2. Within 30 days of awarding a contract or contracts related to the replacement project, the Department of Medical Assistance Services shall provide the Chairmen of the House Appropriations and Senate Finance Committees, and the Director, Department of Planning and Budget, with a copy of the contract including costs.

3. Beginning July 1, 2016, the Department of Medical Assistance Services shall provide annual progress reports that must include a current project summary, implementation status, accounting of project expenditures and future milestones. All reports shall be submitted to the Chairmen of House Appropriations and Senate Finance Committees, and Director, Department of Planning and Budget."

**Explanation:**

(This amendment includes in budget language information regarding the amount of funding that has been appropriated for the replacement of the Medicaid Management Information System. Due to the size of the project and the multi-year time-frame, it is useful to include such information in budget language to track the funding for the project. In addition, the language requires reporting of information about the contract award and ongoing project status updates.)

**Explanation:**

(This amendment reduces funding of \$1.2 million the first year and \$800,000 the second year from the general fund and a corresponding amount of federal matching funds for administrative contract increases. The introduced budget included \$2.4 million each year to cover the expected increase in costs of three administrative contracts: an enrollment broker, actuary and audit contract. The enrollment broker contract was awarded and took effect January 1, 2016, and funding of \$800,000 each year is provided for this purpose. The other two contracts are not yet awarded and will take effect January 1, 2017. This amendment reduces the remaining funds by half for the two contracts yet to be awarded, leaving \$400,000 the first year and \$800,000 the second year. Since the increased costs of such contracts are not known, it is premature to add full funding.)

(This amendment removes \$340,900 from the general fund and \$1.1 million from federal matching funds the second year in the introduced budget for the ongoing costs of the CoverVirginia call center related to an expected increase in call volume from Medicaid enrollees receiving notifications on insurance. The Affordable Care Act requires that individuals be notified by insurers of their insurance status during the year. Beginning in 2016, state Medicaid programs are required to send out these notices. **Explanation:**

(This amendment adds \$2.1 million the first year and \$2.1 million the second year from the general fund to increase support for permanent supportive housing and provide support to 150 additional individuals. Permanent supportive housing provides rental assistance and in-home clinical services and support staff to assist individuals with mental illness in maintaining stability in the community. The goal of the program is to assist in keeping individuals with mental illness out of jail, hospitals and prevents homelessness. A reporting requirement is also included.)

3. Pursuant to language contained in Item 312, paragraph C., any unexpended funds in the Trust Fund shall remain in the Trust Fund and are subject to an appropriation in an appropriation bill passed by the General Assembly."

**Explanation:**

(This amendment adds language and appropriates up to \$4.0 million the first year from the Behavioral Health and Developmental Services Trust Fund for one-time expenses related to developing housing options and specialized services, and making capital improvements to enhance and expand services for individuals with intellectual and developmental disabilities. A minimum of 60 percent of the funding will be used to build community capacity in Northern Virginia and the remaining funding will be used to build community capacity for individuals who are transitioning to the community from Southwestern Virginia Training Center (SWVTC). (This amendment allocates \$625,500 the first year from the general fund that was included in the introduced budget for the purchase of private inpatient geriatric mental health services and designates the funding for Western State Hospital for Discharge Assistance Funding. Western State Hospital is in need of DAP funds in the hospital's catchment area. **Explanation:**

(This amendment adds \$250,000 the first year from the general fund and language directing the Department of Behavioral Health and Developmental Services (DBHDS) to hire an independent contractor to determine if the Hancock Geriatric Treatment Center can be re-certified for Medicaid reimbursement. In 2015, the center lost its Medicaid certification and the introduced budget included general fund support to replace the lost federal funding. This amendment attempts to explore all possible options available to the Commonwealth to re-certify the facility in order to access federal support for its operations. If the facility can be certified then the general fund support added in the budget can be supplanted with federal funds. Language directs the Department to seek certification from the federal Centers for Medicare and Medicaid Services if feasible and upon completion of the recommended changes, and the Commissioner of DBHDS is required to report on these efforts by December 1, 2016 and when a federal certification decision is made.)

The plan in the last session was to convert the certification of these two hospitals to nursing facilities due to a federal Health and Human Services Inspector General's report on the certification issue. This reduction has forced frequent withdrawals of funds from the park's savings accounts in order to maintain critical facilities and services. The requested additional amount will restore the Virginia allocation to its previous level and help provide the critical maintenance and operations functions without further decreasing the park's savings accounts. The Secretary of Public Safety and Homeland Security shall chair the task force. The task force shall present an interim report by November 1, 2016, and a final report by July 15, 2017, to the Governor, the Director of the Department of Planning and Budget, the Chairman of the Virginia Commission on Youth, and the Chairmen of the Senate Finance and House Appropriations Committees.

2.a. The task force shall consider the future capital and operational requirements for Virginia's juvenile correctional centers, including the construction of a new facility in the City of Chesapeake, for which planning was authorized by the 2016 General Assembly, and also including (i) the projected population of state-responsible juvenile offenders, including an assessment of the impact of the Department of Juvenile Justice's length of stay guidelines, (ii) the number of juveniles expected to be held in each facility, (iii) the level and type of mental health, medical, academic and vocational education, and other services to be provided, (iv) the design and size of spaces needed to accommodate the necessary services within state facilities, (v) the accommodation of the treatment needs of state-responsible juvenile offenders with diagnoses of serious mental or behavioral health issues, (vi) the appropriateness of alternative housing models, including cells and rooms (including both single and double-bunking), dormitories, cottages, and other housing configurations, (vii) the number and geographical location of facilities, and (viii) the potential for contracting for the use of space in existing local and regional secure detention facilities, group homes, and private residential facilities.

b. The task force shall identify existing juvenile correctional centers, including facilities which are not currently operational, and other property currently owned by state agencies, and consider the extent to which the recommendations developed pursuant to Paragraph C.2.a. of this item may be accommodated within such properties, along with the costs of

construction or renovation of existing facilities to accommodate these recommendations. The task force shall conduct a cost-benefit analysis to compare the potential revenues realized from the sale of existing real property owned by state agencies, with the projected replacement costs which would be incurred to provide replacement facilities, should existing properties be sold. This analysis should include an assessment of the impact of locational factors on expected program outcomes and on the objective of maintaining the juvenile offenders' relationships with their families and communities.

c. In evaluating these alternatives, the task force shall give consideration to and report on the estimated costs of construction, operation and maintenance of facilities, and the potential impact of these alternatives to the outcomes for state-responsible juvenile offenders, including recidivism. The task force shall also give consideration to the projected requirements for state funding for local and regional secure detention facilities, and alternatives to detention, including but not limited to, the Virginia Juvenile Community Crime Control Act.

3. The Department of General Services and all other agencies of the Commonwealth shall provide technical assistance upon request of the task force. The task force shall include input from judges, attorneys for the Commonwealth, law enforcement, local government, private providers, and other stakeholders as appropriate.

4. The Director, Department of Juvenile Justice, is authorized to procure such consultant or other services as necessary to conduct the task force's review. The Director is authorized to use funds identified in Paragraph A of this item for such purposes."

"M. 1. Notwithstanding § 33.2-1527 B., Code of Virginia, out of the funds made available in Item 453, \$25,000,000 the first year and \$25,000,000 the second year may be provided to the Metropolitan Washington Airports Authority for the sole purpose of reducing the airline cost per enplanement at Washington Dulles International Airport to help attract new domestic and international airlines and retain existing air carriers. Such funding shall be utilized to reduce the debt service requirements and total operating costs of the Authority. The first year amount shall not be provided before December 31, 2016. Payment shall not occur in either fiscal year unless the Authority has entered into an agreement with one or more airlines currently operating at Washington Dulles International Airport which ensures the retention of a domestic airline hub service at the airport for at least seven years beyond calendar year 2017.

2. Prior to the release of any funds authorized in Paragraph M.1. to the Authority, the Secretary of Transportation shall certify in writing to the Governor and the General Assembly that provision of the funds authorized under this item are in the public interest, that the funds will be used to supplement not supplant funds otherwise available to the Authority, and that the Authority has set-forth an attainable plan for long-term cost reductions. Funding shall further be conditioned upon the following requirements:

a. No payments shall occur unless and until the Authority has entered into an agreement with the Virginia Department of Transportation that (i) identifies to the Department future efforts of the Authority to reduce airline cost per enplanement at Washington Dulles International Airport using financing efficiency savings, available funds, and future revenues in an amount that meets or exceeds the amount of the appropriation provided in this section over the course of the agreement through calendar year 2024, (ii) provides full access to the financial records of the Airports Authority recognizing such financial information will be considered confidential and proprietary and will only be used to verify targets for cost per enplanement reductions, and (iii) sets forth a long-range plan for financial viability of the airport and continued lower levels of cost per enplanement beyond the fiscal year 2016-2018 biennium without additional state support beyond the amounts provided pursuant to § 58.1-538, Code of Virginia. Such agreement shall be subject to the provisions established in § 2.2-3705.6, Code of Virginia.

3. By December 1, 2016 and December 1, 2017, the Authority shall report to the Secretary of Transportation and the Chairmen of the House Appropriations and Senate Finance Committees on the actual and forecasted changes to the cost per enplanement at the Washington Dulles International Airport over the prior year, what portion of the reduction is attributable to state support, what portion attributable to cost reduction measures implemented by the Authority and what portion is attributable to increased passenger traffic at the Airports. Further, the Authority shall report the additional measures taken by the Authority to reduce airline cost per enplanement including, but not limited to, an estimate of revenues that could be generated by development or disposal of property owned by the Authority as a means to further reduce long term cost per enplanement. Such report shall also

The standards upon which the public institutions of higher education are deemed certified to receive the payment of interest earnings from the tuition and fees and other nongeneral fund Educational and General revenues shall be based upon the standards provided in § 4-9.01 of this act, as approved by the General Assembly.

B. The estimated interest earnings and other revenues shall be distributed to those specific public institutions of higher education that have been certified by the State Council of Higher Education for Virginia as having met the standards provided in § 4-9.01 of this act, based on the distribution methodology developed pursuant to Chapter 933, Enactment 2, Acts of Assembly of 2005 and reported to the Chairmen of the House Appropriations Committee and Senate Finance Committee.

C. In accordance with § 2.2-5004 and 5005, Code of Virginia, this Item provides \$1,750,000 the first year and \$1,750,000 the second year from the general fund, and \$1,000,000 from nongeneral funds in the first year and \$1,000,000 from nongeneral funds in the second year for the estimated total payment to individual institutions of higher education of the interest earned on tuition and fees and other nongeneral fund Education and General Revenues deposited to the state treasury. Upon certification by the State Council of Higher Education of Virginia that all available performance benchmarks have been successfully achieved by the individual institutions of higher education, the Director, Department of Planning and Budget, shall transfer the appropriation in this Item for such estimated interest earnings to the general fund appropriation of each institution's Educational and General program.

D. This Item also includes \$2,250,000 in the first year and \$2,250,000 the second year from the general fund for the payment to individual institutions of higher education of a pro rata amount of the rebate paid to the State Commonwealth on credit card purchases not exceeding \$5,000 during the previous fiscal year. The State Comptroller shall determine the amount owed to each certified institution, net of any payments due to the federal government, using a

methodology that equates a pro rata share based upon the total transactions of \$5,000 or less made by the institution using the state-approved credit card in comparison to all transactions of \$5,000 or less using said approved credit card. By October 15, or as soon thereafter as deemed appropriate, following the year of certification, the Comptroller shall reimburse each institution its estimated pro rata share.

E. Once actual financial data from the year of certification are available, the State Comptroller and the Director, Department of Planning and Budget, shall compare the actual data with estimates used to determine the distribution of the interest earnings, nongeneral fund Educational and General revenues, and the pro rata amounts to the certified institutions of higher education. In those cases where variances exist, the Governor shall include in his next introduced budget bill recommended appropriations to make whatever adjustments to each institution's distributed amount to ensure that each institution's incentive payments are accurate based on actual financial data."

"478.1

A.1. For each year of the biennium, there is hereby appropriated from the general fund of the state treasury an amount as specified in paragraphs A.3. and A.4. below, to fund certain capital projects that are presently authorized for funding from debt issuances by either the Virginia College Building Authority or the Virginia Public Building Authority, to the extent that the existing debt for such capital projects has not been issued. The Governor shall recommend an equivalent reduction in the amount of debt authorization for the affected projects so that overall, there is no decrease or increase in total funding for such projects.

2. It is the intent of the General Assembly that any appropriation pursuant to this Item only be used to reduce the total authorized but unissued debt such that general fund cash becomes the funding source for certain capital outlay projects rather than debt. In making this substitution, priority shall be given to maintenance reserve or other small capital outlay projects that are better suited to be funded from cash or to taxable debt projects which offer the opportunity to obtain greater debt service cost savings, if funded by cash rather than debt.

3. For the first fiscal year of the biennium, the appropriation specified in paragraph A.1. above shall be equal to the lesser of \$181,900,000 or the actual total general fund revenue collections for fiscal year ending June 30, 2016, reduced by any amounts needed to meet the Constitutional or statutory deposit to the Revenue Stabilization Fund and the statutory deposit concerning surplus revenue to the Water Quality Improvement Fund, as certified by the State Comptroller, minus the "official revenue estimate" for general fund revenues for the second year of the biennium as contained in the second enactment of Senate Bill 29 of the 2016 General Assembly, as enacted.

4. For the second year of the biennium the appropriation specified in paragraph A.1. above shall be equal to the lesser of \$188,200,000 or the actual total general fund revenue

collections for fiscal year ending June 30, 2017, reduced by any amounts needed to meet the Constitutional or statutory deposit to the Revenue Stabilization Fund and the statutory deposit concerning surplus revenue to the Water Quality Improvement Fund, as certified by the State Comptroller, minus the "official revenue estimate" for general fund revenues for the first year of the biennium as contained in the first enactment of this Act.

B. The State Comptroller shall make a commitment for any amount appropriated in this Item pursuant to paragraph A.3. above on the balance sheet of the Commonwealth for June 30, 2016. The State Comptroller shall make a commitment for any amount appropriated in this Item pursuant to paragraph A.4. above on the balance sheet of the Commonwealth for June 30, 2017.

C.1. The Director of the Department of Planning and Budget shall report quarterly to the State Treasurer and to the Six Year Capital Outlay Planning Advisory Committee, established by § 2.2-1516 Code of Virginia, identifying the projects for which the debt authorization was replaced by appropriations pursuant to paragraph A1. above.

2. Upon notification from the Director of the Department of Planning and Budget that appropriations pursuant to paragraph A1. above have been made, the State Treasurer shall not issue any debt for the affected projects."

**Explanation:**

(This amendment directs the contingent use of any revenue surplus available at the close of fiscal year 2016 and fiscal year 2017 towards defraying the issuance of authorized general fund supported debt. A surplus may be realized due to a portion of general fund revenues, generated from nonwithholding, which is excluded from the official revenue estimate reflected in SB 29 and SB 30, as introduced.)

" c. 1. As part of a five-year pilot program, George Mason University and James Madison University are authorized, for a period of five years, to exercise additional financial and administrative authority as set out in each of the three functional areas of information technology, procurement and capital projects as set forth and subject to all the conditions in §§ 2.0, 3.0 and 4.0 of the second enactment of Chapter 824 and 829 of the Acts of Assembly of 2008 except that (i) any effective dates contained in Chapter 824 and 829 of the Acts of Assembly of 2008 are superseded by the provisions of this item, and (ii) the institution is not required to have a signed memorandum of understanding with the Secretary of Administration regarding participation in the nongeneral fund decentralization program as provided in subsection C of § 2.2-1132 in order to be eligible for the additional capital project authority.

2. In addition, each institution shall exercise additional financial and administrative authority over financial operations as follows:

a). **BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY.**  
The Board of Visitors of the University shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this Policy. Consistent with this full and ultimate accountability, however, the Board may, pursuant to its legally permissible procedures, specifically delegate either herein or by separate Board resolution the duties and responsibilities set forth in this Policy to a person or persons within the University, who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the University's usual delegation policies and procedures.

b) **FINANCIAL MANAGEMENT AND REPORTING SYSTEM.**

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized by the Board to maintain existing and implement new policies governing the management of University financial resources. These policies shall continue to (i) ensure compliance with Generally Accepted Accounting Principles, (ii) ensure consistency with the current accounting principles employed by the Commonwealth, including the use of fund accounting principles, with regard to the establishment of the underlying accounting records of the University and the allocation and utilization of resources within the accounting system, including the relevant guidance provided by the State Council of Higher Education for Virginia chart of accounts with regard to the allocation and proper use of funds from specific types of fund sources, (iii) provide adequate risk management and internal controls to protect and safeguard all financial resources, including moneys transferred to the University pursuant to a general fund appropriation, and ensure compliance with the requirements of the Appropriation Act.

The financial management system shall continue to include a financial reporting system to satisfy both the requirements for inclusion into the Commonwealth's Comprehensive Annual Financial Report, as specified in the related State Comptroller's Directives, and the University's separately audited financial statements. To ensure observance of limitations and restrictions placed on the use of the resources available to the University, the accounting and bookkeeping system of the University shall continue to be maintained in accordance with the principles prescribed for governmental organizations by the Governmental Accounting Standards Board.

In addition, the financial management system shall continue to provide financial reporting for the President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, and the Board of Visitors to enable them to provide adequate oversight of the financial operations of the University.

c) FINANCIAL MANAGEMENT POLICIES.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall create and implement any and all financial management policies necessary to establish a financial management system with adequate risk management and internal control processes and procedures for the effective protection and management of all University financial resources. Such policies will not address the underlying accounting principles and policies employed by the Commonwealth and the University, but rather will focus on the internal operations of the University's financial management. These policies shall include, but need not be limited to, the development of a tailored set of finance and accounting practices that seek to support the University's specific business and administrative operating environment in order to improve the efficiency and effectiveness of its business and administrative functions. In general, the system of independent financial management policies shall be guided by the general principles contained in the Commonwealth's Accounting Policies and Procedures such as establishing strong risk management and internal accounting controls to ensure University financial resources are properly safeguarded and that appropriate stewardship of public funds is obtained through management's oversight of the effective and efficient use of such funds in the performance of University programs.

The University shall continue to follow the Commonwealth's accounting policies until such time as specific alternate policies can be developed, approved and implemented. Such alternate policies shall include applicable accountability measures and shall be submitted to the State Comptroller for review and comment before they are implemented by the University.

d) FINANCIAL RESOURCE RETENTION AND MANAGEMENT.

The Board of Visitors shall retain the authority to establish tuition, fee, room, board, and other charges, with appropriate commitment provided to need-based grant aid for middle- and lower-income undergraduate Virginians. Except as provided otherwise in the Appropriation Act, it is the intent of the Commonwealth and the University that the

University shall be exempt from the revenue restrictions in the general provisions of the Appropriation Act related to non-general funds. In addition, unless prohibited by the Appropriation Act, it is the intent of the Commonwealth and the University that the University shall be entitled to retain non-general fund savings generated from changes in Commonwealth rates and charges, including but not limited to health, life, and disability insurance rates, retirement contribution rates, telecommunications charges, and utility rates, rather than reverting such savings back to the Commonwealth. This financial resource policy assists the University by providing the framework for retaining and managing non-general funds, for the receipt of general funds, and for the use and stewardship of all these funds.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to provide oversight of the University's cash management system which is the framework for the retention of non-general funds. The Internal Audit Department of the University shall periodically audit the University's cash management system in accordance with appropriate risk assessment models and make reports to the Audit and Compliance Committee of the Board of Visitors. Additional oversight shall continue to be provided through the annual audit and assessment of internal controls performed by the Auditor of Public Accounts. For the receipt of general and non-general funds, the University shall conform to the Security for Public Deposits Act, Chapter 44 (§ 2.2-4400 et seq.) of Title 2.2 of the Code of Virginia as it currently exists and from time to time may be amended.

e) ACCOUNTS RECEIVABLE MANAGEMENT AND COLLECTION.

The President, through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized to create and implement any and all Accounts Receivable Management and Collection policies as part of a system for the management of University financial resources. The policies shall be guided by the requirements of the Virginia Debt Collection Act, Chapter 48 (§ 2.2-4800 et seq.) of the Code of Virginia, such that the University shall take all appropriate and cost effective actions to aggressively collect accounts receivable in a timely manner.

These shall include, but not be limited to, establishing the criteria for granting credit to University customers; establishing the nature and timing of collection procedures within the above general principles; and the independent authority to select and contract with collection agencies and, after consultation with the Office of the Attorney General, private attorneys as needed to perform any and all collection activities for all University accounts receivable such as reporting delinquent accounts to credit bureaus, obtaining judgments, garnishments, and liens against such debtors, and other actions. In accordance with sound collection activities, the University shall continue to utilize the Commonwealth's Debt Set-Off Collection Programs, shall develop procedures acceptable to the Tax Commissioner and the State Comptroller to implement such Programs, and shall provide a quarterly summary report of receivables to the Department of Accounts in accordance with the reporting procedures established pursuant to the Virginia Debt Collection Act.

f) DISBURSEMENT MANAGEMENT.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized to create and implement any and all disbursement policies as part of a system for the management of University financial resources. The disbursement management policies shall continue to define the appropriate and reasonable uses of all funds, from whatever source derived, in the execution of the University's operations. These policies also shall continue to address the timing of appropriate and reasonable disbursements consistent with the Prompt Payment Act, and the appropriateness of certain goods or services relative to the University's mission, including travel-related disbursements. Further, the University's disbursement policy shall continue to provide for the mechanisms by which payments are made including the use of charge cards, warrants, and electronic payments.

These disbursement policies shall authorize the President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, to independently select, engage, and contract for such consultants, accountants, and financial experts, and other such providers of expert advice and consultation, and, after consultation with the Office of the Attorney General, private attorneys, as may be necessary or desirable in his or her discretion. The policies also shall continue to include the ability to locally manage and administer the Commonwealth's credit card and cost recovery programs related to disbursements, subject to any restrictions contained in the Commonwealth's contracts governing those programs, provided that the University shall submit the credit card and cost recovery aspects of its financial and operations policies to the State Comptroller for review and comment prior to implementing those aspects of those policies. The disbursement policies shall ensure that adequate risk management and internal control procedures shall be maintained over previously decentralized processes for public records, payroll, and non-payroll disbursements. The University shall continue to provide summary quarterly prompt payment reports to the Department of Accounts in accordance with the reporting procedures established pursuant to the Prompt Payment Act.

The University's disbursement policies shall be guided by the principles of the Commonwealth's policies as included in the Commonwealth's Accounting Policy and Procedures Manual. The University shall continue to follow the Commonwealth's disbursement policies until such time as specific alternative policies can be developed, approved and implemented. Such alternate policies shall be submitted to the State Comptroller for review and comment prior to their implementation by the University.

3. The Auditor of Public Accounts or his legally authorized representatives shall audit annually the accounts of each institution and shall distribute copies of each annual audit to the Governor and to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance. Pursuant to § 30-133, the Auditor of Public Accounts and his legally authorized representatives shall examine annually the accounts and books of each such institution, but the institution shall not be deemed to be a state or governmental agency, advisory agency, public body, or agency or instrumentality for purposes of Chapter 14 (§ 30-130 et seq.) of Title 30 except for those provisions in such chapter that relate to requirements

for financial recordkeeping and bookkeeping. Each such institution shall be subject to periodic external review by the Joint Legislative and Audit Review Commission and such other reviews and audits as shall be required by law."

However, such prohibition shall not apply to (i) reconstruction with additional lanes of a highway, bridge, or tunnel provided that the number of un-tolled non-high-occupancy vehicle lanes, excluding auxiliary lanes, after the reconstruction is not less than the number of un-tolled, non-high-occupancy vehicle lanes, excluding auxiliary lanes, prior to such reconstruction; (ii) new construction that is opened to the public as a tolled facility; (iii) new construction that is opened to the public as high-occupancy vehicle lanes; (iv) existing high-occupancy vehicle lanes; or (v) an existing lane on a segment of a highway whose length does not exceed 10 miles and is between an interchange and an interchange or an interchange and a bridge, provided that the number of un-tolled non-high-occupancy vehicle lanes on such segment is equal to the number of un-tolled non-high-occupancy vehicle lanes on the portion of the highway preceding such segment.*

1. Pay or finance all or part of the costs of programs or projects, including the costs of planning, operation, maintenance, and improvements incurred in connection with the toll facility, provided that such allocations shall be limited to programs and projects that are reasonably related to or benefit the users of the toll facility. **SENATE BILL VETOED BY GOVERNOR  
SUBSEQUENT TO ADJOURNMENT SINE DIE**

**S.B. 626** (six hundred twenty-six), subsequent to adjournment sine die of the 2016 Regular Session, was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA

Office of the Governor

April 7, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 626, which provides that for a period of 45 days after the issuance of a protective order, the person who has issued the order may lawfully carry a concealed handgun. This bill eliminates the application and training requirements associated with concealed handgun permits and allows petitioners to carry a concealed handgun immediately upon the issuance of any protective order.

Domestic violence situations can be extremely volatile, and all too often result in serious injury or death. In fact, when firearms are present in a domestic violence situation, a woman is five times more likely to die. In 2014, Virginia experienced 112 family and intimate-partner-related homicides, 66 of which occurred with a firearm.

At the end of February, I signed legislation, part of a bipartisan firearms agreement, that will remove firearms from dangerous domestic violence situations. That bill prohibits subjects of permanent protective orders from possessing firearms and requires them to sell or transfer their firearms within 24 hours. Senate Bill 626 encourages victims of domestic violence to introduce deadly weapons into an already dangerous situation, an approach that I believe could have significant negative public safety consequences.

Prior to the conclusion of the 2016 legislative session, I proposed amendments to Senate Bill 626 that would allow judges to expedite the concealed handgun permit approval process for individuals who had already given serious consideration to the risks and responsibilities associated with concealing a handgun and completed all necessary training requirements. These amendments were rejected.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

## WEDNESDAY, APRIL 20, 2016

The Senate met at 12 m. in Reconvened Session of the 2016 Regular Session and was called to order by Lieutenant Governor Ralph S. Northam.

The Reverend Alexander Evans, Second Presbyterian Church, Richmond, Virginia, offered the following prayer:

God of creation, God of light and love, God of all that is right and good, God of this day and every day, and this place and every place, our first words have to be gratitude.

We are so grateful for life and so many blessings; for the fact that we are alive and able to work and serve together; for the gifts and skills present in this room; and the privilege of giving leadership to this Commonwealth, for this great land of ours and the beauty of this season.

We thank You, God, for Your abiding care for our lives, for this city, this grand Commonwealth, and Your guidance and care for this body, the Virginia Senate, today. As we gather today in this historic Senate Chamber, we know You are here among us.

In these sacred and solemn moments, we open our hearts to Your presence. Remind us all, and especially these Senators, of Your grand purposes. Help us to envision and work for a Commonwealth of peace and prosperity for all people. Keep us, and especially these leaders here, focused on justice and beauty, a wholesome society for all citizens. Help these Senators to work together well; to build bridges instead of barriers; to make wise and good decisions; to care enough to compromise; to help us to be the greatest Commonwealth that we can be, building on our wonderful history in this great nation. And when debates get difficult, and divisions offer no way forward, be at work to increase grace, to build compromise, and to help each person to see with each other's eyes, to listen with each other's ears, to act with conviction, but most of all compassion.

And let every action and vote lead to more justice and more righteousness across Virginia.

We pray in the spirit of the one God who has established this Commonwealth, who has watched over Virginia in ages past, and, we know, is the one God who watches over our coming and going forever. Amen.

## SENATE BILLS VETOED BY THE GOVERNOR

**S.B. 41** (forty-one) was returned by the Governor with the following communication:

## COMMONWEALTH OF VIRGINIA

Office of the Governor

March 30, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 41, which would shield from civil liability those who actively discriminate against same-sex couples.

Although couched as a “religious freedom” bill, this legislation is nothing more than an attempt to stigmatize. Any legitimate protections afforded by Senate Bill 41 are duplicative of the First Amendment to the Constitution of the United States; Article I, Section 11 of the Constitution of Virginia; and the Virginia Religious Freedom Restoration Act. Any additional protections are styled in a manner that prefers one religious viewpoint—that marriage can only validly exist between a man and a woman—over all other viewpoints. Such a dynamic is not only unconstitutional, it equates to discrimination under the guise of religious freedom.

This legislation is also bad for business and creates roadblocks as we try to build the new Virginia economy. Businesses and job creators do not want to locate or do business in states that appear more concerned with demonizing people than with creating a strong business climate. Legislation that immunizes the discriminatory actions of certain people and institutions at the expense of same-sex couples would damage Virginia’s reputation for commonsense, pro-business government. We need only look at the damage these types of laws are doing in other states to understand the harm this bill could bring to our Commonwealth and its economy.

We should be pursuing policies to make Virginia a more vibrant and welcoming place to live, work, and raise a family. Senate Bill 41 would accomplish the opposite by making Virginia unwelcome to same-sex couples, while artificially engendering a sense of fear and persecution among our religious communities.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

The reading of the communication was waived.

Senator Carrico moved that **S.B. 41** be passed in the enrolled form, notwithstanding the objections of the Governor.

## PARLIAMENTARY INQUIRY

Senator Stanley propounded a parliamentary inquiry as to what vote would a Senator cast who wished to override the Governor's veto to **S.B. 41**.

The Chair stated that a Senator who wished to override the Governor's veto to **S.B. 41** would vote yea on the question: "Shall **S.B. 41** be passed in the enrolled form, notwithstanding the objections of the Governor?"

The question was put on passing **S.B. 41** in the enrolled form, notwithstanding the objections of the Governor.

**S.B. 41** failed to pass in the enrolled form, notwithstanding the objections of the Governor, having failed to receive the necessary affirmative votes required by Article V, Section 6, of the Constitution.

The recorded vote is as follows:

RULE 36--0.

**S.B. 44** (forty-four), on motion of Senator Carrico, was passed by temporarily.

**S.B. 270** (two hundred seventy) was returned by the Governor with the following communication:

## COMMONWEALTH OF VIRGINIA

Office of the Governor

March 31, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 270, which attempts to prohibit the release of certain persons held by state or local officials who are suspected of violating U.S. immigration laws.

Virginia law already leaves it to the discretion of state and local law enforcement officials how to respond to lawful detainer orders received by U.S. Immigration and Customs Enforcement. This bill does nothing other than subject non-citizens in legal disputes with federal immigration officials to inequitable treatment. The debate surrounding this bill confirms that it is intended to communicate a sense that non-citizens are to be feared and should be treated as more dangerous than other persons.

Rather than stoking irrational fears of non-citizens present in the Commonwealth, the General Assembly should be focused on substantive policies to improve public safety in Virginia. Senate Bill 270 makes no one safer and inappropriately stigmatizes many of those who are caught up in a broken immigration system.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

The reading of the communication was waived.

Senator Garrett moved that **S.B. 270** be passed in the enrolled form, notwithstanding the objections of the Governor.

#### PARLIAMENTARY INQUIRY

Senator Norment propounded a parliamentary inquiry as to whether Senate Rule 43 of the Rules of the Senate had been changed regarding the restriction that no member shall speak more than twice upon the same subject without leave of the Senate, nor more than once, until every member choosing to speak has spoken.

The Chair stated that Senate Rule 43 of the Rules of the Senate had not been changed.

The question was put on passing **S.B. 270** in the enrolled form, notwithstanding the objections of the Governor.

**S.B. 270** failed to pass in the enrolled form, notwithstanding the objections of the Governor, having failed to receive the necessary affirmative votes required by Article V, Section 6, of the Constitution.

RULE 36--0.

**S.B. 612** (six hundred twelve), on motion of Senator Garrett, was passed by temporarily.

**S.B. 767** (seven hundred sixty-seven) was returned by the Governor with the following communication:

#### COMMONWEALTH OF VIRGINIA

Office of the Governor

April 8, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 767. In requiring party identification of candidates for local offices, the bill would unnecessarily inject an element of partisanship into historically nonpartisan municipal elections.

Since the adoption of the written ballot in 1870, the Commonwealth has not mandated the inclusion of party affiliation for candidates for local offices. In the recent case of *Marcellus v. Virginia State Board of Elections*, the United States District Court for the Eastern District of Virginia stated that “[t]he reduction

of partisanship at the local level, the promotion of impartial execution of laws in local governance, and the expansion of eligible political candidates all present a legitimate and strong” reason to uphold this historic practice.

Senate Bill 767 would require that candidates for local offices be identified on the ballot by party. Party affiliation is not useful information when making decisions about purely local matters and would only serve to increase divisiveness in local government. We should be working to reduce partisan rancor, rather than creating new places for it to flourish.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

The reading of the communication was waived.

RULE 36--0.

**S.B. 44** (forty-four) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA  
Office of the Governor

March 11, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 44, which would extend both the ability to claim and to allocate the coal employment and production incentive tax credits and the allowance of the coalfield employment enhancement tax credit without meaningful reform.

In January 2012, the Joint Legislative Audit and Review Commission (“JLARC”) published its final report, *Review of the Effectiveness of Virginia Tax Preferences*, Senate Document No. 4. That report evaluated the efficacy of the coal tax credits in question and found that, despite their having been created to slow the decline of coal production and employment, both declined at the same or even faster rates than were predicted before the credits were created. JLARC’s report concluded that the economic activity had not moved in the desired direction and that the credits had not achieved their goal.

Specifically, from 1988 until 2015, coal mine operators, electricity generators and other coal-related companies have claimed over \$610 million in tax credits. However during the same period, the number of coal miners in Virginia has declined from 11,106 to 2,946. It would be unwise to spend additional taxpayer dollars on a tax credit that has fallen so short of its intended effectiveness.

Each day, I work tirelessly to build a new Virginia economy and ensure that this Commonwealth is the best place to live, work and run a business. Making the most effective use of every dollar taxpayers entrust to their government is an essential part of that effort. Given the findings of the JLARC study and the lack of meaningful reform in the face of these findings, I believe it would be unwise for me to sign this legislation.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

RULE 36--0.

**S.B. 612** (six hundred twelve) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA

Office of the Governor

February 29, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 612, which prohibits public schools from joining any organization governing interscholastic programs that does not allow home-schooled students to participate.

More than 300 public schools belong to the Virginia High School League (VHSL), an organization through which member schools have regulated interscholastic competition since 1913. Each year over 200,000 public school students, who satisfy the VHSL's 13 individual eligibility requirements, participate in one or more of the league's 27 sports and 11 academic activities.

Allowing home-schooled students to participate in interscholastic competitions would disrupt the level playing field Virginia's public schools have developed over the past century. For example, VHSL rules state that a student must pass five subjects or the equivalent in the previous semester, and be enrolled in five subjects or the equivalent offered for credit toward graduation, in order to participate in the league's events. While the bill provides that home-schooled students must demonstrate evidence of progress in order to participate in interscholastic activities, the unique nature of their educational situation precludes conformity to the same standards.

Virginia's public schools provide a complete package of scholastic offerings and access to extracurricular activities. Participation in athletic and academic competitions is a privilege for students who satisfy eligibility requirements. Opening participation in those competitions to individuals who are not required to satisfy the same criteria upends Virginia's extracurricular framework and codifies academic inequality in interscholastic competition.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

**H.B. 587** (five hundred eighty-seven) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA  
Office of the Governor

March 10, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 587, which overrides the authority of local governments to remove or modify monuments or war memorials erected before 1998.

The rich history of our Commonwealth is one of our great assets. My administration strongly supports historic preservation efforts, including the preservation of war memorials and monuments. However, this legislation would have been a sweeping override of local authority over these monuments and memorials including potential ramifications for interpretive signage to tell the story of some of our darkest moments during the Civil War.

There is a legitimate discussion going on in localities across the Commonwealth regarding whether to retain, remove, or alter certain symbols of the Confederacy. These discussions are often difficult and complicated. They are unique to each community's specific history and the specific monument or memorial being discussed. This bill effectively ends these important conversations.

I am committed to supporting a constructive dialogue regarding the preservation of war memorials and monuments, but I do not support this override of local authority.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

## HOUSE BILLS WITH GOVERNOR'S RECOMMENDATIONS

**H.B. 30** (thirty) was taken up together with the following communication from the Governor:

COMMONWEALTH OF VIRGINIA

Office of the Governor

April 10, 2016

TO: HOUSE OF DELEGATES

HOUSE BILL NO. 30

I approve the general purpose of this bill, but I am returning it without my signature with the request that 30 amendments be adopted. Although the enrolled bill achieves most of the major objectives I proposed to you, I am returning it to you with amendments to address concerns that I have either noted to you previously or that have been brought to my attention since your passage of the budget. With regard to the “caboose budget,” I have signed HB 29.

I am grateful to all members of the House of Delegates and the Senate for your dedicated work and your timely passage of the budget. While we may differ on some of the details, your dedicated efforts reflect general support for the initiatives I proposed in the introduced budget and our shared commitment to strengthen Virginia’s economy.

Specifically, the House and Senate are to be commended for keeping public education as the highest priority in this budget. You also maintained a commitment to the future financial health of the Commonwealth by providing the required funding for the revenue stabilization fund and by fully addressing the actuarial requirements of the Virginia Retirement System. Not only will these actions strengthen Virginia’s financial position in the years to come, which is good for taxpayers, the contributions to the retirement system also will benefit our dedicated workforce of state employees. State and state-responsible local employees also will be grateful for the pay increases that we all supported.

Of the 30 amendments that I am proposing, 10 change spending, 18 are language-only changes, and two increase the resources available. Four of the amendments were made at the request of a member of the General Assembly or committee staff to address clarifications or technical adjustments. My spending amendments total \$12.6 million from the general fund and are supported by additional balances that have not been previously identified but will be available at the beginning of the biennium. A summary of these amendments is provided below.

#### Summary of Amendments

#### **Role of the Joint Legislative Audit and Review Commission (JLARC) in review of the Virginia Economic Development Partnership (VEDP) and its role in the ongoing oversight of economic development initiatives – Item 33**

HJ7 (Byron) provides that JLARC will work collaboratively with the Virginia Economic Development Partnership on a study of the Commonwealth’s economic development programs. The companies with whom the Commonwealth works should have assurances that their confidential and proprietary information will remain confidential and will be protected from public disclosure.

My amendment clarifies that JLARC shall have an ongoing evaluative, but not an oversight, role for economic development initiatives. Also, it maintains language allowing JLARC to have access to necessary records for the purposes of evaluating incentives, while clarifying that records that have been excluded from disclosure under the Freedom of Information Act are not subject to disclosure by JLARC.

**Fund Electronic Case File Submission System – Item 40**

HB64 (Kilgore) permits, upon agreement between the chief judge of a general district court and the clerk of the circuit court, for electronic transmission of case papers between the courts for civil cases appealed from general district to circuit court and from circuit court back to the district court in cases where that might be required. The funding to support this effort was not included in the enrolled HB 30.

My amendment provides one-time funding of \$175,950 from the general fund in FY 2017 to cover the cost associated with implementing an electronic case file transmission system between the general district and the circuit court.

**Correct Fiscal Year Funding for Judicial Weighted Caseload Study – Item 40**

The enrolled budget (Item 40, amendment #2c from the conference report), included an appropriation that was mistakenly placed in FY 2018 rather than FY 2017. The intent was to provide general fund support of \$250,000 for a caseload study – the results of which would be available for the 2018 General Assembly.

My amendment corrects the fiscal year in which funding is available to contract with the National Center for State Courts to update the judicial weighted caseload and staffing study in order for the results to be available by the beginning of the 2018 General Assembly Session.

**Authorize the use of Commonwealth Health Research Board (CHRB) funding for joint projects with the Virginia Bioscience Health Research Corporation (VBHRC) – Item 106**

VBHRC is an important tool for fostering the growth of the bioscience industry in the Commonwealth. Its unique, collaborative model enhances research and creates high-paying jobs in a key industry. The proposed language directs VBHRC and CHRB to partner to review and fund proposals that support the bioscience industry in Virginia and foster the creation of new companies and jobs in the Commonwealth.

My amendment authorizes the expenditure of up to \$2.5 million of funds managed by CHRB toward collaborative research projects agreed to by both the CHRB and VBHRC that would support Virginia's core bioscience strengths, improve human health, and demonstrate commercial viability with a high likelihood of creating new companies and jobs in Virginia. This amendment increases the ability of the VBHRC to impact the bioscience industry.

**Remove language restricting the use of broadband funding – Item 109**

The General Assembly provided funding in support of the Virginia Telecommunication Initiative. Language associated with the funding established limitations on the ability to leverage these funds with other state and federal financing for broadband deployment. This limitation could adversely impact localities' ability to undertake broadband construction projects critical to economic development.

My amendment removes this restrictive language.

**Provide support for Labor and Employment Law Statutes – Item 115**

The timely investigation of payment of wage claims and the issuance of youth employment certificates are critical services that help ensure fair treatment of employees. The issuance of youth employment certificates provides protection for the safety, health, and welfare of youth employees. Delays in the investigation of payment of wage claims make those cases more difficult to investigate due to the nature of wage payments and can hinder resolution of those claims. Delays in youth employment inspections have the potential to expose youth employees to harm, as untimely inspections may place youth in the position of performing hazardous or prohibited work, or work hours that violate the law. Due to increased workloads, additional staff is necessary to adequately address these important programs.

My amendment provides \$184,000 from the general fund in each year to allow the Department of Labor and Industry to fill two vacant compliance officer positions. The positions will address increased workloads associated with youth employment inspections and payment of wage claims.

**Provide protection to Virginia Workers and Businesses – Item 116**

The principal objective of the Virginia Occupational Safety and Health (VOSH) Program is to reduce workplace fatalities, injuries, and illnesses. A weakened VOSH program could result in increases in fatal accidents, injuries, and illnesses, affecting the ability of Virginia's businesses to compete in a challenging economy.

My amendment provides \$256,173 from the general fund in each year to fill three vacant compliance safety officer positions. These positions will conduct safety and health inspections and issue citations where violations of VOSH regulations are found.

**Provide funding for solar energy development – Item 120**

The development of solar energy is a critical component of a diversified mix of energy sources in the Commonwealth. The solar industry has developed and matured in other states, placing Virginia at a competitive disadvantage.

My amendment provides \$1.0 million from the general fund in each year to support an expanded clean energy industry. Priority in the use of these funds will be given to solar energy projects in Southwest Virginia. Without this amendment, the Commonwealth would lack any dedicated funding to expand the development of solar energy.

**Reversion of Chamberlin Hotel property to the Commonwealth – Item 124**

Language adopted by the conferees would set aside previous Acts of Assembly to effectuate the immediate reversion of the Chamberlin Hotel parcel at Fort Monroe to the Commonwealth. This language jeopardizes months of good faith negotiations between the Army and representatives of the Chamberlin on a mutually agreed upon conveyance process for the Army's interest in that parcel. Additionally, the language adopted by the conferees is inconsistent with the planned Economic Development Conveyance agreement between the Army and the Commonwealth.

My amendment strikes the budget language.

**Modify match requirements for grants for site remediation through the Virginia Brownfields Restoration and Economic Redevelopment Assistance Fund – Item 125**

Currently, the Code of Virginia requires that the Virginia Brownfields Restoration and Economic Redevelopment Assistance Fund Program's guidelines include a mandatory one-to-one match by the recipient of any grant made by or from the Virginia Brownfields Restoration and Economic Redevelopment Assistance Fund. It may be difficult for smaller localities to provide a 100 percent match, which is the match rate currently required by the recipient of any grant made by or from the Fund. This could potentially price smaller localities out of the market.

My amendment allows for a 25 percent match for site remediation projects.

**Remove Virginia Virtual School Funding and Language – Items 137 and 139**

House Bill 8 (Richard Bell) establishes the Board of the Virginia Virtual School. Because the Board would operate outside of the jurisdiction of the Board of Education without adequate resources, and because the Department of Education is already pursuing expansion of virtual learning, I have vetoed this legislation.

My amendment, therefore, removes funding and positions provided for the start-up of the Virginia Virtual School in FY 2018, as well as language directing the transfer of direct aid payments to the Virginia Virtual School beginning in FY 2019.

**Remove technology review language – Item 139**

The budget includes language directing the Department of Education to create a workgroup to review a number of items related to the use of technology in the classroom and for testing. Several of the directives in the language either cannot be implemented at this time, are already being implemented, or ask for studies already completed. In addition, other workgroup study requirements in this language can be addressed by another paragraph placed under the Department of Education to holistically review the statewide use of technology in the classroom and all sources of digital content development and online learning.

My amendment removes this language to help ensure needed technology enhancements more quickly reach the classroom. This is a request of the Chairman of the House Education Committee.

**Establish Cybersecurity Scholarship for Public Service Grant Program – Item 144**

Governments are having difficulty competing with the private sector for individuals with cybersecurity experience. Given the large quantities of sensitive data held by state agencies in Virginia, it is vital to have the expertise to protect this data from cyber-attacks.

My amendment provides \$500,000 from the general fund in each year to create a new scholarship program under the State Council of Higher Education for Virginia to encourage individuals pursuing cybersecurity degrees to work for Virginia state government upon graduation. The proposed scholarship program would require one year of state government service for every year scholarship funding is provided. This program replicates a successful program presently utilized by the federal government to attract cybersecurity talent.

**Provide Cybersecurity Education in Community Colleges – Item 213**

Cybersecurity is a rapidly growing industrial sector that will provide expanded employment opportunities. Virginia is poised to attract companies providing cybersecurity support, both through research and the graduation of students with cybersecurity degrees. These potential employers are looking for individuals who graduate from higher education institutions designated by the federal government as centers of excellence for cybersecurity. Several of our community colleges have been so designated; all community colleges should strive for this designation so that individuals throughout Virginia who are interested in cybersecurity as a career have access to programs that will enhance their qualifications.

My amendment adds \$280,000 in FY 2017 and \$152,000 in FY 2018 from the general fund to formally establish a cybersecurity program director for the Virginia Community College System and to develop an appropriate curriculum to help all of Virginia's community colleges offer coursework in cybersecurity. With these efforts, the community college system will be able to identify any additional faculty needs to ensure that all of our community colleges become cybersecurity centers of excellence.

**Dedicate Portions of the 2019 Commemoration Funding – Item 238**

The establishment of the Virginia House of Burgesses as the first elected legislative body in the British Colonies is a historic moment, to be celebrated by all Americans. Significant new funding has been provided in the budget for the 2019 Commemoration, recognizing the establishment of the House of Burgesses, recordation of the first Africans in Virginia, arrival of the first women in Virginia, and the first Thanksgiving at the Berkeley Plantation.

My amendment directs \$2.0 million of the FY 2018 funding provided for the 2019 Commemoration toward funding and endowing a scholarship program to be known as the "Maggie L. Walker Scholarship Fund" to provide grants to under-represented minorities and women who are both residents of Virginia and student leaders who work to improve their local and global communities. The purpose of these scholarships is to increase access and diversity at public institutions of higher education in Virginia. These scholarships will support awareness of the contributions of minorities and women, like Maggie L. Walker, to Virginia's history and will complement the activities surrounding the 2019 Commemoration.

**Limit prohibition on Medicaid expansion – Item 306**

Healthcare policy and fiscal considerations, not politics, should drive Virginia's decisions about Medicaid expansion. We cannot continue to leave on the table the Commonwealth's share of federal dollars that could be used to provide life-saving services to its citizens. Therefore, I propose that the prohibition on expansion activities included in the budget be limited to the first year only. Adopting this change will allow us to continue the dialogue on the merits of and business case for expanding the Medicaid program in Virginia, leading to a full and reasoned discussion at the 2017 legislative session. We thereby can make decisions based on another year of factual data from the results of actions to expand the program in other states and any additional information that may become available on the outcomes of reforms to the program in Virginia.

My amendment limits the prohibition on actions to expand the Medicaid Program pursuant to the Patient Protection and Affordable Care Act to the first year of the biennium.

**Allow limited consumer directed overtime in FY 2017 – Item 306**

The enrolled budget's elimination of all overtime for consumer-directed attendants could have a significant adverse impact on the continuity of care received by some of Virginia's most vulnerable citizens and jeopardize the health of older adults and people with disabilities. Moreover, it may severely limit the ability of Medicaid clients to recruit and retain the workers they need to continue to live independently at home. Also, my office has received calls from concerned citizens on this issue.

My amendment provides \$8.4 million from the general fund in FY 2017 and language authorizing the Department of Medical Assistance Services (DMAS) to allow up to 16 hours overtime for attendants who are providing care under the consumer-directed service option in the Medicaid waivers in FY 2017.

**Modify Delivery System Reform Incentive Program (DSRIP) language – Item 306**

Time and again, the General Assembly has stressed the need for greater efficiency and cost control in the state's Medicaid program. This perceived need has even been used as justification to delay the expansion of Medicaid to those who qualify for such coverage under the Affordable Care Act. The Delivery System Reform Incentive Payment (DSRIP) program has the potential to free up many millions of dollars that can be used to pay for system-wide improvements. The amendment inserted into the enrolled bill would delay the realization of these efficiencies, should the federal government approve the application for the underlying waiver in a timely manner. Delaying our ability to begin saving taxpayer dollars in the Medicaid program is contrary to the direction expressed by the General Assembly.

My amendment seeks a middle ground by prohibiting expenditures under a potential DSRIP waiver unless the Department of Medical Assistance Services notifies the legislature of the nature of planned expenditures associated with DSRIP funds, in addition to the current provision's requirement that the agency notify the legislature of the approval of the waiver itself.

**Allow the Department of Conservation and Recreation to acquire state park land – Item 365**

The Commonwealth must be able to acquire property adjacent to existing state parks and in-holdings, and the Department must be able to acquire such properties, using nongeneral funds, when they become available.

My amendment provides such flexibility. It will allow the Department to undertake the process necessary to acquire such parcels using nongeneral funds, provided the acquisition will not result in increased operating expenses.

**Allow development or preparation of the Clean Power Plan – Item 369**

I strongly believe that Virginia needs to proceed with development of the regulations while a stay is in place. The Clean Power Plan is a necessary response to climate change and an opportunity for Virginia to become a leader in clean energy.

My amendment removes restrictive language for the use of state funds for the preparation or development of the Clean Power Plan. Submission of such plan to the United States Environmental Protection Agency will not be authorized until the stay issued by the United States Supreme Court is released.

**Remove obsolete language – Item 370**

The Enrolled Bill contains obsolete language referencing an Item in the Capital Section that the Conferees removed.

My technical amendment removes this language.

**Remove conflicting Rail and Public Transportation study language – Item 448**

HB 1359 (Peace) was passed by the 2016 General Assembly, setting clear directive to develop a two pronged prioritization process for state funding in support of capital projects for transit systems. However, related budget language under the Department of Rail and Public Transportation appears to require a study that contemplates one process for all transit capital funding. This budget language could hurt the efforts to reach consensus on these important issues.

My amendment modifies the budget study language under the Department of Rail and Public Transportation to ensure there is no conflict with House Bill 1359, which I have signed into law. This is a request of the patron of House Bill 1359.

**Adjust language related to Ports debt service cap – Item 463**

The budget has existing language limiting the total amount of debt service paid by the Port Authority to \$45 million annually. Chapter 665, 2015 Acts of Assembly, allows the Port Authority to enter into a new lease agreement related to the Virginia International Gateway (VIG) Terminal in Portsmouth, Virginia. It is anticipated that the new lease agreement related to the VIG Terminal may result in the agency surpassing the \$45 million cap.

My amendment adds language allowing the Governor to approve the Port Authority to exceed the \$45 million debt service cap if the capital lease with the VIG Terminal is executed. The amendment includes language that requires that such approval be reported to the Chairmen of the House Appropriations and Senate Finance Committees within five days.

**Workers' Compensation Capital Authorization – Section 2-0**

A technical correction is needed to amendment C-0 #2c which directs the Department of General Services to assist the Workers' Compensation Commission with identifying a new headquarters facility for the Commission and, upon completion, transfer the existing headquarters to the Science Museum of Virginia. The conference amendment references the initial authorization included in Chapter 806, 2013 Session Acts of Assembly, rather than the amended language included in Chapter 1, 2014 Special Session 1. Chapter 1 authorized the Workers' Compensation Commission an option to enter into a capital lease in addition to options authorized in Chapter 806 for acquisition or construction of a new headquarters facility.

My amendment updates the chapter reference to Chapter 1, 2014 Special Session 1, which authorized the Commission to enter into a capital lease and increased their appropriation for the project to \$20 million based on the Department of General Services' latest estimates.

**Increase Maintenance Reserve Funding for the Department of Juvenile Justice – Item C-44**

I continue to believe that our juvenile justice system will be strengthened by the transformation currently underway by my administration. In my introduced budget, the debt issuance and appropriation authority for six Department of Juvenile Justice (DJJ) capital projects was reverted and bond funding was provided for construction of two new residential facilities. The 2016 General Assembly changed the timeline for the construction of these new residential juvenile facilities. As a result of reverting the \$16 million in previously authorized projects for the Bon Air and Beaumont facilities and the changed timeline for constructing new facilities, DJJ will need additional funds to maintain the existing facilities until the new

facilities are operational. Additional maintenance reserve funding will ensure that life safety concerns and critical infrastructure systems are kept in working order ensuring the safety and well-being of the individuals living and working there.

My amendment provides \$3.0 million in additional debt issuance authority through the Virginia Public Building Authority to address the ongoing maintenance needs of the existing facilities during the planning phase of the new facilities.

#### **Remove Language Related to Deposit of Local Fines and Fees – Section 3-6.05**

When a local law enforcement officer writes a ticket against a local ordinance and the driver is found guilty or pleads no contest, the associated fine is retained by the locality where the offense occurred. Language in the enrolled budget, however, requires that certain localities that collect fines above a certain level must remit a portion of those excess fines to the state. It goes further to completely exempt two specific localities from the remittance. To require some localities to remit a portion of those fines to the state just because they are above a certain level of collection and to exempt two localities entirely from such remittance seems arbitrary and unfair.

My amendment removes language in Section 3-6.05 concerning the payment of such local fines to the state thus allowing localities to retain all fines collected from tickets written against local ordinances.

#### **Restrictive language concerning women’s reproductive health services – Section 4-5.04**

I have promised many times to stand in the way of any and all attempts to interfere with a woman’s right to make her own health care decisions. If we are going to build a new, more vibrant Virginia economy, we need to be opening up doors to quality, affordable health care, not closing them. The Commonwealth does not need additional language which would prohibit women from accessing reproductive health services. Such additional language would interfere with medical decisions between a woman and her doctor and would also disproportionately impact economically disadvantaged women in Virginia.

My amendment removes language that would prohibit the expenditure of general or nongeneral funds for abortion services, unless mandated by state statute or federal law.

#### **Recommended Resources**

I am not recommending any changes to the base revenue forecast that we adopted throughout this General Assembly Session. My requested spending is offset by two amendments that add \$14.1 million in additional resources to the balance available at the beginning of the biennium.

The first adds \$3.0 million in resources by capturing savings from debt service appropriations in FY 2016 that will not be expended. These savings will revert at the end of FY 2016 and thus become balances available for appropriation in the new biennium.

The second adds \$11.1 million in resources by recognizing the proceeds from the sale of an ABC building in Alexandria. This sale was originally scheduled for FY 2015 and the resources were anticipated in that fiscal year; however, the sale did not close until August 2015. The proceeds were not included in the actual year-end balances from FY 2015 since they had not been received. Moreover, these resources were not anticipated in the FY 2016 estimates; therefore, they must be added to the FY 2016 general fund transfer collections and included in the balances at the end of this fiscal year, thus increasing the beginning balance for the next biennium.

The budget you presented to me contained an unappropriated balance of \$9.9 million. I believe that it is prudent to leave sufficient resources for unforeseen circumstances that may surface in the future. Consequently, I am returning amendments to you, which if enacted, will actually increase the total uncommitted, unappropriated balance to approximately \$11.4 million.

**Conclusion**

Attached to this letter are the details of my proposed amendments. In your review of these proposals, I think you will find they are relatively minor and consistent with the objectives that I have stated throughout my administration and this legislative session.

I respectfully request your adoption of these amendments so that they may be incorporated into the Appropriation Act for the 2016-2018 biennium. Thank you for your consideration of my requests and for your service to the Commonwealth.

Respectfully submitted,

/s/ Terence R. McAuliffe

Explanation:

(This amendment provides \$184,000 of general fund support in each year to allow the Department of Labor and Industry to fill two vacant compliance officer positions. These positions will address increased workloads associated with youth employment inspections and payment of wage claims. Delays in the investigation of payment of wage claims make those cases more difficult to investigate due to the nature

of wage payments and can further hinder results. Delays in youth employment inspections have the potential to allow harm to youth employees as untimely inspections may place youth in the position to perform hazardous or prohibited work and work hours that violate the law.)

(This amendment modifies language to provide that the program guidelines will require a 25 percent match by any recipient of a grant for remediation. Any grant that is specified for site assessment and/or other non-remediation activities will still require a one-to-one match by the recipient. This amendment makes a technical change to correct the name of the Fund.)

Explanation:

(This amendment removes a paragraph that includes language directing the Department of Education to create a workgroup to review the Department's Virginia Digital Textbook Marketplace contract and guidelines for the implementation of the pilot projects established in eight school divisions in the 2015-2016 school year and review the effectiveness of the pilots at the end of the year for improving academic success. The technology associated with these pilot projects was not implemented fully enough in the 2015-2016 school year for adequate evaluation, and it will take more operational time and school division participation before the effectiveness of the pilot projects can be evaluated. The paragraph also has the workgroup review other educational technology and repurposing of educational technology grants which the Department of Education is either already implementing or has already studied. In addition, other workgroup study requirements in this language can be addressed by another paragraph placed under the Department of Education to holistically review the statewide use of technology in the classroom and all sources of digital content development and online learning.)

This award requires a state government employment commitment in the Commonwealth by the recipient equal to the number of years the scholarship is awarded. The State Council of Higher Education for Virginia shall develop eligibility criteria for this program, as well as establish the award amounts."

Explanation:

(This amendment creates a new scholarship program under the State Council of Higher Education for Virginia to encourage individuals pursuing cybersecurity degrees to work for Virginia state government upon graduation. Given the higher wages typically available in the private sector, it is difficult for state government to attract talented cybersecurity individuals to help Virginia ensure it can protect its automated systems and sensitive information from attack or infiltration. The proposed scholarship program would require state government service for every year that scholarship funding is provided. This program mimics a successful program presently utilized by the federal government to attract cybersecurity talent.)

Walker Scholarship Fund", to provide grants to underrepresented minorities and women who are both residents of Virginia and student leaders who work to improve their local and global communities. The purpose of these scholarships is to increase access and diversity at public institutions of higher education in Virginia."

Explanation:

(This amendment directs a portion of the funding provided for the 2019 Commemoration to create a higher education/credentialing scholarship program for underrepresented minority students. These scholarships will support awareness of the contributions of minorities and women, like Maggie L. For transit capital projects that establish new transit service or expand existing service, the prioritization process should consider, at a minimum, the following factors relative to the cost of the project or strategy: congestion mitigation, economic development, accessibility, safety, environmental quality, and land use. For state of good repair projects, the prioritization process should consider asset condition and other factors determined to be appropriate by the Department. Such a process for the allocation and distribution of funding would be in addition to the tiered approach established by the Commonwealth Transportation Board for capital purposes based on asset need and anticipated state participation level and revenues and is intended to foster project-specific prioritization within the asset tiers.”

Explanation:

(This amendment modifies budget study language under the Department of Rail and Public Transportation to ensure there is no conflict with House Bill 1359, 2016 General Assembly Session, which is expected to be enacted into law. This is a request of the patron of House Bill 1359.)

Explanation:

(This amendment adds language allowing the Governor to approve the Port Authority to exceed the \$45 million debt service cap if the capital lease with the Virginia International Gateway (VIG) Terminal in Portsmouth, Virginia, is executed. The budget has existing language limiting the total amount of debt service paid by the Port Authority to \$45 million annually. It is anticipated that the new lease agreement related to the VIG Terminal will result in the agency surpassing the \$45 million cap. #### **SENATE BILL VETOED BY THE GOVERNOR SUBSEQUENT TO ADJOURNMENT SINE DIE**

**S.B. 543** (five hundred forty-three), subsequent to adjournment sine die of the Reconvened Session of the 2016 Regular Session, was returned by the Governor with the following communication:

#### **COMMONWEALTH OF VIRGINIA Office of the Governor**

May 20, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 543, which requires an award of attorneys' fees and other costs when a plaintiff wins or settles an inverse condemnation suit for "damaging" property, even when such damage is *de minimis*.

Money damages are already authorized for both takings of and damage to private property by government actions, through suits for inverse condemnation. In the event of a permanent taking by a governmental entity, a plaintiff is entitled to his or her attorneys' fees and costs. Senate Bill 543 would extend the award of those fees and costs to suits in which a landowner's property was not completely taken but only impaired, even if that impairment is nominal.

I am not opposed to the award of attorneys' fees and costs in damages cases, within reason. As Governor, I am responsible for the fiscal health of Virginia, and I take my obligations as steward of taxpayers' money seriously. Accordingly, I proposed an amendment to Senate Bill 543 seeking to cap attorneys' fees and costs in damages cases to two hundred percent of the monetary award for the damage itself. This would have eliminated the incentive for nuisance lawsuits by unscrupulous attorneys seeking to enrich themselves at taxpayers' expense in those cases where any actual damage was *de minimis*. The General

Assembly elected to return Senate Bill 543 to me in its original form. Without some safeguard against unlimited exposure of taxpayer funds to litigation costs for nuisance suits, I cannot support this legislation.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe
