Each trailer manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof shall file with the Commissioner a true copy of each new, amended, modified, or different form or addendum offered to more than one dealer that affects the rights, responsibilities, or obligations of the parties of a franchise or sales, service, or sales and service agreement to be offered to a trailer dealer or prospective trailer dealer in the Commonwealth no later than 60 days prior to the date the franchise or sales agreement is offered. In no event shall a new, amended, modified, or different form of franchise or sales, service, or sales and service agreement be offered a trailer dealer in the Commonwealth until the form has been determined by the Commissioner as not containing terms inconsistent with the provisions of this chapter. At the time a filing is made with the Commissioner pursuant to this section, the manufacturer, factory branch, distributor, distributor branch, or subsidiary shall also give written notice together with a copy of the papers so filed to the affected dealer or dealers.

§ 46.2-1573.15. Exemption of franchises from Retail Franchising Act.

Franchises subject to the provisions of this chapter shall not be subject to any requirement contained in Chapter 8 (§ 13.1-557 et seq.) of Title 13.1.

§ 46.2-1573.16. Coercion of retail dealer by manufacturer or distributor with respect to retail installment sales contracts prohibited; penalty.

A. It shall be unlawful for any manufacturer or distributor, or any officer, agent, or representative of either, to coerce or attempt to coerce any retail trailer dealer or prospective retail trailer dealer in the Commonwealth to sell, assign, or transfer any retail installment sales contract obtained by the dealer in connection with the sale by him in the Commonwealth of trailers manufactured or sold by the manufacturer or distributor, to a specified finance company or class of finance companies or to any other specified persons by any of the following:

1. Any statement, suggestion, promise, or threat that the manufacturer or distributor will in any manner benefit or injure the dealer, whether the statement, suggestion, threat, or promise is expressed or implied or made directly or indirectly.
2. Any act that will benefit or injure the dealer.
3. Any contract, or any expressed or implied offer of contract, made directly or indirectly to the dealer, for handling the trailer on the condition that the dealer sell, assign, or transfer his retail installment sales contract on the trailer, in the Commonwealth, to a specified finance company or class of finance companies or to any other specified person.
4. Any expressed or implied statement or representation made directly or indirectly that the dealer is under any obligation whatsoever to sell, assign, or transfer any of his retail sales contracts in the Commonwealth on trailers manufactured or sold by the manufacturer or distributor to a finance company, or class of finance companies, or other specified person, because of any relationship or affiliation between the manufacturer or distributor and the finance company or companies or the specified person.

B. Any such statements, threats, promises, acts, contracts, or offers of contracts, when their effect may be to lessen or eliminate competition or tend to create a monopoly, are declared unfair trade practices and unfair methods of competition and are prohibited.

C. Any person violating any of the provisions of this section is guilty of a Class I misdemeanor.

§ 46.2-1573.17. Other coercion of dealers; transfer, grant, succession to and cancellation of dealer franchises; delivery of trailers, parts, and accessories.

It shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or their representatives:

1. To coerce or attempt to coerce any dealer to accept delivery of any trailer or trailers, parts or accessories therefor, or any other commodities that have not been ordered by the dealer.

2. To coerce or attempt to coerce any dealer to enter into an agreement with the manufacturer, factory branch, distributor, or distributor branch, or representative thereof, or do any other act unfair to the dealer, by threatening to cancel any franchise existing between the manufacturer, factory branch, distributor, distributor branch, or representative thereof and the dealer.

3. To coerce or attempt to coerce any dealer to join, contribute to, or affiliate with any advertising association.

4. To prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale, or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, unless the franchisor provides written notice to the dealer of its objection and the reasons therefor at least 30 days prior to the proposed effective date of the transfer, sale, assignment, or change. No such objection shall be effective to prevent the sale, transfer, assignment, or change if the Commissioner has determined, if requested in writing by the dealer within 30 days after receipt of an objection to the proposed sale, transfer, or change, and after a hearing on the matter, that the failure to permit or honor the sale, transfer, assignment, or change is unreasonable under the circumstances. No franchise may be sold, assigned, or transferred unless (i) the franchisor has been given at least 90 days’ prior written notice by the dealer as to the identity, financial ability, and qualifications of the proposed transferee and (ii) the sale or transfer of the franchise and business will not involve, without the franchisor’s consent, a relocation of the business.

5. To grant an additional franchise for a particular line-make of trailer in a relevant market area in which a dealer or dealers in that line-make are already located unless the franchisor has first advised in writing all other dealers in the line-make in the relevant market area. No such additional franchise may be established at the proposed site unless the Commissioner has determined, if requested by a dealer of the same line-make in the relevant market area within 30 days after receipt of the franchisor’s notice of intention to establish the additional franchise, and after a hearing on the matter, that there is reasonable evidence that after the grant of the new franchise, the market will support all of the dealers in that line-make in the relevant market area. Establishing a franchised dealer in a relevant market area to replace a franchised dealer that has not been in operation for more than two years shall constitute the establishment of a new franchise subject to the terms of this subdivision. The two-year period for replacing a franchised dealer shall begin on the day the franchise was terminated or, if a termination hearing was held, on the day the franchisor was legally permitted finally to terminate the franchise. This subdivision shall not apply to (i) the relocation of an existing dealer within that dealer’s relevant market area if the relocation site is to be more than 10 miles distant from any other dealer for the same line-make; (ii) the relocation of an existing dealer within that dealer’s relevant market area if the relocation site is to be more distant than the existing site from all other dealers of the same line-make in that relevant market area; or (iii) the relocation of an existing new trailer dealer within two miles of the existing site of the relocating dealer.

6. Except as otherwise provided in this subdivision and notwithstanding the terms of any franchise, to terminate, cancel, or refuse to renew the franchise of any dealer without good cause and unless (i) the dealer and the Commissioner have received written notice of the franchisor’s intentions at least 60 days prior to the effective date of such termination, cancellation, or the expiration date of the franchise, setting forth the specific grounds for the action, and (ii) the Commissioner has determined, if requested in writing by the dealer within the 60-day period, and after a hearing on the matter, that there is good cause for the termination, cancellation, or nonrenewal of the franchise. In any case where a petition is made to the Commissioner for a determination as to good cause for the termination, cancellation, or nonrenewal of a franchise, the franchise in question shall continue in effect pending the Commissioner’s decision or, if that decision is appealed to the circuit court, pending the decision of the circuit court. In any case in which a franchisor neither advises a dealer that it does not intend to renew a franchise nor takes any action to renew a franchise beyond its expiration date, the franchise in question shall continue in effect on the terms last agreed to by the parties. Notwithstanding the other provisions of this subdivision, notice of termination, cancellation, or nonrenewal may be provided to a dealer by a franchisor not less than 15 days prior to the effective date of such termination, cancellation, or nonrenewal when the grounds for such action are any of the following:
a. Insolvency of the franchised trailer dealer or filing of any petition by or against the franchised trailer dealer under any bankruptcy or receivership law, leading to liquidation or that is intended to lead to liquidation of the franchisee's business;

b. Failure of the franchised trailer dealer to conduct its customary sales and service operations during its posted business hours for seven consecutive business days, except where the failure results from acts of God or circumstances beyond the direct control of the franchised trailer dealer;

c. Revocation of any license that the franchised trailer dealer is required to have to operate a dealership; or

d. Conviction of the dealer or any principal of the dealer of a felony.

The change or discontinuance of a marketing or distribution system of a particular line-make product by a manufacturer or distributor, while the name identification of the product is continued in substantial form by the same or different manufacturer or distributor, may be considered to be a franchise termination, cancellation, or nonrenewal.

7. To fail to provide continued parts and service support to a dealer that holds a franchise in a discontinued line-make for at least five years from the date of such discontinuance.

8. To fail to allow a dealer the right at any time to designate a member of his family as a successor to the dealership in the event of the death or incapacity of the dealer. It shall be unlawful to prevent or refuse to honor the succession to a dealership by a member of the family of a deceased or incapacitated dealer if the franchisor has not provided to the member of the family previously designated by the dealer as his successor written notice of its objections to the succession and of each person's right to seek a hearing on the matter before the Commissioner pursuant to this article, and the Commissioner determines, if requested in writing by such member of the family within 30 days of receipt of such notice from the franchisor, and after a hearing on the matter before the Commissioner pursuant to this article, that the failure to permit or honor the succession is unreasonable under the circumstances. No member of the family may succeed to a franchise unless (i) the franchisor has been given written notice as to the identity, financial ability, and qualifications of the member of the family in question and (ii) the successor is not unreasonable under the circumstances. No member of the family may succeed to a franchise unless (i) the franchisor has been given written notice as to the identity, financial ability, and qualifications of the member of the family in question and (ii) the successor is not unreasonable under the circumstances.

9. To fail to ship monthly to any dealer, if ordered by the dealer, the number of new trailers of each make, series, and model needed by the dealer to receive a percentage of total new trailer sales of each make, series, and model equitably related to the total new trailer production or importation currently being achieved nationally by each make, series, and model covered under the franchise. Upon the written request of any dealer holding its sales or sales and service franchise, the manufacturer or distributor shall disclose to the dealer in writing the basis upon which new trailers are allocated, scheduled, and delivered to the dealers of the same line-make. If allocation is at issue in a request for a hearing, the dealer may demand the Commissioner to direct that the manufacturer or distributor provide to the dealer, within 30 days of such demand, all records of sales and all records of distribution of all trailers to the same line-make dealers who compete with the dealer requesting the hearing.

10. To require or otherwise coerce a dealer to underutilize the dealer's facilities.

11. To include in any franchise with a trailer dealer terms that are contrary to, prohibited by, or otherwise inconsistent with the requirements of this chapter.

12. To require under any franchise agreement a trailer dealer to pay the attorney fees of the manufacturer or distributor related to hearings and appeals brought under this article.

13. To fail to include in any franchise with a trailer dealer the following language: "If any provision herein contravenes the laws or regulations of any state or other jurisdiction wherein this agreement is to be performed, or denies access to the procedures, forums, or remedies provided for by such laws or regulations, such provision shall be deemed to be modified to conform to such laws or regulations, and all other terms and provisions shall remain in full force," or words to that effect.

§ 46.2-1573.18. Manufacturer or distributor right of first refusal.

Notwithstanding the terms of any franchise agreement, in the event of a proposed sale or transfer of a dealership, the manufacturer or distributor shall be permitted to exercise a right of first refusal to acquire the new trailer dealer's assets or ownership, if such sale or transfer is conditioned upon the manufacturer's or dealer's entering into a dealer agreement with the proposed new owner or transferee, only if all the following requirements are met:

1. To exercise its right of first refusal, the manufacturer or distributor must notify the dealer in writing within 45 days of its receipt of the completed proposal for the proposed sale or transfer;

2. The exercise of the right of first refusal will result in the dealer's and dealer owner's receiving the same or greater consideration as they have contracted to receive in connection with the proposed change of ownership or transfer;

3. The proposed sale or transfer of the dealership's assets does not involve the transfer or sale to a member or members of the family of one or more dealer owners, or to a qualified manager or a partnership or corporation controlled by such persons; and

4. The manufacturer or distributor agrees to pay the reasonable expenses, including attorney fees that do not exceed the usual, customary, and reasonable fees charged for similar work done for other clients, incurred by the proposed new owner and transferee prior to the manufacturer's or distributor's exercise of its right of first refusal in negotiating and implementing the contract for the proposed sale or transfer of the dealership or dealership assets. Notwithstanding the foregoing, no payment of such expenses and attorney fees shall be required if the dealer has not submitted or caused to be submitted an accounting of those expenses within 30 days of the dealer's receipt of the manufacturer's or distributor's
written request for such an accounting. Such accounting may be requested by a manufacturer or distributor before exercising its right of first refusal.

§ 46.2-1573.19. Discontinuation of distributors.
If the contract between a distributor and a manufacturer or importer is terminated or otherwise discontinued, all franchises granted to trailer dealers in the Commonwealth by that distributor shall continue in full force and shall not be affected by the discontinuance, except that the manufacturer, factory branch, distributor, representative, or other person who undertakes to distribute trailers of the same line-make or the same trailers of a renamed line-make shall be substituted for the discontinued distributor under the existing trailer dealer franchises, and those franchises shall be modified accordingly.

§ 46.2-1573.20. Warranty obligations.
A. Each trailer manufacturer, factory branch, distributor, or distributor branch shall (i) specify in writing to each of its trailer dealers licensed in the Commonwealth the dealer’s obligations for preparation, delivery, and warranty service on its products and (ii) compensate the dealer for warranty parts, service, and diagnostic work required of the dealer by the manufacturer or distributor as follows:

1. Compensation of a dealer for warranty parts, service, and diagnostic work shall not be less than the amounts charged by the dealer for the manufacturer’s or distributor's original parts, service, and diagnostic work to retail customers for nonwarranty service, parts, and diagnostic work installed or performed in the dealer’s service department unless the amounts are not reasonable;

2. For purposes of determining warranty parts and service compensation, menu-priced parts or services, group discounts, special event discounts, and special event promotions shall not be considered in determining amounts charged by the dealer to retail customers;

3. Increases in dealer warranty parts and service compensation and diagnostic work compensation, pursuant to this section, shall be requested by the dealer in writing, shall be based on 100 consecutive repair orders or all repair orders over a 90-day period, whichever occurs first, and, in the case of parts, shall be stated as a percentage of markup that shall be uniformly applied to all the manufacturer’s or distributor’s parts;

4. In the case of warranty parts compensation, the provisions of this subsection shall be effective only for model year 1992 and succeeding model years;

5. If a manufacturer or distributor furnishes a part to a dealer at no cost for use by the dealer in performing work for which the manufacturer or distributor is required to compensate the dealer under this section, the manufacturer or distributor shall compensate the dealer for the part in the same manner as warranty parts compensation, less the wholesale costs, for such part as listed in the manufacturer’s current price schedules; or

6. In the case of service work, manufacturer original parts or parts otherwise specified by the manufacturer or distributor, and parts provided by a dealer either pursuant to an adjustment program as defined in § 59.1-207.34 or as otherwise requested by the manufacturer or distributor, the dealer shall be compensated in the same manner as for warranty service or parts.

This section does not apply to compensation for parts such as components, systems, fixtures, appliances, furnishings, accessories, and features that are designed, used, and maintained primarily for nonvehicular, residential purposes. Warranty audits of dealer records may be conducted by the manufacturer, factory branch, distributor, or distributor branch on a reasonable basis, and dealer claims for warranty compensation shall not be denied except for good cause, such as performance of nonwarranty repairs, lack of material documentation, fraud, or misrepresentation. Claims for dealer compensation shall be paid within 30 days of dealer submission or within 30 days of the end of an incentive program or rejected in writing for stated reasons. The manufacturer, factory branch, distributor, or distributor branch shall reserve the right to reasonable periodic audits to determine the validity of all such paid claims for dealer compensation. Any chargebacks for warranty parts or service compensation and service incentives shall only be for the 12-month period immediately following the date of the claim and, in the case of chargebacks for sales compensation only, for the 18-month period immediately following the date of claim. However, such limitations shall not be effective in the case of intentionally false or fraudulent claims.

B. It shall be unlawful for any trailer manufacturer, factory branch, distributor, or distributor branch to:

1. Fail to perform any of its warranty obligations, including tires, with respect to a trailer;

2. Fail to assume all responsibility for any liability resulting from structural or production defects;

3. Fail to include in written notices of factory recalls to trailer owners and dealers the expected date by which necessary parts and equipment will be available to dealers for the correction of defects;

4. Fail to compensate any of the trailer dealers licensed in the Commonwealth for repairs effected by the dealer of merchandise damaged in manufacture or transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch;

5. Fail to compensate its trailer dealers licensed in the Commonwealth for warranty parts, work, and service pursuant to subsection A or for legal costs and expenses incurred by such dealers in connection with warranty obligations for which the manufacturer, factory branch, distributor, or distributor branch is legally responsible or that the manufacturer, factory branch, distributor, or distributor branch imposes upon the dealer;

6. Misrepresent in any way to purchasers of trailers that warranties with respect to the manufacture, performance, or design of the trailer are made by the dealer, either as warrantor or co-warrantor;
7. Require the dealer to make warranties to customers in any manner related to the manufacture, performance, or design of the trailer; or

8. Shift or attempt to shift to the trailer dealer, directly or indirectly, any liabilities of the manufacturer, factory branch, distributor, or distributor branch under the Virginia Motor Vehicle Warranty Enforcement Act (§ 59.1-207.9 et seq.), unless such liability results from the act or omission by the dealer.

C. Notwithstanding the terms of any franchise, it shall be unlawful for any trailer manufacturer, factory branch, distributor, or distributor branch to fail to indemnify and hold harmless its trailer dealers against any losses or damages arising out of complaints, claims, or suits relating to the manufacture, assembly, or design of trailers, parts, or accessories, or other functions by the manufacturer, factory branch, distributor, or distributor branch beyond the control of the dealer, including, without limitation, the selection by the manufacturer, factory branch, distributor, or distributor branch of parts or components for the trailer or any damages to merchandise occurring in transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch. The dealer shall notify the manufacturer of pending suits in which allegations are made that come within this subsection whenever reasonably practicable to do so. Every trailer dealer franchise issued to, amended, or renewed for trailer dealers in the Commonwealth shall be construed to incorporate provisions consistent with the requirements of this subsection.

D. On any new trailer, any uncorrected damage or any corrected damage exceeding three percent of the manufacturer’s or distributor’s suggested retail price as defined in 15 U.S.C. §§ 1231-1233, as measured by retail repair costs, must be disclosed to the dealer in writing prior to delivery. Factory mechanical repair and damage to glass, tires, and bumpers are excluded from the three percent rule when properly replaced by identical manufacturer’s or distributor’s original equipment or parts. Whenever a new trailer is damaged in transit, when the carrier or means of transportation is determined by the manufacturer or distributor, or whenever a trailer is otherwise damaged prior to delivery to the new trailer dealer, the new trailer dealer shall:

1. Notify the manufacturer or distributor of the damage within three business days from the date of delivery of the new trailer to the new trailer dealership or within the additional time specified in the franchise; and

2. Request from the manufacturer or distributor authorization to replace the components, parts, and accessories damaged or otherwise correct the damage, unless the damage to the trailer exceeds the three percent rule, in which case the dealer may reject the trailer within three business days.

E. If the manufacturer or distributor refuses or fails to authorize correction of such damage within 10 days after receipt of notification, or if the dealer rejects the trailer because damage exceeds the three percent rule, ownership of the manufacturer’s or distributor’s’ original equipment or parts. Whenever a new trailer is damaged in transit, when the carrier or means of transportation is determined by the manufacturer or distributor, or whenever a trailer is otherwise damaged prior to delivery to the new trailer dealer, the new trailer dealer shall:

1. Notify the manufacturer or distributor of the damage within three business days from the date of delivery of the new trailer to the new trailer dealership or within the additional time specified in the franchise; and

2. Request from the manufacturer or distributor authorization to replace the components, parts, and accessories damaged or otherwise correct the damage, unless the damage to the trailer exceeds the three percent rule, in which case the dealer may reject the trailer within three business days.

F. If there is a dispute between the manufacturer, factory branch, distributor, or distributor branch and the dealer with respect to any matter referred to in subsection A, B, or C, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing. The decision of the Commissioner shall be binding on the parties, subject to rights of judicial review and appeal as provided in the Administrative Process Act (§ 2.2-4000 et seq.). However, nothing contained in this section shall give the Commissioner any authority as to the content or interpretation of any manufacturer’s or distributor’s warranty.

§ 46.2-1573.21. Operation of dealership by manufacturer.

It shall be unlawful for any trailer manufacturer, factory branch, distributor, or distributor branch, or subsidiary thereof to own, operate, or control any trailer dealership in the Commonwealth. However, this section shall not prohibit:

1. The operation by a manufacturer, factory branch, distributor, or distributor branch of a dealership for a temporary period, not to exceed one year, during the transition from one owner or operator to another; or

2. The ownership or control of a dealership by a manufacturer, factory branch, distributor, or distributor branch, or subsidiary thereof, while the dealership is being sold under a bona fide contract or purchase option to the operator of the dealership; or

3. The ownership, operation, or control of a dealership by a manufacturer, factory branch, distributor, or distributor branch, or subsidiary thereof if the Commissioner determines, after a hearing at the request of any party, that there is no dealer independent of the manufacturer or distributor, factory branch or distributor branch, or subsidiary thereof available in the community or trade area to own and operate the franchise in a manner consistent with the public interest.

§ 46.2-1573.22. Ownership of service facilities.

It shall be unlawful for any trailer manufacturer, factory branch, distributor, or distributor branch, or subsidiary thereof to own, operate, or control, either directly or indirectly, any trailer warranty or service facility located in the Commonwealth. Nothing in this section shall prohibit any trailer manufacturer, factory branch, distributor, distributor
branch, or subsidiary thereof from owning, operating, or controlling any warranty or service facility for warranty or service of trailers owned or operated by the manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof. Nothing contained in this section shall prohibit a trailer manufacturer, factory branch, distributor, or distributor branch from performing service for reasons of compliance with an order of a court of competent jurisdiction or of warranty under Chapter 17.3 (§ 59.1-207.9 et seq.) of Title 59.1.

§ 46.2-1573.23. Hearings and other remedies; civil penalties.
A. In every case of a hearing before the Commissioner authorized under this article, the Commissioner shall give reasonable notice of each hearing to all interested parties, and the Commissioner's decision shall be binding on the parties, subject to the rights of judicial review and appeal as provided in the Administrative Process Act (§ 2.2-4000 et seq.).

B. Hearings before the Commissioner under this article shall commence within 90 days of the request for a hearing, and the Commissioner's decision shall be rendered within 60 days from the receipt of the hearing officer's recommendation. Hearings authorized under this article shall be presided over by a hearing officer selected from a list prepared by the Executive Secretary of the Supreme Court. On request of the Commissioner, the Executive Secretary will name a hearing officer from the list, selected on a rotation system administered by the Executive Secretary. The hearing officer shall provide recommendations to the Commissioner within 90 days of the conclusion of the hearing.

C. Notwithstanding any contrary provision of this article, the Commissioner shall initiate investigations, conduct hearings, and determine the rights of parties under this article whenever he is provided information indicating a possible violation of any provision of this article.

D. For purposes of any matter brought to the Commissioner under subdivisions 3, 4, 5, 6, and 9 of § 46.2-1573.16 with respect to which the Commissioner is to determine whether there is good cause for a proposed action or whether it would be unreasonable under the circumstances, the Commissioner shall consider:
1. The volume of the affected dealer's business in the relevant market area;
2. The nature and extent of the dealer's investment in its business;
3. The adequacy of the dealer's service facilities, equipment, parts, supplies, and personnel;
4. The effect of the proposed action on the community;
5. The extent and quality of the dealer's service under trailer warranties;
6. The dealer's performance under the terms of its franchise; and
7. Other economic and geographical factors reasonably associated with the proposed action.

With respect to subdivision 6, any performance standard or program for measuring dealership performance that may have a material effect on a dealer, and the application of any such standard or program by a manufacturer or distributor, shall be fair, reasonable, and equitable and, if based upon a survey, shall be based upon a statistically valid sample. Upon the request of any dealer, a manufacturer or distributor shall disclose in writing to the dealer a description of how a performance standard or program is designed and all relevant information used in the application of the performance standard or program to that dealer.

E. An interested party in a hearing held pursuant to subsection A shall comply with the effective date of compliance established by the Commissioner in his decision in such hearing, unless a stay or extension of such date is granted by the Commissioner or the Commissioner's decision is under judicial review and appeal as provided in subsection A. If, after notice to such interested party and an opportunity to comment, the Commissioner finds an interested party has not complied with his decision by the designated date of compliance, unless a stay or extension of such date has been granted by the Commissioner or the Commissioner's decision is under judicial review and appeal, the Commissioner may assess such interested party a civil penalty not to exceed $1,000 per day of noncompliance. Civil penalties collected under this subsection shall be deposited into the Transportation Trust Fund established pursuant to § 33.2-1524.

§ 46.2-1573.24. Late model and factory repurchase franchises.
Franchised late model or factory repurchase trailer dealers shall have the same rights and obligations as provided for franchised new trailer dealers in this article, mutatis mutandis.

Motorcycle Franchises.

§ 46.2-1573.25. Motorcycle dealers filing of franchises.
Except as otherwise provided in this section, each motorcycle manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof shall file with the Commissioner a true copy of each new, amended, modified, or different form or addendum offered to more than one dealer that affects the rights, responsibilities, or obligations of the parties of a franchise or sales, service, or sales and service agreement to be offered to a motorcycle dealer or prospective motorcycle dealer in the Commonwealth no later than 60 days prior to the date the franchise or sales agreement is offered. In no event shall a new, amended, modified, or different form of franchise or sales, service, or sales and service agreement be offered a motorcycle dealer in the Commonwealth until the form has been determined by the Commissioner as not containing terms inconsistent with the provisions of this chapter. At the time a filing is made with the Commissioner pursuant to this section, the manufacturer, factory branch, distributor, distributor branch, or subsidiary shall also give written notice together with a copy of the papers so filed to the affected dealer or dealers.

The provisions of this article shall not apply to a manufacturer, factory branch, distributor, distributor branch, or factory or distributor representative engaged in the manufacture or distribution of all-terrain vehicles or off-road
motorcycles that does not also manufacture or does not also distribute in the Commonwealth any motorcycle designed for lawful use on the public highways.

§ 46.2-1573.26. Exemption of franchises from Retail Franchising Act.
Franchises subject to the provisions of this chapter shall not be subject to any requirement contained in Chapter 8 (§ 13.1-557 et seq.) of Title 13.1.

§ 46.2-1573.27. Coercion of retail dealer by manufacturer or distributor with respect to retail installment sales contracts and extended warranties prohibited; penalty.
A. It shall be unlawful for any manufacturer or distributor, or any officer, agent, or representative of either, to coerce or attempt to coerce any retail motorcycle dealer or prospective retail motorcycle dealer in the Commonwealth to sell or offer to sell extended warranties or to sell, assign, or transfer any retail installment sales contract obtained by the dealer in connection with the sale by him in the Commonwealth of motorcycles manufactured or sold by the manufacturer or distributor, to a specified finance company or class of finance companies or to any other specified persons by any of the following:
1. Any statement, suggestion, promise, or threat that the manufacturer or distributor will in any manner benefit or injure the dealer, whether the statement, suggestion, threat, or promise is expressed or implied or made directly or indirectly.
2. Any act that will benefit or injure the dealer.
3. Any contract, or any expressed or implied offer of contract, made directly or indirectly to the dealer, for handling the motorcycle on the condition that the dealer sell, assign, or transfer his retail installment sales contract on the motorcycle, in the Commonwealth, to a specified finance company or class of finance companies or to any other specified person.
4. Any expressed or implied statement or representation made directly or indirectly that the dealer is under any obligation whatsoever to sell, assign, or transfer any of his retail sales contracts in the Commonwealth on motorcycles manufactured or sold by the manufacturer or distributor to a finance company, or class of finance companies, or other specified person, because of any relationship or affiliation between the manufacturer or distributor and the finance company or companies or the specified person.
B. Any such statements, threats, promises, acts, contracts, or offers of contracts, when their effect may be to lessen or eliminate competition or tend to create a monopoly, are declared unfair trade practices and unfair methods of competition and are prohibited.
C. Any person violating any of the provisions of this section is guilty of a Class 1 misdemeanor.

§ 46.2-1573.28. Other coercion of dealers; transfer, grant, succession to and cancellation of dealer franchises; delivery of motorcycles, parts, and accessories.
It shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or their representatives:
1. To coerce or attempt to coerce any dealer to accept delivery of any motorcycle or motorcycles, parts or accessories therefor; or any other commodities that have not been ordered by the dealer.
2. To coerce or attempt to coerce any dealer to enter into an agreement with the manufacturer, factory branch, distributor, or distributor branch, or representative thereof, or do any other act unfair to the dealer, by threatening to cancel any franchise existing between the manufacturer, factory branch, distributor, distributor branch, or representative thereof and the dealer.
3. To coerce or attempt to coerce any dealer to join, contribute to, or affiliate with any advertising association.
4. To prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale, or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, unless the franchisor provides written notice to the dealer of its objection and the reasons therefor at least 30 days prior to the proposed effective date of the transfer, sale, assignment, or change. No such objection shall be effective to prevent the sale, transfer, assignment, or change if the Commissioner has determined, if requested in writing by the dealer within 30 days after receipt of an objection to the proposed sale, transfer, or change, and after a hearing on the matter, that the failure to permit or honor the sale, transfer, assignment, or change is unreasonable under the circumstances. No franchise may be sold, assigned, or transferred unless (i) the franchisor has been given at least 90 days’ prior written notice by the dealer as to the identity, financial ability, and qualifications of the proposed transferee and (ii) the sale or transfer of the franchise and business will not involve, without the franchisor’s consent, a relocation of the business.
5. To grant an additional franchise for a particular line-make of motorcycle in a relevant market area in which a dealer or dealers in that line-make are already located unless the franchisor has first advised in writing, by certified mail, return receipt requested, all other dealers in the line-make in the relevant market area. No such additional franchise may be established at the proposed site unless the Commissioner has determined, if requested by a dealer of the same line-make in the relevant market area within 30 days after receipt of the franchisor’s notice of intention to establish the additional franchise, and after a hearing on the matter, that there is reasonable evidence that after the grant of the new franchise, the market will support all of the dealers in that line-make in the relevant market area. Establishing a franchised dealer in a relevant market area to replace a franchised dealer that has not been in operation for more than two years shall constitute the establishment of a new franchise subject to the terms of this subdivision. The two-year period for replacing a franchised dealer shall begin on the day the franchise was terminated or, if a termination hearing was held, on the day the franchisor...
was legally permitted finally to terminate the franchise. This subsection shall not apply to (i) the relocation of an existing dealer within that dealer's relevant market area if the relocation site is to be more than 10 miles distant from any other dealer for the same line-make; (ii) the relocation of an existing dealer within that dealer's relevant market area if the relocation site is to be more distant than the existing site from all other dealers of the same line-make in that relevant market area; or (iii) the relocation of an existing new motorcycle dealer within two miles of the existing site of the relocating dealer.

6. Except as otherwise provided in this subdivision and notwithstanding the terms of any franchise, to terminate, cancel, or refuse to renew the franchise of any dealer without good cause and unless (i) the dealer and the Commissioner have received written notice of the franchisor's intentions at least 60 days prior to the effective date of such termination, cancellation, or the expiration date of the franchise, setting forth the specific grounds for the action, and (ii) the Commissioner has determined, if requested in writing by the dealer within the 60-day period, and after a hearing on the matter, that there is good cause for the termination, cancellation, or nonrenewal of the franchise. In any case where a petition is made to the Commissioner for a determination as to good cause for the termination, cancellation, or nonrenewal of a franchise, the franchise in question shall continue in effect pending the Commissioner's decision or, if that decision is appealed to the circuit court, pending the decision of the circuit court. In any case in which a franchisor neither advises a dealer that it does not intend to renew a franchise nor takes any action to renew a franchise beyond its expiration date, the franchise in question shall continue in effect on the terms last agreed to by the parties. Notwithstanding the other provisions of this subdivision, notice of termination, cancellation, or nonrenewal may be provided to a dealer by a franchisor not less than 15 days prior to the effective date of such termination, cancellation, or nonrenewal when the grounds for such action are any of the following:

a. Insolvency of the franchised motorcycle dealer or filing of any petition by or against the franchised motorcycle dealer, under any bankruptcy or receivership law, leading to liquidation or that is intended to lead to liquidation of the franchisee's business;

b. Failure of the franchised motorcycle dealer to conduct its customary sales and service operations during its posted business hours for seven consecutive business days, except where the failure results from acts of God or circumstances beyond the direct control of the franchised motorcycle dealer;

c. Revocation of any license that the franchised motorcycle dealer is required to have to operate a dealership;

d. Conviction of the dealer or any principal of the dealer of a felony.

The change or discontinuance of a marketing or distribution system of a particular line-make product by a manufacturer or distributor, while the name identification of the product is continued in substantial form by the same or different manufacturer or distributor, may be considered to be a franchise termination, cancellation, or nonrenewal. The provisions of this paragraph shall apply to changes and discontinuances made after January 1, 1989, but they shall not be considered by any court in any case in which such a change or discontinuance occurring prior to that date has been challenged as constituting a termination, cancellation, or nonrenewal.

7. To fail to provide continued parts and service support to a dealer that holds a franchise in a discontinued line-make for at least five years from the date of such discontinuance. This requirement shall not apply to a line-make that was discontinued prior to January 1, 1989.

8. To fail to allow a dealer the right at any time to designate a member of his family as a successor to the dealership in the event of the death or incapacity of the dealer. It shall be unlawful to prevent or refuse to honor the succession to a dealership by a member of the family of a deceased or incapacitated dealer if the franchisor has not provided to the member of the family previously designated by the dealer as his successor written notice of its objections to the succession and of such person’s right to seek a hearing on the matter before the Commissioner pursuant to this article, and the Commissioner determines, if requested in writing by such member of the family within 30 days of receipt of such notice from the franchisor, and after a hearing on the matter before the Commissioner pursuant to this article, that the failure to permit or honor the succession is unreasonable under the circumstances. No member of the family may succeed to a franchise unless (i) the franchisor has been given written notice as to the identity, financial ability, and qualifications of the member of the family in question and (ii) the succession to the franchise will not involve, without the franchisor’s consent, a relocation of the business.

9. To fail to ship monthly to any dealer, if ordered by the dealer, the number of new motorcycles of each make, series, and model needed by the dealer to receive a percentage of total new motorcycle sales of each make, series, and model equitably related to the total new motorcycle production or importation currently being achieved nationally by each make, series, and model covered under the franchise. Upon the written request of any dealer holding its sales or sales and service franchise, the manufacturer or distributor shall disclose to the dealer in writing the basis upon which new motorcycles are allocated, scheduled, and delivered to the dealers of the same line-make. If allocation is at issue in a request for a hearing, the dealer may demand the Commissioner to direct that the manufacturer or distributor provide to the dealer, within 30 days of such demand, all records of sales and all records of distribution of all motorcycles to the same line-make dealers who compete with the dealer requesting the hearing.

10. To require or otherwise coerce a dealer to underutilize the dealer’s facilities.

11. To include in any franchise with a motorcycle dealer terms that are contrary to, prohibited by, or otherwise inconsistent with the requirements of this chapter.

12. To require under any franchise agreement a motorcycle dealer to pay the attorney fees of the manufacturer or distributor related to hearings and appeals brought under this article.
13. To fail to include in any franchise with a motorcycle dealer the following language: "If any provision herein contravenes the laws or regulations of any state or other jurisdiction wherein this agreement is to be performed, or denies access to the procedures, forums, or remedies provided for by such laws or regulations, such provision shall be deemed to be modified to conform to such laws or regulations, and all other terms and provisions shall remain in full force," or words to that effect.

14. To include in any franchise agreement with a motorcycle dealer terms that prohibit a motorcycle dealer from exercising his right to a trial by jury in any action where such right otherwise exists.

§ 46.2-1573.29. When discontinuation, cancellation, or nonrenewal of franchise unfair.

A discontinuation, cancellation, or nonrenewal of a franchise agreement is unfair if it is not clearly permitted by the franchise agreement, is not undertaken in good faith, is not undertaken for good cause, or is based on an alleged breach of the franchise agreement that is not in fact a material and substantial breach.

§ 46.2-1573.30. Repurchase of vehicles, parts, and equipment in the event of involuntary discontinuation, cancellation, or nonrenewal of franchise agreement.

A. In the event of any involuntary discontinuation, cancellation, or nonrenewal of a franchise agreement, the manufacturer or distributor shall, within 60 days from the effective date of the discontinuation, cancellation, or nonrenewal of a franchise agreement, repurchase the new and unused motorcycle, all-terrain vehicle, and off-road motorcycle parts and accessories that the manufacturer or distributor sold to the dealer so long as such parts and accessories are undamaged, in their original packaging, and listed in the current parts and accessories price list of the manufacturer or distributor. Such parts and accessories shall be repurchased at a price equal to the wholesale price stated in the current parts and accessories price list of the manufacturer or distributor, less all incentives and allowances received by the dealer and without reduction for such repurchase or for processing or handling the repurchase. The foregoing provisions of this subsection shall apply only if the dealer transfers to the manufacturer or distributor full right and legal title to the parts and accessories prior to their repurchase.

B. In the event of any involuntary discontinuation, cancellation, or nonrenewal of a franchise agreement, the manufacturer or distributor shall, if so requested by the dealer within the same 60-day period, also repurchase all genuine new and unused motorcycle, all-terrain vehicle, and off-road motorcycle parts and accessories that the manufacturer or distributor sold to the dealer prior to its repurchase. If the contract between a distributor and a manufacturer or importer is terminated or otherwise discontinued, all franchises granted to motorcycle dealers in the Commonwealth by that distributor shall continue in full force and shall not be affected by the discontinuance, except that the manufacturer, factory branch, distributor, representative, or other person implementing the contract for the proposed sale or transfer of the dealership or dealership assets. Notwithstanding the terms of any franchise agreement, in the event of a proposed sale or transfer of a dealership, the manufacturer or distributor shall be permitted to exercise a right of first refusal to acquire the new motorcycle dealer's assets or ownership, if such sale or transfer is conditioned upon the manufacturer's or dealer's entering into a dealer agreement with the proposed new owner or transferee, only if all the following requirements are met:

1. To exercise its right of first refusal, the manufacturer or distributor must notify the dealer in writing within 45 days of its receipt of the completed proposal for the proposed sale or transfer;

2. The exercise of the right of first refusal will result in the dealer's and dealer owner's receiving the same or greater consideration as they have contracted to receive in connection with the proposed change of ownership or transfer;

3. The proposed sale or transfer of the dealership's assets does not involve the transfer or sale to a member or members of the family of one or more dealer owners, or to a qualified manager or a partnership or corporation controlled by such persons; and

4. The manufacturer or distributor agrees to pay the reasonable expenses, including attorney fees that do not exceed the usual, customary, and reasonable fees charged for similar work done for other clients, incurred by the proposed new owner and transferee prior to the manufacturer's or distributor's exercise of its right of first refusal in negotiating and implementing the contract for the proposed sale or transfer of the dealership or dealership assets. Notwithstanding the foregoing, no payment of such expenses and attorney's fees shall be required if the dealer has not submitted or caused to be submitted an accounting of those expenses within 30 days of the dealer's receipt of the manufacturer's or distributor's written request for such an accounting. Such accounting may be requested by a manufacturer or distributor before exercising its right of first refusal.

§ 46.2-1573.32. Discontinuation of distributors.

If the contract between a distributor and a manufacturer or importer is terminated or otherwise discontinued, all franchises granted to motorcycle dealers in the Commonwealth by that distributor shall continue in full force and shall not be affected by the discontinuance, except that the manufacturer, factory branch, distributor, representative, or other person
who undertakes to distribute motorcycles of the same line-make or the same motorcycles of a renamed line-make shall be substituted for the discontinued distributor under the existing motorcycle dealer franchises, and those franchises shall be modified accordingly.

§ 46.2-1573.33. Warranty obligations.

A. Each motorcycle manufacturer, factory branch, distributor, or distributor branch shall (i) specify in writing to each of its motorcycle dealers licensed in the Commonwealth the dealer's obligations for preparation, delivery, and warranty service on its products and (ii) compensate the dealer for warranty parts, service, and diagnostic work required of the dealer by the manufacturer or distributor as follows:

1. Compensation of a dealer for warranty parts, service, and diagnostic work shall not be less than the amounts charged by the manufacturer's or distributor's original parts, service, and diagnostic work to retail customers for nonwarranty service, parts, and diagnostic work installed or performed in the dealer's service department unless the amounts are not reasonable;

2. For purposes of determining warranty parts and service compensation, menu-priced parts or services, group discounts, special event discounts, and special event promotions shall not be considered in determining amounts charged by the dealer to retail customers;

3. Increases in dealer warranty parts and service compensation and diagnostic work compensation, pursuant to this section, shall be requested by the dealer in writing, shall be based on 100 consecutive repair orders or all repair orders over a 90-day period, whichever occurs first, and, in the case of parts, shall be stated as a percentage of markup that shall be uniformly applied to all the manufacturer's or distributor's parts;

4. In the case of warranty parts compensation, the provisions of this subsection shall be effective only for model year 1992 and succeeding model years;

5. If a manufacturer or distributor furnishes a part to a dealer at no cost for use by the dealer in performing work for which the manufacturer or distributor is required to compensate the dealer under this section, the manufacturer or distributor shall compensate the dealer for the part in the same manner as warranty parts compensation, less the wholesale costs, for such part as listed in the manufacturer's current price schedules. A manufacturer or distributor may pay the dealer a reasonable handling fee instead of the compensation otherwise required by this subsection for special high-performance complete engine assemblies in limited production motorcycles that constitute less than five percent of model production furnished to the dealer at no cost, if the manufacturer or distributor excludes such special high-performance complete engine assemblies in determining whether the amounts requested by the dealer for warranty compensation are consistent with the amounts that the dealer charges its other retail service customers for parts used by the dealer to perform similar work; or

6. In the case of service work, manufacturer original parts or parts otherwise specified by the manufacturer or distributor, and parts provided by a dealer either pursuant to an adjustment program as defined in § 59.1-207.34 or as otherwise requested by the manufacturer or distributor, the dealer shall be compensated in the same manner as for warranty service or parts.

Warranty audits of dealer records may be conducted by the manufacturer, factory branch, distributor, or distributor branch on a reasonable basis, and dealer claims for warranty compensation shall not be denied except for good cause, such as performance of nonwarranty repairs, lack of material documentation, fraud, or misrepresentation. Claims for dealer compensation shall be paid within 30 days of dealer submission or within 30 days of the end of an incentive program or rejected in writing for stated reasons. The manufacturer, factory branch, distributor, or distributor branch shall reserve the right to reasonable periodic audits to determine the validity of all such paid claims for dealer compensation. Any chargebacks for warranty parts or service compensation and service incentives shall only be for the 12-month period immediately following the date of the claim and, in the case of chargebacks for sales compensation only, for the 18-month period immediately following the date of claim. However, such limitations shall not be effective in the case of intentionally false or fraudulent claims.

B. It shall be unlawful for any motorcycle manufacturer, factory branch, distributor, or distributor branch to:

1. Fail to perform any of its warranty obligations, including tires, with respect to a motorcycle;
2. Fail to assume all responsibility for any liability resulting from structural or production defects;
3. Fail to include in written notices of factory recalls to motorcycle owners and dealers the expected date by which necessary parts and equipment will be available to dealers for the correction of defects;
4. Fail to compensate any of the motorcycle dealers licensed in the Commonwealth for repairs effected by the dealer of merchandise damaged in manufacture or transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch;
5. Fail to compensate its motorcycle dealers licensed in the Commonwealth for warranty parts, work, and service pursuant to subsection A or for legal costs and expenses incurred by such dealers in connection with warranty obligations for which the manufacturer, factory branch, distributor, or distributor branch is legally responsible or that the manufacturer, factory branch, distributor, or distributor branch imposes upon the dealer;
6. Misrepresent in any way to purchasers of motorcycles that warranties with respect to the manufacture, performance, or design of the motorcycle are made by the dealer, either as warrantor or co-warrantor;
7. Require the dealer to make warranties to customers in any manner related to the manufacture, performance, or design of the motorcycle; or
8. Shift or attempt to shift to the motorcycle dealer, directly or indirectly, any liabilities of the manufacturer, factory branch, distributor, or distributor branch under the Virginia Motor Vehicle Warranty Enforcement Act (§ 59.1-207.9 et seq.), unless such liability results from the act or omission by the dealer.

C. Notwithstanding the terms of any franchise, it shall be unlawful for any motorcycle manufacturer, factory branch, distributor, or distributor branch to fail to indemnify and hold harmless its motorcycle dealers against any losses or damages arising out of complaints, claims, or suits relating to the manufacture, assembly, or design of motorcycles, parts, or accessories, or other functions by the manufacturer, factory branch, distributor, or distributor branch beyond the control of the dealer, including, without limitation, the selection by the manufacturer, factory branch, distributor, or distributor branch of parts or components for the motorcycle or any damages to merchandise occurring in transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch. The dealer shall notify the manufacturer of pending suits in which allegations are made that come within this subsection whenever reasonably practicable to do so. Every motorcycle dealer franchise issued to, amended, or renewed for motorcycle dealers in the Commonwealth shall be construed to incorporate provisions consistent with the requirements of this subsection.

D. On any new motorcycle, any uncorrected damage or any corrected damage exceeding three percent of the manufacturer's or distributor's suggested retail price as defined in 15 U.S.C. §§ 1231-1233, as measured by retail repair costs, must be disclosed to the dealer in writing prior to delivery. Factory mechanical repair and damage to tires are excluded from the three percent rule when properly replaced by identical manufacturer's or distributor's original equipment or parts. Whenever a new motorcycle is damaged in transit, when the carrier or means of transportation is determined by the manufacturer or distributor, or whenever a motorcycle is otherwise damaged prior to delivery to the new motorcycle dealer, the new motorcycle dealer shall:

1. Notify the manufacturer or distributor of the damage within three business days from the date of delivery of the new motorcycle to the new motorcycle dealership or within the additional time specified in the franchise; and

2. Request from the manufacturer or distributor authorization to replace the components, parts, and accessories damaged or otherwise correct the damage, unless the damage to the motorcycle exceeds the three percent rule, in which case the dealer may reject the motorcycle within three business days.

E. If the manufacturer or distributor refuses or fails to authorize correction of such damage within 10 days after receipt of notification, or if the dealer rejects the motorcycle because damage exceeds the three percent rule, ownership of the new motorcycle shall revert to the manufacturer or distributor, and the new motorcycle dealer shall have no obligation, financial or otherwise, with respect to such motorcycle. Should either the manufacturer, distributor, or the dealer elect to correct the damage or any other damage exceeding the three percent rule, full disclosure shall be made by the dealer in writing to the buyer and an acknowledgment by the buyer is required. If there is less than three percent damage, no disclosure is required, provided the damage has been corrected. Predelivery mechanical work shall not require a disclosure. Failure to disclose any corrected damage within the knowledge of the selling dealer to a new motorcycle in excess of the three percent rule shall constitute grounds for revocation of the buyer order, provided that, within 30 days of purchase, the motorcycle is returned to the dealer with an accompanying written notice of the grounds for revocation. In case of revocation pursuant to this section, the dealer shall accept the motorcycle and refund any payments made to the dealer in connection with the transaction, less a reasonable allowance for the consumer’s use of the motorcycle as defined in § 59.1-207.11.

F. If there is a dispute between the manufacturer, factory branch, distributor, or distributor branch and the dealer with respect to any matter referred to in subsection A, B, or C, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing. The decision of the Commissioner shall be binding on the parties, subject to rights of judicial review and appeal as provided in the Administrative Process Act (§ 2.2-4000 et seq.). However, nothing contained in this section shall give the Commissioner any authority as to the content or interpretation of any manufacturer’s or distributor’s warranty.

§ 46.2-1573.34. Operation of dealership by manufacturer.

It shall be unlawful for any motorcycle manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof to own, operate, or control any motorcycle dealership in the Commonwealth. However, this section shall not prohibit:

1. The operation by a manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof of a dealership for a temporary period, not to exceed one year, during the transition from one owner or operator to another;

2. The ownership or control of a dealership by a manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof, while the dealership is being sold under a bona fide contract or purchase option to the operator of the dealership;

3. The ownership, operation, or control of a dealership by a manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof if the Commissioner determines, after a hearing at the request of any party, that there is no dealer independent of the manufacturer or distributor, factory branch or distributor branch, or subsidiary thereof available in the community or trade area to own and operate the franchise in a manner consistent with the public interest.

§ 46.2-1573.35. Ownership of service facilities.

It shall be unlawful for any motorcycle manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof to own, operate, or control, either directly or indirectly, any motorcycle warranty or service facility located in the Commonwealth. Nothing in this section shall prohibit any motorcycle manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof from owning, operating, or controlling any warranty or service facility for warranty or...
service of motorcycles owned or operated by the manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof. Nothing contained in this section shall prohibit a motorcycle manufacturer, factory branch, distributor, or distributor branch from performing service for reasons of compliance with an order of a court of competent jurisdiction or of warranty under Chapter 17.3 (§ 59.1-207.9 et seq.) of Title 59.1.

§ 46.2-1573.36. Hearings and other remedies; civil penalties.

A. In every case of a hearing before the Commissioner authorized under this article, the Commissioner shall give reasonable notice of each hearing to all interested parties, and the Commissioner's decision shall be binding on the parties, subject to the rights of judicial review and appeal as provided in the Administrative Process Act (§ 2.2-4000 et seq.).

B. Hearings before the Commissioner under this article shall commence within 90 days of the request for a hearing, and the Commissioner's decision shall be rendered within 60 days from the receipt of the hearing officer's recommendation. Hearings authorized under this article shall be presided over by a hearing officer selected from a list prepared by the Executive Secretary of the Supreme Court. On request of the Commissioner, the Executive Secretary will name a hearing officer from the list, selected on a rotation system administered by the Executive Secretary. The hearing officer shall provide recommendations to the Commissioner within 90 days of the conclusion of the hearing.

C. Notwithstanding any contrary provision of this article, the Commissioner shall initiate investigations, conduct hearings, and determine the rights of parties under this article whenever he is provided information indicating a possible violation of any provision of this article.

D. For purposes of any matter brought to the Commissioner under subdivisions 3, 4, 5, 6, and 9 of § 46.2-1573.28 with respect to which the Commissioner is to determine whether there is good cause for a proposed action or whether it would be unreasonable under the circumstances, the Commissioner shall consider:

1. The volume of the affected dealer's business in the relevant market area;
2. The nature and extent of the dealer's investment in its business;
3. The adequacy of the dealer's service facilities, equipment, parts, supplies, and personnel;
4. The effect of the proposed action on the community;
5. The extent and quality of the dealer's service under motorcycle warranties;
6. The dealer's performance under the terms of its franchise; and
7. Other economic and geographical factors reasonably associated with the proposed action.

With respect to subdivision 6, any performance standard or program for measuring dealership performance that may have a material effect on a dealer, and the application of any such standard or program by a manufacturer or distributor, shall be fair, reasonable, and equitable and, if based upon a survey, shall be based upon a statistically valid sample. Upon the request of any dealer, a manufacturer or distributor shall disclose in writing to the dealer a description of how a performance standard or program is designed and all relevant information used in the application of the performance standard or program to that dealer.

E. An interested party in a hearing held pursuant to subsection A shall comply with the effective date of compliance established by the Commissioner in his decision in such hearing, unless a stay or extension of such date is granted by the Commissioner or the Commissioner's decision is under judicial review and appeal as provided in subsection A. If, after notice to such interested party and an opportunity to comment, the Commissioner finds an interested party has not complied with his decision by the designated date of compliance, unless a stay or extension of such date has been granted by the Commissioner or the Commissioner's decision is under judicial review and appeal, the Commissioner may assess such interested party a civil penalty not to exceed $1,000 per day of noncompliance. Civil penalties collected under this subsection shall be deposited into the Transportation Trust Fund established pursuant to § 33.2-1524.

§ 46.2-1573.37. Late model and factory repurchase franchises.

Franchised late model or factory repurchase motorcycle dealers shall have the same rights and obligations as provided for franchised new motorcycle dealers in this article, mutatis mutandis.

§ 58.1-2405. Basis of tax.

A. In the case of the sale or use of a motor vehicle upon which the pricing information is required by federal law to be posted, the Commissioner may collect the tax upon the basis of the total sale price shown on such document; however, if the Commissioner is satisfied that the purchaser has paid less than such price, by such evidence as the Commissioner may require, he may assess and collect the tax upon the basis of the sale price so found by him. In no case shall such lesser price include credits for trade-in or any other transaction of such nature.

B. In the case of the sale or use of a motor vehicle which is not a new motor vehicle, the Commissioner may employ such publications, sources of information, and other data as are customarily employed in ascertaining the maximum sale price of such used motor vehicles but in no case shall any credit be allowed for trade-in, prior rental or any other transaction of like nature.

C. In the case of the sale or use of a motor vehicle, which is not a new motor vehicle, between individuals who are not required to be licensed as dealers or salespersons under the provisions of §§ § 46.2-1508 and 46.2-1509, the Commissioner may collect the tax upon the basis of the total sale price as established by such evidence as the Commissioner may require; provided that if such motor vehicle is no more than five years old and is listed in a recognized pricing guide, the total sale price shall not be less than the value listed in such pricing guide for such vehicle, less an allowance of $1,500, unless the purchaser shall execute an affidavit under penalty of perjury stating a lesser total sale price and declaring such sale or use to be a bona fide transaction for full value. In using a recognized pricing guide, the Commissioner shall use the trade-in value
specified in such guide, with no additions for optional equipment or subtractions for mileage, so long as uniformly applied for all types of motor vehicles. In no case shall any credit be allowed for trade-in, prior rental, or any other transaction of like nature.

§ 58.1-3506. Other classifications of tangible personal property for taxation.
A. The items of property set forth below are each declared to be a separate class of property and shall constitute a classification for local taxation separate from other classifications of tangible personal property provided in this chapter:

1. a. Boats or watercraft weighing five tons or more, not used solely for business purposes;
b. Boats or watercraft weighing less than five tons, not used solely for business purposes;

2. Aircraft having a maximum passenger seating capacity of no more than 50 that are owned and operated by scheduled air carriers operating under certificates of public convenience and necessity issued by the State Corporation Commission or the Civil Aeronautics Board;

3. Aircraft having a registered empty gross weight equal to or greater than 20,000 pounds that are not owned or operated by scheduled air carriers recognized under federal law, but not including any aircraft described in subdivision 4;

4. Aircraft that are (i) considered Warbirds, manufactured and intended for military use, excluding those manufactured after 1954, and (ii) used only for (a) exhibit or display to the general public and otherwise used for educational purposes (including such flights as are necessary for testing, maintaining, or preparing such aircraft for safe operation), or (b) airshow and flight demonstrations (including such flights necessary for testing, maintaining, or preparing such aircraft for safe operation), shall constitute a new class of property. Such class of property shall not include any aircraft used for commercial purposes, including transportation and other services for a fee;

5. All other aircraft not included in subdivisions A 2, A 3, or A 4 and flight simulators;

15. Motor vehicles (i) owned by members of a volunteer rescue squad or volunteer fire department or (ii) leased by members of a volunteer rescue squad or volunteer fire department member if the member is obligated by the terms of the lease to pay tangible personal property tax on the motor vehicle. One motor vehicle that is owned by each volunteer rescue squad member or volunteer fire department member, or leased by each volunteer rescue squad member or volunteer fire department member if the member is obligated by the terms of the lease to pay tangible personal property tax on the motor vehicle, may be specially classified under this section, provided the volunteer rescue squad member or volunteer fire department member regularly responds to emergency calls. The volunteer shall furnish the commissioner of revenue, or other assessing officer, with a certification by the chief or head of the volunteer organization, that the volunteer is a member of the volunteer rescue squad or fire department who regularly responds to calls or regularly performs other duties for the rescue squad or fire department, and the motor vehicle owned or leased by the volunteer rescue squad member or volunteer fire department member is identified. The certification shall be submitted by January 31 of each year to the commissioner of revenue or other assessing officer; however, the commissioner of revenue or other assessing officer shall be authorized, in his discretion, and for good cause shown and without fault on the part of the member, to accept a certification after the January 31 deadline. 16. Motor vehicles (i) owned by auxiliary members of a volunteer rescue squad or volunteer fire department or (ii) leased by auxiliary members of a volunteer rescue squad or volunteer fire department if the member is obligated by the terms of the lease to pay tangible personal property tax on the motor vehicle. One motor vehicle that is regularly used by each auxiliary volunteer fire department or rescue squad member may be specially classified under this section. The auxiliary member shall furnish the commissioner of revenue, or other assessing officer, with a certification by the chief or head of the volunteer organization, that the volunteer is an auxiliary member of the volunteer rescue squad or fire department who regularly performs duties for the rescue squad or fire department, and the motor vehicle is identified as
regularly used for such purpose; however, if a volunteer rescue squad or fire department member and an auxiliary member are members of the same household, that household shall be allowed no more than two special classifications under this subdivision or subdivision 15. The certification shall be submitted by January 31 of each year to the commissioner of revenue or other assessing officer; however, the commissioner of revenue or other assessing officer shall be authorized, in his discretion, and for good cause shown and without fault on the part of the member, to accept a certification after the January 31 deadline;

Approved March 26, 2015

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-70.3 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-70.3. Obtaining records concerning electronic communication service or remote computing service. A. A provider of electronic communication service or remote computing service, which, for purposes of subdivisions 2 through 4, includes a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, excluding the contents of electronic communications and real-time location data, to an investigative or law-enforcement officer only pursuant to:

1. A subpoena issued by a grand jury of a court of the Commonwealth;
2. A search warrant issued by a magistrate, general district court, or circuit court;
3. A court order for such disclosure issued as provided in subsection B; or
4. The consent of the subscriber or customer to such disclosure.

B. A court shall issue an order for disclosure under this section only if the investigative or law-enforcement officer shows that there is reason to believe the records or other information sought are relevant and material to an ongoing criminal investigation, or the investigation of any missing child as defined in § 52-32, missing senior adult as defined in § 52-34.4, or an incapacitated person as defined in § 64.2-2000 who meets the definition of a missing senior adult except for the age requirement. Upon issuance of an order for disclosure under this section, the order and any written application or statement of facts may be sealed by the court for 90 days for good cause shown upon application of the attorney for the Commonwealth in an ex parte proceeding. The order and any written application or statement of facts may be sealed for additional 90-day periods for good cause shown upon subsequent application of the attorney for the Commonwealth in an ex parte proceeding. A court issuing an order pursuant to this section, on a motion made promptly by the service provider, may quash or modify the order, if the information or records requested are unusually voluminous in nature or compliance with such order would otherwise cause an undue burden on such provider.

C. Except as provided in subsection D, a provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose the contents of electronic communications or real-time location data to an investigative or law-enforcement officer only pursuant to a search warrant issued by a magistrate, a juvenile and domestic relations district court, a general district court, or a circuit court, based upon complaint on oath supported by an affidavit as required in § 19.2-54, or judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia when the warrant issued by such officer or such court complies with the provisions of subsection G. In the case of a search warrant directed to a foreign corporation, the affidavit shall state that the complainant believes that the records requested are actually or constructively possessed by a foreign corporation that provides electronic communication service or remote computing service within the Commonwealth of Virginia. If satisfied that probable cause has been established for such belief and as required by Chapter 5 (§ 19.2-52 et seq.), the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court shall issue a warrant identifying those records to be searched for and commanding the person seeking such warrant to properly serve the warrant upon the foreign corporation. A search warrant for real-time location data shall be issued if the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court shall issue a warrant identifying those records to be searched for and commanding the person seeking such warrant to properly serve the warrant upon the foreign corporation. A search warrant for real-time location data shall be issued if the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court is satisfied that probable cause has been established that the real-time location data sought is relevant to a crime that is being committed or has been committed or that an arrest warrant exists for the person whose real-time location data is sought.

D. A provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, including real-time location data but excluding the contents of electronic communications, to an investigative or law-enforcement officer pursuant to an administrative subpoena issued pursuant to § 19.2-10.2 concerning a violation of § 18.2-374.1 or 18.2-374.1:1, former § 18.2-374.1:2, or § 18.2-374.3 when the information sought is relevant and material to an ongoing criminal investigation.

E. When disclosure of real-time location data is not prohibited by federal law, an investigative or law-enforcement officer may obtain real-time location data without a warrant in the following circumstances:

1. To respond to the user's call for emergency services;
2. With the informed, affirmative consent of the owner or user of the electronic device concerned if (i) the device is in his possession; (ii) the owner or user knows or believes that the device is in the possession of an employee or agent of the
owner or user with the owner's or user's consent; or (iii) the owner or user knows or believes that the device has been taken by a third party without the consent of the owner or user;

3. With the informed, affirmative consent of the legal guardian or next of kin of the owner or user, if reasonably available, if the owner or user is reasonably believed to be deceased, is reported missing, or is unable to be contacted; or

4. If the investigative or law-enforcement officer reasonably believes that an emergency involving the immediate danger to a person requires the disclosure, without delay, of real-time location data concerning a specific person and that a warrant cannot be obtained in time to prevent the identified danger, and the possessor of the real-time location data believes, in good faith, that an emergency involving danger to a person requires disclosure without delay.

No later than three business days after seeking disclosure of real-time location data pursuant to this subsection, the investigative or law-enforcement officer seeking the information shall file with the appropriate court a written statement setting forth the facts giving rise to the emergency and the facts as to why the person whose real-time location data was sought is believed to be important in addressing the emergency.

F. In order to comply with the requirements of § 19.2-54, any search of the records of a foreign corporation shall be deemed to have been made in the same place wherein the search warrant was issued.

G. A Virginia corporation or other entity that provides electronic communication services or remote computing services to the general public, when properly served with a search warrant and affidavit in support of the warrant, issued by a judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia with jurisdiction over the matter, to produce a record or other information pertaining to a subscriber to or customer of such service, including real-time location data, or the contents of electronic communications, or both, shall produce the record or other information, including real-time location data, or the contents of electronic communications as if that warrant had been issued by a Virginia court. The search warrant shall be enforced and executed in the Commonwealth as if it were a search warrant described in subsection C.

H. The provider of electronic communication service or remote computing service may verify the authenticity of the written reports or records that it discloses pursuant to this section, excluding the contents of electronic communications, by providing an affidavit from the custodian of those written reports or records or from a person to whom said custodian computing service or such provider's officers, employees, agents, or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order, warrant, administrative subpoena, or subpoena under this section or the provisions of subsection E.

I. No cause of action shall lie in any court against a provider of a wire or electronic communication service or remote computing service or such provider's officers, employees, agents, or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order, warrant, administrative subpoena, or subpoena under this section or the provisions of subsection E.

J. A search warrant or administrative subpoena for the disclosure of real-time location data pursuant to this section shall require the provider to provide ongoing disclosure of such data for a reasonable period of time, not to exceed 30 days. A court may, for good cause shown, grant one or more extensions, not to exceed 30 days each.

"Properly served" means delivery of a search warrant or subpoena by hand, by United States mail, by commercial delivery service, by facsimile or by any other manner to any officer of a corporation or its general manager in the Commonwealth, to any natural person designated by it as agent for the service of process, or if such corporation has designated a corporate agent, to any person named in the latest annual report filed pursuant to § 13.1-775.

   A. In all formal hearings conducted in accordance with § 2.2-4020, the hearing shall be presided over by a hearing officer selected from a list prepared by the Executive Secretary of the Supreme Court and maintained in the Office of the Executive Secretary of the Supreme Court. Parties to informal fact-finding proceedings conducted pursuant to § 2.2-4019 may agree at the outset of the proceeding to have a hearing officer preside at the proceeding, such agreement to be revoked only by mutual consent. The Executive Secretary may promulgate rules necessary for the administration of the hearing officer system and shall have the authority to establish the number of hearing officers necessary to preside over administrative hearings in the Commonwealth.

   B. On request from the head of an agency, the Executive Secretary shall name a hearing officer from the list, selected on a rotation system administered by the Executive Secretary. Lists reflecting geographic preference and specialized training or knowledge shall be maintained by the Executive Secretary if an agency demonstrates the need.
   C. A hearing officer shall voluntarily disqualify himself and withdraw from any case in which he cannot accords a fair and impartial hearing or consideration, or when required by the applicable rules governing the practice of law in the Commonwealth. Any party may request the disqualification of a hearing officer by filing an affidavit appointed in accordance with this section shall be subject to disqualification as provided in § 2.2-4024.1. If the hearing officer denies a petition for disqualification pursuant to § 2.2-4024.1, the petitioning party may request reconsideration of the denial by filing a written request with the Executive Secretary along with an affidavit, prior to the taking of evidence at a hearing, stating with particularity the grounds upon which it is claimed that a fair and impartial hearing cannot be accorded, or the applicable rule of practice requiring disqualification.
   The issue shall be determined not less than 10 days prior to the hearing by the Executive Secretary of the Supreme Court.
   D. Any hearing officer empowered by the agency to provide a recommendation or conclusion in a case decision matter shall render that recommendation or conclusion within 90 days from the date of the case decision proceeding or from a later date agreed to by the named party and the agency. If the hearing officer does not render a decision within 90 days, then the named party to the case decision may provide written notice to the hearing officer and the Executive Secretary of the Supreme Court that a decision is due. If no decision is made within 30 days from receipt by the hearing officer of the notice, then the Executive Secretary of the Supreme Court shall remove the hearing officer from the hearing officer list and report the hearing officer to the Virginia State Bar for possible disciplinary action, unless good cause is shown for the delay.
   E. The Executive Secretary shall remove hearing officers from the list, upon a showing of cause after written notice and an opportunity for a hearing. When there is a failure by a hearing officer to render a decision as required by subsection

An agency head who has participated in a determination of probable cause or other preliminary determination in an adjudication may serve as the presiding officer in the adjudication unless a party demonstrates grounds for disqualification under subsection B.

B. A presiding officer or hearing officer is subject to disqualification for any factor that would cause a reasonable person to question the impartiality of the presiding officer or hearing officer, which may include bias, prejudice, financial interest, or ex parte communications; however, the fact that a hearing officer is employed by an agency as a hearing officer, without more, is not grounds for disqualification. The presiding officer or hearing officer, after making a reasonable inquiry, shall disclose to the parties all known facts related to grounds for disqualification that are material to the impartiality of the presiding officer or hearing officer in the proceeding. The presiding officer or hearing officer may self-disqualify and withdraw from any case for reasons listed in this subsection.

The petition must state with particularity the ground on which it is claimed that a fair and impartial hearing cannot be accorded or the applicable rules of ethics that require disqualification. The petition may be denied if the party fails to promptly request disqualification after discovering a ground for disqualification.

D. A presiding officer not appointed pursuant to the provisions of § 2.2-4024, whose disqualification is requested shall decide whether to grant the petition and state in a record the facts and reasons for the decision. The decision to deny disqualification by a hearing officer appointed pursuant to § 2.2-4024 shall be reviewable according to the procedure set forth in subsection C of § 2.2-4024. In all other circumstances, the presiding officer's or hearing officer's decision to deny disqualification is subject to judicial review in accordance with this chapter, but is not otherwise subject to interlocutory review.

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-644.03 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-644.03. Enforcement of liens acquired under §§ 46.2-644.01 and 46.2-644.02 and of liens of bailees.

Any person having a lien under §§ 46.2-644.01 and 46.2-644.02 and any bailee, except where otherwise provided, having a lien as such at common law on personal property in his possession which he has no power to sell for the satisfaction of the lien, if the debt for which the lien exists is not paid within 10 days after it is due and the value of the property affected by the lien does not exceed $10,000 $12,500, may sell such property or so much thereof as may be necessary, by public auction, for cash. The proceeds shall be applied to the satisfaction of the debt and expenses of sale, and the surplus, if any, shall be paid within 30 days of the sale to any lienholder, and then to the owner of the property. A seller who fails to remit the surplus as provided shall be liable to the person entitled to the surplus in an amount equal to $50 for each day beyond 30 days that the failure continues.

Before making the sale, the seller shall advertise the time, place, and terms thereof in a public place. In the case of property other than a motor vehicle required to be registered in Virginia having a value in excess of $600, 10 days’ prior notice shall be given to any secured party who has filed a financing statement against the property, and written notice shall be given to the owner as hereinafter provided. If the property is a motor vehicle required by the motor vehicle laws of Virginia to be registered, the person having the lien shall ascertain from the Commissioner of the Department of Motor Vehicles whether the certificate of title of the motor vehicle shows a lien thereon. At that time, the Commissioner shall also determine the value of the property and shall communicate it to the bailee. If the certificate of title shows a lien, the bailee proposing the sale of the motor vehicle shall notify the lienholder of record, by certified mail, at the address on the certificate of title of the time and place of the proposed sale 10 days prior thereto. If the name of the owner cannot be ascertained, the name of "John Doe" shall be substituted in any proceedings hereunder and no written notice as to him shall be required to be mailed. Whenever a vehicle is shown by the Department of Motor Vehicles records to be owned by a person who has indicated that he is on active military duty or service, the Department shall include such information in response to requests for vehicle information pursuant to the requirements of this chapter.

If the value of the property is more than $10,000 $12,500 but does not exceed $25,000, the party having the lien, after giving notice as herein provided, may apply by petition to any general district court of the county or city wherein the property is, or, if the value of the property exceeds $25,000, to the circuit court of the county or city, for the sale of the property. If, on the hearing of the case on the petition, the defense, if any made thereto, and such evidence as may be adduced by the parties respectively, the court is satisfied that the debt and lien are established and the property should be sold to pay the debt, the court shall order the sale to be made by the sheriff of the county or city. The sheriff shall make the same and apply and dispose of the proceeds in the same manner as if the sale were made under a writ of fieri facias.

In determining the value of the property as required by this section, the Commissioner shall use a recognized pricing guide and, in using such guide, shall use the trade-in value specified in such guide.

Whenever a motor vehicle is sold hereunder, the Department of Motor Vehicles shall issue a certificate of title and registration or a nonrepairable certificate to the purchaser thereof upon his application containing the serial or motor number of the vehicle purchased together with an affidavit of the lienholder that he has complied with the provisions hereof, or by the sheriff conducting a sale that he has complied with said order.

Any garage keeper to whom a motor vehicle has been delivered pursuant to § 46.2-1209, 46.2-1213, or 46.2-1215 may after 30 days from the date of delivery proceed under this section, provided that action has not been taken pursuant to such sections for the sale of such motor vehicle.

"Lost profits" means a loss of business profits, as defined in § 25.1-230.1, subject to adjustment using generally accepted accounting principles consistently applied, from a business or farm operation for a period not to exceed (i) three years from the date of valuation if less than the entire parcel of property is taken or (ii) one year from the date of valuation if the entire parcel of property is taken that is suffered as a result of a taking of the property on which the business or farm operation is located, provided (a) the business is owned by the owner of the property taken, or by a tenant whose leasehold interest grants the tenant exclusive possession of substantially all the property taken, or (b) the farm operation is operated by the owner of the property taken, or by a tenant using for a farm operation the property taken, to the extent that the loss is determined and proven pursuant to subsection C of § 25.1-230.1. "Farm operation" shall have the same meaning as set forth in § 25.1-400.

The body determining just compensation shall ascertain any reduction in value for lost access, if any, that may accrue to the residue (i) beyond the enhancement in value, if any, to such residue as provided in subdivision A 1 of § 25.1-230, or (ii) beyond the peculiar benefits, if any, to such other property as provided in subdivision A 2 of § 25.1-230, by reason of the taking and use by the petitioner. The body determining just compensation shall ensure that any compensation awarded for lost access shall not be duplicated in the compensation otherwise awarded to the owner of the property taken or damaged.
C. The body determining just compensation shall include in its determination of damage to the residue just compensation lost profits to the owner of a business or farm operation conducted on the property taken only if the owner proves with reasonable certainty the amount of the loss and that the loss is directly and proximately caused by the taking of the property through the exercise of eminent domain and the following conditions are met:
1. The loss cannot be reasonably prevented by a relocation of the business or farm operation, or by taking steps and adopting procedures that a reasonably prudent person would take and adopt;
2. The loss will not be included in relocation assistance provided pursuant to Chapter 4 (§ 25.1-400 et seq.);
3. Compensation for the loss will not be duplicated in the compensation otherwise awarded to the owner of the property taken or damaged; and
4. The loss shall be determined in accordance with generally accepted accounting principles applied on a consistent basis.
D. Any and all liability for lost access and lost profits shall be established and made a part of the award of just compensation for damage to the residue of the property taken or damaged, and any and all liability for lost profits shall be set forth specifically in the award. In a partial acquisition, in the event that the owner of the property being condemned and the owner of the business or farm operation claiming lost profits are the same, then any enhancement or peculiar benefit shall be offset against both damage to the residue and lost profits.
E. It shall not be a requirement of any bona fide effort to purchase the property pursuant to § 25.1-204 or 33.2-1001 that the petitioner include any liability for lost profits in a written offer to purchase the property.
F. In any proceeding in which the owner of a business or farm operation seeks to recover lost profits, the owner shall provide the condemning authority with all federal income tax returns, if any, relating to the business or farm operation for which the owner seeks lost profits for a period of three years prior to the valuation date and for each year thereafter during the pendency of the condemnation proceeding. The condemning authority shall not divulge the information provided pursuant to this subsection except in connection with the condemnation proceeding.
G. Nothing in this section is intended to provide for compensation for inverse condemnation claims for temporary interference with or interruption of a business or farm operation other than that which is directly and proximately caused by a taking or damaging of property through the exercise of eminent domain.

CHAPTER 643

An Act to amend and reenact § 17.1-279.1 of the Code of Virginia, relating to additional assessment for electronic summons systems; towns.

Approved March 26, 2015

Be it enacted by the General Assembly of Virginia:
1. That § 17.1-279.1 of the Code of Virginia is amended and reenacted as follows:
§ 17.1-279.1. Additional assessment for electronic summons system.
CHAPTER 644

Approved March 26, 2015

Any county or city, or town, through its governing body, may assess an additional sum not in excess of $5 as part of the costs in each criminal or traffic case in the district or circuit courts located within its boundaries where such cases are brought in which the defendant is charged with a violation of any statute or ordinance, which violation in the case of towns arose within the town. The imposition of such assessment shall be by ordinance of the governing body, which may provide for different sums in circuit courts and district courts. The assessment shall be collected by the clerk of the court in which the action is filed, remitted to the treasurer of the appropriate county or city, or town, and held by such treasurer subject to disbursements by the governing body to a local law-enforcement agency solely to fund software, hardware, and associated equipment costs for the implementation and maintenance of an electronic summons system. The imposition of a town assessment shall replace any county fee that would otherwise apply.

7. Preserve order at and in the vicinity of the place of registration. For this purpose, the registrar shall be vested with the powers of a conservator of the peace while engaged in the duties imposed by law. He may exclude from the place of registration persons whose presence disturbs the registration process. He may appoint special officers, not exceeding three in number, for a place of registration and may summon persons in the vicinity to assist whenever, in his judgment, it is necessary to preserve order. The general registrar and any assistant registrar shall be authorized to administer oaths for purposes of this title.
8. Maintain the official registration records for his county or city in the system approved by, and in accordance with the instructions of, the State Board; preserve the written applications of all persons who are registered; and preserve for a period of four years the written applications of all persons who are denied registration or whose registration is cancelled.

9. If a person is denied registration, promptly notify such person in writing of the denial and the reason for denial in accordance with § 24.2-422.

10. Verify the accuracy of the pollbooks provided for each election by the State Board, make the pollbooks available to the precincts, and according to the instructions of the State Board provide a copy of the data from the pollbooks to the State Board after each election for voting credit purposes.

11. Retain the pollbooks in his principal office for two years from the date of the election.

12. Maintain accurate and current registration records and comply with the requirements of this title for the transfer, inactivation, and cancellation of voter registrations.

13. Whenever election districts, precincts, or polling places are altered, provide for entry into the voter registration system of the proper district and precinct designations for each registered voter whose districts or precinct have changed and notify each affected voter of changes affecting his districts or polling place by mail.

14. Whenever any part of his county or city becomes part of another jurisdiction by annexation, merger, or other means, transfer to the appropriate general registrar the registration records of the affected registered voters. The general registrar for their new county or city shall notify them by mail of the transfer and their new election districts and polling places.

15. When he registers any person who was previously registered in another state, notify the appropriate authority in that state of the person's registration in Virginia.

16. Whenever any person is believed to be registered or voting in more than one state or territory of the United States at the same time, inquire about, or provide information from the voter's registration and voting records to any appropriate voter registration or other authority of another state or territory who inquires about, that person's registration and voting history.

17. At the request of the county or city chairman of any political party nominating a candidate for the General Assembly, constitutional office, or local office by a method other than a primary, review any petition required by the party in its nomination process to determine whether those signing the petition are registered voters with active status.

18. Carry out such other duties as prescribed by the electoral board in his capacity as the director of elections for the locality in which he serves.

19. Attend, or designate one member of his staff to attend, an annual training program provided by the State Board.

§ 24.2-701. Application for absentee ballot.
A. The State Board shall furnish each general registrar with a sufficient number of applications for official absentee ballots. The registrars shall furnish applications to persons requesting them.

The State Board shall implement a system that enables eligible persons to request and receive an absentee ballot application electronically through the Internet. Electronic absentee ballot applications shall be in a form approved by the State Board.

Except as provided in § 24.2-703, a separate application shall be completed for each election in which the applicant offers to vote. An application for an absentee ballot may be accepted the later of (i) 12 months before an election or (ii) the day following any election held in the twelfth month prior to the election in which the applicant is applying to vote.

An application that is completed in person at the same time that the applicant registers to vote shall be held and processed no sooner than the fifth day after the date that the applicant registered to vote; however, this requirement shall not be applicable to any person who is qualified to vote absentee under subdivision 2 of § 24.2-700.

Any application received before the ballots are printed shall be held and processed as soon as the printed ballots for the election are available.

For the purposes of this chapter, the general registrar's office shall be open a minimum of eight hours between the hours of 8:00 a.m. and 5:00 p.m. on the first and second Saturday immediately preceding all general elections, except May general elections, and on the first Saturday immediately preceding any primary election, May general election, or special election.

Unless the applicant is disabled, all applications for absentee ballots shall be signed by the applicant who shall state, subject to felony penalties for making false statements pursuant to § 24.2-1016, that to the best of his knowledge and belief the facts contained in the application are true and correct and that he has not and will not vote in the election at any other place in Virginia or in any other state. If the applicant is unable to sign the application, a person assisting the applicant will note this fact on the applicant signature line and provide his signature, name, and address.

B. Applications for absentee ballots shall be completed in the following manner:

1. An application completed in person shall be made not less than three days prior to the election in which the applicant offers to vote and completed only in the office of the general registrar. The applicant shall sign the application in the presence of a registrar or a member of the electoral board. The applicant shall provide one of the forms of identification specified in subsection B of § 24.2-643. Any applicant who does not show one of the forms of identification specified in subsection B of § 24.2-643 shall be offered a provisional ballot under the provisions of § 24.2-653. The State Board of Elections shall provide instructions to the electoral boards general registrar for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.
Any other application may be made by mail, electronic or telephonic transmission to a facsimile device if one is available to the office of the general registrar or the office of the State Board if a device is not available locally, or other means. The application shall be on a form furnished by the registrar or, if made under subdivision 2 of § 24.2-700, may be on a federal postcard application prescribed pursuant to 52 U.S.C. § 20301(b)(2). The federal postcard application may be accepted the later of (i) 12 months before an election or (ii) the day following any election held in the twelfth month prior to the election in which the applicant is applying to vote. The application shall be made to the appropriate registrar no later than 5:00 p.m. on the seventh day prior to the election in which the applicant offers to vote.

C. Applications for absentee ballots shall contain the following information:

2. A statement that he is registered in the county or city in which he offers to vote and his residence address in such county or city. Any person temporarily residing outside the United States shall provide the last date of residency at his Virginia residence address, if that residence is no longer available to him. Any person who makes application under subsection C of § 24.2-700 who is not a registered voter may file the applications to register and for a ballot simultaneously;

3. The complete address to which the ballot is to be sent directly to the applicant, unless the application is made in person at a time when the printed ballots for the election are available and the applicant chooses to vote in person at the time of completing his application. The address given shall be (i) the address of the applicant on file in the registration records; (ii) the address at which he will be located while absent from his county or city; or (iii) the address at which he will be located while temporarily confined due to a disability or illness. No ballot shall be sent to, or in care of, any other person; and

§ 24.2-702. Application for early absentee ballot; procedures.

Notwithstanding any other provisions of this title, a person, who is eligible for an absentee ballot under subdivision 2 of § 24.2-700 and qualified under this section, may apply, not later than ninety days before that election, for an absentee ballot only for elections for Governor, Lieutenant Governor, or Attorney General.

The application may be made on the Federal Post Card Application.

In order to qualify for the absentee ballot, the voter shall state that he is unable to vote in any other manner due to overseas military service or due to living in an isolated or extremely remote overseas area. This statement may be made on the Federal Post Card Application.

On receipt of the application, the electoral board general registrar shall issue, at least ninety days before an election, the printed ballot only for elections for Governor, Lieutenant Governor, or Attorney General. No additional ballot or ballots shall be provided to such applicants for that election date.

§ 24.2-703.2. Replacement absentee ballots for certain disabled or ill voters; penalty.

A voter seeking to cast an absentee ballot may obtain a replacement absentee ballot subject to the following conditions: (i) the voter applied for an absentee ballot under subdivision 4 of § 24.2-700 because of a disability or illness; (ii) the
application was approved and an absentee ballot mailed to the voter; and (iii) the voter did not receive or has lost the absentee ballot on or before the Saturday before the election. In such case, the voter may request a replacement absentee ballot by the close of business for the local elections office on the Saturday before election day and designate, in writing, a representative to obtain a replacement absentee ballot on his behalf from the electoral board or general registrar and to return the properly completed ballot as directed by the electoral board or general registrar no later than the close of polls on the day of election for which the absentee ballot is valid. The representative shall be age eighteen or older and shall not be an elected official, a candidate for elected office, or the deputy, spouse, parent, or child of an elected official or candidate. The voter and representative shall complete the form prescribed by the State Board to implement the provisions of this section. The form shall include a statement signed by the voter that he did not receive the ballot or has lost the ballot. Statements on the form shall be subject to felony penalties for making false statements pursuant to § 24.2-1016.

§ 24.2-704. Applications and ballots for persons requiring assistance in voting; penalty.

The application for an absentee ballot shall provide space for the applicant to indicate that he will require assistance to vote his absentee ballot by reason of blindness, disability, or inability to read or write. On receipt of an application from an applicant marked to indicate he will require assistance, the electoral board general registrar shall deliver, with the items required by § 24.2-706, the voter assistance form furnished by the State Board pursuant to § 24.2-649. The voter and any person assisting him shall complete the form by signing the request for assistance and statement required of the assistant. If the voter is unable to sign the request, the witness will note this fact on the line for signature of voter. The provisions of § 24.2-649 shall apply to absentee voting and assistance for absentee voters. Any person who willfully violates the provisions of this section or § 24.2-649 in providing assistance to a person who is voting absentee shall be guilty of a Class 5 felony.

§ 24.2-705. Emergency applications and absentee ballots for persons incapacitated or hospitalized.

Any person registered and otherwise qualified to vote who becomes incapacitated on or after the seventh day preceding an election may request at any time prior to 2:00 p.m. on the day preceding the election that an emergency absentee ballot application be delivered to him. A voter who becomes hospitalized on or after the fourteenth day preceding the election and who is unable, because of his condition, to request an absentee ballot earlier than the seventh day preceding the election may request at any time prior to 2:00 p.m. on the day before an election that an emergency absentee ballot be delivered to him in the hospital. For purposes of this section, "incapacitated" means hospitalized, ill and confined to his residence, bereaved by the death of a spouse, child, or parent, or otherwise incapacitated by an emergency which is found by the electoral board general registrar to justify providing an emergency absentee ballot application; and "hospital" means a hospital as defined in § 32.1-123 or 37.2-100 and any comparable hospital in the District of Columbia or any state contiguous to Virginia.

On receipt of the request, the electoral board general registrar shall provide an emergency absentee ballot application to the incapacitated voter's designated representative who shall deliver the application to the voter. If the voter is hospitalized, the delivery shall be made to him at the hospital; and if the voter is otherwise incapacitated, the delivery shall be made to him at his current residence address as shown on the registration records. The representative shall be age eighteen or older and shall not be an elected official, a candidate for elected office, or the deputy, spouse, parent, or child of an elected official or candidate.

The application shall be on a form prescribed by the State Board and shall require the applicant (i) to state the cause of his incapacity, (ii) to state that he is unable to be present at the polls on election day, and that he was either incapacitated on or after the seventh day preceding the election or hospitalized on or after the fourteenth day preceding the election and unable to request the application earlier than the seventh day preceding the election, (iii) to designate a representative to receive, deliver and return the ballot, and (iv) to provide other information required by law for an absentee ballot application. If the voter is hospitalized, a hospital administrative official, a licensed physician attending the applicant, or provider as defined in § 37.2-403, shall certify on the form to the hospitalization of the applicant and the applicant's inability to be present at the polls on election day. If the voter is ill and confined to his residence, a licensed physician, provider as defined in § 37.2-403, or an accredited religious practitioner attending the applicant shall certify on the form to the incapacity of the applicant and the applicant's inability to be present at the polls on election day. If the voter is bereaved, a licensed physician, an accredited religious practitioner, or a funeral service licensee (as defined in § 54.1-2800) shall certify on the form to the incapacity of the applicant and the applicant's inability to be present at the polls on election day. If the voter is otherwise incapacitated as determined by the electoral board general registrar, the secretary of the electoral board general registrar shall certify on the form to the incapacity of the applicant and the applicant's inability to be present at the polls on election day. The applicant shall sign the application and state, subject to felony penalties for making false statements pursuant to § 24.2-1016, that to the best of his knowledge and belief the facts contained in the application are true and correct. His signature shall be witnessed by the designated representative who shall sign and return the completed application to the office of the general registrar no later than 5:00 p.m. on the day preceding the election. For the purposes of this section, "accredited religious practitioner" means a person who has been trained in spiritual healing or the other healing arts and has been so accredited by a formal religious order.

On receipt of the completed application and a determination of the qualification of the applicant to vote, the general registrar or secretary of the electoral board shall provide, in accordance with the applicable provisions of this chapter, an absentee ballot to the designated representative for delivery to the incapacitated voter.
The incapacitated voter shall vote the absentee ballot as provided by law and mark it in the presence of the designated representative. The representative shall complete a statement, subject to felony penalties for making false statements pursuant to § 24.2-1016, that (i) he is the representative of the incapacitated voter; (ii) he personally delivered the ballot to the voter who applied for it; (iii) in his presence, the voter marked the ballot, the ballot was placed in the envelope provided, the envelope was sealed, and the statement on its reverse side was signed by the incapacitated voter; and (iv) the ballot was returned, under seal, to the electoral board general registrar at the registrar's office.

The ballot shall be counted only if the ballot is received by the electoral board general registrar prior to the close of polls, and the electoral board general registrar shall deliver the ballot to the officers of election at each appropriate precinct pursuant to § 24.2-710.

§ 24.2-706. Duty of general registrar on receipt of application; statement of voter.

On receipt of an application for an absentee ballot, the general registrar shall enroll the name and address of each registered applicant on an absentee voter applicant list that shall be maintained in the office of the general registrar with a file of the applications of the listed applicants. The list shall be available for inspection and copying and the applications shall be available for inspection only by any registered voter during regular office hours. Upon request and for a reasonable fee, the State Board of Elections shall provide an electronic copy of the absentee voter applicant list to any political party or candidate. Such list shall be used only for campaign and political purposes. Any list made available for inspection and copying under this section shall contain the post office box address in lieu of the residence street address for any individual who has furnished at the time of registration or subsequently, in addition to his street address, a post office box address pursuant to subsection B of § 24.2-418.

No list or application containing an individual's social security number, or any part thereof, or the individual's day and month of birth, shall be made available for inspection or copying by anyone. The State Board of Elections shall prescribe procedures for local electoral boards and general registrars to make the information in the lists and applications available in a manner that does not reveal social security numbers or parts thereof, or an individual's day and month of birth.

The completion and timely delivery of an application for an absentee ballot shall be construed to be an offer by the applicant to vote in the election.

The general registrar shall note on each application received whether the applicant is or is not a registered voter and notify the secretary of the electoral board. In reviewing the application for an absentee ballot, the general registrar and electoral board shall not reject the application of any individual because of an error or omission on any record or paper relating to the application, if such error or omission is not material in determining whether such individual is qualified to vote absentee.

If the application has been properly completed and signed and the applicant is a registered voter of the precinct in which he offers to vote, the electoral board general registrar shall, at the time when the printed ballots for the election are available, send by the deadline set out in § 24.2-612, obtaining a certificate of either first-class or expedited mailing or delivery from the United States Postal Service or other commercial delivery provider, or deliver to him in person in the office of the secretary or registrar, the following items and nothing else:

1. An envelope containing the folded ballot, sealed and marked "Ballot within. Do not open except in presence of a witness."

2. An envelope, with printing only on the flap side, for rescaling the marked ballot, on which envelope is printed the following:

"Statement of Voter."

"I do hereby state, subject to felony penalties for making false statements pursuant to § 24.2-1016, that my FULL NAME is (last, first, middle); that I am now or have been at some time since last November's general election a legal resident of (STATE YOUR LEGAL RESIDENCE IN VIRGINIA including the house number, street name or rural route address, city, zip code); that I received the enclosed ballot(s) upon application to the registrar of such county or city; that I opened the envelope marked 'ballot within' and marked the ballot(s) in the presence of the witness without assistance or knowledge on the part of anyone as to the manner in which I marked it (or I am returning the form required to report how I was assisted); that I then sealed the ballot(s) in this envelope, and the statement on its reverse side was signed by the incapacitated voter; and (iv) the ballot was returned, under seal, to the electoral board general registrar at the registrar's office.

The ballot shall be counted only if the ballot is received by the electoral board general registrar prior to the close of polls, and the electoral board general registrar shall deliver the ballot to the officers of election at each appropriate precinct pursuant to § 24.2-710.

For elections held after January 1, 2004, instead of the envelope containing the above oath, an envelope containing the standard oath prescribed by the presidential designee under § 101(b)(7) of the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.) shall be sent to voters who are qualified to vote absentee under that Act.

3. A properly addressed envelope for the return of the ballot to the electoral board general registrar by mail or by the applicant in person.

4. Printed instructions for completing the ballot and statement on the envelope and returning the ballot.

For federal elections held after January 1, 2004, for any voter who is required by subparagraph (b) of 52 U.S.C. § 21083 of the Help America Vote Act of 2002 to show identification the first time the voter votes in a federal election in the state, the printed instructions shall direct the voter to submit with his ballot (i) a copy of a current and valid photo identification or (ii) a copy of a current utility bill, bank statement, government check, paycheck or other government
document that shows the name and address of the voter. Such individual who desires to vote by mail but who does not submit one of the forms of identification specified in this paragraph may cast such ballot by mail and the ballot shall be counted as a provisional ballot under the provisions of § 24.2-653. The State Board of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.

5. For any voter entitled to vote absentee under the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.), information provided by the State Board specific to the voting rights and responsibilities for such citizens, or information provided by the registrar specific to the status of the voter registration and absentee ballot application of such voter, may be included.

The envelopes and instructions shall be in the form prescribed by the State Board.

If the applicant makes his application to vote in person under § 24.2-701 at a time when the printed ballots for the election are available, the general registrar or the secretary of the electoral board, on the determination of the qualifications of the applicant to vote, shall provide to the applicant the items set forth in subdivisions 1 through 4, and no item shall be removed by the applicant from the office of the general registrar or the secretary of the electoral board. On the request of the applicant, made no later than 5:00 p.m. on the seventh day prior to the election in which the applicant offers to vote, the general registrar or the secretary may send the items set forth in subdivisions 1 through 4 to the applicant by mail, obtaining a certificate of mailing.

If the applicant states as the reason for his absence on election day any of the reasons set forth in subdivision 2 of § 24.2-700, the electoral board general registrar, at the time when the printed ballots for the election are available, shall mail by the deadline set forth in § 24.2-612 or deliver in person to the applicant in the office of the secretary or general registrar the items as set forth in subdivisions 1 through 4 and, if necessary, an application for registration. A certificate of mailing shall not be required. The electoral board general registrar, at the time when the printed ballots for the election are available, shall send by the deadline set forth in § 24.2-612 the blank ballot, the form for the envelope for returning the marked ballot, and instructions to the voter by electronic transmission if the voter so requests. The voted ballot shall be returned to the electoral board general registrar as otherwise required by this chapter.

When the statement prescribed in subdivision 2 has been properly completed and signed by the registered voter and witnessed, his ballot shall not be subject to challenge pursuant to § 24.2-651.

The circuit courts shall have jurisdiction to issue an injunction to enforce the provisions of this section upon the application of (i) any aggrieved voter, (ii) any candidate in an election district in whole or in part in the circuit court's jurisdiction where a violation of this section has occurred, or is likely to occur, or (iii) the campaign committee or the appropriate district political party chairman of such candidate. Any person who fails to discharge his duty as provided in this section through willful neglect of duty and with malicious intent shall be guilty of a Class 1 misdemeanor as provided in subsection A of § 24.2-1001.

§ 24.2-707. How ballots marked and returned by mail; cast in person; cast on voting equipment.

On receipt of a mailed absentee ballot, the voter shall, in the presence of a witness, (i) open the sealed envelope marked "ballot within" and (ii) mark and refold the ballot, as provided in §§ 24.2-644 and 24.2-646 without assistance and without making known how he marked the ballot, except as provided by § 24.2-704.

After the voter has marked his absentee ballot, he shall (a) enclose the ballot in the envelope provided for that purpose, (b) seal the envelope, (c) fill in and sign the statement printed on the back of the envelope in the presence of a witness, who shall sign the same envelope, (d) enclose the ballot envelope and any required assistance form within the envelope directed to the electoral board general registrar, and (e) seal that envelope and mail it to the office of the electoral board general registrar or deliver it personally to the electoral board or the general registrar. A voter's failure to provide in the statement on the back of the envelope his full middle name or his middle initial shall not be a material omission, rendering his ballot void, unless the voter failed to provide in the statement on the back of the envelope his full first and last name. A voter's failure to provide the date, or any part of the date, including the year, on which he signed the statement printed on the back of the envelope shall not be considered a material omission and shall not render his ballot void. For purposes of this chapter, "mail" shall include delivery by a commercial delivery service, but shall not include delivery by a personal courier service or another individual except as provided by §§ 24.2-703.2 and 24.2-705.

An applicant who makes his application to vote in person at a time when the printed ballots for the election are available shall follow the same procedure set forth above except that he may complete the procedure in person in the office of the general registrar or secretary of the electoral board, or at another location or locations in the county or city approved by the electoral board, before a registrar or a member of the electoral board, or, if a ballot is cast at that time, before the officers of election appointed by the electoral board. Any such location shall be in a public building owned or leased by the city, the county, or a town within the county, with adequate facilities for the protection of all records concerning the absentee voters, the absentee ballots, both voted and unvoted, and any voting equipment in use at the location. Such location may be in a facility owned or leased by the Commonwealth and used as a location for Department of Motor Vehicles facilities and for an office of the general registrar. Such location shall be deemed the equivalent of the office of the general registrar or the secretary of the electoral board for the purpose of completing the application for an absentee ballot in person pursuant to §§ 24.2-701 and 24.2-706. On the request of the applicant, made no later than 5:00 p.m. on the seventh day prior to the election in which the applicant offers to vote, the general registrar or the secretary may send the items set forth in subdivisions 1 through 4 of § 24.2-706 to the applicant by mail, obtaining a certificate of mailing.
Failure to follow the procedures set forth above shall render the applicant's ballot void.

The electoral board general registrar of any county or city using a central absentee voting precinct may provide for the casting of absentee ballots on voting equipment prior to election day by applicants who are voting in person. The State Board shall prescribe procedures for the use of voting equipment. The procedures shall provide for the casting of absentee ballots prior to election day by in-person applicants on voting equipment which has been certified, and is currently approved, by the State Board. The procedures shall be applicable and uniformly applied by the State Board to all jurisdictions using comparable voting equipment. At least two officers of election, one representing each political party, shall be present during all hours that absentee voting is available at any location at which absentee ballots are cast prior to election day.

The requirement that officers of election shall be present if ballots are cast on voting equipment prior to election day shall not be applicable when the voting equipment is located in the office of the general registrar or secretary of the electoral board and the general registrar, or an assistant registrar, or the secretary of the electoral board is present.

§ 24.2-708. Return of unused ballots; voting by applicant who did not receive or lost ballot; defaced ballots.

A. If for any reason a person, who has applied for and received a ballot, decides not to vote absentee, he shall return the ballot unopened, in the sealed envelope in which it was sent to him, to the electoral board or the general registrar, before the day of the election in which the ballot was intended to be used.

The electoral board general registrar shall note on the absentee voter applicant list, opposite the name of the person returning the ballot, the fact that the ballot was returned unused and the date of the return. The electoral board general registrar shall carefully preserve all ballots returned unused and deliver them, together with other returned ballots, to the officers of election on election day. A voter who has returned his unused ballot before the day of the election as provided herein shall be entitled to vote a regular ballot in person on election day at his proper polling place or at a central absentee voter precinct established by the governing body of the county or city where the person is registered to vote, upon confirmation by the electoral board, the general registrar, or an officer of election of the return of the unused ballot. If the electoral board, the general registrar, or an officer of election is unable to confirm the return of the unused ballot, the voter shall be entitled to cast a provisional ballot pursuant to § 24.2-653.1. Notwithstanding the provisions of this subsection, a voter may return his unused ballot to his proper polling place or central absentee voter precinct on election day and shall be entitled to vote a regular ballot, and his unused ballot shall be preserved with other unused ballots.

B. If for any reason a person who has applied for and has been sent an absentee ballot does not receive the ballot or loses the ballot, he shall be entitled to cast another ballot after presenting to the electoral board, general registrar or officer of election a statement signed by him that he did not receive the ballot or has lost the ballot, subject to felony penalties for making false statements as pursuant to § 24.2-1016. If such person offers to vote at his proper polling place or at a central absentee voter precinct established by the governing body of the county or city where he is registered to vote on the day of the elections, he shall be entitled to cast a provisional ballot pursuant to § 24.2-653.1.

C. If a person who has applied for and has been sent an absentee ballot has unintentionally or accidentally defaced and rendered the ballot unfit for voting, he shall be entitled to cast a ballot after presenting the defaced ballot to the electoral board, the general registrar, or an officer of election. The returned ballot shall be marked spoiled by the electoral board, the general registrar, or an officer of election and placed in a spoiled-ballot envelope to be retained with the ballots for the election. A voter who has returned his defaced ballot before the day of the election as provided herein shall be entitled to vote a regular ballot in person on election day at his proper polling place or at a central absentee voter precinct established by the governing body of the county or city where he is registered to vote, upon confirmation by the electoral board, the general registrar, or an officer of election of the return of the defaced ballot. If the electoral board, the general registrar, or an officer of election is unable to confirm the return of the defaced ballot, the voter shall be entitled to cast a provisional ballot pursuant to § 24.2-653.1. A voter who returns his defaced or unfit ballot to his proper polling place or central absentee voter precinct on election day shall be entitled to vote a regular ballot, and his defaced or unfit ballot shall be preserved with other spoiled ballots.

§ 24.2-709. Ballot to be returned in manner prescribed by law.

A. Any ballot returned to the office of the electoral board or general registrar in any manner except as prescribed by law shall be void. Absentee ballots shall be returned to the electoral board or general registrar before the closing of the polls. The board member or registrar receiving the ballot shall (i) seal the ballot in an envelope with the statement or declaration of the voter, or both, attached to the outside and (ii) mark on each envelope the date, time, and manner of delivery. For all ballots returned by the general registrar to the electoral board, the board shall give to the general registrar a receipt showing the time and date of the return. No returned absentee ballot shall be deemed void because the inner envelope containing the voted ballot is imperfectly sealed so long as the outside envelope containing the ballot envelope is sealed.

B. Notwithstanding the provisions of subsection A, absentee ballots (i) received after the close of the polls on any election day, (ii) received before 5:00 p.m. on the second business day before the State Board meets to ascertain the results of the election pursuant to this title, (iii) requested on or before but not sent by the deadline for making absentee ballots available under § 24.2-612, and (iv) cast by an absentee voter who is eligible for an absentee ballot under subdivision 2 of § 24.2-700 shall be counted pursuant to the procedures set forth in this chapter and, if the voter is found entitled to vote, included in the election returns. The electoral board shall prepare an amended certified abstract, which shall include the results of such ballots, and shall deliver such abstract to the State Board by the business day prior to its meeting pursuant to
this title, and shall deliver a copy of such abstract to the general registrar to be available for inspection when his office is open for business.

C. Notwithstanding the provisions of clause (i) of subsection B of § 24.2-427, an absentee ballot returned by a voter in compliance with § 24.2-707 and this section who dies prior to the counting of absentee ballots on election day shall be counted pursuant to the procedures set forth in this chapter if the voter is found to have been entitled to vote at the time that he returned the ballot.

§ 24.2-712. Central absentee voter precincts; counting ballots.

A. Notwithstanding any other provision of law, the governing body of each county or city may establish one or more central absentee voter precincts in the courthouse or other public buildings for the purpose of receiving, counting, and recording absentee ballots cast in the county or city. The decision to establish any absentee voter precinct shall be made by the governing body by ordinance; the ordinance shall state for which elections the precinct shall be used. The decision to abolish any absentee voter precinct shall be made by the governing body by ordinance. Immediate notification of either decision shall be sent to the State Board and the electoral board.

B. Each central absentee voter precinct shall have at least three officers of election as provided for other precincts. The number of officers shall be determined by the electoral board.

C. If any voter brings an unmarked ballot to the central absentee voter precinct on the day of the election, he shall be allowed to vote it. If any voter brings an unmarked ballot to the electoral board general registrar on or before the day of the election, he shall be allowed to vote it, and his ballot shall be delivered to the absentee voter precinct pursuant to § 24.2-710.

The officers at the absentee voter precinct shall determine any appeal by any other voter whose name appears on the absentee voter applicant list and who offers to vote in person. If the officers at the absentee voter precinct produce records showing the receipt of his application and the certificate of mailing for the ballot, they shall deny his appeal. If the officers cannot produce such records, the voter shall be allowed to vote in person at the absentee voter precinct and have his vote counted with other absentee votes. If the voter's appeal is denied, the provisions of § 24.2-708 shall be applicable, and the officers shall advise the voter that he may vote on presentation of a statement signed by him that he has not received an absentee ballot and subject to felony penalties for making false statements pursuant to § 24.2-1016.

D. Absentee ballots may be processed as required by § 24.2-711 by the officers of election at the central absentee voter precinct prior to the closing of the polls but the ballot container shall not be opened and the counting of ballots shall not begin prior to that time. In the case of machine-readable ballots, the ballot container may be opened and the absentee ballots may be inserted in the counting machines prior to the closing of the polls in accordance with procedures prescribed by the State Board, including procedures to preserve ballot secrecy, but no ballot count totals shall be initiated prior to that time.

As soon as the polls are closed in the county or city the officers of election at the central absentee voter precinct shall proceed promptly to ascertain and record the vote given by absentee ballot and report the results in the manner provided for counting and reporting ballots generally in Article 4 (§ 24.2-643 et seq.) of Chapter 6.

E. The electoral board may provide that the officers of election for a central absentee voter precinct may be assigned to work all or a portion of the time that the precinct is open on election day subject to the following conditions:

1. The chief officer and the assistant chief officer, appointed pursuant to § 24.2-115 to represent the two political parties, are on duty at all times; and

2. No officer, political party representative, or other candidate representative shall leave the precinct after any ballots have been counted until the polls are closed and the count for the precinct is completed and reported.

F. The electoral board, with the written agreement of the general registrar, may provide that the central absentee voter precinct will open after 6:00 a.m. on the day of the election provided that the office of the general registrar will be open for the receipt of absentee ballots until the central absentee voter precinct is open and that the officers of election for the central absentee voter precinct obtain the absentee ballots returned to the general registrar's office for the purpose of counting the absentee ballots at the central absentee voter precinct and provided further that the central absentee voter precinct is the same location as the office of the general registrar.

§ 24.2-945.2. Persons required to file independent expenditure disclosure reports; filing deadline.

A. Any person, candidate campaign committee, or political committee that makes independent expenditures, in the aggregate during an election cycle, of $1,000 or more for a statewide election or $200 or more for any other election shall maintain records and report pursuant to this chapter all such independent expenditures made for the purpose of expressly advocating the election or defeat of a clearly identified candidate.

B. Independent expenditure reports shall be due (i) within 24 hours of the time when the funds were expended or (ii) within 24 hours of the time when materials, as described in subsection A of this section, are published or broadcast to the public, whichever (i) or (ii) first occurs. The reports shall be filed with the State Board if the funds were expended to support or oppose a candidate for statewide office or the General Assembly or with the local electoral board general registrar of the county or city in which the candidate resides if the funds were expended to support or oppose a candidate for local office. The report filed by a political action committee or political party committee shall include the information required for a statement of organization as listed in subdivisions A 1 through A 8 of § 24.2-949.2 or clauses 1 through 6 of § 24.2-950.2, as appropriate, unless the committee has a current statement of organization on file with the State Board.

C. Independent expenditure reports required by this section may be filed electronically pursuant to § 24.2-946.1 or in writing on a form developed by the State Board. If the report is filed in writing, the report shall be (i) received by the State Board or the local electoral board general registrar, as appropriate, within 24 hours of the time when the funds were
expended or (ii) transmitted to the State Board or the local electoral board, as appropriate, by telephonic transmission to a facsimile device within 24 hours of the time when the funds were expended with an original copy of the report mailed to the State Board or the local electoral board, as appropriate, and postmarked within 24 hours of the time when the funds were expended.

§ 24.2-946.1. Standards and requirements for electronic preparation and transmittal of campaign finance disclosure reports; database.

A. The State Board shall develop and approve standards for the preparation, production, and transmittal by computer or electronic means of campaign finance reports required by this chapter. The State Board may prescribe the method of execution and certification of and the procedures for receiving electronically filed campaign finance reports required by this chapter in the office of the State Board or any local electoral board. The State Board may provide the campaign finance report-creation software to filers without charge or at a reasonable cost.

B. The State Board shall accept any campaign finance report filed by candidates for the General Assembly and statewide office by computer or electronic means in accordance with the standards approved by the Board and using software meeting standards approved by it. This information shall be made available to the public promptly by the Board through the Internet.

C. By July 1, 2007, the State Board of Elections shall develop and implement a centralized system to accept reports from any candidate for local or constitutional office. Such reports shall be filed in accordance with, and using software that meets, standards approved by the State Board. The State Board shall promptly notify the electoral board of the locality in which a candidate resides and make the information contained in the report available to the public.

D. The State Board shall enter or cause to be entered into a campaign finance database, available to the public through the Internet, the information from required campaign finance reports filed by computer, electronic, or other means by candidates for the General Assembly and statewide office.

E. Other campaign finance reports required by this chapter to be filed by a committee with the State Board or a local electoral board, or both, may be filed electronically on terms agreed to by the committee and the Board.

§ 24.2-946.2. Custody of reports; inspection and copying; exception for certain information.

A. All campaign finance reports required to be filed under this chapter shall be open to inspection by any person during the business hours of the office in which they are filed. Copies shall be produced for any person requesting them who shall pay the reasonable cost of the copies. Copies of such reports certified by the principal administrative officer in whose office they are kept shall be evidence in all courts to the same extent as the original report would be if produced and proved.

Upon request from an individual granted protected voter status under the provisions of subsection B of § 24.2-418, the State Board shall replace the individual’s residence address in copies of campaign finance reports available to the public with the individual’s alternative mailing address found in the Virginia voter registration system.

Nothing in this chapter shall be construed to grant public access to information not required to be entered into the campaign finance database under this chapter that candidates or committees may include in campaign finance report-creation software managed by or for the State Board.

B. The following applies to campaign finance reports filed by candidate campaign committees:

1. Every officer or local electoral board, with whom reports are required to be filed by this chapter, shall file and preserve such reports and keep them as part of the officer's records for at least one year after the final report is filed, or through the next general election for the office to which they pertain, whichever is later; or in the case of a candidate who has not filed a final report and seeks election to the same office in a successive election, through the next general election for the office to which they pertain.

2. The State Board shall file and preserve as part of its records the reports required to be filed with it by this chapter for at least one year after the final report is filed, or through the next general election for the office to which they pertain, whichever is later; or in the case of a candidate who has not filed a final report and seeks election to the same office in a successive election, through the next general election for the office to which they pertain. Thereafter, the State Board shall forward the reports to The Library of Virginia for preservation under the Virginia Public Records Act (§ 42.1-76 et seq.).

C. The following applies to campaign finance reports filed by political committees:

1. Every officer or local electoral board, with whom reports are required to be filed by this chapter, shall file and preserve such reports as part of the office’s records for at least four years after the reporting deadline or one year after the final report is filed.

2. The State Board shall file and preserve as part of its records the reports required to be filed with it by this chapter for at least four years after the reporting deadline or one year after the final report is filed. Thereafter, the State Board shall forward the reports to The Library of Virginia for preservation under the Virginia Public Records Act (§ 42.1-76 et seq.).

§ 24.2-946.3. Reporting of certain violations; penalties.

A. It shall be the duty of the State Board to report any violation of the provisions of this chapter to the appropriate attorney for the Commonwealth. The State Board shall report to the attorney for the Commonwealth of the City of Richmond in the case of reporting requirements for campaign committees for statewide office and to the attorney for the Commonwealth of the county or city of the residence of a candidate for the General Assembly. For political committees, the
State Board shall report the violation to the attorney for the Commonwealth of the City of Richmond. If all the officers of a political committee are residents of one county or city as shown on the statement of organization required by this chapter, the State Board shall report violations for that political committee to the attorney for the Commonwealth of that county or city.

B. It shall be the duty of the general registrar of a county or city to report any violation of the provisions of this chapter relating to the filing of campaign finance reports required to be filed with the general registrar to the attorney for the Commonwealth for the county or city in which the general registrar has jurisdiction.

C. In order to fulfill the duty to report violations pursuant to subsections A and B, the Board shall establish and implement a system for receiving, cataloging, and reviewing reports filed pursuant to the provisions of this chapter and for verifying that reports are complete and submitted on time. As part of the system referred to in this subsection, the general registrar for each county and city, or the secretary of the electoral board in any county or city in which the electoral board chooses to perform the duties stated in this subsection, shall be required, in accordance with instructions provided by the Board, to receive, catalog, and review the reports filed with the general registrar and to verify that the reports are complete and submitted on time.

D. The State Board, and the general registrar of the electoral board in accordance with the instructions of the State Board, shall report the violation to the appropriate attorney for the Commonwealth for enforcement.

E. The State Board, or the general registrar of the electoral board in accordance with the instructions of the State Board, shall notify, no later than 21 days after the report due date, any person submitting an incomplete report of the need for additional information. The State Board, or the general registrar of the electoral board, shall be responsible for providing any additional information. Any civil penalties collected pursuant to action by the State Board shall be payable to the State Treasurer for deposit to the general fund, and any civil penalties collected pursuant to action by a general registrar shall be payable to the treasurer of the locality for deposit to its general fund.

F. In the case of any political committee that is required to file a statement of organization pursuant to this chapter, the State Board shall be authorized to waive a penalty that has been assessed if the filer demonstrates that there exists good cause to waive the penalty.

G. The State Board shall notify the public through its official Internet website of any violation based on the failure to file a required report by a candidate for statewide office or the General Assembly and the identity of the violator.

H. The State Board shall determine the schedule of civil penalties required to be followed by its staff and in assessing penalties under this chapter. No election official or staff may waive or reduce such penalties, except as provided in § 24.2-946.4.

§ 24.2-946.4. Right to grant extensions in special circumstances.

A. The State Board shall provide instructions to filers for delivery of campaign finance reports within the time periods prescribed by law.

B. Notwithstanding any other provision of law, any candidate or treasurer required to file a report pursuant to this chapter shall be entitled to a 72-hour extension of the filing deadline if his spouse, parent, grandparent, child, grandchild, or sibling died within the 72 hours before the deadline. The State Board or the local electoral board general registrar shall be authorized to grant an extension of the filing deadline for a period not to exceed five days for good cause shown by the filer and found by the Board or board general registrar sufficient to justify the granting of the extension.

C. The Commissioner of Elections shall have additional authority to extend a deadline established in this chapter for filing reports in emergency situations that interfere with the timely filing of reports. The extension shall be limited in scope to the areas and times affected by the emergency. The provisions of this subsection shall be applicable only in the case of an emergency declared by the Governor pursuant to Chapter 3.2 (§ 44-146.13 et seq.) of Title 44 or declared by the President of the United States and confirmed by the Governor by executive order as an emergency for the purposes of this subsection.

D. The Commissioner of Elections shall have additional authority to extend a deadline established in this chapter for filing reports for a reasonable period for a candidate who serves as his own campaign treasurer and who is a member of a uniformed service of the United States called to active duty during a reporting period.

E. The State Board shall have authority to extend any deadline applicable to reports required to be filed by computer or electronic means in the event of a failure of the computer or electronic filing system that prevents timely filing. The extension shall not exceed a period of up to five days after restoration of the filing system to operating order.

F. The State Board shall have authority also to grant extensions as provided in §§ 24.2-503 and 24.2-948.3.
campaign committee file shall not be closed if the candidate has filed a report with the Board or board registrar for any campaign for any office within the prior five years. A political committee file shall not be closed if the committee has filed a report within the prior five years.

B. Once the committee’s file has been closed, no more reports will be due and no additional penalties for failure to file will accrue. However, if the whereabouts of the candidate or his campaign treasurer, or in the case of any political committee, the treasurer or custodian of the books of the committee, later becomes known to the Board or board registrar, it may reopen the file and send notice to the candidate, or in the case of any political committee, the treasurer or custodian of the books of the committee, requesting that he file the appropriate reports and pay any penalties that were levied before the file was closed by it.

§ 24.2-947.1. Statement of organization.
A. Any individual seeking or campaigning for an office of the Commonwealth or one of its governmental units in a party nomination process or general, primary, or special election, shall file a statement of organization within 10 days of meeting any one of the following conditions:

7. Such other information as shall be required by the State Board except that the account number for a designated depository account shall not be required.

D. In the case of any candidate who seeks election for successive terms in the same office, the statement of organization filed by the candidate shall continue in effect for such successive elections, but the candidate shall file notice of meeting any one of the following conditions:

§ 24.2-947.3. Campaign committee treasurer requirements and responsibilities.
A. Upon meeting any of the requirements of subsection A of § 24.2-947.1, the candidate shall appoint a single campaign treasurer who shall be a registered voter in Virginia. Every treasurer so appointed shall accept the appointment, in writing on the statement of organization, prior to the filing thereof. No individual shall act as treasurer unless the required statement of appointment has been filed. The same person may serve as campaign treasurer for more than one candidate.

B. In the event of the death, resignation, removal, or change of the treasurer, the candidate shall designate a successor and file the name and address of the successor within 10 days of the change with the State Board, local electoral board general registrar, or both, as appropriate.

C. Any candidate who fails to appoint a treasurer or successor treasurer shall be deemed to have appointed himself treasurer and shall comply as such with the provisions of this chapter.

D. All contributions and expenditures received or made by any candidate, or received or made on his behalf or in relation to his candidacy by any person, except independent expenditures, shall be paid over or delivered to the candidate’s treasurer or shall be reported to the treasurer in such detail and form as to allow him to comply fully with this chapter. An independent expenditure shall be reported pursuant to § 24.2-945.2 in lieu of being reported to the candidate’s treasurer.

Such account shall set forth the date of the contribution or expenditure, its amount or value, the name and address of the person or committee making the contribution or to whom the expenditure was made, and the object or purpose of the contribution or expenditure. Such books and records may be destroyed or discarded at any time after (i) one year from the date of filing the final report required by § 24.2-948.4 or (ii) three years after the December 31 immediately following the election, whichever last occurs, unless a court of competent jurisdiction shall order their retention for a longer period.

for a contribution received on a Saturday by 5:00 p.m. on the following Monday. However, any such contribution received
within the 24 hours prior to the election day shall be reported and a report thereof received on the day prior to the election.

C. The reports required by subsection B of this section shall also be required of any candidate for nomination by a
political party to serve as the party's nominee in a general or special election if (i) the party nominates by convention or any
method other than a primary and (ii) there are at least two candidates for nomination pursuant to the rules and procedures of
the party. In such case, candidates for nomination shall be required to file the reports required by subsection B for the
12-day or 11-day period, as specified by subsection B, immediately preceding:
1. The caucus, mass meeting, convention, or other nominating event at which the party's nomination shall be finally
determined pursuant to the rules and procedures of the party; and
2. Any caucus, mass meeting, convention, or other nominating event, other than that at which the party's nomination
shall be finally determined, at which delegates are chosen who are pledged to support a specified candidate on at least one
ballot at a subsequent district or state convention required as part of the nominating process.

D. No report shall be required pursuant to subsection C if the candidate is or has become, by virtue of the withdrawal of
any opponent or the operation of the rules and procedures of the party, unopposed for nomination at the time such report
otherwise would be required to be made.

§ 24.2-948.1. Exemption from reporting requirements for certain candidates for local office.
A. This section shall apply to candidates for local office. A candidate for local office may seek an exemption from the
requirements for filing campaign finance disclosure reports set out in this chapter except for the filing requirements of
§§ 24.2-945.2, 24.2-947.1, 24.2-947.9, and 24.2-948.4 pertaining to certain independent expenditures, the statement of
organization, large contributions, and the filing of a final report. The request for an exemption shall be filed with the
electoral board general registrar of the county or city where the candidate resides on a form prescribed by the State Board
and in accordance with instructions by the State Board for the time for filing and the process for approval by the electoral
board general registrar.
B. To qualify for an exemption, the candidate shall certify on the form that (i) he has not and will not solicit or accept
any contribution from any other person or political committee during the course of his campaign, (ii) he has not and will not
contribute to his own campaign more than $1,000, (iii) he has not and will not expend more than $1,000 in the course of his
campaign, and (iv) that he has complied and will comply with the requirements of this chapter. This certification shall apply
for the duration of the campaign until the filing of a final report in compliance with § 24.2-948.4 after the election. A
candidate may rescind his certification and exemption at any time during the campaign and shall file in accordance with the
appropriate filing schedule thereafter, provided that the candidate rescinds his certification prior to engaging in the activities
described in clauses (i), (ii), and (iii) of this subsection. The first report filed shall account for all prior contributions and
expenditures pertaining to his campaign.
C. Any candidate who has qualified for an exemption from reporting requirements pursuant to this section shall not be
permitted to qualify for any office, enter upon the duties thereof, or receive any salary or emoluments therefrom until a final
report has been filed that details all financial activity of the candidate's campaign and states that all reporting for the
nomination and election is complete and final. No officer authorized by the laws of the Commonwealth to issue certificates
of election shall issue one to any person determined to be elected to any such office, until copies of the final report cited
above have been filed as required in this chapter.
D. A candidate who has a current exemption under the provisions of this section, or who is otherwise exempt from
reporting contributions and expenditures under this chapter, may purchase voter lists from the State Board under the
provisions of §§ 24.2-405 and 24.2-406 with a check drawn on the candidate's personal account.

§ 24.2-948.3. Compliance with reporting requirements of campaign finance disclosure act as requirement of
candidacy for certain offices.
A. It shall be a requirement of candidacy in any election for statewide office or the General Assembly that the
candidate shall have filed the disclosure reports required by this chapter for any election in which he participated as a
candidate for any such office and which was held within the five years preceding the date of the election in which he seeks to be a candidate. For the purposes of this section, the candidate shall be presumed to have complied with the candidate disclosure reporting requirements unless (i) the State Board or local electoral board general registrar, whichever is appropriate, has notified the candidate, at least 60 days prior to the applicable deadline for him to file his written statement of qualification set out in § 24.2-503, that he has failed to file a required report or reports and (ii) the candidate fails to file the specified report or reports by the applicable deadline for filing his written statement of qualification.

B. The authority of the State Board to grant an extension of the deadline established in § 24.2-503 shall include the authority to grant such extension with respect to the requirements of this section.

§ 24.2-950.8. With whom political party committees file reports.
A. Except as provided in subsection B, a political party committee that is required by this chapter to file reports with the State Board, and that accepts contributions or makes expenditures in excess of $10,000 in any calendar year, or that accepted contributions or made expenditures in excess of $10,000 in the previous calendar year, shall file its reports with the State Board by computer or electronic means in accordance with the standards approved by the State Board until such time as the political party committee files a final report. Any political party committee that has been filing electronically, but does not anticipate accepting contributions or making expenditures in excess of $10,000 in the upcoming calendar year, may sign a waiver, on a form prescribed by the State Board, to exempt the committee from the electronic filing requirement for the calendar year. Such waiver form shall be submitted and received no later than the date the first report is due covering activity for that calendar year.

B. A county, city, or local district political party committee shall not be required to file by computer or electronic means if it files its reports with the local electoral board general registrar of that county or city.

C. Other political party committees required to file reports by this article shall file all campaign finance reports with the State Board, if filing by electronic means, or with the State Board and the local electoral board general registrar for its jurisdiction if filing campaign finance reports by nonelectronic means.

§ 24.2-953. General provisions.
A. The procedures to enforce the provisions of this article are found in § 24.2-946.3.
B. Either the failure to file any statement or report or the late filing of any statement or report required by this chapter shall constitute a violation of this chapter subject to the penalties provided in this article.
C. Any person who violates, or aids, abets, or participates in the violation of, this chapter shall be subject to a civil penalty not to exceed $100, unless a greater penalty is imposed by this article.
D. In the case of a willful violation, the violator shall be guilty of a Class 1 misdemeanor. There shall be a rebuttable presumption that the violation of this chapter was willful if the violation is based on a person's failure to file a report required by this chapter and his failure to file continues for more than 60 days following his actual receipt of written notice of his failure to file sent to him by certified mail, return receipt requested, by the State Board or an electoral board a general registrar. Such notice shall be sent to the most recent mailing address provided by the candidate or committee.
E. In the case of a failure to file a required statement or report by the specified deadline, the length of the delinquency shall be a factor in determining the amount of the civil penalty assessed.
F. The statute of limitations applicable to a violation of this chapter is stated in § 19.2-8.
G. The requirements of this chapter for the filing of timely and complete statements and reports by any candidate campaign committee or political committee shall at all times remain in full force and effect and shall not be vacated, suspended, or modified as the result of any pending or completed criminal or civil investigation of the candidate campaign committee, the political committee, or any individual participant in the committee.

§ 24.2-953.3. Incomplete reports.
A. In the case of a violation of this chapter that relates to the filing of an incomplete report, the violator shall be subject to a civil penalty not to exceed $500 unless a greater penalty is imposed pursuant to this section. However the civil penalty shall in no case exceed $500 unless the total of the filer's reportable contributions or the total of the filer's reportable expenditures is $10,000 or more.
B. Prior to assessing a penalty pursuant to this section for the filing of an incomplete report, the Commissioner of Elections or the general registrar or secretary of the local electoral board, as appropriate, shall notify, by certified mail, the candidate and treasurer, or person or political committee required to file a report with that board, that a filed report has not been completed, citing the omissions from the report. No penalty shall be assessed if the information required to complete the report is filed within 10 days of the date of mailing the written notice.
C. If the information required to complete the report is not filed within the 10-day period, the Commissioner of Elections or the general registrar or secretary of the local electoral board, as appropriate, shall assess against the candidate and treasurer, who shall be jointly and severally liable, or person or political committee required to file a report, a civil penalty not to exceed $500. The Commissioner of Elections or the general registrar or secretary of the local electoral board, as appropriate, shall consider the following factors in determining the civil penalty assessed: the number of omissions, the amount of money involved, and the proportion of contributions or expenditures containing omissions.
D. The Commissioner of Elections or the general registrar or secretary of the local electoral board may grant an additional period for compliance, not to exceed two weeks, to permit the completion of a filed report for good cause shown and in response to a request filed within the 10-day period. However, no additional period shall be granted thereafter for compliance.
E. The civil penalty assessed for filing an incomplete report shall be increased by $500 every 60 days following the date for compliance established pursuant to this section and until compliance is complete. If the failure to comply continues for more than 120 days following the date for compliance established pursuant to this section, there shall be a rebuttable presumption that the violation was willful, and the matter shall be forwarded to the appropriate attorney for the Commonwealth.

F. The civil penalty assessed for filing any subsequent incomplete report (i) that is filed more than 20 days after notice has been given of a violation or (ii) that is filed during the 60 days prior to the elections for which the person is a candidate shall be $1,000.

G. The State Board shall notify the public through its official Internet website of a failure to file a complete report by a candidate for statewide office or the General Assembly and the identity of the violator following the date for compliance established pursuant to this section.

1. That §§ 24.2-114, 24.2-701, 24.2-702, 24.2-703.2, 24.2-704, 24.2-705, 24.2-706 through 24.2-709, 24.2-712, 24.2-945.2, 24.2-946.1 through 24.2-946.5, 24.2-947.1, 24.2-947.3, 24.2-947.4, 24.2-947.5, 24.2-947.9, 24.2-948.1, 24.2-948.3, 24.2-950.8, 24.2-953, and 24.2-953.3 of the Code of Virginia are amended and reenacted as follows:

§ 24.2-114. Duties and powers of general registrar.

In addition to the other duties required by this title, the general registrar, and the assistant registrars acting under his supervision, shall:

1. Maintain the office of the general registrar and establish and maintain additional public places for voter registration in accordance with the provisions of § 24.2-412.

2. Participate in programs to educate the general public concerning registration and encourage registration by the general public. No registrar shall actively solicit, in a selective manner, any application for registration or for a ballot or offer anything of value for any such application.

3. Perform his duties within the county or city he was appointed to serve, except that a registrar may (i) go into a county or city in the Commonwealth contiguous to his county or city to register voters of his county or city when conducting registration jointly with the registrar of the contiguous county or city or (ii) notwithstanding any other provision of law, participate in multijurisdictional staffing for voter registration offices, approved by the State Board, that are located at facilities of the Department of Motor Vehicles.

4. Provide the appropriate forms for applications to register and to obtain the information necessary to complete the applications pursuant to the provisions of the Constitution of Virginia and general law.

5. Indicate on the registration records for each accepted mail voter registration application form returned by mail pursuant to Article 3.1 (§ 24.2-416.1 et seq.) of Chapter 4 that the registrant has registered by mail. The general registrar shall fulfill this duty in accordance with the instructions of the State Board so that those persons who registered by mail are identified on the registration records, lists of registered voters furnished pursuant to § 24.2-405, lists of persons who voted furnished pursuant to § 24.2-406, and pollbooks used for the conduct of elections.

6. Accept a registration application or request for transfer or change of address submitted by or for a resident of any other county or city in the Commonwealth. Registrars shall process registration applications and requests for transfer or change of address from residents of other counties and cities in accordance with written instructions from the State Board and shall forward the completed application or request to the registrar of the applicant's residence. Notwithstanding the provisions of § 24.2-416, the registrar of the applicant's residence shall recognize as timely any application or request for transfer or change of address submitted to any person authorized to receive voter registration applications pursuant to Chapter 4 (§ 24.2-400 et seq.), prior to or on the final day of registration. The registrar of the applicant's residence shall determine the qualification of the applicant, including whether the applicant has ever been convicted of a felony, and if so, under what circumstances the applicant's right to vote has been restored, and promptly notify the applicant at the address shown on the application or request of the acceptance or denial of his registration or transfer. However, notification shall not be required when the registrar does not have an address for the applicant.

7. Preserve order at and in the vicinity of the place of registration. For this purpose, the registrar shall be vested with the powers of a conservator of the peace while engaged in the duties imposed by law. He may exclude from the place of registration persons whose presence disturbs the registration process. He may appoint special officers, not exceeding three in number, for a place of registration and may summon persons in the vicinity to assist whenever, in his judgment, it is
necessary to preserve order. The general registrar and any assistant registrar shall be authorized to administer oaths for purposes of this title.

8. Maintain the official registration records for his county or city in the system approved by, and in accordance with the instructions of, the State Board; preserve the written applications of all persons who are registered; and preserve for a period of four years the written applications of all persons who are denied registration or whose registration is cancelled.

9. If a person is denied registration, promptly notify such person in writing of the denial and the reason for denial in accordance with § 24.2-422.

10. Verify the accuracy of the pollbooks provided for each election by the State Board, make the pollbooks available to the precincts, and according to the instructions of the State Board provide a copy of the data from the pollbooks to the State Board after each election for voting credit purposes.

11. Retain the pollbooks in his principal office for two years from the date of the election.

12. Maintain accurate and current registration records and comply with the requirements of this title for the transfer, inactivation, and cancellation of voter registrations.

13. Whenever election districts, precincts, or polling places are altered, provide for entry into the voter registration system of the proper district and precinct designations for each registered voter whose districts or precinct have changed and notify each affected voter of changes affecting his districts or polling place by mail.

14. Whenever any part of his county or city becomes part of another jurisdiction by annexation, merger, or other means, transfer to the appropriate general registrar the registration records of the affected registered voters. The general registrar for their new county or city shall notify them by mail of the transfer and their new election districts and polling places.

15. When he registers any person who was previously registered in another state, notify the appropriate authority in that state of the person's registration in Virginia.

16. Whenever any person is believed to be registered or voting in more than one state or territory of the United States at the same time, inquire about, or provide information from the voter's registration and voting records to any appropriate voter registration or other authority of another state or territory who inquires about, that person's registration and voting history.

17. At the request of the county or city chairman of any political party nominating a candidate for the General Assembly, constitutional office, or local office by a method other than a primary, review any petition required by the party in its nomination process to determine whether those signing the petition are registered voters with active status.

18. Carry out such other duties as prescribed by the electoral board in his capacity as the director of elections for the locality in which he serves.

19. Attend, or designate one member of his staff to attend, an annual training program provided by the State Board.

§ 24.2-701. Application for absentee ballot.

A. The State Board shall furnish each general registrar with a sufficient number of applications for official absentee ballots. The registrars shall furnish applications to persons requesting them.

The State Board shall implement a system that enables eligible persons to request and receive an absentee ballot application electronically through the Internet. Electronic absentee ballot applications shall be in a form approved by the State Board.

Except as provided in § 24.2-703, a separate application shall be completed for each election in which the applicant offers to vote. An application for an absentee ballot may be accepted the later of (i) 12 months before an election or (ii) the day following any election held in the twelfth month prior to the election in which the applicant is applying to vote.

An application that is completed in person at the same time that the applicant registers to vote shall be held and processed no sooner than the seventh day after the date that the applicant registered to vote; however, this requirement shall not be applicable to any person who is qualified to vote absentee under subdivision 2 of § 24.2-700.

Any application received before the ballots are printed shall be held and processed as soon as the printed ballots for the election are available.

For the purposes of this chapter, the general registrar's office shall be open a minimum of eight hours between the hours of 8:00 a.m. and 5:00 p.m. on the first and second Saturday immediately preceding all general elections, except May general elections, and on the Saturday immediately preceding any primary election, May general election, or special election.

Unless the applicant is disabled, all applications for absentee ballots shall be signed by the applicant who shall state, subject to felony penalties for making false statements pursuant to § 24.2-1016, that to the best of his knowledge and belief the facts contained in the application are true and correct and that he has not and will not vote in the election at any other place in Virginia or in any other state. If the applicant is unable to sign the application, a person assisting the applicant will note this fact on the applicant signature line and provide his signature, name, and address.

B. Applications for absentee ballots shall be completed in the following manner:

1. An application completed in person shall be made not less than three days prior to the election in which the applicant offers to vote and completed only in the office of the general registrar. The applicant shall sign the application in the presence of a registrar or a member of the electoral board. The applicant shall provide one of the forms of identification specified in subsection B of § 24.2-643. Any applicant who does not show one of the forms of identification specified in subsection B of § 24.2-643 shall be offered a provisional ballot under the provisions of § 24.2-653. The State Board of
Elections shall provide instructions to the electoral boards general registrar for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.

2. Any other application may be made by mail, electronic or telephonic transmission to a facsimile device if one is available to the office of the general registrar or the office of the State Board if a device is not available locally, or other means. The application shall be on a form furnished by the registrar or, if made under subdivision 2 of § 24.2-700, may be on a federal postcard application prescribed pursuant to 52 U.S.C. § 20301(b)(2). The federal postcard application may be accepted the later of (i) 12 months before an election or (ii) the day following any election held in the twelfth month prior to the election in which the applicant is applying to vote. Any person temporarily residing outside the United States shall provide the last date of residency at his Virginia residence address, if that residence is no longer available to him. Any person who makes application under subdivision 2 of § 24.2-700 who is not a registered voter may file the applications to register and for a ballot simultaneously;

3. The complete address to which the ballot is to be sent directly to the applicant, unless the application is made in person at a time when the printed ballots for the election are available and the applicant chooses to vote in person at the time of completing his application. The address given shall be (i) the address of the applicant on file in the registration records; (ii) the address at which he will be located while absent from his county or city; or (iii) the address at which he will be located while temporarily confined due to a disability or illness. No ballot shall be sent to, or in care of, any other person; and

§ 24.2-702. Application for early absentee ballot; procedures.

Notwithstanding any other provisions of this title, a person, who is eligible for an absentee ballot under subdivision 2 of § 24.2-700 and qualified under this section, may apply, not later than ninety days before that election, for an absentee ballot only for elections for Governor, Lieutenant Governor, or Attorney General.

The application may be made on the Federal Post Card Application.

In order to qualify for the absentee ballot, the voter shall state that he is unable to vote in any other manner due to overseas military service or due to living in an isolated or extremely remote overseas area. This statement may be made on the Federal Post Card Application.

On receipt of the application, the electoral board general registrar shall issue, at least ninety days before an election, the printed ballot only for elections for Governor, Lieutenant Governor, or Attorney General. No additional ballot or ballots shall be provided to such applicants for that election date.

§ 24.2-703.2. Replacement absentee ballots for certain disabled or ill voters; penalty.
A voter seeking to cast an absentee ballot may obtain a replacement absentee ballot subject to the following conditions: (i) the voter applied for an absentee ballot under subdivision 4 of § 24.2-700 because of a disability or illness; (ii) the application was approved and an absentee ballot mailed to the voter; and (iii) the voter did not receive or has lost the absentee ballot on or before the Saturday before the election. In such case, the voter may request a replacement absentee ballot by the close of business for the local elections office on the Saturday before election day and designate, in writing, a representative to obtain a replacement absentee ballot on his behalf from the electoral board or general registrar and to return the properly completed ballot as directed by the electoral board or general registrar no later than the close of polls on the day of election for which the absentee ballot is valid. The representative shall be age eighteen or older and shall not be an elected official, a candidate for elected office, or the deputy, spouse, parent, or child of an elected official or candidate. The voter and representative shall complete the form prescribed by the State Board to implement the provisions of this section. The form shall include a statement signed by the voter that he did not receive the ballot or has lost the ballot. Statements on the form shall be subject to felony penalties for making false statements pursuant to § 24.2-1016.

§ 24.2-704. Applications and ballots for persons requiring assistance in voting; penalty.

Any person registered and otherwise qualified to vote who becomes incapacitated on or after the seventh day preceding an election may request at any time prior to 2:00 p.m. on the day preceding the election that an emergency absentee ballot application be delivered to him. A voter who becomes hospitalized on or after the fourteenth day preceding the election and who is unable, because of his condition, to request an absentee ballot earlier than the seventh day preceding the election may request at any time prior to 2:00 p.m. on the day before an election that an emergency absentee ballot be delivered to him in the hospital. For purposes of this section, "incapacitated" means hospitalized, ill and confined to his residence, bereaved by the death of a spouse, child, or parent, or otherwise incapacitated by an emergency which is found by the electoral board general registrar to justify providing an emergency ballot application; and "hospital" means a hospital as defined in § 32.1-123 or 37.2-100 and any comparable hospital in the District of Columbia or any state contiguous to Virginia.

On receipt of the request, the electoral board general registrar shall provide an emergency absentee ballot application to the incapacitated voter's designated representative who shall deliver the application to the voter. If the voter is hospitalized, the delivery shall be made to him at the hospital; and if the voter is otherwise incapacitated, the delivery shall be made to him at his current residence address as shown on the registration records. The representative shall be age eighteen or older and shall not be an elected official, a candidate for elected office, or the deputy, spouse, parent, or child of an elected official or candidate.

The application shall be on a form prescribed by the State Board and shall require the applicant (i) to state the cause of his incapacity; (ii) to state that he is unable to be present at the polls on election day, and that he was either incapacitated on or after the seventh day preceding the election or hospitalized on or after the fourteenth day preceding the election and unable to request the application earlier than the seventh day preceding the election, (iii) to designate a representative to receive, deliver and return the ballot, and (iv) to provide other information required by law for an absentee ballot application.

If the voter is hospitalized, a hospital administrative official, a licensed physician attending the applicant, or provider as defined in § 37.2-403, shall certify on the form to the hospitalization of the applicant and the applicant's inability to be present at the polls on election day. If the voter is ill and confined to his residence, a licensed physician, provider as defined in § 37.2-403, or an accredited religious practitioner attending the applicant shall certify on the form to the incapacity of the applicant and the applicant's inability to be present at the polls on election day. If the voter is bereaved, a licensed physician, an accredited religious practitioner, or a funeral service licensee (as defined in § 54.1-2800) shall certify on the form to the incapacity of the applicant and the applicant's inability to be present at the polls on election day. If the voter is otherwise incapacitated as determined by the electoral board general registrar, the secretary of the electoral board general registrar shall certify on the form to the incapacity of the applicant and the applicant's inability to be present at the polls on election day. The applicant shall sign the application and state, subject to felony penalties for making false statements pursuant to § 24.2-1016, that to the best of his knowledge and belief the facts contained in the application are true and correct. His signature shall be witnessed by the designated representative who shall sign and return the completed application to the office of the general registrar no later than 5:00 p.m. on the day preceding the election. For the purposes of this section, "accredited religious practitioner" means a person who has been trained in spiritual healing or the other healing arts and has been so accredited by a formal religious order.
On receipt of the completed application and a determination of the qualification of the applicant to vote, the general registrar or secretary of the electoral board shall provide, in accordance with the applicable provisions of this chapter, an absentee ballot to the designated representative for delivery to the incapacitated voter.

The incapacitated voter shall vote the absentee ballot as provided by law and mark it in the presence of the designated representative. The representative shall complete a statement, subject to felony penalties for making false statements pursuant to § 24.2-1016, that (i) he is the representative of the incapacitated voter; (ii) he personally delivered the ballot to the voter who applied for it; (iii) in his presence, the voter marked the ballot, the ballot was placed in the envelope provided, the envelope was sealed, and the statement on its reverse side was signed by the incapacitated voter; and (iv) the ballot was returned, under seal, to the electoral board general registrar at the registrar's office.

The ballot shall be counted only if the ballot is received by the electoral board general registrar prior to the close of polls, and the electoral board general registrar shall deliver the ballot to the officers of election at each appropriate precinct pursuant to § 24.2-710.

§ 24.2-706. Duty of general registrar on receipt of application; statement of voter.

On receipt of an application for an absentee ballot, the general registrar shall enroll the name and address of each registered applicant on an absentee voter applicant list that shall be maintained in the office of the general registrar with a file of the applications of the listed applicants. The list shall be available for inspection and copying and the applications shall be available for inspection only by any registered voter during regular office hours. Upon request and for a reasonable fee, the State Board of Elections shall provide an electronic copy of the absentee voter applicant list to any political party or candidate. Such list shall be used only for campaign and political purposes. Any list made available for inspection and copying under this section shall contain the post office box address in lieu of the residence street address for any individual who has furnished at the time of registration or subsequently, in addition to his street address, a post office box address pursuant to subsection B of § 24.2-418.

No list or application containing an individual's social security number, or any part thereof, or the individual's day and month of birth, shall be made available for inspection or copying by anyone. The State Board of Elections shall prescribe procedures for local electoral boards and general registrars to make the information in the lists and applications available in a manner that does not reveal social security numbers or parts thereof, or an individual's day and month of birth.

The completion and timely delivery of an application for an absentee ballot shall be construed to be an offer by the applicant to vote in the election.

The general registrar shall note on each application received whether the applicant is or is not a registered voter and notify the secretary of the electoral board. In reviewing the application for an absentee ballot, the general registrar and electoral board shall not reject the application of any individual because of an error or omission on any record or paper relating to the application, if such error or omission is not material in determining whether such individual is qualified to vote absentee.

If the application has been properly completed and signed and the applicant is a registered voter of the precinct in which he offers to vote, the electoral board general registrar shall, at the time when the printed ballots for the election are available, send by the deadline set out in § 24.2-612, obtaining a certificate of either first-class or expedited mailing or delivery from the United States Postal Service or other commercial delivery provider, or deliver to him in person in the office of the secretary or registrar, the following items and nothing else:

1. An envelope containing the folded ballot, sealed and marked "Ballot within. Do not open except in presence of a witness."
2. An envelope, with printing only on the flap side, for resealing the marked ballot, on which envelope is printed the following:

   Signature of Voter ________________________________

   For elections held after January 1, 2004, instead of the envelope containing the above oath, an envelope containing the standard oath prescribed by the presidential designee under § 101(b)(7) of the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.) shall be sent to voters who are qualified to vote absentee under that Act.

3. A properly addressed envelope for the return of the ballot to the electoral board general registrar by mail or by the applicant in person.

4. Printed instructions for completing the ballot and statement on the envelope and returning the ballot.
For federal elections held after January 1, 2004, for any voter who is required by subparagraph (b) of 52 U.S.C. § 2083 of the Help America Vote Act of 2002 to show identification the first time the voter votes in a federal election in the state, the printed instructions shall direct the voter to submit with his ballot (i) a copy of a current and valid photo identification or (ii) a copy of a current utility bill, bank statement, government check, paycheck or other government document that shows the name and address of the voter. Such individual who desires to vote by mail but who does not submit one of the forms of identification specified in this paragraph may cast such ballot by mail and the ballot shall be counted as a provisional ballot under the provisions of § 24.2-653. The State Board of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.

5. For any voter entitled to vote absentee under the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.), information provided by the State Board specific to the voting rights and responsibilities for such citizens, or information provided by the registrar specific to the status of the voter registration and absentee ballot application of such voter, may be included.

The envelopes and instructions shall be in the form prescribed by the State Board.

If the applicant makes his application to vote in person under § 24.2-701 at a time when the printed ballots for the election are available, the general registrar or the secretary of the electoral board, on the determination of the qualifications of the applicant to vote, shall provide to the applicant the items set forth in subdivisions 1 through 4, and no item shall be removed by the applicant from the office of the general registrar or the secretary of the electoral board. On the request of the applicant, made no later than 5:00 p.m. on the seventh day prior to the election in which the applicant offers to vote, the general registrar or the secretary may send the items set forth in subdivisions 1 through 4 to the applicant by mail, obtaining a certificate of mailing.

If the applicant states as the reason for his absence on election day any of the reasons set forth in subdivision 2 of § 24.2-700, the electoral board general registrar, at the time when the printed ballots for the election are available, shall mail by the deadline set forth in § 24.2-612 or deliver in person to the applicant in the office of the secretary or general registrar the items as set forth in subdivisions 1 through 4 and, if necessary, an application for registration. A certificate of mailing shall not be required. The electoral board general registrar, at the time when the printed ballots for the election are available, shall send by the deadline set forth in § 24.2-612 the blank ballot, the form for the envelope for returning the marked ballot, and instructions to the voter by electronic transmission if the voter so requests. The voted ballot shall be returned to the electoral board general registrar as otherwise required by this chapter.

When the statement prescribed in subdivision 2 has been properly completed and signed by the registered voter and witnessed, his ballot shall not be subject to challenge pursuant to § 24.2-651.

The circuit courts shall have jurisdiction to issue an injunction to enforce the provisions of this section upon the application of (i) any aggrieved voter, (ii) any candidate in an election district in whole or in part in the court's jurisdiction where a violation of this section has occurred, or is likely to occur, or (iii) the campaign committee or the appropriate district political party chairman of such candidate. Any person who fails to discharge his duty as provided in this section through willful neglect of duty and with malicious intent shall be guilty of a Class 1 misdemeanor as provided in subsection A of § 24.2-1001.

§ 24.2-707. How ballots marked and returned by mail; cast in person; cast on voting equipment.

On receipt of a mailed absentee ballot, the voter shall, in the presence of a witness, (i) open the sealed envelope marked "ballot within" and (ii) mark and refold the ballot, as provided in §§ 24.2-644 and 24.2-646 without assistance and without making known how he marked the ballot, except as provided by § 24.2-704.

After the voter has marked his absentee ballot, he shall (a) enclose the ballot in the envelope provided for that purpose, (b) seal the envelope, (c) fill in and sign the statement printed on the back of the envelope in the presence of a witness, who shall sign the same envelope, (d) enclose the ballot envelope and any required assistance form within the envelope directed to the electoral board general registrar, and (e) seal that envelope and mail it to the office of the electoral board general registrar or deliver it personally to the electoral board or the general registrar. A voter's failure to provide in the statement on the back of the envelope his full middle name or his middle initial shall not be a material omission, rendering his ballot void, unless the voter failed to provide in the statement on the back of the envelope his full first and last name. A voter's failure to provide the date, or any part of the date, including the year, on which he signed the statement printed on the back of the envelope shall not be considered a material omission and shall not render his ballot void. For purposes of this chapter, "mail" shall include delivery by a commercial delivery service, but shall not include delivery by a personal courier service or another individual except as provided by §§ 24.2-703.2 and 24.2-705.

An applicant who makes his application to vote in person at a time when the printed ballots for the election are available shall follow the same procedure set forth above except that he may complete the procedure in person in the office of the general registrar or secretary of the electoral board, at another location or locations in the county or city approved by the electoral board, or at a registrar or a member of the electoral board, or, if a ballot is cast at that time, before the officers of election appointed by the electoral board. Any such location shall be in a public building owned or leased by the city, the county, or a town within the county, with adequate facilities for the protection of all records concerning the absentee voters, the absentee ballots, both voted and unvoted, and any voting equipment in use at the location. Such location may be in a facility owned or leased by the Commonwealth and used as a location for Department of Motor Vehicles facilities and for an office of the general registrar. Such location shall be deemed the equivalent of the office of the general registrar or
The secretary of the electoral board for the purpose of completing the application for an absentee ballot in person pursuant to §§ 24.2-701 and 24.2-706. On the request of the applicant, made no later than 5:00 p.m. on the seventh day prior to the election in which the applicant offers to vote, the general registrar or the secretary may send the items set forth in subdivisions 1 through 4 of § 24.2-706 to the applicant by mail, obtaining a certificate of mailing.

Failure to follow the procedures set forth above shall render the applicant's ballot void.

The electoral board or the general registrar of any county or city using a central absentee voting precinct may provide for the casting of absentee ballots on voting equipment prior to election day by applicants who are voting in person. The State Board shall prescribe procedures for the use of voting equipment. The procedures shall provide for the casting of absentee ballots prior to election day by in-person applicants on voting equipment which has been certified, and is currently approved, by the State Board. The procedures shall be applicable and uniformly applied by the State Board to all jurisdictions using comparable voting equipment. At least two officers of election, one representing each political party, shall be present during all hours that absentee voting is available at any location at which absentee ballots are cast prior to election day.

The requirement that officers of election shall be present if ballots are cast on voting equipment prior to election day shall not be applicable when the voting equipment is located in the office of the general registrar or secretary of the electoral board and the general registrar, or an assistant registrar, or the secretary of the electoral board is present.

§ 24.2-708. Return of unused ballots; voting by applicant who did not receive or lost ballot; defaced ballots.

A. If for any reason a person, who has applied for and received a ballot, decides not to vote absentee, he shall return the ballot unopened, in the sealed envelope in which it was sent to him, to the electoral board or the general registrar, before the day of the election in which the ballot was intended to be used.

The electoral board or the general registrar shall note on the absentee voter applicant list, opposite the name of the person returning the ballot, the fact that the ballot was returned unused and the date of the return. The electoral board or the general registrar shall carefully preserve all ballots returned unused and deliver them, together with other returned ballots, to the officers of election on election day. A voter who has returned his unused ballot before the day of the election as provided herein shall be entitled to vote a regular ballot in person on election day at his proper polling place or at a central absentee voter precinct established by the governing body of the county or city where the person is registered to vote, upon confirmation by the electoral board, the general registrar, or an officer of election of the return of the unused ballot. If the electoral board, the general registrar, or an officer of election is unable to confirm the return of the unused ballot, the voter shall be entitled to cast a provisional ballot pursuant to § 24.2-653.1. Notwithstanding the provisions of this subsection, a voter may return his unused ballot to his proper polling place or central absentee voter precinct on election day and shall be entitled to vote a regular ballot, and his unused ballot shall be preserved with other unused ballots.

B. If for any reason a person who has applied for and has been sent an absentee ballot does not receive the ballot or loses the ballot, he shall be entitled to cast another ballot after presenting to the electoral board, general registrar or officer of election a statement signed by him that he did not receive the ballot or has lost the ballot, subject to felony penalties for making false statements as pursuant to § 24.2-1016. If such person offers to vote at his proper polling place or at a central absentee voter precinct established by the governing body of the county or city where he is registered to vote on the day of the elections, he shall be entitled to cast a provisional ballot pursuant to § 24.2-653.1.

C. If a person who has applied for and has been sent an absentee ballot has unintentionally or accidentally defaced and rendered the ballot unfit for voting, he shall be entitled to cast a ballot after presenting the defaced ballot to the electoral board, the general registrar, or an officer of election. The returned ballot shall be marked spoiled by the electoral board, the general registrar, or an officer of election and placed in a spoiled-ballot envelope to be retained with the ballots for the election. A voter who has returned his defaced ballot before the day of the election as provided herein shall be entitled to vote a regular ballot in person on election day at his proper polling place or at a central absentee voter precinct established by the governing body of the county or city where he is registered to vote, upon confirmation by the electoral board, the general registrar, or an officer of election of the return of the defaced ballot. If the electoral board, the general registrar, or an officer of election is unable to confirm the return of the defaced ballot, the voter shall be entitled to cast a provisional ballot pursuant to § 24.2-653.1. A voter who returns his defaced or unfit ballot to his proper polling place or central absentee voter precinct on election day shall be entitled to vote a regular ballot, and his defaced or unfit ballot shall be preserved with other spoiled ballots.

§ 24.2-709. Ballot to be returned in manner prescribed by law.

A. Any ballot returned to the office of the electoral board or the general registrar in any manner except as prescribed by law shall be void. Absentee ballots shall be returned to the electoral board or general registrar before the closing of the polls. The board member or registrar receiving the ballot shall (i) seal the ballot in an envelope with the statement or declaration of the voter, or both, attached to the outside and (ii) mark on each envelope the date, time, and manner of delivery. For all ballots returned by the general registrar to the electoral board, the board shall give to the general registrar a receipt showing the time and date of the return. No returned absentee ballot shall be deemed void because the inner envelope containing the voted ballot is imperfectly sealed so long as the outer envelope containing the ballot envelope is sealed.

B. Notwithstanding the provisions of subsection A, absentee ballots (i) received after the close of the polls on any election day, (ii) received before 5:00 p.m. on the second business day before the State Board meets to ascertain the results of the election pursuant to this title, (iii) requested on or before but not sent by the deadline for making absentee ballots available under § 24.2-612, and (iv) cast by an absentee voter who is eligible for an absentee ballot under subdivision 2 of...
§ 24.2-700 shall be counted pursuant to the procedures set forth in this chapter and, if the voter is found entitled to vote, included in the election returns. The electoral board shall prepare an amended certified abstract, which shall include the results of such ballots, and shall deliver such abstract to the State Board by the business day prior to its meeting pursuant to this title, and shall deliver a copy of such abstract to the general registrar to be available for inspection when his office is open for business.

C. Notwithstanding the provisions of clause (i) of subsection B of § 24.2-427, an absentee ballot returned by a voter in compliance with § 24.2-707 and this section who dies prior to the counting of absentee ballots on election day shall be counted pursuant to the procedures set forth in this chapter if the voter is found to have been entitled to vote at the time that he returned the ballot.

§ 24.2-712. Central absentee voter precincts; counting ballots.
A. Notwithstanding any other provision of law, the governing body of each county or city may establish one or more central absentee voter precincts in the courthouse or other public buildings for the purpose of receiving, counting, and recording absentee ballots cast in the county or city. The decision to establish any absentee voter precinct shall be made by the governing body by ordinance; the ordinance shall state for which elections the precinct shall be used. The decision to abolish any absentee voter precinct shall be made by the governing body by ordinance. Immediate notification of either decision shall be sent to the State Board and the electoral board.

B. Each central absentee voter precinct shall have at least three officers of election as provided for other precincts. The number of officers shall be determined by the electoral board.

C. If any voter brings an unmarked ballot to the central absentee voter precinct on the day of the election, he shall be allowed to vote it. If any voter brings an unmarked ballot to the central absentee voter precinct prior to the closing of the polls but the ballot container shall not be opened and the counting of ballots shall not begin prior to that time. In the case of machine-readable ballots, the ballot container may be opened and the absentee ballots may be inserted in the counting machines prior to the closing of the polls in accordance with procedures prescribed by the State Board, including procedures to preserve ballot secrecy, but no ballot count totals shall be initiated prior to that time.

As soon as the polls are closed in the county or city the officers of election at the central absentee voter precinct shall proceed promptly to ascertain and record the vote given by absentee ballot and report the results in the manner provided for counting and reporting ballots generally in Article 4 (§ 24.2-643 et seq.) of Chapter 6.

E. The electoral board may provide that the officers of election for a central absentee voter precinct may be assigned to work all or a portion of the time that the precinct is open on election day subject to the following conditions:

2. No officer, political party representative, or other candidate representative shall leave the precinct after any ballots have been counted until the polls are closed and the count for the precinct is completed and reported.

F. The electoral board, with the written agreement of the general registrar, may provide that the central absentee voter precinct will open after 6:00 a.m. on the day of the election provided that the office of the general registrar is open for the receipt of absentee ballots until the central absentee voter precinct is open and that the officers of election for the central absentee voter precinct obtain the absentee ballots returned to the general registrar's office for the purpose of counting the absentee ballots at the central absentee voter precinct and provided further that the central absentee voter precinct is the same location as the office of the general registrar.

§ 24.2-945.2. Persons required to file independent expenditure disclosure reports; filing deadline.
A. B. Independent expenditure reports shall be due (i) within 24 hours of the time when the funds were expended or (ii) within 24 hours of the time when materials, as described in subsection A of this section, are published or broadcast to the public, whichever (i) or (ii) first occurs. C. Independent expenditure reports required by this section may be filed electronically pursuant to § 24.2-946.1 or in writing on a form developed by the State Board. If the report is filed in writing, the report shall be (i) received by the State Board or the local electoral board general registrar, as appropriate, within 24 hours of the time when the funds were expended or (ii) transmitted to the State Board or the local electoral board general registrar, as appropriate, by telephonic transmission to a facsimile device within 24 hours of the time when the funds were expended with an original copy of the report mailed to the State Board or the local electoral board general registrar, as appropriate, and postmarked within 24 hours of the time when the funds were expended.

§ 24.2-946.2. Custody of reports; inspection and copying; exception for certain information.
A. All campaign finance reports required to be filed under this chapter shall be open to inspection by any person during the business hours of the office in which they are filed. Copies shall be produced for any person requesting them who shall pay the reasonable cost of the copies. Copies of such reports certified by the principal administrative officer in whose office they are kept shall be evidence in all courts to the same extent as the original report would be if produced and proved.

B. Upon request from an individual granted protected voter status under the provisions of subsection B of § 24.2-418, the State Board shall forward the reports it preserves to The Library of Virginia for preservation under the Virginia Public Records Act (§ 42.1-76 et seq.).

The State Board shall report to the attorney for the Commonwealth of the City of Richmond in the case of reporting requirements for campaign committees for statewide office and to the attorney for the Commonwealth of the county or city of the residence of a candidate for the General Assembly. For political committees, the State Board shall report the violation to the attorney for the Commonwealth of the City of Richmond. If all the officers of a political committee are residents of one county or city as shown on the statement of organization required by this chapter, the State Board shall report violations for that political committee to the attorney for the Commonwealth of that county or city.

B. It shall be the duty of the local electoral board general registrar of a county or city to report any violation of the provisions of this chapter relating to the filing of campaign finance reports required to be filed with the local electoral board general registrar to the attorney for the Commonwealth for the county or city in which the local electoral board general registrar has jurisdiction.

C. In order to fulfill the duty to report violations pursuant to subsections A and B, the Board shall establish and implement a system for receiving, cataloging, and reviewing reports filed pursuant to the provisions of this chapter and for verifying that reports are complete and submitted on time. As part of the system referred to in this subsection, the general registrar for each county and city, or the secretary of the electoral board in any county or city in which the electoral board chooses to perform the duties stated in this subsection, shall be required, in accordance with instructions provided by the Board, to receive, catalog, and review the reports filed with the local electoral board general registrar and to verify that the reports are complete and submitted on time.

D. The State Board, and the general registrar or secretary of the electoral board in accordance with the instructions of the State Board, (i) shall assess and collect the civil penalties provided in Article 8 (§ 24.2-953 et seq.) and (ii) if unable to collect the penalty, shall report the violation to the appropriate attorney for the Commonwealth for enforcement.

E. The State Board, or the general registrar or secretary of the electoral board in accordance with the instructions of the State Board, shall notify, no later than 21 days after the report due date, any person submitting an incomplete report of the need for additional information. The State Board, or the general registrar or secretary of the electoral board in accordance with the instructions of the State Board, may request additional information to correct obvious mathematical errors and to fulfill the requirements for information on the reports.

F. Upon notice of a violation of this chapter, the State Board or the general registrar or local electoral board, as appropriate, shall within 90 days of the report deadline notify the appropriate attorney for the Commonwealth, who shall initiate civil proceedings to enforce the civil penalties assessed by the State Board or the local electoral board general registrar as provided herein. Any civil penalties collected pursuant to action by the State Board shall be payable to the State Treasurer for deposit to the general fund, and any civil penalties collected pursuant to action by a general registrar or local electoral board shall be payable to the treasurer of the locality for deposit to its general fund.

G. In the case of any political committee that is required to file a statement of organization pursuant to this chapter, the State Board shall be authorized to waive a penalty that has been assessed if the filer demonstrates that there exists good cause to waive the penalty.

H. The State Board shall notify the public through its official Internet website of any violation based on the failure to file a required report by a candidate for statewide office or the General Assembly and the identity of the violator.

I. The State Board shall determine the schedule of civil penalties required to be followed by its staff and local electoral boards general registrar in assessing penalties under this chapter. No election official or staff may waive or reduce such penalties, except as provided in § 24.2-946.4.

B. Notwithstanding any other provision of law, any candidate or treasurer required to file a report pursuant to this chapter shall be entitled to a 72-hour extension of the filing deadline if his spouse, parent, grandparent, child, grandchild, or sibling died within the 72 hours before the deadline. The State Board or the local electoral board general registrar shall be authorized to grant an extension of the filing deadline for a period not to exceed five days for good cause shown by the filer and found by the Board or board registrar sufficient to justify the granting of the extension.

C. The Commissioner of Elections shall have additional authority to extend a deadline established in this chapter for filing reports in emergency situations that interfere with the timely filing of reports. The extension shall be limited in scope to the areas and times affected by the emergency. The provisions of this subsection shall be applicable only in the case of an emergency declared by the Governor pursuant to Chapter 3.2 (§ 44-146.13 et seq.) of Title 44 or declared by the President of the United States and confirmed by the Governor by executive order as an emergency for the purposes of this subsection.

D. The Commissioner of Elections shall have additional authority to extend a deadline established in this chapter for filing reports for a reasonable period for a candidate who serves as his own campaign treasurer and who is a member of a uniformed service of the United States called to active duty during a reporting period.

E. The State Board shall have authority to extend any deadline applicable to reports required to be filed by computer or electronic means in the event of a failure of the computer or electronic filing system that prevents timely filing. § 24.2-946.5. Dormant committees.
A. A candidate campaign committee file shall not be closed if the candidate has filed a report with the Board or board registrar for any campaign for any office within the prior five years. A political committee file shall not be closed if the committee has filed a report within the prior five years.

B. Once the committee's file has been closed, no more reports will be due and no additional penalties for failure to file will accrue. However, if the whereabouts of the candidate or his campaign treasurer, or in the case of any political committee, the treasurer or custodian of the books of the committee, later becomes known to the Board or board registrar, it may reopen the file and send notice to the candidate, or in the case of any political committee, the treasurer or custodian of the books of the committee, requesting that he file the appropriate reports and pay any penalties that were levied before the file was closed by it.

§ 24.2-947.1. Statement of organization.

shall be finally determined, at which delegates are chosen who are pledged to support a specified candidate on at least one
ballot at a subsequent district or state convention required as part of the nominating process.

D. No report shall be required pursuant to subsection C if the candidate is or has become, by virtue of the withdrawal of
any opponent or the operation of the rules and procedures of the party, unopposed for nomination at the time such report
otherwise would be required to be made.

§ 24.2-948.1. Exemption from reporting requirements for certain candidates for local office.
A. This section shall apply to candidates for local office. A candidate for local office may seek an exemption from the
requirements for filing campaign finance disclosure reports set out in this chapter except for the filing requirements of
§§ 24.2-945.2, 24.2-947.1, 24.2-947.9, and 24.2-948.4 pertaining to certain independent expenditures, the statement of
organization, large contributions, and the filing of a final report. The request for an exemption shall be filed with the
electoral board general registrar of the county or city where the candidate resides on a form prescribed by the State Board
and in accordance with instructions by the State Board for the time for filing and the process for approval by the electoral
board general registrar.

B. To qualify for an exemption, the candidate shall certify on the form that (i) he has not and will not solicit or accept

contribute to his own campaign more than $1,000, (iii) he has not and will not expend more than $1,000 in the course of his
campaign, and (iv) that he has complied and will comply with the requirements of this chapter. This certification shall apply
for the duration of the campaign until the filing of a final report in compliance with § 24.2-948.4 after the election. A
candidate may rescind his certification and exemption at any time during the campaign and shall file in accordance with the
appropriate filing schedule thereafter, provided that the candidate rescinds his certification prior to engaging in the activities
described in clauses (i), (ii), and (iii) of this subsection. The first report filed shall account for all prior contributions and
expenditures pertaining to his campaign.

C. Any candidate who has qualified for an exemption from reporting requirements pursuant to this section shall not be
permitted to qualify for any office, enter upon the duties thereof, or receive any salary or emoluments therefrom until a final
report has been filed that details all financial activity of the candidate's campaign and states that all reporting for the
nomination and election is complete and final. No officer authorized by the laws of the Commonwealth to issue certificates
of election shall issue one to any person determined to be elected to any such office, until copies of the final report cited
above have been filed as required in this chapter.

D. A candidate who has a current exemption under the provisions of this section, or who is otherwise exempt from
reporting contributions and expenditures under this chapter, may purchase voter lists from the State Board under the
provisions of §§ 24.2-405 and 24.2-406 with a check drawn on the candidate's personal account.
§ 24.2-948.3. Compliance with reporting requirements of campaign finance disclosure act as requirement of candidacy for certain offices.

A. It shall be a requirement of candidacy in any election for statewide office or the General Assembly that the candidate shall have filed the disclosure reports required by this chapter for any election in which he participated as a candidate for any such office and which was held within the five years preceding the date of the election in which he seeks to be a candidate. For the purposes of this section, the candidate shall be presumed to have complied with the candidate disclosure reporting requirements unless (i) the State Board or local electoral board general registrar, whichever is appropriate, has notified the candidate, at least 60 days prior to the applicable deadline for him to file his written statement of qualification set out in § 24.2-503, that he has failed to file a required report or reports and (ii) the candidate fails to file the specified report or reports by the applicable deadline for filing his written statement of qualification.

B. The authority of the State Board to grant an extension of the deadline established in § 24.2-503 shall include the authority to grant such extension with respect to the requirements of this section.

§ 24.2-950.8. With whom political party committees file reports.

A. Except as provided in subsection B, a political party committee that is required by this chapter to file reports with the State Board, and that accepts contributions or makes expenditures in excess of $10,000 in any calendar year, or that accepted contributions or made expenditures in excess of $10,000 in the previous calendar year, shall file its reports with the State Board by computer or electronic means in accordance with the standards approved by the State Board until such time as the political party committee files a final report. Any political party committee that has been filing electronically, but does not anticipate accepting contributions or making expenditures in excess of $10,000 in the upcoming calendar year, may sign a waiver, on a form prescribed by the State Board, to exempt the committee from the electronic filing requirement for the calendar year. Such waiver form shall be submitted and received no later than the date the first report is due covering activity for that calendar year.

B. A county, city, or local district political party committee shall not be required to file by computer or electronic means if it files its reports with the electoral board general registrar of that county or city.

C. Other political party committees required to file reports by this article shall file all campaign finance reports with the State Board, if filing by electronic means, or with the State Board and the local electoral board general registrar for its jurisdiction if filing campaign finance reports by nonelectronic means.

§ 24.2-953. General provisions.

A. The procedures to enforce the provisions of this article are found in § 24.2-946.3.

B. Either the failure to file any statement or report or the late filing of any statement or report required by this chapter shall constitute a violation of this chapter subject to the penalties provided in this article.

C. Any person who violates, or aids, abets, or participates in the violation of, this chapter shall be subject to a civil penalty not to exceed $100, unless a greater penalty is imposed by this article.

D. In the case of a willful violation, the violator shall be guilty of a Class 1 misdemeanor. There shall be a rebuttable presumption that the violation of this chapter was willful if the violation is based on a person's failure to file a report required by this chapter and his failure to file continues for more than 60 days following his actual receipt of written notice of his failure to file sent to him by certified mail, return receipt requested, by the State Board or an electoral board a general registrar. Such notice shall be sent to the most recent mailing address provided by the candidate or committee.

E. In the case of a failure to file a required statement or report by the specified deadline, the length of the delinquency shall be a factor in determining the amount of the civil penalty assessed.

F. The statute of limitations applicable to a violation of this chapter is stated in § 19.2-8.

G. The requirements of this chapter for the filing of timely and complete statements and reports by any candidate campaign committee or political committee shall at all times remain in full force and effect and shall not be vacated, suspended, or modified as the result of any pending or completed criminal or civil investigation of the candidate campaign committee, the political committee, or any individual participant in the committee.

§ 24.2-953.3. Incomplete reports.

A. In the case of a violation of this chapter that relates to the filing of an incomplete report, the violator shall be subject to a civil penalty not to exceed $500 unless a greater penalty is imposed pursuant to this section. However the civil penalty shall in no case exceed $500 unless the total of the filer's reportable contributions or the total of the filer's reportable expenditures is $10,000 or more.

B. Prior to assessing a penalty pursuant to this section for the filing of an incomplete report, the Commissioner of Elections or the general registrar or secretary of the local electoral board, as appropriate, shall notify, by certified mail, the candidate and treasurer, or person or political committee required to file a report with that board, that a filed report has not been completed, citing the omissions from the report. No penalty shall be assessed if the information required to complete the report is filed within 10 days of the date of mailing the written notice.

C. If the information required to complete the report is not filed within the 10-day period, the Commissioner of Elections or the general registrar or secretary of the local electoral board, as appropriate, shall then assess against the candidate and treasurer, who shall be jointly and severally liable, or person or political committee required to file a report, a civil penalty not to exceed $500. The Commissioner of Elections or the general registrar or secretary of the local electoral board, as appropriate, shall consider the following factors in determining the civil penalty assessed: the number of omissions, the amount of money involved, and the proportion of contributions or expenditures containing omissions.
D. The Commissioner of Elections or the general registrar or secretary of the local electoral board may grant an additional period for compliance, not to exceed two weeks, to permit the completion of a filed report for good cause shown and in response to a request filed within the 10-day period. However, no additional period shall be granted thereafter for compliance.

E. The civil penalty assessed for filing an incomplete report shall be increased by $500 every 60 days following the date for compliance established pursuant to this section and until compliance is complete. If the failure to comply continues for more than 120 days following the date for compliance established pursuant to this section, there shall be a rebuttable presumption that the violation was willful, and the matter shall be forwarded to the appropriate attorney for the Commonwealth.

F. The civil penalty assessed for filing any subsequent incomplete report (i) that is filed more than 20 days after notice has been given of a violation or (ii) that is filed during the 60 days prior to the elections for which the person is a candidate shall be $1,000.

G. The State Board shall notify the public through its official Internet website of a failure to file a complete report by a candidate for statewide office or the General Assembly and the identity of the violator following the date for compliance established pursuant to this section.

requirements of this section shall apply to all insurance policies, subscription contracts, and health care plans
delivered, issued for delivery, reissued, or extended on or after January 1, 2012, and to all such policies, contracts, or plans
to which a term is changed or any premium adjustment is made on or after such date.

Any coverage required pursuant to this section shall be in addition to the coverage required by § 38.2-3418.5 and
other provisions of law. This section shall not be construed as diminishing any coverage required by § 38.2-3412.1. This section shall not be construed as affecting any obligation to provide services to an individual under an
individualized family service plan, an individualized education program, or an individualized service plan.

Pursuant to the provisions of § 2.2-2818.2, this section shall apply to health coverage offered to state employees pursuant to § 2.2-2818 and to health insurance coverage offered to employees of local governments, local officials, teachers, and retirees, and the dependents of such employees, teachers, and retirees pursuant to § 2.2-1204.

rendering an actuarial opinion related to health insurance rate making, certifies in writing to the Commissioner of Insurance
that:

(1) Based on an analysis to be completed no more frequently than one time per year by each insurer, corporation, or
health maintenance organization, or such governmental entity, for the most recent experience period of at least one year's
duration, the costs associated with coverage of behavioral health treatment required under this section, and not covered as of
December 31, 2011, exceeded one percent of the premiums charged over the experience period by the insurer, corporation,
or health maintenance organization; and

(2) Those costs solely would lead to an increase in average premiums charged of more than one percent for all
insurance policies, subscription contracts, or health care plans commencing on inception or the next renewal date, based on
the premium rating methodology and practices the insurer, corporation, or health maintenance organization, or such
governmental entity, employs; and

b. The Commissioner approves the certification of the actuary;
2. An exemption allowed under subdivision 1 shall apply for a one-year coverage period following inception or next renewal date of all insurance policies, subscription contracts, or health care plans issued or renewed during the one-year period following the date of the exemption, after which the insurer, corporation, or health maintenance organization, or such governmental entity, shall again provide coverage for behavioral health treatment required under this section;

3. An insurer, corporation, or health maintenance organization, or such governmental entity, may claim an exemption for a subsequent year, but only if the conditions specified in subdivision 1 again are met; and

4. Notwithstanding the exemption allowed under subdivision 1, an insurer, corporation, or health maintenance organization, or such a governmental entity, may elect to continue to provide coverage for behavioral health treatment required under this section.

K. Coverage for applied behavior analysis under this section will be subject to an annual maximum benefit of $35,000, unless the insurer, corporation, or health maintenance organization elects to provide coverage in a greater amount.

L. As of January 1, 2014, to the extent that this section requires benefits that exceed the essential health benefits specified under § 1302(b) of the federal Patient Protection and Affordable Care Act (H.R. 3590), as amended (the ACA), the specific benefits that exceed the specified essential health benefits shall not be required of a qualified health plan when the plan is offered in the Commonwealth by a health carrier through a health benefit exchange established under § 1311 of the ACA. Nothing in this subsection shall nullify application of this section to plans offered outside such an exchange.

§ 38.2-4300. Definitions.

As used in this chapter:

"Acceptable securities" means securities that (i) are legal investments under the laws of the Commonwealth for public sinking funds or for other public funds, (ii) are not in default as to principal or interest, (iii) have a current market value of not less than $50,000 nor more than $500,000, and (iv) are issued pursuant to a system of book-entry evidencing ownership interests of the securities with transfers of ownership effected on the records of the depository and its participants pursuant to rules and procedures established by the depository.

"Basic health care services" means in and out-of-area emergency services, inpatient hospital and physician care, outpatient medical services, laboratory and radiologic services, mental health and substance use disorder benefits, and preventive health services. "Basic health care services shall also mean limited treatment of mental illness and substance abuse in accordance with such minimum standards as may be prescribed by the Commission which shall not exceed the level of services mandated for insurance carriers pursuant to Chapter 34 (§ 38.2-3400 et seq.) of this title. In the case of a health maintenance organization that has contracted with the Commonwealth to furnish basic health services to recipients of medical assistance under Title XIX of the United States Social Security Act pursuant to § 38.2-4320, the basic health services to be provided by the health maintenance organization to program recipients may differ from the basic health services required by this section to the extent necessary to meet the benefit standards prescribed by the state plan for medical assistance services authorized pursuant to § 32.1-325.

"Copayment" means an amount an enrollee is required to pay in order to receive a specific health care service.

"Deductible" means an amount an enrollee is required to pay out-of-pocket before the health care plan begins to pay the costs associated with health care services.

"Emergency services" means those health care services that are rendered by affiliated or nonaffiliated providers after the sudden onset of a medical condition that manifests itself by symptoms of sufficient severity, including severe pain, that the absence of immediate medical attention could reasonably be expected by a prudent layperson who possesses an average knowledge of health and medicine to result in (i) serious jeopardy to the mental or physical health of the individual, (ii) danger of serious impairment of the individual's bodily functions, (iii) serious dysfunction of any of the individual's bodily organs, or (iv) in the case of a pregnant woman, serious jeopardy to the health of the fetus. Emergency services provided within the plan's service area shall include covered health care services from nonaffiliated providers only when delay in receiving care from a provider affiliated with the health maintenance organization could reasonably be expected to cause the enrollee's condition to worsen if left unattended.

"Enrollee" or "member" means an individual who is enrolled in a health care plan.

"Evidence of coverage" means any certificate or individual or group agreement or contract issued in conjunction with the certificate, agreement or contract, issued to a subscriber setting out the coverage and other rights to which an enrollee is entitled.

"Excess insurance" or "stop loss insurance" means insurance issued to a health maintenance organization by an insurer licensed in the Commonwealth, on a form approved by the Commission, or a risk assumption transaction acceptable to the Commission, providing indemnity or reimbursement against the cost of health care services provided by the health maintenance organization.

"Health care plan" means any arrangement in which any person undertakes to provide, arrange for, pay for, or reimburse any part of the cost of any health care services. A significant part of the arrangement shall consist of arranging for or providing health care services, including emergency services and services rendered by nonparticipating referral providers, as distinguished from mere indemnification against the cost of the services, on a prepaid basis. For purposes of this section, a significant part shall mean at least 90 percent of total costs of health care services.

"Health care services" means the furnishing of services to any individual for the purpose of preventing, alleviating, curing, or healing human illness, injury, or physical disability.
"Health maintenance organization" means any person who undertakes to provide or arrange for one or more health care plans.

"Limited health care services" means dental care services, vision care services, mental health services, substance abuse services, pharmaceutical services, and such other services as may be determined by the Commission to be limited health care services. Limited health care services shall not include hospital, medical, surgical, or emergency services except as such services are provided incident to the limited health care services set forth in the preceding sentence.

"Net worth" or "capital and surplus" means the excess of total admitted assets over the total liabilities of the health maintenance organization, provided that surplus notes shall be reported and accounted for in accordance with guidance set forth in the National Association of Insurance Commissioners (NAIC) accounting practice and procedures manuals.

"Nonparticipating referral provider" means a provider who is not a participating provider but with whom a health maintenance organization has arranged, through referral by its participating providers, to provide health care services to enrollees. Payment or reimbursement by a health maintenance organization for health care services provided by nonparticipating referral providers may exceed five percent of total costs of health care services, only to the extent that any such excess payment or reimbursement over five percent shall be combined with the costs for services which represent mere indemnification, with the combined amount subject to the combination of limitations set forth in this definition and in this section's definition of health care plan.

"Participating provider" means a provider who has agreed to provide health care services to enrollees and to hold those enrollees harmless from payment with an expectation of receiving payment, other than copayments or deductibles, directly or indirectly from the health maintenance organization.

"Provider" or "health care provider" means any physician, hospital, or other person that is licensed or otherwise authorized in the Commonwealth to furnish health care services.

"Subscriber" means a contract holder, an individual enrollee, or the enrollee in an enrolled family who is responsible for payment to the health maintenance organization or on whose behalf such payment is made.

CHAPTER 650

An Act to amend and reenact § 38.2-3418.17 of the Code of Virginia, relating to health insurance; coverage for autism spectrum disorder:

Approved March 26, 2015

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-3418.17 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-3418.17. Coverage for autism spectrum disorder.

A. Notwithstanding the provisions of § 38.2-3419 and any other provision of law, each insurer proposing to issue group accident and sickness insurance policies providing hospital, medical and surgical, or major medical coverage on an expense-incurred basis; each corporation providing group accident and sickness subscription contracts; and each health maintenance organization providing a health care plan for health care services shall, as provided in this section, provide coverage for the diagnosis of autism spectrum disorder and the treatment of autism spectrum disorder, in individuals (i) from January 1, 2012, until January 1, 2016, from age two years through age six years and (ii) from and after January 1, 2016, from age two years through age 10 years, subject to the annual maximum benefit limitation set forth in subsection K and to provisions of subsection G. If an individual who is being treated for autism spectrum disorder becomes seven years of age or older than the applicable maximum age set forth in the preceding sentence and continues to need treatment, this section does not preclude coverage of treatment and services. In addition to the requirements imposed on health insurance issuers by § 38.2-3436, an insurer shall not terminate coverage or refuse to deliver, issue, amend, adjust, or renew coverage of an individual solely because the individual is diagnosed with autism spectrum disorder or has received treatment for autism spectrum disorder.

B. For purposes of this section:

"Diagnosis of autism spectrum disorder" means medically necessary assessments, evaluations, or tests to diagnose whether an individual has an autism spectrum disorder.

"Medically necessary" means based upon evidence and reasonably expected to do any of the following: (i) prevent the onset of an illness, condition, injury, or disability; (ii) reduce or ameliorate the physical, mental, or developmental effects of an illness, condition, injury, or disability; or (iii) assist to achieve or maintain maximum functional capacity in performing daily activities, taking into account both the functional capacity of the individual and the functional capacities that are appropriate for individuals of the same age.

"Pharmacy care" means medications prescribed by a licensed physician and any health-related services deemed medically necessary to determine the need or effectiveness of the medications.

The prescribing practitioner shall be independent of the provider of applied behavior analysis.

"Treatment plan" means a plan for the treatment of autism spectrum disorder developed by a licensed physician or a licensed psychologist pursuant to a comprehensive evaluation or reevaluation performed in a manner consistent with the most recent clinical report or recommendation of the American Academy of Pediatrics or the American Academy of Child and Adolescent Psychiatry.

C. Except for inpatient services, if an individual is receiving treatment for an autism spectrum disorder, an insurer, corporation, or health maintenance organization shall have the right to request a review of that treatment, including an independent review, not more than once every 12 months unless the insurer, corporation, or health maintenance organization and the individual's licensed physician or licensed psychologist agree that a more frequent review is necessary. The cost of obtaining any review, including an independent review, shall be covered under the policy, contract, or plan.

D. Coverage under this section will not be subject to any visit limits, and shall be neither different nor separate from coverage for any other illness, condition, or disorder for purposes of determining deductibles, lifetime dollar limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayment and coinsurance factors.

E. Nothing shall preclude the undertaking of usual and customary procedures, including prior authorization, to determine the appropriateness of, and medical necessity for, treatment of autism spectrum disorder under this section, provided that all such appropriateness and medical necessity determinations are made in the same manner as those determinations are made for the treatment of any other illness, condition, or disorder covered by such policy, contract, or plan.

F. The provisions of this section shall not apply to (i) short-term travel, accident only, limited, or specified disease policies; (ii) short-term nonrenewable policies of not more than six months' duration; (iii) policies, contracts, or plans issued in the individual market or small group markets to employers with 50 or fewer employees; or (iv) policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under state or federal governmental plans.

G. The requirements of this section requiring that coverage be provided with regard to individuals from age two years through age six years shall apply to all insurance policies, subscription contracts, and health care plans delivered, issued for delivery, reissued, or extended on or after January 1, 2012, but prior to January 1, 2016, and the requirements of this section requiring that coverage be provided with regard to individuals from age two years through age 10 years shall apply to all insurance policies, subscription contracts, and health care plans delivered, issued for delivery, reissued, or extended on or after January 1, 2016, and to all such policies, contracts, or plans to which a term is changed or any premium adjustment is made on or after such date.

H. Any coverage required pursuant to this section shall be in addition to the coverage required by § 38.2-3418.5 and other provisions of law. This section shall not be construed as diminishing any coverage required by § 38.2-3412.1:01. This section shall not be construed as affecting any obligation to provide services to an individual under an individualized family service plan, an individualized education program, or an individualized service plan.

I. Pursuant to the provisions of § 2.2-2818, this section shall apply to health coverage offered to state employees pursuant to § 2.2-2818 and to health insurance coverage offered to employees of local governments, local officers, teachers, and retirees, and the dependents of such employees, teachers, and retirees pursuant to § 2.2-1204.

J. Notwithstanding any provision of this section to the contrary:

1. An insurer, corporation, or health maintenance organization, or a governmental entity providing coverage for such treatment pursuant to subsection L, is exempt from providing coverage for behavioral health treatment required under this section and not covered by the insurer, corporation, health maintenance organization, or governmental entity providing coverage for such treatment pursuant to subsection I as of December 31, 2011, if:
   a. An actuary, affiliated with the insurer, corporation, or health maintenance organization, who is a member of the American Academy of Actuaries and meets the American Academy of Actuaries' professional qualification standards for rendering an actuarial opinion related to health insurance rate making, certifies in writing to the Commissioner of Insurance that:
      (1) Based on an analysis to be completed no more frequently than one time per year by each insurer, corporation, or health maintenance organization, or such governmental entity, for the most recent experience period of at least one year's duration, the costs associated with coverage of behavioral health treatment required under this section, and not covered as of December 31, 2011, exceeded one percent of the premiums charged over the experience period by the insurer, corporation, or health maintenance organization; and
      (2) Those costs solely would lead to an increase in average premiums charged of more than one percent for all insurance policies, subscription contracts, or health care plans commencing on inception or the next renewal date, based on the premium rating methodology and practices the insurer, corporation, or health maintenance organization, or such governmental entity, employs; and
   b. The Commissioner approves the certification of the actuary;
2. An exemption allowed under subdivision 1 shall apply for a one-year coverage period following inception or next renewal date of all insurance policies, subscription contracts, or health care plans issued or renewed during the one-year period following the date of the exemption, after which the insurer, corporation, or health maintenance organization, or such governmental entity, shall again provide coverage for behavioral health treatment required under this section;

3. An insurer, corporation, or health maintenance organization, or such governmental entity, may claim an exemption for a subsequent year, but only if the conditions specified in subdivision 1 again are met; and

4. Notwithstanding the exemption allowed under subdivision 1, an insurer, corporation, or health maintenance organization, or such a governmental entity, may elect to continue to provide coverage for behavioral health treatment required under this section.

K. Coverage for applied behavior analysis under this section will be subject to an annual maximum benefit of $35,000, unless the insurer, corporation, or health maintenance organization elects to provide coverage in a greater amount.

L. As of January 1, 2014, to the extent that this section requires benefits that exceed the essential health benefits specified under § 1302(b) of the federal Patient Protection and Affordable Care Act (H.R. 3590), as amended (the ACA), the specific benefits that exceed the specified essential health benefits shall not be required of a qualified health plan when the plan is offered in the Commonwealth by a health carrier through a health benefit exchange established under § 1311 of the ACA. Nothing in this subsection shall nullify application of this section to plans offered outside such an exchange.

An Act to amend the Code of Virginia by adding a section numbered 32.1-325.001, relating to medical assistance; asset verification; financial institutions to provide certain records.

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 32.1-325.001 as follows:

§ 32.1-325.001. Asset verification for applicants and recipients of medical assistance; financial institutions to disclose certain records.

A. As used in this section:

"Act" means the federal Right to Financial Privacy Act (12 U.S.C. § 3401 et seq.).

"Electronic financial record matching program" means a financial record matching program to be operated by the Department, or its agent, for the purpose of verifying assets of applicants, recipients, and other individuals with respect to eligibility for medical assistance services.

"Financial institution" shall have the same meaning as set forth in § 6.2-100.

"Financial record" means an original or copy of a record held by a financial institution pertaining to a customer's relationship with the financial institution or information known to have been derived from such record.

"Individual for whom a resource test is required" means an individual who is age 65 or older, or who has been determined to be blind or disabled by the Social Security Administration, or who meets the level of care for receipt of long-term care services or supports, or a spouse of any such individual, whose resources must be considered in determining eligibility for medical assistance.

B. The Department shall establish an electronic asset verification program for the purpose of verifying the assets of applicants for and recipients of medical assistance for whom a resource test is required to determine eligibility for medical assistance, in accordance with the requirements of 42 U.S.C. § 1396w. Such asset verification program shall consist of electronic financial record matching with financial institutions in the Commonwealth. The Department shall have in place a process for the acceptance of nonelectronic information transfer in cases in which the Department determines such accommodation is justified.

C. When the Department determines that financial records of an individual for whom a resource test is required are required in connection with a determination or redetermination of eligibility for medical assistance or the amount of medical assistance, the Department or its agent may request financial records of the individual from a financial institution. A financial institution doing business in the Commonwealth may provide financial records of an individual for whom a resource test is required to the Department, or its agent, upon receipt of such request.

D. An individual for whom a resource test is required shall provide the Department with authorization to verify assets in accordance with this section as part of the application process. The Department shall inform any person who provides authorization of the duration and scope of the authorization. Such authorization shall be deemed to meet the requirements of the federal Right to Financial Privacy Act for purposes of § 1103(a) (12 U.S.C. § 3413(a) of the Act), and notwithstanding the requirements of § 1104(a) (12 U.S.C. § 3404(a) of the Act), the Department shall not be required to furnish a copy of such authorization to a financial institution from which the Department or its agent is seeking financial records pursuant to this section. Certification requirements set forth in § 1103(a) (12 U.S.C. § 3413(a) of the Act) shall not apply to requests for financial records made by the Department for which the Department has obtained an authorization pursuant to this subsection. A request for financial records made by the Department, or its agent, in accordance with an authorization obtained in accordance with this subsection shall be deemed to meet the requirements of §§ 1102 and 1104(a)(5) (12 U.S.C. §§ 3402 and 3404(a)(5) of the Act), relating to a reasonable description of financial records.

Notwithstanding the requirements of § 1104(a)(1) (12 U.S.C. § 3404(a)(1) of the Act), such authorization shall remain effective until the earliest of:

1. The rendering of a final adverse decision regarding the applicant's eligibility for medical assistance under the state plan;
2. Such time as the recipient becomes ineligible for medical assistance under the state plan; or
3. The express revocation of the authorization by such individual in writing and submitted to the Department.

E. Failure or refusal of an individual to provide an authorization pursuant to subsection D, or revocation of an authorization provided pursuant to subsection D by an individual for whom a resource test is required, may constitute grounds for denial or revocation of eligibility for medical assistance under the state plan.

F. The electronic financial records matching program established by the Department or its agent pursuant to this section shall:

1. Use electronic data exchanges, not to include facsimile transmissions;
2. Enable the Department to receive historical account information up to 60 months retrospectively from the date of the application for, or redetermination of eligibility for, medical assistance; and
3. Require financial institutions that choose to participate to respond to requests for information within a reasonable time, not to exceed 10 business days for requests for current account information and 30 calendar days for requests for historical account information.

G. Electronic asset verification pursuant to this section shall be subject to the cost reimbursement requirements of § 1115 (12 U.S.C. § 3415) of the Act and shall be performed at no cost to the applicant for or recipient of medical assistance. The Department, or its agent, shall reimburse financial institutions in an amount not to exceed reasonable costs incurred by the financial institution when complying with the requirements of this section.

H. Any data provided by a financial institution pursuant to this section shall be considered to be protected health information, as that term is defined in the federal Health Insurance Portability and Accountability Act (42 U.S.C. § 1320d et seq.), as amended. The Department shall not use such data for any purpose not related to the verification of assets for the purpose of determining eligibility for medical assistance. Subject to federal law, a financial institution shall be immune from civil or criminal liability for (i) any failure to disclose to any account holder or depositor that the name of the person has been received from the Department or that the financial institution in furnished financial records or information pertaining to the account holder or depositor to the Department pursuant to this section; (ii) any delays, errors, or omissions in conducting the data matches or in responding to other requests for records or information made pursuant to this section, when such delays, errors, or omissions result from circumstances beyond the control of the institution or from any unintentional, bona fide error, including but not limited to clerical or computer malfunction or programming; (iii) any disclosure to the Department, or to any authorized contractor or agents thereof, of any information, accounts, assets, financial records, or other information pursuant to this section; or (iv) any action or omission taken or omitted to be taken in good faith to comply with the requirements of this section.

2. That the provisions of this act shall expire on July 1, 2017.

CHAPTER 653

Approved March 26, 2015

1. That §§ 16.1-278.15, 20-60.3, 20-103, 20-107.2, and 20-124.2 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-278.15. Custody or visitation, child or spousal support generally.

A. In cases involving the custody, visitation or support of a child pursuant to subdivision A 3 of § 16.1-241, the court may make any order of disposition to protect the welfare of the child and family as may be made by the circuit court. The parties to any petition where a child whose custody, visitation, or support is contested shall show proof that they have attended within the 12 months prior to their court appearance or that they shall attend within 45 days thereafter an educational seminar or other like program conducted by a qualified person or organization approved by the court. The court may require the parties to attend such seminar or program in uncontested cases only if the court finds good cause. The seminar or other program shall be a minimum of four hours in length and shall address the effects of separation or divorce on children, parenting responsibilities, options for conflict resolution and financial responsibilities. Once a party has completed one educational seminar or other like program, the required completion of additional programs shall be at the court's discretion. Parties under this section shall include natural or adoptive parents of the child, or any person with a legitimate interest as defined in § 20-124.1. The fee charged a party for participation in such program shall be based on the party's ability to pay; however, no fee in excess of $50 may be charged. Whenever possible, before participating in mediation or alternative dispute resolution to address custody, visitation or support, each party shall have attended the educational seminar or other like program. The court may grant an exemption from attendance of such program for good cause shown or if there is no program reasonably available. Other than statements or admissions by a party admitting criminal activity or child abuse or neglect, no statement or admission by a party in such seminar or program shall be admissible into evidence in any subsequent proceeding. If support is ordered for a child, the order shall also provide that support will continue to be paid for a child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the parent seeking or receiving child support, until the child reaches the age of 19 or graduates from high school, whichever occurs first. The court may also order the continuation of that support be paid or continue to be paid for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii); (b) unable to live independently and support himself; and (c) resides residing in the home of the parent seeking or receiving child support.

B. In any case involving the custody or visitation of a child, the court may award custody upon petition to any party with a legitimate interest therein, including, but not limited to, grandparents, stepparents, former stepparents, blood relatives and family members. The term "legitimate interest" shall be broadly construed to accommodate the best interest of the child.
The authority of the juvenile court to consider a petition involving the custody of a child shall not be proscribed or limited where the custody of the child has previously been awarded to a local board of social services.

C. In any determination of support obligation under this section, the support obligation as it becomes due and unpaid creates a judgment by operation of law. Such judgment becomes a lien against real estate only when docketed in the county or city where such real estate is located. Nothing herein shall be construed to alter or amend the process of attachment of any lien on personal property.

D. Orders entered prior to July 1, 2008, shall not be deemed void or voidable solely because the petition or motion that resulted in the order was completed, signed and filed by a nonattorney employee of the Department of Social Services.

E. In cases involving charges for desertion, abandonment or failure to provide support by any person in violation of law, disposition shall be made in accordance with Chapter 5 (§ 20-61 et seq.) of Title 20.

F. In cases involving a spouse who seeks spousal support after having separated from his spouse, the court may enter any appropriate order to protect the welfare of the spouse seeking support.

G. In any case or proceeding involving the custody or visitation of a child, the court shall consider the best interest of the child, including the considerations for determining custody and visitation set forth in Chapter 6.1 (§ 20-124.1 et seq.) of Title 20.

H. In any proceeding before the court for custody or visitation of a child, the court may order a custody or a psychological evaluation of any parent, guardian, legal custodian or person standing in loco parentis to the child, if the court finds such evaluation would assist it in its determination. The court may enter such orders as it deems appropriate for the payment of the costs of the testing by the parties.

1. When deemed appropriate by the court in any custody or visitation matter, the court may order drug testing of any parent, guardian, legal custodian or person standing in loco parentis to the child. The court may enter such orders as it deems appropriate for the payment of the costs of the testing by the parties.

§ 20-60.3. Contents of support orders.

All orders directing the payment of spousal support where there are minor children whom the parties have a mutual duty to support and all orders directing the payment of child support, including those orders confirming separation agreements, entered on or after October 1, 1985, whether they are original orders or modifications of existing orders, shall contain the following:

1. Notice that support payments may be withheld as they become due pursuant to § 20-79.1 or § 20-79.2, from income as defined in § 63.2-1900, without further amendments of this order or having to file an application for services with the Department of Social Services; however, absence of such notice in an order entered prior to July 1, 1988, shall not bar withholding of support payments pursuant to § 20-79.1;

2. Notice that support payments may be withheld pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 without further amendments to the order upon application for services with the Department of Social Services; however, absence of such notice in an order entered prior to July 1, 1988, shall not bar withholding of support payments pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2;

3. The name, date of birth, and last four digits of the social security number of each child to whom a duty of support is then owed by the parent;

4. 5. Notice that, pursuant to § 20-124.2, support will continue to be paid for any child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the party seeking or receiving child support until such child reaches the age of 19 or graduates from high school, whichever occurs first, and that the court may also order the continuation of that support be paid or continue to be paid for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii); (b) unable to live independently and support himself; and (c) residing in the home of the parent seeking or receiving child support;

6. On and after July 1, 1994, notice that a petition may be filed for suspension of any license, certificate, registration or other authorization to engage in a profession, trade, business, occupation, or recreational activity issued by the Commonwealth to a parent as provided in § 63.2-1937 upon a delinquency for a period of 90 days or more or in an amount of $5,000 or more. The order shall indicate whether either or both parents currently hold such an authorization and, if so, the type of authorization held;

7. The monthly amount of support and the effective date of the order. In proceedings on initial petitions, the effective date shall be the date of filing of the petition; in modification proceedings, the effective date may be the date of notice to the responding party. The first monthly payment shall be due on the first day of the month following the hearing date and on the first day of each month thereafter. In addition, an amount shall be assessed for any full and partial months between the effective date of the order and the date that the first monthly payment is due. The assessment for the initial partial month shall be prorated from the effective date through the end of that month, based on the current monthly obligation;
8. a. An order for health care coverage, including the health insurance policy information, for dependent children pursuant to §§ 20-108.1 and 20-108.2 if available at reasonable cost as defined in § 63.2-1900, or a written statement that health care coverage is not available at a reasonable cost as defined in such section, and a statement as to whether there is an order for health care coverage for a spouse or former spouse; and

b. A statement as to whether cash medical support, as defined in § 63.2-1900, is to be paid by or reimbursed to a party pursuant to subsections D and G of § 20-108.2, and if such expenses are ordered, then the provisions governing how such payment is to be made;

12. If child support payments are ordered to be paid through the Department of Social Services, a provision requiring the party obligated to provide health care coverage to keep the Department of Social Services informed of any changes in the availability of the health care coverage for the minor child or children, or if payments are ordered to be paid directly to the obligee, a provision requiring the party obligated to provide health care coverage to keep the other party informed of any changes in the availability of the health care coverage for the minor child or children;

13. The separate amounts due to each person under the order, unless the court specifically orders a unitary award of child and spousal support due or the order affirms a separation agreement containing provision for such unitary award;

14. Notice that in determination of a support obligation, the support obligation as it becomes due and unpaid creates a judgment by operation of law. The order shall also provide, pursuant to § 20-78.2, for interest on the arrearage at the judgment rate as established by § 6.2-302 unless the obligee, in a writing submitted to the court, waives the collection of interest;

15. Notice that on and after July 1, 1994, the Department of Social Services may, pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 and in accordance with §§ 20-108.2 and 63.2-1921, initiate a review of the amount of support ordered by any court;

16. 17. Notice that, in cases enforced by the Department of Social Services, the Department of Motor Vehicles may suspend or refuse to renew the driver's license of any person upon receipt of notice from the Department of Social Services that the person (i) is delinquent in the payment of child support by 90 days or in an amount of $5,000 or more or (ii) has failed to comply with a subpoena, summons, or warrant relating to paternity or child support proceedings.

The provisions of this section shall not apply to divorce decrees where there are no minor children whom the parties have a mutual duty to support.

§ 20-103. Court may make orders pending suit for divorce, custody or visitation, etc.

A. In suits for divorce, annulment and separate maintenance, and in proceedings arising under subdivision A 3 or subsection L of § 16.1-241, the court having jurisdiction of the matter may, at any time pending a suit pursuant to this chapter, in the discretion of such court, make any order that may be proper (i) to compel a spouse to pay any sums necessary for the maintenance and support of the petitioning spouse, including (a) an order that the other spouse provide health care coverage for the petitioning spouse, unless it is shown that such coverage cannot be obtained, or (b) an order that a party pay secured or unsecured debts incurred jointly or by either party, (ii) to enable such spouse to carry on the suit, (iii) to prevent either spouse from imposing any restraint on the personal liberty of the other spouse, (iv) to provide for the custody and maintenance of the minor children of the parties, including an order that either party or both parties provide health care coverage or cash medical support, or both, for the children, (v) to provide support, calculated in accordance with § 20-108.2, for any child of the parties to whom a duty of support is owed and to continue to pay or continue to pay support for any child over the age of 18 who meets the requirements set forth in subsection C of § 20-124.2, for the exclusive use and possession of the family residence during the pendency of the suit, (vii) to preserve the estate of either spouse, so that it be forthcoming to meet any decree which may be made in the suit, (viii) to compel either spouse to give security to abide such decree, or (ix) (a) to compel a party to maintain any existing policy owned by that party insuring the life of either party or to require a party to name as a beneficiary of the policy the other party or an appropriate person for the exclusive use and benefit of the minor children of the parties and (b) to allocate the premium cost of such life insurance between the parties, provided that all premiums are billed to the policyholder. Nothing in clause (ix) shall be construed to create an independent cause of action on the part of any beneficiary against the insurer or to require an insurer to provide information relating to such policy to any person other than the policyholder without the written consent of the policyholder. The parties to any
petition where a child whose custody, visitation, or support is contested shall show proof that they have attended within the 12 months prior to their court appearance or that they shall attend within 45 days thereafter an educational seminar or other like program conducted by a qualified person or organization approved by the court except that the court may require the parties to attend such seminar or program in uncontested cases only if the court finds good cause. The seminar or other program shall be a minimum of four hours in length and shall address the effects of separation or divorce on children, parenting responsibilities, options for conflict resolution and financial responsibilities. Once a party has completed one educational seminar or other like program, the required completion of additional programs shall be at the court's discretion. Parties under this section shall include natural or adoptive parents of the child, or any person with a legitimate interest as defined in § 20-124.1. The fee charged a party for participation in such program shall be based on the party's ability to pay; however, no fee in excess of $50 may be charged. Whenever possible, before participating in mediation or alternative dispute resolution to address custody, visitation, or support, each party shall have attended the educational seminar or other like program. The court may grant an exemption from attendance of such program for good cause shown or if there is no program reasonably available. Other than statements or admissions by a party admitting criminal activity or child abuse, no statement or admission by a party in such seminar or program shall be admissible into evidence in any subsequent proceeding.

B. In addition to the terms provided in subsection A, upon a showing by a party of reasonable apprehension of physical harm to that party by such party's family or household member as that term is defined in § 16.1-228, and consistent with rules of the Supreme Court of Virginia, the court may enter an order excluding that party's family or household member from the jointly owned or jointly rented family dwelling. In any case where an order is entered under this paragraph, pursuant to an ex parte hearing, the order shall not exclude a family or household member from the family dwelling for a period in excess of 15 days from the date the order is served, in person, upon the person so excluded. The order may provide for an extension of time beyond the 15 days, to become effective automatically. The person served may at any time file a written motion in the clerk's office requesting a hearing to dissolve or modify the order. Nothing in this section shall be construed to prohibit the court from extending an order entered under this subsection for such longer period of time as is deemed appropriate, after a hearing on notice to the parties. If the party subject to the order fails to appear at this hearing, the court may extend the order for a period not to exceed six months.

C. In cases other than those for divorce in which a custody or visitation arrangement for a minor child is sought, the court may enter an order providing for custody, visitation or maintenance pending the suit as provided in subsection A. The order shall be directed to either parent or any person with a legitimate interest who is a party to the suit.

D. Orders entered pursuant to this section which provide for custody or visitation arrangements pending the suit shall be made in accordance with the standards set out in Chapter 6.1 (§ 20-124.1 et seq.). Orders entered pursuant to subsection B shall be certified by the clerk and forwarded as soon as possible to the local police department or sheriff's office which shall, on the date of receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia crime information network system established and maintained by the Department of State Police pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. If the order is later dissolved or modified, a copy of the dissolution or modification shall also be certified, forwarded and entered in the system as described above.

E. An order entered pursuant to this section shall have no presumptive effect and shall not be determinative when adjudicating the underlying cause.

§ 20-107.2. Court may decree as to custody and support of children.

Upon entry of a decree providing (i) for the dissolution of a marriage, (ii) for a divorce, whether from the bond of matrimony or from bed and board, (iii) that neither party is entitled to a divorce, or (iv) for separate maintenance, the court may make such further decree as it shall deem expedient concerning the (a) custody or visitation and support of the minor children of the parties as provided in Chapter 6.1 (§ 20-124.1 et seq.) of Title 20 or (b) support of a child over the age of 18 who meets the requirements set forth in subsection C of § 20-124.2, including an order that either party or both parties provide health care coverage or cash medical support, or both.

§ 20-124.2. Court-ordered custody and visitation arrangements.

A. In any case in which custody or visitation of minor children is at issue, whether in a circuit or district court, the court shall provide prompt adjudication, upon due consideration of all the facts, of custody and visitation arrangements, including support and maintenance for the children, prior to other considerations arising in the matter. The court may enter an order pending the suit as provided in § 20-103. The procedures for determining custody and visitation arrangements shall insofar as practical, and consistent with the ends of justice, preserve the dignity and resources of family members. Mediation shall be used as an alternative to litigation where appropriate. When mediation is used in custody and visitation matters, the goals may include development of a proposal addressing the child's residential schedule and care arrangements, and how disputes between the parents will be handled in the future.

B. In determining custody, the court shall give primary consideration to the best interests of the child. The court shall assure minor children of frequent and continuing contact with both parents, when appropriate, and encourage parents to share in the responsibilities of rearing their children. As between the parents, there shall be no presumption or inference of law in favor of either. The court shall give due regard to the primacy of the parent-child relationship but may upon a showing by clear and convincing evidence that the best interest of the child would be served thereby award custody or visitation to any other person with a legitimate interest. The court may award joint custody or sole custody.
C. The court may order that support be paid for any child of the parties. The court shall also order that support will continue to be paid for any child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the party seeking or receiving child support until such child reaches the age of 19 or graduates from high school, whichever first occurs. The court may also order the continuation of that support be paid or continue to be paid for any child over the age of 18 who is (i) (a) severely and permanently mentally or physically disabled, (ii) and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii); (b) unable to live independently and support himself, and (iii) resides (c) residing in the home of the parent seeking or receiving child support. In addition, the court may confirm a stipulation or agreement of the parties which extends a support obligation beyond when it would otherwise terminate as provided by law. The court shall have no authority to decree support of children payable by the estate of a deceased party. The court may make such further decree as it deems expedient concerning support of the minor children, including an order that either party or both parties provide health care coverage or cash medical support, or both.

D. In any case in which custody or visitation of minor children is at issue, whether in a circuit or district court, the court may order an independent mental health or psychological evaluation to assist the court in its determination of the best interests of the child. The court may enter such order as it deems appropriate for the payment of the costs of the evaluation by the parties.

E. The court shall have the continuing authority and jurisdiction to make any additional orders necessary to effectuate and enforce any order entered pursuant to this section or § 20-103 including the authority to punish as contempt of court any willful failure of a party to comply with the provisions of the order. A parent or other person having legal custody of a child may petition the court to enjoin and the court may enter an order to enjoin a parent of the child from filing a petition relating to custody and visitation of that child for any period of time up to 10 years if doing so is in the best interests of the child and such parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of another state, the United States, or any foreign jurisdiction which constitutes (i) murder or voluntary manslaughter, or a felony assault, attempt, conspiracy or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time the offense occurred, or the other parent of the child, or (ii) felony assault resulting in serious bodily injury, felony bodily wounding resulting in serious bodily injury, or felony sexual assault, if the victim of the offense was a child of a child with whom the parent resided at the time of the offense. When such a petition to enjoin the filing of a petition for custody and visitation is filed, the court shall appoint a guardian ad litem for the child pursuant to § 16.1-266.

2. That an individual denied support under § 16.1-278.15, 20-60.3, or 20-124.2 prior to July 1, 2015, who otherwise meets the requirements for support under this act, shall be eligible to petition the court for support under the provisions of this act. In such cases, liability shall be determined according to subsection B of § 20-108.1, and the date of the new petition shall be the date that the proceeding was commenced for purposes of subsection B of § 20-108.1.

CHAPTER 654

Approved March 26, 2015

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-278.15, 20-60.3, 20-103, 20-107.2, and 20-124.2 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-278.15. Custody or visitation, child or spousal support generally.

A. In cases involving the custody, visitation or support of a child pursuant to subdivision A 3 of § 16.1-241, the court may make any order of disposition to protect the welfare of the child and family as may be made by the circuit court. The parties to any petition where a child whose custody, visitation, or support is contested shall show proof that they have attended within the 12 months prior to their court appearance or that they shall attend within 45 days thereafter an educational seminar or other like program conducted by a qualified person or organization approved by the court. The court may require the parties to attend such seminar or program in uncontested cases only if the court finds good cause. The seminar or other program shall be a minimum of four hours in length and shall address the effects of separation or divorce on children, parenting responsibilities, options for conflict resolution and financial responsibilities. Once a party has completed one educational seminar or other like program, the required completion of additional programs shall be at the court's discretion. Parties under this section shall include natural or adoptive parents of the child, or any person with a legitimate interest as defined in § 20-124.1. The fee charged a party for participation in such program shall be based on the party's ability to pay; however, no fee in excess of $50 may be charged. Whenever possible, before participating in mediation or alternative dispute resolution to address custody, visitation or support, each party shall have attended the educational seminar or other like program. The court may grant an exemption from attendance of such program for good cause shown or if there is no program reasonably available. Other than statements or admissions by a party admitting criminal activity or child abuse or neglect, no statement or admission by a party in such seminar or program shall be
admissible into evidence in any subsequent proceeding. If support is ordered for a child, the order shall also provide that support will continue to be paid for a child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the parent seeking or receiving child support, until the child reaches the age of 19 or graduates from high school, whichever occurs first. The court may also order the continuation of that support be paid or continue to be paid for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii); (b) unable to live independently and support himself; and (c) resides residing in the home of the parent seeking or receiving child support.

B. In any case involving the custody or visitation of a child, the court may award custody upon petition to any party with a legitimate interest therein, including, but not limited to, grandparents, stepparents, former stepparents, blood relatives and family members. The term "legitimate interest" shall be broadly construed to accommodate the best interest of the child. The authority of the juvenile court to consider a petition involving the custody of a child shall not be proscribed or limited where the custody of the child has previously been awarded to a local board of social services.

C. In any determination of support obligation under this section, the support obligation as it becomes due and unpaid creates a judgment by operation of law. Such judgment becomes a lien against real estate only when docketed in the county or city where such real estate is located. Nothing herein shall be construed to alter or amend the process of attachment of any lien on personal property.

D. Orders entered prior to July 1, 2008, shall not be deemed void or voidable solely because the petition or motion that resulted in the order was completed, signed and filed by a nonattorney employee of the Department of Social Services.

E. In cases involving charges for desertion, abandonment or failure to provide support by any person in violation of law, disposition shall be made in accordance with Chapter 5 ($ 20-61 et seq.) of Title 20.

F. In cases involving a spouse who seeks spousal support after having separated from his spouse, the court may enter any appropriate order to protect the welfare of the spouse seeking support.

G. In any case or proceeding involving the custody or visitation of a child, the court shall consider the best interest of the child, including the considerations for determining custody and visitation set forth in Chapter 6.1 ($ 20-124.1 et seq.) of Title 20.

H. In any proceeding before the court for custody or visitation of a child, the court may order a custody or a psychological evaluation of any parent, guardian, legal custodian or person standing in loco parentis to the child, if the court finds such evaluation would assist it in its determination. The court may enter such orders as it deems appropriate for the payment of the costs of the evaluation by the parties.

I. When deemed appropriate by the court in any custody or visitation matter, the court may order drug testing of any parent, guardian, legal custodian or person standing in loco parentis to the child. The court may enter such orders as it deems appropriate for the payment of the costs of the testing by the parties.

§ 20-60.3. Contents of support orders.

All orders directing the payment of spousal support where there are minor children whom the parties have a mutual duty to support and all orders directing the payment of child support, including those orders confirming separation agreements, entered on or after October 1, 1985, whether they are original orders or modifications of existing orders, shall contain the following:

1. Notice that support payments may be withheld as they become due pursuant to § 20-79.1 or § 20-79.2, from income as defined in § 63.2-1900, without further amendments of this order or having to file an application for services with the Department of Social Services; however, absence of such notice in an order entered prior to July 1, 1988, shall not bar withholding of support payments pursuant to § 20-79.1;

2. Notice that support payments may be withheld pursuant to Chapter 19 ($ 63.2-1900 et seq.) of Title 63.2 without further amendments to the order upon application for services with the Department of Social Services; however, absence of such notice in an order entered prior to July 1, 1988, shall not bar withholding of support payments pursuant to Chapter 19 ($ 63.2-1900 et seq.) of Title 63.2;

3. The name, date of birth, and last four digits of the social security number of each child to whom a duty of support is then owed by the parent;

4. If known, the name, date of birth, and last four digits of the social security number of each parent of the child and, unless otherwise ordered, each parent's residential and, if different, mailing address, residential and employer telephone number, driver's license number, and the name and address of his or her employer; however, when a protective order has been issued or the court otherwise finds reason to believe that a party is at risk of physical or emotional harm from the other party, information other than the name of the party at risk shall not be included in the order;

5. Notice that, pursuant to § 20-124.2, support will continue to be paid for any child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the party seeking or receiving child support until such child reaches the age of 19 or graduates from high school, whichever occurs first, and that the court may also order the continuation of that support be paid or continue to be paid for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii); (b) unable to live independently and support himself; and (c) residing in the home of the parent seeking or receiving child support;
6. On and after July 1, 1994, notice that a petition may be filed for suspension of any license, certificate, registration or other authorization to engage in a profession, trade, business, occupation, or recreational activity issued by the Commonwealth to a parent as provided in § 63.2-1937 upon a delinquency for a period of 90 days or more or in an amount of $5,000 or more. The order shall indicate whether either or both parents currently hold such an authorization and, if so, the type of authorization held;

7. The monthly amount of support and the effective date of the order. In proceedings on initial petitions, the effective date shall be the date of filing of the petition; in modification proceedings, the effective date may be the date of notice to the responding party. The first monthly payment shall be due on the first day of the month following the hearing date and on the first day of each month thereafter. In addition, an amount shall be assessed for any full and partial months between the effective date of the order and the date that the first monthly payment is due. The assessment for the initial partial month shall be prorated from the effective date through the end of that month, based on the current monthly obligation;

8. a. An order for health care coverage, including the health insurance policy information, for dependent children pursuant to §§ 20-108.1 and 20-108.2 if available at reasonable cost as defined in § 63.2-1900, or a written statement that health care coverage is not available at a reasonable cost as defined in such section, and a statement as to whether there is an order for health care coverage for a spouse or former spouse; and

   b. A statement as to whether cash medical support, as defined in § 63.2-1900, is to be paid by or reimbursed to a party pursuant to subsections D and G of § 20-108.2, and if such expenses are ordered, then the provisions governing how such payment is to be made;

9. If support arrearages exist, (i) to whom an arrearage is owed and the amount of the arrearage, (ii) the period of time for which such arrearage is calculated, and (iii) a direction that all payments are to be credited to current support obligations first, with any payment in excess of the current obligation applied to arrearages;

10. If child support payments are ordered to be paid through the Department of Social Services or directly to the obligee, and unless the court for good cause shown orders otherwise, the parties shall give each other and the court and, when payments are to be made through the Department, the Department of Social Services at least 30 days' written notice, in advance, of any change of address and any change of telephone number within 30 days after the change;

11. If child support payments are ordered to be paid through the Department of Social Services, a provision requiring an obligor to keep the Department of Social Services informed of the name, address and telephone number of his current employer, or if payments are ordered to be paid directly to the obligee, a provision requiring an obligor to keep the court informed of the name, address and telephone number of his current employer;

12. If child support payments are ordered to be paid through the Department of Social Services, a provision requiring the party obligated to provide health care coverage to keep the Department of Social Services informed of any changes in the availability of the health care coverage for the minor child or children, or if payments are ordered to be paid directly to the obligee, a provision requiring the party obligated to provide health care coverage to keep the other party informed of any changes in the availability of the health care coverage for the minor child or children;

13. The separate amounts due to each person under the order, unless the court specifically orders a unitary award of child and spousal support due or the order affirms a separation agreement containing provision for such unitary award;

14. Notice that in determination of a support obligation, the support obligation as it becomes due and unpaid creates a judgment by operation of law. The order shall also provide, pursuant to § 20-78.2, for interest on the arrearage at the judgment rate as established by § 6.2-302 unless the obligee, in a writing submitted to the court, waives the collection of interest;

15. Notice that on and after July 1, 1994, the Department of Social Services may, pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 and in accordance with §§ 20-108.2 and 63.2-1921, initiate a review of the amount of support ordered by any court;

16. A statement that if any arrearages for child support, including interest or fees, exist at the time the youngest child included in the order emancipates, payments shall continue in the total amount due (current support plus amount applied toward arrearages) at the time of emancipation until all arrearages are paid; and

17. Notice that, in cases enforced by the Department of Social Services, the Department of Motor Vehicles may suspend or refuse to renew the driver's license of any person upon receipt of notice from the Department of Social Services that the person (i) is delinquent in the payment of child support by 90 days or in an amount of $5,000 or more or (ii) has failed to comply with a subpoena, summons, or warrant relating to paternity or child support proceedings.

The provisions of this section shall not apply to divorce decrees where there are no minor children whom the parties have a mutual duty to support.

§ 20-103. Court may make orders pending suit for divorce, custody or visitation, etc.

A. In suits for divorce, annulment and separate maintenance, and in proceedings arising under subdivision A 3 or subsection L of § 16.1-241, the court having jurisdiction of the matter may, at any time pending a suit pursuant to this chapter, in the discretion of such court, make any order that may be proper (i) to compel a spouse to pay any sums necessary for the maintenance and support of the petitioning spouse, including (a) an order that the other spouse provide health care coverage for the petitioning spouse, unless it is shown that such coverage cannot be obtained, or (b) an order that a party pay secured or unsecured debts incurred jointly or by either party, (ii) to enable such spouse to carry on the suit, (iii) to prevent either spouse from imposing any restraint on the personal liberty of the other spouse, (iv) to provide for the custody and maintenance of the minor children of the parties, including an order that either party or both parties provide health care
coverage or cash medical support, or both, for the children, (v) to provide support, calculated in accordance with § 20-108.2, for any child of the parties to whom a duty of support is owed and to continue to pay or continue to pay support for any child over the age of 18 who meets the requirements set forth in subsection C of § 20-124.2, (vi) for the exclusive use and possession of the family residence during the pendency of the suit, (vii) to preserve the estate of either spouse, so that it be forthcoming to meet any decree which may be made in the suit, (viii) to compel either spouse to give security to abide such decree, or (ix) (a) to compel a party to maintain any existing policy owned by that party insuring the life of either party or to require a party to name as a beneficiary of the policy the other party or an appropriate person for the exclusive use and benefit of the minor children of the parties and (b) to allocate the premium cost of such life insurance between the parties, provided that all premiums are billed to the policyholder. Nothing in clause (ix) shall be construed to create an independent cause of action on the part of any beneficiary against the insurer or to require an insurer to provide information relating to such policy to any person other than the policyholder without the written consent of the policyholder. The parties to any petition where a child whose custody, visitation, or support is contested shall show proof that they have attended within the 12 months prior to their court appearance or that they shall attend within 45 days thereof an educational seminar or other like program conducted by a qualified person or organization approved by the court except that the court may require the parties to attend such seminar or program in uncontested cases only if the court finds good cause. The seminar or other program shall be a minimum of four hours in length and shall address the effects of separation or divorce on children, parenting responsibilities, options for conflict resolution and financial responsibilities. Once a party has completed one educational seminar or other like program, the required completion of additional programs shall be at the court's discretion.

Parties under this section shall include natural or adoptive parents of the child, or any person with a legitimate interest as defined in § 20-124.1. The fee charged a party for participation in such program shall be based on the party's ability to pay; however, no fee in excess of $50 may be charged. Whenever possible, before participating in mediation or alternative dispute resolution to address custody, visitation or support, each party shall have attended the educational seminar or other like program. The court may grant an exemption from attendance of such program for good cause shown or if there is no program reasonably available. Other than statements or admissions by a party admitting criminal activity or child abuse, no statement or admission by a party in such seminar or program shall be admissible into evidence in any subsequent proceeding.

B. In addition to the terms provided in subsection A, upon a showing by a party of reasonable apprehension of physical harm to that party by such party's family or household member as that term is defined in § 16.1-228, and consistent with rules of the Supreme Court of Virginia, the court may enter an order excluding that party's family or household member from the jointly owned or jointly rented family dwelling. In any case where an order is entered under this paragraph, pursuant to an ex parte hearing, the order shall not exclude a family or household member from the family dwelling for a period in excess of 15 days from the date the order is served, in person, upon the person so excluded. The order may provide for an extension of time beyond the 15 days, to become effective automatically. The person served may at any time file a written motion in the clerk's office requesting a hearing to dissolve or modify the order. Nothing in this section shall be construed to prohibit the court from extending an order entered under this subsection for such longer period of time as is deemed appropriate, after a hearing on notice to the parties. If the party subject to the order fails to appear at this hearing, the court may extend the order for a period not to exceed six months.

C. In cases other than those for divorce in which a custody or visitation arrangement for a minor child is sought, the court may enter an order providing for custody, visitation or maintenance pending the suit as provided in subsection A. The order shall be directed to either parent or any person with a legitimate interest who is a party to the suit.

D. Orders entered pursuant to this section which provide for custody or visitation arrangements pending the suit shall be made in accordance with the standards set out in Chapter 6.1 (§ 20-124.1 et seq.). Orders entered pursuant to subsection B shall be certified by the clerk and forwarded as soon as possible to the local police department or sheriff's office which shall, on the date of receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia crime information network system established and maintained by the Department of State Police pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. If the order is later dissolved or modified, a copy of the dissolution or modification shall also be certified, forwarded and entered in the system as described above.

E. An order entered pursuant to this section shall have no presumptive effect and shall not be determinative when adjudicating the underlying cause.

§ 20-107.2. Court may decree as to custody and support of children.
Upon entry of a decree providing (i) for the dissolution of a marriage, (ii) for a divorce, whether from the bond of matrimony or from bed and board, (iii) that neither party is entitled to a divorce, or (iv) for separate maintenance, the court may make such further decree as it shall deem expedient concerning the (a) custody or visitation and support of the minor children of the parties as provided in Chapter 6.1 (§ 20-124.1 et seq.) of Title 20 or (b) support of a child over the age of 18 who meets the requirements set forth in subsection C of § 20-124.2, including an order that either party or both parties provide health care coverage or cash medical support, or both.

§ 20-124.2. Court-ordered custody and visitation arrangements.
A. In any case in which custody or visitation of minor children is at issue, whether in a circuit or district court, the court shall provide prompt adjudication, upon due consideration of all the facts, of custody and visitation arrangements, including support and maintenance for the children, prior to other considerations arising in the matter. The court may enter an order pending the suit as provided in § 20-103. The procedures for determining custody and visitation arrangements shall insofar
as practical, and consistent with the ends of justice, preserve the dignity and resources of family members. Mediation shall be used as an alternative to litigation where appropriate. When mediation is used in custody and visitation matters, the goals may include development of a proposal addressing the child's residential schedule and care arrangements, and how disputes between the parents will be handled in the future.

B. In determining custody, the court shall give primary consideration to the best interests of the child. The court shall assure minor children of frequent and continuing contact with both parents, when appropriate, and encourage parents to share in the responsibilities of rearing their children. As between the parents, there shall be no presumption or inference of law in favor of either. The court shall give due regard to the primacy of the parent-child relationship but may upon a showing by clear and convincing evidence that the best interest of the child would be served thereby award custody or visitation to any other person with a legitimate interest. The court may award joint custody or sole custody.

C. The court may order that support be paid for any child of the parties. The court shall also order that support will continue to be paid for any child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the party seeking or receiving child support until such child reaches the age of 19 or graduates from high school, whichever first occurs. G. Nothing in this section shall prevent a law-enforcement agency other than the primary law-enforcement agency from performing the duties established by this section if so requested by the primary law-enforcement agency and agreed to by the other law-enforcement agency.

§ 32.1-309.2. Disposition of unclaimed dead body; how expenses paid.

A. In any case in which (i) the county law-enforcement agency of the county or city in which the person or institution having initial custody of the dead body of the decedent is located or the county or city in which the decedent resided, as may be appropriate pursuant to § 32.1-309.1, is unable to identify and notify the next of kin of the decedent within 10 days of the date of contact by the person or institution having initial custody of the dead body despite good faith efforts to do so or (ii) the next of kin of the decedent fails or refuses to claim the body within 10 days of receipt of notice of the decedent's death, the primary law-enforcement agency shall notify (a) the attorney for the county or city in which the decedent resided at the time of death, if known, or (b) if the decedent's county or city of residence at the time of death is not known, the attorney for the county or city in which the person or institution having initial custody of the dead body is located or, if there is no county or city attorney, the attorney for the Commonwealth in such county or city, and such attorney shall without delay request an order authorizing the person or institution having initial custody of the dead body to transfer custody of the body to a funeral service establishment for final disposition. Upon entry of a final order for disposition of the dead body, the person or institution having initial custody of the body shall transfer custody of the body to a funeral service establishment, which shall take possession of the dead body for disposition in accordance with the provisions of such order. Except as provided in subsection B or C, the reasonable expenses of disposition of the body shall be borne (1) by the county or city in which the decedent resided at the time of death if the decedent was a resident of Virginia or (2) by the county or city where death occurred if the decedent was not a resident of Virginia or the location of the decedent's residence cannot reasonably be determined. However, no such expenses shall be paid by such county or city until allowed by an appropriate court in such county or city.

B. In the case of a person who has been received into the state corrections system and died prior to his release, whose body is unclaimed, the Department of Corrections shall accept the body for proper disposition and shall bear the reasonable expenses for cremation or other disposition of the body. In the case of a person who has been received into the state corrections system and died prior to his release and whose claimant is financially unable to pay reasonable expenses of disposition, the expenses shall be borne by the county or city where the claimant resides.
An Act to amend and reenact §§ 37.2-808 and 37.2-1104 of the Code of Virginia, relating to temporary detention for testing, observation, and treatment of a person who is the subject of an emergency custody order.

Be it enacted by the General Assembly of Virginia:

1. That §§ 37.2-808 and 37.2-1104 of the Code of Virginia are amended and reenacted as follows:

§ 37.2-808. Emergency custody; issuance and execution of order.
A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, in cases in which the emergency custody order is based upon a finding that the person who is the subject of the order has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his
lack of capacity to protect himself from harm or to provide for his basic human needs but there is no substantial likelihood that the person will cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a person meets the criteria for emergency custody as stated in this section may take that person into custody and transport that person to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.
J. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

K. The person shall remain in custody until a temporary detention order is issued, until the person is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed eight hours from the time of execution.

L. Nothing in this section shall preclude the issuance of an order for temporary detention for testing, observation, or treatment pursuant to § 37.2-1104 for a person who is also the subject of an emergency custody order issued pursuant to this section. In any case in which an order for temporary detention for testing, observation, or treatment is issued for a person who is also the subject of an emergency custody order, the person may be detained by a hospital emergency room or other appropriate facility for testing, observation, and treatment for a period not to exceed 24 hours, unless extended by the court as part of an order pursuant to § 37.2-1101, in accordance with subsection A of § 37.2-1104. Upon completion of testing, observation, or treatment pursuant to § 37.2-1104, the hospital emergency room or other appropriate facility in which the person is detained shall notify the nearest community services board, and the designee of the community services board shall, as soon as is practicable and prior to the expiration of the order for temporary detention issued pursuant to § 37.2-1104, conduct an evaluation of the person to determine if he meets the criteria for temporary detention pursuant to § 37.2-809.

M. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.

N. If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

O. (Expires June 30, 2018) In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the individual is detained in a state facility pursuant to subsection E of § 37.2-809, the state facility and an employee or designee of the community services board as defined in § 37.2-809 may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual.

P. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to persons with mental illnesses while in emergency custody.

§ 37.2-1104. Temporary detention in hospital for testing, observation or treatment.

A. Upon the advice of a licensed physician who has attempted to obtain consent and upon a finding of probable cause to believe that an adult person within the court’s jurisdiction is incapable of making an informed decision regarding treatment of a physical or mental disorder condition or is incapable of communicating such a decision due to a physical or mental disorder condition and that the medical standard of care calls for testing, observation, or treatment of the disorder within the next 24 hours to prevent death or disability, or to treat an emergency medical condition that requires immediate action to avoid harm, injury, or death, the court or, if the court is unavailable, a magistrate serving the jurisdiction may issue an order authorizing temporary detention of the person by a hospital emergency room or other appropriate facility and authorizing such testing, observation, or treatment. The detention may not be for a period exceeding 24 hours, unless extended by the court as part of an order authorizing treatment under § 37.2-1101. If, before completion of authorized testing, observation, or treatment, the physician determines that a person subject to an order under this subsection has become capable of making and communicating an informed decision, the physician shall rely on the person’s decision on whether to consent to further testing, observation, or treatment. If, before issuance of an order under this subsection or during its period of effectiveness, the physician learns of an objection by a member of the person’s immediate family to the testing, observation, or treatment, he shall so notify the court or magistrate, who shall consider the objection in determining whether to issue, modify, or terminate the order.

B. A court or, if the court is unavailable, a magistrate serving the jurisdiction may issue an order authorizing temporary detention for testing, observation, or treatment for a person who is also the subject of an emergency custody order issued pursuant to § 37.2-808, if such person meets the criteria set forth in subsection A. In any case in which an order for temporary detention for testing, observation, or treatment is issued for a person who is also the subject of an emergency custody order pursuant to § 37.2-808, the hospital emergency room or other appropriate facility in which the person is detained for testing, observation, or treatment shall notify the nearest community services board when such testing, observation, or treatment is complete, and the designee of the community services board shall, as soon as is practicable and prior to the expiration of the order for temporary detention issued pursuant to subsection A, conduct an evaluation of the person to determine if he meets the criteria for temporary detention pursuant to § 37.2-809.
A. The Virginia Port Authority, hereinafter referred to as the Authority, may establish one or more retirement plans covering in whole or in part its employees. The Authority is authorized to make contributions for the benefit of its employees who elect to participate in such plan or arrangement rather than in any other retirement system established by this chapter. Any such alternative retirement plan shall become effective at such time as determined by the Authority. The Authority shall notify the Virginia Retirement System of the establishment of such plan no later than ninety days prior to the effective date. Any present employee of the Authority may make an irrevocable election to participate in the retirement plan established by this chapter or any plan provided by the Authority. Such election shall be made no later than 180 days after the effective date of the plan provided for in this section on forms supplied by the Virginia Retirement System. Any employee hired on or after the effective date of the plan provided for in this section shall become a participant in that plan, subject to the eligibility criteria of that plan.

B. No employee of the Authority who is an active member of a plan established under this section shall also be an active member of the retirement system established by this chapter or a beneficiary of such other plan other than as a contingent annuitant.

C. The contribution by the Authority to any other retirement plan established on behalf of its employees as provided in subsection A shall be the contribution by the Commonwealth which would be required if the employee were a member of the retirement system established by this chapter or eight percent of creditable compensation, whichever is less.

D. The Authority shall develop policies and procedures for the administration of any retirement plan it establishes under this section. A copy of such policies and procedures shall be filed with the Board of Trustees of the Virginia Retirement System.

E. The provisions of this chapter and Chapters 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.) and 3 (§ 51.1-300 et seq.) are intended to meet the requirements of § 401(a) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans, greater than $1,000, if the member does not elect to have such distribution paid directly to an eligible retirement plan specified by the member in a direct rollover or to receive the distribution directly in accordance with this section, then the Board shall pay the distribution in a direct rollover to an individual retirement plan designated by the Board in accordance with subsection F of § 51.1-124.30.

F. The provisions of this chapter and Chapters 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.) and 3 (§ 51.1-300 et seq.) are intended to meet the requirements of § 401(a) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans.

G. The provisions of this chapter and Chapters 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.) and 3 (§ 51.1-300 et seq.) are intended to meet the requirements of § 401(a) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans.
§ 51.1-145. Employer contributions.

A. The total annual employer contribution for each employer, expressed as a percentage of the annual membership payroll, shall be determined in a manner so as to remain relatively level from year to year. Each employer shall contribute an amount equal to the sum of the normal contribution, any accrued liability contribution, and any supplementary contribution. The contribution rates for each employer shall be determined after each valuation and shall remain in effect until a new valuation is made. All contribution rates shall be computed in accordance with recognized actuarial principles on the basis of methods and assumptions approved by the Board.

B. The normal employer contribution for any period shall be determined as a percentage, equal to the normal contribution rate, of the total compensated compensation of the members employed during the period.

C. The normal contribution rate for any employer shall be determined as the percentage represented by the ratio of (i) the annual normal cost to provide the benefits of the retirement system with respect to members employed by the employer in excess of the members' contributions to (ii) the total annual compensation of the members.

D. The accrued liability contribution for any employer for any period shall be determined as a percentage, equal to the accrued liability contribution rate, of the total compensation of the members during the period.

E. The accrued liability contribution rate for any employer shall be a percentage of the total annual compensation of the members, determined so that a continuation of annual contributions by the employer at the same percentage of total annual compensation over a period of 40 years will be sufficient to amortize the unfunded accrued liability with respect to the employer.

F. The unfunded accrued liability with respect to any employer as of any valuation date shall be determined as the excess of (i) the then present value of the benefits to be provided under the retirement system in the future to members and former members over (ii) the sum of the assets of the retirement system then currently in the members' contribution account and in the employer's retirement allowance account, plus the then present value of the stipulated contributions to be made in the future by the members, plus the then present value of the normal contributions expected to be made in the future by the employer.

G. The supplementary contribution for any employer for any period shall be determined as a percentage, equal to the supplementary contribution rate, of the total compensation of the members employed during the period.

H. Until July 1, 1997, the supplementary contribution rate for any employer shall be determined as the percentage represented by the ratio of (i) the average annual amount of post-retirement supplements, as provided for in this chapter, which is anticipated to become payable during the period to which the rate will be applicable with respect to former members to (ii) the total annual compensation of the members.

I. The Board shall certify to each employer the applicable contribution rate and any changes in the rate.

J. The employer contribution for the year shall be increased to the extent necessary to overcome any insufficiency if the contributions for any employer, when combined with the amount of the retirement allowance account of the employer, are insufficient to provide the benefits payable during the year.

K. The appropriation bill which is submitted to the General Assembly by the Governor prior to each regular session that begins in an even-numbered year shall include the contributions which will become due and payable to the retirement allowance account from the state treasury during the following biennium. The amount of the contributions shall be based on the contribution rates certified by the Board pursuant to subsection I of this section that are applicable to the Commonwealth as an employer and the anticipated compensation during the biennium of the members of the retirement system on behalf of whom the Commonwealth is the employer.

K1. The General Assembly shall set contribution rates that are at least equal to the following percentage of the contribution rates certified by the Board pursuant to subsection I:

1. For members who are state employees as defined in § 51.1-124.3 and who are participating in a retirement plan established pursuant to Chapter 1 (§ 51.1-124.1 et seq.), (i) 67.02 percent for fiscal years beginning July 1, 2012, and July 1, 2013, (ii) 78.02 percent for fiscal years beginning July 1, 2014, and July 1, 2015, (iii) 89.01 percent for fiscal years beginning July 1, 2016, and July 1, 2017, and (iv) 100 percent for fiscal years beginning on or after July 1, 2018;

2. For members who are teachers as defined in § 51.1-124.3 and who are participating in a retirement plan established pursuant to Chapter 1 (§ 51.1-124.1 et seq.), (i) 69.53 percent for fiscal years beginning July 1, 2012, and July 1, 2013, (ii) 79.69 percent for fiscal years beginning July 1, 2014, and July 1, 2015, (iii) 89.84 percent for fiscal years beginning July 1, 2016, and July 1, 2017, and (iv) 100 percent for fiscal years beginning on or after July 1, 2018;

3. For members participating in a retirement plan established pursuant to Chapter 2 (§ 51.1-200 et seq.), (i) 75.82 percent for fiscal years beginning July 1, 2012, and July 1, 2013, (ii) 83.90 percent for fiscal years beginning July 1, 2014, and July 1, 2015, (iii) 91.94 percent for fiscal years beginning July 1, 2016, and July 1, 2017, and (iv) 100 percent for fiscal years beginning on or after July 1, 2018; and
5. For members participating in a retirement plan established pursuant to Chapter 3 (§ 51.1-300 et seq.), (i) 83.98 percent for fiscal years beginning July 1, 2012, and July 1, 2013, (ii) 89.32 percent for fiscal years beginning July 1, 2014, and July 1, 2015, (iii) 94.66 percent for fiscal years beginning July 1, 2016, and July 1, 2017, and (iv) 100 percent for fiscal years beginning on or after July 1, 2018.

L. In the case of all teachers whose compensation is paid exclusively out of funds derived from local revenues and appropriations from the general fund of the state treasury, the Commonwealth shall contribute to the extent specified in the appropriations act. In the case of any teacher whose compensation is paid out of funds derived in whole or in part from any special fund or from a contributor other than the Commonwealth or a political subdivision thereof, contributions shall be paid out of the special fund or by the other contributor in proportion to that part of the compensation derived therfrom. In the case of all state employees whose compensation is paid exclusively by the Commonwealth out of the general fund of the state treasury, the Commonwealth shall be the sole contributor, and all contributions shall be paid out of the general fund. In the case of a state employee whose compensation is paid in whole or in part out of any special fund or by any contributor other than the Commonwealth, contributions on behalf of the employee shall be paid out of the special fund or by the other contributor in proportion to that part of the employee's compensation derived therethrough. The Governor shall be responsible for the disbursement of funds to pay all contributions on behalf of employees to the various defined contribution plans administered by the Virginia Retirement System.

M. The employer contribution rate established for each employer may include the cost to administer any defined contribution plan administered by the Virginia Retirement System and available to the employer. The portion of such contribution designated to cover administrative costs of the defined contribution plans shall not be deposited into the trust fund established for the defined benefit plans but shall be separately accounted for and used solely to defray the administrative costs associated with the various defined contributions plans. This provision shall supplement the authority of the Board under §§ 51.1-124.22 and 51.1-602 to charge and collect administrative fees to employers whose employees have available the various defined contribution plans administered by the Virginia Retirement System.

N. Notwithstanding the foregoing, the total employer contribution for each employer authorized to participate in the hybrid retirement program described in § 51.1-169 for any period, expressed as a percentage of the employer's payroll for such period, shall be established as the contribution rate payable by such employer with respect to employees enrolled in the defined benefit plan established under this chapter. The employer's contribution shall be first applied to the defined benefit component of the hybrid retirement program described in § 51.1-169, and the remainder shall be deposited in the employer's retirement allowance account. Institutions of higher education shall also pay contributions to the employer's retirement allowance account in amounts representing the difference between the contributions paid to any optional retirement plan it offers on behalf of any of its nonfaculty Covered Employees, as described in Article 6 (§ 23-38.114 et seq.) of Chapter 4.10 of Title 23. The employer contribution rate established for each employer may include the annual rate of contribution payable by such employer with respect to employees enrolled in the optional defined contribution retirement plans established under §§ 51.1-126, 51.1-126.1, 51.1-126.3, and 51.1-126.4.

O. Employer contributions may be returned to the employer only as determined in accordance with § 401(a) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans.

§ 51.1-162. Death before retirement.

A. If a member dies before retirement, and if no benefits are payable under subsection B, the amount of his accumulated contributions shall be paid to the designated beneficiary or to a surviving relative according to the order of precedence set forth in this section. This amount shall be reduced by the amount of any retirement allowance previously received by the member under this chapter or the abolished system. Each member shall designate who is to receive a refund of accumulated contributions credited to his account in the event of the death of the member prior to retirement. The governing body of each political subdivision is hereby authorized to make appropriations from the funds of the political subdivision necessary to pay the proportionate share of contributions on behalf of every state employee whose compensation is paid in part by the political subdivision. In the case of each person who has elected to remain a member of a local retirement system, the Commonwealth shall reimburse the local employer an amount equal to the product of the compensation of the person and the employer contribution rate as used to determine the employer contribution for state employees under this section. Each employer shall keep such records and periodically furnish such information as the Board may require and shall inform new employees of their duties and obligations in connection with the retirement system.

B. If a member dies before retirement, and if no benefits are payable under subsection B, the amount of his accumulated contributions shall be paid to the designated beneficiary or to a surviving relative according to the order of precedence set forth in this section. This amount shall be reduced by the amount of any retirement allowance previously received by the member under this chapter or the abolished system. Each member shall designate who is to receive a refund of accumulated contributions credited to his account in the event of the death of the member prior to retirement. The governing body of each political subdivision is hereby authorized to make appropriations from the funds of the political subdivision necessary to pay the proportionate share of contributions on behalf of every state employee whose compensation is paid in part by the political subdivision. In the case of each person who has elected to remain a member of a local retirement system, the Commonwealth shall reimburse the local employer an amount equal to the product of the compensation of the person and the employer contribution rate as used to determine the employer contribution for state employees under this section. Each employer shall keep such records and periodically furnish such information as the Board may require and shall inform new employees of their duties and obligations in connection with the retirement system.

M. The employer contribution rate established for each employer may include the cost to administer any defined contribution plan administered by the Virginia Retirement System and available to the employer. The portion of such contribution designated to cover administrative costs of the defined contribution plans shall not be deposited into the trust fund established for the defined benefit plans but shall be separately accounted for and used solely to defray the administrative costs associated with the various defined contributions plans. This provision shall supplement the authority of the Board under §§ 51.1-124.22 and 51.1-602 to charge and collect administrative fees to employers whose employees have available the various defined contribution plans administered by the Virginia Retirement System.

N. Notwithstanding the foregoing, the total employer contribution for each employer authorized to participate in the hybrid retirement program described in § 51.1-169 for any period, expressed as a percentage of the employer's payroll for such period, shall be established as the contribution rate payable by such employer with respect to employees enrolled in the defined benefit plan established under this chapter. The employer's contribution shall be first applied to the defined benefit component of the hybrid retirement program described in § 51.1-169, and the remainder shall be deposited in the employer's retirement allowance account. Institutions of higher education shall also pay contributions to the employer's retirement allowance account in amounts representing the difference between the contributions paid to any optional retirement plan it offers on behalf of any of its nonfaculty Covered Employees, as described in Article 6 (§ 23-38.114 et seq.) of Chapter 4.10 of Title 23. The employer contribution rate established for each employer may include the annual rate of contribution payable by such employer with respect to employees enrolled in the optional defined contribution retirement plans established under §§ 51.1-126, 51.1-126.1, 51.1-126.3, and 51.1-126.4.

O. Employer contributions may be returned to the employer only as determined in accordance with § 401(a) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans.
payable under subsection C of this section, a retirement allowance shall be paid to the person or persons designated as provided in subsection A of this section if the person is the member's (i) surviving spouse, (ii) minor child, or (iii) parent(s). If no designation has been made, or if the death of the designated person occurs prior to the death of the member and another designation has not been made, a retirement allowance shall be paid in the following order of precedence to the member's (a) surviving spouse, (b) minor children, or (c) parent(s). The retirement allowance shall be paid to the first person qualifying in the orders of precedence set out in this subsection. If more than one minor child survives the deceased member, the allowance shall be divided among them in a manner determined by the Board. If more than one parent survives the deceased member, the allowance shall be divided among them in a manner determined by the Board. The retirement allowance shall be continued during the lifetime of the person or in the case of a minor child until the child dies or attains the age of majority, whichever occurs first. The retirement allowance shall equal the decreased retirement allowance that would have been payable under the joint and survivor option so that the same amount would be continued to such person the age of majority, whichever occurs first. If more than one minor child survives the deceased member, the allowance shall be paid in the following order of precedence to the member had the member retired on the date of his death, the provisions of subdivision A 4 of § 51.1-155 shall not apply. If the person elects in writing, the amount of the member's accumulated contributions or lump sum payment shall be paid to him exclusively, in lieu of any other benefits under this section. This amount shall be reduced by the amount of any retirement allowance previously received by the member under this chapter.

The retirement allowance payable hereunder to a qualifying survivor shall be the annual amount which when added to the compensation payable under the Virginia Workers' Compensation Act for the death of the member equals 50 percent of the member's average final compensation if the survivor does not qualify for death benefits under the provisions of the Social Security Act in effect on the date of the death of the member. If the survivor qualifies for death benefits under the provisions of the Social Security Act in effect on the date of the death of the member, the allowance payable from the retirement system when added to the compensation payable under the Virginia Workers' Compensation Act shall equal thirty-three and one-third percent of the member's average final compensation.

Any beneficiary entitled to the entire amount of a retirement allowance under the provisions of this subsection as a result of the death of a member shall be entitled to waive his rights to the allowance by written notification to the Board within ninety days after the death of the member in order to make available a retirement allowance under the provisions of subsection B of this section.

§ 51.1-168. Limits on creditable compensation; maximum benefits; mandatory payment of allowance.

A. Notwithstanding any other provision of law, creditable compensation used for computing any benefit or employee contribution under or to the Retirement System shall not exceed $200,000 (as adjusted in $5,000 increments from time to time by the adjustment factor described in I.R.C. § 415 (d) on the basis of a base period of the calendar quarter beginning July 1, 2001). In determining average final compensation for periods beginning on or after July 1, 2001, the limit on creditable compensation applied to compensation attributable to periods prior to July 1, 2001, shall be $200,000. Notwithstanding the foregoing, compensation for any employee who became a member of the Retirement System (i) prior to the ninetieth day after the opening date of the 1996 Session of the General Assembly, on whose behalf employee or employer contributions are made into the Retirement System, and for whom annual compensation is used for computing any benefit, shall not exceed the limit on compensation as adjusted by the Commissioner of the Internal Revenue Service pursuant to the transition provisions applicable to eligible participants under state and local governmental plans under I.R.C. § 401 (a) (17) as amended in 1993 and as contained in § 13212 (d) (3) of the Omnibus Budget Reconciliation Act of 1993 (P. L. 103-66).

B. Notwithstanding any other provision of law, the annual benefit under the Retirement System of a member and any related death or other benefit shall, if necessary, be reduced to the extent required by § 415 (b) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury pursuant to § 415 (d) of the Internal Revenue Code. Any adjustment pursuant to § 415 (d) of the Internal Revenue Code shall apply to all members including those who have died, retired, or otherwise terminated service with a nonforfeitable right to a retirement allowance before the effective date of such adjustment. If an employee participating in the Retirement System is a participant in another defined benefit plan sponsored or maintained by an employer participating in the Retirement System and subject to the limitations under § 415
of the Internal Revenue Code, such employer shall apply the combined limit test required by § 415 (b) of the Internal Revenue Code to all such plans, to the extent required by § 415 of the Internal Revenue Code. Whenever a reduction in annual benefits is required to meet the annual benefit limit required by § 415 (b) of the Internal Revenue Code, the annual benefits under such employer's other plan or plans will be reduced before benefits under the Retirement System.

C. Any vendor for a defined benefit plan sponsored or maintained by an employer that participates in the Retirement System shall (i) request and maintain the records needed, (ii) perform the testing services required to assure compliance with the limitations described in § 415 (b) of the Internal Revenue Code, including testing required where the employer maintains or sponsors another plan that must be tested together with the Retirement System, and (iii) advise the employer of any annual benefit that exceeds the applicable limitation. If there is no vendor for these services, the employer shall (a) request and maintain the records needed, (b) perform the testing services required to assure compliance with the limitations described in § 415 (b) of the Internal Revenue Code, including testing required where the employer maintains or sponsors another plan that must be tested together with the Retirement System, and (c) reduce any annual benefit that exceeds the applicable limitation.

D. On or after January 1, 1989, the retirement allowance of a member who has terminated employment shall begin no later than the later of (i) April 1 of the calendar year following the calendar year that the member attains seventy and one-half years of age or (ii) April 1 of the calendar year following the calendar year in which the member terminates employment. If the member fails, following reasonable notification, to elect a form of payment by such required beginning date, the retirement allowance shall be paid as a single life annuity and the spousal acknowledgement otherwise required by § 51.1-165.1 shall not be required. Notwithstanding any other provisions of law, § 401(a)(9) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans are incorporated by reference.

§ 51.1-169. Hybrid retirement program.

A. For purposes of this section, "hybrid retirement program" or "program" means a hybrid retirement program covering any employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for retirement purposes other than the Virginia Retirement System defined benefit retirement plan established under Chapter 1 (§ 51.1-124.1 et seq.). Persons who are participants in, or eligible to be participants in, the retirement plans under the provisions of Chapter 2 (§ 51.1-200 et seq.), Chapter 2.1 (§ 51.1-211 et seq.), the optional retirement plans established under §§ 51.1-126.1, 51.1-126.3, 51.1-126.4, and 51.1-126.7, or a person eligible to earn the benefits permitted by § 51.1-138 shall not be eligible to participate in the hybrid retirement program. Any person who is employed as a firefighter, emergency medical technician, or law-enforcement officer as those terms are defined in § 15.2-1512.2 and whose employing political subdivision has legally adopted an irrevocable resolution as described in subdivision B 4 of § 51.1-153 and subdivision A 3 of § 51.1-155 shall not be eligible to participate in the hybrid retirement program. No member of the Judicial Retirement System under Chapter 3 (§ 51.1-300 et seq.) shall be eligible to participate in the hybrid retirement program described in § 51.1-169 except members appointed to an original term on or after January 1, 2014.

The Board shall maintain the hybrid retirement program established by this section, and any employer is authorized to make contributions under such program for the benefit of its employees participating in such program. Every person who is otherwise eligible to participate in the program but is not a member of a retirement plan administered by the Virginia Retirement System the first time he is hired or rehired on or after January 1, 2014, in a covered position, shall participate in the hybrid retirement program established by this section.

A person who participates in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System under this chapter may make an irrevocable election to participate in the hybrid retirement program maintained under this section. Such election shall be exercised no later than April 30, 2014. If an election is not made by April 30, 2014, such employee shall be deemed to have elected not to participate in the hybrid retirement program and shall continue to participate in his current retirement plan.

B. 1. The employer shall make contributions to the defined benefit component of the program in accordance with § 51.1-145.

2. The employer shall make a mandatory contribution to the defined contribution component of the program on behalf of an employee participating in the program in the amount of one percent of creditable compensation. In addition, the employer shall make a matching contribution on behalf of the employee based on the employee's voluntary contributions under the defined contribution component of the program to the deferred compensation plan established under § 51.1-602, up to a maximum of 2.5 percent of creditable compensation for the payroll period, as follows: (i) 100 percent of the first one percent of creditable compensation contributed by the employee to the defined contribution component of the program under subdivision C 2 for the payroll period, and (ii) 50 percent of the next three percent of creditable compensation contributed by the employee to the defined contribution component of the program under subdivision C 2 for the payroll period. The matching contribution by the employer shall be made to the appropriate cash match plan established for the employee under § 51.1-608.

3. The total amount contributed by the employer under subdivision 2 shall vest to the employee's benefit according to the following schedule:
   a. Upon completion of two years of active participation, 50 percent.
   b. Upon completion of three years of active participation, 75 percent.
   c. Upon completion of four years of active participation, 100 percent.
For purposes of this subdivision, "active participation" includes creditable service, as defined in § 51.1-124.3, in any retirement plan established by this title and administered by the Retirement System.

If an employee terminates employment with an employer prior to achieving 100 percent vesting, contributions made by an employer on behalf of the employee under subdivision 2 that are not vested, shall be forfeited. The Board may establish a forfeiture account and may specify the uses of the forfeiture account.

4. An employee may direct the investment of contributions made by an employer under subdivision B 2.

5. No loans or hardship distributions shall be available from contributions made by an employer under subdivision B 2.

C. 1. An employee participating in the hybrid retirement program maintained under this section shall, pursuant to procedures established by the Board, make mandatory contributions on a salary reduction basis in accordance with § 414(h) of the Internal Revenue Code (i) to the defined benefit component of the program in the amount of four percent of creditable compensation in lieu of the amount described in subsection A of § 51.1-144 and (ii) to the defined contribution component of the program in the amount of one percent of creditable compensation.

2. An employee participating in the hybrid retirement program may also make voluntary contributions to the defined contribution component of the program of up to four percent of creditable compensation or the limit on elective deferrals pursuant to § 457(b) of the Internal Revenue Code, whichever is less. The contribution by the employee shall be made to the appropriate deferred compensation plan established by the employee under § 51.1-602.

3. If an employee's voluntary contributions under subdivision C 2 are less than four percent of creditable compensation, the contribution will increase by one-half of one percent, beginning on January 1, 2017, and every three years thereafter, until the employee's voluntary contributions under subdivision C 2 reach four percent of creditable compensation. The increase will be effective beginning with the first pay period that begins in such calendar year unless the employee elects not to increase the voluntary contribution in a manner prescribed by the Board.

4. No loans or hardship distributions shall be available from contributions made by an employee under this subsection.

D. 1. The amount of the service retirement allowance under the defined benefit component of the program shall be governed by § 51.1-155 for all creditable service credited prior to the effective date of the member's participation in the program. For all other creditable service, the allowance shall equal one percent of a member's average final compensation multiplied by the amount of his creditable service while in the program. For judges who are participating in the hybrid retirement program, creditable service shall be determined as provided in § 51.1-303 and service retirement eligibility shall be determined as provided in § 51.1-305.

2. No member shall retire for disability under the defined benefit component of the program, provided, however, that judges who are participating in the hybrid retirement program may retire for disability under §§ 51.1-307 and 51.1-308.

3. Except as provided in subdivision 1, any employee participating in the hybrid retirement program maintained under this section shall be considered to be a person who becomes a member on or after July 1, 2010.

4. In all other respects, administration of the defined benefit component of the program shall be governed by the provisions of Chapter 1 (§ 51.1-124.1 et seq.).

E. With respect to any employee who elects, pursuant to subsection A, to participate in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System, the employer shall collect and pay all employee and employer contributions to the Virginia Retirement System for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for such employee.

F. 1. The Board shall develop policies and procedures for administering the hybrid retirement program it maintains, including the establishment of guidelines for employee elections and deferrals under the program.

2. No employee who is an active member in the hybrid retirement program maintained under this section shall also be an active member of any other optional retirement plan maintained under the provisions of Chapter 1 (§ 51.1-124.1 et seq.).

3. If a member of the hybrid retirement program maintained under this section is at any time in service as an employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.), his benefit payments under the hybrid retirement program maintained under this section shall be suspended while so employed; provided, however, reemployment shall have no effect on a payment under the defined contribution component of the program if the benefit is being paid in an annuity form under an annuity contract purchased with the member's account balance.

4. Any administrative fee imposed pursuant to subdivision A 13 of § 51.1-124.22 on any employer for administering and overseeing the hybrid retirement program maintained under this section shall be charged for each employee participating in such program and shall be for costs incurred by the Virginia Retirement System that are directly related to the administration and oversight of such program. Notwithstanding the foregoing, the Board is authorized to collect all or a portion of such fee directly from the employee.

5. The creditable compensation for any employee on whose behalf employee or employer contributions are made into the hybrid retirement program shall not exceed the limit on compensation as adjusted by the Commissioner of the Internal Revenue Service pursuant to the transition provisions applicable to eligible participants under state and local governmental plans under § 401(a)(17) of the Internal Revenue Code as amended in 1993 and as contained in § 13212(d)(3) of the Omnibus Budget Reconciliation Act of 1993 (P.L. 103-66).

6. The Board may contract with private corporations or institutions, subject to the standards set forth in § 51.1-124.30, to provide investment products as well as any other goods and services related to the administration of the hybrid retirement program. The Virginia Retirement System is hereby authorized to perform related services, including but not limited to,
§ 51.1-207. Death before retirement.

A. If a member dies before retirement, and if no benefits are payable under subsection B, the amount of his accumulated contributions shall be paid to the designated beneficiary or to a surviving relative according to the same order of precedence as set forth in subsection A of § 51.1-162. This amount shall be reduced by the amount of any retirement allowance previously received by the member under this chapter or the abolished system. Each member shall designate who is to receive a refund of accumulated contributions credited to his account in the event of the death of the member prior to retirement. The designation must be made on a form prepared by the Board, signed and filed in a manner prescribed by the Board. The designation may be changed by the member by the written designation of some other person, signed and filed in a manner prescribed by the Board.

If no designation has been made, or the death of the designated person occurs prior to the death of the member and another designation has not been made, the proceeds shall be paid to the persons surviving at the death of the member in the same order of precedence as set forth in subsection A of § 51.1-162.

B. If a member dies in service, including a member who is on leave without pay while to the extent required by § 401(a)(37) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans, if a member dies in service, including a member performing active duty military service in the armed forces of the United States, and if no benefits are payable under subsection C, a retirement allowance shall be paid to the person designated as provided in subsection A of this section if the person is the member's (i) surviving spouse, (ii) minor child, or (iii) parent(s). If no designation has been made, or if the death of the designated person occurs prior to the death of the member and another designation has not been made, a retirement allowance shall be paid in the same order of precedence as set forth in subsection B of § 51.1-162. The retirement allowance shall be continued during the lifetime of the person or in the case of a minor child until the child dies or attains the age of majority, whichever occurs first. The retirement allowance shall equal the decreased retirement allowance that would have been payable under the joint and survivor option so that the same amount would be continued to such person after the member's death. If the member dies prior to his fiftieth birthday, then, for purposes of this subsection, the member shall be presumed to be age 50 on his date of death. When determining the allowance that would have been payable to the member had the member retired on the date of his death, the provisions of subsection B of § 51.1-206 shall not apply. If the person elects in writing, the amount of the member's accumulated contributions shall be paid to the person exclusively, in lieu of any other benefits under this section. This amount shall be reduced by the amount of any retirement allowance previously received by the member.

C. If a member dies in service from a cause compensable under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.), a retirement allowance shall be paid to the member's surviving spouse. If no compensation is finally awarded under the Virginia Workers' Compensation Act due to legal proceedings or otherwise resulting in settlement from the persons causing such death, the Virginia Workers' Compensation Commission shall determine whether the member's death was from a cause compensable under the Virginia Workers' Compensation Act. If the member leaves no surviving spouse or the surviving spouse dies, any minor children of the deceased member shall be paid an allowance until the children die or attain the age of majority, whichever occurs first. If more than one minor child survives the deceased member, the allowance shall be divided in a manner determined by the Board. If the deceased member leaves neither surviving spouse nor minor child, the allowance, divided in a manner determined by the Board, shall be paid to the member's parents during their lives.

The retirement allowance, payable hereunder to a qualifying survivor, shall be the annual amount which when added to the compensation payable under the Virginia Workers' Compensation Act for the death of the member, shall equal 50 percent of the member's average final compensation if the survivor does not qualify for death benefits under the provisions of the Social Security Act in effect on the date of the death of the member. If the survivor qualifies for death benefits under the provisions of the Social Security Act in effect on the date of the death of the member, the allowance payable from the retirement system when added to the compensation payable under the Virginia Workers' Compensation Act shall equal thirty-three and one-third percent of the member's average final compensation.

Any beneficiary entitled to the entire amount of a retirement allowance under the provisions of this subsection as a result of the death of a member shall be entitled to waive his rights to the allowance by written notification to the Board within 90 days after the death of the member in order to make available a retirement allowance under the provisions of subsection B.

§ 51.1-218. Death before retirement.

A. If a member dies before retirement, and if no benefits are payable under subsection B, the amount of his accumulated contributions shall be paid to the designated beneficiary or to a surviving relative according to the same order of precedence as set forth in subsection A of § 51.1-162. This amount shall be reduced by the amount of any retirement allowance previously received by the member under this chapter or the abolished system. Each member shall designate who is to receive a refund of accumulated contributions credited to his account in the event of the death of the member prior to retirement. The designation must be made on a form prepared by the Board, signed by the member, and filed with the Board. The designation may be changed by the member by the written designation of some other person, signed and filed with the Board.

If no designation has been made, or the death of the designated person occurs prior to the death of the member and another designation has not been made, the proceeds shall be paid to the persons surviving at the death of the member in the same order of precedence as set forth in subsection A of § 51.1-162.
B. If a member dies in service, including a member who is on leave without pay while To the extent required by § 401(a)(37) of the Internal Revenue Code, as amended or renumbered, and the regulations thereunder applicable to governmental plans, if a member dies in service, including a member performing active duty military service in the armed forces of the United States, and if no benefits are payable under subsection C, a retirement allowance shall be paid to the person designated as provided in subsection A of this section if the person is the member's (i) surviving spouse, (ii) minor child, or (iii) parent(s). If no designation has been made, or if the death of the designated person occurs prior to the death of the member and another designation has not been made, a retirement allowance shall be paid in the same order of precedence as set forth in subsection B of § 51.1-162. The retirement allowance shall be continued during the lifetime of the person or in the case of a minor child until the child dies or attains the age of majority, whichever occurs first. The retirement allowance shall equal the deceased retirement allowance that would have been payable under the joint and survivor option so that the same amount would be continued to such person after the member's death. If the member dies prior to his fiftieth birthday, then, for purposes of this subsection, the member shall be presumed to be age 50 on his date of death. When determining the allowance that would have been payable to the member had the member retired on the date of his death, the provisions of subsection B of § 51.1-217 shall not apply. If the person elects in writing, the amount of the member's accumulated contributions shall be paid to the person exclusively, in lieu of any other benefits under this section. This amount shall be reduced by the amount of any retirement allowance previously received by the member.

C. If a member dies in service from a cause compensable under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.), a retirement allowance shall be paid to the member's surviving spouse. If no compensation is finally awarded under the Virginia Workers' Compensation Act due to legal proceedings or otherwise resulting in settlement from the persons causing such death, the Virginia Workers' Compensation Commission shall determine whether the member's death was from a cause compensable under the Virginia Workers' Compensation Act. If the member leaves no surviving spouse or the surviving spouse dies, any minor children of the deceased member shall be paid an allowance until the children die or attain the age of majority, whichever occurs first. If more than one minor child survives the deceased member, the allowance shall be divided in a manner determined by the Board. If the deceased member leaves neither surviving spouse nor minor child, the allowance shall be paid to the member's parents, divided in a manner determined by the Board, during the lives of the parents.

The retirement allowance, payable hereunder to a qualifying survivor, shall be the annual amount which, when added to the compensation payable under the Virginia Workers' Compensation Act for the death of the member, shall equal 50 percent of the member's average final compensation if the survivor does not qualify for death benefits under the provisions of the Social Security Act in effect on the date of the death of the member. If the survivor qualifies for death benefits under the provisions of the Social Security Act in effect on the date of the death of the member, the allowance payable from the Retirement System when added to the compensation payable under the Virginia Workers' Compensation Act shall equal thirty-three and one-third percent of the member's average final compensation.

Any beneficiary entitled to the entire amount of a retirement allowance under the provisions of this subsection as a result of the death of a member shall be entitled to waive his rights to the allowance by written notification to the Board within 90 days after the death of the member in order to make available a retirement allowance under the provisions of subsection B.

§ 51.1-308. Disability retirement allowance.

A. Allowance payable on retirement. - Upon retirement for disability, a member who has five or more years of creditable service shall receive an annual retirement allowance payable during his lifetime and continued disability equal to 1.70 percent of average final compensation when multiplied by the smaller of (i) twice the amount of creditable service or (ii) the amount of creditable service he would have completed at age 60 if he had remained in service to that age. Notwithstanding the foregoing, for a member appointed or elected to an original term commencing on or after January 1, 2013, the amount of creditable service at his date of retirement shall be used. If a member has already attained age 60, the amount of creditable service at his date of retirement shall be used.

In no case shall the annual retirement allowance exceed 78 percent of the average final compensation of the member.

B. Workers' compensation guarantee. - If a member retires for disability from a cause which is compensable under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.), the amount of the annual retirement allowance shall, subject to the provisions of subsection D, equal 66 and two-thirds percent of the member's average final compensation if the member does not qualify for primary social security benefits under the provisions of the Social Security Act in effect on the date of his retirement. If the member qualifies for primary social security benefits under the provisions of the Social Security Act in effect on the date of his retirement, the allowance payable from the retirement system shall equal 50 percent of his average final compensation. A member shall be entitled to the larger of the retirement allowance as determined under the provisions of subsection A of this section or under the provisions of this subsection.

C. General disability retirement guarantee. - The disability retirement allowance payable to a member who immediately prior to July 1, 1970, was a member of one of the previous systems shall be at least an amount equal to the disability retirement allowance to which he would have been entitled under the provisions of the previous system.
D. Determination of retirement allowance. - For the purposes of this section, the retirement allowance shall be
determined on the assumption that the retirement allowance is payable to the member alone and that no optional retirement
allowance is elected.

E. Reduction of allowance. - Any allowance payable to a member who retires for disability from a cause compensable
under the Virginia Workers' Compensation Act shall be reduced by the amount of any payments under the provisions of the
Act in effect on the date of retirement of the member and the excess of the allowance shall be paid to such member. When
the time for compensation payments under the Act has elapsed, the member shall receive the full amount of the allowance
payable during his lifetime and continued disability. If the member's payments under the Virginia Workers' Compensation
Act are adjusted or terminated for refusal to work or to comply with the requirements of § 65.2-603, his allowance shall be
computed as if he were receiving the compensation to which he would otherwise be entitled.

F. Special retirement allowance guarantee. - Any member retired from a cause which is not compensable under the
Virginia Workers' Compensation Act shall be guaranteed an annual retirement allowance during his lifetime and continued
disability which equals 50 percent of the member's average final compensation if the member does not qualify for primary
social security benefits under the provisions of the Social Security Act in effect on the date of his retirement. If the member
qualifies for primary social security benefits under the provisions of the Social Security Act in effect on the date of
retirement, the allowance payable from the retirement system shall equal 33 and one-third percent of his average final
compensation.

employee as defined in § 51.1-212; or (iv) a judge as defined in § 51.1-301 appointed or elected to an original term
commencing on or after January 1, 2014; or (v) a qualifying part-time employee. Any person participating in a plan
established pursuant to § 51.1-126, 51.1-126.1, 51.1-126.4, 51.1-126.5, 51.1-502.1, or 51.1-502.3 shall not be an eligible
employee. Employees of the University of Virginia Medical Center covered under the basic insurance policies purchased by
the Medical Center shall not be considered eligible employees under this chapter, unless the University of Virginia Board of
Visitors, or a duly authorized agent or representative of the Board of Visitors, purchases such insurance policies from the
Virginia Retirement System.

"Existing employee" means an employee who elected to participate in the Virginia Sickness and Disability Program.

"Partial disability" exists during the first 24 months following the occurrence or commencement of an illness or injury
when an employee is earning less than 80 percent of his predisability earnings and, as a result of an injury or illness, is
(i) able to perform one or more, but not all, of the essential job functions of his own job on an active employment or a
part-time basis; or (ii) able to perform all of the essential job functions of his own job on a part-time basis.

"Participating employee" means any eligible employee required or electing to participate in the program.

"Program" means the program providing sick leave, family and personal leave, short-term disability, and long-term
disability benefits for participating employees established pursuant to this chapter.

"Qualifying part-time employee" means any person who would qualify as a state employee as defined in § 51.1-124.3
but, rather than being regularly employed full time on a salaried basis, is regularly employed part time for at least 20 hours
but less than 40 hours per week on a salaried basis.

"State service" means the employee's total period of state service as an eligible employee, including all periods of
classified full-time and classified part-time service and periods of leave without pay, but not including periods during which
the employee did not meet the definition of an eligible employee.

"Total disability" exists (i) during the first 24 months following the occurrence or commencement of an illness or
injury if an employee is unable to perform all of his essential job functions or (ii) after 24 months following the occurrence
or commencement of an illness or injury if an employee is unable to perform any job for which he is reasonably qualified
based on his training or experience and earning less than 80 percent of his predisability earnings.

"Work-related injury" means an injury, as such term is defined in § 65.2-101, to a participating employee for which
benefits are payable under the Act and the Commonwealth is the employer for purposes of the Act.

In addition to the definitions listed above, the definitions listed in § 51.1-124.3 shall apply to this chapter except as
otherwise provided.

§ 51.1-1153. Participation in the program.

A. All eligible employees shall become participants in this program, provided, however, that the governing body of an
employer may adopt a resolution on or before January 1, 2014, which shall be submitted to the Board, requesting that its
eligible employees not participate in the program because the employer has or will establish, and continue to maintain,
comparable disability coverage for such eligible employees. The election by the governing body of an employer not to participate in this program shall be irrevocable. The employer need not consider the provisions of § 51.1-1178 when determining the comparability of its disability coverage to this program. As the context requires, the term "participating employee" includes the employees of an employer electing not to participate in the program under this subdivision.

B. The effective date of participation in the program for participating employees shall be their first day of employment or the effective date of their participation in the hybrid retirement program described in § 51.1-169, whichever is later.

C. Notwithstanding any provision to the contrary, no participating employee shall receive benefits under Article 2 (§ 51.1-1154 et seq.) until the participating employee completes one year of continuous service.

D. Eligibility for participation in the program shall terminate upon the earliest to occur of an employee's (i) termination of employment or (ii) death. Eligibility for participation in the program shall be suspended during periods that an employee is placed on nonpay status, including leave without pay, if such nonpay status is due to suspension pending investigation or outcome of employment-related court or disciplinary action.

CHAPTER 661

An Act to amend and reenact §§ 32.1-69.1, 32.1-69.2, and 32.1-127 of the Code of Virginia, relating to hospitals; establishing policies to follow when a stillbirth occurs; reporting to Virginia Congenital Anomalies Reporting and Education System.

[C 1197]

Approved March 26, 2015

Be it enacted by the General Assembly of Virginia:

1. That §§ 32.1-69.1, 32.1-69.2, and 32.1-127 of the Code of Virginia are amended and reenacted as follows:

§ 32.1-69.1. Virginia Congenital Anomalies Reporting and Education System.

A. In order to collect data to evaluate the possible causes of stillbirths and birth defects, improve the diagnosis and treatment of birth defects and establish a mechanism for informing the parents of children identified as having birth defects and their physicians about the health resources available to aid such children, the Commissioner shall establish and maintain a Virginia Congenital Anomalies Reporting and Education System using data from birth and death certificates and fetal death reports filed with the State Registrar of Vital Records and data obtained from hospital medical records. The chief administrative officer of every hospital, as defined in § 32.1-123, shall make or cause to be made a report to the Commissioner of any stillbirth and any person under two years of age diagnosed as having a congenital anomaly. The Commissioner may appoint an advisory committee to assist in the design and implementation of this reporting and education system with representation from relevant groups including, but not limited to, physicians, geneticists, personnel of appropriate state agencies, persons with disabilities and the parents of children with disabilities.

B. The Commissioner shall provide for a secure system, which may include online data entry that protects the confidentiality of data and information for which reporting is required, to implement the Virginia Congenital Anomalies Reporting and Education System.

At a minimum, data collected shall include, but need not be limited to, the following: (i) the infant's first and last name, date of birth, gender, state of residence, birth hospital, physician's name, date of admission, date of discharge or transfer, and diagnosis; (ii) the first and last names of the infant's mother and father; (iii) the first and last name of the primary contact person for the infant; and (iv) data pertaining to stillbirths and birth defects reported by hospitals and derived from birth and death certificates and fetal death reports filed with the State Registrar of Vital Records and such other sources as may be authorized by the Commissioner.

The Commissioner, as he deems necessary to facilitate the follow-up of infants whose data and health record information have been entered into the system, may authorize the integration or linking of the Virginia Congenital Anomalies Reporting and Education System with other Department of Health population-based surveillance systems.

In addition, to minimize duplication and ensure accuracy during data entry, the Commissioner may authorize hospitals required to report stillbirth and birth defect data to the system to view such existing data and information as may be designated by the Commissioner.

With the assistance of the advisory committee, the Board shall promulgate such regulations as may be necessary to implement this reporting and education system.

C. As used in this section, "stillbirth" means an unintended, intrauterine fetal death occurring after a gestational period of 20 weeks.

§ 32.1-69.2. Confidentiality of records; publication; authority of Commissioner to contact parents and physicians.

The Commissioner and all other persons to whom data is submitted pursuant to § 32.1-69.1 shall keep such information confidential. For the purpose of only complying with the provisions of § 32.1-69.1, hospitals required to report stillbirths, as defined in § 32.1-69.1, and birth defects to the Virginia Congenital Anomalies Reporting and Education System and provide patient follow-up may view personally identifiable information in the system as approved by the Commissioner and upon receipt by the Commissioner of sworn affirmation from each such person that the confidentiality of the information will be preserved. No publication of information shall be made except in the form of statistical or other
§ 32.1-127. Regulations.
A. The regulations promulgated by the Board to carry out the provisions of this article shall be in substantial conformity to the standards of health, hygiene, sanitation, construction and safety as established and recognized by medical and health care professionals and by specialists in matters of public health and safety, including health and safety standards established under provisions of Title XVIII and Title XIX of the Social Security Act, and to the provisions of Article 2 (§ 32.1-138 et seq.).
B. Such regulations:
1. Shall include minimum standards for (i) the construction and maintenance of hospitals, nursing homes and certified nursing facilities to ensure the environmental protection and the life safety of its patients, employees, and the public; (ii) the operation, staffing and equipping of hospitals, nursing homes and certified nursing facilities; (iii) qualifications and training of staff of hospitals, nursing homes and certified nursing facilities, except those professionals licensed or certified by the Department of Health Professions; (iv) conditions under which a hospital or nursing home may provide medical and nursing services to patients in their places of residence; and (v) policies related to infection prevention, disaster preparedness, and facility security of hospitals, nursing homes, and certified nursing facilities. For purposes of this paragraph, facilities in which five or more first trimester abortions per month are performed shall be classified as a category of “hospital”;
2. Shall provide that at least one physician who is licensed to practice medicine in this Commonwealth shall be on call at all times, though not necessarily physically present on the premises, at each hospital which operates or holds itself out as operating an emergency service;
3. May classify hospitals and nursing homes by type of specialty or service and may provide for licensing hospitals and nursing homes by bed capacity and by type of specialty or service;
4. Shall also require that each hospital establish a protocol for organ donation, in compliance with federal law and the regulations of the Centers for Medicare and Medicaid Services (CMS), particularly 42 C.F.R. § 482.45. Each hospital shall have an agreement with an organ procurement organization designated in CMS regulations for routine contact, whereby the provider's designated organ procurement organization certified by CMS (i) is notified in a timely manner of all deaths or imminent deaths of patients in the hospital and (ii) is authorized to determine the suitability of the decedent or patient for organ donation and, in the absence of a similar arrangement with any eye bank or tissue bank in Virginia certified by the Eye Bank Association of America or the American Association of Tissue Banks, the suitability for tissue and eye donation. The hospital shall also have an agreement with at least one tissue bank and at least one eye bank to cooperate in the retrieval, processing, preservation, storage, and distribution of tissues and eyes to ensure that all usable tissues and eyes are obtained from potential donors and to avoid interference with organ procurement. The protocol shall ensure that the hospital collaborates with the designated organ procurement organization to inform the family of each potential donor of the option to donate organs, tissues, or eyes or to decline to donate. The individual making contact with the family shall have completed a course in the methodology for approaching potential donor families and requesting organ or tissue donation that (a) is offered or approved by the organ procurement organization and designed in conjunction with the tissue and eye bank community and (b) encourages discretion and sensitivity according to the specific circumstances, views, and beliefs of the relevant family. In addition, the hospital shall work cooperatively with the designated organ procurement organization in educating the staff responsible for contacting the organ procurement organization's personnel on donation issues, the proper review of death records to improve identification of potential donors, and the proper procedures for maintaining potential donors while necessary testing and placement of potential donated organs, tissues, and eyes takes place. This process shall be followed, without exception, unless the family of the relevant decedent or patient has expressed opposition to organ donation, the chief administrative officer of the hospital or his designee knows of such opposition, and no donor card or other relevant document, such as an advance directive, can be found;
5. Shall require that each hospital that provides obstetrical services establish a protocol for admission or transfer of any pregnant woman who presents herself while in labor;
6. Shall also require that each licensed hospital develop and implement a protocol requiring written discharge plans for identified, substance-abusing, postpartum women and their infants. The protocol shall require that the discharge plan be discussed with the patient and that appropriate referrals for the mother and the infant be made and documented. Appropriate referrals may include, but need not be limited to, treatment services, comprehensive early intervention services for infants and toddlers with disabilities and their families pursuant to Part H of the Individuals with Disabilities Education Act, 20 U.S.C. § 1471 et seq., and family-oriented prevention services. The discharge planning process shall involve, to the extent possible, the father of the infant and any members of the patient's extended family who may participate in the follow-up care for the mother and the infant. Immediately upon identification, pursuant to § 54.1-2403.1, of any substance-abusing, postpartum woman, the hospital shall notify, subject to federal law restrictions, the community services board of the jurisdiction in which the woman resides to appoint a discharge plan manager. The community services board shall implement and manage the discharge plan;
7. Shall require that each nursing home and certified nursing facility fully disclose to the applicant for admission the home's or facility's admissions policies, including any preferences given;
8. Shall require that each licensed hospital establish a protocol relating to the rights and responsibilities of patients which shall include a process reasonably designed to inform patients of such rights and responsibilities. Such rights and responsibilities of patients, a copy of which shall be given to patients on admission, shall be consistent with applicable federal law and regulations of the Centers for Medicare and Medicaid Services;

9. Shall establish standards and maintain a process for designation of levels or categories of care in neonatal services according to an applicable national or state-developed evaluation system. Such standards may be differentiated for various levels or categories of care and may include, but need not be limited to, requirements for staffing credentials, staff/patient ratios, equipment, and medical protocols;

10. Shall require that each nursing home and certified nursing facility train all employees who are mandated to report adult abuse, neglect, or exploitation pursuant to § 63.2-1606 on such reporting procedures and the consequences for failing to make a required report;

11. Shall permit hospital personnel, as designated in medical staff bylaws, rules and regulations, or hospital policies and procedures, to accept emergency telephone and other verbal orders for medication or treatment for hospital patients from physicians, and other persons lawfully authorized by state statute to give patient orders, subject to a requirement that such verbal order be signed, within a reasonable period of time not to exceed 72 hours as specified in the hospital's medical staff bylaws, rules and regulations or hospital policies and procedures, by the person giving the order, or, when such person is not available within the period of time specified, co-signed by another physician or other person authorized to give the order;

12. Shall require, unless the vaccination is medically contraindicated or the resident declines the offer of the vaccination, that each certified nursing facility and nursing home provide or arrange for the administration to its residents of (i) an annual vaccination against influenza and (ii) a pneumococcal vaccination, in accordance with the most recent recommendations of the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;

13. Shall require that each nursing home and certified nursing facility register with the Department of State Police to receive notice of the registration or reregistration of any sex offender within the same or a contiguous zip code area in which the home or facility is located, pursuant to § 9.1-914;

14. Shall require that each nursing home and certified nursing facility ascertain, prior to admission, whether a potential patient is a registered sex offender, if the home or facility anticipates the potential patient will have a length of stay greater than three days or in fact stays longer than three days;

15. Shall require that each licensed hospital include in its visitation policy a provision allowing each adult patient to receive visits from any individual from whom the patient desires to receive visits, subject to other restrictions contained in the visitation policy including, but not limited to, those related to the patient's medical condition and the number of visitors permitted in the patient's room simultaneously;

16. Shall require that each nursing home and certified nursing facility shall, upon the request of the facility's family council, send notices and information about the family council mutually developed by the family council and the administration of the nursing home or certified nursing facility, and provided to the facility for such purpose, to the listed responsible party or a contact person of the resident's choice up to six times per year. Such notices may be included together with a monthly billing statement or other regular communication. Notices and information shall also be posted in a designated location within the nursing home or certified nursing facility; and

17. Shall require that each nursing home and certified nursing facility maintain liability insurance coverage in a minimum amount of $1 million, and professional liability coverage in an amount at least equal to the recovery limit set forth in § 8.01-581.15, to compensate patients or individuals for injuries and losses resulting from the negligent or criminal acts of the facility. Failure to maintain such minimum insurance shall result in revocation of the facility's license; and

18. Shall require each hospital that provides obstetrical services to establish policies to follow when a stillbirth, as defined in § 32.1-69.1, occurs that meet the guidelines pertaining to counseling patients and their families and other aspects of managing stillbirths as may be specified by the Board in its regulations.

C. Upon obtaining the appropriate license, if applicable, licensed hospitals, nursing homes, and certified nursing facilities may operate adult day care centers.

D. All facilities licensed by the Board pursuant to this article which provide treatment or care for hemophiliacs and, in the course of such treatment, stock clotting factors, shall maintain records of all lot numbers or other unique identifiers for such clotting factors in order that, in the event the lot is found to be contaminated with an infectious agent, those hemophiliacs who have received units of this contaminated clotting factor may be apprised of this contamination. Facilities which have identified a lot which is known to be contaminated shall notify the recipient's attending physician and request that he notify the recipient of the contamination. If the physician is unavailable, the facility shall notify by mail, return receipt requested, each recipient who received treatment from a known contaminated lot at the individual's last known address.

CHAPTER 662

An Act to amend and reenact §§ 37.2-910, 37.2-911, 37.2-913, and 37.2-914 of the Code of Virginia, relating to sexually violent predators; notice of hearings; conditional release plan.

Approved March 26, 2015

[H 2303]
Be it enacted by the General Assembly of Virginia:

1. That §§ 37.2-910, 37.2-911, 37.2-913, and 37.2-914 of the Code of Virginia are amended and reenacted as follows:

§ 37.2-910. Review of continuation of secure inpatient treatment hearing; procedure and reports; disposition.
A. The committing court shall conduct a hearing 12 months after the date of commitment to assess each respondent's need for secure inpatient treatment. A hearing for assessment shall be conducted at yearly intervals for five years and at biennial intervals thereafter. The court shall schedule the matter for hearing as soon as possible after it becomes due, giving the matter priority over all pending matters before the court. A continuance extending the review may be granted to either the Attorney General or the respondent upon good cause shown or by agreement of the parties. Whenever practicable, the hearing for assessment shall be conducted using a two-way electronic video and audio communication system that meets the standards set forth in subsection B of § 19.2-3.1.

B. Prior to the hearing, the Commissioner shall provide to the court a report reevaluating the respondent's condition and recommending treatment. The report shall be prepared by a licensed psychiatrist or a licensed clinical psychologist skilled in the diagnosis and risk assessment of sex offenders and knowledgeable about the treatment of sex offenders. If the Commissioner's report recommends discharge or the respondent requests discharge, the respondent's condition and need for secure inpatient treatment shall be evaluated by a second person with such credentials who is not currently treating the respondent. Any professional person who conducts a second evaluation of a respondent shall submit a report of his findings to the court and the Commissioner. A copy of any report submitted pursuant to this subsection shall be sent to the Attorney General and to any attorney appointed or retained for the respondent.

C. The burden of proof at the hearing shall be upon the Commonwealth to prove to the court by clear and convincing evidence that the respondent remains a sexually violent predator.

D. If the court finds, based upon the report and other evidence provided at the hearing, that the respondent is no longer a sexually violent predator, the court shall release the respondent from secure inpatient treatment. If the court finds that the respondent remains a sexually violent predator, it shall order that he remain in the custody of the Commissioner for secure inpatient hospitalization and treatment or that he be conditionally released. To determine if the respondent shall be conditionally released, the court shall determine if the respondent meets the criteria for conditional release set forth in § 37.2-912. If the court orders that the respondent be conditionally released, the court shall allow the Department no less than 30 days and no more than 60 days to prepare a conditional release plan. Any such plan must be able to accommodate needed and appropriate supervision and treatment plans for the respondent, including but not limited to, therapy or counseling, access to medications, availability of travel, location of residence, and regular psychological monitoring of the respondent if called for, including polygraph examinations, penile plethysmograph testing, or sexual interest testing, if necessary. Access to anti-androgen medications or other medication prescribed to lower blood serum testosterone shall not be used as a primary reason for determining that less restrictive alternatives are appropriate pursuant to this chapter. In preparing the conditional release plan, the Department shall notify the attorney for the Commonwealth, the chief law-enforcement officer, and the governing body for the locality that is the proposed location of the respondent's residence upon his conditional release.

If the court places the respondent on conditional release, the court shall order the respondent to be subject to electronic monitoring of his location by means of a GPS (Global Positioning System) tracking device, or other similar device, at all times while he is on conditional release.

§ 37.2-911. Petition for release; hearing; procedures.
A. The Commissioner may petition the committing court for conditional release of the committed respondent at any time he believes the committed respondent's condition has so changed that he is no longer in need of secure inpatient treatment. The Commissioner may petition the committing court for unconditional release of the committed respondent at any time he believes the committed respondent's condition has so changed that he is no longer a sexually violent predator. The petition shall be accompanied by a report of clinical findings supporting the petition and by a conditional release or discharge plan, as applicable, prepared by the Department. The committed respondent may petition the committing court for unconditional release of the committed respondent if called for, including polygraph examinations, penile plethysmograph testing, or sexual interest testing, if necessary. Access to anti-androgen medications or other medication prescribed to lower blood serum testosterone shall not be used as a primary reason for determining that less restrictive alternatives are appropriate pursuant to this chapter. In preparing the conditional release plan, the Department shall notify the attorney for the Commonwealth, the chief law-enforcement officer, and the governing body for the locality that is the proposed location of the respondent's residence upon his conditional release.

B. Upon the submission of a petition pursuant to this section, the committing court shall conduct the proceedings according to the procedures set forth in § 37.2-910.

§ 37.2-913. Emergency custody of conditionally released respondents; revocation of conditional release.
A. A judicial officer may issue an emergency custody order, upon the sworn petition of any responsible person or upon his own motion, based upon probable cause to believe that a respondent on conditional release within his judicial district has violated the conditions of his release and is no longer a proper subject for conditional release. The judicial officer shall forward a copy of the petition and the emergency custody order to the circuit court that conditionally released the respondent, the Attorney General, and the Department, and the attorney for the Commonwealth for the locality that is the location of the respondent's residence. Petitions and orders for emergency custody of conditionally released respondents pursuant to this section may be filed, issued, served, or executed by electronic means, with or without the use of two-way electronic video and audio communication, and returned in the same manner with the same force, effect, and authority as an original document. All signatures thereon shall be treated as original signatures.
B. The emergency custody order shall require a law-enforcement officer to take the respondent into custody immediately. A law-enforcement officer may lawfully go to or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section. The respondent shall be transported to a secure facility specified by the Department where a person designated by the Department who is skilled in the diagnosis and risk assessment of sex offenders and knowledgeable about the treatment of sex offenders shall, as soon as practicable, perform a mental health examination of the respondent, including a personal interview. The mental health evaluator shall consider the criteria in § 37.2-912 and shall opine whether the respondent remains suitable for conditional release. The evaluator shall report his findings and conclusions in writing to the Department, the Office of the Attorney General, counsel for the respondent, and the court in which the petition was filed. The evaluator's report shall become part of the record in the case.

F.1. The Chairmen of the House Appropriations and Senate Finance Committees shall each appoint four members from their respective committees to a joint subcommittee to review public higher education funding policies and to make recommendations to their respective committees. The objective of the review is to develop policies and formulas to provide the public institutions of higher education with an equitable funding methodology that: (a)
recognizes differences in institutional mission; (b) provides incentives for achievement and productivity; (c) recognizes enrollment growth; and (d) establishes funding objectives in areas such as faculty salaries, financial aid, and the appropriate share of educational and general costs that should be borne by resident students. In addition, the review shall include the development of comparable cost data concerning the delivery of higher education through an analysis of the relationship of each public institution to its national peers. The public institutions of higher education and the staff of the State Council of Higher Education for Virginia are directed to provide technical assistance, as required, to the joint subcommittee.

2. The Joint Subcommittee on Higher Education Funding Policies shall conduct an assessment of the adequacy of the current educational and general funding levels for Virginia's public institutions of higher education. The methodology should take into consideration that support staff and operations may need to be expanded when enrollment growth reaches certain levels.

4. The Joint Subcommittee may seek support from the staff of the Senate Finance and House Appropriations Committees, the public institutions of higher education, or other higher education or state agency representatives, as requested by the Joint Subcommittee. At its discretion, the Joint Subcommittee may contract for consulting services.

5. The Joint Subcommittee is hereby continued to provide direction and oversight of higher education funding policies. The Joint Subcommittee shall review and articulate policies and funding methodologies on: (a) the appropriate share of educational and general costs that should be borne by students; (b) student financial aid; (c) undergraduate medical education funding; (d) the mix of full-time and part-time faculty; (e) the mix of in-state and out-of-state students as it relates to tuition policy; and (f) the viability of statewide articulation agreements between four-year and two-year public institutions.

6. a. It is the objective of the General Assembly that funding for Virginia's public colleges and universities shall be based primarily on the funding guidelines outlined in the November, 2001 report of the Joint Subcommittee on Higher Education Funding Policies.

   b. Based on the findings and recommendations of its November, 2001 report, the Joint Subcommittee shall coordinate with the State Council of Higher Education, the Secretary of Education, and the Department of Planning and Budget in incorporating the higher education funding guidelines into the development of budget recommendations.

   c. As part of its responsibilities to ensure the fair and equitable distribution and use of public funds among the public institutions of higher education, the State Council of Higher Education shall incorporate the funding guidelines established by the Joint Subcommittee into its budget recommendations to the Governor and the General Assembly.

Authority: Title 30, Chapters 7 and 8, Code of Virginia.

A. Out of this appropriation shall be paid the annual salary of the Director, Joint Legislative Audit and Review Commission (JLARC), $152,337 from July 1, 2014 to June 24, 2015 and $152,337 from June 25, 2015 to June 30, 2016.

B. JLARC, upon request of the Department of Planning and Budget and approval of the Chairman, shall review and provide comments to the department on its use of performance measures in the state budget process. JLARC staff shall review the methodology and proposed uses of such performance measures and provide periodic status reports to the Commission.

C. Expenses associated with the oversight responsibility of the Virginia Retirement System by JLARC and the House Appropriations and Senate Finance Committees shall be reimbursed by the Virginia Retirement System upon documentation by the Director, JLARC of the expenses incurred.
D. Out of this appropriation, funds are provided to continue the technical support staff of JLARC, in order to assist with legislative fiscal impact analysis when an impact statement is referred from the Chairman of a standing committee of the House or Senate, and to conduct oversight of the expenditure forecasting process. Pursuant to existing statutory authority, all agencies of the Commonwealth shall provide access to information necessary to accomplish these duties.

E.1. The General Assembly hereby designates the Joint Legislative Audit and Review Commission (JLARC) to review and evaluate the Virginia Information Technologies Agency (VITA) on a continuing basis and to make such special studies and reports as may be requested by the General Assembly, the House Appropriations Committee, or the Senate Finance Committee.

2. The areas of review and evaluation to be conducted by the Commission shall include, but are not limited to, the following: (i) VITA's infrastructure outsourcing contracts and any amendments thereto; (ii) adequacy of VITA's planning and oversight responsibilities, including VITA's oversight of information technology projects and the security of governmental information; (iii) cost-effectiveness and adequacy of VITA's procurement services and its oversight of the procurement activities of State agencies.

3. For the purpose of carrying out its duties and notwithstanding any contrary provision of law, JLARC shall have the legal authority to access the information, records, facilities, and employees of VITA.

4. Records provided to VITA by a private entity pertaining to VITA's comprehensive infrastructure agreement or any successor contract, or any contractual amendments thereto for the operation of the Commonwealth's information technology infrastructure shall be exempt from the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), to the extent that such records contain (i) trade secrets of the private entity as defined in the Uniform Trade Secrets Act (§ 59.1-336 et seq.) or (ii) financial records of the private entity, including balance sheets and financial statements, that are not generally available to the public through regulatory disclosure or otherwise. In order for the records specified in clauses (i) and (ii) to be excluded from the Virginia Freedom of Information Act, the private entity shall make a written request to VITA:

   a. Invoking such exclusion upon submission of the data or other materials for which protection from disclosure is sought;

   b. Identifying with specificity the data or other materials for which protection is sought; and

   c. Stating the reasons why protection is necessary.

VITA shall determine whether the requested exclusion from disclosure is necessary to protect the trade secrets or financial records of the private entity. VITA shall make a written determination of the nature and scope of the protection to be afforded by it under this subdivision. Once a written determination is made by VITA, the records afforded protection under this subdivision shall continue to be protected from disclosure when in the possession of VITA or JLARC.

Except as specifically provided in this item, nothing in this item shall be construed to authorize the withholding of (a) procurement records as required by § 56-575.17; (b) information concerning the terms and conditions of any interim or comprehensive agreement, service contract, lease, partnership, or any agreement of any kind entered into by VITA and the private entity; (c) information concerning the terms and conditions of any financing arrangement that involves the use of any public funds; or (d) information concerning the performance of the private entity under the comprehensive infrastructure agreement, or any successor contract, or any contractual amendments thereto for the operation of the Commonwealth's information technology infrastructure.

5. The Chairman of JLARC may appoint a permanent subcommittee to provide guidance and direction for VITA review and evaluation activities, subject to the full Commission's supervision and such guidelines as the Commission itself may provide.
6. All agencies of the Commonwealth shall cooperate as requested by JLARC in the performance of its duties under this authority.

F. 1. JLARC is hereby directed to study options for the restructuring of lowest performing schools or districts. The study shall consider (i) options used in other states and cities and the outcomes of efforts such as mergers, takeovers, charter schools, and other turnaround efforts, including an assessment of Virginia's efforts to date; (ii) other current successful approaches for high poverty urban schools within Virginia and whether they could be replicated in other areas; (iii) an estimate of the resources and expertise that would be required at the state level to effectively implement and oversee any such models; (iv) appropriate criteria for intervention decisions; and (v) analysis of the primary reasons for low school or district performance.

2. JLARC shall complete its study and submit a final report by June 30, 2014.

3. The Department of Education and local school divisions shall cooperate as requested by JLARC. All agencies of the Commonwealth shall provide assistance for this study, upon request.

G. 1. As a component of the review for efficiency and effectiveness of public education spending in Virginia, pursuant to Senate Joint Resolution 328 from the 2013 Session of the General Assembly, JLARC shall examine and include virtual instruction. The review of virtual instruction and spending may include, but not be limited to, (i) virtual options used in Virginia and other states and the rate of growth of the virtual school populations; (ii) the cost of virtual K-12 schooling for part-time and full-time enrollments, particularly in relation to the cost of conventional 'brick-and-mortar' education; and, (iii) the effectiveness of virtual schooling in terms of student academic achievement outcomes on assessment tests and course completion or graduation rates.

2. The Department of Education and local school divisions shall cooperate as requested by JLARC. All agencies of the Commonwealth shall provide assistance for this study, upon request.

H. 1. As part of its review of the Commonwealth's implementation of the Workforce Investment Act mandated by House Joint Resolution 688, 2013 Session of the General Assembly, JLARC is hereby directed to evaluate the success of the workforce training and education systems in ensuring that Virginians possess the necessary skills and credentials to meet the workforce needs of Virginia's employers. The study shall consider what steps could be taken to produce a more coordinated and effective workforce development system. As part of this effort, JLARC shall review the funding streams, priorities and allocations of these funds and whether the existing governance and accountability structures facilitate such a system.

2. JLARC shall complete its study and submit a final report by December 15, 2014.

3. All agencies of the Commonwealth shall provide assistance for this study upon request.

I. To assist JLARC in conducting its study of the Line of Duty Act pursuant to House Joint Resolution 103 of the 2014 General Assembly, the Virginia State Police and local law enforcement agencies shall, upon request, provide JLARC with any information they possess as a result of carrying out the provisions of the Line of Duty Act (§ 9.1-400 et seq.), including any evidence and documents obtained or reports of investigation or other documents prepared.

Personnel expenditures for operation of such equipment incidental to the duties of courtroom and courthouse security deputies may be authorized, provided that no additional expenditures for personnel shall be approved for the principal purpose of operating these devices.

C. Notwithstanding the provisions of § 53.1-120, or any other section of the Code of Virginia, unless a judge provides the sheriff with a written order stating that a substantial security risk exists in a particular case, no courtroom security deputies may be ordered for civil cases, not more than one deputy may be ordered for criminal cases in a district court, and not more than two deputies may be ordered for criminal cases in a circuit court. In complying with such orders for additional security, the sheriff may consider other deputies present in the courtroom as part of his security force.

D. Should the scheduled opening date of any facility be delayed for which funds are available in this Item, the Director, Department of Planning and Budget, may allot such funds as the Compensation Board may request to allow the employment of staff for training purposes not more than 45 days prior to the rescheduled opening date for the facility.
E. Consistent with the provisions of paragraph B of Item 73, the board shall allocate the additional jail deputies provided in this appropriation using a ratio of one jail deputy for every 3.0 beds of operational capacity. Operational capacity shall be determined by the Department of Corrections. No additional deputy sheriffs shall be provided from this appropriation to a local jail in which the present staffing exceeds this ratio unless the jail is overcrowded. Overcrowding for these purposes shall be defined as when the average annual daily population exceeds the operational capacity. In those jails experiencing overcrowding, the board may allocate one additional jail deputy for every five average annual daily prisoners above operational capacity. Should overcrowding be reduced or eliminated in any jail, the Compensation Board shall reallocate positions previously assigned due to overcrowding to other jails in the Commonwealth that are experiencing overcrowding.

F. Two-thirds of the salaries set by the Compensation Board of medical, treatment, and inmate classification positions approved by the Compensation Board for local correctional facilities shall be paid out of this appropriation.

G.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a master deputy pay grade to those sheriffs' offices which had certified, on or before January 1, 1997, having a career development plan for deputy sheriffs that meet the minimum criteria set forth by the Compensation Board for such plans. The Compensation Board shall allow for additional grade 9 positions, at a level not to exceed one grade 9 master deputy per every five Compensation Board grade 7 and 8 deputy positions in each sheriff's office.

2. Each sheriff who desires to participate in the Master Deputy Program who had not certified a career development plan on or before January 1, 1997, may elect to participate by certifying to the Compensation Board that the career development plan in effect in his office meets the minimum criteria for such plans as set by the Compensation Board. Such election shall be made by July 1 for an effective date of participation the following July 1.

3. Subject to appropriations by the General Assembly for this purpose, funding shall be provided by the Compensation Board for participation in the Master Deputy Program to sheriffs' offices electing participation after January 1, 1997, according to the date of receipt by the Compensation Board of the election by the sheriff.

H. The Compensation Board shall estimate biennially the number of additional law enforcement deputies which will be needed in accordance with § 15.2-1609.1, Code of Virginia. Such estimate of the number of positions and related costs shall be included in the board’s biennial budget request submission to the Governor and General Assembly. The allocation of such positions, established by the Governor and General Assembly in Item 73 of this act, shall be determined by the Compensation Board on an annual basis. The annual allocation of these positions to local sheriffs’ offices shall be based upon the most recent final population estimate for the locality that is available to the Compensation Board at the time when the agency's annual budget request is completed. The source of such population estimates shall be the Weldon Cooper Center for Public Service of the University of Virginia or the United States Bureau of the Census. For the first year of the biennium, the Compensation Board shall allocate positions based upon the most recent provisional population estimates available at the time the agency's annual budget is completed.

I. Any amount in the program Financial Assistance for Sheriffs’ Offices and Regional Jails may be transferred between Items 66 and 67, as needed, to cover any deficits incurred in the programs Financial Assistance for Confinement of Inmates in Local and Regional Facilities, and Financial Assistance for Sheriffs’ Offices and Regional Jails.

J.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a Sheriffs’ Career Development Program.

2. Following receipt of a sheriff’s certification that the minimum requirements of the Sheriffs’ Career Development Program have been met, and provided that such certification is submitted by sheriffs as part of their annual budget request to the Compensation Board on or before February 1 of each year, the Compensation Board shall increase the annual salary shown in paragraph A of this Item by the percentage shown below herein for a twelve-month period effective the following July 1.
ITEM 66.

a. 9.3 percent increase for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs’ Career Development Program where such criteria includes that a sheriff has achieved certification in a program agreed upon by the Compensation Board and the Virginia Sheriffs’ Institute by Virginia Commonwealth University the Weldon Cooper Center for Public Service of the University of Virginia, or, where such criteria include that a sheriff’s office seeking accreditation has been assessed and will be considered for accreditation by the accrediting body no later than March 1, and have achieved accreditation by March 1 from the Virginia Law Enforcement Professional Standards Commission, or the Commission on Accreditation of Law Enforcement agencies, or the American Correctional Association, et al.

b. For sheriffs that have not achieved one of the above accreditations:

1. 3.1 percent for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs’ Career Development Program; and

2. 3.1 percent additional increase for sheriffs who certify their compliance with the established minimum criteria for the Sheriffs’ Career Development Program and operate a jail; and

3. 3.1 percent additional increase for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs’ Career Development Program and provide primary law enforcement services in the county.

4. The provisions of subparagraphs 2.b.1. through 2.b.3. of this paragraph shall apply only to sheriffs certifying their compliance with the established minimum criteria for the Sheriffs’ Career Development Program prior to July 1, 2014, and shall expire on June 30, 2016.

54. Other constitutional officers' associations may request the General Assembly to include certification in a program agreed upon by the Compensation Board and the officers’ associations by the Weldon Cooper Center for Public Service to the requirements for participation in their respective career development programs.

K. Notwithstanding the provisions of Article 7, Chapter 15, Title 56, Code of Virginia, $8,000,000 the first year and $8,000,000 the second year from the Wireless E-911 Fund is included in this appropriation for local law enforcement dispatchers to offset dispatch center operations and related costs.

L. Notwithstanding the provisions of §§ 53.1-131 through 53.1 -131.3, Code of Virginia, local and regional jails may charge inmates participating in inmate work programs a reasonable daily amount, not to exceed the actual daily cost, to operate the program.

M. Included in this appropriation is $1,004,500 the first year and $1,004,500 the second year from the general fund for the Compensation Board to contract for services to be provided by the Virginia Center for Policing Innovation to implement and maintain the interface between all local and regional jails in the Commonwealth and the Statewide Automated Victim Notification (SAVIN) system, to provide for SAVIN program coordination, and to maintain the interface between SAVIN and the Virginia Sex Offender Registry. All law enforcement agencies receiving general funds pursuant to this item shall provide the data requirements necessary to participate in the SAVIN system.

P. Included in this appropriation for this Item is $1,536,315 the first year and $1,679,216 the second year from the general fund to provide 48 additional temporary jail deputy positions for local and regional jails with overcrowding rates that exceed 100 percent of operational capacity.

Q. Included in the appropriation is $206,723 the second year from the general fund to support costs associated with staffing Phase I of the Central Virginia Regional Jail expansion.
**R.** Included in the appropriation for this Item, $1,216,244 the second year from the general fund is provided to increase the minimum starting salary for entry level grade 7 deputy sheriffs employed in sheriffs' offices and entry-level grade 7 regional jail officers employed in regional jails by 4.63 percent effective September 1, 2015. This funding, in addition to the two percent salary adjustment for state supported local employees in Item 467 of this act, which is contingent on revenues, is sufficient to increase the minimum salary for entry level grade 7 deputy sheriffs and entry level grade 7 regional jail officers to $31,009 effective September 1, 2015. Effective September 1, 2015, the Compensation Board shall establish salary increases associated with the reclassification of a deputy sheriff or deputy regional jail officer from grade 7 to grade 8 upon the first of the month on or following the one year anniversary of the date of hire into a Compensation Board funded position based upon the salary actions authorized in this Act.

A. In the event the appropriation in this Item proves to be insufficient to fund all of its provisions, any amount remaining as of June 1, 2015, and June 1, 2016, may be reallocated among localities on a pro rata basis according to such deficiency.

B. For the purposes of this Item, the following definitions shall be applicable:

1. Effective sentence—a convicted offender’s sentence as rendered by the court less any portion of the sentence suspended by the court.

2. Local responsible inmate—(a) any person arrested on a state warrant and incarcerated in a local correctional facility, as defined by § 53.1-1, Code of Virginia, prior to trial; (b) any person convicted of a misdemeanor offense and sentenced to a term in a local correctional facility; or (c) any person convicted of a felony offense and given an effective sentence of (i) twelve months or less or (ii) less than one year.

3. State responsible inmate—any person convicted of one or more felony offenses and (a) the sum of consecutive effective sentences for felonies, committed on or after January 1, 1995, is (i) more than 12 months or (ii) one year or more, or (b) the sum of consecutive effective sentences for felonies, committed before January 1, 1995, is more than two years.

C. The individual or entity responsible for operating any facility which receives funds from this Item may, if requested by the Department of Corrections, enter into an agreement with the department to accept the transfer of convicted felons, from other local facilities or from facilities operated by the Department of Corrections. In entering into any such agreements, or in effecting the transfer of offenders, the Department of Corrections shall consider the security requirements of transferred offenders and the capability of the local facility to maintain such offenders. For purposes of calculating the amount due each locality, all funds earned by the locality as a result of an agreement with the Department of Corrections shall be included as receipts from these appropriations.

D. Out of this appropriation, an amount not to exceed $377,010 the first year and $377,010 the second year from the general fund, is designated to be held in reserve for unbudgeted medical expenses incurred by local correctional facilities in the care of state responsible felons.
E. The following amounts shall be paid out of this appropriation to compensate localities for the cost of maintaining prisoners in local correctional facilities, as defined by § 53.1-1, Code of Virginia, or if the prisoner is not housed in a local correctional facility, in an alternative to incarceration program operated by, or under the authority of, the sheriff or jail board:

1. For local responsible inmates—$4 per inmate day, or, if the inmate is housed and maintained in a jail farm not under the control of the sheriff, the rate shall be $18 per inmate day.

2. For state responsible inmates—$12 per inmate day.

F. For the payment specified in paragraph E 1 of this Item for prisoners in alternative punishment or alternative to incarceration programs:

1. Such payment is intended to be made for prisoners that would otherwise be housed in a local correctional facility. It is not intended for prisoners that would otherwise be sentenced to community service or placed on probation.

2. No such payment shall be made unless the program has been approved by the Department of Corrections or the Department of Criminal Justice Services. Alternative punishment or alternative to incarceration programs, however, may include supervised work experience, treatment, and electronic monitoring programs.

G.1. Except as provided for in paragraph G 2, and notwithstanding any other provisions of this Item, the Compensation Board shall provide payment to any locality with an average daily jail population of under ten in FY 1995 an inmate per diem rate of $22 per day for local responsible inmates and $28 per day for state responsible inmates held in these jails in lieu of personal service costs for corrections' officers.

2. Any locality covered by the provisions of this paragraph shall be exempt from the provisions thereof provided that the locally elected sheriff, with the assistance of the Compensation Board, enters into good faith negotiations to house his prisoners in an existing local or regional jail. In establishing the per diem rate and capital contribution, if any, to be charged to such locality by a local or regional jail, the Compensation Board and the local sheriff or regional jail authority shall consider the operating support and capital contribution made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The Compensation Board shall report periodically to the Chairmen of the House Appropriations and Senate Finance Committees on the progress of these negotiations and may withhold the exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to negotiate in good faith.

H.1. The Compensation Board shall recover the state-funded costs associated with housing federal inmates, District of Columbia inmates or contract inmates from other states. The Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day salary funds provided by the Commonwealth, as identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day operating costs provided by the Commonwealth, excluding payments otherwise provided for in this Item, as identified in the most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in the most recent Jail Cost Report, the Compensation Board shall use the statewide average of per inmate day salary funds provided by the Commonwealth.

2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth from the facility's next quarterly per diem payment for state-responsible and local-responsible inmates. Should the next quarterly per diem payment owed the locality not be sufficient against which to net the total quarterly recovery amount, the locality shall remit the remaining amount not recovered to the Compensation Board.

3. Any local or regional jail which receives funding from the Compensation Board shall give priority to the housing of local-responsible, state-responsible, and state contract inmates, in that order, as provided in paragraph H 1.

4. The Compensation Board shall not provide any inmate per diem payments to any local or regional jail which holds federal inmates in excess of the number of beds contracted for with the Department of Corrections, unless the Director, Department of Corrections, certifies to the Chairman of the Compensation Board that a) such contract beds are not required; b) the facility has operational capacity built under contract with the federal government; c) the facility has received a grant from the federal government for a portion of the capital costs; or d) the facility has applied to the Department of Corrections for participation in the contract bed program with a sufficient number of beds to meet the Department of Corrections' need or ability to fund contract beds at that facility in any given fiscal year.

5. The Compensation Board shall apply the cost recovery methodology set out in paragraph H 1 of this Item to any jail which holds inmates from another state on a contractual basis. However, recovery in such circumstances shall not be made for inmates held pending extradition to other states or pending transfer to the Virginia Department of Corrections.

6. The provisions of this paragraph shall not apply to any local or regional jail where the cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital contribution.

7. For a local or regional jail which operates bed space specifically built utilizing federal capital or grant funds for the housing of federal inmates and for which Compensation Board funding has never been authorized for staff for such bed space, the Compensation Board shall allow an exemption from the recovery provided in paragraph H.1. for a defined number of federal prisoners upon certification by the sheriff or superintendent that the federal government has paid for the construction of bed space in the facility or provided a grant for a portion of the capital cost. Such certification shall include specific funding amounts paid by the federal government, localities, and/or regional jail authorities, and the Commonwealth for the construction of bed space specifically built for the housing of federal inmates and for the construction of the jail facility in its entirety. 3. Whenever an attorney for the Commonwealth is such for a county and city together, or for two or more cities, the aggregate population of such political subdivisions shall be the population for the purpose of arriving at the salary of such attorney for the Commonwealth under the provisions of this paragraph and such attorney for the Commonwealth shall receive as additional compensation the sum of one thousand dollars.

B. No expenditure shall be made out of this Item for the employment of investigators, clerk-investigators or other investigative personnel in the office of an attorney for the Commonwealth.

C. Consistent with the provisions of § 19.2-349, Code of Virginia, attorneys for the Commonwealth may, in addition to the options otherwise provided by law, employ individuals to assist in collection of outstanding fines, costs, forfeitures, penalties, and restitution. Notwithstanding any other provision of law, beginning on the date upon which the order or judgment is entered, the costs associated with employing such individuals may be paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. The attorneys for the Commonwealth shall account for the amounts collected and apportion costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.

D. The provisions of this act notwithstanding, no Commonwealth's attorney, public defender or employee of a public defender, shall be paid or receive reimbursement for the state portion of a salary in excess of the salary paid to judges of the circuit court. Nothing in this paragraph shall be construed to limit the ability of localities to supplement the salaries of locally elected constitutional officers or their employees.

E. The Statewide Juvenile Justice project positions, as established under the provisions of Item 74 E, of Chapter 912, 1996 Acts of Assembly, and Chapter 924, 1997 Acts of Assembly, are continued under the provisions of this act. The Commonwealth's attorneys receiving such positions shall annually certify to the Compensation Board that the positions are used primarily, if not exclusively, for the prosecution of delinquency and domestic relations felony cases, as defined by Chapters 912 and 924. In the event the positions are not primarily or exclusively used for the prosecution of delinquency and domestic relations felony cases, the Compensation Board shall reallocate such positions by using the allocation provisions as provided for the board in Item 74 E of Chapters 912 and 924.
F. The Compensation Board shall monitor the Department of Taxation program regarding the collection of unpaid fines and court costs by private debt collection firms contracted by Commonwealth’s attorneys and shall include, in its annual report to the General Assembly on the collection of court-ordered fines and fees for clerks of the courts and Commonwealth's attorneys, the amount of unpaid fines and costs collected by this program.

G. Out of this appropriation, $389,165 the first year and $389,165 the second year from the general fund is designated for the Compensation Board to fund five additional positions in Commonwealth’s attorney’s offices that shall be dedicated to prosecuting gang-related criminal activities. The board shall ensure that these positions work across jurisdictional lines, serving the Northern Virginia area (counties of Fairfax, Loudoun, Prince William, and Arlington and the cities of Falls Church, Alexandria, Manassas, Manassas Park and Fairfax).

H. Included within this appropriation is $2,120,757 the first year and $2,120,757 the second year from the general fund to increase the salary of each assistant Commonwealth's attorney by $3,308.

I. In accordance with the provisions of § 19.2-349, Code of Virginia, attorneys for the Commonwealth may employ individuals, or contract with private attorneys, private collection agencies, or other state or local agencies, to assist in collection of delinquent fines, costs, forfeitures, penalties, and restitution. If the attorney for the Commonwealth employs individuals, the costs associated with employing such individuals may be paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. If the attorney for the Commonwealth does not undertake collection, the attorney for the Commonwealth shall, as soon as practicable, take steps to ensure that any agreement or contract with an individual, attorney or agency complies with the terms of the current Master Guidelines Governing Collection of Unpaid Delinquent Court-Ordered Fines and Costs Pursuant to Virginia Code § 19.2-34 9 promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court, the Department of Taxation, and the Compensation Board (“the Master Guidelines”). Notwithstanding any other provision of law, the delinquent amounts owed shall be increased by seventeen (17) percent to help offset the costs associated with employing such individuals or contracting with such agencies or individuals. If such increase would exceed the contracted collection agent’s fee, then the delinquent amount owed shall be increased by the percentage or amount of the collection agent’s fee. Effective January 1, 2016 July 1, 2015, as provided in § 19.2-349, Code of Virginia, treasurers not being compensated on a contingency basis as of January 1, 2015 and other local government entities shall be prohibited from being compensated on a contingency basis but shall be instead compensated administrative cost pursuant to § 58.1-3958, Code of Virginia. Treasurers currently collecting a contingency fee shall be eligible to contract on a contingency fee basis until June 30, 2018. Effective July 1, 2015, any treasurer collecting a contingency fee shall retain only the expenses of collection, and the excess collection shall be divided between the state and the locality in the same manner as if the collection had been done by the attorney for the Commonwealth. The attorneys for the Commonwealth shall account for the amounts collected and the fees and costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.

C. The department shall provide technical assistance and project supervision in the aerial spraying of herbicides on timberland on landowner property. In addition to recovering the direct cost associated with the spraying contract, the department may charge an administrative fee for this service.

D. The Department of Forestry, in cooperation with the Department of Corrections, shall increase the use of inmate labor for routine and special work projects in state forests.

E. The department shall report by December 15 of each year on the progress of implementing the silvicultural water quality laws in Virginia. The report shall be submitted to the Chairmen of the House Appropriations and Senate Finance Committees.

F. The appropriation in Reforestation Incentives to Private Forest Land Owners include $791,499 the first year and $947,570 the second year from the general fund for the Reforestation of Timberlands Program. This appropriation shall be deemed sufficient to meet the provisions of Titles 10.1 and 58.1, Code of Virginia. Out of this appropriation, up to $147,500 the first year from the general fund may be used for replacement of the Department of Forestry's accounts receivable fiscal system.

G. Out of this appropriation, $394,605 the first year and $394,605 the second year from the general fund is included for the purchase of forest fire protection equipment through the state’s master equipment lease purchase program.

H. The department is authorized to enter into an agreement with a private entity for a pilot program to place a communication tower on department-owned property that is designed to blend with the surrounding landscape to the greatest extent practicable. Notwithstanding any other provision of law, any revenues received from such an agreement shall be retained by the department and used for forest land management.

I. The department is authorized to sell property located at 2010 Sandy Hook Road, Goochland, Virginia, 23063. Notwithstanding any other provision of law, the net proceeds of this transaction, estimated at $150,000, shall be retained by the department, deposited into a nongeneral fund account, and used for costs incurred replacing current information technology equipment with technology and equipment appropriate to the department’s operational needs.

J. The State Comptroller shall continue the Virginia State Forest Mitigation and Acquisition Fund and the Long Term Mitigation Fund as established in Item 102, Chapter 806, 2013 Acts of Assembly. All moneys in these funds shall be used as provided for in this Item and in Item 102, Chapter 806, 2013 Acts of Assembly.

2.a. An amount estimated at $9,840,690 from dedicated special revenue shall be deposited into the Virginia State Forest Mitigation Acquisition Fund, contingent upon ratification of a stream mitigation purchase and sale agreement between the Department of Forestry and Henrico County. This amount represents the proceeds from the stream mitigation transaction, which is based upon the Cumberland State Forest Stream Buffer Preservation Stewardship Plan.

State forest land means all sites, roadways, game food patches, ponds, lakes, streams, rivers, beaches, and lakes to which the Department of Forestry holds title for use, development, and administration.

K. 1. The Department of Forestry shall evaluate the cost and feasibility of providing retirement credits for special forest wardens who participate directly in extinguishing forest fires. As part of this evaluation, the department shall consider a methodology for the calculation of creditable hours for direct participation in extinguishing a forest fire. In determining cost, retirement credits can be used to offset not more than five years of service for participation in an unreduced service retirement allowance. Each month of service would be eliminated at the rate of one month for each 173 hours of retirement credit. In no case should creditable service or compensation be allowed for the retirement credits.

A. The Secretary of Education is hereby authorized to make allocations to qualified zone
academies of the portion of the national zone academy bond limitation amount to be allocated
annually to the Commonwealth of Virginia pursuant to Section 1397E of the Internal Revenue
Code of 1986, as amended, and to provide for carryovers of any unused limitation amount. In

state-of-the-art technology learning opportunities that ensure both secondary and post-secondary
students will be equipped for the demands of the current and future workplace.

E. The Secretary of Education, with the support of the Department of Education, shall conduct

a. School divisions shall take a count of September 30 fall membership and report this information to the Department of Education no later than October 15 of each year.

b. Except as otherwise provided herein, by statute, or by precedent, all appropriations to the Department of Education shall be calculated using March 31 ADM unadjusted for half-day kindergarten programs, estimated at 1,236,270.7 1,236,529.34 the first year and 1,244,214.54 the second year. March 31 ADM for half-day kindergarten shall be adjusted at 85 percent.
c. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1 and who are enrolled in a public school on less than a full-time basis in any mathematics, science, English, history, social science, vocational education, health education or physical education, fine arts or foreign language course, or receiving special education services required by a student's individualized education plan, shall be counted in the funded fall membership and March 31 ADM of the responsible school division. Each course shall be counted as 0.25, up to a cap of 0.5 of a student.

d. Students enrolled in an Individualized Student Alternative Education Program (ISAEP) pursuant to § 22.1-254 D shall be counted in the March 31 Average Daily Membership of the responsible school division. School divisions shall report these students separately in their March 31 reports of Average Daily Membership.

2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as prescribed by the Board of Education subject to revision by the General Assembly.

3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of instructional personnel required by the Standards of Quality for each school division with a minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate number thereof, in March 31 ADM for the same fiscal year for which the costs are computed, and including provision for driver, gifted, occupational-vocational, and special education, library materials and other teaching materials, teacher sick leave, general administration, division superintendents' salaries, free textbooks (including those for free and reduced price lunch pupils), school nurses, operation and maintenance of school plant, transportation of pupils, instructional television, professional and staff improvement, remedial work, fixed charges and other costs in programs not funded by other state and/or federal aid.

b. The state and local shares of funding resulting from the support cost calculation for school nurses shall be specifically identified as such and reported to school divisions annually. School divisions may spend these funds for licensed school nurse positions employed by the school division or for licensed nurses contracted by the local school division to provide school health services.

4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality. The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March 31 ADM reported for the first seven (7) months of the 2011-2012 school year and 1/3 of the index of wealth per capita (population estimates for 2011 as determined by the Weldon Cooper Center for Public Service of the University of Virginia) multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are determined by combining the following constituent index elements with the indicated weighting: (1) true values of real estate and public service corporations as reported by the State Department of Taxation for the calendar year 2011 - 50 percent; (2) adjusted gross income for the calendar year 2011 as reported by the State Department of Taxation - 40 percent; (3) the sales for the calendar year 2011 which are subject to the state general sales and use tax, as reported by the State Department of Taxation - 10 percent. Each constituent index element for a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM, or per capita, for the same element. A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing all payments based on the composite index of local ability-to-pay. Each constituent index element for a locality used to determine the composite index of local ability-to-pay for the current biennium shall be the latest available data for the specified official base year provided to the Department of Education by the responsible source agencies no later than November 15, 2013.

b. For any locality whose total calendar year 2011 Virginia Adjusted Gross Income is comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income shall be excluded in computing the composite index of ability-to-pay. The Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income, but shall not adjust the composite index of any other localities. The Department of Taxation shall furnish to the Department of Education such data as are necessary to implement this provision.
c.1) In the event that two or more school divisions become one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, which shall include the transition of a city to town status, all state payments from this item adjusted by the composite index of local ability to pay to such resulting division or interest rates on approved Literary Fund loans shall be made on the basis of a composite index established by the Board of Education, which shall equal the composite index no lower than the lowest nor higher than the highest composite index of any of the individual school divisions involved in such consolidation. In addition, the local share of state payments adjusted by the composite index shall also be based on the same composite index of any of the individual school divisions involved in such consolidation. This index shall remain in effect for a period of no less than five nor more than fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above. The Governor shall approve the composite index determined by the Board of Education prior to disbursement of funds under such index. The department shall report to the Chairmen of the House Appropriations and Senate Finance Committees the composite indices approved by the Governor and the board in the event this provision is implemented.

2) In the case of the consolidation of Clifton Forge and Alleghany County school divisions, the fifteen year period for the application of a new composite index shall apply beginning with the fiscal year that starts on July 1, 2004. Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional state funding for future consolidations shall be as set forth in future Appropriation Acts.

3) Pursuant to paragraph c.1) above, if the composite index of a consolidated school division is reduced during the course of the fifteen year period to a level that would entitle the school division to a lower interest rate for a Literary Fund loan than it received when the loan was originally released, the Board of Education shall reduce the interest rate of such loan for the remainder of the period of the loan. Such reduction shall be based on the interest rate that would apply at the time of such adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to those years remaining to be paid.

4) In the case of the consolidation of Bedford County and Bedford City school divisions, the fifteen year period for the application of a new composite index shall apply beginning with the fiscal year that starts on July 1, 2013. Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional state funding for future consolidations shall be as set forth in future Appropriation Acts.

5) JLARC is hereby directed, with assistance from the Commission on Local Government, to analyze and make recommendations going forward regarding the most effective balance between the costs of incentives for government and school consolidations with the expected resulting savings and operational benefits, and how best to structure such state incentives to achieve both clarity for localities as well as justification that incentives are adequate, but not more than necessary. JLARC shall complete its study and submit a final report no later than October 1, 2014.

d. When it is determined that a substantial error exists in a constituent index element, the Department of Education will make adjustments in funding for the current school year only in the division where the error occurred. The composite index of any other locality shall not be changed as a result of the adjustment. No adjustment during the biennium will be made as a result of updating of data used in a constituent index element.
In the event that any school division consolidates two or more small schools, the division shall continue to receive Standards of Quality funding and provide for the required local expenditure for a period of five years as if the schools had not been consolidated. Small schools are defined as any elementary, middle, or high school with enrollment below 200, 300 and 400 students, respectively.

5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on the composite index of local ability-to-pay of the cost required by all the Standards of Quality minus its estimated revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item, collected by the Department of Education and distributed to school divisions in the fiscal year in which the school year begins.

6. "Required Local Match" - The locality's required share of program cost based on the composite index of local ability-to-pay for all Lottery and Incentive programs, where required, in which the school division has elected to participate in a fiscal year.

7. "Planning District Eight" - The nine localities which comprise Planning District Eight are Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.

8. "State Share of the Standards of Quality" - The state share of the Standards of Quality (SOQ) shall be equal to the total funded SOQ cost for a school division less the school division’s estimated revenues from the state sales and use tax dedicated to public education based on the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, adjusted for the state’s share of the composite index of local ability to pay.

9. In the event that the general fund appropriations in this Item are not sufficient to meet the entitlements payable to school divisions pursuant to the provisions of this Item, the Department of Education is authorized to transfer any available general fund funds between these Items to address such insufficiencies. If the total general fund appropriations after such transfers remain insufficient to meet the entitlements of any program funded with general fund dollars, the Department of Education is authorized to prorate such shortfall proportionately across all of the school divisions participating in any program where such shortfall occurred. In addition, the Department of Education is authorized each year to temporarily suspend textbook payments made to school divisions from Lottery funds to ensure that any shortfall in Lottery revenue can be accounted for in the remaining textbook payments to be made for the year.

10. The Department of Education is directed to apply a cap on inflation rates in the same manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school divisions during the biennial rebenchmarking process.

11. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to combine the end-of-year Average Daily Membership (ADM) for those school divisions who have partnered together as a fiscal agent division and a contractual division for the purposes of calculating prevailing costs included in the Standards of Quality (SOQ).

12. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to include zeroes in the linear weighted average calculation of support non-personal costs for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

13. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported travel expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).
CH. 665] ACTS OF ASSEMBLY 1643

14. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported leases and rental and facility expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

15. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to fund transportation costs using a 15 year replacement schedule, which is the national standard guideline, for school bus replacement schedule for the purpose of calculating funded transportation costs included in the Standards of Quality (SOQ).

16. To provide temporary flexibility, notwithstanding any other provision in statute or in this Item, school divisions may elect to increase the teacher to pupil staffing ratios in kindergarten through grade 7 and English classes for grades 6 through twelve by one additional student; the teacher to pupil staffing ratio requirements for Elementary Resource teachers, Prevention, Intervention and Remediation, English as a Second Language, Gifted and Talented, Career and Technical funded programs (other than on Career and Technical courses where school divisions will have to maintain a maximum class size based on federal Occupational Safety & Health Administration safety requirements) are waived; and the instructional and support technology positions, librarians and guidance counselors staffing ratios for new hires are waived.

17. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1, of the Code of Virginia, any school division that was granted a waiver regarding the opening date of the school year for the 2011-12 school year under the good cause requirements shall continue to be granted a waiver for the 2014-15 school year and the 2015-2016 school year.

18. Beginning with the 2016-18 biennium, the Department of Education shall account for extended school year models in the rebenchmarking of the Standards of Quality by providing the state share for the additional days of instruction provided.

I VETO THIS ITEM. /s/ Terence R. McAuliffe (6/21/14) (Vetoed item is enclosed in brackets.)

19. Out of this appropriation, up to $600,000 the second year from the general fund may be used to support transitional incentive costs of a mutually beneficial School Services Agreement and Tuition Contract between Petersburg and Chesterfield. Upon signed agreement by the relevant local governments and school divisions, the parties may jointly submit application to the State Superintendent of Public Instruction for transitional incentive costs which may be based on part of the difference in per pupil spending between the two school divisions.

The Standards of Quality cost in this Item related to fringe benefits shall be limited for instructional staff members to the employer's cost for a number not exceeding the number of instructional positions required by the Standards of Quality for each school division and for their salaries at the statewide prevailing salary levels as printed below.

a.1) Payment by the state to a local school division shall be based on the state share of fringe benefit costs of 55 percent of the employer's cost distributed on the basis of the composite index.

a.2) A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing fringe benefit funds under this provision.
3) The state payment to each school division for retirement, social security, and group life insurance costs for non-instructional personnel is included in and distributed through Basic Aid.

b. Payments to school divisions from this Item shall be calculated using March 31 Average Daily Membership adjusted for half-day kindergarten programs.

c. Payments for health insurance fringe benefits are included in and distributed through Basic Aid.

2. Each locality shall offer a school program for all its eligible pupils which is acceptable to the Department of Education as conforming to the Standards of Quality program requirements.

3. In the event the statewide number of pupils in March 31 ADM results in a state share of cost exceeding the general fund appropriation in this Item, the locality's state share of Basic Aid shall be reduced proportionately so that this general fund appropriation will not be exceeded. In addition, the required local share of Basic Aid shall also be reduced proportionately to the reduction in the state’s share.

4. The Department of Education shall make equitable adjustments in the computation of indices of wealth and in other state-funded accounts for localities affected by annexation, unless a court of competent jurisdiction makes such adjustments. However, only the indices of wealth and other state-funded accounts of localities party to the annexation will be adjusted.

5. In the event that the actual revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item (both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service) for sales in the fiscal year in which the school year begins are different from the number estimated as the basis for this appropriation, the estimated state sales and use tax revenues shall not be adjusted.

6. This appropriation shall be apportioned to the public schools with guidelines established by the Department of Education consistent with legislative intent as expressed in this act.

7.a. Appropriations of state funds in this Item include the number of positions required by the Standards of Quality. This Item includes a minimum of 51 professional instructional positions and aide positions (C 2); Education of the Gifted, 1.0 professional instructional position (C 3); Occupational-Vocational Education Payments and Special Education Payments; a minimum of 6.0 professional instructional positions and aide positions (C 4 and C 5) for each 1,000 pupils in March 31 ADM each year in support of the current Standards of Quality. Funding in support of one hour of additional instruction per day based on the percent of students eligible for the federal free lunch program with a pupil-teacher ratio range of 18:1 to 10:1, depending upon a school division's combined failure rate on the English and Math Standards of Learning, is included in Remedial Education Payments (C 8).

b. No actions provided in this section signify any intent of the General Assembly to mandate an increase in the number of instructional personnel per 1,000 students above the numbers explicitly stated in the preceding paragraph.

c. Appropriations in this Item include programs supported in part by transfers to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this Act. These transfers combined together with other appropriations from the general fund in this Item funds the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support technology position per 1,000 students; one instructional technology position per 1,000 students; and a full daily planning period for teachers at the middle and high school levels in order to relieve the financial pressure these education programs place on local real estate taxes.

d. To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers required by the Standards of Quality to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is
8.a.1) Pursuant to § 22.1-97, Code of Virginia, the Department of Education is required to make calculations at the start of the school year to ensure that school divisions have appropriated adequate funds to support their estimated required local expenditure for the corresponding state fiscal year. In an effort to reduce the administrative burden on school divisions resulting from state data collections, such as the one needed to make the aforementioned calculations, the requirements of § 22.1-97, Code of Virginia, pertaining to the adequacy of estimated required local expenditures, shall be satisfied by signed certification by each division superintendent at the beginning of each school year that sufficient local funds have been budgeted to meet all state required local effort and required local match amounts. This provision shall only apply to calculations required of the Department of Education related to estimated required local expenditures and shall not pertain to the calculations associated with actual required local expenditures after the close of the school year.

2) The Department of Education shall also make calculations after the close of the school year to verify that the required local effort level, based on actual March 31 Average Daily Membership, was met. Pursuant to § 22.1-97, Code of Virginia, the Department of Education shall report annually, no later than the first day of the General Assembly session, to the House Committees on Education and Appropriations and the Senate Committees on Finance and Education and Health, the results of such calculations made after the close of the school year and the degree to which each school division has met, failed to meet, or surpassed its required local expenditure. The Department of Education shall specify the calculations to determine if a school division has expended its required local expenditure for the Standards of Quality. This calculation may include but is not limited to the following calculations:

b. The total expenditures for operation, defined as total expenditures less all capital outlays, expenditures for debt service, facilities, non-regular day school programs (such as adult education, preschool, and non-local education programs), and any transfers to regional programs will be calculated.

c. The following state funds will be deducted from the amount calculated in paragraph a. above: revenues from the state sales and use tax (returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item) for sales in the fiscal year in which the school year begins; total receipts from state funds (except state funds for non-regular day school programs and state funds used for capital or debt service purposes); and the state share of any balances carried forward from the previous fiscal year. Any qualifying state funds that remain unspent at the end of the fiscal year will be added to the amount calculated in paragraph a. above.

d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also be deducted from the amount calculated in paragraph a. above. Any federal funds that remain unspent at the end of the fiscal year and any capital expenditures paid from federal funds will be added to the amount calculated in paragraph a. above.

e. Tuition receipts, receipts from payments from other cities or counties, and fund transfers will also be deducted from the amount calculated in paragraph a, then
f. The final amount calculated as described above must be equal to or greater than the required local expenditure defined in paragraph A. 5.

g. The Department of Education shall collect the data necessary to perform the calculations of required local expenditure as required by this section.

h. A locality whose expenditure in fact exceeds the required amount from local funds may not reduce its expenditures unless it first complies with all of the Standards of Quality.

9.a. Any required local matching funds which a locality, as of the end of a school year, has not expended, pursuant to this Item, for the Standards of Quality shall be paid by the locality into the general fund of the state treasury. Such payments shall be made not later than the end of the school year following that in which the under expenditure occurs.

b. Whenever the Department of Education has recovered funds as defined in the preceding paragraph a, the Secretary of Education is authorized to repay to the locality affected by that action, seventy-five percent (75%) of those funds upon his determination that:

1) The local school board agrees to include the funds in its June 30 ending balance for the year following that in which the under expenditure occurs;

2) The local governing body agrees to reappropriate the funds as a supplemental appropriation to the approved budget for the second year following that in which the under expenditure occurs, in an appropriate category as requested by the local school board, for the direct benefit of the students;

3) The local school board agrees to expend these funds, over and above the funds required to meet the required local expenditure for the second year following that in which the under expenditure occurs, for a special project, the details of which must be furnished to the Department of Education for review and approval;

4) The local school board agrees to submit quarterly reports to the Department of Education on the use of funds provided through this project award; and

5) The local governing body and the local school board agree that the project award will be cancelled and the funds withdrawn if the above conditions have not been met as of June 30 of the second year following that in which the under expenditure occurs.

c. There is hereby appropriated, for the purposes of the foregoing repayment, a sum sufficient, not to exceed 75 percent of the funds deposited in the general fund pursuant to the preceding paragraph a.

10. The Department of Education shall specify the manner for collecting the required information and the method for determining if a school division has expended the local funds required to support the actual local match based on all Lottery and Incentive programs in which the school division has elected to participate. Unless specifically stated otherwise in this Item, school divisions electing to participate in any Lottery or Incentive program that requires a local funding match in order to receive state funding, shall certify to the Department of Education its intent to participate in each program by July 1 each fiscal year in a manner prescribed by the Department of Education. As part of this certification process, each division superintendent must also certify that adequate local funds have been appropriated, above the required local effort for the Standards of Quality, to support the projected required local match based on the Lottery and Incentive programs in which the school division has elected to participate. State funding for such program(s) shall not be made until such time that the school division can certify that sufficient local funding has been appropriated to meet required local match. The Department of Education shall make calculations after the close of the fiscal year to verify that the required local match was met based on the state funds that were received.

11. Any sum of local matching funds for Lottery and Incentive program which a locality has not expended as of the end of a fiscal year in support of the required local match pursuant to this Item shall be paid by the locality into the general fund of the state treasury unless the carryover of those unspent funds is specifically permitted by other provisions of this act. Such payments shall be made no later than the end of the school year following that in which the under expenditure occurred.
12. The Superintendent of Public Instruction shall provide a report annually, no later than the first day of the General Assembly session, on the status of teacher salaries, by local school division, to the Governor and the Chairmen of the Senate Finance and House Appropriations Committees. In addition to information on average salaries by school division and statewide comparisons with other states, the report shall also include information on starting salaries by school division and average teacher salaries by school.

13. All state and local matching funds required by the programs in this Item shall be appropriated to the budget of the local school board.

14. By November 15 of each year, the Department of Planning and Budget, in cooperation with the Department of Education, shall prepare and submit a preliminary forecast of Standards of Quality expenditures, based upon the most current data available, to the Chairmen of the House Appropriations and Senate Finance Committees. In odd-numbered years, the forecast for the current and subsequent two fiscal years shall be provided. In even-numbered years, the forecast for the current and subsequent fiscal year shall be provided. The forecast shall detail the projected March 31 Average Daily Membership and the resulting impact on the education budget.

15. School divisions may choose to use state payments provided for Standards of Quality Prevention, Intervention, and Remediation in both years as a block grant for remediation purposes, without restrictions or reporting requirements, other than reporting necessary as a basis for determining funding for the program.

16. Except as otherwise provided in this act, the Superintendent of Public Instruction shall provide guidelines for the distribution and expenditure of general fund appropriations and such additional federal, private and other funds as may be made available to aid in the establishment and maintenance of the public schools.

17. At the Department of Education's option, fees for audio-visual services may be deducted from state Basic Aid payments for individual local school divisions.

18. For distributions not otherwise specified, the Department of Education, at its option, may use prior year data to calculate actual disbursements to individual localities.

19. Payments for accounts related to the Standards of Quality made to localities for public education from the general fund, as provided herein, shall be payable in twenty-four semi-monthly installments at the middle and end of each month.

20. Notwithstanding §22.1-638 D., Code of Virginia, and other language in this Item, the Department of Education shall, for purposes of calculating the state and local shares of the Standards of Quality, apportion state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund in the first year based on the July 1, 2012, estimate of school age population provided by the Weldon Cooper Center for Public Service and, in the second year, based on the July 1, 2013, estimate of school age population provided by the Weldon Cooper Center for Public Service.

Notwithstanding §22.1-638 D., Code of Virginia, and other language in this Item, the State Comptroller shall distribute the state sales and use tax revenues dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund in the first year based on the July 1, 2012, estimate of school age population provided by the Weldon Cooper Center for Public Service and, in the second year, based on the July 1, 2013, estimate of school age population provided by the Weldon Cooper Center for Public Service.

21. The school divisions within the Tobacco Region, as defined by the Tobacco Indemnification and Community Revitalization Commission, shall jointly explore ways to maximize their collective expenditure reimbursement totals for all eligible E-Rate funding.

22. This Item includes appropriations totaling an estimated $525,000,000 $560,553,750 the first year and $510,000,000 $531,667,925 the second year from the revenues deposited to the Lottery Proceeds Fund. These amounts are appropriated for distribution to counties, cities, and towns to support public education programs pursuant to Article X, Section 7-A Constitution of
Virginia. Any county, city, or town which accepts a distribution from this fund shall provide its portion of the cost of maintaining an educational program meeting the Standards of Quality pursuant to Section 2 of Article VIII of the Constitution without the use of distributions from the fund.

23. For reporting purposes, the Department of Education shall include Lottery Proceeds Funds as state funds.

24.a. Any locality that has met its required local effort for the Standards of Quality accounts for FY 2015 and that has met its required local match for incentive or Lottery-funded programs in which the locality elected to participate in FY 2015 may carry over into FY 2016 any remaining state Direct Aid to Public Education fund balances available to help minimize any FY 2016 revenue adjustments that may occur in state funding to that locality. Localities electing to carry forward such unspent state funds must appropriate the funds to the school division for expenditure in FY 2016.

b. Any locality that has met its required local effort for the Standards of Quality accounts for FY 2016 and that has met its required local match for incentive or Lottery-funded programs in which the locality elected to participate in FY 2016 may carry over into FY 2017 any remaining state Direct Aid to Public Education fund balances available to help minimize any FY 2017 revenue adjustments that may occur in state funding to that locality. Localities electing to carry forward such unspent state funds must appropriate the funds to the school division for expenditure in FY 2017.

25. Localities are encouraged to allow school boards to carry over any unspent local allocations into the next fiscal year. Localities are also encouraged to provide increased flexibility to school boards by appropriating state and local funds for public education in a lump sum.

26. The Department of Education shall include in the annual School Performance Report Card for school divisions the percentage of each division’s annual operating budget allocated to instructional costs. For this report, the Department of Education shall establish a methodology for allocating each school division’s expenditures to instructional and non-instructional costs in a manner that is consistent with the funding of the Standards of Quality as approved by the General Assembly.

27. It is the intent of the General Assembly that all school divisions annually provide their employees, upon request, with a user-friendly statement of total compensation, including contract duration if less than 12 months.

28. Notwithstanding Title 22.1, Chapter 4.1, Code of Virginia, no schools shall be transferred to the supervision of the Opportunity Educational Institution nor shall any funds be transferred to the Institution.

29. It is the intent of the General Assembly that the Department of Planning and Budgeting will develop a matrix of best practices and common recommendations previously reported in School Efficiency Reviews such that school divisions may use the model as a guideline for self-directed improvements toward better financial management and use of school division resources.

C. Apportionment

1. Subject to the conditions stated in this paragraph and in paragraph B of this Item, each locality shall receive sums as listed above within this program for the basic operation cost and payments in addition to that cost. The apportionment herein directed shall be inclusive of, and without further payment by reason of, state funds for library and other teaching materials.

2. School Employee Retirement Contributions

a. This Item provides funds to each local school board for the state share of the employer's retirement cost incurred by it, on behalf of instructional personnel, for subsequent transfer to the retirement allowance account as provided by Title 51.1, Chapter 1, Code of Virginia.
b. Notwithstanding § 51.1-1401, of the Code of Virginia, the Commonwealth shall provide payments for only the state share of the Standards of Quality fringe benefit cost of the retiree health care credit. This Item includes payments in both years based on the state share of fringe benefit costs of 55 percent of the employer’s cost on funded Standards of Quality instructional positions, distributed based on the composite index of the local ability-to-pay.

c. This appropriation includes $192,884,000 the second year from the Literary Fund to be paid to the Virginia Retirement System teacher retirement fund as a one-time payment toward the ten year deferred contribution balance. The Department of Education is authorized to transfer the amount to the Virginia Retirement System on July 1, 2015. The Director of the Department of Planning and Budget is authorized to move this appropriation to the first year in the event that Literary Fund proceeds from unclaimed property are sufficient to make the full payment before June 30, 2015.

3. School Employee Social Security Contributions

a. This Item provides funds to each local school board for the state share of the employer’s Social Security cost incurred by it, on behalf of the instructional personnel for subsequent transfer to the Contribution Fund pursuant to Title 51.1, Chapter 7, Code of Virginia.

b. Appropriations for contributions in paragraphs 2 and 3 above include payments from funds derived from the principal of the Literary Fund in accordance with Article III, Section 8, of the Constitution of Virginia. The amounts set aside from the Literary Fund for these purposes shall not exceed $142,855,378 the first year and $165,223,825 the second year.

4. School Employee Insurance Contributions

This Item provides funds to each local school board for the state share of the employer’s Group Life Insurance cost incurred by it on behalf of instructional personnel who participate in group insurance under the provisions of Title 51.1, Chapter 5, Code of Virginia.

5. Basic Aid Payments

a.1) A state share of the Basic Operation Cost, which cost per pupil in March 31 ADM is established individually for each local school division based on the number of instructional personnel required by the Standards of Quality and the statewide prevailing salary levels (adjusted in Planning District Eight for the cost of competing) as well as recognized support costs calculated on a prevailing basis for an estimated March 31 ADM.

2) This appropriation includes funding to recognize the common labor market in the Washington-Baltimore-Northern Virginia, DC-MD-VA-WV Combined Statistical Area. Standards of Quality salary payments for instructional positions in school divisions of the localities set out below have been adjusted for the equivalent portion of the Cost of Competing Adjustment (COCA) rates that are paid to local school divisions in Planning District 8. For the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, the SOQ payments have been increased by 25 percent each year of the COCA rates paid to school divisions in Planning District 8.

b. The state share for a locality shall be equal to the Basic Operation Cost for that locality less the locality's estimated revenues from the state sales and use tax (returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item), in the fiscal year in which the school year begins and less the required local expenditure.

c. For the purpose of this paragraph, the Department of Taxation's fiscal year sales and use tax estimates are as cited in this Item.

d. 1) In accordance with the provisions of § 37.2-713, Code of Virginia, the Department of Education shall deduct the locality's share for the education of handicapped pupils residing in institutions within the Department of Behavioral Health and Developmental Services from the locality's Basic Aid payments.
The amounts deducted from Basic Aid for the education of intellectually disabled persons shall be transferred to the Department of Behavioral Health and Developmental Services in support of the cost of educating such persons; the amount deducted from Basic Aid for the education of emotionally disturbed persons shall be used to cover extraordinary expenses incurred in the education of such persons. The Department of Education shall establish guidelines to implement these provisions and shall provide for the periodic transfer of sums due from each local school division to the Department of Behavioral Health and Developmental Services and for Special Education categorical payments. The amount of the actual transfers will be based on data accumulated during the prior school year.

e. 1) The apportionment to localities of all driver education revenues received during the school year shall be made as an undesignated component of the state share of Basic Aid in accordance with the provisions of this Item. Only school divisions complying with the standardized program established by the Board of Education shall be entitled to participate in the distribution of state funds appropriated for driver education. The Department of Education will deduct a designated amount per pupil from a school division's Basic Aid payment when the school division is not in compliance with § 22.1-205 C, Code of Virginia. Such amount will be computed by dividing the current appropriation for the Driver Education Fund by actual March 31 ADM.

2) Local school boards may charge a per pupil fee for behind-the-wheel driver education provided, however, that the fee charged plus the per pupil basic aid reimbursement for driver education shall not exceed the actual average per pupil cost. Such fees shall not be cause for a pro rata reduction in Basic Aid payments to school divisions.

f. Textbooks

1) The appropriation in this Item includes $26,200,288 the first year and $51,349,943 the second year from the general fund and $21,908,342 the second year from the Lottery Proceeds Fund as the state's share of the cost of textbooks based on a per pupil amount of $96.22 the first year and $96.22 the second year. The state's share of textbooks will be fund split between the general fund and Lottery Proceeds Fund in the second year only. A school division shall appropriate these funds for textbooks or any other public education instructional expenditure by the school division. The state's distributions for textbooks shall be based on adjusted March 31 ADM. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.

2) School divisions shall provide free textbooks to all students.

3) School divisions may use a portion of this funding to purchase Standards of Learning instructional materials. School divisions may also use these funds to purchase electronic textbooks or other electronic media resources integral to the curriculum and classroom instruction and the technical equipment required to read and access the electronic textbooks and electronic curriculum materials.

4) Any funds provided to school divisions for textbook costs that are unexpended as of June 30, 2015, or June 30, 2016, shall be carried on the books of the locality to be appropriated to the school division the following year to be used for same purpose. School divisions are permitted to carry forward any remaining balance of textbook funds until the funds are expended for a qualifying purpose.

g. The one-cent state sales and use tax earmarked for education and the sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item are distributed to localities on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this Item shall be reflected in each locality's annual budget for educational purposes as a separate revenue source for the current fiscal year.

h. The appropriation for the Standards of Quality for Public Education (SOQ) includes amounts estimated at $350,160,000 the first year and $350,300,000 the second year from the amounts transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this act.
which are derived from the 0.375 cent increase in the state sales and use tax levied pursuant to §58.1-638, Code of Virginia. These additional funds are provided to local school divisions and local governments in order to relieve the financial pressure education programs place on local real estate taxes.

i. From the total amounts in paragraph h. above, an amount estimated at $233,520,000 the first year and $240,850,000 the second year (approximately 1/4 cent of sales and use tax) is appropriated to support a portion of the cost of the state’s share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support and one instructional technology position per 1,000 students; a full daily planning period for teachers at the middle and high school levels in order to relieve the pressure on local real estate taxes and shall be taken into account by the governing body of the county, city, or town in setting real estate tax rates.

j. From the total amounts in paragraph h. above, an amount estimated at $123,140,000 the first year and $127,510,000 the second year (approximately 1/8 cent of sales and use tax) is appropriated in this Item to distribute the remainder of the revenues collected and deposited into the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this Item.

k. For the purposes of funding certain support positions in Basic Aid a funding ratio methodology is used based upon the prevailing ratio of support positions to SOQ funded instructional positions as established in Chapter 781, 2009 Acts of Assembly. For the purposes of making the required spending adjustments, the appropriation and distribution of Basic Aid shall reflect this methodology. Local school divisions shall have the discretion as to where the adjustment may be made, consistent with the Standards of Quality funded in this Act.

6. Education of the Gifted Payments

a. An additional payment shall be disbursed by the Department of Education to local school divisions to support the state share of one full-time equivalent instructional position per 1,000 students in adjusted March 31 ADM.

7. Occupational-Vocational Education Payments

a. An additional payment shall be disbursed by the Department of Education to the local school divisions to support the state share of the number of Vocational Education instructors required by the Standards of Quality. These funds shall be disbursed on the same basis as the payment is calculated.

Further, any new funds a school division receives in excess of the amounts received in FY 2008 may be used first to provide data coordinators or to purchase similar services for schools that have not met Adequate Yearly Progress (AYP) under the federal No Child Left Behind Act or are not fully accredited under the Standards of Accreditation. The data coordinator position is intended to provide schools with needed support in the area of data analysis and interpretation for instructional purposes, as well as</td>

overall data management and the administration of state assessments. The position would primarily focus on data related to instruction and school improvement, including: student assessment, student attendance, student/teacher engagement, behavior referrals, suspensions, retention, and graduation rates.

f. Regional Alternative Education Programs

1) An additional state payment of $8,085,825 $8,075,871 the first year and $8,086,130 $8,219,783 the second year from the Lottery Proceeds Fund shall be disbursed for Regional Alternative Education programs. Such programs shall be for the purpose of educating certain expelled students and, as appropriate, students who have received suspensions from public schools and students returned to the community from the Department of Juvenile Justice.

2) Each regional program shall have a small student/staff ratio. Such staff shall include, but not be limited to education, mental health, health, and law enforcement professionals, who will collaborate to provide for the academic, psychological, and social needs of the students. Each program shall be designed to ensure that students make the transition back into the "mainstream" within their local school division.

3) a) Regional alternative education programs are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs. This incremental per pupil payment shall be adjusted for the composite index of local ability-to-pay of the school division that counts such students attending such program in its March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the regional programs for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the school day or school year that the student does not attend such program.

b) In the event a school division does not use all of the student slots it is allocated under this program, the unused slots may be reallocated or transferred to another school division.

1. A school division must request from the Department of Education the availability and possible use of any unused student slots. If any unused slots are available and if the requesting school division chooses to utilize any of the unused slots, the requesting school division shall only receive the state's share of tuition for the unused slot that was allocated in this Item for the originally designated school division.

2. However, no requesting school division shall receive more tuition funding from the state for any requested unused slot than what would have been the calculated amount for the requesting school division had the unused slot been allocated to the requesting school division in the original budget. Furthermore, the requesting school division shall pay for any remaining tuition payment necessary for using a previously unused slot.

3. The Department of Education shall provide assistance for the state share of the incremental cost of Regional Alternative Education program operations based on the composite index of local ability-to-pay.

g. Remedial Summer School

1) This appropriation includes $25,110,358 $3,296,232 the first year and $26,576,054 $27,118,392 the second year from the general fund and $21,970,607 the first year from the Lottery Proceeds Fund for the state's share of Remedial Summer School Programs. These funds are available to school divisions for the operation of programs designed to remediate students who are required to attend such programs during a summer school session or during an intersession in the case of year-round schools. These funds may be used in conjunction with other sources of state funding for remediation or intervention. School divisions shall have maximum flexibility with respect to the use of these funds and the types of remediation programs offered; however, in exercising this flexibility, students attending these programs shall not be charged tuition and no high school credit may be awarded to students who participate in this program.
2) For school divisions charging students tuition for summer high school credit courses, consideration shall be given to students from households with extenuating financial circumstances who are repeating a class in order to graduate.

10. K-3 Primary Class Size Reduction Payments

a. An additional payment estimated at $118,119,161 $113,675,099 the first year and $118,288,804 $117,634,756 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education as an incentive for reducing class sizes in the primary grades.

b. The Department of Education shall calculate the payment based on the incremental cost of providing the lower class sizes based on the lower of the division average per pupil cost of all divisions or the actual division per pupil cost.

c. Localities are required to provide a match for these funds based on the composite index of local ability-to-pay.

d. By October 15 of each year school divisions must provide data to the Department of Education that each participating school has a September 30 pupil/teacher ratio in grades K through 3 that meet the following criteria:

e. School divisions may elect to have eligible schools participate at a higher ratio, or only in a portion of grades kindergarten through three, with a commensurate reduction of state and required local funds, if local conditions do not permit participation at the established ratio and/or maximum individual class size. In the event that a school division requires additional actions to ensure participation at the established ratio and/or maximum individual class size, such actions must be completed by December 1 of the impacted school year. Special education teachers and instructional aides shall not be counted towards meeting these required pupil/teacher ratios in grades kindergarten through three.

f. The Superintendent of Public Instruction may grant waivers to school divisions for the class size requirement in eligible schools that have only one class in an affected grade level in the school.

11. Literary Fund Subsidy Program Payments

a. The Department of Education and the Virginia Public School Authority (VPSA) shall provide a program of funding for school construction and renovation through the Literary Fund and through VPSA bond sales. The program shall be used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the projects on the First or Second Literary Fund Waiting List, or other critical projects which may receive priority placement on the First or Second Literary Fund Waiting List by the Department of Education. Interest rate subsidies will provide school divisions with the present value difference in debt service between a Literary Fund loan and a borrowing through the VPSA. To qualify for an interest rate subsidy, the school division’s project must be eligible for a Literary Fund loan and shall be subject to the same restrictions. The VPSA shall work with the Department of Education in selecting those projects to be funded through the interest rate subsidy/bond financing program, so as to ensure the maximum leverage of Literary Fund moneys and a minimum impact on the VPSA Bond Pool.
b. The Department of Education may offer up to $52,884,000 million in the second year as school construction loans from the Literary Fund. In addition, the Department of Education may offer Literary Fund loans from the uncommitted balances of the Literary Fund after meeting the obligations of the interest rate subsidy sales and the amounts set aside from the Literary Fund for Debt Service Payments for Education Technology in this Item.

c. 1) In the event that on any scheduled payment date of bonds of the Virginia Public School Authority (VPSA) authorized under the provisions of a bond resolution adopted subsequent to June 30, 1997, issued subsequent to June 30, 1997, and not benefiting from the provisions of either § 22.1-168 (iii), (iv), and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the sum of (i) the payments on general obligation school bonds of cities, counties, and towns (localities) paid to the VPSA and (ii) the proceeds derived from the application of the provisions of § 15.2-2659, Code of Virginia, to such bonds of localities, is less than the debt service due on such bonds of the VPSA on such date, there is hereby appropriated to the VPSA, first, from available moneys of the Literary Fund and, second, from the general fund a sum equal to such deficiency.

2) The Commonwealth shall be subrogated to the VPSA to the extent of any such appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with respect to the defaulting locality and to full recovery of the amount of such deficiency, together with interest at the rate of the defaulting locality's bonds.

d. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds of the VPSA issued and projected to be issued during such biennium pursuant to the bond resolution referred to in paragraph a above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

12. Educational Technology Payments

a. Any unobligated amounts transferred to the educational technology fund shall be disbursed on a pro rata basis to localities. The additional funds shall be used for technology needs identified in the division's technology plan approved by the Department of Education.

2) It is the intent of the General Assembly to authorize sufficient appropriate Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. In developing the proposed 2016-18 biennial budget for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for this program in FY 2016.

e. 1) The Department of Education shall authorize amounts estimated at $12,130,750 the first year and $12,131,750 the second year from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in 2013.

Proceeds of the notes will be used to establish a computer-based instructional and testing system for the Standards of Learning (SOL) and to develop the capability for high speed Internet connectivity at high schools followed by middle schools followed by elementary schools. School divisions shall use these funds first to develop and maintain the capability to support the administration of online SOL testing for all students with the exception of students with a documented need for a paper SOL test.

2) The Department of Education shall authorize amounts estimated at $13,538,408 $13,993,403 the second year from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in FY 2015.

The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

b) School divisions that administer 100 percent of SOL tests online in all elementary, middle, and high schools may use up to 75 percent of their required local match to purchase targeted technology-based interventions. Such interventions may include the necessary technology and software to support online learning, technology-based content systems, content management systems, technology equipment systems, information and data management systems, and other appropriate technologies that support the individual needs of learners. School divisions that receive supplemental grants in the second year pursuant to paragraph g.5) above shall use the funds in qualifying schools to purchase tablet computer devices laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers.

7) The goal of the education technology grant program is to improve the instructional, remedial, and testing capabilities of the Standards of Learning for local school divisions and to increase the number of schools achieving full accreditation.

8) Funds shall be used in the following manner:

a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed access to the Internet. School connectivity (computers, LANs and network access) shall include sufficient download/upload capability to ensure that each student will have adequate access to Internet-based instructional, remedial and assessment programs.

b) When each high school in a division meets the goals established in paragraph a) above, the remaining funds shall be used to develop similar capability in first the middle schools and then the elementary schools.

c) For purposes of establishing or enhancing a computer-based instructional program supporting the Standards of Learning pursuant to paragraph g. 1) above, these grant funds may be used to purchase handheld multifunctional computing devices that support a broad range of applications and that are controlled by operating systems providing full multimedia support and mobile Internet connectivity. School divisions that elect to use these grant funds to purchase such qualifying handheld devices must continue to meet the on-line testing requirements stated in paragraph g. 1) above.

d) School divisions shall be eligible to receive supplemental grants in the second year pursuant to paragraph g.5) above. These supplemental grants shall be used in qualifying schools for the purchase of tablet computer devices laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers. Participating school divisions will be
required to select a core set of electronic textbooks, applications and online services for productivity, learning management, collaboration, practice, and assessment to be included on all devices. In addition, participating school divisions will assume recurring costs for electronic textbook purchases and maintenance.

e) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

9) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.

h. The Department of Education shall maintain criteria to determine if high schools, middle schools, or elementary schools have the capacity to meet the goals of this initiative. The Department of Education shall be responsible for the project management of this program.

i. 1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes of the VPSA on such date, there is hereby appropriated to the VPSA from the general fund a sum equal to such deficiency.

2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes of the VPSA issued and projected to be issued during such biennium pursuant to the resolution referred to in paragraph 1) above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

j. Unobligated proceeds of the notes, including investment income derived from the proceeds of the notes may be used to pay interest on, or to decrease principal of the notes or to fund a portion of such other educational technology grants as authorized by the General Assembly.

k. 1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies with State Government" and for the purposes of § 56-234 "Contracts for Service Rendered by a Telephone Company for the State Government" shall be deemed to include communications lines into public schools which are used for educational technology. The rate structure for such lines shall be negotiated by the Superintendent of Public Instruction and the Chief Information Officer of the Virginia Information Technologies Agency. Further, the Superintendent and Director are authorized to encourage the development of "by-pass" infrastructure in localities where it fails to obtain competitive prices or prices consistent with the best rates obtained in other parts of the state.

2) The State Corporation Commission, in its consideration of the discount for services provided to elementary schools, secondary schools, and libraries and the universal service funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is hereby encouraged to make the discounts for intrastate services provided to elementary schools, secondary schools, and libraries for educational purposes as large as is prudently possible and to fund such discounts through the universal fund as provided in § 254 of the Telecommunications Act of 1996. The commission shall proceed as expeditiously as possible in implementing these discounts and the funding mechanism for intrastate services, consistent with the rules of the Federal Communications Commission aimed at the preservation and advancement of universal service.
1. The Department of Education shall survey school divisions in the second year regarding their interest in using the education technology grants for lease expenditures if allowable sources of funding were available for such expenditures. School divisions shall submit responses to the survey by September 1, 2015, and the Department of Education shall provide a summary of the responses to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees by October 15, 2015.

13. Security Equipment Payments

1) A security equipment grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at up to $6,000,000 in fiscal year 2015 and $6,000,000 in fiscal year 2016 in conjunction with the Virginia Public School Authority technology notes program authorized in C.12. of this Item. Proceeds of the notes will be used to help offset the related costs associated with the purchase of appropriate security equipment that will improve and help ensure the safety of students attending public schools in Virginia.

2) The Department of Education shall authorize amounts estimated at $2,503,750 $2,439,878 the first year and $3,804,250 $3,699,745 the second year from the Literary Fund to provide debt service payments for the security equipment grant programs conducted through the Virginia Public School Authority in fiscal years 2013, 2014, and 2015.

3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. In developing the proposed 2016-18, 2018-2020, and 2020-2022 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2017, 2018, 2019, 2020, and 2021.

4) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes on such date, there is hereby appropriated to the Virginia Public School Authority from the general fund a sum equal to such deficiency.

5) The Chairman of the Board of Commissioners of the Virginia Public School Authority shall, on or before November 1 of each year, deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes issued and projected to be issued during such biennium. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

6) Grant award funds from the issuance of up to $6,000,000 in fiscal year 2015 and $6,000,000 in fiscal year 2016 in equipment notes shall be distributed to eligible school divisions. The grant awards will be based on a competitive grant basis of up to $100,000 per school division. School divisions will be permitted to apply annually for grant funding. For purposes of this program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2014, for the fiscal year 2015 issuance, and September 30, 2015, for the fiscal year 2016 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, and the Virginia School for the Deaf and the Blind.

7) School divisions would submit their application to Department of Education by August 1 of each year based on the criteria developed by the Department of Education in collaboration with the Department of Criminal Justice Services who will provide requested technical support. Furthermore, the Department of Education will have the authority to make such grant awards to such school divisions.

8) It is also the intent of the General Assembly that the total amount of the grant awards shall not exceed $30,000,000 over any ongoing revolving five year period.

9) Required local match:
a) Localities are required to provide a match for these funds equal to 25 percent of the grant amount. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

c) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.

14. Virginia Preschool Initiative Payments

a1) It is the intent of the General Assembly that a payment estimated at $71,976,297 $68,300,254 the first year and $74,922,998 $71,996,399 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds unserved by Head Start program funding. In no event shall distributions from the Lottery Proceeds Fund be made directly to community-based or private providers.

2) These state funds and required local matching funds shall be used to provide programs for at-risk four-year-old children, which include quality preschool education, health services, social services, parental involvement and transportation. It shall be the policy of the Commonwealth that state funds and required local matching funds for the Virginia Preschool Initiative not be used for capital outlay. Programs must provide full-day or half-day and, at least, school-year services.

3) The Department of Education, in cooperation with the Council on Child Day Care and Early Childhood Programs, shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating school division and the school divisions must certify that the Virginia Preschool Initiative program follows the established standards in order to receive the funding for quality preschool education and criteria for the service components. Such guidelines shall be consistent with the findings of the November 1993 study by the Board of Education, the Department of Education, and the Council on Child Day Care and Early Childhood Programs.

4) a) Grants shall be distributed based on an allocation formula providing the state share of a $6,000 grant for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program. The number of unserved at-risk four-year-olds in each locality shall be based on the projected number of kindergarten students, updated once each biennium for the Governor’s introduced biennial budget. In the first year only, the Department shall adjust the additional slots calculated to fund such school divisions at the same number of slots actually used in FY 2014 on a prorated basis up to $1,000,000. For the second year only, in no case shall a school division be eligible for fewer slots than they actually used for this program in FY 2014 on a prorated basis up to $3,631,581. Programs operating half-day shall receive state funds based on a fractional basis determined by the pro-rata portion of a full-day, school year program provided. Half-day programs shall operate for a minimum of three hours of classroom instructional time per day, excluding breaks for lunch or recess, and grants to half-day programs shall be funded based on the state share of $3,000 per unserved at-risk four-year-old in each locality. Full-day programs shall operate for a minimum of five and one-half instructional hours, excluding breaks for meals and recess. No additional state funding is provided for programs operating greater than three hours per day but less than five and one-half hours per day. In determining the state and local shares of funding, the composite index of local ability-to-pay is capped at 0.5000.
b) For new programs in the first year of implementation only, programs operating less than a full school year shall receive state funds on a fractional basis determined by the pro-rata portion of a school year program provided. In determining the prorated state funds to be received, a school year shall be 180 days.

b.1) Any locality which desires to participate in this grant program must submit a proposal through its chief administrator (county administrator or city manager) by June 15 of each year. The chief administrator, in conjunction with the school superintendent, shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk children which demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk four-year-old children.

2) The proposal must demonstrate coordination with all parties necessary for the successful delivery of comprehensive services, including the schools, child care providers, local social services agency, Head Start, local health department, and other groups identified by the lead agency.

3) A local match, based on the composite index of local ability-to-pay, shall be required. For purposes of meeting the local match, localities may use local expenditures for existing qualifying programs, however, at least seventy-five percent of the local match will be cash and no more than twenty-five percent will be in-kind. In-kind contributions are defined as cash outlays that are made by the locality that benefit the program but are not directly charged to the program. The value of fixed assets cannot be considered as an in-kind contribution. Localities shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program must be used to supplement, not supplant, any funds currently provided for programs within the locality. However, in the event a locality is prohibited from continuing the previous level of support to programs for at-risk four-year-olds from Title I of the federal Elementary and Secondary Education Act (ESEA), the state and local funds provided in this grants program may be used to continue services to these Title I students. Such prohibition may occur due to amendments to the allocation formula in the reauthorization of ESEA as the No Child Left Behind Act of 2001 or due to a percentage reduction in a locality's Title I allocation in 2014-2015 or 2015-2016. Any locality so affected shall provide written evidence to the Superintendent of Public Instruction and request his approval to continue the services to Title I students.

c. Local plans must provide clear methods of service coordination for the purpose of reducing the per child cost for the service, increasing the number of at-risk children served and/or extending services for the entire year. Examples of these include:

1) "Wraparound Services" — methods for combining funds such as child care subsidy dollars administered by local social service agencies with dollars for quality preschool education programs.

2) "Wrap-out Services" - methods for using grant funds to purchase quality preschool services to at-risk four-year-old children through an existing child care setting by purchasing comprehensive services within a setting which currently provides quality preschool education.

3) "Expansion of Service" - methods for using grant funds to purchase slots within existing programs, such as Head Start, which provide comprehensive services to at-risk four-year-old children.

Local plans must indicate the number of at-risk four-year-old children to be served, and the criteria by which they will be determined to be at risk.

d.1) Local plans must indicate the number of at-risk four-year-old children to be served, and the eligibility criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the 2014-2015 programs guidelines that are specific to: (i) family income at or below 200 percent of poverty, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) family income is less than 350 percent of federal poverty guidelines in the case of students with special needs or disabilities.
2) The Department of Education is directed to compile from each school division the aggregated information as to the number of enrolled students whose families are (i) at or below 130 percent of poverty, and (ii) above 130 percent but below 200 percent of poverty. The Department shall report this information annually, after the application and fall participation reports are submitted to the Department from the school divisions, to the Chairmen of House Appropriations and Senate Finance Committees. In addition, the Department will post and maintain the summary information by division on the Department's website in keeping with current student privacy policies.

d) The Department of Education and the Council on Child Day Care and Early Childhood Programs shall provide technical assistance for the administration of this grant program to provide assistance to localities in developing a comprehensive, coordinated, quality preschool program for serving at-risk four-year-old children.

2) A pre-application session shall be provided by the Department and the Council on Child Day Care and Early Childhood Programs prior to the proposal deadline. The Department shall provide interested localities with information on models for service delivery, methods of coordinating funding streams, such as funds to match federal IV-A child care dollars, to maximize funding without supplanting existing sources of funding for the provision of services to at-risk four-year-old children. A priority for technical assistance in the design of programs shall be given to localities where the majority of the at-risk four-year-old population is currently unserved.

e) The Department of Education is authorized to expend unobligated balances in this program's adopted budget allocations for grants to qualifying school divisions for one-time expenses, other than capital, related to start-up or expansion of programs.

f) The Department of Education shall include in the program's application package specific information regarding the potential availability of funding for supplemental grants that may be used for one-time expenses, other than capital, related to start-up or expansion of programs, with priority given to proposals for expanding the use of partnerships with either nonprofit or for-profit providers. Furthermore, the Department is mandated to communicate to all eligible school divisions the remaining available balances in the program's adopted budget, after the fall participation reports have been submitted and finalized for such grants.

15. Early Reading Intervention Payments

a. An additional payment of $17,886,428 $17,714,461 the first year and $17,948,114 $17,778,143 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing early reading intervention services to students in grades kindergarten through 3 who demonstrate deficiencies based on their individual performance on diagnostic tests which have been approved by the Department of Education. The Department of Education shall review the tests of any local school board which requests authority to use a test other than the state-provided test to ensure that such local test uses criteria for the early diagnosis of reading deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of five to one. The estimated number of students in each school division in each year shall be determined by multiplying the projected number of students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3 by the percent of students who are determined to need services based on diagnostic tests administered in the previous year in that school division and adjusted in the following manner:

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. At the beginning of the school year, local school divisions shall partner with the parents of those third grade students in the division who demonstrate reading deficiencies, discussing with them a developed plan for remediation and retesting. Such intervention programs, at the discretion of the local school division, may include, but not be limited to, the use of: special reading teachers; trained aides; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

d. In the event that a school division does not use the diagnostic test provided by the Department of Education in the year that serves as the basis for updating the funding formula for this program but has used it in past years, the Department of Education shall use the most recent data available for the division for the state-provided diagnostic test.

e. The results of all reading diagnostic tests and reading remediation shall be discussed with the student and the student's parent prior to the student being promoted to grade four.

f. Funds appropriated for Standards of Quality Prevention, Intervention, and Remediation, Remedial Summer School, or At-Risk Add-On may also be used to meet the requirements of this program.

16. Standards of Learning Algebra Readiness Payments

a. An additional payment of $12,256,970 $12,107,540 the first year and $12,265,706 $12,159,318 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing math intervention services to students in grades 6, 7, 8 and 9 who are at-risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on diagnostic tests which have been approved by the Department of Education. The Department of Education shall review the tests to ensure that such local test uses state-provided criteria for diagnosis of math deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state’s share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of ten to one. The estimate number of students in each school division shall be determined by multiplying the projected number of students reported in each school division’s fall membership by the percent of students that qualify for the federal Free Lunch Program.

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

17. School Construction Grants Program Escrow

Notwithstanding the requirements of Section 22.1-175.5, of the Code of Virginia, school divisions are permitted to withdraw funds from local escrow accounts established pursuant to Section 22.1-175.5 to pay for recurring operational expenses incurred by the school division. Localities are not required to provide a local match of the withdrawn funds.
18. English as a Second Language Payments  
A payment of $48,601,863 the first year and $49,367,794 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions to support the state share of 17 professional instructional positions per 1,000 students for whom English is a second language. Local school divisions shall provide a local match based on the composite index of local ability-to-pay.

19. Special Education Instruction Payments  
a. The Department of Education shall establish rates for all elements of Special Education Instruction Payments.

b. Out of the appropriations in this Item, the Department of Education shall make available, subject to implementation by the Superintendent of Public Instruction, an amount estimated at $82,966,984 the first year and $84,204,352 the second year from the Lottery Proceeds Fund for the purpose of the state's share of the tuition rates for approved public school regional programs. Notwithstanding any contrary provision of law, the state's share of the tuition rates shall be based on the composite index of local ability-to-pay.

c. Out of the amounts for Financial Assistance for Categorical Programs, $32,755,271 the first year and $33,737,931 the second year from the general fund is appropriated to permit the Department of Education to enter into agreements with selected local school boards for the provision of educational services to children residing in certain hospitals, clinics, and detention homes by employees of the local school boards. The portion of these funds provided for educational services to children residing in local or regional detention homes shall only be determined on the basis of children detained in such facilities through a court order issued by a court of the Commonwealth. The selection and employment of instructional and administrative personnel under such agreements will be the responsibility of the local school board in accordance with procedures as prescribed by the local school board. State payments for the first year to the local school boards operating these programs will be based on certified expenditures from the fourth quarter of FY 2014 and the first three quarters of FY 2015. State payments for the second year to the local school boards operating these programs will be based on certified expenditures from the fourth quarter of FY 2015 and the first three quarters of FY 2016.

d. By October 15, 2014, the Department of Education shall present to the Virginia Board of Education, options for increasing student to teacher ratios or other savings, including requesting the State Board of Education or federal government to consider waiving certain teacher staffing requirements given the uniqueness of the setting, prorating funding if localities choose to operate based on unnecessary gender separation, whether there may be options for achieving efficiencies in the 23 centers based on regional groupings based on proximity, working with the Department of Juvenile Justice and Department of Correctional Education if appropriate, and a review of how other states handle education in juvenile detention centers. The Department shall also submit the report to the Chairmen of the Senate Finance and House Appropriations Committees by October 31, 2014.

b. This appropriation includes $1,800,000 the first year from the Lottery Proceeds Fund and $1,800,000 the second year from the Lottery Proceeds Fund for secondary vocational-technical equipment. A base allocation of $2,000 each year shall be available for all divisions, with the remainder of the funding distributed on the basis of student enrollment in secondary vocational-technical courses. - **b.** Out of this appropriation, the Department of Education shall provide $100,000 the first year and $100,000 the second year from the general fund for the Virginia Literacy Foundation grants to support programs for adult literacy including those delivered by community-based organizations and school divisions providing services for adults with 0-9th grade reading skills.

#### 28. Governor's School Payments

- **a.** Out of the amounts for Governor's School Payments, the Department of Education shall provide assistance for the state share of the incremental cost of regular school year Governor's Schools based on each participating locality's composite index of local ability-to-pay. Participating school divisions must certify that no tuition is assessed to students for participation in this program.

- **b.** Out of the amounts for Governor's School Payments, the Department of Education shall provide assistance for the state share of the incremental cost of summer residential Governor's Schools and Foreign Language Academies to be based on the greater of the state's share of the composite index of local ability-to-pay or 50 percent. Participating school divisions must certify that no tuition is assessed to students for participation in this program if they are enrolled in a public school.

- **c.** For the Summer Governor's Schools and Foreign Language Academies programs, the Superintendent of Public Instruction is authorized to adjust the tuition rates, types of programs offered, length of programs, and the number of students enrolled in order to maintain costs within the available state and local funds for these programs.

- **d.** It shall be the policy of the Commonwealth that state general fund appropriations not be used for capital outlay, structural improvements, renovations, or fixed equipment costs associated with initiation of existing or proposed Governor's schools. State general fund appropriations may be used for the purchase of instructional equipment for such schools, subject to certification by the Superintendent of Public Instruction that at least an equal amount of funds has been committed by participating school divisions to such purchases.

- **e.** The Board of Education shall not take any action that would increase the state's share of costs associated with the Governor's Schools as set forth in this Item. This provision shall not prohibit the Department of Education from submitting requests for the increased costs of existing programs resulting from updates to student enrollment for school divisions currently participating in existing programs or for school divisions that begin participation in existing programs.

#### Appendix B: Governor's School Payments

- **1) Regular school year Governor's Schools are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs for each student attending a Governor's School up to a cap of 1,725 students per Governor's School in the first year and a cap of 1,725 students per Governor's School in the second year. This incremental per pupil payment shall be adjusted for the composite index of the school division that counts such students attending an academic year Governor's School in their March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the Governor's Schools for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the day that the student does not attend a Governor's School.

- **2) Students attending a revolving Academic Year Governor's School program for only one semester shall be counted as 0.50 of a full-time equivalent student and will be funded for only fifty percent of the full-year funded per pupil amount. Funding for students attending a revolving Academic Year program will be adjusted based upon actual September 30th, January 30th enrollment each fiscal year. For purposes of this Item, revolving programs shall mean Academic Year Governor's School programs that admit students on a semester basis.
3) Students attending a continuous, non-revolving Academic Year Governor’s School program shall be counted as a full-time equivalent student and will be funded for the full-year funded per pupil amount. Funding for students attending a continuous, non-revolving Academic Year Governor’s School program will be adjusted based upon actual September 30th student enrollment each fiscal year. For purposes of this Item, continuous, non-revolving programs shall mean Academic Year Governor’s School programs that only admit students at the beginning of the school year. Fairfax County Public Schools shall not reduce local per pupil funding for the Thomas Jefferson Governor’s School below the amounts appropriated for the 2003-2004 school year.

g. All regional Governor's Schools are encouraged to provide full-day grades 9 through 12 programs. Out of the amounts in this Item, $100,000 the second year from the general fund is provided for existing Governor's Schools, as distributed by the Superintendent of Public Instruction, to plan for or study the feasibility of expanding, including via a merger with another Governor's School.

h. Out of this appropriation, $100,000 the first year from the general fund is available for the Department of Education to develop a model proposal that establishes a Governor's School that focuses on Career and Technical Education.

i. Out of the appropriation included in paragraph 36, a.1., of this Item, $218,854 the second year from the general fund is included for the Academic Year Governor's School funding allocation to increase the per pupil amount up to an additional $74.97 per pupil amount as an add-on for a 1.5 percent compensation incentive supplement with an effective date of August 16, 2015. In order to receive the state’s allocation for the 1.5 percent compensation incentive supplement in the second year, participating Academic Year Governor’s Schools shall comply with the provisions set out in paragraph 36 of this Item.

29. School Nutrition Payments

It is provided that, subject to implementation by the Superintendent of Public Instruction, no disbursement shall be made out of the appropriation for school nutrition to any locality in which the schools permit the sale of competitive foods in food service facilities or areas during the time of service of food funded pursuant to this Item.

30. School Breakfast Payments

a. Out of this appropriation, $4,135,134 $3,484,111 the first year and $4,664,983 $3,948,823 the second year from the Lottery Proceeds Fund is included for the purpose of establishing a state funded incentive program to maximize federal school nutrition revenues and increase student participation in the school breakfast program. These funds are available to any school division as a reimbursement for breakfast meals served that are in excess of the baseline established by the Department of Education. The per meal reimbursement shall be $0.22; however, the department is authorized, but not required to reduce this amount proportionately in the event that the actual number of meals to be reimbursed exceeds the number on which this appropriation is based so that this appropriation is not exceeded.

b. In order to receive these funds, school divisions must certify that these funds will be used to supplement existing funds provided by the local governing body and that local funds derived from sources that are not generated by the school nutrition programs have not been reduced or eliminated. The funds shall be used to improve student participation in the school breakfast program. These efforts may include, but are not limited to, reducing the per meal price paid by students, reducing competitive food sales in order to improve the quality of nutritional offerings in schools, increasing access to the school breakfast program, or providing programs to increase parent and student knowledge of good nutritional practices. In no event shall these funds be used to reduce local tax revenues below the level appropriated to school nutrition programs in the prior year. Further, these funds must be provided to the school nutrition programs and may not be used for any other school purpose.

c1. Out of this appropriation, $537,297 the second year from the general fund is provided to fund during the 2015-2016 school year either, an elementary school breakfast pilot program available on a voluntary basis at elementary schools where student eligibility for free or reduced lunch exceeds 45.0 percent for the participating school, or to provide additional reimbursement for eligible meals served in the current traditional school breakfast program at

2) The Department of Education shall communicate, through Superintendent’s Memo, to school divisions the types of breakfast serving models and the criteria that will meet the requirements for this State reimbursement, which may include, but are not limited to, breakfast in the classroom, grab and go breakfast, or a breakfast after first period. School divisions may determine the breakfast serving model that best applies to its students, so long as it occurs after the instructional day has begun. For the 2015-2016 school year, the Department of Education shall monthly transfer to each school division a reimbursement rate of $0.05 per breakfast meal that meets either of the established criteria.

3) No later than July 1, 2015, the Department of Education shall provide for a pilot breakfast program application process for school divisions with eligible elementary schools, including guidelines regarding specified required data to be compiled from the prior school year or years and during the one-year pilot. The number of approved applications shall be based on the estimated number of pilot sites that can be accommodated within the approved funding level. The reporting requirements must include: student attendance and tardy arrivals, office discipline referrals, student achievement measures, teachers' responses to the impact of the pilot program before and after implementation, and the financial impact on the division's school food program. **b.** These payments shall be based on the state’s share of the cost of providing one reading specialist per qualifying school. School divisions with schools participating in this program in fiscal year 2014 shall be eligible to receive funding at 100 percent of the state share the first year and 50 percent of the state share the second year for the same schools and such schools are granted a one-year extension of the two-year waiver referenced in subsection c. for a third year in fiscal year 2016. The Department of Education is authorized to disburse additional payments to divisions from any remaining funds each year to support additional qualifying schools and shall give priority to such schools with the lowest SOL pass rates for reading or the greatest number of years accredited with warning in English. Payments to school divisions in support of such additional qualifying schools each year shall be based on 100 percent of the state share of cost.

**c.** These payments are available to any school division with a qualifying school that (1) certifies to the Department of Education that the division has hired a reading specialist to provide direct services to children reading below grade level in the school to improve reading achievement and (2) applies and receives a waiver for up to two years from the Board of Education for the administration of third grade SOL assessments in science or history and social science or both for the purpose of creating additional instructional time for reading specialists to work with students reading below grade level to improve reading achievement.

In addition, following the academic review required by §22.1-253.13:3, Code of Virginia, the Department of Education shall identify up to 20 additional schools to also receive the state share of funding for both years of the biennium. If, following certification from a school division that it will not participate in the program, the Department is authorized to identify additional eligible schools.

Authority: Title 23, Chapter 5, Code of Virginia.

A. This Item includes general and nongeneral fund appropriations to support institutional initiatives that help meet statewide goals described in the Restructured Higher Education Financial and Administrative Operations Act of 2005 (Chapters 933 and 945, 2005 Acts of Assembly).

B. As Virginia’s public colleges and universities approach full funding of the base adequacy guidelines and as the General Assembly strives to fully fund the general fund share of the base adequacy guidelines, these funds are provided with the intent that, in exercising their authority to set tuition and fees, the Board of Visitors shall take into consideration the impact of escalating college costs for Virginia students and families. In accordance with the cost-sharing goals set forth in § 4-2.01 b. of this act, the Board of Visitors is encouraged to limit increases on tuition and mandatory educational and general fees for in-state, undergraduate students to the extent possible.

C. Out of this appropriation, $214,053 the second year from the general fund is provided to address restoration of budget cuts, recognition of enrollment growth and transfer students and costs associated with advancing new educational pathways for traditional, non-traditional and military students.

D. In order to advance the goals outlined in TJ21 and collaboration and innovation in higher education, Richard Bland College may develop and deliver new, collaborative educational pathways and innovative educational models, including distance learning, technology-based instruction, prior learning assessments, experiential learning, stackable credentials, and competency-based programs that lead to STEM-H and other high-demand credentials and careers, with such funds as are appropriated or made available for this purpose. Richard Bland shall strengthen educational pathways for traditional and nontraditional students, including veterans and military personnel, through the continued establishment and strengthening of cross-institutional and cross-sector partnerships including the use of innovative educational approaches in order to promote entry into high-demand fields and industries critical to the economic development of Virginia. Richard Bland College may:
1. Broker agreements between and among educational, industry, and non-profit partners and establish collaborative, innovative partnership agreements with school districts, public and private colleges and universities, economic development agencies, employers, philanthropic organizations, veterans organizations, public agencies and other partners as necessary to strengthen and streamline educational pathways from high school, to work-based learning, to baccalaureate and advanced degrees that prepare individuals, including nontraditional students and veterans, for entry into STEM-H and other high-demand careers in the Commonwealth;

2. Serve as a clearing house of educational pathway and career pathway information and as a resource and referral agency for traditional and non-traditional students, including veterans;

3. Serve as an educational innovation resource center, referral agency and hub for collaboration, innovation, and information sharing among educational and industry partners to facilitate the vetting, piloting, and effective implementation of innovative, evidence-based educational resources, including open educational resources (OERs) and self-paced, competency-based tools designed to maximize limited resources, improve educational outcomes, or accelerate time to credential completion;

4. Pilot and implement innovative educational approaches and technologies, and promote the development, delivery, and ongoing assessment of innovative, cost-effective degree programs and stackable credentials, including industry-recognized, competency-based credentials that are aligned with and responsive to the educational and workforce development needs of traditional and non-traditional students, including veterans and military personnel, and advance the economic development needs of employers and industries statewide;

5. Identify and implement new strategies to support economic and community development in Virginia and to expand opportunities for traditional and non-traditional students, including veterans, to prepare for high-demand fields.

6. Identify opportunities for resource sharing and new operational efficiencies in the delivery of postsecondary education and pursue additional funding by federal, state, corporate, and private philanthropic sources to support collaborative, innovative approaches to education that improve educational access and outcomes, strengthen the alignment between postsecondary education and high-demand career pathways in Virginia, and support improved educational attainment, economic opportunity, and economic development for Virginians.

7. Richard Bland College may explore shared services and other options for increased collaboration with the College of William and Mary.

E. In addition to the amounts provided in this item, and authorized pursuant to Item 467, P.7., the institution may reallocate from educational and general program funds in the second year to provide an additional 2.50 percent average faculty salary increase for teaching and research faculty. The institution may provide these increases consistent with its faculty pay plan.

Authority: Title 23, Chapter 9.1, Code of Virginia.

A. This Item includes general and nongeneral fund appropriations to support institutional initiatives that help meet statewide goals as described in the Restructured Higher Education Financial and Administrative Operations Act of 2005 (Chapters 933 and 945, 2005 Acts of Assembly).

B. Out of this appropriation, an amount estimated at $289,614 the first year and $289,614 the second year from the general fund and $124,120 the first year and $124,120 the second year from nongeneral funds are designated for the educational telecommunications project to provide graduate engineering education. For supplemental budget requests, the participating institutions and centers jointly shall submit a report in support of such requests to the State Council of Higher Education for Virginia for review and recommendation to the Governor and General Assembly.

C. Out of this appropriation, $459,125 the first year and $459,125 the second year from the general fund is designated for the Institute for Conflict Analysis.
D. As Virginia's public colleges and universities approach full funding of the base adequacy guidelines and as the General Assembly strives to fully fund the general fund share of the base adequacy guidelines, these funds are provided with the intent that, in exercising their authority to set tuition and fees, the Board of Visitors shall take into consideration the impact of escalating college costs for Virginia students and families. In accordance with the cost-sharing goals set forth in § 4-2.01 b. of this act, the Board of Visitors is encouraged to limit increases on tuition and mandatory educational and general fees for in-state, undergraduate students to the extent possible.

E. Out of this appropriation, $50,000 the first year and $50,000 the second year from the general fund is designated to support the Potomac Bay Science Center.

F. The 4-VA, a public-private partnership among George Mason University, James Madison University, the University of Virginia, Virginia Tech and CISCO Systems, Inc., was established to utilize emerging technologies to promote collaboration and resource sharing to increase access, reduce time to graduation and reduce unit cost while maintaining and enhancing quality. Instructional talent across the four institutions will be leveraged in the delivery of programs in foreign languages, science, technology, engineering and mathematics. The 4-VA Management Board can expand this partnership to additional institutions as appropriate to meet the goals of the 4-VA initiative. It is expected that funding will be pooled by the management board as required to support continuing efforts of the 4-VA priorities and projects.

G. In consultation with other institutions, George Mason University shall develop a plan for a comprehensive on-line course offering in Virginia. As part of the plan, George Mason University shall (1) research similar programs in other states; (2) evaluate the need for adult completion programs; (3) identify the academic programs to be included; (4) develop an appropriate scheduling model; and (5) recommend an appropriate pricing model. George Mason University shall submit the plan to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees by September 1, 2015.

H. Out of this appropriation, $2,871,569 the second year from the general fund is provided to address restoration of budget cuts, in-state undergraduate enrollment growth and costs associated with (i) developing a new bachelor's program in cybersecurity with pathways for veterans; (ii) increasing military veteran enrollment in the nursing bachelors program; and, (iii) support for the George Mason University Enterprise Center's Innovation Commercialization Assistance Program contract with SHINE Systems and Technologies to continue engaging the Commonwealth's 29 Virginia Small Business Development Centers Network.

I. In addition to the amounts provided in this item, and authorized pursuant to Item 467, P.7., the institution may reallocate from educational and general program funds in the second year to provide an additional 2.50 percent average faculty salary increase for teaching and research faculty. The institution may provide these increases consistent with its faculty pay plan.

J. The institution may adjust any of the amounts embedded in language under this item not to exceed the percentage reduction received.
Notwithstanding the provisions of § 4-5.01.5.b) of this Act, George Mason University is hereby authorized to transfer the balance of its discontinued student loan funds to an endowment fund established by the University to be used for undergraduate and graduate students in the Higher Education Student Financial Assistance Program.

Authority: Title 23, Chapter 12.1, Code of Virginia.

A. This Item includes general and nongeneral fund appropriations to support institutional initiatives that help meet statewide goals described in the Restructured Higher Education Financial and Administrative Operations Act of 2005 (Chapters 933 and 945, 2005 Acts of Assembly).

B. As Virginia's public colleges and universities approach full funding of the base adequacy guidelines and as the General Assembly strives to fully fund the general fund share of the base adequacy guidelines, these funds are provided with the intent that, in exercising their authority to set tuition and fees, the Board of Visitors shall take into consideration the impact of escalating college costs for Virginia students and families. In accordance with the cost-sharing goals set forth in § 4-2.01 b. of this act, the Board of Visitors is encouraged to limit increases on tuition and mandatory educational and general fees for in-state, undergraduate students to the extent possible.

C. Out of this appropriation, $1,820,338 the first year and $1,820,338 the second year from the general fund is designated to continue the increase in access for in-state undergraduate students begun in the 2011 Session, support the projected growth in transfer students and improve retention and graduation through additional advising for both transfers and students in high demand majors.

D. The 4-VA, a public-private partnership among George Mason University, James Madison University, Virginia Tech, University of Virginia and CISCO Systems, Inc, was established to utilize emerging technologies to promote collaboration and resource sharing to increase access, reduce time to graduation and reduce unit cost while maintaining and enhancing quality. Instructional talent across the four institutions will be leveraged in the delivery of programs in foreign languages, science, technology, engineering and mathematics. The 4-VA Management Board can expand this partnership to additional institutions as appropriate to meet the goals of the 4-VA initiative. It is expected that funding will be pooled by the management board as required to support continuing efforts of the 4-VA priorities and projects.
ITEM 166.

E. Out of this appropriation, $1,740,552 the second year from the general fund is provided to address restoration of budget cuts, in-state undergraduate enrollment growth and costs associated with the development of a collaborative practical experience partnership in kinesiology between James Madison University and the Briery Branch Community Center.

F. In addition to the amounts provided in this item, and authorized pursuant to Item 467, P.7., the institution may reallocate from educational and general program funds in the second year to provide an additional 2.50 percent average faculty salary increase for teaching and research faculty. The institution may provide these increases consistent with its faculty pay plan.

G. The institution may adjust any of the amounts embedded in language under this item not to exceed the percentage reduction received.

A.1. This Item includes general and nongeneral fund appropriations to support institutional initiatives that help meet statewide goals described in the Restructured Higher Education Financial and Administrative Operations Act of 2005 (Chapters 933 and 945, 2005 Acts of Assembly).

2. Out of this appropriation, the university may allocate funds to expand enrollment capacity through expansion of distance learning, TELETECHNET and summer school.

B. Out of this appropriation, $431,013 the first year and $431,013 the second year from the general fund and $198,244 the first year and $198,244 the second year from nongeneral funds are designated for the educational telecommunications project to provide graduate engineering education. For supplemental budget requests, the participating institutions and centers jointly shall submit a report in support of such requests to the State Council of Higher Education for Virginia for review and recommendation to the Governor and General Assembly.

C. Notwithstanding § 55-297, Code of Virginia, Old Dominion University is hereby designated as the administrative agency for the Virginia Coordinate System.

D. Notwithstanding § 23-7.4:2, Code of Virginia, the governing board of Old Dominion University may charge reduced tuition to any person enrolled in one of Old Dominion University's TELETECHNET sites or higher education centers who lives within a 50-mile radius of the site/center, is domiciled in, and is entitled to in-state tuition charges in the institutions of higher learning in any state, the District of Columbia, which is contiguous to Virginia and which has similar reciprocal provisions for persons domiciled in Virginia.

E. As Virginia's public colleges and universities approach full funding of the base adequacy guidelines and as the General Assembly strives to fully fund the general fund share of the base adequacy guidelines, these funds are provided with the intent that, in exercising their authority to set tuition and fees, the Board of Visitors shall take into consideration the impact of escalating college costs for Virginia students and families. In accordance with the cost-sharing goals set forth in § 4-2.01 b. of this act, the Board of Visitors is encouraged to limit increases on tuition and mandatory educational and general fees for in-state, undergraduate students to the extent possible.
F. Out of this appropriation, $320,000 the first year and $320,000 the second year from the general fund is designated to provide opportunity for 80 students per year to be engaged in STEM education using aerospace, high tech science, technology and engineering in partnership with NASA Wallops Flight Facility. The designated funding in this paragraph will not be considered as a resource for purposes of funding guidelines.

G. Out of this appropriation, $125,000 the first year from the general fund is designated to complete planning for a joint School of Public Health in collaboration with Eastern Virginia Medical School. On or before June 30, 2015, Old Dominion University shall submit a status report to the Governor and Chairmen of the House Appropriations and Senate Finance Committees regarding the feasibility of such a collaborative effort.

I. In addition to the amounts provided in this item, and authorized pursuant to Item 467, P.7., the institution may reallocate from educational and general program funds in the second year to provide an additional 2.50 percent average faculty salary increase for teaching and research faculty. The institution may provide these increases consistent with its faculty pay plan.

J. The institution may adjust any of the amounts embedded in language under this item not to exceed the percentage reduction received.

Old Dominion University is authorized to establish a self-supporting "instructional enterprise" fund to account for the revenues and expenditures of TELETECHNET classes offered at locations outside the Commonwealth of Virginia. Consistent with the self-supporting concept of an "enterprise fund," student tuition and fee revenues for TELETECHNET students at locations outside Virginia shall exceed all direct and indirect costs of providing instruction to those students. Tuition and fee rates to meet this requirement shall be established by the University's Board of Visitors. Revenue and expenditures of the fund shall be accounted for in such a manner as to be auditable by the State Council of Higher Education for Virginia. Revenues in excess of expenditures shall be retained in the fund to support the entire TELETECHNET program. Full-time equivalent students generated through these programs shall be accounted for separately. Additionally, revenues which remain unexpended on the last day of the previous biennium and the last day of the first year of the current biennium shall be reappropriated and allotted for expenditure in the respective succeeding fiscal year.

A. This Item includes general and nongeneral fund appropriations to support institutional initiatives that help meet statewide goals described in the Restructured Higher Education Financial and Administrative Operations Act of 2005 (Chapters 933 and 945, 2005 Acts of Assembly).

B.1. This appropriation includes an amount not to exceed $1,393,959 the first year and $1,393,959 the second year from the general fund for the operation of the Family Practice Residency Program and Family Practice medical student programs. This appropriation for Family Practice programs, whether ultimately implemented by contract, agreement or other means, is considered to be a grant.

2. The university shall report by July 1 annually to the Department of Planning and Budget an operating plan for the Family Practice Residency Program.

3. The University of Virginia, in cooperation with the Virginia Commonwealth University Health System Authority, shall establish elective Family Practice Medicine experiences in Southwest Virginia for both students and residents.

4. In the event the Governor imposes across-the-board general fund reductions, pursuant to his executive authority in § 4-1.02 of this act, the general fund appropriation for the Family Practice programs shall be exempt from any reductions, provided the general fund appropriation for the family practice program is excluded from the total general fund appropriation for the University of Virginia for purposes of determining the university’s portion of the statewide general fund reduction requirement.

C. Out of this appropriation, $1,119,176 the first year and $1,119,176 $1,204,176 the second year from the general fund is designated for the Virginia Foundation for Humanities and Public Policy. D. Out of this appropriation, an amount estimated at $527,610 the first year and $527,610 the second year from the general fund and at least $468,850 the first year and at least $468,850 the second year from nongeneral funds are designated for the educational telecommunications project to provide graduate engineering education. For supplemental budget requests, the participating institutions and centers jointly shall submit a report in support of such requests to the State Council of Higher Education for Virginia for review and recommendation to the Governor and General Assembly.

E. Out of this appropriation, $192,954 the first year and $192,954 the second year from the general fund, and at least $283,500 the first year and at least $283,500 the second year from nongeneral funds are designated for the independent Virginia Institute of Government at the University of Virginia Center for Public Service.

F. Further, it is the intent that the university support medical education and training in the principles of generalist medicine for all undergraduate medical students, regardless of their chosen specialty or field of study.

G. It is the intent of the General Assembly to assist the three Virginia medical schools as they respond to changes in the need for delivery and financing of medical education, both undergraduate and graduate.

K. As Virginia's public colleges and universities approach full funding of the base adequacy guidelines and as the General Assembly strives to fully fund the general fund share of the base adequacy guidelines, these funds are provided with the intent that, in exercising their authority to set tuition and fees, the Board of Visitors shall take into consideration the impact of escalating college costs for Virginia students and families. In accordance with the cost-sharing goals set forth in § 4-2.01 b. of this act, the Board of Visitors is encouraged to limit increases on tuition and mandatory educational and general fees for in-state, undergraduate students to the extent possible.

L. The appropriation for the fund source Higher Education Operating in this Item shall be considered a sum sufficient appropriation, which is an estimate of the amount of revenues to be collected for the educational and general program under the terms of the management agreement between the University of Virginia and the Commonwealth, as set forth in Chapters 933 and 943, of the 2006 Acts of Assembly.

Lacking such certification the school division shall reimburse the state for an additional 25 percent of the cost not to exceed 100 percent of the cost of the school efficiency review. The Secretary of Health and Human Resources, in collaboration with the Office of the Attorney General and the Secretary of Public Safety and Homeland Security, shall present a six-year forecast of the adult offender population presently incarcerated in the Department of Corrections and approaching release who meet the criteria set forth in Chapter 863 and Chapter 914 of the 2006 Acts of Assembly, and who may be eligible for evaluation as sexually violent predators (SVPs) for each fiscal year within the six-year forecasting period. As part of the forecast, the secretary shall report on: (i) the number of Commitment Review Committee (CRC) evaluations to be completed; (ii) the number of eligible inmates recommended by the CRC for civil commitment, conditional release, and full release; (iii) the number of civilly committed residents of the Virginia Center for Behavioral Rehabilitation who are eligible for annual review; and (iv) the number of individuals civilly committed to the Virginia Center for Behavioral Rehabilitation and granted conditional release from civil commitment in a state SVP facility. The secretary shall complete a summary report of current SVP cases and a forecast of SVP eligibility, civil commitments, and SVP conditional releases, including projected bed space requirements, to the Governor and Senate Finance and House Appropriations Committees by October 1
November 15 of each year.

2. As part of the forecast process, the Department of Corrections shall administer a STATIC-99 screening to all potential Sexually Violent Predators eligible for civil commitment pursuant to §37.2-900 et seq., Code of Virginia, within six months of admission to the Department of Corrections. The results of such screenings shall be provided to the commissioner of the Department of Behavioral Health and Developmental Services (DBHDS) on a monthly basis and used for the SVP population forecast process.

3. The Office of the Attorney General shall also provide to the commissioner of DBHDS, on a monthly basis, the status of all SVP cases pending before their office for purposes of forecasting the SVP population.

B. The Secretary of Health and Human Resources shall provide the Governor and the Chairs of the Senate Finance and House Appropriations Committees a quarterly written assessment of the progress made by the Health Care Reform program office to implement new information technology systems as described in Item 424 D.2. of this Act. This report shall provide a program-level assessment, including a description of the expenditures that have been made and the activities to which any State or contract staff are assigned. The report shall also include a program-level description of steps taken to ensure that (i) individual projects and the use of project resources are prioritized across the program, (ii) a coordinated approach to program management across all projects is undertaken through the use of formal structures and processes, (iii) program governance and communication activities are sufficient to achieve benefit and stakeholder management objectives, and (iv) any changes in program and project-level objectives and resource needs are identified. This reporting requirement shall cease at such time as new program management standards are promulgated by the Virginia Information Technologies Agency.

C.1. The Secretary of Health and Human Resources shall conduct an analysis and develop a plan with options for a hospital provider assessment program, including a review of other issues deemed necessary, for consideration by the General Assembly in the 2016 Session, that: (i) complies with applicable federal law and regulations; (ii) is designed to operate in a fashion that is mutually beneficial to the Commonwealth and affected health care organizations; (iii) addresses health system challenges in meeting the needs of the uninsured

In the development of this program, the Secretary’s office shall be assisted by the Department of Medical Assistance Services, the Virginia Center for Healthcare Innovation, the Virginia Hospital and Healthcare Association and other affected stakeholders.

2. As part of the analysis and development of a plan for a hospital provider assessment program, the Secretary of Health and Human Resources shall also develop as an option a more limited program that is focused on supporting the indigent care and graduate medical education costs at private teaching hospitals in the Commonwealth.

3. The Secretary of Health and Human Resources shall also undertake a review of a program that would provide supplemental payments for qualifying private hospitals as provided for in the State Plan for Medical Assistance Services amendments 11-018 and 11-019 submitted to the Centers for Medicare and Medicaid Services on or about December 20, 2011.

4. The Secretary shall report to the Chairmen of the House Appropriations and Senate Finance Committees by November 1, 2015 on the appropriate details regarding the plan and options for a hospital provider assessment program, which shall include: (i) the structure, collection process, and amount of the assessment; (ii) the process for supplemental payments; (iii) an estimate by hospital of the net financial impact of the program; and (iv) an implementation timeline. e. The Office of Comprehensive Services, per the policy of the State Executive Council, shall deny state pool funding to any locality not in compliance with federal and state requirements pertaining to the provision of special education and foster care services funded in accordance with § 2.2-5211, Code of Virginia.

c. The State Executive Council shall maintain local government performance measures to include, but not be limited to, use of federal funds for state and local support of the Comprehensive Services Act.

d. The Office of Comprehensive Services, in conjunction with the Department of Social Services, shall determine a mechanism for reporting Temporary Assistance for Needy Families Maintenance of Effort eligible costs incurred by the Commonwealth and local governments for the Comprehensive Services Act for At-Risk Youth and Families.

10. For purposes of defining cases involving only the payment of foster care maintenance, pursuant to § 2.2-5209, Code of Virginia, the definition of foster care maintenance used by the Virginia Department of Social Services for federal Title IV-E shall be used.

C. The funding formula to carry out the provisions of the Comprehensive Services Act for At-Risk Youth and Families is as follows:

1. Allocations. The allocations for the Medicaid and non-Medicaid pools shall be the amounts specified in paragraphs B.1.b. and B.1.c. in this Item. These funds shall be distributed to each locality in each year of the biennium based on the greater of that locality's percentage of actual 1997 Comprehensive Services Act pool fund program expenditures to total 1997 pool fund program expenditures or the latest available three-year average of actual pool fund program expenditures as reported to the state fiscal agent.

2. Local Match. All localities are required to appropriate a local match for the base year funding consisting of the actual aggregate local match rate based on actual total 1997 program expenditures for the Comprehensive Services Act for At-Risk Youth and Families. This local match rate shall also apply to all reimbursements from the state pool of funds in this Item and carryforward expenditures submitted prior to September 30 each year for the preceding fiscal year, including administrative reimbursements under paragraph C.4. in this Item.
3.a. Notwithstanding the provisions of C.2. of this Item, beginning July 1, 2008, the local match rate for community based services for each locality shall be reduced by 50 percent.

b. Localities shall review their caseloads for those individuals who can be served appropriately by community-based services and transition those cases to the community for services. Beginning July 1, 2009, the local match rate for non-Medicaid residential services for each locality shall be 25 percent above the fiscal year 2007 base. Beginning July 1, 2011, the local match rate for Medicaid residential services for each locality shall be 25 percent above the fiscal year 2007 base.

c. By October 1 of each year, The State Executive Council (SEC) shall provide an update to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees on the outcomes of this initiative.

d. At the direction of the State Executive Council, local Community Policy and Management Teams (CPMTs) and Community Services Boards (CSBs) shall work collaboratively in their service areas to develop a local plan for intensive care coordination (ICC) services that best meets the needs of the children and families. If there is more than one CPMT in the CSB’s service area, the CPMTs and the CSB may work together as a region to develop a plan for ICC services. Local CPMTs and CSBs shall also work together to determine the most appropriate and cost-effective provider of ICC services for children in their community who are placed in, or at-risk of being placed in, residential care through the Comprehensive Services Act for At-Risk Youth and Families program, in accordance with guidelines developed by the State Executive Council. The State Executive Council and Office of Comprehensive Services shall establish guidelines for reasonable rates for ICC services and provide training and technical assistance to CPMTs and fiscal agents regarding these services.

e. The local match rate for all non-Medicaid services provided in the public schools after June 30, 2011 shall equal the fiscal year 2007 base.

4. Local Administrative Costs. Out of this appropriation, an amount equal to two percent of the fiscal year 1997 pool fund allocations, not to exceed $1,560,000 the first year and $1,560,000 the second year from the general fund, shall be allocated among all localities for administrative costs. Every locality shall be required to appropriate a local match based on the local match contribution in paragraph C.2. of this Item. Inclusive of the state allocation and local matching funds, every locality shall receive the larger of $12,500 or an amount equal to two percent of the total pool allocation. No locality shall receive more than $50,000, inclusive of the state allocation and local matching funds. Localities are encouraged to use administrative funding to hire a full-time or part-time local coordinator for the Comprehensive Services Act program. Localities may pool this administrative funding to hire regional coordinators.

5. Definition. For purposes of the funding formula in the Comprehensive Services Act for At-Risk Youth and Families, “locality” means city or county.

D. Community Policy and Management Teams shall use Medicaid-funded services whenever they are available for the appropriate treatment of children and youth receiving services under the Comprehensive Services Act for At-Risk Children and Youth. Effective July 1, 2009, pool funds shall not be spent for any service that can be funded through Medicaid for Medicaid-eligible children and youth except when Medicaid-funded services are unavailable or inappropriate for meeting the needs of a child.

E. Pursuant to subdivision 3 of §2.2-52.06 Code of Virginia, Community Policy and Management Teams shall enter into agreements with the parents or legal guardians of children receiving services under the Comprehensive Services Act for At-Risk Children and Youth. The Office of Comprehensive Services shall be a party to any such agreement. If the parent or legal guardian fails or refuses to pay the agreed upon sum on a timely basis and a collection action cannot be referred to the Division of Child Support Enforcement of the Department of Social Services, upon the request of the community policy management team, the Office of Comprehensive Services shall make a claim against the parent or legal guardian for such payment through the Department of Law’s Division of Debt Collection in the Office of the Attorney General.
F. The Office of Comprehensive Services, in cooperation with the Department of Medical Assistance Services, shall provide technical assistance and training to assist residential and treatment foster care providers who provide Medicaid-reimbursable services through the Comprehensive Services Act for At-Risk Children and Youth (CSA) to become Medicaid-certified providers.

G. The Office of Comprehensive Services shall work with the State Executive Council and the Department of Medical Assistance Services to assist Community Policy and Management Teams in appropriately accessing a full array of Medicaid-funded services for Medicaid-eligible children and youth through the Comprehensive Services Act for At-Risk Children and Youth, thereby increasing Medicaid reimbursement for treatment services and decreasing the number of denials for Medicaid services related to medical necessity and utilization review activities.

H. Pursuant to subdivision 19 of §2.2-2648, Code of Virginia, no later than December 20 in the odd-numbered years, the State Executive Council shall biennially publish and disseminate to members of the General Assembly and Community Policy and Management Teams a progress report on comprehensive services for children, youth, and families and a plan for such services for the succeeding biennium.

I. Out of this appropriation, $275,000 the first year and $275,000 the second year from the general fund shall be used to purchase and maintain an information system to provide quality and timely child demographic, service, expenditure, and outcome data.

J. Physicians on the committee shall be licensed in Virginia, one of whom shall be a psychiatrist, and one of whom specializes in care for the aging. Pharmacists on the committee shall be licensed in Virginia, one of whom shall have clinical expertise in mental health drugs, and one of whom has clinical expertise in community-based mental health treatment. The Pharmacy and Therapeutics Committee shall recommend to the department (i) which therapeutic classes of drugs should be subject to the Preferred Drug List program and prior authorization requirements; (ii) specific drugs within each therapeutic class to be included on the preferred drug list; (iii) appropriate exclusions for medications, including atypical anti-psychotics, used for the treatment of serious mental illnesses such as bi-polar disorders, schizophrenia, and depression; (iv) appropriate exclusions for therapeutic classes in which there is only one drug in the therapeutic class or there is very low utilization, or for which it is not cost-effective to include in the Preferred Drug List program; and (vi) appropriate grandfather clauses when prior authorization would interfere with established complex drug regimens that have proven to be clinically effective. In developing and maintaining the preferred drug list, the cost effectiveness of any given drug shall be considered only after it is determined to be safe and clinically effective.

b. The Pharmacy and Therapeutics Committee shall schedule meetings at least semi-annually and may meet at other times at the discretion of the chairperson and members. At the meetings, the Pharmacy and Therapeutics committee shall review any drug in a class subject to the Preferred Drug List that is newly approved by the Federal Food and Drug Administration, provided there is at least thirty (30) days notice of such approval prior to the date of the quarterly meeting.

6. Notwithstanding § 32.1-331.12 et seq., Code of Virginia, to implement these changes, the Department of Medical Assistance Services shall promulgate emergency regulations to become effective within 280 days or less from the enactment of this act. With respect to such state plan amendments and regulations, the provisions of § 32.1-331.12 et seq., Code of Virginia, shall not apply. In addition, the department shall work with the Department of Behavioral Health and Development Services to consider utilizing a Preferred Drug List program for its non-Medicaid clients.

For individuals 18 years of age and younger who are prescribed three or more behavioral health drugs, the department may implement clinical edits that target inefficient, ineffective, or potentially harmful prescribing patterns in accordance with FDA-approved indications and dosage levels.

8. The Department of Medical Assistance Services shall ensure that in the process of developing the Preferred Drug List, the Pharmacy and Therapeutics Committee considers the value of including those prescription medications which improve drug regimen compliance, reduce medication errors, or decrease medication abuse through the use of medication delivery systems that include, but are not limited to, transdermal and injectable delivery systems.

S.1. The Department of Medical Assistance Services may amend the State Plan for Medical Assistance Services to modify the delivery system of pharmaceutical products to include a specialty drug program. 3. In the event that the Department of Medical Assistance Services contracts with a vendor, the department shall establish the fee paid to any such contract based on the reasonable cost of services provided. The department may not offer or pay directly or indirectly any material inducement, bonus, or other financial incentive to a program contractor based on the denial or administrative delay of medically appropriate prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or a reduction in the proportion of beneficiaries who receive prescription drug therapy under the Medicaid program. Bonuses cannot be based on the percentage of cost savings generated under the benefit management of services.
4. The department shall: (i) review, update and publish the list of authorized specialty drugs, utilization guidelines, and rates at least quarterly; (ii) implement and maintain a procedure to revise the list or modify specialty drug program utilization guidelines and rates, consistent with changes in the marketplace; and (iii) provide an administrative appeals procedure to allow dispensing or prescribing provider to contest the listed specialty drugs and rates.

5. The department shall report on savings and quality improvements achieved through the implementation measures for the specialty drug program to the Chairmen of the House Appropriations and Senate Finance Committees, the Joint Commission on Health Care, and the Department of Planning and Budget by November 1 of each year.

U. In the event that the Department of Medical Assistance Services decides to contract for pharmaceutical benefit management services to administer, develop, manage, or implement Medicaid pharmacy benefits, the department shall establish the fee paid to any such contractor based on the reasonable cost of services provided. The department may not offer or pay directly or indirectly any material inducement, bonus, or other financial incentive to a program contractor based on the denial or administrative delay of medically appropriate prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or a reduction in the proportion of beneficiaries who receive prescription drug therapy under the Medicaid program. Bonuses cannot be based on the percentage of cost savings generated under the benefit management of services.

V. The Department of Medical Assistance Services, in cooperation with the Department of Social Services' Division of Child Support Enforcement (DSCE), shall identify and report third party coverage where a medical support order has required a custodial or noncustodial parent to enroll a child in a health insurance plan. The Department of Medical Assistance Services shall also report to the DCSE third party information that has been identified through their third party identification processes for children handled by DCSE.

The informal fact-finding conference decision shall be issued within 180 days of the receipt of the appeal request. If the agency does not render an informal fact-finding conference decision within 180 days of the receipt of the appeal request, the decision is deemed to be in favor of the provider. An appeal of the director's informal fact-finding conference decision concerning provider reimbursement shall be heard in accordance with § 2.2-4020 of the Administrative Process Act (§ 2.2-4020 et seq.) and the State Plan for Medical Assistance provided for in § 32.1-325, Code of Virginia. Effective July 1, 2013, the Department of Medical Assistance Services shall have the authority, to establish a 25 percent higher reimbursement rate for congregate residential services for individuals with complex medical or behavioral needs currently residing in an institution and unable to transition to integrated settings in the community due to the need for services that cannot be provided within the maximum allowable rate, or individuals whose needs present imminent risk of institutionalization and enhanced waiver services are needed beyond those available within the maximum allowable rate. The department shall have authority to promulgate regulations to implement this change within 280 days or less from the enactment of this act.

JJJ. The Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to allow for delivery of notices of program reimbursement or other items referred to in the regulations related to provider appeals by electronic means consistent with the Uniform Electronic Transactions Act. The department shall implement this change effective July 1, 2013, and prior to completion of any regulatory process undertaken in order to effect such changes.

KKK. The Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to convert the current cost-based payment methodology for nursing facility operating rates in 12 VAC 30-90-41 to a price-based methodology effective July 1, 2014. The new price-based payment methodology shall be implemented in a budget neutral manner.

1. The department shall calculate prospective operating rates for direct and indirect costs in the following manner:

a. The department shall calculate the cost per day in the base year for direct and indirect operating costs for each nursing facility. The department shall use existing definitions of direct and indirect costs.

b. The initial base year for calculating the cost per day is cost reports ending in calendar year 2011. The department shall rebase prices in fiscal year 2018 and every three years thereafter using the most recent reliable calendar year cost-settled cost reports for freestanding nursing facilities that have been completed as of September 1.

c. Each nursing facility’s direct cost per day shall be neutralized by dividing the direct cost per day by the raw Medicaid facility case-mix that corresponds to the base year by facility.

d. Costs per day shall be inflated to the midpoint of the fiscal year rate period using the moving average Virginia Nursing Home inflation index for the 4th quarter of each year (the midpoint of the fiscal year). Costs in the 2011 base year shall be inflated from the midpoint of
ITEM 301.

the cost report year to the midpoint of fiscal year 2012 by pro-rating fiscal year 2012 inflation and annual inflation after that. Annual inflation adjustments shall be based on the last available report prior to the beginning of the fiscal year and corrected for any revisions to prior year inflation.

e. Prices will be established for the following peer groups using a combination of Medicare wage regions and Medicaid rural and bed size modifications based on similar costs.

1) Direct Peer groups

- Northern Virginia MSA
- Other MSAs
- Northern Rural
- Southern Rural

2) Indirect Peer Groups

- Northern Virginia MSA
- Rest of State - Greater than 60 Beds
- Other MSAs
- Northern Rural
- Southern Rural
- Rest of State - 60 Beds or Less

f. The price for each peer group shall be based on the following adjustment factors:

1) Direct - 105 percent of the peer group day-weighted median neutralized and inflated cost per day for freestanding nursing facilities.

2) Indirect - 100.7 percent of the peer group day-weighted median inflated cost per day for freestanding nursing facilities.

g. Facilities with costs projected to the rate year below 95 percent of the price shall have an adjusted price equal to the price minus the difference between their cost and 95 percent of the unadjusted price. Adjusted prices will be established at each rebasing. New facilities after the base year shall not have an adjusted price until the next rebasing. The "spending floor" limits the potential gain of low cost facilities, thereby making it possible to implement higher adjustment factors for other facilities at less cost.

h. Individual claim payment for direct costs shall be based on each resident’s Resource Utilization Group (RUG) during the service period times the facility direct price (similar to Medicare).

i. Resource Utilization Group (RUG) is a resident classification system that groups nursing facility residents according to resource utilization and assigns weights related to the resource utilization for each classification. The department shall use RUGS to determine facility case mix for cost neutralization in determining the direct costs used in setting the price and for adjusting the claim payments for residents. The department may elect to transition from the RUG-III 34 Medicaid grouper to the RUG-IV 48 grouper in the following manner.

1) The department shall neutralize direct costs per day in the base year using the most current RUG grouper applicable to the base year.

2) The department shall utilize RUG-III 34 groups and weights in fiscal year 2015 for claim payments.
3) Beginning in fiscal year 2016, the department may elect to implement RUG-IV 48 Medicaid groups and weights for claim payments.

4) RUG-IV 48 weights used for claim payments will be normalized to RUG-III 34 weights as long as base year costs are neutralized by the RUG-III 34 group. In that the weights are not the same under RUG IV as under RUG III, normalization will insure that total payments in direct using the RUGs IV 48 weights will be the same as total payments in direct using the RUGs-III 34 grouper.

j. The department shall transition to the price-based methodology over a period of four years, blending the price-based rate described here with the cost-based rate based on current law with the following adjustments. The facility cost-based operating rates shall be the direct and indirect rates for fiscal year 2015 based on facility case-mix neutral rates modeled after the law that would have been in effect in fiscal year 2015 absent this amendment and using base year data from calendar year 2011 inflated to the rate year. Based on a four-year transition, the rate will be based on the following blend:

1) Fiscal year 2015 - 25 percent of the price-based rate and 75 percent of the cost-based rate.
2) Fiscal year 2016 - 50 percent of the price-based rate and 50 percent of the cost-based rate.
3) Fiscal year 2017 - 75 percent of the price-based rate and 25 percent of the cost-based rate.
4) Fiscal year 2018 - 100 percent of the price-based (fully implemented).

During the first transition year for the period July 1, 2014 through October 31, 2014, DMAS shall case-mix adjust each direct cost component of the rates using the average facility case-mix from the two most recent finalized quarters (September and December 2013) instead of adjusting this component claim by claim.

Cost-based rates to be used in the transition for facilities without cost data in the base year but placed in service prior to July 1, 2013 shall be determined based on the most recently settled cost data. If there is no settled cost report at the beginning of a fiscal year, then 100 percent of the price-based rate shall be used for that fiscal year. Facilities placed in service after June 30, 2013 shall be paid 100 percent of the price-based rate.

2. Prospective capital rates shall be calculated in the following manner.

a. Fair rental value per diem rates for the fiscal year shall be calculated for all freestanding nursing facilities based on the prior calendar year information aged to the fiscal year and using RS Means factors and rental rates corresponding to the fiscal year. There will be no separate calculation for beds subject to and not subject to transition.

b. The department shall develop a procedure for mid-year fair rental value per diem rate changes for nursing facilities that put into service a major renovation or new beds. A major renovation shall be defined as an increase in capital of $3,000 per bed. The nursing facility shall submit complete pro forma documentation at least 60 days prior to the effective date and the new rate shall be effective at the beginning of the month following the end of the 60 days. The provider shall submit final documentation within 60 days of the new rate effective date and the department shall review final documentation and modify the rate if necessary effective 90 days after the implementation of the new rate. No mid-year rate changes shall be made for an effective date after April 30 of the fiscal year.

c. Effective July 1, 2014, the rental rate shall be 8.0 percent.

d. These FRV changes shall also apply to specialized care facilities.

e. The capital per diem rate for hospital-based nursing facilities shall be the last settled capital per diem.

3. Prospective Nurse Aide Training and Competency Evaluation Programs (NATCEP) rates shall be the Medicaid per diem rate in the base year inflated to the rate year based on inflation used in the operating rate calculations.
4. A prospective rate for criminal records checks shall be the per diem rate in the base year.

5. The department shall have the authority to implement these payment changes effective July 1, 2014 and prior to completion of any regulatory process in order to effect such changes.

6. The department shall amend the State Plan for Medical Assistance to reimburse the price-based operating rate rather than the transition operating rate to any nursing facility whose licensed bed capacity decreased by at least 30 beds after 2011 and whose occupancy increased from less than 70 percent in 2011 to more than 80 percent in 2013. The department shall have the authority to implement this reimbursement change effective July 1, 2015, and prior to completion of any regulatory process in order to effect such change.

LLL. The Department of Medical Assistance Services shall amend its State Plan under Title XIX of the Social Security Act to implement reasonable restrictions on the amount of incurred dental expenses allowed as a deduction from income for nursing facility residents. Such limitations shall include: (i) that routine exams and x-rays, and dental cleaning shall be limited to twice yearly; (ii) full mouth x-rays shall be limited to once every three years; and (iii) deductions for extractions and fillings shall be permitted only if medically necessary as determined by the department.

MMM. Notwithstanding §32.1-325, et seq. and §32.1-351, et seq. of the Code of Virginia, and effective upon the availability of subsidized private health insurance offered through a Health Benefits Exchange in Virginia as articulated through the federal Patient Protection and Affordable Care Act (PPACA), the Department of Medical Assistance Services shall eliminate, to the extent not prohibited under federal law, Medicaid Plan First and FAMIS Moms program offerings to populations eligible for and enrolled in said subsidized coverage in order to remove disincentives for subsidized private healthcare coverage through publicly-offered alternatives. To ensure, to the extent feasible, a smooth transition from public coverage, DMAS shall endeavor to phase out such coverage for existing enrollees once subsidized private insurance is available through a Health Benefits Exchange in Virginia. The department shall implement any necessary changes upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such change.

NNN. The Department of Medical Assistance Services shall have authority to amend the State Plans for Medical Assistance under Titles XIX and XXI of the Social Security Act, and any waivers thereof, to implement requirements of the federal Patient Protection and Affordable Care Act (PPACA) as it pertains to implementation of Medicaid and CHIP eligibility determination and case management standards and practices, including the Modified Adjusted Gross Income (MAGI) methodology. The department shall have authority to implement such standards and practices upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such change.

The committee shall also include representatives from each of the department’s contracted managed care organizations and a representative from the Virginia Association of Health Plans. The committee will work with the department to investigate the implementation of quality, cost-effective health care initiatives, to identify means to increase provider participation in the Medicaid program, to remove administrative obstacles to quality, cost-effective patient care, and to address other matters as raised by the department or members of the committee. The committee shall meet semi-annually, or more frequently if requested by the department or members of the committee. The department, in cooperation with the committee, shall report on the committee’s activities annually to the Board of Medical Assistance Services and to the Chairmen of the House Appropriations and Senate Finance Committees and the Department of Planning and Budget no later than October 1 each year.

PPP. The Department of Medical Assistance Services shall establish a work group of representatives of providers of home- and community-based care services to continue improvements in the audit process and procedures for home- and community-based utilization
and review audits. The Department of Medical Assistance Services shall report on any revisions to the methodology for home- and community-based utilization and review audits, including progress made in addressing provider concerns and solutions to improve the process for providers while ensuring program integrity. In addition, the report shall include documentation of the past year's audits, a summary of the number of audits to which retractions were assessed and the total amount, the number of appeals received and the results of appeals. The report shall be provided to the Chairmen of the House Appropriations and Senate Finance Committees by December 1 of each year.

The department shall have the authority to implement these reimbursement changes effective July 1, 2013, and prior to completion of any regulatory process undertaken in order to effect such change.

RRR. The Department of Medical Assistance Services shall realign the billable activities paid for individual supported employment provided under the Medicaid home- and community-based waivers to be consistent with job development and job placement services provided through employment services organizations that are reimbursed by the Department for Aging and Rehabilitative Services. The department shall have the authority to implement this reimbursement change effective July 1, 2013, and prior to the completion of any regulatory process undertaken in order to effect such change.

Effective July 1, 2013, the Department of Medical Assistance Services shall take the steps necessary to amend the Intellectual Disability Waiver and the Individual and Family Developmental Disabilities Support Waiver to change the unit of service for skilled and private duty nursing from the current one hour to one-quarter of an hour. The department shall implement this change using a methodology that is budget neutral.

TTT. 1. The Department of Medical Assistance Services shall seek federal authority through any necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social Security Act to implement a comprehensive value-driven, market-based reform of the Virginia Medicaid/FAMIS programs. This reform shall be implemented in three phases as outlined in paragraphs 2, 3 and 4. The department shall have authority to implement necessary changes when feasible after federal approval and prior to the completion of any regulatory process undertaken in order to effect such change.

2. In the first phase of reform, the Department of Medical Assistance Services shall continue currently authorized reforms of the Virginia Medicaid/FAMIS service delivery model that shall, at a minimum, include (i) implementation of a Medicare-Medicaid Enrollee (dual eligible) Financial Alignment demonstration as evidenced by a Memorandum of Understanding with the Centers for Medicare and Medicaid Services (CMS), signing of a three-way contract with CMS and participating plans, and approval of the necessary amendments to the State Plan for Medical Assistance and any waivers thereof; (ii) enhanced program integrity and fraud prevention efforts to include at a minimum: recovery audit contracting (RAC), data mining, service authorization, enhanced coordination with the Medicaid Fraud Control Unit (MFCU), and Payment Error Rate Measurement (PERM); (iii) inclusion of children enrolled in foster care in managed care; (iv) implementation of a new eligibility and enrollment information system for Medicaid and other social services; (v) improved access to Veterans services through creation of the Veterans Benefit Enhancement Program; and (vi) expedite the tightening of standards, services limits, provider qualifications, and licensure requirements for community behavioral health services.

3. In the second phase of reform, the Department of Medical Assistance Services shall implement value-based purchasing reforms for all recipients subject to a Modified Adjusted Gross Income (MAGI) methodology for program eligibility and any other recipient categories not excluded from the Medallion II managed care program. Such reforms shall, at a minimum, include the following: (i) the services and benefits provided are the types of services and benefits provided by commercial insurers and may include appropriate and reasonable limits on services such as occupational, physical, and speech therapy, and home care with the exception
of non-traditional behavioral health and substance use disorder services; (ii) reasonable limitations on non-essential benefits such as non-emergency transportation are implemented; and (iii) patient responsibility is required including reasonable cost-sharing and active patient participation in health and wellness activities to improve health and control costs.

To administer this reformed delivery model, the department is authorized to contract with qualified health plans to offer recipients a Medicaid benefit package adhering to these principles. Any coordination of non-traditional behavioral health services covered under contract with qualified health plans or through other means shall adhere to the principles outlined in paragraph OO. c. This reformed service delivery model shall be mandatory, to the extent allowed under the relevant authority granted by the federal government and shall, at a minimum, include (i) limited high-performing provider networks and medical/health homes; (ii) financial incentives for high quality outcomes and alternative payment methods; (iii) improvements to encounter data submission, reporting, and oversight; (iv) standardization of administrative and other processes for providers; and (v) support of the health information exchange.

The second phase of reform shall also include administrative simplification of the Medicaid program through any necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social Security Act and outline agreed upon parameters and metrics to provide maximum flexibility and expedited ability to develop and implement pilot programs to test innovative models that (i) leverage innovations and variations in regional delivery systems; (ii) link payment and reimbursement to quality and cost containment outcomes; or (iii) encourage innovations that improve service quality and yield cost savings to the Commonwealth. Upon federal approval, the department shall have authority to implement such pilot programs prior to the completion of the regulatory process.

4. In the third phase of reform, the Department of Medical Assistance Services shall seek reforms to include all remaining Medicaid populations and services, including long-term care and home- and community-based waiver services into cost-effective, managed and coordinated delivery systems. The department shall begin designing the process and obtaining federal authority to transition all remaining Medicaid beneficiaries into a coordinated delivery system.

5. The Department of Medical Assistance Services shall provide a report to the Medicaid Innovation and Reform Commission on the specific waiver and/or State Plan changes that have been approved and status of implementing such changes, and associated cost savings or cost avoidance to Medicaid/FAMIS expenditures.

I VETO THIS ITEM WHICH IS UNCONSTITUTIONAL. /s/ Terence R. McAuliffe (6/21/14) (Vetoed item is enclosed in brackets.)

6.a. The Department shall seek the approval of the Medicaid Innovation and Reform Commission to amend the State Plan for Medicaid Assistance under Title XIX of the Social Security Act, and any waivers thereof, to implement coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act. If the Medicaid Innovation and Reform Commission determines that the conditions in paragraphs 2, 3, 4, and 5 have been met, then the Commission shall approve implementation of coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act.

b. Upon approval by the Medicaid Innovation and Reform Commission, the department shall implement the provisions in paragraph 6.a. of this item by July 1, 2014, or as soon as feasible thereafter.

7.a. Contingent upon the expansion of eligibility in paragraph 6.a., there is hereby created in the state treasury a special nonreverting fund to be known as the Virginia Health Reform and Innovation Fund, hereafter referred to as the "Fund." The Fund shall be established on the books of the Comptroller and any moneys remaining in the Fund at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. For purposes of the Comptroller's preliminary and final annual reports required by § 2.2-813, however, all deposits to and disbursements from the Fund shall be accounted for as part of the general fund of the state treasury.
b. The Director of the Department of Medical Assistance Services, in consultation with the Director of the Department of Planning and Budget, shall annually identify projected general fund savings attributable to enrollment of newly eligible individuals included in 42 U.S.C. § 1396d(y)(1) [2010] of the PPACA, including behavioral health services, inmate health care, and indigent care. Beginning with development of the fiscal year 2015 budget, these projected savings shall be reflected in reduced appropriations to the affected agencies and the amounts deposited into the Fund net of any appropriation increases necessary to meet resulting programmatic requirements of the Department of Medical Assistance Services. Beginning in fiscal year 2015, funding to support health innovations described in Paragraph 3 shall be appropriated from the Fund not to exceed $3.5 million annually. Funding shall be distributed through health innovation grants to private and public entities in order to reduce the annual rate of growth in health care spending or improve the delivery of health care in the Commonwealth. When the department, in consultation with the Department of Planning and Budget, determines that the general fund expenses incurred from coverage of newly eligible individuals included in 42 U.S.C. § 1396d(y)(1) [2010] of the PPACA exceed any associated savings, a percentage of the principle of the Fund as determined necessary by the department and the Department of Planning and Budget to cover the cost of the newly eligible population shall be reallocated to the general fund and appropriated to the department to offset the cost of this population. Principle shall be allocated on an annual basis for as long as funding is available.

8. In the event that the increased federal medical assistance percentages for newly eligible individuals included in 42 U.S.C. § 1396d(y)(1) [2010] of the PPACA is modified through federal law or regulation from the methodology in effect on January 1, 2014, resulting in a reduction in federal medical assistance as determined by the department in consultation with the Department of Planning and Budget, the Department of Medical Assistance Services shall disenroll and eliminate coverage for individuals who obtained coverage through 42 U.S.C. § 1396d(y)(1) [2010] of the PPACA. The disenrollment process shall include written notification to affected Medicaid beneficiaries, Medicaid managed care plans, and other providers that coverage will cease as soon as allowable under federal law from the date the department is notified of a reduction in Federal Medical Assistance Percentage.

9. That notwithstanding any other provision of this act, or any other law, no general or nongeneral funds shall be appropriated or expended for such costs as may be incurred to implement coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1) [2010] of the Patient Protection and Affordable Care Act, unless included in an appropriation bill adopted by the General Assembly on or after July 1, 2014.

UUU.1. The Director of the Department of Medical Assistance Services shall continue to make improvements in the provision of health and long-term care services under Medicaid/FAMIS that are consistent with evidence-based practices and delivered in a cost effective manner to eligible individuals.

2. In order to effect such improvements and ensure that reform efforts are cost effective relative to current forecasted Medicaid/FAMIS expenditure levels, the Department of Medical Assistance Services shall (i) develop a five-year consensus forecast of expenditures and savings associated with the Virginia Medicaid/FAMIS reform efforts by November 15 of each year in conjunction with the Department of Planning and Budget, and with input from the House Appropriations and Senate Finance Committees, and (ii) engage stakeholder involvement in meeting annual targets for quality and cost-effectiveness.

VVV. Effective July 1, 2014, the Department of Medical Assistance Services shall replace the AP-DRG grouper with the APR-DRG grouper for hospital inpatient reimbursement. The department shall develop budget neutral case rates and Virginia-specific weights for the APR-DRG grouper based on the FY 2011 base year. The department shall phase in the APR-DRG weights by blending in 50 percent of the full APR-DRG weights with 50 percent of FY 2014 AP-DRG weights in the first year and 75 percent of the full APR-DRG weights with 25 percent of the FY 2014 AP-DRG weights in the second year for each APR-DRG group and severity. FY 2014 AP-DRG weights shall be calculated as a weighted average FY 2014 AP-DRG weight for all claims in the base year that group to each APR-DRG group and severity. Full APR-DRG weights shall be used in the third year and succeeding years for each APR-DRG group and severity. The department shall have the authority to implement these reimbursement changes effective July 1, 2014, and prior to completion of any regulatory process in order to effect such changes.
www.1. Effective July 1, 2014, the Department of Medical Assistance Services shall replace the current Disproportionate Share Hospital (DSH) methodology with the following methodology:

a) DSH eligible hospitals must have a total Medicaid Inpatient Utilization Rate equal to 14 percent or higher in the base year using Medicaid days eligible for Medicare DSH or a Low Income Utilization Rate in excess of 25 percent and meet other federal requirements. Eligibility for out of state cost reporting hospitals shall be based on total Medicaid utilization or on total Medicaid NICU utilization equal to 14 percent or higher.

b) Each hospital’s DSH payment shall be equal to the DSH per diem multiplied by each hospital’s eligible DSH days in a base year. Days reported in provider fiscal years in state FY 2011 will be the base year for FY 2015 prospective DSH payments. DSH will be recalculated annually with an updated base year. DSH payments are subject to applicable federal limits.

c) Eligible DSH days are the sum of all Medicaid inpatient acute, psychiatric and rehabilitation days above 14 percent for each DSH hospital subject to special rules for out of state cost reporting hospitals. Eligible DSH days for out of state cost reporting hospitals shall be the higher of the number of eligible days based on the calculation in the first sentence times Virginia Medicaid utilization (Virginia Medicaid days as a percent of total Medicaid days) or the Medicaid NICU days above 14 percent times Virginia NICU Medicaid utilization (Virginia NICU Medicaid days as a percent of total NICU Medicaid days). Eligible DSH days for out of state cost reporting hospitals who qualify for DSH but who have less than 12 percent Virginia Medicaid utilization shall be 50 percent of the days that would have otherwise been eligible DSH days.

d) Additional eligible DSH days are days that exceed 28 percent Medicaid utilization for Virginia Type Two hospitals (excluding Children’s Hospital of the Kings Daughters).

e) The DSH per diem shall be calculated in the following manner:

a. The DSH per diem for Type Two hospitals is calculated by dividing the total Type Two DSH allocation by the sum of eligible DSH days for all Type Two DSH hospitals. For purposes of DSH, Type Two hospitals do not include Children’s Hospital of the Kings Daughters (CHKD) or any hospital whose reimbursement exceeds its federal uncompensated care cost limit. The Type Two Hospital DSH allocation shall equal the amount of DSH paid to Type Two hospitals in state FY 2014 increased annually by the percent change in the federal allotment, including any reductions as a result of the Affordable Care Act, adjusted for the state fiscal year.

b. The DSH per diem for State Inpatient Psychiatric Hospitals is calculated by dividing the total State Inpatient Psychiatric Hospital DSH allocation by the sum of eligible DSH days. The State Inpatient Psychiatric Hospital DSH allocation shall equal the amount of DSH paid in state FY 2013 increased annually by the percent change in the federal allotment, including any reductions as a result of the Affordable Care Act, adjusted for the state fiscal year.

c. The DSH per diem for CHKD shall be three times the DSH per diem for Type Two hospitals.

d. The DSH per diem for Type One hospitals shall be 17 times the DSH per diem for Type Two hospitals.

2. Each year, the department shall determine how much Type Two DSH has been reduced as a result of the Affordable Care Act and adjust the percent of cost reimbursed for outpatient hospital reimbursement.

3. The department shall convene the Hospital Payment Policy Advisory Council at least once a year to consider additional changes to the DSH methodology.

4. The department shall have the authority to implement these reimbursement changes effective July 1, 2014, and prior to completion of any regulatory process in order to effect such changes.

There is hereby appropriated sum-sufficient funds for DMAS to pay the state share of the supplemental Medicaid payment hereunder. However, DMAS shall not submit such State Plan amendment to CMS until it has entered into an intergovernmental agreement with eligible local government-owned nursing homes or the local government itself which requires them to transfer funds to DMAS for use as the state share for the supplemental Medicaid payment each nursing home is entitled to and to represent that each has the authority to transfer funds to DMAS and that the funds used will comply with federal law for use as the state share for the supplemental Medicaid payment. If a local government-owned nursing home or the local government itself is unable to comply with the intergovernmental agreement, DMAS shall have the authority to modify the State Plan.
