitalization and the Strategic Plan.*

*The Commission shall require that as a condition of receiving any grant or loan incentive each project (a) demonstrate how it will address low employment levels, per capita income, educational attainment, or other workforce indicators; (b) be consistent with the Strategic Plan; and (c) receive a written recommendation as to its financial viability and feasibility from the Manager pursuant to subdivision A 9 of § 3.2-3103.*

**§ 3.2-3111. Confidentiality of information.**

A. The Commission shall hold in confidence the personal and financial information supplied to it, or maintained by it, concerning tobacco farmers, including names, addresses, and payment information. The Commission may require any tobacco farmer or other applicant for payments from the Fund to provide his social security or taxpayer identification number.

B. Notwithstanding the foregoing, personal and financial information supplied to or maintained by the Commission relating to tobacco farmers may be used, exchanged, and disclosed at the Commission's discretion as may be necessary or appropriate to make payments under, administer, or enforce this chapter and related state and federal laws, any other state or federal tobacco indemnification or loss assistance program, or a national tobacco community trust fund.

C. Nothing in this section shall prohibit the Commission, in its discretion, from releasing any information that has been transformed into a statistical or aggregate form that does not allow the identification of the person who supplied particular information or the sum of money received by a particular recipient.

D. Personal and financial information supplied by or maintained on persons or entities applying for or receiving distributions from the Fund for economic growth and development, as well as specific information relating to the amount and identity of recipients of such distributions, shall be subject to disclosure in accordance with the Virginia Freedom of Information Act (§ 2.2-3700 et seq.). The provisions of that Act applicable to records or meetings of the Virginia Economic Development Partnership or other state or local economic development entities shall apply mutatis mutandis to the Commission and the Manager selected pursuant to subdivision A 9 of § 3.2-3103.

E. The provisions of this section shall also apply to any department, agency, institution, political subdivision, or employee of the Commonwealth or a political subdivision that receives personal or financial information from the Commission in order to process checks for payments from the Fund or to assist the Commission with the administration and enforcement of this chapter.

Each loan shall be evidenced by appropriate bonds or notes of the local government payable to the Fund. The Authority is authorized to require in connection with any loan from the Fund such documents, instruments, certificates, legal opinions, and other information as it may deem necessary or convenient.

C. In addition to any other terms or conditions that the Authority may establish, the Authority may require, as a condition to making any loan from the Fund, that the local government receiving the loan covenant to perform any of the following:

Such contracts need not be identical among all local governments but may be structured as determined by the Authority according to the needs of the contracting local government and the Fund.

**§ 3.2-3117. Pledge of loans to secure bonds of the Authority.**

A. The Authority is empowered at any time and from time to time to pledge, assign, or transfer from the Fund to banks or trust companies designated by the Authority any or all of the assets of the Fund to be held in trust as security for the payment of the principal of, premium, if any, and interest on any or all of the bonds, as defined in § 62.1-199, issued to finance any project located in the tobacco-dependent communities in the Southside and Southwest regions of Virginia. The interests of the Fund in any assets so transferred shall be subordinate to the rights of the trustee under the pledge, assignment, or transfer.

B. To the extent funds are not available from other sources pledged for such purpose, any of the assets or payments of principal and interest received on the assets pledged, assigned, or transferred or held in trust may be applied by the trustee thereof to the payment of the principal of, premium, if any, and interest on such bonds of the Authority secured thereby, and, if such payments are insufficient for such purpose, the trustee is empowered to sell any or all of such assets and apply the net proceeds from the sale to the payment of the principal of, premium, if any, and interest on such bonds of the Authority.

C. Any assets of the Fund pledged, assigned, or transferred in trust as set forth in this section and any payments of principal, interest, or earnings received thereon shall remain part of the Fund but shall be subject to the pledge, assignment, or transfer to secure the bonds of the Authority and shall be held by the trustee to which they are pledged, assigned, or transferred until no longer required for such purpose by the terms of the pledge, assignment, or transfer.

**§ 3.2-3118. Sale of loans.**

The Authority is empowered at any time and from time to time to sell, upon such terms and conditions as the Authority shall deem appropriate, any loan, or interest therein, made pursuant to this chapter. The net proceeds of sale remaining after the payment of the costs and expenses of the sale shall be designated for deposit to, and become part of, the Fund.

**§ 3.2-3119. Powers of the Authority.**

§ 2.01. General grant of powers.

The City of Bristol shall have and may exercise all powers which are now or hereafter may be conferred upon or delegated to municipal corporations under the Constitution and laws of the Commonwealth of Virginia as fully and completely as though such powers were specifically enumerated herein. The city shall have as well any powers expressly set forth herein, including the power to provide and operate telecommunication and related services, including without limitation, cable television, Internet, and all other services that might be rendered by use of the city's fiber-optic system; provided further that also the city shall have the power, within and without the city and within or without the Commonwealth of Virginia to provide consulting and management services for the operation of telecommunication services, including without limitation, cable television, Internet, and all other services that might be rendered by use of a fiber-optic system. Nothing in the foregoing provision shall be deemed to have expanded the powers of the city to provide and operate telecommunication and related services, including without limitation, cable television, Internet and all other services that might be rendered by use of the city's fiber-optic system, beyond those limitations and restrictions set forth in §§ 15.2-2108.2, 15.2-2108.3, 15.2-2108.9 through 15.2-2108.17, 15.2-2160, and 56-265.4:4 of the Code of Virginia, which, as amended from time to time, shall continue to be applicable to the city to the extent provided therein. The enumeration of powers in this charter shall not be exclusive or otherwise be construed to limit the powers of the city.

*The City hereby expressly relinquishes its powers set forth in this Charter that were transferred to the BVU Authority by the General Assembly's adoption of the BVU Authority Act in Chapter 72 (§ 15.2-7200 et seq.) of Title 15.2 of the Code of Virginia. Any references in this Charter to Bristol Virginia Utility Board or Bristol Virginia Utilities shall mean the BVU Authority.*

§ 2.02. Financial powers.

The City of Bristol shall have the following powers relative to its financial affairs:

1. To raise annually by taxes and assessments such sums of money as the council deems necessary to pay the debts and defray the expense of operation of the city; provided that such taxes and assessments are not prohibited by the laws of the Commonwealth;
2. To impose special or local assessments for local improvements and enforce payment thereof;
3. To contract debts, borrow money and make and issue evidences of indebtedness subject to the provisions of the Constitution of Virginia and of this charter;
4. To expend the money of the city for all lawful purposes;
5. To make appropriations, subject to the limitations imposed by this charter and the Constitution of Virginia, for the support of the city government and any other purposes authorized by this charter and the laws of the Commonwealth;
6. To accept and receive or refuse gifts, donations, bequests or grants from any source for any purpose related to the powers and duties of the city's government, and to dispose of the same in any manner for such purpose in accordance with the terms and conditions, if any, of such gifts, grants, bequests and devices;
7. To provide, or aid in the support of, public libraries and public schools;
8. To grant financial aid to military units organized in the city in accordance with the laws of the Commonwealth and to charitable, educational or benevolent institutions and corporations, including those established for scientific, literary or musical purposes or for the encouragement of agricultural and mechanical arts, whose functions further the public purposes of the city;
9. To provide control and management of the fiscal affairs of the city and prescribe and require the adoption and keeping of such books, records, accounts and systems of accounting by the departments, boards, commissions or other agencies of this city's government as may be provided for elsewhere in this charter or to be set forth by ordinance or resolution;
10. To establish, impose and enforce rates and charges for public utilities, or other services, products or conveniences which are operated, rendered or furnished by the city including without limitation, water and sewer rates; and to the extent permitted by law, to regulate the rates for all such services provided by public service corporations within the city.

The city also may assess or cause to be assessed such rates and charges for public utilities, services, products or conveniences directly against the owner or owners of the buildings or against the proper tenant or tenants. Where charged against the tenants, the city may, by ordinance, make the owner or owners directly liable in the event such tenant or tenants fail to pay when the rents or charges are assessed.

Such fees, rents and charges being in the nature of a use or service charge shall, as nearly as the council shall deem practical and equitable, be uniform for the same type, class and amount of use. In the case of consumption of water, the rate may be based on actual consumption on or in connection with the real estate, making due allowances for the commercial use of water, or on the number and kind of water outlets on or in connection with the real estate or on the number and kind of plumbing or sewage fixtures or facilities on or in connection with the real estate, or on the average number of persons residing or working on or otherwise connected or identified with the real estate, or on any other factors determining the type, class and amount of water used. Similarly rational alternate means of determining rates for other utilities, services, products and goods provided by the city may be authorized by city council.

City council shall have the right and power to combine charges for water and sewer services on one statement, separate or together, with a bill for electrical services and to bill the beneficiary of such services therefor in such manner as to require the payment of all charges as a unit and to enforce the payment of such charges by discontinuing the water service, the sewer service, the electrical service or all others. In the event that fees, rents and charges charged for furnishing water, or for the use of services of the sewer disposal system, for furnishing electricity or any other utility in connection with any real

estate shall not be paid when due; a reasonable penalty to be set by the council may at that time be added thereto; and the owner or tenant, as the case may be, of such real estate shall, until such fees, rents and charges for the same be paid together with such penalty, cease to use water; to dispose of sewage or industrial waste by discharge thereof directly or indirectly into the sewage disposal system or any other utility otherwise being used and furnished by the city. If such owner or tenant shall not have paid such fees, rents and charges together with such penalty within ten days after the same shall have become due, the supplier of water, electricity or other utility for the use of such real estate shall cease supplying same thereto. When the water for the use of such real estate has been shut off, it shall not be turned on again until the delinquent charges together with the penalty and a reasonable service charge to be fixed by council for shutting it off and turning it on again has been paid.

Such fees, rents, charges and penalty may be recovered by the city, by action at law or suit in equity. The council may designate a person, persons, board or commission, as the collector and custodian of all fees, rents and charges payable and paid to the city for public utilities and for other public services, products or conveniences, provided that any person or persons so designated and appointed shall keep a correct account of all such receipts and expenditures therefrom and shall take the oath of office and give bond as required by this charter; and

B. If the landlord acts in violation of this section, the tenant is entitled to the applicable remedies provided for in this chapter, including recovery of actual damages, and may assert such retaliation as a defense in any action against him for possession. The burden of proving retaliatory intent shall be on the tenant.

C. Notwithstanding subsections A and B, a landlord may terminate the rental agreement pursuant to § 55-222 or 55-248.37 and bring an action for possession if:

However, the provisions of this subsection shall not be construed to prevent the landlord from increasing rents to that charged on similar market rentals nor decreasing services that shall apply equally to all tenants.

B. If the landlord acts in violation of this section, the tenant is entitled to the applicable remedies provided for in this chapter, including recovery of actual damages, and may assert such retaliation as a defense in any action against him for possession. The burden of proving retaliatory intent shall be on the tenant.

C. Notwithstanding subsections A and B, a landlord may terminate the rental agreement pursuant to § 55-222 or § 55-248.37 and bring an action for possession if:

1. Violation of the applicable building or housing code was caused primarily by lack of reasonable care by the tenant or a member of his household or a person on the premises with his consent;

*A. The claimant shall be (i) an individual whose contract with the regulant involved contracting for the claimant's residence located in the Commonwealth or (ii) a property owners' association as defined in § 55-509 whose contract with the regulant involved contracting for improvements to the common areas owned by the association.*

B. Whenever any person is awarded a judgment in a court of competent jurisdiction in the Commonwealth of Virginia against any individual or entity which involves improper or dishonest conduct occurring (i) during a period when such individual or entity was a regulant and (ii) in connection with a transaction involving contracting, the claimant may file a verified claim with the Director to obtain a directive ordering payment from the Fund of the amount unpaid upon the judgment, subject to the following conditions:

~~B- C. If the regulant has filed bankruptcy, the claimant shall file a claim with the proper bankruptcy court. The verified claim shall be received by the Board within 12 months of the date of bankruptcy discharge or dismissal. In the event the judgment is silent as to the conduct of the regulant, the Board shall determine (i) whether the conduct of the regulant that gave rise to the claim was improper or dishonest and (ii) what amount, if any, such claimant is entitled to recover from the Fund.~~

**§ 54.1-1123. Limitations upon recovery from Fund; certain actions not a bar to recovery.**

A. B. The aggregate of claims against the Fund based upon unpaid judgments arising out of the improper or dishonest conduct of any one regulant involving contracting, is limited by the Board to \$40,000 during any biennium. If a claim has been made against the Fund, and the Board has reason to believe there may be additional claims against the Fund from other transactions involving the same regulant, the Board may withhold any payment(s) from the Fund involving such regulant for a period of not more than one year from the date on which the claimant is awarded in a court of competent jurisdiction in

the Commonwealth the final judgment on which his claim against the Fund is based. Such claim against the Fund may include court costs and ~~attorneys'~~ attorney fees.

D. If, at any time, the amount of the Fund is insufficient to fully satisfy any claims or claim filed with the Board and authorized by this Act, the Board shall pay such claims, claim, or portion thereof to the claimants in the order that the claims were filed with the Board.

E. Failure of a claimant to comply with the provisions of subdivisions ~~A B~~ 1 and ~~A~~ 2 and subsection ~~B C~~ of § 54.1-1120 and the provisions of § 54.1-1124 shall not be a bar to recovery under this Act if the claimant is otherwise entitled to such recovery.

F. The Board shall have the authority to deny any claim which otherwise appears to meet the requirements of the Act if it finds by clear and convincing evidence that the claimant has presented false information or engaged in collusion to circumvent any of the requirements of the Act.

**§ 54.1-1124. Participation by Board or Director in proceeding.**

Upon service of ~~process~~ *the complaint* as provided in subdivision ~~B~~ 1 of subsection ~~A~~ of § 54.1-1120, the Board, the Director, or duly authorized representatives of the Board shall then have the right to request leave of court to intervene.

B. The judicial officer shall presume, subject to rebuttal, that no condition or combination of conditions will reasonably assure the appearance of the person or the safety of the public if the person is currently charged with:

1. An act of violence as defined in § 19.2-297.1;

D. A judicial officer who is a magistrate, clerk, or deputy clerk of a district court or circuit court may not admit to bail, that is not set by a judge, any person who is charged with an offense giving rise to a rebuttable presumption against bail as set out in subsection B or C without the concurrence of an attorney for the Commonwealth. G. If the judicial officer sets a secured bond and the person engages the services of a licensed bail bondsman, the magistrate executing recognizance for the accused shall provide the bondsman, upon request, with a copy of the person's Virginia criminal history record, if readily available, to be used by the bondsman only to determine appropriate reporting requirements to impose upon the accused upon his release. The bondsman shall pay a \$15 fee payable to the state treasury to be credited to the Literary Fund, upon requesting the defendant's Virginia criminal history record issued pursuant to § 19.2-389. The bondsman shall review the record on the premises and promptly return the record to the magistrate after reviewing it.

The local planning commission or other agent shall act on any proposed plat that it has previously disapproved within 45 days after the plat has been modified, corrected and resubmitted for approval.

2. In localities with a population greater than 90,000 based on the 2000 United States Census, the *The* approval of plats, site plans, and plans of development solely involving parcels of commercial real estate by a local planning commission or other agent shall be governed by subdivision A 3 and subsections B, C, and D. For the purposes of this section, the term "commercial" means all real property used for commercial or industrial uses.

3. The local planning commission or other agent shall act on any proposed plat, site plan or plan of development within 60 days after it has been officially submitted for approval by either approving or disapproving the plat in writing, and giving with the latter specific reasons therefor. The Commission or agent shall thoroughly review the plat or plan and shall in good faith identify, to the greatest extent practicable, all deficiencies, if any, with the initial submission. However, if approval of a feature or features of the plat or plan by a state agency or public authority authorized by state law is necessary, the commission or agent shall forward the plat or plan to the appropriate state agency or agencies for review within 10 business days of receipt of such plat or plan. The state agency shall respond in accord with the requirements set forth in § 15.2-2222.1, which shall extend the time for action by the local planning commission or other agent, as set forth in subsection B. Specific reasons for disapproval shall be contained either in a separate document or on the plat or plan itself. The reasons for disapproval shall identify deficiencies in the plat or plan that caused the disapproval by reference to specific duly adopted ordinances, regulations, or policies and shall identify, to the greatest extent practicable, modifications or corrections that will permit approval of the plat or plan.

In the review of a resubmitted proposed plat, site plan or plan of development that has been previously disapproved, the local planning commission or other agent shall consider only deficiencies it had identified in its review of the initial submission of the plat or plan that have not been corrected in such resubmission and any deficiencies that arise as a result of the corrections made to address deficiencies identified in the initial submission. In the review of the resubmission of a plat or plan, the local planning commission or other agent shall identify all deficiencies with the proposed plat or plan that caused the disapproval by reference to specific duly adopted ordinances, regulations or ~~policies~~ policies and shall identify modifications or corrections that will permit approval of the plat or plan. Upon the second resubmission of such disapproved plat or plan, the local planning commission or other agent's review shall be limited solely to the previously identified deficiencies that caused its disapproval.

The local planning commission or other agent shall act on any proposed plat, site plan or plan of development that it has previously disapproved within 45 days after the plat or plan has been modified, corrected and resubmitted for approval. The failure of a local planning commission or other agent to approve or disapprove a resubmitted plat or plan within the time periods required by this section shall cause the plat or plan to be deemed approved.

Notwithstanding the approval or deemed approval of any proposed plat, site plan or plan of development, any deficiency in any proposed plat or plan, that if left uncorrected, would violate local, state or federal law, regulations, mandatory Department of Transportation engineering and safety requirements, and other mandatory engineering and safety requirements, shall not be considered, treated or deemed as having been approved by the local planning commission or other agent. Should any resubmission include a material revision of infrastructure or physical improvements from the earlier submission or if a material revision in the resubmission creates a new required review by the Virginia Department of Transportation or by a state agency or public authority authorized by state law, then the local planning commission or other agent's review shall not be limited to only the previously identified deficiencies identified in the prior submittals and may consider deficiencies initially appearing in the resubmission because of such material revision.

The provisions of this subsection shall not apply to deficiencies caused by changes, errors or omissions occurring in the applicant's plat, site plan or plan of development filings after the initial submission of such plat, site plan or plan of development. The provision of this subsection shall not apply to the review and approval of construction plans.

B. Any state agency or public authority authorized by state law making a review of a plat forwarded to it under this article, including, without limitation, the Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.), shall complete its review within 45 days of receipt of the plat upon first submission and within 45 days for any proposed plat that has previously been disapproved, provided, however, that the time periods set forth in § 15.2-2222.1 shall apply to plats triggering the applicability of said section. The Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.) shall allow use of public rights-of-way dedicated for public street purposes for placement of utilities by permit when practical and shall not unreasonably deny plat approval. If a state agency or public authority authorized by state law does not approve the plat, it shall comply with the requirements, and be subject to the restrictions, set forth in subsection A, with the exception of the time period therein specified. Upon receipt of the approvals from all state agencies and other agencies, the local agent shall act upon a plat within 35 days.

C. If the commission or other agent fails to approve or disapprove the plat within 60 days after it has been officially submitted for approval, or within 45 days after it has been officially resubmitted after a previous disapproval or within 35 days of receipt of any agency response pursuant to subsection B, the subdivider, after 10-days' written notice to the commission, or agent, may petition the circuit court for the locality in which the land involved, or the major part thereof, is located, to decide whether the plat should or should not be approved. The court shall give the petition priority on the civil docket, hear the matter expeditiously in accordance with the procedures prescribed in Article 2 (§ 8.01-644 et seq.) of Chapter 25 of Title 8.01 and make and enter an order with respect thereto as it deems proper, which may include directing approval of the plat.

D. If a commission or other agent disapproves a plat and the subdivider contends that the disapproval was not properly based on the ordinance applicable thereto, or was arbitrary or capricious, he may appeal to the circuit court having

jurisdiction of such land and the court shall hear and determine the case as soon as may be, provided that his appeal is filed with the circuit court within 60 days of the written disapproval by the commission or other agent.

## CHAPTER 421

*An Act to amend and reenact § 4.1-216 of the Code of Virginia, relating to alcoholic beverage control; prohibited trade practices.*

[S 1412]

Approved March 23, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 4.1-216 of the Code of Virginia is amended and reenacted as follows:**

**§ 4.1-216. Further limitations on manufacturers, bottlers, importers, brokers or wholesalers; ownership interests prohibited; exceptions; prohibited trade practices.**

A. As used in this section:

"Broker" means any person, other than a manufacturer or a licensed beer or wine importer, who regularly engages in the business of bringing together sellers and purchasers of alcoholic beverages for resale and arranges for or consummates such transactions with persons in the Commonwealth to whom such alcoholic beverages may lawfully be sold and shipped into the Commonwealth pursuant to the provisions of this title.

"Manufacturer, bottler, importer, broker or wholesaler of alcoholic beverages" includes any officers or directors of any such manufacturer, bottler, importer, broker or wholesaler.

B. Except as provided in this title, no manufacturer, importer, bottler, broker or wholesaler of alcoholic beverages, whether licensed in the Commonwealth or not, shall acquire or hold any financial interest, direct or indirect, (i) in the business for which any retail license is issued or (ii) in the premises where the business of a retail licensee is conducted.

1. Subdivision B (ii) shall not apply so long as such manufacturer, bottler, importer, broker or wholesaler does not sell or otherwise furnish, directly or indirectly, alcoholic beverages or other merchandise to such retail licensee and such retailer is not required by agreement or otherwise to exclude from sale at his establishment alcoholic beverages of other manufacturers, bottlers, importers, brokers or wholesalers.

2. Service as a member of the board of directors of a corporation licensed as a retailer, the shares of stock of which are sold to the general public on any national or local stock exchange, shall not be deemed to be a financial interest, direct or indirect, in the business or the premises of the retail licensee.

3. A brewery, winery or subsidiary or affiliate thereof, hereinafter collectively referred to as a financing corporation, may participate in financing the business of a wholesale licensee in the Commonwealth by providing debt or equity capital or both but only if done in accordance with the provisions of this subsection.

a. In order to assist a proposed new owner of an existing wholesale licensee, a financing corporation may provide debt or equity capital, or both, if prior approval of the Board has been obtained pursuant to subdivision 3 b of subsection B. A financing corporation which proposes to provide equity capital shall cause the proposed new owner to form a Virginia limited partnership in which the new owner is the general partner and the financing corporation is a limited partner. If the general partner defaults on any financial obligation to the limited partner, which default has been specifically defined in the partnership agreement, or, if the new owner defaults on its obligation to pay principal and interest when due to the financing corporation as specifically defined in the loan documents, then, and only then, shall such financing corporation be allowed to take title to the business of the wholesale licensee. Notwithstanding any other law to the contrary and provided written notice has been given to the Board within two business days after taking title, the wholesale licensee may be managed and operated by such financing corporation pursuant to the existing wholesale license for a period of time not to exceed 180 days as if the license had been issued in the name of the financing corporation. On or before the expiration of such 180-day period, the financing corporation shall cause ownership of the wholesale licensee's business to be transferred to a new owner. Otherwise, on the 181st day, the license shall be deemed terminated. The financing corporation may not participate in financing the transfer of ownership to the new owner or to any other subsequent owner for a period of twenty years following the effective date of the original financing transaction; except where a transfer takes place before the expiration of the eighth full year following the effective date of the original financing transaction in which case the financing corporation may finance such transfer as long as the new owner is required to return such debt or equity capital within the originally prescribed eight-year period. The financing corporation may exercise its right to take title to, manage and operate the business of, the wholesale licensee only once during such eight-year period.

b. In any case in which a financing corporation proposes to provide debt or equity capital in order to assist in a change of ownership of an existing wholesale licensee, the parties to the transaction shall first submit an application for a wholesale license in the name of the proposed new owner to the Board.

The Board shall be provided with all documents that pertain to the transaction at the time of the license application and shall ensure that the application complies with all requirements of law pertaining to the issuance of wholesale licenses except that if the financing corporation proposes to provide equity capital and thereby take a limited partnership interest in the applicant entity, the financing corporation shall not be required to comply with any Virginia residency requirement applicable to the issuance of wholesale licenses. In addition to the foregoing, the applicant entity shall certify to the Board

and provide supporting documentation that the following requirements are met prior to issuance of the wholesale license: (i) the terms and conditions of any debt financing which the financing corporation proposes to provide are substantially the same as those available in the financial markets to other wholesale licensees who will be in competition with the applicant, (ii) the terms of any proposed equity financing transaction are such that future profits of the applicant's business shall be distributed annually to the financing corporation in direct proportion to its percentage of ownership interest received in return for its investment of equity capital, (iii) if the financing corporation proposes to provide equity capital, it shall hold an ownership interest in the applicant entity through a limited partnership interest and no other arrangement and (iv) the applicant entity shall be contractually obligated to return such debt or equity capital to the financing corporation not later than the end of the eighth full year following the effective date of the transaction thereby terminating any ownership interest or right thereto of the financing corporation.

Once the Board has issued a wholesale license pursuant to an application filed in accordance with this subdivision 3 b, any subsequent change in the partnership agreement or the financing documents shall be subject to the prior approval of the Board. In accordance with the previous paragraph, the Board may require the licensee to resubmit certifications and documentation.

c. If a financing corporation wishes to provide debt financing, including inventory financing, but not equity financing, to an existing wholesale licensee or a proposed new owner of an existing wholesale licensee, it may do so without regard to the provisions of subdivisions 3 a and 3 b of subsection B under the following circumstances and subject to the following conditions: (i) in order to secure such debt financing, a wholesale licensee or a proposed new owner thereof may grant a security interest in any of its assets, including inventory, other than the wholesale license itself or corporate stock of the wholesale licensee; in the event of default, the financing corporation may take title to any assets pledged to secure such debt but may not take title to the business of the wholesale licensee and may not manage or operate such business; (ii) debt capital may be supplied by such financing corporation to an existing wholesale licensee or a proposed new owner of an existing wholesale licensee so long as debt capital is provided on terms and conditions which are substantially the same as those available in the financial markets to other wholesale licensees in competition with the wholesale licensee which is being so financed; and (iii) the licensee or proposed new owner shall certify to the Board and provide supporting documentation that the requirements of (i) and (ii) of this subdivision 3 c have been met.

Nothing in this section shall eliminate, affect or in any way modify the requirements of law pertaining to issuance and retention of a wholesale license as they may apply to existing wholesale licensees or new owners thereof which have received debt financing prior to the enactment of this subdivision 3 c.

4. Except for holders of retail licenses issued pursuant to subdivision A 5 of § 4.1-201, brewery licensees may sell beer to retail licensees for resale only under the following conditions: If such brewery or an affiliate or subsidiary thereof has taken title to the business of a wholesale licensee pursuant to the provisions of subdivision 3 a of subsection B, direct sale to retail licensees may be made during the 180-day period of operation allowed under that subdivision. Moreover, the holder of a brewery license may make sales of alcoholic beverages directly to retail licensees for a period not to exceed thirty days in the event that such retail licensees are normally serviced by a wholesale licensee representing that brewery which has been forced to suspend wholesale operations as a result of a natural disaster or other act of God or which has been terminated by the brewery for fraud, loss of license or assignment of assets for the benefit of creditors not in the ordinary course of business.

5. Notwithstanding any provision of this section, including but not limited to those provisions whereby certain ownership or lease arrangements may be permissible, no manufacturer, bottler, importer, broker or wholesaler of alcoholic beverages shall make an agreement, or attempt to make an agreement, with a retail licensee pursuant to which any products sold by a competitor are excluded in whole or in part from the premises on which the retail licensee's business is conducted.

6. *Nothing in this section shall prohibit a winery, brewery, or distillery licensee from paying a royalty to a historical preservation entity pursuant to a bona fide intellectual property agreement that (i) authorizes the winery, brewery, or distillery licensee to manufacture wine, beer, or spirits based on authentic historical recipes and identified with brand names owned and trademarked by the historical preservation entity; (ii) provides for royalties to be paid based solely on the volume of wine, beer, or spirits manufactured using such recipes and trademarks, rather than on the sales revenues generated from such wine, beer, or spirits; and (iii) has been approved by the Board.*

*For purposes of this subdivision, "historical preservation entity" means an entity (a) that is exempt from income taxation under § 501(c)(3) of the Internal Revenue Code; (b) whose declared purposes include the preservation, restoration, and protection of a historic community in the Commonwealth that is the site of at least 50 historically significant houses, shops, and public buildings dating to the eighteenth century; and (c) that owns not more than 12 retail establishments in the Commonwealth for which retail licenses have been issued by the Board.*

C. Subject to such exceptions as may be provided by statute or Board regulations, no manufacturer, bottler, importer, broker or wholesaler of alcoholic beverages, whether licensed in the Commonwealth or not, shall sell, rent, lend, buy for or give to any retail licensee, or to the owner of the premises in which the business of any retail licensee is conducted, any (i) money, equipment, furniture, fixtures, property, services or anything of value with which the business of such retail licensee is or may be conducted, or for any other purpose; (ii) advertising materials; and (iii) business entertainment, provided that no transaction permitted under this section or by Board regulation shall be used to require the retail licensee to partially or totally exclude from sale at its establishment alcoholic beverages of other manufacturers or wholesalers.

The provisions of this subsection shall apply to manufacturers, bottlers, importers, brokers and wholesalers selling alcoholic beverages to any governmental instrumentality or employee thereof selling alcoholic beverages at retail within the exterior limits of the Commonwealth, including all territory within these limits owned by or ceded to the United States of America.

*An Act to amend and reenact § 19.2-392.2 of the Code of Virginia, relating to expungement of police and court records; hearing.*

[S 908]

Approved March 23, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 19.2-392.2 of the Code of Virginia is amended and reenacted as follows:**

**§ 19.2-392.2. Expungement of police and court records.**

A. If a person is charged with the commission of a crime or any offense defined in Title 18.2, and

1. Is acquitted, or

2. A nolle prosequi is taken or the charge is otherwise dismissed, including dismissal by accord and satisfaction pursuant to § 19.2-151, he may file a petition setting forth the relevant facts and requesting expungement of the police records and the court records relating to the charge.

B. If any person whose name or other identification has been used without his consent or authorization by another person who has been charged or arrested using such name or identification, he may file a petition with the court disposing of the charge for relief pursuant to this section. Such person shall not be required to pay any fees for the filing of a petition under this subsection. A petition filed under this subsection shall include one complete set of the petitioner's fingerprints obtained from a law-enforcement agency.

C. The petition with a copy of the warrant or indictment if reasonably available shall be filed in the circuit court of the county or city in which the case was disposed of by acquittal or being otherwise dismissed and shall contain, except where not reasonably available, the date of arrest and the name of the arresting agency. Where this information is not reasonably available, the petition shall state the reason for such unavailability. The petition shall further state the specific criminal charge to be expunged, the date of final disposition of the charge as set forth in the petition, the petitioner's date of birth, and the full name used by the petitioner at the time of arrest.

D. A copy of the petition shall be served on the attorney for the Commonwealth of the city or county in which the petition is filed. The attorney for the Commonwealth may file an objection or answer to the petition or may give written notice to the court that he does not object to the petition within 21 days after it is served on him.

E. The petitioner shall obtain from a law-enforcement agency one complete set of the petitioner's fingerprints and shall provide that agency with a copy of the petition for expungement. The law-enforcement agency shall submit the set of fingerprints to the Central Criminal Records Exchange (CCRE) with a copy of the petition for expungement attached. The CCRE shall forward under seal to the court a copy of the petitioner's criminal history, a copy of the source documents that resulted in the CCRE entry that the petitioner wishes to expunge, and the set of fingerprints. Upon completion of the hearing, the court shall return the fingerprint card to the petitioner. *If no hearing was conducted, upon the entry of an order of expungement or an order denying the petition for expungement, the court shall cause the fingerprint card to be destroyed unless, within 30 days of the date of the entry of the order, the petitioner requests the return of the fingerprint card in person from the clerk of the court or provides the clerk of the court a self-addressed, stamped envelope for the return of the fingerprint card.*

F. After receiving the criminal history record information from the CCRE, the court shall conduct a hearing on the petition. If the court finds that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, it shall enter an order requiring the expungement of the police and court records, including electronic records, relating to the charge. Otherwise, it shall deny the petition. However, if the petitioner has no prior criminal record and the arrest was for a misdemeanor violation, the petitioner shall be entitled, in the absence of good cause shown to the contrary by the Commonwealth, to expungement of the police and court records relating to the charge, and the court shall enter an order of expungement. *If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court pursuant to subsection D that he does not object to the petition and (ii) when the charge to be expunged is a felony, stipulates in such written notice that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, the court may enter an order of expungement without conducting a hearing.*

G. The Commonwealth shall be made party defendant to the proceeding. Any party aggrieved by the decision of the court may appeal, as provided by law in civil cases.

H. Notwithstanding any other provision of this section, when the charge is dismissed because the court finds that the person arrested or charged is not the person named in the summons, warrant, indictment or presentment, the court dismissing the charge shall, upon motion of the person improperly arrested or charged, enter an order requiring expungement of the police and court records relating to the charge. Such order shall contain a statement that the dismissal and expungement are ordered pursuant to this subsection and shall be accompanied by the complete set of the petitioner's fingerprints filed with his petition. Upon the entry of such order, it shall be treated as provided in subsection K ~~hereof~~.

I. Notwithstanding any other provision of this section, when a person has been granted an absolute pardon for the commission of a crime that he did not commit, he may file in the circuit court of the county or city in which the conviction occurred a petition setting forth the relevant facts and requesting expungement of the police records and the court records relating to the charge and conviction, and the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of such order, it shall be treated as provided in subsection K ~~hereof~~.

J. Upon receiving a copy of a writ vacating a conviction pursuant to § 19.2-327.5 or 19.2-327.13, the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of the order, it shall be treated as provided in subsection K ~~hereof~~.

K. Upon the entry of an order of expungement, the clerk of the court shall cause a copy of such order to be forwarded to the Department of State Police, which shall, pursuant to rules and regulations adopted pursuant to § 9.1-134, direct the manner by which the appropriate expungement or removal of such records shall be effected.

L. Costs shall be as provided by § 17.1-275, but shall not be recoverable against the Commonwealth.

M. Any order entered where (i) the court or parties failed to strictly comply with the procedures set forth in this section or (ii) the court enters an order of expungement contrary to law, shall be voidable upon motion and notice made within three years of the entry of such order.

## CHAPTER 427

*An Act to amend and reenact § 15.2-958.3 of the Code of Virginia, relating to the financing of clean energy programs.*

[S 801]

Approved March 23, 2015

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That § 15.2-958.3 of the Code of Virginia is amended and reenacted as follows:**

##### **§ 15.2-958.3. Financing clean energy programs.**

A. Any locality may, by ordinance, authorize contracts to provide loans for the initial acquisition and installation of clean energy improvements with free and willing property owners of both existing properties and new construction. Such an ordinance shall include but not be limited to the following:

1. The kinds of ~~distributed generation~~ renewable energy ~~sources or energy production and distribution facilities,~~ energy usage efficiency improvements, or water usage efficiency improvements for which loans may be offered;

2. The proposed arrangement for such loan program, including (i) a statement concerning the source of funding that will be used to pay for work performed pursuant to the contracts; (ii) the interest rate and time period during which contracting property owners would repay the loan; and (iii) the method of apportioning all or any portion of the costs incidental to financing, administration, and collection of the arrangement among the consenting property owners and the locality;

3. A minimum and maximum aggregate dollar amount which may be financed;

4. A method for setting requests from property owners for financing in priority order in the event that requests appear likely to exceed the authorization amount of the loan program. Priority shall be given to those requests from property owners who meet established income or assessed property value eligibility requirements;

5. Identification of a local official authorized to enter into contracts on behalf of the locality. *A locality may contract with a third party for professional services to administer such loan program;*

6. *Identification of any fee that the locality intends to impose on the property owner requesting to participate in the loan program to offset the cost of administering the loan program. The fee may be assessed as (i) a program application fee paid by the property owner requesting to participate in the program, (ii) a component of the interest rate on the assessment in the written contract between the locality and the property owner, or (iii) a combination of (i) and (ii); and*

~~6-7.~~ A draft contract specifying the terms and conditions proposed by the locality.

B. The locality may combine the loan payments required by the contracts with billings for water or sewer charges, real property tax assessments, or other billings; in such cases, the locality may establish the order in which loan payments will be applied to the different charges. The locality may not combine its billings for loan payments required by a contract authorized pursuant to this section with billings of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.), unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance.

C. The locality shall offer private lending institutions the opportunity to participate in local loan programs established pursuant to this section.

D. In order to secure the loan authorized pursuant to this section, the locality shall be authorized to place a *voluntary special assessment* lien equal in value to the loan against any property where such clean energy systems are being installed. The locality may bundle or package said loans for transfer to private lenders in such a manner that would allow the *voluntary special assessment* liens to remain in full force to secure the loans.

E. *A voluntary special assessment lien on real property other than a residential dwelling with fewer than five dwelling units or a condominium project as defined in § 55-79.2:*

1. *Shall have the same priority status as a property tax lien against real property, except that such voluntary special assessment lien shall have priority over any previously recorded mortgage or deed of trust lien only if (i) a written subordination agreement, in a form and substance acceptable to each prior lienholder in its sole and exclusive discretion, is executed by the holder of each mortgage or deed of trust lien on the property and recorded with the special assessment lien in the land records where the property is located, and (ii) evidence that the property owner is current on payments on loans secured by a mortgage or deed of trust lien on the property and on property tax payments, that the property owner is not insolvent or in bankruptcy proceedings, and that the title of the benefitted property is not in dispute is submitted to the locality prior to recording of the special assessment lien;*

2. *Shall run with the land, and that portion of the assessment under the assessment contract that has not yet become due is not eliminated by foreclosure of a property tax lien;*

3. *May be enforceable by the local government in the same manner that a property tax lien against real property may be enforced by the local government. A local government shall be entitled to recover costs and expenses, including attorney fees, in a suit to collect a delinquent installment of an assessment in the same manner as in a suit to collect a delinquent property tax; and*

4. *May incur interest and penalties for delinquent installments of the assessment in the same manner as delinquent property taxes.*

F. Prior to the enactment of an ordinance pursuant to this section, a public hearing shall be held at which interested persons may object to or inquire about the proposed loan program or any of its particulars. The public hearing shall be advertised once a week for two successive weeks in a newspaper of general circulation in the locality.

**2. That the Department of Mines, Minerals and Energy (DMME) shall develop uniform statewide financial underwriting guidelines for loans made under § 15.2-958.3. In developing the guidelines, DMME shall incorporate input from representatives of the Virginia Bankers Association, the Virginia Energy Efficiency Council, the Virginia Association of Realtors, the Virginia Municipal League, the Virginia Association of Counties, and the Virginia Association for Commercial Real Estate. The guidelines shall require an evaluation of each of the following criteria: the loan to value ratio, the voluntary special assessment to assessed value ratio, the savings to investment ratio, the requirement for energy assessments, and any provision addressing the disclosure of voluntary special assessments to a subsequent owner of the property. DMME shall finalize the uniform financial underwriting guidelines no later than December 1, 2015.**

## CHAPTER 431

*An Act to amend and reenact § 56-594 of the Code of Virginia, relating to electric utilities; net energy metering programs.*

[S 1395]

Approved March 23, 2015

Be it enacted by the General Assembly of Virginia:

1. That § 56-594 of the Code of Virginia is amended and reenacted as follows:

**§ 56-594. Net energy metering provisions.**

A. The Commission shall establish by regulation a program that affords eligible customer-generators the opportunity to participate in net energy metering, and a program, to begin no later than July 1, 2014, for customers of investor-owned utilities and no later than July 1, 2015, for customers of electric cooperatives, to afford eligible agricultural customer-generators the opportunity to participate in net energy metering. The regulations may include, but need not be limited to, requirements for (i) retail sellers; (ii) owners or operators of distribution or transmission facilities; (iii) providers of default service; (iv) eligible customer-generators; (v) eligible agricultural customer-generators; or (vi) any combination of the foregoing, as the Commission determines will facilitate the provision of net energy metering, provided that the Commission determines that such requirements do not adversely affect the public interest.

B. For the purpose of this section:

"Eligible agricultural customer-generator" means a customer that operates a renewable energy generating facility as part of an agricultural business, which generating facility (i) uses as its sole energy source solar power, wind power, or aerobic or anaerobic digester gas, (ii) does not have an aggregate generation capacity of more than 500 kilowatts, (iii) is located on land owned or controlled by the agricultural business, (iv) is connected to the customer's wiring on the customer's side of its interconnection with the distributor; (v) is interconnected and operated in parallel with an electric company's transmission and distribution facilities, and (vi) is used primarily to provide energy to metered accounts of the agricultural business. An eligible agricultural customer-generator may be served by multiple meters that are located at separate but contiguous sites, such that the eligible agricultural customer-generator may aggregate in a single account the electricity consumption and generation measured by the meters, provided that the same utility serves all such meters. The aggregated load shall be served under the appropriate tariff.

"Eligible customer-generator" means a customer that owns and operates, or contracts with other persons to own, operate, or both, an electrical generating facility that (i) has a capacity of not more than 20 kilowatts for residential customers and ~~500 kilowatts~~ *not more than one megawatt* for nonresidential customers ~~unless a utility elects a higher capacity limit for such a facility~~ *on an electrical generating facility placed in service after July 1, 2015*; (ii) uses as its total source of fuel renewable energy, as defined in § 56-576; (iii) is located on the customer's premises and is connected to the customer's wiring on the customer's side of its interconnection with the distributor; (iv) is interconnected and operated in parallel with an electric company's transmission and distribution facilities; and (v) is intended primarily to offset all or part of the customer's own electricity requirements. *In addition to the electrical generating facility size limitations in clause (i), the capacity of any generating facility installed under this section after July 1, 2015, shall not exceed the expected annual energy consumption based on the previous 12 months of billing history or an annualized calculation of billing history if 12 months of billing history is not available.*

"Net energy metering" means measuring the difference, over the net metering period, between (i) electricity supplied to an eligible customer-generator or eligible agricultural customer-generator from the electric grid and (ii) the electricity generated and fed back to the electric grid by the eligible customer-generator or eligible agricultural customer-generator.

"Net metering period" means the 12-month period following the date of final interconnection of the eligible customer-generator's or eligible agricultural customer-generator's system with an electric service provider, and each 12-month period thereafter.

C. The Commission's regulations shall ensure that (i) the metering equipment installed for net metering shall be capable of measuring the flow of electricity in two directions and (ii) *any eligible customer-generator seeking to participate in net energy metering shall notify its supplier and receive approval to interconnect prior to installation of an electrical generating facility. The electric distribution company shall have 30 days from the date of notification for residential facilities, and 60 days from the date of notification for nonresidential facilities, to determine whether the interconnection requirements have been met.* Such regulations shall allocate fairly the cost of such equipment and any necessary interconnection. An eligible customer-generator's electrical generating system, and each electrical generating system of an eligible agricultural customer-generator, shall meet all applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers, and accredited testing laboratories such as Underwriters Laboratories. Beyond the requirements set forth in this section *and to ensure public safety, power quality, and reliability of the supplier's electric distribution system*, an eligible customer-generator or eligible agricultural customer-generator whose electrical generating system meets those standards and rules shall bear ~~the all~~ *reasonable cost* ~~costs of equipment required for the interconnection to the supplier's electric distribution system, including costs, if any, as determined by the Commission,~~ to (a) install additional controls, (b) perform or pay for additional tests, and (c) purchase additional liability insurance.

D. The Commission shall establish minimum requirements for contracts to be entered into by the parties to net metering arrangements. Such requirements shall protect the eligible customer-generator or eligible agricultural customer-generator against discrimination by virtue of its status as an eligible customer-generator or eligible agricultural customer-generator, and permit customers that are served on time-of-use tariffs that have electricity supply demand charges contained within the electricity supply portion of the time-of-use tariffs to participate as an eligible customer-generator or eligible agricultural customer-generator. Notwithstanding the cost allocation provisions of subsection C, eligible

customer-generators or eligible agricultural customer-generators served on demand charge-based time-of-use tariffs shall bear the incremental metering costs required to net meter such customers.

E. If electricity generated by an eligible customer-generator or eligible agricultural customer-generator over the net metering period exceeds the electricity consumed by the eligible customer-generator or eligible agricultural customer-generator, the customer-generator or eligible agricultural customer-generator shall be compensated for the excess electricity if the entity contracting to receive such electric energy and the eligible customer-generator or eligible agricultural customer-generator enter into a power purchase agreement for such excess electricity. Upon the written request of the eligible customer-generator or eligible agricultural customer-generator, the supplier that serves the eligible customer-generator or eligible agricultural customer-generator shall enter into a power purchase agreement with the requesting eligible customer-generator or eligible agricultural customer-generator that is consistent with the minimum requirements for contracts established by the Commission pursuant to subsection D. The power purchase agreement shall obligate the supplier to purchase such excess electricity at the rate that is provided for such purchases in a net metering standard contract or tariff approved by the Commission, unless the parties agree to a higher rate. The eligible customer-generator or eligible agricultural customer-generator owns any renewable energy certificates associated with its electrical generating facility; however, at the time that the eligible customer-generator or eligible agricultural customer-generator enters into a power purchase agreement with its supplier, the eligible customer-generator or eligible agricultural customer-generator shall have a one-time option to sell the renewable energy certificates associated with such electrical generating facility to its supplier and be compensated at an amount that is established by the Commission to reflect the value of such renewable energy certificates. Nothing in this section shall prevent the eligible customer-generator or eligible agricultural customer-generator and the supplier from voluntarily entering into an agreement for the sale and purchase of excess electricity or renewable energy certificates at mutually-agreed upon prices if the eligible customer-generator or eligible agricultural customer-generator does not exercise its option to sell its renewable energy certificates to its supplier at Commission-approved prices at the time that the eligible customer-generator or eligible agricultural customer-generator enters into a power purchase agreement with its supplier. All costs incurred by the supplier to purchase excess electricity and renewable energy certificates from eligible customer-generators or eligible agricultural customer-generators shall be recoverable through its Renewable Energy Portfolio Standard (RPS) rate adjustment clause, if the supplier has a Commission-approved RPS plan. If not, then all costs shall be recoverable through the supplier's fuel adjustment clause. For purposes of this section, "all costs" shall be defined as the rates paid to the eligible customer-generator or eligible agricultural customer-generator for the purchase of excess electricity and renewable energy certificates and any administrative costs incurred to manage the eligible customer-generator's or eligible agricultural customer-generator's power purchase arrangements. The net metering standard contract or tariff shall be available to eligible customer-generators or eligible agricultural customer-generators on a first-come, first-served basis in each electric distribution company's Virginia service area until the rated generating capacity owned and operated by eligible customer-generators or eligible agricultural customer-generators in the state reaches one percent of each electric distribution company's adjusted Virginia peak-load forecast for the previous year, and shall require the supplier to pay the eligible customer-generator or eligible agricultural customer-generator for such excess electricity in a timely manner at a rate to be established by the Commission.

F. Any residential eligible customer-generator or eligible agricultural customer-generator who owns and operates, or contracts with other persons to own, operate, or both, an electrical generating facility with a capacity that exceeds 10 kilowatts shall pay to its supplier, in addition to any other charges authorized by law, a monthly standby charge. The amount of the standby charge and the terms and conditions under which it is assessed shall be in accordance with a methodology developed by the supplier and approved by the Commission. The Commission shall approve a supplier's proposed standby charge methodology if it finds that the standby charges collected from all such eligible customer-generators and eligible agricultural customer-generators allow the supplier to recover only the portion of the supplier's infrastructure costs that are properly associated with serving such eligible customer-generators or eligible agricultural customer-generators. Such an eligible customer-generator or eligible agricultural customer-generator shall not be liable for a standby charge until the date specified in an order of the Commission approving its supplier's methodology.

## CHAPTER 432

*An Act to amend and reenact § 56-594 of the Code of Virginia, relating to electric utilities; net energy metering programs.*

[H 1950]

Approved March 23, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 56-594 of the Code of Virginia is amended and reenacted as follows:**

**§ 56-594. Net energy metering provisions.**

A. The Commission shall establish by regulation a program that affords eligible customer-generators the opportunity to participate in net energy metering, and a program, to begin no later than July 1, 2014, for customers of investor-owned utilities and no later than July 1, 2015, for customers of electric cooperatives, to afford eligible agricultural customer-generators the opportunity to participate in net energy metering. The regulations may include, but need not be

limited to, requirements for (i) retail sellers; (ii) owners or operators of distribution or transmission facilities; (iii) providers of default service; (iv) eligible customer-generators; (v) eligible agricultural customer-generators; or (vi) any combination of the foregoing, as the Commission determines will facilitate the provision of net energy metering, provided that the Commission determines that such requirements do not adversely affect the public interest.

B. For the purpose of this section:

"Eligible agricultural customer-generator" means a customer that operates a renewable energy generating facility as part of an agricultural business, which generating facility (i) uses as its sole energy source solar power, wind power, or aerobic or anaerobic digester gas, (ii) does not have an aggregate generation capacity of more than 500 kilowatts, (iii) is located on land owned or controlled by the agricultural business, (iv) is connected to the customer's wiring on the customer's side of its interconnection with the distributor; (v) is interconnected and operated in parallel with an electric company's transmission and distribution facilities, and (vi) is used primarily to provide energy to metered accounts of the agricultural business. An eligible agricultural customer-generator may be served by multiple meters that are located at separate but contiguous sites, such that the eligible agricultural customer-generator may aggregate in a single account the electricity consumption and generation measured by the meters, provided that the same utility serves all such meters. The aggregated load shall be served under the appropriate tariff.

"Eligible customer-generator" means a customer that owns and operates, or contracts with other persons to own, operate, or both, an electrical generating facility that (i) has a capacity of not more than 20 kilowatts for residential customers and 500 kilowatts *not more than one megawatt* for nonresidential customers ~~unless a utility elects a higher capacity limit for such a facility~~ *on an electrical generating facility placed in service after July 1, 2015*; (ii) uses as its total source of fuel renewable energy, as defined in § 56-576; (iii) is located on the customer's premises and is connected to the customer's wiring on the customer's side of its interconnection with the distributor; (iv) is interconnected and operated in parallel with an electric company's transmission and distribution facilities; and (v) is intended primarily to offset all or part of the customer's own electricity requirements. *In addition to the electrical generating facility size limitations in clause (i), the capacity of any generating facility installed under this section after July 1, 2015, shall not exceed the expected annual energy consumption based on the previous 12 months of billing history or an annualized calculation of billing history if 12 months of billing history is not available.*

"Net energy metering" means measuring the difference, over the net metering period, between (i) electricity supplied to an eligible customer-generator or eligible agricultural customer-generator from the electric grid and (ii) the electricity generated and fed back to the electric grid by the eligible customer-generator or eligible agricultural customer-generator.

"Net metering period" means the 12-month period following the date of final interconnection of the eligible customer-generator's or eligible agricultural customer-generator's system with an electric service provider, and each 12-month period thereafter.

C. The Commission's regulations shall ensure that (i) the metering equipment installed for net metering shall be capable of measuring the flow of electricity in two directions *and (ii) any eligible customer-generator seeking to participate in net energy metering shall notify its supplier and receive approval to interconnect prior to installation of an electrical generating facility. The electric distribution company shall have 30 days from the date of notification for residential facilities, and 60 days from the date of notification for nonresidential facilities, to determine whether the interconnection requirements have been met.* Such regulations shall allocate fairly the cost of such equipment and any necessary interconnection. An eligible customer-generator's electrical generating system, and each electrical generating system of an eligible agricultural customer-generator, shall meet all applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers, and accredited testing laboratories such as Underwriters Laboratories. *Beyond the requirements set forth in this section and to ensure public safety, power quality, and reliability of the supplier's electric distribution system, an eligible customer-generator or eligible agricultural customer-generator whose electrical generating system meets those standards and rules shall bear the all reasonable cost costs of equipment required for the interconnection to the supplier's electric distribution system, including costs, if any, as determined by the Commission,* to (a) install additional controls, (b) perform or pay for additional tests, *and* (c) purchase additional liability insurance.

D. The Commission shall establish minimum requirements for contracts to be entered into by the parties to net metering arrangements. Such requirements shall protect the eligible customer-generator or eligible agricultural customer-generator against discrimination by virtue of its status as an eligible customer-generator or eligible agricultural customer-generator, and permit customers that are served on time-of-use tariffs that have electricity supply demand charges contained within the electricity supply portion of the time-of-use tariffs to participate as an eligible customer-generator or eligible agricultural customer-generator. Notwithstanding the cost allocation provisions of subsection C, eligible customer-generators or eligible agricultural customer-generators served on demand charge-based time-of-use tariffs shall bear the incremental metering costs required to net meter such customers.

E. If electricity generated by an eligible customer-generator or eligible agricultural customer-generator over the net metering period exceeds the electricity consumed by the eligible customer-generator or eligible agricultural customer-generator, the customer-generator or eligible agricultural customer-generator shall be compensated for the excess electricity if the entity contracting to receive such electric energy and the eligible customer-generator or eligible agricultural customer-generator enter into a power purchase agreement for such excess electricity. Upon the written request of the eligible customer-generator or eligible agricultural customer-generator, the supplier that serves the eligible

customer-generator or eligible agricultural customer-generator shall enter into a power purchase agreement with the requesting eligible customer-generator or eligible agricultural customer-generator that is consistent with the minimum requirements for contracts established by the Commission pursuant to subsection D. The power purchase agreement shall obligate the supplier to purchase such excess electricity at the rate that is provided for such purchases in a net metering standard contract or tariff approved by the Commission, unless the parties agree to a higher rate. The eligible customer-generator or eligible agricultural customer-generator owns any renewable energy certificates associated with its electrical generating facility; however, at the time that the eligible customer-generator or eligible agricultural customer-generator enters into a power purchase agreement with its supplier, the eligible customer-generator or eligible agricultural customer-generator shall have a one-time option to sell the renewable energy certificates associated with such electrical generating facility to its supplier and be compensated at an amount that is established by the Commission to reflect the value of such renewable energy certificates. Nothing in this section shall prevent the eligible customer-generator or eligible agricultural customer-generator and the supplier from voluntarily entering into an agreement for the sale and purchase of excess electricity or renewable energy certificates at mutually-agreed upon prices if the eligible customer-generator or eligible agricultural customer-generator does not exercise its option to sell its renewable energy certificates to its supplier at Commission-approved prices at the time that the eligible customer-generator or eligible agricultural customer-generator enters into a power purchase agreement with its supplier. All costs incurred by the supplier to purchase excess electricity and renewable energy certificates from eligible customer-generators or eligible agricultural customer-generators shall be recoverable through its Renewable Energy Portfolio Standard (RPS) rate adjustment clause, if the supplier has a Commission-approved RPS plan. If not, then all costs shall be recoverable through the supplier's fuel adjustment clause. For purposes of this section, "all costs" shall be defined as the rates paid to the eligible customer-generator or eligible agricultural customer-generator for the purchase of excess electricity and renewable energy certificates and any administrative costs incurred to manage the eligible customer-generator's or eligible agricultural customer-generator's power purchase arrangements. The net metering standard contract or tariff shall be available to eligible customer-generators or eligible agricultural customer-generators on a first-come, first-served basis in each electric distribution company's Virginia service area until the rated generating capacity owned and operated by eligible customer-generators or eligible agricultural customer-generators in the state reaches one percent of each electric distribution company's adjusted Virginia peak-load forecast for the previous year, and shall require the supplier to pay the eligible customer-generator or eligible agricultural customer-generator for such excess electricity in a timely manner at a rate to be established by the Commission.

F. Any residential eligible customer-generator or eligible agricultural customer-generator who owns and operates, or contracts with other persons to own, operate, or both, an electrical generating facility with a capacity that exceeds 10 kilowatts shall pay to its supplier, in addition to any other charges authorized by law, a monthly standby charge. The amount of the standby charge and the terms and conditions under which it is assessed shall be in accordance with a methodology developed by the supplier and approved by the Commission. The Commission shall approve a supplier's proposed standby charge methodology if it finds that the standby charges collected from all such eligible customer-generators and eligible agricultural customer-generators allow the supplier to recover only the portion of the supplier's infrastructure costs that are properly associated with serving such eligible customer-generators or eligible agricultural customer-generators. Such an eligible customer-generator or eligible agricultural customer-generator shall not be liable for a standby charge until the date specified in an order of the Commission approving its supplier's methodology.

Any debt so incurred may be evidenced by notes duly authorized by resolution of the Treasury Board, such notes to be retired no later than the end of the biennium in which such debt is incurred. The Treasury Board may commingle, for purposes of investment, the corpus of the Endowment provided that it shall appropriately account for the investments credited to the Endowment. The expenses of making and disposing of investments, such as brokerage commissions, legal expenses related to a particular transaction, investment advisory and management fees and expenses, transfer taxes, and other customary transactional expenses shall be payable out of the income of the Endowment.

Not less than annually and more frequently if so desired by the Commission or requested by the Treasury Board, the Commission shall provide to the Treasury Board schedules of anticipated disbursements from the Fund for the current and succeeding fiscal year, and the Treasury Board shall, to the extent practicable, take into account such schedules and changes thereto in scheduling maturities and redemptions of its investments of the Endowment.

~~To the extent quota holders in Virginia are not otherwise compensated by a national tobacco community trust fund or a federal tobacco loss assistance program that is based on substantially the same distribution criteria established by the Commission for indemnification payments and to the extent moneys are available in the Fund, the Fund shall be used to compensate quota holders in an amount equal to the total lost asset value in quota incurred annually by such quota holders.~~

To the extent active tobacco producers in Virginia are not otherwise compensated by a national tobacco community trust fund or a federal tobacco loss assistance program that is based on substantially the same distribution criteria established by the Commission for indemnification payments and to the extent moneys are available in the Fund, the Fund shall be used to compensate active tobacco producers for the economic loss resulting from any annual quota reduction.

For the purposes of this section, the total asset loss value in quota and economic losses for tobacco farmers in Virginia shall be estimated to be \$1.2 billion.

For an agriculture or forestry program, the matrix shall be based on jobs, capital investment, amount of Virginia-grown agricultural and forestal products used by the project, projected impact on agricultural and forestal producers, and a return on investment analysis.*

*The Commission shall require each applicant to provide with its application (i) baseline figures, (ii) explicit and quantified outcome expectations, (iii) the method used to calculate outcome expectations, (iv) details on the timing of the expected outcomes, and (v) a specific link to economic revitalization and the Strategic Plan.*

*The Commission shall require that as a condition of receiving any grant or loan incentive each project (a) demonstrate how it will address low employment levels, per capita income, educational attainment, or other workforce indicators; (b) be consistent with the Strategic Plan; and (c) receive a written recommendation as to its financial viability and feasibility from the Manager pursuant to subdivision A 9 of § 3.2-3103.*

#### **§ 3.2-3111. Confidentiality of information.**

C. Nothing in this section shall prohibit the Commission, in its discretion, from releasing any information that has been transformed into a statistical or aggregate form that does not allow the identification of the person who supplied particular information or the sum of money received by a particular recipient.

D. Personal and financial information supplied by or maintained on persons or entities applying for or receiving distributions from the Fund for economic growth and development, as well as specific information relating to the amount and identity of recipients of such distributions, shall be subject to disclosure in accordance with the Virginia Freedom of Information Act (§ 2.2-3700 et seq.). The provisions of that Act applicable to records or meetings of the Virginia Economic Development Partnership or other state or local economic development entities shall apply mutatis mutandis to the Commission and the Manager selected pursuant to subdivision A 9 of § 3.2-3103.

E. The provisions of this section shall also apply to any department, agency, institution, political subdivision, or employee of the Commonwealth or a political subdivision that receives personal or financial information from the Commission in order to process checks for payments from the Fund or to assist the Commission with the administration and enforcement of this chapter.

[S 999]

Approved March 23, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 58.1-803, 58.1-809, and 58.1-812 of the Code of Virginia are amended and reenacted as follows:**

**§ 58.1-803. Deeds of trust or mortgages; maximum tax.**

A. ~~A~~ 1. *Except as provided in this section, a recordation tax on deeds of trust or mortgages is hereby imposed at a rate of 25 cents on every \$100 or portion thereof of the amount of bonds or other obligations secured thereby. In the event of an open, credit line, or revolving deed of trust, the amount of the obligation for purposes of this section shall be the maximum amount ~~which~~ secured that may be outstanding at any one time, regardless of the amount owed or outstanding at the time the instrument is recorded.*

2. In any case in which the amount which may be secured under a deed of trust or mortgage is not ascertainable, or in which the obligations described are not fully secured because they exceed the fair market value of the property conveyed, the tax shall be based upon the fair market value of the property conveyed, determined as of the date of the deed of trust or mortgage. The fair market value of the property shall include the value of any realty required by the terms of the deed of trust or mortgage to be constructed thereon.

B. On deeds of trust or mortgages upon the works and property of a railroad lying partly within the Commonwealth and partly without the Commonwealth, the tax shall be only upon such proportion of the amount of bonds, or other obligations secured thereby, as the number of miles of the line of such company in the Commonwealth bears to the whole number of miles of the line of such company conveyed by such deed of trust or mortgage.

~~Upon~~ On deeds of trust or mortgages conveying ~~either~~ (i) property lying partly within the Commonwealth and partly ~~without~~ outside the Commonwealth or (ii) property within the Commonwealth to secure bonds or obligations secured by deeds of trust or mortgages on property outside the Commonwealth, the tax herein imposed shall be only upon such proportion of the ~~debt secured~~ bonds or obligations as the actual value of the property located within the Commonwealth, or which may be brought into the Commonwealth, bears to the actual value of the entire amount of property conveyed by such deed of trust or mortgage or to the entire amount of property conveyed by all of such deeds of trust or mortgages to secure the bonds or obligations, as applicable, subject to the limitations set forth in subdivision A 2.

C. On deeds of trust or mortgages, which provide for an initial issue of bonds, to be followed thereafter by additional bonds, unlimited in amount, if such deed of trust or mortgage provides that as and when such additional bonds are issued a supplemental indenture shall be recorded in the office in which the original deed of trust or mortgage is first recorded, which supplement shall contain a statement as to the amount of the additional bonds to be issued, then the tax shall be paid upon the initial amount of bonds when the original deed of trust is recorded and thereafter on each additional amount of bonds when the supplemental indenture relating to such additional bonds is recorded.

D. 1. On deeds of trust ~~or~~ mortgages ~~which~~, or other instruments that are supplemental to ~~or~~ wrap around ~~existing~~ deeds of trust, or which modify the terms of an existing ~~debt with the same lender deed of trust or mortgage~~, on which the tax imposed hereunder has already been paid, the tax shall be paid only on that portion of the face amount of the bond or obligation secured thereby which is in addition to the amount of the ~~existing~~ original debt or obligation secured by ~~a~~ the deed of trust or mortgage on which tax has been paid. *The tax shall be calculated using the rate scale in subsection F, starting at the point on the scale that applies to the first dollar in excess of the amount of the original debt or obligation secured by the prior instrument. In the event of an open, credit line, or revolving deed of trust, the additional amount secured shall be the amount by which the original obligation secured by the supplemental instrument exceeds the maximum obligation secured by the prior instrument, regardless of the amount owed or outstanding at the time those instruments were recorded. The instrument shall certify the amount of the ~~existing~~ original debt or obligation secured, subject to the limitation set forth in subdivision A 2.*

2. *If the principal amount of the obligation secured by the prior instrument is increased by the supplemental instrument, the tax imposed under this section shall be paid only on the amount of the increase over the original amount*

secured by the prior instrument. If the bonds or other obligations secured by a prior instrument were not fully secured because they exceeded the fair market value of the property conveyed and the tax paid on the prior instrument was based upon the fair market value of the property conveyed pursuant to subdivision A 2, then the foregoing tax shall be paid on the increase, if any, in the value of such property since the recordation of the prior instrument.

3. The supplemental instrument, or any cover sheet submitted with the supplemental instrument, shall include the original principal amount of the bonds or other obligations secured by the prior instrument, the deed book and page number or instrument number, as applicable, of the prior instrument, and, if applicable with regard to the calculation of the tax paid on the prior instrument, any increase in the fair market value of the property conveyed.

~~D. E. 1.~~ On deeds of trust or mortgages, the purpose of which is to ~~refinance~~ secure the refinancing of an existing debt, which debt is secured by a deed of trust or mortgage on which the tax imposed hereunder has been paid, the tax shall be paid ~~only on that portion of~~ on the amount of the bond or other obligation secured thereby ~~determined~~, subject to the limitation set forth in subdivision A 2, in accordance with the following schedule:

On the first \$10 million of value as determined pursuant to this section, 18 cents (\$0.18) upon every \$100 or portion thereof;

For purposes of this subsection, the term "value" means ~~the portion of~~ the amount of the bond or other obligation secured by ~~the property conveyed by~~ the refinancing deed of trust.

~~E. F.~~ The maximum tax on the recordation of any deed of trust or mortgage or on any indenture supplemental thereto, other than instruments subject to ~~subsection D~~ subdivision E 1, shall be determined in accordance with the following schedule:

The assumption of a deed of trust shall not be separately taxable under §§ 58.1-801, 58.1-803 or § 58.1-807, whether such assumption is by a separate instrument or included in the deed of conveyance.

**§ 58.1-812. Payment prerequisite to recordation; exceptions; assessment and collection of tax; penalty for misrepresentation.**

A. Except as otherwise provided in this chapter, no deed, deed of trust, contract or other instrument shall be admitted to record without the payment of the tax imposed thereon by law and the fee pursuant to § 58.1-817, as applicable. However, after payment of the tax imposed by this chapter, when an instrument is first offered for recordation, such instrument may thereafter be recorded in the office of any other clerk without the payment of any tax except any local recordation tax as provided in Article 1 (§ 58.1-3800 et seq.) of Chapter 38 of ~~this title~~. Any instrument may also be recorded free of tax and fee in the office of the clerk where such instrument was originally recorded when the record containing such instrument has been destroyed.

The clerk may ascertain the consideration of the deed or of the instrument, the actual value of the property conveyed, and the qualification of the deed or instrument for any exemption claimed by inquiry, affidavit, declaration or other extrinsic evidence acceptable to the clerk. The fee shall be \$1 on every recorded deed pursuant to § 58.1-817 and shall be collected by the clerk in whose office the deed is offered for recordation.

C. Any person who knowingly misrepresents the consideration for the interest in property conveyed by a deed or other instrument or any of the other information requested by the clerk of court pursuant to this section shall be guilty of a Class 1 misdemeanor. If an understatement of the consideration is false or fraudulent with intent to evade a tax, a penalty equal to 100 percent of the tax due on the understatement shall be added to the amount of the tax due, plus interest on the tax at a rate determined in accordance with § 58.1-15 from the time the tax was required by law to be filed until paid.

*D. Except as otherwise specifically provided, nothing contained in this chapter shall limit the right of the parties to any deed, deed of trust, contract, lease, or other instrument to allocate responsibility for the payment of the recordation taxes and fees imposed under this chapter among themselves in any manner they determine. A clerk who in good faith collects such taxes and fees upon recordation of a deed, deed of trust, contract, lease, or other instrument in reliance upon information provided by the person submitting such deed, deed of trust, contract, lease, or other instrument for recordation shall have no personal liability for any deficiency in the amount of such taxes or fees collected that is later determined to be due and payable.*

C. Nothing in this section shall prevent the Department of Forensic Science from including the identification characteristics of an individual's DNA profile in the DNA data bank as ordered by a circuit court pursuant to a lawful plea agreement.

D. A collection or placement of a sample for DNA analysis that was taken or retained in good faith does not invalidate the sample's use in the data bank pursuant to the provisions of this article. The detention, arrest, or conviction of a person based upon a data bank match or data bank information is not invalidated if it is determined that the sample was obtained, placed, or retained in the data bank in good faith, or if the conviction or juvenile adjudication that resulted in the collection of the DNA sample was subsequently vacated or otherwise altered in any future proceeding, including but not limited to post-trial or post-fact-finding motions, appeals, or collateral attacks.

E. The Virginia Department of Corrections and the Department of Forensic Science shall, on a quarterly basis, compare databases of offenders under the custody or supervision of the Department of Corrections with the DNA data bank of the Department of Forensic Science. The Virginia Department of Corrections shall require a DNA sample of those offenders under its custody or supervision if they are not identified in the DNA data bank.

F. Each community-based probation services agency established pursuant to § 9.1-174 shall determine by reviewing the Local Inmate Data System upon intake and again prior to discharge whether a blood, saliva, or tissue sample has been taken for DNA analysis for each offender required to submit a sample pursuant to this section and, if no sample has been taken, require an offender to submit a sample for DNA analysis.

G. The sheriff or regional jailer shall determine by reviewing the Local Inmate Data System upon intake and again prior to release whether a blood, saliva, or tissue sample has been taken for DNA analysis for each offender required to submit a sample pursuant to this section and, if no sample has been taken, require an offender to submit a sample for DNA analysis.

**§ 19.2-310.7. Expungement when DNA taken for a conviction.**

A person whose DNA profile has been included in the data bank pursuant to § 19.2-310.2 may request expungement on the grounds that the ~~felony~~ conviction on which the authority for including his DNA profile was based has been reversed and the case dismissed. *The* *Provided that the person's DNA profile is not otherwise required to be included in the data bank pursuant to § 9.1-903, 16.1-299.1, 19.2-310.2, or 19.2-310.2:1,* the Department of Forensic Science shall purge all records and identifiable information in the data bank pertaining to the person and destroy all samples from the person upon receipt

of (i) a written request for expungement pursuant to this section and (ii) a certified copy of the court order reversing and dismissing the conviction.

**2. That the provisions of this act shall apply only to persons convicted on or after July 1, 2015.**

## CHAPTER 442

*An Act to amend and reenact § 65.2-101 of the Code of Virginia, relating to the Virginia Workers' Compensation Act; definition of employee; property owners' associations.*

[H 1285]

Approved March 23, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 65.2-101 of the Code of Virginia is amended and reenacted as follows:**

**§ 65.2-101. Definitions.**

As used in this title:

"Average weekly wage" means:

1. a. The earnings of the injured employee in the employment in which he was working at the time of the injury during the period of 52 weeks immediately preceding the date of the injury, divided by 52; but if the injured employee lost more than seven consecutive calendar days during such period, although not in the same week, then the earnings for the remainder of the 52 weeks shall be divided by the number of weeks remaining after the time so lost has been deducted. When the employment prior to the injury extended over a period of less than 52 weeks, the method of dividing the earnings during that period by the number of weeks and parts thereof during which the employee earned wages shall be followed, provided that results fair and just to both parties will be thereby obtained. When, by reason of a shortness of time during which the employee has been in the employment of his employer or the casual nature or terms of his employment, it is impractical to compute the average weekly wages as above defined, regard shall be had to the average weekly amount which during the 52 weeks previous to the injury was being earned by a person of the same grade and character employed in the same class of employment in the same locality or community.

b. When for exceptional reasons the foregoing would be unfair either to the employer or employee, such other method of computing average weekly wages may be resorted to as will most nearly approximate the amount which the injured employee would be earning were it not for the injury.

2. Whenever allowances of any character made to an employee in lieu of wages are a specified part of the wage contract, they shall be deemed a part of his earnings. For the purpose of this title, the average weekly wage of the members of the Virginia National Guard, the Virginia Naval Militia and the Virginia Defense Force, registered members on duty or in training of the United States Civil Defense Corps of this Commonwealth, volunteer firefighters engaged in firefighting activities under the supervision and control of the Department of Forestry, and forest wardens shall be deemed to be such amount as will entitle them to the maximum compensation payable under this title; however, any award entered under the provisions of this title on behalf of members of the National Guard, the Virginia Naval Militia or their dependents, or registered members on duty or in training of the United States Civil Defense Corps of this Commonwealth or their dependents, shall be subject to credit for benefits paid them under existing or future federal law on account of injury or occupational disease covered by the provisions of this title.

3. Whenever volunteer firefighters, volunteer lifesaving or volunteer rescue squad members, volunteer law-enforcement chaplains, auxiliary or reserve police, auxiliary or reserve deputy sheriffs, volunteer emergency medical technicians, members of volunteer search and rescue organizations, volunteer members of community emergency response teams, and volunteer members of medical reserve corps are deemed employees under this title, their average weekly wage shall be deemed sufficient to produce the minimum compensation provided by this title for injured workers or their dependents. For the purposes of workers' compensation insurance premium calculations, the monthly payroll for each volunteer firefighter or volunteer lifesaving or volunteer rescue squad member shall be deemed to be \$300.

4. The average weekly wage of persons, other than those covered in subdivision 3 of this definition, who respond to a hazardous materials incident at the request of the Department of Emergency Management shall be based upon the earnings of such persons from their primary employers.

"Award" means the grant or denial of benefits or other relief under this title or any rule adopted pursuant thereto.

"Change in condition" means a change in physical condition of the employee as well as any change in the conditions under which compensation was awarded, suspended, or terminated which would affect the right to, amount of, or duration of compensation.

"Coemployee" means an employee performing services pursuant to an agreement for professional employer services between a client company and a professional employer organization.

"Commission" means the Virginia Workers' Compensation Commission as well as its former designation as the Virginia Industrial Commission.

"Employee" means:

1. a. Every person, including aliens and minors, in the service of another under any contract of hire or apprenticeship, written or implied, whether lawfully or unlawfully employed, except (i) one whose employment is not in the usual course of the trade, business, occupation or profession of the employer or (ii) as otherwise provided in subdivision 2 of this definition.

b. Any apprentice, trainee, or retrainee who is regularly employed while receiving training or instruction outside of regular working hours and off the job, so long as the training or instruction is related to his employment and is authorized by his employer.

c. Members of the Virginia National Guard and the Virginia Naval Militia, whether on duty in a paid or unpaid status or when performing voluntary service to their unit in a nonduty status at the request of their commander.

Income benefits for members of the National Guard or Naval Militia shall be terminated when they are able to return to their customary civilian employment or self-employment. If they are neither employed nor self-employed, those benefits shall terminate when they are able to return to their military duties. If a member of the National Guard or Naval Militia who is fit to return to his customary civilian employment or self-employment remains unable to perform his military duties and thereby suffers loss of military pay which he would otherwise have earned, he shall be entitled to one day of income benefits for each unit training assembly or day of paid training which he is unable to attend.

d. Members of the Virginia Defense Force.

e. Registered members of the United States Civil Defense Corps of this Commonwealth, whether on duty or in training.

f. Except as provided in subdivision 2 of this definition, all officers and employees of the Commonwealth, including (i) forest wardens; (ii) judges, clerks, deputy clerks and employees of juvenile and domestic relations district courts and general district courts; and (iii) secretaries and administrative assistants for officers and members of the General Assembly employed pursuant to § 30-19.4 and compensated as provided in the general appropriation act, who shall be deemed employees of the Commonwealth.

deputies, officers and employees, and electoral board members appointed in accordance with § 24.2-106, who shall be deemed employees of the respective cities, counties and towns in which their services are employed and by whom their salaries are paid or in which their compensation is earnable. However, notwithstanding the foregoing provision of this subdivision, such individuals who would otherwise be deemed to be employees of the city, county, or town in which their services are employed and by whom their salaries are paid or in which their compensation is earnable shall be deemed to be employees of the Commonwealth while rendering aid outside of the Commonwealth pursuant to a request, approved by the Commonwealth, under the Emergency Management Assistance Compact enacted pursuant to § 44-146.28:1.

j. Members of the governing body of any county, city or town in the Commonwealth, whenever coverage under this title is extended to such members by resolution or ordinance duly adopted.

k. Volunteers, officers and employees of any commission or board of any authority created or controlled by a local governing body, or any local agency or public service corporation owned, operated or controlled by such local governing body, whenever coverage under this title is authorized by resolution or ordinance duly adopted by the governing board of any county, city, town, or any political subdivision thereof.

[H 1357]

Approved March 23, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 38.2-231, 38.2-2113, and 38.2-2208 of the Code of Virginia are amended and reenacted as follows:**

**§ 38.2-231. Notice of cancellation, refusal to renew, reduction in coverage or increase in premium of certain liability insurance policies.**

A. 1. No cancellation or refusal to renew by an insurer of (i) a policy of insurance as defined in § 38.2-117 or 38.2-118 insuring a business entity; (ii) a policy of insurance that includes as a part thereof insurance as defined in § 38.2-117 or 38.2-118 insuring a business entity; (iii) a policy of motor vehicle insurance against legal liability of the insured as defined in § 38.2-124 insuring a business entity; or (iv) a policy of miscellaneous casualty insurance as defined in subsection B of § 38.2-111 insuring a business entity shall be effective unless the insurer delivers or mails to the first named insured at the address shown on the policy a written notice of cancellation or refusal to renew, or delivers such notice electronically to the address provided by the first named insured. Such notice shall:

a. Be in a type size authorized under § 38.2-311;

b. State the date, which shall not be less than 45 days after the delivery or mailing of the notice of cancellation or refusal to renew, on which such cancellation or refusal to renew shall become effective, except that such effective date may

not be less than 15 days from the date of mailing or delivery when the policy is being cancelled or not renewed for failure of the insured to discharge when due any of its obligations in connection with the payment of premium for the policy;

c. State the specific reason or reasons of the insurer for cancellation or refusal to renew;

d. Advise the first named insured of its right to request in writing, within 15 days of the receipt of the notice, that the Commissioner of Insurance review the action of the insurer; and

e. In the case of a policy of motor vehicle insurance, inform the first named insured of the possible availability of other insurance which may be obtained through its agent, through another insurer, or through the Virginia Automobile Insurance Plan.

2. Nothing in this subsection shall apply to any policy of insurance if the named insured or his duly constituted attorney-in-fact has notified orally, or in writing, if the insurer requires such notification to be in writing, the insurer or its agent that he wishes the policy to be canceled or that he does not wish the policy to be renewed, or if, prior to the date of expiration, he fails to accept the offer of the insurer to renew the policy.

3. Nothing in this subsection shall apply if an affiliated insurer has manifested its willingness to provide coverage at a lower premium than would have been charged for the same exposures on the expiring policy. The affiliated insurer shall manifest its willingness to provide coverage by issuing a policy with the types and limits of coverage at least equal to those contained in the expiring policy unless the named insured has requested a change in coverage or limits. When such offer is made by an affiliated insurer, an offer of renewal shall not be required of the insurer of the expiring policy, and the policy issued by the affiliated insurer shall be deemed to be a renewal policy.

B. No insurer shall cancel or refuse to renew a policy of motor vehicle insurance against legal liability of the insured as defined in § 38.2-124 insuring a business entity solely because of lack of supporting business or lack of the potential for acquiring such business.

C. No reduction in coverage for personal injury or property damage liability initiated by an insurer and no insurer-initiated increase in the premium greater than 25 percent of (i) a policy of insurance defined in § 38.2-117 or 38.2-118 insuring a business entity; (ii) a policy of insurance that includes as a part thereof insurance defined in § 38.2-117 or 38.2-118 insuring a business entity; (iii) a policy of motor vehicle insurance against legal liability of the insured as defined in § 38.2-124 insuring a business entity; or (iv) a policy of miscellaneous casualty insurance as defined in subsection B of § 38.2-111 insuring a business entity, and which in the case of a reduction in coverage is subject to § 38.2-1912, shall be effective unless the insurer delivers or mails to the first named insured at the address shown on the policy, or delivers electronically to the address provided by the first named insured, a written notice of such reduction in coverage or premium increase not later than 45 days prior to the effective date of same. The increase in premium shall be the difference between the renewal premium and the premium charged by the insurer at the effective date of the expiring policy. Such notice shall:

1. Be in a type size authorized under § 38.2-311;

2. State the date, which shall not be less than 45 days after the delivery or mailing of the notice of reduction in coverage or increase in premium, on which such reduction in coverage or increase in premium shall become effective;

3. Advise the first named insured of the specific reason for the increase and the amount of the increase, or, if in the case of a reduction in coverage, the specific reason for the reduction and the manner in which coverage will be reduced, or that such information may be obtained from the agent or the insurer;

4. Advise the first named insured of its right to request in writing, within 15 days of receipt of the notice, that the Commissioner of Insurance review the action of the insurer.

D. If an insurer does not provide notice in the manner required in subsection C, coverage shall remain in effect until 45 days after written notice of reduction in coverage or increase in premium is mailed or delivered to the first named insured at the address shown on the policy, or delivered electronically to the address provided by the first named insured, unless the named insured obtains replacement coverage or elects to cancel sooner in either of which cases coverage under the prior policy shall cease on the effective date of the replacement coverage or the elected date of cancellation as the case may be. If the named insured fails to accept or rejects the changed policy, coverage for any period that extends beyond the expiration date will be under the prior policy's rates, terms and conditions as applied against the renewal policy's limits, rating exposures, and additional coverages. If the named insured accepts the changed policy, the reduction in coverage or increase in premium shall take effect upon the expiration of the prior policy.

E. Notice of reduction in coverage or increase in premium shall not be required if:

1. The insurer, after written demand, has not received, within 45 days after such demand has been mailed or delivered to the first named insured at the address shown on the policy, or delivered electronically to the address provided by the first named insured, sufficient information from the named insured to provide the required notice;

2. Such notice is waived in writing by the named insured;

3. The insurer delivers or mails to the first named insured a renewal policy or a renewal offer not less than 45 days prior to the effective date of the policy or, in the case of a medical malpractice insurance policy, not less than 90 days prior to the effective date of the policy;

4. The policy is issued to a large commercial risk as defined in subsection C of § 38.2-1903.1 but excluding policies of medical malpractice insurance; or

5. The policy is retrospectively rated, where the premium is adjusted at the end of the policy period to reflect the risk's actual loss experience.

F. No written notice of cancellation, refusal to renew, reduction in coverage or increase in premium that is mailed or delivered electronically by an insurer to a first named insured in accordance with this section shall be effective unless:

1. a. It is sent by registered or certified mail *or any other similar first-class mail tracking method that is used or approved by the United States Postal Service; or*

~~b. At the time of mailing the insurer obtains a written receipt from the United States Postal Service showing the name and address of the first named insured stated in the policy;~~

~~c. At the time of mailing the insurer (i) obtains a written receipt from the United States Postal Service showing the date of mailing and the number of items mailed and (ii) retains a mailing list showing the name and address of the first named insured stated in the policy, or the last known address, to whom the notices were mailed, together with a signed statement by the insurer that the written receipt from the United States Postal Service corresponds to the mailing list retained by the insurer; or~~

~~d. If delivered electronically, the insurer retains evidence of electronic transmittal or receipt of the notification for at least one year from the date of the transmittal; and~~

2. The insurer retains a copy of the notice of cancellation, refusal to renew, reduction in coverage or increase in premium.

3. a. If the terms of a policy of motor vehicle insurance insuring a business entity require the notice of cancellation, refusal to renew, reduction in coverage or increase in premium to be given to any lienholder, then the insurer shall mail such notice and retain a copy of the notice in the manner required by this subsection. If the notices sent to the first named insured and the lienholder are part of the same form, the insurer may retain a single copy of the notice. The registered, certified or regular mail postal receipt and the copy of the notices required by this subsection shall be retained by the insurer for at least one year from the date of termination.

b. Notwithstanding the provisions of subdivision 3 a, if the terms of the policy require the notice of cancellation, refusal to renew, reduction in coverage or increase in premium to be given to any lienholder, the insurer and lienholder may agree by separate agreement that such notices may be transmitted electronically provided that the insurer and lienholder agree upon the specifics for transmittal and acknowledgement of notification. Evidence of transmittal or receipt of the notification required by this subsection shall be retained by the insurer for at least one year from the date of termination.

4. Copy, as used in this subsection, shall include photographs, microphotographs, photostats, microfilm, microcard, printouts or other reproductions of electronically stored data, or copies from optical disks, electronically transmitted facsimiles, or any other reproduction of an original from a process which forms a durable medium for its recording, storing, and reproducing.

G. Nothing in this section shall prohibit any insurer or agent from including in a notice of cancellation, refusal to renew, reduction in coverage or premium increase any additional disclosure statements required by state or federal laws.

H. For the purpose of this section, the terms (i) "business entity" shall mean an entity as defined by subsection A of § 13.1-543, § 13.1-603 or 13.1-803 and shall include an individual, a partnership, an unincorporated association, the Commonwealth, a county, city, town, or an authority, board, commission, sanitation, soil and water, planning or other district, public service corporation owned, operated or controlled by the Commonwealth, a locality or other local governmental authority; (ii) "policy of motor vehicle insurance" shall mean a policy or contract for bodily injury or property damage liability insuring a business entity issued or delivered in this Commonwealth covering liability arising from the ownership, maintenance, or use of any motor vehicle, but does not include (a) any policy issued through the Virginia Automobile Insurance Plan, (b) any policy providing insurance only on an excess basis, or (c) any other contract providing insurance to the named insured even though the contract may incidentally provide insurance on motor vehicles; and (iii) "reduction in coverage" shall mean, but not be limited to, any diminution in scope of coverage, decrease in limits of liability, addition of exclusions, increase in deductibles, or reduction in the policy term or duration except a reduction in coverage filed with and approved by the Commission and applicable to an entire line, classification or subclassification of insurance.

I. Within 15 days of receipt of the notice of cancellation, refusal to renew, reduction in coverage or increase in premium, the named insured shall be entitled to request in writing to the Commissioner that he review the action of the insurer. Upon receipt of the request, the Commissioner shall promptly begin a review to determine whether the insurer's notice of cancellation, refusal to renew, reduction in coverage or premium increase complies with the requirements of this section. Where the Commissioner finds from the review that the notice of cancellation, refusal to renew, reduction in coverage or premium increase does not comply with the requirements of this section, he shall immediately notify the insurer, the named insured and any other person to whom such notice was required to be given by the terms of the policy that such notice is not effective. Nothing in this section authorizes the Commissioner to substitute his judgment as to underwriting for that of the insurer. Pending review by the Commission, this section shall not operate to relieve an insured from the obligation to pay any premium when due; however, if the Commission finds that the notice required by this section was not proper, the Commission may order the insurer to pay to the insured any overpayment of premium made by the insured.

J. Every insurer shall maintain for at least one year records of cancellation, refusals to renew, reductions in coverage and premium increases to which this section applies and copies of every notice or statement required by subsections A, C, F and L of this section that it sends to any of its insureds.

K. There shall be no liability on the part of and no cause of action of any nature shall arise against (i) the Commissioner of Insurance or his subordinates; (ii) any insurer, its authorized representative, its agents, or its employees; or (iii) any firm, person or corporation furnishing to the insurer information as to reasons for cancellation, refusal to renew, reduction in coverage or premium increase, for any statement made by any of them in complying with this section or for providing information pertaining thereto.

L. Notwithstanding anything in this section to the contrary, if an insurer cancels or refuses to renew a policy of medical malpractice insurance as defined in § 38.2-2800, or if, as a result of an insurer-initiated increase in premium, the premium increases for a medical malpractice insurance policy by more than 25 percent of the previous policy's premium, the insurer shall provide no fewer than 90 days notice prior to the renewal effective date, or, if such policy is being cancelled or non-renewed for failure of the insured to discharge when due any of its obligations in connection with the payment of premium for the policy, the effective date of cancellation or refusal to renew shall not be less than 15 days from the date of mailing or delivery of the notice. The increase in the premium shall be the difference between the renewal premium and the premium charged by the insurer at the effective date of the expiring policy.

M. As used in this section, an "insurer-initiated increase in premium" means an increase in premium other than one resulting from changes in (i) coverage requested by the insured, (ii) policy limits requested by the insured, (iii) the insured's operation or location that result in a change in the classification of the risk, or (iv) the rating exposures including, but not limited to, increases in payroll, receipts, square footage, number of automobiles insured, or number of employees.

**§ 38.2-2113. Mailing or electronic delivery of notice of cancellation or refusal to renew.**

C. 1. The registered, certified or regular mail postal receipt and copy of the notices required by this section shall be retained by the insurer for at least one year from the date of termination.

2. Notwithstanding the provisions of subdivision C 1, if the terms of the policy require the notice of cancellation or refusal to renew to be given to any lienholder, the insurer and lienholder may agree by separate agreement that such notices may be transmitted electronically provided that the insurer and lienholder agree upon the specifics for transmittal and acknowledgement of notification. Evidence of transmittal or receipt of the notification required by this subsection shall be retained by the insurer for at least one year from the date of termination.

D. Copy, as used in this section, shall include photographs, microphotographs, photostats, microfilm, microcard, printouts or other reproductions of electronically stored data or copies from optical disks, electronically transmitted facsimiles, or any other reproduction of an original from a process which forms a durable medium for its recording, storing, and reproducing.

b. ~~At the time of mailing the insurer obtains a written receipt from the United States Postal Service showing the name and address of the insured stated in the policy;~~

e. ~~At the time of mailing the insurer (i) obtains a written receipt from the United States Postal Service showing the date of mailing and the number of items mailed and (ii) retains a mailing list showing the name and address of the insured stated in the policy, or the last known address, to whom the notices were mailed, together with a signed statement by the insurer that the written receipt from the United States Postal Service corresponds to the mailing list retained by the insurer; or~~

~~d. If such notice is delivered electronically, the insurer retains evidence of electronic transmittal or receipt of the notification for at least one year from the date of the transmittal; and~~

2. The insurer retains a copy of the notice of cancellation or refusal to renew.

3. [Repealed.]

B. 1. If the terms of the policy require the notice of cancellation or refusal to renew to be given to any lienholder, then the insurer shall mail such notice and retain a copy of the notice in the manner required by subsection A of this section. [H 1806]

Approved March 23, 2015

**Be it enacted by the General Assembly of Virginia:**

**§ 65.2-101. Definitions.**

As used in this title:

"Average weekly wage" means:

1. a. The earnings of the injured employee in the employment in which he was working at the time of the injury during the period of 52 weeks immediately preceding the date of the injury, divided by 52; but if the injured employee lost more than seven consecutive calendar days during such period, although not in the same week, then the earnings for the remainder of the 52 weeks shall be divided by the number of weeks remaining after the time so lost has been deducted. When the employment prior to the injury extended over a period of less than 52 weeks, the method of dividing the earnings during that period by the number of weeks and parts thereof during which the employee earned wages shall be followed, provided that results fair and just to both parties will be thereby obtained. When, by reason of a shortness of time during which the employee has been in the employment of his employer or the casual nature or terms of his employment, it is impractical to compute the average weekly wages as above defined, regard shall be had to the average weekly amount which during the 52 weeks previous to the injury was being earned by a person of the same grade and character employed in the same class of employment in the same locality or community.

b. When for exceptional reasons the foregoing would be unfair either to the employer or employee, such other method of computing average weekly wages may be resorted to as will most nearly approximate the amount which the injured employee would be earning were it not for the injury.

2. Whenever allowances of any character made to an employee in lieu of wages are a specified part of the wage contract, they shall be deemed a part of his earnings. For the purpose of this title, the average weekly wage of the members of the Virginia National Guard, the Virginia Naval Militia and the Virginia Defense Force, registered members on duty or in training of the United States Civil Defense Corps of this Commonwealth, volunteer firefighters engaged in firefighting activities under the supervision and control of the Department of Forestry, and forest wardens shall be deemed to be such amount as will entitle them to the maximum compensation payable under this title; however, any award entered under the provisions of this title on behalf of members of the National Guard, the Virginia Naval Militia or their dependents, or registered members on duty or in training of the United States Civil Defense Corps of this Commonwealth or their dependents, shall be subject to credit for benefits paid them under existing or future federal law on account of injury or occupational disease covered by the provisions of this title.

3. Whenever volunteer firefighters, volunteer lifesaving or volunteer rescue squad members, volunteer law-enforcement chaplains, auxiliary or reserve police, auxiliary or reserve deputy sheriffs, volunteer emergency medical technicians, members of volunteer search and rescue organizations, volunteer members of community emergency response teams, and volunteer members of medical reserve corps are deemed employees under this title, their average weekly wage shall be deemed sufficient to produce the minimum compensation provided by this title for injured workers or their dependents. For the purposes of workers' compensation insurance premium calculations, the monthly payroll for each volunteer firefighter or volunteer lifesaving or volunteer rescue squad member shall be deemed to be \$300.

4. The average weekly wage of persons, other than those covered in subdivision 3 of this definition, who respond to a hazardous materials incident at the request of the Department of Emergency Management shall be based upon the earnings of such persons from their primary employers.

"Award" means the grant or denial of benefits or other relief under this title or any rule adopted pursuant thereto.

If they are neither employed nor self-employed, those benefits shall terminate when they are able to return to their military duties. If a member of the National Guard or Naval Militia who is fit to return to his customary civilian employment or self-employment remains unable to perform his military duties and thereby suffers loss of military pay which he would otherwise have earned, he shall be entitled to one day of income benefits for each unit training assembly or day of paid training which he is unable to attend.

**§ 2.2-4013. Executive review of proposed and final regulations; changes with substantial impact.**

A. The Governor shall adopt and publish procedures by executive order for review of all proposed regulations governed by this chapter by June 30 of the year in which the Governor takes office. The procedures shall include (i) review by the Attorney General to ensure statutory authority for the proposed regulations; and (ii) examination by the Governor to determine if the proposed regulations are (a) necessary to protect the public health, safety and welfare and (b) clearly written and easily understandable. The procedures may also include review of the proposed regulation by the appropriate Cabinet Secretary.

The Governor shall transmit his comments, if any, on a proposed regulation to the Registrar and the agency no later than fifteen days following the completion of the public comment period provided for in § 2.2-4007.03. The Governor may recommend amendments or modifications to any regulation that would bring that regulation into conformity with statutory authority or state or federal laws, regulations or judicial decisions.

Not less than fifteen days following the completion of the public comment period provided for in § 2.2-4007.03, the agency may (i) adopt the proposed regulation if the Governor has no objection to the regulation; (ii) modify and adopt the proposed regulation after considering and incorporating the Governor's objections or suggestions, if any; or (iii) adopt the regulation without changes despite the Governor's recommendations for change.

B. Upon final adoption of the regulation, the agency shall forward a copy of the regulation to the Registrar of Regulations for publication as soon as practicable in the Register. All changes to the proposed regulation shall be highlighted in the final regulation, and substantial changes to the proposed regulation shall be explained in the final regulation.

If the Governor files a formal objection to the regulation, he shall forward his objections to the Registrar and agency prior to the conclusion of the ~~thirty-day~~ 30-day final adoption period. The Governor shall be deemed to have acquiesced to a promulgated regulation if he fails to object to it or if he fails to suspend the effective date of the regulation in accordance with subsection B of § 2.2-4014 during the ~~thirty-day~~ final adoption period. promulgating agency an objection to a proposed or final adopted regulation. The Registrar shall publish any such objection received by him as soon as practicable in the Register. Within 21 days after the receipt by the promulgating agency of a legislative objection, that agency shall file a response with the Registrar, the objecting legislative committee or the Joint Commission on Administrative Rules, and the Governor. If a legislative objection is filed within the final adoption period, subdivision A 1 of § 2.2-4015 shall govern.

## CHAPTER 451

*An Act to amend and reenact § 58.1-439 of the Code of Virginia, relating to the Major Business Facility Job Tax Credit.*

[H 1844]

Approved March 23, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-439 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-439. Major business facility job tax credit.**

A. For taxable years beginning on and after January 1, 1995, but before January 1, 2020, a taxpayer shall be allowed a credit against the taxes imposed by Articles 2 (§ 58.1-320 et seq.), 6 (§ 58.1-360 et seq.), and 10 (§ 58.1-400 et seq.) of Chapter 3; Chapter 12 (§ 58.1-1200 et seq.); Article 1 (§ 58.1-2500 et seq.) of Chapter 25; or Article 2 (§ 58.1-2620 et seq.) of Chapter 26 as set forth in this section.

B. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company shall be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

C. A "major business facility" is a company that satisfies the following criteria:

1. Subject to the provisions of subsections K or L, the establishment or expansion of the company shall result in the creation of at least 50 jobs for qualified full-time employees; the first such 50 jobs shall be referred to as the "threshold amount"; and

2. The company is engaged in any business in the Commonwealth, except a retail trade business if such trade is the principal activity of an individual facility in the Commonwealth. Examples of types of major business facilities that are eligible for the credit provided under this section include, but are not limited to, a headquarters, or portion of such a facility, where company employees are physically employed, and where the majority of the company's financial, personnel, legal or planning functions are handled either on a regional or national basis. A company primarily engaged in the Commonwealth in the business of manufacturing or mining; agriculture, forestry or fishing; transportation or communications; or a public utility subject to the corporation income tax shall be deemed to have established or expanded a major business facility in the Commonwealth if it meets the requirements of subdivision 1 during a single taxable year and such facilities are not retail establishments. A major business facility shall also include facilities that perform central management or administrative activities, whether operated as a separate trade or business, or as a separate support operation of another business. Central management or administrative activities include, but are not limited to, general management; accounting; computing; tabulating; purchasing; transportation or shipping; engineering and systems planning; advertising; technical sales and support operations; central administrative offices and warehouses; research, development and testing laboratories; computer-programming, data-processing and other computer-related services facilities; and legal, financial, insurance, and real estate services. The terms used in this subdivision to refer to various types of businesses shall have the same meanings as those terms are commonly defined in the Standard Industrial Classification Manual.

D. For purposes of this section, the "credit year" is the first taxable year following the taxable year in which the major business facility commenced or expanded operations.

E. The Department of Taxation shall make all determinations as to the classification of a major business facility in accordance with the provisions of this section.

F. A "qualified full-time employee" means an employee filling a new, permanent full-time position in a major business facility in the Commonwealth. A "new, permanent full-time position" is a job of an indefinite duration, created by the company as a result of the establishment or expansion of a major business facility in the Commonwealth, requiring a minimum of 35 hours of an employee's time a week for the entire normal year of the company's operations, which "normal year" shall consist of at least 48 weeks, or a position of indefinite duration which requires a minimum of 35 hours of an employee's time a week for the portion of the taxable year in which the employee was initially hired for, or transferred to, the major business facility in the Commonwealth. Seasonal or temporary positions, or a job created when a job function is shifted from an existing location in the Commonwealth to the new major business facility and positions in building and grounds maintenance, security, and other such positions which are ancillary to the principal activities performed by the employees at a major business facility shall not qualify as new, permanent full-time positions.

G. For any major business facility, the amount of credit earned pursuant to this section shall be equal to \$1,000 per qualified full-time employee, over the threshold amount, employed during the credit year. The credit shall be allowed ratably, with one-third of the credit amount allowed annually for three years beginning with the credit year. However, for taxable years beginning *on or after* January 1, 2009, ~~through December 31, 2014~~, one-half of the credit amount shall be allowed each year for two years. The portion of the \$1,000 credit earned with respect to any qualified full-time employee who is employed in the Commonwealth for less than 12 full months during the credit year will be determined by multiplying the credit amount by a fraction, the numerator of which is the number of full months that the qualified full-time employee worked for the major business facility in the Commonwealth during the credit year, and the denominator of which is 12. A separate credit year and a three-year allowance period shall exist for each distinct major business facility of a single taxpayer, except for credits allowed for taxable years beginning *on or after* January 1, 2009, ~~through December 31, 2014~~, when a two-year allowance period shall exist for each distinct major business facility of a single taxpayer.

H. The amount of credit allowed pursuant to this section shall not exceed the tax imposed for such taxable year. Any credit not usable for the taxable year the credit was allowed may be, to the extent usable, carried over for the next 10 succeeding taxable years. No credit shall be carried back to a preceding taxable year. In the event that a taxpayer who is subject to the tax limitation imposed pursuant to this subsection is allowed another credit pursuant to any other section of the Code of Virginia, or has a credit carryover from a preceding taxable year, such taxpayer shall be considered to have first utilized any credit allowed which does not have a carryover provision, and then any credit which is carried forward from a preceding taxable year, prior to the utilization of any credit allowed pursuant to this section.

I. No credit shall be earned pursuant to this section for any employee (i) for whom a credit under this section was previously earned by a related party as defined by Internal Revenue Code § 267(b) or a trade or business under common control as defined by Internal Revenue Code § 52(b); (ii) who was previously employed in the same job function in Virginia by a related party as defined by Internal Revenue Code § 267(b) or a trade or business under common control as defined by Internal Revenue Code § 52(b); (iii) whose job function was previously performed at a different location in Virginia by an employee of the taxpayer, a related party as defined by Internal Revenue Code § 267(b), or a trade or business under common control as defined by Internal Revenue Code § 52(b); or (iv) whose job function previously qualified for a credit under this section at a different major business facility on behalf of the taxpayer, a related party as defined by Internal Revenue Code § 267(b), or a trade or business under common control as defined by Internal Revenue Code § 52(b).

J. Subject to the provisions of subsections K or L, recapture of this credit, under the following circumstances, shall be accomplished by increasing the tax in any of the five years succeeding the taxable year in which a credit has been earned pursuant to this section if the number of qualified full-time employees decreases below the average number of qualified full-time employees employed during the credit year. Such tax increase amount shall be determined by (i) recomputing the credit which would have been earned for the original credit year using the decreased number of qualified full-time employees and (ii) subtracting such recomputed credit from the amount of credit previously earned. In the event that the average number of qualifying full-time employees employed at a major business facility falls below the threshold amount in any of the five taxable years succeeding the credit year, all credits earned with respect to such major business facility shall be recaptured. No credit amount will be recaptured more than once pursuant to this subsection. Any recapture pursuant to this section shall reduce credits earned but not yet allowed, and credits allowed but carried forward, before the taxpayer's tax liability may be increased.

K. In the event that a major business facility is located in an economically distressed area or in an enterprise zone as defined in Chapter 49 (§ 59.1-538 et seq.) of Title 59.1 during a credit year, the threshold amount required to qualify for a credit pursuant to this section and to avoid full recapture shall be reduced from 50 to 25 for purposes of subdivision C 1 and subsection J. An area shall qualify as economically distressed if it is a city or county with an unemployment rate for the preceding year of at least 0.5 percent higher than the average statewide unemployment rate for such year. The Virginia Economic Development Partnership shall identify and publish a list of all economically distressed areas at least annually.

L. For taxable years beginning on or after January 1, 2004, but before January 1, 2006, in the event that a major business facility is located in a severely economically distressed area, the threshold amount required to qualify for a credit pursuant to this section and to avoid full recapture shall be reduced from 100 to 25 for purposes of subdivision C 1 and

subsection J. However, the total amount of credit allowable under this subsection shall not exceed \$100,000 in aggregate. An area shall qualify as severely economically distressed if it is a city or county with an unemployment rate for the preceding year of at least twice the average statewide unemployment rate for such year. The Virginia Economic Development Partnership shall identify and publish a list of all severely economically distressed areas at least annually.

M. The Tax Commissioner shall promulgate regulations, in accordance with the Administrative Process Act (§ 2.2-4000 et seq.), relating to (i) the computation, carryover, and recapture of the credit provided under this section; (ii) defining criteria for (a) a major business facility, (b) qualifying full-time employees at such facility, and (c) economically distressed areas; and (iii) the computation, carryover, recapture, and redemption of the credit by affiliated companies pursuant to subsection S.

N. The provisions of this section shall apply only in instances where an announcement of intent to establish or expand a major business facility is made on or after January 1, 1994. An announcement of intent to establish or expand a major business facility includes, but is not limited to, a press conference or extensive press coverage, providing information with respect to the impact of the project on the economy of the area where the major business facility is to be established or expanded and the Commonwealth as a whole.

O. The credit allowed pursuant to this section shall be granted to the person who pays taxes for the qualified full-time employees pursuant to Chapter 5 (§ 60.2-500 et seq.) of Title 60.2.

P. No person shall claim a credit allowed pursuant to this section and the credit allowed pursuant to § 58.1-439.2. Any qualified business firm receiving an enterprise zone job creation grant under § 59.1-547 shall not be eligible to receive a major business facility job tax credit pursuant to this section for any job used to qualify for the enterprise zone job creation grant.

Q. No person operating a business in the Commonwealth pursuant to Chapter 29 (§ 59.1-364 et seq.) of Title 59.1 shall claim a credit pursuant to this section.

R. Notwithstanding subsection O, a taxpayer may, for the purpose of determining the number of qualified full-time employees at a major business facility, include the employees of a contractor or a subcontractor if such employees are permanently assigned to the taxpayer's major business facility. If the taxpayer includes the employees of a contractor or subcontractor in its total of qualified full-time employees, it shall enter into a contractual agreement with the contractor or subcontractor prohibiting the contractor or subcontractor from also claiming these employees in order to receive a credit given under this section. The taxpayer shall provide evidence satisfactory to the Department of Taxation that it has entered into such a contract.

S. For purposes of satisfying the criteria of subdivision C 1, two or more affiliated companies may elect to aggregate the number of jobs created for qualified full-time employees as the result of the establishment or expansion by the individual companies in order to qualify for the credit allowed pursuant to this section. For purposes of this subsection, "affiliated companies" means two or more companies related to each other such that (i) one company owns at least 80 percent of the voting power of the other or others or (ii) at least 80 percent of the voting power of two or more companies is owned by the same interests.

T. The General Assembly of Virginia finds that modern business infrastructure allows businesses to locate their administrative or manufacturing facilities with minimal regard to the location of markets or the transportation of raw materials and finished goods, and that the economic vitality of the Commonwealth would be enhanced if such facilities were established in Virginia. Accordingly, the provisions of this section targeting the credit to major business facilities and limiting the credit to those companies which establish a major business facility in Virginia are integral to the purpose of the credit earned pursuant to this section and shall not be deemed severable.

*An Act to amend and reenact § 33.2-2510 of the Code of Virginia, relating to use of certain revenues by the Northern Virginia Transportation Authority.*

[H 1470]

Approved March 23, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 33.2-2510 of the Code of Virginia is amended and reenacted as follows:**

**§ 33.2-2510. Use of certain revenues by the Authority.**

A. All moneys received by the Authority and the proceeds of bonds issued pursuant to § 33.2-2511 shall be used by the Authority solely for transportation purposes benefiting those counties and cities that are embraced by the Authority.

B. 1. Except as provided in subdivision 2, 30 percent of the revenues received by the Authority under subsection A shall be distributed on a pro rata basis, with each locality's share being the total of such fee and taxes received by the Authority that are generated or attributable to the locality divided by the total of such fee and taxes received by the Authority. Of the revenues distributed pursuant to this subsection, as determined solely by the applicable locality, such revenues shall be used for additional urban or secondary highway construction, for other capital improvements that reduce congestion, for other transportation capital improvements that have been approved by the most recent long-range transportation plan adopted by the Authority, or for public transportation purposes. None of the revenue distributed by this subsection may be used to repay debt issued before July 1, 2013. Each locality shall create a separate, special fund in which all revenues received pursuant to this subsection and from the tax imposed pursuant to § 58.1-3221.3 shall be deposited. Each locality shall provide annually to the Authority sufficient documentation as required by the Authority showing that the funds distributed under this subsection were used as required by this subsection.

2. If a locality has not deposited into its special fund (i) revenues from the tax collected under § 58.1-3221.3 pursuant to the maximum tax rate allowed under that section or (ii) an amount, from sources other than moneys received from the Authority, that is equivalent to the revenue that the locality would receive if it was imposing the maximum tax authorized by § 58.1-3221.3, then the amount of revenue distributed to the locality pursuant to subdivision 1 shall be reduced by the difference between the amount of revenue that the locality would receive if it was imposing the maximum tax authorized by such section and the amount of revenue deposited into its special fund pursuant to clause (i) or (ii), as applicable. The amount of any such reduction in revenue shall be redistributed according to subsection C. The provisions of this subdivision shall be ongoing and apply over annual periods as determined by the Authority.

C. 1. The remaining 70 percent of the revenues received by the Authority under subsection A, plus the amount of any revenue to be redistributed pursuant to subsection B, shall be used by the Authority solely to fund ~~(+)~~ transportation projects selected by the Authority that are contained in the regional transportation plan in accordance with § 33.2-2500 and that have been rated in accordance with § 33.2-257 ~~or (ii) mass transit capital projects that increase capacity~~. For only those regional funds received in fiscal year 2014, the requirement for rating in accordance with § 33.2-257 shall not apply. The Authority shall give priority to selecting projects that are expected to provide the greatest congestion reduction relative to the cost of the project and shall document this information for each project selected. Such projects selected by the Authority for funding shall be located ~~(+)~~ (i) only in localities embraced by the Authority or ~~(+)~~ (ii) in adjacent localities but only to the extent that such extension is an insubstantial part of the project and is essential to the viability of the project within the localities embraced by the Authority.

2. All transportation projects undertaken by the Authority shall be completed by private contractors accompanied by performance measurement standards, and all contracts shall contain a provision granting the Authority the option to terminate the contract if contractors do not meet such standards. Notwithstanding the foregoing, any locality may provide engineering services or right-of-way acquisition for any project with its own forces. The Authority shall avail itself of the strategies permitted under the Public-Private Transportation Act (§ 33.2-1800 et seq.) whenever feasible and advantageous. The Authority is independent of any state or local entity, including the Department and the Commonwealth Transportation Board, but the Authority, the Department, and the Commonwealth Transportation Board shall consult with one another to avoid duplication of efforts and, at the option of the Authority, may combine efforts to complete specific projects. Notwithstanding the foregoing, at the request of the Authority, the Department may provide the Authority with engineering services or right-of-way acquisition for the project with its own forces.

3. With regard to the revenues distributed under subdivision 1, each locality's total long-term benefit shall be approximately equal to the proportion of the total of the fees and taxes received by the Authority that are generated by or attributable to the locality divided by the total of such fees and taxes received by the Authority.

D. For road construction and improvements pursuant to subsection B, the Department may, on a reimbursement basis, provide the locality with planning, engineering, right-of-way, and construction services for projects funded in whole by the revenues provided to the locality by the Authority.

**2. That the provisions of this act shall become effective on July 1, 2016.**

## CHAPTER 459

An Act to amend and reenact § 46.2-873 of the Code of Virginia, relating to changing speed limits in school zones.

[H 1531]

**Be it enacted by the General Assembly of Virginia:**

**1. That § 46.2-873 of the Code of Virginia is amended and reenacted as follows:**

**§ 46.2-873. Maximum speed limits at school crossings; penalty.**

A. *For the purposes of this section, "school crossing zone" means an area located within the vicinity of a school at or near a highway where the presence of children on such school property or going to and from school reasonably requires a special warning to motorists. Such zones are marked and operated in accordance with the requirements of this section with appropriate warning signs or other traffic control devices indicating that a school crossing is in progress.*

B. The maximum speed limit shall be twenty-five miles per hour between portable signs, tilt-over signs, or fixed blinking signs placed in or along any highway and bearing the word "school" or "school crossing." Any signs erected under this section shall be placed not more than 600 feet from the limits of the school property or crossing in the vicinity of the school. However, "school crossing" signs may be placed in any location if the Department of Transportation or the council of the city or town or the board of supervisors of a county maintaining its own system of secondary roads approves the crossing for such signs. If the portion of the highway to be posted is within the limits of a city or town, such portable signs shall be furnished and delivered by such city or town. If the portion of highway to be posted is outside the limits of a city or town, such portable signs shall be furnished and delivered by the Department of Transportation. The principal or chief administrative officer of each school or a school board designee, preferably not a classroom teacher, shall place such portable signs in the highway at a point not more than 600 feet from the limits of the school property and remove such signs when their presence is no longer required by this section. Such portable signs, tilt-over signs, or fixed blinking signs shall be placed in a position plainly visible to vehicular traffic approaching from either direction, but shall not be placed so as to obstruct the roadway.

~~B-~~ C. Such portable signs, tilt-over signs, or blinking signs shall be in a position, or be turned on, for thirty minutes preceding regular school hours, for thirty minutes thereafter, and during such other times as the presence of children on such school property or going to and from school reasonably requires a special warning to motorists. The governing body of any county, city, or town may, however, decrease the period of time preceding and following regular school hours during which such portable signs, tilt-over signs, or blinking signs shall be in position or lit if it determines that no children will be going to or from school during the period of time that it subtracts from the thirty-minute period.

~~C-~~ D. The governing body of any city or town may, if the portion of the highway to be posted is within the limits of such city or town, increase or decrease the speed limit provided in this section only after justification for such increase or decrease has been shown by an engineering and traffic investigation, and no such increase or decrease in speed limit shall be effective unless such increased or decreased speed limit is conspicuously posted on the portable signs, tilt-over signs, or fixed blinking signs required by this section.

E. *The governing body of a county within Planning District 8 may, if the portion of the highway to be posted is within the limits of such county, increase or decrease the speed limit provided in this section only after justification for such increase or decrease has been shown by an engineering and traffic investigation, and no such increase or decrease in speed limit shall be effective unless such increased or decreased speed limit is conspicuously posted on the portable signs, tilt-over signs, or fixed blinking signs required by this section.*

~~D-~~ F. The City of Virginia Beach may establish school zones as provided in this section and mark such zones with flashing warning lights as provided in this section on and along all highways adjacent to Route 58.

~~E-~~ G. Any person operating any motor vehicle in excess of a maximum speed limit established specifically for a school crossing zone, when such school crossing zone is (i) indicated by appropriately placed signs displaying the maximum speed limit and (ii) in operation pursuant to subsection B of this section shall be guilty of a traffic infraction punishable by a fine of not more than \$250, in addition to other penalties provided by law.

~~For the purposes of this section, "school crossing zone" means an area located within the vicinity of a school at or near a highway where the presence of children on such school property or going to and from school reasonably requires a special warning to motorists. Such zones are marked and operated in accordance with the requirements of this section with appropriate warning signs or other traffic control devices indicating that a school crossing is in progress.~~

F. H. Notwithstanding the foregoing provisions of this section, the maximum speed limit in school zones in residential areas may be decreased to fifteen miles per hour if (i) the school board having jurisdiction over the school nearest to the affected school zone passes a resolution requesting the reduction of the maximum speed limit for such school zone from twenty-five miles per hour to fifteen miles per hour and (ii) the local governing body of the jurisdiction in which such school is located enacts an ordinance establishing the speed-limit reduction requested by the school board.

The governing body of any county, city, or town may, however, decrease the period of time preceding and following regular school hours during which such portable signs, tilt-over signs, or blinking signs shall be in position or lit if it determines that no children will be going to or from school during the period of time that it subtracts from the thirty-minute period.

~~C. D.~~ D. The governing body of any city or town may, if the portion of the highway to be posted is within the limits of such city or town, increase or decrease the speed limit provided in this section only after justification for such increase or decrease has been shown by an engineering and traffic investigation, and no such increase or decrease in speed limit shall be effective unless such increased or decreased speed limit is conspicuously posted on the portable signs, tilt-over signs, or fixed blinking signs required by this section.

~~For the purposes of this section, "school crossing zone" means an area located within the vicinity of a school at or near a highway where the presence of children on such school property or going to and from school reasonably requires a special warning to motorists. Such zones are marked and operated in accordance with the requirements of this section with appropriate warning signs or other traffic control devices indicating that a school crossing is in progress.~~

F. H. Notwithstanding the foregoing provisions of this section, the maximum speed limit in school zones in residential areas may be decreased to fifteen miles per hour if (i) the school board having jurisdiction over the school nearest to the affected school zone passes a resolution requesting the reduction of the maximum speed limit for such school zone from twenty-five miles per hour to fifteen miles per hour and (ii) the local governing body of the jurisdiction in which such school is located enacts an ordinance establishing the speed-limit reduction requested by the school board.

B. The Division shall allow corporations operating in Virginia and granted tax exempt status under § 501(c)(3) of the Internal Revenue Code and operating as clinics for the indigent and uninsured that are organized for the delivery of primary health care services (i) as federally qualified health centers designated by the Health Care Financing Administration or (ii) at a reduced or sliding fee scale or without charge, to purchase directly from contracts established for state agencies and public bodies by the Division or, provided it is not prohibited by the terms of the procurement, through participation by the Division in other cooperative procurements.

Establishment of such contracts shall emphasize performance criteria including price, quality, and delivery without regard to "brand name." All vendors meeting the Commonwealth's performance requirements shall be afforded the opportunity to compete for such contracts.

E. VITA shall allow private institutions of higher education *that are (i) (a) chartered in Virginia or (b) chartered by an Act of Congress in 1821 and that have owned and operated since 1991 a campus with a significant presence in the Commonwealth and (ii) granted tax-exempt status under § 501(c)(3) of the Internal Revenue Code to purchase directly from contracts established for state agencies and public bodies by VITA.*

#### **§ 58.1-512. Land preservation tax credits for individuals and corporations.**

A. For taxable years beginning on or after January 1, 2000, there shall be allowed as a credit against the tax liability imposed by §§ 58.1-320 and 58.1-400, an amount equal to 50 percent of the fair market value of any land or interest in land located in Virginia which is conveyed for the purpose of agricultural and forestal use, open space, natural resource, and/or biodiversity conservation, or land, agricultural, watershed and/or historic preservation, as an unconditional donation by the landowner/taxpayer to a public or private conservation agency eligible to hold such land and interests therein for conservation or preservation purposes. For such conveyances made on or after January 1, 2007, the tax credit shall be 40 percent of the fair market value of the land or interest in land so conveyed.

B. The fair market value of qualified donations made under this section shall be determined in accordance with § 58.1-512.1 and substantiated by a "qualified appraisal" prepared by a "qualified appraiser," as those terms are defined under applicable federal law and regulations governing charitable contributions. The value of the donated interest in land that qualifies for credit under this section, as determined according to appropriate federal law and regulations, shall be subject to the limits established by United States Internal Revenue Code § 170(e). In order to qualify for a tax credit under this section, the qualified appraisal shall be signed by the qualified appraiser, who must be licensed in the Commonwealth of Virginia as provided in § 54.1-2011, and a copy of the appraisal shall be submitted to the Department. In the event that any

appraiser falsely or fraudulently overstates the value of the contributed property in an appraisal that the appraiser has signed, the Department may disallow further appraisals signed by the appraiser and shall refer the appraiser to the Real Estate Appraiser Board for appropriate disciplinary action pursuant to § 54.1-2013, which may include, but need not be limited to, revocation of the appraiser's license. Any appraisal that, upon audit by the Department, is determined to be false or fraudulent, may be disregarded by the Department in determining the fair market value of the property and the amount of tax credit to be allowed under this section.

C. 1. The amount of the credit that may be claimed by each taxpayer, including credit claimed by applying unused credits as provided under subsection C of § 58.1-513, shall not exceed \$50,000 for 2000 taxable years, \$75,000 for 2001 taxable years, \$100,000 for each of 2002 through 2008 taxable years, \$50,000 for each of 2009, 2010, and 2011 taxable years, and \$100,000 for 2012 taxable years and for each taxable year thereafter. In addition, for each taxpayer, in any one taxable year the credit used may not exceed the amount of individual, fiduciary or corporate income tax otherwise due. Any portion of the credit that is unused in any one taxable year may be carried over for a maximum of 10 consecutive taxable years following the taxable year in which the credit originated until fully expended. A credit shall not be reduced by the amount of unused credit that could have been claimed in a prior year by the taxpayer but was unclaimed. For taxpayers affected by the credit reduction for taxable years 2009, 2010, and 2011, any portion of the credit that is unused in any one taxable year may be carried over for a maximum of 13 consecutive taxable years following the taxable year in which the credit originated until fully expended.

2. Qualified donations shall include the conveyance of a fee interest in real property or the conveyance in perpetuity of a less-than-fee interest in real property, such as a conservation restriction, preservation restriction, agricultural preservation restriction, or watershed preservation restriction, provided that such less-than-fee interest qualifies as a charitable deduction under § 170(h) of the United States Internal Revenue Code of 1986, as amended.

The Department of Conservation and Recreation shall compile an annual report on qualified donations of less-than-fee interests accepted by any public or private conservation agency in the respective calendar year and shall submit the report by December 1 of each year to the Chairmen of the House Committee on Appropriations, House Committee on Finance, and the Senate Committee on Finance. In preparing such report, the Department of Conservation and Recreation shall consult and coordinate with the Department of Taxation and the Departments of Forestry and Agriculture and Consumer Services to provide an estimate of the number of acres of land currently being used for "production agriculture and silviculture" as defined in § 3.2-300 that have been protected by qualified donations of less-than-fee interests. This report shall include information, when available, on land qualifying for credits being used for "production agriculture and silviculture" that have onsite operational best management practices, which are designed to reduce the amount of nutrients and sediment entering public waters. In addition, the report shall include information, when available, on riparian buffers, both vegetated/forested buffers and no-plow buffers, required by deed restriction on land qualifying for credits in order to protect water quality. This information shall be reported in summary fashion as appropriate to preserve confidentiality of information. Qualified donations shall not include the conveyance of a fee interest, or a less-than-fee interest, in real property by a charitable organization that (i) meets the definition of "holder" in § 10.1-1009 and (ii) holds one or more conservation easements acquired pursuant to the authority conferred on a "holder" by § 10.1-1010.

3. Any fee interest, or a less-than-fee interest, in real property that has been dedicated as open space within, or as part of, a residential subdivision or any other type of residential or commercial development; dedicated as open space in, or as part of, any real estate development plan; or dedicated for the purpose of fulfilling density requirements to obtain approvals for zoning, subdivision, site plan, or building permits shall not be a qualified donation under this article.

4. Qualified donations shall be eligible for the tax credit herein described if such donations are made to the Commonwealth of Virginia, an instrumentality thereof, or a charitable organization described in § 501(c)(3) of the United States Internal Revenue Code of 1986, as amended, if such charitable organization (i) meets the requirements of § 509(a)(2) or (ii) meets the requirements of § 509(a)(3) and is controlled by an organization described in § 509(a)(2).

5. The preservation, agricultural preservation, historic preservation or similar use and purpose of such property shall be assured in perpetuity. In the case of conveyances of a fee interest to a charitable organization that is a "holder" as defined in § 10.1-1009, the credit shall not be allowed until the charitable organization agrees that subsequent conveyances of the fee interest in the property will be (i) subject to a previous conveyance in perpetuity of a conservation easement, as that term is defined in § 10.1-1009, or subject to the conveyance in perpetuity of an open-space easement, as that term is defined in § 10.1-1700, or (ii) conveyed to the Commonwealth of Virginia or to a federal conservation agency. No credit shall be allowed with respect to any subsequent conveyances by the charitable organization.

D. The issuance of tax credits under this article for donations made on and after January 1, 2007, shall be in accordance with procedures and deadlines established by the Department and shall be administered under the following conditions:

1. The taxpayer shall apply for a credit after completing the donation by submitting a form or forms prescribed by the Department in consultation with the Department of Conservation and Recreation. If the application requests a credit of \$1 million or more or if the donation meets the conditions of subdivision 3 c, then a copy of the application shall also be filed with the Department of Conservation and Recreation by the taxpayer. The application shall include, but not be limited to:

- a. A description of the conservation purpose or purposes being served by the donation;
- b. The fair market value of land being donated in the absence of any easement or other restriction;
- c. The public benefit derived from the donation;
- d. The extent to which water quality best management practices will be implemented on the property; and

e. Whether the property is fully or partially forested and a forest management plan is included in the terms of the donation.

2. Applications for otherwise qualified donations of a less-than-fee interest shall be accompanied by an affidavit describing how the donated interest in land meets the requirements of § 170(h) of the United States Internal Revenue Code of 1986, as amended, and the regulations adopted thereunder. The application with accompanying affidavit shall be submitted to the Department of Taxation, with a copy also provided to the Department of Conservation and Recreation.

3. a. No credit in the amount of \$1 million or more shall be issued with respect to a donation unless the conservation value of the donation has been verified by the Director of the Department of Conservation and Recreation, based on the criteria adopted by the Virginia Land Conservation Foundation for this purpose. Such criteria and subsequent amendments shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.), but the Virginia Land Conservation Foundation shall provide for adequate public participation, including adequate notice and opportunity to provide comments on the proposed criteria. The Director shall act on applications within 90 days of his receipt of a complete application and shall notify the taxpayer and the Department of Taxation of his action.

b. For purposes of determining whether a credit requires verification of the conservation value, the credits allowed under this article with respect to donations of any other portion of a recorded parcel of land within the preceding 11 years shall be aggregated with the credit claimed for the current donation. This subdivision shall not apply if (i) all owners of the parcel who have been allowed credit for a qualified donation are not affiliated with the person or entity seeking credit for the current donation of a different portion of the parcel and (ii) in the case of an individual seeking credit, the individual has not previously made a qualified donation for any portion of the parcel and is not an immediate family member of any such owners.

c. If (i) the real property that is the subject of the donation was partitioned from or part of another parcel of land and any other portion of such parcel, or any land partitioned from such parcel of land, has been allowed a tax credit under this article (or an application for tax credit is pending) within three years of such donation and (ii) the tax credit that would otherwise be allowed to the donor for such donation is at least \$250,000, then no credit under this article shall be issued with respect to such donation described in clause (i) unless the conservation value of the donation has been verified by the Director of the Department of Conservation and Recreation. The Director shall act on applications within 90 days of his receipt of a complete application and shall notify the taxpayer and the Department of Taxation of his action. Nothing in this subdivision shall be construed or interpreted (a) as allowing additional tax credit for any land or interest in land previously conveyed for which tax credit has already been allowed under this article or (b) affecting the validity of any tax credit allowed under this article for a prior conveyance of any land or interest in land.

4. a. Tax credits shall be issued on a calendar year basis, and in no case shall the Department issue more than the maximum allowed for the calendar year. The maximum amount of credits that may be issued in a calendar year shall be \$100 million plus any credits previously issued under this article but subsequently disallowed or invalidated by the Department. Credits previously issued but subsequently disallowed or invalidated shall be reissued in a subsequent calendar year. All credits shall be issued in the order that each complete application is received. If within 30 days after an application for credits has been filed the Tax Commissioner provides written notice to the donor that he has determined that the preparation of a second qualified appraisal is warranted, the application shall not be deemed complete until the fair market value of the donation has been finally determined by the Tax Commissioner. The Tax Commissioner shall make a final determination within 180 days of notifying the donor, unless the donor has filed an appeal. The donor shall have the right to appeal any decision of the Department in accordance with the provisions of Chapter 18 (§ 58.1-1800 et seq.). If more than one complete application is received at the same time, the credits with respect to those applications shall be issued in the order that the conveyances were recorded in the appropriate circuit court of the Commonwealth. In the event that a credit requires verification of the conservation value by the Department of Conservation and Recreation and such verification has not been received at the time the maximum \$100 million allowed is reached for the calendar year of the donation, such credit shall not be issued for that calendar year but shall be issued in the calendar year that the conservation value of the credit is verified by the Department of Conservation and Recreation.

b. Beginning with calendar year 2008, the \$100 million amount contained in subdivision 4 a shall be increased by an amount equal to \$100 million multiplied by the percentage by which the consumer price index for all-urban consumers published by the United States Department of Labor (CPI-U) for the 12-month period ending August 31 of the preceding year exceeds the CPI-U for the 12-month period ending August 31, 2006.

c. Beginning with calendar year 2013, the maximum amount of credits that may be issued in a calendar year shall not exceed \$100 million. Beginning with the submission due on or before December 20, 2013, and in each year thereafter, the Governor shall include in "The Budget Bill" submitted pursuant to subsection A of § 2.2-1509 or in his amendments to the general appropriation act in effect submitted pursuant to subsection E of § 2.2-1509 a recommended appropriation from the general fund equal to the difference between the amount calculated pursuant to subdivision b and \$100 million, but not more than \$20 million, to be allocated as follows: 80 percent to the Virginia Land Conservation Fund to be used in accordance with § 10.1-1020, with no less than 50 percent of such appropriation to be used for fee simple acquisitions with public access or acquisitions of easements with public access; 10 percent to the ~~Civil War Site~~ Virginia Battlefield Preservation Fund to be used in accordance with § 10.1-2202.4; and 10 percent to the Virginia Farmland Preservation Fund to be used in accordance with § 3.2-201.

5. a. Any taxpayer that has been issued a tax credit by the Department shall be allowed to use such credit for his or its taxable year that begins in the calendar year for which such credit was issued and for succeeding taxable years in accordance with the 10 consecutive taxable year carryforward provisions of this article, except for any taxpayer affected by the credit limitation for taxable years 2009, 2010, and 2011. Such a taxpayer shall be allowed to use such credit for his or its taxable year that begins in the calendar year for which such credit was issued and for succeeding taxable years in accordance with the 13 consecutive taxable year carryforward provisions of this article.

b. Any taxpayer to whom a credit has been transferred may use such credit for the taxable year in which the transfer occurred and unused amounts may be carried forward to succeeding taxable years, but in no event may such transferred credit be used more than 11 years after it was originally issued by the Department or in any taxable year of such taxpayer that ended prior to the date of transfer, except for any taxpayer affected by the credit limitation for taxable years 2009, 2010, and 2011. Such a taxpayer may use such credit for the taxable year in which the transfer occurred and unused amounts may be carried forward to succeeding taxable years, but in no event may such transferred credit be used more than 14 years after it was originally issued by the Department or in any taxable year of such taxpayer that ended prior to the date of transfer.

6. Neither the verification of conservation value by the Department of Conservation and Recreation nor the issuance of a credit by the Department of Taxation shall in any way be construed or interpreted as prohibiting the Department of Taxation or the Tax Commissioner from auditing any credit claimed pursuant to the provisions of this article or from assessing tax relating to the claiming of any credit under this article.

E. In any review or appeal before the Tax Commissioner or in any court in the Commonwealth the burden of proof shall be on the taxpayer to show that the fair market value and conservation value at the time of the qualified donation is consistent with this section and that all requirements of this article have been satisfied.

A license to use such gear for recreational purposes shall be issued to an individual for his exclusive use and shall not be transferable.

B. All gear licenses issued for recreational purposes shall be so marked.

C. Any person who has obtained a commercial gear license for recreational purposes only shall be exempt from the commercial fishing registration requirements of §§ 28.2-241 and 28.2-242.

D. For purposes of this section and §§ 28.2-226.2 and 28.2-232, "recreational purposes" means finfish or shellfish taken for personal use and not sold, traded, bartered or given to another in order to be sold, traded or bartered.

E. Holders of licenses under this section shall report catch and other data as is deemed necessary by the Commission for effective fisheries management.

##### **§ 28.2-232. Revocation of licenses.**

B. The duration of the revocation and prohibition shall be fixed by the Commission up to a maximum of ~~two~~ five years with the withdrawal of all fishing privileges conferred by this title during that period, taking into account (i) evidence of repeated or habitual disregard for conservation, health and safety laws and regulations; (ii) abusive conduct and behavior toward officers; and (iii) the severity of any damage that has occurred, or might have occurred, to the natural resources, the public health, or the seafood industry.

C. *The Commission may assess a civil penalty of up to \$10,000 against a person if it finds, after a hearing held after 10 days' notice, that the person has engaged in fishing, other than for recreational purposes as defined in § 28.2-226.1, while the person's licenses and fishing privileges have been revoked pursuant to this section or § 28.2-528. In setting the amount of the civil penalty, the Commission shall consider the person's history of violating the conservation, health, and safety laws and regulations of the Commonwealth.*

D. *If the person fails to pay the civil penalty within 180 days of the assessment of the civil penalty by the Commission, the Commissioner may transmit a true copy of the order assessing such civil penalty to the clerk of the court of any county or city wherein it is ascertained that the person owing the penalty has any estate, and the clerk to whom such copy is so sent shall record it, as a judgment is required by law to be recorded, and shall index the same as well in the name of the*

*Commonwealth as of the person owing the penalty, and thereupon there shall be a lien in favor of the Commonwealth on the property of the person within such county or city in the amount of the civil penalty.*

*E. Civil penalties collected pursuant to this section shall be deposited into the Virginia Marine Products Fund established in § 3.2-2705.*

*An Act to amend and reenact § 10.1-200.1 of the Code of Virginia, relating to state park master plans; update schedule.*

[H 2226]

Approved March 23, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 10.1-200.1 of the Code of Virginia is amended and reenacted as follows:**

**§ 10.1-200.1. State park master planning.**

A. The Department shall undertake a master planning process (i) for all existing state parks, (ii) following the substantial acquisition of land for a new state park, and (iii) prior to undertaking substantial improvements to state parks. A master plan shall be considered a guide for the development, utilization and management of a park and its natural, cultural and historic resources and shall be adhered to closely. Each plan shall be developed in stages allowing for public input.

Stage one of the plan shall include the development of a characterization map indicating, at a minimum, boundaries, inholdings, adjacent property holdings, and other features such as slopes, water resources, soil conditions and types, natural resources, and cultural and historic resources. The stage one plan shall include a characterization of the potential types of uses for different portions of the parks and shall provide a narrative description of the natural, physical, cultural and historic attributes of the park. The stage one plan shall include the specific purposes for the park and goals and objectives to support those purposes.

Upon completion of a stage one plan, a stage two plan shall be developed by the Department which shall include the potential size, types and locations of facilities and the associated infrastructure including roads and utilities, as applicable. Proposed development of any type shall be in keeping with the character of existing improvements, if appropriate, and the natural, cultural and historic heritage and attributes of the park. The stage two plan shall include a proposed plan for phased development of the potential facilities and infrastructure. The Department shall project the development costs and the operational, maintenance, staffing and financial needs necessary for each of the various phases of park development. Projections shall also be made for the park's resource management needs and related costs. The projections shall be made part of the stage two plan.

Upon completion of the stage two plan, the stage one and stage two plans along with supporting documents shall be combined to form a master plan for the park. Development of a park shall not begin until the master plan has been reviewed by the Board of Conservation and Recreation and adopted by the Director.

B. All members of the General Assembly shall be given notice of public meetings and, prior to their adoption, the availability for review of stage one, stage two and master plans and proposed amendments for substantial improvements.

C. The master planning process shall not be considered an impediment to the acquisition of inholdings or adjacent properties. Such properties, when acquired, shall be incorporated into the master plan and their uses shall be amended into the master plan.

D. Stage one and stage two plans shall be considered complete following review and adoption by the Director. Stage one and stage two plans may only be adopted by the Director following public notice and a public meeting. The Director may make nonsubstantial amendments to master plans following public notice. A master plan or a substantial amendment to a master plan may only be adopted by the Director after considering the recommendations of the Board of Conservation and Recreation following public notice and a public meeting.

E. The Department shall solicit and consider public comment in the development of the stage one and two plans as well as the master plan and any amendments thereto. Such solicitation shall include reasonable notice to appropriate trade associations and private businesses within a 10-mile radius of the park that offer similar categories of service, including private campgrounds, marinas, and recreational facilities.

F. Master plans shall be reviewed and updated by the Department and the Board of Conservation and Recreation no less frequently than once every ~~five~~ 10 years and shall be referenced in the Virginia Outdoors Plan.

G. Materials, documents and public testimony and input produced or taken for purposes of park planning prior to January 1, 1999, may be utilized in lieu of the process established in this section provided that it conforms with the requirements of this section and that a master plan shall be developed that conforms with this section which shall not be deemed complete until reviewed and approved in accordance with subsection D.

H. The planning process contained in this section satisfies the Department of General Services master planning requirements for lands owned or managed by the Department of Conservation and Recreation. The Department of Conservation and Recreation's Facility Development Plans shall continue to meet the Department of General Service's requirements.

**Be it enacted by the General Assembly of Virginia:**

**1. That § 3.2-6500 of the Code of Virginia is amended and reenacted as follows:**

**§ 3.2-6500. Definitions.**

As used in this chapter unless the context requires a different meaning:

"Abandon" means to desert, forsake, or absolutely give up an animal without having secured another owner or custodian for the animal or by failing to provide the elements of basic care as set forth in § 3.2-6503 for a period of five consecutive days.

"Adequate care" or "care" means the responsible practice of good animal husbandry, handling, production, management, confinement, feeding, watering, protection, shelter, transportation, treatment, and, when necessary, euthanasia, appropriate for the age, species, condition, size and type of the animal and the provision of veterinary care when needed to prevent suffering or impairment of health.

"Adequate exercise" or "exercise" means the opportunity for the animal to move sufficiently to maintain normal muscle tone and mass for the age, species, size, and condition of the animal.

"Adequate feed" means access to and the provision of food that is of sufficient quantity and nutritive value to maintain each animal in good health; is accessible to each animal; is prepared so as to permit ease of consumption for the age, species, condition, size and type of each animal; is provided in a clean and sanitary manner; is placed so as to minimize contamination by excrement and pests; and is provided at suitable intervals for the species, age, and condition of the animal, but at least once daily, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species.

"Adequate shelter" means provision of and access to shelter that is suitable for the species, age, condition, size, and type of each animal; provides adequate space for each animal; is safe and protects each animal from injury, rain, sleet, snow, hail, direct sunlight, the adverse effects of heat or cold, physical suffering, and impairment of health; is properly lighted; is properly cleaned; enables each animal to be clean and dry, except when detrimental to the species; and, for dogs and cats, provides a solid surface, resting platform, pad, floormat, or similar device that is large enough for the animal to lie on in a normal manner and can be maintained in a sanitary manner. Under this chapter, shelters whose wire, grid, or slat floors: (i) permit the animals' feet to pass through the openings; (ii) sag under the animals' weight; or (iii) otherwise do not protect the animals' feet or toes from injury are not adequate shelter.

"Adequate space" means sufficient space to allow each animal to: (i) easily stand, sit, lie, turn about, and make all other normal body movements in a comfortable, normal position for the animal; and (ii) interact safely with other animals in the enclosure. When an animal is tethered, "adequate space" means a tether that permits the above actions and is appropriate to the age and size of the animal; is attached to the animal by a properly applied collar, halter, or harness configured so as to protect the animal from injury and prevent the animal or tether from becoming entangled with other objects or animals, or from extending over an object or edge that could result in the strangulation or injury of the animal; and is at least three times the length of the animal, as measured from the tip of its nose to the base of its tail, except when the animal is being walked on a leash or is attached by a tether to a lead line. When freedom of movement would endanger the animal, temporarily and appropriately restricting movement of the animal according to professionally accepted standards for the species is considered provision of adequate space.

"Adequate water" means provision of and access to clean, fresh, potable water of a drinkable temperature that is provided in a suitable manner, in sufficient volume, and at suitable intervals appropriate for the weather and temperature, to maintain normal hydration for the age, species, condition, size and type of each animal, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species; and is provided in clean, durable receptacles that are accessible to each animal and are placed so as to minimize contamination of the water by excrement and pests or an alternative source of hydration consistent with generally accepted husbandry practices.

**§ 62.1-44.15:52. Virginia Erosion and Sediment Control Program.**

A. The Board shall develop a program and adopt regulations in accordance with the Administrative Process Act (§ 2.2-4000 et seq.) for the effective control of soil erosion, sediment deposition, and nonagricultural runoff that shall be met in any control program to prevent the unreasonable degradation of properties, stream channels, waters, and other natural resources. Stream restoration and relocation projects that incorporate natural channel design concepts are not man-made channels and shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this section or § 62.1-44.15:54 or 62.1-44.15:65. Any plan approved prior to July 1, 2014, that provides for stormwater management that addresses any flow rate capacity and velocity requirements for natural or man-made channels shall satisfy the flow rate capacity and velocity requirements for natural or man-made channels if the practices are designed to (i) detain the water quality volume and to release it over 48 hours; (ii) detain and release over a 24-hour period the expected rainfall resulting from the one-year, 24-hour storm; and (iii) reduce the allowable peak flow rate resulting from the 1.5-year, two-year, and 10-year, 24-hour storms to a level that is less than or equal to the peak flow rate from the site assuming it was in a good forested condition, achieved through multiplication of the forested peak flow rate by a reduction factor that is equal to the runoff volume from the site when it was in a good forested condition divided by the runoff volume from the site in its proposed condition, and shall be exempt from any flow rate capacity and velocity requirement for natural or man-made channels as defined in regulations promulgated pursuant to § 62.1-44.15:54 or 62.1-44.15:65. For plans approved on and after July 1, 2014, the flow rate capacity and velocity requirements of this subsection shall be satisfied by compliance with water quantity requirements in the Stormwater Management Act (§ 62.1-44.15:24 et seq.) and attendant regulations, unless such land-disturbing activities are in accordance with the grandfathering provisions of the Virginia Stormwater Management Program (VSMP) Permit Regulations *or exempt pursuant to subdivision C 7 of § 62.1-44.15:34.*

The regulations shall:

1. Be based upon relevant physical and developmental information concerning the watersheds and drainage basins of the Commonwealth, including, but not limited to, data relating to land use, soils, hydrology, geology, size of land area being disturbed, proximate water bodies and their characteristics, transportation, and public facilities and services;

2. Include such survey of lands and waters as may be deemed appropriate by the Board or required by any applicable law to identify areas, including multijurisdictional and watershed areas, with critical erosion and sediment problems; and

3. Contain conservation standards for various types of soils and land uses, which shall include criteria, techniques, and methods for the control of erosion and sediment resulting from land-disturbing activities.

B. The Board shall provide technical assistance and advice to, and conduct and supervise educational programs for VESCP authorities.

C. The Board shall adopt regulations establishing minimum standards of effectiveness of erosion and sediment control programs, and criteria and procedures for reviewing and evaluating the effectiveness of VESCPs. In developing minimum standards for program effectiveness, the Board shall consider information and standards on which the regulations promulgated pursuant to subsection A are based.

D. The Board shall approve VESCP authorities and shall periodically conduct a comprehensive program compliance review and evaluation to ensure that all VESCPs operating under the jurisdiction of this article meet minimum standards of effectiveness in controlling soil erosion, sediment deposition, and nonagricultural runoff. The Department shall develop a schedule for conducting periodic reviews and evaluations of the effectiveness of VESCPs unless otherwise directed by the Board. Such reviews where applicable shall be coordinated with those being implemented in accordance with the

Stormwater Management Act (§ 62.1-44.15:24 et seq.) and associated regulations and the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) and associated regulations. The Department may also conduct a comprehensive or partial program compliance review and evaluation of a VESCP at a greater frequency than the standard schedule.

E. The Board shall issue certificates of competence concerning the content, application, and intent of specified subject areas of this article and accompanying regulations, including program administration, plan review, and project inspection, to personnel of program authorities and to any other persons who have completed training programs or in other ways demonstrated adequate knowledge. The Department shall administer education and training programs for specified subject areas of this article and accompanying regulations, and is authorized to charge persons attending such programs reasonable fees to cover the costs of administering the programs. Such education and training programs shall also contain expanded components to address plan review and project inspection elements of the Stormwater Management Act (§ 62.1-44.15:24 et seq.) and attendant regulations in accordance with § 62.1-44.15:30.

F. Department personnel conducting inspections pursuant to this article shall hold a certificate of competence as provided in subsection E.

C. Each team shall establish local rules and procedures to govern the review process prior to conducting the first child fatality review. The review of a death shall be delayed until any criminal investigations connected with the death are completed or the Commonwealth consents to the commencement of such review prior to the completion of the criminal investigation.

D. All information and records obtained or created regarding the review of a fatality shall be confidential and shall be excluded from the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) pursuant to subdivision 9 of § 2.2-3705.5. All such information and records shall be used by the team only in the exercise of its proper purpose and function and shall not be disclosed. Such information or records shall not be subject to subpoena, subpoena duces tecum, or discovery or be admissible in any criminal or civil proceeding. If available from other sources, however, such information and records shall not be immune from subpoena, subpoena duces tecum, discovery or introduction into evidence when obtained through such other sources solely because the information and records were presented to the team during a fatality review. No person who participated in the reviews nor any member of the team shall be required to make any statement as to what transpired during the review or what information was collected during the review. Upon the conclusion of the fatality review, all information and records concerning the victim and the family shall be returned to the originating agency or destroyed. However, the findings of the team may be disclosed or published in statistical or other form which shall not identify individuals. The portions of meetings in which individual cases are discussed by the team shall be closed pursuant to subdivision A 21 of § 2.2-3711. All team members, persons attending closed team meetings, and persons presenting information and records on specific fatalities to the team during closed meetings shall execute a sworn statement to honor the confidentiality of the information, records, discussions, and opinions disclosed during any closed meeting to review a specific death. Violations of this subsection shall be punishable as a Class 3 misdemeanor.

Any organization, institution, or person furnishing information, data, testimony, reports or records to review teams as part of such review, shall be immune from civil liability for any act or omission in furnishing such information, unless such act or omission was the result of gross negligence or willful misconduct.

On the roads under the jurisdiction of the Department, the Department shall remove snow from the driveways and entrances of volunteer fire departments and volunteer ~~rescue squads~~ *emergency medical services agencies* when the chief of any individual volunteer fire department; or ~~the head of any individual~~ *volunteer rescue squad, emergency medical services agency* makes a written request for such snow removal service, provided that such service shall only be performed when such service can be performed during the normal course of snow removal activities of the Department without interfering with, or otherwise inconveniencing, such snow removal activities. Such service shall not extend to any parking lots adjacent to such driveways and entranceways not normally used by the volunteer fire department or volunteer ~~rescue squad~~ *vehicles emergency medical services agency* as their direct driveway or entrance.

**§ 33.2-501. Designation of HOV lanes; use of such lanes; penalties.**

A. In order to facilitate the rapid and orderly movement of traffic to and from urban areas during peak traffic periods, the Board may designate one or more lanes of any highway in the Interstate System, primary state highway system, or secondary state highway system as HOV lanes. When lanes have been so designated and have been appropriately marked with signs or other markers as the Board may prescribe, they shall be reserved during periods designated by the Board for the exclusive use of buses and high-occupancy vehicles. Any local governing body may also, with respect to highways under its exclusive jurisdiction, designate HOV lanes and impose and enforce restrictions on the use of such lanes. Any highway for which the locality receives highway maintenance funds pursuant to § 33.2-319 shall be deemed to be within the exclusive jurisdiction of the local governing body for the purposes of this section. HOV lanes shall be reserved for high-occupancy vehicles of a specified number of occupants as determined by the Board or, for HOV lanes designated by a local governing body, by that local governing body. Notwithstanding the foregoing provisions of this section, no designation of any lane or lanes of any highway as HOV lanes shall apply to the use of any such lanes by:

1. Emergency vehicles such as firefighting vehicles; ~~ambulances;~~ and ~~rescue squad~~ *emergency medical services* vehicles;

2. Law-enforcement vehicles;

3. Motorcycles;

4. a. Transit and commuter buses designed to transport 16 or more passengers, including the driver;

b. Any vehicle operating under a certificate issued under § 46.2-2075, 46.2-2080, 46.2-2096, 46.2-2099.4, or 46.2-2099.44;

5. Vehicles of public utility companies operating in response to an emergency call;

6. Vehicles bearing clean special fuel vehicle license plates issued pursuant to § 46.2-749.3, provided such use is in compliance with federal law;

7. Taxicabs having two or more occupants, including the driver; or

8. (Contingent effective date) Any active duty military member in uniform who is utilizing Interstate 264 and Interstate 64 for the purposes of traveling to or from a military facility in the Hampton Roads Planning District.

In the Hampton Roads Planning District, HOV restrictions may be temporarily lifted and HOV lanes opened to use by all vehicles when restricting use of HOV lanes becomes impossible or undesirable and the temporary lifting of HOV limitations is indicated by signs along or above the affected portion of highway.

The Commissioner of Highways shall implement a program of the HOV facilities in the Hampton Roads Planning District beginning not later than May 1, 2000. This program shall include the temporary lifting of HOV restrictions and the opening of HOV lanes to all traffic when an incident resulting from nonrecurring causes within the general lanes occurs such that a lane of traffic is blocked or is expected to be blocked for 10 minutes or longer. The HOV restrictions for the facility shall be reinstated when the general lane is no longer blocked and is available for use.

The Commissioner of Highways shall maintain necessary records to evaluate the effects of such openings on the operation of the general lanes and the HOV lanes. This program will terminate if the Federal Highway Administration requires repayment of any federal highway construction funds because of the program's impact on the HOV facilities in Hampton Roads.

B. In designating any lane or lanes of any highway as HOV lanes, the Board or local governing body shall specify the hour or hours of each day of the week during which the lanes shall be so reserved, and the hour or hours shall be plainly posted at whatever intervals along the lanes the Board or local governing body deems appropriate. Any person driving a motor vehicle in a designated HOV lane in violation of this section is guilty of a traffic infraction, which shall not be a moving violation, and on conviction shall be fined \$100. However, violations committed within the boundaries of Planning District 8 shall be punishable as follows:

1. For a first offense, by a fine of \$125;

2. For a second offense within a period of five years from a first offense, by a fine of \$250;

3. For a third offense within a period of five years from a first offense, by a fine of \$500; and

4. For a fourth or subsequent offense within a period of five years from a first offense, by a fine of \$1,000.

Upon a conviction under this section, the court shall furnish to the Commissioner of the Department of Motor Vehicles in accordance with § 46.2-383 an abstract of the record of such conviction, which shall become a part of the person's driving

record. Notwithstanding the provisions of § 46.2-492, no driver demerit points shall be assessed for any violation of this section, except that persons convicted of second, third, fourth, or subsequent violations within five years of a first offense committed in Planning District 8 shall be assessed three demerit points for each such violation.

C. In the prosecution of an offense, committed in the presence of a law-enforcement officer, of failure to obey a road sign restricting a highway, or portion thereof, to the use of high-occupancy vehicles, proof that the vehicle described in the HOV violation summons was operated in violation of this section, together with proof that the defendant was at the time of such violation the registered owner of the vehicle, shall constitute in evidence a rebuttable presumption that such registered owner of the vehicle was the person who committed the violation. Such presumption shall be rebutted if the registered owner of the vehicle testifies in open court under oath that he was not the operator of the vehicle at the time of the violation. A summons for a violation of this section may be executed in accordance with § 19.2-76.2. Such rebuttable presumption shall not arise when the registered owner of the vehicle is a rental or leasing company.

D. Notwithstanding the provisions of § 19.2-76, whenever a summons for a violation of this section is served in any locality, it may be executed by mailing by first-class mail a copy thereof to the address of the owner of the vehicle as shown on the records of the Department of Motor Vehicles. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for his failure to appear on the return date of the summons.

E. Notwithstanding § 33.2-613, high-occupancy vehicles having three or more occupants (HOV-3) may be permitted to use the Omer L. Hirst-Adelard L. Brault Expressway (Dulles Toll Road) without paying a toll.

F. Notwithstanding the contrary provisions of this section, the following conditions shall be met before the HOV-2 designation of Interstate Route 66 outside the Capital Beltway can be changed to HOV-3 or any more restrictive designation:

1. The Department of Transportation shall publish a notice of its intent to change the existing designation and also immediately provide similar notice of its intent to all members of the General Assembly representing districts that touch or are directly impacted by traffic on Interstate Route 66.

2. The Department of Transportation shall hold public hearings in the corridor to receive comments from the public.

3. The Department of Transportation shall make a finding of the need for a change in such designation, based on public hearings and its internal data, and present this finding to the Board for approval.

4. The Board shall make written findings and a decision based upon the following criteria:

a. Is changing the HOV-2 designation to HOV-3 in the public interest?

b. Is there quantitative and qualitative evidence that supports the argument that HOV-3 will facilitate the flow of traffic on Interstate Route 66?

c. Is changing the HOV-2 designation beneficial to comply with the federal Clean Air Act Amendments of 1990?

**§ 33.2-503. HOT lanes enforcement.**

Any person operating a motor vehicle on designated HOT lanes shall make arrangements with the HOT lanes operator for payment of the required toll prior to entering such HOT lanes. The driver of a vehicle who enters the HOT lanes in an unauthorized vehicle, in violation of the conditions for use of such HOT lanes established pursuant to § 33.2-502, without payment of the required toll or without having made arrangements with the HOT lanes operator for payment of the required toll shall have committed a violation of this section, which may be enforced in the following manner:

1. On a form prescribed by the Supreme Court, a summons for civil violation of this section may be executed by a law-enforcement officer, when such violation is observed by such officer. The form shall contain the option for the driver of the vehicle to prepay the unpaid toll and all penalties, administrative fees, and costs.

2. a. A HOT lanes operator shall install and operate, or cause to be installed or operated, a photo-enforcement system at locations where tolls are collected for the use of such HOT lanes.

b. A summons for civil violation of this section may be executed pursuant to this subdivision, when such violation is evidenced by information obtained from a photo-enforcement system as defined in this chapter. A certificate, sworn to or affirmed by a technician employed or authorized by the HOT lanes operator, or a facsimile of such a certificate, based on inspection of photographs, microphotographs, videotapes, or other recorded images produced by a photo-enforcement system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this subdivision. Any vehicle rental or vehicle leasing company, if named in a summons, shall be released as a party to the action if it provides to the HOT lanes operator a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or lessee prior to the date of hearing set forth in the summons. Upon receipt of such rental agreement, lease, or affidavit, a summons shall be issued for the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.).

c. On a form prescribed by the Supreme Court, a summons issued under this subdivision may be executed pursuant to § 19.2-76.2. Such form shall contain the option for the driver or registered owner to prepay the unpaid toll and all penalties, administrative fees, and costs. HOT lanes operator personnel or their agents mailing such summons shall be considered conservators of the peace for the sole and limited purpose of mailing such summons. Notwithstanding the provisions of § 19.2-76, a summons for a violation of this section may be executed by mailing by first-class mail a copy thereof to the

address of the owner of the vehicle as shown on the records of the Department of Motor Vehicles or, if the registered owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to this subdivision, such named operator of the vehicle. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

d. The registered owner of such vehicle shall be given reasonable notice by way of a summons as provided in this subdivision that his vehicle had been used in violation of this section, and such owner shall be given notice of the time and place of the hearing and notice of the civil penalty and costs for such offense.

Upon the filing of an affidavit with the court at least 14 days prior to the hearing date by the registered owner of the vehicle stating that he was not the driver of the vehicle on the date of the violation and providing the legal name and address of the driver of the vehicle at the time of the violation, a summons will also be issued to the alleged driver of the vehicle at the time of the offense. The affidavit shall constitute prima facie evidence that the person named in the affidavit was driving the vehicle at all the relevant times relating to the matter named in the affidavit.

If the registered owner of the vehicle produces a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the court shall dismiss the summons issued to the registered owner of the vehicle.

3. a. The HOT lanes operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. The operator of the vehicle shall pay the unpaid tolls and any administrative fee detailed in a notice or invoice issued by a HOT lanes operator. If paid within 30 days of notification, the administrative fee shall not exceed \$25.

b. Upon a finding by a court of competent jurisdiction that the driver of the vehicle observed by a law-enforcement officer under subdivision 1 or the vehicle described in the summons for civil violation issued pursuant to evidence obtained by a photo-enforcement system under subdivision 2 was in violation of this section, the court shall impose a civil penalty upon the driver of such vehicle issued a summons under subdivision 1, or upon the driver or registered owner of such vehicle issued a summons under subdivision 2, payable to the HOT lanes operator as follows: for a first offense, \$50; for a second offense, \$250; for a third offense within a period of two years of the second offense, \$500; and for a fourth and subsequent offense within a period of three years of the second offense, \$1,000, together with, in each case, the unpaid toll, all accrued administrative fees imposed by the HOT lanes operator as authorized by this section, and applicable court costs. The court shall remand penalties, the unpaid toll, and administrative fees assessed for violation of this section to the treasurer or director of finance of the county or city in which the violation occurred for payment to the HOT lanes operator for expenses associated with operation of the HOT lanes and payments against any bonds or other liens issued as a result of the construction of the HOT lanes. No person shall be subject to prosecution under both subdivisions 1 and 2 for actions arising out of the same transaction or occurrence.

c. Upon a finding by a court that a person has violated this section, in the event such person fails to pay the required penalties, fees, and costs, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall suspend all of the registration certificates and license plates issued for any motor vehicles registered solely in the name of such person and shall not issue any registration certificate or license plate for any other vehicle that such person seeks to register solely in his name until the court has notified the Commissioner of the Department of Motor Vehicles that such penalties, fees, and costs have been paid. The HOT lanes operator and the Commissioner of the Department of Motor Vehicles may enter into an agreement whereby the HOT lanes operator may reimburse the Department of Motor Vehicles for its reasonable costs to develop, implement, and maintain this enforcement mechanism, and that specifies that the Commissioner of the Department of Motor Vehicles shall have an obligation to suspend such registration certificates so long as the HOT lanes operator makes the required reimbursements in a timely manner in accordance with the agreement.

d. Except as provided in subdivisions 4 and 5, imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator of a motor vehicle under Title 46.2 and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

4. a. The HOT lanes operator may restrict the usage of the HOT lanes to designated vehicle classifications pursuant to an interim or final comprehensive agreement executed pursuant to § 33.2-1808 or 33.2-1809. Notice of any such vehicle classification restrictions shall be provided through the placement of signs or other markers prior to and at all HOT lanes entrances.

b. Any person driving an unauthorized vehicle on the designated HOT lanes is guilty of a traffic infraction, which shall not be a moving violation, and shall be punishable as follows: for a first offense, by a fine of \$125; for a second offense within a period of five years from a first offense, by a fine of \$250; for a third offense within a period of five years from a first offense, by a fine of \$500; and for a fourth and subsequent offense within a period of five years from a first offense, by a fine of \$1,000.

Upon a conviction under this subdivision, the court shall furnish to the Commissioner of the Department of Motor Vehicles, in accordance with § 46.2-383, an abstract of the record of such conviction, which shall become a part of the person's driving record. Notwithstanding the provisions of § 46.2-492, no driver demerit points shall be assessed for any

violation of this subdivision, except that persons convicted of a second, third, fourth, or subsequent violation within five years of a first offense shall be assessed three demerit points for each such violation.

5. The driver of a vehicle who enters the HOT lanes by crossing through any barrier, buffer, or other area separating the HOT lanes from other lanes of travel is guilty of a violation of § 46.2-852, unless the vehicle is a state or local law-enforcement vehicle, firefighting truck, ~~ambulance~~, or ~~rescue squad~~ *emergency medical services* vehicle used in the performance of its official duties. No person shall be subject to prosecution both under this subdivision and under subdivision 1, 2, or 4 for actions arising out of the same transaction or occurrence.

Upon a conviction under this subdivision, the court shall furnish to the Commissioner of the Department of Motor Vehicles in accordance with § 46.2-383 an abstract of the record of such conviction, which shall become a part of the convicted person's driving record.

6. No person shall be subject to prosecution both under this section and under § 33.2-501, 46.2-819, or 46.2-819.1 for actions arising out of the same transaction or occurrence.

7. Any action under this section shall be brought in the general district court of the county or city in which the violation occurred.

A copy of this subsection shall be posted at all toll bridges, toll roads, and other toll facilities in the Commonwealth. #### **§ 38.2-1904. Rate standards.**

A. Rates for the classes of insurance to which this chapter applies shall not be excessive, inadequate, or unfairly discriminatory. All rates and all changes and amendments to rates to which this chapter applies for use in this Commonwealth shall consider loss experience and other factors within Virginia if relevant and actuarially sound, provided; *that* other data, including countrywide, regional, or other state data, may be considered where such data is relevant and where a sound actuarial basis exists for considering data other than Virginia-specific data.

1. No rate shall be held to be excessive unless it is unreasonably high for the insurance provided and a reasonable degree of competition does not exist in the area with respect to the classification to which the rate applies.

2. No rate shall be held inadequate unless it is unreasonably low for the insurance provided and (i) continued use of it would endanger solvency of the insurer or (ii) use of the rate by the insurer has or, if continued, will have the effect of destroying competition or creating a monopoly.

3. No rate shall be unfairly discriminatory if a different rate is charged for the same coverage and the rate differential (i) is based on sound actuarial principles or (ii) is related to actual or reasonably anticipated experience.

B. 1. In determining whether rates comply with the standards of subsection A ~~of this section~~, separate consideration shall be given to (i) past and prospective loss experience within and outside this Commonwealth, (ii) conflagration or catastrophe hazards, (iii) a reasonable margin for underwriting profit and contingencies, (iv) dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers, (v) past and prospective expenses both countrywide and those specifically applicable to this Commonwealth, (vi) the loss reserving practices, standards and procedures utilized by the insurer, (vii) investment income earned or realized by insurers from their unearned premium and loss reserve and the Commission may give separate consideration to investment income earned on surplus funds, and (viii) all other relevant factors within and outside this Commonwealth. 3. In the case of workers' compensation insurance rates for volunteer firefighters or volunteer ~~lifeguard or volunteer rescue squad members~~ *emergency medical services personnel*, the rates shall be calculated based upon the combined experience of both volunteer firefighters or volunteer ~~lifeguard or volunteer rescue squad members~~ *emergency medical services personnel* and paid firefighters or paid ~~lifeguard or paid rescue squad members~~ *emergency medical services personnel*, so that the resulting rate is the same for both volunteer and paid members, but in no event shall resulting premiums be less than ~~forty dollars~~ \$40 per year for any volunteer firefighter or ~~rescue squad member~~ *volunteer emergency medical services personnel*.

4. In the case of uninsured motorist coverage required by subsection A of § 38.2-2206, consideration shall be given to all sums distributed by the Commission from the Uninsured Motorists Fund in accordance with the provisions of Chapter 30 (§ 38.2-3000 et seq.) ~~of this title~~.

C. For the classes of insurance to which this chapter applies, including insurance against contingent, consequential and indirect losses as defined in § 38.2-133 (i) the systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the requirements of the operating methods of any such insurer or group for any class of insurance, or with respect to any subdivision or combination of insurance for which separate expense provisions are applicable, and (ii) risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans that establish standards for measuring variations in hazards, expense provisions, or both. The standards may measure any difference between risks that can be demonstrated to have a probable effect upon losses or expenses. Notwithstanding any other provision of this subsection, except as permitted by § 38.2-1908, each member of a rate service organization shall use the uniform classification system, uniform experience rating plan, and uniform statistical plan of its designated rate service organization in the provision of insurance defined in § 38.2-119.

D. No insurer shall use any information pertaining to any motor vehicle conviction or accident to produce increased or surcharged rates above their filed manual rates for individual risks for a period longer than ~~thirty-six~~ 36 months. This period shall begin no later than ~~twelve~~ 12 months after the date of the conviction or accident.

E. Each authorized insurer subject to the provisions of this chapter may file with the Commission an expense reduction plan that permits variations in expense provisions. Such filing may contain provisions permitting agents to reduce their commission resulting in an appropriate reduction in premium. Nothing in this section shall be construed to require an agent to reduce a commission, nor may an insurer unreasonably refuse to reduce a premium due to a commission reduction as permitted by its filed expense reduction plan.

#### **§ 38.2-2005. Provisions governing making of rates.**

A. Rates for the classes of insurance to which this chapter applies shall not be excessive, inadequate, or unfairly discriminatory. All rates and all changes and amendments to rates to which this chapter applies for use in this Commonwealth shall consider loss experience and other factors within Virginia if relevant and actuarially sound; however, other data, including countrywide, regional or other state data, may be considered where such data is relevant and where a sound actuarial basis exists for considering data other than Virginia-specific data.

B. 1. In making rates for the classes of insurance to which this chapter applies, separate consideration shall be given to (i) past and prospective loss experience within and outside this Commonwealth, (ii) conflagration or catastrophe hazards, (iii) a reasonable margin for underwriting profit and contingencies, (iv) dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers, (v) past and prospective expenses both countrywide and those specifically applicable to this Commonwealth, (vi) investment income earned or realized by insurers from their unearned premium and loss reserve and the Commission may give separate consideration to investment income earned on surplus funds, (vii) the loss reserving practices, standards and procedures utilized by the insurer, and (viii) all

other relevant factors within and outside this Commonwealth. When actual experience or data does not exist, the Commission may consider estimates.

2. In the case of fire insurance rates, consideration shall be given to the experience of the fire insurance business during a period of not less than the most recent five-year period for which such experience is available.

3. [Repealed.]

In the case of workers' compensation insurance rates for volunteer firefighters or volunteer ~~lifeguarding or volunteer rescue squad members~~ *emergency medical services personnel* written through the Virginia Worker's Compensation Insurance Plan, the rates shall be calculated based upon the combined experience of both volunteer firefighters or volunteer ~~lifeguarding or volunteer rescue squad members~~ *emergency medical services personnel* and paid firefighters or paid ~~lifeguarding or paid rescue squad members~~ *emergency medical services personnel*, so that the resulting rate is the same for both volunteer and paid members, but in no event shall resulting premiums be less than ~~forty dollars~~ \$40 per year for any volunteer firefighter or ~~rescue squad member~~ *volunteer emergency medical services personnel*.

C. For the classes of insurance to which this chapter applies (i) the systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the requirements of the operating methods of any such insurer or group for any class of insurance, or for any subdivision or combination of insurance for which separate expense provisions apply, and (ii) risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans that establish standards for measuring variations in hazards, expense provisions, or both. The standards may measure any difference among risks that can be demonstrated to have a probable effect upon losses or expenses.

D. All rates, rating schedules or rating plans and every manual of classifications, rules and rates, including every modification thereof, approved by the Commission under this chapter, shall be used until a change is approved by the Commission.

Either or both of the coverages, as well as any other medical expense or loss of income coverage under any policy of automobile liability insurance, shall be payable to the covered injured person or pursuant to an assignment of benefits in accordance with subsection D, notwithstanding the failure or refusal of the named insured or other person entitled to the coverage to give notice to the insurer of an accident as soon as practicable under the terms of the policy, except where the failure or refusal prejudices the insurer in establishing the validity of the claim.

C. In any policy of personal automobile insurance in which the insured has purchased coverage under subsection A, every insurer providing such coverage arising from the ownership, maintenance or use of no more than four motor vehicles shall be liable to pay up to the maximum policy limit available on every motor vehicle insured under that coverage if the health care or disability expenses and costs mentioned in subsection A exceed the limits of coverage for any one motor vehicle so insured.

  - e. If the AOB form does not include a notice that complies with the provisions of subdivision g, (i) the assignor is given a separate document, in any printed or electronic format, that is delivered to the assignor at the same time as the AOB form and that contains a notice that complies with the provisions of subdivision g; (ii) the AOB form includes a conspicuous statement that a notice regarding the assignment of medical expense benefits is provided in a separate document; and (iii) the AOB form is signed, initialed, or otherwise marked by the assignor at or near the statement described in clause (ii) to acknowledge that the assignor has read, or had the opportunity to read, the separate document containing the notice;

"Notice: automobile accident patients

If you have been in an automobile accident, you may be entitled to payment from your automobile insurance if you have medical expense benefits coverage. By signing this assignment of benefits form you are giving to your health care provider the right to receive some or all of that payment directly from your automobile insurance company.

If you have health insurance and your healthcare provider is in-network: as long as you provide information necessary to verify your health insurance coverage the healthcare provider may only bill the amount you owe for any copayment, coinsurance, or deductibles to your automobile insurance and you may be entitled to any remainder of your automobile insurance benefit.

If you do not provide information necessary to verify your health insurance coverage, do not have health insurance, or your healthcare provider is not in your health insurer's provider network: your health care provider may bill their full charges to your automobile insurance.

You may want to consult your insurance agent or attorney before signing or initialing this form. You are not required to sign/initial this form to receive care."
2. Upon receipt of a copy of an AOB form that satisfies the requirements of subdivision D 1 and (i) an explanation of benefits or remittance advice or (ii) a bill, claim form, or documentation from the assignee advising that it has been represented to the assignee that the covered injured person does not have health insurance or is covered by a self-insured or self-funded employee welfare benefit plan subject to the Employee Retirement Income Security Act of 1974 which requires medical expense coverage to be primary, a motor vehicle insurer shall pay directly to the health care provider, from any medical expense benefits available to such person under a motor vehicle insurance policy:
  - a. If the covered injured person is covered under a health care policy, the health care provider is an in-network provider, and the health care provider has submitted its claim to the health insurer for the health care services, the amount of any copayments, coinsurance, or deductibles owed by the injured covered person to the health care provider, as evidenced by an explanation of benefits, remittance advice, or similar documentation provided to the motor vehicle insurer; or
  - b. If (i) the covered injured person is not covered under a health care policy, (ii) the covered injured person is covered by a self-insured or self-funded employee welfare benefit plan subject to the Employee Retirement Income Security Act of 1974 which requires medical expense coverage to be primary, or (iii) the health care provider is not an in-network provider, amounts to cover the cost of the health care services provided, in the amount of the usual and customary fee charged in that community for the health care services rendered;

4. A covered injured person shall not be required to assign to any person any medical expense benefits he may have under this section, including any assignment of the proceeds of such coverages;
5. An assignment of medical expense benefits shall be void and unenforceable as against public policy if the assignment does not comply with the requirements of subdivision D 1;
6. Medical expense benefits may not be reduced because of any benefits paid, payable, or provided by any insurance contract providing hospital, medical, surgical, and similar or related benefits, or any subscription contract or health services plan delivered or issued for delivery or providing for the payment of benefits to or on behalf of persons residing in or employed in the Commonwealth, except as authorized by this section; and
7. Allotments from such sum sufficient may be made by the Governor to any state agency or political subdivision of the Commonwealth to carry out disaster service missions and responsibilities. Allotments may also be made by the Governor from the sum sufficient to provide financial assistance to eligible applicants located in an area declared to be in a state of emergency, but not declared to be a major disaster area for which federal assistance might be forthcoming. This shall be considered as a program of last resort for those local jurisdictions that cannot meet the full cost.

The Virginia Department of Emergency Management shall establish guidelines and procedures for determining whether and to what extent financial assistance to local governments may be provided.

The guidelines and procedures shall include, but not be limited to, the following:

(1) Participants may be eligible to receive financial assistance to cover a percentage of eligible costs if they demonstrate that they are incapable of covering the full cost. The percentage may vary, based on the Commission on Local Government's fiscal stress index. The cumulative effect of recent disasters during the preceding twelve months may also be considered for eligibility purposes.

Insurance deductibles shall not be covered by this program.

(7) Eligible participants shall maintain complete documentation of all costs in a manner approved by the Auditor of Public Accounts and shall provide copies of the documentation to the Virginia Department of Emergency Management upon request.

If a jurisdiction meets the criteria set forth in the guidelines and procedures, but is in an area that has neither been declared to be in a state of emergency nor been declared to be a major disaster area for which federal assistance might be forthcoming, the Governor is authorized, in his discretion, to make an allotment from the sum sufficient to that jurisdiction without a declaration of a state of emergency, in the same manner as if a state of emergency declaration had been made.

The Governor shall report to the Chairmen of the Senate Finance Committee, the House Appropriations Committee, and the House Finance Committee within thirty days of authorizing the sum sufficient pursuant to this section. 2. If any person less than 19 years old is convicted a second time of committing, when he was less than 18 years old, (i) an offense for which demerit points have been assessed or are assessable under Article 19 (§ 46.2-489 et seq.) or (ii) a violation of any provision of Article 12 (§ 46.2-1091 et seq.) or Article 13 (§ 46.2-1095 et seq.) of Chapter 10, the Commissioner shall suspend such person's driver's license or privilege to operate a motor vehicle for 90 days. On such petition the court may, in its discretion, authorize the issuance of a restricted license for a period not to exceed the term of the suspension of the person's license or privilege to operate a motor vehicle in the Commonwealth. Such restricted license shall be valid solely for operation of a motor vehicle between such person's home and his place of employment or the institution of higher learning where he is enrolled.

Except in a driver emergency or when the vehicle is lawfully parked or stopped, the holder of a provisional driver's license shall not operate a motor vehicle on the highways of the Commonwealth while using any cellular telephone or any other wireless telecommunications device, regardless of whether such device is or is not hand-held.

D. The provisional driver's license restrictions in subsections B, C, and C1 shall expire on the holder's eighteenth birthday. A violation of the provisional driver's license restrictions in either subsection B, C, or C1 shall constitute a traffic infraction. For a second or subsequent violation of the provisional driver's license restrictions in either subsection B, C, or C1, in addition to any other penalties that may be imposed pursuant to § 16.1-278.10, the court may suspend the juvenile's privilege to drive for a period not to exceed six months.

E. A violation of subsection B, C, or C1 shall not constitute negligence, be considered in mitigation of damages of whatever nature, be admissible in evidence, or be the subject of comment by counsel in any action for the recovery of damages arising out of the operation, ownership, or maintenance of a motor vehicle, nor shall anything in this subsection change any existing law, rule, or procedure pertaining to any such civil action.

F. Nothing in this section shall deprive any town now imposing these licenses and taxes from increasing them or deprive any town not now imposing them from hereafter doing so, but subject to the limitations provided in subsection D. The governing body of any county and the governing body of any town in that county wherein each imposes the license tax herein provided may provide mutual agreements so that not more than one license plate or decal in addition to the state plate shall be required.

F. Notwithstanding the provisions of subsection E, in a consolidated county wherein a tier-city exists, the tier-city may, in accordance with the provisions of the agreement or plan of consolidation, impose license fees and taxes under this section in addition to those fees and taxes imposed by the county, provided that the combined county and tier-city rates do not exceed the maximum provided in subsection A. Any such ordinance may also provide that a violation of the ordinance by the registered owner of the vehicle may not be discharged by payment of a fine except upon presentation of satisfactory evidence that the required license has been obtained. Nothing in this section shall be construed to require a county, city, or town to issue a decal or any other tangible evidence of a local license to be displayed on the licensed vehicle if the county's, city's, or town's ordinance does not require display of a decal or other evidence of payment. Any city and any county having the urban county executive form of government, the counties adjacent to such county and towns within them may require that no motor vehicle, trailer, or semitrailer shall be licensed by that jurisdiction or any other jurisdiction in the compact unless all fines owed to any participating jurisdiction by the owner of the vehicle for violation of any participating jurisdiction's ordinances governing parking of vehicles have been paid. The ordinance may further provide that a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor. Any such ordinance may also provide that a violation of the ordinance by the owner of the vehicle may not be discharged by payment of a fine and applicable court costs except upon presentation of satisfactory evidence that the required license has been obtained. 2. Early retirement; applicable to teachers, state employees, and certain others. - The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the member has less than 30 years of creditable service, the retirement allowance shall be reduced for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which he would have completed a total of at least 30 years of creditable service and his then creditable service plus his then attained age would have been equal to 90 or more.

Such resolution shall be irrevocable.*

4. Additional allowance. - In addition to the allowance payable under subdivisions 1, 2, and 3, a member shall receive an additional allowance which shall be the actuarial equivalent, for his attained age at the time of retirement, of the excess of his accumulated contributions transferred from the abolished system to the retirement system, including interest credited at the rate of two percent compounded annually since the transfer to the date of retirement, over the annual amounts equal to

four percent of his annual creditable compensation at the date of abolishment for a period equal to his period of membership in the abolished system.

5. 50/10 retirement. - The allowance shall be payable in a monthly stream of payments equal to the greater of (i) the actuarial equivalent of the benefit the member would have received had he terminated service and deferred retirement to age 55 or (ii) the actuarially calculated present value of the member's accumulated contributions, including accrued interest.

B. Beneficiary serving in position covered by this title.

Every person who is otherwise eligible to participate in the program but is not a member of a retirement plan administered by the Virginia Retirement System the first time he is hired on or after January 1, 2014, in a covered position, shall participate in the hybrid retirement program established by this section.

B. 1. The employer shall make contributions to the defined benefit component of the program in accordance with § 51.1-145.

2. The employer shall make a mandatory contribution to the defined contribution component of the program on behalf of an employee participating in the program in the amount of one percent of creditable compensation. The increase will be effective beginning with the first pay period that begins in such calendar year unless the employee elects not to increase the voluntary contribution in a manner prescribed by the Board.

4. No loans or hardship distributions shall be available from contributions made by an employee under this subsection.

D. 1. The amount of the service retirement allowance under the defined benefit component of the program shall be governed by § 51.1-155 for all creditable service credited prior to the effective date of the member's participation in the program. For all other creditable service, the allowance shall equal one percent of a member's average final compensation multiplied by the amount of his creditable service while in the program. For judges who are participating in the hybrid retirement program, creditable service shall be determined as provided in § 51.1-303 and service retirement eligibility shall be determined as provided in § 51.1-305.

payment under the defined contribution component of the program if the benefit is being paid in an annuity form under an annuity contract purchased with the member's account balance.

4. Any administrative fee imposed pursuant to subdivision A 13 of § 51.1-124.22 on any employer for administering and overseeing the hybrid retirement program maintained under this section shall be charged for each employee participating in such program and shall be for costs incurred by the Virginia Retirement System that are directly related to the administration and oversight of such program.
