Along with such restrictions or conditions, the guidelines shall also address the recapture of such income under certain circumstances. The development of the guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

§ 58.1-402. Virginia taxable income.

A. For purposes of this article, Virginia taxable income for a taxable year means the federal taxable income and any other income taxable to the corporation under federal law for such year of a corporation adjusted as provided in subsections B, C, D, and E.

For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, and E.

B. There shall be added to the extent excluded from federal taxable income:

1. Interest, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such other state unless created by compact or agreement to which the Commonwealth is a party;

2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;

3. [Repealed.]

4. The amount of any net income taxes and other taxes, including franchise and excise taxes, which are based on, measured by, or computed with reference to net income, imposed by the Commonwealth or any other taxing jurisdiction, to the extent deducted in determining federal taxable income;

5. Unrelated business taxable income as defined by § 512 of the Internal Revenue Code;

6. [Repealed.]

7. The amount required to be included in income for the purpose of computing the partial tax on an accumulation distribution pursuant to § 667 of the Internal Revenue Code;

8. a. For taxable years beginning on and after January 1, 2004, the amount of any intangible expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under § 58.1-446;

9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

(2) The interest expenses and costs are not directly or indirectly for, related to or in connection with the direct or indirect acquisition, maintenance, management, sale, exchange, or disposition of intangible property; and

(3) The transaction giving rise to the expenses and costs between the corporation and the related member has a valid business purpose other than the avoidance or reduction of taxation and payments between the parties are made at arm's length rates and terms; and

(4) One of the following applies:

(i) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(ii) Payments arise pursuant to a pre-existing contract entered into when the parties were not related members provided the payments continue to be made at arm's length rates and terms;

(iii) The related member engages in transactions with parties other than related members that generate revenue in excess of \$2 million annually; or

(iv) The transaction giving rise to the interest payments between the corporation and a related member was done at arm's length rates and terms and meets any of the following: (a) the related member uses funds that are borrowed from a party other than a related member or that are paid, incurred or passed-through to a person who is not a related member; (b) the debt is part of a regular and systematic funds management or portfolio investment activity conducted by the related member, whereby the funds of two or more related members are aggregated for the purpose of achieving economies of scale, the internal financing of the active business operations of members, or the benefit of centralized management of funds; (c) financing the expansion of the business operations; or (d) restructuring the debt of related members, or the pass-through of acquisition-related indebtedness to related members.

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

CHAPTER 393

An Act to amend and reenact §§ 46.2-653.1, 58.1-3219.5, and 58.1-3219.9 of the Code of Virginia, relating to real property tax exemption; residence of disabled veteran, and the spouse of a service member killed in action.

[H 1203]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-653.1, 58.1-3219.5, and 58.1-3219.9 of the Code of Virginia are amended and reenacted as follows:

§ 46.2-653.1. Conversion of manufactured home to real property.

A. After a manufactured home has been titled in the Commonwealth and at such time as the wheels and other equipment previously used for mobility have been removed and the unit has been attached to real property owned by the manufactured home owner, the owner may convert the home to real property in accordance with the provisions of subsection B. ~~The~~ *Except as provided in §§ 58.1-3219.5 and 58.1-3219.9, and for the purposes stated in §§ 58.1-3219.5 and 58.1-3219.9, the provisions of this section constitute the only manner by which a manufactured home owner may convert a manufactured home to real property.*

B. A manufactured home owner who wishes to convert the home to real property shall submit a sworn affidavit to the Department that the wheels and other equipment previously used for mobility have been removed from the manufactured home and the unit has been attached to real property owned by the manufactured home owner.

The affidavit must be in a form approved by the Commissioner. Upon compliance by the owner with the procedure for surrender of title, the Department shall rescind and cancel the Virginia title. The Department shall not cancel the title if a security interest has been recorded on the title and not released by the secured party. After canceling the title, the Department shall provide written confirmation to the owner that the title has been surrendered and has been canceled by the Department.

Upon receipt of confirmation that the title has been surrendered and has been canceled by the Department, the owner shall file a sworn affidavit of affixation with the circuit court of the locality where the real property is located. The affidavit shall include all of the following information:

1. The manufacturer and, if applicable, the model name of the manufactured home.
2. The vehicle identification number and serial number of the manufactured home.
3. The legal description of the real property on which the manufactured home is placed, including the property address, stating that the owner of the manufactured home also owns the real property.
4. Certification that there are no security interests in the manufactured home that have not been released by the secured party.
5. The homeowner's statement that the title has been surrendered and has been canceled by the Department and that the home is intended to be a permanent fixture and improvement to the land, to the same extent as any site-built home, and assessed and taxed with the land as real property.

In addition, a copy of the confirmation provided by the Department that the title has been surrendered and canceled by the Department shall be attached to and filed with the affidavit.

Upon filing the affidavit of affixation, the manufactured home shall then be deemed to be real estate and shall thereafter be conveyed and encumbered only as real estate is conveyed and encumbered, except when the home is thereafter physically severed from the real property and a new title issued in accordance with subsection C.

A security interest in a manufactured home is perfected against the rights of judicial lien creditors, execution creditors, and purchasers for value on and after the date such security interest attaches. The Commissioner shall have prepared a list of all titles canceled pursuant to this section and furnish it, in conjunction with the reports submitted pursuant to § 46.2-210, to the commissioner of the revenue of each county and city without cost.

C. If the owner of a manufactured home whose certificate of title has been canceled under this section subsequently seeks to sever the manufactured home from the real property, the owner may apply for a new certificate of title in accordance with the provisions of this section.

1. The owner shall file with the circuit court where the real property is located an affidavit that includes or provides for all of the following information:

- a. The manufacturer and, if applicable, the model name of the manufactured home.
- b. The vehicle identification number and serial number of the manufactured home.
- c. The legal description of the real property on which the manufactured home is or was placed, stating that the owner of the manufactured home also owns the real property.
- d. Certification that there are no security interests in the manufactured home that have not been released by the secured party.
- e. The homeowner's statement that the home has been or will be physically severed from the real property.

2. The owner must submit the following to the Department:

- a. A copy of the affidavit filed in accordance with subdivision C 1.
- b. Verification that the manufactured home has been severed from the real property. Confirmation of severance by the commissioner of the revenue where the real property is located shall constitute acceptable evidence that the unit has been severed from the real property.

Upon receipt of the information required in subdivision C 2, together with a title application and required fee, the Department is authorized to issue a new title for the manufactured home. The initial title issued under the provisions of this subsection shall contain no security interests, provided however, that nothing contained herein shall be construed to prevent a subsequent security interest from being recorded on the title.

§ 58.1-3219.5. Exemption from taxes on property for disabled veterans.

A. Pursuant to subdivision (a) of Section 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2011, the General Assembly hereby exempts from taxation the real property, including the joint real property of husband and wife, of any veteran who has been rated by the U.S. Department of Veterans Affairs or its successor agency pursuant to federal law to have a 100 percent service-connected, permanent, and total disability, and who occupies the real property as his principal place of residence. If the veteran's disability rating occurs after January 1, 2011, and he has a qualified primary residence on the date of the rating, then the exemption for him under this section begins on the date of such rating. However, no county, city, or town shall be liable for any interest on any refund due to the veteran for taxes paid prior to the veteran's filing of the affidavit or written statement required by § 58.1-3219.6. If the qualified veteran acquires the property after January 1, 2011, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. The surviving spouse of a veteran eligible for the exemption set forth in this article shall also qualify for the exemption, so long as the death of the veteran occurs on or after January 1, 2011, the surviving spouse does not remarry, and the surviving spouse continues to occupy the real property as his principal place of residence.

C. A county, city, or town shall provide for the exemption from real property taxes the qualifying dwelling pursuant to this section, and shall provide for the exemption from real property taxes the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section. *If the veteran owns a house that is his residence, including a manufactured home as defined in § 46.2-100 whether or not the wheels and other equipment previously used for mobility have been removed, such house or manufactured home shall be exempt even if the veteran does not own the land on which the house or manufactured home is located. If such land is not owned by the veteran, then the land is not exempt.*

D. For purposes of this exemption, real property of any veteran includes real property (i) held by a veteran alone or in conjunction with the veteran's spouse as tenant or tenants for life or joint lives, (ii) held in a revocable inter vivos trust over which the veteran or the veteran and his spouse hold the power of revocation, or (iii) held in an irrevocable trust under which a veteran alone or in conjunction with his spouse possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

The exemption for a surviving spouse under subsection B includes real property (a) held by the veteran's spouse as tenant for life, (b) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (c) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. The exemption does not apply to any interest held under a leasehold or term of years.

E. 1. In the event that (i) a person is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection D and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the number of people who are qualified for the exemption pursuant to this section and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the primary residence is jointly owned by two or more individuals, not all of whom qualify for the exemption pursuant to subsection A or B, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection D, then the exemption shall be prorated by multiplying the amount of the exemption or deferral by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by all such joint owners who qualify for the exemption pursuant to subsections A and B, and as a denominator, 100 percent.

§ 58.1-3219.9. Exemption from taxes on property of surviving spouses of members of the armed forces killed in action.

A. Pursuant to subdivision (b) of Section 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2015, the General Assembly hereby exempts from taxation the real property described in subsection B of the surviving spouse (i) of any member of the armed forces of the United States who was killed in action as determined by the United States Department of Defense and (ii) who occupies the real property as his principal place of residence. If such member of the armed forces of the United States is killed in action after January 1, 2015, and the surviving spouse has a qualified principal residence on the date that such member of the armed forces is killed in action, then the exemption for the surviving spouse shall begin on the date that such member of the armed forces is killed in action. However, no county, city, or town shall be liable for any interest on any refund due to the surviving spouse for taxes paid prior to the surviving spouse's filing of the affidavit or written statement required by § 58.1-3219.10. If the surviving spouse acquires the property after January 1, 2015, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. Those dwellings in the locality with assessed values in the most recently ended tax year that are not in excess of the average assessed value for such year of a dwelling situated on property that is zoned as single family residential shall qualify for a total exemption from real property taxes under this article. If the value of a dwelling is in excess of the average assessed value as described in this subsection, then only that portion of the assessed value in excess of the average assessed value shall be subject to real property taxes, and the portion of the assessed value that is not in excess of the average assessed value shall be exempt from real property taxes. Single family homes, condominiums, town homes, *manufactured*

homes as defined in § 46.2-100 whether or not the wheels and other equipment previously used for mobility have been removed, and other types of dwellings of surviving spouses, whether or not the land on which the single family home, condominium, town home, manufactured home, or other type of dwelling of a surviving spouse is located is owned by someone other than the surviving spouse, that (i) meet this requirement and (ii) are occupied by such persons as their principal place of residence shall qualify for the real property tax exemption. If the land on which the single family home, condominium, town home, manufactured home, or other type of dwelling is located is not owned by the surviving spouse, then the land is not exempt.

For purposes of determining whether a dwelling, or a portion of its value, is exempt from county and town real property taxes, the average assessed value shall be such average for all dwellings located within the county that are situated on property zoned as single family residential.

C. The surviving spouse of a member of the armed forces killed in action shall qualify for the exemption so long as the surviving spouse does not remarry and continues to occupy the real property as his principal place of residence. The exemption applies without any restriction on the spouse's moving to a different principal place of residence.

D. A county, city, or town shall provide for the exemption from real property taxes (i) the qualifying dwelling, or the portion of the value of such dwelling and land that qualifies for the exemption pursuant to subsection B, and (ii) *except land not owned by the surviving spouse*, the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section.

E. For purposes of this exemption, real property of any surviving spouse of a member of the armed forces killed in action includes real property (i) held by a surviving spouse as a tenant for life, (ii) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (iii) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

F. 1. In the event that (i) a surviving spouse is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has 1 as a numerator and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the principal residence is jointly owned by two or more individuals including the surviving spouse, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E, then the exemption shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by the surviving spouse, and as a denominator, 100 percent.

However, in the case of a storage lien, to obtain the priority for an amount in excess of \$300, the person asserting the lien shall make a reasonable attempt to notify any secured party of record at the Department of Game and Inland Fisheries by telephonic means and shall give written notice by certified mail, return receipt requested, to any secured party of record at the Department of Game and Inland Fisheries within seven business days of taking possession of the boat or aircraft. Notwithstanding a redelivery, the watercraft shall be subject to subsection D.

§ 24.2-222.1. Alternative election of mayor and council at November general election in cities and towns.

A. Notwithstanding the provisions of § 24.2-222, *and notwithstanding any contrary provisions of a city or town charter*, the council of a city or town may provide by ordinance that the mayor, if an elected mayor is provided for by charter, and council shall be elected at the November general election date of any cycle as designated in the ordinance, for terms to commence January 1. No such ordinance shall be adopted between January 1 and the May general election date of the year in which city or town elections regularly are scheduled to be held therein.

B. Alternatively, the registered voters of a city or town may file a petition with the circuit court of the city or of the county within which the town is located asking that a referendum be held on the question of whether the city or town should elect the mayor, if an elected mayor is provided for by charter, and council members at the November general election date of any cycle as designated in the petition. The petition shall be signed by registered voters equal in number to at least ten percent of the number registered in the city or town on the January 1 preceding the filing.

The court, pursuant to § 24.2-684, shall order the election officials on a day fixed in the order to conduct a referendum on the question, provided that no such referendum shall be scheduled between January 1 and the May general election date of the year in which city or town elections regularly are scheduled to be held therein. The clerk of the court shall publish notice of the referendum once a week for the three consecutive weeks prior to the referendum in a newspaper having general circulation in the city or town, and shall post a copy of the notice at the door of the courthouse of the city or county within which the town is located. The question on the ballot shall be:

"Shall the (city or town) change the election date of the mayor (if so provided by charter) and members of council from the May general election to the November general election (in even-numbered or odd-numbered years or as otherwise designated in the petition)?"

If members of the school board in the city or town are elected by the voters, the ballot question also shall state that the change in election date applies to the election of school board members.

The referendum shall be held and the results certified as provided in § 24.2-684. If a majority of the voters voting in the referendum vote in favor of the change, the mayor and council thereafter shall be elected at the November general election date for terms to commence January 1.

C. Except as provided in subsection D, no term of a mayor or member of council shall be shortened in implementing the change to the November election date. Mayors and members of council who were elected at a May general election and whose terms are to expire as of June 30 shall continue in office until their successors have been elected at the November general election and have been qualified to serve.

D. In any city or town that elects its council biennially or quadrennially and that changes to the November general election date in odd-numbered years from the May general election date in even-numbered years, mayors and members of council who were elected at a May general election shall have their term of office shortened by six months but shall continue in office until their successors have been elected at the November general election and have been qualified to serve.

CHAPTER 408

An Act to amend and reenact § 63.2-1605 of the Code of Virginia, relating to financial exploitation of adults.

[H 248]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 63.2-1605 of the Code of Virginia is amended and reenacted as follows:

§ 63.2-1605. Protective services for adults by local departments.

A. Each local board, to the extent that federal or state matching funds are made available to each locality, shall provide, pursuant to regulations and subject to supervision of the Commissioner for Aging and Rehabilitative Services, adult protective services for adults who are found to be abused, neglected or exploited and who meet one of the following criteria: (i) the adult is 60 years of age or older or (ii) the adult is 18 years of age or older and is incapacitated. The requirement to provide such services shall not limit the right of any individual to refuse to accept any of the services so offered, except as provided in § 63.2-1608.

B. Upon receipt of the report pursuant to § 63.2-1606, the local department shall determine the validity of such report and shall initiate an investigation within 24 hours of the time the report is received in the local department. Local departments shall consider valid any report meeting all of the following criteria: (i) the subject of the report is an adult as defined in this article, (ii) the report concerns a specific adult and there is enough information to locate the adult, and (iii) the report describes the circumstances of the alleged abuse, neglect, or exploitation.

C. The local department shall refer any appropriate matter and all relevant documentation to the appropriate licensing, regulatory, or legal authority for administrative action or criminal investigation.

D. If a local department is denied access to an adult for whom there is reason to suspect the need for adult protective services, then the local department may petition the circuit court for an order allowing access or entry or both. Upon a showing of good cause supported by an affidavit or testimony in person, the court may enter an order permitting such access or entry.

E. In any case of suspected adult abuse, neglect, or exploitation, local departments, with the informed consent of the adult or his legal representative, shall take or cause to be taken photographs, video recordings, or appropriate medical imaging of the adult and his environment as long as such measures are relevant to the investigation and do not conflict with § 18.2-386.1. However, if the adult is determined to be incapable of making an informed decision and of giving informed consent and either has no legal representative or the legal representative is the suspected perpetrator of the adult abuse, neglect, or exploitation, consent may be given by an agent appointed under an advance medical directive or medical power of attorney, or by a person authorized, pursuant to § 54.1-2986. In the event no agent or authorized representative is immediately available then consent shall be deemed to be given.

F. Local departments shall foster the development, implementation, and coordination of adult protective services to prevent adult abuse, neglect, and exploitation.

G. Local departments shall not investigate allegations of abuse, neglect, or exploitation of adults incarcerated in state correctional facilities.

H. Local departments or the adult protective services hotline, upon receiving the initial report pursuant to § 63.2-1606, shall immediately notify the local law-enforcement agency where the adult resides, or where the alleged abuse, neglect, or exploitation took place, or if these places are unknown, then where the alleged abuse, neglect, or exploitation was discovered, when in receipt of a report describing any of the following:

1. Sexual abuse as defined in § 18.2-67.10;
2. Death, serious bodily injury or disease as defined in § 18.2-369 that is believed to be the result of abuse or neglect; or
3. Any other criminal activity involving abuse or neglect that places the adult in imminent danger of death or serious bodily harm.

I. Upon receipt of an initial report pursuant to § 63.2-1606 or during an adult protective services investigation of suspected financial exploitation of an adult in which financial losses to the adult resulting from the exploitation are suspected to be greater than \$50,000, the local department or adult protective services hotline shall immediately refer the matter and all relevant documentation to the local law-enforcement agency where the adult resides or where the alleged exploitation took place or, if these places are not known, where the alleged exploitation was discovered, for investigation.

J. The report and evidence received by the local department and any written findings, evaluations, records, and recommended actions shall be confidential and shall be exempt from disclosure requirements of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), except that such information may be disclosed to persons having a legitimate interest in the matter in accordance with §§ 63.2-102 and 63.2-104 and pursuant to official interagency agreements or memoranda of understanding between state agencies.

CHAPTER 409

An Act to amend and reenact § 54.1-2957 of the Code of Virginia, relating to nurse practitioners; practicing outside of a patient care team.

[H 581]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:**1. That § 54.1-2957 of the Code of Virginia is amended and reenacted as follows:****§ 54.1-2957. Licensure and practice of nurse practitioners; practice agreements.**

A. The Board of Medicine and the Board of Nursing shall jointly prescribe the regulations governing the licensure of nurse practitioners. It shall be unlawful for a person to practice as a nurse practitioner in the Commonwealth unless he holds such a joint license.

B. A nurse practitioner shall only practice as part of a patient care team. Each member of a patient care team shall have specific responsibilities related to the care of the patient or patients and shall provide health care services within the scope of his usual professional activities. Nurse practitioners practicing as part of a patient care team shall maintain appropriate collaboration and consultation, as evidenced in a written or electronic practice agreement, with at least one patient care team physician. Nurse practitioners who are certified registered nurse anesthetists shall practice under the supervision of a licensed doctor of medicine, osteopathy, podiatry, or dentistry. Nurse practitioners appointed as medical examiners pursuant to § 32.1-282 shall practice in collaboration with a licensed doctor of medicine or osteopathic medicine who has been appointed to serve as a medical examiner pursuant to § 32.1-282. Collaboration and consultation among nurse practitioners and patient care team physicians may be provided through telemedicine as described in § 38.2-3418.16. Practice of patient care teams in all settings shall include the periodic review of patient charts or electronic health records and may include visits to the site where health care is delivered in the manner and at the frequency determined by the patient care team.

Physicians on patient care teams may require that a nurse practitioner be covered by a professional liability insurance policy with limits equal to the current limitation on damages set forth in § 8.01-581.15.

Service on a patient care team by a patient care team member shall not, by the existence of such service alone, establish or create liability for the actions or inactions of other team members.

C. The Board of Medicine and the Board of Nursing shall jointly promulgate regulations specifying collaboration and consultation among physicians and nurse practitioners working as part of patient care teams that shall include the development of, and periodic review and revision of, a written or electronic practice agreement; guidelines for availability and ongoing communications that define consultation among the collaborating parties and the patient; and periodic joint evaluation of the services delivered. Practice agreements shall include a provision for appropriate physician input in complex clinical cases and patient emergencies and for referrals. Evidence of a practice agreement shall be maintained by a nurse practitioner and provided to the Boards upon request. For nurse practitioners providing care to patients within a hospital or health care system, the practice agreement may be included as part of documents delineating the nurse practitioner's clinical privileges or the electronic or written delineation of duties and responsibilities in collaboration and consultation with a patient care team physician.

D. The Boards may issue a license by endorsement to an applicant to practice as a nurse practitioner if the applicant has been licensed as a nurse practitioner under the laws of another state and, in the opinion of the Boards, the applicant meets the qualifications for licensure required of nurse practitioners in the Commonwealth.

E. Pending the outcome of the next National Specialty Examination, the Boards may jointly grant temporary licensure to nurse practitioners.

F. In the event a physician who is serving as a patient care team physician dies, becomes disabled, retires from active practice, surrenders his license or has it suspended or revoked by the Board, or relocates his practice such that he is no longer able to serve, and a nurse practitioner is unable to enter into a new practice agreement with another patient care team physician, the nurse practitioner may continue to practice upon notification to the designee or his alternate of the Boards and receipt of such notification. Such nurse practitioner may continue to treat patients without a patient care team physician for an initial period not to exceed 60 days, provided the nurse practitioner continues to prescribe only those drugs previously authorized by the practice agreement with such physician and to have access to appropriate physician input in complex clinical cases and patient emergencies and for referrals. The designee or his alternate of the Boards shall grant permission for the nurse practitioner to continue practice under this subsection for another 60 days, provided the nurse practitioner provides evidence of efforts made to secure another patient care team physician and of access to physician input.

G. As used in this section:

"Collaboration" means the communication and decision-making process among members of a patient care team related to the treatment and care of a patient and includes (i) communication of data and information about the treatment and care of a patient, including exchange of clinical observations and assessments; and (ii) development of an appropriate plan of care, including decisions regarding the health care provided, accessing and assessment of appropriate additional resources or expertise, and arrangement of appropriate referrals, testing, or studies.

"Consultation" means the communicating of data and information, exchanging of clinical observations and assessments, accessing and assessing of additional resources and expertise, problem-solving, and arranging for referrals, testing, or studies.

CHAPTER 415

An Act to amend and reenact § 15.2-2119 of the Code of Virginia, relating to delinquent water and sewer charges.

[H 919]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2119 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2119. Fees and charges for water and sewer services.

A. For water and sewer services provided by localities, fees and charges may be charged to and collected from (i) any person contracting for the same; (ii) the owner who is the occupant of the property or where a single meter serves multiple units; (iii) a lessee or tenant, provided that the lessee or tenant has written authorization from the owner of the property to obtain water and sewer services in the name of such lessee or tenant with such fees and charges applicable for water and sewer services (a) which directly or indirectly is or has been connected with the sewage disposal system and (b) from or on which sewage or industrial wastes originate or have originated and have directly or indirectly entered or will enter the sewage disposal system; or (iv) any user of a municipality's water or sewer system with respect to combined sanitary and storm water sewer systems where the user is a resident of the municipality and the purpose of any such fee or charge is related to the control of combined sewer overflow discharges from such systems. Such fees and charges shall be practicable and equitable and payable as directed by the respective locality operating or providing for the operation of the water or sewer system. A locality providing water and sewer services may establish, by adoption of a resolution, that water and sewer services may be provided to a lessee or tenant pursuant to provision (iii) without obtaining an authorization form from the property owner. For purposes of this section, a written or electronic authorization from the owner of the property to obtain water and sewer services in the name of such lessee or tenant substantially in the form as follows shall be sufficient compliance with this section:

DATE

[INSERT NAME OF WATER AND SEWER SERVICES PROVIDER AND ADDRESS]

RE: [INSERT FULL TENANT NAME AND ADDRESS]

To Whom It May Concern:

[INSERT TENANT NAME] has entered into a lease for the property located at [INSERT ADDRESS] and is authorized to obtain services at this address as a tenant of [INSERT PROPERTY OWNER NAME].

Signed:

PROPERTY OWNER

B. Such fees and charges, being in the nature of use or service charges, shall, as nearly as the governing body deems practicable and equitable, be uniform for the same type, class and amount of use or service of the sewage disposal system, and may be based or computed either on the consumption of water on or in connection with the real estate, making due allowances for commercial use of water, or on the number and kind of water outlets on or in connection with the real estate or on the number and kind of plumbing or sewage fixtures or facilities on or in connection with the real estate or on the number or average number of persons residing or working on or otherwise connected or identified with the real estate or any other factors determining the type, class and amount of use or service of the sewage disposal system, or any combination of such factors, or on such other basis as the governing body may determine. Such fees and charges shall be due and payable at such time as the governing body may determine, and the governing body may require the same to be paid in advance for periods of not more than six months. The revenue derived from any or all of such fees and charges is hereby declared to be revenue of such sewage disposal system.

C. Water and sewer connection fees established by any locality shall be fair and reasonable. Such fees shall be reviewed by the locality periodically and shall be adjusted, if necessary, to assure that they continue to be fair and reasonable. Nothing herein shall affect existing contracts with bondholders which are in conflict with any of the foregoing provisions.

D. If the fees and charges charged for water service or the use and services of the sewage disposal system by or in connection with any real estate are not paid when due, a penalty and interest shall at that time be owed as provided for by general law, and the owner, lessee, or tenant, as the case may be, of such real estate shall, until such fees and charges are paid with such penalty and interest to the date of payment, cease to dispose of sewage or industrial waste originating from or on such real estate by discharge thereof directly or indirectly into the sewage disposal system. If such owner, lessee, or tenant does not pay the full amount of charges, penalty, and interest for water provided or cease such disposal within ~~two~~ ~~months~~ ~~30 days~~ thereafter, the locality or person supplying water or sewage disposal services for the use of such real estate shall notify such owner, lessee, or tenant of the delinquency. If such owner, lessee, or tenant does not pay the full amount of

charges, penalty, and interest for water provided or cease such disposal within 60 days after the delinquent fees and charges charged for water or sewage disposal services are due, the locality or person supplying water or sewage disposal services for the use of such real estate shall may cease supplying water and sewage disposal services thereto unless the health officers certify that shutting off the water will endanger the health of the occupants of the premises or the health of others. At least ten business days prior to ceasing the supply of water or sewage disposal services, the locality or person supplying such services shall provide the owner, lessee, or tenant with written notice of such cessation.

E. Such fees and charges, and any penalty and interest thereon, shall constitute a lien against the property, ranking on a parity with liens for unpaid taxes.

A lien may be placed on the property in the amount of up to three months of delinquent water and sewer charges, any applicable penalties and interest on such delinquent charges, and reasonable attorney fees and other costs of collection not exceeding 20 percent of such delinquent charges. In no case shall a lien for less than \$25 be placed against the property. In the case of services to a lessee or tenant, if the locality does not cease supplying water to the lessee or tenant ~~60~~ within 60 days after the bill becomes delinquent, unless water is required to be provided pursuant to subsection D or other applicable law, there shall be no lien placed on the property for charges and collection costs beyond the 60-day period and no recourse against the property owner for service beyond the 60-day period.

F. Unless the locality has adopted a resolution to not require authorization from land owners for water and sewer service provided to lessees or tenants pursuant to subsection A, a lien may be placed on the property for water and sewer services used by a lessee or tenant only if the locality has (i) advised the owner of the property in writing that a lien may be placed on the property if the lessee or tenant fails to pay any delinquent water and sewer charges; (ii) mailed by first-class mail to the owner of the property, or sent electronically if requested by the owner, at the address listed in the written authorization from the owner of the property (or such other address as the owner may provide), a duplicate copy of the final bill sent to the lessee or tenant at the time of sending the final bill to such lessee or tenant; (iii) collected a security deposit from the lessee or tenant as reasonably determined by the locality to be sufficient to collateralize the locality for not less than three and no more than five months of water and sewer charges; (iv) ~~has~~ applied the security deposit held by the locality to the payment of the outstanding balance; (v) ~~has~~ employed reasonable collection efforts and practices to collect amounts due from a lessee or a tenant including filing for the Set-Off Debt Collection Program if the locality is a participant; and (vi) ~~has~~ provided the property owner with 30 days' written notice with a copy of the final bill to allow the property owner a reasonable opportunity to pay the amount of any outstanding balance and avoid the recordation of a lien against the property. If the property owner fails to pay the amount of the outstanding balance within the 30-day period, the locality may record a lien in the amount of the outstanding balance against the property owner. Upon payment of the outstanding balance, or any portion thereof, or of any amounts of such fees and charges owed by the former tenant, the property owner shall be entitled to receive any refunds and shall be subrogated against the former tenant in place of the locality in the amount paid by the property owner. The locality shall execute all documents necessary to perfect such subrogation in favor of the property owner.

G. When the owner has provided the lessee or tenant with written authorization from the owner of the property to obtain water and sewer services in the name of such lessee or tenant, nothing herein shall be construed to authorize the locality to require (i) the owner to put water and sewer services in the name of the owner, except in the case where a single meter serves multiple tenant units, or (ii) a security deposit or a guarantee of payment from an owner of property.

H. The locality shall not require a security deposit from the lessee or tenant to obtain water and sewer services in the name of such lessee or tenant if such lessee or tenant presents to the locality a landlord authorization letter which has attached documentation showing such lessee or tenant receives need-based local, state, or federal rental assistance, and the absence of a security deposit shall not prevent a locality from exercising its lien rights as authorized under subsection F.

I. Unless a lien has been recorded against the property owner, the locality shall not deny service to a new tenant who is requesting service at a particular property address based upon the fact that a former tenant has not paid any outstanding fees and charges charged for the use and services in the name of the former previous tenant. In addition, the locality shall provide information relative to a former tenant or current tenant to the property owner upon request of the property owner. If the property owner provides the locality a request to be notified of a tenant's delinquent water bill and provides an email address, the locality shall send the property owner notice when a tenant's water bill has become 15 days delinquent.

J. Notwithstanding any provision of law to the contrary, any town with a population between 11,000 and 14,000, with the concurrence of the affected county, which provides and operates sewer services outside its boundaries may provide sewer services to industrial and commercial users outside its boundaries and collect such compensation therefor as may be contracted for between the town and such user. Such town shall not thereby be obligated to provide sewer services to any other users outside its boundaries.

K. The lien shall not bind or affect a subsequent bona fide purchaser of the real estate for valuable consideration without actual notice of the lien until the amount of such delinquent charges is entered in the official records of the office of the clerk of the circuit court in the jurisdiction in which the real estate is located. The clerk shall make and index the entries in the clerk's official records for a fee of \$5 per entry, to be paid by the locality and added to the amount of the lien.

L. The lien on any real estate may be discharged by the payment to the locality of the total lien amount and the interest which has accrued to the date of the payment. The locality shall deliver a fully executed lien release substantially in the form set forth in this subsection to the person making the payment. The locality shall provide the fully executed lien release to the person who made payment within 10 business days of such payment if the person who made such payment did not

personally appear at the time of such payment. Upon presentation of such lien release, the clerk shall mark the lien satisfied. There shall be no separate clerk's fee for such lien release. For purposes of this section, a lien release of the water and sewer lien substantially in the form as follows shall be sufficient compliance with this section:

CHAPTER 417

An Act to amend and reenact § 15.2-1517 of the Code of Virginia, relating to fire or rescue volunteers; mental health treatment; funding by locality.

[H 233]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-1517 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-1517. Insurance for employees and retired employees of localities and other local governmental entities; participation by certain volunteers.

A. Any locality may provide group life, accident, and health insurance programs for its officers and employees; employees of boards, commissions, agencies, or authorities created by or controlled by such locality; or employees of boards, commissions, agencies, or authorities that are political subdivisions of the Commonwealth and work in close cooperation with such locality. In addition, any locality that provides such a health insurance program may allow eligible members of approved volunteer fire or rescue companies, as determined by the locality, to participate in such a health insurance program. Such programs may be through a program of self-insurance, purchased insurance, or partial self-insurance and purchased insurance, whichever is determined to be the most cost effective. The total cost of such

policies or protection may be paid entirely by the locality or shared with the employee. The governing body of any locality may provide for its retired officers and retired employees to be eligible for such group life, accident, and health insurance programs. The cost of such insurance for retired officers and retired employees may be paid in whole or in part by the locality. The governing body of any locality may permit members of approved volunteer fire or rescue companies to participate in its group health insurance programs, subject to the eligibility criteria established by the locality. The cost of a volunteer's participation in such a health insurance program shall be paid for in full by the participating volunteer. *Any locality may fund the cost of a volunteer's participation in a mental health treatment and counseling program that is offered to individual members of approved volunteer fire or rescue companies and is comparable to an employee assistance program offered to paid employees of the locality.*

B. In the event a county or city elects to provide one or more of such programs for its officers and employees, it shall provide such programs to the constitutional officers and their employees on the same basis as provided to other officers and employees, unless the constitutional officers and employees are covered under a state program, and the cost of such local program shall be borne entirely by the locality or shared with the employee.

C. 1. Except as otherwise provided herein, in the event the governing body of any locality elects to provide group accident and health insurance for its officers and employees, including constitutional officers and their employees, such programs shall require that upon retirement, or upon the effective date of this provision for those who have previously retired, any such individual with (i) at least 15 years of continuous employment with the locality or (ii) less than 15 years of continuous employment who has retired due to line-of-duty injuries may choose to continue his coverage with the insurer at the retiree's expense until such individual attains 65 years of age at the insurer's customary premium rate applicable (a) to such policies, (b) to the class of risk to which the person then belongs, and (c) to his age.

2. The governing body, when providing this coverage, may further provide that the retiree be rated separately from the active employees covered under the group plan offered by such governing body.

3. Any locality that has not offered the opportunity to continue group health coverage provided by the locality as required by subdivision 1 to its retirees who had retired on or before June 30, 1993, and who meet the criteria for such coverage as set forth in subdivision 1, shall do so by July 1, 2000. Any retiree from the service of a locality who had retired on or before June 30, 1993, and who meets the criteria to continue his group health coverage from the locality under subdivision 1 who has not yet elected to continue his group health coverage from the locality shall elect whether to do so by July 1, 2000.

4. Nothing herein shall prohibit a locality from providing group accident and health coverage or benefits for its retirees in addition to the coverage required under this section.

D. Any locality that offers group health plans to its employees and the employees of constitutional officers and its retirees, as provided by this section or otherwise, may provide in the plan providing such coverage that any retiree who is participating in a group health plan provided by the locality who subsequently terminates his participation in such plan may not thereafter rejoin a group health plan provided by the locality.

[H 1334]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-57.3 of the Code of Virginia is amended and reenacted as follows:

§ 18.2-57.3. Persons charged with first offense of assault and battery against a family or household member may be placed on local community-based probation; conditions; education and treatment programs; costs and fees; violations; discharge.

A. When a person is charged with a violation of § 18.2-57.2, the court may defer the proceedings against such person, without a finding of guilt, and place him on probation under the terms of this section.

B. For a person to be eligible for such deferral, the court shall find that (i) the person was an adult at the time of the commission of the offense, (ii) the person has not previously been convicted of any offense under this article or under any statute of the United States or of any state or any ordinance of any local government relating to assault and battery against a family or household member, (iii) the person has not previously had a proceeding against him for violation of such an offense dismissed as provided in this section, (iv) the person pleads guilty to, or enters a plea of not guilty or nolo

contendere and the court finds the evidence is sufficient to find the person guilty of, a violation of § 18.2-57.2, and (v) the person consents to such deferral.

C. The court ~~may~~ shall (i) where a local community-based probation services agency established pursuant to Article 9 (§ 9.1-173 et seq.) of Chapter 1 of Title 9.1 is available, order that the eligible person be placed with such agency and require, as a condition of local community-based probation, the person to successfully complete all treatment, education programs or services, or any combination thereof indicated by an assessment or evaluation obtained by the local community-based probation services agency if such assessment, treatment or education services are available; or (ii) require successful completion of treatment, education programs or services, or any combination thereof, such as, in the opinion of the court, may be best suited to the needs of the person.

D. The court shall require the person entering such education or treatment program or services under the provisions of this section to pay all or part of the costs of the program or services, including the costs of any assessment, evaluation, testing, education and treatment, based upon the person's ability to pay. Such programs or services shall offer a sliding-scale fee structure or other mechanism to assist participants who are unable to pay the full costs of the required programs or services.

The court shall order the person to be of good behavior for a total period of not less than two years following the deferral of proceedings, including the period of supervised probation, if available.

The court shall, unless done at arrest, order the person to report to the original arresting law-enforcement agency to submit to fingerprinting.

E. Upon fulfillment of the terms and conditions specified in the court order, the court shall discharge the person and dismiss the proceedings against him. Discharge and dismissal under this section shall be without adjudication of guilt and is a conviction only for the purposes of applying this section in subsequent proceedings. No charges dismissed pursuant to this section shall be eligible for expungement under § 19.2-392.2.

F. Upon violation of a term or condition of supervised probation or of the period of good behavior, the court may enter an adjudication of guilt and proceed as otherwise provided by law.

CHAPTER 423

An Act to amend and reenact §§ 19.2-386.2, 19.2-386.2:1, 19.2-386.10, and 19.2-386.14 of the Code of Virginia, relating to asset forfeiture.

[S 423]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-386.2, 19.2-386.2:1, 19.2-386.10, and 19.2-386.14 of the Code of Virginia are amended and reenacted as follows:

§ 19.2-386.2. Seizure of named property.

A. When any property subject to seizure under Chapter 22.2 (§ 19.2-386.15 et seq.) or other provision under the Code has not been seized at the time an information naming that property is filed, the clerk of the circuit court or a judge of the circuit court, upon motion of the attorney for the Commonwealth wherein the information is filed, shall issue a warrant to the sheriff or other state or local law-enforcement officer authorized to serve criminal process in the jurisdiction where the property is located, describing the property named in the complaint and authorizing its immediate seizure.

B. In all cases of seizure of real property, a notice of lis pendens shall be filed with the clerk of the circuit court of the county or city wherein the property is located and shall be indexed in the land records in the name or names of those persons whose interests appear to be affected thereby.

C. When any property is seized for the purposes of forfeiture under Chapter 22.2 (§ 19.2-386.15 et seq.) or other forfeiture provision under the Code, the agency seizing the property shall, as soon as practicable after the seizure, conduct an inventory of the seized property and shall, as soon as practicable, provide a copy of the inventory to the owner. An agency's failure to provide a copy of an inventory pursuant to this subsection shall not invalidate any forfeiture.

D. When any property is seized for the purposes of forfeiture under Chapter 22.2 (§ 19.2-386.15 et seq.) or other forfeiture provision under the Code, and an information naming that property has not been filed, neither the agency seizing the property nor any other law-enforcement agency may request, require, or in any manner induce any person who asserts ownership, lawful possession, or any lawful right to the property to waive his interest in or rights to the property until an information has been filed.

§ 19.2-386.2:1. Notice to Commissioner of Department of Motor Vehicles; duties of Commissioner.

If the property seized is a motor vehicle required by the motor vehicle laws of Virginia to be registered, the attorney for the Commonwealth shall forthwith notify the Commissioner of the Department of Motor Vehicles, by certified mail, *or electronically in a format prescribed by the Commissioner*, of such seizure and the motor number of the vehicle so seized, and the Commissioner shall promptly certify to such attorney for the Commonwealth the name and address of the person in

whose name such vehicle is registered, together with the name and address of any person holding a lien thereon, ~~and the amount thereof.~~ The Commissioner shall also forthwith notify such registered owner and lienor, in writing, of the reported seizure and the county or city wherein such seizure was made.

The certificate of the Commissioner, concerning such registration and lien, shall be received in evidence in any proceeding, either civil or criminal, under any provision of this chapter, in which such facts may be material to the issue involved.

§ 19.2-386.10. Trial.

A. A party defendant who fails to appear as provided in § 19.2-386.9 shall be in default. The forfeiture shall be deemed established as to the interest of any party in default upon entry of judgment as provided in § 19.2-386.11. Within ~~twenty-one~~ 21 days after entry of judgment, any party defendant against whom judgment has been so entered may petition the Department of Criminal Justice Services for remission of his interest in the forfeited property. For good cause shown and upon proof that the party defendant's interest in the property is exempt under subdivision 2, 3 or 4 of § 19.2-386.8, the Department of Criminal Justice Services shall grant the petition and direct the state treasury to either (i) remit to the party defendant an amount not exceeding the party defendant's interest in the proceeds of sale of the forfeited property after deducting expenses incurred and payable pursuant to subsection B of § 19.2-386.12 or (ii) convey clear and absolute title to the forfeited property in extinguishment of such interest.

If any party defendant appears in accordance with § 19.2-386.9, the court shall proceed to trial of the case, unless trial by jury is demanded by the Commonwealth or any party defendant. At trial, the Commonwealth has the burden of proving that the property is subject to forfeiture under this chapter. Upon such a showing by the Commonwealth, the claimant has the burden of proving that the claimant's interest in the property is exempt under subdivision 2, 3 or 4 of § 19.2-386.8. The proof of all issues shall be by a preponderance of the evidence.

B. The information and trial thereon shall be independent of any criminal proceeding against any party or other person for violation of law. However, upon motion and for good cause shown, the court may stay a forfeiture proceeding that is related to any *warrant*, indictment, or information.

§ 19.2-386.14. Sharing of forfeited assets.

A. All cash, negotiable instruments, and proceeds from a sale conducted pursuant to § 19.2-386.7 or 19.2-386.12, after deduction of expenses, fees, and costs as provided in § 19.2-386.12, shall, as soon after entry of the forfeiture as is practicable, be distributed in a manner consistent with this chapter and Article VIII, Section 8 of the Constitution of Virginia.

A1. All cash, negotiable instruments and proceeds from a sale conducted pursuant to § 19.2-386.7 or 19.2-386.12, after deduction of expenses, fees and costs as provided in § 19.2-386.12, shall, as soon after entry of the forfeiture as is practicable, be paid over to the state treasury into a special fund of the Department of Criminal Justice Services for distribution in accordance with this section. The forfeited property and proceeds, less 10 percent, shall be made available to federal, state and local agencies to promote law enforcement in accordance with this section and regulations adopted by the Criminal Justice Services Board to implement the asset-sharing program.

The 10 percent retained by the Department shall be held in a nonreverting fund, known as the Asset Sharing Administrative Fund. Administrative costs incurred by the Department to manage and operate the asset-sharing program shall be paid from the Fund. Any amounts remaining in the Fund after payment of these costs shall be used to promote state or local law-enforcement activities. Distributions from the Fund for these activities shall be based upon need and shall be made from time to time in accordance with regulations promulgated by the Board.

B. Any federal, state or local agency or office that directly participated in the investigation or other law-enforcement activity which led, directly or indirectly, to the seizure and forfeiture shall be eligible for, and may petition the Department for, return of the forfeited asset or an equitable share of the net proceeds, based upon the degree of participation in the law-enforcement effort resulting in the forfeiture, taking into account the total value of all property forfeited and the total law-enforcement effort with respect to the violation of law on which the forfeiture is based. Upon finding that the petitioning agency is eligible for distribution and that all participating agencies agree on the equitable share of each, the Department shall distribute each share directly to the appropriate treasury of the participating agency.

If all eligible participating agencies cannot agree on the equitable shares of the net proceeds, the shares shall be determined by the Criminal Justice Services Board in accordance with regulations which shall specify the criteria to be used by the Board in assessing the degree of participation in the law-enforcement effort resulting in the forfeiture.

C. After the order of forfeiture is entered concerning any motor vehicle, boat, aircraft, or other tangible personal property, any seizing agency may (i) petition the Department for return of the property that is not subject to a grant or pending petition for remission or (ii) request the circuit court to order the property destroyed. Where all the participating agencies agree upon the equitable distribution of the tangible personal property, the Department shall return the property to those agencies upon finding that (a) the agency meets the criteria for distribution as set forth in subsection B and (b) the agency has a clear and reasonable law-enforcement need for the forfeited property.

If all eligible participating agencies cannot agree on the distribution of the property, distribution shall be determined by the Criminal Justice Services Board as in subsection B, taking into consideration the clear and reasonable law-enforcement needs for the property which the agencies may have. In order to equitably distribute tangible personal property, the Criminal Justice Services Board may require the agency receiving the property to reimburse the Department in cash for the difference

between the fair market value of the forfeited property and the agency's equitable share as determined by the Criminal Justice Services Board.

If a seizing agency has received property for its use pursuant to this section, when the agency disposes of the property (1) by sale, the proceeds shall be distributed as set forth in this section; or (2) by destruction pursuant to a court order, the agency shall do so in a manner consistent with this section.

D. All forfeited property, including its proceeds or cash equivalent, received by a participating state or local agency pursuant to this section shall be used to promote law enforcement but shall not be used to supplant existing programs or funds. The Board shall promulgate regulations establishing an audit procedure to ensure compliance with this section.

E. On or after July 1, 2012, but before July 1, 2014, local seizing agencies may contribute cash funds and proceeds from forfeited property to the Virginia Public Safety Foundation to support the construction of the Commonwealth Public Safety Memorial. Any funds contributed by seizing agencies shall be contributed only after an internal analysis to determine that such contributions will not negatively impact law-enforcement training or operations.

F. The Department shall report annually on or before December 31 to the Governor and the General Assembly the amount of all cash, negotiable instruments, and proceeds from sales conducted pursuant to § 19.2-386.7 or 19.2-386.12 that were forfeited to the Commonwealth, including the amount of all forfeitures distributed to the Literary Fund. Such report shall also detail the amount distributed by the Department to each federal, state, or local agency or office pursuant to this section, and the amount each state or local agency or office received from federal asset forfeiture proceedings. The Department shall ensure that such report is available to the public.

B. An applicant's skills test shall be conducted in a vehicle that is representative of or meets the description of the class of vehicle for which the applicant seeks to be licensed. In addition, applicants who seek to be licensed to drive vehicles with air brakes, passenger-carrying vehicles, or school buses must take the skills test in a vehicle that is representative of such vehicle type. C. The Commissioner may, ~~in his discretion,~~ designate such persons as he deems fit, including private or governmental entities, including comprehensive community colleges in the Virginia Community College System, to administer the knowledge and skills tests required of applicants for a commercial driver's license. Any person so designated shall comply with all statutes and regulations with respect to the administration of such tests.

The Commissioner may, by regulation, determine whether any other visual tests will satisfy the requirements of this title for commercial drivers.

E. No person who fails the behind-the-wheel examination for a commercial driver's license administered by the Department three times shall be permitted to take such examination a fourth time until he successfully completes, subsequent to the third examination failure, the in-vehicle component of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or the Department of Education. [H 1190]

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-725 and 46.2-726 of the Code of Virginia are amended and reenacted as follows:

The provisions of subdivisions 1 and 2 of subsection B of this section shall not apply to special license plates

that are combinations of two series of special license plates authorized ~~in~~ pursuant to this article and currently issued by the Department if one of the two combined designs, when feasible, incorporates or includes the international symbol of access.

B. Except as otherwise provided in this article:

1. No special license plates shall be considered for authorization by the General Assembly unless and until the individual, group, entity, organization, or other entity seeking the authorization of such special license plates shall have demonstrated to the satisfaction of the General Assembly that they meet the issuance requirements set forth in this subdivision. For the purposes of this article, each prepaid application shall be on a form prescribed by the Department and, excluding the vehicle registration fee, shall include the proposed or authorized fee for the issuance of the proposed or authorized special license plates and, if applicable, the annual fee for reserved numbers or letters prescribed under § 46.2-726. Once authorized by the General Assembly, no license plates provided for in this article shall be developed and issued by the Department until the Commissioner receives at least 450 prepaid applications therefor within 30 days of the effective date of the authorization associated with the applications. If the end of the 30-day period falls on a Saturday, Sunday, or holiday, the 30-day period shall end on the following business day.

2. No additional license plates shall be issued or reissued in any series that, after five or more years of issuance, has fewer than 200 active sets of plates. No such license plates shall be issued or reissued unless reauthorized by the General Assembly. Such reauthorized license plates shall remain subject to the provisions of this article.

All fees collected by the Department under this article shall be paid by the Commissioner into the state treasury and shall be set aside as a special fund to be used to meet the expenses of the Department.

C. The provisions of this article relating to registration fees shall apply only to those vehicles registered as passenger cars, motor homes, and pick-up or panel trucks, as defined in § 46.2-100. All other vehicle types registered with special license plates shall be subject to the appropriate special license plate fees, registration fees and other fees prescribed by law for such vehicle types.

D. For special license plates that generate revenues that are shared with entities other than the Department, hereinafter referred to as "revenue sharing special license plates," the General Assembly shall review all proposed revenue sharing special license plate authorizations to determine whether the revenues are to be shared with entities or organizations that (i) provide to the Commonwealth or its citizens a broad public service that is to be funded, in whole or in part, by the proposed revenue sharing special license plate authorization and (ii) are at least one of the following:

E. No special license plates authorized pursuant to this article shall be issued to or renewed for any owner or co-owner of a vehicle who is registered pursuant to the Sex Offender and Crimes Against Minors Registry Act (§ 9.1-900 et seq.) if the design of such special license plates, including any logo, emblem, seal, or symbol therein, references children or children's programs or if any revenue-sharing provision authorized for such special license plates contributes, directly or indirectly, to any fund or program established for the benefit of children.

§ 46.2-726. License plates with reserved numbers or letters; fees.

The Commissioner may, in his discretion, reserve license plates with certain registration numbers or letters or combinations thereof for issuance to persons requesting license plates so numbered and lettered. *However, no such reserve license plates shall be issued to or renewed for any owner or co-owner of a vehicle who is registered pursuant to the Sex Offender and Crimes Against Minors Registry Act (§ 9.1-900 et seq.) if the requested registration numbers or letters or combination thereof could be read, interpreted, or understood to be a reference to children.*

License plates with reserved numbers or letters may be issued for and displayed on emergency medical services vehicles operated by emergency medical services agencies.

The annual fee or, in the case of permanent license plates for trailers and semitrailers, the one-time fee, for the issuance of any license plates with reserved numbers or letters shall be \$10 plus the prescribed fee for state license plates. The annual fee for reissuing license plates with the same combination of letters and numbers as license plates that were previously issued but not renewed shall be \$10 plus the prescribed fee for state license plates. If those license plates are

special license plates subject to an additional fee beyond the prescribed fee for state license plates, the fee shall be \$10 plus the additional fee for the special license plates plus the prescribed fee for state license plates.

D. The Department shall not certify an applicant under subsection A ~~of this section~~ if the applicant or any other person owning interest in the excursion train also owns or operates a regularly scheduled passenger train service with interstate connection.

§ 46.2-2099.42. Assignment of liability.

A. The operator of an excursion train shall be liable for personal injury or wrongful death arising from the operation of such excursion train, including operations, maintenance, and signalization of the tracks and facilities upon which the excursion train operates.

CHAPTER 432

An Act to amend and reenact §§ 46.2-1569, 46.2-1571, and 46.2-1572.4 of the Code of Virginia, relating to compensation of dealers for recalled vehicles.

[H 1232]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-1569, 46.2-1571, and 46.2-1572.4 of the Code of Virginia are amended and reenacted as follows:

§ 46.2-1569. Other coercion of dealers; transfer, grant, succession to and cancellation of dealer franchises; delivery of vehicles, parts, and accessories.

Notwithstanding the terms of any franchise agreement, it shall be unlawful for any manufacturer, factory branch, distributor, distributor branch, or affiliate, or any field representative, officer, agent, or their representatives to do any of the

following. It shall further be unlawful for any manufacturer, factory branch, distributor, distributor branch, or any field representative, officer, agent, or their representatives to engage in conduct prohibited under this section through an affiliate.

1. To coerce or attempt to coerce any dealer to accept delivery of any motor vehicle or vehicles, parts or accessories therefor, or any other commodities, which have not been ordered by the dealer.

2. To coerce or attempt to coerce any dealer to enter into an agreement with the manufacturer, factory branch, distributor, or distributor branch, or representative thereof by threat to take or by taking any action in violation of the chapter, or by any other act unfair or injurious to the dealer. If a manufacturer, factory branch, distributor, or distributor branch conditions the grant of a new franchise to a dealer on the dealer's consent (i) to provide a site control agreement as defined in subdivision 10, (ii) to provide a written agreement containing an option to purchase the franchise of the dealer, provided, however, that agreements pursuant to § 46.2-1569.1 shall be permitted, or (iii) to provide a termination agreement to be held by the manufacturer, factory branch, distributor, or distributor branch for subsequent use, it shall be considered coercion and an act that is unfair and injurious to the dealer; provided, however, that the provisions of § 46.2-1572.3 related to the good faith settlement of disputes shall apply to the agreements described in clauses (i), (ii), and (iii) of this subdivision, mutatis mutandis. This subdivision shall not apply to any agreement the enforcement of which is subject to the jurisdiction of a United States Bankruptcy Court.

2a. To coerce or attempt to coerce any dealer to join, contribute to, or affiliate with any advertising association.

2b. To coerce or require any dealer to establish in connection with the sale of a motor vehicle prices at which the dealer shall sell products or services not manufactured or distributed by the manufacturer, factory branch, distributor, or distributor branch, whether by agreement, program, incentive provision, or otherwise.

2c. To coerce or require any dealer, whether by agreement, program, incentive provision, or otherwise, to construct improvements to its facilities or to install new signs or other franchisor image elements that replace or substantially alter those improvements, signs, or franchisor image elements completed within the preceding 10 years that were required or approved by the manufacturer, factory branch, distributor, or distributor branch or one of its affiliates. If a manufacturer, factory branch, distributor, or distributor branch offers incentives, or other payments under a program offered after the effective date of this subdivision and available to more than one dealer in the Commonwealth that are premised wholly or in part on dealer facility improvements or installation of franchisor signs or other franchisor image elements, a dealer that constructed improvements or installed signs or other franchisor image elements required by or approved by the manufacturer, factory branch, distributor, or distributor branch and completed within the 10 years preceding the program shall be deemed to be in compliance with the program requirements pertaining to construction of facilities or installation of signs or other franchisor image elements that would replace or substantially alter those previously constructed or installed within that 10-year period. This subdivision shall not apply to a program that provides lump sum payments to assist dealers in making facility improvements or to pay for signs or franchisor image elements when such payments are not dependent on the dealer selling or purchasing specific numbers of new vehicles and shall not apply to a program that is in effect with more than one dealer in the Commonwealth on the effective date of this subdivision, nor to any renewal or modification of such a program.

2d. *To coerce or require any dealer, whether by agreement, program, incentive provision, or provision for loss of incentive payments or other benefits, to refrain from selling any used motor vehicle subject to (i) recall, (ii) stop sale directive, (iii) technical service bulletin, or (iv) other manufacturer, factory branch, distributor, or distributor branch notification to perform work on such used motor vehicle, unless the manufacturer, factory branch, distributor, or distributor branch has a remedy and parts available to the dealer to remediate the basis for the coercion or requirement of the dealer to refrain from selling each affected used motor vehicle. If there is no remedy or there are no parts available from the manufacturer, factory branch, distributor, or distributor branch to remediate each affected used motor vehicle in the inventory of the dealer, the manufacturer, factory branch, distributor, or distributor branch shall (a) compensate the dealer for any affected used motor vehicle in the inventory of the dealer that it cannot sell because of such coercion or requirement at least one percent a month or any part thereof of the cost of such used motor vehicle, including repairs and reconditioning expenses based on the financial records of the dealer, and (b) establish a written procedure to compensate dealers under this subdivision that it shall provide to dealers subject to its coercion or requirement and file with the Commissioner as a franchise document pursuant to § 46.2-1566.*

Any claim for compensation by a dealer shall be submitted on a monthly basis for the amount owed pursuant to this subdivision. The manufacturer, factory branch, distributor, or distributor branch shall process and pay the claim in the same manner as a claim for warranty reimbursements as provided in § 46.2-1571. This subdivision shall not prevent a manufacturer, factory branch, distributor, or distributor branch from (1) requiring that a motor vehicle not be subject to an open recall or stop sale directive in order to be qualified, remain qualified, or be sold as a certified pre-owned vehicle or similar designation; (2) paying incentives for selling used vehicles with no unremedied recalls; or (3) paying incentives for performing recall repairs on a vehicle in the dealer's inventory.

Nothing in this subsection shall prevent a manufacturer, factory branch, distributor, or distributor branch from instructing that a dealer repair used vehicles of the line-make for which the dealer holds a franchise with an open recall, provided that the instruction does not involve coercion that imposes a penalty or provision of loss of benefits on the dealer.

3. To prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale, or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, unless the franchisor provides written notice to the dealer of its objection and the

reasons therefor by certified mail or overnight delivery or other method designed to ensure delivery to the dealer at least 30 days prior to the proposed effective date of the transfer, sale, assignment, or change. No such objection shall be sufficient unless the failure to approve is reasonable. Notwithstanding the provisions of subsection D of § 46.2-1573, the only grounds that may be considered reasonable for a failure to approve are that an individual who is the applicant or is in control of an entity that is an applicant (i) lacks good moral character, (ii) lacks reasonable motor vehicle dealership management experience and qualifications, (iii) lacks financial ability to be the dealer, or (iv) fails to meet the standards otherwise established by this title to be a dealer. No such objection shall be effective to prevent the sale, transfer, assignment, or change if the Commissioner has determined, if requested in writing by the dealer within 30 days after receipt of an objection to the proposed sale, transfer, or change, and after a hearing on the matter, that the failure to permit or honor the sale, transfer, assignment, or change is unreasonable under the circumstances. No franchise may be sold, assigned, or transferred unless (a) the franchisor has been given at least 90 days' prior written notice by the dealer as to the identity, financial ability, and qualifications of the proposed transferee on forms generally utilized by the franchisor to conduct its review, as well as the full agreement for the proposed transaction, and (b) the sale or transfer of the franchise and business will not involve, without the franchisor's consent, a relocation of the business.

3a. To impose a condition on the approval of the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise if the condition would violate the provisions of this title if imposed on the existing dealer.

In the event the manufacturer, factory branch, distributor or distributor branch takes action to prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, without a statement of specific grounds for doing so that is consistent with subdivision 3 hereof or imposes a condition in violation of subdivision 3a hereof, that shall constitute a violation of this section. The existing dealer may request review of the action or imposition of the condition in a hearing by the Commissioner. If the Commissioner finds that the action or the imposition of the condition was a violation of this section, the Commissioner may order that the sale or transfer be approved by the manufacturer, factory branch, distributor, or distributor branch, without imposition of the condition. If the existing dealer does not request a hearing by the Commissioner concerning the action or the condition imposed by the manufacturer, factory branch, distributor, or distributor branch, and the action or condition was the proximate cause of the failure of the contract for the sale or transfer of ownership of the dealership, the applicant for approval of the sale or transfer or the existing dealer, or both, may commence an action at law for violation of this section. The action may be commenced in the circuit court of the city or county in which the dealer is located, or in any other circuit court with permissible venue, within two years following the action or the imposition of the condition by the manufacturer, factory branch, distributor, or distributor branch for the damages suffered by the applicant or the dealer as a result of the violation of this section by the manufacturer, factory branch, distributor, or distributor branch, plus the applicant's or dealer's reasonable attorney fees and costs of litigation. Notwithstanding the foregoing, an exercise of the right of first refusal by the manufacturer, factory branch, distributor, or distributor branch pursuant to § 46.2-1569.1 shall not be considered the imposition of a condition prohibited by this section.

4. To grant an additional franchise for a particular line-make of motor vehicle in a relevant market area in which a dealer or dealers in that line-make are already located unless the franchisor has first advised in writing all other dealers in the line-make in the relevant market area. No such additional franchise may be established at the proposed site unless the Commissioner has determined, if requested by a dealer of the same line-make in the relevant market area within 30 days after receipt of the franchisor's notice of intention to establish the additional franchise, and after a hearing on the matter, that the franchisor can show by a preponderance of the evidence that after the grant of the new franchise, the relevant market area will support all of the dealers in that line-make in the relevant market area. Establishing a franchised dealer in a relevant market area to replace a franchised dealer that has not been in operation for more than two years shall constitute the establishment of a new franchise subject to the terms of this subdivision. The two-year period for replacing a franchised dealer shall begin on the day the franchise was terminated, or, if a termination hearing was held, on the day the franchisor was legally permitted finally to terminate the franchise. The relocation of a franchise in a relevant market area, whether by an existing dealer or by a dealer who is acquiring the franchise, shall constitute the establishment of a new franchise subject to the terms of this subdivision. This subdivision shall not apply to (i) the relocation of an existing dealer within that dealer's relevant market area if the relocation site is to be more than 10 miles distant from any other dealer for the same line-make; (ii) the relocation of an existing dealer within that dealer's relevant market area if the relocation site is to be more distant than the existing site from all other dealers of the same line-make in that relevant market area; or (iii) the relocation of an existing new motor vehicle dealer within two miles of the existing site of the relocating dealer.

5. Except as otherwise provided in this subdivision and notwithstanding the terms of any franchise, to terminate, cancel, or refuse to renew the franchise of any dealer without good cause and unless (i) the dealer and the Commissioner have received written notice of the franchisor's intentions at least 60 days prior to the effective date of such termination, cancellation, or the expiration date of the franchise, setting forth the specific grounds for the action, and (ii) the Commissioner has determined, if requested in writing by the dealer within the 60-day period prior to the effective date of such termination, cancellation, or the expiration date of the franchise and, after a hearing on the matter, that the franchisor has shown by a preponderance of the evidence that there is good cause for the termination, cancellation, or nonrenewal of the franchise. If any manufacturer, factory branch, distributor, or distributor branch takes action that will have the effect of

terminating, canceling, or refusing to renew the franchise of any dealer (a) by use of a termination agreement executed by the dealer and obtained more than 90 days before the purported date of use, (b) by exercise of rights under a written option to purchase the franchise of a dealer, or (c) by exercise of rights under a site control agreement as defined in subdivision 10, that action shall be considered a termination, cancellation, or refusal to renew pursuant to the terms of this subdivision and subject to the rights, provisions, and procedures provided herein. In any case where a petition is made to the Commissioner for a determination as to good cause for the termination, cancellation, or nonrenewal of a franchise, the franchise in question shall continue in effect pending the Commissioner's decision or, if that decision is appealed to the circuit court, pending the decision of the circuit court. Where the termination, cancellation, or nonrenewal of a franchise will result from use of a termination agreement executed by the dealer and obtained more than 90 days before the purported date of use, exercise of rights under a written option to purchase the franchise of a dealer, or exercise of rights under a site control agreement as defined in subdivision 10, such use or exercise shall be stayed pending the Commissioner's decision or, if that decision is appealed to the circuit court, pending the decision of the circuit court, and its use or exercise will be allowed only where the franchisor has shown by a preponderance of the evidence that there is good cause for the termination, cancellation, or nonrenewal of the franchise. In any case in which a franchisor neither advises a dealer that it does not intend to renew a franchise nor takes any action to renew a franchise beyond its expiration date, the franchise in question shall continue in effect on the terms last agreed to by the parties. Notwithstanding the other provisions of this subdivision notice of termination, cancellation, or nonrenewal may be provided to a dealer by a franchisor not less than 15 days prior to the effective date of such termination, cancellation, or nonrenewal when the grounds for such action are any of the following:

a. Insolvency of the franchised motor vehicle dealer or filing of any petition by or against the franchised motor vehicle dealer, under any bankruptcy or receivership law, leading to liquidation or which is intended to lead to liquidation of the franchisee's business.

b. Failure of the franchised motor vehicle dealer to conduct its customary sales and service operations during its posted business hours for seven consecutive business days, except where the failure results from acts of God or circumstances beyond the direct control of the franchised motor vehicle dealer.

c. Revocation of any license which the franchised motor vehicle dealer is required to have to operate a dealership.

d. Conviction of the dealer or any principal of the dealer of a felony.

The change or discontinuance of a marketing or distribution system of a particular line-make product by a manufacturer or distributor, while the name identification of the product is continued in substantial form by the same or a different manufacturer or distributor, may be considered to be a franchise termination, cancellation, or nonrenewal. The provisions of this paragraph shall apply to changes and discontinuances made after January 1, 1989, but they shall not be considered by any court in any case in which such a change or discontinuance occurring prior to that date has been challenged as constituting a termination, cancellation or nonrenewal.

5a. To fail to provide continued parts and service support to a dealer which holds a franchise in a discontinued line-make for at least five years from the date of such discontinuance. This requirement shall not apply to a line-make which was discontinued prior to January 1, 1989.

5b. Upon the involuntary or voluntary termination, nonrenewal, or cancellation of the franchise of any dealer, by either the manufacturer, distributor, or factory branch or by the dealer, notwithstanding the terms of any franchise whether entered into before or after the enactment of this section, to fail to pay the dealer for at least the following:

(1) The dealer cost plus any charges by the franchisor for distribution, delivery, and taxes paid by the dealer, less all allowances paid to the dealer by the franchisor, for new and undamaged motor vehicles in the dealer's inventory acquired from the franchisor or from another dealer of the same line — make in the ordinary course of business within 18 months of termination;

(2) The dealer cost as shown in the price catalog of the franchisor current at the time of repurchase of each new, unused, undamaged, and unsold part or accessory if such part or accessory is in the current parts catalog and is still in the original, resalable merchandising package and in unbroken lots, except that in the case of sheet metal, a comparable substitute for the original package may be used;

(3) The fair market value of each undamaged sign owned by the dealer that bears a trademark, trade name or commercial symbol used or claimed by the franchisor if such sign was purchased from or at the request of the franchisor;

(4) The fair market value of all special tools and automotive service equipment owned by the dealer that were recommended and designated as special tools or equipment by the franchisor, if the tools and equipment are in usable and good condition, normal wear and tear excepted; and

(5) The reasonable cost of transporting, handling, packing, and loading of motor vehicles, parts, signs, tools, and special equipment subject to repurchase hereunder.

The provisions of this subdivision do not apply to a dealer who is unable to convey clear title to the property identified in this subdivision.

For purposes of this subdivision, a voluntary termination shall not include the transfer of the terminating dealer's franchised business in connection with a transfer of that business by means of sale of the equity ownership or assets thereof to another dealer.

5c. If the termination, cancellation, or nonrenewal of the dealer's franchise is the result of the termination, elimination, or cessation of a line-make by the manufacturer, distributor, or factory branch, then, in addition to the payments to the dealer pursuant to subdivision 5b, the manufacturer, distributor, or factory branch shall be liable to the dealer for the following:

(1) An amount at least equivalent to the fair market value of the franchise for the line-make, which shall be the greater of that value determined as of (i) the date the franchisor announces the action that results in termination, cancellation, or nonrenewal, (ii) the date the action that resulted in the termination, cancellation, or nonrenewal first became general knowledge, or (iii) the day 12 months prior to the date on which the notice of termination, cancellation, or nonrenewal is issued. In determining the fair market value of a franchise for a line-make, if the line-make is not the only line-make for which the dealer holds a franchise in the dealership facilities, the dealer shall also be entitled to compensation for the contribution of the line-make to payment of the rent or to covering obligation for the fair rental value of the dealership facilities for the period set forth in subdivision 5c (2). Fair market value of the franchise for the line-make shall only include the goodwill value of the dealer's franchise for that line-make in the dealer's relevant market area.

(2) If the line-make is the only line-make for which the dealer holds a franchise in the dealership facilities, the manufacturer, distributor, or factory branch shall also pay assistance with respect to the dealership facilities leased or owned by the dealer as follows: (i) the manufacturer, distributor, or factory branch shall pay the dealer a sum equivalent to the rent for the unexpired term of the lease or three years' rent, whichever is the lesser, or (ii) if the dealer owns the dealership facilities, the manufacturer, distributor, or factory branch shall pay the dealer a sum equivalent to the reasonable rental value of the dealership facilities for three years.

To be entitled to facilities assistance from the manufacturer, distributor, or factory branch, the dealer shall have the obligation to mitigate damages by listing the dealership facilities for lease or sublease with a licensed real estate agent within 30 days after the effective date of the termination of the franchise and thereafter by reasonably cooperating with such real estate agent in the performance of the agent's duties and responsibilities. If the dealer is able to lease or sublease the dealership facilities on terms that are consistent with local zoning requirements to preserve the right to sell motor vehicles from the dealership facilities and the terms of the dealer's lease, the dealer shall be obligated to pay the manufacturer the net revenue received from such mitigation, but only following receipt of facilities assistance payments pursuant to clause (i) or (ii) of subdivision 5c (2), and only up to the total amount of facilities assistance payments that the dealer has received.

6. To fail to allow a dealer the right at any time to designate a member of his family as a successor to the dealership in the event of the death or incapacity of the dealer. Such designation may be made by the dealer or, in the event of the death or incapacity of the dealer, by the qualified executor or personal representative of the dealer. It shall be unlawful to prevent or refuse to honor the succession to a dealership by a member of the family of a deceased or incapacitated dealer if the franchisor has not provided to the member of the family designated the dealer's successor written notice of its objections to the succession and of such person's right to seek a hearing on the matter before the Commissioner pursuant to this article, and the Commissioner determines, if requested in writing by such member of the family within 30 days of receipt of such notice from the franchisor, and after a hearing on the matter before the Commissioner pursuant to this article, that the failure to permit or honor the succession is unreasonable under the circumstances. No member of the family may succeed to a franchise unless (i) the franchisor has been given written notice as to the identity, financial ability, and qualifications of the member of the family in question, and (ii) the succession to the franchise will not involve, without the franchisor's consent, a relocation of the business.

7. To delay, refuse, or fail to deliver to any dealer, if ordered by the dealer, in reasonable quantities and within a reasonable time, any new vehicles of each series and model sold or distributed by the franchisor as covered by such franchise and which are publicly advertised by the manufacturer, factory branch, distributor, or distributor branch in the Commonwealth to be available for immediate delivery, provided, however, that the failure to deliver any motor vehicle shall not be considered a violation of this chapter if such failure is due to an act of God, a work stoppage or delay due to a strike or labor difficulty, a shortage of materials, a lack of available manufacturing capacity, a freight embargo, or other cause over which the manufacturer, factory branch, distributor, or distributor branch shall have no control. If ordered by a dealer, a franchisor shall deliver an equitable supply of new vehicles during the model year of each series and model under the dealer's franchise in proportion to the sales objectives or goals established by the franchisor for the dealer compared to the sales objectives or goals established by the other same line-make dealers in the Commonwealth, provided, however, that the failure to deliver any motor vehicle shall not be considered a violation of this chapter if such failure is due to a cause over which the manufacturer, factory branch, distributor, or distributor branch shall have no control. Upon the written request of any dealer holding its sales or sales and service franchise, the manufacturer or distributor shall disclose to the dealer in writing the basis upon which new motor vehicles of the same line-make are allocated, scheduled, and delivered to dealers in the Commonwealth, and the basis upon which the current allocation or distribution is being made or will be made to such dealer. In the event that allocation is at issue in a request for a hearing, the dealer may demand the Commissioner to direct that the manufacturer or distributor provide to the dealer, within 30 days of such demand, all records of sales and all records of distribution of all motor vehicles to the same line-make dealers who compete with the dealer requesting the hearing.

7a. To fail or refuse to offer to its same line-make franchised dealers all models manufactured for the line-make, or require a dealer to pay any extra fee, or remodel, renovate, or recondition the dealer's existing facilities, or purchase unreasonable advertising displays or other materials as a prerequisite to receiving a model or a series of vehicles.

7b. To require or otherwise coerce a dealer to underutilize the dealer's facilities by requiring or otherwise coercing a dealer to exclude or remove from the dealer's facilities operations for selling or servicing of a line-make of vehicles for which the dealer has a franchise agreement to utilize the facilities.

7c. To require a dealer to purchase goods or services from a vendor selected, identified, or designated by a manufacturer, factory branch, distributor, distributor branch, or one of its affiliates by agreement, program, incentive

provision, or otherwise without making available to the dealer the option to obtain the goods or services of substantially similar quality from a vendor chosen by the dealer. For purposes of this subdivision, the term "goods" does not include moveable displays, brochures, and promotional materials containing material subject to intellectual property rights of, or special tools and training as required by the manufacturer, or parts to be used in repairs under warranty obligations of, a manufacturer, factory branch, distributor, or distributor branch.

7d. To fail to provide a notice to a dealer when notifying it of the requirement to purchase goods or services from a vendor selected, identified, or designated by a manufacturer, factory branch, distributor, or distributor branch of the dealer's rights pursuant to subdivision 7c.

7e. To fail to provide to a dealer, when the manufacturer, factory branch, distributor, or distributor branch claims that a vendor chosen by the dealer cannot supply goods and services of substantially similar quality, a disclosure concerning the vendor selected, identified, or designated by the franchisor stating (i) whether the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates, or any officer, director, or employee of the same, has an ownership interest, actual or beneficial, in the vendor and, if so, the percentage of the ownership interest and (ii) whether the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates has an agreement or arrangement by which the vendor pays to the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates, or any officer, director, or employee of the same, any compensation and, if so, the basis and amount of the compensation to be paid as a result of any purchases by the dealer, whether it is to be paid by direct payment by the vendor or by credit from the vendor for the benefit of the recipient.

7f. To fail to provide to a dealer, if the goods and services to be supplied to the dealer by a vendor selected, identified, or designated by the manufacturer, factory branch, distributor, or distributor branch are signs or other franchisor image elements to be leased to the dealer, the right to purchase the signs or other franchisor image elements of like kind and quality from a vendor selected by the dealer. If the vendor selected by the manufacturer, factory branch, distributor, or distributor branch is the only available vendor, the dealer must be given the opportunity to purchase the signs or other franchisor image elements at a price substantially similar to the capitalized lease costs thereof. This subdivision shall not be construed to allow a dealer to impair or eliminate the intellectual property rights of the manufacturer, factory branch, distributor, or distributor branch, nor to permit a dealer to erect or maintain signs that do not conform to the intellectual property usage guidelines of the manufacturer, factory branch, distributor, or distributor branch.

8. To include in any franchise with a motor vehicle dealer terms that are contrary to, prohibited by, or otherwise inconsistent with the requirements of this chapter.

8a. For any franchise agreement, to require a motor vehicle dealer to pay the attorney fees of the manufacturer or distributor related to hearings and appeals brought under this article.

9. To fail to include in any franchise with a motor vehicle dealer the following language: "If any provision herein contravenes the laws or regulations of any state or other jurisdiction wherein this agreement is to be performed, or denies access to the procedures, forums, or remedies provided for by such laws or regulations, such provision shall be deemed to be modified to conform to such laws or regulations, and all other terms and provisions shall remain in full force," or words to that effect.

10. To enter into any agreement with a motor vehicle dealer in which the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates is given site control over the premises of a dealer that does not terminate upon the occurrence of any of the following events: (i) the right of the franchisor to manufacture or distribute the line-make of vehicles covered by the dealer's franchise is sold, assigned, or otherwise transferred by the manufacturer, factory branch, distributor, or distributor branch to another; (ii) the final termination of the dealer's franchise for any reason; or (iii) the manufacturer, factory branch, distributor, or distributor branch of its affiliate fails for any reason to exercise its right of first refusal to purchase the assets or ownership of the business of the dealer when given the opportunity to do so by virtue of its franchise agreement, another agreement, or as set forth in § 46.2-1569. For purposes of this subdivision, the term "site control" shall mean the contractual right to control in any way the commercial use and development of the premises upon which a dealer's business operations are located, including the right to approve of additional or different uses for the property beyond those of its franchise, the right to lease or sublease the dealer's property, or the right or option to purchase the dealer's property.

11. To require or coerce a motor vehicle dealer, whether by agreement, program, incentive provision, or otherwise, to submit or to provide a manufacturer, factory branch, distributor, or distributor branch access to consumer data maintained by the dealer (i) by any method that violates or would violate the dealer's chosen policies and processes for complying with obligations to protect consumer data under laws of the United States or the Commonwealth or (ii) through franchisor access to the computer database of the dealer if the dealer chooses to submit data specified by the franchisor.

The manufacturer, factory branch, distributor, or distributor branch shall provide a dealer the right to cancel the dealer's participation in a program under which the dealer provides consumer data or access to data to the manufacturer, factory branch, distributor, or distributor branch, provided that a manufacturer, factory branch, distributor, or distributor branch may require notice of up to 60 days of the dealer's decision to cancel the dealer's participation.

If a manufacturer, factory branch, distributor, or distributor branch offers incentives or other payments under a program offered after July 1, 2015, excluding any continuation, renewal, or modification of any existing program, and available to more than one dealer in the Commonwealth that are premised wholly or in part on dealer participation in manufacturer, factory branch, distributor, or distributor branch programs under which consumer data is provided to or accessed by the

manufacturer, factory branch, distributor, or distributor branch, a dealer that exercises its rights under this subdivision shall be deemed to be in compliance with the program requirements pertaining to providing consumer data, provided that the dealer has otherwise met program requirements to the extent of providing any consumer data that is not nonpublic personal information.

It shall not constitute a violation of this subdivision for a manufacturer, factory branch, distributor, or distributor branch to require a motor vehicle dealer to provide data (a) concerning a new motor vehicle sale or used motor vehicle sale under a manufacturer certification program, (b) to validate a customer or dealer incentive, (c) to calculate dealer or market sales or evaluate service performance or customer satisfaction to facilitate analysis of product quality and market feedback, (d) to facilitate warranty service work on a vehicle, (e) concerning information with respect to recall repairs or information about a recalled vehicle, (f) pursuant to a mutual agreement between a manufacturer, factory branch, distributor, or distributor branch and a dealer, or (g) where consumer data is reasonably necessary to enable a manufacturer, factory branch, distributor, or distributor branch to provide programs, products, or services to a dealer.

A dealer that elects to submit or push data or information to the manufacturer, factory branch, distributor, or distributor branch through any method other than that provided by the manufacturer, factory branch, distributor, or distributor branch shall timely obtain and furnish the requested data in a widely accepted electronic file format. A manufacturer, factory branch, distributor, or distributor branch shall not impose a fee, surcharge, or charge of any type on a dealer that chooses to submit data specified by the manufacturer, factory branch, distributor, or distributor branch rather than provide the manufacturer, factory branch, distributor, or distributor branch access to the dealer's computer database.

§ 46.2-1571. Recall, warranty, and sales incentive obligations.

A. Each motor vehicle manufacturer, factory branch, distributor, or distributor branch shall (i) specify in writing to each of its motor vehicle dealers licensed in the Commonwealth the dealer's obligations for preparation, delivery, *recall*, and warranty service on its products and (ii) compensate the dealer for *recall* or warranty parts, service, and diagnostic work required of the dealer by the manufacturer or distributor as follows:

1. Compensation of a dealer for *recall* or warranty parts, service, and diagnostic work shall not be less than the amounts charged by the dealer for the manufacturer's or distributor's original parts, service, and diagnostic work to retail customers for nonwarranty service, parts, and diagnostic work installed or performed in the dealer's service department unless the amounts are not reasonable. ~~Warranty~~ *Recall* or warranty parts compensation shall be stated as a percentage of markup, which shall be an agreed reasonable approximation of retail markup and which shall be uniformly applied to all of the manufacturer's or distributor's parts unless otherwise provided for in this section. If the dealer and manufacturer or distributor cannot agree on the *recall* or warranty parts compensation markup to be paid to the dealer, the markup shall be determined by an average of the dealer's retail markup on all of the manufacturer's or distributor's parts as described in subdivisions 2 and 3.

2. For purposes of determining *recall* or warranty parts and service compensation paid to a dealer by the manufacturer or distributor, menu-priced parts or services, group discounts, special event discounts, and special event promotions shall not be considered in determining amounts charged by the dealer to retail customers. For purposes of determining labor compensation for *recall* or warranty body shop repairs paid to a dealer by the manufacturer or distributor, internal and insurance-paid repairs shall not be considered in determining amounts charged by the dealer to retail customers.

3. Increases in dealer *recall* or warranty parts and service compensation and diagnostic work compensation, pursuant to this section, shall be requested by the dealer in writing, shall be based on 100 consecutive repair orders or all repair orders over a 90-day period, whichever occurs first, and, in the case of parts, shall be stated as a percentage of markup that shall be uniformly applied to all the manufacturer's or distributor's parts.

4. In the case of *recall* or warranty parts compensation, the provisions of this subsection shall be effective only for model year 1992 and succeeding model years.

5. If a manufacturer or distributor furnishes a part to a dealer at no cost for use by the dealer in performing work for which the manufacturer or distributor is required to compensate the dealer under this section, the manufacturer or distributor shall compensate the dealer for the part in the same manner as *recall* or warranty parts compensation, less the wholesale costs, for such part as listed in the manufacturer's current price schedules. A manufacturer or distributor may pay the dealer a reasonable handling fee instead of the compensation otherwise required by this subsection for special high-performance complete engine assemblies in limited production motor vehicles that constitute less than five percent of model production furnished to the dealer at no cost, if the manufacturer or distributor excludes such special high-performance complete engine assemblies in determining whether the amounts requested by the dealer for *recall* or warranty compensation are consistent with the amounts that the dealer charges its other retail service customers for parts used by the dealer to perform similar work.

6. In the case of service work, manufacturer original parts or parts otherwise specified by the manufacturer or distributor, and parts provided by a dealer either pursuant to an adjustment program as defined in § 59.1-207.34 or as otherwise requested by the manufacturer or distributor, the dealer shall be compensated in the same manner as for *recall* or warranty service or parts.

This section does not apply to compensation for parts such as components, systems, fixtures, appliances, furnishings, accessories, and features that are designed, used, and maintained primarily for nonvehicular, residential purposes. ~~Warranty~~ *Recall*, *warranty*, and sales incentive audits of dealer records may be conducted by the manufacturer, factory branch, distributor, or distributor branch on a reasonable basis, and dealer claims for *recall*, *warranty*, or sales incentive

compensation shall not be denied except for good cause, such as performance of nonwarranty repairs, lack of material documentation, fraud, or misrepresentation. A dealer's failure to comply with the specific requirements of the manufacturer or distributor for processing the claim shall not constitute grounds for the denial of the claim or reduction of the amount of compensation to the dealer as long as reasonable documentation or other evidence has been presented to substantiate the claim. The manufacturer, factory branch, distributor, or distributor branch shall not deny a claim or reduce the amount of compensation to the dealer for *recall* or warranty repairs to resolve a condition discovered by the dealer during the course of a separate repair requested by the customer or to resolve a condition on the basis of advice or recommendation by the dealer. Claims for dealer compensation shall be paid within 30 days of dealer submission or within 30 days of the end of an incentive program or rejected in writing for stated reasons. The manufacturer, factory branch, distributor, or distributor branch shall reserve the right to reasonable periodic audits to determine the validity of all such paid claims for dealer compensation. Any chargebacks for *recall* or warranty parts or service compensation and service incentives shall only be for the six-month period immediately following the date of the claim and, in the case of chargebacks for sales compensation only, for the six-month period immediately following the date of claim. However, such limitations shall not be effective if a manufacturer, factory branch, distributor, or distributor branch has reasonable cause to believe that a claim submitted by a dealer is intentionally false or fraudulent. For purposes of this section, "reasonable cause" means a bona fide belief based upon evidence that the material issues of fact are such that a person of ordinary caution, prudence, and judgment could believe that a claim was intentionally false or fraudulent. A dealer shall not be charged back or otherwise liable for sales incentives or charges related to a motor vehicle sold by the dealer to a purchaser other than a licensed, franchised motor vehicle dealer and subsequently exported or resold, unless the manufacturer, factory branch, distributor, or distributor branch can demonstrate by a preponderance of the evidence that the dealer should have known of and did not exercise due diligence in discovering the purchaser's intention to export or resell the motor vehicle.

B. It shall be unlawful for any motor vehicle manufacturer, factory branch, distributor, or distributor branch to:

1. Fail to perform any of its *recall* or warranty obligations, including tires, with respect to a motor vehicle;
2. Fail to assume all responsibility for any liability resulting from structural or production defects;
3. Fail to include in written notices of factory recalls to vehicle owners and dealers the expected date by which necessary parts and equipment will be available to dealers for the correction of defects;
4. Fail to compensate any of the motor vehicle dealers licensed in the Commonwealth for repairs effected by the dealer of merchandise damaged in manufacture or transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch;
5. Fail to fully compensate its motor vehicle dealers licensed in the Commonwealth for *recall* or warranty parts, work, and service pursuant to subsection A either by reduction in the amount due to the dealer or by separate charge, surcharge, or other imposition by which the motor vehicle manufacturer, factory branch, distributor, or distributor branch seeks to recover its costs of complying with subsection A, or for legal costs and expenses incurred by such dealers in connection with *recall* or warranty obligations for which the manufacturer, factory branch, distributor, or distributor branch is legally responsible or which the manufacturer, factory branch, distributor, or distributor branch imposes upon the dealer;
6. Misrepresent in any way to purchasers of motor vehicles that warranties with respect to the manufacture, performance, or design of the vehicle are made by the dealer, either as warrantor or co-warrantor;
7. Require the dealer to make warranties to customers in any manner related to the manufacture, performance, or design of the vehicle;
8. Shift or attempt to shift to the motor vehicle dealer, directly or indirectly, any liabilities of the manufacturer, factory branch, distributor or distributor branch under the Virginia Motor Vehicle Warranty Enforcement Act (§ 59.1-207.9 et seq.), unless such liability results from the act or omission by the dealer; or
9. Deny any dealer the right to return any part or accessory that the dealer has not sold within 12 months where the part or accessory was not obtained through a specific order initiated by the dealer but instead was specified for, sold to and shipped to the dealer pursuant to an automated ordering system, provided that such part or accessory is in the condition required for return to the manufacturer, factory branch, distributor, or distributor branch, and the dealer returns the part within 30 days of it becoming eligible under this subdivision. For purposes of this subdivision, an "automated ordering system" shall be a computerized system that automatically specifies parts and accessories for sale and shipment to the dealer without specific order thereof initiated by the dealer. The manufacturer, factory branch, distributor, or distributor branch shall not charge a restocking or handling fee for any part or accessory being returned under this subdivision. This subdivision shall not apply if the manufacturer, factory branch, distributor, or distributor branch has available to the dealer an alternate system for ordering parts and accessories that provides for shipment of ordered parts and accessories to the dealer within the same time frame as the dealer would receive them when ordered through the automated ordering system.

C. Notwithstanding the terms of any franchise, it shall be unlawful for any motor vehicle manufacturer, factory branch, distributor, or distributor branch to fail to indemnify and hold harmless its motor vehicle dealers against any losses or damages arising out of complaints, claims, or suits relating to the manufacture, assembly, or design of motor vehicles, parts, or accessories, or other functions by the manufacturer, factory branch, distributor, or distributor branch beyond the control of the dealer, including, without limitation, the selection by the manufacturer, factory branch, distributor, or distributor branch of parts or components for the vehicle or any damages to merchandise occurring in transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch. The dealer shall notify the manufacturer of pending suits in which allegations are made that come within this subsection whenever reasonably

practicable to do so. Every motor vehicle dealer franchise issued to, amended, or renewed for motor vehicle dealers in Virginia shall be construed to incorporate provisions consistent with the requirements of this subsection.

D. On any new motor vehicle, any uncorrected damage or any corrected damage exceeding three percent of the manufacturer's or distributor's suggested retail price as defined in 15 U.S.C. §§ 1231 -1233, as measured by retail repair costs, must be disclosed to the dealer in writing prior to delivery. Factory mechanical repair and damage to glass, tires, and bumpers are excluded from the three percent rule when properly replaced by identical manufacturer's or distributor's original equipment or parts. Whenever a new motor vehicle is damaged in transit, when the carrier or means of transportation is determined by the manufacturer or distributor, or whenever a motor vehicle is otherwise damaged prior to delivery to the new motor vehicle dealer, the new motor vehicle dealer shall:

1. Notify the manufacturer or distributor of the damage within three business days from the date of delivery of the new motor vehicle to the new motor vehicle dealership or within the additional time specified in the franchise; and

2. Request from the manufacturer or distributor authorization to replace the components, parts, and accessories damaged or otherwise correct the damage, unless the damage to the vehicle exceeds the three percent rule, in which case the dealer may reject the vehicle within three business days.

E. If the manufacturer or distributor refuses or fails to authorize correction of such damage within 10 days after receipt of notification, or if the dealer rejects the vehicle because damage exceeds the three percent rule, ownership of the new motor vehicle shall revert to the manufacturer or distributor, and the new motor vehicle dealer shall have no obligation, financial or otherwise, with respect to such motor vehicle. Should either the manufacturer, distributor, or the dealer elect to correct the damage or any other damage exceeding the three percent rule, full disclosure shall be made by the dealer in writing to the buyer and an acknowledgement by the buyer is required. If there is less than three percent damage, no disclosure is required, provided the damage has been corrected. Predelivery mechanical work shall not require a disclosure. Failure to disclose any corrected damage within the knowledge of the selling dealer to a new motor vehicle in excess of the three percent rule shall constitute grounds for revocation of the buyer order, provided that, within 30 days of purchase, the motor vehicle is returned to the dealer with an accompanying written notice of the grounds for revocation. In case of revocation pursuant to this section, the dealer shall accept the vehicle and refund any payments made to the dealer in connection with the transaction, less a reasonable allowance for the consumer's use of the vehicle as defined in § 59.1-207.11. Nothing in this section shall be construed to exempt from the provisions of this section damage to a new motor vehicle that occurs following delivery of the vehicle to the dealer.

F. If there is a dispute between the manufacturer, factory branch, distributor, or distributor branch and the dealer with respect to any matter referred to in subsection A, B, or C, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing. The decision of the Commissioner shall be binding on the parties, subject to rights of judicial review and appeal as provided in Chapter 40 (§ 2.2-4000 et seq.) of Title 2.2. However, nothing contained in this section shall give the Commissioner any authority as to the content or interpretation of any manufacturer's or distributor's warranty. A manufacturer, factory branch, distributor, or distributor branch may not collect chargebacks, fully or in part, either through direct payment or by charge to the dealer's account, for *recall* or warranty parts or service compensation, including service incentives, sales incentives, other sales compensation, surcharges, fees, penalties, or any financial imposition of any type arising from an alleged failure of the dealer to comply with a policy of, directive from, or agreement with the manufacturer, factory branch, distributor, or distributor branch until 40 days following final notice of the amount charged to the dealer following all internal processes of the manufacturer, factory, factory branch, distributor, or distributor branch. Within 30 days following receipt of such final notice, the dealer may petition the Commissioner, in writing, for a hearing. If a dealer requests such a hearing, the manufacturer, factory branch, distributor, or distributor branch may not collect the chargeback, fully or in part, either through direct payment or by charge to the dealer's account, until the completion of the hearing and a final decision of the Commissioner concerning the validity of the chargeback.

§ 46.2-1572.4. Manufacturer or distributor use of performance standards.

A. Any performance standard or program that is used by a manufacturer or distributor for measuring dealership performance and may have a material effect on a dealer, and the application of any such standard or program by a manufacturer or distributor, shall be fair, reasonable and equitable, and if based upon a survey, shall be based upon a statistically valid sample. Upon the request of any dealer, a manufacturer or distributor shall disclose in writing to the dealer a description of how a performance standard or program is designed and all relevant information used in the application of the performance standard or program to that dealer.

B. A manufacturer or distributor shall not use any data, calculations, or statistical determinations of the sales performance of a dealer for any purpose, including (i) loss of incentive payments or other benefits, (ii) claim of breach or threats thereof, or (iii) notice of termination or threats thereof for the period of time the manufacturer, factory branch, distributor, or distributor branch has established an agreement, program, incentive program, or provision for loss of incentive payments or other benefits that causes a dealer to refrain from selling any used motor vehicle subject to (a) recall, (b) stop sale directive, (c) technical service bulletin, or (d) other manufacturer, factory branch, distributor, or distributor branch notification to perform work on a dealer's used motor vehicles in its inventory when there is no remedy or there are no parts to remediate each such affected used motor vehicle from the manufacturer, factory branch, distributor, or distributor branch and for 90 days after the termination of such agreement, program, incentive program, or provision for loss of incentive payments or other benefits.

The data on which the manufacturer or distributor seeks to rely under this subsection shall only be for a period or periods not excluded under this subsection. For any performance standard or program that is used by a manufacturer or distributor for measuring dealership performance during the period or periods excluded under this subsection, a dealer shall be deemed in compliance with any such program requirements related to sales performance or sales or service customer satisfaction performance of a dealer.

This subsection shall not prevent a manufacturer, factory branch, distributor, or distributor branch from (1) requiring that a motor vehicle not be subject to an open recall or stop sale directive in order to be qualified, remain qualified, or be sold as a certified pre-owned vehicle or similar designation; (2) paying incentives for selling used vehicles with no unremedied recalls; (3) paying incentives for performing recall repairs on a vehicle in the dealer's inventory; or (4) instructing that a dealer repair used vehicles of the line-make for which the dealer holds a franchise with an open recall, provided that the instruction does not involve coercion that imposes a penalty or provision of loss of benefits on the dealer.

C. A dealer may apply to the manufacturer, factory branch, distributor, or distributor branch for adjustment to data, calculations, or statistical determinations of sales performance or sales and service customer satisfaction performance for any period of time that such dealer has at least five percent of its new motor vehicle inventory subject to a recall or stop sale directive and for 90 days after the end of such period of time. Within 30 days of application for adjustment, the manufacturer, factory branch, distributor, or distributor branch shall use reasonable efforts to review and adjust the data, calculations, or other statistical determinations back to the date that the dealer was prevented from selling the new motor vehicles. A dealer applying for adjustment shall have the burden of showing that the prevention of sale had a material, adverse impact on such dealer's new vehicle sales performance or sales and service customer satisfaction performance, and the adjustments by the manufacturer, factory branch, distributor, or distributor branch shall use reasonable efforts to remediate the effect of the impact shown on the data, calculations, or statistical determinations of sales performance or sales and service customer satisfaction performance.

The manufacturer shall take into consideration any adjustments to a dealer's new vehicle sales performance or sales and service customer satisfaction performance made by the manufacturer under this subsection in determining a dealer's compliance with a manufacturer performance standard or program.

CHAPTER 433

An Act to amend and reenact § 58.1-439.12:08 of the Code of Virginia, relating to research and development expenses tax credit; reporting requirement.

[H 590]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-439.12:08 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-439.12:08. Research and development expenses tax credit.

A. As used in this section, unless the context requires a different meaning:

~~"Partnership" means the Virginia Economic Development Partnership.~~

"Virginia base amount" means the base amount as defined in § 41(c) of the Internal Revenue Code, as amended, that is attributable to Virginia, determined by (i) substituting "Virginia qualified research and development expense" for "qualified research expense"; (ii) substituting "Virginia qualified research" for "qualified research"; and (iii) instead of "fixed base percentage," using:

1. The percentage that the Virginia qualified research and development expense for the three taxable years immediately preceding the current taxable year in which the expense is incurred is of the taxpayer's total gross receipts for such years; or

2. The percentage that the Virginia qualified research and development expense for the applicable number of taxable years immediately preceding the current taxable year in which the expense is incurred is of the taxpayer's total gross receipts for such years, for the taxpayer that has fewer than three but at least one prior taxable year.

"Virginia gross receipts" means the same as "gross receipts" as defined in § 58.1-3700.1.

"Virginia qualified research" means qualified research, as defined in § 41(d) of the Internal Revenue Code, as amended, that is conducted in the Commonwealth.

The total amount of credits granted for each fiscal year of the Commonwealth pursuant to this section shall not exceed \$6 million.

C. A taxpayer meeting the requirements of this section shall be eligible to receive a tax credit as provided herein. The Department shall develop and publish guidelines for applications and such guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.). In the event applications for the tax credits allowed under this section exceed \$6 million for any taxable year, the Department shall apportion the credits by dividing \$6 million by the total amount of tax credits applied for, to determine the percentage of allowed tax credits each taxpayer shall receive. In the event that the total amount of approved tax credits under this section for all applications for any taxable year is less than \$6 million, the Department shall allocate credits up to the maximum of \$6 million, on a pro rata basis, to taxpayers who are already approved for the tax credit for the taxable year equal to 15 percent of the second \$234,000 in qualified research expenses during the taxable year or 20 percent of the second \$234,000 in qualified research expenses conducted in conjunction with a public or private college or university located in the Commonwealth.

D. If the amount of the credit allowed exceeds the taxpayer's tax liability for the taxable year, the amount that exceeds the tax liability shall be refunded to the taxpayer, subject to the limitations set forth in the guidelines developed by the Department.

E. Any taxpayer who claims the tax credit for Virginia qualified research and development expenses pursuant to this section shall not use such expenses as the basis for claiming any other credit provided under the Code of Virginia.

F. Credits granted to a partnership, limited liability company, or electing small business corporation (S corporation) shall be allocated to the individual partners, members, or shareholders, respectively, in proportion to their ownership interests in such entities or in accordance with a written agreement entered into by such individual partners, members, or shareholders, unless the partnership, limited liability company, or electing small business corporation (S corporation) elects for such credits not to be so allocated but to be received and claimed at the entity level by the partnership, limited liability company, or electing small business corporation (S corporation) pursuant to guidelines that shall be issued by the Department for purposes of such election.

G. The Department shall adopt guidelines to prescribe standards for determining when research and development is considered conducted in the Commonwealth for purposes of allowing the credit under this section. In adopting guidelines, the Department may consider (i) the location where the research and development is performed; (ii) the residence or business location of the taxpayer or taxpayers conducting the research and development; (iii) the location where supplies used in the research and development are consumed; and (iv) any other factors that the Department deems to be relevant.

H. ~~The Partnership shall include the tax credits approved in accordance with the provisions of this section in the Annual Report on Business Incentives compiled by the Secretary of Commerce and Trade. Such report~~ Tax Commissioner's annual report to the Governor on revenue collections by tax source shall include (i) the total number of applicants approved for tax credits pursuant to this section for the applicable tax year and (ii) the total ~~number of amount of such tax credits~~ approved for the applicable tax year.

CHAPTER 437

An Act to amend and reenact §§ 46.2-1700, 46.2-1701, and 46.2-1702 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 46.2-1701.4, relating to certification of online driver education courses.

[H 748]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-1700, 46.2-1701, and 46.2-1702 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 46.2-1701.4 as follows:

§ 46.2-1700. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Class A licensee" means a driver training school that provides training in the operation of commercial motor vehicles as defined in § 46.2-341.4.

"Class B licensee" means a driver training school that provides training in the operation of any type of motor vehicle other than motorcycles and commercial motor vehicles as defined in § 46.2-341.4.

"Computer-based driver education course" means the classroom portion of driver education offered by a computer-based driver education provider through the Internet or other electronic means approved by the Department whose content and quality is comparable to that of courses offered in the Commonwealth's public schools.

"Computer-based driver education provider" means a driver training school licensed by the Department in accordance with this chapter to conduct computer-based driver education courses.

"Driver training school" or "school" means a business enterprise conducted by an individual, association, partnership, or corporation, for the education and training of persons, either practically or theoretically or both, to operate or drive motor vehicles, and charging a consideration or tuition for such services. "Driver training school" or "school" does not mean any college, university, school established pursuant to § 46.2-1314, school maintained or classes conducted by employers for their own employees where no fee or tuition is charged, schools or classes owned and operated by or under the authority of bona fide religious institutions, or by the Commonwealth or any political subdivision thereof, training programs for school bus operators established pursuant to § 22.1-181, driver education programs established pursuant to § 22.1-205, or schools accredited by accrediting associations approved by the Department of Education; however, if any such entity or program excluded from the definition of "driver training school" offers driver education and training through a contractual arrangement with another person for consideration, then that other person shall be considered a driver training school subject to the requirements of this chapter.

"Instructor" means any person, whether acting for himself as operator of a driver training school or for such school for compensation, who teaches, conducts classes, gives demonstrations, or supervises persons learning to operate or drive a motor vehicle.

§ 46.2-1701. Licenses required for school and instructor; fees.

No driver training school shall be established or continue operation unless the school obtains from the Commissioner a license authorizing the school to operate within this Commonwealth.

No instructor shall perform the actions enumerated in the definition of "instructor" in § 46.2-1700 unless he obtains from the Commissioner a license authorizing him to act as driving instructor.

The Commissioner shall have authority to set and collect school and instructor licensing fees. All licensing fees collected by the Commissioner under this chapter shall be paid into the state treasury and set aside as a special fund to meet the expenses of the Department of Motor Vehicles.

Upon application of a driver training school licensed in accordance with this chapter, the Commissioner may license such driver training school using criteria established by the Commissioner pursuant to § 46.2-1702 to provide computer-based driver education courses using curricula approved by the Commissioner. A nonrefundable annual licensing fee of \$100 shall be required with each application. Such annual licensing fee shall be in addition to fees permitted under this chapter.

§ 46.2-1701.4. Reports and records of licensed computer-based driver education providers.

The Commissioner may require annual, periodic, or special reports from computer-based driver education providers in a manner and form approved by the Commissioner. The Commissioner may require a computer-based driver education provider to file with the Department a true copy of any contract, agreement, or arrangement between such computer-based driver education provider and any person in relation to the provisions of this chapter. The Commissioner may prescribe the forms of any accounts, records, and memoranda to be kept by computer-based driver education providers and the length of time such accounts, records, and memoranda shall be preserved.

§ 46.2-1702. Certification of driver education courses by Commissioner.

Notwithstanding any other provision of law, the Commissioner shall have the authority to approve as a driver education course satisfying the requirements of § 46.2-334 any course which is offered by any driver training school licensed under the provisions of this chapter if he finds that the course is of comparable content and quality to that offered in the Commonwealth's public schools. In making such finding, the Commissioner shall not require that the instructors of any driver training school meet the certification requirements of teachers in the Commonwealth's public schools.

Any community college within the Virginia Community College System shall have the authority to offer the courses required by the Virginia Board of Education to become a certified driver education instructor in Virginia on a not-for-credit basis so long as the courses include the same content and curriculum required by the Department of Education, enabling individuals who complete those courses to then teach driver's education in Virginia driver education training schools upon official certification by the Department of Motor Vehicles. The Virginia Department of Education shall provide the curriculum, content, and other information regarding the courses required to become certified driver education instructors in Virginia to any community college within the Virginia Community College System. The content of each course must be accurate and rigorous and must meet the requirements for the Department of Education's Curriculum and Administrative Guide for Driver's Education, which includes the Board of Education's standards of learning.

Except for schools in the Commonwealth's public school system and providers of correspondence courses approved by the Board of Education pursuant to subsection F of § 22.1-205, only those driver training schools that are licensed as computer-based driver education providers shall be authorized to administer computer-based driver education courses. The content and quality of such computer-based driver education courses shall be comparable to that of courses offered in the Commonwealth's public schools. The Commissioner may establish minimum standards for testing students who have enrolled in computer-based driver education courses. Such standards may include (i) requirements for the test site; (ii) verification that the person taking the test is the person enrolled in the course; (iii) verification of the identity of the student using photo identification approved by the Commissioner; and (iv) maintenance of a log containing the name and title of the licensed instructor monitoring the test, the test date, the name of the student taking the test, and the student's time-in and time-out of the test site. Computer-based driver education providers shall not issue a certificate of completion to a student in Planning District 8 prior to receiving proof of completion of the additional minimum 90-minute parent/student driver education component pursuant to § 22.1-205.

The Commissioner shall have authority to approve any driver education course offered by any Class A licensee if he finds the course meets the requirements for such courses as set forth in this chapter and as otherwise established by the Department. Class A licensees shall not be permitted to administer knowledge or behind-the-wheel examinations. Driver education courses offered by any Class B licensee shall be based on the driver education curriculum currently approved by the Department of Education and the Department.

The Commissioner may accept 20 years' service with the Virginia Department of State Police by a person who retired or resigned while in good standing from such Department in lieu of requirements established by the Department of Education for instructor qualification.

CHAPTER 440

An Act to designate the Commonwealth Center for Recurrent Flooding Resiliency jointly at Old Dominion University, the Virginia Institute of Marine Science, and The College of William and Mary.

[H 903]

Approved March 11, 2016

Whereas, Old Dominion University, the Virginia Institute of Marine Science, and The College of William and Mary have joined together to provide critical applied research, policy, and outreach resources to support the efforts of the Commonwealth and its political subdivisions to build resilience in the face of rising water throughout the state; and

Whereas, Old Dominion University, the Virginia Institute of Marine Science, and The College of William and Mary have developed the basis for a joint center of excellence in recurrent flooding resiliency, resulting in national leadership in this domain; and

Whereas, House Joint Resolution 50 and Senate Joint Resolution 76 (2012) directed the Virginia Institute of Marine Science (VIMS) to study strategies for adaptation, migration, and the prevention of recurrent flooding in Tidewater and Eastern Shore Virginia localities, resulting in Senate Document 3 (2013), entitled "Recurrent Flooding Study for Tidewater Virginia"; and

Whereas, VIMS found that recurrent flooding is occurring repeatedly in the same area over time due to precipitation events, high tides, or storm surges throughout coastal Virginia and is predicted to worsen, resulting in more frequent or larger-scale flood events; and

Whereas, VIMS found that "[i]mpacts from flooding can range from temporary road closures to the loss of homes, loss of businesses, property and life. In coastal Virginia, the cost of large storm damage can range from millions to hundreds of millions of dollars per storm. With a long history of flooding from coastal storms, there is a keen interest in Virginia to identify areas of potential flooding and establish measures or adaptation strategies to reduce the impact of future flood events"; and

Whereas, VIMS found that a review of global flood management strategies suggests that it is possible for Virginia to have an effective flood response, but such efforts may take 20 to 30 years to effectively plan and implement; and

Whereas, VIMS has developed state-of-the-art storm surge models capable of predicting street-level flooding associated with storm events that can be used to inform planning and emergency preparedness; and

Whereas, Old Dominion University (ODU) has prioritized interdisciplinary and applied research in areas impacting recurrent flooding and resilience in Virginia, demonstrated through the Hampton Roads Sea Level Rise Adaptation Forums; the Virginia Modeling, Analysis, and Simulation Center (VMASC); the Center for Coastal Physical Oceanography (CCPO);

the Hampton Roads Intergovernmental Pilot Project; the Hampton Roads Sea Level Rise and Adaptation Forums; and other programs and initiatives; and

Whereas, ODU CCPO researchers identified a "hot spot" of accelerated sea level rise along the East Coast of the United States, including Coastal Virginia, resulting from a diminished Gulf Stream; and

Whereas, ODU VMASC researchers have modeled evacuation responses in vulnerable and medically fragile populations, providing information to facilitate better policies and decision making; and

Whereas, ODU VMASC researchers are actively designing models to facilitate planning practices for increased housing recovery and resilience in the event of a severe storm event; and

Whereas, the Hampton Roads Intergovernmental Pilot Project convened by ODU has effectively brought together federal, state, regional, municipal, and community partners to develop a framework for a whole of government and whole of community approach to resilience throughout the Commonwealth; and

Whereas, the Virginia Coastal Policy Center at The College of William and Mary provides legal and policy analysis of ecological issues affecting the state's coastal resources, providing education and advice to decision makers throughout Virginia; and

Whereas, localities included in the Hampton Roads Planning District Commission are required to incorporate into the next scheduled and all subsequent reviews of its comprehensive plan strategies to combat projected relative sea level rise and recurrent flooding with assistance from Old Dominion University, the Virginia Institute of Marine Science, and other agencies of the Commonwealth; and

Whereas, VIMS offered several recommendations, including that the Commonwealth, working with its coastal localities, (i) begin comprehensive and coordinated planning efforts; (ii) initiate identification, collection, and analysis of data needed to support effective planning for response efforts; and (iii) take a lead role in addressing recurrent flooding in Virginia for the following reasons: (a) accessing relevant federal resources for planning and mitigation may be enhanced through state mediation, (b) flooding problems are linked to water bodies and therefore often transcend locality boundaries, and (c) prioritizing flood management actions must be based in part on risk; and therefore, the Commonwealth must oversee the necessary studies to determine adaptation strategies as well as implementation of the agreed-upon strategies; and

Whereas, the Joint Legislative Audit and Review Commission (JLARC) study mandated by House Joint Resolution 132 (2012) and presented on October 15, 2013, entitled "Review of Disaster Preparedness Planning in Virginia," stated, "The state generally has strong disaster response plans, but deficiencies in evacuation and shelter plans may compromise the safety of the Hampton Roads population during a catastrophic disaster"; and

Whereas, the JLARC study further noted that if four key assumptions in the state's current evacuation plan do not hold, "timely hurricane evacuations could be compromised," placing citizens at risk after the storm; and

Whereas, the flooding affects areas outside of the Atlantic and Chesapeake Bay watersheds, as experienced in 1969, when Hurricane Camille spawned destruction and the loss of lives in Nelson County as well as severe flooding in the Valley, and in 1972, when Hurricane Agnes notably affected Central and Southwest Virginia; and

Whereas, many Virginia communities regularly battle recurrent flooding from nearby rivers and runoff as well as flooding associated with aging public and private dams; and

Whereas, a number of Virginia-based federal (including military), state, regional, and local agencies, private and not-for-profit groups, and colleges and universities are actively examining issues resulting from recurrent flooding in Virginia's coastal communities and investing in specific flood mitigation strategies; and

Whereas, the Virginia Housing Commission studied this issue through its Housing and the Environment Work Group and found that zoning, building codes, and planning issues will all be affected by recurrent flooding; and

Whereas, House Joint Resolution 16 (2013) established a joint subcommittee to formulate recommendations for the development of a comprehensive and coordinated planning effort to address recurrent flooding; now, therefore,

Be it enacted by the General Assembly of Virginia:

The plan shall provide for the protection of public health as the Department transitions to accepting only applications that are supported with private site evaluations and designs from a licensed professional engineer or licensed onsite soil evaluator or, for any work subject to regulations governing private wells in the Commonwealth, by a licensed water well system provider.*

The plan shall include (i) provisions related to transparency of costs for services provided by the private sector, including options available, necessary disclosures for cost of installation and operation and maintenance, and recommendations to resolve disputes that might arise from private sector designs, warranties, or installations; (ii) a date by which all site evaluations and designs will be performed by the private sector; (iii) a transition timeline to incrementally eliminate site evaluations and designs provided by the Department to fully transition all such services to the private sector; (iv) procedures and minimum requirements for the Department's review of private evaluations and designs; (v) a timeline to incrementally require private evaluations and designs for certain categories of services such as applications for subdivision review, certification letters, voluntary upgrades, repairs, submissions previously accompanied by private sector work, new construction, and reviews pursuant to § 32.1-165 of the Code of Virginia; (vi) a recommendation concerning whether the Department can reduce or eliminate services in a particular area on the basis of the number and availability of licensed private-sector professional engineers and onsite soil evaluators and licensed water well system providers to provide services in that particular area; (vii) necessary changes to application fees in order to encourage private sector evaluations and designs and projected schedules for those changes; (viii) a recommendation concerning the need to establish a fund to assist income-eligible citizens with repairing failing onsite sewage systems and private wells; (ix) provisions for disclosing to the consumer that an option to install a conventional onsite sewage system exists in the event that an evaluator or designer specifies an alternative onsite sewage system where the site conditions will allow a conventional system to be installed; (x) provisions for involvement by the Department in resolving disputes that may arise between the consumer and the private sector service providers related to evaluations or designs of onsite sewage systems and private wells; (xi) provisions for the continued provision of evaluation and design services by the Department in areas that are underserved by the private sector; (xii) necessary improvements in other services performed by the Department that may derive from the transition to private evaluations and designs, including programmatic oversight; inspections; review procedures; data collection, analysis, and dissemination; quality assurance; environmental health surveillance and enforcement; timely correction of failing onsite sewage systems and determination of reasons for failure; operation and maintenance; health impacts related to onsite sewage systems; and water quality, including impacts of onsite sewage systems on the Chesapeake Bay; (xiii) an analysis of the ranges of costs to the consumer for evaluation and design services currently charged by the Department and ranges of the potential costs to the consumer for such services if provided by the private sector, and (xiv) legislative, regulatory, or policy changes necessary to implement the plan.

The Commissioner shall present an interim report or the completed plan and recommendations to the Governor and the General Assembly by November 15, 2016.

CHAPTER 445

An Act to amend and reenact §§ 19.2-168.1, 19.2-169.1, and 19.2-169.5 of the Code of Virginia, relating to qualifications of forensic evaluators for certain criminal defendants.

[H 582]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-168.1, 19.2-169.1, and 19.2-169.5 of the Code of Virginia are amended and reenacted as follows:

§ 19.2-168.1. Evaluation on motion of the Commonwealth after notice.

A. If the attorney for the defendant gives notice pursuant to § 19.2-168, and the Commonwealth thereafter seeks an evaluation of the defendant's sanity at the time of the offense, the court shall appoint one or more qualified mental health experts to perform such an evaluation. The court shall order the defendant to submit to such an evaluation and advise the defendant on the record in court that a refusal to cooperate with the Commonwealth's expert could result in exclusion of the defendant's expert evidence. The qualification of the experts shall be governed by subsection A of § 19.2-169.5. The location of the evaluation shall be governed by subsection B of § 19.2-169.5. The attorney for the Commonwealth shall be responsible for providing the experts the information specified in subsection C of § 19.2-169.5. After performing their

evaluation, the experts shall report their findings and opinions, and provide copies of psychiatric, psychological, medical or other records obtained during the course of the evaluation to the attorneys for the Commonwealth and the defense. *The evaluator shall also send a redacted copy of the report removing references to the defendant's name, date of birth, case number, and court of jurisdiction to the Commissioner of Behavioral Health and Developmental Services for the purpose of peer review to establish and maintain the list of approved evaluators described in subsection A of § 19.2-169.5.*

B. If the court finds, after hearing evidence presented by the parties, that the defendant has refused to cooperate with an evaluation requested by the Commonwealth, it may admit evidence of such refusal or, in the discretion of the court, bar the defendant from presenting expert psychiatric or psychological evidence at trial on the issue of his sanity at the time of the offense.

§ 19.2-169.1. Raising question of competency to stand trial or plead; evaluation and determination of competency.

A. Raising competency issue; appointment of evaluators. — If, at any time after the attorney for the defendant has been retained or appointed and before the end of trial, the court finds, upon hearing evidence or representations of counsel for the defendant or the attorney for the Commonwealth, that there is probable cause to believe that the defendant, whether a juvenile transferred pursuant to § 16.1-269.1 or adult, lacks substantial capacity to understand the proceedings against him or to assist his attorney in his own defense, the court shall order that a competency evaluation be performed by at least one psychiatrist or clinical psychologist who ~~is qualified by training and experience in~~ *(i) has performed forensic evaluation evaluations; (ii) has successfully completed forensic evaluation training recognized by the Commissioner of Behavioral Health and Developmental Services; (iii) has demonstrated to the Commissioner competence to perform forensic evaluations; and (iv) is included on a list of approved evaluators maintained by the Commissioner.*

B. Location of evaluation. — The evaluation shall be performed on an outpatient basis at a mental health facility or in jail unless the court specifically finds that outpatient evaluation services are unavailable or unless the results of outpatient evaluation indicate that hospitalization of the defendant for evaluation on competency is necessary. If the court finds that hospitalization is necessary, the court, under authority of this subsection, may order the defendant sent to a hospital designated by the Commissioner of Behavioral Health and Developmental Services as appropriate for evaluations of persons under criminal charge. The defendant shall be hospitalized for such time as the director of the hospital deems necessary to perform an adequate evaluation of the defendant's competency, but not to exceed 30 days from the date of admission to the hospital.

C. Provision of information to evaluators. — The court shall require the attorney for the Commonwealth to provide to the evaluators appointed under subsection A any information relevant to the evaluation, including, but not limited to (i) a copy of the warrant or indictment; (ii) the names and addresses of the attorney for the Commonwealth, the attorney for the defendant, and the judge ordering the evaluation; (iii) information about the alleged crime; and (iv) a summary of the reasons for the evaluation request. The court shall require the attorney for the defendant to provide any available psychiatric records and other information that is deemed relevant. The court shall require that information be provided to the evaluator within 96 hours of the issuance of the court order pursuant to this section.

D. The competency report. — Upon completion of the evaluation, the evaluators shall promptly submit a report in writing to the court and the attorneys of record concerning (i) the defendant's capacity to understand the proceedings against him; (ii) his ability to assist his attorney; and (iii) his need for treatment in the event he is found incompetent but restorable, or incompetent for the foreseeable future. If a need for restoration treatment is identified pursuant to clause (iii), the report shall state whether inpatient or outpatient treatment is recommended. No statements of the defendant relating to the time period of the alleged offense shall be included in the report. *The evaluator shall also send a redacted copy of the report removing references to the defendant's name, date of birth, case number, and court of jurisdiction to the Commissioner of Behavioral Health and Developmental Services for the purpose of peer review to establish and maintain the list of approved evaluators described in subsection A of § 19.2-169.1.*

E. The competency determination. — After receiving the report described in subsection D, the court shall promptly determine whether the defendant is competent to stand trial. A hearing on the defendant's competency is not required unless one is requested by the attorney for the Commonwealth or the attorney for the defendant, or unless the court has reasonable cause to believe the defendant will be hospitalized under § 19.2-169.2. If a hearing is held, the party alleging that the defendant is incompetent shall bear the burden of proving by a preponderance of the evidence the defendant's incompetency. The defendant shall have the right to notice of the hearing, the right to counsel at the hearing and the right to personally participate in and introduce evidence at the hearing.

The fact that the defendant claims to be unable to remember the time period surrounding the alleged offense shall not, by itself, bar a finding of competency if the defendant otherwise understands the charges against him and can assist in his defense. Nor shall the fact that the defendant is under the influence of medication bar a finding of competency if the defendant is able to understand the charges against him and assist in his defense while medicated.

§ 19.2-169.5. Evaluation of sanity at the time of the offense; disclosure of evaluation results.

A. Raising issue of sanity at the time of offense; appointment of evaluators. — If, at any time before trial, the court finds, upon hearing evidence or representations of counsel for the defendant, that there is probable cause to believe that the defendant's sanity will be a significant factor in his defense and that the defendant is financially unable to pay for expert assistance, the court shall appoint one or more qualified mental health experts to evaluate the defendant's sanity at the time of the offense and, where appropriate, to assist in the development of an insanity defense. Such mental health expert shall be

(†) a psychiatrist; or a clinical psychologist; or an individual with a doctorate degree in clinical psychology who (i) has performed forensic examinations, (ii) has successfully completed forensic evaluation training as approved recognized by the Commissioner of Behavioral Health and Developmental Services and (ii) qualified by specialized training and experience, (iii) has demonstrated to the Commissioner competence to perform forensic evaluations, and (iv) is included on a list of approved evaluators maintained by the Commissioner. The defendant shall not be entitled to a mental health expert of his own choosing or to funds to employ such expert.

B. Location of evaluation. — The evaluation shall be performed on an outpatient basis, at a mental health facility or in jail, unless the court specifically finds that outpatient services are unavailable, or unless the results of the outpatient evaluation indicate that hospitalization of the defendant for further evaluation of his sanity at the time of the offense is necessary. If either finding is made, the court, under authority of this subsection, may order that the defendant be sent to a hospital designated by the Commissioner of Behavioral Health and Developmental Services as appropriate for evaluation of the defendant under criminal charge. The defendant shall be hospitalized for such time as the director of the hospital deems necessary to perform an adequate evaluation of the defendant's sanity at the time of the offense, but not to exceed 30 days from the date of admission to the hospital.

C. Provision of information to evaluator. — The court shall require the party making the motion for the evaluation, and such other parties as the court deems appropriate, to provide to the evaluators appointed under subsection A any information relevant to the evaluation, including, but not limited to (i) copy of the warrant or indictment; (ii) the names and addresses of the attorney for the Commonwealth, the attorney for the defendant and the judge who appointed the expert; (iii) information pertaining to the alleged crime, including statements by the defendant made to the police and transcripts of preliminary hearings, if any; (iv) a summary of the reasons for the evaluation request; (v) any available psychiatric, psychological, medical or social records that are deemed relevant; and (vi) a copy of the defendant's criminal record, to the extent reasonably available.

D. The evaluators shall prepare a full report concerning the defendant's sanity at the time of the offense, including whether he may have had a significant mental disease or defect which rendered him insane at the time of the offense. The report shall be prepared within the time period designated by the court, said period to include the time necessary to obtain and evaluate the information specified in subsection C.

E. Disclosure of evaluation results. — The report described in subsection D shall be sent solely to the attorney for the defendant and shall be deemed to be protected by the lawyer-client privilege. However, the Commonwealth shall be given the report in all felony cases, the results of any other evaluation of the defendant's sanity at the time of the offense, and copies of psychiatric, psychological, medical, or other records obtained during the course of any such evaluation, after the attorney for the defendant gives notice of an intent to present psychiatric or psychological evidence pursuant to § 19.2-168. *In addition, in all cases, the evaluator shall send a redacted copy of the report removing references to the defendant's name, date of birth, case number, and court of jurisdiction to the Commissioner of Behavioral Health and Developmental Services for the purpose of peer review to establish and maintain the list of approved evaluators described in subsection A of § 19.2-169.5.*

F. In any case where the defendant obtains his own expert to evaluate the defendant's sanity at the time of the offense, the provisions of subsections D and E, relating to the disclosure of the evaluation results, shall apply.

If a child's name currently appears on the registry without consultation with and permission of the parents or guardians for a founded case of abuse and neglect that does not name the parents or guardians of the child as the abuser or neglector, such parents or guardians may have the child's name removed by written request to the Department. The information contained in the central registry shall not be open to inspection by the public. However, appropriate disclosure may be made in accordance with Board regulations.

[H 588]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-253.4 and 19.2-152.8 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-253.4. Emergency protective orders authorized in certain cases; penalty.

A. Any judge of a circuit court, general district court, juvenile and domestic relations district court or magistrate may issue a written or oral ex parte emergency protective order pursuant to this section in order to protect the health or safety of any person.

B. When a law-enforcement officer or an allegedly abused person asserts under oath to a judge or magistrate, and on that assertion or other evidence the judge or magistrate (i) finds that a warrant for a violation of § 18.2-57.2 has been issued or issues a warrant for violation of § 18.2-57.2 and finds that there is probable danger of further acts of family abuse against a family or household member by the respondent or (ii) finds that reasonable grounds exist to believe that the respondent has committed family abuse and there is probable danger of a further such offense against a family or household member by the respondent, the judge or magistrate shall issue an ex parte emergency protective order, except if the respondent is a minor, an emergency protective order shall not be required, imposing one or more of the following conditions on the respondent:

1. Prohibiting acts of family abuse or criminal offenses that result in injury to person or property;
2. Prohibiting such contacts by the respondent with the allegedly abused person or family or household members of the allegedly abused person, *including prohibiting the respondent from being in the physical presence of the allegedly abused person or family or household members of the allegedly abused person*, as the judge or magistrate deems necessary to protect the safety of such persons;
3. Granting the family or household member possession of the premises occupied by the parties to the exclusion of the respondent; however, no such grant of possession shall affect title to any real or personal property; and
4. Granting the petitioner the possession of any companion animal as defined in § 3.2-6500 if such petitioner meets the definition of owner in § 3.2-6500.

When the judge or magistrate considers the issuance of an emergency protective order pursuant to clause (i), he shall presume that there is probable danger of further acts of family abuse against a family or household member by the respondent unless the presumption is rebutted by the allegedly abused person.

C. An emergency protective order issued pursuant to this section shall expire at 11:59 p.m. on the third day following issuance. If the expiration occurs on a day that the court is not in session, the emergency protective order shall be extended until 11:59 p.m. on the next day that the juvenile and domestic relations district court is in session. When issuing an emergency protective order under this section, the judge or magistrate shall provide the protected person or the law-enforcement officer seeking the emergency protective order with the form for use in filing petitions pursuant to § 16.1-253.1 and written information regarding protective orders that shall include the telephone numbers of domestic violence agencies and legal referral sources on a form prepared by the Supreme Court. If these forms are provided to a law-enforcement officer, the officer may provide these forms to the protected person when giving the emergency protective order to the protected person. The respondent may at any time file a motion with the court requesting a hearing to dissolve or modify the order issued hereunder. The hearing on the motion shall be given precedence on the docket of the court.

D. A law-enforcement officer may request an emergency protective order pursuant to this section and, if the person in need of protection is physically or mentally incapable of filing a petition pursuant to § 16.1-253.1 or 16.1-279.1, may request the extension of an emergency protective order for an additional period of time not to exceed three days after expiration of the original order. The request for an emergency protective order or extension of an order may be made orally, in person or by electronic means, and the judge of a circuit court, general district court, or juvenile and domestic relations district court or a magistrate may issue an oral emergency protective order. An oral emergency protective order issued pursuant to this section shall be reduced to writing, by the law-enforcement officer requesting the order or the magistrate on

a preprinted form approved and provided by the Supreme Court of Virginia. The completed form shall include a statement of the grounds for the order asserted by the officer or the allegedly abused person.

E. The court or magistrate shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court or magistrate. A copy of an emergency protective order issued pursuant to this section containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent and due return made to the court. However, if the order is issued by the circuit court, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court to the primary law-enforcement agency providing service and entry of protective orders and upon receipt of the order, the primary law-enforcement agency shall enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the respondent. One copy of the order shall be given to the allegedly abused person when it is issued, and one copy shall be filed with the written report required by subsection D of § 19.2-81.3. The judge or magistrate who issues an oral order pursuant to an electronic request by a law-enforcement officer shall verify the written order to determine whether the officer who reduced it to writing accurately transcribed the contents of the oral order. The original copy shall be filed with the clerk of the juvenile and domestic relations district court within five business days of the issuance of the order. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court. Upon request, the clerk shall provide the allegedly abused person with information regarding the date and time of service.

F. The availability of an emergency protective order shall not be affected by the fact that the family or household member left the premises to avoid the danger of family abuse by the respondent.

G. The issuance of an emergency protective order shall not be considered evidence of any wrongdoing by the respondent.

H. As used in this section, "law-enforcement officer" means (i) any full-time or part-time employee of a police department or sheriff's office which is part of or administered by the Commonwealth or any political subdivision thereof and who is responsible for the prevention and detection of crime and the enforcement of the penal, traffic, or highway laws of the Commonwealth; (ii) any member of an auxiliary police force established pursuant to § 15.2-1731; and (iii) any special conservator of the peace who meets the certification requirements for a law-enforcement officer as set forth in § 15.2-1706. CHAPTER 456

An Act to amend and reenact § 19.2-368.5 of the Code of Virginia, relating to the Criminal Injury Compensation Fund; claims.

[H 667]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-368.5 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-368.5. Filing of claims; deferral of proceedings; restitution.

A. A claim may be filed by a person eligible to receive an award, as provided in § 19.2-368.4, or if such person is a minor, by his parent or guardian. In any case in which the person entitled to make a claim is incapacitated, the claim may be filed on his behalf by his guardian, conservator or such other individual authorized to administer his estate.

B. A claim shall be filed by the claimant not later than one year after the occurrence of the crime upon which such claim is based, or not later than one year after the death of the victim. However, (i) in cases involving claims made on behalf of a minor or a person who is incapacitated, the provisions of subsection A of § 8.01-229 shall apply to toll the one-year period; (ii) in cases involving claims made by a victim against profits of crime held in escrow pursuant to Chapter 21.2 (§ 19.2-368.19 et seq.) of this title, the claim shall be filed within five years of the date of the special order of escrow; and (iii) in cases involving claims of sexual abuse of a minor, the claim shall be filed within 10 years after the minor's eighteenth birthday. For good cause shown, the Commission may extend the time for filing for a crime committed on or after July 1, 2001.

In the case of a crime committed on or after July 1, 1977, and before July 1, 2001, for which a claim was not filed in a timely manner, the Commission may, for good cause shown, extend the time for filing if the attorney for the Commonwealth sends written notification to the Commission that the crime is being investigated as a result of newly discovered evidence. For any claim filed pursuant to this paragraph, the Commission shall only consider expenses *and loss of earnings* that the claimant accrues after the date of *newly discovered evidence as stipulated in the* written notification by the attorney for the Commonwealth.

C. Claims shall be filed in the office of the Commission in person, by mail, or by electronic means in accordance with standards approved by the Commission. The Commission shall accept for filing all claims submitted by persons eligible under subsection A of this section and alleging the jurisdictional requirements set forth in this chapter and meeting the requirements as to form in the rules and regulations of the Commission.

D. Upon filing of a claim pursuant to this chapter, the Commission shall promptly notify the attorney for the Commonwealth of the jurisdiction wherein the crime is alleged to have occurred. If, within 10 days after such notification, the attorney for the Commonwealth so notified advises the Commission that a criminal prosecution is pending upon the same alleged crime, the Commission shall defer all proceedings under this chapter until such time as such criminal prosecution has been concluded in the circuit court unless notification is received from the attorney for the Commonwealth that no objection is made to a continuation of the investigation and determination of the claim. When such criminal prosecution has been concluded in the circuit court the attorney for the Commonwealth shall promptly so notify the Commission. Nothing in this section shall be construed to mean that the Commission is to defer proceedings upon the filing of an appeal, nor shall this section be construed to limit the authority of the Commission to grant emergency awards as hereinafter provided. Upon awarding a claim pursuant to this chapter, the Commission shall promptly notify the attorney for the Commonwealth of the jurisdiction wherein the crime is alleged to have occurred. If a criminal prosecution occurs regarding the same alleged crime, the attorney for the Commonwealth shall request the court to order restitution. However, neither the lack of a restitution order, nor the failure of the attorney for the Commonwealth to request such an order, shall preclude the Fund from exercising its subrogation rights pursuant to § 19.2-368.15. Any such restitution shall be paid over to the Comptroller for deposit into the Criminal Injuries Compensation Fund to the extent of the amount of the award paid from the Fund.

2. That the provisions of this act shall apply to claims filed with the Criminal Injuries Compensation Fund on or after July 1, 2014.

CHAPTER 457

An Act to amend and reenact §§ 16.1-331, 16.1-333, 20-45.1, 20-48, 20-89.1, and 20-90 of the Code of Virginia; to amend the Code of Virginia by adding a section numbered 16.1-333.1; and to repeal § 20-49 of the Code of Virginia, relating to legal age for marriage; emancipation petitions for minors intending to marry; written findings.

[H 703]

Approved March 23, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-331, 16.1-333, 20-45.1, 20-48, 20-89.1, and 20-90 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 16.1-333.1 as follows:

§ 16.1-331. Petition for emancipation.

Any minor who has reached his sixteenth birthday and is residing in this Commonwealth, or any parent or guardian of such minor, may petition the juvenile and domestic relations district court for the county or city in which either the minor or his parents or guardian resides for a determination that the minor named in the petition be emancipated. The petition shall contain, in addition to the information required by § 16.1-262, the gender of the minor and, if the petitioner is not the minor, the name of the petitioner and the relationship of the petitioner to the minor. *If the petition is based on the minor's desire to enter into a valid marriage, the petition shall also include the name, age, date of birth, if known, and residence of the intended spouse. The petitioner shall also attach copies of any criminal records of each individual intending to be married. The petitioner shall also attach copies of any protective order issued between the individuals to be married.*

§ 16.1-333. Findings necessary to order that minor is emancipated.

The court may enter an order declaring the minor emancipated if, after a hearing, it is found that: (i) the minor has entered into a valid marriage, whether or not that marriage has been terminated by dissolution; ~~or~~ (ii) the minor is on active duty with any of the armed forces of the United States of America; ~~or~~ (iii) the minor willingly lives separate and apart from his parents or guardian, with the consent or acquiescence of the parents or guardian, and that the minor is or is capable of supporting himself and competently managing his own financial affairs; or (iv) *the minor desires to enter into a valid marriage and the requirements of § 16.1-333.1 are met.*

§ 16.1-333.1. Written findings necessary to order that minor is emancipated on the basis of intent to marry.

The court may enter an order declaring such a minor who desires to get married emancipated if, after a hearing where both individuals intending to marry are present, the court makes written findings that:

- 1. It is the minor's own will that the minor enter into marriage, and the minor is not being compelled against the minor's will by force, threats, persuasions, menace, or duress;*
- 2. The individuals to be married are mature enough to make such a decision to marry;*
- 3. The marriage will not endanger the safety of the minor. In making this finding, the court shall consider (i) the age difference between the parties intending to be married; (ii) whether either individual to be married has a criminal record containing any conviction of an act of violence, as defined in § 19.2-297.1, or any conviction of an offense set forth in § 63.2-1719 or 63.2-1726; and (iii) any history of violence between the parties to be married; and*
- 4. It is in the best interests of the minor petitioning for an order of emancipation that such order be entered. Neither a past or current pregnancy of either individual to be married or between the individuals to be married nor the wishes of the parents or legal guardians of the minor desiring to be married shall be sufficient evidence to establish that the best interests of the minor would be served by entering the order of emancipation.*

§ 20-45.1. Void and voidable marriages.

B. *Notwithstanding § 20-13, a marriage of a couple where one of the parties was under the age of 18 at the time of solemnization may be decreed valid upon petition by the party who was under the age of 18 at the time of the solemnization that would otherwise be deemed voidable under subsection C of § 20-45.1 solely because of age, once such party has attained the age of 18. CHAPTER 459

An Act to amend and reenact §§ 55-225.12 and 55-248.27 of the Code of Virginia, relating to landlord and tenant law; tenant remedies.

[S 377]

Approved March 23, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 55-225.12 and 55-248.27 of the Code of Virginia are amended and reenacted as follows:

§ 55-225.12. Tenant's assertion; rent escrow; dwelling units.

A. The tenant may assert that there exists upon the dwelling unit, a condition or conditions which constitute a material noncompliance by the landlord with the rental agreement or with provisions of law, or which if not promptly corrected, will constitute a fire hazard or serious threat to the life, health or safety of occupants thereof, including but not limited to, a lack of heat or hot or cold running water, except if the tenant is responsible for payment of the utility charge and where the lack of such heat or hot or cold running water is the direct result of the tenant's failure to pay the utility charge; or a lack of light, electricity or adequate sewage disposal facilities; or an infestation of rodents; or the existence of paint containing lead pigment on surfaces within the dwelling, provided that the landlord has notice of such paint. The tenant may file such an assertion in a general district court wherein the dwelling unit is located by a declaration setting forth such assertion and asking for one or more forms of relief as provided for in subsection *E D*.

B. Prior to the granting of any relief, the tenant shall show to the satisfaction of the court that:

1. Prior to the commencement of the action the landlord was served a written notice by the tenant of the conditions described in subsection A, or was notified of such conditions by a violation or condemnation notice from an appropriate state or municipal agency, and that the landlord has refused, or having a reasonable opportunity to do so, has failed to remedy the same. For the purposes of this subsection, what period of time shall be deemed to be unreasonable delay is left to the discretion of the court except that there shall be a rebuttable presumption that a period in excess of 30 days from receipt of the notification by the landlord is unreasonable; *and*

2. The tenant has paid into court the amount of rent called for under the rental agreement, within five days of the date due thereunder, unless or until such amount is modified by subsequent order of the court under this chapter; *and*.

~~3.~~ C. It shall be sufficient answer or rejoinder to ~~such~~ a declaration *pursuant to subsection A* if the landlord establishes to the satisfaction of the court that the conditions alleged by the tenant do not in fact exist, or such conditions have been removed or remedied, or such conditions have been caused by the tenant or members of his family or his or their invitees or licensees, or the tenant has unreasonably refused entry to the landlord to the dwelling unit for the purpose of correcting such conditions.

E D. Any court shall make findings of fact on the issues before it and shall issue any order that may be required. Such an order may include, but is not limited to, any one or more of the following:

1. Terminating the rental agreement *upon the request of the tenant* or ordering the dwelling unit surrendered to the landlord *if the landlord prevails on a request for possession pursuant to an unlawful detainer properly filed with the court*;

2. Ordering all moneys already accumulated in escrow disbursed to the landlord or to the tenant in accordance with this chapter;

3. Ordering that the escrow be continued until the conditions causing the complaint are remedied;

4. Ordering that the amount of rent, whether paid into the escrow account or paid to the landlord, be abated as determined by the court in such an amount as may be equitable to represent the existence of the condition or conditions found by the court to exist. In all cases where the court deems that the tenant is entitled to relief under this chapter, the burden shall be upon the landlord to show cause why there should not be an abatement of rent;

5. Ordering any amount of moneys accumulated in escrow disbursed to the tenant where the landlord refuses to make repairs after a reasonable time or to the landlord or to a contractor chosen by the landlord in order to make repairs or to otherwise remedy the condition. In either case, the court shall in its order insure that moneys thus disbursed will be in fact used for the purpose of making repairs or effecting a remedy;

6. Referring any matter before the court to the proper state or municipal agency for investigation and report and granting a continuance of the action or complaint pending receipt of such investigation and report. When such a continuance is granted, the tenant shall deposit with the court rent payments within five days of the date due under the rental agreement, subject to any abatement under this section, which become due during the period of the continuance, to be held by the court pending its further order;

7. In the court's discretion, ordering escrow funds disbursed to pay a mortgage on the property upon which the dwelling unit is located in order to stay a foreclosure; or

8. In the court's discretion, ordering escrow funds disbursed to pay a creditor to prevent or satisfy a bill to enforce a mechanic's or materialman's lien.

Notwithstanding any provision of this subsection, where an escrow account is established by the court and the condition or conditions are not fully remedied within six months of the establishment of such account, and the landlord has not made reasonable attempts to remedy the condition, the court shall award all moneys accumulated in escrow to the tenant. In such event, the escrow shall not be terminated, but shall begin upon a new six-month period with the same result if, at the end thereof, the condition or conditions have not been remedied.

~~D.~~ E. The initial hearing on the tenant's assertion filed pursuant to subsection A shall be held within 15 calendar days from the date of service of process on the landlord, except that the court shall order an earlier hearing where emergency conditions are alleged to exist upon the premises, such as failure of heat in winter, lack of adequate sewage facilities or any other condition which constitutes an immediate threat to the health or safety of the inhabitants of the dwelling unit. The court, on motion of either party or on its own motion, may hold hearings subsequent to the initial proceeding in order to further determine the rights and obligations of the parties. Distribution of escrow moneys may only occur by order of the

court after a hearing of which both parties are given notice as required by law or upon motion of both the landlord and tenant or upon certification by the appropriate inspector that the work required by the court to be done has been satisfactorily completed.

§ 55-248.27. Tenant's assertion; rent escrow.

A. The tenant may assert that there exists upon the leased premises, a condition or conditions which constitute a material noncompliance by the landlord with the rental agreement or with provisions of law, or which if not promptly corrected, will constitute a fire hazard or serious threat to the life, health or safety of occupants thereof, including but not limited to, a lack of heat or hot or cold running water, except if the tenant is responsible for payment of the utility charge and where the lack of such heat or hot or cold running water is the direct result of the tenant's failure to pay the utility charge; or of light, electricity or adequate sewage disposal facilities; or an infestation of rodents, except if the property is a one-family dwelling; or of the existence of paint containing lead pigment on surfaces within the dwelling, provided that the landlord has notice of such paint. The tenant may file such an assertion in a general district court wherein the premises are located by a declaration setting forth such assertion and asking for one or more forms of relief as provided for in subsection ~~C~~ D.

B. Prior to the granting of any relief, the tenant shall show to the satisfaction of the court that:

1. Prior to the commencement of the action the landlord was served a written notice by the tenant of the conditions described in subsection A, or was notified of such conditions by a violation or condemnation notice from an appropriate state or municipal agency, and that the landlord has refused, or having a reasonable opportunity to do so, has failed to remedy the same. For the purposes of this subsection, what period of time shall be deemed to be unreasonable delay is left to the discretion of the court except that there shall be a rebuttable presumption that a period in excess of thirty days from receipt of the notification by the landlord is unreasonable; *and*

2. The tenant has paid into court the amount of rent called for under the rental agreement, within five days of the date due thereunder, unless or until such amount is modified by subsequent order of the court under this chapter; ~~and~~.

~~C~~ C. It shall be sufficient answer or rejoinder to ~~such~~ a declaration *pursuant to subsection A* if the landlord establishes to the satisfaction of the court that the conditions alleged by the tenant do not in fact exist, or such conditions have been removed or remedied, or such conditions have been caused by the tenant or members of his family or his or their invitees or licensees, or the tenant has unreasonably refused entry to the landlord to the premises for the purpose of correcting such conditions.

~~C~~ D. Any court shall make findings of fact on the issues before it and shall issue any order that may be required. Such an order may include, but is not limited to, any one or more of the following:

1. Terminating the rental agreement *upon the request of the tenant* or ordering the premises surrendered to the landlord *if the landlord prevails on a request for possession pursuant to an unlawful detainer properly filed with the court*;

2. Ordering all moneys already accumulated in escrow disbursed to the landlord or to the tenant in accordance with this chapter;

3. Ordering that the escrow be continued until the conditions causing the complaint are remedied;

4. Ordering that the amount of rent, whether paid into the escrow account or paid to the landlord, be abated as determined by the court in such an amount as may be equitable to represent the existence of the condition or conditions found by the court to exist. In all cases where the court deems that the tenant is entitled to relief under this chapter, the burden shall be upon the landlord to show cause why there should not be an abatement of rent;

5. Ordering any amount of moneys accumulated in escrow disbursed to the tenant where the landlord refuses to make repairs after a reasonable time or to the landlord or to a contractor chosen by the landlord in order to make repairs or to otherwise remedy the condition. In either case, the court shall in its order insure that moneys thus disbursed will be in fact used for the purpose of making repairs or effecting a remedy;

6. Referring any matter before the court to the proper state or municipal agency for investigation and report and granting a continuance of the action or complaint pending receipt of such investigation and report. When such a continuance is granted, the tenant shall deposit with the court rents within five days of date due under the rental agreement, subject to any abatement under this section, which become due during the period of the continuance, to be held by the court pending its further order;

7. In its discretion, ordering escrow funds disbursed to pay a mortgage on the property in order to stay a foreclosure; *or*

8. In its discretion, ordering escrow funds disbursed to pay a creditor to prevent or satisfy a bill to enforce a mechanic's or materialman's lien.

Notwithstanding any provision of this subsection, where an escrow account is established by the court and the condition or conditions are not fully remedied within six months of the establishment of such account, and the landlord has not made reasonable attempts to remedy the condition, the court shall award all moneys accumulated in escrow to the tenant. In such event, the escrow shall not be terminated, but shall begin upon a new six-month period with the same result if, at the end thereof, the condition or conditions have not been remedied.

~~D~~ E. The initial hearing on the tenant's assertion filed pursuant to subsection A shall be held within fifteen calendar days from the date of service of process on the landlord as authorized by § 55-248.12, except that the court shall order an earlier hearing where emergency conditions are alleged to exist upon the premises, such as failure of heat in winter, lack of adequate sewage facilities or any other condition which constitutes an immediate threat to the health or safety of the inhabitants of the leased premises. The court, on motion of either party or on its own motion, may hold hearings subsequent to the initial proceeding in order to further determine the rights and obligations of the parties. Distribution of escrow

moneys may only occur by order of the court after a hearing of which both parties are given notice as required by law or upon motion of both the landlord and tenant or upon certification by the appropriate inspector that the work required by the court to be done has been satisfactorily completed. If the tenant proceeds under this subsection, he may not proceed under any other section of this article as to that breach.

CHAPTER 460

An Act to amend and reenact § 58.1-3984 of the Code of Virginia, relating to appeal of local tax assessments; confidentiality.

[H 910]

Approved March 23, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3984 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3984. Application to court to correct erroneous assessments of local levies generally.

A. Any person assessed with local taxes, aggrieved by any such assessment, may, unless otherwise specially provided by law (including, but not limited to, as provided under (i) § 15.2-717 and (ii) § 3 of Chapter 261 of the Acts of Assembly of 1936 (which was continued in effect by § 58-769 of the Code of Virginia; and now continued in effect by § 58.1-3260), as amended by Chapter 422 of the Acts of Assembly of 1950, as amended by Chapter 339 of the Acts of Assembly of 1958, and as amended by the 2003 Regular Session of the General Assembly), (a) within three years from the last day of the tax year for which any such assessment is made, (b) within one year from the date of the assessment, (c) within one year from the date of the Tax Commissioner's final determination under § 58.1-3703.1 A 5 or § 58.1-3983.1 D, or (d) within one year from the date of the final determination under § 58.1-3981, whichever is later, apply for relief to the circuit court of the county or city wherein such assessment was made. The application shall be before the court when it is filed in the clerk's office. In such proceedings, except for proceedings seeking relief from real property taxes, the burden of proof shall be upon the taxpayer to show that the property in question is valued at more than its fair market value or that the assessment is not uniform in its application, or that the assessment is otherwise invalid or illegal, but it shall not be necessary for the taxpayer to show that intentional, systematic and willful discrimination has been made.

All proceedings pursuant to this section shall be conducted as an action at law before the court, sitting without a jury. The county or city attorney, or if none, the attorney for the Commonwealth, shall defend the application.

Prior to the release of any information that constitutes confidential tax information under § 58.1-3, pursuant to discovery or otherwise, for the purposes of a proceeding under this section, the court shall, no later than the issuance of the scheduling order, make the following order:

"Unless otherwise ordered by the court, no entity or person who has obtained confidential information protected by § 58.1-3 of the Code of Virginia regarding [property reference], directly or indirectly through any party to this action, shall disclose, exhibit, or discuss the confidential information except as provided herein. Confidential information protected by § 58.1-3 may be revealed to or discussed only with the following persons in connection with the review or litigation of the assessment of the above-referenced property:

- 1. The taxpayer or the local government (the "Parties");*
- 2. Counsel for any Party to this action and employees of the counsel's firm, including attorneys other than counsel;*
- 3. Outside experts retained by and assisting counsel for any Party in the preparation for or trial of this action;*
- 4. The court or an administrative board reviewing the assessment on the above-referenced property, persons employed by the court or administrative board, and persons employed to transcribe or record the testimony or argument at a hearing, trial, or deposition regarding the assessment of the above-referenced property; and*
- 5. Any person who may be called as a witness in a hearing, trial, or discovery that counsel believes in good faith to be necessary for the preparation or presentation of the case.*

No person who is furnished with confidential information shall reveal it to, or discuss it with, any person who is not entitled to receive it under the terms of this order. Prior to their receipt of confidential information, those persons described in subdivisions 3 and 5 shall be required to sign an acknowledgment of this order and agree to be bound by the terms hereof and be subject to the jurisdiction of the court for enforcement thereof. Any person who violates the provisions of this order shall be subject to the penalty provided in subsection F of § 58.1-3."

Once the above-referenced order is entered, § 58.1-3 shall not be applicable to prevent the release of any relevant information that is responsive to a request for discovery made in the course of an appeal pursuant to this section.

B. In circuit court proceedings to seek relief from real property taxes, there shall be a presumption that the valuation determined by the assessor or as adjusted by the board of equalization is correct. The burden of proof shall be on the taxpayer to rebut such presumption and show by a preponderance of the evidence that the property in question is valued at more than its fair market value or that the assessment is not uniform in its application, and that it was not arrived at in accordance with generally accepted appraisal practices, procedures, rules, and standards as prescribed by nationally recognized professional appraisal organizations such as the International Association of Assessing Officers (IAAO) and applicable Virginia law relating to valuation of property. Mistakes of fact, including computation, that affect the assessment shall be deemed not to be in accordance with generally accepted appraisal practice.

However, in any appeal of the assessment of residential property filed by a taxpayer as an owner of real property containing less than four residential units, the assessing officer shall give the required written notice to the taxpayer, or his duly authorized representative, under subsection E of § 58.1-3331, and, upon written request, shall provide the taxpayer or his duly authorized representative copies of the assessment records set out in subsections A, B, and C of § 58.1-3331 pertaining to the assessing officer's determination of fair market value of the property under appeal. A written request by the taxpayer or his duly authorized representative shall be made following the filing of the appeal to circuit court and no later than 45 days prior to trial, unless otherwise provided by an order of the court before which the appeal is pending. Provided the written request is made in accordance with this section or any applicable court order, the assessing officer shall provide such records within 15 days of the written request to the taxpayer or his duly authorized representative. If the assessing officer fails to do so, the assessing officer shall present the following into evidence prior to the presentation of evidence by the taxpayer at the hearing: (i) copies of the assessment records maintained by the assessing officer under § 58.1-3331, (ii) testimony that explains the methodologies employed by the assessing officer to determine the assessed value of the property, and (iii) testimony that states that the assessed value was arrived at in accordance with generally accepted appraisal practices, procedures, rules, and standards as prescribed by nationally recognized professional appraisal organizations such as the International Association of Assessing Officers (IAAO) and applicable Virginia law relating to valuation of property. Upon the conclusion of the presentation of the evidence of the assessing officer, the taxpayer shall have the burden of proof by a preponderance of the evidence to rebut such evidence presented by the assessing officer as otherwise provided in this section.

C. The presumptions, burdens, and standards set out in subsection B shall not be construed to change or have any effect upon the presumptions, burdens, and standards applicable to applications for the correction of erroneous assessments of any local tax other than real property taxes.

D. In the event it comes or is brought to the attention of the commissioner of the revenue of the locality that the assessment of any tax is improper or is based on obvious error and should be corrected in order that the ends of justice may be served, and he is not able to correct it under § 58.1-3981, the commissioner of the revenue shall apply to the appropriate court, in the manner herein provided for relief of the taxpayer. Such application may include a petition for relief for any of several taxpayers.

The envelopes and instructions shall be in the form prescribed by the Department of Elections.

If the applicant makes his application to vote in person under § 24.2-701 at a time when the printed ballots for the election are available, the general registrar, on the determination of the qualifications of the applicant to vote, shall provide to the applicant the items set forth in subdivisions 1 through 4, and no item shall be removed by the applicant from the office of the general registrar. On the request of the applicant, made no later than 5:00 p.m. on the seventh day prior to the election in which the applicant offers to vote, the general registrar may send the items set forth in subdivisions 1 through 4 to the applicant by mail, obtaining a certificate or other evidence of mailing.

If the applicant states as the reason for his absence on election day any of the reasons set forth in subdivision 2 of § 24.2-700, the general registrar, at the time when the printed ballots for the election are available, shall mail by the deadline set forth in § 24.2-612 or deliver in person to the applicant in the office of the general registrar the items as set forth in subdivisions 1 through 4 and, if necessary, an application for registration. A certificate or other evidence of mailing shall not be required. ~~The~~ *If the applicant requests that such items be sent by electronic transmission, the general registrar, at the time when the printed ballots for the election are available, shall send by but not later than the deadline set forth in § 24.2-612, shall send by electronic transmission the blank ballot, the form for the envelope for returning the marked ballot, and instructions to the voter by electronic transmission if the voter so requests. Such materials shall be sent using the official email address or fax number of the office of the general registrar published on the Department of Elections website. The State Board of Elections may prescribe by regulation the format of the email address used for transmitting ballots to eligible voters. CHAPTER 464

An Act to amend and reenact §§ 24.2-626, 24.2-627, 24.2-639, 24.2-657, 24.2-659, 24.2-801, 24.2-801.1, and 24.2-802 of the Code of Virginia, relating to voting systems; use of direct recording electronic machines.

[S 190]

Approved March 23, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-626, 24.2-627, 24.2-639, 24.2-657, 24.2-659, 24.2-801, 24.2-801.1, and 24.2-802 of the Code of Virginia are amended and reenacted as follows:

§ 24.2-626. Governing bodies shall acquire electronic voting systems.

A. The governing body of each county and city shall provide for the use of electronic voting ~~or counting machines systems~~, of a kind approved by the State Board, at every precinct and for all elections held in the county, the city, or any part of the county or city.

Each county and city governing body shall purchase, lease, lease purchase, or otherwise acquire such ~~machines systems~~ and may provide for the payment therefor in the manner it deems proper. Systems of different kinds may be adopted for use and be used in different precincts of the same county or city, or within a precinct or precincts in a county or city, subject to the approval of the State Board.

~~On and after July 1, 2007, no county or city shall acquire any direct recording electronic machine (DRE) for use in elections in the county or city except as provided herein:~~

~~1. DREs acquired prior to July 1, 2007, may be used in elections in the county or city for the remainder of their useful life.
2. Any locality that acquired DREs prior to July 1, 2007, may acquire DREs on a temporary basis to conduct an election when the existing DRE inventory is insufficient to conduct the election because all or part of its inventory is under lock or seal as required by § 24.2-659.~~

~~3. Any locality may acquire DREs from another locality within the Commonwealth, from among their existing inventories, for the expressed purpose of providing accessible voting equipment as required by § 24.2-626.1. The local electoral board shall notify the State Board when acquiring any DRE under this provision and shall certify to the State Board that the DRE acquired under this provision is necessary to meet accessible voting requirements.~~

~~4. Any locality may modify its existing DREs to comply with federal or state law requirements to provide accessible voting equipment. Any modifications made to existing DREs must be authorized by the State Board of Elections prior to modification.~~

~~B. On and after July 1, 2020, no county or city shall use any direct recording electronic machine (DRE) in elections in the county or city.~~

§ 24.2-627. Electronic voting systems; number required.

~~A. The governing body of any county or city that adopts for use at elections direct recording electronic machines shall provide for each precinct at least the following number of voting machines:~~

~~In each precinct having not more than 750 registered voters, 1;~~

~~In each precinct having more than 750 but not more than 1,500 registered voters, 2;~~

~~In each precinct having more than 1,500 but not more than 2,250 registered voters, 3;~~

~~In each precinct having more than 2,250 but not more than 3,000 registered voters, 4;~~

~~In each precinct having more than 3,000 but not more than 3,750 registered voters, 5;~~

~~In each precinct having more than 3,750 but not more than 4,500 registered voters, 6;~~

~~In each precinct having more than 4,500 but not more than 5,000 registered voters, 7.~~

~~B. The governing body of any county or city that adopts for use at elections ballot scanner machines shall provide for each precinct at least one voting booth with a marking device for each 425 registered voters or portion thereof and shall provide for each precinct at least one scanner. However, each precinct having more than 4,000 registered voters shall be provided with not less than two scanners at a presidential election, unless the governing body, in consultation with the general registrar and the electoral board, determines that a second scanner is not necessary at any such precinct on the basis of voter turnout and the average wait time for voters in previous presidential elections.~~

~~C. B. The local electoral board of any county or city shall be authorized to conduct any May general election, primary election, or special election held on a date other than a November general election with the number of voting ~~or counting machines systems~~ it determines is appropriate for each precinct, notwithstanding the provisions of ~~subsections subsection A and B.~~~~

~~D. C. For purposes of applying this section, an electoral board may exclude persons voting absentee in its calculations, and if it does so, the electoral board shall send to the Department a statement of the number of voting systems to be used in each precinct. If the State Board finds that the number of voting systems is not sufficient, it may direct the local board to use more voting systems.~~

§ 24.2-639. Duties of officers of election.

The officers of election of each precinct at which voting ~~or counting machines systems~~ are used shall meet at the polling place by 5:15 a.m. on the day of the election and arrange the equipment, furniture, and other materials for the conduct of the election. The officers of election shall verify that all required equipment, ballots, and other materials have been delivered to them for the election. The officers shall post at least two instruction cards for direct recording electronic machines conspicuously within the polling place.

The keys to the equipment and any electronic activation devices that are required for the operation of electronic voting equipment shall be delivered, prior to the opening of the polls, to the officer of election designated by the electoral board in a sealed envelope on which has been written or printed the name of the precinct for which it is intended. The envelope containing the keys and any electronic activation devices shall not be opened until all of the officers of election for the precinct are present at the polling place and have examined the envelope to see that it has not been opened. The equipment shall remain locked against voting until the polls are formally opened and shall not be operated except by voters in voting.

Before opening the polls, each officer shall examine the equipment and see that no vote has been cast and that the counters register zero. The officers shall conduct their examination in the presence of the following party and candidate representatives: one authorized representative of each political party or independent candidate in a general or special

election, or one authorized representative of each candidate in a primary election, if such representatives are available. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative, who is not himself a candidate or party chairman, shall present to the officers of election a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. If the county or city chairman is unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman. Such statement, bearing the chairman's or candidate's original signature, may be photocopied and such photocopy shall be as valid as if the copy had been signed.

If any counter, other than a protective or private counter, on a ballot scanner ~~or direct recording electronic machine~~ is found not to register zero, the officers of election shall immediately notify the electoral board which shall, if possible, substitute a machine in good working order, that has been prepared and tested pursuant to § 24.2-634. No ballot scanner ~~or direct recording electronic machine~~ shall be used if any counter, other than a protective or private counter, is found not to register zero.

§ 24.2-657. Determination of vote on voting systems.

In the presence of all persons who may be present lawfully at the time, giving full view of the voting systems or printed return sheets, the officers of election shall determine and announce the results as shown by the counters or printed return sheets, including the votes recorded for each office on the write-in ballots, and shall also announce the vote on every question. The vote as registered shall be entered on the statement of results. When completed, the statement shall be compared with the number on the counters on the equipment or on the printed return sheets. If, on ~~direct recording electronic machines~~ *any ballot scanner*, the number of persons voting in the election, or the number of votes cast for any office or on any question, totals more than the number of names on the pollbooks of persons voting on the machines, then the figures recorded by the machines shall be accepted as correct. A statement to that effect shall be entered by the officers of election in the space provided on the statement of results.

§ 24.2-659. Locking voting systems after election and delivering keys to clerk; printed returns as evidence.

A. If the voting ~~or counting machine~~ *system* is secured by the use of equipment keys, after the officers of election lock and seal each machine, the equipment keys shall be enclosed in an envelope that shall be sealed and have endorsed thereon a certificate of an officer of election stating the election precinct, the number of each machine, the number on the seal, and the number of the protective counter, if one, on the machine. The sealed envelope shall be delivered by one of the officers of the election to the clerk of the circuit court where the election was held. The custodians of the voting equipment shall enclose and seal in an envelope, properly endorsed, all other keys to all voting equipment in their jurisdictions and deliver the envelope to the clerk of the circuit court by noon on the day following the election. If the voting ~~or counting machines~~ *systems* are secured by the use of equipment keys or electronic activation devices that are not specific to a particular machine, after the officers of election lock and seal each machine, the equipment keys and electronic activation devices shall be enclosed in an envelope that shall be sealed and have endorsed thereon a certificate of an officer of election stating the election precinct. The sealed envelope shall be delivered by one of the officers of election to the clerk of the circuit court where the election was held.

If the voting ~~or counting machine~~ *system* is secured by removal of the data storage device used in that election, the officers shall remove the data storage device and proceed to lock and seal each machine. The data storage device shall be enclosed in an envelope that shall be sealed and have endorsed thereon a certificate of an officer of election stating the election precinct, the number of each machine, the number on the seal, and the number of the protective counter, if one, on the machine. The sealed envelope shall be delivered by one of the officers of election to the clerk of the circuit court where the election was held. The equipment keys used at the polls shall be sealed in a different envelope and delivered to the clerk who shall release them to the electoral board upon request or at the expiration of the time specified by this section.

If the voting ~~or counting machine~~ *system* provides for the creation of a separate master electronic back-up on a data storage device that combines the data for all of the voting ~~or counting machines~~ *systems* in a given precinct, that data storage device shall be enclosed in an envelope that shall be sealed and have endorsed thereon a certificate of an officer of election stating the name of the precinct. The sealed envelope shall be delivered by one of the officers of election to the clerk of the circuit court where the election was held. The data storage device for the individual machines may remain sealed in its individual machine until the expiration of the time specified by this section. The equipment keys and the electronic activation devices used at the polls shall be sealed together in a separate envelope and delivered to the clerk who shall release them to the electoral board upon request or at the expiration of the time specified by this section.

The voting ~~and counting machines~~ *systems* shall remain locked and sealed until the deadline to request a recount under Chapter 8 (§ 24.2-800 et seq.) has passed and, if any contest or recount is pending thereafter, until it has been concluded. The machines shall be opened and all data examined only (i) on the order of a court of competent jurisdiction or (ii) on the request of an authorized representative of the State Board or the electoral board at the direction of the State Board in order to ensure the accuracy of the returns. In the event that machines are examined under clause (ii) of this paragraph, each political party and each independent candidate on the ballot, or each primary candidate, shall be entitled to have a representative present during such examination. The representatives and observers lawfully present shall be prohibited from interfering with the officers of election in any way. The State Board or local electoral board shall provide such parties and candidates reasonable advance notice of the examination.

~~When recounts occur in precincts using direct recording electronic machines with printed return sheets, the printed return sheets delivered to the clerk may be used as the official evidence of the results.~~

When the required time has expired, the clerk of the circuit court shall return all voting equipment keys to the electoral board.

B. The local electoral board may direct that the officers of election and custodians, in lieu of conveying the sealed equipment keys to the clerk of the circuit court as provided in subsection A, shall convey them to the principal office of the general registrar on the night of the election. The general registrar shall secure and retain the sealed equipment keys and any other electronic locking or activation devices in his office and shall convey them to the clerk of the court by noon of the day following the ascertainment of the results of the election by the electoral board.

§ 24.2-801. Petition for recount; recount court.

The petition for a recount of an election, other than an election for presidential electors, shall be filed within 10 days from the day the State Board or the electoral board certifies the result of the election under § 24.2-679 or § 24.2-671, but not thereafter. The petition shall be filed in the Circuit Court of the City of Richmond in the case of any statewide office and in the circuit court of the county or city in which the candidate being challenged resides in the case of any other office. The petition shall be filed in the Circuit Court of the City of Richmond in the case of any statewide referendum and in the circuit court of any county or city comprising a part of the election district in the case of any other referendum.

The petition shall set forth the results certified by the Board or electoral board and shall request the court to have the ballots in the election recounted ~~or, in the case of direct recording electronic machines, the vote redetermined.~~

In an election for office, a copy of the petition shall be served on the candidate apparently nominated or elected as provided under § 8.01-296 and within 10 days after the Board or electoral board has certified the results of such election. In a referendum, a copy of the petition shall be so served on the governing body or chief executive officer of the jurisdiction in which the election was held.

The chief judge of the circuit court in which a petition is filed shall promptly notify the Chief Justice of the Supreme Court of Virginia, who shall designate two other judges to sit with the chief judge, and the court shall be constituted and sit in all respects as a court appointed and sitting under §§ 24.2-805 and 24.2-806.

§ 24.2-801.1. Petition for recount of election for presidential electors; recount court.

The petition for a recount of an election for presidential electors shall be filed no later than 5:00 p.m. on the second calendar day after the day the State Board certifies the result of the election under § 24.2-679, but not thereafter. Presidential candidates who anticipate the possibility of asking for a recount are encouraged to so notify the State Board by letter as soon as possible after election day. The petition shall be filed in the Circuit Court of the City of Richmond. If any presidential candidate is eligible to seek a recount of the results of the election for presidential electors under § 24.2-800 the State Board shall, within 24 hours of the certification of the results, notify the Circuit Court of the City of Richmond and the Supreme Court of Virginia (i) that a recount is possible, (ii) which presidential candidate is eligible to seek a recount, and (iii) of the date the results were certified. The Circuit Court of the City of Richmond shall make arrangements to receive any such filing if the office would normally be closed the entire day, or prior to 5:00 p.m., on the second calendar day after the day the State Board certified the result of the election.

The petition shall set forth the results certified by the Board and shall request the court to have the ballots in the election recounted ~~or, in the case of direct recording electronic machines, the vote redetermined.~~

A copy of the petition shall be served on the presidential candidate whose electors were apparently elected as provided under § 8.01-296 and within five calendar days after the Board has certified the results of such election.

As soon as a petition is filed, the chief judge of the Circuit Court shall promptly notify the Chief Justice of the Supreme Court of Virginia, who shall designate two other judges to sit with the chief judge, and the court shall be constituted and sit in all respects as a court appointed and sitting under § 24.2-805.

Any recount of an election for presidential electors shall be held promptly and completed, in accordance with the provisions of 3 U.S.C. § 5, at least six days before the time fixed for the meeting of the electors.

§ 24.2-802. Procedure for recount.

A. The State Board of Elections shall promulgate standards for (i) the proper handling and security of voting ~~and counting machines~~ systems, ballots, and other materials required for a recount, (ii) accurate determination of votes based upon objective evidence and taking into account the ~~counting machine~~ voting system and form of ballots approved for use in the Commonwealth, and (iii) any other matters that will promote a timely and accurate resolution of the recount. The chief judge of the circuit court or the full recount court may, consistent with State Board of Elections standards, resolve disputes over the application of the standards and direct all other appropriate measures to ensure the proper conduct of the recount.

The recount procedures to be followed throughout the election district shall be as uniform as practicable, taking into account the types of ballots and voting ~~and counting machines~~ systems in use in the election district.

In preparation for the recount, the clerks of the circuit courts shall (a) secure all printed ballots and other election materials in sealed boxes; (b) place all of the sealed boxes in a vault or room not open to the public or to anyone other than the clerk and his staff; (c) cause such vault or room to be securely locked except when access is necessary for the clerk and his staff; and (d) certify that these security measures have been taken in whatever form is deemed appropriate by the chief judge.

B. Within seven calendar days of the filing of the petition for a recount of any election other than an election for presidential electors, or within five calendar days of the filing of a petition for a recount of an election for presidential

electors, the chief judge of the circuit court shall call a preliminary hearing at which (i) motions may be disposed of and (ii) the rules of procedure may be fixed, both subject to review by the full court. ~~As part of the preliminary hearing, the chief judge may permit the petitioner and his counsel, together with each other party and his counsel and at least two members of the electoral board and the custodians, to examine any direct recording electronic machine of the type that prints returns when the print-out sheets are not clearly legible.~~ The petitioner and his counsel and each other party and their counsel under supervision of the electoral board and its agents shall also have access to pollbooks and other materials used in the election for examination purposes, provided that individual ballots cast in the election shall not be examined at the preliminary hearing. The chief judge during the preliminary hearing shall review all security measures taken for all ballots and voting ~~and counting machines systems~~ and direct, as he deems necessary, all appropriate measures to ensure proper security to conduct the recount.

The chief judge, subject to review by the full court, may set the place or places for the recount and may order the delivery of election materials to a central location and the transportation of voting ~~and counting machines systems~~ to a central location in each county or city under appropriate safeguards.

After the full court is appointed under § 24.2-801 or 24.2-801.1, it shall call a hearing at which all motions shall be disposed of and the rules of procedure shall be fixed finally. The court shall call for the advice and cooperation of the Department, the State Board, or any local electoral board, as appropriate, and such boards or agency shall have the duty and authority to assist the court. The court shall fix procedures that shall provide for the accurate determination of votes in the election.

The determination of the votes in a recount shall be based on votes cast in the election and shall not take into account (a) any absentee ballots or provisional ballots sought to be cast but ruled invalid and not cast in the election, (b) ballots cast only for administrative or test purposes and voided by the officers of election, or (c) ballots spoiled by a voter and replaced with a new ballot.

The eligibility of any voter to have voted shall not be an issue in a recount. Commencing upon the filing of the recount, nothing shall prevent the discovery or disclosure of any evidence that could be used pursuant to § 24.2-803 in contesting the results of an election.

C. The court shall permit each candidate, or petitioner and governing body or chief executive officer, to select an equal number of the officers of election to be recount officials and to count printed ballots; ~~or in the case of direct recording electronic machines, to redetermine the vote.~~ The number shall be fixed by the court and be sufficient to conduct the recount within a reasonable period. The court may permit each party to the recount to submit a list of alternate officials in the number the court directs. ~~There shall be at least one team of recount officials to recount printed ballots and to redetermine the vote cast on direct recording electronic machines of the type that prints returns for the election district at large in which the recount is being held.~~ There shall be at least one team from each locality using ballot scanner machines to insert the ballots into one or more scanners. The ballot scanner machines shall be programmed to count only votes cast for parties to the recount or for or against the question in a referendum recount. Each team shall be composed of one representative of each party.

The court may provide that if, at the time of the recount, any recount official fails to appear, the remaining recount officials present shall appoint substitute recount officials who shall possess the same qualifications as the recount officials for whom they substitute. The court may select pairs of recount coordinators to serve for each county or city in the election district who shall be members of the county or city electoral board and represent different political parties. The court shall have authority to summon such officials and coordinators. On the request of any party to the recount, the court shall allow that party to appoint one representative observer for each team of recount officials. The representative observers shall have an unobstructed view of the work of the recount officials. The expenses of its representatives shall be borne by each party.

D. The court (i) shall supervise the recount and (ii) may require delivery of any or all pollbooks used and any or all ballots cast at the election, or may assume supervision thereof through the recount coordinators and officials.

The redetermination of the vote in a recount shall be conducted as follows:

1. For paper ballots, the recount officials shall hand count the paper ballots using the standards promulgated by the State Board pursuant to subsection A.

~~2. For direct recording electronic machines (DREs), the recount officials shall open the envelopes with the printouts and read the results from the printouts. If the printout is not clear, or on the request of the court, the recount officials shall rerun the printout from the machine or examine the counters as appropriate.~~

~~3.~~ For ballot scanner machines, the recount officials shall rerun all the machine-readable ballots through a scanner programmed to count only the votes for the office or issue in question in the recount and to set aside all ballots containing write-in votes, overvotes, and undervotes. The ballots that are set aside, any ballots not accepted by the scanner, and any ballots for which a scanner could not be programmed to meet the programming requirements of this subdivision, shall be hand counted using the standards promulgated by the State Board pursuant to subsection A. If the total number of machine-readable ballots reported as counted by the scanner plus the total number of ballots set aside by the scanner do not equal the total number of ballots rerun through the scanner, then all ballots cast on ballot scanner machines for that precinct shall be set aside to be counted by hand using the standards promulgated by the State Board pursuant to subsection A. Prior to running the machine-readable ballots through the ballot scanner machine, the recount officials shall ensure that logic and accuracy tests have been successfully performed on each scanner after the scanner has been programmed. The result

calculated for ballots accepted by the ballot scanner machine during the recount shall be considered the correct determination for those machine-readable ballots unless the court finds sufficient cause to rule otherwise.

There shall be only one redetermination of the vote in each precinct.

At the conclusion of the recount of each precinct, the recount officials shall write down the number of valid ballots cast, this number being obtained from the ballots cast in the precinct, or from the ballots cast as shown on the statement of results if the ballots cannot be found, for each of the two candidates or for and against the question. They shall submit the ballots or the statement of results used, as to the validity of which questions exist, to the court. The written statement of any one recount official challenging a ballot shall be sufficient to require its submission to the court. If, on all ~~direct recording electronic machines~~ *ballot scanners*, the number of persons voting in the election, or the number of votes cast for the office or on the question, totals more than the number of names on the pollbooks of persons voting on the voting machines, the figures recorded by the machines shall be accepted as correct.

At the conclusion of the recount of all precincts, after allowing the parties to inspect the questioned ballots, and after hearing arguments, the court shall rule on the validity of all questioned ballots and votes. After determining all matters pertaining to the recount and redetermination of the vote as raised by the parties, the court shall certify to the State Board and the electoral board or boards (a) the vote for each party to the recount and declare the person who received the higher number of votes to be nominated or elected, as appropriate, or (b) the votes for and against the question and declare the outcome of the referendum. The Department shall post on the Internet any and all changes made during the recount to the results as previously certified by it pursuant to § 24.2-679.

E. Costs of the recount shall be assessed against the counties and cities comprising the election district when (i) the candidate petitioning for the recount is declared the winner; (ii) the petitioners in a recount of a referendum win the recount; or (iii) there was between the candidate apparently nominated or elected and the candidate petitioning for the recount a difference of not more than one-half of one percent of the total vote cast for the two such candidates as determined by the State Board or electoral board prior to the recount. Otherwise the costs of the recount shall be assessed against the candidate petitioning for the recount or the petitioners in a recount of a referendum. If more than one candidate petitions for a recount, the court may assess costs in an equitable manner between the counties and cities and any such candidate if both are liable for costs under this subsection. Costs incurred to date shall be assessed against any candidate or petitioner who defaults or withdraws his petition.

F. The court shall determine the costs of the recount subject to the following limitations: (i) no per diem payment shall be assessed for salaried election officials; (ii) no per diem payment to officers of election serving as recount officials shall exceed two-thirds of the per diem paid such officers by the county or city for service on election day; and (iii) per diem payments to alternates shall be allowed only if they serve.

G. Any petitioner who may be assessed with costs under subsection E shall post a bond with surety with the court in the amount of \$10 per precinct in the area subject to recount. If the petitioner wins the recount, the bond shall not be forfeit. If the petitioner loses the recount, the bond shall be forfeit only to the extent of the assessed costs. If the assessed costs exceed the bond, he shall be liable for such excess.

H. The recount proceeding shall be final and not subject to appeal.

I. For the purposes of this section:

"Overvote" means a ballot on which a voter casts a vote for a greater number of candidates or positions than the number for which he was lawfully entitled to vote and no vote shall be counted with respect to that office or issue.

"Undervote" means a ballot on which a voter casts a vote for a lesser number of candidates or positions than the number for which he was lawfully entitled to vote.

2. That the provisions of this act shall become effective on July 1, 2020.

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-1111 and 2.2-4343 of the Code of Virginia are amended and reenacted as follows:

§ 2.2-1111. Purchases to be made in accordance with the Virginia Public Procurement Act (§ 2.2-4300 et seq.) and regulations of Division; exempt purchases.

A. All purchases made by any department, division, officer or agency of the Commonwealth shall be made in accordance with the Virginia Public Procurement Act (§ 2.2-4300 et seq.) and such regulations as the Division may prescribe.

B. The regulations adopted by the Division shall:

1. Include a purchasing plan that shall be on file at the Division and shall be available to the public upon request;

2. Require that before any public body procures any computer system, equipment or software, it shall consider whether the proposed system, equipment or software is capable of producing products that facilitate the rights of the public to access official records under the Freedom of Information Act (§ 2.2-3700 et seq.) or other applicable law;

3. Require state public bodies to procure only shielded outdoor light fixtures and provide for waivers of this requirement when the Division determines that a bona fide operational, temporary, safety or specific aesthetic need is indicated or that such fixtures are not cost effective over the life cycle of the fixtures. For the purposes of this subdivision, "shielded outdoor light fixture" means an outdoor light fixture that is (i) fully shielded so that no light rays are emitted by the installed fixture above the horizontal plane or (ii) constructed so that no more than two percent of the total luminaire lumens in the zone of 90 to 180 degrees vertical angle is permitted, if the related output of the luminaire is greater than 3200 lumens. In adopting regulations under this subdivision, the Division shall consider national standards for outdoor lighting as adopted by the Illuminating Engineering Society of North America (IESNA).

~~For any project initiated on or after July 1, 2003, the~~ The Virginia Department of Transportation shall design all lighting systems in accordance with current IESNA standards and recommended practices. The lighting system shall utilize fixtures that minimize glare, light trespass, and skyglow, all as defined by the IESNA, while still providing a comfortable, visually effective, safe, and secure outdoor environment in a cost-effective manner over the life cycle of the lighting system;

4. Establish the conditions under which a public body may use, as a basis for the procurement of goods and nonprofessional services, a particular vendor's contract-pricing that has been negotiated and accepted by the U.S. General Services Administration;

5. Establish procurement preferences for products containing recycled oil (including reprocessed and rerefined oil products) and recycled antifreeze ~~no later than December 31, 2002;~~

6. Establish conditions under which a public body shall demonstrate a good faith effort to ensure that state contracts or subcontracts for goods or services that involve the manual packaging of bulk supplies or the manual assemblage of goods where individual items weigh less than 50 pounds be offered to employment services organizations as defined in § 2.2-4301 that offer transitional or supported employment services serving individuals with disabilities; ~~and~~

7. Establish the conditions under which state public bodies may procure diesel fuel containing, at a minimum, two percent, by volume, biodiesel fuel or green diesel fuel, as defined in § 59.1-284.25 as such section was in effect on June 30, 2015, for use in on-road internal combustion engines. The conditions shall take into consideration the availability of such fuel and the variability in cost of biodiesel fuel with respect to unblended diesel fuel; *and*

8. *Shall include a link to the Virginia Department of Agriculture and Consumer Services Virginia Grown website on the Department of General Services' central electronic procurement system to facilitate purchases of Virginia-grown food products.*

C. The Division may make, alter, amend or repeal regulations relating to the purchase of materials, supplies, equipment, nonprofessional services, and printing, and may specifically exempt purchases below a stated amount or particular agencies or specified materials, equipment, nonprofessional services, supplies and printing.

§ 2.2-4343. Exemption from operation of chapter for certain transactions.

A. The provisions of this chapter shall not apply to:

1. The Virginia Port Authority in the exercise of any of its powers in accordance with Chapter 10 (§ 62.1-128 et seq.) of Title 62.1, provided the Authority implements, by policy or regulation adopted by the Board of Commissioners, procedures to ensure fairness and competitiveness in the procurement of goods and services and in the administration of its capital outlay program. This exemption shall be applicable only so long as such policies and procedures meeting the requirements remain in effect.

2. The Virginia Retirement System for selection of services related to the management, purchase or sale of authorized investments, actuarial services, and disability determination services. Selection of these services shall be governed by the standard set forth in § 51.1-124.30.

3. The State Treasurer in the selection of investment management services related to the external management of funds shall be governed by the standard set forth in § 2.2-4514, and shall be subject to competitive guidelines and policies that are set by the Commonwealth Treasury Board and approved by the Department of General Services.

4. The Department of Social Services or local departments of social services for the acquisition of motor vehicles for sale or transfer to Temporary Assistance to Needy Families (TANF) recipients.

5. The College of William and Mary in Virginia, Virginia Commonwealth University, the University of Virginia, and Virginia Polytechnic Institute and State University in the selection of services related to the management and investment of their endowment funds, endowment income, gifts, all other nongeneral fund reserves and balances, or local funds of or held by the College or Universities pursuant to § 23-44.1, 23-50.10:01, 23-76.1, or 23-122.1. However, selection of these services shall be governed by the Uniform Prudent Management of Institutional Funds Act (§ 64.2-1100 et seq.) as required by §§ 23-44.1, 23-50.10:01, 23-76.1, and 23-122.1.

However, such selection shall be governed by the standard set forth in § 23-38.80.

7. Public institutions of higher education for the purchase of items for resale at retail bookstores and similar retail outlets operated by such institutions. However, such purchase procedures shall provide for competition where practicable.

8. The purchase of goods and services by agencies of the legislative branch that may be specifically exempted therefrom by the Chairman of the Committee on Rules of either the House of Delegates or the Senate. Nor shall the contract review provisions of § 2.2-2011 apply to such procurements. The exemption shall be in writing and kept on file with the agency's disbursement records.

10. Any county, city or town whose governing body has adopted, by ordinance or resolution, alternative policies and procedures which are (i) based on competitive principles and (ii) generally applicable to procurement of goods and services by such governing body and its agencies, except as stipulated in subdivision 12.

This exemption shall be applicable only so long as such policies and procedures, or other policies and procedures meeting the requirements of § 2.2-4300, remain in effect in such county, city or town. Such policies and standards may provide for incentive contracting that offers a contractor whose bid is accepted the opportunity to share in any cost savings realized by the locality when project costs are reduced by such contractor, without affecting project quality, during construction of the project. The fee, if any, charged by the project engineer or architect for determining such cost savings shall be paid as a separate cost and shall not be calculated as part of any cost savings.

11. Any school division whose school board has adopted, by policy or regulation, alternative policies and procedures that are (i) based on competitive principles and (ii) generally applicable to procurement of goods and services by the school board, except as stipulated in subdivision 12.

A school board that makes purchases through its public school foundation or purchases educational technology through its educational technology foundation, either as may be established pursuant to § 22.1-212.2:2 shall be exempt from the provisions of this chapter, except, relative to such purchases, the school board shall comply with the provisions of §§ 2.2-4311 and 2.2-4367 through 2.2-4377.

13. A public body that is also a utility operator may purchase services through or participate in contracts awarded by one or more utility operators that are not public bodies for utility marking services as required by the Underground Utility Damage Prevention Act (§ 56-265.14 et seq.). A purchase of services under this subdivision may deviate from the procurement procedures set forth in this chapter upon a determination made in advance by the public body and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, and the contract is awarded based on competitive principles.

14. 18. The University of Virginia Medical Center to the extent provided by subdivision B 3 of § 23-77.4.

19. B. Where a procurement transaction involves the expenditure of federal assistance or contract funds, the receipt of which is conditioned upon compliance with mandatory requirements in federal laws or regulations not in conformance with the

provisions of this chapter, a public body may comply with such federal requirements, notwithstanding the provisions of this chapter, only upon the written determination of the Governor, in the case of state agencies, or the governing body, in the case of political subdivisions, that acceptance of the grant or contract funds under the applicable conditions is in the public interest. Such determination shall state the specific provision of this chapter in conflict with the conditions of the grant or contract.

No regulation shall be imposed upon any profession or occupation except for the exclusive purpose of protecting the public interest when:

5. The cost of the proposed regulation; and

6. A description of any anticipated disqualifications on an applicant for certification, licensure, or renewal and how such disqualifications serve public safety or commercial or consumer protection interests.

D. Upon receipt of a request submitted in accordance with the requirements of subsection C, the Board shall conduct an analysis and evaluation of any proposed regulation based on the criteria enumerated in § 54.1-311.

E. The Board may decline to conduct a review only if it:

In administering the Program, the Council (i) shall require eligible institutions to provide student-specific data and make final decisions on any dispute between eligible institutions and grant recipients; (ii) shall undertake periodic assessments of the overall success of the Program and recommend modifications, interventions, and other actions based on such assessment; and (iii) may adopt such regulations for the administration of the Program as it deems necessary and appropriate.

D. The Council shall instruct the Comptroller to annually disburse moneys to eligible institutions on a first-come, first-served basis as eligible students enroll in noncredit workforce training programs identified by the governing board of the eligible institution pursuant to subsection E, provided that no more than one-quarter of the moneys in the Fund are disbursed annually to any eligible institution. The Council shall set forth the procedure by which eligible institutions shall notify the Council when eligible students enroll in noncredit workforce training programs identified by the governing board of the eligible institution pursuant to subsection E.

E. The Board shall make recommendations to eligible institutions to help determine high-demand fields for which noncredit workforce training programs may be offered pursuant to the Program. Upon the presentation of satisfactory proof of completion of the noncredit workforce training program by the eligible student, the Council shall reimburse the institution in an amount equal to one-third of the cost of the program. Upon the presentation of satisfactory proof of the attainment of a noncredit workforce credential by the eligible student, the Council shall reimburse the institution in an amount equal to one-third of the cost of the program. However, the Council shall not reimburse any eligible institution more than \$3,000 per completed noncredit workforce training program per eligible student pursuant to the Program.

B. Grants shall not be reduced by an eligible student's concurrent receipt of financial aid from any other source except in cases in which the grant and such other financial aid would result in total assistance in excess of tuition, fees, books, and other allowable costs of completing the noncredit workforce credential program.

whom the resale certificate shall be delivered. The resale certificate shall be delivered within 14 days of receipt of such request. The resale certificate shall not, in and of itself, be deemed a security within the meaning of § 13.1-501.

D. The seller or ~~his~~ *the seller's* authorized agent may request that the resale certificate be provided in hard copy or in electronic form. A unit owners' association or common interest community manager may provide the resale certificate electronically; however, the seller or ~~his~~ *the seller's* authorized agent shall have the right to request that the resale certificate be provided in hard copy. The seller or ~~his~~ *the seller's* authorized agent shall continue to have the right to request a hard copy of the resale certificate in person at the principal place of business of the unit owners' association. If so requested, the unit owners' association or its common interest community manager may require the seller or ~~his~~ *the seller's* authorized agent to pay the fee specified in § 55-79.97:1. ~~The~~ *Regardless of whether the resale certificate is delivered in paper form or electronically, the preparer of the resale packet certificate shall provide such resale packet certificate directly to the designated persons designated by the requester to the addresses or, if applicable, the email addresses provided by the requester.*

E. Subject to the provisions of § 55-79.87, but notwithstanding any other provisions of this chapter, the provisions and requirements of this section shall apply to any such resale of a condominium unit created under the provisions of the Horizontal Property Act (§ 55-79.1 et seq.).

F. The resale certificate required by this section need not be provided in the case of:

1. A disposition of a unit by gift;
2. A disposition of a unit pursuant to court order if the court so directs;
3. A disposition of a unit by foreclosure or deed in lieu of foreclosure; or

G. In any transaction in which a resale certificate is required and a trustee acts as the seller in the sale or resale of a unit, the trustee shall obtain the resale certificate from the unit owners' association and provide the resale certificate to the purchaser.

H. For purposes of this chapter:

"Delivery" means that the resale certificate is delivered to the purchaser or purchaser's authorized agent by one of the methods specified in this section.

"Purchaser's authorized agent" means any person designated by such purchaser in a ratified real estate contract for purchase and sale of residential real property or other writing designating such agent.

"Receives, received, or receiving" the resale certificate means that the purchaser or purchaser's authorized agent has received the resale certificate by one of the methods specified in this section.

"Seller's authorized agent" means a person designated by such seller in a ratified real estate contract for purchase and sale of residential real property or other writing designating such agent.

1. Unless otherwise provided in the ratified real estate contract or other writing, delivery to the purchaser's authorized agent shall require delivery to such agent and not to a person other than such agent. Delivery of the resale certificate may be made by the unit owner or the seller's authorized agent.

J. If the unit is governed by more than one association, the purchaser's right of cancellation may be exercised within the required time frames following delivery of the last resale certificate or disclosure packet.

§ 55-79.97:1. Fees for resale certificate.

A. The unit owners' association may charge fees as authorized by this section for the inspection of the property, the preparation and issuance of the resale certificate required by § 55-79.97, and for such other services as are set out in this section. Nothing in this chapter shall be construed to authorize the unit owners' association or common interest community manager to charge an inspection fee for a unit except as provided in this section.

B. A reasonable fee may be charged by the preparer of the resale certificate as follows for:

1. The inspection of the unit, as authorized in the declaration and as required to prepare the resale certificate, a fee not to exceed \$100;

2. The preparation and delivery of the resale certificate in (i) paper format, a fee not to exceed \$150 for no more than two hard copies, or (ii) electronic format, a fee not to exceed a total of \$125, for an electronic copy to each of the following named in the request: the seller, the seller's authorized agent, the purchaser, the purchaser's authorized agent, and not more

than one other person designated by the ~~requester~~ *requester*. Only one fee shall be charged for the preparation and delivery of the resale certificate;

3. At the option of the seller or ~~his~~ *the seller's* authorized agent, with the consent of the unit owners' association or the common interest community manager, expediting the inspection, preparation, and delivery of the resale certificate, an additional expedite fee not to exceed \$50;

4. At the option of the seller or ~~his~~ *the seller's* authorized agent, an additional hard copy of the resale certificate, a fee not to exceed \$25 per hard copy;

5. At the option of the seller or ~~his~~ *the seller's* authorized agent, a fee not to exceed an amount equal to the actual cost paid to a third-party commercial delivery service for hand delivery or overnight delivery of the resale certificate; and

6. A post-closing fee to the purchaser of the unit, collected at settlement, for the purpose of establishing the purchaser as the owner of the unit in the records of the unit owners' association, a fee not to exceed \$50.

Neither the unit owners' association nor its common interest community manager shall require cash, check, certified funds, or credit card payments at the time the request for the resale certificate is made. The resale certificate shall state that all fees and costs for the resale certificate shall be the personal obligation of the unit owner and shall be an assessment against the unit and collectible as any other assessment in accordance with the provisions of the condominium instruments and § 55-79.83, if not paid at settlement or within 45 60 days of the delivery of the resale certificate, whichever occurs first.

For purposes of this section, an expedite fee shall only be charged if the inspection and preparation of delivery of the resale certificate are completed within five business days of the request for a resale certificate.

C. No fees other than those specified in this section, and as limited by this section, shall be charged by the unit owners' association or its common interest community manager for compliance with the duties and responsibilities of the unit owners' association under this section. No additional fee shall be charged for access to the unit owners' association's or common interest community manager's website. The unit owners' association or its common interest community manager shall publish and make available in paper or electronic format, or both, a schedule of the applicable fees so that the seller or ~~his~~ *the seller's* authorized agent will know such fees at the time of requesting the resale certificate.

D. Any fees charged pursuant to this section shall be collected at the time settlement occurs on the sale of the unit and shall be due and payable out of the settlement proceeds in accordance with this section. The seller shall be responsible for all costs associated with the preparation and delivery of the resale certificate, except for the costs of any resale certificate update or financial update, which costs shall be the responsibility of the ~~requester~~ *requester*, payable at settlement. The settlement agent shall escrow a sum sufficient to pay such costs at settlement. Neither the unit owners' association nor its common interest community manager shall require cash, check, certified funds, or credit card payments at the time the request is made for the resale certificate.

E. If settlement does not occur within 45 60 days of the delivery of the resale certificate, or funds are not collected at settlement and disbursed to the unit owners' association or the common interest community manager, all fees, including those costs that would have otherwise been the responsibility of the purchaser or settlement agent, shall be (i) assessed within one year after delivery of the resale certificate against the unit owner, (ii) the personal obligation of the unit owner, and (iii) an assessment against the unit and collectible as any other assessment in accordance with the provisions of the condominium instruments and § 55-79.83. The seller may pay the unit owners' association by cash, check, certified funds, or credit card, if credit card payment is an option offered by the unit owners' association. The unit owners' association shall pay the common interest community manager the amount due from the unit owner within 30 days after invoice.

F. The maximum allowable fees charged in accordance with this section shall adjust every five years, as of January 1 of that year, in an amount equal to the annual increases for that five-year period in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the U.S. Department of Labor.

G. If a resale certificate has been issued within the preceding 12-month period, a person specified in the written instructions of the seller or ~~his~~ *the seller's* authorized agent, including the seller or ~~his~~ *the seller's* authorized agent or the purchaser or ~~his~~ *the purchaser's* authorized agent, may request a resale certificate update. The ~~requester~~ *requester* shall specify whether the resale certificate update shall be delivered electronically or in hard copy and shall specify the complete contact information of the parties to whom the update shall be delivered. The resale certificate update shall be delivered within 10 days of the written request.

H. The settlement agent may request a financial update. The ~~requester~~ *requester* shall specify whether the financial update shall be delivered electronically or in hard copy and shall specify the complete contact information of the parties to whom the update shall be delivered. The financial update shall be delivered within three business days of the written request.

I. A reasonable fee for the resale certificate update or financial update may be charged by the preparer, not to exceed \$50. At the option of the purchaser or ~~his~~ *the purchaser's* authorized agent, the ~~requester~~ *requester* may request that the unit owners' association or the common interest community manager perform an additional inspection of the unit, as authorized in the declaration, for a fee not to exceed \$100. Any fees charged for the specified update shall be collected at the time settlement occurs on the sale of the property. The settlement agent shall escrow a sum sufficient to pay such costs at settlement. Neither the unit owners' association nor its common interest community manager, if any, shall require cash, check, certified funds, or credit card payments at the time the request is made for the resale certificate update. The ~~requester~~ *requester* may request that the specified update be provided in hard copy or in electronic form.

J. No unit owners' association or common interest community manager may require the ~~requestor~~ *requester* to request the specified update electronically. The seller or ~~his~~ *the seller's* authorized agent shall continue to have the right to request a hard copy of the specified update in person at the principal place of business of the unit owners' association. If the ~~requestor~~ *requester* asks that the specified update be provided in electronic format, neither the unit owners' association nor its common interest community manager may require the requester to pay any fees to use the provider's electronic network or system. A copy of the specified update shall be provided to the seller or ~~his~~ *the seller's* authorized agent.

K. When a resale certificate has been delivered as required by § 55-79.97, the unit owners' association shall, as to the purchaser, be bound by the statements set forth therein as to the status of the assessment account and the status of the unit with respect to any violation of the condominium instruments as of the date of the statement unless the purchaser had actual knowledge that the contents of the resale certificate were in error.

L. If the unit owners' association or its common interest community manager has been requested in writing to furnish the resale certificate required by § 55-79.97, failure to provide the resale certificate substantially in the form provided in this section shall be deemed a waiver of any claim for delinquent assessments or of any violation of the declaration, bylaws, rules and regulations, or architectural guidelines existing as of the date of the request with respect to the subject unit. The preparer of the resale certificate shall be liable to the seller in an amount equal to the actual damages sustained by the seller in an amount not to exceed \$1,000. The purchaser shall nevertheless be obligated to abide by the condominium instruments, rules and regulations, and architectural guidelines of the unit owners' association as to all matters arising after the date of the settlement of the sale.

Notwithstanding the foregoing, the requirements of § 55-515 and the declaration shall be satisfied before any such representative may exercise a vote on behalf of a lot owner as a proxy.~~

~~C. B. The association may require the lot owner to provide the association with a copy of any (i) lease with a tenant or (ii) association document completed by the lot owner or representative that discloses the names and contact information of the tenant tenants and authorized occupants under such lease and any authorized agent of the lot owner, and vehicle information for such tenants or authorized occupants. B. Failure to receive copies of an association disclosure packet shall not excuse any failure to comply with the provisions of the declaration, articles of incorporation, bylaws, or rules or regulations.

C. The disclosure packet shall be delivered in accordance with the written request and instructions of the seller or ~~his~~ *the seller's* authorized agent, including whether the disclosure packet shall be delivered electronically or in hard copy and shall specify the complete contact information for the parties to whom the disclosure packet shall be delivered. The disclosure packet required by this section, shall not, in and of itself, be deemed a security within the meaning of § 13.1-501.

D. The seller or ~~his~~ *the seller's* authorized agent may request that the disclosure packet be provided in hard copy or in electronic form. An association or common interest community manager may provide the disclosure packet electronically; however, the seller or ~~his~~ *the seller's* authorized agent shall have the right to request that the association disclosure packet be provided in hard copy. The seller or ~~his~~ *the seller's* authorized agent shall continue to have the right to request a hard copy of the disclosure packet in person at the principal place of business of the association. If the seller or ~~his~~ *the seller's* authorized agent requests that the disclosure packet be provided in electronic format, neither the association nor its common interest community manager may require the seller or ~~his~~ *the seller's* authorized agent to pay any fees to use the provider's electronic network or system. The disclosure packet shall not be delivered in hard copy if the ~~requestor~~ *requester* has requested delivery of such disclosure packet electronically. If the disclosure packet is provided electronically by a website link, the preparer shall not cause the website link to expire within the subsequent 90-day period. The preparer shall not charge another fee during the subsequent 12-month period, except that the preparer may charge an update fee ~~of \$50 for a financial update or for an inspection as provided in § 55-509.6 after the expiration of the 90-day period from the date of issuance of such packet.~~ *If the seller or his authorized agent asks that the disclosure packet be provided in electronic format, the seller or his authorized agent may designate no more than two additional recipients to receive the disclosure packet in electronic format at no additional charge. If so requested, the property owners' association or its common interest community manager may require the seller or the seller's authorized agent to pay the fee specified in § 55-509.6. Regardless of whether the disclosure packet is delivered in paper form or electronically, the preparer of the disclosure packet shall provide such disclosure packet directly to the persons designated by the requester to the addresses or, if applicable, the email addresses provided by the requester.*

§ 55-509.6. Fees for disclosure packet; professionally managed associations.

A. A professionally managed association or its common interest community manager may charge certain fees as authorized by this section for the inspection of the property, the preparation and issuance of the disclosure packet required by § 55-509.5, and for such other services as set out in this section. The seller or ~~his~~ *the seller's* authorized agent shall specify in writing whether the disclosure packet shall be delivered electronically or in hard copy, at the option of the seller or ~~his~~ *the seller's* authorized agent, and shall specify the complete contact information for the parties to whom the disclosure packet shall be delivered.

B. A reasonable fee may be charged by the preparer as follows for:

1. The inspection of the exterior of the dwelling unit and the lot, as authorized in the declaration and as required to prepare the association disclosure packet, a fee not to exceed \$100;

2. The preparation and delivery of the disclosure packet in (i) paper format, a fee not to exceed \$150 for no more than two hard copies or (ii) electronic format, a fee not to exceed a total of \$125 for an electronic copy to each of the following named in the request: the seller, the seller's authorized agent, the purchaser, the purchaser's authorized agent, and not more than one other person designated by the ~~requestor~~ *requester*. The preparer of the disclosure packet shall provide the disclosure packet directly to the designated persons. Only one fee shall be charged for the preparation and delivery of the disclosure packet;

3. At the option of the seller or ~~his~~ *the seller's* authorized agent, with the consent of the association or the common interest community manager, expediting the inspection, preparation and delivery of the disclosure packet, an additional expedite fee not to exceed \$50;

4. At the option of the seller or ~~his~~ *the seller's* authorized agent, an additional hard copy of the disclosure packet, a fee not to exceed \$25 per hard copy;

5. At the option of the seller or ~~his~~ *the seller's* authorized agent, a fee not to exceed an amount equal to the actual cost paid to a third-party commercial delivery service for hand delivery or overnight delivery of the association disclosure packet; and

6. A post-closing fee to the purchaser of the property, collected at settlement, for the purpose of establishing the purchaser as the owner of the property in the records of the association, a fee not to exceed \$50.

Except as otherwise provided in subsection E, neither the association nor its common interest community manager shall require cash, check, certified funds or credit card payments at the time the request for the disclosure packet is made. The disclosure packet shall state that all fees and costs for the disclosure packet shall be the personal obligation of the lot owner and shall be an assessment against the lot and collectible as any other assessment in accordance with the provisions of the declaration and § 55-516, if not paid at settlement or within ~~45~~ *60* days of the delivery of the disclosure packet, whichever occurs first.

For purposes of this section, an expedite fee shall only be charged if the inspection and preparation of delivery of the disclosure packet are completed within five business days of the request for a disclosure packet.

C. No fees other than those specified in this section, and as limited by this section, shall be charged by the association or its common interest community manager for compliance with the duties and responsibilities of the association under this chapter. No additional fee shall be charged for access to the association's or common interest community manager's website. The association or its common interest community manager shall publish and make available in paper or electronic format, or both, a schedule of the applicable fees so the seller or ~~his~~ *the seller's* authorized agent will know such fees at the time of requesting the packet.

D. Any fees charged pursuant to this section shall be collected at the time of settlement on the sale of the lot and shall be due and payable out of the settlement proceeds in accordance with this section. The settlement agent shall escrow a sum sufficient to pay such costs of the seller at settlement. The seller shall be responsible for all costs associated with the preparation and delivery of the association disclosure packet, except for the costs of any disclosure packet update or financial update, which costs shall be the responsibility of the ~~requestor~~ *requester*, payable at settlement. Neither the association nor its common interest community manager shall require cash, check, certified funds, or credit card payments at the time of the request is made for the association disclosure packet.

E. If settlement does not occur within ~~45~~ *60* days of the delivery of the disclosure packet, or funds are not collected at settlement and disbursed to the association or the common interest community manager, all fees, including those costs that would have otherwise been the responsibility of the purchaser or settlement agent, shall be (i) assessed within one year after delivery of the disclosure packet against the lot owner, (ii) the personal obligation of the lot owner, and (iii) an assessment against the lot and collectible as any other assessment in accordance with the provisions of the declaration and § 55-516. The seller may pay the association by cash, check, certified funds, or credit card, if credit card payment is an option offered by the association. The association shall pay the common interest community manager the amount due from the lot owner within 30 days after invoice.

F. The maximum allowable fees charged in accordance with this section shall adjust every five years, as of January 1 of that year, in an amount equal to the annual increases for that five-year period in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the U.S. Department of Labor.

G. If an association disclosure packet has been issued for a lot within the preceding 12-month period, a person specified in the written instructions of the seller or ~~his~~ *the seller's* authorized agent, including the seller or ~~his~~ *the seller's* authorized agent, or the purchaser or his authorized agent may request a disclosure packet update. The ~~requestor~~ *requester* shall specify

whether the disclosure packet update shall be delivered electronically or in hard copy, and shall specify the complete contact information of the parties to whom the update shall be delivered. The disclosure packet update shall be delivered within 10 days of the written request.

H. The settlement agent may request a financial update. The ~~requester~~ *requester* shall specify whether the financial update shall be delivered electronically or in hard copy, and shall specify the complete contact information of the parties to whom the update shall be delivered. The financial update shall be delivered within three business days of the written request.

I. A reasonable fee for the disclosure packet update or financial update may be charged by the preparer not to exceed \$50. At the option of the purchaser or ~~his~~ *the purchaser's* authorized agent, the ~~requester~~ *requester* may request that the association or the common interest community manager perform an additional inspection of the exterior of the dwelling unit and the lot, as authorized in the declaration, for a fee not to exceed \$100. Any fees charged for the specified update shall be collected at the time settlement occurs on the sale of the property. The settlement agent shall escrow a sum sufficient to pay such costs of the seller at settlement. Neither the association nor its common interest community manager, if any, shall require cash, check, certified funds, or credit card payments at the time the request is made for the disclosure packet update. The ~~requester~~ *requester* may request that the specified update be provided in hard copy or in electronic form.

J. No association or common interest community manager may require the ~~requester~~ *requester* to request the specified update electronically. The seller or ~~his~~ *the seller's* authorized agent shall continue to have the right to request a hard copy of the specified update in person at the principal place of business of the association. If the ~~requester~~ *requester* asks that the specified update be provided in electronic format, neither the association nor its common interest community manager may require the requester to pay any fees to use the provider's electronic network or system. A copy of the specified update shall be provided to the seller or ~~his~~ *the seller's* authorized agent.

K. When an association disclosure packet has been delivered as required by § 55-509.5, the association shall, as to the purchaser, be bound by the statements set forth therein as to the status of the assessment account and the status of the lot with respect to any violation of the declaration, bylaws, rules and regulations, architectural guidelines and articles of incorporation, if any, of the association as of the date of the statement unless the purchaser had actual knowledge that the contents of the disclosure packet were in error.

L. If the association or its common interest community manager has been requested in writing to furnish the association disclosure packet required by § 55-509.5, failure to provide the association disclosure packet substantially in the form provided in this section shall be deemed a waiver of any claim for delinquent assessments or of any violation of the declaration, bylaws, rules and regulations, or architectural guidelines existing as of the date of the request with respect to the subject lot. The preparer of the association disclosure packet shall be liable to the seller in an amount equal to the actual damages sustained by the seller in an amount not to exceed \$1,000. The purchaser shall nevertheless be obligated to abide by the declaration, bylaws, rules and regulations, and architectural guidelines of the association as to all matters arising after the date of the settlement of the sale.

CHAPTER 472

An Act to amend and reenact § 22.1-253.13:1 of the Code of Virginia, relating to public elementary and secondary schools; computer science and computational thinking.

[H 831]

Approved March 25, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:1 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.

A. The General Assembly and the Board of Education believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board of Education find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, Section 1 of the Constitution of Virginia.

B. The Board of Education shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; *computer science and computational thinking, including computer coding*; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade three shall be based on components of effective reading instruction, to include, at a minimum, phonemic awareness, phonics, fluency, vocabulary development, and text comprehension.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board of Education shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board of Education shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department of Education shall make available and maintain a website, either separately or through an existing website utilized by the Department of Education, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board of Education shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board of Education shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 5 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board of Education. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, *computer science and computational thinking, including computer coding*, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

Remediation programs shall include, when applicable, a procedure for early identification of students who are at risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board of Education, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board of Education shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

D. Local school boards shall also implement the following:

1. Programs in grades K through three that emphasize developmentally appropriate learning to enhance success.
2. Programs based on prevention, intervention, or remediation designed to increase the number of students who earn a high school diploma and to prevent students from dropping out of school. Such programs shall include components that are research-based.
3. Career and technical education programs incorporated into the K through 12 curricula that include:
 - a. Knowledge of careers and all types of employment opportunities, including, but not limited to, apprenticeships, entrepreneurship and small business ownership, the military, and the teaching profession, and emphasize the advantages of completing school with marketable skills;
 - b. Career exploration opportunities in the middle school grades;
 - c. Competency-based career and technical education programs that integrate academic outcomes, career guidance, and job-seeking skills for all secondary students. Programs shall be based upon labor market needs and student interest. Career guidance shall include counseling about available employment opportunities and placement services for students exiting school. Each school board shall develop and implement a plan to ensure compliance with the provisions of this subdivision. Such plan shall be developed with the input of area business and industry representatives and local community colleges and shall be submitted to the Superintendent of Public Instruction in accordance with the timelines established by federal law; and
 - d. Annual notice on its website to enrolled high school students and their parents of the availability of the postsecondary education and employment data published by the State Council of Higher Education on its website pursuant to § 23-9.2:3.04.
4. Educational objectives in middle and high school that emphasize economic education and financial literacy pursuant to § 22.1-200.03.
5. Early identification of students with disabilities and enrollment of such students in appropriate instructional programs consistent with state and federal law.
6. Early identification of gifted students and enrollment of such students in appropriately differentiated instructional programs.
7. Educational alternatives for students whose needs are not met in programs prescribed elsewhere in these standards. Such students shall be counted in average daily membership (ADM) in accordance with the regulations of the Board of Education.
8. Adult education programs for individuals functioning below the high school completion level. Such programs may be conducted by the school board as the primary agency or through a collaborative arrangement between the school board and other agencies.
9. A plan to make achievements for students who are educationally at risk a divisionwide priority that shall include procedures for measuring the progress of such students.
10. An agreement for postsecondary degree attainment with a community college in the Commonwealth specifying the options for students to complete an associate's degree or a one-year Uniform Certificate of General Studies from a community college concurrent with a high school diploma. Such agreement shall specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.

11. A plan to notify students and their parents of the availability of dual enrollment and advanced placement classes, the International Baccalaureate Program, and Academic Year Governor's School Programs, the qualifications for enrolling in such classes and programs, and the availability of financial assistance to low-income and needy students to take the advanced placement and International Baccalaureate examinations. This plan shall include notification to students and parents of the agreement with a community college in the Commonwealth to enable students to complete an associate's degree or a one-year Uniform Certificate of General Studies concurrent with a high school diploma.

12. Identification of students with limited English proficiency and enrollment of such students in appropriate instructional programs.

13. Early identification, diagnosis, and assistance for students with reading and mathematics problems and provision of instructional strategies and reading and mathematics practices that benefit the development of reading and mathematics skills for all students.

Local school divisions shall provide reading intervention services to students in kindergarten through grade three who demonstrate deficiencies based on their individual performance on the Standards of Learning reading test or any reading diagnostic test that meets criteria established by the Department of Education. Local school divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis, at a time to be determined by the Superintendent of Public Instruction. Each student who receives early intervention reading services will be assessed again at the end of that school year. The local school division, in its discretion, shall provide such reading intervention services prior to promoting a student from grade three to grade four. Reading intervention services may include the use of: special reading teachers; trained aides; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; and extended instructional time in the school day or school year for these students. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or early intervention reading may be used to meet the requirements of this subdivision.

Local school divisions shall provide algebra readiness intervention services to students in grades six through nine who are at risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on any diagnostic test that has been approved by the Department of Education. Local school divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis, at a time to be determined by the Superintendent of Public Instruction. Each student who receives algebra readiness intervention services will be assessed again at the end of that school year. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or algebra readiness intervention services may be used to meet the requirements of this subdivision.

14. Incorporation of art, music, and physical education as a part of the instructional program at the elementary school level.

15. A program of physical fitness available to all students with a goal of at least 150 minutes per week on average during the regular school year. Such program may include any combination of (i) physical education classes, (ii) extracurricular athletics, or (iii) other programs and physical activities deemed appropriate by the local school board. Each local school board shall incorporate into its local wellness policy a goal for the implementation of such program during the regular school year.

16. A program of student services for kindergarten through grade 12 that shall be designed to aid students in their educational, social, and career development.

17. The collection and analysis of data and the use of the results to evaluate and make decisions about the instructional program.

E. From such funds as may be appropriated or otherwise received for such purpose, there shall be established within the Department of Education a unit to (i) conduct evaluative studies; (ii) provide the resources and technical assistance to increase the capacity for school divisions to deliver quality instruction; and (iii) assist school divisions in implementing those programs and practices that will enhance pupil academic performance and improve family and community involvement in the public schools. Such unit shall identify and analyze effective instructional programs and practices and professional development initiatives; evaluate the success of programs encouraging parental and family involvement; assess changes in student outcomes prompted by family involvement; and collect and disseminate among school divisions information regarding effective instructional programs and practices, initiatives promoting family and community involvement, and potential funding and support sources. Such unit may also provide resources supporting professional development for administrators and teachers. In providing such information, resources, and other services to school divisions, the unit shall give priority to those divisions demonstrating a less than 70 percent passing rate on the Standards of Learning assessments.

F. Each local school board may enter into agreements for postsecondary credential, certification, or license attainment with community colleges or other public institutions of higher education or educational institutions established pursuant to Title 23 that offer a career and technical education curriculum. Such agreements shall specify (i) the options for students to take courses as part of the career and technical education curriculum that lead to an industry-recognized credential, certification, or license concurrent with a high school diploma and (ii) the credentials, certifications, or licenses available for such courses.

[H 820]

Approved March 25, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 38.2-325, 38.2-4214, and 38.2-4319 of the Code of Virginia are amended and reenacted as follows:

§ 38.2-325. Electronic delivery.

A. If parties have agreed to conduct business by electronic means, and the agent of record, if applicable, has been so notified by the insurer, any information that is required to be delivered in writing may be delivered by (i) placing such

information within the body of the electronic message; (ii) placing such information as an attachment to the electronic message that may be opened through the use of software that is readily available; (iii) displaying the information, or a clear and conspicuous link to the information, as an essential step to completing the transaction to which the information relates; or (iv) placing such information on the insurer's secured server and an electronic message is provided advising that insurance information or, when appropriate, time-sensitive insurance information has been placed on the insurer's secured server and is available for retrieval. This section should be construed to be consistent with the Electronic Signatures in Global and National Commerce Act (15 U.S.C. § 7001 et seq.).

B. If parties have agreed to conduct business by electronic means, and notice is provided by the insurer to the named insured pursuant to § 38.2-231, 38.2-2113, 38.2-2114, 38.2-2208, or 38.2-2212, an electronic notification shall also be provided to the agent of record of the named insured, if the named insured has an agent of record. Such electronic notification shall be transmitted to the agent of record as soon as practicable, but in no case more than 72 hours after electronic notice is transmitted to the named insured.

C. The insurer shall retain evidence of electronic notification to the agent of record for at least one year from the date of transmittal. Failure to provide such notice to the agent of record shall not be deemed to invalidate any electronic notice otherwise properly provided to the named insured. For purposes of this section, an electronic notification to the agent of record shall mean a copy of the actual notice, as set forth herein, or in the alternative, shall include the named insured's name, policy number, and termination date. Electronic notice need not be given to the agent of record if the agent (i) is an employee of the insurer, (ii) is a non-employee exclusive agent of the insurer, or (iii) has waived the receipt of such notices in writing.

D. Notwithstanding any other provision of law, any property and casualty insurance forms and endorsements that do not contain personally identifiable information may be posted to the insurer's publicly available website in lieu of any other method of delivery, provided that:

1. Such forms and endorsements are readily accessible on the insurer's website and that once such forms or endorsements are no longer used in the Commonwealth they are stored in a readily accessible archive portion of the insurer's website;

2. Such forms and endorsements are posted in such a manner that they may be readily printed and downloaded without charge and without the use of any special program or application that is not readily available to the public without charge;

3. The insurer provides written notice at time of the issuance of the initial policy forms and any renewal forms of a method by which policyholders may obtain, upon request and without charge, a paper or electronic copy of their policy or contract; and

4. The insurer gives notice, in the manner it customarily communicates with a policyholder, of any changes to the forms or endorsements, and of the policyholder's right to obtain, upon request and without charge, a paper or electronic copy of such forms or endorsements.

E. (Expires December 31, 2016) The notification to an insurer of any change of the electronic address for the named insured shall be the sole responsibility of the named insured. The giving to the agent of record by any person of notice of such change of the named insured's electronic address shall not be deemed to be notice to the insurer unless it is specifically identified as a change and receipt has been accepted by the agent of record.

F. Notwithstanding any other provision of law, any evidence of coverage or other forms that do not contain personally identifiable information that a health carrier is required to provide to a policyholder, subscriber, or enrollee may be delivered electronically to the policyholder, subscriber, or enrollee or posted to the health carrier's publicly available website in lieu of any other method of delivery, provided that:

1. Such evidence of coverage and endorsements, riders, or amendments to it are readily accessible on the health carrier's website and that once such evidence of coverage and endorsements, riders, or amendments to it are no longer used in the Commonwealth they will be made available electronically upon request;

2. Such evidence of coverage and endorsements, riders, or amendments to it are posted in such a manner that they may be readily printed and downloaded without charge and without the use of any special program or application that is not readily available to the public without charge;

3. The health carrier provides written notice at the time of the issuance of the initial evidence of coverage and any renewals of a method by which the policyholder, subscriber, or enrollee may obtain, upon request and without charge, a paper or electronic copy of such person's evidence of coverage or endorsements, riders, or amendments to it; and

4. The health carrier gives notice, in the manner in which it customarily communicates with a policyholder, subscriber, or enrollee, of any changes to the evidence of coverage or endorsements, riders, or amendments to it and of the right of such policyholder, subscriber, or enrollee to obtain a paper or electronic copy of such evidence of coverage or endorsements, riders, or amendments to it.

CHAPTER 477

An Act to amend and reenact § 20-107.1 of the Code of Virginia, relating to entry of divorce decrees; maintenance and support of spouses.

[S 71]

Approved March 25, 2016

Be it enacted by the General Assembly of Virginia:**1. That § 20-107.1 of the Code of Virginia is amended and reenacted as follows:****§ 20-107.1. Court may decree as to maintenance and support of spouses.**

A. Pursuant to any proceeding arising under subsection L of § 16.1-241 or upon the entry of a decree providing (i) for the dissolution of a marriage, (ii) for a divorce, whether from the bond of matrimony or from bed and board, (iii) that neither party is entitled to a divorce, or (iv) for separate maintenance, the court may make such further decree as it shall deem expedient concerning the maintenance and support of the spouses, *notwithstanding a party's failure to prove his grounds for divorce, provided that a claim for support has been properly pled by the party seeking support.* However, the court shall have no authority to decree maintenance and support payable by the estate of a deceased spouse.

B. Any maintenance and support shall be subject to the provisions of § 20-109, and no permanent maintenance and support shall be awarded from a spouse if there exists in such spouse's favor a ground of divorce under the provisions of subdivision A (1) of § 20-91. However, the court may make such an award notwithstanding the existence of such ground if the court determines from clear and convincing evidence, that a denial of support and maintenance would constitute a manifest injustice, based upon the respective degrees of fault during the marriage and the relative economic circumstances of the parties.

C. The court, in its discretion, may decree that maintenance and support of a spouse be made in periodic payments for a defined duration, or in periodic payments for an undefined duration, or in a lump sum award, or in any combination thereof.

D. In addition to or in lieu of an award pursuant to subsection C, the court may reserve the right of a party to receive support in the future. In any case in which the right to support is so reserved, there shall be a rebuttable presumption that the reservation will continue for a period equal to 50 percent of the length of time between the date of the marriage and the date of separation. Once granted, the duration of such a reservation shall not be subject to modification.

E. The court, in determining whether to award support and maintenance for a spouse, shall consider the circumstances and factors which contributed to the dissolution of the marriage, specifically including adultery and any other ground for divorce under the provisions of subdivision A (3) or (6) of § 20-91 or § 20-95. In determining the nature, amount and duration of an award pursuant to this section, the court shall consider the following:

1. The obligations, needs and financial resources of the parties, including but not limited to income from all pension, profit sharing or retirement plans, of whatever nature;
2. The standard of living established during the marriage;
3. The duration of the marriage;
4. The age and physical and mental condition of the parties and any special circumstances of the family;
5. The extent to which the age, physical or mental condition or special circumstances of any child of the parties would make it appropriate that a party not seek employment outside of the home;
6. The contributions, monetary and nonmonetary, of each party to the well-being of the family;
7. The property interests of the parties, both real and personal, tangible and intangible;
8. The provisions made with regard to the marital property under § 20-107.3;
9. The earning capacity, including the skills, education and training of the parties and the present employment opportunities for persons possessing such earning capacity;
10. The opportunity for, ability of, and the time and costs involved for a party to acquire the appropriate education, training and employment to obtain the skills needed to enhance his or her earning ability;
11. The decisions regarding employment, career, economics, education and parenting arrangements made by the parties during the marriage and their effect on present and future earning potential, including the length of time one or both of the parties have been absent from the job market;

12. The extent to which either party has contributed to the attainment of education, training, career position or profession of the other party; and

13. Such other factors, including the tax consequences to each party, as are necessary to consider the equities between the parties.

F. In contested cases in the circuit courts, any order granting, reserving or denying a request for spousal support shall be accompanied by written findings and conclusions of the court identifying the factors in subsection E which support the court's order. If the court awards periodic support for a defined duration, such findings shall identify the basis for the nature, amount and duration of the award and, if appropriate, a specification of the events and circumstances reasonably contemplated by the court which support the award.

G. For purposes of this section and § 20-109, "date of separation" means the earliest date at which the parties are physically separated and at least one party intends such separation to be permanent provided the separation is continuous thereafter and "defined duration" means a period of time (i) with a specific beginning and ending date or (ii) specified in relation to the occurrence or cessation of an event or condition other than death or termination pursuant to § 20-110.

H. Where there are no minor children whom the parties have a mutual duty to support, an order directing the payment of spousal support, including those orders confirming separation agreements, entered on or after October 1, 1985, whether they are original orders or modifications of existing orders, shall contain the following:

1. If known, the name, date of birth and social security number of each party and, unless otherwise ordered, each party's residential and, if different, mailing address, residential and employer telephone number, driver's license number, and the name and address of his employer; however, when a protective order has been issued or the court otherwise finds reason to believe that a party is at risk of physical or emotional harm from the other party, information other than the name of the party at risk shall not be included in the order;

2. The amount of periodic spousal support expressed in fixed sums, together with the payment interval, the date payments are due, and the date the first payment is due;

3. A statement as to whether there is an order for health care coverage for a party;

4. If support arrearages exist, (i) to whom an arrearage is owed and the amount of the arrearage, (ii) the period of time for which such arrearage is calculated, and (iii) a direction that all payments are to be credited to current spousal support obligations first, with any payment in excess of the current obligation applied to arrearages;

5. If spousal support payments are ordered to be paid directly to the obligee, and unless the court for good cause shown orders otherwise, the parties shall give each other and the court at least 30 days' written notice, in advance, of any change of address and any change of telephone number within 30 days after the change; and

6. Notice that in determination of a spousal support obligation, the support obligation as it becomes due and unpaid creates a judgment by operation of law.

A hearing officer may communicate with any person on ministerial matters about a pending formal hearing conducted in accordance with § 2.2-4020 if the communication does not augment, diminish, or modify the evidence in the record.

C. D. If a communication prohibited by this section is made, the hearing officer shall notify all parties of the prohibited communication and permit the parties to respond not later than 15 days after the notice is given. For good cause, the hearing officer may permit additional evidence in response to the prohibited communication.

E. CHAPTER 484

An Act to amend and reenact § 58.1-623 of the Code of Virginia, relating to sales and use tax; refunds.

[H 398]

Approved March 25, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-623 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-623. Sales or leases presumed subject to tax; exemption certificates.

A. All sales or leases are subject to the tax until the contrary is established. The burden of proving that a sale, distribution, lease, or storage of tangible personal property is not taxable is upon the dealer unless he takes from the taxpayer a certificate to the effect that the property is exempt under this chapter.

B. The certificate mentioned in this section shall relieve the person who takes such certificate from any liability for the payment or collection of the tax, except upon notice from the Tax Commissioner that such certificate is no longer acceptable. Such certificate shall be signed by and bear the name and address of the taxpayer; shall indicate the number of the certificate of registration, if any, issued to the taxpayer; shall indicate the general character of the tangible personal property sold, distributed, leased, or stored, or to be sold, distributed, leased, or stored under a blanket exemption certificate; and shall be substantially in such form as the Tax Commissioner may prescribe. If an exemption pertains to a nonprofit organization, other than a nonprofit church, that has qualified for a sales and use tax exemption under § 58.1-609.11, the exemption certificate shall be valid until the scheduled expiration date stated on the exemption certificate.

C. If a taxpayer who gives a certificate under this section makes any use of the property other than an exempt use or retention, demonstration, or display while holding the property for resale, distribution, or lease in the regular course of business, such use shall be deemed a taxable sale by the taxpayer as of the time the property or service is first used by him, and the cost of the property to him shall be deemed the sales price of such retail sale. If the sole use of the property other than retention, demonstration, or display in the regular course of business is the rental of the property while holding it for sale, distribution, or lease, the taxpayer may elect to pay the tax on the amount of the rental charged, rather than the cost of the property to him.

D. If a taxpayer gives a certificate under this section with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased, but of such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales or distributions from the mass of commingled goods shall be deemed to be sales or distributions of the goods so purchased until a quantity of commingled goods equal to the quantity of purchased goods so commingled has been sold or distributed.

E. If a taxpayer fails to give the dealer at the time of purchase an exemption certificate previously issued by the Department, no interest shall be paid on a subsequent refund claim for any period prior to the date the taxpayer makes a complete refund claim with the Department. This subsection shall not apply to transactions exempted under self-executing certificates of exemption not issued to a specific taxpayer by the Department.

2. That the Department of Taxation may promulgate guidelines implementing the provisions of this act and update such guidelines thereafter as deemed necessary by the Tax Commissioner. The development and publication of such guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.) of the Code of Virginia.

[H 421]

Approved March 25, 2016

Be it enacted by the General Assembly of Virginia:**1. That §§ 58.1-3219.5 and 58.1-3219.9 of the Code of Virginia are amended and reenacted as follows:****§ 58.1-3219.5. Exemption from taxes on property for disabled veterans.**

A. Pursuant to subdivision (a) of Section 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2011, the General Assembly hereby exempts from taxation the real property, including the joint real property of husband and wife, of any veteran who has been rated by the U.S. Department of Veterans Affairs or its successor agency pursuant to federal law to have a 100 percent service-connected, permanent, and total disability, and who occupies the real property as his principal place of residence. If the veteran's disability rating occurs after January 1, 2011, and he has a qualified primary residence on the date of the rating, then the exemption for him under this section begins on the date of such rating. However, no county, city, or town shall be liable for any interest on any refund due to the veteran for taxes paid prior to the veteran's filing of the affidavit or written statement required by § 58.1-3219.6. If the qualified veteran acquires the property after January 1, 2011, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. The surviving spouse of a veteran eligible for the exemption set forth in this article shall also qualify for the exemption, so long as the death of the veteran occurs on or after January 1, 2011, the surviving spouse does not remarry, and the surviving spouse continues to occupy the real property as his principal place of residence.

C. A county, city, or town shall provide for the exemption from real property taxes the qualifying dwelling pursuant to this section; and shall provide for the exemption from real property taxes the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section. *A real property improvement other than a dwelling, including the land upon which such improvement is situated, made to such one acre or greater number of acres exempt from taxation pursuant to this subsection shall also be exempt from taxation so long as the principal use of the improvement is (i) to house or cover motor vehicles or household goods and personal effects as classified in subdivision A 14 of § 58.1-3503 and as listed in § 58.1-3504 and (ii) for other than a business purpose.*

D. For purposes of this exemption, real property of any veteran includes real property (i) held by a veteran alone or in conjunction with the veteran's spouse as tenant or tenants for life or joint lives, (ii) held in a revocable inter vivos trust over which the veteran or the veteran and his spouse hold the power of revocation, or (iii) held in an irrevocable trust under which a veteran alone or in conjunction with his spouse possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

The exemption for a surviving spouse under subsection B includes real property (a) held by the veteran's spouse as tenant for life, (b) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (c) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. The exemption does not apply to any interest held under a leasehold or term of years.

E. 1. In the event that (i) a person is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection D and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the number of people who are qualified for the exemption pursuant to this section and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the primary residence is jointly owned by two or more individuals, not all of whom qualify for the exemption pursuant to subsection A or B, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection D, then the exemption shall be prorated by multiplying the amount of the exemption or deferral by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by all such joint owners who qualify for the exemption pursuant to subsections A and B, and as a denominator, 100 percent.

§ 58.1-3219.9. Exemption from taxes on property of surviving spouses of members of the armed forces killed in action.

A. Pursuant to subdivision (b) of Section 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2015, the General Assembly hereby exempts from taxation the real property described in subsection B of the surviving spouse (i) of any member of the armed forces of the United States who was killed in action as determined by the United States Department of Defense and (ii) who occupies the real property as his principal place of residence. If such member of the armed forces of the United States is killed in action after January 1, 2015, and the surviving spouse has

a qualified principal residence on the date that such member of the armed forces is killed in action, then the exemption for the surviving spouse shall begin on the date that such member of the armed forces is killed in action. However, no county, city, or town shall be liable for any interest on any refund due to the surviving spouse for taxes paid prior to the surviving spouse's filing of the affidavit or written statement required by § 58.1-3219.10. If the surviving spouse acquires the property after January 1, 2015, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. Those dwellings in the locality with assessed values in the most recently ended tax year that are not in excess of the average assessed value for such year of a dwelling situated on property that is zoned as single family residential shall qualify for a total exemption from real property taxes under this article. If the value of a dwelling is in excess of the average assessed value as described in this subsection, then only that portion of the assessed value in excess of the average assessed value shall be subject to real property taxes, and the portion of the assessed value that is not in excess of the average assessed value shall be exempt from real property taxes. Single family homes, condominiums, town homes, and other types of dwellings of surviving spouses that (i) meet this requirement and (ii) are occupied by such persons as their principal place of residence shall qualify for the real property tax exemption.

For purposes of determining whether a dwelling, or a portion of its value, is exempt from county and town real property taxes, the average assessed value shall be such average for all dwellings located within the county that are situated on property zoned as single family residential.

C. The surviving spouse of a member of the armed forces killed in action shall qualify for the exemption so long as the surviving spouse does not remarry and continues to occupy the real property as his principal place of residence. The exemption applies without any restriction on the spouse's moving to a different principal place of residence.

D. A county, city, or town shall provide for the exemption from real property taxes (i) the qualifying dwelling, or the portion of the value of such dwelling and land that qualifies for the exemption pursuant to subsection B, and (ii) the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section. *A real property improvement other than a dwelling, including the land upon which such improvement is situated, made to such one acre or greater number of acres exempt from taxation pursuant to this subsection shall also be exempt from taxation so long as the principal use of the improvement is (i) to house or cover motor vehicles or household goods and personal effects as classified in subdivision A 14 of § 58.1-3503 and as listed in § 58.1-3504 and (ii) for other than a business purpose.*

E. For purposes of this exemption, real property of any surviving spouse of a member of the armed forces killed in action includes real property (i) held by a surviving spouse as a tenant for life, (ii) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (iii) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

F. 1. In the event that (i) a surviving spouse is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has 1 as a numerator and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the principal residence is jointly owned by two or more individuals including the surviving spouse, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E, then the exemption shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by the surviving spouse, and as a denominator, 100 percent.

2. That the provisions of this act shall become effective for tax years beginning on or after January 1, 2017.

§ 58.1-609.11. Exemptions for nonprofit entities.

A. Any nonprofit organization that holds a valid certificate of exemption from the Department of Taxation, or any nonprofit church that holds a valid self-executing certificate of exemption, that exempts it from collecting or paying state and local retail sales or use taxes as of June 30, 2003, pursuant to § 58.1-609.4, 58.1-609.7, 58.1-609.8, 58.1-609.9, or 58.1-609.10, as such sections are in effect on June 30, 2003, shall remain exempt from the collection or payment of such taxes under the same terms and conditions as provided under such sections as such sections existed on June 30, 2003, until: (i) July 1, 2007, for such entities that were exempt under § 58.1-609.4; (ii) July 1, 2008, for such entities that were exempt under § 58.1-609.7; (iii) July 1, 2004, for the first one-half of such entities that were exempt under § 58.1-609.8, except churches, which will remain exempt under the same criteria and procedures in effect for churches on June 30, 2003; (iv) July 1, 2005, for the second one-half of such entities that were exempt under § 58.1-609.8; and (v) July 1, 2006, for such entities that were exempt under § 58.1-609.9 or under § 58.1-609.10. At the end of the applicable period of such exemptions, to maintain or renew an exemption for the period of time set forth in subsection E, each entity must follow the procedures set forth in subsection B and meet the criteria set forth in subsection C. Provided, however, that any entity that was exempt from collecting sales and use tax shall continue to be exempt from such collection, and any entity that was exempt from paying sales and use tax for the purchase of services, as of June 30, 2003, shall continue to be exempt from such payment, provided that it follows the other procedures set forth in subsection B and meets the criteria set forth in subsection C. Provided further, however, that an educational institution doing business in the Commonwealth which provides a face-to-face educational experience in American government and was exempt pursuant to subdivision 4 of § 58.1-609.4 from paying sales and use tax for the purchase of services, as of June 30, 2003, shall continue to be exempt from such payment, provided that it follows the other procedures set forth in subsection B and meets the criteria set forth in subsection C.

B. 1. On and after July 1, 2004, in addition to the organizations described in subsection A, *and except as restricted in subdivision 2*, the tax imposed by this chapter or pursuant to the authority granted in §§ 58.1-605 and 58.1-606 shall not apply to purchases of tangible personal property for use or consumption by any nonprofit entity that, pursuant to this section, (i) files an appropriate application with the Department of Taxation, (ii) meets the applicable criteria, and (iii) is issued a certificate of exemption from the Department of Taxation for the period of time covered by the certificate.

2. *If the entity that is exempt under this section is exempt from federal income tax under § 501(c)(19) of the Internal Revenue Code, or has annual gross receipts less than \$5,000 and is organized for at least one of the purposes set forth in § 501(c)(19) of the Internal Revenue Code, then the exemption under this section for such entity shall not apply to purchases*

of tangible personal property that are used primarily (i) for social and recreational activities for members or (ii) for providing insurance benefits to members or members' dependents.

C. To qualify for the exemption under subsection B, a nonprofit entity must meet the applicable criteria under this subsection as follows:

1. a. The entity is exempt from federal income taxation (i) under § 501(c)(3) of the Internal Revenue Code ~~or~~; (ii) under § 501(c)(4) of the Internal Revenue Code and; ~~if it is exempt under § 501(c)(4) of the Internal Revenue Code, it is organized for a charitable purpose; or (iii) under § 501(c)(19) of the Internal Revenue Code; or~~

b. The entity has annual gross receipts less than \$5,000, and the entity is organized for at least one of the purposes set forth in § 501(c)(3) of the Internal Revenue Code, ~~or~~ one of the charitable purposes set forth in § 501(c)(4) of the Internal Revenue Code, *or one of the purposes set forth in § 501(c)(19) of the Internal Revenue Code; and*

2. The entity is in compliance with all applicable state solicitation laws, and where applicable, provides appropriate verification of such compliance; and

3. The entity's annual general administrative costs, including salaries and fundraising, relative to its annual gross revenue, under generally accepted accounting principles, is not greater than 40 percent; and

4. If the entity's gross annual revenue was at least \$750,000 in the previous year, then the entity must provide a financial review performed by an independent certified public accountant. However, for any entity with gross annual revenue of at least \$1 million in the previous year, the Department may require that the entity provide a financial audit performed by an independent certified public accountant. If the Department specifically requires an entity with gross annual revenue of at least \$1 million in the previous year to provide a financial audit performed by an independent certified public accountant, then the entity shall provide such audit in order to qualify for the exemption under this section, which audit shall be in lieu of the financial review; and

5. If the entity filed a federal 990 or 990 EZ tax form, or the successor forms to such forms, with the Internal Revenue Service, then it must provide a copy of such form to the Department of Taxation; and

6. If the entity did not file a federal 990 or 990 EZ tax form, or the successor forms to such forms, with the Internal Revenue Service, then the entity must provide the following information:

a. A list of the Board of Directors or other responsible agents of the entity, composed of at least two individuals, with names and addresses where the individuals physically can be found; and

b. The location where the financial records of the entity are available for public inspection.

D. On and after July 1, 2004, in addition to the criteria set forth in subsection C, the Department of Taxation shall ask each entity for the total taxable purchases made in the preceding year, unless such records are not available through no fault of the entity. If the records are not available through no fault of the entity, then the entity must provide such information to the Department the following year. No information provided pursuant to this subsection (except the failure to provide available information) shall be a basis for the Department of Taxation to refuse to exempt an entity.

E. Any entity that is determined under subsections B, C, and D by the Department of Taxation to be exempt from paying sales and use tax shall also be exempt from collecting sales and use tax, at its election, if (i) the entity is within the same class of organization of any entity that was exempt from collecting sales and use tax on June 30, 2003, or (ii) the entity is organized exclusively to foster, sponsor, and promote physical education, athletic programs, and contests for youths in the Commonwealth.

F. The duration of each exemption granted by the Department of Taxation shall be no less than five years and no greater than seven years. During the period of such exemption, the failure of an exempt entity to maintain compliance with the applicable criteria set forth in subsection C shall constitute grounds for revocation of the exemption by the Department. At the end of the period of such exemption, to maintain or renew the exemption, each entity must provide the Department of Taxation the same information as required upon initial exemption and meet the same criteria.

G. For purposes of this section, the Department of Taxation and the Department of Agriculture and Consumer Services shall be allowed to share information when necessary to supplement the information required.

Such governing body may levy and provide for the assessment and collection of county, city or town license taxes on businesses, trades, professions, occupations and callings and upon the persons, firms and corporations engaged therein within the county, city or town subject to the limitations in (i) subsection C and (ii) subsection A of § 58.1-3706, provided such tax shall not be assessed and collected on any amount of gross receipts of each business upon which a license fee is charged. Any county, city or town with a population greater than 50,000 shall reduce the fee to an amount not to exceed \$50 by January 1, 2000. The ordinance imposing such license fees and levying such license taxes shall include the provisions of § 58.1-3703.1.

B. Any county, city or town by ordinance may exempt in whole or in part from the license tax (i) the design, development or other creation of computer software for lease, sale or license and (ii) private businesses and industries entering into agreements for the establishment, installation, renovation, remodeling, or construction of satellite classrooms

6. Upon a wholesaler for the privilege of selling goods, wares and merchandise to other persons for resale unless such wholesaler has a definite place of business or store in such county, city or town. This subdivision shall not be construed as prohibiting any county, city or town from imposing a local license tax on a peddler at wholesale pursuant to § 58.1-3718;

7. Upon any person, firm or corporation for engaging in the business of renting, as the owner of such property, real property other than hotels, motels, motor lodges, auto courts, tourist courts, travel trailer parks, campgrounds, bed and breakfast establishments, lodging houses, rooming houses, and boardinghouses; however, any county, city or town imposing such a license tax on January 1, 1974, shall not be precluded from the levy of such tax by the provisions of this subdivision;

10. On or measured by receipts or purchases by an entity which is a member of an affiliated group of entities from other members of the same affiliated group. This exclusion shall not exempt affiliated entities from such license or other tax measured by receipts or purchases from outside the affiliated group. This exclusion also shall not preclude a locality from levying a wholesale merchant's license tax on an affiliated entity on those sales by the affiliated entity to a nonaffiliated entity, notwithstanding the fact that the wholesale merchant's license tax would be based upon purchases from an affiliated entity. Such tax shall be based on the purchase price of the goods sold to the nonaffiliated entity. As used in this subdivision, the term "sales by the affiliated entity to a nonaffiliated entity" means sales by the affiliated entity to a nonaffiliated entity where goods sold by the affiliated entity or its agent are manufactured or stored in the Commonwealth prior to their delivery to the nonaffiliated entity;

~~(b)~~ b. On or measured by gifts, contributions, and membership dues of a nonprofit organization. Activities conducted for consideration which that are similar to activities conducted for consideration by for-profit businesses shall be presumed

Any incentive established pursuant to this subsection may extend for a period not to exceed two years from the date the business locates in such locality. The business license incentive program may include (i) an exemption, in whole or in part, of license taxes for any qualifying business; (ii) a refund or rebate, in whole or in part, of license taxes paid by a qualifying business; or (iii) other relief from license taxes for a qualifying business not prohibited by state or federal law.

[S 555]

Approved March 25, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-323, 46.2-324.1, 46.2-334, 46.2-334.01, 46.2-335, and 46.2-335.2 of the Code of Virginia are amended and reenacted as follows:

§ 46.2-323. Application for driver's license; proof of completion of driver education program; penalty.

A. Every application for a driver's license, temporary driver's permit, learner's permit, or motorcycle learner's permit shall be made on a form prescribed by the Department and the applicant shall write his usual signature in ink in the space provided on the form. The form shall include notice to the applicant of the duty to register with the Department of State Police as provided in Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, if the applicant has been convicted of an offense for which registration with the Sex Offender and Crimes Against Minors Registry is required.

B. Every application shall state the full legal name, year, month, and date of birth, social security number, sex, and residence address of the applicant; whether or not the applicant has previously been licensed as a driver and, if so, when and by what state, and whether or not his license has ever been suspended or revoked and, if so, the date of and reason for such suspension or revocation. The Department, as a condition for the issuance of any driver's license, temporary driver's permit, learner's permit, or motorcycle learner's permit shall require the surrender of any driver's license or, in the case of a motorcycle learner's permit, a motorcycle license issued by another state and held by the applicant. The applicant shall also answer any questions on the application form or otherwise propounded by the Department incidental to the examination. The applicant may also be required to present proof of identity, residency, and social security number or non-work authorized status, if required to appear in person before the Department to apply.

The Commissioner shall require that each application include a certification statement to be signed by the applicant under penalty of perjury, certifying that the information presented on the application is true and correct.

If the applicant fails or refuses to sign the certification statement, the Department shall not issue the applicant a driver's license, temporary driver's permit, learner's permit or motorcycle learner's permit.

Any applicant who knowingly makes a false certification or supplies false or fictitious evidence shall be punished as provided in § 46.2-348.

C. Every application for a driver's license shall include a photograph of the applicant supplied under arrangements made by the Department. The photograph shall be processed by the Department so that the photograph can be made part of the issued license.

D. Notwithstanding the provisions of § 46.2-334, every applicant for a driver's license who is under ~~19~~ 18 years of age shall furnish the Department with satisfactory proof of his successful completion of a driver education program approved by the State Department of Education.

E. Every application for a driver's license submitted by a person less than 18 years old and attending a public school in the Commonwealth shall be accompanied by a document, signed by the applicant's parent or legal guardian, authorizing the principal, or his designee, of the school attended by the applicant to notify the juvenile and domestic relations district court within whose jurisdiction the minor resides when the applicant has had 10 or more unexcused absences from school on consecutive school days.

F. The Department shall electronically transmit application information to the Department of State Police, in a format approved by the State Police, for comparison with information contained in the Virginia Criminal Information Network and National Crime Information Center Convicted Sexual Offender Registry Files, at the time of issuance of a driver's license, temporary driver's permit, learner's permit, or motorcycle learner's permit. Whenever it appears from the records of the State Police that a person has failed to comply with the duty to register or reregister pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, the State Police shall promptly investigate and, if there is probable cause to believe a violation has occurred, obtain a warrant or assist in obtaining an indictment charging a violation of § 18.2-472.1 in the jurisdiction in which the person made application of licensure.

§ 46.2-324.1. Requirements for initial licensure of certain applicants.

A. No driver's license shall be issued to any applicant unless he either (i) provides written evidence of having satisfactorily completed a course of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or Department of Education or (ii) has held a learner's permit issued by the Department for at least 60 days prior to his first behind-the-wheel examination by the Department when applying for a noncommercial driver's license.

The provisions of this section shall only apply to persons who are at least ~~19~~ 18 years old and who either (a) have never held a driver's license issued by Virginia or any other state or territory of the United States or foreign country or (b) have never been licensed or held the license endorsement or classification required to operate the type of vehicle which they now propose to operate. Completion of a course of driver instruction approved by the Department or the Department of Education at a driver training school may include the final behind-the-wheel examination for a driver's license; however, a driver training school shall not administer the behind-the-wheel examination to any applicant who is under medical control pursuant to § 46.2-322. Applicants completing a course of driver instruction approved by the Department or the Department of Education at a driver training school retain the option of having the behind-the-wheel examination administered by the Department.

B. No commercial driver's license shall be issued to any applicant unless he is 18 years old or older and has complied with the requirements of subsection A of § 46.2-341.9. Applicants for a commercial driver's license who have never before held a commercial driver's license shall apply for a commercial learner's permit and either (i) provide written evidence of having satisfactorily completed a course of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or Department of Education and hold the commercial learner's permit for a minimum of 14 days prior to taking the behind-the-wheel examination for the commercial driver's license or (ii) hold the commercial learner's permit for a minimum of 30 days before taking the behind-the-wheel examination for the commercial driver's license.

Holders of a commercial driver's license who have never held the license endorsement or classification required to operate the type of commercial motor vehicle which they now propose to operate must apply for a commercial learner's permit if the upgrade requires a skills test and hold the permit for a minimum of 14 days prior to taking the behind-the-wheel examination for the commercial driver's license.

C. Nothing in this section shall be construed to prohibit the Department from requiring any person to complete the skills examination as prescribed in § 46.2-325 and the written or automated examinations as prescribed in § 46.2-335.

D. Notwithstanding the provisions of subsection B, applicants for a commercial driver's license who have never before held a commercial driver's license who are members of the active duty military, military reserves, National Guard, active duty United States Coast Guard, or Coast Guard Auxiliary and provide written evidence of having satisfactorily completed a military commercial driver training program shall hold the commercial learner's permit for a minimum of 14 days prior to taking the behind-the-wheel examination for the commercial driver's license.

E. Notwithstanding the provisions of subsection B, applicants for a commercial driver's license who have never before held a commercial driver's license who are employed by a public school division as a bus driver and provide written evidence of having satisfactorily completed a commercial driver training program with a public school division shall hold the commercial learner's permit for a minimum of 14 days prior to taking the behind-the-wheel examination for the commercial driver's license.

§ 46.2-334. Conditions and requirements for licensure of persons under 18.

A. Minors at least 16 years and three months old may be issued driver's licenses under the following conditions:

1. The minor shall submit a proper application and satisfactory evidence that he (i) is a resident of the Commonwealth; (ii) has successfully completed a driver education course approved by either the State Department of Education or, in the case of a course offered by a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) of this title, by the Department of Motor Vehicles; and (iii) is mentally, physically, and otherwise qualified to drive a motor vehicle safely.

2. The minor's application for a driver's license must be signed by a parent of the applicant, otherwise by the guardian having custody of him. However, in the event a minor has no parent or guardian, then a driver's license shall not be issued to him unless his application is signed by the judge of the juvenile and domestic relations district court of the city or county in which he resides. If the minor making the application is married or otherwise emancipated, in lieu of any parent's, guardian's or judge's signature, the minor may present proper evidence of the solemnization of the marriage or the order of emancipation.

3. The minor shall be required to state in his application whether or not he has been convicted of an offense triable by, or tried in, a juvenile and domestic relations district court or found by such court to be a child in need of supervision, as defined in § 16.1-228. If it appears that the minor has been adjudged not innocent of the offense alleged or has been found to be a child in need of supervision, the Department shall not issue a license without the written approval of the judge of the juvenile and domestic relations district court making an adjudication as to the minor or the like approval of a similar court of the county or city in which the parent or guardian, respectively, of the minor resides.

4. The application for a permanent driver's license by a minor of the age of persons required to attend school pursuant to § 22.1-254 shall be accompanied by evidence of compliance with the compulsory school attendance law set forth in Article 1 (§ 22.1-254 et seq.) of Chapter 14 of Title 22.1. This evidence shall be provided in writing by the minor's parent. If the minor is unable to provide such evidence, he shall not be granted a driver's license until he reaches the age of 18 or presents proper evidence of the solemnization of his marriage or an order of emancipation, or the parent, as defined in § 22.1-1, or other person standing in loco parentis has provided written authorization for the minor to obtain a driver's license.

A minor may, however, present a high school diploma or its equivalent or a certificate indicating completion of a prescribed course of study as defined by the local school board pursuant to § 22.1-253.13:4 as evidence of compulsory school attendance compliance.

5. The minor applicant shall certify in writing, on a form prescribed by the Commissioner, that he is a resident of the Commonwealth. The applicant's parent or guardian shall also certify that the applicant is a resident by signing the certification. Any minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to provide the parent's certification of residence.

B. Any custodial parent or guardian of an unmarried or unemancipated minor may, after the issuance of a permanent driver's license to such minor, file with the Department a written request that the license of the minor be canceled. When such request is filed, the Department shall cancel the license of the minor and the license shall not thereafter be reissued by the Department until a period of six months has elapsed from the date of cancellation or the minor reaches his eighteenth birthday, whichever shall occur sooner. Notwithstanding the foregoing provisions of this subsection, in the case of a minor whose parents have been awarded joint legal custody, a request that the license of the minor be cancelled must be signed by both legal custodians. In the event one parent is not reasonably available or the parents do not agree, one parent may petition the juvenile and domestic relations district court to make a determination that the license of the minor be cancelled.

C. The provisions of subsection A of this section requiring that an application for a driver's license be signed by the parent or guardian shall be waived by the Commissioner if the application is accompanied by proper evidence of the solemnization of the minor's marriage or a certified copy of a court order, issued under the provisions of Article 15 (§ 16.1-331 et seq.) of Chapter 11 of Title 16.1, declaring the applicant to be an emancipated minor.

D. A learner's permit accompanied by documentation verifying the minor's successful completion of an approved driver education course, signed by the minor's parent, guardian, legal custodian or other person standing in loco parentis, shall constitute a temporary driver's license for purposes of driving unaccompanied by a licensed driver as required in § 46.2-335, if all other requirements of this chapter have been met. The temporary license shall only be valid until the permanent license is presented as provided in § 46.2-336.

E. Notwithstanding the provisions of subsection A requiring the successful completion of a driver education course approved by the State Department of Education, the Commissioner, on application therefor by a person at least 16 years and three months old but less than ~~19~~ 18 years old, shall issue to the applicant a temporary driver's license valid for six months if he (i) certifies by signing, together with his parent or guardian, if applicable, on a form prescribed by the Commissioner that he is a resident of the Commonwealth; (ii) is the holder of a valid driver's license from another U.S. state, U.S. territory, Canadian province, or Canadian territory; and (iii) has not been found guilty of or otherwise responsible for an offense involving the operation of a motor vehicle. No temporary license issued under this subsection shall be renewed, nor shall any second or subsequent temporary license under this subsection be issued to the same applicant. Any such minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to obtain the signature of his parent or guardian for the temporary driver's license.

In order to obtain a permanent driver's license, applicants who transfer to Virginia from another U.S. state or any U.S. territory, Canadian province, or Canadian territory must have documentation of at least 30 hours of classroom instruction and six hours of in-car instruction from a government-approved program in the other U.S. state, U.S. territory, or Canadian province or Canadian territory. If a transfer applicant successfully completes a government-approved classroom and in-car driver education program from another state or any U.S. territory, Canadian province, or Canadian territory, the applicant must present the certificate of completion, specifying the number of instructional hours, to the Department.

F. For persons qualifying for a driver's license through driver education courses approved by the Department of Education or courses offered by driver training schools licensed by the Department, the application for the learner's permit shall be used as the application for the driver's license pursuant to § 46.2-335.

G. Driver's licenses shall be issued by the Department to students successfully completing driver education courses approved by the Department of Education (i) when the Department receives from the school proper certification that the student (a) has successfully completed such course, including a road skills examination and (b) is regularly attending school and is in good academic standing or, if not in such standing or submitting evidence thereof, whose parent or guardian, having custody of such minor, provides written authorization for the minor to obtain a driver's license, which written authorization shall be obtained on forms provided by the Department and indicating the Commonwealth's interest in the good academic standing and regular school attendance of such minors; and (ii) upon payment of a fee of \$2.40 per year, based on the period of the license's validity. For applicants attending public schools, good academic standing may be certified by the public school principal or any of his designees. For applicants attending nonpublic schools, such certification shall be made by the private school principal or any of his designees; for students receiving home schooling, such certification shall be made by the home schooling parent or tutor. Any minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to provide the certification of good academic standing or any written authorization from his parent or guardian to obtain a driver's license.

H. For those home schooled students completing driver education courses approved by the Board of Education and instructed by his own parent or guardian, no driver's license shall be issued until the student has successfully completed the driver's license examination administered by the Department. Furthermore, the Commissioner shall not issue a driver's license for those home schooled students completing driver education courses approved by the Board of Education and instructed by his own parent or guardian if it is determined by the Commissioner that, at the time of such instruction, such parent or guardian had accumulated six or more driver demerit points in the most recently preceding 12 months, had been convicted within the most recent 11 preceding years of driving while intoxicated in violation of § 18.2-266 or a substantially similar law in another state, or had ever been convicted of voluntary or involuntary manslaughter in violation of § 18.2-35 or 18.2-36 or a substantially similar law in another state.

I. The Commissioner, on application therefor by a person from another U.S. state or any U.S. territory, Canadian province, or Canadian territory who is at least 16 years and three months old but less than ~~19~~ 18 years old, shall issue a Virginia driver's license to the applicant if the applicant (i) certifies by signing, together with his parent or guardian, if applicable, on a form prescribed by the Commissioner that he is now a resident of the Commonwealth; (ii) has completed a government-approved classroom and in-car driver education program from another U.S. state or any U.S. territory, Canadian province, or Canadian territory, which shall not be required to meet the 30 hours of classroom instruction and six hours of in-car instruction requirement in subsection E; (iii) is the holder of a valid driver's license from another U.S. state or any U.S. territory, Canadian province, or Canadian territory; (iv) has held the valid driver's license for the 12 months immediately prior to applying for a Virginia license; (v) has not been found guilty of or otherwise responsible for an offense involving the operation of a motor vehicle; and (vi) successfully completes behind-the-wheel and driver knowledge examinations administered by the Department.

The applicant must present the certificate of completion specifying the number of classroom and in-car driver education program instructional hours for the government-approved classroom and in-car driver education program from another U.S. state or any U.S. territory, Canadian province, or Canadian territory to the Department.

§ 46.2-334.01. Licenses issued to persons less than 19 years old subject to certain restrictions.

A. Any learner's permit or driver's license issued to any person less than 18 years old shall be subject to the following:

1. Notwithstanding the provisions of § 46.2-498, whenever the driving record of a person less than 19 years old shows that he has been convicted of committing, when he was less than 18 years old, (i) an offense for which demerit points have been assessed or are assessable under Article 19 (§ 46.2-489 et seq.) or (ii) a violation of any provision of Article 12 (§ 46.2-1091 et seq.) or Article 13 (§ 46.2-1095 et seq.) of Chapter 10, the Commissioner shall direct such person to attend a driver improvement clinic. No safe driving points shall be awarded for such clinic attendance, nor shall any safe driving points be awarded for voluntary or court-assigned clinic attendance. Such person's parent, guardian, legal custodian, or other person standing in loco parentis may attend such clinic and receive a reduction in demerit points and/or an award of safe driving points pursuant to § 46.2-498. The provisions of this subdivision shall not be construed to prohibit awarding of safe driving points to a person less than 18 years old who attends and successfully completes a driver improvement clinic without having been directed to do so by the Commissioner or required to do so by a court.

2. If any person less than 19 years old is convicted a second time of committing, when he was less than 18 years old, (i) an offense for which demerit points have been assessed or are assessable under Article 19 (§ 46.2-489 et seq.) or (ii) a violation of any provision of Article 12 (§ 46.2-1091 et seq.) or Article 13 (§ 46.2-1095 et seq.) of Chapter 10, the Commissioner shall suspend such person's driver's license or privilege to operate a motor vehicle for 90 days. Such suspension shall be consecutive to, and not concurrent with, any other period of license suspension, revocation, or denial. Any person who has had his driver's license or privilege to operate a motor vehicle suspended in accordance with this subdivision may petition the juvenile and domestic relations district court of his residence for a restricted license to authorize such person to drive a motor vehicle in the Commonwealth to and from his home, his place of employment, or an institution of higher learning where he is enrolled, provided there is no other means of transportation by which such person may travel between his home and his place of employment or the institution of higher learning where he is enrolled. On

such petition the court may, in its discretion, authorize the issuance of a restricted license for a period not to exceed the term of the suspension of the person's license or privilege to operate a motor vehicle in the Commonwealth. Such restricted license shall be valid solely for operation of a motor vehicle between such person's home and his place of employment or the institution of higher learning where he is enrolled.

3. If any person is convicted a third time of committing, when he was less than 18 years old, (i) an offense for which demerit points have been assessed or are assessable under Article 19 (§ 46.2-489 et seq.) or (ii) a violation of any provision of Article 12 (§ 46.2-1091 et seq.) or Article 13 (§ 46.2-1095 et seq.) of Chapter 10, the Commissioner shall revoke such person's driver's license or privilege to operate a motor vehicle for one year or until such person reaches the age of 18 years, whichever is longer. Such revocation shall be consecutive to, and not concurrent with, any other period of license suspension, revocation, or denial.

4. In no event shall any person subject to the provisions of this section be subject to the suspension or revocation provisions of subdivision 2 or 3 for multiple convictions arising out of the same transaction or occurrence.

B. The initial license issued to any person younger than 18 years of age shall be deemed a provisional driver's license. Until the holder is 18 years old, a provisional driver's license shall not authorize its holder to operate a motor vehicle with more than one passenger who is less than 21 years old; ~~unless the driver is accompanied by a parent or person acting in loco parentis provided that such person accompanying the driver is occupying the seat beside the driver and is lawfully permitted to operate a motor vehicle at the time.~~ After the first year the provisional license is issued, the holder may operate a motor vehicle with up to three passengers who are less than 21 years old ~~when~~ (i) when the holder is driving to or from a school-sponsored activity, ~~or~~ (ii) when a licensed driver who is at least 21 years old is occupying the seat beside the driver, or (iii) in cases of emergency. ~~This~~ *These* passenger ~~limitation~~ *limitations*, however, shall not apply to members of the driver's family or household. For the purposes of this subsection, "a member of the driver's family or household" means any of the following: (a) the driver's spouse, children, stepchildren, brothers, sisters, half-brothers, half-sisters, *first cousins*, and any individual who has a child in common with the driver, whether or not they reside in the same home with the driver; (b) the driver's brothers-in-law and sisters-in-law who reside in the same home with the driver; and (c) any individual who cohabits with the driver, and any children of such individual residing in the same home with the driver.

C. The holder of a provisional driver's license shall not operate a motor vehicle on the highways of the Commonwealth between the hours of midnight and 4:00 a.m. except when driving (i) to or from a place of business where he is employed; (ii) to or from an activity that is supervised by an adult and is sponsored by a school or by a civic, religious, or public organization; (iii) accompanied by a parent, a person acting in loco parentis, or by a spouse who is 18 years old or older, provided that such person accompanying the driver is actually occupying a seat beside the driver and is lawfully permitted to operate a motor vehicle at the time; or (iv) in cases of emergency, including response by volunteer firefighters and volunteer emergency medical services personnel to emergency calls.

C1. Except in a driver emergency or when the vehicle is lawfully parked or stopped, the holder of a provisional driver's license shall not operate a motor vehicle on the highways of the Commonwealth while using any cellular telephone or any other wireless telecommunications device, regardless of whether such device is or is not hand-held.

D. The provisional driver's license restrictions in subsections B, C, and C1 shall expire on the holder's eighteenth birthday. A violation of the provisional driver's license restrictions in ~~either~~ subsection B, C, or C1 shall constitute a traffic infraction. For a second or subsequent violation of the provisional driver's license restrictions in ~~either~~ subsection B, C, or C1, in addition to any other penalties that may be imposed pursuant to § 16.1-278.10, the court may suspend the juvenile's privilege to drive for a period not to exceed six months.

E. A violation of subsection B, C, or C1 shall not constitute negligence, be considered in mitigation of damages of whatever nature, be admissible in evidence, or be the subject of comment by counsel in any action for the recovery of damages arising out of the operation, ownership, or maintenance of a motor vehicle, nor shall anything in this subsection change any existing law, rule, or procedure pertaining to any such civil action.

F. No citation for a violation of this section shall be issued unless the officer issuing such citation has cause to stop or arrest the driver of such motor vehicle for the violation of some other provision of this Code or local ordinance relating to the operation, ownership, or maintenance of a motor vehicle or any criminal statute.

§ 46.2-335. Learner's permits; fees; certification required.

A. The Department, on receiving from any Virginia resident over the age of 15 years and six months an application for a learner's permit or motorcycle learner's permit, may, subject to the applicant's satisfactory documentation of meeting the requirements of this chapter and successful completion of the written or automated knowledge and vision examinations and, in the case of a motorcycle learner's permit applicant, the automated motorcycle test, issue a permit entitling the applicant, while having the permit in his immediate possession, to drive a motor vehicle or, if the application is made for a motorcycle learner's permit, a motorcycle, on the highways, when accompanied by any licensed driver 21 years of age or older or by his parent or legal guardian, or by a brother, sister, half-brother, half-sister, step-brother, or step-sister 18 years of age or older. The accompanying person shall be (i) alert, able to assist the driver, and actually occupying a seat beside the driver or, for motorcycle instruction, providing immediate supervision from a separate accompanying motor vehicle and (ii) lawfully permitted to operate the motor vehicle or accompanying motorcycle at that time.

The Department shall not, however, issue a learner's permit or motorcycle learner's permit to any minor applicant required to provide evidence of compliance with the compulsory school attendance law set forth in Article 1 (§ 22.1-254 et seq.) of Chapter 14 of Title 22.1, unless such applicant is in good academic standing or, if not in such standing or

submitting evidence thereof, whose parent or guardian, having custody of such minor, provides written authorization for the minor to obtain a learner's permit or motorcycle learner's permit, which written authorization shall be obtained on forms provided by the Department and indicating the Commonwealth's interest in the good academic standing and regular school attendance of such minors. Any minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to provide the certification of good academic standing or any written authorization from his parent or guardian to obtain a learner's permit or motorcycle learner's permit.

Such permit, except a motorcycle learner's permit, shall be valid until the holder thereof either is issued a driver's license as provided for in this chapter or no longer meets the qualifications for issuance of a learner's permit as provided in this section. Motorcycle learner's permits shall be valid for 12 months. When a motorcycle learner's permit expires, the permittee may, upon submission of an application, payment of the application fee, and successful completion of the examinations, be issued another motorcycle learner's permit valid for 12 months.

Any person 25 years of age or older who is eligible to receive an operator's license in Virginia, but who is required, pursuant to § 46.2-324.1, to be issued a learner's permit for 60 days prior to his first behind-the-wheel exam, may be issued such learner's permit even though restrictions on his driving privilege have been ordered by a court. Any such learner's permit shall be subject to the restrictions ordered by the court.

B. No driver's license shall be issued to any such person who is less than 18 years old unless, while holding a learner's permit, he has driven a motor vehicle for at least 45 hours, at least 15 of which were after sunset, as certified by his parent, foster parent, or legal guardian unless the person is married or otherwise emancipated. Such certification shall be on a form provided by the Commissioner and shall contain the following statement:

"It is illegal for anyone to give false information in connection with obtaining a driver's license. This certification is considered part of the driver's license application, and anyone who certifies to a false statement may be prosecuted. I certify that the statements made and the information submitted by me regarding this certification are true and correct."

Such form shall also include the driver's license or Department of Motor Vehicles-issued identification card number of the person making the certification.

C. No learner's permit shall authorize its holder to operate a motor vehicle with more than one passenger who is less than ~~18~~ 21 years old, except when participating in a driver education program approved by the Department of Education or a course offered by a driver training school licensed by the Department. This passenger limitation, however, shall not apply to the *members of the driver's family or household* as defined in subsection B of § 46.2-334.01.

D. No learner's permit shall authorize its holder to operate a motor vehicle between midnight and four o'clock a.m.

E. Except in a driver emergency or when the vehicle is lawfully parked or stopped, no holder of a learner's permit shall operate a motor vehicle on the highways of the Commonwealth while using any cellular telephone or any other wireless telecommunications device, regardless of whether or not such device is handheld. No citation for a violation of this subsection shall be issued unless the officer issuing such citation has cause to stop or arrest the driver of such motor vehicle for the violation of some other provision of this Code or local ordinance relating to the operation, ownership, or maintenance of a motor vehicle or any criminal statute.

~~E. F.~~ A violation of subsection C ~~or~~ D, or E shall not constitute negligence, be considered in mitigation of damages of whatever nature, be admissible in evidence or be the subject of comment by counsel in any action for the recovery of damages arising out of the operation, ownership, or maintenance of a motor vehicle, nor shall anything in this subsection change any existing law, rule, or procedure pertaining to any such civil action.

~~F. G.~~ The provisions of §§ 46.2-323 and 46.2-334 relating to evidence and certification of Virginia residence and, in the case of persons of school age, compliance with the compulsory school attendance law shall apply, *mutatis mutandis*, to applications for learner's permits and motorcycle learner's permits issued under this section.

~~G. H.~~ For persons qualifying for a driver's license through driver education courses approved by the Department of Education or courses offered by driver training schools licensed by the Department, the application for the learner's permit shall be used as the application for the driver's license.

~~H. I.~~ The Department shall charge a fee of \$3 for each learner's permit and motorcycle learner's permit issued under this section. Fees for issuance of learner's permits shall be paid into the driver education fund of the state treasury; fees for issuance of motorcycle learner's permits shall be paid into the state treasury and credited to the Motorcycle Rider Safety Training Program Fund created pursuant to § 46.2-1191. It shall be unlawful for any person, after having received a learner's permit, to drive a motor vehicle without being accompanied by a licensed driver as provided in the foregoing provisions of this section; however, a learner's permit other than a motorcycle learner's permit, accompanied by documentation verifying that the driver is at least 16 years and three months old and has successfully completed an approved driver's education course, signed by the minor's parent, guardian, legal custodian or other person standing in loco parentis, shall constitute a temporary driver's license for the purpose of driving unaccompanied by a licensed driver 18 years of age or older, if all other requirements of this chapter have been met. Such temporary driver's license shall only be valid until the driver has received his permanent license pursuant to § 46.2-336.

~~I. J.~~ Nothing in this section shall be construed to permit the issuance of a learner's permit entitling a person to drive a commercial motor vehicle, except as provided by the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

~~J. K.~~ The following limitations shall apply to operation of motorcycles by all persons holding motorcycle learner's permits:

1. The operator shall wear an approved safety helmet as provided in § 46.2-910.

2. Operation shall be under the immediate supervision of a person licensed to operate a motorcycle who is 21 years of age or older.

3. No person other than the operator shall occupy the motorcycle.

~~K. L.~~ Any violation of this section shall be punishable as a Class 2 misdemeanor.

§ 46.2-335.2. Learner's permits; required before driver's license; minimum holding period.

A. No person under the age of ~~nineteen~~ 18 years shall be eligible to receive a driver's license pursuant to § 46.2-334 unless the Department has previously issued such person a learner's permit pursuant to § 46.2-335 and such person has satisfied the minimum holding period requirements set forth in subsection B, or unless such person is the holder of a valid driver's license from another state and qualifies for a temporary license under subsection E of § 46.2-334 ~~or subsection C of this section.~~

B. ~~Effective July 1, 2002; any~~ Any person under the age of ~~nineteen~~ 18 years issued a learner's permit pursuant to § 46.2-335 shall hold such permit for a minimum period of nine months or until he reaches the age of ~~nineteen~~ 18 years, whichever occurs first.

~~C. Notwithstanding the provisions of subsection D of § 46.2-323, requiring the successful completion of a driver education course approved by the State Department of Education, the Commissioner, on application therefor by a person who is at least eighteen years old but less than nineteen years old, shall issue to the applicant a temporary driver's license valid for six months if he (i) certifies by signing on a form prescribed by the Commissioner that he is a resident of the Commonwealth; (ii) is the holder of a valid driver's license from another state; and (iii) has not been found guilty or otherwise responsible for an offense involving the operation of a motor vehicle. No temporary license issued under this subsection shall be renewed, nor shall a second or subsequent temporary license under this subsection be issued to the same applicant.~~

CHAPTER 489

An Act to amend and reenact § 24.2-659 of the Code of Virginia, relating to voting equipment; locking and sealing of voting and counting machines after election.

[S 315]

Approved March 25, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 24.2-659 of the Code of Virginia is amended and reenacted as follows:

§ 24.2-659. Locking voting and counting machines after election and delivering keys to clerk; printed returns as evidence.

A. If the voting or counting machine is secured by the use of equipment keys, after the officers of election lock and seal each machine, the equipment keys shall be enclosed in an envelope that shall be sealed and have endorsed thereon a certificate of an officer of election stating the election precinct, the number of each machine, the number on the seal, and the number of the protective counter, if one, on the machine. The sealed envelope shall be delivered by one of the officers of the election to the clerk of the circuit court where the election was held. The custodians of the voting equipment shall enclose and seal in an envelope, properly endorsed, all other keys to all voting equipment in their jurisdictions and deliver the envelope to the clerk of the circuit court by noon on the day following the election.

B. If the voting or counting machines are secured by the use of equipment keys or electronic activation devices that are not specific to a particular machine, after the officers of election lock and seal each machine, the equipment keys and electronic activation devices shall be enclosed in an envelope that shall be sealed and have endorsed thereon a certificate of an officer of election stating the election precinct. The sealed envelope shall be delivered by one of the officers of election to the clerk of the circuit court where the election was held.

C. If the voting or counting machine is secured by removal of the data storage device used in that election, the officers shall remove the data storage device and proceed to lock and seal each machine. The data storage device shall be enclosed in an envelope that shall be sealed and have endorsed thereon a certificate of an officer of election stating the election precinct, the number of each machine, the number on the seal, and the number of the protective counter, if one, on the machine. The sealed envelope shall be delivered by one of the officers of election to the clerk of the circuit court where the election was held. The equipment keys used at the polls shall be sealed in a different envelope and delivered to the clerk who shall release them to the electoral board upon request or at the expiration of the time specified by ~~this section~~ *subsection F.*

D. If the voting or counting machine provides for the creation of a separate master electronic back-up on a data storage device that combines the data for all of the voting or counting machines in a given precinct, that data storage device shall be enclosed in an envelope that shall be sealed and have endorsed thereon a certificate of an officer of election stating the name of the precinct. The sealed envelope shall be delivered by one of the officers of election to the clerk of the circuit court where the election was held. The data storage device for the individual machines may remain sealed in its individual machine until the expiration of the time specified by ~~this section~~ *subsection F.* The equipment keys and the electronic activation devices used at the polls shall be sealed together in a separate envelope and delivered to the clerk who shall release them to the electoral board upon request or at the expiration of the time specified by ~~this section~~ *subsection F.*

E. If the voting or counting machine is secured by removal of the data storage device used in that election, and the only record of votes cast for any office or on any question is saved on that data storage device and not on the machine itself, the officers shall remove the data storage device and proceed to lock and seal each machine. Each such machine shall remain locked and sealed until it is returned to the site at which voting and counting machines are stored in the locality. The data storage device shall be enclosed in an envelope that shall be sealed and have endorsed thereon a certificate of an officer of election stating the election precinct, the number of each machine, the number on the seal, and the number of the protective counter, if one, on the machine. The sealed envelope shall be delivered by one of the officers of election to the clerk of the circuit court where the election was held. The equipment keys used at the polls shall be sealed in a different envelope and delivered to the electoral board no later than noon on the day after the election.

F. The voting and counting machines described in subsections A, B, C, and D shall remain locked and sealed until the deadline to request a recount under Chapter 8 (§ 24.2-800 et seq.) has passed and, if any contest or recount is pending thereafter, until it has been concluded. ~~The~~ Such machines and any envelope containing data storage devices shall be opened and all data examined only (i) on the order of a court of competent jurisdiction or (ii) on the request of an authorized representative of the State Board or the electoral board at the direction of the State Board in order to ensure the accuracy of the returns. In the event that machines and data storage devices are examined under clause (ii) of this paragraph, each political party and each independent candidate on the ballot, or each primary candidate, shall be entitled to have a representative present during such examination. The representatives and observers lawfully present shall be prohibited from interfering with the officers of election in any way. The State Board or local electoral board shall provide such parties and candidates reasonable advance notice of the examination.

When recounts occur in precincts using direct recording electronic machines with printed return sheets, the printed return sheets delivered to the clerk may be used as the official evidence of the results.

When the required time has expired, the clerk of the circuit court shall return all voting equipment keys and data storage devices to the electoral board.

~~B. G. No enlargement or amendment of the complaint, except as to form, shall be permitted save by leave of court as provided in Rule 1:8 of the Rules of the Supreme Court of Virginia.

CHAPTER 491

An Act to amend and reenact § 24.2-604 of the Code of Virginia, relating to election day program; permitted activities of participants.

[S 381]

Approved March 25, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 24.2-604 of the Code of Virginia is amended and reenacted as follows:

§ 24.2-604. Prohibited activities at polls; notice of prohibited area; electioneering; presence of representatives of parties or candidates; simulated elections; observers; news media; penalties.

A. During the times the polls are open and ballots are being counted, it shall be unlawful for any person (i) to loiter or congregate within 40 feet of any entrance of any polling place; (ii) within such distance to give, tender, or exhibit any ballot, ticket, or other campaign material to any person or to solicit or in any manner attempt to influence any person in casting his vote; or (iii) to hinder or delay a qualified voter in entering or leaving a polling place.

B. Prior to opening the polls, the officers of election shall post, in the area within 40 feet of any entrance to the polling place, sufficient notices which state "Prohibited Area" in two-inch type. The notices shall also state the provisions of this section in not less than 24-point type. The officers of election shall post the notices within the prohibited area to be visible to voters and the public.

C. The officers of election shall permit one authorized representative of each political party or independent candidate in a general or special election, or one authorized representative of each candidate in a primary election, to remain in the room in which the election is being conducted at all times. A representative may serve part of the day and be replaced by successive representatives. The officers of election shall have discretion to permit up to three authorized representatives of each political party or independent candidate in a general or special election, or up to three authorized representatives of each candidate in a primary election, to remain in the room in which the election is being conducted. The officers shall permit one such representative for each pollbook station. However, no more than one such representative for each pollbook station or three representatives of any political party or independent candidate, whichever number is larger, shall be permitted in the room at any one time. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative shall present to the officers of election a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. If the county or city chairman is unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman. Such statement, bearing the chairman's or candidate's original signature, may be photocopied, and such photocopy shall be as valid as if the copy had been signed. No candidate whose name is printed on the ballot shall serve as a representative of a party or candidate for purposes of this section. Authorized representatives shall be allowed, whether in a regular polling place or central absentee voter precinct, to be close enough to the voter check-in table to be able to hear and see what is occurring; however, such observation shall not violate the secret vote provision of Article II, Section 3 of the Constitution of Virginia or otherwise interfere with the orderly process of the election. Any representative who complains to the chief officer of election that he is unable to hear or see the process may accept the chief officer's decision or, if dissatisfied, he may immediately appeal the decision to the local electoral board. Authorized representatives shall be allowed, whether in a regular polling place or central absentee voter precinct, to use a handheld wireless communications device, but shall not be allowed to use such a device to capture a digital image inside the polling place or central absentee voter precinct. The officers of election may prohibit the use of cellular telephones or other handheld wireless communications devices if such use will result in a violation of subsection A or D or § 24.2-607. Authorized representatives shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place.

D. It shall be unlawful for any authorized representative, voter, or any other person in the room to (i) hinder or delay a qualified voter; (ii) give, tender, or exhibit any ballot, ticket, or other campaign material to any person; (iii) solicit or in any manner attempt to influence any person in casting his vote; (iv) hinder or delay any officer of election; (v) be in a position to see the marked ballot of any other voter; or (vi) otherwise impede the orderly conduct of the election.

E. The officers of election may require any person who is found by a majority of the officers present to be in violation of this section to remain outside of the prohibited area. Any person violating subsection A or D shall be guilty of a Class 1 misdemeanor.

F. This exemption shall not apply to candidates, representatives of candidates, or any other person who approaches or enters the polling place for any purpose other than voting.

A. During the times the polls are open and ballots are being counted, it shall be unlawful for any person (i) to loiter or congregate within 40 feet of any entrance of any polling place; (ii) within such distance to give, tender, or exhibit any ballot, ticket, or other campaign material to any person or to solicit or in any manner attempt to influence any person in casting his vote; or (iii) to hinder or delay a qualified voter in entering or leaving a polling place.

B. Prior to opening the polls, the officers of election shall post, in the area within 40 feet of any entrance to the polling place, sufficient notices which state "Prohibited Area" in two-inch type. The notices shall also state the provisions of this section in not less than 24-point type. The officers of election shall post the notices within the prohibited area to be visible to voters and the public.

C. The officers of election shall permit one authorized representative of each political party or independent candidate in a general or special election, or one authorized representative of each candidate in a primary election, to remain in the room in which the election is being conducted at all times. A representative may serve part of the day and be replaced by successive representatives. The officers of election shall have discretion to permit up to three authorized representatives of each political party or independent candidate in a general or special election, or up to three authorized representatives of each candidate in a primary election, to remain in the room in which the election is being conducted. The officers shall permit one such representative for each pollbook station. However, no more than one such representative for each pollbook station or three representatives of any political party or independent candidate, whichever number is larger, shall be permitted in the room at any one time. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative shall present to the officers of election a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. If the county or city chairman is unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman. Such statement, bearing the chairman's or candidate's original signature, may be photocopied, and such photocopy shall be as valid as if the copy had been signed. No candidate whose name is printed on the ballot shall serve as a representative of a party or candidate for purposes of this section. Authorized representatives shall be allowed, whether in a regular polling place or central absentee voter precinct, to be close enough to the voter check-in table to be able to hear and see what is occurring; however, such observation shall not violate the secret vote provision of Article II, Section 3 of the Constitution of Virginia or otherwise interfere with the orderly process of the election. Any representative who complains to the chief officer of election that he is unable to hear or see the process may accept the chief officer's decision or, if dissatisfied, he may immediately appeal the decision to the local electoral board *or general registrar*. Authorized representatives shall be allowed, whether in a regular polling place or central absentee voter precinct, to use a handheld wireless communications device, but shall not be allowed to use such a device to capture a digital image inside the polling place or central absentee voter precinct. The officers of election may prohibit the use of cellular telephones or other handheld wireless communications devices if such use will result in a violation of subsection A or D or § 24.2-607. Authorized representatives shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place.

D. It shall be unlawful for any authorized representative, voter, or any other person in the room to (i) hinder or delay a qualified voter; (ii) give, tender, or exhibit any ballot, ticket, or other campaign material to any person; (iii) solicit or in any manner attempt to influence any person in casting his vote; (iv) hinder or delay any officer of election; (v) be in a position to see the marked ballot of any other voter; or (vi) otherwise impede the orderly conduct of the election.

E. The officers of election may require any person who is found by a majority of the officers present to be in violation of this section to remain outside of the prohibited area. Any person violating subsection A or D shall be guilty of a Class 1 misdemeanor.

F. This section shall not be construed to prohibit a candidate from entering any polling place on the day of the election to vote, or to visit a polling place for no longer than 10 minutes per polling place per election day, provided that he complies with the restrictions stated in subsections A, D, and K.

G. This section shall not be construed to prohibit a minor from entering a polling place on the day of the election to vote in a simulated election at that polling place, provided that the local electoral board *or general registrar* has determined that such polling place can accommodate simulated election activities without interference or substantial delay in the orderly conduct of the official voting process. Persons supervising or working in a simulated election in which minors vote may remain within such polling place. The local electoral board *or general registrar* and the chief officer for the polling place shall exercise authority over, but shall have no responsibility for the administration of, simulated election related activities at the polling place.

H. ~~A~~ The local electoral board, ~~and~~ *or* its general registrar, may conduct a special election day program for high school students, ~~selected by the electoral board in cooperation with high school authorities~~, in one or more polling places designated by the electoral board *or the general registrar*, other than a central absentee voter precinct. *Such students shall be selected by the electoral board or the general registrar in cooperation with high school authorities.* The program shall be designed to stimulate the students' interest in elections and registering to vote, provide assistance to the officers of election, and ensure the safe entry and exit of elderly and disabled voters from the polling place. Each student shall take and sign an oath as an election page, serve under the direct supervision of the chief officer of election of his assigned polling place, and observe strict impartiality at all times. Election pages may observe the electoral process and seek information from the chief officer of election, but shall not handle or touch ballots, voting machines, or any other official election materials, or enter any voting booth.

I. A local electoral board *or general registrar* may authorize in writing the presence of additional neutral observers as ~~it deems~~ *may be deemed* appropriate, except as otherwise prohibited or limited by this section. Such observers shall comply with the restrictions in subsections A and D and shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place.

J. The officers of election shall permit representatives of the news media to visit and film or photograph inside the polling place for a reasonable and limited period of time while the polls are open. However, the media (i) shall comply with the restrictions in subsections A and D; (ii) shall not film or photograph any person who specifically asks the media representative at that time that he not be filmed or photographed; (iii) shall not film or photograph the voter or the ballot in such a way that divulges how any individual voter is voting; and (iv) shall not film or photograph the voter list or any other voter record or material at the precinct in such a way that it divulges the name or other information concerning any individual voter. Any interviews with voters, candidates or other persons, live broadcasts, or taping of reporters' remarks, shall be conducted outside of the polling place and the prohibited area. The officers of election may require any person who is found by a majority of the officers present to be in violation of this subsection to leave the polling place and the prohibited area.

K. The provisions of subsections A and D shall not be construed to prohibit a person who approaches or enters the polling place for the purpose of voting from wearing a shirt, hat, or other apparel on which a candidate's name or a political slogan appears or from having a sticker or button attached to his apparel on which a candidate's name or a political slogan appears. This exemption shall not apply to candidates, representatives of candidates, or any other person who approaches or enters the polling place for any purpose other than voting.

§ 24.2-604.1. Signs for special entrances to polling places.

The electoral board *or the general registrar* shall provide and have posted outside each polling place appropriate signs to direct people with disabilities and elderly persons to any special entrance designed for their use.

§ 24.2-609. Voting booths.

Each electoral board *or general registrar* shall provide at each polling place in ~~its~~ *the* county or city one or more voting booths. At least one booth shall be an enclosure which permits the voter to vote by printed ballot in secret and is equipped with a writing surface, operative writing implements, and adequate lighting. Enclosures for voting equipment shall provide for voting in secret and be adequately lighted. "Voting booth" includes enclosures for voting printed ballots and for voting equipment.

§ 24.2-610. Materials at polling places.

A. The State Board shall provide copies of this title to each ~~member of the electoral board~~ *boards* and to each ~~general registrar~~ *general registrar* for each precinct in ~~its~~ *the* county or city. The data elements printed or otherwise provided for each voter on the pollbooks shall be uniform throughout the Commonwealth.

C. The electoral board, general registrar, and officers of election shall comply with the requirements of this title and the instructions of the State Board to ensure that the pollbooks, ballots, voting equipment keys, and other materials and supplies

required to conduct the election are delivered to the polling place before 6:00 a.m. on the day of the election and delivered to the proper official following the election.

§ 24.2-612. List of offices and candidates filed with Department of Elections and checked for accuracy; when ballots printed; number required.

Immediately after the expiration of the time provided by law for a candidate for any office to qualify to have his name printed on the official ballot and prior to printing the ballots for an election, each ~~electoral board~~ *general registrar* shall forward to the Department of Elections a list of the county, city, or town offices to be filled at the election and the names of all candidates who have filed for each office. In addition, each ~~electoral board~~ *general registrar* shall forward the name of any candidate who failed to qualify with the reason for his disqualification. On that same day, the ~~electoral board~~ *general registrar* shall also provide a copy of the notice to each disqualified candidate. The notice shall be sent by email or regular mail to the address on the candidate's certificate of candidate qualification, and such notice shall be deemed sufficient. The Department of Elections shall promptly advise the ~~electoral board~~ *general registrar* of the accuracy of the list. The failure of any ~~electoral board~~ *general registrar* to send the list to the Department of Elections for verification shall not invalidate any election.

Each ~~electoral board~~ *general registrar* shall have printed the number of ballots ~~it~~ *he* determines will be sufficient to conduct the election. *Such determination shall be subject to the approval by the electoral board.*

Notwithstanding any other provisions of this title, the Department of Elections may print or otherwise provide one statewide paper ballot style for each paper ballot style in use for presidential and vice-presidential electors for use only by persons eligible to vote for those offices only under § 24.2-402 or only for federal elections under § 24.2-453. The Department of Elections may apportion or authorize the printer or vendor to apportion the costs for these ballots among the localities based on the number of ballots ordered. Any printer employed by the Department of Elections shall execute the statement required by § 24.2-616. The Department of Elections shall designate a representative to be present at the printing of such ballots and deliver them to the appropriate ~~electoral boards~~ *general registrars* pursuant to § 24.2-617. In the case of a special election, excluding for federal offices, if time is insufficient to meet the applicable deadline established herein, then the ~~electoral board~~ *general registrar* shall make printed ballots available as soon after the deadline as possible. For the purposes of this chapter, making printed ballots available includes mailing of such ballots or electronic transmission of such ballots pursuant to § 24.2-706 to a qualified absentee voter who is eligible for an absentee ballot under subdivision 2 of § 24.2-700. Not later than five days after absentee ballots are made available, each ~~electoral board~~ *general registrar* shall report to the Department of Elections, in writing on a form approved by the Department of Elections, whether ~~it~~ *he* has complied with the applicable deadline.

Only the names of candidates for offices to be voted on in a particular election district shall be printed on the ballots for that election district.

The ~~electoral boards~~ *general registrar* shall send to the Department of Elections a statement of the number of ballots ordered to be printed, proofs of each printed ballot for verification, and copies of each final ballot. If the Department of Elections finds that, in its opinion, the number of ballots ordered to be printed by any ~~local electoral board~~ *general registrar* is not sufficient, it may direct the ~~local board~~ *general registrar* to order the printing of a reasonable number of additional ballots.

§ 24.2-614. Preparation and form of presidential election ballots.

As soon as practicable after the seventy-fourth day before the presidential election, the State Board shall certify to the ~~secretary~~ *general registrar* of each county and city ~~electoral board~~ the form of official ballot for the presidential election which shall be uniform throughout the Commonwealth. Each ~~electoral board~~ *general registrar* shall have the official ballot printed at least ~~forty-five~~ 45 days preceding the election.

The ballot shall contain the name of each political party and the party group name, if any, specified by the persons naming electors by petition pursuant to § 24.2-543. Below the party name in parentheses, the ballot shall contain the words "Electors for _____, President and _____, Vice President" with the blanks filled in with the names of the candidates for President and Vice President for whom the candidates for electors are expected to vote in the Electoral College. A printed square shall precede the name of each political party or party designation.

Groups of petitioners qualifying for a party name under § 24.2-543 shall be treated as a class; the order of the groups shall be determined by lot by the State Board; and the groups shall immediately precede the independent class on the ballot. The names of the candidates within the independent class shall be listed alphabetically.

§ 24.2-616. Duties of printer; statement; penalty.

The printer contracting with or employed by the electoral board *or general registrar* to print the ballots shall sign a statement before the work is commenced agreeing, subject to felony penalties for making false statements pursuant to § 24.2-1016, that he will print the number of ballots requested by the electoral board *or the general registrar* in accordance with ~~its~~ *the instructions given by the electoral board or the general registrar*; that he will print, and permit to be printed, directly or indirectly, no more than that number; that he will at once destroy all imperfect and perfect impressions other than

For the discharge of this duty the person, other than a board member, shall receive at least ~~twenty dollars~~ \$20 per day.

As soon as the ballots are printed they shall be securely wrapped and sealed, and the designated person shall assure their delivery to the ~~electoral board~~ *general registrar*, allowing no one to examine them until delivery.

The designated person shall sign a statement, subject to felony penalties for making false statements pursuant to § 24.2-1016, that he has faithfully performed his duties, that the printer has complied with the requirements of law, and that only the requested number of ballots have been printed and are being delivered to the ~~electoral board~~ *general registrar*.

His statement shall be filed with the minutes of the board. For his services in causing the seal to be affixed to the ballots, the person designated, other than a board member or *general registrar*, shall receive at least ~~twenty dollars~~ \$20 per day.

Any person, ~~other than the secretary of the board,~~ designated to attend to the stamping of affix the seal to the ballots, shall return the seal to the secretary as soon as the stamping of affixing of the seal to the ballots is completed.

Every person taking part in affixing the seal to the ballots or in placing the ballots in packages shall give his statement, subject to felony penalties for making false statements pursuant to § 24.2-1016, that he has faithfully performed his duties and that he will not divulge to anyone the contents of the ballots or any part thereof. C. The local electoral board of any county or city shall be authorized to conduct any May general election, primary election, or special election held on a date other than a November general election with the number of voting or counting machines ~~it determines~~ *is determined by the board and the general registrar to be* appropriate for each precinct, notwithstanding the provisions of subsections A and B.

D. The board member or *assistant* registrar serving as custodian shall be fully competent, thoroughly instructed, and sworn to perform his duties honestly and faithfully, and for such purpose shall be appointed and instructed at least 30 days before each election. Whenever the presence of an electoral board member *or general registrar* and custodian is required by the provisions of this title, the same person shall not serve in both capacities.

§ 24.2-633. Notice of final testing of voting system; sealing equipment.

Before the final testing of voting or counting machines for any election, the ~~electoral board~~ *general registrar* shall mail written notice (i) to the chairman of the local committee of each political party, or (ii) in a primary election, to the chairman of the local committee of the political party holding the primary, or (iii) in a city or town council election in which no candidate is a party nominee and which is held when no other election having party nominees is being conducted, to the candidates.

The notice shall state the time and place where the machine will be tested and state that the political party or candidate receiving the notice may have one representative present while the equipment is tested.

At the time stated in the notice, the representatives, if present, shall be afforded an opportunity to see that the equipment is in proper condition for use at the election. When a machine has been so examined by the representatives, it shall be sealed with a numbered seal in their presence, or if the machine cannot be sealed with a numbered seal, it shall be

locked with a key. The representatives shall certify for each machine the number registered on the protective counter and the number on the seal. When no party or candidate representative is present, the custodian shall seal the machine as prescribed in this section in the presence of a member of the electoral board ~~or its representative~~, *the general registrar, or a designee of the electoral board or general registrar.*

§ 24.2-634. Locking and securing after preparation.

When voting equipment has been properly prepared for an election, it shall be locked against voting and sealed, or if a voting or counting machine cannot be sealed with a numbered seal, it shall be locked with a key. The equipment keys and any electronic activation devices shall be retained in the custody of the ~~electoral board~~ *general registrar* and delivered to the officers of election as provided in § 24.2-639. After the voting equipment has been delivered to the polling places, the ~~electoral board~~ *general registrar* shall provide ample protection against tampering with or damage to the equipment.

§ 24.2-635. Demonstration of equipment.

In each county, city, or town in which voting or counting equipment is to be used, the electoral board *or general registrar* may designate times and places for the exhibition of equipment containing sample ballots, showing the title of offices to be filled, and, so far as practicable, the names of the candidates to be voted for at the next election for the purpose of informing voters who request instruction on the use of the equipment. No equipment shall be used for such instruction after being prepared and sealed for use in any election. During exhibitions, the counting mechanism, if any, of the equipment may be concealed from view.

§ 24.2-636. Instruction as to use of equipment.

No fewer than three nor more than ~~thirty~~ 30 days before each election, the electoral board *or general registrar* shall instruct, or cause to be instructed, on the use of the equipment and his duties in connection therewith, each officer of election appointed to serve in the election who has not previously been so instructed. The board *or the general registrar* shall not permit any person to serve as an officer who is not fully trained to conduct an election properly with the equipment. This section shall not be construed to prevent the appointment of a person as an officer of election to fill a vacancy in an emergency.

§ 24.2-637. Furniture and equipment to be at polling places.

Before the time to open the polls, each electoral board shall ~~have~~ *ensure that the general registrar has* the voting and counting equipment and all necessary furniture and materials at the polling places, with counters on the voting or counting devices set at zero (000), and otherwise in good and proper order for use at the election.

The ~~board~~ *general registrar* shall have the custody of such equipment, furniture, and materials when not in use at an election and shall maintain the equipment in accurate working order and in proper repair.

During the election, the exterior of the voting equipment and every part of the polling place shall be in plain view of the officers of election.

No voting or counting machines shall be removed from the plain view of the officers of election or from the polling place at any time during the election and through the determination of the vote as provided in § 24.2-657. However, an electronic voting machine that is so constructed as to be easily portable may be taken outside the polling place pursuant to subsection A of § 24.2-649 and to assist a voter age 65 or older or physically disabled so long as: (i) the voting machine remains in the plain view of two officers of election representing two political parties or, in a primary election, two officers of election representing the party conducting the primary, provided that if the use of two officers for this purpose would result in too few officers remaining in the polling place to meet legal requirements, the machine shall remain in plain view of one officer who shall be either the chief officer or the assistant chief officer; (ii) the voter casts his ballot in a secret manner unless the voter requests assistance pursuant to § 24.2-649; and (iii) there remain sufficient officers of election in the polling place to meet legal requirements. After the voter has completed voting his ballot, the officer or officers shall immediately return the voting machine to its assigned location inside the polling place. The machine number, the time that the machine was removed and the time that it was returned, the number on the machine's public counter before the machine was removed and the number on the same counter when it was returned, the names of the voters who used the machine while it was removed provided that secrecy of the ballot is maintained in accordance with guidance from the State Board, and the name or names of the officer or officers who accompanied the machine shall be recorded on the statement of results. If a polling place fails to record the information required in the previous sentence, or it is later proven that the information recorded was intentionally falsified, the local electoral board *or general registrar* shall dismiss at a minimum the chief officer or the assistant chief officer, or both, as appropriate, and shall dismiss any other officer of election who is shown to have caused the failure to record the required information intentionally or by gross negligence or to have intentionally falsified the information. The dismissed officers shall not be allowed thereafter to serve as an officer or other election official anywhere in the Commonwealth. In the case of an emergency that makes a polling place unusable or inaccessible, voting or counting machines may be removed to an alternative polling place pursuant to the provisions of subsection D of § 24.2-310.

The equipment shall be placed at least four feet from any table where an officer of election is working or seated. The officers of election shall not themselves be, or permit any other person to be, in any position or near any position that will permit them to observe how a voter votes or has voted.

One of the officers shall inspect the face of the voting machine after each voter has cast his vote and verify that the ballots on the face of the machine are in their proper places and that the machine has not been damaged. During an election, the door or other covering of the counter compartment of the voting or counting machine shall not be unlocked or open or the counters exposed except for good and sufficient reasons, a statement of which shall be made and signed by the officers of election and attached to the statement of results. No person shall be permitted in or about the polling place except the voting equipment custodian, vendor, or contractor technicians and other persons authorized by this title.

§ 24.2-639. Duties of officers of election.

The officers of election of each precinct at which voting or counting machines are used shall meet at the polling place by 5:15 a.m. on the day of the election and arrange the equipment, furniture, and other materials for the conduct of the election. The officers of election shall verify that all required equipment, ballots, and other materials have been delivered to them for the election. The officers shall post at least two instruction cards for direct recording electronic machines conspicuously within the polling place.

The keys to the equipment and any electronic activation devices that are required for the operation of electronic voting equipment shall be delivered, prior to the opening of the polls, to the officer of election designated by the electoral board *or general registrar* in a sealed envelope on which has been written or printed the name of the precinct for which it is intended. The envelope containing the keys and any electronic activation devices shall not be opened until all of the officers of election for the precinct are present at the polling place and have examined the envelope to see that it has not been opened. The equipment shall remain locked against voting until the polls are formally opened and shall not be operated except by voters in voting.

Before opening the polls, each officer shall examine the equipment and see that no vote has been cast and that the counters register zero. The officers shall conduct their examination in the presence of the following party and candidate representatives: one authorized representative of each political party or independent candidate in a general or special election, or one authorized representative of each candidate in a primary election, if such representatives are available. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative, who is not himself a candidate or party chairman, shall present to the officers of election a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. If the county or city chairman is unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman. Such statement, bearing the chairman's or candidate's original signature, may be photocopied and such photocopy shall be as valid as if the copy had been signed.

If any counter, other than a protective or private counter, on a ballot scanner or direct recording electronic machine is found not to register zero, the officers of election shall immediately notify the ~~electoral board~~ *general registrar*, who shall, if possible, substitute a machine in good working order; that has been prepared and tested pursuant to § 24.2-634. No ballot scanner or direct recording electronic machine shall be used if any counter, other than a protective or private counter, is found not to register zero.

§ 24.2-641. Sample ballot.

The electoral board *or general registrar* shall provide for each precinct in which any voting or counting machines are used, two sample ballots, which shall be arranged as a diagram of the front of the voting or counting machine as it will appear with the official ballot for voting on election day. Such sample ballots shall be posted for public inspection at each polling place during the day of election.

§ 24.2-642. Inoperative equipment.

A. When any voting or counting machine becomes inoperative in whole or in part while the polls are open, the officers of election shall immediately notify the electoral board *or general registrar*. If possible, the electoral board *or general registrar* shall dispatch a qualified technician to the polling place to repair the inoperative machine. All repairs shall be made in the presence of two officers of election representing the two political parties or, in the case of a primary election for only one party, two officers representing that party. If the machine cannot be repaired on site, the ~~electoral board~~ *general registrar* shall, if possible, substitute a machine in good order for the inoperative machine and at the close of the polls the record of both machines shall be taken and the votes shown on their counters shall be added together in ascertaining the results of the election.

No voting or counting machines, including inoperative machines, shall be removed from the plain view of the officers of election or from the polling place at any time during the election and through the determination of the vote as provided in § 24.2-657 except as explicitly provided pursuant to the provisions of this title.

No voting or counting machine that has become inoperative and contains votes may be removed from the polling place while the polls are open and votes are being ascertained. If the officers of election are unable to ascertain the results from the inoperative machine after the polls close in order to add its results to the results from the other machines in that precinct, the officers of election shall lock and seal the machine without removing the memory card, cartridge, or data storage medium and deliver the machine to either the clerk of court or registrar's office as provided for in § 24.2-659. On the day following the election, the electoral board shall meet and ascertain the results from the inoperative machine in accordance with the procedures prescribed by the machine's manufacturer and add the results to the results for the precinct to which the machine was assigned.

Nothing in this subsection shall prohibit the removal of an inoperative machine from a precinct prior to the opening of the polls or the first vote being cast on that machine. Any machine so removed shall be placed in the custody of an authorized custodian, technician, *general registrar*, or electoral board representative. If the inoperative machine can be repaired, it shall be retested and resealed pursuant to § 24.2-634 and may be returned to the precinct by an authorized custodian, technician, *general registrar*, or electoral board representative. The officers of election shall then open the machine pursuant to § 24.2-639.

B. In any precinct that uses a ballot that can be read without the use of the ballot scanner machine, if the ballot scanner machine becomes inoperative and there is no other available scanner, the uncounted ballots shall be placed in a ballot container or compartment that is used exclusively for uncounted ballots. If an operative scanner is available in the polling place after the polls have closed, such uncounted ballots shall be removed from the container and fed into the scanner, one at a time, by an officer of election in the presence of all persons who may be lawfully present at that time but before the votes are determined pursuant to § 24.2-657. If such a scanner is not available, the ballots may be counted manually or as directed by the electoral board.

C. An officer of election may have copies of the official paper ballot reprinted or reproduced by photographic, electronic, or mechanical processes for use at the election if (i) the inoperative machine cannot be repaired in time to continue using it at the election, (ii) a substitute machine is needed to conduct the election but is not available for use, (iii) the supply of official printed ballots that can be cast without use of the inoperative machine is not adequate, and (iv) the local electoral board approves the reprinting or reproducing of the official paper ballot. The voted ballot copies may be received by the officers of election and placed in the ballot container and counted with the votes registered on the voting or counting machines, and the result shall be declared the same as though no machine has been inoperative. The voted ballot copies shall be deemed official ballots for the purpose of § 24.2-665 and preserved and returned with the statement of results and with a certificate setting forth how and why the same were voted. The officer of election who had the ballot copies made shall provide a written statement of the number of copies made, signed by him and subject to felony penalties for making false statements pursuant to § 24.2-1016, to be preserved with the unused ballot copies.

§ 24.2-647. Voting systems; demonstration on election day.

The ~~electoral board~~ *general registrar* shall provide at each polling place on election day, for the voting system in use, a model of or materials displaying a portion of its ballot face. The model or materials shall be located on the table of one of the officers or in some other place accessible to the voters. An officer of election shall instruct any voter who requests instruction before voting on the proper manner of voting. The officer may direct the voter's attention to sample ballots so that the voter may become familiar with the location of questions and names of offices and candidates.

For ballot scanner machines, an officer of election, using a demonstration ballot and machine, shall show each voter who requests, immediately on entry to the polling place, the manner in which the ballot is to be voted.

If any voter, after entering the voting booth, asks for further instructions concerning the manner of voting, two of the officers from different political parties shall give such instructions to him, but no officer shall in any manner request or seek to persuade or induce any such voter to vote for or against any particular ticket, candidate, or question. After giving such instructions and before the voter votes, the officers shall leave the voting booth, and the voter shall cast his ballot in secret.

§ 24.2-659. Locking voting and counting machines after election and delivering keys to clerk; printed returns as evidence.

A. If the voting or counting machine is secured by the use of equipment keys, after the officers of election lock and seal each machine, the equipment keys shall be enclosed in an envelope that shall be sealed and have endorsed thereon a certificate of an officer of election stating the election precinct, the number of each machine, the number on the seal, and the number of the protective counter, if one, on the machine. The sealed envelope shall be delivered by one of the officers of the election to the clerk of the circuit court where the election was held. The custodians of the voting equipment shall enclose and seal in an envelope, properly endorsed, all other keys to all voting equipment in their jurisdictions and deliver the envelope to the clerk of the circuit court by noon on the day following the election. If the voting or counting machines are secured by the use of equipment keys or electronic activation devices that are not specific to a particular machine, after the officers of election lock and seal each machine, the equipment keys and electronic activation devices shall be enclosed in an envelope that shall be sealed and have endorsed thereon a certificate of an officer of election stating the election precinct. The sealed envelope shall be delivered by one of the officers of election to the clerk of the circuit court where the election was held.

If the voting or counting machine is secured by removal of the data storage device used in that election, the officers shall remove the data storage device and proceed to lock and seal each machine. The data storage device shall be enclosed in an envelope that shall be sealed and have endorsed thereon a certificate of an officer of election stating the election precinct, the number of each machine, the number on the seal, and the number of the protective counter, if one, on the machine. The sealed envelope shall be delivered by one of the officers of election to the clerk of the circuit court where the election was held. The equipment keys used at the polls shall be sealed in a different envelope and delivered to the clerk who shall release them to the ~~electoral board~~ *general registrar* upon request or at the expiration of the time specified by this section.

If the voting or counting machine provides for the creation of a separate master electronic back-up on a data storage device that combines the data for all of the voting or counting machines in a given precinct, that data storage device shall be enclosed in an envelope that shall be sealed and have endorsed thereon a certificate of an officer of election stating the name

of the precinct. The sealed envelope shall be delivered by one of the officers of election to the clerk of the circuit court where the election was held. The data storage device for the individual machines may remain sealed in its individual machine until the expiration of the time specified by this section. The equipment keys and the electronic activation devices used at the polls shall be sealed together in a separate envelope and delivered to the clerk who shall release them to the ~~electoral board~~ *general registrar* upon request or at the expiration of the time specified by this section.

The voting and counting machines shall remain locked and sealed until the deadline to request a recount under Chapter 8 (§ 24.2-800 et seq.) has passed and, if any contest or recount is pending thereafter, until it has been concluded. The machines shall be opened and all data examined only (i) on the order of a court of competent jurisdiction or (ii) on the request of an authorized representative of the State Board, or the electoral board *or general registrar* at the direction of the State Board, in order to ensure the accuracy of the returns. In the event that machines are examined under clause (ii) of this paragraph, each political party and each independent candidate on the ballot, or each primary candidate, shall be entitled to have a representative present during such examination. The representatives and observers lawfully present shall be prohibited from interfering with the officers of election in any way. The State Board ~~or~~ local electoral board, *or general registrar* shall provide such parties and candidates reasonable advance notice of the examination.

When recounts occur in precincts using direct recording electronic machines with printed return sheets, the printed return sheets delivered to the clerk may be used as the official evidence of the results.

When the required time has expired, the clerk of the circuit court shall return all voting equipment keys to the ~~electoral board~~ *general registrar*.

B. The local electoral board *or general registrar* may direct that the officers of election and custodians, in lieu of conveying the sealed equipment keys to the clerk of the circuit court as provided in subsection A, shall convey them to the principal office of the general registrar on the night of the election. The general registrar shall secure and retain the sealed equipment keys and any other electronic locking or activation devices in his office and shall convey them to the clerk of the court by noon of the day following the ascertainment of the results of the election by the electoral board.

§ 24.2-668. Pollbooks, statements of results, and ballots to be sealed and delivered to clerk or general registrar.

A. After ascertaining the results and before adjourning, the officers shall put the pollbooks, the duplicate statements of results, and any printed inspection and return sheets in the envelopes provided by the State Board. The officers shall seal the envelopes and direct them to the clerk of the circuit court for the county or city. The pollbooks, statements, and sheets thus sealed and directed, the sealed counted ballots envelope or container, and the unused, defaced, spoiled and set aside ballots properly accounted for, packaged and sealed, shall be conveyed by one of the officers to be determined by lot, if they cannot otherwise agree, to the clerk of court by noon on the day following the election.

The clerk shall retain custody of the pollbooks, paper ballots, and other elections materials until the time has expired for initiating a recount, contest, or other proceeding in which the pollbooks, paper ballots, and other elections materials may be needed as evidence and there is no proceeding pending. The clerk shall (i) secure all pollbooks, paper ballots and other election materials in sealed boxes; (ii) place all of the sealed boxes in a vault or room not open to the public or to anyone other than the clerk and his staff; (iii) cause such vault or room to be securely locked except when access is necessary for the clerk and his staff; and (iv) upon the initiation of a recount, certify that these security measures have been taken in whatever form is deemed appropriate by the chief judge.

After that time the clerk shall deliver the pollbooks to the general registrar who shall return the pollbooks or transfer a copy of the electronic data to the State Board as directed by § 24.2-114 for voting credit purposes. After the pollbooks are returned by the State Board, the general registrar shall retain the pollbooks in his principal office for two years from the date of the election. The clerk shall retain the statement of results and any printed inspection and return sheets for two years and may then destroy them.

B. The local electoral board *or general registrar* may direct that the officers of election, in lieu of conveying the materials to the clerk of the circuit court as provided in subsection A ~~of this section~~, shall convey the materials to the principal office of the general registrar on the night of the election or the morning following the election as the board directs. The general registrar shall secure and retain the materials in his office and shall convey to the clerk of the court, by noon of the day following the ascertainment of the results of the election by the electoral board, all of the election materials. The general registrar shall retain for public inspection one copy of the statement of results.

C. If an electronic pollbook is used, the data disc or cartridge containing the electronic records of the election, or, alternately, a printed copy of the pollbook records of those who voted, shall be transmitted, sealed and retained as required by this section, and otherwise treated as the pollbook for that election for all purposes subsequent to the election. Nothing in this title shall be construed to require that the equipment or software used to produce the electronic pollbook be sealed or retained along with the pollbook, provided that the records for the election have been transferred or printed according to the instructions of the State Board.

§ 24.2-683. Writ for special election to fill a vacancy.

Whenever the Governor, Speaker of the House, President pro tempore of the Senate, or either house of the General Assembly orders a special election, he, or the person designated to act for the house, shall issue a writ of election designating the office to be filled at the election and the time to hold the election. He shall transmit the writ to the secretary of the electoral board *and the general registrar* of each county or city in which the election is to be held. Each ~~secretary~~ *general registrar* shall post a copy of the writ on the official website for the county or city or at not less than 10 public places or have notice of the election published once in a newspaper of general circulation in his jurisdiction at least 10 days

before the election. If the special election is held in more than one county or city, the ~~secretaries~~ *general registrars* may act jointly to have the notice published once before the election in the affected jurisdictions.

Whenever a special election is ordered to fill a vacancy otherwise than under the preceding paragraph, the officer ordering the election shall issue his writ of election at the time the vacancy occurs, designating the office to be filled at the election and the time and place to hold the election. He shall direct and transmit the writ to the secretary of the electoral board *and the general registrar* of each county or city in which the election is to be held. The ~~secretary~~ *general registrar*, or ~~secretaries~~ *general registrars* if the election will be held in more than one county or city, shall proceed to cause public notice to be given of the election in the same manner as is required in the preceding paragraph.

A copy of any order calling a special election to fill a vacancy shall be sent immediately to the State Board.

§ 24.2-684. How referendum elections called and held, and the results ascertained and certified.

Notwithstanding any other provision of any law or charter to the contrary, the provisions of this section shall govern all referenda.

No referendum shall be placed on the ballot unless specifically authorized by statute or by charter.

Whenever any question is to be submitted to the voters of any county, city, town, or other local subdivision, the referendum shall in every case be held pursuant to a court order as provided in this section. The court order calling a referendum shall state the question to appear on the ballot in plain English as that term is defined in § 24.2-687. The order shall be entered and the election held within a reasonable period of time subsequent to the receipt of the request for the referendum if the request is found to be in proper order. The court order shall set the date for the referendum in conformity with the requirements of § 24.2-682.

A copy of the court order calling a referendum shall be sent immediately to the State Board by the clerk of the court in which the order was issued.

The ballot shall be prepared by the appropriate ~~electoral board~~ *general registrar* and distributed to the appropriate precincts. On the day fixed for the referendum, the regular election officers shall open the polls and take the sense of the qualified voters of the county, city, town, or other local subdivision, as the case may be, on the question so submitted. The ballots for use at any such election shall be printed to state the question as follows:

"(Here state briefly the question submitted)

Yes

No"

The ballots shall be printed, marked, and counted and returns made and canvassed as in other elections. The results shall be certified by the secretary of the appropriate electoral board to the State Board, to the court ordering the election, and to such other authority as may be proper to accomplish the purpose of the election.

§ 24.2-712. Central absentee voter precincts; counting ballots.

A. Notwithstanding any other provision of law, the governing body of each county or city may establish one or more central absentee voter precincts in the courthouse or other public buildings for the purpose of receiving, counting, and recording absentee ballots cast in the county or city. The decision to establish any absentee voter precinct shall be made by the governing body by ordinance; the ordinance shall state for which elections the precinct shall be used. The decision to abolish any absentee voter precinct shall be made by the governing body by ordinance. Immediate notification of either decision shall be sent to the Department of Elections and the electoral board.

B. Each central absentee voter precinct shall have at least three officers of election as provided for other precincts. The number of officers shall be determined by the electoral board *and general registrar*.

C. If any voter brings an unmarked ballot to the central absentee voter precinct on the day of the election, he shall be allowed to vote it. If any voter brings an unmarked ballot to the general registrar on or before the day of the election, he shall be allowed to vote it, and his ballot shall be delivered to the absentee voter precinct pursuant to § 24.2-710.

The officers at the absentee voter precinct shall determine any appeal by any other voter whose name appears on the absentee voter applicant list and who offers to vote in person. If the officers at the absentee voter precinct produce records showing the receipt of his application and the certificate or other evidence of mailing for the ballot, they shall deny his appeal. If the officers cannot produce such records, the voter shall be allowed to vote in person at the absentee voter precinct and have his vote counted with other absentee votes. If the voter's appeal is denied, the provisions of § 24.2-708 shall be applicable, and the officers shall advise the voter that he may vote on presentation of a statement signed by him that he has not received an absentee ballot and subject to felony penalties for making false statements pursuant to § 24.2-1016.

D. Absentee ballots may be processed as required by § 24.2-711 by the officers of election at the central absentee voter precinct prior to the closing of the polls but the ballot container shall not be opened and the counting of ballots shall not begin prior to that time. In the case of machine-readable ballots, the ballot container may be opened and the absentee ballots may be inserted in the counting machines prior to the closing of the polls in accordance with procedures prescribed by the Department of Elections, including procedures to preserve ballot secrecy, but no ballot count totals shall be initiated prior to that time.

As soon as the polls are closed in the county or city the officers of election at the central absentee voter precinct shall proceed promptly to ascertain and record the vote given by absentee ballot and report the results in the manner provided for counting and reporting ballots generally in Article 4 (§ 24.2-643 et seq.) of Chapter 6.

E. The electoral board *or general registrar* may provide that the officers of election for a central absentee voter precinct may be assigned to work all or a portion of the time that the precinct is open on election day subject to the following conditions:

1. The chief officer and the assistant chief officer, appointed pursuant to § 24.2-115 to represent the two political parties, are on duty at all times; and

2. No officer, political party representative, or other candidate representative shall leave the precinct after any ballots have been counted until the polls are closed and the count for the precinct is completed and reported.

F. The general registrar may provide that the central absentee voter precinct will open after 6:00 a.m. on the day of the election provided that the office of the general registrar will be open for the receipt of absentee ballots until the central absentee voter precinct is open and that the officers of election for the central absentee voter precinct obtain the absentee ballots returned to the general registrar's office for the purpose of counting the absentee ballots at the central absentee voter precinct and provided further that the central absentee voter precinct is the same location as the office of the general registrar.

CHAPTER 493

An Act to amend and reenact § 24.2-613 of the Code of Virginia, relating to form of ballot; order of candidates for school board.

[S 664]

Approved March 25, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 24.2-613 of the Code of Virginia is amended and reenacted as follows:

§ 24.2-613. Form of ballot.

A. The ballots shall comply with the requirements of this title and the standards prescribed by the State Board.

B. For elections for federal, statewide, and General Assembly offices only, each candidate who has been nominated by a political party or in a primary election shall be identified by the name of his political party. Independent candidates shall be identified by the term "Independent." For the purpose of this section, any Independent candidate may, by producing sufficient and appropriate evidence of nomination by a "recognized political party" to the State Board, have the term "Independent" on the ballot converted to that of a "recognized political party" on the ballot and be treated on the ballot in a manner consistent with the candidates nominated by political parties. For the purpose of this section, a "recognized political party" is defined as an organization that, for at least six months preceding the filing of its nominee for the office, has had in continual existence a state central committee composed of registered voters residing in each congressional district of the Commonwealth, a party plan and bylaws, and a duly elected state chairman and secretary. A letter from the state chairman of a recognized political party certifying that a candidate is the nominee of that party and also signed by such candidate accepting that nomination shall constitute sufficient and appropriate evidence of nomination by a recognized political party. The name of the political party, the name of the "recognized political party," or term "Independent" may be shown by an initial or abbreviation to meet ballot requirements.

C. Except as provided for primary elections, the State Board shall determine by lot the order of the political parties, and the names of all candidates for a particular office shall appear together in the order determined for their parties. In an election district in which more than one person is nominated by one political party for the same office, the candidates' names shall appear alphabetically in their party groups under the name of the office, with sufficient space between party groups to indicate them as such. For the purpose of this section, except as provided for presidential elections in § 24.2-614, "recognized political parties" shall be treated as a class; the order of the recognized political parties within the class shall be determined by lot by the State Board; and the class shall follow the political parties as defined by § 24.2-101 and precede the independent class. Independent candidates shall be treated as a class under "Independent"; *and* their names shall be placed on the ballot after the political parties and recognized political parties; ~~and where~~. *Where* there is more than one independent candidate for an office, their names shall appear alphabetically, *except that the names of candidates for school boards elected pursuant to § 22.1-57.3 shall appear on the ballot in an order determined by the priority of time of filing for the office. In the event two or more candidates file simultaneously, the order of filing shall then be determined by lot by the electoral board as in the case of a tie vote for the office.*

No individual's name shall appear on the ballot more than once for the same office.

D. In preparing the printed ballots for general, special, and primary elections, the State Board and electoral boards shall cause to be printed in not less than 10-point type, immediately below the title of any office, a statement of the number of candidates for whom votes may be cast for that office. For any office to which only one candidate can be elected, the following language shall be used: "Vote for only one." For any office to which more than one candidate can be elected, the following language shall be used: "Vote for not more than ____."

E. Any locality that uses machine-readable ballots at one or more precincts, including any central absentee precinct, may, with the approval of the State Board, use a printed reproduction of the machine-readable ballot in lieu of the official machine-readable ballot. Such reproductions shall be printed and otherwise handled in accordance with all laws and procedures that apply to official paper ballots.

In every county and city using voting systems requiring printed ballots, the electoral board shall furnish a sufficient number of ballots printed on plain white paper, of such form and size as will fit in the ballot frames.

2. That the provisions of this act shall apply to all elections occurring after July 1, 2016.

A. No person shall practice dental hygiene unless he possesses a current, active, and valid license from the Board of Dentistry. The licensee shall have the right to practice dental hygiene in the Commonwealth for the period of his license as set by the Board, under the direction of any licensed dentist.

B. An application for such license shall be made to the Board in writing and shall be accompanied by satisfactory proof that the applicant (i) is of good moral character, (ii) is a graduate of a dental hygiene program accredited by the Commission on Dental Accreditation and offered by an accredited institution of higher education, (iii) has passed the dental hygiene examination given by the Joint Commission on Dental Examinations, and (iv) has successfully completed a clinical examination acceptable to the Board.

C. The Board may grant a license to practice dental hygiene to an applicant licensed to practice in another jurisdiction if he (i) meets the requirements of subsection B; (ii) holds a current, unrestricted license to practice dental hygiene in another jurisdiction in the United States; (iii) has not committed any act that would constitute grounds for denial as set forth in § 54.1-2706; and (iv) meets other qualifications as determined in regulations promulgated by the Board.

D. A licensed dental hygienist may, under the direction or general supervision of a licensed dentist and subject to the regulations of the Board, perform services that are educational, diagnostic, therapeutic, or preventive. These services shall not include the establishment of a final diagnosis or treatment plan for a dental patient. Pursuant to subsection V of § 54.1-3408, a licensed dental hygienist may administer topical oral fluorides under an oral or written order or a standing protocol issued by a dentist or a doctor of medicine or osteopathic medicine.

A dentist may also authorize a dental hygienist under his direction to administer Schedule VI nitrous oxide and oxygen inhalation analgesia and, to persons 18 years of age or older, Schedule VI local anesthesia. In its regulations, the Board of Dentistry shall establish the education and training requirements for dental hygienists to administer such controlled substances under a dentist's direction.

For the purposes of this section, "general supervision" means that a dentist has evaluated the patient and prescribed authorized services to be provided by a dental hygienist; however, the dentist need not be present in the facility while the authorized services are being provided.

~~For the purposes of this section, "remote supervision" means that a public health dentist has regular, periodic communications with a public health dental hygienist regarding patient treatment, but such dentist may not have done an initial examination of the patients who are to be seen and treated by the dental hygienist and may not be present with the dental hygienist when dental hygiene services are being provided.~~

The Board shall provide for an inactive license for those dental hygienists who hold a current, unrestricted license to practice in the Commonwealth at the time of application for an inactive license and who do not wish to practice in Virginia. The Board shall promulgate such regulations as may be necessary to carry out the provisions of this section, including requirements for remedial education to activate a license.

~~E. For the purposes of this subsection, "remote supervision" means that a public health dentist has regular, periodic communications with a public health dental hygienist regarding patient treatment, but such dentist may not have conducted an initial examination of the patients who are to be seen and treated by the dental hygienist and may not be present with the dental hygienist when dental hygiene services are being provided.~~

Notwithstanding any provision of law, a dental hygienist employed by the Virginia Department of Health who holds a license issued by the Board of Dentistry may provide educational and preventative dental care in the Commonwealth under the remote supervision of a dentist employed by the Department of Health. A dental hygienist providing such services shall practice pursuant to a protocol adopted by the Commissioner of Health on September 23, 2010, having been developed jointly by (i) the medical directors of the Cumberland Plateau, Southside, and Lenowisco Health Districts; (ii) dental hygienists employed by the Department of Health; (iii) the Director of the Dental Health Division of the Department of Health; (iv) one representative of the Virginia Dental Association; and (v) one representative of the Virginia Dental Hygienists' Association. Such protocol shall be adopted by the Board as regulations.

~~F. A report of services provided by dental hygienists pursuant to such protocol, including their impact upon the oral health of the citizens of the Commonwealth, shall be prepared and submitted by the Department of Health to the Virginia Secretary of Health and Human Resources annually. Nothing in this section shall be construed to authorize or establish the independent practice of dental hygiene.~~

~~F. For the purposes of this subsection, "remote supervision" means that a dentist is accessible and available for communication and consultation with a dental hygienist employed by such dentist during the delivery of dental hygiene~~

services but such dentist may not have conducted an initial examination of the patients who are to be seen and treated by the dental hygienist and may not be present with the dental hygienist when dental hygiene services are being provided.

Notwithstanding any other provision of law, a dental hygienist may practice dental hygiene under the remote supervision of a dentist who holds an active, unrestricted license by the Board and who has a dental office physically located in the Commonwealth. No dental hygienist shall practice under remote supervision unless he has (i) completed a continuing education course offered by an accredited dental education program or from a continuing education provider approved by the Board and (ii) at least two years of clinical experience, consisting of at least 2,500 hours of clinical experience. A dental hygienist practicing under remote supervision shall have professional liability insurance with policy limits acceptable to the supervising dentist. A dental hygienist shall only practice under remote supervision at a community health center, charitable safety net facility, free clinic, long-term care facility, elementary or secondary school, Head Start program, or women, infants, and children program.

A dental hygienist practicing under remote supervision may (a) obtain a patient's treatment history and consent, (b) perform an oral assessment, (c) perform scaling and polishing, (d) perform all educational and preventative services, (e) take X-rays as ordered by the supervising dentist or consistent with a standing order, (f) maintain appropriate documentation in the patient's chart, (g) administer topical oral fluorides under an oral or written order or a standing protocol issued by a dentist or a doctor of medicine or osteopathic medicine pursuant to subsection V of § 54.1-3408, and (h) perform any other service ordered by the supervising dentist or required by statute or Board regulation. No dental hygienist practicing under remote supervision shall administer local anesthetic or nitrous oxide.

Prior to providing a patient dental hygiene services, a dental hygienist practicing under remote supervision shall obtain (1) the patient's or the patient's legal representative's signature on a statement disclosing that the delivery of dental hygiene services under remote supervision is not a substitute for the need for regular dental examinations by a dentist and (2) verbal or written permission of any dentist who has treated the patient in the previous 12 months and can be identified by the patient.

After conducting an initial oral assessment of a patient, a dental hygienist practicing under remote supervision shall consult with the supervising dentist prior to providing further dental hygiene services if such patient is medically compromised or has periodontal disease.

A dental hygienist practicing under remote supervision shall inform the supervising dentist of all findings for a patient. A dental hygienist practicing under remote supervision may continue to treat a patient for 90 days. After such 90-day period, the supervising dentist, absent emergent circumstances, shall either conduct an examination of the patient or refer the patient to another dentist to conduct an examination. The supervising dentist shall develop a treatment plan for the patient and either the supervising dentist or the dental hygienist shall provide the treatment plan to the patient. The supervising dentist shall review a patient's records at least once every 10 months.

Nothing in this subsection shall prevent a dental hygienist from practicing dental hygiene under general supervision whether as an employee or as a volunteer.

§ 54.1-2724. Limitations on the employment of dental hygienists.

The Board shall determine by regulation ~~how many~~ the total number of dental hygienists, including dental hygienists under general supervision and dental hygienists under remote supervision, who may work at one time for a dentist. No dentist shall employ more than two dental hygienists who practice under remote supervision at one time. The State Board of Health may employ the necessary number of hygienists in public school dental clinics, subject to regulations of the Board.

2. That the Board of Dentistry shall promulgate regulations to implement the provisions of this act to be effective within 280 days of its enactment.

16. Before disbursing funds pursuant to a payday loan, a licensee shall provide a clear and conspicuous printed notice to the borrower indicating that a payday loan is not intended to meet long-term financial needs and that the borrower should use a payday loan only to meet short-term cash needs.

17. A borrower shall be permitted to make partial payments, in increments of not less than \$5, on the loan at any time prior to maturity, without charge. The licensee shall give the borrower signed, dated receipts for each payment made, which shall state the balance due on the loan. 20. In any print media advertisement, including any web page, used to promote payday loans, the disclosure statements shall be conspicuous. "Conspicuous" shall have the meaning set forth in subdivision (a) (14) of § 59.1-501.2. 21. A licensee or affiliate shall not knowingly make a payday loan to a person who is a member of the military services of the United States or the spouse or other dependent of a member of the military services of the United States. Prior to making a payday loan, every licensee or affiliate shall inquire of every prospective borrower if he is a member of the military services of the United States or the spouse or other dependent of a member of the military services of the United States. The loan documents shall include verification that the borrower is not a member of the military services of the United States or the spouse or other dependent of a member of the military services of the United States.

22. In collecting or attempting to collect a payday loan, a licensee shall comply with the restrictions and prohibitions applicable to debt collectors contained in the Fair Debt Collection Practices Act (15 U.S.C. § 1692 et seq.) regarding harassment or abuse, false or misleading misrepresentations, and unfair practices in collections.

23. A licensee may not file or initiate a legal proceeding of any kind against a borrower until 60 days after the date of default on a payday loan, during which period the licensee and borrower may voluntarily enter into a repayment arrangement.

Interest shall not accrue on the indebtedness during the term of the extended payment plan. The borrower may prepay an

extended payment plan in full at any time without penalty. If the borrower fails to pay the amount owed under the extended payment plan when due, then the licensee may immediately accelerate the unpaid loan balance.

c. If the borrower enters into an extended payment plan, then no licensee may make a payday loan to the borrower until a waiting period of 90 days shall have elapsed from the date that the borrower pays or satisfies in full the balance of the loan under the terms of the extended payment plan.

d. At each approved office, the licensee shall post a notice in at least 24-point bold type, in a form established or approved by the Commission, informing persons that they may be eligible to enter into an extended payment plan.

e. The licensee shall provide oral notice to any borrower who is eligible to enter into an extended payment plan, at the time a payday loan is made, which notice shall inform the borrower of his ability to pay the payday loan by means of an extended payment plan. The information contained in the notice shall be in a form provided by the Bureau.

CHAPTER 502

An Act to amend and reenact § 22.1-253.13:3 of the Code of Virginia, relating to Standards of Learning assessments in English reading and mathematics; retake; recovery credit.

[H 436]

Approved March 25, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:3 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include, but not be limited to, student outcome measures, requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, student services, auxiliary education programs such as library and media services, course and credit requirements for graduation from high school, community relations, and the philosophy, goals, and objectives of public education in Virginia.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board shall review annually the accreditation status of all schools in the Commonwealth. However, the Board may review the accreditation status of a school once every three years if the school has been fully accredited for three consecutive years. Upon such triennial review, the Board shall review the accreditation status of the school for each individual year within that triennial review period. If the Board finds that the school would have been accredited every year of that triennial review period the Board may accredit the school for another three years. The Board shall review the accreditation status of any school that (i) in any individual year within the triennial review period would have failed to achieve full accreditation or (ii) in the previous year has had an adjustment of its boundaries by a school board pursuant to subdivision 4 of § 22.1-79 that affects at least 10 percent of the student population of the school.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall review the accreditation status of all schools in the local school division annually in public session. Within the time specified by the Board of Education, each school board shall submit corrective action plans for any schools within its school division that have been designated as not meeting the standards as approved by the Board.

When the Board of Education has obtained evidence through the school academic review process that the failure of schools within a division to achieve full accreditation status is related to division level failure to implement the Standards of Quality, the Board may require a division level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall submit for approval by the Board a corrective action plan, consistent with criteria established by the Board and setting forth specific actions and a schedule designed to ensure that schools within its school division achieve full accreditation status. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

With such funds as are appropriated or otherwise received for this purpose, the Board shall adopt and implement an academic review process, to be conducted by the Department of Education, to assist schools that are accredited with warning. The Department shall forward a report of each academic review to the relevant local school board, and such school board shall report the results of such academic review and the required annual progress reports in public session. The local school board shall implement any actions identified through the academic review and utilize them for improvement planning.

B. The Superintendent of Public Instruction shall develop and the Board of Education shall approve criteria for determining and recognizing educational performance in the Commonwealth's public school divisions and schools. Such criteria, when approved, shall become an integral part of the accreditation process and shall include student outcome measurements. The Superintendent of Public Instruction shall annually identify to the Board those school divisions and schools that exceed or do not meet the approved criteria. Such identification shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall, with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments. The Department of Education shall make available to school divisions Standards of Learning assessments typically administered by the middle and high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later.

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected verified credit.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall include in the student outcome measures that are required by the Standards for Accreditation end-of-course or end-of-grade assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science and may be integrated to include multiple subject areas.

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (a) reading and mathematics in grades three and four; (b) reading, mathematics, and science in grade five; (c) reading and

mathematics in grades six and seven; (d) reading, writing, and mathematics in grade eight; (e) science after the student receives instruction in the grade six science, life science, and physical science Standards of Learning and before the student completes grade eight; and (f) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall (1) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) permit and encourage integrated assessments that include multiple subject areas; and (3) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

The Department of Education shall award recovery credit to any student in grades three through eight who fails a Standards of Learning assessment in English reading or mathematics, receives remediation, and subsequently retakes and passes such an assessment, including any such student who subsequently retakes such an assessment on an expedited basis.

In addition, to assess the educational progress of students, the Board of Education shall (A) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (B) select appropriate industry certification and state licensure examinations; and (C) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board of Education or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Department of Education shall develop processes for informing school divisions of changes in the Standards of Learning.

The Board of Education may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

D. The Board of Education may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 11 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of Education may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board's alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board of Education, the results from the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, if administered, industry certification examinations, and the Standards of Learning Assessments to the public.

The Board of Education shall not require administration of the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the requirements for home instruction pursuant to § 22.1-254.1.

The Board shall include requirements for the reporting of the Standards of Learning assessment scores and averages for each year, regardless of accreditation frequency, as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department of Education's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board of Education's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board of Education for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards of Accreditation pursuant to 8 VAC 20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board of Education based on submission of a request from the division superintendent and chairman of the local school board. The Board of Education may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department of Education shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board of Education may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

A defendant's conduct shall be deemed sufficiently willful or wanton as to show a conscious disregard for the rights of others when the evidence proves that (i) when the incident causing the injury or death occurred, the defendant had a blood alcohol concentration of 0.15 percent or more by weight by volume or 0.15 grams or more per 210 liters of breath; (ii) at the time the defendant began drinking alcohol, or during the time he was drinking alcohol, he knew or should have known that his ability to operate a motor vehicle, engine or train would be impaired, or when he was operating a motor vehicle he knew or should have known that his ability to operate a motor vehicle was impaired; and (iii) the defendant's intoxication was a proximate cause of the injury to or death of the plaintiff. However, when a defendant has unreasonably refused to submit to a test of his blood alcohol content as required by § 18.2-268.2, a defendant's conduct shall be deemed sufficiently willful or wanton as to show a conscious disregard for the rights of others when the evidence proves that (a) when the incident causing the injury or death occurred the defendant was intoxicated, which may be established by evidence concerning the conduct or condition of the defendant; (b) at the time the defendant began drinking alcohol, or during the time he was drinking alcohol, he knew or should have known that his ability to operate a motor vehicle was impaired; and (c) the defendant's intoxication was a proximate cause of the injury to the plaintiff or death of the plaintiff's decedent. In so doing, he shall have power to employ any procedure that is now or may hereafter be prescribed by law for the collection of State taxes or local taxes. There shall be a lien, which shall have precedence over any other lien or encumbrance thereon; on all real estate and on each and every interest therein; for the city taxes assessed thereon; from the commencement of the year for which they are assessed, including penalties and interest on such taxes; which may be enforced by the city treasurer on behalf of the city in any manner provided by law. All goods and chattels wheresoever found may be distrained and sold for taxes; interest and penalties assessed and due thereon and for taxes; interest and penalties assessed against the owner thereof; and no deed of trust or mortgage upon goods or chattels shall prevent the same from being distrained and sold for taxes or levies assessed against the grantor in such deed while such goods and chattels remain in the grantor's possession; nor shall any such deed prevent the goods and chattels conveyed from being distrained and sold for taxes or levies assessed thereon; no matter in whose possession they may be found. He shall have power to enforce the provisions of this charter and the ordinances of the city with regard to licenses and license taxes; to check any or all of records of the commissioner of revenue and to examine and audit the books of all persons, firms and corporations whom he has reasonable cause to believe to be liable to pay a license. In performing his duties, the city treasurer shall be entitled to employ such staff as the State Compensation Board authorizes.~~

~~The city council may authorize the treasurer to assume such duties of the director of finance as the council deems appropriate.~~

§ 8.6. Sale of property for taxes.

~~The council may require real estate in the city, delinquent for the nonpayment of taxes, to be sold for said taxes, as provided in the Code of Virginia, except that if at any such sale no bid shall be made for any such real estate, or such bid shall not be equal to the tax or assessment, with interest, charges and expenses, then such real estate shall be struck off to the city. As soon as practicable thereafter, the city treasurer director of finance shall prepare a statement of sales made to the city, in which the real estate so sold shall be described, and the aggregate amount of tax or assessment with interest, charges and expenses specified.~~

~~(a) The owner of any real estate so struck off to the city, his heirs or assigns, or any person having the right to charge such real estate for a debt, or any person having interest in such real estate by way of reversion, remainder or otherwise, may redeem the real estate within three years from the sale thereof, by payment to the city of the amount for which it was sold, with such additional sums as would have accrued for taxes thereon if it had not been purchased for the city, with interest on the purchase money and taxes at the rate of six percent per annum from the time that they may have been so paid.~~

~~(b) In case that any real estate, struck off to the city as hereinbefore provided, shall not be redeemed within the time specified, the city treasurer director of finance may, at the direction of the council, within sixty days after the expiration of three years from the sale, cause to be recorded in the Clerk's Office of the Circuit Court having jurisdiction of the city a certificate of sale with his oath that the same has not been redeemed, and thereupon the city, or its assignee, shall acquire an~~

absolute title in fee in chancery proceedings to such real estate, and every interest therein, subject to be defeated only by proof that the taxes for which said real estate was sold were not properly chargeable thereon, or that the taxes properly chargeable thereon had been paid at the time of the execution of such certificate. The said certificate shall be recorded in the said Clerk's Office in a record book known as "deed book, recording conveyances to city lands sold for delinquent taxes," for recording which certificate the clerk shall be entitled to a fee of ten cents, payable out of the city treasury. The council may impose penalties upon its officers for their failure to comply with the requirements of this section. The said certificate, or the record thereof, or a certified copy thereof, shall, in all courts and other places, be evidence of the facts therein stated; provided, however, that the failure to obtain or record such certificate shall not invalidate the lien of the city for all taxes assessed against such real estate, but the city may, at any time, elect to enforce its lien for taxes in a court of equity and real estate. When real estate is sold at a tax sale, it shall be continued upon the land books in the name of the former owner or owners until there is a transfer of title of record and taxes and levies shall be annually extended thereon the same as if such tax sale had not taken place.

(c) When land sold for delinquent taxes or struck off to the city is redeemed by persons under disability at the time of sale, in addition to the payments otherwise required for redemption, the person or persons so redeeming the land shall pay to the purchaser, his heirs or assigns, the appraised value of any improvement that may have been made thereon after three years from the date of the sale for delinquent taxes.

2. That notwithstanding any other provision of law, the provisions of this act shall not result in a change in the amount of the Treasurer's salary set by the Compensation Board that is payable by the locality in the City of Colonial Heights for the fiscal year ending June 30, 2017, or the fiscal year ending June 30, 2018.

§ 45.1-390. Division of Energy established; findings and policy; powers and duties.

The General Assembly finds that because energy-related issues continually confront the Commonwealth, and many separate agencies are involved in providing energy programs and services, there exists a need for a state organization responsible for coordinating Virginia's energy programs and ensuring Virginia's commitment to the development of renewable and indigenous energy sources, as well as the efficient use of traditional energy resources. In accordance with this need, the Division of Energy is created in the Department of Mines, Minerals and Energy. The Director shall have the immediate authority to coordinate development and implementation of energy policy in Virginia.

1. That the Code of Virginia is amended by adding a section numbered 22.1-17.6 as follows:

§ 22.1-17.6. Public elementary and secondary schools and local school divisions; information and forms.

A. The Board shall adopt policies to ensure that the Department of Education does not require public elementary or secondary schools or local school divisions to (i) provide information that is already available to or housed within the Department of Education; (ii) provide the same written information more than once during a school year, absent a change in the underlying information; (iii) complete forms for students with disabilities unless such forms are necessary to ensure compliance with the federal Individuals with Disabilities Education Act (20 U.S.C. § 1431 et seq.); or (iv) provide information that is not necessary to comply with state or federal law unless such information is relevant to student outcomes or the efficient operation of the public schools, provided that the Department of Education may require such schools and local school divisions to provide any such information or complete any such forms if the Department of Education demonstrates a compelling need or demonstrates that it does not have a more expeditious method for obtaining the information or completing the forms.

B. The Department of Education shall study the transition to electronic submission of all information and forms to the Department of Education by public elementary and secondary schools and local school divisions and submit a report of its findings to the Chairmen of the House Committee on Education and the Senate Committee on Education and Health no later than November 1, 2016.

CHAPTER 522

An Act to amend and reenact § 22.1-253.13:3 of the Code of Virginia, relating to children with disabilities; alternative means to demonstrate achievement of the Standards of Learning.

[H 381]

Approved March 29, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:3 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include, but not be limited to, student outcome measures, requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, student services, auxiliary education programs such as library and media services, course and credit requirements for graduation from high school, community relations, and the philosophy, goals, and objectives of public education in Virginia.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board shall review annually the accreditation status of all schools in the Commonwealth. However, the Board may review the accreditation status of a school once every three years if the school has been fully accredited for three consecutive years. Upon such triennial review, the Board shall review the accreditation status of the school for each individual year within that triennial review period. If the Board finds that the school would have been accredited every year of that triennial review period the Board may accredit the school for another three years. The Board shall review the accreditation status of any school that (i) in any individual year within the triennial review period would have failed to achieve full accreditation or (ii) in the previous year has had an adjustment of its boundaries by a school board pursuant to subdivision 4 of § 22.1-79 that affects at least 10 percent of the student population of the school.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall review the accreditation status of all schools in the local school division annually in public session. Within the time specified by the Board of Education, each school board shall

submit corrective action plans for any schools within its school division that have been designated as not meeting the standards as approved by the Board.

When the Board of Education has obtained evidence through the school academic review process that the failure of schools within a division to achieve full accreditation status is related to division level failure to implement the Standards of Quality, the Board may require a division level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall submit for approval by the Board a corrective action plan, consistent with criteria established by the Board and setting forth specific actions and a schedule designed to ensure that schools within its school division achieve full accreditation status. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

With such funds as are appropriated or otherwise received for this purpose, the Board shall adopt and implement an academic review process, to be conducted by the Department of Education, to assist schools that are accredited with warning. The Department shall forward a report of each academic review to the relevant local school board, and such school board shall report the results of such academic review and the required annual progress reports in public session. The local school board shall implement any actions identified through the academic review and utilize them for improvement planning.

B. The Superintendent of Public Instruction shall develop and the Board of Education shall approve criteria for determining and recognizing educational performance in the Commonwealth's public school divisions and schools. Such criteria, when approved, shall become an integral part of the accreditation process and shall include student outcome measurements. The Superintendent of Public Instruction shall annually identify to the Board those school divisions and schools that exceed or do not meet the approved criteria. Such identification shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall, with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments. The Department of Education shall make available to school divisions Standards of Learning assessments typically administered by the middle and high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later.

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected verified credit.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall include in the student outcome measures that are required by the Standards for Accreditation end-of-course or end-of-grade assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science and may be integrated to include multiple subject areas.

The Board shall prescribe alternative methods of Standards of Learning assessment administration for children with disabilities, as that term is defined in § 22.1-213, who meet criteria established by the Board to demonstrate achievement of the Standards of Learning. An eligible student's Individual Education Program team shall make the final determination as to whether an alternative method of administration is appropriate for the student.

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (a) reading and mathematics in grades three and four; (b) reading, mathematics, and science in grade five; (c) reading and mathematics in grades six and seven; (d) reading, writing, and mathematics in grade eight; (e) science after the student receives instruction in the grade six science, life science, and physical science Standards of Learning and before the student completes grade eight; and (f) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall

(1) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) permit and encourage integrated assessments that include multiple subject areas; and (3) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

In addition, to assess the educational progress of students, the Board of Education shall (A) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (B) select appropriate industry certification and state licensure examinations; and (C) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board of Education or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Department of Education shall develop processes for informing school divisions of changes in the Standards of Learning.

The Board of Education may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

D. The Board of Education may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 11 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of Education may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board's alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall analyze and report

annually, in compliance with any criteria that may be established by the Board of Education, the results from the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, if administered, industry certification examinations, and the Standards of Learning Assessments to the public.

The Board of Education shall not require administration of the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the requirements for home instruction pursuant to § 22.1-254.1.

The Board shall include requirements for the reporting of the Standards of Learning assessment scores and averages for each year, regardless of accreditation frequency, as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department of Education's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board of Education's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board of Education for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards of Accreditation pursuant to 8 VAC 20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board of Education based on submission of a request from the division superintendent and chairman of the local school board. The Board of Education may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department of Education shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board of Education may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

[S 542]

Approved March 29, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2119 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2119. Fees and charges for water and sewer services.

A. For water and sewer services provided by localities, fees and charges may be charged to and collected from (i) any person contracting for the same; (ii) the owner who is the occupant of the property or where a single meter serves multiple units; (iii) a lessee or tenant, provided that the lessee or tenant has written authorization from the owner of the property to obtain water and sewer services in the name of such lessee or tenant with such fees and charges applicable for water and sewer services (a) which directly or indirectly is or has been connected with the sewage disposal system and (b) from or on which sewage or industrial wastes originate or have originated and have directly or indirectly entered or will enter the sewage disposal system; or (iv) any user of a municipality's water or sewer system with respect to combined sanitary and storm water sewer systems where the user is a resident of the municipality and the purpose of any such fee or charge is related to the control of combined sewer overflow discharges from such systems. Such fees and charges shall be practicable and equitable and payable as directed by the respective locality operating or providing for the operation of the water or sewer system. A locality providing water and sewer services may establish, by adoption of a resolution, that water and sewer services may be provided to a lessee or tenant pursuant to provision (iii) without obtaining an authorization form from

the property owner. For purposes of this section, a written or electronic authorization from the owner of the property to obtain water and sewer services in the name of such lessee or tenant substantially in the form as follows shall be sufficient compliance with this section:

DATE

[INSERT NAME OF WATER AND SEWER SERVICES PROVIDER AND ADDRESS]

RE: [INSERT FULL TENANT NAME AND ADDRESS]

To Whom It May Concern:

[INSERT TENANT NAME] has entered into a lease for the property located at [INSERT ADDRESS] and is authorized to obtain services at this address as a tenant of [INSERT PROPERTY OWNER NAME].

Signed: _____

PROPERTY OWNER

B. Such fees and charges, being in the nature of use or service charges, shall, as nearly as the governing body deems practicable and equitable, be uniform for the same type, class and amount of use or service of the sewage disposal system, and may be based or computed either on the consumption of water on or in connection with the real estate, making due allowances for commercial use of water, or on the number and kind of water outlets on or in connection with the real estate or on the number and kind of plumbing or sewage fixtures or facilities on or in connection with the real estate or on the number or average number of persons residing or working on or otherwise connected or identified with the real estate or any other factors determining the type, class and amount of use or service of the sewage disposal system, or any combination of such factors, or on such other basis as the governing body may determine. Such fees and charges shall be due and payable at such time as the governing body may determine, and the governing body may require the same to be paid in advance for periods of not more than six months. The revenue derived from any or all of such fees and charges is hereby declared to be revenue of such sewage disposal system.

C. Water and sewer connection fees established by any locality shall be fair and reasonable. Such fees shall be reviewed by the locality periodically and shall be adjusted, if necessary, to assure that they continue to be fair and reasonable. Nothing herein shall affect existing contracts with bondholders which are in conflict with any of the foregoing provisions.

D. If the fees and charges charged for water service or the use and services of the sewage disposal system by or in connection with any real estate are not paid when due, a penalty and interest shall at that time be owed as provided for by general law, and the owner, lessee or tenant, as the case may be, of such real estate shall, until such fees and charges are paid with such penalty and interest to the date of payment, cease to dispose of sewage or industrial waste originating from or on such real estate by discharge thereof directly or indirectly into the sewage disposal system. If such owner, lessee or tenant does not pay the full amount of charges, penalty and interest for water provided or cease such disposal within two months thereafter, the locality or person supplying water or sewage disposal services for the use of such real estate shall cease supplying water and sewage disposal services thereto unless the health officers certify that shutting off the water will endanger the health of the occupants of the premises or the health of others.

E. Such fees and charges, and any penalty and interest thereon, shall constitute a lien against the property, ranking on a parity with liens for unpaid taxes.

A lien may be placed on the property in the amount of (i) up to three months of delinquent water and sewer charges *when the water or sewer is, or both are, supplied to a lessee or tenant pursuant to this section;* (ii) *when the water or sewer is, or both are, provided to the property owner, up to the number of months of delinquent water or sewer charges,* (iii) any applicable penalties and interest on such delinquent charges, and (iv) reasonable attorney fees and other costs of collection not exceeding 20 percent of such delinquent charges. In no case shall a lien for less than \$25 be placed against the property. In the case of services to a lessee or tenant, if the locality does not cease supplying water to the lessee or tenant 60 days after the bill becomes delinquent, unless water is required to be provided pursuant to subsection D or other applicable law, there shall be no lien placed on the property for charges and collection costs beyond the 60-day period and no recourse against the property owner for service beyond the 60-day period.

F. Unless the locality has adopted a resolution to not require authorization from land owners for water and sewer service provided to lessees or tenants pursuant to subsection A, a lien may be placed on the property for water and sewer services used by a lessee or tenant only if the locality has (i) advised the owner of the property in writing that a lien may be placed on the property if the lessee or tenant fails to pay any delinquent water and sewer charges; (ii) mailed by first-class mail to the owner of the property, or sent electronically if requested by the owner, at the address listed in the written authorization from the owner of the property (or such other address as the owner may provide), a duplicate copy of the final bill sent to the lessee or tenant at the time of sending the final bill to such lessee or tenant; (iii) collected a security deposit from the lessee or tenant as reasonably determined by the locality to be sufficient to collateralize the locality for not less than three and no more than five months of water and sewer charges; (iv) has applied the security deposit held by the

locality to the payment of the outstanding balance; (v) has employed reasonable collection efforts and practices to collect amounts due from a lessee or a tenant including filing for the Set-Off Debt Collection Program if the locality is a participant; and (vi) has provided the property owner with 30 days' written notice with a copy of the final bill to allow the property owner a reasonable opportunity to pay the amount of any outstanding balance and avoid the recordation of a lien against the property. If the property owner fails to pay the amount of the outstanding balance within the 30-day period, the locality may record a lien in the amount of the outstanding balance against the property owner. Upon payment of the outstanding balance, or any portion thereof, or of any amounts of such fees and charges owed by the former tenant, the property owner shall be entitled to receive any refunds and shall be subrogated against the former tenant in place of the locality in the amount paid by the property owner. The locality shall execute all documents necessary to perfect such subrogation in favor of the property owner.

G. When the owner has provided the lessee or tenant with written authorization from the owner of the property to obtain water and sewer services in the name of such lessee or tenant, nothing herein shall be construed to authorize the locality to require (i) the owner to put water and sewer services in the name of the owner, except in the case where a single meter serves multiple tenant units, or (ii) a security deposit or a guarantee of payment from an owner of property.

H. The locality shall not require a security deposit from the lessee or tenant to obtain water and sewer services in the name of such lessee or tenant if such lessee or tenant presents to the locality a landlord authorization letter which has attached documentation showing such lessee or tenant receives need-based local, state, or federal rental assistance, and the absence of a security deposit shall not prevent a locality from exercising its lien rights as authorized under subsection F.

I. Unless a lien has been recorded against the property owner, the locality shall not deny service to a new tenant who is requesting service at a particular property address based upon the fact that a former tenant has not paid any outstanding fees and charges charged for the use and services in the name of the former previous tenant. In addition, the locality shall provide information relative to a former tenant or current tenant to the property owner upon request of the property owner. If the property owner provides the locality a request to be notified of a tenant's delinquent water bill and provides an email address, the locality shall send the property owner notice when a tenant's water bill has become 15 days delinquent.

J. Notwithstanding any provision of law to the contrary, any town with a population between 11,000 and 14,000, with the concurrence of the affected county, which provides and operates sewer services outside its boundaries may provide sewer services to industrial and commercial users outside its boundaries and collect such compensation therefor as may be contracted for between the town and such user. Such town shall not thereby be obligated to provide sewer services to any other users outside its boundaries.

K. The lien shall not bind or affect a subsequent bona fide purchaser of the real estate for valuable consideration without actual notice of the lien until the amount of such delinquent charges is entered in the official records of the office of the clerk of the circuit court in the jurisdiction in which the real estate is located. The clerk shall make and index the entries in the clerk's official records for a fee of \$5 per entry, to be paid by the locality and added to the amount of the lien.

L. The lien on any real estate may be discharged by the payment to the locality of the total lien amount and the interest which has accrued to the date of the payment. The locality shall deliver a fully executed lien release substantially in the form set forth in this subsection to the person making the payment. The locality shall provide the fully executed lien release to the person who made payment within 10 business days of such payment if the person who made such payment did not personally appear at the time of such payment. Upon presentation of such lien release, the clerk shall mark the lien satisfied. There shall be no separate clerk's fee for such lien release. For purposes of this section, a lien release of the water and sewer lien substantially in the form as follows shall be sufficient compliance with this section:

CHAPTER 529

An Act to amend and reenact § 55-210.20 of the Code of Virginia, relating to unclaimed property; payment of property of deceased owner.

[H 1020]

Approved March 29, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 55-210.20 of the Code of Virginia is amended and reenacted as follows:

§ 55-210.20. Filing claim to property or proceeds of sale thereof.

A. Any person claiming an interest in any property delivered to the Commonwealth under this chapter may file a claim thereto or to the proceeds from the sale thereof on ~~the~~ a form prescribed by the State Treasurer.

B. *Notwithstanding any other provision of law, any person claiming an interest in any property delivered to the Commonwealth under this chapter for a reported owner who is deceased shall submit evidence of the claimant's entitlement to payment together with a form prescribed by the State Treasurer. In order of preference, such evidence may include (i) a certificate of qualification as the executor or an order of appointment as the administrator or personal representative of the decedent's estate under the laws of the state of the decedent's domicile; (ii) if applicable, an affidavit authorizing the claimant to be the designated successor under the Virginia Small Estate Act (§ 64.2-600 et seq.), or its equivalent under the laws of the state of the decedent's domicile that names the claimant as the designated successor; or (iii) the order of distribution or the final accounting for a closed estate that reflects payment due in whole or in part to the claimant. When, in the absence of any such evidence, (a) the death of the reported owner occurred at least one year prior to filing the claim and (b) the amount claimed is \$15,000 or less, exclusive of any interest owed pursuant to subsection C of § 55-210.21, the administrator may allow the claimant to submit an affidavit stating the claimant's entitlement to payment in the absence of sufficient documentation, and the administrator may approve the claim in his discretion, returning or paying all or the appropriate share of the deceased owner's property to the claimant. The administrator may pay or deliver all of the deceased owner's property to a claimant who submits the prescribed affidavit evidencing his agreement to receive and distribute the property to the other rightful heirs or beneficiaries and acknowledging his assumption of liability to those beneficiaries or heirs for failure to do so.*

C. *Notwithstanding any other provision of law, when paying or delivering unclaimed property under subsection B to a claimant who is not authorized to represent the decedent's estate as the personal representative or the designated successor or the equivalent, the administrator is discharged and released to the same extent as if the administrator dealt with the authorized representative or designated successor for the decedent's estate. The administrator shall deny any subsequent claim to the same property. Any person subsequently claiming an equal or superior right to the deceased owner's property whose claim is denied by the administrator for this reason may seek redress from the claimant to whom payment was made.*

2. That the State Treasurer shall develop and make available a plain English explanation of a person's right to make a claim, in accordance with the provisions of this act, for property delivered to the Commonwealth in cases where the reported owner of the property is deceased. The State Treasurer shall also post such document on its website.

CHAPTER 530

An Act for the relief of Paul R. DesRoches II.

[H 1376]

Approved March 29, 2016

Whereas, Paul R. DesRoches II (Mr. DesRoches) entered into a property management agreement with Apple Real Estate, a Virginia corporation; and

Whereas, on December 1, 2009, Mr. DesRoches terminated the management agreement with Apple Real Estate effective January 1, 2010; and

Whereas, despite the termination, Apple Real Estate continued to collect rent from tenants and never submitted any additional payments to Mr. DesRoches; and

Whereas, the total amount of rent payments that were fraudulently collected by Apple Real Estate reached \$25,000; and

Whereas, on April 25, 2012, Mr. DesRoches obtained a judgment against Apple Real Estate in the amount of \$26,304.84; and

Whereas, despite taking action to enforce the judgment, including conducting debtor interrogatories, Mr. DesRoches was unsuccessful, as Apple Real Estate had gone out of business; and

Whereas, the Virginia Real Estate Transaction Recovery Act (the Act) established the Real Estate Transaction Recovery Fund to provide relief to persons who have incurred losses through the improper or dishonest conduct of a licensed real estate salesperson, broker, or firm; and

Whereas, qualified claimants have been awarded judgments in courts of competent jurisdiction in the Commonwealth of Virginia that are based on improper or dishonest conduct; and

Whereas, "improper or dishonest conduct" is defined in § 54.1-2112 of the Code of Virginia as including "only the wrongful and fraudulent taking or conversion of money, property, or other things of value or material misrepresentation or deceit"; and

Whereas, in December 2012, Mr. DesRoches submitted a claim under the Act to recover the amount of the unpaid judgment he had obtained against Apple Real Estate; and

Whereas, in March 2013, the Virginia Real Estate Board (the Board) notified Mr. DesRoches that his claim had been denied because the judgment he had been awarded did not include the words "improper or dishonest conduct" on the face of the judgment order; and

Whereas, while the factual basis for the judgment supported detailed conduct that is included under the codified definition of "improper or dishonest conduct," the judgment order did not include the words "improper or dishonest conduct," causing the Board to conclude that the claim did not meet the requirements of the Act and therefore had to be denied; and

Whereas, in 2015, the General Assembly amended the Act to provide a means for the Board to determine what constitutes improper or dishonest conduct based on the facts of the case if the judgment order is otherwise silent, rather than be forced to deny a claimant relief because the claimant's attorney or the judge failed to use the correct words; and

Whereas, the amendments to the Act could not be used to retroactively approve the claim previously denied by the Board; and

Whereas, Mr. DesRoches has no other means to obtain adequate relief except by action of this body; now, therefore,

Be it enacted by the General Assembly of Virginia:

1. § 1. *That the Virginia Real Estate Board is directed to pay from the Virginia Real Estate Transaction Recovery Fund the sum of \$20,000 for the relief of Paul R. DesRoches II, to be paid upon execution of a release of all claims Mr. DesRoches may have against the Commonwealth or any agency, instrumentality, office, employee, or political subdivision in connection with the aforesaid occurrence.*

7. Contracts for the purchase of goods or services when the contract does not exceed \$500;

8. Grants or other payment under any program wherein uniform rates for, or the amounts paid to, all qualified applicants are established solely by the administering governmental agency; ~~or~~

10. *Contracts entered into by an officer or employee of a soil and water conservation district created pursuant to Article 3 (§ 10.1-506 et seq.) of Chapter 5 of Title 10.1 to participate in the Virginia Agricultural Best Management Practices Cost-Share Program (the Program) established in accordance with § 10.1-546.1. This subdivision shall not apply to subcontracts or other agreements entered into by an officer or employee of a soil and water conservation district to provide services for implementation of a cost-share contract established under the Program.*

B. Neither the provisions of this chapter nor, unless expressly provided otherwise, any amendments thereto shall apply to those employment contracts or renewals thereof or to any other contracts entered into prior to August 1, 1987, which were in compliance with either the former Virginia Conflict of Interests Act, Chapter 22 (§ 2.1-347 et seq.) or the former Comprehensive Conflict of Interests Act, Chapter 40 (§ 2.1-599 et seq.) of Title 2.1 at the time of their formation and thereafter. Those contracts shall continue to be governed by the provisions of the appropriate prior Act. Notwithstanding the provisions of subdivision (f) (4) of § 2.1-348 of Title 2.1 in effect prior to July 1, 1983, the employment by the same governmental agency of an officer or employee and spouse or any other relative residing in the same household shall not be deemed to create a material financial interest except when one of such persons is employed in a direct supervisory or administrative position, or both, with respect to such spouse or other relative residing in his household and the annual salary of such subordinate is \$35,000 or more.

(f) The Authority shall have power out of any funds available therefor to purchase its bonds or notes. The Authority may hold, pledge, cancel or resell such bonds or notes subject to and in accordance with agreements with bondholders.

§ 23-30.50. Rates, rents, fees and charges; sinking fund.

The Authority may fix, revise, charge and collect rates, rents, fees and charges for the use of and for the services furnished or to be furnished by each project and to contract with any person, partnership, association or corporation, or other body, public or private, in respect thereof. Such rates, rents, fees and charges shall not be subject to supervision or regulation by any department, commission, board, body, bureau or agency of this Commonwealth other than the Authority. A sufficient amount of the revenues derived in respect of a project, except such part of such revenues as may be necessary to pay the cost of maintenance, repair and operation and to provide reserves and for renewals, replacements, extensions, enlargements and improvements as may be provided for in the resolution authorizing the issuance of any revenue bonds of the Authority or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or trust agreement in a sinking or other similar fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such revenue bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the rates, rents, fees and charges and other revenues or other moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking or other similar fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking or other similar fund shall be a fund for all such revenue bonds issued to finance a project or projects ~~at~~ by one or more participating institutions for higher education, without distinction or priority of one over another, provided the Authority in any such resolution or trust agreement may provide that such sinking or other similar fund shall be the fund for a particular project ~~at an~~ by a participating institution for higher education and for the revenue bonds issued to finance a particular project and may, additionally, permit and provide for the issuance of revenue bonds having a subordinate lien in respect of the security herein authorized to other revenue bonds of the Authority and, in such case, the Authority may create separate or other similar funds in respect of such subordinate lien bonds.

[S 719]

Approved March 29, 2016

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 18 of Chapter 10 of Title 46.2 a section numbered 46.2-1149.8 as follows:

§ 46.2-1149.8. Excess width permits for vehicles transporting watercraft.

The Commissioner shall issue a permit authorizing the operation of vehicles hauling boats or other watercraft that exceed a total outside width of 102 inches but do not exceed a total outside width of 108 inches upon application by the

owner of such vehicle. Such permit shall authorize the operation of such vehicle on all unrestricted state and local highways. The annual fee for a permit issued pursuant to this section and the allocation of such fee shall be the same as provided for overweight permits in § 46.2-1140.1.

CHAPTER 534

An Act to amend and reenact §§ 46.2-1569, 46.2-1571, and 46.2-1572.4 of the Code of Virginia, relating to compensation of dealers for recalled vehicles.

[S 709]

Approved March 29, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-1569, 46.2-1571, and 46.2-1572.4 of the Code of Virginia are amended and reenacted as follows:

§ 46.2-1569. Other coercion of dealers; transfer, grant, succession to and cancellation of dealer franchises; delivery of vehicles, parts, and accessories.

Notwithstanding the terms of any franchise agreement, it shall be unlawful for any manufacturer, factory branch, distributor, distributor branch, or affiliate, or any field representative, officer, agent, or their representatives to do any of the following. It shall further be unlawful for any manufacturer, factory branch, distributor, distributor branch, or any field representative, officer, agent, or their representatives to engage in conduct prohibited under this section through an affiliate.

1. To coerce or attempt to coerce any dealer to accept delivery of any motor vehicle or vehicles, parts or accessories therefor, or any other commodities, which have not been ordered by the dealer.

2. To coerce or attempt to coerce any dealer to enter into an agreement with the manufacturer, factory branch, distributor, or distributor branch, or representative thereof by threat to take or by taking any action in violation of the chapter, or by any other act unfair or injurious to the dealer. If a manufacturer, factory branch, distributor, or distributor branch conditions the grant of a new franchise to a dealer on the dealer's consent (i) to provide a site control agreement as defined in subdivision 10, (ii) to provide a written agreement containing an option to purchase the franchise of the dealer, provided, however, that agreements pursuant to § 46.2-1569.1 shall be permitted, or (iii) to provide a termination agreement to be held by the manufacturer, factory branch, distributor, or distributor branch for subsequent use, it shall be considered coercion and an act that is unfair and injurious to the dealer; provided, however, that the provisions of § 46.2-1572.3 related to the good faith settlement of disputes shall apply to the agreements described in clauses (i), (ii), and (iii) of this subdivision, mutatis mutandis. This subdivision shall not apply to any agreement the enforcement of which is subject to the jurisdiction of a United States Bankruptcy Court.

2a. To coerce or attempt to coerce any dealer to join, contribute to, or affiliate with any advertising association.

2b. To coerce or require any dealer to establish in connection with the sale of a motor vehicle prices at which the dealer shall sell products or services not manufactured or distributed by the manufacturer, factory branch, distributor, or distributor branch, whether by agreement, program, incentive provision, or otherwise.

2c. To coerce or require any dealer, whether by agreement, program, incentive provision, or otherwise, to construct improvements to its facilities or to install new signs or other franchisor image elements that replace or substantially alter those improvements, signs, or franchisor image elements completed within the preceding 10 years that were required or approved by the manufacturer, factory branch, distributor, or distributor branch or one of its affiliates. If a manufacturer, factory branch, distributor, or distributor branch offers incentives, or other payments under a program offered after the effective date of this subdivision and available to more than one dealer in the Commonwealth that are premised wholly or in part on dealer facility improvements or installation of franchisor signs or other franchisor image elements, a dealer that constructed improvements or installed signs or other franchisor image elements required by or approved by the manufacturer, factory branch, distributor, or distributor branch and completed within the 10 years preceding the program shall be deemed to be in compliance with the program requirements pertaining to construction of facilities or installation of signs or other franchisor image elements that would replace or substantially alter those previously constructed or installed within that 10-year period. This subdivision shall not apply to a program that provides lump sum payments to assist dealers in making facility improvements or to pay for signs or franchisor image elements when such payments are not dependent on the dealer selling or purchasing specific numbers of new vehicles and shall not apply to a program that is in effect with more than one dealer in the Commonwealth on the effective date of this subdivision, nor to any renewal or modification of such a program.

2d. To coerce or require any dealer, whether by agreement, program, incentive provision, or provision for loss of incentive payments or other benefits, to refrain from selling any used motor vehicle subject to (i) recall, (ii) stop sale directive, (iii) technical service bulletin, or (iv) other manufacturer, factory branch, distributor, or distributor branch notification to perform work on such used motor vehicle, unless the manufacturer, factory branch, distributor, or distributor branch has a remedy and parts available to the dealer to remediate the basis for the coercion or requirement of the dealer to refrain from selling each affected used motor vehicle. If there is no remedy or there are no parts available from the manufacturer, factory branch, distributor, or distributor branch to remediate each affected used motor vehicle in the inventory of the dealer, the manufacturer, factory branch, distributor, or distributor branch shall (a) compensate the dealer for any affected used motor vehicle in the inventory of the dealer that it cannot sell because of such coercion or requirement

at least one percent a month or any part thereof of the cost of such used motor vehicle, including repairs and reconditioning expenses based on the financial records of the dealer, and (b) establish a written procedure to compensate dealers under this subdivision that it shall provide to dealers subject to its coercion or requirement and file with the Commissioner as a franchise document pursuant to § 46.2-1566.

Any claim for compensation by a dealer shall be submitted on a monthly basis for the amount owed pursuant to this subdivision. The manufacturer, factory branch, distributor, or distributor branch shall process and pay the claim in the same manner as a claim for warranty reimbursements as provided in § 46.2-1571. This subdivision shall not prevent a manufacturer, factory branch, distributor, or distributor branch from (1) requiring that a motor vehicle not be subject to an open recall or stop sale directive in order to be qualified, remain qualified, or be sold as a certified pre-owned vehicle or similar designation; (2) paying incentives for selling used vehicles with no unremedied recalls; or (3) paying incentives for performing recall repairs on a vehicle in the dealer's inventory.

Nothing in this subsection shall prevent a manufacturer, factory branch, distributor, or distributor branch from instructing that a dealer repair used vehicles of the line-make for which the dealer holds a franchise with an open recall, provided that the instruction does not involve coercion that imposes a penalty or provision of loss of benefits on the dealer.

3. To prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale, or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, unless the franchisor provides written notice to the dealer of its objection and the reasons therefor by certified mail or overnight delivery or other method designed to ensure delivery to the dealer at least 30 days prior to the proposed effective date of the transfer, sale, assignment, or change. No such objection shall be sufficient unless the failure to approve is reasonable. Notwithstanding the provisions of subsection D of § 46.2-1573, the only grounds that may be considered reasonable for a failure to approve are that an individual who is the applicant or is in control of an entity that is an applicant (i) lacks good moral character, (ii) lacks reasonable motor vehicle dealership management experience and qualifications, (iii) lacks financial ability to be the dealer, or (iv) fails to meet the standards otherwise established by this title to be a dealer. No such objection shall be effective to prevent the sale, transfer, assignment, or change if the Commissioner has determined, if requested in writing by the dealer within 30 days after receipt of an objection to the proposed sale, transfer, or change, and after a hearing on the matter, that the failure to permit or honor the sale, transfer, assignment, or change is unreasonable under the circumstances. No franchise may be sold, assigned, or transferred unless (a) the franchisor has been given at least 90 days' prior written notice by the dealer as to the identity, financial ability, and qualifications of the proposed transferee on forms generally utilized by the franchisor to conduct its review, as well as the full agreement for the proposed transaction, and (b) the sale or transfer of the franchise and business will not involve, without the franchisor's consent, a relocation of the business.

3a. To impose a condition on the approval of the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise if the condition would violate the provisions of this title if imposed on the existing dealer.

In the event the manufacturer, factory branch, distributor or distributor branch takes action to prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, without a statement of specific grounds for doing so that is consistent with subdivision 3 hereof or imposes a condition in violation of subdivision 3a hereof, that shall constitute a violation of this section. The existing dealer may request review of the action or imposition of the condition in a hearing by the Commissioner. If the Commissioner finds that the action or the imposition of the condition was a violation of this section, the Commissioner may order that the sale or transfer be approved by the manufacturer, factory branch, distributor, or distributor branch, without imposition of the condition. If the existing dealer does not request a hearing by the Commissioner concerning the action or the condition imposed by the manufacturer, factory branch, distributor, or distributor branch, and the action or condition was the proximate cause of the failure of the contract for the sale or transfer of ownership of the dealership, the applicant for approval of the sale or transfer or the existing dealer, or both, may commence an action at law for violation of this section. The action may be commenced in the circuit court of the city or county in which the dealer is located, or in any other circuit court with permissible venue, within two years following the action or the imposition of the condition by the manufacturer, factory branch, distributor, or distributor branch for the damages suffered by the applicant or the dealer as a result of the violation of this section by the manufacturer, factory branch, distributor, or distributor branch, plus the applicant's or dealer's reasonable attorney fees and costs of litigation. Notwithstanding the foregoing, an exercise of the right of first refusal by the manufacturer, factory branch, distributor, or distributor branch pursuant to § 46.2-1569.1 shall not be considered the imposition of a condition prohibited by this section.

4. To grant an additional franchise for a particular line-make of motor vehicle in a relevant market area in which a dealer or dealers in that line-make are already located unless the franchisor has first advised in writing all other dealers in the line-make in the relevant market area. No such additional franchise may be established at the proposed site unless the Commissioner has determined, if requested by a dealer of the same line-make in the relevant market area within 30 days after receipt of the franchisor's notice of intention to establish the additional franchise, and after a hearing on the matter, that the franchisor can show by a preponderance of the evidence that after the grant of the new franchise, the relevant market area will support all of the dealers in that line-make in the relevant market area. Establishing a franchised dealer in a relevant market area to replace a franchised dealer that has not been in operation for more than two years shall constitute the

establishment of a new franchise subject to the terms of this subdivision. The two-year period for replacing a franchised dealer shall begin on the day the franchise was terminated, or, if a termination hearing was held, on the day the franchisor was legally permitted finally to terminate the franchise. The relocation of a franchise in a relevant market area, whether by an existing dealer or by a dealer who is acquiring the franchise, shall constitute the establishment of a new franchise subject to the terms of this subdivision. This subdivision shall not apply to (i) the relocation of an existing dealer within that dealer's relevant market area if the relocation site is to be more than 10 miles distant from any other dealer for the same line-make; (ii) the relocation of an existing dealer within that dealer's relevant market area if the relocation site is to be more distant than the existing site from all other dealers of the same line-make in that relevant market area; or (iii) the relocation of an existing new motor vehicle dealer within two miles of the existing site of the relocating dealer.

5. Except as otherwise provided in this subdivision and notwithstanding the terms of any franchise, to terminate, cancel, or refuse to renew the franchise of any dealer without good cause and unless (i) the dealer and the Commissioner have received written notice of the franchisor's intentions at least 60 days prior to the effective date of such termination, cancellation, or the expiration date of the franchise, setting forth the specific grounds for the action, and (ii) the Commissioner has determined, if requested in writing by the dealer within the 60-day period prior to the effective date of such termination, cancellation, or the expiration date of the franchise and, after a hearing on the matter, that the franchisor has shown by a preponderance of the evidence that there is good cause for the termination, cancellation, or nonrenewal of the franchise. If any manufacturer, factory branch, distributor, or distributor branch takes action that will have the effect of terminating, canceling, or refusing to renew the franchise of any dealer (a) by use of a termination agreement executed by the dealer and obtained more than 90 days before the purported date of use, (b) by exercise of rights under a written option to purchase the franchise of a dealer, or (c) by exercise of rights under a site control agreement as defined in subdivision 10, that action shall be considered a termination, cancellation, or refusal to renew pursuant to the terms of this subdivision and subject to the rights, provisions, and procedures provided herein. In any case where a petition is made to the Commissioner for a determination as to good cause for the termination, cancellation, or nonrenewal of a franchise, the franchise in question shall continue in effect pending the Commissioner's decision or, if that decision is appealed to the circuit court, pending the decision of the circuit court. Where the termination, cancellation, or nonrenewal of a franchise will result from use of a termination agreement executed by the dealer and obtained more than 90 days before the purported date of use, exercise of rights under a written option to purchase the franchise of a dealer, or exercise of rights under a site control agreement as defined in subdivision 10, such use or exercise shall be stayed pending the Commissioner's decision or, if that decision is appealed to the circuit court, pending the decision of the circuit court, and its use or exercise will be allowed only where the franchisor has shown by a preponderance of the evidence that there is good cause for the termination, cancellation, or nonrenewal of the franchise. In any case in which a franchisor neither advises a dealer that it does not intend to renew a franchise nor takes any action to renew a franchise beyond its expiration date, the franchise in question shall continue in effect on the terms last agreed to by the parties. Notwithstanding the other provisions of this subdivision notice of termination, cancellation, or nonrenewal may be provided to a dealer by a franchisor not less than 15 days prior to the effective date of such termination, cancellation, or nonrenewal when the grounds for such action are any of the following:

a. Insolvency of the franchised motor vehicle dealer or filing of any petition by or against the franchised motor vehicle dealer, under any bankruptcy or receivership law, leading to liquidation or which is intended to lead to liquidation of the franchisee's business.

b. Failure of the franchised motor vehicle dealer to conduct its customary sales and service operations during its posted business hours for seven consecutive business days, except where the failure results from acts of God or circumstances beyond the direct control of the franchised motor vehicle dealer.

c. Revocation of any license which the franchised motor vehicle dealer is required to have to operate a dealership.

d. Conviction of the dealer or any principal of the dealer of a felony.

The change or discontinuance of a marketing or distribution system of a particular line-make product by a manufacturer or distributor, while the name identification of the product is continued in substantial form by the same or a different manufacturer or distributor, may be considered to be a franchise termination, cancellation, or nonrenewal. The provisions of this paragraph shall apply to changes and discontinuances made after January 1, 1989, but they shall not be considered by any court in any case in which such a change or discontinuance occurring prior to that date has been challenged as constituting a termination, cancellation or nonrenewal.

5a. To fail to provide continued parts and service support to a dealer which holds a franchise in a discontinued line-make for at least five years from the date of such discontinuance. This requirement shall not apply to a line-make which was discontinued prior to January 1, 1989.

5b. Upon the involuntary or voluntary termination, nonrenewal, or cancellation of the franchise of any dealer, by either the manufacturer, distributor, or factory branch or by the dealer, notwithstanding the terms of any franchise whether entered into before or after the enactment of this section, to fail to pay the dealer for at least the following:

(1) The dealer cost plus any charges by the franchisor for distribution, delivery, and taxes paid by the dealer, less all allowances paid to the dealer by the franchisor, for new and undamaged motor vehicles in the dealer's inventory acquired from the franchisor or from another dealer of the same line — make in the ordinary course of business within 18 months of termination;

(2) The dealer cost as shown in the price catalog of the franchisor current at the time of repurchase of each new, unused, undamaged, and unsold part or accessory if such part or accessory is in the current parts catalog and is still in the

original, resalable merchandising package and in unbroken lots, except that in the case of sheet metal, a comparable substitute for the original package may be used;

(3) The fair market value of each undamaged sign owned by the dealer that bears a trademark, trade name or commercial symbol used or claimed by the franchisor if such sign was purchased from or at the request of the franchisor;

(4) The fair market value of all special tools and automotive service equipment owned by the dealer that were recommended and designated as special tools or equipment by the franchisor, if the tools and equipment are in usable and good condition, normal wear and tear excepted; and

(5) The reasonable cost of transporting, handling, packing, and loading of motor vehicles, parts, signs, tools, and special equipment subject to repurchase hereunder.

The provisions of this subdivision do not apply to a dealer who is unable to convey clear title to the property identified in this subdivision.

For purposes of this subdivision, a voluntary termination shall not include the transfer of the terminating dealer's franchised business in connection with a transfer of that business by means of sale of the equity ownership or assets thereof to another dealer.

5c. If the termination, cancellation, or nonrenewal of the dealer's franchise is the result of the termination, elimination, or cessation of a line-make by the manufacturer, distributor, or factory branch, then, in addition to the payments to the dealer pursuant to subdivision 5b, the manufacturer, distributor, or factory branch shall be liable to the dealer for the following:

(1) An amount at least equivalent to the fair market value of the franchise for the line-make, which shall be the greater of that value determined as of (i) the date the franchisor announces the action that results in termination, cancellation, or nonrenewal, (ii) the date the action that resulted in the termination, cancellation, or nonrenewal first became general knowledge, or (iii) the day 12 months prior to the date on which the notice of termination, cancellation, or nonrenewal is issued. In determining the fair market value of a franchise for a line-make, if the line-make is not the only line-make for which the dealer holds a franchise in the dealership facilities, the dealer shall also be entitled to compensation for the contribution of the line-make to payment of the rent or to covering obligation for the fair rental value of the dealership facilities for the period set forth in subdivision 5c (2). Fair market value of the franchise for the line-make shall only include the goodwill value of the dealer's franchise for that line-make in the dealer's relevant market area.

(2) If the line-make is the only line-make for which the dealer holds a franchise in the dealership facilities, the manufacturer, distributor, or factory branch shall also pay assistance with respect to the dealership facilities leased or owned by the dealer as follows: (i) the manufacturer, distributor, or factory branch shall pay the dealer a sum equivalent to the rent for the unexpired term of the lease or three years' rent, whichever is the lesser, or (ii) if the dealer owns the dealership facilities, the manufacturer, distributor, or factory branch shall pay the dealer a sum equivalent to the reasonable rental value of the dealership facilities for three years.

To be entitled to facilities assistance from the manufacturer, distributor, or factory branch, the dealer shall have the obligation to mitigate damages by listing the dealership facilities for lease or sublease with a licensed real estate agent within 30 days after the effective date of the termination of the franchise and thereafter by reasonably cooperating with such real estate agent in the performance of the agent's duties and responsibilities. If the dealer is able to lease or sublease the dealership facilities on terms that are consistent with local zoning requirements to preserve the right to sell motor vehicles from the dealership facilities and the terms of the dealer's lease, the dealer shall be obligated to pay the manufacturer the net revenue received from such mitigation, but only following receipt of facilities assistance payments pursuant to clause (i) or (ii) of subdivision 5c (2), and only up to the total amount of facilities assistance payments that the dealer has received.

6. To fail to allow a dealer the right at any time to designate a member of his family as a successor to the dealership in the event of the death or incapacity of the dealer. Such designation may be made by the dealer or, in the event of the death or incapacity of the dealer, by the qualified executor or personal representative of the dealer. It shall be unlawful to prevent or refuse to honor the succession to a dealership by a member of the family of a deceased or incapacitated dealer if the franchisor has not provided to the member of the family designated the dealer's successor written notice of its objections to the succession and of such person's right to seek a hearing on the matter before the Commissioner pursuant to this article, and the Commissioner determines, if requested in writing by such member of the family within 30 days of receipt of such notice from the franchisor, and after a hearing on the matter before the Commissioner pursuant to this article, that the failure to permit or honor the succession is unreasonable under the circumstances. No member of the family may succeed to a franchise unless (i) the franchisor has been given written notice as to the identity, financial ability, and qualifications of the member of the family in question, and (ii) the succession to the franchise will not involve, without the franchisor's consent, a relocation of the business.

7. To delay, refuse, or fail to deliver to any dealer, if ordered by the dealer, in reasonable quantities and within a reasonable time, any new vehicles of each series and model sold or distributed by the franchisor as covered by such franchise and which are publicly advertised by the manufacturer, factory branch, distributor, or distributor branch in the Commonwealth to be available for immediate delivery, provided, however, that the failure to deliver any motor vehicle shall not be considered a violation of this chapter if such failure is due to an act of God, a work stoppage or delay due to a strike or labor difficulty, a shortage of materials, a lack of available manufacturing capacity, a freight embargo, or other cause over which the manufacturer, factory branch, distributor, or distributor branch shall have no control. If ordered by a dealer, a franchisor shall deliver an equitable supply of new vehicles during the model year of each series and model under the dealer's franchise in proportion to the sales objectives or goals established by the franchisor for the dealer compared to the

sales objectives or goals established by the other same line-make dealers in the Commonwealth, provided, however, that the failure to deliver any motor vehicle shall not be considered a violation of this chapter if such failure is due to a cause over which the manufacturer, factory branch, distributor, or distributor branch shall have no control. Upon the written request of any dealer holding its sales or sales and service franchise, the manufacturer or distributor shall disclose to the dealer in writing the basis upon which new motor vehicles of the same line-make are allocated, scheduled, and delivered to dealers in the Commonwealth, and the basis upon which the current allocation or distribution is being made or will be made to such dealer. In the event that allocation is at issue in a request for a hearing, the dealer may demand the Commissioner to direct that the manufacturer or distributor provide to the dealer, within 30 days of such demand, all records of sales and all records of distribution of all motor vehicles to the same line-make dealers who compete with the dealer requesting the hearing.

7a. To fail or refuse to offer to its same line-make franchised dealers all models manufactured for the line-make, or require a dealer to pay any extra fee, or remodel, renovate, or recondition the dealer's existing facilities, or purchase unreasonable advertising displays or other materials as a prerequisite to receiving a model or a series of vehicles.

7b. To require or otherwise coerce a dealer to underutilize the dealer's facilities by requiring or otherwise coercing a dealer to exclude or remove from the dealer's facilities operations for selling or servicing of a line-make of vehicles for which the dealer has a franchise agreement to utilize the facilities.

7c. To require a dealer to purchase goods or services from a vendor selected, identified, or designated by a manufacturer, factory branch, distributor, distributor branch, or one of its affiliates by agreement, program, incentive provision, or otherwise without making available to the dealer the option to obtain the goods or services of substantially similar quality from a vendor chosen by the dealer. For purposes of this subdivision, the term "goods" does not include moveable displays, brochures, and promotional materials containing material subject to intellectual property rights of, or special tools and training as required by the manufacturer, or parts to be used in repairs under warranty obligations of, a manufacturer, factory branch, distributor, or distributor branch.

7d. To fail to provide a notice to a dealer when notifying it of the requirement to purchase goods or services from a vendor selected, identified, or designated by a manufacturer, factory branch, distributor, or distributor branch of the dealer's rights pursuant to subdivision 7c.

7e. To fail to provide to a dealer, when the manufacturer, factory branch, distributor, or distributor branch claims that a vendor chosen by the dealer cannot supply goods and services of substantially similar quality, a disclosure concerning the vendor selected, identified, or designated by the franchisor stating (i) whether the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates, or any officer, director, or employee of the same, has an ownership interest, actual or beneficial, in the vendor and, if so, the percentage of the ownership interest and (ii) whether the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates has an agreement or arrangement by which the vendor pays to the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates, or any officer, director, or employee of the same, any compensation and, if so, the basis and amount of the compensation to be paid as a result of any purchases by the dealer, whether it is to be paid by direct payment by the vendor or by credit from the vendor for the benefit of the recipient.

7f. To fail to provide to a dealer, if the goods and services to be supplied to the dealer by a vendor selected, identified, or designated by the manufacturer, factory branch, distributor, or distributor branch are signs or other franchisor image elements to be leased to the dealer, the right to purchase the signs or other franchisor image elements of like kind and quality from a vendor selected by the dealer. If the vendor selected by the manufacturer, factory branch, distributor, or distributor branch is the only available vendor, the dealer must be given the opportunity to purchase the signs or other franchisor image elements at a price substantially similar to the capitalized lease costs thereof. This subdivision shall not be construed to allow a dealer to impair or eliminate the intellectual property rights of the manufacturer, factory branch, distributor, or distributor branch, nor to permit a dealer to erect or maintain signs that do not conform to the intellectual property usage guidelines of the manufacturer, factory branch, distributor, or distributor branch.

8. To include in any franchise with a motor vehicle dealer terms that are contrary to, prohibited by, or otherwise inconsistent with the requirements of this chapter.

8a. For any franchise agreement, to require a motor vehicle dealer to pay the attorney fees of the manufacturer or distributor related to hearings and appeals brought under this article.

9. To fail to include in any franchise with a motor vehicle dealer the following language: "If any provision herein contravenes the laws or regulations of any state or other jurisdiction wherein this agreement is to be performed, or denies access to the procedures, forums, or remedies provided for by such laws or regulations, such provision shall be deemed to be modified to conform to such laws or regulations, and all other terms and provisions shall remain in full force," or words to that effect.

10. To enter into any agreement with a motor vehicle dealer in which the manufacturer, factory branch, distributor, distributor branch, or one of its affiliates is given site control over the premises of a dealer that does not terminate upon the occurrence of any of the following events: (i) the right of the franchisor to manufacture or distribute the line-make of vehicles covered by the dealer's franchise is sold, assigned, or otherwise transferred by the manufacturer, factory branch, distributor, or distributor branch to another; (ii) the final termination of the dealer's franchise for any reason; or (iii) the manufacturer, factory branch, distributor, or distributor branch of its affiliate fails for any reason to exercise its right of first refusal to purchase the assets or ownership of the business of the dealer when given the opportunity to do so by virtue of its franchise agreement, another agreement, or as set forth in § 46.2-1569. For purposes of this subdivision, the term "site

control" shall mean the contractual right to control in any way the commercial use and development of the premises upon which a dealer's business operations are located, including the right to approve of additional or different uses for the property beyond those of its franchise, the right to lease or sublease the dealer's property, or the right or option to purchase the dealer's property.

11. To require or coerce a motor vehicle dealer, whether by agreement, program, incentive provision, or otherwise, to submit or to provide a manufacturer, factory branch, distributor, or distributor branch access to consumer data maintained by the dealer (i) by any method that violates or would violate the dealer's chosen policies and processes for complying with obligations to protect consumer data under laws of the United States or the Commonwealth or (ii) through franchisor access to the computer database of the dealer if the dealer chooses to submit data specified by the franchisor.

The manufacturer, factory branch, distributor, or distributor branch shall provide a dealer the right to cancel the dealer's participation in a program under which the dealer provides consumer data or access to data to the manufacturer, factory branch, distributor, or distributor branch, provided that a manufacturer, factory branch, distributor, or distributor branch may require notice of up to 60 days of the dealer's decision to cancel the dealer's participation.

If a manufacturer, factory branch, distributor, or distributor branch offers incentives or other payments under a program offered after July 1, 2015, excluding any continuation, renewal, or modification of any existing program, and available to more than one dealer in the Commonwealth that are premised wholly or in part on dealer participation in manufacturer, factory branch, distributor, or distributor branch programs under which consumer data is provided to or accessed by the manufacturer, factory branch, distributor, or distributor branch, a dealer that exercises its rights under this subdivision shall be deemed to be in compliance with the program requirements pertaining to providing consumer data, provided that the dealer has otherwise met program requirements to the extent of providing any consumer data that is not nonpublic personal information.

It shall not constitute a violation of this subdivision for a manufacturer, factory branch, distributor, or distributor branch to require a motor vehicle dealer to provide data (a) concerning a new motor vehicle sale or used motor vehicle sale under a manufacturer certification program, (b) to validate a customer or dealer incentive, (c) to calculate dealer or market sales or evaluate service performance or customer satisfaction to facilitate analysis of product quality and market feedback, (d) to facilitate warranty service work on a vehicle, (e) concerning information with respect to recall repairs or information about a recalled vehicle, (f) pursuant to a mutual agreement between a manufacturer, factory branch, distributor, or distributor branch and a dealer, or (g) where consumer data is reasonably necessary to enable a manufacturer, factory branch, distributor, or distributor branch to provide programs, products, or services to a dealer.

A dealer that elects to submit or push data or information to the manufacturer, factory branch, distributor, or distributor branch through any method other than that provided by the manufacturer, factory branch, distributor, or distributor branch shall timely obtain and furnish the requested data in a widely accepted electronic file format. A manufacturer, factory branch, distributor, or distributor branch shall not impose a fee, surcharge, or charge of any type on a dealer that chooses to submit data specified by the manufacturer, factory branch, distributor, or distributor branch rather than provide the manufacturer, factory branch, distributor, or distributor branch access to the dealer's computer database.

§ 46.2-1571. Recall, warranty, and sales incentive obligations.

A. Each motor vehicle manufacturer, factory branch, distributor, or distributor branch shall (i) specify in writing to each of its motor vehicle dealers licensed in the Commonwealth the dealer's obligations for preparation, delivery, *recall*, and warranty service on its products and (ii) compensate the dealer for *recall* or warranty parts, service, and diagnostic work required of the dealer by the manufacturer or distributor as follows:

1. Compensation of a dealer for *recall* or warranty parts, service, and diagnostic work shall not be less than the amounts charged by the dealer for the manufacturer's or distributor's original parts, service, and diagnostic work to retail customers for nonwarranty service, parts, and diagnostic work installed or performed in the dealer's service department unless the amounts are not reasonable. ~~Warranty~~ *Recall or warranty* parts compensation shall be stated as a percentage of markup, which shall be an agreed reasonable approximation of retail markup and which shall be uniformly applied to all of the manufacturer's or distributor's parts unless otherwise provided for in this section. If the dealer and manufacturer or distributor cannot agree on the *recall* or warranty parts compensation markup to be paid to the dealer, the markup shall be determined by an average of the dealer's retail markup on all of the manufacturer's or distributor's parts as described in subdivisions 2 and 3.

2. For purposes of determining *recall* or warranty parts and service compensation paid to a dealer by the manufacturer or distributor, menu-priced parts or services, group discounts, special event discounts, and special event promotions shall not be considered in determining amounts charged by the dealer to retail customers. For purposes of determining labor compensation for *recall* or warranty body shop repairs paid to a dealer by the manufacturer or distributor, internal and insurance-paid repairs shall not be considered in determining amounts charged by the dealer to retail customers.

3. Increases in dealer *recall* or warranty parts and service compensation and diagnostic work compensation, pursuant to this section, shall be requested by the dealer in writing, shall be based on 100 consecutive repair orders or all repair orders over a 90-day period, whichever occurs first, and, in the case of parts, shall be stated as a percentage of markup that shall be uniformly applied to all the manufacturer's or distributor's parts.

4. In the case of *recall* or warranty parts compensation, the provisions of this subsection shall be effective only for model year 1992 and succeeding model years.

5. If a manufacturer or distributor furnishes a part to a dealer at no cost for use by the dealer in performing work for which the manufacturer or distributor is required to compensate the dealer under this section, the manufacturer or distributor shall compensate the dealer for the part in the same manner as *recall or warranty parts compensation*, less the wholesale costs, for such part as listed in the manufacturer's current price schedules. A manufacturer or distributor may pay the dealer a reasonable handling fee instead of the compensation otherwise required by this subsection for special high-performance complete engine assemblies in limited production motor vehicles that constitute less than five percent of model production furnished to the dealer at no cost, if the manufacturer or distributor excludes such special high-performance complete engine assemblies in determining whether the amounts requested by the dealer for *recall or warranty compensation* are consistent with the amounts that the dealer charges its other retail service customers for parts used by the dealer to perform similar work.

6. In the case of service work, manufacturer original parts or parts otherwise specified by the manufacturer or distributor, and parts provided by a dealer either pursuant to an adjustment program as defined in § 59.1-207.34 or as otherwise requested by the manufacturer or distributor, the dealer shall be compensated in the same manner as for *recall or warranty service or parts*.

This section does not apply to compensation for parts such as components, systems, fixtures, appliances, furnishings, accessories, and features that are designed, used, and maintained primarily for nonvehicular, residential purposes. ~~Warranty~~ *Recall, warranty*, and sales incentive audits of dealer records may be conducted by the manufacturer, factory branch, distributor, or distributor branch on a reasonable basis, and dealer claims for *recall, warranty, or sales incentive compensation* shall not be denied except for good cause, such as performance of nonwarranty repairs, lack of material documentation, fraud, or misrepresentation. A dealer's failure to comply with the specific requirements of the manufacturer or distributor for processing the claim shall not constitute grounds for the denial of the claim or reduction of the amount of compensation to the dealer as long as reasonable documentation or other evidence has been presented to substantiate the claim. The manufacturer, factory branch, distributor, or distributor branch shall not deny a claim or reduce the amount of compensation to the dealer for *recall or warranty repairs* to resolve a condition discovered by the dealer during the course of a separate repair requested by the customer *or to resolve a condition on the basis of advice or recommendation by the dealer*. Claims for dealer compensation shall be paid within 30 days of dealer submission or within 30 days of the end of an incentive program or rejected in writing for stated reasons. The manufacturer, factory branch, distributor, or distributor branch shall reserve the right to reasonable periodic audits to determine the validity of all such paid claims for dealer compensation. Any chargebacks for *recall or warranty parts or service compensation and service incentives* shall only be for the six-month period immediately following the date of the claim and, in the case of chargebacks for sales compensation only, for the six-month period immediately following the date of claim. However, such limitations shall not be effective if a manufacturer, factory branch, distributor, or distributor branch has reasonable cause to believe that a claim submitted by a dealer is intentionally false or fraudulent. For purposes of this section, "reasonable cause" means a bona fide belief based upon evidence that the material issues of fact are such that a person of ordinary caution, prudence, and judgment could believe that a claim was intentionally false or fraudulent. A dealer shall not be charged back or otherwise liable for sales incentives or charges related to a motor vehicle sold by the dealer to a purchaser other than a licensed, franchised motor vehicle dealer and subsequently exported or resold, unless the manufacturer, factory branch, distributor, or distributor branch can demonstrate by a preponderance of the evidence that the dealer should have known of and did not exercise due diligence in discovering the purchaser's intention to export or resell the motor vehicle.

B. It shall be unlawful for any motor vehicle manufacturer, factory branch, distributor, or distributor branch to:

1. Fail to perform any of its *recall or warranty obligations*, including tires, with respect to a motor vehicle;
2. Fail to assume all responsibility for any liability resulting from structural or production defects;
3. Fail to include in written notices of factory recalls to vehicle owners and dealers the expected date by which necessary parts and equipment will be available to dealers for the correction of defects;
4. Fail to compensate any of the motor vehicle dealers licensed in the Commonwealth for repairs effected by the dealer of merchandise damaged in manufacture or transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch;
5. Fail to fully compensate its motor vehicle dealers licensed in the Commonwealth for *recall or warranty parts, work, and service* pursuant to subsection A either by reduction in the amount due to the dealer or by separate charge, surcharge, or other imposition by which the motor vehicle manufacturer, factory branch, distributor, or distributor branch seeks to recover its costs of complying with subsection A, or for legal costs and expenses incurred by such dealers in connection with *recall or warranty obligations* for which the manufacturer, factory branch, distributor, or distributor branch is legally responsible or which the manufacturer, factory branch, distributor, or distributor branch imposes upon the dealer;
6. Misrepresent in any way to purchasers of motor vehicles that warranties with respect to the manufacture, performance, or design of the vehicle are made by the dealer, either as warrantor or co-warrantor;
7. Require the dealer to make warranties to customers in any manner related to the manufacture, performance, or design of the vehicle;
8. Shift or attempt to shift to the motor vehicle dealer, directly or indirectly, any liabilities of the manufacturer, factory branch, distributor or distributor branch under the Virginia Motor Vehicle Warranty Enforcement Act (§ 59.1-207.9 et seq.), unless such liability results from the act or omission by the dealer; or

9. Deny any dealer the right to return any part or accessory that the dealer has not sold within 12 months where the part or accessory was not obtained through a specific order initiated by the dealer but instead was specified for, sold to and shipped to the dealer pursuant to an automated ordering system, provided that such part or accessory is in the condition required for return to the manufacturer, factory branch, distributor, or distributor branch, and the dealer returns the part within 30 days of it becoming eligible under this subdivision. For purposes of this subdivision, an "automated ordering system" shall be a computerized system that automatically specifies parts and accessories for sale and shipment to the dealer without specific order thereof initiated by the dealer. The manufacturer, factory branch, distributor, or distributor branch shall not charge a restocking or handling fee for any part or accessory being returned under this subdivision. This subdivision shall not apply if the manufacturer, factory branch, distributor, or distributor branch has available to the dealer an alternate system for ordering parts and accessories that provides for shipment of ordered parts and accessories to the dealer within the same time frame as the dealer would receive them when ordered through the automated ordering system.

C. Notwithstanding the terms of any franchise, it shall be unlawful for any motor vehicle manufacturer, factory branch, distributor, or distributor branch to fail to indemnify and hold harmless its motor vehicle dealers against any losses or damages arising out of complaints, claims, or suits relating to the manufacture, assembly, or design of motor vehicles, parts, or accessories, or other functions by the manufacturer, factory branch, distributor, or distributor branch beyond the control of the dealer, including, without limitation, the selection by the manufacturer, factory branch, distributor, or distributor branch of parts or components for the vehicle or any damages to merchandise occurring in transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch. The dealer shall notify the manufacturer of pending suits in which allegations are made that come within this subsection whenever reasonably practicable to do so. Every motor vehicle dealer franchise issued to, amended, or renewed for motor vehicle dealers in Virginia shall be construed to incorporate provisions consistent with the requirements of this subsection.

D. On any new motor vehicle, any uncorrected damage or any corrected damage exceeding three percent of the manufacturer's or distributor's suggested retail price as defined in 15 U.S.C. §§ 1231 -1233, as measured by retail repair costs, must be disclosed to the dealer in writing prior to delivery. Factory mechanical repair and damage to glass, tires, and bumpers are excluded from the three percent rule when properly replaced by identical manufacturer's or distributor's original equipment or parts. Whenever a new motor vehicle is damaged in transit, when the carrier or means of transportation is determined by the manufacturer or distributor, or whenever a motor vehicle is otherwise damaged prior to delivery to the new motor vehicle dealer, the new motor vehicle dealer shall:

1. Notify the manufacturer or distributor of the damage within three business days from the date of delivery of the new motor vehicle to the new motor vehicle dealership or within the additional time specified in the franchise; and

2. Request from the manufacturer or distributor authorization to replace the components, parts, and accessories damaged or otherwise correct the damage, unless the damage to the vehicle exceeds the three percent rule, in which case the dealer may reject the vehicle within three business days.

E. If the manufacturer or distributor refuses or fails to authorize correction of such damage within 10 days after receipt of notification, or if the dealer rejects the vehicle because damage exceeds the three percent rule, ownership of the new motor vehicle shall revert to the manufacturer or distributor, and the new motor vehicle dealer shall have no obligation, financial or otherwise, with respect to such motor vehicle. Should either the manufacturer, distributor, or the dealer elect to correct the damage or any other damage exceeding the three percent rule, full disclosure shall be made by the dealer in writing to the buyer and an acknowledgement by the buyer is required. If there is less than three percent damage, no disclosure is required, provided the damage has been corrected. Predelivery mechanical work shall not require a disclosure. Failure to disclose any corrected damage within the knowledge of the selling dealer to a new motor vehicle in excess of the three percent rule shall constitute grounds for revocation of the buyer order, provided that, within 30 days of purchase, the motor vehicle is returned to the dealer with an accompanying written notice of the grounds for revocation. In case of revocation pursuant to this section, the dealer shall accept the vehicle and refund any payments made to the dealer in connection with the transaction, less a reasonable allowance for the consumer's use of the vehicle as defined in § 59.1-207.11. Nothing in this section shall be construed to exempt from the provisions of this section damage to a new motor vehicle that occurs following delivery of the vehicle to the dealer.

F. If there is a dispute between the manufacturer, factory branch, distributor, or distributor branch and the dealer with respect to any matter referred to in subsection A, B, or C, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing. The decision of the Commissioner shall be binding on the parties, subject to rights of judicial review and appeal as provided in Chapter 40 (§ 2.2-4000 et seq.) of Title 2.2. However, nothing contained in this section shall give the Commissioner any authority as to the content or interpretation of any manufacturer's or distributor's warranty. A manufacturer, factory branch, distributor, or distributor branch may not collect chargebacks, fully or in part, either through direct payment or by charge to the dealer's account, for *recall* or warranty parts or service compensation, including service incentives, sales incentives, other sales compensation, surcharges, fees, penalties, or any financial imposition of any type arising from an alleged failure of the dealer to comply with a policy of, directive from, or agreement with the manufacturer, factory branch, distributor, or distributor branch until 40 days following final notice of the amount charged to the dealer following all internal processes of the manufacturer, factory, factory branch, distributor, or distributor branch. Within 30 days following receipt of such final notice, the dealer may petition the Commissioner, in writing, for a hearing. If a dealer requests such a hearing, the manufacturer, factory branch, distributor, or distributor branch may not collect the chargeback, fully or in part, either

through direct payment or by charge to the dealer's account, until the completion of the hearing and a final decision of the Commissioner concerning the validity of the chargeback.

§ 46.2-1572.4. Manufacturer or distributor use of performance standards.

A. Any performance standard or program that is used by a manufacturer or distributor for measuring dealership performance and may have a material effect on a dealer, and the application of any such standard or program by a manufacturer or distributor, shall be fair, reasonable and equitable, and if based upon a survey, shall be based upon a statistically valid sample. Upon the request of any dealer, a manufacturer or distributor shall disclose in writing to the dealer a description of how a performance standard or program is designed and all relevant information used in the application of the performance standard or program to that dealer.

B. *A manufacturer or distributor shall not use any data, calculations, or statistical determinations of the sales performance of a dealer for any purpose, including (i) loss of incentive payments or other benefits, (ii) claim of breach or threats thereof, or (iii) notice of termination or threats thereof for the period of time the manufacturer, factory branch, distributor, or distributor branch has established an agreement, program, incentive program, or provision for loss of incentive payments or other benefits that causes a dealer to refrain from selling any used motor vehicle subject to (a) recall, (b) stop sale directive, (c) technical service bulletin, or (d) other manufacturer, factory branch, distributor, or distributor branch notification to perform work on a dealer's used motor vehicles in its inventory when there is no remedy or there are no parts to remediate each such affected used motor vehicle from the manufacturer, factory branch, distributor, or distributor branch and for 90 days after the termination of such agreement, program, incentive program, or provision for loss of incentive payments or other benefits.*

The data on which the manufacturer or distributor seeks to rely under this subsection shall only be for a period or periods not excluded under this subsection. For any performance standard or program that is used by a manufacturer or distributor for measuring dealership performance during the period or periods excluded under this subsection, a dealer shall be deemed in compliance with any such program requirements related to sales performance or sales or service customer satisfaction performance of a dealer.

This subsection shall not prevent a manufacturer, factory branch, distributor, or distributor branch from (1) requiring that a motor vehicle not be subject to an open recall or stop sale directive in order to be qualified, remain qualified, or be sold as a certified pre-owned vehicle or similar designation; (2) paying incentives for selling used vehicles with no unremedied recalls; (3) paying incentives for performing recall repairs on a vehicle in the dealer's inventory; or (4) instructing that a dealer repair used vehicles of the line-make for which the dealer holds a franchise with an open recall, provided that the instruction does not involve coercion that imposes a penalty or provision of loss of benefits on the dealer.

C. *A dealer may apply to the manufacturer, factory branch, distributor, or distributor branch for adjustment to data, calculations, or statistical determinations of sales performance or sales and service customer satisfaction performance for any period of time that such dealer has at least five percent of its new motor vehicle inventory subject to a recall or stop sale directive and for 90 days after the end of such period of time. Within 30 days of application for adjustment, the manufacturer, factory branch, distributor, or distributor branch shall use reasonable efforts to review and adjust the data, calculations, or other statistical determinations back to the date that the dealer was prevented from selling the new motor vehicles. A dealer applying for adjustment shall have the burden of showing that the prevention of sale had a material, adverse impact on such dealer's new vehicle sales performance or sales and service customer satisfaction performance, and the adjustments by the manufacturer, factory branch, distributor, or distributor branch shall use reasonable efforts to remediate the effect of the impact shown on the data, calculations, or statistical determinations of sales performance or sales and service customer satisfaction performance.*

The manufacturer shall take into consideration any adjustments to a dealer's new vehicle sales performance or sales and service customer satisfaction performance made by the manufacturer under this subsection in determining a dealer's compliance with a manufacturer performance standard or program.

CHAPTER 535

An Act to amend and reenact § 33.2-3100 of the Code of Virginia, relating to composition of the Washington Metropolitan Area Transit Authority Compact of 1966.

[S 710]

Approved March 29, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 33.2-3100 of the Code of Virginia is amended and reenacted as follows:

§ 33.2-3100. Washington Metropolitan Area Transit Authority Compact of 1966.

§ 3. Whereas, Maryland, Virginia and the District of Columbia heretofore have entered into the Washington Metropolitan Area Transit Regulation Compact (Virginia—Ch. 627, 1958 Acts of Assembly; Maryland—Ch. 613, Acts of General Assembly 1959; District of Columbia—Resolution of the Board of Commissioners adopted December 22, 1960), with the consent of the Congress (J.R., September 15, 1960, P.L., 86-794, 74 Stat. 1031, as amended by 76 Stat. 764), as a first step toward the improvement of transit service in the metropolitan area of Washington, D.C.;

Whereas, in said Compact each of the Signatories pledged to each of the other signatory parties faithful cooperation in the solution and control of transit and traffic problems within said metropolitan area and, in order to effect such purposes, agreed to enact any necessary legislation to achieve the objectives of the Compact to the mutual benefit of the citizens living within said metropolitan area and for the advancement of the interests of the Signatories;

Whereas, it has been established by a decade of studies that a regional system of improved and expanded transit facilities, including grade-separated rail facilities in congested areas, is essential in said metropolitan area for the satisfactory movement of people and goods, the alleviation of present and future traffic congestion, the economic welfare and vitality of all parts of the area, the effectiveness of the departments and agencies of the federal government located within the area, the orderly growth and development of the District of Columbia and the Maryland and Virginia portions of the area, the comfort and convenience of the residents of and visitors to the area, and the preservation of the beauty and dignity of the Nation's Capital;

Whereas, the Congress has authorized Maryland, Virginia and the District of Columbia to negotiate a Compact for the establishment of an organization empowered to provide necessary transit facilities (P.L. 86-669, 74 Stat. 537) and in said legislation declared the policy, inter alia, that the development and administration of such transit facilities requires (1) cooperation among the federal, state and local government of the area, (2) financial participation by the federal government in the creation of major facilities that are beyond the financial capacity or borrowing powers of the private carriers, the District of Columbia and the local governments of the area, and (3) coordination of transit facilities with other public facilities and with the use of land, public and private;

Whereas, private transit companies should be utilized to the extent practicable in providing the regional transit facilities and services, consistent with the requirements of the public interest that the publicly and privately owned facilities be operated as a coordinated regional system without unnecessary duplicating services;

Whereas, adequate provision should be made for the protection of transit labor in the development and operation of the regional system;

Whereas, adequate provisions should be made to eliminate any requirement of additional authentication of manual signature of bonds guaranteed by the United States of America; and

Whereas, it is hereby determined that an Authority to be created by interstate compact between the District of Columbia, the State of Maryland and the Commonwealth of Virginia, is the most suitable form of organization to achieve the stated objectives;

Now, therefore, the District of Columbia, the State of Maryland and the Commonwealth of Virginia, hereinafter referred to as Signatories, do hereby amend the Washington Metropolitan Area Transit Regulation Compact by adding thereto Title III, as hereinafter set forth, and do hereby covenant and agree substantially, as follows:

(d) The inspector general shall report to the Board and head the Office of the Inspector General, an independent and objective unit of the Authority that conducts and supervises audits, program evaluations, and investigations relating to Authority activities; promotes economy, efficiency, and effectiveness in Authority activities; detects and prevents fraud and abuse in Authority activities; and keeps the Board fully and currently informed about deficiencies in Authority activities as well as the necessity for and progress of corrective action.

(3a.) offer money or any thing of value for or in consideration of obtaining an appointment, promotion or privilege in his employment with the Authority.

(b) Any Director, officer or employee who shall willfully violate any provision of this section shall, in the discretion of the Board, forfeit his office or employment.

(c) Any contract or agreement made in contravention of this section may be declared void by the Board.

(d) Nothing in this section shall be construed to abrogate or limit the applicability of any federal or state law which may be violated by any action prescribed by this section.

Article IV Pledge of Cooperation

11. Each Signatory pledges to each other faithful cooperation in the achievement of the purposes and objects of this Title.

Article V General Powers

Enumeration

(a) Sue and be sued;

Article VI Planning

Mass Transit Plan

13. (a) The Board shall develop and adopt, and may from time to time review and revise, a mass transit plan for the immediate and long-range needs of the Zone. The mass transit plan shall include one or more plans designating (1) the transit facilities to be provided by the Authority, including the locations of terminals, stations, platforms, parking facilities and the character and nature thereof; (2) the design and location of such facilities; (3) whether such facilities are to be constructed or acquired by lease, purchase or condemnation; (4) a timetable for the provision of such facilities; (5) the anticipated capital cost; (6) estimated operating expenses and revenues relating thereto; and (7) the various other factors and considerations, which, in the opinion of the Board, justify and require the projects therein proposed. Such plan shall specify the type of equipment to be utilized, the areas to be served, the routes and schedules of service expected to be provided and probable fares and charges therefor.

(b) In preparing the mass transit plan, and in any review or revision thereof, the Board shall make full utilization of all data, studies, reports and information available from the National Capital Transportation Agency and from any other agencies of the federal government, and from Signatories and the political subdivisions thereof.

Planning Process

14. (a) The mass transit plan, and any revisions, alterations or amendments thereof, shall be coordinated, through the procedures hereinafter set forth, with

(1) other plans and programs affecting transportation in the Zone in order to achieve a balanced system of transportation, utilizing each mode to its best advantage;

(2) the general plan or plans for the development of the Zone; and

(3) the development plans of the various political subdivisions embraced within the Zone.

(b) It shall be the duty and responsibility of each member of the Board to serve as liaison between the Board and the body which appointed him to the Board. To provide a framework for regional participation in the planning process, the Board shall create technical committees concerned with planning and collection and analyses of data relative to decision-making in the transportation planning process and the Mayor and Council of the District of Columbia, the component governments of the Northern Virginia Transportation District and the Washington Suburban Transit District shall appoint representatives to such technical committees and otherwise cooperate with the Board in the formulation of a mass transit plan, or in revisions, alterations or amendments thereof.

(c) The Board, in the preparation, revision, alteration or amendment of a mass transit plan, shall

(1) consider data with respect to current and prospective conditions in the Zone, including, without limitation, land use, population, economic factors affecting development plans, goals or objectives for the development of the Zone and the separate political subdivisions, transit demands to be generated by such development, travel patterns, existing and proposed transportation and transit facilities, impact of transit plans on the dislocation of families and businesses, preservation of the beauty and dignity of the Nation's Capital, factors affecting environmental amenities and aesthetics and financial resources;

(2) cooperate with and participate in any continuous, comprehensive transportation planning process cooperatively established by the highway agencies of the Signatories and the local political subdivisions in the Zone to meet the planning standards now or hereafter prescribed by the Federal-Aid Highway Acts; and

(3) to the extent not inconsistent with or duplicative of the planning process specified in subdivision (2) of this subsection (c), cooperate with the National Capital Planning Commission, the National Capital Regional Planning Council, the Washington Metropolitan Council of Governments, the Washington Metropolitan Area Transit Commission, the highway agencies of the Signatories, the Maryland-National Capital Park and Planning Commission, the Northern Virginia Regional Planning and Economic Development Commission, the Maryland State Planning Department and the Commission of Fine Arts. Such cooperation shall include the creation, as necessary, of technical committees composed of personnel, appointed by such agencies, concerned with planning and collection and analysis of data relative to decision-making in the transportation planning process.

Adoption of Mass Transit Plan

15. (a) Before a mass transit plan is adopted, altered, revised or amended, the Board shall transmit such proposed plan, alteration, revision or amendment for comment to the following and to such other agencies as the Board shall determine:

- (1) the Mayor and Council of the District of Columbia, the Northern Virginia Transportation Commission and the Washington Suburban Transit Commission;
- (2) the governing bodies of the counties and cities embraced within the Zone;
- (3) the transportation agencies of the Signatories;
- (4) the Washington Metropolitan Area Transit Commission;
- (5) the Washington Metropolitan Council of Governments;
- (6) the National Capital Planning Commission;
- (7) the National Capital Regional Planning Council;
- (8) the Maryland-National Capital Park and Planning Commission;
- (9) the Northern Virginia Regional Planning and Economic Development Commission;
- (10) the Maryland State Planning Department; and
- (11) the private transit companies operating in the Zone and the Labor Unions representing the employees of such companies and employees of contractors providing services under operating contracts.

(b) A copy of the proposed mass transit plan, amendment or revision, shall be kept at the office of the Board and shall be available for public inspection. Information with respect thereto shall be released to the public. After thirty days' notice published once a week for two successive weeks in one or more newspapers of general circulation within the Zone, a public hearing shall be held with respect to the proposed plan, alteration, revision or amendment. The thirty days' notice shall begin to run on the first day the notice appears in any such newspaper. The Board shall consider the evidence submitted and statements and comments made at such hearing and may make any changes in the proposed plan, amendment or revision which it deems appropriate and such changes may be made without further hearing.

Article VII Financing

Policy

16. With due regard for the policy of Congress for financing a mass transit plan for the Zone set forth in Section 204 (g) of the National Capital Transportation Act of 1960 (74 Stat. 537), it is hereby declared to be the policy of this Title that, as far as possible, the payment of all costs shall be borne by the persons using or benefiting from the Authority's facilities and services and any remaining costs shall be equitably shared among the federal, District of Columbia and participating local governments in the Zone. The allocation among such governments of such remaining cost shall be determined by agreement among them and shall be provided in the manner hereinafter specified.

Plan of Financing

17. (a) The Authority, in conformance with said policy, shall prepare and adopt a plan for financing the construction, acquisition and operation of facilities specified in a mass transit plan adopted pursuant to Article VI hereof, or in any alteration, revision or amendment thereof. Such plan of financing shall specify the facilities to be constructed or acquired, the cost thereof, the principal amount of revenue bonds, equipment trust certificates and other evidences of debt proposed to be issued, the principal terms and provisions of all loans and underlying agreements and indentures, estimated operating expenses and revenues and the proposed allocation among the federal, District of Columbia and participating local governments of the remaining costs and deficits, if any, and such other information as the Commission may consider appropriate.

(b) Such plan of financing shall constitute a proposal to the interested governments for financial participation and shall not impose any obligation on any government and such obligations shall be created only as provided in § 18 of this Article VII.

Commitments for Financial Participation

18. (a) Commitments on behalf of the portion of the Zone located in Virginia shall be by contract or agreement by the Authority with the Northern Virginia Transportation District, or its component governments, as authorized in the Transportation District Act of 1964 (Ch. 631, 1964 Virginia Acts of Assembly), to contribute to the capital required for the construction and/or acquisition of facilities specified in a mass transit plan adopted as provided in Article VI, or any alteration, revision or amendment thereof, and for meeting expenses and obligations in the operation of such facilities. No such contract or agreement, however, shall be entered into by the Authority with the Northern Virginia Transportation District unless said District has entered into the contracts or agreements with its member governments, as contemplated by § 1 (b)(4) of Article 4 of said Act, which contracts or agreements expressly provide that such contracts or agreements shall inure to the benefit of the Authority and shall be enforceable by the Authority in accordance with the provisions of § 2, Article 5 of said Act, and such contracts or agreements are acceptable to the Board. The General Assembly of Virginia hereby authorizes and designates the Authority as the agency to plan for and provide transit facilities and services for the area of Virginia encompassed within the Zone within the contemplation of Article 1, § 3 (c) of said Act.

(b) Commitments on behalf of the portion of the Zone located in Maryland shall be by contract or agreement by the Authority with the Washington Suburban Transit District, pursuant to which the Authority undertakes to provide transit facilities and service in consideration for the agreement by said District to contribute to the capital required for the construction and/or acquisition of facilities specified in a mass transit plan adopted as provided in Article VI, or in any alteration, revision or amendment thereof, and for meeting expenses and obligations incurred in the operation of such facilities.

(c) With respect to the federal government, the commitment or obligation to render financial assistance shall be created by appropriation or in such other manner, or by such other legislation, as the Congress shall determine. Commitments by the District of Columbia shall be by contract or agreement between the governing body of the District of Columbia and the

Authority, pursuant to which the Authority undertakes, subject to the provisions of § 20 hereof, to provide transit facilities and service in consideration for the undertaking by the District of Columbia to contribute to the capital required for the construction and/or acquisition of facilities specified in a mass transit plan adopted as provided in Article VI, or in any alteration, revision or amendment thereof, and for meeting expenses and obligations incurred in the operation of such facilities.

(d)(1) All payments made by the local Signatory governments for the Authority for the purpose of matching federal funds appropriated in any given year as authorized under Title VI, § 601, P.L. 110-432 regarding funding of capital and preventive maintenance projects of the Authority shall be made from amounts derived from dedicated funding sources.

(2) For purposes of this paragraph (d), a "dedicated funding source" means any source of funding that is earmarked or required under state or local law to be used to match federal appropriations authorized under Title VI, § 601, P.L. 110-432 for payments to the Authority.

Administrative Expenses

19. Prior to the time the Authority has receipts from appropriations and contracts or agreements as provided in § 18 of this Article VII, the expenses of the Authority for administration and for preparation of a mass transit and financing plan, including all engineering, financial, legal and other services required in connection therewith, shall, to the extent funds for such expenses are not provided through grants by the federal government, be borne by the District of Columbia, by the Washington Suburban Transit District and the component governments of the Northern Virginia Transportation District. Such expenses shall be allocated among such governments on the basis of population as reflected by the latest available population statistics of the Bureau of the Census; provided, however, that upon the request of any director the Board shall make the allocation upon estimates of population acceptable to the Board. The allocations shall be made by the Board and shall be included in the annual current expense budget prepared by the Board.

Acquisition of Facilities from Federal or Other Agencies

20. (a) The Authority is authorized to acquire by purchase, lease or grant or in any manner other than condemnation, from the federal government or any agency thereof, from the District of Columbia, Maryland or Virginia, or any political subdivision or agency thereof, any transit and related facilities, including real and personal property and all other assets, located within the Zone, whether in operation or under construction. Such acquisition shall be made upon such terms and conditions as may be agreed upon and subject to such authorization or approval by the Congress and the governing body of the District of Columbia, as may be required; provided, however, that if such acquisition imposes or may impose any further or additional obligation or liability upon the Washington Suburban Transit District, the Northern Virginia Transportation District, or any component government thereof, under any contract with the Authority, the Authority shall not make the acquisition until any such affected contract has been appropriately amended.

(b) For such purpose, the Authority is authorized to assume all liabilities and contracts relating thereto, to assume responsibility as primary obligor, endorser or guarantor on any outstanding revenue bonds, equipment trust certificates or other form of indebtedness authorized in this Act issued by such predecessor agency or agencies and, in connection therewith, to become a party to, and assume the obligations of, any indenture or loan agreement underlying or issued in connection with any outstanding securities or debts.

Temporary Borrowing

21. The Board may borrow, in anticipation of receipts, from any Signatory, the Washington Suburban Transit District, the Northern Virginia Transportation District, or any component government thereof, or from any lending institution for any purposes of this Title, including administrative expenses. Such loans shall be for a term not to exceed two years and at such rates on interest as shall be acceptable to the Board. The Signatories and any such political subdivision or agency may, in its discretion, make such loans from any available money.

Funding

22. The Board shall not construct or acquire any of the transit facilities specified in a mass transit plan adopted pursuant to the provisions of Article VI of this Title, or in any alteration, revision or amendment thereof, nor make any commitments or incur any obligations with respect thereto until funds are available therefor.

Article VIII Budget

Capital Budget

23. The Board shall annually adopt a capital budget, including all capital projects it proposes to undertake or continue during the budget period, containing a statement of the estimated cost of each project and the method of financing thereof.

Current Expense Budget

24. The Board shall annually adopt a current expense budget for each fiscal year. Such budget shall include the Board's estimated expenditures for administration, operation, maintenance and repairs, debt service requirements and payments to be made into any funds required to be maintained. The total of such expenses shall be balanced by the Board's estimated revenues and receipts from all sources, excluding funds included in the capital budget or otherwise earmarked for other purposes.

Adoption and Distribution of Budgets

25. (a) Following the adoption by the Board of annual capital and current expense budgets, the general manager shall transmit certified copies of such budgets to the principal budget officer of the federal government, the District of Columbia, the Washington Suburban Transit District and of the component governments of the Northern Virginia Transportation Commission at such time and in such manner as may be required under their respective budgetary procedures.

(b) Each budget shall indicate the amounts, if any, required from the federal government, the government of the District of Columbia, the Washington Suburban Transit District and the component governments of the Northern Virginia Transportation District, determined in accordance with the commitments made pursuant to Article VII, § 18 of this Title, to balance each of said budgets.

Payment

26. Subject to such review and approval as may be required by their budgetary or other applicable processes, the federal government, the Government of the District of Columbia, the Washington Suburban Transit District and the component governments of the Northern Virginia Transportation District shall include in their respective budgets next to be adopted and appropriate or otherwise provide the amounts certified to each of them as set forth in the budgets.

Article IX Revenue Bonds

Borrowing Power

27. The Authority may borrow money for any of the purposes of this Title, may issue its negotiable bonds and other evidences of indebtedness in respect thereto and may mortgage or pledge its properties, revenues and contracts as security therefor.

All such bonds and evidences of indebtedness shall be payable solely out of the properties and revenues of the Authority. The bonds and other obligations of the Authority, except as may be otherwise provided in the indenture under which they were issued, shall be direct and general obligations of the Authority and the full faith and credit of the Authority are hereby pledged for the prompt payment of the debt service thereon and for the fulfillment of all other undertakings of the Authority assumed by it to or for the benefit of the holders thereof.

Funds and Expenses

28. The purposes of this Title shall include, without limitation, all costs of any project or facility or any part thereof, including interest during a period of construction and for a period not to exceed two years thereafter and any incidental expenses (legal, engineering, fiscal, financial, consultant and other expenses) connected with issuing and disposing of the bonds; all amounts required for the creation of an operating fund, construction fund, reserve fund, sinking fund, or other special fund; all other expenses connected with administration, the planning, design, acquisition, construction, completion, improvement or reconstruction of any facility or any part thereof; and reimbursement of advances by the Board or by others for such purposes and for working capital.

Credit Excluded; Officers, State, Political Subdivisions and Agencies

29. The Board shall have no power to pledge the credit of any Signatory party, political subdivision or agency thereof, or to impose any obligation for payment of the bonds upon any Signatory party, political subdivision or agency thereof, but may pledge the contracts of such governments and agencies; provided, however, that the bonds may be underwritten in whole or in part as to principal and interest by the United States, or by any political subdivision or agency of any Signatory; provided, further, that any bonds underwritten in whole or in part as to principal and interest by the United States shall not be issued without approval of the Secretary of the Treasury. Neither the Directors nor any person executing the bonds shall be liable personally on the bonds of the Authority or be subject to any personal liability or accountability by reason of the issuance thereof.

Funding and Refunding

30. Whenever the Board deems it expedient, it may fund and refund the bonds and other obligations of the Authority whether or not such bonds and obligations have matured. It may provide for the issuance, sale or exchange of refunding bonds for the purpose of redeeming or retiring any bonds (including the payment of any premium, duplicate interest or cash adjustment required in connection therewith) issued by the Authority or issued by any other issuing body, the proceeds of the sale of which have been applied to any facility acquired by the Authority or which are payable out of the revenues of any facility acquired by the Authority. Bonds may be issued partly to refund bonds and other obligations then outstanding, and partly for any other purpose of the Authority. All provisions of this Title applicable to the issuance of bonds are applicable to refunding bonds and to the issuance, sale or exchange thereof.

Bonds; Authorization Generally

31. Bonds and other indebtedness of the Authority shall be authorized by resolution of the Board. The validity of the authorization and issuance of any bonds by the Authority shall not be dependent upon nor affected in any way by: (i) the disposition of bond proceeds by the Board or by contract, commitment or action taken with respect to such proceeds; or (ii) the failure to complete any part of the project for which bonds are authorized to be issued. The Authority may issue bonds in one or more series and may provide for one or more consolidated bond issues, in such principal amounts and with such terms and provisions as the Board may deem necessary. The bonds may be secured by a pledge of all or any part of the property, revenues and franchises under its control. Bonds may be issued by the Authority in such amount, with such maturities and in such denominations and form or forms, whether coupon or registered, as to principal alone or as to both principal and interest, as may be determined by the Board. The Board may provide for redemption of bonds prior to maturity on such notice and at such time or times and with such redemption provisions, including premiums, as the Board may determine.

Bonds; Resolution and Indentures Generally

32. The Board may determine and enter into indentures or adopt resolutions providing for the principal amount, date or dates, maturities, interest rate, or rates, denominations, form, registration, transfer, interchange and other provisions of bonds and coupons and the terms and conditions upon which the same shall be executed, issued, secured, sold, paid,

redeemed, funded and refunded. The resolution of the Board authorizing any bond or any indenture so authorized under which the bonds are issued may include all such covenants and other provisions not inconsistent with the provisions of this Title, other than any restriction on the regulatory powers vested in the Board by this Title, as the Board may deem necessary or desirable for the issue, payment, security, protection or marketing of the bonds, including without limitation covenants and other provisions as to the rates or amounts of fees, rents and other charges to be charged or made for use of the facilities; the use, pledge, custody, securing, application and disposition of such revenues, of the proceeds of the bonds, and of any other moneys or contracts of the Authority; the operation, maintenance, repair and reconstruction of the facilities and the amounts which may be expended therefor; the sale, lease or other disposition of the facilities; the insuring of the facilities and of the revenues derived therefrom; the construction or other acquisition of other facilities; the issuance of additional bonds or other indebtedness; the rights of the bondholders and of any trustee for the bondholders upon default by the Authority or otherwise; and the modification of the provisions of the indenture and of the bonds. Reference on the face of the bonds to such resolution or indenture by its date of adoption or the apparent date on the face thereof is sufficient to incorporate all of the provisions thereof and of this Title into the body of the bonds and their appurtenant coupons. Each taker and subsequent holder of the bonds or coupons, whether the coupons are attached to or detached from the bonds, has recourse to all of the provisions of the indenture and of this Title and is bound thereby.

Maximum Maturity

33. No bond or its terms shall mature in more than fifty years from its own date and in the event any authorized issue is divided into two or more series or divisions, the maximum maturity date herein authorized shall be calculated from the date on the face of each bond separately, irrespective of the fact that different dates may be prescribed for the bonds of each separate series or division of any authorized issue.

Tax Exemption

34. All bonds and all other evidences of debt issued by the Authority under the provisions of this Title and the interest thereon shall at all times be free and exempt from all taxation by or under authority of any Signatory parties, except for transfer, inheritance and estate taxes.

Interest

35. Bonds shall bear interest at such rate or rates as may be determined by the Board, payable annually or semiannually.

Place of Payment

36. The Board may provide for the payment of the principal and interest of bonds at any place or places within or without the Signatory states, and in any specified lawful coin or currency of the United States of America.

Execution

37. The Board may provide for the execution and authentication of bonds by the manual, lithographed or printed facsimile signature of members of the Board, and by additional authentication by a trustee or fiscal agent appointed by the Board; provided, however, that one of such signatures shall be manual; and provided, further, that no such additional authentication or manual signatures need be required in the case of bonds guaranteed by the United States of America. If any of the members whose signatures or countersignatures appear upon the bonds or coupons cease to be members before the delivery of the bonds or coupons, their signatures or countersignatures are nevertheless valid and of the same force and effect as if the members had remained in office until the delivery of the bonds and coupons.

Holding Own Bonds

38. The Board shall have power out of any funds available therefor to purchase its bonds and may hold, cancel or resell such bonds.

Sale

39. The Board may fix terms and conditions for the sale or other disposition of any authorized issue of bonds. The Board may sell bonds at less than their par or face value but no issue of bonds may be sold at an aggregate price below the par or face value thereof if such sale would result in a net interest cost to the Authority calculated upon the entire issue so sold in excess of the applicable rate determined by the Board, payable semiannually, computed with relation to the absolute maturity of the bonds according to standard tables of bond values, deducting the amount of any premium to be paid on the redemption of any bonds prior to maturity. All bonds issued and sold pursuant to this Title may be sold in such manner, either at public or private sale, as the Board shall determine.

Negotiability

40. All bonds issued under the provisions of this Title are negotiable instruments.

Bonds Eligible for Investment and Deposit

41. Bonds issued under the provisions of this Title are hereby made securities in which all public officers and public agencies of the Signatories and their political subdivisions and all banks, trust companies, savings and loan associations, investment companies and others carrying on a banking business, all insurance companies and insurance associations and others carrying on an insurance business, all administrators, executors, guardians, trustees and other fiduciaries, and all other persons may legally and properly invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any officer of any Signatory, or of any agency or political subdivision of any Signatory, for any purpose for which the deposit of bonds or other obligations of such Signatory is now or may hereafter be authorized by law.

Validation Proceedings

42. Prior to the issuance of any bonds, the Board may institute a special proceeding to determine the legality of proceedings to issue the bonds and their validity under the laws of any of the Signatory parties. Such proceeding shall be instituted and prosecuted in rem and the final judgment rendered therein shall be conclusive against all persons whomsoever and against each of the Signatory parties.

43. No indenture need be recorded or filed in any public office, other than the office of the Board. The pledge of revenues provided in any indenture shall take effect forthwith as provided therein and irrespective of the date of receipt of such revenues by the Board or the indenture trustee. Such pledge shall be effective as provided in the indenture without physical delivery of the revenues to the Board or to the indenture trustee.

Pledged Revenues

44. Bond redemption and interest payments shall, to the extent provided in the resolution or indenture, constitute a first, direct and exclusive charge and lien on all revenues received from the use and operation of the facility, and on any sinking or other funds created therefrom. All such revenues, together with interest thereon, shall constitute a trust fund for the security and payment of such bonds and except as and to the extent provided in the indenture with respect to the payment therefrom of expenses for other purposes including administration, operation, maintenance, improvements or extensions of the facilities or other purposes shall not be used or pledged for any other purpose so long as such bonds, or any of them, are outstanding and unpaid.

Remedies

45. The holder of any bond may for the equal benefit and protection of all holders of bonds similarly situated: (1) by mandamus or other appropriate proceedings require and compel the performance of any of the duties imposed upon the Board or assumed by it, its officers, agents or employees under the provisions of any indenture, in connection with the acquisition, construction, operation, maintenance, repair, reconstruction or insurance of the facilities, or in connection with the collection, deposit, investment, application and disbursement of the revenues derived from the operation and use of the facilities, or in connection with the deposit, investment and disbursement of the proceeds received from the sale of bonds; or (2) by action or suit in a court of competent jurisdiction of any Signatory party require the Authority to account as if it were the trustee of an express trust, or enjoin any acts or things which may be unlawful or in violation of the rights of the holders of the bonds. The enumeration of such rights and remedies does not, however, exclude the exercise or prosecution of any other rights or remedies available to the holders of bonds.

Article X Equipment Trust Certificates

Power

46. The Board shall have power to execute agreements, leases and equipment trust certificates with respect to the purchase of facilities or equipment such as cars, trolley buses and motor buses, or other craft, in the form customarily used in such cases and appropriate to effect such purchase, and may dispose of such equipment trust certificates in such manner as it may determine to be for the best interests of the Authority. Each vehicle covered by an equipment trust certificate shall have the name of the owner and lessor plainly marked upon both sides thereof, followed by the words "Owner and Lessor".

Payments

47. All moneys required to be paid by the Authority under the provisions of such agreements, leases and equipment trust certificates shall be payable solely from the revenue to be derived from the operation of the transit system or from such grants, loans, appropriations or other revenues, as may be available to the Board under the provisions of this Title. Payment for such facilities or equipment, or rentals thereof, may be made in installments, and the deferred installments may be evidenced by equipment trust certificates as aforesaid, and title to such facilities or equipment may not vest in the Authority until the equipment trust certificates are paid.

Procedure

48. The agreement to purchase facilities or equipment by the Board may direct the vendor to sell and assign the equipment to a bank or trust company, duly authorized to transact business in any of the Signatory states, or to the Housing and Home Finance Administrator, as trustee, lessor or vendor, for the benefit and security of the equipment trust certificates and may direct the trustee to deliver the facilities and equipment to one or more designated officers of the Board and may authorize the trustee simultaneously therewith to execute and deliver a lease of the facilities or equipment to the Board.

Agreements and Leases

49. The agreements and leases shall be duly acknowledged before some person authorized by law to take acknowledgments of deeds and in the form required for acknowledgment of deeds and such agreements, leases, and equipment trust certificates shall be authorized by resolution of the Board and shall contain such covenants, conditions and provisions as may be deemed necessary or appropriate to insure the payment of the equipment trust certificates from the revenues to be derived from the operation of the transit system and other funds.

The covenants, conditions and provisions of the agreements, leases and equipment trust certificates shall not conflict with any of the provisions of any resolution or trust agreement securing the payment of bonds or other obligations of the Authority then outstanding or conflict with or be in derogation of the rights of the holders of any such bonds or other obligations.

Law Governing

50. The equipment trust certificates issued hereunder shall be governed by Laws of the District of Columbia and for this purpose the chief place of business of the Authority shall be considered to be the District of Columbia. The filing of any documents required or permitted to be filed shall be governed by the Laws of the District of Columbia.

Article XI Operation of Facilities

Operation by Contract or Lease

51. Any facilities and properties owned or controlled by the Authority may be operated by the Authority directly or by others pursuant to contract or lease as the Board may determine.

The Operating Contract

52. Without limitation upon the right of the Board to prescribe such additional terms and provisions as it may deem necessary and appropriate, the operating contract shall:

- (a) specify the services and functions to be performed by the Contractor;
- (b) provide that the Contractor shall hire, supervise and control all personnel required to perform the services and functions assumed by it under the operating contract and that all such personnel shall be employees of the Contractor and not of the Authority;
- (c) require the Contractor to assume the obligations of the labor contract or contracts of any transit company which may be acquired by the Authority and assume the pension obligations of any such transit company;
- (d) require the Contractor to comply in all respects with the labor policy set forth in Article XIV of this Title;
- (e) provide that no transfer of ownership of the capital stock, securities or interests in any Contractor, whose principal business in the operating contract, shall be made without written approval of the Board and the certificates or other instruments representing such stock, securities or interests shall contain a statement of this restriction;
- (f) provide that the Board shall have the sole authority to determine the rates or fares to be charged, the routes to be operated and the service to be furnished;
- (g) specify the obligations and liabilities which are to be assumed by the Contractor and those which are to be the responsibility of the Authority;
- (h) provide for an annual audit of the books and accounts of the Contractor by an independent certified public accountant to be selected by the Board and for such other audits, examinations and investigations of the books and records, procedures and affairs of the Contractor at such times and in such manner as the Board shall require, the cost of such audits, examinations and investigations to be borne as agreed by the parties in the operating contracts; and
- (i) provided that no operating contract shall be entered into for a term in excess of five years; provided, that any such contract may be renewed for successive terms, each of which shall not exceed five years. Any such operating contract shall be subject to termination by the Board for cause only.

Compensation for Contractor

53. Compensation to the Contractor under the operating contract may, in the discretion of the Board, be in the form of (1) a fee paid by the Board to the Contractor for services, (2) a payment by the Contractor to the Board for the right to operate the system, or (3) such other arrangement as the Board may prescribe; provided, however, that the compensation shall bear a reasonable relationship to the benefits to the Authority and to the estimated costs the Authority would incur in directly performing the functions and duties delegated under the operating contract; and provided, further that no such contract shall create any right in the Contractor (1) to make or change any rate or fare or alter or change the service specified in the contract to be provided or (2) to seek judicial relief by any form of original action, review or other proceeding from any rate or fare or service prescribed by the Board. Any assertion, or attempted assertion, by the Contractor of the right to make or change any rate or fare or service prescribed by the Board shall constitute cause for termination of the operating contract. The operating contract may provide incentives for efficient and economical management.

Selection of Contractor

54. The Board shall enter into an operating contract only after formal advertisement and negotiations with all interested and qualified parties, including private transit companies rendering transit service within the Zone; provided, however, that, if the Authority acquires transit facilities from any agency of the federal or District of Columbia governments, in accordance with the provisions of Article VII, § 20 of this Title, the Authority shall assume the obligations of any operating contract which the transferor agency may have entered into.

Article XII Coordination of Private and Public Facilities

Declaration of Policy

55. It is hereby declared that the interest of the public in efficient and economical transit service and in the financial well-being of the Authority and of the private transit companies requires that the public and private segments of the regional transit system be operated, to the fullest extent possible, as a coordinated system without unnecessary duplicating service.

Implementation of Policy

56. In order to carry out the legislative policy set forth in § 55 of this Article XII

- (a) The Authority—
 - (1) except as herein provided, shall not, directly or through a Contractor, perform transit service by bus or similar motor vehicles;
 - (2) shall, in cooperation with the private carriers and WMATC coordinate to the fullest extent practicable, the schedules for service performed by its facilities with the schedules for service performed by private carriers; and
 - (3) shall enter into agreements with the private carriers to establish and maintain, subject to approval by WMATC, through routes and joint fares and provide for the division thereof, or, in the absence of such agreements, establish and maintain through routes and joint fares in accordance with orders issued by WMATC directed to the private carriers when the terms and conditions for such through service and joint fares are acceptable to it.

(b) The WMATC, upon application, complaint, or upon its own motion, shall—

(1) direct private carriers to coordinate their schedules for service with the schedules for service performed by facilities owned or controlled by the Authority;

(2) direct private carriers to improve or extend any existing services or provide additional service over additional routes;

(3) authorize a private carrier, pursuant to agreement between said carrier and the Authority, to establish and maintain through routes and joint fares for transportation to be rendered with facilities owned or controlled by the Authority if, after hearing held upon reasonable notice, WMATC finds that such through routes and joint fares are required by the public interest; and

(4) in the absence of such an agreement with the Authority, direct a private carrier to establish and maintain through routes and joint fares with the Authority, if, after hearing held upon reasonable notice, WMATC finds that such through service and joint fares are required by the public interest; provided, however, that no such order, rule or regulation of WMATC shall be construed to require the Authority to establish and maintain any through route and joint fare.

(c) WMATC shall not authorize or require a private carrier to render any service, including the establishment or continuation of a joint fare for a through route service with the Authority which is based on a division thereof between the Authority and private carrier which does not provide a reasonable return to the private carrier, unless the carrier is currently earning a reasonable return on its operation as a whole in performing transportation subject to the jurisdiction of WMATC. In determining the issue of reasonable return, WMATC shall take into account any income attributable to the carrier, or to any corporation, firm or association owned in whole or in part by the carrier, from the Authority whether by way of payment for services or otherwise.

(d) If the WMATC is unable, through the exercise of its regulatory powers over the private carriers granted in subsection (b) hereof or otherwise, to bring about the requisite coordination of operations and service between the private carriers and the Authority, the Authority may in the situations specified in subsection (b) hereof, cause such transit service to be rendered by its Contractor by bus or other motor vehicle, as it shall deem necessary to effectuate the policy set forth in § 55 hereof. In any such situation, the Authority, in order to encourage private carriers to render bus service to the fullest extent practicable, may, pursuant to agreement, make reasonable subsidy payments to any private carrier.

(e) The Authority may acquire the capital stock or the transit facilities of any private transit company and may perform transit service, including service by bus or similar motor vehicle, with transit facilities so acquired, or with transit facilities acquired pursuant to Article VII, § 20. Upon acquisition of the capital stock or the transit facilities of any private transit company, the Authority shall undertake the acquisition, as soon as possible, of the capital stock or the transit facilities of each of the other private transit companies within the Zone requesting such acquisition. Lack of such request, however, shall not be construed to preclude the Authority from acquiring the capital stock or the transit facilities of any such company pursuant to § 82 of Article XVI.

Rights of Private Carriers Unaffected

57. Nothing in this title shall restrict or limit such rights and remedies, if any, that any private carrier may have against the Authority arising out of acts done or actions taken by the Authority hereunder. In the event any court of competent jurisdiction shall determine that the Authority has unlawfully infringed any rights of any private carrier or otherwise caused or permitted any private carrier to suffer legally cognizable injury, damages or harm and shall award a judgment therefor, such judgment shall constitute a lien against any and all of the assets and properties of the Authority.

Financial Assistance to Private Carriers

58. (a) The Board may accept grants from and enter into loan agreements with the Housing and Home Finance Administrator, pursuant to the provisions of the Urban Mass Transportation Act of 1964 (78 Stat. 302), or with any successor agency or under any law of similar purport, for the purpose of rendering financial assistance to private carriers.

(b) An application by the Board for any such grant or loan shall be based on and supported by a report from WMATC setting forth for each private carrier to be assisted (1) the equipment and facilities to be acquired, constructed, reconstructed, or improved, (2) the service proposed to be rendered by such equipment and facilities, (3) the improvement in service expected from such facilities and equipment, (4) how the use of such facilities and equipment will be coordinated with the transit facilities owned by the Authority, (5) the ability of the affected private carrier to repay any such loans or grants and (6) recommended terms for any such loans or grants.

(c) Any equipment or facilities acquired, constructed, reconstructed or improved with the proceeds of such grants or loans shall be owned by the Authority and may be made available to private carriers only by lease or other agreement which contain provisions acceptable to the Housing and Home Finance Administrator assuring that the Authority will have satisfactory continuing control over the use of such facilities and equipment.

Article XIII Jurisdiction; Rates and Service

Washington Metropolitan Area Transit Commission

59. Except as provided herein, this Title shall not affect the functions and jurisdiction of WMATC, as granted by Titles I and II of this Compact, over the transportation therein specified and the persons engaged therein and the Authority shall have no jurisdiction with respect thereto.

Public Facilities

60. Service performed by transit facilities owned or controlled by the Authority, and the rates and fares to be charged for such service, shall be subject to the sole and exclusive jurisdiction of the Board and, notwithstanding any other provision

in this Compact contained, WMATC shall have no authority with respect thereto, or with respect to any contractor in connection with the operation by it of transit facilities owned or controlled by the Authority. The determinations of the Board with respect to such matters shall not be subject to judicial review nor to the processes to any court.

Standards

61. Insofar as practicable, and consistent with the provision of adequate service at reasonable fares, the rates and fares and service shall be fixed by the Board so as to result in revenues which will:

(a) pay the operating expenses and provide for repairs, maintenance and depreciation of the transit system owned or controlled by the Authority;

(b) provide for payment of all principal and interest on outstanding revenue bonds and other obligations and for payment of all amounts to sinking funds and other funds as may be required by the terms of any indenture of loan agreement;

(c) provide for the purchase, lease or acquisition of rolling stock, including provisions for interest, sinking funds, reserve funds, or other funds required for the payment of any obligations incurred by the Authority for the acquisition of rolling stock; and

(d) provide funds for any purpose the Board deems necessary and desirable to carry out the purposes of this title.

Hearings

62. (a) The Board shall not raise any fare or rate, nor implement a major service reduction, except after holding a public hearing with respect thereto.

(b) Any Signatory, any political subdivision thereof, any agency of the federal government and any person, firm or association served by or using the transit facilities of the Authority and any private carrier may file a request with the Board for a hearing with respect to any rates or charges made by the Board or any service rendered with the facilities owned or controlled by the Authority. Such request shall be in writing, shall state the matter on which a hearing is requested and shall set forth clearly the matters and things on which the request relies. As promptly as possible after such a request is filed, the Board, or such officer or employee as it may designate, shall confer with the protestant with respect to the matters complained of. After such conference, the Board, if it deems the matter meritorious and of general significance, may call a hearing with respect to such request.

(c) The Board shall give at least fifteen days' notice for all public hearings. The notice shall be given by publication in a newspaper of daily circulation throughout the Transit Zone and such notice shall be published once a week for two successive weeks. The notice period shall start with the first day of publication. Notices of public hearings shall be posted in accordance with regulations promulgated by the Board.

(d) Prior to calling a hearing on any matter specified in this section, the Board shall prepare and file at its main office and keep open for public inspection its report relating to the proposed action to be considered at such hearing. Upon receipt by the Board of any report submitted by WMATC, in connection with a matter set for hearing, pursuant to the provisions of § 63 of this Article XIII, the Board shall file such report at its main office and make it available for public inspection. For hearings called by the Board pursuant to paragraph (b), above, the Board also shall cause to be lodged and kept open for public inspection the written request upon which the hearing is granted and all documents filed in support thereof.

Reference of Matters to WMATC

63. To facilitate the attainment of the public policy objectives for operation of the publicly and privately owned or controlled transit facilities as stated in Article XII, § 55, prior to the hearings provided for by § 62 hereof—

(a) The Board shall refer to WMATC for its consideration and recommendations, any matter which the Board considers may affect the operation of the publicly and privately owned or controlled transit facilities as a coordinated regional transit system and any matter for which the Board has called a hearing, pursuant to § 62 of this Article XIII, except that temporary or emergency changes in matters affecting service shall not be referred; and

(b) WMATC, upon such reference of any matter to it, shall give the referred matter preference over any other matters pending before it and shall, as expeditiously as practicable, prepare and transmit its report thereon to the Board. The Board may request WMATC to reconsider any part of its report or to make any supplemental reports it deems necessary. All of such reports shall be advisory only.

(c) Any report submitted by WMATC to the Board shall consider, without limitation, the probable effect of the matter or proposal upon the operation of the publicly and privately owned or controlled transit facilities as a coordinated regional system, passenger movements, fare structures, service and the impact on the revenues of both the public and private facilities.

Article XIV Labor Policy

Construction

64. The Board shall take such action as may be necessary to insure that all laborers and mechanics employed by contractors or subcontractors in the construction, alteration or repair, including painting and decorating, of projects, buildings and works which are undertaken by the Authority or are financially assisted by it, shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a-276a-5), and every such employee shall receive compensation at a rate not less than one and one-half times his basic rate of pay for all hours worked in any workweek in excess of eight hours in any workday or forty hours in any workweek, as the case may be. A provision stating the minimum wages thus determined and the requirement that overtime be paid as above provided shall be set out in each project advertisement for bids and in

each bid proposal form and shall be made a part of the contract covering the project, which contract shall be deemed to be a contract of the character specified in § 103 of the Contract Work Hours Standards Act (76 Stat. 357), as now or as may hereafter be in effect. The Secretary of Labor shall have, with respect to the administration and enforcement of the labor standards specified in this provision, the supervisory, investigatory and other authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176, 64 Stat. 1267, 5 U.S.C. 133z-15), and § 2 of the Act of June thirteen, nineteen hundred thirty-four, as amended (48 Stat. 948, as amended; 40 U.S.C. 276 (c)). The requirements of this section shall also be applicable with respect to the employment of laborers and mechanics in the construction, alteration or repair, including painting and decorating, of the transit facilities owned or controlled by the Authority where such activities are performed by a contractor pursuant to agreement with the operator of such facilities.

Equipment and Supplies

65. Contracts for the manufacture or furnishing of materials, supplies, articles and equipment shall be subject to the provisions of the Walsh-Healey Public Contracts Act (41 U.S.C. 35 et seq.), as now or as may hereafter be in effect.

Operations

66. (a) The rights, benefits, and other employee protective conditions and remedies of § 13 (c) of the Federal Transit Act, as amended (49 U.S.C. Section 5333 (b)), as determined by the Secretary of Labor, shall apply to Washington Metropolitan Area Transit Authority employees otherwise covered by the Act. The Authority shall extend to employees whose positions are adversely affected by the expenditure of federal funds obtained by WMATA pursuant to congressional appropriations, the rights, benefits, and other employee protective conditions and remedies of section 13 (c) of the Federal Transit Act, as amended (49 U.S.C. § 5333(b)).

(b) The Authority shall deal with and enter into written contracts with employees as defined in § 152 of Title 29, United States Code, through accredited representatives of such employees or representatives of any labor organization authorized to act for such employees concerning wages, salaries, hours, working conditions, and pension or retirement provisions. Each such contract entered into after the effective date of this act shall prohibit the contracting employees from engaging in any strike or an employer from engaging in any lockout.

(c) In case of any labor dispute involving the Authority and such employees where collective bargaining does not result in agreement, either party may declare that an impasse has been reached between the parties and may, by written notification to the other party and to the Federal Mediation and Conciliation Service, request the Service to appoint a mediator for the purpose of assisting them in reconciling their differences and resolving the controversy on terms which are mutually acceptable. Within five days of the receipt of the request the Federal Mediation and Conciliation Service shall appoint a mediator in accordance with its rules and procedures for such appointment. The mediator shall meet with the parties forthwith, either jointly or separately, and shall take such steps as he or she deems appropriate to persuade the parties to resolve their differences and effect a mutually acceptable agreement. The mediator shall not, however, make findings of fact or recommend terms of settlement. Each party shall pay one-half of the expenses of such mediator. If the mediator is unable to effect settlement of the controversy within fifteen days after his or her appointment, the Authority shall submit such dispute to fact finding by a board composed of three persons, one appointed by the Authority, one appointed by the labor organization representing the employees, and a third member to be agreed upon by the labor organization and the Authority. The member agreed upon by the labor organization and the Authority shall act as chairman of the board. The determination of the majority of the fact finding board thus established shall be advisory as to all matters in dispute. If after a period of ten days from the date of the appointment of the two persons representing the Authority and the labor organization, the third person has not been selected, then either of the two persons may request the Federal Mediation and Conciliation Service to furnish a list of five persons from which the third person shall be selected; provided, however, that the list shall not include the name of the person who served as mediator unless inclusion of his or her name is mutually agreed to by both parties. The persons appointed by the Authority and the labor organization, promptly after the receipt of such list shall determine by lot the order of elimination, and thereafter each shall in that order alternately eliminate one name until only one name remains. The remaining person on the list shall be the third member of the fact finding board. The term "labor dispute" shall be broadly construed and shall include any controversy concerning wages, salaries, hours, working conditions, or benefits including health and welfare, sick leave, insurance or pension or retirement provisions but not limited thereto, and including any controversy concerning any differences or questions that may arise between the parties including but not limited to the making or maintaining of collective bargaining agreements, the terms to be included in such agreements, and the interpretation or application of such collective bargaining agreements. Each party shall pay one-half of the expenses of such fact finding. Under no circumstances may the parties resort to binding arbitration after the date of enactment of this act or the expiration date of any contract requiring binding arbitration, whichever is later. This prohibition against binding arbitration shall not be interpreted to preclude such arbitration of individual employee grievances.

(d) The Authority is hereby authorized and empowered to establish and maintain a system of pensions and retirement benefits for such officers and employees of the Authority as may be designated or described by resolution of the Authority; to fix the terms of and restrictions on admission to such system and the classifications therein; to provide that persons eligible for admission in such pension system shall not be eligible for admission to, or receive any benefits from, any other pension system (except Social Security benefits), which is financed or funded, in whole or in part, directly or indirectly by funds paid or appropriated by the Authority to such other pension system, and to provide in connection with such pension system, a system of benefits payable to the beneficiaries and dependents of any participant in such pension system after the

death of such participant (whether accidental or otherwise, whether occurring in the actual performance of duty or otherwise, or both) subject to such exceptions, conditions, restrictions and classifications as may be provided by resolution of the Authority. Such pension system shall be financed or funded by such means and in such manner as may be determined by the Authority to be economically feasible. Unless the Authority shall otherwise determine, no officer or employee of the Authority and no beneficiary or dependent of any such officer or employee shall be eligible to receive any pension or retirement or other benefits both from or under any such pension system and from or under any pension or retirement system established by an acquired transportation system or established or provided for, by or under the provisions of any collective bargaining agreement between the Authority and the representatives of its employees.

(e) Whenever the Authority acquires existing transit facilities from a public or privately owned utility either in proceeding by eminent domain or otherwise, the Authority shall assume and observe all existing labor contracts and pension obligations. When the Authority acquires an existing transportation system, all employees who are necessary for the operation thereof by the Authority shall be transferred to and appointed as employees of the Authority, subject to all the rights and benefits of this Title. These employees shall be given seniority credit and sick leave, vacation, insurance and pension credits in accordance with the records or labor agreements from the acquired transportation system. Members and beneficiaries of any pension or retirement system or other benefits established by the acquired transportation system shall continue to have rights, privileges, benefits, obligations and status with respect to such established system. The Authority shall assume the obligations of any transportation system acquired by it with regard to wages, salaries, hours, working conditions, sick leave, health and welfare and pension or retirement provisions for employees. It shall assume the provisions of any collective bargaining agreement between such acquired transportation system and the representatives of its employees. The Authority and the employees, through their representatives for collective bargaining purposes, shall take whatever action may be necessary to have pension trust funds presently under the joint control of the acquired transportation system and the participating employees through their representative transferred to the trust fund to be established, maintained and administered jointly by the Authority and the participating employees through their representatives. No employee of any acquired transportation system who is transferred to a position with the Authority shall by reason of such transfer be placed in any worse position with respect to workmen's compensation, pension, seniority, wages, sick leave, vacation, health and welfare insurance or any other benefits, than he enjoyed as an employee of such acquired transportation system.

(f) The Authority shall not require any person, as a condition of employment or continuation of employment, to join any labor union or labor organization. The Authority shall not require any person, as a condition of employment or continuation of employment, to pay any dues, fees, or other charges of any kind to any labor union or labor organization.

Article XV Relocation Assistance

Relocation Program and Payments

67. Section 7 of the Urban Mass Transportation Act of 1964, and as the same may from time to time be amended, and all regulations promulgated thereunder, are hereby made applicable to individuals, families, business concerns and nonprofit organizations displaced from real property by actions of the Authority without regard to whether financial assistance is sought by or extended to the Authority under any provision of that Act; provided, however, that in the event real property is acquired for the Authority by an agency of the federal government, or by a State or local agency or instrumentality, the Authority is authorized to reimburse the acquiring agency for relocation payments made by it.

Relocation of Public or Public Utility Facilities

68. Notwithstanding the provisions of § 67 of this Article XV, any highway or other public facility or any facilities of a public utility company which will be dislocated by reason of a project deemed necessary by the Board to effectuate the authorized purposes of this Title shall be relocated if such facilities are devoted to a public use, and the reasonable cost of relocation, if substitute facilities are necessary, shall be paid by the Board from any of its moneys.

Article XVI General Provisions

Creation and Administration of Funds

69. (a) The Board may provide for the creation and administration of such funds as may be required. The funds shall be disbursed in accordance with rules established by the Board and all payments from any fund shall be reported to the Board. Moneys and such funds and other moneys of the Authority shall be deposited, as directed by the Board, in any branch or subsidiary of any state or national bank which has operations within the Zone, and having a total paid-in capital of at least one million dollars (\$1,000,000). The trust department of any such state or national bank may be designated as a depository to receive any securities acquired or owned by the Authority. The restriction with respect to paid-in capital may be waived for any such bank which agrees to pledge federal securities to protect the funds and securities of the Authority in such amounts and pursuant to such arrangements as may be acceptable to the Board.

(b) Any moneys of the Authority may, in the discretion of the Board and subject to any agreement or covenant between the Authority and the holders of any of its obligations limiting or restricting classes of investments, be invested in: (i) Direct obligations of or obligations guaranteed by the United States of America; (ii) Bonds, debentures, notes or other evidences of indebtedness issued by agencies of the United States of America, including but not limited to the following: Bank for Cooperatives; Federal Intermediate Credit Banks; Federal Home Loan Bank System; Export-Import Bank of the United States; Federal Land Banks, Federal National Mortgage Association; Student Loan Marketing Association; Government National Mortgage Association; Tennessee Valley Authority; or United States Postal Service; (iii) Securities that qualify as lawful investments and may be accepted as security for fiduciary, trust and public funds under the control of the

United States or any officer or officers thereof, or securities eligible as collateral for deposits of moneys of the United States, including United States Treasury tax and loan accounts; (iv) Domestic and Eurodollar certificates of deposit; and (v) Bonds, debentures, notes or other evidences of indebtedness issued by a domestic corporation, such as a corporation organized under the laws of one of the states of the United States, provided that such obligations are nonconvertible and at the time of their purchase are rated in the highest rating categories by a nationally recognized bond rating agency.

Annual Independent Audit

70. (a) As soon as practical after the closing of the fiscal year, an audit shall be made of the financial accounts of the Authority. The audit shall be made by qualified certified public accountants selected by the Board, who shall have no personal interest direct or indirect in the financial affairs of the Authority or any of its officers or employees. The report of audit shall be prepared in accordance with generally accepted auditing principles and shall be filed with the Chairman and other officers as the Board shall direct. Copies of the report shall be distributed to each Director, to the Congress, to the Mayor and Council of the District of Columbia, to the Governors of Virginia and Maryland, to the Washington Suburban Transit Commission, to the Northern Virginia Transportation Commission and to the governing bodies of the political subdivisions located within the Zone which are parties to commitments for participation in the financing of the Authority and shall be made available for public distribution.

(b) The financial transactions of the Board shall be subject to audit by the United States General Accounting Office in accordance with the principles and procedures applicable to commercial corporate transactions and under such rules and regulations as may be prescribed by the Comptroller General of the United States. The audit shall be conducted at the place or places where the accounts of the Board are kept.

(c) Any Director, officer or employee who shall refuse to give all required assistance and information to the accountants selected by the Board or who shall refuse to submit to them for examination such books, documents, records, files, accounts, papers, things or property as may be requested shall, in the discretion of the Board, forfeit his office.

Reports

71. The Board shall make and publish an annual report on its programs, operations, and finances, which shall be distributed in the same manner provided by § 70 of this Article XVI for the report of annual audit. It may also prepare, publish and distribute such other public reports and informational materials as it may deem necessary or desirable.

Insurance

72. The Board may self-insure or purchase insurance and pay the premiums therefor against loss or damage to any of its properties; against liability for injury to persons or property; and against loss of revenue from any cause whatsoever. Such insurance coverage shall be in such form and amount as the Board may determine, subject to the requirements of any agreement arising out of insurance of bonds or other obligations by the Authority.

Contracting and Purchasing

73. (a) (1) Except as provided in subsections (b), (c), and (f) of this section, and except in the case of procurement procedures otherwise expressly authorized by statute, the Authority in conducting a procurement of property, services, or construction shall:

(A) obtain full and open competition through the use of competitive procedures in accordance with the requirements of this Section; and

(B) use the competitive procedure or combination of competitive procedures that is best suited under the circumstances of the procurement.

(2) In determining the competitive procedure appropriate under the circumstances, the Authority shall:

(A) solicit sealed bids if:

(i) time permits the solicitation, submission, and evaluation of sealed bids;

(ii) the award will be made on the basis of price and other price-related factors;

(iii) it is not necessary to conduct discussions with the responding sources about their bids; and

(iv) there is a reasonable expectation of receiving more than one sealed bid; or

(B) request competitive proposals if sealed bids are not appropriate under clause (A) of this paragraph.

(b) The Authority may provide for the procurement of property, services, or construction covered by this Section using competitive procedures but excluding a particular source in order to establish or maintain an alternative source or sources of supply for that property, service, or construction if the Authority determines that excluding the source would increase or maintain competition and would likely result in reduced overall costs for procurement of property, services, or construction.

(c) The Authority may use procedures other than competitive procedures if:

(1) the property, services, or construction needed by the Authority is available from only one responsible source and no other type of property, services, or construction will satisfy the needs of the Authority; or

(2) the Authority's need for the property, services, or construction is of such an unusual and compelling urgency that the Authority would be seriously injured unless the Authority limits the number of sources from which it solicits bids or proposals; or

(3) the Authority determines that it is necessary in the public interest to use procedures other than competitive procedures in the particular procurement; or

(4) the property or services needed can be obtained through federal or other governmental sources at reasonable prices.

(d) For the purpose of applying subsection (c)(1) of this Section:

(1) in the case of a contract for property, services, or construction to be awarded on the basis of acceptance of an unsolicited proposal, the property, services, or construction shall be deemed to be available from only one responsible source if the source has submitted an unsolicited proposal that demonstrates a concept:

(A) that is unique and innovative or, in the case of a service, for which the source demonstrates a unique capability to provide the service; and

(B) the substance of which is not otherwise available to the Authority and does not resemble the substance of a pending competitive procurement.

(2) in the case of a follow-on contract for the continued development or production of a major system or highly specialized equipment or the continued provision of highly specialized services, the property, services, or construction may be deemed to be available from only the original source and may be procured through procedures other than competitive procedures if it is likely that award to a source other than the original source would result in:

(A) substantial duplication of cost to the Authority that is not expected to be recovered through competition; or

(B) unacceptable delays in fulfilling the Authority's needs.

(e) If the Authority uses procedures other than competitive procedures to procure property, services, or construction under subsection (c)(2) of this Section, the Authority shall request offers from as many potential sources as is practicable under the circumstances.

(f)(1) To promote efficiency and economy in contracting, the Authority may use simplified acquisition procedures for purchases of property, services and construction.

(2) For the purposes of this subsection, simplified acquisition procedures may be used for purchases for an amount that does not exceed the simplified acquisition threshold adopted by the federal government.

(3) A proposed purchase or contract for an amount above the simplified acquisition threshold may not be divided into several purchases or contracts for lesser amounts in order to use the procedures under paragraph (1) of this subsection.

(4) In using simplified acquisition procedures, the Authority shall promote competition to the maximum extent practicable.

(g) The Board shall adopt policies and procedures to implement this Section. The policies and procedures shall provide for publication of notice of procurements and other actions designed to secure competition where competitive procedures are used.

(h) The Authority in its discretion may reject any and all bids or proposals received in response to a solicitation.

Rights-of-Way

74. The Board is authorized to locate, construct and maintain any of its transit and related facilities in, upon, over, under or across any streets, highways, freeways, bridges and any other vehicular facilities, subject to the applicable laws governing such use of such facilities by public agencies. In the absence of such laws, such use of such facilities by the Board shall be subject to such reasonable conditions as the highway department or other affected agency of a Signatory party may require; provided, however, that the Board shall not construct or operate transit or related facilities upon, over, or across any parkways or park lands without the consent of, and except upon the terms and conditions required by, the agency having jurisdiction with respect to such parkways and park lands, but may construct or operate such facilities in a subway under such parkways or park lands upon such reasonable terms and conditions as may be specified by the agency having jurisdiction with respect thereto.

Compliance with Laws, Regulations and Ordinances

75. The Board shall comply with all laws, ordinances and regulations of the Signatories and political subdivisions and agencies thereof with respect to use of streets, highways and all other vehicular facilities, traffic control and regulation, zoning, signs and buildings.

Police Security

76. (a) The Authority is authorized to establish and maintain a regular police force, to be known as the Metro Transit Police, to provide protection for its patrons, personnel, and Transit facilities. The Metro Transit Police shall have the powers and duties and shall be subject to the limitations set forth in this section. It shall be composed of both uniformed and plain clothes personnel and shall be charged with the duty of enforcing the laws of the Signatories, and the laws, ordinances, and regulations of the political subdivisions thereof in the Transit Zone, and the rules and regulations of the Authority. The jurisdiction of the Metro Transit Police shall include all the Transit facilities (including bus stops) owned, controlled, or operated by the Authority, but this restriction shall not limit the power of the Metro Transit Police to make arrests in the Transit Zone for violations committed upon, to, or against such Transit facilities committed from within or outside such Transit facilities while in hot or close pursuit, or to execute traffic citations and criminal process in accordance with subsection (c) below. The members of the Metro Transit Police shall have concurrent jurisdiction in the performance of their duties with the duly constituted law-enforcement agencies of the Signatories and of the political subdivisions thereof in which any Transit facility of the Authority is located or in which the Authority operates any Transit service. On-duty Metro Transit Police officers are authorized to make arrests off of Transit facilities within the Transit Zone when immediate action is necessary to protect the health, safety, welfare or property of an individual from actual or threatened harm or from an unlawful act. Nothing contained in this section shall either relieve any Signatory or political subdivision or agency thereof from its duty to provide police, fire, and other public safety service and protection, or limit, restrict, or interfere with the jurisdiction of or the performance of duties by the existing police, fire, and other public safety agencies. For purposes of this

section, "bus stop" means that area within 150 feet of a MetroBus bus stop sign, excluding the interior of any building not owned, controlled or operated by the Washington Metropolitan Area Transit Authority.

(b) A member of the Metro Transit Police shall have same powers, including the power of arrest, and shall be subject to the same limitations, including regulatory limitations, in the performance of his duties as a member of the duly constituted police force of the political subdivision in which the Metro Transit Police member is engaged in the performance of his duties. A member of the Metro Transit Police is authorized to carry and use only such weapons, including handguns, as are issued by the Authority. A member of the Metro Transit Police is subject to such additional limitations in the use of weapons as are imposed on the duly constituted police force for the political subdivision in which he is engaged in the performance of his duties.

(c) Members of the Metro Transit Police shall have power to execute on the Transit facilities owned, controlled, or operated by the Authority any traffic citation or any criminal process issued by any court of any Signatory or of any political subdivision of a Signatory, for any felony, misdemeanor, or other offense against the laws, ordinances, rules, or regulations specified in subsection (a). With respect to offenses committed upon, to, or against the Transit facilities owned, controlled, or operated by the Authority, the Metro Transit Police shall have power to execute criminal process within the Transit Zone.

78. It is hereby declared that the creation of the Authority and the carrying out of the corporate purposes of the Authority is in all respects for the benefit of the people of the Signatory states and is for a public purpose and that the Authority and the Board will be performing an essential governmental function, including, without limitation, proprietary, governmental and other functions, in the exercise of the powers conferred by this Title. Accordingly, the Authority and the

Reduced Fares

79. The District of Columbia, the Northern Virginia Transportation District, the Washington Suburban Transit District and the component governments thereof, may enter into contracts or agreements with the Authority to make equitable payments for fares lower than those established by the Authority pursuant to the provisions of Article XIII hereof for any specified class or category of riders.

Liability for Contracts and Torts

80. The Authority shall be liable for its contracts and for its torts and those of its Directors, officers, employees and agents committed in the conduct of any proprietary function, in accordance with the law of the applicable Signatory (including rules on conflict of laws), but shall not be liable for any torts occurring in the performance of a governmental function. The exclusive remedy for such breach of contracts and torts for which the Authority shall be liable, as herein provided, shall be by suit against the Authority. Nothing contained in this Title shall be construed as a waiver by the District of Columbia, Maryland, Virginia and the counties and cities within the Zone of any immunity from suit.

Jurisdiction of Courts

81. The United States District Courts shall have original jurisdiction, concurrent with the courts of Maryland, Virginia and the District of Columbia, of all actions brought by or against the Authority and to enforce subpoenas issued under this Title. Any such action initiated in a State or District of Columbia Court shall be removable to the appropriate United States District Court in the manner provided by Act of June 25, 1948, as amended (28 U.S.C. 1446).

(b) Proceedings for the condemnation of property in the District of Columbia shall be instituted and maintained under the Act of December 23, 1963 (77 Stat. 577-581, D.C. Code 1961, Supp. IV, Sections 1351-1368). Proceedings for the condemnation of property located elsewhere within the Zone shall be instituted and maintained, if applicable, pursuant to the provisions of the Act of August 1, 1888, as amended (25 Stat. 357,40 U.S.C. 257) and the Act of June 25, 1948 (62 Stat. 935 and 937,28 U.S.C. 1358 and 1403) or any other applicable act; provided, however, that if there is no applicable federal law, condemnation proceedings shall be in accordance with the provisions of the state law of the Signatory in which the property is located governing condemnation by the highway agency of such state. Whenever the words "real property," "realty," "land," "easement," "right-of-way," or words of similar meaning are used in any applicable federal or state law relating to procedure, jurisdiction and venue, they shall be deemed, for the purposes of this Title, to include any personal property authorized to be acquired hereunder.

(c) Any award or compensation for the taking of property pursuant to this Title shall be paid by the Authority, and none of the Signatory parties nor any other agency, instrumentality or political subdivision thereof shall be liable for such award or compensation.

Enlargement and Withdrawal; Duration

83. (a) When advised in writing by the Northern Virginia Transportation Commission or the Washington Suburban Transit Commission that the geographical area embraced therein has been enlarged, the Board, upon such terms and conditions as it may deem appropriate, shall by resolution enlarge the Zone to embrace the additional area.

(b) The duration of this Title shall be perpetual but any Signatory thereto may withdraw therefrom upon two years' written notice to the Board.

(c) The withdrawal of any Signatory shall not relieve such Signatory, any transportation district, county or city or other political subdivision thereof from any obligation to the Authority, or inuring to the benefit of the Authority, created by contract or otherwise.

Amendments and Supplements

84. Amendments and supplements to this Title to implement the purposes thereof may be adopted by legislative action of any of the Signatory parties concurred in by all of the others. When one Signatory adopts an amendment or supplement to an existing Section of the Compact, that amendment or supplement shall not be immediately effective, and the previously enacted provision or provisions shall remain in effect in each jurisdiction until the amendment or supplement is approved by the other Signatories and is consented to by Congress.

Construction and Severability

85. The provisions of this Title and of the agreements thereunder shall be severable and if any phrase, clause, sentence or provision of this Title or any such agreement is declared to be unconstitutional or the applicability thereof to any Signatory party, political subdivision or agency thereof is held invalid, the constitutionality of the remainder of this Title or any such agreement and the applicability thereof to any other Signatory party, political subdivision or agency thereof or

circumstance shall not be affected thereby. It is the legislative intent that the provisions of this Title be reasonably and liberally construed.

CHAPTER 536

An Act to amend and reenact § 4.1-210 of the Code of Virginia, relating to alcoholic beverage control; mixed beverage licenses; performing arts facilities.

[S 154]

Approved March 29, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 4.1-210 of the Code of Virginia is amended and reenacted as follows:

§ 4.1-210. Mixed beverages licenses.

A. Subject to the provisions of § 4.1-124, the Board may grant the following licenses relating to mixed beverages:

1. Mixed beverage restaurant licenses, which shall authorize the licensee to sell and serve mixed beverages for consumption in dining areas and other designated areas of such restaurant. Such license may be granted only to persons (i) who operate a restaurant and (ii) whose gross receipts from the sale of food cooked or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after issuance of such license, amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food. For the purposes of this subdivision, other designated areas shall include outdoor dining areas, whether or not contiguous to the licensed premises, which outdoor dining areas may have more than one means of ingress and egress to an adjacent public thoroughfare, provided such areas are under the control of the licensee and approved by the Board. Such noncontiguous designated areas shall not be approved for any retail license issued pursuant to subdivision A 5 of § 4.1-201.

If the restaurant is located on the premises of a hotel or motel with not less than four permanent bedrooms where food and beverage service is customarily provided by the restaurant in designated areas, bedrooms and other private rooms of such hotel or motel, such licensee may (i) sell and serve mixed beverages for consumption in such designated areas, bedrooms and other private rooms and (ii) sell spirits packaged in original closed containers purchased from the Board for on-premises consumption to registered guests and at scheduled functions of such hotel or motel only in such bedrooms or private rooms. However, with regard to a hotel classified as a resort complex, the Board may authorize the sale and on-premises consumption of alcoholic beverages in all areas within the resort complex deemed appropriate by the Board. Nothing herein shall prohibit any person from keeping and consuming his own lawfully acquired spirits in bedrooms or private rooms.

If the restaurant is located on the premises of and operated by a private, nonprofit or profit club exclusively for its members and their guests, or members of another private, nonprofit or profit club in another city with which it has an agreement for reciprocal dining privileges, such license shall also authorize the licensee to sell and serve mixed beverages for on-premises consumption. Where such club prepares no food in its restaurant but purchases its food requirements from a restaurant licensed by the Board and located on another portion of the premises of the same hotel or motel building, this fact shall not prohibit the granting of a license by the Board to such club qualifying in all other respects. The club's gross receipts from the sale of nonalcoholic beverages consumed on the premises and food resold to its members and guests and consumed on the premises shall amount to at least 45 percent of its gross receipts from the sale of mixed beverages and food. The operation in all cases shall be upon premises owned by such licensee or occupied under a bona fide lease the original term of which was for more than one year's duration. Such license shall authorize the licensee to sell alcoholic beverages during scheduled events and performances for on-premises consumption in areas upon the licensed premises approved by the Board.

6. Mixed beverage carrier licenses to persons operating a common carrier of passengers by train, boat or airplane, which shall authorize the licensee to sell and serve mixed beverages anywhere in the Commonwealth to passengers while in transit aboard any such common carrier, and in designated rooms of establishments of air carriers at airports in the Commonwealth. For purposes of supplying its airplanes, as well as any airplanes of a licensed express carrier flying under the same brand, an air carrier licensee may appoint an authorized representative to load distilled spirits onto the same airplanes and to transport and store distilled spirits at or in close proximity to the airport where the distilled spirits will be delivered onto airplanes of the air carrier and any such licensed express carrier. 7. Mixed beverage club events licenses, which shall authorize a club holding a beer or wine and beer club license to sell and serve mixed beverages for on-premises consumption by club members and their guests in areas approved by the Board on the club premises. A separate license shall be required for each day of each club event. No more than 12 such licenses shall be granted to a club in any calendar year.

8. Annual mixed beverage amphitheater licenses to persons operating food concessions at any outdoor performing arts amphitheater, arena or similar facility that has seating for more than 20,000 persons and is located in Prince William County or the City of Virginia Beach. Such license shall authorize the licensee to conduct no more than 12 banquets per calendar year.

12. Limited mixed beverage restaurant licenses, which shall authorize the licensee to sell and serve dessert wines as defined by Board regulation and no more than six varieties of liqueurs, which liqueurs shall be combined with coffee or other nonalcoholic beverages, for consumption in dining areas of the restaurant. CHAPTER 539

An Act to amend and reenact § 58.1-3219.9 of the Code of Virginia, relating to real property tax exemption; spouse of member of armed forces killed in action.

[H 127]

Approved March 29, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3219.9 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3219.9. Exemption from taxes on property of surviving spouses of members of the armed forces killed in action.

A. Pursuant to subdivision (b) of Section 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2015, the General Assembly hereby exempts from taxation the real property described in subsection B of the surviving spouse (i) of any member of the armed forces of the United States who was killed in action as determined by the ~~United States~~ U.S. Department of Defense and (ii) who occupies the real property as his principal place of residence. *For purposes of this section, such determination of "killed in action" includes a determination by the U.S. Department of Defense of "died of wounds received in action."* If such member of the armed forces of the United States is killed in action after January 1, 2015, and the surviving spouse has a qualified principal residence on the date that such member of the armed forces is killed in action, then the exemption for the surviving spouse shall begin on the date that such member of the armed forces is killed in action. However, no county, city, or town shall be liable for any interest on any refund due to the surviving spouse for taxes paid prior to the surviving spouse's filing of the affidavit or written statement required by § 58.1-3219.10. If the surviving spouse acquires the property after January 1, 2015, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. Those dwellings in the locality with assessed values in the most recently ended tax year that are not in excess of the average assessed value for such year of a dwelling situated on property that is zoned as single family residential shall qualify for a total exemption from real property taxes under this article. If the value of a dwelling is in excess of the average assessed value as described in this subsection, then only that portion of the assessed value in excess of the average assessed value shall be subject to real property taxes, and the portion of the assessed value that is not in excess of the average assessed value shall be exempt from real property taxes. Single family homes, condominiums, town homes, and other types of dwellings of surviving spouses that (i) meet this requirement and (ii) are occupied by such persons as their principal place of residence shall qualify for the real property tax exemption.

For purposes of determining whether a dwelling, or a portion of its value, is exempt from county and town real property taxes, the average assessed value shall be such average for all dwellings located within the county that are situated on property zoned as single family residential.

C. The surviving spouse of a member of the armed forces killed in action shall qualify for the exemption so long as the surviving spouse does not remarry and continues to occupy the real property as his principal place of residence. The exemption applies without any restriction on the spouse's moving to a different principal place of residence.

D. A county, city, or town shall provide for the exemption from real property taxes (i) the qualifying dwelling, or the portion of the value of such dwelling and land that qualifies for the exemption pursuant to subsection B, and (ii) the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section.

E. For purposes of this exemption, real property of any surviving spouse of a member of the armed forces killed in action includes real property (i) held by a surviving spouse as a tenant for life, (ii) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (iii) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

F. 1. In the event that (i) a surviving spouse is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have

been provided shall be prorated by multiplying the amount of the exemption by a fraction that has 1 as a numerator and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the principal residence is jointly owned by two or more individuals including the surviving spouse, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E, then the exemption shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by the surviving spouse, and as a denominator, 100 percent.

CHAPTER 540

§ 16.1-331. Petition for emancipation.

Any minor who has reached his sixteenth birthday and is residing in this Commonwealth, or any parent or guardian of such minor, may petition the juvenile and domestic relations district court for the county or city in which either the minor or his parents or guardian resides for a determination that the minor named in the petition be emancipated. The petition shall contain, in addition to the information required by § 16.1-262, the gender of the minor and, if the petitioner is not the minor, the name of the petitioner and the relationship of the petitioner to the minor. *If the petition is based on the minor's desire to enter into a valid marriage, the petition shall also include the name, age, date of birth, if known, and residence of the intended spouse. The petitioner shall also attach copies of any criminal records of each individual intending to be married. The petitioner shall also attach copies of any protective order issued between the individuals to be married.*

§ 16.1-333. Findings necessary to order that minor is emancipated.

The court may enter an order declaring the minor emancipated if, after a hearing, it is found that: (i) the minor has entered into a valid marriage, whether or not that marriage has been terminated by dissolution; ~~or~~ (ii) the minor is on active duty with any of the armed forces of the United States of America; ~~or~~ (iii) the minor willingly lives separate and apart from his parents or guardian, with the consent or acquiescence of the parents or guardian, and that the minor is or is capable of supporting himself and competently managing his own financial affairs; or (iv) *the minor desires to enter into a valid marriage and the requirements of § 16.1-333.1 are met.*

§ 16.1-333.1. Written findings necessary to order that minor is emancipated on the basis of intent to marry.

The court may enter an order declaring such a minor who desires to get married emancipated if, after a hearing where both individuals intending to marry are present, the court makes written findings that:

2. *The individuals to be married are mature enough to make such a decision to marry;*

3. *The marriage will not endanger the safety of the minor. Neither a past or current pregnancy of either individual to be married or between the individuals to be married nor the wishes of the parents or legal guardians of the minor desiring to be married shall be sufficient evidence to establish that the best interests of the minor would be served by entering the order of emancipation.*

§ 20-45.1. Void and voidable marriages.

~~(a)~~ A. All marriages ~~which that~~ are prohibited by § 20-38.1 ~~or where either or both of the parties are, at the time of the solemnization of the marriage, under the age of eighteen, and have not complied with the provisions of § 20-48 or § 20-49,~~ are void.

~~In case of pregnancy when either party is under sixteen, the clerk authorized to issue marriage licenses in the county or city wherein the female resides shall issue a proper marriage license with the consent of the parent or guardian of the person or persons under the age of sixteen only upon presentation of a doctor's certificate showing he has examined the female and that she is pregnant, or has been pregnant within the nine months previous to such examination, which certificate shall be filed by the clerk, and such marriage consummated under such circumstances shall be valid. If any such person under the age of sixteen is a ward of the Commonwealth by virtue of having been adjudicated a delinquent, dependent, or neglected child, instead of the consent of the parent or natural guardian there shall be required the consent of the judge having jurisdiction to control the custody of such person; or, if such person so adjudicated shall have been committed to the Department of Juvenile Justice or to any society, association, or institution approved by it for this purpose, such consent shall be given by some person thereto authorized by the Director of the Department of Juvenile Justice, or by the principal executive officer of such society, association, or institution, as the case may be.~~

§ 20-89.1. Suit to annul marriage.

~~(a)~~ A. No annulment for a marriage alleged to be void or voidable under subsection ~~(b)~~ B of § 20-45.1; ~~or subsection (b) B of this section or by virtue of fraud or duress shall be decreed if it appears that the party applying for such annulment has cohabited with the other after knowledge of the facts giving rise to what otherwise would have been grounds for annulment, and; in no event shall any such decree be entered if the parties had been married for a period of two years prior to the institution of such suit for annulment.~~

~~(d)~~ D. A party who, at the time of such marriage as is mentioned in § 20-48 ~~or § 20-49,~~ was capable of consenting with a party not so capable; shall not be permitted to institute a suit for the purpose of annulling such marriage.

§ 20-90. Suit to affirm marriage.

A. When the validity of any marriage shall be denied or doubted by either of the parties, the other party may institute a suit for affirmance of the marriage, and upon due proof of the validity thereof, it shall be decreed to be valid, and such decree shall be conclusive upon all persons concerned.

B. *Notwithstanding § 20-13, a marriage of a couple where one of the parties was under the age of 18 at the time of solemnization may be decreed valid upon petition by the party who was under the age of 18 at the time of the solemnization that would otherwise be deemed voidable under subsection C of § 20-45.1 solely because of age, once such party has*

attained the age of 18. If both parties were under the age of 18 at the time of solemnization, such petition shall not be granted unless both parties have reached the age of 18 and join in the petition together.

2. That § 20-49 of the Code of Virginia is repealed.

No later than three business days after seeking disclosure of real-time location data pursuant to this subsection, the investigative or law-enforcement officer seeking the information shall file with the appropriate court a written statement setting forth the facts giving rise to the emergency and the facts as to why the person whose real-time location data was sought is believed to be important in addressing the emergency.

However, an investigative or law-enforcement officer may use such a device without first obtaining a search warrant under the circumstances set forth in subsection E. For purposes of subdivision E 4, the investigative or law-enforcement officer using such a device shall be considered to be the possessor of the real-time location data.

[S 296]

Approved March 29, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-13 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-13. Special conservators of the peace; authority; jurisdiction; registration; liability of employers; penalty; report.

A. Upon the submission of an application, which shall include the results of ~~a~~ *the* background investigation *conducted pursuant to subsection C*, from (i) any sheriff or chief of police of any county, city, or town; (ii) any corporation authorized to do business in the Commonwealth; (iii) the owner, proprietor, or authorized custodian of any place within the Commonwealth; or (iv) any museum owned and managed by the Commonwealth, a circuit court judge of any county or city shall appoint special conservators of the peace who shall serve as such for such length of time as the court may designate, but not exceeding four years under any one appointment, during which time the court shall retain jurisdiction over the appointment order, upon a showing by the applicant of a necessity for the security of property or the peace and presentation of evidence that the person or persons to be appointed as a special conservator of the peace possess a valid registration issued by the Department of Criminal Justice Services in accordance with the provisions of subsection C. Upon an application made pursuant to clause (ii), (iii), or (iv), the court shall, prior to entering the order of appointment, transmit a copy of the application to the local attorney for the Commonwealth and the local sheriff or chief of police who may submit

to the court a sworn, written statement indicating whether the order of appointment should be granted. However, a judge may deny the appointment for good cause, and shall state the specific reasons for the denial in writing in the order denying the appointment. A judge also may revoke the appointment order for good cause shown, upon the filing of a sworn petition by the attorney for the Commonwealth, sheriff, or chief of police for any locality in which the special conservator of the peace is authorized to serve or by the Department of Criminal Justice Services. Prior to revocation, a hearing shall be set and the special conservator of the peace shall be given notice and the opportunity to be heard. The judge may temporarily suspend the appointment pending the hearing for good cause shown. A hearing on the petition shall be heard by the court as soon as practicable. If the appointment order is suspended or revoked, the clerk of court shall notify the Department of Criminal Justice Services, the Department of State Police, the applicable local law-enforcement agencies in all cities and counties where the special conservator of the peace is authorized to serve, and the employer of the special conservator of the peace.

The order of appointment may provide that a special conservator of the peace shall have all the powers, functions, duties, responsibilities and authority of any other conservator of the peace within such geographical limitations as the court may deem appropriate within the confines of the county, city or town that makes application or on the real property where the corporate applicant is located, or any real property contiguous to such real property, limited, except as provided in subsection F, to the city or county wherein application has been made, whenever such special conservator of the peace is engaged in the performance of his duties as such. The order may provide that the special conservator of the peace shall have the authority to make an arrest outside of such geographical limitations if the arrest results from a close pursuit that was initiated when the special conservator of the peace was within the confines of the area wherein he has been authorized to have the powers and authority of a special conservator of the peace; the order may further delineate a geographical limitation or distance beyond which the special conservator of the peace may not effectuate such an arrest that follows from a close pursuit. The order shall require the special conservator of the peace to comply with the provisions of the United States Constitution and the Constitution of Virginia. The order shall not identify the special conservator of the peace as a law-enforcement officer pursuant to § 9.1-101. The order may provide, however, that the special conservator of the peace is a "law-enforcement officer" for the purposes of Article 4 (§ 37.2-808 et seq.) of Chapter 8 of Title 37.2 or Article 16 (§ 16.1-335 et seq.) of Chapter 11 of Title 16.1, but such designation shall not qualify the special conservator of the peace as a "qualified law-enforcement officer" or "qualified retired law-enforcement officer" within the meaning of the federal Law Enforcement Officer Safety Act, 18 U.S.C. § 926(B) et seq., and the order of appointment shall specifically state this. Upon request and for good cause shown, the order may also provide that the special conservator of the peace is authorized to use the seal of the Commonwealth in a badge or other credential of office as the court may deem appropriate. Upon request and for good cause shown, the order may also provide that the special conservator of the peace may use the title "police" on any badge or uniform worn in the performance of his duties as such. The order may also provide that a special conservator of the peace who has completed the minimum training standards established by the Criminal Justice Services Board, has the authority to affect arrests, using up to the same amount of force as would be allowed to a law-enforcement officer employed by the Commonwealth or any of its political subdivisions when making a lawful arrest. The order shall prohibit blue flashing lights, but upon request and for good cause shown may provide that the special conservator of the peace may use flashing lights and sirens on any vehicle used by the special conservator of the peace when he is in the performance of his duties. Prior to granting an application for appointment, the circuit court shall ensure that the applicant has met the registration requirements established by the Criminal Justice Services Board.

B. All applications and orders for appointments of special conservators of the peace shall be submitted on forms developed by the Office of the Executive Secretary of the Supreme Court of Virginia in consultation with the Department of Criminal Justice Services and shall specify the duties for which the applicant is qualified. The applications and orders shall specify the geographic limitations consistent with subsection A.

C. No person shall seek appointment as a special conservator of the peace from a circuit court judge without possessing a valid registration issued by the Department of Criminal Justice Services, except as provided in this section. Applicants for registration may submit an application on or after January 1, 2004. A temporary registration may be issued in accordance with regulations established by the Criminal Justice Services Board while awaiting the results of a state and national fingerprint search. However, no person shall be issued a *valid registration* or temporary registration until he has (i) complied with, or been exempted from the compulsory minimum training standards as set forth in this section; (ii) submitted his fingerprints on a form provided by the Department to be used for the conduct of a national criminal records search and a Virginia criminal history records search; (iii) submitted the results of a background investigation, performed by any state or local law-enforcement agency, which may, at its discretion, charge a reasonable fee to the applicant and which ~~may~~ shall include a review of the applicant's *criminal history records* and may include a review of the applicant's school records, employment records, or interviews with persons possessing general knowledge of the applicant's character and fitness for such appointment; and (iv) met all other requirements of this article and Board regulations. No person with a criminal conviction for a misdemeanor involving (a) moral turpitude, (b) assault and battery, (c) damage to real or personal property, (d) controlled substances or imitation controlled substances as defined in Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2, (e) prohibited sexual behavior as described in Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, or (f) firearms, or any felony, or who is required to register with the Sex Offender and Crimes Against Minors Registry pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, *or who is prohibited from possessing, transporting, or purchasing a firearm* shall be eligible for registration or appointment as a special conservator of the peace. A special

conservator of the peace shall report if he is arrested for, charged with, or convicted of any misdemeanor or felony offense *or becomes ineligible for registration or appointment as a special conservator of the peace pursuant to this subsection* to the Department of Criminal Justice Services and the chief law-enforcement officer of all localities in which he is authorized to serve within ~~3~~ *three* days of such arrest *or of becoming ineligible for registration or appointment as a special conservator of the peace*. Any appointment for a special conservator of the peace shall be eligible for suspension and revocation after a hearing pursuant to subsection A if the special conservator of the peace is convicted of any offense listed in ~~clauses (a) through (f)~~ *or of any felony this subsection or becomes ineligible for registration or appointment as a special conservator of the peace pursuant to this subsection*. All appointments for special conservators of the peace shall become void on September 15, 2004, unless they have obtained a valid registration issued by the Department of Criminal Justice Services.

D. Each person registered as or seeking registration as a special conservator of the peace shall be covered by evidence of a policy of liability insurance or self-insurance in an amount and with coverage as fixed by the Board. Any person who is aggrieved by the misconduct of any person registered as a special conservator of the peace and recovers a judgment against the registrant, which is unsatisfied in whole or in part, may bring an action in his own name against the insurance policy of the registrant.

E. Effective July 1, 2015, all persons currently appointed or seeking appointment or reappointment as a special conservator of the peace are required to register with the Department of Criminal Justice Services, regardless of any other standing the person may have as a law-enforcement officer or other position requiring registration or licensure by the Department. The employer of any special conservator of the peace shall notify the circuit court, the Department of Criminal Justice Services, the Department of State Police, and the chief law-enforcement officer of all localities in which the special conservator of the peace is authorized to serve within 30 days after the date such individual has left employment and all powers of the special conservator of the peace shall be void. Failure to provide such notification shall be punishable by a fine of \$250 plus an additional \$50 per day for each day such notice is not provided.

F. When the application is made by any sheriff or chief of police, the circuit court shall specify in the order of appointment the name of the applicant authorized under subsection A and the geographic jurisdiction of the special conservator of the peace. Such appointments shall be limited to the city or county wherein application has been made. When the application is made by any corporation authorized to do business in the Commonwealth, any owner, proprietor, or authorized custodian of any place within the Commonwealth, or any museum owned and managed by the Commonwealth, the circuit court shall specify in the order of appointment the name of the applicant authorized under subsection A and the specific real property where the special conservator of the peace is authorized to serve. Such appointments shall be limited to the specific real property within the county, city, or town wherein application has been made. In the case of a corporation or other business, the court appointment may also include, for good cause shown, any real property owned or leased by the corporation or business, including any subsidiaries, in other specifically named cities and counties, but shall provide that the powers of the special conservator of the peace do not extend beyond the boundaries of such real property. The clerk of the appointing circuit court shall transmit to the Department of State Police, the clerk of the circuit court of each locality where the special conservator of the peace is authorized to serve, and the sheriff or chief of police of each such locality a copy of the order of appointment that shall specify the following information: the person's complete name, address, date of birth, social security number, gender, race, height, weight, color of hair, color of eyes, firearm authority or limitation as set forth in subsection G, date of the order, and other information as may be required by the Department of State Police. The Department of State Police shall enter the person's name and other information into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. The Department of State Police may charge a fee not to exceed \$10 to cover its costs associated with processing these orders. Each special conservator of the peace so appointed on application shall present his credentials to the chief of police or sheriff or his designee of all jurisdictions where he has conservator powers. If his powers are limited to certain areas of real property owned or leased by a corporation or business, he shall also provide notice of the exact physical addresses of those areas. Each special conservator shall provide to the circuit court a temporary registration letter issued by the Department of Criminal Justice Services to include the results of the background check prior to seeking an appointment by the circuit court. Once the applicant receives the appointment from the circuit court the applicant shall file the appointment order and a copy of the application with the Department of Criminal Justice Services in order to receive his special conservator of the peace registration document. If the court appointment includes any real property owned or leased by the corporation or business in other specifically named cities and counties not within the city or county wherein application has been made, the clerk of the appointing court shall transmit a copy of the order of appointment to (i) the clerk of the circuit court for each jurisdiction where the special conservator of the peace is authorized to serve and (ii) the sheriff or chief of police of each jurisdiction where the special conservator of the peace is authorized to serve.

If any such special conservator of the peace is the employee, agent or servant of another, his appointment as special conservator of the peace shall not relieve his employer, principal or master from civil liability to another arising out of any wrongful action or conduct committed by such special conservator of the peace while within the scope of his employment.

Effective July 1, 2002, no person employed by a local school board as a school security officer, as defined in § 9.1-101, shall be eligible for appointment as a conservator for purposes of maintaining safety in a public school in the Commonwealth. All appointments of special conservators of the peace granted to school security officers as defined in § 9.1-101 prior to July 1, 2002 are void.

G. The court may limit or prohibit the carrying of weapons by any special conservator of the peace initially appointed on or after July 1, 1996, while the appointee is within the scope of his employment as such.

H. The governing body of any locality or the sheriff of a county where no police department has been established may enter into mutual aid agreements with any entity employing special conservators of the peace that is located in such locality for the use of their joint forces and their equipment and materials to maintain peace and good order. Any law-enforcement officer or special conservator of the peace, while performing his duty under any such agreement, shall have the same authority as lawfully conferred on him within his own jurisdiction.

PLACE THE HEALTH RECORDS IN A SEALED ENVELOPE AND ATTACH TO THE SEALED ENVELOPE A COVER LETTER TO THE CLERK OF COURT OR ADMINISTRATIVE AGENCY WHICH STATES THAT CONFIDENTIAL HEALTH RECORDS ARE ENCLOSED AND ARE TO BE HELD UNDER SEAL PENDING A RULING ON THE MOTION TO QUASH THE SUBPOENA. THE SEALED ENVELOPE AND THE COVER LETTER SHALL BE PLACED IN AN OUTER ENVELOPE OR PACKAGE FOR TRANSMITTAL TO THE COURT OR ADMINISTRATIVE AGENCY.

3. Upon receiving a valid subpoena duces tecum for health records, health care entities shall have the duty to respond to the subpoena in accordance with the provisions of subdivisions 4, 5, 6, 7, and 8.

4. Except to deliver to a clerk of the court or administrative agency subpoenaed health records in a sealed envelope as set forth, health care entities shall not respond to a subpoena duces tecum for such health records until they have received a certification as set forth in subdivision 5 or 8 from the party on whose behalf the subpoena duces tecum was issued.

If the health care entity has actual receipt of notice that a motion to quash the subpoena has been filed or if the health care entity files a motion to quash the subpoena for health records, then the health care entity shall produce the health records, in a securely sealed envelope, to the clerk of the court or administrative agency issuing the subpoena or in whose court or administrative agency the action is pending. The court or administrative agency shall place the health records under seal until a determination is made regarding the motion to quash. The securely sealed envelope shall only be opened on order of the judge or administrative agency. In the event the court or administrative agency grants the motion to quash, the health records shall be returned to the health care entity in the same sealed envelope in which they were delivered to the court or administrative agency. In the event that a judge or administrative agency orders the sealed envelope to be opened to review the health records in camera, a copy of the order shall accompany any health records returned to the health care entity. The health records returned to the health care entity shall be in a securely sealed envelope.

5. If no motion to quash is filed within 15 days of the date of the request or of the attorney-issued subpoena, the party on whose behalf the subpoena was issued shall have the duty to certify to the subpoenaed health care entity that the time for filing a motion to quash has elapsed and that no motion to quash was filed. Any health care entity receiving such certification shall have the duty to comply with the subpoena duces tecum by returning the specified health records by either the return date on the subpoena or five days after receipt of the certification, whichever is later.

6. In the event that the individual whose health records are being sought files a motion to quash the subpoena, the court or administrative agency shall decide whether good cause has been shown by the discovering party to compel disclosure of the individual's health records over the individual's objections. In determining whether good cause has been shown, the court or administrative agency shall consider (i) the particular purpose for which the information was collected; (ii) the degree to which the disclosure of the records would embarrass, injure, or invade the privacy of the individual; (iii) the effect of the disclosure on the individual's future health care; (iv) the importance of the information to the lawsuit or proceeding; and (v) any other relevant factor.

7. Concurrent with the court or administrative agency's resolution of a motion to quash, if subpoenaed health records have been submitted by a health care entity to the court or administrative agency in a sealed envelope, the court or administrative agency shall: (i) upon determining that no submitted health records should be disclosed, return all submitted health records to the health care entity in a sealed envelope; (ii) upon determining that all submitted health records should be disclosed, provide all the submitted health records to the party on whose behalf the subpoena was issued; or (iii) upon determining that only a portion of the submitted health records should be disclosed, provide such portion to the party on whose behalf the subpoena was issued and return the remaining health records to the health care entity in a sealed envelope.

8. Following the court or administrative agency's resolution of a motion to quash, the party on whose behalf the subpoena duces tecum was issued shall have the duty to certify in writing to the subpoenaed health care entity a statement of one of the following:

a. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are consistent with such resolution; and, therefore, the health records previously delivered in a sealed envelope to the clerk of the court or administrative agency will not be returned to the health care entity;

b. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are consistent with such resolution and that, since no health records have previously been delivered to the court or administrative agency by the health care entity, the health care entity shall comply with the subpoena duces tecum by returning the health records designated in the subpoena by the return date on the subpoena or five days after receipt of certification, whichever is later;

c. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution; therefore, no health records shall be disclosed and all health records previously delivered in a sealed envelope to the clerk of the court or administrative agency will be returned to the health care entity;

d. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution and that only limited disclosure has been authorized. The certification shall state that only the portion of the health records as set forth in the certification, consistent with the court or administrative agency's ruling, shall be disclosed. The certification shall also state that health records that were previously

delivered to the court or administrative agency for which disclosure has been authorized will not be returned to the health care entity; however, all health records for which disclosure has not been authorized will be returned to the health care entity; or

e. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution and, since no health records have previously been delivered to the court or administrative agency by the health care entity, the health care entity shall return only those health records specified in the certification, consistent with the court or administrative agency's ruling, by the return date on the subpoena or five days after receipt of the certification, whichever is later.

A copy of the court or administrative agency's ruling shall accompany any certification made pursuant to this subdivision.

9. The provisions of this subsection have no application to subpoenas for health records requested under § 8.01-413, or issued by a duly authorized administrative agency conducting an investigation, audit, review or proceedings regarding a health care entity's conduct.

The provisions of this subsection shall apply to subpoenas for the health records of both minors and adults.

Nothing in this subsection shall have any effect on the existing authority of a court or administrative agency to issue a protective order regarding health records, including, but not limited to, ordering the return of health records to a health care entity, after the period for filing a motion to quash has passed.

A subpoena for substance abuse records must conform to the requirements of federal law found in 42 C.F.R. Part 2, Subpart E.

I. Health care entities may testify about the health records of an individual in compliance with §§ 8.01-399 and 8.01-400.2.

J. If an individual requests a copy of his health record from a health care entity, the health care entity may impose a reasonable cost-based fee, which shall include only the cost of supplies for and labor of copying the requested information, postage when the individual requests that such information be mailed, and preparation of an explanation or summary of such information as agreed to by the individual. For the purposes of this section, "individual" shall subsume a person with authority to act on behalf of the individual who is the subject of the health record in making decisions related to his health care.

K. Nothing in this section shall prohibit a health care provider who prescribes or dispenses a controlled substance required to be reported to the Prescription Monitoring Program established pursuant to Chapter 25.2 (§ 54.1-2519 et seq.) of Title 54.1 to a patient from disclosing information obtained from the Prescription Monitoring Program and contained in a patient's health care record to another health care provider when such disclosure is related to the care or treatment of the patient who is the subject of the record.

§ 44-146.21. Declaration of local emergency.

~~(a)~~ A. A local emergency may be declared by the local director of emergency management with the consent of the governing body of the political subdivision. In the event the governing body cannot convene due to the disaster or other exigent circumstances, the director, or in his absence, the deputy director, or in the absence of both the director and deputy director, any member of the governing body may declare the existence of a local emergency, subject to confirmation by the governing body at its next regularly scheduled meeting or at a special meeting within ~~fourteen~~ 45 days of the declaration, whichever occurs first. C. *A reimbursement payable or paid by a dental plan for covered services shall be reasonable and not provide nominal reimbursement in order to claim that services are covered services under the applicable dental plan. For purposes of this subsection, "reasonable" means the negotiated fee, rate, or reimbursement methodology that is set forth in the contract between a dental plan and a dentist or oral surgeon and is acceptable to the provider.*

[H 307]

Approved March 29, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 38.2-1905, 38.2-2118, 38.2-2119, 38.2-2120, 38.2-2202, and 38.2-2210 of the Code of Virginia are amended and reenacted as follows:

§ 38.2-1905. Motor vehicle insurer not to charge points or increase premiums in certain instances.

A. No insurer may increase its insured's premium or may charge points under a safe driver insurance plan to its insured as a result of a motor vehicle accident unless the accident was caused either wholly or partially by the named insured, a resident of the same household, or other customary operator. No insurer may increase its insured's premium or may charge points to its insured where the operator causing the accident is a principal operator insured under a separate policy. Any insurer increasing a premium or charging points as a result of a motor vehicle accident shall notify the named insured in writing and in the same notification shall inform the named insured that he may appeal the decision of the insurer to the Commissioner if he feels his premium has increased or he has been charged points as a result of a motor vehicle accident without just cause. *Such notice shall include the requirements that the appeal be in writing and made within 60 days of receipt of the notice of any premium increase adjustment or of any point charge resulting from a motor vehicle accident.*

B. An appeal of a premium increase or of a point charge by the named insured shall be requested in writing within sixty days of receipt of the notice of any premium adjustment or of any point charge resulting from a motor vehicle accident. Upon receipt of the request, the Commissioner shall promptly initiate a review to determine whether the premium increase or the point charge is justified. The premium increase or the point charge shall remain in full force and effect until the Commissioner rules that the premium be adjusted or the point charge be removed because it is not justified, or because the point charge was not assigned in accord with the insurer's filed rating plan, and so notifies the insurer and the insured. Upon receipt of the ruling, the insurer shall promptly refund any premiums paid as a direct result of the premium increase or the point charge, and shall adjust future billings to reflect the Commissioner's ruling.

C. ~~On and after January 1, 1991, no~~ No insurer shall assign points under a safe-driver insurance policy to any vehicle other than the vehicle customarily driven by the operator responsible for incurring points.

D. If an insured is a law-enforcement officer, as defined in § 9.1-101, no insurer may increase such insured's personal insurance premium or may charge points under a safe driver insurance plan to such insured as a result of an accident which occurred in the course of the insured's employment as a law-enforcement officer while the insured was driving a motor vehicle provided by the employing law-enforcement agency and was engaged in a law-enforcement activity at the time of such accident.

§ 38.2-2118. Required statement on insurance policies for owner-occupied dwellings.

Each insurer writing insurance on owner-occupied dwellings and appurtenant structures with a replacement cost provision under the provisions of Chapter 19 (§ 38.2-1900 et seq.) of this title shall ~~give each applicant for insurance provide on each new and renewal policy a statement summarizing:~~ (i) any minimum coverage requirement necessary for the replacement cost provision to be fully effective; and (ii) the effect on claim payment of not meeting the minimum coverage requirement.

§ 38.2-2119. Approval of forms or provisions for certain risks.

A. The Commission may approve and authorize the use of appropriate forms or provisions for supplemental contracts or extended coverage endorsements where the insured may be indemnified for (i) the difference between the actual cash value of the property at the time of loss and the cost of repair or replacement of the property on the same site with new materials of like kind and quality, within a reasonable time after the loss, and without deduction for depreciation, (ii) additional cost or loss by reason of any ordinance or law in force at the time of loss which necessitates the demolition of any portion of the insured property, (iii) any increased cost of repair or replacement by reason of any ordinance or law regulating construction or repair of the insured building, and (iv) loss from interruption of business, untenability, or termination of leasehold interest because of damage to or destruction of the property described in the policy. These forms or provisions shall apply to coverage provided to an insured having any interest in an insured building or structure which is a part of the building described in the policy, including service equipment for the building.

B. Where any policy of insurance issued or delivered in this Commonwealth pursuant to this chapter provides for the payment of the full replacement cost of property insured thereunder, the policy shall permit the insured to assert a claim for the actual cash value of the property without prejudice to his right to thereafter assert a claim for the difference between the actual cash value and the full replacement cost unless a claim for full replacement cost has been previously resolved. Any

claim for such difference must be made within six months of (i) the last date on which the insured received a payment for actual cash value or (ii) date of entry of a final order of a court of competent jurisdiction declaratory of the right of the insured to full replacement cost, whichever shall last occur.

C. Notwithstanding the provisions of § 38.2-2104, insurers may offer, as an option, coverage limited to the amount necessary to repair or replace damaged property with functionally equivalent property at a lower cost than would be required to repair or replace the damaged property with material of like kind and quality. Such policies may also permit, at the option of the insured, settlement based on the market value of the damaged property at the time of loss. No new policy or original premium notice of insurance covering property insured on a functional replacement cost basis shall be issued or delivered in the Commonwealth unless it contains the following statement, printed in boldface type, or unless the statement is attached to the front of or is enclosed with the policy or premium notice:

Important Notice

The coverage under this policy applies on a functional replacement cost basis which means that, under certain conditions, claims may be settled for less than the actual cash value of the property insured.

§ 38.2-2120. Optional coverage to be offered with homeowner's policy.

Any insurer who issues or delivers a new or renewal homeowner's insurance policy in this Commonwealth shall offer as an option a provision insuring against loss caused or resulting from water which backs up through sewers or drains.

§ 38.2-2202. Required notice of optional coverage available.

A. No original premium notice new policy for insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle shall be issued or delivered in the Commonwealth unless it contains on the front of the premium notice or unless there is enclosed with the premium notice policy, in boldface type, the following statement:

IMPORTANT NOTICE

IN ADDITION TO THE MINIMUM INSURANCE REQUIRED BY LAW, YOU MAY PURCHASE ADDITIONAL INSURANCE COVERAGE FOR THE NAMED INSURED AND FOR HIS RELATIVES WHO ARE MEMBERS OF HIS HOUSEHOLD WHILE IN OR UPON, ENTERING OR ALIGHTING FROM A MOTOR VEHICLE, OR THROUGH BEING STRUCK BY A MOTOR VEHICLE WHILE NOT OCCUPYING A MOTOR VEHICLE, AND FOR OCCUPANTS OF THE INSURED MOTOR VEHICLE. THE FOLLOWING HEALTH CARE AND DISABILITY BENEFITS ARE AVAILABLE FOR EACH ACCIDENT:

1. PAYMENT OF UP TO \$2,000 PER PERSON FOR ALL REASONABLE AND NECESSARY EXPENSES FOR MEDICAL, CHIROPRACTIC, HOSPITAL, DENTAL, SURGICAL, PROSTHETIC AND REHABILITATION SERVICES, SERVICES PROVIDED BY AN EMERGENCY MEDICAL SERVICES VEHICLE AS DEFINED IN § 32.1-111.1, AND FUNERAL EXPENSES RESULTING FROM THE ACCIDENT AND INCURRED WITHIN THREE YEARS AFTER THE DATE OF THE ACCIDENT. HOWEVER, IF YOU DO NOT PURCHASE THE \$2,000 LIMIT OF COVERAGE, YOU AND THE COMPANY MAY AGREE TO ANY OTHER LIMIT; AND

2. AN AMOUNT EQUAL TO THE LOSS OF INCOME UP TO \$100 PER WEEK IF THE INJURED PERSON IS ENGAGED IN AN OCCUPATION FOR WHICH HE RECEIVES COMPENSATION, FROM THE FIRST WORKDAY LOST AS A RESULT OF THE ACCIDENT UP TO THE DATE THE PERSON IS ABLE TO RETURN TO HIS USUAL OCCUPATION. SUCH PAYMENTS ARE LIMITED TO A PERIOD EXTENDING ONE YEAR FROM THE DATE OF THE ACCIDENT.

IF YOU DESIRE TO PURCHASE EITHER OR BOTH OF THESE COVERAGES AT AN ADDITIONAL PREMIUM, YOU MAY DO SO BY CONTACTING THE AGENT OR COMPANY THAT ISSUED YOUR POLICY.

The insurer issuing the premium notice policy shall inform the insured by any reasonable means of communication of the approximate premium for the additional coverage.

B. No new policy or original premium notice of insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle shall be issued or delivered in the Commonwealth unless it contains the following statement, printed in boldface type, or unless the statement is attached to the front of or is enclosed with the policy or premium notice:

IMPORTANT NOTICE

IN ADDITION TO THE INSURANCE COVERAGE REQUIRED BY LAW TO PROTECT YOU AGAINST A LOSS CAUSED BY AN UNINSURED MOTORIST, IF YOU HAVE PURCHASED LIABILITY INSURANCE COVERAGE THAT IS HIGHER THAN THAT REQUIRED BY LAW TO PROTECT YOU AGAINST LIABILITY ARISING OUT OF THE OWNERSHIP, MAINTENANCE, OR USE OF THE MOTOR VEHICLES COVERED BY THIS POLICY, AND YOU HAVE NOT ALREADY PURCHASED UNINSURED MOTORIST INSURANCE COVERAGE EQUAL TO YOUR LIABILITY INSURANCE COVERAGE:

1. YOUR UNINSURED AND UNDERINSURED MOTORIST INSURANCE COVERAGE HAS INCREASED TO THE LIMITS OF YOUR LIABILITY COVERAGE AND THIS INCREASE WILL COST YOU AN EXTRA PREMIUM CHARGE; AND

2. YOUR TOTAL PREMIUM CHARGE FOR YOUR MOTOR VEHICLE INSURANCE COVERAGE WILL INCREASE IF YOU DO NOT NOTIFY YOUR AGENT OR INSURER OF YOUR DESIRE TO REDUCE COVERAGE WITHIN 20 DAYS OF THE MAILING OF THE POLICY OR THE PREMIUM NOTICE, AS THE CASE MAY BE. THE INSURER MAY REQUIRE THAT SUCH A REQUEST TO REDUCE COVERAGE BE IN WRITING.

3. IF THIS IS A NEW POLICY AND YOU HAVE ALREADY SIGNED A WRITTEN REJECTION OF SUCH HIGHER LIMITS IN CONNECTION WITH IT, PARAGRAPHS 1 AND 2 OF THIS NOTICE DO NOT APPLY.

~~After 20 days, the insurer shall be relieved of the obligation imposed by this subsection to attach or imprint the foregoing statement to any subsequently delivered renewal policy, extension certificate, other written statement of coverage continuance, or to any subsequently mailed premium notice.~~

YOU ARE ENTITLED TO PURCHASE UNINSURED/UNDERINSURED COVERAGE LIMITS EQUAL TO THE LIABILITY LIMITS ON YOUR MOTOR VEHICLE POLICY. HOWEVER, ANY ONE NAMED INSURED HAS THE RIGHT TO REDUCE THE LIMITS OF THE UNINSURED/UNDERINSURED MOTORIST COVERAGE TO LESS THAN THE LIABILITY LIMITS ON THE POLICY BUT NO LOWER THAN THE FINANCIAL RESPONSIBILITY LIMITS REQUIRED BY § 46.2-472 OF THE CODE OF VIRGINIA. THE INSURER MAY REQUIRE THAT A REQUEST TO REDUCE COVERAGE BE IN WRITING. ONCE ANY ONE NAMED INSURED REDUCES THE POLICY LIMITS FOR UNINSURED/UNDERINSURED MOTORIST COVERAGE BELOW THE POLICY'S LIABILITY LIMITS, THAT ELECTION IS BINDING ON ALL INSURED ON THE POLICY. LATER, IF YOU DESIRE TO INCREASE YOUR LIMITS, YOU MUST MAKE A SPECIFIC REQUEST TO YOUR INSURER. YOU MAY WANT TO PUT THIS REQUEST IN WRITING.

BEFORE REDUCING THE LIMITS OF THE UNINSURED/UNDERINSURED MOTORIST COVERAGE, YOU SHOULD CAREFULLY CONSIDER THAT THIS COVERAGE PROVIDES IMPORTANT PROTECTION IN THE EVENT YOU ARE INJURED OR YOUR MOTOR VEHICLE IS DAMAGED DUE TO THE ACTIONS OF AN UNINSURED/UNDERINSURED MOTORIST.

§ 38.2-2210. Warning concerning cancellation to appear on application for motor vehicle liability insurance; reason for cancellation or nonrenewal required on application.

A. THE POLICY OF INSURANCE FOR WHICH THIS APPLICATION IS BEING MADE, IF ISSUED, MAY BE CANCELLED WITHOUT CAUSE AT THE OPTION OF THE INSURER AT ANY TIME IN THE FIRST 60 DAYS DURING WHICH IT IS IN EFFECT AND AT ANY TIME THEREAFTER FOR REASONS STATED IN THE POLICY.

B. Any application for the original issuance of a policy of insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle defined in § 38.2-2212 that requires the insured to disclose information as to any previous cancellation or refusal to renew shall also permit the insured to offer or provide a full explanation of the reason for the cancellation or refusal to renew.

C. The notice required by this section shall be given by the insurer to any applicant within ten days of the application in the event the applicant is not provided a written copy of the application and the coverage has been bound by such insurer.

D. This section shall not apply to the renewal of any policy of insurance.

2. That the provisions of this act shall apply to new or renewal policies issued on or after January 1, 2017.

CHAPTER 559

An Act to amend and reenact § 20-107.3 of the Code of Virginia, relating to equitable distribution; transfer of separate property.

[H 404]

Approved March 29, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 20-107.3 of the Code of Virginia is amended and reenacted as follows:

§ 20-107.3. Court may decree as to property and debts of the parties.

A. Upon decreeing the dissolution of a marriage, and also upon decreeing a divorce from the bond of matrimony, or upon the filing with the court as provided in subsection J of a certified copy of a final divorce decree obtained without the Commonwealth, the court, upon request of either party, (i) shall determine the legal title as between the parties, and the ownership and value of all property, real or personal, tangible or intangible, of the parties and shall consider which of such property is separate property, which is marital property, and which is part separate and part marital property in accordance with subdivision A 3 and (ii) shall determine the nature of all debts of the parties, or either of them, and shall consider which of such debts is separate debt and which is marital debt. The court shall determine the value of any such property as of the date of the evidentiary hearing on the evaluation issue. The court shall determine the amount of any such debt as of the date of the last separation of the parties, if at such time or thereafter at least one of the parties intends that the separation be permanent, and the extent to which such debt has increased or decreased from the date of separation until the date of the evidentiary hearing. Upon motion of either party made no less than 21 days before the evidentiary hearing the court may, for good cause shown, in order to attain the ends of justice, order that a different valuation date be used. The court, on the motion of either party, may retain jurisdiction in the final decree of divorce to adjudicate the remedy provided by this section when the court determines that such action is clearly necessary, and all decrees heretofore entered retaining such jurisdiction are validated.

1. Separate property is (i) all property, real and personal, acquired by either party before the marriage; (ii) all property acquired during the marriage by bequest, devise, descent, survivorship or gift from a source other than the other party;

(iii) all property acquired during the marriage in exchange for or from the proceeds of sale of separate property, provided that such property acquired during the marriage is maintained as separate property; and (iv) that part of any property classified as separate pursuant to subdivision A 3. Income received from separate property during the marriage is separate property if not attributable to the personal effort of either party. The increase in value of separate property during the marriage is separate property, unless marital property or the personal efforts of either party have contributed to such increases and then only to the extent of the increases in value attributable to such contributions. The personal efforts of either party must be significant and result in substantial appreciation of the separate property if any increase in value attributable thereto is to be considered marital property.

2. Marital property is (i) all property titled in the names of both parties, whether as joint tenants, tenants by the entirety or otherwise, except as provided by subdivision A 3, (ii) that part of any property classified as marital pursuant to subdivision A 3, or (iii) all other property acquired by each party during the marriage which is not separate property as defined above. All property including that portion of pensions, profit-sharing or deferred compensation or retirement plans of whatever nature, acquired by either spouse during the marriage, and before the last separation of the parties, if at such time or thereafter at least one of the parties intends that the separation be permanent, is presumed to be marital property in the absence of satisfactory evidence that it is separate property. For purposes of this section marital property is presumed to be jointly owned unless there is a deed, title or other clear indicia that it is not jointly owned.

3. The court shall classify property as part marital property and part separate property as follows:

a. In the case of income received from separate property during the marriage, such income shall be marital property only to the extent it is attributable to the personal efforts of either party. In the case of the increase in value of separate property during the marriage, such increase in value shall be marital property only to the extent that marital property or the personal efforts of either party have contributed to such increases, provided that any such personal efforts must be significant and result in substantial appreciation of the separate property.

For purposes of this subdivision, the nonowning spouse shall bear the burden of proving that (i) contributions of marital property or personal effort were made and (ii) the separate property increased in value. Once this burden of proof is met, the owning spouse shall bear the burden of proving that the increase in value or some portion thereof was not caused by contributions of marital property or personal effort.

"Personal effort" of a party shall be deemed to be labor, effort, inventiveness, physical or intellectual skill, creativity, or managerial, promotional or marketing activity applied directly to the separate property of either party.

b. In the case of any pension, profit-sharing, or deferred compensation plan or retirement benefit, the marital share as defined in subsection G shall be marital property.

c. In the case of any personal injury or workers' compensation recovery of either party, the marital share as defined in subsection H shall be marital property.

d. When marital property and separate property are commingled by contributing one category of property to another, resulting in the loss of identity of the contributed property, the classification of the contributed property shall be transmuted to the category of property receiving the contribution. However, to the extent the contributed property is retraceable by a preponderance of the evidence and was not a gift, such contributed property shall retain its original classification.

e. When marital property and separate property are commingled into newly acquired property resulting in the loss of identity of the contributing properties, the commingled property shall be deemed transmuted to marital property. However, to the extent the contributed property is retraceable by a preponderance of the evidence and was not a gift, the contributed property shall retain its original classification.

f. When separate property is retitled in the joint names of the parties, the retitled property shall be deemed transmuted to marital property. However, to the extent the property is retraceable by a preponderance of the evidence and was not a gift, the retitled property shall retain its original classification.

g. When the separate property of one party is commingled into the separate property of the other party, or the separate property of each party is commingled into newly acquired property, to the extent the contributed property is retraceable by a preponderance of the evidence and was not a gift, each party shall be reimbursed the value of the contributed property in any award made pursuant to this section.

h. Subdivisions A 3 d, e and f shall apply to jointly owned property. No presumption of gift shall arise under this section where (i) separate property is commingled with jointly owned property; (ii) newly acquired property is conveyed into joint ownership; or (iii) existing property is conveyed or retitled into joint ownership. For purposes of this subdivision A 3, property is jointly owned when it is titled in the name of both parties, whether as joint tenants, tenants by the entireties, or otherwise.

4. Separate debt is (i) all debt incurred by either party before the marriage, (ii) all debt incurred by either party after the date of the last separation of the parties, if at such time or thereafter at least one of the parties intends that the separation be permanent, and (iii) that part of any debt classified as separate pursuant to subdivision A 5. However, to the extent that a party can show by a preponderance of the evidence that the debt was incurred for the benefit of the marriage or family, the court may designate the debt as marital.

5. Marital debt is (i) all debt incurred in the joint names of the parties before the date of the last separation of the parties, if at such time or thereafter at least one of the parties intends that the separation be permanent, whether incurred before or after the date of the marriage, and (ii) all debt incurred in either party's name after the date of the marriage and before the date of the last separation of the parties, if at such time or thereafter at least one of the parties intends that the

separation be permanent. However, to the extent that a party can show by a preponderance of the evidence that the debt, or a portion thereof, was incurred, or the proceeds secured by incurring the debt were used, in whole or in part, for a nonmarital purpose, the court may designate the entire debt as separate or a portion of the debt as marital and a portion of the debt as separate.

B. For the purposes of this section only, both parties shall be deemed to have rights and interests in the marital property. However, such interests and rights shall not attach to the legal title of such property and are only to be used as a consideration in determining a monetary award, if any, as provided in this section.

C. Except as provided in subsection G, the court shall have no authority to order the division or transfer of separate property or marital property, or separate or marital debt, which is not jointly owned or owed. *However, upon a finding that separate property of one party is in the possession or control of the other party, the court may order that the property be transferred to the party whose separate property it is.* The court may, based upon the factors listed in subsection E, divide or transfer or order the division or transfer, or both, of jointly owned marital property, jointly owed marital debt, or any part thereof. The court shall also have the authority to apportion and order the payment of the debts of the parties, or either of them, that are incurred prior to the dissolution of the marriage, based upon the factors listed in subsection E.

As a means of dividing or transferring the jointly owned marital property, the court may transfer or order the transfer of real or personal property or any interest therein to one of the parties, permit either party to purchase the interest of the other and direct the allocation of the proceeds, provided the party purchasing the interest of the other agrees to assume any indebtedness secured by the property, or order its sale by private sale by the parties, through such agent as the court shall direct, or by public sale as the court shall direct without the necessity for partition. All decrees entered prior to July 1, 1991, which are final and not subject to further proceedings on appeal as of that date, which divide or transfer or order the division or transfer of property directly between the parties are hereby validated and deemed self-executing. All orders or decrees which divide or transfer or order division or transfer of real property between the parties shall be recorded and indexed in the names of the parties in the appropriate grantor and grantee indexes in the land records in the clerk's office of the circuit court of the county or city in which the property is located.

D. In addition, based upon (i) the equities and the rights and interests of each party in the marital property, and (ii) the factors listed in subsection E, the court has the power to grant a monetary award, payable either in a lump sum or over a period of time in fixed amounts, to either party. The party against whom a monetary award is made may satisfy the award, in whole or in part, by conveyance of property, subject to the approval of the court. An award entered pursuant to this subsection shall constitute a judgment within the meaning of § 8.01-426 and shall not be docketed by the clerk unless the decree so directs. An award entered pursuant to this subsection may be enforceable in the same manner as any other money judgment. The provisions of § 8.01-382, relating to interest on judgments, shall apply unless the court orders otherwise.

Any marital property, which has been considered or ordered transferred in granting the monetary award under this section, shall not thereafter be the subject of a suit between the same parties to transfer title or possession of such property.

E. The amount of any division or transfer of jointly owned marital property, and the amount of any monetary award, the apportionment of marital debts, and the method of payment shall be determined by the court after consideration of the following factors:

1. The contributions, monetary and nonmonetary, of each party to the well-being of the family;
2. The contributions, monetary and nonmonetary, of each party in the acquisition and care and maintenance of such marital property of the parties;
3. The duration of the marriage;
4. The ages and physical and mental condition of the parties;
5. The circumstances and factors which contributed to the dissolution of the marriage, specifically including any ground for divorce under the provisions of subdivision A (1), (3) or (6) of § 20-91 or § 20-95;
6. How and when specific items of such marital property were acquired;
7. The debts and liabilities of each spouse, the basis for such debts and liabilities, and the property which may serve as security for such debts and liabilities;
8. The liquid or nonliquid character of all marital property;
9. The tax consequences to each party;
10. The use or expenditure of marital property by either of the parties for a nonmarital separate purpose or the dissipation of such funds, when such was done in anticipation of divorce or separation or after the last separation of the parties; and
11. Such other factors as the court deems necessary or appropriate to consider in order to arrive at a fair and equitable monetary award.

F. The court shall determine the amount of any such monetary award without regard to maintenance and support awarded for either party or support for the minor children of both parties and shall, after or at the time of such determination and upon motion of either party, consider whether an order for support and maintenance of a spouse or children shall be entered or, if previously entered, whether such order shall be modified or vacated.

G. In addition to the monetary award made pursuant to subsection D, and upon consideration of the factors set forth in subsection E:

1. The court may direct payment of a percentage of the marital share of any pension, profit-sharing or deferred compensation plan or retirement benefits, whether vested or nonvested, which constitutes marital property and whether

payable in a lump sum or over a period of time. The court may order direct payment of such percentage of the marital share by direct assignment to a party from the employer trustee, plan administrator or other holder of the benefits. However, the court shall only direct that payment be made as such benefits are payable. No such payment shall exceed 50 percent of the marital share of the cash benefits actually received by the party against whom such award is made. "Marital share" means that portion of the total interest, the right to which was earned during the marriage and before the last separation of the parties, if at such time or thereafter at least one of the parties intended that the separation be permanent.

2. To the extent permitted by federal or other applicable law, the court may order a party to designate a spouse or former spouse as irrevocable beneficiary during the lifetime of the beneficiary of all or a portion of any survivor benefit or annuity plan of whatsoever nature, but not to include a life insurance policy. The court, in its discretion, shall determine as between the parties, who shall bear the costs of maintaining such plan.

H. In addition to the monetary award made pursuant to subsection D, and upon consideration of the factors set forth in subsection E, the court may direct payment of a percentage of the marital share of any personal injury or workers' compensation recovery of either party, whether such recovery is payable in a lump sum or over a period of time. However, the court shall only direct that payment be made as such recovery is payable, whether by settlement, jury award, court award, or otherwise. "Marital share" means that part of the total personal injury or workers' compensation recovery attributable to lost wages or medical expenses to the extent not covered by health insurance accruing during the marriage and before the last separation of the parties, if at such time or thereafter at least one of the parties intended that the separation be permanent.

I. Nothing in this section shall be construed to prevent the affirmation, ratification and incorporation in a decree of an agreement between the parties pursuant to §§ 20-109 and 20-109.1. Agreements, otherwise valid as contracts, entered into between spouses prior to the marriage shall be recognized and enforceable.

J. A court of proper jurisdiction under § 20-96 may exercise the powers conferred by this section after a court of a foreign jurisdiction has decreed a dissolution of a marriage or a divorce from the bond of matrimony, if (i) one of the parties was domiciled in this Commonwealth when the foreign proceedings were commenced, (ii) the foreign court did not have personal jurisdiction over the party domiciled in the Commonwealth, (iii) the proceeding is initiated within two years of receipt of notice of the foreign decree by the party domiciled in the Commonwealth, and (iv) the court obtains personal jurisdiction over the parties pursuant to subdivision A 9 of § 8.01-328.1, or in any other manner permitted by law.

K. The court shall have the continuing authority and jurisdiction to make any additional orders necessary to effectuate and enforce any order entered pursuant to this section, including the authority to:

1. Order a date certain for transfer or division of any jointly owned property under subsection C or payment of any monetary award under subsection D;

2. Punish as contempt of court any willful failure of a party to comply with the provisions of any order made by the court under this section;

3. Appoint a special commissioner to transfer any property under subsection C where a party refuses to comply with the order of the court to transfer such property; and

4. Modify any order entered in a case filed on or after July 1, 1982, intended to affect or divide any pension, profit-sharing or deferred compensation plan or retirement benefits pursuant to the United States Internal Revenue Code or other applicable federal laws, only for the purpose of establishing or maintaining the order as a qualified domestic relations order or to revise or conform its terms so as to effectuate the expressed intent of the order.

L. If it appears upon or after the entry of a final decree of divorce from the bond of matrimony that neither party resides in the city or county of the circuit court that entered the decree, the court may, on the motion of any party or on its own motion, transfer to the circuit court for the city or county where either party resides the authority to make additional orders pursuant to subsection K or to carry out or enforce any stipulation, contract, or agreement between the parties that has been affirmed, ratified, and incorporated by reference pursuant to § 20-109.1.
