CHAPTER 705

An Act to amend and reenact § 22.1-253.13:4 of the Code of Virginia, relating to high school graduation rate formula; Standards of Accreditation; exclusions.

[H 2318]

Approved March 27, 2015

Be it enacted by the General Assembly of Virginia:

**1. That § 22.1-253.13:4 of the Code of Virginia is amended and reenacted as follows:**

**§ 22.1-253.13:4. Standard 4. Student achievement and graduation requirements.**

A. Each local school board shall award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who earn the units of credit prescribed by the Board of Education, pass the prescribed tests, and meet such other requirements as may be prescribed by the local school board and approved by the Board of Education. Provisions shall be made to facilitate the transfer and appropriate grade placement of students from other public secondary schools, from nonpublic schools, or from home instruction as outlined in the standards for accreditation. Course credits earned for online courses taken in the Department of Education's Virtual Virginia program shall transfer to Virginia public schools in accordance with provisions of the standards for accreditation. Further, reasonable accommodation to meet the requirements for diplomas shall be provided for otherwise qualified students with disabilities as needed.

In addition, each local school board may devise, vis-a-vis the award of diplomas to secondary school students, a mechanism for calculating class rankings that takes into consideration whether the student has taken a required class more than one time and has had any prior earned grade for such required class expunged.

Each local school board shall notify the parents of rising eleventh and twelfth grade students of (i) the number and subject area requirements of standard and verified units of credit required for graduation pursuant to the standards for accreditation and (ii) the remaining number and subject area requirements of such units of credit the individual student requires for graduation.

B. Students identified as disabled who complete the requirements of their individualized education programs shall be awarded special diplomas by local school boards.

Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the requirements for a standard or advanced studies diploma of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.

C. Students who have completed a prescribed course of study as defined by the local school board shall be awarded certificates of program completion by local school boards if they are not eligible to receive a Board of Education-approved diploma.

Each local school board shall provide notification of the right to a free public education for students who have not reached 20 years of age on or before August 1 of the school year, pursuant to Chapter 1 (§ 22.1-1 et seq.), to the parent of students who fail to graduate or who have failed to achieve the number of verified units of credit required for graduation as provided in the standards for accreditation. If such student who does not graduate or achieve such verified units of credit is a student for whom English is a second language, the local school board shall notify the parent of the student's opportunity for a free public education in accordance with § 22.1-5.

D. In establishing course and credit requirements for a high school diploma, the Board shall:

1. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation credit requirements, which shall include Standards of Learning testing, as necessary.

2. Establish the requirements for a standard and an advanced studies high school diploma, which shall each include at least one credit in fine or performing arts or career and technical education and one credit in United States and Virginia history. The requirements for a standard high school diploma shall, however, include at least two sequential electives chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses. Such focused sequence of elective courses shall provide a foundation for further education or training or preparation for employment. The advanced studies diploma shall be the recommended diploma for students pursuing baccalaureate study. Both the standard and the advanced studies diploma shall prepare students for post-secondary education and the career readiness required by the Commonwealth's economy.

Beginning with first-time ninth grade students in the 2013-2014 school year, requirements for the standard diploma shall include a requirement to earn a career and technical education credential that has been approved by the Board, that could include, but not be limited to, the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, or the Virginia workplace readiness skills assessment.

Beginning with first-time ninth grade students in the 2016-2017 school year, requirements for the standard and advanced diplomas shall include a requirement to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

The Board shall make provision in its regulations for students with disabilities to earn a standard diploma.

3. Provide, in the requirements to earn a standard or advanced studies diploma, the successful completion of one virtual course. The virtual course may be a noncredit-bearing course.

4. Provide, in the requirements for the verified units of credit stipulated for obtaining the standard or advanced studies diploma, that students completing elective classes into which the Standards of Learning for any required course have been integrated may take the relevant Standards of Learning test for the relevant required course and receive, upon achieving a satisfactory score on the specific Standards of Learning assessment, a verified unit of credit for such elective class that shall be deemed to satisfy the Board's requirement for verified credit for the required course.

5. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstration of mastery of the course content and objectives. Having received credit for the course, the student shall be permitted to sit for the relevant Standards of Learning assessment and, upon receiving a passing score, shall earn a verified

credit. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

6. Provide for the award of verified units of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board of Education.

School boards shall report annually to the Board of Education the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

For the purposes of this subdivision, "career and technical education completer" means a student who has met the requirements for a career and technical concentration or specialization and all requirements for high school graduation or an approved alternative education program.

In addition, the Board may:

a. For the purpose of awarding verified units of credit, approve the use of additional or substitute tests for the correlated Standards of Learning assessment, such as academic achievement tests, industry certifications or state licensure examinations; and

b. Permit students completing career and technical education programs designed to enable such students to pass such industry certification examinations or state licensure examinations to be awarded, upon obtaining satisfactory scores on such industry certification or licensure examinations, the appropriate verified units of credit for one or more career and technical education classes into which relevant Standards of Learning for various classes taught at the same level have been integrated. Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

7. Provide for the waiver of certain graduation requirements (i) upon the Board's initiative or (ii) at the request of a local school board. Such waivers shall be granted only for good cause and shall be considered on a case-by-case basis.

8. Consider all computer science course credits earned by students to be science course credits, mathematics course credits, or career and technical education credits. The Board of Education shall develop guidelines addressing how computer science courses can satisfy graduation requirements.

E. In the exercise of its authority to recognize exemplary academic performance by providing for diploma seals, the Board of Education shall develop criteria for recognizing exemplary performance in career and technical education programs by students who have completed the requirements for a Board of Education-approved diploma and shall award seals on the diplomas of students meeting such criteria.

In addition, the Board shall establish criteria for awarding a diploma seal for advanced mathematics and technology for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) technology courses; (ii) technical writing, reading, and oral communication skills; (iii) technology-related training; and (iv) industry, professional, and trade association national certifications.

The Board shall also establish criteria for awarding a diploma seal for excellence in civics education and understanding of our state and federal constitutions and the democratic model of government for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) successful completion of history, government, and civics courses, including courses that incorporate character education; (ii) voluntary participation in community service or extracurricular activities that includes the types of activities that shall qualify as community service and the number of hours required; and (iii) related requirements as it deems appropriate.

F. The Board shall establish, by regulation, requirements for the award of a general achievement adult high school diploma for those persons who are not subject to the compulsory school attendance requirements of § 22.1-254 and have (i) achieved a passing score on a high school equivalency examination approved by the Board of Education; (ii) successfully completed an education and training program designated by the Board of Education; (iii) earned a Board of Education-approved career and technical education credential such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, or the Virginia workplace readiness skills assessment; and (iv) satisfied other requirements as may be established by the Board for the award of such diploma.

G. To ensure the uniform assessment of high school graduation rates, the Board shall collect, analyze, ~~and~~ report, *and make available to the public* high school graduation and dropout data using a formula prescribed by the Board.

*H. The Board shall also collect, analyze, report, and make available to the public high school graduation and dropout data using a formula that excludes any student who fails to graduate because such student is in the custody of the Department of Corrections, the Department of Juvenile Justice, or local law enforcement. For the purposes of the Standards of Accreditation, the Board shall use the graduation rate required by this subsection.*

I. The Board may promulgate such regulations as may be necessary and appropriate for the collection, analysis, and reporting of such data *required by subsections G and H.*

**2. That the provisions of the first enactment of this act shall become effective on July 1, 2016.**

**3. That the Board of Education shall report to the Chairmen of the House Committee on Education and the Senate Committee on Education and Health on the Board's progress towards updating its formula for collecting, analyzing, and reporting high school graduation and dropout data pursuant to this act no later than December 1, 2015.**

## CHAPTER 706

An Act to amend and reenact § 22.1-98 of the Code of Virginia, relating to required instructional hours; waivers.

[S 1021]

Approved March 27, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 22.1-98 of the Code of Virginia is amended as follows:**

**§ 22.1-98. Reduction of state aid when length of school term below 180 days or 990 hours.**

A. For the purposes of this section:

1. "Declared state of emergency" means the declaration of an emergency before or after an event, by the Governor or by officials in a locality, that requires the closure of any or all schools within a school division.

2. "Severe weather conditions or other emergency situations" means those circumstances presenting a threat to the health or safety of students that result from severe weather conditions or other emergencies, including, but not limited to, natural and man-made disasters, energy shortages or power failures.

B. Except as provided in this section:

1. The length of every school's term in every school division shall be at least 180 teaching days or 990 teaching hours in any school year; and

2. If the length of the term of any school or the schools in a school division shall be less than 180 teaching days or 990 teaching hours in any school year, the amount paid by the Commonwealth from the Basic School Aid Fund shall, except as otherwise hereinafter provided or as otherwise provided by law, be reduced in the same proportion as the length of the school term has been reduced in any school or the schools in the school division from 180 teaching days or 990 teaching hours.

C. Notwithstanding the requirements of subsection B, in any case in which severe weather conditions or other emergency situations, as defined in this section, result in the closing of a school or the schools in a school division, the amount paid by the Commonwealth from the Basic School Aid Fund shall not be reduced if the following schedule of make-up days is followed:

1. When severe weather conditions or other emergency situations have resulted in the closing of a school or the schools in a school division for five or fewer days, the school or the schools in the school division shall make up all missed days by adding teaching days to the school calendar or extending the length of the school day;

2. When severe weather conditions or other emergency situations have resulted in the closing of a school or the schools in a school division for six days or more, the school or the schools in the school division shall make up the first five days plus one day for each two days missed in excess of the first five by adding teaching days to the school calendar or extending the length of the school day; or

3. When severe weather conditions or other emergency situations have resulted in the closing of any school in a school division and such school has been unable to meet the 180 teaching day requirement, the school division may make up the missed teaching days by providing its students with instructional hours equivalent to such missed teaching days to meet the minimum 990 teaching hour requirement.

D. The local appropriations for educational purposes necessary to fund 180 teaching days or 990 teaching hours shall also not be proportionally reduced by any local governing body because of any reduction in the length of the term of any school or the schools in a school division authorized by subsection C.

E. The foregoing provisions of this section notwithstanding, the Board of Education may waive the requirement that school divisions provide additional teaching days or teaching hours to compensate for school closings resulting from a declared state of emergency or severe weather conditions or other emergency situations. If the local school board desires a waiver, it shall submit a request to the Board of Education. The request shall include evidence of efforts that have been made by the school division to reschedule as many days as possible and certification by the division superintendent and chairman of the local school board that every reasonable effort for making up lost teaching days or teaching hours was exhausted before requesting a waiver of this requirement. If the waiver is denied, the school division shall make up the missed instructional time in accordance with this section.

If the Board grants such a waiver, there shall be no proportionate reduction in the amount paid by the Commonwealth from the Basic School Aid Fund. Further, the local appropriations for educational purposes necessary to fund 180 teaching days or 990 teaching hours shall not be proportionally reduced by any local governing body due to any reduction in the length of the term of any school or the schools in a school division permitted by such waiver.

F. If the professional personnel of any such school division actually render service for less than the contracted period for such school year and their compensation is reduced because of insufficient funds or other reason, the proportionate amount paid by the Commonwealth for the personnel component of the Basic School Aid Fund for such school year shall be reduced pro rata.

Notwithstanding any provision of law to the contrary, the school board of any school division in which the length of the term for any school or for the schools in the school division is reduced as provided in this section may pay its professional personnel such salary as they would have received if the term had not been so reduced.

G. In developing the school calendar as provided for in § 22.1-79.1, each local school board shall establish such calendars and teaching contracts in accordance with applicable regulations of the Board of Education to include contingencies for making up teaching days and teaching hours missed for emergency situations described in this section. Historical data shall be used to determine the needs of the locality including scheduled holidays and breaks and work days.

H. The Board of Education may authorize the Superintendent of Public Instruction to approve, in compliance with this section, reductions in the school term for a school or the schools in a school division without a proportionate reduction in the amount paid by the Commonwealth from the Basic School Aid Fund.

I. With the exception of the Basic School Aid Fund as provided for above, the Commonwealth shall not distribute funds to a locality for costs not incurred when the school term is reduced below 180 teaching days or 990 teaching hours.

J. As part of the annual report required by § 22.1-81, the division superintendent and local school board chairman shall certify the total number of teaching days and teaching hours each year.

A. For purposes of this article and Article 4 (§ 18.2-362 et seq.) of this chapter, "child pornography" means sexually explicit visual material which utilizes or has as a subject an identifiable minor. An identifiable minor is a person who was a

minor at the time the visual depiction was created, adapted, or modified; or whose image as a minor was used in creating, adapting or modifying the visual depiction; and who is recognizable as an actual person by the person's face, likeness, or other distinguishing characteristic, such as a unique birthmark or other recognizable feature; and shall not be construed to require proof of the actual identity of the identifiable minor.

For the purposes of this article and Article 4 (§ 18.2-362 et seq.) of this chapter, the term "sexually explicit visual material" means a picture, photograph, drawing, sculpture, motion picture film, digital image, including such material stored in a computer's temporary Internet cache when three or more images or streaming videos are present, or similar visual representation which depicts sexual bestiality, a lewd exhibition of nudity, as nudity is defined in § 18.2-390, or sexual excitement, sexual conduct or sadomasochistic abuse, as also defined in § 18.2-390, or a book, magazine or pamphlet which contains such a visual representation. An undeveloped photograph or similar visual material may be sexually explicit material notwithstanding that processing or other acts may be required to make its sexually explicit content apparent.

B. A person shall be guilty of production of child pornography who:

1. Accosts, entices or solicits a person less than 18 years of age with intent to induce or force such person to perform in or be a subject of child pornography; or

Any person who commits a second or subsequent violation of this section where the person is at least seven years older than the subject shall be punished by a term of imprisonment of not less than 15 years nor more than 40 years, 15 years of which shall be a mandatory minimum term of imprisonment.

C2. Any person who violates this section, when the subject of the child pornography is a person at least 15 but less than 18 years of age, shall be punished by not less than one year nor more than 20 years in a state correctional facility. However, if the person is at least seven years older than the subject of the child pornography the person shall be punished by term of imprisonment of not less than three years nor more than 30 years in a state correctional facility, three years of which shall be a mandatory minimum term of imprisonment. Any person who commits a second or subsequent violation of this section when he is at least seven years older than the subject shall be punished by a term of imprisonment of not less than 10 years nor more than 30 years, 10 years of which shall be a mandatory minimum term of imprisonment.

E. Venue for a prosecution under this section may lie in the jurisdiction where the unlawful act occurs or where any sexually explicit visual material associated with a violation of this section is produced, reproduced, found, stored, or possessed.

~~F. The provisions of this section shall be severable and, if any of its provisions shall be held unconstitutional by a court of competent jurisdiction, then the decision of such court shall not affect or impair any of the remaining provisions.~~

2. Except as provided in paragraph B 1, contracts for services between private colleges on the one hand and the Commonwealth or any of its political subdivisions on the other may be entered into in any circumstances where the Commonwealth or its political subdivisions would, by virtue of law, have authority to contract with private contractors for educational or related services and with public institutions of higher education in Virginia.

C. When contracts covered by paragraph B 2 of this section are made by private colleges, such colleges shall report the contracts to the State Council of Higher Education for information.

D. The State Council shall provide continuing evaluation of the effectiveness of such contracts, whether made under paragraph B 1 or B 2 of this section, and shall make recommendations regarding such contracts.

1. Pay or finance all or part of the costs of programs or projects, including the costs of planning, operation, maintenance, and improvements incurred in connection with the acquisition and construction of projects, provided that allocations from the Account shall be limited to programs and projects that are reasonably related to or benefit the users of the qualifying transportation facility that was the subject of a concession pursuant to the Public-Private Transportation Act of 1995 (§ 33.2-1800 et seq.). 2. Upon determination by the Board that sufficient funds are or will be available to meet the schedule for construction of such rapid rail project, pay or finance all or part of the costs of planning, design, land acquisition, and improvements incurred in connection with other highway and public transportation projects within the corridor of the rapid rail project or within the boundaries of the qualifying transportation facility. In the case of highway projects, the Board shall follow an approval process generally in accordance with subsection B of § 33.2-208.

In addition, any funds received from the federal government or any agency or instrumentality thereof that, pursuant to federal law, may be made available, as loans or otherwise, to private persons or entities for transportation purposes, hereinafter referred to as "federal funds," shall be deposited in a segregated subaccount within the Account. Payments received with respect to any loan made from such segregated subaccount pursuant to subdivision D 2 shall also be deposited into such segregated subaccount in the Account.

C. User fees collected in excess of the annual debt service, operations, and maintenance expenses and necessary administrative costs including any obligations to the Account and any other obligations for qualifying facilities with respect to which an agency of the Commonwealth is the responsible public entity shall be deposited and held in the Regional Toll Facilities Revolving Subaccount, (the Regional Account), together with all interest, dividends, and appreciation for use within the metropolitan planning organization region within which the facility exists. Payments received with respect to any loan made from such Regional Account pursuant to subdivision D 3 shall also be deposited into the Regional Account.

1. From any funds in the Account, exclusive of those in the Regional Account, to pay or finance all or part of the costs, including the cost of planning, operation, maintenance, and improvements, incurred in connection with the acquisition and construction of projects financed in whole or in part as toll facilities or to refinance existing toll facilities, provided that any such funds allocated from the Account for a planned or operating toll facility shall be considered as an advance of funding for which the Account shall be reimbursed;

b. To pay the Commonwealth's, its agency's, or its political subdivision's costs incurred or to be incurred in accordance with a comprehensive agreement with respect to a transportation facility within the same metropolitan planning organization region as the facility that generated the excess revenue; and

4. From any funds in the Account or Regional Account, to pay the Board's reasonable costs and expenses incurred in (i) the administration and management of the Account, (ii) its program of financing or refinancing costs of toll facilities, and (iii) the making of loans and paying of costs described in subdivisions 1 and 2.

E. The Board may transfer from the Account to the Transportation Trust Fund for allocation pursuant to subsection C of § 33.2-358 any interest revenues and, subject to applicable federal limitations, federal funds not committed by the Board to the purposes provided for in subsection D.

F. The provisions of this section shall be liberally construed to the end that its beneficial purposes may be effectuated. Insofar as this provision is inconsistent with the provisions of any other general, special, or local law, this provision shall be controlling.

~~G. If any provision of this section or the application thereof to any person or circumstances is held invalid by a court of competent jurisdiction, such invalidity shall not affect other provisions or applications of this section that can be given effect without the invalid provision or application, and to this end the provisions of this section are declared to be severable.~~

"Provider panel" means the participating providers or referral providers who have a contract, agreement or arrangement with a health maintenance organization or other carrier, either directly or through an intermediary, and who have agreed to provide items or services to enrollees of the health maintenance organization or other carrier.

B. To the maximum extent permitted by applicable law, every health care plan offered or proposed to be offered in the large group market in the Commonwealth by a health maintenance organization licensed under this title to a group contract holder shall provide or include, or the health maintenance organization shall arrange for or contract with another carrier to provide or include, a point-of-service benefit to be provided or offered in conjunction with the health maintenance organization's health care plan as an additional benefit for the enrollee, at the enrollee's option, individually to accept or reject. In connection with its group enrollment application, every health maintenance organization shall, at no additional cost to the group contract holder, make available or arrange with a carrier to make available to the prospective group contract holder and to all prospective enrollees, in advance of initial enrollment and in advance of each reenrollment, a notice in form and substance acceptable to the Commission which accurately and completely explains to the group contract holder and prospective enrollee the point-of-service benefit and permits each enrollee to make his or her election. The form of notice provided in connection with any reenrollment may be the same as the approved form of notice used in connection with initial enrollment and may be made available to the group contract holder and prospective enrollee by the carrier in any reasonable manner.

C. To the extent permitted under applicable law, a health maintenance organization providing or arranging, or contracting with another carrier to provide, the point-of-service benefit under this section and a carrier providing the point-of-service benefit required under this section under arrangement or contract with a health maintenance organization:

1. May not impose, or permit to be imposed, a minimum enrollee participation level on the point-of-service benefit alone;

2. May not refuse to reimburse a provider of the type listed or referred to in § 38.2-3408 or 38.2-4221 for items or services provided under the point-of-service benefit required under this section solely on the basis of the license or certification of the provider to provide such items or services if the carrier otherwise covers the items or services provided and the provision of the items or services is within the provider's lawful scope of practice or authority; and

3. Shall rate and underwrite all prospective enrollees of the group contract holder as a single group prior to any enrollee electing to accept or reject the point-of-service benefit.

D. The premium imposed by a carrier with respect to enrollees who select the point-of-service benefit may be different from that imposed by the health maintenance organization with respect to enrollees who do not select the point-of-service benefit. Unless a group contract holder determines otherwise, any enrollee who accepts the point-of-service benefit shall be responsible for the payment of any premium over the amount of the premium applicable to an enrollee who selects the coverage offered by the health maintenance organization without the point-of-service benefit and for any identifiable group specific administrative cost incurred directly by the carrier or any administrative cost incurred by the group contract holder in offering the point-of-service benefit to the enrollee. If a carrier offers the point-of-service benefit to a group contract holder where no enrollees of the group contract holder elect to accept the point-of-service benefit and incurs an identifiable group specific administrative cost directly as a consequence of the offering to that group contract holder, the carrier may reflect that group specific administrative cost in the premium charged to other enrollees selecting the point-of-service benefit under this section. Unless the group contract holder otherwise directs or authorizes the carrier in writing, the carrier shall make reasonable efforts to ensure that no portion of the cost of offering or arranging the point-of-service benefit shall be reflected in the premium charged by the carrier to the group contract holder for a group health benefit plan without the point-of-service benefit. Any premium differential and any group specific administrative cost imposed by a carrier relating to the cost of offering or arranging the point-of-service benefit must be actuarially sound and supported by a sworn certification of an officer of each carrier offering or arranging the point-of-service benefit filed with the Commission certifying that the premiums are based on sound actuarial principles and otherwise comply with this section. The certifications shall be in a form, and shall be accompanied by such supporting information in a form acceptable to the Commission.

E. Any carrier may impose different co-insurance, co-payments, deductibles and other cost-sharing arrangements for the point-of-service benefit required under this section based on whether or not the item or service is provided through the provider panel of the health maintenance organization; provided that, except to the extent otherwise prohibited by applicable law, any such cost-sharing arrangement:

1. Shall not impose on the enrollee (or his or her eligible dependents, as appropriate) any co-insurance percentage obligation which is payable by the enrollee which exceeds the greater of: (i) thirty percent of the carrier's allowable charge for the items or services provided by the provider under the point-of-service benefit or (ii) the co-insurance amount which would have been required had the covered items or services been received through the provider panel;

2. Shall not impose on an enrollee (or his or her eligible dependents, as appropriate) a co-payment or deductible which exceeds the greatest co-payment or deductible, respectively, imposed by the carrier or its affiliate under one or more other group health benefit plans providing a point-of-service benefit which are currently offered and actively marketed by the carrier or its affiliate in the Commonwealth and are subject to regulation under this title; and

3. Shall not result in annual aggregate cost-sharing payments to the enrollee (or his or her eligible dependents, as appropriate) which exceed the greatest annual aggregate cost-sharing payments which would apply had the covered items or services been received under another group health benefit plan providing a point-of-service benefit which is currently offered and actively marketed by the carrier or its affiliate in the Commonwealth and which is subject to regulation under this title.

F. Except to the extent otherwise required under applicable law, any carrier providing the point-of-service benefit required under this section may not utilize an allowable charge or basis for determining the amount to be reimbursed or paid to any provider from which covered items or services are received under the point-of-service benefit which is not at least as favorable to the provider as that used:

1. By the carrier or its affiliate in calculating the reimbursement or payment to be made to similarly situated providers under another group health benefit plan providing a point-of-service benefit which is subject to regulation under this title and which is currently offered or arranged by the carrier or its affiliate and actively marketed in the Commonwealth, if the carrier or its affiliate offers or arranges another such group health benefit plan providing a point-of-service benefit in the Commonwealth; or

2. By the health maintenance organization in calculating the reimbursement or payment to be made to similarly situated providers on its provider panel.

G. Except as expressly permitted in this section or required under applicable law, no carrier shall impose on any person receiving or providing health care items or services under the point-of-service benefit any condition or penalty designed to discourage the enrollee's selection or use of the point-of-service benefit, which is not otherwise similarly imposed either: (i) on enrollees in another group health benefit plan, if any, currently offered or arranged and actively marketed by the carrier or its affiliate in the Commonwealth or (ii) on enrollees who receive the covered items or services from the health maintenance organization's provider panel. Nothing in this section shall preclude a carrier offering or arranging a point-of-service benefit from imposing on enrollees selecting the point-of-service benefit reasonable utilization review, preadmission certification or precertification requirements or other utilization or cost control measures which are similarly imposed on enrollees participating in one or more other group health benefit plans which are subject to regulation under this title and are currently offered and actively marketed by the carrier or its affiliates in the Commonwealth or which are otherwise required under applicable law.

H. Except as expressly otherwise permitted in this section or as otherwise required under applicable law, the scope of the health care items and services which are covered under the point-of-service benefit required under this section shall at least include the same health care items and services which would be covered if provided under the health maintenance organization's health care plan, including without limitation any items or services covered under a rider or endorsement to the applicable health care plan. Carriers shall be required to disclose prominently in all group health benefit plans and in all marketing materials utilized with respect to such group health benefit plans that the scope of the benefits provided under the point-of-service option are at least as great as those provided through the HMO's health care plan for that group. Filings of point-of-service benefits submitted to the Commission shall be accompanied by a certification signed by an officer of the filing carrier certifying that the scope of the point-of-service benefits includes at a minimum the same health care items and services as are provided under the HMO's group health care plan for that group.

I. Nothing in this section shall prohibit a health maintenance organization from offering or arranging the point-of-service benefit (i) as a separate group health benefit plan or under a different name than the health maintenance organization's group health benefit plan which does not contain the point-of-service benefit or (ii) from managing a group health benefit plan under which the point-of-service benefit is offered in a manner which separates or otherwise differentiates it from the group health benefit plan which does not contain the point-of-service benefit.

J. Notwithstanding anything in this section to the contrary, to the extent permitted under applicable law, no health maintenance organization shall be required to offer or arrange a point-of-service benefit under this section with respect to any group health benefit plan offered to a group contract holder if the health maintenance organization determines in good faith that the group contract holder will be concurrently offering another group health benefit plan or a self-insured or self-funded health benefit plan which allows the enrollees to access care from their provider of choice whether or not the provider is a member of the health maintenance organization's panel.

K. This section shall apply only to group health benefit plans issued in the Commonwealth in the commercial large group market by carriers regulated by this title and shall not apply to (i) health care plans, contracts or policies issued in the individual or small group market; (ii) coverages issued pursuant to Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. (Medicare), Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq. (Medicaid) or Title XXI of the Social Security Act, 42 U.S.C. § 1397aa et seq. (CHIP), 5 U.S.C. § 8901 et seq. (federal employees), 10 U.S.C. § 1071 et seq. (TRICARE) or Chapter 28 (§ 2.2-2800 et seq.) of Title 2.2 (state employees); (iii) accident only, credit or disability insurance, or long-term care insurance, plans providing only limited health care services under § 38.2-4300 (unless offered by endorsement or rider to a group health benefit plan), TRICARE supplement, Medicare supplement, or workers' compensation coverages; (iv) an employee welfare benefit plan (as defined in section 3 (1) of the Employee Retirement

Income Security Act of 1974, 29 U.S.C. § 1002 (1)), which is self-insured or self-funded; or (v) a qualified health plan when the plan is offered in the Commonwealth by a health carrier through a health benefit exchange established under § 1311 of the federal Patient Protection and Affordable Care Act (P.L. 111-148).

L. Nothing in this section shall operate to limit any rights or obligations arising under § 38.2-3407, 38.2-3407.7, 38.2-3407.10, 38.2-3407.11, 38.2-4209, 38.2-4209.1, 38.2-4312, or 38.2-4312.1.

~~M. If any provision of this section or its application to any person or circumstance is held invalid for any reason in a court of competent jurisdiction, the invalidity shall not affect the other provisions or any other application of this section which shall be given effect without the invalid provision or application, and for this purpose the provisions of this section are declared severable.~~

**§ 38.2-3407.15. Ethics and fairness in carrier business practices.**

A. As used in this section:

"Carrier," "enrollee" and "provider" shall have the meanings set forth in § 38.2-3407.10; however, a "carrier" shall also include any person required to be licensed under this title which offers or operates a managed care health insurance plan subject to Chapter 58 (§ 38.2-5800 et seq.) of this title or which provides or arranges for the provision of health care services, health plans, networks or provider panels which are subject to regulation as the business of insurance under this title.

"Claim" means any bill, claim, or proof of loss made by or on behalf of an enrollee or a provider to a carrier (or its intermediary, administrator or representative) with which the provider has a provider contract for payment for health care services under any health plan; however, a "claim" shall not include a request for payment of a capitation or a withhold.

"Clean claim" means a claim (i) that has no material defect or impropriety (including any lack of any reasonably required substantiation documentation) which substantially prevents timely payment from being made on the claim or (ii) with respect to which a carrier has failed timely to notify the person submitting the claim of any such defect or impropriety in accordance with this section.

"Health care services" means items or services furnished to any individual for the purpose of preventing, alleviating, curing, or healing human illness, injury or physical disability.

"Health plan" means any individual or group health care plan, subscription contract, evidence of coverage, certificate, health services plan, medical or hospital services plan, accident and sickness insurance policy or certificate, managed care health insurance plan, or other similar certificate, policy, contract or arrangement, and any endorsement or rider thereto, to cover all or a portion of the cost of persons receiving covered health care services, which is subject to state regulation and which is required to be offered, arranged or issued in the Commonwealth by a carrier licensed under this title. Health plan does not mean (i) coverages issued pursuant to Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. (Medicare), Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq. (Medicaid) or Title XXI of the Social Security Act, 42 U.S.C. § 1397aa et seq. (CHIP), 5 U.S.C. § 8901 et seq. (federal employees), or 10 U.S.C. § 1071 et seq. (TRICARE); or (ii) accident only, credit or disability insurance, long-term care insurance, TRICARE supplement, Medicare supplement, or workers' compensation coverages.

"Provider contract" means any contract between a provider and a carrier (or a carrier's network, provider panel, intermediary or representative) relating to the provision of health care services.

"Retroactive denial of a previously paid claim" or "retroactive denial of payment" means any attempt by a carrier retroactively to collect payments already made to a provider with respect to a claim by reducing other payments currently owed to the provider, by withholding or setting off against future payments, or in any other manner reducing or affecting the future claim payments to the provider.

B. Subject to subsection H, every provider contract entered into by a carrier shall contain specific provisions which shall require the carrier to adhere to and comply with the following minimum fair business standards in the processing and payment of claims for health care services:

1. A carrier shall pay any claim within 40 days of receipt of the claim except where the obligation of the carrier to pay a claim is not reasonably clear due to the existence of a reasonable basis supported by specific information available for review by the person submitting the claim that:

a. The claim is determined by the carrier not to be a clean claim due to a good faith determination or dispute regarding (i) the manner in which the claim form was completed or submitted, (ii) the eligibility of a person for coverage, (iii) the responsibility of another carrier for all or part of the claim, (iv) the amount of the claim or the amount currently due under the claim, (v) the benefits covered, or (vi) the manner in which services were accessed or provided; or

b. The claim was submitted fraudulently.

Each carrier shall maintain a written or electronic record of the date of receipt of a claim. The person submitting the claim shall be entitled to inspect such record on request and to rely on that record or on any other admissible evidence as proof of the fact of receipt of the claim, including without limitation electronic or facsimile confirmation of receipt of a claim.

2. A carrier shall, within 30 days after receipt of a claim, request electronically or in writing from the person submitting the claim the information and documentation that the carrier reasonably believes will be required to process and pay the claim or to determine if the claim is a clean claim. Upon receipt of the additional information requested under this subsection necessary to make the original claim a clean claim, a carrier shall make the payment of the claim in compliance with this section. No carrier may refuse to pay a claim for health care services rendered pursuant to a provider contract which are covered benefits if the carrier fails timely to notify or attempt to notify the person submitting the claim of the matters identified above unless such failure was caused in material part by the person submitting the claims; however,

nothing herein shall preclude such a carrier from imposing a retroactive denial of payment of such a claim if permitted by the provider contract unless such retroactive denial of payment of the claim would violate subdivision 6 of this subsection. Nothing in this subsection shall require a carrier to pay a claim which is not a clean claim.

3. Any interest owing or accruing on a claim under § 38.2-3407.1 or 38.2-4306.1 of this title, under any provider contract or under any other applicable law, shall, if not sooner paid or required to be paid, be paid, without necessity of demand, at the time the claim is paid or within 60 days thereafter.

4. a. Every carrier shall establish and implement reasonable policies to permit any provider with which there is a provider contract (i) to confirm in advance during normal business hours by free telephone or electronic means if available whether the health care services to be provided are medically necessary and a covered benefit and (ii) to determine the carrier's requirements applicable to the provider (or to the type of health care services which the provider has contracted to deliver under the provider contract) for (a) pre-certification or authorization of coverage decisions, (b) retroactive reconsideration of a certification or authorization of coverage decision or retroactive denial of a previously paid claim, (c) provider-specific payment and reimbursement methodology, coding levels and methodology, downcoding, and bundling of claims, and (d) other provider-specific, applicable claims processing and payment matters necessary to meet the terms and conditions of the provider contract, including determining whether a claim is a clean claim. If a carrier routinely, as a matter of policy, bundles or downcodes claims submitted by a provider, the carrier shall clearly disclose that practice in each provider contract. Further, such carrier shall either (1) disclose in its provider contracts or on its website the specific bundling and downcoding policies that the carrier reasonably expects to be applied to the provider or provider's services on a routine basis as a matter of policy or (2) disclose in each provider contract a telephone or facsimile number or e-mail address that a provider can use to request the specific bundling and downcoding policies that the carrier reasonably expects to be applied to that provider or provider's services on a routine basis as a matter of policy. If such request is made by or on behalf of a provider, a carrier shall provide the requesting provider with such policies within 10 business days following the date the request is received.

b. Every carrier shall make available to such providers within 10 business days of receipt of a request, copies of or reasonable electronic access to all such policies which are applicable to the particular provider or to particular health care services identified by the provider. In the event the provision of the entire policy would violate any applicable copyright law, the carrier may instead comply with this subsection by timely delivering to the provider a clear explanation of the policy as it applies to the provider and to any health care services identified by the provider.

5. Every carrier shall pay a claim if the carrier has previously authorized the health care service or has advised the provider or enrollee in advance of the provision of health care services that the health care services are medically necessary and a covered benefit, unless:

a. The documentation for the claim provided by the person submitting the claim clearly fails to support the claim as originally authorized; or

b. The carrier's refusal is because (i) another payor is responsible for the payment, (ii) the provider has already been paid for the health care services identified on the claim, (iii) the claim was submitted fraudulently or the authorization was based in whole or material part on erroneous information provided to the carrier by the provider, enrollee, or other person not related to the carrier, or (iv) the person receiving the health care services was not eligible to receive them on the date of service and the carrier did not know, and with the exercise of reasonable care could not have known, of the person's eligibility status.

6. No carrier may impose any retroactive denial of a previously paid claim unless the carrier has provided the reason for the retroactive denial and (i) the original claim was submitted fraudulently, (ii) the original claim payment was incorrect because the provider was already paid for the health care services identified on the claim or the health care services identified on the claim were not delivered by the provider, or (iii) the time which has elapsed since the date of the payment of the original challenged claim does not exceed the lesser of (a) 12 months or (b) the number of days within which the carrier requires under its provider contract that a claim be submitted by the provider following the date on which a health care service is provided. Effective July 1, 2000, a carrier shall notify a provider at least 30 days in advance of any retroactive denial of a claim.

7. Notwithstanding subdivision 6 of this subsection, with respect to provider contracts entered into, amended, extended, or renewed on or after July 1, 2004, no carrier shall impose any retroactive denial of payment or in any other way seek recovery or refund of a previously paid claim unless the carrier specifies in writing the specific claim or claims for which the retroactive denial is to be imposed or the recovery or refund is sought. The written communication shall also contain an explanation of why the claim is being retroactively adjusted.

8. No provider contract may fail to include or attach at the time it is presented to the provider for execution (i) the fee schedule, reimbursement policy or statement as to the manner in which claims will be calculated and paid which is applicable to the provider or to the range of health care services reasonably expected to be delivered by that type of provider on a routine basis and (ii) all material addenda, schedules and exhibits thereto and any policies (including those referred to in subdivision 4 of this subsection) applicable to the provider or to the range of health care services reasonably expected to be delivered by that type of provider under the provider contract.

9. No amendment to any provider contract or to any addenda, schedule, exhibit or policy thereto (or new addenda, schedule, exhibit, or policy) applicable to the provider (or to the range of health care services reasonably expected to be delivered by that type of provider) shall be effective as to the provider, unless the provider has been provided with the

applicable portion of the proposed amendment (or of the proposed new addenda, schedule, exhibit, or policy) at least 60 calendar days before the effective date and the provider has failed to notify the carrier within 30 calendar days of receipt of the documentation of the provider's intention to terminate the provider contract at the earliest date thereafter permitted under the provider contract.

10. In the event that the carrier's provision of a policy required to be provided under subdivision 8 or 9 of this subsection would violate any applicable copyright law, the carrier may instead comply with this section by providing a clear, written explanation of the policy as it applies to the provider.

11. All carriers shall establish, in writing, their claims payment dispute mechanism and shall make this information available to providers.

C. Without limiting the foregoing, in the processing of any payment of claims for health care services rendered by providers under provider contracts and in performing under its provider contracts, every carrier subject to regulation by this title shall adhere to and comply with the minimum fair business standards required under subsection B, and the Commission shall have the jurisdiction to determine if a carrier has violated the standards set forth in subsection B by failing to include the requisite provisions in its provider contracts and shall have jurisdiction to determine if the carrier has failed to implement the minimum fair business standards set out in subdivisions B 1 and B 2 in the performance of its provider contracts.

D. No carrier shall be in violation of this section if its failure to comply with this section is caused in material part by the person submitting the claim or if the carrier's compliance is rendered impossible due to matters beyond the carrier's reasonable control (such as an act of God, insurrection, strike, fire, or power outages) which are not caused in material part by the carrier.

E. Any provider who suffers loss as the result of a carrier's violation of this section or a carrier's breach of any provider contract provision required by this section shall be entitled to initiate an action to recover actual damages. If the trier of fact finds that the violation or breach resulted from a carrier's gross negligence and willful conduct, it may increase damages to an amount not exceeding three times the actual damages sustained. Notwithstanding any other provision of law to the contrary, in addition to any damages awarded, such provider also may be awarded reasonable attorney's fees and court costs. Each claim for payment which is paid or processed in violation of this section or with respect to which a violation of this section exists shall constitute a separate violation. The Commission shall not be deemed to be a "trier of fact" for purposes of this subsection.

F. No carrier (or its network, provider panel or intermediary) shall terminate or fail to renew the employment or other contractual relationship with a provider, or any provider contract, or otherwise penalize any provider, for invoking any of the provider's rights under this section or under the provider contract.

G. This section shall apply only to carriers subject to regulation under this title.

H. This section shall apply with respect to provider contracts entered into, amended, extended or renewed on or after July 1, 1999.

I. Pursuant to the authority granted by § 38.2-223, the Commission may promulgate such rules and regulations as it may deem necessary to implement this section.

J. ~~If any provision of this section, or the application thereof to any person or circumstance, is held invalid or unenforceable, such determination shall not affect the provisions or applications of this section which can be given effect without the invalid or unenforceable provision or application; and to that end the provisions of this section are severable.~~

~~K.~~ The Commission shall have no jurisdiction to adjudicate individual controversies arising out of this section.

**§ 64.2-741. Powers of courts not impaired by §§ 64.2-736 through 64.2-740.**

Nothing in §§ 64.2-736 through 64.2-740 shall impair the power of a court of competent jurisdiction with respect to any such foundation or trust; ~~and the invalidity of any one or more of such sections shall not be deemed to affect the validity of the other sections.~~

2. That §§ 5.1-176, 8.1A-105, 13.1-527.01, 13.1-780, 13.1-940, 13.1-1068, 18.2-76.2, 18.2-152.13, 23-38.19, 32.1-322, 33.2-1824, 33.2-2222, 33.2-2920, 36-85.15, 36-96.22, 38.2-2628, 38.2-5512, 40.1-51.18, 46.2-341.33, 50-73.74, 50-73.146, 53.1-95.23, 55-210.30, 55-297.1, 55-349, 55-422, 55-437, 56-265.27, 57-68, 59.1-9.18, 59.1-21.18, 59.1-261, 59.1-315, 59.1-342, 59.1-428, 59.1-509.1, 60.2-710, and 64.2-807 of the Code of Virginia are repealed.

3. That the General Assembly has determined that all severability clauses removed from the Code of Virginia pursuant to this act are removed because the Code sections that they purport to make severable are already severable pursuant to § 1-243 of the Code of Virginia and shall continue to be severable after the passage of this act.

## CHAPTER 710

*An Act to amend and reenact §§ 8.01-40, 8.01-44.5, 8.01-622.1, 38.2-1501, 38.2-1603, 38.2-1701, 46.2-1527.5, 46.2-1527.10, 51.5-46, 54.1-1123, and 54.1-2116 of the Code of Virginia, relating to punitive damages.*

[H 1610]

Approved March 27, 2015

**Be it enacted by the General Assembly of Virginia:**

1. That §§ 8.01-40, 8.01-44.5, 8.01-622.1, 38.2-1501, 38.2-1603, 38.2-1701, 46.2-1527.5, 46.2-1527.10, 51.5-46, 54.1-1123, and 54.1-2116 of the Code of Virginia are amended and reenacted as follows:

**§ 8.01-40. Unauthorized use of name or picture of any person; punitive damages; statute of limitations.**

A. Any person whose name, portrait, or picture is used without having first obtained the written consent of such person, or if dead, of the surviving consort and if none, of the next of kin, or if a minor, the written consent of his or her parent or guardian, for advertising purposes or for the purposes of trade, such persons may maintain a suit in equity against the person, firm, or corporation so using such person's name, portrait, or picture to prevent and restrain the use thereof; and may also sue and recover damages for any injuries sustained by reason of such use. And if the defendant shall have knowingly used such person's name, portrait or picture in such manner as is forbidden or declared to be unlawful by this chapter, the jury, in its discretion, may award ~~exemplary~~ *exemplary* punitive damages.

B. No action shall be commenced under this section more than ~~twenty~~ 20 years after the death of such person.

**§ 8.01-44.5. Punitive damages for persons injured by intoxicated drivers.**

In any action for personal injury or death arising from the operation of a motor vehicle, engine or train, the finder of fact may, in its discretion, award ~~exemplary~~ *exemplary* punitive damages to the plaintiff if the evidence proves that the defendant acted with malice toward the plaintiff or the defendant's conduct was so willful or wanton as to show a conscious disregard for the rights of others.

A defendant's conduct shall be deemed sufficiently willful or wanton as to show a conscious disregard for the rights of others when the evidence proves that (i) when the incident causing the injury or death occurred, the defendant had a blood alcohol concentration of 0.15 percent or more by weight by volume or 0.15 grams or more per 210 liters of breath; (ii) at the time the defendant began drinking alcohol, or during the time he was drinking alcohol, he knew or should have known that his ability to operate a motor vehicle, engine or train would be impaired, or when he was operating a motor vehicle he knew or should have known that his ability to operate a motor vehicle was impaired; and (iii) the defendant's intoxication was a proximate cause of the injury to or death of the plaintiff. For the purposes of clause (i), it shall be rebuttably presumed that the blood alcohol concentration at the time of the incident causing injury or death was at least as high as the test result as shown in a certificate issued pursuant to § 18.2-268.9 or in a certificate of analysis for a blood test administered pursuant to § 18.2-268.7, provided that the test was administered within three hours of the incident causing injury or death. In addition to any other forms of proof, a party may submit a copy of a certificate issued pursuant to § 18.2-268.9 or a certificate of analysis for a blood test administered pursuant to § 18.2-268.7, which shall be prima facie evidence of the facts contained therein.

However, when a defendant has unreasonably refused to submit to a test of his blood alcohol content as required by § 18.2-268.2, a defendant's conduct shall be deemed sufficiently willful or wanton as to show a conscious disregard for the rights of others when the evidence proves that (a) when the incident causing the injury or death occurred the defendant was intoxicated, which may be established by evidence concerning the conduct or condition of the defendant; (b) at the time the defendant began drinking alcohol, or during the time he was drinking alcohol, he knew or should have known that his ability to operate a motor vehicle was impaired; and (c) the defendant's intoxication was a proximate cause of the injury to the plaintiff or death of the plaintiff's decedent. In addition to any other forms of proof, a party may submit a certified copy of a court's determination of unreasonable refusal pursuant to § 18.2-268.3, which shall be prima facie evidence that the defendant unreasonably refused to submit to the test.

**§ 8.01-622.1. Injunction against assisted suicide; damages; professional sanctions.**

A. **§ 46.2-1527.5. Limitations on recovery from Fund.**

The maximum claim of one judgment creditor against the Fund based on an unpaid final judgment arising out of any loss or damage by reason of a claim submitted under § 46.2-1527.2 or 46.2-1527.3 involving a single transaction shall be limited to \$25,000, including any amount paid from the dealer's surety bond, regardless of the amount of the unpaid final judgment of one judgment creditor. Effective January 1, 2013, and on January 1 of each year thereafter, the amount that may be awarded to any person as a result of loss or damage to that person as provided in this section shall be increased by the percentage increase over the most recently available unadjusted 12-month period in the Consumer Price Index for used cars and trucks, as published by the U.S. Bureau of Labor Statistics or any successor index. In the event that this index decreases over any such 12-month period, there shall be no change in the amount which may be awarded.

The aggregate of claims against the Fund based on unpaid final judgments arising out of any loss or damage by reason of a claim submitted under § 46.2-1527.3 involving more than one transaction shall be limited to four times the amount that may be awarded to a single judgment creditor, regardless of the total amounts of the unpaid final judgments of judgment creditors.

However, aggregate claims against the Fund under § 46.2-1527.2 shall be limited to the amount that may be paid out of the Fund under the preceding paragraph less the amount of the dealer's bond and then only after the dealer's bond has been exhausted.

If a claim has been made against the Fund, and the Board has reason to believe that there may be additional claims against the Fund from other transactions involving the same licensee or registrant, the Board may withhold any payment from the Fund involving the licensee or registrant for a period not to exceed the end of the relevant license or registration period. After this period, if the aggregate of claims against the licensee or registrant exceeds the aggregate amount that may be paid from the Fund under this section, then such amount shall be prorated among the claimants and paid from the Fund in proportion to the amounts of their unpaid final judgments against the licensee or registrant.

However, claims against motor vehicle dealers and salespersons participating in the Motor Vehicle Transaction Recovery Fund pursuant to § 46.2-1527.2 shall be prorated when the aggregate exceeds \$50,000. Claims shall be prorated only after the dealer's \$50,000 bond has been exhausted.

On receipt of a verified claim filed against the Fund, the Board shall forthwith notify the licensee or registrant who is the subject of the unpaid judgment that a verified claim has been filed and that the licensee or registrant should satisfy the judgment debt. If the judgment debt is not fully satisfied 30 days following the date of the notification by the Board, the Board shall make payment from the Fund subject to the other limitations contained in this article.

Excluded from the amount of any unpaid final judgment on which a claim against the Fund is based shall be any sums representing (i) interest; (ii) and punitive damages; and (iii) ~~exemplary damages~~. Awards from the Fund shall be limited to reimbursement of costs paid to the dealer for all charges related to the vehicle including without limitation, the sales price, taxes, insurance, and repairs; other out of pocket costs related to the purchase, insuring and registration of the vehicle, and to the loss of use of the vehicle by the purchaser.

If at any time the Fund is insufficient to fully satisfy any claims or claim filed with the Board and authorized by this article, the Board shall pay such claims, claim, or portion thereof to the claimants in the order that the claims were filed with the Board. However, claims by retail purchasers shall take precedence over other claims.

**§ 46.2-1527.10. Recovery on bond.**

With respect to a motor vehicle dealer electing continuous bonding under § 46.2-1527.9, whenever any person is awarded a final ~~judgement~~ *judgment* in a court of competent jurisdiction in the Commonwealth against the dealer for (i) any loss or damage in connection with the purchase or lease of a motor vehicle by reason of fraud practiced on him or fraudulent representation made to him by the dealer or one of the dealer's salespersons acting within the scope of his employment, (ii) any loss or damage by reason of the violation by the dealer or salesperson of any provision of this chapter in connection with the purchase or lease of a motor vehicle, or (iii) any loss or damage resulting from a breach of an extended service contract, as defined in § 59.1-435, entered into on or after July 1, 2003, the ~~judgement~~ *judgment* creditor shall have a claim against the dealer bond for such damages as may be awarded such person in final ~~judgement~~ *judgment* and unpaid by the dealer, and may recover such unpaid damages up to but not exceeding the maximum liability of the surety as set forth in § 46.2-1527.9 from the surety who shall be subrogated to the rights of such person against the dealer or salesperson. The liability of such surety shall be limited to actual damages and ~~attorneys'~~ *attorney* fees assessed against the dealer or salesperson as part of the underlying ~~judgement~~ *judgment* but this section does not authorize the award of ~~attorneys'~~ *attorney* fees in the underlying ~~judgement~~ *judgment*. The liability of such surety shall not include any sums representing interest or punitive or ~~exemplary~~ damages assessed against the dealer or salesperson.

The dealer's surety shall notify the Board when a claim is made against a dealer's bond, when a claim is paid, and when the bond is cancelled. Such notification shall include the amount of claim and the circumstances surrounding the claim. Notification of cancellation shall include the effective date and reason for cancellation. The bond may be cancelled as to future liability by the dealer's surety upon 30 days' notice to the Board.

**§ 51.5-46. Remedies.**

A. Any circuit court having jurisdiction and venue pursuant to Title 8.01, on the petition of any person with a disability, shall have the right to enjoin the abridgement of rights set forth in this chapter and to order such affirmative equitable relief as is appropriate and to award compensatory damages and to award to a prevailing party reasonable ~~attorneys'~~ attorney fees, except that a defendant shall not be entitled to an award of ~~attorneys'~~ attorney fees unless the court finds that the claim was frivolous, unreasonable or groundless, or brought in bad faith. Compensatory damages shall not include damages for pain and suffering. Punitive or ~~exemplary~~ damages shall not be awarded.

B. An action may be commenced pursuant to this section any time within one year of the occurrence of any violation of rights under this chapter. However, such action shall be forever barred unless such claimant or his agent, attorney or representative has commenced such action or has filed by registered mail a written statement of the nature of the claim with the potential defendant or defendants within 180 days of the occurrence of the alleged violation. Any liability for back pay shall not accrue from a date more than 180 days prior to the filing of the notice or the initial pleading in such civil action and shall be limited to a total of 180 days, reduced by the amount of other earnings over the same period. The petitioner shall have a duty to mitigate damages.

C. The relief available for violations of this chapter shall be limited to the relief set forth in this section.

**§ 54.1-1123. Limitations upon recovery from Fund; certain actions not a bar to recovery.**

A. The maximum claim of one claimant against the Fund based upon an unpaid judgment arising out of the improper or dishonest conduct of one regulant in connection with a single transaction involving contracting, is limited to \$20,000, regardless of the amount of the unpaid judgment of the claimant.

B. The aggregate of claims against the Fund based upon unpaid judgments arising out of the improper or dishonest conduct of any one regulant involving contracting, is limited by the Board to \$40,000 during any biennium. If a claim has been made against the Fund, and the Board has reason to believe there may be additional claims against the Fund from other transactions involving the same regulant, the Board may withhold any payment(s) from the Fund involving such regulant for a period of not more than one year from the date on which the claimant is awarded in a court of competent jurisdiction in the Commonwealth the final judgment on which his claim against the Fund is based. After this one-year period, if the aggregate of claims against the regulant exceeds \$40,000, during a biennium, \$40,000 shall be prorated by the Board among the claimants and paid from the Fund in proportion to the amounts of their judgments against the regulant remaining unpaid.

C. Excluded from the amount of any unpaid judgment upon which a claim against the Fund is based shall be any sums representing interest, or punitive or ~~exemplary~~ damages, or any amounts that do not constitute actual monetary loss to the claimants. Such claim against the Fund may include court costs and ~~attorneys'~~ attorney fees.

D. If, at any time, the amount of the Fund is insufficient to fully satisfy any claims or claim filed with the Board and authorized by this Act, the Board shall pay such claims, claim, or portion thereof to the claimants in the order that the claims were filed with the Board.

E. Failure of a claimant to comply with the provisions of subdivisions A 1 and A 2 and subsection B of § 54.1-1120 and the provisions of § 54.1-1124 shall not be a bar to recovery under this Act if the claimant is otherwise entitled to such recovery.

F. The Board shall have the authority to deny any claim which otherwise appears to meet the requirements of the Act if it finds by clear and convincing evidence that the claimant has presented false information or engaged in collusion to circumvent any of the requirements of the Act.

**§ 54.1-2116. Limitations upon recovery from fund; certain actions not a bar to recovery.**

A. The aggregate of claims by claimants against the fund based upon unpaid judgments arising out of the improper or dishonest conduct of one regulant in connection with a single transaction involving the sale, lease, or management of real property, is limited to \$50,000. If a claim has been made against the fund, and the Board has reason to believe that there may be additional claims against the fund arising out of the same transaction, the Board may withhold any payment(s) from the fund for a period of not more than one year. After such one-year period, if the aggregate of claims arising out of the same transaction exceeds \$50,000, such \$50,000 shall be prorated by the Board among the claimants and paid from the fund in proportion to the amounts of their judgments against the regulant remaining unpaid.

B. The maximum claim of one claimant against the fund based upon an unpaid judgment arising out of the improper or dishonest conduct of one regulant in connection with a single transaction involving the sale, lease, or management of real property, shall be limited to \$20,000, regardless of the number of claimants and regardless of the amount of the unpaid judgment of the claimant.

C. The aggregate of claims against the fund based upon unpaid judgments arising out of the improper or dishonest conduct of one regulant in connection with more than a single transaction involving the sale, lease, or management of real property is limited to \$100,000 during any biennial license period, the biennial periods expiring on June 30 of each even-numbered year. If a claim has been made against the fund, and the Board has reason to believe that there may be additional claims against the fund from other transactions involving the same regulant, the Board may withhold any payment(s) from the fund involving such regulant for a period of not more than one year. After the one-year period, if the aggregate of claims against the regulant exceeds \$100,000, such \$100,000 shall be prorated by the Board among the claimants and paid from the fund in proportion to the amounts of their judgments against the regulant remaining unpaid.

D. Excluded from the amount of any unpaid judgment upon which a claim against the fund is based shall be any sums included in the judgment which represent interest, or punitive or ~~exemplary~~ damages. The claim against the fund may include court costs and ~~attorneys'~~ attorney fees.

E. If, at any time, the amount of the fund is insufficient to satisfy any claims, claim, or portion thereof filed with the Board and authorized by the act, the Board shall, when the amount of the fund is sufficient to satisfy some or all of such claims, claim, or portion thereof, pay the claimants in the order that such claims were filed with the Board.

F. Failure of a claimant to comply with the provisions of subdivisions A 1 and 2 of ~~subsection A~~ of § 54.1-2114 and the provisions of § 54.1-2117 shall not be a bar to recovery under this act if the claimant is otherwise entitled to such recovery.

The requesting party shall provide the insurer with the date of the motor vehicle accident, the name and last known address of the alleged tortfeasor if it has been reported to the requesting party, a copy of the accident report, if any, and the claim number, if available. The requesting party shall also submit to the insurer the injured person's medical records, medical bills, and wage-loss documentation, if applicable, pertaining to the claimed injury. If the total of all such the medical bills and wage losses submitted equals or exceeds \$12,500, the insurer shall respond in writing within 30 days of receipt of the request and shall disclose the limits of liability at the time of the accident of all such policies, regardless of whether the insurer contests the applicability of the policy to the injured person's claim, and the insured's address. Disclosure of the policy limits under this section shall not constitute an admission that the alleged injury or damage is subject to the policy. Information concerning the insurance policy is not by reason of disclosure pursuant to this subsection admissible as evidence at trial.

D. After he gives written notice that he represents the personal representative of the estate of a decedent who died as a result of a motor vehicle accident, an attorney, or the personal representative of the estate of the decedent who died as a result of a motor vehicle accident if he is not represented by counsel, may, prior to the filing of a civil action for wrongful death as a result of a motor vehicle accident, request in writing that the insurer disclose (i) the limits of liability of any motor vehicle liability insurance policy or any personal injury liability insurance policy that may be applicable to the claim and (ii) the address of the alleged tortfeasor who is insured by the insurer, if not previously reported to the requesting party. The requesting party shall provide the insurer with the date of the motor vehicle accident, the name and last known address of the alleged tortfeasor if it has been reported to the requesting party, a copy of the accident report, if any, and the claim number, if available. The requesting party shall submit to the insurer the death certificate of the decedent; the certificate of qualification of the personal representative of the decedent's estate; the names and relationships of the statutory beneficiaries of the decedent; medical bills, if any, supporting a claim for damages under subdivision 3 of § 8.01-52; and, if at the time the request is made a claim for damages under clause (i) of subdivision 2 of § 8.01-52 is anticipated, a description of the source, amount, and payment history of the claimed income loss for each beneficiary. The insurer shall respond in writing within 30 days of receipt of the request and shall disclose the limits of liability at the time of the accident of all such policies, regardless of whether the insurer contests the applicability of the policy to the personal representative's claim, and the insured's address. Disclosure of the policy limits under this section shall not constitute an admission that the alleged death or other damage is subject to the policy. Information concerning the insurance policy is not by reason of disclosure pursuant to this subsection admissible as evidence at trial.

E. For purposes of subsections C and D, if the alleged tortfeasor has insurance coverage from a self-insured locality for a motor vehicle accident, as described in this section, and the locality is authorized by the alleged tortfeasor to accept

service of process on behalf of the alleged tortfeasor and agrees to do so, the locality, in its discretion and instead of disclosing the alleged tortfeasor's home address, may disclose the insured's work address and the name and address of the person who shall accept service of process on behalf of the alleged tortfeasor. If the locality makes such a disclosure, the locality shall not be required to disclose the alleged tortfeasor's home address.

F. As used in subsections C and D, "insurer" does not include the insurance agency or the insurance agent representing the alleged tortfeasor as the authorized representative or agent with respect to the alleged tortfeasor's motor vehicle insurance policy.

The information authorized under this subsection shall be furnished to no other person and used for no other purpose. No list furnished under this subsection shall contain the name of any registered voter. For the purpose of this subsection, the term "census liaison" shall have the meaning provided in 13 U.S.C. § 16.

C. In no event shall any list furnished under this section contain the social security number, or any part thereof, of any registered voter except a list furnished to a court of the Commonwealth or of the United States for jury selection purposes, a commissioner of the revenue or a treasurer for tax assessment, collection, and enforcement purposes, or to the Chief Election Officer of another state permitted to use social security numbers, or any parts thereof, that provides for the use of such numbers on applications for voter registration in accordance with federal law, for maintenance of voter registration systems.

##### § 24.2-406. Lists of persons voting at elections.

A. The ~~State Board~~ Department of Elections shall furnish, at a reasonable price, lists of persons who voted at any primary, special, or general election held in the four preceding years to (i) candidates for election or political party nomination to further their candidacy, (ii) political party committees or officials thereof for political purposes only, (iii) political action committees that have filed a current statement of organization with the ~~State Board~~ Department of Elections pursuant to § 24.2-949.2 or with the Federal Elections Commission pursuant to federal law, for political purposes only, (iv) incumbent officeholders to report to their constituents, and (v) members of the public or a nonprofit organization seeking to promote voter participation and registration by means of a communication or mailing without intimidation or pressure exerted on the recipient, for that purpose only. Such lists shall be furnished to no one else and shall be used only for campaign and political purposes and for reporting to constituents. Unless such lists are not available due to a pending recount or election contest, the electoral board shall submit the list of persons who voted to the ~~State Board~~ Department of Elections within ~~60~~ 14 days after each election, unless such lists are not available due to a pending recount or election contest. The electoral boards of localities using nonelectronic pollbooks shall submit the list of persons who voted to the Department of Elections within seven days after the pollbooks are released from the possession of the clerk of court. The

~~State Board~~ *Department of Elections* shall make available such lists no later than seven days after receiving them from the electoral board.

B. The ~~State Board~~ *Department of Elections* shall furnish to the Chief Election Officer of another state, on request and at a reasonable price, lists of persons who voted at any primary, special, or general election held for the four preceding years. Such lists shall be used only for the purpose of maintenance of voter registration systems and shall be transmitted in accordance with security policies approved by the State Board of Elections.

C. In no event shall any list furnished under this section contain the social security number, or any part thereof, of any registered voter, except for a list furnished to the Chief Election Officer of another state permitted to use social security numbers, or any parts thereof, that provides for the use of such numbers on applications for voter registration in accordance with federal law, for maintenance of voter registration systems.

D. Any list furnished under this section shall contain the post office box address in lieu of the residence street address for any individual who has furnished at the time of registration or subsequently, in addition to his street address, a post office box address pursuant to subsection B of § 24.2-418.

**§ 24.2-407.1. Prohibition on disclosure of social security numbers or parts thereof.**

It shall be unlawful for any person who has obtained, under § 24.2-405 or 24.2-406 or any prior law, a list of persons registered or voting which contained social security numbers, or any parts thereof, to disclose any voter's social security number, or any part thereof, to any other person. Any person maintaining a system containing social security numbers, or any parts thereof, obtained from the Board or the *Department of Elections* shall delete or destroy the portion of his records containing those numbers, except for a list furnished to a court of the Commonwealth or of the United States for jury selection purposes, a commissioner of the revenue, as defined in § 58.1-3100, or a treasurer, as defined in § 58.1-3123, for tax assessment, collection, and enforcement purposes, or the Chief Election Officer of another state, permitted to use social security numbers, or any parts thereof, that provides for the use of such numbers on applications for voter registration in accordance with federal law, for the purpose of matching voter registration lists.

**§ 24.2-653. Voter whose name does not appear on pollbook or who is marked as having voted; handling of provisional ballots; ballots cast after normal close of polls due to court order extending polling hours.**

A. When a person offers to vote pursuant to § 24.2-652 and the general registrar is not available or cannot state that the person is registered to vote, then such person shall be allowed to vote by printed ballot in the manner provided in this section. This procedure shall also apply when required by § 24.2-643 or 24.2-651.1.

Such person shall be given a printed ballot and provide, subject to the penalties for making false statements pursuant to § 24.2-1016, on a green envelope supplied by the ~~State Board~~ *Department of Elections*, the identifying information required on the envelope, including the last four digits of his social security number, if any, full name including the maiden or any other prior legal name, date of birth, complete address, and signature. Such person shall be asked to present one of the forms of identification specified in subsection B of § 24.2-643. The officers of election shall note on the green envelope whether or not the voter has presented one of the specified forms of identification. The officers of election shall enter the appropriate information for the person in the precinct provisional ballots log in accordance with the instructions of the State Board but shall not enter a consecutive number for the voter on the pollbook nor otherwise mark his name as having voted. The officers of election shall provide an application for registration to the person offering to vote in the manner provided in this section.

The voter shall then, in the presence of an officer of election, but in a secret manner, mark the printed ballot as provided in § 24.2-644 and seal it in the green envelope. The envelope containing the ballot shall then promptly be placed in the ballot container by an officer of election.

An officer of election, by a written notice given to the voter, shall (i) inform him that a determination of his right to vote shall be made by the electoral board, (ii) advise the voter of the beginning time and place for the board's meeting and of the voter's right to be present at that meeting, and (iii) inform a voter voting provisionally when required by § 24.2-643 that he may submit a copy of one of the forms of identification specified in subsection B of § 24.2-643 to the electoral board by facsimile, electronic mail, in-person submission, or timely United States Postal Service or commercial mail delivery, to be received by the electoral board no later than noon on the third day after the election. At the meeting, the voter may request an extension of the determination of the provisional vote in order to provide information to prove that the voter is entitled to vote in the precinct pursuant to § 24.2-401. The electoral board shall have the authority to grant such extensions which it deems reasonable to determine the status of a provisional vote.

B. The provisional votes submitted pursuant to subsection A, in their unopened envelopes, shall be sealed in a special envelope marked "Provisional Votes," inscribed with the number of envelopes contained therein, and signed by the officers of election who counted them. All provisional votes envelopes shall be delivered either (i) to the clerk of the circuit court who shall deliver all such envelopes to the secretary of the electoral board or (ii) to the general registrar in localities in which the electoral board has directed delivery of election materials to the general registrar pursuant to § 24.2-668.

The electoral board shall meet on the day following the election and determine whether each person having submitted such a provisional vote was entitled to do so as a qualified voter in the precinct in which he offered the provisional vote. If the board is unable to determine the validity of all the provisional ballots offered in the election, or has granted any voter who has offered a provisional ballot an extension as provided in subsection A, the meeting shall stand adjourned, not to exceed seven calendar days from the date of the election, until the board has determined the validity of all provisional ballots offered in the election.

One authorized representative of each political party or independent candidate in a general or special election or one authorized representative of each candidate in a primary election shall be permitted to remain in the room in which the determination is being made as an observer so long as he does not participate in the proceedings and does not impede the orderly conduct of the determination. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative, who is not himself a candidate or party chairman, shall present to the electoral board a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. Such statement, bearing the chairman's or candidate's original signature, may be photocopied and such photocopy shall be as valid as if the copy had been signed.

Notwithstanding the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), attendance at meetings of the electoral board to determine the validity of provisional ballots shall be permitted only for the authorized representatives provided for in this subsection, for the persons whose provisional votes are being considered and their representative or legal counsel, and for appropriate staff and legal counsel for the electoral board.

If the electoral board determines that such person was not entitled to vote as a qualified voter in the precinct in which he offered the provisional vote, is unable to determine his right to vote, or has not been provided one of the forms of identification specified in subsection B of § 24.2-643, the envelope containing his ballot shall not be opened and his vote shall not be counted. The provisional vote shall be counted if (a) such person is entitled to vote in the precinct pursuant to § 24.2-401 or (b) the ~~State Board~~ *Department of Elections* or the voter presents proof that indicates the voter submitted an application for registration to the Department of Motor Vehicles or other state-designated voter registration agency prior to the close of registration pursuant to § 24.2-416 and the registrar determines that the person was qualified for registration based upon the application for registration submitted by the person pursuant to subsection A. The general registrar shall notify in writing pursuant to § 24.2-114 those persons found not properly registered or whose provisional vote was not counted.

If the electoral board determines that such person was entitled to vote, the name of the voter shall be entered in a provisional votes pollbook and marked as having voted, the envelope shall be opened, and the ballot placed in a ballot container without any inspection further than that provided for in § 24.2-646.

On completion of its determination, the electoral board shall proceed to count such ballots and certify the results of its count. Its certified results shall be added to those found pursuant to § 24.2-671. No adjustment shall be made to the statement of results for the precinct in which the person offered to vote. *However, any voter who cast a provisional ballot and is determined by the electoral board to have been entitled to vote shall have his name included on the list of persons who voted that is submitted to the Department of Elections pursuant to § 24.2-406.*

The certification of the results of the count together with all ballots and envelopes, whether open or unopened, and other related material shall be delivered by the electoral board to the clerk of the circuit court and retained by him as provided for in §§ 24.2-668 and 24.2-669.

C. Whenever the polling hours are extended by an order of a court of competent jurisdiction, any ballots marked after the normal polling hours by persons who were not already in line at the time the polls would have closed, notwithstanding the court order, shall be treated as provisional ballots under this section. The officers of election shall mark the green envelope for each such provisional ballot to indicate that it was cast after normal polling hours due to the court order, and when preparing the materials to deliver to the registrar or electoral board, shall separate these provisional ballots from any provisional ballots used for any other reason. The electoral board shall treat these provisional ballots as provided in subsection B; however, the counted and uncounted provisional ballots marked after the normal polling hours shall be kept separate from all other ballots and recorded in a separate provisional ballots pollbook. The ~~State Board~~ *Department of Elections* shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to this section.

### CHAPTER 713

*An Act to amend and reenact § 24.2-404.4 of the Code of Virginia, relating to voter list maintenance; use of interstate cross-check data.*

[H 2379]

Approved March 27, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 24.2-404.4 of the Code of Virginia is amended and reenacted as follows:**

**§ 24.2-404.4. Exchange of registered voter lists with other states.**

A. Pursuant to its authority under subsection A of § 24.2-405 and subsections B and C of § 24.2-406, the State Board shall request voter registration information and lists of persons voting at primaries and elections, if available, from the states bordering the Commonwealth to identify duplicate registrations, voters who no longer reside in the Commonwealth, and other persons who are no longer entitled to be registered in order to maintain the overall accuracy of the voter registration system. ~~Upon receipt of this data, the State Board shall compare it with the state voter registration list and initiate list maintenance procedures under applicable state and federal law. The State Board shall report to the House and Senate~~

~~Committees on Privileges and Elections annually on the progress of activities conducted under this section, including the number of duplicate registrations found to exist and the procedures that the State Board and general registrars are following to eliminate duplicate registrations from the Virginia registered voter lists.~~

*B. Pursuant to its authority under subdivision 10 of § 24.2-404, the State Board shall utilize data regarding voter registration and lists of persons voting at primaries and elections received through list comparisons with other states to identify duplicate registrations, voters who no longer reside in the Commonwealth, and other persons who are no longer entitled to be registered in order to maintain the overall accuracy of the voter registration system.*

*C. The State Board shall compare the data received pursuant to subsections A and B with the state voter registration list and initiate list maintenance procedures under applicable state and federal law. ## CHAPTER 714

*An Act to amend and reenact §§ 15.2-968.1 and 16.1-106 of the Code of Virginia, relating to use of photo-monitoring systems to enforce traffic light signals; appeals.*

[H 1355]

Approved March 27, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 15.2-968.1 and 16.1-106 of the Code of Virginia are amended and reenacted as follows:**

**§ 15.2-968.1. Use of photo-monitoring systems to enforce traffic light signals.**

A. The governing body of any county, city, or town may provide by ordinance for the establishment of a traffic signal enforcement program imposing monetary liability on the operator of a motor vehicle for failure to comply with traffic light signals in such locality in accordance with the provisions of this section. Each such locality may install and operate traffic light signal photo-monitoring systems at no more than one intersection for every 10,000 residents within each county, city, or town at any one time, provided, however, that within planning District 8, each such locality may install and operate traffic light signal photo-monitoring systems at no more than 10 intersections, or at no more than one intersection for every 10,000 residents within each county, city, or town, whichever is greater, at any one time.

B. The operator of a vehicle shall be liable for a monetary penalty imposed pursuant to this section if such vehicle is found, as evidenced by information obtained from a traffic light signal violation monitoring system, to have failed to comply with a traffic light signal within such locality.

C. Proof of a violation of this section shall be evidenced by information obtained from a traffic light signal violation monitoring system authorized pursuant to this section. A certificate, sworn to or affirmed by a law-enforcement officer employed by a locality authorized to impose penalties pursuant to this section, or a facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a traffic light signal violation monitoring system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation pursuant to an ordinance adopted pursuant to this section.

D. In the prosecution for a violation of any local ordinance adopted as provided in this section, prima facie evidence that the vehicle described in the summons issued pursuant to this section was operated in violation of such ordinance, together with proof that the defendant was at the time of such violation the owner, lessee, or renter of the vehicle, shall constitute in evidence a rebuttable presumption that such owner, lessee, or renter of the vehicle was the person who committed the violation. Such presumption shall be rebutted if the owner, lessee, or renter of the vehicle (i) files an affidavit by regular mail with the clerk of the general district court that he was not the operator of the vehicle at the time of the alleged violation or (ii) testifies in open court under oath that he was not the operator of the vehicle at the time of the alleged violation. Such presumption shall also be rebutted if a certified copy of a police report, showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation of this section, is presented, prior to the return date established on the summons issued pursuant to this section, to the court adjudicating the alleged violation.

E. For purposes of this section, "owner" means the registered owner of such vehicle on record with the Department of Motor Vehicles. For purposes of this section, "traffic light signal violation monitoring system" means a vehicle sensor installed to work in conjunction with a traffic light that automatically produces two or more photographs, two or more microphotographs, video, or other recorded images of each vehicle at the time it is used or operated in violation of § 46.2-833, 46.2-835, or 46.2-836. For each such vehicle, at least one recorded image shall be of the vehicle before it has illegally entered the intersection, and at least one recorded image shall be of the same vehicle after it has illegally entered that intersection.

F. Imposition of a penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. No monetary penalty imposed under this section shall

exceed \$50, nor shall it include court costs. *Any finding in a district court that an operator has violated an ordinance adopted as provided in this section shall be appealable to the circuit court in a civil proceeding.*

G. A summons for a violation of this section may be executed pursuant to § 19.2-76.2. Notwithstanding the provisions of § 19.2-76, a summons for a violation of this section may be executed by mailing by first class mail a copy thereof to the owner, lessee, or renter of the vehicle. In the case of a vehicle owner, the copy shall be mailed to the address contained in the records of the Department of Motor Vehicles; in the case of a vehicle lessee or renter, the copy shall be mailed to the address contained in the records of the lessor or renter. Every such mailing shall include, in addition to the summons, a notice of (i) the summoned person's ability to rebut the presumption that he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit as provided in subsection D and (ii) instructions for filing such affidavit, including the address to which the affidavit is to be sent. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3. No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for failure to appear on the return date of the summons. Any summons executed for a violation of this section shall provide to the person summoned at least 30 business days from the mailing of the summons to inspect information collected by a traffic light signal violation monitoring system in connection with the violation.

H. Information collected by a traffic light signal violation monitoring system installed and operated pursuant to subsection A shall be limited exclusively to that information that is necessary for the enforcement of traffic light violations. On behalf of a locality, a private entity that operates a traffic light signal violation monitoring system may enter into an agreement with the Department of Motor Vehicles, in accordance with the provisions of subdivision B 21 of § 46.2-208, to obtain vehicle owner information regarding the registered owners of vehicles that fail to comply with a traffic light signal. Information provided to the operator of a traffic light signal violation monitoring system shall be protected in a database with security comparable to that of the Department of Motor Vehicles' system, and used only for enforcement against individuals who violate the provisions of this section. Notwithstanding any other provision of law, all photographs, microphotographs, electronic images, or other personal information collected by a traffic light signal violation monitoring system shall be used exclusively for enforcing traffic light violations and shall not (i) be open to the public; (ii) be sold or used for sales, solicitation, or marketing purposes; (iii) be disclosed to any other entity except as may be necessary for the enforcement of a traffic light violation or to a vehicle owner or operator as part of a challenge to the violation; or (iv) be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of § 46.2-833, 46.2-835, or 46.2-836 or requested upon order from a court of competent jurisdiction. Information collected under this section pertaining to a specific violation shall be purged and not retained later than 60 days after the collection of any civil penalties. If a locality does not execute a summons for a violation of this section within 10 business days, all information collected pertaining to that suspected violation shall be purged within two business days. Any locality operating a traffic light signal violation monitoring system shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or his designee. Any person who discloses personal information in violation of the provisions of this subsection shall be subject to a civil penalty of \$1,000 per disclosure. Any unauthorized use or disclosure of such personal information shall be grounds for termination of the agreement between the Department of Motor Vehicles and the private entity.

I. A private entity may enter into an agreement with a locality to be compensated for providing the traffic light signal violation monitoring system or equipment, and all related support services, to include consulting, operations and administration. However, only a law-enforcement officer employed by a locality may swear to or affirm the certificate required by subsection C. No locality shall enter into an agreement for compensation based on the number of violations or monetary penalties imposed.

J. When selecting potential intersections for a traffic light signal violation monitoring system, a locality shall consider factors such as (i) the accident rate for the intersection, (ii) the rate of red light violations occurring at the intersection (number of violations per number of vehicles), (iii) the difficulty experienced by law-enforcement officers in patrol cars or on foot in apprehending violators, and (iv) the ability of law-enforcement officers to apprehend violators safely within a reasonable distance from the violation. Localities may consider the risk to pedestrians as a factor, if applicable.

K. Before the implementation of a traffic light signal violation monitoring system at an intersection, the locality shall complete an engineering safety analysis that addresses signal timing and other location-specific safety features. The length of the yellow phase shall be established based on the recommended methodology of the Institute of Transportation Engineers. No traffic light signal violation monitoring system shall be implemented or utilized for a traffic signal having a yellow signal phase length of less than three seconds. All traffic light signal violation monitoring systems shall provide a minimum 0.5-second grace period between the time the signal turns red and the time the first violation is recorded. If recommended by the engineering safety analysis, the locality shall make reasonable location-specific safety improvements, including signs and pavement markings.

L. Any locality that uses a traffic light signal violation monitoring system shall evaluate the system on a monthly basis to ensure all cameras and traffic signals are functioning properly. Evaluation results shall be made available to the public.

M. Any locality that uses a traffic light signal violation monitoring system to enforce traffic light signals shall place conspicuous signs within 500 feet of the intersection approach at which a traffic light signal violation monitoring system is used. There shall be a rebuttable presumption that such signs were in place at the time of the commission of the traffic light signal violation.

N. Prior to or coincident with the implementation or expansion of a traffic light signal violation monitoring system, a locality shall conduct a public awareness program, advising the public that the locality is implementing or expanding a traffic light signal violation monitoring system.

O. Notwithstanding any other provision of this section, if a vehicle depicted in images recorded by a traffic light signal photo-monitoring system is owned, leased, or rented by a county, city, or town, then the county, city, or town may access and use the recorded images and associated information for employee disciplinary purposes.

**§ 16.1-106. Appeals from courts not of record in civil cases.**

From any order entered or judgment rendered in a court not of record in a civil case in which the matter in controversy is of greater value than ~~§50~~ \$20, exclusive of interest, any attorney fees contracted for in the instrument, and costs, or when the case involves the constitutionality or validity of a statute of the Commonwealth, or of an ordinance or bylaw of a municipal corporation, or of the enforcement of rights and privileges conferred by the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), or of a protective order pursuant to § 19.2-152.10, or of an action filed by a condominium unit owners' association or unit owner pursuant to § 55-79.80:2, or of an action filed by a property owners' association or lot owner pursuant to § 55-513, there shall be an appeal of right, if taken within 10 days after such order or judgment, to a court of record. Such appeal shall be to a court of record having jurisdiction within the territory of the court from which the appeal is taken and shall be heard de novo.

The court from which an appeal is sought may refuse to suspend the execution of a judgment that refuses, grants, modifies, or dissolves an injunction in a case brought pursuant to § 2.2-3713 of the Virginia Freedom of Information Act. A protective order issued pursuant to § 19.2-152.10, including a protective order required by § 18.2-60.4, shall remain in effect upon petition for or the pendency of an appeal or writ of error unless ordered suspended by the judge of a circuit court or so directed in a writ of supersedeas by the Court of Appeals or the Supreme Court.

**CHAPTER 722**

*An Act to amend and reenact § 33.2-319 of the Code of Virginia and to allow the City of Richmond to receive maintenance payments for moving-lanes converted to bicycle lanes, relating to highway maintenance payments to cities and towns.*

[H 1402]

Approved April 15, 2015

**Be it enacted by the General Assembly of Virginia:**

1. **That § 33.2-319 of the Code of Virginia is amended and reenacted as follows:**

**§ 33.2-319. Payments to cities and certain towns for maintenance of certain highways.**

The Commissioner of Highways, subject to the approval of the Board, shall make payments for maintenance, construction, or reconstruction of highways to all cities and towns eligible for allocation of construction funds for urban highways under § 33.2-362. Such payments, however, shall only be made if those highways functionally classified as principal and minor arterial roads are maintained to a standard satisfactory to the Department. Whenever any city or town qualifies under this section for allocation of funds, such qualification shall continue to apply to such city or town regardless of any subsequent change in population and shall cease to apply only when so specifically provided by an act of the General Assembly. All allocations made prior to July 1, 2001, to cities and towns meeting the criteria of the foregoing provisions of this section are hereby confirmed.

No payments shall be made to any such city or town unless the portion of the highway for which such payment is made either (i) has (a) an unrestricted right-of-way at least 50 feet wide and (b) a hard-surface width of at least 30 feet; (ii) has (a) an unrestricted right-of-way at least 80 feet wide, (b) a hard-surface width of at least 24 feet, and (c) approved engineering plans for the ultimate construction of an additional hard-surface width of at least 24 feet within the same right-of-way; (iii) (a) is a cul-de-sac, (b) has an unrestricted right-of-way at least 40 feet wide, and (c) has a turnaround that meets applicable standards set by the Department; (iv) either (a) has been paved and has constituted part of the primary or secondary state highway system prior to annexation or incorporation or (b) has constituted part of the secondary state highway system prior to annexation or incorporation and is paved to a minimum width of 16 feet subsequent to such annexation or incorporation and with the further exception of streets or portions thereof that have previously been maintained under the provisions of § 33.2-339 or 33.2-340; (v) was eligible for and receiving such payments under the laws of the Commonwealth in effect on June 30, 1985; (vi) is a street established prior to July 1, 1950, that has an unrestricted right-of-way width of not less than 30 feet and a hard-surface width of not less than 16 feet; (vii) is a street functionally classified as a local street that was constructed on or after January 1, 1996, and that at the time of approval by the city or town met the criteria for pavement width and right-of-way of the then-current design standards for subdivision streets as set forth in regulations adopted by the Board; (viii) is a street previously eligible to receive street payments that is located in the City of Norfolk or the City of Richmond and is closed to public travel, pursuant to legislation enacted by the governing body of the locality in which it is located, for public safety reasons, within the boundaries of a publicly funded housing development owned and operated by the local housing authority; or (ix) is a local street, otherwise eligible, containing one or more physical protuberances placed within the right-of-way for the purpose of controlling the speed of traffic.

However, the Commissioner of Highways may waive the requirements as to hard-surface pavement or right-of-way width for highways where the width modification is at the request of the governing body of the locality and is to protect the quality of the affected locality's drinking water supply or, for highways constructed on or after July 1, 1994, to accommodate some other special circumstance where such action would not compromise the health, safety, or welfare of the public. The modification is subject to such conditions as the Commissioner of Highways may prescribe.

For the purpose of calculating allocations and making payments under this section, the Department shall divide affected highways into two categories, which shall be distinct from but based on functional classifications established by the Federal Highway Administration: (1) principal and minor arterial roads and (2) collector roads and local streets. Payments

made to affected localities shall be based on the number of moving-lane-miles of highways or portions thereof available to peak-hour traffic in that locality. *Any city converting an existing moving-lane that qualifies for payments under this section to a transit-only lane after July 1, 2014, shall remain eligible for such payments but shall not receive additional funds as a result of such conversion.*

The Department shall recommend to the Board an annual rate per category to be computed using the base rate of growth planned for the Department's Highway Maintenance and Operations program. The Board shall establish the annual rates of such payments as part of its allocation for such purpose, and the Department shall use those rates to calculate and put into effect annual changes in each qualifying city's or town's payment under this section.

The payments by the Department shall be paid in equal sums in each quarter of the fiscal year, and payments shall not exceed the allocation of the Board.

The chief administrative officer of the city or town receiving this fund shall make annual categorical reports of expenditures to the Department, in such form as the Board shall prescribe, accounting for all expenditures, certifying that none of the money received has been expended for other than maintenance, construction, or reconstruction of the streets, and reporting on their performance as specified in subsection B of § 33.2-352. Such reports shall be included in the scope of the annual audit of each municipality conducted by independent certified public accountants.

**2. § 1.** *That if the City of Richmond converts moving-lanes that qualified for maintenance payments pursuant to § 33.2-319 of the Code of Virginia on July 1, 2014, to bicycle-only lanes, such conversion shall not affect the City's maintenance payment, provided that such conversions are limited to no more than 20 moving-lane miles.*

**3. That the Secretary of Transportation shall report to the Chairmen of the House and Senate Transportation Committees by December 1, 2015, on an appropriate formula or allocation for the maintenance of bicycle-only lanes and how such conversion may reduce congestion, increase commuting options, and improve safety, mobility, and accessibility.**

#### **§ 38.2-3407.19. Payment for services by optometrists and ophthalmologists.**

A. *As used in this section, unless the context requires a different meaning:*

*"Covered materials" means lenses, devices containing lenses, prisms, lens treatments and coatings, contact lenses, and devices to correct, relieve, or treat defects or abnormal conditions of the human eye and its adnexa for which benefits under a policy, contract, or evidence of coverage are payable by a vision care plan carrier, including materials paid by the insureds, subscribers, or enrollees because the annual or periodic payment maximum established by the vision care plan has been met.*

*"Covered services" means the health care services for which benefits under a policy, contract, or evidence of coverage are payable by a vision care plan carrier, including services paid by the insureds, subscribers, or enrollees because the annual or periodic payment maximum established by the vision care plan has been met.*

*"Enrollee" means any person entitled to health care services under a vision care plan.*

*"Optometric services plan" has the same meaning ascribed thereto in § 38.2-4501.*

*"Participating provider agreement" means a contract or agreement between an optometrist or ophthalmologist and a vision care plan carrier in which the optometrist or ophthalmologist has agreed to provide vision-related health care services to enrollees and to hold those enrollees harmless from payment with an expectation of receiving payment, other than copayments or deductibles, directly or indirectly from a vision care plan.*

*"Vision care plan" means (i) an individual or group accident and sickness insurance policy providing hospital, medical, and surgical or major medical coverage on an expense-incurred basis; (ii) an individual or group accident and sickness subscription contract; (iii) an optometric services plan; (iv) a health care plan provided by a health maintenance organization; or (v) an integrated or stand-alone vision benefit plan or a vision care insurance policy or contract that provides vision benefits to an enrollee pertaining to the provision of covered services or covered materials, under which policy, contract, or plan an enrollee is eligible to receive a benefit for covered services or covered materials.*

(b) a vision care insurance policy or contract that provides vision benefits to an enrollee pertaining to the provision of covered services or covered materials.

B. No participating provider agreement shall establish the fee or rate that the optometrist or ophthalmologist is required to accept for the provision of health care materials or services, or require that an optometrist or ophthalmologist accept the reimbursement paid as payment in full, unless the health care materials and services are covered materials or covered services under the applicable vision care plan.

C. Reimbursement paid by the vision care plan carrier for covered services and covered materials shall be reasonable and shall not provide nominal reimbursement in order to claim that services and materials are covered services or covered materials under the applicable vision care plan. For the purposes of this subsection, "reasonable" means the negotiated fee or rate that is set forth in the participating provider agreement and is acceptable to the provider.

D. No vision care plan shall require an optometrist or ophthalmologist to use a particular optical laboratory, manufacturer of eyeglass frames or contact lenses, or third-party supplier as a condition of participation in a vision care plan.

D. A responding tribunal of the Commonwealth may not condition the payment of a support order issued under this chapter upon compliance by a party with provisions for visitation.

E. If a responding tribunal of the Commonwealth issues an order under this chapter, the tribunal shall promptly send a copy of the order to the petitioner and the respondent and to the initiating tribunal, if any.

F. If requested to enforce a support order, arrears, or judgment or modify a support order stated in a foreign currency, a responding tribunal of the Commonwealth shall convert the amount stated in the foreign currency to the equivalent amount in U.S. dollars under the applicable official or market exchange rate as publicly reported.

**§ 20-88.50. Duties of support enforcement agency.**

A. A support enforcement agency of the Commonwealth, upon request, shall provide services to a petitioner in a proceeding under this chapter. **A**

B. *In a proceeding under this chapter*, a support enforcement agency of the Commonwealth that is providing services to the petitioner shall:

1. Take all steps necessary to enable an appropriate tribunal ~~in~~ *of the Commonwealth or, another state, or a foreign country* to obtain jurisdiction over the respondent;
2. Request an appropriate tribunal to set a date, time, and place for a hearing;
3. Make a reasonable effort to obtain all relevant information, including information as to income and property of the parties;
4. Within two days, exclusive of Saturdays, Sundays, and legal holidays, after receipt of a written notice in a record from an initiating, responding, or registering tribunal, send a copy of the notice to the petitioner;
5. Within two days, exclusive of Saturdays, Sundays, and legal holidays, after receipt of a written communication in a record from the respondent or the respondent's attorney, send a copy of the communication to the petitioner; and
6. Notify the petitioner if jurisdiction over the respondent cannot be obtained.

~~B. C.~~ A support enforcement agency of the Commonwealth that requests registration of a child support order in the Commonwealth for enforcement or for modification shall make reasonable efforts to ensure that:

1. The order to be registered is the controlling order; or
2. If two or more child support orders exist and the identity of the controlling order has not been determined, a request for such a determination is made in a tribunal having jurisdiction to do so.

~~C. D.~~ A support enforcement agency of the Commonwealth that requests registration and enforcement of a support order, arrears, or judgment stated in a foreign currency shall convert the amounts stated in the foreign currency into the equivalent amounts in U.S. dollars under the applicable official or market exchange rate as publicly reported.

~~D. E.~~ A support enforcement agency of the Commonwealth shall issue or request a tribunal of the Commonwealth to issue a child support order and an income-withholding order that redirects payment of current support, arrears, and interest to a support enforcement agency of the Commonwealth if requested to do so by a support enforcement agency of another state pursuant to § 20-88.62.

~~E. F.~~ This chapter does not create a relationship of attorney and client or other fiduciary relationship between a support enforcement agency or the attorney for the agency and the individual being assisted by the agency.

**§ 20-88.51. Duty of Secretary of Health and Human Resources.**

A. If the Secretary of Health and Human Resources determines that the support enforcement agency is neglecting or refusing to provide services to an individual, he may order the agency to perform its duties under this chapter or may provide those services directly to the individual.

B. The Secretary of Health and Human Resources may determine that a foreign country ~~or political subdivision~~ has established a reciprocal arrangement for child support with the Commonwealth and take appropriate action for notification of the determination.

**§ 20-88.53. Duties of state information agency.**

A. The Department of Social Services is the state information agency under this chapter.

B. The state information agency shall:

1. Compile and maintain a current list, including addresses, of the tribunals in the Commonwealth ~~which~~ *that* have jurisdiction under this chapter and any support enforcement agencies in the Commonwealth and transmit a copy to the state information agency of every other state;

2. Maintain a register of *names and addresses* of tribunals and support enforcement agencies received from other states;

3. Forward to the appropriate tribunal in the county or city in the Commonwealth in which the obligee who is an individual or the obligor resides, or in which the obligor's property is believed to be located, all documents concerning a proceeding under this chapter received from ~~an initiating tribunal or the state information agency of the initiating~~ *another state or a foreign country*; and

4. Obtain information concerning the location of the obligor and the obligor's property within the Commonwealth not exempt from execution, by such means as postal verification and federal or state locator services, examination of telephone directories, requests for the obligor's address from employers, and examination of governmental records, including, to the extent not prohibited by other law, those relating to real property, vital statistics, law enforcement, taxation, motor vehicles, driver's licenses, and social security.

**§ 20-88.54. Pleadings and accompanying documents.**

A. In a proceeding under this chapter, a petitioner seeking to establish a support order, to determine parentage *of a child*, or to register or modify a support order *of a tribunal of another state or a foreign country* shall file a petition. Unless otherwise ordered under § 20-88.55, the petition or accompanying documents shall provide, so far as known, the name, residential address, and social security numbers of the obligor and the obligee or the parent and alleged parent, and the name, sex, residential address, social security number, and date of birth of each child for whose benefit support is sought or whose parentage is to be determined. Unless filed at the time of registration, the petition shall be accompanied by a copy of any support order known to have been issued by another tribunal. The petition may include any other information that may assist in locating or identifying the respondent.

B. The petition shall specify the relief sought. The petition and accompanying documents shall conform substantially with the requirements imposed by the forms mandated by federal law for use in cases filed by a support enforcement agency.

**§ 20-88.56. Costs and fees.**

A. The petitioner may not be required to pay a filing fee or other costs.

B. If an obligee prevails, a responding tribunal *of the Commonwealth* may assess against an obligor filing fees, reasonable attorney's fees, other costs, and necessary travel and other reasonable expenses incurred by the obligee and the obligee's witnesses. The tribunal may not assess fees, costs, or expenses against the obligee or the support enforcement agency of either the initiating or the responding state *or foreign country*, except as provided by other law. Attorney's fees may be taxed as costs, and may be ordered paid directly to the attorney, who may enforce the order in the attorney's own name. Payment of support owed to the obligee has priority over fees, costs and expenses.

C. The tribunal shall order the payment of costs and reasonable attorney's fees if it determines that a hearing was requested primarily for delay. In a proceeding under Articles 8 (§ 20-88.66 et seq.) and 9 (§ 20-88.74 et seq.) ~~of this chapter,~~

a hearing is presumed to have been requested primarily for delay if a registered support order is confirmed or enforced without change.

**§ 20-88.59. Special rules of evidence and procedure.**

A. The physical presence of a nonresident party who is an individual in a tribunal of the Commonwealth is not required for the establishment, enforcement, or modification of a support order or the rendition of a judgment determining parentage of a child.

B. An affidavit, a document substantially complying with federally mandated forms, or a document incorporated by reference in any of them that would not be excluded under the hearsay rule if given in person is admissible in evidence if given under penalty of perjury by a party or witness residing ~~in another state~~ *outside the Commonwealth*.

C. A copy of the record of child support payments certified as a true copy of the original by the custodian of the record may be forwarded to a responding tribunal. The copy is evidence of facts asserted in it and is admissible to show whether payments were made.

D. Copies of bills for testing for parentage of a child, and for prenatal and postnatal health care of the mother and child, furnished to the adverse party at least 10 days before trial, are admissible in evidence to prove the amount of the charges billed and that the charges were reasonable, necessary, and customary.

E. Documentary evidence transmitted from ~~another state~~ *outside the Commonwealth* to a tribunal of the Commonwealth by telephone, telecopier, or other *electronic* means that does not provide an original record may not be excluded from evidence upon an objection based on the means of transmission.

F. In a proceeding under this chapter, a tribunal of the Commonwealth shall permit a party or witness residing ~~in another state~~ *outside the Commonwealth* to be deposed or to testify *under penalty of perjury* by telephone, audiovisual means, or other electronic means at a designated tribunal or other location ~~in that state~~. A tribunal of the Commonwealth shall cooperate with *other* tribunals of ~~other states~~ in designating an appropriate location for the deposition or testimony.

G. If a party called to testify at a civil hearing refuses to answer on the ground that the testimony may be self-incriminating, the trier of fact may draw an adverse inference from the refusal.

H. A privilege against disclosure of communication between spouses does not apply in a proceeding under this chapter.

I. The defense of immunity based on the relationship of husband and wife or parent and child does not apply in a proceeding under this chapter.

J. A voluntary acknowledgment of paternity, certified as a true copy, is admissible to establish parentage of the child.

**§ 20-88.60. Communications between tribunals.**

A tribunal of the Commonwealth may communicate with a tribunal of ~~another state or foreign country or political subdivision~~ *outside the Commonwealth* in a record, or by telephone, *electronic mail*, or other means, to obtain information concerning the laws, the legal effect of a judgment, decree, or order of that tribunal; and the status of a proceeding ~~in the other state or foreign country or political subdivision~~. A tribunal of the Commonwealth may furnish similar information by similar means to a tribunal of ~~another state or foreign country or political subdivision~~ *outside the Commonwealth*.

**§ 20-88.61. Assistance with discovery.**

A tribunal of ~~this~~ *the Commonwealth* may (i) request a tribunal of ~~another state~~ *outside the Commonwealth* to assist in obtaining discovery and (ii) upon request, compel a person over ~~whom~~ *which* it has jurisdiction to respond to a discovery order issued by a tribunal of ~~another state~~ *outside the Commonwealth*.

**§ 20-88.62. Receipt and disbursement of payments.**

A. A support enforcement agency or tribunal of the Commonwealth shall disburse promptly any amounts received pursuant to a support order, as directed by the order. The support enforcement agency or tribunal shall furnish to a requesting party or tribunal of another state *or a foreign country* a certified statement by the custodian of the record of the amounts and dates of all payments received.

B. If neither the obligor, nor the obligee who is an individual, nor the child resides in the Commonwealth, upon request from the support enforcement agency of the Commonwealth or another state, the support enforcement agency of the Commonwealth or a tribunal of the Commonwealth shall:

1. Order that the support payment be made to the support enforcement agency in the state in which the obligee is receiving services; and

2. Issue and send to the obligor's employer a conforming income-withholding order or an administrative notice of change of payee, reflecting the redirected payments.

C. The support enforcement agency of the Commonwealth receiving redirected payments from another state pursuant to a law similar to subsection B shall furnish to a requesting party or tribunal of the other state a certified statement by the custodian of the record of the amount and dates of all payments received.

Article 6.

Establishment of Support Order or Determination of Parentage.

**§ 20-88.63. Establishment of support order.**

A. If a support order entitled to recognition under this chapter has not been issued, a responding tribunal of the Commonwealth *with personal jurisdiction over the parties* may issue a support order if (i) the individual seeking the order resides ~~in another state~~ *outside the Commonwealth* or (ii) the support enforcement agency seeking the order is located ~~in another state~~ *outside the Commonwealth*.

B. The tribunal may issue a temporary child support order if the tribunal determines that such an order is appropriate and the individual ordered to pay is:

1. A presumed father of the child;
2. Petitioning to have his paternity adjudicated;
3. Identified as the father of the child through genetic testing;
4. An alleged father who has declined to submit to genetic testing;
5. Shown by clear and convincing evidence to be the father of the child;
6. An acknowledged father as provided by applicable state law;
7. The mother of the child; or
8. An individual who has been ordered to pay child support in a previous proceeding and the order has not been reversed or vacated.

C. Upon finding, after notice and opportunity to be heard, that an obligor owes a duty of support, the tribunal shall issue a support order directed to the obligor and may issue other orders pursuant to § 20-88.48.

**§ 20-88.63:1. Proceeding to determine parentage.**

*A tribunal of the Commonwealth authorized to determine parentage of a child may serve as a responding tribunal in a proceeding to determine parentage of a child brought under this chapter or a law or procedure substantially similar to this chapter.*

Article 7.

Enforcement of Order of Another State Without Registration.

**§ 20-88.64. Employer's receipt of income-withholding order of another state.**

An income-withholding order issued ~~by a tribunal~~ in another state may be sent by or on behalf of the obligee, or by the support enforcement agency, to the person or entity defined as the obligor's employer as defined in § 63.2-1900 under the income-withholding law of the Commonwealth without first filing a petition or comparable pleading or registering the order with a tribunal of the Commonwealth.

**§ 20-88.64:3. Immunity from civil liability.**

An employer ~~who that~~ complies with an income-withholding order issued in another state in accordance with this article is not subject to civil liability to ~~any~~ an individual or agency with regard to the employer's withholding child support from the obligor's income.

**§ 20-88.64:4. Penalties for noncompliance.**

An employer ~~who that~~ willfully fails to comply with an income-withholding order issued ~~by in~~ another state and received for enforcement is subject to the same penalties that may be imposed for noncompliance with an order issued by a tribunal of ~~this the~~ Commonwealth.

**§ 20-88.65. Administrative enforcement of orders.**

A. A party or support enforcement agency seeking to enforce a *foreign support order*, or a support order or an income-withholding order, or both, issued ~~by a tribunal of in~~ another state, may send the documents required for registering the order to a support enforcement agency of ~~this the~~ Commonwealth.

B. Upon receipt of the documents, the support enforcement agency, without initially seeking to register the order, shall consider and, if appropriate, use any administrative procedure authorized by the law of ~~this the~~ Commonwealth to enforce a support order or an income-withholding order, or both. If the obligor does not contest administrative enforcement, the order need not be registered. If the obligor contests the validity or administrative enforcement of the order, the support enforcement agency shall register the order pursuant to this chapter.

**§ 20-88.66. Registration of order for enforcement.**

*A foreign support order*, or a support order or an income-withholding order issued ~~by a tribunal of in~~ another state, may be registered in ~~this the~~ Commonwealth for enforcement.

**§ 20-88.67. Procedure to register order for enforcement.**

A. ~~A~~ Except as provided in § 20-88.88, a *foreign support order* or a support order or income-withholding order of another state may be registered in the Commonwealth by sending the following records ~~and information~~ to the appropriate tribunal in the Commonwealth:

1. A letter of transmittal to the tribunal requesting registration and enforcement;
2. Two copies, including one certified copy, of the order to be registered, including any modification of the order;
3. A sworn statement by the party requesting registration or a certified statement by the custodian of the records showing the amount of any arrearage;
4. The name of the obligor and, if known, (i) the obligor's address and social security number, (ii) the name and address of the obligor's employer and any other source of income of the obligor, and (iii) a description and the location of property of the obligor in the Commonwealth not exempt from execution; and
5. Except as otherwise provided in § 20-88.55, the name and address of the obligee and, if applicable, the support enforcement agency to whom support payments are to be remitted.

B. On receipt of a request for registration, the registering tribunal shall cause the order to be filed as *an order of a tribunal of another state* or a foreign support order, together with one copy of the documents and information, regardless of their form.

C. A petition or comparable pleading seeking a remedy that shall be affirmatively sought under other law of the Commonwealth may be filed at the same time as the request for registration or later. The pleading shall specify the grounds for the remedy sought.

D. If two or more orders are in effect, the individual or support enforcement agency requesting registration shall:

1. Furnish to the tribunal a copy of every support order asserted to be in effect in addition to the documents specified in this section;

2. Specify the order alleged to be the controlling order, if any; and

3. Specify the amount of consolidated arrears, if any.

E. A request for a determination of which is the controlling order may be filed separately or with a request for registration and enforcement or for registration and modification. The individual or support enforcement agency requesting registration shall give notice of the request to each party whose rights may be affected by the determination.

**§ 20-88.68. Effect of registration for enforcement.**

A. A support order or income-withholding order issued in another state *or a foreign support order* is registered when the order is filed in the registering tribunal of ~~this the~~ Commonwealth.

B. A registered *support* order issued in another state *or in a foreign country* is enforceable in the same manner and is subject to the same procedures as an order issued by a tribunal of ~~this the~~ Commonwealth.

C. Except as otherwise provided in this ~~article~~ *chapter*, a tribunal of ~~this the~~ Commonwealth shall recognize and enforce, but may not modify, a registered order if the issuing tribunal had jurisdiction.

**§ 20-88.69. Choice of law; statute of limitations.**

A. Except as otherwise provided in subsection D, the law of the issuing state *or foreign country* governs (i) the nature, extent, amount, and duration of current payments under a registered support order; (ii) the computation and payment of arrearages and accrual of interest on the arrearages under the support order; and (iii) the existence and satisfaction of other obligations under the support order.

B. In a proceeding for arrears under a registered support order, the statute of limitations of the Commonwealth or of the issuing state *or foreign country*, whichever is longer, applies.

C. A responding tribunal of the Commonwealth shall apply the procedures and remedies of the Commonwealth to enforce current support and collect arrears and interest due on a support order of another state *or a foreign country* registered in the Commonwealth.

D. After a tribunal of the Commonwealth or another state determines which is the controlling order and issues an order consolidating arrears, if any, a tribunal of the Commonwealth shall prospectively apply the law of the state *or foreign country* issuing the controlling order, including its law on interest on arrears, on current and future support, and on consolidated arrears.

**§ 20-88.70. Notice of registration of order; contest of validity or enforcement.**

A. When a support order or income-withholding order issued in another state *or a foreign support order* is registered, the registering tribunal *of the Commonwealth* shall notify the nonregistering party. The notice shall be accompanied by a copy of the registered order and the documents and relevant information accompanying the order.

B. A notice shall inform the nonregistering party:

1. That a registered order is enforceable as of the date of registration in the same manner as an order issued by a tribunal of the Commonwealth;

2. That a hearing to contest the validity or enforcement of the registered order shall be requested within 20 days after the notice *unless the registered order is under § 20-88.89*;

3. That failure to contest the validity or enforcement of the registered order in a timely manner will result in confirmation of the order and enforcement of the order and the alleged arrearages and precludes further contest of that order with respect to any matter that could have been asserted; and

4. Of the amount of any alleged arrearages.

C. If the registering party asserts that two or more orders are in effect, a notice shall also:

1. Identify the two or more orders and the order alleged by the ~~registering individual or support enforcement agency or individual party~~ to be the controlling order and the consolidated arrears, if any;

2. Notify the nonregistering party of the right to a determination of which is the controlling order;

3. State that the procedures provided in subsection B apply to the determination of which is the controlling order; and

4. State that failure to contest the validity or enforcement of the order alleged to be the controlling order in a timely manner may result in confirmation that the order is the controlling order.

D. Upon registration of an income-withholding order for enforcement, the *support enforcement agency or the* registering tribunal shall notify the obligor's employer pursuant to the income-withholding for support law of the Commonwealth.

**§ 20-88.71. Procedure to contest validity or enforcement of registered support order.**

A. A nonregistering party seeking to contest the validity or enforcement of a registered *support* order in ~~this the~~ Commonwealth shall request a hearing within ~~twenty days after notice of the registration~~ *the time required by § 20-88.70*. The nonregistering party may seek to vacate the registration, to assert any defense to an allegation of noncompliance with the registered order, or to contest the remedies being sought or the amount of any alleged arrearages pursuant to § 20-88.72.

B. If the nonregistering party fails to contest the validity or enforcement of the registered *support* order in a timely manner, the order is confirmed by operation of law.

C. If a nonregistering party requests a hearing to contest the validity or enforcement of the registered *support* order, the registering tribunal shall schedule the matter for hearing and give notice to the parties of the date, time, and place of the hearing.

**§ 20-88.72. Contest of registration or enforcement.**

A. A party contesting the validity or enforcement of a registered *support* order or seeking to vacate the registration has the burden of proving one or more of the following defenses:

1. The issuing tribunal lacked personal jurisdiction over the contesting party;
2. The order was obtained by fraud;
3. The order has been vacated, suspended, or modified by a later order;
4. The issuing tribunal has stayed the order pending appeal;
5. There is a defense under the law of the Commonwealth to the remedy sought;
6. Full or partial payment has been made;
7. The statute of limitations under § 20-88.69 precludes enforcement of some or all of the alleged arrearages; or
8. The alleged controlling order is not the controlling order.

B. If a party presents evidence establishing a full or partial defense under subsection A, a tribunal may stay enforcement of ~~the~~ a registered *support* order, continue the proceeding to permit production of additional relevant evidence, and issue other appropriate orders. An uncontested portion of the registered *support* order may be enforced by all remedies available under the law of the Commonwealth.

C. If the contesting party does not establish a defense under subsection A to the validity or enforcement of ~~the~~ a registered *support* order, the registering tribunal shall issue an order confirming the order.

**§ 20-88.73. Confirmed order.**

Confirmation of a registered *support* order, whether by operation of law or after notice and hearing, precludes further contest of the *support* order with respect to any matter that could have been asserted at the time of registration.

**§ 20-88.75. Effect of registration for modification.**

A tribunal of the Commonwealth may enforce a child support order of another state, registered for purposes of modification, in the same manner as if the order had been issued by a tribunal of the Commonwealth, but the registered *support* order may be modified only if the requirements of § 20-88.76; *or* 20-88.77:1 ~~or~~ 20-88.77:3 have been met.

**§ 20-88.76. Modification of child support order of another state.**

A. If § 20-88.77:1 does not apply, ~~except as otherwise provided in § 20-88.77:3~~, upon petition a tribunal of the Commonwealth may modify a child support order, issued in another state, that is registered in the Commonwealth if, after notice and hearing, the tribunal finds that:

1. The following requirements are met:
  - a. Neither the child, nor the obligee who is an individual, nor the obligor resides in the issuing state;
  - b. A petitioner who is a nonresident of the Commonwealth seeks modification; and
  - c. The respondent is subject to the personal jurisdiction of the tribunal of the Commonwealth; or
2. The Commonwealth is the ~~state~~ of residence of the child or a party who is an individual is subject to the personal jurisdiction of the tribunal of the Commonwealth and all of the individual parties who are individuals have filed consents in a record in the issuing tribunal for a tribunal of the Commonwealth to modify the support order and assume continuing, exclusive jurisdiction.

B. Modification of a registered child support order is subject to the same requirements, procedures, and defenses that apply to the modification of an order issued by a tribunal of the Commonwealth and the order may be enforced and satisfied in the same manner.

C. ~~Except as otherwise provided in § 20-88.77:3, a~~ A tribunal of the Commonwealth may not modify any aspect of a child support order that may not be modified under the law of the issuing state, including the duration of the obligation of support. If two or more tribunals have issued child support orders for the same obligor and same child, the order that controls and shall be so recognized under § 20-88.41 establishes the aspects of the support order which are nonmodifiable.

D. In a proceeding to modify a child support order, the law of the state that is determined to have issued the initial controlling order governs the duration of the obligation of support. The obligor's fulfillment of the duty of support established by that order precludes imposition of a further obligation of support by a tribunal of the Commonwealth.

E. On issuance of an order by a tribunal of the Commonwealth modifying a child support order issued in another state, the tribunal of the Commonwealth becomes the tribunal having continuing, exclusive jurisdiction.

F. *Notwithstanding subsections A through E and § 20-88.35, a tribunal of the Commonwealth retains jurisdiction to modify an order issued by a tribunal of the Commonwealth if one party resides in another state and the other party resides outside the United States.*

**§ 20-88.77:3. Jurisdiction to modify child support order of foreign country.**

A. ~~If~~ *Except as provided in § 20-88.93, if a foreign country or political subdivision that is a state will not or may not lack or refuses to exercise jurisdiction to modify its child support order pursuant to its laws, a tribunal of the Commonwealth may assume jurisdiction, for good cause shown as ordered, to modify the child support order and bind all individuals subject to the personal jurisdiction of the tribunal whether or not the consent to modification of a child support*

order otherwise required of the individual pursuant to § 20-88.76 has been given or whether the individual seeking modification is a resident of the Commonwealth or of the foreign country or political subdivision.

B. An order issued by a tribunal of the Commonwealth modifying a foreign child support order pursuant to this section is the controlling order.

**§ 20-88.77:4. Procedure to register child support order of foreign country for modification.**

A party or support enforcement agency seeking to modify, or to modify and enforce, a foreign child support order not under the Convention may register that order in the Commonwealth under Article 8 (§ 20-88.66 et seq.) if the order has not been registered. A petition for modification may be filed at the same time as a request for registration or at another time. The petition must specify the grounds for modification.

*E. This chapter does not prevent the application of laws of the Commonwealth that provide simplified, more expeditious rules regarding a direct request for recognition and enforcement of a foreign support order or foreign support agreement.*

**§ 20-88.88. Registration of Convention support order.**

*A. Except as otherwise provided in this chapter, a party who is an individual or a support enforcement agency seeking recognition of a Convention support order shall register the order in the Commonwealth as provided in Article 9 (§ 20-88.74 et seq.).*

*B. Notwithstanding § 20-88.54 and subsection A of § 20-88.67, a request for registration of a Convention support order must be accompanied by:*

- 1. A complete text of the support order or an abstract or extract of the support order drawn up by the issuing foreign tribunal, which may be in the form recommended by the Hague Conference on Private International Law;*

- 2. A record stating that the support order is enforceable in the issuing country;*

- 3. If the respondent did not appear and was not represented in the proceedings in the issuing country, a record attesting, as appropriate, either that the respondent had proper notice of the proceedings and an opportunity to be heard or that the respondent had proper notice of the support order and an opportunity to be heard in a challenge or appeal on fact or law before a tribunal;*

- 4. A record showing the amount of arrears, if any, and the date the amount was calculated;*

- 5. A record showing a requirement for automatic adjustment of the amount of support, if any, and the information necessary to make the appropriate calculations; and*

- 6. If necessary, a record showing the extent to which the applicant received free legal assistance in the issuing country.*

*C. A request for registration of a Convention support order may seek recognition and partial enforcement of the order.*

*D. A tribunal of the Commonwealth may vacate the registration of a Convention support order without the filing of a contest under § 20-88.89 only if, acting on its own motion, the tribunal finds that recognition and enforcement of the order would be manifestly incompatible with public policy.*

*E. The tribunal shall promptly notify the parties of the registration or the order vacating the registration of a Convention support order.*

**§ 20-88.89. Contest of registered convention support order.**

*A. Except as otherwise provided in this chapter, §§ 20-88.71, 20-88.72, and 20-88.73 apply to a contest of a registered Convention support order.*

*B. A party contesting a registered Convention support order shall file a contest not later than 30 days after notice of the registration, but if the contesting party does not reside in the United States, the contest must be filed not later than 60 days after notice of the registration.*

*C. If the non-registering party fails to contest the registered Convention support order within the time period specified in subsection B, the order is enforceable.*

*D. A contest of a registered Convention support order may be based only on grounds set forth in § 20-88.90. The contesting party bears the burden of proof.*

*E. In a contest of a registered Convention support order, a tribunal of the Commonwealth:*

- 1. Is bound by the findings of fact on which the foreign tribunal based its jurisdiction; and*

- 2. May not review the merits of the order.*

*F. A tribunal of the Commonwealth deciding a contest of a registered Convention support order shall promptly notify the parties of its decision.*

*G. A challenge or appeal, if any, does not stay the enforcement of a Convention support order unless there are exceptional circumstances.*

**§ 20-88.90. Recognition and enforcement of registered convention support order.**

*A. Except as otherwise provided in subsection B, a tribunal of the Commonwealth shall recognize and enforce a registered Convention support order.*

*B. The following grounds are the only grounds on which a tribunal of the Commonwealth may refuse recognition and enforcement of a registered Convention support order:*

- 1. Recognition and enforcement of the order is manifestly incompatible with public policy, including the failure of the issuing tribunal to observe minimum standards of due process, which include notice and an opportunity to be heard;*

- 2. The issuing tribunal lacked personal jurisdiction consistent with § 20-88.35;*

- 3. The order is not enforceable in the issuing country;*

- 4. The order was obtained by fraud in connection with a matter of procedure;*

- 5. A record transmitted in accordance with § 20-88.88 lacks authenticity or integrity;*

6. A proceeding between the same parties and having the same purpose is pending before a tribunal of the Commonwealth and that proceeding was the first to be filed;

7. The order is incompatible with a more recent support order involving the same parties and having the same purpose if the more recent support order is entitled to recognition and enforcement under this chapter in the Commonwealth;

8. Payment, to the extent alleged arrears have been paid in whole or in part;

9. In a case in which the respondent neither appeared nor was represented in the proceeding in the issuing foreign country:

a. If the law of that country provides for prior notice of proceedings, the respondent did not have proper notice of the proceedings and an opportunity to be heard; or

b. If the law of that country does not provide for prior notice of the proceedings, the respondent did not have proper notice of the order and an opportunity to be heard in a challenge or appeal on fact or law before a tribunal; or

10. The order was made in violation of § 20-88.93.

C. If a tribunal of the Commonwealth does not recognize a Convention support order under subdivision B 2, 4, or 9:

1. The tribunal may not dismiss the proceeding without allowing a reasonable time for a party to request the establishment of a new Convention support order; and

2. The Department of Social Services shall take all appropriate measures to request a child support order for the obligee if the application for recognition and enforcement was received under § 20-88.86.

**§ 20-88.91. Partial enforcement.**

If a tribunal of the Commonwealth does not recognize and enforce a Convention support order in its entirety, it shall enforce any severable part of the order. An application or direct request may seek recognition and partial enforcement of a Convention support order.

**§ 20-88.92. Foreign support agreement.**

A. Except as otherwise provided in subsections C and D, a tribunal of the Commonwealth shall recognize and enforce a foreign support agreement registered in the Commonwealth.

B. An application or direct request for recognition and enforcement of a foreign support agreement must be accompanied by:

1. A complete text of the foreign support agreement; and

2. A record stating that the foreign support agreement is enforceable as an order of support in the issuing country.

C. A tribunal of the Commonwealth may vacate the registration of a foreign support agreement only if, acting on its own motion, the tribunal finds that recognition and enforcement would be manifestly incompatible with public policy.

D. In a contest of a foreign support agreement, a tribunal of the Commonwealth may refuse recognition and enforcement of the agreement if it finds that:

1. Recognition and enforcement of the agreement is manifestly incompatible with public policy;

2. The agreement was obtained by fraud or falsification;

3. The agreement is incompatible with a support order involving the same parties and having the same purpose in the Commonwealth, another state, or a foreign country if the support order is entitled to recognition and enforcement under this chapter in the Commonwealth; or

4. The record submitted under subsection B lacks authenticity or integrity.

E. A proceeding for recognition and enforcement of a foreign support agreement must be suspended during the pendency of a challenge to or appeal of the agreement before a tribunal of another state or a foreign country.

**§ 20-88.93. Modification of Convention child support order.**

A. A tribunal of the Commonwealth may not modify a Convention child support order if the obligee remains a resident of the foreign country where the support order was issued unless:

1. The obligee submits to the jurisdiction of a tribunal of the Commonwealth, either expressly or by defending on the merits of the case without objecting to the jurisdiction at the first available opportunity; or

2. The foreign tribunal lacks or refuses to exercise jurisdiction to modify its support order or issue a new support order.

B. If a tribunal of the Commonwealth does not modify a Convention child support order because the order is not recognized in the Commonwealth, subsection C of § 20-88.90 applies.

**§ 20-88.94. Personal information; limit on use.**

Personal information gathered or transmitted under this article may be used only for the purposes for which it was gathered or transmitted.

**§ 20-88.95. Record in original language; English translation.**

A record filed with a tribunal of the Commonwealth under this article must be in the original language and, if not in English, must be accompanied by an English translation.

**2. That Articles 10 (§ 20-88.78) and 12 (§§ 20-88.81 and 20-88.82) of Chapter 5.3 of Title 20 of the Code of Virginia are repealed.**

**3. That an emergency exists and this act is in force from its passage.**

## CHAPTER 728

*An Act to amend the Code of Virginia by adding in Article 5 of Chapter 14 of Title 22.1 a section numbered 22.1-289.01, relating to school service providers; student personal information.*

[H 1612]

Approved April 15, 2015

**Be it enacted by the General Assembly of Virginia:****1. That the Code of Virginia is amended by adding in Article 5 of Chapter 14 of Title 22.1 a section numbered 22.1-289.01 as follows:****§ 22.1-289.01. School service providers; student personal information.****A. For the purposes of this section:**

"School service" means a website, mobile application, or online service that (i) is designed and marketed solely for use in elementary or secondary schools; (ii) is used at the direction of teachers or other employees at elementary or secondary schools; and (iii) collects and maintains, uses, or shares student personal information. "School service" does not include a website, mobile application, or online service that is designed and marketed for use by individuals or entities generally, even if it is also marketed for use in elementary or secondary schools.

"School service provider" means an entity that operates a school service pursuant to a contract with a local school division in the Commonwealth.

"Student personal information" means information collected through a school service that identifies an individual student or is linked to information that identifies an individual student.

**B. Each school service provider shall:**

1. Provide clear and easy-to-understand information about the types of student personal information it collects through any school service and how it maintains, uses, or shares such student personal information;

2. Maintain a policy for the privacy of student personal information for each school service and provide prominent notice before making material changes to its policy for the privacy of student personal information for the relevant school service;

3. Maintain a comprehensive information security program that is reasonably designed to protect the security, privacy, confidentiality, and integrity of student personal information and makes use of appropriate administrative, technological, and physical safeguards;

4. Facilitate access to and correction of student personal information by each student whose student personal information has been collected, maintained, used, or shared by the school service provider, or by such student's parent, either directly or through the student's school or teacher;

5. Collect, maintain, use, and share student personal information only with the consent of the student or, if the student is less than 18 years of age, his parent or for the purposes authorized in the contract between the school division and the school service provider;

6. When it collects student personal information directly from the student, obtain the consent of the student or, if the student is less than 18 years of age, his parent before using student personal information in a manner that is inconsistent with its policy for the privacy of student personal information for the relevant school service, and when it collects student personal information from an individual or entity other than the student, obtain the consent of the school division before using student personal information in a manner that is inconsistent with its policy for the privacy of student personal information for the relevant school service; and

7. Ensure that any successor entity or third party with whom it contracts abides by its policy for the privacy of student personal information and comprehensive information security program before accessing student personal information.

**C. No school service provider shall:**

1. Use or share any student personal information for the purpose of behaviorally targeting advertisements to students;

2. Use or share any student personal information to create a personal profile of a student other than for supporting purposes authorized in the contract between the school division and the school service provider, with the consent of the student or, if the student is less than 18 years of age, his parent, or as otherwise authorized in the contract between the school division and the school service provider;

3. Knowingly retain student personal information beyond the time period authorized in the contract between the school division and the school service provider, except with the consent of the student or, if the student is less than 18 years of age, his parent; or

4. Sell student personal information.

D. Nothing in this section shall be construed to prohibit school service providers from using student personal information for purposes of adaptive learning or customized education.

**2. That no school service provider in operation on June 30, 2015, shall be subject to the provisions of this act until such time as the contract to operate a school service is renewed.**

## CHAPTER 729

*An Act to amend and reenact §§ 18.2-271.1 and 46.2-391.01 of the Code of Virginia, relating to DUI; persons convicted under laws of other states or federal law; restricted license; ignition interlock.*

[H 1639]

Approved April 15, 2015

**Be it enacted by the General Assembly of Virginia:****1. That §§ 18.2-271.1 and 46.2-391.01 of the Code of Virginia are amended and reenacted as follows:****§ 18.2-271.1. Probation, education, and rehabilitation of person charged or convicted; person convicted under law of another state or federal law.**

A. Any person convicted of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, shall be required by court order, as a condition of probation or otherwise, to enter into and successfully complete an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district upon such terms and conditions as the court may set forth. However, upon motion of a person convicted of any such offense following an assessment of the person conducted by an alcohol safety action program, the court, for good cause, may decline to order participation in such a program if the assessment by the alcohol safety action program indicates that intervention is not appropriate for such person. In no event shall such persons be permitted to enter any such program which is not certified as meeting minimum standards and criteria established by the Commission on the Virginia Alcohol Safety Action Program (VASAP) pursuant to this section and to § 18.2-271.2. However, any person charged with a violation of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, may, at any time prior to trial, enter into an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district. Any person who enters into such program prior to trial may pre-qualify with the program to have an ignition interlock system installed on any motor vehicle owned or operated by him. However, no ignition interlock company shall install an ignition interlock system on any such vehicle until a court issues to the person a restricted license with the ignition interlock restriction.

B. The court shall require the person entering such program under the provisions of this section to pay a fee of no less than \$250 but no more than \$300. A reasonable portion of such fee, as may be determined by the Commission on VASAP, but not to exceed 10 percent, shall be forwarded monthly to be deposited with the State Treasurer for expenditure by the Commission on VASAP, and the balance shall be held in a separate fund for local administration of driver alcohol rehabilitation programs. Upon a positive finding that the defendant is indigent, the court may reduce or waive the fee. In addition to the costs of the proceeding, fees as may reasonably be required of defendants referred for intervention under any such program may be charged.

C. Upon conviction of a violation of § 18.2-266 or any ordinance of a county, city or town similar to the provisions thereof, or subsection A of § 46.2-341.24, the court shall impose the sentence authorized by § 18.2-270 or 46.2-341.28 and the license revocation as authorized by § 18.2-271. In addition, if the conviction was for a second offense committed within less than 10 years after a first such offense, the court shall order that restoration of the person's license to drive be conditioned upon the installation of an ignition interlock system on each motor vehicle, as defined in § 46.2-100, owned by or registered to the person, in whole or in part, for a period of six months beginning at the end of the three year license revocation, unless such a system has already been installed for six months prior to that time pursuant to a restricted license order under subsection E of this section. Upon a finding that a person so convicted is required to participate in the program described herein, the court shall enter the conviction on the warrant, and shall note that the person so convicted has been referred to such program. The court may then proceed to issue an order in accordance with subsection E of this section, if the court finds that the person so convicted is eligible for a restricted license. If the court finds good cause for a person not to participate in such program or subsequently that such person has violated, without good cause, any of the conditions set forth by the court in entering the program, the court shall dispose of the case as if no program had been entered, in which event the revocation provisions of § 46.2-389 and subsection A of § 46.2-391 shall be applicable to the conviction. The court shall, upon final disposition of the case, send a copy of its order to the Commissioner of the Department of Motor Vehicles. If such order provides for the issuance of a restricted license, the Commissioner of the Department of Motor Vehicles, upon receipt thereof, shall issue a restricted license. Appeals from any such disposition shall be allowed as provided by law. The time within which an appeal may be taken shall be calculated from the date of the final disposition of the case or any motion for rehearing, whichever is later.

D. Any person who has been convicted ~~in~~ *under the law of another state or the United States of the violation of a law of such state* an offense substantially similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24, and whose privilege to operate a motor vehicle in this Commonwealth is subject to revocation under the provisions of § 46.2-389 and subsection A of § 46.2-391, may petition the general district court of the county or city in which he resides that he be given probation and assigned to a program as provided in subsection A of this section and that, upon entry into such program, he be issued an order in accordance with subsection E of this section. If the court finds that such person would have qualified therefor if he had been convicted in this Commonwealth of a violation of § 18.2-266 or subsection A of § 46.2-341.24, the court may grant the petition and may issue an order in accordance with subsection E of this section as to the period of

license suspension or revocation imposed pursuant to § 46.2-389 or subsection A of § 46.2-391. *The court shall, as a condition of a restricted license, prohibit such person from operating a motor vehicle that is not equipped with a functioning certified ignition interlock system for a period of time not to exceed the period of license suspension and restriction, not less than six consecutive months without alcohol-related violations of interlock requirements.* Such order shall be conditioned upon the successful completion of a program by the petitioner. If the court subsequently finds that such person has violated any of the conditions set forth by the court, the court shall dispose of the case as if no program had been entered and shall notify the Commissioner, who shall revoke the person's license in accordance with the provisions of § 46.2-389 or subsection A of § 46.2-391. A copy of the order granting the petition or subsequently revoking or suspending such person's license to operate a motor vehicle shall be forthwith sent to the Commissioner of the Department of Motor Vehicles.

No period of license suspension or revocation shall be imposed pursuant to this subsection which, when considered together with any period of license suspension or revocation previously imposed for the same offense ~~in any~~ *under the law of another state or the United States*, results in such person's license being suspended for a period in excess of the maximum periods specified in this subsection.

E. Except as otherwise provided herein, whenever a person enters a certified program pursuant to this section, and such person's license to operate a motor vehicle, engine or train in the Commonwealth has been suspended or revoked, the court may, in its discretion and for good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle for any of the following purposes: (i) travel to and from his place of employment; (ii) travel to and from an alcohol rehabilitation or safety action program; (iii) travel during the hours of such person's employment if the operation of a motor vehicle is a necessary incident of such employment; (iv) travel to and from school if such person is a student, upon proper written verification to the court that such person is enrolled in a continuing program of education; (v) travel for health care services, including medically necessary transportation of an elderly parent or, as designated by the court, any person residing in the person's household with a serious medical problem upon written verification of need by a licensed health professional; (vi) travel necessary to transport a minor child under the care of such person to and from school, day care, and facilities housing medical service providers; (vii) travel to and from court-ordered visitation with a child of such person; (viii) travel to a screening, evaluation and education program entered pursuant to § 18.2-251 or subsection H of § 18.2-258.1; (ix) travel to and from court appearances in which he is a subpoenaed witness or a party and appointments with his probation officer and to and from any programs required by the court or as a condition of probation; (x) travel to and from a place of religious worship one day per week at a specified time and place; (xi) travel to and from appointments approved by the Division of Child Support Enforcement of the Department of Social Services as a requirement of participation in a court-ordered intensive case monitoring program for child support for which the participant maintains written proof of the appointment, including written proof of the date and time of the appointment, on his person; (xii) travel to and from jail to serve a sentence when such person has been convicted and sentenced to confinement in jail and pursuant to § 53.1-131.1 the time to be served is on weekends or nonconsecutive days; or (xiii) travel to and from the facility that installed or monitors the ignition interlock in the person's vehicle. No restricted license issued pursuant to this subsection shall permit any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). The court shall order the surrender of such person's license to operate a motor vehicle to be disposed of in accordance with the provisions of § 46.2-398 and shall forward to the Commissioner of the Department of Motor Vehicles a copy of its order entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a permit is issued as is reasonably necessary to identify such person. The court shall also provide a copy of its order to the person so convicted who may operate a motor vehicle on the order until receipt from the Commissioner of the Department of Motor Vehicles of a restricted license, if the order provides for a restricted license for that time period. A copy of such order and, after receipt thereof, the restricted license shall be carried at all times while operating a motor vehicle. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section shall be guilty of a violation of § 18.2-272. Such restricted license shall be conditioned upon enrollment within 15 days in, and successful completion of, a program as described in subsection A of this section. No restricted license shall be issued during the first four months of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within 10 years of a first such offense. No restricted license shall be issued during the first year of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within five years of a first such offense. No restricted license shall be issued during any revocation period imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391. Notwithstanding the provisions of § 46.2-411, the fee charged pursuant to § 46.2-411 for reinstatement of the driver's license of any person whose privilege or license has been suspended or revoked as a result of a violation of § 18.2-266, subsection A of § 46.2-341.24 or of any ordinance of a county, city or town, or of any federal law or the laws of any other state similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24 shall be \$105. Forty dollars of such reinstatement fee shall be retained by the Department of Motor Vehicles as provided in § 46.2-411, \$40 shall be transferred to the Commission on VASAP, and \$25 shall be transferred to the Commonwealth Neurotrauma Initiative Trust Fund.

F. The court shall have jurisdiction over any person entering such program under any provision of this section until such time as the case has been disposed of by either successful completion of the program, or revocation due to ineligibility or violation of a condition or conditions imposed by the court, whichever shall first occur. Revocation proceedings shall be commenced by notice to show cause why the court should not revoke the privilege afforded by this section. Such notice

shall be made by first-class mail to the last known address of such person, and shall direct such person to appear before the court in response thereto on a date contained in such notice, which shall not be less than 10 days from the date of mailing of the notice. Failure to appear in response to such notice shall of itself be grounds for revocation of such privilege. Notice of revocation under this subsection shall be sent forthwith to the Commissioner of the Department of Motor Vehicles.

G. For the purposes of this section, any court which has convicted a person of a violation of § 18.2-266, subsection A of § 46.2-341.24 or any ordinance of a county, city or town similar to the provisions of § 18.2-266 shall have continuing jurisdiction over such person during any period of license revocation related to that conviction, for the limited purposes of (i) referring such person to a certified alcohol safety action program, (ii) providing for a restricted permit for such person in accordance with the provisions of subsection E, and (iii) imposing terms, conditions and limitations for actions taken pursuant to clauses (i) and (ii), whether or not it took either such action at the time of the conviction. This continuing jurisdiction is subject to the limitations of subsection E that provide that no restricted license shall be issued during a revocation imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391 or during the first four months or first year, whichever is applicable, of the revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391. The provisions of this subsection shall apply to a person convicted of a violation of § 18.2-266, subsection A of § 46.2-341.24 or any ordinance of a county, city or town similar to the provisions of § 18.2-266 on, after and at any time prior to July 1, 2003.

H. The State Treasurer, the Commission on VASAP or any city or county is authorized to accept any gifts or bequests of money or property, and any grant, loan, service, payment or property from any source, including the federal government, for the purpose of driver alcohol education. Any such gifts, bequests, grants, loans or payments shall be deposited in the separate fund provided in subsection B.

I. The Commission on VASAP, or any county, city, town, or any combination thereof may establish and, if established, shall operate, in accordance with the standards and criteria required by this subsection, alcohol safety action programs in connection with highway safety. Each such program shall operate under the direction of a local independent policy board chosen in accordance with procedures approved and promulgated by the Commission on VASAP. Local sitting or retired district court judges who regularly hear or heard cases involving driving under the influence and are familiar with their local alcohol safety action programs may serve on such boards. The Commission on VASAP shall establish minimum standards and criteria for the implementation and operation of such programs and shall establish procedures to certify all such programs to ensure that they meet the minimum standards and criteria stipulated by the Commission. The Commission shall also establish criteria for the administration of such programs for public information activities, for accounting procedures, for the auditing requirements of such programs and for the allocation of funds. Funds paid to the Commonwealth hereunder shall be utilized in the discretion of the Commission on VASAP to offset the costs of state programs and local programs run in conjunction with any county, city or town and costs incurred by the Commission. The Commission shall submit an annual report as to actions taken at the close of each calendar year to the Governor and the General Assembly.

J. Notwithstanding any other provisions of this section or of § 18.2-271, nothing in this section shall permit the court to suspend, reduce, limit, or otherwise modify any disqualification from operating a commercial motor vehicle imposed under the provisions of the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

**§ 46.2-391.01. Administrative enforcement of ignition interlock requirements.**

If the court, as a condition of license restoration or as a condition of a restricted license under subsection C or D of § 18.2-271.1 or § 46.2-391, or when required by § 18.2-270.1, fails to prohibit an offender from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system, the Commissioner shall enforce the requirements relating to installation of such systems in accordance with the provisions of § 18.2-270.1.

**2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation is \$0 for periods of imprisonment in state adult correctional facilities and cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.**

**3. That an emergency exists and this act is in force from its passage.**

Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over and may be limited to a benefit of \$50 per mammogram subject to such dollar limits, deductibles, and coinsurance factors as are no less favorable than for physical illness generally.

The appeals process shall be compliant with federal rules and regulations governing nonfederal, self-insured governmental health plans. The appeals

process shall include a separate expedited emergency appeals procedure that shall provide resolution within time frames established by federal law. For appeals involving adverse decisions as defined in § 32.1-137.7, the Department shall contract with one or more independent review organizations to review such decisions. Independent review organizations are entities that conduct independent external review of adverse benefit determinations. The Department shall adopt regulations to assure that the independent review organization conducting the reviews has adequate standards, credentials and experience for such review. The independent review organization shall examine the final denial of claims to determine whether the decision is objective, clinically valid, and compatible with established principles of health care. The decision of the independent review organization shall (i) be in writing, (ii) contain findings of fact as to the material issues in the case and the basis for those findings, and (iii) be final and binding if consistent with law and policy.

Prior to assigning an appeal to an independent review organization, the Department shall verify that the independent review organization conducting the review of a denial of claims has no relationship or association with (i) the covered person or the covered person's authorized representative; (ii) the treating health care provider, or any of its employees or affiliates; (iii) the medical care facility at which the covered service would be provided, or any of its employees or affiliates; or (iv) the development or manufacture of the drug, device, procedure or other therapy that is the subject of the final denial of a claim. Medically necessary early intervention services for the population certified by the Department of Behavioral Health and Developmental Services shall mean those services designed to help an individual attain or retain the capability to function age-appropriately within his environment, and shall include services that enhance functional ability without effecting a cure.

For persons previously covered under the plan, there shall be no denial of coverage due to the existence of a preexisting condition. The cost of early intervention services shall not be applied to any contractual provision limiting the total amount of coverage paid by the insurer to or on behalf of the insured during the insured's lifetime.

5. Include coverage for prescription drugs and devices approved by the United States Food and Drug Administration for use as contraceptives.

6. Not deny coverage for any drug approved by the United States Food and Drug Administration for use in the treatment of cancer on the basis that the drug has not been approved by the United States Food and Drug Administration for the treatment of the specific type of cancer for which the drug has been prescribed, if the drug has been recognized as safe and effective for treatment of that specific type of cancer in one of the standard reference compendia.

7. Not deny coverage for any drug prescribed to treat a covered indication so long as the drug has been approved by the United States Food and Drug Administration for at least one indication and the drug is recognized for treatment of the covered indication in one of the standard reference compendia or in substantially accepted peer-reviewed medical literature.

8. Include coverage for equipment, supplies and outpatient self-management training and education, including medical nutrition therapy, for the treatment of insulin-dependent diabetes, insulin-using diabetes, gestational diabetes and noninsulin-using diabetes if prescribed by a health care professional legally authorized to prescribe such items under law. To qualify for coverage under this subdivision, diabetes outpatient self-management training and education shall be provided by a certified, registered or licensed health care professional.

For purposes of this section, "reconstructive breast surgery" means surgery performed on and after July 1, 1998, (i) coincident with a mastectomy performed for breast cancer or (ii) following a mastectomy performed for breast cancer to reestablish symmetry between the two breasts. For persons previously covered under the plan, there shall be no denial of coverage due to preexisting conditions.

10. Include coverage for annual pap smears, including coverage, on and after July 1, 1999, for annual testing performed by any FDA-approved gynecologic cytology screening technologies.

11. Include coverage providing a minimum stay in the hospital of not less than 48 hours for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of breast cancer. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate.

12. Include coverage (i) to persons age 50 and over and (ii) to persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen.

13. Permit any individual covered under the plan direct access to the health care services of a participating specialist (i) authorized to provide services under the plan and (ii) selected by the covered individual. The plan shall have a procedure

by which an individual who has an ongoing special condition may, after consultation with the primary care physician, receive a referral to a specialist for such condition who shall be responsible for and capable of providing and coordinating the individual's primary and specialty care related to the initial specialty care referral. If such an individual's care would most appropriately be coordinated by such a specialist, the plan shall refer the individual to a specialist. For the purposes of this subdivision, "special condition" means a condition or disease that is (i) life-threatening, degenerative, or disabling and (ii) requires specialized medical care over a prolonged period of time. Within the treatment period authorized by the referral, such specialist shall be permitted to treat the individual without a further referral from the individual's primary care provider and may authorize such referrals, procedures, tests, and other medical services related to the initial referral as the individual's primary care provider would otherwise be permitted to provide or authorize. The plan shall have a procedure by which an individual who has an ongoing special condition that requires ongoing care from a specialist may receive a standing referral to such specialist for the treatment of the special condition. If the primary care provider, in consultation with the plan and the specialist, if any, determines that such a standing referral is appropriate, the plan or issuer shall make such a referral to a specialist. Nothing contained herein shall prohibit the plan from requiring a participating specialist to provide written notification to the covered individual's primary care physician of any visit to such specialist. Such notification may include a description of the health care services rendered at the time of the visit.

14. Include provisions allowing employees to continue receiving health care services for a period of up to 90 days from the date of the primary care physician's notice of termination from any of the plan's provider panels. The plan shall notify any provider at least 90 days prior to the date of termination of the provider, except when the provider is terminated for cause.

For a period of at least 90 days from the date of the notice of a provider's termination from any of the plan's provider panels, except when a provider is terminated for cause, a provider shall be permitted by the plan to render health care services to any of the covered employees who (i) were in an active course of treatment from the provider prior to the notice of termination and (ii) request to continue receiving health care services from the provider.

Notwithstanding the provisions of this subdivision, any provider shall be permitted by the plan to continue rendering health services to any covered employee who has entered the second trimester of pregnancy at the time of the provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue through the provision of postpartum care directly related to the delivery.

Notwithstanding the provisions of this subdivision, any provider shall be permitted to continue rendering health services to any covered employee who is determined to be terminally ill (as defined under § 1861(dd)(3)(A) of the Social Security Act) at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue for the remainder of the employee's life for care directly related to the treatment of the terminal illness.

A provider who continues to render health care services pursuant to this subdivision shall be reimbursed in accordance with the carrier's agreement with such provider existing immediately before the provider's termination of participation.

15. Include coverage for patient costs incurred during participation in clinical trials for treatment studies on cancer, including ovarian cancer trials.

The reimbursement for patient costs incurred during participation in clinical trials for treatment studies on cancer shall be determined in the same manner as reimbursement is determined for other medical and surgical procedures. Such coverage shall have durational limits, dollar limits, deductibles, copayments and coinsurance factors that are no less favorable than for physical illness generally.

For purposes of this subdivision:

Coverage for patient costs incurred during clinical trials for treatment studies on cancer shall be provided if the treatment is being conducted in a Phase II, Phase III, or Phase IV clinical trial. Such treatment may, however, be provided on a case-by-case basis if the treatment is being provided in a Phase I clinical trial.

The treatment described in the previous paragraph shall be provided by a clinical trial approved by:

Nothing shall preclude the undertaking of usual and customary procedures to determine the appropriateness of, and medical necessity for, treatment of biologically based mental illnesses under this option, provided that all such appropriateness and medical necessity determinations are made in the same manner as those determinations made for the treatment of any other illness, condition or disorder covered by such policy or contract.

A. The provisions of this title relating to the sale of mixed beverages shall not become effective in any town, county, or supervisor's election district of a county until a majority of the voters voting in a referendum vote affirmatively on the question of whether mixed alcoholic beverages should be sold by restaurants licensed under this title. The qualified voters of a town, county, or supervisor's election district of a county may file a petition with the circuit court of the county asking that a referendum be held on the question of whether the sale of mixed beverages by restaurants licensed by the Board should be permitted within that jurisdiction. The referendum shall be ordered and held and the results certified as provided in Article 5 (§ 24.2-681 et seq.) of Chapter 6 of Title 24.2. Thereupon the court shall enter of record an order certified by the clerk of the court to be transmitted to the Board and to the governing body of the town or county. Mixed beverages permitted to be sold by such referendum may in accordance with this title be sold by restaurants licensed by the Board within the town, county, or supervisor's election district of a county on or after 30 days following the entry of the order if a majority of the voters voting in the referendum have voted "Yes."

The provisions of this section shall be applicable to towns having a population in excess of 1,000 to the same extent and subject to the same conditions and limitations as are otherwise applicable to counties under this section. Such towns shall be treated as separate local option units, and only residents of any such town shall be eligible to vote in any referendum held pursuant to this section for any such town. Residents of towns having a population in excess of 1,000, however, shall also be eligible to vote in any referendum held pursuant to this section for any county in which the town is located.

The provisions of this section shall not require any town created as a result of a city-to-town reversion pursuant to Chapter 41 (§ 15.2-4100 et seq.) of Title 15.2 to hold a referendum on the same question if a majority of the voters voting in the former city had previously approved the sale of mixed beverages by restaurants licensed by the Board in such city.

D. Notwithstanding the provisions of subsection A of this section and subsection C of § 4.1-122, the sale of mixed beverages by licensees, and the sale of alcoholic beverages other than beer and wine not produced by farm wineries by the Board, shall be allowed in any city in the Commonwealth.

#### **§ 4.1-128. Local ordinances or resolutions regulating or taxing alcoholic beverages.**

A. No county, city, or town shall, except as provided in § 4.1-205 or § 4.1-129, adopt any ordinance or resolution which regulates or prohibits the manufacture, bottling, possession, sale, wholesale distribution, handling, transportation, drinking, use, advertising or dispensing of alcoholic beverages in the Commonwealth. Nor shall any county, city, or town adopt an ordinance or resolution that prohibits or regulates the storage, warehousing, and wholesaling of wine in accordance with Title 4.1, regulations of the ~~Alcoholic Beverage Control~~ Board, and federal law at a licensed farm winery.

No provision of law, general or special, shall be construed to authorize any county, city or town to adopt any ordinance or resolution that imposes a sales or excise tax on alcoholic beverages, other than the taxes authorized by §§ 58.1-605, 58.1-3833 or § 58.1-3840. The foregoing limitation shall not affect the authority of any county, city or town to impose a license or privilege tax or fee on a business engaged in whole or in part in the sale of alcoholic beverages if the license or privilege tax or fee (i) is based on an annual or per event flat fee specifically authorized by general law or (ii) is an annual

license or privilege tax specifically authorized by general law, which includes alcoholic beverages in its taxable measure and treats alcoholic beverages the same as if they were nonalcoholic beverages.

B. However, the governing body of any county, city, or town may adopt an ordinance which (i) prohibits the acts described in subsection A of § 4.1-308 subject to the provisions of subsection B of § 4.1-308, or the acts described in § 4.1-309 and may provide a penalty for violation thereof and (ii) subject to subsection C of § 4.1-308, regulates or prohibits the possession of opened alcoholic beverage containers in its local public parks, playgrounds, public streets, and any sidewalk adjoining any public street.

Any person located within or outside the Commonwealth who is authorized to sell wine or beer at retail in their state of domicile and who is not a winery, farm winery, or brewery may nevertheless apply for a wine or beer shipper's license, or both, if such person satisfies the requirements of this section. Any brewery, winery, or farm winery that applies for a shipper's license or authorizes any other person, other than a retail off-premises licensee, to apply for a license to ship such brewery's, winery's or farm winery's brands of wine or beer shall notify any wholesale licensees that have been authorized to distribute such brands that an application has been filed for a shipper's license. The notice shall be in writing and in a form prescribed by the Board. The Board may adopt such regulations as it reasonably deems necessary to implement the provisions of this section, including regulations that permit the holder of a shipper's license to amend the same by, among other things, adding or deleting any brands of wine, farm wine, or beer identified in such shipper's license.

B. Any applicant for a wine or beer shipper's license that does not own or have the right to control the distribution of the brands of wine, farm wine, or beer identified in such person's application may be issued a shipper's license for wine or beer or both, if the applicant has obtained and filed with its application for a shipper's license, and with any subsequent application for renewal thereof, the written consent of either (i) the winery, farm winery, or brewery whose brands of wine, farm wine, or beer are identified therein or (ii) any wholesale distributor authorized to distribute the wine or beer produced by the winery, farm winery or brewery. Any winery, farm winery, or brewery, or its wholesale distributor, that has provided written authorization to a shipper licensed pursuant to this section to sell and ship its brand or brands of wine, farm wine, or beer shall not be restricted by any provision of this section from withdrawing such authorization at any time. If such authorization is withdrawn, the winery, farm winery, or brewery shall promptly notify such shipper licensee and the Board in writing of its decision to withdraw from such shipper licensee the authority to sell and ship any of its brands, whereupon such shipper licensee shall promptly file with the Board an amendment to its license eliminating any such withdrawn brand or brands from the shipper's license.

C. The direct shipment of beer and wine by holders of licenses issued pursuant to this section shall be by approved common carrier only. The Board shall develop regulations pursuant to which common carriers may apply for approval to provide common carriage of wine or beer, or both, shipped by holders of licenses issued pursuant to this section. Such regulations shall include provisions that require (i) the recipient to demonstrate, upon delivery, that he is at least 21 years of age; (ii) the recipient to sign an electronic or paper form or other acknowledgement of receipt as approved by the Board; and (iii) the Board-approved common carrier to submit to the Board such information as the Board may prescribe. The Board-approved common carrier shall refuse delivery when the proposed recipient appears to be under the age of 21 years and refuses to present valid identification. All licensees shipping wine or beer pursuant to this section shall affix a conspicuous notice in 16-point type or larger to the outside of each package of wine or beer shipped within or into the Commonwealth, in a conspicuous location stating: "CONTAINS ALCOHOLIC BEVERAGES; SIGNATURE OF PERSON AGED 21 YEARS OR OLDER REQUIRED FOR DELIVERY." Any delivery of alcoholic beverages to a minor by a common carrier shall constitute a violation by the common carrier. The common carrier and the shipper licensee shall be liable only for their independent acts.

D. Such regulations shall include provisions for affirmative action to assure participation by minority persons in contracts granted by the Commission and its licensees. Nothing in this subdivision shall be deemed to preclude private local ownership or participation in any horse racetrack. Such regulations may include penalties for violations. The regulations shall be subject to the Administrative Process Act (§ 2.2-4000 et seq.).

4. The Commission shall promulgate regulations and conditions under which simulcast horse racing shall be conducted at a licensed horse racetrack or satellite facility in the Commonwealth and all such other regulations it deems necessary and appropriate to effect the purposes of this chapter. Such regulations shall include provisions that all simulcast horse racing shall comply with the Interstate Horse Racing Act of 1978 (15 U.S.C. § 3001 et seq.) and shall require the holder of ~~an~~ ~~unlimited~~ a license to schedule ~~not less~~ ~~no more than~~ ~~150~~ 125 live racing days in the Commonwealth each calendar year; however, the Commission shall have the authority to alter the required number of live racing days based on what the Commission deems to be in the best interest of the Virginia horse industry. Such regulations shall authorize up to 10 satellite facilities and restrict majority ownership of satellite facilities to an entity licensed by the Commission ~~which owns a horse racetrack in the Commonwealth~~ that is a significant infrastructure limited licensee, or if by August 1, 2015, there is no such licensee or a pending application for such license, then the nonprofit industry stakeholder organization recognized by the Commission may be granted licenses to own or operate satellite facilities. If, however, after the issuance of a license to own or operate a satellite facility to such nonprofit industry stakeholder organization, the Commission grants a license to a significant infrastructure limited licensee pursuant to § 59.1-376, then such limited licensee may own or operate the remaining available satellite facilities authorized in accordance with this subdivision. In no event shall the Commission authorize any such entities to own or operate more than a combined total of 10 satellite facilities. Nothing in this subdivision shall be deemed to preclude private local ownership or participation in any satellite facility. Except as authorized pursuant to subdivision 5, wagering on simulcast horse racing shall take place only at a licensed horse racetrack or satellite facility.

5. The Commission shall promulgate regulations and conditions regulating and controlling advance deposit account wagering. Such regulations shall include, but not be limited to, (i) standards, qualifications, and procedures for the issuance of a license to an entity for the operation of pari-mutuel wagering in the Commonwealth; except that the Commission shall not issue a license to, and shall revoke the license of, an entity that, either directly or through an entity under common control with it, withholds the sale at fair market value to ~~an unlimited~~ a licensee of simulcast horse racing signals that such entity or an entity under common control with it sells to other racetracks, satellite facilities, or advance deposit account wagering providers located in or outside of the Commonwealth; (ii) provisions regarding access to books, records, and memoranda, and submission to investigations and audits, as authorized by subdivisions 2 and 10 of this section; and (iii) provisions regarding the collection of all revenues due to the Commonwealth from the placing of such wagers. No pari-mutuel wager may be made on or with any computer owned or leased by the Commonwealth, or any of its subdivisions, or at any public elementary or secondary school, or any public college or university. The Commission also shall ensure that, except for this method of pari-mutuel wagering, all wagering on simulcast horse racing shall take place only at a licensed horse racetrack or satellite facility.

~~Notwithstanding the provisions of § 59.1-392, the allocation of revenue from advance deposit account wagering shall include (i) a licensee fee paid to the Commission; (ii) an additional fee equal to 10 percent of all wagers made within the Commonwealth placed through an advance deposit account wagering licensee, out of which shall be paid: (a) one-half to all unlimited licensees and (b) one-half to representatives of the recognized majority horsemen groups; and (iii) an additional fee equal to one percent of all wagers made within the Commonwealth placed through an advance deposit account wagering licensee, which shall be paid to the Virginia Breeders Fund.~~

Nothing in this subdivision shall be construed to limit the Commission's authority as set forth elsewhere in this section.

6. The Commission may issue subpoenas for the attendance of witnesses before it, administer oaths, and compel production of records or other documents and testimony of such witnesses whenever, in the judgment of the Commission, it is necessary to do so for the effectual discharge of its duties.

7. The Commission may compel any person holding a license or permit to file with the Commission such data as shall appear to the Commission to be necessary for the performance of its duties including but not limited to financial statements and information relative to stockholders and all others with any pecuniary interest in such person. It may prescribe the manner in which books and records of such persons shall be kept.

8. The Commission may enter into arrangements with any foreign or domestic government or governmental agency, for the purposes of exchanging information or performing any other act to better ensure the proper conduct of horse racing.

9. The Commission shall report annually on or before March 1 to the Governor and the General Assembly, which report shall include a financial statement of the operation of the Commission.

10. The Commission may order such audits, in addition to those required by § 59.1-394, as it deems necessary and desirable.

11. The Commission shall upon the receipt of a complaint of an alleged criminal violation of this chapter immediately report the complaint to the Attorney General of the Commonwealth and the State Police for appropriate action.

12. The Commission shall provide for the withholding of the applicable amount of state and federal income tax of persons claiming a prize or pay-off for a winning wager and shall establish the thresholds for such withholdings.

13. The Commission, its representatives and employees may, within the enclosure, stable, or other facility related to the conduct of racing, and during regular or usual business hours, subject any (i) permit holder to personal inspections, including alcohol and drug testing for illegal drugs, inspections of personal property, and inspections of other property or premises under the control of such permit holder and (ii) horse eligible to race at a race meeting licensed by the Commission to testing for substances foreign to the natural horse within the racetrack enclosure or other place where such horse is kept. Any item, document or record indicative of a violation of any provision of this chapter or Commission regulations may be seized as evidence of such violation. All permit holders consent to the searches and seizures authorized by this subdivision, including breath, blood and urine sampling for alcohol and illegal drugs, by accepting the permit issued by the Commission. The Commission may revoke or suspend the permit of any person who fails or refuses to comply with this subdivision or any rules of the Commission. Commission regulations in effect on July 1, 1998, shall continue in full force and effect until modified by the Commission in accordance with law.

14. The Commission shall require the existence of a contract between ~~the~~ *each* licensee and the recognized majority ~~horseman's~~ *horsemen's* group ~~providing for purses and prizes for that licensee.~~ Such contract shall be subject to the approval of the Commission, which shall have the power to approve or disapprove any of its items, including but not limited to the provisions regarding purses and prizes. Such contracts shall provide that on pools generated by wagering on simulcast horse racing from outside the Commonwealth, (i) for the first \$75 million of the total pari-mutuel handle for each breed, the licensee shall deposit funds at the minimum rate of five percent in the horsemen's purse account, (ii) for any amount in excess of \$75 million but less than \$150 million of the total pari-mutuel handle for each breed, the licensee shall deposit funds at the minimum rate of six percent in the horsemen's purse account, (iii) for amounts in excess of \$150 million for each breed, the licensee shall deposit funds at the minimum rate of seven percent in the horsemen's purse account. Such deposits shall be made in the horsemen's purse accounts of the breed that generated the pools and such deposits shall be made within five days from the date on which the licensee receives wagers. *In the absence of the required contract between the licensee and the recognized majority horsemen's group, the Commission may permit wagering to proceed on simulcast horse racing from outside of the Commonwealth, provided that the licensee deposits into the State Racing Operations Fund created pursuant to § 59.1-370.1 an amount equal to the minimum percentage of the total pari-mutuel handles as required in clauses (i), (ii), and (iii) or such lesser amount as the Commission may approve. The deposits shall be made within five days from the date on which the licensee receives wagers. Once a contract between the licensee and the recognized majority horsemen's group is executed and approved by the Commission, the Commission shall transfer these funds to the licensee and the horsemen's purse accounts.*

15. Notwithstanding the provisions of § 59.1-391, the Commission may grant provisional limited licenses or provisional unlimited licenses to own or operate racetracks or satellite facilities to an applicant prior to the applicant securing the approval through the local referendum required by § 59.1-391. The provisional licenses issued by the Commission shall only become effective upon the approval of the racetrack or satellite wagering facilities in a referendum conducted pursuant to § 59.1-391 in the jurisdiction in which the racetrack or satellite wagering facility is to be located.

**§ 59.1-376. Limited licenses; transfer of meet; taxation; authority to issue; limitations.**

A. Notwithstanding the provisions of § 59.1-375 or § 59.1-378 but subject to such regulations and criteria as it may prescribe, the Commission is authorized to issue limited licenses, provided such licenses shall permit any holder to conduct a race meeting or meetings for a period not to exceed ~~fourteen~~ 14 days in any calendar year, *or in the case of a significant infrastructure limited licensee, 75 days in any calendar year.*

B. The Commission may at any time, in its discretion, authorize any organization or association licensed under this section to transfer its race meeting or meetings from its own track or place for holding races, to the track or place for holding races of any other organization or association licensed under this chapter upon the payment of any and all appropriate license fees. No such authority to transfer shall be granted without the express consent of the organization or association owning or leasing the track to which such transfer is made.

C. For any such meeting the licensee shall retain and pay from the pool the tax as provided in § 59.1-392.

D. No person to whom a limited license has been issued nor any officer, director, partner, or spouse or immediate family member thereof shall make any contribution to any candidate for public office or public office holder at the local or state level.

A. The Commission shall consider all applications for an owner's license and may grant a valid owner's license to applicants who meet the criteria set forth in this chapter and established by the Commission. mile, that any dirt track provided for flat racing be at least one mile, and that any track provided for flat or jump racing on the turf be at least seven-eighths of a mile.

7. Is not qualified to do business in Virginia or is not subject to the jurisdiction of the courts of this Commonwealth.

C. The Commission shall deny a license to any applicant unless it finds:

2. That all principal stockholders or members have submitted to the jurisdiction of the Virginia courts, and all nonresident principal stockholders or members have designated the Executive Secretary of the Commission as their agent for receipt of process;

3. That the applicant's articles of incorporation provide that the corporation may, on vote of a majority of the stockholders or members, purchase at fair market value the entire membership interest of any stockholder or require the resignation of any member who is or becomes unqualified for such position under § 59.1-379; and

4. That the applicant meets the criteria established by the Commission for the granting of an owner's license.

"Sexual violence" means physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent.

"Title IX coordinator" means an employee designated by a public institution of higher education or private nonprofit institution of higher education to coordinate the institution's efforts to comply with and carry out the institution's responsibilities under Title IX (20 U.S.C. § 1681 et seq.). If no such employee has been designated by the institution, the institution shall designate an employee who will be responsible for receiving information of alleged acts of sexual violence from responsible employees in accordance with subsection B.

B. Any responsible employee who in the course of his employment obtains information that an act of sexual violence may have been committed against a student attending the institution or may have occurred on campus, in or on a noncampus building or property, or on public property shall report such information to the Title IX coordinator as soon as practicable after addressing the immediate needs of the victim.

C. Upon receipt of information pursuant to subsection B, the Title IX coordinator or his designee shall promptly report the information, including any personally identifiable information, to a review committee established pursuant to subsection D. Nothing in this section shall prevent the Title IX coordinator or any other responsible employee from providing any information to law enforcement with the consent of the victim.

D. Each public institution of higher education or private nonprofit institution of higher education shall establish a review committee for the purposes of reviewing information related to acts of sexual violence, including information reported pursuant to subsection C. Such review committee shall consist of three or more persons and shall include the Title IX coordinator or his designee, a representative of law enforcement, and a student affairs representative. E. Upon receipt of information of an alleged act of sexual violence reported pursuant to subsection C, the review committee shall meet within 72 hours to review the information and shall meet again as necessary as new information becomes available.

F. If, based on consideration of all factors, the review committee, or if the committee cannot reach a consensus, the representative of law enforcement on the review committee, determines that the disclosure of the information, including personally identifiable information, is necessary to protect the health or safety of the student or other individuals as set forth in 34 C.F.R. § 99.36, the representative of law enforcement on the review committee shall immediately disclose such information to the law-enforcement agency that would be responsible for investigating the alleged act of sexual violence. Such disclosure shall be for the purposes of investigation and other actions by law enforcement. Upon such disclosure, the Title IX coordinator or his designee shall notify the victim that such disclosure is being made. The provisions of this subsection shall not apply if the law-enforcement agency responsible for investigating the alleged act of sexual violence is located outside the United States.

G. In cases in which the alleged act of sexual violence would constitute a felony violation of Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, the representative of law enforcement on the review committee shall inform the other members of the review committee and shall within 24 hours consult with the attorney for the Commonwealth or other prosecutor responsible for prosecuting the alleged act of sexual violence and provide to him the information received by the review committee without disclosing personally identifiable information, unless such information was disclosed pursuant to subsection F. In addition, if such consultation does not occur and any other member of the review committee individually concludes that the alleged act of sexual violence would constitute a felony violation of Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, that member shall within 24 hours consult with the attorney for the Commonwealth or other prosecutor responsible for prosecuting the alleged act of sexual violence and provide to him the information received by the review committee without disclosing personally identifiable information, unless such information was disclosed pursuant to subsection F.

H. At the conclusion of the review, the Title IX coordinator and the law-enforcement representative shall each retain (i) the authority to proceed with any further investigation or adjudication allowed under state or federal law and (ii) independent records of the review team's considerations, which shall be maintained under applicable state and federal law.

I. No responsible employee shall be required to make a report pursuant to subsection B if:

1. 2. The responsible employee has actual knowledge that the same matter has already been reported to the Title IX coordinator or to the attorney for the Commonwealth or the law-enforcement agency responsible for investigating the alleged act of sexual violence.

J. Any responsible employee who makes a report required by this section or testifies in a judicial or administrative proceeding as a result of such report shall be immune from any civil liability alleged to have resulted therefrom unless such person acted in bad faith or with malicious intent.

K. The provisions of this section shall not require a person who is the victim of an alleged act of sexual violence to report such violation.

L. The institution shall ensure that a victim of an alleged act of sexual violence is informed of (i) the available law-enforcement options for investigation and prosecution; (ii) the importance of collection and preservation of evidence; (iii) the available options for a protective order; (iv) the available campus options for investigation and adjudication under the institution's policies; (v) the victim's rights to participate or decline to participate in any investigation to the extent permitted under state or federal law; (vi) the applicable federal or state confidentiality provisions that govern information provided by a victim; (vii) the available on-campus resources and any unaffiliated community resources, including sexual assault crisis centers, domestic violence crisis centers, or other victim support services; and (viii) the importance of seeking appropriate medical attention.

A. Each public institution of higher education or private nonprofit institution of higher education shall establish and the State Board for Community Colleges shall adopt a policy requiring each community college to establish a written memorandum of understanding with a sexual assault crisis center or other victim support service in order to provide sexual assault victims with immediate access to a confidential, independent advocate who can provide a trauma-informed response that includes an explanation of options for moving forward.

B. Each public institution of higher education or private nonprofit institution of higher education shall adopt policies to provide to sexual assault victims information on contacting such sexual assault crisis center or other victim support service.

**§ 23-9.2:17. Sexual violence policy review.**

By October 31 of each year, each public institution of higher education or private nonprofit institution of higher education and the State Board for Community Colleges shall certify to the State Council of Higher Education for Virginia that it has reviewed its sexual violence policy and updated it as appropriate. The State Council of Higher Education for Virginia and the Department of Criminal Justice Services shall establish criteria for the certification process and may request information relating to the policies for the purposes of sharing best practices and improving campus safety. The

State Council of Higher Education for Virginia and the Department of Criminal Justice Services shall report to the Secretary of Education on the certification status of each institution and the Virginia Community College System by November 30 of each year.

[H 2036]

Approved April 15, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 18.2-371.2 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Title 59.1 a chapter numbered 23.2, consisting of sections numbered 59.1-293.10 and 59.1-293.11, as follows:**

**§ 18.2-371.2. Prohibiting purchase or possession of tobacco products, nicotine vapor products, and alternative nicotine products by minors or sale of tobacco products, nicotine vapor products, and alternative nicotine products to minors.**

A. No person shall sell to, distribute to, purchase for, or knowingly permit the purchase by any person less than 18 years of age, knowing or having reason to believe that such person is less than 18 years of age, any tobacco product, nicotine vapor product, or alternative nicotine product.

Tobacco products may be sold from a vending machine only if the machine is (i) posted with a notice, in a conspicuous manner and place, indicating that the purchase or possession of tobacco products by minors is unlawful and (ii) located in a place which is not open to the general public and is not generally accessible to minors. An establishment which prohibits the presence of minors unless accompanied by an adult is not open to the general public.

B. No person less than 18 years of age shall attempt to purchase, purchase, or possess any tobacco product, nicotine vapor product, or alternative nicotine product. The provisions of this subsection shall not be applicable to the possession of tobacco products, nicotine vapor products, or alternative nicotine products by a person less than 18 years of age making a delivery of tobacco products, nicotine vapor products, or alternative nicotine products in pursuance of his employment. This subsection shall not apply to purchase, attempt to purchase, or possession by a law-enforcement officer or his agent when the same is necessary in the performance of his duties.

C. No person shall sell a tobacco product, nicotine vapor product, or alternative nicotine product to any individual who does not demonstrate, by producing a driver's license or similar photo identification issued by a government agency, that the individual is at least 18 years of age. Such identification is not required from an individual whom the person has reason to believe is at least 18 years of age or who the person knows is at least 18 years of age. Proof that the person demanded, was shown, and reasonably relied upon a photo identification stating that the individual was at least 18 years of age shall be a defense to any action brought under this subsection. In determining whether a person had reason to believe an individual is at least 18 years of age, the trier of fact may consider, but is not limited to, proof of the general appearance, facial characteristics, behavior, and manner of the individual.

This subsection shall not apply to mail order or Internet sales, provided that the person offering the tobacco product, nicotine vapor product, or alternative nicotine product for sale through mail order or the Internet (i) prior to the sale of the tobacco product, nicotine vapor product, or alternative nicotine product verifies that the purchaser is at least 18 years of age through a commercially available database that is regularly used by businesses or governmental entities for the purpose of age and identity verification and (ii) uses a method of mailing, shipping, or delivery that requires the purchaser's signature of a person at least 18 years of age before the tobacco product, nicotine vapor product, or alternative nicotine product will be released to the purchaser.

A violation of subsection A or C by an individual or by a separate retail establishment that involves the sale, distribution, or purchase of a bidi is punishable by a civil penalty in the amount of \$500 for a first violation, a civil penalty in the amount of \$1,000 for a second violation, and a civil penalty in the amount of \$2,500 for a third or subsequent violation. Where a defendant retail establishment offers proof that it has trained its employees concerning the requirements of this section, the court shall suspend all of the penalties imposed hereunder. However, where the court finds that a retail establishment has failed to so train its employees, the court may impose a civil penalty not to exceed \$1,000 in lieu of any penalties imposed hereunder for a violation of subsection A or C involving a nicotine vapor product, alternative nicotine product, or tobacco product other than a bidi.

A violation of subsection B is punishable by a civil penalty not to exceed \$100 for a first violation and a civil penalty not to exceed \$250 for a second or subsequent violation. A court may, as an alternative to the civil penalty, and upon motion of the defendant, prescribe the performance of up to 20 hours of community service for a first violation of subsection B and up to 40 hours of community service for a second or subsequent violation. If the defendant fails or refuses to complete the community service as prescribed, the court may impose the civil penalty. Upon a violation of subsection B, the judge may enter an order pursuant to subdivision A 9 of § 16.1-278.8.

Any attorney for the Commonwealth of the county or city in which an alleged violation occurred may bring an action to recover the civil penalty, which shall be paid into the state treasury. Any law-enforcement officer may issue a summons for a violation of subsection A, B, or C.

E. 1. Cigarettes shall be sold only in sealed packages provided by the manufacturer, with the required health warning. The proprietor of every retail establishment that offers for sale any tobacco product, nicotine vapor product, or alternative nicotine product shall post in a conspicuous manner and place a sign or signs indicating that the sale of tobacco products, nicotine vapor products, or alternative nicotine products to any person under 18 years of age is prohibited by law. Any attorney for the county, city, or town in which an alleged violation of this subsection occurred may enforce this subsection by civil action to recover a civil penalty not to exceed \$50. The civil penalty shall be paid into the local treasury. No filing fee or other fee or cost shall be charged to the county, city, or town which instituted the action.

2. For the purpose of compliance with regulations of the Substance Abuse and Mental Health Services Administration published at 61 Federal Register 1492, the Department of Agriculture and Consumer Services may promulgate regulations which allow the Department to undertake the activities necessary to comply with such regulations.

3. Any attorney for the county, city, or town in which an alleged violation of this subsection occurred may enforce this subsection by civil action to recover a civil penalty not to exceed \$100. The civil penalty shall be paid into the local treasury. No filing fee or other fee or cost shall be charged to the county, city, or town which instituted the action.

The court shall fix procedures that shall provide for the accurate determination of votes in the election.*

The determination of the votes in a recount shall be based on votes cast in the election and shall not take into account (a) any absentee ballots or provisional ballots sought to be cast but ruled invalid and not cast in the election, (b) ballots cast only for administrative or test purposes and voided by the officers of election, or (c) ballots spoiled by a voter and replaced with a new ballot.

The eligibility of any voter to have voted shall not be an issue in a recount. Commencing upon the filing of the recount, nothing shall prevent the discovery or disclosure of any evidence that could be used pursuant to § 24.2-803 in contesting the results of an election.

C. The court shall permit each candidate, or petitioner and governing body or chief executive officer, to select an equal number of the officers of election to be recount officials and to count printed ballots, or in the case of direct recording electronic machines, to redetermine the vote. The number shall be fixed by the court and be sufficient to conduct the recount within a reasonable period. The court may permit each party to the recount to submit a list of alternate officials in the number the court directs. There shall be at least one team of recount officials to recount printed ballots and to redetermine the vote cast on direct recording electronic machines of the type that prints returns for the election district at large in which the recount is being held. There shall be at least one team from each locality using ballot scanner machines to insert the ballots into one or more scanners. The ballot scanner machines shall be programmed to count only votes cast for parties to the recount or for or against the question in a referendum recount. Each team shall be composed of one representative of each party.

The court may provide that if, at the time of the recount, any recount official fails to appear, the remaining recount officials present shall appoint substitute recount officials who shall possess the same qualifications as the recount officials for whom they substitute. The court may select pairs of recount coordinators to serve for each county or city in the election district who shall be members of the county or city electoral board and represent different political parties. The court shall have authority to summon such officials and coordinators. On the request of any party to the recount, the court shall allow that party to appoint one representative observer for each team of recount officials. The representative observers shall have an unobstructed view of the work of the recount officials. The expenses of its representatives shall be borne by each party.

D. The court (i) shall supervise the recount and (ii) may require delivery of any or all pollbooks used and any or all ballots cast at the election, or may assume supervision thereof through the recount coordinators and officials.

The redetermination of the vote in a recount shall be conducted as follows:

1. For paper ballots, the recount officials shall hand count the paper ballots using the standards promulgated by the State Board pursuant to subsection A.

2. For direct recording electronic machines (DREs), the recount officials shall open the envelopes with the printouts and read the results from the printouts. If the printout is not clear, or on the request of the court, the recount officials shall rerun the printout from the machine or examine the counters as appropriate.

3. For ballot scanner machines, the recount officials shall rerun all the machine-readable ballots through a scanner programmed to count only the votes for the office or issue in question in the recount and to set aside all ballots containing write-in votes, overvotes, and undervotes. The ballots that are set aside, any ballots not accepted by the scanner, and any ballots for which a scanner could not be programmed to meet the programming requirements of this subdivision, shall be hand counted using the standards promulgated by the State Board pursuant to subsection A. If the total number of machine-readable ballots reported as counted by the scanner plus the total number of ballots set aside by the scanner do not equal the total number of ballots rerun through the scanner, then all ballots cast on ballot scanner machines for that precinct shall be set aside to be counted by hand using the standards promulgated by the State Board pursuant to subsection A. Prior to running the machine-readable ballots through the ballot scanner machine, the recount officials shall ensure that logic and accuracy tests have been successfully performed on each scanner after the scanner has been programmed. The result calculated for ballots accepted by the ballot scanner machine during the recount shall be considered the correct determination for those machine-readable ballots unless the court finds sufficient cause to rule otherwise.

There shall be only one redetermination of the vote in each precinct.

At the conclusion of the recount of each precinct, the recount officials shall write down the number of valid ballots cast, this number being obtained from the ballots cast in the precinct, or from the ballots cast as shown on the statement of results if the ballots cannot be found, for each of the two candidates or for and against the question. They shall submit the ballots or the statement of results used, as to the validity of which questions exist, to the court. The written statement of any one recount official challenging a ballot shall be sufficient to require its submission to the court. If, on all direct recording electronic machines, the number of persons voting in the election, or the number of votes cast for the office or on the question, totals more than the number of names on the pollbooks of persons voting on the voting machines, the figures recorded by the machines shall be accepted as correct.

At the conclusion of the recount of all precincts, after allowing the parties to inspect the questioned ballots, and after hearing arguments, the court shall rule on the validity of all questioned ballots and votes. After determining all matters pertaining to the recount and redetermination of the vote as raised by the parties, the court shall certify to the State Board and the electoral board or boards (a) the vote for each party to the recount and declare the person who received the higher number of votes to be nominated or elected, as appropriate, or (b) the votes for and against the question and declare the outcome of the referendum. The ~~State Board~~ Department shall post on the Internet any and all changes made during the recount to the results as previously certified by it pursuant to § 24.2-679.

E. Costs of the recount shall be assessed against the counties and cities comprising the election district when (i) the candidate petitioning for the recount is declared the winner; (ii) the petitioners in a recount of a referendum win the recount; or (iii) there was between the candidate apparently nominated or elected and the candidate petitioning for the recount a difference of not more than one-half of one percent of the total vote cast for the two such candidates as determined by the State Board or electoral board prior to the recount. Otherwise the costs of the recount shall be assessed against the candidate petitioning for the recount or the petitioners in a recount of a referendum. If more than one candidate petitions for a recount, the court may assess costs in an equitable manner between the counties and cities and any such candidate if both are liable for costs under this subsection. Costs incurred to date shall be assessed against any candidate or petitioner who defaults or withdraws his petition.

F. The court shall determine the costs of the recount subject to the following limitations: (i) no per diem payment shall be assessed for salaried election officials; (ii) no per diem payment to officers of election serving as recount officials shall exceed two-thirds of the per diem paid such officers by the county or city for service on election day; and (iii) per diem payments to alternates shall be allowed only if they serve.

G. Any petitioner who may be assessed with costs under subsection E shall post a bond with surety with the court in the amount of \$10 per precinct in the area subject to recount. If the petitioner wins the recount, the bond shall not be forfeit. If the petitioner loses the recount, the bond shall be forfeit only to the extent of the assessed costs. If the assessed costs exceed the bond, he shall be liable for such excess.

H. The recount proceeding shall be final and not subject to appeal.

I. For the purposes of this section:

"Overvote" means a ballot on which a voter casts a vote for a greater number of candidates or positions than the number for which he was lawfully entitled to vote and no vote shall be counted with respect to that office or issue.

"Undervote" means a ballot on which a voter casts a vote for a lesser number of candidates or positions than the number for which he was lawfully entitled to vote.

## CHAPTER 741

*An Act to amend and reenact §§ 15.2-5368, 15.2-5369, 15.2-5370, 15.2-5374, and 15.2-5385 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 15.2-5384.1, relating to the Southwest Virginia Health Authority.*

[H 2316]

Approved April 15, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 15.2-5368, 15.2-5369, 15.2-5370, 15.2-5374, and 15.2-5385 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 15.2-5384.1 as follows:**

**§ 15.2-5368. Southwest Virginia Health Authority established.**

A. There is hereby established a Health Authority for the LENOWISCO and Cumberland Plateau Planning District Commissions ~~and~~, the Counties of Smyth and Washington, *and the City of Bristol.*

*B. The General Assembly recognizes that rural communities such as those served by the Authority confront unique challenges in the effort to improve health care outcomes and access to quality health care. It is important to facilitate the provision of quality, cost-efficient medical care to rural patients. The provision of care by local providers is important to enhancing, fostering, and creating opportunities that advance health status and provide health-related economic benefits. The Authority shall establish regional health goals directed at improving access to care, advancing health status, targeting regional health issues, promoting technological advancement, ensuring accountability of the cost of care, enhancing academic engagement in regional health, strengthening the workforce for health-related careers, and improving health entity collaboration and regional integration where appropriate.*

*C. Technological and improved scientific methods have contributed to the improvement of health care in the Commonwealth. The cost of improved technology and improved scientific methods for the provision of hospital care, particularly in rural communities, contributes substantially to the increasing cost of hospital care. Cost increases make it increasingly difficult for hospitals in rural areas of the Commonwealth, including those areas served by the Authority, to offer care. Cooperative agreements among hospitals and between hospitals and others for the provision of health care services may foster improvements in the quality of health care, moderate increases in cost, improve access to needed services in rural areas of the Commonwealth, and enhance the likelihood that smaller hospitals in the Commonwealth will remain open in beneficial service to their communities.*

10. Borrow money upon its bonds, notes, debentures, or other evidences of indebtedness issued for the purpose only of acquiring, constructing, improving, furnishing, or equipping buildings or structures for use as a hospital or health center, and to secure the same by pledges of its revenues and property as hereafter provided. This power shall include the power to refinance all or any portion of such debt, to renegotiate the terms of all or any portion of such debt, and to retire all or any portion of such debt prior to its maturity date. This power shall include the power to borrow money upon its bonds, notes, debentures, or other evidences of indebtedness for the purpose of operations of any not-for-profit or nonprofit dental or medical facility for which the Authority or any participating locality has also provided funding pursuant to this chapter in furtherance of any lease, contract, or agreement entered into by the Authority pursuant to subdivision 12 or 13. Such power to borrow money upon its bonds, notes, debentures, or other evidences of indebtedness shall only be considered by the Authority after receipt of a prospectus, operational budget, and five-year business plan for the dental or medical facility together with identification of all revenue and funding resources required to fully meet the five-year operational budget. Participate in joint ventures with individuals, domestic or foreign stock and nonstock corporations, limited liability companies, partnerships, limited partnerships, associations, foundations, or other supporting organizations or other entities for providing medical care or related services or other activities that the Authority may undertake to the extent that such undertakings assist the Authority in carrying out the purposes and intent of this chapter.

16. Provide domestic or foreign stock and nonstock corporations, limited liability companies, partnerships, limited partnerships, associations, foundations or other supporting organizations, joint ventures or other entities owned in whole or in part or controlled, directly or indirectly, in whole or in part, by the Authority with appropriate assistance, including making loans and providing time of employees, in carrying out any activities authorized by this chapter.

21. *Receive and review applications for approval of proposed cooperative agreements submitted by two or more hospitals pursuant to § 15.2-5384.1, and provide recommendations to the Commissioner regarding the approval of such applications. The Authority may establish a fee structure, and may assess a fee, to support its review of applications for approval of proposed cooperative agreements. The amount of the fee that the Authority is authorized to assess the parties submitting such an application shall not exceed \$50,000.*

**§ 15.2-5384.1. Review of cooperative agreements.**

A. *The policy of the Commonwealth related to each participating locality is to encourage cooperative, collaborative, and integrative arrangements, including mergers and acquisitions among hospitals, health centers, or health providers who might otherwise be competitors. To the extent such cooperative agreements, or the planning and negotiations that precede such cooperative agreements, might be anticompetitive within the meaning and intent of state and federal antitrust laws, the intent of the Commonwealth with respect to each participating locality is to supplant competition with a regulatory program to permit cooperative agreements that are beneficial to citizens served by the Authority, and to invest in the Commissioner the authority to approve cooperative agreements recommended by the Authority and the duty of active supervision to ensure compliance with the provisions of the cooperative agreements that have been approved. Such intent is within the public policy of the Commonwealth to facilitate the provision of quality, cost-efficient medical care to rural patients.*

B. *A hospital may negotiate and enter into proposed cooperative agreements with other hospitals in the Commonwealth if the likely benefits resulting from the proposed cooperative agreements outweigh any disadvantages attributable to a reduction in competition that may result from the proposed cooperative agreements. Benefits to such a cooperative agreement may include, but are not limited to, improving access to care, advancing health status, targeting regional health issues, promoting technological advancement, ensuring accountability of the cost of care, enhancing academic engagement in regional health, strengthening the workforce for health-related careers, and improving health entity collaboration and regional integration where appropriate.*

C. 1. *Parties located within any participating locality may submit an application for approval of a proposed cooperative agreement to the Authority. In such an application, the applicants shall state in detail the nature of the proposed arrangement between them, including without limitation the parties' goals for, and methods for achieving, population health improvement, improved access to health care services, improved quality, cost efficiencies, ensuring affordability of care, and, as applicable, supporting the Authority's goals and strategic mission. The Authority shall determine whether the application is complete. If the Authority determines that the application is not complete, the Authority shall notify the applicants in writing of the additional items required to complete the application. A copy of the complete application shall be provided to the Commissioner and the Office of the Attorney General at the same time that it is submitted to the Authority. If the applicants believe the materials submitted contain proprietary information that are required to remain confidential, such information must be clearly identified and the applicants shall submit duplicate applications, one with full information for the Authority's use and one redacted application available for release to the public.*

2. *The Authority, promptly upon receipt of a complete application, shall publish notification of the application in a newspaper of general circulation in the LENOWISCO and Cumberland Plateau Planning Districts and on the Authority's website. The public may submit written comments regarding the application to the Authority within 20 days after the notice is first published. The Authority shall promptly make any such comments available to the applicants. The applicants may respond in writing to the comments within 10 days after the deadline for submitting comments. Following the close of the written comment period, the Authority shall, in conjunction with the Commissioner, schedule a public hearing on the application. The hearing shall be held no later than 45 days after receipt of the application. Notice of the hearing shall be mailed to the applicants and to all persons who have submitted written comments on the proposed cooperative agreement. The Authority, no later than 15 days prior to the scheduled date of the hearing, also shall publish notice of the hearing in a newspaper of general circulation in the LENOWISCO and Cumberland Plateau Planning Districts and on the Authority's website.*

D. *In its review of an application submitted pursuant to subsection C, the Authority may consider the proposed cooperative agreement and any supporting documents submitted by the applicants, any written comments submitted by any person, any written response by the applicants, and any written or oral comments submitted at the public hearing. The Authority shall review a proposed cooperative agreement in consideration of the Commonwealth's policy to facilitate improvements in patient health care outcomes and access to quality health care, and population health improvement, in rural communities and in accordance with the standards set forth in subsection E. Any applicants to the proposed cooperative agreement under review, and their affiliates or employees, who are members of the Authority, as well as any members of the Authority that are competitors, or affiliates or employees of competitors, of the applicants proposing such cooperative agreement, shall not participate as a member of the Authority in the Authority's review of, or decision relating to, the proposed cooperative agreement; however, this prohibition on such person's participation shall not prohibit the person from providing comment on a proposed cooperative agreement to the Authority or the Commissioner. The Authority shall determine whether the proposed cooperative agreement should be recommended for approval by the Commissioner within 75 days of the date the completed application for the proposed cooperative agreement is submitted for approval. The Authority may extend the review period for a specified period of time upon 15 days' notice to the parties.*

E. 1. The Authority shall recommend for approval by the Commissioner a proposed cooperative agreement if it determines that the benefits likely to result from the proposed cooperative agreement outweigh the disadvantages likely to result from a reduction in competition from the proposed cooperative agreement.

2. In evaluating the potential benefits of a proposed cooperative agreement, the Authority shall consider whether one or more of the following benefits may result from the proposed cooperative agreement:

- a. Enhancement of the quality of hospital and hospital-related care, including mental health services and treatment of substance abuse, provided to citizens served by the Authority, resulting in improved patient satisfaction;
- b. Enhancement of population health status consistent with the regional health goals established by the Authority;
- c. Preservation of hospital facilities in geographical proximity to the communities traditionally served by those facilities to ensure access to care;
- d. Gains in the cost-efficiency of services provided by the hospitals involved;
- e. Improvements in the utilization of hospital resources and equipment;
- f. Avoidance of duplication of hospital resources;
- g. Participation in the state Medicaid program; and
- h. Total cost of care.

3. The Authority's evaluation of any disadvantages attributable to any reduction in competition likely to result from the proposed cooperative agreement shall include, but need not be limited to, the following factors:

- a. The extent of any likely adverse impact of the proposed cooperative agreement on the ability of health maintenance organizations, preferred provider organizations, managed health care organizations, or other health care payors to negotiate reasonable payment and service arrangements with hospitals, physicians, allied health care professionals, or other health care providers;
- b. The extent of any reduction in competition among physicians, allied health professionals, other health care providers, or other persons furnishing goods or services to, or in competition with, hospitals that is likely to result directly or indirectly from the proposed cooperative agreement;
- c. The extent of any likely adverse impact on patients in the quality, availability, and price of health care services; and
- d. The availability of arrangements that are less restrictive to competition and achieve the same benefits or a more favorable balance of benefits over disadvantages attributable to any reduction in competition likely to result from the proposed cooperative agreement.

F. 1. If the Authority deems that the proposed cooperative agreement should be recommended for approval, it shall provide such recommendation to the Commissioner.

2. Upon receipt of the Authority's recommendation, the Commissioner may request from the applicants such supplemental information as the Commissioner deems necessary to the assessment of whether to approve the proposed cooperative agreement. The Commissioner shall consult with the Attorney General regarding his assessment of whether to approve the proposed cooperative agreement. On the basis of his review of the record developed by the Authority, including the Authority's recommendation, as well as any additional information received from the applicants as well as any other data, information, or advice available to the Commissioner, the Commissioner shall approve the proposed cooperative agreement if he finds after considering the factors in subsection E that the benefits likely to result from the proposed cooperative agreement outweigh the disadvantages likely to result from a reduction in competition from the proposed cooperative agreement. The Commissioner shall issue his decision in writing within 45 days of receipt of the Authority's recommendation. However, if the Commissioner has requested additional information from the applicants, the Commissioner shall have an additional 15 days, following receipt of the supplemental information, to approve or deny the proposed cooperative agreement. The Commissioner may reasonably condition approval of the proposed cooperative agreement upon the parties' commitments to achieving the improvements in population health, access to health care services, quality, and cost efficiencies identified by the parties in support of their application for approval of the proposed cooperative agreement. Such conditions shall be fully enforceable by the Commissioner. The Commissioner's decision to approve or deny an application shall constitute a case decision pursuant to the Virginia Administrative Process Act (§ 2.2-4000 et seq.).

G. If approved, the cooperative agreement is entrusted to the Commissioner for active and continuing supervision to ensure compliance with the provisions of the cooperative agreement. The parties to a cooperative agreement that has been approved by the Commissioner shall report annually to the Commissioner on the extent of the benefits realized and compliance with other terms and conditions of the approval. The report shall describe the activities conducted pursuant to the cooperative agreement, including any actions taken in furtherance of commitments made by the parties or terms imposed by the Commissioner as a condition for approval of the cooperative agreement, and shall include information relating to price, cost, quality, access to care, and population health improvement. The Commissioner may require the parties to a cooperative agreement to supplement such report with additional information to the extent necessary to the Commissioner's active and continuing supervision to ensure compliance with the cooperative agreement. The Commissioner shall have the authority to investigate as needed, including the authority to conduct onsite inspections, to ensure compliance with the cooperative agreement.

H. If the Commissioner has reason to believe that compliance with a cooperative agreement no longer meets the requirements of this chapter, the Commissioner shall initiate a proceeding to determine whether compliance with the cooperative agreement no longer meets the requirements of this chapter. In the course of such proceeding, the

*Commissioner is authorized to seek reasonable modifications to a cooperative agreement, with the consent of the parties to the agreement, in order to ensure that it continues to meet the requirements of this chapter. The Commissioner is authorized to revoke a cooperative agreement upon a finding that (i) the parties to the agreement are not complying with its terms or the conditions of approval; (ii) the agreement is not in substantial compliance with the terms of the application or the conditions of approval; (iii) the benefits resulting from the approved agreement no longer outweigh the disadvantages attributable to the reduction in competition resulting from the agreement; (iv) the Commissioner's approval was obtained as a result of intentional material misrepresentation to the Commissioner or as the result of coercion, threats, or intimidation toward any party to the cooperative agreement; or (v) the parties to the agreement have failed to pay any required fee. All proceedings initiated by the Commissioner under this chapter and any judicial review thereof shall be held in accordance with and governed by the Virginia Administrative Process Act (§ 2.2-4000 et seq.).*

*I. The Commissioner shall maintain on file all cooperative agreements that the Commissioner has approved, including any conditions imposed by the Commissioner. Any party to a cooperative agreement that terminates its participation in such cooperative agreement shall file a notice of termination with the Commissioner within 30 days after termination.*

*J. **§ 23-9.2:15. Reporting of acts of sexual violence.**

A. For purposes of this section:

"Campus" means (i) any building or property owned or controlled by an institution of higher education within the same reasonably contiguous geographic area of the institution and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls, and (ii) any building or property that is within or reasonably contiguous to the area described in clause (i) that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes, such as a food or other retail vendor.

"Noncampus building or property" means (i) any building or property owned or controlled by a student organization officially recognized by an institution of higher education or (ii) any building or property owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

"Public property" means all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

"Responsible employee" means a person employed by a public institution of higher education or private nonprofit institution of higher education who has the authority to take action to redress sexual violence, who has been given the duty of reporting acts of sexual violence or any other misconduct by students to the Title IX coordinator or other appropriate institution designee, or whom a student could reasonably believe has this authority or duty.

"Sexual violence" means physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent.

"Title IX coordinator" means an employee designated by a public institution of higher education or private nonprofit institution of higher education to coordinate the institution's efforts to comply with and carry out the institution's responsibilities under Title IX (20 U.S.C. § 1681 *et seq.*). If no such employee has been designated by the institution, the institution shall designate an employee who will be responsible for receiving information of alleged acts of sexual violence from responsible employees in accordance with subsection B.

B. Any responsible employee who in the course of his employment obtains information that an act of sexual violence may have been committed against a student attending the institution or may have occurred on campus, in or on a noncampus building or property, or on public property shall report such information to the Title IX coordinator as soon as practicable after addressing the immediate needs of the victim.

C. Upon receipt of information pursuant to subsection B, the Title IX coordinator or his designee shall promptly report the information, including any personally identifiable information, to a review committee established pursuant to subsection D. Nothing in this section shall prevent the Title IX coordinator or any other responsible employee from providing any information to law enforcement with the consent of the victim.

D. Each public institution of higher education or private nonprofit institution of higher education shall establish a review committee for the purposes of reviewing information related to acts of sexual violence, including information reported pursuant to subsection C. Such review committee shall consist of three or more persons and shall include the Title IX coordinator or his designee, a representative of law enforcement, and a student affairs representative. E. Upon receipt of information of an alleged act of sexual violence reported pursuant to subsection C, the review committee shall meet within 72 hours to review the information and shall meet again as necessary as new information becomes available.

F. If, based on consideration of all factors, the review committee, or if the committee cannot reach a consensus, the representative of law enforcement on the review committee, determines that the disclosure of the information, including personally identifiable information, is necessary to protect the health or safety of the student or other individuals as set forth in 34 C.F.R. § 99.36, the representative of law enforcement on the review committee shall immediately disclose such information to the law-enforcement agency that would be responsible for investigating the alleged act of sexual violence. Such disclosure shall be for the purposes of investigation and other actions by law enforcement. Upon such disclosure, the Title IX coordinator or his designee shall notify the victim that such disclosure is being made. The provisions of this subsection shall not apply if the law-enforcement agency responsible for investigating the alleged act of sexual violence is located outside the United States.

G. In cases in which the alleged act of sexual violence would constitute a felony violation of Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, the representative of law enforcement on the review committee shall inform the other members of the review committee and shall within 24 hours consult with the attorney for the Commonwealth or other prosecutor responsible for prosecuting the alleged act of sexual violence and provide to him the information received by the review committee without disclosing personally identifiable information, unless such information was disclosed pursuant to subsection F. In addition, if such consultation does not occur and any other member of the review committee individually concludes that the alleged act of sexual violence would constitute a felony violation of Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, that member shall within 24 hours consult with the attorney for the Commonwealth or other prosecutor responsible for prosecuting the alleged act of sexual violence and provide to him the information received by the review committee without disclosing personally identifiable information, unless such information was disclosed pursuant to subsection F.

H. At the conclusion of the review, the Title IX coordinator and the law-enforcement representative shall each retain (i) the authority to proceed with any further investigation or adjudication allowed under state or federal law and (ii) independent records of the review team's considerations, which shall be maintained under applicable state and federal law.

I. No responsible employee shall be required to make a report pursuant to subsection B if:

1. The responsible employee obtained the information through any communication considered privileged under state or federal law or the responsible employee obtained the information in the course of providing services as a licensed health care professional, an employee providing administrative support for such health care professionals, a professional counselor, an accredited rape crisis or domestic violence counselor, a campus victim support personnel, a member of clergy, or an attorney; or

2. The responsible employee has actual knowledge that the same matter has already been reported to the Title IX coordinator or to the attorney for the Commonwealth or the law-enforcement agency responsible for investigating the alleged act of sexual violence.

J. Any responsible employee who makes a report required by this section or testifies in a judicial or administrative proceeding as a result of such report shall be immune from any civil liability alleged to have resulted therefrom unless such person acted in bad faith or with malicious intent.

K. The provisions of this section shall not require a person who is the victim of an alleged act of sexual violence to report such violation.

L. The institution shall ensure that a victim of an alleged act of sexual violence is informed of (i) the available law-enforcement options for investigation and prosecution; (ii) the importance of collection and preservation of evidence; (iii) the available options for a protective order; (iv) the available campus options for investigation and adjudication under the institution's policies; (v) the victim's rights to participate or decline to participate in any investigation to the extent permitted under state or federal law; (vi) the applicable federal or state confidentiality provisions that govern information provided by a victim; (vii) the available on-campus resources and any unaffiliated community resources, including sexual assault crisis centers, domestic violence crisis centers, or other victim support services; and (viii) the importance of seeking appropriate medical attention.

**§ 23-9.2:16. Sexual assault; memorandum of understanding; policies.**

A. Each public institution of higher education or private nonprofit institution of higher education shall establish and the State Board for Community Colleges shall adopt a policy requiring each community college to establish a written memorandum of understanding with a sexual assault crisis center or other victim support service in order to provide sexual assault victims with immediate access to a confidential, independent advocate who can provide a trauma-informed response that includes an explanation of options for moving forward.

B. Each public institution of higher education or private nonprofit institution of higher education shall adopt policies to provide to sexual assault victims information on contacting such sexual assault crisis center or other victim support service.

**§ 23-9.2:17. Sexual violence policy review.**

By October 31 of each year, each public institution of higher education or private nonprofit institution of higher education and the State Board for Community Colleges shall certify to the State Council of Higher Education for Virginia that it has reviewed its sexual violence policy and updated it as appropriate. The State Council of Higher Education for Virginia and the Department of Criminal Justice Services shall establish criteria for the certification process and may request information relating to the policies for the purposes of sharing best practices and improving campus safety. The

State Council of Higher Education for Virginia and the Department of Criminal Justice Services shall report to the Secretary of Education on the certification status of each institution and the Virginia Community College System by November 30 of each year.

**CHAPTER 748**

*An Act to amend and reenact § 43-3 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 11-4.1:1, relating to mechanics' liens; subcontractor's waiver of lien rights.*

[S 891]

Approved April 15, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That § 43-3 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 11-4.1:1 as follows:**

**§ 11-4.1:1. Waiver of payment bond claims and contract claims; construction contracts.**

*A subcontractor as defined in § 43-1, lower-tier subcontractor, or material supplier may not waive or diminish his right to assert payment bond claims or his right to assert claims for demonstrated additional costs in a contract in advance of furnishing any labor, services, or materials. A provision that waives or diminishes a subcontractor's, lower-tier subcontractor's, or material supplier's right to assert payment bond claims or his right to assert claims for demonstrated additional costs in a contract executed prior to providing any labor, services, or materials is null and void.*

**§ 43-3. Lien for work done and materials furnished; waiver of right to file or enforce lien.**

A. All persons performing labor or furnishing materials of the value of \$150 or more, including the reasonable rental or use value of equipment, for the construction, removal, repair or improvement of any building or structure permanently annexed to the freehold, and all persons performing any labor or furnishing materials of like value for the construction of any railroad, shall have a lien, if perfected as hereinafter provided, upon such building or structure, and so much land therewith as shall be necessary for the convenient use and enjoyment thereof, and upon such railroad and franchises for the work done and materials furnished, subject to the provisions of § 43-20. But when the claim is for repairs or improvements to existing structures only, no lien shall attach to the property repaired or improved unless such repairs or improvements were ordered or authorized by the owner, or his agent.

If the building or structure being constructed, removed or repaired is part of a condominium as defined in § 55-79.41 or under the Horizontal Property Act (§§ 55-79.1 through 55-79.38), any person providing labor or furnishing material to one or more units or limited common elements within the condominium pursuant to a single contract may perfect a single lien encumbering the one or more units which are the subject of the contract or to which those limited common elements pertain, and for which payment has not been made. All persons providing labor or furnishing materials for the common elements pertaining to all the units may perfect a single lien encumbering all such condominium units. Whenever a lien has been or may be perfected encumbering two or more units, the proportionate amount of the indebtedness attributable to each unit shall be the ratio that the percentage liability for common expenses appertaining to that unit computed pursuant to subsection D of § 55-79.83 bears to the total percentage liabilities for all units which are encumbered by the lien. The lien claimant shall release from a perfected lien an encumbered unit upon request of the unit owner as provided in subsection B of § 55-79.46 upon receipt of payment equal to that portion of the indebtedness evidenced by the lien attributable to such unit determined as herein provided. In the event the lien is not perfected, the lien claimant shall upon request of any interested party execute lien releases for one or more units upon receipt of payment equal to that portion of the indebtedness attributable to such unit or units determined as herein provided but no such release shall preclude the lien claimant from perfecting a single lien against the unreleased unit or units for the remaining portion of the indebtedness.

B. Any person providing labor or materials for site development improvements or for streets, stormwater facilities, sanitary sewers or water lines for the purpose of providing access or service to the individual lots in a development or condominium units as defined in § 55-79.41 or under the Horizontal Property Act (§§ 55-79.1 through 55-79.38) shall have a lien on each individual lot in the development for the fractional part of the total value of the work contracted for by the claimant in the subdivision as is obtained by using "one" as the numerator and the number of lots being developed as the denominator and in the case of a condominium on each individual unit in an amount computed by reference to the liability of that unit for common expenses appertaining to that condominium pursuant to subsection D of § 55-79.83; provided, however, no such lien shall be valid as to any lot or condominium unit unless the person providing such work shall, prior to the sale of such lot or condominium unit, file with the clerk of the circuit court of the jurisdiction in which such land lies a document setting forth a full disclosure of the nature of the lien which may be claimed, the total value of the work contracted for by the claimant in the subdivision and the portion thereof allocated to each lot as required herein, and a description of the development or condominium, and shall, thereafter, comply with all other applicable provisions of this

chapter. "Site development improvements" means improvements which are provided for the development, such as project site grading, traffic signalization, and installation of electric, gas, cable, or other utilities, for the benefit of the development rather than for an individual lot. In determining the individual lots in the development for the purpose of allocating value of the work contracted for by the claimant, parcels of land within the development which are common area, or which are being developed for the benefit of the development as a whole and not for resale, shall not be included in the denominator of the disclosure statement.

Nothing contained herein shall be construed to prevent the filing of a mechanics' lien under the provisions of subsection A, or require the lien claimant to elect under which subsection the lien may be enforced.

C. Any right to file or enforce any mechanics' lien granted hereunder may be waived in whole or in part at any time by any person entitled to such lien, *except that a subcontractor, lower-tier subcontractor, or material supplier may not waive or diminish his lien rights in a contract in advance of furnishing any labor, services, or materials. A provision that waives or diminishes a subcontractor's, lower-tier subcontractor's, or material supplier's lien rights in a contract executed prior to providing any labor, services, or materials is null and void.* In the event that payments are made to the contractor without designating to which lot the payments are to be applied, the payments shall be deemed to apply to any lot previously sold by the developer such that the remaining lots continue to bear liability for an amount up to but not exceeding the amount set forth in any disclosure statement filed under the provisions of subsection B.

D. A person who performs labor without a valid license or certificate issued by the Board for Contractors pursuant to Chapter 11 (§ 54.1-1100 et seq.) of Title 54.1, or without the proper class of license for the value of the work to be performed, when such a license or certificate is required by law for the labor performed shall not be entitled to a lien pursuant to this section.

## CHAPTER 749

*An Act to amend and reenact §§ 53.1-80, 53.1-81, and 53.1-82 of the Code of Virginia, relating to reimbursement of capital costs; jails; regional jails; regional contracts for cooperative jailing.*

[S 1049]

Approved April 15, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 53.1-80, 53.1-81, and 53.1-82 of the Code of Virginia are amended and reenacted as follows:**

**§ 53.1-80. State reimbursement of localities for construction.**

A. On and after July 1, 1993, the Commonwealth shall reimburse any city or county up to one-fourth of the capital costs of a jail construction, enlargement or renovation project upon a basis approved by the Board in accordance with the provisions of this section. On and after July 1, 1993, (i) any three or more cities or counties, or any combination thereof, which do not qualify for reimbursement pursuant to § 53.1-81 or § 53.1-82 and (ii) any two cities or counties or any combination of a city and a county which jointly construct, enlarge or renovate a jail upon a basis approved by the Board in accordance with the provisions of this section shall be reimbursed by the Commonwealth on a pro rata basis up to one-fourth of the capital costs, as defined in § 53.1-82.2, of such project. The Board shall promulgate regulations, to include criteria which may be used to assess need and establish priorities, to serve as guidelines in evaluating requests for such reimbursement and to ensure the fair and equitable distribution of state funds provided for such purpose. The Department shall apply such regulations in preparing requests for appropriations. No such reimbursement shall be had unless the plans and specifications, including the need for additional personnel, thereof have been submitted to the Governor and the jail project has been approved by him. The Governor shall base his approval in part on the expected operating cost-efficiency of the interior design of the facility. Reimbursements shall be paid subject to the provisions of § 53.1-82.2.

*No (i) project to construct, enlarge, or renovate a jail or regional jail facility or to enlarge or renovate an existing jail that was not approved by the Governor prior to July 1, 2015, or (ii) project that is not an enlargement or renovation of a regional jail created prior to July 1, 2015, shall be eligible for reimbursement from the Commonwealth unless such project has been specifically authorized in the general appropriation act.*

B. In the event that a county or city requests and receives financial assistance for capital costs of such jail project from the Department of Criminal Justice Services or from other public fund sources outside of the provisions of this law, the total financial assistance and reimbursement shall not exceed the total cost of the project.

**§ 53.1-81. Construction and operation of regional jail facilities; state reimbursement; agreements with Department.**

A. Three or more cities or counties, or any combination thereof, are authorized, pursuant to approval of the Board, to construct, enlarge or renovate a regional jail facility or to enlarge or renovate an existing jail for the purpose of establishing a regional jail facility. In addition, (i) any regional jail facilities established by three or more cities, counties or towns, or any combination thereof, on or before January 31, 1993, (ii) any existing regional jail facilities established by only two cities, counties or towns on or before June 30, 1982, and (iii) any regional jail facilities established by only two contiguous counties whose boundaries are not contiguous by land with the boundaries of any other county in the Commonwealth, may participate under the provisions of this section. On and after December 1, 1989, subject to the provisions of § 53.1-82.2, the Commonwealth shall reimburse each such locality its pro rata share up to one-half of the capital costs, as defined in

§ 53.1-82.2, of such construction, enlargement or renovation in accordance with the provisions of this section *if the project was approved by the Governor prior to July 1, 2015, or the project is an enlargement or renovation of a regional jail facility created prior to July 1, 2015, and shall reimburse each such locality its pro rata share up to one-fourth of such capital costs if such project is approved by the Governor on or after July 1, 2015, and has been specifically authorized in the general appropriation act.* However, regional jails created by any combination of three or more cities or counties on or after February 1, 1993, shall not be eligible for such reimbursement unless at least three of the participating localities of such combination were each operating a jail on February 1, 1993. The Board shall promulgate regulations, to include criteria which may be used to assess need and establish priorities, to serve as guidelines in evaluating requests for such reimbursement and to ensure the fair and equitable distribution of state funds provided for such purpose. The Department shall apply such regulations in preparing requests for appropriations. No such reimbursement shall be had unless the plans and specifications, including the need for additional personnel, thereof have been submitted to the Governor and the jail project has been approved by him. The Governor shall base his approval in part on the expected operating cost-efficiency of the interior design of the facility. Such reimbursement shall be paid subject to the provisions of § 53.1-82.2.

Such counties, cities, towns, or combination thereof may enter into agreements with the Department of Corrections for the Department to operate such jail or to pay the costs of maintenance, upkeep and other operational costs of the jail. Each city, county or town shall, however, bear the expense of local prisoners from such city, county or town. In such case, the Department shall receive such costs from the funds appropriated in the general appropriation act for criminal costs. The method of operation by the Department shall be in the manner it prescribes, notwithstanding any other provision of law designating sheriffs as the keepers of jails.

In lieu of an agreement by the localities with the Board for construction or operation of jail facilities, the Board may agree to sell land owned by the Commonwealth to the localities. The Governor is hereby authorized, at his discretion and upon the advice of the Board, to execute a conveyance of such land in a form approved by the Attorney General.

B. In the event that a county, city or town requests and receives financial assistance for capital costs of such jail project from the Department of Criminal Justice Services or from other public fund sources outside of the provisions of this section, the total financial assistance and reimbursement shall not exceed the total cost of the project.

**§ 53.1-82. Regional contracts for cooperative jailing of offenders; state reimbursement.**

A. Three or more counties or cities, or any combination thereof, are authorized to contract for services for the detention and confinement of categories of offenders in single or regional jail facilities operated by the contracting jurisdictions. In addition, (i) any three or more counties, cities or towns, or any combination thereof, operating a jail facility pursuant to an agreement for cooperative jailing established on or before January 31, 1993, (ii) any existing regional jail facilities established by only two cities, counties, or towns on or before June 30, 1982, and (iii) any regional jail facilities established by only two contiguous counties whose boundaries are not contiguous by land with the boundaries of any other county in the Commonwealth, may participate under the provisions of this section. The Board shall promulgate regulations specifying the categories of offenders which may be served pursuant to the contracts provided for herein.

The governing bodies of localities participating in an agreement for cooperative jailing shall create a board to advise the locality in which the jail facility is located on matters affecting operation of the facility. Each participating locality shall have at least one representative on the board. The sheriff and any member of the local governing body of each participating locality shall be eligible for appointment to the board; however, when a participating locality appoints more than one representative, the sheriff shall be appointed unless the sheriff is the administrator or superintendent of the jail facility operated pursuant to the agreement for cooperative jailing. A sheriff serving as such administrator or superintendent shall be an ex officio member of the board.

When such contracts are approved by the Board and, for the implementation of the contract, require the construction, enlargement, or renovation of a regional jail facility or the enlargement or renovation of an existing jail, the Commonwealth shall reimburse each such locality its pro rata share, up to one-half, of the capital costs, as defined in § 53.1-82.2, of such jail project in accordance with the provisions of this section and § 53.1-82.2 *if the project was approved by the Governor prior to July 1, 2015, or the project is an enlargement or renovation of a regional jail facility created prior to July 1, 2015, and shall reimburse each such locality its pro rata share up to one-fourth of such capital costs if such project is approved by the Governor on or after July 1, 2015, and has been specifically authorized in the general appropriation act.* Any agreement for cooperative jailing entered into on or after July 1, 1991, which requires the construction, enlargement, or renovation of a single or regional jail facility shall require such counties, cities and towns to participate in the costs of the facility for a minimum period of thirty years.

The Board shall promulgate regulations, to include criteria which may be used to assess need and establish priorities, to serve as guidelines in evaluating requests for such reimbursement and to ensure the fair and equitable distribution of state funds provided for such purpose. The Department shall apply such regulations in preparing requests for appropriations. No such reimbursement shall be had unless the plans and specifications, including the need for additional personnel, thereof have been submitted to the Governor, and the jail project has been approved by him. The Governor shall base his approval in part on the expected operating cost-efficiency of the interior design of the facility. Such reimbursement shall be paid subject to the provisions of § 53.1-82.2.

B. In the event that a county, city or town requests and receives financial assistance for capital costs of a jail project from the Department of Criminal Justice Services or from other public fund sources outside of the provisions of this section, the total financial assistance and reimbursement shall not exceed the total cost of the project.

In addition, no such reimbursement shall be had by localities entering into a contract pursuant to this section on or after February 1, 1993, unless at least three of the participating localities were each operating a jail on February 1, 1993.

[S 1325]

Approved April 15, 2015

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-371.2 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Title 59.1 a chapter numbered 23.2, consisting of sections numbered 59.1-293.10 and 59.1-293.11, as follows:

**§ 18.2-371.2. Prohibiting purchase or possession of tobacco products, nicotine vapor products, and alternative nicotine products by minors or sale of tobacco products, nicotine vapor products, and alternative nicotine products to minors.**

A. No person shall sell to, distribute to, purchase for, or knowingly permit the purchase by any person less than 18 years of age, knowing or having reason to believe that such person is less than 18 years of age, any tobacco product, nicotine vapor product, or alternative nicotine product.

Tobacco products may be sold from a vending machine only if the machine is (i) posted with a notice, in a conspicuous manner and place, indicating that the purchase or possession of tobacco products by minors is unlawful and (ii) located in a place which is not open to the general public and is not generally accessible to minors. An establishment which prohibits the presence of minors unless accompanied by an adult is not open to the general public.

B. No person less than 18 years of age shall attempt to purchase, purchase, or possess any tobacco product, nicotine vapor product, or alternative nicotine product. The provisions of this subsection shall not be applicable to the possession of tobacco products, nicotine vapor products, or alternative nicotine products by a person less than 18 years of age making a delivery of tobacco products, nicotine vapor products, or alternative nicotine products in pursuance of his employment. This subsection shall not apply to purchase, attempt to purchase, or possession by a law-enforcement officer or his agent when the same is necessary in the performance of his duties.

C. No person shall sell a tobacco product, nicotine vapor product, or alternative nicotine product to any individual who does not demonstrate, by producing a driver's license or similar photo identification issued by a government agency, that the individual is at least 18 years of age. Such identification is not required from an individual whom the person has reason to believe is at least 18 years of age or who the person knows is at least 18 years of age. Proof that the person demanded, was shown, and reasonably relied upon a photo identification stating that the individual was at least 18 years of age shall be a defense to any action brought under this subsection. In determining whether a person had reason to believe an individual is at least 18 years of age, the trier of fact may consider, but is not limited to, proof of the general appearance, facial characteristics, behavior, and manner of the individual.

This subsection shall not apply to mail order or Internet sales, provided that the person offering the tobacco product, nicotine vapor product, or alternative nicotine product for sale through mail order or the Internet (i) prior to the sale of the tobacco product, nicotine vapor product, or alternative nicotine product verifies that the purchaser is at least 18 years of age through a commercially available database that is regularly used by businesses or governmental entities for the purpose of age and identity verification and (ii) uses a method of mailing, shipping, or delivery that requires the purchaser's signature of a person at least 18 years of age before the tobacco product, nicotine vapor product, or alternative nicotine product will be released to the purchaser.

D. A violation of subsection A or C by an individual or by a separate retail establishment that involves a nicotine vapor product, alternative nicotine product, or tobacco product other than a bidi is punishable by a civil penalty not to exceed \$100 for a first violation, a civil penalty not to exceed \$200 for a second violation, and a civil penalty not to exceed \$500 for a third or subsequent violation.

A violation of subsection A or C by an individual or by a separate retail establishment that involves the sale, distribution, or purchase of a bidi is punishable by a civil penalty in the amount of \$500 for a first violation, a civil penalty in the amount of \$1,000 for a second violation, and a civil penalty in the amount of \$2,500 for a third or subsequent violation. Where a defendant retail establishment offers proof that it has trained its employees concerning the requirements of this section, the court shall suspend all of the penalties imposed hereunder. However, where the court finds that a retail establishment has failed to so train its employees, the court may impose a civil penalty not to exceed \$1,000 in lieu of any penalties imposed hereunder for a violation of subsection A or C involving a nicotine vapor product, alternative nicotine product, or tobacco product other than a bidi.

A violation of subsection B is punishable by a civil penalty not to exceed \$100 for a first violation and a civil penalty not to exceed \$250 for a second or subsequent violation. A court may, as an alternative to the civil penalty, and upon motion of the defendant, prescribe the performance of up to 20 hours of community service for a first violation of subsection B and up to 40 hours of community service for a second or subsequent violation. If the defendant fails or refuses to complete the community service as prescribed, the court may impose the civil penalty. Upon a violation of subsection B, the judge may enter an order pursuant to subdivision A 9 of § 16.1-278.8.

Any attorney for the Commonwealth of the county or city in which an alleged violation occurred may bring an action to recover the civil penalty, which shall be paid into the state treasury. Any law-enforcement officer may issue a summons for a violation of subsection A, B, or C.

E. 1. Cigarettes shall be sold only in sealed packages provided by the manufacturer, with the required health warning. The proprietor of every retail establishment that offers for sale any tobacco product, nicotine vapor product, or alternative nicotine product shall post in a conspicuous manner and place a sign or signs indicating that the sale of tobacco products, nicotine vapor products, or alternative nicotine products to any person under 18 years of age is prohibited by law. Any attorney for the county, city, or town in which an alleged violation of this subsection occurred may enforce this subsection

by civil action to recover a civil penalty not to exceed \$50. The civil penalty shall be paid into the local treasury. No filing fee or other fee or cost shall be charged to the county, city, or town which instituted the action.

2. For the purpose of compliance with regulations of the Substance Abuse and Mental Health Services Administration published at 61 Federal Register 1492, the Department of Agriculture and Consumer Services may promulgate regulations which allow the Department to undertake the activities necessary to comply with such regulations.

3. Any attorney for the county, city, or town in which an alleged violation of this subsection occurred may enforce this subsection by civil action to recover a civil penalty not to exceed \$100. The civil penalty shall be paid into the local treasury. No filing fee or other fee or cost shall be charged to the county, city, or town which instituted the action.

F. Nothing in this section shall be construed to create a private cause of action.

Where the photo-identification was issued by the Department of Defense, permanent orders assigning the purchaser to a duty post in Virginia, including the Pentagon, shall be the only other required documentation of residence. For the purposes of this section and establishment of residency for firearm purchase, residency of a member of the armed forces shall include both the state in which the member's permanent duty post is located and any nearby state in which the member resides and from which he commutes to the permanent duty post. When the photo-identification presented to a dealer by the prospective purchaser is a driver's license or other photo-identification issued by the Department of Motor Vehicles, and such identification form contains a date of issue, the dealer shall not, except for a renewed driver's license or other photo-identification issued by the Department of Motor Vehicles, sell or otherwise transfer a firearm to the prospective purchaser until 30 days after the date of issue of an original or duplicate driver's license unless the prospective purchaser also presents a copy of his Virginia Department of Motor Vehicles driver's record showing that the original date of issue of the driver's license was more than 30 days prior to the attempted purchase.

In addition, no dealer shall sell, rent, trade or transfer from his inventory any assault firearm to any person who is not a citizen of the United States or who is not a person lawfully admitted for permanent residence. To establish citizenship or lawful admission for a permanent residence for purposes of purchasing an assault firearm, a dealer shall require a prospective purchaser to present a certified birth certificate or a certificate of birth abroad issued by the United States State Department, a certificate of citizenship or a certificate of naturalization issued by the United States Citizenship and Immigration Services, an unexpired U.S. passport, a United States citizen identification card, a current voter registration card, a current selective service registration card, or an immigrant visa or other documentation of status as a person lawfully admitted for permanent residence issued by the United States Citizenship and Immigration Services.

Upon receipt of the request for a criminal history record information check, the State Police shall (1) review its criminal history record information to determine if the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law, (2) inform the dealer if its record indicates that the buyer or transferee is so prohibited, and (3) provide the dealer with a unique reference number for that inquiry.

2. The State Police shall provide its response to the requesting dealer during the dealer's request, or by return call without delay. If the criminal history record information check indicates the prospective purchaser or transferee has a disqualifying criminal record or has been acquitted by reason of insanity and committed to the custody of the Commissioner of Behavioral Health and Developmental Services, the State Police shall have until the end of the dealer's next business day to advise the dealer if its records indicate the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law. If not so advised by the end of the dealer's next business day, a dealer who has fulfilled the requirements of subdivision 1 may immediately complete the sale or transfer and shall not be deemed in violation of this section with respect to such sale or transfer. In case of electronic failure or other circumstances beyond the control of the State Police, the dealer shall be advised immediately of the reason for such delay and be given an estimate of the length of such delay. After such notification, the State Police shall, as soon as possible but in no event later than the end of the dealer's next business day, inform the requesting dealer if its records indicate the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law. A dealer who fulfills the requirements of subdivision 1 and is told by the State Police that a response will not be available by the end of the dealer's next business day may immediately complete the sale or transfer and shall not be deemed in violation of this section with respect to such sale or transfer.

3. Except as required by subsection D of § 9.1-132, the State Police shall not maintain records longer than 30 days, except for multiple handgun transactions for which records shall be maintained for 12 months, from any dealer's request for a criminal history record information check pertaining to a buyer or transferee who is not found to be prohibited from possessing and transporting a firearm under state or federal law. However, the log on requests made may be maintained for a period of 12 months, and such log shall consist of the name of the purchaser, the dealer identification number, the unique approval number and the transaction date.

4. On the last day of the week following the sale or transfer of any firearm, the dealer shall mail or deliver the written consent form required by subsection A to the Department of State Police. The State Police shall immediately initiate a search of all available criminal history record information to determine if the purchaser is prohibited from possessing or transporting a firearm under state or federal law. If the search discloses information indicating that the buyer or transferee is so prohibited from possessing or transporting a firearm, the State Police shall inform the chief law-enforcement officer in the jurisdiction where the sale or transfer occurred and the dealer without delay.

5. Notwithstanding any other provisions of this section, rifles and shotguns may be purchased by persons who are citizens of the United States or persons lawfully admitted for permanent residence but residents of other states under the terms of subsections A and B upon furnishing the dealer with proof of citizenship or status as a person lawfully admitted for

permanent residence and one photo-identification form issued by a governmental agency of the person's state of residence and one other form of identification determined to be acceptable by the Department of Criminal Justice Services.

6. For the purposes of this subsection, the phrase "dealer's next business day" shall not include December 25.

C. No dealer shall sell, rent, trade or transfer from his inventory any firearm, except when the transaction involves a rifle or a shotgun and can be accomplished pursuant to the provisions of subdivision B 5 to any person who is not a resident of Virginia unless he has first obtained from the Department of State Police a report indicating that a search of all available criminal history record information has not disclosed that the person is prohibited from possessing or transporting a firearm under state or federal law. The dealer shall obtain the required report by mailing or delivering the written consent form required under subsection A to the State Police within 24 hours of its execution. If the dealer has complied with the provisions of this subsection and has not received the required report from the State Police within 10 days from the date the written consent form was mailed to the Department of State Police, he shall not be deemed in violation of this section for thereafter completing the sale or transfer.

D. Nothing herein shall prevent a resident of the Commonwealth, at his option, from buying, renting or receiving a firearm from a dealer in Virginia by obtaining a criminal history record information check through the dealer as provided in subsection C.

E. If any buyer or transferee is denied the right to purchase a firearm under this section, he may exercise his right of access to and review and correction of criminal history record information under § 9.1-132 or institute a civil action as provided in § 9.1-135, provided any such action is initiated within 30 days of such denial.

F. Any dealer who willfully and intentionally requests, obtains, or seeks to obtain criminal history record information under false pretenses, or who willfully and intentionally disseminates or seeks to disseminate criminal history record information except as authorized in this section shall be guilty of a Class 2 misdemeanor.

G. For purposes of this section:

"Actual buyer" means a person who executes the consent form required in subsection B or C, or other such firearm transaction records as may be required by federal law.

2. Any replica of any firearm described in subdivision 1 of this definition if such replica (i) is not designed or redesigned for using rimfire or conventional centerfire fixed ammunition or (ii) uses rimfire or conventional centerfire fixed ammunition that is no longer manufactured in the United States and that is not readily available in the ordinary channels of commercial trade;

3. Any muzzle-loading rifle, muzzle-loading shotgun, or muzzle-loading pistol that is designed to use black powder, or a black powder substitute, and that cannot use fixed ammunition. For purposes of this subdivision, the term "antique firearm" shall not include any weapon that incorporates a firearm frame or receiver, any firearm that is converted into a muzzle-loading weapon, or any muzzle-loading weapon that can be readily converted to fire fixed ammunition by replacing the barrel, bolt, breech-block, or any combination thereof; or

To be recognized as curios or relics, firearms must fall within one of the following categories:

2. Firearms that are certified by the curator of a municipal, state, or federal museum that exhibits firearms to be curios or relics of museum interest; and

3. Any other firearms that derive a substantial part of their monetary value from the fact that they are novel, rare, bizarre, or because of their association with some historical figure, period, or event. Proof of qualification of a particular firearm under this category may be established by evidence of present value and evidence that like firearms are not available except as collectors' items, or that the value of like firearms available in ordinary commercial channels is substantially less.

"Dealer" means any person licensed as a dealer pursuant to 18 U.S.C. § 921 et seq.

J. The provisions of this section shall not apply to restrict purchase, trade or transfer of firearms by a resident of Virginia when the resident of Virginia makes such purchase, trade or transfer in another state, in which case the laws and regulations of that state and the United States governing the purchase, trade or transfer of firearms shall apply. A National Instant Criminal Background Check System (NICS) check shall be performed prior to such purchase, trade or transfer of firearms.

J1. All licensed firearms dealers shall collect a fee of \$2 for every transaction for which a criminal history record information check is required pursuant to this section, except that a fee of \$5 shall be collected for every transaction involving an out-of-state resident. Such fee shall be transmitted to the Department of State Police by the last day of the month following the sale for deposit in a special fund for use by the State Police to offset the cost of conducting criminal history record information checks under the provisions of this section.

K. Any person willfully and intentionally making a materially false statement on the consent form required in subsection B or C or on such firearm transaction records as may be required by federal law, shall be guilty of a Class 5 felony.

This subsection shall not apply to a federal law-enforcement officer or a law-enforcement officer as defined in § 9.1-101, in the performance of his official duties, or other person under his direct supervision.

M. Any person who purchases a firearm with the intent to (i) resell or otherwise provide such firearm to any person who he knows or has reason to believe is ineligible to purchase or otherwise receive from a dealer a firearm for whatever reason or (ii) transport such firearm out of the Commonwealth to be resold or otherwise provided to another person who the transferor knows is ineligible to purchase or otherwise receive a firearm, shall be guilty of a Class 4 felony and sentenced to a mandatory minimum term of imprisonment of one year. However, if the violation of this subsection involves such a transfer of more than one firearm, the person shall be sentenced to a mandatory minimum term of imprisonment of five years. The prohibitions of this subsection shall not apply to the purchase of a firearm by a person for the lawful use, possession, or transport thereof, pursuant to § 18.2-308.7, by his child, grandchild, or individual for whom he is the legal guardian if such child, grandchild, or individual is ineligible, solely because of his age, to purchase a firearm.

*Q. Prior to selling, renting, trading, or transferring any firearm owned by the dealer but not in his inventory to any other person, a dealer may require such other person to consent to have the dealer obtain criminal history record information to determine if such other person is prohibited from possessing or transporting a firearm by state or federal law. The Department of State Police shall establish policies and procedures in accordance with 28 C.F.R. § 25.6 to permit such determinations to be made by the Department of State Police, and the processes established for making such determinations shall conform to the provisions of this section.*

**2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2014, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.**

1. That §§ 2.2-2012, 2.2-4301, 2.2-4302.2, 2.2-4303, 2.2-4304, 2.2-4343, 23-38.110, and 33.2-283 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 2.2-4303.1 and 2.2-4303.2 as follows:

§ 2.2-2012. Procurement of information technology and telecommunications goods and services; computer equipment to be based on performance-based specifications.

A. Information technology and telecommunications goods and services of every description shall be procured by (i) VITA for its own benefit or on behalf of other state agencies and institutions or (ii) such other agencies or institutions to the extent authorized by VITA. Such procurements shall be made in accordance with the Virginia Public Procurement Act (§ 2.2-4300 et seq.), regulations that implement the electronic and information technology accessibility standards of the Rehabilitation Act of 1973 (29 U.S.C. § 794d), as amended, and any regulations as may be prescribed by VITA. In no case shall such procurements exceed the requirements of the regulations that implement the electronic and information technology accessibility standards of the Rehabilitation Act of 1973, as amended.

The CIO shall disapprove any procurement that does not conform to the Commonwealth strategic plan for information technology developed and approved pursuant to § 2.2-2007 or to the individual strategic plans of state agencies or public institutions of higher education.

B. All statewide contracts and agreements made and entered into by VITA for the purchase of communications services, telecommunications facilities, and information technology goods and services shall provide for the inclusion of counties, cities, and towns in such contracts and agreements. Notwithstanding the provisions of § ~~2.2-4304~~, 2.2-4302.1, ~~or 2.2-4302.2, 2.2-4303.1, or 2.2-4303.2~~, VITA may enter into multiple vendor contracts for the referenced services, facilities, and goods and services.

C. VITA may establish contracts for the purchase of personal computers and related devices by licensed teachers employed in a full-time teaching capacity in Virginia public schools or in state educational facilities for use outside the classroom. The computers and related devices shall not be purchased with public funds, but shall be paid for and owned by teachers individually provided that no more than one such computer and related device per year shall be so purchased.

D. If VITA, or any agency or institution authorized by VITA, elects to procure personal computers and related peripheral equipment pursuant to any type of blanket purchasing arrangement under which public bodies, as defined in § 2.2-4301, may purchase such goods from any vendor following competitive procurement but without the conduct of an individual procurement by or for the using agency or institution, it shall establish performance-based specifications for the selection of equipment. Establishment of such contracts shall emphasize performance criteria including price, quality, and delivery without regard to "brand name." All vendors meeting the Commonwealth's performance requirements shall be afforded the opportunity to compete for such contracts.

E. VITA shall allow private institutions of higher education chartered in Virginia and granted tax-exempt status under § 501(c)(3) of the Internal Revenue Code to purchase directly from contracts established for state agencies and public bodies by VITA.

F. This section shall not be construed or applied so as to infringe upon, in any manner, the responsibilities for accounting systems assigned to the Comptroller under § 2.2-803.

#### **§ 2.2-4302.2. Process for competitive negotiation.**

A. The process for competitive negotiation shall include the following:

1. Issuance of a written Request for Proposal indicating in general terms that which is sought to be procured, specifying the factors that will be used in evaluating the proposal and containing or incorporating by reference the other applicable contractual terms and conditions, including any unique capabilities, specifications or qualifications that will be required;

2. Public notice of the Request for Proposal at least 10 days prior to the date set for receipt of proposals by posting on the Department of General Services' central electronic procurement website or other appropriate websites. Additionally, public bodies shall publish in a newspaper of general circulation in the area in which the contract is to be performed so as to provide reasonable notice to the maximum number of offerors that can be reasonably anticipated to submit proposals in response to the particular request. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities. In addition, proposals may be solicited directly from potential contractors. Any additional solicitations shall include certified businesses selected from a list made available by the Department of Small Business and Supplier Diversity; and

3. For goods, nonprofessional services, and insurance, selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the Request for Proposal, including price if so stated in the Request for Proposal. Negotiations shall then be conducted with each of the offerors so selected. Price shall be considered, but need not be the sole or primary determining factor. After negotiations

have been conducted with each offeror so selected, the public body shall select the offeror which, in its opinion, has made the best proposal and provides the best value, and shall award the contract to that offeror. When the terms and conditions of multiple awards are so provided in the Request for Proposal, awards may be made to more than one offeror. Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that offeror; or

4. For professional services, the public body shall engage in individual discussions with two or more offerors deemed fully qualified, responsible and suitable on the basis of initial responses and with emphasis on professional competence, to provide the required services. Repetitive informal interviews shall be permissible. The offerors shall be encouraged to elaborate on their qualifications and performance data or staff expertise pertinent to the proposed project, as well as alternative concepts. In addition, offerors shall be informed of any ranking criteria that will be used by the public body in addition to the review of the professional competence of the offeror. The Request for Proposal shall not, however, request that offerors furnish estimates of man-hours or cost for services. At the discussion stage, the public body may discuss nonbinding estimates of total project costs, including, but not limited to, life-cycle costing, and where appropriate, nonbinding estimates of price for services. In accordance with § 2.2-4342, proprietary information from competing offerors shall not be disclosed to the public or to competitors. At the conclusion of discussion, outlined in this subdivision, on the basis of evaluation factors published in the Request for Proposal and all information developed in the selection process to this point, the public body shall select in the order of preference two or more offerors whose professional qualifications and proposed services are deemed most meritorious.

Negotiations shall then be conducted, beginning with the offeror ranked first. If a contract satisfactory and advantageous to the public body can be negotiated at a price considered fair and reasonable, the award shall be made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price.

Notwithstanding the foregoing, if the terms and conditions for multiple awards are included in the Request for Proposal, a public body may award contracts to more than one offeror.

Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified or that one offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that offeror.

**B. For multiple projects, a contract for architectural or professional engineering services relating to construction projects, or a contract for job order contracting, may be negotiated by a public body, provided (i) the projects require similar experience and expertise; (ii) the nature of the projects is clearly identified in the Request for Proposal; and (iii) the contract is limited to a one-year term or when the cumulative total project fees reach the maximum cost authorized in this subsection; whichever occurs first.**

Such contracts may be renewable for four additional one-year terms at the option of the public body. The fair and reasonable prices as negotiated shall be used in determining the cost of each project performed and the sum of all projects performed in a one-year contract term shall not exceed \$500,000, except that for:

1. A state agency, as defined in § 2.2-4347, the sum of all projects performed in a one-year contract term shall not exceed \$1 million as may be determined by the Director of the Department of General Services;

2. Any locality or any authority, sanitation district, metropolitan planning organization or planning district commission with a population in excess of 80,000, or any city within Planning District 8, the sum of all projects performed in a one-year contract term shall not exceed \$5 million and those awarded for any airport as defined in § 5-1-1 and aviation transportation projects; the sum of all such projects shall not exceed \$1.5 million;

3. Architectural and engineering services for rail and public transportation projects by the Director of the Department of Rail and Public Transportation; the sum of all projects in a one-year contract term shall not exceed \$2 million. Such contract may be renewable for two additional one-year terms at the option of the Director;

4. Environmental location, design and inspection work regarding highways and bridges by the Commissioner of Highways; the initial contract term shall be limited to two years or when the cumulative total project fees reach \$5 million; whichever occurs first. Such contract may be renewable for two additional one-year terms at the option of the Commissioner; and the sum of all projects in each one-year contract term shall not exceed \$5 million; and

5. Job order contracting; the sum of all projects performed in a one-year contract term shall not exceed \$2 million.

Competitive negotiations for such contracts may result in awards to more than one offeror provided (i) the Request for Proposal so states and (ii) the public body has established procedures for distributing multiple projects among the selected contractors during the contract term.

**C. For any single project, for (i) architectural or professional engineering services relating to construction projects, or (ii) job order contracting, the project fee shall not exceed \$100,000, or for architectural or engineering services for airports as defined in § 5-1-1 and aviation transportation projects; the project fee of any single project shall not exceed \$500,000, except that for:**

1. A state agency as defined in § 2.2-4347, the project fee shall not exceed \$200,000, as may be determined by the Director of the Department of General Services;

2. Any locality or any authority or sanitation district with a population in excess of 80,000, or any city within Planning District 8, the project fee shall not exceed \$2 million; and

3. Job order contracting; the project fee shall not exceed \$400,000.

The limitations imposed upon single project fees pursuant to this subsection shall not apply to environmental, location, design, and inspection work regarding highways and bridges by the Commissioner of Highways or architectural and engineering services for rail and public transportation projects by the Director of the Department of Rail and Public Transportation.

D. For the purposes of subsections B and C, any unused amounts from the first contract term shall not be carried forward to the additional term.

E. Multiphase professional services contracts satisfactory and advantageous to the completion of large, phased, or ~~long term~~ long-term projects may be negotiated and awarded based on a fair and reasonable price for the first phase only, where the completion of the earlier phases is necessary to provide information critical to the negotiation of a fair and reasonable price for succeeding phases. Prior to the entering into any such contract, the public body shall (i) state the anticipated intended total scope of the project and (ii) determine in writing that the nature of the work is such that the best interests of the public body require awarding the contract.

### § 2.2-4303. Methods of procurement.

A. All public contracts with nongovernmental contractors for the purchase or lease of goods, or for the purchase of services, insurance, or construction, shall be awarded after competitive sealed bidding, or competitive negotiation as provided in this section, unless otherwise authorized by law.

B. Professional services shall be procured by competitive negotiation.

C. ~~Upon a determination made in advance by the public body and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, goods, services, or insurance may be procured by competitive negotiation. The writing shall document the basis for this determination.~~

Upon a written determination made in advance by (i) the Governor or his designee in the case of a procurement by the Commonwealth or by a department, agency or institution thereof or (ii) the local governing body in the case of a procurement by a political subdivision of the Commonwealth, that competitive negotiation is either not practicable or not fiscally advantageous, insurance may be procured through a licensed agent or broker selected in the manner provided for the procurement of things other than professional services set forth in § 2.2-4302.2. The basis for this determination shall be documented in writing.

D. Construction may be procured only by competitive sealed bidding, except that competitive negotiation may be used in the following instances upon a determination made in advance by the public body and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, which writing shall document the basis for this determination:

Upon a determination in writing that there is only one source practicably available for that which is to be procured, a contract may be negotiated and awarded to that source without competitive sealed bidding or competitive negotiation. The writing shall document the basis for this determination. The public body shall issue a written notice stating that only one source was determined to be practicably available, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted on the Department of General Services' central electronic procurement website or other appropriate websites, and in addition, public bodies may publish in a newspaper of general circulation on the day the public body awards or announces its decision to award the contract, whichever occurs first. For state public bodies, purchases under this subsection that are expected to exceed \$30,000 shall require the ~~(i)~~ (a) written informal solicitation of a minimum of four bidders or offerors and ~~(ii)~~ (b) posting of a public notice on the Department of General Services' central electronic procurement website or other appropriate websites. Purchase of information technology and telecommunications goods and nonprofessional services from a public auction sale shall be permitted by any authority, department, agency, or institution of the Commonwealth if approved by the Chief Information Officer of the Commonwealth. The writing shall document the basis for this determination. However, bulk purchases of commodities used in road and highway construction and maintenance, and aggregates shall not be made by online public auctions.

~~J.~~ I. The purchase of goods or nonprofessional services, but not construction or professional services, may be made by reverse auctioning. However, bulk purchases of commodities used in road and highway construction and maintenance, and aggregates shall not be made by reverse auctioning.

C. Competitive negotiations for such architectural or professional engineering services contracts may result in awards to more than one offeror, provided (i) the Request for Proposal so states and (ii) the public body has established procedures for distributing multiple projects among the selected contractors during the contract term. Such procedures shall prohibit requiring the selected contractors to compete for individual projects based on price.

D. The fee for any single project shall not exceed \$100,000; however, for architectural or engineering services for airports as defined in § 5.1-1 and aviation transportation projects, the project fee of any single project shall not exceed \$500,000, except that for:

Individual job orders shall not exceed \$500,000.*

*C. For the purposes of this section, any unused amounts from one contract term shall not be carried forward to any additional term.*

However, professional architectural or engineering services may be included on a job order where such professional services (i) are incidental and directly related to the job, (ii) do not exceed \$25,000 per job order, and (iii) do not exceed \$75,000 per contract term.*

*A public body may purchase from any authority, department, agency or institution of the Commonwealth's contract even if it did not participate in the request for proposal or invitation to bid, if the request for proposal or invitation to bid specified that the procurement was a cooperative procurement being conducted on behalf of other public bodies. In such instances, deviation from the procurement procedures set forth in this chapter and the administrative policies and procedures established to implement this chapter shall be permitted, if approved by the Director of the Division of Purchases and Supply.*

Pursuant to § 2.2-2012, such approval is not required if the procurement arrangement is for telecommunications and information technology goods and services of every description. In instances where the procurement arrangement is for telecommunications and information technology goods and services, such arrangement shall be permitted if approved by the Chief Information Officer of the Commonwealth. B. Where a procurement transaction involves the expenditure of federal assistance or contract funds, the receipt of which is conditioned upon compliance with mandatory requirements in federal laws or regulations not in conformance with the provisions of this chapter, a public body may comply with such federal requirements, notwithstanding the provisions of this chapter, only upon the written determination of the Governor, in the case of state agencies, or the governing body, in the case of political subdivisions, that acceptance of the grant or contract funds under the applicable conditions is in the public interest. C. In the solicitation and awarding of contracts, no covered institution shall discriminate against a bidder or offeror because of race, religion, color, sex, national origin, age, disability, or any other basis prohibited by state or federal law. The procurement policies of a covered institution shall provide that, whenever solicitations are made seeking competitive procurement of goods or services, it shall be a priority of the institution to provide for fair and reasonable consideration of small, women-owned, and minority-owned businesses and to promote and encourage a diversity of suppliers. The institution shall post on the Department of General Services' central electronic procurement website all Invitations to Bid, Requests for Proposal, sole source award notices, and emergency award notices to ensure visibility and access to the Commonwealth's procurement opportunities on one website.

A. All purchases made by any department, division, officer or agency of the Commonwealth shall be made in accordance with the Virginia Public Procurement Act (§ 2.2-4300 et seq.) and such regulations as the Division may prescribe.

B. The regulations adopted by the Division shall:

2. Require that before any public body procures any computer system, equipment or software, it shall consider whether the proposed system, equipment or software is capable of producing products that facilitate the rights of the public to access official records under the Freedom of Information Act (§ 2.2-3700 et seq.) or other applicable law;
3. Require state public bodies to procure only shielded outdoor light fixtures and provide for waivers of this requirement when the Division determines that a bona fide operational, temporary, safety or specific aesthetic need is indicated or that such fixtures are not cost effective over the life cycle of the fixtures. For the purposes of this subdivision, "shielded outdoor light fixture" means an outdoor light fixture that is (i) fully shielded so that no light rays are emitted by the installed fixture above the horizontal plane or (ii) constructed so that no more than two percent of the total luminaire lumens in the zone of 90 to 180 degrees vertical angle is permitted, if the related output of the luminaire is greater than 3200 lumens. In adopting regulations under this subdivision, the Division shall consider national standards for outdoor lighting as adopted by the Illuminating Engineering Society of North America (IESNA).

For any project initiated on or after July 1, 2003, the Virginia Department of Transportation shall design all lighting systems in accordance with current IESNA standards and recommended practices. The lighting system shall utilize fixtures that minimize glare, light trespass, and skyglow, all as defined by the IESNA, while still providing a comfortable, visually effective, safe, and secure outdoor environment in a cost-effective manner over the life cycle of the lighting system;

7. Establish the conditions under which state public bodies may procure diesel fuel containing, at a minimum, two percent, by volume, biodiesel fuel or green diesel fuel, as defined in § 59.1-284.25 *as such section was in effect on June 30, 2015*, for use in on-road internal combustion engines. The conditions shall take into consideration the availability of such fuel and the variability in cost of biodiesel fuel with respect to unblended diesel fuel.

C. The Division may make, alter, amend or repeal regulations relating to the purchase of materials, supplies, equipment, nonprofessional services, and printing, and may specifically exempt purchases below a stated amount or particular agencies or specified materials, equipment, nonprofessional services, supplies and printing.

**§ 2.2-5101. Virginia Investment Performance Grants.**

A. Subject to the appropriation by the General Assembly of sufficient moneys to the Investment Performance Grant subfund, any eligible manufacturer or research and development service that is not eligible for a major eligible employer grant under § 2.2-5102 shall be eligible for an investment performance grant as provided in this section.

B. The Partnership shall establish an application process by which eligible manufacturers and research and development services may apply for a grant under this section. An application for a grant under this section shall not be approved until the Partnership has verified that the capital investment has been completed.

C. The amount of the investment performance grant that an eligible manufacturer or research and development service shall be eligible to receive under this section shall be determined by the Secretary, based on the recommendation of the Partnership, and contingent upon approval by the Governor. The determination of the appropriate amount of an investment performance grant shall be based on the application of guidelines that establish criteria for correlating the amount of a grant to the relative value to the Commonwealth of the eligible investment.

D. The Partnership shall assist the Secretary in developing objective guidelines that shall be used in awarding investment performance grants. No grant shall be awarded until the Secretary has provided copies of such guidelines for review to the ~~chairman~~ Chairmen of the House Committee on Appropriations and the Senate Committee on Finance. The preparation of the guidelines shall be exempt from the requirements of Article 2 (§ 2.2-4006 et seq.) of the Administrative

Process Act (§ 2.2-4000 et seq.). The guidelines shall require determinations regarding the amount of investment performance grants to address:

1. The number of new jobs created by the capital investment;
2. The wages paid for the new jobs and the amount by which wages exceed the average manufacturing wage for the locality or region;
3. The extent to which the capital investment produces (i) measurable increases in capacity, productivity, or both; (ii) measurable decreases in the production of flawed product; or (iii) measurable advances in knowledge, research, or the application of research findings for the creation of new or significantly improved products or processes that support manufacturing;
4. The amount of the capital investment;
5. The net present value of benefits to Virginia;
6. The amount of other incentives offered by the Commonwealth and the locality; and
7. The importance of the manufacturing or research and development facility to the economy of the locality or region.

The guidelines shall also address the eligibility of manufacturers or research and development services that make a capital investment in phases over a period of years, and limits on eligibility for multiple grants by the same manufacturer or research and development service within stated periods of time.

E. The amount of an investment performance grant to any eligible manufacturer under this section shall not exceed \$3 million or 10 percent of the amount appropriated by the General Assembly to the Investment Performance Grant subfund in the year that the terms of a grant are determined. For all eligible projects awarded grants on or after July 1, 2005, and before July 1, 2009, the amount of an investment performance grant to any recipient under this section shall not exceed \$1.5 million. For eligible projects awarded grants on or after July 1, 2009, the amount of an investment performance grant to any recipient under this section shall not exceed \$3 million, except for eligible projects that demonstrate extraordinary characteristics described in guidelines implementing this chapter the amount of an investment performance grant to any such recipient under this section shall not exceed \$5 million.

F. For all eligible projects awarded grants before July 1, 2005, the aggregate amount of investment performance grants approved under this section in any year shall not exceed \$6 million, and the aggregate amount of grants outstanding to all eligible manufacturers under this section for all years shall at no time exceed \$30 million. For all such grants awarded prior to that date, the annual obligations of the Commonwealth to make grant payments to individual eligible manufacturers under this section shall not exceed \$600,000. For all eligible projects awarded grants on or after July 1, 2005, and before July 1, 2009, the aggregate amount of investment performance grants approved under this section in any year shall not exceed \$3 million, and the aggregate amount of such grants awarded after that date and outstanding at any time shall not exceed \$15 million. For all such grants awarded on or after that date, the annual obligations of the Commonwealth to make grant payments to individual recipients under this section shall not exceed \$300,000. For all eligible projects awarded grants on or after July 1, 2009, *and before July 1, 2015*, the aggregate amount of investment performance grants approved under this section in any year shall not exceed \$6 million, and the aggregate amount of such grants awarded *on or after that date July 1, 2009, and before July 1, 2015*, and outstanding at any time shall not exceed \$30 million. For all such grants awarded on or after ~~that date~~ *July 1, 2009, and before July 1, 2015*, the annual obligations of the Commonwealth to make grant payments to individual recipients under this section shall not exceed \$1 million. *For all eligible projects awarded grants on or after July 1, 2015, the aggregate amount of investment performance grants approved under this section in any year shall not exceed \$6 million, and the aggregate amount of such grants awarded on or after July 1, 2015, and outstanding at any time shall not exceed \$20 million. For all such grants awarded on or after July 1, 2015, the annual obligations of the Commonwealth to make grant payments to individual recipients under this section shall not exceed \$1 million.*

G. Any eligible manufacturer or research and development service shall be eligible to receive a grant from the Fund in five equal installments beginning in the third year after the capital investment is completed and the Partnership has verified that the requirements applicable to such grant have been satisfied. Any eligible manufacturer or research and development service located in a fiscally distressed area of the State, as defined in the guidelines implementing this chapter, shall be eligible to begin receiving grants in the second year after the capital investment is completed and verified.

#### **§ 2.2-5102. Performance grant for major eligible manufacturers.**

A. As used in this section, "major eligible employer" means any eligible manufacturer or other nonmanufacturing basic employer that makes a capital investment of at least \$100 million that results in the creation of at least 1,000 new jobs. For corporate headquarters and other basic employers that make a capital investment of at least \$100 million and create at least 400 new jobs paying at least twice the prevailing average wage for the area, the 1,000 job requirement may be reduced in proportion to the factor by which the wages for the new jobs exceed the prevailing average wage for the area. All other provisions of this chapter shall apply equally to major eligible manufacturers and major eligible nonmanufacturing basic employers, in this chapter collectively referred to as "major eligible employers."

B. Subject to the appropriation by the General Assembly of sufficient moneys to the Major Eligible Employer Grant subfund, any major eligible employer shall be eligible for a grant under this section of up to \$25 million, to be payable from such subfund over a period of not less than five years and not more than seven years, commencing in the ~~sixth~~ *third* year following the approval by the Secretary of the employer's grant application. ~~Any major eligible employer located in a fiscally distressed area of the State, as defined in the guidelines implementing this chapter, shall be eligible to begin receiving grants in the fourth year after the capital investment is completed and verified.~~

C. The Partnership shall establish an application process by which major eligible employers may apply for a grant under this section. An application for a grant under this section shall not be approved until the Partnership has verified that the capital investment has been completed.

The payment of any grant under this section shall be in accordance with the terms and conditions set forth in a memorandum of understanding between a major eligible employer and the Commonwealth. These terms and conditions shall supplement the provisions of this chapter and shall include but not be limited to the terms of the payment of the grant. The payment of the grant shall be made in full or in proportion to a major eligible employer's fulfillment of the terms of the memorandum of understanding. The Secretary shall consult with the House Committee on Appropriations and the Senate Committee on Finance prior to entering into any memorandum of understanding. In addition, the Secretaries of Finance and Commerce and Trade shall serve as ex officio, nonvoting members of the Commission.

C. Members shall serve terms coincident with their terms of office. Vacancies for unexpired terms shall be filled in the same manner as the original appointments. Members may be reappointed for successive terms.

D. The members of the Commission shall elect a chairman and ~~vice chairman~~ *vice-chairman* annually. A majority of the voting members of the Commission shall constitute a quorum. The meetings of the Commission shall be held at the call of the chairman or whenever the majority of the members so request.

E. Legislative members of the Commission shall receive such compensation as provided in § 30-19.12, and nonlegislative members shall receive such compensation as provided in § 2.2-2813.

2. Is denatured as specified in 27 C.F.R. Parts 20 and 21.

"Feedstock" means the agricultural or other renewable resources, whether plant or animal derived, used to produce biofuels.

"Green diesel fuel" means a fuel produced from nonfossil renewable resources, including agricultural or silvicultural plants; animal fats; residue and waste generated from the production, processing, and marketing of agricultural products; silvicultural products; and other renewable resources, and meeting applicable ASTM specifications.

"Producer" means any person, entity, or agricultural cooperative association, as defined in the Agricultural Cooperative Association Act (§ 13.1-312 et seq.) that, in a calendar year, produces in the Commonwealth at least one million gallons of advanced biofuels or biofuels using feedstock originating domestically within the United States.

B. 1. A producer of neat advanced biofuels or neat biofuels, including but not limited to such biofuels derived from cereal grains, shall be eligible to receive a biofuels production incentive grant for each gallon of the same that it produces in the Commonwealth. However, a producer shall be eligible for a grant from the Biofuels Production Fund (the Fund) established under § 45.1-393 only for each gallon of neat advanced biofuels or neat biofuels that it produces in the Commonwealth on or after January 1, 2014, which gallon has also been sold by the producer to customers.

2. The grant for neat advanced biofuels or neat biofuels produced in the Commonwealth and subsequently sold to customers shall equal (i) \$0.04 per gallon for sales to customers in calendar year 2014, (ii) \$0.03 per gallon for sales to customers in calendar year 2015, and (iii) \$0.025 per gallon for sales to customers in calendar year 2016 and for the period January 1, 2017, through June 30, 2017.

3. Each producer applying for a grant under this section for 2015 production of neat advanced biofuels or neat biofuels shall make a good faith effort to produce the same using feedstock that is not derived from corn or the corn kernel, stalk, or any other part of the plant. Further, no grant shall be awarded for neat advanced biofuels or neat biofuels produced in 2016 or thereafter using feedstock derived from corn or the corn kernel, stalk, or any other part of the plant.

No person shall be eligible for any grants pursuant to this section if the person, or an affiliate of the person, was the recipient of a grant under the Clean Energy Manufacturing Incentive Grant Program (§ 59.1-284.25 et seq.) *as such program was in effect prior to July 1, 2015.*

4. In no case shall the Director of the Division of Energy approve more than \$1.5 million in grants in each of fiscal years 2014-2015, 2015-2016, and 2016-2017. Grants awarded under this section shall be paid from the Fund.

C. D. Any producer eligible to apply for a grant pursuant to this section shall provide evidence in the form of production reports, satisfactory to the Director of the Division of Energy, that the producer met the production requirements provided under this section for the respective calendar year. The producer shall also provide evidence in the form of sales reports, satisfactory to the Director, of the number of qualifying gallons of neat advanced biofuels or neat biofuels sold by the producer to customers in the respective calendar year. Such reports shall be filed no later than March 31 following the calendar year in which the producer sold the qualifying gallons of biofuels. Failure to meet the filing deadline shall render the applicant ineligible to receive a grant. The postmark cancellation shall govern the date of the filing determination unless the Director has approved an alternative means of filing.

No producer shall be eligible to receive grants pursuant to this section for qualifying sales made in more than six calendar years. No grants shall be paid under this section for neat advanced biofuels or neat biofuels sold on or after July 1, 2017.

E. The Director of the Division of Energy shall determine the amount of the grant payable to each qualifying producer. The Director shall then certify to the Comptroller the grant amount each producer of biofuels is eligible to receive in a given calendar year. Payments shall be paid by check issued by the State Treasurer on warrant of the Comptroller.

F. The Director, upon presenting appropriate credentials, may examine the records, books, invoices, bills of lading, storage and production facilities, and other applicable documents to determine whether the production and sale of neat advanced biofuels or neat biofuels meet the requirements for grants as set forth in this section.

**2. That the Virginia Economic Development Partnership shall by November 30, 2015, provide a written report to the members of the MEI Project Approval Commission established under § 30-309 of the Code of Virginia identifying the specific statutes or programs under which state incentives were committed or allowed to economic development projects between January 1, 2010, and January 1, 2015, pursuant to incentive packages of the Virginia Economic Development Partnership. The report shall include the aggregate dollar value of state incentives committed or allowed under each specific statute or program during the five-year period. The report shall also include an assessment of the relative effectiveness of each state incentive and an evaluation of how each could be improved to better address the economic growth of the Commonwealth.**

**§ 2.2-115. Commonwealth's Development Opportunity Fund.**

A. As used in this section, unless the context requires otherwise:

"New job" means employment of an indefinite duration, created as the direct result of the private investment, for which the firm pays the wages and standard fringe benefits for its employee, requiring a minimum of either (i) 35 hours of the employee's time a week for the entire normal year of the firm's operations, which "normal year" must consist of at least 48 weeks or (ii) 1,680 hours per year.

Seasonal or temporary positions, positions created when a job function is shifted from an existing location in the Commonwealth to the location of the economic development project, positions with suppliers, and multiplier or spin-off jobs shall not qualify as new jobs. The term "new job" shall include positions with contractors provided that all requirements included within the definition of the term are met.

"Prevailing average wage" means that amount determined by the Virginia Employment Commission to be the average wage paid workers in the city or county of the Commonwealth where the economic development project is located. The prevailing average wage shall be determined without regard to any fringe benefits.

"Private investment" means the private investment required under this section.

B. There is created the ~~Governor's~~ Commonwealth's Development Opportunity Fund (the Fund) to be used by the Governor to attract economic development prospects and secure the expansion of existing industry in the Commonwealth. The Fund shall consist of any funds appropriated to it by the general appropriation act and revenue from any other source, public or private. The Fund shall be established on the books of the Comptroller, and any funds remaining in the Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the Fund shall be credited to the Fund. The Governor shall report to the Chairmen of the House Committees on Appropriations and Finance and the Senate Committee on Finance as funds are awarded in accordance with this section.

C. Funds shall be awarded from the Fund by the Governor as grants or loans to political subdivisions. The criteria for making such grants or loans shall include (i) job creation, (ii) private capital investment, and (iii) anticipated additional state tax revenue expected to accrue to the state and affected localities as a result of the capital investment and jobs created. Loans shall be approved by the Governor and made in accordance with guidelines established by the Virginia Economic Development Partnership and approved by the Comptroller. Loans shall be interest-free unless otherwise determined by the Governor and shall be repaid to the Fund. The Governor may establish the interest rate to be charged; otherwise, any interest charged shall be at market rates as determined by the State Treasurer and shall be indicative of the duration of the loan. The Virginia Economic Development Partnership shall be responsible for monitoring repayment of such loans and reporting the receivables to the Comptroller as required.

Beginning with the five fiscal years from fiscal year 2006-2007 through fiscal year 2010-2011, and for every five fiscal years' period thereafter, in general, no less than one-third of the moneys appropriated to the Fund in every such five-year period shall be awarded to counties and cities having an annual average unemployment rate that is greater than the final statewide average unemployment rate for the calendar year that immediately precedes the calendar year of the award. However, if such one-third requirement will not be met because economic development prospects in such counties and cities are unable to fulfill the applicable minimum private investment and new jobs requirements set forth in this section, then any funds remaining in the Fund at the end of the five-year period that would have otherwise been awarded to such counties and cities shall be made available for awards in the next five fiscal years' period.

D. Funds may be used for public and private utility extension or capacity development on and off site; public and private installation, extension, or capacity development of high-speed or broadband Internet access, whether on or off site; road, rail, or other transportation access costs beyond the funding capability of existing programs; site acquisition; grading, drainage, paving, and any other activity required to prepare a site for construction; construction or build-out of publicly or privately owned buildings; training; or grants or loans to an industrial development authority, housing and redevelopment

authority, or other political subdivision for purposes directly relating to any of the foregoing. However, in no case shall funds from the Fund be used, directly or indirectly, to pay or guarantee the payment for any rental, lease, license, or other contractual right to the use of any property.

It shall be the policy of the Commonwealth that moneys in the Fund shall not be used for any economic development project in which a business relocates or expands its operations in one or more Virginia localities and simultaneously closes its operations or substantially reduces the number of its employees in another Virginia locality. The Secretary of Commerce and Trade shall enforce this policy and for any exception thereto shall promptly provide written notice to the Chairmen of the Senate Finance and House Appropriations Committees, which notice shall include a justification for any exception to such policy.

E. 1. a. Except as provided in this subdivision, no grant or loan shall be awarded from the Fund unless the project involves a minimum private investment of \$5 million and creates at least 50 new jobs for which the average wage, excluding fringe benefits, is no less than the prevailing average wage. For projects, including but not limited to projects involving emerging technologies, for which the average wage of the new jobs created, excluding fringe benefits, is at least twice the prevailing average wage for that locality or region, the Governor shall have the discretion to require no less than one-half the number of new jobs as set forth for that locality in this subdivision.

b. Notwithstanding the provisions of subdivision a, a grant or loan may be awarded from the Fund if the project involves a minimum private investment of \$100 million and creates at least 25 new jobs for which the average wage, excluding fringe benefits, is no less than the prevailing average wage.

2. Notwithstanding the provisions of subdivision 1 a, in localities (i) with an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year or (ii) with a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year, a grant or loan may be awarded from the Fund pursuant to subdivision 1 a if the project involves a minimum private investment of \$2.5 million and creates at least 25 new jobs for which the average wage, excluding fringe benefits, is no less than 85 percent of the prevailing average wage.

3. Notwithstanding the provisions of subdivisions 1 a and 2, in localities (i) with an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year and (ii) with a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year, a grant or loan may be awarded from the Fund pursuant to such subdivisions if the project involves a minimum private investment of \$1.5 million and creates at least 15 new jobs for which the average wage, excluding fringe benefits, is no less than 85 percent of the prevailing average wage.

4. For projects that are eligible under subdivision 2 or 3, the average wage of the new jobs, excluding fringe benefits, shall be no less than 85 percent of the prevailing average wage. In addition, for projects in such localities, the Governor may award a grant or loan for a project paying less than 85 percent of the prevailing average wage but still providing customary employee benefits, only after the Secretary of Commerce and Trade has made a written finding that the economic circumstances in the area are sufficiently distressed (i.e., high unemployment or underemployment and negative economic forecasts) that assistance to the locality to attract the project is nonetheless justified. However, the minimum private investment and number of new jobs required to be created as set forth in this subsection shall still be a condition of eligibility for an award from the Fund. Such written finding shall promptly be provided to the chairs of the Senate Committee on Finance and the House Committee on Appropriations.

F. 1. The Virginia Economic Development Partnership shall assist the Governor in developing objective guidelines and criteria that shall be used in awarding grants or making loans from the Fund. The guidelines may require that as a condition of receiving any grant or loan incentive that is based on employment goals, a recipient company must provide copies of employer quarterly payroll reports that have been provided to the Virginia Employment Commission to verify the employment status of any position included in the employment goal. The guidelines may include a requirement for the affected locality or localities to provide matching funds which may be cash or in-kind, at the discretion of the Governor. The guidelines and criteria shall include provisions for geographic diversity and a cap on the amount of funds to be provided to any individual project. At the discretion of the Governor, this cap may be waived for qualifying projects of regional or statewide interest. In developing the guidelines and criteria, the Virginia Economic Development Partnership shall use the measure for Fiscal Stress published by the Commission on Local Government of the Department of Housing and Community Development for the locality in which the project is located or will be located as one method of determining the amount of assistance a locality shall receive from the Fund.

2. a. Notwithstanding any provision in this section or in the guidelines, each political subdivision that receives a grant or loan from the Fund shall enter into a contract with each business beneficiary of funds from the Fund. A person or entity shall be a business beneficiary of funds from the Fund if grant or loan moneys awarded from the Fund by the Governor are paid to a political subdivision and (i) subsequently distributed by the political subdivision to the person or entity or (ii) used by the political subdivision for the benefit of the person or entity but never distributed to the person or entity.

b. The contract between the political subdivision and the business beneficiary shall provide in detail (i) the fair market value of all funds that the Commonwealth has committed to provide, (ii) the fair market value of all matching funds (or in-kind match) that the political subdivision has agreed to provide, (iii) how funds committed by the Commonwealth (including but not limited to funds from the Fund committed by the Governor) and funds that the political subdivision has agreed to provide are to be spent, (iv) the minimum private investment to be made and the number of new jobs to be created

agreed to by the business beneficiary, (v) the average wage (excluding fringe benefits) agreed to be paid in the new jobs, (vi) the prevailing average wage, and (vii) the formula, means, or processes agreed to be used for measuring compliance with the minimum private investment and new jobs requirements, including consideration of any layoffs instituted by the business beneficiary over the course of the period covered by the contract.

The contract shall state the date by which the agreed upon private investment and new job requirements shall be met by the business beneficiary of funds from the Fund and may provide for the political subdivision to grant up to a 15-month extension of such date if deemed appropriate by the political subdivision subsequent to the execution of the contract. Any extension of such date granted by the political subdivision shall be in writing and promptly delivered to the business beneficiary, and the political subdivision shall simultaneously provide a copy of the extension to the Virginia Economic Development Partnership.

The contract shall provide that if the private investment and new job contractual requirements are not met by the expiration of the date stipulated in the contract, including any extension granted by the political subdivision, the business beneficiary shall be liable to the political subdivision for repayment of a portion of the funds provided under the contract. The contract shall include a formula for purposes of determining the portion of such funds to be repaid. The formula shall, in part, be based upon the fair market value of all funds that have been provided by the Commonwealth and the political subdivision and the extent to which the business beneficiary has met the private investment and new job contractual requirements. Any such funds repaid to the political subdivision that relate to the award from the ~~Governor's~~ Commonwealth's Development Opportunity Fund shall promptly be paid over by the political subdivision to the Commonwealth by payment remitted to the State Treasurer. Upon receipt by the State Treasurer of such payment, the Comptroller shall deposit such repaid funds into the ~~Governor's~~ Commonwealth's Development Opportunity Fund.

c. The contract shall be amended to reflect changes in the funds committed by the Commonwealth or agreed to be provided by the political subdivision.

d. Notwithstanding any provision in this section or in the guidelines, whenever layoffs instituted by a business beneficiary over the course of the period covered by a contract cause the net total number of the new jobs created to be fewer than the number agreed to, then the business beneficiary shall return the portion of any funds received pursuant to the repayment formula established by the contract.

3. Notwithstanding any provision in this section or in the guidelines, prior to executing any such contract with a business beneficiary, the political subdivision shall provide a copy of the proposed contract to the Attorney General. The Attorney General shall review the proposed contract (i) for enforceability as to its provisions and (ii) to ensure that it is in appropriate legal form. The Attorney General shall provide any written suggestions to the political subdivision within seven days of his receipt of the copy of the contract. The Attorney General's suggestions shall be limited to the enforceability of the contract's provisions and the legal form of the contract.

4. Notwithstanding any provision in this section or in the guidelines, a political subdivision shall not expend, distribute, pledge, use as security, or otherwise use any award from the Fund unless and until such contract as described herein is executed with the business beneficiary.

G. Within the 30 days immediately following June 30 and December 30 of each year, the Governor shall provide a report to the Chairmen of the House Committees on Appropriations and Finance and the Senate Committee on Finance which shall include, but is not limited to, the following information regarding grants and loans awarded from the Fund during the immediately preceding six-month period for economic development projects: the name of the company that is the business beneficiary of the grant or loan and the type of business in which it engages; the location (county, city, or town) of the project; the amount of the grant or loan committed from the Fund and the amount of all other funds committed by the Commonwealth from other sources and the purpose for which such grants, loans, or other funds will be used; the amount of all moneys or funds agreed to be provided by political subdivisions and the purposes for which they will be used; the number of new jobs agreed to be created by the business beneficiary; the amount of investment in the project agreed to be made by the business beneficiary; the timetable for the completion of the project and new jobs created; the prevailing average wage; and the average wage (excluding fringe benefits) agreed to be paid in the new jobs.

H. The Governor shall provide grants and commitments from the Fund in an amount not to exceed the dollar amount contained in the Fund. If the Governor commits funds for years beyond the fiscal years covered under the existing appropriation act, the State Treasurer shall set aside and reserve the funds the Governor has committed, and the funds shall remain in the Fund for those future fiscal years. No grant or loan shall be payable in the years beyond the existing appropriation act unless the funds are currently available in the Fund.

*I. Any person or entity submitting an application for a grant or loan from the Fund shall certify, on a form acceptable to the Virginia Economic Development Partnership, that it shall not provide any contribution, gift, or other item with a value greater than \$100 to the Governor or to his campaign committee or a political action committee established on his behalf during (i) the period in which the person or entity's application for such award is pending and (ii) the one-year period immediately after any such award is made. Any person or entity who so certifies and who receives an award from the Fund shall repay, if such person or entity provided or provides such a contribution, gift, or other item of value during these periods, the amount of the award received within 90 days after receipt of written notice from the Virginia Economic Development Partnership. In addition, any person or entity that knowingly provided or provides such a contribution, gift, or other item of value during these periods in violation of this subsection shall be subject to a civil penalty of \$500 or up to two times the amount of the contribution or gift, whichever is greater, and the contribution, gift, or other item shall be returned*

to the donor. The attorney for the Commonwealth shall initiate civil proceedings to enforce the civil penalties. Any civil penalties collected shall be payable to the State Treasurer for deposit to the general fund and shall be used exclusively to fund the Virginia Conflict of Interest and Ethics Advisory Council. For purposes of this subsection, "entity" includes individuals who are officers, directors, or owners of or who have a controlling ownership interest in such entity.

**1. That §§ 2.2-2012, 2.2-4301, 2.2-4302.2, 2.2-4303, 2.2-4304, 2.2-4343, 23-38.110, and 33.2-283 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 2.2-4303.1 and 2.2-4303.2 as follows:**

**§ 2.2-2012. Procurement of information technology and telecommunications goods and services; computer equipment to be based on performance-based specifications.**

A. Information technology and telecommunications goods and services of every description shall be procured by (i) VITA for its own benefit or on behalf of other state agencies and institutions or (ii) such other agencies or institutions to

the extent authorized by VITA. Such procurements shall be made in accordance with the Virginia Public Procurement Act (§ 2.2-4300 et seq.), regulations that implement the electronic and information technology accessibility standards of the Rehabilitation Act of 1973 (29 U.S.C. § 794d), as amended, and any regulations as may be prescribed by VITA. In no case shall such procurements exceed the requirements of the regulations that implement the electronic and information technology accessibility standards of the Rehabilitation Act of 1973, as amended.

The CIO shall disapprove any procurement that does not conform to the Commonwealth strategic plan for information technology developed and approved pursuant to § 2.2-2007 or to the individual strategic plans of state agencies or public institutions of higher education.

B. All statewide contracts and agreements made and entered into by VITA for the purchase of communications services, telecommunications facilities, and information technology goods and services shall provide for the inclusion of counties, cities, and towns in such contracts and agreements. Notwithstanding the provisions of § ~~2.2-4301~~, 2.2-4302.1, or 2.2-4302.2, 2.2-4303.1, or 2.2-4303.2, VITA may enter into multiple vendor contracts for the referenced services, facilities, and goods and services.

C. VITA may establish contracts for the purchase of personal computers and related devices by licensed teachers employed in a full-time teaching capacity in Virginia public schools or in state educational facilities for use outside the classroom. The computers and related devices shall not be purchased with public funds, but shall be paid for and owned by teachers individually provided that no more than one such computer and related device per year shall be so purchased.

D. If VITA, or any agency or institution authorized by VITA, elects to procure personal computers and related peripheral equipment pursuant to any type of blanket purchasing arrangement under which public bodies, as defined in § 2.2-4301, may purchase such goods from any vendor following competitive procurement but without the conduct of an individual procurement by or for the using agency or institution, it shall establish performance-based specifications for the selection of equipment. Establishment of such contracts shall emphasize performance criteria including price, quality, and delivery without regard to "brand name." All vendors meeting the Commonwealth's performance requirements shall be afforded the opportunity to compete for such contracts.

E. VITA shall allow private institutions of higher education chartered in Virginia and granted tax-exempt status under § 501(c)(3) of the Internal Revenue Code to purchase directly from contracts established for state agencies and public bodies by VITA.

F. This section shall not be construed or applied so as to infringe upon, in any manner, the responsibilities for accounting systems assigned to the Comptroller under § 2.2-803.

A minimum amount of work may be

specified in the contract. The contract term and the project amount shall not exceed the limitations specified in § ~~2.2-4302.2~~ ~~or 2.2-4303~~ or 2.2-4303.2.

"Services" means any work performed by an independent contractor wherein the service rendered does not consist primarily of acquisition of equipment or materials, or the rental of equipment, materials and supplies.

#### **§ 2.2-4302.2. Process for competitive negotiation.**

A. The process for competitive negotiation shall include the following:

1. Issuance of a written Request for Proposal indicating in general terms that which is sought to be procured, specifying the factors that will be used in evaluating the proposal and containing or incorporating by reference the other applicable contractual terms and conditions, including any unique capabilities, specifications or qualifications that will be required;

2. Public notice of the Request for Proposal at least 10 days prior to the date set for receipt of proposals by posting on the Department of General Services' central electronic procurement website or other appropriate websites. Additionally, public bodies shall publish in a newspaper of general circulation in the area in which the contract is to be performed so as to provide reasonable notice to the maximum number of offerors that can be reasonably anticipated to submit proposals in response to the particular request. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities. In addition, proposals may be solicited directly from potential contractors. Any additional solicitations shall include certified businesses selected from a list made available by the Department of Small Business and Supplier Diversity; and

3. For goods, nonprofessional services, and insurance, selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the Request for Proposal, including price if so stated in the Request for Proposal. Negotiations shall then be conducted with each of the offerors so selected. Price shall be considered, but need not be the sole or primary determining factor. After negotiations have been conducted with each offeror so selected, the public body shall select the offeror which, in its opinion, has made the best proposal and provides the best value, and shall award the contract to that offeror. When the terms and conditions of multiple awards are so provided in the Request for Proposal, awards may be made to more than one offeror. Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that offeror; or

4. For professional services, the public body shall engage in individual discussions with two or more offerors deemed fully qualified, responsible and suitable on the basis of initial responses and with emphasis on professional competence, to provide the required services. Repetitive informal interviews shall be permissible. The offerors shall be encouraged to

elaborate on their qualifications and performance data or staff expertise pertinent to the proposed project, as well as alternative concepts. In addition, offerors shall be informed of any ranking criteria that will be used by the public body in addition to the review of the professional competence of the offeror. The Request for Proposal shall not, however, request that offerors furnish estimates of man-hours or cost for services. At the discussion stage, the public body may discuss nonbinding estimates of total project costs, including, but not limited to, life-cycle costing, and where appropriate, nonbinding estimates of price for services. In accordance with § 2.2-4342, proprietary information from competing offerors shall not be disclosed to the public or to competitors. At the conclusion of discussion, outlined in this subdivision, on the basis of evaluation factors published in the Request for Proposal and all information developed in the selection process to this point, the public body shall select in the order of preference two or more offerors whose professional qualifications and proposed services are deemed most meritorious.

Negotiations shall then be conducted, beginning with the offeror ranked first. If a contract satisfactory and advantageous to the public body can be negotiated at a price considered fair and reasonable, the award shall be made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price.

Notwithstanding the foregoing, if the terms and conditions for multiple awards are included in the Request for Proposal, a public body may award contracts to more than one offeror.

Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified or that one offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that offeror.

~~B. For multiple projects, a contract for architectural or professional engineering services relating to construction projects; or a contract for job order contracting, may be negotiated by a public body, provided (i) the projects require similar experience and expertise; (ii) the nature of the projects is clearly identified in the Request for Proposal; and (iii) the contract is limited to a one-year term or when the cumulative total project fees reach the maximum cost authorized in this subsection, whichever occurs first.~~

~~Such contracts may be renewable for four additional one-year terms at the option of the public body. The fair and reasonable prices as negotiated shall be used in determining the cost of each project performed and the sum of all projects performed in a one-year contract term shall not exceed \$500,000, except that for:~~

~~1. A state agency, as defined in § 2.2-4347, the sum of all projects performed in a one-year contract term shall not exceed \$1 million as may be determined by the Director of the Department of General Services;~~

~~2. Any locality or any authority, sanitation district, metropolitan planning organization or planning district commission with a population in excess of 80,000, or any city within Planning District 8, the sum of all projects performed in a one-year contract term shall not exceed \$5 million and those awarded for any airport as defined in § 5.1-1 and aviation transportation projects; the sum of all such projects shall not exceed \$1.5 million;~~

~~3. Architectural and engineering services for rail and public transportation projects by the Director of the Department of Rail and Public Transportation; the sum of all projects in a one-year contract term shall not exceed \$2 million. Such contract may be renewable for two additional one-year terms at the option of the Director;~~

~~4. Environmental location, design and inspection work regarding highways and bridges by the Commissioner of Highways; the initial contract term shall be limited to two years or when the cumulative total project fees reach \$5 million, whichever occurs first. Such contract may be renewable for two additional one-year terms at the option of the Commissioner, and the sum of all projects in each one-year contract term shall not exceed \$5 million; and~~

~~5. Job order contracting, the sum of all projects performed in a one-year contract term shall not exceed \$2 million.~~

~~Competitive negotiations for such contracts may result in awards to more than one offeror provided (i) the Request for Proposal so states and (ii) the public body has established procedures for distributing multiple projects among the selected contractors during the contract term.~~

~~C. For any single project, for (i) architectural or professional engineering services relating to construction projects; or (ii) job order contracting, the project fee shall not exceed \$100,000, or for architectural or engineering services for airports as defined in § 5.1-1 and aviation transportation projects, the project fee of any single project shall not exceed \$500,000, except that for:~~

~~1. A state agency as defined in § 2.2-4347, the project fee shall not exceed \$200,000, as may be determined by the Director of the Department of General Services;~~

~~2. Any locality or any authority or sanitation district with a population in excess of 80,000, or any city within Planning District 8, the project fee shall not exceed \$2 million; and~~

~~3. Job order contracting, the project fee shall not exceed \$400,000.~~

~~The limitations imposed upon single project fees pursuant to this subsection shall not apply to environmental, location, design, and inspection work regarding highways and bridges by the Commissioner of Highways or architectural and engineering services for rail and public transportation projects by the Director of the Department of Rail and Public Transportation.~~

~~D. For the purposes of subsections B and C, any unused amounts from the first contract term shall not be carried forward to the additional term.~~

~~E. Multiphase professional services contracts satisfactory and advantageous to the completion of large, phased, or long term long-term projects may be negotiated and awarded based on a fair and reasonable price for the first phase only, where~~

the completion of the earlier phases is necessary to provide information critical to the negotiation of a fair and reasonable price for succeeding phases. Prior to ~~the~~ entering into any such contract, the public body shall (i) state the anticipated intended total scope of the project and (ii) determine in writing that the nature of the work is such that the best interests of the public body require awarding the contract.

**§ 2.2-4303. Methods of procurement.**

A. All public contracts with nongovernmental contractors for the purchase or lease of goods, or for the purchase of services, insurance, or construction, shall be awarded after competitive sealed bidding, or competitive negotiation as provided in this section, unless otherwise authorized by law.

B. Professional services shall be procured by competitive negotiation.

C. ~~Upon a determination made in advance by the public body and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, goods, services, or insurance may be procured by competitive negotiation. The writing shall document the basis for this determination.~~

Upon a written determination made in advance by (i) the Governor or his designee in the case of a procurement by the Commonwealth or by a department, agency or institution thereof or (ii) the local governing body in the case of a procurement by a political subdivision of the Commonwealth, that competitive negotiation is either not practicable or not fiscally advantageous, insurance may be procured through a licensed agent or broker selected in the manner provided for the procurement of things other than professional services set forth in § 2.2-4302.2. The basis for this determination shall be documented in writing.

D. Construction may be procured only by competitive sealed bidding, except that competitive negotiation may be used in the following instances upon a determination made in advance by the public body and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, which writing shall document the basis for this determination:

1. By the Commonwealth, its departments, agencies and institutions on a fixed price design-build basis or construction management basis under § 2.2-4306;

2. By any public body for the construction of highways and any draining, dredging, excavation, grading or similar work upon real property;

3. By any governing body of a locality with a population in excess of 100,000, provided that the locality has the personnel, procedures, and expertise to enter into a contract for construction on a fixed price or not-to-exceed price design-build or construction management basis and shall otherwise be in compliance with the provisions of this section, § 2.2-4308, and other applicable law governing design-build or construction management contracts for public bodies other than the Commonwealth. The procedures of the local governing body shall be consistent with the two-step competitive negotiation process established in § 2.2-4302.2; or

4. As otherwise provided in § 2.2-4308.

E. Upon a determination in writing that there is only one source practicably available for that which is to be procured, a contract may be negotiated and awarded to that source without competitive sealed bidding or competitive negotiation. The writing shall document the basis for this determination. The public body shall issue a written notice stating that only one source was determined to be practicably available, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted on the Department of General Services' central electronic procurement website or other appropriate websites, and in addition, public bodies may publish in a newspaper of general circulation on the day the public body awards or announces its decision to award the contract, whichever occurs first. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

F. In case of emergency, a contract may be awarded without competitive sealed bidding or competitive negotiation; however, such procurement shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor shall be included in the contract file. The public body shall issue a written notice stating that the contract is being awarded on an emergency basis, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted on the Department of General Services' central electronic procurement website or other appropriate websites, and in addition, public bodies may publish in a newspaper of general circulation on the day the public body awards or announces its decision to award the contract, whichever occurs first, or as soon thereafter as is practicable. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

G. A public body may establish purchase procedures, if adopted in writing, not requiring competitive sealed bids or competitive negotiation for single or term contracts for (i) goods and services other than professional services and (ii) *non transportation-related construction*, if the aggregate or the sum of all phases is not expected to exceed \$100,000; however, such small purchase procedures shall provide for competition wherever practicable. ~~For local public bodies, such~~ Such purchase procedures may allow for single or term contracts for professional services without requiring competitive

negotiation, provided the aggregate or the sum of all phases is not expected to exceed \$60,000. *Where small purchase procedures are adopted for construction, the procedures shall not waive compliance with the Uniform State Building Code.*

For state public bodies, purchases under this subsection that are expected to exceed \$30,000 shall require the ~~(i)~~ (a) written informal solicitation of a minimum of four bidders or offerors and ~~(ii)~~ (b) posting of a public notice on the Department of General Services' central electronic procurement website or other appropriate websites. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

~~H. A state public body may establish purchase procedures, if adopted in writing, not requiring competitive negotiation for single or term contracts for professional services if the aggregate or the sum of all phases is not expected to exceed \$50,000; however such small purchase procedures shall provide for competition wherever practicable.~~

~~I. Upon a determination made in advance by a public body and set forth in writing that the purchase of goods, products or commodities from a public auction sale is in the best interests of the public, such items may be purchased at the auction, including online public auctions. Purchase of information technology and telecommunications goods and nonprofessional services from a public auction sale shall be permitted by any authority, department, agency, or institution of the Commonwealth if approved by the Chief Information Officer of the Commonwealth. The writing shall document the basis for this determination. However, bulk purchases of commodities used in road and highway construction and maintenance, and aggregates shall not be made by online public auctions.~~

~~J. The purchase of goods or nonprofessional services, but not construction or professional services, may be made by reverse auctioning. However, bulk purchases of commodities used in road and highway construction and maintenance, and aggregates shall not be made by reverse auctioning.~~

**§ 2.2-4303.1. Architectural and professional engineering term contracting; limitations.**

A. A contract for architectural or professional engineering services relating to multiple construction projects may be awarded by a public body, provided (i) the projects require similar experience and expertise, (ii) the nature of the projects is clearly identified in the Request for Proposal, and (iii) the contract is limited to a term of one year or when the cumulative total project fees reach the maximum authorized in this section, whichever occurs first.

*Such contracts may be renewable for four additional one-year terms at the option of the public body. The fair and reasonable prices as negotiated shall be used in determining the cost of each project performed.*

B. The sum of all projects performed in a one-year contract term shall not exceed \$500,000, except that for:

1. A state agency, as defined in § 2.2-4347, the sum of all projects performed in a one-year contract term shall not exceed \$1 million;

2. Any locality or any authority, sanitation district, metropolitan planning organization or planning district commission with a population in excess of 80,000, or any city within Planning District 8, the sum of all projects performed in a one-year contract term shall not exceed \$5 million and those awarded for any airport as defined in § 5.1-1 and aviation transportation projects, the sum of all such projects shall not exceed \$1.5 million;

3. Architectural and engineering services for rail and public transportation projects by the Director of the Department of Rail and Public Transportation, the sum of all projects in a one-year contract term shall not exceed \$2 million. Such contract may be renewable for two additional one-year terms at the option of the Director; and

4. Environmental location, design, and inspection work regarding highways and bridges by the Commissioner of Highways, the initial contract term shall be limited to two years or when the cumulative total project fees reach \$5 million, whichever occurs first. Such contract may be renewable for two additional one-year terms at the option of the Commissioner, and the sum of all projects in each one-year contract term shall not exceed \$5 million.

C. Competitive negotiations for such architectural or professional engineering services contracts may result in awards to more than one offeror, provided (i) the Request for Proposal so states and (ii) the public body has established procedures for distributing multiple projects among the selected contractors during the contract term. Such procedures shall prohibit requiring the selected contractors to compete for individual projects based on price.

D. The fee for any single project shall not exceed \$100,000; however, for architectural or engineering services for airports as defined in § 5.1-1 and aviation transportation projects, the project fee of any single project shall not exceed \$500,000, except that for:

1. A state agency as defined in § 2.2-4347, the project fee shall not exceed \$200,000, as may be determined by the Director of the Department of General Services or as otherwise provided by the Restructured Higher Education Financial and Administrative Operations Act (§ 23-38.88 et seq.); and

2. Any locality or any authority or sanitation district with a population in excess of 80,000, or any city within Planning District 8, the project fee shall not exceed \$2 million.

*The limitations imposed upon single-project fees pursuant to this subsection shall not apply to environmental, location, design, and inspection work regarding highways and bridges by the Commissioner of Highways or architectural and engineering services for rail and public transportation projects by the Director of the Department of Rail and Public Transportation.*

E. For the purposes of subsection B, any unused amounts from one contract term shall not be carried forward to any additional term, except as otherwise provided by the Restructured Higher Education Financial and Administrative Operations Act (§ 23-38.88 et seq.).

**§ 2.2-4303.2. Job order contracting; limitations.**

A. A job order contract may be awarded by a public body for multiple jobs, provided (i) the jobs require similar experience and expertise, (ii) the nature of the jobs is clearly identified in the solicitation, and (iii) the contract is limited to a term of one year or when the cumulative total project fees reach the maximum authorized in this section, whichever occurs first. Contractors may be selected through either competitive sealed bidding or competitive negotiation.

B. Such contracts may be renewable for two additional one-year terms at the option of the public body. The fair and reasonable prices as negotiated shall be used in determining the cost of each job performed, and the sum of all jobs performed in a one-year contract term shall not exceed \$5 million. Individual job orders shall not exceed \$500,000.

C. For the purposes of this section, any unused amounts from one contract term shall not be carried forward to any additional term.

D. Order splitting with the intent of keeping a job order under the maximum dollar amounts prescribed in subsection B is prohibited.

E. No public body shall issue or use a job order, under a job order contract, solely for the purpose of receiving professional architectural or engineering services that constitute the practice of architecture or the practice of engineering as those terms are defined in § 54.1-400. However, professional architectural or engineering services may be included on a job order where such professional services (i) are incidental and directly related to the job, (ii) do not exceed \$25,000 per job order, and (iii) do not exceed \$75,000 per contract term.

F. Job order contracting shall not be used for construction, maintenance, or asset management services for a highway, bridge, tunnel, or overpass.

**§ 2.2-4304. Joint and cooperative procurement.**

A. Any public body may participate in, sponsor, conduct, or administer a ~~cooperative joint~~ procurement agreement ~~on behalf of or~~ in conjunction with one or more other public bodies, or public agencies or institutions or localities of the several states, of the United States or its territories, the District of Columbia, or the U.S. General Services Administration, for the purpose of combining requirements to increase efficiency or reduce administrative expenses in any acquisition of goods ~~and~~ services, or construction.

~~A~~ B. In addition, a public body may purchase from another public body's contract even if it did not participate in the request for proposal or invitation to bid, if the request for proposal or invitation to bid specified that the procurement was a cooperative procurement being conducted on behalf of other public bodies, except for:

1. Contracts for architectural or engineering services; or

2. Construction ~~in excess of \$200,000 by a local public body from the contract of another local public body that is more than a straight line distance of 75 miles from the territorial limits of the local public body procuring the construction. The installation of artificial turf or other athletic surfaces shall not be subject to the limitations prescribed in this subdivision. Nothing in this subdivision shall be construed to prohibit sole source or emergency procurements awarded pursuant to subsections E and F of § 2.2-4303.~~

in instances where any authority, department, agency, or institution of the Commonwealth desires to purchase information technology and telecommunications goods and services from another public body's contract and the procurement was conducted on behalf of other public bodies, such purchase shall be permitted if approved by the Chief Information Officer of the Commonwealth. Any public body that enters into a cooperative procurement agreement with a county, city, or town whose governing body has adopted alternative policies and procedures pursuant to subdivisions A 9 and A 10 of § 2.2-4343 shall comply with the alternative policies and procedures adopted by the governing body of such county, city, or town.

~~B~~- C. Subject to the provisions of §§ 2.2-1110, 2.2-1111, 2.2-1120 and 2.2-2012, any authority, department, agency, or institution of the Commonwealth may participate in, sponsor, conduct, or administer a ~~cooperative joint~~ procurement arrangement ~~on behalf of or~~ in conjunction with public bodies, private health or educational institutions or with public agencies or institutions of the several states, territories of the United States, or the District of Columbia, for the purpose of combining requirements to effect cost savings or reduce administrative expense in any acquisition of goods and services, other than professional services, and construction.

A public body may purchase from any authority, department, agency or institution of the Commonwealth's contract even if it did not participate in the request for proposal or invitation to bid, if the request for proposal or invitation to bid specified that the procurement was a cooperative procurement being conducted on behalf of other public bodies. In such instances, deviation from the procurement procedures set forth in this chapter and the administrative policies and procedures established to implement this chapter shall be permitted, if approved by the Director of the Division of Purchases and Supply.

Pursuant to § 2.2-2012, such approval is not required if the procurement arrangement is for telecommunications and information technology goods and services of every description. In instances where the procurement arrangement is for telecommunications and information technology goods and services, such arrangement shall be permitted if approved by the Chief Information Officer of the Commonwealth. However, such acquisitions shall be procured competitively.

Nothing herein shall prohibit the payment by direct or indirect means of any administrative fee that will allow for participation in any such arrangement.

~~E~~- D. As authorized by the United States Congress and consistent with applicable federal regulations, and provided the terms of the contract permit such purchases:

1. Any authority, department, agency, or institution of the Commonwealth may purchase goods and nonprofessional services, other than telecommunications and information technology, from a U.S. General Services Administration contract or a contract awarded by any other agency of the U.S. government, upon approval of the director of the Division of Purchases and Supply of the Department of General Services;

2. Any authority, department, agency, or institution of the Commonwealth may purchase telecommunications and information technology goods and nonprofessional services from a U.S. General Services Administration contract or a contract awarded by any other agency of the U.S. government, upon approval of the Chief Information Officer of the Commonwealth; and

3. Any county, city, town, or school board may purchase goods and nonprofessional services from a U.S. General Services Administration contract or a contract awarded by any other agency of the U.S. government.

**§ 2.2-4343. Exemption from operation of chapter for certain transactions.**

A. The provisions of this chapter shall not apply to:

1. The Virginia Port Authority in the exercise of any of its powers in accordance with Chapter 10 (§ 62.1-128 et seq.) of Title 62.1, provided the Authority implements, by policy or regulation adopted by the Board of Commissioners, procedures to ensure fairness and competitiveness in the procurement of goods and services and in the administration of its capital outlay program. This exemption shall be applicable only so long as such policies and procedures meeting the requirements remain in effect.

2. The Virginia Retirement System for selection of services related to the management, purchase or sale of authorized investments, actuarial services, and disability determination services. Selection of these services shall be governed by the standard set forth in § 51.1-124.30.

3. The State Treasurer in the selection of investment management services related to the external management of funds shall be governed by the standard set forth in § 2.2-4514, and shall be subject to competitive guidelines and policies that are set by the Commonwealth Treasury Board and approved by the Department of General Services.

4. The Department of Social Services or local departments of social services for the acquisition of motor vehicles for sale or transfer to Temporary Assistance to Needy Families (TANF) recipients.

5. The College of William and Mary in Virginia, Virginia Commonwealth University, the University of Virginia, and Virginia Polytechnic Institute and State University in the selection of services related to the management and investment of their endowment funds, endowment income, gifts, all other nongeneral fund reserves and balances, or local funds of or held by the College or Universities pursuant to § 23-44.1, 23-50.10:01, 23-76.1, or 23-122.1. However, selection of these services shall be governed by the Uniform Prudent Management of Institutional Funds Act (§ 64.2-1100 et seq.) as required by §§ 23-44.1, 23-50.10:01, 23-76.1, and 23-122.1.

6. The Board of the Virginia College Savings Plan for the selection of services related to the operation and administration of the Plan, including, but not limited to, contracts or agreements for the management, purchase, or sale of authorized investments or actuarial, record keeping, or consulting services. However, such selection shall be governed by the standard set forth in § 23-38.80.

7. Public institutions of higher education for the purchase of items for resale at retail bookstores and similar retail outlets operated by such institutions. However, such purchase procedures shall provide for competition where practicable.

8. The purchase of goods and services by agencies of the legislative branch that may be specifically exempted therefrom by the Chairman of the Committee on Rules of either the House of Delegates or the Senate. Nor shall the contract review provisions of § 2.2-2011 apply to such procurements. The exemption shall be in writing and kept on file with the agency's disbursement records.

9. Any town with a population of less than 3,500, except as stipulated in the provisions of §§ 2.2-4305, 2.2-4308, 2.2-4311, 2.2-4315, 2.2-4330, 2.2-4333 through 2.2-4338, 2.2-4343.1, and 2.2-4367 through 2.2-4377.

10. Any county, city or town whose governing body has adopted, by ordinance or resolution, alternative policies and procedures which are (i) based on competitive principles and (ii) generally applicable to procurement of goods and services by such governing body and its agencies, except as stipulated in subdivision 12.

This exemption shall be applicable only so long as such policies and procedures, or other policies and procedures meeting the requirements of § 2.2-4300, remain in effect in such county, city or town. Such policies and standards may provide for incentive contracting that offers a contractor whose bid is accepted the opportunity to share in any cost savings realized by the locality when project costs are reduced by such contractor, without affecting project quality, during construction of the project. The fee, if any, charged by the project engineer or architect for determining such cost savings shall be paid as a separate cost and shall not be calculated as part of any cost savings.

11. Any school division whose school board has adopted, by policy or regulation, alternative policies and procedures that are (i) based on competitive principles and (ii) generally applicable to procurement of goods and services by the school board, except as stipulated in subdivision 12.

This exemption shall be applicable only so long as such policies and procedures, or other policies or procedures meeting the requirements of § 2.2-4300, remain in effect in such school division. This provision shall not exempt any school division from any centralized purchasing ordinance duly adopted by a local governing body.

12. Notwithstanding the exemptions set forth in subdivisions 9 through 11, the provisions of subsections C and D of § 2.2-4303, and §§ 2.2-4305, 2.2-4308, 2.2-4311, 2.2-4315, 2.2-4317, 2.2-4330, 2.2-4333 through 2.2-4338, 2.2-4343.1,

and 2.2-4367 through 2.2-4377 shall apply to all counties, cities and school divisions, and to all towns having a population greater than 3,500 in the Commonwealth.

The method for procurement of professional services through competitive negotiation set forth in ~~subsection B of § 2.2-4302.2~~ §§ 2.2-4303.1 and 2.2-4303.2 shall also apply to all counties, cities and school divisions, and to all towns having a population greater than 3,500, where the cost of the professional service is expected to exceed \$60,000 in the aggregate or for the sum of all phases of a contract or project. A school board that makes purchases through its public school foundation or purchases educational technology through its educational technology foundation, either as may be established pursuant to § 22.1-212.2:2 shall be exempt from the provisions of this chapter, except, relative to such purchases, the school board shall comply with the provisions of §§ 2.2-4311 and 2.2-4367 through 2.2-4377.

13. A public body that is also a utility operator may purchase services through or participate in contracts awarded by one or more utility operators that are not public bodies for utility marking services as required by the Underground Utility Damage Prevention Act (§ 56-265.14 et seq.). A purchase of services under this subdivision may deviate from the procurement procedures set forth in this chapter upon a determination made in advance by the public body and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, and the contract is awarded based on competitive principles.

14. Procurement of any construction or planning and design services for construction by a Virginia nonprofit corporation or organization not otherwise specifically exempted when (i) the planning, design or construction is funded by state appropriations of \$10,000 or less or (ii) the Virginia nonprofit corporation or organization is obligated to conform to procurement procedures that are established by federal statutes or regulations, whether those federal procedures are in conformance with the provisions of this chapter.

15. Purchases, exchanges, gifts or sales by the Citizens' Advisory Council on Furnishing and Interpreting the Executive Mansion.

16. The Eastern Virginia Medical School in the selection of services related to the management and investment of its endowment and other institutional funds. The selection of these services shall, however, be governed by the Uniform Prudent Management of Institutional Funds Act (§ 64.2-1100 et seq.).

17. The Department of Corrections in the selection of pre-release and post-incarceration services.

18. The University of Virginia Medical Center to the extent provided by subdivision B 3 of § 23-77.4.

19. The purchase of goods and services by a local governing body or any authority, board, department, instrumentality, institution, agency or other unit of state government when such purchases are made under a remedial plan established by the Governor pursuant to subsection C of § 2.2-4310 or by a chief administrative officer of a county, city or town pursuant to § 15.2-965.1.

20. The contract by community services boards or behavioral health authorities with an administrator or management body pursuant to a joint agreement authorized by § 37.2-512 or 37.2-615.

21. [Expired].

B. Where a procurement transaction involves the expenditure of federal assistance or contract funds, the receipt of which is conditioned upon compliance with mandatory requirements in federal laws or regulations not in conformance with the provisions of this chapter, a public body may comply with such federal requirements, notwithstanding the provisions of this chapter, only upon the written determination of the Governor, in the case of state agencies, or the governing body, in the case of political subdivisions, that acceptance of the grant or contract funds under the applicable conditions is in the public interest. Such determination shall state the specific provision of this chapter in conflict with the conditions of the grant or contract.

**§ 23-38.110. Procurement; discrimination prohibited; participation of small, women-owned, and minority-owned business enterprises.**

A. Subject to the express provisions of the management agreement described in § 23-38.88, covered institutions may be exempt from the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.), except for § 2.2-4342 (which section shall not be construed to require compliance with the prequalification application procedures of subsection B of § 2.2-4317); provided, however, that any deviations from the Virginia Public Procurement Act approved in a Management Agreement shall be uniform across all covered institutions; and provided further that the governing body of a covered institution shall adopt, and the covered institution shall comply with, policies for the procurement of goods and services, including professional services, that shall be based upon competitive principles and shall in each instance seek competition to the maximum practical degree. The policies shall implement a system of competitive negotiation for professional services pursuant to § 2.2-4303.1 and subsections A, B, and ~~E~~ C of § 2.2-4302.2; shall prohibit discrimination because of race, religion, color, sex or national origin of the bidder or offeror in the solicitation or award of contracts; shall incorporate the prompt payment principles of §§ 2.2-4350 and 2.2-4354; and shall consider the impact on correctional enterprises under § 53.1-47.

B. Such policies may, among other things, (i) provide for consideration of the dollar amount of the intended procurement, the term of the anticipated contract, and the likely extent of competition; (ii) implement a prequalification procedure for contractors or products; and (iii) include provisions for cooperative arrangements with other covered institutions, other public or private educational institutions, other public or private organizations or entities, including public-private partnerships, public bodies, charitable organizations, health care provider alliances or purchasing organizations or entities, state agencies or institutions of the Commonwealth or the several states, the District of Columbia,

the territories and the United States, and any combination thereof. Nothing in this section shall preclude a covered institution from requesting and utilizing, and covered institutions are hereby encouraged to utilize, the assistance of the Virginia Information Technologies Agency in information technology procurements.

C. In the solicitation and awarding of contracts, no covered institution shall discriminate against a bidder or offeror because of race, religion, color, sex, national origin, age, disability, or any other basis prohibited by state or federal law. The procurement policies of a covered institution shall provide that, whenever solicitations are made seeking competitive procurement of goods or services, it shall be a priority of the institution to provide for fair and reasonable consideration of small, women-owned, and minority-owned businesses and to promote and encourage a diversity of suppliers. The institution shall post on the Department of General Services' central electronic procurement website all Invitations to Bid, Requests for Proposal, sole source award notices, and emergency award notices to ensure visibility and access to the Commonwealth's procurement opportunities on one website.

D. As part of any procurement provisions of a management agreement, the governing board of a covered institution shall identify the public, educational, and operational interests served by any procurement rule or rules that deviate from those in the Virginia Public Procurement Act.

### **§ 33.2-283. Powers and duties of the Director of the Department of Rail and Public Transportation.**

Except such powers as are conferred by law upon the Board, or such services as are performed by the Department of Transportation pursuant to law, the Director of the Department of Rail and Public Transportation shall have the power to do all acts necessary or convenient for establishing, maintaining, improving, and promoting public transportation, transportation demand management, ridesharing, and passenger and freight rail transportation in the Commonwealth and to procure architectural and engineering services for rail and public transportation projects as specified in ~~§ 2.2-4302.2~~ *2.2-4303.1*.

2. That by October 1, 2017, the Department of Small Business and Supplier Diversity, public institutions of higher education having level 2 or 3 authority under the Restructured Higher Education Financial and Administrative Operations Act of 2005 (§ 23-38.88 et seq. of the Code of Virginia), state agencies utilizing job order contracting, and the Virginia Association of Counties, the Virginia Municipal League, and the Virginia Association of Governmental Purchasing on behalf of local public bodies working cooperatively shall report their respective experiences and findings relating to the appropriateness and effectiveness of (i) job order contracting in general, (ii) the project cost limitations set forth in § 2.2-4303.2, as added by this act, and (iii) the architectural and professional engineering term contract limits set forth in § 2.2-4303.1, as added by this act, to the Chairmen of the House Committee on General Laws and the Senate Committee on General Laws and Technology.

3. That the provisions of this act shall not apply to any solicitation issued or contract awarded before July 1, 2015, except that the provisions of subsection B of § 2.2-4303.2, as added by this act, shall apply to any renewal of a job order contract.

4. That all public bodies as defined in § 2.2-4301 of the Code of Virginia, including public institutions of higher education, shall submit a written report to the Director of the Department of General Services (the Director) for any nontransportation-related construction project in excess of \$2 million that was procured by any method other than competitive sealed bidding. Such report shall be in a form and manner prescribed by the Director after consultation with the contractor community and state and local government procurement officials. The report, at a minimum, shall identify the justification for the procurement method chosen and contain such other information deemed necessary or appropriate by the Director, including whether or not the procurement meets the standards as set forth by the Secretary of Administration guidelines. The Director shall (i) report such information quarterly to the Chairmen of the House Committee on General Laws and the Senate Committee on General Laws and Technology and (ii) post such reports on the Department of General Services' central electronic procurement website. In addition, on or before December 1 of each year, the Director shall submit an annual report to the Governor and the Chairmen of the House Committee on General Laws and Senate Committee on General Laws and Technology that includes (a) the Director's evaluation of and findings regarding the methods of procurement used for such construction procured by design-build or construction management at risk method and (b) any recommendations for the improvement of (1) the method of procuring construction generally and (2) the Virginia Public Procurement Act (§ 2.2-4300 et seq. of the Code of Virginia).

5. That the provisions of the fourth enactment of this act shall expire on July 1, 2017.

6. That by December 1, 2015, the State Corporation Commission (the Commission) shall develop a process for the administrative review of its procurement decisions that is consistent with the Constitution of Virginia and that addresses standing to request and participate in the administrative review. The administrative review shall be conducted by a person who is not an employee of the Commission. The process developed by the Commission for the administrative review of its procurement decisions may address compensation for the person appointed by the Commission to conduct the administrative review in accordance with the provisions of this enactment. The reviewer shall file a report directly to the Commissioners of the Commission.

[S 1424]

Approved April 30, 2015

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 2.2-115, 2.2-206.2, 2.2-419, 2.2-420, 2.2-424, 2.2-426, 2.2-430, 2.2-431, 2.2-3101, 2.2-3103.1, 2.2-3104, 2.2-3104.01, 2.2-3106, 2.2-3114 through 2.2-3118, 2.2-3121, 2.2-3124, 30-101, 30-103.1, 30-110, 30-111, 30-124, 30-126, 30-355, 30-356, and 30-357 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 2.2-3103.2, by adding in Article 2 of Chapter 13 of Title 30 a section numbered 30-103.2, and by adding a section numbered 30-356.1 as follows:**

**§ 2.2-115. Commonwealth's Development Opportunity Fund.**

A. As used in this section, unless the context requires otherwise:

"New job" means employment of an indefinite duration, created as the direct result of the private investment, for which the firm pays the wages and standard fringe benefits for its employee, requiring a minimum of either (i) 35 hours of the employee's time a week for the entire normal year of the firm's operations, which "normal year" must consist of at least 48 weeks or (ii) 1,680 hours per year.

Seasonal or temporary positions, positions created when a job function is shifted from an existing location in the Commonwealth to the location of the economic development project, positions with suppliers, and multiplier or spin-off jobs shall not qualify as new jobs. The term "new job" shall include positions with contractors provided that all requirements included within the definition of the term are met.

"Prevailing average wage" means that amount determined by the Virginia Employment Commission to be the average wage paid workers in the city or county of the Commonwealth where the economic development project is located. The prevailing average wage shall be determined without regard to any fringe benefits.

"Private investment" means the private investment required under this section.

B. There is created the ~~Governor's~~ Commonwealth's Development Opportunity Fund (the Fund) to be used by the Governor to attract economic development prospects and secure the expansion of existing industry in the Commonwealth. The Fund shall consist of any funds appropriated to it by the general appropriation act and revenue from any other source, public or private. The Fund shall be established on the books of the Comptroller, and any funds remaining in the Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the Fund shall be credited to the Fund. The Governor shall report to the Chairmen of the House Committees on Appropriations and Finance and the Senate Committee on Finance as funds are awarded in accordance with this section.

C. Funds shall be awarded from the Fund by the Governor as grants or loans to political subdivisions. The criteria for making such grants or loans shall include (i) job creation, (ii) private capital investment, and (iii) anticipated additional state tax revenue expected to accrue to the state and affected localities as a result of the capital investment and jobs created. Loans shall be approved by the Governor and made in accordance with guidelines established by the Virginia Economic Development Partnership and approved by the Comptroller. Loans shall be interest-free unless otherwise determined by the Governor and shall be repaid to the Fund. The Governor may establish the interest rate to be charged; otherwise, any interest charged shall be at market rates as determined by the State Treasurer and shall be indicative of the duration of the loan. The Virginia Economic Development Partnership shall be responsible for monitoring repayment of such loans and reporting the receivables to the Comptroller as required.

Beginning with the five fiscal years from fiscal year 2006-2007 through fiscal year 2010-2011, and for every five fiscal years' period thereafter, in general, no less than one-third of the moneys appropriated to the Fund in every such five-year period shall be awarded to counties and cities having an annual average unemployment rate that is greater than the final statewide average unemployment rate for the calendar year that immediately precedes the calendar year of the award. However, if such one-third requirement will not be met because economic development prospects in such counties and cities are unable to fulfill the applicable minimum private investment and new jobs requirements set forth in this section, then any funds remaining in the Fund at the end of the five-year period that would have otherwise been awarded to such counties and cities shall be made available for awards in the next five fiscal years' period.

D. Funds may be used for public and private utility extension or capacity development on and off site; public and private installation, extension, or capacity development of high-speed or broadband Internet access, whether on or off site; road, rail, or other transportation access costs beyond the funding capability of existing programs; site acquisition; grading, drainage, paving, and any other activity required to prepare a site for construction; construction or build-out of publicly or privately owned buildings; training; or grants or loans to an industrial development authority, housing and redevelopment

authority, or other political subdivision for purposes directly relating to any of the foregoing. However, in no case shall funds from the Fund be used, directly or indirectly, to pay or guarantee the payment for any rental, lease, license, or other contractual right to the use of any property.

It shall be the policy of the Commonwealth that moneys in the Fund shall not be used for any economic development project in which a business relocates or expands its operations in one or more Virginia localities and simultaneously closes its operations or substantially reduces the number of its employees in another Virginia locality. The Secretary of Commerce and Trade shall enforce this policy and for any exception thereto shall promptly provide written notice to the Chairmen of the Senate Finance and House Appropriations Committees, which notice shall include a justification for any exception to such policy.

E. 1. a. Except as provided in this subdivision, no grant or loan shall be awarded from the Fund unless the project involves a minimum private investment of \$5 million and creates at least 50 new jobs for which the average wage, excluding fringe benefits, is no less than the prevailing average wage. For projects, including but not limited to projects involving emerging technologies, for which the average wage of the new jobs created, excluding fringe benefits, is at least twice the prevailing average wage for that locality or region, the Governor shall have the discretion to require no less than one-half the number of new jobs as set forth for that locality in this subdivision.

b. Notwithstanding the provisions of subdivision a, a grant or loan may be awarded from the Fund if the project involves a minimum private investment of \$100 million and creates at least 25 new jobs for which the average wage, excluding fringe benefits, is no less than the prevailing average wage.

2. Notwithstanding the provisions of subdivision 1 a, in localities (i) with an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year or (ii) with a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year, a grant or loan may be awarded from the Fund pursuant to subdivision 1 a if the project involves a minimum private investment of \$2.5 million and creates at least 25 new jobs for which the average wage, excluding fringe benefits, is no less than 85 percent of the prevailing average wage.

3. Notwithstanding the provisions of subdivisions 1 a and 2, in localities (i) with an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year and (ii) with a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year, a grant or loan may be awarded from the Fund pursuant to such subdivisions if the project involves a minimum private investment of \$1.5 million and creates at least 15 new jobs for which the average wage, excluding fringe benefits, is no less than 85 percent of the prevailing average wage.

4. For projects that are eligible under subdivision 2 or 3, the average wage of the new jobs, excluding fringe benefits, shall be no less than 85 percent of the prevailing average wage. In addition, for projects in such localities, the Governor may award a grant or loan for a project paying less than 85 percent of the prevailing average wage but still providing customary employee benefits, only after the Secretary of Commerce and Trade has made a written finding that the economic circumstances in the area are sufficiently distressed (i.e., high unemployment or underemployment and negative economic forecasts) that assistance to the locality to attract the project is nonetheless justified. However, the minimum private investment and number of new jobs required to be created as set forth in this subsection shall still be a condition of eligibility for an award from the Fund. Such written finding shall promptly be provided to the chairs of the Senate Committee on Finance and the House Committee on Appropriations.

F. 1. The Virginia Economic Development Partnership shall assist the Governor in developing objective guidelines and criteria that shall be used in awarding grants or making loans from the Fund. The guidelines may require that as a condition of receiving any grant or loan incentive that is based on employment goals, a recipient company must provide copies of employer quarterly payroll reports that have been provided to the Virginia Employment Commission to verify the employment status of any position included in the employment goal. The guidelines may include a requirement for the affected locality or localities to provide matching funds which may be cash or in-kind, at the discretion of the Governor. The guidelines and criteria shall include provisions for geographic diversity and a cap on the amount of funds to be provided to any individual project. At the discretion of the Governor, this cap may be waived for qualifying projects of regional or statewide interest. In developing the guidelines and criteria, the Virginia Economic Development Partnership shall use the measure for Fiscal Stress published by the Commission on Local Government of the Department of Housing and Community Development for the locality in which the project is located or will be located as one method of determining the amount of assistance a locality shall receive from the Fund.

2. a. Notwithstanding any provision in this section or in the guidelines, each political subdivision that receives a grant or loan from the Fund shall enter into a contract with each business beneficiary of funds from the Fund. A person or entity shall be a business beneficiary of funds from the Fund if grant or loan moneys awarded from the Fund by the Governor are paid to a political subdivision and (i) subsequently distributed by the political subdivision to the person or entity or (ii) used by the political subdivision for the benefit of the person or entity but never distributed to the person or entity.

b. The contract between the political subdivision and the business beneficiary shall provide in detail (i) the fair market value of all funds that the Commonwealth has committed to provide, (ii) the fair market value of all matching funds (or in-kind match) that the political subdivision has agreed to provide, (iii) how funds committed by the Commonwealth (including but not limited to funds from the Fund committed by the Governor) and funds that the political subdivision has agreed to provide are to be spent, (iv) the minimum private investment to be made and the number of new jobs to be created

agreed to by the business beneficiary, (v) the average wage (excluding fringe benefits) agreed to be paid in the new jobs, (vi) the prevailing average wage, and (vii) the formula, means, or processes agreed to be used for measuring compliance with the minimum private investment and new jobs requirements, including consideration of any layoffs instituted by the business beneficiary over the course of the period covered by the contract.

The contract shall state the date by which the agreed upon private investment and new job requirements shall be met by the business beneficiary of funds from the Fund and may provide for the political subdivision to grant up to a 15-month extension of such date if deemed appropriate by the political subdivision subsequent to the execution of the contract. Any extension of such date granted by the political subdivision shall be in writing and promptly delivered to the business beneficiary, and the political subdivision shall simultaneously provide a copy of the extension to the Virginia Economic Development Partnership.

The contract shall provide that if the private investment and new job contractual requirements are not met by the expiration of the date stipulated in the contract, including any extension granted by the political subdivision, the business beneficiary shall be liable to the political subdivision for repayment of a portion of the funds provided under the contract. The contract shall include a formula for purposes of determining the portion of such funds to be repaid. The formula shall, in part, be based upon the fair market value of all funds that have been provided by the Commonwealth and the political subdivision and the extent to which the business beneficiary has met the private investment and new job contractual requirements. Any such funds repaid to the political subdivision that relate to the award from the ~~Governor's Commonwealth's~~ Development Opportunity Fund shall promptly be paid over by the political subdivision to the Commonwealth by payment remitted to the State Treasurer. Upon receipt by the State Treasurer of such payment, the Comptroller shall deposit such repaid funds into the ~~Governor's Commonwealth's~~ Development Opportunity Fund.

c. The contract shall be amended to reflect changes in the funds committed by the Commonwealth or agreed to be provided by the political subdivision.

d. Notwithstanding any provision in this section or in the guidelines, whenever layoffs instituted by a business beneficiary over the course of the period covered by a contract cause the net total number of the new jobs created to be fewer than the number agreed to, then the business beneficiary shall return the portion of any funds received pursuant to the repayment formula established by the contract.

3. Notwithstanding any provision in this section or in the guidelines, prior to executing any such contract with a business beneficiary, the political subdivision shall provide a copy of the proposed contract to the Attorney General. The Attorney General shall review the proposed contract (i) for enforceability as to its provisions and (ii) to ensure that it is in appropriate legal form. The Attorney General shall provide any written suggestions to the political subdivision within seven days of his receipt of the copy of the contract. The Attorney General's suggestions shall be limited to the enforceability of the contract's provisions and the legal form of the contract.

4. Notwithstanding any provision in this section or in the guidelines, a political subdivision shall not expend, distribute, pledge, use as security, or otherwise use any award from the Fund unless and until such contract as described herein is executed with the business beneficiary.

G. Within the 30 days immediately following June 30 and December 30 of each year, the Governor shall provide a report to the Chairmen of the House Committees on Appropriations and Finance and the Senate Committee on Finance which shall include, but is not limited to, the following information regarding grants and loans awarded from the Fund during the immediately preceding six-month period for economic development projects: the name of the company that is the business beneficiary of the grant or loan and the type of business in which it engages; the location (county, city, or town) of the project; the amount of the grant or loan committed from the Fund and the amount of all other funds committed by the Commonwealth from other sources and the purpose for which such grants, loans, or other funds will be used; the amount of all moneys or funds agreed to be provided by political subdivisions and the purposes for which they will be used; the number of new jobs agreed to be created by the business beneficiary; the amount of investment in the project agreed to be made by the business beneficiary; the timetable for the completion of the project and new jobs created; the prevailing average wage; and the average wage (excluding fringe benefits) agreed to be paid in the new jobs.

H. The Governor shall provide grants and commitments from the Fund in an amount not to exceed the dollar amount contained in the Fund. If the Governor commits funds for years beyond the fiscal years covered under the existing appropriation act, the State Treasurer shall set aside and reserve the funds the Governor has committed, and the funds shall remain in the Fund for those future fiscal years. No grant or loan shall be payable in the years beyond the existing appropriation act unless the funds are currently available in the Fund.

*I.
