Nothing in this compact shall be construed to affect any existing or future cooperative relationship or arrangement between any federal agency and a member state or states.

§ 5. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

C. E. An employee or a designee of the local community services board shall determine the facility of temporary detention in accordance with the provisions of § 37.2-809.1 for all individuals detained pursuant to this section. An employee or designee of the local community services board may change the facility of temporary detention and may designate an alternative facility for temporary detention at any point during the period of temporary detention if it is determined that the alternative facility is a more appropriate facility for temporary detention of the individual given the specific security, medical, or behavioral health needs of the person. In cases in which the facility of temporary detention is changed following transfer of custody to an initial facility of temporary custody, transportation of the individual to the alternative facility of temporary detention shall be provided in accordance with the provisions of § 37.2-810. The initial facility of temporary detention shall be identified on the preadmission screening report and indicated on the temporary detention order; however, if an employee or designee of the local community services board designates an alternative facility, that employee or designee shall provide written notice forthwith, on a form developed by the Executive Secretary of the Supreme Court of Virginia, to the clerk of the issuing court of the name and address of the alternative facility. Subject to the provisions of § 37.2-809.1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808, the individual shall be detained in a state facility for the treatment of individuals with mental illness and such facility shall be indicated on the temporary detention order. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the person is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by either the initial facility of temporary detention identified in the temporary detention order or by the alternative facility of temporary detention designated by the employee or designee of the local community services board pursuant to this subsection. The person detained or in custody pursuant to this section shall be given a written summary of the temporary detention procedures and the statutory protections associated with those procedures.

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

G. The employee or the designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 72 hours prior to a hearing. If the 72-hour period herein specified terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. The person may be released, pursuant to § 37.2-813, before the 72-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider or designee of a local community services board or behavioral health authority shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. ~~The~~ If the employee or designee of the community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the person should not be subject to a temporary detention order, *such employee or designee shall (i) inform the petitioner, the person who initiated emergency custody if such person is present, and an onsite*

treating physician of his recommendation; (ii) promptly inform such person who initiated emergency custody that the community services board will facilitate communication between the person and the magistrate if the person disagrees with recommendations of the employee or designee of the community services board who conducted the evaluation and the person who initiated emergency custody so requests; and (iii) upon prompt request made by the person who initiated emergency custody, arrange for such person who initiated emergency custody to communicate with the magistrate as soon as is practicable and prior to the expiration of the period of emergency custody. The magistrate shall consider any information provided by the person who initiated emergency custody and any recommendations of the treating or examining physician and the employee or designee of the community services board who conducted the evaluation and consider such information and recommendations in accordance with subsection B in making his determination to issue a temporary detention order. The individual who is the subject of emergency custody shall remain in the custody of law enforcement or a designee of law enforcement and shall not be released from emergency custody until communication with the magistrate pursuant to this subsection has concluded and the magistrate has made a determination regarding issuance of a temporary detention order.

M. For purposes of this section, "person who initiated emergency custody" means any person who initiated the issuance of an emergency custody order pursuant to § 37.2-808 or a law-enforcement officer who takes a person into custody pursuant to subsection G of § 37.2-808.

1. That § 30-343 of the Code of Virginia is amended and reenacted as follows:

§ 30-343. (Expires July 1, 2017) Standing committees to request Commission assessment.

The Commission shall be given a period of 24 months to complete and submit its assessment. A report summarizing the Commission's assessment shall be forwarded to the Chairman of the standing committee that requested the assessment.

B. Upon receipt of such a request, the Commission shall request the Bureau of Insurance of the State Corporation Commission (the Bureau) to prepare an analysis of the extent to which the proposed mandate is currently available under qualified health plans in the Commonwealth and advise the Commission as to whether, on the basis of that analysis, the ~~Exchange~~ applicable agency has determined or would likely determine, in accordance with applicable federal rules, that the proposed mandate exceeds the scope of the essential health benefits. C. Upon request of the Commission, the Bureau and the Joint Legislative Audit and Review Commission shall jointly assess the social and financial impact and the medical efficacy of the proposed mandate, which assessment shall include an estimate of the effects of enactment of the proposed mandate on the costs of health coverage in the Commonwealth, including any estimated additional costs that the Commonwealth may be responsible for pursuant to § 1311(d)(3)(B) of the Patient Protection and Affordable Care Act should the proposed mandate ultimately be determined by the ~~Exchange~~ applicable agency to be a benefit that exceeds the scope of the essential health benefits. Upon completion of the assessment by the Bureau and the Joint Legislative Audit and Review Commission, the Commission may make a recommendation regarding its support of or opposition to the enactment of the proposed mandate. The Commission's recommendation may address whether the proposed mandate should be provided under health care plans offered through a health benefit exchange or outside a health benefit exchange.

The Commission shall be given a period of 24 months to complete and submit its assessment. A report summarizing the Commission's study shall be forwarded to the Governor and the General Assembly.

D. Whenever a legislative measure containing a mandated health insurance benefit or provider is identical or substantially similar to a legislative measure previously reviewed by the Commission within the three-year period immediately preceding the ~~then current~~ then-current session of the General Assembly, the standing committee may request the Commission to study *the measure* as provided in subsection A.

When so authenticated, the written reports and records are admissible in evidence as a business records exception to the hearsay rule.

I. No cause of action shall lie in any court against a provider of a wire or electronic communication service or remote computing service or such provider's officers, employees, agents, or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order, warrant, administrative subpoena, or subpoena under this section or the provisions of subsection E.

However, an investigative or law-enforcement officer may use such a device without first obtaining a search warrant under the circumstances set forth in subsection E. [H 367]

Approved March 29, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2307 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2307. Vested rights not impaired; nonconforming uses.

A. Nothing in this article shall be construed to authorize the impairment of any vested right. Without limiting the time when rights might otherwise vest, a landowner's rights shall be deemed vested in a land use and such vesting shall not be affected by a subsequent amendment to a zoning ordinance when the landowner (i) obtains or is the beneficiary of a significant affirmative governmental act which remains in effect allowing development of a specific project, (ii) relies in good faith on the significant affirmative governmental act, and (iii) incurs extensive obligations or substantial expenses in diligent pursuit of the specific project in reliance on the significant affirmative governmental act.

B. For purposes of this section and without limitation, the following are deemed to be significant affirmative governmental acts allowing development of a specific project: (i) the governing body has accepted proffers or proffered conditions which specify use related to a zoning amendment; (ii) the governing body has approved an application for a rezoning for a specific use or density; (iii) the governing body or board of zoning appeals has granted a special exception or use permit with conditions; (iv) the board of zoning appeals has approved a variance; (v) the governing body or its designated agent has approved a preliminary subdivision plat, site plan or plan of development for the landowner's property and the applicant diligently pursues approval of the final plat or plan within a reasonable period of time under the circumstances; (vi) the governing body or its designated agent has approved a final subdivision plat, site plan or plan of development for the landowner's property; or (vii) the zoning administrator or other administrative officer has issued a written order, requirement, decision or determination regarding the permissibility of a specific use or density of the landowner's property that is no longer subject to appeal and no longer subject to change, modification or reversal under subsection C of § 15.2-2311.

C. A zoning ordinance may provide that land, buildings, and structures and the uses thereof which do not conform to the zoning prescribed for the district in which they are situated may be continued only so long as the then existing or a more restricted use continues and such use is not discontinued for more than two years, and so long as the buildings or structures are maintained in their then structural condition; and that the uses of such buildings or structures shall conform to such regulations whenever, with respect to the building or structure, the square footage of a building or structure is enlarged, or the building or structure is structurally altered as provided in the Uniform Statewide Building Code (§ 36-97 et seq.). *If a use does not conform to the zoning prescribed for the district in which such use is situated, and if (i) a business license was issued by the locality for such use and (ii) the holder of such business license has operated continuously in the same location for at least 15 years and has paid all local taxes related to such use, the locality shall permit the holder of such business license to apply for a rezoning or a special use permit without charge by the locality or any agency affiliated with the locality for fees associated with such filing.* Further, a zoning ordinance may provide that no nonconforming use may be expanded, or that no nonconforming building or structure may be moved on the same lot or to any other lot which is not properly zoned to permit such nonconforming use.

D. Notwithstanding any local ordinance to the contrary, if (i) the local government has issued a building permit, the building or structure was thereafter constructed in accordance with the building permit, and upon completion of construction, the local government issued a certificate of occupancy or a use permit therefor, or (ii) the owner of the building or structure has paid taxes to the locality for such building or structure for a period of more than the previous 15 years, a zoning ordinance shall not provide that such building or structure is illegal and subject to removal solely due to such nonconformity. Such building or structure shall be nonconforming. A zoning ordinance may provide that such building or structure be brought in compliance with the Uniform Statewide Building Code, provided that to do so shall not affect the nonconforming status of such building or structure. If the local government has issued a permit, other than a building permit, that authorized construction of an improvement to real property and the improvement was thereafter constructed in accordance with such permit, the ordinance may provide that the improvements are nonconforming, but not illegal.

E. A zoning ordinance shall permit the owner of any residential or commercial building damaged or destroyed by a natural disaster or other act of God to repair, rebuild, or replace such building to eliminate or reduce the nonconforming features to the extent possible, without the need to obtain a variance as provided in § 15.2-2310. If such building is damaged greater than 50 percent and cannot be repaired, rebuilt or replaced except to restore it to its original nonconforming condition, the owner shall have the right to do so. The owner shall apply for a building permit and any work done to repair, rebuild or replace such building shall be in compliance with the provisions of the Uniform Statewide Building Code (§ 36-97 et seq.) and any work done to repair, rebuild or replace such building shall be in compliance with the provisions of the local flood plain regulations adopted as a condition of participation in the National Flood Insurance Program. Unless such building is repaired, rebuilt or replaced within two years of the date of the natural disaster or other act of God, such building shall only be repaired, rebuilt or replaced in accordance with the provisions of the zoning ordinance of the locality. However, if the nonconforming building is in an area under a federal disaster declaration and the building has been damaged

or destroyed as a direct result of conditions that gave rise to the declaration, then the zoning ordinance shall provide for an additional two years for the building to be repaired, rebuilt or replaced as otherwise provided in this paragraph. For purposes of this section, "act of God" shall include any natural disaster or phenomena including a hurricane, tornado, storm, flood, high water, wind-driven water, tidal wave, earthquake or fire caused by lightning or wildfire. For purposes of this section, owners of property damaged by an accidental fire have the same rights to rebuild such property as if it were damaged by an act of God. Nothing herein shall be construed to enable the property owner to commit an arson under § 18.2-77 or 18.2-80, and obtain vested rights under this section.

F. Notwithstanding any local ordinance to the contrary, an owner of real property shall be permitted to replace an existing on-site sewage system for any existing building in the same general location on the property even if a new on-site sewage system would not otherwise be permitted in that location, unless access to a public sanitary sewer is available to the property. If access to a sanitary sewer system is available, then the connection to such system shall be required. Any new on-site system shall be installed in compliance with applicable regulations of the Department of Health in effect at the time of the installation.

G. Nothing in this section shall be construed to prevent a locality, after making a reasonable attempt to notify such property owner, from ordering the removal of a nonconforming sign that has been abandoned. For purposes of this section, a sign shall be considered abandoned if the business for which the sign was erected has not been in operation for a period of at least two years. Any locality may, by ordinance, provide that following the expiration of the two-year period any abandoned nonconforming sign shall be removed by the owner of the property on which the sign is located, if notified by the locality to do so. If, following such two-year period, the locality has made a reasonable attempt to notify the property owner, the locality through its own agents or employees may enter the property upon which the sign is located and remove any such sign whenever the owner has refused to do so. The cost of such removal shall be chargeable to the owner of the property. Nothing herein shall prevent the locality from applying to a court of competent jurisdiction for an order requiring the removal of such abandoned nonconforming sign by the owner by means of injunction or other appropriate remedy.

H. Nothing in this section shall be construed to prevent the land owner or home owner from removing a valid nonconforming manufactured home from a mobile or manufactured home park and replacing that home with another comparable manufactured home that meets the current HUD manufactured housing code. In such mobile or manufactured home park, a single-section home may replace a single-section home and a multi-section home may replace a multi-section home. The owner of a valid nonconforming mobile or manufactured home not located in a mobile or manufactured home park may replace that home with a newer manufactured home, either single- or multi-section, that meets the current HUD manufactured housing code. Any such replacement home shall retain the valid nonconforming status of the prior home.

CHAPTER 585

A. In addition to any other penalty provided by law, any person who violates any provision of a protective order issued pursuant to § 16.1-253, 16.1-253.1, 16.1-253.4, 16.1-278.14, or 16.1-279.1 or subsection B of § 20-103, when such violation involves a provision of the protective order that prohibits such person from (i) going or remaining upon land, buildings, or premises; (ii) further acts of family abuse; or (iii) committing a criminal offense, or which prohibits contacts by the respondent with the allegedly abused person or family or household members of the allegedly abused person as the court deems appropriate, is guilty of a Class 1 misdemeanor. The punishment for any person convicted of a second offense of violating a protective order, when the offense is committed within five years of the prior conviction and when either the instant or prior offense was based on an act or threat of violence, shall include a mandatory minimum term of confinement of 60 days. Any person convicted of a third or subsequent offense of violating a protective order, when the offense is committed within 20 years of the first conviction and when either the instant or one of the prior offenses was based on an act or threat of violence is guilty of a Class 6 felony and the punishment shall include a mandatory minimum term of confinement of six months. The mandatory minimum terms of confinement prescribed for violations of this section shall be served consecutively with any other sentence.

B. *In addition to any other penalty provided by law, any person who, while knowingly armed with a firearm or other deadly weapon, violates any provision of a protective order with which he has been served issued pursuant to § 16.1-253, 16.1-253.1, 16.1-253.4, 16.1-278.14, or 16.1-279.1 or subsection B of § 20-103 is guilty of a Class 6 felony.*

D. Upon conviction of any offense hereunder for which a mandatory minimum term of confinement is not specified, the person shall be sentenced to a term of confinement and in no case shall the entire term imposed be suspended. Upon conviction, the court shall, in addition to the sentence imposed, enter a protective order pursuant to § 16.1-279.1 for a specified period not exceeding two years from the date of conviction.

§ 18.2-60.4. Violation of protective orders; penalty.

A. Any person who violates any provision of a protective order issued pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10 is guilty of a Class 1 misdemeanor. Conviction hereunder shall bar a finding of contempt for the same act. The punishment for any person convicted of a second offense of violating a protective order, when the offense is committed within five years of the prior conviction and when either the instant or prior offense was based on an act or threat of violence, shall include a mandatory minimum term of confinement of 60 days. Any person convicted of a third or subsequent offense of violating a protective order, when the offense is committed within 20 years of the first conviction and when either the instant or one of the prior offenses was based on an act or threat of violence, is guilty of a Class 6 felony and the punishment shall include a mandatory minimum term of confinement of six months. Any person who violates such a protective order by furtively entering the home of any protected party while the party is present, or by entering and remaining in the home of the protected party until the party arrives, is guilty of a Class 6 felony, in addition to any other penalty provided by law.

D. Upon conviction of any offense hereunder for which a mandatory minimum term of confinement is not specified, the person shall be sentenced to a term of confinement and in no case shall the entire term imposed be suspended.

E. Upon conviction, the court shall, in addition to the sentence imposed, enter a protective order pursuant to § 19.2-152.10 for a specified period not exceeding two years from the date of conviction.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined; therefore, Chapter 665 of the Acts of Assembly of 2015 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

An offense listed under this subdivision shall be deemed a sexually violent offense only if the person has been convicted or adjudicated delinquent of any two or more such offenses, provided that person had been at liberty between such convictions or adjudications;

3. If the offense was committed on or after July 1, 2006, § 18.2-91 with the intent to commit any felony offense listed in this section. An offense listed under this subdivision shall be deemed a sexually violent offense only if the person has been convicted or adjudicated delinquent of any two or more such offenses, provided that the person had been at liberty between such convictions or adjudications; or

4. Chapter 117 (18 U.S.C. § 2421 et seq.) of Title 18 of the United States Code or sex trafficking (as described in § 1591 of Title 18, U.S.C.).

F. "Any offense listed in subsection B," "criminal homicide" as defined in this section, "murder" as defined in this section, and "sexually violent offense" as defined in this section includes (i) any similar offense under the laws of any foreign country or any political subdivision thereof, the United States or any political subdivision thereof or (ii) any offense for which registration in a sex offender and crimes against minors registry is required under the laws of the jurisdiction where the offender was convicted.

G. Juveniles adjudicated delinquent shall not be required to register; however, where the offender is a juvenile over the age of 13 at the time of the offense who is tried as a juvenile and is adjudicated delinquent on or after July 1, 2005, of any offense for which registration is required, the court may, in its discretion and upon motion of the attorney for the Commonwealth, find that the circumstances of the offense require offender registration. In making its determination, the court shall consider all of the following factors that are relevant to the case: (i) the degree to which the delinquent act was committed with the use of force, threat or intimidation, (ii) the age and maturity of the complaining witness, (iii) the age and maturity of the offender, (iv) the difference in the ages of the complaining witness and the offender, (v) the nature of the relationship between the complaining witness and the offender, (vi) the offender's prior criminal history, and (vii) any other aggravating or mitigating factors relevant to the case. The attorney for the Commonwealth may file such a motion at any time during which the offender is within the jurisdiction of the court for the offense that is the basis for such motion. Prior to any hearing on such motion, the court shall appoint a qualified and competent attorney-at-law to represent the offender unless an attorney has been retained and appears on behalf of the offender or counsel has already been appointed.

H. Prior to entering judgment of conviction of an offense for which registration is required if the victim of the offense was a minor, physically helpless, or mentally incapacitated, when the indictment, warrant, or information does not allege that the victim of the offense was a minor, physically helpless, or mentally incapacitated, the court shall determine by a preponderance of the evidence whether the victim of the offense was a minor, physically helpless, or mentally incapacitated, as defined in § 18.2-67.10, and shall also determine the age of the victim at the time of the offense if it determines the victim to be a minor. When such a determination is required, the court shall advise the defendant of its determination and of the defendant's right to make a motion to withdraw a plea of guilty or nolo contendere pursuant to § 19.2-296. If the court grants the defendant's motion to withdraw his plea of guilty or of nolo contendere, his case shall be heard by another judge, unless

the parties agree otherwise. Failure to make such determination or so advise the defendant does not otherwise invalidate the underlying conviction.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 665 of the Acts of Assembly of 2015 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 587

An Act to amend and reenact § 15.2-2114 of the Code of Virginia, relating to local stormwater utility; waiver of charges where stormwater retained on site.

[S 468]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2114 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2114. Regulation of stormwater.

A. Any locality, by ordinance, may establish a utility or enact a system of service charges to support a local stormwater management program consistent with Article 2.3 (§ 62.1-44.15:24 et seq.) of Chapter 3.1 of Title 62.1 or any other state or federal regulation governing stormwater management. Income derived from a utility or system of charges shall be dedicated special revenue, may not exceed the actual costs incurred by a locality operating under the provisions of this section, and may be used only to pay or recover costs for the following:

1. The acquisition, as permitted by § 15.2-1800, of real and personal property, and interest therein, necessary to construct, operate and maintain stormwater control facilities;
2. The cost of administration of such programs;
3. Planning, design, engineering, construction, and debt retirement for new facilities and enlargement or improvement of existing facilities, including the enlargement or improvement of dams, levees, floodwalls, and pump stations, whether publicly or privately owned, that serve to control stormwater;
4. Facility operation and maintenance, including the maintenance of dams, levees, floodwalls, and pump stations, whether publicly or privately owned, that serve to control ~~the~~ stormwater;
5. Monitoring of stormwater control devices and ambient water quality monitoring; ~~and~~
6. *Contracts related to stormwater management, including contracts for the financing, construction, operation, or maintenance of stormwater management facilities, regardless of whether such facilities are located on public or private property and, in the case of private property locations, whether the contract is entered into pursuant to a stormwater management private property program under subsection J or otherwise; and*

7. Other activities consistent with the state or federal regulations or permits governing stormwater management, including, but not limited to, public education, watershed planning, inspection and enforcement activities, and pollution prevention planning and implementation.

B. The charges may be assessed to property owners or occupants, including condominium unit owners or tenants (when the tenant is the party to whom the water and sewer service is billed), and shall be based upon an analysis that demonstrates the rational relationship between the amount charged and the services provided. Prior to adopting such a system, a public hearing shall be held after giving notice as required by charter or by publishing a descriptive notice once a week for two successive weeks prior to adoption in a newspaper with a general circulation in the locality. The second publication shall not be sooner than one calendar week after the first publication. However, prior to adoption of any ordinance pursuant to this section related to the enlargement, improvement, or maintenance of privately owned dams, a locality shall comply with the notice provisions of § 15.2-1427 and hold a public hearing.

C. A locality adopting such a system shall provide for full waivers of charges to the following:

1. A federal, state, or local government, or public entity, that holds a permit to discharge stormwater from a municipal separate storm sewer systems, except that the waiver of charges shall apply only to property covered by any such permit; and
2. Public roads and street rights-of-way that are owned and maintained by state or local agencies, including property rights-of-way acquired through the acquisitions process.

D. A locality adopting such a system shall provide for full or partial waivers of charges to any person who installs, operates, and maintains a stormwater management facility that achieves a permanent reduction in stormwater flow or pollutant loadings. The locality shall base the amount of the waiver in part on the percentage reduction in stormwater flow or pollutant loadings, or both, from pre-installation to post-installation of the facility. No locality shall provide a waiver to any person who does not obtain a stormwater permit from the Department of Environmental Quality when such permit is required by statute or regulation.

E. A locality adopting such a system may provide for full or partial waivers of charges to cemeteries, property owned or operated by the locality administering the program, and public or private entities that implement or participate in

strategies, techniques, or programs that reduce stormwater flow or pollutant loadings, or decrease the cost of maintaining or operating the public stormwater management system.

F. Any locality may issue general obligation bonds or revenue bonds in order to finance the cost of infrastructure and equipment for a stormwater control program. Infrastructure and equipment shall include structural and natural stormwater control systems of all types, including, without limitation, retention basins, sewers, conduits, pipelines, pumping and ventilating stations, and other plants, structures, and real and personal property used for support of the system. The procedure for the issuance of any such general obligation bonds or revenue bonds pursuant to this section shall be in conformity with the procedure for issuance of such bonds as set forth in the Public Finance Act (§ 15.2-2600 et seq.).

G. In the event charges are not paid when due, interest thereon shall at that time accrue at the rate, not to exceed the maximum amount allowed by law, determined by the locality until such time as the overdue payment and interest are paid. Charges and interest may be recovered by the locality by action at law or suit in equity and shall constitute a lien against the property, ranking on a parity with liens for unpaid taxes. The locality may combine the billings for stormwater charges with billings for water or sewer charges, real property tax assessments, or other billings; in such cases, the locality may establish the order in which payments will be applied to the different charges. No locality shall combine its billings with those of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.) of Title 15.2, unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance.

H. Any two or more localities may enter into cooperative agreements concerning the management of stormwater.

I. For purposes of implementing waivers pursuant to ~~provision 1 of subsection C~~ *subdivision C 1*, for property where two adjoining localities subject to a revenue sharing agreement each hold municipal separate storm sewer permits, the waiver shall also apply to the property of each locality and of its school board that is accounted for in that locality's municipal separate storm sewer program plan, regardless of whether such property is located within the adjoining locality.

J. Any locality that establishes a system of charges pursuant to this section may establish a public-private partnership program, to be known as a stormwater management private property program, in order to promote cost-effectiveness in reducing excessive stormwater flow or pollutant loadings or in making other stormwater improvements authorized pursuant to this section. A locality that opts to establish a stormwater management private property program pursuant to this subsection shall:

1. Promote awareness of the location, quantity, and timing of reductions or other improvements that it determines appropriate under this program;

2. Seek the voluntary participation of property owners;

3. Accept the participation of property owners on both an individual and a group basis by which multiple owners may collaborate on improvements and allocate among the multiple owners any payments made by the locality;

4. Enter into contracts at its discretion to secure improvements on terms and conditions that the locality deems appropriate, including by making payments to property owners in excess of the value of any applicable waivers pursuant to subsections D and E; and

5. Require appropriate operation and maintenance of the contracted improvements.

K. Any locality that establishes a stormwater management private property program pursuant to subsection J may procure reductions and improvements in accordance with the Public-Private Education Facilities and Infrastructure Act (§ 56-575.1 et seq.) or other means, as appropriate. Subsection J shall not be interpreted to limit the authority of a locality to secure reductions of excessive stormwater flow or pollutant loadings or other stormwater improvements by other means.

CHAPTER 588

§ 22.1-349.2. College Partnership Laboratory School Fund.

There is created in the state treasury a special nonreverting fund to be known as the College Partnership Laboratory School Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. All funds appropriated in accordance with the general appropriation act and any gifts, grants, bequests, or donations from public or private sources shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to the Fund. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be

used solely for the purposes of establishing or supporting college partnership laboratory schools that stimulate the development of alternative education programs for preschool through grade 12 students by providing opportunities for innovative instruction and greater cooperation and coordination between institutions of higher education and preschool through grade 12 education systems. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Superintendent of Public Instruction. The Board shall establish criteria for making distributions from the Fund to a college partnership laboratory school requesting moneys from the Fund and may issue guidelines governing the Fund as it deems necessary and appropriate.

§ 22.1-349.3. Establishment and operation of college partnership laboratory schools; requirements.

A. A college partnership laboratory school is subject to all federal and state laws and regulations and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, or need for special education services.

B. Enrollment in college partnership laboratory schools shall be open through a lottery process on a space-available basis to any student who is deemed to reside within the Commonwealth. Whenever procedures in accordance with such regulations or institution policies and this section are followed and ownership cannot be established with respect to certain property, neither the institution nor any of its agents or employees is liable to any person claiming any interest in the property.

B. In the case of tangible personal property, other than registered motor vehicles, lost or abandoned at a public institution of higher education or accredited nonprofit private institution of higher education:

1. The institution, upon receipt of such property, shall make reasonable efforts to give notice that the property has been found to any person that the institution determines to reasonably appear to be the owner. The institution shall hold such property for at least 120 days. The institution shall allow a claim upon satisfactory proof of such claim and payment of the institution's reasonable charges for storage or other services necessary to preserve the property.

Such regulations shall comply with all provisions of Chapter 12 of Title 46.2 and have the same legal effect as though the institution is a political subdivision as defined in that chapter and the regulation is an ordinance. § 23.1-203. Duties of Council.

The Council shall:

1. Develop a statewide strategic plan that (i) reflects the goals set forth in subsection A of § 23.1-1002 or (ii) once adopted, reflects the goals and objectives developed pursuant to subdivision B 5 of § 23.1-309 for higher education in the Commonwealth, identifies a coordinated approach to such state and regional goals, and emphasizes the future needs for higher education in the Commonwealth at both the undergraduate and the graduate levels and the mission, programs, facilities, and location of each of the existing institutions of higher education, each public institution's six-year plan, and such other matters as the Council deems appropriate. The Council shall revise such plan at least once every six years and shall submit such recommendations as are necessary for the implementation of the plan to the Governor and the General Assembly.

2. Review and approve or disapprove any proposed change in the statement of mission of any public institution of higher education and define the mission of all newly created public institutions of higher education. The Council shall report such approvals, disapprovals, and definitions to the Governor and the General Assembly at least once every six years. No such actions shall become effective until 30 days after adjournment of the session of the General Assembly next following the filing of such a report. Nothing in this subdivision shall be construed to authorize the Council to modify any mission statement adopted by the General Assembly or empower the Council to affect, either directly or indirectly, the selection of faculty or the standards and criteria for admission of any public institution of higher education, whether relating to academic standards, residence, or other criteria. Faculty selection and student admission policies shall remain a function of the individual public institutions of higher education.

3. Study any proposed escalation of any public institution of higher education to a degree-granting level higher than that level to which it is presently restricted and submit a report and recommendation to the Governor and the General Assembly relating to the proposal. The study shall include the need for and benefits or detriments to be derived from the escalation. No such institution shall implement any such proposed escalation until the Council's report and recommendation have been submitted to the General Assembly and the General Assembly approves the institution's proposal.

4. Review and approve or disapprove all enrollment projections proposed by each public institution of higher education. The Council's projections shall be organized numerically by level of enrollment and shall be used solely for budgetary, fiscal, and strategic planning purposes. The Council shall develop estimates of the number of degrees to be awarded by each public institution of higher education and include those estimates in its reports of enrollment projections. The student admissions policies for such institutions and their specific programs shall remain the sole responsibility of the individual governing boards but all baccalaureate public institutions of higher education shall adopt dual admissions policies with comprehensive community colleges as required by § 23.1-907.

5. Review and approve or disapprove all new undergraduate or graduate academic programs that any public institution of higher education proposes.

6. Review and require the discontinuance of any undergraduate or graduate academic program that is presently offered by any public institution of higher education when the Council determines that such academic program is (i) nonproductive in terms of the number of degrees granted, the number of students served by the program, the program's effectiveness, and budgetary considerations or (ii) supported by state funds and unnecessarily duplicative of academic programs offered at other public institutions of higher education. The Council shall make a report to the Governor and the General Assembly with respect to the discontinuance of any such academic program. No such discontinuance shall become effective until 30 days after the adjournment of the session of the General Assembly next following the filing of such report.

7. Review and approve or disapprove the establishment of any department, school, college, branch, division, or extension of any public institution of higher education that such institution proposes to establish, whether located on or off the main campus of such institution. If any organizational change is determined by the Council to be proposed solely for the purpose of internal management and the institution's curricular offerings remain constant, the Council shall approve the proposed change. Nothing in this subdivision shall be construed to authorize the Council to disapprove the establishment of any such department, school, college, branch, division, or extension established by the General Assembly.

8. Review the proposed closure of any academic program in a high demand or critical shortage area, as defined by the Council, by any public institution of higher education and assist in the development of an orderly closure plan, when needed.

9. Develop a uniform, comprehensive data information system designed to gather all information necessary to the performance of the Council's duties. The system shall include information on admissions, enrollment, self-identified students with documented disabilities, personnel, programs, financing, space inventory, facilities, and such other areas as the Council deems appropriate. When consistent with the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.), the Virginia Unemployment Compensation Act (§ 60.2-100 et seq.), and applicable federal law, the Council, acting solely or in partnership with the Virginia Department of Education or the Virginia Employment Commission, may contract with private entities to create de-identified student records in which all personally identifiable information has been removed for the purpose of assessing the performance of institutions and specific programs relative to the workforce needs of the Commonwealth.

10. In cooperation with public institutions of higher education, develop guidelines for the assessment of student achievement. Each such institution shall use an approved program that complies with the guidelines of the Council and is consistent with the institution's mission and educational objectives in the development of such assessment. The Council shall report each institution's assessment of student achievement in the revisions to the Commonwealth's statewide strategic plan for higher education.

11. In cooperation with the appropriate state financial and accounting officials, develop and establish uniform standards and systems of accounting, recordkeeping, and statistical reporting for public institutions of higher education.

12. Review biennially and approve or disapprove all changes in the inventory of educational and general space that any public institution of higher education proposes and report such approvals and disapprovals to the Governor and the General Assembly. No such change shall become effective until 30 days after the adjournment of the session of the General Assembly next following the filing of such report.

13. Visit and study the operations of each public institution of higher education at such times as the Council deems appropriate and conduct such other studies in the field of higher education as the Council deems appropriate or as may be requested by the Governor or the General Assembly.

14. Provide advisory services to each accredited nonprofit private institution of higher education whose primary purpose is to provide collegiate or graduate education and not to provide religious training or theological education on academic, administrative, financial, and space utilization matters. The Council may review and advise on joint activities, including contracts for services between public and such private institutions of higher education or between such private institutions of higher education and any agency or political subdivision of the Commonwealth.

15. Adopt such policies and regulations as the Council deems necessary to implement its duties established by state law. Each public institution of higher education shall comply with such policies and regulations.

16. Issue guidelines consistent with the provisions of the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g), requiring public institutions of higher education to release a student's academic and disciplinary record to a student's parent.

17. Require each institution of higher education formed, chartered, or established in the Commonwealth after July 1, 1980, to ensure the preservation of student transcripts in the event of institutional closure or revocation of approval to operate in the Commonwealth. An institution may ensure the preservation of student transcripts by binding agreement with another institution of higher education with which it is not corporately connected or in such other way as the Council may authorize by regulation. In the event that an institution closes or has its approval to operate in the Commonwealth revoked, the Council, through its director, may take such action as is necessary to secure and preserve the student transcripts until such time as an appropriate institution accepts all or some of the transcripts. Nothing in this subdivision shall be deemed to interfere with the right of a student to his own transcripts or authorize disclosure of student records except as may otherwise be authorized by law.

18. Require the development and submission of articulation, dual admissions, and guaranteed admissions agreements between associate-degree-granting and baccalaureate public institutions of higher education.

19. Provide periodic updates of base adequacy funding guidelines adopted by the Joint Subcommittee Studying Higher Education Funding Policies for each public institution of higher education.

20. In consultation with each public institution of higher education, develop a one-year uniform certificate of general studies program to be offered at each comprehensive community college. Such program shall ensure that a comprehensive community college student who completes the one-year certificate program is eligible to transfer all credits earned in academic subject coursework to a baccalaureate public institution of higher education upon acceptance to such baccalaureate institution.

21. Cooperate with the Board of Education in matters of interest to both public elementary and secondary schools and public institutions of higher education, particularly in connection with coordination of the college admission requirements, coordination of teacher training programs with the public school programs, and the Board's Six-Year Educational Technology Plan for Virginia. The Council shall encourage public institutions of higher education to design programs that include the skills necessary for the successful implementation of such Plan.

22. Advise and provide technical assistance to the Brown v. Board of Education Scholarship Committee in the implementation and administration of the Brown v. Board of Education Scholarship Program pursuant to Chapter 34.1 (§ 30-231.01 et seq.) of Title 30.

The Council shall, by regulation, designate the terms deemed to be misleading, which shall include "public university," "public college," and "community college."

C. The Council shall notify a postsecondary school by certified mail, return receipt requested, of its intention to deny an application, suspend or revoke a prior approval or certification, or add conditions to an approval or certification and state in writing the reasons for the denial, suspension, revocation, or conditions. When such adverse action threatens a disruption of the operation of the postsecondary school and exposes students to a loss of course or degree credit or financial loss, the director may:

1. Suspend new enrollment in specified programs or degree levels or all programs and degree levels that have been approved by the Council;

2. Require the postsecondary school to provide a guaranty instrument in the amount necessary to cover the refund of unearned tuition to all students enrolled at the time of the action; or

3. Take such other actions as may be necessary to protect the rights of currently enrolled or future students.

B. At its next regularly scheduled meeting, the Council shall either ratify the director's action or take such other actions as it deems necessary.

§ 23.1-223. Preservation of students' records.

A. In the event of school closure or revocation of its approval or certification, the postsecondary school shall (i) make arrangements for the transfer of the academic and financial records of all students to the Council within 30 days of the closure or (ii) with the approval of the Council, ensure preservation of the academic and financial records of all students by entering into an agreement with another postsecondary school. B. This section shall not be deemed to interfere with students' rights to have access to and obtain copies of their own records or to authorize disclosure of student records except in compliance with applicable state and federal law, including the federal Family Educational Rights and Privacy Act of 1974 (20 U.S.C. § 1232g).

§ 23.1-224. Fees.

The Council may establish nonrefundable fees for services and methods for collecting such fees.

4. In any way represent that it is an institution of higher education that is accredited by an accrediting agency recognized by the U.S. Department of Education or has the foreign equivalent of such accreditation if the person or entity is not so accredited; or

5. Represent that credits earned at or granted by any institution of higher education or academic-vocational non-college degree school may be applied for credit toward a degree unless such person is exempted from the provisions of this article or granted certification or approval by the Council in accordance with this article and the Council's regulations.

§ 23.1-226. Exemptions.

A. The provisions of this article shall not apply to any public institution of higher education as that term is defined in § 23.1-100 or any entity authorized to issue bonds pursuant to Chapter 11 (§ 23.1-1100 et seq.).

B. The following activities or programs offered by postsecondary schools that are otherwise subject to this article are exempt from its provisions:

9. Tutorial instruction delivered and designed to supplement regular classes for students enrolled in any public or private school or prepare an individual for an examination for professional practice or higher education.

C. The Council shall exempt from the provisions of this article any postsecondary school whose primary purpose is to provide religious or theological education. Postsecondary schools shall apply for exemptions to confer certificates or degrees relating to religion and theology. Exemptions may be granted for a maximum of five years, unless the postsecondary school has been granted a standing exemption prior to July 1, 2002. Each postsecondary school seeking such an exemption or continuation of such an exemption shall file such information as may be required by the Council. If the Council does not grant a postsecondary school an exemption, the postsecondary school shall be notified in writing with the reasons for the exemption denial. The affected postsecondary school has the right to appeal the Council's decision pursuant to Article 3 (§ 2.2-4018 et seq.) of Chapter 40 of Title 2.2. If no criminal prosecution is instituted against such postsecondary school pursuant to subsection A, the Council may recover a civil penalty of at least \$200 but not more than \$1,000 per separate offense set forth in subsection A. In no event shall the civil penalties against any one person, corporation, or other entity exceed \$25,000 per year.

C. The Council may institute a proceeding in equity to enjoin any violation of this article or its implementing regulations and upon substantially prevailing on the merits of the case and unless special circumstances would render such an award unjust, the Council is entitled to an award of reasonable attorney fees and costs in any such action.

§ 23.1-229. Postsecondary school closure procedures.

A. Each postsecondary school shall notify the Council of its intention to close at least 30 days prior to the closure. This information shall be provided at the time the closing postsecondary school notifies the Council of its intention to close.

C. Owners or senior administrators of a postsecondary school that closes without providing (i) an adequate teachout plan or refunds of unearned tuition and (ii) appropriate preservation of records shall be denied certification to operate another postsecondary school in the Commonwealth.

§ 23.1-301. Short title; objective; purposes.

A. This chapter may be cited as the "Preparing for the Top Jobs of the 21st Century: The Virginia Higher Education Opportunity Act of 2011," the "Top Jobs Act," or "TJ21."

B. The objective of this chapter is to fuel strong economic growth in the Commonwealth and prepare Virginians for the top job opportunities in the knowledge-driven economy of the 21st century by establishing a long-term commitment, policy, and framework for sustained investment and innovation that will (i) enable the Commonwealth to build upon the strengths of its excellent higher education system and achieve national and international leadership in college degree attainment and personal income and (ii) ensure that these educational and economic opportunities are accessible and affordable for all capable and committed Virginia students.

C. In furtherance of the objective set forth in subsection B, the following purposes shall inform the development and implementation of funding policies, performance criteria, economic opportunity metrics, and recommendations required by this chapter:

1. To ensure an educated workforce in the Commonwealth through a public-private higher education system whose hallmarks are instructional excellence, affordable access, economic impact, institutional diversity and managerial autonomy, cost-efficient operation, technological and pedagogical innovation, and reform-based investment;

2. To take optimal advantage of the demonstrated correlation between higher education and economic growth by investing in higher education in a manner that will generate economic growth, job creation, personal income growth, and revenues generated for state and local government in the Commonwealth;

3. To (i) place the Commonwealth among the most highly educated states and countries by conferring approximately 100,000 cumulative additional undergraduate degrees on Virginians between 2011 and 2025, accompanied by a comparable percentage increase in privately conferred undergraduate degrees in the Commonwealth over the same period and (ii) achieve this purpose by expanding enrollment of Virginians at public institutions of higher education and private institutions of higher education, improving undergraduate graduation and retention rates in the higher education system in the Commonwealth, and increasing degree completion by Virginians with partial credit toward a college degree, including students with ongoing job and family commitments who require access to nontraditional college-level educational opportunities;

4. To enhance personal opportunity and earning power for individual Virginians by (i) increasing college degree attainment in the Commonwealth, especially in high-demand, high-income fields such as STEM and health care fields and (ii) providing information about the economic value and impact of individual degree programs by institution;

5. To promote university-based research that produces outside investment in the Commonwealth, fuels economic advances, triggers commercialization of new products and processes, fosters the formation of new businesses, leads businesses to bring their facilities and jobs to the Commonwealth, and in other ways helps place the Commonwealth on the cutting edge of the knowledge-driven economy;

6. To support the national effort to enhance the security and economic competitiveness of the United States and secure a leading economic position for the Commonwealth through increased research and instruction in STEM and related fields that require qualified faculty, appropriate research facilities and equipment, public-private and intergovernmental collaboration, and sustained state support;

7. To preserve and enhance the excellence and cost-efficiency of the Commonwealth's higher education system through reform-based investment that promotes innovative instructional models and pathways to degree attainment, including optimal use of physical facilities and instructional resources throughout the year, technology-enhanced instruction, sharing of instructional resources between colleges, universities, and other degree-granting entities in the Commonwealth, increased online learning opportunities for nontraditional students, improved rate and pace of degree completion, expanded availability of dual enrollment and advanced placement options and early college commitment programs, expanded comprehensive community college transfer options leading to bachelor's degree completion, and enhanced college readiness before matriculation;

8. To realize the potential for enhanced benefits from the Restructured Higher Education Financial and Administrative Operations Act (§ 23.1-1000 et seq.) through a sustained commitment to the principles of autonomy, accountability, affordable access, and mutual trust and obligation underlying the restructuring initiative;

9. To establish a higher education funding framework and policy that promotes stable, predictable, equitable, and adequate funding, facilitates effective planning at the institutional and state levels, provides incentives for increased enrollment of Virginia students at public or nonprofit private institutions of higher education, provides need-based financial aid for low-income and middle-income students and families, relieves the upward pressure on tuition associated with loss of state support due to economic downturns or other causes, and provides financial incentives to promote innovation and enhanced economic opportunity in furtherance of the objective of this chapter set forth in subsection A; and

10. To recognize that the unique mission and contributions of each public institution of higher education and private institution of higher education is consistent with the desire to build upon the strengths of the Commonwealth's excellent system of higher education, afford these unique missions and contributions appropriate safeguards, and allow these attributes to inform the development and implementation of funding policies, performance criteria, economic opportunity metrics, and recommendations in the furtherance of the objective of this chapter set forth in subsection B.

§ 23.1-302. Public institutions of higher education; funding.

Each public institution of higher education shall receive funds from the state general fund or sources other than the state general fund, or both, for each fiscal year of each biennium for:

1. Basic operations and instruction, as provided in § 23.1-303;

2. Each Virginia undergraduate student actually enrolled at the institution, as provided in § 23.1-304;

3. Need-based financial aid, as provided in § 23.1-306; and

4. Support for targeted financial incentives that encourage and reward progress toward the policy objectives specified in this chapter, as provided in § 23.1-305.

§ 23.1-303. Calculation of state general fund share of an institution's basic operations and instruction funding need; cost of education.

A. Following consultation with each public institution of higher education and the Higher Education Advisory Committee described in § 23.1-309, the Council shall calculate the basic operations and instruction funding need of each public institution of higher education as provided in subsection B for each year of the next biennium and make such calculation available to the Governor, the General Assembly, and all public institutions of higher education. The Governor shall take into account each institution's basic operations and instruction funding need and the Commonwealth's funding split policy established in the general appropriation act by which 67 percent of an institution's cost of education for Virginia students is funded from the state general fund and 33 percent from funds other than the state general fund during the preparation of his proposed biennial budget bill for the next biennium, and the General Assembly shall take such items into account in enacting the general appropriation act for the next biennium. Between such biennial recalculations, the General Assembly may increase or decrease the appropriation of basic operations and instruction funding to a public institution of higher education to correspond with an increase or decrease in Virginia undergraduate student enrollment at the institution as provided in § 23.1-304, or the institution's meeting or not meeting targeted financial incentives listed in § 23.1-305, or for any other purpose deemed appropriate by the General Assembly.

B. The basic operations and instruction funding need of each public institution of higher education for each fiscal year of the biennium shall consist of the sum of (i) the institution's cost of education for the total enrollment in actual attendance during the fiscal year that ended on June 30 of each odd-numbered year, which shall be determined using a cost-based funding policy that consists of (a) a set of formulas for calculating (1) educational cost based on faculty-student ratios by discipline and level and (2) the educational and general programs of instruction, academic support, student services, institutional support, and operation and maintenance of physical plant and (b) adjustments based on particular state policies or specific institutional missions or conditions; (ii) the amount required to reach the Commonwealth's faculty salary goal of the 60th percentile of the most recently reported average faculty salaries paid by that institution's peer institutions as established in the general appropriation act; and (iii) such other funding for educational and general services as the General Assembly may appropriate.

C. State general funds shall be allocated and appropriated to public institutions of higher education in a fair and equitable manner such that, to the extent practicable, the percentage of the cost of education for Virginia students enrolled at an institution to be funded from state general funds is the same for each institution. To the extent that the percentages differ among institutions, that fact shall be taken into account as the Governor deems appropriate in his proposed biennial budget bill and by the General Assembly as it deems appropriate in the general appropriation act.

§ 23.1-304. Per student enrollment-based funding at public institutions of higher education.

A. To incentivize undergraduate Virginia student enrollment growth at the Commonwealth's public institutions of higher education in furtherance of the increased degree conferral purpose of this chapter, the Governor shall recommend and the General Assembly shall determine and appropriate to such institutions a per student amount that follows each Virginia undergraduate student to the public institution of higher education in which the student enrolls. Recommendations regarding such Virginia undergraduate student enrollment growth incentive shall be developed and reviewed as provided in subdivision B 1 of § 23.1-309.

B. The Governor shall consider and may recommend and the General Assembly shall consider and may provide additional general fund appropriations to address the unfunded enrollment growth that occurred between the 2005-2006 fiscal year and July 1, 2011.

C. To assist the General Assembly in determining the per student amount provided for in subsection A and its relation to the per student amount provided to nonprofit private institutions of higher education pursuant to the Tuition Assistance

Grant Act (§ 23.1-628 et seq.), each nonprofit private institution of higher education eligible to participate in the Tuition Assistance Grant Program shall submit to the Council its Virginia student enrollment projections for that fiscal year and its actual Virginia student enrollment for the prior fiscal year in a manner determined by the Council. The student admissions policies for such private institutions and their specific programs shall remain the sole responsibility of the governing boards of such individual institutions.

§ 23.1-305. Public institutions of higher education; targeted economic and innovation incentives.

A. The Governor shall consider and may recommend and the General Assembly shall consider and may fund targeted economic and innovation incentives to achieve the objective and purposes of this chapter. Such incentives may include incentives based on the economic opportunity metrics developed pursuant to subdivision B 4 of § 23.1-309 and incentives for:

1. Increased enrollment of Virginia students, in addition to the per student funding provided by § 23.1-304;
2. Increased degree completion for Virginia residents who have partial credit completion for a degree;
3. Increased degree completion in a timely or expedited manner;
4. Improved retention and graduation rates;
5. Increased degree production in STEM or other high-need areas such as the health care-related professions;
6. Increased research, including regional and public-private collaboration;
7. Optimal year-round utilization of resources and other efficiency reforms designed to reduce total institutional cost;
8. Technology-enhanced instruction, including course redesign, online instruction, and resource sharing among institutions; and
9. Enhanced comprehensive community college transfer programs and grants and other enhanced degree path programs.

B. The Governor and the General Assembly shall consider maintenance of effort initiatives for individual institutions with unique missions and demonstrable performance in specific incentive areas identified pursuant to subsection A.

C. The criteria for measuring whether the incentive areas in subsection A have been met, and the benefits or consequences for meeting or not meeting such incentive areas, shall be developed and reviewed as provided in subdivisions B 3 and 4 of § 23.1-309.

§ 23.1-306. Public institutions of higher education; six-year plans.

A. The governing board of each public institution of higher education shall (i) develop and adopt biennially and amend or affirm annually a six-year plan for the institution; (ii) submit such plan to the Council, the Governor, and the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance no later than July 1 of each odd-numbered year; and (iii) submit amendments to or an affirmation of that plan no later than July 1 of each even-numbered year or at any other time permitted by the Governor or General Assembly.

B. The Secretary of Finance, the Secretary of Education, the Director of the Department of Planning and Budget, the Director of the Council, the Staff Director of the House Committee on Appropriations, and the Staff Director of the Senate Committee on Finance, or their designees, shall review each institution's plan or amendments and provide comments to the institution on such plan or amendments by September 1 of the relevant year. Each institution shall respond to any such comments by October 1 of that year.

C. Each plan shall be structured in accordance with, and be consistent with, the objective and purposes of this chapter set forth in § 23.1-301 and the criteria developed pursuant to § 23.1-309 and shall be in a form and manner prescribed by the Council, in consultation with the Secretary of Finance, the Secretary of Education, the Director of the Department of Planning and Budget, the Director of the Council, the Staff Director of the House Committee on Appropriations, and the Staff Director of the Senate Committee on Finance, or their designees.

D. Each six-year plan shall (i) address the institution's academic, financial, and enrollment plans, including the number of Virginia and non-Virginia students, for the six-year period; (ii) indicate the planned use of any projected increase in general fund, tuition, or other nongeneral fund revenues; (iii) be based upon any assumptions provided by the Council, following consultation with the Department of Planning and Budget and the staffs of the House Committee on Appropriations and the Senate Committee on Finance, for funding relating to state general fund support pursuant to §§ 23.1-303, 23.1-304, and 23.1-305 and subdivision 9; (iv) be aligned with the institution's six-year enrollment projections; and (v) include:

1. Financial planning reflecting the institution's anticipated level of general fund, tuition, and other nongeneral fund support for each year of the next biennium;
2. The institution's anticipated annual tuition and educational and general fee charges required by (i) degree level and (ii) domiciliary status, as provided in § 23.1-307;
3. Plans for providing financial aid to help mitigate the impact of tuition and fee increases on low-income and middle-income students and their families as described in subdivision 9, including the projected mix of grants and loans;
4. Degree conferral targets for undergraduate Virginia students;
5. Plans for optimal year-round use of the institution's facilities and instructional resources;
6. Plans for the development of an instructional resource-sharing program with other public institutions of higher education and private institutions of higher education;

9. An institutional student financial aid commitment that, in conjunction with general funds appropriated for that purpose, provides assistance to students from both low-income and middle-income families and takes into account the information and recommendations resulting from the review of federal and state financial aid programs and institutional practices conducted pursuant to subdivisions B 2 and C 1 of § 23.1-309.

E. In developing such plans, each public institution of higher education shall consider potential future impacts of tuition increases on the Virginia College Savings Plan and ABLE Savings Trust Accounts (§ 23.1-700 et seq.) and shall discuss such potential impacts with the Virginia College Savings Plan. The chief executive officer of the Virginia College Savings Plan shall provide to each institution the Plan's assumptions underlying the contract pricing of the program.

§ 23.1-307. Public institutions of higher education; tuition and fees.

A. The governing board of each public institution of higher education shall continue to fix, revise, charge, and collect tuition, fees, rates, rentals, and other charges for the services, goods, or facilities furnished by or on behalf of such institution and may adopt policies regarding any such service rendered or the use, occupancy, or operation of any such facility.

B. Except to the extent included in the institution's six-year plan as provided in subsection C, if the total of an institution's tuition and educational and general fees for any fiscal year for Virginia students exceeds the difference for such fiscal year between (i) the institution's cost of education for all students, as calculated pursuant to clause (i) of subsection B of § 23.1-303 and (ii) the sum of the tuition and educational and general fees for non-Virginia students, the state general funds appropriated for its basic operations and instruction pursuant to subsection A of § 23.1-303, and its per student funding provided pursuant to § 23.1-304, the institution shall forgo new state funding at a level above the general funds received by the institution during the 2011-2012 fiscal year, at the discretion of the General Assembly, and shall be obligated to provide increased financial aid to maintain affordability for students from low-income and middle-income families. This limitation shall not apply to any portion of tuition and educational and general fees for Virginia students allocated to student financial aid, an institution's share of state-mandated salary or fringe benefit increases, increases in funds other than state general funds for the improvement of faculty salary competitiveness above the level included in the calculation in clause (i) of subsection B of § 23.1-303, the institution's progress towards achieving any financial incentive pursuant to § 23.1-305, unavoidable cost increases such as operation and maintenance for new facilities and utility rate increases, or other items directly attributable to an institution's unique mission and contributions.

C. Nothing in subsection B shall prohibit an institution from including in its six-year plan required by § 23.1-306 (i) new programs or initiatives including quality improvements or (ii) institution-specific funding based on particular state policies or institution-specific programs, or both, that will cause the total of the institution's tuition and educational and general fees for any fiscal year for Virginia students to exceed the difference for such fiscal year between (a) the institution's cost of education for all students, as calculated pursuant to clause (i) of subsection B of § 23.1-303, and (b) the sum of the tuition and educational and general fees for the institution's non-Virginia students, the state general funds appropriated for its basic operations and instruction pursuant to subsection A of § 23.1-303, and its per student funding provided pursuant to § 23.1-304.

§ 23.1-308. STEM public-private partnership established; duties.

A. To (i) increase the number of students completing degrees in the high-demand, high-impact STEM fields and other high-demand, anticipated-shortage fields such as the health care-related professions and (ii) help develop and guide the implementation of a comprehensive plan for higher degree attainment in these fields, the Secretaries of Education and Finance, in cooperation with the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health, shall form a public-private partnership comprised of private-sector leaders, distinguished representatives from the scientific community, including retired military personnel, government scientists, and researchers, educational experts, relevant state and local government officials, and such other individuals as they deem appropriate.

B. The partnership shall advise on, and may collaborate with public and private entities to develop and implement strategies to address, such priority issues as (i) determining the need for additional high-demand degree enrollment, capacity, and resources at public institutions of higher education and private institutions of higher education; (ii) incentivizing greater coordination, innovation, and private collaboration in kindergarten through secondary school STEM and other high-demand degree initiatives; (iii) determining and refining best practices in STEM instruction and leveraging those best practices to promote STEM education in both the Commonwealth's institutions of higher education and its elementary and secondary schools; (iv) enhancing teacher education and professional development in STEM disciplines; (v) strengthening mathematics readiness in secondary schools through earlier diagnosis and remediation of deficiencies; (vi) providing financial incentives to increase STEM enrollment and degree production at the Commonwealth's institutions of higher education; (vii) providing assistance to public institutions of higher education and private institutions of higher education in the acquisition and improvement of STEM-related facilities and equipment; (viii) providing STEM incentives in early pathway programs at institutions of higher education and in the comprehensive community college transfer grant program; (ix) assessing degree programs using such economic opportunity metrics as marketplace demand, earning potential, and employer satisfaction and other indicators of the historical and projected economic value and impact

of degrees to provide useful information on degrees to students as they make career choices and to state policy makers and university decision makers as they decide how to allocate scarce resources; (x) aligning state higher education efforts with marketplace demands; and (xi) determining such other issues as the partnership deems relevant to increasing the number of students completing degrees in STEM and other high-demand fields at institutions of higher education.

§ 23.1-309. Higher Education Advisory Committee established; duties.

A. The Secretary of Education, in consultation with the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance, the Secretary of Finance, and each public institution of higher education, shall convene a Higher Education Advisory Committee (Advisory Committee) to provide advice and make recommendations on the matters set forth in subsections B, C, and D. The Advisory Committee shall consist of at least 11 members as follows: one representative of the Office of the Secretary of Education appointed by the Secretary of Education who shall serve as chair of the Advisory Committee; one representative of the Office of the Secretary of Finance appointed by the Secretary of Finance; one representative of the Council appointed by the Chairman of the Council; the staff directors of the House Appropriations Committee and the Senate Finance Committee, or their designees; and the presidents or their designees of five public institutions of higher education, which shall include two doctoral institutions, two comprehensive institutions, and one comprehensive community college, appointed by the presidents of the public institutions of higher education, and a representative from a nonprofit private institution of higher education appointed by the Governor who shall not provide advice or make recommendations concerning policies that solely impact public institutions of higher education. Both the Governor and the Advisory Committee may designate other individuals to serve on the Advisory Committee, including representatives of academic and instructional faculty or fiscal officers of public institutions of higher education.

B. Consistent with the objective and purposes of this chapter identified in § 23.1-301, the Advisory Committee shall develop and subsequently review at least once every five years, in consultation with the staff of the Council and the respective Chairmen of the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health, or their designees, representatives of public institutions of higher education, and such other state officials as may be designated by the Governor, and with assistance from the staff of the Council and such other assistance as it may require:

1. The methodology established pursuant to subsection A of § 23.1-304 for determining how a significant increment of state funding shall follow the student to the associate-degree-granting or baccalaureate public institution of higher education in which the student enrolls, how the amount of such per student funding for baccalaureate public institutions of higher education will be made to correspond as nearly as practical to the per student allocation envisioned under the then-existing appropriation for the Tuition Assistance Grant Act (§ 23.1-628 et seq.) for students attending nonprofit private institutions of higher education, how and as of what date the student enrollment at each public institution of higher education shall be calculated, and how an increase or decrease in Virginia undergraduate student enrollment above or below the enrollment level used to calculate the institution's funding pursuant to § 23.1-303 shall be reflected in the institution's appropriation pursuant to subsection A of § 23.1-304, and the standards and process for determining whether an increase or decrease in Virginia undergraduate student enrollment qualifies for funding pursuant to § 23.1-304;

2. Criteria for determining which families qualify as "low-income" and "middle-income" for purposes of § 23.1-306 and how they relate to federal, state, and institutional policies governing the provision of financial assistance to students of such families;

3. Objective performance criteria for measuring the financial incentives set forth in § 23.1-305 and the benefits of meeting or consequences of not meeting the incentives included in an institution's six-year plan pursuant to § 23.1-306;

4. Economic opportunity metrics such as marketplace demand, earning potential, and employer satisfaction and other indicators of the historical and projected economic value of degrees that can be used to assess degree programs in order to provide useful information on the economic impact of degrees to students as they make career choices and state policy makers and university decision makers as they decide how to allocate scarce resources;

5. The additional authority that should be granted to all public institutions of higher education under the Restructured Higher Education Financial and Administrative Operations Act (§ 23.1-1000 et seq.), state goals and objectives each public institution of higher education should be expected to achieve, objective criteria for measuring educational-related performance with regard to those goals and objectives, and the benefits of meeting or consequences of not meeting those goals and objectives, including those set forth in subsection C of § 23.1-1002; and

6. The role of private institutions of higher education in addressing the goals set forth in this chapter and recommendations regarding such matters.

The Advisory Committee shall submit its recommendations to the Council, which shall review the recommendations and report its recommendations to the Governor and the Chairmen of the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health.

C. Consistent with the objective and purposes of this chapter identified in § 23.1-301, the Advisory Committee shall review at least every five years, in consultation with the staff of the Council, the respective Chairmen of the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health, or their designees, representatives of public institutions of higher education, and such other state officials as may be designated by the Governor, and with assistance from the staff of the Council and such other assistance as it may require:

1. Federal and state financial aid programs and institutional practices to ensure that the appropriate level of financial assistance is being provided to both low-income and middle-income families, as required by § 23.1-306, including loan forgiveness programs targeted by purpose in furtherance of the objective of this chapter; and

2. The Restructured Higher Education Financial and Administrative Operations Act (§ 23.1-1000 et seq.) to identify additional ways to reduce costs and enhance efficiency by increasing managerial autonomy with accountability at the institutional level.

The Advisory Committee shall submit its recommendations to the Council, which shall review the recommendations and report its recommendations to the Governor and the Chairmen of the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health.

D. The Advisory Committee shall periodically assess, based upon the institutions' six-year plans and other relevant factors, the degree to which the Commonwealth's system of higher education is meeting the statewide objectives of economic impact, reform, affordability, and access reflected in this chapter and the strategic impact of new general fund investments on achieving those objectives. The Advisory Committee shall submit its assessment and recommendations to the Council, which shall review the assessment and recommendations and report its recommendations to the Governor and the Chairmen of the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health.

E. In addition to providing advice and making recommendations on the matters set forth in subsections B, C, and D, the Advisory Committee shall perform such other duties and undertake such other responsibilities as requested by the Governor or the General Assembly.

§ 23.1-310. Assessment and certification of institutions by the Council.

The Council shall annually assess the degree to which each institution has satisfied any goals or criteria developed by the Higher Education Advisory Committee pursuant to § 23.1-309 and no later than October 1 of each fiscal year provide a certified written report of the results of such annual assessment to the Governor and the Chairmen of the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health. In order to assist the Council in its assessment, each public institution of higher education, and each nonprofit private institution of higher education eligible for and seeking to qualify for state general funds, shall furnish periodic reports, including copies of institutional financial aid audit reports and audited financial statements, and such other pertinent information, including student-level data, as may be required by the Council.

CHAPTER 4.

GENERAL PROVISIONS.

§ 23.1-400. Student organizations; rights and recognition.

A. To the extent allowed by state and federal law, a religious or political student organization may determine that ordering the organization's internal affairs, selecting the organization's leaders and members, defining the organization's doctrines, and resolving the organization's disputes are in furtherance of the organization's religious or political mission and that only persons committed to that mission should conduct such activities.

CHAPTER 5.

IN-STATE TUITION AND REDUCED RATE TUITION ELIGIBILITY.

§ 23.1-500. Definitions.

As used in this chapter:

"Date of the alleged entitlement" means the first official day of class within the term, semester, or quarter of the program of study in which a student is enrolled.

"Dependent student" means a student who is listed as a dependent on the federal or state income tax return of his parents or legal guardian or who receives substantial financial support from his spouse, parent, or legal guardian. "Dependent student" includes unemancipated minors.

"Domicile" means the present, fixed home of an individual to which he returns following temporary absences and at which he intends to stay indefinitely. No individual may have more than one domicile at a time. Domicile, once established, is not affected by (i) mere transient or temporary physical presence outside the Commonwealth or (ii) the establishment and maintenance of a place of residence outside the Commonwealth for the purpose of maintaining a joint household with an active duty United States military spouse.

"Domiciliary intent" means present intent to remain indefinitely.

"Emancipated minor" means a minor student who has been emancipated pursuant to Article 15 (§ 16.1-331 et seq.) of Chapter 11 of Title 16.1 or the applicable laws of any other jurisdiction.

"Employed full time" means employed in a position resulting in at least an annual earned income reported for tax purposes equivalent to 50 work weeks of 40 hours at minimum wage.

"Independent student" means a student whose parents have surrendered the right to his care, custody, and earnings; do not claim him as a dependent on federal or state income tax returns; and have ceased to provide him with substantial financial support. "Independent student" includes emancipated minors.

"Substantial financial support" means any amount of financial support received by a student that qualifies him to be listed as a dependent on federal and state income tax returns.

"Surviving spouse" means the spouse of a military service member who, while serving as an active duty member in the Armed Forces of the United States, Reserves of the Armed Forces of the United States, or Virginia National Guard, during military operations against terrorism, on a peacekeeping mission, or as a result of a terrorist act, or in any armed conflict, was killed in action, became missing in action, or became a prisoner of war.

"Unemancipated minor" means a minor student who has not been emancipated pursuant to Article 15 (§ 16.1-331 et seq.) of Chapter 11 of Title 16.1 or the applicable laws of any other jurisdiction.

"Veteran" means an individual who has served on active duty in the Armed Forces of the United States and who was discharged or released from such service under conditions other than dishonorable.

"Virginia employer" means (i) any employing unit organized under the laws of the Commonwealth or having income from sources in the Commonwealth regardless of its organizational structure or (ii) any public or nonprofit organization authorized to operate in the Commonwealth.

§ 23.1-501. Presumption of dependency for certain students.

It shall be presumed that a student under the age of 24 on the date of the alleged entitlement receives substantial financial support from his parent or legal guardian and is therefore the dependent of his parent or legal guardian unless the student (i) is a veteran or an active duty member of the Armed Forces of the United States, (ii) is a graduate or professional student, (iii) is married, (iv) is a ward of the court or was a ward of the court until age 18, (v) has no adoptive parent or legal guardian and each of the student's parents is deceased, (vi) has legal dependents other than a spouse, or (vii) is able to present clear and convincing evidence that he is financially self-sufficient.

§ 23.1-502. Eligibility for in-state tuition charges; domicile; domiciliary intent.

A. To be eligible for in-state tuition at public institutions of higher education, an independent student or, in the case of a dependent student, the individual through whom he claims eligibility, shall establish by clear and convincing evidence (i) domicile in the Commonwealth for a period of at least one year immediately succeeding the establishment of domiciliary intent pursuant to subsection B and immediately prior to the date of the alleged entitlement and (ii) the abandonment of any previous domicile, if such existed. No institution of higher education shall give weight to any evidence that such student or individual presents in support of his claim for domicile or the abandonment of any previous domicile unless such evidence has existed for a period of at least one year immediately prior to the date of the alleged entitlement. If the individual through whom a dependent student establishes domicile and eligibility for in-state tuition charges abandons his domicile in the Commonwealth, such student is entitled to in-state tuition charges for one year from the date of such abandonment.

B. To establish domicile, an independent student or, in the case of a dependent student, the individual through whom he claims eligibility, shall establish by clear and convincing evidence domiciliary intent. In determining domiciliary intent, institutions of higher education shall consider the totality of the circumstances, including the following applicable factors: continuous residence for at least one year prior to the date of the alleged entitlement, except in the event of the establishment and maintenance of a place of residence outside the Commonwealth for the purpose of maintaining a joint household with an active duty United States military spouse; state to which income taxes are filed or paid; driver's license; motor vehicle registration; voter registration; employment; property ownership; sources of financial support; military records; a written offer and acceptance of employment following graduation; and any other social or economic relationships within and outside the Commonwealth.

§ 23.1-503. Determination of domicile; rules; presumptions.

A. Students shall not ordinarily establish domicile by the performance of acts that are auxiliary to fulfilling educational objectives or are required or routinely performed by temporary residents of the Commonwealth. Students shall not establish domicile by mere physical presence or residence primarily for educational purposes.

B. A married individual may establish domicile in the same manner as an unmarried individual.

C. A nonmilitary student whose parent or spouse is a member of the Armed Forces of the United States may establish domicile in the same manner as any other student.

D. Any alien holding an immigration visa or classified as a political refugee may establish domicile in the same manner as any other student. However, absent congressional intent to the contrary, any individual holding a student visa or another temporary visa does not have the capacity to intend to remain in the Commonwealth indefinitely and is therefore ineligible to establish domicile and receive in-state tuition charges.

E. The domicile of a dependent student shall be rebuttably presumed to be the domicile of the parent or legal guardian (i) claiming him as an exemption on federal or state income tax returns currently and for the tax year prior to the date of the alleged entitlement or (ii) providing him with substantial financial support. The spouse of an active duty military service member, if such spouse has established domicile and claimed the dependent student on federal or state income tax returns, is not subject to minimum income tests or requirements.

F. The domicile of an unemancipated minor or a dependent student 18 years old or older may be the domicile of either the parent with whom he resides, the parent who claims the student as a dependent for federal or Virginia income tax purposes for the tax year prior to the date of the alleged entitlement and is currently so claiming the student, or the parent who provides the student with substantial financial support. If there is no surviving parent or the whereabouts of the parents are unknown, then the domicile of an unemancipated minor shall be the domicile of the legal guardian of such unemancipated minor unless circumstances indicate that such guardianship was created primarily for the purpose of establishing domicile.

G. Continuously enrolled non-Virginia students shall be presumed to be in the Commonwealth for educational purposes unless they rebut such presumption with clear and convincing evidence of domicile.

H. A non-Virginia student is not eligible for reclassification as a Virginia student unless he applies for and is approved for such reclassification. Any such reclassification shall only be granted prospectively from the date such application is received.

I. A student who knowingly provides erroneous information in an attempt to evade payment of out-of-state tuition charges shall be charged out-of-state tuition for each term, semester, or quarter attended and may be subject to dismissal from the institution. All disputes relating to the veracity of information provided to establish domicile in the Commonwealth are appealable as set forth in § 23.1-510.

§ 23.1-504. Determination of domicile; exception; certain active duty and retired military personnel, etc.

In determining the domicile of (i) active duty military personnel residing in the Commonwealth, retired military personnel residing in the Commonwealth at the time of their retirement, surviving spouses, or veterans who voluntarily elect to establish the Commonwealth as their permanent residence for the purpose of domicile or (ii) a dependent spouse or dependent child who claims domicile through an individual listed in clause (i), institutions of higher education shall waive the one-year requirement set forth in subsection B of § 23.1-502.

§ 23.1-505. Determination of domicile; exception; dependents of certain active duty military personnel, etc.

A. For the purposes of this section:

"Date of alleged entitlement" means the date of admission or acceptance for dependents currently residing in the Commonwealth or the final add/drop date for dependents of members newly transferred to the Commonwealth.

"Temporarily mobilized" means activated for service for 180 days or more.

"Unaccompanied orders" means orders that assign active duty military personnel or activated or temporarily mobilized reserve or guard members an unaccompanied tour listed in Appendix Q of the Joint Federal Travel Regulations.

B. Notwithstanding § 23.1-502 or any other provision of law to the contrary, all dependents, as defined by 37 U.S.C. § 401, of active duty military personnel or activated or temporarily mobilized reservists or guard members (i) assigned to a permanent duty station or workplace in the Commonwealth, the District of Columbia, or a state contiguous to the Commonwealth who reside in the Commonwealth; (ii) assigned unaccompanied orders and immediately prior to receiving such unaccompanied orders were assigned to a permanent duty station or workplace in the Commonwealth, the District of Columbia, or a state contiguous to the Commonwealth and resided in the Commonwealth; or (iii) assigned unaccompanied orders with the Commonwealth listed as the designated place move shall be deemed to be domiciled in the Commonwealth and are eligible to receive in-state tuition.

C. All such dependents shall be afforded the same educational benefits as any other individual who is eligible for in-state tuition pursuant to § 23.1-502. Such dependents are eligible for such benefits, including in-state tuition status, for as long as they are continuously enrolled in a public institution of higher education or private institution of higher education or have transferred between public institutions of higher education or private institutions of higher education or from an undergraduate degree program to a graduate degree program at a public institution of higher education or private institution of higher education, regardless of any change of duty station or residence of the military service member.

§ 23.1-506. Eligibility for in-state tuition; exception; certain out-of-state and high school students.

A. Notwithstanding § 23.1-502 or any other provision of law to the contrary, the following students are eligible for in-state tuition charges regardless of domicile:

1. Any non-Virginia student who resides outside the Commonwealth and has been employed full time in the Commonwealth for at least one year immediately prior to the date of the alleged entitlement if such student has paid Virginia income taxes on all taxable income earned in the Commonwealth for the tax year prior to the date of the alleged

entitlement. Such student shall continue to be eligible for in-state tuition charges for so long as the student is employed full time in the Commonwealth and the student pays Virginia income taxes on all taxable income earned in the Commonwealth.

2. Any non-Virginia student who resides outside the Commonwealth and is claimed as a dependent for federal and Virginia income tax purposes if the nonresident parent claiming the student as a dependent has been employed full time in the Commonwealth for at least one year immediately prior to the date of the alleged entitlement and paid Virginia income taxes on all taxable income earned in the Commonwealth for the tax year prior to the date of the alleged entitlement. Such student shall continue to be eligible for in-state tuition charges for so long as his qualifying parent is employed full time in the Commonwealth, pays Virginia income taxes on all taxable income earned in the Commonwealth, and claims the student as a dependent for Virginia and federal income tax purposes.

3. Any active duty member, activated guard or reserve member, or guard or reserve member mobilized or on temporary active orders for 180 days or more who resides in the Commonwealth.

4. Any veteran who resides in the Commonwealth.

5. Any surviving spouse who resides in the Commonwealth.

6. Following completion of active duty service, any non-Virginia student who established domicile before being called to active duty in the National Guard of another state if during such active duty he maintained at least one of the following in the Commonwealth: a driver's license, motor vehicle registration, voter registration, employment, property ownership, or sources of financial support.

Any non-Virginia student granted in-state tuition pursuant to this subsection shall be counted as a Virginia student for the purposes of determining college admissions, enrollment, and tuition and fee revenue policies.

B. Notwithstanding the provisions of § 23.1-502 or any other provision of law to the contrary, the governing board of any public institution of higher education may charge in-state tuition to the following students regardless of domicile:

1. Any non-Virginia student enrolled in one of the institution's programs designated by the Council who (i) is entitled to reduced tuition charges at the institutions of higher education in any other state that is a party to the Southern Regional Education Compact and that has similar reciprocal provisions for Virginia students and (ii) is domiciled in such other state;

2. Any non-Virginia student from a foreign country who is enrolled in a foreign exchange program approved by the institution of higher education during the same period in which a Virginia student from such institution is attending such foreign institution as an exchange student; and

3. Any high school or magnet school student, not otherwise qualified for in-state tuition, who is enrolled in courses specifically designed as part of the high school or magnet school curriculum in a comprehensive community college for which he may, upon successful completion, receive high school and college credit pursuant to a dual enrollment agreement between the high school or magnet school and the comprehensive community college.

Any non-Virginia student granted in-state tuition pursuant to this subsection shall be counted as a non-Virginia student for the purposes of determining college admissions, enrollment, and tuition and fee revenue policies.

C. The State Board shall charge in-state tuition to any non-Virginia student enrolled at a comprehensive community college who resides in another state within a 30-mile radius of a public institution of higher education in the Commonwealth, is domiciled in such other state, and is entitled to in-state tuition charges at the institutions of higher education in any state that is contiguous to the Commonwealth and that has similar reciprocal provisions for Virginia students.

Any non-Virginia student granted in-state tuition pursuant to this subsection shall be counted as a Virginia student for the purposes of determining college admissions, enrollment, and tuition and fee revenue policies.

§ 23.1-507. University of Virginia's College at Wise; reduced rate tuition charges for certain students.

A. The board of visitors of the University of Virginia may charge reduced rate tuition to any student enrolled at the University of Virginia's College at Wise who resides in Kentucky within a 50-mile radius of the University of Virginia's College at Wise, is domiciled in Kentucky, and is entitled to in-state tuition charges at the institutions of higher education in Kentucky if Kentucky has similar reciprocal provisions for Virginia students.

B. The board of visitors of the University of Virginia may charge reduced rate tuition to any student enrolled at the University of Virginia's College at Wise who resides in Tennessee within a 50-mile radius of the University of Virginia's College at Wise, is domiciled in Tennessee, and is entitled to in-state tuition charges at the institutions of higher education in Tennessee if Tennessee has similar reciprocal provisions for Virginia students.

C. The board of visitors of the University of Virginia may charge reduced rate tuition to any student enrolled in programs offered jointly by its partners or associates and the University of Virginia's College at Wise at a regional off-campus center who resides in Tennessee within a 50-mile radius of the University of Virginia's College at Wise, is domiciled in Tennessee, and is entitled to in-state tuition charges at the institutions of higher education in Tennessee if Tennessee has similar reciprocal provisions for Virginia students. Any such respective partners or associates shall establish separate tuition charges for their independent classes or programs at such regional off-campus centers.

D. Any non-Virginia student granted reduced rate tuition pursuant to this section shall be counted as a non-Virginia student for the purposes of determining admissions, enrollment, and tuition and fee revenue policies.

§ 23.1-508. Special arrangement contracts; reduced rate tuition charges.

A. Public institutions of higher education may enter into special arrangement contracts with employers in the Commonwealth or authorities controlling federal installations or agencies located in the Commonwealth for the purpose of providing reduced rate tuition charges for the employees of such employers or authorities who are non-Virginia students at

such institutions when such employers or authorities assume the liability for paying, to the extent permitted by federal law, the tuition charges for such employees.

B. Such special arrangement contracts may be (i) for group instruction in facilities provided by the employer or federal authority or in the institution's facilities or (ii) on a student-by-student basis for specific employment-related programs.

C. Special arrangement contracts are valid for a period not to exceed two years and shall be reviewed for legal sufficiency by the Office of the Attorney General prior to signing. All tuition charges agreed to by the public institutions shall be at least equal to in-state tuition and shall be granted only by the institution with which the employer or the federal authorities have a valid contract for students for whom the employer or federal authority is paying the tuition charges.

D. All special arrangement contracts with authorities controlling federal installations or agencies shall include a specific number of students to be charged reduced tuition rates.

E. Nothing in this section shall change the domicile of any student for the purposes of enrollment reporting or calculating the proportions of general funds and tuition and fees contributed to the cost of education.

§ 23.1-509. In-state tuition; surcharge.

A. For the purpose of this section:

"Credit hour threshold" means 125 percent of the credit hours needed to satisfy the degree requirements for a specified undergraduate program.

"Surcharge" means an amount equal to 100 percent of the average cost of a student's education at the baccalaureate public institution of higher education that the student attends less tuition and mandatory educational and general fee charges assessed to a Virginia student who has not exceeded the credit hour threshold.

B. Virginia students who enroll for the first time at baccalaureate public institutions of higher education after August 1, 2006, shall be assessed a surcharge for each semester beginning in which the student continues to be enrolled after such student has reached the credit hour threshold.

C. In calculating the credit hour threshold, the following courses and credit hours shall be excluded: (i) remedial courses; (ii) transfer credits from another institution of higher education that do not meet degree requirements for general education courses or the student's chosen program of study; (iii) advanced placement or international baccalaureate credits that were obtained while in high school or another secondary school program; and (iv) dual enrollment, college-level credits obtained by the student prior to receiving a high school diploma.

D. The relevant baccalaureate public institution of higher education may waive the surcharge in accordance with guidelines and criteria established by the Council, which may include illness, disability, and active service in the Armed Forces of the United States.

§ 23.1-510. Determinations of eligibility; appeals and guidelines.

A. Each public institution of higher education shall establish an appeals process for those students who are aggrieved by decisions regarding eligibility for in-state or reduced rate tuition charges pursuant to this chapter. The Administrative Process Act (§ 2.2-4000 et seq.) shall not apply to these administrative reviews.

B. Each appeals process shall include an initial determination, an intermediate review of the initial determination, and a final administrative review. The final administrative decision shall be in writing. A copy of this decision shall be sent to the student. Either the intermediate review or the final administrative review shall be conducted by an appeals committee consisting of an odd number of members. No individual who serves at one level of this appeals process is eligible to serve at any other level of this appeals process. All such due process procedures shall be in writing and shall include time limitations in order to provide for orderly and timely resolutions of all disputes.

C. Any party aggrieved by a final administrative decision has the right to review in the circuit court for the jurisdiction in which the relevant institution is located. A petition for review of the final administrative decision shall be filed within 30 days of receiving the written decision. In any such action, the institution shall forward the record to the court, whose function is only to determine whether the decision reached by the institution could reasonably be said, on the basis of the record, not to be arbitrary, capricious, or otherwise contrary to law.

D. To ensure the application of uniform criteria in administering this section and determining eligibility for in-state tuition charges, the Council shall issue and revise domicile guidelines to be incorporated by all public institutions of higher education in their admissions applications. Such guidelines are not subject to the Administrative Process Act (§ 2.2-4000 et seq.). The Council shall consult with the Office of the Attorney General and provide opportunity for public comment prior to issuing any such guidelines.

E. An advisory committee composed of at least 10 representatives of public institutions of higher education and private institutions of higher education shall be appointed by the Council each year to cooperate with the Council in developing the guidelines for determining eligibility or revisions of such guidelines.

6. Demonstrates financial need; and

7. Meets any additional financial need requirements established by the State Board for the purposes of such grant.

B. The State Board, in consultation with the Council and the Department of Social Services, shall establish regulations governing such grants. The regulations shall include provisions addressing renewals of grants, financial need, the calculation of grant amounts after consideration of any additional financial resources or aid the student holds, the minimum grade point average required to retain such grant, and procedures for the repayment of tuition and fees for failure to meet the requirements imposed by this section.

§ 23.1-602. Payments to institutions of higher education for certain courses taken by law-enforcement officers.

A. The Department of Criminal Justice Services shall enter into contracts to make payments to public institutions of higher education and accredited private institutions of higher education whose primary campus is within the Commonwealth for tuition, books, and mandatory fees for any law-enforcement officer of the Commonwealth or its political subdivisions, departments, or authorities or any locality of the Commonwealth who (i) is enrolled on a full-time or part-time basis in courses included in an undergraduate or graduate program that leads to a degree or certificate in an area relating to law enforcement or suitable for law-enforcement officers and (ii) enters into an agreement to continue to serve as a law-enforcement officer in the Commonwealth upon completion of his course of study for a period at least as long as the length of the course of study undertaken and paid for under the provisions of this section and, in the event that he does not complete such service, to repay the full amount of such payments on the terms and in the manner that the Department of Criminal Justice Services prescribes.

B. Any individual who receives the benefit of funds expended pursuant to this section shall reimburse such funds to the Department of Criminal Justice Services if he fails to satisfactorily complete the course for which the funds were expended.

The Department of Criminal Justice Services shall use such reimbursed funds in accordance with the purposes of this section.

§ 23.1-603. State cadets; Mary Baldwin College and Virginia Polytechnic Institute and State University; financial assistance awards.

From funds appropriated by the Commonwealth to Mary Baldwin College for the Virginia Women's Institute for Leadership and to Virginia Polytechnic Institute and State University, each such institution's governing board may provide for financial assistance awards to students designated as state cadets on terms and conditions comparable to the provisions of § 23.1-2506.

§ 23.1-604. Investment of funds donated for scholarships.

A. When any person deposits moneys in, bequeaths moneys to be deposited in, or devises or bequeaths property to be sold and the proceeds to be deposited in the state treasury for the benefit of any institution of higher education in such an amount that the interest on such moneys is sufficient to cover the costs of tuition, mandatory fees, and other necessary expenses for a cadet or student enrolled in such institution, the moneys shall be invested in securities that are legal investments under the laws of the Commonwealth for public funds in the name and for the benefit of such institution.

B. Such donation is irrevocable, but the donor, his heirs, or the guardian of any heir who is under 21 years old may nominate and place in such institution any cadet or student.

C. If such donor, heirs, or guardian fails to nominate a cadet or student within one year of such donation, the governing board of the institution may appropriate such moneys to cover tuition, mandatory fees, and other necessary expenses for indigent Virginia students or cadets.

§ 23.1-605. Commissioned officers; waiver of tuition and mandatory fees.

Any commissioned officer of the Virginia National Guard or the Virginia Defense Force may become a student at any public institution of higher education for a period not exceeding 10 months and receive instruction in the departments of military science, emergency management, emergency services, public safety, and disaster management at such institution without being required to pay tuition and mandatory fees.

A. As used in this section, "cooperating teacher" means an individual licensed by the Board of Education who meets the criteria established by the relevant institution of higher education and is engaged in supervising and evaluating one or more student teachers.

B. In addition to the provisions of § 22.1-290.1 relating to compensation of certain licensed teachers while engaged in supervising and evaluating student teachers, any institution of higher education engaged in educating students to be teachers may, from such funds as may be available for such purpose, develop and implement a program to compensate public school or private school teachers who agree to be cooperating teachers. Such compensation programs may provide for payment in the form of money or authorization to enroll without charge for a designated number of credit hours in the school, department, or other unit of the institution of higher education at which the student teacher being supervised is enrolled.

§ 23.1-608. Virginia Military Survivors and Dependents Education Program and Fund; tuition and fee waivers.

"Qualified survivors and dependents" means the spouse or a child between the ages of 16 and 29 of a military service member who, while serving as an active duty member in the Armed Forces of the United States, Reserves of the Armed Forces of the United States, or Virginia National Guard, during military operations against terrorism, on a peacekeeping mission, as a result of a terrorist act, or in any armed conflict, was killed, became missing in action, or became a prisoner of war, or of a veteran who, as a direct result of such service, has been rated by the U.S. Department of Veterans Affairs as totally and permanently disabled or at least 90 percent permanently disabled and has been discharged or released under conditions other than dishonorable. However, the Commissioner of Veterans Services may certify dependents above the age of 29 in those cases in which extenuating circumstances prevented the dependent child from using his benefits before the age of 30.

B. The Virginia Military Survivors and Dependents Education Program is established for the purpose of waiving tuition and mandatory fees at a public institution of higher education or Eastern Virginia Medical School for qualified survivors and dependents who have been admitted to such institution and meet the requirements of subsection C, as certified by the Commissioner of Veterans Services.

C. Admitted qualified survivors and dependents are eligible for a waiver of tuition and mandatory fees pursuant to this section if the military service member who was killed, became missing in action, became a prisoner of war, or is disabled (i) established domicile (a) at the time of entering such active military service or called to active duty as a member of the Reserves of the Armed Forces of the United States or Virginia National Guard; (b) at least five years immediately prior to, or had a physical presence in the Commonwealth for at least five years immediately prior to, the date on which the admission application was submitted by or on behalf of such qualified survivor or dependent for admission to such institution of higher education or Eastern Virginia Medical School; or (c) on the date of his death and for at least five years immediately prior to his death or had a physical presence in the Commonwealth on the date of his death and had a physical presence in the Commonwealth for at least five years immediately prior to his death; (ii) in the case of a qualified child, is deceased and the surviving parent, at some time previous to marrying the deceased parent, established domicile for at least five years, or established domicile or had a physical presence in the Commonwealth for at least five years immediately prior to the date on which the admission application was submitted by or on behalf of such child; or (iii) in the case of a qualified spouse, is deceased and the surviving spouse, at some time previous to marrying the deceased spouse, established domicile for at least five years or had a physical presence in the Commonwealth for at least five years prior to the date on which the admission application was submitted by such qualified spouse.

From such funds as may be appropriated and from such gifts, bequests, and any gifts, grants, or donations from public or private sources, the Virginia Military Survivors and Dependents Education Fund is established for the sole purpose of providing financial assistance in an amount (i) up to \$2,000 or (ii) as provided in the general appropriation act, for room and board charges, books and supplies, and other expenses at any public institution of higher education or Eastern Virginia Medical School for the use and benefit of qualified survivors and dependents, provided that the maximum amount to be expended for each such survivor or dependent pursuant to this subsection shall not exceed, when combined with any other form of scholarship, grant, or waiver, the actual costs relating to the survivor's or dependent's educational expenses allowed under this subsection.

E. Each year, from the funds available in the Fund, the Council and each public institution of higher education and Eastern Virginia Medical School shall determine the amount and the manner in which financial assistance shall be made available to beneficiaries and shall make that information available to the Commissioner of Veterans Services for distribution.

F. The Council shall disburse to each public institution of higher education and Eastern Virginia Medical School the funds appropriated or otherwise made available by the Commonwealth to support the Fund and shall report to the Commissioner of Veterans Services the beneficiaries' completion rate.

G. The Department of Veterans Services shall disseminate information about the Program and Fund to those spouses and dependents who may qualify. Article 2.

Scholarships.

§ 23.1-612. Unfunded scholarships.

A. The governing board of each public institution of higher education may establish unfunded scholarships that are subject to such regulations and conditions as the governing board establishes and the following limitations and restrictions:

1. All such scholarships shall be applied exclusively to the remission, in whole or in part, of tuition and mandatory fees.

2. The governing board shall determine the number of such scholarships annually awarded to undergraduate Virginia students and non-Virginia students.

3. The total value of all such scholarships annually awarded to undergraduate Virginia students shall not exceed the amount of the applicable sum of undergraduate tuition and mandatory fees multiplied by 20 percent of the enrollment of undergraduate Virginia students during the preceding academic year.

4. The total value of all such scholarships annually awarded by an institution to undergraduate non-Virginia students shall not exceed the amount of the applicable per capita out-of-state tuition differential paid by undergraduate non-Virginia students for tuition and mandatory fees multiplied by 20 percent of the enrollment of undergraduate non-Virginia students during the preceding academic year.

5. Each such institution shall make a report to the Council, upon request, showing the number and value of scholarships awarded under this section according to each student classification.

C. Undergraduate nursing scholarships shall not exceed \$2,000 annually. Graduate nursing scholarships shall not exceed \$4,000 annually. No scholarship shall be less than \$150 annually. Scholarship funds shall be paid directly to the recipient.

D. Each nursing scholarship shall be made by an advisory committee appointed by the State Board of Health that consists of eight members, four of whom shall be deans or directors of schools of nursing or their designees, two of whom shall be past recipients of nursing scholarships awarded pursuant to this section, two of whom shall have experience in the administration of student financial aid programs, and at least two of whom shall not have served as members of the advisory committee during the previous two years. Appointments shall be for two-year terms. No member of the advisory committee is eligible to serve more than two consecutive two-year terms immediately succeeding any unexpired term for which such member was appointed.

E. Awards shall be made upon such basis, competitive or otherwise, as determined by the advisory committee, with due regard for scholastic attainments, character, need, and adaptability of the applicant for the service contemplated in such award. No award shall be made if the applicant fails to possess the requisite qualifications. With due consideration of the number of applications and the qualifications of all such applicants, the advisory committee shall, to the extent that it is practicable, award an equal number of scholarships among the various congressional districts within the Commonwealth.

F. Before any such scholarship is awarded, the applicant shall agree in a signed written contract to complete a nursing program and, upon completion, to promptly begin and continuously engage in nursing work in the Commonwealth in a region with a critical shortage of nurses for one month for each \$100 of scholarship awarded. The requirement for continuous engagement in nursing work may be waived by the advisory committee if the scholarship recipient requests leave to pursue an undergraduate or graduate degree in nursing or relating to nursing activities. The contract shall contain such other provisions as the State Board of Health determines to be necessary to accomplish the purposes of the scholarship.

Each scholarship award shall be made upon such basis, competitive or otherwise, as is determined by the president or other proper officer of the institution of higher education (institution) that the applicant plans to attend, with due regard to the scholastic achievements, character, and adaptability of the applicant to the service contemplated under such award. No award shall be made unless the applicant possesses the requisite qualifications.

C. Each such scholarship shall be awarded for a single award year and may be renewed annually for up to three additional award years upon a showing of satisfactory progress.

D. Before any such scholarship is awarded, the applicant shall agree in a signed written contract to pursue soil science at the institution at which the scholarship is awarded until his graduation and, upon graduating, to promptly begin and engage continuously as a soil scientist as an employee of the Commonwealth for as many years as he was a beneficiary of such scholarship, unless no such suitable vacancy exists as an employee of the Commonwealth, in which case the obligation of such contract shall be discharged by being continuously engaged in the Commonwealth as a soil scientist as an employee

of a local, state, or federal government agency for as many years as he was a beneficiary of such scholarship. The contract shall contain such other provisions as Virginia Polytechnic Institute and State University deems necessary to accomplish the purposes of the scholarship. In the event that the holder of any awarded soil scientist scholarship dies while receiving instruction under such a scholarship, any balance unpaid and agreed to be repaid by the holder of such scholarship shall be deemed paid, and no liability shall be attached to his estate.

E. Such contract shall contain a clause under which the applicant shall be relieved of his obligation to serve the Commonwealth as a soil scientist, for a period equal to that during which he was a beneficiary of such scholarship, at any time that he (i) fails to maintain a scholastic standard at least equal to the standard required of the general student body at such institution or (ii) becomes permanently disabled and is not able to engage in the profession of soil scientist, upon certification by a faculty committee. Any applicant so relieved shall arrange to reimburse the Commonwealth for the amount received on account of such scholarship plus interest on such amount computed at the prevailing rate charged on student loans at the institution attended by the applicant. Any applicant who so reimburses the Commonwealth and subsequently fulfills the terms of his contract by completing his studies and serving the Commonwealth as a soil scientist for a period equal to that during which he received such scholarship shall be reimbursed from the general fund of the state treasury the amount of the scholarship and interest previously repaid to the Commonwealth. This reimbursement shall be made on any contract made under the provisions of this subsection.

F. All funds repaid by any applicant pursuant to subsection E shall be paid into the state treasury and shall become a part of the general fund. The governing board of the institution attended by the applicant shall collect such payments and shall pay all moneys so received into the state treasury promptly. If any applicant fails to abide by the terms of such contract, such fact shall be communicated to the Attorney General by the proper officer of the institution or by the employing state agency. The Attorney General shall take such action as he deems proper.

G. The funds making up each scholarship shall be paid to the recipient or applied toward the payment of his expenses at the relevant institution in such a manner and at such a time during the academic year as the president or other proper officer determines.

Notwithstanding the provisions of subsection B, in order to ensure that the Plan is able to meet its current obligations, the Governor shall include in the budget bills submitted pursuant to § 2.2-1509 a sum sufficient appropriation for the purpose of ensuring that the Plan can meet the current obligations of the Plan. Any sums appropriated by the General Assembly for such purpose shall be deposited into the Fund. All amounts paid into the Fund pursuant to this subsection shall constitute and be accounted for as advances by the Commonwealth to the Plan and, subject to the rights of the Plan's contract holders, shall be repaid to the Commonwealth without interest from available operating revenue of the Plan in excess of amounts required for the payment of current obligations of the Plan.

§ 23.1-706. Standard of care; investment and administration of the Plan.

- A. In acquiring, investing, reinvesting, exchanging, retaining, selling, and managing property for the benefit of the Plan, the board, and any person, investment manager, or committee to whom the board delegates any of its investment authority, shall act as trustee and shall exercise the judgment of care under the circumstances then prevailing that persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but to the permanent disposition of funds, considering the probable income and the probable safety of their capital.

If the annual accounting and audit required by § 23.1-710 reveal that there are insufficient funds to ensure the actuarial soundness of the Plan, the board may adjust the terms of subsequent prepaid tuition contracts, arrange refunds for current purchasers to ensure actuarial soundness, or take such other action the board deems appropriate.

B. The assets of the Plan shall be preserved, invested, and expended solely pursuant to and for the purposes of this chapter and shall not be loaned or otherwise transferred or used by the Commonwealth for any other purpose. Within the standard of care set forth in subsection A, the board and any person, investment manager, or committee to whom the board delegates any of its investment authority, may acquire and retain any kind of property and any kind of investment, including (i) debentures and other corporate obligations of foreign or domestic corporations; (ii) common or preferred stocks traded on foreign or domestic stock exchanges; (iii) not less than all of the stock or 100 percent ownership of a corporation or other entity organized by the board under the laws of the Commonwealth for the purposes of acquiring and retaining real property that the board may acquire and retain under this chapter; and (iv) securities of any open-end or closed-end management type investment company or investment trust registered under the federal Investment Company Act of 1940, as amended, including investment companies or investment trusts that, in turn, invest in the securities of such investment companies or investment trusts that persons of prudence, discretion, and intelligence acquire or retain for their own account. The board may retain property properly acquired without time limitation and without regard to its suitability for original purchase.

All provisions of this subsection shall apply to the portion of the Plan assets attributable to savings trust account contributions and the earnings on such contributions.

C. The selection of services relating to the operation and administration of the Plan, including contracts or agreements for the management, purchase, or sale of authorized investments or actuarial, recordkeeping, or consulting services, are governed by the standard of care set forth in subsection A and are not subject to the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.).

D. No board member or person, investment manager, or committee to whom the board delegates any of its investment authority who acts in accordance with the standard of care set forth in subsection A shall be held personally liable for losses suffered by the Plan on investments made pursuant to this chapter.

E. To the extent necessary to lawfully administer the Plan and in order to comply with federal, state, and local tax reporting requirements, the Plan may obtain all necessary social security account or tax identification numbers and such other data as the Plan deems necessary for such purposes, whether from a contributor, a purchaser, or another state agency.

C. Prior to enrollment for the first time in any baccalaureate public institution of higher education, each full-time student shall be vaccinated against meningococcal disease and hepatitis B unless the student or, if the student is a minor, the student's parent or legal guardian signs a written waiver stating that he has received and reviewed detailed information on the risks associated with meningococcal disease and hepatitis B and the availability and effectiveness of any vaccine and has chosen not to be or not to have the student vaccinated.

D. Any student is exempt from the immunization requirements set forth in subsections B and C who (i) objects on the grounds that administration of immunizing agents conflicts with his religious tenets or practices, unless the Board of Health has declared an emergency or epidemic of disease, or (ii) presents a statement from a licensed physician that states that his physical condition is such that administration of one or more of the required immunizing agents would be detrimental to his health.

E. The Board and Commissioner of Health shall cooperate with any board of visitors seeking assistance in the implementation of this section.

A. For purposes of this section:

"Campus" means (i) any building or property owned or controlled by an institution of higher education within the same reasonably contiguous geographic area of the institution and used by the institution in direct support of, or in a manner relating to, the institution's educational purposes, including residence halls, and (ii) any building or property that is within or reasonably contiguous to the area described in clause (i) that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes, such as a food or other retail vendor.

"Noncampus building or property" means (i) any building or property owned or controlled by a student organization officially recognized by an institution of higher education or (ii) any building or property owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

"Public property" means all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

"Sexual violence" means physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent.

"Title IX coordinator" means an employee designated by a public institution of higher education or nonprofit private institution of higher education to coordinate the institution's efforts to comply with and carry out the institution's responsibilities under Title IX (20 U.S.C. § 1681 et seq.). B. Any responsible employee who in the course of his employment obtains information that an act of sexual violence may have been committed against a student attending the institution or may have occurred on campus, in or on a noncampus building or property, or on public property shall report such information to the Title IX coordinator as soon as practicable after addressing the immediate needs of the victim.

C. Upon receipt of information pursuant to subsection B, the Title IX coordinator or his designee shall promptly report the information, including any personally identifiable information, to a review committee established pursuant to subsection D. The review committee shall be considered to be a threat assessment team established pursuant to § 23.1-805 for purposes of (i) obtaining criminal history record information and health records and (ii) the Virginia Freedom of Information Act (§ 2.2-3700 et seq.). The review committee shall conduct its review in compliance with federal privacy law.

E. Upon receipt of information of an alleged act of sexual violence reported pursuant to subsection C, the review committee shall meet within 72 hours to review the information and shall meet again as necessary as new information becomes available.

F. If, based on consideration of all factors, the review committee, or if the committee cannot reach a consensus, the representative of law enforcement on the review committee, determines that the disclosure of the information, including personally identifiable information, is necessary to protect the health or safety of the student or other individuals as set forth in 34 C.F.R. § 99.36, the representative of law enforcement on the review committee shall immediately disclose such information to the law-enforcement agency that would be responsible for investigating the alleged act of sexual violence. Such disclosure shall be for the purposes of investigation and other actions by law enforcement. Upon such disclosure, the Title IX coordinator or his designee shall notify the victim that such disclosure is being made. The provisions of this subsection shall not apply if the law-enforcement agency responsible for investigating the alleged act of sexual violence is located outside the United States.

G. In cases in which the alleged act of sexual violence would constitute a felony violation of Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, the representative of law enforcement on the review committee shall inform the other members of the review committee and shall within 24 hours consult with the attorney for the Commonwealth or other prosecutor responsible for prosecuting the alleged act of sexual violence and provide to him the information received by the review committee without disclosing personally identifiable information, unless such information was disclosed pursuant to subsection F. In addition, if such consultation does not occur and any other member of the review committee individually concludes that the alleged act of sexual violence would constitute a felony violation of Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, that member shall within 24 hours consult with the attorney for the Commonwealth or other prosecutor responsible for prosecuting the alleged act of sexual violence and provide to him the information received by the review committee without disclosing personally identifiable information, unless such information was disclosed pursuant to subsection F.

H. At the conclusion of the review, the Title IX coordinator and the law-enforcement representative shall each retain (i) the authority to proceed with any further investigation or adjudication allowed under state or federal law and (ii) independent records of the review team's considerations, which shall be maintained under applicable state and federal law.

I. No responsible employee shall be required to make a report pursuant to subsection B if:

1. The responsible employee obtained the information through any communication considered privileged under state or federal law or the responsible employee obtained the information in the course of providing services as a licensed health care professional, an employee providing administrative support for such health care professionals, a professional counselor, an accredited rape crisis or domestic violence counselor, a campus victim support personnel, a member of clergy, or an attorney; or

2. The responsible employee has actual knowledge that the same matter has already been reported to the Title IX coordinator or to the attorney for the Commonwealth or the law-enforcement agency responsible for investigating the alleged act of sexual violence.

J. Any responsible employee who makes a report required by this section or testifies in a judicial or administrative proceeding as a result of such report is immune from any civil liability alleged to have resulted therefrom unless such person acted in bad faith or with malicious intent.

K. The provisions of this section shall not require a person who is the victim of an alleged act of sexual violence to report such violation.

L. The institution shall ensure that a victim of an alleged act of sexual violence is informed of (i) the available law-enforcement options for investigation and prosecution; (ii) the importance of collection and preservation of evidence; (iii) the available options for a protective order; (iv) the available campus options for investigation and adjudication under the institution's policies; (v) the victim's rights to participate or decline to participate in any investigation to the extent permitted under state or federal law; (vi) the applicable federal or state confidentiality provisions that govern information provided by a victim; (vii) the available on-campus resources and any unaffiliated community resources, including sexual assault crisis centers, domestic violence crisis centers, or other victim support services; and (viii) the importance of seeking appropriate medical attention.

§ 23.1-807. Sexual assault; memorandum of understanding; policies.

A. Richard Bland College and each baccalaureate public institution of higher education and nonprofit private institution of higher education shall establish, and the State Board shall adopt a policy requiring each comprehensive community college to establish, a written memorandum of understanding with a sexual assault crisis center or other victim support service in order to provide sexual assault victims with immediate access to a confidential, independent advocate who can provide a trauma-informed response that includes an explanation of options for moving forward.

B. Each public institution of higher education and nonprofit private institution of higher education shall adopt policies to provide to sexual assault victims information on contacting such sexual assault crisis center or other victim support service.

§ 23.1-808. Sexual violence policy review.

By October 31 of each year, the System, Richard Bland College, each baccalaureate public institution of higher education, and each nonprofit private institution of higher education shall certify to the Council that it has reviewed its sexual violence policy and updated it as appropriate. The Council and the Department of Criminal Justice Services shall establish criteria for the certification process and may request information relating to the policies for the purposes of sharing best practices and improving campus safety. The Council and the Department of Criminal Justice Services shall report to the Secretary of Education on the certification status of each such institution by November 30 of each year.

Article 3.

Campus Safety; Campus Police Departments.

§ 23.1-809. Public institutions of higher education; establishment of campus police departments authorized; employment of officers.

A. The governing board of each public institution of higher education may establish a campus police department and employ campus police officers and auxiliary police forces upon appointment as provided in §§ 23.1-811 and 23.1-812. Such employment is governed by the Virginia Personnel Act (§ 2.2-2900 et seq.), except that the governing board of a public

institution of higher education may direct that the employment of the chief of the campus police department is not governed by the Virginia Personnel Act.

B. The Virginia Commonwealth University Health System Authority and Eastern Virginia Medical School may employ police officers and auxiliary police forces as provided in this article and, in the case of the Authority, in § 23.1-2406, except that the employment of such officers and forces is not governed by the Virginia Personnel Act (§ 2.2-2900 et seq.).

§ 23.1-810. Authorization for campus police departments in private institutions of higher education.

The governing board of each private institution of higher education may establish, in compliance with the provisions of this article, a campus police department and employ campus police officers upon appointment as provided in § 23.1-812. Except as such provisions apply exclusively to public institutions of higher education or employees, the provisions of this article shall apply to the appointment and employment of officers and the operation, powers, duties, and jurisdiction of campus police departments at private institutions of higher education, and such departments are subject to and shall enjoy the benefits of this article. However, to be qualified to use the word "police" to describe the department or its officers, any private institution of higher education that establishes a campus police department shall require each officer to comply with the training or other requirements for law-enforcement officers established by the Department of Criminal Justice Services pursuant to Chapter 1 (§ 9.1-100 et seq.) of Title 9.1.

§ 23.1-811. Establishment of auxiliary police forces.

The governing board of each public institution of higher education and private institution of higher education, for the further preservation of public peace, safety, and good order of the campus community, may establish, equip, and maintain an auxiliary police force. When called into service pursuant to procedures established by the governing board, members of such auxiliary police forces have all the powers, authority, and immunities of campus police officers at public institutions of higher education.

§ 23.1-812. Appointment of campus police officers and members of an auxiliary police force.

A. Prior to appointment as a campus police officer or member of an auxiliary police force, each individual shall be investigated by the campus police department of the institution applying for the order of appointment or, if none has been established, by the police department of the locality in which such institution is located. Such investigation shall determine whether the individual is responsible, honest, and in all ways capable of performing the duties of a campus police officer.

B. Upon application of the governing board of a public institution of higher education or private institution of higher education, the circuit court of the locality in which the institution is located may, by order, appoint the individuals named in the application to be campus police officers or members of an auxiliary police force at such institution.

C. Each campus police officer and member of an auxiliary police force appointed and employed pursuant to this article is a state employee of the institution named in the order of appointment. Insofar as it is not inconsistent with the Virginia Personnel Act (§ 2.2-2900 et seq.), the governing board of such institution shall provide for the conditions and terms of employment and compensation and a distinctive uniform and badge of office for such officers and members of an auxiliary police force.

§ 23.1-813. Officers and members to comply with requirements of Department of Criminal Justice Services.

All individuals appointed and employed as campus police officers or members of an auxiliary police force pursuant to this article shall comply with the requirements for law-enforcement officers as established by the Department of Criminal Justice Services pursuant to Chapter 1 (§ 9.1-100 et seq.) of Title 9.1.

§ 23.1-814. Termination of employment of campus police officers and members of auxiliary police forces.

An individual appointed as a campus police officer or a member of an auxiliary police force shall exercise his powers only as long as he remains employed or activated by the institution named in the order of the appointment. The appointment order entered by the circuit court shall automatically be revoked upon the termination of the employment of the officer or member at the institution and may be revoked by the court for malfeasance, misfeasance, or nonfeasance. The institution shall notify the court upon termination of the employment of the officer or member at the institution.

§ 23.1-815. Campus police forces and auxiliary police forces; powers and duties; jurisdiction.

A. As used in this section:

"Campus" means (i) any building or property owned or controlled by an institution of higher education located within the same reasonably contiguous geographic area of the institution and used by the institution in direct support of, or in a manner relating to, the institution's educational purposes, including residence halls, and (ii) any building or property that is within or reasonably contiguous to the area described in clause (i) that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes, such as a food or other retail vendor.

"Noncampus building or property" means (i) any building or property owned or controlled by a student organization that is officially recognized by an institution of higher education or (ii) any building or property owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

"Public property" means all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

B. A campus police officer appointed as provided in § 23.1-812 or a member of an auxiliary police force appointed and activated pursuant to §§ 23.1-811 and 23.1-812 shall be deemed police officers of localities who may exercise the powers and duties conferred by law upon such police officers, including the provisions of Chapters 5 (§ 19.2-52 et seq.), 7 (§ 19.2-71 et seq.), and 23 (§ 19.2-387 et seq.) of Title 19.2, (i) upon any property owned or controlled by the public

institution of higher education or private institution of higher education, or, upon request, any property owned or controlled by another public institution of higher education or private institution of higher education, and upon the streets, sidewalks, and highways immediately adjacent to any such property; (ii) pursuant to a mutual aid agreement (a) as provided for in § 15.2-1727 or (b) between the governing board of a public institution of higher education or private institution of higher education and another public institution of higher education or private institution of higher education in the Commonwealth or an adjacent political subdivision; (iii) in close pursuit of a person as provided in § 19.2-77; and (iv) upon approval by the appropriate circuit court of a petition by the local governing body for concurrent jurisdiction in designated areas with the police officers of the locality in which the institution, its satellite campuses, or other properties are located. The local governing body may only petition the circuit court for such concurrent jurisdiction pursuant to a request by the local law-enforcement agency.

C. Each public institution of higher education and private institution of higher education that establishes a campus police force pursuant to this article shall enter into and become a party to a mutual aid agreement with an adjacent local law-enforcement agency or the Department of State Police for the use of their regular and auxiliary joint forces, equipment, and materials when needed in the investigation of any felony criminal sexual assault or medically unattended death occurring on property owned or controlled by such institution or any death resulting from an incident occurring on such property. Such mutual aid agreements shall include provisions requiring either the campus police force or the agency with which it has established a mutual aid agreement pursuant to this subsection, in the event that such police force or agency conducts an investigation that involves a felony criminal sexual assault as set forth in Article 7 (§ 18.2-61 *et seq.*) of Chapter 4 of Title 18.2 occurring on campus, in or on a noncampus building or property, or on public property, to notify the local attorney for the Commonwealth of such investigation within 48 hours of beginning such investigation. No such notification provision shall require a campus police force or the agency with which it has established a mutual aid agreement to disclose identifying information about the victim. Nothing in this section prohibits a campus police force or auxiliary police force from requesting assistance from any appropriate law-enforcement agency of the Commonwealth with which the institution has not entered into a mutual aid agreement.

D. Each public institution of higher education and private institution of higher education that (i) has not established a campus police force or auxiliary police force pursuant to this article and (ii) has a security department, relies on local or state police forces, or contracts for security services from private parties pursuant to § 23.1-818 shall enter into and become a party to a memorandum of understanding with an adjacent local law-enforcement agency or the Department of State Police (the Department) to require either such local law-enforcement agency or the Department, in the event that such agency or the Department conducts an investigation that involves a felony criminal sexual assault as set forth in Article 7 (§ 18.2-61 *et seq.*) of Chapter 4 of Title 18.2 occurring on campus, in or on a noncampus building or property, or on public property, to notify the local attorney for the Commonwealth of such investigation within 48 hours of beginning such investigation. No such notification provision shall require the law-enforcement agency or the Department to disclose identifying information about the victim.

§ 23.1-816. Extending police power of public institutions of higher education beyond boundaries; jurisdiction of general district courts; duty of attorneys for the Commonwealth.

A. The governing board of any public institution of higher education that leases, rents, or owns satellite campuses, public buildings, and other property located beyond the limits of such institution has and may exercise full police power over such property and individuals using such property. The governing board may prescribe policies and regulations for the operation and use of such properties and the conduct of individuals using such property and may provide appropriate administrative penalties for the violation of such policies and regulations.

B. The general district court for the locality in which violations of law or policies or regulations established by the governing board of the institution pursuant to subsection A occurs has jurisdiction over all cases involving such violations.

C. It is the duty of each local attorney for the Commonwealth to prosecute all violators of the laws pertaining to the provisions enumerated in this article that occur in such locality.

§ 23.1-817. Inspection of criminal incident information.

Criminal incident information of any campus police department established pursuant to § 23.1-810, including (i) the date, time, and general location of the alleged crime; (ii) a general description of injuries suffered or property damaged or stolen; and (iii) the name and address of any individual arrested as a result of felonies committed against persons or property or misdemeanors involving assault, battery, or moral turpitude reported to the campus police, shall be open to inspection and copying by any citizen of the Commonwealth, currently registered student of the institution, or parent of a registered student during the regular office hours of the custodian of such information unless such disclosure is prohibited by law. If the release of such information is likely to jeopardize an ongoing criminal investigation or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence, such information may be withheld until such damage is no longer likely to occur from the release of such information.

§ 23.1-818. Security departments and other security services.

Nothing in this article shall abridge the authority of the governing board of a public institution of higher education or private institution of higher education to establish security departments, whose officers and employees shall not have the powers and duties set forth in § 23.1-815, in place of or in addition to campus police departments, rely upon local or state police forces, or contract for security services from private parties.

C. The institution shall remove from a student's academic transcript any notation placed on such transcript pursuant to subsection B due to such student's suspension if the student (i) completed the term and any conditions of the suspension and (ii) has been determined by the institution to be in good standing according to the institution's code, rules, or set of standards governing such a determination.

D. The provisions of this section shall apply only to a student who is taking or has taken a course at a public institution of higher education or private institution of higher education on a campus that is located in the Commonwealth; however, the provisions of this section shall not apply to any public institution of higher education established pursuant to Chapter 25 (§ 23.1-2500 et seq.).

§ 23.1-1020. Covered institutions; operational authority; human resources; covered employees generally.

A. Each covered employee shall continue to be a state employee who is governed by and eligible to participate in the human resources and benefits programs that governed him and in which he was eligible to participate immediately prior to the effective date of the initial management agreement for the covered institution by which he is employed, including the state retirement system, state health insurance program, state workers' compensation coverage program, and state grievance procedure, until the covered institution establishes a human resources program or programs, plan, or procedure applicable to him pursuant to this article in any such human resources or benefits program area. B. All human resources programs, plans, policies, and procedures established by the governing board of a covered institution pursuant to this article shall apply to and govern all participating covered employees, except as provided in § 23.1-1022.

C. All covered institutions are responsible for meeting the human resource reporting requirements established by the Governor and General Assembly.

(ii) the human resources program or programs established by the governing board of the covered institution pursuant to § 23.1-1021. If the salaried nonfaculty covered employee does not make an election within such prescribed period, he shall be deemed to have elected to participate in and be governed by the state human resources program. Elections to participate in the human resources program established by the covered institution are irrevocable. At least once every two years, each covered institution that establishes a human resources program pursuant to § 23.1-1021 shall provide salaried nonfaculty employees who elected to participate and be governed by the state human resources program with (a) a comparison of the state program and the institution's program, including an assessment of compensation and benefits, and (b) an opportunity to participate in and be governed by the institution's human resources program.

B. A salaried nonfaculty covered employee who elects to participate in and be governed by the state human resources program set forth in Chapters 28 (§ 2.2-2800 et seq.) and 29 (§ 2.2-2900 et seq.) of Title 2.2 shall continue to be governed by all state human resources and benefit plans, programs, policies, and procedures that apply to and govern state employees.

C. § 23.1-1023. Covered institutions; operational authority; human resources; grievance procedures.

A. No covered institution is exempt from the State Grievance Procedure (§ 2.2-3000 et seq.), which shall continue to apply to all eligible nonfaculty covered employees of a covered institution. The governing board of each covered institution shall adopt policies that encourage the resolution of employment-related problems and complaints of its nonfaculty covered employees. Such policies shall provide that nonfaculty covered employees of the institution may discuss their concerns with their immediate supervisors and management freely and without retaliation. To the extent that such concerns cannot be resolved informally, the State Grievance Procedure (§ 2.2-3000 et seq.) shall apply (i) to the covered institution's nonfaculty participating covered employees to the same extent that it applied to the same classifications of nonfaculty employees prior to the institution's effective date of the initial management agreement and (ii) to the covered institution's salaried nonfaculty covered employees who have elected pursuant to § 23.1-1022 to continue to participate in the state human resources program set forth in Chapters 28 (§ 2.2-2800 et seq.) and 29 (§ 2.2-2900 et seq.) of Title 2.2.

B. The grievance policies that were applicable to faculty covered employees prior to the effective date of the initial management agreement shall continue in effect but may be amended by the covered institution.

C. A covered institution may adopt grievance policies that are applicable to some or all other employees not subject to grievance policies pursuant to subsection A or B. Such grievance policies may be the same as the grievance policies adopted pursuant to subsection A.

A. Each covered institution shall base all appointments, promotions, and tenure decisions upon merit and fitness, to be ascertained, as far as possible, by the competitive rating of qualifications by that institution.

B. No establishment of a position or rate of pay or change in rate of pay shall become effective except on order of the appointing covered institution.

C. No current or prospective participating covered employee of any covered institution shall be required, as a condition of employment, to smoke or use tobacco products on the job or abstain from smoking or using tobacco products outside the course of his employment, provided that this subsection shall not apply to those classes of employees to which § 27-40.1 or 51.1-813 is applicable.

§ 23.1-1025. Covered institutions; operational authority; human resources; certain insurance plans.

A. Insurance plans provided under this article and all proceeds from such plans are subject to the same provisions regarding exemption from levy, garnishment, and other legal process as is provided to Virginia Retirement System plans under § 51.1-510, provided, however, that (i) permitted assignments shall be made through completion of forms provided by the covered institution or its vendor and (ii) for insurance plans established by a covered institution, the covered institution shall exercise the authority granted to the Board of the Virginia Retirement System in § 51.1-510.

B. Each covered institution (i) shall purchase or make available group life and accidental death and dismemberment insurance plans covering in whole or in part those of its participating covered employees eligible to participate in the Virginia Retirement System and (ii) may purchase or make available such additional insurance plans covering its participating covered employees as it deems appropriate. Participating covered employees shall not be required to present evidence of insurability satisfactory to an insurance company for basic group life insurance coverage. Each covered institution shall offer all salaried participating covered employees basic group life insurance at a level of coverage determined by the institution's governing board. A covered institution may require participating covered employees to pay all or a portion of the cost of the insurance coverage offered pursuant to this subsection, which may be collected through a payroll deduction program. If the institution's governing board so elects, and subject to the execution of such participation agreements as the Virginia Retirement System may require, the covered institution's participating covered employees may be covered by the Virginia Retirement System's group insurance programs established pursuant to Chapter 5 (§ 51.1-500 et seq.) of Title 51.1 with the same terms, costs, conditions, and benefits as other state employees.

C. For those of its participating covered employees eligible to participate in the Virginia Retirement System, a covered institution shall (i) purchase disability insurance; (ii) subject to the execution of such participation agreements as may be necessary, appropriate, and in the best interests of the Commonwealth, continue to participate in the disability insurance program established for state agencies; (iii) establish a self-insured disability insurance program; or (iv) perform any combination of clauses (i), (ii), and (iii). A covered institution may require participating covered employees to pay all or a portion of the cost of the insurance coverage offered pursuant to clause (i), (iii), or (iv), which may be collected through a payroll deduction program. However, no such covered institution shall be required to contribute to the program established for state agencies on behalf of participating covered employees who do not participate in that program.

D. If a covered institution's governing board so elects, and subject to the execution of such participation agreements as may be necessary, appropriate, and in the best interests of the Commonwealth, each such institution or its participating covered employees, or both, may participate in any future insurance programs established for state employees with the same terms, conditions, and benefits as other state employees.

§ 23.1-1026. Covered institutions; operational authority; human resources; severance policies.

A. Each covered institution shall adopt a severance policy for its eligible participating covered employees that is applicable to voluntary and involuntary separations, including reductions in workforce. The provisions of the Workforce Transition Act (§ 2.2-3200 et seq.) shall not apply to participating covered employees.

B. The terms and conditions of a covered institution's severance policy for eligible participating covered employees shall be determined by the institution's governing board. The covered institution and the Board of the Virginia Retirement System shall negotiate a formula according to which cash severance benefits may be converted to years of age or creditable service for participating covered employees who participate in the Virginia Retirement System.

C. Covered employees who (i) were employees of a covered institution and were covered by the provisions of Chapter 29 (§ 2.2-2900 et seq.) of Title 2.2 prior to the effective date of the initial management agreement, (ii) would otherwise be eligible for severance benefits under the Workforce Transition Act (§ 2.2-3200 et seq.), and (iii) are separated by a covered institution because of a reduction in workforce have the same preferential hiring rights with state agencies and other executive branch institutions as other state employees have under § 2.2-3201. A covered institution shall recognize the hiring preference conferred by § 2.2-3201 on state employees who were (a) hired by a state agency or executive branch institution before the covered institution's effective date of the initial management agreement and (b) separated after that date by that state agency or executive branch institution because of a reduction in workforce. If a covered institution has adopted a classification system pursuant to § 23.1-1021 that differs from the classification system administered by the Department of Human Resource Management, the covered institution shall classify the separated employee according to its classification system and shall place the separated employee appropriately. Any such separated employee who is hired by a covered institution is a participating covered employee for purposes of this article. Classification decisions that are made pursuant to this subsection and apply to employees transferring between state agencies, between other executive branch institutions and covered institutions, and between covered institutions as a result of a reduction in force and with the preferential hiring rights provided in this subsection and in § 2.2-3201 are presumed appropriate, and a separated employee who grieves the classification decision bears the burden of demonstrating that the classification violates the separated employee's preferential hiring rights.

D. An employee's transition from being an employee of a public institution of higher education to being a covered employee of a covered institution on the effective date of a covered institution's initial management agreement shall not, in and of itself, constitute a severance of that employee or a reduction in force that would make either the covered institution's severance policy adopted pursuant to subsection A or the Workforce Transition Act (§ 2.2-3200 et seq.) applicable to that employee.

§ 23.1-1027. Covered institutions; duties; tuition, fees, rentals, and other charges.

Each covered institution shall fix, revise, charge, and collect tuition, rates, rentals, fees, and other charges for the services, goods, or facilities furnished by or on behalf of such institution and may adopt policies regarding any such service rendered or the use, occupancy, or operation of any such facility.

§ 23.1-1028. Covered institutions; duties; leases of property.

The governing board of each covered institution shall adopt such policies relating to the leasing of real property, including capital or operating/income leases, that reasonably ensure that such leases are efficiently procured on appropriate terms and for appropriate purposes. With respect to capital or operating/income leases for real property to be used for academic purposes or for real property owned by the institution or a foundation relating to the institution to be used for non-academic purposes in accordance with the institution's land use plan pursuant to § 2.2-1153, other than applicable policies adopted by a covered institution's governing board and provisions of general law that expressly apply to covered institutions, such institutions are exempt from any state or local statutes, ordinances, rules, regulations, and guidelines relating to (i) operating/income leases of real property by public entities and (ii) except as otherwise provided in §§ 23.1-1016 and 23.1-1019, capital leases.

§ 23.1-1101. Powers of institutions vested in majority of members of board; quorum.

The powers of each institution derived directly or indirectly from this chapter are vested in and may be exercised by a majority of the members of its board, and a majority of such board constitutes a quorum for the transaction of any business authorized by this chapter.

§ 23.1-1102. Purpose of institutions.

In addition to any other purposes provided by law or otherwise, the purpose of every institution is to acquire, install, modify, and erect projects.

§ 23.1-1103. Institutions; powers generally.

Any institution may, in its proper corporate name and style:

1. Sue and be sued (i) on any bond, agreement, or other contractual or quasi-contractual obligation issued, made, or incurred pursuant to this chapter; (ii) on any duty, debt, evidence of debt, term, provision, condition, or covenant relating to any bond, agreement, or other contractual or quasi-contractual obligation issued, made, or incurred pursuant to this chapter; (iii) for the enforcement of any bond, agreement, or other contractual or quasi-contractual obligations issued, made, or incurred pursuant to this chapter; or (iv) for the enforcement of any contract or agreement with or liability to any federal agency or bondholder or any trustee or representative of such bondholder.

§ 23.1-1104. Institutions; powers; projects and bonds.

With the prior consent of the Governor, any institution may acquire any project by purchase, gift, or otherwise, erect any project, or refinance the cost of acquiring or erecting any project, and in connection with any such acquisition, erection, or refinancing, any institution may borrow money; make, issue, and sell its bonds as provided in this chapter; and enter into and perform all lawful contracts and agreements, do all lawful acts necessary or proper, and make such lawful contracts and agreements and perform all such lawful acts as may be necessary, proper, or advisable for the purpose of obtaining or securing grants, loans, or financial assistance of any kind under any act of Congress or the Commonwealth.

§ 23.1-1105. Institutions; powers; borrowing upon endowment and other investments.

A. Any institution may, with the approval of the Governor and upon the affirmative vote of at least two-thirds of its board, borrow sums that it deems necessary for and in the name of the institution and secure payment of such sums by the pledge of any stock, note, bond, and other asset held by such institution as a part of its endowment funds or unrestricted gifts from private sources.

B. Any institution may issue bonds pursuant to this section in one or more series, and such bonds shall bear such date, mature at such time, bear interest at such rate or rates not exceeding the rate specified in § 23.1-1112 that is payable at such time, be in such denomination, be in such form, either coupon or registered, carry such registration privilege, be executed in such manner, be payable in such medium of payment and at such place, and be subject to such terms of redemption, with or without premium, as the board of such institution may provide by resolution.

C. Any bonds issued pursuant to this section may be sold at public or private sale for such price or prices as the board determines. The interest cost to maturity of the moneys received for any such issue of bonds shall not exceed the rate specified in § 23.1-1112. Bonds so issued and the interest thereon (i) is payable only out of the sale or liquidation of the endowment investments, investments of unrestricted gifts from private sources, and interest accruing on such sale, liquidation, or investment that is pledged to secure the bonds so issued and (ii) is not a general obligation of such

institution, the Commonwealth, the Governor, the members of the board of such institution, or any person executing the bonds so issued.

D. All moneys received or derived from the sale of any bonds issued pursuant to this section are a part of the local funds of the institution and are not state funds.

E. Each institution may use funds available for such purpose to purchase any bond issued pursuant to this section at a price not more than the sum of the principal amount of such bond and accrued interest thereon. Any bond so purchased shall be canceled unless purchased as an endowment fund investment. This subsection shall not apply to the redemption of bonds.

F. Any bond issued pursuant to this section is a security in which all public officers and bodies of the Commonwealth and its political subdivisions, insurance companies and associations, and savings banks and savings institutions, including savings and loan associations, in the Commonwealth may properly and legally invest funds under their control.

G. Any bond issued pursuant to this section, the transfer of such bond, and the income from such bond, including any profit derived from the sale of such bond, is exempt from taxation by the Commonwealth or by any locality or political subdivision of the Commonwealth.

H. Any resolution of the board authorizing the issuance of bonds pursuant to this section may contain any provision that is authorized pursuant to this chapter in connection with the issuance of bonds by institutions. Such provision shall be part of the contract with the holders of such bonds.

§ 23.1-1106. Bonds generally.

A. The Treasury Board is designated as the paying agent of institutions for the purposes of this chapter and shall approve the terms and structure of bonds executed pursuant to this chapter.

B. Any institution may execute its bonds in an aggregate principal amount determined by its board, approved by the Governor, and approved by the Treasury Board pursuant to § 2.2-2416. Such aggregate principal amount may include any cost associated with the development and management of the project, legal or accounting expenses incurred by the institution in connection with the project for which such bonds are issued, and the cost of issuing the bonds, including printing, engraving, advertising, legal, and other similar expenses.

C. Bonds issued pursuant to this chapter shall:

1. Be subject to approval by the Governor and authorization by resolution of the board, and any such resolution may contain provisions, which shall be part of the contract with the bondholders, relating to:

a. Fixing, revising, charging, and collecting fees, rents, and charges for or in connection with the use, occupation, or services of the project or pledging such fees, rents, and charges and any increase in revenues derived from any existing facilities at such institution resulting from any increase in such fees, rents, or charges to the payment of the principal of and the interest on such bonds;

b. Fixing, revising, charging, and collecting fees, rents, and charges for or in connection with the use, occupation, or services of any existing facility at such institution and pledging such fees, rents, and charges to the payment of the principal of and the interest on such bonds;

c. Fixing, revising, charging, and collecting student building fees and other student fees from students enrolled at such institution and pledging all or part of such fees to the payment of the principal of and the interest on such bonds;

d. Pledging to the payment of the principal of and the interest on such bonds any moneys available for the use of such institution, including moneys appropriated to such institution from the general fund of the Commonwealth or from nongeneral funds that are not required by law or by previous binding contract to be devoted to some other purpose, without regard to the source of such moneys but subject to Treasury Board guidelines and approval pursuant to § 2.2-2416;

e. Paying the cost of operating and maintaining any project and any such existing facilities from any revenue source mentioned in subdivision a, b, c, or d, creating reserves for such purposes, and providing for the use and application of such reserves;

f. Creating sinking funds for the payment of the principal of and the interest on such bonds, creating reserves for such purposes, and providing for the use and application of such reserves;

g. Limiting the right of the institution to restrict and regulate the use, occupation, and services of the project and such other existing facilities or the services rendered in such project or other existing facilities;

h. Limiting the purposes to which the proceeds of sale of any issue of bonds may be applied;

i. Limiting the issuance of additional bonds;

j. Setting forth the procedure by which the terms of any contract with the bondholders may be amended or abrogated and the manner in which such bondholders may give consent to any such amendment or abrogation; and

k. Setting forth such other conditions precedent as may be required by the United States or any federal agency to obtain a direct grant or loan to erect or defray the cost of labor and material to erect any project from the United States or any federal agency, subject to the approval of the Governor;

2. Bear such date, mature at such time, bear interest at such rate not exceeding the rate specified in § 23.1-1112 payable at such times, be in such denomination, be in such form, either coupon or registered, carry such registration privilege, be executed in such manner, be payable in such medium of payment and at such place, and be subject to such terms of redemption, with or without premium, as the resolution of the board provides;

3. Be issued to finance only those projects approved by the General Assembly in the general appropriation act;

4. Be pledged pursuant to a resolution of the board and payable only from the revenue sources set forth in subdivisions 1 a, b, c, and d;

5. Not constitute an indebtedness of the institution, except to the extent of the collection of such revenues. Institutions are not liable to pay such bonds or the interest on such bonds from any other funds. No contract entered into by an institution pursuant to this chapter shall be construed to require the costs or expenses to operate and maintain a project for which bonds are issued and any other existing facilities to be paid out of any funds other than the revenues derived and pledged from the sources set forth in subdivisions 1 a, b, c, and d; and

6. Be fully negotiable within the meaning and for all the purposes set forth in Title 8.3A.

D. Bonds issued pursuant to this chapter may be:

1. Sold at public or private sale for such price or prices as the board determines and the Governor approves, provided that (i) the interest cost to maturity of the money received for any issue of such bonds shall not exceed the rate specified in § 23.1-1112; (ii) the General Assembly shall approve the issuance of bonds to finance projects; and (iii) biennially, on or before September 1 of each odd-numbered year, each institution shall submit to the Governor each proposed project and the estimated cost of each such project that the institution desires to have financed under the provisions of this chapter, and the Governor shall consider such projects and make his recommendation to the General Assembly in the budget submitted in accordance with the provisions of § 2.2-1508;

2. Issued to finance only those projects approved by the General Assembly in the general appropriation act, which projects need not be limited to the projects recommended by the Governor;

3. Issued to finance all or a portion of the cost of any project plus amounts to fund issuance costs, reserve funds, and capitalized interest for a period not to exceed one year following completion of the project; and

4. Issued for the purpose set forth in § 23.1-1102 or to carry out the powers conferred on the institution by § 23.1-1104.

E. Neither the Governor nor the members of the board nor any person executing bonds pursuant to this chapter are liable personally on the bonds or subject to any personal liability or accountability by reason of the issuance of such bonds.

F. Any institution may purchase with funds available for such purchase any bond that it has issued at a price not more than the sum of the principal amount and accrued interest. All bonds so purchased shall be cancelled unless purchased as an endowment fund investment. Nothing in this subsection shall be construed to apply to the redemption of bonds.

G. In any case in which an institution obtains a loan from the United States or any federal agency to erect any project that requires the establishment of a debt service reserve, the institution, with the consent of the Governor, may deposit securities in a separate collateral account in an amount equal to the required debt service reserve and pledge such securities to meet the debt service requirements if the revenues derived from any source set forth in subdivision C 1 a, b, c, or d and pledged for the payment of such loan become insufficient for such purpose. The face value of United States government securities and the market value of all other securities is the value of any securities so deposited. Nothing in this subsection shall be construed to prohibit repayment of any portion of such loan from income derived from the securities so deposited. No securities shall be deposited in any such collateral account unless such securities are purchased with funds whose use is in no way limited or restricted or are donated to such institution for the purpose of establishing such debt service reserve.

§ 23.1-1107. Bondholders; remedies and trustees.

A. The provisions of this section shall apply to an issuance of bonds only if the resolution authorizing such bonds provides that the bondholders are entitled to all the benefits of and subject to the provisions of this section.

B. If any institution (i) defaults on the payment of principal of or interest on any series of its bonds after the payment becomes due, whether at maturity or upon call for redemption, and such default continues for a period of 30 days; (ii) fails or refuses to comply with the provisions of this chapter; or (iii) defaults on any agreement made with the bondholders of any series, the holders of 25 percent of the aggregate principal amount of the bonds of such series then outstanding, by instrument filed with the Governor and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the bondholders of such series for the purposes provided in this section.

C. The trustee may, and upon written request of the holders of 25 percent of the aggregate principal amount of the bonds of such series then outstanding shall, in his own name:

1. By mandamus or other suit, action, or proceeding at law or in equity, enforce all rights of the bondholders of such series, including the right to require such institution and its board to (i) collect fees, rents, charges, or other revenues adequate to carry out any agreement as to, or pledge of, such revenues or (ii) carry out and perform any other agreements with the bondholders of such series and their duties under this chapter;

2. Bring suit upon such bonds;

3. By action or suit in equity, require such institution to account as if it were the trustee of an express trust for the bondholders; and

4. By action or suit in equity, enjoin any acts that may be unlawful or in violation of the rights of the bondholders.

D. If the resolution that authorizes any bond contains the provision required by subsection A and provides that any trustee appointed by the bondholders pursuant to this section has the powers provided by this subsection, then any such trustee, whether or not all such bonds have been declared due and payable, is entitled to the appointment of a receiver who may (i) enter and take possession of any property of the institution from which any of the revenues are pledged for the security of the bonds of the holders that are represented by such trustee, (ii) operate and maintain such property, and (iii) collect and receive all fees, rents, charges, and other revenues arising from such property in the same manner as the

institution is permitted to do and shall deposit all such moneys in a separate account and apply all such moneys in such manner as the court directs. In any suit, action, or proceeding by the trustee, any fees, counsel fees, and expenses of the trustee and receiver shall constitute taxable costs and disbursements and all costs and disbursements allowed by the court shall be a first charge on any fees, rents, charges, and other revenues of the institution that are pledged for the security of the bonds.

E. Each trustee appointed pursuant to subsection B has all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this section or incident to the general representation of the bondholders he represents in the enforcement and protection of their rights.

§ 23.1-1108. Bonds mutilated, lost, or destroyed.

If any bond issued by an institution is mutilated, lost, or destroyed, the board may execute and deliver a new bond of like date, number, and tenor in exchange and substitution for, and upon cancellation of a mutilated bond and its interest coupons or in lieu of and in substitution for a lost or destroyed bond and its unexpired interest coupons. Such new bond or coupon shall not be executed or delivered until the holder of the mutilated, lost, or destroyed bond (i) has paid the reasonable expense and charges in connection with the execution and delivery; (ii) in the case of a lost or destroyed bond, has filed with the board and the State Treasurer satisfactory evidence that such bond was lost or destroyed and that the bondholder was the owner of the bond; and (iii) has furnished indemnity satisfactory to the State Treasurer.

§ 23.1-1109. Bonds and revenues; disposition.

All moneys derived from the sale of bonds pursuant to § 23.1-1106 and all revenues derived from any source set forth in subdivision C 1 a, b, or c of § 23.1-1106, except those moneys that are exempt from deposit into the state treasury, shall be paid into the state treasury, set aside in special funds, and devoted solely to the payment of (i) the cost of erecting the project for which such bonds have been issued, (ii) the principal of and the interest on such bonds, and (iii) the cost of maintenance and operation of such project and any other existing facilities for which any revenue is pledged either in whole or in part to the payment of the principal of and the interest on such bonds, respectively, and are specifically appropriated for such purposes to be paid out by the State Treasurer on warrants of the Comptroller to be issued on vouchers of the treasurer or other fiscal officer of the board of such institution.

§ 23.1-1110. Bonds as legal investments.

Any bonds issued pursuant to this chapter are securities in which all public officers and bodies of the Commonwealth and its political subdivisions, insurance companies and associations, and savings banks and savings institutions, including savings and loan associations, in the Commonwealth may properly and legally invest funds in their control.

§ 23.1-1111. Bonds; prohibition against obligating Commonwealth.

The bonds and other obligations of an institution are not a debt of the Commonwealth, do not create or constitute any indebtedness or obligation of the Commonwealth, legal, moral, or otherwise, and are not payable out of any funds other than those of the institution. Nothing in this chapter shall be construed to authorize any institution to incur any indebtedness on behalf of the Commonwealth or in any way to obligate the Commonwealth.

§ 23.1-1112. Bonds; interest.

No bond issued by an institution pursuant to this chapter shall (i) bear interest at an annual percentage rate exceeding the greater of the rates authorized under § 6.2-303 or 15.2-2612 or (ii) be sold at public or private sale such that the interest cost to maturity exceeds the greater of such annual percentage rates authorized under § 6.2-303 or 15.2-2612.

§ 23.1-1113. Bonds; surplus to be paid into state treasury.

When any institution fully meets and discharges its bonds, interest thereon, interest on any unpaid installments of interest on its bonds, and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders and pays in full or otherwise discharges all of its liabilities incurred pursuant to this chapter, such institution shall pay into the state treasury all such sums of money it receives pursuant to the provisions of this chapter or that are derived from any project erected pursuant to this chapter as may be in its possession or control.

§ 23.1-1114. Projects; accounts to be kept by boards.

The board of each institution shall keep and preserve complete and accurate accounts of all sums of money received and disbursed to acquire, erect, lease, operate, or maintain any project and any other existing facilities, including a complete and accurate record of all revenues derived from any source set forth in subdivision C 1 a, b, c, or d of § 23.1-1106 and all sums disbursed for the payment of the principal of or interest on or other debt service with respect to any bonds issued pursuant to this chapter. The annual portion of such revenues that are not required to discharge any obligation, liability, or debt of the institution incurred in connection with the project or other existing facilities, including the creation of reserves for such purposes, shall be paid into the state treasury as provided in § 23.1-1109.

§ 23.1-1115. Projects; exemption from taxation.

The acquisition, erection, leasing, operation, and maintenance of any project authorized by this chapter are for the benefit of the citizens of the Commonwealth, for the increase of their pleasure, knowledge, and welfare, and for the dissemination of education among them. Each institution performs a governmental function and is an incorporated institution of learning in carrying out its purposes and exercising its powers pursuant to this chapter and, so far as may be consistent with the Constitution of Virginia, is not required to pay taxes or assessments of any kind upon any project that it (i) acquires, erects, or leases and (ii) operates and maintains. Any such project is exempt from taxation and, insofar as may be permitted under the Constitution of Virginia, the bonds of such institution are exempt from taxation except for inheritance taxes.

§ 23.1-1116. Commonwealth not to limit revenues of institutions.

The Commonwealth shall not (i) limit or alter the rights vested in any institution to establish, collect, and pledge fees, rents, and charges, including student building fees and other student fees, as provided for in subdivision C 1 a, b, c, or d of § 23.1-1106 that the institution deems necessary or convenient to produce sufficient revenues to meet the expense of maintenance and operation of such project and such other existing facilities and fulfill the terms of any agreement made with the bondholders or (ii) in any way impair the rights and remedies of such bondholders until the bonds, the interest thereon, the interest on any unpaid installments of interest on the bonds, and all costs and expenses in connection with any action or proceedings by or on behalf of such bondholders are fully met and discharged.

§ 23.1-1117. Borrowing to purchase real estate.

A. Any institution may, with the approval of the Governor and upon the affirmative vote of at least two-thirds of its board, (i) borrow for and in the name of the institution such sums as it determines necessary for the acquisition of improved or unimproved real estate whether such acquisition is for the purpose of erecting a project and (ii) secure payment of such debts by a lien on such real estate or the pledge of any endowment funds or unrestricted gifts from private sources available for the use of such institution that are not required by law or by previous binding contract to be devoted to some other purpose.

B. Bonds issued by an institution pursuant to this section and the interest thereon shall be paid only from the real estate, endowment funds, or unrestricted gifts from private sources pledged to secure the bonds so issued or the proceeds from the sale or liquidation of such real estate, funds, or gifts, and shall not constitute a general obligation of such institution, the Commonwealth, the Governor, the members of the board, or any person executing the bonds so issued.

C. Any bonds issued by an institution pursuant to this section are securities in which all public officers and bodies of the Commonwealth and its political subdivisions, insurance companies and associations, and savings banks and savings institutions, including savings and loan associations, in the Commonwealth may properly and legally invest funds under their control.

D. Any bonds issued pursuant to this section, the transfer of such bonds, or the income from such bonds, including any profit derived from the sale of such bonds, is exempt from taxation by the Commonwealth or any locality or political subdivision of the Commonwealth.

E. Any board resolution authorizing the issuance of bonds pursuant to this section may contain any provision authorized by this chapter in connection with the issuance of bonds by institutions. Such provision shall be part of the contract with the holders of such bonds.

§ 23.1-1118. Discretion of Governor in granting or withholding consent or approval.

The Governor is vested with absolute discretion with respect to withholding or granting any consent or approval made pursuant to this chapter.

§ 23.1-1119. Payment of interest on bonds of the Commonwealth held by public institutions of higher education and private institutions of higher education.

The Comptroller shall draw upon the state treasury in favor of the proper authorities of any public institution of higher education or private institution of higher education for all accrued interest, upon all obligations of the Commonwealth or the James River and Kanawha Company guaranteed by the Commonwealth that are held by or for such institution. No interest shall be paid upon any such bonds.

§ 23.1-1120. Exchange and cancellation of consol coupon bonds of the Commonwealth.

The following sections of the Code of Virginia of 1919 are continued in effect:

1. Section 991, relating to the exchange of consol coupon bonds held by colleges, etc., for funded registered consol bonds; and

2. Section 992, relating to the cancellation of such bonds surrendered in exchange.

§ 23.1-1121. Certificates of indebtedness.

Chapter 489 of the Acts of Assembly of 1926, approved March 25, 1926, and codified as §§ 992(1)-992(13) of Michie Code 1942, authorizing the governing boards of certain public institutions of higher education to issue certificates of indebtedness to raise funds for dormitory construction purposes, and Chapter 61 of the Acts of Assembly of 1928, approved February 28, 1928, relating to similar certificates, are continued in effect.

§ 23.1-1122. Provisions of chapter to control.

Insofar as the provisions of this chapter are inconsistent with the provisions of any other general or special law or the charter or other organic law of any institution, the provisions of this chapter control.

CHAPTER 12.

VIRGINIA COLLEGE BUILDING AUTHORITY.

Article 1.

General Provisions; Powers and Duties.

§ 23.1-1200. Definitions; findings.

A. As used in this article, unless the context requires a different meaning:

"Authority" means the Virginia College Building Authority.

"Bond" means any bond, note, or other evidences of indebtedness or obligation of the Authority pursuant to this article.

"Eligible institution" means public institutions of higher education, as that term is defined in § 23.1-100; Eastern Virginia Medical School; the Institute for Advanced Learning and Research; the New College Institute; the Roanoke Higher

Education Authority; the Southern Virginia Higher Education Center; the Southwest Virginia Higher Education Center; the Virginia School for the Deaf and the Blind; and the Wilson Workforce and Rehabilitation Center:

"Equipment" means any personal property, including computer hardware and software, and any other improvements, including infrastructure improvements relating to equipment, used to support academic instruction and research at eligible institutions.

"Project" has the same meaning as set forth in § 23.1-1100.

B. Providing funds for the construction of projects at eligible institutions is or may be hindered, impeded, and delayed by the high financing costs resulting from the sale of bonds of such eligible institutions in the open market, and it is desirable that the Authority may (i) serve the purposes of eligible institutions by purchasing such bonds and financing the construction of projects at a lower cost, which facilitates such construction and (ii) issue its own revenue bonds for the purpose of paying the costs of such projects.

C. There is an urgent need to provide substantial amounts of new scientific, technical, and other equipment for academic instruction, research, and related activities at eligible institutions so that they may remain competitive in attracting high-quality faculty and obtaining research grants, and it is desirable that the Authority may finance the purchase of such equipment to provide eligible institutions with such equipment at the lowest possible cost, which facilitates the acquisition and supply of such equipment to eligible institutions and increases the purchasing power of their funds, including funds provided by tuition and fees and appropriations from the General Assembly.

§ 23.1-1201. Virginia College Building Authority established.

A. The Virginia College Building Authority is established as a public body corporate and a political subdivision, agency, and instrumentality of the Commonwealth. The Authority is vested with the powers, rights, and duties conferred in this chapter.

B. The Authority shall consist of the State Treasurer, the State Comptroller, the Director of the Department of Planning and Budget, and the Director of the Council, all of whom shall serve ex officio, and seven additional members appointed by the Governor, subject to confirmation by the General Assembly. Each member shall serve at the pleasure of the Governor. Appointed members shall serve for a term of four years. Ex officio members shall serve terms coincident with their terms of office. Vacancies occurring other than by expiration of a term shall be filled for the unexpired term. No appointed member shall serve more than two consecutive terms.

C. The Governor shall appoint one member as chairman who shall serve a two-year term. No member is eligible to serve more than two consecutive terms as chairman. The chairman shall be the chief executive officer of the Authority and shall receive such compensation as the Governor determines. No ex officio member is eligible to serve as chairman.

D. The Authority shall elect one appointed member as vice-chairman, who shall exercise the powers of the chairman in the absence of the chairman.

E. The Authority shall elect a treasurer, a secretary, and an assistant secretary to perform the duties and functions commonly performed by such officers. All such officers, except the secretary and the assistant secretary, shall be selected from members of the Authority. The secretary and the assistant secretary may receive such compensation as the Authority provides.

F. Each appointed member of the Authority and the secretary and the assistant secretary shall execute a surety bond in such penal sum as shall be determined by the Attorney General to be (i) conditioned upon the faithful performance of the duties of his office, (ii) executed by a surety company authorized to transact business in the Commonwealth as surety, (iii) approved by the Attorney General, and (iv) filed in the office of the Secretary of the Commonwealth.

G. Six members of the Authority shall constitute a quorum for the transaction of all business of the Authority.

§ 23.1-1202. Action by Authority may be authorized by resolution.

The Authority may authorize any action taken by the Authority pursuant to the provisions of this article by resolution at any regular or special meeting, and each such resolution shall take effect immediately and need not be published or posted.

§ 23.1-1203. Powers of Authority generally.

To enable the Authority to carry out the purposes for which it is established, the Authority may:

8. Conduct a program of purchasing equipment for eligible institutions as authorized by this article;
9. Collect, or authorize the trustee under any trust indenture securing any bonds of the Authority to collect, (i) payments due under leases or agreements of sale of equipment or leases or other obligations of real property by the Authority to eligible institutions as such payments become due and (ii) the principal of and the interest on all bonds of eligible institutions purchased by the Authority;

10. Repossess and sell, or authorize the trustee under any trust indenture securing any bonds of the Authority to repossess and sell, any equipment upon any default under the lease or agreement for the sale of such equipment;

11. Repossess and re-lease, or authorize the trustee under any trust indenture securing any bonds of the Authority to repossess and re-lease, any project upon any default under the lease of such project;

12. Assist eligible institutions in applying for grants from, or entering into other agreements with, the federal or state government, foundations, or other entities that are designed to provide (i) guarantees of or funds for payments under leases or contracts of sale or (ii) other benefits;

15. Issue bonds of the Authority as authorized by this article and refund any such bonds;

16. Receive and accept any grants, aid, or contributions of money, property, labor, or other things of value from any source or reject any such grants, aid, or contributions; and

17. Perform any other act necessary, appropriate, incidental, or convenient to carrying out the powers expressly granted in this article.

§ 23.1-1204. Duties; administration of assets, moneys, or obligations.

The Authority shall manage and administer all assets, moneys, or obligations set aside and transferred to it by the General Assembly or eligible institutions as provided in this article.

§ 23.1-1205. Powers; purchase or sale of bonds or other obligations of eligible institutions.

A. The Authority may purchase, with any funds of the Authority available for such purpose, at public or private sale and for such price and on such terms as it determines, bonds or other obligations issued by eligible institutions pursuant to Chapter 11 (§ 23.1-1100 et seq.).

B. The Authority may pledge to the payment of the interest on and the principal of any bonds of the Authority all or any part of the bonds of eligible institutions so purchased, including payments of principal and interest thereon, as such payments become due. The Authority may, subject to any such pledge, sell any such bonds so purchased and apply the proceeds of such sale (i) to purchase like bonds of other eligible institutions or (ii) for the purpose and in the manner provided by any resolution authorizing the issuance of bonds of the Authority.

§ 23.1-1206. Powers; acquisition or disposition of equipment.

A. The Authority may (i) acquire equipment or any interest in equipment by purchase, exchange, gift, lease, or otherwise; (ii) sell, exchange, donate, convey, lease, and dispose of such equipment or any portion of or interest in such equipment, including security interests in such equipment; and (iii) retain or receive security interests in such equipment.

B. Notwithstanding any other provision of law to the contrary, eligible institutions may grant security interests in or other liens on equipment held or acquired by the eligible institution under any lease or agreement of sale with the Authority.

C. The Authority may acquire equipment with any funds of the Authority available for such purpose. Acquisition and disposition of equipment may be at public or private sale and for such price and on such terms as the Authority determines, provided that the Authority finances the acquisition of equipment for sale to eligible institutions only pursuant to standards and procedures approved through the Commonwealth's budget and appropriation process. The budget document shall present any lease payments and the corresponding total value of equipment to be acquired by each eligible institution. Each eligible institution shall make available such additional detail on specific equipment to be purchased as may be requested by the Governor or the General Assembly. If emergency acquisitions and leases are necessary when the General Assembly is not in session, the Governor may approve such acquisitions and leases. Prior to such acquisitions and leases, the Governor shall submit such proposed acquisitions and leases to the House Appropriations Committee and the Senate Finance Committee for their review and approval.

D. The Authority may establish and maintain such accounts as it deems appropriate to provide funds for acquisition of equipment on a continuing basis. The Authority may deposit in such accounts such funds as it deems appropriate, including the proceeds of any Authority bonds issued to finance the purchase of equipment and payments made to the Authority under equipment lease or sale agreements with eligible institutions or other entities. Any moneys held in such accounts may be (i) used to secure payment of principal of and interest on any Authority bonds, whether issued to finance the purchase of equipment, issued to pay administrative costs of the authority, or incurred in connection with the purchase, lease, or sale of equipment, or (ii) transferred by the Authority to be used in connection with any other program of the Authority. No funds of the Authority derived from the equipment program authorized under this section may be used in connection with the issuance or securing of indebtedness for the benefit of private institutions of higher education pursuant to Article 2 (§ 23.1-1220 et seq.).

E. The Authority may (i) determine and charge rent or determine sale prices for equipment that it leases or sells to eligible institutions and terminate such lease or sale agreements upon the failure of an eligible institution to comply with any obligations contained in such agreements or (ii) include in such lease agreements options for the eligible institution to

renew the lease or purchase any or all of the leased equipment and provisions for the Authority to repossess and sell equipment leased or sold upon any default under the lease or sale agreement.

§ 23.1-1207. Powers; bonds of Authority generally.

A. To provide funds for the purchase of bonds of eligible institutions as authorized by § 23.1-1205, the acquisition of equipment as authorized by § 23.1-1206, the reimbursement of the Central Capital Planning Fund established pursuant to § 2.2-1520, the payment of pre-planning or detailed planning expenses for all projects that have been approved for construction by the General Assembly, or the payment of all or any part of the cost of any project or any portion of a project, the Authority may provide by resolution for the issuance of bonds of the Authority in such amount as the Authority determines. Such bonds of the Authority are payable solely from funds of the Authority, including (i) payments of principal of and interest on bonds of eligible institutions purchased by the Authority; (ii) the proceeds of the sale of any such bonds; (iii) payments of principal of and interest on obligations transferred to the Authority by the General Assembly or from other assets or moneys transferred to the Authority by the General Assembly or eligible institutions, including lease payments or any other source of revenue; (iv) the proceeds of the sale of any such obligations or assets; (v) the proceeds from the sale of bonds of the Authority; (vi) payments made by eligible institutions under leases or sales of equipment by the Authority; (vii) funds realized from the enforcement of security interests or other liens securing such bonds; (viii) payments due under letters of credit, policies of bond insurance, bond purchase agreements, or other credit enhancements securing payment of principal of and interest on bonds of the Authority; (ix) any moneys held in funds established by the Authority pursuant to § 23.1-1206; (x) any reserve or sinking fund created to secure such payment; and (xi) other available funds of the Authority.

B. Bonds of the Authority issued under the provisions of this article do not constitute a debt of the Commonwealth or a pledge of the faith or credit of the Commonwealth, and all bonds of the Authority shall contain on their face a statement to the effect that neither the faith and credit nor the taxing power of the Commonwealth or of any political subdivision of the Commonwealth shall be pledged to pay the principal of or the interest on such bonds.

C. The bonds of each issue shall be dated and mature at such time as may be determined by the Authority but not to exceed 40 years from their date, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The bonds may bear interest payable at such time, at such rate or rates, and in such manner as may be determined by the Authority, including the determination by agents designated by the Authority under guidelines established by it. The principal of and interest on such bonds may be made payable in any lawful medium. The Authority shall determine the form, manner of execution, denomination, and place of payment of principal and interest for the bonds, which may be at the office of the State Treasurer or at any bank or trust company within or outside the Commonwealth.

D. If any officer whose signature or a facsimile of whose signature appears on any bonds or coupons ceases to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery.

E. All revenue bonds issued under the provisions of this article, other than bonds registered as to principal or in registered form, are negotiable instruments. Revenue bonds shall be in such form and bear interest at such rate or rates, either fixed rates or rates established by formula or other method, and may contain such other provisions as the Authority may determine. The principal of and premium, if any, and interest on revenue bonds are payable in United States currency. The Authority shall fix the denomination of revenue bonds and place of payment of principal, premium, if any, and interest at any bank or trust company within or outside the Commonwealth.

F. Bonds may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments of principal of and premium, if any, and interest on the bonds.

G. The Authority may sell bonds issued under the provisions of this article in such manner, either at public or private sale, and for such price as it determines to be in its best interest. The proceeds of such bonds shall be disbursed for the purposes for which such bonds are issued and under such restrictions, if any, as the resolution authorizing the issuance of such bonds or the trust indenture may provide.

H. Prior to the preparation of definitive bonds, the Authority may under like restrictions issue temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The Authority may also provide for the replacement of any bond that becomes mutilated or is destroyed or lost. Such revenue bonds may be issued without any other proceedings or the happening of any other conditions or things than the proceedings, conditions, and things that are specified and required by this article.

I. Neither the members of the Authority nor any person executing any bonds issued under the provisions of this article is liable personally on such bonds or is subject to any personal liability or accountability by reason of the issuance of such bonds.

J. The Authority shall not undertake a project for an eligible institution if such project was not approved by the General Assembly pursuant to a bill, and any such project to be financed by bonds issued by the Authority secured by a pledge of any revenue source cited in subdivision C 1 a, b, c, or d of § 23.1-1106 shall be designated by the eligible institution's governing board as a project to be undertaken by the Authority.

§ 23.1-1208. Security for bonds.

A. The Authority may secure any bonds issued under the provisions of this article by a trust indenture by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside the Commonwealth. Such trust indenture or the resolution providing for the issuance of such bonds may:

1. Pledge or assign all or part of the funds of the Authority available for such purpose, including (i) payments of principal of and interest on bonds of eligible institutions purchased by the Authority; (ii) proceeds of the sale of any such bonds; (iii) payments of principal of and interest on obligations transferred to the Authority by the General Assembly or from other assets or moneys transferred to the Authority by the General Assembly or eligible institutions, including lease payments and other sources of revenue; (iv) proceeds of the sale of any such obligations or assets; (v) proceeds from the sale of bonds of the Authority; (vi) security interests granted by the Authority or any eligible institution in, or other liens on, equipment, whether such equipment has been leased or sold to an eligible institution; (vii) all or part of the payments due the Authority from eligible institutions under any lease, sale agreement, loan, or other agreement between the Authority and eligible institutions pursuant to § 23.1-1206, and any funds realized from enforcing security for such payments; (viii) payments due under policies of bond insurance, letters of credit, or other credit enhancement securing payment of principal of and interest on bonds of the Authority; (ix) any moneys in any fund established pursuant to § 23.1-1206; (x) any reserve or sinking fund created by the Authority to secure such bonds; and (xi) other available funds of the Authority;

2. Pledge or assign any other rights of the Authority in equipment owned by, or leases or sales of equipment made by, the Authority;

3. Contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law;

4. Provide for the creation and maintenance of such reserves as the Authority determines to be proper;

5. Include covenants setting forth the duties of the Authority in relation to the acquisition of any equipment or bonds of eligible institutions; the care, leasing, or sale of equipment to eligible institutions; the substitution of any bonds of eligible institutions, equipment, lease, security interest, or other security as security for the payment of the bonds of the Authority; the care, use, and insurance of equipment; the repossession and sale of leased or sold equipment by the Authority or the trustee under any trust indenture upon any default under the lease or sale of such equipment; and the collection of (i) payments due the Authority under leases or agreements of sale of equipment and (ii) payments of principal of and interest on any bonds of eligible institutions or obligations or other assets held by the Authority. Any bank or trust company incorporated under the laws of the Commonwealth that acts as depository of the proceeds of bonds or revenues may furnish such indemnifying bonds or pledge such securities as may be required by the Authority;

6. Set forth the rights and remedies of the bondholders and the trustee;

7. Restrict the individual right of action by bondholders; and

8. Contain such other provisions as the Authority deems reasonable and proper for the security of the bondholders.

B. All expenses incurred in carrying out the provisions of any such trust indenture or resolution may be treated as a part of the administration costs of the Authority.

C. Neither the resolution nor any trust indenture by which a pledge is created need be filed or recorded except in the records of the Authority.

§ 23.1-1209. Reserve fund; limitations.

A. If the Authority deems it proper to create a reserve fund from its bond proceeds or other funds to support an issuance of bonds in accordance with the provisions of this section, all moneys held in such reserve fund, except as otherwise provided in this section, shall be pledged solely for the payment of the principal of and interest on the bonds secured in whole or in part by such a fund. The Authority may transfer income or interest earned on, or increment to, any reserve fund to its other funds or accounts if such transfer does not reduce the amount of the reserve fund below its minimum requirement.

B. To ensure further the maintenance of reserve funds established in accordance with the provisions of this section, the chairman of the Authority shall annually, on or before November 15, make and deliver to the Governor and the Secretary of Finance a certificate stating the sum, if any, required to restore each reserve fund to its minimum requirement. The Governor shall submit to the presiding officer of each house of the General Assembly printed copies of a budget including the sum, if any, required to restore each reserve fund to its minimum requirement. Such submission shall be made at the time the Governor presents his budget and budget bill to the General Assembly pursuant to §§ 2.2-1508 and 2.2-1509. Any sum that may be appropriated by the General Assembly for any restoration and paid to the Authority shall be deposited by the Authority in the applicable reserve fund. All sums paid to the Authority pursuant to this section shall constitute and be accounted for as advances by the Commonwealth to the Authority and, subject to the rights of the holders of any bonds of the Authority, shall be repaid to the Commonwealth without interest from available revenues of the Authority in excess of the amounts required for payment of bonds or other obligations of the Authority, maintenance of reserve funds, and operating expenses.

C. The Authority shall not at any time issue bonds secured in whole or in part by any reserve fund referred to in subsection A if, upon the issuance of the bonds, the amount in the reserve fund will be less than its minimum requirement unless the Authority, at the time of the issuance of the bonds, deposits in the fund an amount that, together with the amount then in the fund, will not be less than the fund's minimum reserve requirement.

D. The total principal amount of bonds outstanding at any one time, secured by a reserve fund in accordance with the provisions of this section, shall not exceed the sum of \$300 million without the prior approval of the General Assembly.

E. Nothing in this section shall be construed as limiting the power of the Authority to issue bonds (i) not secured by a reserve fund or (ii) secured by a reserve fund not described in this section.

§ 23.1-1210. Payment on bonds; pledge of revenues.

To provide funds for the repayment of bonds issued by the Authority to (i) purchase any eligible institution's bonds or (ii) provide funds to pay all or part of the cost of any project or any portion of a project, each eligible institution may agree to pledge and transfer to the Authority all or part of the eligible institution's revenues derived from any source mentioned in subdivision C 1 a, b, c, or d of § 23.1-1106. Any agreement relating to such transfer may contain other provisions that the Authority and eligible institution deem reasonable and proper and are not in violation of law. No such agreement shall constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth. Neither the full faith and credit of the Commonwealth nor the taxing power of the Commonwealth or any political subdivision of the Commonwealth shall be pledged to the payment of the principal of and interest on bonds so secured by such agreement. Prior to execution, any such agreement shall be approved by the Secretary of Finance and the Secretary of Education.

§ 23.1-1211. Default on payments.

A. Whenever it appears to the Governor from an affidavit filed with him by the paying agent for the bonds issued by the Authority that an eligible institution has defaulted on the payment of the principal of or premium, if any, or interest on its bonds pursuant to this article, the Governor shall immediately make a summary investigation into the facts set forth in the affidavit. If it is established to the satisfaction of the Governor that the eligible institution is in default in the payment of the principal of or premium, if any, or interest on its bonds, the Governor immediately shall make an order directing the State Comptroller to make payment immediately to the owners or paying agent of the bonds in default on behalf of the eligible institution from any appropriation available to the eligible institution in the amount due and remaining unpaid by the eligible institution on its bonds.

B. Any payment so made by the State Comptroller to the owners or paying agent of the bonds in default shall be credited as if made directly by the eligible institution and charged by the State Comptroller against the appropriations of the eligible institution. The owners or paying agent of the bonds in default at the time of payment shall deliver to the State Comptroller, in a form satisfactory to the State Comptroller, a receipt for payment of the principal, premium, or interest satisfied by the payment. The State Comptroller shall report each payment made to the governing body of the defaulting eligible institution under the provisions of this section.

C. The Governor shall direct the State Comptroller to (i) charge against the appropriations available to any eligible institution that has defaulted on its bonds pursuant to this section all future payments of principal of and interest on the eligible institution's bonds when due and payable and (ii) make such payments to the owners or paying agent of the bonds on behalf of the eligible institution to ensure that no future default will occur on such bonds. The charge and payment shall be made upon receipt of documentation that the State Comptroller deems to be satisfactory evidence of the claim. The owners or paying agent of the bonds at the time of each payment shall deliver to the State Comptroller, in a form satisfactory to the State Comptroller, a receipt for payment of the principal or interest satisfied by the payment.

D. Nothing in this section shall be construed to create any obligation on the part of the State Comptroller or the Commonwealth to make any payment on behalf of the defaulting eligible institution other than from funds appropriated to the defaulting eligible institution.

§ 23.1-1212. Investment of funds.

Any moneys or funds held by the Authority or the trustee under any trust indenture under the provisions of this article may be invested and reinvested in securities that are legal investments under the laws of the Commonwealth for moneys or funds held by fiduciaries.

§ 23.1-1213. Enforcement of rights and duties by bondholder or trustee under trust indenture.

Any (i) holder of bonds issued under the provisions of this article or any of the coupons appertaining to such bonds and (ii) trustee under any trust indenture may, either at law or in equity, by suit, action, mandamus, or other proceeding, (a) protect and enforce any and all rights under the laws of the Commonwealth, the trust indenture, or the resolution authorizing the issuance of such bonds and (b) enforce and compel the performance of all duties required by this article or such trust indenture or resolution to be performed by the Authority or by any officer of the Authority, except to the extent that such rights are restricted by the trust indenture or the resolution authorizing the issuance of such bonds.

§ 23.1-1216. Annual report; examination of records, books, and accounts.

A. The Authority shall submit to the Governor and General Assembly an annual report of the interim activity and work of the Authority on or before November 1 of each year. Such report shall be submitted as a report document as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and

shall be posted on the General Assembly's website. Such report shall contain, at a minimum, the annual financial statements of the Authority for the year ending the preceding June 30.

B. The records, books, and accounts of the Authority are subject to examination and inspection by duly authorized representatives of the General Assembly and any bondholder at any reasonable time, provided that such examination and inspection do not unduly interrupt or interfere with the business of the Authority.

§ 23.1-1217. Annual audit.

The Auditor of Public Accounts or his legally authorized representatives shall annually audit the accounts of the Authority, and the cost of such audit shall be borne by the Authority.

§ 23.1-1218. Article liberally construed; powers of Authority not subject to supervision by certain entities.

A. This article, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purpose of this article.

B. Except as otherwise expressly provided in this article, none of the powers granted to the Authority under the provisions of this article are subject to the supervision or regulation or require the approval or consent of (i) any locality or political subdivision of the Commonwealth or (ii) any commission, board, bureau, official, or agency of (a) any such locality or political subdivision or (b) the Commonwealth.

§ 23.1-1219. Jurisdiction of suits against Authority; service of process.

3. Establishing, setting aside, regulating, and disposing of reserves or sinking funds;

4. Limiting the right of the Authority or its agent to restrict and regulate the use of the project;

5. Limiting the purpose to which the proceeds of the sale of any issue of revenue bonds to be issued may be applied and pledging such proceeds to secure the payment of the revenue bonds or any issue of the revenue bonds;

6. Limiting the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding bonds;

7. Establishing a procedure by which the terms of any contract with bondholders may be amended or abrogated that includes the number of bondholders required to consent to such amendment or abrogation and the manner in which such consent may be given;

8. Limiting the amount of moneys derived from the project to be expended for operating, administrative, or other expenses of the Authority;

9. Defining the acts or omissions that constitute a default in the duties of the Authority to holders of its obligations and providing the rights and remedies of such holders in the event of a default;

10. Setting forth the duties, obligations, and liabilities of any trustee or paying agent; and

11. Mortgaging a project and the site of such project for the purpose of securing the bondholders.

G. Neither the members of the Authority nor any person executing revenue bonds or notes is liable personally on the revenue bonds or notes or is subject to any personal liability or accountability by reason of the issuance of such revenue bonds or notes.

H. The Authority may purchase its bonds or notes with funds available for such purpose. The Authority may hold, pledge, cancel, or resell such bonds or notes subject to and in accordance with agreements with bondholders.

§ 23.1-1228. Powers; security for revenue bonds.

A. The Authority may secure any revenue bonds issued under the provisions of this article by a trust agreement between the Authority and a corporate trustee that may be any trust company or bank having the powers of a trust company within or outside the Commonwealth. Such trust agreement or the resolution providing for the issuance of such revenue bonds may

(i) pledge or assign the revenues to be received or proceeds of any contract pledged, (ii) convey or mortgage the project or any portion of the project, or (iii) contain provisions for protecting and enforcing the rights and remedies of the bondholders that the Authority deems reasonable and proper and are not in violation of law, including provisions that may be included in any resolution of the Authority authorizing revenue bonds pursuant to this article.

B. Any bank or trust company incorporated under the laws of the Commonwealth that may act as depository of the proceeds of bonds, revenues, or other moneys may furnish such indemnifying bonds or pledge such securities as may be required by the Authority.

C. Any such trust agreement may set forth the rights and remedies of the bondholders and the trustee and restrict the individual right of action by bondholders.

D. Any such trust agreement or resolution may contain such other provisions as the Authority deems reasonable and proper for the security of the bondholders.

E. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of a project.

§ 23.1-1229. Powers and duties; rates, rents, fees and charges; sinking fund.

A. The Authority may fix, revise, charge, and collect rates, rents, fees, and charges for the use of and the services furnished by each project and contract with any person, partnership, association, corporation, or other public or private body to perform such acts. The aggregate of such rates, rents, fees, and charges shall be fixed and adjusted to provide funds that, when combined with other revenues, is sufficient to (i) pay the uncovered cost of maintaining, repairing, and operating each portion of the project; (ii) pay the principal of and the interest on outstanding revenue bonds of the Authority as such principal and interest becomes due and payable; and (iii) create and maintain reserves required or provided for in any resolution authorizing, or trust agreement securing, such revenue bonds of the Authority. No such rate, rent, fee, or charge shall be subject to supervision or regulation by any department, commission, board, body, bureau, or agency of the Commonwealth other than the Authority.

B. The Authority shall set aside in a sinking fund or other similar fund a sufficient amount of the revenues derived from a project, except the part of such revenues that is necessary to pay the cost of maintenance, repair, and operation of the project, provide reserves, or make renewals, replacements, extensions, enlargements, and improvements as set forth in the resolution authorizing the issuance of any revenue bonds of the Authority or in the trust agreement securing such revenue bonds. The Authority shall pledge such sinking fund or other similar fund to pay the principal of and the interest on such revenue bonds as such principal and interest becomes due and the redemption or purchase price of bonds retired by call or purchase as provided in the resolution authorizing the issuance of any revenue bonds of the Authority or in the trust agreement securing such revenue bonds. Such pledge is valid and binding from the time when the pledge is made. The rates, rents, fees, and charges and other revenues or moneys so pledged and received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery or further act. The lien of any such pledge is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the Authority, irrespective of whether such parties have notice of such lien. No resolution authorizing the issuance of any revenue bonds of the Authority or trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund or other similar fund is subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Such sinking fund or other similar fund is a fund for all such revenue bonds issued to finance a project at a participating institution, without distinction or priority of one revenue bond over another, but the Authority may provide in any such resolution or trust agreement (i) that such sinking fund or other similar fund is the fund for a particular project at an institution of higher education and the revenue bonds issued to finance a particular project and (ii) for the issuance of revenue bonds having a subordinate lien to other revenue bonds of the Authority with respect to the security authorized and, in such case, the Authority may create separate or other similar funds with respect to such subordinate lien bonds.

§ 23.1-1230. Powers; issuance of refunding revenue bonds.

A. The Authority may provide for the issuance of revenue bonds to (i) refund any of its outstanding revenue bonds, including the payment of any redemption premium thereon and any interest accrued or to accrue on the earliest or any subsequent date of redemption, purchase, or maturity of such revenue bonds or (ii) pay all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project or any portion of a project.

B. The Authority may (i) apply the proceeds of any revenue bonds issued to refund outstanding revenue bonds to purchase, retire at maturity, or redeem such outstanding revenue bonds either on their earliest or any subsequent redemption date, upon their purchase, or at their maturity and (ii) place the proceeds of revenue bonds issued to refund outstanding revenue bonds in escrow pending such application to be applied to such purchase, retirement, or redemption on the date that it determines.

C. The Authority may invest and reinvest proceeds placed in escrow pursuant to subsection B in direct obligations of the United States, certificates of deposit, or time deposits secured by direct obligations of the United States that mature at such time as is appropriate to ensure the prompt payment of principal, interest, and any redemption premium of the outstanding revenue bonds to be so refunded, pending the purchase, retirement at maturity, or redemption of such outstanding revenue bonds. The Authority may apply interest, income, and any profits earned or realized on any such investment to pay the outstanding revenue bonds to be so refunded. After the terms of the escrow have been fully satisfied

and carried out, any balance of such proceeds and any interest, income, and profits earned or realized on the investments on such proceeds may be returned to the Authority for its lawful use.

D. The Authority may invest or reinvest the portion of the proceeds of any revenue bonds issued to pay all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project in direct obligations of the United States or certificates of deposit or time deposits secured by direct obligations of the United States that mature not later than the time when such proceeds are needed to pay all or any part of such cost. The Authority may apply any interest, income, and profits earned or realized on such investment to the payment of all or any part of such cost or use such interest, income, and profits in any lawful manner.

E. All refunding revenue bonds issued pursuant to this section are subject to the provisions of this article in the same manner and to the same extent as other revenue bonds issued pursuant to this article.

§ 23.1-1231. Revenue bonds not obligations of Commonwealth or political subdivision.

Revenue bonds issued under the provisions of this article (i) do not constitute a debt, liability, or pledge of the faith and credit of the Commonwealth or any political subdivision of the Commonwealth and (ii) are payable solely from the funds provided from revenues as set forth in this article. Each such revenue bond shall state on its face that (a) neither the Commonwealth nor the Authority is obligated to pay such revenue bonds or the interest thereon except from revenues of the project or the portion of the project for which they are issued and (b) neither the faith and credit nor the taxing power of the Commonwealth or any political subdivision of the Commonwealth is pledged to the payment of the principal of or the interest on such bonds. The issuance of revenue bonds under the provisions of this article shall not directly, indirectly, or contingently obligate the Commonwealth or any political subdivision of the Commonwealth to levy or pledge any form of taxation for such bonds or make any appropriation for their payment.

§ 23.1-1232. Moneys received deemed trust funds.

All moneys that the Authority receives pursuant to this article, whether as proceeds from the sale of bonds or as revenues, are trust funds to be held and applied solely as provided in this article. Any officer with whom, or any bank or trust company with which, such moneys are deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes of this article, the resolution authorizing the bonds of any issue, or the trust agreement securing such bonds.

§ 23.1-1233. Remedies of bondholders or holders of other obligations.

Any (i) holder of revenue bonds, notes, bond anticipation notes, other notes, or other obligations of the Authority issued under the provisions of this article or any of the coupons appertaining to any such obligation and (ii) trustee under any trust agreement, except to the extent that such rights are restricted by any resolution authorizing the issuance of, or any such trust agreement securing, such bonds or other obligations, may, either at law or in equity, by suit, action, mandamus, or other proceedings, (a) protect and enforce all rights under the laws of the Commonwealth or such resolution or trust agreement and (b) enforce and compel the performance of all duties required by this article or by such resolution or trust agreement to be performed by the Authority or any officer, employee, or agent of the Authority, including the fixing, charging, and collecting of the rates, rents, fees, and charges authorized by this article and required by the provisions of such resolution or trust agreement to be fixed, charged, and collected.

§ 23.1-1234. Exemption from taxation.

Neither the Authority nor its agent are required to pay any taxes or assessments upon or with respect to a project, any property acquired or used by the Authority or its agent under the provisions of this article, or the income from any such project or property. Any bonds issued under the provisions of this article, the transfer of such bonds, and the income from such bonds, including any profit made on the sale of such bonds, are exempt from taxation of any kind by the Commonwealth and the localities and other political subdivisions of the Commonwealth.

§ 23.1-1235. Bonds as legal investments.

Bonds issued by the Authority under the provisions of this article are securities (i) in which all public officers and bodies of the Commonwealth and its political subdivisions, insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them and (ii) that may properly and legally be deposited with and received by any officer of the Commonwealth or any of its localities or any agency or political subdivision of the Commonwealth for any lawful purpose.

§ 23.1-1236. Nature of article.

This article is supplemental and additional to powers conferred by other laws, but the issuance of revenue bonds and revenue refunding bonds under the provisions of this article need not comply with the requirements of any other law applicable to the issuance of bonds. Except as otherwise expressly provided in this article, no power granted to the Authority under the provisions of this article is subject to the supervision or regulation of or requires the approval or consent of the Commonwealth, any locality or political subdivision of the Commonwealth, or any department, division, commission, board, body, bureau, official, or agency of any such locality or political subdivision.

§ 23.1-1237. Article liberally construed.

This article, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purposes of this article.

§ 23.1-1238. Article controls inconsistent laws.

To the extent that the provisions of this article are inconsistent with the provisions of any general statute or special act or parts thereof, the provisions of this article control.

SUBTITLE IV.

PUBLIC INSTITUTIONS OF HIGHER EDUCATION.

CHAPTER 13.

GOVERNING BOARDS OF PUBLIC INSTITUTIONS OF HIGHER EDUCATION.

§ 23.1-1300. Members of governing boards; removal; terms; nonvoting, advisory representatives.

A. Members appointed by the Governor to the governing boards of public institutions of higher education shall serve for terms of four years. Vacancies occurring other than by expiration of a term shall be filled for the unexpired term. No member appointed by the Governor to such a governing board shall serve for more than two consecutive four-year terms; however, a member appointed by the Governor to serve an unexpired term is eligible to serve two consecutive four-year terms immediately succeeding such unexpired term. Except as otherwise provided in § 23.1-2601, all appointments are subject to confirmation by the General Assembly. Members appointed by the Governor to the governing board of a public institution of higher education shall continue to hold office until their successors have been appointed and confirmed. Ex officio members shall serve a term coincident with their term of office.

B. No member appointed by the Governor to the governing board of a public institution of higher education who has served two consecutive four-year terms on such board is eligible to serve on the same board until at least four years have passed since the end of his second consecutive four-year term.

C. Notwithstanding the provisions of subsection E or any other provision of law, the Governor may remove from office for malfeasance, misfeasance, incompetence, or gross neglect of duty any member of the board of any public institution of higher education and fill the vacancy resulting from the removal.

D. The Governor shall set forth in a written public statement his reasons for removing any member pursuant to subsection C at the time the removal occurs. The Governor is the sole judge of the sufficiency of the cause for removal as set forth in subsection C.

E. If any member of the governing board of a public institution of higher education fails to attend (i) the meetings of the board for one year without sufficient cause, as determined by a majority vote of the board, or (ii) the educational programs required by § 23.1-1304 in his first two years of membership without sufficient cause, as determined by a majority vote of the board, the remaining members of the board shall record such failure in the minutes at its next meeting and notify the Governor, and the office of such member shall be vacated.

F. The governing board of each public institution of higher education shall adopt in its bylaws policies (i) for removing members pursuant to subsection E and (ii) referencing the Governor's power to remove members described in subsection C.

G. The governing board of each public institution of higher education and each local community college board may appoint one or more nonvoting, advisory faculty representatives to its respective board. In the case of local community college boards and boards of visitors, such representatives shall be chosen from individuals elected by the faculty or the institution's faculty senate or its equivalent. In the case of the State Board, such representatives shall be chosen from individuals elected by the Chancellor's Faculty Advisory Committee. Such representatives shall be appointed to serve (i) at least one term of at least 12 months, which shall be coterminous with the institution's fiscal year or (ii) for such terms as may be mutually agreed to by the State Board and the Chancellor's Faculty Advisory Committee, or by the local community college board or the board of visitors, and the institution's faculty senate or its equivalent.

H. The board of visitors of any baccalaureate public institution of higher education shall appoint one or more students as nonvoting, advisory representatives. Such representatives shall be appointed under such circumstances and serve for such terms as the board of visitors of the institution shall prescribe.

I. Nothing in subsections G and H shall prohibit the governing board of any public institution of higher education or any local community college board from excluding such nonvoting, advisory faculty or student representatives from discussions of faculty grievances, faculty or staff disciplinary matters or salaries, or any other matter.

§ 23.1-1301. Governing boards; powers.

A. The board of visitors of each baccalaureate public institution of higher education or its designee may:

1. Make regulations and policies concerning the institution;
2. Manage the funds of the institution and approve an annual budget;
3. Appoint the chief executive officer of the institution;
4. Appoint professors and fix their salaries; and
5. Fix the rates charged to students for tuition, mandatory fees, and other necessary charges.

B. The governing board of each public institution of higher education or its designee may:

1. In addition to the powers set forth in Restructured Higher Education Financial and Administrative Operations Act (§ 23.1-1000 et seq.), lease or sell and convey its interest in any real property that it has acquired by purchase, will, or deed of gift, subject to the prior approval of the Governor and any terms and conditions of the will or deed of gift, if applicable. The proceeds shall be held, used, and administered in the same manner as all other gifts and bequests;

2. Grant easements for roads, streets, sewers, waterlines, electric and other utility lines, or other purposes on any property owned by the institution;

3. Adopt regulations or institution policies for parking and traffic on property owned, leased, maintained, or controlled by the institution;

4. Adopt regulations or institution policies for the employment and dismissal of professors, teachers, instructors, and other employees;

5. Adopt regulations or institution policies for the acceptance and assistance of students in addition to the regulations or institution policies required pursuant to § 23.1-1303;

6. Adopt regulations or institution policies for the conduct of students in attendance and for the rescission or restriction of financial aid, suspension, and dismissal of students who fail or refuse to abide by such regulations or policies;

7. Establish programs, in cooperation with the Council and the Office of the Attorney General, to promote (i) student compliance with state laws on the use of alcoholic beverages and (ii) the awareness and prevention of sexual crimes committed upon students;

8. Establish guidelines for the initiation or induction of students into any social fraternity or sorority in accordance with the prohibition against hazing as defined in § 18.2-56;

9. Assign any interest it possesses in intellectual property or in materials in which the institution claims an interest, provided such assignment is in accordance with the terms of the institution's intellectual property policies adopted pursuant to § 23.1-1303. The Governor's prior written approval is required for transfers of such property (i) developed wholly or predominantly through the use of state general funds, exclusive of capital assets and (ii) (a) developed by an employee of the institution acting within the scope of his assigned duties or (b) for which such transfer is made to an entity other than (1) the Innovation and Entrepreneurship Investment Authority, (2) an entity whose purpose is to manage intellectual properties on behalf of nonprofit organizations, colleges, and universities, or (3) an entity whose purpose is to benefit the respective institutions. The Governor may attach conditions to these transfers as he deems necessary. In the event the Governor does not approve such transfer, the materials shall remain the property of the respective institutions and may be used and developed in any manner permitted by law;

10. Conduct closed meetings pursuant to §§ 2.2-3711 and 2.2-3712 and conduct business as a "state public body" for purposes of subsection B of § 2.2-3708; and

11. Adopt a resolution to require the governing body of a locality that is contiguous to the institution to enforce state statutes and local ordinances with respect to offenses occurring on the property of the institution. Upon receipt of such resolution, the governing body of such locality shall enforce statutes and local ordinances with respect to offenses occurring on the property of the institution.

§ 23.1-1302. Governing boards; additional powers; voluntary early retirement.

A. The governing board of each public institution of higher education may establish a compensation plan designed to provide incentives for voluntary early retirement of teaching and research staff employed in nonclassified, faculty positions. Participation in such compensation plan is voluntary for eligible employees and no employee shall be penalized in any way for not participating.

B. In order to qualify for participation in such compensation plan, an eligible faculty employee shall (i) be at least 60 years old; (ii) have completed at least 10 years of full-time service at the institution offering the plan; (iii) have been awarded tenure or have a contractual right to continued employment; (iv) agree to withdraw from active membership in the Virginia Retirement System; and (v) comply with any additional criteria established by the governing board of the institution.

C. Any compensation plan established pursuant to this section shall include the institutional needs and objectives to be served, the kind of incentives to be offered, the sources of available funding for implementation, and any additional qualifications required of eligible faculty employees established by the governing board. Any such compensation plan shall explicitly reserve to the governing board the authority to modify, amend, or repeal the plan. However, no such amendment, modification, or repeal is effective as to any individual who retires under the plan prior to the effective date of the amendment, modification, or repeal.

D. The cash payments offered under any such compensation plan shall not exceed 150 percent of the employee's base annual salary reflected in the Personnel Management Information System at the time of election to participate. Any such payment shall be allocated over at least two years. Such compensation may include payment of insurance benefits by the institution until the participant reaches the age of 65. The total cost in any fiscal year for any compensation plan established under this section shall not exceed one percent of the institution's corresponding fiscal year state general fund appropriation for faculty salaries and associated benefits.

E. The Governor may establish, with the assistance of the Council, uniform criteria for such compensation plans. Prior to the adoption, modification, amendment, or repeal of any such compensation plan, the governing board shall obtain the Governor's approval. The Governor shall provide a copy of each approved plan to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance. All compensation plans shall be reviewed for legal sufficiency by the Office of the Attorney General prior to adoption, modification, amendment, or repeal.

F. The Administrative Process Act (§ 2.2-4000 et seq.) does not apply to the establishment of such compensation plans or any implementing regulations or criteria.

§ 23.1-1303. Governing boards; duties.

A. For purposes of this section, "intellectual property" means (i) a potentially patentable machine, article of manufacture, composition of matter, process, or improvement in any of those; (ii) an issued patent; (iii) a legal right that inheres in a patent; or (iv) anything that is copyrightable.

B. The governing board of each public institution of higher education shall:

1. Adopt and post conspicuously on its website bylaws for its own governance, including provisions that (i) establish the requirement of transparency, to the extent required by law, in all board actions; (ii) describe the board's obligations under the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), as set forth in subdivision B 10 of § 23.1-1301, including the requirements that (a) the board record minutes of each open meeting and post the minutes on the board's website, in accordance with subsection I of § 2.2-3707 and § 2.2-3707.1, (b) discussions and actions on any topic not specifically exempted by § 2.2-3711 be held in an open meeting, (c) the board give public notice of all meetings, in accordance with subsection C of § 2.2-3707, and (d) any action taken in a closed meeting be approved in an open meeting before it can have any force or effect, in accordance with subsection B of § 2.2-3711; and (iii) require that the board invite the Attorney General's appointee or representative to all meetings of the board, executive committee, and board committees;

2. Establish regulations or institution policies for the acceptance and assistance of students that include provisions (i) that specify that individuals who have knowingly and willfully failed to meet the federal requirement to register for the selective service are not eligible to receive any state direct student assistance, (ii) that specify that the accreditation status of a public high school in the Commonwealth shall not be considered in making admissions determinations for students who have earned a diploma pursuant to the requirements established by the Board of Education, and (iii) relating to the admission of certain graduates of comprehensive community colleges as set forth in § 23.1-907;

3. Assist the Council in enforcing the provisions relating to eligibility for financial aid;

4. Notwithstanding any other provision of state law, establish policies and procedures requiring the notification of the parent of a dependent student when such student receives mental health treatment at the institution's student health or counseling center and such treatment becomes part of the student's educational record in accordance with the federal Health Insurance Portability and Accountability Act (42 U.S.C. § 1320d et seq.) and may be disclosed without prior consent as authorized by the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g) and related regulations (34 C.F.R. Part 99). Such notification shall only be required if it is determined that there exists a substantial likelihood that, as a result of mental illness the student will, in the near future, (i) cause serious physical harm to himself or others as evidenced by recent behavior or any other relevant information or (ii) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs. However, notification may be withheld if any person licensed to diagnose and treat mental, emotional, or behavioral disorders by a health regulatory board within the Department of Health Professions who is treating the student has made a part of the student's record a written statement that, in the exercise of his professional judgment, the notification would be reasonably likely to cause substantial harm to the student or another person. No public institution of higher education or employee of a public institution of higher education making a disclosure pursuant to this subsection is civilly liable for any harm resulting from such disclosure unless such disclosure constitutes gross negligence or willful misconduct by the institution or its employees;

5. Establish policies and procedures requiring the release of the educational record of a dependent student, as defined by the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g), to a parent at his request;

6. Establish programs to seek to ensure that all graduates have the technology skills necessary to compete in the twenty-first century and that all students matriculating in teacher-training programs receive instruction in the effective use of educational technology;

7. Establish policies for the discipline of students who participate in varsity intercollegiate athletics, including a provision requiring an annual report by the administration of the institution to the governing board regarding enforcement actions taken pursuant to such policies;

8. In addition to all meetings prescribed in Chapters 14 (§ 23.1-1400 et seq.) through 29 (§ 23.1-2900 et seq.), meet with the chief executive officer of the institution at least once annually, in a closed meeting pursuant to subdivision A 1 of § 2.2-3711 and deliver an evaluation of the chief executive officer's performance. Any change to the chief executive officer's employment contract during any such meeting or any other meeting of the board shall be made only by a vote of the majority of the board's members;

9. If human research, as defined in § 32.1-162.16, is conducted at the institution, adopt regulations pursuant to the Administrative Process Act (§ 2.2-4000 et seq.) to effectuate the provisions of Chapter 5.1 (§ 32.1-162.16 et seq.) of Title 32.1 for human research. Such regulations shall require the human research committee to submit to the Governor, the General Assembly, and the chief executive officer of the institution or his designee at least annually a report on the human research projects reviewed and approved by the committee and require the committee to report any significant deviations from approved proposals;

10. Submit the annual financial statements for the fiscal year ending the preceding June 30 and the accounts and status of any ongoing capital projects to the Auditor of Public Accounts for the audit of such statements pursuant to § 30-133;

11. Submit to the General Assembly and the Governor an annual executive summary of its interim activity and work no later than the first day of each regular session of the General Assembly. The executive summary shall be submitted as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website;

12. Make available to any interested party upon request a copy of the portion of the most recent report of the Uniform Crime Reporting Section of the Department of State Police entitled "Crime in Virginia" pertaining to institutions of higher education; and

13. Adopt policies or institution regulations regarding the ownership, protection, assignment, and use of intellectual property and provide a copy of such policies to the Governor and the Joint Commission on Technology and Science. All

employees of public institutions of higher education are bound by the intellectual property policies of the institution employing them.

§ 23.1-1304. Governing boards; additional duties; educational programs.

A. From such funds as are appropriated for such purpose, the Council shall develop, in consultation with public institutions of higher education and members of their governing boards, and annually deliver educational programs for the governing boards of such institutions. New members of such governing boards shall participate, at least once during their first two years of membership, in the programs, which shall be designed to address the role, duties, and responsibilities of the governing boards and may include in-service programs on current issues in higher education. In developing such programs, the Council may consider similar educational programs for institutional governing boards in other states.

15. Current national and state issues in higher education;
16. Future national and state issues in higher education;
17. Relations between the governing board and the chief executive officer of the institution, including perspectives from chief executive officers of public institutions of higher education;
18. Best practices for board governance, including perspectives from current board members; and
19. Any other topics that the Council, public institutions of higher education, and members of their governing boards deem necessary or appropriate.

C. The Council shall submit to the General Assembly and the Governor an annual executive summary of the interim activity and work of the Council pursuant to this section no later than the first day of each regular session of the General Assembly. The executive summary shall be submitted as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website.

§ 23.1-1305. Governing boards; student accounts; collections.

No governing board shall refer a student account to collections for nonpayment before required by the provisions of § 2.2-4806. § 23.1-1307. Governing boards; expenses of members.

Members of the governing board of each public institution of higher education shall be reimbursed for all reasonable and necessary expenses incurred in the performance of their duties. Funding for the expenses of the members shall be provided by the institution.

§ 23.1-1308. Governing board procedures; textbook sales and bookstores.

A. No employee of a public institution of higher education shall demand or receive any payment, loan, subscription, advance, deposit of money, services, or anything, present or promised, as an inducement for requiring students to purchase a specific textbook required for coursework or instruction. § 23.1-2210. Investment of endowment funds, endowment income, etc.

A. As used in this section:

"Derivative" means a contract or financial instrument or a combination of contracts and financial instruments, including any contract commonly known as a "swap," that gives the University the right or obligation to deliver, receive delivery of, or make or receive payments based on changes in the price, value, yield, or other characteristic of a tangible or intangible asset or group of assets or changes in a rate, index of prices or rates, or other market indicator for an asset or group of assets.

"Financial security" means (i) any note, stock, treasury stock, bond, debenture, evidence of indebtedness, certificate of interest, collateral-trust certificate, preorganization certificate of subscription, transferable share, investment contract, voting-trust certificate, certificate of deposit for a security, or fractional undivided interest in oil, gas, or other mineral rights; (ii) any put, call, straddle, option, or privilege on any security, certificate of deposit, or group or index of securities, including any interest therein or based on the value thereof; (iii) any put, call, straddle, option, or privilege entered into on a national securities exchange relating to foreign currency; (iv) in general, any interest or instrument commonly known as a "security"; or (v) any certificate of interest or participation in, temporary or interim security for, receipt for, guarantee of, or warrant or right to subscribe to or purchase any financial security.

F. The authority provided in this section to invest and reinvest nongeneral fund reserves and balances of or held by the University is predicated upon an approved management agreement between the University and the Commonwealth.

Article 2.

The University of Virginia's College at Wise.

§ 23.1-2211. The University of Virginia's College at Wise.

A. The University of Virginia's College at Wise (the College), established in Wise County, Virginia, is a division of the University and a baccalaureate public institution of higher education subject to the supervision, management, and control of the board.

B. Direct and indirect appropriations from the Commonwealth to the College shall be expended as directed by the board.

C. All property, property rights, duties, contracts, and agreements of the College are vested in the board. The board shall care for and preserve all property belonging to the College.

D. With respect to the College, the board has all the powers that are vested in the board with respect to the University.

E. The president of the University shall be the principal administrative officer of the College.

F. The board shall fix the title of the chief executive officer of the College.

Article 3.

Medical Center.

§ 23.1-2212. Operations of Medical Center.

A. The ability of the University to provide medical and health sciences education and related research is dependent upon the maintenance of high-quality teaching hospitals and related health care and health maintenance facilities, collectively referred to in this article as the Medical Center, and the maintenance of a Medical Center serving such purposes

requires specialized management and operation that permit the Medical Center to remain economically viable and participate in cooperative arrangements reflective of changes in health care delivery.

B. Notwithstanding the provisions of § 32.1-124 exempting hospitals and nursing homes owned or operated by an agency of the Commonwealth from state licensure, the Medical Center shall be, for so long as the Medical Center maintains its accreditation by a national accrediting organization granted authority by the Centers for Medicare and Medicaid Services to ensure compliance with Medicare conditions of participation pursuant to § 1865 of Title XVIII of the Social Security Act (42 U.S.C. § 1395bb), deemed to be licensed as a hospital for purposes of other law relating to the operation of hospitals licensed by the Board of Health. The Medical Center shall not, however, be deemed to be a licensed hospital to the extent that any law relating to licensure of hospitals specifically excludes the Commonwealth or its agencies. As an agency of the Commonwealth, the Medical Center shall remain (i) exempt from licensure by the Board of Health pursuant to § 32.1-124 and (ii) subject to the Virginia Tort Claims Act (§ 8.01-195.1 et seq.). This subsection shall not be construed as a waiver of the Commonwealth's sovereign immunity.

C. The University may create, own in whole or in part, or otherwise control corporations, partnerships, insurers, or other entities whose activities promote the operations of the Medical Center and its mission; cooperate or enter into joint ventures with such entities and with government bodies; and enter into contracts in connection with its operations. Without limiting the power of the University to issue bonds, notes, guarantees, or other evidence of indebtedness pursuant to subsection D in connection with such activities, no such creation, ownership, or control shall create any responsibility of the University, the Commonwealth, or any agency of the Commonwealth for the operations or obligations of any such entity or in any way make the University, the Commonwealth, or any agency of the Commonwealth responsible for the payment of debt or other obligations of such entity. All such interests shall be reflected on the financial statements of the Medical Center.

D. Notwithstanding the provisions of Chapter 11 (§ 23.1-1100 et seq.), the University may issue bonds, notes, guarantees, or other evidence of indebtedness without the approval of any other governmental body subject to the following provisions:

1. Such debt is used solely for the purpose of paying not more than 50 percent of the cost of capital improvements in connection with the operation of the Medical Center or related issuance costs, reserve funds, and other financing expenses, including interest during construction and acquisitions and for up to one year thereafter.

2. The only revenues of the University pledged to the payment of such debt are those derived from the operation of the Medical Center and related health care and educational activities, and no general fund appropriation and special Medicaid disproportionate share payments for indigent and medically indigent patients who are not eligible for the Virginia Medicaid Program is pledged for the payment of such debt.

3. Such debt states that it does not constitute a debt of the Commonwealth or a pledge of the faith and credit of the Commonwealth.

4. Such debt is not sold to the public.

5. The total principal amount of such debt outstanding at any one time does not exceed \$25 million.

6. The Treasury Board approves the terms and structure of such debt.

7. The purpose, terms, and structure of such debt are promptly communicated to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees.

8. All such indebtedness is reflected on the financial statements of the Medical Center.

E. Subject to meeting the conditions set forth in subsection D, such debt may be in such form and have such terms as the board may provide and shall be in all respects debt of the University for the purposes of §§ 23.1-1110, 23.1-1115, and 23.1-1116.

§ 23.1-2213. Medical center management; capital projects; leases of property; procurement.

A. The economic viability of the Medical Center, the requirement for its specialized management and operation, and the need of the Medical Center to participate in cooperative arrangements reflective of changes in health care delivery, as set forth in § 23.1-2212, depend upon the ability of the management of the Medical Center to make and promptly implement decisions necessary to conduct the affairs of the Medical Center in an efficient, competitive manner. It is critical to and in the best interests of the Commonwealth that the University continues to fulfill its mission of providing quality medical and health sciences education and related research and, through the presence of its Medical Center, continues to provide for the care, treatment, health-related services, and education activities associated with Virginia patients, including indigent and medically indigent patients. Because the ability of the University to fulfill this mission is highly dependent upon revenues derived from providing health care through its Medical Center, and because the ability of the Medical Center to continue to be a reliable source of such revenues is heavily dependent upon its ability to compete with other providers of health care that are not subject to the requirements of law applicable to agencies of the Commonwealth, the University may implement the following modifications to the management and operation of the affairs of the Medical Center in order to enhance its economic viability:

1. a. For any Medical Center capital project entirely funded by a nongeneral fund appropriation made by the General Assembly, all post-appropriation review, approval, administrative, and policy and procedure functions performed by the Department of General Services, the Division of Engineering and Buildings, the Department of Planning and Budget, and any other agency that supports the functions performed by these departments are delegated to the University, subject to the following stipulations and conditions: (i) the board shall develop and implement an appropriate system of policies,

procedures, reviews, and approvals for Medical Center capital projects to which this subsection applies; (ii) the system so adopted shall provide for the review and approval of any Medical Center capital project to which this subsection applies to ensure that, except as provided in clause (iii), the cost of any such capital project does not exceed the sum appropriated for the project and the project otherwise complies with all requirements of the Code of Virginia regarding capital projects, excluding only the post-appropriation review, approval, administrative, and policy and procedure functions performed by the Department of General Services, the Division of Engineering and Buildings, the Department of Planning and Budget, and any other agency that supports the functions performed by these departments; (iii) the board may, during any fiscal year, approve a transfer of up to 15 percent of the total nongeneral fund appropriation for the Medical Center to supplement funds appropriated for a capital project of the Medical Center, provided that the board finds that the transfer is necessary to effectuate the original intention of the General Assembly in making the appropriation for the capital project in question; (iv) the University shall report to the Department of General Services on the status of any such capital project prior to commencement of construction of, and at the time of acceptance of, any such capital project; and (v) the University shall ensure that Building Officials and Code Administrators (BOCA) Code and fire safety inspections of any such project are conducted and such projects are inspected by the State Fire Marshal or his designee prior to certification for building occupancy by the University's assistant state building official to whom such inspection responsibility has been delegated pursuant to § 36-98.1. Nothing in this section shall be deemed to relieve the University of any reporting requirement pursuant to § 2.2-1513. Notwithstanding the provisions of this subsection, the terms and structure of any financing of any capital project to which this subsection applies shall be approved pursuant to § 2.2-2416.

b. No capital project to which this subsection applies shall be materially increased in size or materially changed in scope beyond the plans and justifications that were the basis for the project's appropriation unless (i) the Governor determines that such increase in size or change in scope is necessary due to an emergency or (ii) the General Assembly approves the increase or change in a subsequent appropriation for the project. After construction of any such capital project has commenced, no such increase or change shall be made during construction unless the conditions in clause (i) or (ii) have been satisfied.

2. a. The University is exempt from the provisions of § 2.2-1149 and any rules, regulations, and guidelines of the Division of Engineering and Buildings regarding leases of real property that it enters into on behalf of the Medical Center and, pursuant to policies and procedures adopted by the board, may enter into such leases subject to the following conditions: (i) the lease shall be an operating lease and not a capital lease as defined in guidelines established by the Secretary of Finance and generally accepted accounting principles; (ii) the University's decision to enter into such a lease shall be based upon cost, demonstrated need, and compliance with guidelines adopted by the board that direct that (a) competition be sought to the maximum practical degree, (b) all costs of occupancy be considered, and (c) the use of the space to be leased is necessary and efficiently planned; (iii) the form of the lease is approved by the Special Assistant Attorney General representing the University; (iv) the lease otherwise meets all requirements of law; (v) the leased property is certified for occupancy by the building official of the political subdivision in which the leased property is located; and (vi) upon entering such leases and upon any subsequent amendment of such leases, the University provides copies of all lease documents and any attachments to such lease documents to the Department of General Services.

b. Notwithstanding the provisions of § 2.2-1155 and subdivision B 1 of § 23.1-1301, but subject to policies and procedures adopted by the board, the University may lease, for a purpose consistent with the mission of the Medical Center and for a term not to exceed 50 years, property in the possession or control of the Medical Center.

c. Notwithstanding the provisions of this subdivision, the terms and structure of any financing arrangements secured by capital leases or other similar lease financing agreements shall be approved pursuant to § 2.2-2416.

3. a. Contracts awarded by the University on behalf of the Medical Center for the procurement of goods, services, including professional services, construction, or information technology and telecommunications in compliance with this subdivision are exempt from (i) the Virginia Public Procurement Act (§ 2.2-4300 et seq.), except as provided in this section; (ii) the requirements of the Division of Purchases and Supply of the Department of General Services as set forth in Article 3 (§ 2.2-1109 et seq.) of Chapter 11 of Title 2.2; (iii) the requirements of the Division of Engineering and Buildings as set forth in Article 4 (§ 2.2-1129 et seq.) of Chapter 11 of Title 2.2; and (iv) the authority of the Chief Information Officer and the Virginia Information Technologies Agency as set forth in Chapter 20.1 (§ 2.2-2005 et seq.) of Title 2.2 regarding the review and approval of contracts for (a) the construction of Medical Center capital projects and (b) information technology and telecommunications projects.

b. The University shall adopt and at all times maintain guidelines generally applicable to the procurement of goods, services, construction, and information technology and telecommunications projects by the Medical Center or by the University on behalf of the Medical Center. Such guidelines shall be based upon competitive principles and in each instance seek competition to the maximum practical degree. The guidelines shall (i) implement a system of competitive negotiation for professional services; (ii) prohibit discrimination against the bidder or offeror in the solicitation or award of contracts on the basis of the race, religion, color, sex, or national origin of the bidder or offeror; and (iii) incorporate the prompt payment principles of §§ 2.2-4350 and 2.2-4354 and may (a) take into account the dollar amount of the intended procurement, the term of the anticipated contract, and the likely extent of competition; (b) implement a prequalification procedure for contractors or products; (c) include provisions for cooperative procurement arrangements with private health or educational institutions or public agencies or institutions of the states or territories of the United States or the District of Columbia; and (d) implement provisions of law.

c. Sections 2.2-4311, 2.2-4315, 2.2-4342 (which shall not be construed to require compliance with the prequalification application procedures of subsection B of § 2.2-4317), and 2.2-4330 and §§ 2.2-4333 through 2.2-4341 and 2.2-4367 through 2.2-4377 shall continue to apply to procurements by the Medical Center and the University on behalf of the Medical Center.

B. Subject to conditions that are prescribed in the budget bill pursuant to § 2.2-1509, the State Comptroller shall credit, on a monthly basis, to the nongeneral fund operating cash balances of the Medical Center the imputed interest earned by the investment of such nongeneral fund operating cash balances, including those balances derived from patient care revenues, on deposit with the State Treasurer.

Article 4.
Donations.

§ 23.1-2214. Gifts, bequests, and devises.

Any person may (i) deposit in the state treasury; (ii) bequeath money, stocks, or public bonds of any kind to be so deposited; or (iii) grant, devise, or bequeath property, real or personal, to be sold and the proceeds to be so deposited, in sums not less than \$100, that shall be invested in securities that are legal investments under the laws of the Commonwealth for public funds for the benefit of the University, and in such case the interest or dividends accruing on such investments shall be paid to the board and appropriated by the board for general purposes unless some particular appropriation has been designated by the donor or testator. The State Treasurer shall notify the board of any such deposit in the state treasury.

§ 23.1-2215. Donations for special purposes or objects.

If any particular purpose or object connected with the University is specified by a donor pursuant to § 23.1-2214 at the time of such deposit (i) by writing filed in the State Treasurer's office, which may also be recorded in the clerk's office of the Circuit Court of Albemarle County as a deed for land is recorded, or (ii) in the will of such testator, the interest, income, and profits of such fund shall be appropriated to such purpose and object and none other. If the donor or testator so directs in such writing or will, the interest accruing on such fund shall be reinvested by the State Treasurer every six months, in the manner prescribed in § 23.1-2214 and for such period as such writing or will prescribes, not exceeding 30 years. At the expiration of the time so prescribed or 30 years, whichever occurs first, the fund, with its accumulations, and the interest, income, and profits accruing upon the aggregate fund shall be paid to the board as they accrue and as directed by such writing or will and shall be appropriated and employed according to the provisions of such writing or will and not otherwise. The board shall render to the General Assembly, at each regular session, an account of the disbursement of any funds so derived.

§ 23.1-2216. Disposition of donations.

Donations made pursuant to § 23.1-2214 are irrevocable by the donor or his representatives, but if the board gives notice in writing to the State Treasurer within one year of being notified of the donation by the Treasurer that it declines to receive the benefit of such deposit, the deposit and any interest and profits that may have accrued shall be held subject to the order of such donor or his legal representatives. If at any time the object of such donation or deposit fails by the legal destruction of the University or by any other means so that the purpose of the gift, bequest, or devise is permanently frustrated, the whole fund, including unexpended principal and interest, shall revert to and be vested in the donor or his legal representatives.

§ 23.1-2217. Reservation of nomination by donor.

If a donor pursuant to § 23.1-2214 reserves in writing as set forth in § 23.1-2215 to himself or to any other person the power to (i) nominate to any professorship, scholarship, or other place or appointment in the University or (ii) do any other act connected with such nomination and he or such other person fails to make such nomination in writing or do such other act within six months, the board may proceed to make such appointment or do such act.

§ 23.1-2218. Commonwealth to be trustee of donations; liability of State Treasurer.

The Commonwealth is the trustee for the safekeeping and due application of all funds that may be deposited in the state treasury pursuant to § 23.1-2214. The State Treasurer and the sureties in his official bond are liable for the money or other funds deposited, and the accounting officers of the Commonwealth shall keep separate accounts of each such deposit in the same manner as other public funds.

Such exemptions shall not extend to persons conducting businesses on the Authority's property for which payment of state or local taxes would otherwise be required.

B. Any bonds issued by the Authority under the provisions of this chapter, the transfer of such bonds, and the income from such bonds and all rents, fees, charges, gifts, grants, revenues, receipts, and other moneys received or pledged to pay or secure the payment of such bonds are exempt from taxation and assessment of every kind by the Commonwealth and by the local governing bodies and other political subdivisions of the Commonwealth.

§ 23.1-2412. Transfer of existing hospital facilities.

A. The University may lease, convey, or otherwise transfer to the Authority any or all assets and liabilities appearing on the balance sheet of MCV Hospitals and any or all of the hospital facilities, except real estate that may be leased to the Authority for a term not to exceed 99 years, upon such terms as may be approved by the University.

B. Any transfer of hospital facilities pursuant to subsection A is conditioned upon the existence of a binding agreement between the University and the Authority:

1. That requires the Authority to assume, directly or indirectly, hospital obligations that are directly relating to the hospital facilities or any part of the hospital facilities that are transferred, including rentals as provided in subsection C or a combination of rentals and other obligations in the case of a lease of hospital facilities;

2. That provides that, effective on the transfer date, the Authority shall assume responsibility for, defend, indemnify, and hold harmless the University and its officers and directors with respect to:

a. All liabilities and duties of the University pursuant to contracts, agreements, and leases for commodities, services, and supplies used by MCV Hospitals, including property leases;

b. All claims relating to the employment relationship between employees of the Authority and the University on and after the transfer date;

c. All claims for breach of contract resulting from the Authority's action or failure to act on and after the transfer date;

d. All claims relating to the Authority's errors and omissions, including medical malpractice, directors' and officers' liability, workers' compensation, automobile liability, premises liability, completed operations liability, and products liability resulting from the Authority's action or failure to act on and after the transfer date; and

3. By which the Authority shall accept and agree to abide by provisions that ensure the continued support of the education, research, patient care, and public service missions of MCV Hospitals, including:

a. A requirement that the Authority continue to provide emergency and inpatient indigent care services on the MCV campus of the University in locations including downtown Richmond; and

b. A requirement that the Authority continue to act as the primary teaching facility for the Virginia Commonwealth University School of Medicine and the Health Sciences Schools of the University.

C. Any lease of hospital facilities from the University to the Authority may include a provision that requires the Authority to pay the University a rental payment for the hospital facilities that are leased. For those hospital facilities for which rent is paid, the rent shall be at least equal to the greater of:

1. The debt service accruing during the term of the lease on all outstanding bonds issued for the purpose of financing the acquisition, construction, or improvement of the hospital facilities on which rent is paid; or

2. A nominal amount determined by the parties to be necessary to prevent the lease from being unenforceable because of a lack of consideration.

D. Any lease of hospital facilities shall include a provision that requires the Authority to continue to support the education, research, patient care, and public service missions of MCV Hospitals, including:

1. A requirement that the Authority continue to provide emergency and inpatient indigent care services on the MCV campus of the University in locations including downtown Richmond; and

2. A requirement that the Authority continue to act as the primary teaching facility for the Health Sciences Schools of the University.

E. All other agencies and officers of the Commonwealth shall take such actions as may be necessary or desirable in the judgment of the University to permit such conveyance and the full use and enjoyment of the hospital facilities, including the transfer of property of any type held in the name of the Commonwealth or an instrumentality or agency of the Commonwealth but used by the University in the operation of the hospital facilities.

F. The Authority may pay to or on behalf of the University some or all of the costs of the hospital facilities. The University may apply some or all of such proceeds to the payment or defeasance of its obligations issued to finance the hospital facilities, and the Authority may issue its bonds to finance or refinance such payment.

G. Funds held by or for the University or any of its predecessors or divisions, including funds held by the University Foundation or the MCV Foundation for the benefit of MCV Hospitals or any of its predecessors for use in operating, maintaining, or constructing hospital facilities, providing medical and health sciences education, or conducting medical or related research may be transferred, in whole or in part, to the Authority if the University or any foundation determines that the transfer is consistent with the intended use of the funds. The University may direct in writing that all or part of the money or property representing its beneficial interest under a will, trust agreement, or other donative instrument be distributed to the Authority if the University determines that such direction furthers any of the original purposes of the will, trust agreement, or other instrument. Such a direction shall not be considered a waiver, disclaimer, renunciation, assignment, or disposition of the beneficial interest by the University. A fiduciary's distribution to the Authority pursuant to such a written direction from the University is a distribution to the University for all purposes relating to the donative instrument, and the fiduciary has no liability for distributing any money or property to the Authority pursuant to such a direction. Nothing in this section shall deprive any court of its jurisdiction to determine whether such a distribution is appropriate under its cy pres powers or otherwise.

H. The Authority shall not operate any hospital pursuant to this section prior to execution of the lease and agreement required by this section and such other agreements as may be necessary or convenient in the University's judgment to provide for the transfer of the operations of the hospital facilities to the Authority, unless and to the extent that the University approves otherwise.

I. The University may assign and the Authority may accept the rights and assume the obligations under any contract or other agreement of any type relating to financing or operating the hospital facilities. Upon evidence that such assignment and acceptance has been made, all agencies and instrumentalities of the Commonwealth shall consent to such assignment and accept the substitution of the Authority for the University as a party to such agreement to the extent that the University's obligations under such agreement relate to the ownership, operation, or financing of the hospital facilities. Indebtedness previously incurred by the Commonwealth, the Virginia Public Building Authority, the Virginia College Building Authority, and any other agency or instrumentality of the Commonwealth to finance the hospital facilities may continue to remain outstanding after the transfer and assignment of such agreement by the University to the Authority.

J. The transfer of the hospital facilities from the University to the Authority does not require a certificate of public need pursuant to Article 1.1 (§ 32.1-102.1 et seq.) of Chapter 4 of Title 32.1. All licenses, permits, certificates of public need, or other authorizations of the Commonwealth, any agency of the Commonwealth, or any locality held by the University in connection with the ownership or operation of the hospital facilities are transferred without further action to the Authority to the extent that the Authority undertakes the activity permitted by such authorizations. All agencies and officers of the Commonwealth and all localities shall confirm such transfer by the issuance of new or amended licenses, permits, certificates of public need, or other authorizations upon the request of the University and the Authority.

K. If for any reason the Authority cannot replace the University as a party to any agreement in connection with the financing, ownership, or operation of the hospital facilities, the Authority and the University may require the Authority to act as agent for the University in carrying out its obligations under such agreement or receiving the benefits under such agreement, or both.

§ 23.1-2413. Capital projects.

A. All capital projects of the Authority shall be approved by the board. Within 30 days after approval of any capital project in excess of \$5 million, the board shall notify the House Appropriations and Senate Finance Committees of the scope, cost, and construction schedule of the proposed capital project. The board may undertake the project unless either Committee raises objections within 30 days of the notification, in which case the Authority shall not undertake the project until such objections are resolved.

B. Before the Authority materially increases the size or materially changes the scope of any capital project for which construction has commenced, such project shall be approved again by the board in accordance with subsection A and, in the case of any capital project in excess of \$5 million, presented again to the House Appropriations and Senate Finance Committees in accordance with subsection A.

C. Notwithstanding any provision of law to the contrary, the Authority is not subject to any further process or procedure that requires the submission, review, or approval of any capital project; however, the Authority shall ensure that BOCA Code and fire safety inspections are conducted for any capital project and that such projects are inspected by the State Fire Marshal or his designee prior to certification for building occupancy.

§ 23.1-2414. Leases of property.

Leases of real property that the Authority enters into are exempt from the provisions of § 2.2-1149 and from any policies, regulations, and guidelines of the Division of Engineering and Buildings.

§ 23.1-2415. Employees of the Authority.

A. Employees of the Authority shall be employed on such terms and conditions as established by the Authority. The board shall develop and adopt policies and procedures that afford its employees grievance rights, ensure that employment decisions are based upon the merit and fitness of applicants, and prohibit discrimination on the basis of race, religion, color, sex, or national origin.

B. The Authority shall issue a written notice to all individuals whose employment is transferred to the Authority. The date upon which such written notice is issued is referred to in this section as the "Option Date." Each individual whose employment is transferred to the Authority may, by written request made within 180 days of the Option Date, elect not to become employed by the Authority. Any employee of MCV Hospitals who (i) elects not to become employed by the Authority; (ii) is not reemployed by any department, institution, board, commission, or agency of the Commonwealth; (iii) is not offered alternative employment by the Authority; (iv) is not offered a position with the Authority for which the employee is qualified; or (v) is offered a position by the Authority that requires relocation or a reduction in salary is eligible for the severance benefits conferred by the provisions of the Workforce Transition Act (§ 2.2-3200 et seq.). Any employee who accepts employment with the Authority has voluntarily separated from state employment and is not eligible for the severance benefits conferred by the provisions of the Workforce Transition Act.

C. Without limiting its power generally with respect to employees, the Authority may employ any University employee utilized in the operation of the hospital facilities and assume obligations under any employment agreement for such employee, and the University may assign any such contract to the Authority.

D. The Authority and the University may enter into agreements providing for the purchase of services of University employees utilized in the operation of the hospital facilities by paying agreed-upon amounts to cover all or part of the salaries and other costs of such employees.

E. Notwithstanding any other provision of law to the contrary, any employee whose employment is transferred to the Authority as a result of this chapter and who is a member of any plan for providing health insurance coverage pursuant to Chapter 28 (§ 2.2-2800 et seq.) of Title 2.2 shall continue to be a member of such health insurance plan under the same terms and conditions of such plan.

F. Notwithstanding subsection A of § 2.2-2818, the costs of providing health insurance coverage to employees who elect to continue to be members of the state employees' health insurance plan shall be paid by the Authority.

G. Any employee of the Authority may elect to become a member of any health insurance plan established by the Authority. The Authority may (i) establish a health insurance plan for the benefit of its employees, residents, and interns and (ii) enter into an agreement with the Department of Human Resource Management providing for the coverage of its employees, interns, and residents under the state employees' health insurance plan, provided that such agreement requires the Authority to pay the costs of providing health insurance coverage under such plan.

H. Notwithstanding any other provision of law to the contrary, any employee whose employment is transferred to the Authority as a result of this chapter and who is a member of the Virginia Retirement System or another retirement plan as authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1 shall continue to be a member of the Virginia Retirement System or such other authorized retirement plan under the same terms and conditions of such plan. Any such employee and any employee employed by the Authority between July 1, 1997, and June 30, 1998, who elected to be covered by the Virginia Retirement System may elect, during an open enrollment period from April 1, 2001, through April 30, 2001, to become a member of the retirement program established by the Authority for the benefit of its employees pursuant to § 23.1-2416 by transferring assets equal to the actuarially determined present value of the accrued basic benefit as of the

transfer date. The Authority shall reimburse the Virginia Retirement System for the actual cost of actuarial services necessary to determine the present value of the accrued basic benefit of employees who elect to transfer to the Authority's retirement plan. The following rules shall apply to such transfers:

1. With respect to any transferred employee who elects to remain a member of the Virginia Retirement System or another authorized retirement plan, the Authority shall collect and pay all employee and employer contributions to the Virginia Retirement System or such other authorized retirement plan for retirement in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) of Title 51.1 for such transferred employees.

2. Transferred employees who elect to become members of the retirement program established by the Authority for the benefit of its employees shall be given full credit for their creditable service as defined in § 51.1-124.3, vesting and benefit accrual under the retirement program established by the Authority. For any such employee, employment with the Authority shall be treated as employment with any nonparticipating employer for purposes of the Virginia Retirement System or other retirement plan as authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1.

3. For transferred employees who elect to become members of the retirement program established by the Authority, the Virginia Retirement System or other such authorized plan shall transfer to the retirement plan established by the Authority assets equal to the actuarially determined present value of the accrued basic benefit as of the transfer date. For the purposes of such calculation, the basic benefit is the benefit accrued under the Virginia Retirement System or another authorized retirement plan based on creditable service and average final compensation as defined in § 51.1-124.3 and determined as of the transfer date. The actuarial present value shall be determined on the same basis, using the same actuarial factors and assumptions used in determining the funding needs of the Virginia Retirement System or such other authorized retirement plan so that the transfer of assets to the retirement plan established by the Authority has no effect on the funded status and financial stability of the Virginia Retirement System or other such authorized retirement plan.

§ 23.1-2416. Retirement benefits for employees of the Authority.

A. The Authority may establish and determine the effective date of one or more retirement plans covering in whole or in part its employees, including employees who, prior to the effective date of any plan established pursuant to this section, participated in any plan established pursuant to § 51.1-126 or 51.1-126.1 or former § 51.1-126.2. The Authority may make contributions for the benefit of its employees who elect to participate in such plan or arrangement rather than in any other retirement system established by Chapter 1 (§ 51.1-124.1 et seq.) of Title 51.1.

B. Except in the case of an employee of the Authority hired prior to July 1, 1998, who made an irrevocable election to participate in the retirement plan established by Chapter 1 (§ 51.1-124.1 et seq.) of Title 51.1 or any plan previously established by the Authority in accordance with guidelines established by the Authority, each eligible employee of the Authority shall participate in a plan established by the Authority pursuant to subsection A.

C. No employee of the Authority who is an active member of a plan established pursuant to subsection A shall also be an active member of the retirement system established pursuant to Chapter 1 (§ 51.1-124.1 et seq.) of Title 51.1 or a beneficiary of such retirement system other than as a contingent annuitant.

D. Notwithstanding any other provision of law to the contrary, the contribution by the Authority to any other retirement plan established pursuant to subsection A on behalf of employees of the Authority hired before July 1, 1998, shall be equal to the lesser of (i) the contribution the Commonwealth would be required to make if the employee were a member of the retirement system established by Chapter 1 (§ 51.1-124.1 et seq.) of Title 51.1 or (ii) eight percent of creditable compensation. The contribution by the Authority to any retirement plan established pursuant to subsection A on behalf of employees of the Authority hired on or after July 1, 1998, shall be determined by the board.

E. If the University has adopted a retirement plan under § 51.1-126 for its employees who are engaged in the performance of teaching, administrative, or research duties, the plan established by the Authority pursuant to subsection A shall offer similar investment opportunities as are available to the participants of the plan established pursuant to § 51.1-126.

F. The Authority shall develop policies and procedures for the administration of any retirement plan established by the Authority pursuant to subsection A. A copy of such policies and procedures shall be filed with the Board of Trustees of the Virginia Retirement System.

§ 23.1-2417. Insurance for employees of the Authority.

The Authority shall purchase group life, accidental death and dismemberment, and disability insurance policies covering in whole or in part its employees. Authority employees are not required to present at their own expense evidence of insurability satisfactory to an insurance company for basic group life insurance coverage. Any employee hired prior to July 1, 1998, shall be provided basic group life insurance at the same level of coverage as provided by the Virginia Retirement System. Any employee hired on or after July 1, 1998, shall be provided basic group life insurance at a level of coverage determined by the board that is not less than the equivalent of the employee's annual salary. The Authority may require employees hired on or after July 1, 1998, to pay all or a portion of the required basic group life insurance coverage. Such payment may be collected through a payroll deduction program. The Authority may increase the insurance coverage under such policies to make available to active insured employees optional life, accidental death and dismemberment, and disability insurance. Authority employees are not covered by the Virginia Retirement System's group insurance program under § 51.1-501.

§ 23.1-2418. Power to issue bonds.

A. The Authority may issue bonds for any of its purposes, including (i) financing or refinancing all or any part of its programs or general operations; (ii) costs of any project, including the hospital facilities, whether or not owned by the Authority; or (iii) to refund bonds or other obligations issued by or on behalf of the Authority, the University, or otherwise, including bonds or obligations not then subject to redemption. The Authority may guarantee, assume, or otherwise agree to pay, in whole or in part, indebtedness issued by the University or any other party resulting in the acquisition or construction of facilities for the benefit of the Authority or the refinancing of such indebtedness.

B. Notwithstanding Article 1 (§ 2.2-1800 et seq.) of Chapter 18 of Title 2.2, bonds may be issued under the provisions of this chapter without (i) obtaining the consent of any commission, board, bureau, political subdivision, or agency of the Commonwealth or (ii) any proceedings, conditions, or things other than those proceedings, conditions, or things that are specifically required by this chapter; however, each debt offering shall be submitted to the State Treasurer sufficiently prior to the sale of such offering to allow the State Treasurer to undertake a review for the sole purposes of determining (a) whether the offering may constitute tax-supported debt of the Commonwealth and (b) the potential impact of the offering on the debt capacity of the Commonwealth. After such review, the State Treasurer shall determine if the offering constitutes tax-supported debt of the Commonwealth and the potential impact of the offering on the debt capacity of the Commonwealth. If the State Treasurer determines that the debt offering may constitute tax-supported debt of the Commonwealth or may have an adverse impact on the debt capacity of the Commonwealth, then the debt offering shall be submitted to the Treasury Board for review and approval of the terms and structure of the offering in a manner consistent with § 2.2-2416.

C. The Authority may issue bonds payable as to principal and interest from any of the following sources: (i) its revenues generally; (ii) income and revenues derived from the operation, sale, or lease of a particular project or projects, whether or not they are financed or refinanced from the proceeds of such bonds; (iii) funds realized from the enforcement of security interests or other liens or obligations securing such bonds; (iv) proceeds from the sale of bonds; (v) payments under letters of credit, policies of municipal bond insurance, guarantees, or other credit enhancements; (vi) any reserve or sinking funds created to secure such payment; (vii) accounts receivable of the Authority; or (viii) other available funds of the Authority.

D. Any bonds may be guaranteed by or secured by a pledge of any grant, contribution, or appropriation from a participating political subdivision, the University, the Commonwealth or any political subdivision, agency, or instrumentality of the Commonwealth or from any federal agency or any unit, private corporation, partnership, association, or individual.

§ 23.1-2419. Liability on bonds.

No member of the board; officer, employee, or agent of the Authority; or person executing bonds of the Authority is liable personally on the bonds by reason of issuing or executing such bonds. Bonds of the Authority are not a debt of the Commonwealth or any political subdivision of the Commonwealth other than the Authority and shall so state on their face. Neither the Commonwealth nor any political subdivision of the Commonwealth other than the Authority is liable for payment of bonds of the Authority, nor shall such bonds be payable out of any funds or properties of the Commonwealth or any political subdivision of the Commonwealth other than those of the Authority, except as permitted by § 23.1-2418. Bonds of the Authority are issued for an essential public and governmental purpose.

§ 23.1-2420. Form of bonds.

A. Bonds of the Authority shall (i) be authorized by resolution setting forth the maximum principal amount issuable, (ii) be dated, and (iii) mature not more than 40 years from their date and may be (a) issued in one or more series and (b) made redeemable or subject to tender before maturity, at the option of the Authority, at such price or under such terms and conditions as may be fixed by the Authority or its agents prior to issuance.

B. Bonds of the Authority shall bear interest payable at such times and rates and in such manner as the Authority or its agents may determine, including rates approved by officers of the Authority under authorization of the board, rates tied to indices, rates of other securities, or other standards and determinations by agents designated by the Authority under guidelines established by the Authority.

C. The Authority shall determine the form, manner of execution, and denominations of its bonds and the place of payment of principal and interest, which may be at any bank or trust company or securities depository within or outside the Commonwealth. The bonds may be issued in coupon or registered form, or both, and provision may be made for their registration in whole or in part. Bonds issued in registered form may be issued under a system of book-entry for recording the ownership and transfer of ownership of rights to receive payments on the bonds.

D. If any officer whose signature or a facsimile of whose signature appears on any bonds or coupons ceases to hold such office before delivery of such bond, such signature or facsimile is nevertheless valid and sufficient for all purposes.

E. The Authority may contract for the services of one or more banks, trust companies, financial institutions, or other entities or persons within or outside the Commonwealth for the authentication, registration, transfer, exchange, and payment of bonds or provide such services itself. The Authority may sell such bonds at public or private sale and for such price as it determines.

F. Notwithstanding any other provision of this chapter or any recitals in any bonds issued under the provisions of this chapter, all such bonds are negotiable instruments under the laws of the Commonwealth.

G. Prior to the preparation of definitive bonds, the Authority may issue interim receipts or temporary bonds that are exchangeable for definitive bonds when such bonds are executed and available for delivery.

H. The Authority may provide for the replacement of any mutilated, destroyed, stolen, or lost bonds.

§ 23.1-2421. Trust indentures and mortgages; security for the bonds.

A. Any bond issued under this chapter may be issued pursuant to or secured by (i) a trust indenture, deed of trust, or mortgage of any project or other property of the Authority, whether or not financed in whole or in part from the proceeds of such bonds; (ii) a trust or other agreement with a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside the Commonwealth or another agent for bondholders; or (iii) any combination of issuance or security set forth in clause (i) or (ii). Any such trust indenture or other agreement, or the resolution providing for the issuance of bonds, may pledge or assign fees, rents, and other charges to be received and contain reasonable, proper, and lawful provisions for protecting and enforcing the rights and remedies of the bondholders, including covenants (a) providing for the collection and application of revenues and the repossession and sale of any project or other property by the Authority or any trustees under any trust indenture or agreement upon default; (b) setting forth duties of the Authority in relation to the acquisition, construction, maintenance, operation, and insurance of any project or other property of the Authority and the amount of fees, rents, and other charges to be charged; (c) providing for the collection of such fees, rents, and other charges and the custody, safeguarding, and application of all moneys of the Authority; (d) providing for the creation of sinking funds and the creation and maintenance of reserves; and (e) setting forth conditions or limitations with respect to incurring indebtedness or granting mortgages or other liens. Such trust indenture, trust, or other agreement or resolution may set forth the rights and remedies of the bondholders, trustee, or other agent for bondholders and restrict the individual right of action by bondholders.

B. The Authority may grant mortgages, deeds of trust, security interests, and other liens on its real and personal property, including its accounts receivable, to secure bonds. All pledges of revenues of the Authority for payment of bonds are valid and binding from the time the pledge is made. The revenues pledged and received by the Authority are subject immediately to the lien of such pledge without any physical delivery of such pledge or further act. The lien of any such pledge is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the Authority whether or not such parties have notice of the lien. The Authority may provide for the recording or filing of any mortgage, deed of trust, security interest, other lien, financing statement, or other instrument necessary or desirable to create, perfect, or evidence any lien created pursuant to this chapter.

C. It is lawful for any bank or trust company within or outside the Commonwealth to (i) serve as depository of the proceeds of bonds or other revenues of the Authority, (ii) furnish indemnifying bonds, or (iii) pledge such securities as may be required by the Authority.

D. All expenses incurred in carrying out the provisions of such trust indenture, agreement, resolution, or other agreements relating to any project, including those to which the Authority may not be a party, may be treated as a part of the costs of a project.

§ 23.1-2422. Remedies of obligees of Authority.

Except to the extent that the rights granted by this chapter may be restricted by such trust indenture or trust or other agreement, any (i) holder of bonds or coupons issued under the provisions of this chapter and (ii) trustee or other agent for bondholders under any trust indenture or trust or other agreement may, either at law or in equity, by suit, action, injunction, mandamus, or other proceedings, (a) protect and enforce any and all rights granted by this chapter or under the laws of the Commonwealth, such trust indenture, trust, or other agreement, or the resolution authorizing the issuance of such bonds and (b) enforce and compel the Authority or any agent or officer of the Authority to perform all duties required by this chapter or such trust indenture, trust, or other agreement or resolution, including the fixing, charging, and collecting of fees, rents, and other charges.

§ 23.1-2423. Bonds to be legal investments.

Bonds issued by the Authority under the provisions of this chapter are securities (i) in which all public officers and public bodies of the Commonwealth and its political subdivisions, insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them and (ii) that may properly and legally be deposited with and received by any state officer or officer of a locality or agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations is authorized by law.

§ 23.1-2424. Existing bonds.

The Authority may assume or agree to make payments in amounts sufficient for the University to pay some or all of the hospital obligations incurred under resolutions previously adopted by the University with respect to the hospital facilities and may issue bonds to refund bonds issued under such resolutions or refinance such payment obligations. If the Authority assumes all hospital obligations under any such bond resolution and operates substantially all of the hospital facilities financed or refinanced by such bond resolution, the University, State Treasurer, Virginia Public Building Authority, and Virginia College Building Authority shall take such steps as are appropriate to provide for the substitution of the Authority for the University under such resolution and transfer to the Authority any funds payable to the University under the terms of such resolution.

§ 23.1-2425. Confidential and public information.

A. The Authority is subject to the provisions of the Freedom of Information Act (§ 2.2-3700 et seq.), including the exclusions set forth in subdivision 15 of § 2.2-3705.7 and subdivision A 23 of § 2.2-3711.

B. For purposes of the Freedom of Information Act (§ 2.2-3700 et seq.), meetings of the board are not considered meetings of the board of visitors of the University. Meetings of the board may be conducted through telephonic or video means as provided in § 2.2-3708.

§ 23.1-2426. Chapter liberally construed.

This chapter shall constitute full and complete authority, without regard to the provisions of any other law, for the performance of acts authorized in the chapter and shall be liberally construed to effect the purposes of the chapter. Insofar as the provisions of this chapter are inconsistent with the provisions of any other general, specific, or local law, the provisions of this chapter control.

§ 23.1-2427. Exemptions.

The provisions of the Virginia Personnel Act (§ 2.2-2900 et seq.), the Workforce Transition Act (§ 2.2-3200 et seq.), the Administrative Process Act (§ 2.2-4000 et seq.), and the Virginia Public Procurement Act (§ 2.2-4300 et seq.) do not apply to the Authority in its exercise of any power conferred to it under this chapter.

§ 23.1-2428. Assets of Authority; reversion to University.

C. 1. A business that donates new machinery and equipment in good working condition, purchased within the 12 months prior to the donation, to a comprehensive community college or vocational school is eligible to apply to the System for a grant from the Fund. Such grant shall be in an amount equal to 20 percent of the purchase price of the machinery or equipment, not to exceed an aggregate grant of \$5,000 for all such donations during a calendar year.

2. 4. In consultation with the Department of Education and the Council, the System shall maintain and update as necessary on its website a list of vocational schools to which donations of machinery and equipment may qualify for a grant under this section. The System, in consultation with the Council, shall also develop guidelines setting forth the general requirements for qualifying for and applying for a grant under this section, including a description of the types of machinery and tools eligible for a grant pursuant to this section. [H 388]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 46.2-707.1 as follows:

§ 46.2-707.1. Uninsured motor vehicle fee payment plan.

A. The Department may establish an uninsured motor vehicle fee payment plan to allow individuals to pay the fees for a motor vehicle determined to be uninsured as prescribed in § 46.2-706, 46.2-707, or 46.2-708. Notwithstanding §§ 46.2-706, 46.2-707, and 46.2-708, a Virginia resident 18 years of age or older whose driver's license and vehicle registration have been suspended pursuant to § 46.2-706, 46.2-707, or 46.2-708 may apply to the Department to enter into a payment plan agreement with a duration of no more than three years from the agreement date, referred to in this section as the "payment plan period."

B. To be eligible to enter into the payment plan, the individual must (i) have one or more outstanding suspensions of driving privileges pursuant to the provisions of § 46.2-706, 46.2-707, or 46.2-708 and have no other outstanding suspensions or revocations; (ii) meet all other conditions for reinstatement of driving privileges; and (iii) have never defaulted on a prior uninsured motor vehicle payment plan agreement.

C. An eligible individual who enters into a payment plan agreement with the Department, pays a \$25 administrative fee, and pays the reinstatement fee pursuant to §§ 46.2-333.1 and 46.2-411, if required, shall be eligible to have his driving privileges reinstated by the Department.

D. The amount and frequency of each payment and the duration of the payment plan shall be described in the payment plan agreement signed by the Department and the individual. Payments may be made in person, online, or by mail. The full fee must be paid in no more than three years from the agreement date; however, an individual may repay the balance of the fee at any time during the payment plan period with no penalty.

E. If an individual defaults on the payment plan agreement, the Commissioner shall suspend the driver's license and all registration certificates and license plates issued to the owner of the motor vehicle determined to be uninsured. Such driver's license, registration certificates, and license plates shall remain suspended until the individual pays the balance of the fee applicable to the registration of an uninsured motor vehicle as prescribed in § 46.2-706, 46.2-707, or 46.2-708 and furnishes proof of future financial responsibility as prescribed by Article 15 (§ 46.2-435 et seq.) of Chapter 3. An individual is in default if he (i) pays an installment payment late as defined in the payment plan agreement or (ii) fails to make an installment payment as agreed to in the payment plan agreement. If an individual is in default, full payment of the balance of the fee shall be due as agreed to in the payment plan agreement.

F. When all fees are paid, the individual shall continue to furnish proof of financial responsibility pursuant to Article 15 (§ 46.2-435 et seq.) of Chapter 3 and § 46.2-709.

G. Installment payments of the fee with respect to the motor vehicle determined to be uninsured shall be disposed of pursuant to § 46.2-710. The administrative fee shall be paid to the Commissioner and deposited into the state treasury account set aside in a special fund to be used to meet the necessary expenses incurred by the Department.

A. Any inmate of a local correctional facility who is not subject to the provisions of § 19.2-169.2 may be hospitalized for psychiatric treatment at a hospital designated by the Commissioner of Behavioral Health and Developmental Services as appropriate for treatment of persons under criminal charge if:

1. The court with jurisdiction over the inmate's case, if it is still pending, on the petition of the person having custody over an inmate or on its own motion, holds a hearing at which the inmate is represented by counsel and finds by clear and convincing evidence that (i) the inmate has a mental illness; (ii) there exists a substantial likelihood that, as a result of a mental illness, the inmate will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and any other relevant information or (b) suffer serious harm due to his lack of capacity to protect himself from harm as evidenced by recent behavior and any other relevant information; and (iii) the inmate requires treatment in a hospital rather than the local correctional facility. Prior to making this determination, the court shall consider the examination conducted in accordance with § 37.2-815 and the preadmission screening report prepared in accordance with § 37.2-816 and conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or designee of the local community services board or behavioral health authority who is skilled in the assessment and treatment of mental illness, who is not providing treatment to the inmate, and who has completed a certification program approved by the Department of Behavioral Health and Developmental Services as provided in § 37.2-809. The examiner appointed pursuant to § 37.2-815, if not physically present at the hearing, shall be available whenever possible for questioning during the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § 37.2-804.1. Any employee or designee of the local

community services board or behavioral health authority, as defined in § 37.2-809, representing the board or authority that prepared the preadmission screening report shall attend the hearing in person or, if physical attendance is not practicable, shall participate in the hearing through a two-way electronic video and audio communication system as authorized in § 37.2-804.1. When the hearing is held outside the service area of the community services board or behavioral health authority that prepared the preadmission screening report, and it is not practicable for a representative of the board or authority to attend or participate in the hearing, arrangements shall be made by the board or authority for an employee or designee of the board or authority serving the area in which the hearing is held to attend or participate on behalf of the board or authority that prepared the preadmission screening report; or

2. Upon petition by the person having custody over an inmate, a magistrate finds probable cause to believe that (i) the inmate has a mental illness; (ii) there exists a substantial likelihood that, as a result of a mental illness, the inmate will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and any other relevant information or (b) suffer serious harm due to his lack of capacity to protect himself from harm as evidenced by recent behavior and any other relevant information; and (iii) the inmate requires treatment in a hospital rather than a local correctional facility, and the magistrate issues a temporary detention order for the inmate. Prior to the filing of the petition, the person having custody shall arrange for an evaluation of the inmate conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or designee of the local community services board or behavioral health authority who is skilled in the assessment and treatment of mental illness and who has completed a certification program approved by the Department as provided in § 37.2-809. After considering the evaluation of the employee or designee of the local community services board or behavioral health authority, and any other information presented, and finding that probable cause exists to meet the criteria, the magistrate may issue a temporary detention order in accordance with the applicable procedures specified in §§ 37.2-809 through 37.2-813. The person having custody over the inmate shall notify the court having jurisdiction over the inmate's case, if it is still pending, and the inmate's attorney prior to the detention pursuant to a temporary detention order or as soon thereafter as is reasonable.

Upon detention pursuant to this subdivision, a hearing shall be held either before the court having jurisdiction over the inmate's case or before a district court judge or a special justice, as defined in § 37.2-100, in accordance with the provisions of §§ 37.2-815 through 37.2-821, in which case the inmate shall be represented by counsel as specified in § 37.2-814. The hearing shall be held within 72 hours of execution of the temporary detention order issued pursuant to this subdivision. If the 72-hour period terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the inmate may be detained until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. Any employee or designee of the local community services board or behavioral health authority, as defined in § 37.2-809, representing the board or authority that prepared the preadmission screening report shall attend the hearing in person or, if physical attendance is not practicable, shall participate in the hearing through a two-way electronic video and audio communication system as authorized in § 37.2-804.1. When the hearing is held outside the service area of the community services board or behavioral health authority that prepared the preadmission screening report, and it is not practicable for a representative of the board or authority to attend or participate in the hearing, arrangements shall be made by the board or authority for an employee or designee of the board or authority serving the area in which the hearing is held to attend or participate on behalf of the board or authority that prepared the preadmission screening report. The judge or special justice conducting the hearing may order the inmate hospitalized if, after considering the examination conducted in accordance with § 37.2-815, the preadmission screening report prepared in accordance with § 37.2-816, and any other available information as specified in subsection C of § 37.2-817, he finds by clear and convincing evidence that (1) the inmate has a mental illness; (2) there exists a substantial likelihood that, as a result of a mental illness, the inmate will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and any other relevant information or (b) suffer serious harm due to his lack of capacity to protect himself from harm as evidenced by recent behavior and any other relevant information; and (3) the inmate requires treatment in a hospital rather than a local correctional facility. The examiner appointed pursuant to § 37.2-815, if not physically present at the hearing, shall be available whenever possible for questioning during the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § 37.2-804.1. The examination and the preadmission screening report shall be admitted into evidence at the hearing.

B. In no event shall an inmate have the right to make application for voluntary admission as may be otherwise provided in § 37.2-805 or 37.2-814 or be subject to an order for mandatory outpatient treatment as provided in § 37.2-817.

C. If an inmate is hospitalized pursuant to this section and his criminal case is still pending, the court having jurisdiction over the inmate's case may order that the admitting hospital evaluate the inmate's competency to stand trial and his mental state at the time of the offense pursuant to §§ 19.2-169.1 and 19.2-169.5.

D. An inmate may not be hospitalized longer than 30 days under subsection A unless the court which has criminal jurisdiction over him or a district court judge or a special justice, as defined in § 37.2-100, holds a hearing and orders the inmate's continued hospitalization in accordance with the provisions of subdivision A 2. If the inmate's hospitalization is continued under this subsection by a court other than the court which has jurisdiction over his criminal case, the facility at which the inmate is hospitalized shall notify the court with jurisdiction over his criminal case and the inmate's attorney in the criminal case, if the case is still pending.

E. Hospitalization may be extended in accordance with subsection D for periods of 60 days for inmates awaiting trial, but in no event may such hospitalization be continued beyond trial, nor shall such hospitalization act to delay trial, as long as the inmate remains competent to stand trial. Hospitalization may be extended in accordance with subsection D for periods of 180 days for an inmate who has been convicted and not yet sentenced, or for an inmate who has been convicted of a crime and is in the custody of a local correctional facility after sentencing, but in no event may such hospitalization be continued beyond the date upon which his sentence would have expired had he received the maximum sentence for the crime charged. Any inmate who has not completed service of his sentence upon discharge from the hospital shall serve the remainder of his sentence.

F. For any inmate who has been convicted and not yet sentenced, or who has been convicted of a crime and is in the custody of a local correctional facility after sentencing, the time the inmate is confined in a hospital for psychiatric treatment shall be deducted from any term for which he may be sentenced to any penal institution, reformatory or elsewhere.

G. Any health care provider, as defined in § 32.1-127.1:03, or other provider rendering services to an inmate who is the subject of a proceeding under this section, upon request, shall disclose to a magistrate, the court, the inmate's attorney, the inmate's guardian ad litem, the examiner appointed pursuant to § 37.2-815, the community service board or behavioral health authority preparing the preadmission screening pursuant to § 37.2-816, or the sheriff or administrator of the local correctional facility any and all information that is necessary and appropriate to enable each of them to perform his duties under this section. These health care providers and other service providers shall disclose to one another health records and information where necessary to provide care and treatment to the inmate and to monitor that care and treatment. Health records disclosed to a sheriff or administrator of the local correctional facility shall be limited to information necessary to protect the sheriff or administrator of the local correctional facility and his employees, the inmate, or the public from physical injury or to address the health care needs of the inmate. Information disclosed to a law-enforcement officer shall not be used for any other purpose, disclosed to others, or retained.

Any health care provider disclosing records pursuant to this section shall be immune from civil liability for any harm resulting from the disclosure, including any liability under the federal Health Insurance Portability and Accountability Act (42 U.S.C. § 1320d et seq.), as amended, unless the person or provider disclosing such records intended the harm or acted in bad faith.

H. Any order entered where an inmate is the subject of proceedings under this section shall provide for the disclosure of medical records pursuant to subsection G. This subsection shall not preclude any other disclosures as required or permitted by law.

I. As used in this section, "person having custody over an inmate" means the sheriff or other person in charge of the local correctional facility where the inmate is incarcerated at the time of the filing of a petition for the psychiatric treatment of the inmate.

CHAPTER 601

Be it enacted by the General Assembly of Virginia:

Norton is hereby designated a Virginia byway to be known as the "Thomas Jefferson Scenic Byway Loop." This designation shall not affect any other designation heretofore or hereafter applied to this highway or any portions thereof.

CHAPTER 602

An Act for the relief of Robert Scott.

[H 256]

Approved April 1, 2016

Whereas, Robert Scott (Mr. Scott) entered into two contracts with Towne Automotive Brokers and Francis Masika: one for the purchase of a 2006 BMW on July 21, 2009, and one for the purchase of a 2006 Honda Odyssey on August 14, 2009, for a total purchase price of \$56,000; and

Whereas, Mr. Scott never received either vehicle and on July 28, 2010, the Circuit Court of the City of Chesapeake awarded Mr. Scott a default judgment against Towne Automotive Brokers; and

Whereas, Mr. Scott was not able to recover the judgment awarded to him, and four additional consumers who were defrauded by Towne Automotive Brokers and Francis Masika were also awarded judgments; and

Whereas, the total amount of all five judgments exceeded the required \$50,000 bond carried by the dealer, and each consumer received a proportional amount of the \$50,000 bond as designated on February 27, 2012, by the Circuit Court for the City of Chesapeake; Mr. Scott's share of payment from the bond was \$13,632.50; and

Whereas, the Motor Vehicle Transaction Recovery Fund (the Fund) may pay claims totaling an additional \$50,000, and Mr. Scott filed a claim against the Fund in April 2012; and

Whereas, § 46.2-1527.3 of the Code of Virginia requires that claims against the Fund be filed with the Board no later than 12 months after the judgment becomes final; however, Mr. Scott did not file his claim with the Board against the Fund until April 2012 which was not within the statutorily required time frame because the claim cannot be filed until a payment from the bond is received and despite receiving a default judgment on July 28, 2010, Mr. Scott did not receive his share of the bond payout until February 27, 2012; and

Whereas, the Motor Vehicle Dealer Board voted unanimously that Mr. Scott should receive reimbursement from the Fund and requests that the General Assembly grant relief in the form of payment from the Fund; and

Whereas, pursuant to § 46.2-1527.5 of the Code of Virginia, as it was in effect in April 2012, the maximum claim against the Fund involving a single transaction shall be limited to \$20,000, including any amount paid from the dealer's surety bond, and therefore had Mr. Scott met the statutorily required time frame he would have been entitled to receive \$26,367.50; and

Whereas, Mr. Scott has no other means to obtain adequate relief except by action of this body; now, therefore,

Be it enacted by the General Assembly of Virginia:

1. § 1. *That there is hereby appropriated from the Motor Vehicle Transaction Recovery Fund the sum of \$26,367.50 for the relief of Robert Scott (Mr. Scott), to be paid by check issued by the State Treasurer on warrant of the Comptroller upon execution of a release of all claims Mr. Scott may have against the Commonwealth or any agency, instrumentality, office, employee, or political subdivision in connection with the aforesaid occurrence. In the event that Mr. Scott receives the amount owed to him from the unpaid final judgment that he has obtained against Towne Automotive Brokers and Francis Masika, he shall reimburse the Motor Vehicle Dealer Board whatever amount he receives up to \$26,367.50, and such amount shall be assigned to the Motor Vehicle Transaction Recovery Fund.*

2. That an emergency exists and this act is in force from its passage.

CHAPTER 603

An Act to amend and reenact §§ 33.2-1525, 33.2-2600, 33.2-2602, 33.2-2604, and 33.2-2605 of the Code of Virginia, relating to the Hampton Roads Transportation Accountability Commission.

[H 1111]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 33.2-1525, 33.2-2600, 33.2-2602, 33.2-2604, and 33.2-2605 of the Code of Virginia are amended and reenacted as follows:

§ 33.2-1525. Administration of Transportation Trust Fund.

A. The Transportation Trust Fund shall be established on the books of the Comptroller so as to segregate the amounts appropriated to the Transportation Trust Fund and the amounts earned or accumulated by such Transportation Trust Fund. No portion of the Transportation Trust Fund shall be used for a purpose other than as provided in this section. Any moneys remaining in the Transportation Trust Fund at the end of a biennium shall not revert to the general fund but shall remain in the Transportation Trust Fund to be used for the purposes set forth in §§ 33.2-1524, 33.2-1526, and 33.2-1529 and shall accumulate interest and dividends throughout the existence of the Transportation Trust Fund. Whenever in the Board's

opinion there are moneys in the Transportation Trust Fund in excess of the amount required to meet the current needs and demands of the transportation program, the Board may invest such excess funds in securities that, in its judgment, will be readily convertible into money. Such securities may include debentures and other government and corporate obligations; common and preferred stocks limited to 30 percent of total trust funds investments based on cost; "prime quality" commercial paper, as defined and limited by § 2.2-4502; bankers' acceptances; bonds; money market funds; and overnight, term, and open repurchase agreements. The investment of moneys held in the Transportation Trust Fund shall be administered by the state treasury under guidelines adopted by the Board pursuant to this section.

The Treasurer may, at his option, manage such moneys or hire professional outside investment counsel to manage part or all of such moneys.

The selection of services related to the management, purchase, or sale of authorized investments shall be governed by the standard provided in this section and shall not be subject to the provisions of Chapter 43 (§ 2.2-4300 et seq.) of Title 2.2.

B. When investments are made in accordance with this section, no ~~member of the Board member, Northern Virginia Transportation Authority, or Hampton Roads Transportation Accountability Commission; employee of the Board employee, Northern Virginia Transportation Authority, Hampton Roads Transportation Accountability Commission, Department of Transportation employee, or Department of Rail and Public Transportation employee;~~ or treasury official shall be personally liable for any loss therefrom in the absence of negligence, malfeasance, misfeasance, or nonfeasance.

§ 33.2-2600. Hampton Roads Transportation Fund.

There is hereby created in the state treasury a special nonreverting fund for Planning District 23 to be known as the Hampton Roads Transportation Fund, referred to in this chapter as "the Fund." The Fund shall be established on the books of the Comptroller. All revenues dedicated to the Fund pursuant to § 58.1-638 and Chapter 22.1 (§ 58.1-2291 et seq.) of Title 58.1 shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. The moneys deposited in the Fund shall be used solely for (i) new construction projects on new or existing highways, bridges, and tunnels in the localities comprising Planning District 23 as approved by the Hampton Roads Transportation Accountability Commission and (ii) *administrative and operating expenses as specified in subsection B of § 33.2-2605.* The ~~Hampton Roads Transportation Accountability Commission~~ shall give priority to those projects that are expected to provide the greatest impact on reducing congestion for the greatest number of citizens residing within Planning District 23 and shall ensure that the moneys shall be used for such construction projects.

The amounts dedicated to the Fund shall be deposited monthly by the Comptroller into the Fund *and thereafter distributed to the Commission as soon as practicable for use in accordance with this chapter. If the Commission determines that such moneys distributed to it exceed the amount required to meet the current needs and demands to fund transportation projects pursuant to this chapter, the Commission may invest such excess moneys to the same extent and in the same manner as provided in subsection A of § 33.2-1525 for excess funds in the Transportation Trust Fund.*

The amounts deposited into the Fund and the distribution and expenditure of such amounts shall not be used to calculate or reduce the share of federal, state, or local revenues otherwise available to participating localities. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined.

§ 33.2-2602. Composition of Commission.

The Commission shall consist of 23 members as follows:

1. The chief elected officer of the governing body of each of the ~~14 counties and~~ 10 cities embraced by the Commission;

2. A *current elected official of each of the four counties embraced by the Commission, provided that such official (i) serves on the governing body of the county and (ii) has been appointed by resolution of such governing body to serve as the county's member on the Commission;*

3. Three members of the House of Delegates who reside in different counties or cities embraced by the Commission, appointed by the Speaker of the House, and two members of the Senate who reside in different counties or cities embraced by the Commission, appointed by the Senate Committee on Rules; and

3-4. The following four persons serving as nonvoting ex officio members of the Commission: a member of the Commonwealth Transportation Board who resides in a locality embraced by the Commission and is appointed by the Governor; the Director of the Department of Rail and Public Transportation, or his designee; the Commissioner of Highways, or his designee; and the Executive Director of the Virginia Port Authority, or his designee.

All members of the Commission shall serve terms coincident with their terms of office. Vacancies shall be filled in the same manner as the original appointment. *If a member of the Commission who represents a locality as provided in subdivision 1 or 2 is unable to attend a meeting of the Commission, he may designate another current elected official of such governing body to attend a meeting of the Commission. Such designation shall be for the purposes of one meeting and shall be submitted in writing or electronically to the Chairman of the Commission at least 48 hours prior to the affected meeting.*

The Commission shall elect a chairman and vice-chairman from among its voting membership.

The Auditor of Public Accounts, or his legally authorized representatives, shall annually audit the financial accounts of the Commission, and the cost of such audit shall be borne by the Commission.

§ 33.2-2604. Decisions of Commission.

A majority of the Commission, which majority shall include at least a majority of the *total of* chief elected officers ~~of and elected officials who represent~~ the counties and cities embraced by the Commission, *or their designees pursuant to § 33.2-2602*, shall constitute a quorum. Decisions of the Commission shall require a quorum and shall be in accordance with voting procedures established by the Commission. In all cases, decisions of the Commission shall require the affirmative vote of two-thirds of the members of the Commission, *or their designees*, present and voting, and two-thirds of the *total of* chief elected officers ~~of and elected officials who represent~~ the counties and cities embraced by Planning District 23, *or their designees*, who are present and voting and whose counties and cities include at least two-thirds of the population embraced by the Commission; however, no motion to fund a specific facility or service shall fail because of this population criterion if such facility or service is not located or to be located or provided or to be provided within the county or city whose chief elected officer's *or elected official's, or its respective designee's*, sole negative vote caused the facility or service to fail to meet the population criterion. The population of counties and cities embraced by the Commission shall be the population as determined by the most recently preceding decennial census, except that on July 1 of the fifth year following such census, the population of each county and city shall be adjusted, based on population estimates made by the Weldon Cooper Center for Public Service of the University of Virginia.

§ 33.2-2605. Annual budget and allocation of expenses.

A. The Commission shall adopt an annual budget and develop a funding plan and shall provide for such adoption in its bylaws. The funding plan shall provide for the expenditure of funds over a four- to six-year period and shall align with the Statewide Transportation Plan established pursuant to § 33.2-353 as much as possible. The Commission shall solicit public comment on its budget and funding plan by posting a summary of such budget and funding plan on its website and holding a public hearing. Such public hearing shall be advertised on the Commission's website and in a newspaper of general circulation in Planning District 23.

B. The administrative *and operating* expenses of the Commission, ~~as shall be provided in an annual budget adopted by the Commission; and to the extent funds for such expenses are not provided from other sources; shall be allocated among the component counties and cities on the basis of the relative population; as determined pursuant to § 33.2-2604 paid from the Fund.~~ Such budget shall be limited solely to the administrative *and operating* expenses of the Commission and shall not include any funds for construction or acquisition of transportation facilities or the performance of any transportation service.

C. Members may be reimbursed for all reasonable and necessary expenses provided in §§ 2.2-2813 and 2.2-2825, if approved by the Commission. Funding for the costs of compensation and expenses of the members shall be provided by the Commission.

2. That no provision of this act shall result in the expiration of any provision of (i) Chapter 896 of the Acts of Assembly of 2007 pursuant to the 22nd enactment of that chapter or (ii) Chapter 766 of the Acts of Assembly of 2013 pursuant to the 14th enactment of that chapter.

CHAPTER 604

An Act to amend and reenact § 2.2-4303 of the Code of Virginia, relating to the Virginia Public Procurement Act; small purchase procedures; transportation-related construction.

[H 1166]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-4303 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-4303. Methods of procurement.

A. All public contracts with nongovernmental contractors for the purchase or lease of goods, or for the purchase of services, insurance, or construction, shall be awarded after competitive sealed bidding, or competitive negotiation as provided in this section, unless otherwise authorized by law.

B. Professional services shall be procured by competitive negotiation.

C. Upon a written determination made in advance by (i) the Governor or his designee in the case of a procurement by the Commonwealth or by a department, agency or institution thereof or (ii) the local governing body in the case of a procurement by a political subdivision of the Commonwealth, that competitive negotiation is either not practicable or not fiscally advantageous, insurance may be procured through a licensed agent or broker selected in the manner provided for the procurement of things other than professional services set forth in § 2.2-4302.2. The basis for this determination shall be documented in writing.

D. Construction may be procured only by competitive sealed bidding, except that competitive negotiation may be used in the following instances upon a determination made in advance by the public body and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, which writing shall document the basis for this determination:

1. By the Commonwealth, its departments, agencies and institutions on a fixed price design-build basis or construction management basis under § 2.2-4306;

2. By any public body for the construction of highways and any draining, dredging, excavation, grading or similar work upon real property;

3. By any governing body of a locality with a population in excess of 100,000, provided that the locality has the personnel, procedures, and expertise to enter into a contract for construction on a fixed price or not-to-exceed price design-build or construction management basis and shall otherwise be in compliance with the provisions of this section, § 2.2-4308, and other applicable law governing design-build or construction management contracts for public bodies other than the Commonwealth. The procedures of the local governing body shall be consistent with the two-step competitive negotiation process established in § 2.2-4302.2; or

4. As otherwise provided in § 2.2-4308.

E. Upon a determination in writing that there is only one source practicably available for that which is to be procured, a contract may be negotiated and awarded to that source without competitive sealed bidding or competitive negotiation. The writing shall document the basis for this determination. The public body shall issue a written notice stating that only one source was determined to be practicably available, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted on the Department of General Services' central electronic procurement website or other appropriate websites, and in addition, public bodies may publish in a newspaper of general circulation on the day the public body awards or announces its decision to award the contract, whichever occurs first. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

F. In case of emergency, a contract may be awarded without competitive sealed bidding or competitive negotiation; however, such procurement shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor shall be included in the contract file. The public body shall issue a written notice stating that the contract is being awarded on an emergency basis, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted on the Department of General Services' central electronic procurement website or other appropriate websites, and in addition, public bodies may publish in a newspaper of general circulation on the day the public body awards or announces its decision to award the contract, whichever occurs first, or as soon thereafter as is practicable. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

G. A public body may establish purchase procedures, if adopted in writing, not requiring competitive sealed bids or competitive negotiation for single or term contracts for ~~(i) goods~~:

1. *Goods* and services other than professional services and ~~(ii)~~ non-transportation-related construction, if the aggregate or the sum of all phases is not expected to exceed \$100,000; ~~however, and~~

2. *Transportation-related construction*, if the aggregate or sum of all phases is not expected to exceed \$25,000.

However, such small purchase procedures shall provide for competition wherever practicable.

Such purchase procedures may allow for single or term contracts for professional services without requiring competitive negotiation, provided the aggregate or the sum of all phases is not expected to exceed \$60,000.

Where small purchase procedures are adopted for construction, the procedures shall not waive compliance with the Uniform State Building Code.

For state public bodies, purchases under this subsection that are expected to exceed \$30,000 shall require the (a) written informal solicitation of a minimum of four bidders or offerors and (b) posting of a public notice on the Department of General Services' central electronic procurement website or other appropriate websites. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

H. Upon a determination made in advance by a public body and set forth in writing that the purchase of goods, products or commodities from a public auction sale is in the best interests of the public, such items may be purchased at the auction, including online public auctions. Purchase of information technology and telecommunications goods and nonprofessional services from a public auction sale shall be permitted by any authority, department, agency, or institution of the Commonwealth if approved by the Chief Information Officer of the Commonwealth. The writing shall document the basis for this determination. However, bulk purchases of commodities used in road and highway construction and maintenance, and aggregates shall not be made by online public auctions.

I. The purchase of goods or nonprofessional services, but not construction or professional services, may be made by reverse auctioning. However, bulk purchases of commodities used in road and highway construction and maintenance, and aggregates shall not be made by reverse auctioning.

In the event of a conflict between the provisions of this subdivision and any bond indenture to which the Authority is subject, the provisions of the bond indenture shall be controlling;
7. To acquire by the exercise of the power of eminent domain any lands, property rights, rights-of-way, franchises, easements, and other property, including public lands, parks, playgrounds, reservations, highways, or parkways, or parts thereof or rights therein, of any person, partnership, association, railroad, public service, public utility, or other corporation, or of any municipality, county, or other political subdivision, deemed necessary or convenient for the construction or the efficient operation of a project or necessary in the restoration, replacement, or relocation of public or private property damaged or destroyed whenever a reasonable price cannot be agreed upon with the governing body of such municipality, county, or other political subdivision as to such property owned by it or whenever the Authority cannot agree on the terms of purchase or settlement with the other owners because of the incapacity of such owners, because of the inability to agree on the compensation to be paid or other terms of settlement or purchase, or because such owners are nonresidents of the Commonwealth, are unknown, or are unable to convey valid title to such property. Such proceedings shall be in accordance with and subject to the provisions of any and all laws of the Commonwealth applicable to the exercise of the power of eminent domain in the name of the Commissioner of Highways and subject to the provisions of § 25.1-102 as fully as if the Authority were a corporation possessing the power of eminent domain. Upon the deposit with the clerk of the court of the appraised price, any person entitled thereto may, upon petition to the court, be paid his or their pro rata share of 90 percent of such appraised price. The acceptance of such payment shall not preclude such person from appealing any decision rendered in such proceedings. If the appraisement is greater or less than the amount finally determined by the decision in such proceeding or by an appeal, the amount of the increase or decrease shall be paid by or refunded to the Authority.

The terms "appraised price" and "appraisement" as used in this subdivision mean the value determined by two competent real estate appraisers appointed by the Authority for such purposes.

The acquisition of any such property by condemnation or by the exercise of the power of eminent domain shall be and is hereby declared to be a public use of such property;

14. To operate or permit the operation of vehicles for the transportation of persons or property for compensation on any limited access highway constructed or acquired by the Authority, provided that the Department of Motor Vehicles or the Federal Motor Carrier Safety Administration shall not be divested of jurisdiction to authorize or regulate the operation of such carriers;

§ 33.2-1525. Administration of Transportation Trust Fund.

A. The Transportation Trust Fund shall be established on the books of the Comptroller so as to segregate the amounts appropriated to the Transportation Trust Fund and the amounts earned or accumulated by such Transportation Trust Fund.

No portion of the Transportation Trust Fund shall be used for a purpose other than as provided in this section. Any moneys remaining in the Transportation Trust Fund at the end of a biennium shall not revert to the general fund but shall remain in the Transportation Trust Fund to be used for the purposes set forth in §§ 33.2-1524, 33.2-1526, and 33.2-1529 and shall accumulate interest and dividends throughout the existence of the Transportation Trust Fund. Whenever in the Board's opinion there are moneys in the Transportation Trust Fund in excess of the amount required to meet the current needs and demands of the transportation program, the Board may invest such excess funds in securities that, in its judgment, will be readily convertible into money. Such securities may include debentures and other government and corporate obligations; common and preferred stocks limited to 30 percent of total trust funds investments based on cost; "prime quality" commercial paper, as defined and limited by § 2.2-4502; bankers' acceptances; bonds; money market funds; and overnight, term, and open repurchase agreements. The investment of moneys held in the Transportation Trust Fund shall be administered by the state treasury under guidelines adopted by the Board pursuant to this section.

The Treasurer may, at his option, manage such moneys or hire professional outside investment counsel to manage part or all of such moneys.

The selection of services related to the management, purchase, or sale of authorized investments shall be governed by the standard provided in this section and shall not be subject to the provisions of Chapter 43 (§ 2.2-4300 et seq.) of Title 2.2.

B. § 33.2-2600. Hampton Roads Transportation Fund.

There is hereby created in the state treasury a special nonreverting fund for Planning District 23 to be known as the Hampton Roads Transportation Fund, referred to in this chapter as "the Fund." The Fund shall be established on the books of the Comptroller. All revenues dedicated to the Fund pursuant to § 58.1-638 and Chapter 22.1 (§ 58.1-2291 et seq.) of Title 58.1 shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. The moneys deposited in the Fund shall be used solely for (i) new construction projects on new or existing highways, bridges, and tunnels in the localities comprising Planning District 23 as approved by the Hampton Roads Transportation Accountability Commission and (ii) *administrative and operating expenses as specified in subsection B of § 33.2-2605.* The ~~Hampton Roads Transportation Accountability Commission~~ shall give priority to those projects that are expected to provide the greatest impact on reducing congestion for the greatest number of citizens residing within Planning District 23 and shall ensure that the moneys shall be used for such construction projects.

The amounts dedicated to the Fund shall be deposited monthly by the Comptroller into the Fund *and thereafter distributed to the Commission as soon as practicable for use in accordance with this chapter. If the Commission determines that such moneys distributed to it exceed the amount required to meet the current needs and demands to fund transportation projects pursuant to this chapter, the Commission may invest such excess moneys to the same extent and in the same manner as provided in subsection A of § 33.2-1525 for excess funds in the Transportation Trust Fund.*

The amounts deposited into the Fund and the distribution and expenditure of such amounts shall not be used to calculate or reduce the share of federal, state, or local revenues otherwise available to participating localities. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined.

§ 33.2-2602. Composition of Commission.

The Commission shall consist of 23 members as follows:

1. The chief elected officer of the governing body of each of the ~~14 counties and~~ 10 cities embraced by the Commission;

The population of counties and cities embraced by the Commission shall be the population as determined by the most recently preceding decennial census, except that on July 1 of the fifth year following such census, the population of each county and city shall be adjusted, based on population estimates made by the Weldon Cooper Center for Public Service of the University of Virginia.

§ 33.2-2605. Annual budget and allocation of expenses.

A. The Commission shall adopt an annual budget and develop a funding plan and shall provide for such adoption in its bylaws. The funding plan shall provide for the expenditure of funds over a four- to six-year period and shall align with the Statewide Transportation Plan established pursuant to § 33.2-353 as much as possible. The Commission shall solicit public comment on its budget and funding plan by posting a summary of such budget and funding plan on its website and holding a public hearing. Such public hearing shall be advertised on the Commission's website and in a newspaper of general circulation in Planning District 23.

B. The administrative *and operating* expenses of the Commission, ~~as shall be provided in an annual budget adopted by the Commission; and to the extent funds for such expenses are not provided from other sources; shall be allocated among the component counties and cities on the basis of the relative population; as determined pursuant to § 33.2-2604~~ paid from the Fund. Such budget shall be limited solely to the administrative *and operating* expenses of the Commission and shall not include any funds for construction or acquisition of transportation facilities or the performance of any transportation service.

C. Members may be reimbursed for all reasonable and necessary expenses provided in §§ 2.2-2813 and 2.2-2825, if approved by the Commission. Funding for the costs of compensation and expenses of the members shall be provided by the Commission.

2. That no provision of this act shall result in the expiration of any provision of (i) Chapter 896 of the Acts of Assembly of 2007 pursuant to the 22nd enactment of that chapter or (ii) Chapter 766 of the Acts of Assembly of 2013 pursuant to the 14th enactment of that chapter.

No such appeal shall be heard unless it appears that the appellee or his attorney has had such notice, or that such certificate has been filed, 10 days before the date fixed for trial, or has in person or by attorney waived such notice.

2. That any clerk who uses private technology systems authorized pursuant to § 17.1-502 may utilize the provisions of § 16.1-112 provided that the electronic method for transmittal to the appellate court complies with the security and data standards established by the Executive Secretary of the Supreme Court of Virginia.

3. That the provisions of this act shall become effective on January 1, 2017.

CHAPTER 613

An Act to amend and reenact § 15.2-2232 of the Code of Virginia, relating to comprehensive plan.

[H 883]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2232 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2232. Legal status of plan.

A. Whenever a local planning commission recommends a comprehensive plan or part thereof for the locality and such plan has been approved and adopted by the governing body, it shall control the general or approximate location, character and extent of each feature shown on the plan. Thereafter, unless a feature is already shown on the adopted master plan or part thereof or is deemed so under subsection D, no street or connection to an existing street, park or other public area, public building or public structure, public utility facility or public service corporation facility other than a railroad facility or an underground natural gas or underground electric distribution facility of a public utility as defined in subdivision (b) of § 56-265.1 within its certificated service territory, whether publicly or privately owned, shall be constructed, established or authorized, unless and until the general location or approximate location, character, and extent thereof has been submitted to and approved by the commission as being substantially in accord with the adopted comprehensive plan or part thereof. In connection with any such determination, the commission may, and at the direction of the governing body shall, hold a public hearing, after notice as required by § 15.2-2204. Following the adoption of the Statewide Transportation Plan by the Commonwealth Transportation Board pursuant to § 33.2-353 and written notification to the affected local governments, each local government through which one or more of the designated corridors of statewide significance traverses, shall, at a minimum, note such corridor or corridors on the transportation plan map included in its comprehensive plan for information purposes at the next regular update of the transportation plan map. Prior to the next regular update of the transportation plan map, the local government shall acknowledge the existence of corridors of statewide significance within its boundaries.

B. The commission shall communicate its findings to the governing body, indicating its approval or disapproval with written reasons therefor. The governing body may overrule the action of the commission by a vote of a majority of its membership. Failure of the commission to act within 60 days of a submission, unless the time is extended by the governing body, shall be deemed approval. The owner or owners or their agents may appeal the decision of the commission to the governing body within 10 days after the decision of the commission. The appeal shall be by written petition to the governing body setting forth the reasons for the appeal. The appeal shall be heard and determined within 60 days from its filing. A majority vote of the governing body shall overrule the commission.

C. Widening, narrowing, extension, enlargement, vacation or change of use of streets or public areas shall likewise be submitted for approval, but paving, repair, reconstruction, improvement, drainage or similar work and normal service extensions of public utilities or public service corporations shall not require approval unless such work involves a change in location or extent of a street or public area.

D. Any public area, facility or use as set forth in subsection A which is identified within, but not the entire subject of, a submission under either § 15.2-2258 for subdivision or subdivision A 8 of § 15.2-2286 for development or both may be

deemed a feature already shown on the adopted master plan, and, therefore, excepted from the requirement for submittal to and approval by the commission or the governing body; provided, that the governing body has by ordinance or resolution defined standards governing the construction, establishment or authorization of such public area, facility or use or has approved it through acceptance of a proffer made pursuant to § 15.2-2303.

E. Approval and funding of a public telecommunications facility on or before July 1, 2012, by the Virginia Public Broadcasting Board pursuant to Article 12 (§ 2.2-2426 et seq.) of Chapter 24 of Title 2.2 or after July 1, 2012, by the Board of Education pursuant to § 22.1-20.1 shall be deemed to satisfy the requirements of this section and local zoning ordinances with respect to such facility with the exception of television and radio towers and structures not necessary to house electronic apparatus. The exemption provided for in this subsection shall not apply to facilities existing or approved by the Virginia Public Telecommunications Board prior to July 1, 1990. The Board of Education shall notify the governing body of the locality in advance of any meeting where approval of any such facility shall be acted upon.

F. On any application for a telecommunications facility, the commission's decision shall comply with the requirements of the Federal Telecommunications Act of 1996. Failure of the commission to act on any such application for a telecommunications facility under subsection A submitted on or after July 1, 1998, within 90 days of such submission shall be deemed approval of the application by the commission unless the governing body has authorized an extension of time for consideration or the applicant has agreed to an extension of time. The governing body may extend the time required for action by the local commission by no more than 60 additional days. If the commission has not acted on the application by the end of the extension, or by the end of such longer period as may be agreed to by the applicant, the application is deemed approved by the commission.

G. A proposed telecommunications tower or a facility constructed by an entity organized pursuant to Chapter 9.1 (§ 56-231.15 et seq.) of Title 56 shall be deemed to be substantially in accord with the comprehensive plan and commission approval shall not be required if the proposed telecommunications tower or facility is located in a zoning district that allows such telecommunications towers or facilities by right.

CHAPTER 614

Be it enacted by the General Assembly of Virginia:

1. That § 44-54.4 of the Code of Virginia is amended and reenacted as follows:

§ 44-54.4. Organization; definitions.

The Virginia Defense Force with a targeted membership of at least 1,200 shall be organized within and subject to the control of the Department of Military Affairs.

When called to state active duty, the mission of the Virginia Defense Force shall be to (i) provide for an adequately trained organized reserve militia to assume control of Virginia National Guard facilities and to secure any federal and state property left in place in the event of the mobilization of the Virginia National Guard, (ii) assist in the mobilization of the Virginia National Guard, (iii) support the Virginia National Guard in providing family assistance to military dependents within the Commonwealth in the event of the mobilization of the Virginia National Guard, and (iv) provide a military force to respond to the call of the Governor in those circumstances described in § 44-75.1.

Nothing in this article shall be construed as authorizing the Virginia Defense Force or any part thereof to be called, ordered or in any manner drafted by federal authorities into the military service of the United States. However, no person by reason of his enlistment or appointment in the Virginia Defense Force shall be exempted from military service under any law of the United States.

Members of the Virginia Defense Force may serve in either of the following duty statuses:

2. "State active duty," which is the performance of actual military service for the Commonwealth when called by the Governor or his designee to active duty in service of the Commonwealth in accordance with Article 7 (§ 44-75.1 et seq.) ~~of this chapter.~~

"Military duty" and "military service," as used in this title, shall include the activities of the members of the Virginia Defense Force while in training duty and state active duty status.

CHAPTER 615

An Act to amend and reenact § 20-107.1 of the Code of Virginia, relating to spousal support factors.

[H 668]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 20-107.1 of the Code of Virginia is amended and reenacted as follows:

§ 20-107.1. Court may decree as to maintenance and support of spouses.

A. Pursuant to any proceeding arising under subsection L of § 16.1-241 or upon the entry of a decree providing (i) for the dissolution of a marriage, (ii) for a divorce, whether from the bond of matrimony or from bed and board, (iii) that neither party is entitled to a divorce, or (iv) for separate maintenance, the court may make such further decree as it shall deem expedient concerning the maintenance and support of the spouses. However, the court shall have no authority to decree maintenance and support payable by the estate of a deceased spouse.

B. Any maintenance and support shall be subject to the provisions of § 20-109, and no permanent maintenance and support shall be awarded from a spouse if there exists in such spouse's favor a ground of divorce under the provisions of subdivision A (1) of § 20-91. However, the court may make such an award notwithstanding the existence of such ground if the court determines from clear and convincing evidence, that a denial of support and maintenance would constitute a manifest injustice, based upon the respective degrees of fault during the marriage and the relative economic circumstances of the parties.

C. The court, in its discretion, may decree that maintenance and support of a spouse be made in periodic payments for a defined duration, or in periodic payments for an undefined duration, or in a lump sum award, or in any combination thereof.

D. In addition to or in lieu of an award pursuant to subsection C, the court may reserve the right of a party to receive support in the future. In any case in which the right to support is so reserved, there shall be a rebuttable presumption that the reservation will continue for a period equal to 50 percent of the length of time between the date of the marriage and the date of separation. Once granted, the duration of such a reservation shall not be subject to modification.

E. The court, in determining whether to award support and maintenance for a spouse, shall consider the circumstances and factors which contributed to the dissolution of the marriage, specifically including adultery and any other ground for divorce under the provisions of subdivision A (3) or (6) of § 20-91 or § 20-95. In determining the nature, amount and duration of an award pursuant to this section, the court shall consider the following:

1. The obligations, needs and financial resources of the parties, including but not limited to income from all pension, profit sharing or retirement plans, of whatever nature;
2. The standard of living established during the marriage;
3. The duration of the marriage;
4. The age and physical and mental condition of the parties and any special circumstances of the family;
5. The extent to which the age, physical or mental condition or special circumstances of any child of the parties would make it appropriate that a party not seek employment outside of the home;
6. The contributions, monetary and nonmonetary, of each party to the well-being of the family;
7. The property interests of the parties, both real and personal, tangible and intangible;
8. The provisions made with regard to the marital property under § 20-107.3;
9. The earning capacity, including the skills, education and training of the parties and the present employment opportunities for persons possessing such earning capacity;
10. The opportunity for, ability of, and the time and costs involved for a party to acquire the appropriate education, training and employment to obtain the skills needed to enhance his or her earning ability;
11. The decisions regarding employment, career, economics, education and parenting arrangements made by the parties during the marriage and their effect on present and future earning potential, including the length of time one or both of the parties have been absent from the job market;
12. The extent to which either party has contributed to the attainment of education, training, career position or profession of the other party; and
13. Such other factors, including the tax consequences to each party *and the circumstances and factors that contributed to the dissolution, specifically including any ground for divorce*, as are necessary to consider the equities between the parties.

F. In contested cases in the circuit courts, any order granting, reserving or denying a request for spousal support shall be accompanied by written findings and conclusions of the court identifying the factors in subsection E which support the court's order. If the court awards periodic support for a defined duration, such findings shall identify the basis for the nature, amount and duration of the award and, if appropriate, a specification of the events and circumstances reasonably contemplated by the court which support the award.

G. For purposes of this section and § 20-109, "date of separation" means the earliest date at which the parties are physically separated and at least one party intends such separation to be permanent provided the separation is continuous thereafter and "defined duration" means a period of time (i) with a specific beginning and ending date or (ii) specified in relation to the occurrence or cessation of an event or condition other than death or termination pursuant to § 20-110.

H. Where there are no minor children whom the parties have a mutual duty to support, an order directing the payment of spousal support, including those orders confirming separation agreements, entered on or after October 1, 1985, whether they are original orders or modifications of existing orders, shall contain the following:

1. If known, the name, date of birth and social security number of each party and, unless otherwise ordered, each party's residential and, if different, mailing address, residential and employer telephone number, driver's license number,

and the name and address of his employer; however, when a protective order has been issued or the court otherwise finds reason to believe that a party is at risk of physical or emotional harm from the other party, information other than the name of the party at risk shall not be included in the order;

2. The amount of periodic spousal support expressed in fixed sums, together with the payment interval, the date payments are due, and the date the first payment is due;

3. A statement as to whether there is an order for health care coverage for a party;

4. If support arrearages exist, (i) to whom an arrearage is owed and the amount of the arrearage, (ii) the period of time for which such arrearage is calculated, and (iii) a direction that all payments are to be credited to current spousal support obligations first, with any payment in excess of the current obligation applied to arrearages;

5. If spousal support payments are ordered to be paid directly to the obligee, and unless the court for good cause shown orders otherwise, the parties shall give each other and the court at least 30 days' written notice, in advance, of any change of address and any change of telephone number within 30 days after the change; and

6. Notice that in determination of a spousal support obligation, the support obligation as it becomes due and unpaid creates a judgment by operation of law.

CHAPTER 616

An Act to amend and reenact § 19.2-70.3 of the Code of Virginia, relating to obtaining electronic communication service or remote computing service records.

[H 326]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-70.3 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-70.3. Obtaining records concerning electronic communication service or remote computing service.

A. A provider of electronic communication service or remote computing service, which, for purposes of subdivisions 2 through 4, includes a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, excluding the contents of electronic communications and real-time location data, to an investigative or law-enforcement officer only pursuant to:

1. A subpoena issued by a grand jury of a court of the Commonwealth;
2. A search warrant issued by a magistrate, general district court, or circuit court;
3. A court order *issued by a circuit court* for such disclosure issued as provided in subsection B; or
4. The consent of the subscriber or customer to such disclosure.

B. A court shall issue an order for disclosure under this section only if the investigative or law-enforcement officer shows that there is reason to believe the records or other information sought are relevant and material to an ongoing criminal investigation, or the investigation of any missing child as defined in § 52-32, missing senior adult as defined in § 52-34.4, or an incapacitated person as defined in § 64.2-2000 who meets the definition of a missing senior adult except for the age requirement. Upon issuance of an order for disclosure under this section, the order and any written application or statement of facts may be sealed by the court for 90 days for good cause shown upon application of the attorney for the Commonwealth in an ex parte proceeding. The order and any written application or statement of facts may be sealed for additional 90-day periods for good cause shown upon subsequent application of the attorney for the Commonwealth in an ex parte proceeding. A court issuing an order pursuant to this section, on a motion made promptly by the service provider, may quash or modify the order, if the information or records requested are unusually voluminous in nature or compliance with such order would otherwise cause an undue burden on such provider.

C. Except as provided in subsection D, a provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose the contents of electronic communications or real-time location data to an investigative or law-enforcement officer only pursuant to a search warrant issued by a magistrate, a juvenile and domestic relations district court, a general district court, or a circuit court, based upon complaint on oath supported by an affidavit as required in § 19.2-54, or judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia when the warrant issued by such officer or such court complies with the provisions of subsection G. In the case of a search warrant directed to a foreign corporation, the affidavit shall state that the complainant believes that the records requested are actually or constructively possessed by a foreign corporation that provides electronic communication service or remote computing service within the Commonwealth of Virginia. If satisfied that probable cause has been established for such belief and as required by Chapter 5 (§ 19.2-52 et seq.), the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court shall issue a warrant identifying those records to be searched for and commanding the person seeking such warrant to properly serve the warrant upon the foreign corporation. A search warrant for real-time location data shall be issued if the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court is satisfied that probable cause has been established that the real-time location data sought is relevant to a crime that is being committed or has been committed or that an arrest warrant exists for the person whose real-time location data is sought.

D. A provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, including real-time location data but excluding the contents of electronic communications, to an investigative or law-enforcement officer pursuant to an administrative subpoena issued pursuant to § 19.2-10.2 concerning a violation of § 18.2-374.1 or 18.2-374.1:1, former § 18.2-374.1:2, or § 18.2-374.3 when the information sought is relevant and material to an ongoing criminal investigation.

E. When disclosure of real-time location data is not prohibited by federal law, an investigative or law-enforcement officer may obtain real-time location data without a warrant in the following circumstances:

1. To respond to the user's call for emergency services;

2. With the informed, affirmative consent of the owner or user of the electronic device concerned if (i) the device is in his possession; (ii) the owner or user knows or believes that the device is in the possession of an employee or agent of the owner or user with the owner's or user's consent; or (iii) the owner or user knows or believes that the device has been taken by a third party without the consent of the owner or user;

3. With the informed, affirmative consent of the legal guardian or next of kin of the owner or user, if reasonably available, if the owner or user is reasonably believed to be deceased, is reported missing, or is unable to be contacted; or

4. If the investigative or law-enforcement officer reasonably believes that an emergency involving the immediate danger to a person requires the disclosure, without delay, of real-time location data concerning a specific person and that a warrant cannot be obtained in time to prevent the identified danger, and the possessor of the real-time location data believes, in good faith, that an emergency involving danger to a person requires disclosure without delay.

No later than three business days after seeking disclosure of real-time location data pursuant to this subsection, the investigative or law-enforcement officer seeking the information shall file with the appropriate court a written statement setting forth the facts giving rise to the emergency and the facts as to why the person whose real-time location data was sought is believed to be important in addressing the emergency.

F. In order to comply with the requirements of § 19.2-54, any search of the records of a foreign corporation shall be deemed to have been made in the same place wherein the search warrant was issued.

G. A Virginia corporation or other entity that provides electronic communication services or remote computing services to the general public, when properly served with a search warrant and affidavit in support of the warrant, issued by a judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia with jurisdiction over the matter, to produce a record or other information pertaining to a subscriber to or customer of such service, including real-time location data, or the contents of electronic communications, or both, shall produce the record or other information, including real-time location data, or the contents of electronic communications as if that warrant had been issued by a Virginia court. The provisions of this subsection shall only apply to a record or other information, including real-time location data, or contents of electronic communications relating to the commission of a criminal offense that is substantially similar to (i) a violent felony as defined in § 17.1-805, (ii) an act of violence as defined in § 19.2-297.1, (iii) any offense for which registration is required pursuant to § 9.1-902, (iv) computer fraud pursuant to § 18.2-152.3, or (v) identity theft pursuant to § 18.2-186.3. The search warrant shall be enforced and executed in the Commonwealth as if it were a search warrant described in subsection C.

H. The provider of electronic communication service or remote computing service may verify the authenticity of the written reports or records that it discloses pursuant to this section, excluding the contents of electronic communications, by providing an affidavit from the custodian of those written reports or records or from a person to whom said custodian reports certifying that they are true and complete and that they are prepared in the regular course of business. When so authenticated, the written reports and records are admissible in evidence as a business records exception to the hearsay rule.

I. No cause of action shall lie in any court against a provider of a wire or electronic communication service or remote computing service or such provider's officers, employees, agents, or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order, warrant, administrative subpoena, or subpoena under this section or the provisions of subsection E.

J. A search warrant or administrative subpoena for the disclosure of real-time location data pursuant to this section shall require the provider to provide ongoing disclosure of such data for a reasonable period of time, not to exceed 30 days. A court may, for good cause shown, grant one or more extensions, not to exceed 30 days each.

K. An investigative or law-enforcement officer shall not use any device to obtain electronic communications or collect real-time location data from an electronic device without first obtaining a search warrant authorizing the use of the device if, in order to obtain the contents of such electronic communications or such real-time location data from the provider of electronic communication service or remote computing service, such officer would be required to obtain a search warrant pursuant to this section. However, an investigative or law-enforcement officer may use such a device without first obtaining a search warrant under the circumstances set forth in subsection E. For purposes of subdivision E 4, the investigative or law-enforcement officer using such a device shall be considered to be the possessor of the real-time location data.

L. *Upon issuance of any subpoena, search warrant, or order for disclosure issued under this section, upon written certification by the attorney for the Commonwealth that there is a reason to believe that the victim is under the age of 18 and that notification or disclosure of the existence of the subpoena, search warrant, or order will endanger the life or physical safety of an individual, or lead to flight from prosecution, the destruction of or tampering with evidence, the intimidation of potential witnesses, or otherwise seriously jeopardize an investigation, the court may in an ex parte*

proceeding order a provider of electronic communication service or remote computing service not to disclose for a period of 90 days the existence of the subpoena, search warrant, or order and written application or statement of facts to another person, other than an attorney to obtain legal advice. The nondisclosure order may be renewed for additional 90-day periods for good cause shown upon subsequent application of the attorney for the Commonwealth in an ex parte proceeding. A court issuing an order for disclosure pursuant to this section, on a motion made promptly by the service provider, may quash or modify the order if the information or records requested are unusually voluminous in nature or compliance with such order would otherwise cause an undue burden on such provider.

M. For the purposes of this section:

"Electronic device" means a device that enables access to, or use of, an electronic communication service, remote computing service, or location information service, including a global positioning service or other mapping, locational, or directional information service.

"Foreign corporation" means any corporation or other entity, whose primary place of business is located outside of the boundaries of the Commonwealth, that makes a contract or engages in a terms of service agreement with a resident of the Commonwealth to be performed in whole or in part by either party in the Commonwealth, or a corporation that has been issued a certificate of authority pursuant to § 13.1-759 to transact business in the Commonwealth. The making of the contract or terms of service agreement or the issuance of a certificate of authority shall be considered to be the agreement of the foreign corporation or entity that a search warrant or subpoena, which has been properly served on it, has the same legal force and effect as if served personally within the Commonwealth.

"Properly served" means delivery of a search warrant or subpoena by hand, by United States mail, by commercial delivery service, by facsimile or by any other manner to any officer of a corporation or its general manager in the Commonwealth, to any natural person designated by it as agent for the service of process, or if such corporation has designated a corporate agent, to any person named in the latest annual report filed pursuant to § 13.1-775.

"Real-time location data" means any data or information concerning the current location of an electronic device that, in whole or in part, is generated, derived from, or obtained by the operation of the device.

CHAPTER 617

An Act to amend and reenact § 19.2-392.2 of the Code of Virginia, relating to expungement of police and court records; fees.

[H 1149]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-392.2 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-392.2. Expungement of police and court records.

A. If a person is charged with the commission of a crime or any offense defined in Title 18.2, and

1. Is acquitted, or

2. A nolle prosequi is taken or the charge is otherwise dismissed, including dismissal by accord and satisfaction pursuant to § 19.2-151, he may file a petition setting forth the relevant facts and requesting expungement of the police records and the court records relating to the charge.

B. If any person whose name or other identification has been used without his consent or authorization by another person who has been charged or arrested using such name or identification, he may file a petition with the court disposing of the charge for relief pursuant to this section. Such person shall not be required to pay any fees for the filing of a petition under this subsection. A petition filed under this subsection shall include one complete set of the petitioner's fingerprints obtained from a law-enforcement agency.

C. The petition with a copy of the warrant or indictment if reasonably available shall be filed in the circuit court of the county or city in which the case was disposed of by acquittal or being otherwise dismissed and shall contain, except where not reasonably available, the date of arrest and the name of the arresting agency. Where this information is not reasonably available, the petition shall state the reason for such unavailability. The petition shall further state the specific criminal charge to be expunged, the date of final disposition of the charge as set forth in the petition, the petitioner's date of birth, and the full name used by the petitioner at the time of arrest.

D. A copy of the petition shall be served on the attorney for the Commonwealth of the city or county in which the petition is filed. The attorney for the Commonwealth may file an objection or answer to the petition or may give written notice to the court that he does not object to the petition within 21 days after it is served on him.

E. The petitioner shall obtain from a law-enforcement agency one complete set of the petitioner's fingerprints and shall provide that agency with a copy of the petition for expungement. The law-enforcement agency shall submit the set of fingerprints to the Central Criminal Records Exchange (CCRE) with a copy of the petition for expungement attached. The CCRE shall forward under seal to the court a copy of the petitioner's criminal history, a copy of the source documents that resulted in the CCRE entry that the petitioner wishes to expunge, and the set of fingerprints. Upon completion of the hearing, the court shall return the fingerprint card to the petitioner. If no hearing was conducted, upon the entry of an order of expungement or an order denying the petition for expungement, the court shall cause the fingerprint card to be destroyed

unless, within 30 days of the date of the entry of the order, the petitioner requests the return of the fingerprint card in person from the clerk of the court or provides the clerk of the court a self-addressed, stamped envelope for the return of the fingerprint card.

F. After receiving the criminal history record information from the CCRE, the court shall conduct a hearing on the petition. If the court finds that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, it shall enter an order requiring the expungement of the police and court records, including electronic records, relating to the charge. Otherwise, it shall deny the petition. However, if the petitioner has no prior criminal record and the arrest was for a misdemeanor violation, the petitioner shall be entitled, in the absence of good cause shown to the contrary by the Commonwealth, to expungement of the police and court records relating to the charge, and the court shall enter an order of expungement. If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court pursuant to subsection D that he does not object to the petition and (ii) when the charge to be expunged is a felony, stipulates in such written notice that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, the court may enter an order of expungement without conducting a hearing.

G. The Commonwealth shall be made party defendant to the proceeding. Any party aggrieved by the decision of the court may appeal, as provided by law in civil cases.

H. Notwithstanding any other provision of this section, when the charge is dismissed because the court finds that the person arrested or charged is not the person named in the summons, warrant, indictment or presentment, the court dismissing the charge shall, upon motion of the person improperly arrested or charged, enter an order requiring expungement of the police and court records relating to the charge. Such order shall contain a statement that the dismissal and expungement are ordered pursuant to this subsection and shall be accompanied by the complete set of the petitioner's fingerprints filed with his petition. Upon the entry of such order, it shall be treated as provided in subsection K.

I. Notwithstanding any other provision of this section, when a person has been granted an absolute pardon for the commission of a crime that he did not commit, he may file in the circuit court of the county or city in which the conviction occurred a petition setting forth the relevant facts and requesting expungement of the police records and the court records relating to the charge and conviction, and the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of such order, it shall be treated as provided in subsection K.

J. Upon receiving a copy of a writ vacating a conviction pursuant to § 19.2-327.5 or 19.2-327.13, the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of the order, it shall be treated as provided in subsection K.

K. Upon the entry of an order of expungement, the clerk of the court shall cause a copy of such order to be forwarded to the Department of State Police, which shall, pursuant to rules and regulations adopted pursuant to § 9.1-134, direct the manner by which the appropriate expungement or removal of such records shall be effected.

"Open meeting" or "public meeting" means a meeting at which the public may be present.

"Public body" means any legislative body, authority, board, bureau, commission, district or agency of the Commonwealth or of any political subdivision of the Commonwealth, including cities, towns and counties, municipal councils, governing bodies of counties, school boards and planning commissions; boards of visitors of public institutions of higher education; and other organizations, corporations or agencies in the Commonwealth supported wholly or principally by public funds. It shall not exclude any such committee, subcommittee or entity because it has private sector or citizen members. Corporations organized by the Virginia Retirement System are "public bodies" for purposes of this chapter.

For the purposes of the provisions of this chapter applicable to access to public records, constitutional officers and private police departments as defined in § 9.1-101 shall be considered public bodies and, except as otherwise expressly provided by law, shall have the same obligations to disclose public records as other custodians of public records.

"Public records" means all writings and recordings that consist of letters, words or numbers, or their equivalent, set down by handwriting, typewriting, printing, photostating, photography, magnetic impulse, optical or magneto-optical form, mechanical or electronic recording or other form of data compilation, however stored, and regardless of physical form or characteristics, prepared or owned by, or in the possession of a public body or its officers, employees or agents in the transaction of public business. A. Except as otherwise specifically provided by law, all public records shall be open to inspection and copying by any citizens of the Commonwealth during the regular office hours of the custodian of such records. Access to such records shall not be denied to citizens of the Commonwealth, representatives of newspapers and magazines with circulation in the Commonwealth, and representatives of radio and television stations broadcasting in or into the Commonwealth. The custodian may require the requester to provide his name and legal address. The custodian of such records shall take all necessary precautions for their preservation and safekeeping.

B. A request for public records shall identify the requested records with reasonable specificity. The request need not make reference to this chapter in order to invoke the provisions of this chapter or to impose the time limits for response by a public body. Any public body that is subject to this chapter and that is the custodian of the requested records shall promptly, but in all cases within five working days of receiving a request, provide the requested records to the requester or make one of the following responses in writing:

1. The requested records are being entirely withheld ~~because their release is prohibited by law or the custodian has exercised his discretion to withhold the records in accordance with this chapter.~~ Such response shall identify with reasonable particularity the volume and subject matter of withheld records, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records.

2. The requested records are being provided in part and are being withheld in part ~~because the release of part of the records is prohibited by law or the custodian has exercised his discretion to withhold a portion of the records in accordance with this chapter.~~ Such response shall identify with reasonable particularity the subject matter of withheld portions, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records. ~~When a portion of a requested record is withheld, the public body may delete or exercise only that portion of the record to which an exemption applies and shall release the remainder of the record.~~

3. The requested records could not be found or do not exist. However, if the public body that received the request knows that another public body has the requested records, the response shall include contact information for the other public body.

4. It is not practically possible to provide the requested records or to determine whether they are available within the five-work-day period. Such response shall specify the conditions that make a response impossible. If the response is made within five working days, the public body shall have an additional seven work days in which to provide one of the four preceding responses.

C. Any public body may petition the appropriate court for additional time to respond to a request for records when the request is for an extraordinary volume of records or requires an extraordinarily lengthy search, and a response by the public body within the time required by this chapter will prevent the public body from meeting its operational responsibilities. Before proceeding with the petition, however, the public body shall make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

D. Subject to the provisions of subsection G, no public body shall be required to create a new record if the record does not already exist. However, a public body may abstract or summarize information under such terms and conditions as agreed between the requester and the public body.

E. Failure to respond to a request for records shall be deemed a denial of the request and shall constitute a violation of this chapter.

F. A public body may make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for the requested records. No public body shall impose any extraneous, intermediary, or surplus fees or expenses to recoup the general costs associated with creating or maintaining records or transacting the general business of the public body. Any duplicating fee charged by a public body shall not exceed the actual cost of duplication. The public body may also make a reasonable charge for the cost incurred in supplying records produced from a geographic information system at the request of anyone other than the owner of the land that is the subject of the request. However, such charges shall not exceed the actual cost to the public body in supplying such records, except that the public body may charge, on a pro rata per acre basis, for the cost of creating topographical maps developed by the public body, for such maps or portions thereof, which encompass a contiguous area greater than 50 acres. All charges for the supplying of requested records shall be estimated in advance at the request of the citizen.

G. Public records maintained by a public body in an electronic data processing system, computer database, or any other structured collection of data shall be made available to a requester at a reasonable cost, not to exceed the actual cost in accordance with subsection F. When electronic or other databases are combined or contain exempt and nonexempt records, the public body may provide access to the exempt records if not otherwise prohibited by law, but shall provide access to the nonexempt records as provided by this chapter.

Public bodies shall produce nonexempt records maintained in an electronic database in any tangible medium identified by the requester, including, where the public body has the capability, the option of posting the records on a website or delivering the records through an electronic mail address provided by the requester, if that medium is used by the public

body in the regular course of business. No public body shall be required to produce records from an electronic database in a format not regularly used by the public body. However, the public body shall make reasonable efforts to provide records in any format under such terms and conditions as agreed between the requester and public body, including the payment of reasonable costs. The excision of exempt fields of information from a database or the conversion of data from one available format to another shall not be deemed the creation, preparation, or compilation of a new public record.

H. In any case where a public body determines in advance that charges for producing the requested records are likely to exceed \$200, the public body may, before continuing to process the request, require the requester to agree to payment of a deposit not to exceed the amount of the advance determination. The deposit shall be credited toward the final cost of supplying the requested records. The period within which the public body shall respond under this section shall be tolled for the amount of time that elapses between notice of the advance determination and the response of the requester.

I. Before processing a request for records, a public body may require the requester to pay any amounts owed to the public body for previous requests for records that remain unpaid 30 days or more after billing.

J. In the event a public body has transferred possession of public records to any entity, including but not limited to any other public body, for storage, maintenance, or archiving, the public body initiating the transfer of such records shall remain the custodian of such records for purposes of responding to requests for public records made pursuant to this chapter and shall be responsible for retrieving and supplying such public records to the requester. In the event a public body has transferred public records for storage, maintenance, or archiving and such transferring public body is no longer in existence, any public body that is a successor to the transferring public body shall be deemed the custodian of such records. In the event no successor entity exists, the entity in possession of the public records shall be deemed the custodian of the records for purposes of compliance with this chapter, and shall retrieve and supply such records to the requester. Nothing in this subsection shall be construed to apply to records transferred to the Library of Virginia for permanent archiving pursuant to the duties imposed by the Virginia Public Records Act (§ 42.1-76 et seq.). In accordance with § 42.1-79, the Library of Virginia shall be the custodian of such permanently archived records and shall be responsible for responding to requests for such records made pursuant to this chapter.

§ 2.2-3713. Proceedings for enforcement of chapter.

A. Any person, including the attorney for the Commonwealth acting in his official or individual capacity, denied the rights and privileges conferred by this chapter may proceed to enforce such rights and privileges by filing a petition for mandamus or injunction, supported by an affidavit showing good cause. Such petition may be brought in the name of the person notwithstanding that a request for public records was made by the person's attorney in his representative capacity. Venue for the petition shall be addressed as follows:

1. In a case involving a local public body, to the general district court or circuit court of the county or city from which the public body has been elected or appointed to serve and in which such rights and privileges were so denied;

2. In a case involving a regional public body, to the general district or circuit court of the county or city where the principal business office of such body is located; and

D. The petition shall allege with reasonable specificity the circumstances of the denial of the rights and privileges conferred by this chapter. A single instance of denial of the rights and privileges conferred by this chapter shall be sufficient to invoke the remedies granted herein. If the court finds the denial to be in violation of the provisions of this chapter, the petitioner shall be entitled to recover reasonable costs, including costs and reasonable fees for expert witnesses, and attorneys' fees from the public body if the petitioner substantially prevails on the merits of the case, unless special circumstances would make an award unjust. In making this determination, a court may consider, among other things, the reliance of a public body on an opinion of the Attorney General or a decision of a court that substantially supports the public body's position.

E. In any action to enforce the provisions of this chapter, the public body shall bear the burden of proof to establish an ~~exemption~~ exclusion by a preponderance of the evidence. *No court shall be required to accord any weight to the determination of a public body as to whether an exclusion applies.* Any failure by a public body to follow the procedures established by this chapter shall be presumed to be a violation of this chapter.

F. Failure by any person to request and receive notice of the time and place of meetings as provided in § 2.2-3707 shall not preclude any person from enforcing his rights and privileges conferred by this chapter.

2. That the provisions of this act are declaratory of the law as it existed prior to the September 17, 2015 decision of the Supreme Court of Virginia in the case of the *Department of Corrections v. Surovell*.

[S 728]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-44.5 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-44.5. Punitive damages for persons injured by intoxicated drivers.

In any action for personal injury or death arising from the operation of a motor vehicle, engine or train, the finder of fact may, in its discretion, award punitive damages to the plaintiff if the evidence proves that the defendant acted with malice toward the plaintiff or the defendant's conduct was so willful or wanton as to show a conscious disregard for the rights of others.

A defendant's conduct shall be deemed sufficiently willful or wanton as to show a conscious disregard for the rights of others when the evidence proves that (i) when the incident causing the injury or death occurred, the defendant had a blood alcohol concentration of 0.15 percent or more by weight by volume or 0.15 grams or more per 210 liters of breath; (ii) at the time the defendant began drinking alcohol, or during the time he was drinking alcohol, he knew or should have known that his ability to operate a motor vehicle, engine or train would be impaired, or when he was operating a motor vehicle he knew or should have known that his ability to operate a motor vehicle was impaired; and (iii) the defendant's intoxication was a proximate cause of the injury to or death of the plaintiff. For the purposes of clause (i), it shall be rebuttably presumed that the blood alcohol concentration at the time of the incident causing injury or death was at least as high as the test result as shown in a certificate issued pursuant to § 18.2-268.9 or in a certificate of analysis for a blood test administered pursuant to § 18.2-268.7, provided that the test was administered within three hours of the incident causing injury or death. In addition to any other forms of proof, a party may submit a copy of a certificate issued pursuant to § 18.2-268.9 or a certificate of analysis for a blood test administered pursuant to § 18.2-268.7, which shall be prima facie evidence of the facts contained therein.

However, when a defendant has unreasonably refused to submit to a test of his blood alcohol content as required by § 18.2-268.2, a defendant's conduct shall be deemed sufficiently willful or wanton as to show a conscious disregard for the rights of others when the evidence proves that (a) when the incident causing the injury or death occurred the defendant was intoxicated, which may be established by evidence concerning the conduct or condition of the defendant; (b) at the time the defendant began drinking alcohol, or during the time he was drinking alcohol, he knew or should have known that his ability to operate a motor vehicle was impaired; and (c) the defendant's intoxication was a proximate cause of the injury to the plaintiff or death of the plaintiff's decedent. In addition to any other forms of proof, a party may submit a certified copy of a court's determination of unreasonable refusal pursuant to § 18.2-268.3, which shall be prima facie evidence that the defendant unreasonably refused to submit to the test.

Evidence of similar conduct by the same defendant subsequent to the date of the personal injury or death arising from the operation of a motor vehicle, engine, or train shall be admissible at trial for consideration by the jury or other finder of fact for the limited purpose of determining what amount of punitive damages may be appropriate to deter the defendant and others from similar future action.

The award of ~~attorneys' attorney~~ fees shall not exceed \$25,000.

B. Nothing in this section shall be deemed to grant permission to bring an action against an agency if the agency would otherwise be immune from suit; or to grant a right to bring an action by a person who would otherwise lack standing to bring the action.

2. Detain the child in shelter care after the issuance of a detention order pursuant to § 16.1-255 or after the issuance of a warrant by a magistrate.

H. If a parent, guardian or other custodian fails, when requested, to bring the child before the court as provided in subdivisions B 2 and E 1, the court may issue a detention order directing that the child be taken into custody and be brought before the court.

I. A law-enforcement officer taking a child into custody pursuant to the provisions of subsection G of § 16.1-246 shall notify the intake officer of the juvenile court of the action taken. The intake officer shall determine if the child's conduct or situation is within the jurisdiction of the court and if a petition should be filed on behalf of the child. If the intake officer determines that a petition should not be filed, the law-enforcement officer shall as soon as practicable:

1. Return the child to his home;

2. Release the child to such child's parents, guardian, legal custodian or other person standing in loco parentis;

The child shall be held under visual supervision in a nonlocked, multipurpose area which is not designated for residential use. The child shall not be handcuffed or otherwise secured to a stationary object.

K. When an adult is taken into custody pursuant to a warrant ~~or~~ detention order, *or capias* alleging a delinquent act committed when he was a juvenile, he may be released on bail or recognizance pursuant to Chapter 9 (§ 19.2-119 et seq.) of Title 19.2. *An intake officer shall have the authority to issue a capias for an adult under the age of 21 who is alleged to have committed, before attaining the age of 18, an offense that would be a crime if committed by an adult.*

§ 16.1-259. Procedure in cases of adults.

A. In cases where an adult is charged with violations of the criminal law pursuant to subsection I or J of § 16.1-241, the procedure and disposition applicable in the trial of such cases in general district court shall be applicable to trial in juvenile court. The provisions of this law shall govern in all other cases involving adults.

B. Proceedings in cases of adults may be instituted on petition by any interested party, or on a warrant issued as provided by law, or upon the court's own motion.

C. Proceedings in cases of adults under the age of 21 who are alleged to have committed, before attaining the age of 18, an offense that would be a crime if committed by an adult shall be commenced by the filing of a petition.

D. Proceedings for violations of probation or parole in cases of adults under the age of 21 where jurisdiction is retained pursuant to § 16.1-242 shall be commenced by the filing of a petition.

§ 16.1-262. Form and content of petition.

A. The petition shall contain the facts below indicated:

"Commonwealth of Virginia, In re _____ (name of child)" a child under eighteen years of age.

"In the Juvenile and Domestic Relations District Court of the county (or city) of _____"

3. Statement of names and residence of the nearest known relatives if no parent or guardian can be found.

5. Statement as to whether the child is in custody, and if so, the place of detention or shelter care, and the time the child was taken into custody, and the time the child was placed in detention or shelter care.

B. If the subject of the petition is an adult, the petition shall not state or include the name of or any information concerning the parents, guardians, legal custodian, or person standing in loco parentis of the adult subject of the petition except as may be necessary to state the conduct alleged in the petition.

C. If any of the facts herein required to be stated are not known by the petitioner, the petition shall so state. The petition shall be verified, except that petitions filed under § 63.2-1237 may be signed by the petitioner's counsel, and may be upon information.

In accordance with § 16.1-69.32, the Supreme Court may formulate rules for the form and content of petitions in the juvenile court concerning matters related to the custody, visitation or support of a child and the protection, support or maintenance of an adult where the provisions of this section are not appropriate.

§ 16.1-263. Summonses.

A. After a petition has been filed, the court shall direct the issuance of summonses, one directed to the juvenile, if the juvenile is twelve or more years of age, and another to at least one parent, guardian, legal custodian or other person standing in loco parentis, and such other persons as appear to the court to be proper or necessary parties to the proceedings.

After a petition has been filed against an adult pursuant to subsection C or D of § 16.1-259, the court shall direct the issuance of a summons against the adult.

The summons shall require them to appear personally before the court at the time fixed to answer or testify as to the allegations of the petition. Where the custodian is summoned and such person is not a parent of the juvenile in question, a parent shall also be served with a summons. The court may direct that other proper or necessary parties to the proceedings be notified of the pendency of the case, the charge and the time and place for the hearing.

Any such summons shall be deemed a mandate of the court, and willful failure to obey its requirements shall subject any person guilty thereof to liability for punishment for contempt. Upon the failure of any person to appear as ordered in the summons, the court shall immediately issue an order for such person to show cause why he should not be held in contempt.

The parent, guardian, legal custodian, or other person standing in loco parentis shall not be summoned to appear or be punished for failure to appear in cases of adults who are brought before the court pursuant to subsection C or D of § 16.1-259 unless such person is summoned as a witness.

B. The summons shall advise the parties of their right to counsel as provided in § 16.1-266. A copy of the petition shall accompany each summons for the initial proceedings. The summons shall include notice that in the event that the juvenile is committed to the Department or to a secure local facility, at least one parent or other person legally obligated to care for and support the juvenile may be required to pay a reasonable sum for support and treatment of the juvenile pursuant to § 16.1-290. Notice of subsequent proceedings shall be provided to all parties in interest. In all cases where a party is represented by counsel and counsel has been provided with a copy of the petition and due notice as to time, date and place of the hearing, such action shall be deemed due notice to such party, unless such counsel has notified the court that he no longer represents such party.

C. The judge may endorse upon the summons an order directing a parent or parents, guardian or other custodian having the custody or control of the juvenile to bring the juvenile to the hearing.

D. A party, other than the juvenile, may waive service of summons by written stipulation or by voluntary appearance at the hearing.

E. No such summons or notification shall be required if the judge shall certify on the record that (i) the identity of a parent or guardian is not reasonably ascertainable or (ii) in cases in which it is alleged that a juvenile has committed a delinquent act, crime, status offense or traffic infraction or is in need of services or supervision, the location, or in the case of a parent or guardian located outside of the Commonwealth the location or mailing address, of a parent or guardian is not reasonably ascertainable. An affidavit of the mother that the identity of the father is not reasonably ascertainable shall be sufficient evidence of this fact, provided there is no other evidence before the court which would refute such an affidavit. In

cases referred to in clause (ii), an affidavit of a law-enforcement officer or juvenile probation officer that the location of a parent or guardian is not reasonably ascertainable shall be sufficient evidence of this fact, provided that there is no other evidence before the court which would refute the affidavit.

§ 16.1-284. When adult sentenced for juvenile offense.

When the juvenile court sentences an adult who has committed, before attaining the age of ~~eighteen~~ 18, an offense ~~which~~ that would be a crime if committed by an adult, the court may impose, *for each offense*, the penalties that are authorized to be imposed on adults for such violations, not to exceed the punishment for a Class 1 misdemeanor ~~for a single offense or multiple offenses~~, provided that the total jail sentence imposed shall not exceed 36 continuous months and the total fine shall not exceed \$2,500 or the court may order a disposition as provided in subdivision A 4, 5, 7, 11, 12, 14, or 17 and subsection B of § 16.1-278.8.

B. A person sentenced pursuant to this section shall be entitled to good time credit as authorized by § 53.1-116.

§ 16.1-291. Revocation or modification of probation, protective supervision or parole; proceedings; disposition.

A. A juvenile or person who violates an order of the juvenile court entered into pursuant to §§ 16.1-278.2 through 16.1-278.10 or § 16.1-284, who violates the conditions of his probation granted pursuant to § 16.1-278.5 or § 16.1-278.8, or who violates the conditions of his parole granted pursuant to §§ 16.1-285, 16.1-285.1 or § 16.1-293, may be proceeded against for a revocation or modification of such order or parole status. A proceeding to revoke or modify probation, protective supervision or parole shall be commenced by the filing of a petition. Except as otherwise provided, such petitions shall be screened, reviewed and prepared in the same manner and shall contain the same information as provided in §§ 16.1-260 and 16.1-262. The petition shall recite the date that the juvenile or person was placed on probation, under protective supervision or on parole and shall state the time and manner in which notice of the terms of probation, protective supervision or parole were given.

B. If a juvenile or person is found to have violated a prior order of the court or the terms of probation or parole, the court may, in accordance with the provisions of §§ 16.1-278.2 through 16.1-278.10, upon a revocation or modification hearing, modify or extend the terms of the order of probation or parole, including termination of probation or parole. However, notwithstanding the contempt power of the court as provided in § 16.1-292, the court shall be limited in the actions it may take to those that the court may have taken at the time of the court's original disposition pursuant to §§ 16.1-278.2 through 16.1-278.10, except as hereinafter provided.

C. In the event that a child in need of supervision is found to have willfully and materially violated an order of the court or the terms of his probation granted pursuant to § 16.1-278.5, in addition to or in lieu of the dispositions specified in that section, the court may enter any of the following orders of disposition:

1. Suspend the child's driver's license upon terms and conditions which may include the issuance of a restricted license for those purposes set forth in subsection E of § 18.2-271.1; or

2. Order any such child fourteen years of age or older to be (i) placed in a foster home, group home or other nonsecure residential facility, or, (ii) if the court finds that such placement is not likely to meet the child's needs, that all other treatment options in the community have been exhausted, and that secure placement is necessary in order to meet the child's service needs, detained in a secure facility for a period of time not to exceed ten consecutive days for violation of any order of the court or violation of probation arising out of the same petition. The court shall state in its order for detention the basis for all findings required by this section. When any child is detained in a secure facility pursuant to this section, the court shall direct the agency evaluating the child pursuant to § 16.1-278.5 to reconvene the interdisciplinary team participating in such evaluation, develop further treatment plans as may be appropriate and submit its report to the court of its determination as to further treatment efforts either during or following the period the child is in secure detention. A child may only be detained pursuant to this section in a detention home or other secure facility in compliance with standards established by the State Board. Any order issued pursuant to this subsection is a final order and is appealable as provided by law.

D. Nothing in this section shall be construed to reclassify a child in need of supervision as a delinquent.

E. If a person adjudicated delinquent and found to have violated an order of the court or the terms of his probation or parole was a juvenile at the time of the original offense and is eighteen years of age or older when the court enters disposition for violation of the order of the court or the terms of his probation or parole, the dispositional alternative specified in § 16.1-284 shall be available to the court.

§ 16.1-292. Violation of court order by any person.

A. Any person violating an order of the juvenile court entered pursuant to §§ 16.1-278.2 through 16.1-278.19 or § 16.1-284, including a parent subject to an order issued pursuant to subdivision 3 of § 16.1-278.8, may be proceeded against (i) by an order requiring the person to show cause why the order of the court entered pursuant to §§ 16.1-278.2 through 16.1-278.19 has not been complied with, (ii) for contempt of court pursuant to § 16.1-69.24 or as otherwise provided in this section, or (iii) by both. Except as otherwise expressly provided herein, nothing in this chapter shall deprive the court of its power to punish summarily for contempt for such acts as set forth in § 18.2-456, or to punish for contempt after notice and an opportunity to a hearing on the contempt except that confinement in the case of a juvenile shall be in a secure facility for juveniles rather than in jail and shall not exceed a period of ten days for each offense. However, if the person violating the order was a juvenile at the time of the original act and is eighteen years of age or older when the court enters a disposition for violation of the order, the judge may order confinement in jail.

B. Upon conviction of any party for contempt of court in failing or refusing to comply with an order of a juvenile court for spousal support or child support under § 16.1-278.15, the court may commit and sentence such party to confinement in a

jail, workhouse, city farm or work squad as provided in §§ 20-61 and 20-62, for a fixed or indeterminate period or until the further order of the court. In no event, however, shall such sentence be imposed for a period of more than twelve months. The sum or sums as provided for in § 20-63 shall be paid as therein set forth, to be used for the support and maintenance of the spouse or the child or children for whose benefit such order or decree provided.

C. Notwithstanding the contempt power of the court, the court shall be limited in the actions it may take with respect to a child violating the terms and conditions of an order to those which the court could have taken at the time of the court's original disposition pursuant to §§ 16.1-278.2 through 16.1-278.10, except as hereinafter provided. However, this limitation shall not be construed to deprive the court of its power to (i) punish a child summarily for contempt for acts set forth in § 18.2-456 or (ii) punish a child for contempt for violation of a dispositional order in a delinquency proceeding after notice and an opportunity for a hearing regarding such contempt, including acts of disobedience of the court's dispositional order which are committed outside the presence of the court.

D. In the event a child in need of services is found to have willfully and materially violated for a second or subsequent time the order of the court pursuant to § 16.1-278.4, the dispositional alternatives specified in subdivision 9 of § 16.1-278.8 shall be available to the court.

E. In the event a child in need of supervision is found to have willfully and materially violated an order of the court pursuant to § 16.1-278.5, the court may enter any of the following orders of disposition:

1. Suspend the child's motor vehicle driver's license;

2. Order any such child fourteen years of age or older to be (i) placed in a foster home, group home or other nonsecure residential facility, or, (ii) if the court finds that such placement is not likely to meet the child's needs, that all other treatment options in the community have been exhausted, and that secure placement is necessary in order to meet the child's service needs, detained in a secure facility for a period of time not to exceed ten consecutive days for violation of any order of the court arising out of the same petition. The court shall state in its order for detention the basis for all findings required by this section. When any child is detained in a secure facility pursuant to this section, the court shall direct the agency evaluating the child pursuant to § 16.1-278.5 to reconvene the interdisciplinary team participating in such evaluation as promptly as possible to review its evaluation, develop further treatment plans as may be appropriate and submit its report to the court for its determination as to further treatment efforts either during or following the period the child is in secure detention. A juvenile may only be detained pursuant to this section in a detention home or other secure facility in compliance with standards established by the State Board. Any order issued pursuant to this subsection is a final order and is appealable to the circuit court as provided by law.

F. Nothing in this section shall be construed to reclassify a child in need of services or in need of supervision as a delinquent.

2. Whose parents or other person responsible for his care neglects or refuses to provide care necessary for his health; however, no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall for that reason alone be considered to be an abused or neglected child;

4. Whose parents or other person responsible for his care commits or allows to be committed any sexual act upon a child in violation of the law;

5. Who is without parental care or guardianship caused by the unreasonable absence or the mental or physical incapacity of the child's parent, guardian, legal custodian, or other person standing in loco parentis; or

6. Whose parents or other person responsible for his care creates a substantial risk of physical or mental injury by knowingly leaving the child alone in the same dwelling, including an apartment as defined in § 55-79.2, with a person to whom the child is not related by blood or marriage and who the parent or other person responsible for his care knows has been convicted of an offense against a minor for which registration is required as a violent sexual offender pursuant to § 9.1-902.

If a civil proceeding under this chapter is based solely on the parent having left the child at a hospital or emergency medical services agency, it shall be an affirmative defense that such parent safely delivered the child to a hospital that provides 24-hour emergency services or to an attended emergency medical services agency that employs emergency medical services personnel, within 14 days of the child's birth. A. In any case in which (i) a local board of social services places a child through an agreement with the parents or guardians where legal custody remains with the parents or guardian, or (ii) legal custody of a child is given to a local board of social services or a child welfare agency, the local department of social services or child welfare agency shall prepare a foster care plan for such child, as described hereinafter. The individual family service plan developed by the family assessment and planning team pursuant to § 2.2-5208 may be accepted by the court as the foster care plan if it meets the requirements of this section.

The representatives of such department or agency shall involve the child's parent(s) in the development of the plan, except when parental rights have been terminated or the local department of social services or child welfare agency has made diligent efforts to locate the parent(s) and such parent(s) cannot be located, and any other person or persons standing in loco parentis at the time the board or child welfare agency obtained custody or the board placed the child. The representatives of such department or agency shall involve ~~the~~ *a child who is 14 years of age or older* in the development of the plan; *and, at the option of such child, up to two members of the case planning team who are chosen by the child and who are not a foster parent of, or caseworker for, the child. A child under 14 years of age may be involved in the development of the plan* if such involvement is consistent with the best interests of the child. In cases where either the parent(s) or child is not involved in the development of the plan, the department or agency shall include in the plan a full description of the reasons therefor.

The department or child welfare agency shall file the plan with the juvenile and domestic relations district court within 45 days following the transfer of custody or the board's placement of the child unless the court, for good cause shown, allows an extension of time, which shall not exceed an additional 60 days. However, a foster care plan shall be filed in accordance with the provisions of § 16.1-277.01 with a petition for approval of an entrustment agreement. A foster care plan need not be prepared if the child is returned to his prior family or placed in an adoptive home within 45 days following transfer of custody to the board or agency or the board's placement of the child.

B. The foster care plan shall describe in writing (i) the programs, care, services and other support which will be offered to the child and his parents and other prior custodians; (ii) the participation and conduct which will be sought from the child's parents and other prior custodians; (iii) the visitation and other contacts which will be permitted between the child and his parents and other prior custodians, and between the child and his siblings; (iv) the nature of the placement or placements which will be provided for the child; (v) for school-age children, the school placement of the child; ~~and~~ (vi) for children 14 years of age and older, the child's needs and goals in the areas of counseling, education, housing, employment, and money management skills development, along with specific independent living services that will be provided to the child to help him reach these goals; (vii) *for children 14 years and older, an explanation of the child's rights with respect to education, health, visitation, court participation, and the right to stay safe and avoid exploitation; and (viii) all documentation specified in 42 U.S.C. § 675(5)(l) and § 63.2-905.3.* In cases in which a foster care plan approved prior to July 1, 2011, identifies independent living as the goal for the child, and in cases involving children admitted to the United States as refugees or asylees who are 16 years of age or older and for whom the goal is independent living, the plan

shall also describe the programs and services which will help the child prepare for the transition from foster care to independent living. If consistent with the child's health and safety, the plan shall be designed to support reasonable efforts which lead to the return of the child to his parents or other prior custodians within the shortest practicable time which shall be specified in the plan. The child's health and safety shall be the paramount concern of the court and the agency throughout the placement, case planning, service provision and review process. *For a child 14 years of age and older, the plan shall include a signed acknowledgment by the child that the child has received a copy of the plan and that the rights contained therein have been explained to the child in an age-appropriate manner.*

If the department or child welfare agency concludes that it is not reasonably likely that the child can be returned to his prior family within a practicable time, consistent with the best interests of the child, the department, child welfare agency or team shall (a) include a full description of the reasons for this conclusion; (b) provide information on the opportunities for placing the child with a relative or in an adoptive home; (c) design the plan to lead to the child's successful placement with a relative if a subsequent transfer of custody to the relative is planned, or in an adoptive home within the shortest practicable time, and if neither of such placements is feasible; (d) explain why permanent foster care is the plan for the child or independent living is the plan for the child in cases involving children admitted to the United States as refugees or asylees who are 16 years of age or older and for whom the goal is independent living.

"Independent living" as used in this section has the meaning set forth in § 63.2-100.

The local board or other child welfare agency having custody of the child shall not be required by the court to make reasonable efforts to reunite the child with a parent if the court finds that (1) the residual parental rights of the parent regarding a sibling of the child have previously been involuntarily terminated; (2) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States or any foreign jurisdiction that constitutes murder or voluntary manslaughter, or a felony attempt, conspiracy or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time such offense occurred or the other parent of the child; (3) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States or any foreign jurisdiction that constitutes felony assault resulting in serious bodily injury or felony bodily wounding resulting in serious bodily injury or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of such offense; or (4) based on clear and convincing evidence, the parent has subjected any child to aggravated circumstances, or abandoned a child under circumstances which would justify the termination of residual parental rights pursuant to subsection D of § 16.1-283.

As used in this section:

"Aggravated circumstances" means torture, chronic or severe abuse, or chronic or severe sexual abuse, if the victim of such conduct was a child of the parent or child with whom the parent resided at the time such conduct occurred, including the failure to protect such a child from such conduct, which conduct or failure to protect: (i) evinces a wanton or depraved indifference to human life, or (ii) has resulted in the death of such a child or in serious bodily injury to such a child.

"Chronic abuse" or "chronic sexual abuse" means recurring acts of physical abuse that place the child's health, safety and well-being at risk.

"Serious bodily injury" means bodily injury that involves substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

"Severe abuse" or "severe sexual abuse" may include an act or omission that occurred only once, but otherwise meets the definition of "aggravated circumstances."

Within 30 days of making a determination that reasonable efforts to reunite the child with the parents are not required, the court shall hold a permanency planning hearing pursuant to § 16.1-282.1.

C. A copy of the entire foster care plan shall be sent by the court to the child, if he is 12 years of age or older; the guardian ad litem for the child, the attorney for the child's parents or for any other person standing in loco parentis at the time the board or child welfare agency obtained custody or the board placed the child, to the parents or other person standing in loco parentis, and such other persons as appear to the court to have a proper interest in the plan. However, a copy of the plan shall not be sent to a parent whose parental rights regarding the child have been terminated. A copy of the plan shall be sent by the court to the foster parents. A hearing shall be held for the purpose of reviewing and approving the foster care plan. The hearing shall be held within 60 days of (i) the child's initial foster care placement, if the child was placed through an agreement between the parents or guardians and the local department of social services or a child welfare agency; (ii) the original preliminary removal order hearing, if the child was placed in foster care pursuant to § 16.1-252; (iii) the hearing on the petition for relief of custody, if the child was placed in foster care pursuant to § 16.1-277.02; or (iv) the dispositional hearing at which the child was placed in foster care and an order was entered pursuant to § 16.1-278.2, 16.1-278.3, 16.1-278.4, 16.1-278.5, 16.1-278.6, or 16.1-278.8. However, the hearing shall be held in accordance with the provisions of § 16.1-277.01 with a petition for approval of an entrustment agreement. If the judge makes any revision in any part of the foster care plan, a copy of the changes shall be sent by the court to all persons who received a copy of the original of that part of the plan.

C1. Any order transferring custody of the child to a relative other than the child's prior family shall be entered only upon a finding, based upon a preponderance of the evidence, that the relative is one who, after an investigation as directed by the court, (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is committed to providing a permanent, suitable home for the child; and

(iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. The court's order transferring custody to a relative should further provide for, as appropriate, any terms or conditions which would promote the child's interest and welfare; ongoing provision of social services to the child and the child's custodian; and court review of the child's placement.

C2. Any order entered at the conclusion of the hearing that has the effect of achieving a permanent goal for the child by terminating residual parental rights pursuant to § 16.1-277.01, 16.1-277.02, 16.1-278.3, or 16.1-283; by placing the child in permanent foster care pursuant to clause (iv) of subsection A of § 16.1-282.1; or, in cases in which independent living was identified as the goal for a child in a foster care plan approved prior to July 1, 2011, or in which a child has been admitted to the United States as a refugee or asylee and is over 16 years of age and independent living has been identified as the permanency goal for the child, by directing the board or agency to provide the child with services to achieve independent living status, if the child has attained the age of 16 years, pursuant to clause (v) of subsection A of § 16.1-282.1 shall state whether reasonable efforts have been made to place the child in a timely manner in accordance with the foster care plan and to complete the steps necessary to finalize the permanent placement of the child.

D. The court in which the foster care plan is filed shall be notified immediately if the child is returned to his parents or other persons standing in loco parentis at the time the board or agency obtained custody or the board placed the child.

E. At the conclusion of the hearing at which the initial foster care plan is reviewed, the court shall schedule a foster care review hearing to be held within four months in accordance with § 16.1-282. However, if an order is entered pursuant to subsection C2, the court shall schedule a foster care review hearing to be held within 12 months of the entry of such order in accordance with the provisions of § 16.1-282.2. Parties who are present at the hearing at which the initial foster care plan is reviewed shall be given notice of the date set for the foster care review hearing and parties who are not present shall be summoned as provided in § 16.1-263.

F. Nothing in this section shall limit the authority of the juvenile judge or the staff of the juvenile court, upon order of the judge, to review the status of children in the custody of local boards of social services or placed by local boards of social services on its own motion. The court shall appoint an attorney to act as guardian ad litem to represent the child any time a hearing is held to review the foster care plan filed for the child or to review the child's status in foster care.

§ 16.1-282.1. Permanency planning hearing for children in foster care.

A. In the case of a child who was the subject of a foster care plan filed with the court pursuant to § 16.1-281, a permanency planning hearing shall be held within 10 months of the dispositional hearing at which the foster care plan pursuant to § 16.1-281 was reviewed if the child (a) was placed through an agreement between the parents or guardians and the local board of social services where legal custody remains with the parents or guardians and such agreement has not been dissolved by court order; or (b) is under the legal custody of a local board of social services or a child welfare agency and has not had a petition to terminate parental rights filed on the child's behalf, has not been placed in permanent foster care, or is age 16 or over and the plan for the child is not independent living. The board or child welfare agency shall file a petition for a permanency planning hearing 30 days prior to the date of the permanency planning hearing scheduled by the court. The purpose of this hearing is to establish a permanent goal for the child and either to achieve the permanent goal or to defer such action through the approval of an interim plan for the child.

To achieve the permanent goal, the petition for a permanency planning hearing shall seek to (i) transfer the custody of the child to his prior family, or dissolve the board's placement agreement and return the child to his prior family; (ii) transfer custody of the child to a relative other than the child's prior family, subject to the provisions of subsection A1; (iii) terminate residual parental rights pursuant to § 16.1-277.01 or 16.1-283; (iv) place ~~the~~ a child who is 16 years of age or older in permanent foster care pursuant to § 63.2-908; (v) if the child has been admitted to the United States as a refugee or asylee and has attained the age of 16 years or ~~over~~ older and the plan is independent living, direct the board or agency to provide the child with services to transition from foster care; or (vi) place ~~the~~ a child who is 16 years of age or older in another planned permanent living arrangement in accordance with the provisions of subsection A2. In cases in which a foster care plan approved prior to July 1, 2011, includes independent living as the goal for a child who is not admitted to the United States as an asylee or refugee, the petition shall direct the board or agency to provide the child with services to transition from foster care.

For approval of an interim plan, the petition for a permanency planning hearing shall seek to continue custody with the board or agency, or continue placement with the board through a parental agreement; or transfer custody to the board or child welfare agency from the parents or guardian of a child who has been in foster care through an agreement where the parents or guardian retains custody.

Upon receipt of the petition, if a permanency planning hearing has not already been scheduled, the court shall schedule such a hearing to be held within 30 days. The permanency planning hearing shall be held within 10 months of the dispositional hearing at which the foster care plan was reviewed pursuant to § 16.1-281. The provisions of subsection B of § 16.1-282 shall apply to this petition. The procedures of subsection C of § 16.1-282 and the provisions of subsection E of § 16.1-282 shall apply to the scheduling and notice of proceedings under this section.

A1. The following requirements shall apply to the transfer of custody of the child to a relative other than the child's prior family in accordance with the provisions of (ii) of subsection A of this section. Any order transferring custody of the child to a relative other than the child's prior family shall be entered only upon a finding, based upon a preponderance of the evidence, that the relative is one who, after an investigation as directed by the court, (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is

committed to providing a permanent, suitable home for the child; and (iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. The court's order transferring custody to a relative should further provide, as appropriate, for any terms or conditions which would promote the child's interest and welfare.

A2. The following requirements shall apply to the selection and approval of placement in another planned permanent living arrangement as the permanent goal for the child in accordance with clause (vi) of subsection A of this section.

1. The board or child welfare agency shall petition for alternative (vi) of subsection A only if the child has a severe and chronic emotional, physical or neurological disabling condition for which the child requires long-term residential treatment; and the board or child welfare agency has thoroughly investigated the feasibility of the alternatives listed in clauses (i) through (v) of subsection A and determined that none of those alternatives is in the best interests of the child. In a foster care plan filed with the petition pursuant to this section, the board or agency shall document the following: (i) the investigation conducted of the placement alternatives listed in clauses (i) through (v) of subsection A and why each of these is not currently in the best interest of the child; (ii) at least one compelling reason why none of the alternatives listed in clauses (i) through (v) is achievable for the child at the time placement in another planned permanent living arrangement is selected as the permanent goal for the child; (iii) the identity of the long-term residential treatment service provider; (iv) the nature of the child's disability; (v) the anticipated length of time required for the child's treatment; and (vi) the status of the child's eligibility for admission and long-term treatment. *The court shall ensure that the local department has documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, including adult siblings, or an adoptive parent, including through efforts that utilize search technology, including social media, to find the child's biological family members. The court shall ask the child about the child's desired permanency outcome and make a judicial determination, accompanied by an explanation of the reasons that the alternatives listed in clauses (i) through (iii) of subsection A continue to not be in the best interest of the child.*

2. Before approving alternative (vi) of subsection A ~~of this section~~ as the plan for the child, the court shall find (i) that the child has a severe and chronic emotional, physical or neurological disabling condition; (ii) that the child requires long-term residential treatment for the disabling condition; and (iii) that none of the alternatives listed in clauses (i) through (v) of subsection A is achievable for the child at the time placement in another planned permanent living arrangement is approved as the permanent goal for the child. If the board or agency petitions for alternative (vi), alternative (vi) may be approved by the court for a period of six months at a time.

3. At the conclusion of the permanency planning hearing, if alternative (vi) of subsection A ~~of this section~~ is the permanent plan, the court shall schedule a hearing to be held within six months to review the child's placement in another planned permanent living arrangement in accordance with subdivision 4 of subsection A2. All parties present at the hearing at which clause (vi) of subsection A is approved as the permanent plan for the child shall be given notice of the date scheduled for the foster care review hearing. Parties not present shall be summoned to appear as provided in § 16.1-263. Otherwise, this subsection A2 shall govern the scheduling and notice for such hearings.

4. The court shall review a foster care plan for any child who is placed in another planned permanent living arrangement every six months from the date of the permanency planning hearing held pursuant to this subsection, so long as the child remains in the legal custody of the board or child welfare agency. The board or child welfare agency shall file such petitions for review pursuant to the provisions of § 16.1-282 and shall, in addition, include in the petition the information required by subdivision 1 of subsection A2 of this section. The petition for foster care review shall be filed no later than 30 days prior to the hearing scheduled in accordance with subdivision 3 of subsection A2. At the conclusion of the foster care review hearing, if alternative (vi) of subsection A ~~of this section~~ remains the permanent plan, the court shall enter an order that states whether reasonable efforts have been made to place the child in a timely manner in accordance with the permanency plan and to monitor the child's status in another planned permanent living arrangement.

However, if at any time during the six-month approval periods permitted by this subsection, a determination is made by treatment providers that the child's need for long-term residential treatment for the child's disabling condition is eliminated, the board or agency shall immediately begin to plan for post-discharge services and shall, within 30 days of making such a determination, file a petition for a permanency planning hearing pursuant to subsection A of this section. Upon receipt of the petition, the court shall schedule a permanency planning hearing to be held within 30 days. The provisions of subsection B of § 16.1-282 shall apply to this petition. The procedures of subsection C of § 16.1-282 and the provisions of subsection E of § 16.1-282 shall apply to proceedings under this section.

A3. *The following requirements shall apply to the selection and approval of permanent foster care pursuant to clause (iv) of subsection A:*

1. *The court shall ensure that the local department has documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, including adult siblings, or an adoptive parent, including through efforts that utilize search technology, including social media, to find the child's biological family members.*

2. *The court shall ask the child about the child's desired permanency outcome and make a judicial determination, accompanied by an explanation of the reasons that the alternatives listed in clauses (i) through (iii) of subsection A continue to not be in the best interest of the child.*

B. The following requirements shall apply to the selection and approval of an interim plan for the child in accordance with subsection A.

1. The board or child welfare agency shall petition for approval of an interim plan only if the board or child welfare agency has thoroughly investigated the feasibility of the alternatives listed in clauses (i) through (v) of subsection A and determined that none of those alternatives is in the best interest of the child. If the board or agency petitions for approval of an interim plan, such plan may be approved by the court for a maximum period of six months. The board or agency shall also file a foster care plan that (i) identifies a permanent goal for the child that corresponds with one of the alternatives specified in clauses (i) through (v) of subsection A; (ii) includes provisions for accomplishing the permanent goal within six months; and (iii) summarizes the investigation conducted of the alternatives listed in clauses (i) through (v) of subsection A and why achieving each of these is not in the best interest of the child at this time.

2. Before approving an interim plan for the child, the court shall find:

a. When returning home remains the plan for the child, that the parent has made marked progress toward reunification with the child, the parent has maintained a close and positive relationship with the child, and the child is likely to return home within the near future, although it is premature to set an exact date for return at the time of this hearing; or

b. When returning home is not the plan for the child, that marked progress is being made to achieve the permanent goal identified by the board or child welfare agency and that it is premature to set an exact date for accomplishing the goal at the time of this hearing.

3. Upon approval of an interim plan, the court shall schedule a hearing to be held within six months to determine that the permanent goal is accomplished and to enter an order consistent with alternative (i), (ii), (iii), (iv), or (v) of subsection A. All parties present at the initial permanency planning hearing shall be given notice of the date scheduled for the second permanency planning hearing. Parties not present shall be summoned to appear as provided in § 16.1-263. Otherwise, subsection A shall govern the scheduling and notice for such hearings.

C. At the conclusion of the permanency planning hearing held pursuant to this section, whether action is taken or deferred to achieve the permanent goal for the child, the court shall enter an order that states whether reasonable efforts have been made to reunite the child with the child's prior family, if returning home is the permanent goal for the child; or whether reasonable efforts have been made to achieve the permanent goal identified by the board or agency, if the goal is other than returning the child home.

In making this determination, the court shall give consideration to whether the board or agency has placed the child in a timely manner in accordance with the foster care plan and completed the steps necessary to finalize the permanent placement of the child.

E. A licensed assisted living facility, licensed adult day care center, licensed child-placing agency, licensed independent foster home, licensed family day system, registered family day home, or family day home approved by a family day system shall obtain for any compensated employees within 30 days of employment (i) an original criminal record clearance with respect to convictions for offenses specified in § 63.2-1719 or an original criminal history record from the Central Criminal Records Exchange and (ii) in the case of licensed child-placing agencies, independent foster homes, and family day systems, registered family day homes, and family day homes approved by family day systems, a copy of the information from the central registry for any compensated employee within 30 days of employment. However, no employee shall be permitted to work in a position that involves direct contact with a person or child receiving services until an original criminal record clearance or original criminal history record has been received, unless such person works under the direct supervision of another employee for whom a background check has been completed in accordance with the requirements of this section. If an applicant is denied employment because of information from the central registry or convictions appearing on his criminal history record, the licensed assisted living facility, adult day care center, child-placing agency, independent foster home, or family day system, registered family day home, or family day home approved by a family day system shall provide a copy of the information obtained from the central registry or the Central Criminal Records Exchange or both to the applicant.

Any person making a materially false statement regarding the sworn statement or affirmation provided pursuant to subdivision C 1 is guilty of a Class 1 misdemeanor. If a volunteer is denied service because of information from the central registry or convictions appearing on his criminal history record, such licensed child-placing agency, independent foster home, or family day system, registered family day home, or family day home approved by a family day system shall provide a copy of the information obtained from the central registry or the Central Criminal Records Exchange or both to the volunteer. The provisions of this subsection shall apply only to volunteers who will be alone with any child in the performance of their duties and shall not apply to a parent-volunteer of a child attending a licensed child-placing agency, independent foster home, or family day system, registered family day home, or family day home approved by a family day system, whether or not such parent-volunteer will be alone with any child in the performance of his duties. A parent-volunteer is someone supervising, without pay, a group of children that includes the parent-volunteer's own child in a program that operates no more than four hours per day, provided that the parent-volunteer works under the direct supervision of a person who has received a clearance pursuant to this section.

J. A person who complies in good faith with the provisions of this section shall not be liable for any civil damages for any act or omission in the performance of duties under this section unless the act or omission was the result of gross negligence or willful misconduct.

§ 63.2-1720.1. (Effective July 1, 2017) Licensed child day centers and licensed family day homes; employment for compensation or use as volunteers of persons convicted of or found to have committed certain offenses prohibited; national background check required; penalty.

A. No child day center or family day home licensed in accordance with the provisions of this chapter shall hire for compensated employment, *continue to employ*, or permit to serve as a volunteer in a position that is involved in the day-to-day operations of the child day center or family day home or in which the employee or volunteer will be alone with, in control of, or supervising children any person who has an offense as defined in § 63.2-1719. All applicants for employment or to serve as volunteers shall undergo a background check in accordance with subsection B.

B. Any applicant required to undergo a background check in accordance with subsection A shall:

The applicant's fingerprints and personal descriptive information obtained pursuant to subdivision 2 shall be forwarded through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining national criminal history record information regarding such applicant. Upon receipt of an applicant's record or notification that no record exists, the Central Criminal Records Exchange shall forward the information to the Department, and the Department shall report to the child day center or family day home whether the applicant is eligible to have responsibility for the safety and well-being of children. In cases in which the record forwarded to the Department is lacking disposition data, the Department shall conduct research in whatever state and local recordkeeping systems are available in order to obtain complete data before reporting to the child day center or family day home.

C. The child day center or family day home shall inform every applicant for compensated employment or to serve as a volunteer required to undergo a background check pursuant to this section that he is entitled to obtain a copy of any background check report and to challenge the accuracy and completeness of any such report and obtain a prompt resolution before a final determination is made of the applicant's eligibility to have responsibility for the safety and well-being of children.

D. Any person making a materially false statement regarding the sworn statement or affirmation provided pursuant to subdivision B 1 is guilty of a Class 1 misdemeanor.

E. Further dissemination of the background check information is prohibited other than to the Commissioner's representative or a federal or state authority or court as may be required to comply with an express requirement of law for such further dissemination.

F. A person who complies in good faith with the provisions of this section shall not be liable for any civil damages for any act or omission in the performance of duties under this section unless the act or omission was the result of gross negligence or willful misconduct.

G. Notwithstanding the provisions of subsection A, a child day center may hire for compensated employment persons who have been convicted of not more than one misdemeanor offense under § 18.2-57 if 10 years have elapsed following the conviction, unless the person committed such offense while employed in a child day center or the object of the offense was a minor.

H. Fees charged for the processing and administration of background checks pursuant to this section shall not exceed the actual cost to the state of such processing and administration.

I. Any person employed for compensation at a licensed child day center or family day home or permitted to serve as a volunteer at a licensed child day center or family day home in a position that is involved in the day-to-day operations of the child day center or family day home or in which he will be alone with, in control of, or supervising children who is (i) convicted of an offense as defined in § 63.2-1719 within or outside of the Commonwealth or (ii) found to be the subject of a founded complaint of child abuse or neglect within or outside of the Commonwealth shall notify the child day center or family day home of such conviction or finding.

5. Indicate on the registration records for each accepted mail voter registration application form returned by mail pursuant to Article 3.1 (§ 24.2-416.1 et seq.) of Chapter 4 that the registrant has registered by mail. The general registrar shall fulfill this duty in accordance with the instructions of the State Board so that those persons who registered by mail are identified on the registration records, lists of registered voters furnished pursuant to § 24.2-405, lists of persons who voted furnished pursuant to § 24.2-406, and pollbooks used for the conduct of elections.

6. Accept a registration application or request for transfer or change of address submitted by or for a resident of any other county or city in the Commonwealth. Registrars shall process registration applications and requests for transfer or change of address from residents of other counties and cities in accordance with written instructions from the State Board and shall forward the completed application or request to the registrar of the applicant's residence. Notwithstanding the provisions of § 24.2-416, the registrar of the applicant's residence shall recognize as timely any application or request for transfer or change of address submitted to any person authorized to receive voter registration applications pursuant to Chapter 4 (§ 24.2-400 et seq.), prior to or on the final day of registration. However, notification shall not be required when the registrar does not have an address for the applicant.

7. Preserve order at and in the vicinity of the place of registration. For this purpose, the registrar shall be vested with the powers of a conservator of the peace while engaged in the duties imposed by law. He may exclude from the place of registration persons whose presence disturbs the registration process. He may appoint special officers, not exceeding three in number, for a place of registration and may summon persons in the vicinity to assist whenever, in his judgment, it is necessary to preserve order. 14. Whenever any part of his county or city becomes part of another jurisdiction by annexation, merger, or other means, transfer to the appropriate general registrar the registration records of the affected registered voters. The general registrar for their new county or city shall notify them by mail of the transfer and their new election districts and polling places.

16. Whenever any person is believed to be registered or voting in more than one state or territory of the United States at the same time, inquire about, or provide information from the voter's registration and voting records to any appropriate voter registration or other authority of another state or territory who inquires about, that person's registration and voting history.

17. At the request of the county or city chairman of any political party nominating a candidate for the General Assembly, constitutional office, or local office by a method other than a primary, review any petition required by the party in its nomination process to determine whether those signing the petition are registered voters with active status.

18. Carry out such other duties as prescribed by the electoral board in his capacity as the director of elections for the locality in which he serves.

19. Attend, or designate one member of his staff to attend, an annual training program provided by the State Board.

Unless directed by the applicant or as permitted in § 24.2-411.1 or 24.2-411.2, the registration application shall not be pre-populated with information the applicant is required to provide.

B. The form shall permit any individual, as follows, or member of his household, to furnish, in addition to his residence street address, a post office box address located within the Commonwealth to be included in lieu of his street address on the lists of registered voters and persons who voted, which are furnished pursuant to §§ 24.2-405 and 24.2-406, on voter registration records made available for public inspection pursuant to § 24.2-444, or on lists of absentee voter applicants furnished pursuant to § 24.2-706 or 24.2-710. [H 643]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-1802.1 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-1802.1. Period of limitations on collection; accrual of interest and penalty.

A. Where the assessment of any tax imposed by this subtitle has been made within the period of limitation properly applicable thereto, such tax may be collected by levy, by a proceeding in court, or by any other means available to the Tax Commissioner under the laws of the Commonwealth, but only if such collection effort is made or instituted within seven years from the date of the assessment of such tax. *Except as otherwise provided in this section, effective for assessments made on and after July 1, 2016, all collection efforts shall cease after such seven-year period even if initiated during the seven-year period.* Prior to the expiration of any period for collection, the period may be extended by a written agreement between the Tax Commissioner and the taxpayer, and subsequent written agreements may likewise extend the period previously agreed upon. The period of limitations provided in this subsection during which a tax may be collected shall not

apply to executions, levy or other actions to enforce a lien created before the expiration of the period of limitations by the docketing of a judgment or the filing of a memorandum of lien pursuant to § 58.1-1805; nor shall the period of limitations apply to the provisions of §§ 8.01-251 and 8.01-458.

B. The running of the period of limitations on collection shall be suspended for the period the assets of the taxpayer are in the control or custody of any state or federal court, including the United States Bankruptcy Court; ~~or~~ for the period during which a taxpayer is outside the Commonwealth if such period of absence is for a continuous period of at least six months; *or during the period that an installment agreement entered into by the taxpayer pursuant to § 58.1-1817 is in effect.*

C. If the Department of Taxation has no contact with the delinquent taxpayer for a period of six years and no memorandum of lien has been appropriately filed in a jurisdiction in which such taxpayer owns real estate, interest and penalty shall no longer be added to the delinquent tax liability. The mailing of notices by the Department to the taxpayer's last known address shall constitute contact with the taxpayer.

D. For purposes of this section, the "last known address" of the taxpayer means the address shown on the most recent return filed by or on behalf of the taxpayer or the address provided in correspondence by or on behalf of the taxpayer indicating that it is a change of the taxpayer's address.

CHAPTER 635

An Act to amend and reenact § 58.1-3984 of the Code of Virginia, relating to appeal of local tax assessments; confidentiality.

[S 597]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3984 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3984. Application to court to correct erroneous assessments of local levies generally.

A. Any person assessed with local taxes, aggrieved by any such assessment, may, unless otherwise specially provided by law (including, but not limited to, as provided under (i) § 15.2-717 and (ii) § 3 of Chapter 261 of the Acts of Assembly of 1936 (which was continued in effect by § 58-769 of the Code of Virginia; and now continued in effect by § 58.1-3260), as amended by Chapter 422 of the Acts of Assembly of 1950, as amended by Chapter 339 of the Acts of Assembly of 1958, and as amended by the 2003 Regular Session of the General Assembly), (a) within three years from the last day of the tax year for which any such assessment is made, (b) within one year from the date of the assessment, (c) within one year from the date of the Tax Commissioner's final determination under § 58.1-3703.1 A 5 or § 58.1-3983.1 D, or (d) within one year from the date of the final determination under § 58.1-3981, whichever is later, apply for relief to the circuit court of the county or city wherein such assessment was made. The application shall be before the court when it is filed in the clerk's office. In such proceedings, except for proceedings seeking relief from real property taxes, the burden of proof shall be upon the taxpayer to show that the property in question is valued at more than its fair market value or that the assessment is not uniform in its application, or that the assessment is otherwise invalid or illegal, but it shall not be necessary for the taxpayer to show that intentional, systematic and willful discrimination has been made.

All proceedings pursuant to this section shall be conducted as an action at law before the court, sitting without a jury. The county or city attorney, or if none, the attorney for the Commonwealth, shall defend the application.

Prior to the release of any information that constitutes confidential tax information under § 58.1-3, pursuant to discovery or otherwise, for the purposes of a proceeding under this section, the court shall, no later than the issuance of the scheduling order, make the following order:

"Unless otherwise ordered by the court, no entity or person who has obtained confidential information protected by § 58.1-3 of the Code of Virginia regarding [property reference], directly or indirectly through any party to this action, shall disclose, exhibit, or discuss the confidential information except as provided herein. Confidential information protected by § 58.1-3 may be revealed to or discussed only with the following persons in connection with the review or litigation of the assessment of the above-referenced property:

- 1. The taxpayer or the local government (the "Parties");*
- 2. Counsel for any Party to this action and employees of the counsel's firm, including attorneys other than counsel;*
- 3. Outside experts retained by and assisting counsel for any Party in the preparation for or trial of this action;*
- 4. The court or an administrative board reviewing the assessment on the above-referenced property, persons employed by the court or administrative board, and persons employed to transcribe or record the testimony or argument at a hearing, trial, or deposition regarding the assessment of the above-referenced property; and*
- 5. Any person who may be called as a witness in a hearing, trial, or discovery that counsel believes in good faith to be necessary for the preparation or presentation of the case.*

No person who is furnished with confidential information shall reveal it to, or discuss it with, any person who is not entitled to receive it under the terms of this order. Prior to their receipt of confidential information, those persons described in subdivisions 3 and 5 shall be required to sign an acknowledgement of this order and agree to be bound by the terms hereof and be subject to the jurisdiction of the court for enforcement thereof. Any person who violates the provisions of this order shall be subject to the penalty provided in subsection F of § 58.1-3."

Once the above-referenced order is entered, § 58.1-3 shall not be applicable to prevent the release of any relevant information that is responsive to a request for discovery made in the course of an appeal pursuant to this section.

B. In circuit court proceedings to seek relief from real property taxes, there shall be a presumption that the valuation determined by the assessor or as adjusted by the board of equalization is correct. The burden of proof shall be on the taxpayer to rebut such presumption and show by a preponderance of the evidence that the property in question is valued at more than its fair market value or that the assessment is not uniform in its application, and that it was not arrived at in accordance with generally accepted appraisal practices, procedures, rules, and standards as prescribed by nationally recognized professional appraisal organizations such as the International Association of Assessing Officers (IAAO) and applicable Virginia law relating to valuation of property. Mistakes of fact, including computation, that affect the assessment shall be deemed not to be in accordance with generally accepted appraisal practice.

However, in any appeal of the assessment of residential property filed by a taxpayer as an owner of real property containing less than four residential units, the assessing officer shall give the required written notice to the taxpayer, or his duly authorized representative, under subsection E of § 58.1-3331, and, upon written request, shall provide the taxpayer or his duly authorized representative copies of the assessment records set out in subsections A, B, and C of § 58.1-3331 pertaining to the assessing officer's determination of fair market value of the property under appeal. A written request by the taxpayer or his duly authorized representative shall be made following the filing of the appeal to circuit court and no later than 45 days prior to trial, unless otherwise provided by an order of the court before which the appeal is pending. Provided the written request is made in accordance with this section or any applicable court order, the assessing officer shall provide such records within 15 days of the written request to the taxpayer or his duly authorized representative. If the assessing officer fails to do so, the assessing officer shall present the following into evidence prior to the presentation of evidence by the taxpayer at the hearing: (i) copies of the assessment records maintained by the assessing officer under § 58.1-3331, (ii) testimony that explains the methodologies employed by the assessing officer to determine the assessed value of the property, and (iii) testimony that states that the assessed value was arrived at in accordance with generally accepted appraisal practices, procedures, rules, and standards as prescribed by nationally recognized professional appraisal organizations such as the International Association of Assessing Officers (IAAO) and applicable Virginia law relating to valuation of property. Upon the conclusion of the presentation of the evidence of the assessing officer, the taxpayer shall have the burden of proof by a preponderance of the evidence to rebut such evidence presented by the assessing officer as otherwise provided in this section.

C. The presumptions, burdens, and standards set out in subsection B shall not be construed to change or have any effect upon the presumptions, burdens, and standards applicable to applications for the correction of erroneous assessments of any local tax other than real property taxes.

D. In the event it comes or is brought to the attention of the commissioner of the revenue of the locality that the assessment of any tax is improper or is based on obvious error and should be corrected in order that the ends of justice may be served, and he is not able to correct it under § 58.1-3981, the commissioner of the revenue shall apply to the appropriate court, in the manner herein provided for relief of the taxpayer. Such application may include a petition for relief for any of several taxpayers.

CHAPTER 636

An Act to amend and reenact § 51.5-160 of the Code of Virginia, relating to auxiliary grants.

[H 420]

Be it enacted by the General Assembly of Virginia:

1. That § 51.5-160 of the Code of Virginia is amended and reenacted as follows:

§ 51.5-160. Auxiliary grants program; administration of program.

A. The Commissioner is authorized to prepare and implement, effective with repeal of Titles I, X, and XIV of the Social Security Act, a plan for a state and local funded auxiliary grants program to provide assistance to certain individuals ineligible for benefits under Title XVI of the Social Security Act, as amended, and to certain other individuals for whom benefits provided under Title XVI of the Social Security Act, as amended, are not sufficient to maintain the minimum standards of need established by regulations promulgated by the Commissioner. The plan shall be in effect in all political subdivisions in the Commonwealth and shall be administered in conformity with regulations of the Commissioner.

Nothing herein is to be construed to affect any such section as it relates to Temporary Assistance for Needy Families, general relief, or services to persons eligible for assistance under P.L. 92-603.

B. Those individuals who receive an auxiliary grant and who reside in licensed assisted living facilities or adult foster care homes shall be entitled to a personal needs allowance when computing the amount of the auxiliary grant. The amount of such personal needs allowance shall be set forth in the appropriation act.

C. The Commissioner shall adopt regulations for the administration of the auxiliary grants program that shall include ~~requirements for the Department to use in establishing~~ *the establishment* of auxiliary grant rates for *adult foster care homes* and licensed assisted living facilities and ~~adult foster care homes. At a minimum, these requirements. Such regulations shall address also include~~ (i) the process for ~~the facilities and homes to use in reporting their costs, including allowable costs and~~

~~resident charges, the time period for reporting costs, forms to be used, financial reviews, and audits of reported costs; (ii) the process to be used in calculating the auxiliary grant rates for the facilities and homes; and certification and (iii) (ii) the services to be provided to the auxiliary grant recipient and paid for by the auxiliary grant and not charged to the recipient's personal needs allowance.~~

D. In order to receive an auxiliary grant while residing in an assisted living facility, an individual shall have been evaluated by a case manager or other qualified assessor to determine his need for residential living care. An individual may be admitted to an assisted living facility pending evaluation and assessment as allowed by regulations of the Commissioner, but in no event shall any public agency incur a financial obligation if the individual is determined ineligible for an auxiliary grant. The Commissioner shall adopt regulations to implement the provisions of this subsection.

E. Provisions of Chapter 5 (§ 63.2-500 et seq.) of Title 63.2, relating to the administration of public assistance programs, shall govern operations of the auxiliary grant program established pursuant to this section.

F. Assisted living facilities and adult foster care homes providing services to auxiliary grant recipients may accept payments made by third parties for services provided to an auxiliary grant recipient, and the Department shall not include such payments as income for the purpose of determining eligibility for or calculating the amount of an auxiliary grant, provided that the payment is made:

1. Directly to the assisted living facility or adult foster care home by the third party on behalf of the auxiliary grant recipient;

2. Voluntarily by the third party, and not in satisfaction of a condition of admission, stay, or provision of proper care and services to the auxiliary grant recipient, unless the auxiliary grant recipient's physical needs exceed the services required to be provided by the assisted living facility as a condition of participation in the auxiliary grant program pursuant to subsection C; and

3. For specific goods and services provided to the auxiliary grant recipient other than food, shelter, or specific goods or services required to be provided by the assisted living facility or adult foster care home as a condition of participation in the auxiliary grant program pursuant to subsection C.

G. Assisted living facilities and adult foster care homes shall document all third-party payments received on behalf of an auxiliary grant recipient, including the source and amount of the payment and the goods and services for which such payments are to be used. Documentation related to the third-party payments shall be provided to the Department upon request.

H. Assisted living facilities and adult foster care homes shall provide each auxiliary grant recipient with a written list of the goods and services that are covered by the auxiliary grant pursuant to subsection C, including a clear statement that the facility may not charge an auxiliary grant recipient or the recipient's family additional amounts for goods or services included on such list.

CHAPTER 637

An Act to amend and reenact § 46.2-844 of the Code of Virginia, relating to passing stopped school buses; mailing of summons; rebutting presumption.

[S 120]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-844 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-844. Passing stopped school buses; penalty; prima facie evidence.

A. The driver of a motor vehicle approaching from any direction a clearly marked school bus ~~which~~ *that* is stopped on any highway, private road, or school driveway for the purpose of taking on or discharging children, the elderly, or mentally or physically handicapped persons, who, in violation of § 46.2-859, fails to stop and remain stopped until all such persons are clear of the highway, private road, or school driveway; is subject to a civil penalty of \$250, and any prosecution shall be instituted and conducted in the same manner as prosecutions for traffic infractions.

A prosecution or proceeding under § 46.2-859 is a bar to a prosecution or proceeding under this section for the same act, and a prosecution or proceeding under this section is a bar to a prosecution or proceeding under § 46.2-859 for the same act.

In any prosecution for which a summons charging a violation of this section was issued within ~~ten~~ *10* days of the alleged violation, proof that the motor vehicle described in the summons was operated in violation of this section, together with proof that the defendant was at the time of such violation the registered owner of the vehicle, as required by Chapter 6 (§ 46.2-600 et seq.) ~~of this title~~ shall give rise to a rebuttable presumption that the registered owner of the vehicle was the person who operated the vehicle at the place where, and for the time during which, the violation occurred. *Such presumption shall be rebutted if (i) the owner of the vehicle files an affidavit by regular mail with the clerk of the general district court that he was not the operator of the vehicle at the time of the alleged violation, (ii) the owner testifies in open court under oath that he was not the operator of the vehicle at the time of the alleged violation, or (iii) a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation of this section is presented prior to the return date established on the summons issued pursuant to this section to the court adjudicating the alleged violation. Nothing herein shall limit the admission of otherwise admissible evidence.*

The testimony of the school bus driver, the supervisor of school buses, or a law-enforcement officer that the vehicle was yellow, conspicuously marked as a school bus, and equipped with warning devices as prescribed in § 46.2-1090 is prima facie evidence that the vehicle is a school bus.

B. A locality may, by ordinance, authorize the school division of the locality to install and operate a video-monitoring system in or on the school buses operated by the division or to contract with a private vendor to do so on behalf of the school division for the purpose of recording violations of subsection A. Such ordinance may direct that any civil penalty levied for a violation of subsection A shall be payable to the local school division. *In any locality that has adopted such an ordinance, a summons for a violation of subsection A may be executed as provided in § 19.2-76.2 and, notwithstanding the provisions of § 19.2-76, the summons may be executed by mailing by first-class mail a copy thereof to the address of the owner of the vehicle contained in the records of the Department. Every such mailing shall include, in addition to the summons, a notice of (i) the summoned person's ability to rebut the presumption that he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit as provided in subsection A and (ii) instructions for filing such an affidavit, including the address to which the affidavit is to be sent. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3. No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for failure to appear on the return date of the summons. Any summons executed for violation of this section shall provide to the person summoned at least 30 business days from the mailing of the summons to inspect information collected by a video-monitoring system in connection with the violation.*

For purposes of this subsection, "video-monitoring system" means a system with one or more camera sensors and computers installed and operated on a school bus that produces live digital and recorded video of motor vehicles being operated in violation of § 46.2-859. All such systems installed shall, at a minimum, produce a recorded image of the license plate and shall record the activation status of at least one warning device as prescribed in § 46.2-1090 and the time, date, and location of the vehicle when the image is recorded.

CHAPTER 638

An Act to amend and reenact §§ 16.1-253.2 and 18.2-60.4 of the Code of Virginia, relating to violation of protective order; possession of a firearm or other deadly weapon; penalty.

[S 323]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-253.2 and 18.2-60.4 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-253.2. Violation of provisions of protective orders; penalty.

A. In addition to any other penalty provided by law, any person who violates any provision of a protective order issued pursuant to § 16.1-253, 16.1-253.1, 16.1-253.4, 16.1-278.14, or 16.1-279.1 or subsection B of § 20-103, when such violation involves a provision of the protective order that prohibits such person from (i) going or remaining upon land, buildings, or premises; (ii) further acts of family abuse; or (iii) committing a criminal offense, or which prohibits contacts by the respondent with the allegedly abused person or family or household members of the allegedly abused person as the court deems appropriate, is guilty of a Class 1 misdemeanor. The punishment for any person convicted of a second offense of violating a protective order, when the offense is committed within five years of the prior conviction and when either the instant or prior offense was based on an act or threat of violence, shall include a mandatory minimum term of confinement of 60 days. Any person convicted of a third or subsequent offense of violating a protective order, when the offense is committed within 20 years of the first conviction and when either the instant or one of the prior offenses was based on an act or threat of violence is guilty of a Class 6 felony and the punishment shall include a mandatory minimum term of confinement of six months. The mandatory minimum terms of confinement prescribed for violations of this section shall be served consecutively with any other sentence.

B. In addition to any other penalty provided by law, any person who, while knowingly armed with a firearm or other deadly weapon, violates any provision of a protective order with which he has been served issued pursuant to § 16.1-253, 16.1-253.1, 16.1-253.4, 16.1-278.14, or 16.1-279.1 or subsection B of § 20-103 is guilty of a Class 6 felony.

C. If the respondent commits an assault and battery upon any party protected by the protective order, resulting in serious bodily injury to the party, he is guilty of a Class 6 felony. Any person who violates such a protective order by furtively entering the home of any protected party while the party is present, or by entering and remaining in the home of the protected party until the party arrives, is guilty of a Class 6 felony, in addition to any other penalty provided by law.

D. Upon conviction of any offense hereunder for which a mandatory minimum term of confinement is not specified, the person shall be sentenced to a term of confinement and in no case shall the entire term imposed be suspended. Upon conviction, the court shall, in addition to the sentence imposed, enter a protective order pursuant to § 16.1-279.1 for a specified period not exceeding two years from the date of conviction.

§ 18.2-60.4. Violation of protective orders; penalty.

A. Any person who violates any provision of a protective order issued pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10 is guilty of a Class 1 misdemeanor. Conviction hereunder shall bar a finding of contempt for the same act. The

punishment for any person convicted of a second offense of violating a protective order, when the offense is committed within five years of the prior conviction and when either the instant or prior offense was based on an act or threat of violence, shall include a mandatory minimum term of confinement of 60 days. Any person convicted of a third or subsequent offense of violating a protective order, when the offense is committed within 20 years of the first conviction and when either the instant or one of the prior offenses was based on an act or threat of violence, is guilty of a Class 6 felony and the punishment shall include a mandatory minimum term of confinement of six months. The mandatory minimum terms of confinement prescribed for violations of this section shall be served consecutively with any other sentence.

B. In addition to any other penalty provided by law, any person who, while knowingly armed with a firearm or other deadly weapon, violates any provision of a protective order with which he has been served issued pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10 is guilty of a Class 6 felony.

C. If the respondent commits an assault and battery upon any party protected by the protective order resulting in serious bodily injury to the party, he is guilty of a Class 6 felony. Any person who violates such a protective order by furtively entering the home of any protected party while the party is present, or by entering and remaining in the home of the protected party until the party arrives, is guilty of a Class 6 felony, in addition to any other penalty provided by law.

D. Upon conviction of any offense hereunder for which a mandatory minimum term of confinement is not specified, the person shall be sentenced to a term of confinement and in no case shall the entire term imposed be suspended.

E. Upon conviction, the court shall, in addition to the sentence imposed, enter a protective order pursuant to § 19.2-152.10 for a specified period not exceeding two years from the date of conviction.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined; therefore, Chapter 665 of the Acts of Assembly of 2015 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 640

An Act to amend and reenact § 22.1-254.1 of the Code of Virginia, relating to information on a parent's election to provide home instruction; religious exemption; disclosure.

[S 780]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:**1. That § 22.1-254.1 of the Code of Virginia is amended and reenacted as follows:****§ 22.1-254.1. Declaration of policy; requirements for home instruction of children.**

A. When the requirements of this section have been satisfied, instruction of children by their parents is an acceptable alternative form of education under the policy of the Commonwealth of Virginia. Any parent of any child who will have reached the fifth birthday on or before September 30 of any school year and who has not passed the eighteenth birthday may elect to provide home instruction in lieu of school attendance if he (i) holds a high school diploma; or (ii) is a teacher of qualifications prescribed by the Board of Education; or (iii) provides a program of study or curriculum which may be delivered through a correspondence course or distance learning program or in any other manner; or (iv) provides evidence that he is able to provide an adequate education for the child.

B. Any parent who elects to provide home instruction in lieu of school attendance shall annually notify the division superintendent in August of his intention to so instruct the child and provide a description of the curriculum, limited to a list of subjects to be studied during the coming year, and evidence of having met one of the criteria for providing home instruction as required by subsection A. Effective July 1, 2000, parents electing to provide home instruction shall provide such annual notice no later than August 15. Any parent who moves into a school division or begins home instruction after the school year has begun shall notify the division superintendent of his intention to provide home instruction as soon as practicable and shall thereafter comply with the requirements of this section within 30 days of such notice. The division superintendent shall notify the Superintendent of Public Instruction of the number of students in the school division receiving home instruction.

C. The parent who elects to provide home instruction shall provide the division superintendent by August 1 following the school year in which the child has received home instruction with either (i) evidence that the child has attained a composite score in or above the fourth stanine on any nationally normed standardized achievement test, or an equivalent score on the ACT, SAT, or PSAT test or (ii) an evaluation or assessment which the division superintendent determines to indicate that the child is achieving an adequate level of educational growth and progress, including but not limited to: (a) an evaluation letter from a person licensed to teach in any state, or a person with a master's degree or higher in an academic discipline, having knowledge of the child's academic progress, stating that the child is achieving an adequate level of educational growth and progress; or (b) a report card or transcript from a community college or college, college distance learning program, or home-education correspondence school.

In the event that evidence of progress as required in this subsection is not provided by the parent, the home instruction program for that child may be placed on probation for one year. Parents shall file with the division superintendent evidence of their ability to provide an adequate education for their child in compliance with subsection A and a remediation plan for the probationary year which indicates their program is designed to address any educational deficiency. Upon acceptance of such evidence and plan by the division superintendent, the home instruction may continue for one probationary year. If the remediation plan and evidence are not accepted or the required evidence of progress is not provided by August 1 following the probationary year, home instruction shall cease and the parent shall make other arrangements for the education of the child which comply with § 22.1-254. The requirements of subsection C shall not apply to children who are under the age of six as of September 30 of the school year.

D. Nothing in this section shall prohibit a pupil and his parents from obtaining an excuse from school attendance by reason of bona fide religious training or belief pursuant to subdivision B 1 of § 22.1-254.

E. Any party aggrieved by a decision of the division superintendent may appeal his decision within 30 days to an independent hearing officer. The independent hearing officer shall be chosen from the list maintained by the Executive Secretary of the Supreme Court for hearing appeals of the placements of children with disabilities. The costs of the hearing shall be apportioned among the parties by the hearing officer in a manner consistent with his findings.

F. School boards shall implement a plan to notify students receiving home instruction pursuant to this section and their parents of the availability of Advanced Placement (AP) and Preliminary SAT (PSAT) examinations and the availability of financial assistance to low-income and needy students to take these examinations. School boards shall implement a plan to make these examinations available to students receiving home instruction.

G. No division superintendent or local school board shall disclose to the Department of Education or any other person or entity outside of the local school division information that is provided by a parent or student to satisfy the requirements of this section or subdivision B 1 of § 22.1-254. *However, a division superintendent or local school board may disclose, with the written consent of a student's parent, such information to the extent provided by the parent's consent.* Nothing in this subsection shall prohibit a division superintendent from notifying the Superintendent of Public Instruction of the number of students in the school division receiving home instruction as required by subsection B.

CHAPTER 641

An Act to amend and reenact §§ 2.2-115 and 2.2-3104.01 of the Code of Virginia, relating to the Commonwealth's Development Opportunity Fund; political contributions; reporting.

[S 750]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:**1. That §§ 2.2-115 and 2.2-3104.01 of the Code of Virginia are amended and reenacted as follows:****§ 2.2-115. Commonwealth's Development Opportunity Fund.**

A. As used in this section, unless the context requires otherwise:

"New job" means employment of an indefinite duration, created as the direct result of the private investment, for which the firm pays the wages and standard fringe benefits for its employee, requiring a minimum of either (i) 35 hours of the employee's time a week for the entire normal year of the firm's operations, which "normal year" must consist of at least 48 weeks or (ii) 1,680 hours per year.

Seasonal or temporary positions, positions created when a job function is shifted from an existing location in the Commonwealth to the location of the economic development project, positions with suppliers, and multiplier or spin-off jobs shall not qualify as new jobs. The term "new job" shall include positions with contractors provided that all requirements included within the definition of the term are met.

"Prevailing average wage" means that amount determined by the Virginia Employment Commission to be the average wage paid workers in the city or county of the Commonwealth where the economic development project is located. The prevailing average wage shall be determined without regard to any fringe benefits.

"Private investment" means the private investment required under this section.

B. There is created the Commonwealth's Development Opportunity Fund (the Fund) to be used by the Governor to attract economic development prospects and secure the expansion of existing industry in the Commonwealth. The Fund shall consist of any funds appropriated to it by the general appropriation act and revenue from any other source, public or private. The Fund shall be established on the books of the Comptroller, and any funds remaining in the Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the Fund shall be credited to the Fund. The Governor shall report to the Chairmen of the House Committees on Appropriations and Finance and the Senate Committee on Finance as funds are awarded in accordance with this section.

C. Funds shall be awarded from the Fund by the Governor as grants or loans to political subdivisions. The criteria for making such grants or loans shall include (i) job creation, (ii) private capital investment, and (iii) anticipated additional state tax revenue expected to accrue to the state and affected localities as a result of the capital investment and jobs created. Loans shall be approved by the Governor and made in accordance with guidelines established by the Virginia Economic Development Partnership and approved by the Comptroller. Loans shall be interest-free unless otherwise determined by the Governor and shall be repaid to the Fund. The Governor may establish the interest rate to be charged; otherwise, any interest charged shall be at market rates as determined by the State Treasurer and shall be indicative of the duration of the loan. The Virginia Economic Development Partnership shall be responsible for monitoring repayment of such loans and reporting the receivables to the Comptroller as required.

Beginning with the five fiscal years from fiscal year 2006-2007 through fiscal year 2010-2011, and for every five fiscal years' period thereafter, in general, no less than one-third of the moneys appropriated to the Fund in every such five-year period shall be awarded to counties and cities having an annual average unemployment rate that is greater than the final statewide average unemployment rate for the calendar year that immediately precedes the calendar year of the award. However, if such one-third requirement will not be met because economic development prospects in such counties and cities are unable to fulfill the applicable minimum private investment and new jobs requirements set forth in this section, then any funds remaining in the Fund at the end of the five-year period that would have otherwise been awarded to such counties and cities shall be made available for awards in the next five fiscal years' period.

D. Funds may be used for public and private utility extension or capacity development on and off site; public and private installation, extension, or capacity development of high-speed or broadband Internet access, whether on or off site; road, rail, or other transportation access costs beyond the funding capability of existing programs; site acquisition; grading, drainage, paving, and any other activity required to prepare a site for construction; construction or build-out of publicly or privately owned buildings; training; or grants or loans to an industrial development authority, housing and redevelopment authority, or other political subdivision for purposes directly relating to any of the foregoing. However, in no case shall funds from the Fund be used, directly or indirectly, to pay or guarantee the payment for any rental, lease, license, or other contractual right to the use of any property.

It shall be the policy of the Commonwealth that moneys in the Fund shall not be used for any economic development project in which a business relocates or expands its operations in one or more Virginia localities and simultaneously closes its operations or substantially reduces the number of its employees in another Virginia locality. The Secretary of Commerce and Trade shall enforce this policy and for any exception thereto shall promptly provide written notice to the Chairmen of the Senate Finance and House Appropriations Committees, which notice shall include a justification for any exception to such policy.

E. 1. a. Except as provided in this subdivision, no grant or loan shall be awarded from the Fund unless the project involves a minimum private investment of \$5 million and creates at least 50 new jobs for which the average wage, excluding fringe benefits, is no less than the prevailing average wage. For projects, including but not limited to projects involving emerging technologies, for which the average wage of the new jobs created, excluding fringe benefits, is at least twice the prevailing average wage for that locality or region, the Governor shall have the discretion to require no less than one-half the number of new jobs as set forth for that locality in this subdivision.

b. Notwithstanding the provisions of subdivision a, a grant or loan may be awarded from the Fund if the project involves a minimum private investment of \$100 million and creates at least 25 new jobs for which the average wage, excluding fringe benefits, is no less than the prevailing average wage.

2. Notwithstanding the provisions of subdivision 1 a, in localities (i) with an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year or (ii) with a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year, a grant or loan may be awarded from the Fund pursuant to subdivision 1 a if the project involves a minimum private investment of \$2.5 million and creates at least 25 new jobs for which the average wage, excluding fringe benefits, is no less than 85 percent of the prevailing average wage.

3. Notwithstanding the provisions of subdivisions 1 a and 2, in localities (i) with an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year and (ii) with a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year, a grant or loan may be awarded from the Fund pursuant to such subdivisions if the project involves a minimum private investment of \$1.5 million and creates at least 15 new jobs for which the average wage, excluding fringe benefits, is no less than 85 percent of the prevailing average wage.

4. For projects that are eligible under subdivision 2 or 3, the average wage of the new jobs, excluding fringe benefits, shall be no less than 85 percent of the prevailing average wage. In addition, for projects in such localities, the Governor may award a grant or loan for a project paying less than 85 percent of the prevailing average wage but still providing customary employee benefits, only after the Secretary of Commerce and Trade has made a written finding that the economic circumstances in the area are sufficiently distressed (i.e., high unemployment or underemployment and negative economic forecasts) that assistance to the locality to attract the project is nonetheless justified. However, the minimum private investment and number of new jobs required to be created as set forth in this subsection shall still be a condition of eligibility for an award from the Fund. Such written finding shall promptly be provided to the chairs of the Senate Committee on Finance and the House Committee on Appropriations.

F. 1. The Virginia Economic Development Partnership shall assist the Governor in developing objective guidelines and criteria that shall be used in awarding grants or making loans from the Fund. The guidelines may require that as a condition of receiving any grant or loan incentive that is based on employment goals, a recipient company must provide copies of employer quarterly payroll reports that have been provided to the Virginia Employment Commission to verify the employment status of any position included in the employment goal. The guidelines may include a requirement for the affected locality or localities to provide matching funds which may be cash or in-kind, at the discretion of the Governor. The guidelines and criteria shall include provisions for geographic diversity and a cap on the amount of funds to be provided to any individual project. At the discretion of the Governor, this cap may be waived for qualifying projects of regional or statewide interest. In developing the guidelines and criteria, the Virginia Economic Development Partnership shall use the measure for Fiscal Stress published by the Commission on Local Government of the Department of Housing and Community Development for the locality in which the project is located or will be located as one method of determining the amount of assistance a locality shall receive from the Fund.

2. a. Notwithstanding any provision in this section or in the guidelines, each political subdivision that receives a grant or loan from the Fund shall enter into a contract with each business beneficiary of funds from the Fund. A person or entity shall be a business beneficiary of funds from the Fund if grant or loan moneys awarded from the Fund by the Governor are paid to a political subdivision and (i) subsequently distributed by the political subdivision to the person or entity or (ii) used by the political subdivision for the benefit of the person or entity but never distributed to the person or entity.

b. The contract between the political subdivision and the business beneficiary shall provide in detail (i) the fair market value of all funds that the Commonwealth has committed to provide, (ii) the fair market value of all matching funds (or in-kind match) that the political subdivision has agreed to provide, (iii) how funds committed by the Commonwealth (including but not limited to funds from the Fund committed by the Governor) and funds that the political subdivision has agreed to provide are to be spent, (iv) the minimum private investment to be made and the number of new jobs to be created agreed to by the business beneficiary, (v) the average wage (excluding fringe benefits) agreed to be paid in the new jobs, (vi) the prevailing average wage, and (vii) the formula, means, or processes agreed to be used for measuring compliance with the minimum private investment and new jobs requirements, including consideration of any layoffs instituted by the business beneficiary over the course of the period covered by the contract.

The contract shall state the date by which the agreed upon private investment and new job requirements shall be met by the business beneficiary of funds from the Fund and may provide for the political subdivision to grant up to a 15-month extension of such date if deemed appropriate by the political subdivision subsequent to the execution of the contract. Any extension of such date granted by the political subdivision shall be in writing and promptly delivered to the business

beneficiary, and the political subdivision shall simultaneously provide a copy of the extension to the Virginia Economic Development Partnership.

The contract shall provide that if the private investment and new job contractual requirements are not met by the expiration of the date stipulated in the contract, including any extension granted by the political subdivision, the business beneficiary shall be liable to the political subdivision for repayment of a portion of the funds provided under the contract. The contract shall include a formula for purposes of determining the portion of such funds to be repaid. The formula shall, in part, be based upon the fair market value of all funds that have been provided by the Commonwealth and the political subdivision and the extent to which the business beneficiary has met the private investment and new job contractual requirements. Any such funds repaid to the political subdivision that relate to the award from the Commonwealth's Development Opportunity Fund shall promptly be paid over by the political subdivision to the Commonwealth by payment remitted to the State Treasurer. Upon receipt by the State Treasurer of such payment, the Comptroller shall deposit such repaid funds into the Commonwealth's Development Opportunity Fund.

c. The contract shall be amended to reflect changes in the funds committed by the Commonwealth or agreed to be provided by the political subdivision.

d. Notwithstanding any provision in this section or in the guidelines, whenever layoffs instituted by a business beneficiary over the course of the period covered by a contract cause the net total number of the new jobs created to be fewer than the number agreed to, then the business beneficiary shall return the portion of any funds received pursuant to the repayment formula established by the contract.

3. Notwithstanding any provision in this section or in the guidelines, prior to executing any such contract with a business beneficiary, the political subdivision shall provide a copy of the proposed contract to the Attorney General. The Attorney General shall review the proposed contract (i) for enforceability as to its provisions and (ii) to ensure that it is in appropriate legal form. The Attorney General shall provide any written suggestions to the political subdivision within seven days of his receipt of the copy of the contract. The Attorney General's suggestions shall be limited to the enforceability of the contract's provisions and the legal form of the contract.

4. Notwithstanding any provision in this section or in the guidelines, a political subdivision shall not expend, distribute, pledge, use as security, or otherwise use any award from the Fund unless and until such contract as described herein is executed with the business beneficiary.

G. Within the 30 days immediately following June 30 and December 30 of each year, the Governor shall provide a report to the Chairmen of the House Committees on Appropriations and Finance and the Senate Committee on Finance which shall include, but is not limited to, the following information regarding grants and loans awarded from the Fund during the immediately preceding six-month period for economic development projects: the name of the company that is the business beneficiary of the grant or loan and the type of business in which it engages; the location (county, city, or town) of the project; the amount of the grant or loan committed from the Fund and the amount of all other funds committed by the Commonwealth from other sources and the purpose for which such grants, loans, or other funds will be used; the amount of all moneys or funds agreed to be provided by political subdivisions and the purposes for which they will be used; the number of new jobs agreed to be created by the business beneficiary; the amount of investment in the project agreed to be made by the business beneficiary; the timetable for the completion of the project and new jobs created; the prevailing average wage; and the average wage (excluding fringe benefits) agreed to be paid in the new jobs.

H. The Governor shall provide grants and commitments from the Fund in an amount not to exceed the dollar amount contained in the Fund. If the Governor commits funds for years beyond the fiscal years covered under the existing appropriation act, the State Treasurer shall set aside and reserve the funds the Governor has committed, and the funds shall remain in the Fund for those future fiscal years. No grant or loan shall be payable in the years beyond the existing appropriation act unless the funds are currently available in the Fund.

I. ~~Any person or entity submitting an application for a grant or loan from the Fund shall certify, on a form acceptable to the Virginia Economic Development Partnership, that it shall not provide any contribution, gift, or other item with a value greater than \$100 to the Governor or to his campaign committee or a political action committee established on his behalf during (i) the period in which the person or entity's application for such award is pending and (ii) the one-year period immediately after any such award is made. Any person or entity who so certifies and who receives an award from the Fund shall repay, if such person or entity provided or provides such a contribution, gift, or other item of value during these periods, the amount of the award received within 90 days after receipt of written notice from the Virginia Economic Development Partnership. In addition, any person or entity that knowingly provided or provides such a contribution, gift, or other item of value during these periods in violation of this subsection shall be subject to a civil penalty of \$500 or up to two times the amount of the contribution or gift, whichever is greater, and the contribution, gift, or other item shall be returned to the donor. The attorney for the Commonwealth shall initiate civil proceedings to enforce the civil penalties. Any civil penalties collected shall be payable to the State Treasurer for deposit to the general fund and shall be used exclusively to fund the Virginia Conflict of Interest and Ethics Advisory Council. For purposes of this subsection, "entity" includes individuals who are officers, directors, or owners of or who have a controlling ownership interest in such entity. On a quarterly basis, the Virginia Economic Development Partnership shall notify the Governor, his campaign committee, and his political action committee of awards from the Fund made in the prior quarter. Within 18 months of the date of each award from the Fund, the Governor, his campaign committee, and his political action committee shall submit to the Virginia Conflict of Interest and Ethics Advisory Council established in § 30-355 a report listing any contribution, gift, or other item~~

with a value greater than \$100 provided by the business beneficiary of such award to the Governor, his campaign committee, or his political action committee, respectively, during (i) the period in which the business beneficiary's application for such award was pending and (ii) the one-year period immediately after any such award was made.

§ 2.2-3104.01. Prohibited conduct; bids or proposals under the Virginia Public Procurement Act, Public-Private Transportation Act, and Public-Private Education Facilities and Infrastructure Act; loans or grants from the Commonwealth's Development Opportunity Fund.

A. Neither the Governor, his political action committee, or the Governor's Secretaries, if the Secretary is responsible to the Governor for an executive branch agency with jurisdiction over the matters at issue, shall knowingly solicit or accept a contribution, gift, or other item with a value greater than \$50 from any bidder, offeror, or private entity, or from an officer or director of such bidder, offeror, or private entity, who has submitted a bid or proposal to an executive branch agency that is directly responsible to the Governor pursuant to the Virginia Public Procurement Act (§ 2.2-4300 et seq.), the Public-Private Transportation Act of 1995 (§ 33.2-1800 et seq.), or the Public-Private Education Facilities and Infrastructure Act of 2002 (§ 56-575.1 et seq.) (i) during the period between the submission of the bid and the award of the public contract under the Virginia Public Procurement Act or (ii) following the submission of a proposal under the Public-Private Transportation Act of 1995 or the Public-Private Education Facilities and Infrastructure Act of 2002 until the execution of a comprehensive agreement thereunder.

~~B. Neither the Governor, his campaign committee, nor a political action committee established on his behalf shall knowingly solicit or accept a contribution, gift, or other item with a value greater than \$100 from any person or entity that has submitted an application for a grant or loan from the Commonwealth's Development Opportunity Fund during the period in which the person or entity's application for such an award is pending and for the one-year period immediately after any such award is made. For purposes of this subsection, "entity" includes individuals who are officers, directors, or owners of or who have a controlling ownership interest in such entity.~~

~~C. The provisions of this section shall apply only for public contracts, proposals, or comprehensive agreements where the stated or expected value of the contract is \$5 million or more or for grants or loans from the Commonwealth's Development Opportunity Fund regardless of the value of the grant or loan. The provisions of this section shall not apply to contracts awarded as the result of competitive sealed bidding as set forth in § 2.2-4302.1.~~

~~D. C. Any person who knowingly violates this section shall be subject to a civil penalty of \$500 or up to two times the amount of the contribution or gift, whichever is greater, and the contribution, gift, or other item shall be returned to the donor. The attorney for the Commonwealth shall initiate civil proceedings to enforce the civil penalties. Any civil penalties collected shall be payable to the State Treasurer for deposit to the general fund and shall be used exclusively to fund the Council.~~

C. Each school board shall assign licensed instructional personnel in a manner that produces divisionwide ratios of students in average daily membership to full-time equivalent teaching positions, excluding special education teachers, principals, assistant principals, counselors, and librarians, that are not greater than the following ratios: (i) 24 to one in kindergarten with no class being larger than 29 students; if the average daily membership in any kindergarten class exceeds 24 pupils, a full-time teacher's aide shall be assigned to the class; (ii) 24 to one in grades one, two, and three with no class being larger than 30 students; (iii) 25 to one in grades four through six with no class being larger than 35 students; and (iv) 24 to one in English classes in grades six through 12. *After September 30 of any school year, anytime the number of students in a class exceeds the class size limit established by this subsection, the local school division shall notify the parent of each student in such class of such fact no later than 10 days after the date on which the class exceeded the class size limit. Such notification shall state the reason that the class size exceeds the class size limit and describe the measures that the local school division will take to reduce the class size to comply with this subsection.*

Within its regulations governing special education programs, the Board shall seek to set pupil/teacher ratios for pupils with intellectual disability that do not exceed the pupil/teacher ratios for self-contained classes for pupils with specific learning disabilities.

Further, school boards shall assign instructional personnel in a manner that produces schoolwide ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in middle schools and high schools. School divisions shall provide all middle and high school teachers with one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

D. Each local school board shall employ with state and local basic, special education, gifted, and career and technical education funds a minimum number of licensed, full-time equivalent instructional personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation act. Calculations of kindergarten positions shall be based on full-day kindergarten programs. Beginning with the March 31 report of average daily membership, those school divisions offering half-day kindergarten with pupil/teacher ratios that exceed 30 to one shall adjust their average daily membership for kindergarten to reflect 85 percent of the total kindergarten average daily memberships, as provided in the appropriation act.

E. In addition to the positions supported by basic aid and in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to fund certain full-time equivalent instructional positions for each 1,000 students in grades K through 12 who are identified as needing prevention, intervention, and remediation services. State funding for prevention, intervention, and remediation programs provided pursuant to this subsection and the appropriation act may be used to support programs for educationally at-risk students as identified by the local school boards.

To provide algebra readiness intervention services required by § 22.1-253.13:1, school divisions may employ mathematics teacher specialists to provide the required algebra readiness intervention services. School divisions using the Standards of Learning Algebra Readiness Initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

F. In addition to the positions supported by basic aid and those in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to support 17 full-time equivalent instructional positions for each 1,000 students identified as having limited English proficiency.

To provide flexibility in the instruction of English language learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the Standards of Quality Prevention, Intervention, and Remediation account to employ additional English language learner teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided in this section. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall employ only instructional personnel licensed by the Board of Education.

G. In addition to the full-time equivalent positions required elsewhere in this section, each local school board shall employ the following reading specialists in elementary schools, one full-time in each elementary school at the discretion of the local school board.

To provide reading intervention services required by § 22.1-253.13:1, school divisions may employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall employ only instructional personnel licensed by the Board of Education.

H. Each local school board shall employ, at a minimum, the following full-time equivalent positions for any school that reports fall membership, according to the type of school and student enrollment:

1. Principals in elementary schools, one half-time to 299 students, one full-time at 300 students; principals in middle schools, one full-time, to be employed on a 12-month basis; principals in high schools, one full-time, to be employed on a 12-month basis;

2. Assistant principals in elementary schools, one half-time at 600 students, one full-time at 900 students; assistant principals in middle schools, one full-time for each 600 students; assistant principals in high schools, one full-time for each 600 students; and school divisions that employ a sufficient number of assistant principals to meet this staffing requirement may assign assistant principals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary;

3. Librarians in elementary schools, one part-time to 299 students, one full-time at 300 students; librarians in middle schools, one-half time to 299 students, one full-time at 300 students, two full-time at 1,000 students; librarians in high schools, one half-time to 299 students, one full-time at 300 students, two full-time at 1,000 students. Local school divisions that employ a sufficient number of librarians to meet this staffing requirement may assign librarians to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary; and

4. Guidance counselors in elementary schools, one hour per day per 100 students, one full-time at 500 students, one hour per day additional time per 100 students or major fraction thereof; guidance counselors in middle schools, one period per 80 students, one full-time at 400 students, one additional period per 80 students or major fraction thereof; guidance counselors in high schools, one period per 70 students, one full-time at 350 students, one additional period per 70 students or major fraction thereof. Local school divisions that employ a sufficient number of guidance counselors to meet this staffing requirement may assign guidance counselors to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary.

I. Local school boards shall employ five full-time equivalent positions per 1,000 students in grades kindergarten through five to serve as elementary resource teachers in art, music, and physical education.

J. Local school boards shall employ two full-time equivalent positions per 1,000 students in grades kindergarten through 12, one to provide technology support and one to serve as an instructional technology resource teacher.

To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these funds in this manner shall employ only instructional personnel licensed by the Board of Education.

K. Local school boards may employ additional positions that exceed these minimal staffing requirements. These additional positions may include, but are not limited to, those funded through the state's incentive and categorical programs as set forth in the appropriation act.

L. A combined school, such as kindergarten through 12, shall meet at all grade levels the staffing requirements for the highest grade level in that school; this requirement shall apply to all staff, except for guidance counselors, and shall be based on the school's total enrollment; guidance counselor staff requirements shall, however, be based on the enrollment at the various school organization levels, i.e., elementary, middle, or high school. The Board of Education may grant waivers from these staffing levels upon request from local school boards seeking to implement experimental or innovative programs that are not consistent with these staffing levels.

M. School boards shall, however, annually, on or before January 1, report to the public the actual pupil/teacher ratios in elementary school classrooms by school for the current school year. Such actual ratios shall include only the teachers who teach the grade and class on a full-time basis and shall exclude resource personnel. School boards shall report pupil/teacher ratios that include resource teachers in the same annual report. Any classes funded through the voluntary kindergarten through third grade class size reduction program shall be identified as such classes. Any classes having waivers to exceed the requirements of this subsection shall also be identified. Schools shall be identified; however, the data shall be compiled in a manner to ensure the confidentiality of all teacher and pupil identities.

N. Students enrolled in a public school on a less than full-time basis shall be counted in ADM in the relevant school division. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1, and who are enrolled in public school on a less than full-time basis in any mathematics, science, English, history, social science, career and technical education, fine arts, foreign language, or health education or physical education course shall be counted in the ADM in the relevant school division on a pro rata basis as provided in the appropriation act. Each such course enrollment by such students shall be counted as 0.25 in the ADM; however, no such nonpublic or home school student shall be counted as more than one-half a student for purposes of such pro rata calculation. Such calculation shall not include enrollments of such students in any other public school courses.

O. Each local school board shall provide those support services that are necessary for the efficient and cost-effective operation and maintenance of its public schools.

For the purposes of this title, unless the context otherwise requires, "support services positions" shall include the following:

1. Executive policy and leadership positions, including school board members, superintendents and assistant superintendents;

2. Fiscal and human resources positions, including fiscal and audit operations;

3. Student support positions, including (i) social workers and social work administrative positions; (ii) guidance administrative positions not included in subdivision H 4; (iii) homebound administrative positions supporting instruction; (iv) attendance support positions related to truancy and dropout prevention; and (v) health and behavioral positions, including school nurses and school psychologists;

4. Instructional personnel support, including professional development positions and library and media positions not included in subdivision H 3;

5. Technology professional positions not included in subsection J;

6. Operation and maintenance positions, including facilities; pupil transportation positions; operation and maintenance professional and service positions; and security service, trade, and laborer positions;

7. Technical and clerical positions for fiscal and human resources, student support, instructional personnel support, operation and maintenance, administration, and technology; and

8. School-based clerical personnel in elementary schools; part-time to 299 students, one full-time at 300 students; clerical personnel in middle schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students; clerical personnel in high schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students. Local school divisions that employ a sufficient number of school-based clerical personnel to meet this staffing requirement may assign the clerical personnel to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary.

Pursuant to the appropriation act, support services shall be funded from basic school aid.

School divisions may use the state and local funds for support services to provide additional instructional services.

P. Notwithstanding the provisions of this section, when determining the assignment of instructional and other licensed personnel in subsections C through J, a local school board shall not be required to include full-time students of approved virtual school programs.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board of Education.

"Provisional license" means a nonrenewable license issued by the Board of Education for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board of Education's regulations for licensure, but who may need to take additional coursework or pass additional assessments to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board of Education for five years to an individual who meets the requirements specified in the Board of Education's regulations.

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include requirements for the denial, suspension, cancellation, revocation, and reinstatement of licensure. The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any appeal provided by § 63.2-1526 have been exhausted. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board of Education shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. 1. Every person seeking initial licensure or renewal of a license demonstrate proficiency in the use of educational technology for instruction;

2. Every person seeking initial licensure and persons seeking licensure renewal as teachers who have not completed such study shall complete study in child abuse recognition and intervention in accordance with curriculum guidelines developed by the Board of Education in consultation with the Department of Social Services that are relevant to the specific teacher licensure routes;

8. Every person seeking initial licensure or renewal of a license shall complete awareness training, provided by the Department of Education, on the indicators of dyslexia, as that term is defined by the Board pursuant to regulations, and the evidence-based interventions and accommodations for dyslexia.

E. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.

F. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations.

G. Notwithstanding any provision of law to the contrary, the Board may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to subdivision D 7 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law.

H. The Board's licensure regulations shall also provide for licensure by reciprocity:

1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching license and national certification from the National Board for Professional Teaching Standards or a nationally recognized certification program approved by the Board of Education. The application for such individuals shall require evidence of such valid licensure and national certification and shall not require official student transcripts;

2. For individuals who have obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department of Education. CHAPTER 652

An Act to amend the Code of Virginia by adding a section numbered 2.2-208.1, relating to the establishment of the School Readiness Committee.

[H 46]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 2.2-208.1 as follows:

§ 2.2-208.1. School Readiness Committee; Secretary to establish.

A. In recognition of the fact that early care and education of young children is linked to academic success and workforce readiness, the Secretary of Education, in consultation with the Secretary of Health and Human Resources, and upon receiving recommendations for appointments from the Virginia Education Association, the Virginia School Boards Association, the Virginia Association of Elementary School Principals, the Virginia Council for Private Education, the Virginia Child Care Association, the Virginia Association for Early Childhood Education, and the Virginia Chamber of Commerce, shall establish and appoint members to the School Readiness Committee (the Committee).

B. The Committee shall have a total membership of no fewer than 27 members that shall consist of seven legislative members, no fewer than 16 nonlegislative citizen members, and four ex officio members. Members shall be appointed as follows: four members of the House of Delegates to be appointed by the Speaker of the House of Delegates in accordance with the principles of proportional representation contained in the Rules of the House of Delegates; three members of the Senate to be appointed by the Senate Committee on Rules on the recommendation of the Chair of the Senate Committee on Education and Health; and no fewer than 16 nonlegislative citizen members to be appointed by the Secretary of Education. Nonlegislative citizen members shall include at least three representatives of the office of the Secretary of Education, one representative of the State Council of Higher Education for Virginia, one representative of a four-year public institution of higher education in the Commonwealth with a teacher education program, one representative of a two-year public institution of higher education in the Commonwealth with a teacher education program, one representative of the Virginia Early Childhood Foundation, one representative of the Virginia Association of School Superintendents, four representatives of the private business sector, one early childhood education teacher from a public early childhood education program, one early childhood education teacher from a private early childhood education program, one administrator from a public early childhood education program, and one administrator from a private early childhood education program. The Commissioner of Social Services or his designee, the Secretary of Education or his designee, the Secretary of Health and Human Resources or his designee, and the Superintendent of Public Instruction or his designee shall serve ex officio with voting privileges.

C. In recognition of the fact that one of the most important factors in learning outcomes for young children is the capabilities of the adults who support their growth and learning, the first goal of the Committee is to address the development and alignment of an effective professional development and credentialing system for the early childhood education workforce in the Commonwealth, including the (i) development of a competency-based professional development pathway for practitioners who teach children from birth to age five in both public and private early childhood education programs; (ii) consideration of articulation agreements between associate and baccalaureate degree programs; (iii) review of teacher licensure and education programs, including programs offered at comprehensive community colleges in the Commonwealth, to address competencies specific to early childhood development; (iv) alignment of existing professional development funding streams; and (v) development of innovative approaches to increasing accessibility, availability, affordability, and accountability of the Commonwealth's workforce development system for early childhood education teachers and providers. The Committee shall periodically review the goals set forth in this subsection and other priorities within the early childhood care and education systems and make recommendations to the Board of Education, the State Council of Higher Education for Virginia, the Department of Social Services, and the Chairmen of the House Committee on Education, the Senate Committee on Education and Health, the House Committee on Health, Welfare and Institutions, and the Senate Committee on Rehabilitation and Social Services. An affirmative vote by a majority of the legislative members in attendance and a majority of nonlegislative members in attendance shall be required for the Committee to adopt any recommendations. The Board of Education shall review the recommendations of the Committee and submit to the Chairmen of the House Committee on Education and the Senate Committee on Education and Health, in advance of the next regular session of the General Assembly, any comments on such recommendations that the Board of Education deems appropriate.

D. Appointments to fill vacancies, other than by expiration of a term, shall be for the unexpired terms. Vacancies shall be filled in the same manner as the original appointments. All legislative members and nonlegislative citizen members may be reappointed.

E. After the initial staggering of terms, legislative members and nonlegislative citizen members shall be appointed for terms of three years.

F. No legislative member or nonlegislative citizen member shall serve more than two consecutive three-year terms. The remainder of any term to which a member is appointed to fill a vacancy shall not constitute a term in determining the member's eligibility for reappointment.

G. The Committee shall elect a chairman and vice-chairman from among its membership. A majority of the members shall constitute a quorum. The meetings of the Committee shall be held at the call of the chairman or whenever the majority of the members so request.

H. The Virginia Early Childhood Foundation shall provide for the facilitation of the work of the Committee under the direction of the Secretary of Education or his designee and with the guidance of a steering subcommittee that includes the Secretary of Education, the Secretary of Health and Human Resources, one legislative member, one representative of the private business sector, one representative of the Virginia Early Childhood Foundation, and one early childhood education teacher or administrator from a private early childhood education program.

I. The chairman may request and access the expertise of additional representatives and organizations relating to the Committee's goals and priorities. In order to meet the federally mandated requirements for early childhood advisory

councils, the chairman may establish and appoint additional members to advisory subcommittees to address areas of special concern and priority.

J. The Department of Education and the Department of Social Services shall provide staff support to the Committee. All agencies of the Commonwealth shall provide assistance to the Committee, upon request.

An Act to amend and reenact § 62.1-44.19:20 of the Code of Virginia, relating to nutrient credit certification.

[S 443]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 62.1-44.19:20 of the Code of Virginia is amended and reenacted as follows:

§ 62.1-44.19:20. Nutrient credit certification.

A. The Board may adopt regulations for the purpose of establishing procedures for the certification of point source nutrient credits except that no certification shall be required for point source nitrogen and point source phosphorus credits generated by point sources regulated under the Watershed General Virginia Pollutant Discharge Elimination System Permit issued pursuant to § 62.1-44.19:14. The Board shall adopt regulations for the purpose of establishing procedures for the certification of nonpoint source nutrient credits.

B. Regulations adopted pursuant to this section shall:

1. Establish procedures for the certification and registration of credits, including:

a. Certifying credits that may be generated from effective nutrient controls or removal practices, including activities associated with the types of facilities or practices historically regulated by the Board, such as water withdrawal and treatment and wastewater collection, treatment, and beneficial reuse;

b. Certifying credits that may be generated from agricultural and urban stormwater best management practices, use or management of manures, managed turf, land use conversion, stream or wetlands projects, shellfish aquaculture, algal harvesting, and other established or innovative methods of nutrient control or removal, as appropriate;

c. Establishing a process and standards for wetland or stream credits to be converted to nutrient credits. Such process and standards shall only apply to wetland or stream credits that were established after July 1, 2005, and have not been transferred or used. Under no circumstances shall such credits be used for both wetland or stream credit and nutrient credit purposes;

d. Certifying credits from multiple practices that are bundled as a package by the applicant;

e. Prohibiting the certification of credits generated from activities funded by federal or state water quality grant funds other than controls and practices under subdivision B 1 a; however, baseline levels may be achieved through the use of such grants;

f. Establishing a timely and efficient certification process including application requirements, a reasonable application fee schedule not to exceed \$10,000 per application, and review and approval procedures; ~~and~~

g. Requiring public notification of a proposed nutrient credit-generating entity; *and*

h. Establishing a timeline for the consideration of certification applications for land conversion projects. The timeline shall provide that within 30 days of receipt of an application the Department shall, if warranted, conduct a site visit and that within 45 days of receipt of an application the Department shall either determine that the application is complete or request additional specific information from the applicant. A determination that an application for a land conversion project is complete shall not require the Department to issue the certification. The Department shall deny, approve, or approve with conditions an application within 15 days of the Department's determination that the application is complete. When the request for credit release is made concurrently with the application for a land conversion project certification, the concurrent release shall be processed on the same timeline. When the request for credit release is from a previously approved land conversion project, the Department shall schedule a site visit, if warranted, within 30 days of the request and shall deny, approve, or approve with conditions the release within 15 days of the site visit or determination that a site visit is not warranted. The timelines set out in this subdivision shall be implemented prior to adoption of regulations. The Department shall release credits from a land conversion project after it is satisfied that the applicant has met the criteria for release in an approved nutrient reduction implementation plan.

2. Establish credit calculation procedures for proposed credit-generating practices, including the determination of:

a. Baselines for credits certified under subdivision B 1 a in accordance with any applicable provisions of the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs;

b. Baselines established for agricultural practices, which shall be those actions necessary to achieve a level of reduction assigned in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs as implemented on the tract, field, or other land area under consideration;

c. Baselines for urban practices from new development and redevelopment, which shall be in compliance with postconstruction nutrient loading requirements of the Virginia Stormwater Management Program regulations. Baselines for all other existing development shall be at a level necessary to achieve the reductions assigned in the urban sector in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs;

d. Baselines for land use conversion, which shall be based on the pre-conversion land use and the level of reductions assigned in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs applicable to that land use;

e. Baselines for other nonpoint source credit-generating practices, which shall be based on the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs using the best available scientific and technical information;

f. Unless otherwise established by the Board, for certification within the Chesapeake Bay Watershed a credit-generating practice that involves land use conversion, which shall represent controls beyond those in place as of July 1, 2005. For other waters for which a TMDL has been approved, the practice shall represent controls beyond those in place at the time of TMDL approval;

g. Baseline dates for all other credit-generating practices, which shall be based on the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs; and

h. Credit quantities, which shall be established using the best available scientific and technical information at the time of certification;

3. Provide certification of credits on an appropriate temporal basis, such as annual, term of years, or perpetual, depending on the nature of the credit-generating practice. A credit shall be certified for a term of no less than 12 months;

4. Establish requirements to reasonably assure the generation of the credit depending on the nature of the credit-generating activity and use, such as legal instruments for perpetual credits, operation and maintenance requirements, and associated financial assurance requirements. Financial assurance requirements may include letters of credit, escrows, surety bonds, insurance, and where the credits are used or generated by a locality, authority, utility, sanitation district, or permittee operating an MS4 or a point source permitted under this article, its existing tax or rate authority;

5. Establish appropriate reporting requirements;

6. Provide for the ability of the Department to inspect or audit for compliance with the requirements of such regulations;

7. Provide that the option to acquire nutrient credits for compliance purposes shall not eliminate any requirement to comply with local water quality requirements;

8. Establish a credit retirement requirement whereby five percent of nonpoint source credits in the Chesapeake Bay Watershed other than controls and practices under subdivision B 1 a are permanently retired at the time of certification pursuant to this section for the purposes of offsetting growth in unregulated nutrient loads; and

9. Establish such other requirements as the Board deems necessary and appropriate.

C. Prior to the adoption of such regulations, the Board shall certify (i) credits that may be generated from effective nutrient controls or removal practices, including activities associated with the types of facilities or practices historically regulated by the Board, such as water withdrawal and treatment and wastewater collection, treatment, and beneficial reuse, on a case-by-case basis using the best available scientific and technical information and (ii) credits that are located in tributaries outside of the Chesapeake Bay watershed as defined in § 62.1-44.15:35, using an average of the nutrient removal rates for each practice identified in Appendix A of the Department's document "Trading Nutrient Reductions from Nonpoint Source Best Management Practices in the Chesapeake Bay Watershed: Guidance for Agricultural Landowners and Your Potential Trading Partners."

D. The Department shall establish and maintain an online Virginia Nutrient Credit Registry of credits as follows:

1. The registry shall include all nonpoint source credits certified pursuant to this article and may include point source nitrogen and point source phosphorus credits generated from point sources covered by the general permit issued pursuant to § 62.1-44.19:14 or point source nutrient credits certified pursuant to this section at the option of the owner. No other credits shall be valid for compliance purposes.

2. Registration of credits on the registry shall not preclude or restrict the right of the owner of such credits from transferring the credits on such commercial terms as may be established by and between the owner and the regulated or unregulated party acquiring the credits.

3. The Department shall establish procedures for the listing and tracking of credits on the registry, including but not limited to (i) notification of the availability of new nutrient credits to the locality where the credit-generating practice is implemented at least five business days prior to listing on the registry to provide the locality an opportunity to acquire such credits at fair market value for compliance purposes and (ii) notification that the listing of credits on the registry does not constitute a representation by the Board or the owner that the credits will satisfy the specific regulatory requirements applicable to the prospective user's intended use and that the prospective user is encouraged to contact the Board for technical assistance to identify limitations, if any, applicable to the intended use.

4. The registry shall be publicly accessible without charge.

E. The owner or operator of a nonpoint source nutrient credit-generating entity that fails to comply with the provisions of this section shall be subject to the enforcement and penalty provisions of § 62.1-44.19:22.

F. Nutrient credits from stormwater nonpoint nutrient credit-generating facilities in receipt of a Nonpoint Nutrient Offset Authorization for Transfer letter from the Department prior to July 1, 2012, shall be considered certified nutrient credits and shall not be subject to further certification requirements or to the credit retirement requirement under subdivision B 8. However, such facilities shall be subject to the other provisions of this article, including registration, inspection, reporting, and enforcement.

No Class B farm winery license shall be issued to any person who has not operated under an existing Virginia farm winery license for at least seven years.

C. *Farm winery licensees may trade fruits or agricultural products grown or produced on such farms with other farm winery licensees. For the purposes of this section, fruit or agricultural products traded or exchanged between farm winery licensees shall be considered grown or produced on the receiving farm for the purposes of meeting the fruit sourcing requirement in subsections A and B, provided that verification is provided to the receiving farm that the fruit or agricultural products traded or exchanged were grown or produced in the Commonwealth by the farm winery licensee engaging in such trade or exchange. Both licensees shall maintain complete and accurate records of the quantity and source of any fruit or agricultural products traded or exchanged. Such trades or exchanges shall be bona fide transactions based on the fair market value of the fruits or agricultural products traded or exchanged. For the purposes of this subsection, "agricultural products" means the raw materials used or intended to be used in the manufacture of wine or cider by farm winery licensees.*

D. ~~However~~ *Notwithstanding the provisions of subsections A and B, upon petition by the Department of Agriculture and Consumer Services, the Board may permit the use (i) of a greater quantity of out-of-state products if supplies grown or produced in the Commonwealth are insufficient for a farm winery licensee, whether Class A or Class B, to achieve the level of production which otherwise could be anticipated during a given license year or (ii) by a Class A farm winery of a lesser percentage of products grown or produced on the farm if unusually severe weather or disease conditions cause a significant reduction in the availability of fruit or other agricultural products grown or produced on the farm to manufacture wine during a given license year. As used in this section, the terms "owner" and "lessee" shall include a cooperative formed by an association of individuals for the purpose of manufacturing wine. The term "farm" as used in this section includes all of the land owned or leased by the farm winery licensee as long as such land is located in the Commonwealth.*

[S 445]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3321 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3321. Effect on rate when assessment results in tax increase; public hearings.

A. When any annual assessment, biennial assessment or general reassessment of real property by a county, city or town would result in an increase of ~~+~~ *one* percent or more in the total real property tax levied, such county, city, or town shall reduce its rate of levy for the forthcoming tax year so as to cause such rate of levy to produce no more than 101 percent of the previous year's real property tax levies, unless subsection B ~~of this section~~ is complied with, which rate shall be determined by multiplying the previous year's total real property tax levies by 101 percent and dividing the product by the forthcoming tax year's total real property assessed value. An additional assessment or reassessment due to the construction of new or other improvements, including those improvements and changes set forth in § 58.1-3285, to the property shall not be an annual assessment or general reassessment within the meaning of this section, nor shall the assessed value of such improvements be included in calculating the new tax levy for purposes of this section. Special levies shall not be included in any calculations provided for under this section.

B. The governing body of a county, city, or town may, after conducting a public hearing, which shall not be held at the same time as the annual budget hearing, increase the rate above the reduced rate required in subsection A ~~above~~ if any such increase is deemed to be necessary by such governing body.

Notice of the public hearing shall be given at least 30 days before the date of such hearing by the publication of a notice in (i) at least one newspaper of general circulation in such county or city and (ii) a prominent public location at which notices are regularly posted in the building where the governing body of the county, city, or town regularly conducts its business, except that such notice shall be given at least 14 days before the date of such hearing in any year in which neither a general appropriation act nor amendments to a general appropriation act providing appropriations for the immediately following fiscal year have been enacted by April 30 of such year. Any such notice shall be at least the size of one-eighth page of a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18-point. The notice described in clause (i) shall not be placed in that portion, if any, of the newspaper reserved for legal

notices and classified advertisements. The notice described in clauses (i) and (ii) shall be in the following form and contain the following information, in addition to such other information as the local governing body may elect to include:

NOTICE OF PROPOSED REAL PROPERTY TAX INCREASE

The (name of the county, city or town) proposes to increase property tax levies.

1. Assessment Increase: Total assessed value of real property, excluding additional assessments due to new construction or improvements to property, exceeds last year's total assessed value of real property by ____ percent.

2. Lowered Rate Necessary to Offset Increased Assessment: The tax rate which would levy the same amount of real estate tax as last year, when multiplied by the new total assessed value of real estate with the exclusions mentioned above, would be \$ ____ per \$100 of assessed value. This rate will be known as the "lowered tax rate."

3. Effective Rate Increase: The (name of the county, city or town) proposes to adopt a tax rate of \$ ____ per \$100 of assessed value. The difference between the lowered tax rate and the proposed rate would be \$ ____ per \$100, or ____ percent. This difference will be known as the "effective tax rate increase."

Individual property taxes may, however, increase at a percentage greater than or less than the above percentage.

4. Proposed Total Budget Increase: Based on the proposed real property tax rate and changes in other revenues, the total budget of (name of county, city or town) will exceed last year's by ____ percent.

A public hearing on the increase will be held on (date and time) at (meeting place).

C. All hearings shall be open to the public. The governing body shall permit persons desiring to be heard an opportunity to present oral testimony within such reasonable time limits as shall be determined by the governing body.

D. The provisions of this section shall not be applicable to the assessment of public service corporation property by the State Corporation Commission.

E. Notwithstanding other provisions of general or special law, the tax rate for taxes due on or before June 30 of each year, may be fixed on or before ~~April~~ May 15 of that tax year.

CHAPTER 661

An Act to amend and reenact §§ 56-585.2 and 58.1-439.12:08 of the Code of Virginia and to amend the Code of Virginia by adding in Article 13 of Chapter 3 of Title 58.1 a section numbered 58.1-439.12:11, relating to Virginia research and development expenses tax credits.

[H 884]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That §§ 56-585.2 and 58.1-439.12:08 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Article 13 of Chapter 3 of Title 58.1 a section numbered 58.1-439.12:11 as follows:

§ 56-585.2. Sale of electricity from renewable sources through a renewable energy portfolio standard program.

A. As used in this section:

"Qualified investment" means an expense incurred in the Commonwealth by a participating utility in conducting, either by itself or in partnership with institutions of higher education in the Commonwealth or with industrial or commercial customers that have established renewable energy research and development programs in the Commonwealth, research and development activities related to renewable or alternative energy sources, which expense (i) is designed to enhance the participating utility's understanding of emerging energy technologies and their potential impact on and value to the utility's system and customers within the Commonwealth; (ii) promotes economic development within the Commonwealth; (iii) supplements customer-driven alternative energy or energy efficiency initiatives; (iv) supplements alternative energy and energy efficiency initiatives at state or local governmental facilities in the Commonwealth; or (v) is designed to mitigate the environmental impacts of renewable energy projects.

"Renewable energy" shall have the same meaning ascribed to it in § 56-576, provided such renewable energy is (i) generated in the Commonwealth or in the interconnection region of the regional transmission entity of which the participating utility is a member, as it may change from time to time, and purchased by a participating utility under a power purchase agreement; provided, however, that if such agreement was executed on or after July 1, 2013, the agreement shall expressly transfer ownership of renewable attributes, in addition to ownership of the energy, to the participating utility; (ii) generated by a public utility providing electric service in the Commonwealth from a facility in which the public utility owns at least a 49 percent interest and that is located in the Commonwealth, in the interconnection region of the regional transmission entity of which the participating utility is a member, or in a control area adjacent to such interconnection region; or (iii) represented by renewable energy certificates. "Renewable energy" shall not include electricity generated from pumped storage, but shall include run-of-river generation from a combined pumped-storage and run-of-river facility.

"Renewable energy certificate" means either (i) a certificate issued by an affiliate of the regional transmission entity of which the participating utility is a member, as it may change from time to time, or any successor to such affiliate, and held or acquired by such utility, that validates the generation of renewable energy by eligible sources in the interconnection region of the regional transmission entity or (ii) a certificate issued by the Commission pursuant to subsection J and held or acquired by a participating utility, that validates a qualified investment made by the participating utility.

"Total electric energy sold in the base year" means total electric energy sold to Virginia jurisdictional retail customers by a participating utility in calendar year 2007, excluding an amount equivalent to the average of the annual percentages of the electric energy that was supplied to such customers from nuclear generating plants for the calendar years 2004 through 2006.

B. Any investor-owned incumbent electric utility may apply to the Commission for approval to participate in a renewable energy portfolio standard program, as defined in this section. The Commission shall approve such application if the applicant demonstrates that it has a reasonable expectation of achieving 12 percent of its base year electric energy sales from renewable energy sources during calendar year 2022, and 15 percent of its base year electric energy sales from renewable energy sources during calendar year 2025, as provided in subsection D.

C. It is in the public interest for utilities that seek to have a renewable energy portfolio standard program to achieve the goals set forth in subsection D, such goals being referred to herein as "RPS Goals." A utility shall receive double credit toward meeting the renewable energy portfolio standard for energy derived from sunlight, from onshore wind, or from facilities in the Commonwealth fueled primarily by animal waste, and triple credit toward meeting the renewable energy portfolio standard for energy derived from offshore wind.

D. Regarding any renewable energy portfolio standard program, the total electric energy sold by a utility to meet the RPS Goals shall be composed of the following amounts of electric energy or renewable thermal energy equivalent from renewable energy sources, as adjusted for any sales volumes lost through operation of the customer choice provisions of subdivision A 3 or A 4 of § 56-577:

RPS Goal I: In calendar year 2010, 4 percent of total electric energy sold in the base year.

RPS Goal II: For calendar years 2011 through 2015, inclusive, an average of 4 percent of total electric energy sold in the base year, and in calendar year 2016, 7 percent of total electric energy sold in the base year.

RPS Goal III: For calendar years 2017 through 2021, inclusive, an average of 7 percent of total electric energy sold in the base year, and in calendar year 2022, 12 percent of total electric energy sold in the base year.

RPS Goal IV: For calendar years 2023 and 2024, inclusive, an average of 12 percent of total electric energy sold in the base year, and in calendar year 2025, 15 percent of total electric energy sold in the base year.

A utility may not apply renewable energy certificates issued pursuant to subsection J to meet more than 20 percent of the sales requirement for the RPS Goal in any year.

A utility may apply renewable energy sales achieved or renewable energy certificates acquired during the periods covered by any such RPS Goal that are in excess of the sales requirement for that RPS Goal to the sales requirements for any future RPS Goals in the five calendar years after the renewable energy was generated or the renewable energy certificates were created, except that a utility shall be able to apply renewable energy certificates acquired by the utility prior to January 1, 2014.

E. A utility participating in such program shall have the right to recover all incremental costs incurred for the purpose of such participation in such program, as accrued against income, through rate adjustment clauses as provided in subdivisions A 5 and A 6 of § 56-585.1, including, but not limited to, administrative costs, ancillary costs, capacity costs, costs of energy represented by certificates described in subsection A, and, in the case of construction of renewable energy generation facilities, allowance for funds used during construction until such time as an enhanced rate of return, as determined pursuant to subdivision A 6 of § 56-585.1, on construction work in progress is included in rates, projected construction work in progress, planning, development and construction costs, life-cycle costs, and costs of infrastructure associated therewith, plus an enhanced rate of return, as determined pursuant to subdivision A 6 of § 56-585.1. This subsection shall not apply to qualified investments as provided in subsection K. All incremental costs of the RPS program shall be allocated to and recovered from the utility's customer classes based on the demand created by the class and within the class based on energy used by the individual customer in the class, except that the incremental costs of the RPS program shall not be allocated to or recovered from customers that are served within the large industrial rate classes of the participating utilities and that are served at primary or transmission voltage.

F. A utility participating in such program shall apply towards meeting its RPS Goals any renewable energy from existing renewable energy sources owned by the participating utility or purchased as allowed by contract at no additional cost to customers to the extent feasible. A utility participating in such program shall not apply towards meeting its RPS Goals renewable energy certificates attributable to any renewable energy generated at a renewable energy generation source in operation as of July 1, 2007, that is operated by a person that is served within a utility's large industrial rate class and that is served at primary or transmission voltage, except for those persons providing renewable thermal energy equivalents to the utility. A participating utility shall be required to fulfill any remaining deficit needed to fulfill its RPS Goals from new renewable energy supplies at reasonable cost and in a prudent manner to be determined by the Commission at the time of approval of any application made pursuant to subsection B. A participating utility may sell renewable energy certificates produced at its own generation facilities located in the Commonwealth or, if located outside the Commonwealth, owned by such utility and in operation as of January 1, 2010, or renewable energy certificates acquired as part of a purchase power agreement, to another entity and purchase lower cost renewable energy certificates and the net difference in price between the renewable energy certificates shall be credited to customers. Utilities participating in such program shall collectively, either through the installation of new generating facilities, through retrofit of existing facilities or through purchases of electricity from new facilities located in Virginia, use or cause to be used no more than a total of 1.5 million tons per year of green wood chips, bark, sawdust, a tree or any portion of a tree which is used or can be used for lumber and pulp manufacturing by facilities located in Virginia, towards meeting RPS goals, excluding such fuel used at electric generating facilities using wood as fuel prior to January 1, 2007. A utility with an approved application shall be allocated a portion of the 1.5 million tons per year in proportion to its share of the total electric energy sold in the base year, as defined in subsection A, for all utilities participating in the RPS program. A utility may use in meeting RPS goals, without limitation,

the following sustainable biomass and biomass based waste to energy resources: mill residue, except wood chips, sawdust and bark; pre-commercial soft wood thinning; slash; logging and construction debris; brush; yard waste; shipping crates; dunnage; non-merchantable waste paper; landscape or right-of-way tree trimmings; agricultural and vineyard materials; grain; legumes; sugar; and gas produced from the anaerobic decomposition of animal waste.

G. The Commission shall promulgate such rules and regulations as may be necessary to implement the provisions of this section including a requirement that participants verify whether the RPS goals are met in accordance with this section.

H. Each investor-owned incumbent electric utility shall report to the Commission annually by November 1 identifying:

1. The utility's efforts, if any, to meet the RPS Goals, specifically identifying:

a. A list of all states where the purchased or owned renewable energy was generated, specifying the number of megawatt hours or renewable energy certificates originating from each state;

b. A list of the decades in which the purchased or owned renewable energy generating units were placed in service, specifying the number of megawatt hours or renewable energy certificates originating from those units; and

c. A list of fuel types used to generate the purchased or owned renewable energy, specifying the number of megawatt hours or renewable energy certificates originating from each fuel type;

2. The utility's overall generation of renewable energy; and

3. Advances in renewable generation technology that affect activities described in subdivisions 1 and 2.

I. The Commission shall post on its website the reports submitted by each investor-owned incumbent electric utility pursuant to subsection H.

J. The Commission shall issue to a participating utility a number of renewable energy certificates for qualified investments, upon request by a participating utility, if it finds that an expense satisfies the conditions set forth in this section for a qualified investment, as follows:

1. By March 31 of each year, the participating utility shall provide an analysis, as reasonably determined by a qualified independent broker, of the average for the preceding year of the publicly available prices for Tier 1 renewable energy certificates and Tier 2 renewable energy certificates, validating the generation of renewable energy by eligible sources, that were issued in the interconnection region of the regional transmission entity of which the participating utility is a member;

2. In the same annual analysis provided to the Commission, the participating utility shall divide the amount of the participating utility's qualified investments in the applicable period by the average price determined pursuant to subdivision 1;

3. The number of renewable energy certificates to be issued to the participating utility shall equal the product obtained pursuant to subdivision 2; and

4. The Commission shall review and validate the analysis provided by the participating utility within 90 days of submittal of its analysis to the Commission. If no corrections are made by the Commission, then the analysis shall be deemed correct and the renewable energy certificates shall be deemed issued to the participating utility.

Each renewable energy certificate issued to a participating utility pursuant to this subsection shall represent the equivalent of one megawatt hour of renewable energy sales achieved when applied to an RPS Goal.

K. Qualified investments shall constitute reasonable and prudent operating expenses of a participating utility. Notwithstanding subsection E, a participating utility shall not be authorized to recover the costs associated with qualified investments through rate adjustment clauses as provided in subdivisions A 5 and A 6 of § 56-585.1. In any proceeding conducted pursuant to § 56-585.1 or other provision of this title in which a participating utility seeks recovery of its qualified investments as an operating expense, the participating utility shall not be authorized to earn a return on its qualified investments.

L. A participating utility shall not be eligible for a research and development tax credit pursuant to § 58.1-439.12:08 *or* 58.1-439.12:11 with regard to any expense incurred or investment made by the participating utility that constitutes a qualified investment pursuant to this section.

§ 58.1-439.12:08. Research and development expenses tax credit.

A. As used in this section, unless the context requires a different meaning:

"Partnership" means the Virginia Economic Development Partnership.

"Virginia base amount" means the base amount as defined in § 41(c) of the Internal Revenue Code, as amended, that is attributable to Virginia, determined by (i) substituting "Virginia qualified research and development expense" for "qualified research expense"; (ii) substituting "Virginia qualified research" for "qualified research"; and (iii) instead of "fixed base percentage," using:

1. The percentage that the Virginia qualified research and development expense for the three taxable years immediately preceding the current taxable year in which the expense is incurred is of the taxpayer's total gross receipts for such years; or

2. The percentage that the Virginia qualified research and development expense for the applicable number of taxable years immediately preceding the current taxable year in which the expense is incurred is of the taxpayer's total gross receipts for such years, for the taxpayer that has fewer than three but at least one prior taxable year.

"Virginia gross receipts" means the same as "gross receipts" as defined in § 58.1-3700.1.

"Virginia qualified research" means qualified research, as defined in § 41(d) of the Internal Revenue Code, as amended, that is conducted in the Commonwealth.

"Virginia qualified research and development expenses" means qualified research expenses, as defined in § 41(b) of the Internal Revenue Code, as amended, incurred for Virginia qualified research.

B. For taxable years beginning on or after January 1, 2011, but before January 1, ~~2019~~ 2022, a taxpayer shall be allowed a credit against the tax levied pursuant to § 58.1-320 or 58.1-400 in an amount equal to (i) 15 percent of the first ~~\$234,000~~ \$300,000 in Virginia qualified research and development expenses paid or incurred by the taxpayer during the taxable year or (ii) 20 percent of the first ~~\$234,000~~ \$300,000 in Virginia qualified research and development expenses paid or incurred by the taxpayer during the taxable year if the Virginia qualified research was conducted in conjunction with a Virginia public or private college or university, to the extent the expenses exceed the Virginia base amount for the taxpayer.

~~The~~ C. 1. *Effective for taxable years beginning on or after January 1, 2016, at the election of the taxpayer, the credit otherwise allowed under this section shall be computed under this subsection and shall equal 10 percent of the difference of (i) the Virginia qualified research and development expenses paid or incurred by the taxpayer during the taxable year and (ii) 50 percent of the average Virginia qualified research and development expenses paid or incurred by the taxpayer for the three taxable years immediately preceding the taxable year for which the credit is being determined. If the taxpayer did not pay or incur Virginia qualified research and development expenses in any one of the three taxable years immediately preceding the taxable year for which the credit is being determined, the tax credit shall equal five percent of the Virginia qualified research and development expenses paid or incurred by the taxpayer during the relevant taxable year.*

2. *The aggregate amount of credits allowed to each taxpayer under this subsection shall not exceed \$45,000 for the taxable year, except that the aggregate amount of credits allowed to each taxpayer shall not exceed \$60,000 for the taxable year if the Virginia qualified research was conducted in conjunction with a Virginia public or private college or university.*

D. *The aggregate amount of credits available under this section for each fiscal year of the Commonwealth shall be as follows:*

2. *For taxable years beginning on or after January 1, 2016, the total amount of credits granted for each fiscal year of the Commonwealth beginning with fiscal year 2017 shall not exceed \$7 million.*

~~E.~~ E. A taxpayer meeting the requirements of this section shall be eligible to receive a tax credit as provided herein. The Department shall develop and publish guidelines for applications and such guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.). *Applications must be received by the Department no later than July 1 of the calendar year following the close of the taxable year in which the expenses were paid or incurred. In the event approved applications for the tax credits allowed under this section exceed \$6 million for any the amount of credits specified in subsection D for the taxable year, the Department shall apportion the credits by dividing \$6 million the amount of credits specified in subsection D by the total amount of tax credits applied for approved, to determine the percentage of allowed tax credits each taxpayer shall receive. In the event that the total amount of approved tax credits under this section for all applications for any taxable year is less than \$6 million the maximum amount of credits for the year as specified in subsection D, the Department shall allocate credits up to the maximum of \$6 million amount as specified in subsection D, on a pro rata basis, to taxpayers who are already approved for the tax credit for the taxable year, in the following amounts:*

1. *If the taxpayer computed the credit pursuant to subsection B, in an amount equal to 15 percent of the second ~~\$234,000~~ \$300,000 in qualified research expenses during the taxable year or 20 percent of the second ~~\$234,000~~ \$300,000 in qualified research expenses if the Virginia qualified research was conducted in conjunction with a public or private college or university located in the Commonwealth; or*

~~D.~~ F. If the amount of the credit allowed exceeds the taxpayer's tax liability for the taxable year, the amount that exceeds the tax liability shall be refunded to the taxpayer, subject to the limitations set forth in the guidelines developed by the Department.

~~E.~~ G. Any taxpayer who claims the tax credit for Virginia qualified research and development expenses pursuant to this section shall not use such expenses as the basis for claiming any other credit provided under the Code of Virginia.

H. *Effective for taxable years beginning on or after January 1, 2016, no taxpayer with Virginia qualified research and development expenses in excess of \$5 million for the taxable year shall claim both the credit allowed pursuant to this section and the credit allowed under § 58.1-439.12:11 for such year.*

~~F.~~ I. Credits granted to a partnership, limited liability company, or electing small business corporation (S corporation) shall be allocated to the individual partners, members, or shareholders, respectively, in proportion to their ownership interests in such entities or in accordance with a written agreement entered into by such individual partners, members, or shareholders, unless the partnership, limited liability company, or electing small business corporation (S corporation) elects for such credits not to be so allocated but to be received and claimed at the entity level by the partnership, limited liability company, or electing small business corporation (S corporation) pursuant to guidelines that shall be issued by the Department for purposes of such election.

If the taxpayer did not pay or incur Virginia qualified research and development expenses in any one of the three taxable years immediately preceding the taxable year for which the credit is being determined, the tax credit shall equal five percent of the Virginia qualified research and development expenses paid or incurred by the taxpayer during the relevant taxable year.

C. The aggregate amount of credits granted for each fiscal year of the Commonwealth pursuant to this section shall not exceed \$20 million.

D. In the event approved applications for the tax credits allowed under this section exceed \$20 million for any taxable year, the Department shall apportion the credits by dividing \$20 million by the total amount of tax credits approved, to determine the percentage of allowed tax credits each taxpayer shall receive.

E. The amount of the credit claimed for the taxable year shall not exceed 75 percent of the total amount of tax imposed by this chapter upon the taxpayer for the taxable year. Any credit not usable for the taxable year for which the credit was first allowed may be carried over for credit against the income taxes of the taxpayer in the next 10 succeeding taxable years or until the total amount of the tax credit has been taken, whichever is sooner.

F. Any taxpayer who claims the tax credit for Virginia qualified research and development expenses pursuant to this section shall not use such expenses as the basis for claiming any other credit provided under the Code of Virginia.

G. Credits granted to a partnership, limited liability company, or electing small business corporation (S corporation) shall be allocated to the individual partners, members, or shareholders, respectively, in proportion to their ownership interests in such entities or in accordance with a written agreement entered into by such individual partners, members, or shareholders.

H. The Department shall develop and publish guidelines under this section including guidelines for applying for the tax credit. Such guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.). Applications for the tax credit must be received by the Department no later than July 1 of the calendar year following the close of the taxable year in which the expenses were paid or incurred.

The Department shall also adopt guidelines to prescribe standards for determining when research and development is considered conducted in the Commonwealth for purposes of allowing the credit under this section. In adopting guidelines, the Department may consider (i) the location where the research and development is performed; (ii) the residence or business location of the taxpayer or taxpayers conducting the research and development; (iii) the location where supplies used in the research and development are consumed; and (iv) any other factors that the Department deems to be relevant.

2. That no tax credit shall be allowed pursuant to § 58.1-439.12:11 of the Code of Virginia, as created by this act, if the otherwise qualified research and development expenses are paid for or incurred by a taxpayer for research conducted in the Commonwealth on human cells or tissue derived from induced abortions or from stem cells obtained from human embryos. The foregoing provision shall not apply to research conducted using stem cells other than embryonic stem cells.

CHAPTER 662

An Act to amend and reenact §§ 58.1-802 and 58.1-811, as it is currently effective and as it may become effective, of the Code of Virginia, relating to recordation tax; exemption.

[H 339]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

§ 58.1-802. Additional tax paid by grantor; collection.

A. In addition to any other tax imposed under the provisions of this chapter, a tax is hereby imposed on each deed, instrument, or writing by which lands, tenements, or other realty sold is granted, assigned, transferred, or otherwise conveyed to, or vested in the purchaser, or any other person, by such purchaser's direction. The rate of the tax, when the consideration or value of the interest, whichever is greater, exceeds \$100, shall be 50 cents for each \$500 or fraction thereof, exclusive of the value of any lien or encumbrance remaining thereon at the time of the sale, whether such lien is assumed or the realty is sold subject to such lien or encumbrance. The clerk shall include within the certificate the amount of such tax collected thereon.

B. Taxes imposed by this section shall be collected as provided in § 58.1-812 and the clerk shall return taxes collected hereunder one-half into the state treasury and one-half into the treasury of the locality.

The local portion of the tax imposed by this section on property ~~which~~ *that* is located in more than one jurisdiction shall be collected by the clerk in proportion to the value of the property located in each such locality when recorded therein.

Every clerk of court collecting taxes under this section for the county or city ~~which~~ *that* he serves shall be entitled to compensation for such service at five percent of the amount so collected and paid.

11. From a partnership or limited liability company, when the grantees are entitled to receive not less than 50 percent of the profits and surplus of such partnership or limited liability company, provided that the transfer from a limited liability company is not subsequent to a transfer of control of the assets of the company to avoid recordation taxes;

[H 148]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3321 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3321. Effect on rate when assessment results in tax increase; public hearings.

A. When any annual assessment, biennial assessment or general reassessment of real property by a county, city or town would result in an increase of ~~+~~ *one* percent or more in the total real property tax levied, such county, city, or town shall reduce its rate of levy for the forthcoming tax year so as to cause such rate of levy to produce no more than 101 percent of the previous year's real property tax levies, unless subsection B ~~of this section~~ is complied with, which rate shall be determined by multiplying the previous year's total real property tax levies by 101 percent and dividing the product by the forthcoming tax year's total real property assessed value. An additional assessment or reassessment due to the construction of new or other improvements, including those improvements and changes set forth in § 58.1-3285, to the property shall not be an annual assessment or general reassessment within the meaning of this section, nor shall the assessed value of such improvements be included in calculating the new tax levy for purposes of this section. Special levies shall not be included in any calculations provided for under this section.

B. The governing body of a county, city, or town may, after conducting a public hearing, which shall not be held at the same time as the annual budget hearing, increase the rate above the reduced rate required in subsection A ~~above~~ if any such increase is deemed to be necessary by such governing body.

Notice of the public hearing shall be given at least 30 days before the date of such hearing by the publication of a notice in (i) at least one newspaper of general circulation in such county or city and (ii) a prominent public location at which notices are regularly posted in the building where the governing body of the county, city, or town regularly conducts its business, except that such notice shall be given at least 14 days before the date of such hearing in any year in which neither a general appropriation act nor amendments to a general appropriation act providing appropriations for the immediately following fiscal year have been enacted by April 30 of such year. Any such notice shall be at least the size of one-eighth page of a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18-point. The notice described in clause (i) shall not be placed in that portion, if any, of the newspaper reserved for legal notices and classified advertisements. The notice described in clauses (i) and (ii) shall be in the following form and contain the following information, in addition to such other information as the local governing body may elect to include:

NOTICE OF PROPOSED REAL PROPERTY TAX INCREASE

The (name of the county, city or town) proposes to increase property tax levies.

1. Assessment Increase: Total assessed value of real property, excluding additional assessments due to new construction or improvements to property, exceeds last year's total assessed value of real property by _____ percent.

2. Lowered Rate Necessary to Offset Increased Assessment: The tax rate which would levy the same amount of real estate tax as last year, when multiplied by the new total assessed value of real estate with the exclusions mentioned above, would be \$_____ per \$100 of assessed value. This rate will be known as the "lowered tax rate."

3. Effective Rate Increase: The (name of the county, city or town) proposes to adopt a tax rate of \$_____ per \$100 of assessed value. The difference between the lowered tax rate and the proposed rate would be \$_____ per \$100, or _____ percent. This difference will be known as the "effective tax rate increase."

Individual property taxes may, however, increase at a percentage greater than or less than the above percentage.

4. Proposed Total Budget Increase: Based on the proposed real property tax rate and changes in other revenues, the total budget of (name of county, city or town) will exceed last year's by _____ percent.

A public hearing on the increase will be held on (date and time) at (meeting place).

C. All hearings shall be open to the public. The governing body shall permit persons desiring to be heard an opportunity to present oral testimony within such reasonable time limits as shall be determined by the governing body.

D. The provisions of this section shall not be applicable to the assessment of public service corporation property by the State Corporation Commission.

If any party defendant appears in accordance with § 19.2-386.9, the court shall proceed to trial of the case, unless trial by jury is demanded by the Commonwealth or any party defendant. B. The information and trial thereon shall be independent of any criminal proceeding against any party or other person for violation of law. However, upon motion and for good cause shown, the court may stay a forfeiture proceeding that is related to any indictment or information.

[S 578]

Approved April 1, 2016

Be it enacted by the General Assembly of Virginia:

1. That § 4.1-208 of the Code of Virginia is amended and reenacted as follows:

§ 4.1-208. Beer licenses.

The Board may grant the following licenses relating to beer:

1. Brewery licenses, which shall authorize the licensee to manufacture beer and to sell and deliver or ship the beer so manufactured, in accordance with Board regulations, in closed containers to (i) persons licensed to sell the beer at wholesale; (ii) persons licensed to sell beer at retail for the purpose of resale within a theme or amusement park owned and operated by the brewery or a parent, subsidiary or a company under common control of such brewery, or upon property of such brewery or a parent, subsidiary or a company under common control of such brewery contiguous to such premises, or in a development contiguous to such premises owned and operated by such brewery or a parent, subsidiary or a company under common control of such brewery; and (iii) persons outside the Commonwealth for resale outside the Commonwealth. Such license shall also authorize the licensee to sell at retail the brands of beer that the brewery owns at premises described in the brewery license for on-premises consumption and in closed containers for off-premises consumption.

Such license may also authorize individuals holding a brewery license to (a) operate a facility designed for and utilized exclusively for the education of persons in the manufacture of beer, including sampling by such individuals of beer products, within a theme or amusement park located upon the premises occupied by such brewery, or upon property of such person contiguous to such premises, or in a development contiguous to such premises owned and operated by such person or a wholly owned subsidiary or (b) offer samples of the brewery's products to individuals visiting the licensed premises, provided that such samples shall be provided only to individuals for consumption on the premises of such facility or licensed premises and only to individuals to whom such products may be lawfully sold.

2. Limited brewery licenses, to breweries that manufacture no more than 15,000 barrels of beer per calendar year, provided (i) the brewery is located on a farm in the Commonwealth on land zoned agricultural and owned or leased by such brewery or its owner and (ii) agricultural products, including barley, other grains, hops, or fruit, used by such brewery in the manufacture of its beer are grown on the farm. The licensed premises shall be limited to the portion of the farm on which agricultural products, including barley, other grains, hops, or fruit, used by such brewery in the manufacture of its beer are grown and that is contiguous to the premises of such brewery where the beer is manufactured, exclusive of any residence and the curtilage thereof. However, the Board may, with notice to the local governing body in accordance with the provisions of § 4.1-230, also approve other portions of the farm to be included as part of the licensed premises. *For purposes of this subdivision, "land zoned agricultural" means (a) land zoned as an agricultural district or classification or (b) land otherwise submitted by a locality for limited brewery use. For purposes of this subdivision, "land zoned agricultural" does not include land zoned "residential conservation." Except for the limitation on land zoned "residential conservation," nothing in this definition shall otherwise limit or affect local zoning authority.*

Limited brewery licensees shall be treated as breweries for all purposes of this title except as otherwise provided in this subdivision.

3. Bottlers' licenses, which shall authorize the licensee to acquire and receive deliveries and shipments of beer in closed containers and to bottle, sell and deliver or ship it, in accordance with Board regulations to (i) wholesale beer licensees for the purpose of resale, (ii) owners of boats registered under the laws of the United States sailing for ports of call of a foreign country or another state, and (iii) persons outside the Commonwealth for resale outside the Commonwealth.

purpose of resale, (ii) owners of boats registered under the laws of the United States sailing for ports of call of a foreign country or another state, and (iii) persons outside the Commonwealth for resale outside the Commonwealth.

No wholesale beer licensee shall purchase beer for resale from a person outside the Commonwealth who does not hold a beer importer's license unless such wholesale beer licensee holds a beer importer's license and purchases beer for resale pursuant to the privileges of such beer importer's license.

5. Beer importers' licenses, which shall authorize persons licensed within or outside the Commonwealth to sell and deliver or ship beer into the Commonwealth, in accordance with Board regulations, in closed containers, to persons in the Commonwealth licensed to sell beer at wholesale for the purpose of resale.

6. Retail on-premises beer licenses to:

Hotels, restaurants, and clubs, which shall authorize the licensee to sell beer, either with or without meals, only in dining areas and other designated areas of such restaurants, or in dining areas, private guest rooms, and other designated areas of such hotels or clubs, for consumption only in such rooms and areas. For purposes of this subdivision, "other designated areas" includes outdoor dining areas, whether or not contiguous to the licensed premises, which may have more than one means of ingress and egress to an adjacent public thoroughfare, provided that such outdoor dining areas are under the control of the licensee and approved by the Board. Such noncontiguous designated areas shall not be approved for any retail license issued pursuant to subdivision A 5 of § 4.1-201.

e. Persons operating food concessions at coliseums, stadia, or similar facilities, which shall authorize the licensee to sell beer, in paper, plastic, or similar disposable containers, during the performance of professional sporting exhibitions, events or performances immediately subsequent thereto, to patrons within all seating areas, concourses, walkways, concession areas, and additional locations designated by the Board in such coliseums, stadia, or similar facilities, for on-premises consumption. For purposes of this subsection, "exhibition or exposition halls" and "convention centers" mean facilities conducting private or public trade shows or exhibitions in an indoor facility having in excess of 100,000 square feet of floor space.

7. Retail off-premises beer licenses, which shall authorize the licensee to sell beer in closed containers for off-premises consumption.

9. Retail on-and-off premises beer licenses to persons enumerated in subdivisions 6 a and 6 d, which shall accord all the privileges conferred by retail on-premises beer licenses and in addition, shall authorize the licensee to sell beer in closed containers for off-premises consumption.

2. That any limited brewery that, prior to July 1, 2016, (i) holds a valid license granted by the Alcoholic Beverage Control Board (the Board) in accordance with Title 4.1 of the Code of Virginia and (ii) is in compliance with the local zoning ordinance as an agricultural district or classification or as otherwise permitted by a locality for limited brewery use shall be allowed to continue such use as provided in § 15.2-2307 of the Code of Virginia, notwithstanding (a) the provisions of this act or (b) a subsequent change in ownership of the limited brewery on or after July 1, 2016, whether by transfer, acquisition, inheritance, or other means. In addition, the exemption shall apply to any such computer equipment or enabling software purchased or leased to upgrade, supplement, or replace computer equipment or enabling software purchased or leased in the initial investment. The exemption shall not apply to any other computer software otherwise taxable under Chapter 6 of Title 58.1 that is sold or leased separately from the computer equipment, nor shall it apply to general building improvements or other fixtures.

The requirement of at least 50 new jobs is reduced to 25 new jobs if the data center is located in a locality that has an unemployment rate for the preceding year of at least 150 percent of the average

statewide unemployment rate for such year as determined by the Virginia Economic Development Partnership or is located in an enterprise zone. Prior to claiming such exemption, any qualifying person claiming the exemption must enter into a memorandum of understanding with the Virginia Economic Development Partnership Authority that at a minimum provides the details for determining the amount of capital investment made and the number of new jobs created, the timeline for achieving the capital investment and new job goals, the repayment obligations should those goals not be achieved, and any conditions under which repayment by the qualifying person claiming the exemption may be required. In addition, the exemption shall apply to any such computer equipment or enabling software purchased or leased to upgrade, supplement, or replace computer equipment or enabling software purchased or leased in the initial investment. The exemption shall not apply to any other computer software otherwise taxable under Chapter 6 of Title 58.1 that is sold or leased separately from the computer equipment, nor shall it apply to general building improvements or other fixtures.

Any such limited residential lodging shall (i) be deemed to be consistent with residential use; (ii) be authorized in any zoning district established pursuant to Article 7 (§ 15.2-2280 et seq.) of Chapter 22 of Title 15.2 allowing residential use; and (iii) not require the residential dwelling unit or the owner or primary resident of the residential dwelling unit to adhere to any zoning or licensing requirements applicable to hotels, motels, bed and breakfast inns, lodging houses, or other commercial enterprises;

B. Any local tax or fee authorized by law to be imposed upon (i) operators or (ii) occupants of any dwelling, lodging, or sleeping accommodations offered for a charge shall be applied in a uniform manner upon all operators, including a limited residential lodging operator, or occupants, including a limited lodger.

C. D. Nothing in this section shall be construed to prohibit a locality from:

1. Adopting and enforcing ordinances and regulations generally applicable to residential use and zoning including those related to noise, health and safety, the quiet enjoyment of property, parking, litter, yard signs, and other related issues, so long as such ordinances shall not be drawn or applied in such a manner as to create burdens or restrictions on limited residential lodging not placed on other authorized uses of residential property; or

Such requirement by an ordinance shall be deemed to have been met by an operator that conducts the limited residential lodging through a hosting platform that provides a minimum of \$500,000 of liability insurance for such use. The penalty for the violation of such ordinance shall not exceed \$200 per violation; or

§ 55-248.56. Registration of hosting platform; collection and remittance of certain taxes; audit.

A. A hosting platform shall register with the Department for the collection and remission of applicable taxes on any booking transactions facilitated by the hosting platform on behalf of operators within any one or more localities within the Commonwealth, and shall enter into any agreement with the Department related to such collection and remission. Such agreement shall not constitute confidential tax information pursuant to § 58.1-3 and shall be subject to disclosure pursuant to the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

B. A registered hosting platform shall, with respect to each booking transaction facilitated by the hosting platform on behalf of an operator within any locality for which such hosting platform has registered to collect and remit applicable taxes, collect any applicable taxes and remit the total amount so collected to the Department on a monthly basis along with a schedule, on an aggregate basis, listing the total amounts owed to the Commonwealth and to each applicable locality for the relevant period. After the direct costs of administering this section are recovered by the Department, the remaining revenues shall be distributed by the Tax Commissioner in the same manner as the applicable taxes are distributed pursuant to Chapter 6 (§ 58.1-600 et seq.) of Title 58.1, § 58.1-1742, and Articles 6 (§ 58.1-3819 et seq.) and 8 (§ 58.1-3840 et seq.) of Chapter 38 of Title 58.1, *mutatis mutandis*.

C. Any registered hosting platform shall provide notice to any operator utilizing the hosting platform of such registration and advising the operator that such operator should review any applicable state and local laws prior to listing a limited residential lodging unit for occupancy.

D. No operator utilizing a registered hosting platform shall be responsible for collecting or remitting any applicable taxes on any booking transaction when it has received notice pursuant to subsection C that such hosting platform will be collecting and remitting such applicable taxes. Any such notice shall itself be proof sufficient regarding the absence of any operator liability for such applicable taxes for the time period covered by the notice, and the hosting platform shall be liable for any such taxes.

E. Information provided to or obtained by the Department by a registered hosting platform shall be confidential pursuant to § 58.1-3. However, notwithstanding any provisions of § 58.1-3 to the contrary, such information shall not be provided to any other agency of the Commonwealth or political subdivision or officer thereof.

F. Applicable taxes payable by a registered hosting platform in accordance with this section shall be subject to audit only by the Department or its authorized agent. Any such audit shall be conducted on the basis of returns and supporting documents filed by the registered hosting platform with the Department and shall not be conducted directly or indirectly on any individual operator or occupant to whom rooms, lodgings, dwellings, or accommodations were furnished in exchange for a charge for occupancy. Audits of a registered hosting platform for applicable taxes shall be conducted on an anonymous numbered account basis and shall not require the production of any personally identifiable information relating to any booking transaction or individual operator or occupant. No commissioner of the revenue, director of finance, or other similar local tax official may conduct any audit of applicable taxes paid by a registered hosting platform.

G. Notwithstanding any other provision of law, general or special, any registered hosting platform that fails to file a required return or pay the full amount of the applicable taxes due shall be subject to:

1. A penalty in the amount of \$500 for failure to file a return within one month of the due date, with an additional penalty of \$1,000 for each additional month, or fraction thereof; thereafter during the period in which the failure continues, a penalty not to exceed the lesser of five percent of the taxes due on such return or \$10,000 in the aggregate. Such penalty shall apply whether or not any tax is due for the period for which such return was required. If such failure is due to providential or other good cause shown to the satisfaction of the Department, such return with or without remittance may be accepted exclusive of penalties;

2. A penalty in the amount of three percent of the underpayment if the failure to pay the full amount of applicable tax due is for not more than one month, with an additional three percent of the underpayment for each additional month, or fraction thereof, during which the failure continues, not to exceed 15 percent of the underpayment in the aggregate; and

3. In the case of a false or fraudulent return where willful intent exists to defraud the Commonwealth of any applicable tax due pursuant to this section, or in the case of a willful failure to file a return with the intent to defraud the Commonwealth of any such tax, a specific penalty of 50 percent of the difference between the amount reported and the amount of the tax actually due.

H. All penalties and interest imposed by this section shall be payable by the hosting platform and collectible and distributable by the Department in the same manner as if they were part of the tax imposed. Interest at a rate determined in accordance with § 58.1-15 shall accrue on the tax until the same is paid.

I. The Department shall develop regulations for the implementation of this chapter. Initial regulations shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.), but any updates or amendments to the regulations shall be subject thereto.

2. That nothing in this act shall be construed to subject any taxpayer to any additional taxes not currently imposed by law, nor shall this act be construed to relieve any taxpayer from any tax liability except as expressly set forth therein.

3. That the provisions of the first and second enactment clause of this act shall not become effective unless reenacted by the 2017 Session of the General Assembly.

4. That the Housing Commission shall convene a work group with representation from the hotel industry, hosting platform providers, local government, state and local tax officials, property owners, and other interested parties to explore issues related to expansion of the framework set forth in this act related to the registration, land use, tax, and other issues of public interest associated with the short-term rental of dwelling and other units. The work group shall take into consideration existing structures governing the activities of bed and breakfast inns, vacation rentals, and other transient occupancy venues. The work group shall complete its work by December 1, 2016, with the goal of developing recommendations and draft legislation for consideration by the 2017 Session of the General Assembly.
