§ 46.2-694. (Contingent expiration date) Fees for vehicles designed and used for transportation of passengers; weights used for computing fees; burden of proof.

A. The annual registration fees for motor vehicles, trailers, and semitrailers designed and used for the transportation of passengers on the highways in the Commonwealth are:

1. Thirty-three dollars for each private passenger car or motor home if the passenger car or motor home weighs 4,000 pounds or less, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur; *however, the fee provided under this subdivision shall apply to a private passenger car or motor home that weighs 4,000 pounds or less and is used as a TNC partner vehicle as defined in § 46.2-2000.*

2. Thirty-eight dollars for each *private* passenger car or motor home ~~which~~ that weighs more than 4,000 pounds, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur; *however, the fee provided under this subdivision shall apply to a private passenger car or motor home that weighs more than 4,000 pounds and is used as a TNC partner vehicle as defined in § 46.2-2000.*

3. Thirty cents per 100 pounds or major fraction thereof for a private motor vehicle other than a motorcycle with a normal seating capacity of more than 10 adults, including the driver, if the private motor vehicle is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire or is not operated under a lease without a chauffeur. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.

4. Thirty cents per 100 pounds or major fraction thereof for a school bus. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.

5. Twenty-three dollars for each trailer or semitrailer designed for use as living quarters for human beings.

6. Thirteen dollars plus \$0.30 per 100 pounds or major fraction thereof for each motor vehicle, trailer, or semitrailer used as a common carrier of passengers, operating either intrastate or interstate. Interstate common carriers of interstate passengers may elect to be licensed and pay the fees prescribed in subdivision 7 on submission to the Commissioner of a declaration of operations and equipment as he may prescribe. An additional \$5 shall be charged if the motor vehicle weighs more than 4,000 pounds.

7. Thirteen dollars plus \$0.70 per 100 pounds or major fraction thereof for each motor vehicle, trailer, or semitrailer used as a common carrier of interstate passengers if election is made to be licensed under this subsection. An additional \$5 shall be charged if the motor vehicle weighs more than 4,000 pounds. In lieu of the foregoing fee of \$0.70 per 100 pounds, a motor carrier of passengers, operating two or more vehicles both within and outside the Commonwealth and registered for insurance purposes with the Surface Transportation Board of the U.S. Department of Transportation, Federal Highway Administration, may apply to the Commissioner for prorated registration. Upon the filing of such application, in such form as the Commissioner may prescribe, the Commissioner shall apportion the registration fees provided in this subsection so that the total registration fees to be paid for such vehicles of such carrier shall be that proportion of the total fees, if there were no apportionment, that the total number of miles traveled by such vehicles of such carrier within the Commonwealth bears to the total number of miles traveled by such vehicles within and outside the Commonwealth. Such total mileage in each instance is the estimated total mileage to be traveled by such vehicles during the license year for which such fees are paid, subject to the adjustment in accordance with an audit to be made by representatives of the Commissioner at the end of such license year, the expense of such audit to be borne by the carrier being audited. Each vehicle passing into or through Virginia shall be registered and licensed in Virginia and the annual registration fee to be paid for each such vehicle shall not be less than \$33. For the purpose of determining such apportioned registration fees, only those motor vehicles, trailers, or semitrailers operated both within and outside the Commonwealth shall be subject to inclusion in determining the apportionment provided for herein.

8. Thirteen dollars plus \$0.80 per 100 pounds or major fraction thereof for each motor vehicle, trailer or semitrailer kept or used for rent or for hire or operated under a lease without a chauffeur for the transportation of passengers. An additional fee of \$5 shall be charged if the vehicle weighs more than 4,000 pounds. This ~~subsection~~ *subdivision* does not apply to vehicles used as common carriers *or as TNC partner vehicles as defined in § 46.2-2000.*

9. Twenty-three dollars for a taxicab or other vehicle which is kept for rent or hire operated with a chauffeur for the transportation of passengers, and which operates or should operate under permits issued by the Department as required by law. An additional fee of \$5 shall be charged if the vehicle weighs more than 4,000 pounds. This ~~subsection~~ *subdivision* does not apply to vehicles used as common carriers *or as TNC partner vehicles as defined in § 46.2-2000.*

10. Eighteen dollars for a motorcycle, with or without a sidecar. To this fee shall be added a surcharge of \$3 which shall be distributed as provided in § 46.2-1191.

10a. Fourteen dollars for a moped, to be paid into the state treasury and set aside as a special fund to be used to meet the expenses of the Department.

10b. Eighteen dollars for an autocycle.

11. Twenty-three dollars for a bus used exclusively for transportation to and from church school, for the purpose of religious instruction, or church, for the purpose of divine worship. If the empty weight of the vehicle exceeds 4,000 pounds, the fee shall be \$28.

12. Thirteen dollars plus \$0.70 per 100 pounds or major fraction thereof for other passenger-carrying vehicles.

13. An additional fee of \$4.25 per year shall be charged and collected at the time of registration of each pickup or panel truck and each motor vehicle under subdivisions 1 through 12. All funds collected from \$4 of the \$4.25 fee shall be paid into the state treasury and shall be set aside as a special fund to be used only for emergency medical service purposes. The moneys in the special emergency medical services fund shall be distributed as follows:

a. Two percent shall be distributed to the State Department of Health to provide funding to the Virginia Association of Volunteer Rescue Squads to be used solely for the purpose of conducting volunteer recruitment, retention, and training activities;

b. Thirty percent shall be distributed to the State Department of Health to support (i) emergency medical services training programs (excluding advanced life support classes); (ii) advanced life support training; (iii) recruitment and retention programs (all funds for such support shall be used to recruit and retain volunteer emergency medical services personnel only, including public awareness campaigns, technical assistance programs, and similar activities); (iv) emergency medical services system development, initiatives, and priorities based on needs identified by the State Emergency Medical Services Advisory Board; (v) local, regional, and statewide performance contracts for emergency medical services to meet the objectives stipulated in § 32.1-111.3; (vi) technology and radio communication enhancements; and (vii) improved emergency preparedness and response. Any funds set aside for distribution under this provision and remaining undistributed at the end of any fiscal year shall revert to the Rescue Squad Assistance Fund;

c. Thirty-two percent shall be distributed to the Rescue Squad Assistance Fund;

d. Ten percent shall be available to the State Department of Health's Office of Emergency Medical Services for use in emergency medical services; and

e. Twenty-six percent shall be returned by the Comptroller to the locality wherein such vehicle is registered, to provide funding for training of volunteer or salaried emergency medical service personnel of licensed, nonprofit emergency medical services agencies and for the purchase of necessary equipment and supplies for use in such locality for licensed, nonprofit emergency medical and rescue services.

All revenues generated by the remaining \$0.25 of the \$4.25 fee approved by the 2008 Session of the General Assembly shall be deposited into the Rescue Squad Assistance Fund and used only to pay for the costs associated with the certification and recertification training of emergency medical services personnel.

The Comptroller shall clearly designate on the warrant, check, or other means of transmitting these funds that such moneys are only to be used for purposes set forth in this subdivision. Such funds shall be in addition to any local appropriations and local governing bodies shall not use these funds to supplant local funds. Each local governing body shall report annually to the Board of Health on the use of the funds returned to it pursuant to this section. In any case in which the local governing body grants the funds to a regional emergency medical services council to be distributed to the licensed, nonprofit emergency medical and rescue services, the local governing body shall remain responsible for the proper use of the funds. If, at the end of any fiscal year, a report on the use of the funds returned to the locality pursuant to this section for that year has not been received from a local governing body, any funds due to that local governing body for the next fiscal year shall be retained until such time as the report has been submitted to the Board.

B. All motor vehicles, trailers, and semitrailers registered as provided in subsection B of § 46.2-646 shall pay a registration fee equal to one-twelfth of all fees required by subsection A of this section or § 46.2-697 for such motor vehicle, trailer, or semitrailer, computed to the nearest cent, multiplied by the number of months in the registration period for such motor vehicles, trailers, and semitrailers.

C. The manufacturer's shipping weight or scale weight shall be used for computing all fees required by this section to be based upon the weight of the vehicle.

D. The applicant for registration bears the burden of proof that the vehicle for which registration is sought is entitled by weight, design, and use to be registered at the fee tendered by the applicant to the Commissioner or to his authorized agent.

**§ 46.2-694. (Contingent effective date) Fees for vehicles designed and used for transportation of passengers; weights used for computing fees; burden of proof.**

A. The annual registration fees for motor vehicles, trailers, and semitrailers designed and used for the transportation of passengers on the highways in the Commonwealth are:

1. Twenty-three dollars for each private passenger car or motor home if the passenger car or motor home weighs 4,000 pounds or less, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur; *however, the fee provided under this subdivision shall apply to a private passenger car or motor home that weighs 4,000 pounds or less and is used as a TNC partner vehicle as defined in § 46.2-2000.*

2. Twenty-eight dollars for each *private* passenger car or motor home ~~which~~ that weighs more than 4,000 pounds, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire,

or is not operated under a lease without a chauffeur; *however, the fee provided under this subdivision shall apply to a private passenger car or motor home that weighs more than 4,000 pounds and is used as a TNC partner vehicle as defined in § 46.2-2000.*

3. Thirty cents per 100 pounds or major fraction thereof for a private motor vehicle other than a motorcycle with a normal seating capacity of more than 10 adults, including the driver, if the private motor vehicle is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire or is not operated under a lease without a chauffeur. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.

4. Thirty cents per 100 pounds or major fraction thereof for a school bus. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.

5. Twenty-three dollars for each trailer or semitrailer designed for use as living quarters for human beings.

6. Thirteen dollars plus \$0.30 per 100 pounds or major fraction thereof for each motor vehicle, trailer, or semitrailer used as a common carrier of passengers, operating either intrastate or interstate. Interstate common carriers of interstate passengers may elect to be licensed and pay the fees prescribed in subdivision 7 on submission to the Commissioner of a declaration of operations and equipment as he may prescribe. An additional \$5 shall be charged if the motor vehicle weighs more than 4,000 pounds.

7. Thirteen dollars plus \$0.70 per 100 pounds or major fraction thereof for each motor vehicle, trailer, or semitrailer used as a common carrier of interstate passengers if election is made to be licensed under this subsection. An additional \$5 shall be charged if the motor vehicle weighs more than 4,000 pounds. In lieu of the foregoing fee of \$0.70 per 100 pounds, a motor carrier of passengers, operating two or more vehicles both within and outside the Commonwealth and registered for insurance purposes with the Surface Transportation Board of the U.S. Department of Transportation, Federal Highway Administration, may apply to the Commissioner for prorated registration. Upon the filing of such application, in such form as the Commissioner may prescribe, the Commissioner shall apportion the registration fees provided in this subsection so that the total registration fees to be paid for such vehicles of such carrier shall be that proportion of the total fees, if there were no apportionment, that the total number of miles traveled by such vehicles of such carrier within the Commonwealth bears to the total number of miles traveled by such vehicles within and outside the Commonwealth. Such total mileage in each instance is the estimated total mileage to be traveled by such vehicles during the license year for which such fees are paid, subject to the adjustment in accordance with an audit to be made by representatives of the Commissioner at the end of such license year, the expense of such audit to be borne by the carrier being audited. Each vehicle passing into or through Virginia shall be registered and licensed in Virginia and the annual registration fee to be paid for each such vehicle shall not be less than \$33. For the purpose of determining such apportioned registration fees, only those motor vehicles, trailers, or semitrailers operated both within and outside the Commonwealth shall be subject to inclusion in determining the apportionment provided for herein.

8. Thirteen dollars plus \$0.80 per 100 pounds or major fraction thereof for each motor vehicle, trailer or semitrailer kept or used for rent or for hire or operated under a lease without a chauffeur for the transportation of passengers. An additional fee of \$5 shall be charged if the vehicle weighs more than 4,000 pounds. This ~~subsection~~ *subdivision* does not apply to vehicles used as common carriers *or as TNC partner vehicles as defined in § 46.2-2000.*

9. Twenty-three dollars for a taxicab or other vehicle which is kept for rent or hire operated with a chauffeur for the transportation of passengers, and which operates or should operate under permits issued by the Department as required by law. An additional fee of \$5 shall be charged if the vehicle weighs more than 4,000 pounds. This ~~subsection~~ *subdivision* does not apply to vehicles used as common carriers *or as TNC partner vehicles as defined in § 46.2-2000.*

10. Eighteen dollars for a motorcycle, with or without a sidecar. To this fee shall be added a surcharge of \$3, which shall be distributed as provided in § 46.2-1191.

10a. Fourteen dollars for a moped, to be paid into the state treasury and set aside as a special fund to be used to meet the expenses of the Department.

10b. Eighteen dollars for an autocycle.

11. Twenty-three dollars for a bus used exclusively for transportation to and from church school, for the purpose of religious instruction, or church, for the purpose of divine worship. If the empty weight of the vehicle exceeds 4,000 pounds, the fee shall be \$28.

12. Thirteen dollars plus \$0.70 per 100 pounds or major fraction thereof for other passenger-carrying vehicles.

13. An additional fee of \$4.25 per year shall be charged and collected at the time of registration of each pickup or panel truck and each motor vehicle under subdivisions 1 through 12. All funds collected from \$4 of the \$4.25 fee shall be paid into the state treasury and shall be set aside as a special fund to be used only for emergency medical service purposes. The moneys in the special emergency medical services fund shall be distributed as follows:

a. Two percent shall be distributed to the State Department of Health to provide funding to the Virginia Association of Volunteer Rescue Squads to be used solely for the purpose of conducting volunteer recruitment, retention and training activities;

b. Thirty percent shall be distributed to the State Department of Health to support (i) emergency medical services training programs (excluding advanced life support classes); (ii) advanced life support training; (iii) recruitment and retention programs (all funds for such support shall be used to recruit and retain volunteer emergency medical services personnel only, including public awareness campaigns, technical assistance programs, and similar activities);

(iv) emergency medical services system development, initiatives, and priorities based on needs identified by the State Emergency Medical Services Advisory Board; (v) local, regional, and statewide performance contracts for emergency medical services to meet the objectives stipulated in § 32.1-111.3; (vi) technology and radio communication enhancements; and (vii) improved emergency preparedness and response. d. Ten percent shall be available to the State Department of Health's Office of Emergency Medical Services for use in emergency medical services; and

e. Twenty-six percent shall be returned by the Comptroller to the locality wherein such vehicle is registered, to provide funding for training of volunteer or salaried emergency medical service personnel of licensed, nonprofit emergency medical services agencies and for the purchase of necessary equipment and supplies for use in such locality for licensed, nonprofit emergency medical and rescue services.

All revenues generated by the remaining \$0.25 of the \$4.25 fee approved by the 2008 Session of the General Assembly shall be deposited into the Rescue Squad Assistance Fund and used only to pay for the costs associated with the certification and recertification training of emergency medical services personnel.

The Comptroller shall clearly designate on the warrant, check, or other means of transmitting these funds that such moneys are only to be used for purposes set forth in this subdivision. Such funds shall be in addition to any local appropriations and local governing bodies shall not use these funds to supplant local funds. Each local governing body shall report annually to the Board of Health on the use of the funds returned to it pursuant to this section. In any case in which the local governing body grants the funds to a regional emergency medical services council to be distributed to the licensed, nonprofit emergency medical and rescue services, the local governing body shall remain responsible for the proper use of the funds. If, at the end of any fiscal year, a report on the use of the funds returned to the locality pursuant to this section for that year has not been received from a local governing body, any funds due to that local governing body for the next fiscal year shall be retained until such time as the report has been submitted to the Board.

B. All motor vehicles, trailers, and semitrailers registered as provided in subsection B of § 46.2-646 shall pay a registration fee equal to one-twelfth of all fees required by subsection A of this section or § 46.2-697 for such motor vehicle, trailer, or semitrailer, computed to the nearest cent, multiplied by the number of months in the registration period for such motor vehicles, trailers, and semitrailers.

**§ 46.2-711. Furnishing number and design of plates; displaying on vehicles required.**

A. The Department shall furnish one license plate for every registered moped, motorcycle, autocycle, tractor truck, semitrailer, or trailer, and two license plates for every other registered motor vehicle, except to licensed motor vehicle dealers and persons delivering unladen vehicles who shall be furnished one license plate. The license plates for trailers, semitrailers, commercial vehicles, and trucks, other than license plates for dealers, may be of such design as to prevent removal without mutilating some part of the indicia forming a part of the license plate, when secured to the bracket.

B. The Department shall issue appropriately designated license plates for:

1. Passenger-carrying vehicles for rent or hire for the transportation of passengers for private trips, *other than TNC partner vehicles as defined in § 46.2-2000*;

2. Taxicabs;

3. Passenger-carrying vehicles operated by common carriers or restricted common carriers;

D. The Department shall issue appropriately designated license plates for low-speed vehicles.

E. No vehicles shall be operated on the highways in the Commonwealth without displaying the license plates required by this chapter. The provisions of this subsection shall not apply to vehicles used to collect and deliver the United States mail to the extent that their rear license plates may be covered by the "CAUTION, FREQUENT STOPS, U.S. MAIL" sign when the vehicle is engaged in the collection and delivery of the United States mail.

F. Pickup or panel trucks are exempt from the provisions of subsection B with reference to displaying for-hire license plates when operated as a carrier for rent or hire. However, this exemption shall not apply to pickup or panel trucks subject to regulation under Chapter 21 (§ 46.2-2100 et seq.).

**§ 46.2-749.5. Special license plates celebrating Virginia's tobacco heritage.**

A. On receipt of an application, the Commissioner shall issue special license plates celebrating Virginia's tobacco heritage. For each set of license plates issued under this section, the Commissioner shall charge, in addition to the prescribed cost of state license plates, an annual fee of ~~ten dollars~~ \$10.

B. License plates may be issued under this section for display on vehicles registered as trucks, as that term is defined in § 46.2-100, provided that no license plates are issued pursuant to this section for (i) vehicles operated for hire, *except TNC partner vehicles as defined in § 46.2-2000*; (ii) vehicles registered under the International Registration Plan; or (iii) vehicles registered as tow trucks or tractor trucks as defined in § 46.2-100. The background check shall include (i) a Multi-State/Multi-Jurisdiction Criminal Records Database Search or a search of a similar nationwide database with validation (primary source search) and (ii) a search of the Sex Offender and Crimes Against Minors Registry and the U.S. Department of Justice's National Sex Offender Public Website. The person conducting the background check shall be accredited by the National Association of Professional Background Screeners or a comparable entity approved by the Department.

4. The transportation network company shall include the following disclosure prominently in writing to a TNC partner or prospective TNC partner: "If the vehicle that you plan to use to transport passengers for our transportation network company has a lien against it, you must notify the lienholder that you will be using the vehicle for transportation services that may violate the terms of your contract with the lienholder."

F. A TNC partner shall inform each transportation network company that has authorized him to act as a TNC partner of any event that may disqualify him from continuing to act as a TNC partner, including any of the following: a change in the registration status of the TNC partner vehicle; the revocation, suspension, cancellation, or restriction of the TNC partner's driver's license; a change in the insurance coverage of the TNC partner vehicle; a motor vehicle moving violation; and a criminal arrest, plea, or conviction.

**§ 46.2-2099.50. Requirements for TNC partner vehicles; registration with and identification markers issued by Department; identification markers issued by transportation network company.**

A. A TNC partner vehicle shall:

7. Be registered with the Department for use as a TNC partner vehicle and display an identification marker issued by the Department as provided in subsection B.

No TNC partner shall operate a TNC partner vehicle unless that vehicle meets the requirements of this subsection.

B. A vehicle owner, lessee, or TNC partner shall register a personal vehicle for use as a TNC partner vehicle. A TNC partner that is not the vehicle owner or lessee shall, prior to registering any TNC partner vehicle with the Department, secure the consent of each owner, lessor, and lessee of the vehicle as applicable for its registration as a TNC partner vehicle and for its use as a TNC partner vehicle by the TNC partner. A transportation network company shall have the option of registering a TNC partner vehicle on behalf of a TNC partner electronically through a secure portal maintained by the Department provided the TNC partner, if the TNC partner is not the vehicle owner or lessee, certifies that it has secured consent from each owner, lessor, and lessee of the vehicle for its registration as a TNC partner vehicle and for its use as a TNC partner vehicle by the TNC partner.

Prior to registering for use as a TNC partner vehicle any vehicle that has been titled and registered in another state, the vehicle owner or lessee, or a transportation network company on behalf of the owner or lessee, shall provide the Department with such information as the Department requires to establish a customer record for that person and that person's vehicle. A transportation network company shall have the option to submit this information electronically through a secure portal maintained by the Department.

For each TNC partner vehicle a transportation network company authorizes, the transportation network company or TNC partner shall provide to the Department, in a form acceptable to the Department, any information reasonably necessary for the Department to identify the vehicle and register it for use as a TNC partner vehicle.

Upon registering a vehicle for use as a TNC partner vehicle, the Department shall issue a temporary registration, an identification marker to the vehicle owner or lessee, and a registration card indicating the vehicle's registration for use as a TNC partner vehicle.

The Commissioner may deny, suspend, cancel, or revoke the TNC partner vehicle registration and identification marker for any of the following reasons: (i) the vehicle is not properly registered, (ii) the vehicle does not carry insurance as required by this article, (iii) the vehicle is sold, or (iv) the vehicle is used by a TNC partner in a manner not authorized by this chapter.

Registration of a TNC partner vehicle under this subsection shall remain valid until (a) the vehicle is no longer authorized to operate as a TNC partner vehicle by a transportation network company; (b) the TNC partner, vehicle owner, or lessee requests cancellation of the registration; (c) there is a transfer of vehicle ownership, other than a transfer from the lessor of the vehicle to the lessee; (d) the vehicle's lease terminates and ownership is not transferred to the lessee; or (e) the Department suspends, revokes, or cancels the registration of the vehicle for use as a TNC partner vehicle. The fee for the replacement of a lost, mutilated, or illegible identification marker or registration card shall be the same as the fee set forth in § 46.2-692 for the replacement of a decal or vehicle registration card. However, if the TNC partner vehicle is not titled and registered in Virginia, the replacement fee for an identification marker shall be \$40.

Any vehicle registered with the Department as a personal vehicle and subject to further registration as a TNC partner vehicle pursuant to this section shall be presumed to be used for nonbusiness purposes for the purpose of determining

whether it is a qualifying vehicle under § 58.1-3523 absent clear and convincing evidence to the contrary, and any registration pursuant to this section shall not create any presumption of business or commercial use of the vehicle or of business activity on the part of the TNC partner, for purposes of any state or local requirement.

C. Before authorizing a vehicle to be used as a TNC partner vehicle, a transportation network company shall confirm that the vehicle meets the requirements of subsection A and shall provide each TNC partner with proof of any TNC insurance policy maintained by the transportation network company.

For each TNC partner vehicle it authorizes, a transportation network company shall issue trade dress to the TNC partner associated with that vehicle. The trade dress shall be sufficient to identify the transportation network company or digital platform with which the vehicle is affiliated and shall be displayed in a manner that complies with Virginia law. The trade dress shall be of such size, shape, and color as to be readily identifiable during daylight hours from a distance of 50 feet while the vehicle is not in motion and shall be reflective, illuminated, or otherwise patently visible in darkness. The trade dress may take the form of a removable device that meets the identification and visibility requirements of this subsection.

The transportation network company shall submit to the Department proof that the transportation network company has established the trade dress required under this subsection by filing with the Department an illustration or photograph of the trade dress.

A TNC partner shall keep the trade dress issued under this subsection visible at all times while the vehicle is being operated as a TNC partner vehicle.

No person shall operate a vehicle bearing trade dress issued under this subsection without the authorization of the transportation network company issuing the trade dress.

D. Any information provided to the Department pursuant to this section, whether held by the Department or another public entity, shall not be subject to disclosure under the Virginia Freedom of Information Act (§ 2.2-3700 et seq.). Neither the Department nor any such public entity shall disclose any such information to a nongovernmental entity absent a court order or subpoena. In the event information provided pursuant to this section is sought through a court order or subpoena, the Department or other public entity shall promptly notify the transportation network company prior to disclosure so as to afford the transportation network company the opportunity to take appropriate actions to prevent disclosure. The Department shall not disclose such information to a governmental entity other than to enable that entity to perform its governmental function.

**§ 46.2-2099.51. TNC insurance until January 1, 2016.**

A. Until January 1, 2016, at all times during the operation of a TNC partner vehicle, a transportation network company or TNC partner shall keep in force TNC insurance as provided in this section.

B. The following requirements shall apply to TNC insurance from the moment a TNC partner accepts a prearranged ride request on a transportation network company's digital platform until the TNC partner completes the transaction on the digital platform or until the prearranged ride is complete, whichever is later:

1. TNC insurance shall provide motor vehicle liability coverage. Such coverage shall be primary and the minimum amount of liability coverage for death, bodily injury, and property damage shall be \$1 million.

2. TNC insurance shall provide uninsured motorist coverage and underinsured motorist coverage. Such coverage shall apply from the moment a passenger enters a TNC partner vehicle until the passenger exits the vehicle. The minimum amount of uninsured motorist coverage and underinsured motorist coverage for death, bodily injury, and property damage shall be \$1 million.

3. The requirements of this subsection may be satisfied by any of the following:

- a. TNC insurance maintained by a TNC partner;
- b. TNC insurance maintained by a transportation network company; or
- c. Any combination of subdivisions a and b.

A transportation network company may meet its obligations under this subsection through a policy obtained by a TNC partner under subdivision a or c only if the transportation network company verifies that the policy is maintained by the TNC partner.

4. Insurers providing insurance coverage under this subsection shall have the exclusive duty to defend any liability claim, including any claim against a TNC partner, arising from an accident occurring within the time periods specified in this subsection. Neither the TNC partner's nor the vehicle owner's personal automobile insurance policy shall have the duty to defend or indemnify the TNC partner's activities in connection with the transportation network company, unless the policy expressly provides otherwise for the period of time to which this subsection is applicable or the policy contains an amendment or endorsement to provide that coverage.

5. Coverage under a TNC insurance policy shall not be dependent on a personal automobile insurance policy first denying a claim, nor shall a personal automobile insurance policy be required to first deny a claim.

6. Nothing in this subsection shall be construed to require a personal automobile insurance policy to provide primary or excess coverage. Neither the TNC partner's nor the vehicle owner's personal automobile insurance policy shall provide any coverage to the TNC partner, the vehicle owner, or any third party, unless the policy expressly provides for that coverage during the period of time to which this subsection is applicable or the policy contains an amendment or endorsement to provide that coverage.

C. The following requirements shall apply to TNC insurance (i) from the moment a TNC partner logs on to a transportation network company's associated digital platform until the TNC partner accepts a request to transport a passenger and (ii) from the moment the TNC partner completes the transaction on the digital platform or the prearranged ride is complete, whichever is later, until the TNC partner either accepts another prearranged ride request on the digital platform or logs off the digital platform:

1. TNC insurance shall provide motor vehicle liability coverage. Such coverage shall be secondary and shall provide liability coverage of at least \$125,000 per person and \$250,000 per incident for death and bodily injury and at least \$50,000 for property damage.

2. The requirements for the coverage required by this subsection may be satisfied by any of the following:

a. TNC insurance maintained by a TNC partner;

b. TNC insurance maintained by a transportation network company that provides coverage in the event that a TNC partner's insurance policy under subdivision a has ceased to exist or has been canceled or in the event that the TNC partner does not otherwise maintain TNC insurance; or

c. Any combination of subdivisions a and b.

A transportation network company may meet its obligations under this subsection through a policy obtained by a TNC partner pursuant to subdivision a or c only if the transportation network company verifies that the policy is maintained by the TNC partner and is specifically written to cover the TNC partner's use of a vehicle in connection with a transportation network company's digital platform.

3. If the TNC partner vehicle is insured under a personal automobile insurance policy that does not exclude coverage, then such policy shall provide primary coverage and an insurance policy maintained by the transportation network company under subdivision 2 c shall provide excess coverage up to at least the limits required by subdivision 1.

D. In the event that the digital platform becomes inaccessible due to failure or malfunction while a TNC partner is en route to or transporting a passenger during a prearranged ride described in subsection B, TNC insurance coverage shall be presumed to be that required in subdivision B 1 until the passenger exits the vehicle.

E. In every instance where TNC insurance maintained by a TNC partner to fulfill the insurance obligations of this section has lapsed or ceased to exist, the transportation network company shall provide the coverage required by this section beginning with the first dollar of a claim.

F. This section shall not limit the liability of a transportation network company arising out of an accident involving a TNC partner in any action for damages against a transportation network company for an amount above the required insurance coverage.

G. Any person, or an attorney acting on his behalf, who suffers a loss in an automobile accident with a reasonable belief that the accident involves a TNC partner vehicle driven by a TNC partner in connection with a transportation network company and who provides the transportation network company with the date, approximate time, and location of the accident, and if available the name of the TNC partner and if available the accident report, may request in writing from the transportation network company information relating to the insurance coverage and the company providing the coverage. The transportation network company shall respond electronically or in writing within 30 days. The transportation network company's response shall contain the following information: (i) whether, at the approximate time of the accident, the TNC partner was logged into the transportation network company's digital platform and, if so logged in, whether a trip request had been accepted or a passenger was in the TNC partner vehicle; (ii) the name of the insurance carrier providing primary coverage; and (iii) the identity and last known address of the TNC partner.

H. No contract, receipt, rule, or regulation shall exempt any transportation network company from the liability that would exist had no contract been made or entered into, and no such contract, receipt, rule, or regulation for exemption from liability for injury or loss occasioned by the neglect or misconduct of such transportation network company shall be valid. The liability referred to in this subsection shall mean the liability imposed by law upon a transportation network company for any loss, damage, or injury to passengers in its custody and care as a transportation network company.

I. Any insurance required by this section may be placed with an insurer that has been admitted in Virginia or with an insurer providing surplus lines insurance as defined in § 38.2-4805.2.

J. Any insurance policy required by this section shall satisfy the financial responsibility requirement for a motor vehicle under § 46.2-706 during the period such vehicle is being operated as a TNC partner vehicle.

K. The Department shall not issue the certificate of fitness required under § 46.2-2099.45 to any transportation network company that has not certified to the Department that every TNC partner vehicle it has authorized to operate on its digital platform is covered by an insurance policy that meets the requirements of this section.

L. Each transportation network company shall keep on file with the Department proof of an insurance policy maintained by the transportation network company in accordance with this section. Such proof shall be in a form acceptable to the Commissioner. A record of the policy shall remain in the files of the Department six months after the certificate is suspended or revoked for any cause.

M. The Department may suspend a certificate if the certificate holder fails to comply with the requirements of this section. Any person whose certificate has been suspended pursuant to this subsection may request a hearing as provided in subsection D of § 46.2-2011.26.

N. In a claims coverage investigation, a transportation network company and its insurer shall cooperate with insurers involved in the claims coverage investigation to facilitate the exchange of information, including the dates and times of any

accident involving a TNC partner and the precise times that the TNC partner logged in and was logged out of the transportation network company's digital platform.

**§ 46.2-2099.52. TNC insurance.**

A. On and after January 1, 2016, at all times during the operation of a TNC partner vehicle, a transportation network company or TNC partner shall keep in force TNC insurance as provided in this section.

4. Insurers providing insurance coverage under this subsection shall have the exclusive duty to defend any liability claim, including any claim against a TNC partner, arising from an accident occurring within the time periods specified in this subsection. Neither the TNC partner's nor the vehicle owner's personal automobile insurance policy shall have the duty to defend or indemnify the TNC partner's activities in connection with the transportation network company, unless the policy expressly provides otherwise for the period of time to which this subsection is applicable or the policy contains an amendment or endorsement to provide that coverage.

5. Coverage under a TNC insurance policy shall not be dependent on a personal automobile insurance policy first denying a claim, nor shall a personal automobile insurance policy be required to first deny a claim.

6. Nothing in this subsection shall be construed to require a personal automobile insurance policy to provide primary or excess coverage. Neither the TNC partner's nor the vehicle owner's personal automobile insurance policy shall provide any coverage to the TNC partner, the vehicle owner, or any third party, unless the policy expressly provides for that coverage during the period of time to which this subsection is applicable or the policy contains an amendment or endorsement to provide that coverage.

C. The following requirements shall apply to TNC insurance (i) from the moment a TNC partner logs on to a transportation network company's associated digital platform until the TNC partner accepts a request to transport a passenger and (ii) from the moment the TNC partner completes the transaction on the digital platform or the prearranged ride is complete, whichever is later, until the TNC partner either accepts another prearranged ride request on the digital platform or logs off the digital platform:

1. TNC insurance shall provide motor vehicle liability coverage. Such coverage shall be primary and shall provide liability coverage of at least \$50,000 per person and \$100,000 per incident for death and bodily injury and at least \$25,000 for property damage.

2. The requirements for the coverage required by this subsection may be satisfied by any of the following:

A transportation network company may meet its obligations under this subsection through a policy obtained by a TNC partner pursuant to subdivision a or c only if the transportation network company verifies that the policy is maintained by the TNC partner and is specifically written to cover the TNC partner's use of a vehicle in connection with a transportation network company's digital platform.

D. In the event that the digital platform becomes inaccessible due to failure or malfunction while a TNC partner is en route to or transporting a passenger during a prearranged ride described in subsection B, TNC insurance coverage shall be presumed to be that required in subdivision B 1 until the passenger exits the vehicle.

E. In every instance where TNC insurance maintained by a TNC partner to fulfill the insurance obligations of this section has lapsed or ceased to exist, the transportation network company shall provide the coverage required by this section beginning with the first dollar of a claim.

F. This section shall not limit the liability of a transportation network company arising out of an accident involving a TNC partner in any action for damages against a transportation network company for an amount above the required insurance coverage.

G. Any person, or an attorney acting on his behalf, who suffers a loss in an automobile accident with a reasonable belief that the accident involves a TNC partner vehicle driven by a TNC partner in connection with a transportation network company and who provides the transportation network company with the date, approximate time, and location of the accident, and if available the name of the TNC partner and if available the accident report, may request in writing from the transportation network company information relating to the insurance coverage and the company providing the coverage. The transportation network company shall respond electronically or in writing within 30 days. The transportation network company's response shall contain the following information: (i) whether, at the approximate time of the accident, the TNC partner was logged into the transportation network company's digital platform and, if so logged in, whether a trip request had been accepted or a passenger was in the TNC partner vehicle; (ii) the name of the insurance carrier providing primary coverage; and (iii) the identity and last known address of the TNC partner.

H. No contract, receipt, rule, or regulation shall exempt any transportation network company from the liability that would exist had no contract been made or entered into, and no such contract, receipt, rule, or regulation for exemption from liability for injury or loss occasioned by the neglect or misconduct of such transportation network company shall be valid. The liability referred to in this subsection shall mean the liability imposed by law upon a transportation network company for any loss, damage, or injury to passengers in its custody and care as a transportation network company.

I. Any insurance required by this section may be placed with an insurer that has been admitted in Virginia or with an insurer providing surplus lines insurance as defined in § 38.2-4805.2.

J. Any insurance policy required by this section shall satisfy the financial responsibility requirement for a motor vehicle under § 46.2-706 during the period such vehicle is being operated as a TNC partner vehicle.

K. The Department shall not issue the certificate of fitness required under § 46.2-2099.45 to any transportation network company that has not certified to the Department that every TNC partner vehicle it has authorized to operate on its digital platform is covered by an insurance policy that meets the requirements of this section.

L. Each transportation network company shall keep on file with the Department proof of an insurance policy maintained by the transportation network company in accordance with this section. This provision shall not be construed to mean that a person is denied the right to seek such information directly from a transportation network company during a court proceeding.

E. Except as required under this section, a transportation network company shall not disclose any personal information, as defined in § 2.2-3801, about a user of its digital platform unless:

1. The transportation network company obtains the user's consent to disclose the personal information;

**2. That the Department of Motor Vehicles shall periodically consult with local government officials to determine whether transportation network companies have had an effect on the availability of wheelchair-accessible transportation services. If evidence suggests an effect, the Department shall work collaboratively with appropriate stakeholders to develop recommendations to be submitted to the Chairmen of the House and Senate Committees on Transportation.**

**3. That beginning July 1, 2016, the Department of Motor Vehicles shall review enforcement activity undertaken regarding the provisions of this act, insurance policies available to TNC partners that may require changes to the provisions of subdivisions E 1 and 2 of § 46.2-2099.49 as created by this act, the fees set forth in § 46.2-2011.5 of the Code of Virginia as amended by this act, and in § 46.2-2099.50 as created by this act to determine whether those fees adequately cover the Department's costs of administering the additional responsibilities imposed on the Department under this act. The Department shall report the results of its review to the Chairmen of the House and Senate Committees on Transportation no later than December 1, 2016.**

**4. That the provisions of subsection K of § 46.2-2099.48 as created by this act, which require a digital platform to allow customers or passengers prearranging rides to indicate whether a passenger requires a wheelchair-accessible vehicle or a vehicle that is otherwise accessible to individuals with disabilities, shall become effective on July 1, 2016.**

**5. That the transportation network companies shall advise TNC partners that a TNC partner's personal automobile insurance policy may not provide collision or comprehensive coverage for damage to the vehicle when the TNC partner uses a vehicle in connection with a transportation network company's digital platform, unless such policy expressly provides for TNC insurance coverage. Such notice shall be provided to each TNC partner until January 1, 2016.**

**6. That notwithstanding any other provision of law, a personal automobile insurer may, at its discretion, offer an automobile liability insurance policy, or an amendment or endorsement to an existing policy, that covers a motor vehicle with a seating capacity of eight or fewer persons, including the driver, while used in connection with a transportation network company's digital platform.**

**7. That the provisions of this act adding § 46.2-2099.52 shall become effective on January 1, 2016.**

**8. That no provision of this act or existing law shall be construed to prevent any motor carrier regulated under the existing provisions of Chapter 20 (§ 46.2-2000 et seq.) of Title 46.2 from offering services through an online digital platform, unless such motor carrier chooses to operate as a transportation network company.**

**§ 46.2-694. (Contingent expiration date) Fees for vehicles designed and used for transportation of passengers; weights used for computing fees; burden of proof.**

A. The annual registration fees for motor vehicles, trailers, and semitrailers designed and used for the transportation of passengers on the highways in the Commonwealth are:

1. Thirty-three dollars for each private passenger car or motor home if the passenger car or motor home weighs 4,000 pounds or less, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur; *however, the fee provided under this subdivision shall apply to a private passenger car or motor home that weighs 4,000 pounds or less and is used as a TNC partner vehicle as defined in § 46.2-2000.*

2. Thirty-eight dollars for each *private* passenger car or motor home ~~which~~ that weighs more than 4,000 pounds, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur; *however, the fee provided under this subdivision shall apply to a private passenger car or motor home that weighs more than 4,000 pounds and is used as a TNC partner vehicle as defined in § 46.2-2000.*

3. Thirty cents per 100 pounds or major fraction thereof for a private motor vehicle other than a motorcycle with a normal seating capacity of more than 10 adults, including the driver, if the private motor vehicle is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire or is not operated under a lease without a chauffeur. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.

4. Thirty cents per 100 pounds or major fraction thereof for a school bus. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.

5. Twenty-three dollars for each trailer or semitrailer designed for use as living quarters for human beings.

6. Thirteen dollars plus \$0.30 per 100 pounds or major fraction thereof for each motor vehicle, trailer, or semitrailer used as a common carrier of passengers, operating either intrastate or interstate. In lieu of the foregoing fee of \$0.70 per 100 pounds, a motor carrier of passengers, operating two or more vehicles both within and outside the Commonwealth and registered for insurance purposes with the Surface Transportation Board of the U.S. Department of Transportation, Federal Highway Administration, may apply to the Commissioner for prorated registration. Upon the filing of such application, in such form as the Commissioner may prescribe, the Commissioner shall apportion the registration fees provided in this subsection so that the total registration fees to be paid for such vehicles of such carrier shall be that proportion of the total fees, if there were no apportionment, that the total number of miles traveled by such vehicles of such carrier within the Commonwealth bears to the total number of miles traveled by such vehicles within and outside the Commonwealth. Such total mileage in each instance is the estimated total mileage to be traveled by such vehicles during the license year for which such fees are paid, subject to the adjustment in accordance with an audit to be made by representatives of the Commissioner at the end of such license year, the expense of such audit to be borne by the carrier being audited. Each vehicle passing into or through Virginia shall be registered and licensed in Virginia and the annual registration fee to be paid for each such vehicle shall not be less than \$33. For the purpose of determining such apportioned registration fees, only those motor vehicles, trailers, or semitrailers operated both within and outside the Commonwealth shall be subject to inclusion in determining the apportionment provided for herein.

8. Thirteen dollars plus \$0.80 per 100 pounds or major fraction thereof for each motor vehicle, trailer or semitrailer kept or used for rent or for hire or operated under a lease without a chauffeur for the transportation of passengers. 10b. Eighteen dollars for an auticycle.

11. Twenty-three dollars for a bus used exclusively for transportation to and from church school, for the purpose of religious instruction, or church, for the purpose of divine worship. If the empty weight of the vehicle exceeds 4,000 pounds, the fee shall be \$28.

12. Thirteen dollars plus \$0.70 per 100 pounds or major fraction thereof for other passenger-carrying vehicles.

13. An additional fee of \$4.25 per year shall be charged and collected at the time of registration of each pickup or panel truck and each motor vehicle under subdivisions 1 through 12. All funds collected from \$4 of the \$4.25 fee shall be paid into the state treasury and shall be set aside as a special fund to be used only for emergency medical service purposes. The moneys in the special emergency medical services fund shall be distributed as follows:

Any funds set aside for distribution under this provision and remaining undistributed at the end of any fiscal year shall revert to the Rescue Squad Assistance Fund;

c. Thirty-two percent shall be distributed to the Rescue Squad Assistance Fund;

d. Ten percent shall be available to the State Department of Health's Office of Emergency Medical Services for use in emergency medical services; and

e. Twenty-six percent shall be returned by the Comptroller to the locality wherein such vehicle is registered, to provide funding for training of volunteer or salaried emergency medical service personnel of licensed, nonprofit emergency medical services agencies and for the purchase of necessary equipment and supplies for use in such locality for licensed, nonprofit emergency medical and rescue services.

All revenues generated by the remaining \$0.25 of the \$4.25 fee approved by the 2008 Session of the General Assembly shall be deposited into the Rescue Squad Assistance Fund and used only to pay for the costs associated with the certification and recertification training of emergency medical services personnel.

The Comptroller shall clearly designate on the warrant, check, or other means of transmitting these funds that such moneys are only to be used for purposes set forth in this subdivision. Such funds shall be in addition to any local appropriations and local governing bodies shall not use these funds to supplant local funds. Each local governing body shall report annually to the Board of Health on the use of the funds returned to it pursuant to this section. In any case in which the local governing body grants the funds to a regional emergency medical services council to be distributed to the licensed, nonprofit emergency medical and rescue services, the local governing body shall remain responsible for the proper use of the funds. If, at the end of any fiscal year, a report on the use of the funds returned to the locality pursuant to this section for that year has not been received from a local governing body, any funds due to that local governing body for the next fiscal year shall be retained until such time as the report has been submitted to the Board.

B. All motor vehicles, trailers, and semitrailers registered as provided in subsection B of § 46.2-646 shall pay a registration fee equal to one-twelfth of all fees required by subsection A of this section or § 46.2-697 for such motor vehicle, trailer, or semitrailer, computed to the nearest cent, multiplied by the number of months in the registration period for such motor vehicles, trailers, and semitrailers.

C. The manufacturer's shipping weight or scale weight shall be used for computing all fees required by this section to be based upon the weight of the vehicle.

D. The applicant for registration bears the burden of proof that the vehicle for which registration is sought is entitled by weight, design, and use to be registered at the fee tendered by the applicant to the Commissioner or to his authorized agent.

**§ 46.2-694. (Contingent effective date) Fees for vehicles designed and used for transportation of passengers; weights used for computing fees; burden of proof.**

A. The annual registration fees for motor vehicles, trailers, and semitrailers designed and used for the transportation of passengers on the highways in the Commonwealth are:

1. Twenty-three dollars for each private passenger car or motor home if the passenger car or motor home weighs 4,000 pounds or less, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur; *however, the fee provided under this subdivision shall*

apply to a private passenger car or motor home that weighs 4,000 pounds or less and is used as a TNC partner vehicle as defined in § 46.2-2000.

7. Be registered with the Department for use as a TNC partner vehicle and display an identification marker issued by the Department as provided in subsection B.

No TNC partner shall operate a TNC partner vehicle unless that vehicle meets the requirements of this subsection.

B. A vehicle owner, lessee, or TNC partner shall register a personal vehicle for use as a TNC partner vehicle. A TNC partner that is not the vehicle owner or lessee shall, prior to registering any TNC partner vehicle with the Department, secure the consent of each owner, lessor, and lessee of the vehicle as applicable for its registration as a TNC partner vehicle and for its use as a TNC partner vehicle by the TNC partner. A transportation network company shall have the option of registering a TNC partner vehicle on behalf of a TNC partner electronically through a secure portal maintained by the Department provided the TNC partner, if the TNC partner is not the vehicle owner or lessee, certifies that it has secured consent from each owner, lessor, and lessee of the vehicle for its registration as a TNC partner vehicle and for its use as a TNC partner vehicle by the TNC partner.

Prior to registering for use as a TNC partner vehicle any vehicle that has been titled and registered in another state, the vehicle owner or lessee, or a transportation network company on behalf of the owner or lessee, shall provide the Department with such information as the Department requires to establish a customer record for that person and that person's vehicle. A transportation network company shall have the option to submit this information electronically through a secure portal maintained by the Department.

For each TNC partner vehicle a transportation network company authorizes, the transportation network company or TNC partner shall provide to the Department, in a form acceptable to the Department, any information reasonably necessary for the Department to identify the vehicle and register it for use as a TNC partner vehicle.

Upon registering a vehicle for use as a TNC partner vehicle, the Department shall issue a temporary registration, an identification marker to the vehicle owner or lessee, and a registration card indicating the vehicle's registration for use as a TNC partner vehicle.

The Commissioner may deny, suspend, cancel, or revoke the TNC partner vehicle registration and identification marker for any of the following reasons: (i) the vehicle is not properly registered, (ii) the vehicle does not carry insurance as required by this article, (iii) the vehicle is sold, or (iv) the vehicle is used by a TNC partner in a manner not authorized by this chapter.

Registration of a TNC partner vehicle under this subsection shall remain valid until (a) the vehicle is no longer authorized to operate as a TNC partner vehicle by a transportation network company; (b) the TNC partner, vehicle owner, or lessee requests cancellation of the registration; (c) there is a transfer of vehicle ownership, other than a transfer from the lessor of the vehicle to the lessee; (d) the vehicle's lease terminates and ownership is not transferred to the lessee; or (e) the Department suspends, revokes, or cancels the registration of the vehicle for use as a TNC partner vehicle. The fee for the replacement of a lost, mutilated, or illegible identification marker or registration card shall be the same as the fee set forth

in § 46.2-692 for the replacement of a decal or vehicle registration card. However, if the TNC partner vehicle is not titled and registered in Virginia, the replacement fee for an identification marker shall be \$40.

Any vehicle registered with the Department as a personal vehicle and subject to further registration as a TNC partner vehicle pursuant to this section shall be presumed to be used for nonbusiness purposes for the purpose of determining whether it is a qualifying vehicle under § 58.1-3523 absent clear and convincing evidence to the contrary, and any registration pursuant to this section shall not create any presumption of business or commercial use of the vehicle or of business activity on the part of the TNC partner, for purposes of any state or local requirement.

C. Before authorizing a vehicle to be used as a TNC partner vehicle, a transportation network company shall confirm that the vehicle meets the requirements of subsection A and shall provide each TNC partner with proof of any TNC insurance policy maintained by the transportation network company.

For each TNC partner vehicle it authorizes, a transportation network company shall issue trade dress to the TNC partner associated with that vehicle. The trade dress shall be sufficient to identify the transportation network company or digital platform with which the vehicle is affiliated and shall be displayed in a manner that complies with Virginia law. The trade dress shall be of such size, shape, and color as to be readily identifiable during daylight hours from a distance of 50 feet while the vehicle is not in motion and shall be reflective, illuminated, or otherwise patently visible in darkness. The trade dress may take the form of a removable device that meets the identification and visibility requirements of this subsection.

The transportation network company shall submit to the Department proof that the transportation network company has established the trade dress required under this subsection by filing with the Department an illustration or photograph of the trade dress.

A TNC partner shall keep the trade dress issued under this subsection visible at all times while the vehicle is being operated as a TNC partner vehicle.

No person shall operate a vehicle bearing trade dress issued under this subsection without the authorization of the transportation network company issuing the trade dress.

D. Any information provided to the Department pursuant to this section, whether held by the Department or another public entity, shall not be subject to disclosure under the Virginia Freedom of Information Act (§ 2.2-3700 et seq.). Neither the Department nor any such public entity shall disclose any such information to a nongovernmental entity absent a court order or subpoena. In the event information provided pursuant to this section is sought through a court order or subpoena, the Department or other public entity shall promptly notify the transportation network company prior to disclosure so as to afford the transportation network company the opportunity to take appropriate actions to prevent disclosure. The Department shall not disclose such information to a governmental entity other than to enable that entity to perform its governmental function.

#### **§ 46.2-2099.51. TNC insurance until January 1, 2016.**

A. Until January 1, 2016, at all times during the operation of a TNC partner vehicle, a transportation network company or TNC partner shall keep in force TNC insurance as provided in this section.

B. The following requirements shall apply to TNC insurance from the moment a TNC partner accepts a prearranged ride request on a transportation network company's digital platform until the TNC partner completes the transaction on the digital platform or until the prearranged ride is complete, whichever is later:

1. TNC insurance shall provide motor vehicle liability coverage. Such coverage shall be primary and the minimum amount of liability coverage for death, bodily injury, and property damage shall be \$1 million.

2. TNC insurance shall provide uninsured motorist coverage and underinsured motorist coverage. Such coverage shall apply from the moment a passenger enters a TNC partner vehicle until the passenger exits the vehicle. The minimum amount of uninsured motorist coverage and underinsured motorist coverage for death, bodily injury, and property damage shall be \$1 million.

3. The requirements of this subsection may be satisfied by any of the following:

a. TNC insurance maintained by a TNC partner;

b. TNC insurance maintained by a transportation network company; or

c. Any combination of subdivisions a and b.

A transportation network company may meet its obligations under this subsection through a policy obtained by a TNC partner under subdivision a or c only if the transportation network company verifies that the policy is maintained by the TNC partner.

4. Insurers providing insurance coverage under this subsection shall have the exclusive duty to defend any liability claim, including any claim against a TNC partner, arising from an accident occurring within the time periods specified in this subsection. Neither the TNC partner's nor the vehicle owner's personal automobile insurance policy shall have the duty to defend or indemnify the TNC partner's activities in connection with the transportation network company, unless the policy expressly provides otherwise for the period of time to which this subsection is applicable or the policy contains an amendment or endorsement to provide that coverage.

5. Coverage under a TNC insurance policy shall not be dependent on a personal automobile insurance policy first denying a claim, nor shall a personal automobile insurance policy be required to first deny a claim.

6. Nothing in this subsection shall be construed to require a personal automobile insurance policy to provide primary or excess coverage. Neither the TNC partner's nor the vehicle owner's personal automobile insurance policy shall provide

any coverage to the TNC partner, the vehicle owner, or any third party, unless the policy expressly provides for that coverage during the period of time to which this subsection is applicable or the policy contains an amendment or endorsement to provide that coverage.

C. The following requirements shall apply to TNC insurance (i) from the moment a TNC partner logs on to a transportation network company's associated digital platform until the TNC partner accepts a request to transport a passenger and (ii) from the moment the TNC partner completes the transaction on the digital platform or the prearranged ride is complete, whichever is later, until the TNC partner either accepts another prearranged ride request on the digital platform or logs off the digital platform:

1. TNC insurance shall provide motor vehicle liability coverage. Such coverage shall be secondary and shall provide liability coverage of at least \$125,000 per person and \$250,000 per incident for death and bodily injury and at least \$50,000 for property damage.

2. The requirements for the coverage required by this subsection may be satisfied by any of the following:

a. TNC insurance maintained by a TNC partner;

b. TNC insurance maintained by a transportation network company that provides coverage in the event that a TNC partner's insurance policy under subdivision a has ceased to exist or has been canceled or in the event that the TNC partner does not otherwise maintain TNC insurance; or

c. Any combination of subdivisions a and b.

A transportation network company may meet its obligations under this subsection through a policy obtained by a TNC partner pursuant to subdivision a or c only if the transportation network company verifies that the policy is maintained by the TNC partner and is specifically written to cover the TNC partner's use of a vehicle in connection with a transportation network company's digital platform.

3. If the TNC partner vehicle is insured under a personal automobile insurance policy that does not exclude coverage, then such policy shall provide primary coverage and an insurance policy maintained by the transportation network company under subdivision 2 c shall provide excess coverage up to at least the limits required by subdivision 1.

D. In the event that the digital platform becomes inaccessible due to failure or malfunction while a TNC partner is en route to or transporting a passenger during a prearranged ride described in subsection B, TNC insurance coverage shall be presumed to be that required in subdivision B 1 until the passenger exits the vehicle.

E. In every instance where TNC insurance maintained by a TNC partner to fulfill the insurance obligations of this section has lapsed or ceased to exist, the transportation network company shall provide the coverage required by this section beginning with the first dollar of a claim.

F. This section shall not limit the liability of a transportation network company arising out of an accident involving a TNC partner in any action for damages against a transportation network company for an amount above the required insurance coverage.

G. Any person, or an attorney acting on his behalf, who suffers a loss in an automobile accident with a reasonable belief that the accident involves a TNC partner vehicle driven by a TNC partner in connection with a transportation network company and who provides the transportation network company with the date, approximate time, and location of the accident, and if available the name of the TNC partner and if available the accident report, may request in writing from the transportation network company information relating to the insurance coverage and the company providing the coverage. The transportation network company shall respond electronically or in writing within 30 days. The transportation network company's response shall contain the following information: (i) whether, at the approximate time of the accident, the TNC partner was logged into the transportation network company's digital platform and, if so logged in, whether a trip request had been accepted or a passenger was in the TNC partner vehicle; (ii) the name of the insurance carrier providing primary coverage; and (iii) the identity and last known address of the TNC partner.

H. No contract, receipt, rule, or regulation shall exempt any transportation network company from the liability that would exist had no contract been made or entered into, and no such contract, receipt, rule, or regulation for exemption from liability for injury or loss occasioned by the neglect or misconduct of such transportation network company shall be valid. The liability referred to in this subsection shall mean the liability imposed by law upon a transportation network company for any loss, damage, or injury to passengers in its custody and care as a transportation network company.

I. Any insurance required by this section may be placed with an insurer that has been admitted in Virginia or with an insurer providing surplus lines insurance as defined in § 38.2-4805.2.

J. Any insurance policy required by this section shall satisfy the financial responsibility requirement for a motor vehicle under § 46.2-706 during the period such vehicle is being operated as a TNC partner vehicle.

K. The Department shall not issue the certificate of fitness required under § 46.2-2099.45 to any transportation network company that has not certified to the Department that every TNC partner vehicle it has authorized to operate on its digital platform is covered by an insurance policy that meets the requirements of this section.

L. Each transportation network company shall keep on file with the Department proof of an insurance policy maintained by the transportation network company in accordance with this section. Such proof shall be in a form acceptable to the Commissioner. A record of the policy shall remain in the files of the Department six months after the certificate is suspended or revoked for any cause.

*M. The Department may suspend a certificate if the certificate holder fails to comply with the requirements of this section. Any person whose certificate has been suspended pursuant to this subsection may request a hearing as provided in subsection D of § 46.2-2011.26.*

*N. In a claims coverage investigation, a transportation network company and its insurer shall cooperate with insurers involved in the claims coverage investigation to facilitate the exchange of information, including the dates and times of any accident involving a TNC partner and the precise times that the TNC partner logged in and was logged out of the transportation network company's digital platform.*

**5. That the transportation network companies shall advise TNC partners that a TNC partner's personal automobile insurance policy may not provide collision or comprehensive coverage for damage to the vehicle when the TNC partner uses a vehicle in connection with a transportation network company's digital platform, unless such policy expressly provides for TNC insurance coverage. Such notice shall be provided to each TNC partner until January 1, 2016.**

**6. That notwithstanding any other provision of law, a personal automobile insurer may, at its discretion, offer an automobile liability insurance policy, or an amendment or endorsement to an existing policy, that covers a motor vehicle with a seating capacity of eight or fewer persons, including the driver, while used in connection with a transportation network company's digital platform.**

**7. That the provisions of this act adding § 46.2-2099.52 shall become effective on January 1, 2016.**

8. That no provision of this act or existing law shall be construed to prevent any motor carrier regulated under the existing provisions of Chapter 20 (§ 46.2-2000 et seq.) of Title 46.2 from offering services through an online digital platform, unless such motor carrier chooses to operate as a transportation network company.

#### CHAPTER 4

*An Act to amend and reenact § 4.1-235 of the Code of Virginia, relating to alcoholic beverage control; markups.*

[H 1440]

Approved February 18, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 4.1-235 of the Code of Virginia is amended and reenacted as follows:**

**§ 4.1-235. Collection; computation, distribution of tax on wine and other alcoholic beverages; refunds and adjustments.**

A. The Board shall collect the state taxes levied pursuant to § 4.1-234 as follows:

1. Collection shall be from the purchaser at the time of or prior to sale, except as to sales made to wholesale wine licensees. Wholesale wine licensees shall collect the taxes at the time of or prior to sale to retail licensees, and shall remit such taxes monthly to the Board, along with such reports as may be required by the Board, at the time and in the manner prescribed by the Board.

2. In establishing the prices for items sold by it to persons other than wholesale licensees, the Board shall include a reasonable markup. The liter tax or 20 percent tax, as appropriate, shall then be added to the price of each container of alcoholic beverages. The four percent tax on vermouth and farm winery wines shall then be added for those products. In all cases the final price for each container may be established so as to be a multiple of five *or rounded to end with a nine*.

In accounting for the state tax on sales the Board shall divide the net sales for the quarter by 1.20 and multiply the result by 20 percent. As to the sale of vermouth and farm winery wine, the Board shall divide the net sales for the quarter by 1.04 and multiply the result by four percent.

B. The amount of tax collected under this section during each quarter shall, within 50 days after the close of such quarter, be certified to the Comptroller by the Board and shall be transferred by him from the special fund described in § 4.1-116 to the general fund of the state treasury. The Board shall, not later than June 20 of every year, estimate the yield of the state tax on sales imposed by § 4.1-234 for the quarter ending June 30 and certify the amount of such estimate to the Comptroller, whereupon the Comptroller shall, before the end of the month, transfer the amount of such estimate from the special fund described in § 4.1-116 to the general fund of the state treasury, subject to such adjustment on account of an overestimate or underestimate as may be indicated within 50 days after the close of the quarter ending on June 30.

Forty-four percent of the amount derived from the liter tax levied pursuant to § 4.1-234 shall be transferred to the general fund and paid to the several counties, cities, and towns of the Commonwealth in proportion to their respective populations, and is appropriated for such purpose.

The counties, cities, and towns shall in no event receive from the taxes derived from the sale of wines less revenue than was received by such counties, cities, and towns for the year ending June 30, 1976.

The portion of wine liter tax collected pursuant to § 4.1-234 that is attributable to the sale of wine produced by a farm winery shall be deposited in the Virginia Wine Promotion Fund established pursuant to § 3.2-3005.

Twelve percent of the amount derived from the liter tax levied shall be retained by the Board as operating revenue and distributed as provided in § 4.1-117.

C. As used in this section, the term "net sales" means gross sales less refunds to customers.

D. The Board may make a refund or adjustment of any tax paid to it under this section when (i) the wine upon which such tax has been paid has been condemned and is not permitted to be sold in the Commonwealth, or (ii) wine is returned by a retail licensee to a wholesale wine licensee for refund in accordance with Board regulations or approval. Any claim for such refund or adjustment shall be made to the Board in the report filed with the Board by the wholesale wine licensee for the period in which such return and refund occurs.

#### CHAPTER 5

*An Act to amend and reenact §§ 32.1-261 and 63.2-1220 of the Code of Virginia, relating to post-adoption services.*

[H 1821]

Approved February 18, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 32.1-261 and 63.2-1220 of the Code of Virginia are amended and reenacted as follows:**

**§ 32.1-261. New birth certificate established on proof of adoption, legitimation or determination of paternity.**

A. The State Registrar shall establish a new certificate of birth for a person born in the Commonwealth upon receipt of the following:

1. An adoption report as provided in § 32.1-262, a report of adoption prepared and filed in accordance with the laws of another state or foreign country, or a certified copy of the decree of adoption together with the information necessary to identify the original certificate of birth and to establish a new certificate of birth; except that a new certificate of birth shall not be established if so requested by the court decreeing the adoption, the adoptive parents, or the adopted person if 18 years of age or older.

2. A request that a new certificate be established and such evidence as may be required by regulation of the Board proving that such person has been legitimated or that a court of the Commonwealth has, by final order, determined the paternity of such person. The request shall state that no appeal has been taken from the final order and that the time allowed to perfect an appeal has expired.

3. An order entered pursuant to subsection D of § 20-160. The order shall contain sufficient information to identify the original certificate of birth and to establish a new certificate of birth in the names of the intended parents.

4. A surrogate consent and report form as authorized by § 20-162. The report shall contain sufficient information to identify the original certificate of birth and to establish a new certificate of birth in the names of the intended parents.

B. When a new certificate of birth is established pursuant to subsection A, the actual place and date of birth shall be shown. It shall be substituted for the original certificate of birth. Thereafter, the original certificate and the evidence of adoption, paternity or legitimation shall be sealed and filed and not be subject to inspection except upon order of a court of the Commonwealth or in accordance with § 32.1-252. However, upon receipt of notice of a decision or order granting an adult adopted person access to identifying information regarding his birth parents from the Commissioner of Social Services or a circuit court, and proof of identification and payment, the State Registrar shall mail an adult adopted person a copy of the original certificate of birth.

C. Upon receipt of a report of an amended decree of adoption, the certificate of birth shall be amended as provided by regulation.

D. Upon receipt of notice or decree of annulment of adoption, the original certificate of birth shall be restored to its place in the files and the new certificate and evidence shall not be subject to inspection except upon order of a court of the Commonwealth or in accordance with § 32.1-252.

E. The State Registrar shall, upon request, establish and register a Virginia certificate of birth for a person born in a foreign country (i) upon receipt of a report of adoption for an adoption finalized pursuant to the laws of the foreign country as provided in subsection B of § 63.2-1200.1, or (ii) upon receipt of a report or final order of adoption entered in a court of the Commonwealth as provided in § 32.1-262; however, a Virginia certificate of birth shall not be established or registered if so requested by the court decreeing the adoption, the adoptive parents or the adopted person if 18 years of age or older. If a circuit court of the Commonwealth corrects or establishes a date of birth for a person born in a foreign country during the adoption proceedings or upon a petition to amend a certificate of foreign birth, the State Registrar shall issue a certificate showing the date of birth established by the court. After registration of the birth certificate in the new name of the adopted person, the State Registrar shall seal and file the report of adoption which shall not be subject to inspection except upon order of a court of the Commonwealth or in accordance with § 32.1-252. The birth certificate shall (i) show the true or probable foreign country of birth and (ii) state that the certificate is not evidence of United States citizenship for the child for whom it is issued or for the adoptive parents. However, for any adopted person who has attained United States citizenship, the State Registrar shall, upon request and receipt of evidence demonstrating such citizenship, establish and register a new certificate of birth that does not contain the statement required by clause (ii).

F. If no certificate of birth is on file for the person for whom a new certificate is to be established under this section, a delayed certificate of birth shall be filed with the State Registrar as provided in § 32.1-259 or 32.1-260 before a new certificate of birth is established, except that when the date and place of birth and parentage have been established in the adoption proceedings, a delayed certificate shall not be required.

G. *When a new certificate of birth is established pursuant to subdivision A 1, the State Registrar shall issue along with the new certificate of birth a document, furnished by the Department of Social Services pursuant to § 63.2-1220, listing all post-adoption services available to adoptive families.*

**§ 63.2-1220. Issuance of birth certificates for children adopted in the Commonwealth.**

For the purpose of securing a new birth certificate for a child adopted pursuant to the laws of the Commonwealth, the procedures set forth in § 32.1-262 shall be followed. *The Department shall furnish a document listing all post-adoption services available to adoptive families to the State Registrar of Vital Records for distribution to adoptive parents pursuant to § 32.1-261.*

**2. That the Department of Social Services shall update annually and make available on its website the document listing all post-adoption services available to adoptive families pursuant to § 63.2-1220 of the Code of Virginia as amended by this act.**

## CHAPTER 6

*An Act to amend and reenact § 56-599 of the Code of Virginia, relating to electric utility regulation; suspension of regulatory reviews of utility earnings; integrated resource plan schedule.*

Approved February 24, 2015

[S 1349]

Be it enacted by the General Assembly of Virginia:

1. That § 56-599 of the Code of Virginia is amended and reenacted as follows:

**§ 56-599. Integrated resource plan required.**

~~A. Not later than December 31, 2008, the Commission shall order each electric utility to develop an integrated resource plan. The order may establish guidelines for developing an IRP.~~

~~B. By September 1, 2009, each electric utility shall file an initial integrated resource plan with the Commission, which plan shall comply with the provisions of the order of the Commission issued pursuant to subsection A.~~

~~C. Each electric utility shall file an updated integrated resource plan at least every two years thereafter, which plan by July 1, 2015. Thereafter, each electric utility shall file an updated integrated resource plan annually by May 1. A copy of each integrated resource plan shall be provided to the Chairmen of the House and Senate Committees on Commerce and Labor and to the Chairman of the Commission on Electric Utility Regulation. All updated integrated resource plans shall comply with the provisions of any relevant order of the Commission establishing guidelines for the format and contents of updated and revised integrated resource plans. Each integrated resource plan shall consider options for maintaining and enhancing rate stability, energy independence, economic development including retention and expansion of energy-intensive industries, and service reliability.~~

~~D. B. In preparing an integrated resource plan, each electric utility shall systematically evaluate, and may propose:~~

~~1. Entering into short-term and long-term electric power purchase contracts;~~

~~2. Owning and operating electric power generation facilities;~~

~~3. Building new generation facilities;~~

~~4. Relying on purchases from the short term or spot markets;~~

~~5. Making investments in demand-side resources, including energy efficiency and demand-side management services;~~

~~6. Taking such other actions, as the Commission may approve, to diversify its generation supply portfolio and ensure that the electric utility is able to implement an approved plan; and~~

~~7. The methods by which the electric utility proposes to acquire the supply and demand resources identified in its proposed integrated resource plan;~~

~~8. The effect of current and pending state and federal environmental regulations upon the continued operation of existing electric generation facilities or options for construction of new electric generation facilities; and~~

~~9. The most cost effective means of complying with current and pending state and federal environmental regulations, including compliance options to minimize effects on customer rates of such regulations.~~

~~E. C. The Commission shall analyze and review an integrated resource plan and, after giving notice and opportunity to be heard, the Commission shall make a determination as to whether an IRP is reasonable and is in the public interest.~~

2. That, notwithstanding the provisions of §§ 56-249.6 and 56-585.1 of the Code of Virginia:

A. No biennial reviews of the rates, terms, and conditions for any service of a Phase I Utility, as defined in § 56-585.1 of the Code of Virginia, shall be conducted at any time by the State Corporation Commission for the four successive 12-month test periods beginning January 1, 2014, and ending December 31, 2017. No biennial reviews of the rates, terms, and conditions for any service of a Phase II Utility, as defined in § 56-585.1 of the Code of Virginia, shall be conducted at any time by the State Corporation Commission for the five successive 12-month test periods beginning January 1, 2015, and ending December 31, 2019. Such test periods beginning January 1, 2014, and ending December 31, 2017, for a Phase I Utility, and beginning January 1, 2015, and ending December 31, 2019, for a Phase II Utility, are collectively referred to herein as the "Transitional Rate Period." Review of recovery of fuel and purchase power costs shall continue during the Transitional Rate Period in accordance with § 56-249.6. Any biennial review of the rates, terms, and conditions for any service of a Phase II Utility occurring in 2015 during the Transitional Rate Period shall be solely a review of the utility's earnings on its rates for generation and distribution services for the two 12-month test periods ending December 31, 2014, and a determination of whether any credits to customers are due for such test periods pursuant to subdivision A 8 b of § 56-585.1. After the conclusion of the Transitional Rate Period, biennial reviews shall resume for a Phase I Utility in 2020, with the first such proceeding utilizing the two successive 12-month test periods beginning January 1, 2018, and ending December 31, 2019. After the conclusion of the Transitional Rate Period, biennial reviews shall resume for a Phase II Utility, as defined in § 56-585.1, in 2022, with the first such proceeding utilizing the two successive 12-month test periods beginning January 1, 2020, and ending December 31, 2021. Consistent with this provision, (i) no biennial review filings shall be made by an investor-owned incumbent electric utility in the years 2016 through 2019, inclusive, and (ii) no adjustment to an investor-owned incumbent electric utility's existing tariff rates, including any rates adopted pursuant to § 56-235.2, shall be made between the beginning of the Transitional Rate Period and the conclusion of the first biennial review after the conclusion of the Transitional Rate Period, except as may be provided pursuant to § 56-245 or 56-249.6 or subdivisions A 4, 5, or 6 of § 56-585.1.

B. During the Transitional Rate Period, pursuant to § 56-36, the Commission shall have the right at all times to inspect the books, papers and documents of any investor-owned incumbent electric utility and to require from such companies, from time to time, special reports and statements, under oath, concerning their business.

C. 1. Commencing in 2016 and concluding in 2018, the State Corporation Commission, after notice and opportunity for a hearing, shall conduct a proceeding every two years to determine the fair rate of return on common equity to be used by a Phase I Utility as the general rate of return applicable to rate adjustment clauses

under subdivisions A 5 or A 6 of § 56-585.1. A Phase I Utility's filing in such proceedings shall be made on or before March 31 of 2016, and 2018.

2. Commencing in 2017 and concluding in 2019, the State Corporation Commission, after notice and opportunity for a hearing, shall conduct a proceeding every two years to determine the fair rate of return on common equity to be used by a Phase II Utility as the general rate of return applicable to rate adjustment clauses under subdivisions A 5 or A 6 of § 56-585.1 of the Code of Virginia. A Phase II utility's filing in such proceedings shall be made on or before March 31 of 2017 and 2019.

3. Such fair rate of return shall be calculated pursuant to the methodology set forth in subdivisions A 2 a and b of § 56-585.1 and shall utilize the utility's actual end-of-test-period capital structure and cost of capital, as well as a 12-month test period ending December 31 immediately preceding the year in which the proceeding is conducted. The Commission's final order in such a proceeding shall be entered no later than eight months after the date of filing, with any adjustment to the fair rate of return for applicable rate adjustment clauses under subdivisions A 5 and 6 of § 56-585.1 taking effect on the date of the Commission's final order in the proceeding, utilizing rate adjustment clause true-up protocols as the Commission may in its discretion determine. Such proceeding shall concern only the issue of the determination of such fair rate of return to be used for rate adjustment clauses under subdivisions A 5 and 6 of § 56-585.1, and such determination shall have no effect on rates other than those applicable to such rate adjustment clauses; however, after the final such proceeding for a utility has been concluded, the fair combined rate of return on common equity so determined therein shall also be deemed equal to the fair combined rate of return on common equity to be used in such utility's first biennial review proceeding conducted after the end of the utility's Transitional Rate Period to review such utility's earnings on its rates for generation and distribution services for the historic test periods.

D. In furtherance of rate stability during the Transitional Rate Period, any Phase II Utility carrying a prior period deferred fuel expense recovery balance on its books and records as of December 31, 2014, shall not recover from customers 50 percent of any such balance outstanding as of December 31, 2014, and the State Corporation Commission shall implement as soon as practicable reductions in the fuel factor rate of any such Phase II Utility to reflect the nonrecovery of any such fuel expense as well as any reduction in the fuel factor associated with the Phase II Utility's current period forecasted fuel expense over recovery for the 2014-2015 fuel year and projected fuel expense for the 2015-2016 fuel year.

E. Except for early retirement plans identified by the utility in an integrated resource plan filed with the State Corporation Commission by September 1, 2014, for utility generation plants, an investor-owned incumbent electric utility shall not permanently retire an electric power generation facility from service during the Transitional Rate Period without first obtaining the approval of the State Corporation Commission, upon petition from such investor-owned incumbent electric utility, and a finding by the State Corporation Commission that the retirement determination is reasonable and prudent. During the Transitional Rate Period, an investor-owned incumbent electric utility shall recover the following costs, as recorded per books by the utility for financial reporting purposes and accrued against income, only through its existing tariff rates for generation or distribution services, except such costs as may be recovered pursuant to § 56-245, § 56-249.6 or subdivisions A 4, A 5, or A 6 of § 56-585.1: (i) costs associated with asset impairments related to early retirement determinations for utility generation facilities resulting from the implementation of carbon emission guidelines for existing electric power generation facilities that the U.S. Environmental Protection Agency has issued pursuant to § 111 (d) of the Clean Air Act; (ii) costs associated with severe weather events; and (iii) costs associated with natural disasters.

F. During the Transitional Rate Period:

1. The State Corporation Commission shall submit a report and make recommendations to the Governor and the General Assembly annually on or before December 1 of each year assessing the updated integrated resource plan of any investor-owned incumbent electric utility. The report shall include an analysis of, among other matters, the amount, reliability, and type of generation facilities needed to serve Virginia native load compared to what is then available to serve such load and what may be available to serve such load in the future in view of market conditions and current and pending state and federal environmental regulations. As a part of such report, the State Corporation Commission shall update its estimate of the impact upon electric rates in Virginia of the implementation of carbon emission guidelines for existing electric power generation facilities that the U.S. Environmental Protection Agency has issued pursuant to § 111(d) of the federal Clean Air Act. The State Corporation Commission shall submit copies of such annual reports to the Chairmen of the House and Senate Committees on Commerce and Labor and the Chairman of the Commission on Electric Utility Regulation; and

2. The Department of Environmental Quality shall submit a report and make recommendations to the Governor and the General Assembly annually on or before December 1 of each year concerning the implementation of carbon emission guidelines for existing electric power generation facilities that the U.S. Environmental Protection Agency has issued pursuant to § 111(d) of the federal Clean Air Act. The report shall include an analysis of, among other matters, the impact of such federal regulations on the operation of any investor-owned incumbent electric utility's electric power generation facilities and any changes, interdiction, or suspension of such regulations. The Department of Environmental Quality shall submit copies of such annual reports to the Chairmen of the House and Senate Committees on Commerce and Labor and the Chairman of the Commission on Electric Utility Regulation.

G. The construction or purchase by an investor-owned incumbent utility of one or more generation facilities with at least one megawatt of generating capacity, and with an aggregate rated capacity that does not exceed 500 megawatts, that use energy derived from sunlight and are located in the Commonwealth, regardless of whether any of such facilities are located within or without such utility's service territory, is in the public interest, and in determining whether to approve such facility, the Commission shall liberally construe the provisions of this Act. Such utility shall utilize goods or services sourced, in whole or in part, from one or more Virginia businesses. The utility may propose a rate adjustment clause based on a market index in lieu of a cost of service model for such facility. An investor-owned incumbent utility may enter into short-term or long-term power purchase contracts for the power derived from sunlight generated by such generation facility prior to purchasing the generation facility.

H. Each Phase I and II Utility shall conduct a pilot program for energy assistance and weatherization for low income, elderly, and disabled individuals in their respective service territories in the Commonwealth. Each pilot program shall be funded by the utility and shall commence September 1, 2015. Each such utility shall report on the status of its pilot program, including the number of individuals served thereby, to the Governor, the State Corporation Commission, and the Chairmen of the House and Senate Commerce and Labor Committees by July 1, 2016, and each year thereafter.

3. That the General Assembly finds that (i) competitive electric utility rates, reliable electric service, and energy independence are important public policy priorities; (ii) long-term stability of electric utility rates is a competitive advantage for the Commonwealth's economic development; (iii) during the transition period, existing electric power generation facilities that provide for reliable electric utility service in the Commonwealth should remain in operation when prudent; (iv) the General Assembly should be regularly informed of utility generation resource plans in light of the challenges to existing electric power generation facilities; and (v) the enactments herein are intended to promote balanced environmental management and rate stability, to protect the Commonwealth's economy and its consumers of electric energy, including those energy-intensive customers who are most vulnerable and rate sensitive, and to avoid threats to service reliability or the Commonwealth's energy independence.

4. That pursuant to § 1-243, the provisions of this act are severable.

## CHAPTER 9

*An Act to amend and reenact §§ 38.2-231, 38.2-2113, and 38.2-2208 of the Code of Virginia, relating to notices relating to certain insurance policies.*

[S 697]

Approved February 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 38.2-231, 38.2-2113, and 38.2-2208 of the Code of Virginia are amended and reenacted as follows:**

**§ 38.2-231. Notice of cancellation, refusal to renew, reduction in coverage or increase in premium of certain liability insurance policies.**

A. 1. No cancellation or refusal to renew by an insurer of (i) a policy of insurance as defined in § 38.2-117 or 38.2-118 insuring a business entity; (ii) a policy of insurance that includes as a part thereof insurance as defined in § 38.2-117 or 38.2-118 insuring a business entity; (iii) a policy of motor vehicle insurance against legal liability of the insured as defined in § 38.2-124 insuring a business entity; or (iv) a policy of miscellaneous casualty insurance as defined in subsection B of § 38.2-111 insuring a business entity shall be effective unless the insurer delivers or mails to the first named insured at the address shown on the policy a written notice of cancellation or refusal to renew, or delivers such notice electronically to the address provided by the first named insured. Such notice shall:

a. Be in a type size authorized under § 38.2-311;

b. State the date, which shall not be less than 45 days after the delivery or mailing of the notice of cancellation or refusal to renew, on which such cancellation or refusal to renew shall become effective, except that such effective date may not be less than 15 days from the date of mailing or delivery when the policy is being cancelled or not renewed for failure of the insured to discharge when due any of its obligations in connection with the payment of premium for the policy;

c. State the specific reason or reasons of the insurer for cancellation or refusal to renew;

d. Advise the first named insured of its right to request in writing, within 15 days of the receipt of the notice, that the Commissioner of Insurance review the action of the insurer; and

e. In the case of a policy of motor vehicle insurance, inform the first named insured of the possible availability of other insurance which may be obtained through its agent, through another insurer, or through the Virginia Automobile Insurance Plan.

2. Nothing in this subsection shall apply to any policy of insurance if the named insured or his duly constituted attorney-in-fact has notified orally, or in writing, if the insurer requires such notification to be in writing, the insurer or its agent that he wishes the policy to be canceled or that he does not wish the policy to be renewed, or if, prior to the date of expiration, he fails to accept the offer of the insurer to renew the policy.

3. Nothing in this subsection shall apply if an affiliated insurer has manifested its willingness to provide coverage at a lower premium than would have been charged for the same exposures on the expiring policy. The affiliated insurer shall manifest its willingness to provide coverage by issuing a policy with the types and limits of coverage at least equal to those contained in the expiring policy unless the named insured has requested a change in coverage or limits. When such offer is made by an affiliated insurer, an offer of renewal shall not be required of the insurer of the expiring policy, and the policy issued by the affiliated insurer shall be deemed to be a renewal policy.

B. No insurer shall cancel or refuse to renew a policy of motor vehicle insurance against legal liability of the insured as defined in § 38.2-124 insuring a business entity solely because of lack of supporting business or lack of the potential for acquiring such business.

C. No reduction in coverage for personal injury or property damage liability initiated by an insurer and no insurer-initiated increase in the premium greater than 25 percent of (i) a policy of insurance defined in § 38.2-117 or 38.2-118 insuring a business entity; (ii) a policy of insurance that includes as a part thereof insurance defined in § 38.2-117

or 38.2-118 insuring a business entity; (iii) a policy of motor vehicle insurance against legal liability of the insured as defined in § 38.2-124 insuring a business entity; or (iv) a policy of miscellaneous casualty insurance as defined in subsection B of § 38.2-111 insuring a business entity, and which in the case of a reduction in coverage is subject to § 38.2-1912, shall be effective unless the insurer delivers or mails to the first named insured at the address shown on the policy, or delivers electronically to the address provided by the first named insured, a written notice of such reduction in coverage or premium increase not later than 45 days prior to the effective date of same. The increase in premium shall be the difference between the renewal premium and the premium charged by the insurer at the effective date of the expiring policy. Such notice shall:

1. Be in a type size authorized under § 38.2-311;
2. State the date, which shall not be less than 45 days after the delivery or mailing of the notice of reduction in coverage or increase in premium, on which such reduction in coverage or increase in premium shall become effective;
3. Advise the first named insured of the specific reason for the increase and the amount of the increase, or, if in the case of a reduction in coverage, the specific reason for the reduction and the manner in which coverage will be reduced, or that such information may be obtained from the agent or the insurer;
4. Advise the first named insured of its right to request in writing, within 15 days of receipt of the notice, that the Commissioner of Insurance review the action of the insurer.

D. If an insurer does not provide notice in the manner required in subsection C, coverage shall remain in effect until 45 days after written notice of reduction in coverage or increase in premium is mailed or delivered to the first named insured at the address shown on the policy, or delivered electronically to the address provided by the first named insured, unless the named insured obtains replacement coverage or elects to cancel sooner in either of which cases coverage under the prior policy shall cease on the effective date of the replacement coverage or the elected date of cancellation as the case may be. If the named insured fails to accept or rejects the changed policy, coverage for any period that extends beyond the expiration date will be under the prior policy's rates, terms and conditions as applied against the renewal policy's limits, rating exposures, and additional coverages. If the named insured accepts the changed policy, the reduction in coverage or increase in premium shall take effect upon the expiration of the prior policy.

E. Notice of reduction in coverage or increase in premium shall not be required if:

1. The insurer, after written demand, has not received, within 45 days after such demand has been mailed or delivered to the first named insured at the address shown on the policy, or delivered electronically to the address provided by the first named insured, sufficient information from the named insured to provide the required notice;
2. Such notice is waived in writing by the named insured;
3. The insurer delivers or mails to the first named insured a renewal policy or a renewal offer not less than 45 days prior to the effective date of the policy or, in the case of a medical malpractice insurance policy, not less than 90 days prior to the effective date of the policy;
4. The policy is issued to a large commercial risk as defined in subsection C of § 38.2-1903.1 but excluding policies of medical malpractice insurance; or
5. The policy is retrospectively rated, where the premium is adjusted at the end of the policy period to reflect the risk's actual loss experience.

F. No written notice of cancellation, refusal to renew, reduction in coverage or increase in premium that is mailed or delivered electronically by an insurer to a first named insured in accordance with this section shall be effective unless:

1. a. It is sent by registered or certified mail *or any other similar first-class mail tracking method that is used or approved by the United States Postal Service*; or

b. ~~At the time of mailing the insurer obtains a written receipt from the United States Postal Service showing the name and address of the first named insured stated in the policy;~~

~~e. At the time of mailing the insurer (i) obtains a written receipt from the United States Postal Service showing the date of mailing and the number of items mailed and (ii) retains a mailing list showing the name and address of the first named insured stated in the policy, or the last known address, to whom the notices were mailed, together with a signed statement by the insurer that the written receipt from the United States Postal Service corresponds to the mailing list retained by the insurer; or~~

~~4. If delivered electronically, the insurer retains evidence of electronic transmittal or receipt of the notification for at least one year from the date of the transmittal; and~~

2. The insurer retains a copy of the notice of cancellation, refusal to renew, reduction in coverage or increase in premium.

3. a. If the terms of a policy of motor vehicle insurance insuring a business entity require the notice of cancellation, refusal to renew, reduction in coverage or increase in premium to be given to any lienholder, then the insurer shall mail such notice and retain a copy of the notice in the manner required by this subsection. If the notices sent to the first named insured and the lienholder are part of the same form, the insurer may retain a single copy of the notice. The registered, certified or regular mail postal receipt and the copy of the notices required by this subsection shall be retained by the insurer for at least one year from the date of termination.

b. Notwithstanding the provisions of subdivision 3 a, if the terms of the policy require the notice of cancellation, refusal to renew, reduction in coverage or increase in premium to be given to any lienholder, the insurer and lienholder may agree by separate agreement that such notices may be transmitted electronically provided that the insurer and lienholder

agree upon the specifics for transmittal and acknowledgement of notification. Evidence of transmittal or receipt of the notification required by this subsection shall be retained by the insurer for at least one year from the date of termination.

4. Copy, as used in this subsection, shall include photographs, microphotographs, photostats, microfilm, microcard, printouts or other reproductions of electronically stored data, or copies from optical disks, electronically transmitted facsimiles, or any other reproduction of an original from a process which forms a durable medium for its recording, storing, and reproducing.

G. Nothing in this section shall prohibit any insurer or agent from including in a notice of cancellation, refusal to renew, reduction in coverage or premium increase any additional disclosure statements required by state or federal laws.

H. For the purpose of this section, the terms (i) "business entity" shall mean an entity as defined by subsection A of § 13.1-543, § 13.1-603 or 13.1-803 and shall include an individual, a partnership, an unincorporated association, the Commonwealth, a county, city, town, or an authority, board, commission, sanitation, soil and water, planning or other district, public service corporation owned, operated or controlled by the Commonwealth, a locality or other local governmental authority; (ii) "policy of motor vehicle insurance" shall mean a policy or contract for bodily injury or property damage liability insuring a business entity issued or delivered in this Commonwealth covering liability arising from the ownership, maintenance, or use of any motor vehicle, but does not include (a) any policy issued through the Virginia Automobile Insurance Plan, (b) any policy providing insurance only on an excess basis, or (c) any other contract providing insurance to the named insured even though the contract may incidentally provide insurance on motor vehicles; and (iii) "reduction in coverage" shall mean, but not be limited to, any diminution in scope of coverage, decrease in limits of liability, addition of exclusions, increase in deductibles, or reduction in the policy term or duration except a reduction in coverage filed with and approved by the Commission and applicable to an entire line, classification or subclassification of insurance.

I. Within 15 days of receipt of the notice of cancellation, refusal to renew, reduction in coverage or increase in premium, the named insured shall be entitled to request in writing to the Commissioner that he review the action of the insurer. Upon receipt of the request, the Commissioner shall promptly begin a review to determine whether the insurer's notice of cancellation, refusal to renew, reduction in coverage or premium increase complies with the requirements of this section. Where the Commissioner finds from the review that the notice of cancellation, refusal to renew, reduction in coverage or premium increase does not comply with the requirements of this section, he shall immediately notify the insurer, the named insured and any other person to whom such notice was required to be given by the terms of the policy that such notice is not effective. Nothing in this section authorizes the Commissioner to substitute his judgment as to underwriting for that of the insurer. Pending review by the Commission, this section shall not operate to relieve an insured from the obligation to pay any premium when due; however, if the Commission finds that the notice required by this section was not proper, the Commission may order the insurer to pay to the insured any overpayment of premium made by the insured.

J. Every insurer shall maintain for at least one year records of cancellation, refusals to renew, reductions in coverage and premium increases to which this section applies and copies of every notice or statement required by subsections A, C, F and L of this section that it sends to any of its insureds.

K. There shall be no liability on the part of and no cause of action of any nature shall arise against (i) the Commissioner of Insurance or his subordinates; (ii) any insurer, its authorized representative, its agents, or its employees; or (iii) any firm, person or corporation furnishing to the insurer information as to reasons for cancellation, refusal to renew, reduction in coverage or premium increase, for any statement made by any of them in complying with this section or for providing information pertaining thereto.

L. Notwithstanding anything in this section to the contrary, if an insurer cancels or refuses to renew a policy of medical malpractice insurance as defined in § 38.2-2800, or if, as a result of an insurer-initiated increase in premium, the premium increases for a medical malpractice insurance policy by more than 25 percent of the previous policy's premium, the insurer shall provide no fewer than 90 days notice prior to the renewal effective date, or, if such policy is being cancelled or non-renewed for failure of the insured to discharge when due any of its obligations in connection with the payment of premium for the policy, the effective date of cancellation or refusal to renew shall not be less than 15 days from the date of mailing or delivery of the notice. The increase in the premium shall be the difference between the renewal premium and the premium charged by the insurer at the effective date of the expiring policy.

M. As used in this section, an "insurer-initiated increase in premium" means an increase in premium other than one resulting from changes in (i) coverage requested by the insured, (ii) policy limits requested by the insured, (iii) the insured's operation or location that result in a change in the classification of the risk, or (iv) the rating exposures including, but not limited to, increases in payroll, receipts, square footage, number of automobiles insured, or number of employees.

**§ 38.2-2113. Mailing or electronic delivery of notice of cancellation or refusal to renew.**

A. No written notice of cancellation or refusal to renew a policy written to insure owner-occupied dwellings shall be effective when mailed or delivered electronically by an insurer unless:

1. a. It is sent by registered or certified mail *or any other similar first-class mail tracking method that is used or approved by the United States Postal Service; or*

b. ~~At the time of mailing the insurer obtains a written receipt from the United States Postal Service showing the name and address of the insured stated in the policy;~~

~~e. At the time of mailing the insurer (i) obtains a written receipt from the United States Postal Service showing the date of mailing and the number of items mailed and (ii) retains a mailing list showing the name and address of the insured stated in the policy, or the last known address, to whom the notices were mailed, together with a signed statement by the insurer that the written receipt from the United States Postal Service corresponds to the mailing list retained by the insurer; or~~

~~4. If delivered electronically, the insurer retains evidence of electronic transmittal or receipt of the notification for at least one year from the date of the transmittal; and~~

2. The insurer retains a copy of the notice of cancellation or refusal to renew.

3. [Repealed.]

B. This section shall not apply to policies written through the Virginia Property Insurance Association or any other residual market facility established pursuant to Chapter 27 (§ 38.2-2700 et seq.) of this title.

C. 1. If the terms of the policy require the notice of cancellation or refusal to renew to be given to any lienholder, then the insurer shall mail such notice and retain a copy of the notice in the manner required by subsection A of this section. If the notices sent to the insured and the lienholder are part of the same form, the insurer may retain a single copy of the notice. The registered, certified or regular mail postal receipt and copy of the notices required by this section shall be retained by the insurer for at least one year from the date of termination.

2. Notwithstanding the provisions of subdivision C 1, if the terms of the policy require the notice of cancellation or refusal to renew to be given to any lienholder, the insurer and lienholder may agree by separate agreement that such notices may be transmitted electronically provided that the insurer and lienholder agree upon the specifics for transmittal and acknowledgement of notification. Evidence of transmittal or receipt of the notification required by this subsection shall be retained by the insurer for at least one year from the date of termination.

D. Copy, as used in this section, shall include photographs, microphotographs, photostats, microfilm, microcard, printouts or other reproductions of electronically stored data or copies from optical disks, electronically transmitted facsimiles, or any other reproduction of an original from a process which forms a durable medium for its recording, storing, and reproducing.

**§ 38.2-2208. Notices of cancellation of or refusal to renew motor vehicle insurance policies.**

A. No written notice of cancellation or refusal to renew that is mailed or delivered electronically by an insurer to an insured in accordance with the provisions of a motor vehicle insurance policy shall be effective unless:

1. a. It is sent by registered or certified mail *or any other similar first-class mail tracking method that is used or approved by the United States Postal Service; or*

b. ~~At the time of mailing the insurer obtains a written receipt from the United States Postal Service showing the name and address of the insured stated in the policy;~~

~~e. At the time of mailing the insurer (i) obtains a written receipt from the United States Postal Service showing the date of mailing and the number of items mailed and (ii) retains a mailing list showing the name and address of the insured stated in the policy, or the last known address, to whom the notices were mailed, together with a signed statement by the insurer that the written receipt from the United States Postal Service corresponds to the mailing list retained by the insurer; or~~

~~4. If such notice is delivered electronically, the insurer retains evidence of electronic transmittal or receipt of the notification for at least one year from the date of the transmittal; and~~

2. The insurer retains a copy of the notice of cancellation or refusal to renew.

3. [Repealed.]

B. 1. If the terms of the policy require the notice of cancellation or refusal to renew to be given to any lienholder, then the insurer shall mail such notice and retain a copy of the notice in the manner required by subsection A of this section. If the notices sent to the insured and the lienholder are part of the same form, the insurer may retain a single copy of the notice. The registered, certified or regular mail postal receipt and the copy of the notices required by this section shall be retained by the insurer for at least one year from the date of termination.

2. Notwithstanding the provisions of subdivision B 1, if the terms of the policy require the notice of cancellation or refusal to renew to be given to any lienholder, the insurer and lienholder may agree by separate agreement that such notices may be transmitted electronically provided that the insurer and lienholder agree upon the specifics for transmittal and acknowledgement of notification. Evidence of transmittal or receipt of the notification required by this subsection shall be retained by the insurer for at least one year from the date of termination.

C. "Copy," as used in this section, shall include photographs, microphotographs, photostats, microfilm, microcard, printouts or other reproductions of electronically stored data, or copies from optical disks, electronically transmitted facsimiles, or any other reproduction of an original from a process which forms a durable medium for its recording, storing, and reproducing.

## CHAPTER 13

*An Act to amend and reenact § 65.2-101 of the Code of Virginia, relating to the Virginia Workers' Compensation Act; exclusion for owner-operator of leased motor vehicle.*

[S 745]

Approved February 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 65.2-101 of the Code of Virginia is amended and reenacted as follows:**

**§ 65.2-101. Definitions.**

As used in this title:

"Average weekly wage" means:

1. a. The earnings of the injured employee in the employment in which he was working at the time of the injury during the period of 52 weeks immediately preceding the date of the injury, divided by 52; but if the injured employee lost more than seven consecutive calendar days during such period, although not in the same week, then the earnings for the remainder of the 52 weeks shall be divided by the number of weeks remaining after the time so lost has been deducted. When the employment prior to the injury extended over a period of less than 52 weeks, the method of dividing the earnings during that period by the number of weeks and parts thereof during which the employee earned wages shall be followed, provided that results fair and just to both parties will be thereby obtained. When, by reason of a shortness of time during which the employee has been in the employment of his employer or the casual nature or terms of his employment, it is impractical to compute the average weekly wages as above defined, regard shall be had to the average weekly amount which during the 52 weeks previous to the injury was being earned by a person of the same grade and character employed in the same class of employment in the same locality or community.

b. When for exceptional reasons the foregoing would be unfair either to the employer or employee, such other method of computing average weekly wages may be resorted to as will most nearly approximate the amount which the injured employee would be earning were it not for the injury.

2. Whenever allowances of any character made to an employee in lieu of wages are a specified part of the wage contract, they shall be deemed a part of his earnings. For the purpose of this title, the average weekly wage of the members of the Virginia National Guard, the Virginia Naval Militia and the Virginia Defense Force, registered members on duty or in training of the United States Civil Defense Corps of this Commonwealth, volunteer firefighters engaged in firefighting activities under the supervision and control of the Department of Forestry, and forest wardens shall be deemed to be such amount as will entitle them to the maximum compensation payable under this title; however, any award entered under the provisions of this title on behalf of members of the National Guard, the Virginia Naval Militia or their dependents, or registered members on duty or in training of the United States Civil Defense Corps of this Commonwealth or their dependents, shall be subject to credit for benefits paid them under existing or future federal law on account of injury or occupational disease covered by the provisions of this title.

3. Whenever volunteer firefighters, volunteer lifesaving or volunteer rescue squad members, volunteer law-enforcement chaplains, auxiliary or reserve police, auxiliary or reserve deputy sheriffs, volunteer emergency medical technicians, members of volunteer search and rescue organizations, volunteer members of community emergency response teams, and volunteer members of medical reserve corps are deemed employees under this title, their average weekly wage shall be deemed sufficient to produce the minimum compensation provided by this title for injured workers or their dependents. For the purposes of workers' compensation insurance premium calculations, the monthly payroll for each volunteer firefighter or volunteer lifesaving or volunteer rescue squad member shall be deemed to be \$300.

4. The average weekly wage of persons, other than those covered in subdivision 3 of this definition, who respond to a hazardous materials incident at the request of the Department of Emergency Management shall be based upon the earnings of such persons from their primary employers.

"Award" means the grant or denial of benefits or other relief under this title or any rule adopted pursuant thereto.

"Change in condition" means a change in physical condition of the employee as well as any change in the conditions under which compensation was awarded, suspended, or terminated which would affect the right to, amount of, or duration of compensation.

"Client company" means any person that enters into an agreement for professional employer services with a professional employer organization.

"Coemployee" means an employee performing services pursuant to an agreement for professional employer services between a client company and a professional employer organization.

"Commission" means the Virginia Workers' Compensation Commission as well as its former designation as the Virginia Industrial Commission.

"Employee" means:

1. a. Every person, including aliens and minors, in the service of another under any contract of hire or apprenticeship, written or implied, whether lawfully or unlawfully employed, except (i) one whose employment is not in the usual course of the trade, business, occupation or profession of the employer or (ii) as otherwise provided in subdivision 2 of this definition.

b. Any apprentice, trainee, or retrainee who is regularly employed while receiving training or instruction outside of regular working hours and off the job, so long as the training or instruction is related to his employment and is authorized by his employer.

c. Members of the Virginia National Guard and the Virginia Naval Militia, whether on duty in a paid or unpaid status or when performing voluntary service to their unit in a nonduty status at the request of their commander.

Income benefits for members of the National Guard or Naval Militia shall be terminated when they are able to return to their customary civilian employment or self-employment. If they are neither employed nor self-employed, those benefits shall terminate when they are able to return to their military duties. If a member of the National Guard or Naval Militia who is fit to return to his customary civilian employment or self-employment remains unable to perform his military duties and thereby suffers loss of military pay which he would otherwise have earned, he shall be entitled to one day of income benefits for each unit training assembly or day of paid training which he is unable to attend.

d. Members of the Virginia Defense Force.

e. Registered members of the United States Civil Defense Corps of this Commonwealth, whether on duty or in training.

f. G. No hospital or its employees or contractors shall be liable for any civil damages for any injuries resulting from any act of an individual designated pursuant to subsection A or B related to the provision of or failure to provide follow-up care, treatment, or services pursuant to a patient's discharge plan.

A branch office that has been denied shall not be established and a relocation that has been denied shall not be carried out. If the Commission does not issue a denial of a branch proposal or a proposed relocation within 30 days, or 60 days if the review period is extended, the proposed branch office or offices, or the proposed relocation, shall be authorized, and the branch or branches may be established and operated, or the relocation may be completed.

Thereafter, the board of directors may redesignate as the main office any authorized office of the bank in the Commonwealth. The Commission may deny the proposal on grounds that the bank has failed to comply with federal electronic fund transfer laws or regulations; the bank lacks the resources to operate the proposed facilities successfully; or the proposal is not in the public interest. If the Commission does not issue a denial within 25 days, the bank may establish the terminal or terminals.~~

~~C. The notice required by clause (ii) of subsection A need not be given if (i) the terminal is on bank premises or premises properly considered part of an authorized office of the bank or (ii) the terminal does not receive or record deposits or disburse loan proceeds.~~

E. A credit union may change the location of its main office, a service facility, or office, and may close any such office, provided it gives at least 30 days' prior written notice thereof to the Commissioner in such form as he may prescribe. A credit union shall notify the Commissioner in writing within 10 days after it establishes, relocates, or closes any office. A credit union shall notify the Commissioner of its withdrawal from participation in any shared service facility within 10 days of such withdrawal.

D. The Department shall provide for onsite evaluations by VPP evaluation teams of each workplace that has applied to participate in the VPP to determine that the applicant's workplace complies with the standards for VPP participation.

E. A workplace's continued participation in the VPP shall be conditioned on compliance with the standards for VPP participation, as determined by periodic onsite evaluations by VPP evaluation teams.

F. During periods in which a workplace is a participant in the VPP, the workplace shall be exempt from inspections or investigations under § 40.1-49.4; however, this exception shall not apply to inspections or investigations of the workplace arising from complaints, referrals, fatalities, catastrophes, nonfatal accidents, or significant toxic chemical releases.

## CHAPTER 21

*An Act to amend and reenact § 4.1-235 of the Code of Virginia, relating to alcoholic beverage control; markups.*

[S 899]

Approved February 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 4.1-235 of the Code of Virginia is amended and reenacted as follows:**

**§ 4.1-235. Collection; computation, distribution of tax on wine and other alcoholic beverages; refunds and adjustments.**

A. The Board shall collect the state taxes levied pursuant to § 4.1-234 as follows:

1. Collection shall be from the purchaser at the time of or prior to sale, except as to sales made to wholesale wine licensees. Wholesale wine licensees shall collect the taxes at the time of or prior to sale to retail licensees, and shall remit such taxes monthly to the Board, along with such reports as may be required by the Board, at the time and in the manner prescribed by the Board.

2. In establishing the prices for items sold by it to persons other than wholesale licensees, the Board shall include a reasonable markup. The liter tax or 20 percent tax, as appropriate, shall then be added to the price of each container of alcoholic beverages. The four percent tax on vermouth and farm winery wines shall then be added for those products. In all cases the final price for each container may be established so as to be a multiple of five *or rounded to end with a nine*.

In accounting for the state tax on sales the Board shall divide the net sales for the quarter by 1.20 and multiply the result by 20 percent. As to the sale of vermouth and farm winery wine, the Board shall divide the net sales for the quarter by 1.04 and multiply the result by four percent.

B. The amount of tax collected under this section during each quarter shall, within 50 days after the close of such quarter, be certified to the Comptroller by the Board and shall be transferred by him from the special fund described in § 4.1-116 to the general fund of the state treasury. The Board shall, not later than June 20 of every year, estimate the yield of the state tax on sales imposed by § 4.1-234 for the quarter ending June 30 and certify the amount of such estimate to the Comptroller, whereupon the Comptroller shall, before the end of the month, transfer the amount of such estimate from the special fund described in § 4.1-116 to the general fund of the state treasury, subject to such adjustment on account of an overestimate or underestimate as may be indicated within 50 days after the close of the quarter ending on June 30.

Forty-four percent of the amount derived from the liter tax levied pursuant to § 4.1-234 shall be transferred to the general fund and paid to the several counties, cities, and towns of the Commonwealth in proportion to their respective populations, and is appropriated for such purpose.

The counties, cities, and towns shall in no event receive from the taxes derived from the sale of wines less revenue than was received by such counties, cities, and towns for the year ending June 30, 1976.

The portion of wine liter tax collected pursuant to § 4.1-234 that is attributable to the sale of wine produced by a farm winery shall be deposited in the Virginia Wine Promotion Fund established pursuant to § 3.2-3005.

Twelve percent of the amount derived from the liter tax levied shall be retained by the Board as operating revenue and distributed as provided in § 4.1-117.

C. As used in this section, the term "net sales" means gross sales less refunds to customers.

D. The Board may make a refund or adjustment of any tax paid to it under this section when (i) the wine upon which such tax has been paid has been condemned and is not permitted to be sold in the Commonwealth, or (ii) wine is returned by a retail licensee to a wholesale wine licensee for refund in accordance with Board regulations or approval. Any claim for such refund or adjustment shall be made to the Board in the report filed with the Board by the wholesale wine licensee for the period in which such return and refund occurs.

## CHAPTER 28

An Act to amend the Code of Virginia by adding in Title 56 a chapter numbered 28, consisting of sections numbered 56-610, 56-611, and 56-612, relating to natural gas system expansion infrastructure; recovery and deferral of costs.

[S 1163]

Approved February 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding in Title 56 a chapter numbered 28, consisting of sections numbered 56-610, 56-611, and 56-612, as follows:**

### CHAPTER 28.

#### NATURAL GAS SYSTEM EXPANSION INFRASTRUCTURE.

##### § 56-610. Definitions.

As used in this chapter, unless the context requires otherwise:

"Affected customer" means any customer of a natural gas utility receiving service at a premises served by eligible system expansion infrastructure. Any customer receiving natural gas service for which the natural gas utility has received the entire amount required to cover the cost of the eligible system expansion infrastructure as a contribution in aid to construction shall not be considered an affected customer.

"Eligible expansion investment" means that portion of the total capital investment made by a natural gas utility in constructing eligible system expansion infrastructure that is in excess of those costs that would be considered economic under a natural gas utility's economic test, net of any contributions in aid of construction, up to the maximum level of investment per affected customer specified in a system expansion plan.

"Eligible system expansion infrastructure" means natural gas main pipelines and associated facilities, including service lines, meters, and other pertinent facilities, that are constructed and operated by a natural gas utility to deliver natural gas service to affected customers located in an unserved area.

"Eligible system expansion infrastructure costs" includes:

1. Return on investment. In calculating the return on investment, the Commission shall use the natural gas utility's weighted average cost of capital, including the cost of debt and equity, based on its regulatory capital structure used in determining the natural gas utility's base rates in effect during the construction period of the eligible system expansion, applied to eligible expansion investment. The investment, as adjusted for the reserve for depreciation and accumulated deferred income taxes, shall be multiplied by the weighted average cost of capital to determine the return on investment;

2. A revenue conversion factor, which factor, including income taxes and an allowance for bad debt expense, shall be applied to the required operating income resulting from the eligible system infrastructure expansion costs;

3. Education and outreach expense. Such expense shall include costs for education and outreach for increasing program awareness;

4. Depreciation, the calculation of which by the Commission shall be based on the natural gas utility's current depreciation rates applied to eligible expansion investment; and

5. Property taxes attributable to eligible expansion investment.

"Natural gas utility" means any investor-owned public service company engaged in the business of furnishing natural gas service to the public.

"System expansion plan" means a plan filed by a natural gas utility that identifies the level of eligible system expansion infrastructure costs that are projected to be incurred over the term of the plan and provides the calculation of a system expansion rider.

"System expansion rider" means a recovery mechanism that will allow for recovery of the eligible system expansion infrastructure costs from affected customers, through a separate mechanism from the customer rates established in a rate case using the cost-of-service methodology set forth in § 56-235.2 or a performance-based regulation plan authorized by § 56-235.6. A system expansion rider shall be designed to recover eligible system expansion infrastructure costs.

##### § 56-611. Petition to establish or amend expansion plan; cost recovery; procedures.

A. Notwithstanding the provisions of § 56-235.4, a natural gas utility may file a system expansion plan as provided in this chapter. Such a plan shall provide for (i) a business rationale explaining that the expansion plan is in the public interest and of benefit to the affected customers served under the system expansion plan, (ii) the period the system expansion rider is proposed to be in effect, (iii) the estimated eligible system expansion infrastructure costs and a maximum level of investment to be included in the program, (iv) a maximum level of investment per affected customer, (v) the projected number of customers by rate class that will be served by the proposed investment, (vi) a schedule for recovery of the related eligible system expansion infrastructure costs through a system expansion rider, (vii) a methodology for deferral of unrecovered eligible system expansion infrastructure costs, calculated as determined pursuant to § 56-612, (viii) the class or classes of customers eligible to participate in a system expansion plan, and (ix) the period of time that a customer at a premises receiving natural gas service from eligible system expansion infrastructure will be considered an affected customer for

purposes of this chapter. The natural gas utility shall demonstrate that the system expansion plan is prudent and reasonable. The Commission may approve such a plan after such notice and opportunity for a hearing as the Commission may prescribe, subject to the provisions of this chapter.

B. The Commission shall approve a natural gas utility's system expansion plan if it finds that the plan (i) includes the components set forth in subsection A, (ii) provides for the recovery of eligible system expansion infrastructure costs in accordance with the provisions of this chapter, and (iii) is prudent and reasonable. In a final order approving a natural gas utility's system expansion plan, the Commission may require the natural gas utility to file an annual report with the Commission demonstrating whether the natural gas utility's recovery of eligible system expansion infrastructure costs pursuant to its system expansion plan complies with the requirements of clause (ii). Upon a finding by the Commission that a natural gas utility's system expansion plan does not comply with the requirements of clause (ii), the Commission may direct, by order, the natural gas utility to exclude from deferral any unrecovered costs in excess of costs that may be recovered by a system expansion rider.

C. The Commission shall act on a natural gas utility's initial application for a system expansion plan within 180 days. Within that time period, the Commission shall approve, deny, or modify the plan as required by the public interest. A plan filed pursuant to this section shall not require the filing of rate schedules typically filed in conjunction with a rate case using the cost-of-service methodology set forth in § 56-235.2 or a performance-based rate regulation plan authorized by § 56-235.6. The Commission shall act on a natural gas utility's application to amend a previously approved plan within 120 days. Within that time period, the Commission shall approve, deny, or modify the amended plan as required by the public interest. If the Commission denies such a plan or amendment or any part thereof, it shall set forth with specificity the reasons for such denial, and the utility shall have the right to refile, without prejudice, an amended plan or amendment within 60 days, and the Commission shall thereafter have 90 days to approve or deny the amended plan or amendment. The time period for Commission review provided for in this subsection shall not apply if the system expansion plan is filed in conjunction with a rate case using the cost-of-service methodology set forth in § 56-235.2 or a performance-based rate regulation plan authorized by § 56-235.6.

D. Any system expansion plan and any system expansion rider that is submitted to and approved by the Commission shall allocate and charge costs in accordance with the appropriate cost causation principles in order to avoid any undue cross-subsidization between rate classes.

E. No other revenue requirement or ratemaking issues may be examined in consideration of the application filed pursuant to the provisions of this chapter.

F. Costs recovered pursuant to this chapter shall be in addition to all other costs that the natural gas utility is permitted to recover, shall not be considered an offset to other Commission-approved costs of service or revenue requirements, and shall not be included in any computation relative to a performance-based regulation plan revenue-sharing mechanism.

G. A natural gas utility shall have the opportunity to seek recovery of any costs associated with eligible expansion investment not yet recovered at the end of a system expansion plan in a rate case using the cost-of-service methodology set forth in § 56-235.2 or performance-based regulation plan authorized by § 56-235.6. Such recovery shall be subject to Commission approval based upon a determination that the benefits provided by affected customers added under the system expansion plan or plans equal or exceed the impact of recovering such costs from existing customers of the natural gas utility.

H. The provisions of this chapter shall not preclude the filing of other plans or tariff provisions related to extending natural gas infrastructure.

I. The provisions of this chapter shall not apply to interstate pipeline companies regulated by the Federal Energy Regulatory Commission.

#### **§ 56-612. Deferral of eligible system expansion infrastructure costs.**

A. A natural gas utility shall account for the difference between actual monthly eligible system expansion infrastructure costs incurred on the cumulative investment in eligible system expansion infrastructure and revenue collected through a system expansion rider as a deferred cost. Such deferred costs shall be accounted for as a regulatory asset and shall not be subject to write-off or write-down by the Commission in an earnings test filing made pursuant to Commission rules governing utility rate increases and annual informational filings.

B. If a natural gas utility collects all of the deferred eligible system expansion infrastructure costs, as well as all eligible expansion investment, through a system expansion rider prior to the expiration of the time period specified in its system expansion plan pursuant to clause (ii) of subsection A of § 56-611, the system expansion rider shall terminate. A natural gas utility may extend the system expansion rider beyond the period it is proposed to be in effect if necessary to recover any uncollected deferral or eligible system expansion infrastructure costs. A natural gas utility shall notify the Commission of any termination or extension of a system expansion rider at least 60 days prior to its termination or extension. Such termination or extension of the system expansion rider shall be subject to Commission approval.

C. Deferral of costs recovered pursuant to this chapter shall have no effect on the recovery of any other cost by the natural gas utility and shall not be included in any computation relative to a performance-based regulation plan revenue-sharing mechanism.

**2. That, in recognition of the importance of environmentally responsible practices when constructing utility infrastructure in the Commonwealth, each construction project that is undertaken pursuant to the provisions of this**

act shall be completed in compliance with the current Annual Standards and Specifications, as amended from time to time, that is filed with the Department of Environmental Quality by the natural gas utility that undertakes the project.

## CHAPTER 29

*An Act to amend and reenact §§ 2.2-4013 and 2.2-4014 of the Code of Virginia, relating to the Administrative Process Act; legislative review of regulations.*

[S 1198]

Approved February 26, 2015

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That §§ 2.2-4013 and 2.2-4014 of the Code of Virginia are amended and reenacted as follows:**

##### **§ 2.2-4013. Executive review of proposed and final regulations; changes with substantial impact.**

A. The Governor shall adopt and publish procedures by executive order for review of all proposed regulations governed by this chapter by June 30 of the year in which the Governor takes office. The procedures shall include (i) review by the Attorney General to ensure statutory authority for the proposed regulations; and (ii) examination by the Governor to determine if the proposed regulations are (a) necessary to protect the public health, safety and welfare and (b) clearly written and easily understandable. The procedures may also include review of the proposed regulation by the appropriate Cabinet Secretary.

The Governor shall transmit his comments, if any, on a proposed regulation to the Registrar and the agency no later than fifteen days following the completion of the public comment period provided for in § 2.2-4007.03. The Governor may recommend amendments or modifications to any regulation that would bring that regulation into conformity with statutory authority or state or federal laws, regulations or judicial decisions.

Not less than fifteen days following the completion of the public comment period provided for in § 2.2-4007.03, the agency may (i) adopt the proposed regulation if the Governor has no objection to the regulation; (ii) modify and adopt the proposed regulation after considering and incorporating the Governor's objections or suggestions, if any; or (iii) adopt the regulation without changes despite the Governor's recommendations for change.

B. Upon final adoption of the regulation, the agency shall forward a copy of the regulation to the Registrar of Regulations for publication as soon as practicable in the Register. All changes to the proposed regulation shall be highlighted in the final regulation, and substantial changes to the proposed regulation shall be explained in the final regulation.

C. If the Governor finds that one or more changes with substantial impact have been made to the proposed regulation, he may require the agency to provide an additional thirty days to solicit additional public comment on the changes by transmitting notice of the additional public comment period to the agency and to the Registrar within the ~~thirty-day~~ 30-day final adoption period described in subsection D, and publishing the notice in the Register. The additional public comment period required by the Governor shall begin upon publication of the notice in the Register.

D. A ~~thirty-day~~ 30-day final adoption period for regulations shall commence upon the publication of the final regulation in the Register. The Governor may review the final regulation during this ~~thirty-day~~ 30-day final adoption period and if he objects to any portion or all of a regulation, the Governor may file a formal objection to the regulation, suspend the effective date of the regulation in accordance with subsection B of § 2.2-4014, or both.

If the Governor files a formal objection to the regulation, he shall forward his objections to the Registrar and agency prior to the conclusion of the ~~thirty-day~~ 30-day final adoption period. The Governor shall be deemed to have acquiesced to a promulgated regulation if he fails to object to it or if he fails to suspend the effective date of the regulation in accordance with subsection B of § 2.2-4014 during the ~~thirty-day~~ final adoption period. The Governor's objection, or the suspension of the regulation, or both if applicable, shall be published in the Register.

A regulation shall become effective as provided in § 2.2-4015.

E. This section shall not apply to the issuance by the State Air Pollution Control Board of variances to its regulations.

##### **§ 2.2-4014. Legislative review of proposed and final regulations.**

A. After publication of the Register pursuant to § 2.2-4031, the standing committee of each house of the General Assembly to which matters relating to the content of the regulation are most properly referable or the Joint Commission on Administrative Rules may meet and, during the promulgation or final adoption process, file with the Registrar and the promulgating agency an objection to a proposed or final adopted regulation. The Registrar shall publish any such objection received by him as soon as practicable in the Register. Within 21 days after the receipt by the promulgating agency of a legislative objection, that agency shall file a response with the Registrar, the objecting legislative committee or the Joint Commission on Administrative Rules, and the Governor. If a legislative objection is filed within the final adoption period, subdivision A 1 of § 2.2-4015 shall govern.

B. In addition or as an alternative to the provisions of subsection A, the standing committee of both houses of the General Assembly to which matters relating to the content are most properly referable or the Joint Commission on Administrative Rules may suspend the effective date of any portion or all of a final regulation with the Governor's concurrence. The Governor and (i) the applicable standing committee of each house or (ii) the Joint Commission on Administrative Rules may direct, through a statement signed by a majority of their respective members and by the

Governor, that the effective date of a portion or all of the final regulation is suspended and shall not take effect until the end of the next regular legislative session. This statement shall be transmitted to the promulgating agency and the Registrar within the 30-day *final* adoption period, *or if a later effective date is specified by the agency the statement may be transmitted at any time prior to the specified later effective date*, and shall be published in the Register.

If a bill is passed at the next regular legislative session to nullify a portion but not all of the regulation, then the promulgating agency (i) may promulgate the regulation under the provision of subdivision A 4 a of § 2.2-4006, if it makes no changes to the regulation other than those required by statutory law or (ii) shall follow the provisions of §§ 2.2-4007.01 through 2.2-4007.06, if it wishes to also make discretionary changes to the regulation. If a bill to nullify all or a portion of the suspended regulation, or to modify the statutory authority for the regulation, is not passed at the next regular legislative session, then the suspended regulation shall become effective at the conclusion of the session, unless the suspended regulation is withdrawn by the agency.

C. A regulation shall become effective as provided in § 2.2-4015.

D. This section shall not apply to the issuance by the State Air Pollution Control Board of variances to its regulations.

## CHAPTER 30

*An Act to amend and reenact § 33.2-348 of the Code of Virginia, relating to urban system construction projects; placing aboveground utilities below ground.*

[S 1208]

Approved February 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 33.2-348 of the Code of Virginia is amended and reenacted as follows:**

**§ 33.2-348. Matching highway funds; funding of urban system construction projects.**

A. For the purposes of this section, "construction or improvement" means the supervising, inspecting, actual building, and all expenses incidental to the construction or reconstruction of a highway, including locating, surveying, design and mapping, costs of rights-of-way, signs, signals and markings, elimination of hazards of railroad grade crossings, and expenses incidental to the relocation of any utility or its facilities owned by a municipality or by a public utility district or public utility authority.

B. In any case in which an act of Congress requires that federal-aid highway funds made available for the construction or improvement of federal or state highways be matched, the Board shall contribute such matching funds. However, in the case of municipalities with a population of 3,500 or more eligible for an allocation of construction funds for urban highways under § 33.2-362 and the Town of Wise, the Town of Lebanon, and the Town of Altavista, the Board may contribute toward the cost of construction of any federal-aid highway or street project 98 percent of the necessary funds, including the federal portion, if the municipality contributes the other two percent, and provided further that within such municipalities the Board may contribute all the required funds on highways in the Interstate System.

In the case of municipalities with a population of 3,500 or more eligible for an allocation of construction funds for urban highways under § 33.2-362 and the Town of Wise, the Town of Lebanon, and the Town of Altavista, the Board may contribute toward the costs of construction or improvement of any highway or street project for which no federal-aid highway funds are made available 98 percent of the necessary funds if the municipality contributes the other two percent.

For purposes of matching highway funds, such contributions shall continue to apply to such municipality regardless of any subsequent change in population and shall cease to apply only when so specifically provided by an act of the General Assembly. All actions taken prior to July 1, 2001, by municipalities meeting the criteria of the foregoing provisions of this section are hereby confirmed.

C. In the case of municipalities with a population of less than 3,500 that on June 30, 1985, maintained certain streets under former § 33.1-80 as then in effect, the Board shall contribute toward the costs of construction or improvement of any highway or street project 100 percent of the necessary funds. The contribution authorized by this subsection shall be in addition to any other contribution, and projects established in reference to municipalities with a population of less than 3,500 shall not in any way be interpreted to change any other formula or manner for the distribution of funds to such municipalities for construction, improvement, or maintenance of highways or streets. The Board may accept from a municipality, for right-of-way purposes, contributions of real estate to be credited, at fair market value, against the matching obligation of such municipality under the provisions of this section.

D. If any municipality requesting a Board contribution subsequently decides to cancel the construction or improvement after the Board has initiated the project at the request of the municipality, the municipality shall reimburse the Board the net amount of all funds expended by the Board for planning, engineering, right-of-way acquisition, demolition, relocation, and construction between the date of initiation by the municipality and the date of cancellation. The Board has the authority to waive all or any portions of the reimbursement at its discretion.

E. For purposes of this section, on any construction or improvement project in the Cities of Chesapeake, Hampton, Newport News, *Norfolk*, or Richmond and funded in accordance with subdivision C 2 of § 33.2-358, the additional cost of placing aboveground utilities below ground may be paid from funds allocated for that project. The maximum cost due to this

action shall not exceed \$5 million. Nothing contained in this section shall relieve utility owners of their responsibilities and costs associated with the relocation of their facilities when required to accommodate a construction or improvement project.

### CHAPTER 31

[S 1220]

Approved February 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 46.2-816 of the Code of Virginia is amended and reenacted as follows:**

**§ 46.2-816. Following too closely.**

The driver of a motor vehicle shall not follow another ~~motor~~ vehicle, trailer, or semitrailer more closely than is reasonable and prudent, having due regard to the speed of both vehicles and the traffic on, and conditions of, the highway at the time.

### CHAPTER 32

*An Act to amend and reenact §§ 38.2-3418.16 and 54.1-3303 of the Code of Virginia, relating to the provision of health care services through telemedicine services.*

[S 1227]

Approved February 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 38.2-3418.16 and 54.1-3303 of the Code of Virginia are amended and reenacted as follows:**

**§ 38.2-3418.16. Coverage for telemedicine services.**

A. Notwithstanding the provisions of § 38.2-3419, each insurer proposing to issue individual or group accident and sickness insurance policies providing hospital, medical and surgical, or major medical coverage on an expense-incurred basis; each corporation providing individual or group accident and sickness subscription contracts; and each health maintenance organization providing a health care plan for health care services shall provide coverage for the cost of such health care services provided through telemedicine services, as provided in this section.

B. As used in this section, "telemedicine services," as it pertains to the delivery of health care services, means the use of *electronic technology or media, including interactive audio; or video, or other electronic media used for the purpose of diagnosis, consultation, diagnosing or treatment treating a patient or consulting with other health care providers regarding a patient's diagnosis or treatment.* "Telemedicine services" ~~do~~ does not include an audio-only telephone, electronic mail message, ~~or~~ facsimile transmission, or online questionnaire.

C. An insurer, corporation, or health maintenance organization shall not exclude a service for coverage solely because the service is provided through telemedicine services and is not provided through face-to-face consultation or contact between a health care provider and a patient for services appropriately provided through telemedicine services.

D. An insurer, corporation, or health maintenance organization shall not be required to reimburse the treating provider or the consulting provider for technical fees or costs for the provision of telemedicine services; however, such insurer, corporation, or health maintenance organization shall reimburse the treating provider or the consulting provider for the diagnosis, consultation, or treatment of the insured delivered through telemedicine services on the same basis that the insurer, corporation, or health maintenance organization is responsible for coverage for the provision of the same service through face-to-face consultation or contact.

E. Nothing shall preclude the insurer, corporation, or health maintenance organization from undertaking utilization review to determine the appropriateness of telemedicine services, provided that such appropriateness is made in the same manner as those determinations are made for the treatment of any other illness, condition, or disorder covered by such policy, contract, or plan. Any such utilization review shall not require pre-authorization of emergent telemedicine services.

F. An insurer, corporation, or health maintenance organization may offer a health plan containing a deductible, copayment, or coinsurance requirement for a health care service provided through telemedicine services, provided that the deductible, copayment, or coinsurance does not exceed the deductible, copayment, or coinsurance applicable if the same services were provided through face-to-face diagnosis, consultation, or treatment.

G. No insurer, corporation, or health maintenance organization shall impose any annual or lifetime dollar maximum on coverage for telemedicine services other than an annual or lifetime dollar maximum that applies in the aggregate to all items and services covered under the policy, or impose upon any person receiving benefits pursuant to this section any copayment, coinsurance, or deductible amounts, or any policy year, calendar year, lifetime, or other durational benefit limitation or maximum for benefits or services, that is not equally imposed upon all terms and services covered under the policy, contract, or plan.

H. The requirements of this section shall apply to all insurance policies, contracts, and plans delivered, issued for delivery, reissued, or extended in the Commonwealth on and after January 1, 2011, or at any time thereafter when any term of the policy, contract, or plan is changed or any premium adjustment is made.

I. This section shall not apply to short-term travel, accident-only, or limited or specified disease policies or contracts, nor to policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under state or federal governmental plans.

**§ 54.1-3303. Prescriptions to be issued and drugs to be dispensed for medical or therapeutic purposes only.**

A. A prescription for a controlled substance may be issued only by a practitioner of medicine, osteopathy, podiatry, dentistry or veterinary medicine who is authorized to prescribe controlled substances, or by a licensed nurse practitioner pursuant to § 54.1-2957.01, a licensed physician assistant pursuant to § 54.1-2952.1, or a TPA-certified optometrist pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32. The prescription shall be issued for a medicinal or therapeutic purpose and may be issued only to persons or animals with whom the practitioner has a bona fide practitioner-patient relationship.

For purposes of this section, a bona fide practitioner-patient-pharmacist relationship is one in which a practitioner prescribes, and a pharmacist dispenses, controlled substances in good faith to his patient for a medicinal or therapeutic purpose within the course of his professional practice. In addition, a bona fide practitioner-patient relationship means that the practitioner shall (i) ensure that a medical or drug history is obtained; (ii) provide information to the patient about the benefits and risks of the drug being prescribed; (iii) perform or have performed an appropriate examination of the patient, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically; except for medical emergencies, the examination of the patient shall have been performed by the practitioner himself, within the group in which he practices, or by a consulting practitioner prior to issuing a prescription; and (iv) initiate additional interventions and follow-up care, if necessary, especially if a prescribed drug may have serious side effects.

*For the purpose of prescribing a Schedule VI controlled substance to a patient via telemedicine services as defined in § 38.2-3418.16, a prescriber may establish a bona fide practitioner-patient relationship by an examination through face-to-face interactive, two-way, real-time communications services or store-and-forward technologies when all of the following conditions are met: (a) the patient has provided a medical history that is available for review by the prescriber; (b) the prescriber obtains an updated medical history at the time of prescribing; (c) the prescriber makes a diagnosis at the time of prescribing; (d) the prescriber conforms to the standard of care expected of in-person care as appropriate to the patient's age and presenting condition, including when the standard of care requires the use of diagnostic testing and performance of a physical examination, which may be carried out through the use of peripheral devices appropriate to the patient's condition; (e) the prescriber is actively licensed in the Commonwealth and authorized to prescribe; (f) if the patient is a member or enrollee of a health plan or carrier, the prescriber has been credentialed by the health plan or carrier as a participating provider and the diagnosing and prescribing meets the qualifications for reimbursement by the health plan or carrier pursuant to § 38.2-3418.16; and (g) upon request, the prescriber provides patient records in a timely manner in accordance with the provisions of § 32.1-127.1:03 and all other state and federal laws and regulations. Nothing in this paragraph shall permit a prescriber to establish a bona fide practitioner-patient relationship for the purpose of prescribing a Schedule VI controlled substance when the standard of care dictates that an in-person physical examination is necessary for diagnosis. Nothing in this paragraph shall apply to: (1) a prescriber providing on-call coverage per an agreement with another prescriber or his prescriber's professional entity or employer; (2) a prescriber consulting with another prescriber regarding a patient's care; or (3) orders of prescribers for hospital out-patients or in-patients.*

Any practitioner who prescribes any controlled substance with the knowledge that the controlled substance will be used otherwise than medicinally or for therapeutic purposes shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the distribution or possession of controlled substances.

B. In order to determine whether a prescription that appears questionable to the pharmacist results from a bona fide practitioner-patient relationship, the pharmacist shall contact the prescribing practitioner or his agent and verify the identity of the patient and name and quantity of the drug prescribed. The person knowingly filling an invalid prescription shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the sale, distribution or possession of controlled substances.

No prescription shall be filled unless there is a bona fide practitioner-patient-pharmacist relationship. A prescription not issued in the usual course of treatment or for authorized research is not a valid prescription.

C. Notwithstanding any provision of law to the contrary and consistent with recommendations of the Centers for Disease Control and Prevention or the Department of Health, a practitioner may prescribe Schedule VI antibiotics and antiviral agents to other persons in close contact with a diagnosed patient when (i) the practitioner meets all requirements of a bona fide practitioner-patient relationship, as defined in subsection A, with the diagnosed patient; (ii) in the practitioner's professional judgment, the practitioner deems there is urgency to begin treatment to prevent the transmission of a communicable disease; (iii) the practitioner has met all requirements of a bona fide practitioner-patient relationship, as defined in subsection A, for the close contact except for the physical examination required in clause (iii) of subsection A; and (iv) when such emergency treatment is necessary to prevent imminent risk of death, life-threatening illness, or serious disability.

D. A pharmacist may dispense a controlled substance pursuant to a prescription of an out-of-state practitioner of medicine, osteopathy, podiatry, dentistry or veterinary medicine authorized to issue such prescription if the prescription

complies with the requirements of this chapter and ~~Chapter 34~~ *the Drug Control Act* (§ 54.1-3400 et seq.); ~~known as the "Drug Control Act."~~

E. A licensed nurse practitioner who is authorized to prescribe controlled substances pursuant to § 54.1-2957.01 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in ~~Chapter 34~~ *the Drug Control Act* (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

F. A licensed physician assistant who is authorized to prescribe controlled substances pursuant to § 54.1-2952.1 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in ~~Chapter 34~~ *the Drug Control Act* (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

G. A TPA-certified optometrist who is authorized to prescribe controlled substances pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32 may issue prescriptions in good faith or provide manufacturers' professional samples to his patients for medicinal or therapeutic purposes within the scope of his professional practice for the drugs specified on the TPA-Formulary, established pursuant to § 54.1-3223, which shall be limited to (i) oral analgesics included in Schedules III through VI, as defined in §§ 54.1-3450 and 54.1-3455 of the Drug Control Act (§ 54.1-3400 et seq.), which are appropriate to relieve ocular pain, (ii) other oral Schedule VI controlled substances, as defined in § 54.1-3455 of the Drug Control Act, appropriate to treat diseases and abnormal conditions of the human eye and its adnexa, (iii) topically applied Schedule VI drugs, as defined in § 54.1-3455 of the Drug Control Act, and (iv) intramuscular administration of epinephrine for treatment of emergency cases of anaphylactic shock.

H. The requirement for a bona fide practitioner-patient relationship shall be deemed to be satisfied by a member or committee of a hospital's medical staff when approving a standing order or protocol for the administration of influenza vaccinations and pneumococcal vaccinations in a hospital in compliance with § 32.1-126.4.

It shall be unlawful for any person to engage in business in the Commonwealth as a ~~demolisher, rebuilder, salvage dealer~~ *an auto recycler*, salvage pool, or vehicle removal operator without first acquiring a license issued by the Commissioner for each such business at each location. The fee for the first such license issued or renewed under this chapter shall be \$100 per license year or part thereof. The fee for each additional license issued or renewed under this chapter for the same location shall be \$25 per license year or part thereof. However, no fee shall be charged for supplemental locations of a business located within 500 yards of the licensed location.

B. No license shall be issued or renewed for any person unless (i) the licensed business contains at least 600 square feet of enclosed space, (ii) the licensed business is shown to be in compliance with all applicable zoning ordinances, and (iii) the applicant may (a) certify to the Commissioner that the licensed business is permitted under a Virginia Pollutant Discharge Elimination System individual or general permit issued by the State Water Control Board for discharges of storm water associated with industrial activity and provides the permit number(s) from such permit(s) or (b) certify to the Commissioner that the licensed business is otherwise exempt from such permitting requirements. Nothing in this section shall authorize any person to act as a motor vehicle dealer or salesperson without being licensed under Chapter 15 (§ 46.2-1500 et seq.) and meeting all requirements imposed by such chapter.

C. Licenses issued under this section shall be deemed not to have expired if the renewal application and required fees as set forth in subsection A are received by the Commissioner or postmarked not more than 30 days after the expiration date of such license. Whenever the renewal application is received by the Commissioner or postmarked not more than 30 days after the expiration date of such license, the license fees shall be 150 percent of the fees provided for in subsection A.

D. The Commissioner may offer an optional multiyear license for any license set forth in this section. When such option is offered and chosen by the licensee, all fees due at the time of licensing shall be multiplied by the number of years for which the license will be issued.

**§ 46.2-1602. Certain sales prohibited; exceptions.**

A. It shall be unlawful:

1. For any scrap metal processor to sell a vehicle or vehicle components or parts;

2. For any salvage pool to sell *either in person or through any Internet auction* a salvage vehicle stored in the Commonwealth to any person who is not a ~~scrap metal processor or licensed as a salvage dealer, rebuilder, demolisher licensed as an auto recycler~~, motor vehicle dealer, or vehicle removal operator by the Commonwealth or regulated as a similar business under the laws of another state;

3. For any person to sell a nonrepairable vehicle to any person who is not a ~~scrap metal processor or licensed as a salvage dealer, demolisher, licensed as an auto recycler~~ or vehicle removal operator by the Commonwealth or regulated as a similar business under the laws of another state; or

4. For any person to sell a rebuilt vehicle without first having disclosed the fact that the vehicle is a rebuilt vehicle to the buyer in writing on a form prescribed by the Commissioner.

B. Notwithstanding the provisions of subsection A of this section, it shall not be unlawful:

1. For a salvage dealer to sell vehicle components or parts to unlicensed persons; or

2. For an individual to dispose of a salvage vehicle acquired or retained for his own use when it has been acquired or retained and used in good faith and not for the purpose of avoiding the provisions of this chapter.

**§ 46.2-1603.2. Owner may declare vehicle nonrepairable; insurance company required to obtain a nonrepairable certificate; applicability of certain other laws to nonrepairable certificates; titling and registration of nonrepairable vehicle prohibited.**

A. The owner of any vehicle titled in the Commonwealth may declare such vehicle to be a nonrepairable vehicle by applying to the Department for a nonrepairable certificate.

B. Every insurance company or its authorized agent shall apply to the Department and obtain a nonrepairable certificate for each vehicle acquired by the insurance company as a result of the claims process if such vehicle is titled in the Commonwealth and is (i) a late model nonrepairable vehicle or (ii) a stolen vehicle that has been recovered and determined to be a nonrepairable vehicle. The application shall be accompanied by the vehicle's title certificate or salvage certificate ~~and shall contain a description of the damage to the nonrepairable vehicle~~. Application for the nonrepairable certificate shall be made within ~~fifteen~~ 15 days after payment has been made to the owner, lienholder, or both.

C. Every insurance company or its authorized agent shall notify the Department of each late model vehicle titled in the Commonwealth upon which a claim has been paid if such vehicle is a nonrepairable vehicle that is retained by its owner.

D. The Department, upon receipt of an application for a nonrepairable certificate for a vehicle titled in the Commonwealth, or upon receipt of notification from an insurance company or its authorized agent as provided in subsection C of this section that a vehicle registered in the Commonwealth has become a nonrepairable vehicle, shall cause the title of such vehicle to be cancelled and a nonrepairable certificate issued to the vehicle's owner.

There shall be no fee for the issuance of a nonrepairable certificate. All provisions of this Code applicable to a motor vehicle certificate of title shall apply, mutatis mutandis, to a nonrepairable certificate, except that no registration or license plates shall be issued for the vehicle described in a nonrepairable certificate. No vehicle for which a nonrepairable certificate has been issued shall ever be titled or registered for use on the highways in the Commonwealth.

E. The Department, upon receipt of a title, salvage certificate, or other ownership document from a licensed salvage dealer or demolisher pursuant to subdivision A 1 of § 46.2-1603.1, shall cause the title, salvage certificate, or other ownership document to such vehicle to be cancelled and a nonrepairable certificate issued to the vehicle's owner.

**§ 46.2-1605. Vehicles rebuilt for highway use; examinations; branding of titles.**

~~Each salvage vehicle that has been repaired or rebuilt for use on the highways shall be examined by the Department or by a local law enforcement official prior to the issuance of a title for the vehicle. A. Each salvage vehicle that has been rebuilt for use on the highways shall be submitted for a state safety inspection in accordance with § 46.2-1157. The inspection shall be conducted by an inspector wholly unaffiliated with the person requesting the inspection of the vehicle.~~

B. Upon passage of a state safety inspection, each rebuilt vehicle shall be examined by the Department prior to the issuance of a title for the vehicle. The examination by the Department shall include a review of *video or photographic images of the vehicle prior to being rebuilt, if available*; all documentation for the parts and labor used for the repair of the salvage vehicle; and a verification of the vehicle's identification number, confidential number, ~~and~~ odometer reading, and engine, transmission, or electronic modules, if applicable. *This inspection shall serve as an antitheft and antifraud measure and shall not certify the safety or roadworthiness of the vehicle.* The Commissioner shall ensure that, in scheduling and performing examinations of salvage vehicles under this section, single vehicles owned by private owner-operators are afforded no lower priority than examinations of vehicles owned by motor vehicle dealers, ~~salvage dealers, demolishers, rebuilders,~~ salvage pools, *licensed auto recyclers*, or vehicle removal operators. The Commissioner may charge a fee of

\$125 per vehicle, for the examination of ~~repaired and rebuilt vehicles. When the examination is conducted by a local law enforcement official, the Department shall reimburse the local law enforcement department \$75 for its costs in conducting the examination and reporting its findings to the Department.~~

C. Any salvage vehicle whose vehicle identification number or confidential number has been altered, is missing, or appears to have been tampered with may be impounded by the Department ~~or a local law enforcement official~~ until completion of an investigation by the Department. The vehicle may not be moved, sold, or tampered with until the completion of this investigation. Upon completion of an investigation by the Department, if the vehicle identification number is found to be missing or altered, a new vehicle identification number may be issued by the Department. If the vehicle is found to be a stolen vehicle and its owner can be determined, the vehicle shall be returned to him. If the owner cannot be determined or located and the person seeking to title the vehicle has been convicted of a violation of § 46.2-1074 or 46.2-1075, the vehicle shall be deemed forfeited to the Commonwealth and said forfeiture shall proceed in accordance with Chapter 22.1 (§ 19.2-386.1 et seq.) of Title 19.2.

D. If the Department's examination of a ~~repaired or~~ rebuilt salvage vehicle indicates no irregularities, a title and registration may be issued for the vehicle upon application therefor to the Department by the owner of the salvage vehicle. The title issued by the Department and any subsequent title thereafter issued for the ~~repaired or~~ rebuilt vehicle shall be permanently branded to indicate that it is a ~~repaired or~~ rebuilt vehicle. All ~~repaired and~~ rebuilt vehicles shall be subject to all safety equipment requirements provided by law. No title or registration shall be issued by the Department for any *rebuilt vehicle that has not first passed a safety inspection or for any vehicle for which a nonrepairable certificate has ever been issued.*

E. *If the Department's examination of a rebuilt salvage vehicle reveals irregularities in the required documentation or obvious defects, the Department shall identify to the owner the irregularities and defects that must be corrected before the Department's examination can be completed.*

F. *When necessary and upon application, the Department shall issue temporary trip permits in accordance with § 46.2-651 for the purpose of transporting the rebuilt salvage vehicle to and from an official Virginia safety inspection station.*

#### **§ 46.2-1608. Maintenance and contents of records.**

A. Each licensee shall maintain a record of the receipt *and sale* of any vehicle. Such record shall be maintained at the licensee's place of business. The record, at a minimum, shall contain:

1. A description of each vehicle *sold*, purchased, exchanged, or acquired by the licensee, including, but not limited to, the model, make, year of the vehicle as well as the vehicle's title number with state of issuance and vehicle identification number;

2. The price paid for each vehicle;

3. The name and address of the seller from whom each vehicle is purchased, exchanged, or acquired *and the name and address of the buyer to whom the vehicle is sold*;

4. The date and hour the *sale*, purchase, exchange, or acquisition was made;

5. A photocopy of the seller's *and buyer's* driver's license, state identification card, official United States military identification card, or any other form of personal identification with photograph;

6. ~~A digital photograph~~ *For the sale of nonrepairable vehicles, a photocopy of the buyer's business license if the buyer is authorized to purchase a vehicle under § 46.2-1602 or, if the buyer represents a third party authorized to purchase a vehicle under § 46.2-1602, then a photocopy of the third party's business license and documentation that the buyer is authorized to act on behalf of that third party;*

7. ~~Digital photographs~~ *of the seller, along with the buyer, and the vehicle that he is selling or exchanging with the licensee being sold, purchased, exchanged, or acquired through or from the licensee; and*

~~7-8.~~ *The signature of the licensee and, the seller, and the buyer as executed at the time of the sale, purchase, exchange, or acquisition of the vehicle by the licensee.*

B. If any major component, as defined in § 46.2-1600, is sold, the salvage dealer shall provide, upon request of any law-enforcement official, the information required by this section as to the vehicle from which the part was taken.

C. The provisions of subdivisions A ~~5 and A, 6, and 7~~ shall not apply to vehicles when the licensee maintains a photocopy or electronic copy of one of the documents set out in § 46.2-1206 or this chapter.

D. The provisions of this section shall not apply to salvage pools as defined in § 46.2-1600, except that salvage pools shall maintain a record of the receipt of any vehicle that contains (i) the date of receipt of the vehicle; *and its make, year, model, and identification number;* (ii) *the name, and address of the person from whom it was acquired;* (iii) *the name and address of the buyer as well as (a) a photocopy of the buyer's driver's license, state identification card, official United States military identification card, or any other form of personal identification with photograph and (b) a photocopy of the buyer's business license or, if the buyer represents a third party authorized to purchase the vehicle under § 46.2-1602, then a photocopy of the third party's business license and documentation that the buyer is authorized to act on behalf of the third party; and (iv) the vehicle's title number; and state of issuance.*

**§ 46.2-1608.2. Licensees to update records of the Department for motor vehicles that are to be demolished or dismantled.**

A. A ~~licensee or scrap metal processor~~ *licensed auto recycler* may be exempted from the waiting period in subsection B of § 46.2-1608.1 by:

1. Entering into a contractual agreement with the Department to update records of motor vehicles to be demolished or dismantled if such motor vehicles have either been issued a certificate of title, salvage certificate, or nonrepairable certificate in the Commonwealth or are titled in a ~~foreign jurisdiction~~ *another state*. In addition to the contractual agreement, the ~~licensee or scrap metal processor~~ *licensed auto recycler* shall be required to comply with the Department's procedures for securely accessing and updating the Department's records; and

2. Notifying the Department that a motor vehicle is being demolished or dismantled or of the intention to demolish, dismantle, or reduce the motor vehicle to a state where it can no longer be considered a motor vehicle. ~~Licensees or scrap metal processors~~ *Licensed auto recyclers* shall electronically notify the Department of the demolished or dismantled vehicle's certificate of title, salvage certificate, or nonrepairable certificate number and vehicle identification number.

B. ~~Licensees or scrap metal processors~~ *Licensed auto recyclers* in possession of the certificate of title, salvage certificate, or nonrepairable certificate from the Commonwealth may demolish or dismantle the subject motor vehicle. ~~Licensees or scrap metal processors~~ *Licensed auto recyclers* shall electronically notify the Department of the demolished or dismantled vehicle's certificate of title, salvage certificate, or nonrepairable certificate number and vehicle identification number within required time frames pursuant to subsection D of § 46.2-1603.1.

C. ~~Licensees or scrap metal processors~~ *Licensed auto recyclers* in possession of a certificate of title issued by a ~~foreign jurisdiction~~ *another state* may demolish or dismantle the subject motor vehicle. ~~Licensees or scrap metal processors~~ *Licensed auto recyclers* shall electronically notify the Department of the demolished or dismantled vehicle's certificate of title number, vehicle identification number, year, make, and model within required time frames pursuant to subsection D of § 46.2-1603.1.

D. ~~Licensees or scrap metal processors~~ *Licensed auto recyclers* that do not possess a certificate of title, salvage certificate, or nonrepairable certificate may demolish the subject motor vehicle if the motor vehicle is a model year that is at least 10 years older than the current model year. The ~~licensee or scrap metal processor~~ *licensed auto recycler* shall provide electronically to the Department the vehicle identification number and the year, make, and model of the motor vehicle and shall remit to the Department the fees set out in § 46.2-627 and an additional \$10 transaction fee. Upon receipt of such notification, the Department shall check the records of nationally recognized databases. The ~~licensee or scrap metal processor~~ *licensed auto recycler* may not demolish or dismantle the vehicle until the Department has notified the ~~licensee or scrap metal processor~~ *licensed auto recycler* of the results of that inquiry. If a ~~licensee or scrap metal processor~~ *licensed auto recycler* is not in possession of the certificate of title, salvage certificate, or nonrepairable certificate and the subject motor vehicle is of the current model year or of a model year that is nine years old or less, that vehicle shall be processed in accordance with § 46.2-1202.

E. Nothing in this section shall release a ~~licensee or scrap metal processor~~ *licensed auto recycler* from complying with the provisions of §§ 46.2-1603.1, 46.2-1608, and 46.2-1608.1.

### CHAPTER 37

*An Act to amend and reenact § 56-585.1 of the Code of Virginia, relating to electric utility ratemaking; rate adjustment clause for distribution reliability and system security.*

[S 1334]

Approved February 26, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 56-585.1 of the Code of Virginia is amended and reenacted as follows:**

**§ 56-585.1. Generation, distribution, and transmission rates after capped rates terminate or expire.**

A. During the first six months of 2009, the Commission shall, after notice and opportunity for hearing, initiate proceedings to review the rates, terms and conditions for the provision of generation, distribution and transmission services of each investor-owned incumbent electric utility. Such proceedings shall be governed by the provisions of Chapter 10 (§ 56-232 et seq.), except as modified herein. In such proceedings the Commission shall determine fair rates of return on common equity applicable to the generation and distribution services of the utility. In so doing, the Commission may use any methodology to determine such return it finds consistent with the public interest, but such return shall not be set lower than the average of the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected by the Commission as specified in subdivision 2 b, of other investor-owned electric utilities in the peer group of the utility, nor shall the Commission set such return more than 300 basis points higher than such average. The peer group of the utility shall be determined in the manner prescribed in subdivision 2 b. The Commission may increase or decrease such combined rate of return by up to 100 basis points based on the generating plant performance, customer service, and operating efficiency of a utility, as compared to nationally recognized standards determined by the Commission to be appropriate for such purposes. In such a proceeding, the Commission shall determine the rates that the utility may charge until such rates are adjusted. If the

Commission finds that the utility's combined rate of return on common equity is more than 50 basis points below the combined rate of return as so determined, it shall be authorized to order increases to the utility's rates necessary to provide the opportunity to fully recover the costs of providing the utility's services and to earn not less than such combined rate of return. If the Commission finds that the utility's combined rate of return on common equity is more than 50 basis points above the combined rate of return as so determined, it shall be authorized either (i) to order reductions to the utility's rates it finds appropriate, provided that the Commission may not order such rate reduction unless it finds that the resulting rates will provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than the fair rates of return on common equity applicable to the generation and distribution services; or (ii) to direct that 60 percent of the amount of the utility's earnings that were more than 50 basis points above the fair combined rate of return for calendar year 2008 be credited to customers' bills, in which event such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order and be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates. Commencing in 2011, the Commission, after notice and opportunity for hearing, shall conduct biennial reviews of the rates, terms and conditions for the provision of generation, distribution and transmission services by each investor-owned incumbent electric utility, subject to the following provisions:

1. Rates, terms and conditions for each service shall be reviewed separately on an unbundled basis, and such reviews shall be conducted in a single, combined proceeding. The first such review shall utilize the two successive 12-month test periods ending December 31, 2010. However, the Commission may, in its discretion, elect to stagger its biennial reviews of utilities by utilizing the two successive 12-month test periods ending December 31, 2010, for a Phase I Utility, and utilizing the two successive 12-month test periods ending December 31, 2011, for a Phase II Utility, with subsequent proceedings utilizing the two successive 12-month test periods ending December 31 immediately preceding the year in which such proceeding is conducted. For purposes of this section, a Phase I Utility is an investor-owned incumbent electric utility that was, as of July 1, 1999, not bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002, and a Phase II Utility is an investor-owned incumbent electric utility that was bound by such a settlement.

2. Subject to the provisions of subdivision 6, fair rates of return on common equity applicable separately to the generation and distribution services of such utility, and for the two such services combined, shall be determined by the Commission during each such biennial review, as follows:

a. The Commission may use any methodology to determine such return it finds consistent with the public interest, but such return shall not be set lower than the average of the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected by the Commission as specified in subdivision 2 b, of other investor-owned electric utilities in the peer group of the utility subject to such biennial review, nor shall the Commission set such return more than 300 basis points higher than such average.

b. In selecting such majority of peer group investor-owned electric utilities, the Commission shall first remove from such group the two utilities within such group that have the lowest reported returns of the group, as well as the two utilities within such group that have the highest reported returns of the group, and the Commission shall then select a majority of the utilities remaining in such peer group. In its final order regarding such biennial review, the Commission shall identify the utilities in such peer group it selected for the calculation of such limitation. For purposes of this subdivision, an investor-owned electric utility shall be deemed part of such peer group if (i) its principal operations are conducted in the southeastern United States east of the Mississippi River in either the states of West Virginia or Kentucky or in those states south of Virginia, excluding the state of Tennessee, (ii) it is a vertically-integrated electric utility providing generation, transmission and distribution services whose facilities and operations are subject to state public utility regulation in the state where its principal operations are conducted, (iii) it had a long-term bond rating assigned by Moody's Investors Service of at least Baa at the end of the most recent test period subject to such biennial review, and (iv) it is not an affiliate of the utility subject to such biennial review.

c. The Commission may, consistent with its precedent for incumbent electric utilities prior to the enactment of Chapters 888 and 933 of the Acts of Assembly of 2007, increase or decrease the utility's combined rate of return based on the Commission's consideration of the utility's performance.

d. In any Current Proceeding, the Commission shall determine whether the Current Return has increased, on a percentage basis, above the Initial Return by more than the increase, expressed as a percentage, in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, since the date on which the Commission determined the Initial Return. If so, the Commission may conduct an additional analysis of whether it is in the public interest to utilize such Current Return for the Current Proceeding then pending. A finding of whether the Current Return justifies such additional analysis shall be made without regard to any enhanced rate of return on common equity awarded pursuant to the provisions of subdivision 6. Such additional analysis shall include, but not be limited to, a consideration of overall economic conditions, the level of interest rates and cost of capital with respect to business and industry, in general, as well as electric utilities, the current level of inflation and the utility's cost of goods and services, the effect on the utility's ability to provide adequate service and to attract capital if less than the Current Return were utilized for the Current Proceeding then pending, and such other factors

as the Commission may deem relevant. If, as a result of such analysis, the Commission finds that use of the Current Return for the Current Proceeding then pending would not be in the public interest, then the lower limit imposed by subdivision 2 a on the return to be determined by the Commission for such utility shall be calculated, for that Current Proceeding only, by increasing the Initial Return by a percentage at least equal to the increase, expressed as a percentage, in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, since the date on which the Commission determined the Initial Return. For purposes of this subdivision:

"Current Proceeding" means any proceeding conducted under any provisions of this subsection that require or authorize the Commission to determine a fair combined rate of return on common equity for a utility and that will be concluded after the date on which the Commission determined the Initial Return for such utility.

"Current Return" means the minimum fair combined rate of return on common equity required for any Current Proceeding by the limitation regarding a utility's peer group specified in subdivision 2 a.

"Initial Return" means the fair combined rate of return on common equity determined for such utility by the Commission on the first occasion after July 1, 2009, under any provision of this subsection pursuant to the provisions of subdivision 2 a.

e. In addition to other considerations, in setting the return on equity within the range allowed by this section, the Commission shall strive to maintain costs of retail electric energy that are cost competitive with costs of retail electric energy provided by the other peer group investor-owned electric utilities.

f. The determination of such returns shall be made by the Commission on a stand-alone basis, and specifically without regard to any return on common equity or other matters determined with regard to facilities described in subdivision 6.

g. If the combined rate of return on common equity earned by the generation and distribution services is no more than 50 basis points above or below the return as so determined or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, such return is no more than 70 basis points above or below the return as so determined, such combined return shall not be considered either excessive or insufficient, respectively. However, for any test period commencing after December 31, 2012, for a Phase II Utility, and after December 31, 2013, for a Phase I Utility, if the utility has, during the test period or periods under review, earned below the return as so determined, whether or not such combined return is within 70 basis points of the return as so determined, the utility may petition the Commission for approval of an increase in rates in accordance with the provisions of subdivision 8 a as if it had earned more than 70 basis points below a fair combined rate of return, and such proceeding shall otherwise be conducted in accordance with the provisions of this section.

h. Any amount of a utility's earnings directed by the Commission to be credited to customers' bills pursuant to this section shall not be considered for the purpose of determining the utility's earnings in any subsequent biennial review.

3. Each such utility shall make a biennial filing by March 31 of every other year, beginning in 2011, consisting of the schedules contained in the Commission's rules governing utility rate increase applications; however, if the Commission elects to stagger the dates of the biennial reviews of utilities as provided in subdivision 1, then *each* Phase I ~~utilities~~ *Utility* shall commence biennial filings in 2011 and *each* Phase II ~~utilities~~ *Utility* shall commence biennial filings in 2012. Such filing shall encompass the two successive 12-month test periods ending December 31 immediately preceding the year in which such proceeding is conducted, and in every such case the filing for each year shall be identified separately and shall be segregated from any other year encompassed by the filing. If the Commission determines that rates should be revised or credits be applied to customers' bills pursuant to subdivision 8 or 9, any rate adjustment clauses previously implemented pursuant to subdivision 5 or those related to facilities utilizing simple-cycle combustion turbines described in subdivision 6, shall be combined with the utility's costs, revenues and investments until the amounts that are the subject of such rate adjustment clauses are fully recovered. The Commission shall combine such clauses with the utility's costs, revenues and investments only after it makes its initial determination with regard to necessary rate revisions or credits to customers' bills, and the amounts thereof, but after such clauses are combined as herein specified, they shall thereafter be considered part of the utility's costs, revenues, and investments for the purposes of future biennial review proceedings. A Phase I ~~utility~~ *Utility* shall delay for one year the filing of its biennial review from March 31, 2013, to March 31, 2014, and shall not defer on its books for future recovery any costs incurred during calendar year 2011, other than as provided in subdivision 7 or § 56-249.6, and its subsequent biennial filing shall be made by March 31, 2016, and every two years thereafter.

4. The following costs incurred by the utility shall be deemed reasonable and prudent: (i) costs for transmission services provided to the utility by the regional transmission entity of which the utility is a member, as determined under applicable rates, terms and conditions approved by the Federal Energy Regulatory Commission, and (ii) costs charged to the utility that are associated with demand response programs approved by the Federal Energy Regulatory Commission and administered by the regional transmission entity of which the utility is a member. Upon petition of a utility at any time after the expiration or termination of capped rates, but not more than once in any 12-month period, the Commission shall approve a rate adjustment clause under which such costs, including, without limitation, costs for transmission service, charges for new and existing transmission facilities, administrative charges, and ancillary service charges designed to recover transmission costs, shall be recovered on a timely and current basis from customers. Retail rates to recover these costs shall be designed using the appropriate billing determinants in the retail rate schedules.

5. A utility may at any time, after the expiration or termination of capped rates, but not more than once in any 12-month period, petition the Commission for approval of one or more rate adjustment clauses for the timely and current recovery from customers of the following costs:

a. Incremental costs described in clause (vi) of subsection B of § 56-582 incurred between July 1, 2004, and the expiration or termination of capped rates, if such utility is, as of July 1, 2007, deferring such costs consistent with an order of the Commission entered under clause (vi) of subsection B of § 56-582. The Commission shall approve such a petition allowing the recovery of such costs that comply with the requirements of clause (vi) of subsection B of § 56-582;

b. Projected and actual costs for the utility to design and operate fair and effective peak-shaving programs. The Commission shall approve such a petition if it finds that the program is in the public interest; provided that the Commission shall allow the recovery of such costs as it finds are reasonable;

c. Projected and actual costs for the utility to design, implement, and operate energy efficiency programs, including a margin to be recovered on operating expenses, which margin for the purposes of this section shall be equal to the general rate of return on common equity determined as described in subdivision 2. The Commission shall only approve such a petition if it finds that the program is in the public interest. As part of such cost recovery, the Commission, if requested by the utility, shall allow for the recovery of revenue reductions related to energy efficiency programs. The Commission shall only allow such recovery to the extent that the Commission determines such revenue has not been recovered through margins from incremental off-system sales as defined in § 56-249.6 that are directly attributable to energy efficiency programs.

None of the costs of new energy efficiency programs of an electric utility, including recovery of revenue reductions, shall be assigned to any customer that has a verifiable history of having used more than 10 megawatts of demand from a single meter of delivery. Nor shall any of the costs of new energy efficiency programs of an electric utility, including recovery of revenue reductions, be incurred by any large general service customer as defined herein that has notified the utility of non-participation in such energy efficiency program or programs. A large general service customer is a customer that has a verifiable history of having used more than 500 kilowatts of demand from a single meter of delivery. Non-participation in energy efficiency programs shall be allowed by the Commission if the large general service customer has, at the customer's own expense, implemented energy efficiency programs that have produced or will produce measured and verified results consistent with industry standards and other regulatory criteria stated in this section. The Commission shall, no later than November 15, 2009, promulgate rules and regulations to accommodate the process under which such large general service customers shall file notice for such an exemption and (i) establish the administrative procedures by which eligible customers will notify the utility and (ii) define the standard criteria that must be satisfied by an applicant in order to notify the utility. In promulgating such rules and regulations, the Commission may also specify the timing as to when a utility shall accept and act on such notice, taking into consideration the utility's integrated resource planning process as well as its administration of energy efficiency programs that are approved for cost recovery by the Commission. The notice of non-participation by a large general service customer, to be given by March 1 of a given year, shall be for the duration of the service life of the customer's energy efficiency program. The Commission on its own motion may initiate steps necessary to verify such non-participants' achievement of energy efficiency if the Commission has a body of evidence that the non-participant has knowingly misrepresented its energy efficiency achievement. A utility shall not charge such large general service customer, as defined by the Commission, for the costs of installing energy efficiency equipment beyond what is required to provide electric service and meter such service on the customer's premises if the customer provides, at the customer's expense, equivalent energy efficiency equipment. In all relevant proceedings pursuant to this section, the Commission shall take into consideration the goals of economic development, energy efficiency and environmental protection in the Commonwealth;

d. Projected and actual costs of participation in a renewable energy portfolio standard program pursuant to § 56-585.2 that are not recoverable under subdivision 6. The Commission shall approve such a petition allowing the recovery of such costs as are provided for in a program approved pursuant to § 56-585.2; ~~and~~

e. Projected and actual costs of projects that the Commission finds to be necessary to comply with state or federal environmental laws or regulations applicable to generation facilities used to serve the utility's native load obligations. The Commission shall approve such a petition if it finds that such costs are necessary to comply with such environmental laws or regulations; *and*

*f. Projected and actual costs, not currently in rates, for the utility to design, implement, and operate programs approved by the Commission that accelerate the vegetation management of distribution rights-of-way. No costs shall be allocated to or recovered from customers that are served within the large general service rate classes for a Phase II Utility or that are served at subtransmission or transmission voltage, or take delivery at a substation served from subtransmission or transmission voltage, for a Phase I Utility.*

The Commission shall have the authority to determine the duration or amortization period for any adjustment clause approved under this subdivision.

6. To ensure the generation and delivery of a reliable and adequate supply of electricity, to meet the utility's projected native load obligations and to promote economic development, a utility may at any time, after the expiration or termination of capped rates, petition the Commission for approval of a rate adjustment clause for recovery on a timely and current basis from customers of the costs of (i) a coal-fueled generation facility that utilizes Virginia coal and is located in the coalfield region of the Commonwealth, as described in § 15.2-6002, regardless of whether such facility is located within or without

the utility's service territory, (ii) one or more other generation facilities, (iii) one or more major unit modifications of generation facilities, or (iv) one or more new underground facilities to replace one or more existing overhead distribution facilities of 69 kilovolts or less located within the Commonwealth; however, subject to the provisions of the following sentence, the utility shall not file a petition under clause (iv) more often than annually and, in such petition, shall not seek any annual incremental increase in the level of investments associated with such a petition that exceeds five percent of such utility's distribution rate base, as such rate base was determined for the most recently ended 12-month test period in the utility's latest biennial review proceeding conducted pursuant to subdivision 3 and concluded by final order of the Commission prior to the date of filing of such petition under clause (iv). In all proceedings regarding petitions filed under clause (iv), the level of investments approved for recovery in such proceedings shall be in addition to, and not in lieu of, levels of investments previously approved for recovery in prior proceedings under clause (iv). Such a petition concerning facilities described in clause (ii) that utilize nuclear power, facilities described in clause (ii) that are coal-fueled and will be built by a Phase I ~~utility~~ *Utility*, or facilities described in clause (i) may also be filed before the expiration or termination of capped rates. A utility that constructs any such facility shall have the right to recover the costs of the facility, as accrued against income, through its rates, including projected construction work in progress, and any associated allowance for funds used during construction, planning, development and construction costs, life-cycle costs, costs related to assessing the feasibility of potential sites for new underground facilities, and costs of infrastructure associated therewith, plus, as an incentive to undertake such projects, an enhanced rate of return on common equity calculated as specified below; however, in determining the amounts recoverable under a rate adjustment clause for new underground facilities, the Commission shall not consider, or increase or reduce such amounts recoverable because of (a) the operation and maintenance costs attributable to either the overhead distribution facilities being replaced or the new underground facilities or (b) any other costs attributable to the overhead distribution facilities being replaced. Notwithstanding the preceding sentence, the costs described in clauses (a) and (b) thereof shall remain eligible for recovery from customers through the utility's base rates for distribution service. A utility seeking approval to construct a generating facility shall demonstrate that it has considered and weighed alternative options, including third-party market alternatives, in its selection process. The costs of the facility, other than return on projected construction work in progress and allowance for funds used during construction, shall not be recovered prior to the date a facility described in clause (i), (ii), or (iii) begins commercial operation or new underground facilities are classified by the utility as plant in service. Such enhanced rate of return on common equity shall be applied to allowance for funds used during construction and to construction work in progress during the construction phase of the facility and shall thereafter be applied to the entire facility during the first portion of the service life of the facility. The first portion of the service life shall be as specified in the table below; however, the Commission shall determine the duration of the first portion of the service life of any facility, within the range specified in the table below, which determination shall be consistent with the public interest and shall reflect the Commission's determinations regarding how critical the facility may be in meeting the energy needs of the citizens of the Commonwealth and the risks involved in the development of the facility. After the first portion of the service life of the facility is concluded, the utility's general rate of return shall be applied to such facility for the remainder of its service life. As used herein, the service life of the facility shall be deemed to begin on the date a facility described in clause (i), (ii), or (iii) begins commercial operation or new underground facilities are classified by the utility as plant in service, and such service life shall be deemed equal in years to the life of that facility as used to calculate the utility's depreciation expense. Such enhanced rate of return on common equity shall be calculated by adding the basis points specified in the table below to the utility's general rate of return, and such enhanced rate of return shall apply only to the facility that is the subject of such rate adjustment clause. Allowance for funds used during construction shall be calculated for any such facility utilizing the utility's actual capital structure and overall cost of capital, including an enhanced rate of return on common equity as determined pursuant to this subdivision, until such construction work in progress is included in rates. The construction of any facility described in clause (i) is in the public interest, and in determining whether to approve such facility, the Commission shall liberally construe the provisions of this title. In determining whether to approve petitions for rate adjustment clauses for new underground facilities, and in determining the level of costs to be recovered thereunder, the Commission shall liberally construe the provisions of this title and shall give due consideration to the public policy goals of increased electric service reliability and reduced outage times associated with the replacement of existing overhead distribution facilities with new underground facilities. The basis points to be added to the utility's general rate of return to calculate the enhanced rate of return on common equity, and the first portion of that facility's service life to which such enhanced rate of return shall be applied, shall vary by type of facility, as specified in the following table:

Type of Generation Facility	Basis Points	First Portion of Service Life
Nuclear-powered	200	Between 12 and 25 years
Carbon capture compatible, clean-coal powered	200	Between 10 and 20 years
Renewable powered, other than landfill gas powered	200	Between 5 and 15 years
Coalbed methane gas powered	150	Between 5 and 15 years
Landfill gas powered	200	Between 5 and 15 years
Conventional coal or combined-cycle combustion turbine	100	Between 10 and 20 years

For generating facilities other than those utilizing nuclear power or those utilizing energy derived from offshore wind, as of July 1, 2013, only those facilities as to which a rate adjustment clause under this subdivision has been previously approved by the Commission, or as to which a petition for approval of such rate adjustment clause was filed with the Commission, on or before January 1, 2013, shall be entitled to the enhanced rate of return on common equity as specified in the above table during the construction phase of the facility and the approved first portion of its service life.

For generating facilities within the Commonwealth utilizing nuclear power or those utilizing energy derived from offshore wind projects located in waters off the Commonwealth's Atlantic shoreline, such facilities shall continue to be eligible for an enhanced rate of return on common equity during the construction phase of the facility and the approved first portion of its service life of between 12 and 25 years in the case of a facility utilizing nuclear power and for a service life of between 5 and 15 years in the case of a facility utilizing energy derived from offshore wind, provided, however, that, as of July 1, 2013, the enhanced return for such facilities shall be 100 basis points, which shall be added to the utility's general rate of return as determined under subdivision 2. Thirty percent of all costs of such a facility utilizing nuclear power that the utility incurred between July 1, 2007, and December 31, 2013, and all of such costs incurred after December 31, 2013, may be deferred by the utility and recovered through a rate adjustment clause under this subdivision at such time as the Commission provides in an order approving such a rate adjustment clause. The remaining 70 percent of all costs of such a facility that the utility incurred between July 1, 2007, and December 31, 2013, shall not be deferred for recovery through a rate adjustment clause under this subdivision; however, such remaining 70 percent of all costs shall be recovered ratably through existing base rates as determined by the Commission in the test periods under review in the utility's next biennial review filed after July 1, 2014. Thirty percent of all costs of such a facility utilizing energy derived from offshore wind that the utility incurred between July 1, 2007, and December 31, 2013, and all of such costs incurred after December 31, 2013, may be deferred by the utility and recovered through a rate adjustment clause under this subdivision at such time as the Commission provides in an order approving such a rate adjustment clause. The remaining 70 percent of all costs of such a facility that the utility incurred between July 1, 2007, and December 31, 2013, shall not be deferred for recovery through a rate adjustment clause under this subdivision; however, such remaining 70 percent of all costs shall be recovered ratably through existing base rates as determined by the Commission in the test periods under review in the utility's next biennial review filed after July 1, 2014.

In connection with planning to meet forecasted demand for electric generation supply and assure the adequate and sufficient reliability of service, consistent with § 56-598, planning and development activities for a new nuclear generation facility or facilities are in the public interest.

In connection with planning to meet forecasted demand for electric generation supply and assure the adequate and sufficient reliability of service, consistent with § 56-598, planning and development activities for a new generating facility or facilities utilizing energy derived from offshore wind are in the public interest.

Neither generation facilities described in clause (ii) that utilize simple-cycle combustion turbines nor new underground facilities shall receive an enhanced rate of return on common equity as described herein, but instead shall receive the utility's general rate of return during the construction phase of the facility and, thereafter, for the entire service life of the facility. No rate adjustment clause for new underground facilities shall allocate costs to, or provide for the recovery of costs from, customers that are served within the large power service rate class for a Phase I ~~utility~~ Utility and the large general service rate classes for a Phase II ~~utility~~ Utility. New underground facilities are hereby declared to be ordinary extensions or improvements in the usual course of business under the provisions of § 56-265.2.

As used in this subdivision, a generation facility is (1) "coalbed methane gas powered" if the facility is fired at least 50 percent by coalbed methane gas, as such term is defined in § 45.1-361.1, produced from wells located in the Commonwealth, and (2) "landfill gas powered" if the facility is fired by methane or other combustible gas produced by the anaerobic digestion or decomposition of biodegradable materials in a solid waste management facility licensed by the Waste Management Board. A landfill gas powered facility includes, in addition to the generation facility itself, the equipment used in collecting, drying, treating, and compressing the landfill gas and in transmitting the landfill gas from the solid waste management facility where it is collected to the generation facility where it is combusted.

For purposes of this subdivision, "general rate of return" means the fair combined rate of return on common equity as it is determined by the Commission from time to time for such utility pursuant to subdivision 2. In any proceeding under this subdivision conducted prior to the conclusion of the first biennial review for such utility, the Commission shall determine a general rate of return for such utility in the same manner as it would in a biennial review proceeding.

Notwithstanding any other provision of this subdivision, if the Commission finds during the biennial review conducted for a Phase II ~~utility~~ Utility in 2018 that such utility has not filed applications for all necessary federal and state regulatory approvals to construct one or more nuclear-powered or coal-fueled generation facilities that would add a total capacity of at least 1500 megawatts to the amount of the utility's generating resources as such resources existed on July 1, 2007, or that, if all such approvals have been received, that the utility has not made reasonable and good faith efforts to construct one or more such facilities that will provide such additional total capacity within a reasonable time after obtaining such approvals, then the Commission, if it finds it in the public interest, may reduce on a prospective basis any enhanced rate of return on common equity previously applied to any such facility to no less than the general rate of return for such utility and may apply no less than the utility's general rate of return to any such facility for which the utility seeks approval in the future under this subdivision.

7. Any petition filed pursuant to subdivision 4, 5, or 6 shall be considered by the Commission on a stand-alone basis without regard to the other costs, revenues, investments, or earnings of the utility. Any costs incurred by a utility prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition and that are related to subdivision 5 a, or that are related to facilities and projects described in clause (i) of subdivision 6, or that are related to new underground facilities described in clause (iv) of subdivision 6, shall be deferred on the books and records of the utility until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clauses, whichever is later. Except as otherwise provided in subdivision 6, any costs prudently incurred on or after July 1, 2007, by a utility prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition and that are related to facilities and projects described in clause (ii) of subdivision 6 that utilize nuclear power, or coal-fueled facilities and projects described in clause (ii) of subdivision 6 if such coal-fueled facilities will be built by a Phase I Utility, shall be deferred on the books and records of the utility until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clauses, whichever is later. Any costs prudently incurred after the expiration or termination of capped rates related to other matters described in subdivision 4, 5, or 6 shall be deferred beginning only upon the expiration or termination of capped rates, provided, however, that no provision of this act shall affect the rights of any parties with respect to the rulings of the Federal Energy Regulatory Commission in PJM Interconnection LLC and Virginia Electric and Power Company, 109 F.E.R.C. P 61,012 (2004). A utility shall establish a regulatory asset for regulatory accounting and ratemaking purposes under which it shall defer its operation and maintenance costs incurred in connection with (i) the refueling of any nuclear-powered generating plant and (ii) other work at such plant normally performed during a refueling outage. The utility shall amortize such deferred costs over the refueling cycle, but in no case more than 18 months, beginning with the month in which such plant resumes operation after such refueling. The refueling cycle shall be the applicable period of time between planned refueling outages for such plant. As of January 1, 2014, such amortized costs are a component of base rates, recoverable in base rates only ratably over the refueling cycle rather than when such outages occur, and are the only nuclear refueling costs recoverable in base rates. This provision shall apply to any nuclear-powered generating plant refueling outage commencing after December 31, 2013, and the Commission shall treat the deferred and amortized costs of such regulatory asset as part of the utility's costs for the purpose of proceedings conducted (a) with respect to biennial filings under subdivision 3 made on and after July 1, 2014, and (b) pursuant to § 56-245 or the Commission's rules governing utility rate increase applications as provided in subsection B. This provision shall not be deemed to change or reset base rates.

The Commission's final order regarding any petition filed pursuant to subdivision 4, 5, or 6 shall be entered not more than three months, eight months, and nine months, respectively, after the date of filing of such petition. If such petition is approved, the order shall direct that the applicable rate adjustment clause be applied to customers' bills not more than 60 days after the date of the order, or upon the expiration or termination of capped rates, whichever is later.

8. In any biennial review proceeding, the following utility generation and distribution costs not proposed for recovery under any other subdivision of this subsection, as recorded per books by the utility for financial reporting purposes and accrued against income, shall be attributed to the test periods under review: costs associated with asset impairments related to early retirement determinations made by the utility prior to December 31, 2012, for utility generation plant; costs associated with severe weather events; and costs associated with natural disasters. Such costs shall be deemed to have been recovered from customers through rates for generation and distribution services in effect during the test periods under review unless such costs, individually or in the aggregate, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, result in the utility's earned return on its generation and distribution services for the combined test periods under review to fall more than 50 basis points below the fair combined rate of return authorized under subdivision 2 for such periods or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, to fall more than 70 basis points below the fair combined rate of return authorized under subdivision 2 for such periods. In such cases, the Commission shall, in such biennial review proceeding, authorize deferred recovery of such costs and allow the utility to amortize and recover such deferred costs over future periods as determined by the Commission. The aggregate amount of such deferred costs shall not exceed an amount that would, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, cause the utility's earned return on its generation and distribution services to exceed the fair rate of return authorized under subdivision 2, less 50 basis points, for the combined test periods under review or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, to exceed the fair rate of return authorized under subdivision 2 less 70 basis points. Nothing in this section shall limit the Commission's authority, pursuant to the provisions of Chapter 10 (§ 56-232 et seq.), including specifically § 56-235.2, following the review of combined test period earnings of the utility in a biennial review, for normalization of nonrecurring test period costs and annualized adjustments for future costs, in determining any appropriate increase or decrease in the utility's rates for generation and distribution services pursuant to subdivision 8 a or 8 c.

If the Commission determines as a result of such biennial review that:

a. The utility has, during the test period or periods under review, considered as a whole, earned more than 50 basis points below a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points below a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without

regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall order increases to the utility's rates necessary to provide the opportunity to fully recover the costs of providing the utility's services and to earn not less than such fair combined rate of return, using the most recently ended 12-month test period as the basis for determining the amount of the rate increase necessary. However, the Commission may not order such rate increase unless it finds that the resulting rates are necessary to provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than a fair combined rate of return on both its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, using the most recently ended 12-month test period as the basis for determining the permissibility of any rate increase under the standards of this sentence, and the amount thereof;

b. The utility has, during the test period or test periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall, subject to the provisions of subdivision 9, direct that 60 percent of the amount of such earnings that were more than 50 basis points, or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, that 70 percent of the amount of such earnings that were more than 70 basis points, above such fair combined rate of return for the test period or periods under review, considered as a whole, shall be credited to customers' bills. Any such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order, and shall be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates; or

c. Such biennial review is the second consecutive biennial review in which the utility has, during the test period or test periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matter determined with respect to facilities described in subdivision 6, the Commission shall, subject to the provisions of subdivision 9 and in addition to the actions authorized in subdivision b, also order reductions to the utility's rates it finds appropriate. However, the Commission may not order such rate reduction unless it finds that the resulting rates will provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, using the most recently ended 12-month test period as the basis for determining the permissibility of any rate reduction under the standards of this sentence, and the amount thereof.

The Commission's final order regarding such biennial review shall be entered not more than eight months after the date of filing, and any revisions in rates or credits so ordered shall take effect not more than 60 days after the date of the order. The fair combined rate of return on common equity determined pursuant to subdivision 2 in such biennial review shall apply, for purposes of reviewing the utility's earnings on its rates for generation and distribution services, to the entire two successive 12-month test periods ending December 31 immediately preceding the year of the utility's subsequent biennial review filing under subdivision 3.

9. If, as a result of a biennial review required under this subsection and conducted with respect to any test period or periods under review ending later than December 31, 2010 (or, if the Commission has elected to stagger its biennial reviews of utilities as provided in subdivision 1, under review ending later than December 31, 2010, for a Phase I Utility, or December 31, 2011, for a Phase II Utility), the Commission finds, with respect to such test period or periods considered as a whole, that (i) any utility has, during the test period or periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, and (ii) the total aggregate regulated rates of such utility at the end of the most recently-ended 12-month test period exceeded the annual increases in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, compounded annually, when compared to the total aggregate regulated rates of such utility as determined pursuant to the biennial review conducted for the base period, the Commission shall, unless it finds that such action is not in the public interest or that the provisions of subdivisions 8 b and c are more consistent with the public interest, direct that any or all earnings for such test period or periods under review, considered as a whole that were more than 50 basis points, or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points, above such fair combined rate of return shall be credited to customers' bills, in lieu of the provisions of subdivisions 8 b and c. Any such credits shall be amortized and allocated among customer classes in the manner provided by subdivision 8 b. For purposes of this subdivision:

"Base period" means (i) the test period ending December 31, 2010 (or, if the Commission has elected to stagger its biennial reviews of utilities as provided in subdivision 1, the test period ending December 31, 2010, for a Phase I Utility, or December 31, 2011, for a Phase II Utility), or (ii) the most recent test period with respect to which credits have been applied to customers' bills under the provisions of this subdivision, whichever is later.

"Total aggregate regulated rates" shall include: (i) fuel tariffs approved pursuant to § 56-249.6, except for any increases in fuel tariffs deferred by the Commission for recovery in periods after December 31, 2010, pursuant to the provisions of clause (ii) of subsection C of § 56-249.6; (ii) rate adjustment clauses implemented pursuant to subdivision 4 or 5; (iii) revisions to the utility's rates pursuant to subdivision 8 a; (iv) revisions to the utility's rates pursuant to the Commission's rules governing utility rate increase applications, as permitted by subsection B, occurring after July 1, 2009; and (v) base rates in effect as of July 1, 2009.

10. For purposes of this section, the Commission shall regulate the rates, terms and conditions of any utility subject to this section on a stand-alone basis utilizing the actual end-of-test period capital structure and cost of capital of such utility, unless the Commission finds that the debt to equity ratio of such capital structure is unreasonable for such utility, in which case the Commission may utilize a debt to equity ratio that it finds to be reasonable for such utility in determining any rate adjustment pursuant to subdivisions 8 a and c, and without regard to the cost of capital, capital structure, revenues, expenses or investments of any other entity with which such utility may be affiliated. In particular, and without limitation, the Commission shall determine the federal and state income tax costs for any such utility that is part of a publicly traded, consolidated group as follows: (i) such utility's apportioned state income tax costs shall be calculated according to the applicable statutory rate, as if the utility had not filed a consolidated return with its affiliates, and (ii) such utility's federal income tax costs shall be calculated according to the applicable federal income tax rate and shall exclude any consolidated tax liability or benefit adjustments originating from any taxable income or loss of its affiliates.

B. Nothing in this section shall preclude an investor-owned incumbent electric utility from applying for an increase in rates pursuant to § 56-245 or the Commission's rules governing utility rate increase applications; however, in any such filing, a fair rate of return on common equity shall be determined pursuant to subdivision A 2. Nothing in this section shall preclude such utility's recovery of fuel and purchased power costs as provided in § 56-249.6.

C. Except as otherwise provided in this section, the Commission shall exercise authority over the rates, terms and conditions of investor-owned incumbent electric utilities for the provision of generation, transmission and distribution services to retail customers in the Commonwealth pursuant to the provisions of Chapter 10 (§ 56-232 et seq.), including specifically § 56-235.2.

D. The Commission may determine, during any proceeding authorized or required by this section, the reasonableness or prudence of any cost incurred or projected to be incurred, by a utility in connection with the subject of the proceeding. A determination of the Commission regarding the reasonableness or prudence of any such cost shall be consistent with the Commission's authority to determine the reasonableness or prudence of costs in proceedings pursuant to the provisions of Chapter 10 (§ 56-232 et seq.). Such contribution shall be financed through appropriations provided by law.

Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over and may be limited to a benefit of \$50 per mammogram subject to such dollar limits, deductibles, and coinsurance factors as are no less favorable than for physical illness generally.

The term "mammogram" shall mean an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film, and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast.

Such coverage shall be provided incorporating any changes in such Guidelines or Standards within six months of the publication of such Guidelines or Standards or any official amendment thereto.

3. Include an appeals process for resolution of complaints that shall provide reasonable procedures for the resolution of such complaints and shall be published and disseminated to all covered state employees. The appeals process shall be compliant with federal rules and regulations governing nonfederal, self-insured governmental health plans. The appeals process shall include a separate expedited emergency appeals procedure that shall provide resolution within time frames established by federal law. For appeals involving adverse decisions as defined in § 32.1-137.7, the Department shall contract with one or more independent review organizations to review such decisions. Independent review organizations are entities that conduct independent external review of adverse benefit determinations. The Department shall adopt regulations to assure that the independent review organization conducting the reviews has adequate standards, credentials and experience for such review. The independent review organization shall examine the final denial of claims to determine

whether the decision is objective, clinically valid, and compatible with established principles of health care. The decision of the independent review organization shall (i) be in writing, (ii) contain findings of fact as to the material issues in the case and the basis for those findings, and (iii) be final and binding if consistent with law and policy.

Prior to assigning an appeal to an independent review organization, the Department shall verify that the independent review organization conducting the review of a denial of claims has no relationship or association with (i) the covered person or the covered person's authorized representative; (ii) the treating health care provider, or any of its employees or affiliates; (iii) the medical care facility at which the covered service would be provided, or any of its employees or affiliates; or (iv) the development or manufacture of the drug, device, procedure or other therapy that is the subject of the final denial of a claim. The independent review organization shall not be a subsidiary of, nor owned or controlled by, a health plan, a trade association of health plans, or a professional association of health care providers. There shall be no liability on the part of and no cause of action shall arise against any officer or employee of an independent review organization for any actions taken or not taken or statements made by such officer or employee in good faith in the performance of his powers and duties.

4. Include coverage for early intervention services. For purposes of this section, "early intervention services" means medically necessary speech and language therapy, occupational therapy, physical therapy and assistive technology services and devices for dependents from birth to age three who are certified by the Department of Behavioral Health and Developmental Services as eligible for services under Part H of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.). Medically necessary early intervention services for the population certified by the Department of Behavioral Health and Developmental Services shall mean those services designed to help an individual attain or retain the capability to function age-appropriately within his environment, and shall include services that enhance functional ability without effecting a cure.

For persons previously covered under the plan, there shall be no denial of coverage due to the existence of a preexisting condition. The cost of early intervention services shall not be applied to any contractual provision limiting the total amount of coverage paid by the insurer to or on behalf of the insured during the insured's lifetime.

5. Include coverage for prescription drugs and devices approved by the United States Food and Drug Administration for use as contraceptives.

6. Not deny coverage for any drug approved by the United States Food and Drug Administration for use in the treatment of cancer on the basis that the drug has not been approved by the United States Food and Drug Administration for the treatment of the specific type of cancer for which the drug has been prescribed, if the drug has been recognized as safe and effective for treatment of that specific type of cancer in one of the standard reference compendia.

7. Not deny coverage for any drug prescribed to treat a covered indication so long as the drug has been approved by the United States Food and Drug Administration for at least one indication and the drug is recognized for treatment of the covered indication in one of the standard reference compendia or in substantially accepted peer-reviewed medical literature.

8. Include coverage for equipment, supplies and outpatient self-management training and education, including medical nutrition therapy, for the treatment of insulin-dependent diabetes, insulin-using diabetes, gestational diabetes and noninsulin-using diabetes if prescribed by a health care professional legally authorized to prescribe such items under law. To qualify for coverage under this subdivision, diabetes outpatient self-management training and education shall be provided by a certified, registered or licensed health care professional.

9. Include coverage for reconstructive breast surgery. For purposes of this section, "reconstructive breast surgery" means surgery performed on and after July 1, 1998, (i) coincident with a mastectomy performed for breast cancer or (ii) following a mastectomy performed for breast cancer to reestablish symmetry between the two breasts. For persons previously covered under the plan, there shall be no denial of coverage due to preexisting conditions.

10. Include coverage for annual pap smears, including coverage, on and after July 1, 1999, for annual testing performed by any FDA-approved gynecologic cytology screening technologies.

11. Include coverage providing a minimum stay in the hospital of not less than 48 hours for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of breast cancer. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate.

12. Include coverage (i) to persons age 50 and over and (ii) to persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen.

13. Permit any individual covered under the plan direct access to the health care services of a participating specialist (i) authorized to provide services under the plan and (ii) selected by the covered individual. The plan shall have a procedure by which an individual who has an ongoing special condition may, after consultation with the primary care physician, receive a referral to a specialist for such condition who shall be responsible for and capable of providing and coordinating the individual's primary and specialty care related to the initial specialty care referral. If such an individual's care would most appropriately be coordinated by such a specialist, the plan shall refer the individual to a specialist. For the purposes of this subdivision, "special condition" means a condition or disease that is (i) life-threatening, degenerative, or disabling and (ii) requires specialized medical care over a prolonged period of time. Within the treatment period authorized by the referral,

such specialist shall be permitted to treat the individual without a further referral from the individual's primary care provider and may authorize such referrals, procedures, tests, and other medical services related to the initial referral as the individual's primary care provider would otherwise be permitted to provide or authorize. The plan shall have a procedure by which an individual who has an ongoing special condition that requires ongoing care from a specialist may receive a standing referral to such specialist for the treatment of the special condition. If the primary care provider, in consultation with the plan and the specialist, if any, determines that such a standing referral is appropriate, the plan or issuer shall make such a referral to a specialist. Nothing contained herein shall prohibit the plan from requiring a participating specialist to provide written notification to the covered individual's primary care physician of any visit to such specialist. Such notification may include a description of the health care services rendered at the time of the visit.

14. Include provisions allowing employees to continue receiving health care services for a period of up to 90 days from the date of the primary care physician's notice of termination from any of the plan's provider panels. The plan shall notify any provider at least 90 days prior to the date of termination of the provider, except when the provider is terminated for cause.

For a period of at least 90 days from the date of the notice of a provider's termination from any of the plan's provider panels, except when a provider is terminated for cause, a provider shall be permitted by the plan to render health care services to any of the covered employees who (i) were in an active course of treatment from the provider prior to the notice of termination and (ii) request to continue receiving health care services from the provider.

Notwithstanding the provisions of this subdivision, any provider shall be permitted by the plan to continue rendering health services to any covered employee who has entered the second trimester of pregnancy at the time of the provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue through the provision of postpartum care directly related to the delivery.

Notwithstanding the provisions of this subdivision, any provider shall be permitted to continue rendering health services to any covered employee who is determined to be terminally ill (as defined under § 1861(dd)(3)(A) of the Social Security Act) at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue for the remainder of the employee's life for care directly related to the treatment of the terminal illness.

A provider who continues to render health care services pursuant to this subdivision shall be reimbursed in accordance with the carrier's agreement with such provider existing immediately before the provider's termination of participation.

15. Include coverage for patient costs incurred during participation in clinical trials for treatment studies on cancer, including ovarian cancer trials.

The reimbursement for patient costs incurred during participation in clinical trials for treatment studies on cancer shall be determined in the same manner as reimbursement is determined for other medical and surgical procedures. Coverage for patient costs incurred during clinical trials for treatment studies on cancer shall be provided if the treatment is being conducted in a Phase II, Phase III, or Phase IV clinical trial. Such treatment may, however, be provided on a case-by-case basis if the treatment is being provided in a Phase I clinical trial.

The treatment described in the previous paragraph shall be provided by a clinical trial approved by:

17. Include coverage for biologically based mental illness.

For purposes of this subdivision, a "biologically based mental illness" is any mental or nervous condition caused by a biological disorder of the brain that results in a clinically significant syndrome that substantially limits the person's functioning; specifically, the following diagnoses are defined as biologically based mental illness as they apply to adults and children: schizophrenia, schizoaffective disorder, bipolar disorder, major depressive disorder, panic disorder, obsessive-compulsive disorder, attention deficit hyperactivity disorder, autism, and drug and alcoholism addiction.

Coverage for biologically based mental illnesses shall neither be different nor separate from coverage for any other illness, condition or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayment and coinsurance factors.

Nothing shall preclude the undertaking of usual and customary procedures to determine the appropriateness of, and medical necessity for, treatment of biologically based mental illnesses under this option, provided that all such appropriateness and medical necessity determinations are made in the same manner as those determinations made for the treatment of any other illness, condition or disorder covered by such policy or contract.

The coverage for colorectal cancer screening shall not be more restrictive than or separate from coverage provided for any other illness, condition or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayments and coinsurance factors.

Appropriations, premiums and other payments shall be deposited in the employee health insurance fund, from which payments for claims, premiums, cost containment programs and administrative expenses shall be

withdrawn from time to time. The funds of the health insurance fund shall be deemed separate and independent trust funds, shall be segregated from all other funds of the Commonwealth, and shall be invested and administered solely in the interests of the employees and their beneficiaries. Neither the General Assembly nor any public officer, employee, or agency shall use or authorize the use of such trust funds for any purpose other than as provided in law for benefits, refunds, and administrative expenses, including but not limited to legislative oversight of the health insurance fund.

The plan shall act on such requests within one business day of receipt of the request.

Any plan established in accordance with this section shall be authorized to provide for the selection of a single mail order pharmacy provider as the exclusive provider of pharmacy services that are delivered to the covered person's address by mail, common carrier, or delivery service. The notice shall be in writing and in a form prescribed by the Board. The Board may adopt such regulations as it reasonably deems necessary to implement the provisions of this section, including regulations that permit the holder of a shipper's license to amend the same by, among other things, adding or deleting any brands of wine, farm wine, or beer identified in such shipper's license.

B. Any applicant for a wine or beer shipper's license that does not own or have the right to control the distribution of the brands of wine, farm wine, or beer identified in such person's application may be issued a shipper's license for wine or beer or both, if the applicant has obtained and filed with its application for a shipper's license, and with any subsequent application for renewal thereof, the written consent of either (i) the winery, farm winery, or brewery whose brands of wine, farm wine, or beer are identified therein or (ii) any wholesale distributor authorized to distribute the wine or beer produced by the winery, farm winery or brewery. Any winery, farm winery, or brewery, or its wholesale distributor, that has provided written authorization to a shipper licensed pursuant to this section to sell and ship its brand or brands of wine, farm wine, or beer shall not be restricted by any provision of this section from withdrawing such authorization at any time. Such regulations shall include provisions that require (i) the marketing portal to demonstrate that it is appropriately organized as an agricultural cooperative association and licensed for the services to be provided by the state in which its place of business is located, (ii) the Board-approved marketing portal to maintain such records and to submit to the Board such information as the Board may prescribe, and (iii) the marketing portal and each wine or beer shipper licensed under this section to whom services are provided to enter into a contract designating the marketing portal as the agent of the shipper for purposes of complying with the provisions of this section.

Absent such written declaration, failure or refusal by a person subject to the provisions of this section to undergo such immunization or prophylaxis shall disqualify the person from any presumption established by this section.

## CHAPTER 39

*An Act to amend and reenact § 15.2-5158 of the Code of Virginia, relating to community development authorities.*

[S 1448]

Approved March 6, 2015

### **Be it enacted by the General Assembly of Virginia:**

**1. That § 15.2-5158 of the Code of Virginia is amended and reenacted as follows:**

#### **§ 15.2-5158. Additional powers of community development authorities.**

A. Each community development authority created under this article, in addition to the powers provided in Article 3 (§ 15.2-5110 et seq.) of Chapter 51 of this title, may:

1. Subject to any statutory or regulatory jurisdiction and permitting authority of all applicable governmental bodies and agencies having authority with respect to any area included therein, finance, fund, plan, establish, acquire, construct or reconstruct, enlarge, extend, equip, operate, and maintain the infrastructure improvements enumerated in the ordinance or resolution establishing the district, as necessary or desirable for development or redevelopment within or affecting the district or to meet the increased demands placed upon the locality as a result of development or redevelopment within or affecting the district, including, but not limited to:

a. Roads, bridges, parking facilities, curbs, gutters, sidewalks, traffic signals, storm water management and retention systems, gas and electric lines and street lights within or serving the district which meet or exceed the specifications of the locality in which the roads are located.

b. Parks and facilities for indoor and outdoor recreational, cultural and educational uses; entrance areas; security facilities; fencing and landscaping improvements throughout the district.

c. Fire prevention and control systems, including fire stations, water mains and plugs, fire trucks, rescue vehicles and other vehicles and equipment.

d. School buildings and related structures, which may be leased, sold or donated to the school district, for use in the educational system when authorized by the local governing body and the school board.

e. Infrastructure and recreational facilities for age-restricted active adult communities, and any other necessary infrastructure improvements as provided above, with a minimum population approved under local zoning laws of 1,000 residents. Such development may include security facilities and systems or measures which control or restrict access to such community and its improvements.

2. Issue revenue bonds of the development authority as provided in § 15.2-5125, including but not limited to refunding bonds, subject to such limitation in amount, and terms and conditions regarding capitalized interest, reserve funds, contingent funds, and investment restrictions, as may be established in the ordinance or resolution establishing the district, for all costs associated with the improvements enumerated in subdivision 1 of this subsection. Such revenue bonds shall be payable solely from revenues received by the development authority. The revenue bonds issued by a development authority shall not require the consent of the locality, except where consent is specifically required by the provisions of the resolution authorizing the collection of revenues and/or the trust agreement securing the same, and shall not be deemed to constitute a debt, liability, or obligation of any other political subdivision, and shall not impact upon the debt capacity of any other political subdivision.

3. Request annually that the locality levy and collect a special tax on taxable real property within the development authority's jurisdiction to finance the services and facilities provided by the authority. Notwithstanding the provisions of

Article 4 (§ 58.1-3229 et seq.) of Chapter 32 of Title 58.1, any such special tax imposed by the locality shall be levied upon the assessed fair market value of the taxable real property. Unless requested by every property owner within the proposed district, the rate of the special tax shall not be more than \$.25 per \$100 of the assessed fair market value of any taxable real estate or the assessable value of taxable leasehold property as specified by § 58.1-3203. ~~The proceeds of the special taxes shall be collected at the same time and in the same manner as the locality's taxes are collected, and the proceeds collected~~ shall be kept in a separate account and be used only for the purposes provided in this chapter. All revenues received by the locality from such special tax shall be paid over to the development authority for its use pursuant to this chapter subject to annual appropriation. No other funds of the locality shall be loaned or paid to the development authority without the prior approval of the local governing body.

4. Provide special services, including: garbage and trash removal and disposal, street cleaning, snow removal, extra security personnel and equipment, recreational management and supervision, and grounds keeping.

5. Finance the services and facilities it provides to abutting property within the district by special assessment thereon imposed by the local governing body. All assessments pursuant to this section shall be subject to the laws pertaining to assessments under Article 2 (§ 15.2-2404 et seq.) of Chapter 24; provided that any other provision of law notwithstanding, (i) the taxes or assessments shall not exceed the full cost of the improvements, including without limitation the legal, financial and other directly attributable costs of creating the district and the planning, designing, operating and financing of the improvements which include administration of the collection and payment of the assessments and reserve funds permitted by applicable law; (ii) the taxes or assessments may be imposed upon abutting land which is later subdivided in accordance with the terms of the ordinance forming the district, in amounts which do not exceed the peculiar benefits of the improvements to the abutting land as subdivided; and (iii) the taxes or assessments may be made subject to installment payments for up to 40 years in an amount calculated to cover principal, interest and administrative costs in connection with any financing by the authority, without a penalty for prepayment. Notwithstanding any other provision of law, any assessments made pursuant to this section may be made effective as a lien upon a specified date, by ordinance, but such assessments may not thereafter be modified in a manner inconsistent with the terms of the debt instruments financing the improvements. All assessments pursuant to this section may also be made subject to installment payments and other provisions allowed for local assessments under this section or under Article 2 of Chapter 24. All revenues received by the locality pursuant to any such special assessments which the locality elects to impose upon request of the development authority shall be paid over to the development authority for its use under this chapter, subject to annual appropriation, and may be used for no other purposes.

6. Fix, charge, and collect rates, fees, and charges for the use of, or the benefit derived from, the services and/or facilities provided, owned, operated, or financed by the authority benefiting property within the district. Such rates, fees, and charges may be charged to and collected by such persons and in such manner as the authority may determine from (i) any person contracting for the services or using the facilities and/or (ii) the owners, tenants, or customers of the real estate and improvements that are served by, or benefit from the use of, any such services or facilities, in such manner as shall be authorized by the authority in connection with the provision of such services or facilities.

7. Purchase development rights that will be dedicated as easements for conservation, open space or other purposes pursuant to the Open-Space Land Act (§ 10.1-1700 et seq.). For purposes of this subdivision, "development rights" means the level and quantity of development permitted by the zoning ordinance expressed in terms of housing units per acre, floor area ratio or equivalent local measure. [H 1408]

Approved March 10, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 19.2-70.3 of the Code of Virginia is amended and reenacted as follows:**

**§ 19.2-70.3. Obtaining records concerning electronic communication service or remote computing service.**

A. A provider of electronic communication service or remote computing service, which, for purposes of subdivisions 2 through 4, includes a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, excluding the contents of electronic communications and real-time location data, to an investigative or law-enforcement officer only pursuant to:

1. A subpoena issued by a grand jury of a court of the Commonwealth;
2. A search warrant issued by a magistrate, general district court, or circuit court;
3. A court order for such disclosure issued as provided in subsection B; or
4. The consent of the subscriber or customer to such disclosure.

B. A court shall issue an order for disclosure under this section only if the investigative or law-enforcement officer shows that there is reason to believe the records or other information sought are relevant and material to an ongoing criminal investigation, or the investigation of any missing child as defined in § 52-32, missing senior adult as defined in § 52-34.4, or

an incapacitated person as defined in § 64.2-2000 who meets the definition of a missing senior adult except for the age requirement. Upon issuance of an order for disclosure under this section, the order and any written application or statement of facts may be sealed by the court for 90 days for good cause shown upon application of the attorney for the Commonwealth in an ex parte proceeding. The order and any written application or statement of facts may be sealed for additional 90-day periods for good cause shown upon subsequent application of the attorney for the Commonwealth in an ex parte proceeding. A court issuing an order pursuant to this section, on a motion made promptly by the service provider, may quash or modify the order, if the information or records requested are unusually voluminous in nature or compliance with such order would otherwise cause an undue burden on such provider.

C. Except as provided in subsection D, a provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose the contents of electronic communications or real-time location data to an investigative or law-enforcement officer only pursuant to a search warrant issued by a magistrate, a juvenile and domestic relations district court, a general district court, or a circuit court, based upon complaint on oath supported by an affidavit as required in § 19.2-54, or judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia when the warrant issued by such officer or such court complies with the provisions of subsection G. In the case of a search warrant directed to a foreign corporation, the affidavit shall state that the complainant believes that the records requested are actually or constructively possessed by a foreign corporation that provides electronic communication service or remote computing service within the Commonwealth of Virginia. If satisfied that probable cause has been established for such belief and as required by Chapter 5 (§ 19.2-52 et seq.), the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court shall issue a warrant identifying those records to be searched for and commanding the person seeking such warrant to properly serve the warrant upon the foreign corporation.

D. A provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, including real-time location data but excluding the contents of electronic communications, to an investigative or law-enforcement officer pursuant to an administrative subpoena issued pursuant to § 19.2-10.2 concerning a violation of § 18.2-374.1 or 18.2-374.1:1, former § 18.2-374.1:2, or § 18.2-374.3 when the information sought is relevant and material to an ongoing criminal investigation.

E. When disclosure of real-time location data is not prohibited by federal law, an investigative or law-enforcement officer may obtain real-time location data without a warrant in the following circumstances:

1. To respond to the user's call for emergency services;
2. With the informed, affirmative consent of the owner or user of the electronic device concerned if (i) the device is in his possession; (ii) the owner or user knows or believes that the device is in the possession of an employee or agent of the owner or user with the owner's or user's consent; or (iii) the owner or user knows or believes that the device has been taken by a third party without the consent of the owner or user;
3. With the informed, affirmative consent of the legal guardian or next of kin of the owner or user, if reasonably available, if the owner or user is reasonably believed to be deceased, is reported missing, or is unable to be contacted; or
4. If the investigative or law-enforcement officer reasonably believes that an emergency involving the immediate danger to a person requires the disclosure, without delay, of real-time location data concerning a specific person and that a warrant cannot be obtained in time to prevent the identified danger, and the possessor of the real-time location data believes, in good faith, that an emergency involving danger to a person requires disclosure without delay.

No later than three business days after seeking disclosure of real-time location data pursuant to this subsection, the investigative or law-enforcement officer seeking the information shall file with the appropriate court a written statement setting forth the facts giving rise to the emergency and the facts as to why the person whose real-time location data was sought is believed to be important in addressing the emergency.

F. In order to comply with the requirements of § 19.2-54, any search of the records of a foreign corporation shall be deemed to have been made in the same place wherein the search warrant was issued.

G. A Virginia corporation or other entity that provides electronic communication services or remote computing services to the general public, when properly served with a search warrant and affidavit in support of the warrant, issued by a judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia with jurisdiction over the matter, to produce a record or other information pertaining to a subscriber to or customer of such service, including real-time location data, or the contents of electronic communications, or both, shall produce the record or other information, including real-time location data, or the contents of electronic communications as if that warrant had been issued by a Virginia court. The provisions of this subsection shall only apply to a record or other information, including real-time location data, or contents of electronic communications relating to the commission of a criminal offense that is substantially similar to (i) a violent felony as defined in § 17.1-805, (ii) an act of violence as defined in § 19.2-297.1, (iii) any offense for which registration is required pursuant to § 9.1-902, (iv) computer fraud pursuant to § 18.2-152.3, or (v) identity theft pursuant to § 18.2-186.3. The search warrant shall be enforced and executed in the Commonwealth as if it were a search warrant described in subsection C.

H. The provider of electronic communication service or remote computing service may verify the authenticity of the written reports or records that it discloses pursuant to this section, excluding the contents of electronic communications, by providing an affidavit from the custodian of those written reports or records or from a person to whom said custodian

reports certifying that they are true and complete and that they are prepared in the regular course of business. When so authenticated, the written reports and records are admissible in evidence as a business records exception to the hearsay rule.

I. No cause of action shall lie in any court against a provider of a wire or electronic communication service or remote computing service or such provider's officers, employees, agents, or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order, warrant, administrative subpoena, or subpoena under this section or the provisions of subsection E.

J. A search warrant or administrative subpoena for the disclosure of real-time location data pursuant to this section shall require the provider to provide ongoing disclosure of such data for a reasonable period of time, not to exceed 30 days. A court may, for good cause shown, grant one or more extensions, not to exceed 30 days each.

K. *An investigative or law-enforcement officer shall not use any device to obtain electronic communications or collect real-time location data from an electronic device without first obtaining a search warrant authorizing the use of the device if, in order to obtain the contents of such electronic communications or such real-time location data from the provider of electronic communication service or remote computing service, such officer would be required to obtain a search warrant pursuant to this section. However, an investigative or law-enforcement officer may use such a device without first obtaining a search warrant under the circumstances set forth in subsection E. For purposes of subdivision E 4, the investigative or law-enforcement officer using such a device shall be considered to be the possessor of the real-time location data.*

L. For the purposes of this section:

"Electronic device" means a device that enables access to, or use of, an electronic communication service, remote computing service, or location information service, including a global positioning service or other mapping, locational, or directional information service.

"Foreign corporation" means any corporation or other entity, whose primary place of business is located outside of the boundaries of the Commonwealth, that makes a contract or engages in a terms of service agreement with a resident of the Commonwealth to be performed in whole or in part by either party in the Commonwealth, or a corporation that has been issued a certificate of authority pursuant to § 13.1-759 to transact business in the Commonwealth. The making of the contract or terms of service agreement or the issuance of a certificate of authority shall be considered to be the agreement of the foreign corporation or entity that a search warrant or subpoena, which has been properly served on it, has the same legal force and effect as if served personally within the Commonwealth.

"Properly served" means delivery of a search warrant or subpoena by hand, by United States mail, by commercial delivery service, by facsimile or by any other manner to any officer of a corporation or its general manager in the Commonwealth, to any natural person designated by it as agent for the service of process, or if such corporation has designated a corporate agent, to any person named in the latest annual report filed pursuant to § 13.1-775.

manufacture, process, compound, or produce items of tangible personal property from recyclable materials, within the Commonwealth, for sale. For purposes of determining "purchase price paid" under this section, the taxpayer may use the original total capitalized cost of such machinery and equipment, less capitalized interest.

The Department of Environmental Quality shall certify that such machinery and equipment are integral to the recycling process before the taxpayer shall be ~~entitled to~~ allowed the tax credit under this section. The taxpayer shall also submit purchase receipts, and invoices, ~~and such other documentation~~ as may be necessary to confirm the taxpayer's statement of purchase price paid, with the income tax return to verify the amount of purchase price paid for the recycling machinery and equipment.

A taxpayer shall not be allowed to claim any tax credit unless it has applied to the Department of Environmental Quality for certification as described in subdivision A 2 and the Department of Environmental Quality has issued a written certification stating that the machinery and equipment purchased are integral to the recycling process. **Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-3965 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-3965. When land may be sold for delinquent taxes; notice of sale; owner's right of redemption.**

A. When any taxes on any real estate in a locality are delinquent on December 31 following the second anniversary of the date on which such taxes have become due, or, in the case of real property upon which is situated (i) any structure that has been condemned by the local building official pursuant to applicable law or ordinance; (ii) any nuisance as that term is defined in § 15.2-900; (iii) any derelict building as that term is defined in § 15.2-907.1; or (iv) any property that has been declared to be blighted as that term is defined in § 36-49.1:1, the first anniversary of the date on which such taxes have become due, such real estate may be sold for the purpose of collecting all delinquent taxes on such property.

Upon a finding by the court, on real estate with an assessed value of \$100,000 or less in any locality, that (i) any taxes on such real estate are delinquent on December 31 following the first anniversary of the date on which such taxes have become due or (ii) there is a lien on such real estate pursuant to § 15.2-900, 15.2-906, 15.2-907, 15.2-907.1, 15.2-908.1, or 36-49.1:1, which lien remains unpaid on December 31 following the first anniversary of the date on which such lien was recorded, the property shall be deemed subject to sale by public auction pursuant to proper notice under this subsection.

The officer charged with the duty of collecting taxes for the locality wherein the real property lies shall, at least 30 days prior to instituting any judicial proceeding pursuant to this section, send a notice to (i) the last known address of the property owner as such owner and address appear in the records of the treasurer, (ii) the property address if the property address is different from the owner's address and if the real estate is listed with the post office by a numbered and named street address

and (iii) the last known address of any trustee under any deed of trust, mortgagee under any mortgage and any other lien creditor, if such trustee, mortgagee or lien creditor is not otherwise made a party defendant under § 58.1-3967, advising such property owner, trustee, mortgagee or other lien creditor of the delinquency and the officer's intention to take action. Such notice shall advise the taxpayer that the taxpayer may request the treasurer to enter into a payment agreement to permit the payment of the delinquent taxes, interest, and penalties over a period not to exceed 36 months in accordance with the provisions of subsection C. Such officer shall also cause to be published at least once a list of real estate which will be offered for sale under the provisions of this article in a newspaper of general circulation in the locality, at least 30 days prior to the date on which judicial proceedings under the provisions of this article are to be commenced.

The pro rata cost of such publication shall become a part of the tax and together with all other costs, including reasonable attorneys' fees set by the court and the costs of any title examination conducted in order to comply with the notice requirements imposed by this section, shall be collected if payment is made by the owner in redemption of the real property described therein whether or not court proceedings have been initiated. (description of properties)

B. The owner of any property listed may redeem it at any time before the date of the sale by paying all accumulated taxes, penalties, reasonable attorneys' fees, interest and costs thereon, including the pro rata cost of publication hereunder. Partial payment of delinquent taxes, penalties, reasonable attorneys' fees, interest or costs shall not be sufficient to redeem the property, and shall not operate to suspend, invalidate or make moot any action for judicial sale brought pursuant to this article.

C. Notwithstanding the provisions of subsection B and of § 58.1-3954, the treasurer or other officer responsible for collecting taxes may suspend any action for sale of the property commenced pursuant to this article upon entering into an agreement with the owner of the real property for the payment of all delinquent amounts in installments over a period which is reasonable under the circumstances, but in no event shall exceed 36 months. Any such agreement shall be secured by the lien of the locality pursuant to § 58.1-3340.

D. During the pendency of any installment agreement permitted under subsection C, any proceeding for a sale previously commenced shall not abate, but shall be continued on the docket of the court in which such action is pending. It shall be the duty of the treasurer or other officer responsible for collecting taxes to promptly notify the clerk of such court when obligations arising under such an installment agreement have been fully satisfied. Upon the receipt of such notice, the clerk shall cause the action to be stricken from the docket.

E. In the event the owner of the property or other responsible person defaults upon obligations arising under an installment agreement permitted by subsection C, or during the term of any installment agreement, defaults on any current obligation as it becomes due, such agreement shall be voidable by the treasurer or other officer responsible for collecting taxes upon 15 days' written notice to the signatories of such agreement irrespective of the amount remaining due. Any action for the sale previously commenced pursuant to this article may proceed without any requirement that the notice or advertisement required by subsection A, which had previously been made with respect to such property, be repeated. No owner of property which has been the subject of a defaulted installment agreement shall be eligible to enter into a second installment agreement with respect to the same property within three years of such default.

F. Any corporate, partnership or limited liability officer, as those terms are defined in § 58.1-1813, who willfully fails to pay any tax being enforced by this section, shall, in addition to other penalties provided by law, be liable to a penalty of the amount of the tax not paid, to be assessed and collected in the same manner as such taxes are assessed and collected.

G. During the pendency of the action, the circuit court in which the action is pending may, on its own motion or on the motion of any party, refer the parties to a dispute resolution proceeding pursuant to the provisions of Chapter 20.2 (§ 8.01-576.4 et seq.) of Title 8.01.

*H. In any case in which real estate subject to delinquent taxes is situated in two or more jurisdictions, a suit to sell the entirety of the real estate pursuant to this article may be brought in a single jurisdiction provided that (i) taxes are delinquent in all jurisdictions for periods not less than the minimum applicable periods set forth in subsection A and (ii) the treasurer of each jurisdiction within which the property is situated consents to the suit.*

*The suit shall identify the taxes, penalties, interest, and other charges due in each jurisdiction. The publications and notices required pursuant to this section shall identify each of the jurisdictions in which the property is situated. Upon sale of the property, the order confirming the sale shall provide for the payment of taxes, penalties, interest, and other charges to each jurisdiction, and copies of the order confirming the sale and the deed conveying the property to the purchaser shall be recorded among the land records of the clerk's office of the circuit court for each jurisdiction within which the property that is the subject of the suit is situated.*

Good cause shall be based upon a written determination that, and explanation by the Department of why, implementing immediate withholding would not be in the best interests of the child. The total amount withheld shall not exceed the maximum amount permitted under § 34-29.

B. The order shall include, but not be limited to, notice (i) of the amount that will be withheld, (ii) that the withholding applies to any current or subsequent period of employment, (iii) of the right to contest whether a duty of support is owed and the information specified in the administrative order is correct, (iv) that a written request to appeal the withholding shall be made to the Department within 10 days of receipt of the notice, and (v) of the actions that will be taken by the Department if an appeal is noted, which shall include the opportunity to present his objections to the administrative hearing officer at a hearing held pursuant to § 63.2-1942. A copy shall be sent by first-class mail to the obligee.

C. The noncustodial parent's employer shall be issued by first-class or certified mail or by electronic means, including facsimile transmission, an administrative order for withholding of income which shall conform to § 20-79.3. ~~D. If the Department or its designee receives payments deducted from income of an obligor pursuant to more than one administrative order or a combination of judicial and administrative orders, the Department shall ensure that such payments are allocated among the obligees under such orders with priority given to payment of the order for current support. Where the Department or its designee receives payments pursuant to two or more orders for current support, the payments received~~

shall be prorated on the basis of the amounts due under each such order. Upon satisfaction of any amounts due for current support, the remainder of the payments received shall be prorated on the basis of amount due under each such order. The obligee shall also be sent a copy of such notice. The notice shall inform the noncustodial parent (i) of the amount that will be withheld, (ii) that the withholding applies to any current or subsequent period of employment, (iii) of the right to contest but that the only basis for contesting the withholding is a mistake of fact, (iv) that a written request to contest the withholding must be made to the Department within 10 days of receipt of the notice, (v) of the actions that will be taken by the Department if a request to contest is noted, which shall include the opportunity to present his objections, which shall be limited to a mistake of fact, to the administrative hearing officer at a hearing held pursuant to § 63.2-1942, (vi) that a determination on the contest will be made no later than 45 days from the date of service of such notice, and (vii) that payment of overdue support upon receipt of the required notice shall not be a bar to the implementation of withholding. Upon service of the notice on the employer for delivery to the obligor, a copy shall be sent by first-class mail to the obligee.

C. The noncustodial parent's employer shall be issued by first-class or certified mail or by electronic means, including facsimile transmission, an administrative order for withholding of income that shall conform to § 20-79.3. The Department shall utilize the conversion formula established by the Committee on District Courts.

~~E. If the Department or its designee receives payments deducted from income of an obligor pursuant to more than one administrative order or a combination of judicial and administrative orders, the Department shall ensure that such payments are allocated among the obligees under such orders with priority given to payment of the order for current support. Where the Department or its designee receives payments pursuant to two or more orders for current support, the payments received shall be prorated on the basis of the amounts due under each such order. Upon satisfaction of any amounts due for current support, the remainder of the payments received shall be prorated on the basis of amounts due under any orders for accrued arrearages.~~

~~F.~~ Administrative orders for withholding from income shall be promptly terminated or modified by the Department when (i) the obligation to support has been satisfied and arrearages have been paid, (ii) the whereabouts of the child or child and custodial parent become unknown, or (iii) modification is appropriate because of a change in the amount of the obligation.

~~G. F.~~ If a court of competent jurisdiction or the agency operating pursuant to an approved state plan under Sections 452 and 454 of the Social Security Act, as amended, in any state, territory of the United States or the District of Columbia has ordered a person to pay child or child and spousal support, upon notice and hearing as provided in this section, the Department shall issue an order, conforming to § 20-79.3, to the noncustodial parent's employer in this Commonwealth to withhold from the income of the noncustodial parent pursuant to a foreign support order in the same manner as provided in this section for administrative orders originating in this Commonwealth. Similar orders of the Department may be enforced in a similar manner in such other state, territory or district.

**§ 63.2-1954. Distribution of collection.**

~~Support payments received by the Department or the Department's designee shall be prorated among the obligees based upon the current amounts due pursuant to more than one judicial or administrative order, or a combination thereof, with any remaining amounts prorated among the obligees with orders for accrued arrearages in the same proration as the current support payments. Support payments received by the Department pursuant to one or more judicial or administrative orders, or a combination thereof, shall be allocated among the obligees under such orders with priority given to payment of the order for current support. Where payments are received pursuant to two or more orders for current support, the Department shall prorate the payments on the basis of any amounts due for current support under each such order. Upon satisfaction of any amounts due for current support, the Department shall prorate the remainder of the payments on the~~

basis of accrued arrearages owed to the obligees under each such order. Payments received pursuant to federal tax refund offset shall be allocated pursuant to subsection h of 45 C.F.R. § 303.72.

E. A tax credit shall be issued by the Superintendent of Public Instruction or the Commissioner of the State Department of Social Services to an individual only upon receipt of a certification made by a neighborhood organization to whom tax credits were allocated for an approved program pursuant to § 58.1-439.20.

Notwithstanding any other provision of this title, the treasurer or other officer responsible for collecting taxes may sell, at public auction, any unimproved parcel of real property that is assessed at less than \$10,000, provided that the taxes on such parcel are delinquent on December 31 following the third anniversary of the date on which such taxes have become due, and either such parcel (i) measures less than 4,000 square feet (.0918 acres), or (ii) is determined to be unsuitable for building due to the size, shape, zoning or soils of the parcel by the locality's zoning administrator *or other official designated by the locality to administer its zoning ordinance and carry out the duties set forth in subdivision A 4 of § 15.2-2286*. For purposes of determining the area of any parcel, the area or acreage found in the locality's land book shall be determinative.

Prior to conducting such sale the treasurer or other officer responsible for collecting taxes shall send notice by certified or registered mail to the record owner or owners of such property and anyone appearing to have an interest in the property at their last known address as contained in the records of the treasurer or other officer responsible for collecting taxes and shall post notice of such sale at the property location, if such property has frontage on any public or private street, and at the circuit courthouse of the locality at least 30 days prior to such sale. The treasurer or other officer responsible for collecting taxes shall also cause a notice of sale to be published in the legal classified section of a newspaper of general circulation at

least seven days but no more than 21 days prior to the sale. The pro rata costs of publication and mailing shall become a part of the tax and shall be collected if payment is made by the owner in redemption of such real property. The treasurer or other officer responsible for collecting taxes may advertise and sell multiple parcels at the same time and place pursuant to one notice of sale. The treasurer or other officer responsible for collecting taxes may enter into an agreement with the owner of such parcel for payment over time, not to exceed 12 months. The owner of any property listed may redeem it at any time prior to the date of the sale by paying all accumulated taxes, penalties, interest and costs thereon, including the pro rata costs of publication and mailing. Partial payment of delinquent taxes, penalties, interest or costs shall be insufficient to redeem the property, and shall not operate to suspend, invalidate or nullify any sale brought pursuant to this section.

At the time of sale, the treasurer or other officer responsible for collecting taxes shall sell to the highest bidder at public auction each parcel that has not been redeemed by the owner. Such sale shall be free and clear of the tax lien, but shall not affect easements recorded prior to the date of sale. The treasurer or other officer responsible for collecting taxes shall tender a treasurer's deed to effectuate the conveyance of the parcel to the highest bidder. If the sale proceeds are insufficient to pay the taxes in full, the remaining delinquent tax amount shall remain the personal liability of the former owner. The sale proceeds shall be applied first to the costs of sale, then to the taxes, penalty, and interest due on the parcel, and thereafter to any other taxes or other charges owed by the former owner to the jurisdiction. Any excess proceeds shall remain the property of the former owner and shall be kept by the treasurer in an interest-bearing escrow account. If no claim for payment of excess proceeds is made by the former owner within two years after the date of sale, the treasurer shall deposit the excess proceeds in the jurisdiction's general fund. If the sale does not produce a successful bidder, the treasurer shall add the costs of sale incurred by the jurisdiction to the delinquent real estate account.

20. For taxable years beginning on and after January 1, 1997, any income attributable to a distribution of benefits or a refund from a prepaid tuition contract or savings trust account with the Virginia College Savings Plan, created pursuant to Chapter 4.9 (§ 23-38.75 et seq.) of Title 23. To the extent a subtraction is taken in accordance with this subdivision, no tax credit under this chapter for donating land for its preservation shall be allowed for three years following the year in which the subtraction is taken.

23. Effective for all taxable years beginning on or after January 1, 2000, \$15,000 of military basic pay for military service personnel on extended active duty for periods in excess of 90 days; however, the subtraction amount shall be reduced dollar-for-dollar by the amount which the taxpayer's military basic pay exceeds \$15,000 and shall be reduced to zero if such military basic pay amount is equal to or exceeds \$30,000.

This subtraction shall not apply to assets acquired with such items of income or with the proceeds from the sale of assets stolen from, hidden from or otherwise lost to, during World War II and its prelude and direct aftermath, a victim or target of Nazi persecution. The provisions of this subdivision shall only apply to an individual who was the first recipient of such items of income and who was a victim or target of Nazi persecution, or a spouse, widow, widower, or child or stepchild of such victim.

32. Effective for all taxable years beginning on or after January 1, 2007, the death benefit payments from an annuity contract that are received by a beneficiary of such contract provided that (i) the death benefit payment is made pursuant to an annuity contract with an insurance company and (ii) the death benefit payment is paid solely by lump sum. The subtraction under this subdivision shall be allowed only for that portion of the death benefit payment that is included in federal adjusted gross income.

33. For taxable years beginning on and after January 1, 2009, any gain recognized from the sale of launch services to space flight participants, as defined in 49 U.S.C. § 70102, or launch services intended to provide individuals the training or experience of a launch, without performing an actual launch. 35. For taxable years beginning on or after January 1, 2011, any income taxed as a long-term capital gain for federal income tax purposes, or any income taxed as investment services partnership interest income (otherwise known as investment partnership carried interest income) for federal income tax purposes. To qualify for a subtraction under this subdivision, the investment shall be made between the dates of April 1, 2010, and June 30, 2015. No taxpayer who has claimed a tax credit for an investment in a "qualified business" under § 58.1-339.4 shall be eligible for the subtraction under this subdivision for an investment in the same business.

36. For taxable years beginning on and after January 1, 2014, any income of an account holder for the taxable year taxed as (i) a capital gain for federal income tax purposes attributable to such person's first-time home buyer savings account established pursuant to Chapter 32 (§ 55-555 et seq.) of Title 55 and (ii) interest income or other income for federal income tax purposes attributable to such person's first-time home buyer savings account.

Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any subtraction taken under this subdivision shall be subject to recapture in the taxable year or years in which moneys or funds withdrawn from the first-time home buyer savings account were used for any purpose other than the payment of eligible costs by or on behalf of a qualified beneficiary, as provided under § 55-558. The amount subject to recapture shall be a portion of the amount

withdrawn in the taxable year that was used for other than the payment of eligible costs, computed by multiplying the amount withdrawn and used for other than the payment of eligible costs by the ratio of the aggregate earnings in the account at the time of the withdrawal to the total balance in the account at such time.

However, recapture shall not apply to the extent of moneys or funds withdrawn that were (i) withdrawn by reason of the qualified beneficiary's death or disability, (ii) a disbursement of assets of the account pursuant to a filing for protection under the United States Bankruptcy Code, 11 U.S.C. §§ 101 through 1330, or (iii) transferred from an account established pursuant to Chapter 32 (§ 55-555 et seq.) of Title 55 into another account established pursuant to such chapter for the benefit of another qualified beneficiary.

For purposes of this subdivision, "account holder," "eligible costs," "first-time home buyer savings account," and "qualified beneficiary" mean the same as those terms are defined in § 55-555.

37. For taxable years beginning on or after January 1, 2015, any income for the taxable year attributable to the discharge of a student loan solely by reason of the student's death. For purposes of this subdivision, "student loan" means the same as that term is defined under § 108(f) of the Internal Revenue Code.

D. In computing Virginia taxable income there shall be deducted from Virginia adjusted gross income as defined in § 58.1-321:

1. a. The amount allowable for itemized deductions for federal income tax purposes where the taxpayer has elected for the taxable year to itemize deductions on his federal return, but reduced by the amount of income taxes imposed by the Commonwealth or any other taxing jurisdiction and deducted on such federal return and increased by an amount which, when added to the amount deducted under § 170 of the Internal Revenue Code for mileage, results in a mileage deduction at the state level for such purposes at a rate of 18 cents per mile; or

b. Three thousand dollars for single individuals and \$6,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return) for taxable years beginning on and after January 1, 2005; provided that the taxpayer has not itemized deductions for the taxable year on his federal income tax return. For purposes of this section, any person who may be claimed as a dependent on another taxpayer's return for the taxable year may compute the deduction only with respect to earned income.

2. a. A deduction in the amount of \$900 for taxable years beginning on and after January 1, 2005, but before January 1, 2008; and \$930 for taxable years beginning on and after January 1, 2008, for each personal exemption allowable to the taxpayer for federal income tax purposes.

b. For taxable years beginning on and after January 1, 1987, each blind or aged taxpayer as defined under § 63(f) of the Internal Revenue Code shall be entitled to an additional personal exemption in the amount of \$800.

The additional deduction for blind or aged taxpayers allowed under this subdivision shall be allowable regardless of whether the taxpayer itemizes deductions for the taxable year for federal income tax purposes.

3. A deduction equal to the amount of employment-related expenses upon which the federal credit is based under § 21 of the Internal Revenue Code for expenses for household and dependent care services necessary for gainful employment.

4. An additional \$1,000 deduction for each child residing for the entire taxable year in a home under permanent foster care placement as defined in § 63.2-908, provided the taxpayer can also claim the child as a personal exemption under § 151 of the Internal Revenue Code.

5. a. For taxable years beginning on and after January 1, 2004, a deduction in the amount of \$12,000 for individuals born on or before January 1, 1939.

b. For taxable years beginning on and after January 1, 2004, a deduction in the amount of \$12,000 for individuals born after January 1, 1939, who have attained the age of 65. This deduction shall be reduced by \$1 for every \$1 that the taxpayer's adjusted federal adjusted gross income exceeds \$50,000 for single taxpayers or \$75,000 for married taxpayers. For married taxpayers filing separately, the deduction will be reduced by \$1 for every \$1 the total combined adjusted federal adjusted gross income of both spouses exceeds \$75,000.

For the purposes of this subdivision, "adjusted federal adjusted gross income" means federal adjusted gross income minus any benefits received under Title II of the Social Security Act and other benefits subject to federal income taxation solely pursuant to § 86 of the Internal Revenue Code, as amended.

A deduction shall be allowed to the purchaser or contributor for the amount paid or contributed during the taxable year for a prepaid tuition contract or savings trust account entered into with the Virginia College Savings Plan, pursuant to Chapter 4.9 (§ 23-38.75 et seq.) of Title 23. Except as provided in subdivision 7 c, the amount deducted on any individual income tax return in any taxable year shall be limited to \$4,000 per prepaid tuition contract or savings trust account. No deduction shall be allowed pursuant to this section if such payments or contributions are deducted on the purchaser's or contributor's federal income tax return. If the purchase price or annual contribution to a savings trust account exceeds \$4,000, the remainder may be carried forward and subtracted in future taxable years until the purchase price or savings trust contribution has been fully deducted; however, except as provided in subdivision 7 c, in no event shall the amount deducted in any taxable year exceed \$4,000 per contract or savings trust account. Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than (i) to pay qualified higher education expenses, as

defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death, disability, or receipt of a scholarship. For the purposes of this subdivision, the term "purchaser" or "contributor" means the person shown as such on the records of the Virginia College Savings Plan as of December 31 of the taxable year. In the case of a transfer of ownership of a prepaid tuition contract or savings trust account, the transferee shall succeed to the transferor's tax attributes associated with a prepaid tuition contract or savings trust account, including, but not limited to, carryover and recapture of deductions.

b. The amount paid for a prepaid tuition contract during taxable years beginning on or after January 1, 1996, but before January 1, 1998, shall be deducted in taxable years beginning on or after January 1, 1998, and shall be subject to the limitations set out in subdivision 7 a.

c. A purchaser of a prepaid tuition contract or contributor to a savings trust account who has attained age 70 shall not be subject to the limitation that the amount of the deduction not exceed \$4,000 per prepaid tuition contract or savings trust account in any taxable year. Such taxpayer shall be allowed a deduction for the full amount paid for the contract or contributed to a savings trust account, less any amounts previously deducted.

9. For taxable years beginning on and after January 1, 1999, an amount equal to 20 percent of the tuition costs incurred by an individual employed as a primary or secondary school teacher licensed pursuant to Chapter 15 (§ 22.1-289.1 et seq.) of Title 22.1 to attend continuing teacher education courses that are required as a condition of employment; however, the deduction provided by this subsection shall be available only if (i) the individual is not reimbursed for such tuition costs and (ii) the individual has not claimed a deduction for the payment of such tuition costs on his federal income tax return.

10. For taxable years beginning on or after January 1, 2000, the amount an individual pays annually in premiums for long-term health care insurance, provided the individual has not claimed a deduction for federal income tax purposes, or, for taxable years beginning before January 1, 2014, a credit under § 58.1-339.11. For taxable years beginning on or after January 1, 2014, no such deduction for long-term health care insurance premiums paid by the individual during the taxable year shall be allowed if the individual has claimed a federal income tax deduction for such taxable year for long-term health care insurance premiums paid by him.

11. For taxable years beginning on and after January 1, 2006, contract payments to a producer of quota tobacco or a tobacco quota holder, or their spouses, as provided under the American Jobs Creation Act of 2004 (P.L. 108-357), but only to the extent that such payments have not been subtracted pursuant to subsection D of § 58.1-402, as follows:

a. If the payment is received in installment payments, then the recognized gain, including any gain recognized in taxable year 2005, may be subtracted in the taxable year immediately following the year in which the installment payment is received.

b. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

12. For taxable years beginning on and after January 1, 2007, an amount equal to 20 percent of the sum paid by an individual pursuant to Chapter 6 (§ 58.1-600 et seq.), not to exceed \$500 in each taxable year, in purchasing for his own use the following items of tangible personal property: (i) any clothes washers, room air conditioners, dishwashers, and standard size refrigerators that meet or exceed the applicable energy star efficiency requirements developed by the United States Environmental Protection Agency and the United States Department of Energy; (ii) any fuel cell that (a) generates electricity using an electrochemical process, (b) has an electricity-only generation efficiency greater than 35 percent, and (c) has a generating capacity of at least two kilowatts; (iii) any gas heat pump that has a coefficient of performance of at least 1.25 for heating and at least 0.70 for cooling; (iv) any electric heat pump hot water heater that yields an energy factor of at least 1.7; (v) any electric heat pump that has a heating system performance factor of at least 8.0 and a cooling seasonal energy efficiency ratio of at least 13.0; (vi) any central air conditioner that has a cooling seasonal energy efficiency ratio of at least 13.5; (vii) any advanced gas or oil water heater that has an energy factor of at least 0.65; (viii) any advanced oil-fired boiler with a minimum annual fuel-utilization rating of 85; (ix) any advanced oil-fired furnace with a minimum annual fuel-utilization rating of 85; and (x) programmable thermostats.

The deduction may be taken in the taxable year in which the donation is made or the taxable year in which the 12-month period expires.

14. For taxable years beginning on or after January 1, 2013, the amount an individual age 66 or older with earned income of at least \$20,000 for the year and federal adjusted gross income not in excess of \$30,000 for the year pays annually in premiums for (i) a prepaid funeral insurance policy covering the individual or (ii) medical or dental insurance for any person for whom individual tax filers may claim a deduction for such premiums under federal income tax laws. "Earned income" means the same as that term is defined in § 32(c) of the Internal Revenue Code of 1954, as amended or renumbered. The Treasury Board may contract for services of such registrars, transfer agents, or other authenticating agents as it deems appropriate to maintain a record of the persons entitled to the bonds and BANs. Bonds and BANs issued in certificated form may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments on the bonds and BANs. The Treasury Board shall fix the authorized denomination or denominations of the bonds and the place or places of payment of certificated bonds and BANs, which may be at the Office of the State Treasurer or at any bank or trust company within or without the Commonwealth. Bonds shall mature at such time or times not exceeding 30 years from their date or dates, and BANs shall mature at such time or times not exceeding five years from their date or dates.

*The Treasury Board may sell bonds and BANs in such manner, by competitive bidding, negotiated sale, or private placement, and for such price or within such price parameters as it may determine, by and with the consent of the Governor, to be in the best interest of the Commonwealth.*

*In the discretion of the Treasury Board, bonds and BANs may be issued at one time or from time to time and may be sold and issued at the same time with other general obligation bonds and BANs, respectively, of the Commonwealth authorized pursuant to Article X, Section 9 (a) (3), (b), and (c) of the Constitution of Virginia, as separate issues or as a combined issue, designated "Commonwealth of Virginia General Obligation Bonds Bond Anticipation Notes, Series ....."*

**§ 5. Execution of bonds and BANs.**

*Certificated bonds and BANs shall be signed on behalf of the Commonwealth by the Governor and by the State Treasurer, or shall bear their facsimile signatures, and shall bear the lesser seal of the Commonwealth or a facsimile thereof. If the bonds or BANs bear the facsimile signature of the State Treasurer, they shall be signed by such administrative assistant as the State Treasurer shall determine or by such registrar or paying agent as may be designated to sign them by the Treasury Board. If any officer whose signature or facsimile signature appears on any bonds or BANs ceases to be such officer before delivery, such signature or facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery, and any bond or BAN may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution are the proper officers to sign such bond or BAN, although at the date of such bond or BAN such persons may not have been such officers.*

**§ 6. Sources for payment of expenses.**

*All expenses incurred under this act shall be paid from the proceeds of bonds or BANs, from payments made by the institutions for which the capital projects were authorized in § 2, or from any other available funds as the Treasury Board shall determine.*

**§ 7. Revenues.**

*The institution of higher education named in § 2 is hereby authorized (i) to fix, revise, charge and collect rates, fees, and charges for or in connection with the use, occupancy, and services of each capital project named in § 2 or the system of which such capital project is a part and (ii) to pledge to the portion of the bonds or BANs issued for such capital project the net revenues resulting from such rates, fees, and charges and remaining after payment of the expenses of operating the project or system, as the case may be. The institution is further authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the bonds and other reserves required by any agency of the United States of America purchasing the bonds or any portion thereof.*

**§ 8. Investments and contracts.**

*A. Pending the application of the proceeds of the bonds or BANs (including refunding bonds and BANs) to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of bonds or BANs, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds or any BANs and shall be used in the same manner as required for principal of the bonds or BANs.*

*B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include, without limitation, contracts commonly known as interest rate swap agreements and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Commonwealth in connection with, or incidental to, entering into or maintaining any (i) agreement that secures bonds or BANs or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commonwealth, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate. The determinations referred to in this subsection may be made by the Treasury Board or any public funds manager with professional investment capabilities duly authorized by the Treasury Board to make such determinations.*

*C. Any money set aside and pledged to secure payments of bonds, BANs, or any of the contracts entered into pursuant to this section may be invested in accordance with subsection A and may be pledged to and used to service any of the contracts or other arrangements entered into pursuant to subsection B.*

**§ 9. Security for bonds and BANs.**

*The net revenues of the capital projects set forth above and the full faith and credit of the Commonwealth are hereby irrevocably pledged for the payment of the principal of and the interest on bonds and BANs (unless the Treasury Board, by and with the consent of the Governor, shall provide otherwise) issued under this act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and interest and any premium on the BANs or bonds to be paid or redeemed thereby. In the event the net revenues pledged to the payment of the bonds or BANs are insufficient in any fiscal year for the timely payment of the principal of, premium, if any, and interest on the bonds or BANs, where the full faith and credit of the Commonwealth have been pledged, the General Assembly shall appropriate a sum sufficient therefor or the Governor shall direct payment therefor from the general fund revenues of the Commonwealth.*

§ 10. *Exemption of interest from tax.*

*The bonds and BANs issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town or other political subdivision thereof. The Treasury Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the participating institutions to do and to covenant likewise, to the extent that, in the judgment of the Treasury Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.*

§ 11. *Refunding bonds and BANs.*

*The Treasury Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth, and to refund any or all of the bonds and BANs, respectively, issued under this act or otherwise authorized pursuant to Article X, Section 9 (c) of the Constitution of Virginia. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.*

§ 12. *Defeasance.*

*Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company, within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this act, and Article X, Section 9 (b) or (c) of the Constitution of Virginia, as the case may be.*

§ 13. *Severability.*

*The provisions of this act or the application thereof to any person or circumstance that are held invalid shall not affect the validity of other provisions or applications of this act that can be given effect without the invalid provisions or applications.*

**2. That an emergency exists and this act is in force from its passage.**

## CHAPTER 69

*An Act to amend and reenact § 46.2-752 of the Code of Virginia, relating to local motor vehicle taxes and license fees.*

[H 1966]

Approved March 10, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 46.2-752 of the Code of Virginia is amended and reenacted as follows:**

**§ 46.2-752. Taxes and license fees imposed by counties, cities, and towns; limitations on amounts; disposition of revenues; requiring evidence of payment of personal property taxes and certain fines; prohibiting display of licenses after expiration; failure to display valid local license required by other localities; penalty.**

A. Except as provided in § 46.2-755, counties, cities, and towns may levy and assess taxes and charge license fees on motor vehicles, trailers, and semitrailers. However, none of these taxes and license fees shall be assessed or charged by any county on vehicles owned by residents of any town located in the county when such town constitutes a separate school district if the vehicles are already subject to town license fees and taxes, nor shall a town charge a license fee to any new resident of the town, previously a resident of a county within which all or part of the town is situated, who has previously paid a license fee for the same tax year to such county. The amount of the license fee or tax imposed by any county, city, or town on any motor vehicle, trailer, or semitrailer shall not be greater than the annual or one-year fee imposed by the Commonwealth on the motor vehicle, trailer, or semitrailer. The license fees and taxes shall be imposed in such manner, on such basis, for such periods, and subject to proration for fractional periods of years, as the proper local authorities may determine.

Owners or lessees of motor vehicles, trailers, and semitrailers who have served outside of the United States in the armed services of the United States shall have a 90-day grace period, beginning on the date they are no longer serving outside the United States, in which to comply with the requirements of this section. In the case of active members of volunteer rescue squads and volunteer fire departments, applications for such licenses shall be accompanied by written evidence, in a form acceptable to the locality, of their active membership, and no member shall be issued more than one such license free of charge,
  12. All vehicles having a situs for the imposition of licensing fees under this section in the locality,

20. Vehicles owned or leased by members of the Virginia Defense Force; however, no member of the Virginia Defense Force shall be issued more than one such license free of charge.

The governing body of any county, city, or town issuing licenses under this section may by ordinance provide for a 50 percent reduction in the fee charged for the issuance of any such license issued for any vehicle owned or leased by any person who is 65 years old or older. No such discount, however, shall be available for more than one vehicle owned or leased by the same person.

The governing body of any county, city, or town issuing licenses free of charge under this subsection may by ordinance provide for (i) the limitation, restriction, or denial of such free issuance to an otherwise qualified applicant, including without limitation the denial of free issuance to a taxpayer who has failed to timely pay personal property taxes due with respect to the vehicle and (ii) the grounds for such limitation, restriction, or denial.

The situs for the imposition of licensing fees under this section shall in all cases, except as hereinafter provided, be the county, city, or town in which the motor vehicle, trailer, or semitrailer is normally garaged, stored, or parked. If it cannot be determined where the personal property is normally garaged, stored, or parked, the situs shall be the domicile of its owner. In the event the owner of the motor vehicle is a full-time student attending an institution of higher education, the situs shall be the domicile of such student, provided the student has presented sufficient evidence that he has paid a personal property tax on the motor vehicle in his domicile.

B. The revenue derived from all county, city, or town taxes and license fees imposed on motor vehicles, trailers, or semitrailers shall be applied to general county, city, or town purposes.

C. A county, city, or town may require that no motor vehicle, trailer, or semitrailer shall be locally licensed until the applicant has produced satisfactory evidence that all personal property taxes on the motor vehicle, trailer, or semitrailer to be licensed have been paid and satisfactory evidence that any delinquent motor vehicle, trailer, or semitrailer personal property taxes owing have been paid which have been properly assessed or are assessable against the applicant by the county, city, or town. A county, city, or town may also provide that no motor vehicle license shall be issued unless the tangible personal property taxes properly assessed or assessable by that locality on any tangible personal property used or usable as a dwelling titled by the Department of Motor Vehicles and owned by the taxpayer have been paid. Any county and any town within any such county may by agreement require that all personal property taxes assessed by either the county or the town on any vehicle be paid before licensure of such vehicle by either the county or the town.

C1. The Counties of Dinwiddie, Lee, and Wise may, by ordinance or resolution adopted after public notice and hearing and, with the consent of the treasurer, require that no license may be issued under this section unless the applicant has produced satisfactory evidence that all fees, including delinquent fees, payable to such county or local solid waste authority, for the disposal of solid waste pursuant to the Virginia Water and Waste Authorities Act (§ 15.2-5100 et seq.), or pursuant to § 15.2-2159, have been paid in full. For purposes of this subsection, all fees, including delinquent fees, payable to a county for waste disposal services described herein, shall be paid to the treasurer of such county; however, in Wise County, the fee shall be paid to the county or its agent.

D. The Counties of Arlington, Fairfax, Loudoun, and Prince William and towns within them and any city may require that no motor vehicle, trailer, or semitrailer shall be licensed by that jurisdiction unless all fines owed to the jurisdiction by the owner of the vehicle, trailer, or semitrailer for violation of the jurisdiction's ordinances governing parking of vehicles have been paid. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

E. If in any county imposing license fees and taxes under this section, a town therein imposes like fees and taxes on vehicles of owners resident in the town, the owner of any vehicle subject to the fees or taxes shall be entitled, on the owner's displaying evidence that he has paid the fees or taxes, to receive a credit on the fees or taxes imposed by the county to the extent of the fees or taxes he has paid to the town. Nothing in this section shall deprive any town now imposing these licenses and taxes from increasing them or deprive any town not now imposing them from hereafter doing so, but subject to the limitations provided in subsection D. The governing body of any county and the governing body of any town in that county wherein each imposes the license tax herein provided may provide mutual agreements so that not more than one license plate or decal in addition to the state plate shall be required.

F. Notwithstanding the provisions of subsection E, in a consolidated county wherein a tier-city exists, the tier-city may, in accordance with the provisions of the agreement or plan of consolidation, impose license fees and taxes under this section in addition to those fees and taxes imposed by the county, provided that the combined county and tier-city rates do not exceed the maximum provided in subsection A. No credit shall be allowed on the fees or taxes imposed by the county for fees or taxes paid to the tier-city, except as may be provided by the consolidation agreement or plan. The governing body of any county and the governing body of any tier-city in such county wherein each imposes the license tax herein may provide by mutual agreement that no more than one license plate or decal in addition to the state license plate shall be required.

G. Any county, city, or town may by ordinance provide that it shall be unlawful for any owner or operator of a motor vehicle, trailer, or semitrailer (i) to fail to obtain and, if any required by such ordinance, to display the local license required by any ordinance of the county, city or town in which the vehicle is registered, or (ii) to display upon a motor vehicle, trailer,

or semitrailer any such local license, required by ordinance to be displayed, after its expiration date. The ordinance may provide that a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor and may, in the case of a motor vehicle registered to a resident of the locality where such vehicle is registered, authorize the issuance by local law-enforcement officers of citations, summonses, parking tickets, or uniform traffic summonses for violations. Any such ordinance may also provide that a violation of the ordinance by the registered owner of the vehicle may not be discharged by payment of a fine except upon presentation of satisfactory evidence that the required license has been obtained. Nothing in this section shall be construed to require a county, city, or town to issue a decal or any other tangible evidence of a local license to be displayed on the licensed vehicle if the county's, city's, or town's ordinance does not require display of a decal or other evidence of payment. No ordinance adopted pursuant to this section shall require the display of any local license, decal, or sticker on any vehicle owned by a public service company, as defined in § 56-76, having a fleet of at least 2,500 vehicles garaged in the Commonwealth.

H. Except as provided by subsections E and F, no vehicle shall be subject to taxation under the provisions of this section in more than one jurisdiction. Furthermore, no person who has purchased a local vehicle license, decal, or sticker for a vehicle in one county, city, or town and then moves to and garages his vehicle in another county, city, or town shall be required to purchase another local license, decal, or sticker from the county, city, or town to which he has moved and wherein his vehicle is now garaged until the expiration date of the local license, decal, or sticker issued by the county, city, or town from which he moved.

I. Purchasers of new or used motor vehicles shall be allowed at least a 10-day grace period, beginning with the date of purchase, during which to pay license fees charged by local governments under authority of this section.

J. The treasurer or director of finance of any county, city, or town may enter into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew any vehicle registration of any applicant therefor who owes to such county, city or town any local vehicle license fees or delinquent tangible personal property tax or parking citations. Before being issued any vehicle registration or renewal of such license or registration by the Commissioner, the applicant shall first satisfy all such local vehicle license fees and delinquent taxes or parking citations and present evidence satisfactory to the Commissioner that all such local vehicle license fees and delinquent taxes or parking citations have been paid in full. The Commissioner shall charge a reasonable fee to cover the costs of such enforcement action, and the treasurer or director of finance may add the cost of this fee to the delinquent tax bill or the amount of the parking citation. The treasurer or director of finance of any county, city, or town seeking to collect delinquent taxes or parking citations through the withholding of registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided for in his agreement with the Commissioner and supply to the Commissioner information necessary to identify the debtor whose registration or renewal is to be denied. Any agreement entered into pursuant to the provisions of this subsection shall provide the debtor notice of the intent to deny renewal of registration at least 30 days prior to the expiration date of a current vehicle registration. For the purposes of this subsection, notice by first-class mail to the registrant's address as maintained in the records of the Department of Motor Vehicles shall be deemed sufficient. In the case of parking violations, the Commissioner shall only refuse to issue or renew the vehicle registration of any applicant therefor pursuant to this subsection for the vehicle that incurred the parking violations. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

K. The governing bodies of any two or more counties, cities, or towns may enter into compacts for the regional enforcement of local motor vehicle license requirements. The governing body of each participating jurisdiction may by ordinance require the owner or operator of any motor vehicle, trailer, or semitrailer to display on his vehicle a valid local license issued by another county, city, or town that is a party to the regional compact, provided that the owner or operator is required by the jurisdiction of situs, as provided in § 58.1-3511, to obtain and display such license. The ordinance may also provide that no motor vehicle, trailer, or semitrailer shall be locally licensed until the applicant has produced satisfactory evidence that (i) all personal property taxes on the motor vehicle, trailer, or semitrailer to be licensed have been paid to all participating jurisdictions and (ii) any delinquent motor vehicle, trailer, or semitrailer personal property taxes that have been properly assessed or are assessable by any participating jurisdiction against the applicant have been paid. Any city and any county having the urban county executive form of government, the counties adjacent to such county and towns within them may require that no motor vehicle, trailer, or semitrailer shall be licensed by that jurisdiction or any other jurisdiction in the compact unless all fines owed to any participating jurisdiction by the owner of the vehicle for violation of any participating jurisdiction's ordinances governing parking of vehicles have been paid. The ordinance may further provide that a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor. Any such ordinance may also provide that a violation of the ordinance by the owner of the vehicle may not be discharged by payment of a fine and applicable court costs except upon presentation of satisfactory evidence that the required license has been obtained. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

L. In addition to the taxes and license fees permitted in subsection A, counties, cities, and towns may charge a license fee of no more than \$1 per motor vehicle, trailer, and semitrailer. Except for the provisions of subsection B, such fee shall be subject to all other provisions of this section. All funds collected pursuant to this subsection shall be paid pursuant to § 51.1-1204 to the Volunteer Firefighters' and Rescue Squad Workers' Service Award Fund to the accounts of all members of the Fund who are volunteers for fire departments or rescue squads within the jurisdiction of the particular county, city, or town.

*M. In any county, the county treasurer or comparable officer and the treasurer of any town located wholly or partially within such county may enter into a reciprocal agreement, with the approval of the respective local governing bodies, that provides for the town treasurer to collect current, non-delinquent license fees or taxes on any motor vehicle, trailer, or semitrailer owed to the county or for the county treasurer to collect current, non-delinquent license fees or taxes owed to the town. A treasurer or comparable officer collecting any such license fee or tax pursuant to an agreement entered into under this subsection shall account for and pay over such amounts to the locality owed such license fee or tax in the same manner as provided by law. As used in this subsection, with regard to towns, "treasurer" means the town officer or employee vested with authority by the charter, statute, or governing body to collect local taxes.*

A. Interest shall be allowed and paid upon the overpayment of any tax administered by the Department, the refund of which is permitted or required under the provisions of this article, or on moneys improperly collected from the taxpayer and refunded pursuant to § 58.1-1822, at a rate equal to the rate of interest established pursuant to § 58.1-15. Such interest shall accrue from a date sixty days after payment of the tax, or sixty days after the last day prescribed by law for such payment, whichever is later, and shall end on a date determined by the Department preceding the date of the refund check by not more than thirty days. Notwithstanding the above, any tax refunded pursuant to a court order or otherwise as a result of an erroneous assessment shall bear interest from the date the assessment was paid. No interest will be paid on sales taxes refunded to a dealer unless the dealer agrees to pass such interest on to the purchaser.

B. 1. Notwithstanding the provisions of subsection A, if an individual overpays his individual income tax, the overpayment was for individual income taxes for the immediately preceding taxable year, and the overpayment has not been refunded, then interest shall accrue on the amount of the overpayment, beginning:

(i) thirty days after payment of such tax if the individual filed his individual income tax return via electronic means; or  
(ii) sixty days after payment of such tax if the individual filed his individual income tax return using a method other than electronic means.

In no case shall interest be paid for the overpayment of the same tax pursuant to this subsection and subsection A.

2. For the purposes of this subsection, interest shall accrue at a rate equal to the rate of interest established pursuant to § 58.1-15. Such interest shall end on a date determined by the Department preceding the date of the refund check by not more than seven days.

2. Any corporate or estate and trust income tax deducted and withheld at the source and paid to the Department, and any amount paid as estimated tax, shall be deemed to have been paid on the day on which the return for such year's income was filed, or the last day prescribed by law for filing such return, whichever is later; and

3. Any overpayment of tax resulting from the carry-back of a net operating loss or net capital loss shall be deemed to have been made on the day on which the return for the year in which the loss occurred was filed, or the last day prescribed by law for such filing, whichever is later.

The Tax Commissioner and the State Comptroller shall implement procedures to allow an individual requesting a refund of the overpayment of individual income tax when filing his individual income tax return to elect on such return to have the refund paid by check mailed to the address provided on his return. The ability of the individual to elect such refund check shall be in addition to other methods utilized by the State Comptroller for the payment of such refund, including but not limited to direct deposits or other electronic means.*

*§ 6. Sources for payment of expenses.*

*All expenses incurred under this act shall be paid from the proceeds of bonds or BANs, from payments made by the institutions for which the capital projects were authorized in § 2, or from any other available funds as the Treasury Board shall determine.*

§ 7. Revenues.

The institution of higher education named in § 2 is hereby authorized (i) to fix, revise, charge and collect rates, fees, and charges for or in connection with the use, occupancy, and services of each capital project named in § 2 or the system of which such capital project is a part and (ii) to pledge to the portion of the bonds or BANs issued for such capital project the net revenues resulting from such rates, fees, and charges and remaining after payment of the expenses of operating the project or system, as the case may be. The institution is further authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the bonds and other reserves required by any agency of the United States of America purchasing the bonds or any portion thereof.

§ 8. Investments and contracts.

A. Pending the application of the proceeds of the bonds or BANs (including refunding bonds and BANs) to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of bonds or BANs, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds or any BANs and shall be used in the same manner as required for principal of the bonds or BANs.

B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include, without limitation, contracts commonly known as interest rate swap agreements and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Commonwealth in connection with, or incidental to, entering into or maintaining any (i) agreement that secures bonds or BANs or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commonwealth, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate. The determinations referred to in this subsection may be made by the Treasury Board or any public funds manager with professional investment capabilities duly authorized by the Treasury Board to make such determinations.

C. Any money set aside and pledged to secure payments of bonds, BANs, or any of the contracts entered into pursuant to this section may be invested in accordance with subsection A and may be pledged to and used to service any of the contracts or other arrangements entered into pursuant to subsection B.

§ 9. Security for bonds and BANs.

The net revenues of the capital projects set forth above and the full faith and credit of the Commonwealth are hereby irrevocably pledged for the payment of the principal of and the interest on bonds and BANs (unless the Treasury Board, by and with the consent of the Governor, shall provide otherwise) issued under this act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and interest and any premium on the BANs or bonds to be paid or redeemed thereby. In the event the net revenues pledged to the payment of the bonds or BANs are insufficient in any fiscal year for the timely payment of the principal of, premium, if any, and interest on the bonds or BANs, where the full faith and credit of the Commonwealth have been pledged, the General Assembly shall appropriate a sum sufficient therefor or the Governor shall direct payment therefor from the general fund revenues of the Commonwealth.

§ 10. Exemption of interest from tax.

The bonds and BANs issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town or other political subdivision thereof. The Treasury Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the participating institutions to do and to covenant likewise, to the extent that, in the judgment of the Treasury Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.

§ 11. Refunding bonds and BANs.

The Treasury Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth, and to refund any or all of the bonds and BANs, respectively, issued under this act or otherwise authorized pursuant to Article X, Section 9 (c) of the Constitution of Virginia. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.

§ 12. Defeasance.

Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company, within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this act, and Article X, Section 9 (b) or (c) of the Constitution of Virginia, as the case may be.

§ 13. Severability.

*The provisions of this act or the application thereof to any person or circumstance that are held invalid shall not affect the validity of other provisions or applications of this act that can be given effect without the invalid provisions or applications.*

**2. That an emergency exists and this act is in force from its passage.**

**§ 58.1-422.2. Apportionment; taxpayers with enterprise data center operations.**

A. For taxable years beginning on or after July 1, 2016, the Virginia taxable income of taxpayers with enterprise data center operations, excluding income allocable under § 58.1-407, shall be apportioned within and without the Commonwealth as follows:

1. From July 1, 2016, until July 1, 2017, by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor plus quadruple the sales factor and the denominator of which is six, except that when the sales factor does not exist, the denominator of the fraction shall be the number of existing factors, and when the sales factor exists but the payroll factor or property factor does not exist, the denominator of the fraction shall be the number of existing factors plus three; and

Accordingly, the provisions of subsection C relating to capital investment in enterprise data centers are integral to the purpose of this section. If any provision of this section is for any reason held to be invalid or unconstitutional by the decision of a court of competent jurisdiction, that provision shall not be deemed severable.

*E. The Board shall adopt regulations requiring the payment of a fee for the land application of solid or semisolid industrial wastes, pursuant to permits issued under this section, in localities that have adopted ordinances in accordance*

with subsection D. The person land applying industrial wastes shall (i) provide advance notice of the estimated fee to the generator of the industrial wastes unless notification is waived, (ii) collect the fee from the generator, and (iii) remit the fee to the Department of Environmental Quality as provided by regulation. The fee shall be imposed on each dry ton of solid or semisolid industrial wastes that is land applied in a locality in accordance with the regulations adopted by the Board. The regulations shall include requirements and procedures for:

1. Collection of fees by the Department of Environmental Quality;

F. The Department, in consultation with the Department of Health, the Department of Conservation and Recreation, the Department of Agriculture and Consumer Services, and the Virginia Cooperative Extension Service, shall establish and implement a program to train persons employed by those local governments that have adopted ordinances, pursuant to this section, to test and monitor the land application of industrial wastes. The program shall include, at a minimum, instruction in (i) the provisions of the Virginia Pollution Abatement Permit Regulation; (ii) land application methods and equipment, including methods and processes for preparation and stabilization of industrial wastes that are land applied; (iii) sampling and chain of custody control; (iv) preparation and implementation of nutrient management plans for land application sites; (v) complaint response and preparation of complaint and inspection reports; (vi) enforcement authority and procedures; (vii) interaction and communication with the public; and (viii) preparation of applications for reimbursement of local monitoring costs disbursed pursuant to subsection G of § 62.1-44.19:3. To the extent feasible, the program shall emphasize in-field instruction and practical training. Persons employed by local governments shall successfully complete such training before the local government may request reimbursement from the Board for testing and monitoring of land application of solid or semisolid industrial wastes performed by the person. The completion of training shall not be a prerequisite to the exercise of authority granted to local governments by any applicable provision of law.

The Department may:

1. Charge attendees a reasonable fee to recover the actual costs of preparing course materials and providing facilities and instructors for the program. The fee shall be reimbursable from the Fund established pursuant to subsection G of § 62.1-44.19:3; and
2. Request and accept the assistance and participation of other state agencies and institutions in preparing and presenting the course of training established by this subsection.

**§ 62.1-44.16:1. Local enforcement of industrial waste permits.**

A. Any locality that has adopted an ordinance for the testing and monitoring of the land application of industrial wastes pursuant to § 62.1-44.16 shall have the authority to order the abatement of any violation of § 62.1-44.16 or of any violation of any permit or certificate issued under that section. Such abatement order shall identify the activity constituting the violation, specify the provision of the Code of Virginia or permit condition violated by the activity, and order that the activity cease immediately.

B. In the event of any dispute concerning the existence of a violation, the activity alleged to be in violation shall be halted pending a determination by the Director, whose decision shall be final and binding unless reversed on judicial appeal pursuant to § 2.2-4026. Any person who fails or refuses to halt such activity may be compelled to do so by injunction issued by a court having competent jurisdiction. Upon determination by the Director that there has been a violation of § 62.1-44.16 or of any permit or certificate issued under that section and that such violation poses an imminent threat to public health, safety, or welfare, the Department shall commence appropriate action to abate the violation and immediately notify the chief administrative officer of any locality potentially affected by the violation. Neither the Board, the Commonwealth, nor any employee of the Commonwealth shall be liable for failing to provide the notification required by this section.

C. Local governments shall promptly notify the Department of all results from the testing and monitoring of the land application of industrial wastes performed by persons employed by local governments and any violation of § 62.1-44.16 or of any violation of any permit or certificate issued under that section, discovered by local governments.

**§ 62.1-44.19:3. Prohibition on land application, marketing and distribution of sewage sludge without permit; ordinances; notice requirement; fees.**

A. 1. No owner of a sewage treatment works shall land apply, market or distribute sewage sludge from such treatment works except in compliance with a valid Virginia Pollutant Discharge Elimination System Permit or valid Virginia Pollution Abatement Permit.

2. Sewage sludge shall be treated to meet standards for land application as required by Board regulation prior to delivery at the land application site. No person shall alter the composition of sewage sludge at a site approved for land application of sewage sludge under a Virginia Pollution Abatement Permit or a Virginia Pollutant Discharge Elimination System. Any person who engages in the alteration of such sewage sludge shall be subject to the penalties provided in Article 6 (§ 62.1-44.31 et seq.) of this chapter. The addition of lime or deodorants to sewage sludge that has been treated to meet land application standards shall not constitute alteration of the composition of sewage sludge. The Department may authorize public institutions of higher education to conduct scientific research on the composition of sewage sludge that may be applied to land.

3. No person shall contract or propose to contract, with the owner of a sewage treatment works, to land apply, market or distribute sewage sludge in the Commonwealth, nor shall any person land apply, market or distribute sewage sludge in the Commonwealth without a current Virginia Pollution Abatement Permit authorizing land application, marketing or distribution of sewage sludge and specifying the location or locations, and the terms and conditions of such land application, marketing or distribution. The permit application shall not be complete unless it includes the landowner's written consent to apply sewage sludge on his property.

4. The land disposal of lime-stabilized septage and unstabilized septage is prohibited.

5. Beginning July 1, 2007, no application for a permit or variance to authorize the storage of sewage sludge shall be complete unless it contains certification from the governing body of the locality in which the sewage sludge is to be stored that the storage site is consistent with all applicable ordinances. The governing body shall confirm or deny consistency within 30 days of receiving a request for certification. If the governing body does not so respond, the site shall be deemed consistent.

B. The Board, with the assistance of the Department of Conservation and Recreation and the Department of Health, shall adopt regulations to ensure that (i) sewage sludge permitted for land application, marketing, or distribution is properly treated or stabilized; (ii) land application, marketing, and distribution of sewage sludge is performed in a manner that will protect public health and the environment; and (iii) the escape, flow or discharge of sewage sludge into state waters, in a manner that would cause pollution of state waters, as those terms are defined in § 62.1-44.3, shall be prevented.

C. Regulations adopted by the Board, with the assistance of the Department of Conservation and Recreation and the Department of Health pursuant to subsection B, shall include:

1. Requirements and procedures for the issuance and amendment of permits, including general permits, authorizing the land application, marketing or distribution of sewage sludge;

2. Procedures for amending land application permits to include additional application sites and sewage sludge types;

3. Standards for treatment or stabilization of sewage sludge prior to land application, marketing or distribution;

4. Requirements for determining the suitability of land application sites and facilities used in land application, marketing or distribution of sewage sludge;

8. Requirements for site-specific nutrient management plans, which shall be developed by persons certified in accordance with § 10.1-104.2 prior to land application for all sites where sewage sludge is land applied, and approved by the Department of Conservation and Recreation prior to permit issuance under specific conditions, including but not limited to, sites operated by an owner or lessee of a Confined Animal Feeding Operation, as defined in subsection A of § 62.1-44.17:1, or Confined Poultry Feeding Operation, as defined in § 62.1-44.17:1.1, sites where the permit authorizes land application more frequently than once every three years at greater than 50 percent of the annual agronomic rate, and other sites based on site-specific conditions that increase the risk that land application may adversely impact state waters;

9. Procedures for the prompt investigation and disposition of complaints concerning land application of sewage sludge, including the requirements that (i) holders of permits issued under this section shall report all complaints received by them to the Department and to the local governing body of the jurisdiction in which the complaint originates, and (ii) localities receiving complaints concerning land application of sewage sludge shall notify the Department and the permit holder. The Department shall maintain a searchable electronic database of complaints received during the current and preceding calendar year, which shall include information detailing each complaint and how it was resolved; and

10. Procedures for receiving and responding to public comments on applications for permits and for permit amendments authorizing land application at additional sites. Such procedures shall provide that an application for any permit amendments to increase the acreage authorized by the initial permit by 50 percent or more shall be treated as a new application for purposes of public notice and public hearings.

D. Prior to issuance of a permit authorizing the land application, marketing or distribution of sewage sludge, the Department shall consult with, and give full consideration to the written recommendations of the Department of Health and the Department of Conservation and Recreation. Such consultation shall include any public health risks or water quality impacts associated with the permitted activity. The Department of Health and the Department of Conservation and Recreation may submit written comments on proposed permits within 30 days after notification by the Department.

E. Where, because of site-specific conditions, including soil type, identified during the permit application review process, the Department determines that special requirements are necessary to protect the environment or the health, safety or welfare of persons residing in the vicinity of a proposed land application site, the Department may incorporate in the permit at the time it is issued reasonable special conditions regarding buffering, transportation routes, slope, material source, methods of handling and application, and time of day restrictions exceeding those required by the regulations adopted under this section. Before incorporating any such conditions into the permit, the Department shall provide written notice to the permit applicant, specifying the reasons therefor and identifying the site-specific conditions justifying the additional requirements. The Department shall incorporate into the notice any written requests or recommendations concerning such site-specific conditions submitted by the local governing body where the land application is to take place. The permit applicant shall have at least 14 days in which to review and respond to the proposed conditions.

F. The Board shall adopt regulations prescribing a fee to be charged to all permit holders and persons applying for permits and permit modifications pursuant to this section. All fees collected pursuant to this subsection shall be deposited into the Sludge Management Fund. The fee for the initial issuance of a permit shall be \$5,000. The fee for the reissuance, amendment, or modification of a permit for an existing site shall not exceed \$1,000 and shall be charged only for permit actions initiated by the permit holder. Fees collected under this section shall be exempt from statewide indirect costs charged and collected by the Department of Accounts and shall not supplant or reduce the general fund appropriation to the Department.

G. There is hereby established in the treasury a special fund to be known as the Sludge Management Fund, hereinafter referred to as the Fund. The fees required by this section *and by subsection E of § 62.1-44.16* shall be transmitted to the Comptroller to be deposited into the Fund. The income and principal of the Fund shall be used only and exclusively (i) for the Department's direct and indirect costs associated with the processing of an application to issue, reissue, amend, or modify any permit to land apply, distribute, or market sewage sludge, *or industrial wastes*, the administration and management of the Department's sewage sludge *and industrial wastes* land application ~~program programs~~, including ~~but not limited to~~, monitoring and inspecting, *and* the Department of Conservation and Recreation's costs for implementation of the sewage sludge application program; and (ii) to reimburse localities with duly adopted ordinances providing for the testing and monitoring of the land application of sewage sludge *or solid or semisolid industrial wastes*. The State Treasurer shall be the custodian of the moneys deposited in the Fund. No part of the Fund, either principal or interest earned thereon, shall revert to the general fund of the state treasury.

H. All persons holding or applying for a permit authorizing the land application of sewage sludge shall provide to the Board written evidence of financial responsibility, which shall be available to pay claims for cleanup costs, personal injury, and property damages resulting from the transportation, storage or land application of sewage sludge. The Board shall, by regulation, establish and prescribe mechanisms for meeting the financial responsibility requirements of this section.

I. Any county, city or town may adopt an ordinance that provides for the testing and monitoring of the land application of sewage sludge within its political boundaries to ensure compliance with applicable laws and regulations.

J. The Department, upon the timely request of any individual to test the sewage sludge at a specific site, shall collect samples of the sewage sludge at the site prior to the land application and submit such samples to a laboratory. The testing shall include an analysis of the (i) concentration of trace elements, (ii) coliform count, and (iii) pH level. The results of the laboratory analysis shall be (a) furnished to the individual requesting that the test be conducted and (b) reviewed by the Department. The person requesting the test and analysis of the sewage sludge shall pay the costs of sampling, testing, and analysis.

K. At least 100 days prior to commencing land application of sewage sludge at a permitted site, the permit holder shall deliver or cause to be delivered written notification to the chief executive officer or his designee for the local government where the site is located. The notice shall identify the location of the permitted site and the expected sources of the sewage sludge to be applied to the site. This requirement may be satisfied by providing a list of all available permitted sites in the locality at least 100 days prior to commencing the application at any site on the list. This requirement shall not apply to any application commenced prior to October 10, 2005. If the site is located in more than one county, the notice shall be provided to all jurisdictions where the site is located.

L. The permit holder shall deliver or cause to be delivered written notification to the Department at least 14 days prior to commencing land application of sewage sludge at a permitted site. The notice shall identify the location of the permitted site and the expected sources of the sewage sludge to be applied to the site.

M. The Department shall randomly conduct unannounced site inspections while land application of sewage sludge is in progress at a sufficient frequency to determine compliance with the requirements of this section, § 62.1-44.19:3.1, or regulations adopted under those sections.

N. Surface incorporation into the soil of sewage sludge applied to cropland may be required when practicable and compatible with a soil conservation plan meeting the standards and specifications of the U.S. Department of Agriculture Natural Resources Conservation Service.

O. The Board shall develop regulations specifying and providing for extended buffers to be employed for application of sewage sludge (i) to hay, pasture, and forestlands; or (ii) to croplands where surface incorporation is not practicable or is incompatible with a soil conservation plan meeting the standards and specifications of the U.S. Department of Agriculture Natural Resources Conservation Service. Such extended buffers may be included by the Department as site specific permit conditions pursuant to subsection E, as an alternative to surface incorporation when necessary to protect odor sensitive receptors as determined by the Department or the local monitor.

P. The Board shall adopt regulations requiring the payment of a fee for the land application of sewage sludge, pursuant to permits issued under this section. The person land applying sewage sludge shall (i) provide advance notice of the estimated fee to the generator of the sewage sludge unless notification is waived, (ii) collect the fee from the generator, and (iii) remit the fee to the Department as provided for by regulation. The fee shall be imposed on each dry ton of sewage sludge that is land applied in the Commonwealth. The regulations shall include requirements and procedures for:

1. Collection of fees by the Department;
2. Deposit of the fees into the Fund; and
3. Disbursement of proceeds by the Department pursuant to subsection G.

Q. The Department, in consultation with the Department of Health, the Department of Conservation and Recreation, the Department of Agriculture and Consumer Services, and the Virginia Cooperative Extension Service, shall establish and implement a program to train persons employed by those local governments that have adopted ordinances, pursuant to this section, to test and monitor the land application of sewage sludge. The program shall include, at a minimum, instruction in: (i) the provisions of the Virginia Biosolids Use Regulations; (ii) land application methods and equipment, including methods and processes for preparation and stabilization of sewage sludge that is land applied; (iii) sampling and chain of custody control; (iv) preparation and implementation of nutrient management plans for land application sites; (v) complaint response and preparation of complaint and inspection reports; (vi) enforcement authority and procedures; (vii) interaction and communication with the public; and (viii) preparation of applications for reimbursement of local monitoring costs disbursed pursuant to subsection G. To the extent feasible, the program shall emphasize in-field instruction and practical training. Persons employed by local governments shall successfully complete such training before the local government may request reimbursement from the Board for testing and monitoring of land application of sewage sludge performed by the person. The completion of training shall not be a prerequisite to the exercise of authority granted to local governments by any applicable provision of law.

The Department may:

1. Charge attendees a reasonable fee to recover the actual costs of preparing course materials and providing facilities and instructors for the program. The fee shall be reimbursable from the Fund established pursuant to this section; and
2. Request and accept the assistance and participation of other state agencies and institutions in preparing and presenting the course of training established by this subsection.

R. Localities, as part of their zoning ordinances, may designate or reasonably restrict the storage of sewage sludge based on criteria directly related to the public health, safety, and welfare of its citizens and the environment. Notwithstanding any contrary provision of law, a locality may by ordinance require that a special exception or a special use permit be obtained to begin the storage of sewage sludge on any property in its jurisdiction, including any area that is zoned as an agricultural district or classification. Such ordinances shall not restrict the storage of sewage sludge on a farm as long as such sludge is being stored (i) solely for land application on that farm and (ii) for a period no longer than 45 days. No person shall apply to the State Health Commissioner or the Department of Environmental Quality for a permit, a variance, or a permit modification authorizing such storage without first complying with all requirements adopted pursuant to this subsection.

**2. That the State Water Control Board shall promulgate regulations to implement the provisions of this act to be effective no later than January 1, 2016. The State Water Control Board's initial adoption of regulations necessary to implement the provisions of this act shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) of the Code of Virginia, except that the Department of Environmental Quality shall utilize a regulatory advisory panel to assist in the development of necessary regulations and shall provide an opportunity for public comment on the regulations prior to adoption.**

**3. That upon the effective date of this act, the fee imposed on each dry ton of solid or semisolid industrial waste that is land applied pursuant to subsection E of § 62.1-44.16 of the Code of Virginia, as created by this act, shall be \$5 until altered, amended, or rescinded by the State Water Control Board.**

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding in Article 1 of Chapter 5 of Title 32.1 a section numbered 32.1-137.03 as follows:**

**§ 32.1-137.03. Discharge planning; designation of individual to provide care.**

A. Every hospital (i) shall provide each patient admitted as an inpatient or his legal guardian the opportunity to designate an individual who will care for or assist the patient in his residence following discharge from the hospital and to whom the hospital shall provide information regarding the patient's discharge plan and any follow-up care, treatment, and services that the patient may require and (ii) upon admission, shall record in the patient's medical record the name of the individual designated by the patient, the relationship between the patient and the person, and the person's telephone number and address. If the patient fails or refuses to designate an individual to receive information regarding his discharge plan and any follow-up care, treatment, and services, the hospital shall record the patient's failure or refusal in the patient's medical record. For the purposes of this subsection, "residence" does not include any rehabilitation facility, hospital, nursing home, assisted living facility, or group home.

B. A patient may change the designated individual at any time prior to the patient's release, and the hospital shall record in the patient's medical record the name of the designated individual, the relationship between the patient and the person, and the person's telephone number and address, within 24 hours of such change.

C. Prior to discharging a patient who has designated an individual pursuant to subsection A or B, the hospital shall notify the designated individual of the patient's discharge and shall provide the designated individual with a copy of the patient's discharge plan and instructions and information regarding any follow-up care, treatment, or services that the designated individual will provide and consult with the designated individual regarding the designated individual's ability to provide the care, treatment, or services. Such discharge plan shall include (i) the name and contact information of the designated individual; (ii) a description of the follow-up care, treatment, and services that the patient requires; and (iii) information, including contact information, about any health care, long-term care, or other community-based services and supports necessary for the implementation of the patient's discharge plan. A copy of the discharge plan and any instructions or information provided to the designated individual shall be included in the patient's medical record.

D. The hospital shall provide each individual designated pursuant to subsection A or B the opportunity for a demonstration of specific follow-up care tasks that the designated individual will provide to the patient in accordance with the patient's discharge plan prior to the patient's discharge, including opportunity for the designated individual to ask questions regarding the performance of follow-up care tasks. Such opportunity shall be provided in a culturally competent manner and in the designated individual's native language.

E. Designation of an individual pursuant to subsection A or B shall not create any obligation on the part of the designated individual regarding the provision of any follow-up care, treatment, and services that the patient may require.

F. Nothing in this section shall create a private right of action against any hospital, its employees, or its contractors.

G. No hospital or its employees or contractors shall be liable for any civil damages for any injuries resulting from any act of an individual designated pursuant to subsection A or B related to the provision of or failure to provide follow-up care, treatment, or services pursuant to a patient's discharge plan.

## CHAPTER 107

An Act to amend and reenact §§ 32.1-282, 54.1-2952, and 54.1-2957 of the Code of Virginia, relating to appointment of physician assistants and nurse practitioners as medical examiners.

[H 1435]

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 32.1-282, 54.1-2952, and 54.1-2957 of the Code of Virginia are amended and reenacted as follows:**

**§ 32.1-282. Medical examiners.**

A. The Chief Medical Examiner shall appoint for each county and city one or more medical examiners, who shall be licensed to practice as a doctor of medicine or osteopathic medicine, a physician assistant, or a nurse practitioner in the Commonwealth and appointed as agents of the Commonwealth, to assist the Office of the Chief Medical Examiner with medicolegal death investigations. A physician assistant appointed as a medical examiner shall have a practice agreement with and be under the continuous supervision of a physician medical examiner in accordance with § 54.1-2952. A nurse practitioner appointed as a medical examiner shall have a practice agreement with and practice in collaboration with a physician medical examiner in accordance with § 54.1-2957.

B. Each medical examiner appointed pursuant to subsection A shall take office on the first day of October of the year of appointment. The term of each medical examiner so appointed shall be three years.

C. The Chief Medical Examiner shall fill any medical examiner vacancy for the unexpired term and shall make any necessary temporary appointments.

**§ 54.1-2952. Supervision of assistants by licensed physician, or podiatrist; services that may be performed by assistants; responsibility of licensee; employment of assistants.**

A. A physician or a podiatrist licensed under this chapter may apply to the Board to supervise assistants and delegate certain acts which constitute the practice of medicine to the extent and in the manner authorized by the Board. The physician shall provide continuous supervision as required by this section; however, the requirement for physician supervision of assistants shall not be construed as requiring the physical presence of the supervising physician during all times and places of service delivery by assistants. Each team of supervising physician and physician assistant shall identify the relevant physician assistant's scope of practice, including, but not limited to, the delegation of medical tasks as appropriate to the physician assistant's level of competence, the physician assistant's relationship with and access to the supervising physician, and an evaluation process for the physician assistant's performance.

*Physician assistants appointed as medical examiners pursuant to § 32.1-282 shall be under the continuous supervision of a licensed doctor of medicine or osteopathic medicine who has been appointed to serve as a medical examiner pursuant to § 32.1-282.*

No licensee shall be allowed to supervise more than six assistants at any one time.

Any professional corporation or partnership of any licensee, any hospital and any commercial enterprise having medical facilities for its employees which are supervised by one or more physicians or podiatrists may employ one or more assistants in accordance with the provisions of this section.

Activities shall be delegated in a manner consistent with sound medical practice and the protection of the health and safety of the patient. Such activities shall be set forth in a written practice supervision agreement between the assistant and the supervising health care provider and may include health care services which are educational, diagnostic, therapeutic, preventive, or include treatment, but shall not include the establishment of a final diagnosis or treatment plan for the patient unless set forth in the written practice supervision agreement. Prescribing or dispensing of drugs may be permitted as provided in § 54.1-2952.1. In addition, a licensee is authorized to delegate and supervise initial and ongoing evaluation and treatment of any patient in a hospital, including its emergency department, when performed under the direction, supervision and control of the supervising licensee. When practicing in a hospital, the assistant shall report any acute or significant finding or change in a patient's clinical status to the supervising physician as soon as circumstances require, and shall record such finding in appropriate institutional records. The assistant shall transfer to a supervising physician the direction of care of a patient in an emergency department who has a life-threatening injury or illness. The supervising physician shall review, prior to the patient's discharge, the services rendered to each patient by a physician assistant in a hospital's emergency department. An assistant who is employed to practice in an emergency department shall be under the supervision of a physician present within the facility.

Further, unless otherwise prohibited by federal law or by hospital bylaws, rules, or policies, nothing in this section shall prohibit any physician assistant who is not employed by the emergency physician or his professional entity from practicing in a hospital emergency department, within the scope of his practice, while under continuous physician supervision as required by this section, whether or not the supervising physician is physically present in the facility. The supervising physician who authorizes such practice by his assistant shall (i) retain exclusive supervisory control of and responsibility for the assistant and (ii) be available at all times for consultation with both the assistant and the emergency department physician. Prior to the patient's discharge from the emergency department, the assistant shall communicate the proposed disposition plan for any patient under his care to both his supervising physician and the emergency department physician. No person shall have control of or supervisory responsibility for any physician assistant who is not employed by the person or the person's business entity.

B. No assistant shall perform any delegated acts except at the direction of the licensee and under his supervision and control. No physician assistant practicing in a hospital shall render care to a patient unless the physician responsible for that patient has signed the practice agreement, pursuant to regulations of the Board, to act as supervising physician for that assistant. Every licensee, professional corporation or partnership of licensees, hospital or commercial enterprise that employs an assistant shall be fully responsible for the acts of the assistant in the care and treatment of human beings.

C. Notwithstanding the provisions of § 54.1-2956.8:1, a licensed physician assistant who (i) is working under the supervision of a licensed doctor of medicine or osteopathy specializing in the field of radiology, (ii) has been trained in the proper use of equipment for the purpose of performing radiologic technology procedures consistent with Board regulations, and (iii) has successfully completed the exam administered by the American Registry of Radiologic Technologists for physician assistants for the purpose of performing radiologic technology procedures may use fluoroscopy for guidance of diagnostic and therapeutic procedures.

**§ 54.1-2957. Licensure and practice of nurse practitioners; practice agreements.**

A. The Board of Medicine and the Board of Nursing shall jointly prescribe the regulations governing the licensure of nurse practitioners. It shall be unlawful for a person to practice as a nurse practitioner in the Commonwealth unless he holds such a joint license.

B. A nurse practitioner shall only practice as part of a patient care team. Each member of a patient care team shall have specific responsibilities related to the care of the patient or patients and shall provide health care services within the scope of his usual professional activities. Nurse practitioners practicing as part of a patient care team shall maintain appropriate collaboration and consultation, as evidenced in a written or electronic practice agreement, with at least one patient care team physician. Nurse practitioners who are certified registered nurse anesthetists shall practice under the supervision of a

licensed doctor of medicine, osteopathy, podiatry, or dentistry. *Nurse practitioners appointed as medical examiners pursuant to § 32.1-282 shall practice in collaboration with a licensed doctor of medicine or osteopathic medicine who has been appointed to serve as a medical examiner pursuant to § 32.1-282.* Collaboration and consultation among nurse practitioners and patient care team physicians may be provided through telemedicine as described in § 38.2-3418.16. Practice of patient care teams in all settings shall include the periodic review of patient charts or electronic health records and may include visits to the site where health care is delivered in the manner and at the frequency determined by the patient care team.

Physicians on patient care teams may require that a nurse practitioner be covered by a professional liability insurance policy with limits equal to the current limitation on damages set forth in § 8.01-581.15.

Service on a patient care team by a patient care team member shall not, by the existence of such service alone, establish or create liability for the actions or inactions of other team members.

C. The Board of Medicine and the Board of Nursing shall jointly promulgate regulations specifying collaboration and consultation among physicians and nurse practitioners working as part of patient care teams that shall include the development of, and periodic review and revision of, a written or electronic practice agreement; guidelines for availability and ongoing communications that define consultation among the collaborating parties and the patient; and periodic joint evaluation of the services delivered. Practice agreements shall include a provision for appropriate physician input in complex clinical cases and patient emergencies and for referrals. Evidence of a practice agreement shall be maintained by a nurse practitioner and provided to the Boards upon request. For nurse practitioners providing care to patients within a hospital or health care system, the practice agreement may be included as part of documents delineating the nurse practitioner's clinical privileges or the electronic or written delineation of duties and responsibilities in collaboration and consultation with a patient care team physician.

D. The Boards may issue a license by endorsement to an applicant to practice as a nurse practitioner if the applicant has been licensed as a nurse practitioner under the laws of another state and, in the opinion of the Boards, the applicant meets the qualifications for licensure required of nurse practitioners in the Commonwealth.

E. Pending the outcome of the next National Specialty Examination, the Boards may jointly grant temporary licensure to nurse practitioners.

F. As used in this section:

"Collaboration" means the communication and decision-making process among members of a patient care team related to the treatment and care of a patient and includes (i) communication of data and information about the treatment and care of a patient, including exchange of clinical observations and assessments; and (ii) development of an appropriate plan of care, including decisions regarding the health care provided, accessing and assessment of appropriate additional resources or expertise, and arrangement of appropriate referrals, testing, or studies.

"Consultation" means the communicating of data and information, exchanging of clinical observations and assessments, accessing and assessing of additional resources and expertise, problem-solving, and arranging for referrals, testing, or studies.

I, \_\_\_\_\_, willingly and voluntarily make known my wishes in the event that I am incapable of making an informed decision, as follows:

I understand that my advance directive may include the selection of an agent as well as set forth my choices regarding health care. The term "health care" means the furnishing of services to any individual for the purpose of preventing, alleviating, curing, or healing human illness, injury or physical disability, including but not limited to, medications; surgery; blood transfusions; chemotherapy; radiation therapy; admission to a hospital, nursing home, assisted living facility, or other health care facility; psychiatric or other mental health treatment; and life-prolonging procedures and palliative care.

The phrase "incapable of making an informed decision" means unable to understand the nature, extent and probable consequences of a proposed health care decision or unable to make a rational evaluation of the risks and benefits of a proposed health care decision as compared with the risks and benefits of alternatives to that decision, or unable to communicate such understanding in any way.

The determination that I am incapable of making an informed decision shall be made by my attending physician and a capacity reviewer, if certification by a capacity reviewer is required by law, after a personal examination of me and shall be certified in writing. Such certification shall be required before health care is provided, continued, withheld or withdrawn, before any named agent shall be granted authority to make health care decisions on my behalf, and before, or as soon as reasonably practicable after, health care is provided, continued, withheld or withdrawn and every 180 days thereafter while the need for health care continues.

If, at any time, I am determined to be incapable of making an informed decision, I shall be notified, to the extent I am capable of receiving such notice, that such determination has been made before health care is provided, continued, withheld, or withdrawn. Such notice shall also be provided, as soon as practical, to my named agent or person authorized by § 54.1-2986 to make health care decisions on my behalf. If I am later determined to be capable of making an informed decision by a physician, in writing, upon personal examination, any further health care decisions will require my informed consent.

(SELECT ANY OR ALL OF THE OPTIONS BELOW.)

**OPTION I: APPOINTMENT OF AGENT (CROSS THROUGH OPTIONS I AND II BELOW IF YOU DO NOT WANT TO APPOINT AN AGENT TO MAKE HEALTH CARE DECISIONS FOR YOU.)**

I hereby appoint \_\_\_\_\_ (primary agent), of \_\_\_\_\_ (address and telephone number), as my agent to make health care decisions on my behalf as authorized in this document. If \_\_\_\_\_ (primary agent) is not reasonably available or is unable or unwilling to act as my agent, then I appoint \_\_\_\_\_ (successor agent), of \_\_\_\_\_ (address and telephone number), to serve in that capacity.

I hereby grant to my agent, named above, full power and authority to make health care decisions on my behalf as described below whenever I have been determined to be incapable of making an informed decision. My agent's authority hereunder is effective as long as I am incapable of making an informed decision.

In exercising the power to make health care decisions on my behalf, my agent shall follow my desires and preferences as stated in this document or as otherwise known to my agent. My agent shall be guided by my medical diagnosis and prognosis and any information provided by my physicians as to the intrusiveness, pain, risks, and side effects associated with treatment or nontreatment. My agent shall not make any decision regarding my health care which he knows, or upon reasonable inquiry ought to know, is contrary to my religious beliefs or my basic values, whether expressed orally or in writing. If my agent cannot determine what health care choice I would have made on my own behalf, then my agent shall make a choice for me based upon what he believes to be in my best interests.

**OPTION II: POWERS OF MY AGENT (CROSS THROUGH ANY LANGUAGE YOU DO NOT WANT AND ADD ANY LANGUAGE YOU DO WANT.)**

The powers of my agent shall include the following:

A. To consent to or refuse or withdraw consent to any type of health care, treatment, surgical procedure, diagnostic procedure, medication and the use of mechanical or other procedures that affect any bodily function, including, but not limited to, artificial respiration, artificially administered nutrition and hydration, and cardiopulmonary resuscitation. This authorization specifically includes the power to consent to the administration of dosages of pain-relieving medication in excess of recommended dosages in an amount sufficient to relieve pain, even if such medication carries the risk of addiction or of inadvertently hastening my death;

B. To request, receive, and review any information, verbal or written, regarding my physical or mental health, including but not limited to, medical and hospital records, and to consent to the disclosure of this information;

C. To employ and discharge my health care providers;

D. To authorize my admission to or discharge (including transfer to another facility) from any hospital, hospice, nursing home, assisted living facility or other medical care facility. If I have authorized admission to a health care facility for treatment of mental illness, that authority is stated elsewhere in this advance directive;

E. To authorize my admission to a health care facility for the treatment of mental illness for no more than 10 calendar days provided I do not protest the admission and a physician on the staff of or designated by the proposed admitting facility examines me and states in writing that I have a mental illness and I am incapable of making an informed decision about my admission, and that I need treatment in the facility; and to authorize my discharge (including transfer to another facility) from the facility;

F. To authorize my admission to a health care facility for the treatment of mental illness for no more than 10 calendar days, even over my protest, if a physician on the staff of or designated by the proposed admitting facility examines me and states in writing that I have a mental illness and I am incapable of making an informed decision about my admission, and that I need treatment in the facility; and to authorize my discharge (including transfer to another facility) from the facility. [My physician or licensed clinical psychologist hereby attests that I am capable of making an informed decision and that I understand the consequences of this provision of my advance directive: \_\_\_\_\_];

G. To authorize the specific types of health care identified in this advance directive [specify cross-reference to other sections of directive] even over my protest. [My physician or licensed clinical psychologist hereby attests that I am capable of making an informed decision and that I understand the consequences of this provision of my advance directive: \_\_\_\_\_];

H. To continue to serve as my agent even in the event that I protest the agent's authority after I have been determined to be incapable of making an informed decision;

I. To authorize my participation in any health care study approved by an institutional review board or research review committee according to applicable federal or state law that offers the prospect of direct therapeutic benefit to me;

J. To authorize my participation in any health care study approved by an institutional review board or research review committee pursuant to applicable federal or state law that aims to increase scientific understanding of any condition that I may have or otherwise to promote human well-being, even though it offers no prospect of direct benefit to me;

K. To make decisions regarding visitation during any time that I am admitted to any health care facility, consistent with the following directions: \_\_\_\_\_; and

L. To take any lawful actions that may be necessary to carry out these decisions, including the granting of releases of liability to medical providers. Further, my agent shall not be liable for the costs of health care pursuant to his authorization, based solely on that authorization.

**OPTION III: HEALTH CARE INSTRUCTIONS**

(CROSS THROUGH PARAGRAPHS A AND/OR B IF YOU DO NOT WANT TO GIVE ADDITIONAL SPECIFIC INSTRUCTIONS ABOUT YOUR HEALTH CARE.)

A. I specifically direct that I receive the following health care if it is medically appropriate under the circumstances as determined by my attending physician: \_\_\_\_\_.

B. I specifically direct that the following health care not be provided to me under the following circumstances (you may specify that certain health care not be provided under any circumstances): \_\_\_\_\_.

**OPTION IV: END OF LIFE INSTRUCTIONS**

(CROSS THROUGH THIS OPTION IF YOU DO NOT WANT TO GIVE INSTRUCTIONS ABOUT YOUR HEALTH CARE IF YOU HAVE A TERMINAL CONDITION.)

If at any time my attending physician should determine that I have a terminal condition where the application of life-prolonging procedures - including artificial respiration, cardiopulmonary resuscitation, artificially administered nutrition, and artificially administered hydration - would serve only to artificially prolong the dying process, I direct that such procedures be withheld or withdrawn, and that I be permitted to die naturally with only the administration of medication or the performance of any medical procedure deemed necessary to provide me with comfort care or to alleviate pain.

*OPTION: LIFE-PROLONGING PROCEDURES DURING PREGNANCY. (If you wish to provide additional instructions or modifications to instructions you have already given regarding life-prolonging procedures that will apply if you are pregnant at the time your attending physician determines that you have a terminal condition, you may do so here.)*

*If I am pregnant when my attending physician determines that I have a terminal condition, my decision concerning life-prolonging procedures shall be modified as follows:*

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

**OPTION: OTHER DIRECTIONS ABOUT LIFE-PROLONGING PROCEDURES.** (If you wish to provide your own directions, or if you wish to add to the directions you have given above, you may do so here. If you wish to give specific

instructions regarding certain life-prolonging procedures, such as artificial respiration, cardiopulmonary resuscitation, artificially administered nutrition, and artificially administered hydration, this is where you should write them.) I direct that:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_;

OPTION: My other instructions regarding my care if I have a terminal condition are as follows:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_;

In the absence of my ability to give directions regarding the use of such life-prolonging procedures, it is my intention that this advance directive shall be honored by my family and physician as the final expression of my legal right to refuse health care and acceptance of the consequences of such refusal.

OPTION V: APPOINTMENT OF AN AGENT TO MAKE AN ANATOMICAL GIFT OR ORGAN, TISSUE OR EYE DONATION (CROSS THROUGH IF YOU DO NOT WANT TO APPOINT AN AGENT TO MAKE AN ANATOMICAL GIFT OR ANY ORGAN, TISSUE OR EYE DONATION FOR YOU.)

Upon my death, I direct that an anatomical gift of all of my body or certain organ, tissue or eye donations may be made pursuant to Article 2 (§ 32.1-289.2 et seq.) of Chapter 8 of Title 32.1 and in accordance with my directions, if any. I hereby appoint \_\_\_\_\_ as my agent, of \_\_\_\_\_ (address and telephone number), to make any such anatomical gift or organ, tissue or eye donation following my death. I further direct that: \_\_\_\_\_ (declarant's directions concerning anatomical gift or organ, tissue or eye donation).

This advance directive shall not terminate in the event of my disability.

AFFIRMATION AND RIGHT TO REVOKE: By signing below, I indicate that I am emotionally and mentally capable of making this advance directive and that I understand the purpose and effect of this document. I understand I may revoke all or any part of this document at any time (i) with a signed, dated writing; (ii) by physical cancellation or destruction of this advance directive by myself or by directing someone else to destroy it in my presence; or (iii) by my oral expression of intent to revoke.

[H 1803]

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 54.1-2819 of the Code of Virginia is amended and reenacted as follows:**

**§ 54.1-2819. Registration of surface transportation and removal services; penalty.**

Any person or private business, except a common carrier engaged in interstate commerce, the Commonwealth and its agencies, or an emergency medical services agency holding a permit issued by the Commissioner of Health pursuant to § 32.1-111.6, shall apply for and receive a registration as a transportation and removal service in order to be authorized to engage in the business of surface transportation or removal of dead human bodies in this Commonwealth.

Surface transportation and removal services shall not arrange or conduct funerals, provide for the care or preparation, including embalming, of dead human bodies, or sell or provide funeral-related goods and services without the issuance of a funeral service establishment license.

The Board of ~~Funeral Directors and Embalmers~~ shall promulgate regulations for such registration including proper procedures in the handling of all dead human bodies being transported, *the* application process for registration, and *the* establishment of registration fees. These regulations shall not require the use of a casket for transportation. No licensed funeral service establishment shall be required to receive such registration in addition to its funeral service establishment license. However, such establishment shall be subject to the regulations pertaining to transportation and removal services.

*Every applicant for registration as a surface transportation and removal service shall include the name of a manager of record on any application for registration and shall notify the Board within 30 days of any change in the manager of record. Such notice shall include the name of the new manager of record of the surface transportation and removal service.*

All registrations as a surface transportation and removal service shall be renewed annually and no person, private business, or funeral service establishment shall engage in the business as a surface transportation and removal service without holding a valid registration.

Any surface transportation or removal service ~~which~~ *that* is not registered or persons who knowingly engage in transportation or removal services without registration shall be subject to the disciplinary actions provided in this chapter.

This section shall not be construed to prohibit private individuals from transporting or removing the remains of deceased family members and relatives either by preference or in observation of religious beliefs and customs.

## CHAPTER 111

*An Act to amend and reenact § 32.1-164.1:1 of the Code of Virginia, relating to onsite sewage systems; waivers.*

[H 1804]

Approved March 16, 2015

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That § 32.1-164.1:1 of the Code of Virginia is amended and reenacted as follows:**

##### **§ 32.1-164.1:1. Validity of certain septic tank permits.**

A. Any septic tank permit issued shall be valid for a period of 18 months from the date of issuance unless there has been a substantial, intervening change in the soil or site conditions where the septic system is to be located. However, if a building permit has been obtained or building construction has commenced, the permit may be extended for an additional 18 months. Applicants shall be informed of the septic tank permit validity period and advised to apply only when ready to begin construction.

B. Further, whenever any onsite sewage system is failing, or an owner has elected to voluntarily upgrade an onsite sewage system pursuant to § 32.1-164.1:3, and it is on or serves real property consisting of not less than one nor more than four dwelling units and the Board's regulations impose (i) a requirement for treatment beyond the level of treatment provided by the existing onsite sewage system when operating properly or (ii) a new requirement for pressure dosing, the owner may request a waiver from such requirements. The Commissioner shall grant any request for such waiver, unless he finds that the system was installed illegally without a permit. Any such waivers shall be recorded in the land records of the clerk of the circuit court in the jurisdiction in which the property on which the relevant onsite sewage system is located. Except as provided in subsection C, waivers granted hereunder shall not be transferable and shall be null and void upon transfer or sale of the property on which the onsite sewage system is located. Additional treatment or pressure dosing requirements shall be imposed in such instances when the property is transferred or sold.

*Any owner who (a) obtained a waiver to repair a failing onsite sewage system pursuant to this subsection on or between July 1, 2004, and December 6, 2011, (b) completed such repair, and (c) voluntarily upgrades the system may request, and shall receive, a voluntary upgrade waiver in accordance with this section and § 32.1-164.1:3. Any such waiver shall be recorded in the land records of the clerk of the circuit court in the jurisdiction where the onsite sewage system is located and shall supersede any prior waiver recorded pursuant to this section.*

The owner of the relevant property shall disclose, in accordance with subsection D, that any operating permit for the onsite sewage system that has been granted a waiver authorized by this subsection shall be null and void at the time of transfer or sale of the property and that the Board's regulatory requirements for additional treatment or pressure dosing shall be required before an operating permit may be reinstated.

The provisions of this subsection shall apply only with respect to transfers by sale, exchange, installment land sales contract, or lease with option to buy residential real property consisting of not less than one nor more than four dwelling units, whether or not the transaction is with the assistance of a licensed real estate broker or salesperson.

##### **C. The following are specifically allowed under the provisions of subsection B:**

1. Transfers pursuant to court order including, but not limited to, transfers ordered by a court in administration of an estate, transfers pursuant to a writ of execution, transfers by foreclosure sale, transfers by a trustee in bankruptcy, transfers by eminent domain, and transfers resulting from a decree for specific performance.

D. The owner of residential real property subject to subsection B shall deliver to the purchaser a written disclosure prior to the acceptance of a real estate purchase contract. The written disclosure statement shall be in a separate document, developed by the Real Estate Board on or before January 1, 2006. Prior to that time, it shall be the obligation of the owner of such residential real property to prepare the written disclosure statement and provide it to the purchaser as otherwise provided herein.

E. If the disclosure required by subsection B is delivered to the purchaser after the acceptance of the real estate purchase contract, the purchaser's sole remedy shall be to terminate the real estate purchase contract at or prior to the earliest of the following: (i) three days after delivery of the disclosure in person; (ii) five days after the postmark if the disclosure is deposited in the United States mail, postage prepaid, and properly addressed to the purchaser; (iii) settlement upon purchase of the property; (iv) occupancy of the property by the purchaser; (v) the execution by the purchaser of a written waiver of the purchaser's right of termination under this chapter contained in a writing separate from the real estate purchase contract; or (vi) the purchaser making written application to a lender for a mortgage loan where such application contains a disclosure that the right of termination shall end upon the application for the mortgage loan.

In order to terminate a real estate purchase contract when permitted by this subsection, the purchaser shall, within the time required by this chapter, give written notice to the owner either by hand delivery or by United States mail, postage prepaid, and properly addressed to the owner. If the purchaser terminates a real estate purchase contract in compliance with this chapter, the termination shall be without penalty to the purchaser, and any deposit shall be promptly returned to the purchaser. Any rights of the purchaser to terminate the contract provided by this chapter shall end if not exercised prior to the earlier of (i) the making of a written application to a lender for a mortgage loan where the application contains a disclosure that the right of termination shall end upon the application for the mortgage loan or (ii) settlement or occupancy by the purchaser, in the event of a sale, or occupancy, or in the event of a lease with option to purchase.

F. A real estate licensee representing an owner of residential real property as the listing broker shall have a duty to inform each such owner represented by that licensee of the owner's rights and obligations under subsection B. A real estate licensee representing a purchaser of residential real property or, if the purchaser is not represented by a licensee, the real estate licensee representing an owner of residential real estate and dealing with the purchaser shall have a duty to inform each such purchaser of the purchaser's rights and obligations under subsection B. Provided a real estate licensee performs those duties, the licensee shall have no further duties to the parties to a residential real estate transaction under this section, and shall not be liable to any party to a residential real estate transaction for a violation of subsection B or for any failure to disclose any information regarding any real property subject to subsection B.

G. For the purposes of this section:

"Acceptance" means the full execution of a real estate purchase contract by all parties.

"Real estate purchase contract" means a contract for the sale, exchange, or lease with option to buy of real estate subject to this section.

H. The Real Estate Board shall enforce subsections D, E, and F pursuant to the provisions of Chapter 21 of Title 54.1 (§ 54.1-2100 et seq.).

*An Act to amend and reenact § 54.1-2400.2 of the Code of Virginia, relating to Department of Health Professions; disclosure of confidential information.*

[H 1963]

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 54.1-2400.2 of the Code of Virginia is amended and reenacted as follows:**

**§ 54.1-2400.2. Confidentiality of information obtained during an investigation or disciplinary proceeding; penalty.**

A. Any reports, information or records received and maintained by *the Department of Health Professions* or any health regulatory board in connection with possible disciplinary proceedings, including any material received or developed by a board during an investigation or proceeding, shall be strictly confidential. ~~A~~ *The Department of Health Professions* or a board may only disclose such confidential information:

1. In a disciplinary proceeding before a board or in any subsequent trial or appeal of an action or order, or to the respondent in entering into a confidential consent agreement under § 54.1-2400;

2. To regulatory authorities concerned with granting, limiting or denying licenses, certificates or registrations to practice a health profession, including the coordinated licensure information system, as defined in § 54.1-3030;

3. To hospital committees concerned with granting, limiting or denying hospital privileges if a final determination regarding a violation has been made;

4. Pursuant to an order of a court of competent jurisdiction for good cause arising from extraordinary circumstances being shown;

5. To qualified personnel for bona fide research or educational purposes, if personally identifiable information relating to any person is first deleted. Such release shall be made pursuant to a written agreement to ensure compliance with this section; or

6. To the Health Practitioners' Monitoring Program within the Department of Health Professions in connection with health practitioners who apply to or participate in the Program.

B. In no event shall confidential information received, maintained or developed by *the Department of Health Professions* or any board, or disclosed by the *Department of Health Professions* or a board to others, pursuant to this section, be available for discovery or court subpoena or introduced into evidence in any civil action. This section shall not, however, be construed to inhibit an investigation or prosecution under Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2.

C. Any claim of a physician-patient or practitioner-patient privilege shall not prevail in any investigation or proceeding by any health regulatory board acting within the scope of its authority. The disclosure, however, of any information pursuant to this provision shall not be deemed a waiver of such privilege in any other proceeding.

D. This section shall not prohibit the Director of the Department of Health Professions, after consultation with the relevant health regulatory board president or his designee, from disclosing to the Attorney General, or the appropriate attorney for the Commonwealth, investigatory information which indicates a possible violation of any provision of criminal law, including the laws relating to the manufacture, distribution, dispensing, prescribing or administration of drugs, other than drugs classified as Schedule VI drugs and devices, by any individual regulated by any health regulatory board.

E. This section shall not prohibit the Director of the Department of Health Professions from disclosing matters listed in subdivision A 1, A 2, or A 3 of § 54.1-2909; from making the reports of aggregate information and summaries required by § 54.1-2400.3; or from disclosing the information required to be made available to the public pursuant to § 54.1-2910.1.

F. *This section shall not prohibit the Director of the Department of Health Professions, following consultation with the relevant health regulatory board president or his designee, from disclosing information about a suspected violation of state or federal law or regulation to other agencies within the Health and Human Resources Secretariat or to federal law-enforcement agencies having jurisdiction over the suspected violation or requesting an inspection or investigation of a licensee by such state or federal agency when the Director has reason to believe that a possible violation of federal or state law has occurred. Such disclosure shall not exceed the minimum information necessary to permit the state or federal agency having jurisdiction over the suspected violation of state or federal law to conduct an inspection or investigation. Disclosures by the Director pursuant to this subsection shall not be limited to requests for inspections or investigations of licensees. Nothing in this subsection shall require the Director to make any disclosure. Nothing in this section shall permit any agency to which the Director makes a disclosure pursuant to this section to re-disclose any information, reports, records, or materials received from the Department.*

G. Whenever a complaint or report has been filed about a person licensed, certified, or registered by a health regulatory board, the source and the subject of a complaint or report shall be provided information about the investigative and disciplinary procedures at the Department of Health Professions. Prior to interviewing a licensee who is the subject of a complaint or report, or at the time that the licensee is first notified in writing of the complaint or report, whichever shall occur first, the licensee shall be provided with a copy of the complaint or report and any records or supporting documentation, unless such provision would materially obstruct a criminal or regulatory investigation. If the relevant board concludes that a disciplinary proceeding will not be instituted, the board may send an advisory letter to the person who was

the subject of the complaint or report. The relevant board may also inform the source of the complaint or report (i) that an investigation has been conducted, (ii) that the matter was concluded without a disciplinary proceeding, (iii) of the process the board followed in making its determination, and (iv), if appropriate, that an advisory letter from the board has been communicated to the person who was the subject of the complaint or report. In providing such information, the board shall inform the source of the complaint or report that he is subject to the requirements of this section relating to confidentiality and discovery.

~~G. H.~~ Orders and notices of the health regulatory boards relating to disciplinary actions shall be disclosed. Information on the date and location of any disciplinary proceeding, allegations against the respondent, and the list of statutes and regulations the respondent is alleged to have violated shall be provided to the source of the complaint or report by the relevant board prior to the proceeding. The source shall be notified of the disposition of a disciplinary case.

~~H. I.~~ This section shall not prohibit investigative staff authorized under § 54.1-2506 from interviewing fact witnesses, disclosing to fact witnesses the identity of the subject of the complaint or report, or reviewing with fact witnesses any portion of records or other supporting documentation necessary to refresh the fact witnesses' recollection.

~~I. J.~~ Any person found guilty of the unlawful disclosure of confidential information possessed by a health regulatory board shall be guilty of a Class 1 misdemeanor.

## CHAPTER 115

*An Act to amend and reenact §§ 38.2-3418.16 and 54.1-3303 of the Code of Virginia, relating to the provision of health care services through telemedicine services.*

[H 2063]

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 38.2-3418.16 and 54.1-3303 of the Code of Virginia are amended and reenacted as follows:**

**§ 38.2-3418.16. Coverage for telemedicine services.**

A. Notwithstanding the provisions of § 38.2-3419, each insurer proposing to issue individual or group accident and sickness insurance policies providing hospital, medical and surgical, or major medical coverage on an expense-incurred basis; each corporation providing individual or group accident and sickness subscription contracts; and each health maintenance organization providing a health care plan for health care services shall provide coverage for the cost of such health care services provided through telemedicine services, as provided in this section.

B. As used in this section, "telemedicine services," as it pertains to the delivery of health care services, means the use of *electronic technology or media, including interactive audio, or video, or other electronic media used for the purpose of diagnosis, consultation, diagnosing or treatment treating a patient or consulting with other health care providers regarding a patient's diagnosis or treatment.* "Telemedicine services" ~~do~~ does not include an audio-only telephone, electronic mail message, ~~or~~ facsimile transmission, *or online questionnaire.*

C. An insurer, corporation, or health maintenance organization shall not exclude a service for coverage solely because the service is provided through telemedicine services and is not provided through face-to-face consultation or contact between a health care provider and a patient for services appropriately provided through telemedicine services.

D. An insurer, corporation, or health maintenance organization shall not be required to reimburse the treating provider or the consulting provider for technical fees or costs for the provision of telemedicine services; however, such insurer, corporation, or health maintenance organization shall reimburse the treating provider or the consulting provider for the diagnosis, consultation, or treatment of the insured delivered through telemedicine services on the same basis that the insurer, corporation, or health maintenance organization is responsible for coverage for the provision of the same service through face-to-face consultation or contact.

E. Nothing shall preclude the insurer, corporation, or health maintenance organization from undertaking utilization review to determine the appropriateness of telemedicine services, provided that such appropriateness is made in the same manner as those determinations are made for the treatment of any other illness, condition, or disorder covered by such policy, contract, or plan. Any such utilization review shall not require pre-authorization of emergent telemedicine services.

F. An insurer, corporation, or health maintenance organization may offer a health plan containing a deductible, copayment, or coinsurance requirement for a health care service provided through telemedicine services, provided that the deductible, copayment, or coinsurance does not exceed the deductible, copayment, or coinsurance applicable if the same services were provided through face-to-face diagnosis, consultation, or treatment.

G. No insurer, corporation, or health maintenance organization shall impose any annual or lifetime dollar maximum on coverage for telemedicine services other than an annual or lifetime dollar maximum that applies in the aggregate to all items and services covered under the policy, or impose upon any person receiving benefits pursuant to this section any copayment, coinsurance, or deductible amounts, or any policy year, calendar year, lifetime, or other durational benefit limitation or maximum for benefits or services, that is not equally imposed upon all terms and services covered under the policy, contract, or plan.

H. The requirements of this section shall apply to all insurance policies, contracts, and plans delivered, issued for delivery, reissued, or extended in the Commonwealth on and after January 1, 2011, or at any time thereafter when any term of the policy, contract, or plan is changed or any premium adjustment is made.

I. This section shall not apply to short-term travel, accident-only, or limited or specified disease policies or contracts, nor to policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under state or federal governmental plans.

**§ 54.1-3303. Prescriptions to be issued and drugs to be dispensed for medical or therapeutic purposes only.**

A. A prescription for a controlled substance may be issued only by a practitioner of medicine, osteopathy, podiatry, dentistry or veterinary medicine who is authorized to prescribe controlled substances, or by a licensed nurse practitioner pursuant to § 54.1-2957.01, a licensed physician assistant pursuant to § 54.1-2952.1, or a TPA-certified optometrist pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32. The prescription shall be issued for a medicinal or therapeutic purpose and may be issued only to persons or animals with whom the practitioner has a bona fide practitioner-patient relationship.

For purposes of this section, a bona fide practitioner-patient-pharmacist relationship is one in which a practitioner prescribes, and a pharmacist dispenses, controlled substances in good faith to his patient for a medicinal or therapeutic purpose within the course of his professional practice. In addition, a bona fide practitioner-patient relationship means that the practitioner shall (i) ensure that a medical or drug history is obtained; (ii) provide information to the patient about the benefits and risks of the drug being prescribed; (iii) perform or have performed an appropriate examination of the patient, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically; except for medical emergencies, the examination of the patient shall have been performed by the practitioner himself, within the group in which he practices, or by a consulting practitioner prior to issuing a prescription; and (iv) initiate additional interventions and follow-up care, if necessary, especially if a prescribed drug may have serious side effects.

*For the purpose of prescribing a Schedule VI controlled substance to a patient via telemedicine services as defined in § 38.2-3418.16, a prescriber may establish a bona fide practitioner-patient relationship by an examination through face-to-face interactive, two-way, real-time communications services or store-and-forward technologies when all of the following conditions are met: (a) the patient has provided a medical history that is available for review by the prescriber; (b) the prescriber obtains an updated medical history at the time of prescribing; (c) the prescriber makes a diagnosis at the time of prescribing; (d) the prescriber conforms to the standard of care expected of in-person care as appropriate to the patient's age and presenting condition, including when the standard of care requires the use of diagnostic testing and performance of a physical examination, which may be carried out through the use of peripheral devices appropriate to the patient's condition; (e) the prescriber is actively licensed in the Commonwealth and authorized to prescribe; (f) if the patient is a member or enrollee of a health plan or carrier, the prescriber has been credentialed by the health plan or carrier as a participating provider and the diagnosing and prescribing meets the qualifications for reimbursement by the health plan or carrier pursuant to § 38.2-3418.16; and (g) upon request, the prescriber provides patient records in a timely manner in accordance with the provisions of § 32.1-127.1:03 and all other state and federal laws and regulations. Nothing in this paragraph shall permit a prescriber to establish a bona fide practitioner-patient relationship for the purpose of prescribing a Schedule VI controlled substance when the standard of care dictates that an in-person physical examination is necessary for diagnosis. Nothing in this paragraph shall apply to: (1) a prescriber providing on-call coverage per an agreement with another prescriber or his prescriber's professional entity or employer; (2) a prescriber consulting with another prescriber regarding a patient's care; or (3) orders of prescribers for hospital out-patients or in-patients.*

Any practitioner who prescribes any controlled substance with the knowledge that the controlled substance will be used otherwise than medicinally or for therapeutic purposes shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the distribution or possession of controlled substances.

B. In order to determine whether a prescription that appears questionable to the pharmacist results from a bona fide practitioner-patient relationship, the pharmacist shall contact the prescribing practitioner or his agent and verify the identity of the patient and name and quantity of the drug prescribed. The person knowingly filling an invalid prescription shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the sale, distribution or possession of controlled substances.

No prescription shall be filled unless there is a bona fide practitioner-patient-pharmacist relationship. A prescription not issued in the usual course of treatment or for authorized research is not a valid prescription.

C. Notwithstanding any provision of law to the contrary and consistent with recommendations of the Centers for Disease Control and Prevention or the Department of Health, a practitioner may prescribe Schedule VI antibiotics and antiviral agents to other persons in close contact with a diagnosed patient when (i) the practitioner meets all requirements of a bona fide practitioner-patient relationship, as defined in subsection A, with the diagnosed patient; (ii) in the practitioner's professional judgment, the practitioner deems there is urgency to begin treatment to prevent the transmission of a communicable disease; (iii) the practitioner has met all requirements of a bona fide practitioner-patient relationship, as defined in subsection A, for the close contact except for the physical examination required in clause (iii) of subsection A; and (iv) when such emergency treatment is necessary to prevent imminent risk of death, life-threatening illness, or serious disability.

D. A pharmacist may dispense a controlled substance pursuant to a prescription of an out-of-state practitioner of medicine, osteopathy, podiatry, dentistry or veterinary medicine authorized to issue such prescription if the prescription

complies with the requirements of this chapter and ~~Chapter 34 the Drug Control Act~~ (§ 54.1-3400 et seq.); ~~known as the "Drug Control Act."~~

E. A licensed nurse practitioner who is authorized to prescribe controlled substances pursuant to § 54.1-2957.01 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in ~~Chapter 34 the Drug Control Act~~ (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

F. A licensed physician assistant who is authorized to prescribe controlled substances pursuant to § 54.1-2952.1 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in ~~Chapter 34 the Drug Control Act~~ (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

G. A TPA-certified optometrist who is authorized to prescribe controlled substances pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32 may issue prescriptions in good faith or provide manufacturers' professional samples to his patients for medicinal or therapeutic purposes within the scope of his professional practice for the drugs specified on the TPA-Formulary, established pursuant to § 54.1-3223, which shall be limited to (i) oral analgesics included in Schedules III through VI, as defined in §§ 54.1-3450 and 54.1-3455 of the Drug Control Act (§ 54.1-3400 et seq.), which are appropriate to relieve ocular pain, (ii) other oral Schedule VI controlled substances, as defined in § 54.1-3455 of the Drug Control Act, appropriate to treat diseases and abnormal conditions of the human eye and its adnexa, (iii) topically applied Schedule VI drugs, as defined in § 54.1-3455 of the Drug Control Act, and (iv) intramuscular administration of epinephrine for treatment of emergency cases of anaphylactic shock.

H. The requirement for a bona fide practitioner-patient relationship shall be deemed to be satisfied by a member or committee of a hospital's medical staff when approving a standing order or protocol for the administration of influenza vaccinations and pneumococcal vaccinations in a hospital in compliance with § 32.1-126.4.

## CHAPTER 120

*An Act to amend and reenact § 16.1-281 of the Code of Virginia, relating to foster care plan.*

[S 947]

Approved March 16, 2015

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That § 16.1-281 of the Code of Virginia is amended and reenacted as follows:**

##### **§ 16.1-281. Foster care plan.**

A. In any case in which (i) a local board of social services places a child through an agreement with the parents or guardians where legal custody remains with the parents or guardian, or (ii) legal custody of a child is given to a local board of social services or a child welfare agency, the local department of social services or child welfare agency shall prepare a foster care plan for such child, as described hereinafter. The individual family service plan developed by the family assessment and planning team pursuant to § 2.2-5208 may be accepted by the court as the foster care plan if it meets the requirements of this section.

The representatives of such department or agency shall involve the child's parent(s) in the development of the plan, except when parental rights have been terminated or the local department of social services or child welfare agency has made diligent efforts to locate the parent(s) and such parent(s) cannot be located, and any other person or persons standing in loco parentis at the time the board or child welfare agency obtained custody or the board placed the child. The representatives of such department or agency shall involve the child in the development of the plan, if such involvement is consistent with the best interests of the child. In cases where either the parent(s) or child is not involved in the development of the plan, the department or agency shall include in the plan a full description of the reasons therefor.

The department or child welfare agency shall file the plan with the juvenile and domestic relations district court within 45 days following the transfer of custody or the board's placement of the child unless the court, for good cause shown, allows an extension of time, which shall not exceed an additional 60 days. However, a foster care plan shall be filed in accordance with the provisions of § 16.1-277.01 with a petition for approval of an entrustment agreement. A foster care plan need not be prepared if the child is returned to his prior family or placed in an adoptive home within 45 days following transfer of custody to the board or agency or the board's placement of the child.

B. The foster care plan shall describe in writing (i) the programs, care, services and other support which will be offered to the child and his parents and other prior custodians; (ii) the participation and conduct which will be sought from the child's parents and other prior custodians; (iii) the visitation and other contacts which will be permitted between the child and his parents and other prior custodians, and between the child and his siblings; (iv) the nature of the placement or placements which will be provided for the child; (v) for school-age children, the school placement of the child; and (vi) for children 14 years of age and older, the child's needs and goals in the areas of counseling, education, housing, employment, and money management skills development, along with specific independent living services that will be provided to the child to help him reach these goals. In cases in which a foster care plan approved prior to July 1, 2011, identifies independent living as the goal for the child, and in cases involving children admitted to the United States as refugees or asylees who are 16 years of age or older and for whom the goal is independent living, the plan shall also describe the programs and services which will help the child prepare for the transition from foster care to independent living. If consistent with the child's health and safety, the plan shall be designed to support reasonable efforts which lead to the return of the child to his parents or other prior custodians within the shortest practicable time which shall be specified in the plan. The child's health and safety shall be the paramount concern of the court and the agency throughout the placement, case planning, service provision and review process.

If the department or child welfare agency concludes that it is not reasonably likely that the child can be returned to his prior family within a practicable time, consistent with the best interests of the child, ~~in a separate section of the plan~~ the department, child welfare agency or team shall (a) include a full description of the reasons for this conclusion; (b) provide information on the opportunities for placing the child with a relative or in an adoptive home; (c) design the plan to lead to the child's successful placement with a relative if a subsequent transfer of custody to the relative is planned, or in an adoptive home within the shortest practicable time, and if neither of such placements is feasible; (d) explain why permanent foster care is the plan for the child or independent living is the plan for the child in cases involving children admitted to the United States as refugees or asylees who are 16 years of age or older and for whom the goal is independent living.

"Independent living" as used in this section has the meaning set forth in § 63.2-100.

The local board or other child welfare agency having custody of the child shall not be required by the court to make reasonable efforts to reunite the child with a parent if the court finds that (1) the residual parental rights of the parent regarding a sibling of the child have previously been involuntarily terminated; (2) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States or any

foreign jurisdiction that constitutes murder or voluntary manslaughter, or a felony attempt, conspiracy or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time such offense occurred or the other parent of the child; (3) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States or any foreign jurisdiction that constitutes felony assault resulting in serious bodily injury or felony bodily wounding resulting in serious bodily injury or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of such offense; or (4) based on clear and convincing evidence, the parent has subjected any child to aggravated circumstances, or abandoned a child under circumstances which would justify the termination of residual parental rights pursuant to subsection D of § 16.1-283.

As used in this section:

"Aggravated circumstances" means torture, chronic or severe abuse, or chronic or severe sexual abuse, if the victim of such conduct was a child of the parent or child with whom the parent resided at the time such conduct occurred, including the failure to protect such a child from such conduct, which conduct or failure to protect: (i) evinces a wanton or depraved indifference to human life, or (ii) has resulted in the death of such a child or in serious bodily injury to such a child.

"Chronic abuse" or "chronic sexual abuse" means recurring acts of physical abuse that place the child's health, safety and well-being at risk.

"Serious bodily injury" means bodily injury that involves substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

"Severe abuse" or "severe sexual abuse" may include an act or omission that occurred only once, but otherwise meets the definition of "aggravated circumstances."

Within 30 days of making a determination that reasonable efforts to reunite the child with the parents are not required, the court shall hold a permanency planning hearing pursuant to § 16.1-282.1.

C. A copy of the entire foster care plan shall be sent by the court to the child, if he is 12 years of age or older; the guardian ad litem for the child, the attorney for the child's parents or for any other person standing in loco parentis at the time the board or child welfare agency obtained custody or the board placed the child, to the parents or other person standing in loco parentis, and such other persons as appear to the court to have a proper interest in the plan. However, a copy of the plan shall not be sent to a parent whose parental rights regarding the child have been terminated. A copy of the plan, ~~excluding the section of the plan describing the reasons why the child cannot be returned home and the alternative chosen,~~ shall be sent by the court to the foster parents. A hearing shall be held for the purpose of reviewing and approving the foster care plan. C1. Any order transferring custody of the child to a relative other than the child's prior family shall be entered only upon a finding, based upon a preponderance of the evidence, that the relative is one who, after an investigation as directed by the court, (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is committed to providing a permanent, suitable home for the child; and (iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. D. The court in which the foster care plan is filed shall be notified immediately if the child is returned to his parents or other persons standing in loco parentis at the time the board or agency obtained custody or the board placed the child.

E. At the conclusion of the hearing at which the initial foster care plan is reviewed, the court shall schedule a foster care review hearing to be held within four months in accordance with § 16.1-282. However, if an order is entered pursuant to subsection C2, the court shall schedule a foster care review hearing to be held within 12 months of the entry of such order in accordance with the provisions of § 16.1-282.2. Parties who are present at the hearing at which the initial foster care plan

is reviewed shall be given notice of the date set for the foster care review hearing and parties who are not present shall be summoned as provided in § 16.1-263.

Every search warrant shall contain the date and time it was issued. However, the failure of any such search warrant to contain the date and time it was issued shall not render the warrant void, provided that the date and time of issuing of said warrant is established by competent evidence.

The judge, magistrate, or other official authorized to issue criminal warrants shall attach a copy of the affidavit required by § 19.2-54, which shall become a part of the search warrant and served therewith. However, this provision shall not be applicable in any case in which the affidavit is made by means of a voice or videotape recording or where the affidavit has been sealed pursuant to § 19.2-54.

"Properly served" means delivery of a search warrant or subpoena by hand, by United States mail, by commercial delivery service, by facsimile or by any other manner to any officer of a corporation or its general manager in the Commonwealth, to any natural person designated by it as agent for the service of process, or if such corporation has designated a corporate agent, to any person named in the latest annual report filed pursuant to § 13.1-775.

*An Act to amend and reenact §§ 8.01-606 and 64.2-454 of the Code of Virginia, relating to actions for personal injury and wrongful death; qualification of fiduciary.*

[H 2016]

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 8.01-606 and 64.2-454 of the Code of Virginia are amended and reenacted as follows:**

**§ 8.01-606. Payment of small amounts to certain persons through court without intervention of fiduciary; authority of commissioners of accounts; certain fiduciaries exempt from accountings.**

A. Whenever there is due to any person, any sum of money from any source, not exceeding \$25,000, the fund may be paid into the circuit court of the county or city in which the fund became due or such person resides. The court may, by an order entered of record, (i) pay the fund to the person to whom it is due, if the person is considered by the court competent to expend and use the same in his behalf, or (ii) pay the fund to some other person who is considered competent to administer it, for the benefit of the person entitled to the fund, without the intervention of a fiduciary, whether the other person resides within or without this Commonwealth. The clerk of the court shall take a receipt from the person to whom the money is paid, which shall show the source from which it was derived, the amount, to whom it belongs, and when and to whom it was paid. The receipt shall be signed and acknowledged by the person receiving the money, and entered of record in the book in the clerk's office in which the current fiduciary accounts are entered and indexed. Upon the payment into court the person owing the money shall be discharged of such obligation. No bond shall be required of the party to whom the money is paid by the court.

B. Whenever (i) it appears to the court having control of a fund, tangible personal property or intangible personal property or supervision of its administration, whether a suit is pending therefor or not, that a person under a disability who has no fiduciary, is entitled to a fund arising from the sale of lands for a division or otherwise, or a fund, tangible personal property or intangible personal property as distributee of any estate, or from any other source, (ii) a judgment, decree, or order for the payment of a sum of money or for delivery of tangible personal property or intangible personal property to a person under a disability who has no fiduciary is rendered by any court, and the amount to which such person is entitled or the value of the tangible personal property or intangible personal property is not more than \$25,000, or (iii) a person under a disability is entitled to receive payments of income, tangible personal property or intangible personal property and the amount of the income payments is not more than \$25,000 in any one year, or the value of the tangible personal property is not more than \$25,000, or the current market value of the intangible personal property is not more than \$25,000, the court may, without the intervention of a fiduciary, cause such fund, property or income to be paid or delivered to any person deemed by the court capable of properly handling it, to be used solely for the education, maintenance and support of the person under a disability. In any case in which an infant is entitled to such fund, property or income, the court may, upon its being made to appear that the infant is of sufficient age and discretion to use the fund, property or income judiciously, cause the fund to be paid or delivered directly to the infant.

C. Whenever a person is entitled to a fund or such property distributable by a fiduciary settling his accounts before the commissioner of accounts of the court in which the fiduciary qualified, and the amount or value of the fund or property, or the value of any combination thereof, is not more than \$25,000, the commissioner of accounts may approve distribution thereof in the same manner and to the extent of the authority herein conferred upon a court including exemption from filing further accounts where the value of the fund being administered is less than \$25,000.

D. Whenever an incapacitated person or infant is entitled to a fund or such property distributable by a fiduciary settling accounts before the commissioner of accounts of the court in which the fiduciary qualified and the will or trust instrument under which the fiduciary serves, authorizes the fiduciary to distribute the property or fund to the incapacitated person or infant without the intervention of a guardian, conservator or committee, and the amount or value of such fund or property, or

the value of any combination thereof, is not more than \$25,000, the commissioner of accounts may approve distribution thereof in the same manner and to the extent of the authority hereinabove conferred upon a court or judge thereof.

E. Whenever a fiduciary is administering funds not exceeding \$25,000, the circuit court of the county or city in which the fund is being administered by order entered of record may authorize the fiduciary, when considered competent to administer the funds, to continue to administer the funds for the benefit of the person entitled to the fund without the necessity of filing any further accounts, whether such person resides within or without this Commonwealth. The clerk of the court shall take a receipt from the fiduciary, which shall show the amount of the fund remaining, to whom it belongs, and the date the court entered the order exempting the filing of further accounts. The receipt shall be signed and acknowledged by the fiduciary, and entered of record in the book in the clerk's office in which the current fiduciary accounts are entered and indexed. No surety shall be required on the bond of a fiduciary granted an exemption from filing any further accounts.

F. *Whenever a fiduciary qualifies pursuant to § 64.2-454 for the sole purpose of prosecuting or defending an action, the court in which the fiduciary qualifies or the commissioner of accounts for such court may exempt the fiduciary from filing further accounts where the fiduciary is not administering any funds and has no power of sale over any real estate the decedent owned.*

**§ 64.2-454. Appointment of administrator for prosecution of action for personal injury or wrongful death against or on behalf of estate of deceased resident or nonresident.**

An administrator may be appointed in any case in which it is represented that *either* a civil action for personal injury or death by wrongful act, *or both*, arising within the Commonwealth is contemplated against or on behalf of the estate or the beneficiaries of the estate of a resident or nonresident of the Commonwealth who has died within or outside the Commonwealth if an executor of the estate has not been appointed, solely for the purpose of prosecution *or defense* of any such ~~action~~ *actions*, by the clerk of the circuit court in the county or city in which jurisdiction and venue would have been properly laid for such ~~action~~ *actions* if the person for whom the appointment is sought had survived. *An administrator appointed pursuant to this section may prosecute actions for both personal injury and death by wrongful act.*

If a fiduciary has been appointed in a foreign jurisdiction, the fiduciary may qualify as administrator. The appointment of a fiduciary in a foreign jurisdiction shall not preclude a resident or nonresident from qualifying as an administrator for the purposes of maintaining a wrongful death action pursuant to § 8.01-50 or a personal injury action in the Commonwealth.

A resident and nonresident may be appointed as coadministrators.

## CHAPTER 130

E. Whenever a fiduciary is administering funds not exceeding \$25,000, the circuit court of the county or city in which the fund is being administered by order entered of record may authorize the fiduciary, when considered competent to administer the funds, to continue to administer the funds for the benefit of the person entitled to the fund without the necessity of filing any further accounts, whether such person resides within or without this Commonwealth. No surety shall be required on the bond of a fiduciary granted an exemption from filing any further accounts.

*F. Whenever a fiduciary qualifies pursuant to § 64.2-454 for the sole purpose of prosecuting or defending an action, the court in which the fiduciary qualifies or the commissioner of accounts for such court may exempt the fiduciary from filing further accounts where the fiduciary is not administering any funds and has no power of sale over any real estate the decedent owned.*

The lettering on such stars shall say "Sheriff's Office" or "*Sheriff*" in a half-circle above the Seal of the Commonwealth or the seal of the jurisdiction. The name of the county or city shall be placed in a half-circle below the Seal. The words "Sheriff's Office" or "*Sheriff*" shall be placed on the rear of the trunk.

C. All sheriffs' offices shall be in full compliance with specifications for uniforms and motor vehicle markings, if the sheriff prescribes that uniforms be worn and marked motor vehicles be utilized.

## CHAPTER 133

*An Act to amend and reenact §§ 24.2-604, 24.2-639, 24.2-653, and 24.2-655 of the Code of Virginia, relating to designation of authorized representatives of political parties.*

[H 1333]

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 24.2-604, 24.2-639, 24.2-653, and 24.2-655 of the Code of Virginia are amended and reenacted as follows:**

**§ 24.2-604. Prohibited activities at polls; notice of prohibited area; electioneering; presence of representatives of parties or candidates; simulated elections; observers; news media; penalties.**

A. During the times the polls are open and ballots are being counted, it shall be unlawful for any person (i) to loiter or congregate within 40 feet of any entrance of any polling place; (ii) within such distance to give, tender, or exhibit any ballot, ticket, or other campaign material to any person or to solicit or in any manner attempt to influence any person in casting his vote; or (iii) to hinder or delay a qualified voter in entering or leaving a polling place.

B. Prior to opening the polls, the officers of election shall post, in the area within 40 feet of any entrance to the polling place, sufficient notices which state "Prohibited Area" in two-inch type. The notices shall also state the provisions of this section in not less than 24-point type. The officers of election shall post the notices within the prohibited area to be visible to voters and the public.

C. The officers of election shall permit one authorized representative of each political party or independent candidate in a general or special election, or one authorized representative of each candidate in a primary election, to remain in the room in which the election is being conducted at all times. A representative may serve part of the day and be replaced by successive representatives. The officers of election shall have discretion to permit up to three authorized representatives of each political party or independent candidate in a general or special election, or up to three authorized representatives of each candidate in a primary election, to remain in the room in which the election is being conducted. The officers shall permit one such representative for each pollbook station. However, no more than one such representative for each pollbook station or three representatives of any political party or independent candidate, whichever number is larger, shall be permitted in the room at any one time. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative shall present to the officers of election a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. *If the county or city chairman is unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman.* Such statement, bearing the chairman's or candidate's original signature, may be photocopied, and such photocopy shall be as valid as if the copy had been signed. No candidate whose name is printed on the ballot shall serve as a representative of a party or candidate for purposes of this section. Authorized representatives shall be allowed, whether in a regular polling place or central absentee voter precinct, to be close enough to the voter check-in table to be able to hear and see what is occurring; however, such observation shall not violate the secret vote provision of Article II, Section 3 of the Constitution of Virginia or otherwise interfere with the orderly process of the election. Any representative who complains to the chief officer of election that he is unable to hear or see the process may accept the chief officer's decision or, if dissatisfied, he may immediately appeal the decision to the local electoral board. Authorized representatives shall be allowed, whether in a regular polling place or central absentee voter precinct, to use a handheld wireless communications device, except that authorized representatives shall not be allowed to use such devices when they contain a camera or other imaging device to film or photograph inside a polling place or central absentee voter precinct. The officers of election may prohibit the use of cellular telephones or other handheld wireless communications devices if such use will result in a violation of subsection A or D or § 24.2-607. Authorized representatives shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place.

D. It shall be unlawful for any authorized representative, voter, or any other person in the room to (i) hinder or delay a qualified voter; (ii) give, tender, or exhibit any ballot, ticket, or other campaign material to any person; (iii) solicit or in any manner attempt to influence any person in casting his vote; (iv) hinder or delay any officer of election; (v) be in a position to see the marked ballot of any other voter; or (vi) otherwise impede the orderly conduct of the election.

E. The officers of election may require any person who is found by a majority of the officers present to be in violation of this section to remain outside of the prohibited area. Any person violating subsection A or D shall be guilty of a Class 1 misdemeanor.

F. This section shall not be construed to prohibit a candidate from entering any polling place on the day of the election to vote, or to visit a polling place for no longer than 10 minutes per polling place per election day, provided that he complies with the restrictions stated in subsections A, D, and K.

G. This section shall not be construed to prohibit a minor from entering a polling place on the day of the election to vote in a simulated election at that polling place, provided that the local electoral board has determined that such polling place can accommodate simulated election activities without interference or substantial delay in the orderly conduct of the official voting process. Persons supervising or working in a simulated election in which minors vote may remain within such polling place. The local electoral board and the chief officer for the polling place shall exercise authority over, but shall have no responsibility for the administration of, simulated election related activities at the polling place.

H. A local electoral board, and its general registrar, may conduct a special election day program for high school students, selected by the electoral board in cooperation with high school authorities, in one or more polling places designated by the electoral board, other than a central absentee voter precinct. The program shall be designed to stimulate the students' interest in elections and registering to vote, provide assistance to the officers of election, and ensure the safe entry and exit of elderly and disabled voters from the polling place. Each student shall take and sign an oath as an election page, serve under the direct supervision of the chief officer of election of his assigned polling place, and observe strict impartiality at all times. Election pages may observe the electoral process and seek information from the chief officer of election, but shall not handle or touch ballots, voting machines, or any other official election materials, or enter any voting booth.

I. A local electoral board may authorize in writing the presence of additional neutral observers as it deems appropriate, except as otherwise prohibited or limited by this section. Such observers shall comply with the restrictions in subsections A and D and shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any

indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place.

J. The officers of election shall permit representatives of the news media to visit and film or photograph inside the polling place for a reasonable and limited period of time while the polls are open. However, the media (i) shall comply with the restrictions in subsections A and D; (ii) shall not film or photograph any person who specifically asks the media representative at that time that he not be filmed or photographed; (iii) shall not film or photograph the voter or the ballot in such a way that divulges how any individual voter is voting; and (iv) shall not film or photograph the voter list or any other voter record or material at the precinct in such a way that it divulges the name or other information concerning any individual voter. Any interviews with voters, candidates or other persons, live broadcasts, or taping of reporters' remarks, shall be conducted outside of the polling place and the prohibited area. The officers of election may require any person who is found by a majority of the officers present to be in violation of this subsection to leave the polling place and the prohibited area.

K. The provisions of subsections A and D shall not be construed to prohibit a person who approaches or enters the polling place for the purpose of voting from wearing a shirt, hat, or other apparel on which a candidate's name or a political slogan appears or from having a sticker or button attached to his apparel on which a candidate's name or a political slogan appears. This exemption shall not apply to candidates, representatives of candidates, or any other person who approaches or enters the polling place for any purpose other than voting.

#### **§ 24.2-639. Duties of officers of election.**

The officers of election of each precinct at which voting or counting machines are used shall meet at the polling place by 5:15 a.m. on the day of the election and arrange the equipment, furniture, and other materials for the conduct of the election. The officers of election shall verify that all required equipment, ballots, and other materials have been delivered to them for the election. The officers shall post at least two instruction cards for direct recording electronic machines conspicuously within the polling place.

The keys to the equipment and any electronic activation devices that are required for the operation of electronic voting equipment shall be delivered, prior to the opening of the polls, to the officer of election designated by the electoral board in a sealed envelope on which has been written or printed the name of the precinct for which it is intended. The envelope containing the keys and any electronic activation devices shall not be opened until all of the officers of election for the precinct are present at the polling place and have examined the envelope to see that it has not been opened. The equipment shall remain locked against voting until the polls are formally opened and shall not be operated except by voters in voting.

Before opening the polls, each officer shall examine the equipment and see that no vote has been cast and that the counters register zero. The officers shall conduct their examination in the presence of the following party and candidate representatives: one authorized representative of each political party or independent candidate in a general or special election, or one authorized representative of each candidate in a primary election, if such representatives are available. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative, who is not himself a candidate or party chairman, shall present to the officers of election a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. *If the county or city chairman is unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman.* Such statement, bearing the chairman's or candidate's original signature, may be photocopied and such photocopy shall be as valid as if the copy had been signed.

If any counter, other than a protective or private counter, on a ballot scanner or direct recording electronic machine is found not to register zero, the officers of election shall immediately notify the electoral board which shall, if possible, substitute a machine in good working order, that has been prepared and tested pursuant to § 24.2-634. No ballot scanner or direct recording electronic machine shall be used if any counter, other than a protective or private counter, is found not to register zero.

#### **§ 24.2-653. Voter whose name does not appear on pollbook or who is marked as having voted; handling of provisional ballots; ballots cast after normal close of polls due to court order extending polling hours.**

A. When a person offers to vote pursuant to § 24.2-652 and the general registrar is not available or cannot state that the person is registered to vote, then such person shall be allowed to vote by printed ballot in the manner provided in this section. This procedure shall also apply when required by § 24.2-643 or 24.2-651.1.

Such person shall be given a printed ballot and provide, subject to the penalties for making false statements pursuant to § 24.2-1016, on a green envelope supplied by the State Board, the identifying information required on the envelope, including the last four digits of his social security number, if any, full name including the maiden or any other prior legal name, date of birth, complete address, and signature. Such person shall be asked to present one of the forms of identification specified in subsection B of § 24.2-643. The officers of election shall note on the green envelope whether or not the voter has presented one of the specified forms of identification. The officers of election shall enter the appropriate information for the person in the precinct provisional ballots log in accordance with the instructions of the State Board but shall not enter a consecutive number for the voter on the pollbook nor otherwise mark his name as having voted. The officers of election shall provide an application for registration to the person offering to vote in the manner provided in this section.

The voter shall then, in the presence of an officer of election, but in a secret manner, mark the printed ballot as provided in § 24.2-644 and seal it in the green envelope. The envelope containing the ballot shall then promptly be placed in the ballot container by an officer of election.

An officer of election, by a written notice given to the voter, shall (i) inform him that a determination of his right to vote shall be made by the electoral board, (ii) advise the voter of the beginning time and place for the board's meeting and of the voter's right to be present at that meeting, and (iii) inform a voter voting provisionally when required by § 24.2-643 that he may submit a copy of one of the forms of identification specified in subsection B of § 24.2-643 to the electoral board by facsimile, electronic mail, in-person submission, or timely United States Postal Service or commercial mail delivery, to be received by the electoral board no later than noon on the third day after the election. At the meeting, the voter may request an extension of the determination of the provisional vote in order to provide information to prove that the voter is entitled to vote in the precinct pursuant to § 24.2-401. The electoral board shall have the authority to grant such extensions which it deems reasonable to determine the status of a provisional vote.

B. The provisional votes submitted pursuant to subsection A, in their unopened envelopes, shall be sealed in a special envelope marked "Provisional Votes," inscribed with the number of envelopes contained therein, and signed by the officers of election who counted them. All provisional votes envelopes shall be delivered either (i) to the clerk of the circuit court who shall deliver all such envelopes to the secretary of the electoral board or (ii) to the general registrar in localities in which the electoral board has directed delivery of election materials to the general registrar pursuant to § 24.2-668.

The electoral board shall meet on the day following the election and determine whether each person having submitted such a provisional vote was entitled to do so as a qualified voter in the precinct in which he offered the provisional vote. If the board is unable to determine the validity of all the provisional ballots offered in the election, or has granted any voter who has offered a provisional ballot an extension as provided in subsection A, the meeting shall stand adjourned, not to exceed seven calendar days from the date of the election, until the board has determined the validity of all provisional ballots offered in the election.

One authorized representative of each political party or independent candidate in a general or special election or one authorized representative of each candidate in a primary election shall be permitted to remain in the room in which the determination is being made as an observer so long as he does not participate in the proceedings and does not impede the orderly conduct of the determination. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative, who is not himself a candidate or party chairman, shall present to the electoral board a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. *If the county or city chairman is unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman.* Such statement, bearing the chairman's or candidate's original signature, may be photocopied and such photocopy shall be as valid as if the copy had been signed.

Notwithstanding the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), attendance at meetings of the electoral board to determine the validity of provisional ballots shall be permitted only for the authorized representatives provided for in this subsection, for the persons whose provisional votes are being considered and their representative or legal counsel, and for appropriate staff and legal counsel for the electoral board.

If the electoral board determines that such person was not entitled to vote as a qualified voter in the precinct in which he offered the provisional vote, is unable to determine his right to vote, or has not been provided one of the forms of identification specified in subsection B of § 24.2-643, the envelope containing his ballot shall not be opened and his vote shall not be counted. The provisional vote shall be counted if (a) such person is entitled to vote in the precinct pursuant to § 24.2-401 or (b) the State Board or the voter presents proof that indicates the voter submitted an application for registration to the Department of Motor Vehicles or other state-designated voter registration agency prior to the close of registration pursuant to § 24.2-416 and the registrar determines that the person was qualified for registration based upon the application for registration submitted by the person pursuant to subsection A. The general registrar shall notify in writing pursuant to § 24.2-114 those persons found not properly registered or whose provisional vote was not counted.

If the electoral board determines that such person was entitled to vote, the name of the voter shall be entered in a provisional votes pollbook and marked as having voted, the envelope shall be opened, and the ballot placed in a ballot container without any inspection further than that provided for in § 24.2-646.

On completion of its determination, the electoral board shall proceed to count such ballots and certify the results of its count. Its certified results shall be added to those found pursuant to § 24.2-671. No adjustment shall be made to the statement of results for the precinct in which the person offered to vote.

The certification of the results of the count together with all ballots and envelopes, whether open or unopened, and other related material shall be delivered by the electoral board to the clerk of the circuit court and retained by him as provided for in §§ 24.2-668 and 24.2-669.

C. Whenever the polling hours are extended by an order of a court of competent jurisdiction, any ballots marked after the normal polling hours by persons who were not already in line at the time the polls would have closed, notwithstanding the court order, shall be treated as provisional ballots under this section. The officers of election shall mark the green envelope for each such provisional ballot to indicate that it was cast after normal polling hours due to the court order, and when preparing the materials to deliver to the registrar or electoral board, shall separate these provisional ballots from any

provisional ballots used for any other reason. The electoral board shall treat these provisional ballots as provided in subsection B; however, the counted and uncounted provisional ballots marked after the normal polling hours shall be kept separate from all other ballots and recorded in a separate provisional ballots pollbook. The State Board of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to this section.

**§ 24.2-655. Representatives of political parties and candidates to be present on request.**

Before proceeding to ascertain the vote, the officers of election shall determine whether no more than two representatives of each political party having candidates in the election and one representative of each independent candidate or primary candidate request to be present while the absentee ballots are cast, votes are counted, and returns are completed.

Each representative shall be a qualified voter of any jurisdiction in the Commonwealth and shall present to the officers of election a written statement certifying that he is an authorized representative, signed by his party chairman for the jurisdiction in which the election is held, the independent candidate, or the candidate in a primary, as appropriate. *If the party chairman for the jurisdiction in which the election is held is unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the party chairman for the jurisdiction in which the election is held.* Such representatives shall be entitled to be present while the votes are counted and shall remain until the returns are completed.

In case such representatives, or any of them, do not request to be present, the officers shall notify the bystanders, if any, and select one or more to be present with any available representatives of the parties or candidates so that there are as many as four bystanders and representatives present.

The representatives and bystanders lawfully present shall have an unobstructed view of the officers of election and their actions while the absentee ballots are cast, votes are counted, and returns are completed. The representatives and bystanders lawfully present are prohibited from interfering with the officers of election in any way.

*An Act to amend and reenact § 22.1-253.13:3 of the Code of Virginia, relating to the Standards of Learning; integrated assessments.*

[H 1615]

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 22.1-253.13:3 of the Code of Virginia is amended and reenacted as follows:**

**§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.**

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include, but not be limited to, student outcome measures, requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, student services, auxiliary education programs such as library and media services, course and credit requirements for graduation from high school, community relations, and the philosophy, goals, and objectives of public education in Virginia.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board shall review annually the accreditation status of all schools in the Commonwealth.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall review the accreditation status of all schools in the local school division annually in public session. Within the time specified by the Board of Education, each school board shall submit corrective action plans for any schools within its school division that have been designated as not meeting the standards as approved by the Board.

When the Board of Education has obtained evidence through the school academic review process that the failure of schools within a division to achieve full accreditation status is related to division level failure to implement the Standards of Quality, the Board may require a division level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall submit for approval by the Board a corrective action plan, consistent with criteria established by the Board and setting forth specific actions and a schedule designed to ensure that schools within its school division achieve full accreditation status. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

With such funds as are appropriated or otherwise received for this purpose, the Board shall adopt and implement an academic review process, to be conducted by the Department of Education, to assist schools that are accredited with warning. The Department shall forward a report of each academic review to the relevant local school board, and such school board shall report the results of such academic review and the required annual progress reports in public session. The local school board shall implement any actions identified through the academic review and utilize them for improvement planning.

B. The Superintendent of Public Instruction shall develop and the Board of Education shall approve criteria for determining and recognizing educational performance in the Commonwealth's public school divisions and schools. Such criteria, when approved, shall become an integral part of the accreditation process and shall include student outcome measurements. The Superintendent of Public Instruction shall annually identify to the Board those school divisions and schools that exceed or do not meet the approved criteria. Such identification shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall (i) in consultation with the chairpersons of the eight regional superintendents' study groups, establish a timetable for administering the Standards of Learning assessments to ensure genuine end-of-course and end-of-grade testing and (ii) with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments.

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected verified credit.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall include in the student outcome measures that are required by the Standards for Accreditation end-of-course or end-of-grade assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science *and may be integrated to include multiple subject areas.*

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (a) reading and mathematics in grades three and four; (b) reading, mathematics, and science in grade five; (c) reading and mathematics in grades six and seven; (d) reading, writing, mathematics, and science in grade eight; and (e) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall

(1) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) permit and encourage integrated assessments that include multiple subject areas; and (3) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

In addition, to assess the educational progress of students, the Board of Education shall (A) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (B) select appropriate industry certification and state licensure examinations; and (C) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board of Education or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Board of Education may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

D. The Board of Education may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 11 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of Education may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board's alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board of Education, the results from the Stanford

Achievement Test Series, Ninth Edition (Stanford Nine) assessment, if administered, industry certification examinations, and the Standards of Learning Assessments to the public.

The Board of Education shall not require administration of the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the requirements for home instruction pursuant to § 22.1-254.1.

The Board shall include requirements for the reporting of the Standards of Learning assessment scores and averages for each year as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department of Education's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board of Education's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board of Education for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards of Accreditation pursuant to 8 VAC 20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board of Education based on submission of a request from the division superintendent and chairman of the local school board. The Board of Education may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department of Education shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board of Education may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

## CHAPTER 149

*An Act to amend and reenact § 22.1-253.13:3 of the Code of Virginia, relating to public schools; Standards of Learning assessments.*

[S 900]

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:****1. That § 22.1-253.13:3 of the Code of Virginia is amended and reenacted as follows:****§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.**

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include, but not be limited to, student outcome measures, requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, student services, auxiliary education programs such as library and media services, course and credit requirements for graduation from high school, community relations, and the philosophy, goals, and objectives of public education in Virginia.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board shall review annually the accreditation status of all schools in the Commonwealth.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall review the accreditation status of all schools in the local school division annually in public session. Within the time specified by the Board of Education, each school board shall submit corrective action plans for any schools within its school division that have been designated as not meeting the standards as approved by the Board.

When the Board of Education has obtained evidence through the school academic review process that the failure of schools within a division to achieve full accreditation status is related to division level failure to implement the Standards of Quality, the Board may require a division level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall submit for approval by the Board a corrective action plan, consistent with criteria established by the Board and setting forth specific actions and a schedule designed to ensure that schools within its school division achieve full accreditation status. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

With such funds as are appropriated or otherwise received for this purpose, the Board shall adopt and implement an academic review process, to be conducted by the Department of Education, to assist schools that are accredited with warning. The Department shall forward a report of each academic review to the relevant local school board, and such school board shall report the results of such academic review and the required annual progress reports in public session. The local school board shall implement any actions identified through the academic review and utilize them for improvement planning.

B. The Superintendent of Public Instruction shall develop and the Board of Education shall approve criteria for determining and recognizing educational performance in the Commonwealth's public school divisions and schools. Such criteria, when approved, shall become an integral part of the accreditation process and shall include student outcome measurements. The Superintendent of Public Instruction shall annually identify to the Board those school divisions and schools that exceed or do not meet the approved criteria. Such identification shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall, ~~(i) in consultation with the chairpersons of the eight regional superintendents' study groups, establish a timetable for administering the Standards of Learning assessments to ensure genuine end-of-course and end-of-grade testing and (ii) with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments. The Department of Education shall make available to school divisions Standards of Learning assessments typically administered by the middle and high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later.~~

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected verified credit.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall include in the student outcome measures that are required by the Standards for Accreditation end-of-course or end-of-grade assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science.

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (a) reading and mathematics in grades three and four; (b) reading, mathematics, and science in grade five; (c) reading and mathematics in grades six and seven; (d) reading, writing, mathematics, and science in grade eight; and (e) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall (1) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) permit and encourage integrated assessments that include multiple subject areas; and (3) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

In addition, to assess the educational progress of students, the Board of Education shall (A) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (B) select appropriate industry certification and state licensure examinations; and (C) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level

Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board of Education or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Board of Education may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

D. The Board of Education may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 11 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of Education may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board's alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board of Education, the results from the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, if administered, industry certification examinations, and the Standards of Learning Assessments to the public.

The Board of Education shall not require administration of the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the requirements for home instruction pursuant to § 22.1-254.1.

The Board shall include requirements for the reporting of the Standards of Learning assessment scores and averages for each year as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department of Education's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the required reports and data to division superintendents

annually. The status of compliance with this requirement shall be included in the Board of Education's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board of Education for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards of Accreditation pursuant to 8 VAC 20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board of Education based on submission of a request from the division superintendent and chairman of the local school board. The Board of Education may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department of Education shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board of Education may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

## CHAPTER 151

*An Act to amend and reenact § 58.1-3330 of the Code of Virginia, relating to real property tax; notice of assessment.*

[H 1291]

Approved March 16, 2015

### **Be it enacted by the General Assembly of Virginia:**

1. **That § 58.1-3330 of the Code of Virginia is amended and reenacted as follows:**

#### **§ 58.1-3330. Notice of change in assessment.**

A. Whenever in any county, city or town there is a reassessment of real estate, or any change in the assessed value of any real estate, notice shall be given by mail directly to each property owner, as shown by the land books of the county, city or town whose assessment has been changed. Such notice shall be sent by postpaid mail at least fifteen days prior to the date of a hearing to protest such change to the address of the property owner as shown on such land books. The governing body of the county, city or town shall require the officer of such county, city or town charged with the assessment of real estate to send such notices or it shall provide funds or services to the persons making such reassessment so that such persons can send such notices.

B. Every notice shall, among other matters, show the magisterial or other district, if any, in which the real estate is located, the amount and the new and immediately prior two *tax years' final* assessed values of land, and the new and immediately prior two *tax years' final* assessed values of improvements. It shall further set out the time and place at which persons may appear before the officers making such reassessment or change and present objections thereto. The notice shall also inform each property owner of the right to view and make copies of records maintained by the local assessment office pursuant to §§ 58.1-3331 and 58.1-3332, and inform each property owner that the records available and the procedure for accessing them are set out in §§ 58.1-3331 and 58.1-3332. In counties that have elected by ordinance to prepare land and personal property books in alphabetical order as authorized by § 58.1-3301 B, such notice may omit reference to districts, as provided herein.

The following requirements shall apply to any notice of change in assessment other than one in which the change arises solely from the construction or addition of new improvements to the real estate. If the tax rate that will apply to the new assessed value has been established, then the notice shall set out such rate. In addition, whether or not the tax rate applicable to the new assessed value has been established, the notice shall set out the tax rates for the immediately prior two tax years, the total amount of the new tax levy, based on the current tax rate at the time the notices are prepared, and the amounts of the total tax levies for the immediately prior two tax years, *based on the final tax rates for those tax years multiplied by the final assessed values of land and improvements for those tax years*, and the percentage changes in the new tax levy from the tax levies in the immediately prior two tax years.

If the tax rate that will apply to the new assessed value has not been established, then the notice shall set out the time and place of the next meeting of the local governing body at which public testimony will be accepted on any real estate tax rate changes. If this meeting will be more than 60 days from the date of the reassessment notice, then instead of the date of the meeting, the notice shall include information on when the date of the meeting will be set and where it will be publicized.

C. Any person other than the owner who receives such reassessment notice, shall transmit the notice to such owner, at his last known address, immediately on receipt thereof, and shall be liable to such owner in an action at law for liquidated damages in the amount of twenty-five dollars, in the event of a failure to so transmit the notice. Mailing such notice to the last known address of the property owner shall be deemed to satisfy the requirements of this section.

D. Notwithstanding the provisions of this section, if the address of the taxpayer as shown on the tax record is in care of a lender, the lender shall upon request furnish the county, city or town a list of such property owners, together with their current addresses as they appear on the books of the lender, or the parties may by agreement permit the lender to forward such notices to the property owner, with the cost of postage to be paid by the county, city or town.

**1. That § 58.1-439.22 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-439.22. Donations of professional services.**

A. A sole proprietor, partnership or limited liability company engaged in the business of providing professional services shall be eligible for a tax credit under this article based on the time spent by the proprietor or a partner or member, respectively, who renders professional services to a program that has received an allocation of tax credits from the Superintendent of Public Instruction or the Commissioner of the State Department of Social Services. The value of the professional services, for purposes of determining the amount of the tax credit allowable, rendered by the proprietor or a partner or member to an approved program shall not exceed the lesser of (i) the reasonable cost for similar services from other providers or (ii) \$125 per hour.

B. A business firm shall be eligible for a tax credit under this article for the time spent by a salaried employee who renders professional services to an approved program. The value of the professional services, for purposes of determining the amount of tax credit allowed to a business firm for time spent by its salaried employee in rendering professional services to an approved project, shall be equal to the salary that such employee was actually paid for the period of time that such employee rendered professional services to the approved program.

C. Notwithstanding any provision of this article limiting eligibility for tax credits to business firms, physicians, chiropractors, dentists, nurses, nurse practitioners, physician assistants, optometrists, dental hygienists, professional counselors, clinical social workers, clinical psychologists, marriage and family therapists, physical therapists, and pharmacists licensed pursuant to Title 54.1 who provide health care services within the scope of their licensure, without charge, to patients of a clinic operated by an organization that has received an allocation of tax credits from the Commissioner of the State Department of Social Services and such clinic is organized in whole or in part for the delivery of health care services without charge, or to a clinic operated not for profit providing health care services for charges not exceeding those set forth in a scale prescribed by the State Board of Health pursuant to § 32.1-11 for charges to be paid by persons based upon ability to pay, shall be eligible for a tax credit pursuant to § 58.1-439.21 based on the time spent in providing health care services to patients of such clinic, regardless of where the services are delivered.

Notwithstanding any provision of this article limiting eligibility for tax credits, a pharmacist who donates pharmaceutical services to patients of a free clinic, which clinic is an organization exempt from taxation under the provisions of § 501(c)(3) of the Internal Revenue Code, with such pharmaceutical services performed at the direction of an approved neighborhood organization that has received an allocation of tax credits from the Commissioner of the State Department of Social Services, shall be eligible for tax credits under this article based on the time spent in providing such pharmaceutical services, regardless of where the services are delivered.

Notwithstanding any provision of this article limiting eligibility for tax credits, mediators certified pursuant to guidelines promulgated by the Judicial Council of Virginia who provide services within the scope of such certification, without charge, at the direction of an approved neighborhood organization that provides court-referred mediation services and that has received an allocation of tax credits from the Commissioner of the State Department of Social Services shall be eligible for tax credits under this article based on the time spent in providing such mediation services, regardless of where the services are delivered.

The value of such services, for purposes of determining the amount of the tax credit allowable, rendered by the physician, chiropractor, dentist, nurse, nurse practitioner, physician assistant, optometrist, dental hygienist, professional counselor, clinical social worker, clinical psychologist, marriage and family therapist, physical therapist, pharmacist, or mediator shall not exceed the lesser of (i) the reasonable cost for similar services from other providers or (ii) \$125 per hour.

*D. Notwithstanding any provision of this article limiting eligibility for tax credits and for tax credit allocations beginning with fiscal year 2015-2016, a physician specialist who donates specialty medical services to patients referred from an approved neighborhood organization (i) that has received an allocation of tax credits from the Commissioner of Social Services, (ii) whose sole purpose is to provide specialty medical referral services to patients of participating clinics or federally qualified health centers, and (iii) that is exempt from taxation under the provisions of § 501(c)(3) of the Internal*

Revenue Code shall be eligible for tax credits under this article issued to such organization regardless of where the specialty medical services are delivered.

The value of such services, for purposes of determining the amount of tax credit allowable, rendered by the physician specialist shall not exceed the lesser of (a) the reasonable cost for similar services from other providers or (b) \$125 per hour.

## CHAPTER 154

An Act to amend the Code of Virginia by adding in Article 1 of Chapter 6 of Title 6.2 a section numbered 6.2-603.1, relating to the authority of depository institutions to sponsor savings promotions.

[H 1487]

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding in Article 1 of Chapter 6 of Title 6.2 a section numbered 6.2-603.1 as follows:**

**§ 6.2-603.1. Savings promotions.**

A. As used in this section, unless the context requires a different meaning:

"Depository institution" means a bank, savings institution, or credit union that is subject to any provision of this title and that offers savings accounts, share accounts, certificates of deposit, or other savings products or programs.

"Nonqualifying account" means a savings account, share account, certificate of deposit, or other savings product or program offered by a depository institution that is not a qualifying account.

"Qualifying account" means a savings account, share account, share certificate, or other savings product or program offered by a depository institution through which depositors may obtain chances to win prizes in a savings promotion.

"Savings promotion" means a contest or promotion sponsored by a depository institution in which a chance of winning designated prizes is obtained by its depositors for the purposes of encouraging depositors to build and maintain savings deposits.

B. Any depository institution may sponsor a savings promotion in accordance with the provisions of this section, to the extent (i) the savings promotion is not prohibited by federal law or regulation and (ii) the savings promotion complies with the following requirements:

1. Participants in the savings promotion shall not be required to provide any consideration in order to obtain entries to win. For purposes of this subdivision, participants shall not be deemed to have provided consideration due to the requirement that they deposit a specified amount of money for a specified time period in a qualifying account in order to obtain entries to win, provided that:

a. The interest rate associated with any such qualifying account is not reduced when compared with other comparable nonqualifying accounts offered by any depository institution, to account for the possibility of depositors winning specified prizes; and

b. The depository institution does not charge a fee for participating in the savings promotion;

2. All fees charged in connection with a qualifying account shall be comparable with all fees charged in connection with other comparable nonqualifying accounts, if any, offered by the depository institution;

3. The savings promotion shall be conducted such that each entry in the savings promotion has an equal chance of being drawn;

4. Participants in the savings promotion shall not be required to be present at a prize drawing in order to win; and

5. The savings promotion is conducted in a manner that complies with the applicable requirements of Chapter 31 (§ 59.1-415 et seq.) of Title 59.1.

C. For purposes of Article 1 (§ 18.2-325 et seq.) of Chapter 8 of Title 18.2, a savings promotion offered in accordance with this section shall not constitute illegal gambling or otherwise be deemed to entail the promotion of gambling or a lottery.

## CHAPTER 155

An Act to amend and reenact § 46.2-1569 of the Code of Virginia, relating to the prohibition of coercion of motor vehicle dealers to provide access to consumer data.

[H 1549]

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 46.2-1569 of the Code of Virginia is amended and reenacted as follows:**

**§ 46.2-1569. Other coercion of dealers; transfer, grant, succession to and cancellation of dealer franchises; delivery of vehicles, parts, and accessories.**

Notwithstanding the terms of any franchise agreement, it shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or their representatives:

1. To coerce or attempt to coerce any dealer to accept delivery of any motor vehicle or vehicles, parts or accessories therefor, or any other commodities, which have not been ordered by the dealer.

2. To coerce or attempt to coerce any dealer to enter into an agreement with the manufacturer, factory branch, distributor, or distributor branch, or representative thereof by threat to take or by taking any action in violation of the chapter, or by any other act unfair or injurious to the dealer. If a manufacturer, factory branch, distributor, or distributor branch conditions the grant of a new franchise to a dealer on the dealer's consent (i) to provide a site control agreement as defined in subdivision 10, (ii) to provide a written agreement containing an option to purchase the franchise of the dealer, provided, however, that agreements pursuant to § 46.2-1569.1 shall be permitted, or (iii) to provide a termination agreement to be held by the manufacturer, factory branch, distributor, or distributor branch for subsequent use, it shall be considered coercion and an act that is unfair and injurious to the dealer; provided, however, that the provisions of § 46.2-1572.3 related to the good faith settlement of disputes shall apply to the agreements described in clauses (i), (ii), and (iii) of this subdivision, mutatis mutandis. This subdivision shall not apply to any agreement the enforcement of which is subject to the jurisdiction of a United States Bankruptcy Court.

2a. To coerce or attempt to coerce any dealer to join, contribute to, or affiliate with any advertising association.

2b. To coerce or require any dealer to establish in connection with the sale of a motor vehicle prices at which the dealer shall sell products or services not manufactured or distributed by the manufacturer, factory branch, distributor, or distributor branch, whether by agreement, program, incentive provision, or otherwise.

2c. To coerce or require any dealer, whether by agreement, program, incentive provision, or otherwise, to construct improvements to its facilities or to install new signs or other franchisor image elements that replace or substantially alter those improvements, signs, or franchisor image elements completed within the preceding 10 years that were required or approved by the manufacturer, factory branch, distributor, or distributor branch or one of its affiliates. If a manufacturer, factory branch, distributor, or distributor branch offers incentives, or other payments under a program offered after the effective date of this subdivision and available to more than one dealer in the Commonwealth that are premised wholly or in part on dealer facility improvements or installation of franchisor signs or other franchisor image elements, a dealer that constructed improvements or installed signs or other franchisor image elements required by or approved by the manufacturer, factory branch, distributor, or distributor branch and completed within the 10 years preceding the program shall be deemed to be in compliance with the program requirements pertaining to construction of facilities or installation of signs or other franchisor image elements that would replace or substantially alter those previously constructed or installed within that 10-year period. This subdivision shall not apply to a program that provides lump sum payments to assist dealers in making facility improvements or to pay for signs or franchisor image elements when such payments are not dependent on the dealer selling or purchasing specific numbers of new vehicles and shall not apply to a program that is in effect with more than one dealer in the Commonwealth on the effective date of this subdivision, nor to any renewal or modification of such a program.

3. To prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale, or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, unless the franchisor provides written notice to the dealer of its objection and the reasons therefor by certified mail or overnight delivery or other method designed to ensure delivery to the dealer at least 30 days prior to the proposed effective date of the transfer, sale, assignment, or change. No such objection shall be sufficient unless the failure to approve is reasonable. Notwithstanding the provisions of subsection D of § 46.2-1573, the only grounds that may be considered reasonable for a failure to approve are that an individual who is the applicant or is in control of an entity that is an applicant (i) lacks good moral character, (ii) lacks reasonable motor vehicle dealership management experience and qualifications, (iii) lacks financial ability to be the dealer, or (iv) fails to meet the standards otherwise established by this title to be a dealer. No such objection shall be effective to prevent the sale, transfer, assignment, or change if the Commissioner has determined, if requested in writing by the dealer within 30 days after receipt of an objection to the proposed sale, transfer, or change, and after a hearing on the matter, that the failure to permit or honor the sale, transfer, assignment, or change is unreasonable under the circumstances. No franchise may be sold, assigned, or transferred unless (a) the franchisor has been given at least 90 days' prior written notice by the dealer as to the identity, financial ability, and qualifications of the proposed transferee on forms generally utilized by the franchisor to conduct its review, as well as the full agreement for the proposed transaction, and (b) the sale or transfer of the franchise and business will not involve, without the franchisor's consent, a relocation of the business.

3a. To impose a condition on the approval of the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise if the condition would violate the provisions of this title if imposed on the existing dealer.

In the event the manufacturer, factory branch, distributor or distributor branch takes action to prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, without a statement of specific grounds for doing so that is consistent with subdivision 3 hereof or imposes a condition in violation of subdivision 3a hereof, that shall constitute a violation of this section. The existing dealer may request review of the action or imposition of the condition in a hearing by the Commissioner. If the Commissioner finds that the action or the imposition of the condition was a violation of this section, the Commissioner may order that the sale or transfer be approved by the manufacturer, factory branch, distributor, or distributor branch, without imposition of the

condition. If the existing dealer does not request a hearing by the Commissioner concerning the action or the condition imposed by the manufacturer, factory branch, distributor, or distributor branch, and the action or condition was the proximate cause of the failure of the contract for the sale or transfer of ownership of the dealership, the applicant for approval of the sale or transfer or the existing dealer, or both, may commence an action at law for violation of this section. The action may be commenced in the circuit court of the city or county in which the dealer is located, or in any other circuit court with permissible venue, within two years following the action or the imposition of the condition by the manufacturer, factory branch, distributor, or distributor branch for the damages suffered by the applicant or the dealer as a result of the violation of this section by the manufacturer, factory branch, distributor, or distributor branch, plus the applicant's or dealer's reasonable attorney fees and costs of litigation. Notwithstanding the foregoing, an exercise of the right of first refusal by the manufacturer, factory branch, distributor, or distributor branch pursuant to § 46.2-1569.1 shall not be considered the imposition of a condition prohibited by this section.

4. To grant an additional franchise for a particular line-make of motor vehicle in a relevant market area in which a dealer or dealers in that line-make are already located unless the franchisor has first advised in writing all other dealers in the line-make in the relevant market area. No such additional franchise may be established at the proposed site unless the Commissioner has determined, if requested by a dealer of the same line-make in the relevant market area within 30 days after receipt of the franchisor's notice of intention to establish the additional franchise, and after a hearing on the matter, that the franchisor can show by a preponderance of the evidence that after the grant of the new franchise, the relevant market area will support all of the dealers in that line-make in the relevant market area. Establishing a franchised dealer in a relevant market area to replace a franchised dealer that has not been in operation for more than two years shall constitute the establishment of a new franchise subject to the terms of this subdivision. The two-year period for replacing a franchised dealer shall begin on the day the franchise was terminated, or, if a termination hearing was held, on the day the franchisor was legally permitted finally to terminate the franchise. The relocation of a franchise in a relevant market area, whether by an existing dealer or by a dealer who is acquiring the franchise, shall constitute the establishment of a new franchise subject to the terms of this subdivision. This subdivision shall not apply to (i) the relocation of an existing dealer within that dealer's relevant market area if the relocation site is to be more than ten miles distant from any other dealer for the same line-make; (ii) the relocation of an existing dealer within that dealer's relevant market area if the relocation site is to be more distant than the existing site from all other dealers of the same line-make in that relevant market area; or (iii) the relocation of an existing new motor vehicle dealer within two miles of the existing site of the relocating dealer.

5. Except as otherwise provided in this subdivision and notwithstanding the terms of any franchise, to terminate, cancel, or refuse to renew the franchise of any dealer without good cause and unless (i) the dealer and the Commissioner have received written notice of the franchisor's intentions at least 60 days prior to the effective date of such termination, cancellation, or the expiration date of the franchise, setting forth the specific grounds for the action, and (ii) the Commissioner has determined, if requested in writing by the dealer within the 60-day period prior to the effective date of such termination, cancellation, or the expiration date of the franchise and, after a hearing on the matter, that the franchisor has shown by a preponderance of the evidence that there is good cause for the termination, cancellation, or nonrenewal of the franchise. If any manufacturer, factory branch, distributor, or distributor branch takes action that will have the effect of terminating, canceling, or refusing to renew the franchise of any dealer (a) by use of a termination agreement executed by the dealer and obtained more than 90 days before the purported date of use, (b) by exercise of rights under a written option to purchase the franchise of a dealer, or (c) by exercise of rights under a site control agreement as defined in subdivision 10, that action shall be considered a termination, cancellation, or refusal to renew pursuant to the terms of this subdivision and subject to the rights, provisions, and procedures provided herein. In any case where a petition is made to the Commissioner for a determination as to good cause for the termination, cancellation, or nonrenewal of a franchise, the franchise in question shall continue in effect pending the Commissioner's decision or, if that decision is appealed to the circuit court, pending the decision of the circuit court. Where the termination, cancellation, or nonrenewal of a franchise will result from use of a termination agreement executed by the dealer and obtained more than 90 days before the purported date of use, exercise of rights under a written option to purchase the franchise of a dealer, or exercise of rights under a site control agreement as defined in subdivision 10, such use or exercise shall be stayed pending the Commissioner's decision or, if that decision is appealed to the circuit court, pending the decision of the circuit court, and its use or exercise will be allowed only where the franchisor has shown by a preponderance of the evidence that there is good cause for the termination, cancellation, or nonrenewal of the franchise. In any case in which a franchisor neither advises a dealer that it does not intend to renew a franchise nor takes any action to renew a franchise beyond its expiration date, the franchise in question shall continue in effect on the terms last agreed to by the parties. Notwithstanding the other provisions of this subdivision notice of termination, cancellation, or nonrenewal may be provided to a dealer by a franchisor not less than 15 days prior to the effective date of such termination, cancellation, or nonrenewal when the grounds for such action are any of the following:

a. Insolvency of the franchised motor vehicle dealer or filing of any petition by or against the franchised motor vehicle dealer, under any bankruptcy or receivership law, leading to liquidation or which is intended to lead to liquidation of the franchisee's business.

b. Failure of the franchised motor vehicle dealer to conduct its customary sales and service operations during its posted business hours for seven consecutive business days, except where the failure results from acts of God or circumstances beyond the direct control of the franchised motor vehicle dealer.

c. Revocation of any license which the franchised motor vehicle dealer is required to have to operate a dealership.

d. Conviction of the dealer or any principal of the dealer of a felony.

The change or discontinuance of a marketing or distribution system of a particular line-make product by a manufacturer or distributor, while the name identification of the product is continued in substantial form by the same or a different manufacturer or distributor, may be considered to be a franchise termination, cancellation, or nonrenewal. The provisions of this paragraph shall apply to changes and discontinuances made after January 1, 1989, but they shall not be considered by any court in any case in which such a change or discontinuance occurring prior to that date has been challenged as constituting a termination, cancellation or nonrenewal.

5a. To fail to provide continued parts and service support to a dealer which holds a franchise in a discontinued line-make for at least five years from the date of such discontinuance. This requirement shall not apply to a line-make which was discontinued prior to January 1, 1989.

5b. Upon the involuntary or voluntary termination, nonrenewal, or cancellation of the franchise of any dealer, by either the manufacturer, distributor, or factory branch or by the dealer, notwithstanding the terms of any franchise whether entered into before or after the enactment of this section, to fail to pay the dealer for at least the following:

(1) The dealer cost plus any charges by the franchisor for distribution, delivery, and taxes paid by the dealer, less all allowances paid to the dealer by the franchisor, for new and undamaged motor vehicles in the dealer's inventory acquired from the franchisor or from another dealer of the same line-make in the ordinary course of business within 18 months of termination;

(2) The dealer cost as shown in the price catalog of the franchisor current at the time of repurchase of each new, unused, undamaged, and unsold part or accessory if such part or accessory is in the current parts catalog and is still in the original, resalable merchandising package and in unbroken lots, except that in the case of sheet metal, a comparable substitute for the original package may be used;

(3) The fair market value of each undamaged sign owned by the dealer that bears a trademark, trade name or commercial symbol used or claimed by the franchisor if such sign was purchased from or at the request of the franchisor;

(4) The fair market value of all special tools and automotive service equipment owned by the dealer that were recommended and designated as special tools or equipment by the franchisor, if the tools and equipment are in usable and good condition, normal wear and tear excepted; and

(5) The reasonable cost of transporting, handling, packing, and loading of motor vehicles, parts, signs, tools, and special equipment subject to repurchase hereunder.

The provisions of this subdivision do not apply to a dealer who is unable to convey clear title to the property identified in this subdivision.

For purposes of this subdivision, a voluntary termination shall not include the transfer of the terminating dealer's franchised business in connection with a transfer of that business by means of sale of the equity ownership or assets thereof to another dealer.

5c. If the termination, cancellation, or nonrenewal of the dealer's franchise is the result of the termination, elimination, or cessation of a line-make by the manufacturer, distributor, or factory branch, then, in addition to the payments to the dealer pursuant to subdivision 5b, the manufacturer, distributor, or factory branch shall be liable to the dealer for the following:

(1) An amount at least equivalent to the fair market value of the franchise for the line-make, which shall be the greater of that value determined as of (i) the date the franchisor announces the action that results in termination, cancellation, or nonrenewal, (ii) the date the action that resulted in the termination, cancellation, or nonrenewal first became general knowledge, or (iii) the day 12 months prior to the date on which the notice of termination, cancellation, or nonrenewal is issued. In determining the fair market value of a franchise for a line-make, if the line-make is not the only line-make for which the dealer holds a franchise in the dealership facilities, the dealer shall also be entitled to compensation for the contribution of the line-make to payment of the rent or to covering obligation for the fair rental value of the dealership facilities for the period set forth in subdivision 5c (2). Fair market value of the franchise for the line-make shall only include the goodwill value of the dealer's franchise for that line-make in the dealer's relevant market area.

(2) If the line-make is the only line-make for which the dealer holds a franchise in the dealership facilities, the manufacturer, distributor, or factory branch shall also pay assistance with respect to the dealership facilities leased or owned by the dealer as follows: (i) the manufacturer, distributor, or factory branch shall pay the dealer a sum equivalent to the rent for the unexpired term of the lease or three years' rent, whichever is the lesser, or (ii) if the dealer owns the dealership facilities, the manufacturer, distributor, or factory branch shall pay the dealer a sum equivalent to the reasonable rental value of the dealership facilities for three years.

To be entitled to facilities assistance from the manufacturer, distributor, or factory branch, the dealer shall have the obligation to mitigate damages by listing the dealership facilities for lease or sublease with a licensed real estate agent within 30 days after the effective date of the termination of the franchise and thereafter by reasonably cooperating with such real estate agent in the performance of the agent's duties and responsibilities. If the dealer is able to lease or sublease the dealership facilities on terms that are consistent with local zoning requirements to preserve the right to sell motor vehicles from the dealership facilities and the terms of the dealer's lease, the dealer shall be obligated to pay the manufacturer the net revenue received from such mitigation, but only following receipt of facilities assistance payments pursuant to clause (i) or (ii) of subdivision 5c (2), and only up to the total amount of facilities assistance payments that the dealer has received.

6. To fail to allow a dealer the right at any time to designate a member of his family as a successor to the dealership in the event of the death or incapacity of the dealer. Such designation may be made by the dealer or, in the event of the death or

incapacity of the dealer, by the qualified executor or personal representative of the dealer. It shall be unlawful to prevent or refuse to honor the succession to a dealership by a member of the family of a deceased or incapacitated dealer if the franchisor has not provided to the member of the family designated the dealer's successor written notice of its objections to the succession and of such person's right to seek a hearing on the matter before the Commissioner pursuant to this article, and the Commissioner determines, if requested in writing by such member of the family within 30 days of receipt of such notice from the franchisor, and after a hearing on the matter before the Commissioner pursuant to this article, that the failure to permit or honor the succession is unreasonable under the circumstances. No member of the family may succeed to a franchise unless (i) the franchisor has been given written notice as to the identity, financial ability, and qualifications of the member of the family in question, and (ii) the succession to the franchise will not involve, without the franchisor's consent, a relocation of the business.

7. To delay, refuse, or fail to deliver to any dealer, if ordered by the dealer, in reasonable quantities and within a reasonable time, any new vehicles of each series and model sold or distributed by the franchisor as covered by such franchise and which are publicly advertised by the manufacturer, factory branch, distributor, or distributor branch in the Commonwealth to be available for immediate delivery, provided, however, that the failure to deliver any motor vehicle shall not be considered a violation of this chapter if such failure is due to an act of God, a work stoppage or delay due to a strike or labor difficulty, a shortage of materials, a lack of available manufacturing capacity, a freight embargo, or other cause over which the manufacturer, factory branch, distributor, or distributor branch shall have no control. If ordered by a dealer, a franchisor shall deliver an equitable supply of new vehicles during the model year of each series and model under the dealer's franchise in proportion to the sales objectives or goals established by the franchisor for the dealer compared to the sales objectives or goals established by the other same line-make dealers in the Commonwealth, provided, however, that the failure to deliver any motor vehicle shall not be considered a violation of this chapter if such failure is due to a cause over which the manufacturer, factory branch, distributor, or distributor branch shall have no control. Upon the written request of any dealer holding its sales or sales and service franchise, the manufacturer or distributor shall disclose to the dealer in writing the basis upon which new motor vehicles of the same line-make are allocated, scheduled, and delivered to dealers in the Commonwealth, and the basis upon which the current allocation or distribution is being made or will be made to such dealer. In the event that allocation is at issue in a request for a hearing, the dealer may demand the Commissioner to direct that the manufacturer or distributor provide to the dealer, within 30 days of such demand, all records of sales and all records of distribution of all motor vehicles to the same line-make dealers who compete with the dealer requesting the hearing.

7a. To fail or refuse to offer to its same line-make franchised dealers all models manufactured for the line-make, or require a dealer to pay any extra fee, or remodel, renovate, or recondition the dealer's existing facilities, or purchase unreasonable advertising displays or other materials as a prerequisite to receiving a model or a series of vehicles.

7b. To require or otherwise coerce a dealer to underutilize the dealer's facilities by requiring or otherwise coercing a dealer to exclude or remove from the dealer's facilities operations for selling or servicing of a line-make of vehicles for which the dealer has a franchise agreement to utilize the facilities.

7c. To require a dealer to purchase goods or services from a vendor selected, identified, or designated by a manufacturer, factory branch, distributor, distributor branch, or one of its affiliates by agreement, program, incentive provision, or otherwise without making available to the dealer the option to obtain the goods or services of substantially similar quality from a vendor chosen by the dealer. For purposes of this subdivision, the term "goods" does not include moveable displays, brochures, and promotional materials containing material subject to intellectual property rights of, or special tools and training as required by the manufacturer, or parts to be used in repairs under warranty obligations of, a manufacturer, factory branch, distributor, or distributor branch.

7d. To fail to provide a notice to a dealer when notifying it of the requirement to purchase goods or services from a vendor selected, identified, or designated by a manufacturer, factory branch, distributor, or distributor branch of the dealer's rights pursuant to subdivision 7c.

7e. To fail to provide to a dealer, when the manufacturer, factory branch, distributor, or distributor branch claims that a vendor chosen by the dealer cannot supply goods and services of substantially similar quality, a disclosure concerning the vendor selected, identified, or designated by the franchisor stating (i) whether the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates, or any officer, director, or employee of the same, has an ownership interest, actual or beneficial, in the vendor and, if so, the percentage of the ownership interest and (ii) whether the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates has an agreement or arrangement by which the vendor pays to the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates, or any officer, director, or employee of the same, any compensation and, if so, the basis and amount of the compensation to be paid as a result of any purchases by the dealer, whether it is to be paid by direct payment by the vendor or by credit from the vendor for the benefit of the recipient.

7f. To fail to provide to a dealer, if the goods and services to be supplied to the dealer by a vendor selected, identified, or designated by the manufacturer, factory branch, distributor, or distributor branch are signs or other franchisor image elements to be leased to the dealer, the right to purchase the signs or other franchisor image elements of like kind and quality from a vendor selected by the dealer. If the vendor selected by the manufacturer, factory branch, distributor, or distributor branch is the only available vendor, the dealer must be given the opportunity to purchase the signs or other franchisor image elements at a price substantially similar to the capitalized lease costs thereof. This subdivision shall not be construed to allow a dealer to impair or eliminate the intellectual property rights of the manufacturer, factory branch, distributor, or

distributor branch, nor to permit a dealer to erect or maintain signs that do not conform to the intellectual property usage guidelines of the manufacturer, factory branch, distributor, or distributor branch.

8. To include in any franchise with a motor vehicle dealer terms that are contrary to, prohibited by, or otherwise inconsistent with the requirements of this chapter.

8a. For any franchise agreement, to require a motor vehicle dealer to pay the attorney's fees of the manufacturer or distributor related to hearings and appeals brought under this article.

9. To fail to include in any franchise with a motor vehicle dealer the following language: "If any provision herein contravenes the laws or regulations of any state or other jurisdiction wherein this agreement is to be performed, or denies access to the procedures, forums, or remedies provided for by such laws or regulations, such provision shall be deemed to be modified to conform to such laws or regulations, and all other terms and provisions shall remain in full force," or words to that effect.

10. To enter into any agreement with a motor vehicle dealer in which the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates is given site control over the premises of a dealer that does not terminate upon the occurrence of any of the following events: (i) the right of the franchisor to manufacture or distribute the line-make of vehicles covered by the dealer's franchise is sold, assigned, or otherwise transferred by the manufacturer, factory branch, distributor, or distributor branch to another; (ii) the final termination of the dealer's franchise for any reason; or (iii) the manufacturer, factory branch, distributor, or distributor branch of its affiliate fails for any reason to exercise its right of first refusal to purchase the assets or ownership of the business of the dealer when given the opportunity to do so by virtue of its franchise agreement, another agreement, or as set forth in § 46.2-1569. For purposes of this subdivision, the term "site control" shall mean the contractual right to control in any way the commercial use and development of the premises upon which a dealer's business operations are located, including the right to approve of additional or different uses for the property beyond those of its franchise, the right to lease or sublease the dealer's property, or the right or option to purchase the dealer's property.

*11. To require or coerce a motor vehicle dealer, whether by agreement, program, incentive provision, or otherwise, to submit or to provide a manufacturer, factory branch, distributor, or distributor branch access to consumer data maintained by the dealer (i) by any method that violates or would violate the dealer's chosen policies and processes for complying with obligations to protect consumer data under laws of the United States or the Commonwealth or (ii) through franchisor access to the computer database of the dealer if the dealer chooses to submit data specified by the franchisor.*

*The manufacturer, factory branch, distributor, or distributor branch shall provide a dealer the right to cancel the dealer's participation in a program under which the dealer provides consumer data or access to data to the manufacturer, factory branch, distributor, or distributor branch, provided that a manufacturer, factory branch, distributor, or distributor branch may require notice of up to 60 days of the dealer's decision to cancel the dealer's participation.*

*If a manufacturer, factory branch, distributor, or distributor branch offers incentives or other payments under a program offered after July 1, 2015, excluding any continuation, renewal, or modification of any existing program, and available to more than one dealer in the Commonwealth that are premised wholly or in part on dealer participation in manufacturer, factory branch, distributor, or distributor branch programs under which consumer data is provided to or accessed by the manufacturer, factory branch, distributor, or distributor branch, a dealer that exercises its rights under this subdivision shall be deemed to be in compliance with the program requirements pertaining to providing consumer data, provided that the dealer has otherwise met program requirements to the extent of providing any consumer data that is not nonpublic personal information.*

*A dealer that elects to submit or push data or information to the manufacturer, factory branch, distributor, or distributor branch through any method other than that provided by the manufacturer, factory branch, distributor, or distributor branch shall timely obtain and furnish the requested data in a widely accepted electronic file format. A manufacturer, factory branch, distributor, or distributor branch shall not impose a fee, surcharge, or charge of any type on a dealer that chooses to submit data specified by the manufacturer, factory branch, distributor, or distributor branch rather than provide the manufacturer, factory branch, distributor, or distributor branch access to the dealer's computer database.*

*An Act to amend and reenact § 58.1-3330 of the Code of Virginia, relating to real property tax; notice of assessment.*

[S 678]

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:****1. That § 58.1-3330 of the Code of Virginia is amended and reenacted as follows:****§ 58.1-3330. Notice of change in assessment.**

A. Whenever in any county, city or town there is a reassessment of real estate, or any change in the assessed value of any real estate, notice shall be given by mail directly to each property owner, as shown by the land books of the county, city or town whose assessment has been changed. Such notice shall be sent by postpaid mail at least fifteen days prior to the date of a hearing to protest such change to the address of the property owner as shown on such land books. The governing body of the county, city or town shall require the officer of such county, city or town charged with the assessment of real estate to send such notices or it shall provide funds or services to the persons making such reassessment so that such persons can send such notices.

B. Every notice shall, among other matters, show the magisterial or other district, if any, in which the real estate is located, the amount and the new and immediately prior two *tax years' final* assessed values of land, and the new and immediately prior two *tax years' final* assessed values of improvements. It shall further set out the time and place at which persons may appear before the officers making such reassessment or change and present objections thereto. The notice shall also inform each property owner of the right to view and make copies of records maintained by the local assessment office pursuant to §§ 58.1-3331 and 58.1-3332, and inform each property owner that the records available and the procedure for accessing them are set out in §§ 58.1-3331 and 58.1-3332. In counties that have elected by ordinance to prepare land and personal property books in alphabetical order as authorized by § 58.1-3301 B, such notice may omit reference to districts, as provided herein.

The following requirements shall apply to any notice of change in assessment other than one in which the change arises solely from the construction or addition of new improvements to the real estate. If the tax rate that will apply to the new assessed value has been established, then the notice shall set out such rate. In addition, whether or not the tax rate applicable to the new assessed value has been established, the notice shall set out the tax rates for the immediately prior two tax years, the total amount of the new tax levy, based on the current tax rate at the time the notices are prepared, and the amounts of the total tax levies for the immediately prior two tax years, *based on the final tax rates for those tax years multiplied by the final assessed values of land and improvements for those tax years*, and the percentage changes in the new tax levy from the tax levies in the immediately prior two tax years.

If the tax rate that will apply to the new assessed value has not been established, then the notice shall set out the time and place of the next meeting of the local governing body at which public testimony will be accepted on any real estate tax

rate changes. If this meeting will be more than 60 days from the date of the reassessment notice, then instead of the date of the meeting, the notice shall include information on when the date of the meeting will be set and where it will be publicized.

C. Any person other than the owner who receives such reassessment notice, shall transmit the notice to such owner, at his last known address, immediately on receipt thereof, and shall be liable to such owner in an action at law for liquidated damages in the amount of twenty-five dollars, in the event of a failure to so transmit the notice. Mailing such notice to the last known address of the property owner shall be deemed to satisfy the requirements of this section.

D. Notwithstanding the provisions of this section, if the address of the taxpayer as shown on the tax record is in care of a lender, the lender shall upon request furnish the county, city or town a list of such property owners, together with their current addresses as they appear on the books of the lender, or the parties may by agreement permit the lender to forward such notices to the property owner, with the cost of postage to be paid by the county, city or town.

B. Nothing in this chapter shall be construed to authorize any person to violate any federal law or regulation. If any part of this chapter conflicts with a provision of federal law relating to industrial hemp that has been adopted in Virginia under this chapter, the federal provision shall control to the extent of the conflict.

**§ 3.2-4114. Regulations.**

The Board may adopt regulations pursuant to this chapter as necessary to (i) license persons to grow industrial hemp or (ii) administer the industrial hemp research program.

**§ 3.2-4115. Issuance of licenses.**

A. The Commissioner shall establish a program of licensure to allow a person to grow industrial hemp in the Commonwealth in a controlled fashion solely and exclusively as part of the industrial hemp research program. This form of licensure shall only be allowed subject to a grant of necessary permissions, waivers, or other form of valid legal status by the U.S. Drug Enforcement Administration or other appropriate federal agency pursuant to applicable federal laws relating to industrial hemp.

B. Any person seeking to grow industrial hemp as part of the industrial hemp research program shall apply to the Commissioner for a license on a form provided by the Commissioner. At a minimum, the application shall include:

2. The legal description and geographic data sufficient for locating the production fields to be used to grow industrial hemp. A license shall authorize industrial hemp propagation only on the land areas specified in the license;
3. A signed statement indicating whether the applicant has ever been convicted of a felony. A person with a prior felony drug conviction within 10 years of applying for a license under this section shall not be eligible for the license;
4. Written consent allowing the sheriff's office, police department, or Department of State Police, if a license is ultimately issued to the applicant, to enter the premises on which the industrial hemp is grown to conduct physical inspections of industrial hemp planted and grown by the applicant and to ensure compliance with the requirements of this chapter. No more than two physical inspections shall be conducted under this subdivision per year, unless a valid search warrant for an inspection has been issued by a court of competent jurisdiction. All testing for THC levels shall be performed as provided in subsection K;
5. Documentation of an agreement between a public institution of higher education and the applicant that states that the applicant, if licensed pursuant to this section, will be a participant in the industrial hemp research program managed by that public institution of higher education;

The Department of State Police may charge a fee, as established by the Department of State Police, to be paid by the applicant for the actual cost of processing the background check. A copy of the results of the background check shall be sent to the Commissioner.

D. All license applications shall be processed as follows:

1. Upon receipt of a license application, the Commissioner shall forward a copy of the application to the Department of State Police, which shall initiate its review thereof;
2. The Department of State Police shall, within 60 days, perform the required state and national criminal history background check of the applicant; approve the application, if it is determined that the requirements relating to prior criminal convictions have been met; and return all applications to the Commissioner together with its findings and a copy of the state and national criminal history background check; and
3. The Commissioner shall review all license applications returned from the Department of State Police. If the Commissioner determines that all requirements have been met and that a license should be granted to the applicant, taking into consideration any prior convictions of the applicant, the Commissioner shall approve the application for issuance of a license.

E. The Commissioner may approve licenses for only those selected growers whose demonstration plots will, in the discretion of the Commissioner, advance the goals of the industrial hemp research program to the furthest extent possible based on location, soil type, growing conditions, varieties of industrial hemp and their suitability for particular hemp products, and other relevant factors. The location and acreage of each demonstration plot to be grown by a license holder, as well as the total number of plots to be grown by a license holder, shall be determined at the discretion of the Commissioner.

F. An industrial hemp research program grower license shall not be subject to a minimum acreage.

G. Each license shall be valid for a period of one year from the date of issuance and may be renewed in successive years. Each annual renewal shall require the payment of a license renewal fee.

H. The Commissioner shall establish the fee amounts required for license applications and license renewals allowed under this section. All application and license renewal fees collected by the Commissioner shall be deposited in the State Treasury.

I. A copy or appropriate electronic record of each license issued by the Commissioner under this section shall be forwarded immediately to the chief law-enforcement officer of each county or city where the industrial hemp is licensed to be planted, grown, and harvested.

J. All records, data, and information filed in support of a license application shall be considered proprietary and excluded from the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

K. The Commissioner shall be responsible for monitoring the industrial hemp grown by any license holder and shall provide for random testing of the industrial hemp for compliance with THC levels and for other appropriate purposes established pursuant to § 3.2-4114 at the cost of the license holder.

A. The Board may adopt regulations as necessary to license persons to grow industrial hemp in the Commonwealth for any purpose.

B. The Commissioner may establish a program of licensure, including the establishment of any fees, to allow a person to grow industrial hemp in the Commonwealth for any purpose.

C. Subsections A and B shall only be allowed subject to the authorization of industrial hemp growth and production in the United States under applicable federal laws relating to industrial hemp.

**§ 3.2-4118. Forfeiture of industrial hemp grower license.**

A. The Commissioner shall deny the application, or suspend or revoke the license, of any industrial hemp grower if the grower violates any provision of this chapter. The Commissioner shall provide reasonable notice of an informal fact-finding conference pursuant to § 2.2-4019 to any industrial hemp grower in connection with the denial, suspension, or revocation of the grower's license.

B. If a license is revoked as the result of an informal hearing, the decision may be appealed, and upon appeal an administrative hearing shall be conducted in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). The grower may appeal a final order to the circuit court in accordance with the Administrative Process Act.

C. The Commissioner may revoke any license of any person who has pled guilty to, or been convicted of, a felony.

C. The research activities outlined in subsection B shall not:

1. Subject the industrial hemp research program to any criminal liability under the controlled substances laws of the Commonwealth. #### **§ 10.1-2128. Virginia Water Quality Improvement Fund established; purposes.**

A. There is hereby established in the state treasury a special permanent, nonreverting fund, to be known as the "Virginia Water Quality Improvement Fund." The Fund shall be established on the books of the Comptroller. The Fund shall consist of sums appropriated to it by the General Assembly which shall include, unless otherwise provided in the general appropriation act, 10 percent of the annual general fund revenue collections that are in excess of the official estimates in the general appropriation act and 10 percent of any unrestricted and uncommitted general fund balance at the close of each fiscal year whose reappropriation is not required in the general appropriation act. The Fund shall also consist of such other sums as may be made available to it from any other source, public or private, and shall include any penalties or damages collected under this article, federal grants solicited and received for the specific purposes of the Fund, and all interest and income from investment of the Fund. Any sums remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. All moneys designated for the Fund shall be paid into the state treasury and credited to the Fund. Moneys in the Fund shall be used solely for Water Quality Improvement Grants. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon the written request of the Director of the Department of Environmental Quality or the Director of the Department of Conservation and Recreation as provided in this chapter.

B. Except as otherwise provided under this article, the purpose of the Fund is to provide Water Quality Improvement Grants to local governments, soil and water conservation districts, state agencies, institutions of higher education and individuals for point and nonpoint source pollution prevention, reduction and control programs and efforts undertaken in accordance with the provisions of this chapter. The Fund shall not be used for agency operating expenses or for purposes of replacing or otherwise reducing any general, nongeneral, or special funds allocated or appropriated to any state agency; however, nothing in this section shall be construed to prevent the award of a Water Quality Improvement Grant to a local government in connection with point or nonpoint pollution prevention, reduction and control programs or efforts undertaken

on land owned by the Commonwealth and leased to the local government. In keeping with the purpose for which the Fund is created, it shall be the policy of the General Assembly to provide annually its share of financial support to qualifying applicants for grants in order to fulfill the Commonwealth's responsibilities under Article XI of the Constitution of Virginia.

C. For the fiscal year beginning July 1, 2005, \$50 million shall be appropriated from the general fund and deposited into the Fund. Except as otherwise provided under this article, such appropriation and any amounts appropriated to the Fund in subsequent years in addition to any amounts deposited to the Fund pursuant to the provisions of subsection A shall be used solely to finance the costs of design and installation of nutrient removal technology at publicly owned treatment works designated as significant dischargers or eligible nonsignificant dischargers for compliance with the effluent limitations for total nitrogen and total phosphorus ~~as required by of the tributary strategy plans~~ *Chesapeake Bay TMDL Watershed Implementation Plan* or applicable regulatory or permit requirements. Notwithstanding the provisions of this section, the Governor and General Assembly may, at any time, provide additional funding for nonpoint source pollution reduction activities through the Fund in excess of the deposit required under subsection A.

At such time as grant agreements specified in § 10.1-2130 have been signed by every significant discharger and eligible nonsignificant discharger and available funds are sufficient to implement the provisions of such grant agreements, the House Committee on Agriculture, Chesapeake and Natural Resources, the House Committee on Appropriations, the Senate Committee on Agriculture, Conservation and Natural Resources, and the Senate Committee on Finance shall review the financial assistance provided under this section and determine (i) whether such deposits should continue to be made, (ii) the size of the deposit to be made, (iii) the programs and activities that should be financed by such deposits in the future, and (iv) whether the provisions of this section should be extended.

**§ 10.1-2129. Agency coordination; conditions of grants.**

A. If, in any fiscal year beginning on or after July 1, 2005, there are appropriations to the Fund in addition to those made pursuant to subsection A of § 10.1-2128, the Secretary of Natural Resources shall distribute those moneys in the Fund provided from the 10 percent of the annual general fund revenue collections that are in excess of the official estimates in the general appropriation act, and the 10 percent of any unrestricted and uncommitted general fund balance at the close of each fiscal year whose reappropriation is not required in the general appropriation act, as follows:

1. Seventy percent of the moneys shall be distributed to the Department of Conservation and Recreation and shall be administered by it for the sole purpose of implementing projects or best management practices that reduce nitrogen and phosphorus nonpoint source pollution, with a priority given to agricultural best management practices. In no single year shall more than 60 percent of the moneys be used for projects or practices exclusively within the Chesapeake Bay watershed; and

2. Thirty percent of the moneys shall be distributed to the Department of Environmental Quality, which shall use such moneys for making grants for the sole purpose of designing and installing nutrient removal technologies for publicly owned treatment works designated as significant dischargers or eligible nonsignificant dischargers. The moneys shall also be available for grants when the design and installation of nutrient removal technology utilizes the Public-Private Education Facilities and Infrastructure Act (§ 56-575.1 et seq.).

3. Except as otherwise provided in the Appropriation Act, in any fiscal year when moneys are not appropriated to the Fund in addition to those specified in subsection A of § 10.1-2128, or when moneys appropriated to the Fund in addition to those specified in subsection A of § 10.1-2128 are less than 40 percent of those specified in subsection A of § 10.1-2128, the Secretary of Natural Resources, in consultation with the Secretary of Agriculture and Forestry, the State Forester, the Commissioner of Agriculture and Consumer Services, and the Directors of the Departments of Environmental Quality and Conservation and Recreation, and with the advice and guidance of the Board of Conservation and Recreation, the Virginia Soil and Water Conservation Board, and the State Water Control Board, and following a public comment period of at least 30 days and a public hearing, shall allocate those moneys deposited in the Fund, but excluding any moneys deposited into the Virginia Natural Resources Commitment Fund established pursuant to § 10.1-2128.1, between point and nonpoint sources, both of which shall receive moneys in each such year.

B. 1. Except as may otherwise be specified in the general appropriation act, the Secretary of Natural Resources, in consultation with the Secretary of Agriculture and Forestry, the State Forester, the Commissioner of Agriculture and Consumer Services, the State Health Commissioner, and the Directors of the Departments of Environmental Quality and Conservation and Recreation, and with the advice and guidance of the Board of Conservation and Recreation, the Virginia Soil and Water Conservation Board, and the State Water Control Board, shall develop written guidelines that (i) specify eligibility requirements; (ii) govern the application for and the distribution and conditions of Water Quality Improvement Grants; (iii) list criteria for prioritizing funding requests; and (iv) define criteria and financial incentives for water reuse.

2. In developing the guidelines, the Secretary shall evaluate and consider, in addition to such other factors as may be appropriate to most effectively restore, protect and improve the quality of state waters: (i) specific practices and programs proposed in ~~any tributary strategy plan~~ *the Chesapeake Bay TMDL Watershed Implementation Plan*, and the associated effectiveness and cost per pound of nutrients removed; (ii) water quality impairment or degradation caused by different types of nutrients released in different locations from different sources; and (iii) environmental benchmarks and indicators for achieving improved water quality. The process for development of guidelines pursuant to this subsection shall, at a minimum, include (a) use of an advisory committee composed of interested parties; (b) a 60-day public comment period on draft guidelines; (c) written responses to all comments received; and (d) notice of the availability of draft guidelines and final guidelines to all who request such notice.

3. In addition to those the Secretary deems advisable to most effectively restore, protect and improve the quality of state waters, the criteria for prioritizing funding requests shall include: (i) the pounds of total nitrogen and the pounds of total phosphorus reduced by the project; (ii) whether the location of the water quality restoration, protection or improvement project or program is within a watershed or subwatershed with documented water nutrient loading problems or adopted nutrient reduction goals; (iii) documented water quality impairment; and (iv) the availability of other funding mechanisms. Notwithstanding the provisions of subsection E of § 10.1-2131, the Director of the Department of Environmental Quality may approve a local government point source grant application request for any single project that exceeds the authorized grant amount outlined in subsection E of § 10.1-2131. Whenever a local government applies for a grant that exceeds the authorized grant amount outlined in this chapter or when there is no stated limitation on the amount of the grant for which an application is made, the Directors and the Secretary shall consider the comparative revenue capacity, revenue efforts and fiscal stress as reported by the Commission on Local Government. The development or implementation of cooperative programs developed pursuant to subsection B of § 10.1-2127 shall be given a high priority in the distribution of Virginia Water Quality Improvement Grants from the moneys allocated to nonpoint source pollution.

**§ 10.1-2131. Point source pollution funding; conditions for approval.**

A. The Department of Environmental Quality shall be the lead state agency for determining the appropriateness of any grant related to point source pollution to be made from the Fund to restore, protect or improve state water quality.

B. The Director of the Department of Environmental Quality shall, subject to available funds and in coordination with the Director of the Department of Conservation and Recreation, direct the State Treasurer to make Water Quality Improvement Grants in accordance with the guidelines established pursuant to § 10.1-2129. The Director of the Department of Environmental Quality shall enter into grant agreements with all facilities designated as significant dischargers or eligible nonsignificant dischargers that apply for grants; however, all such grant agreements shall contain provisions that payments thereunder are subject to the availability of funds.

C. Notwithstanding the priority provisions of § 10.1-2129, the Director of the Department of Environmental Quality shall not authorize the distribution of grants from the Fund for purposes other than financing the cost of design and installation of nutrient removal technology at publicly owned treatment works *in the Chesapeake Bay watershed* until such time as ~~all tributary strategy plans are developed and implemented~~ *nutrient reductions of regulations, permits, or the Chesapeake Bay TMDL Watershed Implementation Plan are satisfied*, unless he finds that there exists in the Fund sufficient funds for substantial and continuing progress in implementation of the ~~tributary strategy plans~~ *reductions established in accordance with regulations, permits, or the Chesapeake Bay TMDL Watershed Implementation Plan within the Chesapeake Bay watershed*. In addition to the provisions of § 10.1-2130, all grant agreements related to nutrients shall include: (i) numerical technology-based effluent concentration limitations on nutrient discharges to state waters based upon the technology installed by the facility; (ii) enforceable provisions related to the maintenance of the numerical concentrations that will allow for ~~exceedences~~ *exceedances* of 0.8 mg/L for total nitrogen or no more than 10 percent, whichever is greater, for ~~exceedences~~ *exceedances* of 0.1 mg/L for total phosphorus or no more than 10%, and for ~~exceedences~~ *exceedances* caused by extraordinary conditions; and (iii) recognition of the authority of the Commonwealth to make the Virginia Water Facilities Revolving Fund (§ 62.1-224 et seq.) available to local governments to fund their share of the cost of designing and installing nutrient removal technology based on financial need and subject to availability of revolving loan funds, priority ranking and revolving loan distribution criteria. If, pursuant to § 10.1-1187.6, the State Water Control Board approves an alternative compliance method to technology-based concentration limitations in Virginia Pollutant Discharge Elimination System permits, the concentration limitations of the grant agreement shall be suspended subject to the terms of such approval. The cost of the design and installation of nutrient removal technology at publicly owned treatment works meeting the nutrient ~~reduction~~ *reductions goal in an applicable tributary strategy plan or an applicable regulatory requirement* of regulations, permits, or the Chesapeake Bay TMDL Watershed Implementation Plan and incurred prior to the execution of a grant agreement is eligible for reimbursement from the Fund provided the grant is made pursuant to an executed agreement consistent with the provisions of this chapter.

Subsequent to the implementation of ~~the tributary strategy plans~~ *any applicable regulations, permits, or the Chesapeake Bay TMDL Watershed Implementation Plan*, the Director may authorize disbursements from the Fund for any water quality restoration, protection and improvements related to point source pollution that are clearly demonstrated as likely to achieve measurable and specific water quality improvements, including, but not limited to, cost effective technologies to reduce nutrient loads. Notwithstanding the previous provisions of this subsection, the Director may, at any time, authorize grants, including grants to institutions of higher education, for technical assistance related to nutrient reduction.

D. The grant percentage provided for financing the costs of the design and installation of nutrient removal technology at publicly owned treatment works shall be based upon the financial need of the community as determined by comparing the annual sewer charges expended within the service area to the reasonable sewer cost established for the community.

E. Grants shall be awarded in the following manner:

1. In communities for which the ratio of annual sewer charges to reasonable sewer cost is less than 0.30, the Director of the Department of Environmental Quality shall authorize grants in the amount of 35 percent of the costs of the design and installation of nutrient removal technology;

2. In communities for which the ratio of annual sewer charges to reasonable sewer cost is equal to or greater than 0.30 and less than 0.50, the Director shall authorize grants in the amount of 45 percent of the costs of the design and installation of nutrient removal technology;

3. In communities for which the ratio of annual sewer charges to reasonable sewer cost is equal to or greater than 0.50 and less than 0.80, the Director shall authorize grants in the amount of 60 percent of the costs of design and installation of nutrient removal technology; and

4. In communities for which the ratio of annual sewer charges to reasonable sewer cost is equal to or greater than 0.80, the Director shall authorize grants in the amount of 75 percent of the costs of the design and installation of nutrient removal technology.

**§ 10.1-2132. Nonpoint source pollution funding; conditions for approval.**

A. The Department of Conservation and Recreation shall be the lead state agency for determining the appropriateness of any grant related to nonpoint source pollution to be made from the Fund to restore, protect and improve the quality of state waters.

B. The Director of the Department of Conservation and Recreation shall, subject to available funds and in coordination with the Director of the Department of Environmental Quality, direct the State Treasurer to make Water Quality Improvement Grants in accordance with the guidelines established pursuant to § 10.1-2129. The Director shall manage the allocation of grants from the Fund to ensure the full funding of executed grant agreements.

C. Grant funding may be made available to local governments, soil and water conservation districts, institutions of higher education and individuals who propose specific initiatives that are clearly demonstrated as likely to achieve reductions in nonpoint source pollution, including, but not limited to, excess nutrients and suspended solids, to improve the quality of state waters. Such projects may include, but are in no way limited to, the acquisition of conservation easements related to the protection of water quality and stream buffers; conservation planning and design assistance to develop nutrient management plans for agricultural operations; instructional education directly associated with the implementation or maintenance of a specific nonpoint source pollution reduction initiative; the replacement or modification of residential onsite sewage systems to include nitrogen removal capabilities; implementation of cost-effective nutrient reduction practices; and reimbursement to local governments for tax credits and other kinds of authorized local tax relief that provides incentives for water quality improvement. The Director shall give priority consideration to the distribution of grants from the Fund for the purposes of implementing ~~tributary strategy plans~~ *any applicable regulations, permits, or the Chesapeake Bay TMDL Watershed Implementation Plan*, with a priority given to agricultural practices. In no single year shall more than 60 percent of the moneys be used for projects or practices exclusively within the Chesapeake Bay watershed.

D. The Director of the Department of Conservation and Recreation shall manage the allocation of Water Quality Improvement Grants from the Virginia Natural Resources Commitment Fund established under § 10.1-2128.1.

**§ 62.1-44.15:35. Nutrient credit use and additional offsite options for construction activities.**

A. As used in this section:

"Nutrient credit" or "credit" means a nutrient credit certified pursuant to Article 4.02 (§ 62.1-44.19:12 et seq.).

"Tributary," *within the Chesapeake Bay watershed*, has the same meaning as in § 62.1-44.19:13. For areas outside of the Chesapeake Bay ~~Watershed watershed~~, "tributary" includes the following watersheds: Albemarle Sound, Coastal; Atlantic Ocean, Coastal; Big Sandy; Chowan; Clinch-Powell; New Holston (Upper Tennessee); New River; Roanoke; and Yadkin.

"Virginia Stormwater Management Program Authority" or "VSMP authority" has the same meaning as in § 62.1-44.15:24 and includes, until July 1, 2014, any locality that has adopted a local stormwater management program.

B. A VSMP authority is authorized to allow compliance with stormwater nonpoint nutrient runoff water quality criteria established pursuant to § 62.1-44.15:28, in whole or in part, through the use of the applicant's acquisition of nutrient credits in the same tributary.

C. No applicant shall use nutrient credits to address water quantity control requirements. No applicant shall use nutrient credits or other offsite options in contravention of local water quality-based limitations (i) determined pursuant to subsection B of § 62.1-44.19:14, (ii) adopted pursuant to § 62.1-44.15:33 or other applicable authority, (iii) deemed necessary to protect public water supplies from demonstrated adverse nutrient impacts, or (iv) as otherwise may be established or approved by the Board. Where such a limitation exists, offsite options may be used provided that such options do not preclude or impair compliance with the local limitation.

D. A VSMP authority shall allow offsite options in accordance with subsection I when:

1. Less than five acres of land will be disturbed;

2. The postconstruction phosphorous control requirement is less than 10 pounds per year; or

3. The state permit applicant demonstrates to the satisfaction of the VSMP authority that (i) alternative site designs have been considered that may accommodate onsite best management practices, (ii) onsite best management practices have been considered in alternative site designs to the maximum extent practicable, (iii) appropriate onsite best management practices will be implemented, and (iv) full compliance with postdevelopment nonpoint nutrient runoff compliance requirements cannot practicably be met onsite. For purposes of this subdivision, if an applicant demonstrates onsite control of at least 75 percent of the required phosphorous nutrient reductions, the applicant shall be deemed to have met the requirements of clauses (i) through (iv).

E. Documentation of the applicant's acquisition of nutrient credits shall be provided to the VSMP authority and the Department in a certification from the credit provider documenting the number of phosphorus nutrient credits acquired and the associated ratio of nitrogen nutrient credits at the credit-generating entity. Until the effective date of regulations establishing application fees in accordance with § 62.1-44.19:20, the credit provider shall pay the Department a water quality enhancement fee equal to six percent of the amount paid by the applicant for the credits. Such fee shall be deposited into the Virginia Stormwater Management Fund established by § 62.1-44.15:29.

F. Nutrient credits used pursuant to subsection B shall be generated in the same or adjacent eight-digit hydrologic unit code as defined by the United States Geological Survey as the permitted site except as otherwise limited in subsection C. Nutrient credits outside the same or adjacent eight-digit hydrologic unit code may only be used if it is determined by the VSMP authority that no credits are available within the same or adjacent eight-digit hydrologic unit code when the VSMP authority accepts the final site design. In such cases, and subject to other limitations imposed in this section, credits available within the same tributary may be used. In no case shall credits from another tributary be used.

G. For that portion of a site's compliance with stormwater nonpoint nutrient runoff water quality criteria being obtained through nutrient credits, the applicant shall (i) comply with a 1:1 ratio of the nutrient credits to the site's remaining postdevelopment nonpoint nutrient runoff compliance requirement being met by credit use and (ii) use credits certified as perpetual credits pursuant to Article 4.02 (§ 62.1-44.19:12 et seq.).

H. No VSMP authority may grant an exception to, or waiver of, postdevelopment nonpoint nutrient runoff compliance requirements unless offsite options have been considered and found not available.

I. The VSMP authority shall require that nutrient credits and other offsite options approved by the Department or applicable state board, including locality pollutant loading pro rata share programs established pursuant to § 15.2-2243, achieve the necessary nutrient reductions prior to the commencement of the applicant's land-disturbing activity. A pollutant loading pro rata share program established by a locality pursuant to § 15.2-2243 and approved by the Department or applicable state board prior to January 1, 2011, including those that may achieve nutrient reductions after the commencement of the land-disturbing activity, may continue to operate in the approved manner for a transition period ending July 1, 2014. The applicant shall have the right to select between the use of nutrient credits or other offsite options, except during the transition period in those localities to which the transition period applies. The locality may use funds collected for nutrient reductions pursuant to a locality pollutant loading pro rata share program under § 15.2-2243 for nutrient reductions in the same tributary within the same locality as the land-disturbing activity or for the acquisition of nutrient credits. In the case of a phased project, the applicant may acquire or achieve the offsite nutrient reductions prior to the commencement of each phase of the land-disturbing activity in an amount sufficient for each such phase.

J. Nutrient reductions obtained through nutrient credits shall be credited toward compliance with any nutrient allocation assigned to a municipal separate storm sewer system in a Virginia Stormwater Management Program Permit or Total Maximum Daily Load applicable to the location where the activity for which the nutrient credits are used takes place. If the activity for which the nutrient credits are used does not discharge to a municipal separate storm sewer system, the nutrient reductions shall be credited toward compliance with the applicable nutrient allocation.

K. A VSMP authority shall allow the full or partial substitution of perpetual nutrient credits for existing onsite nutrient controls when (i) the nutrient credits will compensate for 10 or fewer pounds of the annual phosphorous requirement associated with the original land-disturbing activity or (ii) existing onsite controls are not functioning as anticipated after reasonable attempts to comply with applicable maintenance agreements or requirements and the use of nutrient credits will account for the deficiency. Upon determination by the VSMP authority that the conditions established by clause (i) or (ii) have been met, the party responsible for maintenance shall be released from maintenance obligations related to the onsite phosphorous controls for which the nutrient credits are substituted.

L. To the extent available, with the consent of the applicant, the VSMP authority, the Board or the Department may include the use of nutrient credits or other offsite measures in resolving enforcement actions to compensate for (i) nutrient control deficiencies occurring during the period of noncompliance and (ii) permanent nutrient control deficiencies.

M. This section shall not be construed as limiting the authority established under § 15.2-2243; however, under any pollutant loading pro rata share program established thereunder, the subdivider or developer shall be given appropriate credit for nutrient reductions achieved through nutrient credits or other offsite options.

N. In order to properly account for allowed nonpoint nutrient offsite reductions, an applicant shall report to the Department, in accordance with Department procedures, information regarding all offsite reductions that have been authorized to meet stormwater postdevelopment nonpoint nutrient runoff compliance requirements.

O. An applicant or a permittee found to be in noncompliance with the requirements of this section shall be subject to the enforcement and penalty provisions of this article.

## CHAPTER 165

*An Act to amend and reenact § 46.2-1049 of the Code of Virginia, relating to antique vehicle exhaust systems; noise.*

[H 1551]

Approved March 16, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 46.2-1049 of the Code of Virginia is amended and reenacted as follows:**

**§ 46.2-1049. Exhaust system in good working order.**

No person shall drive and no owner of a vehicle shall permit or allow the operation of any such vehicle on a highway unless it is equipped with an exhaust system in good working order and in constant operation to prevent excessive or unusual levels of noise; provided however, that for motor vehicles, such exhaust system shall be of a type installed as standard factory equipment, or comparable to that designed for use on the particular vehicle as standard factory equipment. An exhaust system shall not be deemed to prevent excessive or unusual noise if it permits the escape of noise in excess of that permitted by the standard factory equipment exhaust system of private passenger motor vehicles or trucks of standard make.

The term "exhaust system," as used in this section, means all the parts of a vehicle through which the exhaust passes after leaving the engine block, including mufflers and other sound dissipative devices.

Unless the tax has previously been paid by a severer, the tax shall be paid by the first manufacturer using, consuming, processing, or storing the forest products for sale or shipment out-of-state. No manufacturer shall be liable for the tax if the manufacturer has received proper documentation from a severer that the tax has been paid as provided in subsection B. A severer that sells or delivers forest products to any person that is not a manufacturer registered for the forest products tax shall be liable for the tax.
