CHAPTER 211

An Act to amend and reenact § 53.1-40.1 of the Code of Virginia, relating to medical and mental health treatment of prisoners incapable of giving consent.

[S 350]

Approved March 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 53.1-40.1 of the Code of Virginia is amended and reenacted as follows:

§ 53.1-40.1. Medical and mental health treatment of prisoners incapable of giving consent.

A. The Director or his designee may petition the circuit court or any district court judge or any special justice, as defined in § 37.2-100, herein referred to as the court, of the county or city in which the prisoner is located for an order authorizing treatment of a prisoner sentenced and committed to the Department of Corrections. The court shall authorize such treatment in a facility designated by the Director upon finding, on the basis of clear and convincing evidence, that the prisoner is incapable, either mentally or physically, of giving informed consent to such treatment and that the proposed treatment is in the best interests of the prisoner.

B. Prior to the court's authorization of such treatment, the court shall appoint an attorney to represent the interests of the prisoner. Evidence shall be presented concerning the prisoner's condition and proposed treatment, which evidence may, in the court's discretion and in the absence of objection by the prisoner or the prisoner's attorney, be submitted by affidavit.

C. Any order authorizing treatment pursuant to subsection A shall describe the treatment authorized and authorize generally such examinations, tests, medications, and other treatments as are in the best interests of the prisoner but may not authorize nontherapeutic sterilization, abortion, or psychosurgery. Such order shall require the licensed physician, psychiatrist ~~or~~ clinical psychologist, *professional counselor, or clinical social worker* acting within his area of expertise who is treating the prisoner to report to the court and the prisoner's attorney any change in the prisoner's condition resulting

in restoration of the prisoner's capability to consent prior to completion of the authorized treatment and related services. Upon receipt of such report, the court may enter such order withdrawing or modifying its prior authorization as it deems appropriate. Any petition or order under this section may be orally presented or entered, provided a written order is subsequently executed.

D. Any order of a judge under subsection A may be appealed de novo within 10 days to the circuit court for the jurisdiction where the prisoner is located, and any order of a circuit court hereunder, either originally or on appeal, may be appealed within 10 days to the Court of Appeals, which shall give such appeal priority and hear the appeal as soon as possible.

E. Whenever the director of any hospital or facility reasonably believes that treatment is necessary to protect the life, health, or safety of a prisoner, such treatment may be given during the period allowed for any appeal unless prohibited by order of a court of record wherein the appeal is pending.

F. Upon the advice of a licensed physician, psychiatrist, or clinical psychologist acting within his area of expertise who has attempted to obtain consent and upon a finding of probable cause to believe that a prisoner is incapable, due to any physical or mental condition, of giving informed consent to treatment and that the medical standard of care calls for testing, observation, or other treatment within the next 12 hours to prevent death, disability or a serious irreversible condition, the court or, if the court is unavailable, a magistrate shall issue an order authorizing temporary admission of the prisoner to a hospital or other health care facility and authorizing such testing, observation, or other treatment. Such order shall expire after a period of 12 hours unless extended by the court as part of an order authorizing treatment under subsection A.

G. Any licensed health or mental health professional or licensed facility providing services pursuant to the court's or magistrate's authorization as provided in this section shall have no liability arising out of a claim to the extent it is based on lack of consent to such services. Any such professional or facility providing services with the consent of the prisoner receiving treatment shall have no liability arising out of a claim to the extent it is based on lack of capacity to consent if a court or a magistrate has denied a petition hereunder to authorize such services, and such denial was based on an affirmative finding that the prisoner was capable of making an informed decision regarding the proposed services.

H. Nothing in this section shall be deemed to limit or repeal any common law rule relating to consent for medical treatment or the right to apply or the authority conferred by any other applicable statute or regulation relating to consent.

In accordance with the conditions set forth in subsections A and B, pharmacists shall not distribute compounded drug products for subsequent distribution or sale to other persons or to commercial entities, including distribution to pharmacies or other entities under common ownership or control with the facility in which such compounding takes place; however, a pharmacist may distribute to a veterinarian in accordance with federal law.

Compounded products for companion animals, as defined in regulations promulgated by the Board of Veterinary Medicine, and distributed by a pharmacy to a veterinarian for further distribution or sale to his own patients shall be limited to drugs necessary to treat an emergent condition when timely access to a compounding pharmacy is not available as determined by the prescribing veterinarian.

A pharmacist may, however, deliver compounded products dispensed pursuant to valid prescriptions to alternate delivery locations pursuant to § 54.1-3420.2.

A pharmacist may provide a reasonable amount of compounded products to practitioners of medicine, osteopathy, podiatry, or dentistry to administer to their patients, either personally or under their direct and immediate supervision, if there is a critical need to treat an emergency condition, or as allowed by federal law or regulations. A pharmacist may also provide compounded products to practitioners of veterinary medicine for office-based administration to their patients.

Pharmacists who provide compounded products for office-based administration for treatment of an emergency condition or as allowed by federal law or regulations shall label all compounded products distributed to practitioners other than veterinarians for administration to their patients with (i) the statement "For Administering in Prescriber Practice Location Only"; (ii) the name and strength of the compounded medication or list of the active ingredients and strengths; (iii) the facility's control number; (iv) an appropriate beyond-use date as determined by the pharmacist in compliance with USP-NF standards for pharmacy compounding; (v) the name and address of the pharmacy; and (vi) the quantity.

Pharmacists shall label all compounded products for companion animals, as defined in regulations promulgated by the Board of Veterinary Medicine, and distributed to a veterinarian for either further distribution or sale to his own patient or

administration to his own patient with (a) the name and strength of the compounded medication or list of the active ingredients and strengths; (b) the facility's control number; (c) an appropriate beyond-use date as determined by the pharmacist in compliance with USP-NF standards for pharmacy compounding; (d) the name and address of the pharmacy; and (e) the quantity.

D. Pharmacists shall personally perform or personally supervise the compounding process, which shall include a final check for accuracy and conformity to the formula of the product being prepared, correct ingredients and calculations, accurate and precise measurements, appropriate conditions and procedures, and appearance of the final product.

E. Pharmacists shall ensure compliance with USP-NF standards for both sterile and non-sterile compounding.

F. Pharmacists may use bulk drug substances in compounding when such bulk drug substances:

1. Comply with the standards of an applicable United States Pharmacopoeia or National Formulary monograph, if such monograph exists, and the United States Pharmacopoeia chapter on pharmacy compounding; or are drug substances that are components of drugs approved by the FDA for use in the United States; or are otherwise approved by the FDA; *or are manufactured by an establishment that is registered by the FDA; and*

~~2. Are manufactured by an establishment that is registered by the FDA; or~~

~~3. Are distributed by a licensed wholesale distributor or registered nonresident wholesale distributor, or are distributed by a supplier otherwise approved by the Board and the FDA to distribute bulk drug substances if the pharmacist can establish purity and safety by reasonable means, such as lot analysis, manufacturer reputation, or reliability of the source.~~

G. Pharmacists may compound using ingredients that are not considered drug products in accordance with the USP-NF standards and guidance on pharmacy compounding.

H. Pharmacists shall not engage in the following:

1. The compounding for human use of a drug product that has been withdrawn or removed from the market by the FDA because such drug product or a component of such drug product has been found to be unsafe. However, this prohibition shall be limited to the scope of the FDA withdrawal;

2. The regular compounding or the compounding of inordinate amounts of any drug products that are essentially copies of commercially available drug products. However, this prohibition shall not include (i) the compounding of any commercially available product when there is a change in the product ordered by the prescriber for an individual patient, (ii) the compounding of a commercially manufactured drug only during times when the product is not available from the manufacturer or supplier, (iii) the compounding of a commercially manufactured drug whose manufacturer has notified the FDA that the drug is unavailable due to a current drug shortage, (iv) the compounding of a commercially manufactured drug when the prescriber has indicated in the oral or written prescription for an individual patient that there is an emergent need for a drug that is not readily available within the time medically necessary, or (v) the mixing of two or more commercially available products regardless of whether the end product is a commercially available product; or

3. The compounding of inordinate amounts of any preparation in cases in which there is no observed historical pattern of prescriptions and dispensing to support an expectation of receiving a valid prescription for the preparation. The compounding of an inordinate amount of a preparation in such cases shall constitute manufacturing of drugs.

I. Pharmacists shall maintain records of all compounded drug products as part of the prescription, formula record, formula book, or other log or record. Records may be maintained electronically, manually, in a combination of both, or by any other readily retrievable method.

1. In addition to other requirements for prescription records, records for products compounded pursuant to a prescription order for a single patient where only manufacturers' finished products are used as components shall include the name and quantity of all components, the date of compounding and dispensing, the prescription number or other identifier of the prescription order, the total quantity of finished product, the signature or initials of the pharmacist or pharmacy technician performing the compounding, and the signature or initials of the pharmacist responsible for supervising the pharmacy technician and verifying the accuracy and integrity of compounded products.

2. In addition to the requirements of subdivision I 1, records for products compounded in bulk or batch in advance of dispensing or when bulk drug substances are used shall include: the generic name and the name of the manufacturer of each component or the brand name of each component; the manufacturer's lot number and expiration date for each component or when the original manufacturer's lot number and expiration date are unknown, the source of acquisition of the component; the assigned lot number if subdivided, the unit or package size and the number of units or packages prepared; and the beyond-use date. The criteria for establishing the beyond-use date shall be available for inspection by the Board.

3. A complete compounding formula listing all procedures, necessary equipment, necessary environmental considerations, and other factors in detail shall be maintained where such instructions are necessary to replicate a compounded product or where the compounding is difficult or complex and must be done by a certain process in order to ensure the integrity of the finished product.

4. A formal written quality assurance plan shall be maintained that describes specific monitoring and evaluation of compounding activities in accordance with USP-NF standards. Records shall be maintained showing compliance with monitoring and evaluation requirements of the plan to include training and initial and periodic competence assessment of personnel involved in compounding, monitoring of environmental controls and equipment calibration, and any end-product testing, if applicable.

J. Practitioners who may lawfully compound drugs for administering or dispensing to their own patients pursuant to §§ 54.1-3301, 54.1-3304, and 54.1-3304.1 shall comply with all provisions of this section and the relevant Board regulations.

K. Every pharmacist-in-charge or owner of a permitted pharmacy or a registered nonresident pharmacy engaging in sterile compounding shall notify the Board of its intention to dispense or otherwise deliver a sterile compounded drug product into the Commonwealth. Upon renewal of its permit or registration, a pharmacy or nonresident pharmacy shall notify the Board of its intention to continue dispensing or otherwise delivering sterile compounded drug products into the Commonwealth. Failure to provide notification to the Board shall constitute a violation of Chapter 33 (§ 54.1-3300 et seq.) or Chapter 34 (§ 54.1-3400 et seq.). The Board shall maintain this information in a manner that will allow the production of a list identifying all such sterile compounding pharmacies.

§ 54.1-3434. Permit to conduct pharmacy.

No person shall conduct a pharmacy without first obtaining a permit from the Board.

The application for such permit shall be made on a form provided by the Board and signed by a pharmacist who will be in full and actual charge of the pharmacy and who will be fully engaged in the practice of pharmacy at the location designated on the application.

The application shall (i) show the corporate name and trade name, (ii) list any pharmacist in addition to the pharmacist-in-charge practicing at the location indicated on the application, and (iii) list the hours during which the pharmacy will be open to provide pharmacy services. Any change in the hours of operation, which is expected to last more than one week, shall be reported to the Board in writing and posted, at least fourteen days prior to the anticipated change, in a conspicuous place to provide notice to the public. The Board shall promulgate regulations to provide exceptions to this prior notification.

If the owner is other than the pharmacist making the application, the type of ownership shall be indicated and shall list any partner or partners, and, if a corporation, then the corporate officers and directors. Further, if the owner is not a pharmacist, he shall not abridge the authority of the pharmacist-in-charge to exercise professional judgment relating to the dispensing of drugs in accordance with this act and Board regulations.

The permit shall be issued only to the pharmacist who signs the application as the pharmacist-in-charge and as such assumes the full responsibilities for the legal operation of the pharmacy. This permit and responsibilities shall not be construed to negate any responsibility of any pharmacist or other person.

Upon termination of practice by the pharmacist-in-charge, or upon any change in partnership composition, or upon the acquisition, as defined in Board regulations, of the existing corporation by another person or the closing of a pharmacy, the permit previously issued shall be immediately surrendered to the Board by the pharmacist-in-charge to whom it was issued, or by his legal representative, and an application for a new permit may be made in accordance with the requirements of this chapter.

The Board shall promulgate regulations (i) defining acquisition of an existing permitted, registered or licensed facility or of any corporation under which the facility is directly or indirectly organized; (ii) providing for the transfer, confidentiality, integrity, and security of the pharmacy's prescription dispensing records and other patient records, regardless of where located; and (iii) establishing a reasonable time period for designation of a new pharmacist-in-charge. At the conclusion of the time period for designation of a new pharmacist-in-charge, a pharmacy which has failed to designate a new pharmacist-in-charge shall not operate as a pharmacy nor maintain a stock of prescription drugs on the premises. The Director shall immediately notify the owner of record that the pharmacy no longer holds a valid permit and that the owner shall make provision for the proper disposition of all Schedule II through VI drugs and devices on the premises within fifteen days of receipt of this notice. At the conclusion of the fifteen-day period, the Director or his authorized agent shall seize and indefinitely secure all Schedule II through VI drugs and devices still on the premises, and notify the owner of such seizure. The Director may properly dispose of the seized drugs and devices after six months from the date of the notice of seizure if the owner has not claimed and provided for the proper disposition of the property. The Board shall assess a fee of not less than the cost of storage of said drugs upon the owner for reclaiming seized property.

The succeeding pharmacist-in-charge shall cause an inventory to be made of all Schedule I, II, III, IV and V drugs on hand. Such inventory shall be completed as of the date he becomes pharmacist-in-charge and prior to opening for business on that date.

The pharmacist to whom such permit is issued shall provide safeguards against diversion of all controlled substances.

An application for a pharmacy permit shall be accompanied by a fee determined by the Board. All permits shall expire annually on a date determined by the Board in regulation.

Every pharmacy shall be equipped so that prescriptions can be properly filled. The Board of Pharmacy shall prescribe the minimum of such professional and technical equipment and reference material which a pharmacy shall at all times possess. Nothing shall prevent a pharmacist who is eligible to receive information from the Prescription Monitoring Program from requesting and receiving such information; however, no pharmacy shall be required to maintain Internet access to the Prescription Monitoring Program. No permit shall be issued or continued for the conduct of a pharmacy until or unless there is compliance with the provisions of this chapter and regulations promulgated by the Board.

Every pharmacy shall comply with federal requirements for an electronic, interoperable system to identify, trace, and verify prescription drugs as they are distributed.

Each day during which a person is in violation of this section shall constitute a separate offense.

§ 54.1-3434.1. Nonresident pharmacies to register with Board.

A. Any pharmacy located outside the Commonwealth that ships, mails, or delivers, in any manner, Schedule II through VI drugs or devices pursuant to a prescription into the Commonwealth shall be considered a nonresident pharmacy, shall be registered with the Board, shall designate a pharmacist in charge who is licensed as a pharmacist in Virginia and is responsible for the pharmacy's compliance with this chapter, and shall disclose to the Board all of the following:

1. The location, names, and titles of all principal corporate officers and the name and Virginia license number of the designated pharmacist in charge, if applicable. A report containing this information shall be made on an annual basis and within 30 days after any change of office, corporate officer, or pharmacist in charge.

2. That it maintains, at all times, a current unrestricted license, permit, certificate, or registration to conduct the pharmacy in compliance with the laws of the jurisdiction, within the United States or within another jurisdiction that may lawfully deliver prescription drugs directly or indirectly to consumers within the United States, in which it is a resident. The pharmacy shall also certify that it complies with all lawful directions and requests for information from the regulatory or licensing agency of the jurisdiction in which it is licensed as well as with all requests for information made by the Board pursuant to this section.

3. As a prerequisite to registering or renewing a registration with the Board, the nonresident pharmacy shall submit a copy of a current inspection report resulting from an inspection conducted by the regulatory or licensing agency of the jurisdiction in which it is located that indicates compliance with the requirements of this chapter, including compliance with USP-NF standards for pharmacies performing sterile and non-sterile compounding. The inspection report shall be deemed current for the purpose of this subdivision if the inspection was conducted (i) no more than six months prior to the date of submission of an application for registration with the Board or (ii) no more than two years prior to the date of submission of an application for renewal of a registration with the Board. However, if the nonresident pharmacy has not been inspected by the regulatory or licensing agency of the jurisdiction in which it is licensed within the required period, the Board may accept an inspection report or other documentation from another entity that is satisfactory to the Board or the Board may cause an inspection to be conducted by its duly authorized agent and may charge an inspection fee in an amount sufficient to cover the costs of the inspection.

4. For a nonresident pharmacy that dispenses more than 50 percent of its total prescription volume pursuant to an original prescription order received as a result of solicitation on the Internet, including the solicitation by electronic mail, that it is credentialed and has been inspected and that it has received certification from the National Association of Boards of Pharmacy that it is a Verified Internet Pharmacy Practice Site, or has received certification from a substantially similar program approved by the Board. The Board may, in its discretion, waive the requirements of this subdivision for a nonresident pharmacy that only does business within the Commonwealth in limited transactions.

5. That it maintains its records of prescription drugs or dangerous drugs or devices dispensed to patients in the Commonwealth so that the records are readily retrievable from the records of other drugs dispensed and provides a copy or report of such dispensing records to the Board, its authorized agents, or any agent designated by the Superintendent of the Department of State Police upon request within seven days of receipt of a request.

6. That its pharmacists do not knowingly fill or dispense a prescription for a patient in Virginia in violation of § 54.1-3303 and that it has informed its pharmacists that a pharmacist who dispenses a prescription that he knows or should have known was not written pursuant to a bona fide practitioner-patient relationship is guilty of unlawful distribution of a controlled substance in violation of § 18.2-248.

7. That it maintains a continuous quality improvement program as required of resident pharmacies, pursuant to § 54.1-3434.03.

The requirement that a nonresident pharmacy have a Virginia licensed pharmacist in charge shall not apply to a registered nonresident pharmacy that provides services as a pharmacy benefits administrator.

B. Any pharmacy subject to this section shall, during its regular hours of operation, but not less than six days per week, and for a minimum of 40 hours per week, provide a toll-free telephone service to facilitate communication between patients in the Commonwealth and a pharmacist at the pharmacy who has access to the patient's records. This toll-free number shall be disclosed on a label affixed to each container of drugs dispensed to patients in the Commonwealth.

C. Pharmacies subject to this section shall comply with the reporting requirements of the Prescription Monitoring Program as set forth in § 54.1-2521.

D. The registration fee shall be the fee specified for pharmacies within Virginia.

E. A nonresident pharmacy shall only deliver controlled substances that are dispensed pursuant to a prescription, directly to the consumer or his designated agent, or directly to a pharmacy located in Virginia pursuant to regulations of the Board.

F. Pharmacies subject to this section shall comply with the requirements set forth in § 54.1-3408.04 relating to dispensing of an interchangeable biosimilar in the place of a prescribed biological product.

G. Every nonresident pharmacy shall comply with federal requirements for an electronic, interoperable system to identify, trace, and verify prescription drugs as they are distributed.

§ 54.1-3435. License to act as wholesale distributor; renewal; fee.

A. It shall be unlawful for any person to engage in the wholesale distribution of prescription drugs in the Commonwealth without a valid unrevoked license issued by the Board. The applicant for licensure as a wholesale distributor, as defined in § 54.1-3401, in the Commonwealth shall apply to the Board for a license, using such forms as the

Board may furnish; renew such license using such forms as the Board may furnish, if granted, annually on a date determined by the Board in regulation; notify the Board within 30 days of any substantive change in the information reported on the application form previously submitted to the Board; and remit a fee as determined by the Board.

B. A wholesale distributor that ceases distribution of Schedule II through V drugs to a pharmacy, licensed physician dispenser, or licensed physician dispensing facility located in the Commonwealth due to suspicious orders of controlled substances shall notify the Board within five days of the cessation. For the purposes of this section, "suspicious orders of controlled substances" means, relative to the pharmacy's, licensed physician dispenser's, or licensed physician dispensing facility's order history and the order history of similarly situated pharmacies, licensed physician dispensers, or licensed physician dispensing facilities, (i) orders of unusual size, (ii) orders deviating substantially from a normal pattern, and (iii) orders of unusual frequency.

C. A wholesale distributor shall be immune from civil liability for giving notice in accordance with subsection B unless the notice was given in bad faith or with malicious intent.

D. The Board shall not impose any disciplinary or enforcement action against any licensee or permit holder solely on the basis of a notice received from a wholesale distributor pursuant to subsection B.

E. The Board may promulgate such regulations relating to the storage, handling, and distribution of prescription drugs by wholesale distributors as it deems necessary to implement this section, to prevent diversion of prescription drugs, and to protect the public.

F. Every wholesale distributor shall comply with federal requirements for an electronic, interoperable system to identify, trace, and verify prescription drugs as they are distributed.

§ 54.1-3435.01. Registration of nonresident wholesale distributors; renewal; fee.

A. Any person located outside the Commonwealth who engages in the wholesale distribution of prescription drugs into the Commonwealth shall be registered with the Board. The applicant for registration as a nonresident wholesale distributor shall apply to the Board using such forms as the Board may furnish; renew such registration, if granted, using such forms as the Board may furnish, annually on a date determined by the Board in regulation; notify the Board within 30 days of any substantive change in the information previously submitted to the Board; and remit a fee, which shall be the fee specified for wholesale distributors located within the Commonwealth.

B. The nonresident wholesale distributor shall at all times maintain a valid, unexpired license, permit, or registration in the state in which it is located and shall furnish proof of such upon application and at each renewal.

C. Records of prescription drugs distributed into the Commonwealth shall be maintained in such a manner that they are readily retrievable from records of distributions into other jurisdictions and shall be provided to the Board, its authorized agent, or any agent designated by the Superintendent of State Police upon request within seven days of receipt of such request.

D. A nonresident wholesale distributor that ceases distribution of Schedule II through V drugs to a pharmacy, licensed physician dispenser, or licensed physician dispensing facility located in the Commonwealth due to suspicious orders of controlled substances shall notify the Board within five days of the cessation. For the purposes of this section, "suspicious orders of controlled substances" means, relative to the pharmacy's, licensed physician dispenser's, or licensed physician dispensing facility's order history and the order history of similarly situated pharmacies, licensed physician dispensers, or licensed physician dispensing facilities, (i) orders of unusual size, (ii) orders deviating substantially from a normal pattern, and (iii) orders of unusual frequency.

E. A nonresident wholesale distributor shall be immune from civil liability for giving notice in accordance with subsection D unless the notice was given in bad faith or with malicious intent.

F. The Board shall not impose any disciplinary or enforcement action against any licensee or permit holder solely on the basis of a notice received from a nonresident wholesale distributor pursuant to subsection D.

G. This section shall not apply to persons who distribute prescription drugs directly to a licensed wholesale distributor located within the Commonwealth.

H. Every nonresident wholesale distributor shall comply with federal requirements for an electronic, interoperable system to identify, trace, and verify prescription drugs as they are distributed.

§ 54.1-3435.1. Denial, revocation, and suspension of license as wholesale distributor, registration as a nonresident wholesale distributor, or permit as a third-party logistics provider, manufacturer, or nonresident manufacturer.

A. The Board may deny, revoke, suspend, or take other disciplinary actions against a wholesale distributor license or nonresident wholesale distributor registration, *third-party logistics provider permit, manufacturer permit, or nonresident manufacturer permit* as provided for in § 54.1-3316 or the following:

1. Any conviction of the applicant, licensee, or registrant under federal or state laws relating to controlled substances, including, but not limited to, drug samples and wholesale or retail prescription drug distribution;

2. Violations of licensing requirements under previously held licenses;

3. Failure to maintain and make available to the Board or to federal regulatory officials those records required to be maintained by wholesale distributors of prescription drugs; or

4. Violations of the minimum requirements for qualifications, personnel, storage, and handling of prescription drugs and maintenance of prescription drug records as set forth in the federal Prescription Drug Marketing Act of 1987 (21 U.S.C.

§§ 333, 353 and 381) and Part 205 Drug Supply Chain Security Act of 2013, Title II of P. L. 113-54, and the requirements of Chapter 21 of the Code of Federal Regulations.

B. Wholesale drug distributors, *nonresident wholesale drug distributors, third-party logistics providers, manufacturers, and nonresident manufacturers* shall allow the Board or its authorized agents to enter and inspect, at reasonable times and in a reasonable manner, their premises and delivery vehicles, and to audit their records and written operating procedures. Such agents shall be required to show appropriate identification prior to being permitted access to wholesale drug distributors' premises and delivery vehicles.

§ 54.1-3435.4:1. Permitting of third-party logistics provider; renewal.

A. *It shall be unlawful for any person to operate as a third-party logistics provider in the Commonwealth without a valid, unrevoked permit issued by the Board. The third-party logistics provider shall renew such permit annually on a date determined by the Board in regulation and shall notify the Board within 30 days of any substantive change in the information reported on the application form previously submitted.*

B. *The Board shall adopt such regulations relating to the requirements to operate as a third-party logistics provider, including the storage, handling, and distribution of prescription drugs by third-party logistics providers, as it deems necessary to prevent diversion of prescription drugs and to protect the public.*

§ 54.1-3437. Permit to manufacture drugs.

It shall be lawful to manufacture, make, produce, pack, package, repackage, relabel or prepare any drug not controlled by Schedule I after first obtaining the appropriate permit from the Board. Such permits shall be subject to the Board's regulations on sanitation, equipment, and safeguards against diversion, *and shall allow the distribution of the drug manufactured, made, produced, packed, packaged, repackaged, relabeled, or prepared to anyone other than the end user without the need to obtain a wholesale distributor permit.* This provision shall not apply to manufacturers or packers of medicated feeds who manufacture or package no other drugs.

§ 54.1-3442.01. Registration of nonresident manufacturer; renewal.

A. *Any manufacturer located outside the Commonwealth who ships prescription drugs into the Commonwealth shall be registered with the Board. C. *Records of prescription drugs distributed into the Commonwealth shall be maintained in such a manner that they are readily retrievable from records of shipments into other jurisdictions and shall be provided to the Board, its authorized agent, or any agent designated by the Superintendent of the Department of State Police upon request within seven days of receipt of such request.*

2. That § 54.1-3401.1 of the Code of Virginia is repealed.

CHAPTER 222

An Act to amend and reenact § 54.1-2400.2 of the Code of Virginia, relating to confidentiality of certain information obtained during health regulatory board disciplinary proceeding.

[H 586]

Approved March 4, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-2400.2 of the Code of Virginia is amended and reenacted as follows:

§ 54.1-2400.2. Confidentiality of information obtained during an investigation or disciplinary proceeding; penalty.

A. Any reports, information or records received and maintained by the Department of Health Professions or any health regulatory board in connection with possible disciplinary proceedings, including any material received or developed by a board during an investigation or proceeding, shall be strictly confidential. The Department of Health Professions or a board may only disclose such confidential information:

1. In a disciplinary proceeding before a board or in any subsequent trial or appeal of an action or order, or to the respondent in entering into a confidential consent agreement under § 54.1-2400;

2. To regulatory authorities concerned with granting, limiting or denying licenses, certificates or registrations to practice a health profession, including the coordinated licensure information system, as defined in § 54.1-3030;

3. To hospital committees concerned with granting, limiting or denying hospital privileges if a final determination regarding a violation has been made;

4. Pursuant to an order of a court of competent jurisdiction for good cause arising from extraordinary circumstances being shown;

5. To qualified personnel for bona fide research or educational purposes, if personally identifiable information relating to any person is first deleted. Such release shall be made pursuant to a written agreement to ensure compliance with this section; or

6. To the Health Practitioners' Monitoring Program within the Department of Health Professions in connection with health practitioners who apply to or participate in the Program.

B. In no event shall confidential information received, maintained or developed by the Department of Health Professions or any board, or disclosed by the Department of Health Professions or a board to others, pursuant to this section, be available for discovery or court subpoena or introduced into evidence in any civil action. This section shall not, however, be construed to inhibit an investigation or prosecution under Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2.

C. Any claim of a physician-patient or practitioner-patient privilege shall not prevail in any investigation or proceeding by any health regulatory board acting within the scope of its authority. The disclosure, however, of any information pursuant to this provision shall not be deemed a waiver of such privilege in any other proceeding.

D. This section shall not prohibit the Director of the Department of Health Professions, after consultation with the relevant health regulatory board president or his designee, from disclosing to the Attorney General, or the appropriate attorney for the Commonwealth, investigatory information which indicates a possible violation of any provision of criminal law, including the laws relating to the manufacture, distribution, dispensing, prescribing or administration of drugs, other than drugs classified as Schedule VI drugs and devices, by any individual regulated by any health regulatory board.

E. This section shall not prohibit the Director of the Department of Health Professions from disclosing matters listed in subdivision A 1, A 2, or A 3 of § 54.1-2909; from making the reports of aggregate information and summaries required by § 54.1-2400.3; or from disclosing the information required to be made available to the public pursuant to § 54.1-2910.1.

F. This section shall not prohibit the Director of the Department of Health Professions, following consultation with the relevant health regulatory board president or his designee, from disclosing information about a suspected violation of state or federal law or regulation to other agencies within the Health and Human Resources Secretariat or to federal law-enforcement agencies having jurisdiction over the suspected violation or requesting an inspection or investigation of a licensee by such state or federal agency when the Director has reason to believe that a possible violation of federal or state law has occurred. Such disclosure shall not exceed the minimum information necessary to permit the state or federal agency having jurisdiction over the suspected violation of state or federal law to conduct an inspection or investigation. Disclosures by the Director pursuant to this subsection shall not be limited to requests for inspections or investigations of licensees. Nothing in this subsection shall require the Director to make any disclosure. Nothing in this section shall permit any agency to which the Director makes a disclosure pursuant to this section to re-disclose any information, reports, records, or materials received from the Department.

G. Whenever a complaint or report has been filed about a person licensed, certified, or registered by a health regulatory board, the source and the subject of a complaint or report shall be provided information about the investigative and disciplinary procedures at the Department of Health Professions. Prior to interviewing a licensee who is the subject of a complaint or report, or at the time that the licensee is first notified in writing of the complaint or report, whichever shall occur first, the licensee shall be provided with a copy of the complaint or report and any records or supporting documentation, unless such provision would materially obstruct a criminal or regulatory investigation. If the relevant board concludes that a disciplinary proceeding will not be instituted, the board may send an advisory letter to the person who was the subject of the complaint or report. The relevant board may also inform the source of the complaint or report (i) that an investigation has been conducted, (ii) that the matter was concluded without a disciplinary proceeding, (iii) of the process the board followed in making its determination, and (iv), if appropriate, that an advisory letter from the board has been communicated to the person who was the subject of the complaint or report. In providing such information, the board shall inform the source of the complaint or report that he is subject to the requirements of this section relating to confidentiality and discovery.

H. Orders and notices of the health regulatory boards relating to disciplinary actions, *other than confidential exhibits described in subsection K*, shall be disclosed. Information on the date and location of any disciplinary proceeding, allegations against the respondent, and the list of statutes and regulations the respondent is alleged to have violated shall be provided to the source of the complaint or report by the relevant board prior to the proceeding. The source shall be notified of the disposition of a disciplinary case.

I. This section shall not prohibit investigative staff authorized under § 54.1-2506 from interviewing fact witnesses, disclosing to fact witnesses the identity of the subject of the complaint or report, or reviewing with fact witnesses any portion of records or other supporting documentation necessary to refresh the fact witnesses' recollection.

J. Any person found guilty of the unlawful disclosure of confidential information possessed by a health regulatory board shall be guilty of a Class 1 misdemeanor.

K. In disciplinary actions in which a practitioner is or may be unable to practice with reasonable skill and safety to patients and the public because of a mental or physical disability, a health regulatory board shall consider whether to disclose and may decide not to disclose in its notice or order the practitioner's health records, as defined in § 32.1-127.1:03, or his health services, as defined in § 32.1-127.1:03. Such information may be considered by the relevant board in a closed hearing in accordance with subsection A 15 of § 2.2-3711 and included in a confidential exhibit to a notice or order. The public notice or order shall identify, if known, the practitioner's mental or physical disability that is the basis for its determination. In the event that the relevant board, in its discretion, determines that this subsection should

apply, information contained in the confidential exhibit shall remain part of the confidential record before the relevant board and is subject to court review under the Administrative Process Act (§ 2.2-4000 et seq.) and to release in accordance with this section.

CHAPTER 223

An Act to amend and reenact § 63.2-1605 of the Code of Virginia, relating to financial exploitation of adults.

[S 249]

Approved March 4, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 63.2-1605 of the Code of Virginia is amended and reenacted as follows:

§ 63.2-1605. Protective services for adults by local departments.

A. Each local board, to the extent that federal or state matching funds are made available to each locality, shall provide, pursuant to regulations and subject to supervision of the Commissioner for Aging and Rehabilitative Services, adult protective services for adults who are found to be abused, neglected or exploited and who meet one of the following criteria: (i) the adult is 60 years of age or older or (ii) the adult is 18 years of age or older and is incapacitated. The requirement to provide such services shall not limit the right of any individual to refuse to accept any of the services so offered, except as provided in § 63.2-1608.

B. Upon receipt of the report pursuant to § 63.2-1606, the local department shall determine the validity of such report and shall initiate an investigation within 24 hours of the time the report is received in the local department. Local departments shall consider valid any report meeting all of the following criteria: (i) the subject of the report is an adult as defined in this article, (ii) the report concerns a specific adult and there is enough information to locate the adult, and (iii) the report describes the circumstances of the alleged abuse, neglect, or exploitation.

C. The local department shall refer any appropriate matter and all relevant documentation to the appropriate licensing, regulatory, or legal authority for administrative action or criminal investigation.

D. E. In any case of suspected adult abuse, neglect, or exploitation, local departments, with the informed consent of the adult or his legal representative, shall take or cause to be taken photographs, video recordings, or appropriate medical imaging of the adult and his environment as long as such measures are relevant to the investigation and do not conflict with § 18.2-386.1. However, if the adult is determined to be incapable of making an informed decision and of giving informed consent and either has no legal representative or the legal representative is the suspected perpetrator of the adult abuse, neglect, or exploitation, consent may be given by an agent appointed under an advance medical directive or medical power of attorney, or by a person authorized, pursuant to § 54.1-2986. In the event no agent or authorized representative is immediately available then consent shall be deemed to be given.

F. Local departments shall foster the development, implementation, and coordination of adult protective services to prevent adult abuse, neglect, and exploitation.

G. Local departments shall not investigate allegations of abuse, neglect, or exploitation of adults incarcerated in state correctional facilities.

H. Local departments or the adult protective services hotline, upon receiving the initial report pursuant to § 63.2-1606, shall immediately notify the local law-enforcement agency where the adult resides, or where the alleged abuse, neglect, or exploitation took place, or if these places are unknown, then where the alleged abuse, neglect, or exploitation was discovered, when in receipt of a report describing any of the following:

1. Sexual abuse as defined in § 18.2-67.10;

2. Death, serious bodily injury or disease as defined in § 18.2-369 that is believed to be the result of abuse or neglect; or

3. Any other criminal activity involving abuse or neglect that places the adult in imminent danger of death or serious bodily harm.

I. *Upon receipt of an initial report pursuant to § 63.2-1606 or during an adult protective services investigation of suspected financial exploitation of an adult in which financial losses to the adult resulting from the exploitation are suspected to be greater than \$50,000, the local department or adult protective services hotline shall immediately refer the matter and all relevant documentation to the local law-enforcement agency where the adult resides or where the alleged exploitation took place or, if these places are not known where the alleged exploitation was discovered, for investigation.*

J. The report and evidence received by the local department and any written findings, evaluations, records, and recommended actions shall be confidential and shall be exempt from disclosure requirements of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), except that such information may be disclosed to persons having a legitimate interest in the matter in accordance with §§ 63.2-102 and 63.2-104 and pursuant to official interagency agreements or memoranda of understanding between state agencies.

CHAPTER 224

An Act to amend and reenact § 33.2-2504 of the Code of Virginia, relating to use of population estimates in connection with decisions of the Northern Virginia Transportation Authority.

[H 190]

Approved March 4, 2016

Be it enacted by the General Assembly of Virginia:**1. That § 33.2-2504 of the Code of Virginia is amended and reenacted as follows:****§ 33.2-2504. Decisions of Authority.**

A majority of the Authority, which majority shall include at least a majority of the representatives of the counties and cities embraced by the Authority, shall constitute a quorum. Decisions of the Authority shall require a quorum and shall be in accordance with voting procedures established by the Authority. In all cases, decisions of the Authority shall require the affirmative vote of two-thirds of the members of the Authority present and voting and two-thirds of the representatives of the counties and cities embraced by the Authority who are present and voting and whose counties and cities include at least two-thirds of the population embraced by the Authority; however, no motion to fund a specific facility or service shall fail because of this population criterion if such facility or service is not located or to be located or provided or to be provided within the county or city whose representative's sole negative vote caused the facility or service to fail to meet the population criterion. The population of counties and cities embraced by the Authority shall be the population as determined by the most recently preceding decennial census, except that ~~on July 1 of the fifth year following such census~~, *once the population estimates for July 1 of the fifth year are made available then the population of each county and city shall be adjusted, based on the basis of population projections estimates* made by the Weldon Cooper Center for Public Service of the University of Virginia.

CHAPTER 225

An Act to amend and reenact § 33.2-2510 of the Code of Virginia, relating to Northern Virginia Transportation Authority; decisions to create or improve transportation facility; public notice.

[H 727]

Approved March 4, 2016

Be it enacted by the General Assembly of Virginia:**1. That § 33.2-2510 of the Code of Virginia is amended and reenacted as follows:****§ 33.2-2510. Use of certain revenues by the Authority.**

A. All moneys received by the Authority and the proceeds of bonds issued pursuant to § 33.2-2511 shall be used by the Authority solely for transportation purposes benefiting those counties and cities that are embraced by the Authority.

B. 1. Except as provided in subdivision 2, 30 percent of the revenues received by the Authority under subsection A shall be distributed on a pro rata basis, with each locality's share being the total of such fee and taxes received by the Authority that are generated or attributable to the locality divided by the total of such fee and taxes received by the Authority. Of the revenues distributed pursuant to this subsection, as determined solely by the applicable locality, such revenues shall be used for additional urban or secondary highway construction, for other capital improvements that reduce congestion, for other transportation capital improvements that have been approved by the most recent long-range transportation plan adopted by the Authority, or for public transportation purposes. None of the revenue distributed by this subsection may be used to repay debt issued before July 1, 2013. Each locality shall create a separate, special fund in which all revenues received pursuant to this subsection and from the tax imposed pursuant to § 58.1-3221.3 shall be deposited. Each locality shall provide annually to the Authority sufficient documentation as required by the Authority showing that the funds distributed under this subsection were used as required by this subsection.

2. If a locality has not deposited into its special fund (i) revenues from the tax collected under § 58.1-3221.3 pursuant to the maximum tax rate allowed under that section or (ii) an amount, from sources other than moneys received from the Authority, that is equivalent to the revenue that the locality would receive if it was imposing the maximum tax authorized by § 58.1-3221.3, then the amount of revenue distributed to the locality pursuant to subdivision 1 shall be reduced by the difference between the amount of revenue that the locality would receive if it was imposing the maximum tax authorized by such section and the amount of revenue deposited into its special fund pursuant to clause (i) or (ii), as applicable. The amount of any such reduction in revenue shall be redistributed according to subsection C. The provisions of this subdivision shall be ongoing and apply over annual periods as determined by the Authority.

C. 1. (Effective until July 1, 2016) The remaining 70 percent of the revenues received by the Authority under subsection A, plus the amount of any revenue to be redistributed pursuant to subsection B, shall be used by the Authority solely to fund (i) transportation projects selected by the Authority that are contained in the regional transportation plan in accordance with § 33.2-2500 and that have been rated in accordance with § 33.2-257 or (ii) mass transit capital projects that increase capacity. For only those regional funds received in fiscal year 2014, the requirement for rating in accordance with § 33.2-257 shall not apply. The Authority shall give priority to selecting projects that are expected to provide the greatest

congestion reduction relative to the cost of the project and shall document this information for each project selected. Such projects selected by the Authority for funding shall be located (a) only in localities embraced by the Authority or (b) in adjacent localities but only to the extent that such extension is an insubstantial part of the project and is essential to the viability of the project within the localities embraced by the Authority.

C. 1. (Effective July 1, 2016) The remaining 70 percent of the revenues received by the Authority under subsection A, plus the amount of any revenue to be redistributed pursuant to subsection B, shall be used by the Authority solely to fund transportation projects selected by the Authority that are contained in the regional transportation plan in accordance with § 33.2-2500 and that have been rated in accordance with § 33.2-257. For only those regional funds received in fiscal year 2014, the requirement for rating in accordance with § 33.2-257 shall not apply. The Authority shall give priority to selecting projects that are expected to provide the greatest congestion reduction relative to the cost of the project and shall document this information for each project selected. Such projects selected by the Authority for funding shall be located (i) only in localities embraced by the Authority or (ii) in adjacent localities but only to the extent that such extension is an insubstantial part of the project and is essential to the viability of the project within the localities embraced by the Authority.

2. *Not less than 15 days prior to any decision by the Authority for the expenditure of funds pursuant to subdivision 1 for any project to create or improve any transportation facility, the Authority shall make the following publicly available: (i) the project evaluation pursuant to § 33.2-257, (ii) the total amount of funds from the Authority to be used for the project, (iii) the total amount of funds from sources other than the Authority to be used for the project, and (iv) any other rating or scoring of other factors to be taken into account by the Authority related to each such transportation facility.*

~~2.~~ 3. All transportation projects undertaken by the Authority shall be completed by private contractors accompanied by performance measurement standards, and all contracts shall contain a provision granting the Authority the option to terminate the contract if contractors do not meet such standards. Notwithstanding the foregoing, any locality may provide engineering services or right-of-way acquisition for any project with its own forces. The Authority shall avail itself of the strategies permitted under the Public-Private Transportation Act (§ 33.2-1800 et seq.) whenever feasible and advantageous. The Authority is independent of any state or local entity, including the Department and the Commonwealth Transportation Board, but the Authority, the Department, and the Commonwealth Transportation Board shall consult with one another to avoid duplication of efforts and, at the option of the Authority, may combine efforts to complete specific projects. Notwithstanding the foregoing, at the request of the Authority, the Department may provide the Authority with engineering services or right-of-way acquisition for the project with its own forces.

~~3.~~ 4. With regard to the revenues distributed under subdivision 1, each locality's total long-term benefit shall be approximately equal to the proportion of the total of the fees and taxes received by the Authority that are generated by or attributable to the locality divided by the total of such fees and taxes received by the Authority.

D. For road construction and improvements pursuant to subsection B, the Department may, on a reimbursement basis, provide the locality with planning, engineering, right-of-way, and construction services for projects funded in whole by the revenues provided to the locality by the Authority.

1. That § 2.2-4303 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-4303. Methods of procurement.

A. All public contracts with nongovernmental contractors for the purchase or lease of goods, or for the purchase of services, insurance, or construction, shall be awarded after competitive sealed bidding, or competitive negotiation as provided in this section, unless otherwise authorized by law.

B. Professional services shall be procured by competitive negotiation.

C. Upon a written determination made in advance by (i) the Governor or his designee in the case of a procurement by the Commonwealth or by a department, agency or institution thereof or (ii) the local governing body in the case of a procurement by a political subdivision of the Commonwealth, that competitive negotiation is either not practicable or not fiscally advantageous, insurance may be procured through a licensed agent or broker selected in the manner provided for the procurement of things other than professional services set forth in § 2.2-4302.2. The basis for this determination shall be documented in writing.

D. Construction may be procured only by competitive sealed bidding, except that competitive negotiation may be used in the following instances upon a determination made in advance by the public body and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, which writing shall document the basis for this determination:

A written determination of the basis for the emergency and for the selection of the particular contractor shall be included in the contract file. The public body shall issue a written notice stating that the contract is being awarded on an emergency basis, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

However, such small purchase procedures shall provide for competition wherever practicable.

Such purchase procedures may allow for single or term contracts for professional services without requiring competitive negotiation, provided the aggregate or the sum of all phases is not expected to exceed \$60,000.

Where small purchase procedures are adopted for construction, the procedures shall not waive compliance with the Uniform State Building Code.

For state public bodies, purchases under this subsection that are expected to exceed \$30,000 shall require the (a) written informal solicitation of a minimum of four bidders or offerors and (b) posting of a public notice on the Department of General Services' central electronic procurement website or other appropriate websites. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

H. Upon a determination made in advance by a public body and set forth in writing that the purchase of goods, products or commodities from a public auction sale is in the best interests of the public, such items may be purchased at the auction, including online public auctions. Purchase of information technology and telecommunications goods and nonprofessional services from a public auction sale shall be permitted by any authority, department, agency, or institution of the Commonwealth if approved by the Chief Information Officer of the Commonwealth. CHAPTER 230

An Act to amend and reenact §§ 46.2-360 and 46.2-391 of the Code of Virginia, relating to habitual offenders; restoration of driving privileges.

[H 172]

Approved March 4, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-360 and 46.2-391 of the Code of Virginia are amended and reenacted as follows:

§ 46.2-360. Restoration of privilege of operating motor vehicle; restoration of privilege to persons convicted under certain other provisions of Habitual Offender Act.

Any person who has been found to be an habitual offender where the determination or adjudication was based in part and dependent on a conviction as set out in subdivision 1 b of former § 46.2-351, may petition the court in which he was found to be an habitual offender, or the circuit court in the political subdivision in which he then resides to:

1. Restore his privilege to drive a motor vehicle in the Commonwealth, provided that five years have elapsed from the date of the final order of a court entered under this article, or if no such order was entered then the notice of the determination by the Commissioner. On such petition, and for good cause shown, the court may, in its discretion, restore to the person the privilege to drive a motor vehicle in the Commonwealth on whatever conditions the court may prescribe, subject to other provisions of law relating to the issuance of driver's licenses, if the court is satisfied from the evidence presented that: (i) at the time of the previous convictions, the petitioner was addicted to or psychologically dependent on the use of alcohol or other drugs; (ii) at the time of the hearing on the petition, he is no longer addicted to or psychologically dependent on the use of alcohol or such other drug; and (iii) the person does not constitute a threat to the safety and welfare of himself or others with regard to the driving of a motor vehicle. However, prior to acting on the petition, the court shall order that an evaluation of the person be conducted by a Virginia Alcohol Safety Action Program and recommendations therefrom be submitted to the court, *and the court shall give the recommendations such weight as the court deems appropriate*. The court may, in lieu of restoring the person's privilege to drive, authorize the issuance of a restricted license for a period not to exceed five years in accordance with the provisions of subsection E of § 18.2-271.1. The local Virginia Alcohol Safety Action Program shall during the term of the restricted license monitor the person's compliance with the terms of the restrictions imposed by the court. Any violation of the restrictions shall be reported to the court, and the court may then modify the restrictions or revoke the license.

2. Issue a restricted permit to authorize such person to drive a motor vehicle in the Commonwealth in the course of his employment, to and from his home to the place of his employment or such other medically necessary travel as the court deems necessary and proper upon written verification of need by a licensed physician, provided that three years have elapsed from the date of the final order, or if no such order was entered then the notice of the determination by the Commissioner. The court may order that a restricted license for such purposes be issued in accordance with the procedures of subsection E of § 18.2-271.1, if the court is satisfied from the evidence presented that (i) at the time of the previous convictions, the petitioner was addicted to or psychologically dependent on the use of alcohol or other drugs, (ii) at the time of the hearing on the petition, he is no longer addicted to or psychologically dependent on the use of alcohol or such other drugs, and (iii) the defendant does not constitute a threat to the safety and welfare of himself and others with regard to the driving of a motor vehicle. The court may prohibit the person to whom a restricted license is issued from operating a motor

vehicle that is not equipped with a functioning, certified ignition interlock system during all or any part of the term for which the restricted license is issued, in accordance with the provisions set forth in § 18.2-270.1. However, prior to acting on the petition, the court shall order that an evaluation of the person be conducted by a Virginia Alcohol Safety Action Program and recommendations therefrom be submitted to the court, *and the court shall give the recommendations such weight as the court deems appropriate*. The local Virginia Alcohol Safety Action Program shall during the term of the restricted license monitor the person's compliance with the terms of the restrictions imposed by the court. Any violation of the restrictions shall be reported to the court, and the court may then modify the restrictions or revoke the license.

In the computation of the five-year and three-year periods under subdivisions 1 and 2 of this section, such person shall be given credit for any period his driver's license was administratively revoked under subsection B of § 46.2-391 prior to the final order or notification by the Commissioner of the habitual offender determination.

A copy of any petition filed hereunder shall be served on the attorney for the Commonwealth for the jurisdiction wherein the petition was filed, and shall also be served on the Commissioner of the Department of Motor Vehicles, who shall provide to the attorney for the Commonwealth a certified copy of the petitioner's driving record. The Commissioner shall also advise the attorney for the Commonwealth whether there is anything in the records maintained by the Department that might make the petitioner ineligible for restoration, and may also provide notice of any potential ineligibility to the Attorney General's Office, which may join in representing the interests of the Commonwealth where it appears that the petitioner is not eligible for restoration. The hearing on a petition filed pursuant to this article shall not be set for a date sooner than thirty days after the petition is filed and served as provided herein.

§ 46.2-391. Revocation of license for multiple convictions of driving while intoxicated; exception; petition for restoration of privilege.

A. The Commissioner shall forthwith revoke and not thereafter reissue for three years the driver's license of any person on receiving a record of the conviction of any person who (i) is adjudged to be a second offender in violation of the provisions of subsection A of § 46.2-341.24 (driving a commercial motor vehicle under the influence of drugs or intoxicants), or § 18.2-266 (driving under the influence of drugs or intoxicants), if the subsequent violation occurred within 10 years of the prior violation, or (ii) is convicted of any two or more offenses of § 18.2-272 (driving while the driver's license has been forfeited for a conviction under § 18.2-266) if the second or subsequent violation occurred within 10 years of the prior offense. However, if the Commissioner has received a copy of a court order authorizing issuance of a restricted license as provided in subsection E of § 18.2-271.1, he shall proceed as provided in the order of the court. For the purposes of this subsection, an offense in violation of a valid local ordinance, or law of any other jurisdiction, which ordinance or law is substantially similar to any provision of Virginia law herein shall be considered an offense in violation of such provision of Virginia law. Additionally, in no event shall the Commissioner reinstate the driver's license of any person convicted of a violation of § 18.2-266, or of a substantially similar valid local ordinance or law of another jurisdiction, until receipt of notification that such person has successfully completed an alcohol safety action program if such person was required by court order to do so unless the requirement for completion of the program has been waived by the court for good cause shown. A conviction includes a finding of not innocent in the case of a juvenile.

B. The Commissioner shall forthwith revoke and not thereafter reissue the driver's license of any person after receiving a record of the conviction of any person (i) convicted of a violation of § 18.2-36.1 or 18.2-51.4 or a felony violation of § 18.2-266 or (ii) convicted of three offenses arising out of separate incidents or occurrences within a period of 10 years in violation of the provisions of subsection A of § 46.2-341.24 or 18.2-266, or a substantially similar ordinance or law of any other jurisdiction, or any combination of three such offenses. A conviction includes a finding of not innocent in the case of a juvenile.

C. Any person who has had his driver's license revoked in accordance with subsection B of this section may petition the circuit court of his residence, or, if a nonresident of Virginia, any circuit court:

1. For restoration of his privilege to drive a motor vehicle in the Commonwealth after the expiration of five years from the date of his last conviction. On such petition, and for good cause shown, the court may, in its discretion, restore to the person the privilege to drive a motor vehicle in the Commonwealth on condition that such person install an ignition interlock system in accordance with § 18.2-270.1 on all motor vehicles, as defined in § 46.2-100, owned by or registered to him, in whole or in part, for a period of at least six months, and upon whatever other conditions the court may prescribe, subject to the provisions of law relating to issuance of driver's licenses, if the court is satisfied from the evidence presented that: (i) at the time of his previous convictions, the petitioner was addicted to or psychologically dependent on the use of alcohol or other drugs; (ii) at the time of the hearing on the petition, he is no longer addicted to or psychologically dependent on the use of alcohol or other drugs; and (iii) the defendant does not constitute a threat to the safety and welfare of himself or others with regard to the driving of a motor vehicle. However, prior to acting on the petition, the court shall order that an evaluation of the person, to include an assessment of his degree of alcohol abuse and the appropriate treatment therefor, if any, be conducted by a Virginia Alcohol Safety Action Program and recommendations therefrom be submitted to the court, *and the court shall give the recommendations such weight as the court deems appropriate*. The court may, in lieu of restoring the person's privilege to drive, authorize the issuance of a restricted license for a period not to exceed five years in accordance with the provisions of § 18.2-270.1 and subsection E of § 18.2-271.1. The court shall notify the Virginia Alcohol Safety Action Program which shall during the term of the restricted license monitor the person's compliance with the terms of the restrictions imposed by the court. Any violation of the restrictions shall be reported to the court, and the court may then modify the restrictions or revoke the license.

2. For a restricted license to authorize such person to drive a motor vehicle in the Commonwealth in the course of his employment and to drive a motor vehicle to and from his home to the place of his employment after the expiration of three years from the date of his last conviction. The court may order that a restricted license for such purposes be issued in accordance with the procedures of subsection E of § 18.2-271.1, if the court is satisfied from the evidence presented that (i) at the time of the previous convictions, the petitioner was addicted to or psychologically dependent on the use of alcohol or other drugs; (ii) at the time of the hearing on the petition, he is no longer addicted to or psychologically dependent on the use of alcohol or such other drugs; and (iii) the defendant does not constitute a threat to the safety and welfare of himself and others with regard to the driving of a motor vehicle. The court shall prohibit the person to whom a restricted license is issued from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system during all or any part of the term for which the restricted license is issued, in accordance with the provisions set forth in § 18.2-270.1. However, prior to acting on the petition, the court shall order that an evaluation of the person, to include an assessment of his degree of alcohol abuse and the appropriate treatment therefor, if any, be conducted by a Virginia Alcohol Safety Action Program and recommendations therefrom be submitted to the court, *and the court shall give the recommendations such weight as the court deems appropriate*. The Virginia Alcohol Safety Action Program shall during the term of the restricted license monitor the person's compliance with the terms of the restrictions imposed by the court. Any violation of the restrictions shall be reported to the court, and the court may then modify the restrictions or revoke the license.

The ignition interlock system installation requirement under subdivisions 1 and 2 of this subsection need only be satisfied once as to any single revocation under subsection B of this section for any person seeking restoration under subdivision 1 following the granting of a restricted license under subdivision 1 or 2.

D. Any person convicted of driving a motor vehicle or any self-propelled machinery or equipment (i) while his license is revoked pursuant to subsection A or B or (ii) in violation of the terms of a restricted license issued pursuant to subsection C shall, provided such revocation was based on at least one conviction for an offense committed after July 1, 1999, be punished as follows:

1. If such driving does not of itself endanger the life, limb, or property of another, such person shall be guilty of a Class 1 misdemeanor punishable by a mandatory minimum term of confinement in jail of 10 days except in cases wherein such operation is necessitated in situations of apparent extreme emergency that require such operation to save life or limb, the sentence, or any part thereof, may be suspended.

2. a. If such driving (i) of itself endangers the life, limb, or property of another or (ii) takes place while such person is in violation of §§ 18.2-36.1, 18.2-51.4, 18.2-266, subsection A of § 46.2-341.24, or a substantially similar law or ordinance of another jurisdiction, irrespective of whether the driving of itself endangers the life, limb or property of another and the person has been previously convicted of a violation of §§ 18.2-36.1, 18.2-51.4, 18.2-266, subsection A of § 46.2-341.24, or a substantially similar local ordinance, or law of another jurisdiction, such person shall be guilty of a felony punishable by confinement in a state correctional facility for not less than one year nor more than five years, one year of which shall be a mandatory minimum term of confinement or, in the discretion of the jury or the court trying the case without a jury, by mandatory minimum confinement in jail for a period of 12 months and no portion of such sentence shall be suspended or run concurrently with any other sentence.

b. However, in cases wherein such operation is necessitated in situations of apparent extreme emergency that require such operation to save life or limb, the sentence, or any part thereof, may be suspended.

3. If any such offense of driving is a second or subsequent violation, such person shall be punished as provided in subdivision 2 of this subsection, irrespective of whether the offense, of itself, endangers the life, limb, or property of another.

E. Notwithstanding the provisions of subdivisions 2 and 3 of subsection D, following conviction and prior to imposition of sentence with the consent of the defendant, the court may order the defendant to be evaluated for and to participate in the Boot Camp Incarceration Program pursuant to § 19.2-316.1, or the Detention Center Incarceration Program pursuant to § 19.2-316.2, or the Diversion Center Incarceration Program pursuant to § 19.2-316.3.

F. Any period of driver's license revocation imposed pursuant to this section shall not begin to expire until the person convicted has surrendered his license to the court or to the Department of Motor Vehicles.

G. Nothing in this section shall prohibit a person from operating any farm tractor on the highways when it is necessary to move the tractor from one tract of land used for agricultural purposes to another such tract of land when the distance between the tracts is no more than five miles.

H. Any person who operates a motor vehicle or any self-propelled machinery or equipment (i) while his license is revoked pursuant to subsection A or B, or (ii) in violation of the terms of a restricted license issued pursuant to subsection C, where the provisions of subsection D do not apply, shall be guilty of a violation of § 18.2-272.

The application shall include:

1. The identity of the officer making the application and the identity of the law-enforcement agency conducting the investigation; and
2. A certification by the applicant that the information likely to be obtained is relevant to an ongoing criminal investigation being conducted by that agency.

The application may include a request that the order require information, facilities and technical assistance necessary to accomplish the installation be furnished.

Upon application, the court shall enter an ex parte order authorizing the installation and use of a pen register or a trap and trace device if the court finds that the investigative or law-enforcement officer has certified to the court that the information likely to be obtained by such installation and use is relevant to an ongoing criminal investigation.

The order shall specify:

1. The identity, if known, of the person in whose name the telephone line or other facility to which the pen register or trap and trace device is to be attached or applied is listed or to whom the line or other facility is leased;
2. The identity, if known, of the person who is the subject of the criminal investigation;
3. The attributes of the communications to which the order applies, including the number or other identifier and, if known, the location of the telephone line or other facility to which the pen register or trap and trace device is to be attached or applied; and

1. The order and application be sealed until otherwise ordered by the court;
2. Information, facilities and technical assistance necessary to accomplish the installation be furnished if requested in the application; and
3. The person owning or leasing the line or other facility to which the pen register or trap and trace device is attached or applied, or who is obligated by the order to provide assistance to the applicant, not disclose the existence of the pen register or trap and trace device or the existence of the investigation to the listed subscriber, or to any other person, unless or until otherwise ordered by the court.

E. Upon request of an investigative or a law-enforcement officer authorized by the court to install and use a pen register, a provider of wire or electronic communication service, a landlord, custodian or any other person so ordered by the court shall, as soon as practicable, furnish the officer with all information, facilities, and technical assistance necessary to accomplish the installation of the pen register unobtrusively and with a minimum of interference with the services that the person so ordered by the court accords the party with respect to whom the installation and use is to take place.

F. Upon request of an investigative or law-enforcement officer authorized by the court to receive the results of a trap and trace device under this section, a provider of wire or electronic communication service, a landlord, custodian or any other person so ordered by the court shall, as soon as practicable, install the device on the appropriate line and furnish the officer with all additional information, facilities and technical assistance, including installation and operation of the device, unobtrusively and with a minimum of interference with the services that the person so ordered by the court accords the party with respect to whom the installation and use is to take place. Unless otherwise ordered by the court, the results of the trap and trace device shall be furnished to the investigative or law-enforcement officer designated by the court at reasonable intervals during regular business hours for the duration of the order. Where the law-enforcement agency implementing an ex parte order under this subsection seeks to do so by installing and using its own pen register or trap and trace device on a packet-switched data network of a provider of electronic communication service to the public, the agency shall ensure that a record will be maintained that will identify (i) any officer or officers who installed the device and any officer or officers who accessed the device to obtain information from the network; (ii) the date and time the device was installed, the date and time

the device was uninstalled, and the date, time, and duration of each time the device is accessed to obtain information; (iii) the configuration of the device at the time of its installation and any subsequent modification thereof; and (iv) any information that has been collected by the device. To the extent that the pen register or trap and trace device can be set automatically to record this information electronically, the record shall be maintained electronically throughout the installation and use of such device. The record maintained hereunder shall be provided ex parte and under seal of the court that entered the ex parte order authorizing the installation and use of the device within 30 days after termination of the order, including any extensions thereof.

G. A provider of a wire or electronic communication service, a landlord, custodian or other person who furnishes facilities or technical assistance pursuant to this section shall be reasonably compensated for reasonable and actual expenses incurred in providing such facilities and assistance. The expenses shall be paid out of the criminal fund.

H. No cause of action shall lie in any court against a provider of a wire or electronic communication service, its officers, employees, agents or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order issued pursuant to this section. Good faith reliance on a court order, a legislative authorization or a statutory authorization is a complete defense against any civil or criminal action based upon a violation of this chapter.

CHAPTER 263

An Act to amend and reenact §§ 51.1-142.2, as it shall become effective, and 51.1-169 of the Code of Virginia, relating to the Virginia Retirement System; technical corrections.

[S 51]

Approved March 7, 2016

Be it enacted by the General Assembly of Virginia:**1. That §§ 51.1-142.2, as it shall become effective, and 51.1-169 of the Code of Virginia are amended and reenacted as follows:****§ 51.1-142.2. (Effective January 1, 2017) Prior service or membership credit for certain members; service credit for accumulated sick leave.**

Certain members may purchase credit for service as provided in this section.

A. 1. Any member in service may purchase service credit from the following categories of service or leave: (i) leave of absence for educational purposes that was previously approved by the member's employer; (ii) leave of absence for a

serious health condition of the member or of an immediate family member, all as defined in the Family and Medical Leave Act of 1993, 29 U.S.C. § 2601 et seq., as amended, and previously certified by the member's employer; (iii) up to one year of service credit per occurrence of leave for any unpaid leave of absence due to the birth, adoption, or death of a ~~qualified~~ *qualifying* child, as defined in § 51.1-500; (iv) service as a full-time employee of another state, a public school system of another state, or a political subdivision of the Commonwealth or another state, as certified by such state, public school system, or political subdivision; (v) full-time service of a political subdivision of this state not credited to the member under an agreement as provided for in § 51.1-143.1, as certified by such political subdivision; (vi) civilian service of the United States; (vii) full-time service at a private institution of higher education if the private institution is merged with a public institution of higher education and graduates of the private institution are then issued new degrees from the public institution; or (viii) any period of time when the member was employed part time or in a wage position by a participating employer and not otherwise eligible to participate in the retirement system because the member was not an employee as defined in § 51.1-124.3. However, no member in service shall be allowed to purchase more than a total of four years of service credit pursuant to this subdivision.

2. In addition to the service credit that may be purchased under subdivision 1, any member in service may purchase up to four years of service credit for prior active duty military service in the armed forces of the United States, provided that the discharge from a period of active duty status with the armed forces was not dishonorable.

3. The service credit to be credited to a member under this subsection shall be calculated at the ratio of one year, or portion thereof, of service credit to one year, or portion thereof, of service purchased, except for employment service purchased under clause (viii) of subdivision 1, which shall be calculated at the ratio of one month of service credit for each 173 hours of service as certified by the employer.

For each year or portion thereof to be credited at the time of purchase under this subsection, the member shall pay the approximate normal cost of the retirement plan under which the member is covered at the time of such purchase, as determined by the Board in its sole discretion. If the member does not purchase, or enter into a purchase of service credit contract for, the service made available in this subsection within the first 24 months of the member's active service following his first date of hire or the final day of any applicable leave of absence, as applicable, then, for each year or portion thereof to be credited at the time of purchase, the member shall pay the actuarial equivalent cost. To the extent the member becomes inactive during the 24 months following his first date of hire or the final day of any applicable leave of absence, such periods shall not be included in the 24 months of active service.

Except as otherwise required by Chapter 1223 of Title 10 of the United States Code, as amended, no service credit may be purchased under this section if it is included in the calculation of any retirement allowance received or to be received by the member from this or another retirement system, or if there is a balance in a defined contribution account that serves as a primary retirement account related to such service.

For purposes of this ~~section~~ *subsection*, "active duty military service" means full-time service of at least 180 consecutive days in the United States Army, Navy, Air Force, Marines, Coast Guard, or reserve components thereof.

B. Any member in service may purchase all prior service credit for creditable service lost from ceasing to be a member under this chapter, as provided in § 51.1-128, because of the withdrawal of his accumulated contributions. For each year or portion thereof to be credited at the time of purchase under this subsection, the member shall pay the withdrawn amount to be purchased plus interest accrued daily and compounded annually from the date of withdrawal to the date of payment at the assumed rate of return established by the Board for the actuarial valuation of the retirement system that is in effect at the time of the purchase. The Board shall develop guidelines and procedures for administering this subsection.

C. Any member in service may purchase service credit for accumulated sick leave on his effective date of retirement based upon such sums as the employer may provide as payment for any unused sick leave balances. The cost of service credit purchased under this subsection shall be the actuarial equivalent cost of such service.

D. Any member receiving benefits under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.) may, in a manner prescribed by the Board and prior to the effective date of retirement, purchase service that is not reported to the retirement system by the member's employer while the member is receiving such benefits.

For each year or portion thereof to be credited at the time of purchase under this subsection, the member shall pay the approximate normal cost of the retirement plan under which the member is covered, as determined by the Board in its sole discretion. If the member does not purchase, or enter into a purchase of service credit contract for, any service made available in this subsection within the first 24 months of the member's active service following his first date of hire or the final day of any applicable leave of absence, then, for each year or portion thereof to be credited at the time of purchase, the member shall pay the actuarial equivalent cost. To the extent the member becomes inactive during the 24 months following his first date of hire or the final day of any applicable leave of absence, such periods shall not be included in the 24 months of active service.

E. Payment may be made in a lump sum at the time of purchase or by payroll deduction. Any number of additional deductions may be permitted at any time. Should any deduction be terminated before the member purchases the entire period contracted for, the member shall be credited with the number of full or partial months of service for which full payment has been made. If any deduction is continued after the entire period has been purchased, the member shall be credited with no more than the amount of service for which he was eligible and for which he paid, and the excess amount deducted shall be refunded to the member.

F. Any employer may elect to pay an equivalent amount in lieu of all member contributions required of its employees for the purchase of service credit pursuant to this section. These contributions shall not be considered wages for purposes of Chapter 7 (§ 51.1-700 et seq.), nor shall they be considered salary for purposes of this chapter.

G. In any case where member and employer contributions, as required under this chapter, were not made because of an error in the payroll, personnel, or other classification system of an employer participating in the retirement system, service that has not been credited because of such error may be purchased on the following basis:

1. The most recent three years of service credit shall be purchased, using applicable member and employer contribution rates and creditable compensation in effect for such period, in a manner and at the cost prescribed by the Board; and

2. All other years of service credit shall be purchased by the employer at an actuarial equivalent cost.

H. Any member may receive credit at no cost for service rendered in the armed forces of the United States provided (i) the member was on leave of absence from a covered position, (ii) the discharge from a period of active duty with the armed forces was not dishonorable, (iii) the member has not withdrawn his accumulated contributions, (iv) the member is not disabled or killed while on leave without pay while performing active duty military service in the armed forces of the United States, and (v) the member reenters service in a covered position within one year after discharge from the armed forces. In order to receive such service, the member must complete such forms and other requirements as are required by the Board and the retirement system.

§ 51.1-169. Hybrid retirement program.

A. For purposes of this section, "hybrid retirement program" or "program" means a hybrid retirement program covering any employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for retirement purposes other than the Virginia Retirement System defined benefit retirement plan established under Chapter 1 (§ 51.1-124.1 et seq.). Persons who are participants in, or eligible to be participants in, the retirement plans under the provisions of Chapter 2 (§ 51.1-200 et seq.), Chapter 2.1 (§ 51.1-211 et seq.), the optional retirement plans established under §§ 51.1-126.1, 51.1-126.3, 51.1-126.4, and 51.1-126.7, or a person eligible to earn the benefits permitted by § 51.1-138 shall not be eligible to participate in the hybrid retirement program. Any person who meets the definition of "emergency medical services personnel" in § 32.1-111.1 or is employed as a firefighter, or law-enforcement officer as those terms are defined in § 15.2-1512.2 and whose employing political subdivision has legally adopted an irrevocable resolution as described in subdivision B 4 of § 51.1-153 and subdivision A 3 of § 51.1-155 shall not be eligible to participate in the hybrid retirement program. No member of the Judicial Retirement System under Chapter 3 (§ 51.1-300 et seq.) shall be eligible to participate in the hybrid retirement program described in § 51.1-169 except members appointed to an original term on or after January 1, 2014.

The Board shall maintain the hybrid retirement program established by this section, and any employer is authorized to make contributions under such program for the benefit of its employees participating in such program. Every person who is otherwise eligible to participate in the program but is not a member of a retirement plan administered by the Virginia Retirement System the first time he is hired or rehired on or after January 1, 2014, in a covered position, shall participate in the hybrid retirement program established by this section.

A person who participates in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System under this chapter may make an irrevocable election to participate in the hybrid retirement program maintained under this section. Such election shall be exercised no later than April 30, 2014. If an election is not made by April 30, 2014, such employee shall be deemed to have elected not to participate in the hybrid retirement program and shall continue to participate in his current retirement plan.

B. Except as otherwise provided in subsection G:

1. The employer shall make contributions to the defined benefit component of the program in accordance with § 51.1-145.

2. The employer shall make a mandatory contribution to the defined contribution component of the program on behalf of an employee participating in the program in the amount of one percent of creditable compensation, which shall be made to the appropriate cash match plan established for the employee under § 51.1-608. In addition, the employer shall make a matching contribution on behalf of the employee based on the employee's voluntary contributions under the defined contribution component of the program to the deferred compensation plan established under § 51.1-602, up to a maximum of 2.5 percent of creditable compensation for the payroll period, as follows: (i) 100 percent of the first one percent of creditable compensation contributed by the employee to the defined contribution component of the program under subdivision C 2 for the payroll period, and (ii) 50 percent of the next three percent of creditable compensation contributed by the employee to the defined contribution component of the program under subdivision C 2 for the payroll period. The matching contribution by the employer shall be made to the appropriate cash match plan established for the employee under § 51.1-608.

3. The total amount contributed by the employer under subdivision 2 shall vest to the employee's benefit according to the following schedule:

- a. Upon completion of two years of active participation, 50 percent.
- b. Upon completion of three years of active participation, 75 percent.
- c. Upon completion of four years of active participation, 100 percent.

For purposes of this subdivision, "active participation" includes creditable service, as defined in § 51.1-124.3, in any retirement plan established by this title and administered by the Retirement System.

If an employee ~~terminates employment with an employer~~ ceases to be a member prior to achieving 100 percent vesting, contributions made by an employer on behalf of the employee under subdivision 2 that are not vested, shall be forfeited. The Board may establish a forfeiture account and may specify the uses of the forfeiture account.

4. An employee may direct the investment of contributions made by an employer under subdivision B 2.

5. No loans or hardship distributions shall be available from contributions made by an employer under subdivision B 2.

C. Except as otherwise provided in subsection G:

1. An employee participating in the hybrid retirement program maintained under this section shall, pursuant to procedures established by the Board, make mandatory contributions on a salary reduction basis in accordance with § 414(h) of the Internal Revenue Code (i) to the defined benefit component of the program in the amount of four percent of creditable compensation in lieu of the amount described in subsection A of § 51.1-144 and (ii) to the defined contribution component of the program in the amount of one percent of creditable compensation, which shall be made to the appropriate cash match plan established for the employee under § 51.1-608.

2. An employee participating in the hybrid retirement program may also make voluntary contributions to the defined contribution component of the program of up to four percent of creditable compensation or the limit on elective deferrals pursuant to § 457(b) of the Internal Revenue Code, whichever is less. The contribution by the employee shall be made to the appropriate deferred compensation plan established by the employee under § 51.1-602.

3. If an employee's voluntary contributions under subdivision C 2 are less than four percent of creditable compensation, the contribution will increase by one-half of one percent, beginning on January 1, 2017, and every three years thereafter, until the employee's voluntary contributions under subdivision C 2 reach four percent of creditable compensation. The increase will be effective beginning with the first pay period that begins in such calendar year unless the employee elects not to increase the voluntary contribution in a manner prescribed by the Board.

4. No loans or hardship distributions shall be available from contributions made by an employee under this subsection.

5. Disclosure of all services, fees, restrictions, and surrender penalties associated with employee voluntary contributions under subdivision C 2 shall be provided by the Board on an annual basis to an employee who does not make the election provided in subdivision G 1.

D. 1. The amount of the service retirement allowance under the defined benefit component of the program shall be governed by § 51.1-155 for all creditable service credited prior to the effective date of the member's participation in the program. For all other creditable service, the allowance shall equal one percent of a member's average final compensation multiplied by the amount of his creditable service while in the program. For judges who are participating in the hybrid retirement program, creditable service shall be determined as provided in § 51.1-303 and service retirement eligibility shall be determined as provided in § 51.1-305.

2. No member shall retire for disability under the defined benefit component of the program, provided, however, that judges who are participating in the hybrid retirement program may retire for disability under §§ 51.1-307 and 51.1-308.

3. Except as provided in subdivision 1, any employee participating in the hybrid retirement program maintained under this section shall be considered to be a person who becomes a member on or after July 1, 2010.

4. In all other respects, administration of the defined benefit component of the program shall be governed by the provisions of Chapter 1 (§ 51.1-124.1 et seq.).

E. With respect to any employee who elects, pursuant to subsection A, to participate in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System, the employer shall collect and pay all employee and employer contributions to the Virginia Retirement System for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for such employee.

F. 1. The Board shall develop policies and procedures for administering the hybrid retirement program it maintains, including the establishment of guidelines for employee elections and deferrals under the program.

2. No employee who is an active member in the hybrid retirement program maintained under this section shall also be an active member of any other optional retirement plan maintained under the provisions of Chapter 1 (§ 51.1-124.1 et seq.).

3. If a member of the hybrid retirement program maintained under this section is at any time in service as an employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.), 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.), his benefit payments under the hybrid retirement program maintained under this section shall be suspended while so employed; provided, however, reemployment shall have no effect on a payment under the defined contribution component of the program if the benefit is being paid in an annuity form under an annuity contract purchased with the member's account balance.

4. Any administrative fee imposed pursuant to subdivision A 13 of § 51.1-124.22 on any employer for administering and overseeing the hybrid retirement program maintained under this section shall be charged for each employee participating in such program and shall be for costs incurred by the Virginia Retirement System that are directly related to the administration and oversight of such program. Notwithstanding the foregoing, the Board is authorized to collect all or a portion of such fee directly from the employee.

5. The creditable compensation for any employee on whose behalf employee or employer contributions are made into the hybrid retirement program shall not exceed the limit on compensation as adjusted by the Commissioner of the Internal Revenue Service pursuant to the transition provisions applicable to eligible participants under state and local governmental plans under § 401(a)(17) of the Internal Revenue Code as amended in 1993 and as contained in § 13212(d)(3) of the Omnibus Budget Reconciliation Act of 1993 (P.L. 103-66).

6. The Board may contract with private corporations or institutions, subject to the standards set forth in § 51.1-124.30, to provide investment products as well as any other goods and services related to the administration of the hybrid retirement program, except as provided in subsection G. The Virginia Retirement System is hereby authorized to perform related services, including but not limited to, providing consolidated billing, individual and collective recordkeeping and accountings, and asset purchase, control, and safekeeping.

G. 1. Any political subdivision of the Commonwealth that has established a plan pursuant to § 403(b) of the Internal Revenue Code of 1986, as amended (a "403(b) plan"), may, at its option, elect to allow its employees the option to direct that voluntary contributions to the defined contribution component of the program under subdivision C 2 be made to such 403(b) plan and the corresponding employer matching contributions under subdivision B 2 be made to such 403(b) plan or the appropriate local cash match plan established under § 51.1-610. All such voluntary contributions by an employee to such 403(b) plan shall be made on a pretax basis. Any such political subdivision of the Commonwealth that so directs shall develop policies and procedures for administering such contributions, subject to and in accordance with applicable federal law and regulations. The policies and procedures shall provide for the administration of vesting provisions as provided in subdivision B 3, the establishment of and uses for a forfeiture account as provided in subdivision B 3, and automatic contribution escalation provisions as provided in subdivision C 3, all with regard to employee voluntary contributions and corresponding employer matching contributions.

In all other respects, the political subdivision shall be subject to the provisions of the hybrid retirement program described in this section.

2. The governing body of any political subdivision of the Commonwealth electing to allow its employees to use its 403(b) plan or a local cash match plan as described in subdivision 1 shall adopt a resolution on or before November 1, 2015, and submit such resolution to the Board to notify the Board of its election, which shall be effective January 1, 2016, and shall remain effective for 12 months. Thereafter, the governing body of any political subdivision of the Commonwealth may make or change its election for its employees no more often than annually by adopting a resolution on or before November 1 of each year notifying the Board of a new or changed election, which shall become effective on January 1.

3. A person who participates in the hybrid retirement program maintained under this section may make an election to participate in the 403(b) plan established by his employer under subdivision G 1. Such election shall be exercised no later than November 30, 2015, and shall be effective January 1, 2016. If an election is not made by November 30, 2015, such employee shall be deemed to have elected not to participate in the 403(b) plan established by his employer under subdivision G 1. Thereafter, such employee may make or change his election on or before November 30 of each year by notifying his employer of a new or changed election, which shall become effective the following January 1. If an election is not made or changed by November 30, such employee shall be deemed to have elected not to change the prior year's election.

4. In the case of a 403(b) plan or local cash match plan administered by a political subdivision of the Commonwealth that provides individual accounts permitting an employee or beneficiary to exercise discretion over assets in his account, the political subdivision shall not be liable for any loss resulting from such employee's or beneficiary's (i) investment of voluntary contributions in the political subdivision's 403(b) plan or matching contributions in the political subdivision's 403(b) plan or local cash match plan, (ii) exercise of discretion over the assets in any of his accounts, or (iii) inaction with respect to the assets in any of his accounts that results in such assets being placed in a default investment option selected by the political subdivision, provided that the investment options for the affected individual account and the particular default investment option for such individual account are selected in accordance with subsection A of § 51.1-803, applied mutatis mutandis. Under no circumstances shall the Commonwealth, the Board, employees of the Retirement System, the Investment Advisory Committee of the Retirement System, or any other advisory committee established by the Board bear any liability with respect to any plan or individual account described in this subsection.

5. The provisions of this subsection shall not apply to any political subdivision of the Commonwealth that has entered into an agreement with the Retirement System pursuant to § 51.1-603.1 or 51.1-611 except with regard to a 403(b) plan.

6. Disclosure of all services, fees, restrictions, and surrender penalties associated with employee voluntary contributions under subsection G shall be provided by the political subdivision of the Commonwealth on an annual basis to an employee who makes the election provided in subdivision G 1. Such employee shall also be provided with a side-by-side comparison of the long-term effects of generic expense ratios on his investments.

7. The Board shall not be responsible for administration of or recordkeeping related to voluntary contributions to the defined contribution component of the program made to a 403(b) plan or the corresponding employer matching contributions made to a 403(b) plan or the appropriate local cash match plan established under § 51.1-610 that are authorized by subdivision G 1.

8. The Board shall develop policies and procedures for administering the provisions of this subsection.

(1) The powerholder if the powerholder is a permissible appointee and living; or

(2) If the powerholder is an impermissible appointee or deceased, the powerholder's estate if the estate is a permissible appointee; or

§ 64.2-2723. Disposition of unappointed property under released or unexercised nongeneral power.

To the extent that a powerholder releases, ineffectively exercises, or fails to exercise a nongeneral power of appointment:

1. The gift-in-default clause controls the disposition of the unappointed property; or

2. If there is no gift-in-default clause or to the extent that the clause is ineffective, the unappointed property:

a. Passes to the permissible appointees if:

(1) The permissible appointees are defined and limited; and

b. If there is no taker under subdivision 2 a, passes under a reversionary interest to the donor or the donor's transferee or successor in interest.

§ 64.2-2724. Disposition of unappointed property if partial appointment to taker in default.

§ 64.2-2725. Appointment to taker in default.

If a powerholder makes an appointment to a taker in default of appointment and the appointee would have taken the property under a gift-in-default clause had the property not been appointed, the power of appointment is deemed not to have been exercised and the appointee takes under the clause.

§ 64.2-2726. Powerholder's authority to revoke or amend exercise.

A powerholder may revoke or amend an exercise of a power of appointment only to the extent that:

1. The powerholder reserves a power of revocation or amendment in the instrument exercising the power of appointment, and if the power is nongeneral, the terms of the instrument creating the power of appointment do not prohibit the reservation; or

A powerholder of a releasable power of appointment may release the power in whole or in part:

1. By substantial compliance with a method provided in the terms of the instrument creating the power; or

CHAPTER 267

An Act to amend and reenact § 8.01-417 of the Code of Virginia, relating to personal injury and wrongful death actions; disclosure of address.

[S 128]

Approved March 7, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-417 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-417. Copies of written statements or transcriptions of verbal statements by injured person to be delivered to him; copies of subpoenaed documents to be provided to other party; disclosure of insurance policy limits.

A. Any person who takes from a person who has sustained a personal injury a signed written statement or voice recording of any statement relative to such injury shall deliver to such injured person a copy of such written statement forthwith or a verified typed transcription of such recording within 30 days from the date such statement was given or recording made, when and if the statement or recording is transcribed or in all cases when requested by the injured person or his attorney.

B. Unless otherwise ordered for good cause shown, when one party to a civil proceeding subpoenas documents, the subpoenaing party, upon receipt of the subpoenaed documents, shall, if requested in writing, provide true and full copies of the same to any other party or to the attorney for any other party, provided the other party or attorney for the other party pays the reasonable cost of copying or reproducing the subpoenaed documents. This provision does not apply where the subpoenaed documents are returnable to and maintained by the clerk of court in which the action is pending.

C. After he gives written notice that he represents an injured person, an attorney, or an individual injured in a motor vehicle accident if he is not represented by counsel, may, prior to the filing of a civil action for personal injuries sustained as a result of a motor vehicle accident, request in writing that the insurer disclose (i) the limits of liability of any motor vehicle

liability or any personal injury liability insurance policy that may be applicable to the claim and (ii) the *physical* address, *if known*, of the alleged tortfeasor who is insured by the insurer, if not previously reported to the requesting party. The requesting party shall provide the insurer with the date of the motor vehicle accident, the name and last known address of the alleged tortfeasor if it has been reported to the requesting party, a copy of the accident report, if any, and the claim number, if available. The *insurer shall provide the alleged tortfeasor's physical address within 30 days of the receipt of the request. When requesting the limits of liability*, the requesting party shall also submit to the insurer the injured person's medical records, medical bills, and wage-loss documentation, if applicable, pertaining to the claimed injury. If the total of the medical bills and wage losses submitted equals or exceeds \$12,500, the insurer shall respond in writing within 30 days of receipt of the request and shall disclose the limits of liability at the time of the accident of all such policies, regardless of whether the insurer contests the applicability of the policy to the injured person's claim, and the insured's address. Disclosure of the policy limits under this section shall not constitute an admission that the alleged injury or damage is subject to the policy. Information concerning the insurance policy is not by reason of disclosure pursuant to this subsection admissible as evidence at trial.

D. After he gives written notice that he represents the personal representative of the estate of a decedent who died as a result of a motor vehicle accident, an attorney, or the personal representative of the estate of the decedent who died as a result of a motor vehicle accident if he is not represented by counsel, may, prior to the filing of a civil action for wrongful death as a result of a motor vehicle accident, request in writing that the insurer disclose (i) the limits of liability of any motor vehicle liability insurance policy or any personal injury liability insurance policy that may be applicable to the claim and (ii) the *physical* address, *if known*, of the alleged tortfeasor who is insured by the insurer, if not previously reported to the requesting party. The requesting party shall provide the insurer with the date of the motor vehicle accident, the name and last known address of the alleged tortfeasor if it has been reported to the requesting party, a copy of the accident report, if any, and the claim number, if available. The *insurer shall provide the alleged tortfeasor's physical address within 30 days of the receipt of the request. When requesting the limits of liability*, the requesting party shall submit to the insurer the death certificate of the decedent; the certificate of qualification of the personal representative of the decedent's estate; the names and relationships of the statutory beneficiaries of the decedent; medical bills, if any, supporting a claim for damages under subdivision 3 of § 8.01-52; and, if at the time the request is made a claim for damages under clause (i) of subdivision 2 of § 8.01-52 is anticipated, a description of the source, amount, and payment history of the claimed income loss for each beneficiary. The insurer shall respond in writing within 30 days of receipt of the request and shall disclose the limits of liability at the time of the accident of all such policies, regardless of whether the insurer contests the applicability of the policy to the personal representative's claim, and the insured's address. Disclosure of the policy limits under this section shall not constitute an admission that the alleged death or other damage is subject to the policy. Information concerning the insurance policy is not by reason of disclosure pursuant to this subsection admissible as evidence at trial.

E. For purposes of subsections C and D, if the alleged tortfeasor has insurance coverage from a self-insured locality for a motor vehicle accident, as described in this section, and the locality is authorized by the alleged tortfeasor to accept service of process on behalf of the alleged tortfeasor and agrees to do so, the locality, in its discretion and instead of disclosing the alleged tortfeasor's home address, may disclose the insured's work address and the name and address of the person who shall accept service of process on behalf of the alleged tortfeasor. If the locality makes such a disclosure, the locality shall not be required to disclose the alleged tortfeasor's home address.

F. As used in subsections C and D, "insurer" does not include the insurance agency or the insurance agent representing the alleged tortfeasor as the authorized representative or agent with respect to the alleged tortfeasor's motor vehicle insurance policy.

1. That § 8.01-229 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-229. Suspension or tolling of statute of limitations; effect of disabilities; effect of death; injunction; prevention of service by defendant; dismissal, nonsuit or abatement; devise for payment of debts; new promises; debts proved in creditors' suits.

A. Disabilities which toll the statute of limitations. — Except as otherwise specifically provided in §§ 8.01-237, 8.01-241, 8.01-242, 8.01-243, 8.01-243.1 and other provisions of this Code,

1. If a person entitled to bring any action is at the time the cause of action accrues an infant, except if such infant has been emancipated pursuant to Article 15 (§ 16.1-331 et seq.) of Chapter 11 of Title 16.1, or incapacitated, such person may bring it within the prescribed limitation period after such disability is removed; or

2. After a cause of action accrues,

a. If an infant becomes entitled to bring such action, the time during which he is within the age of minority shall not be counted as any part of the period within which the action must be brought except as to any such period during which the infant has been judicially declared emancipated; or

b. If a person entitled to bring such action becomes incapacitated, the time during which he is incapacitated shall not be computed as any part of the period within which the action must be brought, except where a conservator, guardian or committee is appointed for such person in which case an action may be commenced by such conservator, committee or guardian before the expiration of the applicable period of limitation or within one year after his qualification as such, whichever occurs later.

For the purposes of subdivisions 1 and 2 of this subsection, a person shall be deemed incapacitated if he is so adjudged by a court of competent jurisdiction, or if it shall otherwise appear to the court or jury determining the issue that such person is or was incapacitated within the prescribed limitation period.

3. If a convict is or becomes entitled to bring an action against his committee, the time during which he is incarcerated shall not be counted as any part of the period within which the action must be brought.

B. Effect of death of a party. — The death of a person entitled to bring an action or of a person against whom an action may be brought shall toll the statute of limitations as follows:

1. Death of person entitled to bring a personal action. — If a person entitled to bring a personal action dies with no such action pending before the expiration of the limitation period for commencement thereof, then an action may be commenced by the decedent's personal representative before the expiration of the limitation period including the limitation period as provided by subdivision E 3 or within one year after his qualification as personal representative, whichever occurs later.

2. Death of person against whom personal action may be brought. — a. If a person against whom a personal action may be brought dies before the commencement of such action and before the expiration of the limitation period for commencement thereof then a claim may be filed against the decedent's estate or an action may be commenced against the decedent's personal representative before the expiration of the applicable limitation period or within one year after the qualification of such personal representative, whichever occurs later.

b. If a person against whom a personal action may be brought dies before suit papers naming such person as defendant have been filed with the court, then such suit papers may be amended to substitute the decedent's personal representative as party defendant before the expiration of the applicable limitation period or within two years after the date such suit papers were filed with the court, whichever occurs later, and such suit papers shall be taken as properly filed.

3. Effect of death on actions for recovery of realty, or a proceeding for enforcement of certain liens relating to realty. — Upon the death of any person in whose favor or against whom an action for recovery of realty, or a proceeding for enforcement of certain liens relating to realty, may be brought, such right of action shall accrue to or against his successors in interest as provided in Article 2 (§ 8.01-236 et seq.) of this chapter.

4. Accrual of a personal cause of action against the estate of any person subsequent to such person's death. — If a personal cause of action against a decedent accrues subsequent to his death, an action may be brought against the decedent's personal representative or a claim thereon may be filed against the estate of such decedent before the expiration of the applicable limitation period or within two years after the qualification of the decedent's personal representative, whichever occurs later.

5. Accrual of a personal cause of action in favor of decedent. — If a person dies before a personal cause of action which survives would have accrued to him, if he had continued to live, then an action may be commenced by such decedent's personal representative before the expiration of the applicable limitation period or within one year after the qualification of such personal representative, whichever occurs later.

6. Delayed qualification of personal representative. — If there is an interval of more than two years between the death of any person in whose favor or against whom a cause of action has accrued or shall subsequently accrue and the qualification of such person's personal representative, such personal representative shall, for the purposes of this chapter, be deemed to have qualified on the last day of such two-year period.

C. Suspension during injunctions. — When the commencement of any action is stayed by injunction, the time of the continuance of the injunction shall not be computed as any part of the period within which the action must be brought.

D. Obstruction of filing by defendant. — When the filing of an action is obstructed by a defendant's (i) filing a petition in bankruptcy or filing a petition for an extension or arrangement under the United States Bankruptcy Act or (ii) using any other direct or indirect means to obstruct the filing of an action, then the time that such obstruction has continued shall not be counted as any part of the period within which the action must be brought.

E. Dismissal, abatement, or nonsuit.

1. Except as provided in subdivision 3 of this subsection, if any action is commenced within the prescribed limitation period and for any cause abates or is dismissed without determining the merits, the time such action is pending shall not be computed as part of the period within which such action may be brought, and another action may be brought within the remaining period.

2. If a judgment or decree is rendered for the plaintiff in any action commenced within the prescribed limitation period and such judgment or decree is arrested or reversed upon a ground which does not preclude a new action for the same cause, or if there is occasion to bring a new action by reason of the loss or destruction of any of the papers or records in a former action which was commenced within the prescribed limitation period, then a new action may be brought within one year after such arrest or reversal or such loss or destruction, but not after.

3. If a plaintiff suffers a voluntary nonsuit as prescribed in § 8.01-380, the statute of limitations with respect to such action shall be tolled by the commencement of the nonsuited action, *regardless of whether the statute of limitations is statutory or contractual*, and the plaintiff may recommence his action within six months from the date of the order entered by the court, or within the original period of limitation, or within the limitation period as provided by subdivision B 1, whichever period is longer. This tolling provision shall apply irrespective of whether the action is originally filed in a federal or a state court and recommenced in any other court, and shall apply to all actions irrespective of whether they arise under common law or statute.

F. Effect of devise for payment of debts. — No provision in the will of any testator devising his real estate, or any part thereof, subject to the payment of his debts or charging the same therewith, or containing any other provision for the payment of debts, shall prevent this chapter from operating against such debts, unless it plainly appears to be the testator's intent that it shall not so operate.

G. Effect of new promise in writing.

1. If any person against whom a right of action has accrued on any contract, other than a judgment or recognizance, promises, by writing signed by him or his agent, payment of money on such contract, the person to whom the right has accrued may maintain an action for the money so promised, within such number of years after such promise as it might be maintained if such promise were the original cause of action. An acknowledgment in writing, from which a promise of payment may be implied, shall be deemed to be such promise within the meaning of this subsection.

2. The plaintiff may sue on the new promise described in subdivision 1 ~~of this subsection~~ or on the original cause of action, except that when the new promise is of such a nature as to merge the original cause of action then the action shall be only on the new promise.

H. Suspension of limitations in creditors' suits. — When an action is commenced as a general creditors' action, or as a general lien creditors' action, or as an action to enforce a mechanics' lien, the running of the statute of limitations shall be suspended as to debts provable in such action from the commencement of the action, provided they are brought in before the commissioner in chancery under the first reference for an account of debts; but as to claims not so brought in the statute shall continue to run, without interruption by reason either of the commencement of the action or of the order for an account, until a later order for an account, under which they do come in, or they are asserted by petition or independent action.

In actions not instituted originally either as general creditors' actions, or as general lien creditors' actions, but which become such by subsequent proceedings, the statute of limitations shall be suspended by an order of reference for an account of debts or of liens only as to those creditors who come in and prove their claims under the order. As to creditors who come in afterwards by petition or under an order of recomittal, or a later order of reference for an account, the statute shall continue to run without interruption by reason of previous orders until filing of the petition, or until the date of the reference under which they prove their claims, as the case may be.

I. When an action is commenced within a period of ~~thirty~~ 30 days prior to the expiration of the limitation period for commencement thereof and the defending party or parties desire to institute an action as third-party plaintiff against one or more persons not party to the original action, the running of the period of limitation against such action shall be suspended as to such new party for a period of ~~sixty~~ 60 days from the expiration of the applicable limitation period.

J. If any award of compensation by the Workers' Compensation Commission pursuant to Chapter 5 (§ 65.2-500 et seq.) of Title 65.2 is subsequently found void ab initio, other than an award voided for fraudulent procurement of the award by the claimant, the statute of limitations applicable to any civil action upon the same claim or cause of action in a court of this Commonwealth shall be tolled for that period of time during which compensation payments were made.

K. Suspension of limitations during criminal proceedings. — In any personal action for damages, if a criminal prosecution arising out of the same facts is commenced, the time such prosecution is pending shall not be computed as part of the period within which such a civil action may be brought. For purposes of this subsection, the time during which a prosecution is pending shall be calculated from the date of the issuance of a warrant, summons or *capias*, the return or filing of an indictment or information, or the defendant's first appearance in any court as an accused in such a prosecution, whichever date occurs first, until the date of the final judgment or order in the trial court, the date of the final disposition of any direct appeal in state court, or the date on which the time for noting an appeal has expired, whichever date occurs last. Thereafter, the civil action may be brought within the remaining period of the statute or within one year, whichever is longer.

If a criminal prosecution is commenced and a grand jury indictment is returned or a grand jury indictment is waived after the period within which a civil action arising out of the same set of facts may be brought, a civil action may be brought within one year of the date of the final judgment or order in the trial court, the date of the final disposition of any direct appeal in state court, or the date on which the time for noting an appeal has expired, whichever date occurs last, but no more than ~~ten~~ 10 years after the date of the crime or two years after the cause of action shall have accrued under § 8.01-249, whichever date occurs last.

Title 64.2 an article numbered 1.1, consisting of sections numbered 64.2-308.1 through 64.2-308.17, relating to elective share of surviving spouse.

[S 181]

Approved March 7, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 55-41, 55-47.01, 64.2-300, 64.2-311, 64.2-317, 64.2-500, 64.2-502, 64.2-556, 64.2-632, 64.2-1805, and 64.2-2022 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Chapter 3 of Title 64.2 an article numbered 1.1, consisting of sections numbered 64.2-308.1 through 64.2-308.17, as follows:

§ 55-41. Conveyance from husband and wife; effect on right of wife or husband.

When a husband and his wife have signed and delivered a writing purporting to convey any estate, real or personal, such writing, whether admitted to record or not, shall (i) if delivered prior to January 1, 1991, operate to convey from the spouse her right of dower or his right of curtesy in the real estate embraced therein, and (ii) if delivered after December 31, 1990, operate to manifest the spouse's written consent or joinder, as contemplated in § 64.2-305 or 64.2-308.9 to the transfer embraced therein. In either case, the writing passes from such spouse and his or her representatives all right, title and interest of every nature which at the date of such writing he or she may have in any estate conveyed thereby as effectually as if he or she were at such date an unmarried person. If, in either case, the writing is a deed conveying a spouse's land, no covenant or warranty therein on behalf of the other spouse joining in the deed shall operate to bind him or her any further than to convey her or his interest in such land, unless it is expressly stated that such spouse enters into such covenant or warranty for the purpose of binding himself or herself personally.

§ 55-47.01. Equitable separate estates abolished.

The estate known as the equitable separate estate no longer exists and any language in any writing, whenever executed, which purports to convey real property to a person as an equitable separate estate has no legal or equitable significance after January 1, 1991, except as provided in § 64.2-301 or 64.2-308.2.

Article 1.

Elective Share of Surviving Spouse of Decedent Dying before January 1, 2017.

§ 64.2-300. Applicability; definitions.

All such insurance policies and other benefits are included in the terms "estate" and "property" notwithstanding the presence of language contained in any statute otherwise providing that neither they nor their proceeds shall be liable to attachment, garnishment, levy, execution, or other legal process or be seized, taken, appropriated, or applied by any legal or equitable process or operation of law or any other such similar language.

Article 1.1.

Elective Share of Surviving Spouse of Decedent Dying on or after January 1, 2017.

§ 64.2-308.1. Applicability; definitions.

A. *The provisions of this article shall apply to determining the elective share of a surviving spouse for decedents dying on or after January 1, 2017.*

B. *As used in this article, unless the context requires a different meaning:*

"Decedent's non-probate transfers to others" means the amounts that are included in the augmented estate under § 64.2-308.6.

"Fractional interest in property held in joint tenancy with the right of survivorship," whether the fractional interest is unilaterally severable or not, means the fraction, the numerator of which is one and the denominator of which, if the decedent was a joint tenant, is one plus the number of joint tenants who survive the decedent and which, if the decedent was not a joint tenant, is the number of joint tenants.

"Marriage," as it relates to a transfer by the decedent during marriage, means any marriage of the decedent to the decedent's surviving spouse.

"Non-adverse party" means a person who does not have a substantial beneficial interest in the trust or other property arrangement that would be adversely affected by the exercise or non-exercise of the power that he possesses respecting the trust or other property arrangement. "Power" or "power of appointment" includes a power to designate the beneficiary of a beneficiary designation.

"Presently exercisable general power of appointment" means a power of appointment under which, at the time in question, the decedent, whether or not he then had the capacity to exercise the power, held a power to create a present or future interest in himself, his creditors, his estate, or creditors of his estate, and includes a power to revoke or invade the principal of a trust or other property arrangement.

"Property" includes values subject to a beneficiary designation.

"Right to income" includes a right to payments under a commercial or private annuity, an annuity trust, a unitrust, or a similar arrangement.

"Transfer," as it relates to a transfer by or of the decedent, includes (i) an exercise or release of a presently exercisable general power of appointment held by the decedent, (ii) a lapse at death of a presently exercisable general power of appointment held by the decedent, and (iii) an exercise, release, or lapse of a general power of appointment that the decedent created in himself and of a power described in subdivision 2 b of § 64.2-308.6 that the decedent conferred on a non-adverse party.

§ 64.2-308.2. Dower or curtesy abolished.

The interests of dower and curtesy are abolished. However, the abolition of dower and curtesy pursuant to this section shall not change or diminish the nature or right of (i) any dower or curtesy interest of a surviving spouse whose dower or curtesy vested prior to January 1, 1991, or (ii) a creditor or other interested third party in any real estate subject to a right of dower or curtesy.

The rights of all such parties, and the procedures for enforcing such rights, shall continue to be governed by the laws in force prior to January 1, 1991.

A. The surviving spouse of a decedent who dies domiciled in this state has a right of election, under the limitations and conditions stated in this article, to take an elective-share amount equal to 50 percent of the value of the marital-property portion of the augmented estate.

B. If the right of election is exercised by or on behalf of the surviving spouse, the surviving spouse's homestead allowance, exempt property, and family allowance, if any, are not charged against but are in addition to the elective-share amount.

C. The right, if any, of the surviving spouse of a decedent who dies domiciled outside this state to take an elective share in property in this state is governed by the law of the decedent's domicile at death.

§ 64.2-308.4. Composition of the augmented estate; marital property portion.

A. 1. The decedent's net probate estate;
2. The decedent's non-probate transfers to others;
3. The decedent's non-probate transfers to the surviving spouse; and
4. The surviving spouse's property and non-probate transfers to others.

§ 64.2-308.5. Decedent's net probate estate.

The value of the augmented estate includes the value of the decedent's probate estate, reduced by funeral and administration expenses (excluding federal or state transfer taxes), homestead allowance, family allowances, exempt property, and enforceable claims.

§ 64.2-308.6. Decedent's non-probate transfers to others.

The value of the augmented estate includes the value of the decedent's non-probate transfers to others, not included under § 64.2-308.5, of any of the following types, in the amount provided respectively for each type of transfer:

1. Property owned or owned in substance by the decedent immediately before death that passed outside probate at the decedent's death. Property included under this category consists of:

a. Property over which the decedent, alone, immediately before death, held a presently exercisable general power of appointment. The amount included is the value of the property subject to the power, to the extent the property passed at the

decedent's death, by exercise, release, lapse, in default, or otherwise, to or for the benefit of any person other than the decedent's estate or surviving spouse.

b. The decedent's fractional interest in property held by the decedent in joint tenancy with the right of survivorship. The amount included is the value of the decedent's fractional interest, to the extent the fractional interest passed by right of survivorship at the decedent's death to a surviving joint tenant other than the decedent's surviving spouse.

c. The decedent's ownership interest in property or accounts held in Payable on Death or Transfer on Death designations or co-ownership registration with the right of survivorship. The amount included is the value of the decedent's ownership interest, to the extent the decedent's ownership interest passed at the decedent's death to or for the benefit of any person other than the decedent's estate or surviving spouse.

d. Proceeds of insurance, including accidental death benefits, on the life of the decedent, if the decedent owned the insurance policy immediately before death or if and to the extent the decedent alone and immediately before death held a presently exercisable general power of appointment over the policy or its proceeds. The amount included is the value of the proceeds, to the extent they were payable at the decedent's death to or for the benefit of any person other than the decedent's estate or surviving spouse.

2. Property transferred in any of the following forms by the decedent during marriage:

a. Any irrevocable transfer in which the decedent retained the right to the possession or enjoyment of, or to the income from, the property if and to the extent the decedent's right terminated at or continued beyond the decedent's death. The amount included is the value of the fraction of the property to which the decedent's right related, to the extent the fraction of the property passed outside probate to or for the benefit of any person other than the decedent's estate or surviving spouse.

b. Any transfer in which the decedent created a power over income or property, exercisable by the decedent alone or in conjunction with any other person, or exercisable by a non-adverse party, to or for the benefit of the decedent, creditors of the decedent, the decedent's estate, or creditors of the decedent's estate. The amount included with respect to a power over property is the value of the property subject to the power; and the amount included with respect to a power over income is the value of the property that produces or produced the income, to the extent the power in either case was exercisable at the decedent's death to or for the benefit of any person other than the decedent's surviving spouse or to the extent the property passed at the decedent's death, by exercise, release, lapse, in default, or otherwise, to or for the benefit of any person other than the decedent's estate or surviving spouse. If the power is a power over both income and property and the preceding sentence produces different amounts, the amount included is the greater amount.

3. Property that passed during marriage and during the two-year period next preceding the decedent's death as a result of a transfer by the decedent if the transfer was of any of the following types:

a. Any property that passed as a result of the termination of a right or interest in, or power over, property that would have been included in the augmented estate under subdivision 1 a, b, or c, or under subdivision 2, if the right, interest, or power had not terminated until the decedent's death. The amount included is the value of the property that would have been included under those subdivisions if the property were valued at the time the right, interest, or power terminated, and is included only to the extent the property passed upon termination to or for the benefit of any person other than the decedent or the decedent's estate, spouse, or surviving spouse. As used in this subdivision, "termination," with respect to a right or interest in property, occurs when the right or interest terminated by the terms of the governing instrument or the decedent transferred or relinquished the right or interest, and, with respect to a power over property, occurs when the power terminated by exercise, release, lapse, default, or otherwise, but, with respect to a power described in subdivision 1 a, "termination" occurs when the power terminated by exercise or release, but not otherwise.

b. Any transfer of or relating to an insurance policy on the life of the decedent if the proceeds would have been included in the augmented estate under subdivision 1 d had the transfer not occurred. The amount included is the value of the insurance proceeds to the extent the proceeds were payable at the decedent's death to or for the benefit of any person other than the decedent's estate or surviving spouse.

c. Any transfer of property, to the extent not otherwise included in the augmented estate, made to or for the benefit of a person other than the decedent's surviving spouse. The amount included is the value of the transferred property to the extent the transfers to any one donee in either of the two years next preceding the date of the decedent's death exceeded the amount excludable from taxable gifts under 26 U.S.C. § 2503(b), or its successor, on the date of the gift.

§ 64.2-308.7. Decedent's non-probate transfers to the surviving spouse.

Excluding property passing to the surviving spouse under the federal social security system, the value of the augmented estate includes the value of the decedent's non-probate transfers to the decedent's surviving spouse, which consist of all property that passed outside probate at the decedent's death from the decedent to the surviving spouse by reason of the decedent's death, including:

1. The decedent's fractional interest in property held as a joint tenant with the right of survivorship, to the extent that the decedent's fractional interest passed to the surviving spouse as surviving joint tenant;

2. The decedent's ownership interest in property or accounts held in co-ownership registration with the right of survivorship, or with Payable on Death or Transfer on Death designations to the extent the decedent's ownership interest passed to the surviving spouse as surviving co-owner; and

3. All other property that would have been included in the augmented estate under subdivision 1 or 2 of § 64.2-308.6 had it passed to or for the benefit of a person other than the decedent's spouse, surviving spouse, the decedent, or the decedent's creditors, estate, or estate creditors.

§ 64.2-308.8. Surviving spouse's property and non-probate transfers to others.

A. Except to the extent included in the augmented estate under § 64.2-308.5 or 64.2-308.7, the value of the augmented estate includes the value of:

1. Property that was owned by the decedent's surviving spouse at the decedent's death, including:

a. The surviving spouse's fractional interest in property held in joint tenancy with the right of survivorship;

b. The surviving spouse's ownership interest in property or accounts held in co-ownership registration with the right of survivorship; and

c. Property that passed to the surviving spouse by reason of the decedent's death, but not including the spouse's right to homestead allowance, family allowance, exempt property, or payments under the federal social security system.

2. Property that would have been included in the surviving spouse's non-probate transfers to others, other than the spouse's fractional and ownership interests included under subdivision 1 a or b, had the spouse been the decedent.

B. Property included under this section is valued at the decedent's death, taking the fact that the decedent predeceased the spouse into account, but, for purposes of subdivision A 1 a or b, the values of the spouse's fractional and ownership interests are determined immediately before the decedent's death if the decedent was then a joint tenant or a co-owner of the property or accounts. For purposes of subdivision A 2, proceeds of insurance that would have been included in the spouse's non-probate transfers to others under subdivision 1 d of § 64.2-308.6 are not valued as if the spouse were deceased.

C. The value of property included under this section is reduced by enforceable claims against the surviving spouse.

§ 64.2-308.9. Exclusions, valuation, and overlapping application.

A. The value of any property is excluded from the decedent's non-probate transfers to others:

1. To the extent the decedent received adequate and full consideration in money or money's worth for a transfer of the property; or

2. If the property was transferred with the written joinder of, or if the transfer was consented to in writing before or after the transfer by, the surviving spouse.

B. 1. The value of any property otherwise included under § 64.2-308.5 or 64.2-308.6, and its income or proceeds, is excluded from the decedent's net probate estate and non-probate transfers to others to the extent such property was transferred to or for the benefit of the decedent, before or during the marriage to the surviving spouse, by gift, will, transfer in trust, intestate succession, or any other method or form of transfer to the extent it was (i) transferred without full consideration in money or money's worth from a person other than the surviving spouse and (ii) maintained by the decedent as separate property.

2. The value of any property otherwise included under § 64.2-308.8, and its income or proceeds, is excluded from the surviving spouse's property and non-probate transfers to others to the extent such property was transferred to or for the benefit of the surviving spouse, before or during the marriage to the decedent, by gift, will, transfer in trust, intestate succession, or any other method or form of transfer to the extent it was (i) transferred without full consideration in money or money's worth from a person other than the decedent and (ii) maintained by the surviving spouse as separate property.

C. 1. The value of property:

1. Included in the augmented estate under § 64.2-308.5, 64.2-308.6, 64.2-308.7, or 64.2-308.8 is reduced in each category by enforceable claims against the included property; and

2. Includes the commuted value of any present or future interest and the commuted value of amounts payable under any trust, life insurance settlement option, annuity contract, public or private pension, disability compensation, death benefit or retirement plan, or any similar arrangement, exclusive of the federal social security system. Except as provided herein for interests passing to a surviving spouse, life estates and remainder interests are valued in the manner prescribed in Article 2 (§ 55-269.1 et seq.) of Chapter 15 of Title 55 and deferred payments and estates for years are discounted to present value using the interest rate specified in § 55-269.1. In valuing partial and contingent interests passing to the surviving spouse, and beneficial interests in trust, the following special rules apply:

a. The value of the beneficial interest of a spouse shall be the entire fair market value of any property held in trust if the decedent was the settlor of the trust, if the trust is held for the exclusive benefit of the surviving spouse during the surviving spouse's lifetime, and if the terms of the trust meet the following requirements:

(1) During the lifetime of the surviving spouse, the trust is controlled by the surviving spouse or one or more trustees who are non-adverse parties;

(2) The trustee shall distribute to or for the benefit of the surviving spouse the entire net income of the trust at least annually;

(3) The trustee is permitted to distribute to or for the benefit of the surviving spouse out of the principal of the trust such amounts and at such times as the trustee, in its discretion, determines for the health, maintenance, and support of the surviving spouse; and

(4) In exercising discretion, the trustee may be authorized or required to take into consideration all other income assets and other means of support available to the surviving spouse.

b. To the extent that the partial or contingent interest is dependent upon the occurrence of any contingency that is not subject to the control of the surviving spouse and that is not subject to valuation by reference to the mortality and annuity tables set forth in §§ 55-271 through 55-277, the contingency will be conclusively presumed to result in the lowest possible value passing to the surviving spouse.

c. To the extent that the valuation of a partial or contingent interest is dependent upon the life expectancy of the surviving spouse, that life expectancy shall be conclusively presumed to be no less than 10 years, regardless of the actual attained age of the surviving spouse at the decedent's death.

D. In case of overlapping application to the same property of the subsections or subdivisions of § 64.2-308.6, 64.2-308.7, or 64.2-308.8, the property is included in the augmented estate under the provision yielding the greatest value, and under only one overlapping provision if they all yield the same value.

§ 64.2-308.10. Sources from which elective share payable.

A. In a proceeding for an elective share, the following are applied first to satisfy the elective-share amount and to reduce or eliminate any contributions due from the decedent's probate estate and recipients of the decedent's non-probate transfers to others:

1. The value of property excluded from the augmented estate under subsection A of § 64.2-308.9, which passes or has passed to the surviving spouse;

2. Amounts included in the augmented estate under § 64.2-308.5 that pass or have passed to the surviving spouse by testate or intestate succession and amounts included in the augmented estate under § 64.2-308.7; and

3. The marital property portion of amounts included in the augmented estate under § 64.2-308.8.

B. The marital property portion under subdivision A 3 is computed by multiplying the value of the amounts included in the augmented estate under § 64.2-308.8 by the percentage of the augmented estate set forth in the schedule in subsection B of § 64.2-308.4 appropriate to the length of time the spouse and the decedent were married to each other.

C. If, after the application of subsection A, the elective share amount is not fully satisfied, amounts included in the decedent's net probate estate, other than assets passing to the surviving spouse by testate or intestate succession, and in the decedent's non-probate transfers to others under subdivisions 1, 2, and 3 b of § 64.2-308.6 are applied first to satisfy the unsatisfied balance of the elective share amount. The decedent's net probate estate and that portion of the decedent's non-probate transfers to others are so applied that liability for the unsatisfied balance of the elective share amount is apportioned among the recipients of the decedent's net probate estate and of that portion of the decedent's non-probate transfers to others in proportion to the value of their interests therein.

D. If, after the application of subsections A and C, the elective share amount is not fully satisfied, the remaining portion of the decedent's non-probate transfers to others is so applied that liability for the unsatisfied balance of the elective share amount is apportioned among the recipients of the remaining portion of the decedent's non-probate transfers to others in proportion to the value of their interests therein.

E. The unsatisfied balance of the elective share amount as determined under subsection C or D is treated as a general pecuniary bequest.

§ 64.2-308.11. Personal liability of recipients.

A. Only original recipients of the decedent's non-probate transfers to others, and the donees of the recipients of the decedent's non-probate transfers to others, to the extent the donees have the property or its proceeds, are liable to make a proportional contribution toward satisfaction of the surviving spouse's elective share amount. A person liable to make contribution may choose to give up the proportional part of the decedent's non-probate transfers to him or to pay the value of the amount for which he is liable in cash, or, upon agreement of the surviving spouse, other property.

B. If any section or part of any section of this article is preempted by federal law with respect to a payment, an item of property, or any other benefit included in the decedent's non-probate transfers to others, a person who, not for value, receives the payment, item of property, or any other benefit is obligated to return the payment, item of property, or benefit, or is personally liable for the amount of the payment or the value of that item of property or benefit, as provided in § 64.2-308.10, to the person who would have been entitled to it were that section or part of that section not preempted.

§ 64.2-308.12. Proceeding for elective share; time limit.

A. The election by the surviving spouse of a decedent who dies domiciled in the Commonwealth must be made no later than six months after the later of (i) the time of the admission of the decedent's will to probate or (ii) the qualification of an administrator on the decedent's intestate estate, by a writing recorded in the court or the clerk's office thereof, upon such acknowledgment or proof as would authorize a writing to be admitted to record under Chapter 6 (§ 55-106 et seq.) of Title 55. The clerk shall record such election in the will book of the court. A copy of such election shall be provided to the personal representative, if any, by regular U.S. mail or hand delivery within 30 days of filing.

B. The surviving spouse must file the complaint to determine the elective share no later than six months after the filing of the election as set forth in subsection A. No later than 30 days after the filing of the complaint, the surviving spouse must provide a copy of the complaint to all known persons interested in the estate and to the distributees and recipients of portions of the augmented estate whose interests will be adversely affected by the taking of the elective share. The decedent's non-probate transfers to others are not included within the augmented estate for the purpose of computing the elective share if the complaint is filed more than 12 months after the decedent's death.

C. Notwithstanding the provisions of § 8.01-380, the election for an elective share may be withdrawn by the surviving spouse at any time before entry of a final determination by the court and such election shall be extinguished.

D. After notice and hearing, the court shall determine the elective share amount, and shall order its payment from the assets of the augmented estate or by contribution as appears appropriate under §§ 64.2-308.10 and 64.2-308.11. If it appears that a fund or property included in the augmented estate has not come into the possession of the personal representative, or has been distributed by the personal representative, the court nevertheless shall fix the liability of any

person who has any interest in the fund or property or who has possession thereof, whether as trustee or otherwise. The proceeding may be maintained against fewer than all persons against whom relief could be sought, but no person is subject to contribution in any greater amount than such person would have been under §§ 64.2-308.10 and 64.2-308.11 had relief been secured against all persons subject to contribution.

E. An order or judgment of the court may be enforced as necessary in suit for contribution or payment in other courts of this state or other jurisdictions.

§ 64.2-308.13. Right of election personal to surviving spouse; incapacitated surviving spouse.

A. The right of election may be exercised only by or on behalf of a surviving spouse who is living when the election for the elective share is filed in the court under subsection A of § 64.2-308.12. If the election is not made by the surviving spouse personally, it may be made on the surviving spouse's behalf by his or her conservator or agent under the authority of a durable power of attorney.

B. If the election is made on behalf of a surviving spouse who is an incapacitated person, and the court enters an order determining the amounts due to the surviving spouse, the court must set aside that portion of the elective share amount due from the decedent's probate estate and recipients of the decedent's non-probate transfers to others under subsections C and D of § 64.2-308.10 and must appoint a trustee to administer that property for the support of the surviving spouse. For the purposes of this subsection, an election on behalf of a surviving spouse by a conservator or agent under a durable power of attorney is presumed to be on behalf of a surviving spouse who is an incapacitated person. The trustee must administer the trust in accordance with the following terms or such other terms as the court determines appropriate:

1. Expenditures of income and principal may be made in the manner, when, and to the extent that the trustee determines suitable and proper for the surviving spouse's support, without court order but with regard to other support, income, and property of the surviving spouse and benefits of medical or other forms of assistance from any state or federal government or governmental agency for which the surviving spouse must qualify on the basis of need.

2. During the surviving spouse's incapacity, neither the surviving spouse nor anyone acting on behalf of the surviving spouse has a power to terminate the trust; but if the surviving spouse regains capacity, the surviving spouse then acquires the power to terminate the trust and acquire full ownership of the trust property free of trust, by delivering to the trustee a writing signed by the surviving spouse declaring the termination.

3. Upon the surviving spouse's death, the trustee shall transfer the unexpended trust property in the following order: (i) under the residuary clause, if any, of the will of the predeceased spouse against whom the elective share was taken, as if that predeceased spouse died immediately after the surviving spouse; or (ii) to the predeceased spouse's heirs under Chapter 2 (§ 64.2-200 et seq.).

4. The trust shall be treated as a testamentary trust subject to the provisions governing testamentary trustees under Title 64.2.

§ 64.2-308.14. Waiver of right to elect and of other rights; defenses.

A. The right of election of a surviving spouse and the rights of the surviving spouse to homestead allowance, exempt property, and family allowance, or any of them, may be waived, wholly or partially, before or after marriage, by a written contract, agreement, or waiver signed by the surviving spouse.

B. A surviving spouse's waiver is not enforceable if the surviving spouse proves that:

1. The waiver was not executed voluntarily; or
2. The waiver was unconscionable when it was executed and before execution of the waiver because:
 - a. A fair and reasonable disclosure of the property or financial obligations of the decedent was not provided;
 - b. Any right to disclosure of the property or financial obligations of the decedent beyond the disclosure provided was not voluntarily and expressly waived, in writing; and
 - c. The surviving spouse did not have, or reasonably could not have had, an adequate knowledge of the property or financial obligations of the decedent.

C. An issue of unconscionability of a waiver is for decision by the court as a matter of law.

D. Unless it provides to the contrary, a waiver of all rights, or equivalent language, in the property or estate of a present or prospective spouse or a complete property settlement entered into after or in anticipation of separation or divorce is a waiver of all rights of elective share, homestead allowance, exempt property, and family allowance by each spouse in the property of the other and a renunciation by each of all benefits that would otherwise pass to one spouse from the other by intestate succession or by virtue of any will executed before the waiver or property settlement.

E. If a spouse willfully deserts or abandons the other spouse and such desertion or abandonment continues until the death of the other spouse, the party who deserted or abandoned the deceased spouse shall be barred of all interest in the decedent's estate by intestate succession, elective share, exempt property, family allowance, and homestead allowance.

§ 64.2-308.15. Protection of payors and other third parties.

A. Although under § 64.2-308.6 a payment, item of property, or other benefit is included in the decedent's non-probate transfers to others, a payor or other third party is not liable for having made a payment or transferred an item of property or other benefit to a beneficiary designated in a governing instrument, or for having taken any other action in good faith reliance on the validity of a governing instrument, upon request and satisfactory proof of the decedent's death, before the payor or other third party received written notice from the surviving spouse or spouse's representative as required by § 64.2-308.12, that a complaint for the elective share has been filed. A payor or other third party is liable for payments

made or other actions taken after the payor or other third party received written notice that a complaint for the elective share has been filed.

B. A written notice that a complaint for the elective share has been filed must be mailed to the payor's or other third party's main office or home by registered or certified mail, return receipt requested, or served upon the payor or other third party in the same manner as a summons in a civil action. Upon receipt of written notice that a complaint for the elective share has been filed, a payor or other third party may pay any amount owed or transfer or deposit any item of property held by it to or with the court having jurisdiction of the probate proceedings relating to the decedent's estate. The court shall hold the funds or item of property, and, upon its determination under subsection D of § 64.2-308.12, shall order disbursement in accordance with the determination. If no complaint is filed in the court within the specified time under subsection A of § 64.2-308.12 or, if filed, the election for an elective share is withdrawn under subsection C of § 64.2-308.12, the court shall order disbursement to the designated beneficiary. Payments or transfers to the court or deposits made into court discharge the payor or other third party from all claims for amounts so paid or the value of property so transferred or deposited.

C. Upon complaint to the probate court by the beneficiary designated in a governing instrument, the court may order that all or part of the property be paid to the beneficiary in an amount and subject to conditions consistent with this article.

§ 64.2-308.16. Rights in family residence.

Until the surviving spouse's rights in the principal family residence have been determined and satisfied by an agreement between the parties or a final court decree, in cases (i) where the principal family residence passes under the provisions of § 64.2-200 and the decedent is survived by children or their descendants, one or more of whom are not children or their descendants of the surviving spouse, or (ii) where the surviving spouse claims an elective share in the decedent's augmented estate under this article, the surviving spouse may hold, occupy, and enjoy the principal family residence and curtilage without charge for rent, repairs, taxes, or insurance. If the surviving spouse is deprived of possession of the principal family residence and curtilage, upon the filing of a complaint for unlawful entry or detainer, he is entitled to recover possession of such residence and damages sustained by him by reason of such deprivation during the time he was so deprived. Nothing in this section shall be construed to impair the lien or delay the enforcement of such lien of the Commonwealth or any locality for the taxes assessed upon the property.

§ 64.2-308.17. Statutory rights barred by desertion or abandonment.

If a parent willfully deserts or abandons his minor or incapacitated child and such desertion or abandonment continues until the death of the child, the parent shall be barred of all interest in the child's estate by intestate succession.

§ 64.2-311. Homestead allowance.

A. In addition to any other right or allowance under this article, a surviving spouse of a decedent who was domiciled in the Commonwealth is entitled to a homestead allowance of \$20,000. If there is no surviving spouse, each minor child of the decedent is entitled to a homestead allowance amounting to \$20,000, divided by the number of minor children.

B. The homestead allowance has priority over all claims against the estate, except the family allowance and the right to exempt property.

C. The homestead allowance is in lieu of any share passing to the surviving spouse or minor children by the decedent's will or by intestate succession; provided, however, if the amount passing to the surviving spouse and minor children by the decedent's will or by intestate succession is less than \$20,000, then the surviving spouse or minor children are entitled to a homestead allowance in an amount that when added to the property passing to the surviving spouse and minor children by the decedent's will or by intestate succession, equals the sum of \$20,000.

D. If the surviving spouse claims and receives an elective share of the decedent's estate under §§ 64.2-302 through 64.2-307 or Article 1.1 (§ 64.2-308.1 et seq.), as applicable, the surviving spouse shall not have the benefit of any homestead allowance.

§ 64.2-317. Disposition upon death.

Upon death of a married person, one-half of the property to which this article applies is the property of the surviving spouse and is not subject to testamentary disposition by the decedent or distribution under the laws of intestate succession of the Commonwealth. One-half of that property is the property of the decedent and is subject to testamentary disposition or distribution under the laws of intestate succession of the Commonwealth. With respect to property to which this article applies, the decedent's one-half of the property is not subject to the surviving spouse's right to an elective share under § 64.2-302 or Article 1.1 (§ 64.2-308.1 et seq.), as applicable.

§ 64.2-500. Grant of administration with the will annexed.

A. If the will does not name an executor, or the executor named refuses to accept, fails to give bond, or dies, resigns, or is removed from office, the court or clerk may grant administration with the will annexed to a person who is a residual or substantial legatee under the will, or his designee, or if such person fails to apply for administration within 30 days, to a person who would have been entitled to administration if there had been no will.

B. Administration shall not be granted to any person unless he takes the required oath and gives bond, and the court or clerk is satisfied that he is suitable and competent to perform the duties of his office. Administration shall not be granted to any person under a disability as defined in § 8.01-2.

C. If any beneficiary of the estate objects, a spouse or parent who has been barred from all interest in the estate because of desertion or abandonment as provided under § 64.2-308 or 64.2-308.17, as applicable, may not serve as an administrator of the estate.

§ 64.2-502. Grant of administration of intestate estate.

A. The court or the clerk who would have jurisdiction as to the probate of a will, if there were a will, has jurisdiction to hear and determine the right of administration of the estate in the case of a person dying intestate. Administration shall be granted as follows:

1. During the first 30 days following the decedent's death, the court or the clerk may grant administration to a sole distributee, or his designee, or in the absence of a sole distributee, to any distributee, or his designee, who presents written waivers of the right to qualify from all other competent distributees.

2. After 30 days have passed since the decedent's death, the court or the clerk may grant administration to the first distributee, or his designee, who applies, provided, that if, during the first 30 days following the decedent's death, more than one distributee notifies the court or the clerk of an intent to qualify after the 30-day period has elapsed, the court or the clerk shall not grant administration to any distributee, or his designee, until the court or the clerk has given all such distributees an opportunity to be heard.

3. After 45 days have passed since the decedent's death, the court or the clerk may grant administration to any nonprofit charitable organization that operated as a conservator or guardian for the decedent at the time of his death if such organization certifies that it has made a diligent search to find an address for any sole distributee and has sent notice by certified mail to the last known address of any such distributee of its intention to apply for administration at least 30 days before such application, or, that it has not been able to find any address for such distributee. However, if, during the first 45 days following the decedent's death, any distributee notifies the court or the clerk of an intent to qualify after the 45-day period has elapsed, the court or the clerk shall not grant administration to any such organization until the court or the clerk has given all such distributees an opportunity to be heard. Qualification of such nonprofit charitable organization is not subject to challenge on account of the failure to make the certification required by this subdivision.

4. After 60 days have passed since the decedent's death, the court or the clerk may grant administration to one or more of the creditors or to any other person, provided such creditor or person other than a distributee certifies that he has made a diligent search to find an address for any sole distributee and has sent notice by certified mail to the last known address of any such distributee of his intention to apply for administration at least 30 days before such application, or that he has not been able to find any address for such distributee. Qualification of a creditor or person other than a distributee is not subject to challenge on account of the failure to make the certification required by this subdivision.

B. When granting administration, if the court determines that it is in the best interests of a decedent's estate, the court may depart from the provisions of this section at any time and grant administration to such person as the court deems appropriate.

C. The court or clerk may admit to probate a will of the decedent after a grant of administration. If administration has been granted to a creditor or person other than a distributee, the court or clerk may grant administration to a distributee who applies for administration and who has not previously been refused administration after reasonable notice has been given to such creditor or other person previously granted administration. Admission of a will to probate or the grant of administration pursuant to this subsection terminates any previous grant of administration.

D. The court or clerk shall not grant administration to any person unless satisfied that he is suitable and competent to perform the duties of his office. The clerk shall require such person to sign under oath that such person is not under a disability as defined in § 8.01-2 or, regardless of whether his civil rights have been restored, has not been convicted of a felony offense of (i) fraud or misrepresentation or (ii) robbery, extortion, burglary, larceny, embezzlement, fraudulent conversion, perjury, bribery, treason, or racketeering. However, if the person convicted of such felony offense is the sole distributee of the estate, then the court or clerk may grant administration to such person if he is otherwise suitable and competent to perform the duties of his office.

E. If any beneficiary of the estate objects, a spouse or parent who has been barred from all interest in the estate because of desertion or abandonment as provided under § 64.2-308 or 64.2-308.17, as applicable, may not serve as an administrator of the estate of the deceased spouse or child.

§ 64.2-556. Order to creditors to show cause against distribution of estate to legatees or distributees; liability of legatees or distributees to refund.

A. When a report of the accounts of any personal representative and of the debts and demands against the decedent's estate has been filed in the office of a clerk of a court, whether under §§ 64.2-550 and 64.2-551 or in a civil action, the court, after six months from the qualification of the personal representative, may, on motion of the personal representative, or a successor or substitute personal representative, or on motion of a legatee or distributee of the decedent, enter an order for the creditors and all other persons interested in the estate of the decedent to show cause on the day named in the order against the payment and delivery of the estate of the decedent to his legatees or distributees. A copy of the order shall be published once a week for two successive weeks, in one or more newspapers, as the court directs; the costs of such publication shall be paid by the petitioner or applicant. On or after the day named in the order, the court may order the payment and delivery to the legatees or distributees of the whole or a part of the money and other estate not before distributed, with or without a refunding bond, as it prescribes. However, every legatee or distributee to whom any such payment or delivery is made, and his representatives, may, in a suit brought against him within five years after such payment or delivery is made, be adjudged to refund a due proportion of any claims enforceable against the decedent or his estate that have been finally allowed by the commissioner of accounts or the court, or that were not presented to the commissioner of accounts, and the costs of the recovery of such claim. In the event any claim becomes known to the fiduciary after the notice for debts and demands but

prior to the entry of an order of distribution, the claimant, if the claim is disputed, shall be given notice in the form provided in § 64.2-550 and the order of distribution shall not be entered until after expiration of 10 days from the giving of such notice. If the claimant, within such 10-day period, indicates his desire to pursue the claim, the commissioner of accounts shall schedule a date for hearing the claim and for reporting thereon if action thereon is contemplated under § 64.2-550.

B. Any personal representative who has in good faith complied with the provisions of this section and has, in compliance with or, as subsequently approved by, the order of the court, paid and delivered the money or other estate in his possession to any party that the court has adjudged entitled thereto shall not be liable for any demands of creditors and all other persons.

C. Any personal representative who has in good faith complied with the provisions of this section and has, in compliance with, or as subsequently approved by, the order of the court, paid and delivered the money or other estate in his possession to any party that the court has adjudged entitled thereto, even if such distribution shall be prior to the expiration of the period of one year provided in § 64.2-302, *Article 1.1* (§ 64.2-308.1 *et seq.*) of Chapter 3, or § 64.2-313, 64.2-448, or 64.2-457, shall not be liable for any demands of spouses, persons seeking to impeach the will or establish another will, or purchasers of real estate from the personal representative, provided that the personal representative has contacted any surviving spouse known to it having rights of renunciation and ascertained that the surviving spouse had no plan to renounce the will, such intent to be stated in writing in the case of renunciation under § 64.2-302 or *Article 1.1* (§ 64.2-308.1 *et seq.*) of Chapter 3, as applicable, and that the personal representative has not been notified in writing of any person's intent to impeach the will or establish a later will in the case of persons claiming under § 64.2-448 or 64.2-457 or under a later will.

D. In the case of such distribution prior to the expiration of such one-year period, the personal representative shall take refunding bonds, without surety, to the next of kin or legatees to whom distribution is made, to protect against the contingencies specified in this section.

§ 64.2-632. Effect of transfer on death deed at transferor's death.

A. Except as otherwise provided in the transfer on death deed, in this section, in § 64.2-302 or *Article 1.1* (§ 64.2-308.1 *et seq.*) of Chapter 3, as applicable, or in Chapter 22 (§ 64.2-2200 *et seq.*) or 25 (§ 64.2-2500 *et seq.*), on the death of the transferor, the following rules apply to property that is the subject of a transfer on death deed and owned by the transferor at death:

1. Subject to subdivision 2, the interest in the property is transferred to and vests in the designated beneficiary at the death of the transferor in accordance with the deed.

2. The interest of a designated beneficiary is contingent on the designated beneficiary surviving the transferor. The interest of a designated beneficiary that fails to survive the transferor lapses.

3. Subject to subdivision 4, concurrent interests are transferred to the beneficiaries in equal and undivided shares with no right of survivorship.

4. If the transferor has identified two or more designated beneficiaries to receive concurrent interests in the property, the share of one that lapses or fails for any reason is transferred to the other, or to the others in proportion to the interest of each in the remaining part of the property held concurrently.

5. If, after making a transfer on death deed, the transferor is divorced a vinculo matrimonii or his marriage is annulled, the divorce or annulment revokes any transfer to a former spouse as designated beneficiary unless the transfer on death deed expressly provides otherwise.

B. Subject to Chapter 6 (§ 55-106 *et seq.*) of Title 55, a beneficiary takes the property subject to all conveyances, encumbrances, assignments, contracts, mortgages, liens, and other interests to which the property is subject at the transferor's death. For purposes of this subsection and Chapter 6 (§ 55-106 *et seq.*) of Title 55, the transfer and conveyance of the property subject to the transfer on death deed shall be deemed to be effective at the transferor's death.

C. If a transferor is a joint owner and is:

1. Survived by one or more other joint owners, the property that is the subject of a transfer on death deed belongs to the surviving joint owner or owners with right of survivorship but remains subject to the naming of the designated beneficiary in the transfer on death deed; or

2. The last surviving joint owner, the transfer on death deed is effective.

D. A transfer on death deed transfers property without covenant or warranty of title even if the deed contains a contrary provision.

§ 64.2-1805. Powers of guardian.

A. Whether appointed by a parent, the circuit court, or the circuit court clerk, a guardian of a ward's estate shall have the powers set forth in § 64.2-105 as of the date the guardian acts. A guardian of a ward's estate shall also have the following powers:

1. To ratify or reject a contract entered into by the ward;

2. To pay any sum distributable for the benefit of the ward by paying the sum directly to the ward, to the provider of goods and services that have been furnished to the ward, to any individual or facility that is responsible for or has assumed responsibility for care and custody of the ward, or to a ward's custodian under a Uniform Transfers to Minors Act, Uniform Gifts to Minors Act, or comparable law of any applicable jurisdiction;

3. To maintain life, health, casualty, and liability insurance for the benefit of the ward;

4. To manage the estate following the termination of the guardianship until its delivery to the ward or successors in interest;

5. To execute and deliver all instruments and to take all other actions that will serve the best interests of the ward;

6. To initiate a proceeding to seek a divorce or to make an augmented estate election under § 64.2-302 *or* 64.2-308.13, *as applicable*; and

7. To borrow money for such periods of time and upon such terms and conditions as to rates, maturities, renewals, and security as the guardian deems advisable, including the power to borrow from the guardian, if the guardian is a bank, for any purpose; to mortgage or pledge such portion of the ward's personal estate, and real estate subject to subsection B, as may be required to secure such loan or loans; and, as maker or endorser, to renew existing loans.

B. A guardian may exercise the powers set forth in subsection A without prior authorization, except that the court or the commissioner of accounts, if a guardian is appointed other than by the court, may impose requirements to be satisfied by the guardian prior to the conveyance of any interest in real estate, including (i) increasing the amount of the guardian's bond, (ii) securing an appraisal of the real estate or interest, (iii) giving notice to interested parties as the court or commissioner deems proper, and (iv) consulting with the commissioner of accounts.

1. If the court or commissioner of accounts imposes any requirements under this subsection, the guardian shall make a report of his compliance with each requirement, which shall be filed with the commissioner of accounts. Upon receipt of the guardian's report, the commissioner of accounts shall file promptly a report with the court stating whether the requirements imposed have been met and whether the conveyance is otherwise consistent with the guardian's duties. The conveyance shall not be closed until a report by the commissioner of accounts is filed with the court and confirmed as provided in §§ 64.2-1212, 64.2-1213, and 64.2-1214.

2. If the commissioner of accounts does not impose any requirements under this subsection, he shall, upon request of the guardian of the minor, issue a notarized statement providing that "The Commissioner of Accounts has declined to impose any requirements upon the power of (name of guardian), Guardian of (name of minor), to convey the following real estate of the minor: (property identification)." CHAPTER 276

An Act to amend and reenact § 56-46.1 of the Code of Virginia, relating to State Corporation Commission; approval of electrical transmission lines; hearing.

[H 283]

Approved March 7, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 56-46.1 of the Code of Virginia is amended and reenacted as follows:

§ 56-46.1. Commission to consider environmental, economic and improvements in service reliability factors in approving construction of electrical utility facilities; approval required for construction of certain electrical transmission lines; notice and hearings.

A. Whenever the Commission is required to approve the construction of any electrical utility facility, it shall give consideration to the effect of that facility on the environment and establish such conditions as may be desirable or necessary to minimize adverse environmental impact. In order to avoid duplication of governmental activities, any valid permit or approval required for an electric generating plant and associated facilities issued or granted by a federal, state or local governmental entity charged by law with responsibility for issuing permits or approvals regulating environmental impact and mitigation of adverse environmental impact or for other specific public interest issues such as building codes, transportation plans, and public safety, whether such permit or approval is granted prior to or after the Commission's decision, shall be deemed to satisfy the requirements of this section with respect to all matters that (i) are governed by the permit or approval or (ii) are within the authority of, and were considered by, the governmental entity in issuing such permit or approval, and the Commission shall impose no additional conditions with respect to such matters. Nothing in this section shall affect the ability of the Commission to keep the record of a case open. Nothing in this section shall affect any right to appeal such permits or approvals in accordance with applicable law. In the case of a proposed facility located in a region that was designated as of July 1, 2001, as serious nonattainment for the one-hour ozone standard as set forth in the federal Clean Air Act, the Commission shall not issue a decision approving such proposed facility that is conditioned upon issuance of any environmental permit or approval. In every proceeding under this subsection, the Commission shall receive and give consideration to all reports that relate to the proposed facility by state agencies concerned with environmental protection; and if requested by any county or municipality in which the facility is proposed to be built, to local comprehensive plans that have been adopted pursuant to Article 3 (§ 15.2-2223 et seq.) of Chapter 22 of Title 15.2. Additionally, the Commission (a) shall consider the effect of the proposed facility on economic development within the Commonwealth, including but not limited to furtherance of the economic and job creation objectives of the Commonwealth Energy Policy set forth in §§ 67-101 and 67-102, and (b) shall consider any improvements in service reliability that may result from the construction of such facility.

B. Subject to the provisions of subsection J, no electrical transmission line of 138 kilovolts or more shall be constructed unless the State Corporation Commission shall, after at least 30 days' advance notice by (i) publication in a newspaper or newspapers of general circulation in the counties and municipalities through which the line is proposed to be built, (ii) written notice to the governing body of each such county and municipality, and (iii) causing to be sent a copy of the notice by first class mail to all owners of property within the route of the proposed line, as indicated on the map or sketch of the route filed with the Commission, which requirement shall be satisfied by mailing the notice to such persons at such addresses as are indicated in the land books maintained by the commissioner of revenue, director of finance or treasurer of the county or municipality, approve such line. Such notices shall include a written description of the proposed route the line is to follow, as well as a map or sketch of the route including a digital geographic information system (GIS) map provided by the public utility showing the location of the proposed route. The Commission shall make GIS maps provided under this subsection available to the public on the Commission's website. Such notices shall be in addition to the advance notice to the chief administrative officer of the county or municipality required pursuant to § 15.2-2202. As a condition to approval the Commission shall determine that the line is needed and that the corridor or route the line is to follow will reasonably minimize adverse impact on the scenic assets, historic districts and environment of the area concerned. To assist the Commission in this determination, as part of the application for Commission approval of the line, the applicant shall summarize its efforts to reasonably minimize adverse impact on the scenic assets, historic districts, and environment of the area concerned. In making the determinations about need, corridor or route, and method of installation, the Commission shall verify the applicant's load flow modeling, contingency analyses, and reliability needs presented to justify the new line and its proposed method of installation. If the local comprehensive plan of an affected county or municipality designates corridors or routes for electric transmission lines and the line is proposed to be constructed outside such corridors or routes, in any hearing the county or municipality may provide adequate evidence that the existing planned corridors or routes designated in the plan can adequately serve the needs of the company. Additionally, the Commission shall consider, upon the request of the governing body of any county or municipality in which the line is proposed to be constructed, (a) the costs and economic benefits likely to result from requiring the underground placement of the line and (b) any potential impediments to timely construction of the line.

C. If, prior to such approval, any interested party shall request a public hearing, the Commission shall, as soon as reasonably practicable after such request, hold such hearing or hearings at such place as may be designated by the

Commission. In any hearing the public service company shall provide adequate evidence that existing rights-of-way cannot adequately serve the needs of the company.

If, prior to such approval, written requests therefor are received from *the governing body of any county or municipality through which the line is proposed to be built* or from 20 or more interested parties, the Commission shall hold at least one hearing in the area ~~which~~ *that* would be affected by construction of the line, for the purpose of receiving public comment on the proposal. If any hearing is to be held in the area affected, the Commission shall direct that a copy of the transcripts of any previous hearings held in the case be made available for public inspection at a convenient location in the area for a reasonable time before such local hearing.

D. As used in this section, unless the context requires a different meaning:

"Environment" or "environmental" shall be deemed to include in meaning "historic," as well as a consideration of the probable effects of the line on the health and safety of the persons in the area concerned.

"Interested parties" shall include the governing bodies of any counties or municipalities through which the line is proposed to be built, and persons residing or owning property in each such county or municipality.

"Public utility" means a public utility as defined in § 56-265.1.

"Qualifying facilities" means a cogeneration or small power production facility which meets the criteria of 18 C.F.R. Part 292.

"Reasonably accommodate requests to wheel or transmit power" means:

1. That the applicant will make available to new electric generation facilities constructed after January 9, 1991, qualifying facilities and other nonutilities, a minimum of one-fourth of the total megawatts of the additional transmission capacity created by the proposed line, for the purpose of wheeling to public utility purchasers the power generated by such qualifying facilities and other nonutility facilities which are awarded a power purchase contract by a public utility purchaser in compliance with applicable state law or regulations governing bidding or capacity acquisition programs for the purchase of electric capacity from nonutility sources, provided that the obligation of the applicant will extend only to those requests for wheeling service made within the 12 months following certification by the State Corporation Commission of the transmission line and with effective dates for commencement of such service within the 12 months following completion of the transmission line; and

2. That the wheeling service offered by the applicant, pursuant to subdivision D 1, will reasonably further the purposes of the Public Utilities Regulatory Policies Act of 1978 (P. L. 95-617), as demonstrated by submitting to the Commission, with its application for approval of the line, the cost methodologies, terms, conditions, and dispatch and interconnection requirements the applicant intends, subject to any applicable requirements of the Federal Energy Regulatory Commission, to include in its agreements for such wheeling service.

E. In the event that, at any time after the giving of the notice required in subsection B, it appears to the Commission that consideration of a route or routes significantly different from the route described in the notice is desirable, the Commission shall cause notice of the new route or routes to be published and mailed in accordance with subsection B. The Commission shall thereafter comply with the provisions of this section with respect to the new route or routes to the full extent necessary to give *affected localities and* interested parties in the newly affected areas the same protection afforded to *affected localities and* interested parties affected by the route described in the original notice.

F. Approval of a transmission line pursuant to this section shall be deemed to satisfy the requirements of § 15.2-2232 and local zoning ordinances with respect to such transmission line.

G. The Commission shall enter into a memorandum of agreement with the Department of Environmental Quality regarding the coordination of their reviews of the environmental impact of electric generating plants and associated facilities.

H. An applicant that is required to obtain (i) a certificate of public convenience and necessity from the Commission for any electric generating facility, electric transmission line, natural or manufactured gas transmission line as defined in 49 Code of Federal Regulations § 192.3, or natural or manufactured gas storage facility (hereafter, an energy facility) and (ii) an environmental permit for the energy facility that is subject to issuance by any agency or board within the Secretariat of Natural Resources, may request a pre-application planning and review process. In any such request to the Commission or the Secretariat of Natural Resources, the applicant shall identify the proposed energy facility for which it requests the pre-application planning and review process. The Commission, the Department of Environmental Quality, the Marine Resources Commission, the Department of Game and Inland Fisheries, the Department of Historic Resources, the Department of Conservation and Recreation, and other appropriate agencies of the Commonwealth shall participate in the pre-application planning and review process. Participation in such process shall not limit the authority otherwise provided by law to the Commission or other agencies or boards of the Commonwealth. The Commission and other participating agencies of the Commonwealth may invite federal and local governmental entities charged by law with responsibility for issuing permits or approvals to participate in the pre-application planning and review process. Through the pre-application planning and review process, the applicant, the Commission, and other agencies and boards shall identify the potential impacts and approvals that may be required and shall develop a plan that will provide for an efficient and coordinated review of the proposed energy facility. The plan shall include (a) a list of the permits or other approvals likely to be required based on the information available, (b) a specific plan and preliminary schedule for the different reviews, (c) a plan for coordinating those reviews and the related public comment process, and (d) designation of points of contact, either within each agency or for the Commonwealth as a whole, to facilitate this coordination. The plan shall be made readily available to

the public and shall be maintained on a dedicated website to provide current information on the status of each component of the plan and each approval process including opportunities for public comment.

I. The provisions of this section shall not apply to the construction and operation of a small renewable energy project, as defined in § 10.1-1197.5, by a utility regulated pursuant to this title for which the Department of Environmental Quality has issued a permit by rule pursuant to Article 5 (§ 10.1-1197.5 et seq.) of Chapter 11.1 of Title 10.1.

J. Approval under this section shall not be required for any transmission line for which a certificate of public convenience and necessity is not required pursuant to subdivision A of § 56-265.2.

In cases where the Commission has made a determination pursuant to § 38.2-1912 that competition is not an effective regulator of rates for a line or subclassification of insurance, such rates, supplementary rate information, changes and amendments to rates and supplementary rate information for that line or subclassification shall be filed in accordance with and shall be subject to the provisions of § 38.2-1912.

B. F. Except with respect to workers' compensation and employers' liability insurance as defined in § 38.2-119, and notwithstanding the provisions of subdivision A 3 of § 38.2-1904, nothing shall prohibit an insurer from filing with the Commission any rate or supplementary rate information that allows the insurer to limit for its renewal policies (i) any rate increase that would otherwise be applicable to such policies or (ii) any rate decrease that would otherwise be applicable to such policies if the insurer is also limiting any rate increase. Such limitation shall apply for the period of time specified in the insurer's filing. Nothing shall prohibit such limitation from applying to policies (†) (a) acquired by an insurer from another insurer pursuant to a written agreement of acquisition, merger, or sale that transfers all or part of the other insurer's book of business or (††) (b) transferred by an agent from one insurer to another insurer pursuant to an agent book of transfer.

Medical, surgical, and hospital service herein required when ordered by the Commission that is provided to an injured person prior to the transition date, regardless of the date of injury, shall be limited absent a contract providing otherwise, to such charges as prevail in the same community for similar treatment when such treatment is paid for by the injured person ~~and the~~;

2. Fee scheduled medical service provided on or after the transition date, regardless of the date of injury, shall be limited to:

a. The amount provided for the payment for the fee scheduled medical service as set forth in a contract under which the provider has agreed to accept a specified amount in payment for the service provided, which amount may be less than or exceed the maximum amount for the service as set forth in the applicable Virginia fee schedule;

b. In the absence of a contract described in subdivision 2 a, the lesser of the billing amount or the amount for the fee scheduled medical service as set forth in the applicable Virginia fee schedule that is in effect on the date the service is provided, subject to an increase approved by the Commission pursuant to subsection H; or

c. In the absence of (i) a contract described in subdivision 2 a and (ii) a provision in a Virginia fee schedule that sets forth a maximum amount for the medical service on the date it is provided, the maximum amount determined by the Commission as provided in subsection E; and

3. Medical service provided on or after the transition date in the treatment of a traumatic injury or serious burn, regardless of the date of injury, shall be limited to:

a. The amount provided for the payment for the medical service provided for the treatment of the traumatic injury or serious burn as set forth in a contract under which the provider has agreed to accept a specified amount in payment for the service provided, which amount may be less than or exceed the maximum amount for the service calculated pursuant to subdivision 3 b; or

b. In the absence of a contract described in subdivision 3 a, an amount equal to 80 percent of the provider's charge for the service based on the provider's charge master or schedule of fees; however, if the compensability under this title of a claim for traumatic injury or serious burn is contested and after a hearing on the claim on its merits or after abandonment of a defense by the employer or insurance carrier, benefits for medical services are awarded and inure to the benefit of a third-party insurance carrier or health care provider and the Commission awards to the claimant's attorney a fee pursuant to subsection B of § 65.2-714, then the pecuniary liability of the employer for the service provided shall be limited to 100 percent of the provider's charge for the service based on the provider's charge master or schedule of fees.

C. The Commission shall adopt regulations establishing initial Virginia fee schedules for fee scheduled medical services as follows:

1. The Commission's regulations that establish the initial Virginia fee schedules shall be effective on January 1, 2018.

2. Separate initial Virginia fee schedules shall be established for fee scheduled medical services (i) provided by each category of providers of fee scheduled medical services and (ii) within each of the medical communities to reflect the variations among the medical communities as provided in subdivision 3, for each category of providers of fee scheduled medical services.

3. The Virginia fee schedules for each medical community shall reflect variations among medical communities in (i) all reimbursements and other amounts paid to providers for fee scheduled medical services among the medical communities and (ii) the extent to which the number of providers within the various medical communities is adequate to meet the needs of injured workers.

4. In establishing the initial Virginia fee schedules for fee scheduled medical services, the Commission shall establish the maximum fee for each fee scheduled medical service at a level that approximates the reimbursement objective for each category of providers of fee scheduled medical services among the medical communities. The Commission shall retain a firm with nationwide experience and actuarial expertise in the development of workers' compensation fee schedules to assist the Commission in establishing the initial Virginia fee schedules. The Commission shall consult with the regulatory advisory panel established pursuant to subdivision F 2 prior to retaining such firm. Such firm shall be retained to assist the Commission in developing the Virginia fee schedules by recommending a methodology that will provide, at reasonable cost to the Commission, statistically valid estimates of the reimbursement objective for fee scheduled medical services within the medical communities, based on available data or, if the necessary data is not available, by recommending the optimal methodology for obtaining the necessary data. The Commission shall consult with the regulatory advisory panel prior to adopting any such methodology. Such methodology may, but is not required to, be based on applicable codes. The estimates of the reimbursement objective for fee scheduled medical services shall be derived from data on all reimbursements and other amounts paid to providers for fee scheduled medical services provided pursuant to this title during 2014 and 2015, to the extent available.

D. The Commission shall review Virginia fee schedules during the year that follows the transition date and biennially thereafter and, if necessary, adjust the Virginia fee schedules in order to address (i) inflation or deflation as reflected in the medical care component of the Consumer Price Index for All Urban Consumers (CPI-U) for the South as published by the Bureau of Labor Statistics of the U.S. Department of Labor; (ii) access to fee scheduled medical services; (iii) errors in calculations made in preparing the Virginia fee schedules; and (iv) incentives for providers. The Commission shall not adjust a Virginia fee schedule in a manner that reduces fees on an existing schedule unless such a reduction is based on deflation or a finding by the Commission that advances in technology or errors in calculations made in preparing the Virginia fee schedules justify a reduction in fees.

E. The maximum pecuniary liability of the employer for a fee scheduled medical service that is not included in a Virginia fee schedule when it is provided shall be determined by the Commission. The Commission's determination of the employer's maximum pecuniary liability for such fee scheduled medical service shall be effective until the Commission sets a maximum fee for the fee scheduled medical service and incorporates such maximum fee into an adjusted Virginia fee schedule adopted pursuant to subsection D. If the fee scheduled medical service is not included in a Virginia fee schedule because it is:

1. A new type of technology, including an implantable medical device or item of medical equipment, that is supplied by a third party, provided that such technology has been cleared or approved by the federal Food and Drug Administration (FDA) prior to the date of the provision of the medical service, the employer's maximum pecuniary liability shall not exceed 130 percent of the provider's invoiced cost for such device, as evidenced by a copy of the invoice. If the new type of technology has not been cleared or approved by the FDA prior to such date, then the provider shall not be entitled to payment or reimbursement therefor unless the employer or its insurer agree; or

2. A new type of procedure that has not been assigned a billing code, the employer's maximum pecuniary liability shall not exceed 80 percent of the provider's charge for the service based on the provider's charge master or schedule of fees, provided the employer and the provider mutually agree to the provision of such procedure.

F. The Commission shall:

1. Provide public access to information regarding the Virginia fee schedules for medical services, by categories of providers of fee scheduled medical services and for each medical community, through the Commission's website. No information provided on the website shall be provider-specific or disclose or release the identity of any provider; and

2. Utilize a 10-member regulatory advisory panel to assist in the development of regulations adopting initial Virginia fee schedules pursuant to subsection C and in adjusting initial Virginia fee schedules pursuant to subsection D. One member of the regulatory advisory panel shall be selected by the Commission from each of the following: (i) the American Insurance Association; (ii) the Property and Casualty Insurers Association of America; (iii) the Virginia Self-Insurers Association, Inc.; (iv) the Medical Society of Virginia; (v) the Virginia Hospital and Healthcare Association; (vi) a Type One teaching hospital; (vii) the Virginia Orthopaedic Society; (viii) the Virginia Trial Lawyers Association; (ix) a group self-insurance association representing employers; and (x) a local government group self-insurance pool formed under Chapter 27 (§ 15.2-2700 et seq.) of Title 15.2. The Commission shall meet with the regulatory advisory panel and consider the recommendations of its members in its development of the Virginia fee schedules pursuant to subsections C and D.

G. The Commission's retaining of a firm with nationwide experience and actuarial expertise in the development of workers' compensation fee schedules to assist the Commission in developing the Virginia fee schedules pursuant to subsections C and D shall be exempt from the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.), provided the Commission shall issue a request for proposals that requires submission by a bidder of evidence that it satisfies the conditions for eligibility established in this subsection and in subdivision C 4. Records and information relating to payments or reimbursements to providers that is obtained by or furnished to the Commission by such firm or any other person shall (i) be for the exclusive use of the Commission in the course of the Commission's development of fee schedules and related regulations and (ii) shall remain confidential and shall not be subject to the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

H. When the total charges of a hospital or Type One teaching hospital, based on such provider's charge master, for inpatient hospital services covered by a DRG code exceed the charge outlier threshold, then the Commission shall establish the maximum fee for such scheduled inpatient hospital services at an amount equal to the total of (i) the maximum fee for the service as set forth in the applicable fee schedule and (ii) 80 percent of the provider's total charges for the service in excess of the charge outlier threshold. The charge outlier threshold for such services initially shall equal 150 percent of the maximum fee for the service set forth in the applicable fee schedule; however, the Commission, in consultation with the firm retained pursuant to subdivision C 4, is authorized on a biennial basis to decrease such percentage if it finds that the number of such claims for which the total charges of the hospital or Type One teaching hospital exceed the charge outlier threshold is less than five percent or to increase such percentage if such number is greater than 10 percent of all such claims.

I. No provider shall use a different charge master or schedule of fees for any medical service provided under this title than the provider uses for health care services provided to patients who are not claimants under this title.

J. The employer shall not be liable in damages for malpractice by a physician or surgeon furnished by him pursuant to the provisions of § 65.2-603, but the consequences of any such malpractice shall be deemed part of the injury resulting from the accident and shall be compensated for as such.

~~B. K.~~ The Commission shall determine the number and geographic area of communities across the Commonwealth. In establishing the communities, the Commission shall consider the ability to obtain relevant ~~charge~~ data based on geographic area and such other criteria as are consistent with the purposes of this title. *The Commission shall use the communities established pursuant to this subsection in determining charges that prevail in the same community for treatment provided prior to the transition date.*

~~C. L.~~ The pecuniary liability of the employer for treatment ~~pursuant to subsection A~~ of a medical service that is rendered on or after July 1, 2014, by:

1. A nurse practitioner or physician assistant serving as an assistant-at-surgery shall be limited to no more than 20 percent of the reimbursement due ~~under subsection A~~ to the physician performing the surgery; and

2. An assistant surgeon in the same specialty as the primary surgeon shall be limited to no more than 50 percent of the reimbursement due ~~under subsection A~~ to the primary physician performing the surgery.

~~D. M.~~ Multiple procedures completed on a single surgical site associated with a medical, ~~surgical, and hospital services pursuant to subsection A~~ and service rendered on or after July 1, 2014, shall be coded and billed with appropriate ~~Current Procedural Terminology (CPT) codes~~ and modifiers and paid according to the National Correct Coding Initiative (NCCI) rules and the CPT *codes* as in effect at the time the health care was provided to the claimant.

N. The CPT *code* and ~~NCCI National Correct Coding Initiative rules~~, as in effect at the time ~~such health care~~ a medical service was provided to the claimant, shall serve as the basis for processing a health care provider's billing form or itemization for such items as global and comprehensive billing and the unbundling of ~~health care medical services~~. Hospital in-patient ~~health care medical services~~ shall be coded and billed through the International Statistical Classification of Diseases and Related Health Problems (ICD) as in effect at the time the ~~health care medical service~~ was provided to the claimant.

§ 65.2-605.1. Prompt payment; limitation on claims.

A. Payment for health care services that the employer does not contest, deny, or consider incomplete shall be made to the health care provider within 60 days after receipt of each separate itemization of the health care services provided.

B. If the itemization or a portion thereof is contested, denied, or considered incomplete, the employer or the employer's workers' compensation insurance carrier shall notify the health care provider within 45 days after receipt of the itemization that the itemization is contested, denied, or considered incomplete. The notification shall include the following information:

1. The reasons for contesting or denying the itemization, or the reasons the itemization is considered incomplete;
2. If the itemization is considered incomplete, all additional information required to make a decision; and
3. The remedies available to the health care provider if the health care provider disagrees.

Payment or denial shall be made within 60 days after receipt from the health care provider of the information requested by the employer or employer's workers' compensation carrier for an incomplete claim under this subsection.

C. Payment due for any properly documented health care services that are neither contested within the 45-day period nor paid within the 60-day period, as required by this section, shall be increased by interest at the judgment rate of interest as provided in § 6.2-302 retroactive to the date payment was due under this section.

D. An employer's liability to a health care provider under this section shall not affect its liability to an employee.

E. No employer or workers' compensation carrier may seek recovery of a payment made to a health care provider for health care services rendered after July 1, 2014, to a claimant, unless such recovery is sought less than one year from the date payment was made to the health care provider, except in cases of fraud. The Commission shall have jurisdiction over any disputes over recoveries.

F. No health care provider shall submit a claim to the Commission contesting the sufficiency of payment for health care services rendered to a claimant after July 1, 2014, unless (i) such claim is filed within one year of the date the last payment is received by the health care provider pursuant to this section or (ii) if the employer denied or contested payment for any portion of the health care services, then, as to that service or portion thereof, such claim is filed within one year of the date the medical award covering such date of service for a specific item or treatment in question becomes final.

G. Any health care provider located outside of the Commonwealth who provides health care services under the Act to a claimant shall be reimbursed as provided in this section, and the "same community," as used in ~~subsection A subdivision B 1~~ of § 65.2-605 for treatment provided prior to the transition date as defined in subsection A of § 65.2-605, shall be deemed to be the principal place of business of the employer if located in the Commonwealth or, if no such location exists, then the location where the Commission hearing regarding the dispute is conducted.

H. The Commission, by January 1, 2016, shall establish a schedule pursuant to which employers, employers' workers' compensation insurance carriers, and providers of workers' compensation medical services shall be required, by a date determined by the Commission that is no earlier than July 1, 2016, and no later than December 31, 2018, to adopt and implement infrastructure under which (i) providers of workers' compensation medical services (providers) shall submit their billing, claims, case management, health records, and all supporting documentation electronically to employers or employers' workers' compensation insurance carriers, as applicable (payers) and (ii) payers shall return actual payment, claim status, and remittance information electronically to providers that submit their billing and required supporting documentation electronically. The Commission shall establish standards and methods for such electronic submissions and transactions that are consistent with International Association of Industrial Accident Boards and Commission Medical Billing and Payment guidelines. The Commission shall determine the date by which payers and providers shall be required to adopt and implement the infrastructure, which determinations shall be based on the volume and complexity of workers'

compensation cases in which the payer or provider is involved, the resources of the payer or provider, and such other criteria as the Commission determines to be appropriate.

§ 65.2-605.2. Biennial peer-reviewed studies.

A. *The Commission shall have a peer-reviewed study conducted every two years commencing in 2016 by a reputable independent, not-for-profit research organization to determine how Virginia's workers' compensation system and workers' compensation medical costs compare with (i) those of other states' systems and (ii) previous workers' compensation medical benchmarks studies conducted in Virginia. Such studies shall also review the status of access to medical services under Virginia's workers' compensation system.*

B. *The Commission shall pay for the studies conducted pursuant to subsection A through revenues generated pursuant to the administrative tax assessed pursuant to Chapter 10 (§ 65.2-1000 et seq.) and deposited in the fund established pursuant to § 65.2-1007.*

§ 65.2-714. Fees of attorneys and physicians and hospital charges.

A. Fees of attorneys and physicians and charges of hospitals for services, whether employed by employer, employee, or insurance carrier under this title, shall be subject to the approval and award of the Commission. ~~In addition to the provisions of Chapter 13 (§ 65.2-1300 et seq.),~~ *The Commission shall have exclusive jurisdiction over all disputes concerning such fees or charges and may order the repayment of the amount of any fee which has already been paid that it determines to be excessive; appeals from any Commission determinations thereon shall be taken as provided in § 65.2-706. The Commission shall also retain jurisdiction for employees to pursue payment of charges for medical services notwithstanding that bills or parts of bills for health care services may have been paid by a source other than an employer, workers' compensation carrier, guaranty fund, or uninsured employer's fund. No physician shall be entitled to collect fees from an employer or insurance carrier until he has made the reports required by the Commission in connection with the case.*

B. If a contested claim is held to be compensable under this title and, after a hearing on the claim on its merits or after abandonment of a defense by the employer or insurance carrier, benefits for medical services are awarded and inure to the benefit of a ~~third party~~ *third-party* insurance carrier or health care provider, the Commission shall award to the employee's attorney a reasonable fee and other reasonable pro rata costs as are appropriate. *However, the Commission shall not award attorney fees under this subsection unless and until the employee's attorney has complied with Rule 6.2 of the Rules of the Commission. The fee shall be paid from the sum which that benefits the third party third-party insurance carrier or health care provider. ~~Such fees shall be based on~~ In determining whether the employee's attorney's work with regard to the contested claim resulted in an award of benefits that inure to the benefit of a third-party insurance carrier or health care provider, and in determining the reasonableness of the amount of any fee awarded to an attorney under this subsection, the Commission shall consider only the amount paid by the employer or insurance carrier to the ~~third party~~ *third-party* insurance carrier or health care provider for medical, surgical, and hospital service rendered to the employee through (i) the date on which the contested claim is heard before the Deputy Commissioner, is settled, or is resolved by order of the Commission or (ii) the date the employer or insurance carrier provides written notice of its abandonment of its defense to the contested claim and shall not consider additional amounts previously paid to a health care provider or reimbursed to a third-party insurance carrier. For the purpose of this subsection, a "contested claim" is an initial contested claim for benefits and claims for medical, surgical, and hospital services that are subsequently contested and litigated or after abandonment of a defense by the employer or insurance carrier.*

C. Payment of any obligation pursuant to this section to any ~~third party~~ *third-party* insurance carrier or health care provider shall discharge the obligation in full. The Commission shall not reduce the amount of medical bills owed to the Commonwealth or its agencies without the written consent of the Office of the Attorney General.

D. No physician, hospital, or other health care provider as defined in § 8.01-581.1 shall balance bill an employee in connection with any medical treatment, services, appliances, or supplies furnished to the employee in connection with an injury for which (i) a claim has been filed with the Commission pursuant to § 65.2-601, (ii) payment has been made to the health care provider pursuant to § 65.2-605.1, or (iii) an award of compensation is made pursuant to § 65.2-704. For the purpose of this subsection, a health care provider "balance bills" whenever (a) an employer or the employer's insurance carrier declines to pay all of the health care provider's charge or fee and (b) the health care provider seeks payment of the balance from the employee. Nothing in this section shall prohibit a health care provider from using the practices permitted in § 65.2-601.1.

§ 65.2-821.1. Payment and reimbursement practices; prohibitions.

A. *As used in this section, unless the context requires a different meaning:*

"Contracting entity" means (i) a person that enters into a provider contract with a provider or (ii) an intended beneficiary of the rights of such person under the provider contract.

"Employer" means the employer; any insurance carrier, group self-insured association, or other person providing coverage for the employer's obligation to provide medical service to a claimant under this title; or any third-party administrator acting on behalf of the employer.

"PPO network" means the multiple provider contracts available to an employer pursuant to a PPO network arrangement.

"PPO network arrangement" means an arrangement under which the PPO network arranger sells, conveys, or otherwise transfers to an employer the ability to discount payments or reimbursements to a provider pursuant to the terms of multiple provider contracts to which the PPO network arranger is a direct party.

"PPO network arranger" means a person that operates a PPO network arrangement.

"Provider," "transition date," and "Virginia fee schedule" have the meaning assigned thereto in § 65.2-605. "Provider" includes a provider's employer or professional business entity.

"Provider contract" means an agreement between a contracting entity and a provider pursuant to which the provider agrees to deliver medical services to a claimant under this title in exchange for payment or reimbursement of an agreed-upon amount.

"Third-party administrator" means a person that administers, processes, handles, or pays claims to providers on behalf of an employer.

B. On and after the transition date:

1. No employer shall pay or reimburse a provider for medical services provided to a claimant less than the amount provided for in the applicable Virginia fee schedule or other amount determined as provided in subdivision B 2 or 3 of § 65.2-605 unless:

a. The employer has directly entered into:

(1) A provider contract with the provider;

(2) A contract with a contracting entity that has entered into a provider contract with the provider; or

(3) A contract with a PPO network arranger that authorizes the employer to use a PPO network to derive a benefit from a provider contract; and

b. The provider has agreed to provide medical services to the claimant for an agreed-upon reimbursement or contractual amount as set forth in a provider contract referenced in subdivision a.

2. A person with whom an employer has directly contracted as described in subdivision 1 a shall not sell, lease, or otherwise disseminate data regarding the payment or reimbursement amounts or terms of a provider contract without the express written consent and prior notification of all parties to the provider contract; however, the express written request from, and prior notification to, a provider shall not be required if the provider's identity has been redacted from such data.

3. If an employer uses or relies on a contract described in subdivision 1 a to discount a payment or reimbursement to a provider, the employer shall notify the provider, at the time it remits the payment or reimbursement, of (i) the name of the provider, contracting entity, or PPO network arranger with whom the employer directly contracted and (ii) how, if other than by a direct contract between the employer and the provider, the employer acquired the right to discount the payment or reimbursement to the provider.

4. If an employer uses or relies on a contract with a PPO network arranger described in subdivision 1 a (3) to discount a payment or reimbursement to a provider, the employer shall not shop for the lowest discount for a specific provider among the provider contracts held in multiple PPO networks. This prohibition shall not bar an employer that has entered into a PPO network arrangement and selected a provider contract in the PPO network from availing itself of all discounts provided pursuant to the selected provider contract in the PPO network.

C. Any person who suffers loss as a result of a violation of this section shall be entitled to initiate an action at the Commission to recover actual damages and interest from the date of the violation until entry of the final award. If the Commission finds that the violation resulted from gross negligence or willful misconduct, it may increase damages to an amount not to exceed three times the actual damages.

2. That the Workers' Compensation Commission's adoption of regulations establishing initial Virginia fee schedules for medical services pursuant to subsection C, and its adoption of regulations adjusting Virginia fee schedules for medical services pursuant to subsection D, of § 65.2-605 of the Code of Virginia as amended and reenacted by this act shall be exempt from the provisions of Article 2 (§ 2.2-4006 et seq.) of the Administrative Process Act (§ 2.2-4000 et seq.) of the Code of Virginia, provided that the Workers' Compensation Commission utilizes a regulatory advisory panel constituted as provided in subdivision F 2 of § 65.2-605 as added by this act to assist in the development of such regulations and provides an opportunity for public comment on the regulations prior to adoption.

3. That Chapter 13 (§§ 65.2-1300 through 65.2-1310) of Title 65.2 of the Code of Virginia is repealed.

4. That the Workers' Compensation Commission (Commission) shall select the members of the regulatory advisory panel created pursuant to subdivision F 2 of § 65.2-605 of the Code of Virginia as added by this act prior to August 1, 2016. The regulatory advisory panel shall meet, review, and make recommendations to the Commission prior to July 1, 2017, on workers' compensation issues relating to (i) pharmaceutical costs not previously included in the Virginia fee schedules; (ii) durable medical equipment costs not previously included in the Virginia fee schedules; (iii) attorney fees awarded under § 65.2-714; (iv) how to resolve the issues that the peer review committees established under Chapter 13 (§§ 65.2-1300 through 65.2-1310) of Title 65.2 of the Code of Virginia as repealed by this act had been authorized to address; (v) prior authorization for medical services; and (vi) any other issues that the Commission assigns to the regulatory advisory panel.

5. That an emergency exists and this act is in force from its passage.

The service credit to be credited to a member under this subsection shall be calculated at the ratio of one year, or portion thereof, of service credit to one year, or portion thereof, of service purchased, except for employment service purchased under clause (viii) of subdivision 1, which shall be calculated at the ratio of one month of service credit for each 173 hours of service as certified by the employer.

For each year or portion thereof to be credited at the time of purchase under this subsection, the member shall pay the approximate normal cost of the retirement plan under which the member is covered at the time of such purchase, as determined by the Board in its sole discretion. If the member does not purchase, or enter into a purchase of service credit contract for, the service made available in this subsection within the first 24 months of the member's active service following his first date of hire or the final day of any applicable leave of absence, as applicable, then, for each year or portion thereof to be credited at the time of purchase, the member shall pay the actuarial equivalent cost. To the extent the member becomes inactive during the 24 months following his first date of hire or the final day of any applicable leave of absence, such periods shall not be included in the 24 months of active service.

Except as otherwise required by Chapter 1223 of Title 10 of the United States Code, as amended, no service credit may be purchased under this section if it is included in the calculation of any retirement allowance received or to be received by the member from this or another retirement system, or if there is a balance in a defined contribution account that serves as a primary retirement account related to such service.

For purposes of this ~~section~~ *subsection*, "active duty military service" means full-time service of at least 180 consecutive days in the United States Army, Navy, Air Force, Marines, Coast Guard, or reserve components thereof.

B. Any member in service may purchase all prior service credit for creditable service lost from ceasing to be a member under this chapter, as provided in § 51.1-128, because of the withdrawal of his accumulated contributions. For each year or portion thereof to be credited at the time of purchase under this subsection, the member shall pay the withdrawn amount to be purchased plus interest accrued daily and compounded annually from the date of withdrawal to the date of payment at the assumed rate of return established by the Board for the actuarial valuation of the retirement system that is in effect at the time of the purchase. The Board shall develop guidelines and procedures for administering this subsection.

C. Any member in service may purchase service credit for accumulated sick leave on his effective date of retirement based upon such sums as the employer may provide as payment for any unused sick leave balances. The cost of service credit purchased under this subsection shall be the actuarial equivalent cost of such service.

D. Any member receiving benefits under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.) may, in a manner prescribed by the Board and prior to the effective date of retirement, purchase service that is not reported to the retirement system by the member's employer while the member is receiving such benefits.

For each year or portion thereof to be credited at the time of purchase under this subsection, the member shall pay the approximate normal cost of the retirement plan under which the member is covered, as determined by the Board in its sole discretion. If the member does not purchase, or enter into a purchase of service credit contract for, any service made available in this subsection within the first 24 months of the member's active service following his first date of hire or the final day of any applicable leave of absence, then, for each year or portion thereof to be credited at the time of purchase, the member shall pay the actuarial equivalent cost. To the extent the member becomes inactive during the 24 months following his first date of hire or the final day of any applicable leave of absence, such periods shall not be included in the 24 months of active service.

E. Payment may be made in a lump sum at the time of purchase or by payroll deduction. Any number of additional deductions may be permitted at any time. Should any deduction be terminated before the member purchases the entire period contracted for, the member shall be credited with the number of full or partial months of service for which full payment has been made. If any deduction is continued after the entire period has been purchased, the member shall be credited with no more than the amount of service for which he was eligible and for which he paid, and the excess amount deducted shall be refunded to the member.

F. Any employer may elect to pay an equivalent amount in lieu of all member contributions required of its employees for the purchase of service credit pursuant to this section. These contributions shall not be considered wages for purposes of Chapter 7 (§ 51.1-700 et seq.), nor shall they be considered salary for purposes of this chapter.

G. In any case where member and employer contributions, as required under this chapter, were not made because of an error in the payroll, personnel, or other classification system of an employer participating in the retirement system, service that has not been credited because of such error may be purchased on the following basis:

1. The most recent three years of service credit shall be purchased, using applicable member and employer contribution rates and creditable compensation in effect for such period, in a manner and at the cost prescribed by the Board; and
2. All other years of service credit shall be purchased by the employer at an actuarial equivalent cost.

H. Any member may receive credit at no cost for service rendered in the armed forces of the United States provided (i) the member was on leave of absence from a covered position, (ii) the discharge from a period of active duty with the armed forces was not dishonorable, (iii) the member has not withdrawn his accumulated contributions, (iv) the member is not disabled or killed while on leave without pay while performing active duty military service in the armed forces of the United States, and (v) the member reenters service in a covered position within one year after discharge from the armed forces. In order to receive such service, the member must complete such forms and other requirements as are required by the Board and the retirement system.

§ 51.1-169. Hybrid retirement program.

A. For purposes of this section, "hybrid retirement program" or "program" means a hybrid retirement program covering any employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for retirement purposes other than the Virginia Retirement System defined benefit retirement plan established under Chapter 1 (§ 51.1-124.1 et seq.). Persons who are participants in, or eligible to be participants in, the retirement plans under the provisions of Chapter 2 (§ 51.1-200 et seq.), Chapter 2.1 (§ 51.1-211 et seq.), the optional retirement plans established under §§ 51.1-126.1, 51.1-126.3, 51.1-126.4, and 51.1-126.7, or a person eligible to earn the benefits permitted by § 51.1-138 shall not be eligible to participate in the hybrid retirement program. Any person who meets the definition of "emergency medical services personnel" in § 32.1-111.1 or is employed as a firefighter, or law-enforcement officer as those terms are defined in § 15.2-1512.2 and whose employing political subdivision has legally adopted an irrevocable resolution as described in subdivision B 4 of § 51.1-153 and subdivision A 3 of § 51.1-155 shall not be eligible to participate in the hybrid retirement program. No member of the Judicial Retirement System under Chapter 3 (§ 51.1-300 et seq.) shall be eligible to participate in the hybrid retirement program described in § 51.1-169 except members appointed to an original term on or after January 1, 2014.

The Board shall maintain the hybrid retirement program established by this section, and any employer is authorized to make contributions under such program for the benefit of its employees participating in such program. Every person who is otherwise eligible to participate in the program but is not a member of a retirement plan administered by the Virginia Retirement System the first time he is hired or rehired on or after January 1, 2014, in a covered position, shall participate in the hybrid retirement program established by this section.

A person who participates in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System under this chapter may make an irrevocable election to participate in the hybrid retirement program maintained under this section. Such election shall be exercised no later than April 30, 2014. If an election is not made by April 30, 2014, such employee shall be deemed to have elected not to participate in the hybrid retirement program and shall continue to participate in his current retirement plan.

B. Except as otherwise provided in subsection G:

1. The employer shall make contributions to the defined benefit component of the program in accordance with § 51.1-145.

2. The employer shall make a mandatory contribution to the defined contribution component of the program on behalf of an employee participating in the program in the amount of one percent of creditable compensation, which shall be made to the appropriate cash match plan established for the employee under § 51.1-608. In addition, the employer shall make a matching contribution on behalf of the employee based on the employee's voluntary contributions under the defined

contribution component of the program to the deferred compensation plan established under § 51.1-602, up to a maximum of 2.5 percent of creditable compensation for the payroll period, as follows: (i) 100 percent of the first one percent of creditable compensation contributed by the employee to the defined contribution component of the program under subdivision C 2 for the payroll period, and (ii) 50 percent of the next three percent of creditable compensation contributed by the employee to the defined contribution component of the program under subdivision C 2 for the payroll period. The matching contribution by the employer shall be made to the appropriate cash match plan established for the employee under § 51.1-608.

3. The total amount contributed by the employer under subdivision 2 shall vest to the employee's benefit according to the following schedule:

- a. Upon completion of two years of active participation, 50 percent.
- b. Upon completion of three years of active participation, 75 percent.
- c. Upon completion of four years of active participation, 100 percent.

For purposes of this subdivision, "active participation" includes creditable service, as defined in § 51.1-124.3, in any retirement plan established by this title and administered by the Retirement System.

If an employee ~~terminates employment with an employer~~ ceases to be a member prior to achieving 100 percent vesting, contributions made by an employer on behalf of the employee under subdivision 2 that are not vested, shall be forfeited. The Board may establish a forfeiture account and may specify the uses of the forfeiture account.

4. An employee may direct the investment of contributions made by an employer under subdivision B 2.

5. No loans or hardship distributions shall be available from contributions made by an employer under subdivision B 2.

C. Except as otherwise provided in subsection G:

1. An employee participating in the hybrid retirement program maintained under this section shall, pursuant to procedures established by the Board, make mandatory contributions on a salary reduction basis in accordance with § 414(h) of the Internal Revenue Code (i) to the defined benefit component of the program in the amount of four percent of creditable compensation in lieu of the amount described in subsection A of § 51.1-144 and (ii) to the defined contribution component of the program in the amount of one percent of creditable compensation, which shall be made to the appropriate cash match plan established for the employee under § 51.1-608.

2. An employee participating in the hybrid retirement program may also make voluntary contributions to the defined contribution component of the program of up to four percent of creditable compensation or the limit on elective deferrals pursuant to § 457(b) of the Internal Revenue Code, whichever is less. The contribution by the employee shall be made to the appropriate deferred compensation plan established by the employee under § 51.1-602.

3. If an employee's voluntary contributions under subdivision C 2 are less than four percent of creditable compensation, the contribution will increase by one-half of one percent, beginning on January 1, 2017, and every three years thereafter, until the employee's voluntary contributions under subdivision C 2 reach four percent of creditable compensation. The increase will be effective beginning with the first pay period that begins in such calendar year unless the employee elects not to increase the voluntary contribution in a manner prescribed by the Board.

4. No loans or hardship distributions shall be available from contributions made by an employee under this subsection.

5. Disclosure of all services, fees, restrictions, and surrender penalties associated with employee voluntary contributions under subdivision C 2 shall be provided by the Board on an annual basis to an employee who does not make the election provided in subdivision G 1.

D. 1. The amount of the service retirement allowance under the defined benefit component of the program shall be governed by § 51.1-155 for all creditable service credited prior to the effective date of the member's participation in the program. For all other creditable service, the allowance shall equal one percent of a member's average final compensation multiplied by the amount of his creditable service while in the program. For judges who are participating in the hybrid retirement program, creditable service shall be determined as provided in § 51.1-303 and service retirement eligibility shall be determined as provided in § 51.1-305.

2. No member shall retire for disability under the defined benefit component of the program, provided, however, that judges who are participating in the hybrid retirement program may retire for disability under §§ 51.1-307 and 51.1-308.

3. Except as provided in subdivision 1, any employee participating in the hybrid retirement program maintained under this section shall be considered to be a person who becomes a member on or after July 1, 2010.

4. In all other respects, administration of the defined benefit component of the program shall be governed by the provisions of Chapter 1 (§ 51.1-124.1 et seq.).

E. With respect to any employee who elects, pursuant to subsection A, to participate in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System, the employer shall collect and pay all employee and employer contributions to the Virginia Retirement System for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for such employee.

F. 1. The Board shall develop policies and procedures for administering the hybrid retirement program it maintains, including the establishment of guidelines for employee elections and deferrals under the program.

2. No employee who is an active member in the hybrid retirement program maintained under this section shall also be an active member of any other optional retirement plan maintained under the provisions of Chapter 1 (§ 51.1-124.1 et seq.).

3. If a member of the hybrid retirement program maintained under this section is at any time in service as an employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.), 2 (§ 51.1-200 et seq.),

2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.), his benefit payments under the hybrid retirement program maintained under this section shall be suspended while so employed; provided, however, reemployment shall have no effect on a payment under the defined contribution component of the program if the benefit is being paid in an annuity form under an annuity contract purchased with the member's account balance.

4. Any administrative fee imposed pursuant to subdivision A 13 of § 51.1-124.22 on any employer for administering and overseeing the hybrid retirement program maintained under this section shall be charged for each employee participating in such program and shall be for costs incurred by the Virginia Retirement System that are directly related to the administration and oversight of such program. Notwithstanding the foregoing, the Board is authorized to collect all or a portion of such fee directly from the employee.

5. The creditable compensation for any employee on whose behalf employee or employer contributions are made into the hybrid retirement program shall not exceed the limit on compensation as adjusted by the Commissioner of the Internal Revenue Service pursuant to the transition provisions applicable to eligible participants under state and local governmental plans under § 401(a)(17) of the Internal Revenue Code as amended in 1993 and as contained in § 13212(d)(3) of the Omnibus Budget Reconciliation Act of 1993 (P.L. 103-66).

6. The Board may contract with private corporations or institutions, subject to the standards set forth in § 51.1-124.30, to provide investment products as well as any other goods and services related to the administration of the hybrid retirement program, except as provided in subsection G. The Virginia Retirement System is hereby authorized to perform related services, including but not limited to, providing consolidated billing, individual and collective recordkeeping and accountings, and asset purchase, control, and safekeeping.

G. 1. Any political subdivision of the Commonwealth that has established a plan pursuant to § 403(b) of the Internal Revenue Code of 1986, as amended (a "403(b) plan"), may, at its option, elect to allow its employees the option to direct that voluntary contributions to the defined contribution component of the program under subdivision C 2 be made to such 403(b) plan and the corresponding employer matching contributions under subdivision B 2 be made to such 403(b) plan or the appropriate local cash match plan established under § 51.1-610. All such voluntary contributions by an employee to such 403(b) plan shall be made on a pretax basis. Any such political subdivision of the Commonwealth that so directs shall develop policies and procedures for administering such contributions, subject to and in accordance with applicable federal law and regulations. The policies and procedures shall provide for the administration of vesting provisions as provided in subdivision B 3, the establishment of and uses for a forfeiture account as provided in subdivision B 3, and automatic contribution escalation provisions as provided in subdivision C 3, all with regard to employee voluntary contributions and corresponding employer matching contributions.

In all other respects, the political subdivision shall be subject to the provisions of the hybrid retirement program described in this section.

2. The governing body of any political subdivision of the Commonwealth electing to allow its employees to use its 403(b) plan or a local cash match plan as described in subdivision 1 shall adopt a resolution on or before November 1, 2015, and submit such resolution to the Board to notify the Board of its election, which shall be effective January 1, 2016, and shall remain effective for 12 months. Thereafter, the governing body of any political subdivision of the Commonwealth may make or change its election for its employees no more often than annually by adopting a resolution on or before November 1 of each year notifying the Board of a new or changed election, which shall become effective on January 1.

3. A person who participates in the hybrid retirement program maintained under this section may make an election to participate in the 403(b) plan established by his employer under subdivision G 1. Such election shall be exercised no later than November 30, 2015, and shall be effective January 1, 2016. If an election is not made by November 30, 2015, such employee shall be deemed to have elected not to participate in the 403(b) plan established by his employer under subdivision G 1. Thereafter, such employee may make or change his election on or before November 30 of each year by notifying his employer of a new or changed election, which shall become effective the following January 1. If an election is not made or changed by November 30, such employee shall be deemed to have elected not to change the prior year's election.

4. In the case of a 403(b) plan or local cash match plan administered by a political subdivision of the Commonwealth that provides individual accounts permitting an employee or beneficiary to exercise discretion over assets in his account, the political subdivision shall not be liable for any loss resulting from such employee's or beneficiary's (i) investment of voluntary contributions in the political subdivision's 403(b) plan or matching contributions in the political subdivision's 403(b) plan or local cash match plan, (ii) exercise of discretion over the assets in any of his accounts, or (iii) inaction with respect to the assets in any of his accounts that results in such assets being placed in a default investment option selected by the political subdivision, provided that the investment options for the affected individual account and the particular default investment option for such individual account are selected in accordance with subsection A of § 51.1-803, applied mutatis mutandis. Under no circumstances shall the Commonwealth, the Board, employees of the Retirement System, the Investment Advisory Committee of the Retirement System, or any other advisory committee established by the Board bear any liability with respect to any plan or individual account described in this subsection.

5. The provisions of this subsection shall not apply to any political subdivision of the Commonwealth that has entered into an agreement with the Retirement System pursuant to § 51.1-603.1 or 51.1-611 except with regard to a 403(b) plan.

6. Disclosure of all services, fees, restrictions, and surrender penalties associated with employee voluntary contributions under subsection G shall be provided by the political subdivision of the Commonwealth on an annual basis to

an employee who makes the election provided in subdivision G 1. Such employee shall also be provided with a side-by-side comparison of the long-term effects of generic expense ratios on his investments.

7. The Board shall not be responsible for administration of or recordkeeping related to voluntary contributions to the defined contribution component of the program made to a 403(b) plan or the corresponding employer matching contributions made to a 403(b) plan or the appropriate local cash match plan established under § 51.1-610 that are authorized by subdivision G 1.

8. The Board shall develop policies and procedures for administering the provisions of this subsection.

[H 446]

Approved March 7, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-128 and 8.01-375 of the Code of Virginia are amended and reenacted as follows:

§ 8.01-128. Verdict and judgment; damages.

A. If it appears that the plaintiff was forcibly or unlawfully turned out of possession, or that it was unlawfully detained from him, the verdict or judgment shall be for the plaintiff for the premises, or such part thereof as may be found to have been so held or detained. The verdict or judgment shall also be for such damages as the plaintiff may prove to have been sustained by him by reason of such forcible or unlawful entry, or unlawful detention, of such premises, and such rent as he may prove to have been owing to him.

B. The plaintiff may, alternatively, receive a final, appealable judgment for possession of the property unlawfully entered or unlawfully detained and be issued a writ of possession, and continue the case for up to ~~90~~ 120 days to establish final rent and damages. If the plaintiff elects to proceed under this section, the judge shall hear evidence as to the issue of possession on the initial court date and shall hear evidence on the final rent and damages at the hearing set on the continuance date, unless the plaintiff requests otherwise or the judge rules otherwise. Nothing in this section shall preclude a defendant who appears in court at the initial court date from contesting an unlawful detainer action as otherwise provided by law.

If under this section an appeal is taken as to possession, the entire case shall be considered appealed. The plaintiff shall, in the instance of a continuance taken under this section, mail to the defendant at the defendant's last known address at least 15 days prior to the continuance date a notice advising of (i) the continuance date; (ii) the amounts of final rent and damages; and (iii) that the plaintiff is seeking judgment for additional sums. A copy of such notice shall be filed with the court.

C. No verdict or judgment rendered under this section shall bar any separate concurrent or future action for any such damages or rent as may not be so claimed.

§ 8.01-375. Exclusion of witnesses in civil cases (Subsection (a) of Supreme Court Rule 2:615 derived in part from this section and subsection (b) of Supreme Court Rule 2:615 derived from this section).

The court trying any civil case may upon its own motion, and shall upon the motion of any party, require the exclusion of every witness. However, *the following shall be exempt from the rule of this section as a matter of right: (i) each named party who is an individual, (ii) one officer or agent of each party which that is a corporation or association and, (iii) an attorney alleged in a habeas corpus proceeding to have acted ineffectively shall be exempt from the rule of this section as a matter of right, and (iv) in an unlawful detainer action filed in general district court, a managing agent as defined in § 55-248.4.*

Where expert witnesses are to testify in the case, the court may, at the request of all parties, allow one expert witness for each party to remain in the courtroom; however, in cases pertaining to the distribution of marital property pursuant to § 20-107.3 or the determination of child or spousal support pursuant to § 20-108.1, the court may, upon motion of any party, allow one expert witness for each party to remain in the courtroom throughout the hearing.

CHAPTER 282

An Act to amend and reenact §§ 19.2-353.5, 19.2-354, and 46.2-395 of the Code of Virginia, relating to fines and costs; interest; statutes of limitation on collection; minimum payments.

[H 572]

Approved March 7, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-353.5, 19.2-354, and 46.2-395 of the Code of Virginia are amended and reenacted as follows:

§ 19.2-353.5. Interest on fines and costs.

No interest shall accrue on any fine or costs imposed in a criminal case or in a case involving a traffic infraction for a period of ~~forty~~ 40 days from the date of the final judgment imposing such fine or costs or during any period the defendant is incarcerated ~~as a result of that case~~. A person who owes fines and costs on which interest has accrued during a period of incarceration may move any court in which he owes fines and costs to waive the interest that accrued on such fines and costs during such period of incarceration. Upon certification of the period of incarceration by the superintendent, warden, or other official in charge of a correctional facility on a form developed by the Office of the Executive Secretary of the Supreme Court, such interest shall be waived. In no event shall interest accrue in such cases during any period in which a fine, costs, or both a fine and costs are being paid in deferred or installment payments pursuant to an order of the court. Whenever interest on any unpaid fine or costs accrues, it shall accrue at the judgment rate of interest set forth in § 6.2-302.

§ 19.2-354. Authority of court to order payment of fine, costs, forfeitures, penalties or restitution in installments or upon other terms and conditions; community work in lieu of payment.

A. Whenever (i) a defendant, convicted of a traffic infraction or a violation of any criminal law of the Commonwealth or of any political subdivision thereof, or found not innocent in the case of a juvenile, is sentenced to pay a fine, restitution, forfeiture or penalty and (ii) the defendant is unable to make payment of the fine, restitution, forfeiture, or penalty and costs within 30 days of sentencing, the court shall order the defendant to pay such fine, restitution, forfeiture or penalty and any costs which the defendant may be required to pay in deferred payments or installments. The court *assessing the fine, restitution, forfeiture, or penalty and costs* may authorize the clerk to establish and approve ~~the conditions of all individual deferred or installment payment agreements, pursuant to guidelines established by the court, and such guidelines shall be reduced to writing as well as.~~ Any payment agreement authorized under this section shall be consistent with the Rules of Supreme Court of Virginia, including any required minimum payments or other required conditions. The requirements established by the Rules of Supreme Court of Virginia shall be posted in the clerk's office and on the court's website, if a website is available. As a condition of every such agreement, a defendant who enters into an installment or deferred payment agreement shall promptly inform the court of any change of mailing address during the term of the agreement. If the defendant is unable to make payment within 30 days of sentencing, the court may assess a one-time fee not to exceed \$10 to cover the costs of management of the defendant's account until such account is paid in full. This one-time fee shall not apply to cases in which costs are assessed pursuant to § 17.1-275.1, 17.1-275.2, 17.1-275.3, 17.1-275.4, 17.1-275.7, 17.1-275.8, or 17.1-275.9. Installment or deferred payment agreements shall include terms for payment if the defendant participates in a program as provided in subsection B or C. The court, if such sum or sums are not paid in full by the date ordered, shall proceed in accordance with § 19.2-358.

B. When a person sentenced to the Department of Corrections or a local correctional facility owes any fines, costs, forfeitures, restitution or penalties, he shall be required as a condition of participating in any work release, home/electronic incarceration or nonconsecutive days program as set forth in § 53.1-60, 53.1-131, 53.1-131.1, or 53.1-131.2 to either make full payment or make payments in accordance with his installment or deferred payment agreement while participating in such program. If, after the person has an installment or deferred payment agreement, the person fails to pay as ordered, his participation in the program may be terminated until all fines, costs, forfeitures, restitution and penalties are satisfied. The Director of the Department of Corrections and any sheriff or other administrative head of any local correctional facility shall withhold such ordered payments from any amounts due to such person. Distribution of the money collected shall be made in the following order of priority to:

1. Meet the obligation of any judicial or administrative order to provide support and such funds shall be disbursed according to the terms of such order;
2. Pay any fines, restitution or costs as ordered by the court;
3. Pay travel and other such expenses made necessary by his work release employment or participation in an education or rehabilitative program, including the sums specified in § 53.1-150; and
4. Defray the offender's keep.

The balance shall be credited to the offender's account or sent to his family in an amount the offender so chooses.

The Board of Corrections shall promulgate regulations governing the receipt of wages paid to persons participating in such programs, the withholding of payments and the disbursement of appropriate funds.

C. The court shall establish a program and may provide an option to any person upon whom a fine and costs have been imposed to discharge all or part of the fine or costs by earning credits for the performance of community service work before or after imprisonment. The program shall specify the rate at which credits are earned and provide for the manner of applying earned credits against the fine or costs. The court shall have such other authority as is reasonably necessary for or incidental to carrying out this program.

D. When the court has authorized deferred payment or installment payments, the clerk shall give notice to the defendant that upon his failure to pay as ordered he may be fined or imprisoned pursuant to § 19.2-358 and his privilege to operate a motor vehicle will be suspended pursuant to § 46.2-395.

E. The failure of the defendant to enter into a deferred payment or installment payment agreement with the court or the failure of the defendant to make payments as ordered by the agreement shall allow the Tax Commissioner to act in accordance with § 19.2-349 to collect all fines, costs, forfeitures and penalties.

§ 46.2-395. Suspension of license for failure or refusal to pay fines or costs.

A. Any person, whether licensed by Virginia or not, who drives a motor vehicle on the highways in the Commonwealth shall thereby, as a condition of such driving, consent to pay all lawful fines, court costs, forfeitures, restitution, and penalties

assessed against him for violations of the laws of the Commonwealth; of any county, city, or town; or of the United States. For the purpose of this section, such fines and costs shall be deemed to include any fee assessed by the court under the provisions of § 18.2-271.1 for entry by a person convicted of a violation of § 18.2-51.4 or 18.2-266 into an alcohol safety action program.

B. In addition to any penalty provided by law *and subject to the limitations on collection under §§ 19.2-340 and 19.2-341*, when any person is convicted of any violation of the law of the Commonwealth or of the United States or of any valid local ordinance and fails or refuses to provide for immediate payment in full of any fine, costs, forfeitures, restitution, or penalty lawfully assessed against him, or fails to make deferred payments or installment payments as ordered by the court, the court shall forthwith suspend the person's privilege to drive a motor vehicle on the highways in the Commonwealth. The driver's license of the person shall continue suspended until the fine, costs, forfeiture, restitution, or penalty has been paid in full. However, if the defendant, after having his license suspended, pays the reinstatement fee to the Department of Motor Vehicles and enters into an agreement under § 19.2-354 that is acceptable to the court to make deferred payments or installment payments of unpaid fines, costs, forfeitures, restitution, or penalties as ordered by the court, the defendant's driver's license shall thereby be restored. If the person has not obtained a license as provided in this chapter, or is a nonresident, the court may direct in the judgment of conviction that the person shall not drive any motor vehicle in Virginia for a period to coincide with the nonpayment of the amounts due.

C. Before transmitting to the Commissioner a record of the person's failure or refusal to pay all or part of any fine, costs, forfeiture, restitution, or penalty or a failure to comply with an order issued pursuant to § 19.2-354, the clerk of the court that convicted the person shall provide or cause to be sent to the person written notice of the suspension of his license or privilege to drive a motor vehicle in Virginia, effective 30 days from the date of conviction, if the fine, costs, forfeiture, restitution, or penalty is not paid prior to the effective date of the suspension as stated on the notice. Notice shall be provided to the person at the time of trial or shall be mailed by first-class mail to the address certified on the summons or bail recognizance document as the person's current mailing address, or to such mailing address as the person has subsequently provided to the court as a change of address. If so mailed on the date of conviction or within five business days thereof, or if delivered to the person at the time of trial, such notice shall be adequate notice of the license suspension and of the person's ability to avoid suspension by paying the fine, costs, forfeiture, restitution, or penalty prior to the effective date. No other notice shall be required to make the suspension effective. A record of the person's failure or refusal and of the license suspension shall be sent to the Commissioner if the fine, costs, forfeiture, restitution, or penalty remains unpaid on the effective date of the suspension specified in the notice or on the failure to make a scheduled payment.

C1. Whenever a person provides for payment of a fine, costs, forfeiture, restitution or penalty other than by cash and such provision for payment fails, the clerk of the court that convicted the person shall cause to be sent to the person written notice of the failure and of the suspension of his license or privilege to drive in Virginia. The license suspension shall be effective 10 days from the date of the notice. The notice shall be effective notice of the suspension and of the person's ability to avoid the suspension by paying the full amount owed by cash, cashier's check or certified check prior to the effective date of the suspension if the notice is mailed by first class mail to the address provided by the person to the court pursuant to subsection C or § 19.2-354. Upon such a failure of payment and notice, the fine, costs, forfeiture, restitution or penalty due shall be paid only in cash, cashier's check or certified check, unless otherwise ordered by the court, for good cause shown.

D. If the person pays the amounts assessed against him subsequent to the time the suspended license has been transmitted to the Department, and his license is not under suspension or revocation for any other lawful reason, except pursuant to this section, then the Commissioner shall return the license to the person on presentation of the official report of the court evidencing the payment of the fine, costs, forfeiture, restitution, or penalty.

E. Any person otherwise eligible for a restricted license may petition each court that suspended his license pursuant to this section for authorization for a restricted license. A court may, upon written verification of employment and for good cause shown, authorize the Department of Motor Vehicles to issue a restricted license to operate a motor vehicle for any of the purposes set forth in subsection E of § 18.2-271.1. No restricted license may be issued unless each court which suspended the person's license pursuant to this section provides authorization for a restricted license. Such restricted license shall not be issued for more than a six-month period. No restricted license issued pursuant to this subsection shall permit a person to operate a commercial motor vehicle as defined in the Commercial Driver's License Act (§ 46.2-341.1 et seq.).

The court shall forward to the Commissioner a copy of its authorization entered pursuant to this section, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a license is issued as is reasonably necessary to identify the person. The court shall also provide a copy of its authorization to the person, who may not operate a motor vehicle until receipt from the Commissioner of a restricted license. A copy of the restricted license issued by the Commissioner shall be carried at all times while operating a motor vehicle. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section shall be punished as provided in subsection C of § 46.2-301.

Be it enacted by the General Assembly of Virginia:

1. That §§ 38.2-1868.1, 38.2-1869, and 38.2-1870 of the Code of Virginia are amended and reenacted as follows:

§ 38.2-1868.1. Proof of compliance; exemption or waiver.

A. As used in this article:

"Proof of compliance" shall mean all documents, forms and fees specified by the Board for (i) filing proof of completion of Board-approved continuing education courses for the appropriate number of hours and for the appropriate content or (ii) filing proof of meeting the exemption requirements set forth in subsection B or C of § 38.2-1871.

B. Each "agent holding one or more licenses subject to the continuing education requirements of this article shall complete all continuing education course, exemption, or waiver requirements and shall submit to the Board or its administrator proof of compliance with or exemption from the continuing education requirements in the form and manner required by the Board by no later than November 30, or the next working day if November 30 falls on a weekend, of each even-numbered year.

C. After November 30, agents who have failed to complete all continuing education course, exemption, or waiver requirements or have failed to pay any required fees shall be provided a final opportunity to complete such requirements, provided proof of compliance is received by the Board or its administrator by December 31, or the next working day thereafter if December 31 falls on a weekend.

D. Agents who have completed all continuing education course or exemption requirements by December 31 but failed to demonstrate proof of compliance by failing to pay the filing fee imposed by the Board shall be permitted to pay such filing fee for an additional period of time, until the close of business on January 31, or the next working day thereafter if January 31 falls on a weekend, of the following year, but only if the agent pays, in addition to the filing fee, a late filing penalty of \$100, payable to the Board in such manner as may be prescribed by the Board. No agent whose proof of compliance is received during this final period shall be considered in compliance with the continuing education requirements unless the filing fee and the late filing penalty described herein are paid by the close of business on January 31, or the next working day thereafter if January 31 falls on a weekend.

~~D.~~ E. Failure of an agent to furnish proof of compliance by the applicable date specified in subsections B, C or ~~E~~ D of this section and pay any applicable filing penalty shall result in license termination as set forth in § 38.2-1869.

~~E.~~ F. Agents seeking a waiver of some or all of the course credit requirements for a biennium pursuant to § 38.2-1870 shall submit all documentation, forms, and fees specified by the Board so as to be received by the Board or its administrator ~~as set forth in § 38.2-1870 no later than the deadlines set forth in subsections B or C of this section.~~

~~F.~~ G. Any agent holding one or more licenses subject to this article who fails to submit complete documentation showing proof of compliance with continuing education requirements, as well as all specified forms and fees, so as to be received by the Board or its administrator by the close of business on the dates described in this section shall be deemed to be in noncompliance with the requirements of this article.

~~G.~~ H. All fees specified by the Board shall be nonrefundable once received by the Board or its administrator, except that duplicate payments may be refunded.

§ 38.2-1869. Failure to satisfy requirements; termination of license.

A. Failure of an agent to satisfy the requirements of this article within the time period specified in § 38.2-1868.1, either by obtaining the continuing education credits required and furnishing evidence of same to the Board or its administrator as required by this article, or by furnishing to the Board acceptable evidence of exemption from the requirements of this article, or by obtaining, in a manner prescribed by the Board pursuant to this article, a waiver of the requirements for that biennium, shall result, subsequent to notification by the Board to the Commission, in the administrative termination of each license held by the agent for which the requirement was not satisfied.

B. The Board shall, on or about a date six months prior to the end of each biennium, provide a status report to each agent who has not yet fully satisfied the requirements of this article for such biennium. Such report shall inform the agent of his current compliance status for each license held that is subject to this article, and the consequences associated with noncompliance, and shall be sent by first-class mail to such agent at his last-known residence address as shown in the Commission's records. Failure of an agent to receive such notification shall not be grounds for contesting license termination.

C. No administrative termination pursuant to this section shall become effective until the Commission has provided 30 calendar days' written notice of such impending termination to the agent by first-class mail sent to the agent at the agent's last known residence address as shown in the Commission's records. The notice period shall commence on the date that the written notice is deposited in the United States mail and, if the 30th calendar day falls on a weekend, the end of the notice period shall be extended to the next business day. Failure of an agent to receive such notification shall not be grounds for contesting a license termination. Any agent who obtained the required number of continuing education credits in the time permitted for obtaining such credits and paid any required fees shall be permitted to submit proof of compliance during the 30 calendar day notice period.

D. Neither the Board, its administrator, nor the Commission shall have the power to grant an agent additional time for completing the continuing education credits required by § 38.2-1866, or additional time for submitting proof of compliance as required by § 38.2-1868.1, or additional time for seeking waivers or exemption pursuant to § 38.2-1870 or 38.2-1871.

E. During the period set forth in subsection C of § 38.2-1868.1, the Board shall permit agents either to demonstrate to the satisfaction of the Board that the agent had, in fact, timely submitted and the Board or its administrator had received

proof of compliance on or before the filing deadlines set forth in § 38.2-1868.1 or to complete all continuing education course, exemption, or waiver requirements and present proof of compliance.

F. During the period set forth in subsection C of § 38.2-1868.1, the Board shall not be obligated to review or respond to any other submissions except for submissions that prove that the records of the Board or its administrator are incorrect and late filing submissions permitted pursuant to subsection C of § 38.2-1868.1. Subsequent to the expiration of such period, the Board shall provide a reasonable additional period of time for processing of appeals pursuant to § 38.2-1874. However, failure of an agent to provide written notice of appeal in the form and manner required by the Board within 30 calendar days following the expiration of the period set forth in subsection C of § 38.2-1868.1 shall be deemed a waiver by such agent of the right to appeal the determination of noncompliance.

G. No more than 15 calendar days after the end of such appeal period, the Board or its administrator shall provide to the Commission a final updated record of those agents who complied with the requirements of this article, whereupon the Commission shall administratively terminate the licenses of those agents required to submit proof of compliance and by whom proof of compliance was not submitted in a proper or timely manner. Agents wishing to contest the Commission's action in terminating a license shall adhere to the Commission's Rules of Practice and Procedure (5 VAC 5-20-10 et seq.) and the Rules of the Supreme Court of Virginia. Failure by the agent to initiate such contest within 30 calendar days following the date of license termination ~~the license was administratively terminated~~ shall be deemed a waiver by the agent of the right to contest such license termination.

H. Pursuant to the requirements of subsection C of § 38.2-1815, §§ 38.2-4806 and 55-525.19, respectively:

1. A resident variable contract agent whose life and annuities insurance agent license is administratively terminated for failure to satisfy the requirements of this article shall also have such variable contract license administratively terminated by the Commission;

2. A resident agent holding a license as a surplus lines broker whose property and casualty insurance agent license is administratively terminated for failure to satisfy the requirements of this article shall also have such surplus lines broker license administratively terminated by the Commission; and

3. An agent holding a registration as a title settlement agent whose title insurance agent license is administratively terminated for failure to satisfy the requirements of this article shall also have such registration as a title settlement agent administratively terminated by the Commission.

Any such license or registration so terminated may be applied for again after the agent has obtained, respectively, a new life and annuities insurance agent's license, a new property and casualty insurance agent's license, or a new title insurance agent's license and appointment, if appointment is required.

I. A resident agent whose license or licenses have been terminated under the terms of this section shall be permitted to make application for new licenses, provided that such agent has successfully completed, subsequent to the end of the biennium, the examination required by § 38.2-1817. In such an event, the examination requirements shall not be subject to waiver under any circumstances, including those set forth in § 38.2-1817.

J. A nonresident agent whose license or licenses have been terminated under the terms of this section and who is in good standing in the person's state of residence shall be permitted to make application for new licenses in the manner prescribed by § 38.2-1836.

K. A resident or nonresident agent who voluntarily surrenders his license without prejudice during a biennium or prior to the expiration of the appeal period for that biennium as described in subsection F, and who has not provided proof of compliance for such biennium, shall not be permitted to apply for a new license of the same type until such agent has complied with the requirements of subsection I or J.

L. A resident agent whose license terminates because, within 180 calendar days prior to the end of a biennium, or prior to the expiration of the appeal period for that biennium as described in subsection F, such agent moves his residence to another state, and who had not, prior to such relocation, provided proof of compliance for such biennium shall not be permitted to apply for a new license of the same type until such agent has complied with the requirements of subsection J.

M. An insurance consultant who fails to renew his insurance consultant license by the date specified in § 38.2-1840, but who obtains a new insurance consultant license within 12 months following such renewal date shall be treated, for purposes of determining exemption from continuing education requirements pursuant to § 38.2-1871, as if such insurance consultant license had been renewed in a timely manner.

§ 38.2-1870. Waiver of continuing education requirements.

The requirements of this article pertaining to the number of course credits required may be waived, in whole or in part, by the Board for good cause shown. As used herein, "good cause" includes long-term illness or incapacity and such other emergency situations as may be determined by the Board as preventing the agent from satisfying the continuing education credit hours required by this article. Requests for waivers of continuing education requirements shall be made in a form and manner prescribed by the Board. Requests for waiver of all course credit requirements shall be submitted to the Board or its administrator no later than ninety calendar days prior to the end of the biennium for which such waiver is requested. ~~In the event that the long-term illness, incapacity, or such other emergency situation referenced above manifests itself within 120 calendar days prior to the end of the biennium, requests for waivers of some but not all of the course credit requirements shall be submitted to the Board or its administrator no later than the applicable submission deadline set forth in § 38.2-1868.1.~~ The Board shall approve or disapprove the waiver request within thirty calendar days of receipt thereof, and

shall provide written notice of its decision to the applicant for waiver within five calendar days of rendering its decision. Any waiver granted pursuant to this section shall be valid only for the biennium for which waiver application was made.

[H 870]

Approved March 7, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-510 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-510. Unfair claim settlement practices.

A. No person shall commit or perform with such frequency as to indicate a general business practice any of the following:

3. Failing to adopt and implement reasonable standards for the prompt investigation of claims arising under insurance policies;
4. Refusing arbitrarily and unreasonably to pay claims;

6. Not attempting in good faith to make prompt, fair and equitable settlements of claims in which liability has become reasonably clear;
7. Compelling insureds to institute litigation to recover amounts due under an insurance policy by offering substantially less than the amounts ultimately recovered in actions brought by such insureds;
8. Attempting to settle claims for less than the amount to which a reasonable man would have believed he was entitled by reference to written or printed advertising material accompanying or made part of an application;
9. Attempting to settle claims on the basis of an application that was altered without notice to, or knowledge or consent of, the insured;
10. Making claims payments to insureds or beneficiaries not accompanied by a statement setting forth the coverage under which payments are being made;
11. Making known to insureds or claimants a policy of appealing from arbitration awards in favor of insureds or claimants for the purpose of compelling them to accept settlements or compromises less than the amount awarded in arbitration;
12. Delaying the investigation or payment of claims by requiring an insured, a claimant, or the physician of either to submit a preliminary claim report and then requiring the subsequent submission of formal proof of loss forms, when both contain substantially the same information;

Supplemental repair estimates that become necessary after the repair work has been initiated due to discovery of additional damage to the motor vehicle may also be made from photographs, videos, or electronically transmitted digital imagery of the motor vehicle, provided that in the case of disputed repairs a personal inspection is required.*

B. No violation of this section shall of itself be deemed to create any cause of action in favor of any person other than the Commission; but nothing in this subsection shall impair the right of any person to seek redress at law or equity for any conduct for which action may be brought.

C. 1. No insurer shall prepare or use an estimate of the cost of automobile repairs based on the use of an after market part, as defined herein, unless:

The insurer discloses to the claimant in writing either on the estimate or in a separate document attached to the estimate the following information:

The charge outlier threshold for such services initially shall equal 150 percent of the maximum fee for the service set forth in the applicable fee schedule; however, the Commission, in consultation with the firm retained pursuant to subdivision C 4, is authorized on a biennial basis to decrease such percentage if it finds that the number of such claims for which the total charges of the hospital or Type One teaching hospital exceed the charge outlier threshold is less than five percent or to increase such percentage if such number is greater than 10 percent of all such claims.

I. No provider shall use a different charge master or schedule of fees for any medical service provided under this title than the provider uses for health care services provided to patients who are not claimants under this title.

J. The employer shall not be liable in damages for malpractice by a physician or surgeon furnished by him pursuant to the provisions of § 65.2-603, but the consequences of any such malpractice shall be deemed part of the injury resulting from the accident and shall be compensated for as such.

§ 65.2-605.1. Prompt payment; limitation on claims.

A. Payment for health care services that the employer does not contest, deny, or consider incomplete shall be made to the health care provider within 60 days after receipt of each separate itemization of the health care services provided.

B. If the itemization or a portion thereof is contested, denied, or considered incomplete, the employer or the employer's workers' compensation insurance carrier shall notify the health care provider within 45 days after receipt of the itemization that the itemization is contested, denied, or considered incomplete. The notification shall include the following information:

2. If the itemization is considered incomplete, all additional information required to make a decision; and

Payment or denial shall be made within 60 days after receipt from the health care provider of the information requested by the employer or employer's workers' compensation carrier for an incomplete claim under this subsection.

C. Payment due for any properly documented health care services that are neither contested within the 45-day period nor paid within the 60-day period, as required by this section, shall be increased by interest at the judgment rate of interest as provided in § 6.2-302 retroactive to the date payment was due under this section.

D. An employer's liability to a health care provider under this section shall not affect its liability to an employee.

E. No employer or workers' compensation carrier may seek recovery of a payment made to a health care provider for health care services rendered after July 1, 2014, to a claimant, unless such recovery is sought less than one year from the date payment was made to the health care provider, except in cases of fraud. The Commission shall have jurisdiction over any disputes over recoveries.

F. No health care provider shall submit a claim to the Commission contesting the sufficiency of payment for health care services rendered to a claimant after July 1, 2014, unless (i) such claim is filed within one year of the date the last payment is received by the health care provider pursuant to this section or (ii) if the employer denied or contested payment for any portion of the health care services, then, as to that service or portion thereof, such claim is filed within one year of the date the medical award covering such date of service for a specific item or treatment in question becomes final.

G. Any health care provider located outside of the Commonwealth who provides health care services under the Act to a claimant shall be reimbursed as provided in this section, and the "same community," as used in ~~subsection A~~ *subdivision B 1* of § 65.2-605 for treatment provided prior to the transition date as defined in subsection A of § 65.2-605, shall be deemed to be the principal place of business of the employer if located in the Commonwealth or, if no such location exists, then the location where the Commission hearing regarding the dispute is conducted.

H. The Commission, by January 1, 2016, shall establish a schedule pursuant to which employers, employers' workers' compensation insurance carriers, and providers of workers' compensation medical services shall be required, by a date determined by the Commission that is no earlier than July 1, 2016, and no later than December 31, 2018, to adopt and implement infrastructure under which (i) providers of workers' compensation medical services (providers) shall submit their billing, claims, case management, health records, and all supporting documentation electronically to employers or employers' workers' compensation insurance carriers, as applicable (payers) and (ii) payers shall return actual payment, claim status, and remittance information electronically to providers that submit their billing and required supporting documentation electronically. The Commission shall establish standards and methods for such electronic submissions and transactions that are consistent with International Association of Industrial Accident Boards and Commission Medical Billing and Payment guidelines. The Commission shall determine the date by which payers and providers shall be required to adopt and implement the infrastructure, which determinations shall be based on the volume and complexity of workers' compensation cases in which the payer or provider is involved, the resources of the payer or provider, and such other criteria as the Commission determines to be appropriate.

§ 65.2-605.2. Biennial peer-reviewed studies.

A. *The Commission shall have a peer-reviewed study conducted every two years commencing in 2016 by a reputable independent, not-for-profit research organization to determine how Virginia's workers' compensation system and workers' compensation medical costs compare with (i) those of other states' systems and (ii) previous workers' compensation medical benchmarks studies conducted in Virginia. Such studies shall also review the status of access to medical services under Virginia's workers' compensation system.*

B. *The Commission shall pay for the studies conducted pursuant to subsection A through revenues generated pursuant to the administrative tax assessed pursuant to Chapter 10 (§ 65.2-1000 et seq.) and deposited in the fund established pursuant to § 65.2-1007.*

§ 65.2-714. Fees of attorneys and physicians and hospital charges.

A. Fees of attorneys and physicians and charges of hospitals for services, whether employed by employer, employee, or insurance carrier under this title, shall be subject to the approval and award of the Commission. ~~In addition to the provisions of Chapter 13 (§ 65.2-1300 et seq.),~~ *The Commission shall have exclusive jurisdiction over all disputes concerning such fees or charges and may order the repayment of the amount of any fee which has already been paid that it determines to be excessive; appeals from any Commission determinations thereon shall be taken as provided in § 65.2-706. The Commission shall also retain jurisdiction for employees to pursue payment of charges for medical services notwithstanding that bills or parts of bills for health care services may have been paid by a source other than an employer, workers' compensation carrier, guaranty fund, or uninsured employer's fund. No physician shall be entitled to collect fees from an employer or insurance carrier until he has made the reports required by the Commission in connection with the case.*

B. *If a contested claim is held to be compensable under this title and, after a hearing on the claim on its merits or after abandonment of a defense by the employer or insurance carrier, benefits for medical services are awarded and inure to the benefit of a third party third-party insurance carrier or health care provider, the Commission shall award to the employee's attorney a reasonable fee and other reasonable pro rata costs as are appropriate. However, the Commission shall not award attorney fees under this subsection unless and until the employee's attorney has complied with Rule 6.2 of the Rules of the Commission. The fee shall be paid from the sum which that benefits the third party third-party insurance carrier or health care provider. Such fees shall be based on In determining whether the employee's attorney's work with regard to the contested claim resulted in an award of benefits that inure to the benefit of a third-party insurance carrier or health care provider, and in determining the reasonableness of the amount of any fee awarded to an attorney under this subsection, the Commission shall consider only the amount paid by the employer or insurance carrier to the third party third-party insurance carrier or health care provider for medical, surgical, and hospital service rendered to the employee through (i) the date on which the contested claim is heard before the Deputy Commissioner, is settled, or is resolved by order of the Commission or (ii) the date the employer or insurance carrier provides written notice of its abandonment of its defense to the contested claim and shall not consider additional amounts previously paid to a health care provider or reimbursed to a*

third-party insurance carrier. For the purpose of this subsection, a "contested claim" is an initial contested claim for benefits and claims for medical, surgical, and hospital services that are subsequently contested and litigated or after abandonment of a defense by the employer or insurance carrier.

C. Payment of any obligation pursuant to this section to any ~~third party~~ *third-party* insurance carrier or health care provider shall discharge the obligation in full. The Commission shall not reduce the amount of medical bills owed to the Commonwealth or its agencies without the written consent of the Office of the Attorney General.

D. No physician, hospital, or other health care provider as defined in § 8.01-581.1 shall balance bill an employee in connection with any medical treatment, services, appliances, or supplies furnished to the employee in connection with an injury for which (i) a claim has been filed with the Commission pursuant to § 65.2-601, (ii) payment has been made to the health care provider pursuant to § 65.2-605.1, or (iii) an award of compensation is made pursuant to § 65.2-704. For the purpose of this subsection, a health care provider "balance bills" whenever (a) an employer or the employer's insurance carrier declines to pay all of the health care provider's charge or fee and (b) the health care provider seeks payment of the balance from the employee. Nothing in this section shall prohibit a health care provider from using the practices permitted in § 65.2-601.1.

§ 65.2-821.1. Payment and reimbursement practices; prohibitions.

A. As used in this section, unless the context requires a different meaning:

"Contracting entity" means (i) a person that enters into a provider contract with a provider or (ii) an intended beneficiary of the rights of such person under the provider contract.

"Employer" means the employer; any insurance carrier, group self-insured association, or other person providing coverage for the employer's obligation to provide medical service to a claimant under this title; or any third-party administrator acting on behalf of the employer.

"PPO network" means the multiple provider contracts available to an employer pursuant to a PPO network arrangement.

"PPO network arrangement" means an arrangement under which the PPO network arranger sells, conveys, or otherwise transfers to an employer the ability to discount payments or reimbursements to a provider pursuant to the terms of multiple provider contracts to which the PPO network arranger is a direct party.

"PPO network arranger" means a person that operates a PPO network arrangement.

"Provider," "transition date," and "Virginia fee schedule" have the meaning assigned thereto in § 65.2-605. "Provider" includes a provider's employer or professional business entity.

"Provider contract" means an agreement between a contracting entity and a provider pursuant to which the provider agrees to deliver medical services to a claimant under this title in exchange for payment or reimbursement of an agreed-upon amount.

"Third-party administrator" means a person that administers, processes, handles, or pays claims to providers on behalf of an employer.

B. On and after the transition date:

1. No employer shall pay or reimburse a provider for medical services provided to a claimant less than the amount provided for in the applicable Virginia fee schedule or other amount determined as provided in subdivision B 2 or 3 of § 65.2-605 unless:

a. The employer has directly entered into:

(1) A provider contract with the provider;

(2) A contract with a contracting entity that has entered into a provider contract with the provider; or

(3) A contract with a PPO network arranger that authorizes the employer to use a PPO network to derive a benefit from a provider contract; and

b. The provider has agreed to provide medical services to the claimant for an agreed-upon reimbursement or contractual amount as set forth in a provider contract referenced in subdivision a.

2. A person with whom an employer has directly contracted as described in subdivision 1 a shall not sell, lease, or otherwise disseminate data regarding the payment or reimbursement amounts or terms of a provider contract without the express written consent and prior notification of all parties to the provider contract; however, the express written request from, and prior notification to, a provider shall not be required if the provider's identity has been redacted from such data.

3. If an employer uses or relies on a contract described in subdivision 1 a to discount a payment or reimbursement to a provider, the employer shall notify the provider, at the time it remits the payment or reimbursement, of (i) the name of the provider, contracting entity, or PPO network arranger with whom the employer directly contracted and (ii) how, if other than by a direct contract between the employer and the provider, the employer acquired the right to discount the payment or reimbursement to the provider.

4. If an employer uses or relies on a contract with a PPO network arranger described in subdivision 1 a (3) to discount a payment or reimbursement to a provider, the employer shall not shop for the lowest discount for a specific provider among the provider contracts held in multiple PPO networks. This prohibition shall not bar an employer that has entered into a PPO network arrangement and selected a provider contract in the PPO network from availing itself of all discounts provided pursuant to the selected provider contract in the PPO network.

C. Any person who suffers loss as a result of a violation of this section shall be entitled to initiate an action at the Commission to recover actual damages and interest from the date of the violation until entry of the final award. If the

Commission finds that the violation resulted from gross negligence or willful misconduct, it may increase damages to an amount not to exceed three times the actual damages.

2. That the Workers' Compensation Commission's adoption of regulations establishing initial Virginia fee schedules for medical services pursuant to subsection C, and its adoption of regulations adjusting Virginia fee schedules for medical services pursuant to subsection D, of § 65.2-605 of the Code of Virginia as amended and reenacted by this act shall be exempt from the provisions of Article 2 (§ 2.2-4006 et seq.) of the Administrative Process Act (§ 2.2-4000 et seq.) of the Code of Virginia, provided that the Workers' Compensation Commission utilizes a regulatory advisory panel constituted as provided in subdivision F 2 of § 65.2-605 as added by this act to assist in the development of such regulations and provides an opportunity for public comment on the regulations prior to adoption.

3. That Chapter 13 (§§ 65.2-1300 through 65.2-1310) of Title 65.2 of the Code of Virginia is repealed.

4. That the Workers' Compensation Commission (Commission) shall select the members of the regulatory advisory panel created pursuant to subdivision F 2 of § 65.2-605 of the Code of Virginia as added by this act prior to August 1, 2016. The regulatory advisory panel shall meet, review, and make recommendations to the Commission prior to July 1, 2017, on workers' compensation issues relating to (i) pharmaceutical costs not previously included in the Virginia fee schedules; (ii) durable medical equipment costs not previously included in the Virginia fee schedules; (iii) attorney fees awarded under § 65.2-714; (iv) how to resolve the issues that the peer review committees established under Chapter 13 (§§ 65.2-1300 through 65.2-1310) of Title 65.2 of the Code of Virginia as repealed by this act had been authorized to address; (v) prior authorization for medical services; and (vi) any other issues that the Commission assigns to the regulatory advisory panel.

5. That an emergency exists and this act is in force from its passage.

CHAPTER 291

An Act to amend and reenact § 2.2-1156 of the Code of Virginia, relating to the Department of General Services; notice required before disposition of surplus real property.

[H 534]

Approved March 7, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-1156 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-1156. Sale or lease of surplus property and excess building space.

The Department shall identify real property assets that are surplus to the current and reasonably anticipated future needs of the Commonwealth and may dispose of surplus assets as provided in this section, except when a department, agency or institution notifies the Department of a need for property which has been declared surplus, and the Department finds that stated need to be valid and best satisfied by the use of the property.

A. After it determines the property to be surplus to the needs of the Commonwealth and that such property should be sold, the Department shall request the written opinion of the Secretary of Natural Resources as to whether the property is a significant component of the Commonwealth's natural or historic resources, and if so how those resources should be protected in the sale of the property. The Secretary of Natural Resources shall provide this review within 15 business days of receipt of full information from the Department. Within 120 days of receipt of the Secretary's review, the Department shall, with the prior written approval of the Governor, proceed to sell the property.

B. The sale shall be by public auction, or sealed bids, or by marketing through one or more real estate brokers licensed by the Commonwealth. Notice of the date, time and place of sale, if by public auction or sealed bids shall be given by advertisement in at least two newspapers published and having general circulation in the Commonwealth, at least one of which shall have general circulation in the county or city in which the property to be sold is located. At least thirty days shall elapse between publication of the notice and the auction or the date on which sealed bids will be opened.

C. In instances where the appraised value of property proposed to be sold is determined to be a nominal amount or an amount insufficient to warrant statewide advertisement, but in no event in excess of \$250,000, the notice of sale may be placed in only one newspaper having general circulation in the county or city in which the property to be sold is located.

D. The Department may reject any and all bids or offers when, in the opinion of the Department, the price is inadequate in relation to the value of the property, the proposed terms are unacceptable, or if a need has been found for the property.

E. In lieu of the sale of any such property, or in the event the Department determines there is space within a building owned by the Commonwealth or any space leased by the Commonwealth in excess of current and reasonably anticipated needs, the Department may, with the approval of the Governor, lease or sublease such property or space to any responsible person, firm or corporation on such terms as shall be approved by the Governor; provided, however the authority herein to sublease space leased by the Commonwealth shall be subject to the terms of the original lease. *The Department shall post reports from the Commonwealth's statewide electronic procurement system, known as eVA, on the Department's website. The report shall include, at a minimum, current leasing opportunities and sales of surplus real property posted on the eVA's Virginia Business Opportunities website. Such reports shall also be made available by electronic subscription.* The provisions of this section requiring disposition of property through the medium of sealed bids, public auction, or marketing

through licensed real estate brokers shall not apply to any lease thereof, although such procedures may be followed in the discretion of the Department.

F. The deed, lease, or sublease conveying the property or excess space shall be executed in the name of the Commonwealth and shall be in a form approved by the Attorney General. Notwithstanding any law to the contrary and notwithstanding how title to the property was acquired, the deed or lease may be executed on behalf of the Commonwealth by the Director of the Department or his designee, and such action shall not create a cloud on the title to the property. The terms of the sale, lease, or sublease shall be subject to the written approval of the Governor.

G. An exception to sale by sealed bids, public auction, or listing the property with a licensed real estate broker may be granted by the Governor if the property is landlocked and inaccessible from a public road or highway. In such cases, the Department shall notify all adjacent landowners of the Commonwealth's desire to dispose of the property. After the notice has been given, the Department may begin negotiations for the sale of the property with each interested adjacent landowner. The Department, with the approval of the Governor, may accept any offer which it deems to be fair and adequate consideration for the property. In all cases, the offer shall be the best offer made by any adjacent landowner. The terms of all negotiations shall be public information.

H. Subject to any law to the contrary, 50 percent of the proceeds from all sales or leases, or from the conveyance of any interest in property under the provisions of this article, above the costs of the transaction, which costs shall include fees or commissions, if any, negotiated with and paid to auctioneers or real estate brokers, shall be paid into the State Park Acquisition and Development Fund, so long as the sales or leases pertain to general fund agencies or the property involved was originally acquired through the general fund, except as provided in Chapter 180 of the Acts of Assembly of 1966. The remaining 50 percent of proceeds involving general fund sales or leases, less a pro rata share of any costs of the transactions, shall be deposited in the general fund of the state treasury. The Department of Planning and Budget shall develop guidelines which allow, with the approval of the Governor, any portion of the deposit in the general fund to be credited to the agency, department or institution having control of the property at the time it was determined surplus to the Commonwealth's needs. Any amounts so credited to an agency, department or institution may be used, upon appropriation, to supplement maintenance reserve funds or capital project appropriations, or for the acquisition, construction or improvement of real property or facilities. Net proceeds from sales or leases of special fund agency properties or property acquired through a gift for a specific purpose shall be retained by the agency or used in accordance with the original terms of the gift. Notwithstanding the foregoing, income from leases or subleases above the cost of the transaction shall first be applied to rent under the original lease and to the cost of maintenance and operation of the property. The remaining funds shall be distributed as provided herein.

I. When the Department deems it to be in the best interests of the Commonwealth, it may, with the approval of the Governor, authorize the department, institution or agency in possession or control of the property to dispose of surplus property in accordance with the procedures set forth in this section.

4. Environmental location, design, and inspection work regarding highways and bridges by the Commissioner of Highways, the initial contract term shall be limited to two years or when the cumulative total project fees reach \$5 million,

whichever occurs first. Such contract may be renewable for two additional one-year terms at the option of the Commissioner, and the sum of all projects in each one-year contract term shall not exceed \$5 million.

C. Competitive negotiations for such architectural or professional engineering services contracts may result in awards to more than one offeror, provided (i) the Request for Proposal so states and (ii) the public body has established procedures for distributing multiple projects among the selected contractors during the contract term. Such procedures shall prohibit requiring the selected contractors to compete for individual projects based on price.

D. The fee for any single project shall not exceed \$100,000; however, for architectural or engineering services for airports as defined in § 5.1-1 and aviation transportation projects, the project fee of any single project shall not exceed \$500,000, except that for:

The limitations imposed upon single-project fees pursuant to this subsection shall not apply to environmental, location, design, and inspection work regarding highways and bridges by the Commissioner of Highways or architectural and engineering services for rail and public transportation projects by the Director of the Department of Rail and Public Transportation.

E. For the purposes of subsection B, any unused amounts from one contract term shall not be carried forward to any additional term, except as otherwise provided by the Restructured Higher Education Financial and Administrative Operations Act (§ 23-38.88 et seq.).

CHAPTER 295

An Act to amend and reenact § 2.2-4302.2 of the Code of Virginia, relating to the Virginia Public Procurement Act; procurement of information technology goods and services; contractor liability.

[H 930]

Approved March 7, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-4302.2 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-4302.2. Process for competitive negotiation.

A. The process for competitive negotiation shall include the following:

1. Issuance of a written Request for Proposal indicating in general terms that which is sought to be procured, specifying the factors that will be used in evaluating the proposal, indicating whether a numerical scoring system will be used in evaluation of the proposal, and containing or incorporating by reference the other applicable contractual terms and conditions, including any unique capabilities, specifications or qualifications that will be required. In the event that a numerical scoring system will be used in the evaluation of proposals, the point values assigned to each of the evaluation criteria shall be included in the Request for Proposal or posted at the location designated for public posting of procurement notices prior to the due date and time for receiving proposals;

2. Public notice of the Request for Proposal at least 10 days prior to the date set for receipt of proposals by posting on the Department of General Services' central electronic procurement website or other appropriate websites. Additionally, public bodies shall publish in a newspaper of general circulation in the area in which the contract is to be performed so as to provide reasonable notice to the maximum number of offerors that can be reasonably anticipated to submit proposals in response to the particular request. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities. In addition, proposals may be solicited directly from potential contractors. Any additional solicitations shall include certified businesses selected from a list made available by the Department of Small Business and Supplier Diversity; and

3. For goods, nonprofessional services, and insurance, selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the Request for Proposal, including price if so stated in the Request for Proposal. *In the case of a proposal for information technology, as defined in § 2.2-2006, a public body shall not require an offeror to state in a proposal any exception to any liability provisions contained in the Request for Proposal.* Negotiations shall then be conducted with each of the offerors so selected. *The offeror shall state any exception to any liability provisions contained in the Request for Proposal in writing at the beginning of negotiations, and such exceptions shall be considered during negotiation.* Price shall be considered, but need not be the sole or primary determining factor. After negotiations have been conducted with each offeror so selected, the public body shall select the offeror which, in its opinion, has made the best proposal and provides the best value, and shall award the contract to that offeror. When the terms and conditions of multiple awards are so provided in the Request for

Proposal, awards may be made to more than one offeror. Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that offeror; or

4. For professional services, the public body shall engage in individual discussions with two or more offerors deemed fully qualified, responsible and suitable on the basis of initial responses and with emphasis on professional competence, to provide the required services. Repetitive informal interviews shall be permissible. The offerors shall be encouraged to elaborate on their qualifications and performance data or staff expertise pertinent to the proposed project, as well as alternative concepts. In addition, offerors shall be informed of any ranking criteria that will be used by the public body in addition to the review of the professional competence of the offeror. The Request for Proposal shall not, however, request that offerors furnish estimates of man-hours or cost for services. At the discussion stage, the public body may discuss nonbinding estimates of total project costs, including, but not limited to, life-cycle costing, and where appropriate, nonbinding estimates of price for services. In accordance with § 2.2-4342, proprietary information from competing offerors shall not be disclosed to the public or to competitors. At the conclusion of discussion, outlined in this subdivision, on the basis of evaluation factors published in the Request for Proposal and all information developed in the selection process to this point, the public body shall select in the order of preference two or more offerors whose professional qualifications and proposed services are deemed most meritorious.

Negotiations shall then be conducted, beginning with the offeror ranked first. If a contract satisfactory and advantageous to the public body can be negotiated at a price considered fair and reasonable, the award shall be made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price.

Notwithstanding the foregoing, if the terms and conditions for multiple awards are included in the Request for Proposal, a public body may award contracts to more than one offeror.

Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified or that one offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that offeror.

B. Multiphase professional services contracts satisfactory and advantageous to the completion of large, phased, or long-term projects may be negotiated and awarded based on a fair and reasonable price for the first phase only, where the completion of the earlier phases is necessary to provide information critical to the negotiation of a fair and reasonable price for succeeding phases. Prior to entering into any such contract, the public body shall (i) state the anticipated intended total scope of the project and (ii) determine in writing that the nature of the work is such that the best interests of the public body require awarding the contract.

D. 1. The restructured financial and operational authority set forth in Article 3 (§ 23-38.91 et seq.) shall only be granted in accordance with the expressed terms of a management agreement between the public institution of higher education and the Commonwealth.

No restructured financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.) shall be granted to a public institution of higher education unless such authority is expressly included in the management agreement. In addition, the only implied authority that shall be granted from entering into a management agreement is that implied authority that is actually necessary to carry out the expressed grant of restructured financial or operational authority. As a matter of law, the initial presumption shall be that any restructured financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.) is not included in the management agreement. These requirements shall also apply to any other provision included in Article 3 (§ 23-38.91 et seq.).

2. No public institution of higher education shall enter into a management agreement unless:

a. (i) Its most current and unenhanced bond rating received from (a) Moody's Investors Service, Inc., (b) Standard & Poor's, Inc., or (c) Fitch Investor's Services, Inc. is at least AA- (i.e., AA minus) or its equivalent, provided that such bond rating has been received within the last three years of the date that the initial agreement is entered into or (ii) the institution has (a) participated in decentralization pilot programs in the areas of finance and capital outlay, (b) demonstrated management competency in those two areas as evidenced by a written certification from the Cabinet Secretary or

Secretaries designated by the Governor, (c) received additional operational authority under a memorandum of understanding pursuant to § 23-38.90 in at least one functional area, and (d) demonstrated management competency in that area for a period of at least two years. In submitting "The Budget Bill" for calendar year 2005 pursuant to subsection A of § 2.2-1509, the Governor shall include criteria for determining whether or not an institution has demonstrated the management competency required by clause (ii);

b. An absolute two-thirds, or more, of the institution's governing body shall have voted in the affirmative for a resolution expressing the sense of the body that the institution is qualified to be, and should be, governed by the provisions of Article 3 (§ 23-38.91 et seq.), which resolution shall be included in the initial management agreement;

c. The institution agrees to reimburse the Commonwealth for any additional costs to the Commonwealth in providing health or other group insurance benefits to employees, and in undertaking any risk management program, that are attributable to the institution's exercise of any restructured financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.). The institution's agreement to reimburse the Commonwealth for such additional costs shall be expressly included in each management agreement with the institution. The Secretary of Finance and the Secretary of Administration, in consultation with the Virginia Retirement System and the affected institutions, shall establish procedures for determining any amounts to be paid by each institution and a mechanism for transferring the appropriate amounts directly and solely to the programs whose costs have been affected.

In developing management agreements, public institutions of higher education shall give consideration to potential future impacts of tuition increases on the Virginia College Savings Plan (§ 23-38.75) and shall discuss such potential impacts with parties participating in development of such agreements. The chief executive officer of the Virginia College Savings Plan shall provide to the institution and such parties the Plan's assumptions underlying the contract pricing of the program; and

d. Before executing a management agreement with the Commonwealth that affects insurance or benefit programs administered by the Virginia Retirement System, the Governor shall transmit a draft of the relevant provisions to the Board of Trustees of the Virginia Retirement System, which shall review the relevant provisions in order to ensure compliance with the applicable provisions of Title 51.1, administrative policies and procedures and federal regulations governing retirement plans. The Board shall advise the Governor and appropriate Cabinet Secretaries of any conflicts.

3. Each initial management agreement with an institution shall remain in effect for a period of three years. Subsequent management agreements with the institution shall remain in effect for a period of five years.

If an existing agreement is not renewed or a new agreement executed prior to the expiration of the three-year or five-year term, as applicable, the existing agreement shall remain in effect on a provisional basis for a period not to exceed one year. If, after the expiration of the provisional one-year period, the management agreement has not been renewed or a new agreement executed, the institution shall no longer be granted any of the financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.), unless and until such time as a new management agreement is entered into between the institution and the Commonwealth.

The Joint Legislative Audit and Review Commission, in cooperation with the Auditor of Public Accounts, shall conduct a review relating to the initial management agreement with each public institution of higher education. The review shall cover a period of at least the first 24 months from the effective date of the management agreement. The review shall include, but shall not be limited to, the degree of compliance with the expressed terms of the management agreement, the degree to which the institution has demonstrated its ability to manage successfully the administrative and financial operations of the institution without jeopardizing the financial integrity and stability of the institution, the degree to which the institution is meeting the objectives described in subsection B, and any related impact on students and employees of the institution from execution of the management agreement. The Joint Legislative Audit and Review Commission shall make a written report of its review no later than June 30 of the third year of the management agreement. The Joint Legislative Audit and Review Commission is authorized, but not required, to conduct a similar review of any management agreement entered into subsequent to the initial agreement.

4. The right and power by the Governor to void a management agreement shall be expressly included in each management agreement. The management agreement shall provide that if the Governor makes a written determination that a public institution of higher education that has entered into a management agreement with the Commonwealth is not in substantial compliance with the terms of the agreement or with the requirements of this chapter in general, (i) the Governor shall provide a copy of that written determination to the chairmen of the Board of Visitors or other governing body of the public institution of higher education and to the members of the General Assembly, and (ii) the institution shall develop and implement a plan of corrective action, satisfactory to the Governor, for purposes of coming into substantial compliance with the terms of the management agreement and with the requirements of this chapter, as soon as practicable, and shall provide a copy of such corrective action plan to the members of the General Assembly. If after a reasonable period of time after the corrective action plan has been implemented by the institution, the Governor determines that the institution is not yet in substantial compliance with the management agreement or the requirements of this chapter, the Governor may void the management agreement. Upon the Governor voiding a management agreement, the affected public institution of higher education shall not be allowed to exercise any restructured financial or operational authority pursuant to the provisions of Article 3 (§ 23-38.91 et seq.) unless and until the institution enters into a subsequent management agreement with the Secretary or Secretaries designated by the Governor or the void management agreement is reinstated by the General Assembly.

5. A management agreement with a public institution of higher education shall not grant any of the restructured financial or operational authority set forth in Article 3 (§ 23-38.91 et seq.) to the Virginia Cooperative Extension and Agricultural Experiment Station, the University of Virginia College at Wise, or the Virginia Institute of Marine Sciences or to an affiliated entity of the institution unless such intent, as well as the degree of the restructured financial or operational authority to be granted, is expressly included in the management agreement.

6. Following the execution of each management agreement with a public institution of higher education and submission of that management agreement to the Chairmen of the House Committee on Appropriations, the House Committee on Education, the Senate Committee on Finance, and the Senate Committee on Education and Health pursuant to § 23-38.97, the Governor shall include a recommendation for approval of the management agreement in "The Budget Bill" submitted pursuant to subsection A of § 2.2-1509 or in his gubernatorial amendments submitted pursuant to subsection E of § 2.2-1509 due by the December 20 that immediately follows the date of submission of the management agreement to such Committees. Following the General Assembly's consideration of whether to approve or disapprove the management agreement as recommended, if the management agreement is approved as part of the general appropriation act, it shall become effective on the effective date of such general appropriation act. However, no management agreement shall be entered into by a public institution of higher education and the Secretary or Secretaries designated by the Governor after November 15 of a calendar year.

E. A covered institution and the members of its governing body, officers, directors, employees, and agents shall be entitled to the same sovereign immunity to which they would be entitled if the institution were not governed by this chapter; provided further, that the Virginia Tort Claims Act (§ 8.01-195.1 et seq.) and its limitations on recoveries shall remain applicable with respect to institutions governed by this chapter.

§ 58.1-1840.1. Virginia Tax Amnesty Program established.

A. There is hereby established the Virginia Tax Amnesty Program. It is the intent of this program to improve voluntary compliance with the tax laws and to increase and to accelerate collections of certain taxes owed to the Commonwealth.

B. The Virginia Tax Amnesty Program shall be administered by the Department of Taxation, and any person, individual, corporation, estate, trust or partnership required to file a return or to pay any tax administered or collected by the Department of Taxation shall be eligible to participate, subject to the requirements set forth below and guidelines established by the Tax Commissioner.

C. The Tax Commissioner shall establish guidelines and rules for the procedures for participation and any other rules that are deemed necessary by the Tax Commissioner. The guidelines and rules issued by the Tax Commissioner regarding the Virginia Tax Amnesty Program shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

D. The Virginia Tax Amnesty Program shall have the following features:

1. The program shall be conducted during the period July 1, 2009, through June 30, 2010, and shall not last less than 60 nor more than 75 days. The exact dates of the program shall be established by the Tax Commissioner.

2. All civil or criminal penalties assessed or assessable, as provided in this title, including the addition to tax under §§ 58.1-492 and 58.1-504, and one-half of the interest assessed or assessable, as provided in this title, which are the result of nonpayment, underpayment, nonreporting or underreporting of tax liabilities, shall be waived upon receipt of the payment of the amount of taxes and interest owed, with the following exceptions:

a. No person, individual, corporation, estate, trust or partnership currently under investigation or prosecution for filing a fraudulent return or failing to file a return with the intent to evade tax shall qualify to participate.

b. No person, individual, corporation, estate, trust or partnership shall be eligible to participate in the program with respect to any assessment outstanding for which the date of assessment is less than 90 days prior to the first day of the program or with respect to any liability arising from the failure to file a return for which the due date of the return is less than 90 days prior to the first day of the program.

c. No person, individual, corporation, estate, or trust shall be eligible to participate in the program with respect to any tax liability from the income taxes imposed by §§ 58.1-320, 58.1-360 and 58.1-400, if the tax liability is attributable to taxable years beginning on and after January 1, 2008.

E. For the purpose of computing the outstanding balance due because of the nonpayment, underpayment, nonreporting or underreporting of any tax liability that has not been assessed prior to the first day of the program, the rate of interest specified for omitted taxes and assessments under § 58.1-15 shall not be applicable. The Tax Commissioner shall, instead, establish one interest rate to be used for each taxable year that approximates the average "underpayment rate" specified under § 58.1-15 for the five-year period immediately preceding the program.

F.1. If any taxpayer eligible for amnesty under this section and under the rules and guidelines established by the Tax Commissioner retains any outstanding balance after the close of the Virginia Tax Amnesty Program because of the nonpayment, underpayment, nonreporting or underreporting of any tax liability eligible for relief under the Virginia Tax Amnesty Program, then such balance shall be subject to a 20 percent penalty on the unpaid tax. This penalty is in addition to all other penalties that may apply to the taxpayer.

2. Any taxpayer who defaults upon any agreement to pay tax and interest arising out of a grant of amnesty is subject to reinstatement of the penalty and interest forgiven and the imposition of the penalty under this section as though the taxpayer retained the original outstanding balance at the close of the Virginia Tax Amnesty Program.

G. For the purpose of implementing the Virginia Tax Amnesty Program, the Department is exempt from ~~§§ 2.2-2015 subsection B of § 2.2-2016.1~~ and §§ 2.2-2018.1 through 2.2-2021 pertaining to the Virginia Information Technologies Agency's project management and procurement oversight.

2. That §§ 2.2-2008, 2.2-2010, and 2.2-2015 of the Code of Virginia are repealed.

Be it enacted by the General Assembly of Virginia:

1. That § 33.2-1526 of the Code of Virginia is amended and reenacted as follows:

§ 33.2-1526. Commonwealth Space Flight Fund, Commonwealth Port Fund, Commonwealth Airport Fund, and Commonwealth Mass Transit Fund.

Of the funds becoming part of the Transportation Trust Fund pursuant to subdivision 2 of § 33.2-1524, an aggregate of 4.2 percent shall be set aside as the Commonwealth Port Fund as established in subdivision A 2 of § 58.1-638; an aggregate of 2.4 percent shall be set aside as the Commonwealth Airport Fund as established in subdivision A 3 of § 58.1-638; and an aggregate of 14.7 percent shall be set aside as the Commonwealth Mass Transit Fund as established in subdivision A 4 of § 58.1-638. CHAPTER 300

An Act to amend and reenact §§ 56-585.2 and 58.1-439.12:08 of the Code of Virginia and to amend the Code of Virginia by adding in Article 13 of Chapter 3 of Title 58.1 a section numbered 58.1-439.12:11, relating to Virginia research and development expenses tax credits.

[S 58]

Approved March 7, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 56-585.2 and 58.1-439.12:08 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Article 13 of Chapter 3 of Title 58.1 a section numbered 58.1-439.12:11 as follows:

§ 56-585.2. Sale of electricity from renewable sources through a renewable energy portfolio standard program.

A. As used in this section:

"Qualified investment" means an expense incurred in the Commonwealth by a participating utility in conducting, either by itself or in partnership with institutions of higher education in the Commonwealth or with industrial or commercial customers that have established renewable energy research and development programs in the Commonwealth, research and development activities related to renewable or alternative energy sources, which expense (i) is designed to enhance the participating utility's understanding of emerging energy technologies and their potential impact on and value to the utility's system and customers within the Commonwealth; (ii) promotes economic development within the Commonwealth; (iii) supplements customer-driven alternative energy or energy efficiency initiatives; (iv) supplements alternative energy and energy efficiency initiatives at state or local governmental facilities in the Commonwealth; or (v) is designed to mitigate the environmental impacts of renewable energy projects.

"Renewable energy" shall have the same meaning ascribed to it in § 56-576, provided such renewable energy is (i) generated in the Commonwealth or in the interconnection region of the regional transmission entity of which the participating utility is a member, as it may change from time to time, and purchased by a participating utility under a power purchase agreement; provided, however, that if such agreement was executed on or after July 1, 2013, the agreement shall expressly transfer ownership of renewable attributes, in addition to ownership of the energy, to the participating utility; (ii) generated by a public utility providing electric service in the Commonwealth from a facility in which the public utility owns at least a 49 percent interest and that is located in the Commonwealth, in the interconnection region of the regional transmission entity of which the participating utility is a member, or in a control area adjacent to such interconnection region; or (iii) represented by renewable energy certificates. "Renewable energy" shall not include electricity generated from pumped storage, but shall include run-of-river generation from a combined pumped-storage and run-of-river facility.

"Renewable energy certificate" means either (i) a certificate issued by an affiliate of the regional transmission entity of which the participating utility is a member, as it may change from time to time, or any successor to such affiliate, and held or acquired by such utility, that validates the generation of renewable energy by eligible sources in the interconnection region of the regional transmission entity or (ii) a certificate issued by the Commission pursuant to subsection J and held or acquired by a participating utility, that validates a qualified investment made by the participating utility.

"Total electric energy sold in the base year" means total electric energy sold to Virginia jurisdictional retail customers by a participating utility in calendar year 2007, excluding an amount equivalent to the average of the annual percentages of the electric energy that was supplied to such customers from nuclear generating plants for the calendar years 2004 through 2006.

B. Any investor-owned incumbent electric utility may apply to the Commission for approval to participate in a renewable energy portfolio standard program, as defined in this section. The Commission shall approve such application if the applicant demonstrates that it has a reasonable expectation of achieving 12 percent of its base year electric energy sales from renewable energy sources during calendar year 2022, and 15 percent of its base year electric energy sales from renewable energy sources during calendar year 2025, as provided in subsection D.

C. It is in the public interest for utilities that seek to have a renewable energy portfolio standard program to achieve the goals set forth in subsection D, such goals being referred to herein as "RPS Goals." A utility shall receive double credit toward meeting the renewable energy portfolio standard for energy derived from sunlight, from onshore wind, or from facilities in the Commonwealth fueled primarily by animal waste, and triple credit toward meeting the renewable energy portfolio standard for energy derived from offshore wind.

D. Regarding any renewable energy portfolio standard program, the total electric energy sold by a utility to meet the RPS Goals shall be composed of the following amounts of electric energy or renewable thermal energy equivalent from renewable energy sources, as adjusted for any sales volumes lost through operation of the customer choice provisions of subdivision A 3 or A 4 of § 56-577:

RPS Goal I: In calendar year 2010, 4 percent of total electric energy sold in the base year.

RPS Goal II: For calendar years 2011 through 2015, inclusive, an average of 4 percent of total electric energy sold in the base year, and in calendar year 2016, 7 percent of total electric energy sold in the base year.

RPS Goal III: For calendar years 2017 through 2021, inclusive, an average of 7 percent of total electric energy sold in the base year, and in calendar year 2022, 12 percent of total electric energy sold in the base year.

RPS Goal IV: For calendar years 2023 and 2024, inclusive, an average of 12 percent of total electric energy sold in the base year, and in calendar year 2025, 15 percent of total electric energy sold in the base year.

A utility may not apply renewable energy certificates issued pursuant to subsection J to meet more than 20 percent of the sales requirement for the RPS Goal in any year.

A utility may apply renewable energy sales achieved or renewable energy certificates acquired during the periods covered by any such RPS Goal that are in excess of the sales requirement for that RPS Goal to the sales requirements for any future RPS Goals in the five calendar years after the renewable energy was generated or the renewable energy certificates were created, except that a utility shall be able to apply renewable energy certificates acquired by the utility prior to January 1, 2014.

E. A utility participating in such program shall have the right to recover all incremental costs incurred for the purpose of such participation in such program, as accrued against income, through rate adjustment clauses as provided in subdivisions A 5 and A 6 of § 56-585.1, including, but not limited to, administrative costs, ancillary costs, capacity costs, costs of energy represented by certificates described in subsection A, and, in the case of construction of renewable energy generation facilities, allowance for funds used during construction until such time as an enhanced rate of return, as determined pursuant to subdivision A 6 of § 56-585.1, on construction work in progress is included in rates, projected construction work in progress, planning, development and construction costs, life-cycle costs, and costs of infrastructure associated therewith, plus an enhanced rate of return, as determined pursuant to subdivision A 6 of § 56-585.1. This subsection shall not apply to qualified investments as provided in subsection K. All incremental costs of the RPS program shall be allocated to and recovered from the utility's customer classes based on the demand created by the class and within the class based on energy used by the individual customer in the class, except that the incremental costs of the RPS program shall not be allocated to or recovered from customers that are served within the large industrial rate classes of the participating utilities and that are served at primary or transmission voltage.

F. A utility participating in such program shall apply towards meeting its RPS Goals any renewable energy from existing renewable energy sources owned by the participating utility or purchased as allowed by contract at no additional cost to customers to the extent feasible. A utility participating in such program shall not apply towards meeting its RPS Goals renewable energy certificates attributable to any renewable energy generated at a renewable energy generation source in operation as of July 1, 2007, that is operated by a person that is served within a utility's large industrial rate class and that is served at primary or transmission voltage, except for those persons providing renewable thermal energy equivalents to the utility. A participating utility shall be required to fulfill any remaining deficit needed to fulfill its RPS Goals from new renewable energy supplies at reasonable cost and in a prudent manner to be determined by the Commission at the time of approval of any application made pursuant to subsection B. A participating utility may sell renewable energy certificates produced at its own generation facilities located in the Commonwealth or, if located outside the Commonwealth, owned by such utility and in operation as of January 1, 2010, or renewable energy certificates acquired as part of a purchase power

agreement, to another entity and purchase lower cost renewable energy certificates and the net difference in price between the renewable energy certificates shall be credited to customers. Utilities participating in such program shall collectively, either through the installation of new generating facilities, through retrofit of existing facilities or through purchases of electricity from new facilities located in Virginia, use or cause to be used no more than a total of 1.5 million tons per year of green wood chips, bark, sawdust, a tree or any portion of a tree which is used or can be used for lumber and pulp manufacturing by facilities located in Virginia, towards meeting RPS goals, excluding such fuel used at electric generating facilities using wood as fuel prior to January 1, 2007. A utility with an approved application shall be allocated a portion of the 1.5 million tons per year in proportion to its share of the total electric energy sold in the base year, as defined in subsection A, for all utilities participating in the RPS program. A utility may use in meeting RPS goals, without limitation, the following sustainable biomass and biomass based waste to energy resources: mill residue, except wood chips, sawdust and bark; pre-commercial soft wood thinning; slash; logging and construction debris; brush; yard waste; shipping crates; dunnage; non-merchantable waste paper; landscape or right-of-way tree trimmings; agricultural and vineyard materials; grain; legumes; sugar; and gas produced from the anaerobic decomposition of animal waste.

G. The Commission shall promulgate such rules and regulations as may be necessary to implement the provisions of this section including a requirement that participants verify whether the RPS goals are met in accordance with this section.

H. Each investor-owned incumbent electric utility shall report to the Commission annually by November 1 identifying:

1. The utility's efforts, if any, to meet the RPS Goals, specifically identifying:

a. A list of all states where the purchased or owned renewable energy was generated, specifying the number of megawatt hours or renewable energy certificates originating from each state;

b. A list of the decades in which the purchased or owned renewable energy generating units were placed in service, specifying the number of megawatt hours or renewable energy certificates originating from those units; and

c. A list of fuel types used to generate the purchased or owned renewable energy, specifying the number of megawatt hours or renewable energy certificates originating from each fuel type;

2. The utility's overall generation of renewable energy; and

3. Advances in renewable generation technology that affect activities described in subdivisions 1 and 2.

I. The Commission shall post on its website the reports submitted by each investor-owned incumbent electric utility pursuant to subsection H.

J. The Commission shall issue to a participating utility a number of renewable energy certificates for qualified investments, upon request by a participating utility, if it finds that an expense satisfies the conditions set forth in this section for a qualified investment, as follows:

1. By March 31 of each year, the participating utility shall provide an analysis, as reasonably determined by a qualified independent broker, of the average for the preceding year of the publicly available prices for Tier 1 renewable energy certificates and Tier 2 renewable energy certificates, validating the generation of renewable energy by eligible sources, that were issued in the interconnection region of the regional transmission entity of which the participating utility is a member;

2. In the same annual analysis provided to the Commission, the participating utility shall divide the amount of the participating utility's qualified investments in the applicable period by the average price determined pursuant to subdivision 1;

3. The number of renewable energy certificates to be issued to the participating utility shall equal the product obtained pursuant to subdivision 2; and

4. The Commission shall review and validate the analysis provided by the participating utility within 90 days of submittal of its analysis to the Commission. If no corrections are made by the Commission, then the analysis shall be deemed correct and the renewable energy certificates shall be deemed issued to the participating utility.

Each renewable energy certificate issued to a participating utility pursuant to this subsection shall represent the equivalent of one megawatt hour of renewable energy sales achieved when applied to an RPS Goal.

K. Qualified investments shall constitute reasonable and prudent operating expenses of a participating utility. Notwithstanding subsection E, a participating utility shall not be authorized to recover the costs associated with qualified investments through rate adjustment clauses as provided in subdivisions A 5 and A 6 of § 56-585.1. In any proceeding conducted pursuant to § 56-585.1 or other provision of this title in which a participating utility seeks recovery of its qualified investments as an operating expense, the participating utility shall not be authorized to earn a return on its qualified investments.

L. A participating utility shall not be eligible for a research and development tax credit pursuant to § 58.1-439.12:08 *or* 58.1-439.12:11 with regard to any expense incurred or investment made by the participating utility that constitutes a qualified investment pursuant to this section.

§ 58.1-439.12:08. Research and development expenses tax credit.

A. As used in this section, unless the context requires a different meaning:

"Partnership" means the Virginia Economic Development Partnership.

"Virginia base amount" means the base amount as defined in § 41(c) of the Internal Revenue Code, as amended, that is attributable to Virginia, determined by (i) substituting "Virginia qualified research and development expense" for "qualified research expense"; (ii) substituting "Virginia qualified research" for "qualified research"; and (iii) instead of "fixed base percentage," using:

1. The percentage that the Virginia qualified research and development expense for the three taxable years immediately preceding the current taxable year in which the expense is incurred is of the taxpayer's total gross receipts for such years; or

2. The percentage that the Virginia qualified research and development expense for the applicable number of taxable years immediately preceding the current taxable year in which the expense is incurred is of the taxpayer's total gross receipts for such years, for the taxpayer that has fewer than three but at least one prior taxable year.

"Virginia gross receipts" means the same as "gross receipts" as defined in § 58.1-3700.1.

"Virginia qualified research" means qualified research, as defined in § 41(d) of the Internal Revenue Code, as amended, that is conducted in the Commonwealth.

"Virginia qualified research and development expenses" means qualified research expenses, as defined in § 41(b) of the Internal Revenue Code, as amended, incurred for Virginia qualified research.

B. For taxable years beginning on or after January 1, 2011, but before January 1, 2019 2022, a taxpayer shall be allowed a credit against the tax levied pursuant to § 58.1-320 or 58.1-400 in an amount equal to (i) 15 percent of the first ~~\$234,000~~ \$300,000 in Virginia qualified research and development expenses paid or incurred by the taxpayer during the taxable year or (ii) 20 percent of the first ~~\$234,000~~ \$300,000 in Virginia qualified research and development expenses paid or incurred by the taxpayer during the taxable year if the Virginia qualified research was conducted in conjunction with a Virginia public or private college or university, to the extent the expenses exceed the Virginia base amount for the taxpayer.

shareholders, unless the partnership, limited liability company, or electing small business corporation (S corporation) elects for such credits not to be so allocated but to be received and claimed at the entity level by the partnership, limited liability company, or electing small business corporation (S corporation) pursuant to guidelines that shall be issued by the Department for purposes of such election.

G. J. The Department shall adopt guidelines to prescribe standards for determining when research and development is considered conducted in the Commonwealth for purposes of allowing the credit under this section. In adopting guidelines, the Department may consider (i) the location where the research and development is performed; (ii) the residence or business location of the taxpayer or taxpayers conducting the research and development; (iii) the location where supplies used in the research and development are consumed; and (iv) any other factors that the Department deems to be relevant.

§ 58.1-439.12:11. Major research and development expenses tax credit.

A. As used in this section, unless the context requires a different meaning:

"Virginia qualified research" means qualified research, as defined in § 41(d) of the Internal Revenue Code, as amended, that is conducted in the Commonwealth.

"Virginia qualified research and development expenses" means qualified research expenses, as defined in § 41(b) of the Internal Revenue Code, as amended, incurred for Virginia qualified research.

If the taxpayer did not pay or incur Virginia qualified research and development expenses in any one of the three taxable years immediately preceding the taxable year for which the credit is being determined, the tax credit shall equal five percent of the Virginia qualified research and development expenses paid or incurred by the taxpayer during the relevant taxable year.

C. The aggregate amount of credits granted for each fiscal year of the Commonwealth pursuant to this section shall not exceed \$20 million.

D. In the event approved applications for the tax credits allowed under this section exceed \$20 million for any taxable year, the Department shall apportion the credits by dividing \$20 million by the total amount of tax credits approved, to determine the percentage of allowed tax credits each taxpayer shall receive.

E. The amount of the credit claimed for the taxable year shall not exceed 75 percent of the total amount of tax imposed by this chapter upon the taxpayer for the taxable year. Any credit not usable for the taxable year for which the credit was first allowed may be carried over for credit against the income taxes of the taxpayer in the next 10 succeeding taxable years or until the total amount of the tax credit has been taken, whichever is sooner.

F. Any taxpayer who claims the tax credit for Virginia qualified research and development expenses pursuant to this section shall not use such expenses as the basis for claiming any other credit provided under the Code of Virginia.

G. Credits granted to a partnership, limited liability company, or electing small business corporation (S corporation) shall be allocated to the individual partners, members, or shareholders, respectively, in proportion to their ownership interests in such entities or in accordance with a written agreement entered into by such individual partners, members, or shareholders.

H. The Department shall develop and publish guidelines under this section including guidelines for applying for the tax credit. Such guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.). Applications for the tax credit must be received by the Department no later than July 1 of the calendar year following the close of the taxable year in which the expenses were paid or incurred.

The Department shall also adopt guidelines to prescribe standards for determining when research and development is considered conducted in the Commonwealth for purposes of allowing the credit under this section. In adopting guidelines, the Department may consider (i) the location where the research and development is performed; (ii) the residence or business location of the taxpayer or taxpayers conducting the research and development; (iii) the location where supplies used in the research and development are consumed; and (iv) any other factors that the Department deems to be relevant.

2. The foregoing provision shall not apply to research conducted using stem cells other than embryonic stem cells.

CHAPTER 301

An Act to amend and reenact § 58.1-3713 of the Code of Virginia, relating to the local gas road improvement and Virginia Coalfield Economic Development Authority tax; use of revenues.

[S 182]

Approved March 7, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3713 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3713. Local gas road improvement and Virginia Coalfield Economic Development Authority tax.

A. In addition to the taxes authorized under § 58.1-3712, any county or city may adopt a license tax on every person engaging in the business of severing gases from the earth. The rate of such tax shall not exceed one percent. The provisions of § 58.1-3712 as they relate to measurement of gross receipts, filing of reports and record keeping shall be applicable to the tax imposed under this section.

The moneys collected for each county or city from the taxes imposed under authority of this section and subsection B of § 58.1-3741 shall be paid into a special fund of such county or city to be called the Coal and Gas Road Improvement Fund of such county or city, and shall be spent for such improvements to public roads as the coal and gas road improvement advisory committee and the governing body of such county or city may determine as provided in subsection B of this section. The county may also, in its discretion, elect to improve city or town roads with its funds if consent of the city or town council is obtained. Such funds shall be in addition to those allocated to such counties from state highway funds which allocations shall not be reduced as a result of any revenues received from the tax imposed hereunder. In those localities that comprise the Virginia Coalfield Economic Development Authority, the tax imposed under this section or subsection B of § 58.1-3741 shall be paid as follows: (i) three-fourths of the revenue shall be paid to the Coal and Gas Road Improvement Fund and used for the purposes set forth herein; however, one-fourth of such revenue may be used to fund the construction of new water or sewer systems and lines *and the repair or enhancement of existing water or sewer systems and lines* in areas with natural water supplies that are insufficient from the standpoint of quality or quantity, or the construction of natural gas service lines as authorized by § 15.2-2109.3, and (ii) one-fourth of the revenue shall be paid to the Virginia Coalfield Economic Development Fund. Furthermore, with regard to the portion paid to the Coal and Gas Road Improvement Fund, a county or city may provide for an additional one-fourth allocation for the construction of new systems or lines for water, sewer, or natural gas as authorized by § 15.2-2109.3, or the repair or enhancement of existing water, sewer, or natural gas systems or lines in areas with natural water supplies or existing natural gas services that are insufficient from the standpoint of quality or quantity; however, if this option is initiated by a county or city, it must satisfy the requirements set forth in § 58.1-3713.01. Notwithstanding the foregoing limitations regarding revenues used for water systems, sewer systems, or natural gas systems, such revenues designated for water and water systems, sewer systems, or natural gas systems shall be distributed directly to the local public service authority for such purposes instead of the local governing body. Funds in the Coal and Gas Road Improvement Fund used to construct, repair, or enhance natural gas service lines or systems shall not exceed one-fourth of the revenue paid to the Coal and Gas Road Improvement Fund collected from the severance tax imposed upon the severance of natural gas pursuant to this section and may be so used only upon passage of a local ordinance or resolution of the governing body of the applicable county or city providing for the same.

B. Any county or city imposing the tax authorized in this section or in subsection B of § 58.1-3741 shall establish a Coal and Gas Road Improvement Advisory Committee, to be composed of four members: (i) a member of the governing body of such county or city, appointed by the governing body, (ii) a representative of the Department of Transportation, and (iii) two citizens of such county or city connected with the coal and gas industry, appointed for a term of four years, initially commencing July 1, 1989, by the chief judge of the circuit court.

Such committee shall develop on or before July 1 of each year a plan for improvement of roads during the following fiscal year. Such plan shall have the approval of three members of the committee and shall be submitted to the governing body of the county or city for approval. The governing body may approve or disapprove such plan, but may make no changes without the approval of three members of the committee.

C. No tax shall be imposed under this section on or after January 1, 2018.

CHAPTER 302

The Commissioner's written authorization for use of any set of license plates issued under this subdivision shall be kept in the vehicle on which the license plates are displayed until expiration of the authorization.

§ 46.2-1077. Motor vehicles not to be equipped with television within view of driver; viewing motion pictures or similar displays while driving.

A. No motor vehicle registered in the Commonwealth of Virginia shall be equipped with, nor shall there be used therein, a television receiver when the moving images are visible to the driver while the vehicle is in motion. The operator of a motor vehicle that is not required to be registered in Virginia ~~the Commonwealth~~ shall not operate a television receiver that violates the provisions of this section while driving in the Commonwealth.

The prohibitions contained in this subsection shall not, however, include:

CHAPTER 303

An Act to amend and reenact § 58.1-623 of the Code of Virginia, relating to sales and use tax; refunds.

[S 444]

Approved March 7, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-623 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-623. Sales or leases presumed subject to tax; exemption certificates.

A. All sales or leases are subject to the tax until the contrary is established. The burden of proving that a sale, distribution, lease, or storage of tangible personal property is not taxable is upon the dealer unless he takes from the taxpayer a certificate to the effect that the property is exempt under this chapter.

B. The certificate mentioned in this section shall relieve the person who takes such certificate from any liability for the payment or collection of the tax, except upon notice from the Tax Commissioner that such certificate is no longer acceptable. Such certificate shall be signed by and bear the name and address of the taxpayer; shall indicate the number of the certificate of registration, if any, issued to the taxpayer; shall indicate the general character of the tangible personal property sold, distributed, leased, or stored, or to be sold, distributed, leased, or stored under a blanket exemption certificate; and shall be substantially in such form as the Tax Commissioner may prescribe. If an exemption pertains to a nonprofit organization, other than a nonprofit church, that has qualified for a sales and use tax exemption under § 58.1-609.11, the exemption certificate shall be valid until the scheduled expiration date stated on the exemption certificate.

C. If a taxpayer who gives a certificate under this section makes any use of the property other than an exempt use or retention, demonstration, or display while holding the property for resale, distribution, or lease in the regular course of business, such use shall be deemed a taxable sale by the taxpayer as of the time the property or service is first used by him, and the cost of the property to him shall be deemed the sales price of such retail sale. If the sole use of the property other than retention, demonstration, or display in the regular course of business is the rental of the property while holding it for sale, distribution, or lease, the taxpayer may elect to pay the tax on the amount of the rental charged, rather than the cost of the property to him.

D. If a taxpayer gives a certificate under this section with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased, but of such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales or distributions from the mass of commingled goods shall be deemed to be sales or distributions of the goods so purchased until a quantity of commingled goods equal to the quantity of purchased goods so commingled has been sold or distributed.

E. If a taxpayer fails to give the dealer at the time of purchase an exemption certificate previously issued by the Department, no interest shall be paid on a subsequent refund claim for any period prior to the date the taxpayer makes a complete refund claim with the Department. This subsection shall not apply to transactions exempted under self-executing certificates of exemption not issued to a specific taxpayer by the Department.

2. That the Department of Taxation may promulgate guidelines implementing the provisions of this act and update such guidelines thereafter as deemed necessary by the Tax Commissioner. The development and publication of such guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.) of the Code of Virginia.

A. For purposes of this article, Virginia taxable income for a taxable year means the federal taxable income and any other income taxable to the corporation under federal law for such year of a corporation adjusted as provided in subsections B, C, D, and E.

For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, and E.

B. There shall be added to the extent excluded from federal taxable income:

1. Interest, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such other state unless created by compact or agreement to which the Commonwealth is a party;

2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;

3. [Repealed.]

4. The amount of any net income taxes and other taxes, including franchise and excise taxes, which are based on, measured by, or computed with reference to net income, imposed by the Commonwealth or any other taxing jurisdiction, to the extent deducted in determining federal taxable income;

5. Unrelated business taxable income as defined by § 512 of the Internal Revenue Code;

6. [Repealed.]

7. The amount required to be included in income for the purpose of computing the partial tax on an accumulation distribution pursuant to § 667 of the Internal Revenue Code;

8. a. For taxable years beginning on and after January 1, 2004, the amount of any intangible expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a, may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence

relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under § 58.1-446;

9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

(2) The interest expenses and costs are not directly or indirectly for, related to or in connection with the direct or indirect acquisition, maintenance, management, sale, exchange, or disposition of intangible property; and

(3) The transaction giving rise to the expenses and costs between the corporation and the related member has a valid business purpose other than the avoidance or reduction of taxation and payments between the parties are made at arm's length rates and terms; and

(4) One of the following applies:

(i) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(ii) Payments arise pursuant to a pre-existing contract entered into when the parties were not related members provided the payments continue to be made at arm's length rates and terms;

(iii) The related member engages in transactions with parties other than related members that generate revenue in excess of \$2 million annually; or

(iv) The transaction giving rise to the interest payments between the corporation and a related member was done at arm's length rates and terms and meets any of the following: (a) the related member uses funds that are borrowed from a party other than a related member or that are paid, incurred or passed-through to a person who is not a related member; (b) the debt is part of a regular and systematic funds management or portfolio investment activity conducted by the related member, whereby the funds of two or more related members are aggregated for the purpose of achieving economies of scale, the internal financing of the active business operations of members, or the benefit of centralized management of funds; (c) financing the expansion of the business operations; or (d) restructuring the debt of related members, or the pass-through of acquisition-related indebtedness to related members.

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due

under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. If (i) the same parcel of real property contains four or more dwelling units and (ii) the total number of qualified housing units on the parcel in the relevant taxable year exceeds 25 percent of the total dwelling units on the parcel, then the tax credit under this section shall apply only to a limited number of qualified housing units with regard to such parcel of real property, with the limited number being equal to 25 percent of the total dwelling units on such parcel of real property in the taxable year.

C. The Department of Housing and Community Development shall issue tax credits under this section on a fiscal year basis. The maximum amount of tax credits that may be issued under this section in each fiscal year shall be \$250,000.

D. Participating landlords shall apply to the Department of Housing and Community Development for tax credits under this section. The Department of Housing and Community Development shall determine the credit amount allowable to the participating landlord for the taxable year and shall also determine the fair market value of the rent for the qualified housing unit based on the fair market rent approved by the United States Department of Housing and Urban Development as the basis for the tenant-based assistance provided through the housing choice voucher program for the qualified housing unit. In issuing tax credits under this section, the Department of Housing and Community Development shall provide a written certification to the participating landlord, which certification shall report the amount of the tax credit approved by the Department. The participating landlord shall attach the certification to the applicable income tax return.

E. The Board of Housing and Community Development shall establish and issue guidelines for purposes of implementing the provisions of this section. The guidelines shall provide for the allocation of tax credits among participating landlords requesting credits. The guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

F. In no case shall the amount of credit taken by a participating landlord for any taxable year exceed the total amount of tax imposed by this chapter for the taxable year. If the amount of credit issued by the Department of Housing and Community Development for a taxable year exceeds the landlord's tax liability imposed by this chapter for such taxable year, then the amount that exceeds the tax liability may be carried over for credit against the income taxes of the participating landlord in the next five taxable years or until the total amount of the tax credit issued has been taken, whichever is sooner. Credits granted to a partnership, limited liability company, or electing small business corporation (S corporation) shall be allocated to the individual partners, members, or shareholders, respectively, in proportion to their ownership or interest in such business entities.

~~G. No person shall be allowed a tax credit under § 58.1-339.9 and this section for the rental of the same dwelling unit in a taxable year.~~

~~H. In the event that the amount of the qualified requests for tax credits for participating landlords in the fiscal year exceeds \$250,000, the Department of Housing and Community Development shall pro rate the tax credits among the qualified applicants.~~

§ 58.1-3706. Limitation on rate of license taxes.

A. Except as specifically provided in this section and except for the fee authorized in § 58.1-3703, no local license tax imposed pursuant to the provisions of this chapter, except §§ 58.1-3712; ~~58.1-3712.4~~ and 58.1-3713, or any other provision of this title or any charter, shall be imposed on any person whose gross receipts from a business, profession or occupation subject to licensure are less than: (i) \$100,000 in any locality with a population greater than 50,000; or (ii) \$50,000 in any locality with a population of 25,000 but no more than 50,000. Any business with gross receipts of more than \$100,000, or \$50,000, as applicable, may be subject to the tax at a rate not to exceed the rate set forth below for the class of enterprise listed:

1. For contracting, and persons constructing for their own account for sale, sixteen cents per \$100 of gross receipts;
2. For retail sales, twenty cents per \$100 of gross receipts;
3. For financial, real estate and professional services, fifty-eight cents per \$100 of gross receipts; and
4. For repair, personal and business services, and all other businesses and occupations not specifically listed or excepted in this section, thirty-six cents per \$100 of gross receipts.

The rate limitations prescribed in this section shall not be applicable to license taxes on (i) wholesalers, which shall be governed by § 58.1-3716; (ii) public service companies, which shall be governed by § 58.1-3731; (iii) carnivals, circuses and speedways, which shall be governed by § 58.1-3728; (iv) fortune-tellers, which shall be governed by § 58.1-3726; (v) massage parlors; (vi) itinerant merchants or peddlers, which shall be governed by § 58.1-3717; (vii) permanent coliseums, arenas, or auditoriums having a maximum capacity in excess of 10,000 persons and open to the public, which shall be governed by § 58.1-3729; (viii) savings institutions and credit unions, which shall be governed by § 58.1-3730; (ix) photographers, which shall be governed by § 58.1-3727; and (x) direct sellers, which shall be governed by § 58.1-3719.1.

B. Any county, city or town which had, on January 1, 1978, a license tax rate, for any of the categories listed in subsection A, higher than the maximum prescribed in subsection A may maintain a higher rate in such category, but no higher than the rate applicable on January 1, 1978, subject to the following conditions:

1. A locality may not increase a rate on any category which is at or above the maximum prescribed for such category in subsection A.
2. If a locality increases the rate on a category which is below the maximum, it shall apply all revenue generated by such increase to reduce the rate on a category or categories which are above such maximum.
3. A locality shall lower rates on categories which are above the maximums prescribed in subsection A for any tax year after 1982 if it receives more revenue in tax year 1981, or any tax year thereafter, than the revenue base for such year. The revenue base for tax year 1981 shall be the amount of revenue received from all categories in tax year 1980, plus one-third of the amount, if any, by which such revenue received in tax year 1981 exceeds the revenue received for tax year 1980. The revenue base for each tax year after 1981 shall be the revenue base of the preceding tax year plus one-third of the increase in the revenues of the subsequent tax year over the revenue base of the preceding tax year. If in any tax year the amount of revenues received from all categories exceeds the revenue base for such year, the rates shall be adjusted as follows: The revenues of those categories with rates at or below the maximum shall be subtracted from the revenue base for such year. The resulting amount shall be allocated to the category or categories with rates above the maximum in a manner determined by the locality, and divided by the gross receipts of such category for the tax year. The resulting rate or rates shall be applicable to such category or categories for the second tax year following the year whose revenue was used to make the calculation.

C. Any person engaged in the short-term rental business as defined in § 58.1-3510.4 shall be classified in the category of retail sales for license tax rate purposes.

D. 1. Any person, firm, or corporation designated as the principal or prime contractor receiving identifiable federal appropriations for research and development services as defined in § 31.205-18 (a) of the Federal Acquisition Regulation in the areas of (i) computer and electronic systems, (ii) computer software, (iii) applied sciences, (iv) economic and social sciences, and (v) electronic and physical sciences shall be subject to a license tax rate not to exceed three cents per \$100 of

such federal funds received in payment of such contracts upon documentation provided by such person, firm or corporation to the local commissioner of revenue or finance officer confirming the applicability of this subsection.

2. Any gross receipts properly reported to a Virginia locality, classified for license tax purposes by that locality in accordance with subdivision 1 of this subsection, and on which a license tax is due and paid, or which gross receipts defined by subdivision 1 of this subsection are properly reported to but exempted by a Virginia locality from taxation, shall not be subject to local license taxation by any other locality in the Commonwealth.

3. Notwithstanding the provisions of subdivision D 1, in any county operating under the county manager plan of government, the following shall govern the taxation of the licensees described in subdivision D 1. Persons, firms, or corporations designated as the principal or prime contractors receiving identifiable federal appropriations for research and development services as defined in § 31.205-18 (a) of the Federal Acquisition Regulation in the areas of (i) computer and electronic systems, (ii) computer software, (iii) applied sciences, (iv) economic and social sciences, and (v) electronic and physical sciences may be separately classified by any such county and subject to tax at a license tax rate not to exceed the limits set forth in subsections A through C above as to such federal funds received in payment of such contracts upon documentation provided by such persons, firms, or corporations to the local commissioner of revenue or finance officer confirming the applicability of this subsection.

E. In any case in which the Department of Mines, Minerals and Energy determines that the weekly U.S. Retail Gasoline price (regular grade) for PADD 1C (Petroleum Administration for Defense District — Lower Atlantic Region) has increased by 20% or greater in any one-week period over the immediately preceding one-week period and does not fall below the increased rate for at least 28 consecutive days immediately following the week of such increase, then, notwithstanding any tax rate on retailers imposed by the local ordinance, the gross receipts taxes on fuel sales of a gas retailer made in the following license year shall not exceed 110% of the gross receipts taxes on fuel sales made by such retailer in the license year of such increase. For license years beginning on or after January 1, 2006, every gas retailer shall maintain separate records for fuel sales and nonfuel sales and shall make such records available upon request by the local tax official.

The provisions of this subsection shall not apply to any person or entity (i) not conducting business as a gas retailer in the county, city, or town for the entire license year immediately preceding the license year of such increase or (ii) that was subject to a license fee in the county, city, or town pursuant to § 58.1-3703 for the license year immediately preceding the license year of such increase.

The Department of Mines, Minerals and Energy shall determine annually if such increase has occurred and remained in effect for such 28-day period.

§ 58.1-3713.3. Validation of local coal and gas severance tax ordinances and local coal and gas road improvement tax ordinances.

A. All ordinances adopted pursuant to §§ 58.1-3712 and 58.1-3713 prior to October 1, 1989, shall be valid as if they had been enacted as of January 1, 1985, as long as similar ordinances had been validly enacted under the predecessor provisions to §§ 58.1-3712 and 58.1-3713 and in substantial compliance therewith. Any such local tax ordinances are declared to be validly adopted and enacted as of January 1, 1985, notwithstanding the failure of the locality to change the reference in the local tax ordinance after the enactment of this title, effective January 1, 1985.

B. All ordinances adopted pursuant to §§ 58.1-3712, 58.1-3713, and 58.1-3713.4 prior to January 1, 2001, shall be valid and presumed to include all the provisions of §§ 58.1-3712, 58.1-3713, and 58.1-3713.4 as long as such ordinances were in substantial compliance therewith at the time of their adoption.

C. 1. Any locality that imposed the tax under § 58.1-3712, ~~58.1-3712.1~~, 58.1-3713, or 58.1-3713.4 for the 2008, 2009, 2010, or 2011 license year for coal, gas, or oil severed from the earth prior to July 1, 2013, shall (if it has not already done so by the effective date of this subsection) amend its local ordinance with regard to such taxes to adopt or include the uniform ordinance provisions of § 58.1-3703.1, with the exception of subdivisions A 1 and A 3 of such section, in the local ordinance with an effective date retroactive to the 2008 license year. As of the effective date of this subsection, each such locality shall allow all persons assessed with such taxes for the 2008 license year or any license year thereafter to exercise all rights and remedies under § 58.1-3703.1, provided that subdivisions A 1 and A 3 of such section shall be inapplicable for purposes of the imposition, collection, or appeal of such taxes. Such rights and remedies shall include, but shall not be limited to, the appeal procedures set forth under subdivisions A 5, A 6, and A 7 of § 58.1-3703.1. In addition, each such locality, upon the provisions of this subsection becoming effective, shall within 60 days thereof provide written notice to all persons upon whom the locality imposed one or more of the taxes under § 58.1-3712, ~~58.1-3712.1~~, 58.1-3713, or 58.1-3713.4 for license year 2008, 2009, 2010, or 2011 for coal, gas, or oil severed from the earth prior to July 1, 2013, informing the person that the locality has adopted or will adopt the uniform ordinance provisions of § 58.1-3703.1 with regard to such taxes, excluding subdivisions A 1 and A 3 of such section, retroactive to the 2008 license year and for each license year thereafter.

2. Any locality described in subdivision 1 that amends its local ordinance with regard to such taxes, or has amended the same prior to the effective date of this subsection, to expressly include, incorporate by reference, or adopt by incorporation the uniform ordinance provisions of § 58.1-3703.1 shall have met the requirement under subdivision 1 to amend its local ordinance with regard to such taxes, provided that the locality on or after the effective date of this subsection further amends its local ordinance to make such inclusion, incorporation by reference, or adoption by incorporation retroactive to the 2008 license year. Nothing in this subdivision shall relieve the locality from (i) the notice requirements under subdivision 1 or

(ii) the requirement under subdivision 1 to allow all persons assessed with such taxes for the 2008 license year or any license year thereafter to exercise all rights and remedies under § 58.1-3703.1 except that subdivisions A 1 and A 3 of such section shall be inapplicable for purposes of the imposition, collection, or appeal of such taxes.

3. Each locality amending its ordinance pursuant to subdivision 1 or 2 shall amend its ordinance in accordance with the respective subdivision within 90 days of the effective date of this subsection.

4. Each local ordinance amended as provided under this subsection shall be deemed valid and properly enacted for purposes of any tax imposed pursuant to § 58.1-3712, ~~58.1-3712.1~~, 58.1-3713, or 58.1-3713.4 for license year 2008, 2009, 2010, 2011, or 2012 for coal, gas, or oil severed from the earth prior to July 1, 2013. Further, each such ordinance shall be deemed to have met the requirement of subsection A of § 58.1-3703.1 to include in the local ordinance provisions substantially similar to those set forth under such subsection.

5. a. Notwithstanding any other provision of law, any person assessed with a license tax under § 58.1-3712, ~~58.1-3712.1~~, 58.1-3713, or 58.1-3713.4 for license year 2008, 2009, 2010, 2011, 2012, or 2013 for coal, gas, or oil severed from the earth prior to July 1, 2013, shall be allowed to file an administrative appeal of the same under § 58.1-3703.1 to the commissioner of the revenue or other local assessing official only during the period beginning July 1, 2013, and ending July 1, 2014. Such person shall be allowed to file the administrative appeal regardless of whether an appealable event, as defined in § 58.1-3703.1, occurs on or after the effective date of this subsection. Such appeal to the commissioner of the revenue or other local assessing official may be further appealed to the Tax Commissioner pursuant to subdivision A 6 of § 58.1-3703.1 and to the appropriate circuit court pursuant to subdivision A 7 of § 58.1-3703.1, in accordance with the procedures and time frames for the appeal as provided under the respective subdivision.

If a locality, however, makes an additional assessment of tax on or after January 1, 2014, for license year 2013, 2012, or 2011 for coal, gas, or oil severed from the earth prior to July 1, 2013, then such additional assessment may be appealed within the time frame provided under § 58.1-3703.1 notwithstanding the provisions of this subdivision.

b. Notwithstanding any other provision of law, any person assessed with a license tax under § 58.1-3712, ~~58.1-3712.1~~, 58.1-3713, or 58.1-3713.4 for license year 2008, 2009, 2010, 2011, 2012, or 2013 for coal, gas, or oil severed from the earth prior to July 1, 2013, who elects not to file an appeal of the same pursuant to § 58.1-3703.1 may apply for relief of the same pursuant to § 58.1-3980 or 58.1-3984 only during the period beginning July 1, 2013, and ending July 1, 2014. If such person elects not to file an appeal of such license tax pursuant to § 58.1-3703.1 but applies for relief of the same pursuant to § 58.1-3980 or 58.1-3984, then the period for collecting any such license tax shall expire as provided in § 58.1-3940, two years after a final determination pursuant to § 58.1-3981, or two years after the final decision in a court application pursuant to § 58.1-3984, whichever is later.

If a locality, however, makes an additional assessment of tax on or after January 1, 2014, for license year 2013, 2012, or 2011 for coal, gas, or oil severed from the earth prior to July 1, 2013, then such person so assessed may apply for relief of such assessment pursuant to § 58.1-3980 or 58.1-3984 within the time frame provided under the applicable section notwithstanding the provisions of this subdivision, and the period for collecting any such additional assessment shall be as provided under Title 58.1 or other controlling law notwithstanding the provisions of this subdivision.

c. Notwithstanding the provisions of § 58.1-3940, the period for collecting any license tax imposed under § 58.1-3712, ~~58.1-3712.1~~, 58.1-3713, or 58.1-3713.4 for license years 2008 and 2009 for coal, gas, or oil severed from the earth prior to July 1, 2013, shall expire on January 1, 2016, unless a longer period is provided under law.

d. Notwithstanding any other provision of law, collection activity shall be suspended on the assessment of additional license tax for license year 2008, 2009, 2010, or 2011 for coal, gas, or oil severed from the earth prior to July 1, 2013, pursuant to § 58.1-3712, ~~58.1-3712.1~~, 58.1-3713, or 58.1-3713.4. In addition, collection activity shall be suspended on the assessment of additional license tax for license year 2012 or 2013 for such taxes on coal, gas, or oil severed from the earth prior to July 1, 2013, provided that, in filing severance tax returns for the severance of coal, gases, or oil from the earth in the locality in license year 2012 and 2013, the person filing the return includes with the return a good faith payment of the tax due or a good faith report of the tax due. The good faith payment or report of tax due shall be in accordance with the methodology used by that person as of January 1, 2010, to report the person's gross receipts to the locality for purposes of such taxes unless such person and the locality have entered into a contract or agreement on an alternate methodology to report the person's gross receipts. As used in this subsection, "additional license tax" means all amounts of license tax, penalty, and interest that are in addition to the amount of license tax paid by a person or reported by a person as due in filing severance tax returns for the severance of coal, gases, or oil from the earth in the locality. Collection activity shall not be required to be suspended if collection of any tax, interest, or penalty is jeopardized by delay as defined in § 58.1-3703.1. However, nothing herein shall be construed or interpreted as to require the suspension of collection activity for any amount of unpaid license tax (and any interest and penalty related thereto) reported by a person as due in filing a severance tax return for the severance of coal, gas, or oil from the earth.

Collection activity on additional license tax for license year 2008, 2009, 2010, or 2011 for coal, gas, or oil severed from the earth prior to July 1, 2013, may commence on July 1, 2013, unless other law requires the suspension of collection activity. Collection activity on additional license tax for license year 2012 or 2013 for coal, gas, or oil severed from the earth prior to July 1, 2013, if suspended pursuant to this subdivision, may commence on or after July 1, 2013, unless other law requires the suspension of collection activity.

6. Except as otherwise provided in subdivision 5, nothing in this subsection shall be construed or interpreted as extending or decreasing any limitations period for appealing any of the taxes imposed under § 58.1-3712, ~~58.1-3712.1~~,

58.1-3713, or 58.1-3713.4 for coal, gas, or oil severed from the earth prior to July 1, 2013, or extending any period for the collection of such taxes.

B. A nurse practitioner shall only practice as part of a patient care team. Each member of a patient care team shall have specific responsibilities related to the care of the patient or patients and shall provide health care services within the scope of his usual professional activities. Nurse practitioners practicing as part of a patient care team shall maintain appropriate collaboration and consultation, as evidenced in a written or electronic practice agreement, with at least one patient care team physician. Nurse practitioners who are certified registered nurse anesthetists shall practice under the supervision of a licensed doctor of medicine, osteopathy, podiatry, or dentistry. Nurse practitioners appointed as medical examiners pursuant to § 32.1-282 shall practice in collaboration with a licensed doctor of medicine or osteopathic medicine who has been appointed to serve as a medical examiner pursuant to § 32.1-282. Physicians on patient care teams may require that a nurse practitioner be covered by a professional liability insurance policy with limits equal to the current limitation on damages set forth in § 8.01-581.15.

Service on a patient care team by a patient care team member shall not, by the existence of such service alone, establish or create liability for the actions or inactions of other team members.

C. The Board of Medicine and the Board of Nursing shall jointly promulgate regulations specifying collaboration and consultation among physicians and nurse practitioners working as part of patient care teams that shall include the development of, and periodic review and revision of, a written or electronic practice agreement; guidelines for availability and ongoing communications that define consultation among the collaborating parties and the patient; and periodic joint evaluation of the services delivered. Evidence of a practice agreement shall be maintained by a nurse practitioner and provided to the Boards upon request. For nurse practitioners providing care to patients within a hospital or health care system, the practice agreement may be included as part of documents delineating the nurse practitioner's clinical privileges or the electronic or written delineation of duties and responsibilities in collaboration and consultation with a patient care team physician.

D. The Boards may issue a license by endorsement to an applicant to practice as a nurse practitioner if the applicant has been licensed as a nurse practitioner under the laws of another state and, in the opinion of the Boards, the applicant meets the qualifications for licensure required of nurse practitioners in the Commonwealth.

E. Pending the outcome of the next National Specialty Examination, the Boards may jointly grant temporary licensure to nurse practitioners.

F. *In the event a physician who is serving as a patient care team physician dies, becomes disabled, retires from active practice, surrenders his license or has it suspended or revoked by the Board, or relocates his practice such that he is no longer able to serve, and a nurse practitioner is unable to enter into a new practice agreement with another patient care team physician, the nurse practitioner may continue to practice upon notification to the designee or his alternate of the Boards and receipt of such notification. Such nurse practitioner may continue to treat patients without a patient care team physician for an initial period not to exceed 60 days, provided the nurse practitioner continues to prescribe only those drugs previously authorized by the practice agreement with such physician and to have access to appropriate physician input in complex clinical cases and patient emergencies and for referrals. The designee or his alternate of the Boards shall grant permission for the nurse practitioner to continue practice under this subsection for another 60 days, provided the nurse practitioner provides evidence of efforts made to secure another patient care team physician and of access to physician input.*

G. As used in this section:

"Collaboration" means the communication and decision-making process among members of a patient care team related to the treatment and care of a patient and includes (i) communication of data and information about the treatment and care of a patient, including exchange of clinical observations and assessments; and (ii) development of an appropriate plan of care, including decisions regarding the health care provided, accessing and assessment of appropriate additional resources or expertise, and arrangement of appropriate referrals, testing, or studies.

The Department may revoke a registration if it finds that facts not known by it at the time it considered the application indicate that such registration should not have been issued.

B. The Department may summarily suspend any registration for a period of not more than seven days pending a hearing and final determination by the Department if the Department determines that a violation of this chapter has occurred and emergency action is required to protect the public health, safety, and welfare. § 59.1-566. Registration not endorsement.

An Act to amend the Code of Virginia by adding a section numbered 15.2-2303.4, relating to conditional zoning.

[S 549]

Approved March 8, 2016

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 15.2-2303.4 as follows:

§ 15.2-2303.4. Provisions applicable to certain conditional rezoning proffers.

A. For purposes of this section, unless the context requires a different meaning:

"New residential development" means any construction or building expansion on residentially zoned property, including a residential component of a mixed-use development, that results in either one or more additional residential dwelling units or, otherwise, fewer residential dwelling units, beyond what may be permitted by right under the then-existing zoning of the property, when such new residential development requires a rezoning or proffer condition amendment.

"New residential use" means any use of residentially zoned property that requires a rezoning or that requires a proffer condition amendment to allow for new residential development.

"Offsite proffer" means a proffer addressing an impact outside the boundaries of the property to be developed and shall include all cash proffers.

"Onsite proffer" means a proffer addressing an impact within the boundaries of the property to be developed and shall not include any cash proffers.

"Proffer condition amendment" means an amendment to an existing proffer statement applicable to a property or properties.

"Public facilities" means public transportation facilities, public safety facilities, public school facilities, or public parks.

"Public facility improvement" means an offsite public transportation facility improvement, a public safety facility improvement, a public school facility improvement, or an improvement to or construction of a public park. No public facility improvement shall include any operating expense of an existing public facility, such as ordinary maintenance or repair, or any capital improvement to an existing public facility, such as a renovation or technology upgrade, that does not expand the capacity of such facility. For purposes of this section, the term "public park" shall include playgrounds and other recreational facilities.

"Public safety facility improvement" means construction of new law-enforcement, fire, emergency medical, and rescue facilities or expansion of existing public safety facilities, to include all buildings, structures, parking, and other costs directly related thereto.

"Public school facility improvement" means construction of new primary and secondary public schools or expansion of existing primary and secondary public schools, to include all buildings, structures, parking, and other costs directly related thereto.

"Public transportation facility improvement" means (i) construction of new roads; (ii) improvement or expansion of existing roads and related appurtenances as required by applicable standards of the Virginia Department of Transportation, or the applicable standards of a locality; and (iii) construction, improvement, or expansion of buildings, structures, parking, and other facilities directly related to transit.

"Residentially zoned property" means property zoned or proposed to be zoned for either single-family or multifamily housing.

"Small area comprehensive plan" means that portion of a comprehensive plan adopted pursuant to § 15.2-2223 that is specifically applicable to a delineated area within a locality rather than the locality as a whole.

B. Notwithstanding any other provision of law, general or special, no locality shall (i) request or accept any unreasonable proffer, as described in subsection C, in connection with a rezoning or a proffer condition amendment as a condition of approval of a new residential development or new residential use or (ii) deny any rezoning application or proffer condition amendment for a new residential development or new residential use where such denial is based in whole or in part on an applicant's failure or refusal to submit an unreasonable proffer or proffer condition amendment.

C. Notwithstanding any other provision of law, general or special, (i) as used in this chapter, a proffer, or proffer condition amendment, whether onsite or offsite, offered voluntarily pursuant to § 15.2-2297, 15.2-2298, 15.2-2303, or 15.2-2303.1, shall be deemed unreasonable unless it addresses an impact that is specifically attributable to a proposed new residential development or other new residential use applied for and (ii) an offsite proffer shall be deemed unreasonable pursuant to subdivision (i) unless it addresses an impact to an offsite public facility, such that (a) the new residential development or new residential use creates a need, or an identifiable portion of a need, for one or more public facility improvements in excess of existing public facility capacity at the time of the rezoning or proffer condition amendment and (b) each such new residential development or new residential use applied for receives a direct and material benefit from a proffer made with respect to any such public facility improvements. For the purposes of this section, a locality may base its assessment of public facility capacity on the projected impacts specifically attributable to the new residential development or new residential use.

D. Notwithstanding any other provision of law, general or special:

1. Actions brought to contest the action of a locality in violation of this section shall be brought only by the aggrieved applicant or the owner of the property subject to a rezoning or proffer condition amendment pursuant to subsection F of § 15.2-2285.

2. In any action in which a locality has denied a rezoning or an amendment to an existing proffer and the aggrieved applicant proves by a preponderance of the evidence that it refused or failed to submit an unreasonable proffer or proffer condition amendment that it has proven was suggested, requested, or required by the locality, the court shall presume, absent clear and convincing evidence to the contrary, that such refusal or failure was the controlling basis for the denial.

3. In any successful action brought pursuant to this section contesting an action of a locality in violation of this section, the applicant may be entitled to an award of reasonable attorney fees and costs and to an order remanding the matter to the governing body with a direction to approve the rezoning or proffer condition amendment without the inclusion of any unreasonable proffer. If the locality fails or refuses to approve the rezoning or proffer condition amendment within a reasonable time not to exceed 90 days from the date of the court's order to do so, the court shall enjoin the locality from interfering with the use of the property as applied for without the unreasonable proffer. Upon remand to the local governing body pursuant to this subsection, the requirements of § 15.2-2204 shall not apply.

E. The provisions of this section shall not apply to any new residential development or new residential use occurring within any of the following areas: (i) an approved small area comprehensive plan in which the delineated area is designated as a revitalization area, encompasses mass transit as defined in § 33.2-100, includes mixed use development, and allows a density of at least 3.0 floor area ratio in a portion thereof; (ii) an approved small area comprehensive plan that encompasses an existing or planned Metrorail station, or is adjacent to a Metrorail station located in a neighboring locality, and allows additional density within the vicinity of such existing or planned station; or (iii) an approved service district created pursuant to § 15.2-2400 that encompasses an existing or planned Metrorail station.

2. That this act shall be construed as supplementary to any existing provisions limiting or curtailing proffers or proffer condition amendments for new residential development or new residential use that are consistent with its terms and shall be construed to supersede any existing statutory provision with respect to proffers or proffer condition amendments for new residential development or new residential use that are inconsistent with its terms.

3. That this act is prospective only and shall not be construed to apply to any application for rezoning filed prior to July 1, 2016, or to any application for a proffer condition amendment amending a rezoning for which the application was filed prior to that date.

[S 291]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Title 19.2 a chapter numbered 1.2, consisting of sections numbered 19.2-11.5 through 19.2-11.11, as follows:

CHAPTER 1.2.

PHYSICAL EVIDENCE RECOVERY KITS.

§ 19.2-11.5. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Anonymous physical evidence recovery kit" means a physical evidence recovery kit that is collected from a victim of sexual assault through a forensic medical examination where the victim elects, at the time of the examination, not to report the sexual assault offense to a law-enforcement agency.

"Department" means the Virginia Department of Forensic Science.

"Division" means the Division of Consolidated Laboratory Services of the Virginia Department of General Services.

"Health care provider" means any hospital, clinic, or other medical facility that provides forensic medical examinations to victims of sexual assault.

"Law-enforcement agency" means the state or local law-enforcement agency with the primary responsibility for investigating an alleged sexual assault offense case and includes the employees of that agency.

"Physical evidence recovery kit" means any evidence collection kit supplied by the Department to health care providers for use in collecting evidence from victims of sexual assault during forensic medical examinations or to the Office of the Chief Medical Examiner for use during death investigations to collect evidence from decedents who may be victims of sexual assault.

"Sexual assault offense" means a violation or attempted violation of any offense enumerated in Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2 or of any offense specified in § 18.2-361, 18.2-370, or 18.2-370.1.

"Victim of sexual assault" means any person who undergoes a forensic medical examination for the collection of a physical evidence recovery kit connected to a sexual assault offense.

§ 19.2-11.6. Anonymous physical evidence recovery kits.

A. *When a victim of sexual assault who undergoes a forensic medical examination elects not to report the offense to law enforcement, the health care provider shall inform the victim that the physical evidence recovery kit shall be forwarded to the Division for storage as an anonymous physical evidence recovery kit. The health care provider shall further inform the victim of the length of time the anonymous physical evidence recovery kit will be stored by the Division and how the victim can have the anonymous physical evidence recovery kit released to a law-enforcement agency at a later date. The health care provider shall forward the anonymous physical evidence recovery kit to the Division in accordance with the policies and procedures established by the Division.*

B. *The Division shall store any anonymous physical evidence recovery kit received for a minimum of two years. After two years, the Division may destroy the anonymous physical evidence recovery kit or, in its discretion or upon request of the victim or the law-enforcement agency, may elect to retain the anonymous physical evidence recovery kit for a longer period of time. Upon notification from either the law-enforcement agency or the attorney for the Commonwealth that the victim has elected to report the offense to the law-enforcement agency, the Division shall release the anonymous physical evidence recovery kit to the law-enforcement agency.*

§ 19.2-11.7. Law enforcement taking possession of physical evidence recovery kits.

A. *A health care provider that has collected a physical evidence recovery kit from a victim of sexual assault who has elected to report the offense shall forthwith notify the law-enforcement agency that such kit has been collected.*

B. *A law-enforcement agency that receives notice from a health care provider that a physical evidence recovery kit has been collected shall forthwith take possession of the physical evidence recovery kit.*

§ 19.2-11.8. Submission of physical evidence recovery kits to the Department.

A. *A law-enforcement agency that receives a physical evidence recovery kit shall submit the physical evidence recovery kit to the Department for analysis within 60 days of receipt, except under the following circumstances: (i) it is an anonymous physical evidence recovery kit that shall be forwarded to the Division for storage; (ii) the physical evidence recovery kit was collected by the Office of the Chief Medical Examiner as part of a routine death investigation, and the medical examiner and the law-enforcement agency agree that analysis is not warranted; (iii) the physical evidence recovery kit is connected to an offense that occurred outside of the Commonwealth; or (iv) the physical evidence recovery kit was determined by the law-enforcement agency not to be connected to a criminal offense.*

B. *Upon completion of analysis, the Department shall return the physical evidence recovery kit to the submitting law-enforcement agency. Upon receipt of the physical evidence recovery kit from the Department, the law-enforcement agency shall store the physical evidence recovery kit for a period of 10 years or until two years after the victim reaches the age of majority if the victim was a minor at the time of collection, whichever is longer. After the mandatory retention period has lapsed, the law-enforcement agency may destroy the physical evidence recovery kit or, in its discretion, may elect to retain the physical evidence recovery kit for a longer period of time.*

C. *The DNA profiles developed from physical evidence recovery kits submitted to the Department for analysis pursuant to this section shall be uploaded into any local, state, or national DNA data bank only if eligible as determined by Department procedures and in accordance with state and federal law.*

§ 19.2-11.9. Lack of compliance with procedures.

The failure of a law-enforcement agency to take possession of a physical evidence recovery kit as provided in this chapter or to submit a physical evidence recovery kit to the Department within the time period prescribed under this chapter does not alter the authority of the law-enforcement agency to take possession of the physical evidence recovery kit or to submit the physical evidence recovery kit to the Department under this chapter or the authority of the Department to accept and analyze the physical evidence recovery kit or to maintain or upload any developed DNA profiles from the physical evidence recovery kit into any local, state, or national DNA data bank if eligible as determined by Department procedures and in accordance with state and federal law.

A person accused or convicted of committing a crime against a sexual assault victim has no standing to object to any failure to comply with the requirements of this chapter, and the failure to comply with the requirements of this chapter is not grounds for challenging the admissibility of the evidence or setting aside the conviction or sentence.

§ 19.2-11.10. Expungement of DNA profile.

If the Department receives written confirmation from a law-enforcement agency or attorney for the Commonwealth that a DNA profile that has been uploaded pursuant to this chapter into any local, state, or national DNA data bank was determined not to be connected to a criminal offense or that the DNA profile is of an individual who is not the putative perpetrator, the Department shall expunge the DNA profile from the DNA data bank.

The detention, arrest, or conviction of a person based upon a data bank match or data bank information is not invalidated if it is determined that the sample was obtained, placed, or retained in the data bank in good faith pursuant to this chapter, and evidence based upon or derived from the DNA record shall not be excluded by a court.

§ 19.2-11.11. Victim's right to notification of scientific analysis information.

A. In addition to the rights provided under Chapter 1.1 (§ 19.2-11.01 et seq.), a victim of sexual assault, a parent or guardian of a victim of a sexual assault who was a minor at the time of the offense, or a close relative of a deceased victim of sexual assault shall have the right to request and receive information from the law-enforcement agency regarding (i) the submission of any physical evidence recovery kit for forensic analysis that was collected from the victim during the investigation of the offense; (ii) the status of any analysis being performed on any evidence that was collected during the investigation of the offense; and (iii) the results of any analysis, unless disclosing this information would interfere with the investigation or prosecution of the offense, in which case the victim, parent, guardian, or relative shall be informed of the estimated date on which the information may be disclosed, if known.

B. The victim, parent, guardian, or relative who requests to be notified under subsection A must provide a current address and telephone number to the attorney for the Commonwealth and to the law-enforcement agency that is investigating the offense and keep such information updated.

[H 567]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 54.1-2105, 54.1-2105.03, 54.1-2110.1, 54.1-2130 through 54.1-2135, 54.1-2138, 54.1-2138.1, 54.1-2139.01, 54.1-2139.1, 54.1-2141, 54.1-2142, and 54.1-2142.1 of the Code of Virginia are amended and reenacted as follows:

§ 54.1-2105. General powers of Real Estate Board; regulations; educational and experience requirements for licensure.

A. The Board may do all things necessary and convenient for carrying into effect the provisions of this chapter and may promulgate necessary regulations.

B. The Board shall adopt regulations establishing minimum educational requirements as conditions for licensure. Board regulations relating to initial licensure shall include the following requirements:

1. Every applicant for an initial license as a real estate salesperson shall have:

a. At a minimum, a high school diploma or its equivalent; and

b. Completed a course in the principles of real estate that carried an academic credit of at least four semester hours, but not less than 60 hours of classroom, correspondence, or other distance learning instruction, offered by an accredited university, college, community college, high school offering adult distributive education courses, or other school or educational institution offering an equivalent course.

2. Every applicant for an initial license as a real estate broker shall have:

a. At a minimum, a high school diploma or its equivalent; and

b. If currently licensed by another state as a real estate salesperson or broker, passed Virginia's examination.

C. The Board may waive any requirement under the regulations relating to education or experience when the broker or salesperson is found to have education or experience equivalent to that required. No regulation imposing educational requirements for initial licensure beyond those specified by law shall apply to any person who was licensed prior to July 1, 1975, and who has been continuously licensed since that time, except that licensure as a salesperson prior to such time shall not exempt a salesperson who seeks to be licensed as a broker from the educational requirements established for brokers.

D. The Board shall establish criteria to ensure that preclicensure and broker licensure courses meet the standards of quality deemed by the Board to be necessary to protect the public interests. For correspondence and other distance learning instruction offered by an approved provider, such criteria may include appropriate testing procedures. The Board may establish procedures to ensure the quality of the courses.

Noncollegiate institutions shall not be authorized to grant collegiate semester hours for academic credit.

The specific content of the real estate courses shall be in real estate brokerage, real estate finance, real estate appraisal, real estate law, and such related subjects as are approved by the Board.

E. The Board may establish criteria delineating the permitted activities of unlicensed individuals employed by real estate licensees or under the supervision of a real estate broker.

F. The Board may take a disciplinary case against a licensee under advisement, defer a finding in such case, and dismiss such action upon terms and conditions set by the Board.

§ 54.1-2105.03. Continuing education; relicensure of brokers and salespersons.

A. Board regulations shall include educational requirements as a condition for relicensure of brokers and salespersons to whom active licenses have been issued by the Board beyond those now specified by law as conditions for licensure.

1. Brokers to whom active licenses have been issued by the Board shall be required to satisfactorily complete courses of not less than 24 hours of classroom or correspondence or other distance learning instruction during each licensing term. Of the total 24 hours, the curriculum shall consist of:

The Board may, on a year-by-year basis, adjust the required hours and course topics specified in this subdivision for the next succeeding year, applicable to a licensee in the next renewal period for his license, including the addition of topics deemed by the Board to be essential. Such designation or adjustment by the Board shall be made prior to September 1 of any given calendar year. The action of the Board in making such adjustment shall be subject to § 2.2-4012.1.

The fair housing requirements shall include an update on current cases and administrative decisions under fair housing laws. If the licensee submits a notarized affidavit to the Board that certifies that he does not practice residential real estate and shall not do so during the licensing term, training in fair housing shall not be required; instead, such licensee shall receive training in other applicable federal and state discrimination laws and regulations.

2. Salespersons to whom active licenses have been issued by the Board shall be required to satisfactorily complete courses of not less than 16 hours of classroom or correspondence or other distance learning instruction during each licensing term. Of the total 16 hours, the curriculum shall consist of:

The Board may, on a year-by-year basis, readjust the required hours and course topics specified in this subdivision for the next succeeding year, applicable to a licensee in the next renewal period for his license, including the addition of topics deemed by the Board to be essential. Such designation or adjustment by the Board shall be made prior to September 1 of any given calendar year. The action of the Board in making such adjustment shall be subject to § 2.2-4012.1.

3. The Board shall approve a continuing education curriculum of not less than three hours, and as of July 1, 2012, every applicant for relicensure as an active broker or salesperson shall complete at a minimum one three-hour continuing education course on the changes to residential standard agency effective as of July 1, 2011, to Article 3 (§ 54.1-2130 et seq.) prior to renewal or reinstatement of his license. If the licensee submits a notarized affidavit to the Board that certifies that he does not practice residential real estate and shall not do so during the licensing term, training in residential representation shall not be required. A licensee who takes one three-hour continuing education class on residential representation shall satisfy the requirements for continuing education and may, but shall not be required to, take any further continuing education on residential standard agency.

The fair housing requirements shall include an update on current cases and administrative decisions under fair housing laws. If the licensee submits a notarized affidavit to the Board that certifies that he does not practice residential real estate and shall not do so during the licensing term, training in fair housing shall not be required; instead, such licensee shall receive training in other applicable federal and state discrimination laws and regulations.

4. For correspondence and other distance learning instruction offered by an approved provider, the Board shall establish the appropriate testing procedures to verify completion of the course and require the licensee to file a notarized affidavit certifying compliance with the course requirements. The Board may establish procedures to ensure the quality of the courses. The Board shall not require testing for continuing education courses completed through classroom instruction.

B. Every applicant for relicensure as an active salesperson or broker shall complete the continuing education requirements prior to each renewal or reinstatement of his license. The continuing education requirement shall also apply to inactive licensees who make application for an active license. Notwithstanding this requirement, military personnel called to active duty in the armed forces of the United States may complete the required continuing education within six months of their release from active duty.

C. The Board shall establish procedures for the carryover of continuing education credits completed by licensees from the licensee's current license period to the licensee's next renewal period.

D. The Board may grant exemptions or waive or reduce the number of continuing education hours required in cases of certified illness or undue hardship as demonstrated to the Board.

§ 54.1-2110.1. Duties of supervising broker.

A. Each place of business and each branch office shall be supervised by a supervising broker. The supervising broker shall exercise reasonable and adequate supervision of the provision of real estate brokerage services by associate brokers and salespersons assigned to the branch office. The supervising broker may designate another broker to assist in administering the provisions required by this section, but such designation shall not relieve the supervising broker of responsibility for the supervision of the acts of all licensees assigned to the branch office.

B. As used in this section, "reasonable and adequate supervision" by the supervising broker shall include the following:

1. Being available to all licensees under his supervision at reasonable times to review and approve all documents, including leases, contracts, brokerage agreements, and advertising as may affect the firm's clients and business;

D. No later than January 1, 2017, the supervising broker for a branch office shall provide to the Board the name and license number of the supervising broker for the branch office. Thereafter, upon the renewal of the license of each licensee working in such branch office or upon the transfer of a licensee to such office, the broker shall provide to the Board the name and license number of each real estate licensee working in the branch office on the broker acknowledgement form created by the Board.

§ 54.1-2130. Definitions.

As used in this article:

"Agency" means every relationship in which a real estate licensee acts for or represents a person *as an agent* by such person's express authority in a *commercial or residential* real estate transaction, unless a different legal relationship is intended and is agreed to as part of the brokerage agreement. Nothing in this article shall prohibit a licensee and a client from agreeing in writing to a brokerage relationship under which the licensee acts as an independent contractor or which imposes on a licensee obligations in addition to those provided in this article. If a licensee agrees to additional obligations, however, the licensee shall be responsible for the additional obligations agreed to with the client in the brokerage agreement. A real estate licensee who enters into a brokerage relationship based upon a written brokerage agreement that specifically states that the real estate licensee is acting as an independent contractor and not as an agent shall have the obligations agreed to by the parties in the brokerage agreement, and such real estate licensee and its employees shall comply

with the provisions of subdivisions A 3 through 7 and subsections B and E of § 54.1-2131; subdivisions A 3 through 7 and subsections B and E of § 54.1-2132; subdivisions A 3 through 7 and subsections B and E of § 54.1-2133; subdivisions A 3 through 7 and subsections B and E of § 54.1-2134; and subdivisions A 2 through 6 and subsections C and D of § 54.1-2135 but otherwise shall have no obligations under §§ 54.1-2131 through 54.1-2135. Any real estate licensee who acts for or represents a client in an agency relationship *in a residential real estate transaction* shall either represent such client as a standard agent or a limited service agent.

"Agent" means a real estate licensee who is acting as (i) a standard agent in a residential real estate transaction, (ii) a limited service agent in a residential real estate transaction, or (iii) an agent in a commercial real estate transaction.

B. A broker who has a brokerage relationship with a client and who engages another broker to assist in providing brokerage services to such client shall not be liable for (i) a misrepresentation made by the other broker, unless the broker knew or should have known of the other broker's misrepresentation and failed to take reasonable steps to correct the misrepresentation in a timely manner, or (ii) the negligence, gross negligence or intentional acts of the assisting broker or assisting broker's licensee.

D. Nothing in this article shall limit the liability between or among clients and licensees in all matters involving unlawful discriminatory housing practices.

E. Except as expressly set forth in this section, nothing in this article shall affect a person's right to rescind a real estate transaction or limit the liability of (i) a client for the misrepresentation, negligence, gross negligence or intentional acts of such client in connection with a real estate transaction, or (ii) a licensee for the misrepresentation, negligence, gross negligence or intentional acts of such licensee in connection with a real estate transaction. *However, nothing in this article shall create a civil cause of action against a licensee.*

CHAPTER 338

An Act to amend and reenact § 36-105.1:1 of the Code of Virginia, relating to rental inspection programs; exemptions.

[H 1011]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 36-105.1:1 of the Code of Virginia is amended and reenacted as follows:

§ 36-105.1:1. Rental inspections; rental inspection districts; exemptions; penalties.

A. For purposes of this section:

" Dwelling unit" means a building or structure or part thereof that is used for a home or residence by one or more persons who maintain a household.

"Owner" means the person shown on the current real estate assessment books or current real estate assessment records.

"Residential rental dwelling unit" means a dwelling unit that is leased or rented to one or more tenants. However, a dwelling unit occupied in part by the owner thereof shall not be construed to be a residential rental dwelling unit unless a tenant occupies a part of the dwelling unit which has its own cooking and sleeping areas, and a bathroom, unless otherwise provided in the zoning ordinance by the local governing body.

B. Localities may inspect residential rental dwelling units. The local governing body may adopt an ordinance to inspect residential rental dwelling units for compliance with the Building Code and to promote safe, decent and sanitary housing for its citizens, in accordance with the following:

1. Except as provided in subdivision B 3, the dwelling units shall be located in a rental inspection district established by the local governing body in accordance with this section, and

2. The rental inspection district is based upon a finding by the local governing body that (i) there is a need to protect the public health, safety and welfare of the occupants of dwelling units inside the designated rental inspection district; (ii) the residential rental dwelling units within the designated rental inspection district are either (a) blighted or in the process of deteriorating, or (b) the residential rental dwelling units are in the need of inspection by the building department to prevent deterioration, taking into account the number, age and condition of residential dwelling rental units inside the proposed rental inspection district; and (iii) the inspection of residential rental dwelling units inside the proposed rental inspection district is necessary to maintain safe, decent and sanitary living conditions for tenants and other residents living in the proposed rental inspection district. Nothing in this section shall be construed to authorize one or more locality-wide rental inspection districts and a local governing body shall limit the boundaries of the proposed rental inspection districts to such areas of the locality that meet the criteria set out in this subsection, or

3. An individual residential rental dwelling unit outside of a designated rental inspection district is made subject to the rental inspection ordinance based upon a separate finding for each individual dwelling unit by the local governing body that (i) there is a need to protect the public health, welfare and safety of the occupants of that individual dwelling unit; (ii) the individual dwelling unit is either (a) blighted or (b) in the process of deteriorating; or (iii) there is evidence of violations of the Building Code that affect the safe, decent and sanitary living conditions for tenants living in such individual dwelling unit.

For purposes of this section, the local governing body may designate a local government agency other than the building department to perform all or part of the duties contained in the enforcement authority granted to the building department by this section.

C. 1. Notification to owners of dwelling units. Before adopting a rental inspection ordinance and establishing a rental inspection district or an amendment to either, the governing body of the locality shall hold a public hearing on the proposed ordinance. Notice of the hearing shall be published once a week for two successive weeks in a newspaper published or having general circulation in the locality.

Upon adoption by the local governing body of a rental inspection ordinance, the building department shall make reasonable efforts to notify owners of residential rental dwelling units in the designated rental inspection district, or their designated managing agents, and to any individual dwelling units subject to the rental inspection ordinance, not located in a rental inspection district, of the adoption of such ordinance, and provide information and an explanation of the rental inspection ordinance and the responsibilities of the owner thereunder.

2. Notification by owners of dwelling units to locality. The rental inspection ordinance may include a provision that requires the owners of dwelling units in a rental inspection district to notify the building department in writing if the dwelling unit of the owner is used for residential rental purposes. The building department may develop a form for such purposes. The rental inspection ordinance shall not include a registration requirement or a fee of any kind associated with the written notification pursuant to this subdivision. A rental inspection ordinance may not require that the written notification from the owner of a dwelling unit subject to a rental inspection ordinance be provided to the building department in less than 60 days after the adoption of a rental inspection ordinance. However, there shall be no penalty for the failure of an owner of a residential rental dwelling unit to comply with the provisions of this subsection, unless and until the building department provides personal or written notice to the property owner, as provided in this section. In any event, the sole penalty for the willful failure of an owner of a dwelling unit who is using the dwelling unit for residential rental purposes to comply with the written notification requirement shall be a civil penalty of up to \$50. For purposes of this subsection, notice sent by regular first class mail to the last known address of the owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed compliance with this requirement.

D. Initial inspection of dwelling units when rental inspection district is established. Upon establishment of a rental inspection district in accordance with this section, the building department may, in conjunction with the written notifications as provided for in subsection C, proceed to inspect dwelling units in the designated rental inspection district to determine if the dwelling units are being used as a residential rental property and for compliance with the provisions of the Building Code that affect the safe, decent and sanitary living conditions for the tenants of such property.

E. Provisions for initial and periodic inspections of multifamily dwelling units. If a multifamily development has more than 10 dwelling units, in the initial and periodic inspections, the building department shall inspect only a sampling of dwelling units, of not less than two and not more than 10 percent of the dwelling units, of a multifamily development, which includes all of the multifamily buildings which are part of that multifamily development. In no event, however, shall the building department charge a fee authorized by this section for inspection of more than 10 dwelling units. If the building department determines upon inspection of the sampling of dwelling units that there are violations of the Building Code that

affect the safe, decent and sanitary living conditions for the tenants of such multifamily development, the building department may inspect as many dwelling units as necessary to enforce the Building Code, in which case, the fee shall be based upon a charge per dwelling unit inspected, as otherwise provided in subsection H.

F. 1. Follow-up inspections. Upon the initial or periodic inspection of a residential rental dwelling unit subject to a rental inspection ordinance, the building department has the authority under the Building Code to require the owner of the dwelling unit to submit to such follow-up inspections of the dwelling unit as the building department deems necessary, until such time as the dwelling unit is brought into compliance with the provisions of the Building Code that affect the safe, decent and sanitary living conditions for the tenants.

2. Periodic inspections. Except as provided in subdivision F 1, following the initial inspection of a residential rental dwelling unit subject to a rental inspection ordinance, the building department may inspect any residential rental dwelling unit in a rental inspection district, that is not otherwise exempted in accordance with this section, no more than once each calendar year.

G. Exemptions from rental inspection ordinance.

1. Upon the initial or periodic inspection of a residential rental dwelling unit subject to a rental inspection ordinance for compliance with the Building Code, provided that there are no violations of the Building Code that affect the safe, decent and sanitary living conditions for the tenants of such residential rental dwelling unit, the building department shall provide, to the owner of such residential rental dwelling unit, an exemption from the rental inspection ordinance for a minimum of four years. Upon the sale of a residential rental dwelling unit, the building department may perform a periodic inspection as provided in subdivision F 2, subsequent to such sale. If a residential rental dwelling unit has been issued a certificate of occupancy within the last four years, an exemption shall be granted for a minimum period of four years from the date of the issuance of the certificate of occupancy by the building department. If the residential rental dwelling unit becomes in violation of the Building Code during the exemption period, the building department may revoke the exemption previously granted under this section.

2. *The local governing body may exempt a residential rental unit otherwise subject to a rental inspection ordinance provided such unit is managed by (i) any person licensed under the provisions of § 54.1-2106.1; (ii) any (a) property manager or (b) managing agent of a landlord as defined in § 55-248.4; (iii) any owner of a publicly traded entity that manages its own multifamily residential rental units; or (iv) any owner or managing agent who, in the determination of the local governing body, has achieved a satisfactory designation as a professional property manager.*

H. A local governing body may establish a fee schedule for enforcement of the Building Code, which includes a per dwelling unit fee for the initial inspections, follow-up inspections and periodic inspections under this section.

I. The provisions of this section shall not, in any way, alter the rights and obligations of landlords and tenants pursuant to the applicable provisions of Chapter 13 (§ 55-217 et seq.) or Chapter 13.2 (§ 55-248.2 et seq.) of Title 55.

J. The provisions of this section shall not alter the duties or responsibilities of the local building department under § 36-105 to enforce the Building Code.

K. Unless otherwise provided in this section, penalties for violation of this section shall be the same as the penalties provided in the Building Code.

In those localities that comprise the Virginia Coalfield Economic Development Authority, the tax imposed under this section or subsection B of § 58.1-3741 shall be paid as follows: (i) three-fourths of the revenue shall be paid to the Coal and Gas Road Improvement Fund and used for the purposes set forth herein; however, one-fourth of such revenue may be used to fund the construction of new water or sewer systems and lines *and the repair or enhancement of existing water or sewer systems and lines* in areas with natural water supplies that are insufficient from the standpoint of quality or quantity, or the construction of natural gas service lines as authorized by § 15.2-2109.3, and (ii) one-fourth of the revenue shall be paid to the Virginia Coalfield Economic Development Fund. Furthermore, with regard to the portion paid to the Coal and Gas Road Improvement Fund, a county or city may provide for an additional one-fourth allocation for the construction of new systems or lines for water, sewer, or natural gas as authorized by § 15.2-2109.3, or the repair or enhancement of existing water, sewer, or natural gas systems or lines in areas with natural water supplies or existing natural gas services that are insufficient from the standpoint of quality or quantity; however, if this option is initiated by a county or city, it must satisfy the requirements set forth in § 58.1-3713.01. Notwithstanding the foregoing limitations regarding revenues used for water systems, sewer systems, or natural gas systems, such revenues designated for water and water systems, sewer systems, or natural gas systems shall be distributed directly to the local public service authority for such purposes instead of the local governing body. Funds in the Coal and Gas Road Improvement Fund used to construct, repair, or enhance natural gas service lines or systems shall not exceed one-fourth of the revenue paid to the Coal and Gas Road Improvement Fund collected from the severance tax imposed upon the severance of natural gas pursuant to this section and may be so used only upon passage of a local ordinance or resolution of the governing body of the applicable county or city providing for the same.

B. Any county or city imposing the tax authorized in this section or in subsection B of § 58.1-3741 shall establish a Coal and Gas Road Improvement Advisory Committee, to be composed of four members: (i) a member of the governing body of such county or city, appointed by the governing body, (ii) a representative of the Department of Transportation, and (iii) two citizens of such county or city connected with the coal and gas industry, appointed for a term of four years, initially commencing July 1, 1989, by the chief judge of the circuit court.

Such committee shall develop on or before July 1 of each year a plan for improvement of roads during the following fiscal year. Such plan shall have the approval of three members of the committee and shall be submitted to the governing body of the county or city for approval. The governing body may approve or disapprove such plan, but may make no changes without the approval of three members of the committee.

C. No tax shall be imposed under this section on or after January 1, 2018.

CHAPTER 342

An Act to amend and reenact § 58.1-402 of the Code of Virginia, relating to the addition to federal taxable income for dividends paid by a Captive Real Estate Investment Trust.

[H 95]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-402 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-402. Virginia taxable income.

A. For purposes of this article, Virginia taxable income for a taxable year means the federal taxable income and any other income taxable to the corporation under federal law for such year of a corporation adjusted as provided in subsections B, C, D, and E.

For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, and E.

B. There shall be added to the extent excluded from federal taxable income:

1. Interest, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such other state unless created by compact or agreement to which the Commonwealth is a party;

2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;

3. [Repealed.]

4. The amount of any net income taxes and other taxes, including franchise and excise taxes, which are based on, measured by, or computed with reference to net income, imposed by the Commonwealth or any other taxing jurisdiction, to the extent deducted in determining federal taxable income;

5. Unrelated business taxable income as defined by § 512 of the Internal Revenue Code;

6. [Repealed.]

7. The amount required to be included in income for the purpose of computing the partial tax on an accumulation distribution pursuant to § 667 of the Internal Revenue Code;

8. a. For taxable years beginning on and after January 1, 2004, the amount of any intangible expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of

intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under § 58.1-446;

9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

(2) The interest expenses and costs are not directly or indirectly for, related to or in connection with the direct or indirect acquisition, maintenance, management, sale, exchange, or disposition of intangible property; and

(3) The transaction giving rise to the expenses and costs between the corporation and the related member has a valid business purpose other than the avoidance or reduction of taxation and payments between the parties are made at arm's length rates and terms; and

(4) One of the following applies:

(i) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(ii) Payments arise pursuant to a pre-existing contract entered into when the parties were not related members provided the payments continue to be made at arm's length rates and terms;

(iii) The related member engages in transactions with parties other than related members that generate revenue in excess of \$2 million annually; or

(iv) The transaction giving rise to the interest payments between the corporation and a related member was done at arm's length rates and terms and meets any of the following: (a) the related member uses funds that are borrowed from a party other than a related member or that are paid, incurred or passed-through to a person who is not a related member; (b) the debt is part of a regular and systematic funds management or portfolio investment activity conducted by the related member, whereby the funds of two or more related members are aggregated for the purpose of achieving economies of scale, the internal financing of the active business operations of members, or the benefit of centralized management of funds; (c) financing the expansion of the business operations; or (d) restructuring the debt of related members, or the pass-through of acquisition-related indebtedness to related members.

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in

taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 9 shall be construed to limit or negate the Department's authority under § 58.1-446.

d. For purposes of subdivision B 9:

"Arm's-length rates and terms" means that (i) two or more related members enter into a written agreement for the transaction, (ii) such agreement is of a duration and contains payment terms substantially similar to those that the related member would be able to obtain from an unrelated entity, (iii) the interest is at or below the applicable federal rate compounded annually for debt instruments under § 1274(d) of the Internal Revenue Code that was in effect at the time of the agreement, and (iv) the borrower or payor adheres to the payment terms of the agreement governing the transaction or any amendments thereto.

"Valid business purpose" means one or more business purposes that alone or in combination constitute the motivation for some business activity or transaction, which activity or transaction improves, apart from tax effects, the economic position of the taxpayer, as further defined by regulation.

In addition, the exemption shall apply to any such computer equipment or enabling software purchased or leased to upgrade, supplement, or replace computer equipment or enabling software purchased or leased in the initial investment. The exemption shall not apply to any other computer software otherwise taxable under Chapter 6 of Title 58.1 that is sold or leased separately from the computer equipment, nor shall it apply to general building improvements or other fixtures.

The requirement of at least 50 new jobs is reduced to 25 new jobs if the data center is located in a locality that has an unemployment rate for the preceding year of at least 150 percent of the average statewide unemployment rate for such year as determined by the Virginia Economic Development Partnership or is located in an enterprise zone. Prior to claiming such exemption, any qualifying person claiming the exemption must enter into a memorandum of understanding with the Virginia Economic Development Partnership Authority that at a minimum provides the details for determining the amount of capital investment made and the number of new jobs created, the timeline for achieving the capital investment and new job goals, the repayment obligations should those goals not be achieved, and any conditions under which repayment by the qualifying person claiming the exemption may be required. In addition, the exemption shall apply to any such computer equipment or enabling software purchased or leased to upgrade, supplement, or replace computer equipment or enabling software purchased or leased in the initial investment. This exemption applies to the data center operator and the tenants of the data center if they collectively meet the requirements listed in this section. Prior to claiming such exemption, any qualifying person claiming the exemption, including a data center operator on behalf of itself and its tenants, must enter into a memorandum of understanding with the Virginia Economic Development Partnership Authority that at a minimum provides the details for determining the amount of capital investment made and the number of new jobs created, the timeline for achieving the capital investment and new job goals, the repayment obligations should those goals not be achieved, and any conditions under which repayment by the qualifying data center or data center tenant claiming the exemption may be required. In addition, the exemption shall apply to any such computer equipment or enabling software purchased or leased to upgrade, supplement, or replace computer equipment or enabling software purchased or leased in the initial investment. The exemption shall not apply to any other computer software otherwise taxable under Chapter 6 of Title 58.1 that is sold or leased separately from the computer equipment, nor shall it apply to general building improvements or other fixtures.

18. (Effective June 30, 2020) Beginning July 1, 2010, and ending June 30, 2020, computer equipment or enabling software purchased or leased for the processing, storage, retrieval, or communication of data, including but not limited to servers, routers, connections, and other enabling hardware, including chillers and backup generators used or to be used in the operation of the equipment exempted in this paragraph, provided that such computer equipment or enabling software is purchased or leased for use in a data center that (i) is located in a Virginia locality, (ii) results in a new capital investment on or after January 1, 2009, of at least \$150 million, and (iii) results in the creation on or after July 1, 2009, of at least 50 new jobs associated with the operation or maintenance of the data center provided that such jobs pay at least one and one-half times the prevailing average wage in that locality. The requirement of at least 50 new jobs is reduced to 25 new jobs if the data center is located in a locality that has an unemployment rate for the preceding year of at least 150 percent of the average statewide unemployment rate for such year as determined by the Virginia Economic Development Partnership or is located in an enterprise zone. Prior to claiming such exemption, any qualifying person claiming the exemption must enter into a memorandum of understanding with the Virginia Economic Development Partnership Authority that at a minimum provides the details for determining the amount of capital investment made and the number of new jobs created, the timeline for achieving the capital investment and new job goals, the repayment obligations should those goals not be achieved, and any conditions under which repayment by the qualifying person claiming the exemption may be required. In addition, the exemption shall apply to any such computer equipment or enabling software purchased or leased to upgrade, supplement, or replace computer equipment or enabling software purchased or leased in the initial investment. The exemption shall not apply to any other computer software otherwise taxable under Chapter 6 of Title 58.1 that is sold or leased separately from the computer equipment, nor shall it apply to general building improvements or other fixtures.

§ 58.1-3660. Certified pollution control equipment and facilities.

A. Certified pollution control equipment and facilities, as defined herein, are hereby declared to be a separate class of property and shall constitute a classification for local taxation separate from other such classification of real or personal property and such property. Certified pollution control equipment and facilities shall be exempt from state and local taxation pursuant to Article X, Section 6 (d) of the Constitution of Virginia.

B. As used in this section:

"Certified pollution control equipment and facilities" shall mean any property, including real or personal property, equipment, facilities, or devices, used primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth and which the state certifying authority having jurisdiction with respect to such property has certified to the Department of Taxation as having been constructed, reconstructed, erected, or acquired in conformity with the state program or requirements for abatement or control of water or atmospheric pollution or contamination. Such property shall include, but is not limited to, any equipment used to grind, chip, or mulch trees, tree stumps, underbrush, and other vegetative cover for reuse as mulch, compost, landfill gas, synthetic or natural gas recovered from waste or other fuel, and equipment used in collecting, processing, and distributing, or generating electricity from, landfill gas or synthetic or natural gas recovered from waste, whether or not such property has been certified to the Department of Taxation by a state certifying authority. Such property shall also include solar energy equipment, facilities, or devices owned or operated by a business that collect, generate, transfer, or store thermal or electric energy whether or not such property has been certified to the Department of Taxation by a state certifying authority. For solar photovoltaic (electric energy) systems, this exemption applies only to (i) projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or before December 31, 2018; (ii) projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity, that serve any of the public institutions of higher education listed in § 23-9.5 or private college as defined in § 23-9.10:3; (iii) 80 percent of the assessed value of projects for which an initial interconnection request form has

been filed with an electric utility or a regional transmission organization after January 1, 2015, and greater than 20 megawatts, as measured in alternating current (AC) generation capacity, for projects first in service on or after January 1, 2017, (iv) projects equaling 5 megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019, and (v) 80 percent of the assessed value of all other projects equaling more than 5 megawatts, as measured in alternating current (AC) generation capacity for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019. Such property shall not include the land on which such equipment or facilities are located. *The exemption for solar photovoltaic (electric energy) projects greater than 20 megawatts, as measured in alternating current (AC) generation capacity, shall not apply to projects upon which construction begins after January 1, 2024.* Such property shall not include the land on which such equipment or facilities are located.

"State certifying authority" shall mean the State Water Control Board, for water pollution; the State Air Pollution Control Board, for air pollution; the Department of Mines, Minerals and Energy, for coal, oil, and gas production, including gas, natural gas, and coalbed methane gas; and the Virginia Waste Management Board, for waste disposal facilities, natural gas recovered from waste facilities, and landfill gas production facilities, and shall include any interstate agency authorized to act in place of a certifying authority of the Commonwealth.

§ 58.1-3661. Certified solar energy equipment, facilities, or devices and certified recycling equipment, facilities, or devices.

A. Certified solar energy equipment, facilities, or devices and certified recycling equipment, facilities, or devices, as defined herein, are hereby declared to be a separate class of property and shall constitute a classification for local taxation separate from other classifications of real or personal property. The governing body of any county, city or town may, by ordinance, exempt or partially exempt such property from local taxation in the manner provided by subsection D.

B. As used in this section:

"Certified recycling equipment, facilities, or devices" means machinery and equipment which is certified by the Department of Environmental Quality as integral to the recycling process and for use primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth, and used in manufacturing facilities or plant units which manufacture, process, compound, or produce for sale recyclable items of tangible personal property at fixed locations in the Commonwealth.

"Certified solar energy equipment, facilities, or devices" means any property, including real or personal property, equipment, facilities, or devices, excluding any *portion* of such property that is exempt under § 58.1-3660, certified by the local certifying authority to be designed and used primarily for the purpose of collecting, generating, transferring, or storing thermal or electric energy.

"Local certifying authority" means the local building departments or the Department of Environmental Quality. The State Board of Housing and Community Development shall promulgate regulations setting forth criteria for certifiable solar energy equipment. The Department of Environmental Quality shall promulgate regulations establishing criteria for recycling equipment, facilities, or devices.

C. Any person residing in a county, city or town which has adopted an ordinance pursuant to subsection A may proceed to have solar energy equipment, facilities, or devices certified as exempt, wholly or partially, from taxation by applying to the local building department. If, after examination of such equipment, facility, or device, the local building department determines that the unit primarily performs any of the functions set forth in subsection B and conforms to the requirements set by regulations of the Board of Housing and Community Development, such department shall approve and certify such application. The local department shall forthwith transmit to the local assessing officer those applications properly approved and certified by the local building department as meeting all requirements qualifying such equipment, facility, or device for exemption from taxation. Any person aggrieved by a decision of the local building department may appeal such decision to the local board of building code appeals, which may affirm or reverse such decision.

D. Upon receipt of the certificate from the local building department or the Department of Environmental Quality, the local assessing officer shall, if such local ordinance is in effect, proceed to determine the value of such qualifying solar energy equipment, facilities, or devices or certified recycling equipment, facilities, or devices. The exemption provided by this section shall be determined by applying the local tax rate to the value of such equipment, facilities, or devices and subtracting such amount, wholly or partially, either (i) from the total real property tax due on the real property to which such equipment, facilities, or devices are attached or (ii) if such equipment, facilities, or devices are taxable as machinery and tools under § 58.1-3507, from the total machinery and tools tax due on such equipment, facilities, or devices, at the election of the taxpayer. This exemption shall be effective beginning in the next succeeding tax year, and shall be permitted for a term of not less than five years. In the event the locality assesses real estate pursuant to § 58.1-3292, the exemption shall be first effective when such real estate is first assessed, but not prior to the date of such application for exemption.

E. It shall be presumed for purposes of the administration of ordinances pursuant to this section, and for no other purposes, that the value of such qualifying solar energy equipment, facilities, and devices is not less than the normal cost of purchasing and installing such equipment, facilities, and devices.

2. That the provisions of this act shall become effective January 1, 2017.

CHAPTER 347

An Act to amend and reenact § 58.1-3219.9 of the Code of Virginia, relating to real property tax exemption; spouse of member of armed forces killed in action.

[S 99]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:**1. That § 58.1-3219.9 of the Code of Virginia is amended and reenacted as follows:****§ 58.1-3219.9. Exemption from taxes on property of surviving spouses of members of the armed forces killed in action.**

A. Pursuant to subdivision (b) of Section 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2015, the General Assembly hereby exempts from taxation the real property described in subsection B of the surviving spouse (i) of any member of the armed forces of the United States who was killed in action as determined by the ~~United States~~ U.S. Department of Defense and (ii) who occupies the real property as his principal place of residence. *For purposes of this section, such determination of "killed in action" includes a determination by the U.S. Department of Defense of "died of wounds received in action."* If such member of the armed forces of the United States is killed in action after January 1, 2015, and the surviving spouse has a qualified principal residence on the date that such member of the armed forces is killed in action, then the exemption for the surviving spouse shall begin on the date that such member of the armed forces is killed in action. However, no county, city, or town shall be liable for any interest on any refund due to the surviving spouse for taxes paid prior to the surviving spouse's filing of the affidavit or written statement required by § 58.1-3219.10. If the surviving spouse acquires the property after January 1, 2015, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. Those dwellings in the locality with assessed values in the most recently ended tax year that are not in excess of the average assessed value for such year of a dwelling situated on property that is zoned as single family residential shall qualify for a total exemption from real property taxes under this article. If the value of a dwelling is in excess of the average assessed value as described in this subsection, then only that portion of the assessed value in excess of the average assessed value shall be subject to real property taxes, and the portion of the assessed value that is not in excess of the average assessed value shall be exempt from real property taxes. Single family homes, condominiums, town homes, and other types of dwellings of surviving spouses that (i) meet this requirement and (ii) are occupied by such persons as their principal place of residence shall qualify for the real property tax exemption.

For purposes of determining whether a dwelling, or a portion of its value, is exempt from county and town real property taxes, the average assessed value shall be such average for all dwellings located within the county that are situated on property zoned as single family residential.

C. The surviving spouse of a member of the armed forces killed in action shall qualify for the exemption so long as the surviving spouse does not remarry and continues to occupy the real property as his principal place of residence. The exemption applies without any restriction on the spouse's moving to a different principal place of residence.

D. A county, city, or town shall provide for the exemption from real property taxes (i) the qualifying dwelling, or the portion of the value of such dwelling and land that qualifies for the exemption pursuant to subsection B, and (ii) the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section.

E. For purposes of this exemption, real property of any surviving spouse of a member of the armed forces killed in action includes real property (i) held by a surviving spouse as a tenant for life, (ii) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (iii) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

F. 1. In the event that (i) a surviving spouse is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has 1 as a numerator and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the principal residence is jointly owned by two or more individuals including the surviving spouse, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E, then the exemption shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by the surviving spouse, and as a denominator, 100 percent.

[S 366]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:**1. That §§ 46.2-653.1, 58.1-3219.5, and 58.1-3219.9 of the Code of Virginia are amended and reenacted as follows:****§ 46.2-653.1. Conversion of manufactured home to real property.**

A. After a manufactured home has been titled in the Commonwealth and at such time as the wheels and other equipment previously used for mobility have been removed and the unit has been attached to real property owned by the manufactured home owner, the owner may convert the home to real property in accordance with the provisions of subsection B. ~~The~~ *Except as provided in §§ 58.1-3219.5 and 58.1-3219.9, and for the purposes stated in §§ 58.1-3219.5 and 58.1-3219.9, the provisions of this section constitute the only manner by which a manufactured home owner may convert a manufactured home to real property.*

B. A manufactured home owner who wishes to convert the home to real property shall submit a sworn affidavit to the Department that the wheels and other equipment previously used for mobility have been removed from the manufactured home and the unit has been attached to real property owned by the manufactured home owner.

The affidavit must be in a form approved by the Commissioner. Upon compliance by the owner with the procedure for surrender of title, the Department shall rescind and cancel the Virginia title. The Department shall not cancel the title if a security interest has been recorded on the title and not released by the secured party. After canceling the title, the Department shall provide written confirmation to the owner that the title has been surrendered and has been canceled by the Department.

Upon receipt of confirmation that the title has been surrendered and has been canceled by the Department, the owner shall file a sworn affidavit of affixation with the circuit court of the locality where the real property is located. The affidavit shall include all of the following information:

1. The manufacturer and, if applicable, the model name of the manufactured home.
2. The vehicle identification number and serial number of the manufactured home.
3. The legal description of the real property on which the manufactured home is placed, including the property address, stating that the owner of the manufactured home also owns the real property.
4. Certification that there are no security interests in the manufactured home that have not been released by the secured party.

5. The homeowner's statement that the title has been surrendered and has been canceled by the Department and that the home is intended to be a permanent fixture and improvement to the land, to the same extent as any site-built home, and assessed and taxed with the land as real property.

In addition, a copy of the confirmation provided by the Department that the title has been surrendered and canceled by the Department shall be attached to and filed with the affidavit.

Upon filing the affidavit of affixation, the manufactured home shall then be deemed to be real estate and shall thereafter be conveyed and encumbered only as real estate is conveyed and encumbered, except when the home is thereafter physically severed from the real property and a new title issued in accordance with subsection C.

A security interest in a manufactured home is perfected against the rights of judicial lien creditors, execution creditors, and purchasers for value on and after the date such security interest attaches. The Commissioner shall have prepared a list of all titles canceled pursuant to this section and furnish it, in conjunction with the reports submitted pursuant to § 46.2-210, to the commissioner of the revenue of each county and city without cost.

C. If the owner of a manufactured home whose certificate of title has been canceled under this section subsequently seeks to sever the manufactured home from the real property, the owner may apply for a new certificate of title in accordance with the provisions of this section.

1. The owner shall file with the circuit court where the real property is located an affidavit that includes or provides for all of the following information:

- a. The manufacturer and, if applicable, the model name of the manufactured home.
- b. The vehicle identification number and serial number of the manufactured home.
- c. The legal description of the real property on which the manufactured home is or was placed, stating that the owner of the manufactured home also owns the real property.

Upon receipt of the information required in subdivision C 2, together with a title application and required fee, the Department is authorized to issue a new title for the manufactured home. The initial title issued under the provisions of this subsection shall contain no security interests, provided however, that nothing contained herein shall be construed to prevent a subsequent security interest from being recorded on the title.

§ 58.1-3219.5. Exemption from taxes on property for disabled veterans.

A. Pursuant to subdivision (a) of Section 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2011, the General Assembly hereby exempts from taxation the real property, including the joint real property of husband and wife, of any veteran who has been rated by the U.S. Department of Veterans Affairs or its successor agency pursuant to federal law to have a 100 percent service-connected, permanent, and total disability, and who occupies the real property as his principal place of residence. If the veteran's disability rating occurs after January 1, 2011, and he has a qualified primary residence on the date of the rating, then the exemption for him under this section begins on the date of such rating. However, no county, city, or town shall be liable for any interest on any refund due to the veteran for taxes paid prior to the veteran's filing of the affidavit or written statement required by § 58.1-3219.6. If the qualified veteran acquires the property after January 1, 2011, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. The surviving spouse of a veteran eligible for the exemption set forth in this article shall also qualify for the exemption, so long as the death of the veteran occurs on or after January 1, 2011, the surviving spouse does not remarry, and the surviving spouse continues to occupy the real property as his principal place of residence.

C. A county, city, or town shall provide for the exemption from real property taxes the qualifying dwelling pursuant to this section, and shall provide for the exemption from real property taxes the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section. *If the veteran owns a house that is his residence, including a manufactured home as defined in § 46.2-100 whether or not the wheels and other equipment previously used for mobility have been removed, such house or manufactured home shall be exempt even if the veteran does not own the land on which the house or manufactured home is located. If such land is not owned by the veteran, then the land is not exempt.*

D. For purposes of this exemption, real property of any veteran includes real property (i) held by a veteran alone or in conjunction with the veteran's spouse as tenant or tenants for life or joint lives, (ii) held in a revocable inter vivos trust over which the veteran or the veteran and his spouse hold the power of revocation, or (iii) held in an irrevocable trust under which a veteran alone or in conjunction with his spouse possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

The exemption for a surviving spouse under subsection B includes real property (a) held by the veteran's spouse as tenant for life, (b) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (c) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. The exemption does not apply to any interest held under a leasehold or term of years.

E. 1. In the event that (i) a person is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection D and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the number of people who are qualified for the exemption pursuant to this section and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the primary residence is jointly owned by two or more individuals, not all of whom qualify for the exemption pursuant to subsection A or B, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection D, then the exemption shall be prorated by multiplying the

amount of the exemption or deferral by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by all such joint owners who qualify for the exemption pursuant to subsections A and B, and as a denominator, 100 percent.

§ 58.1-3219.9. Exemption from taxes on property of surviving spouses of members of the armed forces killed in action.

A. Pursuant to subdivision (b) of Section 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2015, the General Assembly hereby exempts from taxation the real property described in subsection B of the surviving spouse (i) of any member of the armed forces of the United States who was killed in action as determined by the United States Department of Defense and (ii) who occupies the real property as his principal place of residence. If such member of the armed forces of the United States is killed in action after January 1, 2015, and the surviving spouse has a qualified principal residence on the date that such member of the armed forces is killed in action, then the exemption for the surviving spouse shall begin on the date that such member of the armed forces is killed in action. However, no county, city, or town shall be liable for any interest on any refund due to the surviving spouse for taxes paid prior to the surviving spouse's filing of the affidavit or written statement required by § 58.1-3219.10. If the surviving spouse acquires the property after January 1, 2015, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. Those dwellings in the locality with assessed values in the most recently ended tax year that are not in excess of the average assessed value for such year of a dwelling situated on property that is zoned as single family residential shall qualify for a total exemption from real property taxes under this article. If the value of a dwelling is in excess of the average assessed value as described in this subsection, then only that portion of the assessed value in excess of the average assessed value shall be subject to real property taxes, and the portion of the assessed value that is not in excess of the average assessed value shall be exempt from real property taxes. Single family homes, condominiums, town homes, *manufactured homes as defined in § 46.2-100 whether or not the wheels and other equipment previously used for mobility have been removed*, and other types of dwellings of surviving spouses, *whether or not the land on which the single family home, condominium, town home, manufactured home, or other type of dwelling of a surviving spouse is located is owned by someone other than the surviving spouse*, that (i) meet this requirement and (ii) are occupied by such persons as their principal place of residence shall qualify for the real property tax exemption. *If the land on which the single family home, condominium, town home, manufactured home, or other type of dwelling is located is not owned by the surviving spouse, then the land is not exempt.*

For purposes of determining whether a dwelling, or a portion of its value, is exempt from county and town real property taxes, the average assessed value shall be such average for all dwellings located within the county that are situated on property zoned as single family residential.

C. The surviving spouse of a member of the armed forces killed in action shall qualify for the exemption so long as the surviving spouse does not remarry and continues to occupy the real property as his principal place of residence. The exemption applies without any restriction on the spouse's moving to a different principal place of residence.

D. A county, city, or town shall provide for the exemption from real property taxes (i) the qualifying dwelling, or the portion of the value of such dwelling and land that qualifies for the exemption pursuant to subsection B, and (ii) *except land not owned by the surviving spouse*, the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section.

E. For purposes of this exemption, real property of any surviving spouse of a member of the armed forces killed in action includes real property (i) held by a surviving spouse as a tenant for life, (ii) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (iii) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

F. 1. In the event that (i) a surviving spouse is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has 1 as a numerator and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the principal residence is jointly owned by two or more individuals including the surviving spouse, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E, then the exemption shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by the surviving spouse, and as a denominator, 100 percent.

CHAPTER 350

[S 408]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 55-210.20 of the Code of Virginia is amended and reenacted as follows:

§ 55-210.20. Filing claim to property or proceeds of sale thereof.

A. Any person claiming an interest in any property delivered to the Commonwealth under this chapter may file a claim thereto or to the proceeds from the sale thereof on ~~the~~ a form prescribed by the State Treasurer.

B. In order of preference, such evidence may include (i) a certificate of qualification as the executor or an order of appointment as the administrator or personal representative of the decedent's estate under the laws of the state of the decedent's domicile; (ii) if applicable, an affidavit authorizing the claimant to be the designated successor under the Virginia Small Estate Act (§ 64.2-600 et seq.), or its equivalent under the laws of the state of the decedent's domicile that names the claimant as the designated successor; or (iii) the order of distribution or the final accounting for a closed estate that reflects payment due in whole or in part to the claimant. When, in the absence of any such evidence, (a) the death of the reported owner occurred at least one year prior to filing the claim and (b) the amount claimed is \$15,000 or less, exclusive of any interest owed pursuant to subsection C of § 55-210.21, the administrator may allow the claimant to submit an affidavit stating the claimant's entitlement to payment in the absence of sufficient documentation, and the administrator may approve the claim in his discretion, returning or paying all or the appropriate share of the deceased owner's property to the claimant. The administrator may pay or deliver all of the deceased owner's property to a claimant who submits the prescribed affidavit evidencing his agreement to receive and distribute the property to the other rightful heirs or beneficiaries and acknowledging his assumption of liability to those beneficiaries or heirs for failure to do so.

C. The administrator shall deny any subsequent claim to the same property. Any person subsequently claiming an equal or superior right to the deceased owner's property whose claim is denied by the administrator for this reason may seek redress from the claimant to whom payment was made.

2. That the State Treasurer shall develop and make available a plain English explanation of a person's right to make a claim, in accordance with the provisions of this act, for property delivered to the Commonwealth in cases where the reported owner of the property is deceased. The State Treasurer shall also post such document on its website.

An Act to amend and reenact § 20-103 of the Code of Virginia, relating to source of pendente lite support award.

[S 70]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 20-103 of the Code of Virginia is amended and reenacted as follows:

§ 20-103. Court may make orders pending suit for divorce, custody or visitation, etc.

A. In suits for divorce, annulment and separate maintenance, and in proceedings arising under subdivision A 3 or subsection L of § 16.1-241, the court having jurisdiction of the matter may, at any time pending a suit pursuant to this chapter, in the discretion of such court, make any order that may be proper (i) to compel a spouse to pay any sums necessary for the maintenance and support of the petitioning spouse, including (a) an order that the other spouse provide health care coverage for the petitioning spouse, unless it is shown that such coverage cannot be obtained, or (b) an order that a party pay

secured or unsecured debts incurred jointly or by either party, (ii) to enable such spouse to carry on the suit, (iii) to prevent either spouse from imposing any restraint on the personal liberty of the other spouse, (iv) to provide for the custody and maintenance of the minor children of the parties, including an order that either party or both parties provide health care coverage or cash medical support, or both, for the children, (v) to provide support, calculated in accordance with § 20-108.2, for any child of the parties to whom a duty of support is owed and to pay or continue to pay support for any child over the age of 18 who meets the requirements set forth in subsection C of § 20-124.2, (vi) for the exclusive use and possession of the family residence during the pendency of the suit, (vii) to preserve the estate of either spouse, so that it be forthcoming to meet any decree which may be made in the suit, (viii) to compel either spouse to give security to abide such decree, or (ix)(a) to compel a party to maintain any existing policy owned by that party insuring the life of either party or to require a party to name as a beneficiary of the policy the other party or an appropriate person for the exclusive use and benefit of the minor children of the parties and (b) to allocate the premium cost of such life insurance between the parties, provided that all premiums are billed to the policyholder. Nothing in clause (ix) shall be construed to create an independent cause of action on the part of any beneficiary against the insurer or to require an insurer to provide information relating to such policy to any person other than the policyholder without the written consent of the policyholder. The parties to any petition where a child whose custody, visitation, or support is contested shall show proof that they have attended within the 12 months prior to their court appearance or that they shall attend within 45 days thereafter an educational seminar or other like program conducted by a qualified person or organization approved by the court except that the court may require the parties to attend such seminar or program in uncontested cases only if the court finds good cause. The seminar or other program shall be a minimum of four hours in length and shall address the effects of separation or divorce on children, parenting responsibilities, options for conflict resolution and financial responsibilities. Once a party has completed one educational seminar or other like program, the required completion of additional programs shall be at the court's discretion. Parties under this section shall include natural or adoptive parents of the child, or any person with a legitimate interest as defined in § 20-124.1. The fee charged a party for participation in such program shall be based on the party's ability to pay; however, no fee in excess of \$50 may be charged. Whenever possible, before participating in mediation or alternative dispute resolution to address custody, visitation or support, each party shall have attended the educational seminar or other like program. The court may grant an exemption from attendance of such program for good cause shown or if there is no program reasonably available. Other than statements or admissions by a party admitting criminal activity or child abuse, no statement or admission by a party in such seminar or program shall be admissible into evidence in any subsequent proceeding.

A1. Any award or order made by the court pursuant to subsection A shall be paid from the post-separation income of the obligor unless the court, for good cause shown, orders otherwise. Upon the request of either party, the court may identify and state in such order or award the specific source from which the financial obligation imposed is to be paid.

B. In addition to the terms provided in subsection A, upon a showing by a party of reasonable apprehension of physical harm to that party by such party's family or household member as that term is defined in § 16.1-228, and consistent with rules of the Supreme Court of Virginia, the court may enter an order excluding that party's family or household member from the jointly owned or jointly rented family dwelling. In any case where an order is entered under this paragraph, pursuant to an ex parte hearing, the order shall not exclude a family or household member from the family dwelling for a period in excess of 15 days from the date the order is served, in person, upon the person so excluded. The order may provide for an extension of time beyond the 15 days, to become effective automatically. The person served may at any time file a written motion in the clerk's office requesting a hearing to dissolve or modify the order. Nothing in this section shall be construed to prohibit the court from extending an order entered under this subsection for such longer period of time as is deemed appropriate, after a hearing on notice to the parties. If the party subject to the order fails to appear at this hearing, the court may extend the order for a period not to exceed six months.

C. In cases other than those for divorce in which a custody or visitation arrangement for a minor child is sought, the court may enter an order providing for custody, visitation or maintenance pending the suit as provided in subsection A. The order shall be directed to either parent or any person with a legitimate interest who is a party to the suit.

D. Orders entered pursuant to this section which provide for custody or visitation arrangements pending the suit shall be made in accordance with the standards set out in Chapter 6.1 (§ 20-124.1 et seq.). Orders entered pursuant to subsection B shall be certified by the clerk and forwarded as soon as possible to the local police department or sheriff's office which shall, on the date of receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia crime information network system established and maintained by the Department of State Police pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. If the order is later dissolved or modified, a copy of the dissolution or modification shall also be certified, forwarded and entered in the system as described above.

CHAPTER 357

An Act to amend and reenact § 19.2-169.6 of the Code of Virginia, relating to involuntary psychiatric admission from local correctional facility.

[S 566]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-169.6 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-169.6. Inpatient psychiatric hospital admission from local correctional facility.

A. Any inmate of a local correctional facility who is not subject to the provisions of § 19.2-169.2 may be hospitalized for psychiatric treatment at a hospital designated by the Commissioner of Behavioral Health and Developmental Services as appropriate for treatment of persons under criminal charge if:

1. The court with jurisdiction over the inmate's case, if it is still pending, on the petition of the person having custody over an inmate or on its own motion, holds a hearing at which the inmate is represented by counsel and finds by clear and convincing evidence that (i) the inmate has a mental illness; (ii) there exists a substantial likelihood that, as a result of a mental illness, the inmate will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and any other relevant information or (b) suffer serious harm due to his lack of capacity to protect himself from harm as evidenced by recent behavior and any other relevant information; and (iii) the inmate requires treatment in a hospital rather than the local correctional facility. Prior to making this determination, the court shall consider the examination conducted in accordance with § 37.2-815 and the preadmission screening report prepared in accordance with § 37.2-816 and conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or designee of the local community services board or behavioral health authority who is skilled in the assessment and treatment of mental illness, who is not providing treatment to the inmate, and who has completed a certification program approved by the Department of Behavioral Health and Developmental Services as provided in § 37.2-809. The examiner appointed pursuant to § 37.2-815, if not physically present at the hearing, shall be available whenever possible for questioning during the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § 37.2-804.1. Any employee or designee of the local community services board or behavioral health authority, as defined in § 37.2-809, representing the board or authority that prepared the preadmission screening report shall attend the hearing in person or, if physical attendance is not practicable, shall participate in the hearing through a two-way electronic video and audio communication system as authorized in § 37.2-804.1. When the hearing is held outside the service area of the community services board or behavioral health authority that prepared the preadmission screening report, and it is not practicable for a representative of the board or authority to attend or participate in the hearing, arrangements shall be made by the board or authority for an employee or designee of the board or authority serving the area in which the hearing is held to attend or participate on behalf of the board or authority that prepared the preadmission screening report; or

2. Upon petition by the person having custody over an inmate, a magistrate finds probable cause to believe that (i) the inmate has a mental illness; (ii) there exists a substantial likelihood that, as a result of a mental illness, the inmate will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and any other relevant information or (b) suffer serious harm due to his lack of capacity to protect himself from harm as evidenced by recent behavior and any other relevant information; and (iii) the inmate requires treatment in a hospital rather than a local correctional facility, and the magistrate issues a temporary detention order for the inmate. Prior to the filing of the petition, the person having custody shall arrange for an evaluation of the inmate conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or designee of the local community services board or behavioral health authority who is skilled in the assessment and treatment of mental illness and who has completed a certification program approved by the Department as provided in § 37.2-809. After considering the evaluation of the employee or designee of the local community services board or behavioral health authority, and any other information presented, and finding that probable cause exists to meet the criteria, the magistrate may issue a temporary detention order in accordance with the applicable procedures specified in §§ 37.2-809 through 37.2-813. The person having custody over the inmate shall notify the court having jurisdiction over the inmate's case, if it is still pending, and the inmate's attorney prior to the detention pursuant to a temporary detention order or as soon thereafter as is reasonable.

Upon detention pursuant to this subdivision, a hearing shall be held either before the court having jurisdiction over the inmate's case or before a district court judge or a special justice, as defined in § 37.2-100, in accordance with the provisions of §§ 37.2-815 through 37.2-821, in which case the inmate shall be represented by counsel as specified in § 37.2-814. The hearing shall be held within 72 hours of execution of the temporary detention order issued pursuant to this subdivision. If the 72-hour period terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the inmate may be detained until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. Any employee or designee of the local community services board or behavioral health authority, as defined in § 37.2-809, representing the board or authority that prepared the preadmission screening report shall attend the hearing in person or, if physical attendance is not practicable, shall participate in the hearing through a two-way electronic video and audio communication system as authorized in § 37.2-804.1. When the hearing is held outside the service area of the community services board or behavioral health authority that prepared the preadmission screening report, and it is not practicable for a representative of the board or authority to attend or participate in the hearing, arrangements shall be made by the board or authority for an employee or designee of the board or authority serving the area in which the hearing is held to attend or participate on behalf of the board or authority that prepared the preadmission screening report. The judge or special justice conducting the hearing may order the inmate hospitalized if, after considering the examination conducted in accordance with § 37.2-815, the preadmission screening report prepared in accordance with § 37.2-816, and any other available information as specified in subsection C of § 37.2-817, he finds by clear and convincing evidence that (1) the inmate has a mental illness; (2) there exists a substantial likelihood that, as a result of a mental illness, the inmate will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and any other relevant information or (b) suffer serious harm due to his lack of capacity to protect himself from harm as evidenced by recent behavior and any other relevant information; and (3) the inmate requires treatment in a hospital rather than a local correctional facility. The examiner appointed pursuant to § 37.2-815, if not physically present at the hearing, shall be available whenever possible for questioning during the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § 37.2-804.1. The examination and the preadmission screening report shall be admitted into evidence at the hearing.

B. In no event shall an inmate have the right to make application for voluntary admission as may be otherwise provided in § 37.2-805 or 37.2-814 or be subject to an order for mandatory outpatient treatment as provided in § 37.2-817.

C. If an inmate is hospitalized pursuant to this section and his criminal case is still pending, the court having jurisdiction over the inmate's case may order that the admitting hospital evaluate the inmate's competency to stand trial and his mental state at the time of the offense pursuant to §§ 19.2-169.1 and 19.2-169.5.

D. An inmate may not be hospitalized longer than 30 days under subsection A unless the court which has criminal jurisdiction over him or a district court judge or a special justice, as defined in § 37.2-100, holds a hearing and orders the inmate's continued hospitalization in accordance with the provisions of subdivision A 2. If the inmate's hospitalization is continued under this subsection by a court other than the court which has jurisdiction over his criminal case, the facility at which the inmate is hospitalized shall notify the court with jurisdiction over his criminal case and the inmate's attorney in the criminal case, if the case is still pending.

E. Hospitalization may be extended in accordance with subsection D for periods of 60 days for inmates awaiting trial, but in no event may such hospitalization be continued beyond trial, nor shall such hospitalization act to delay trial, as long as the inmate remains competent to stand trial. Hospitalization may be extended in accordance with subsection D for periods of 180 days for an inmate who has been convicted and not yet sentenced, or for an inmate who has been convicted of a crime and is in the custody of a local correctional facility after sentencing, but in no event may such hospitalization be continued beyond the date upon which his sentence would have expired had he received the maximum sentence for the crime charged. Any inmate who has not completed service of his sentence upon discharge from the hospital shall serve the remainder of his sentence.

F. For any inmate who has been convicted and not yet sentenced, or who has been convicted of a crime and is in the custody of a local correctional facility after sentencing, the time the inmate is confined in a hospital for psychiatric treatment shall be deducted from any term for which he may be sentenced to any penal institution, reformatory or elsewhere.

G. Any health care provider, as defined in § 32.1-127.1:03, or other provider rendering services to an inmate who is the subject of a proceeding under this section, upon request, shall disclose to a magistrate, the court, the inmate's attorney, the inmate's guardian ad litem, the examiner appointed pursuant to § 37.2-815, the community service board or behavioral health authority preparing the preadmission screening pursuant to § 37.2-816, or the sheriff or administrator of the local correctional facility any and all information that is necessary and appropriate to enable each of them to perform his duties under this section. These health care providers and other service providers shall disclose to one another health records and information where necessary to provide care and treatment to the inmate and to monitor that care and treatment. Health records disclosed to a sheriff or administrator of the local correctional facility shall be limited to information necessary to protect the sheriff or administrator of the local correctional facility and his employees, the inmate, or the public from physical injury or to address the health care needs of the inmate. Information disclosed to a law-enforcement officer shall not be used for any other purpose, disclosed to others, or retained.

Any health care provider disclosing records pursuant to this section shall be immune from civil liability for any harm resulting from the disclosure, including any liability under the federal Health Insurance Portability and Accountability Act

(42 U.S.C. § 1320d et seq.), as amended, unless the person or provider disclosing such records intended the harm or acted in bad faith.

H. Any order entered where an inmate is the subject of proceedings under this section shall provide for the disclosure of medical records pursuant to subsection G. This subsection shall not preclude any other disclosures as required or permitted by law.

I. *As used in this section, "person having custody over an inmate" means the sheriff or other person in charge of the local correctional facility where the inmate is incarcerated at the time of the filing of a petition for the psychiatric treatment of the inmate.*

CHAPTER 362

An Act to amend and reenact § 2.2-4302.2 of the Code of Virginia, relating to the Virginia Public Procurement Act; process for competitive negotiation; architects and engineers.

[H 578]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-4302.2 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-4302.2. Process for competitive negotiation.

A. The process for competitive negotiation shall include the following:

1. Issuance of a written Request for Proposal indicating in general terms that which is sought to be procured, specifying the factors that will be used in evaluating the proposal, indicating whether a numerical scoring system will be used in evaluation of the proposal, and containing or incorporating by reference the other applicable contractual terms and conditions, including any unique capabilities, specifications or qualifications that will be required. In the event that a numerical scoring system will be used in the evaluation of proposals, the point values assigned to each of the evaluation

criteria shall be included in the Request for Proposal or posted at the location designated for public posting of procurement notices prior to the due date and time for receiving proposals;

2. Public notice of the Request for Proposal at least 10 days prior to the date set for receipt of proposals by posting on the Department of General Services' central electronic procurement website or other appropriate websites. Additionally, public bodies shall publish in a newspaper of general circulation in the area in which the contract is to be performed so as to provide reasonable notice to the maximum number of offerors that can be reasonably anticipated to submit proposals in response to the particular request. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities. In addition, proposals may be solicited directly from potential contractors. Any additional solicitations shall include certified businesses selected from a list made available by the Department of Small Business and Supplier Diversity; and

3. For goods, nonprofessional services, and insurance, selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the Request for Proposal, including price if so stated in the Request for Proposal. Negotiations shall then be conducted with each of the offerors so selected. Price shall be considered, but need not be the sole or primary determining factor. After negotiations have been conducted with each offeror so selected, the public body shall select the offeror which, in its opinion, has made the best proposal and provides the best value, and shall award the contract to that offeror. When the terms and conditions of multiple awards are so provided in the Request for Proposal, awards may be made to more than one offeror. Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that offeror; or

4. For professional services, the public body shall engage in individual discussions with two or more offerors deemed fully qualified, responsible and suitable on the basis of initial responses and with emphasis on professional competence, to provide the required services. Repetitive informal interviews shall be permissible. The offerors shall be encouraged to elaborate on their qualifications and performance data or staff expertise pertinent to the proposed project, as well as alternative concepts. In addition, offerors shall be informed of any ranking criteria that will be used by the public body in addition to the review of the professional competence of the offeror. The Request for Proposal shall not, however, request that offerors furnish estimates of man-hours or cost for services. At the discussion stage, the public body may discuss nonbinding estimates of total project costs, including, but not limited to, life-cycle costing, and where appropriate, nonbinding estimates of price for services. In accordance with § 2.2-4342, proprietary information from competing offerors shall not be disclosed to the public or to competitors. *For architectural or engineering services, the public body shall not request or require offerors to list any exceptions to proposed contractual terms and conditions, unless such terms and conditions are required by statute, regulation, ordinance, or standards developed pursuant to § 2.2-1132, until after the qualified offerors are ranked for negotiations.* At the conclusion of discussion, outlined in this subdivision, on the basis of evaluation factors published in the Request for Proposal and all information developed in the selection process to this point, the public body shall select in the order of preference two or more offerors whose professional qualifications and proposed services are deemed most meritorious.

Negotiations shall then be conducted, beginning with the offeror ranked first. If a contract satisfactory and advantageous to the public body can be negotiated at a price considered fair and reasonable *and pursuant to contractual terms and conditions acceptable to the public body*, the award shall be made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price.

Notwithstanding the foregoing, if the terms and conditions for multiple awards are included in the Request for Proposal, a public body may award contracts to more than one offeror.

Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified or that one offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that offeror.

B. Multiphase professional services contracts satisfactory and advantageous to the completion of large, phased, or long-term projects may be negotiated and awarded based on a fair and reasonable price for the first phase only, where the completion of the earlier phases is necessary to provide information critical to the negotiation of a fair and reasonable price for succeeding phases. Prior to entering into any such contract, the public body shall (i) state the anticipated intended total scope of the project and (ii) determine in writing that the nature of the work is such that the best interests of the public body require awarding the contract.

CHAPTER 363

(4) The mayor shall preside at all meetings of the council and perform such other duties as may be prescribed by this charter, and by the general laws, and such as may be imposed by the council consistent with his office. He shall be entitled to vote upon measures pending before the council only in event all the other members are present and voting and are equally divided for and against such measure. He shall see that peace and order are preserved, and that persons and property within the town are protected. He shall perform such other services and functions as may be necessary or proper, and shall receive such compensation as may be provided by the council. In event of the mayor's absence, or disability to act, his duties shall be performed by the president of the town council, who shall be selected by the council for that purpose.

(5) Repealed.

(6) The administration and government of the Town of Damascus shall be vested in the town council, with the mayor as the executive and tie-breaker as herein provided, all of whom shall be residents and qualified voters of the town. The council shall have full power and authority, except as herein otherwise stated, to exercise all the powers conferred upon the town, and to pass all legal laws and ordinances relating to its municipal affairs. Each member of the council may receive a salary, or per diem allowance, for his services as such member, the amount thereof to be fixed by the council. For each such transaction conducted, the Department shall collect from the customer any transaction fee required by the responsible agency *or contractor* and remit the same to that agency *or contractor* in accordance with the terms of the agreement. *However, the Department may receive*

a portion of the transaction fee required by the responsible agency or contractor in accordance with the terms of the agreement in order to defray the costs of the transaction to the Department. The Department may also impose and collect a processing fee to be used to defray the costs of the transaction to the Department. The amount of the processing fee, if imposed, shall be \$2, unless otherwise specified by law. Any *transaction fees received from the responsible agency or contractor or processing fees imposed and collected by the Department from the agency, contractor, or customer* under this section shall be paid into the state treasury and set aside as a special fund to be used to meet the expenses of the Department.

For purposes of this section, "state," when applied to a part of the United States, means any of the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Northern Mariana Islands, and the United States Virgin Islands.

§ 46.2-328. Department to issue licenses; endorsements, classifications, and restrictions authorizing operation of certain vehicles.

A. The Department shall issue to every person licensed as a driver, a driver's license. Every driver's license shall contain all appropriate endorsements, classifications, and restrictions, where applicable, if the licensee has been licensed:

C. Every applicant intending to drive a motorcycle, when applying for a classification to authorize the driving of a motorcycle, shall submit to and pass the examination provided for in § 46.2-337. A classification on any license to drive a motorcycle shall indicate that the license is classified for the purpose of authorizing the licensee to drive only motorcycles and shall indicate as applicable a further restriction to a two-wheeled motorcycle only or a three-wheeled motorcycle only. However, if the applicant has a valid license at the time of application for a classification to drive a motorcycle, or if the applicant, at the time of such application, applies for a regular driver's license and submits to and passes the examination provided for in § 46.2-325, he shall be granted a classification on his license to drive motorcycles based on the applicable restrictions, in addition to any other vehicles his driver's license or commercial driver's license may authorize him to operate.

A valid Virginia driver's license issued to a person 19 years of age or older shall constitute a driver's license with a temporary motorcycle classification for the purposes of driving a motorcycle if the driver's license is accompanied by either (i) documentation verifying his successful completion of a motorcycle rider safety training course offered by a provider licensed under Article 23 (§ 46.2-1188 et seq.) of Chapter 10 or (ii) documentation that the license holder is a member, the spouse of a member, or a dependent of a member of the United States Armed Services and that the license holder has successfully completed a basic motorcycle rider course approved by the United States Armed Services. The temporary motorcycle classification shall only be valid for 30 days from the date of successful completion of the motorcycle rider safety training course as shown on the documentation evidencing completion of such course. The temporary motorcycle classification shall indicate whether the license holder is authorized to operate any motorcycle or is restricted to either a two-wheeled motorcycle only or a three-wheeled motorcycle only.

Any person who holds a valid Virginia driver's license and is a member, the spouse of a member, or a dependent of a member of the United States Armed Services shall be issued a motorcycle classification by mail upon documentation of (a) successful completion of a basic motorcycle rider course approved by the United States Armed Services and (b) documentation of his assignment outside the Commonwealth.

§ 46.2-330. Expiration and renewal of licenses; examinations required.

A. Every driver's license shall expire on the applicant's birthday at the end of the period of years for which a driver's license has been issued. At no time shall any driver's license be issued for more than eight years. Thereafter the driver's license shall be renewed on or before the birthday of the licensee and shall be valid for a period not to exceed eight years except as otherwise provided by law. Any driver's license issued to a person age 75 or older shall be issued for a period not to exceed five years. Notwithstanding these limitations, the Commissioner may extend the validity period of an expiring license if (i) the Department is unable to process an application for renewal due to circumstances beyond its control, (ii) the extension has been authorized under a directive from the Governor, and (iii) the license was not issued as a temporary driver's license under the provisions of subsection B of § 46.2-328.1. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions. In determining the number of years for which a driver's license shall be renewed, the Commissioner shall take into consideration the examinations, conditions, requirements, and other criteria provided under this title that relate to the issuance of a license to operate a vehicle. Any driver's license issued to a person required to register pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1 shall expire on the applicant's birthday in years which the applicant attains an age equally divisible by five.

B. Within one year prior to the date shown on the driver's license as the date of expiration, the Department shall send notice, to the holder thereof, at the address shown on the records of the Department in its driver's license file, that his license will expire on a date specified therein, whether he must be reexamined, and when he may be reexamined. Nonreceipt of the notice shall not extend the period of validity of the driver's license beyond its expiration date. The license holder may request the Department to send such renewal notice to an email or other electronic address, upon provision of such address to the Department.

Any driver's license may be renewed by application after the applicant has taken and successfully completed those parts of the examination provided for in §§ 46.2-311, 46.2-325, and the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.), including vision and written tests, other than the parts of the examination requiring the applicant to drive a motor vehicle. All drivers applying in person for renewal of a license shall take and successfully complete the examination each renewal year. Every applicant for a renewal shall appear in person before the Department, unless specifically notified by the Department that renewal may be accomplished in another manner as provided in the notice. Applicants who are required to appear in person before the Department to apply for a renewal may also be required to present proof of identity, legal presence, residency, and social security number or non-work authorized status.

C. Notwithstanding any other provision of this section, the Commissioner, in his discretion, may require any applicant for renewal to be fully examined as provided in §§ 46.2-311, ~~and~~ 46.2-325, and the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). Furthermore, if the applicant is less than 75 years old, the Commissioner may waive the vision examination for any applicant for renewal of a driver's license ~~which~~ *that* is not a commercial driver's license, and the requirement ~~or~~ *for* the taking of the written test as provided in subsection B of this section, § 46.2-325, and the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.); ~~for any applicant for renewal who is at least 21 years old. Such written test shall not be waived for an applicant less than 21 years old if such applicant's driver's license record on file with the Department contains a record of one or more convictions for any offense reportable under §§ 46.2-382, 46.2-382.1, and 46.2-383.~~ However, in no case shall there be any waiver of the vision examination for applicants for renewal of a commercial driver's license or of the knowledge test required by the Virginia Commercial Driver's License Act for the hazardous materials endorsement on a commercial driver's license. No driver's license or learner's permit issued to any person who is 75 years old or older shall be renewed unless the applicant for renewal appears in person and either (i) passes a vision examination or (ii) presents a report of a vision examination, made within 90 days prior thereto by an ophthalmologist or optometrist, indicating that the applicant's vision meets or exceeds the standards contained in § 46.2-311.

D. Every applicant for renewal of a driver's license, whether renewal shall or shall not be dependent on any examination of the applicant, shall appear in person before the Department to apply for renewal, unless specifically notified by the Department that renewal may be accomplished in another manner as provided in the notice.

E. This section shall not modify the provisions of § 46.2-221.2.

F. 1. The Department shall electronically transmit application information, including a photograph, to the Department of State Police, in a format approved by the State Police, for comparison with information contained in the Virginia Criminal Information Network and National Crime Information Center Convicted Sexual Offender Registry ~~Files files~~, at the time of the renewal of a driver's license. Whenever it appears from the records of the State Police that a person has failed to comply with the duty to register or reregister pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, the State Police shall promptly investigate and, if there is probable cause to believe a violation has occurred, obtain a warrant or assist in obtaining an indictment charging a violation of § 18.2-472.1 in the jurisdiction in which the person last registered or reregistered or in the jurisdiction where the person made application for licensure. The Department of State Police shall electronically transmit to the Department, in a format approved by the Department, for each person required to register pursuant to Chapter 9 of Title 9.1, registry information consisting of the person's name, all aliases that he has used or under which he may have been known, his date of birth, and *his* social security number as set out in § 9.1-903.

2. For each person required to register pursuant to Chapter 9 of Title 9.1, the Department may not waive the requirement that each such person shall appear for each renewal or the requirement to obtain a photograph in accordance with subsection C of § 46.2-323.

CHAPTER 369

An Act to amend and reenact § 33.2-209 of the Code of Virginia, relating to Request for Proposal for design-build projects.

[H 501]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 33.2-209 of the Code of Virginia is amended and reenacted as follows:

§ 33.2-209. Construction and maintenance contracts and activities related to passenger and freight rail and public transportation.

A. The Board shall have the power and duty to let all contracts to be administered by the Department of Transportation or the Department of Rail and Public Transportation for the construction, maintenance, and improvement of the highways comprising systems of state highways and for all activities related to passenger and freight rail and public transportation in excess of \$5 million. The Commissioner of Highways has authority to let all Department of Transportation-administered contracts for highway construction, maintenance, and improvements up to \$5 million in value. The Director of the Department of Rail and Public Transportation has the authority to let contracts for passenger and freight rail and public transportation improvements up to \$5 million in value. The Commissioner of Highways is authorized to enter into agreements with localities, authorities, and transportation districts to administer projects and to allow those localities, authorities, and transportation districts to let contracts with no limit on contract value and without prior concurrence of the Commissioner of Highways or the Board for highway construction, maintenance, and improvements within their jurisdictions, in accordance with those provisions of this Code providing those localities, authorities, and transportation districts the ability to let such contracts. The Director of the Department of Rail and Public Transportation is authorized to enter into agreements with localities, authorities, and transportation districts to administer projects and to allow those localities, authorities, and transportation districts to let contracts with no limit on contract value and without prior concurrence of the Director of the Department of Rail and Public Transportation or the Board for passenger and freight rail and public transportation activities within their jurisdictions, in accordance with those provisions of this Code providing those localities, authorities, and transportation districts the ability to let such contracts. The Commissioner of Highways and the Director of the Department of Rail and Public Transportation shall report on their respective transportation contracting activities at least quarterly to the Board.

B. The Board may award contracts for the construction of transportation projects on a design-build basis. These contracts may be awarded after a written determination is made by the Commissioner of Highways or the Director of the Department of Rail and Public Transportation, pursuant to objective criteria previously adopted by the Board regarding the use of design-build, that delivery of the projects must be expedited and that it is not in the public interest to comply with the design and construction contracting procedures normally followed. Such objective criteria shall include requirements for prequalification of contractors and competitive bidding processes. These contracts shall be of such size and scope to encourage maximum competition and participation by agency prequalified and otherwise qualified contractors. Such determination shall be retained for public inspection in the official records of the Department of Transportation or the Department of Rail and Public Transportation, as the case may be, and shall include a description of the nature and scope of the project and the reasons for the Commissioner's or the Director's determination that awarding a design-build contract will best serve the public interest. *A Request for Proposal for transportation projects to be delivered on a design-build basis pursuant to this section may allow for the submission and consideration of alternative technical concepts in accordance with the procedures set forth in such Request for Proposal.* The provisions of this section shall supersede contrary provisions of subsection D of § 2.2-4303 and § 2.2-4306.

For the purposes of this subsection, "alternative technical concepts" means proposed changes to agency-supplied base design configurations, project scope, design, or construction criteria that provide a solution that is equal to or better than the requirements in the Request for Proposal.

C. The Board may award contracts for the provision of equipment, materials, and supplies to be used in construction of transportation projects on a fixed-price basis. Any such contract may provide that the price to be paid for the provision of equipment, materials, and supplies to be furnished in connection with the projects shall not be increased but shall remain fixed until completion of the projects specified in the contracts. Material components of any such contract for annual and multiyear programs, including maintenance, may be fixed at the outset of the projects and until completion based on best achievable prices.

CHAPTER 370

An Act to amend and reenact § 15.2-2222.1 of the Code of Virginia, relating to state and local transportation planning.

[H 728]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2222.1 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2222.1. Coordination of state and local transportation planning.

A. 1. Prior to adoption of any comprehensive plan pursuant to § 15.2-2223, any part of a comprehensive plan pursuant to § 15.2-2228, or any amendment to any comprehensive plan as described in § 15.2-2229, the locality shall submit such plan or amendment to the Department of Transportation for review and comment if the plan or amendment will substantially affect transportation on state-controlled highways as defined by regulations promulgated by the Department. The Department's comments on the proposed plan or amendment shall relate to plans and capacities for construction of transportation facilities affected by the proposal.

2. If the submitting locality is located within Planning District 8, the Department of Transportation shall also determine the extent to which the proposed plan or amendment will increase traffic congestion or, to the extent feasible, reduce the mobility of citizens in the event of a homeland security emergency and shall include such information as part of its comments on the proposed plan or amendment. *Such information shall be provided concurrently to the submitting locality and the Northern Virginia Transportation Authority.* Further, to the extent that such information is readily available, the Department shall also include in its comments an assessment of the measures and estimate of the costs necessary to mitigate or ameliorate the congestion or reduction in mobility attributable to the proposed plan or amendment.

3. Within 30 days of receipt of such proposed plan or amendment, the Department may request, and the locality shall agree to, a meeting between the Department and the local planning commission or other agent to discuss the plan or amendment, which discussions shall continue as long as the participants may deem them useful. The Department shall make written comments within 90 days after receipt of the plan or amendment, or by such later deadline as may be agreed to by the parties in the discussions.

B. Upon submission to, or initiation by, a locality of a proposed rezoning under § 15.2-2286, 15.2-2297, 15.2-2298, or 15.2-2303, the locality shall submit the proposal to the Department of Transportation within 10 business days of receipt thereof if the proposal will substantially affect transportation on state-controlled highways. Such application shall include a traffic impact statement if required by local ordinance or pursuant to regulations promulgated by the Department. Within 45 days of its receipt of such traffic impact statement, the Department shall either (i) provide written comment on the proposed rezoning to the locality or (ii) schedule a meeting, to be held within 60 days of its receipt of the proposal, with the local planning commission or other agent and the rezoning applicant to discuss potential modifications to the proposal to address any concerns or deficiencies. The Department's comments on the proposed rezoning shall be based upon the comprehensive plan, regulations and guidelines of the Department, engineering and design considerations, any adopted regional or statewide plans and short and long term traffic impacts on and off site. The Department shall complete its initial review of the rezoning proposal within 45 days, and its final review within 120 days, after it receives the rezoning proposal from the locality. Notwithstanding the foregoing provisions of this subsection, such review by the Department shall be of a more limited nature and scope in cases of rezoning a property consistent with a local comprehensive plan that has already been reviewed by the Department as provided in this section.

C. If a locality has not received written comments within the timeframes specified in subsection B, the locality may assume that the Department has no comments.

D. The review requirements set forth in this section shall be supplemental to, and shall not affect, any requirement for review by the Department of Transportation or the locality under any other provision of law. Nothing in this section shall be deemed to prohibit any additional consultations concerning land development or transportation facilities that may occur between the Department and localities as a result of existing or future administrative practice or procedure, or by mutual agreement.

E. The Department shall impose fees and charges for the review of applications, plans and plats pursuant to subsections A and B, and such fees and charges shall not exceed \$1,000 for each review. However, no fee shall be charged to a locality or other public agency. Furthermore, no fee shall be charged by the Department to a citizens' organization or neighborhood association that proposes comprehensive plan amendments through its local planning commission or local governing body.

CHAPTER 371

An Act to amend and reenact § 1-302 of the Code of Virginia, relating to Commonwealth ownership of offshore waters and submerged lands; survey.

[H 813]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 1-302 of the Code of Virginia is amended and reenacted as follows:

§ 1-302. Jurisdiction and ownership of Commonwealth over offshore waters and submerged lands.

A. The jurisdiction of the Commonwealth shall extend to and over, and be exercisable with respect to, ~~waters:~~

1. ~~Waters~~ offshore from the coasts of the Commonwealth ~~as follows:~~

~~1. The marginal sea and the high seas to the extent claimed in the Virginia Constitution of 1776 and not thereafter ceded by action of the General Assembly for a distance of three geographical miles as determined by appropriate metes and bounds surveys approved by the Virginia Institute of Marine Science and the Virginia Marine Resources Commission in consultation with the Bureau of Ocean Energy Management pursuant to a decree of the United States Supreme Court in *U.S. v. Maine*, 423 U.S. 1 (1975), and the Submerged Lands Act, 42 U.S.C. § 1301 et seq.~~

2. All submerged lands, including the subsurface thereof, lying under the waters listed in subdivision 1 ~~of this subsection.~~

B. The ownership of the waters and submerged lands enumerated or described in subsection A ~~of this section~~ shall be in the Commonwealth unless it shall be, with respect to any given parcel or area, in any other person or entity by virtue of a valid and effective instrument of conveyance or by operation of law.

C. Nothing contained herein shall be construed to limit or restrict in any way:

1. The jurisdiction of the Commonwealth over any person or with respect to any subject within or without the Commonwealth which jurisdiction is exercisable by reason of citizenship, residence, or for any other reason recognized by law.

2. The jurisdiction or ownership of or over any other waters or submerged lands, within or forming part of the boundaries of the Commonwealth. Nor shall anything in this section be construed to impair the exercise of legislative jurisdiction by the United States over any area to which such jurisdiction has been validly ceded by the Commonwealth and that remains in the ownership of the United States.

D. Nothing in this section shall alter the geographic area to which any act of the General Assembly applies if the act specifies the area precisely in miles or by some other numerical designation of distance or position. However, nothing in the act or in this section shall be construed as a waiver or relinquishment of jurisdiction or ownership by the Commonwealth over or in any area to which such jurisdiction or ownership extends by virtue of this section or any other provision or rule of law.

2. That the Secretary of Natural Resources shall execute the metes and bounds surveys described in subsection A of § 1-302 of the Code of Virginia and request the filing of appropriate motions by the Attorney General in the Supreme Court of the United States to fix the three-mile boundary, which shall thereafter constitute the seaward boundary of the Commonwealth and the extent of its territorial sea.

CHAPTER 372

An Act to amend and reenact § 29.1-521 of the Code of Virginia, relating to the killing or trapping of snakes.

[H 1311]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 29.1-521 of the Code of Virginia is amended and reenacted as follows:

§ 29.1-521. Unlawful to hunt, trap, possess, sell or transport wild birds and wild animals except as permitted; exception; penalty.

A. The following shall be unlawful:

1. To hunt or kill any wild bird or wild animal, including any nuisance species, with a gun, firearm or other weapon, or to hunt or kill any deer or bear with a gun, firearm, or other weapon with the aid or assistance of dogs, on Sunday. The provision of this subdivision that prohibits the hunting or killing of any wild bird or wild animal, including nuisance species, on Sunday shall not apply to (i) raccoons, which may be hunted until 2:00 a.m. on Sunday mornings; (ii) any person who hunts or kills waterfowl, subject to geographical limitations established by the Director and except within 200 yards of a place of worship or any accessory structure thereof; or (iii) any landowner or member of his family or any person with written permission from the landowner who hunts or kills any wild bird or wild animal, including any nuisance species, on the landowner's property, except within 200 yards of a place of worship or any accessory structure thereof. However, a person lawfully carrying a gun, firearm or other weapon on Sunday in an area that could be used for hunting shall not be presumed to be hunting on Sunday, absent evidence to the contrary.

2. To destroy or molest the nest, eggs, dens or young of any wild bird or wild animal, except nuisance species, at any time without a permit as required by law.

3. To hunt or attempt to kill or trap any species of wild bird or wild animal after having obtained the daily bag or season limit during such day or season. However, any properly licensed person, or a person exempt from having to obtain a license, who has obtained such daily bag or season limit while hunting may assist others who are hunting game by calling game, retrieving game, handling dogs, or conducting drives if the weapon in his possession is an unloaded firearm, a bow without a nocked arrow or an unloaded crossbow. Any properly licensed person, or person exempt from having to obtain a license, who has obtained such season limit prior to commencement of the hunt may assist others who are hunting game by calling

game, retrieving game, handling dogs, or conducting drives, provided he does not have a firearm, bow or crossbow in his possession.

4. To knowingly occupy any baited blind or other baited place for the purpose of taking or attempting to take any wild bird or wild animal or to put out bait or salt for any wild bird or wild animal for the purpose of taking or killing them. There shall be a rebuttable presumption that a person charged with violating this subdivision knows that he is occupying a baited blind or other baited place for the purpose of taking or attempting to take any wild bird or wild animal. However, this shall not apply to baiting nuisance species of animals and birds, or to baiting traps for the purpose of taking fur-bearing animals that may be lawfully trapped.

5. To kill or capture any wild bird or wild animal adjacent to any area while a field or forest fire is in progress.

6. To shoot or attempt to take any wild bird or wild animal from an automobile or other vehicle, except as provided in § 29.1-521.3.

7. To set a trap of any kind on the lands or waters of another without attaching to the trap: (i) the name and address of the trapper; or (ii) an identification number issued by the Department.

8. To set a trap where it would be likely to injure persons, dogs, stock, or fowl.

9. To fail to visit all traps once each day and remove all animals caught, and immediately report to the landowner as to stock, dogs or fowl that are caught and the date. However, the Director or his designee may authorize employees of federal, state, and local government agencies, and persons holding a valid Commercial Nuisance Animal Permit issued by the Department, to visit body-gripping traps that are completely submerged at least once every 72 hours and the Board may adopt regulations permitting trappers to visit traps less frequently under specified conditions. The Board shall adopt regulations permitting trappers to use remote trap-checking technology to check traps under specified conditions.

10. To hunt, trap, take, capture, kill, attempt to take, capture or kill, possess, deliver for transportation, transport, cause to be transported, by any means whatever, receive for transportation or export, or import, at any time or in any manner, any wild bird or wild animal or the carcass or any part thereof, except as specifically permitted by law and only by the manner or means and within the numbers stated. However, the provisions of this section shall not be construed to prohibit the (i) use or transportation of legally taken turkey carcasses, or portions thereof, for the purposes of making or selling turkey callers, (ii) the manufacture or sale of implements, including, but not limited to, tools or utensils, made from legally harvested deer skeletal parts, including antlers, or (iii) the possession of shed antlers.

11. To offer for sale, sell, offer to purchase, or purchase, at any time or in any manner, any wild bird or wild animal or the carcass or any part thereof, except as specifically permitted by law, including, but not limited to, subsection D of § 29.1-553. However, any nonprofit organization exempt from taxation under § 501(c)(3) of the Internal Revenue Code, which is (i) organized to provide wild game as food to the hungry and (ii) authorized by the Department to possess, transport and distribute donated or unclaimed meat to the hungry, may pay a processing fee in order to obtain such meat. Such fees shall not exceed the actual cost for processing the meat. In addition, any nonprofit organization exempt from taxation under § 501(c)(3) of the Internal Revenue Code, that is (a) organized to support wildlife habitat conservation and (b) approved by the Department, shall be allowed to offer wildlife mounts that have undergone the taxidermy process for sale in conjunction with fundraising activities. A violation of this subdivision shall be punishable as provided in § 29.1-553.

B. Notwithstanding any other provision of this article, any American Indian, who produces verification that he is an enrolled member of a tribe recognized by the Commonwealth, another state or the U.S. government, may possess, offer for sale or sell to another American Indian, or offer to purchase or purchase from another American Indian, parts of legally obtained fur-bearing animals, nonmigratory game birds, and game animals, except bear. Such legally obtained parts shall include antlers, hooves, feathers, claws and bones.

"Verification" as used in this section shall include, but is not limited to, (i) showing a valid tribal identification card, (ii) confirmation through a central tribal registry, (iii) a letter from a tribal chief or council, or (iv) certification from a tribal office that the person is an enrolled member of the tribe.

C. *Notwithstanding any other provision of this chapter, the Department may authorize the use of snake exclusion devices by public utilities at their transmission or distribution facilities and the incidental taking of snakes resulting from the use of such devices.*

D. A violation of subdivisions A 1 through 10 shall be punishable as a Class 3 misdemeanor.

A second or subsequent violation of this section within three years is a Class 1 misdemeanor and, upon conviction, the court shall revoke such person's hunting or trapping license for a period of one year. The fact that hunting dogs are present on the lands of another alone is not sufficient evidence to prove that the person acted intentionally.

CHAPTER 377

An Act to amend and reenact § 62.1-44.19:15 of the Code of Virginia, relating to the Chesapeake Bay Watershed Nutrient Credit Exchange Program.

[H 448]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 62.1-44.19:15 of the Code of Virginia is amended and reenacted as follows:

§ 62.1-44.19:15. New or expanded facilities.

A. An owner or operator of a new or expanded facility shall comply with the applicable requirements of this section as a condition of the facility's coverage under the general permit.

1. An owner or operator of a facility authorized by a Virginia Pollutant Discharge Elimination System permit first issued before July 1, 2005, that expands his facility to discharge 100,000 gallons or more per day, or an equivalent load directly into tidal waters, or 500,000 gallons or more per day, or an equivalent load, directly into nontidal waters shall demonstrate to the Department that he has acquired waste load allocations sufficient to offset any increase in his delivered total nitrogen and delivered total phosphorus loads resulting from any expansion beyond his waste load allocations or permitted design capacity as of July 1, 2005, and will install state-of-the-art nutrient removal technology at the time of the expansion.

2. An owner or operator of a facility authorized by a Virginia Pollutant Discharge Elimination System permit first issued before July 1, 2005, that expands his facility to discharge 100,000 gallons or more per day up to and including 499,999 gallons per day, or an equivalent load, directly into nontidal waters, shall demonstrate to the Department that he has acquired waste load allocations sufficient to offset any increase in his delivered total nitrogen and delivered total phosphorus loads resulting from any expansion beyond his permitted capacity as of July 1, 2005, and will install, at a minimum, biological nutrient removal technology at the time of the expansion.

3. An owner or operator of a facility authorized by a Virginia Pollutant Discharge Elimination System permit first issued before July 1, 2005, that expands his facility to discharge 40,000 gallons or more per day up to and including 99,999 gallons per day, or an equivalent load, directly into tidal or nontidal waters, shall demonstrate to the Department that he has acquired waste load allocations sufficient to offset any increase in his delivered total nitrogen and delivered total phosphorus loads resulting from any expansion beyond his permitted capacity as of July 1, 2005.

4. An owner or operator of a facility authorized by a Virginia Pollutant Discharge Elimination System permit first issued on or after July 1, 2005, to discharge 40,000 gallons or more per day, or an equivalent load, shall demonstrate to the Department that he has acquired waste load allocations sufficient to offset his delivered total nitrogen and delivered total phosphorus loads, and will install (i) at a minimum, biological nutrient removal technology at any facility authorized to discharge up to and including 99,999 gallons per day, or an equivalent load, directly into tidal and nontidal waters, or up to and including 499,999 gallons per day, or an equivalent load, to nontidal waters; and (ii) state-of-the-art nutrient removal technology at any facility authorized to discharge 100,000 gallons or more per day, or an equivalent load, directly into tidal waters, or 500,000 gallons or more per day, or an equivalent load, directly into nontidal waters.

5. An owner or operator of a facility treating domestic sewage authorized by a Virginia Pollutant Discharge Elimination System permit with a discharge greater than 1,000 gallons per day up to and including 39,999 gallons per day that has not commenced the discharge of pollutants prior to January 1, 2011, shall demonstrate to the Department that he has acquired waste load allocations sufficient to offset his delivered total nitrogen and delivered total phosphorus loads prior to commencing the discharge, except when the facility is for short-term temporary use only or when treatment of domestic sewage is not the primary purpose of the facility.

B. Waste load allocations required by this section to offset new or increased delivered total nitrogen and delivered total phosphorus loads shall be acquired in accordance with this subsection.

1. Such allocations may be acquired from one or a combination of the following:

a. Acquisition of all or a portion of the waste load allocations or point source nitrogen or point source phosphorus credits from one or more permitted facilities in the same tributary;

b. Acquisition of credits certified by the Board pursuant to § 62.1-44.19:20. Such best management practices shall achieve reductions beyond those already required by or funded under federal or state law, or the Virginia Chesapeake Bay TMDL Watershed Implementation Plan, and shall be installed in the same tributary in which the new or expanded facility is located and included as conditions of the facility's individual Virginia Pollutant Discharge Elimination System permit;

c. Acquisition of allocations purchased through the Nutrient Offset Fund established pursuant to § 10.1-2128.2;

d. Acquisition of allocations through such other means as may be approved by the Department on a case-by-case basis; or

e. *Acquisition of credits or allocations through the implementation of best management practices on lands owned or controlled by, or under contractual obligation with, the new or expanded facility that achieve reductions greater than those currently required by or funded under federal or state law, or the Virginia Chesapeake Bay TMDL Watershed Implementation Plan, subject to the approval by the Board in accordance with standards and procedures that are consistent with those established in § 62.1-44.19:20. Any such best management practices shall be implemented on lands within the same tributary as the new or expanded facility, and any credits assigned by the Board based on those practices shall be subject to adjustment based on the relevant delivery factor, as defined in § 62.1-44.19:13.*

2. Such allocations or credits shall be provided for a minimum period of five years with each registration under the general permit. This subdivision shall not preclude ~~the Board from adopting~~ longer-term or permanent ~~allocation requirements by regulation~~ allocations, *except that such allocations are subject to modification by the Board where necessary to conform to the Chesapeake Bay TMDL.*

3. The Board shall give priority to allocations or credits acquired in accordance with subdivisions 1 a, 1 b, and 1 d. The Board shall approve allocations acquired in accordance with subdivision 1 d only after the owner or operator has demonstrated that he has made a good faith effort to acquire sufficient allocations in accordance with subdivisions 1 a, 1 b, and 1 d and that such allocations are not reasonably available taking into account timing, cost, and other relevant factors.

4. Notwithstanding the priority provisions in subdivision 3, the Board may grant a waste load allocation in accordance with subdivision 1 d to an owner or operator of a facility authorized by a Virginia Pollution Abatement permit to land apply domestic sewage if (i) the Virginia Pollution Abatement permit was issued before July 1, 2005; (ii) the waste load allocation does not exceed such facility's permitted design capacity as of July 1, 2005; (iii) the waste treated by the existing facility is going to be treated and discharged pursuant to a Virginia Pollutant Discharge Elimination System permit for a new discharge; and (iv) the owner or operator installs state-of-the-art nutrient removal technology at such facility. Such facilities cannot generate credits or waste load allocations, based upon the removal of land application sites, that can be acquired by other permitted facilities to meet the requirements of this article.

C. Until such time as the Director finds that no allocations are reasonably available in an individual tributary, the general permit shall provide for the acquisition of allocations through payments into the Nutrient Offset Fund established in § 10.1-2128.2. Such payments shall be promptly applied by the Department to achieve equivalent point or nonpoint source reductions in the same tributary beyond those reductions already required by or funded under federal or state law or the Virginia Chesapeake Bay TMDL Watershed Implementation Plan. The general permit shall base the cost of each pound of allocation on (i) the estimated cost of achieving a reduction of one pound of nitrogen or phosphorus at the facility that is securing the allocation, or comparable facility, for each pound of allocation acquired; or (ii) the average cost of reducing two pounds of nitrogen or phosphorus from nonpoint sources in the same tributary for each pound of allocation acquired, whichever is higher. Upon each reissuance of the general permit, the Board may adjust the cost of each pound of allocation based on current costs and cost estimates.

D. The acquisition of nutrient allocations or credits from animal waste-to-energy or animal waste reduction facilities, or the acquisition of such nutrient allocations or credits from entities acting on behalf of such facilities, shall be considered point source allocations or credits for all nutrient trading purposes and shall not be subject to any otherwise applicable nonpoint source trading ratio if the best management practice being used to generate such nutrient allocations or credits is a point source nutrient removal technology. Point source nutrient removal technology shall include animal waste gasification in which lab analysis of the animal waste reveals the concentration of nutrients in the animal waste being fed into the gasifier, and the fate of the nutrients during the animal waste gasification process, is known and documented using studies such as air emissions tests and ash analyses.

The failure to place such a reflective marker within seven days of discovery of the blind's condition or within seven days of notification by the Department of the requirement to place a reflective marker shall subject the owner of the blind to a civil penalty not to exceed \$100. All civil penalties assessed under this section shall be deposited in the Motorboat and Water Safety Fund of the Game Protection Fund and used as provided for in § 29.1-701.

§ 46.2-325. Examination of applicants; waiver of Department's examination under certain circumstances; behind-the-wheel and knowledge examinations.

A. The Department shall examine every applicant for a driver's license before issuing any license to determine (i) his physical and mental qualifications and his ability to drive a motor vehicle without jeopardizing the safety of persons or property and (ii) if any facts exist which would bar the issuance of a license under §§ 46.2-311 through 46.2-316, 46.2-334, or 46.2-335. The examination, however, shall not include investigation of any facts other than those directly pertaining to the ability of the applicant to drive a motor vehicle with safety, or other than those facts declared to be prerequisite to the issuance of a license under this chapter. No applicant otherwise competent shall be required to demonstrate ability to park any motor vehicle except in an adequate parking space between horizontal markers, and not between flags or sticks simulating parked vehicles. Prior to taking the examination, the applicant shall either (a) present evidence that the applicant has completed a state-approved driver education class pursuant to the provisions of § 46.2-324.1 or 46.2-334 or (b) submit to the examiner a behind-the-wheel maneuvers checklist, on a form provided by the Department, that describes the vehicle maneuvers the applicant may be expected to perform while taking the behind-the-wheel examination, that has been signed by a licensed driver, certifying that the applicant has practiced the driving maneuvers contained and described therein, and that has been signed by the applicant certifying that, at all times while holding a learner's permit, the applicant has complied with the provisions of § 46.2-335 while operating a motor vehicle.

Except for applicants subject to § 46.2-312, if the Commissioner is satisfied that an applicant has demonstrated the same proficiency as required by the Department's examination through successful completion of either (1) the driver education course approved by the Department of Education or (2) a driver training course offered by a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.), he may waive those parts of the Department's examination provided for in this section that require the applicant to drive and park a motor vehicle.

No person who fails the behind-the-wheel examination for a driver's license administered by the Department three times shall be permitted to take such examination a fourth time until he successfully completes, subsequent to the third examination failure, the in-vehicle component of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or the Department of Education. To be effective, such objection shall have been delivered to the corporation no later than ten business days after notice of the proposed action is given. The corporation shall promptly notify each director of any such objection. Any actions taken without a meeting shall comply with any voting requirements established in the articles of incorporation or bylaws. If corporate action is to be taken under this subsection by fewer than all of the directors, the corporation shall give written notice of the proposed corporate action, not less than 10 business days before the action is taken, or such longer period as may be required by the articles of incorporation or bylaws, to all directors. The notice shall contain or be accompanied by a description of the action to be taken. Notwithstanding any provision of this subsection, corporate action may not be taken by fewer than all of the directors without a meeting if the action also requires adoption by or approval of the members.*

B. Action taken under this section is effective when the last director, or the last director sufficient to satisfy the requirements of subsection A if action by fewer than all of the directors is authorized, signs the consent, unless the consent

specifies a different effective date, in which event the action taken is effective as of the date specified therein provided the consent states the date of execution by each director.

C. A director's consent may be withdrawn by a revocation signed by the director and delivered to the corporation prior to delivery to the corporation of unrevoked written consents signed by ~~at~~ the *requisite number of directors.*

D. Any person, whether or not then a director, may provide that a consent to action as a director shall be effective at a future time, including the time when an event occurs, but such future time shall not be more than 60 days after such provision is made. Any such consent shall be deemed to have been made for purposes of this section at the future time so specified for the consent to be effective, provided that (i) the person is a director at such future time and (ii) the person did not revoke the consent prior to such future time. Any such consent may be revoked, in the manner provided in subsection C, prior to its becoming effective.

E. For purposes of this section, a written consent and the signing thereof may be accomplished by one or more electronic transmissions.

F. A consent signed under this section has the effect of action taken at a meeting of the board of directors and may be described as such in any document.

"Authority" means any political subdivision, a body politic and corporate, created, organized, and operated pursuant to the provisions of the Act.

"Board of directors" or "board" means the board of directors of an authority or a corporation.

"Real property" means lands, structures, and any and all easements and every estate and right therein, legal and equitable, including terms for years and liens by way of judgment, mortgage, or otherwise, and any and all fixtures and improvements located thereon.

§ 15.2-7501. Creation of land bank entities by localities.

A. Subject to a public hearing held pursuant to § 15.2-7502, a locality may by ordinance, or two or more localities may by concurrent ordinances, create a land bank entity as either an authority or a corporation, under an appropriate name and title, for the purpose of assisting the locality to address vacant, abandoned, and tax delinquent properties. Other localities may join the authority or corporation as provided in the ordinance.

An authority created pursuant to the Act shall be created as a public body corporate and as a political subdivision of the Commonwealth. A corporation created pursuant to the Act shall be a nonprofit, nonstock corporation created under Chapter 10 (§ 13.1-801 et seq.) of Title 13.1.

B. Each ordinance shall include the following:

§ 15.2-7502. Public hearing required prior to creation or designation of a land bank entity.

The governing body of a locality shall not adopt an ordinance creating a land bank entity pursuant to § 15.2-7501 or designating an existing nonprofit entity pursuant to § 15.2-7512 until notice of intention to do so has been published once a week for two successive weeks in some newspaper published or having general circulation in the locality. The notice shall

specify the time and place of a hearing at which affected or interested persons may appear and present their views, not less than five days nor more than 21 days after the second advertisement appears in such newspaper. After the public hearing has been conducted pursuant to this section, the governing body shall be empowered to create a land bank entity or designate an existing nonprofit entity.

§ 15.2-7503. Board of directors; qualifications; terms; vacancies; compensation and expenses.

A. Each land bank entity created pursuant to the Act shall be governed by a board of not less than five members appointed by the governing body of the participating locality. After initial staggered terms, the term of all board members shall be four years. When one or more additional localities join an existing land bank entity, each of such participating localities shall be represented by not less than two members on the board. The first members shall be appointed immediately upon the admission of the locality into the land bank entity in the same manner as were the initial members of the land bank entity.

B. The board shall elect one of its members to serve as chairman and one of its members to serve as vice-chairman and shall elect a secretary and a treasurer who need not be members of the board. The offices of secretary and treasurer may be combined. A majority of the members of the board shall constitute a quorum, and the vote of a majority of such quorum shall be necessary for any action taken by the land bank entity. No vacancy in the membership of the board shall impair the right of a quorum to exercise all the rights and perform all the duties of the land bank entity.

C. The localities that created or thereafter join the land bank entity, by ordinance or concurrent ordinances, may provide for the payment of compensation to the members of the board and for the reimbursement to each member of the land bank entity the amount of his actual expenses necessarily incurred in the performance of that member's duties.

§ 15.2-7504. Executive director; staff.

The board may appoint an executive director, who shall be authorized to employ such staff as necessary to enable the land bank entity to perform its duties as set forth in the Act. The board is authorized to determine the duties of such staff and to fix salaries and compensation from such funds as may be received or appropriated.

The land bank entity may enter into contracts and agreements with a locality for staffing services to be provided to the land bank entity.

§ 15.2-7505. Financial interests of board members and employees prohibited.

A. No member of the board or employee of the land bank entity shall acquire any interest, direct or indirect, in real property of the land bank entity, in any real property to be acquired by the land bank entity, or in any real property to be acquired from the land bank entity.

B. No member of the board or employee of a land bank entity shall have any interest, direct or indirect, in any contract or proposed contract for materials or services to be furnished to or used by a land bank entity.

C. The board may adopt supplemental rules and regulations addressing potential conflicts of interest and ethical guidelines for members of the board and employees of the land bank entity.

CHAPTER 384

An Act to amend and reenact §§ 55-225.12 and 55-248.27 of the Code of Virginia, relating to landlord and tenant law; tenant remedies.

[H 1209]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 55-225.12 and 55-248.27 of the Code of Virginia are amended and reenacted as follows:

§ 55-225.12. Tenant's assertion; rent escrow; dwelling units.

A. The tenant may assert that there exists upon the dwelling unit, a condition or conditions which constitute a material noncompliance by the landlord with the rental agreement or with provisions of law, or which if not promptly corrected, will constitute a fire hazard or serious threat to the life, health or safety of occupants thereof, including but not limited to, a lack of heat or hot or cold running water, except if the tenant is responsible for payment of the utility charge and where the lack of such heat or hot or cold running water is the direct result of the tenant's failure to pay the utility charge; or a lack of light, electricity or adequate sewage disposal facilities; or an infestation of rodents; or the existence of paint containing lead pigment on surfaces within the dwelling, provided that the landlord has notice of such paint. The tenant may file such an assertion in a general district court wherein the dwelling unit is located by a declaration setting forth such assertion and asking for one or more forms of relief as provided for in subsection *E* *D*.

B. Prior to the granting of any relief, the tenant shall show to the satisfaction of the court that:

1. Prior to the commencement of the action the landlord was served a written notice by the tenant of the conditions described in subsection A, or was notified of such conditions by a violation or condemnation notice from an appropriate state or municipal agency, and that the landlord has refused, or having a reasonable opportunity to do so, has failed to remedy the same. For the purposes of this subsection, what period of time shall be deemed to be unreasonable delay is left to the discretion of the court except that there shall be a rebuttable presumption that a period in excess of 30 days from receipt of the notification by the landlord is unreasonable; and

2. The tenant has paid into court the amount of rent called for under the rental agreement, within five days of the date due thereunder, unless or until such amount is modified by subsequent order of the court under this chapter; and

3. C. It shall be sufficient answer or rejoinder to such a declaration pursuant to subsection A if the landlord establishes to the satisfaction of the court that the conditions alleged by the tenant do not in fact exist, or such conditions have been

removed or remedied, or such conditions have been caused by the tenant or members of his family or his or their invitees or licensees, or the tenant has unreasonably refused entry to the landlord to the dwelling unit for the purpose of correcting such conditions.

⊖. *D.* Any court shall make findings of fact on the issues before it and shall issue any order that may be required. Such an order may include, but is not limited to, any one or more of the following:

1. Terminating the rental agreement *upon the request of the tenant* or ordering the dwelling unit surrendered to the landlord *if the landlord prevails on a request for possession pursuant to an unlawful detainer properly filed with the court;*

2. Ordering all moneys already accumulated in escrow disbursed to the landlord or to the tenant in accordance with this chapter;

3. Ordering that the escrow be continued until the conditions causing the complaint are remedied;

4. Ordering that the amount of rent, whether paid into the escrow account or paid to the landlord, be abated as determined by the court in such an amount as may be equitable to represent the existence of the condition or conditions found by the court to exist. In all cases where the court deems that the tenant is entitled to relief under this chapter, the burden shall be upon the landlord to show cause why there should not be an abatement of rent;

5. Ordering any amount of moneys accumulated in escrow disbursed to the tenant where the landlord refuses to make repairs after a reasonable time or to the landlord or to a contractor chosen by the landlord in order to make repairs or to otherwise remedy the condition. In either case, the court shall in its order insure that moneys thus disbursed will be in fact used for the purpose of making repairs or effecting a remedy;

6. Referring any matter before the court to the proper state or municipal agency for investigation and report and granting a continuance of the action or complaint pending receipt of such investigation and report. When such a continuance is granted, the tenant shall deposit with the court rent payments within five days of the date due under the rental agreement, subject to any abatement under this section, which become due during the period of the continuance, to be held by the court pending its further order;

7. In the court's discretion, ordering escrow funds disbursed to pay a mortgage on the property upon which the dwelling unit is located in order to stay a foreclosure; or

8. In the court's discretion, ordering escrow funds disbursed to pay a creditor to prevent or satisfy a bill to enforce a mechanic's or materialman's lien.

Notwithstanding any provision of this subsection, where an escrow account is established by the court and the condition or conditions are not fully remedied within six months of the establishment of such account, and the landlord has not made reasonable attempts to remedy the condition, the court shall award all moneys accumulated in escrow to the tenant. In such event, the escrow shall not be terminated, but shall begin upon a new six-month period with the same result if, at the end thereof, the condition or conditions have not been remedied.

⊖. *E.* The initial hearing on the tenant's assertion filed pursuant to subsection A shall be held within 15 calendar days from the date of service of process on the landlord, except that the court shall order an earlier hearing where emergency conditions are alleged to exist upon the premises, such as failure of heat in winter, lack of adequate sewage facilities or any other condition which constitutes an immediate threat to the health or safety of the inhabitants of the dwelling unit. The court, on motion of either party or on its own motion, may hold hearings subsequent to the initial proceeding in order to further determine the rights and obligations of the parties. Distribution of escrow moneys may only occur by order of the court after a hearing of which both parties are given notice as required by law or upon motion of both the landlord and tenant or upon certification by the appropriate inspector that the work required by the court to be done has been satisfactorily completed.

§ 55-248.27. Tenant's assertion; rent escrow.

A. The tenant may assert that there exists upon the leased premises, a condition or conditions which constitute a material noncompliance by the landlord with the rental agreement or with provisions of law, or which if not promptly corrected, will constitute a fire hazard or serious threat to the life, health or safety of occupants thereof, including but not limited to, a lack of heat or hot or cold running water, except if the tenant is responsible for payment of the utility charge and where the lack of such heat or hot or cold running water is the direct result of the tenant's failure to pay the utility charge; or of light, electricity or adequate sewage disposal facilities; or an infestation of rodents, except if the property is a one-family dwelling; or of the existence of paint containing lead pigment on surfaces within the dwelling, provided that the landlord has notice of such paint. The tenant may file such an assertion in a general district court wherein the premises are located by a declaration setting forth such assertion and asking for one or more forms of relief as provided for in subsection ⊖ D.

B. Prior to the granting of any relief, the tenant shall show to the satisfaction of the court that:

1. Prior to the commencement of the action the landlord was served a written notice by the tenant of the conditions described in subsection A, or was notified of such conditions by a violation or condemnation notice from an appropriate state or municipal agency, and that the landlord has refused, or having a reasonable opportunity to do so, has failed to remedy the same. For the purposes of this subsection, what period of time shall be deemed to be unreasonable delay is left to the discretion of the court except that there shall be a rebuttable presumption that a period in excess of thirty days from receipt of the notification by the landlord is unreasonable; *and*

2. The tenant has paid into court the amount of rent called for under the rental agreement, within five days of the date due thereunder, unless or until such amount is modified by subsequent order of the court under this chapter; ~~and~~.

~~3.~~ C. It shall be sufficient answer or rejoinder to ~~such~~ a declaration *pursuant to subsection A* if the landlord establishes to the satisfaction of the court that the conditions alleged by the tenant do not in fact exist, or such conditions have been removed or remedied, or such conditions have been caused by the tenant or members of his family or his or their invitees or licensees, or the tenant has unreasonably refused entry to the landlord to the premises for the purpose of correcting such conditions.

~~4.~~ D. Any court shall make findings of fact on the issues before it and shall issue any order that may be required. Such an order may include, but is not limited to, any one or more of the following:

1. Terminating the rental agreement *upon the request of the tenant* or ordering the premises surrendered to the landlord *if the landlord prevails on a request for possession pursuant to an unlawful detainer properly filed with the court*;

2. Ordering all moneys already accumulated in escrow disbursed to the landlord or to the tenant in accordance with this chapter;

3. Ordering that the escrow be continued until the conditions causing the complaint are remedied;

4. Ordering that the amount of rent, whether paid into the escrow account or paid to the landlord, be abated as determined by the court in such an amount as may be equitable to represent the existence of the condition or conditions found by the court to exist. In all cases where the court deems that the tenant is entitled to relief under this chapter, the burden shall be upon the landlord to show cause why there should not be an abatement of rent;

5. Ordering any amount of moneys accumulated in escrow disbursed to the tenant where the landlord refuses to make repairs after a reasonable time or to the landlord or to a contractor chosen by the landlord in order to make repairs or to otherwise remedy the condition. In either case, the court shall in its order insure that moneys thus disbursed will be in fact used for the purpose of making repairs or effecting a remedy;

6. Referring any matter before the court to the proper state or municipal agency for investigation and report and granting a continuance of the action or complaint pending receipt of such investigation and report. When such a continuance is granted, the tenant shall deposit with the court rents within five days of date due under the rental agreement, subject to any abatement under this section, which become due during the period of the continuance, to be held by the court pending its further order;

7. In its discretion, ordering escrow funds disbursed to pay a mortgage on the property in order to stay a foreclosure; *or*

8. In its discretion, ordering escrow funds disbursed to pay a creditor to prevent or satisfy a bill to enforce a mechanic's or materialman's lien.

Notwithstanding any provision of this subsection, where an escrow account is established by the court and the condition or conditions are not fully remedied within six months of the establishment of such account, and the landlord has not made reasonable attempts to remedy the condition, the court shall award all moneys accumulated in escrow to the tenant. In such event, the escrow shall not be terminated, but shall begin upon a new six-month period with the same result if, at the end thereof, the condition or conditions have not been remedied.

~~D.~~ E. The initial hearing on the tenant's assertion filed pursuant to subsection A shall be held within fifteen calendar days from the date of service of process on the landlord as authorized by § 55-248.12, except that the court shall order an earlier hearing where emergency conditions are alleged to exist upon the premises, such as failure of heat in winter, lack of adequate sewage facilities or any other condition which constitutes an immediate threat to the health or safety of the inhabitants of the leased premises. The court, on motion of either party or on its own motion, may hold hearings subsequent to the initial proceeding in order to further determine the rights and obligations of the parties. Distribution of escrow moneys may only occur by order of the court after a hearing of which both parties are given notice as required by law or upon motion of both the landlord and tenant or upon certification by the appropriate inspector that the work required by the court to be done has been satisfactorily completed. If the tenant proceeds under this subsection, he may not proceed under any other section of this article as to that breach.

CHAPTER 385

An Act to repeal § 22.1-51 of the Code of Virginia, relating to the school board of the City of Norfolk.

[H 1253]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-51 of the Code of Virginia is repealed.

2. That an emergency exists and this act is in force from its passage.

CHAPTER 386

An Act to amend and reenact § 22.1-253.13:3 of the Code of Virginia, relating to standards for accreditation; corrective action plan.

[S 368]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:3 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:3. **Standard 3. Accreditation, other standards, assessments, and releases from state regulations.**

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include, but not be limited to, student outcome measures, requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, student services, auxiliary education programs such as library and media services, course and credit requirements for graduation from high school, community relations, and the philosophy, goals, and objectives of public education in Virginia.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board shall review annually the accreditation status of all schools in the Commonwealth. ~~However, the~~ The Board ~~may~~ shall review the accreditation status of a school once every three years if the school has been fully accredited for three consecutive years. Upon such triennial review, the Board shall review the accreditation status of the school for each individual year within that triennial review period. If the Board finds that the school would have been accredited every year of that triennial review period the Board ~~may~~ shall accredit the school for another three years. The Board ~~shall~~ may review the accreditation status of any other school that (i) in any individual year within the triennial review period would have failed to achieve full accreditation or (ii) in the previous year has had an adjustment of its boundaries by a school board pursuant to subdivision 4 of § 22.1-79 that affects at least 10 percent of the student population of the school once every two years or once every three years, provided that any school that receives a multiyear accreditation status other than full accreditation shall be covered by a Board-approved multiyear corrective action plan for the duration of the period of accreditation. Such multiyear corrective action plan shall include annual written progress updates to the Board. A multiyear accreditation status shall not relieve any school or division of annual reporting requirements.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall ~~review~~ report the accreditation status of all schools in the local school division annually in public session. Within the time specified by the Board of Education, each school board shall submit corrective action plans for any schools within its school division that have been designated as not meeting the standards as approved by the Board.

When the Board of Education ~~has obtained evidence~~ determines through the school academic review process that the failure of schools within a division to achieve full accreditation status is related to ~~division level~~ division-level failure to implement the Standards of Quality or other division-level action or inaction, the Board may require a ~~division level~~ division-level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall submit ~~for approval by~~ to the Board ~~for approval~~ a corrective action plan, consistent with criteria established by the Board and setting forth specific actions and a schedule designed to ensure that schools within its school division achieve full accreditation status. *If the Board determines that the proposed corrective action plan is not sufficient to enable all schools within the division to achieve full accreditation, the Board may return the plan to the local school board with directions to submit an amended plan pursuant to Board guidance.* Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

With such funds as are appropriated or otherwise received for this purpose, the Board shall adopt and implement an academic review process, to be conducted by the Department of Education, to assist schools that are accredited with warning. The Department shall forward a report of each academic review to the relevant local school board, and such school board shall report the results of such academic review and the required annual progress reports in public session. The local school board shall implement any actions identified through the academic review and utilize them for improvement planning.

B. The Superintendent of Public Instruction shall develop and the Board of Education shall approve criteria for determining and recognizing educational performance in the Commonwealth's public school divisions and schools. Such criteria, when approved, shall become an integral part of the accreditation process and shall include student outcome measurements. The Superintendent of Public Instruction shall annually ~~identify to the Board those school divisions and schools that exceed or do not meet the approved criteria~~ report to the Board on the accreditation status of all school divisions and schools. Such ~~identification~~ report shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall, with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments. The Department of Education shall make available to school divisions Standards of Learning assessments typically administered by the middle and high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later.

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected verified credit.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall include in the student outcome measures that are required by the Standards for Accreditation end-of-course or end-of-grade assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science and may be integrated to include multiple subject areas.

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (a) reading and mathematics in grades three and four; (b) reading, mathematics, and science in grade five; (c) reading and mathematics in grades six and seven; (d) reading, writing, and mathematics in grade eight; (e) science after the student receives instruction in the grade six science, life science, and physical science Standards of Learning and before the student completes grade eight; and (f) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall (1) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) permit and encourage integrated assessments that include multiple subject areas; and (3) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

In addition, to assess the educational progress of students, the Board of Education shall (A) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (B) select appropriate industry certification and state licensure examinations; and (C) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board of Education or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Department of Education shall develop processes for informing school divisions of changes in the Standards of Learning.

The Board of Education may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

D. The Board of Education may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 11 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of Education may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board's alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board of Education, the results from the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, if administered, industry certification examinations, and the Standards of Learning Assessments to the public.

The Board of Education shall not require administration of the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the requirements for home instruction pursuant to § 22.1-254.1.

The Board shall include requirements for the reporting of the Standards of Learning assessment scores and averages for each year, regardless of accreditation frequency, as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department of Education's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board of Education's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board of Education for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards of Accreditation pursuant to 8 VAC 20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board of Education based on submission of a request from the division superintendent and chairman of the local school board. The Board of Education may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department of Education shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board of Education may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher

ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

CHAPTER 387

An Act to amend and reenact § 22.1-253.13:3 of the Code of Virginia, relating to Standards of Learning assessments; students who refuse to take.

[S 427]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:3 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include, but not be limited to, student outcome measures, requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, student services, auxiliary education programs such as library and media services, course and credit requirements for graduation from high school, community relations, and the philosophy, goals, and objectives of public education in Virginia.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board shall review annually the accreditation status of all schools in the Commonwealth. However, the Board may review the accreditation status of a school once every three years if the school has been fully accredited for three consecutive years. Upon such triennial review, the Board shall review the accreditation status of the school for each individual year within that triennial review period. If the Board finds that the school would have been accredited every year of that triennial review period the Board may accredit the school for another three years. The Board shall review the accreditation status of any school that (i) in any individual year within the triennial review period would have failed to achieve full accreditation or (ii) in the previous year has had an adjustment of its boundaries by a school board pursuant to subdivision 4 of § 22.1-79 that affects at least 10 percent of the student population of the school.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall review the accreditation status of all schools in the local school division annually in public session. Within the time specified by the Board of Education, each school board shall submit corrective action plans for any schools within its school division that have been designated as not meeting the standards as approved by the Board.

When the Board of Education has obtained evidence through the school academic review process that the failure of schools within a division to achieve full accreditation status is related to division level failure to implement the Standards of Quality, the Board may require a division level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall submit for approval by the Board a corrective action plan, consistent with criteria established by the Board and setting forth specific actions and a schedule designed to ensure that schools within its school division achieve full accreditation status. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

With such funds as are appropriated or otherwise received for this purpose, the Board shall adopt and implement an academic review process, to be conducted by the Department of Education, to assist schools that are accredited with warning. The Department shall forward a report of each academic review to the relevant local school board, and such school board shall report the results of such academic review and the required annual progress reports in public session. The local school board shall implement any actions identified through the academic review and utilize them for improvement planning.

B. The Superintendent of Public Instruction shall develop and the Board of Education shall approve criteria for determining and recognizing educational performance in the Commonwealth's public school divisions and schools. Such criteria, when approved, shall become an integral part of the accreditation process and shall include student outcome measurements. The Superintendent of Public Instruction shall annually identify to the Board those school divisions and schools that exceed or do not meet the approved criteria. Such identification shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall, with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments. The Department of Education shall make available to school divisions Standards of Learning assessments typically administered by the middle and high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later.

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected verified credit.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall include in the student outcome measures that are required by the Standards for Accreditation end-of-course or end-of-grade assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science and may be integrated to include multiple subject areas.

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (a) reading and mathematics in grades three and four; (b) reading, mathematics, and science in grade five; (c) reading and mathematics in grades six and seven; (d) reading, writing, and mathematics in grade eight; (e) science after the student receives instruction in the grade six science, life science, and physical science Standards of Learning and before the student completes grade eight; and (f) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall (1) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) permit and encourage integrated assessments that include multiple subject areas; and (3) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

In addition, to assess the educational progress of students, the Board of Education shall (A) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (B) select appropriate industry certification and state licensure examinations; and (C) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board of Education or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Department of Education shall develop processes for informing school divisions of changes in the Standards of Learning.

The Board of Education may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

The Board of Education shall not include in its calculation of the passage rate of a Standards of Learning assessment for the purposes of state accountability any student whose parent has decided to not have his child take such Standards of Learning assessment, unless such exclusions would result in the school's not meeting any required state or federal participation rate.

D. The Board of Education may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 11 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of Education may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board's alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board of Education, the results from the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, if administered, industry certification examinations, and the Standards of Learning Assessments to the public.

The Board of Education shall not require administration of the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the requirements for home instruction pursuant to § 22.1-254.1.

The Board shall include requirements for the reporting of the Standards of Learning assessment scores and averages for each year, regardless of accreditation frequency, as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department of Education's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board of Education's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board of Education for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards of Accreditation pursuant to 8 VAC 20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board of Education based on submission of a request from the division superintendent and chairman of the local school board. The Board of Education may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law

or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department of Education shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board of Education may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

CHAPTER 388

An Act to amend and reenact § 22.1-3, as it shall become effective, of the Code of Virginia, relating to determining residency of public school students.

[S 776]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-3, as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 22.1-3. (Effective June 30, 2016) Persons to whom public schools shall be free.

A. The public schools in each school division shall be free to each person of school age who resides within the school division. Every person of school age shall be deemed to reside in a school division:

1. When the person is living with a natural parent; or a parent by legal adoption;

2. When, in accordance with the provisions of § 22.1-360, the person is living with a noncustodial parent or other person standing in loco parentis, not solely for school purposes, pursuant to a Special Power of Attorney executed under ~~Title 10, United States Code, U.S.C. § 1044b;~~ by the custodial parent;

3. When the parents of such person are dead and the person is living with a person in loco parentis who actually resides within the school division;

4. When the parents of such person are unable to care for the person and the person is living, not solely for school purposes, with another person who resides in the school division and is ~~either~~ (i) the court-appointed guardian, or has legal custody, of the person ~~or~~; (ii) acting in loco parentis pursuant to placement of the person for adoption by a person or entity authorized to do so under § 63.2-1200; or (iii) an adult relative providing temporary kinship care as that term is defined in § 63.2-100. Local school divisions may require one or both parents and the relative providing kinship care to submit signed, notarized affidavits (a) explaining why the parents are unable to care for the person, (b) detailing the kinship care arrangement, and (c) agreeing that the kinship care provider or the parent will notify the school within 30 days of when the kinship care arrangement ends, as well as a power of attorney authorizing the adult relative to make educational decisions regarding the person. A school division may also require the parent or adult relative to obtain written verification from the local department of social services where the parent or parents live, or from both that department and the department of social services where the kinship provider lives, that the kinship arrangement serves a legitimate purpose that is in the best interest of the person other than school enrollment. With written consent from the parent or adult relative, for the purposes of expediting enrollment, a school division may obtain such written verification directly from the local department or departments of social services. The verification process shall be consistent with confidentiality provisions of Article 5 (§ 22.1-287 et seq.) of Chapter 14 of this title and Chapter 1 (§ 63.2-100 et seq.) of Title 63.2. If the kinship care arrangement lasts more than one year, a school division may require continued verification directly from one or both departments of social services as to why the parents are unable to care for the person and that the kinship care arrangement serves a legitimate purpose other than school enrollment. A local school division may enroll a person living with a relative in a kinship care arrangement that has not been verified by a local department of social services;

5. When the person is living in the school division not solely for school purposes, as an emancipated minor; or

6. When the person living in the school division is a homeless child or youth, as set forth in this subdivision, who lacks a fixed, regular, and adequate nighttime residence. Such persons shall include (i) children and youths, including unaccompanied youths who are not in the physical custody of their parents, who (a) are sharing the housing of other persons due to loss of housing, economic hardship, or other causes; are living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations or in emergency, congregate, temporary, or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement; (b) are living in an institution that provides a temporary residence for individuals with mental illness or individuals intended to be institutionalized; (c) have a primary nighttime residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for

human beings; or (d) are living in parked cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and (ii) migratory children, as defined in the *federal* Elementary and Secondary Education Act of 1965, *P.L. 89-10*, as amended, who are deemed homeless as they are living in circumstances set forth in clause (i).

For purposes of clause (i) of subdivision 6, "temporary shelter" means (1) any home, single or multi-unit dwelling, or housing unit in which persons who are without housing or a fixed address receive temporary housing or shelter or (2) any facility specifically designed or approved for the purpose of providing temporary housing or shelter to persons who are without permanent housing or a fixed address.

If a person resides within housing, temporary shelter, or primary nighttime residence as described in subdivision 6 that is situated in more than one school division, the person shall be deemed to reside in and shall be entitled to attend a public school within either school division. However, if a person resides in housing, temporary shelter, or primary nighttime residence as described in subdivision 6 that is located in one school division, but the property on which such housing, temporary shelter, or primary nighttime residence is located lies within more than one school division, such person shall be deemed to reside only in the single school division in which the housing, temporary shelter, or primary nighttime residence is located. Notwithstanding any such residency determination, any person residing in housing, a temporary shelter, or primary nighttime residence as described in subdivision 6 that is located in one school division, but the property on which such housing, temporary shelter, or primary nighttime residence is located lies within more than one school division, shall be deemed to reside in either school division, if such person or any sibling of such person residing in the same housing or temporary shelter attends, prior to July 1, 1999, or, in the case of a primary nighttime residence as described in subdivision 6, prior to July 1, 2000, a school within either school division in which the property on which the housing, temporary shelter, or primary nighttime residence is located.

School divisions shall comply with the requirements of the federal McKinney-Vento Homeless Education Assistance Improvements Act of 2001, as amended (42 U.S.C. § 11431 et seq.), to ensure that homeless children and youths shall receive the educational services comparable to those offered to other public school students.

School divisions serving the students identified in subdivision 6 shall coordinate the identification and provision of services to such students with relevant local social services agencies and other agencies and programs providing services to such students, and with other school divisions as may be necessary to resolve interdivisional issues.

B. In the interest of providing educational continuity to the children of military personnel, no child of a person on active military duty attending a school free of charge in accordance with this section shall be charged tuition by that school division upon such child's relocation to military housing located in another school division in the Commonwealth, pursuant to orders received by such child's parent to relocate to base housing and forfeit his military housing allowance. Such children shall be allowed to continue attending school in the school division they attended immediately prior to the relocation and shall not be charged tuition for attending such school. Such children shall be counted in the average daily membership of the school division in which they are enrolled. Further, the school division in which such children are enrolled subsequent to their relocation to base housing shall not be responsible for providing for their transportation to and from school.

CHAPTER 389

An Act to amend and reenact § 22.1-298.1 of the Code of Virginia, relating to former members of the Armed Forces of the United States or the Virginia National Guard; provisional teaching licenses.

[H 261]

Approved March 11, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-298.1 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-298.1. Regulations governing licensure.

A. As used in this section:

"Alternate route to licensure" means a nontraditional route to teacher licensure available to individuals who meet the criteria specified in the regulations issued by the Board of Education.

"Industry certification credential" means an active career and technical education credential that is earned by successfully completing a Board of Education-approved industry certification examination, being issued a professional license in the Commonwealth, or successfully completing an occupational competency examination.

"Licensure by reciprocity" means a process used to issue a license to an individual coming into the Commonwealth from another state when that individual meets certain conditions specified in the Board of Education's regulations.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board of Education.

"Provisional license" means a nonrenewable license issued by the Board of Education for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board of Education's regulations for licensure, but who may need to take additional coursework or pass additional assessments to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board of Education for five years to an individual who meets the requirements specified in the Board of Education's regulations.

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include requirements for the denial, suspension, cancellation, revocation, and reinstatement of licensure. The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any appeal provided by § 63.2-1526 have been exhausted. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board of Education shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. Teachers who hold a five-year renewable license issued by the Board of Education may teach online courses for which they are properly endorsed.

C. The Board of Education's regulations shall include requirements that a person seeking initial licensure:

1. Complete professional assessments as prescribed by the Board of Education;
2. Complete study in attention deficit disorder;
3. Complete study in gifted education, including the use of multiple criteria to identify gifted students; and
4. Complete study in methods of improving communication between schools and families and ways of increasing family involvement in student learning at home and at school.

D. In addition, such regulations shall include requirements that:

1. Every person seeking initial licensure or renewal of a license demonstrate proficiency in the use of educational technology for instruction;

2. Every person seeking initial licensure and persons seeking licensure renewal as teachers who have not completed such study shall complete study in child abuse recognition and intervention in accordance with curriculum guidelines developed by the Board of Education in consultation with the Department of Social Services that are relevant to the specific teacher licensure routes;

3. Every person seeking initial licensure or renewal of a license shall receive professional development in instructional methods tailored to promote student academic progress and effective preparation for the Standards of Learning end-of-course and end-of-grade assessments;

4. Every person seeking renewal of a license shall complete all renewal requirements, including professional development in a manner prescribed by the Board, except that no person seeking renewal of a license shall be required to satisfy any such requirement by completing coursework and earning credit at an institution of higher education;

5. Every person seeking initial licensure or renewal of a license shall provide evidence of completion of certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators. The certification or training program shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. The Board shall provide a waiver for this requirement for any person with a disability whose disability prohibits such person from completing the certification or training;

6. Every person seeking licensure with an endorsement as a teacher of the blind and visually impaired shall demonstrate proficiency in reading and writing Braille; and

7. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. This deduction shall be reduced by \$1 for every \$1 that the taxpayer's adjusted federal adjusted gross income exceeds \$50,000 for single taxpayers or \$75,000 for married taxpayers. For married taxpayers filing separately, the deduction will be reduced by \$1 for every \$1 the total combined adjusted federal adjusted gross income of both spouses exceeds \$75,000.

No deduction shall be allowed pursuant to this section if such payments or contributions are deducted on the purchaser's or contributor's federal income tax return. If the purchase price or annual contribution to a college savings trust account exceeds \$4,000, the remainder may be carried forward and subtracted in future taxable years until the purchase price or college savings trust contribution has been fully deducted; however, except as provided in subdivision 7 c, in no event shall the amount deducted in any taxable year exceed \$4,000 per contract or college savings trust account. Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than (i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death, disability, or receipt of a scholarship.
