§ 4-12.00 SEVERABILITY

If any part, section, subsection, paragraph, sentence, clause, phrase, or item of this act or the application thereof to any person or circumstance is for any reason declared unconstitutional, such decisions shall not affect the validity of the remaining portions of this act which shall remain in force as if such act had been passed with the unconstitutional part, section, subsection, paragraph, sentence, clause, phrase, item or such application thereof eliminated; and the General Assembly hereby declares that it would have passed this act if such unconstitutional part, section, subsection, paragraph, sentence, clause, phrase, or item had not been included herein, or if such application had not been made.

§ 4-13.00 CONFLICT WITH OTHER LAWS

Notwithstanding any other provision of law, and until June 30, 2016, the provisions of this act shall prevail over any conflicting provision of any other law, without regard to whether such other law is enacted before or after this act; however, a conflicting provision of another law enacted after this act shall prevail over a conflicting provision of this act if the General Assembly has clearly evidenced its intent that the conflicting provision of such other law shall prevail, which intent shall be evident only if such other law (i) identifies the specific provision(s) of this act over which the conflicting provision of such other law is intended to prevail and (ii) specifically states that the terms of this section are not applicable with respect to the conflict between the provision(s) of this act and the provision of such other law.

CHAPTER 737

An Act to amend and reenact § 22.1-253.13:1 of the Code of Virginia, relating to high school government courses at public high schools; civics portion of the U.S. Naturalization Test.

[H 36]

Approved April 20, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:1 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.

A. The General Assembly and the Board of Education believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board of Education find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, Section 1 of the Constitution of Virginia.

B. The Board of Education shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade three shall be based on components of effective reading instruction, to include, at a minimum, phonemic awareness, phonics, fluency, vocabulary development, and text comprehension.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and

lifelong learning. The Board of Education shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board of Education shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department of Education shall make available and maintain a website, either separately or through an existing website utilized by the Department of Education, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board of Education shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board of Education shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 5 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board of Education. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

Remediation programs shall include, when applicable, a procedure for early identification of students who are at risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board of Education, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board of Education shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

D. Local school boards shall also implement the following:

1. Programs in grades K through three that emphasize developmentally appropriate learning to enhance success.

2. Programs based on prevention, intervention, or remediation designed to increase the number of students who earn a high school diploma and to prevent students from dropping out of school. Such programs shall include components that are research-based.

3. Career and technical education programs incorporated into the K through 12 curricula that include:

a. Knowledge of careers and all types of employment opportunities, including, but not limited to, apprenticeships, entrepreneurship and small business ownership, the military, and the teaching profession, and emphasize the advantages of completing school with marketable skills;

b. Career exploration opportunities in the middle school grades;

c. Competency-based career and technical education programs that integrate academic outcomes, career guidance, and job-seeking skills for all secondary students. Programs shall be based upon labor market needs and student interest. Career guidance shall include counseling about available employment opportunities and placement services for students exiting school. Each school board shall develop and implement a plan to ensure compliance with the provisions of this subdivision. Such plan shall be developed with the input of area business and industry representatives and local community colleges and shall be submitted to the Superintendent of Public Instruction in accordance with the timelines established by federal law; and

d. Annual notice on its website to enrolled high school students and their parents of the availability of the postsecondary education and employment data published by the State Council of Higher Education on its website pursuant to § 23-9.2:3.04.

4. Educational objectives in middle and high school that emphasize economic education and financial literacy pursuant to § 22.1-200.03.

5. Early identification of students with disabilities and enrollment of such students in appropriate instructional programs consistent with state and federal law.

6. Early identification of gifted students and enrollment of such students in appropriately differentiated instructional programs.

7. Educational alternatives for students whose needs are not met in programs prescribed elsewhere in these standards. Such students shall be counted in average daily membership (ADM) in accordance with the regulations of the Board of Education.

8. Adult education programs for individuals functioning below the high school completion level. Such programs may be conducted by the school board as the primary agency or through a collaborative arrangement between the school board and other agencies.

9. A plan to make achievements for students who are educationally at risk a divisionwide priority that shall include procedures for measuring the progress of such students.

10. An agreement for postsecondary degree attainment with a community college in the Commonwealth specifying the options for students to complete an associate's degree or a one-year Uniform Certificate of General Studies from a community college concurrent with a high school diploma. Such agreement shall specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.

11. A plan to notify students and their parents of the availability of dual enrollment and advanced placement classes, the International Baccalaureate Program, and Academic Year Governor's School Programs, the qualifications for enrolling in such classes and programs, and the availability of financial assistance to low-income and needy students to take the advanced placement and International Baccalaureate examinations. This plan shall include notification to students and parents of the agreement with a community college in the Commonwealth to enable students to complete an associate's degree or a one-year Uniform Certificate of General Studies concurrent with a high school diploma.

12. Identification of students with limited English proficiency and enrollment of such students in appropriate instructional programs.

However, regardless of which address is shown on the license, the licensee shall supply the Department with his residence address, which shall be an address in Virginia. This residence address shall be maintained in the Department's records. C. The Department may contract with the United States Postal Service or an authorized agent to use the National Change of Address System for the purpose of obtaining current address information for a person whose name appears in customer records maintained by the Department. If the Department receives information from the National Change of Address System indicating that a person whose name appears in a Department record has submitted a permanent change of address to the Postal Service, the Department may then update its records with the mailing address obtained from the National Change of Address System.

D. The license shall be made of a material and in a form to be determined by the Commissioner.

No family member, guardian, agent named pursuant to an advance directive or person responsible for the decedent's estate shall refuse to honor the donor designation or, in any way, seek to avoid honoring the donor designation.~~

~~I. The donor designation provided pursuant to subsection F may be rescinded by notifying the Department. B. The fee for the issuance of an original or renewal special identification card is \$5. The fee for the issuance of a duplicate or reissue of a special identification card is \$5. Persons 21 years old or older may be issued a scenic special identification card for an additional fee of \$5.

Notwithstanding these limitations, the Commissioner may extend the validity period of an expiring card if (i) the Department is unable to process an application for renewal due to circumstances beyond its control, (ii) the extension has been authorized under a directive from the Governor, and (iii) the card was not issued as a temporary special identification card under the provisions of subsection B of § 46.2-328.1. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions.

D. A special identification card issued under this section may be similar in size, shape, and design to a driver's license, and include a photograph of its holder, but the card shall be readily distinguishable from a driver's license and shall clearly state that it does not authorize the person to whom it is issued to drive a motor vehicle. Every applicant for a special identification card shall appear in person before the Department to apply for a renewal, duplicate or reissue unless specifically permitted by the Department to apply in another manner.

E. Special identification cards, for persons at least 15 years old but less than 21 years old, shall be immediately and readily distinguishable from those issued to persons 21 years old or older. Distinguishing characteristics shall include unique design elements of the document and descriptors within the photograph area to identify persons who are at least 15 years old but less than 21 years old. These descriptors shall include the month, day, and year when the person will become 21 years old.

F. Special identification cards for persons under age 15 shall bear a full face photograph. The special identification card issued to persons under age 15 shall be readily distinguishable from a driver's license and from other special identification cards issued by the Department. The special identification card shall be considered a reissue and the expiration date shall be the last day of the month of the surrendered driver's license's month of expiration.

This subsection shall not prevent the Department from furnishing the application or any information thereon to any law-enforcement agency.

I. Any person who uses a false or fictitious name or gives a false or fictitious address in any application for an identification card or knowingly makes a false statement or conceals a material fact or otherwise commits a fraud in any such application shall be guilty of a Class 2 misdemeanor. However, where the name or address is given, or false statement is made, or fact is concealed, or fraud committed, with the intent to purchase a firearm or where the identification card is obtained for the purpose of committing any offense punishable as a felony, a violation of this section shall constitute a Class 4 felony.

J. The Department may promulgate regulations necessary for the effective implementation of the provisions of this section.

The Department shall electronically transmit application information to the Department of State Police, in a format approved by the State Police, for comparison with information contained in the Virginia Criminal Information Network and National Crime Information Center Convicted Sexual Offender Registry Files, at the time of issuance of a special identification card. Whenever it appears from the records of the State Police that a person has failed to comply with the duty to register or reregister pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, the State Police shall promptly investigate and, if there is probable cause to believe a violation has occurred, obtain a warrant or assist in obtaining an indictment charging a violation of § 18.2-472.1 in the jurisdiction in which the person made application for the special identification card.

M. When requested by the applicant, the applicant's parent if the applicant is a minor, or the applicant's guardian, and upon presentation of a signed statement by a licensed physician confirming the applicant's condition, the Department shall indicate on the applicant's special identification card that the applicant has any condition listed in subsection ~~M~~ K of § 46.2-342.

An Act to amend and reenact §§ 55-225.9, 55-237.1, 55-248.4, 55-248.5, 55-248.9, 55-248.9:1, 55-248.11:1, 55-248.16, 55-248.18, 55-248.18:2, and 55-248.24 of the Code of Virginia, relating to landlord and tenant laws.

[H 735]

Approved April 20, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 55-225.9, 55-237.1, 55-248.4, 55-248.5, 55-248.9, 55-248.9:1, 55-248.11:1, 55-248.16, 55-248.18, 55-248.18:2, and 55-248.24 of the Code of Virginia are amended and reenacted as follows:

§ 55-225.9. Relocation of tenant where mold remediation needs to be performed in the dwelling unit.

Where a mold condition in a dwelling unit materially affects the health or safety of any tenant or authorized occupant, the landlord may require the tenant to temporarily vacate the dwelling unit in order for the landlord to perform mold remediation in accordance with professional standards as defined in § 55-225.8 for a period not to exceed 30 days. The landlord shall provide the tenant with either (i) a comparable dwelling unit, as selected by the landlord, at no expense or cost to the tenant, or (ii) a hotel room, as selected by the landlord, at no expense or cost to the tenant. The tenant shall continue to be responsible for payment of rent under the rental agreement during the period of any temporary relocation and for the remainder of the term of the rental agreement following the remediation. Nothing in this section shall be construed as entitling the tenant to a termination of a tenancy where or when the landlord has remediated a mold condition in accordance with professional standards as defined in § 55-225.8. The landlord shall pay all costs of the *relocation and the* mold remediation, unless the tenant is at fault for the mold condition.

§ 55-237.1. Authority of sheriffs to store and sell personal property removed from premises; recovery of possession by owner; disposition or sale.

Notwithstanding the provisions of § 8.01-156, when personal property is removed from any leased or rented commercial or residential premises pursuant to an action of unlawful detainer or ejection, or pursuant to any other action in which personal property is removed from the premises in order to restore such premises to the person entitled thereto, the sheriff shall oversee the removal of such personal property to be placed into the public way. The tenant shall have the right to remove his personal property from the public way during the 24-hour period after eviction. Upon the expiration of the 24-hour period after eviction, the landlord shall remove, or dispose of, any such personal property remaining in the public way.

At the landlord's request, any personal property removed pursuant to this section shall be placed into a storage area designated by the landlord, which may be the leased or rented premises. The tenant shall have the right to remove his personal property from the landlord's designated storage area at reasonable times during the 24 hours after eviction from the premises or at such other reasonable times until the landlord has disposed of the property as provided herein. During that 24-hour period and until the landlord disposes of the remaining personal property of the tenant, the landlord and the sheriff shall not have any liability for the loss of such personal property. If the landlord fails to allow reasonable access to the tenant to remove his personal property as provided herein, the tenant shall have a right to injunctive relief and such other relief as may be provided by law.

Any property remaining in the landlord's storage area upon the expiration of the 24-hour period after eviction may be disposed of by the landlord as the landlord sees fit or appropriate. If the landlord receives any funds from any sale of such remaining property, the landlord shall pay such funds to the account of the tenant and apply same to any amounts due the landlord by the tenant, including the reasonable costs incurred by the landlord in the eviction process described in this section or the reasonable costs incurred by the landlord in selling or storing such property. If any funds are remaining after application, the remaining funds shall be treated as security deposit under applicable law.

The notice posted by the sheriff setting the date and time of the eviction, pursuant to § 8.01-470, shall provide notice to the tenant of the rights afforded to tenants in this section and shall include in the notice a copy of this statute attached to, or made a part of, this notice.

Nothing herein shall affect the right of a landlord to enforce an inchoate or perfected lien of the landlord on the personal property of a tenant of any leased or rented commercial or residential premises, or of a landlord to distress, levy, and seize such personal property as otherwise provided by law.

Such guest shall be exempt from this chapter and the innkeeper or property owner, or agent thereof, shall have the right to use self-help eviction under Virginia law, without the necessity of the filing of an unlawful detainer action in a court of competent jurisdiction and the execution of a writ of possession issued pursuant thereto, which would otherwise be required under this chapter. For purposes of this chapter, a hotel, motel, extended stay facility, vacation residential facility, boardinghouse, or similar transient lodging shall be exempt from the provisions of this chapter if overnight sleeping accommodations are furnished to a person for consideration if such person does not reside in such lodging as his primary residence.

7. Agrees to both the payment of a security deposit and the provision of a bond or commercial insurance policy purchased by the tenant to secure the performance of the terms and conditions of a rental agreement, if the total of the security deposit and the bond or insurance premium exceeds the amount of two months' periodic rent.

B. A provision prohibited by subsection A included in a rental agreement is unenforceable. If a landlord brings an action to enforce any of the prohibited provisions, the tenant may recover actual damages sustained by him and reasonable attorney's fees.

§ 55-248.9:1. Confidentiality of tenant records.

A. No landlord or managing agent shall release information about a tenant or prospective tenant in the possession of the landlord to a third party unless:

1. The tenant or prospective tenant has given prior written consent;
2. The information is a matter of public record as defined in § 2.2-3701;
3. The information is a summary of the tenant's rent payment record, including the amount of the tenant's periodic rent payment;
4. The information is a copy of a material noncompliance notice that has not been remedied or, termination notice given to the tenant under § 55-248.31 and the tenant did not remain in the premises thereafter;
5. The information is requested by a local, state, or federal law-enforcement or public safety official in the performance of his duties;
6. The information is requested pursuant to a subpoena in a civil case;
7. The information is requested by a local commissioner of the revenue in accordance with § 58.1-3901;
8. The information is requested by a contract purchaser of the landlord's property; provided the contract purchaser agrees in writing to maintain the confidentiality of such information;
9. The information is requested by a lender of the landlord for financing or refinancing of the property;
10. The information is requested by the commanding officer, military housing officer, or military attorney of the tenant;
11. The third party is the landlord's attorney *or the landlord's collection agency*;
12. The information is otherwise provided in the case of an emergency; or
13. The information is requested by the landlord to be provided to the managing agent, or a successor to the managing agent.

B. A tenant may designate a third party to receive duplicate copies of a summons that has been issued pursuant to § 8.01-126 and of written notices from the landlord relating to the tenancy. Where such a third party has been designated by the tenant, the landlord shall mail the duplicate copy of any summons issued pursuant to § 8.01-126 or notice to the designated third party at the same time the summons or notice is mailed to or served upon the tenant. Nothing in this subsection shall be construed to grant standing to any third party designated by the tenant to challenge actions of the landlord in which notice was mailed pursuant to this subsection. The failure of the landlord to give notice to a third party designated by the tenant shall not affect the validity of any judgment entered against the tenant.

C. A landlord or managing agent may enter into an agreement with a third-party service provider to maintain tenant records in electronic form or other medium. In such case, the landlord and managing agent shall not be liable under this section in the event of a breach of the electronic data of such third-party service provider, except in the case of gross negligence or intentional act. Nothing herein shall be construed to require a landlord or managing agent to indemnify such third-party service provider.

D. A tenant may request a copy of his tenant records in paper or electronic form. If the rental agreement so provides, a landlord may charge a tenant requesting more than one copy of his records the actual costs of preparing copies of such records. However, if the landlord makes available tenant records to each tenant by electronic portal, the tenant shall not be required to pay for access to such portal.

§ 55-248.11:1. Inspection of premises.

The landlord shall, within five days after occupancy of a dwelling unit, submit a written report to the tenant, for his safekeeping, itemizing damages to the dwelling unit existing at the time of occupancy, which record shall be deemed correct unless the tenant objects thereto in writing within five days after receipt thereof. The landlord may adopt a written policy allowing the tenant to prepare the written report of the move-in inspection, in which case the tenant shall submit a copy to the landlord, which record shall be deemed correct unless the landlord objects thereto in writing within five days after receipt thereof. Such written policy adopted by the landlord may also provide for the landlord and the tenant to prepare the written report of the move-in inspection jointly, in which case both the landlord and the tenant shall sign the written report and receive a copy thereof, at which time the inspection record shall be deemed correct. *If any damages are reflected on the written report, a landlord is not required to make repairs to address such damages unless required to do so under § 55-248.11:2 or 55-248.13.*

§ 55-248.16. Tenant to maintain dwelling unit.

A. In addition to the provisions of the rental agreement, the tenant shall:

1. Comply with all obligations primarily imposed upon tenants by applicable provisions of building and housing codes materially affecting health and safety;
2. Keep that part of the dwelling unit and the part of the premises that he occupies and uses as clean and safe as the condition of the premises permit;
3. Keep that part of the dwelling unit and the part of the premises that he occupies free from insects and pests, as those terms are defined in § 3.2-3900, and to promptly notify the landlord of the existence of any insects or pests;
4. Remove from his dwelling unit all ashes, garbage, rubbish and other waste in a clean and safe manner and in the appropriate receptacles provided by the landlord pursuant to § 55-248.13, if such disposal is on the premises;
5. Keep all plumbing fixtures in the dwelling unit or used by the tenant as clean as their condition permits;
6. Use in a reasonable manner all utilities and all electrical, plumbing, sanitary, heating, ventilating, air-conditioning and other facilities and appliances including elevators in the premises, and keep all utility services paid for by the tenant to the utility service provider or its agent on at all times during the term of the rental agreement;

7. Not deliberately or negligently destroy, deface, damage, impair or remove any part of the premises or permit any person to do so whether known by the tenant or not;

8. Not remove or tamper with a properly functioning smoke detector installed by the landlord, including removing any working batteries, so as to render the detector inoperative and shall maintain the smoke detector in accordance with the uniform set of standards for maintenance of smoke detectors established in the Uniform Statewide Building Code (§ 36-97 et seq.);

9. Not remove or tamper with a properly functioning carbon monoxide alarm installed by the landlord, including removing any working batteries, so as to render the carbon monoxide detector inoperative *and shall maintain the carbon monoxide alarm in accordance with the uniform set of standards for maintenance of carbon monoxide alarms established in the Uniform Statewide Building Code (§ 36-97 et seq.)*;

10. Use reasonable efforts to maintain the dwelling unit and any other part of the premises that he occupies in such a condition as to prevent accumulation of moisture and the growth of mold, and to promptly notify the landlord of any moisture accumulation that occurs or of any visible evidence of mold discovered by the tenant;

11. Not paint or disturb painted surfaces or make alterations in the dwelling unit without the prior written approval of the landlord provided (i) the dwelling unit was constructed prior to 1978 and therefore requires the landlord to provide the tenant with lead-based paint disclosures and (ii) the landlord has provided the tenant with such disclosures and the rental agreement provides that the tenant is required to obtain the landlord's prior written approval before painting, disturbing painted surfaces or making alterations in the dwelling unit;

12. Be responsible for his conduct and the conduct of other persons on the premises with his consent whether known by the tenant or not, to ensure that his neighbors' peaceful enjoyment of the premises will not be disturbed; and

13. Abide by all reasonable rules and regulations imposed by the landlord pursuant to § 55-248.17.

B. If the duty imposed by subdivision 1 of subsection A is greater than any duty imposed by any other subdivision of that subsection, the tenant's duty shall be determined by reference to subdivision 1.

§ 55-248.18. Access; consent; correction of nonemergency conditions; relocation of tenant.

A. The tenant shall not unreasonably withhold consent to the landlord to enter into the dwelling unit in order to inspect the premises, make necessary or agreed repairs, decorations, alterations or improvements, supply necessary or agreed services or exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen or contractors. *If, upon inspection of a dwelling unit during the term of a tenancy, the landlord determines there is a violation by the tenant of § 55-248.16 or the rental agreement materially affecting health and safety that can be remedied by repair, replacement of a damaged item or cleaning in accordance with § 55-248.32, the landlord may make such repairs and send the tenant an invoice for payment. If, upon inspection of the dwelling unit during the term of a tenancy, the landlord discovers a violation of the rental agreement, this chapter, or other applicable law, the landlord may send a written notice of termination pursuant to § 55-248.31. If the rental agreement so provides and if a tenant without reasonable justification declines to permit the landlord or managing agent to exhibit the dwelling unit for sale or lease, the landlord may recover damages, costs, and reasonable attorney fees against such tenant.*

The landlord may enter the dwelling unit without consent of the tenant in case of emergency. The landlord shall not abuse the right of access or use it to harass the tenant. Except in case of emergency or if it is impractical to do so, the landlord shall give the tenant notice of his intent to enter and may enter only at reasonable times. Unless impractical to do so, the landlord shall give the tenant at least 24-hours' notice of routine maintenance to be performed that has not been requested by the tenant. If the tenant makes a request for maintenance, the landlord is not required to provide notice to the tenant.

B. Upon the sole determination by the landlord of the existence of a nonemergency property condition in the dwelling unit that requires the tenant to temporarily vacate the dwelling unit in order for the landlord to properly remedy such property condition, the landlord may, upon at least 30 days' written notice to the tenant, require the tenant to temporarily vacate the dwelling unit for a period not to exceed 30 days to a comparable dwelling unit, as selected by the landlord, and at no expense or cost to the tenant. The landlord and tenant may agree for the tenant to temporarily vacate the dwelling unit in less than 30 days. For purposes of this subsection, "nonemergency property condition" means (i) a condition in the dwelling unit that, in the determination of the landlord, is necessary for the landlord to remedy in order for the landlord to be in compliance with § 55-248.13; (ii) the condition does not need to be remedied within a 24-hour period, with any condition that needs to be remedied within 24 hours being defined as an "emergency condition"; and (iii) the condition can only be effectively remedied by the temporary relocation of the tenant pursuant to the provisions of this subsection.

The tenant shall continue to be responsible for payment of rent under the rental agreement during the period of any temporary relocation. The landlord shall pay all costs of repairs or remediation required to address the property condition. Refusal of the tenant to cooperate with a temporary relocation pursuant to this subsection shall be deemed a breach of the rental agreement, unless the tenant agrees to vacate the unit and terminate the rental agreement within the 30-day notice period. If the landlord properly remedies the nonemergency property condition within the 30-day period, nothing herein shall be construed to entitle the tenant to terminate the rental agreement. Further, nothing herein shall be construed to limit the landlord from taking legal action against the tenant for any noncompliance that occurs during the period of any temporary relocation pursuant to this section.

C. The landlord has no other right to access except by court order or that permitted by §§ 55-248.32 and 55-248.33 or if the tenant has abandoned or surrendered the premises.

D. The tenant may install, within the dwelling unit, new burglary prevention, including chain latch devices approved by the landlord, and fire detection devices, that the tenant may believe necessary to ensure his safety, provided:

1. Installation does no permanent damage to any part of the dwelling unit.

2. A duplicate of all keys and instructions of how to operate all devices are given to the landlord.

3. Upon termination of the tenancy the tenant shall be responsible for payment to the landlord for reasonable costs incurred for the removal of all such devices and repairs to all damaged areas.

E. Upon written request of the tenant, the landlord shall install a carbon monoxide alarm in the tenant's dwelling unit within 90 days of such request and may charge the tenant a reasonable fee to recover the costs of such installation. The landlord's installation of a carbon monoxide alarm shall be in compliance with the Uniform Statewide Building Code.

§ 55-248.18:2. Relocation of tenant where mold remediation needs to be performed in the dwelling unit.

Where a mold condition in the dwelling unit materially affects the health or safety of any tenant or authorized occupant, the landlord may require the tenant to temporarily vacate the dwelling unit in order for the landlord to perform mold remediation in accordance with professional standards as defined in § 55-248.4 for a period not to exceed 30 days. The landlord shall provide the tenant with either (i) a comparable dwelling unit, as selected by the landlord, at no expense or cost to the tenant, or (ii) a hotel room, at no expense or cost to the tenant. The tenant shall continue to be responsible for payment of rent under the rental agreement during the period of any temporary relocation and for the remainder of the term of the rental agreement following the remediation. Nothing in this section shall be construed as entitling the tenant to a termination of a tenancy where or when the landlord has remediated a mold condition in accordance with professional standards as defined in § 55-248.4. The landlord shall pay all costs of the *relocation and the* mold remediation, unless the mold is a result of the tenant's failure to comply with § 55-248.16.

§ 55-248.24. Fire or casualty damage.

If the dwelling unit or premises are damaged or destroyed by fire or casualty to an extent that the tenant's enjoyment of the dwelling unit is substantially impaired or required repairs can only be accomplished if the tenant vacates the dwelling unit, either the tenant or the landlord may terminate the rental agreement. The tenant may terminate the rental agreement by vacating the premises and within 14 days thereafter, serve on the landlord a written notice of his intention to terminate the rental agreement, in which case the rental agreement terminates as of the date of vacating; or if continued occupancy is lawful, § 55-226 shall apply.

The landlord may terminate the rental agreement by giving the tenant 14 days' notice of his intention to terminate the rental agreement based upon the landlord's determination that such damage requires the removal of the tenant and the use of the premises is substantially impaired, in which case the rental agreement terminates as of the expiration of the notice period.

If the rental agreement is terminated, the landlord shall return all security deposits in accordance with § 55-248.15:1 and prepaid rent, plus accrued interest, recoverable by law unless the landlord reasonably believes that the tenant, tenant's guests, invitees or authorized occupants were the cause of the damage or casualty, in which case the landlord shall account to the tenant for the security and prepaid rent, plus accrued interest based upon the damage or casualty, *and may recover actual damages sustained pursuant to § 55-248.35*. Accounting for rent in the event of termination or apportionment shall be made as of the date of the casualty.

§ 22.1-199.4. At-Risk Student Academic Achievement Program and Fund.

A. From such funds as may be appropriated for such purpose and from such gifts, donations, grants, bequests, and other funds as may be received on its behalf, there is hereby established the At-Risk Student Academic Achievement Program, to be administered by the Board of Education, and a special nonreverting fund within the Department of the Treasury known as the At-Risk Student Academic Achievement Fund, hereafter referred to as the "Fund." The Fund shall be established on the books of the Comptroller, and any moneys remaining in such Fund at the end of the biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall remain in the Fund and be credited to it.

The Department of the Treasury shall administer and manage the Fund, subject to the authority of the Board of Education to provide for its disbursement. The Fund shall be disbursed to award noncompetitive grants to public school divisions to implement research-based programs or programs identified as best practices that are designed to (†) improve the academic achievement of at-risk public school students on the Standards of Learning assessments; (††) and decrease the rate of dropout among at-risk public school students; and (†††) increase the number of such students obtaining the advanced studies diploma.

B. The amount of grants and required local matching funds shall be determined as provided in the appropriation act.

Funds received through this Program shall be used to supplement, not supplant, any local funds currently provided for at-risk programs within the school division.

C. The Board may issue guidelines governing the Program as it deems necessary and appropriate.

§ 22.1-209.1:3. Advancement Via Individual Determination (AVID) Programs.

A. With such funds as may be appropriated by the General Assembly for this purpose, local school boards may establish Advancement Via Individual Determination Programs in their respective school divisions to prepare at-risk students enrolled in the secondary grades in the public schools of the school division for post-secondary education eligibility.

B. Any school board adopting the Advancement Via Individual Determination Program shall establish policies and guidelines to ensure compliance with the provisions of this section. Programs established pursuant to subsection A shall include the following components:

1. A procedure for identifying at-risk students enrolled in the secondary grades in the public schools of the school division who demonstrate academic potential, a desire to attend college, and the willingness to pursue a rigorous academic program of study ~~or the advanced studies program~~ leading to eligibility for college admission;
2. A procedure for obtaining participation in or support for the program by the parent, guardian or other person having charge or control of a child engaged in the program;

5. An emphasis on college preparation and college awareness, access to advanced level college preparatory courses at the high school level, building self-esteem and the promotion of personal and social responsibility, the availability of support services for students enrolled in the AVID Program, and the development and fostering of a positive attitude toward learning and the advantages of higher education;
6. A low pupil-teacher ratio to promote a high level of interaction between the students and the teacher;

8. Community outreach to build strong school, business, and community partnerships, and to promote parental involvement in the educational process of participating children;
9. Specific, measurable goals and objectives and an evaluation component to determine the program's effectiveness in preparing students participating in the program for college, increasing academic achievement, and lessening the need for remediation of such students who attend college.

C. Upon completion of the initial school year of the Advancement Via Individual Determination Program and at least annually thereafter, each school board implementing such program shall require submission of interim evaluation reports of the program. If funded by an appropriation pursuant to subsection A, each school board having an Advancement Via Individual Determination Program shall report the status, effectiveness, and results of such program no later than November 30 of the year following the completion of the initial school year to the Board of Education, which shall transmit such reports to the Governor and the General Assembly.

§ 22.1-227.1. Career and technical education.

A. The Board of Education shall incorporate into career and technical education the Standards of Learning for mathematics, science, English, and social studies, including history, and other subject areas as may be appropriate. The Board may also authorize, in its regulations for accrediting public schools in Virginia, the substitution of industry certification and state licensure examinations for Standards of Learning assessments for the purpose of awarding ~~verified units of credit~~ for career and technical education courses, where appropriate.

B. The Board shall also develop a plan for increasing the number of students receiving industry certification and state licensure as part of their career and technical education. The plan shall include an annual goal for school divisions. Where there is an accepted national industry certification for career and technical education instructional personnel and programs for automotive technology, such certification shall be mandatory.

C. With such funds as may be appropriated for such purpose, there shall be established, within the Department of Education, a unit of specialists in career and technical education. The unit shall (i) assist in developing and revising local career and technical curriculum to integrate the Standards of Learning, (ii) provide professional development for career and technical instructional personnel to improve the quality of career and technical education, (iii) conduct site visits to the schools providing career and technical education, and (iv) seek the input of business and industry representatives regarding the content and direction of career and technical education programs in the public schools of the Commonwealth.

D. The Board shall develop guidelines for the establishment of High School to Work Partnerships, hereafter referred to as "Partnerships," between public high schools and local businesses to create opportunities for students who may not seek further education after high school to (i) participate in an apprenticeship, internship, or job shadow program in a variety of trades and skilled labor positions or (ii) tour local businesses and meet with owners and employees. These guidelines shall include a model waiver form to be used by high schools and local businesses in connection with Partnership programs to protect both the students and the businesses from liability.

Each local school board may encourage the local school division's career and technical education administrator or his designee to collaborate with the guidance counselor office of each public high school in the Commonwealth to establish Partnerships and to educate the student body about available opportunities.

Students who miss a partial or full day of school while participating in Partnership programs shall not be counted as absent for the purposes of calculating average daily membership, but each local school board shall develop policies and procedures for students to make up missed work and may determine the maximum number of school days per academic year that a student may spend participating in a Partnership program.

§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include, but not be limited to, student outcome measures, requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, student services, auxiliary education programs such as library and media services, ~~course and credit~~ requirements for graduation from high school, community relations, and the philosophy, goals, and objectives of public education in Virginia.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board shall review annually the accreditation status of all schools in the Commonwealth. However, the Board may review the accreditation status of a school once every three years if the school has been fully accredited for three consecutive years. Upon such triennial review, the Board shall review the accreditation status of the school for each individual year within that triennial review period. If the Board finds that the school would have been accredited every year of that triennial review period the Board may accredit the school for another three years. The Board shall review the accreditation status of any school that (i) in any individual year within the triennial review period would have failed to achieve full accreditation or (ii) in the previous year has had an adjustment of its boundaries by a school board pursuant to subdivision 4 of § 22.1-79 that affects at least 10 percent of the student population of the school.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall review the accreditation status of all schools in the local school division annually in public session. Within the time specified by the Board of Education, each school board shall submit corrective action plans for any schools within its school division that have been designated as not meeting the standards as approved by the Board.

When the Board of Education has obtained evidence through the school academic review process that the failure of schools within a division to achieve full accreditation status is related to division level failure to implement the Standards of Quality, the Board may require a division level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall submit for approval by the Board a corrective action plan, consistent with criteria established by the Board and setting forth specific actions and a schedule designed to ensure that schools within its school division achieve full accreditation status. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

With such funds as are appropriated or otherwise received for this purpose, the Board shall adopt and implement an academic review process, to be conducted by the Department of Education, to assist schools that are accredited with warning. The Department shall forward a report of each academic review to the relevant local school board, and such school board shall report the results of such academic review and the required annual progress reports in public session. The local school board shall implement any actions identified through the academic review and utilize them for improvement planning.

B. The Superintendent of Public Instruction shall develop and the Board of Education shall approve criteria for determining and recognizing educational performance in the Commonwealth's public school divisions and schools. Such criteria, when approved, shall become an integral part of the accreditation process and shall include student outcome measurements. The Superintendent of Public Instruction shall annually identify to the Board those school divisions and schools that exceed or do not meet the approved criteria. Such identification shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall, with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments. The Department of Education shall make available to school divisions Standards of Learning assessments typically administered by the middle and high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later.

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected ~~verified~~ credit.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or

deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall include in the student outcome measures that are required by the Standards for Accreditation end-of-course or end-of-grade assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science and may be integrated to include multiple subject areas.

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (a) reading and mathematics in grades three and four; (b) reading, mathematics, and science in grade five; (c) reading and mathematics in grades six and seven; (d) reading, writing, and mathematics in grade eight; (e) science after the student receives instruction in the grade six science, life science, and physical science Standards of Learning and before the student completes grade eight; and (f) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall (1) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) permit and encourage integrated assessments that include multiple subject areas; and (3) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

In addition, to assess the educational progress of students, the Board of Education shall (A) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (B) select appropriate industry certification and state licensure examinations; and (C) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board of Education or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Department of Education shall develop processes for informing school divisions of changes in the Standards of Learning.

The Board of Education may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

D. The Board of Education may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 11 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action

against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of Education may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. For a second offense within a five-year period, the scholarship foundation shall be removed from the annual list published pursuant to this section and shall not be entitled to request preauthorization for additional tax credits, nor shall it be entitled to receive and administer additional tax-credit-derived funds. Approved April 20, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-103 and 24.2-115 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 24.2-115.2 as follows:

§ 24.2-103. Powers and duties in general.

A. The State Board, through the Department of Elections, shall supervise and coordinate the work of the county and city electoral boards and of the registrars to obtain uniformity in their practices and proceedings and legality and purity in all elections. It shall make rules and regulations and issue instructions and provide information consistent with the election laws to the electoral boards and registrars to promote the proper administration of election laws. Electoral boards and registrars shall provide information requested by the State Board and shall follow (i) the elections laws and (ii) the rules and regulations of the State Board insofar as they do not conflict with Virginia or federal law. The State Board shall post on the Internet within three business days any rules or regulations made by the State Board. Upon request and at a reasonable charge not to exceed the actual cost incurred, the State Board shall provide to any requesting political party or candidate, within three days of the receipt of the request, copies of any instructions or information provided by the State Board to the local electoral boards and registrars.

B. The State Board, through the Department of Elections, shall ensure that the members of the electoral boards and general registrars are properly trained to carry out their duties by offering training annually, or more often, as it deems appropriate, and without charging any fees to the electoral boards and general registrars for the training. The State Board shall set the training standards for the officers of election ~~to be fulfilled by the local electoral boards and general registrars. The State Board shall require certification that officers of election have been trained consistent with the training standards set by the Board. Such certification shall be submitted each year prior to the November general election by the local electoral board and shall develop standardized training programs for the officers of election to be conducted by the local electoral boards and the general registrars. Training of the officers of election shall be conducted and certified as provided by § 24.2-115.2. The State Board shall provide standardized training materials for such training and shall also offer on the Department of Elections website a training course for officers of election. The content of the online training course shall be consistent with the standardized training programs developed pursuant to this section. The State Board shall review the standardized training materials and the content of the online training course every two years in the year immediately following a general election for federal office.~~

C. The State Board may institute proceedings pursuant to § 24.2-234 for the removal of any member of an electoral board who fails to discharge the duties of his office in accordance with law. The State Board may petition the local electoral board to remove from office any general registrar who fails to discharge the duties of his office according to law. The State Board may institute proceedings pursuant to § 24.2-234 for the removal of a general registrar if the local electoral board refuses to remove the general registrar and the State Board finds that the failure to remove the general registrar has a material adverse effect upon the conduct of either the registrar's office or any election. Any action taken by the State Board pursuant to this subsection shall require a recorded majority vote of the Board.

D. The State Board may petition a circuit court or the Supreme Court, whichever is appropriate, for a writ of mandamus or prohibition, or other available legal relief, for the purpose of ensuring that elections are conducted as provided by law.

E. The Department of Elections shall supervise its own staff to assure that no member of its staff shall serve (i) as the chairman of a political party or other officer of a state-, local-, or district-level political party committee or (ii) as a paid or volunteer worker in the campaign of a candidate for nomination or election to an office filled by election in whole or in part by the qualified voters of the Commonwealth.

F. The State Board shall adopt a seal for its use and bylaws for its own proceedings.

G. A telephone call between two members of the Board preparing for a meeting shall not constitute a meeting under the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), provided that no discussion or deliberation takes place that would otherwise constitute a meeting.

§ 24.2-115. Appointment, qualifications, and terms of officers of election.

Each electoral board at its regular meeting in the first week of February of the year in which the terms of officers of election are scheduled to expire shall appoint officers of election. Their terms of office shall begin on March 1 following their appointment and continue, at the discretion of the electoral board, for a term not to exceed three years or until their successors are appointed.

Not less than three competent citizens shall be appointed for each precinct. However, a precinct having more than 4,000 registered voters shall have not less than five officers of election serving for a presidential election, and the electoral board shall appoint additional officers as needed to satisfy this requirement. Insofar as practicable, each officer shall be a qualified voter of the precinct he is appointed to serve, but in any case a qualified voter of the Commonwealth. In appointing

the officers of election, representation shall be given to each of the two political parties having the highest and next highest number of votes in the Commonwealth for Governor at the last preceding gubernatorial election. The representation of the two parties shall be equal at each precinct having an even number of officers and shall vary by no more than one at each precinct having an odd number of officers. If practicable, officers shall be appointed from lists of nominations filed by the political parties entitled to appointments. The party shall file its nominations with the secretary of the electoral board at least 10 days before February 1 each year. The electoral board may appoint additional citizens who do not represent any political party to serve as officers. If practicable, no more than one-third of the total number of officers appointed for each precinct may be citizens who do not represent any political party.

Officers of election shall serve for all elections held in their respective precincts during their terms of office unless a substitute is required to be appointed pursuant to § 24.2-117 or the electoral board decides that fewer officers are needed for a particular election, in which case party representation shall be maintained as provided above. For a primary election involving only one political party, persons representing the political party holding the primary shall serve as the officers of election if possible.

The electoral board shall designate one officer as the chief officer of election and one officer as the assistant for each precinct. The officer designated as the assistant for a precinct, whenever practicable, shall not represent the same political party as the chief officer for the precinct. Notwithstanding any other provision of this section, where representatives for one or both of the two political parties having the largest number of votes for Governor in the last preceding gubernatorial election are unavailable, the electoral board may designate as the chief officer and the assistant chief officer citizens who do not represent any political party. In such case, the electoral board shall provide notice to representatives of both parties at least 10 days prior to the election that it intends to use nonaffiliated officers so that each party shall have the opportunity to provide additional nominations. The electoral board may also appoint at least one officer of election who reports to the precinct at least one hour prior to the closing of the precinct and whose primary responsibility is to assist with closing the precinct and reporting the results of the votes at the precinct.

The electoral board shall instruct each chief officer and assistant in his duties not less than three nor more than 30 days before each election. Each electoral board may instruct each officer of election in his duties at an appropriate time or times before each November general election, and shall conduct training of the officers of election ~~consistent with the standards set by the State Board pursuant to subsection B of § 24.2-103. Each electoral board shall certify to the State Board that such training has been conducted every four years as provided by § 24.2-115.2.~~

Notwithstanding the provisions of § 24.2-117, if an officer of election is unable to serve at any election during his term of office, the electoral board may at any time appoint a substitute who shall hold office and serve for the unexpired term.

Additional officers shall be appointed in accordance with this section at any time that the electoral board determines that they are needed or as required by law.

If practicable, substitute officers or additional officers appointed after the electoral board's regular meeting in the first week of February shall be appointed from lists of nominations filed by the political parties entitled to appointments. The electoral board shall inform the political parties of its decision to make such appointments and the party shall file its nominations with the secretary of the electoral board within five business days.

The secretary of the electoral board shall prepare a list of the officers of election that shall be available for inspection and posted in the general registrar's office prior to March 1 each year. Whenever substitute or additional officers are appointed, the secretary shall promptly add the names of the appointees to the public list. Upon request and at a reasonable charge not to exceed the actual cost incurred, the secretary shall provide a copy of the list of the officers of election, including their party designation and precinct to which they are assigned, to any requesting political party or candidate.

§ 24.2-115.2. Officers of election; required training.

A. Each officer of election shall receive training consistent with the standards set by the State Board pursuant to § 24.2-103. This training shall be conducted by the electoral boards and general registrars, using the standardized training programs and materials developed by the State Board for this purpose. However, any electoral board and general registrar may instead require that the officers of election complete the online training course provided by the State Board pursuant to subsection B of § 24.2-103. Each officer of election shall receive such training, or complete the online training course, before the first election in which he will be serving as an officer of election. Such requirement shall apply to each term for which the officer of election is appointed.

B. Notwithstanding the provisions of subsection A, each officer of election shall receive additional training or instruction whenever a change to election procedures is made to this title or to regulations that alters the duties or conduct of the officers of election. Such changes shall include changes to voting systems, electronic pollbook equipment or programming, voter identification requirements, and provisional ballot requirements. Such additional training shall be conducted or instruction given promptly after the law or regulation has taken effect, but not less than three days prior to the November general election.

C. Following any training conducted pursuant to this section, the electoral boards shall certify to the State Board that the officers of election in its jurisdiction have received the required training. Such certification shall include the dates of each completed training.

[H 1069]

Approved April 20, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 33.2-500, 33.2-503, 33.2-504, 46.2-208, 46.2-819, 46.2-819.1, 46.2-819.3, 46.2-819.3:1, and 46.2-819.6 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Chapter 6 of Title 33.2 a section numbered 33.2-615 and by adding in Article 1.1 of Chapter 8 of Title 46.2 sections numbered 46.2-819.8, 46.2-819.9, and 46.2-819.10 as follows:

§ 33.2-500. Definitions.

As used in this chapter, unless the context requires a different meaning:

"High-occupancy requirement" means the number of persons required to be traveling in a vehicle for the vehicle to use HOT lanes without the payment of a toll. Emergency vehicles, law-enforcement vehicles being used in HOT lanes in the performance of law-enforcement duties, which shall not include the use of such vehicles for commuting to and from the workplace or for any purpose other than responding to an emergency incident, patrolling HOT lanes pursuant to an agreement by a state agency with the HOT lanes operator, or the time-sensitive investigation, active surveillance, or actual pursuit of persons known or suspected to be engaged in or with knowledge of criminal activity, and mass transit vehicles and commuter buses shall meet the high-occupancy requirement for HOT lanes, regardless of the number of occupants in the vehicle.

"High-occupancy toll lanes" or "HOT lanes" means a *highway or* portion of a highway containing one or more travel lanes separated from other lanes that (i) has an electronic toll collection system; (ii) provides for free passage by vehicles that meet the high-occupancy requirement, *including mass transit vehicles and commuter buses*; and (iii) contains a photo-enforcement system for use in such electronic toll collection. HOT lanes shall not be a "toll facility" or "HOV lanes" for the purposes of any other provision of law or regulation.

"High-occupancy vehicle lanes" or "HOV lanes" means a *highway or* portion of a highway containing one or more travel lanes for the travel of high-occupancy vehicles or buses as designated pursuant to § 33.2-501.

"HOT lanes operator" means the operator of the facility containing HOT lanes, which may include the Department of Transportation or some other entity.

"Mass transit vehicles" and "commuter buses" means vehicles providing a scheduled transportation service to the general public. Such vehicles shall comprise nonprofit, publicly or privately owned or operated transportation services, programs, or systems that may be funded pursuant to § 58.1-638.

"Owner" means the registered owner of a vehicle on record with the Department of Motor Vehicles or with the equivalent agency in another state. "Owner" does not ~~mean~~ include a vehicle rental or vehicle leasing company.

"Photo-enforcement system" means a sensor installed in conjunction with a toll collection device to detect the presence of a vehicle that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of each vehicle's license plate at the time it is detected by the toll collection device.

"Unauthorized vehicle" means a motor vehicle that is restricted from use of the HOT lanes pursuant to subdivision 4 a of § 33.2-503 or does not meet the high-occupancy requirement and indicates with its electronic toll collection device that it meets the applicable high-occupancy requirements.

§ 33.2-503. HOT lanes enforcement.

Any person operating a motor vehicle on designated HOT lanes shall make arrangements with the HOT lanes operator for payment of the required toll prior to entering such HOT lanes. The ~~driver~~ operator of a vehicle who enters the HOT lanes in an unauthorized vehicle, in violation of the conditions for use of such HOT lanes established pursuant to § 33.2-502, without payment of the required toll or without having made arrangements with the HOT lanes operator for payment of the required toll shall have committed a violation of this section, which may be enforced in the following manner:

1. On a form prescribed by the Supreme Court, a summons for ~~civil~~ a violation of this section may be executed by a law-enforcement officer, when such violation is observed by such officer. The form shall contain the option for the ~~driver~~ operator of the vehicle to prepay the unpaid toll and all penalties, administrative fees, and costs.

2. a. A HOT lanes operator shall install and operate, or cause to be installed or operated, a photo-enforcement system at locations where tolls are collected for the use of such HOT lanes.

b. A summons for ~~civil~~ a violation of this section may be executed when such violation is evidenced by information obtained from a photo-enforcement system as defined in this chapter. A certificate, sworn to or affirmed by a technician employed or authorized by the HOT lanes operator, or a facsimile of such a certificate, based on inspection of photographs, microphotographs, videotapes, or other recorded images produced by a photo-enforcement system, shall be prima facie

evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this subdivision 2. Any vehicle rental or vehicle leasing company, if named in a summons, shall be released as a party to the action if it provides to the HOT lanes operator a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or lessee prior to the date of hearing set forth in the summons. Upon receipt of such rental agreement, lease, or affidavit, a summons shall be issued for the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.).

c. On a form prescribed by the Supreme Court, a summons issued under this subdivision 2 may be executed pursuant to as provided in § 19.2-76.2. Such form shall contain the option for the driver or registered owner or operator to prepay the unpaid toll and all penalties, administrative fees, and costs. ~~HOT lanes operator personnel or their agents mailing such summons shall be considered conservators of the peace for the sole and limited purpose of mailing such summons. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction.~~ Notwithstanding the provisions of § 19.2-76, a summons for a violation of this section may be executed by mailing by first-class mail a copy thereof to the address of the owner of the vehicle as shown on the records of the Department of Motor Vehicles or, if the registered owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to subdivision e, such named operator of the vehicle. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

d. No summons may be issued by a HOT lanes operator for a violation of this section unless the HOT lanes operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons. For purposes of this subdivision, "debt collection" means the collection of unpaid tolls and applicable administrative fees by (a) retention of a third-party debt collector or (b) collection practices undertaken by employees of a HOT lanes operator that are materially similar to a third-party debt collector.

~~d. e.~~ The registered owner of such vehicle shall be given reasonable notice by way of a summons as provided in this subdivision 2 that his vehicle had been used in violation of this section, and such owner shall be given notice of the time and place of the hearing and notice of the civil penalty and costs for such offense.

It shall be prima facie evidence that the vehicle described in the summons issued pursuant to subdivision 2 was operated in violation of this section. Records obtained from the Department of Motor Vehicles pursuant to § 33.2-504 and certified in accordance with § 46.2-215 or from the equivalent agency in another state and certified as true and correct copies by the head of such agency or his designee identifying the owner of such vehicle shall give rise to a rebuttable presumption that the owner of the vehicle is the person named in the summons.

Upon the filing of an affidavit with the court at least 14 days prior to the hearing date by the registered owner of the vehicle stating that he was not the driver operator of the vehicle on the date of the violation and providing the legal name and address of the driver operator of the vehicle at the time of the violation, a summons will also be issued to the alleged driver operator of the vehicle at the time of the offense. The affidavit shall constitute prima facie evidence that the person named in the affidavit was driving the vehicle at all the relevant times relating to the matter named in the affidavit.

If the registered owner of the vehicle produces a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the court shall dismiss the summons issued to the registered owner of the vehicle.

3. a. The HOT lanes operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. The operator of the vehicle shall pay the unpaid tolls and any administrative fee detailed in a notice or invoice issued by a HOT lanes operator. If paid within 30 60 days of notification, the administrative fee shall not exceed \$25. *The HOT lanes operator shall notify the owner of the vehicle of any unpaid tolls and administrative fees by mailing an invoice pursuant to § 46.2-819.6.*

b. Upon a finding by a court of competent jurisdiction that the driver operator of the vehicle observed by a law-enforcement officer under subdivision 1 or the vehicle described in the summons for ~~civil~~ a violation issued pursuant to evidence obtained by a photo-enforcement system under subdivision 2 was in violation of this section, the court shall impose a civil penalty upon the driver operator of such vehicle issued a summons under subdivision 1, or upon the driver operator or registered owner of such vehicle issued a summons under subdivision 2, payable to the HOT lanes operator as follows: for a first offense, \$50; for a second offense, ~~\$250~~ \$100; for a third offense within a period of two years of the second offense, ~~\$500~~ \$250; and for a fourth and subsequent offense within a period of three years of the second offense, ~~\$1,000~~ \$500, together with, in each case, the unpaid toll, all accrued administrative fees imposed by the HOT lanes operator as authorized by this section, and applicable court costs. The court shall remand penalties, the unpaid toll, and administrative fees assessed for violation of this section to the treasurer or director of finance of the county or city in which the violation occurred for payment to the HOT lanes operator for expenses associated with operation of the HOT lanes and payments against any bonds or other liens issued as a result of the construction of the HOT lanes. No person shall be subject to prosecution under both subdivisions 1 and 2 for actions arising out of the same transaction or occurrence.

c. *Notwithstanding subdivisions a and b, for a first conviction of an operator or owner of a vehicle under this section, the total amount for the first conviction shall not exceed \$2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.*

d. Upon a finding by a court that a ~~person~~ *resident of the Commonwealth* has violated this section, in the event such person fails to pay the required penalties, fees, and costs, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall suspend all of the registration certificates and license plates issued for any motor vehicles registered solely in the name of such person and shall not issue any registration certificate or license plate for any other vehicle that such person seeks to register solely in his name until the court has notified the Commissioner of the Department of Motor Vehicles that such penalties, fees, and costs have been paid. *Upon a finding by a court that a nonresident of the Commonwealth has violated this section, in the event that such person fails to pay the required penalties, fees, and costs, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner of the Department of Motor Vehicles that such penalties, fees, and costs have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment.* The HOT lanes operator and the Commissioner of the Department of Motor Vehicles may enter into an agreement whereby the HOT lanes operator may reimburse the Department of Motor Vehicles for its reasonable costs to develop, implement, and maintain this enforcement mechanism, and that specifies that the Commissioner of the Department of Motor Vehicles shall have an obligation to suspend such registration certificates *or to provide notice to such entities in other states* so long as the HOT lanes operator makes the required reimbursements in a timely manner in accordance with the agreement.

~~e.~~ *An action brought under subdivision 1 or 2 shall be commenced within two years of the commission of the offense and shall be considered a traffic infraction.* Except as provided in subdivisions 4 and 5, imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator of a motor vehicle under Title 46.2 and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. *The provisions of § 46.2-395 shall not be applicable to any civil penalty, fee, unpaid toll, fine, or cost imposed or ordered paid under this section for a violation of subdivision 1 or 2.*

4. a. The HOT lanes operator may restrict the usage of the HOT lanes to designated vehicle classifications pursuant to an interim or final comprehensive agreement executed pursuant to § 33.2-1808 or 33.2-1809. Notice of any such vehicle classification restrictions shall be provided through the placement of signs or other markers prior to and at all HOT lanes entrances.

b. Any person driving an unauthorized vehicle on the designated HOT lanes is guilty of a traffic infraction, which shall not be a moving violation, and shall be punishable as follows: for a first offense, by a fine of \$125; for a second offense within a period of five years from a first offense, by a fine of \$250; for a third offense within a period of five years from a first offense, by a fine of \$500; and for a fourth and subsequent offense within a period of five years from a first offense, by a fine of \$1,000. *No person shall be subject to prosecution under both this subdivision and subdivision 1 or 2 for actions arising out of the same transaction or occurrence.*

Upon a conviction under this subdivision, the court shall furnish to the Commissioner of the Department of Motor Vehicles, in accordance with § 46.2-383, an abstract of the record of such conviction, which shall become a part of the person's driving record. Notwithstanding the provisions of § 46.2-492, no driver demerit points shall be assessed for any violation of this subdivision, except that persons convicted of a second, third, fourth, or subsequent violation within five years of a first offense shall be assessed three demerit points for each such violation.

5. The ~~driver~~ *operator* of a vehicle who enters the HOT lanes by crossing through any barrier, buffer, or other area separating the HOT lanes from other lanes of travel is guilty of a violation of § 46.2-852, unless the vehicle is a state or local law-enforcement vehicle, firefighting truck, or emergency medical services vehicle used in the performance of its official duties. No person shall be subject to prosecution both under this subdivision and under subdivision 1, 2, or 4 for actions arising out of the same transaction or occurrence.

Upon a conviction under this subdivision, the court shall furnish to the Commissioner of the Department of Motor Vehicles in accordance with § 46.2-383 an abstract of the record of such conviction, which shall become a part of the convicted person's driving record.

6. No person shall be subject to prosecution both under this section and under § 33.2-501, 46.2-819, or 46.2-819.1 for actions arising out of the same transaction or occurrence.

7. Any action under this section shall be brought in the general district court of the county or city in which the violation occurred.

§ 33.2-504. Release of personal information to or by HOT lanes operators; penalty.

A. The HOT lanes operator may enter into an agreement with the Department of Motor Vehicles, in accordance with the provisions of subdivision B 21 of § 46.2-208, to obtain vehicle owner information regarding the ~~registered~~ owners of vehicles that use HOT lanes and with the Department of Transportation to obtain any information that is necessary to conduct electronic toll collection and otherwise operate HOT lanes. *Such agreement may include any information that may be obtained by the Department of Motor Vehicles in accordance with any agreement entered into pursuant to § 46.2-819.9.*

No HOT lanes operator shall disclose or release any personal information received from the Department of Motor Vehicles or the Department of Transportation to any third party, except in the issuance of a summons and institution of court proceedings in accordance with § 33.2-503. Information in the possession of a HOT lanes operator under this section shall be exempt from disclosure under the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

B. Information collected by a photo-enforcement system shall be limited exclusively to that information that is necessary for the collection of unpaid tolls. Notwithstanding any other provision of law, all photographs, microphotographs, electronic images, or other data collected by a photo-enforcement system shall be used exclusively for the collection of unpaid tolls and shall not be (i) open to the public; (ii) sold or used for sales, solicitation, or marketing purposes; (iii) disclosed to any other entity except as may be necessary for the collection of unpaid tolls or to a vehicle owner or operator as part of a challenge to the imposition of a toll; or (iv) used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of § 33.2-503 or upon order from a court of competent jurisdiction. Information collected under this section shall be purged and not retained later than 30 days after the collection and reconciliation of any unpaid tolls, administrative fees, or civil penalties. Any entity operating a photo-enforcement system shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or their designee. Any violation of this subsection constitutes a Class 1 misdemeanor. In addition to any fines or other penalties provided for by law, any money or other thing of value obtained as a result of a violation of this section shall be forfeited to the Commonwealth.

§ 33.2-615. Electronic notification of unpaid tolls.

For the purpose of electronic notification of unpaid tolls, the Department shall request email addresses and personal cell phone numbers from all holders of an account for an electronic toll collection device that is the property of the Commonwealth.

The Department shall electronically notify a holder of an account for an electronic toll collection device that is the property of the Commonwealth of each unpaid toll, within 108 hours of such unpaid toll, (i) when such device is detected by the toll operator or (ii) when such device is not detected by the toll operator but whose vehicle is associated with such account. The Department shall provide a second electronic notification on the eighth day after the unpaid toll. Such notification requirements shall only apply to accounts where the account holder has provided the Department with an email address or cell phone number. Such notification shall be for informational purposes only and the notice, or lack thereof, shall not alter or amend the requirement that an owner or operator pay all required tolls, fines, penalties, and fees.

All toll operators in the Commonwealth shall notify the Department of an unpaid toll on a facility it operates related to an account for an electronic toll collection device that is the property of the Commonwealth within 96 hours of such violation.

§ 46.2-208. Records of Department; when open for inspection; release of privileged information.

A. All records in the office of the Department containing the specific classes of information outlined below shall be considered privileged records:

1. Personal information, including all data defined as "personal information" in § 2.2-3801;
2. Driver information, including all data that relates to driver's license status and driver activity; and
3. Vehicle information, including all descriptive vehicle data and title, registration, and vehicle activity data.

B. The Commissioner shall release such information only under the following conditions:

1. Notwithstanding other provisions of this section, medical data included in personal data shall be released only to a physician, physician assistant, or nurse practitioner as provided in § 46.2-322.

2. Insurance data may be released as specified in §§ 46.2-372, 46.2-380, and 46.2-706.

3. Notwithstanding other provisions of this section, information disclosed or furnished shall be assessed a fee as specified in § 46.2-214.

4. When the person requesting the information is (i) the subject of the information, (ii) the parent or guardian of the subject of the information, (iii) the authorized representative of the subject of the information, or (iv) the owner of the vehicle that is the subject of the information, the Commissioner shall provide him with the requested information and a complete explanation of it. Requests for such information need not be made in writing or in person and may be made orally or by telephone, provided that the Department is satisfied that there is adequate verification of the requester's identity. When so requested in writing by (a) the subject of the information, (b) the parent or guardian of the subject of the information, (c) the authorized representative of the subject of the information, or (d) the owner of the vehicle that is the subject of the information, the Commissioner shall verify and, if necessary, correct the personal information provided and furnish driver and vehicle information in the form of an abstract of the record.

5. On the written request of any insurance carrier, surety, or representative of an insurance carrier or surety, the Commissioner shall furnish such insurance carrier, surety, or representative an abstract of the record of any person subject to the provisions of this title. No person shall be subject to both prosecution under this section and to the provisions of § 46.2-819.1 or § 46.2-819.3 for actions arising out of the same transaction or occurrence.

~~B.~~ C. Information collected by a photo-monitoring system or automatic vehicle identification system installed and operated pursuant to subsection ~~A~~ *B* shall be limited exclusively to that information that is necessary for the collection of unpaid tolls. Notwithstanding any other provision of law, all photographs, microphotographs, electronic images, or other data collected by a photo-monitoring system or automatic vehicle identification system shall be used exclusively for the collection of unpaid tolls and shall not (i) be open to the public; (ii) be sold and/or used for sales, solicitation, or marketing purposes; (iii) be disclosed to any other entity except as may be necessary for the collection of unpaid tolls or to a vehicle owner or operator as part of a challenge to the imposition of a toll; and (iv) be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of this section or upon order from a court of competent jurisdiction. Information collected under this section shall be purged and not retained later than 30 days after the collection and reconciliation of any unpaid tolls, administrative fees, and/or civil penalties. Any entity operating a photo-monitoring system or automatic vehicle identification system shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or their designee. In addition to any fines or other penalties provided for by law, any money or other thing of value obtained as a result of a violation of this section shall be forfeited to the Commonwealth.

The toll facility operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. Such fee may be levied upon the operator of the vehicle after the first unpaid toll has been documented. The operator of the vehicle shall pay the unpaid toll and any administrative fee detailed in an invoice for the unpaid toll issued by a toll facility operator. If paid within ~~30~~ *60* days of notification, the administrative fee shall not exceed \$25.

automatic vehicle identification system as provided in this section, to have used such a toll facility without payment of the required toll.

E. Notwithstanding subsections C and D, for a first conviction of an operator or owner of a vehicle under this section, the total amount for the first conviction shall not exceed \$2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.

F. No summons may be issued by a toll facility operator for a violation of this section unless the toll facility operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons.

~~D. G.~~ Any action under this section shall be brought in the ~~General District Court~~ general district court of the ~~city or county or city~~ in which the toll facility is located and shall be commenced within two years of the commission of the offense. Such action shall be considered a traffic infraction but shall be tried as a civil case. The attorney for the Commonwealth may represent the interests of the toll facility operator. Any authorized agent or employee of a toll facility operator acting on behalf of a governmental entity shall be allowed the privileges accorded by § 16.1-88.03 in such cases.

Any photographs, microphotographs, videotape, or other recorded images or electronic data evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this section. A record of communication by an automatic vehicle identification device with the automatic vehicle identification system at the time of a violation of this section shall be prima facie evidence that the automatic vehicle identification device was located in the vehicle registered to use such device in the records of the ~~Virginia~~ Department of Transportation.

~~F. It shall be prima facie evidence that the vehicle described in the summons issued pursuant to subsection K was operated in violation of this section.~~

I. On a form prescribed by the Supreme Court, a summons for a violation of this section may be executed as provided in § 19.2-76.2. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction. Notwithstanding the provisions of § 19.2-76, a summons for a violation of this section may be executed by mailing by first-class mail a copy thereof to the address of the owner or, if the owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to this subsection, such named operator of the vehicle. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

Upon a finding by a court of competent jurisdiction that the vehicle described in the summons issued pursuant to this subsection ~~K~~ was in violation of this section, the court shall impose a civil penalty upon the ~~registered~~ owner or operator of such vehicle in accordance with the amounts specified in subsection ~~E~~ D, together with applicable court costs, the operator's administrative fee, and the toll due. Penalties assessed as the result of action initiated by an operator of a toll facility other than the ~~Virginia~~ Department of Transportation shall be remanded by the clerk of the court ~~which that~~ adjudicated the action to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator.

The ~~registered~~ owner of such vehicle shall be given reasonable notice by way of a summons as provided in this subsection ~~K~~ that his vehicle had been used in violation of this section, and such owner shall be given notice of the time and place of the hearing as well as the civil penalty and costs for such offense. The toll facility operator may offer to the owner an option to pay the unpaid toll and fees plus a reduced civil penalty of \$25 for a first or second offense or \$50 for a third, fourth, or subsequent offense, as specified on the summons, provided the owner actually pays to the toll facility operator the entire amount so calculated at least 14 days prior to the hearing date specified on the summons. If the owner accepts such offer and such amount is actually received by the toll facility operator at least 14 days prior to the hearing date specified on the summons, the toll facility operator shall move the court at least five business days prior to the date set for trial to dismiss the summons issued to the ~~registered~~ owner of the vehicle, and the court shall dismiss upon such motion.

It shall be prima facie evidence that the vehicle described in the summons issued pursuant to this subsection was operated in violation of this section. Records obtained from the Department of Motor Vehicles pursuant to § 46.2-208 and certified in accordance with § 46.2-215 or from the equivalent agency in another state and certified as true and correct copies by the head of such agency or his designee identifying the owner of such vehicle shall give rise to a rebuttable presumption that the owner of the vehicle is the person named in the summons.

Upon either (i) the filing of an affidavit with the toll facility operator within 14 days of receipt of an invoice for an unpaid toll from the toll facility operator or (ii) the filing of an affidavit with the court at least 14 days prior to the hearing date by the ~~registered~~ owner of the vehicle stating that he was not the ~~driver~~ operator of the vehicle on the date of the

violation and providing the legal name and address of the operator of the vehicle at the time of the violation, an invoice and/or summons, as appropriate, will also be issued to the alleged operator of the vehicle at the time of the offense.

In any action against a vehicle operator, an affidavit made by the ~~registered~~ owner providing the name and address of the vehicle operator at the time of the violation shall constitute prima facie evidence that the person named in the affidavit was operating the vehicle at all the relevant times relating to the matter named in the affidavit.

If the ~~registered~~ owner of the vehicle produces for the toll facility operator or the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the toll facility operator shall not pursue the owner for the unpaid toll and, if a summons has been issued, the court shall dismiss the summons issued to the ~~registered~~ owner of the vehicle.

~~G. J.~~ Upon a finding by a court that a person has two or more unpaid tolls and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for the vehicle driven in the commission of the offense *or, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment.* If it is proven that the vehicle owner was not the operator at the time of the offense and upon a finding by a court that the person identified in an affidavit pursuant to subsection ~~F I~~ as the operator violated this section and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for any vehicle owned or co-owned by such person *or, when such vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment.* Such funds representing payment of unpaid tolls and all administrative fees of the toll facility operator shall be transferred from the court to the ~~Virginia~~ Department of Transportation's Toll Facilities Revolving Account *or, in the case of an action initiated by an operator of a toll facility other than the Virginia Department of Transportation, to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator.* The Commissioner shall collect a \$40 administrative fee from the ~~registered~~ owner or operator of the vehicle to defray the cost of processing and removing an order to deny registration or registration renewal.

For purposes of this section, "owner" does not mean a vehicle rental or vehicle leasing company; "photo-monitoring system" means a vehicle sensor installed to work in conjunction with a toll collection device that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of each vehicle at the time it is used or operated in violation of this section; "automatic vehicle identification system" means an electronic vehicle identification system installed to work in conjunction with a toll collection device that automatically produces an electronic record of each vehicle equipped with an automatic vehicle identification device that uses a toll facility; and "automatic vehicle identification device" means an electronic device that communicates by wireless transmission with an automatic vehicle identification system.

~~I. K.~~ Any vehicle rental or vehicle leasing company, if it receives an invoice or is named in a summons, shall be released as a party to the action if it provides the operator of the toll facility a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or lessee within 30 days of receipt of the invoice or at least 14 days prior to the date of hearing set forth in the summons. Upon receipt of such rental agreement, lease, or affidavit, a notice shall be mailed to the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.). The toll facility operator shall allow at least 30 days from the date of such mailing before pursuing other remedies under this section. In any action against the vehicle operator, a copy of the vehicle rental agreement, lease, or affidavit identifying the renter or lessee of the vehicle at the time of the violation is prima facie evidence that the person named in the rental agreement, lease, or affidavit was operating the vehicle at all the relevant times relating to the matter named in the summons.

~~J. L.~~ Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the driving record of the person upon whom such civil penalty is imposed nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. The provisions of § 46.2-395 shall not be applicable to any civil penalty, fee, unpaid toll, fine, or cost imposed or ordered paid under this section for a violation of this section.

~~K.~~ On a form prescribed by the Supreme Court, a summons for a violation of this section may be executed pursuant to § 19.2-76.2. Toll facility personnel or their agents mailing such summons shall be considered conservators of the peace for the sole and limited purpose of mailing such summons. Notwithstanding the provisions of § 19.2-76, a summons for a violation of this section may be executed by mailing by first class mail a copy thereof to the address of the owner of the vehicle as shown on the records of the Department of Motor Vehicles or, if the registered owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to subsection F, such named operator of the vehicle. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

~~L.~~ *M.* The operator of a toll facility may enter into an agreement with the Department of Motor Vehicles, in accordance with the provisions of subdivision B 21 of subsection B of § 46.2-208, to obtain vehicle owner information regarding the registered owners of vehicles that fail to pay tolls required for the use of toll facilities and with the Virginia Department of Transportation to obtain any information that is necessary to conduct electronic toll collection. *Such agreement may include any information that may be obtained by the Department of Motor Vehicles in accordance with any agreement entered into pursuant to § 46.2-819.9.* Information provided to the operator of a toll facility shall only be used for the collection of unpaid tolls and the operator of the toll facility shall be subject to the same conditions and penalties regarding release of the information as contained in subsection B C.

~~M.~~ *N.* No person shall be subject to both the provisions of this section and to prosecution under § 46.2-819 for actions arising out of the same transaction or occurrence.

§ 46.2-819.3. Use of toll facility without payment of toll; enforcement; penalty.

A. For purposes of this section:

"Debt collection" means the collection of unpaid tolls and applicable administrative fees by (i) retention of a third-party debt collector or (ii) collection practices undertaken by employees of a toll facility operator that are materially similar to a third-party debt collector.

"Operator of a toll facility other than the Department of Transportation" means any agency, political subdivision, authority, or other entity that operates a toll facility.

"Owner" means the registered owner of a vehicle on record with the Department of Motor Vehicles or with the equivalent agency in another state. "Owner" does not include a vehicle rental or vehicle leasing company.

B. The toll facility operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. Such fee shall not be levied on a first unpaid toll unless the written promise to pay executed pursuant to subsection E F remains unpaid after 30 days. The person who executed the written promise to pay pursuant to subsection E F shall pay the unpaid toll and any administrative fee detailed in an invoice or bill issued by a toll facility operator. If paid within ~~30~~ 60 days of notification, the administrative fee shall not exceed \$25.

~~B.~~ *C.* If the matter proceeds to court, the owner or operator of the vehicle shall be liable for a civil penalty as follows: for a first offense, \$50; for a second offense within one year from the first offense, \$100; for a third offense within two years from the second offense, \$250; and for a fourth and any subsequent offense within three years from the second offense, \$500 plus, in each case, the unpaid toll, all accrued administrative fees imposed by the toll facility operator and applicable court costs if the vehicle operator is found, as evidenced by information obtained from the toll facility operator, to have used such a toll facility without payment of the required toll.

D. Notwithstanding subsections B and C, for a first conviction of an operator or owner of a vehicle under this section, the total amount for the first conviction shall not exceed \$2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.

E. No summons may be issued by a toll facility operator for a violation of this section unless the toll facility operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons.

~~C.~~ *F.* A written promise to pay an unpaid toll within a specified period of time executed by the ~~driver~~ operator of a motor vehicle, accompanied by a certificate sworn to or affirmed by an authorized agent of the toll facility that the unpaid toll was not paid within such specified period, shall be prima facie evidence of the facts contained therein.

~~D.~~ *G.* The operator of a toll facility ~~may~~ shall send an invoice or bill to the ~~driver~~ owner of a motor vehicle using a toll facility without payment of the specified toll as part of an electronic or manual toll collection process pursuant to § 46.2-819.6, prior to seeking remedies under this section. Any action under this section shall be brought in the general district court of the ~~city or county or city~~ in which the toll facility is located and shall be commenced within two years of the commission of the offense. Such an action shall be considered a traffic infraction but shall be tried as a civil case. The attorney for the Commonwealth may represent the interests of the toll facility operator. Any authorized agent or employee of a toll facility operator acting on behalf of a governmental entity shall be allowed the privileges accorded by § 16.1-88.03 in such cases.

~~E.~~ *H.* Upon a finding by a court of competent jurisdiction that the ~~driver~~ operator of a motor vehicle identified in the summons issued pursuant to subsection I J was in violation of this section, the court shall impose a civil penalty upon the ~~driver~~ operator of a motor vehicle in accordance with the amounts specified in subsection B C, together with applicable court costs, the operator's administrative fee, and the toll due. Penalties assessed as the result of action initiated by the

~~Virginia~~ Department of Transportation shall be remanded by the clerk of the court ~~which that~~ adjudicated the action to the ~~Virginia~~ Department of Transportation's Toll Facilities Revolving Account. Penalties assessed as the result of action initiated by an operator of a toll facility other than the ~~Virginia~~ Department of Transportation shall be remanded by the clerk of the court ~~which that~~ adjudicated the action to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator.

~~F. I.~~ The toll facility operator may offer to the owner an option to pay the unpaid toll and fees plus a reduced civil penalty of *not more than* \$25 for a first or second offense or *not more than* \$50 for a third, fourth, or subsequent offense, as specified on the summons, provided the owner actually pays to the toll facility operator the entire amount so calculated at least 14 days prior to the hearing date specified on the summons. If the owner accepts such offer and such amount is actually received by the toll facility operator at least 14 days prior to the hearing date specified on the summons, the toll facility operator shall move the court at least five business days prior to the date set for trial to dismiss the summons issued to the ~~registered~~ owner of the vehicle, and the court shall dismiss upon such motion.

J. A summons for a violation of this section may be executed as provided in § 19.2-76.2. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction. Notwithstanding the provisions of § 19.2-76, a summons for a violation of this section may be executed by mailing by first-class mail a copy thereof to the address of the operator of a motor vehicle as shown on the written promise to pay executed pursuant to subsection F or records of the Department of Motor Vehicles. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this subsection, the summons shall be executed in the manner set out in § 19.2-76.3.

~~G. K.~~ Upon a finding by a court that a person has three or more unpaid tolls and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for any vehicle owned or co-owned by the offender *or, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment.* The Commissioner shall collect a \$40 administrative fee from the owner or operator of the vehicle to defray the cost of processing and removing an order to deny registration or registration renewal.

~~H.~~ For purposes of this section, "operator of a toll facility other than the Virginia Department of Transportation" means any agency, political subdivision, authority, or other entity that operates a toll facility.

~~F. L.~~ Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the driving record of the person upon whom such civil penalty is imposed nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. The provisions of § 46.2-395 shall not be applicable to any civil penalty, fee, unpaid toll, fine, or cost imposed or ordered paid under this section for a violation of this section.

~~J. A summons for a violation of this section may be executed pursuant to § 19.2-76.2. Toll facility personnel or their agents mailing such summons shall be considered conservators of the peace for the sole and limited purpose of mailing such summons. Notwithstanding the provisions of § 19.2-76, a summons for a violation of this section may be executed by mailing by first-class mail a copy thereof to the address of the driver of a motor vehicle as shown on the written promise to pay executed pursuant to subsection C or records of the Department of Motor Vehicles. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.~~

~~K. M.~~ No person shall be subject to both the provisions of this section and to prosecution under § 46.2-819 for actions arising out of the same transaction or occurrence.

§ 46.2-819.3:1. Installation and use of video-monitoring system and automatic vehicle identification system in conjunction with all-electronic toll facilities; penalty.

A. For purposes of this section:

"Automatic vehicle identification device" means an electronic device that communicates by wireless transmission with an automatic vehicle identification system.

"Automatic vehicle identification system" means an electronic vehicle identification system installed to work in conjunction with a toll collection device that automatically produces an electronic record of each vehicle equipped with an automatic vehicle identification device that uses a toll facility.

"Debt collection" means the collection of unpaid tolls and applicable administrative fees by (i) retention of a third-party debt collector or (ii) collection practices undertaken by employees of a toll facility operator that are materially similar to a third-party debt collector.

"Operator" means a person who was driving a vehicle that was the subject of a toll violation but who is not the owner of the vehicle.

"Operator of a toll facility other than the Department of Transportation" means any agency, political subdivision, authority, or other entity that operates a toll facility.

"Owner" means the registered owner of a vehicle on record with the Department of Motor Vehicles or with the equivalent agency in another state. "Owner" does not mean a vehicle rental or vehicle leasing company.

"Video-monitoring system" means a vehicle sensor installed to work in conjunction with a toll collection device that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of each vehicle at the time it is used or operated in violation of this section.

B. The operator of any toll facility or the locality within which such toll facility is located may install and operate or cause to be installed and operated a video-monitoring system in conjunction with an automatic vehicle identification system on facilities for which tolls are collected for the use of such toll facility and that do not offer manual toll collection. A video-monitoring system shall include, but not be limited to, electronic systems that monitor and capture images of vehicles using a toll facility to enable toll collection for vehicles that do not pay using a toll collection device. The operator of a toll facility shall send an invoice for unpaid tolls in accordance with the requirements of § 46.2-819.6 to the ~~registered~~ owner of a vehicle as part of a video-monitoring toll collection process, prior to seeking remedies under this section.

~~B.~~ C. Information collected by a video-monitoring system in conjunction with an automatic vehicle identification system installed and operated pursuant to subsection ~~A~~ B shall be limited exclusively to that information that is necessary for the collection of unpaid tolls and establishing when violations occur, including use in any proceeding to determine whether a violation occurred. Notwithstanding any other provision of law, all images or other data collected by a video-monitoring system in conjunction with an automatic vehicle identification system shall be protected in a database with security comparable to that of the Department of Motor Vehicles' system and used exclusively for the collection of unpaid tolls and for efforts to pursue violators of this section and shall not (i) be open to the public; (ii) be sold and/or used for sales, solicitation, or marketing purposes other than those of the toll facility operator to facilitate toll payment; (iii) be disclosed to any other entity except as may be necessary for the collection of unpaid tolls or to a vehicle owner or operator as part of a challenge to the imposition of a toll; and/or (iv) be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of this section or upon order from a court of competent jurisdiction. Except as provided above, information collected under this section shall be purged and not retained later than 30 days after the collection and reconciliation of any unpaid tolls, administrative fees, and/or civil penalties. Any entity operating a video-monitoring system in conjunction with an automatic vehicle identification system shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or their designee. Any violation of this subsection shall constitute a Class 1 misdemeanor. In addition to any fines or other penalties provided for by law, any money or other thing of value obtained as a result of a violation of this section shall be forfeited to the Commonwealth.

If a vehicle uses a toll facility without paying the toll, the owner or operator shall be in violation of this section if he refuses to pay the toll within 30 days of notification. The toll facility operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. Such fee shall not be levied upon the owner or operator of the vehicle unless the toll has not been paid by the owner or operator within 30 days after receipt of the invoice for the unpaid toll, which nonpayment for 30 days shall constitute the violation of this section. Once such a violation has occurred, the owner or operator of the vehicle shall pay the unpaid tolls and any administrative fee detailed in the invoice for the unpaid toll issued by a toll facility operator. If paid within ~~30~~ 60 days of the toll violation, the administrative fee shall not exceed \$25.

The toll facility operator may levy charges for the direct cost of use of and processing for a video-monitoring system and to cover the cost of the invoice, which are in addition to the toll and may not exceed double the amount of the base toll, provided that potential toll facility users are provided notice before entering the facility by conspicuous signs that clearly indicate that the toll for use of the facility could be tripled for any vehicle that does not have an active, functioning automatic vehicle identification device registered for and in use in the vehicle using the toll facility, and such signs are posted at a location where the ~~driver~~ operator can still choose to avoid the use of the toll facility if he chooses not to pay the toll.

A person receiving an invoice for an unpaid toll under this section may (a) pay the toll and administrative fees directly to the toll facility operator or (b) file with the toll facility operator a notice, on a form provided by the toll facility operator as required under subsection B of § 46.2-819.6, to contest liability for a toll violation. The notice to contest liability for a toll violation may be filed by any person receiving an invoice for an unpaid toll by mailing or delivering the notice to the toll facility operator within 60 days of receiving such invoice for an unpaid toll. Upon receipt of such notice, the toll facility operator may issue a summons pursuant to subsection ~~K~~ I and may not seek withholding of registration or renewal thereof under subsection ~~G~~ L until a court of competent jurisdiction has found the alleged violator liable for tolls under this section.

~~C.~~ D. If the matter proceeds to court, the ~~registered~~ owner or operator of a vehicle shall be liable for a civil penalty as follows: for a first offense, \$50; for a second offense within one year from the first offense, \$100; for a third offense within two years from the second offense, \$250; and for a fourth and any subsequent offense within three years from the second offense, \$500; plus, in each case, the unpaid toll, all accrued administrative fees imposed by the toll facility operator, and applicable court costs if the vehicle is found, as evidenced by information obtained from a video-monitoring system in conjunction with an automatic vehicle identification system as provided in this section, to have used such a toll facility without payment of the required toll within 30 days of receipt of the invoice for the toll.

E. Notwithstanding subsections C and D, for a first conviction of an operator or owner of a vehicle under this section the total amount for the first conviction shall not exceed \$2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.

F. No summons may be issued by a toll facility operator for a violation of this section unless the toll facility operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons.

~~D. G.~~ Any action under this section shall be brought in the general district court of the ~~city or~~ county or city in which the toll facility is located and shall be commenced within two years of the commission of the offense. Such action shall be considered a traffic infraction ~~but shall be tried as a civil case~~. The attorney for the Commonwealth may represent the interests of the toll facility operator. Any authorized agent or employee of a toll facility operator acting on behalf of a governmental entity shall be allowed the privileges accorded by § 16.1-88.03 in such cases.

~~E. H.~~ Proof of a violation of this section shall be evidenced by information obtained from a video-monitoring system or automatic vehicle identification system as provided in this section. A certificate, sworn to or affirmed by a technician employed or authorized by the operator of a toll facility or by the locality wherein the toll facility is located, or a facsimile of such a certificate, based on inspection of photographs, microphotographs, videotapes, or other recorded images produced by a video-monitoring system or of electronic data collected by an automatic vehicle identification system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images or electronic data evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this section. A record of communication by an automatic vehicle identification device with the automatic vehicle identification system at the time of a violation of this section shall be prima facie evidence that the automatic vehicle identification device was located in the vehicle registered to use such device in the records of the ~~Virginia~~ Department of Transportation.

~~F. It shall be prima facie evidence that the vehicle described in the summons issued pursuant to subsection K was operated in violation of this section.~~

I. On a form prescribed by the Supreme Court, a summons for a violation of this section may be executed as provided in § 19.2-76.2. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction. Notwithstanding the provisions of § 19.2-76, a summons for a violation of unpaid tolls may be executed by mailing by first-class mail a copy thereof to the address of the owner or, if the owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to subsection J, such named operator of the vehicle. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

J. Upon a finding by a court of competent jurisdiction that the vehicle described in the summons issued pursuant to subsection ~~K~~ *I* was in violation of this section, the court shall impose a civil penalty upon the ~~registered~~ owner or operator of such vehicle in accordance with the amounts specified in subsection ~~C~~ *D*, together with applicable court costs, the operator's administrative fee, and the toll due. Penalties assessed as the result of action initiated by the ~~Virginia~~ Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the ~~Virginia~~ Department of Transportation's Toll Facilities Revolving Account. Penalties assessed as the result of action initiated by an operator of a toll facility other than the ~~Virginia~~ Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator.

The ~~registered~~ owner of such vehicle shall be given reasonable notice by way of a summons as provided in subsection ~~K~~ *I* that his vehicle had been used in violation of this section, and such owner shall be given notice of the time and place of the hearing as well as the civil penalty and costs for such offense.

It shall be prima facie evidence that the vehicle described in the summons issued pursuant to subsection I was operated in violation of this section. Records obtained from the Department of Motor Vehicles pursuant to subsection P and certified in accordance with § 46.2-215 or from the equivalent agency in another state and certified as true and correct copies by the head of such agency or his designee identifying the owner of such vehicle shall give rise to a rebuttable presumption that the owner of the vehicle is the person named in the summons.

Upon the filing of an affidavit by the ~~registered~~ owner of the vehicle with the toll facility operator within 14 days of receipt of an invoice for unpaid toll or a summons stating that such owner was not the ~~driver~~ operator of the vehicle on the date of the violation and providing the legal name and address of the operator of the vehicle at the time of the violation, an invoice for unpaid toll or summons, whichever the case may be, will also be issued to the alleged operator of the vehicle at the time of the offense.

In any action against a vehicle operator, an affidavit made by the ~~registered~~ owner providing the name and address of the vehicle operator at the time of the violation shall constitute prima facie evidence that the person named in the affidavit was operating the vehicle at all the relevant times relating to the matter named in the affidavit.

If the ~~registered~~ owner of the vehicle produces for the toll facility operator or the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and

remained stolen at the time of the alleged offense, then the toll facility operator shall not pursue the owner for the unpaid toll contained in the invoice for unpaid toll or the court shall dismiss the summons issued to the ~~registered~~ owner of the vehicle.

~~G~~ ~~H~~ ~~I~~ ~~J~~ ~~K~~. Upon a finding by a court that a person has two or more unpaid tolls and such person fails to pay the required penalties, fees, and unpaid tolls, then the court or toll facility operator shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for the vehicle driven in the commission of the offense *or, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement*, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. *Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment.* If it is proven that the vehicle owner was not the operator at the time of the offense and upon a finding by a court that the person identified in an affidavit pursuant to subsection ~~F~~ ~~J~~ as the operator violated this section and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for any vehicle owned or co-owned by such person *or, when such vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement*, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. *Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment.* Such funds representing payment of unpaid tolls and all administrative fees of the toll facility operator shall be transferred from the court to the ~~Virginia~~ Department of Transportation's Toll Facilities Revolving Account or, in the case of an action initiated by an operator of a toll facility other than the ~~Virginia~~ Department of Transportation, to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator. The Commissioner shall collect a \$40 administrative fee from the ~~registered~~ owner or operator of the vehicle to defray the cost of processing and removing an order to deny registration or registration renewal.

~~2~~ ~~L~~. If an owner of a vehicle has received at least one invoice for two or more unpaid tolls in accordance with § 46.2-819.6 by certified mail and has (i) failed to pay the unpaid tolls and administrative fees and (ii) failed to file a notice to contest liability for a toll violation, then the toll facility operator may notify the Commissioner, who shall, if no form contesting liability has been timely filed with the toll facility operator pursuant to this section, refuse to issue or renew the vehicle registration certificate of any applicant therefor or the license plate issued for any vehicle driven in the commission of the offense until the toll facility operator has notified the Commissioner that such fees and unpaid tolls have been paid.

If the vehicle owner was not the operator at the time of the offense and the person identified in an affidavit pursuant to subsection ~~F~~ ~~J~~ as the operator has received at least one invoice for two or more unpaid tolls in accordance with § 46.2-819.6 by certified mail and such person has ~~(i)~~ (a) failed to pay the unpaid tolls and administrative fees and ~~(ii)~~ (b) failed to file a notice to contest liability for a toll violation, then the toll facility operator may notify the Commissioner, who shall, if no form contesting liability has been timely filed with the toll facility operator pursuant to this section, refuse to issue or renew any vehicle registration certificate of any applicant therefor or the license plate issued for any vehicle owned or co-owned by such person until the toll facility operator has notified the Commissioner that such fees and unpaid tolls have been paid.

The Commissioner may only refuse to issue or renew any vehicle registration pursuant to this subsection upon the request of a toll facility operator if such toll facility operator has entered into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew any vehicle registration of any applicant therefor who owes unpaid tolls and administrative fees to the toll facility operator. The toll facility operator seeking to collect unpaid tolls and administrative fees through the withholding of registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided for in his agreement with the Commissioner and supply to the Commissioner information necessary to identify the violator whose registration or renewal is to be denied. The Commissioner shall charge a \$40 fee to defray the cost of processing and withholding the registration or registration renewal, and the toll facility operator may add this fee to the amount of the unpaid tolls and administrative fees. Any agreement entered into pursuant to the provisions of this subsection shall provide for the Department to send the violator notice of the intent to deny renewal of registration at least 30 days prior to the expiration date of a current vehicle registration and such notice shall include a form, as required under subsection B of § 46.2-819.6, to contest liability of the underlying toll violation. The notice provided by the Commissioner shall include instructions for filing the form to contest liability with the toll facility operator within 21 days after the date of mailing of the Commissioner's notice. Upon timely receipt of the form, the toll facility operator shall notify the Commissioner, who shall refrain from withholding the registration or renewal thereof, after which the toll facility operator may proceed to issue a summons for unpaid toll. For the purposes of this subsection, notice by first-class mail to the registrant's address as maintained in the records of the Department shall be deemed sufficient.

~~H~~. For purposes of this section, "operator" means a person who was driving a vehicle that was the subject of a toll violation but who is not the owner of the vehicle; "operator of a toll facility other than the Virginia Department of

"Transportation" means any agency, political subdivision, authority, or other entity that operates a toll facility; "owner" means the registered owner of a vehicle on record with the Department or, in the case of a vehicle where the owner of the vehicle is a vehicle leasing entity, the lessee. For purposes of this section, "owner" does not mean a vehicle rental or vehicle leasing company; "video monitoring system" means a vehicle sensor installed to work in conjunction with a toll collection device that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of each vehicle at the time it is used or operated in violation of this section; "automatic vehicle identification system" means an electronic vehicle identification system installed to work in conjunction with a toll collection device that automatically produces an electronic record of each vehicle equipped with an automatic vehicle identification device that uses a toll facility; and "automatic vehicle identification device" means an electronic device that communicates by wireless transmission with an automatic vehicle identification system.

~~F. M.~~ Any vehicle rental or vehicle leasing company, if it receives an invoice for unpaid toll or is named in a summons, shall be released as a party to the action if it provides the operator of the toll facility a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or lessee within 30 days of receipt of the invoice or summons. Upon receipt of such rental agreement, lease, or affidavit, an invoice for unpaid toll shall be mailed to the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.). The toll facility operator shall allow at least 30 days from the date of such mailing before pursuing other remedies under this section. In any action against the vehicle operator, a copy of the vehicle rental agreement, lease, or affidavit identifying the renter or lessee of the vehicle at the time of the violation is prima facie evidence that the person named in the rental agreement, lease, or affidavit was operating the vehicle at all the relevant times relating to the matter named in the summons.

~~J. N.~~ Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. The provisions of § 46.2-395 shall not be applicable to any civil penalty, fee, unpaid toll, fine, or cost imposed or ordered paid under this section for a violation of this section.

CHAPTER 754

An Act to amend and reenact §§ 2.2-4302.1 and 2.2-4302.2 of the Code of Virginia and to amend the Code of Virginia by adding in Chapter 1 of Title 11 a section numbered 11-9.8, relating to the Virginia Public Procurement Act and contracting generally; conditioning eligibility on a bidder's experience modification factor prohibited.

[H 1108]

Approved April 20, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-4302.1 and 2.2-4302.2 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Chapter 1 of Title 11 a section numbered 11-9.8 as follows:

§ 2.2-4302.1. Process for competitive sealed bidding.

The process for competitive sealed bidding shall include the following:

1. Issuance of a written Invitation to Bid containing or incorporating by reference the specifications and contractual terms and conditions applicable to the procurement. Unless the public body has provided for prequalification of bidders, the Invitation to Bid shall include a statement of any requisite qualifications of potential contractors. *No Invitation to Bid for construction services shall condition a successful bidder's eligibility on having a specified experience modification factor.* When it is impractical to prepare initially a purchase description to support an award based on prices, an Invitation to Bid may be issued requesting the submission of unpriced offers to be followed by an Invitation to Bid limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation;

2. Public notice of the Invitation to Bid at least 10 days prior to the date set for receipt of bids by posting on the Department of General Services' central electronic procurement website or other appropriate websites. In addition, public bodies may publish in a newspaper of general circulation. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities. In addition, bids may be solicited directly from potential contractors. Any additional solicitations shall include certified businesses selected from a list made available by the Department of Small Business and Supplier Diversity;

3. Public opening and announcement of all bids received;

4. Evaluation of bids based upon the requirements set forth in the Invitation to Bid, which may include special qualifications of potential contractors, life-cycle costing, value analysis, and any other criteria such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose, which are helpful in determining acceptability; and

5. Award to the lowest responsive and responsible bidder. When the terms and conditions of multiple awards are so provided in the Invitation to Bid, awards may be made to more than one bidder.

For the purposes of subdivision 1, "experience modification factor" means a value assigned to an employer as determined by a rate service organization in accordance with its uniform experience rating plan required to be filed pursuant to subsection D of § 38.2-1913.

§ 2.2-4302.2. Process for competitive negotiation.

A. The process for competitive negotiation shall include the following:

1. Issuance of a written Request for Proposal indicating in general terms that which is sought to be procured, specifying the factors that will be used in evaluating the proposal, indicating whether a numerical scoring system will be used in evaluation of the proposal, and containing or incorporating by reference the other applicable contractual terms and conditions, including any unique capabilities, specifications or qualifications that will be required. In the event that a numerical scoring system will be used in the evaluation of proposals, the point values assigned to each of the evaluation criteria shall be included in the Request for Proposal or posted at the location designated for public posting of procurement notices prior to the due date and time for receiving proposals. *No Request for Proposal for construction authorized by this chapter shall condition a successful offeror's eligibility on having a specified experience modification factor;*

2. Public notice of the Request for Proposal at least 10 days prior to the date set for receipt of proposals by posting on the Department of General Services' central electronic procurement website or other appropriate websites. Additionally, public bodies shall publish in a newspaper of general circulation in the area in which the contract is to be performed so as to provide reasonable notice to the maximum number of offerors that can be reasonably anticipated to submit proposals in response to the particular request. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities. In addition, proposals may be solicited directly from potential contractors. Any additional solicitations shall include certified businesses selected from a list made available by the Department of Small Business and Supplier Diversity; and

3. For goods, nonprofessional services, and insurance, selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the Request for

Proposal, including price if so stated in the Request for Proposal. Negotiations shall then be conducted with each of the offerors so selected. Price shall be considered, but need not be the sole or primary determining factor. After negotiations have been conducted with each offeror so selected, the public body shall select the offeror which, in its opinion, has made the best proposal and provides the best value, and shall award the contract to that offeror. When the terms and conditions of multiple awards are so provided in the Request for Proposal, awards may be made to more than one offeror. Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that offeror; or

4. For professional services, the public body shall engage in individual discussions with two or more offerors deemed fully qualified, responsible and suitable on the basis of initial responses and with emphasis on professional competence, to provide the required services. Repetitive informal interviews shall be permissible. The offerors shall be encouraged to elaborate on their qualifications and performance data or staff expertise pertinent to the proposed project, as well as alternative concepts. In addition, offerors shall be informed of any ranking criteria that will be used by the public body in addition to the review of the professional competence of the offeror. The Request for Proposal shall not, however, request that offerors furnish estimates of man-hours or cost for services. At the discussion stage, the public body may discuss nonbinding estimates of total project costs, including, but not limited to, life-cycle costing, and where appropriate, nonbinding estimates of price for services. In accordance with § 2.2-4342, proprietary information from competing offerors shall not be disclosed to the public or to competitors. At the conclusion of discussion, outlined in this subdivision, on the basis of evaluation factors published in the Request for Proposal and all information developed in the selection process to this point, the public body shall select in the order of preference two or more offerors whose professional qualifications and proposed services are deemed most meritorious.

Negotiations shall then be conducted, beginning with the offeror ranked first. If a contract satisfactory and advantageous to the public body can be negotiated at a price considered fair and reasonable, the award shall be made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price.

Notwithstanding the foregoing, if the terms and conditions for multiple awards are included in the Request for Proposal, a public body may award contracts to more than one offeror.

Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified or that one offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that offeror.

B. Multiphase professional services contracts satisfactory and advantageous to the completion of large, phased, or long-term projects may be negotiated and awarded based on a fair and reasonable price for the first phase only, where the completion of the earlier phases is necessary to provide information critical to the negotiation of a fair and reasonable price for succeeding phases. Prior to entering into any such contract, the public body shall (i) state the anticipated intended total scope of the project and (ii) determine in writing that the nature of the work is such that the best interests of the public body require awarding the contract.

For the purposes of subdivision A 1, "experience modification factor" means a value assigned to an employer as determined by a rate service organization in accordance with its uniform experience rating plan required to be filed pursuant to subsection D of § 38.2-1913.

§ 11-9.8. Construction of certain terms of offer to contract; use of experience modification factor prohibited.

B. A term of an offer to contract issued that requires that the successful bidder have a specified experience modification factor is prohibited.

C. Any contract or offer to contract that requires the contractor or bidder responding to the offer to contract to have a specified experience modification factor is prohibited.

2. That the provisions of this act shall apply to any offer to contract, as defined in § 11-9.8 of the Code of Virginia, as created in this act; Invitation to Bid; or Request for Proposal for construction services issued on or after July 1, 2016.

Any court shall have the power to order the animal control officer or other officer to kill any dog known to be a confirmed livestock or poultry killer, and any dog killing poultry for the third time shall be considered a confirmed poultry killer. The court, through its contempt powers, may compel the owner, custodian, or harbinger of the dog to produce the dog.

B. Any animal control officer who has reason to believe that any dog is killing livestock or poultry shall be empowered to seize such dog solely for the purpose of examining such dog in order to determine whether it committed any of the depredations mentioned herein. Any animal control officer or other person who has reason to believe that any dog is killing livestock, or committing any of the depredations mentioned in this section, shall apply to a magistrate serving the locality wherein the dog may be, who shall issue a warrant requiring the owner or custodian, if known, to appear before a general district court at a time and place named therein, at which time evidence shall be heard. The term of a Virginia Pollution Abatement permit shall not exceed 10 years, except that the term of a Virginia Pollution Abatement permit for confined animal feeding operations shall be 10 years. The Department of Environmental Quality shall inspect all facilities for which a Virginia Pollution Abatement permit has been issued to ensure compliance with statutory, regulatory, and permit requirements. Department personnel performing inspections of confined animal feeding operations shall be certified under the voluntary nutrient management training and certification program established in § 10.1-104.2. The term of a certificate issued by the Board shall not be extended by modification beyond the maximum duration and the certificate shall expire at the end of the term unless an application for a new permit has been timely filed as required by the regulations of the Board and the Board is unable, through no fault of the permittee, to issue a new permit before the expiration date of the previous permit.

(5b) Any certificate *or land-disturbance approval* issued by the Board under this chapter may, after notice and opportunity for a hearing, be amended or revoked on any of the following grounds or for good cause as may be provided by the regulations of the Board:

1. The owner has violated any regulation or order of the Board, any condition of a certificate *or land-disturbance approval*, any provision of this chapter, or any order of a court, where such violation results in a release of harmful substances into the environment ~~or~~ poses a substantial threat of release of harmful substances into the environment, *causes unreasonable property degradation*, or presents a hazard to human health or the violation is representative of a pattern of serious or repeated violations which, in the opinion of the Board, demonstrates the owner's disregard for or inability to comply with applicable laws, regulations, or requirements;

2. The owner has failed to disclose fully all relevant material facts or has misrepresented a material fact in applying for a certificate *or land-disturbance approval*, or in any other report or document required under this law or under the regulations of the Board;

3. The activity for which the certificate *or land-disturbance approval* was issued endangers human health or the environment *or causes unreasonable property degradation* and can be regulated to acceptable levels *or practices* by amendment or revocation of the certificate *or land-disturbance approval*; or

4. There exists a material change in the basis on which the *certificate, land-disturbance approval, or permit* was issued that requires either a temporary or a permanent reduction or elimination of any discharge *or land-disturbing activity* controlled by the certificate, *land-disturbance approval, or permit* necessary to protect human health or the environment *or stop or prevent unreasonable degradation of property*.

(5c) Any certificate issued by the Board under this chapter relating to dredging projects governed under Chapter 12 (§ 28.2-1200 et seq.) or Chapter 13 (§ 28.2-1300 et seq.) of Title 28.2 may be conditioned upon a demonstration of financial responsibility for the completion of compensatory mitigation requirements. Financial responsibility may be demonstrated by a letter of credit, a certificate of deposit, or a performance bond executed in a form approved by the Board. If the U.S. Army Corps of Engineers requires demonstration of financial responsibility for the completion of compensatory mitigation required for a particular project, then the mechanism and amount approved by the U.S. Army Corps of Engineers shall be used to meet this requirement.

(6) To make investigations and inspections, to ensure compliance with *the conditions of* any certificates, *land-disturbance approvals*, standards, policies, rules, regulations, rulings, and ~~special orders which~~ that it may adopt, issue, or establish, and to furnish advice, recommendations, or instructions for the purpose of obtaining such compliance. In recognition of §§ 32.1-164 and 62.1-44.18, the Board and the State Department of Health shall enter into a memorandum of understanding establishing a common format to consolidate and simplify inspections of sewage treatment plants and coordinate the scheduling of the inspections. The new format shall ensure that all sewage treatment plants are inspected at appropriate intervals in order to protect water quality and public health and at the same time avoid any unnecessary administrative burden on those being inspected.

(7) To adopt rules governing the procedure of the Board with respect to: (a) hearings; (b) the filing of reports; (c) the issuance of certificates and ~~special orders~~; and (d) all other matters relating to procedure; and to amend or cancel any rule adopted. Public notice of every rule adopted under this section shall be by such means as the Board may prescribe.

(8a) Except as otherwise provided in ~~Articles 2.4 (§ 62.1-44.15:51 et seq.) and 2.5 (§ 62.1-44.15:67 et seq.) subdivision (19) and Article 2.3 (§ 62.1-44.15:24 et seq.)~~, to issue special orders to owners ~~(i)~~, including owners as defined in § 62.1-44.15:24, who (i) are permitting or causing the pollution, as defined by § 62.1-44.3, of state waters *or the unreasonable degradation of property* to cease and desist from such pollution *or degradation*, (ii) ~~who~~ have failed to construct facilities in accordance with final approved plans and specifications to construct such facilities in accordance with final approved plans and specifications, (iii) ~~who~~ have violated the terms and provisions of a certificate *or land-disturbance approval* issued by the Board to comply with such terms and provisions, (iv) ~~who~~ have failed to comply with a directive

Except as otherwise provided by a separate article, orders issued pursuant to this ~~subsection~~ *subdivision* may include civil penalties of up to \$32,500 per violation, not to exceed \$100,000 per order. The Board may assess penalties under this ~~subsection~~ *subdivision* if (a) the person has been issued at least two written notices of alleged violation by the Department for the same or substantially related violations at the same site, (b) such violations have not been resolved by demonstration that there was no violation, by an order issued by the Board or the Director, or by other means, (c) at least 130 days have passed since the issuance of the first notice of alleged violation, and (d) there is a finding that such violations have occurred after a hearing conducted in accordance with subdivision (8b). The actual amount of any penalty assessed shall be based upon the severity of the violations, the extent of any potential or actual environmental harm, the compliance history of the facility or person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty. The Board shall provide the person with the calculation for the proposed penalty prior to any hearing conducted for the issuance of an order that assesses penalties pursuant to this ~~subsection~~ *subdivision*. The issuance of a notice of alleged violation by the Department shall not be considered a case decision as defined in § 2.2-4001. Any notice of alleged violation shall include a description of each violation, the specific provision of law violated, and information on the process for obtaining a final decision or fact finding from the Department on whether or not a violation has occurred, and nothing in this section shall preclude an owner from seeking such a determination. Such civil penalties shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ 10.1-2500 et seq.), except that civil penalties assessed for violations of Article 9 (§ 62.1-44.34:8 et seq.) or Article 11 (§ 62.1-44.34:14 et seq.) shall be paid into the Virginia Petroleum Storage Tank Fund in accordance with § 62.1-44.34:11, and except that civil penalties assessed for violations of *subdivision (19)* or Article 2.3 (§ 62.1-44.15:24 et seq.) shall be paid into the *Stormwater Local Assistance Fund* in accordance with ~~the provisions of § 62.1-44.15:48~~ *62.1-44.15:29.1*.

(8b) Such special orders are to be issued only after a hearing before a hearing officer appointed by the Supreme Court in accordance with § 2.2-4020 or, if requested by the person, before a quorum of the Board with at least 30 days' notice to the affected owners, of the time, place, and purpose thereof, and they shall become effective not less than 15 days after service as provided in § 62.1-44.12; provided that if the Board finds that any such owner is grossly affecting or presents an imminent and substantial danger to (i) the public health, safety, or welfare, or the health of animals, fish, or aquatic life; (ii) a public water supply; or (iii) recreational, commercial, industrial, agricultural, or other reasonable uses, it may issue, without advance notice or hearing, an emergency special order directing the owner to cease such pollution or discharge immediately, and shall provide an opportunity for a hearing, after reasonable notice as to the time and place thereof to the owner, to affirm, modify, amend, or cancel such emergency special order. If an owner who has been issued such a special order or an emergency special order is not complying with the terms thereof, the Board may proceed in accordance with § 62.1-44.23, and where the order is based on a finding of an imminent and substantial danger, the court shall issue an injunction compelling compliance with the emergency special order pending a hearing by the Board. If an emergency special order requires cessation of a discharge, the Board shall provide an opportunity for a hearing within 48 hours of the issuance of the injunction.

(8c) The provisions of this section notwithstanding, the Board may proceed directly under § 62.1-44.32 for any past violation or violations of any provision of this chapter or any regulation duly promulgated hereunder.

(8d) ~~With~~ *Except as otherwise provided in subdivision (19), subdivision 2 of § 62.1-44.15:25, or § 62.1-44.15:63, with the consent of any owner who has violated or failed, neglected, or refused to obey any regulation or order of the Board, any condition of a certificate, land-disturbance approval, or permit, or any provision of this chapter, the Board may provide, in an order issued by the Board against such person, for the payment of civil charges for past violations in specific sums not to exceed the limit specified in subsection (a) of § 62.1-44.32 (a).* Such civil charges shall be instead of any appropriate civil penalty which could be imposed under *subsection (a) of § 62.1-44.32 (a)* and shall not be subject to the provisions of § 2.2-514. Such civil charges shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ 10.1-2500 et seq.), excluding civil charges assessed for violations of Article 9 (§ 62.1-44.34:8 et seq.) or 10 (§ 62.1-44.34:10 et seq.) of Chapter 3.1, or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under those articles, or civil charges assessed for violations of Article 2.3 (§ 62.1-44.15:24 et seq.); *or 2.5 (§ 62.1-44.15:67 et seq.) or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under that article Article 2.3 or 2.5.*

The amendments to this section adopted by the 1976 Session of the General Assembly shall not be construed as limiting or expanding any cause of action or any other remedy possessed by the Board prior to the effective date of said amendments.

(8e) The Board shall develop and provide an opportunity for public comment on guidelines and procedures that contain specific criteria for calculating the appropriate penalty for each violation based upon the severity of the violations, the extent of any potential or actual environmental harm, the compliance history of the facility or person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty.

(8f) Before issuing a special order under subdivision (8a) or by consent under (8d), with or without an assessment of a civil penalty, to an owner of a sewerage system requiring corrective action to prevent or minimize overflows of sewage from such system, the Board shall provide public notice of and reasonable opportunity to comment on the proposed order. Any such order under subdivision (8d) may impose civil penalties in amounts up to the maximum amount authorized in § 309(g) of the Clean Water Act. Any person who comments on the proposed order shall be given notice of any hearing to be held on the terms of the order. In any hearing held, such person shall have a reasonable opportunity to be heard and to present evidence. If no hearing is held before issuance of an order under subdivision (8d), any person who commented on the proposed order may file a petition, within 30 days after the issuance of such order, requesting the Board to set aside such order and provide a formal hearing thereon. If the evidence presented by the petitioner in support of the petition is material and was not considered in the issuance of the order, the Board shall immediately set aside the order, provide a formal hearing, and make such petitioner a party. If the Board denies the petition, the Board shall provide notice to the petitioner and make available to the public the reasons for such denial, and the petitioner shall have the right to judicial review of such decision under § 62.1-44.29 if he meets the requirements thereof.

(9) To make such rulings under §§ 62.1-44.16, 62.1-44.17, and 62.1-44.19 as may be required upon requests or applications to the Board, the owner or owners affected to be notified by certified mail as soon as practicable after the Board makes them and such rulings to become effective upon such notification.

(10) To adopt such regulations as it deems necessary to enforce the general *soil erosion control and stormwater management program* and water quality management program of the Board in all or part of the Commonwealth, except that a description of provisions of any proposed regulation which are more restrictive than applicable federal requirements, together with the reason why the more restrictive provisions are needed, shall be provided to the standing committee of each house of the General Assembly to which matters relating to the content of the regulation are most properly referable.

(11) To investigate any large-scale killing of fish.

(a) Whenever the Board shall determine that any owner, whether or not he shall have been issued a certificate for discharge of waste, has discharged sewage, industrial waste, or other waste into state waters in such quantity, concentration, or manner that fish are killed as a result thereof, it may effect such settlement with the owner as will cover the costs incurred by the Board and by the Department of Game and Inland Fisheries in investigating such killing of fish, plus the replacement value of the fish destroyed, or as it deems proper, and if no such settlement is reached within a reasonable time, the Board shall authorize its executive secretary to bring a civil action in the name of the Board to recover from the owner such costs and value, plus any court or other legal costs incurred in connection with such action.

(b) If the owner is a political subdivision of the Commonwealth, the action may be brought in any circuit court within the territory embraced by such political subdivision. If the owner is an establishment, as defined in this chapter, the action shall be brought in the circuit court of the city or the circuit court of the county in which such establishment is located. If the owner is an individual or group of individuals, the action shall be brought in the circuit court of the city or circuit court of the county in which such person or any of them reside.

(c) For the purposes of this subsection the State Water Control Board shall be deemed the owner of the fish killed and the proceeds shall be as though the State Water Control Board were the owner of the fish. The fact that the owner has or held a certificate issued under this chapter shall not be raised as a defense in bar to any such action.

(d) The proceeds of any recovery had under this subsection shall, when received by the Board, be applied, first, to reimburse the Board for any expenses incurred in investigating such killing of fish. The balance shall be paid to the Board of Game and Inland Fisheries to be used for the fisheries' management practices as in its judgment will best restore or replace the fisheries' values lost as a result of such discharge of waste, including, where appropriate, replacement of the fish killed with game fish or other appropriate species. Any such funds received are hereby appropriated for that purpose.

(e) Nothing in this subsection shall be construed in any way to limit or prevent any other action which is now authorized by law by the Board against any owner.

(f) Notwithstanding the foregoing, the provisions of this subsection shall not apply to any owner who adds or applies any chemicals or other substances that are recommended or approved by the State Department of Health to state waters in the course of processing or treating such waters for public water supply purposes, except where negligence is shown.

(12) To administer programs of financial assistance for planning, construction, operation, and maintenance of water quality control facilities for political subdivisions in the Commonwealth.

(13) To establish policies and programs for effective area-wide or basin-wide water quality control and management. The Board may develop comprehensive pollution abatement and water quality control plans on an area-wide or basin-wide basis. In conjunction with this, the Board, when considering proposals for waste treatment facilities, is to consider the feasibility of combined or joint treatment facilities and is to ensure that the approval of waste treatment facilities is in accordance with the water quality management and pollution control plan in the watershed or basin as a whole. In making such determinations, the Board is to seek the advice of local, regional, or state planning authorities.

(14) To establish requirements for the treatment of sewage, industrial wastes, and other wastes that are consistent with the purposes of this chapter; however, no treatment shall be less than secondary or its equivalent, unless the owner can demonstrate that a lesser degree of treatment is consistent with the purposes of this chapter.

(15) To promote and establish requirements for the reclamation and reuse of wastewater that are protective of state waters and public health as an alternative to directly discharging pollutants into waters of the state. The requirements shall address various potential categories of reuse and may include general permits and provide for greater flexibility and less

stringent requirements commensurate with the quality of the reclaimed water and its intended use. The requirements shall be developed in consultation with the Department of Health and other appropriate state agencies. This authority shall not be construed as conferring upon the Board any power or duty duplicative of those of the State Board of Health.

(16) To establish and implement policies and programs to protect and enhance the Commonwealth's wetland resources. Regulatory programs shall be designed to achieve no net loss of existing wetland acreage and functions. Voluntary and incentive-based programs shall be developed to achieve a net resource gain in acreage and functions of wetlands. The Board shall seek and obtain advice and guidance from the Virginia Institute of Marine Science in implementing these policies and programs.

(17) To establish additional procedures for obtaining a Virginia Water Protection Permit pursuant to §§ 62.1-44.15:20 and 62.1-44.15:22 for a proposed water withdrawal involving the transfer of water resources between major river basins within the Commonwealth that may impact water basins in another state. Such additional procedures shall not apply to any water withdrawal in existence as of July 1, 2012, except where the expansion of such withdrawal requires a permit under §§ 62.1-44.15:20 and 62.1-44.15:22, in which event such additional procedures may apply to the extent of the expanded withdrawal only. The applicant shall provide as part of the application (i) an analysis of alternatives to such a transfer, (ii) a comprehensive analysis of the impacts that would occur in the source and receiving basins, (iii) a description of measures to mitigate any adverse impacts that may arise, (iv) a description of how notice shall be provided to interested parties, and (v) any other requirements that the Board may adopt that are consistent with the provisions of this section and §§ 62.1-44.15:20 and 62.1-44.15:22 or regulations adopted thereunder. This subdivision shall not be construed as limiting or expanding the Board's authority under §§ 62.1-44.15:20 and 62.1-44.15:22 to issue permits and impose conditions or limitations on the permitted activity.

(18) To be the lead agency for the Commonwealth's nonpoint source pollution management program, including coordination of the nonpoint source control elements of programs developed pursuant to certain state and federal laws, including § 319 of the federal Clean Water Act and § 6217 of the federal Coastal Zone Management Act. Further responsibilities include the adoption of regulations necessary to implement a nonpoint source pollution management program in the Commonwealth, the distribution of assigned funds, the identification and establishment of priorities to address nonpoint source related water quality problems, the administration of the Statewide Nonpoint Source Advisory Committee, and the development of a program for the prevention and control of soil erosion, sediment deposition, and nonagricultural runoff to conserve Virginia's natural resources.

The Board shall develop and implement a schedule for conducting such program reviews as often as necessary but at least once every five years. Following the completion of a compliance review in which deficiencies are found, the Board shall establish a schedule for the locality to follow in correcting the deficiencies and bringing its program into compliance. If the locality fails to bring its program into compliance in accordance with the compliance schedule, then the Board is authorized to (i) issue a special order to any locality imposing a civil penalty not to exceed \$5,000 per violation with the maximum amount not to exceed \$50,000 per order for noncompliance with the state program, to be paid into the state treasury and deposited in the Stormwater Local Assistance Fund established in § 62.1-44.15:29.1 or (ii) with the consent of the locality, provide in an order issued against the locality for the payment of civil charges for violations in lieu of civil penalties, in specific sums not to exceed the limit stated in this subdivision. Such civil charges shall be in lieu of any appropriate civil penalty that could be imposed under subsection (a) of § 62.1-44.32 and shall not be subject to the provisions of § 2.2-514. The Board shall not delegate to the Department its authority to issue special orders pursuant to clause (i). In lieu of issuing an order, the Board is authorized to take legal action against a locality pursuant to § 62.1-44.23 to ensure compliance.*

"Water quantity technical criteria" means standards set forth in regulations adopted pursuant to this article that establish minimum design criteria for measures to control localized flooding and stream channel erosion.

"Watershed" means a defined land area drained by a river or stream, karst system, or system of connecting rivers or streams such that all surface water within the area flows through a single outlet. In karst areas, the karst feature to which water drains may be considered the single outlet for the watershed.

Any locality that operates a regulated MS4 or that notifies the Department of its decision to participate in the establishment of a VSMP administers a Virginia Stormwater Management Program (VSMP) as of July 1, 2017, shall be required to adopt a VSMP for land-disturbing activities and administer a VESMP consistent with the provisions of this article according to a schedule set by the Department. Such schedule shall require implementation no later than July 1, 2014. Thereafter, the Department shall provide an annual schedule by which localities can submit applications to implement a VSMP. Localities subject to this subsection are authorized to coordinate plan review and inspections with other entities in accordance with subsection H. The Department shall operate a VSMP on behalf of any that regulates any land-disturbing activity that (i) disturbs 10,000 square feet or more or (ii) disturbs 2,500 square feet or more in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.). The VESMP shall be adopted according to a process established by the Department.

B. Any locality that does not operate a regulated MS4 and that does not for which the Department administers a VSMP as of July 1, 2017, shall choose one of the following options and shall notify the Department, of its choice according to a schedule set process established by the Department, of its decision to participate in the establishment of a VSMP. A locality that decides not to establish a VSMP shall still comply:

1. Adopt and administer a VESMP consistent with the requirements set forth in provisions of this article and attendant regulations as required to satisfy the stormwater flow rate capacity and velocity requirements set forth in the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.); A locality that is subject to the provisions of that regulates any land-disturbing activity that (i) disturbs 10,000 square feet or more or (ii) disturbs 2,500 square feet or more in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.);

2. Adopt and administer a VESMP consistent with the provisions of this article that regulates any land-disturbing activity that (i) disturbs 10,000 square feet or more or (ii) disturbs 2,500 square feet or more in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.), except that the Department shall provide the locality with review of the plan required by § 62.1-44.15:34 and provide a recommendation to the locality on the plan's compliance with the water quality and water quantity technical criteria; or

3. Adopt and administer a VESCP pursuant to Article 2.4 (§ 62.1-44.15:51 et seq.) that regulates any land-disturbing activity that (i) disturbs 10,000 square feet or more or (ii) disturbs 2,500 square feet or more in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.). For such a land-disturbing activity in a Chesapeake Bay Preservation Area, the VESCP authority also shall adopt requirements set forth in this article and attendant regulations as required to regulate Chesapeake Bay Preservation Act land-disturbing those activities in accordance with §§ 62.1-44.15:28 and 62.1-44.15:34.

Notwithstanding any other provision of this subsection, any county that operates an MS4 that became a regulated MS4 on or after January 1, 2014 may elect, on a schedule set by the Department, to defer the implementation of the county's VSMP until no later than January 1, 2015. During this deferral period, when such county thus lacks the legal authority to operate a VSMP, the Department shall operate a VSMP on behalf of the county and address post-construction stormwater runoff and the required design criteria for stormwater runoff controls. Any such county electing to defer the establishment of its VSMP shall still comply with the requirements set forth in this article and attendant regulations as required to satisfy the stormwater flow rate capacity and velocity requirements set forth in the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.).

~~B.~~ The Board shall administer a VSMP on behalf of each VESCP authority for any land-disturbing activity that (a) disturbs one acre or more of land or (b) disturbs less than one acre of land and is part of a larger common plan of development or sale that results in one acre or greater of land disturbance.

2. Any town that chooses not to adopt and administer a VESMP pursuant to subdivision B 3 and that lies within a county may enter into an agreement with the county to become subject to the county's VSMP according to the deferred schedule established in subsection A. During the county's deferral period, the Department shall operate a VSMP on behalf of the town and address post-construction stormwater runoff and the required design criteria for stormwater runoff controls for the town as provided in subsection A VESMP or VESCP, as applicable. If a town lies within the boundaries of more than one county, the town shall be considered to be wholly within the county in which the larger portion of the town lies. Towns shall inform the Department of their decision according to a schedule established by the Department. Thereafter, the Department shall provide an annual schedule by which towns can submit applications to adopt a VSMP it may enter into an agreement with any of those counties.

~~C.~~ 3. Any town that is subject to the provisions of the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) may enter into an agreement with a county pursuant to subdivision C 1 or 2 only if the county administers a VESMP for land-disturbing activities that disturb 2,500 square feet or more.

~~5.~~ 9. Establish ~~by regulations a statewide permit~~ a statewide fee schedule to cover all costs associated with the implementation of a ~~VSMP~~ VESMP related to land-disturbing activities ~~of one acre or greater where permit coverage is required, and for land-disturbing activities where the Board serves as a VESMP authority or VSMP authority.~~ Such fee attributes include the costs associated with plan review, ~~VSMP~~ permit registration statement review, permit issuance, ~~state coverage permit coverage~~ permit coverage verification, inspections, reporting, and compliance activities associated with the land-disturbing activities as well as program oversight costs. The fee schedule shall also include a provision for a reduced fee for ~~land-disturbing activities between 2,500 square feet and up to one acre in a land-disturbing activity that disturbs 2,500 square feet or more but less than one acre in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) localities.~~ The fee schedule shall be governed by the following:

A. ~~State entities, including the Department of Transportation, and for linear projects set out in subsection B, As an alternative to submitting soil erosion control and stormwater management plans for its land-disturbing activities pursuant to § 62.1-44.15:34, the Virginia Department of Transportation shall, and any other state agency or federal entity may, submit standards and specifications for its conduct of land-disturbing activities for Department of Environmental Quality approval. Approved standards and specifications shall be consistent with this article. The Department of Environmental~~

Quality shall have 60 days after receipt in which to act on any standards and specifications submitted or resubmitted to it for approval.

C. As an alternative to submitting soil erosion control and stormwater management plans pursuant to § 62.1-44.15:34, any person engaging in more than one jurisdiction in the creation and operation of a wetland mitigation or stream restoration bank that has been approved and is operated in accordance with applicable federal and state guidance, laws, or regulations for the establishment, use, and operation of a wetlands mitigation or stream restoration bank, pursuant to a mitigation banking instrument signed by the Department, the Marine Resources Commission, or the U.S. Army Corps of Engineers, may submit standards and specifications for Department approval that describe how land-disturbing activities shall be conducted. The Department shall have 60 days after receipt in which to act on standards and specifications submitted to it or resubmitted to it for approval.

D. All standards and specifications submitted to the Department shall be periodically updated according to a schedule to be established by the Department and shall be consistent with the requirements of this article. Approval of standards and specifications by the Department does not relieve the owner or operator of the duty to comply with any other applicable local ordinances or regulations. Standards and specifications shall include:

- 1. Technical criteria to meet the requirements of this article and regulations developed under this article;*
- 2. Provisions for the long-term responsibility and maintenance of any stormwater management control devices and other techniques specified to manage the quantity and quality of runoff;*
- 3. Provisions for erosion and sediment control and stormwater management program administration, of the standards and specifications program, project-specific plan design, plan review and plan approval, and construction inspection and enforcement compliance;*
- 4. Provisions for ensuring that responsible personnel and contractors assisting the owner in carrying out the land-disturbing activity obtain training or qualifications for soil erosion control and stormwater management as set forth in regulations adopted pursuant to this article;*

The Board may take enforcement actions in accordance with this article and related regulations.

§ 62.1-44.15:33. Authorization for more stringent ordinances.

A. Localities that are ~~VSM~~ *serv*ing as VESMP authorities are authorized to adopt more stringent *soil erosion control* or stormwater management ordinances than those necessary to ensure compliance with the Board's minimum regulations, provided that the more stringent ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of ~~a~~ *an* MS4 permit or a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to address ~~TMDL~~ *total maximum daily load* requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ordinances a public hearing is held after giving due notice. *This process shall not be required when a VESMP authority chooses to reduce the threshold for regulating land-disturbing activities to a smaller area of disturbed land pursuant to § 62.1-44.15:34. However, this section shall not be construed to authorize a VESMP authority to impose a more stringent timeframe for land-disturbance review and approval than those provided in this article.*

B. Localities that are ~~VSM~~ *serv*ing as VESMP authorities shall submit a letter report to the Department when more stringent stormwater management ordinances or more stringent requirements authorized by such *stormwater management* ordinances, such as may be set forth in design manuals, policies, or guidance documents developed by the localities, are determined to be necessary pursuant to this section within 30 days after adoption thereof. Any such letter report shall include a summary explanation as to why the more stringent ordinance or requirement has been determined to be necessary pursuant to this section. Upon the request of an affected landowner or his agent submitted to the Department with a copy to be sent to the locality, within 90 days after adoption of any such ordinance or derivative requirement, localities shall submit the ordinance or requirement and all other supporting materials to the Department for a determination of whether the requirements of this section have been met and whether any determination made by the locality pursuant to this section is supported by the evidence. The Department shall issue a written determination setting forth its rationale within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

C. Localities shall not prohibit or otherwise limit the use of any best management practice (BMP) approved for use by the Director or the Board except as follows:

1. When the Director or the Board approves the use of any BMP in accordance with its stated conditions, the locality serving as a ~~VSM~~ VESMP authority shall have authority to preclude the onsite use of the approved BMP, or to require more stringent conditions upon its use, for a specific land-disturbing project based on a review of the stormwater management plan and project site conditions. Such limitations shall be based on site-specific concerns. Any project or site-specific determination purportedly authorized pursuant to this subsection may be appealed to the Department and the Department shall issue a written determination regarding compliance with this section to the requesting party within 90 days of submission. Any such determination, or a failure by the Department to make any such determination within the 90-day period, may be appealed to the Board.

2. When a locality is seeking to uniformly preclude jurisdiction-wide or otherwise limit geographically the use of a BMP approved by the Director or Board, or to apply more stringent conditions to the use of a BMP approved by the Director or Board, upon the request of an affected landowner or his agent submitted to the Department, with a copy submitted to the locality, within 90 days after adoption, such authorizing ordinances, design manuals, policies, or guidance documents developed by the locality that set forth the BMP use policy shall be provided to the Department in such manner as may be prescribed by the Department that includes a written justification and explanation as to why such more stringent limitation or conditions are determined to be necessary. The Department shall review all supporting materials provided by the locality to determine whether the requirements of this section have been met and that any determination made by the locality pursuant to this section is reasonable under the circumstances. The Department shall issue its determination to the locality in writing within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

D. Based on a determination made in accordance with subsection B or C, any ordinance or other requirement enacted or established by a locality that is found to not comply with this section shall be null and void, replaced with state minimum standards, and remanded to the locality for revision to ensure compliance with this section. Any such ordinance or other requirement that has been proposed but neither enacted nor established shall be remanded to the locality for revision to ensure compliance with this section.

E. Any provisions of a local *erosion and sediment control* or stormwater management program in existence before January 1, ~~2013~~ 2016, that contains more stringent provisions than this article shall be exempt from the requirements of this section *if the locality chooses to retain such provisions when it becomes a VESMP authority*. However, such provisions shall be reported to the Board at the time of *submission of the locality's* ~~VSM~~ VESMP approval package.

§ 62.1-44.15:34. Regulated activities; submission and approval of a permit application; security for performance; exemptions.

A. A person shall not conduct any land-disturbing activity until (i) he has submitted ~~a permit to the appropriate VESMP authority an application to the VSM authority~~ that includes a ~~state VSM~~ permit registration statement, ~~if such statement is required, and, after July 1, 2014, a required, a soil erosion control and stormwater management plan or an executed agreement in lieu of a stormwater management plan, and has obtained VSM authority approval to begin land~~

disturbance. A locality that is not a VSMP authority shall provide a general notice to applicants of the state permit coverage requirement and report all approvals pursuant to the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.) to begin land disturbance of one acre or greater to the Department at least monthly. Upon the development of an online reporting system by the Department, but no later than July 1, 2014, a VSMP authority shall be required to obtain evidence of state VSMP permit coverage where it is required prior to providing approval to begin land disturbance. The VSMP authority shall act on any permit plan, if required, and (ii) the VESMP authority has issued its land-disturbance approval. In addition, as a prerequisite to engaging in an approved land-disturbing activity, the name of the individual who will be assisting the owner in carrying out the activity and holds a Responsible Land Disturber certificate pursuant to § 62.1-44.15:30 shall be submitted to the VESMP authority. Any VESMP authority may waive the Responsible Land Disturber certificate requirement for an agreement in lieu of a plan for construction of a single-family detached residential structure; however, if a violation occurs during the land-disturbing activity for the single-family detached residential structure, then the owner shall correct the violation and provide the name of the individual holding a Responsible Land Disturber certificate as provided by § 62.1-14:30. Failure to provide the name of an individual holding a Responsible Land Disturber certificate prior to engaging in land-disturbing activities may result in revocation of the land-disturbance approval and shall subject the owner to the penalties provided in this article.

1. A VESMP authority that is implementing its program pursuant to subsection A of § 62.1-44.15:27 or subdivision B 1 of § 62.1-44.15:27 shall determine the completeness of any application within 15 days after receipt, and shall act on any application within 60 days after it has been determined by the VSMP VESMP authority to be a complete application. The VSMP authority may either issue project VESMP authority shall issue either land-disturbance approval or denial and shall provide written rationale for the any denial. The VSMP authority shall act on any permit application that has been previously disapproved within 45 days after the application has been revised, resubmitted for approval, and deemed complete. Prior to issuance of any approval, the VSMP authority shall be required to obtain evidence of permit coverage when such coverage is required. The VESMP authority also shall determine whether any resubmittal of a previously disapproved application is complete within 15 days after receipt and shall act on the resubmitted application within 45 days after receipt.

2. A VESMP authority implementing its program in coordination with the Department pursuant to subdivision B 2 of § 62.1-44.15:27 shall determine the completeness of any application within 15 days after receipt, and shall act on any application within 60 days after it has been determined by the VESMP authority to be complete. The VESMP authority shall forward a soil erosion control and stormwater management plan to the Department for review within five days of receipt. If the plan is incomplete, the Department shall return the plan to the locality immediately and the application process shall start over. If the plan is complete, the Department shall review it for compliance with the water quality and water quantity technical criteria and provide its recommendation to the VESMP authority. The VESMP authority shall either (i) issue the land-disturbance approval or (ii) issue a denial and provide a written rationale for the denial. In no case shall a locality have more than 60 days for its decision on an application after it has been determined to be complete. Prior to issuing a land-disturbance approval, a VESMP authority shall be required to obtain evidence of permit coverage when such coverage is required.

The VESMP authority also shall forward to the Department any resubmittal of a previously disapproved application within five days after receipt, and the VESMP authority shall determine whether the plan is complete within 15 days of its receipt of the plan. The Department shall review the plan for compliance with the water quality and water quantity technical criteria and provide its recommendation to the VESMP authority, and the VESMP authority shall act on the resubmitted application within 45 days after receipt.

3. When a state agency or federal entity submits a soil erosion control and stormwater management plan for a project, land disturbance shall not commence until the Board has reviewed and approved the plan and has issued permit coverage when it is required.

a. The Board shall not approve a soil erosion control and stormwater management plan submitted by a state agency or federal entity for a project involving a land-disturbing activity (i) in any locality that has not adopted a local program with more stringent ordinances than those of the state program or (ii) in multiple jurisdictions with separate local programs, unless the plan is consistent with the requirements of the state program.

b. The Board shall not approve a soil erosion control and stormwater management plan submitted by a state agency or federal entity for a project involving a land-disturbing activity in one locality with a local program with more stringent ordinances than those of the state program, unless the plan is consistent with the requirements of the local program.

c. If onsite changes occur, the state agency or federal entity shall submit an amended soil erosion control and stormwater management plan to the Department.

d. The state agency or federal entity responsible for the land-disturbing activity shall ensure compliance with the approved plan. As necessary, the Board shall provide project oversight and enforcement.

4. Prior to issuance of any land-disturbance approval, the VESMP authority may also require an applicant, excluding state agencies and federal entities, to submit a reasonable performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement acceptable to the VSMP VESMP authority, to ensure that measures could be taken by the VSMP VESMP authority at the applicant's expense should he fail, after proper notice, within the time specified to initiate or maintain appropriate actions that may be required of him by the permit conditions comply with the conditions imposed by the VESMP authority as a result of his land-disturbing activity. If the VSMP VESMP authority takes

such action upon such failure by the applicant, the ~~VSM~~ *VESMP* authority may collect from the applicant the difference should the amount of the reasonable cost of such action exceed the amount of the security held. Within 60 days of the completion of the ~~requirements of the permit~~ *VESMP* authority's conditions, such bond, cash escrow, letter of credit, or other legal arrangement, or the unexpended or unobligated portion thereof, shall be refunded to the applicant or terminated. ~~These requirements are in addition to all other provisions of law relating to the issuance of permits and are not intended to otherwise affect the requirements for such permits.~~

~~B. A Chesapeake Bay Preservation Act Land Disturbing Activity shall be subject to coverage under the Virginia Stormwater Management Program (VSMP) General Permit for Discharges of Stormwater from Construction Activities until July 1, 2014, at which time it shall no longer be considered a small construction activity but shall be then regulated under the requirements of this article. The VESMP authority may require changes to an approved soil erosion control and stormwater management plan in the following cases:~~

1. Where inspection has revealed that the plan is inadequate to satisfy applicable regulations or ordinances; or

2. Where the owner finds that because of changed circumstances or for other reasons the plan cannot be effectively carried out, and proposed amendments to the plan, consistent with the requirements of this article, are agreed to by the VESMP authority and the owner.

C. In order to prevent further erosion, a VESMP authority may require approval of a soil erosion control and stormwater management plan for any land identified as an erosion impact area by the VESMP authority.

D. A VESMP authority may enter into an agreement with an adjacent VESMP authority regarding the administration of multijurisdictional projects, specifying who shall be responsible for all or part of the administrative procedures. Should adjacent VESMP authorities fail to reach such an agreement, each shall be responsible for administering the area of the multijurisdictional project that lies within its jurisdiction.

E. The following requirements shall apply to land-disturbing activities in the Commonwealth:

1. Any land-disturbing activity that (i) disturbs one acre or more of land or (ii) disturbs less than one acre of land and is part of a larger common plan of development or sale that results in one acre or greater of land disturbance may, in accordance with regulations adopted by the Board, be required to obtain permit coverage.

2. For a land-disturbing activity occurring in an area not designated as a Chesapeake Bay Preservation Area subject to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.):

a. Soil erosion control requirements and water quantity technical criteria adopted pursuant to this article shall apply to any activity that disturbs 10,000 square feet or more, although the locality may reduce this regulatory threshold to a smaller area of disturbed land. A plan addressing these requirements shall be submitted to the VESMP authority in accordance with subsection A. This subdivision shall also apply to additions or modifications to existing single-family detached residential structures.

b. Soil erosion control requirements and water quantity and water quality technical criteria shall apply to any activity that (i) disturbs one acre or more of land or (ii) disturbs less than one acre of land and is part of a larger common plan of development or sale that results in one acre or greater of land disturbance, although the locality may reduce this regulatory threshold to a smaller area of disturbed land. A plan addressing these requirements shall be submitted to the VESMP authority in accordance with subsection A.

3. For a land-disturbing activity occurring in an area designated as a Chesapeake Bay Preservation Area subject to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.):

a. Soil erosion control and water quantity and water quality technical criteria shall apply to any land-disturbing activity that disturbs 2,500 square feet or more of land, other than a single-family detached residential structure. However, the governing body of any affected locality may reduce this regulatory threshold to a smaller area of disturbed land. A plan addressing these requirements shall be submitted to the VESMP authority in accordance with subsection A.

b. For land-disturbing activities for single-family detached residential structures, soil erosion control and water quantity technical criteria shall apply to any land-disturbing activity that disturbs 2,500 square feet or more of land, and the locality also may require compliance with the water quality technical criteria. A plan addressing these requirements shall be submitted to the VESMP authority in accordance with subsection A.

~~€~~ *F. Notwithstanding any other provisions of this article, the following activities are ~~exempt~~, not required to comply with the requirements of this article unless otherwise required by federal law:*

1. Minor land-disturbing activities, including home gardens and individual home landscaping, repairs, and maintenance work;

2. Installation, maintenance, or repair of any individual service connection;

3. Installation, maintenance, or repair of any underground utility line when such activity occurs on an existing hard surfaced road, street, or sidewalk, provided the land-disturbing activity is confined to the area of the road, street, or sidewalk that is hard surfaced;

4. Installation, maintenance, or repair of any septic tank line or drainage field unless included in an overall plan for land-disturbing activity relating to construction of the building to be served by the septic tank system;

However, this exception shall not apply to harvesting of forest crops unless the area on which harvesting occurs is reforested artificially or naturally in accordance with the provisions of Chapter 11 (§ 10.1-1100 et seq.) or is converted to bona fide agricultural or improved pasture use as described in subsection B of § 10.1-1163;~~

~~3. Single-family residences separately built and disturbing less than one acre and not part of a larger common plan of development or sale, including additions or modifications to existing single-family detached residential structures. However, localities subject to the provisions of the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) may regulate these single-family residences where land disturbance exceeds 2,500 square feet;~~

~~4. Land-disturbing activities that disturb less than one acre of land area except for land-disturbing activity exceeding an area of 2,500 square feet in all areas of the jurisdictions designated as subject to the Chesapeake Bay Preservation Area Designation and Management Regulations adopted pursuant to the provisions of the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) or activities that are part of a larger common plan of development or sale that is one acre or greater of disturbance; however, the governing body of any locality that administers a VSMP may reduce this exception to a smaller area of disturbed land or qualify the conditions under which this exception shall apply;~~

~~5. 7. Installation of fence and sign posts or telephone and electric poles and other kinds of posts or poles;~~

~~8. Shoreline erosion control projects on tidal waters when all of the land-disturbing activities are within the regulatory authority of and approved by local wetlands boards, the Marine Resources Commission, or the United States Army Corps of Engineers; however, any associated land that is disturbed outside of this exempted area shall remain subject to this article and the regulations adopted pursuant thereto;~~

~~9. Repair or rebuilding of the tracks, rights-of-way, bridges, communication facilities, and other related structures and facilities of a railroad company;~~

~~10. Land-disturbing activities in response to a public emergency where the related work requires immediate authorization to avoid imminent endangerment to human health or the environment. In such situations, the VESMP authority shall be advised of the disturbance within seven days of commencing the land-disturbing activity, and compliance with the administrative requirements of subsection A is required within 30 days of commencing the land-disturbing activity; and~~

~~11. Discharges to a sanitary sewer or a combined sewer system; that are not from a land-disturbing activity.~~

~~G. Notwithstanding any other provision of this article, the following activities are required to comply with the soil erosion control requirements but are not required to comply with the water quantity and water quality technical criteria, unless otherwise required by federal law:~~

~~6. 1. Activities under a state or federal reclamation program to return an abandoned property to an agricultural or open land use;~~

~~7. 2. Routine maintenance that is performed to maintain the original line and grade, hydraulic capacity, or original construction of the project. The paving of an existing road with a compacted or impervious surface and reestablishment of existing associated ditches and shoulders shall be deemed routine maintenance if performed in accordance with this subsection; and~~

~~8. Conducting land-disturbing activities in response to a public emergency where the related work requires immediate authorization to avoid imminent endangerment to human health or the environment. In such situations, the VSMP authority shall be advised of the disturbance within seven days of commencing the land-disturbing activity, and compliance with the administrative requirements of subsection A is required within 30 days of commencing the land-disturbing activity~~

~~3. Discharges from a land-disturbing activity to a sanitary sewer or a combined sewer system.~~

§ 62.1-44.15:35. Nutrient credit use and additional offsite options for construction activities.

A. As used in this section:

"Nutrient credit" or "credit" means a type of offsite option that is a nutrient credit certified pursuant to Article 4.02 (§ 62.1-44.19:12 et seq.).

"Offsite option" means an alternative available, away from the real property where land disturbance is occurring, to address water quality or water quantity technical criteria established pursuant to § 62.1-44.15:28.

"Tributary," within the Chesapeake Bay watershed, has the same meaning as in § 62.1-44.19:13. For areas outside of the Chesapeake Bay watershed, "tributary" includes the following watersheds: Albemarle Sound, Coastal; Atlantic Ocean, Coastal; Big Sandy; Chowan; Clinch-Powell; New Holston (Upper Tennessee); New River; Roanoke; and Yadkin.

"Virginia Stormwater Management Program Authority" or "VSMP authority" has the same meaning as in § 62.1-44.15:24 and includes, until July 1, 2014, any locality that has adopted a local stormwater management program.

B. A VSMP authority is authorized to allow compliance with stormwater nonpoint nutrient runoff water quality criteria established pursuant to § 62.1-44.15:28, in whole or in part, through the use of the applicant's acquisition of nutrient credits in the same tributary.

C. No applicant shall use nutrient credits to address water quantity control requirements. No applicant shall use nutrient credits or other offsite options. No offsite option shall be used in contravention of local water quality-based limitations (i) determined pursuant to subsection B of § 62.1-44.19:14, (ii) adopted pursuant to § 62.1-44.15:33 or other applicable authority, (iii) deemed necessary to protect public water supplies from demonstrated adverse nutrient impacts, or

(iv) as otherwise may be established or approved by the Board. Where such a limitation exists, offsite options may be used provided that such options do not preclude or impair compliance with the local limitation.

~~D. A VSMP authority shall allow offsite options in accordance with subsection I C. Unless prohibited by subsection B, a VESMP authority or a VSMP authority:~~

~~1. May allow the use of offsite options for compliance with water quality and water quantity technical criteria established pursuant to § 62.1-44.15:28, in whole or in part; and~~

~~2. Shall allow the use of nutrient credits for compliance with the water quality technical criteria when:~~

~~1. a. Less than five acres of land will be disturbed;~~

~~2. The postconstruction phosphorous control b. The phosphorous water quality reduction requirement is less than 10 pounds per year; or~~

~~3. The state permit applicant demonstrates c. It is demonstrated to the satisfaction of the VESMP or VSMP authority that (i) alternative site designs have been considered that may accommodate onsite best management practices, (ii) onsite best management practices have been considered in alternative site designs to the maximum extent practicable, (iii) appropriate onsite best management practices will be implemented, and (iv) full compliance with postdevelopment nonpoint nutrient runoff compliance requirements water quality technical criteria cannot practically be met onsite. For purposes of this subdivision, if an applicant demonstrates The requirements of clauses (i) through (iv) shall be deemed to have been met if it is demonstrated that onsite control of at least 75 percent of the required phosphorous nutrient reductions; the applicant shall be deemed to have met the requirements of clauses (i) through (iv) water quality reduction will be achieved.~~

~~E. Documentation of the applicant's acquisition of nutrient credits shall be provided to the VSMP authority and the Department in a certification from the credit provider documenting the number of phosphorus nutrient credits acquired and the associated ratio of nitrogen nutrient credits at the credit-generating entity. Until the effective date of regulations establishing application fees in accordance with § 62.1-44.19:20, the credit provider shall pay the Department a water quality enhancement fee equal to six percent of the amount paid by the applicant for the credits. Such fee shall be deposited into the Virginia Stormwater Management Fund established by § 62.1-44.15:29.~~

~~F. Nutrient credits used pursuant to subsection B shall be generated in the same or adjacent eight-digit hydrologic unit code as defined by the United States Geological Survey as the permitted site except as otherwise limited in subsection C. Nutrient credits outside the same or adjacent eight-digit hydrologic unit code may only be used if it is determined by the VSMP authority that no credits are available within the same or adjacent eight-digit hydrologic unit code when the VSMP authority accepts the final site design. In such cases, and subject to other limitations imposed in this section, credits available within the same tributary may be used. In no case shall credits from another tributary be used.~~

~~G. For that portion of a site's compliance with stormwater nonpoint nutrient runoff water quality criteria being obtained through nutrient credits, the applicant shall (i) comply with a 1:1 ratio of the nutrient credits to the site's remaining postdevelopment nonpoint nutrient runoff compliance requirement being met by credit use and (ii) use credits certified as perpetual credits pursuant to Article 4.02 (§ 62.1-44.19:12 et seq.).~~

~~H. D. No VSMP or VESMP authority may grant an exception to, or waiver of, postdevelopment post-development nonpoint nutrient runoff compliance requirements unless offsite options have been considered and found not available.~~

~~I. E. The VSMP or VESMP authority shall require that nutrient credits and other offsite options approved by the Department or applicable state board, including locality pollutant loading pro rata share programs established pursuant to § 15.2-2243, achieve the necessary nutrient phosphorous water quality reductions prior to the commencement of the applicant's land-disturbing activity. A pollutant loading pro rata share program established by a locality pursuant to § 15.2-2243 and approved by the Department or applicable state board prior to January 1, 2011, including those that may achieve nutrient reductions after the commencement of the land-disturbing activity, may continue to operate in the approved manner for a transition period ending July 1, 2014. The applicant In the case of a phased project, the land disturber may acquire or achieve the offsite nutrient reductions prior to the commencement of each phase of the land-disturbing activity in an amount sufficient for each such phase. The land disturber shall have the right to select between the use of nutrient credits or other offsite options, except during the transition period in those localities to which the transition period applies. The locality may use funds collected for nutrient reductions pursuant to a locality pollutant loading pro rata share program under § 15.2-2243 for nutrient reductions in the same tributary within the same locality as the land-disturbing activity or for the acquisition of nutrient credits. In the case of a phased project, the applicant may acquire or achieve the offsite nutrient reductions prior to the commencement of each phase of the land-disturbing activity in an amount sufficient for each such phase.~~

~~J. Nutrient reductions obtained through nutrient credits shall be credited toward compliance with any nutrient allocation assigned to a municipal separate storm sewer system in a Virginia Stormwater Management Program Permit or Total Maximum Daily Load applicable to the location where the activity for which the nutrient credits are used takes place. If the activity for which the nutrient credits are used does not discharge to a municipal separate storm sewer system, the nutrient reductions shall be credited toward compliance with the applicable nutrient allocation.~~

~~K. A F. With the consent of the land disturber, in resolving enforcement actions, the VESMP authority or the Board may include the use of offsite options to compensate for (i) nutrient control deficiencies occurring during the period of noncompliance and (ii) permanent nutrient control deficiencies.~~

G. This section shall not be construed as limiting the authority established under § 15.2-2243; however, under any pollutant loading pro rata share program established thereunder, the subdivider or developer shall be given appropriate credit for nutrient reductions achieved through offsite options. The locality may use funds collected for nutrient reductions pursuant to a locality pollutant loading pro rata share program for nutrient reductions in the same tributary within the same locality as the land-disturbing activity, or for the acquisition of nutrient credits.

H. Nutrient credits shall not be used to address water quantity technical criteria. Nutrient credits shall be generated in the same or adjacent fourth order subbasin, as defined by the hydrologic unit boundaries of the National Watershed Boundary Dataset, as the land-disturbing activity. If no credits are available within these subbasins when the VESMP or VSMP authority accepts the final site design, credits available within the same tributary may be used. The following requirements apply to the use of nutrient credits:

1. Documentation of the acquisition of nutrient credits shall be provided to the VESMP authority and the Department or the VSMP authority in a certification from the credit provider documenting the number of phosphorus nutrient credits acquired and the associated ratio of nitrogen nutrient credits at the credit-generating entity.

2. Until the effective date of regulations establishing application fees in accordance with § 62.1-44.19:20, the credit provider shall pay the Department a water quality enhancement fee equal to six percent of the amount paid for the credits. Such fee shall be deposited into the Virginia Stormwater Management Fund established by § 62.1-44.15:29.

3. For that portion of a site's compliance with water quality technical criteria being obtained through nutrient credits, the land disturber shall (i) comply with a 1:1 ratio of the nutrient credits to the site's remaining post-development nonpoint nutrient runoff compliance requirement being met by credit use and (ii) use credits certified as perpetual credits pursuant to Article 4.02 (§ 62.1-44.19:12 et seq.).

4. A VESMP or VSMP authority shall allow the full or partial substitution of perpetual nutrient credits for existing onsite nutrient controls when (i) the nutrient credits will compensate for 10 or fewer pounds of the annual phosphorous requirement associated with the original land-disturbing activity or (ii) existing onsite controls are not functioning as anticipated after reasonable attempts to comply with applicable maintenance agreements or requirements and the use of nutrient credits will account for the deficiency. Upon determination by the VESMP or VSMP authority that the conditions established by clause (i) or (ii) have been met, the party responsible for maintenance shall be released from maintenance obligations related to the onsite phosphorous controls for which the nutrient credits are substituted.

~~*L. To the extent available, with the consent of the applicant, the VSMP authority, the Board or the Department may include the use of nutrient credits or other offsite measures in resolving enforcement actions to compensate for (i) nutrient control deficiencies occurring during the period of noncompliance and (ii) permanent nutrient control deficiencies.*~~

~~*M. This section shall not be construed as limiting the authority established under § 15.2-2243; however, under any pollutant loading pro rata share program established thereunder, the subdivider or developer shall be given appropriate credit for nutrient reductions achieved through nutrient credits or other offsite options.*~~

~~*N. In order to properly account for allowed nonpoint nutrient offsite reductions, an applicant shall report to the Department, in accordance with Department procedures, information regarding all offsite reductions that have been authorized to meet stormwater postdevelopment nonpoint nutrient runoff compliance requirements.*~~

~~*O. An applicant or a permittee found to be in noncompliance with the requirements of this section shall be subject to the enforcement and penalty provisions of this article.*~~

I. The use of nutrient credits to meet post-construction nutrient control requirements shall be accounted for in the implementation of total maximum daily loads and MS4 permits as specified in subdivisions 1, 2, and 3. In order to ensure that the nutrient reduction benefits of nutrient credits used to meet post-construction nutrient control requirements are attributed to the location of the land-disturbing activity where the credit is used, the following account method shall be used:

1. Chesapeake Bay TMDL.

a. Where nutrient credits are used to meet nutrient reduction requirements applicable to redevelopment projects, a 1:1 credit shall be applied toward MS4 compliance with the Chesapeake Bay TMDL waste load allocation or related MS4 permit requirement applicable to the MS4 service area, including the site of the land-disturbing activity, such that the nutrient reductions of redevelopment projects are counted as part of the MS4 nutrient reductions to the same extent as when land-disturbing activities use onsite measures to comply.

b. Where nutrient credits are used to meet post-construction requirements applicable to new development projects, the nutrient reduction benefits represented by such credits shall be attributed to the location of the land-disturbing activity where the credit is used to the same extent as when land-disturbing activities use onsite measures to comply.

c. A 1:1 credit shall be applied toward compliance by a locality that operates a regulated MS4 with its Chesapeake Bay TMDL waste load allocation or related MS4 permit requirement to the extent that nutrient credits are obtained by the MS4 jurisdiction from a nutrient credit-generating entity as defined in § 62.1-44.19:13 independent of or in excess of those required to meet the post-construction requirements.

2. Local nutrient-related TMDLs adopted prior to the land-disturbing activity.

a. Where nutrient credits are used to meet nutrient reduction requirements applicable to redevelopment projects, a 1:1 credit shall be applied toward MS4 compliance with any local TMDL waste load allocation or related MS4 permit requirement applicable to the MS4 service area, including the site of the land-disturbing activity, such that the nutrient reductions of redevelopment projects are counted as part of the MS4 nutrient reductions to the same extent as when

land-disturbing activities use onsite measures to comply, provided the nutrient credits are generated upstream of where the land-disturbing activity discharges to the water body segment that is subject to the TMDL.

b. Where nutrient credits are used to meet post-construction requirements applicable to new development projects, the nutrient reduction benefits represented by such credits shall be attributed to the location of the land-disturbing activity where the credit is used to the same extent as when land-disturbing activities use onsite measures to comply, provided the nutrient credits are generated upstream of where the land-disturbing activity discharges to the water body segment that is subject to the TMDL.

c. A 1:1 credit shall be applied toward MS4 compliance with any local TMDL waste load allocation or related MS4 permit requirement to the extent that nutrient credits are obtained by the MS4 jurisdiction from a nutrient credit-generating entity as defined in § 62.1-44.19:13 independent of or in excess of those required to meet the post-construction requirements. However, such credits shall be generated upstream of where the land-disturbing activity discharges to the water body segment that is subject to the TMDL.

3. Future local nutrient-related TMDLs.

This subdivision applies only to areas where there has been a documented prior use of nutrient credits to meet nutrient control requirements in an MS4 service area that flows to or is upstream of a water body segment for which a nutrient-related TMDL is being developed. For a TMDL waste load allocation applicable to the MS4, the Board shall develop the TMDL waste load allocation with the nutrient reduction benefits represented by the nutrient credit use being attributed to the MS4, except when the Board determines during the TMDL development process that reasonable assurance of implementation cannot be provided for nonpoint source load allocations due to the nutrient reduction benefits being attributed in this manner. The Board shall have no obligation to account for nutrient reduction benefits in this manner if the MS4 does not provide the Board with adequate documentation of (i) the location of the land-disturbing activities, (ii) the number of nutrient credits, and (iii) the generation of the nutrient credits upstream of the site at which the land-disturbing activity discharges to the water body segment addressed by the TMDL. Such attribution shall not be interpreted as amending the requirement that the TMDL be established at a level necessary to meet the applicable water quality standard.

§ 62.1-44.15:37. Notices to comply and stop work orders.

A. ~~The VSMP authority (i) shall provide for periodic inspections of the installation of stormwater management measures; (ii) may require monitoring and reports from the person responsible for meeting the permit conditions to ensure compliance with the permit and to determine whether the measures required in the permit provide effective stormwater management; and (iii) shall conduct such investigations and perform such other actions as are necessary to carry out the provisions of this article. If the VSMP authority, where authorized to enforce this article, or the Department When the VESMP authority or the Board determines that there is a failure to comply with the permit conditions; notice shall be served upon the permittee or person responsible for carrying out the permit conditions or conditions of land-disturbance approval, or to obtain an approved plan, permit, or land-disturbance approval prior to commencing land-disturbing activities, the VESMP authority or the Board may serve a notice to comply upon the owner, permittee, or person conducting land-disturbing activities without an approved plan, permit, or approval. Such notice to comply shall be served by delivery by facsimile, email, or other technology; by mailing with confirmation of delivery to the address specified in the permit or land-disturbance application, if available, or in the land records of the locality; or by delivery at the site of the development activities to the agent or employee supervising such activities to a person previously identified to the VESMP authority by the permittee or owner. The notice to comply shall specify the measures needed to comply with the permit conditions and shall specify the or land-disturbance approval conditions, or shall identify the plan approval or permit or land-disturbance approval needed to comply with this article, and shall specify a reasonable time within which such measures shall be completed. In any instance in which a required permit or land-disturbance approval has not been obtained, the VESMP authority or the Board may require immediate compliance. In any other case, the VESMP authority or the Board may establish the time for compliance by taking into account the risk of damage to natural resources and other relevant factors. Notwithstanding any other provision in this subsection, a VESMP authority or the Board may count any days of noncompliance as days of violation should the VESMP authority or the Board take an enforcement action. The issuance of a notice to comply by the Board shall not be considered a case decision as defined in § 2.2-4001.~~

~~B. Upon failure to comply within the time specified; a stop work order may be issued in accordance with subsection B by the VSMP authority, where authorized to enforce this article; or by the Board, or the permit may be revoked by the VSMP authority, or the state permit may be revoked by the Board. The Board or the VSMP authority, where authorized to enforce this article; may pursue enforcement in accordance with § 62.1-44.15:48.~~

~~B. If a permittee fails to comply with a notice issued in accordance with subsection A within the time specified, the VSMP authority, where authorized to enforce this article, or the Department may issue an in a notice to comply issued in accordance with subsection A, a locality serving as the VESMP authority or the Board may issue a stop work order requiring the owner, permittee, person responsible for carrying out an approved plan, or person conducting the land-disturbing activities without an approved plan or required permit or land-disturbance approval to cease all land-disturbing activities until the violation of the permit has ceased, or an approved plan and required permits and approvals are obtained, and specified corrective measures have been completed. The VESMP authority or the Board shall lift the order immediately upon completion and approval of corrective action or upon obtaining an approved plan or any required permits or approvals.~~

Such orders shall be issued (i) in accordance with local procedures if issued by a locality serving as a VSMP authority or (ii) after a hearing held in accordance with the requirements C. When such an order is issued by the Board, it shall be issued in accordance with the procedures of the Administrative Process Act (§ 2.2-4000 et seq.) if issued by the Department. Such orders shall become effective upon service on the person in the manner set forth in subsection A. However, where the alleged noncompliance is causing or presents an imminent and substantial danger of causing harmful erosion of lands or sediment deposition in waters within the watersheds of the Commonwealth or otherwise substantially impacting water quality, the locality serving as the VESMP authority or the Board may issue, without advance notice or procedures, an emergency order directing such person to cease immediately all land-disturbing activities on the site and shall provide an opportunity for a hearing, after reasonable notice as to the time and place thereof, to such person, to affirm, modify, amend, or cancel such emergency order.

D. The owner, permittee, or person conducting a land-disturbing activity may appeal the issuance of any order to the circuit court of the jurisdiction wherein the violation was alleged to occur or other appropriate court.

E. An aggrieved owner of property sustaining pecuniary damage from soil erosion or sediment deposition resulting from a violation of an approved plan or required land-disturbance approval, or from the conduct of a land-disturbing activity commenced without an approved plan or required land-disturbance approval, may give written notice of an alleged violation to the locality serving as the VESMP authority and to the Board.

1. If the VESMP authority has not responded to the alleged violation in a manner that causes the violation to cease and abates the damage to the aggrieved owner's property within 30 days following receipt of the notice from the aggrieved owner, the aggrieved owner may request that the Board conduct an investigation and, if necessary, require the violator to stop the alleged violation and abate the damage to the property of the aggrieved owner.

2. Upon receipt of the request, the Board shall conduct an investigation of the aggrieved owner's complaint. If the Board's investigation of the complaint indicates that (i) there is a violation and the VESMP authority has not responded to the violation as required by the VESMP and (ii) the VESMP authority has not responded to the alleged violation in a manner that causes the violation to cease and abates the damage to the aggrieved owner's property within 30 days from receipt of the notice from the aggrieved owner, then the Board shall give written notice to the VESMP authority that the Board intends to issue an order pursuant to subdivision 3.

3. If the VESMP authority has not instituted action to stop the violation and abate the damage to the aggrieved owner's property within 10 days following receipt of the notice from the Board, the Board is authorized to issue an order requiring the owner, person responsible for carrying out an approved plan, or person conducting the land-disturbing activity without an approved plan or required land-disturbance approval to cease all land-disturbing activities until the violation of the plan has ceased or an approved plan and required land-disturbance approval are obtained, as appropriate, and specified corrective measures have been completed. The Board also may immediately initiate a program review of the VESMP.

4. Such orders are to be issued in accordance with the procedures of the Administrative Process Act (§ 2.2-4000 et seq.) and they shall become effective upon service on the person by mailing, with confirmation of delivery, sent to his address specified in the land records of the locality, or by personal delivery by an agent of the VSMP authority or Department Board. Any subsequent identical mail or notice that is sent by the Board may be sent by regular mail. However, if the VSMP authority or the Department Board finds that any such violation is grossly affecting or presents an imminent and substantial danger of causing harmful erosion of lands or sediment deposition in waters within the watersheds of the Commonwealth or otherwise substantially impacting water quality, it may issue, without advance notice or hearing, an emergency order directing such person to cease immediately all land-disturbing activities on the site immediately and shall provide an opportunity for a hearing, after reasonable notice as to the time and place thereof, to such person, to affirm, modify, amend, or cancel such emergency order.

5. If a person who has been issued an order or an emergency order is not complying with the terms thereof, the VSMP authority or the Department Board may institute a proceeding in accordance with § 62.1-44.15:42 the appropriate circuit court for an injunction, mandamus, or other appropriate remedy compelling the person to comply with such order. Any person violating or failing, neglecting, or refusing to obey any injunction, mandamus, or other remedy obtained pursuant to this section shall be subject, in the discretion of the court, to a civil penalty in accordance with the provisions of § 62.1-44.15:48. Any civil penalties assessed by a court shall be paid into the state treasury and deposited by the State Treasurer into the Stormwater Local Assistance Fund established pursuant to § 62.1-44.15:29.1.

§ 62.1-44.15:39. Right of entry.

The Department, the VSMP authority, where authorized to enforce this article, any duly authorized agent of the Department or VSMP authority, or any locality that is the operator of a regulated municipal separate storm sewer system In addition to the Board's authority set forth in § 62.1-44.20, a locality serving as a VESMP authority or any duly authorized agent thereof may, at reasonable times and under reasonable circumstances, enter any establishment or upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations necessary in the enforcement of the provisions of this article. For operators of localities that operate regulated municipal separate storm sewer systems, this authority shall apply only to those properties from which a discharge enters their municipal separate storm sewer systems.

In accordance with a performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement, a VSMP VESMP authority may also enter any establishment or upon any property, public or private, for the purpose of initiating or maintaining appropriate actions that are required by the permit conditions associated

with conditions imposed by the VESMP authority on a land-disturbing activity when a permittee an owner, after proper notice, has failed to take acceptable action within the time specified.

§ 62.1-44.15:40. Information to be furnished.

The Board, the Department, or the VSMP authority, where authorized to enforce this article, may require every permit applicant, every permittee, or any person subject to state permit requirements under this article a locality serving as a VESMP authority may require every owner, including every applicant for a permit or land-disturbance approval, to furnish when requested such application materials, plans, specifications, and other pertinent information as may be necessary to determine the effect of his discharge on the quality of state waters, or such other information as may be necessary to accomplish the purposes of this article. The Board or Department also may require any locality that is a VESMP authority to furnish when requested any information as may be required to accomplish the purposes of this article. Any personal information shall not be disclosed except to an appropriate official of the Board, Department, U.S. Environmental Protection Agency, or VSMP VESMP authority or as may be authorized pursuant to the Virginia Freedom of Information Act (§ 2.2-3700 et seq.). However, disclosure of records of the Department, the Board, or the VSMP VESMP authority relating to (i) active federal environmental enforcement actions that are considered confidential under federal law, (ii) enforcement strategies, including proposed sanctions for enforcement actions, and (iii) any secret formulae, secret processes, or secret methods other than effluent data used by any permittee owner or under that permittee's owner's direction is prohibited. Upon request, such enforcement records shall be disclosed after a proposed sanction resulting from the investigation has been determined by the Department, the Board, or the VSMP locality serving as a VESMP authority. This section shall not be construed to prohibit the disclosure of records related to inspection reports, notices of violation, and documents detailing the nature of any land-disturbing activity that may have occurred, or similar documents.

§ 62.1-44.15:41. Liability of common interest communities.

A- Whenever a common interest community cedes responsibility for the maintenance, repair, and replacement of a stormwater management facility on its real property to the Commonwealth or political subdivision thereof, such common interest community shall be immune from civil liability in relation to such stormwater management facility. In order for the immunity established by this subsection to apply, (i) the common interest community must cede such responsibility by contract or other instrument executed by both parties and (ii) the Commonwealth or the governing body of the political subdivision shall have accepted the responsibility ceded by the common interest community in writing or by resolution. As used in this section, maintenance, repair, and replacement shall include, without limitation, cleaning of the facility, maintenance of adjacent grounds that are part of the facility, maintenance and replacement of fencing where the facility is fenced, and posting of signage indicating the identity of the governmental entity that maintains the facility. Acceptance or approval of an easement, subdivision plat, site plan, or other plan of development shall not constitute the acceptance by the Commonwealth or the governing body of the political subdivision required to satisfy clause (ii). The immunity granted by this section shall not apply to actions or omissions by the common interest community constituting intentional or willful misconduct or gross negligence. For the purposes of this section, "common interest community" means the same as that term is defined in § 55-528.

B. Except as provided in subsection A, the fact that any permittee holds or has held a permit or state permit issued under this article shall not constitute a defense in any civil action involving private rights.

§ 62.1-44.15:46. Appeals.

Any permittee or party aggrieved by a state permit or (i) a permit or permit enforcement decision of the Department or Board under this article or (ii) a decision of the Board under this article concerning a land-disturbing activity in a locality subject to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.), or any person who has participated, in person or by submittal of written comments, in the public comment process related to a final such decision of the Department or Board under this article, whether such decision is affirmative or negative, is entitled to judicial review thereof in accordance with § 62.1-44.29. Appeals of other final decisions of the Board under this article shall be subject to judicial review in accordance with the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) if such person meets the standard for obtaining judicial review of a case or controversy pursuant to Article III of the Constitution of the United States. A person shall be deemed to meet such standard if (i) such person has suffered an actual or imminent injury that is an invasion of a legally protected interest and that is concrete and particularized; (ii) such injury is fairly traceable to the decision of the Department or the Board and not the result of the independent action of some third party not before the court; and (iii) such injury will likely be redressed by a favorable decision by the court.

The provisions of the Administrative Process Act (§ 2.2-4000 et seq.) shall not apply to decisions rendered by localities. Appeals of decisions rendered by localities shall be conducted in accordance with local appeal procedures and shall include an opportunity for judicial review in the circuit court of the locality in which the land disturbance occurs or is proposed to occur. Unless otherwise provided by law, the circuit court shall conduct such review in accordance with the standards established in § 2.2-4027, and the decisions of the circuit court shall be subject to review by the Court of Appeals, as in other cases under this article.

A final decision by a locality, when serving as a VESMP authority, shall be subject to judicial review, provided that an appeal is filed in the appropriate court within 30 days from the date of any written decision adversely affecting the rights, duties, or privileges of the person engaging in or proposing to engage in a land-disturbing activity.

§ 62.1-44.15:48. Penalties, injunctions, and other legal actions.

A. For a land-disturbing activity that disturbs 2,500 square feet or more of land in an area of a locality that is designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.), or that disturbs one acre or more of land or is part of a larger common plan of development or sale that disturbs one acre or more of land anywhere else in the Commonwealth:

1. Any person who violates any applicable provision of this article or of any regulation, ordinance permit, or standard and specification adopted or approved by the Board hereunder, or who fails, neglects, or refuses to comply with any order of the Board, or a court, issued as herein provided, shall be subject to a civil penalty pursuant to § 62.1-44.32. The court shall direct that any penalty be paid into the state treasury and deposited by the State Treasurer into the Stormwater Local Assistance Fund established pursuant to § 62.1-44.15:29.1.

2. Any person who violates any applicable provision of this article, or any ordinance adopted pursuant to this article, including those adopted pursuant to the conditions of an MS4 permit, or any condition of a local land-disturbance approval, or who fails, neglects, or refuses to comply with any order of a VSMP authority authorized to enforce this article, the Department, the Board, locality serving as a VESMP authority or a court, issued as herein provided, shall be subject to a civil penalty not to exceed \$32,500 for each violation within the discretion of the court. Each day of violation of each requirement shall constitute a separate offense. The Board shall adopt a regulation establishing a schedule of civil penalties to be utilized by the VSMP authority in enforcing the provisions of this article. The Board, Department, or VSMP authority may issue a summons for collection of the civil penalty and the action may be prosecuted in the appropriate court. Such civil penalties shall be paid into the treasury of the locality in which the violation occurred and are to be used solely for stormwater management capital projects, including (i) new stormwater best management practices; (ii) stormwater best management practice maintenance, inspection, or retrofitting; (iii) stream restoration; (iv) low-impact development projects; (v) buffer restoration; (vi) pond retrofitting; and (vii) wetlands restoration.

Where the violator is the locality itself, or its agent, the court shall direct the penalty to be paid into the state treasury and deposited by the State Treasurer into the Stormwater Local Assistance Fund established pursuant to § 62.1-44.15:29.1.

B. For a land-disturbing activity that disturbs an area measuring not less than 10,000 square feet but less than one acre in an area that is not designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) and is not part of a larger common plan of development or sale that disturbs one acre or more of land:

1. Any person who violates any applicable provision of this article or of any regulation or order of the Board issued pursuant to this article, or any condition of a land-disturbance approval issued by the Board, or fails to obtain a required land-disturbance approval, shall be subject to a civil penalty not to exceed \$5,000 for each violation with a limit of \$50,000 within the discretion of the court in a civil action initiated by the Board. Each day during which the violation is found to have existed shall constitute a separate offense. In no event shall a series of specified violations arising from the same operative set of facts result in civil penalties that exceed a total of \$50,000. The court shall direct the penalty to be paid into the state treasury and deposited by the State Treasurer into the Stormwater Local Assistance Fund established pursuant to § 62.1-44.15:29.1.

2. Any locality serving as a VESMP authority shall adopt an ordinance providing that a violation of any ordinance or provision of its program adopted pursuant to this article, or any condition of a land-disturbance approval, shall be subject to a civil penalty. Such ordinance shall provide that any person who violates any applicable provision of this article or any ordinance or order of a locality issued pursuant to this article, or any condition of a land-disturbance approval issued by the locality, or fails to obtain a required land-disturbance approval, shall be subject to a civil penalty not to exceed \$5,000 for each violation with a limit of \$50,000 within the discretion of the court in a civil action initiated by the locality. Each day during which the violation is found to have existed shall constitute a separate offense. In no event shall a series of specified violations arising from the same operative set of facts result in civil penalties that exceed a total of \$50,000. Any civil penalties assessed by a court as a result of a summons issued by a locality as an approved VSMP authority shall be paid into the treasury of the locality wherein the land lies, except where the violator is the locality itself, or its agent. When the penalties are assessed by the court as a result of a summons issued by the Board or Department, or and used pursuant to subdivision A 2, except that where the violator is the locality itself, or its agent, the court shall direct the penalty to be paid into the state treasury and deposited by the State Treasurer into the Virginia Stormwater Management Local Assistance Fund established pursuant to § 62.1-44.15:29. Such civil penalties paid into the treasury of the locality in which the violation occurred are to be used for the purpose of minimizing, preventing, managing, or mitigating pollution of the waters of the locality and abating environmental pollution therein in such manner as the court may, by order, direct § 62.1-44.15:29.1.

B. Any person who willfully or negligently violates any provision of this article, any regulation or order of the Board, any order of a VSMP authority authorized to enforce this article or the Department, any ordinance of any locality approved as a VSMP authority, any condition of a permit or state permit, or any order of a court shall be guilty of a misdemeanor punishable by confinement in jail for not more than 12 months and a fine of not less than \$2,500 nor more than \$32,500, either or both. Any defendant that is not an individual shall, upon conviction of a violation under this subsection, be sentenced to pay a fine of not less than \$10,000. Each day of violation of each requirement shall constitute a separate offense.

C. Any person who knowingly violates any provision of this article, and who knows at that time that he thereby places another person in imminent danger of death or serious bodily harm, shall, upon conviction, be guilty of a felony punishable by a term of imprisonment of not less than two years nor more than 15 years and a fine of not more than \$250,000, either or both. A defendant that is not an individual shall, upon conviction of a violation under this subsection, be sentenced to pay a fine not exceeding the greater of \$1 million or an amount that is three times the economic benefit realized by the defendant as a result of the offense. The maximum penalty shall be doubled with respect to both fine and imprisonment for any subsequent conviction of the same person under this subsection.

D. Violation of any provision of this article may also include the following sanctions:

1. The Board, Department, or the VSMP authority, where authorized to enforce this article;

C. The violation of any provision of this article may also result in the following sanctions:

1. The Board may seek an injunction, mandamus, or other appropriate remedy pursuant to § 62.1-44.23. A locality serving as a VESMP authority may apply to the appropriate court in any jurisdiction wherein the land lies to enjoin a violation or a threatened violation of the provisions of this article or of the local ordinance without the necessity of showing that an adequate remedy at law does not exist a local ordinance or order or the conditions of a local land-disturbance approval. Any person violating or failing, neglecting, or refusing to obey any injunction, mandamus, or other remedy obtained pursuant to this article shall be subject, in the discretion of the court, to a civil penalty that shall be assessed and used in accordance with the provisions of subsection A or B, as applicable.

2. With the consent of any person who has violated or failed, neglected, or refused to obey any ordinance, any condition of a permit or state permit, any regulation or order of the Board, any order of the VSMP authority or the Department, or any provision of this article, the Board, Department, or VSMP authority may provide, in an order issued against such person, for the payment of civil charges for violations in specific sums, not to exceed the limit specified in this section. Such civil charges shall be instead of any appropriate civil penalty that could be imposed under this section. Any civil charges collected shall be paid to the locality or state treasury pursuant to subsection A. The Board or a locality serving as a VESMP authority may use the criminal provisions provided in § 62.1-44.32.

§ 62.1-44.15:49. Enforcement authority of MS4 localities.

A. Localities shall adopt a stormwater ordinance pursuant to the conditions of a MS4 permit that is consistent with this article and its associated regulations and that contains provisions including the Virginia Stormwater Management Program (VSMP) General Permit for Discharges of Stormwater from Construction Activities and shall include additional provisions. Each locality subject to an MS4 permit shall adopt an ordinance to implement a municipal separate storm sewer system management program that is consistent with this chapter and that contains provisions as required to comply with a state an MS4 permit. Such locality may utilize the civil penalty provisions in subsection A subdivision A 2 of § 62.1-44.15:48, the injunctive authority as provided for in subdivision D + subsection C of § 62.1-44.15:48, and the civil charges as authorized in subdivision D 2 of § 62.1-44.15:48 § 62.1-44.15:25.1, and the criminal provisions in § 62.1-44.32, to enforce the ordinance. At the request of another MS4, the locality may apply the penalties provided for in this section to direct or indirect discharges to any MS4 located within its jurisdiction.

B. Any person who willfully and knowingly violates any provision of such an ordinance is guilty of a Class 4 misdemeanor.

C. The local ordinance authorized by this section shall remain in full force and effect until the locality has been approved as a VSMP authority.

§ 62.1-44.15:52. Virginia Erosion and Sediment Control Program.

A. The Board shall develop a program and adopt regulations in accordance with the Administrative Process Act (§ 2.2-4000 et seq.) for the effective control of soil erosion, sediment deposition, and nonagricultural runoff that shall be met in any control program to prevent the unreasonable degradation of properties, stream channels, waters, and other natural resources. Stream restoration and relocation projects that incorporate natural channel design concepts are not man-made channels and shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this section or § 62.1-44.15:54 or 62.1-44.15:65. Any plan approved prior to July 1, 2014, that provides for stormwater management that addresses any flow rate capacity and velocity requirements for natural or man-made channels shall satisfy the flow rate capacity and velocity requirements for natural or man-made channels if the practices are designed to (i) detain the water ~~quality volume equal to the first one-half inch of runoff multiplied by the impervious surface of the land development project~~ and to release it over 48 hours; (ii) detain and release over a 24-hour period the expected rainfall resulting from the one-year, 24-hour storm; and (iii) reduce the allowable peak flow rate resulting from the 1.5-year, two-year, and 10-year, 24-hour storms to a level that is less than or equal to the peak flow rate from the site assuming it was in a good forested condition, achieved through multiplication of the forested peak flow rate by a reduction factor that is equal to the runoff volume from the site when it was in a good forested condition divided by the runoff volume from the site in its proposed condition, and shall be exempt from any flow rate capacity and velocity requirement for natural or man-made channels as defined in regulations promulgated pursuant to § 62.1-44.15:54 or 62.1-44.15:65. For plans approved on and after July 1, 2014, the flow rate capacity and velocity requirements of this subsection shall be satisfied by compliance with water quantity requirements in the *Virginia Erosion and Stormwater Management Act* (§ 62.1-44.15:24 et seq.) and attendant regulations, unless such land-disturbing activities are in accordance with the grandfathering provisions of the *Virginia Erosion and Stormwater Management Program (VSMP) Permit (VESMP) Regulations* or exempt pursuant to subdivision ~~€ 7 G 2~~ of § 62.1-44.15:34.

The regulations shall:

1. Be based upon relevant physical and developmental information concerning the watersheds and drainage basins of the Commonwealth, including, but not limited to, data relating to land use, soils, hydrology, geology, size of land area being disturbed, proximate water bodies and their characteristics, transportation, and public facilities and services;

2. Include such survey of lands and waters as may be deemed appropriate by the Board or required by any applicable law to identify areas, including multijurisdictional and watershed areas, with critical erosion and sediment problems; and

3. Contain conservation standards for various types of soils and land uses, which shall include criteria, techniques, and methods for the control of erosion and sediment resulting from land-disturbing activities.

B. The Board shall provide technical assistance and advice to, and conduct and supervise educational programs for VESCP authorities.

C. The Board shall adopt regulations establishing minimum standards of effectiveness of erosion and sediment control programs, and criteria and procedures for reviewing and evaluating the effectiveness of VESCPs. In developing minimum standards for program effectiveness, the Board shall consider information and standards on which the regulations promulgated pursuant to subsection A are based.

D. The Board shall approve VESCP authorities and shall periodically conduct a comprehensive program compliance review and evaluation to ensure that all VESCPs operating under the jurisdiction of this article meet minimum standards of effectiveness in controlling soil erosion, sediment deposition, and nonagricultural runoff. The Department shall develop a schedule for conducting periodic reviews and evaluations of the effectiveness of VESCPs unless otherwise directed by the Board. Such reviews where applicable shall be coordinated with those being implemented in accordance with the Stormwater Management Act (§ 62.1-44.15:24 et seq.) and associated regulations and the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) and associated regulations. The Department may also conduct a comprehensive or partial program compliance review and evaluation of a VESCP at a greater frequency than the standard schedule pursuant to subdivision (19) of § 62.1-44.15.

E. The Board shall issue certificates of competence certifications concerning the content, application, and intent of specified subject areas of this article and accompanying regulations, including program administration, plan review, and project inspection, to personnel of program authorities and to any other persons who have completed training programs or in other ways demonstrated adequate knowledge. The Department shall administer education and training programs for specified subject areas of this article and accompanying regulations, and is authorized to charge persons attending such programs reasonable fees to cover the costs of administering the programs. Such education and training programs shall also contain expanded components to address plan review and project inspection elements of the Virginia Erosion and Stormwater Management Act (§ 62.1-44.15:24 et seq.) and attendant regulations in accordance with § 62.1-44.15:30.

F. Department personnel conducting inspections pursuant to this article shall hold a certificate of competence certification as provided in subsection E.

§ 62.1-44.15:53. Certification of program personnel.

A. The minimum standards of VESCP effectiveness established by the Board pursuant to subsection C of § 62.1-44.15:52 shall provide that (i) an erosion and sediment control plan shall not be approved until it is reviewed by a certified plan reviewer; (ii) inspections of land-disturbing activities shall be conducted by a certified inspector; and (iii) a VESCP shall contain a certified program administrator, a certified plan reviewer, and a certified project inspector, who may be the same person.

B. Any person who holds a certificate of competence from the Board in the area of plan review, project inspection, or program administration that was attained prior to the adoption of the mandatory certification provisions of subsection A shall be deemed to satisfy the requirements of that area of certification.

C. Professionals registered in the Commonwealth pursuant to Article 1 (§ 54.1-400 et seq.) of Chapter 4 of Title 54.1 or a professional soil scientist as defined in § 54.1-2200 shall be deemed to satisfy the certification requirements have met the provisions of this section for the purposes of renewals of certifications.

§ 62.1-44.15:54. Virginia Erosion and Sediment Control Program.

A. Counties and cities shall adopt and administer a VESCP.

Any town lying within a county that has adopted its own VESCP may adopt its own program or shall become subject to the county program. If a town lies within the boundaries of more than one county, the town shall be considered for the purposes of this article to be wholly within the county in which the larger portion of the town lies. Any locality that has chosen not to establish a Virginia Erosion and Stormwater Management Program (VESMP) pursuant to subdivision B 3 of § 62.1-44.15:27 shall administer a VESCP in accordance with this article; however, a town may enter into an agreement with a county to administer the town's VESCP pursuant to subsection C of § 62.1-44.15:27.

B. A VESCP authority may enter into agreements or contracts with soil and water conservation districts, adjacent localities, or other public or private entities to assist with carrying out the provisions of this article, including the review and determination of adequacy of erosion and sediment control plans submitted for land-disturbing activities on a unit or units of land as well as for monitoring, reports, inspections, and enforcement where authorized in this article, of such land-disturbing activities.

C. Any VESCP adopted by a county, city, or town shall be approved by the Board if it establishes by ordinance requirements that are consistent with this article and associated regulations.

D. Each approved VESCP operated by a county, city, or town shall include provisions for the integration coordination of the VESCP with Virginia stormwater management, flood insurance, flood plain management, and other programs

requiring compliance prior to authorizing a land-disturbing activity in order to make the submission and approval of plans, issuance of permits, payment of fees, and coordination of inspection and enforcement activities more convenient and efficient both for the local governments and those responsible for compliance with the programs.

E. The Board may approve a state entity, federal entity, or, for linear projects subject to annual standards and specifications, electric, natural gas, and telephone utility companies; interstate and intrastate natural gas pipeline companies; railroad companies; or authorities created pursuant to § 15.2-5102 to operate a VESCP consistent with the requirements of this article and its associated regulations and the VESCP authority's Department approved annual standards and specifications. For these programs, enforcement shall be administered by the Department and the Board where applicable in accordance with the provisions of this article shall conduct compliance reviews of VESCPs in accordance with subdivision (19) of § 62.1-44.15. The Board or Department also may require any locality that is a VESCP authority to furnish when requested any information as may be required to accomplish the purposes of this article.

F. Following completion of a compliance review of a VESCP in accordance with subsection D of § 62.1-44.15:52, the Department shall provide results and compliance recommendations to the Board in the form of a corrective action agreement if deficiencies are found; otherwise, the Board may find the program compliant. If a comprehensive or partial program compliance review conducted by the Department of a VESCP indicates that the VESCP authority has not administered, enforced where authorized to do so, or conducted its VESCP in a manner that satisfies the minimum standards of effectiveness established pursuant to subsection C of § 62.1-44.15:52, the Board shall establish a schedule for the VESCP authority to come into compliance. The Board shall provide a copy of its decision to the VESCP authority that specifies the deficiencies, actions needed to be taken, and the approved compliance schedule required to attain the minimum standard of effectiveness and shall include an offer to provide technical assistance to implement the corrective action. If the VESCP authority has not implemented the necessary compliance actions identified by the Board within 30 days following receipt of the corrective action agreement, or such additional period as is granted to complete the implementation of the corrective action, then the Board shall have the authority to (i) issue a special order to any VESCP, imposing a civil penalty not to exceed \$5,000 per day with the maximum amount not to exceed \$20,000 per violation for noncompliance with the state program; to be paid into the state treasury and deposited in the Virginia Stormwater Management Fund established by § 62.1-44.15:29 or (ii) revoke its approval of the VESCP. The Administrative Process Act (§ 2.2-4000 et seq.) shall govern the activities and proceedings of the Board and the judicial review thereof.

In lieu of issuing a special order or revoking the program, the Board is authorized to take legal action against a VESCP to ensure compliance.

G. If the Board revokes its approval of the VESCP of a county, city, or town, and the locality is in a district, the district, upon approval of the Board, shall adopt and administer a VESCP for the locality. To carry out its program, the district shall adopt regulations in accordance with the Administrative Process Act (§ 2.2-4000 et seq.) consistent with this article and associated regulations. The regulations may be revised from time to time as necessary. The program and regulations shall be available for public inspection at the principal office of the district.

H. If the Board (i) revokes its approval of a VESCP of a district, or of a county, city, or town not in a district, or (ii) finds that a local program consistent with this article and associated regulations has not been adopted by a district or a county, city, or town that is required to adopt and administer a VESCP, the Board shall find the VESCP authority provisional, and have the Department assist with the administration of the program until the Board finds the VESCP authority compliant with the requirements of this article and associated regulations. "Assisting with administration" includes but is not limited to the ability to review and comment on plans to the VESCP authority, to conduct inspections with the VESCP authority, and to conduct enforcement in accordance with this article and associated regulations.

I. If the Board revokes its approval of a state entity, federal entity, or, for linear projects subject to annual standards and specifications, electric, natural gas, and telephone utility companies; interstate and intrastate natural gas pipeline companies; railroad companies; or authorities created pursuant to § 15.2-5102, the Board shall find the VESCP authority provisional, and have the Department assist with the administration of the program until the Board finds the VESCP authority compliant with the requirements of this article and associated regulations. "Assisting with administration" includes the ability to review and comment on plans to the VESCP authority and to conduct inspections with the VESCP authority in accordance with this article and associated regulations.

J. F. Any VESCP authority that administers an erosion and sediment control program may charge applicants a reasonable fee to defray the cost of program administration. Such fee may be in addition to any fee charged for administration of a Virginia Stormwater Management Program, although payment of fees may be consolidated in order to provide greater convenience and efficiency for those responsible for compliance with the programs. A VESCP authority shall hold a public hearing prior to establishing a schedule of fees. The fee shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and the VESCP authority's expense involved.

K. The governing body of any county, city, or town, or a district board G. Any locality that is authorized to administer a VESCP, may adopt an ordinance or regulation where applicable providing that violations of any regulation or order of the Board, any provision of its program, any condition of a permit land-disturbance approval, or any provision of this article shall be subject to a civil penalty. The civil penalty for any one violation shall be not less than \$100 nor more than \$1,000. Each day during which the violation is found to have existed shall constitute a separate offense. In no event shall a series of specified violations arising from the same operative set of facts result in civil penalties that exceed a total of \$10,000, except that a series of violations arising from the commencement of land-disturbing activities without an approved plan for any site

shall not result in civil penalties that exceed a total of \$10,000. ~~Adoption of such an ordinance providing that violations are subject to a civil penalty shall be in lieu of criminal sanctions and shall preclude the prosecution of such violation as a misdemeanor under subsection A of § 62.1-44.15:63.~~ The penalties set out in this subsection are also available to the Board in its enforcement actions.

§ 62.1-44.15:55. Regulated land-disturbing activities; submission and approval of erosion and sediment control plan.

A. ~~Except as provided in § 62.1-44.15:56 for state agency and federal entity land-disturbing activities § 62.1-44.15:31 for a land-disturbing activity conducted by a state agency, federal entity, or other specified entity,~~ no person shall engage in any land-disturbing activity until he has submitted to the VESCP authority an erosion and sediment control plan for the land-disturbing activity and the plan has been reviewed and approved. ~~Upon the development of an online reporting system by the Department, but no later than July 1, 2014, a VESCP authority shall then be required to obtain evidence of Virginia Stormwater Management Program permit coverage where it is required prior to providing approval to begin land disturbance. Where land-disturbing activities involve lands under the jurisdiction of more than one VESCP, an erosion and sediment control plan may, at the request of one or all of the VESCP authorities, be submitted to the Department for review and approval rather than to each jurisdiction concerned. The Department may charge the jurisdictions requesting the review a fee sufficient to cover the cost associated with conducting the review. A VESCP may enter into an agreement with an adjacent VESCP regarding the administration of multijurisdictional projects whereby the jurisdiction that contains the greater portion of the project shall be responsible for all or part of the administrative procedures. Where Virginia Pollutant Discharge Elimination System permit coverage is required, a VESCP authority shall be required to obtain evidence of such coverage from the Department's online reporting system prior to approving the erosion and sediment control plan. A VESCP authority may enter into an agreement with an adjacent VESCP or VESMP authority regarding the administration of multijurisdictional projects specifying who shall be responsible for all or part of the administrative procedures. Should adjacent authorities fail to come to such an agreement, each shall be responsible for administering the area of the multijurisdictional project that lies within its jurisdiction.~~ Where the land-disturbing activity results from the construction of a single-family residence, an agreement in lieu of a plan may be substituted for an erosion and sediment control plan if executed by the VESCP authority.

B. The VESCP authority shall review erosion and sediment control plans submitted to it and grant written approval within 60 days of the receipt of the plan if it determines that the plan meets the requirements of this article and the Board's regulations and if the person responsible for carrying out the plan certifies that he will properly perform the erosion and sediment control measures included in the plan and shall comply with the provisions of this article. In addition, as a prerequisite to engaging in the land-disturbing activities shown on the approved plan, the person responsible for carrying out the plan shall provide the name of an individual holding a certificate of ~~competence~~ to the VESCP authority, as provided by § 62.1-44.15:52, who will be in charge of and responsible for carrying out the land-disturbing activity. However, any VESCP authority may waive the certificate of ~~competence~~ requirement for an agreement in lieu of a plan for construction of a single-family residence. If a violation occurs during the land-disturbing activity, then the person responsible for carrying out the agreement in lieu of a plan shall correct the violation and provide the name of an individual holding a certificate of ~~competence~~, as provided by § 62.1-44.15:52. Failure to provide the name of an individual holding a certificate of ~~competence~~ prior to engaging in land-disturbing activities may result in revocation of the approval of the plan and the person responsible for carrying out the plan shall be subject to the penalties provided in this article.

When a plan is determined to be inadequate, written notice of disapproval stating the specific reasons for disapproval shall be communicated to the applicant within 45 days. The notice shall specify the modifications, terms, and conditions that will permit approval of the plan. If no action is taken by the VESCP authority within the time specified in this subsection, the plan shall be deemed approved and the person authorized to proceed with the proposed activity. The VESCP authority shall act on any erosion and sediment control plan that has been previously disapproved within 45 days after the plan has been revised, resubmitted for approval, and deemed adequate.

C. The VESCP authority may require changes to an approved plan in the following cases:

1. Where inspection has revealed that the plan is inadequate to satisfy applicable regulations; or
2. Where the person responsible for carrying out the approved plan finds that because of changed circumstances or for other reasons the approved plan cannot be effectively carried out, and proposed amendments to the plan, consistent with the requirements of this article and associated regulations, are agreed to by the VESCP authority and the person responsible for carrying out the plan.

~~D. Electric, natural gas, and telephone utility companies, interstate and intrastate natural gas pipeline companies, and railroad companies shall, and authorities created pursuant to § 15.2-5102 may, file general erosion and sediment control standards and specifications annually with the Department for review and approval. Such standards and specifications shall be consistent with the requirements of this article and associated regulations and the Stormwater Management Act (§ 62.1-44.15:24 et seq.) and associated regulations where applicable. The specifications shall apply to:~~

1. ~~Construction, installation, or maintenance of electric transmission, natural gas, and telephone utility lines and pipelines, and water and sewer lines; and~~
2. ~~Construction of the tracks, rights-of-way, bridges, communication facilities, and other related structures and facilities of the railroad company.~~

The Department shall have 60 days in which to approve the standards and specifications. If no action is taken by the Department within 60 days, the standards and specifications shall be deemed approved. Individual approval of separate projects within subdivisions 1 and 2 is not necessary when approved specifications are followed. Projects not included in subdivisions 1 and 2 shall comply with the requirements of the appropriate VESCP. The Board shall have the authority to enforce approved specifications and charge fees equal to the lower of (i) \$1,000 or (ii) an amount sufficient to cover the costs associated with standard and specification review and approval, project inspections, and compliance.

E. Any person engaging, in more than one jurisdiction, in the creation and operation of a wetland mitigation or stream restoration bank or banks, which have been approved and are operated in accordance with applicable federal and state guidance, laws, or regulations for the establishment, use, and operation of wetlands mitigation or stream restoration banks, pursuant to a mitigation banking instrument signed by the Department of Environmental Quality, the Marine Resources Commission, or the U.S. Army Corps of Engineers, may, at the option of that person, file general erosion and sediment control standards and specifications for wetland mitigation or stream restoration banks annually with the Department for review and approval consistent with guidelines established by the Board.

The Department shall have 60 days in which to approve the specifications. If no action is taken by the Department within 60 days, the specifications shall be deemed approved. Individual approval of separate projects under this subsection is not necessary when approved specifications are implemented through a project-specific erosion and sediment control plan. Projects not included in this subsection shall comply with the requirements of the appropriate local erosion and sediment control program. The Board shall have the authority to enforce approved specifications and charge fees equal to the lower of (i) \$1,000 or (ii) an amount sufficient to cover the costs associated with standard and specification review and approval, projection inspections, and compliance. Approval of general erosion and sediment control specifications by the Department does not relieve the owner or operator from compliance with any other local ordinances and regulations including requirements to submit plans and obtain permits as may be required by such ordinances and regulations.

F. D. In order to prevent further erosion, a VESCP authority may require approval of an erosion and sediment control plan for any land identified by the VESCP authority as an erosion impact area.

G. E. For the purposes of subsections A and B, when land-disturbing activity will be required of a contractor performing construction work pursuant to a construction contract, the preparation, submission, and approval of an erosion and sediment control plan shall be the responsibility of the owner.

F. *Notwithstanding any other provisions of this article, the following activities are not required to comply with the requirements of this article unless otherwise required by federal law:*

1. *Disturbance of a land area of less than 10,000 square feet in size or less than 2,500 square feet in an area designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.). However, the governing body of the program authority may reduce this exception to a smaller area of disturbed land or qualify the conditions under which this exception shall apply;*

2. *Minor land-disturbing activities such as home gardens and individual home landscaping, repairs, and maintenance work;*

3. *Installation, maintenance, or repair of any individual service connection;*

4. *Installation, maintenance, or repair of any underground utility line when such activity occurs on an existing hard surfaced road, street, or sidewalk, provided the land-disturbing activity is confined to the area of the road, street, or sidewalk that is hard surfaced;*

5. *Installation, maintenance, or repair of any septic tank line or drainage field unless included in an overall plan for land-disturbing activity relating to construction of the building to be served by the septic tank system;*

6. *Permitted surface or deep mining operations and projects, or oil and gas operations and projects conducted pursuant to Title 45.1;*

7. *Clearing of lands specifically for bona fide agricultural purposes; the management, tilling, planting, or harvesting of agricultural, horticultural, or forest crops; livestock feedlot operations; agricultural engineering operations, including construction of terraces, terrace outlets, check dams, desilting basins, dikes, ponds, ditches, strip cropping, lister furrowing, contour cultivating, contour furrowing, land drainage, and land irrigation; or as additionally set forth by the Board in regulations. However, this exception shall not apply to harvesting of forest crops unless the area on which harvesting occurs is reforested artificially or naturally in accordance with the provisions of Chapter 11 (§ 10.1-1100 et seq.) of Title 10.1 or is converted to bona fide agricultural or improved pasture use as described in subsection B of § 10.1-1163;*

8. *Installation of fence and sign posts or telephone and electric poles and other kinds of posts or poles;*

9. *Shoreline erosion control projects on tidal waters when all of the land-disturbing activities are within the regulatory authority of and approved by local wetlands boards, the Marine Resources Commission, or the United States Army Corps of Engineers; however, any associated land that is disturbed outside of this exempted area shall remain subject to this article and the regulations adopted pursuant thereto;*

10. *Land-disturbing activities in response to a public emergency where the related work requires immediate authorization to avoid imminent endangerment to human health or the environment. In such situations, the VESMP authority shall be advised of the disturbance within seven days of commencing the land-disturbing activity, and compliance with the administrative requirements of subsection A is required within 30 days of commencing the land-disturbing activity;*

11. *Discharges to a sanitary sewer or a combined sewer system that are not from a land-disturbing activity; and*

12. Repair or rebuilding of the tracks, rights-of-way, bridges, communication facilities, and other related structures and facilities of a railroad company.

§ 62.1-44.15:57. Approved plan required for issuance of grading, building, or other permits; security for performance.

Agencies authorized under any other law to issue grading, building, or other permits for activities involving land-disturbing activities regulated under this article shall not issue any such permit unless the applicant submits with his application an approved erosion and sediment control plan ~~and~~, certification that the plan will be followed, and, ~~upon the development of an online reporting system by the Department but no later than July 1, 2014,~~ evidence of Virginia Stormwater Management Program Pollutant Discharge Elimination System permit coverage where it is required. Prior to issuance of any permit, the agency may also require an applicant to submit a reasonable performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement acceptable to the agency, to ensure that measures could be taken by the agency at the applicant's expense should he fail, after proper notice, within the time specified to initiate or maintain appropriate conservation action that may be required of him by the approved plan as a result of his land-disturbing activity. The amount of the bond or other security for performance shall not exceed the total of the estimated cost to initiate and maintain appropriate conservation action based on unit price for new public or private sector construction in the locality and a reasonable allowance for estimated administrative costs and inflation, which shall not exceed 25 percent of the estimated cost of the conservation action. If the agency takes such conservation action upon such failure by the permittee, the agency may collect from the permittee the difference should the amount of the reasonable cost of such action exceed the amount of the security held. Within 60 days of the achievement of adequate stabilization of the land-disturbing activity in any project or section thereof, the bond, cash escrow, letter of credit, or other legal arrangement, or the unexpended or unobligated portion thereof, shall be refunded to the applicant or terminated based upon the percentage of stabilization accomplished in the project or section thereof. These requirements are in addition to all other provisions of law relating to the issuance of such permits and are not intended to otherwise affect the requirements for such permits.

§ 62.1-44.15:58. Monitoring, reports, and inspections.

A. The VESCP authority (i) shall provide for periodic inspections of the land-disturbing activity and require that an individual holding a certificate of competence, as provided by § 62.1-44.15:52, ~~who~~ will be in charge of and responsible for carrying out the land-disturbing activity and (ii) may require monitoring and reports from the person responsible for carrying out the erosion and sediment control plan, to ensure compliance with the approved plan and to determine whether the measures required in the plan are effective in controlling erosion and sediment. However, any VESCP authority may waive the certificate of competence requirement for an agreement in lieu of a plan for construction of a single-family residence detached residential structure. The owner, permittee, or person responsible for carrying out the plan shall be given notice of the inspection. ~~If the VESCP authority, where authorized to enforce this article, or the Department determines that there is a failure to comply with the plan following an inspection, notice shall be served upon the permittee or person responsible for carrying out the plan by mailing with confirmation of delivery to the address specified in the permit application or in the plan certification, or by delivery at the site of the land-disturbing activities to the agent or employee supervising such activities. When the VESCP authority or the Board determines that there is a failure to comply with the conditions of land-disturbance approval or to obtain an approved plan or a land-disturbance approval prior to commencing land-disturbing activity, the VESCP authority or the Board may serve a notice to comply upon the owner or person responsible for carrying out the land-disturbing activity. Such notice to comply shall be served by delivery by facsimile, e-mail, or other technology; by mailing with confirmation of delivery to the address specified in the plan or land-disturbance application, if available, or in the land records of the locality; or by delivery at the site to a person previously identified to the VESCP authority by the owner. The notice to comply shall specify the measures needed to comply with the plan land-disturbance approval conditions or shall identify the plan approval or land-disturbance approval needed to comply with this article and shall specify the a reasonable time within which such measures shall be completed. In any instance in which a required land-disturbance approval has not been obtained, the VESCP authority or the Board may require immediate compliance. In any other case, the VESCP authority or the Board may establish the time for compliance by taking into account the risk of damage to natural resources and other relevant factors. Notwithstanding any other provision in this subsection, a VESCP authority or the Board may count any days of noncompliance as days of violation should the VESCP authority or the Board take an enforcement action. The issuance of a notice to comply by the Board shall not be considered a case decision as defined in § 2.2-4001. Upon failure to comply within the time specified, the permit any plan approval or land-disturbance approval may be revoked and the VESCP authority, where authorized to enforce this article, the Department,~~ or the Board may pursue enforcement as provided by § 62.1-44.15:63.

B. Notwithstanding the provisions of subsection A, a VESCP authority is authorized to enter into agreements or contracts with districts, adjacent localities, or other public or private entities to assist with the responsibilities of this article, including but not limited to the review and determination of adequacy of erosion and sediment control plans submitted for land-disturbing activities as well as monitoring, reports, inspections, and enforcement ~~where an authority is granted such powers by this article.~~

C. Upon issuance of an inspection report denoting a violation of this section, ~~or § 62.1-44.15:55 or 62.1-44.15:56,~~ in conjunction with or subsequent to a notice to comply as specified in subsection A, a VESCP authority, ~~where authorized to enforce this article, or the Department or the Board~~ may issue ~~an~~ a stop work order requiring that all or part of the

land-disturbing activities ~~permitted~~ on the site be stopped until the specified corrective measures have been taken or, if land-disturbing activities have commenced without an approved plan as provided in § 62.1-44.15:55, requiring that all of the land-disturbing activities be stopped until an approved plan ~~or any required permits are~~ is obtained. *When such an order is issued by the Board, it shall be issued in accordance with the procedures of the Administrative Process Act (§ 2.2-4000 et seq.).* Where the alleged noncompliance is causing or is in imminent danger of causing harmful erosion of lands or sediment deposition in waters within the watersheds of the Commonwealth, or where the land-disturbing activities have commenced without an approved erosion and sediment control plan ~~or any required permits, such an~~, such a stop work order may be issued whether or not the alleged violator has been issued a notice to comply as specified in subsection A. Otherwise, such an order may be issued only after the alleged violator has failed to comply with a notice to comply. The order for noncompliance with a plan shall be served in the same manner as a notice to comply, and shall remain in effect for seven days from the date of service pending application by the VESCP authority, the ~~Department Board~~, or alleged violator for appropriate relief to the circuit court of the jurisdiction wherein the violation was alleged to have occurred or other appropriate court. The *stop work* order for disturbance without an approved plan ~~or permits~~ shall be served upon the owner by mailing with confirmation of delivery to the address specified in the land records of the locality, shall be posted on the site where the disturbance is occurring, and shall remain in effect until such time as ~~permits and~~ plan approvals are secured, except in such situations where an agricultural exemption applies. If the alleged violator has not obtained an approved erosion and sediment control plan ~~or any required permit~~ within seven days from the date of service of the *stop work* order, the ~~Department Board~~ or the chief administrative officer or his designee on behalf of the VESCP authority may issue a subsequent order to the owner requiring that all construction and other work on the site, other than corrective measures, be stopped until an approved erosion and sediment control plan ~~and any required permits have~~ has been obtained. The subsequent order shall be served upon the owner by mailing with confirmation of delivery to the address specified in the ~~permit application plan~~ or the land records of the locality in which the site is located. The owner may appeal the issuance of any order to the circuit court of the jurisdiction wherein the violation was alleged to have occurred or other appropriate court. Any person violating or failing, neglecting, or refusing to obey an order issued by the ~~Department Board~~ or the chief administrative officer or his designee on behalf of the VESCP authority may be compelled in a proceeding instituted in the circuit court of the jurisdiction wherein the violation was alleged to have occurred or other appropriate court to obey same and to comply therewith by injunction, mandamus, or other appropriate remedy. Upon completion and approval of corrective action or obtaining an approved plan ~~or any required permits~~, the order shall immediately be lifted. Nothing in this section shall prevent ~~the Department, the Board, or the chief administrative officer or his designee on behalf of the VESCP authority~~ from taking any other action specified in § 62.1-44.15:63.

§ 62.1-44.15:60. Right of entry.

~~The Department, the VESCP authority, where authorized to enforce this article, In addition to the Board's authority set forth in § 62.1-44.20, a locality serving as a VESCP authority or any duly authorized agent of the Department or such VESCP authority thereof~~ may, at reasonable times and under reasonable circumstances, enter any establishment or upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations necessary in the enforcement of the provisions of this article.

In accordance with a performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement, a VESCP authority may also enter any establishment or upon any property, public or private, for the purpose of initiating or maintaining appropriate actions that are required by the ~~permit conditions associated with conditions imposed by the VESCP authority on a land-disturbing activity when a permittee an owner~~, after proper notice, has failed to take acceptable action within the time specified.

§ 62.1-44.15:62. Judicial appeals.

A. A final decision by a county, city, or town, when serving as a VESCP authority under this article, shall be subject to judicial review, provided that an appeal is filed within 30 days from the date of any written decision adversely affecting the rights, duties, or privileges of the person engaging in or proposing to engage in land-disturbing activities.

B. Final decisions of the Board; ~~Department, or district~~ shall be subject to judicial review in accordance with the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

§ 62.1-44.15:63. Penalties, injunctions and other legal actions.

~~A. Violators of § 62.1-44.15:55; 62.1-44.15:56, or 62.1-44.15:58 shall be guilty of a Class 4 misdemeanor.~~

~~B. Any person who has violated or failed, neglected, or refused to obey any regulation or order of the Board, any order, notice, or requirement of the Department or VESCP authority, any condition of a permit land-disturbance approval, or any provision of this article or associated regulation shall, upon a finding of an appropriate court, be assessed a civil penalty. If a locality or district serving as a VESCP authority has adopted a uniform schedule of civil penalties as permitted by subsection K G of § 62.1-44.15:54, such assessment shall be in accordance with the schedule. The VESCP authority or the Department Board may issue a summons for collection of the civil penalty. In any trial for a scheduled violation, it shall be the burden of the locality or Department Board or the VESCP authority to show the liability of the violator by a preponderance of the evidence. An admission or finding of liability shall not be a criminal conviction for any purpose. Any civil penalties assessed by a court shall be paid into the treasury of the locality wherein the land lies, except that where and are to be used solely for stormwater management capital projects, including (i) new stormwater best management practices; (ii) stormwater best management practice maintenance, inspection, or retrofitting; (iii) stream restoration; (iv) low-impact development projects; (v) buffer restoration; (vi) pond retrofitting; and (vii) wetlands restoration. A civil action for such violation or failure may be brought by the VESCP authority wherein the land lies or the ~~Department Board~~. § 62.1-44.15:64. Stop work orders by Board; civil penalties.

A. An aggrieved owner of property sustaining pecuniary damage resulting from a violation of an approved erosion and sediment control plan or required ~~permit land-disturbance approval~~, or from the conduct of land-disturbing activities commenced without an approved plan or required ~~permit land-disturbance approval~~, may give written notice of the alleged violation to the VESCP authority and to the ~~Director Board~~.

§ 62.1-44.15:65. Authorization for more stringent ordinances.

A. As part of a VESCP, a ~~district or~~ locality is authorized to adopt more stringent soil erosion and sediment control ~~regulations or~~ ordinances than those necessary to ensure compliance with the Board's regulations, provided that the more stringent ~~regulations or~~ ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of ~~an MS4 permit or~~ a locally adopted watershed management study and are determined by the ~~district or~~ locality to be necessary to prevent any further degradation to water resources, to address total maximum daily load requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ~~regulations or~~ ordinances, a public hearing is held after giving due notice. The VESCP authority shall report to the Board when more stringent ~~stormwater management regulations or erosion and sediment control~~ ordinances are determined to be necessary pursuant to this section. ~~However, this~~ *This process shall not be required when a VESCP authority chooses to reduce the threshold for regulating land-disturbing activities to a smaller area of disturbed land pursuant to § 62.1-44.15:55. B. Any provisions of an erosion and sediment control program in existence before July 1, 2012, that contains more stringent provisions than this article shall be exempt from the analysis requirements of subsection A.

§ 62.1-44.15:69. Powers and duties of the Board.

The Board is responsible for carrying out the purposes and provisions of this article and is authorized to:

1. Provide land use and development and water quality protection information and assistance to the various levels of local, regional, and state government within the Commonwealth.

§ 24.2-103. Powers and duties in general.

A. The State Board, through the Department of Elections, shall supervise and coordinate the work of the county and city electoral boards and of the registrars to obtain uniformity in their practices and proceedings and legality and purity in all elections. It shall make rules and regulations and issue instructions and provide information consistent with the election laws to the electoral boards and registrars to promote the proper administration of election laws. Electoral boards and

registrars shall provide information requested by the State Board and shall follow (i) the elections laws and (ii) the rules and regulations of the State Board insofar as they do not conflict with Virginia or federal law. The State Board shall post on the Internet within three business days any rules or regulations made by the State Board. Upon request and at a reasonable charge not to exceed the actual cost incurred, the State Board shall provide to any requesting political party or candidate, within three days of the receipt of the request, copies of any instructions or information provided by the State Board to the local electoral boards and registrars.

B. The State Board, through the Department of Elections, shall ensure that the members of the electoral boards and general registrars are properly trained to carry out their duties by offering training annually, or more often, as it deems appropriate, and without charging any fees to the electoral boards and general registrars for the training. The State Board shall set the training standards for the officers of election ~~to be fulfilled by the local electoral boards and general registrars. The State Board shall require certification that officers of election have been trained consistent with the training standards set by the Board. Such certification shall be submitted each year prior to the November general election by the local electoral board~~ and shall develop standardized training programs for the officers of election to be conducted by the local electoral boards and the general registrars. Training of the officers of election shall be conducted and certified as provided by § 24.2-115.2. The State Board shall provide standardized training materials for such training and shall also offer on the Department of Elections website a training course for officers of election. The content of the online training course shall be consistent with the standardized training programs developed pursuant to this section. The State Board shall review the standardized training materials and the content of the online training course every two years in the year immediately following a general election for federal office.

C. The State Board may institute proceedings pursuant to § 24.2-234 for the removal of any member of an electoral board who fails to discharge the duties of his office in accordance with law. The State Board may petition the local electoral board to remove from office any general registrar who fails to discharge the duties of his office according to law. The State Board may institute proceedings pursuant to § 24.2-234 for the removal of a general registrar if the local electoral board refuses to remove the general registrar and the State Board finds that the failure to remove the general registrar has a material adverse effect upon the conduct of either the registrar's office or any election. Any action taken by the State Board pursuant to this subsection shall require a recorded majority vote of the Board.

D. The State Board may petition a circuit court or the Supreme Court, whichever is appropriate, for a writ of mandamus or prohibition, or other available legal relief, for the purpose of ensuring that elections are conducted as provided by law.

E. The Department of Elections shall supervise its own staff to assure that no member of its staff shall serve (i) as the chairman of a political party or other officer of a state-, local-, or district-level political party committee or (ii) as a paid or volunteer worker in the campaign of a candidate for nomination or election to an office filled by election in whole or in part by the qualified voters of the Commonwealth.

G. A telephone call between two members of the Board preparing for a meeting shall not constitute a meeting under the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), provided that no discussion or deliberation takes place that would otherwise constitute a meeting.

§ 24.2-115. Appointment, qualifications, and terms of officers of election.

Each electoral board at its regular meeting in the first week of February of the year in which the terms of officers of election are scheduled to expire shall appoint officers of election. Their terms of office shall begin on March 1 following their appointment and continue, at the discretion of the electoral board, for a term not to exceed three years or until their successors are appointed.

Not less than three competent citizens shall be appointed for each precinct. However, a precinct having more than 4,000 registered voters shall have not less than five officers of election serving for a presidential election, and the electoral board shall appoint additional officers as needed to satisfy this requirement. Insofar as practicable, each officer shall be a qualified voter of the precinct he is appointed to serve, but in any case a qualified voter of the Commonwealth. In appointing the officers of election, representation shall be given to each of the two political parties having the highest and next highest number of votes in the Commonwealth for Governor at the last preceding gubernatorial election. The representation of the two parties shall be equal at each precinct having an even number of officers and shall vary by no more than one at each precinct having an odd number of officers. If practicable, officers shall be appointed from lists of nominations filed by the political parties entitled to appointments. The party shall file its nominations with the secretary of the electoral board at least 10 days before February 1 each year. The electoral board may appoint additional citizens who do not represent any political party to serve as officers. If practicable, no more than one-third of the total number of officers appointed for each precinct may be citizens who do not represent any political party.

Officers of election shall serve for all elections held in their respective precincts during their terms of office unless a substitute is required to be appointed pursuant to § 24.2-117 or the electoral board decides that fewer officers are needed for a particular election, in which case party representation shall be maintained as provided above. For a primary election involving only one political party, persons representing the political party holding the primary shall serve as the officers of election if possible.

The electoral board shall designate one officer as the chief officer of election and one officer as the assistant for each precinct. The officer designated as the assistant for a precinct, whenever practicable, shall not represent the same political

party as the chief officer for the precinct. Notwithstanding any other provision of this section, where representatives for one or both of the two political parties having the largest number of votes for Governor in the last preceding gubernatorial election are unavailable, the electoral board may designate as the chief officer and the assistant chief officer citizens who do not represent any political party. In such case, the electoral board shall provide notice to representatives of both parties at least 10 days prior to the election that it intends to use nonaffiliated officers so that each party shall have the opportunity to provide additional nominations. The electoral board may also appoint at least one officer of election who reports to the precinct at least one hour prior to the closing of the precinct and whose primary responsibility is to assist with closing the precinct and reporting the results of the votes at the precinct.

The electoral board shall instruct each chief officer and assistant in his duties not less than three nor more than 30 days before each election. Each electoral board may instruct each officer of election in his duties at an appropriate time or times before each November general election, and shall conduct training of the officers of election ~~consistent with the standards set by the State Board pursuant to subsection B of § 24.2-103. Each electoral board shall certify to the State Board that such training has been conducted every four years as provided by § 24.2-115.2.~~

Notwithstanding the provisions of § 24.2-117, if an officer of election is unable to serve at any election during his term of office, the electoral board may at any time appoint a substitute who shall hold office and serve for the unexpired term.

Additional officers shall be appointed in accordance with this section at any time that the electoral board determines that they are needed or as required by law.

If practicable, substitute officers or additional officers appointed after the electoral board's regular meeting in the first week of February shall be appointed from lists of nominations filed by the political parties entitled to appointments. The electoral board shall inform the political parties of its decision to make such appointments and the party shall file its nominations with the secretary of the electoral board within five business days.

The secretary of the electoral board shall prepare a list of the officers of election that shall be available for inspection and posted in the general registrar's office prior to March 1 each year. Whenever substitute or additional officers are appointed, the secretary shall promptly add the names of the appointees to the public list. Upon request and at a reasonable charge not to exceed the actual cost incurred, the secretary shall provide a copy of the list of the officers of election, including their party designation and precinct to which they are assigned, to any requesting political party or candidate.

§ 24.2-115.2. Officers of election; required training.

A. *Each officer of election shall receive training consistent with the standards set by the State Board pursuant to § 24.2-103. This training shall be conducted by the electoral boards and general registrars, using the standardized training programs and materials developed by the State Board for this purpose. However, any electoral board and general registrar may instead require that the officers of election complete the online training course provided by the State Board pursuant to subsection B of § 24.2-103. Each officer of election shall receive such training, or complete the online training course, before the first election in which he will be serving as an officer of election. Such requirement shall apply to each term for which the officer of election is appointed.*

B. *Notwithstanding the provisions of subsection A, each officer of election shall receive additional training or instruction whenever a change to election procedures is made to this title or to regulations that alters the duties or conduct of the officers of election. Such changes shall include changes to voting systems, electronic pollbook equipment or programming, voter identification requirements, and provisional ballot requirements. Such additional training shall be conducted or instruction given promptly after the law or regulation has taken effect, but not less than three days prior to the November general election.*

C. *Following any training conducted pursuant to this section, the electoral boards shall certify to the State Board that the officers of election in its jurisdiction have received the required training. Such certification shall include the dates of each completed training.*

§ 58.1-439.26. Tax credit for donations to certain scholarship foundations.

A. Notwithstanding the provisions of § 30-19.1:11, for taxable years beginning on or after January 1, 2013, but before January 1, 2028, a person shall be eligible to earn a credit against any tax due under Article 2 (§ 58.1-320 et seq.) or Article 10 (§ 58.1-400 et seq.), Chapter 12 (§ 58.1-1200 et seq.), Chapter 25 (§ 58.1-2500 et seq.), or Article 2 (§ 58.1-2620 et seq.) of Chapter 26 in an amount equal to 65 percent of the value of the monetary or marketable securities donation made by the person to a scholarship foundation included on the list published annually by the Department of Education in accordance with the provisions of § 58.1-439.28.

No tax credit shall be allowed under this article if the value of the monetary or marketable securities donation made by an individual is less than \$500. In addition, tax credits shall be issued only for the first \$125,000 in value of donations made by the individual during the taxable year. The maximum aggregate donations of \$125,000 for the taxable year for which tax credits may be issued and the minimum required donation of \$500 shall apply on an individual basis. Such limitation on the maximum amount of tax credits issued to an individual shall not apply to credits issued to any business entity, including a sole proprietorship.

B. Tax credits shall be issued to persons making monetary or marketable securities donations to scholarship foundations by the Department of Education on a first-come, first-served basis in accordance with procedures established by the Department of Education under the following conditions:

1. The total amount of tax credits that may be issued each fiscal year under this article shall not exceed \$25 million.

2. The amount of the credit shall not exceed the person's tax liability pursuant to Article 2 (§ 58.1-320 et seq.) or Article 10 (§ 58.1-400 et seq.), Chapter 12 (§ 58.1-1200 et seq.), Chapter 25 (§ 58.1-2500 et seq.), or Article 2 (§ 58.1-2620 et seq.) of Chapter 26, as applicable, for the taxable year for which the credit is claimed. Any credit not usable for the taxable year for which first allowed may be carried over for credit against the taxes imposed upon the person pursuant to Article 2 (§ 58.1-320 et seq.) or Article 10 (§ 58.1-400 et seq.), Chapter 12 (§ 58.1-1200 et seq.), Chapter 25 (§ 58.1-2500 et seq.), or Article 2 (§ 58.1-2620 et seq.) of Chapter 26, as applicable, in the next five succeeding taxable years or until the total amount of the tax credit has been taken, whichever is sooner.

The amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company shall be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

C. In a form approved by the Department of Education, the person seeking to make a monetary or marketable securities donation to a scholarship foundation or a scholarship foundation on behalf of such person shall request preauthorization for a specified tax credit amount from the Superintendent of Public Instruction. The Department of Education's preauthorization notice shall accompany the monetary or marketable securities donation from the person to the scholarship foundation, which shall, within ~~20~~ 40 days, return the notice to the Department of Education certifying the value and type of donation and date received. Upon receipt and approval by the Department of Education of the preauthorization notice with required supporting documentation and certification of the value and type of the donation by the scholarship foundation, the Superintendent of Public Instruction shall as soon as practicable, and in no case longer than 30 days, issue a tax credit certificate to the person eligible for the tax credit. The person shall attach the tax credit certificate to the applicable tax return filed with the Department of Taxation or the State Corporation Commission, as applicable. The Department of Education shall provide a copy of the tax credit certificate to the scholarship foundation.

Preauthorization notices not acted upon by a donor within 180 days of issuance shall be void. No tax credit shall be approved by the Department of Education for activities that are a part of a person's normal course of business.

§ 58.1-439.28. Guidelines for scholarship foundations.

A. As a condition for qualification by the Department of Education, a scholarship foundation, as defined in § 58.1-439.25 and included on the list published annually by the Department of Education pursuant to this section, shall disburse an amount at least equal to 90 percent of the value of the donations it receives (for which tax credits were issued under this article) during each 12-month period ending on June 30 by the immediately following June 30 for qualified educational expenses through scholarships to eligible students. Tax-credit-derived funds not used for such scholarships may only be used for the administrative expenses of the scholarship foundation. Any scholarship foundation that fails to ~~disburse at least 90 percent of any donated amount within the appropriate one-year period~~ *meet such disbursement requirement* shall, for the first offense, be required to pay a civil penalty equal to 200 percent of the difference between 90 percent of the ~~donated amount~~ *value of the tax-credit-derived donations it received in the applicable 12-month period* and the amount that was actually disbursed. Such civil penalty shall be remitted by the scholarship foundation to the Department of Education within 30 days after the end of the one-year period and deposited to the general fund. For a second offense within a five-year period, the scholarship foundation shall be removed from the annual list published pursuant to this section and shall not be entitled to request preauthorization for additional tax credits, nor shall it be entitled to receive and administer additional tax-credit-derived funds for two years. After two years, the scholarship foundation shall be eligible to reapply to be included on the annual list to receive and administer tax-credit derived funds. If a scholarship foundation is authorized to be added to the annual list after such reapplication, the scholarship foundation shall not be considered to have any previous offenses for purposes of this subsection. The required disbursement under this section shall begin with donations received for the period January 1, 2013, through June 30, 2014.

B. By September 30 of each year beginning in ~~2014~~ 2016, the scholarship foundation shall provide the following information to the Department of Education: (i) the total number and value of ~~contributions~~ *donations* received by the foundation ~~in its most recent fiscal year ended~~ *during the 12-month period ending on June 30 of the prior calendar year* for which tax credits were issued by the Superintendent of Public Instruction, (ii) the dates when such ~~contributions~~ *donations* were received, and (iii) the total number and dollar amount of qualified educational expenses scholarships ~~awarded from tax-credit-derived donations and~~ *disbursed by the scholarship foundation during its most recent fiscal year ended the 24-month period ending on June 30 of the current calendar year*. Any scholarship foundation that fails to provide this report by September 30 shall, for the first offense, be required to pay a \$1,000 civil penalty. Such civil penalty shall be remitted by the scholarship foundation to the Department of Education by November 1 of the same year and deposited to the general

fund. For a second offense within a five-year period, the scholarship foundation shall be removed from the annual list published pursuant to this section and shall not be entitled to request preauthorization for additional tax credits, nor shall it be entitled to receive and administer additional tax-credit-derived funds. After two years, the scholarship foundation shall be eligible to reapply to be included on the annual list to receive and administer tax-credit derived funds. If a scholarship foundation is authorized to be added to the annual list after such reapplication, the scholarship foundation shall not be considered to have any previous offenses for purposes of this subsection.

C. In awarding scholarships from tax-credit-derived funds, the scholarship foundation shall (i) provide scholarships for qualified educational expenses only to students whose family's annual household income is not in excess of 300 percent of the current poverty guidelines or eligible students with a disability, (ii) not limit scholarships to students of one school, and (iii) comply with Title VI of the Civil Rights Act of 1964, as amended. Payment of scholarships from tax-credit-derived funds by the eligible scholarship foundation shall be by individual warrant or check made payable to and mailed to the eligible school that the student's parent or legal guardian indicates. In mailing such scholarship payments, the eligible scholarship foundation shall include a written notice to the eligible school that the source of the scholarship was donations made by persons receiving tax credits for the same pursuant to this article.

D. Scholarship foundations shall ensure that schools selected by students to which tax-credit-derived funds may be paid (i) are in compliance with the Commonwealth's and locality's health and safety laws and codes; (ii) hold a valid occupancy permit as required by the locality; (iii) comply with Title VI of the Civil Rights Act of 1964, as amended; and (iv) are nonpublic schools that comply with nonpublic school accreditation requirements as set forth in § 22.1-19 and administered by the Virginia Council for Private Education or nonpublic schools that maintain an assessment system that annually measures scholarship students' progress in reading and math using a national norm-referenced achievement test, including but not limited to the Stanford Achievement Test, California Achievement Test, and Iowa Test of Basic Skills.

Eligible schools shall compile the results of any national norm-referenced achievement test for each of its students receiving tax-credit-derived scholarships and shall provide the respective parents or legal guardians of such students with a copy of the results on an annual basis, beginning with the first year of testing of the student. Such schools also shall annually provide to the Department of Education for each such student the achievement test results, beginning with the first year of testing of the student, and student information that would allow the Department to aggregate the achievement test results by grade level, gender, family income level, number of years of participation in the scholarship program, and race. Beginning with the third year of testing of each such student and test-related data collection, the Department of Education shall ensure that the achievement test results and associated learning gains are published on the Department of Education's website in accordance with such classifications and in an aggregate form as to prevent the identification of any student. Eligible schools shall annually provide to the Superintendent of Public Instruction graduation rates of its students participating in the scholarship program in a manner consistent with nationally recognized standards. In publishing and disseminating achievement test results and other information, the Superintendent of Public Instruction and the Department of Education shall ensure compliance with all student privacy laws.

E. The aggregate amount of scholarships provided to each student for any single school year by all eligible scholarship foundations from eligible donations shall not exceed the lesser of (i) the actual qualified educational expenses of the student or (ii) 100 percent of the per-pupil amount distributed to the local school division (in which the student resides) as the state's share of the standards of quality costs using the composite index of ability to pay as defined in the general appropriation act.

F. Scholarship foundations shall develop procedures for disbursing scholarships in quarterly or semester payments throughout the school year to ensure scholarships are portable.

G. Scholarship foundations that receive donations of marketable securities for which tax credits were issued under this article shall be required to sell such securities and convert the donation into cash immediately, but in no case more than 421 days after receipt of the donation.

H. Each scholarship foundation with total revenues (including the value of all donations) (i) in excess of \$100,000 for the foundation's most recent *fiscal* year ended shall have an audit or review performed by an independent certified public accountant of the foundation's donations received in such year for which tax credits were issued under this article; or (ii) of \$100,000 or less for the foundation's most recent *fiscal* year ended shall have a compilation performed by an independent certified public accountant of the foundation's donations received in such year for which tax credits were issued under this article. A summary report of the audit, review, or compilation shall be made available to the public and the Department of Education upon request. ~~As an appendix to the report, the scholarship foundation's board of directors shall certify (a) the total number and value of donations per locality received during the foundation's most recent year ended; (b) the total number and dollar amount of qualified educational expenses scholarships disbursed during the foundation's most recent year ended to every (1) student whose family's annual household income was not in excess of 300 percent of the current poverty guidelines or (2) eligible student with a disability; and (c) the percentage of first-time recipients to whom qualified educational expenses scholarships were disbursed in the foundation's most recent year ended.~~

I. The Department of Education shall publish annually on its website a list of each scholarship foundation qualified under this article. Once a foundation has been qualified by the Department of Education, it shall remain qualified until the Department removes the foundation from its annual list. The Department of Education shall remove a foundation from the annual list if it no longer meets the requirements of this article. The Department of Education may periodically require a qualified foundation to submit updated or additional information for purposes of determining whether or not the foundation continues to meet the requirements of this article.

J. Actions of the Superintendent of Public Instruction or the Department of Education relating to the awarding of tax credits under this article and the qualification of scholarship foundations shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.). Decisions of the Superintendent of Public Instruction or the Department of Education shall be final and not subject to review or appeal.

CHAPTER 768

An Act to amend and reenact § 58.1-3912 of the Code of Virginia, relating to local tax officials; electronic dissemination of tax bills and tax documents.

[S 690]

Approved April 20, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3912 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3912. Local tax officials to mail certain tax documents to taxpayers; penalties; electronic transmission.

A. The treasurer of every city and county shall, as soon as reasonably possible in each year, but not later than 14 days prior to the due date of the taxes, send or cause to be sent by United States mail to each taxpayer assessed with taxes and levies for that year a bill or bills setting forth the amounts due. The treasurer may elect not to send a bill amounting to \$20 or less as shown by an assessment book in such treasurer's office. The treasurer may employ the services of a mailing service or other vendor for fulfilling the requirements of this section. The failure of any such treasurer to comply with this section shall be a Class 4 misdemeanor. Such treasurer shall be deemed in compliance with this section as to any taxes due on real estate if, upon certification by the obligee of any note or other evidence of debt secured by a mortgage or deed of trust on such real estate that an agreement has been made with the obligor in writing within the mortgage or deed of trust instrument that such arrangements be made, he mails the bill for such taxes to the obligee thereof. Upon nonpayment of taxes by either the obligee or obligor, a past-due tax bill will be sent to the taxpayer. No governing body shall publish the name of a taxpayer in connection with a tax debt for which a bill was not sent, without first sending a notice of deficiency to his last known address at least two weeks before such publication.

B. The governing body of any county, city or town may attach to or mail with all real estate and tangible personal property tax bills, prepared for taxpayers in such locality, information indicating how the tax rate charged upon such property and revenue derived therefrom is apportioned among the various services and governmental functions provided by the locality.

C. Notwithstanding the provisions of subsection A of this section, in any county which has adopted the urban county executive form of government, and in any county contiguous thereto which has adopted the county executive form of government, tangible personal property tax bills shall be mailed not later than 30 days prior to the due date of such taxes.

D. Notwithstanding the provisions of subsection A of this section, any county and town, the governing bodies of which mutually agree, shall be allowed to send, to each taxpayer assessed with taxes, by United States mail no later than 14 days prior to the due date of the taxes, a single real property tax bill and a single tangible personal property tax bill.

E. Beginning with tax year 2006, in addition to all other information currently appearing on tangible personal property tax bills, each such bill required to be sent pursuant to subsection A shall state on its face (i) whether the vehicle is a qualifying vehicle as defined in § 58.1-3523; (ii) a statement indicating the reduced tangible personal property tax rates applied to qualifying vehicles resulting from the Commonwealth's reimbursements for tangible personal property tax relief pursuant to § 58.1-3524, and the locality's tangible personal property tax rate for its general class of tangible personal property, provided that such statement shall not be required for tax bills in any county, city, or town that will not receive any reimbursement pursuant to subsection B of § 58.1-3524; (iii) the vehicle's registration number pursuant to § 46.2-604; (iv) the amount of tangible personal property tax levied on the vehicle; and (v) if the locality prorates personal property tax pursuant to § 58.1-3516, the number of months for which a bill is being sent.

F. 1. Notwithstanding the provisions of subsection A *or the provisions of § 58.1-3330, 58.1-3518, or 58.1-3518.1*, the treasurer, *commissioner of the revenue, or other local tax official*, consistent with guidelines promulgated by the Department of Taxation implementing the provisions of subdivision 2 of § 58.1-1820, may convey, with the written consent of the taxpayer, any tax bill *or other tax document* by electronic means chosen by the taxpayer, including without limitation facsimile transmission or electronic mail (~~e-mail~~) (*email*), in lieu of posting such bill by first-class mail. The treasurer, *commissioner of the revenue, or other local tax official* conveying a bill *or other tax document* by means authorized in this subdivision shall maintain a copy (in written form or electronic media) of the bill *or document* reflecting the date of transmission until such time as the bill has been satisfied or otherwise removed from the ~~treasurer's~~ *books of the treasurer, commissioner of the revenue, or other local tax official* by operation of law. Transmission of a bill *or tax document* pursuant to this subsection shall have the same force and effect for all purposes arising under this subtitle as mailing to the taxpayer by first-class mail on the date of transmission.

2. The treasurer, *commissioner of the revenue, or other local taxing official* also may convey, with the consent of the taxpayer, any tax bill *or other document* by permitting the taxpayer to access his ~~tax bill information~~ *tax bill information* online from a database on the ~~treasurer's locality's or official's~~ *treasurer's locality's or official's* website. ~~Consent of the taxpayer under this subdivision may be obtained by the taxpayer indicating his consent online on the website, subject to reasonable verification of the taxpayer's identity.~~

3. Consent of the taxpayer under this subsection may be obtained from the taxpayer electronically, subject to reasonable verification of the taxpayer's identity.

G. Any solid waste disposal fee imposed by a county may be attached to, mailed with, or stated on the appropriate real estate tax bill.

[S 734]

Approved April 20, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-212.6, 22.1-212.7, 22.1-212.8, and 22.1-212.13 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 22.1-212.6:1 as follows:

§ 22.1-212.6. Establishment and operation of public charter schools; requirements.

~~A. A public charter school shall be subject to all federal and state laws and regulations and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, or need for special education services and shall be subject to any court-ordered desegregation plan in effect for the school division or, in the case of a regional public charter school, any court-ordered desegregation plan in effect for relevant school divisions.~~

Enrollment in a public charter school shall be open to any child who is deemed to reside within the relevant school division or, in the case of a regional public charter school, within any of the relevant school divisions, as set forth in § 22.1-3, through a lottery process on a space-available basis, except that in the case of the conversion of an existing public school, students who attend the school and the siblings of such students shall be given the opportunity to enroll in advance of the lottery process. A waiting list shall be established if adequate space is not available to accommodate all students whose parents have requested to be entered in the lottery process. Such waiting list shall also be prioritized through a lottery process and parents shall be informed of their student's position on the list.

B. A public charter school shall be administered and managed by a management committee, composed of parents of students enrolled in the school, teachers and administrators working in the school, and representatives of any community sponsors, in a manner agreed to by the public charter school applicant and the local school board. Pursuant to a charter contract ~~and as specified in § 22.1-212.7~~, a public charter school may operate free from specified school division policies and state regulations, and, as public schools, shall be subject to the requirements of the Standards of Quality, including the Standards of Learning and the Standards of Accreditation.

C. Pursuant to a charter agreement, a public charter school shall be responsible for its own operations, including, but not limited to, such budget preparation, contracts for services, and personnel matters as are specified in the charter agreement. A public charter school may negotiate and contract with a school division, the governing body of a public institution of higher education, or any third party for the use of a school building and grounds, the operation and maintenance thereof, and the provision of any service, activity, or undertaking which the public charter school is required to perform in order to carry out the educational program described in its charter. Any services for which a public charter school contracts with a school division shall not exceed the division's costs to provide such services.

D. As negotiated by contract, the local school board or the relevant school boards, in the case of regional public charter schools, may allow a public charter school to use vacant or unused properties or real estate owned by the school board. In no event shall a public charter school be required to pay rent for space which is deemed available, as negotiated by contract, in school division facilities. All other costs for the operation and maintenance of the facilities used by the public charter school shall be subject to negotiation between the public charter school and the school division or, in the case of a regional public charter school, between the regional public charter school and the relevant school divisions.

E. A public charter school shall not charge tuition.

§ 22.1-212.6:1. Applicability of other laws, regulations, policies, and procedures.

B. Public charter schools are subject to the same civil rights, health, and safety requirements applicable to other public schools in the Commonwealth, except as otherwise provided in this article.

C. Public charter schools are subject to the student assessment and accountability requirements applicable to other public schools in the Commonwealth, but nothing in this article precludes a public charter school from establishing additional student assessment measures that go beyond state requirements if the school's authorizer approves such measures.

D. Management committees of public charter schools are subject to and shall comply with the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

E. No public charter school shall discriminate against any individual on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, or need for special education services or any other unlawful basis, and each public charter school shall be subject to any court-ordered desegregation plan in effect for the school division.

F. No public charter school shall discriminate against any student on the basis of limited proficiency in English, and each public charter school shall provide students who have limited proficiency in English with appropriate services designed to teach such students English and the general curriculum, consistent with federal civil rights laws.

G. No public charter school shall engage in any sectarian practices in its educational program, admissions or employment policies, or operations.

§ 22.1-212.7. Contracts for public charter schools.

An approved charter application shall constitute an agreement, and its terms shall be the terms of a contract between the public charter school and the local school board or, in the case of a regional public charter school, between the regional public charter school and the relevant school boards. The contract between the public charter school and the local school board or relevant school boards shall reflect all agreements regarding the release of the public charter school from school division policies. Such contract between the public charter school and the local school board or relevant school boards shall reflect all requests for release of the public charter school from state regulations, consistent with the requirements of subsection B of § 22.1-212.6. The local school board or relevant school boards, on behalf of the public charter school, shall request such releases from the Board of Education. In addition to any such releases granted by the Board, all purchases made by a public charter school shall be exempt from the Virginia Public Procurement Act (§ 2.2-4300 et seq.), unless otherwise negotiated by contract.

A. Within 90 days of approval of a charter application, the local school board and the management committee of the approved public charter school shall execute a charter contract that clearly sets forth (i) the academic and operational performance expectations and measures by which the public charter school will be judged and (ii) the administrative relationship between the local school board and public charter school, including each party's rights and duties. Such 90-day period may be extended by a period not to exceed 30 days by mutual agreement of the parties. Such performance expectations and measures shall include applicable federal and state accountability requirements and may be refined or amended by mutual agreement after the public charter school has collected baseline achievement data for its enrolled students.

B. The academic and operational performance expectations and measures in the charter contract shall be based on a performance framework that clearly sets forth the academic and operational performance indicators, measures, and metrics that will guide the local school board's evaluations of each public charter school. The performance framework shall include indicators, measures, and metrics for:

- 1. Student academic proficiency;*
- 2. Student academic growth;*
- 3. Achievement gaps in both proficiency and growth between the major student subgroups based on gender, race, poverty status, special education status, English language learner status, and gifted status;*

- 6. Postsecondary education readiness of high school students;*
- 7. Financial performance and sustainability; and*
- 8. The performance and stewardship of the management committee, including compliance with all applicable laws, regulations, and terms of the charter contract.*

C. The performance framework shall allow the inclusion of additional rigorous, valid, and reliable indicators proposed by a public charter school to augment external evaluations of its performance, provided that the local school board approves the quality and rigor of such indicators and such indicators are consistent with the purposes of this article.

D. The performance framework shall require the disaggregation of all student performance data by major student subgroups based on gender, race, poverty status, special education status, English language learner status, and gifted status.

E. Annual performance targets shall be set by each public charter school and the local school board and shall be designed to help each school meet applicable federal, state, and local school board expectations.

F. The charter contract shall be signed by the chairman of the local school board and the president or chairman of the public charter school's management committee. Within 10 days of executing a charter contract, the local school board shall submit to the Board written notification of the charter contract execution, including a copy of the executed charter contract and any attachments.

G. No public charter school shall commence operations without a charter contract executed in accordance with this section and approved in an open meeting of the local school board.

H. If the charter application proposes a program to increase the educational opportunities for at-risk students, including those proposals for residential charter schools for at-risk students, the local school board or relevant school boards, as the case may be, on behalf of the public charter school, shall also request that the Board of Education approve an Individual School Accreditation Plan for the evaluation of the performance of the school as authorized by the Standards of Accreditation pursuant to 8 VAC 20-131-280 C of the Virginia Administrative Code.

I. Any material revision of the terms of the contract may be made only with the approval of the local school board or relevant school boards and the management committee of the public charter school.

CHAPTER 771

An Act to amend the Code of Virginia by adding a section numbered 56-235.11, relating to the Economic Development Infrastructure Act of 2016; voluntary program authorizing public utilities to acquire utility right-of-way for qualified economic development sites.

[S 748]

Approved April 20, 2016

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 56-235.11 as follows:

§ 56-235.11. Economic Development Programs.

A. As used in this section:

"Acquire utility right-of-way" means the planning, surveying, permitting, and acquisition of land, including options, easements, and other estates in land.

"Costs" includes depreciation, taxes, return on investment, and other land-related costs associated with costs incurred to acquire utility right-of-way pursuant to a Program.

"Economic Development Program" or "Program" means a program under which a utility is authorized by the Commission under this section to acquire utility right-of-way for a qualified economic development site.

"Partnership" means the Virginia Economic Development Partnership Authority.

"Qualified economic development site" means a site within the Commonwealth that has been certified by the Partnership pursuant to subsection B.

"Utility" means a public utility providing electric or natural gas service to retail customers in the Commonwealth.

B. The Partnership is authorized to certify that a site is a qualified economic development site if its President and Chief Executive Officer finds that:

1. The person with legal authority to develop the site is authorized to contract for the extension of utility service to the site;

2. The proposed development of the site is compliant with applicable zoning requirements and is consistent with the locality's comprehensive plan;

3. Applicable environmental surveys and reviews, including any wetlands survey, geotechnical borings, a topographical survey, a cultural resources review, an endangered species review, or a Phase I environmental site assessment, if required, are completed;

4. An estimate of the costs of the development of the site has been prepared and provided to the Partnership; and

5. The acquisition of utility right-of-way for the site will further the creation of new jobs and capital investment in the Commonwealth by facilitating the location of one or more significant economic development projects in the Commonwealth.

C. A utility proposing an Economic Development Program shall file a proposal with the Commission for review. A proposal for approval of a Program shall (i) include an analysis of how implementation of the Program will provide significant economic development benefits and (ii) identify prospective customers to be served under the Program, to the extent reasonably foreseeable.

D. The Commission shall approve, or approve with appropriate modifications, a proposed Program if it finds that:

1. The implementation of the proposed Program will provide significant economic development benefits that might not otherwise be attained absent the Commission's approval of the proposed Program;

2. The Program, if proposed:

a. By a natural gas utility, authorizes the utility to recover its costs incurred in implementing the Program through a supplemental surcharge payable only by its retail customers at the qualified economic development site that connect to natural gas line extensions installed in utility right-of-way or other interests in real property acquired through the Program. The Program shall require the utility to charge any such customers for service at standard tariff provisions applicable to such customers, in addition to the surcharge. The amount of the surcharge shall provide only for the recovery of that portion of the costs, including costs deferred from the time incurred until the Commission authorizes the utility to commence assessing such surcharge, that would not be supported by the utility's estimated revenue from such customers under the utility's otherwise applicable rate schedules. The surcharge shall remain in effect until the costs are recovered from such customers; however, the Commission shall be authorized from time to time to adjust the surcharge payable by each such customer if the number of customers changes during such period in order to provide that the surcharges are assessed in an equitable and nondiscriminatory manner based on each customer's consumption of natural gas at the qualified economic development site; or

b. By an electric utility, will authorize the utility to recover its transmission-related costs incurred in implementing the Program through a rate adjustment clause pursuant to subdivision A 4 of § 56-585.1.

3. The proposed acquisition of utility right-of-way would not otherwise be immediately supported by expected revenues from new loads served under the Program at the qualified economic development site;

4. The utility's capital investment does not exceed \$10 million in the aggregate of all of the utility's Programs or \$5 million for any specific qualified economic development site;

5. The associated charges resulting from implementation of the Program if proposed by a natural gas utility will not impact the rates of customers other than customers receiving service at the qualified economic development site;

6. The proposed Program otherwise meets the requirements of this section;

7. The Partnership has certified pursuant to subsection B that the site for which the utility proposes to acquire utility right-of-way under the proposed Program is a qualified economic development site;

8. The utility's assumptions regarding prospective loads connected to service extensions made under the Program are not unduly speculative; and

9. The Program is not otherwise contrary to the public interest.

E. After Commission review and absent action by the Commission to the contrary, the Program shall take effect 180 days following the date on which the proposal for the Program was filed. Any proposed amendment to a Program following

its implementation shall be submitted to the Commission at least 90 days prior to the proposed effective date thereof and, absent action by the Commission to the contrary, the amendment shall become effective on such date.

F. The Commission's approval of a proposed Program shall authorize:

1. The utility to acquire utility right-of-way for the ordinary extension of utility facilities in the normal course of business to one or more qualified economic development sites as provided in the approved Program; and

2. A natural gas utility to recover costs incurred in implementing the Program through a supplemental surcharge as described in subdivision D 2 a.

G. A utility, in implementing a Program, shall in good faith coordinate the acquisition of right-of-way with other utilities so that any facilities ultimately to be constructed may be collocated to the extent feasible.

H. In calculating the natural gas utility's return on the investment with regard to costs incurred in implementing a Program, the Commission shall use the natural gas utility's regulatory capital structure, including the cost of equity most recently approved by the Commission. J. A utility may request proprietary treatment of any and all supporting materials regarding prospective loads to be served under a Program.

§ 8.01-195.6. Notice of claim.

A. Every claim cognizable against the Commonwealth or a transportation district shall be forever barred unless the claimant or his agent, attorney or representative has filed a written statement of the nature of the claim, which includes the time and place at which the injury is alleged to have occurred and the agency or agencies alleged to be liable, within one year after such cause of action accrued. *Failure to provide such statement shall not bar a claim against the Commonwealth or a transportation district, provided that (i) for claims against the Commonwealth, the Division of Risk Management or any insurer or entity providing coverage or indemnification of the claim or the Attorney General or (ii) for claims against a transportation district, the chairman of the commission of the transportation district, had actual knowledge of the claim, which includes the nature of the claim, the time and place at which the injury is alleged to have occurred, and the agency or agencies alleged to be liable, within one year after such cause of action accrued.* However, if the claimant was under a disability at the time the cause of action accrued, the tolling provisions of § 8.01-229 shall apply.

B. If the claim is against the Commonwealth, the statement shall be filed with the Director of the Division of Risk Management or the Attorney General. If the claim is against a transportation district, the statement shall be filed with the chairman of the commission of the transportation district.

C. The notice is deemed filed when it is received in the office of the official to whom the notice is directed. The notice may be delivered by hand, by any form of United States mail service (including regular, certified, registered or overnight mail), or by commercial delivery service.

D. In any action contesting the filing of the notice of claim, the burden of proof shall be on the claimant to establish receipt of the notice in conformity with this section. A signed United States mail return receipt indicating the date of delivery, or any other form of signed and dated acknowledgment of delivery given by authorized personnel in the office of the official with whom the statement is filed, shall be prima facie evidence of filing of the notice under this section.

E. Claims against the Commonwealth involving medical malpractice shall be subject to the provisions of this article and to the provisions of Chapter 21.1 (§ 8.01-581.1 et seq.) of this title. However, the recovery in such a claim involving medical malpractice shall not exceed the limits imposed by § 8.01-195.3.

§ 8.01-195.7. Statute of limitations.

Every claim cognizable against the Commonwealth or a transportation district under this article shall be forever barred, unless within one year after the cause of action accrues to the claimant the notice of claim required by § 8.01-195.6 is properly filed. An action may be commenced pursuant to § 8.01-195.4 (i) upon denial of the claim by the Attorney General or the Director of the Division of Risk Management or, in the case of a transportation district, by the chairman of the commission of that district or (ii) after the expiration of six months from the date of filing the notice of claim unless, within that period, the claim has been compromised and discharged pursuant to § 8.01-195.5. All claims against the Commonwealth or a transportation district under this article shall be forever barred unless such action is commenced within ~~eighteen~~ 18 months of the filing of the notice of claim, or within two years after the cause of action accrues.

The limitations periods prescribed by this section and § 8.01-195.6 shall be subject to the tolling provision of § 8.01-229 and the pleading provision of § 8.01-235. Additionally, claims involving medical malpractice in which the notice required by this section and § 8.01-195.6 has been given shall be subject to the provisions of § 8.01-581.9. Notwithstanding the provisions of this section, if notice of claim against the Commonwealth was filed prior to July 1, 1984, any claimant so filing shall have two years from the date such notice was filed within which to commence an action pursuant to § 8.01-195.4.

§ 15.2-209. Notice to be given to counties, cities, and towns of tort claims for damages.

A. Every claim cognizable against any county, city, or town for negligence shall be forever barred unless the claimant or his agent, attorney, or representative has filed a written statement of the nature of the claim, which includes the time and place at which the injury is alleged to have occurred, within six months after such cause of action accrued. *Failure to provide such statement shall not bar a claim against any county, city, or town, provided that the attorney, chief executive, or mayor of such locality, or any insurer or entity providing coverage or indemnification of the claim, had actual knowledge of the claim, which includes the nature of the claim and the time and place at which the injury is alleged to have occurred, within six months after such cause of action accrued.* However, if the claimant was under a disability at the time the cause of action accrued, the tolling provisions of § 8.01-229 shall apply.

B. The statement shall be filed with the county, city, or town attorney or with the chief executive or mayor of the county, city, or town.

C. The notice is deemed filed when it is received in the office of the official to whom the notice is directed. The notice may be delivered by hand, by any form of United States mail service (including regular, certified, registered or overnight mail), or by commercial delivery service.

D. In any action contesting the filing of the notice of claim, the burden of proof shall be on the claimant to establish receipt of the notice in conformity with this section. A signed United States mail return receipt indicating the date of delivery, or any other form of signed and dated acknowledgment of delivery, given by authorized personnel in the office of the official with whom the statement is filed, shall be prima facie evidence of filing of the notice under this section.

E. This section does not, and shall not be construed to, abrogate, limit, expand or modify the sovereign immunity of any county, city, town, or any officer, agent or employee of the foregoing.

F. This section, on and after June 30, 1954, shall take precedence over the provisions of all charters and amendments thereto of municipal corporations in conflict herewith granted prior to such date. It is further declared that as to any such charter or amendment thereto, granted on and after such date, that any provision therein in conflict with this section shall be deemed to be invalid as being in conflict with Article IV, Section 12 of the Constitution of Virginia unless such conflict be stated in the title to such proposed charter or amendment thereto by the words "conflicting with § 15.2-209 of the Code" or substantially similar language.

G. The provisions of this section are mandatory and shall be strictly construed. This section is procedural and compliance with its provisions is not jurisdictional.

C. Public officers improperly selected due to the failure of the public body to comply with the other provisions of this section shall be de facto officers and, as such, their official actions are valid until they obtain notice of the legal defect in their election.

D. Nothing in this section shall be construed to prevent the holding of conferences between two or more public bodies, or their representatives, but these conferences shall be subject to the same procedures for holding closed meetings as are applicable to any other public body.

E. This section shall not be construed to (i) require the disclosure of any contract between the Department of Health Professions and an impaired practitioner entered into pursuant to Chapter 25.1 (§ 54.1-2515 et seq.) of Title 54.1 or (ii) require the board of directors of any authority created pursuant to the Industrial Development and Revenue Bond Act (§ 15.2-4900 et seq.), or any public body empowered to issue industrial revenue bonds by general or special law, to identify a business or industry to which subdivision A 5 applies. However, such business or industry shall be identified as a matter of public record at least 30 days prior to the actual date of the board's authorization of the sale or issuance of such bonds.

§ 23-9.6:1. Duties of Council generally.

In addition to such other duties as may be prescribed elsewhere, the State Council of Higher Education shall:

1. Develop a statewide strategic plan that (i) reflects the goals set forth in subsection B of § 23-38.88 or (ii) once adopted, reflects the goals and objectives developed pursuant to subdivision B 5 of § 23-38.87:20 for higher education in the Commonwealth, identifies a coordinated approach to such state and regional goals, and emphasizes the future needs for higher education in Virginia at both the undergraduate and the graduate levels, as well as the mission, programs, facilities

and location of each of the existing institutions of higher education, each public institution's six-year plan, and such other matters as the Council deems appropriate. The Council shall revise such plans at least once every six years and shall submit such recommendations as are necessary for the implementation of the plan to the Governor and the General Assembly.

2. Review and approve or disapprove any proposed change in the statement of mission of any presently existing public institution of higher education and to define the mission of all public institutions of higher education created after the effective date of this provision. The Council shall, within the time prescribed in subdivision 1, make a report to the Governor and the General Assembly with respect to its actions hereunder. No such actions shall become effective until 30 days after adjournment of the session of the General Assembly next following the filing of such a report. Nothing contained in this provision shall be construed to authorize the Council to modify any mission statement adopted by the General Assembly, nor to empower the Council to affect, either directly or indirectly, the selection of faculty or the standards and criteria for admission of any public institution, whether related to academic standards, residence or other criteria; it being the intention of this section that faculty selection and student admission policies shall remain a function of the individual institutions.

3. Study any proposed escalation of any public institution to a degree-granting level higher than that level to which it is presently restricted and to submit a report and recommendation to the Governor and the General Assembly relating to the proposal. The study shall include the need for and benefits or detriments to be derived from the escalation. No such institution shall implement any such proposed escalation until the Council's report and recommendation have been submitted to the General Assembly and the General Assembly approves the institution's proposal.

4. Review and approve or disapprove all enrollment projections proposed by each public institution of higher education. The Council's projections shall be in numerical terms by level of enrollment and shall be used for budgetary and fiscal planning purposes only. The Council shall develop estimates of the number of degrees to be awarded by each institution and include those estimates in its reports of enrollment projections. The student admissions policies for the institutions and their specific programs shall remain the sole responsibility of the individual boards of visitors; however, all four-year institutions shall adopt dual admissions policies with the community colleges, as required by § 23-9.2:3.02.

5. Review and approve or disapprove all new academic programs which any public institution of higher education proposes. As used herein, "academic programs" include both undergraduate and graduate programs.

6. Review and require the discontinuance of any undergraduate or graduate academic program that is presently offered by any public institution of higher education when the Council determines that such academic program is (i) nonproductive in terms of the number of degrees granted, the number of students served by the program, the program's effectiveness, and budgetary considerations, or (ii) supported by state funds and is unnecessarily duplicative of academic programs offered at other public institutions of higher education in the Commonwealth. The Council shall make a report to the Governor and the General Assembly with respect to the discontinuance of any such academic program. No such discontinuance shall become effective until 30 days after the adjournment of the session of the General Assembly next following the filing of such report.

7. Review and approve or disapprove the creation and establishment of any department, school, college, branch, division or extension of any public institution of higher education that such institution proposes to create and establish. This duty and responsibility shall be applicable to the proposed creation and establishment of departments, schools, colleges, branches, divisions and extensions, whether located on or off the main campus of the institution in question. If any organizational change is determined by the Council to be proposed solely for the purpose of internal management and the institution's curricular offerings remain constant, the Council shall approve the proposed change. Nothing in this provision shall be construed to authorize the Council to disapprove the creation and establishment of any department, school, college, branch, division or extension of any institution that has been created and established by the General Assembly.

8. Review the proposed closure of any academic program in a high demand or critical shortage area, as defined by the Council, by any public institution of higher education and assist in the development of an orderly closure plan, when needed.

9. Develop a uniform, comprehensive data information system designed to gather all information necessary to the performance of the Council's duties. The system shall include information on admissions, enrollments, self-identified students with documented disabilities, personnel, programs, financing, space inventory, facilities and such other areas as the Council deems appropriate. When consistent with the Government Data Collection and Dissemination Practices Act, the Virginia Unemployment Compensation Act, and applicable federal law, the Council, acting solely or in partnership with the Virginia Department of Education or the Virginia Employment Commission, may contract with private entities to create de-identified student records for the purpose of assessing the performance of institutions and specific programs relative to the workforce needs of the Commonwealth. For the purposes of this section, "de-identified student records" means records in which all personally identifiable information has been removed.

10. Develop in cooperation with institutions of higher education guidelines for the assessment of student achievement. An institution shall use an approved program that complies with the guidelines of the Council and is consistent with the institution's mission and educational objectives in the development of such assessment. The Council shall report the institutions' assessments of student achievement in the biennial revisions to the state's master plan for higher education.

11. Develop in cooperation with the appropriate state financial and accounting officials and to establish uniform standards and systems of accounting, record keeping and statistical reporting for the public institutions of higher education.

12. Review biennially and approve or disapprove all changes in the inventory of educational and general space that any public institution of higher education may propose, and to make a report to the Governor and the General Assembly with

respect thereto. No such change shall be made until 30 days after the adjournment of the session of the General Assembly next following the filing of such report.

13. Visit and study the operations of each of the public institutions of higher education at such times as the Council shall deem appropriate and to conduct such other studies in the field of higher education as the Council deems appropriate or as may be requested by the Governor or the General Assembly.

14. Provide advisory services to private, accredited and nonprofit institutions of higher education, whose primary purpose is to provide collegiate or graduate education and not to provide religious training or theological education, on academic, administrative, financial and space utilization matters. The Council may also review and advise on joint activities, including contracts for services between such public and private institutions of higher education or between such private institutions and any agency of the Commonwealth or political subdivision thereof.

15. Adopt such rules and regulations as the Council believes necessary to implement all of the Council's duties and responsibilities as set forth in this Code. The various public institutions of higher education shall comply with such rules and regulations.

16. Issue guidelines consistent with the provisions of the federal Family Education Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g requiring public institutions of higher education to release a student's academic and disciplinary record to a student's parent.

17. Require that each institution of higher education formed, chartered, or established in the Commonwealth after July 1, 1980, shall ensure the preservation of student transcripts in the event of institutional closure or revocation of approval to operate in the Commonwealth of Virginia. An institution may provide for the preservation of student transcripts by binding agreement with another institution of higher education with which it is not corporately connected or in such other way as the Council may authorize by regulation. In the event an institution closes, or has its approval to operate in the Commonwealth revoked, the Council, through its Director, may take such action as is necessary to secure and preserve the student transcripts until such time as an appropriate institution accepts all or some of the transcripts. Nothing in this section shall be deemed to interfere with the right of a student to his own transcripts; nor shall this section authorize disclosure of student records except as may otherwise be authorized by law.

18. Require the development and submission of articulation, dual admissions, and guaranteed admissions agreements between two-year and four-year public institutions of higher education in Virginia.

19. Provide periodic updates of base adequacy funding guidelines adopted by the Joint Subcommittee Studying Higher Education Funding Policies for the various public institutions.

20. Develop a uniform certificate of general studies program, in consultation with the Virginia Community College System and Virginia public institutions of higher education, to be offered at each community college in Virginia. Such program shall ensure that a community college student who completes the one-year certificate program shall be able to transfer all credits earned in academic subject coursework to a four-year public institution of higher education in the Commonwealth upon acceptance to the institution.

21. *Assist the Virginia Research Investment Committee with the administration of the Virginia Research Investment Fund consistent with the provisions of Chapter 28 (§ 23-304 et seq.).*

In carrying out its duties and responsibilities, the Council, insofar as practicable, shall preserve the individuality, traditions and sense of responsibility of the respective institutions. The Council, insofar as practicable, shall seek the assistance and advice of the respective institutions in fulfilling all of its duties and responsibilities.

2. No more than \$4 million of moneys so invested, net of any administrative fee assessed pursuant to subsection E of § 51.1-124.38, may be awarded through grants or loans in a fiscal year for any purpose permitted by this chapter. At the direction of the Committee, the State Comptroller may annually request a disbursement of \$4 million from the moneys invested by the Board of the Virginia Retirement System, to be held with other moneys in the Fund not subject to such investment. § 23-307. Award from Virginia Research Investment Fund.

A. The Council, in consultation with the Committee, shall establish guidelines, procedures, and objective criteria for the application for and award of grants and loans from the Fund. Such guidelines, procedures, and criteria, and any updates thereto, shall be submitted to the House Committee on Appropriations and the Senate Committee on Finance. The criteria for the award of grants and loans shall consider other grants, awards, loans, or funds awarded to the proposed program or project by the Commonwealth and shall require an applicant to indicate other applications for state grants, awards, loans, or funds currently pending at the time of the application for an award from the Fund. The criteria shall consider the potential of the program or project for which a grant or loan is sought to (i) culminate in the commercialization of research; (ii) culminate in the formation or spin-off of viable bioscience, biotechnology, cybersecurity, genomics, or similar companies; (iii) promote the build-out of scientific areas of expertise in science and technology; (iv) promote applied research and development; (v) provide modern facilities or infrastructure for research and development; (vi) result in significant capital investment and job creation; or (vii) promote collaboration among the public institutions of higher education in the Commonwealth. The award of a grant or loan from the Fund shall be subject to any terms and conditions set forth by the Committee for the award. All decisions by the Committee shall be final and not subject to further review or appeal. The Governor may announce any award approved by the Committee.

§ 51.1-124.38. Investment of assets of the Virginia Research Investment Fund.

A. In addition to such other powers as shall be vested in the Board, the Board shall have the full power to invest, reinvest, and manage those portions of the Virginia Research Investment Fund (the Fund), established pursuant to Chapter 28 (§ 23-304 et seq.) of Title 23, designated by the General Assembly for investment by the Board pursuant to subsection B of § 23-305. The Board shall make an annual distribution of such invested moneys to the Comptroller pursuant to subdivision B of § 23-305.

B. The Board shall invest the assets of the Fund with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims. The Board shall also diversify such investments so as to minimize the risk of large losses unless under the circumstances it is clearly prudent not to do so.

C. No officer, director, or member of the Board or of any advisory committee of the Retirement System or any of its tax-exempt subsidiary corporations whose actions are within the standard of care set forth in subsection B shall be held personally liable for losses suffered by the Retirement System on investments made under the authority of this section.

D. The provisions of §§ 51.1-124.32, 51.1-124.33, 51.1-124.34, and 51.1-124.35 shall apply to the Board's activities with respect to moneys in the Fund.

E. The Board may assess the Virginia Research Investment Committee a reasonable administrative fee for its services.

CHAPTER 776

An Act to amend the Code of Virginia by adding in Title 2.2 a chapter numbered 51.1, consisting of sections numbered 2.2-5105 through 2.2-5108, relating to the Virginia Collaborative Economic Development Act.

[S 459]

Approved May 16, 2016

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Title 2.2 a chapter numbered 51.1, consisting of sections numbered 2.2-5105 through 2.2-5108, as follows:

CHAPTER 51.1.

VIRGINIA COLLABORATIVE ECONOMIC DEVELOPMENT ACT.

§ 2.2-5105. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Basic employment" means employment in an industry sector or function that directly or indirectly derives more than 50 percent of its revenue from out-of-state sources.

"Board" means the Virginia Growth and Opportunity Board as may be established under law.

"Capital investment" means an investment in real property or tangible personal property, or both, by an eligible company within the Commonwealth. Expenditures for the maintenance or repair of existing machinery, tools, and real property shall not constitute a capital investment; however, expenditures for the replacement of property shall not be ineligible for designation as a capital investment if such replacement results in a measurable increase in productivity.

"Certified company" means a Virginia employer that has been certified by the Partnership to have (i) created or caused to be created at least 200 net new basic employment jobs in the Commonwealth that are located in the participating localities with average salaries at least equal to the average wage in the participating localities and (ii) made a capital investment of at least \$25 million in the participating localities. However, if the Board makes a written finding of significant fiscal distress in or extraordinary economic opportunity for the participating localities, the Board may modify the job creation and capital investment requirements for a certified company to not fewer than 25 net new basic employment jobs and not less than \$1 million of capital investment.

"Collaborative economic development plan" means an agreement among two or more localities that identifies commitments made by each locality to implement a collaborative approach to economic development, whether the collaboration relates to general economic development and diversification efforts by the participating localities or relates to specific economic development needs, including infrastructure and workforce training, of a company. Such plan shall address the commitments made by the participating localities, which shall include the sharing of costs and local tax revenues by the participating localities and timing thereof, and how, if awarded, moneys from the Fund will be distributed

among and used by the participating localities. If the plan relates to general economic development and diversification efforts, the plan shall be updated at the time of application for a grant from the Fund to indicate which company or companies, as a result of the efforts, are eligible to be certified companies. Parties to the plan may include political subdivisions and bodies corporate and politic, in addition to the participating localities. Such plan shall be subject to approval by the Partnership.

"Fund" means the Virginia Collaborative Economic Development Performance Grant Fund created pursuant to § 2.2-5108.

"New job" means employment of an indefinite duration at the eligible facility, created as the direct result of the capital investment, for which the standard fringe benefits are provided by the firm for the employee, requiring a minimum of either (i) 35 hours of an employee's time a week for the entire normal year of the firm's operations, which "normal year" shall consist of at least 48 weeks, or (ii) 1,680 hours per year. Seasonal or temporary positions, positions created when a job function is shifted from an existing location in the Commonwealth to such facility, retail positions, and positions with construction, contractors, suppliers, and similar multiplier or spin-off jobs shall not qualify as new jobs under this chapter. Up to 100 full-time employees whose positions existed at a company prior to its certification as a certified company may be used to determine the number of new jobs created if the wages of the existing employees increase by more than 10 percent because of the new capital investment to be made by the company.

"Participating localities" means two or more localities that participate in a collaborative economic development plan.

"Partnership" means the Virginia Economic Development Partnership Authority.

"Secretary" means the Secretary of Commerce and Trade.

§ 2.2-5106. Virginia Collaborative Economic Development Performance Grants.

A. Subject to the appropriation by the General Assembly of sufficient moneys to the Virginia Collaborative Economic Development Performance Grant Fund, participating localities may be eligible for grants as provided in this section, subject to the conditions set forth in this section and in the guidelines developed pursuant to subsection E. In order to be eligible to apply for a grant, the participating localities shall have contributed to a project or effort described in a collaborative economic development plan an amount as determined pursuant to subsection C, and the participating localities shall demonstrate that the projects or efforts undertaken pursuant to the collaborative economic development plan induced or resulted in the location or expansion of a certified company in the participating localities.

B. Grants shall be paid to the participating localities in the year following certification by the Partnership of a certified company. Grants may be paid annually for up to six years so long as the certified company substantially maintains the new jobs and capital investment, and the participating localities continue to implement any relevant provisions of the collaborative economic development plan.

C. 1. After taking into consideration other state and local financial commitments made to the certified company, the annual amount of a grant from the Fund shall be not more than an amount equal to 45 percent of the total annual amount of personal income tax withheld for payment to the Virginia Department of Taxation from employees holding new jobs at the applicable certified company. By March 31 of each year, the Partnership and the Virginia Department of Taxation shall determine whether a certified company has met or substantially maintained the new job and capital investment requirements and shall compute, based on the amount of personal income tax withheld from employees holding new jobs, the moneys available to be disbursed as performance grants to the participating localities. If an application for a grant is approved pursuant to subsection D, the aggregate amount of grants awarded for that application over a six-year period shall not exceed 50 percent of the total investment or contributions of the participating localities to the economic development project or effort. Approved grants shall be disbursed annually to or for the benefit of the participating localities in accordance with the terms of the collaborative economic development plan. The aggregate amount of grants payable pursuant to this chapter shall not exceed \$20 million in any fiscal year. The Board may prorate the grants payable in a fiscal year if the amount of grants applied for and awarded exceeds \$20 million.

2. Notwithstanding the provisions of subdivision 1, if the Board makes a written finding of significant fiscal distress in or extraordinary economic opportunity for the participating localities, the Board may award an aggregate amount of grants for an application approved pursuant to subsection D that is up to 100 percent of the total investment or contributions of the participating localities.

D. The Partnership shall forward to the Board the economic development project or effort for which it approved a collaborative economic development plan and certified a company. The Board shall review such economic development project or effort, following the criteria included in the guidelines developed pursuant to subsection E, and vote whether to award a grant pursuant to this chapter. The Board shall determine the annual amount and the aggregate amount of the grant to be awarded for each approved economic development project or effort, subject to the provisions of subsection C.

E. The Board shall develop guidelines implementing the provisions of this chapter. No grant shall be awarded until the Board provides copies of such guidelines for review to the Governor and the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance. [H 846]

Approved May 16, 2016

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Title 2.2 a chapter numbered 51.1, consisting of sections numbered 2.2-5105 through 2.2-5108, as follows:

CHAPTER 51.1.

VIRGINIA COLLABORATIVE ECONOMIC DEVELOPMENT ACT.

§ 2.2-5105. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Basic employment" means employment in an industry sector or function that directly or indirectly derives more than 50 percent of its revenue from out-of-state sources.

"Board" means the Virginia Growth and Opportunity Board as may be established under law.

"Capital investment" means an investment in real property or tangible personal property, or both, by an eligible company within the Commonwealth. Expenditures for the maintenance or repair of existing machinery, tools, and real property shall not constitute a capital investment; however, expenditures for the replacement of property shall not be ineligible for designation as a capital investment if such replacement results in a measurable increase in productivity.

"Certified company" means a Virginia employer that has been certified by the Partnership to have (i) created or caused to be created at least 200 net new basic employment jobs in the Commonwealth that are located in the participating localities with average salaries at least equal to the average wage in the participating localities and (ii) made a capital investment of at least \$25 million in the participating localities. However, if the Board makes a written finding of significant fiscal distress in or extraordinary economic opportunity for the participating localities, the Board may modify the job creation and capital investment requirements for a certified company to not fewer than 25 net new basic employment jobs and not less than \$1 million of capital investment.

"Collaborative economic development plan" means an agreement among two or more localities that identifies commitments made by each locality to implement a collaborative approach to economic development, whether the collaboration relates to general economic development and diversification efforts by the participating localities or relates to specific economic development needs, including infrastructure and workforce training, of a company. Such plan shall address the commitments made by the participating localities, which shall include the sharing of costs and local tax revenues by the participating localities and timing thereof, and how, if awarded, moneys from the Fund will be distributed among and used by the participating localities. If the plan relates to general economic development and diversification efforts, the plan shall be updated at the time of application for a grant from the Fund to indicate which company or companies, as a result of the efforts, are eligible to be certified companies. Parties to the plan may include political subdivisions and bodies corporate and politic, in addition to the participating localities. Such plan shall be subject to approval by the Partnership.

"Fund" means the Virginia Collaborative Economic Development Performance Grant Fund created pursuant to § 2.2-5108.

"New job" means employment of an indefinite duration at the eligible facility, created as the direct result of the capital investment, for which the standard fringe benefits are provided by the firm for the employee, requiring a minimum of either (i) 35 hours of an employee's time a week for the entire normal year of the firm's operations, which "normal year" shall consist of at least 48 weeks, or (ii) 1,680 hours per year. Seasonal or temporary positions, positions created when a job function is shifted from an existing location in the Commonwealth to such facility, retail positions, and positions with construction, contractors, suppliers, and similar multiplier or spin-off jobs shall not qualify as new jobs under this chapter. Up to 100 full-time employees whose positions existed at a company prior to its certification as a certified company may be used to determine the number of new jobs created if the wages of the existing employees increase by more than 10 percent because of the new capital investment to be made by the company.

"Participating localities" means two or more localities that participate in a collaborative economic development plan.

"Partnership" means the Virginia Economic Development Partnership Authority.

"Secretary" means the Secretary of Commerce and Trade.

§ 2.2-5106. Virginia Collaborative Economic Development Performance Grants.

A. Subject to the appropriation by the General Assembly of sufficient moneys to the Virginia Collaborative Economic Development Performance Grant Fund, participating localities may be eligible for grants as provided in this section, subject to the conditions set forth in this section and in the guidelines developed pursuant to subsection E. In order to be eligible to apply for a grant, the participating localities shall have contributed to a project or effort described in a collaborative economic development plan an amount as determined pursuant to subsection C, and the participating localities shall demonstrate that the projects or efforts undertaken pursuant to the collaborative economic development plan induced or resulted in the location or expansion of a certified company in the participating localities.

B. Grants shall be paid to the participating localities in the year following certification by the Partnership of a certified company. Grants may be paid annually for up to six years so long as the certified company substantially maintains the new jobs and capital investment, and the participating localities continue to implement any relevant provisions of the collaborative economic development plan.

C. 1. After taking into consideration other state and local financial commitments made to the certified company, the annual amount of a grant from the Fund shall be not more than an amount equal to 45 percent of the total annual amount of personal income tax withheld for payment to the Virginia Department of Taxation from employees holding new jobs at the applicable certified company. By March 31 of each year, the Partnership and the Virginia Department of Taxation shall determine whether a certified company has met or substantially maintained the new job and capital investment requirements and shall compute, based on the amount of personal income tax withheld from employees holding new jobs, the moneys available to be disbursed as performance grants to the participating localities. If an application for a grant is approved pursuant to subsection D, the aggregate amount of grants awarded for that application over a six-year period shall not exceed 50 percent of the total investment or contributions of the participating localities to the economic development project or effort. Approved grants shall be disbursed annually to or for the benefit of the participating localities in accordance with the terms of the collaborative economic development plan. The aggregate amount of grants payable pursuant to this chapter shall not exceed \$20 million in any fiscal year. The Board may prorate the grants payable in a fiscal year if the amount of grants applied for and awarded exceeds \$20 million.

2. Notwithstanding the provisions of subdivision 1, if the Board makes a written finding of significant fiscal distress in or extraordinary economic opportunity for the participating localities, the Board may award an aggregate amount of grants for an application approved pursuant to subsection D that is up to 100 percent of the total investment or contributions of the participating localities.

D. The Partnership shall forward to the Board the economic development project or effort for which it approved a collaborative economic development plan and certified a company. The Board shall review such economic development project or effort, following the criteria included in the guidelines developed pursuant to subsection E, and vote whether to award a grant pursuant to this chapter. The Board shall determine the annual amount and the aggregate amount of the grant to be awarded for each approved economic development project or effort, subject to the provisions of subsection C.

E. The Board shall develop guidelines implementing the provisions of this chapter. No grant shall be awarded until the Board provides copies of such guidelines for review to the Governor and the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance. The preparation of the guidelines shall be exempt from the requirements of the Administrative Process Act (§ 2.2-4000 et seq.).

F. The Fund shall be audited annually by the Auditor of Public Accounts or his legally authorized representatives. Copies of the annual audit shall be distributed to the Governor and to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance.

§ 2.2-5107. Grant payments.

The Comptroller shall not draw any warrants to issue checks for grants or disburse funds under this chapter without a specific legislative appropriation as specified in conditions and restrictions on expenditures in the appropriation act and following receipt of a certification from the Partnership and the Virginia Department of Taxation of the amount of personal income taxes paid by the eligible company on account of the new jobs.

§ 2.2-5108. Virginia Collaborative Economic Development Performance Grant Fund.

There is hereby created in the state treasury a special nonreverting fund to be known as the Virginia Collaborative Economic Development Performance Grant Fund. The Fund shall be established on the books of the Comptroller and administered by the Board. All funds appropriated for such purpose shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of providing grants to participating localities pursuant to this chapter. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the chairman of the Board.

2. Notwithstanding the provisions of any other law, no funds shall be awarded by the Virginia Growth and Opportunity Board pursuant to this act unless authorized by a subsequent enactment of the General Assembly on or after July 1, 2016.

3. That the provisions of this act shall expire on July 1, 2026. However, the expiration of this act shall not affect the validity of any grant awarded prior to July 1, 2026, and such grant shall continue to be paid in accordance with the provisions of this act as it was in effect when such grant was awarded and subject to the provisions of the award of the grant.

A regional council shall review such plan not less than biennially while the regional council is receiving grants from the Fund.

Scores shall be assigned on the basis of predetermined criteria established by the Board in its guidelines and procedures based on the following factors:

1. The expected economic impact or outcome of the activity, with particular emphasis on goals identified in the regional council's plan for economic growth and diversification;
2. The fiscal resources from non-Fund sources that will be committed to the activity, including local or federal funds, private contributions, and cost savings expected to be achieved through regional collaboration;
3. The number and percentage of localities, including political subdivisions and bodies corporate and politic, within the region that are participating in the activity, the portion of the region's population represented by the participating localities, and the participation of localities that are outside of the applicant region;
4. The compatibility with other projects, programs, or existing infrastructure in a region to maximize the leverage of grants from the Fund to encourage new collaborative activities;
5. The expected economic impact and outcomes of the project and the complexity of the project relative to the size of the economy of the region or to the population of the participating localities;
6. The projected cost savings and other efficiencies generated by the proposed activity, and the local resources generated by collaboration that have been or will be repurposed to support the activity;
7. The character of the regional collaboration, including the nature and extent of the regional effort involved in developing and implementing the proposed activity, the complexity of the activity, the prospective impact on relations between and among the affected localities, and the prospective impact on collaboration between and among business, education, and government entities in the region;

B. When there is no certified regional council in existence in a region, the Board may provide for the formation of a regional council by designating a formation committee chairman and two members from the region. The formation committee chairman shall be a nonlegislative citizen member of the Board, and the chairman may designate up to two additional members of the formation committee. § 2.2-2489. Award of grants to regional councils.

A. The Board shall establish guidelines, procedures, and objective criteria for the award and distribution of grants from the Fund to regional councils.

B. In order to qualify to receive grants from the Fund, a regional council shall develop an economic growth and diversification plan to (i) promote private-sector growth and opportunity in the region; (ii) identify issues of economic competitiveness for the region, including gaps in education and skills required to meet existing and prospective employer needs within the region; and (iii) outline steps that the collaborating business, education, and government entities in the region will pursue to expand economic opportunity, diversify the economy, and align workforce development activities with the education and skills needed by employers in the region. A regional council shall review such plan not less than biennially while the regional council is receiving grants from the Fund.

C. The Board shall only consider those regional activities endorsed by a regional council in its application for grants from the Fund. For any regional activity included in a regional council's application, the regional council shall identify (i) the amount of grants requested and the number of years for which grants are sought; (ii) the participating business, education, and government entities and their respective roles and contributions; (iii) the private, local, and other sources of nonstate funding that the grant from the Fund will assist in generating, including specific amounts pledged by such sources as of the application date; (iv) how the regional activity addresses the skills gaps identified in the council's economic growth and diversification plan; and (v) the economic impact or other outcomes that are reasonably expected to result from the proposed regional activity, including timetables and means of measurement.

D. Regional activities eligible for grants from the Fund shall be focused on high-impact, collaborative projects in a region that promote new job creation, entrepreneurship, and new capital investment; leverage nonstate resources to enhance collaboration; foster research, development, and commercialization activities; encourage cooperation among public bodies to reduce costs and duplication of government services; and promote other economic or workforce development activities consistent with this article that are authorized by the Board. The Board shall give initial priority to grant proposals that promote workforce development and other activities focused on eliminating skills gaps identified in a region's economic growth and diversification plan.

E. In determining a regional council's eligibility to receive grants from the Fund, and the amount of such grants, the Board shall review and score the proposed regional activities. Scores shall be assigned on the basis of predetermined criteria established by the Board in its guidelines and procedures based on the following factors:

1. The expected economic impact or outcome of the activity, with particular emphasis on goals identified in the regional council's plan for economic growth and diversification;

2. The fiscal resources from non-Fund sources that will be committed to the activity, including local or federal funds, private contributions, and cost savings expected to be achieved through regional collaboration;

3. The number and percentage of localities, including political subdivisions and bodies corporate and politic, within the region that are participating in the activity, the portion of the region's population represented by the participating localities, and the participation of localities that are outside of the applicant region;

4. The compatibility with other projects, programs, or existing infrastructure in a region to maximize the leverage of grants from the Fund to encourage new collaborative activities;

5. The expected economic impact and outcomes of the project and the complexity of the project relative to the size of the economy of the region or to the population of the participating localities;

6. The projected cost savings and other efficiencies generated by the proposed activity, and the local resources generated by collaboration that have been or will be repurposed to support the activity;

7. The character of the regional collaboration, including the nature and extent of the regional effort involved in developing and implementing the proposed activity, the complexity of the activity, the prospective impact on relations between and among the affected localities, and the prospective impact on collaboration between and among business, education, and government entities in the region;

8. Interstate, inter-regional, and other beneficial forms of collaboration, if any, that will accompany, result from, or be encouraged by the activity;

10. Other factors deemed to be appropriate by the Board.

F. Each regional council awarded a grant from the Fund shall issue an annual report that shall include, at a minimum, an assessment of the impact and outcomes from regional activities supported by grants from the Fund and the region's overall progress in addressing the goals and strategies identified in the region's plan for economic growth and diversification. Such assessment shall address performance criteria prescribed in the program guidelines and procedures.

G. Subject to the provisions of § 2.2-2488 and this section, once a regional council becomes eligible for grants from the Fund, the regional council may continue to apply for and receive grants from the Fund to support economic activities consistent with the regional council's economic growth and diversification plan in such amounts and for such duration as the Board may determine in accordance with its guidelines and procedures. The Board may terminate any payments to regional councils that fail to perform in accordance with this article, the Board's guidelines or procedures, or any conditions expressly agreed upon as part of a grant award, or for malfeasance. The Board may require the refund of moneys from the Fund upon such termination. Grants that are terminated shall revert to the Fund for distribution on an unallocated competitive basis.

H. In making Fund recommendations and awards, the Board may consider regional activities that commenced prior to the enactment of this article, provided that the grant-funded program or project will expand the scope of, or increase the number of localities participating in, such preexisting activity.

I. No regional council may have outstanding grant commitments of more than 25 percent of the total amount appropriated to the Fund.

J. The year for grant payments shall be the Commonwealth's fiscal year following the calendar year in which the region qualifies, with payments made annually by the Comptroller upon certification by the Board. Grant amounts shall be made at the sole discretion of the Board.

K. Any grant awarded from the Fund to a regional council shall require matching funds at least equal to the grant, provided, however, that the Board shall have the authority to reduce the match requirement to no less than half of the grant upon a finding by the Board of fiscal distress or an exceptional economic opportunity in a region. Such matching funds may be from local, regional, federal, or private funds, but shall not include any state general or nongeneral funds, from whatever source.

<p>d) Recognition of the individual mission of the institution, student characteristics, location, or other factors that may influence the costs of instruction.</p>				
<p>e) Benchmarking of the funding guidelines against a group of peer institutions, or other appropriate comparator group, to assess the validity of the guidelines.</p>				
<p>f) Means by which measures of institutional performance can be assessed and incorporated into funding and policy guidelines for higher education.</p>				
<p>3. The Joint Subcommittee on Higher Education Funding Policies shall develop a more precise methodology for determining funding needs at Virginia's public institutions of higher education related to enrollment growth. The methodology should take into consideration that support staff and operations may need to be expanded when enrollment growth reaches certain levels.</p>				
<p>4. The Joint Subcommittee may seek support from the staff of the Senate Finance and House Appropriations Committees, the public institutions of higher education, or other higher education or state agency representatives, as requested by the Joint Subcommittee. At its discretion, the Joint Subcommittee may contract for consulting services.</p>				
<p>5. The Joint Subcommittee is hereby continued to provide direction and oversight of higher education funding policies. The Joint Subcommittee shall review and articulate policies and funding methodologies on: (a) the appropriate share of educational and general costs that should be borne by students; (b) student financial aid; (c) undergraduate medical education funding; (d) the mix of full-time and part-time faculty; (e) the mix of in-state and out-of-state students as it relates to tuition policy; and (f) the viability of statewide articulation agreements between four-year and two-year public institutions.</p>

G. The Chairmen of the Senate Finance and House Appropriations Committees shall each appoint four members from their respective committees to a joint subcommittee to review compensation of state agency heads and cabinet secretaries. The General Assembly hereby designates the Joint Legislative Audit and Review Commission (JLARC) to review and evaluate the Virginia Information Technologies Agency (VITA) on a continuing basis and to make such special studies and reports as may be requested by the General Assembly, the House Appropriations Committee, or the Senate Finance Committee.

2. The areas of review and evaluation to be conducted by the Commission shall include, but are not limited to, the following: (i) VITA's infrastructure outsourcing contracts and any amendments thereto; (ii) adequacy of VITA's planning and oversight responsibilities, including VITA's oversight of information technology projects and the security of governmental information; (iii) cost-effectiveness and adequacy of VITA's procurement services and its oversight of the procurement activities of State agencies.

3. For the purpose of carrying out its duties and notwithstanding any contrary provision of law, JLARC shall have the legal authority to access the information, records, facilities, and employees of VITA.

4. Records provided to VITA by a private entity pertaining to VITA's comprehensive infrastructure agreement or any successor contract, or any contractual amendments thereto for the operation of the Commonwealth's information technology infrastructure shall be exempt from the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), to the extent that such records contain (i) trade secrets of the private entity as defined in the Uniform Trade Secrets Act (§ 59.1-336 et seq.) or (ii) financial records of the private entity, including balance sheets and financial statements, that are not generally available to the public through regulatory disclosure or otherwise. In order for the records specified in clauses (i) and (ii) to be excluded from the Virginia Freedom of Information Act, the private entity shall make a written request to VITA:

VITA shall determine whether the requested exclusion from disclosure is necessary to protect the trade secrets or financial records of the private entity. VITA shall make a written determination of the nature and scope of the protection to be afforded by it under this subdivision. Once a written determination is made by VITA, the records afforded protection under this subdivision shall continue to be protected from disclosure when in the possession of VITA or JLARC.

Except as specifically provided in this item, nothing in this item shall be construed to authorize the withholding of (a) procurement records as required by § 56-575.17; (b) information concerning the terms and conditions of any interim or comprehensive agreement, service contract, lease, partnership, or any agreement of any kind entered into by VITA and the private entity; (c) information concerning the terms and conditions of any financing arrangement that involves the use of any public funds; or (d) information concerning the performance of the private entity under the comprehensive infrastructure agreement, or any successor contract, or any contractual amendments thereto for the operation of the Commonwealth's information technology infrastructure.

Access shall include the right to attend such meetings for the purpose of carrying out such duties. Any non-disclosure agreement that VEDP enters into on or after July 1, 2016, for the provision of confidential and proprietary information to VEDP by a third party shall require that JLARC also be allowed access to such information for the purposes of carrying out its duties.

In complying with such orders for additional security, the sheriff may consider other deputies present in the courtroom as part of his security force.

D. Should the scheduled opening date of any facility be delayed for which funds are available in this Item, the Director, Department of Planning and Budget, may allot such funds as the Compensation Board may request to allow the employment of staff for training purposes not more than 45 days prior to the rescheduled opening date for the facility.

E. Consistent with the provisions of paragraph B of Item 76, the board shall allocate the additional jail deputies provided in this appropriation using a ratio of one jail deputy for every 3.0 beds of operational capacity. Operational capacity shall be determined by the Department of Corrections. No additional deputy sheriffs shall be provided from this appropriation to a local jail in which the present staffing exceeds this ratio unless the jail is overcrowded. Overcrowding for these purposes shall be defined as when the average annual daily population exceeds the operational capacity. In those jails experiencing overcrowding, the board may allocate one additional jail deputy for every five average annual daily prisoners above operational capacity. Should overcrowding be reduced or eliminated in any jail, the Compensation Board shall reallocate positions previously assigned due to overcrowding to other jails in the Commonwealth that are experiencing overcrowding.

The allocation of such positions, established by the Governor and General Assembly in Item 76 of this act, shall be determined by the Compensation Board on an annual basis. The annual allocation of these positions to local sheriffs' offices shall be based upon the most recent final population estimate for the locality that is available to the Compensation Board at the time when the agency's annual budget request is completed. The source of such population estimates shall be the Weldon Cooper Center for Public Service of the University of Virginia or the United States Bureau of the Census. Authority: §§ 53.1-83.1, 53.1-84 and 53.1-85, Code of Virginia.

A. In the event the appropriation in this Item proves to be insufficient to fund all of its provisions, any amount remaining as of June 1, 2017, and June 1, 2018, may be reallocated among localities on a pro rata basis according to such deficiency.

B. For the purposes of this Item, the following definitions shall be applicable:

1. Effective sentence--a convicted offender's sentence as rendered by the court less any portion of the sentence suspended by the court.
2. Local responsible inmate--(a) any person arrested on a state warrant and incarcerated in a local correctional facility, as defined by § 53.1-1, Code of Virginia, prior to trial; (b) any person convicted of a misdemeanor offense and sentenced to a term in a local correctional facility; or (c) any person convicted of a felony offense and given an effective sentence of (i) twelve months or less or (ii) less than one year.

C. The individual or entity responsible for operating any facility which receives funds from this Item may, if requested by the Department of Corrections, enter into an agreement with the department to accept the transfer of convicted felons, from other local facilities or from facilities operated by the Department of Corrections. In entering into any such agreements, or in effecting the transfer of offenders, the Department of Corrections shall consider the security requirements of transferred offenders and the capability of the local facility to maintain such offenders. For purposes of calculating the amount due each locality, all funds earned by the locality as a result of an agreement with the Department of Corrections shall be included as receipts from these appropriations.

D. Out of this appropriation, an amount not to exceed \$377,010 the first year and \$377,010 the second year from the general fund, is designated to be held in reserve for unbudgeted medical expenses incurred by local correctional facilities in the care of state responsible felons.

E. 2. No such payment shall be made unless the program has been approved by the Department of Corrections or the Department of Criminal Justice Services. Alternative punishment or alternative to incarceration programs, however, may include supervised work experience, treatment, and electronic monitoring programs.

G.1. Except as provided for in paragraph G 2, and notwithstanding any other provisions of this Item, the Compensation Board shall provide payment to any locality with an average daily jail population of under ten in FY 1995 an inmate per diem rate of \$22 per day for local responsible inmates and \$28 per day for state responsible inmates held in these jails in lieu of personal service costs for corrections' officers.

2. Any locality covered by the provisions of this paragraph shall be exempt from the provisions thereof provided that the locally elected sheriff, with the assistance of the Compensation Board, enters into good faith negotiations to house his prisoners in an existing local or regional jail. In establishing the per diem rate and capital contribution, if any, to be charged to such locality by a local or regional jail, the Compensation Board and the local sheriff or regional jail authority shall consider the operating support and capital contribution made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The Compensation Board shall report periodically to the Chairmen of the House Appropriations and Senate Finance Committees on the progress of these negotiations and may withhold the exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to negotiate in good faith.

H.1. The Compensation Board shall recover the state-funded costs associated with housing federal inmates, District of Columbia inmates or contract inmates from other states. The Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day salary funds provided by the Commonwealth, as identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day operating costs provided by the Commonwealth, excluding payments otherwise provided for in this Item, as identified in the most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in the most recent Jail Cost Report, the Compensation Board shall use the statewide average of per inmate day salary funds provided by the Commonwealth.

2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth from the facility's next quarterly per diem payment for state-responsible and local-responsible inmates. Should the next quarterly per diem payment owed the locality not be sufficient against which to net the total quarterly recovery amount, the locality shall remit the remaining amount not recovered to the Compensation Board.

3. Any local or regional jail which receives funding from the Compensation Board shall give priority to the housing of local-responsible, state-responsible, and state contract inmates, in that order, as provided in paragraph H 1.

4. The Compensation Board shall not provide any inmate per diem payments to any local or regional jail which holds federal inmates in excess of the number of beds contracted for with the Department of Corrections, unless the Director, Department of Corrections, certifies to the Chairman of the Compensation Board that a) such contract beds are not required; b) the facility has operational capacity built under contract with the federal government; c) the facility has received a grant from the federal government for a portion of the capital costs; or d) the facility has applied to the Department of Corrections for participation in the contract bed program with a sufficient number of beds to meet the Department of Corrections' need or ability to fund contract beds at that facility in any given fiscal year.

5. The Compensation Board shall apply the cost recovery methodology set out in paragraph H 1 of this Item to any jail which holds inmates from another state on a contractual basis. However, recovery in such circumstances shall not be made for inmates held pending extradition to other states or pending transfer to the Virginia Department of Corrections.

6. The provisions of this paragraph shall not apply to any local or regional jail where the cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital contribution.

7. For a local or regional jail which operates bed space specifically built utilizing federal

capital or grant funds for the housing of federal inmates and for which Compensation Board funding has never been authorized for staff for such bed space, the Compensation Board shall allow an exemption from the recovery provided in paragraph H.1. for a defined number of federal prisoners upon certification by the sheriff or superintendent that the federal government has paid for the construction of bed space in the facility or provided a grant for a portion of the capital cost. Such certification shall include specific funding amounts paid by the federal government, localities, and/or regional jail authorities, and the Commonwealth for the construction of bed space specifically built for the housing of federal inmates and for the construction of the jail facility in its entirety. The defined number of federal prisoners to be exempted from the recovery provided in paragraph H.1. shall be based upon the proportion of funding paid by the federal government and localities and/or regional jail authorities for the construction of bed space to house federal prisoners to the total funding paid by all sources, including the Commonwealth, for all construction costs for the jail facility in its entirety.

8. Beginning March 1, 2013, federal inmates placed in the custody of a regional jail pursuant to a work release program operated by the federal Bureau of Prisons shall be exempt from the recovery of costs associated with housing federal inmates pursuant to paragraph H.1. of this item if such federal inmates have been assigned by the federal Bureau of Prisons to a home electronic monitoring program in place for such inmates by agreement with the jail on or before January 1, 2012 and are not housed in the jail facility. However, no such exemption shall apply to any federal inmate while they are housed in the regional jail facility.

I. Any amounts in the program Financial Assistance for Confinement of Inmates in Local and Regional Facilities, may be transferred between Items 69 and 70, as needed, to cover any deficits incurred in the programs Financial Assistance for Sheriffs' Offices and Regional Jails and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.

J. The Compensation Board shall provide an annual report on the number and diagnoses of inmates with mental illnesses in local and regional jails, the treatment services provided, and expenditures on jail mental health programs. The report shall be prepared in cooperation with the Virginia Sheriffs Association, the Virginia Association of Regional Jails, the Virginia Association of Community Services Boards, and the Department of Behavioral Health and Developmental Services, and shall be coordinated with the data submissions required for the annual jail cost report. Copies of this report shall be provided by November 1 of each year to the Governor, Director, Department of Planning and Budget, and the Chairmen of the Senate Finance and House Appropriations Committees.

K. Out of the amounts appropriated in this item, \$100,000 the first year and \$100,000 the second year from the general fund is provided for the purpose of reimbursing the County of Nottoway for the expense of confining residents of the Virginia Center for Behavioral Rehabilitation arrested for new offenses and held in Piedmont Regional Jail at the expense of the County.

B. No expenditure shall be made out of this Item for the employment of investigators, clerk-investigators or other investigative personnel in the office of an attorney for the Commonwealth.

C. Consistent with the provisions of § 19.2-349, Code of Virginia, attorneys for the Commonwealth may, in addition to the options otherwise provided by law, employ individuals to assist in collection of outstanding fines, costs, forfeitures, penalties, and restitution. Notwithstanding any other provision of law, beginning on the date upon which the order or judgment is entered, the costs associated with employing such individuals may be paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. The attorneys for the Commonwealth shall account for the amounts collected and apportion costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.

D. The provisions of this act notwithstanding, no Commonwealth's attorney, public defender or employee of a public defender, shall be paid or receive reimbursement for the state portion of a salary in excess of the salary paid to judges of the circuit court. Nothing in this paragraph shall be construed to limit the ability of localities to supplement the salaries of locally elected constitutional officers or their employees.

E. The Statewide Juvenile Justice project positions, as established under the provisions of Item 74 E, of Chapter 912, 1996 Acts of Assembly, and Chapter 924, 1997 Acts of Assembly, are continued under the provisions of this act. The Commonwealth's attorneys receiving such positions shall annually certify to the Compensation Board that the positions are used primarily, if not exclusively, for the prosecution of delinquency and domestic relations felony cases, as defined by Chapters 912 and 924. In the event the positions are not primarily or exclusively used for the prosecution of delinquency and domestic relations felony cases, the Compensation Board shall reallocate such positions by using the allocation provisions as provided for the board in Item 74 E of Chapters 912 and 924.

F. The Compensation Board shall monitor the Department of Taxation program regarding the collection of unpaid fines and court costs by private debt collection firms contracted by Commonwealth's attorneys and shall include, in its annual report to the General Assembly on the collection of court-ordered fines and fees for clerks of the courts and Commonwealth's attorneys, the amount of unpaid fines and costs collected by this program.

G. Out of this appropriation, \$389,165 the first year and \$389,165 the second year from the general fund is designated for the Compensation Board to fund five additional positions in Commonwealth's attorney's offices that shall be dedicated to prosecuting gang-related criminal activities. The board shall ensure that these positions work across jurisdictional lines, serving the Northern Virginia area (counties of Fairfax, Loudoun, Prince William, and Arlington and the cities of Falls Church, Alexandria, Manassas, Manassas Park and Fairfax).

H. In accordance with the provisions of § 19.2-349, Code of Virginia, attorneys for the Commonwealth may employ individuals, or contract with private attorneys, private collection agencies, or other state or local agencies, to assist in collection of delinquent fines, costs, forfeitures, penalties, and restitution. If the attorney for the Commonwealth employs individuals, the costs associated with employing such individuals may be paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. If the attorney for the Commonwealth does not undertake collection, the attorney for the Commonwealth shall, as soon as practicable, take steps to ensure that any agreement or contract with an individual, attorney or agency complies with the terms of the current Master Guidelines Governing Collection of Unpaid Delinquent Court-Ordered Fines and Costs Pursuant to Virginia Code § 19.2-349 promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court, the Department of Taxation, and the Compensation Board ("the Master Guidelines"). Notwithstanding any other provision of law, the delinquent amounts owed shall be increased by seventeen (17) percent to help offset the costs associated with employing such individuals or contracting with such agencies or individuals. If such increase would exceed the contracted collection agent's fee, then the delinquent amount owed shall be increased by the percentage or amount of the collection agent's fee. Effective July 1, 2015, as provided in § 19.2-349, Code of Virginia, treasurers not being compensated on a contingency basis as of January 1, 2015 shall be prohibited from being compensated on a contingency basis but shall instead be compensated for administrative costs pursuant to § 58.1-3958, Code of Virginia. Treasurers currently collecting a contingency fee shall be eligible to contract on a contingency fee basis. Effective July 1, 2015, any treasurer collecting a contingency fee shall retain only the expenses of collection, and the excess collection shall be divided between the state and the locality in the same manner as if the collection had been done by the attorney for the Commonwealth. The attorneys for the Commonwealth shall account for the amounts collected and the fees and costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.

I. Included in this appropriation is \$283,250 in the first year and \$566,501 in the second year from the general fund to provide for increased participation, effective December 1, 2016, in the Assistant Commonwealth's Attorneys Career Development Program.

The salary and fringe benefit costs for these positions shall be deducted from any amounts due the county or to the consolidated city, as provided in § 15.2-1302, Code of Virginia.

	O. Effective July 1, 2007, the Compensation Board is authorized to withhold reimbursements due the locality for sheriff and jail expenses upon notification from the Superintendent of State Police that there is reason to believe that crime data reported by a locality to the Department of State Police in accordance with § 52-28, Code of Virginia, is missing, incomplete or incorrect. A. It is the intent of the General Assembly that state programs providing financial, technical, or training assistance to local governments for economic development projects or directly to businesses seeking to relocate or expand operations in Virginia should not be used to help a company relocate or expand its operations in one or more Virginia communities when the same company is simultaneously closing facilities in other Virginia communities. It is the responsibility of the Secretary of Commerce and Trade to enforce this policy and to inform the Chairmen of the Senate Finance and House Appropriations Committees in writing of the justification to override this policy for any exception.

B. The Secretary shall develop and implement, as a component of the comprehensive economic development policy requirements as established in § 2.2-205, Code of Virginia, a strategic workforce development plan for the Commonwealth.

In addition, the review shall examine the purpose and appropriateness of transfers between funds under the management of the Department of Small Business and Supplier Diversity, including those funds managed by the VSBFA.

2. The review shall specifically include a review of the Small Business Job Grant Fund to ensure the program is being administered in a manner consistent with the Code and that the fund is being sufficiently promoted.

School divisions must submit applications to the Department of Education by August 1 of each year. Priority shall be given to schools based on need, relative to the state accreditation ratings or similar federal designations. Applications shall include evidence of commitment to pursue implementation in the upcoming school year. If balances exist, existing extended school year programs may be eligible to apply for remaining funds.

5. A school division that has been awarded an extended school year start-up grant, a year-round program start-up grant, or an extended year planning grant for the development of an extended year or a new year-round program may spend the awarded grant over two consecutive fiscal years.

6. a) Any such school division receiving funding from a Targeted Extended School Year grant shall provide an annual progress report to the Department of Education that evaluates end of year success of the extended year or year-round model implemented as compared to the prior school year performance as measured by an appropriate evaluation matrix no later than August 1 each year.

"March 31 Average Daily Membership," or "March 31 ADM" - The responsible school division's average daily membership for grades K-12 including (1) handicapped students ages 5-21 and (2) students for whom English is a second language who entered school for the first time after reaching their twelfth birthday, and who have not reached twenty-two years of age on or before August 1 of the school year, for the first seven (7) months (or equivalent period) of the school year through March 31 in which state funds are distributed from this appropriation. Preschool and postgraduate students shall not be included in March 31 ADM.

a. School divisions shall take a count of September 30 fall membership and report this information to the Department of Education no later than October 15 of each year.

b. Except as otherwise provided herein, by statute, or by precedent, all appropriations to the Department of Education shall be calculated using March 31 ADM unadjusted for half-day kindergarten programs, estimated at 1,245,710.22 the first year and 1,252,626.58 the second year. March 31 ADM for half-day kindergarten shall be adjusted at 85 percent.

c. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1 and who are enrolled in a public school on less than a full-time basis in any mathematics, science, English, history, social science, vocational education, health education or physical education, fine arts or foreign language course, or receiving special education services required by a student's individualized education plan, shall be counted in the funded fall membership and March 31 ADM of the responsible school division. Each course shall be counted as 0.25, up to a cap of 0.5 of a student.

d. Students enrolled in an Individualized Student Alternative Education Program (ISAEP) pursuant to § 22.1-254 E shall be counted in the March 31 Average Daily Membership of the responsible school division. b. The state and local shares of funding resulting from the support cost calculation for school nurses shall be specifically identified as such and reported to school divisions annually. School divisions may spend these funds for licensed school nurse positions employed by the school division or for licensed nurses contracted by the local school division to provide school health services.

4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality. The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March

31 ADM reported for the first seven (7) months of the 2013-2014 school year and 1/3 of the index of wealth per capita (population estimates for 2013 as determined by the Weldon Cooper Center for Public Service of the University of Virginia) multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are determined by combining the following constituent index elements with the indicated weighting: (1) true values of real estate and public service corporations as reported by the State Department of Taxation for the calendar year 2013 - 50 percent; (2) adjusted gross income for the calendar year 2013 as reported by the State Department of Taxation - 40 percent; (3) the sales for the calendar year 2013 which are subject to the state general sales and use tax, as reported by the State Department of Taxation - 10 percent. Each constituent index element for a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM, or per capita, for the same element. A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing all payments based on the composite index of local ability-to-pay. Each constituent index element for a locality used to determine the composite index of local ability-to-pay for the current biennium shall be the latest available data for the specified official base year provided to the Department of Education by the responsible source agencies no later than November 15, 2015.

b. For any locality whose total calendar year 2013 Virginia Adjusted Gross Income is comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income shall be excluded in computing the composite index of ability-to-pay. The Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income, but shall not adjust the composite index of any other localities. The Department of Taxation shall furnish to the Department of Education such data as are necessary to implement this provision.

c.1) Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional state funding for future consolidations shall be as set forth in future Appropriation Acts.

2) In the case of the consolidation of Clifton Forge and Alleghany County school divisions, the fifteen year period for the application of a new composite index shall apply beginning with the fiscal year that starts on July 1, 2004. The composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2004, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.

3) If the composite index of a consolidated school division is reduced during the course of the fifteen year period to a level that would entitle the school division to a lower interest rate for a Literary Fund loan than it received when the loan was originally released, the Board of Education shall reduce the interest rate of such loan for the remainder of the period of the loan. Such reduction shall be based on the interest rate that would apply at the time of such adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to those years remaining to be paid.

4) In the case of the consolidation of Bedford County and Bedford City school divisions, the fifteen year period for the application of a new composite shall apply beginning with the fiscal year that starts on July 1, 2013. The composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2013, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.

d. When it is determined that a substantial error exists in a constituent index element, the Department of Education will make adjustments in funding for the current school year only in the division where the error occurred. The composite index of any other locality shall not be changed as a result of the adjustment. No adjustment during the biennium will be made as a result of updating of data used in a constituent index element.

e. In the event that any school division consolidates two or more small schools, the division shall continue to receive Standards of Quality funding and provide for the

<p>required local expenditure for a period of five years as if the schools had not been consolidated. Small schools are defined as any elementary, middle, or high school with enrollment below 200, 300 and 400 students, respectively.</p>				
<p>5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on the composite index of local ability-to-pay of the cost required by all the Standards of Quality minus its estimated revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item, collected by the Department of Education and distributed to school divisions in the fiscal year in which the school year begins.</p>				
<p>6. "Required Local Match" - The locality's required share of program cost based on the composite index of local ability-to-pay for all Lottery and Incentive programs, where required, in which the school division has elected to participate in a fiscal year.</p>				
<p>7. "Planning District Eight" - The nine localities which comprise Planning District Eight are Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.</p>				
<p>8. "State Share of the Standards of Quality" - The state share of the Standards of Quality (SOQ) shall be equal to the total funded SOQ cost for a school division less the school division's estimated revenues from the state sales and use tax dedicated to public education based on the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, adjusted for the state's share of the composite index of local ability to pay.</p>				
<p>9. Entitlements under this Item that use school-level or division-level Free Lunch eligibility percentages to determine the entitlement amounts are based on the most recent data available as of the biennial rebenchmarking calculations made for the current biennium. However, October 2013 Free Lunch eligibility data is used in the case of schools that participate in the Community Eligibility Provision program.</p>				
<p>10. In the event that the general fund appropriations in this Item are not sufficient to meet the entitlements payable to school divisions pursuant to the provisions of this Item, the Department of Education is authorized to transfer any available general fund funds between these Items to address such insufficiencies. If the total general fund appropriations after such transfers remain insufficient to meet the entitlements of any program funded with general fund dollars, the Department of Education is authorized to prorate such shortfall proportionately across all of the school divisions participating in any program where such shortfall occurred. In addition, the Department of Education is authorized each year to temporarily suspend textbook payments made to school divisions from Lottery funds to ensure that any shortfall in Lottery revenue can be accounted for in the remaining textbook payments to be made for the year.</p>				
<p>11. The Department of Education is directed to apply a cap on inflation rates in the same manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school divisions during the biennial rebenchmarking process.</p>				
<p>12. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to combine the end-of-year Average Daily Membership (ADM) for those school divisions who have partnered together as a fiscal agent division and a contractual division for the purposes of calculating prevailing costs included in the Standards of Quality (SOQ).</p>				
<p>13. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to include zeroes in the linear weighted average calculation of support non-personal costs for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).</p>				
<p>14. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported travel expenditures included the linear weighted average non-personal cost</p>

15. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported leases and rental and facility expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

16. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to fund transportation costs using a 15 year replacement schedule, which is the national standard guideline, for school bus replacement schedule for the purpose of calculating funded transportation costs included in the Standards of Quality (SOQ).

17. To provide temporary flexibility, notwithstanding any other provision in statute or in this Item, school divisions may elect to increase the teacher to pupil staffing ratios in kindergarten through grade 7 and English classes for grades 6 through twelve by one additional student; the teacher to pupil staffing ratio requirements for Elementary Resource teachers, Prevention, Intervention and Remediation, English as a Second Language, Gifted and Talented, Career and Technical funded programs (other than on Career and Technical courses where school divisions will have to maintain a maximum class size based on federal Occupational Safety & Health Administration safety requirements) are waived; and the instructional and support technology positions, librarians and guidance counselors staffing ratios for new hires are waived.

18. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1, Code of Virginia, any school division that was granted a waiver regarding the opening date of the school year for the 2011-12 school year under the good cause requirements shall continue to be granted a waiver for the 2016-17 school year and the 2017-2018 school year.

B. General Conditions

1. The Standards of Quality cost in this Item related to fringe benefits shall be limited for instructional staff members to the employer's cost for a number not exceeding the number of instructional positions required by the Standards of Quality for each school division and for their salaries at the statewide prevailing salary levels as printed below.

Instructional Position	First Year Salary	Second Year Salary

2) A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing fringe benefit funds under this provision.

3) The state payment to each school division for retirement, social security, and group life insurance costs for non-instructional personnel is included in and distributed through Basic Aid.

b. Payments to school divisions from this Item shall be calculated using March 31 Average Daily Membership adjusted for half-day kindergarten programs.

Basic Aid.				
2. Each locality shall offer a school program for all its eligible pupils which is acceptable to the Department of Education as conforming to the Standards of Quality program requirements.				
3. In the event the statewide number of pupils in March 31 ADM results in a state share of cost exceeding the general fund appropriation in this Item, the locality's state share of Basic Aid shall be reduced proportionately so that this general fund appropriation will not be exceeded. In addition, the required local share of Basic Aid shall also be reduced proportionately to the reduction in the state's share.				
4. The Department of Education shall make equitable adjustments in the computation of indices of wealth and in other state-funded accounts for localities affected by annexation, unless a court of competent jurisdiction makes such adjustments. However, only the indices of wealth and other state-funded accounts of localities party to the annexation will be adjusted.				
5. In the event that the actual revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item (both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service) for sales in the fiscal year in which the school year begins are different from the number estimated as the basis for this appropriation, the estimated state sales and use tax revenues shall not be adjusted.				
6. This appropriation shall be apportioned to the public schools with guidelines established by the Department of Education consistent with legislative intent as expressed in this act.				
7.a. Appropriations of state funds in this Item include the number of positions required by the Standards of Quality. This Item includes a minimum of 51 professional instructional positions and aide positions (C 5); Education of the Gifted, 1.0 professional instructional position (C 6); Occupational-Vocational Education Payments and Special Education Payments; a minimum of 6.0 professional instructional positions and aide positions (C 7 and C 8) for each 1,000 pupils in March 31 ADM each year in support of the current Standards of Quality. Funding in support of one hour of additional instruction per day based on the percent of students eligible for the federal free lunch program with a pupil-teacher ratio range of 18:1 to 10:1, depending upon a school division's combined failure rate on the English and Math Standards of Learning, is included in Remedial Education Payments (C 9).				
b. No actions provided in this section signify any intent of the General Assembly to mandate an increase in the number of instructional personnel per 1,000 students above the numbers explicitly stated in the preceding paragraph.				
c. Appropriations in this Item include programs supported in part by transfers to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this Act. These transfers combined together with other appropriations from the general fund in this Item funds the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support technology position per 1,000 students; one instructional technology position per 1,000 students; and a full daily planning period for teachers at the middle and high school levels in order to relieve the financial pressure these education programs place on local real estate taxes.				
d. To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers required by the Standards of Quality to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these SOQ funds in this manner shall only employ instructional personnel licensed by the Board of Education.				
e. To provide flexibility in the provision of reading intervention services, school divisions may use the state Early Reading Intervention initiative funding provided from the Lottery

Proceeds Fund and the required local matching funds to employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall only employ instructional personnel licensed by the Board of Education.

f. To provide flexibility in the provision of mathematics intervention services, school divisions may use the state Standards of Learning Algebra Readiness initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ mathematics teacher specialists to provide the required mathematics intervention services. School divisions using the Standards of Learning Algebra Readiness initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

8.a.1) Pursuant to § 22.1-97, Code of Virginia, the Department of Education is required to make calculations at the start of the school year to ensure that school divisions have appropriated adequate funds to support their estimated required local expenditure for the corresponding state fiscal year. In an effort to reduce the administrative burden on school divisions resulting from state data collections, such as the one needed to make the aforementioned calculations, the requirements of § 22.1-97, Code of Virginia, pertaining to the adequacy of estimated required local expenditures, shall be satisfied by signed certification by each division superintendent at the beginning of each school year that sufficient local funds have been budgeted to meet all state required local effort and required local match amounts. This provision shall only apply to calculations required of the Department of Education related to estimated required local expenditures and shall not pertain to the calculations associated with actual required local expenditures after the close of the school year.

2) The Department of Education shall also make calculations after the close of the school year to verify that the required local effort level, based on actual March 31 Average Daily Membership, was met. Pursuant to § 22.1-97, Code of Virginia, the Department of Education shall report annually, no later than the first day of the General Assembly session, to the House Committees on Education and Appropriations and the Senate Committees on Finance and Education and Health, the results of such calculations made after the close of the school year and the degree to which each school division has met, failed to meet, or surpassed its required local expenditure. The Department of Education shall specify the calculations to determine if a school division has expended its required local expenditure for the Standards of Quality. This calculation may include but is not limited to the following calculations:

b. The total expenditures for operation, defined as total expenditures less all capital outlays, expenditures for debt service, facilities, non-regular day school programs (such as adult education, preschool, and non-local education programs), and any transfers to regional programs will be calculated.

c. The following state funds will be deducted from the amount calculated in paragraph a. above: revenues from the state sales and use tax (returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item) for sales in the fiscal year in which the school year begins; total receipts from state funds (except state funds for non-regular day school programs and state funds used for capital or debt service purposes); and the state share of any balances carried forward from the previous fiscal year. Any qualifying state funds that remain unspent at the end of the fiscal year will be added to the amount calculated in paragraph a. above.

d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also be deducted from the amount calculated in paragraph a. above. Any federal funds that remain unspent at the end of the fiscal year and any capital expenditures paid from federal funds will be added to the amount calculated in paragraph a. above.

e. Tuition receipts, receipts from payments from other cities or counties, and fund transfers will also be deducted from the amount calculated in paragraph a, then

f. The final amount calculated as described above must be equal to or greater than the required local expenditure defined in paragraph A. 5.

g.	The Department of Education shall collect the data necessary to perform the calculations of required local expenditure as required by this section.			
h.	A locality whose expenditure in fact exceeds the required amount from local funds may not reduce its expenditures unless it first complies with all of the Standards of Quality.			
9.a.	Any required local matching funds which a locality, as of the end of a school year, has not expended, pursuant to this Item, for the Standards of Quality shall be paid by the locality into the general fund of the state treasury. Such payments shall be made not later than the end of the school year following that in which the under expenditure occurs.			
b.	Whenever the Department of Education has recovered funds as defined in the preceding paragraph a., the Secretary of Education is authorized to repay to the locality affected by that action, seventy-five percent (75%) of those funds upon his determination that:			
	1) The local school board agrees to include the funds in its June 30 ending balance for the year following that in which the under expenditure occurs;			
	2) The local governing body agrees to reappropriate the funds as a supplemental appropriation to the approved budget for the second year following that in which the under expenditure occurs, in an appropriate category as requested by the local school board, for the direct benefit of the students;			
	3) The local school board agrees to expend these funds, over and above the funds required to meet the required local expenditure for the second year following that in which the under expenditure occurs, for a special project, the details of which must be furnished to the Department of Education for review and approval;			
	4) The local school board agrees to submit quarterly reports to the Department of Education on the use of funds provided through this project award; and			
	5) The local governing body and the local school board agree that the project award will be cancelled and the funds withdrawn if the above conditions have not been met as of June 30 of the second year following that in which the under expenditure occurs.			
c.	There is hereby appropriated, for the purposes of the foregoing repayment, a sum sufficient, not to exceed 75 percent of the funds deposited in the general fund pursuant to the preceding paragraph a.			
10.	The Department of Education shall specify the manner for collecting the required information and the method for determining if a school division has expended the local funds required to support the actual local match based on all Lottery and Incentive programs in which the school division has elected to participate. Unless specifically stated otherwise in this Item, school divisions electing to participate in any Lottery or Incentive program that requires a local funding match in order to receive state funding, shall certify to the Department of Education its intent to participate in each program by July 1 each fiscal year in a manner prescribed by the Department of Education. As part of this certification process, each division superintendent must also certify that adequate local funds have been appropriated, above the required local effort for the Standards of Quality, to support the projected required local match based on the Lottery and Incentive programs in which the school division has elected to participate. State funding for such program(s) shall not be made until such time that the school division can certify that sufficient local funding has been appropriated to meet required local match. The Department of Education shall make calculations after the close of the fiscal year to verify that the required local match was met based on the state funds that were received.			
11.	Any sum of local matching funds for Lottery and Incentive program which a locality has not expended as of the end of a fiscal year in support of the required local match pursuant to this Item shall be paid by the locality into the general fund of the state treasury unless the carryover of those unspent funds is specifically permitted by other provisions of this act. Such payments shall be made no later than the end of the school year following that in which the under expenditure occurred.			
12.	The Superintendent of Public Instruction shall provide a report annually, no later than the first day of the General Assembly session, on the status of teacher salaries, by local school

In addition to information on average salaries by school division and statewide comparisons with other states, the report shall also include information on starting salaries by school division and average teacher salaries by school.

13. All state and local matching funds required by the programs in this Item shall be appropriated to the budget of the local school board.

14. By November 15 of each year, the Department of Planning and Budget, in cooperation with the Department of Education, shall prepare and submit a preliminary forecast of Standards of Quality expenditures, based upon the most current data available, to the Chairmen of the House Appropriations and Senate Finance Committees. In odd-numbered years, the forecast for the current and subsequent two fiscal years shall be provided. In even-numbered years, the forecast for the current and subsequent fiscal year shall be provided. The forecast shall detail the projected March 31 Average Daily Membership and the resulting impact on the education budget.

15. School divisions may choose to use state payments provided for Standards of Quality Prevention, Intervention, and Remediation in both years as a block grant for remediation purposes, without restrictions or reporting requirements, other than reporting necessary as a basis for determining funding for the program.

16. Except as otherwise provided in this act, the Superintendent of Public Instruction shall provide guidelines for the distribution and expenditure of general fund appropriations and such additional federal, private and other funds as may be made available to aid in the establishment and maintenance of the public schools.

17. At the Department of Education's option, fees for audio-visual services may be deducted from state Basic Aid payments for individual local school divisions.

18. For distributions not otherwise specified, the Department of Education, at its option, may use prior year data to calculate actual disbursements to individual localities.

19. Payments for accounts related to the Standards of Quality made to localities for public education from the general fund, as provided herein, shall be payable in twenty-four semi-monthly installments at the middle and end of each month.

20. Notwithstanding § 58.1-638 D., Code of Virginia, and other language in this Item, the Department of Education shall, for purposes of calculating the state and local shares of the Standards of Quality, apportion state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/ Local Real Estate Property Tax Relief Fund in the first year based on the July 1, 2014, estimate of school age population provided by the Weldon Cooper Center for Public Service and, in the second year, based on the July 1, 2015, estimate of school age population provided by the Weldon Cooper Center for Public Service.

Notwithstanding § 58.1-638 D., Code of Virginia, and other language in this Item, the State Comptroller shall distribute the state sales and use tax revenues dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/ Local Real Estate Property Tax Relief Fund in the first year based on the July 1, 2014, estimate of school age population provided by the Weldon Cooper Center for Public Service and, in the second year, based on the July 1, 2015, estimate of school age population provided by the Weldon Cooper Center for Public Service.

21. The school divisions within the Tobacco Region, as defined by the Tobacco Indemnification and Community Revitalization Commission, shall jointly explore ways to maximize their collective expenditure reimbursement totals for all eligible E-Rate funding.

22. This Item includes appropriations totaling an estimated \$561,527,170 the first year and \$541,231,250 the second year from the revenues deposited to the Lottery Proceeds Fund. These amounts are appropriated for distribution to counties, cities, and towns to support public education programs pursuant to Article X, Section 7-A Constitution of Virginia. Any county, city, or town which accepts a distribution from this fund shall provide its portion of the cost of maintaining an educational program meeting the Standards of

Quality pursuant to Section 2 of Article VIII of the Constitution without the use of distributions from the fund.

23. For reporting purposes, the Department of Education shall include Lottery Proceeds Funds as state funds.

24.a. Any locality that has met its required local effort for the Standards of Quality accounts for FY 2017 and that has met its required local match for incentive or Lottery-funded programs in which the locality elected to participate in FY 2017 may carry over into FY 2018 any remaining state Direct Aid to Public Education fund balances available to help minimize any FY 2018 revenue adjustments that may occur in state funding to that locality. Localities electing to carry forward such unspent state funds must appropriate the funds to the school division for expenditure in FY 2018.

b. Any locality that has met its required local effort for the Standards of Quality accounts for FY 2018 and that has met its required local match for incentive or Lottery-funded programs in which the locality elected to participate in FY 2018 may carry over into FY 2019 any remaining state Direct Aid to Public Education fund balances available to help minimize any FY 2019 revenue adjustments that may occur in state funding to that locality. Localities electing to carry forward such unspent state funds must appropriate the funds to the school division for expenditure in FY 2019.

25. Localities are encouraged to allow school boards to carry over any unspent local allocations into the next fiscal year. Localities are also encouraged to provide increased flexibility to school boards by appropriating state and local funds for public education in a lump sum.

26. The Department of Education shall include in the annual School Performance Report Card for school divisions the percentage of each division's annual operating budget allocated to instructional costs. For this report, the Department of Education shall establish a methodology for allocating each school division's expenditures to instructional and non-instructional costs in a manner that is consistent with the funding of the Standards of Quality as approved by the General Assembly.

27. It is the intent of the General Assembly that all school divisions annually provide their employees, upon request, with a user-friendly statement of total compensation, including contract duration if less than 12 months.

28. The Department of Education, in collaboration with the Virginia Community College System, will ensure that the same policies regarding the cost for dual enrollment courses held at a community college, are consistently applied to public school students and home-schooled students alike. These policies will clearly address the school division contributions and any student charges for dual enrollment courses, and will ensure that public school students and home-school students are treated in the same manner.

C. Apportionment

1. Subject to the conditions stated in this paragraph and in paragraph B of this Item, each locality shall receive sums as listed above within this program for the basic operation cost and payments in addition to that cost. The apportionment herein directed shall be inclusive of, and without further payment by reason of, state funds for library and other teaching materials.

2. School Employee Retirement Contributions

a. This Item provides funds to each local school board for the state share of the employer's retirement cost incurred by it, on behalf of instructional personnel, for subsequent transfer to the retirement allowance account as provided by Title 51.1, Chapter 1, Code of Virginia.

b. Notwithstanding § 51.1-1401, Code of Virginia, the Commonwealth shall provide payments for only the state share of the Standards of Quality fringe benefit cost of the retiree health care credit. This Item includes payments in both years based on the state share of fringe benefit costs of 55 percent of the employer's cost on funded Standards of Quality instructional positions, distributed based on the composite index of the local ability-to-pay.

<p>school year shall be made as an undesignated component of the state share of Basic Aid in accordance with the provisions of this Item. Only school divisions complying with the standardized program established by the Board of Education shall be entitled to participate in the distribution of state funds appropriated for driver education. The Department of Education will deduct a designated amount per pupil from a school division's Basic Aid payment when the school division is not in compliance with § 22.1-205 C, Code of Virginia. Such amount will be computed by dividing the current appropriation for the Driver Education Fund by actual March 31 ADM.</p>				
<p>2) Local school boards may charge a per pupil fee for behind-the-wheel driver education provided, however, that the fee charged plus the per pupil basic aid reimbursement for driver education shall not exceed the actual average per pupil cost. Such fees shall not be cause for a pro rata reduction in Basic Aid payments to school divisions.</p>				
<p>f. Textbooks</p>				
<p>1) The appropriation in this Item includes \$12,742,776 the first year and \$76,878,557 the second year from the general fund and \$63,873,840 the first year from the Lottery Proceeds Fund as the state's share of the cost of textbooks based on a per pupil amount of \$109.78 the first year and \$109.78 the second year. A school division shall appropriate these funds for textbooks or any other public education instructional expenditure by the school division. The state's distributions for textbooks shall be based on adjusted March 31 ADM. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.</p>				
<p>2) School divisions shall provide free textbooks to all students.</p>				
<p>3) School divisions may use a portion of this funding to purchase Standards of Learning instructional materials. School divisions may also use these funds to purchase electronic textbooks or other electronic media resources integral to the curriculum and classroom instruction and the technical equipment required to read and access the electronic textbooks and electronic curriculum materials.</p>				
<p>4) Any funds provided to school divisions for textbook costs that are unexpended as of June 30, 2017, or June 30, 2018, shall be carried on the books of the locality to be appropriated to the school division the following year to be used for same purpose. School divisions are permitted to carry forward any remaining balance of textbook funds until the funds are expended for a qualifying purpose.</p>				
<p>g. The one-cent state sales and use tax earmarked for education and the sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item which are distributed to localities on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this Item shall be reflected in each locality's annual budget for educational purposes as a separate revenue source for the current fiscal year.</p>				
<p>h. The appropriation for the Standards of Quality for Public Education (SOQ) includes amounts estimated at \$385,109,559 the first year and \$398,609,559 the second year from the amounts transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this act which are derived from the 0.375 cent increase in the state sales and use tax levied pursuant to § 58.1-638, Code of Virginia. These additional funds are provided to local school divisions and local governments in order to relieve the financial pressure education programs place on local real estate taxes.</p>				
<p>i. From the total amounts in paragraph h. above, an amount estimated at \$256,739,719 the first year and \$265,739,719 the second year (approximately 1/4 cent of sales and use tax) is appropriated to support a portion of the cost of the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support and one instructional technology position per 1,000 students; a full daily planning period for teachers at the middle and high school levels in order to relieve the pressure on local real estate taxes and shall be taken into account by the governing body of the county, city, or town in setting real estate tax rates.</p>

<p>j. From the total amounts in paragraph h. above, an amount estimated at \$128,369,840 the first year and \$132,869,840 the second year (approximately 1/8 cent of sales and use tax) is appropriated in this Item to distribute the remainder of the revenues collected and deposited into the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this Item.</p>				
<p>k. For the purposes of funding certain support positions in Basic Aid, a funding ratio methodology is used based upon the prevailing ratio of actual support positions, consistent with those recognized for SOQ funding, to actual instructional positions, consistent with those recognized for SOQ funding, as established in Chapter 781, 2009 Acts of Assembly. For the purposes of making the required spending adjustments, the appropriation and distribution of Basic Aid shall reflect this methodology. Local school divisions shall have the discretion as to where the adjustment may be made, consistent with the Standards of Quality funded in this Act.</p>				
<p>6. Education of the Gifted Payments</p>				
<p>a. An additional payment shall be disbursed by the Department of Education to local school divisions to support the state share of one full-time equivalent instructional position per 1,000 students in adjusted March 31 ADM.</p>				
<p>b. Local school divisions are required to spend, as part of the required local expenditure for the Standards of Quality the established per pupil cost for gifted education (state and local share) on approved programs for the gifted.</p>				
<p>7. Occupational-Vocational Education Payments</p>				
<p>a. An additional payment shall be disbursed by the Department of Education to the local school divisions to support the state share of the number of Vocational Education instructors required by the Standards of Quality. These funds shall be disbursed on the same basis as the payment is calculated.</p>				
<p>b. An amount estimated at \$110,043,313 the first year and \$110,283,838 the second year from the general fund included in Basic Aid Payments relates to vocational education programs in support of the Standards of Quality.</p>				
<p>8. Special Education Payments</p>				
<p>a. An additional payment shall be disbursed by the Department of Education to the local school divisions to support the state share of the number of Special Education instructors required by the Standards of Quality. These funds shall be disbursed on the same basis as the payment is calculated.</p>				
<p>b. Out of the amounts for special education payments, general fund support is provided to fund the caseload standards for speech pathologists at 68 students for each year of the biennium.</p>				
<p>9. Remedial Education Payments</p>				
<p>a. An additional payment estimated at \$114,133,767 the first year and \$114,313,454 the second year from the general fund shall be disbursed by the Department of Education to support the Board of Education's Standards of Quality Prevention, Intervention, and Remediation program adopted in June 2003.</p>				
<p>b. The payment shall be calculated based on one hour of additional instruction per day for identified students, using the three year average percent of students eligible for the federal Free Lunch program as a proxy for students needing such services. Fall membership shall be multiplied by the three year average division-level Free Lunch eligibility percentage to determine the estimated number of students eligible for services. Pupil-teacher ratios shall be applied to the estimated number of eligible students to determine the number of instructional positions needed for each school division. The pupil-teacher ratio applied for each school division shall range from 10:1 for those divisions with the most severe combined three year average failure rates for English and math Standards of Learning test scores to 18:1 for those divisions with the lowest combined three year average failure rates</p>

for English and math Standards of Learning test scores.

c. Funding shall be matched by the local government based on the composite index of local ability-to-pay.

d. To provide flexibility in the instruction of English Language Learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the SOQ Prevention, Intervention, and Remediation account to employ additional English Language Learner teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided through the SOQ staffing standard of 17 instructional positions per 1,000 limited English proficiency students. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall only employ instructional personnel licensed by the Board of Education.

e. An additional state payment estimated at \$83,744,543 the second year from the general fund and \$98,327,638 the first year and \$14,797,598 the second year from the Lottery Proceeds Fund shall be disbursed based on the estimated number of federal Free Lunch participants, in support of programs for students who are educationally at risk. The additional payment shall be based on the state share of:

1) A minimum 1.0 percent add-on, as a percent of the per pupil basic aid cost, for each child who qualifies for the federal Free Lunch Program; and

2) An addition to the add-on, based on the concentration of children qualifying for the federal Free Lunch Program. Based on its percentage of Free Lunch participants, each school division will receive between 1.0 and 13.0 percent in additional basic aid per Free Lunch participant. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.

3a) Local school divisions are required to spend the established at-risk payment (state and local share) on approved programs for students who are educationally at risk.

b) To receive these funds, each school division shall certify to the Department of Education that the state and local share of the at-risk payment will be used to support approved programs for students who are educationally at risk. These programs may include: Dropout Prevention, community and school-based truancy officer programs, Advancement Via Individual Determination (AVID), Project Discovery, Reading Recovery, programs for students who speak English as a second language, or programs related to increasing the success of disadvantaged students in completing a high school degree and providing opportunities to encourage further education and training. Further, each school division shall report to the Department, in the manner prescribed and date set by the Department, the uses of (i) increased funds in fiscal year 2017 above the levels in fiscal year 2016, as well as (ii) the uses of the base level of these funds. The Department shall compile the responses and provide them to the Chairmen of Senate Finance and House Appropriations Committees no later than the first day of the 2017 Session.

4) If the Board of Education has required a local school board to submit a corrective action plan pursuant to § 22.1-253.13:3, Code of Virginia, either for the school division pursuant to a division level review, or for any schools within its division that have been designated as not meeting the standards as approved by the Board of Education, the Superintendent of Public Instruction shall determine and report to the Board of Education whether each such local school board has met its obligation to develop and submit such corrective action plan(s) and is making adequate and timely progress in implementing the plan(s). Additionally, if an academic review process undertaken pursuant to § 22.1-253.13:3, Code of Virginia, has identified actions for a local school board to implement, the Superintendent of Public Instruction shall determine and report to the Board of Education whether the local school board has implemented required actions. If the Superintendent certifies that a local school board has failed or refused to meet any of those obligations, the Board of Education shall withhold payment of some or all At-Risk Add-On funds otherwise allocated to the affected division pursuant to this allocation for the pending fiscal year. In determining the amount of At-Risk Add-On funds to be withheld, the Board of Education shall take into consideration the extent to which such funds have already been expended or contractually obligated. The local school board shall be given an opportunity to correct its failure and, if

successful in a timely manner, may have some or all of its At-Risk Add-On funds restored at the Board of Education's discretion.

f. Regional Alternative Education Programs

1) An additional state payment of \$8,624,267 the first year and \$8,922,130 the second year from the Lottery Proceeds Fund shall be disbursed for Regional Alternative Education programs. Such programs shall be for the purpose of educating certain expelled students and, as appropriate, students who have received suspensions from public schools and students returned to the community from the Department of Juvenile Justice.

2) Each regional program shall have a small student/staff ratio. Such staff shall include, but not be limited to education, mental health, health, and law enforcement professionals, who will collaborate to provide for the academic, psychological, and social needs of the students. Each program shall be designed to ensure that students make the transition back into the "mainstream" within their local school division.

3) a) Regional alternative education programs are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs. This incremental per pupil payment shall be adjusted for the composite index of local ability-to-pay of the school division that counts such students attending such program in its March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the regional programs for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the school day or school year that the student does not attend such program.

b) In the event a school division does not use all of the student slots it is allocated under this program, the unused slots may be reallocated or transferred to another school division.

1. A school division must request from the Department of Education the availability and possible use of any unused student slots. If any unused slots are available and if the requesting school division chooses to utilize any of the unused slots, the requesting school division shall only receive the state's share of tuition for the unused slot that was allocated in this Item for the originally designated school division.

2. However, no requesting school division shall receive more tuition funding from the state for any requested unused slot than what would have been the calculated amount for the requesting school division had the unused slot been allocated to the requesting school division in the original budget. Furthermore, the requesting school division shall pay for any remaining tuition payment necessary for using a previously unused slot.

3. The Department of Education shall provide assistance for the state share of the incremental cost of Regional Alternative Education program operations based on the composite index of local ability-to-pay.

g. Remedial Summer School

1) This appropriation includes \$28,285,228 the first year and \$29,966,909 the second year from the general fund for the state's share of Remedial Summer School Programs. These funds are available to school divisions for the operation of programs designed to remediate students who are required to attend such programs during a summer school session or during an intersession in the case of year-round schools. These funds may be used in conjunction with other sources of state funding for remediation or intervention. School divisions shall have maximum flexibility with respect to the use of these funds and the types of remediation programs offered; however, in exercising this flexibility, students attending these programs shall not be charged tuition and no high school credit may be awarded to students who participate in this program.

2) For school divisions charging students tuition for summer high school credit courses, consideration shall be given to students from households with extenuating financial circumstances who are repeating a class in order to graduate.

10. K-3 Primary Class Size Reduction Payments

a. An additional payment estimated at \$129,745,062 the first year and \$131,721,587 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education as an incentive for reducing class sizes in the primary grades.

b. The Department of Education shall calculate the payment based on the incremental cost of providing the lower class sizes based on the lower of the division average per pupil cost of all divisions or the actual division per pupil cost.

c. Localities are required to provide a match for these funds based on the composite index of local ability-to-pay.

d. By October 15 of each year school divisions must provide data to the Department of Education that each participating school has a September 30 pupil/teacher ratio in grades K through 3 that meet the following criteria:

Qualifying School Percentage of Students Approved

Eligible for Free Lunch, Three-Year Average	Grades K-3 School Ratio	Maximum Individual K-3 Class Size
30% but less than 45%	19 to 1	24
45% but less than 55%	18 to 1	23
55% but less than 65%	17 to 1	22
65% but less than 70%	16 to 1	21
70% but less than 75%	15 to 1	20
75% or more	14 to 1	19

e. School divisions may elect to have eligible schools participate at a higher ratio, or only in a portion of grades kindergarten through three, with a commensurate reduction of state and required local funds, if local conditions do not permit participation at the established ratio and/or maximum individual class size. In the event that a school division requires additional actions to ensure participation at the established ratio and/or maximum individual class size, such actions must be completed by December 1 of the impacted school year. Special education teachers and instructional aides shall not be counted towards meeting these required pupil/teacher ratios in grades kindergarten through three.

f. The Superintendent of Public Instruction may grant waivers to school divisions for the class size requirement in eligible schools that have only one class in an affected grade level in the school.

11. Literary Fund Subsidy Program Payments

a. The Department of Education and the Virginia Public School Authority (VPSA) shall provide a program of funding for school construction and renovation through the Literary Fund and through VPSA bond sales. The program shall be used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the projects on the First or Second Literary Fund Waiting List, or other critical projects which may receive priority placement on the First or Second Literary Fund Waiting List by the Department of Education. Interest rate subsidies will provide school divisions with the present value difference in debt service between a Literary Fund loan and a borrowing through the VPSA. To qualify for an interest rate subsidy, the school division's project must be eligible for a Literary Fund loan and shall be subject to the same restrictions. The VPSA shall work with the Department of Education in selecting those projects to be funded through the interest rate subsidy/bond financing program, so as to ensure the maximum leverage of Literary Fund moneys and a minimum impact on the VPSA Bond Pool.

b. The Department of Education may offer Literary Fund loans from the uncommitted balances of the Literary Fund after meeting the obligations of the interest rate subsidy sales and the amounts set aside from the Literary Fund for Debt Service Payments for Education Technology in this Item.

c. 1) In the event that on any scheduled payment date of bonds of the Virginia Public School Authority (VPSA) authorized under the provisions of a bond resolution adopted subsequent to

<p>2) The Commonwealth shall be subrogated to the VPSA to the extent of any such appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with respect to the defaulting locality and to full recovery of the amount of such deficiency, together with interest at the rate of the defaulting locality's bonds.</p>				
<p>d. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds of the VPSA issued and projected to be issued during such biennium pursuant to the bond resolution referred to in paragraph a above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.</p>				
<p>12. Educational Technology Payments</p>				
<p>a. Any unobligated amounts transferred to the educational technology fund shall be disbursed on a pro rata basis to localities. The additional funds shall be used for technology needs identified in the division's technology plan approved by the Department of Education.</p>				
<p>b. The Department of Education shall authorize amounts estimated at \$11,618,250 the first year from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in 2012.</p>

<p>2) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. In developing the proposed 2018-2020 biennial budget for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for this program in fiscal year 2019.</p>				
<p>e. 1) The Department of Education shall authorize amounts estimated at \$13,808,000 the first year and \$13,805,000 the second year from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in 2015.</p>

Public School Authority in 2016.				
2) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. In developing the proposed 2018-2020 and 2020-2022 biennial budget for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for this program in fiscal years 2019, 2020, and 2021.				
g. 1) An education technology grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at \$72,660,000 in fiscal year 2017 and \$74,830,800 in fiscal year 2018. Proceeds of the notes will be used to establish a computer-based instructional and testing system for the Standards of Learning (SOL) and to develop the capability for high speed Internet connectivity at high schools followed by middle schools followed by elementary schools. School divisions shall use these funds first to develop and maintain the capability to support the administration of online SOL testing for all students with the exception of students with a documented need for a paper SOL test.				
2) The Department of Education shall authorize amounts estimated at \$14,988,495 the second year from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in 2017.				
3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for education technology grant programs in fiscal year 2017 and in fiscal year 2018. In developing the proposed 2018-2020, 2020-2022, and 2022-2024 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2019, 2020, 2021, 2022, and 2023.				
4) Grant funds from the issuance of \$72,660,000 in fiscal year 2017 and \$74,830,800 in fiscal year 2018 in equipment notes are based on a grant of \$26,000 per school and \$50,000 per school division. For purposes of this grant program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2016, for the fiscal year 2017 issuance, and September 30, 2017, for the fiscal year 2018 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, and the School for the Deaf and the Blind. Schools that serve only pre-kindergarten students shall not be eligible for this grant.				
5) Supplemental grants shall be allocated to eligible divisions to support schools that are not fully accredited in accordance with this paragraph. Schools that include a ninth grade that administer SOL tests in Spring 2016 and that are not fully accredited for the second consecutive year, based on school accreditation ratings in effect for fiscal year 2016 and fiscal year 2017 will qualify to participate in the Virginia e-Learning Backpack Initiative in fiscal year 2017 and receive: (1) a supplemental grant of \$400 per student reported in ninth grade fall membership in a qualifying school for the purchase of a laptop or tablet for that student and (2) a supplemental grant of \$2,400 per qualifying school to purchase two content creation packages for teachers. Schools that administer SOL tests in Spring 2017 and that are not fully accredited for the second consecutive year based on school accreditation ratings in effect for fiscal year 2017 and fiscal year 2018 will qualify to participate in the initiative in fiscal year 2018. Schools eligible for the supplemental grants in previous fiscal years shall continue to be eligible for the remaining years of their grant award. Schools eligible to receive this supplemental grant in fiscal year 2018 shall continue to receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Grants awarded to qualifying schools that do not have grades 10, 11, or 12 may transition with the students to the primary receiving school for all years subsequent to grade 9. Schools are eligible to receive these grants for a period of up to four years beginning in fiscal year 2014 and shall not be eligible to receive a separate award in the future once the original award period has concluded. Schools that are fully accredited or that are new schools with

conditional accreditation in their first year shall not be eligible to receive this supplemental grant.				
6) Required local match:				
a) Localities are required to provide a match for these funds equal to 20 percent of the grant amount, including the supplemental grants provided pursuant to paragraph g. 5). At least 25 percent of the local match, including the match for supplemental grants, shall be used for teacher training in the use of instructional technology, with the remainder spent on other required uses. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.				
b) School divisions that administer 100 percent of SOL tests online in all elementary, middle, and high schools may use up to 75 percent of their required local match to purchase targeted technology-based interventions. Such interventions may include the necessary technology and software to support online learning, technology-based content systems, content management systems, technology equipment systems, information and data management systems, and other appropriate technologies that support the individual needs of learners. School divisions that receive supplemental grants pursuant to paragraph g.5) above shall use the funds in qualifying schools to purchase laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers.				
7) The goal of the education technology grant program is to improve the instructional, remedial, and testing capabilities of the Standards of Learning for local school divisions and to increase the number of schools achieving full accreditation.				
8) Funds shall be used in the following manner:				
a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed access to the Internet. School connectivity (computers, LANs and network access) shall include sufficient download/upload capability to ensure that each student will have adequate access to Internet-based instructional, remedial and assessment programs.				
b) When each high school in a division meets the goals established in paragraph a) above, the remaining funds shall be used to develop similar capability in first the middle schools and then the elementary schools.				
c) For purposes of establishing or enhancing a computer-based instructional program supporting the Standards of Learning pursuant to paragraph g. 1) above, these grant funds may be used to purchase handheld multifunctional computing devices that support a broad range of applications and that are controlled by operating systems providing full multimedia support and mobile Internet connectivity. School divisions that elect to use these grant funds to purchase such qualifying handheld devices must continue to meet the on-line testing requirements stated in paragraph g. 1) above.				
d) School divisions shall be eligible to receive supplemental grants pursuant to paragraph g.5) above. These supplemental grants shall be used in qualifying schools for the purchase of laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers. Participating school divisions will be required to select a core set of electronic textbooks, applications and online services for productivity, learning management, collaboration, practice, and assessment to be included on all devices. In addition, participating school divisions will assume recurring costs for electronic textbook purchases and maintenance.				
e) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.				
9) Local school divisions shall maximize the use of available federal funds, including E-

	Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.			
	h. The Department of Education shall maintain criteria to determine if high schools, middle schools, or elementary schools have the capacity to meet the goals of this initiative. The Department of Education shall be responsible for the project management of this program.			
	i. 1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes of the VPSA on such date, there is hereby appropriated to the VPSA from the general fund a sum equal to such deficiency.			
	2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes of the VPSA issued and projected to be issued during such biennium pursuant to the resolution referred to in paragraph 1) above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.			
	j. Unobligated proceeds of the notes, including investment income derived from the proceeds of the notes may be used to pay interest on, or to decrease principal of the notes or to fund a portion of such other educational technology grants as authorized by the General Assembly.			
	k. 1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies with State Government" and for the purposes of § 56-234 "Contracts for Service Rendered by a Telephone Company for the State Government" shall be deemed to include communications lines into public schools which are used for educational technology. The rate structure for such lines shall be negotiated by the Superintendent of Public Instruction and the Chief Information Officer of the Virginia Information Technologies Agency. Further, the Superintendent and Director are authorized to encourage the development of "by-pass" infrastructure in localities where it fails to obtain competitive prices or prices consistent with the best rates obtained in other parts of the state.			
	2) The State Corporation Commission, in its consideration of the discount for services provided to elementary schools, secondary schools, and libraries and the universal service funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is hereby encouraged to make the discounts for intrastate services provided to elementary schools, secondary schools, and libraries for educational purposes as large as is prudently possible and to fund such discounts through the universal fund as provided in § 254 of the Telecommunications Act of 1996. The commission shall proceed as expeditiously as possible in implementing these discounts and the funding mechanism for intrastate services, consistent with the rules of the Federal Communications Commission aimed at the preservation and advancement of universal service.			
	13. Security Equipment Payments			
	1) A security equipment grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at up to \$6,000,000 in fiscal year 2017 and \$6,000,000 in fiscal year 2018 in conjunction with the Virginia Public School Authority technology notes program authorized in C.12. of this Item. Proceeds of the notes will be used to help offset the related costs associated with the purchase of appropriate security equipment that will improve and help ensure the safety of students attending public schools in Virginia.			
	2) The Department of Education shall authorize amounts estimated at \$4,949,979 the first year and \$6,214,457 the second year from the Literary Fund to provide debt service payments for the security equipment grant programs conducted through the Virginia Public School Authority in fiscal years 2013, 2014, 2015, 2016, and 2017.			
	3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this

program. In developing the proposed 2018-2020, and 2020-2022, and 2022-2024 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2019, 2020, 2021, 2022, and 2023.

4) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes on such date, there is hereby appropriated to the Virginia Public School Authority from the general fund a sum equal to such deficiency.

5) The Chairman of the Board of Commissioners of the Virginia Public School Authority shall, on or before November 1 of each year, deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes issued and projected to be issued during such biennium. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

6) Grant award funds from the issuance of up to \$6,000,000 in fiscal year 2017 and \$6,000,000 in fiscal year 2018 in equipment notes shall be distributed to eligible school divisions. The grant awards will be based on a competitive grant basis of up to \$100,000 per school division. School divisions will be permitted to apply annually for grant funding. For purposes of this program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2016, for the fiscal year 2017 issuance, and September 30, 2017, for the fiscal year 2018 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, and the Virginia School for the Deaf and the Blind.

7) School divisions would submit their application to Department of Education by August 1 of each year based on the criteria developed by the Department of Education in collaboration with the Department of Criminal Justice Services who will provide requested technical support. Furthermore, the Department of Education will have the authority to make such grant awards to such school divisions.

8) It is also the intent of the General Assembly that the total amount of the grant awards shall not exceed \$30,000,000 over any ongoing revolving five year period.

9) Required local match:

a) Localities are required to provide a match for these funds equal to 25 percent of the grant amount. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

c) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.

14. Virginia Preschool Initiative Payments

a.1) It is the intent of the General Assembly that a payment estimated at \$70,657,776 the first year and \$70,912,925 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds who are residents of

	First Year FY2017	Second Year FY2018	First Year FY2017	Second Year FY2018
	Virginia and unserved by Head Start program funding. In no event shall distributions from the Lottery Proceeds Fund be made directly to community-based or private providers.			
	2) These state funds and required local matching funds shall be used to provide programs for at-risk four-year-old children, which include quality preschool education, health services, social services, parental involvement and transportation. It shall be the policy of the Commonwealth that state funds and required local matching funds for the Virginia Preschool Initiative not be used for capital outlay. Programs must provide full-day or half-day and, at least, school-year services.			
	3) The Department of Education, in cooperation with the Council on Child Day Care and Early Childhood Programs, shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating school division and the school divisions must certify that the Virginia Preschool Initiative program follows the established standards in order to receive the funding for quality preschool education and criteria for the service components. Such guidelines shall be consistent with the findings of the November 1993 study by the Board of Education, the Department of Education, and the Council on Child Day Care and Early Childhood Programs.			
	4) a) Grants shall be distributed based on an allocation formula providing the state share of a \$6,125 grant for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program. The number of unserved at-risk four-year-olds in each locality shall be based on the projected number of kindergarten students, updated once each biennium for the Governor's introduced biennial budget. Half-day programs shall operate for a minimum of three hours of classroom instructional time per day, excluding breaks for lunch or recess, and grants to half-day programs shall be funded based on the state share of \$3,062 per unserved at-risk four-year-old in each locality. Full-day programs shall operate for a minimum of five and one-half instructional hours, excluding breaks for meals and recess. No additional state funding is provided for programs operating greater than three hours per day but less than five and one-half hours per day. In determining the state and local shares of funding, the composite index of local ability-to-pay is capped at 0.5000.			
	b) For new programs in the first year of implementation only, programs operating less than a full school year shall receive state funds on a fractional basis determined by the pro-rata portion of a school year program provided. In determining the prorated state funds to be received, a school year shall be 180 days.			
	b.1) Any locality which desires to participate in this grant program must submit a proposal through its chief administrator (county administrator or city manager) by May 15 of each year. The chief administrator, in conjunction with the school superintendent, shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk children which demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk four-year-old children.			
	2) The proposal must demonstrate coordination with all parties necessary for the successful delivery of comprehensive services, including the schools, child care providers, local social services agency, Head Start, local health department, and other groups identified by the lead agency.			
	3) A local match, based on the composite index of local ability-to-pay, shall be required. For purposes of meeting the local match, localities may use local expenditures for existing qualifying programs, however, at least seventy-five percent of the local match will be cash and no more than twenty-five percent will be in-kind. In-kind contributions are defined as cash outlays that are made by the locality that benefit the program but are not directly charged to the program. The value of fixed assets cannot be considered as an in-kind contribution. Localities shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program must be used to supplement, not supplant, any funds currently provided for programs within the locality. However, in the event a locality is prohibited from continuing the previous level of support to programs for at-risk four-year-olds from Title I of the federal Elementary and Secondary Education Act (ESEA), the state and local funds provided in this grants program may be used to continue services to

these Title I students. Such prohibition may occur due to amendments to the allocation formula in the reauthorization of ESEA as the No Child Left Behind Act of 2001 or due to a percentage reduction in a locality's Title I allocation in 2016-2017 or 2017-2018. Any locality so affected shall provide written evidence to the Superintendent of Public Instruction and request his approval to continue the services to Title I students.

c. Local plans must provide clear methods of service coordination for the purpose of reducing the per child cost for the service, increasing the number of at-risk children served and/or extending services for the entire year. Examples of these include:

1) "Wraparound Services" -- methods for combining funds such as child care subsidy dollars administered by local social service agencies with dollars for quality preschool education programs.

2) "Wrap-out Services" - methods for using grant funds to purchase quality preschool services to at-risk four-year-old children through an existing child care setting by purchasing comprehensive services within a setting which currently provides quality preschool education.

3) "Expansion of Service" - methods for using grant funds to purchase slots within existing programs, such as Head Start, which provide comprehensive services to at-risk four-year-old children.

d.1) Local plans must indicate the number of at-risk four-year-old children to be served, and the eligibility criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the 2015-2016 programs guidelines that are specific to: (i) family income at or below 200 percent of poverty, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) family income is less than 350 percent of federal poverty guidelines in the case of students with special needs or disabilities. Up to 15 percent of a division's slots may be filled based on locally established eligibility criteria so as to meet the unique needs of at-risk children in the community.

2) The Department of Education is directed to compile from each school division the aggregated information as to the number of enrolled students whose families are (i) at or below 130 percent of poverty, and (ii) above 130 percent but below 200 percent of poverty. The Department shall report this information annually, after the application and fall participation reports are submitted to the Department from the school divisions, to the Chairmen of House Appropriations and Senate Finance Committees. In addition, the Department will post and maintain the summary information by division on the Department's website in keeping with current student privacy policies.

e.1) The Department of Education and the Council on Child Day Care and Early Childhood Programs shall provide technical assistance for the administration of this grant program to provide assistance to localities in developing a comprehensive, coordinated, quality preschool program for serving at-risk four-year-old children.

2) A pre-application session shall be provided by the Department and the Council on Child Day Care and Early Childhood Programs prior to the proposal deadline. The Department shall provide interested localities with information on models for service delivery, methods of coordinating funding streams, such as funds to match federal IV-A child care dollars, to maximize funding without supplanting existing sources of funding for the provision of services to at-risk four-year-old children. A priority for technical assistance in the design of programs shall be given to localities where the majority of the at-risk four-year-old population is currently unserved.

f. The Department of Education shall include in the program's application package specific information regarding the potential availability of funding for supplemental grants that may be used for one-time expenses, other than capital, related to start-up or expansion of programs, with priority given to proposals for expanding the use of partnerships with either nonprofit or for-profit providers. Furthermore, the Department is mandated to communicate to all eligible school divisions the remaining available balances in the program's adopted budget, after the fall participation reports have been submitted and finalized for such grants.

15. Early Reading Intervention Payments

a. An additional payment of \$18,142,819 the first year and \$18,203,496 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing early reading intervention services to students in grades kindergarten through 3 who demonstrate deficiencies based on their individual performance on diagnostic tests which have been approved by the Department of Education. The Department of Education shall review the tests of any local school board which requests authority to use a test other than the state-provided test to ensure that such local test uses criteria for the early diagnosis of reading deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of five to one. The estimated number of students in each school division in each year shall be determined by multiplying the projected number of students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3 by the percent of students who are determined to need services based on diagnostic tests administered in the previous year in that school division and adjusted in the following manner:

	Year 1	Year 2
Kindergarten	100%	100%
Grade 1	100%	100%
Grade 2	100%	100%
Grade 3	100%	100%

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. At the beginning of the school year, local school divisions shall partner with the parents of those third grade students in the division who demonstrate reading deficiencies, discussing with them a developed plan for remediation and retesting. Such intervention programs, at the discretion of the local school division, may include, but not be limited to, the use of: special reading teachers; trained aides; full-time early literacy tutors; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

d. In the event that a school division does not use the diagnostic test provided by the Department of Education in the year that serves as the basis for updating the funding formula for this program but has used it in past years, the Department of Education shall use the most recent data available for the division for the state-provided diagnostic test.

e. The results of all reading diagnostic tests and reading remediation shall be discussed with the student and the student's parent prior to the student being promoted to grade four.

f. Funds appropriated for Standards of Quality Prevention, Intervention, and Remediation, Remedial Summer School, or At-Risk Add-On may also be used to meet the requirements of this program.

16. Standards of Learning Algebra Readiness Payments

a. An additional payment of \$12,921,689 the first year and \$12,955,205 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing math intervention services to students in grades 6, 7, 8 and 9 who are at-risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on diagnostic tests which have been approved by the Department of

Education. The Department of Education shall review the tests to ensure that such local test uses state-provided criteria for diagnosis of math deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of ten to one. The estimate number of students in each school division shall be determined by multiplying the projected number of students reported in each school division's fall membership by the percent of students that qualify for the federal Free Lunch Program.

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

17. School Construction Grants Program Escrow

Notwithstanding the requirements of § 22.1-175.5, Code of Virginia, school divisions are permitted to withdraw funds from local escrow accounts established pursuant to § 22.1-175.5 to pay for recurring operational expenses incurred by the school division. Localities are not required to provide a local match of the withdrawn funds.

Local school divisions shall provide a local match based on the composite index of local ability-to-pay.

19. Special Education Instruction Payments

Notwithstanding any contrary provision of law, the state's share of the tuition rates shall be based on the composite index of local ability-to-pay.

c. Out of the amounts for Financial Assistance for Categorical Programs, \$34,872,556 the first year and \$35,217,880 the second year from the general fund is appropriated to permit the Department of Education to enter into agreements with selected local school boards for the provision of educational services to children residing in certain hospitals, clinics, and detention homes by employees of the local school boards. The portion of these funds provided for educational services to children residing in local or regional detention homes shall only be determined on the basis of children detained in such facilities through a court order issued by a court of the Commonwealth. The selection and employment of instructional and administrative personnel under such agreements will be the responsibility of the local school board in accordance with procedures as prescribed by the local school board. State payments for the first year to the local school boards operating these programs will be based on certified expenditures from the fourth quarter of FY 2016 and the first three quarters of FY 2017. program if they are enrolled in a public school.				
2) Out of the amounts for Governor's School Payments, \$93,000 the first year and \$41,000 the second year is provided to support the Hanover Regional Summer Governor's School for Career and Technical Advancement, which was established pursuant to Chapter 425, 2014 Acts of Assembly, and Chapter 665, 2015 Acts of Assembly.				
c. For the Summer Governor's Schools and Foreign Language Academies programs, the Superintendent of Public Instruction is authorized to adjust the tuition rates, types of programs offered, length of programs, and the number of students enrolled in order to maintain costs within the available state and local funds for these programs.				
d. It shall be the policy of the Commonwealth that state general fund appropriations not be used for capital outlay, structural improvements, renovations, or fixed equipment costs associated with initiation of existing or proposed Governor's schools. State general fund appropriations may be used for the purchase of instructional equipment for such schools, subject to certification by the Superintendent of Public Instruction that at least an equal amount of funds has been committed by participating school divisions to such purchases.				
e. The Board of Education shall not take any action that would increase the state's share of costs associated with the Governor's Schools as set forth in this Item. This provision shall not prohibit the Department of Education from submitting requests for the increased costs of existing programs resulting from updates to student enrollment for school divisions currently participating in existing programs or for school divisions that begin participation in existing programs.				
f.1) Regular school year Governor's Schools are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs for each student attending a Governor's School up to a cap of 1,800 students per Governor's School in the first year and a cap of 1,800 students per Governor's School in the second year. This incremental per pupil payment shall be adjusted for the composite index of the school division that counts such students attending an academic year Governor's School in their March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the Governor's Schools for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the day that the student does not attend a Governor's School.				
2) Students attending a revolving Academic Year Governor's School program for only one semester shall be counted as 0.50 of a full-time equivalent student and will be funded for only fifty percent of the full-year funded per pupil amount. Funding for students attending a revolving Academic Year program will be adjusted based upon actual September 30th and January 30th enrollment each fiscal year. For purposes of this Item, revolving programs shall mean Academic Year Governor's School programs that admit students on a semester basis.				
3) Students attending a continuous, non-revolving Academic Year Governor's School program shall be counted as a full-time equivalent student and will be funded for the full-year funded per pupil amount. Funding for students attending a continuous, non-revolving Academic Year Governor's School program will be adjusted based upon actual September 30th student enrollment each fiscal year. For purposes of this Item, continuous, non-revolving programs shall mean Academic Year Governor's School programs that only admit students at the beginning of the school year. Fairfax County Public Schools shall not reduce local per pupil funding for the Thomas Jefferson Governor's School below the amounts appropriated for the 2003-2004 school year.				
4) This appropriation includes an additional \$1,370,160 the first year and \$1,680,704 the second year from the general fund to provide the state's share of a 2.5 percent increase in the tuition amount, and the state's share of \$50.00 per course per student adjustment added after the 2.5 percent increase. The 2.5 percent increase and the \$50.00 per course adjustment shall only be effective for fiscal year 2017 and fiscal year 2018. The local funding contribution of each school division participating in an Academic Year Governor's Schools program in either year of the biennium shall not be reduced on a per pupil basis below the amount in fiscal year

5) The Department of Education shall review the distribution methodology used to determine the Governor's School tuition payments by November 4, 2016, and submit the findings of the review to the Chairmen of House Appropriations and Senate Finance Committees. The review shall include, but not be limited to, consideration of the length of the academic program day with the intent to determine and provide an equitable distribution of tuition payments based on the actual length of academic program day, the appropriate state and local shares, and the academic model used by Governor's Schools in the configuration of the funding formula.

g. All regional Governor's Schools are encouraged to provide full-day grades 9 through 12 programs.

h. Out of the appropriation included in paragraph 36, a.1., of this Item, \$103,041 the first year and \$357,852 the second year from the general fund is included for the Academic Year Governor's School funding allocation to increase the per pupil amount up to an additional \$70.19 the first year and \$119.98 the second year per pupil amount as an add-on for a 2.0 percent compensation incentive supplement with an effective date of December 1, 2016. In order to receive the state's allocation for the 2.0 percent compensation incentive supplement in the first year, participating Academic Year Governor's Schools shall comply with the provisions set out in paragraph 36 of this Item.

i. Out of this appropriation, \$100,000 the first year from the general fund is available for the Department of Education to develop, in collaboration with the school divisions and community colleges in the Roanoke Valley region, a model proposal that establishes a Regional Career and Technical Governor's School Center.

29. School Nutrition Payments

It is provided that, subject to implementation by the Superintendent of Public Instruction, no disbursement shall be made out of the appropriation for school nutrition to any locality in which the schools permit the sale of competitive foods in food service facilities or areas during the time of service of food funded pursuant to this Item.

30. School Breakfast Payments

a. Out of this appropriation, \$3,926,014 the first year and \$4,226,897 the second year from the Lottery Proceeds Fund is included to continue a state funded incentive program to maximize federal school nutrition revenues and increase student participation in the school breakfast program. These funds are available to any school division as a reimbursement for breakfast meals served that are in excess of the baseline established by the Department of Education. The per meal reimbursement shall be \$0.22; however, the department is authorized, but not required to reduce this amount proportionately in the event that the actual number of meals to be reimbursed exceeds the number on which this appropriation is based so that this appropriation is not exceeded.

b. In order to receive these funds, school divisions must certify that these funds will be used to supplement existing funds provided by the local governing body and that local funds derived from sources that are not generated by the school nutrition programs have not been reduced or eliminated. The funds shall be used to improve student participation in the school breakfast program. These efforts may include, but are not limited to, reducing the per meal price paid by students, reducing competitive food sales in order to improve the quality of nutritional offerings in schools, increasing access to the school breakfast program, or providing programs to increase parent and student knowledge of good nutritional practices. In no event shall these funds be used to reduce local tax revenues below the level appropriated to school nutrition programs in the prior year. Further, these funds must be provided to the school nutrition programs and may not be used for any other school purpose.

c.1) Out of this appropriation, \$1,074,000 the first year and \$1,074,000 the second year from the general fund is provided to fund an elementary school After-the-Bell Model breakfast pilot program available on a voluntary basis only to elementary schools where student eligibility for free or reduced lunch exceeds 45.0 percent for the participating eligible elementary school, and to provide additional reimbursement for eligible meals

The Department of Education is directed to ensure that only eligible elementary schools receive reimbursement funding for participating in the After-the-Bell school breakfast model. The elementary schools participating in the pilot program shall evaluate the educational impact of the models implemented that provide school breakfasts to students after the first bell of the school day, based on the guidelines developed by the Department of Education and submit the required report to the Department of Education no later June 30, 2017 for the 2016-2017 school year and no later than June 30, 2018 for the 2017-2018 school year.</p>			
	<p>2) The Department of Education shall communicate, through Superintendent's Memo, to school divisions the types of breakfast serving models and the criteria that will meet the requirements for this State reimbursement, which may include, but are not limited to, breakfast in the classroom, grab and go breakfast, or a breakfast after first period. School divisions may determine the breakfast serving model that best applies to its students, so long as it occurs after the instructional day has begun. For the 2016-2017 and 2017-2018 school years, the Department of Education shall monthly transfer to each school division a reimbursement rate of \$0.05 per breakfast meal that meets either of the established criteria.</p>			
	<p>3) No later than July 1, 2016 for the 2016-2017 school year and no later than July 1, 2017 for the 2017-2018 school year, the Department of Education shall provide for a pilot breakfast program application process for school divisions with eligible elementary schools, including guidelines regarding specified required data to be compiled from the prior school year or years and during the one-year pilot. The number of approved applications shall be based on the estimated number of pilot sites that can be accommodated within the approved funding level. The reporting requirements must include: student attendance and tardy arrivals, office discipline referrals, student achievement measures, teachers' responses to the impact of the pilot program before and after implementation, and the financial impact on the division's school food program. The Department of Education shall collect and compile the results of the pilot breakfast program and shall submit the report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than August 1 following each school year.</p>

This appropriation also includes \$318,750 the first year and \$318,750 the second year from the general fund for Clinical Faculty programs to assist pre-service teachers and beginning teachers to make a successful transition into full-time teaching. School divisions operating beginning teacher mentor programs shall receive equal consideration for funding.

Appropriations in this Item include \$279,983 the first year and \$279,983 the second year from the general fund to provide grants to school divisions that employ mentor teachers for new teachers entering the profession through the alternative route to licensure as prescribed by the Board of Education.

33. Virginia Workplace Readiness Skills Assessment

Appropriations in this Item include \$308,655 the first year and \$308,655 the second year from the general fund to provide support grants to school divisions for standard diploma graduates. To provide flexibility, school divisions may use the state grants for the actual assessment or for other industry certification preparation and testing.

34. Reading Specialists Initiative

a. An additional payment of \$1,476,790 the first year and \$1,476,790 the second year from the general fund shall be disbursed by the Department of Education to qualifying local school divisions for the purpose of providing a reading specialist for any school with a third grade that has a school-wide pass rate of less than 75 percent on the reading Standards of Learning (SOL) assessments.

b. These payments shall be based on the state's share of the cost of providing one reading specialist per qualifying school. School divisions with schools participating in this program in fiscal year 2016 shall be eligible to receive funding at 100 percent of the state share the first year and 50 percent of the state share the second year for the same schools and such schools are granted a one-year extension of the two-year waiver referenced in subsection c. for a third year in fiscal year 2018. The Department of Education is authorized to disburse additional payments to divisions from any remaining funds each year to support additional qualifying schools and shall give priority to such schools with the lowest SOL pass rates for reading or the greatest number of years accredited with warning in English. Payments to school divisions in support of such additional qualifying schools each year shall be based on 100 percent of the state share of cost.

c. These payments are available to any school division with a qualifying school that (1) certifies to the Department of Education that the division has hired a reading specialist to provide direct services to children reading below grade level in the school to improve reading achievement and (2) applies and receives a waiver for up to two years from the Board of Education for the administration of third grade SOL assessments in science or history and social science or both for the purpose of creating additional instructional time for reading specialists to work with students reading below grade level to improve reading achievement.

d. These payments also are available to any school division with a qualifying school that certifies to the Department of Education that the division is supporting tuition for collegiate programs and instruction for currently employed instructional school personnel to earn the credentials necessary to meet licensure requirements to be endorsed as a reading specialist.

e. School divisions receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

35. Math/Reading Instructional Specialist Initiative

a. Included in this appropriation is \$1,834,538 the first year and \$1,834,538 the second year from the general fund in additional payments for reading or math instructional specialists at underperforming schools. From this amount, the state share of one reading or math specialist shall be provided to local school divisions with schools which have been denied accreditation or were accredited with warning for the third consecutive year based on school accreditation ratings for the 2015-2016 school year. Such schools shall be eligible to receive the state share of funding for both years of the biennium. In addition, following the academic review required by § 22.1-253.13:3, Code of Virginia, the Department of Education shall identify up to 20 additional schools to also receive the state share of a reading or math instructional specialist. The schools eligible for such personnel are those which were accredited with warning for the second consecutive year based on school accreditation ratings for the 2014-2015 and 2015-2016 school years and that have shown no or limited improvement in student achievement in the past year. Such schools

shall also be eligible to receive the state share of funding for both years of the biennium. If, following certification from a school division that it will not participate in the program, the Department is authorized to identify additional eligible schools.

b. These payments are available to any school division with a qualifying school that certifies to the Department of Education that the division has (1) hired a math or reading instructional specialist, or (2) is supporting tuition for collegiate programs and instruction for currently employed instructional school personnel to earn the credentials necessary to meet licensure requirements to be endorsed as a math specialist or a reading specialist. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

c. The Department of Education is authorized to utilize available funding appropriated to the Early Reading Specialist Initiative contained in this Item to pay for instructional specialists at additional eligible schools, or to support tuition for collegiate programs and instruction for currently employed instructional school personnel at additional eligible schools to earn the credentials necessary to meet licensure requirements to be endorsed as an instructional specialist.

36. Compensation Supplements

a.1) The appropriation in this Item includes \$49,007,999 the first year and \$85,349,461 the second year from the general fund for the state share of a payment equivalent to a 2.0 percent salary incentive increase, effective December 1, 2016, for funded SOQ instructional and support positions. Funded SOQ instructional positions shall include the teacher, guidance counselor, librarian, instructional aide, principal, and assistant principal positions funded through the SOQ staffing standards for each school division in the biennium. This amount includes \$103,041 the first year and \$357,852 the second year referenced in paragraph 28. h., for the Academic Year Governor's Schools for a 2.0 percent salary incentive increase, effective December 1, 2016, for instructional and support positions.

2) It is the intent that the instructional and support position salaries be improved in school divisions throughout the state by at least an average of 2.0 percent in the first year. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of a 2.0 percent salary increase for funded SOQ instructional and support positions, effective December 1, 2016, to school divisions which certify to the Department of Education, by October 1, 2016, that salary increases of a minimum average of 2.0 percent have been provided in the first year by December 1, 2016, to instructional and support personnel. In certifying that the salary increases have been provided, school divisions may not include any salary increases that were provided in the first year solely to offset the cost of required member contributions to the Virginia Retirement System under § 51.1-144, Code of Virginia.

b. The state funds for which the division is eligible to receive shall be matched by the local government, based on the composite index of local ability-to-pay, which shall be calculated using an effective date of December 1, 2016, as the basis for the local match requirement for both funded SOQ instructional and support positions.

c. This funding is not intended as a mandate to increase salaries.

37. Broadband Connectivity Capabilities

By November 1 each year, school divisions shall report to the Department of Education the status of broadband connectivity capability of schools in the division on a form to be provided by the Department. Such report shall include school-level information on the method of Internet service delivery, the level of bandwidth capacity and the degree such capacity is sufficient for delivery of school-wide digital resources and instruction, degree of internet connectivity via Wi-Fi, cost information related to Internet connectivity, data security, and such other pertinent information as determined by the Department of Education. The Department shall provide a summary of the division responses in a report to be made available on its agency Web site.

38. Supplemental Lottery Per Pupil Allocation Payments
