Almighty God, we are thankful for this Commonwealth and this nation. The people of Virginia have chosen these men and women into service to respond to the needs of the people. We are thankful for their gifts of leadership.

May the men and women of this body lead us, with Your presence dear God, in paths of justice and mercy as the prophets of old have spoken.

Lord, we pray for life-giving conversations in this body as decisions are considered. May these conversations be undertaken in humility and with decency and respect among all peoples.

In speech, may we find words that are life-giving and respectful. In our actions may we show fairness and dignity to others and our earth.

We thank You, God, for the variety of the human race. We thank You for other people’s labor and love. We are glad that our experience is enriched by men and women from every walk of life, of every color, language and belief.

May we learn the most valuable lessons from life, and become useful servants of our fellow human beings.

exit questionnaire or survey that Virginia school divisions may administer to their exiting teachers. The Department shall report to the Senate Finance Committee by November 1, 2016 (i) a model exit survey; (ii) the next steps that have been implemented towards improving existing teacher turnover data, including but not limited to the results of exploring whether other existing datasets, such as retirement system data, may help inform the analysis, as well as whether any additional data fields have been added or are planned to be added to current data collections; and (iii) preliminary analysis of available data on teacher turnover rates by region.”.

Explanation:

(This amendment directs the Department of Education to develop a model exit questionnaire that school divisions may administer to exiting teachers, which was a recommendation of the January 2016 Feasibility Study on the Implementation of a Program to Track Teacher Turnover in the Commonwealth. ```
Y.1. Out of this appropriation, $100,000 the first year is provided for grants to school divisions of up to $5,000 each to explore alternative teacher compensation approaches that move away from tenure-based step increases toward compensation systems based on teacher performance and student progress. Priority will be given to school divisions that have not previously explored alternative compensation approaches and have schools not achieving full accreditation, or that have high numbers of at-risk students needing qualified teachers in hard-to-staff subjects.

2. In the second year, $4,150,000 million from the general fund shall be available for the first year of five-year competitive grants to school divisions to implement performance-based teacher compensation systems. Priority for funding will be given to school divisions with high numbers of at-risk students needing qualified teachers in hard-to-staff subjects. Grantees should combine teacher improvement programs with performance-based compensation systems that consider teacher performance through gains in individual student academic achievement. The approved compensation programs should provide teachers with incentives to take on additional training and responsibilities. The compensation program must include an effective evaluation system.
```

**Explanation:**

(This amendment provides funds of $4.2 million the second year, which is approximately 5 percent of the annual allocation for the 2 percent salary increase, to initiate and support efforts to attract, train, and retain quality teachers in hard-to-staff schools. The Fund will provide competitive multi-year grants to help initiate change to more dynamic teacher compensation systems designed to increase teacher quality, effectiveness, and satisfaction, and generate higher student achievement. High-need schools will be defined, in part, as schools not achieving full accreditation and schools with high numbers of at-risk students...
needing qualified teachers in hard-to-staff subjects. The Fund will encourage school divisions to re-think how they combine their support with their salary structure to move away from the typical step increases based on tenure, to a system based on teacher performance and student progress.)

2. In addition to the funding in this Item, $25,000,000 the first year and $40,000,000 the second year in state supported debt, authorized in Item C-47, shall be made available to support the purchase of research equipment or laboratory renovations associated with the researcher incentive packages and the translation of research into commercial use. Any institution of higher education or related research entity pursuing this funding must provide a match of an amount at least equal to the awarded funds.

3. The State Council of Higher Education for Virginia shall develop guidelines for the awarding of cash grants or bond proceeds in the furtherance of the goals outlined in this Item...

B1. Any bioscience or personalized medicine-related proposal received by the Commonwealth for the purposes stated above shall be evaluated by the Virginia Biosciences Health Research Corporation (VBHRC) for merit and feasibility, while any cybersecurity-related proposal shall be evaluated by the Innovation and Entrepreneurship Investment Authority (IEIA). The VBHRC and IEIA shall identify those research proposals that support the Commonwealth's core bioscience, personalized medicine, and cybersecurity efforts through the following: 1) encouraging cooperation and collaboration among the Virginia public higher education research institutions and the private sector, 2) demonstrating commercial potential in the human health, personalized medicine, and cybersecurity fields, and (3) providing opportunities for new bioscience, personalized medicine, and cybersecurity industries and careers within Virginia.

2. Any proposals not related to bioscience or cybersecurity endeavors shall be evaluated by a panel of not more than five scientists appointed by the Virginia Academy of Science, Engineering and Medicine, who have expertise in the area covered by the proposal but who are not employed by or affiliated with any of the institutions requesting funding.

3. Any proposals receiving favorable evaluation from the VBHRC, IEIA, or the Virginia Academy of Science, Engineering and Medicine panel shall be forwarded to the Virginia Research Advisory Committee (V-RAC) for review. Upon favorable review by the V-RAC, the Governor shall authorize final approval of the project and allocate required funding, accordingly. The Director, Department of Planning and Budget, is authorized to provide for payment of these funds to any appropriately designated fiscal agent consistent with the details of the proposal upon approval of the Governor.

4. The Director, Department of Planning and Budget, is also authorized to approve treasury loans to state colleges and universities, if needed, for cash flow purposes, associated with any award involving state supported debt such that approved research proposals can proceed in a timely manner.
C. Consistent with the goals of this initiative, the Commonwealth Health Research Board shall coordinate and collaborate with the V-RAC on the research proposals it considers, ensuring it awards funding to proposals that support Virginia's core science strengths and efforts to improve human health.

D. 1. Out of this appropriation, up to $6,000,000 the first year and $6,000,000 the second year from the general fund may be used for executed and approved partnership agreements between up to four Virginia public research higher education institutions and the Global Genomics and Bioinformation Research Institute for the purposes of offering one-time incentive packages to attract high performing researchers with a history of commercialization in the fields specified in paragraph A.1. At a minimum, a private match in an amount of at least two times the investment from the state and any additional funds provided from the individual institution must be made in order to receive this funding.

2. An additional amount of $4,000,000 in the second year may be allocated from the Virginia Research Alliance.

Such best practices to consider may include: (i) Washington State's "Seven Best Practices" in the emergency department; (ii) adoption of a system to electronically exchange patient information and more easily access the prescription monitoring program among emergency departments on a statewide basis, such as the EDIE system used in other states; (iii) development of a process to create care plans for super utilizers, including

**Explanation:**
(This amendment reduces funding for the Medicaid program to reflect the suspension of the Affordable Care Act's tax on medical insurance companies. The excise tax began in 2014 and is allocated based on market share. The federal Consolidated Appropriations Act, 2016 (Pub. L. 114-113), was signed into law on December 18, 2015. This act suspended the tax for one year. The tax impacts Virginia because the contracted managed care companies that serve Medicaid clients are subject to the tax, which is passed on to the state Medicaid program in the monthly rates paid to the companies.)

**Explanation:**
(This amendment eliminates $8.4 million the first year and $10.5 million the second year from the general fund by not allowing personal care attendants to work overtime in the consumer-directed program in Medicaid. Recent federal court action resulted in reinstatement of the federal overtime requirement for these workers. The introduced budget proposes to limit the overtime of these attendants to 16 hours per week. Separate budget actions provide a two percent increase in personal care rates in FY 2017 and another one percent in FY 2018.)

**Explanation:**

(This amendment restores funding to provide inflation for hospitals in FY 2017. Hospital inflation is eliminated in the introduced budget in both years on the rationale that a Medicaid Expansion would financially benefit hospitals to a greater extent than hospital inflation. The remaining 50 waiver slots shall be used as reserve slots for emergencies, for individuals transferring between waivers and for individuals transitioning from an Intermediate Care Facility (ICF) or state nursing facility (SNF) to the community to ensure the health and safety of individuals in crisis. The Department of Medical Assistance Services shall seek federal approval for necessary changes to the DD waiver to add the additional reserve slots."

**Explanation:**

(This amendment provides $3.1 million the first year and $3.1 million the second year from the general fund and a like amount of federal Medicaid matching funds to move up to 400 individuals on the Developmental Disabilities (DD) waiver wait list, who are receiving services through the Elderly and Disabled with Consumer Direction waiver, to the newly configured Individual and Family Support (IFS) waiver on July 1, 2016. The Individual and Family Supports waiver replaces the Individual and Family Developmental Disabilities Support (DD) waiver and will provide services and supports to individuals with intellectual and developmental disabilities (I/DD) living with their families, friends, or in their own homes, including those with some medical or behavioral needs. A number of I/DD individuals who are on the community waiting list are currently able to receive some limited services through the Elderly and Disabled with Consumer Direction waiver.)

"7. Effective July 1, 2017, the department shall amend the State Plan for Medical Assistance to create a separate peer group for both direct and indirect care for nursing facilities that provide services to a resident population where a disproportionate number of residents, defined as at least 80 percent of the total Medicaid resident population, have one or more of the following diagnoses: quadriplegia, traumatic brain injury, multiple sclerosis, paraplegia,
or cerebral palsy. The adjustment factors used to determine both the direct and indirect care costs for these new peer groups shall be established at 62.5 percent of the peer group day-weighted median neutralized and inflated cost per day for freestanding nursing facilities. The adjustment factors shall increase to 75 percent on July 1, 2018 and to 85 percent on July 1, 2019. The department shall have authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment date of this act.

Explanation:

(This amendment provides $500,000 from the general fund the second year and a like amount of federal Medicaid matching funds to change the reimbursement methodology for nursing facilities that provide services to a resident population in which at least 80 percent of the residents have specific chronic and disabling conditions. These conditions tend to occur in a younger population who consequently have a significantly longer stay in a nursing facility than many nursing facility residents. Consequently, the costs to serve these individuals is much higher. Currently, only one nursing facility, the Virginia Home, would meet the criteria to qualify for additional funding pursuant to the reimbursement methodology change.)

Department of Medical Assistance Services

Language:
Page 273, line 22, after "program by" strike "two" and insert "13.7".

Explanation:

(This amendment adjusts the Medicaid rate increase for private duty nursing in the EPSDT program and Assistive Technology (TECH) waiver to 13.7 percent to match the increase for skilled nursing and private duty nursing in the intellectual and developmental disability (I/DD) waivers. A separate budget amendment setting out all the rate increases reflects a rate that is equal to the 13.7 percent rate increase for EPSDT and the TECH waiver. Medicaid rates for private duty nursing in the TECH waiver and the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) program cover a larger percentage of provider expenses and should match the rates paid in the Medicaid waivers. The introduced budget includes a two percent increase for nursing rates in the EPSDT program and the TECH waiver while the rates in the I/DD waiver were proposed to increase 40 percent. This amendment reallocates the total funding for all the rate changes and equalizes the increase across Medicaid.)

Explanation:
(This amendment adds funds to provide a five percent increase in the Medicaid waiver reimbursement rate for adult day health services. Adult day health care is much less expensive than alternative care in a nursing facility for which these clients qualify. Providers of adult day health care report a gap of $18.13 per client per day between actual costs and Medicaid reimbursement, which must be made up through contributions from individuals, churches, corporations, and foundations. These services are almost exclusively provided to Medicaid waiver recipients. This amendment will increase the statewide rate paid for Medicaid adult day health care services from $60.10/unit to $63.11/unit in Northern Virginia and from $55.65/unit to $58.43/unit in the rest of the state. A "unit" represents 6 or more hours in a day.)

The department shall
have the authority to implement these reimbursement changes effective July 1, 2016, and prior to the completion of any regulatory process undertaken in order to effect such change."

Explanation:
(This amendment provides $551,000 each year from the general fund and a corresponding increase in federal matching funds for Children's National Health System to ensure that they are able to continue to provide the highest level of care to thousands of Virginia children with a broad spectrum of chronic and acute health needs in Northern and Central Virginia regardless of their families' ability to pay. These payments also ensure that Children's Virginia patients have access to every type of pediatric subspecialist, surgeon and pediatrician needed in a highly coordinated, efficient and regionalized system of care in greater Northern Virginia. These payments further ensure access to Children's 313 NICU and Inpatient beds, including a dedicated 54 Level IV NICU (American Academy of Pediatrics' highest designation), as well as the region's only pediatric-only trained flight teams-rapid helicopter transport service, and STAT MedEvac. Physician Supplemental Payments would help Children's address critical workforce development needs as the region's premier teaching hospital for pediatrics and would help bridge the gap between the pediatric Medicaid rate paid by Virginia to Children's and the Medicare rates.)

"in the first year, but shall not be substituted for published inflation factors in any subsequent scheduled rebasing of nursing facility rates."

Explanation:
(This amendment modifies language in the introduced budget to clarify that the deferral of an inflation adjustment for nursing facility rates in fiscal year 2016 was not intended to affect any future rebasing of nursing facility rates. The Department of Medical Assistance Services has interpreted the language as a perpetual deferral and this language corrects that interpretation. The deferral of the fiscal year 2016 inflation adjustment continues to affect the first year, but the second year, under a scheduled rebasing, rates would not be affected by the 2016 deferral.)

"K. The Department of Medical Assistance Services, in collaboration with the departments of Behavioral Health and Developmental Services, Aging and Rehabilitative Services and Health, shall develop a work group with community stakeholders to create a five-year strategic plan for delivering comprehensive brain injury services. The department shall report progress annually on achievement of measurable objectives, including, but not limited to: (1) improving data capture of annual incidence of brain injury as defined in the Code of Virginia, (2) analysis of in-state and out-of-state health care utilization and expenditure data of Virginians with brain injury, (3) projections of need and costs of a comprehensive array of brain injury services within Virginia, including a publicly funded in-state neurobehavioral treatment program and a brain injury home and community-based waiver for persons with brain injury, and (4) the design and implementation of a pilot project to repatriate Virginians receiving care out of state. The first report will be due to the Chairmen of Senate Finance and House Appropriations Committees by November 30, 2016 and continue each year thereafter."

Explanation:

(This amendment requires the Department of Medical Assistance to develop a comprehensive plan for brain injury services.)
"K.1. The Department of Medical Assistance Services, in collaboration with the Department of Social Services, shall require Medicaid eligibility workers to search for unreported assets at the time of initial eligibility determination and renewal, using all currently available sources of electronic data, including local real estate property databases, the Department of Motor Vehicles, and Virginia's asset verification system, for all Medicaid applicants and recipients whose assets are subject to an asset limit under Medicaid eligibility requirements.

2. The Department of Medical Assistance Services, in collaboration with the Department of Social Services, shall develop a plan for a robust Medicaid estate recovery program in the Commonwealth. The department shall evaluate all public and private resources and data sources available to proactively identity assets, including but not limited to real estate and financial assets, including those identified during the eligibility determination process and those that may not have been reported, of Medicaid recipients and all methods available to initiate recovery from estates for which the value of the assets is likely to exceed the cost of recovery. The department shall also include the cost of initiating and operating such a program with options that include developing an in-house program or contracting with a third party vendor to perform some or all of the identification and recovery. The study shall examine both the cost benefit and legal implications of the various options and also evaluate and propose changes, as may be needed, to the Code of Virginia that may assist in maximizing the recovery of assets of deceased Medicaid beneficiaries.

3. The department shall submit its findings and recommendations for developing a robust estate recovery program to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees by December 1, 2016."

Explanation:
(This amendment requires the Department of Medical Assistance Services to develop a plan for a more robust Medicaid estate recovery program and requires that eligibility workers search for unreported assets with currently available data. This amendment is based on recommendations from the JLARC review of Medicaid eligibility determination.)

Explanation:
(This amendment reduces funding of $1.6 million each year from the general fund and a corresponding amount of federal matching funds for administrative contract increases. The
introduced budget included $2.4 million each year to cover the expected increase in costs of three administrative contracts: an enrollment broker, actuary and audit contract. The enrollment broker contract was awarded and took effect January 1, 2016. The other two contracts are not yet awarded and will take effect January 1, 2017. This amendment removes the funding for the two contracts yet to be awarded. Since the increased costs of such contracts are not known, it is premature to add funding.)

**Explanation:**

(This amendment removes funding proposed in the introduced budget for the on-going costs of the CoverVirginia call center related to an expected increase in call volume from Medicaid enrollees receiving notifications on insurance. The Affordable Care Act requires that individuals be notified by insurers of their insurance status during the year. Beginning in 2016, state Medicaid programs are required to send out these notices. Call volumes for this issue are uncertain at this point, therefore the funding is removed until additional information on the real impact is determined.)

2. The forecast shall be based upon current state and federal laws and regulations. The forecast shall only include the continuation of previously approved budget reductions if the budget language or regulations specifically directed such reductions are permanent. Rebasing estimates for hospitals and nursing homes shall be included in the forecast based on existing law and regulations and any previous inflation increase withheld in a prior fiscal year shall
be excluded from the rebasing calculation only if language in the appropriation act directing such action specifically excludes it from future rebasings. The forecast shall also include estimates of any projected increase or decrease in managed care costs. The Department of Planning and Budget shall certify in the official forecast that the managed care rate assumptions used in the forecast are based on actuarial principles.

3. The Department of Planning and Budget and the Department of Medical Assistance Services shall convene a meeting on or before October 20 of each year with the appropriate staff from the House Appropriations and Senate Finance Committees to review the assumptions used in the Medicaid forecast prior to finalizing the official forecast estimates.

B. The Department of Medical Assistance Services shall submit expenditure reports of the Medicaid program by service as compared to the official Medicaid forecast, adjusted to reflect budget actions from each General Assembly Session. The report shall be submitted to the Department of Planning and Budget and the Chairmen of the House Appropriations and Senate Finance Committees. These reports shall be submitted on a quarterly basis and are due 30 days after the close of each quarter."

Explanation:
(This amendment establishes greater detail and clarity on the Medicaid forecasting process. These changes will improve transparency and ensure integrity of the process. Explanation:
(This amendment provides $895,000 the first year from the general fund to support an existing pilot program in Southwest Virginia that provides an alternate form of transportation for individuals subject to a Temporary Detention Order (TDO). The program was started in the past year as a pilot to determine the feasibility of alternate options to help alleviate the time burden on local law enforcement related to TDO transportation from evaluation sites to psychiatric hospitals. Especially in rural localities, the transportation requirement significantly impacts local ability to perform normal law enforcement duties. The Department of Behavioral Health and Developmental Services used internal resources to begin the pilot program. The program contracts with cab companies that provide the transportation in secure cabs with cameras to create a safe environment with monitoring. This amendment provides funding in the first year to continue the pilot and have the department report back on the viability and effectiveness of the program.)

Western State Hospital is in need of DAP funds in the hospital's catchment area. DAP funding provides critical assistance to patients who are ready to discharge in order to move back into the community. The purpose of the contract is to recommend changes and assist Hancock Geriatric Treatment Center in implementing any changes necessary to seek the appropriate Medicaid certification for the facility. The department shall include staff from the House Appropriations and Senate Finance Committees in the process of selecting the contractor.

2. Upon completion of the recommendations from the contractor and a determination that certification is feasible, the Department of Behavioral Health and Developmental Services shall seek and submit, when feasible, the appropriate application for Medicaid certification for Hancock Geriatric Treatment Center from the federal Centers for Medicare and Medicaid Services.

3. The Department of Behavioral Health and Developmental Services shall provide progress updates and shall provide a final report to the Chairmen of the House Appropriations and Senate Finance Committee by December 1, 2016."

Explanation:

(This amendment provides $300,000 the first year from the general fund for the Department of Behavioral Health and Developmental Services (DBHDS) to hire an independent
contractor to determine if the Hancock Geriatric Treatment Center can be re-certified for Medicaid reimbursement. In 2015, the center lost its Medicaid certification and the introduced budget included general fund support to replace the lost federal funding. This amendment attempts to explore all possible options available to the Commonwealth to re-certify the facility in order to access federal support for its operations. If the facility can be certified then the general fund support added in the budget can be supplanted with federal funds.

Piedmont Geriatric Hospital and Catawba Hospital. The plan in the last session was to
convert the certification of these two hospitals to nursing facilities due to a federal Health
and Human Services Inspector General's report on the certification issue. A total of $9.1
million from the general fund was provided last year that was included in the base budget for
each year. The introduced budget removes all but $500,000 of the funding since the
conversion to nursing facilities has been determined to no longer be possible. This

The Department of Corrections implemented a new HealthKeepers initiative with Anthem, based on Diagnostic-Related Groups, effective August 2015, which has helped to reduce the projected rate of growth in this sub-program to 1.5 percent in Fiscal Year 2017 over 2016. This initiative, along with other steps the department is expected to take to control costs, is intended to reduce the rate of increase in inmate medical costs.)

Prior to implementation, the plan shall be approved by the Secretary of Public Safety and Homeland Security. A progress report assessing the impact and results of the plan and related actions shall be provided to the Secretaries of Public Safety and Homeland Security and Health and Human Resources, the Director, Department of Planning and Budget, the Chairman of the Virginia Commission on Youth, and the Chairmen of the Senate Finance and House Appropriations Committees by October 1 of each year. The annual progress report shall include, but is not limited to, assessing juvenile offender recidivism rates, changes in commitment rates and orders by the court, the fiscal and operational impact on local juvenile programs, including regional and local detention facilities, group homes and private placements, and the mental health and other treatment requirements of the state- and local-responsible juvenile offender population. The report shall also identify the use of any savings redirected as a result of the transformation, including amounts expended for placements in local and regional detention facilities, private placements, and treatment services, including the numbers of juveniles receiving each specific service. The report should also include the average length of stay for juveniles in each placement option.

The Departments of Juvenile Justice, Corrections, and Behavioral Health and Developmental Services, shall convene an inter-agency task force to chart a future course for the Commonwealth in the provision of appropriate services for youth before the juvenile court who have committed serious offenses and who also present serious mental health and other complex treatment challenges. The task force shall develop a concept for the future provision of secure facilities for state-responsible juvenile offenders at the Chesterfield County campus, in coordination with plans for the future provision of adolescent behavioral health services in state behavioral health facilities and in the community. The task force shall address future capital requirements, including the renovation, redesign or replacement of existing facilities at the Chesterfield County campus and at state behavioral health facilities, which may be necessary to incorporate improved treatment for juvenile offenders who also have serious and complex mental health and other treatment needs. The task force shall also consider the need for appropriate alternatives for less serious offenders, the future role of state behavioral health facilities in providing adolescent treatment services, and the roles that the juvenile court services units, community services boards, and the private sector should play in juvenile corrections and mental health. The task force shall present an interim report by November 1, 2016, and a final report by July 15, 2017, to the Governor and the Chairmen of the Virginia Commission on Youth and the Senate Finance and House Appropriations Committees."

Explanation:
(This amendment clarifies proposed language authorizing the transformation of Virginia's state juvenile correctional centers and the reallocation of the resulting savings into alternative placements for juvenile offenders. The language also creates an inter-agency task force to consider future needs for secure facilities at the Chesterfield County campus for serious juvenile offenders who have complex mental health and other treatment needs, in coordination with the future role of state mental health facilities for adolescents. Senate Bill 731 authorizes planning for a new facility in the City of Chesapeake to replace current state-operated beds and to replace the existing juvenile detention center for the City of Chesapeake.)

C. In accordance with § 2.2-5004 and 5005, Code of Virginia, this Item provides $1,750,000 the first year and $1,750,000 the second year from the general fund, and $1,000,000 from nongeneral funds in the first year and $1,000,000 from nongeneral funds in the second year for the estimated total payment to individual institutions of higher education of the interest earned on tuition and fees and other nongeneral fund Education and General Revenues deposited to the state treasury. D. This Item also includes $2,250,000 in the first year and $2,250,000 the second year from the general fund for the payment to individual institutions of higher education of a pro rata amount of the rebate paid to the State Commonwealth on credit card purchases not exceeding $5,000 during the previous fiscal year. The State Comptroller shall determine the amount owed to each certified institution, net of any payments due to the federal government, using a methodology that equates a pro rata share based upon the total transactions of $5,000 or less made by the institution using the state-approved credit card in comparison to all transactions of $5,000 or less using said approved credit card. By October 15, or as soon thereafter as deemed appropriate, following the year of certification, the Comptroller shall reimburse each institution its estimated pro rata share.

E. Once actual financial data from the year of certification are available, the State Comptroller and the Director, Department of Planning and Budget, shall compare the actual data with estimates used to determine the distribution of the interest earnings, nongeneral fund Educational and General revenues, and the pro rata amounts to the certified institutions of higher education. In those cases where variances exist, the Governor shall include in his next introduced budget bill recommended appropriations to make whatever adjustments to each institution's distributed amount to ensure that each institution's incentive payments are accurate based on actual financial data.

"478.1
A.1. For each year of the biennium, there is hereby appropriated from the general fund of the state treasury an amount as specified in paragraphs A.3. and A.4. below, to fund certain capital projects that are presently authorized for funding from debt issuances by either the Virginia College Building Authority or the Virginia Public Building Authority, to the extent that the existing debt for such capital projects has not been issued. The Governor shall recommend an equivalent reduction in the amount of debt authorization for the affected projects so that overall, there is no decrease or increase in total funding for such projects.

2. It is the intent of the General Assembly that any appropriation pursuant to this Item only be used to reduce the total authorized but unissued debt such that general fund cash becomes the funding source for certain capital outlay projects rather than debt. In making this substitution, priority shall be given to maintenance reserve or other small capital outlay projects that are better suited to be funded from cash or to taxable debt projects which offer the opportunity to obtain greater debt service cost savings, if funded by cash rather than debt.
3. For the first fiscal year of the biennium, the appropriation specified in paragraph A.1. above shall be equal to the lesser of $181,900,000 or the actual total general fund revenue collections for fiscal year ending June 30, 2016, reduced by any amounts needed to meet the Constitutional or statutory deposit to the Revenue Stabilization Fund and the statutory deposit concerning surplus revenue to the Water Quality Improvement Fund, as certified by the State Comptroller, minus the “official revenue estimate” for general fund revenues for the second year of the biennium as contained in the second enactment of Senate Bill 29 of the 2016 General Assembly, as enacted.

4. For the second year of the biennium the appropriation specified in paragraph A.1. above shall be equal to the lesser of $188,200,000 or the actual total general fund revenue collections for fiscal year ending June 30, 2017, reduced by any amounts needed to meet the Constitutional or statutory deposit to the Revenue Stabilization Fund and the statutory deposit concerning surplus revenue to the Water Quality Improvement Fund, as certified by the State Comptroller, minus the “official revenue estimate” for general fund revenues for the first year of the biennium as contained in the first enactment of this Act.

B. The State Comptroller shall make a commitment for any amount appropriated in this Item pursuant to paragraph A.3. above on the balance sheet of the Commonwealth for June 30, 2016. The State Comptroller shall make a commitment for any amount appropriated in this Item pursuant to paragraph A.4. above on the balance sheet of the Commonwealth for June 30, 2017.

C.1. The Director of the Department of Planning and Budget shall report quarterly to the State Treasurer and to the Six Year Capital Outlay Planning Advisory Committee, established by § 2.2-1516 Code of Virginia, identifying the projects for which the debt authorization was replaced by appropriations pursuant to paragraph A1. above.

2. Upon notification from the Director of the Department of Planning and Budget that appropriations pursuant to paragraph A1. above have been made, the State Treasurer shall not issue any debt for the affected projects.

Explanation:

(This amendment directs the contingent use of any revenue surplus available at the close of FY 2016 and FY 2017 towards defraying the issuance of authorized general fund supported debt. A surplus may be realized due to a portion of general fund revenues, generated from nonwithholding, which is excluded from the official revenue estimate reflected in SB 29 and SB 30, as introduced.)

The Reverend Michael Sage, Freedom Tabernacle Baptist Church, Atkins, Virginia, offered the following prayer:

I am humbly honored to stand here today calling upon You, Almighty God, to forever bless our General Assembly. Thankfully, since Washington, Jefferson, and others, this body has sought the favor of Your grace and the guidance of Your wisdom. Grant to us a constant respect for our history and a renewed confidence for our tomorrows in Virginia. Bless our Senators, their staffs and their families. Bestow upon them wisdom, insight, discernment and patience as they conduct our affairs today. If a house divided cannot stand then we seek unity. We solicit mutual respect. From my personal faith, in the Book of Romans, I find that we are to perpetually hold in our hearts, good will to everyone and ill will to no one. May a sincere spirit of strong camaraderie solidify the lives of us Virginians from our magnificent shorelines to our majestic mountains and may this same petition extend to the entire United States. So, in our great tradition of religious liberties, we ask again this day that Your enduring mercies be with us, Your eternal love be upon us and that Your everlasting peace be before us. I pray we will be steadfast in our vigilance and unwavering in our resolve to assure our children even greater provisions than those of our parents. We remain confident that faith, hope and love shall never perish from our midst. This prayer I offer to you in the name of Christ Jesus my Lord with compassion and charity to all. Amen.

COMMONWEALTH OF VIRGINIA

SENATE BILLS VETOED BY THE GOVERNOR

S.B. 612 (six hundred twelve), on motion of Senator Garrett, was passed by for the day.

S.B. 21 (twenty-one) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA

Office of the Governor
March 1, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 21, which would prohibit the Virginia Department of Environmental Quality from submitting a Virginia-specific plan to comply with the federal Clean Power Plan until a majority of legislators in both the Senate and the House of Delegates adopt resolutions approving the state plan.

The interjection of required legislative approval into the Clean Power Plan process is an impermissible breach of Virginia’s constitutional separation of powers. Federal law provides that it falls to the Governor to submit required plans and submissions under the Clean Air Act, including plans to comply with the Clean Power Plan. The Governor is authorized to delegate that authority to the appropriate state environmental agencies. In Virginia, that authority has been delegated to the Director of the Department of Environmental Quality. This process rests squarely in the executive branch of state government.
Under Article III of the Constitution of Virginia, the legislative, executive, and judicial branches of government must remain separate and distinct, such that none may exercise the powers properly belonging to the others. Requiring DEQ to obtain the approval of each chamber of the legislature before submitting a plan to comply with the Clean Power Plan constitutes legislative participation in a purely executive process. As such, Senate Bill 21 violates Virginia’s constitutional separation of powers under Article III.

I cannot, in good conscience, sign a bill that would violate the Constitution of Virginia.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

The reading of the communication was waived.

Senator Chafin moved that S.B. 21 be passed in the enrolled form, notwithstanding the objections of the Governor.

PARLIAMENTARY INQUIRY

Senator McEachin propounded a parliamentary inquiry as to how the Chair would state the question regarding the Governor’s veto to S.B. 21 and what vote a Senator would cast to show support of or opposition to the Governor’s veto.

The Chair stated that if a Senator wished to support the Governor’s veto, the Senator would vote nay on the question: “Shall S.B. 21 be passed in the enrolled form, notwithstanding the objections of the Governor?” The Chair also stated that to override the Governor’s veto and to pass S.B. 21 in the enrolled form would require a vote of 27 yeas.

The question was put on passing S.B. 21 in the enrolled form, notwithstanding the objections of the Governor.

S.B. 21 failed to pass in the enrolled form, notwithstanding the objections of the Governor, having failed to receive the necessary affirmative votes required by Article V, Section 6, of the Constitution.

The recorded vote is as follows:
YEAS--21. NAYS--19. RULE 36--0.

RULE 36--0.

Clerk of the Senate
The Senate met at 10:00 a.m. and was called to order by Lieutenant Governor Ralph S. Northam.

The Reverend Dr. Sam Frye, First Simple Church of Williamsburg, Williamsburg, Virginia, offered the following prayer:

Our Father God, this morning we’re humbled to stand in this place where so many before us have come, looking to make a difference. We’re humbled, Father, at how You have blessed our Commonwealth and how You entrust each of us with speaking and sharing Your truth. Thank You, Lord, for the sacrifices of those who came before us and for those who continue to sacrifice to keep us a free republic. Protect our military men and women, Lord, who sacrifice so much. I pray for those here today that You grant them wisdom beyond their years to lead this body and to lead according to Your ways and direction. Honor each of them, Lord, for their service, their sacrifice, and for their faithfulness.

Father, I ask for Your protection on our police officer men and women. Lord, police officer deaths by gunfire are up 1,000 percent and we need Your intervention. Protect them, Lord, and keep them out of harm’s way. We live in an evil, sin-filled world, Lord, and Your Word says it will stay that way until You return. But, Father, our country needs You more today than ever before. Lord, have Your will and Your way today. We pray that whatever is said and done in this session would be honoring to our Commonwealth, but more importantly, honoring to You.

We ask these things in Your Son’s name.

And all of God’s people said, Amen.

Psalm 36:5-9

Your love, Lord, reaches to the heavens,
Your faithfulness to the skies.
Your righteousness is like the highest mountains,
Your justice like the great deep.
You, Lord, preserve both people and animals.
How priceless is Your unfailing love, O God!
People take refuge in the shadow of Your wings.
They feast on the abundance of Your house;
You give them drink from Your river of delights.
For with You is the fountain of life;
in Your light we see light.

Heavenly Father, may Your light illuminate this day.
May all decisions bask in the light of Your wisdom.
May Your love and grace light the pathways of justice.
And on this day, may we earnestly endeavor to walk humbly with You, as we see from a distance the light of Your glory.

percent of licensed capacity, not to exceed a maximum rate of $1,207$ per month, which rate is also applied to approved adult foster care homes, unless modified as indicated below. The department may add a 1.5 percent differential to the maximum amount for licensed assisted living facilities and adult foster care homes in Planning District Eight.

2. Effective January 1, 2013, the monthly personal care allowance for auxiliary grant recipients who reside in licensed assisted living facilities and approved adult foster care homes shall be $82 per month, unless modified as indicated below.

3. The Department of Social Services, in collaboration with the Department for Aging and Rehabilitative Services, is authorized to increase the assisted living facility and adult foster care home rates and/or the personal care allowance cited above on January 1 of each year in which the federal government increases Supplemental Security Income or Social Security rates or at any other time that the department determines that an increase is necessary to ensure that the Commonwealth continues to meet federal requirements for continuing eligibility for federal financial participation in the Medicaid program. Any such increase is subject to the prior concurrence of the Department of Planning and Budget. Within thirty days after its effective date, the Department of Social Services shall report any such increase to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees with an explanation of the reasons for the increase.

B. Out of this appropriation, $4,185,189 the first year and $4,185,189 in the second year from the federal Social Services Block Grant shall be allocated to provide adult companion services for low-income elderly and disabled adults.

C. The toll-free telephone hotline operated by the Department of Social Services to receive child abuse and neglect complaints shall also be publicized and used by the department to receive complaints of adult abuse and neglect.

D. Out of this appropriation, $248,750 the first year and $248,750 the second year from the general fund and $1,346,792 the first year and $1,346,792 the second year from federal Temporary Assistance for Needy Families (TANF) funds shall be provided as a grant to local domestic violence programs for purchase of crisis and core services for victims of domestic violence, including 24-hour hotlines, emergency shelter, emergency transportation, and other crisis services as a first priority.

E. Out of this appropriation, $75,000 the first year and $75,000 the second year from the general fund and $400,000 the first year and $400,000 the second year from nongeneral funds shall be provided for the purchase of services for victims of domestic violence as stated in § 63.2-1615, Code of Virginia, in accordance with regulations promulgated by the Board of Social Services.

F. Out of this appropriation $1,100,000 the second year from the general fund and $1,000,000 the first year and $1,000,000 the second year from federal Temporary Assistance to Needy Families (TANF) funds shall be provided as a grant to local domestic violence programs for services.

G. The Director, Department of Planning and Budget, shall, on or before June 30, 2015, unallot $400,000 from the general fund in this item, which reflects unused balances in the auxiliary grants program.

H. The Director, Department of Planning and Budget, shall, on or before June 30, 2016,
unallot $1,000,000 from the general fund in this item, which reflects unused balances in the Auxiliary Grant program."

Explanation:

(This amendment adds language capturing unspent funding of $1.0 million from the general fund in the Auxiliary Grant program within the Department of Social Services. This amendment will be enrolled in Item 338, Chapter 665, 2015 Acts of Assembly, during enrolling of HB 29.)

"L.1. The Department of Social Services shall establish a pilot program to partner with Patrick Henry Family Services in Planning District 11 for the temporary placements of children in families in crisis. This pilot program would allow a parent or legal custodian of a minor, with the assistance of Patrick Henry Family Services, to delegate to another person, by a properly executed power of attorney, any powers regarding care, custody, or property of the minor for a temporary placement for a period that is not greater than 90 days. This program would allow for an option of a one-time 90 day extension. Prior to the expiration of the 180 day period, if the child is unable to return to his home, then Patrick Henry Family Services shall contact the local department of social services and request an assessment of the child and an evaluation of services needed and to determine if a petition to assess the care and custody of the child should be filed in the local juvenile and domestic relations court. DSS shall ensure that this pilot program meets the following specific programmatic and safety requirements outlined in Virginia Administrative Code § 22 VAC 40-131 and § 22 VAC 40-191.

2. The Department of Social Services shall ensure that the pilot program organization shall meet the background check requirements described in Virginia Administrative Code § 22 VAC 40-191. The pilot program organization shall develop and implement written policies and procedures for governing active and closed cases, admissions, monitoring the administration of medications, prohibiting corporal punishment, ensuring that children are not subjected to abuse or neglect, investigating allegations of misconduct toward children, implementing the child's back-up emergency care plan, assigning designated casework staff, management of all records, discharge policies, and the use of seclusion and restraint pursuant to Virginia Administrative Code § 22 VAC 40-131-90. In addition, the pilot program organization shall provide pre-service and ongoing training for temporary placement providers and staff pursuant to Virginia Administrative Code § 22 VAC 40-131-210 and § 22 VAC 40-131-150."
3. The Department of Social Services shall evaluate the pilot program and determine if this model of prevention is effective. A report of the evaluation findings and recommendations shall be submitted to the Governor and Chairmen of the House Appropriations and Senate Finance Committees, and Commission on Youth by December 1, 2017.

Explanation:

(This amendment directs the Department of Social Services to establish a pilot program in Planning District 11 (Counties of Amherst, Appomattox, Bedford, Campbell Counties and the City of Lynchburg) for the temporary placements of children in families in crisis. The pilot will allow the Department of Social Services to examine the use of a power of attorney to delegate parental authority. Virginia statute already allows for limited use of a power of attorney for kinship care cases. However, many other states go further and follow the Uniform Guardianship and Protective Proceedings Act which allows a parent to delegate to another person, for a period (usually between six months and one year), any power regarding care, custody, or property of their child. The pilot program will take a similar approach. The Department is required to evaluate the effectiveness of the program and report to the Governor and Chairmen of the House Appropriations and Senate Finance Committees and the Commission on Youth.)

Explanation:
(This technical amendment removes language that was inadvertently left in the introduced budget for Education Commission of the States which was transferred to the Legislative Department in the Virginia Commission of Intergovernmental Cooperation agency and it updates the budgeted amount for performance evaluation training given to school personnel in support of the transition from continuing employment contracts to annual employment contracts for teachers and principals as two budget saving initiatives in the Department of Education during the 2015 Session and reflected in the current budget in Chapter 665.)

Explanation:
(This amendment provides $275,000 the second year from the general fund for a one-time start-up payment for the Virginia Virtual School. The $275,000 would cover the cost of the 4 full-time employees employed by the Virginia Virtual School and Virginia Virtual Board members' costs during the first year start-up. Staff should be hired by January 1, 2018, in order to be ready for the opening of the School for the 2018-19 school year. Once students have enrolled in the Virginia Virtual School in the fall of 2018, the costs of the administration of the School will be provided for by the multi-division online providers that contract to provide full-time virtual school programs with the School. This funding is contingent on the passage and enactment of House Bill 8.)

"Y.1. Out of this appropriation, $50,000 the first year is provided for grants to school divisions of up to $5,000 each to explore alternative teacher compensation approaches that move away from tenure-based step increases toward compensation systems based on teacher performance and student progress. Priority will be given to school divisions that have not previously explored alternative compensation approaches and have schools not achieving full accreditation, or that have high numbers of at-risk students needing qualified teachers in hard-to-staff subjects.

2. In the second year, $2,075,000 from the general fund shall be available for the first year of five-year competitive grants to school divisions to implement performance-based teacher compensation systems. Priority for funding will be given to school divisions with high numbers of at-risk students needing qualified teachers in hard-to-staff subjects. Grantees should combine teacher improvement programs with performance-based compensation systems that consider teacher performance through gains in individual student academic achievement. The approved compensation programs should provide teachers with incentives to take on additional training and responsibilities. The compensation program must include an effective evaluation system."

Explanation:
(This amendment provides funds of $2.1 million the second year, which is approximately 2.5 percent of the annual allocation for the 2 percent salary increase, to initiate and support efforts to attract, train, and retain quality teachers in hard-to-staff schools. The funding will
provide competitive multi-year grants to help initiate change to more dynamic teacher compensation systems designed to increase teacher quality, effectiveness, and satisfaction, and generate higher student achievement. High-need schools will be defined, in part, as schools not achieving full accreditation and schools with high numbers of at-risk students needing qualified teachers in hard-to-staff subjects. The funding may encourage school divisions to re-think how they combine their support with their salary structure to move away from the typical step increases based on tenure, to a system based on teacher performance and student progress.

Explanation:

(This amendment provides $50,000 each year from the general fund to support the Virginia Student Training and Refurbishment (VA STAR) Program, a collaborative effort of the Secretaries of Education and Technology and the Department of Education and General Services. The goal of VA STAR, which is administered by the Prince William County school divisions, is to create a sustainable educational program that takes surplus hardware from state agencies or private companies in order to offer students IT repair certification. Once
refurbished, the computers are available for school use or distributed to students' families and community foundations needing them. VA STAR has more than 63 schools in 38 school divisions participating. It also results in savings to school divisions. This amendment continues funding necessary for VA STAR to continue the program within currently participating school divisions and to expand the number of participants through the 2016-18 biennium.)

In addition, the budget includes $3.0 million in new funding for mixed-delivery preschool services to high-risk children and communities. "O. Out of this appropriation, $500,000 the first year and $500,000 the second year from the
general fund is provided through grants or contracts for the cost of fees and financial incentives associated with hiring teachers in challenged schools. These funds may be used for grants or contracts awarded and expenses associated with supporting the Teach for America program. Applications must be submitted to the Department of Education by September 1 each year. Friday, March 11, 2016

Explaination:
(This amendment adds $1.7 million the first year from the general fund to correct the group life rate that is included in the introduced budget. Unlike the retirement investments that reflect separate pools and rates for state employees and school divisions, VRS has always maintained a single pool for group life and budgeted a single rate. However, the introduced budget reflected a lower rate for schools of 0.47 percent instead of the same rate that is budgeted for state employees of 0.52 percent. This amendment corrects the group life rate that should be budgeted and used for school divisions and consequently increases the state and local costs. There is a companion language amendment in Item 475 that corrects the group life rate for school divisions.)

and local shares, and the academic model used by governor's schools in the configuration of the funding formula.

Explanation:

(This amendment saves $0.5 million the first year and $2.1 million the second year from the general fund by maintaining the current funding formula for the Academic Year Governor's Schools and adding a flat 2.5 percent increase in the tuition amount and a $50.00 per course adjustment per student. These two adjustments are only effective for fiscal year 2017 and fiscal year 2018. The amendment further directs DOE to review the tuition distribution methodology such that the distributions are equitable based on the length of the academic program day.)

**Explanation:**

(This amendment appropriates $150,000 from the general fund each year for the Virginia
State Loan Repayment Program. The introduced budget provided $150,000 from the general fund in fiscal year 2017 only for this program. Funding is added in the second year to sustain the program. The introduced budget inadvertently provided funding for the first year in Item 296; therefore, funding from that item is transferred to this item. A companion amendment in Item 296 reduces the spending that was contained in the incorrect item.

The program design shall address the need for behavioral health professionals in behavioral health shortage areas; the types of behavioral health practitioners needed across communities; the results of community health needs assessments that have been completed by hospitals, localities or other organizations; and shortages that may exist in high cost of living areas which may preclude individuals from choosing employment in public and non-profit community behavioral health and safety net organizations and state mental health facilities. The program design shall include a preference for applicants who choose employment in underserved areas of the Commonwealth and contain conditions for recipients to practice in these areas for at least two years. The program shall be implemented by the Virginia Department of Health. The plan shall identify opportunities to leverage state funding for the program with funds from other sources in order to maximize the total funding for such a program. The plan shall determine how the program can complement and coordinate with existing efforts to recruit and retain Virginia behavioral health practitioners. The Virginia Department of Health shall report back on the plan, including projected utilization of such a program and estimated costs to implement such a program to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees and the Chairman of the Joint Subcommittee to Study Mental Health Services in the Twenty-First Century by November 1, 2016."

Explanation:
(This amendment requires the Virginia Department of Health to collaborate with the Virginia Health Care Foundation, the Department of Behavioral Health and Developmental Services, the state's teaching hospitals and other relevant stakeholders to develop a plan to increase the number of behavioral health practitioners practicing in state and local behavioral health agencies, and health safety net organizations through the use of a student loan repayment program. The plan shall be reported to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees and the Chairman of the Joint Subcommittee to Study Mental Health Services in the Twenty-First Century by November 1, 2016.)

Explanation:

(This amendment provides $1,000,000 each year from the Temporary Assistance to Needy Families (TANF) block grant to support the Resource Mothers program. The purpose of the program is to reduce infant mortality and reduce the incidents of low birth weight babies. The program focuses on first-time teenage mothers and provides a mentor for the teen and her family. The mentoring occurs from the prenatal period through the infant’s first birthday. The resource mother provides health education, infant care tips, model daily living skills, encourages good decision making and planning, and connects the teen to community resources. Explanation:

(This amendment accounts for a slightly higher federal match rate for Applied Behavioral Analysis (ABA) services in fiscal year 2017. Page 251, line 34, strike "$348,084,880" and insert "$348,446,539".

**Explanation:**

(This amendment reduces the general fund appropriation for Medicaid by $361,659 the first year and $361,659 the second year and increases a like amount of nongeneral funds each year, reflecting increased revenues to the Virginia Health Care Fund (VHCF). Because revenues to the fund have historically been used as the state share of Medicaid, additional revenue results in an equal amount of general fund savings. Current estimates of cigarette tax collections indicate that Virginia will receive slightly more revenue than was assumed in the introduced budget. This additional revenue, which is deposited into the Virginia Health Care Fund, allows for a reduction in general fund appropriations for the state's share of Medicaid funding.)

(This amendment adjusts the Medicaid rate increase for private duty nursing in the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) program and Assistive Technology (TECH) waiver to 11.5 percent to match the increase for private duty nursing in the intellectual and developmental disability (I/DD) waivers. A separate budget amendment for the Intellectual Disability and Developmental Disability waivers reflects a rate that is equal
to the 11.5 percent rate increase for EPSDT and the TECH waiver. Medicaid rates for private duty nursing in the TECH waiver and the EPSDT program cover a larger percentage of provider expenses and should match the rates paid in the Medicaid waivers. The introduced budget includes a two percent increase for nursing rates in the EPSDT program and the TECH waiver while the rates in the I/DD waiver were proposed to increase 40 percent. This amendment reallocates the total funding for all the rate changes and equalizes the increase across Medicaid programs that provide private duty nursing.)

**Explanation:**

(This amendment adds funds to provide a 2.5 percent increase in the Medicaid waiver reimbursement rate for adult day health services. Adult day health care is much less expensive than alternative care in a nursing facility for which these clients qualify. Providers of adult day health care report a gap of $18.13 per client per day between actual costs and Medicaid reimbursement, which must be made up through contributions from individuals, churches, corporations, and foundations. These services are almost exclusively provided to Medicaid waiver recipients. This amendment will increase the statewide rate paid for Medicaid adult day health care services from $60.10/unit to $61.60/unit in Northern Virginia and from $55.65/unit to $57.04/unit in the rest of the state. Explanation:

(This amendment provides $275,500 each year from the general fund and a corresponding increase in federal matching funds for Children's National Health System to address critical workforce development needs as the region's premier teaching hospital for pediatrics and helps bridge the gap between the pediatric Medicaid rate paid by Virginia to Children's and the Medicare rates.)

If the department receives an official letter from either Chairmen raising an objection about the waiver during the 30-day period, the department shall not submit the waiver application and shall request authority for such waiver as part of the normal legislative or budgetary process. If the department receives no objection, then the application may be submitted. Any waiver specifically authorized elsewhere in this item is not subject to this provision. Waiver renewals are not subject to the provisions of this paragraph."

Explanation:

(This amendment provides clarity and transparency with regard to waivers of Medicaid rules as allowed by the Social Security Act. The language provides that any waiver application requires, prior to submission, advance notice to the Chairmen of the House Appropriations and Senate Finance Committees and provides a 30-day period for any objections or concerns to be raised. If an objection is raised, then the waiver application must be requested through the normal legislative process, otherwise the agency may proceed with the waiver application.)

The department shall have the authority to adjust provider rates and units, effective July 1, 2016, in accordance with those recommendations with the exception that no rate changes for Sponsored Residential services shall take effect until January 1, 2017. The rate increase for skilled nursing services shall be 25 percent.

2. The Department of Medical Assistance Services shall have the authority to amend the Individual and Family Developmental Disabilities Support (DD), Day Support (DS), and Intellectual Disability (ID) Waivers, to initiate the following new waiver services effective July 1, 2016: Shared Living Residential, Supported Living Residential, Independent Living Residential, Community Engagement, Workplace Assistance Services, Private Duty Nursing Services, Crisis Support Services, Community Based Crisis Supports, Center-based Crisis Supports, and Electronic Based Home Supports; and the following new waiver services effective July 1, 2017: Community Guide and Peer Support Services Community Coaching, Benefits Planning, and Non-medical Transportation. The implementation of these changes shall be developed in partnership with the Department of Behavioral Health and Developmental Services.

3. Out of this appropriation, $328,452 the first year and $656,903 the second year from the general fund and $328,452 the first year and $656,903 the second year from nongeneral funds shall be provided for a Northern Virginia rate differential in the family home payment for Sponsored Residential services. Effective January 1, 2017, the rates for Sponsored Residential services in the Intellectual Disability waiver shall include in the rate methodology a higher differential of 24.5 percent for Northern Virginia providers in the family home payment as compared to the rest-of-state rate. The Department of Medical Assistance Services and the Department of Behavioral Health and Developmental Services
shall, in collaboration with sponsored residential providers and family home providers, collect information and feedback related to payments to family homes and the extent to which changes in rates have impacted payments to the family homes statewide.

4. For any state plan amendments or waiver changes to effectuate the provisions of paragraphs CCCC.1. and CCCC.2. above, the Department of Medical Assistance Services shall provide, prior to submission to the Centers for Medicare and Medicaid Services, notice to the Chairmen of the House Appropriations and Senate Finance Committees, and post such changes and make them easily accessible on the department’s website.

5. The department shall have the authority to implement necessary changes upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such changes."

Explanation:

(This amendment adds funding and modifies language for the proposed rate changes and new services as part of the redesign of the Individual and Family Developmental Disabilities Support (DD), Day Support (DS), and Intellectual Disability (ID) Waivers. The language clarifies that the rate change for skilled nursing shall be a 25 percent increase and that private duty nursing rates shall be equal to the rates in the Assistive Technology and Early and Periodic Screening, Diagnostic, Treatment program. Funding is reduced by $200,000 from the general fund and $200,000 from nongeneral funds the first year to defer some of the proposed less critical new services for the intellectual and developmental disability (I/DD) waiver redesign until the second year. This deferral will ensure that the agencies are able to implement three new I/DD waiver programs efficiently and effectively, providing the most critical new services first while continuing to increase the number of waiver slots required pursuant to the U.S. Department of Justice Settlement Agreement and the additional waiver slots provided during the 2016 Session of the General Assembly. In addition, this amendment provides $328,452 the first year and $656,903 the second year from the general fund and a corresponding increase in federal Medicaid matching funds for providing a rate differential in the family home payment for Northern Virginia providers of Sponsored Residential services. As part of the redesign of the Intellectual and Developmental Disability waivers the rate increases proposed by the consultant did not take into account such a differential for this service.)

(This amendment modifies languages in the introduced budget to clarify that the deferral of
an inflation adjustment for nursing facility rates in fiscal year 2016 was not intended to affect
any future rebasing of nursing facility rates. The Department of Medical Assistance Services
has interpreted the language as a perpetual deferral and this language corrects that
interpretation. The deferral of the fiscal year 2016 inflation adjustment continues to affect the
first year of the biennium; but the second year rates, under a scheduled rebasing, would not
be affected by the 2016 deferral.)

The Department of Medical Assistance Services shall submit a State Plan amendment to make supplemental payments for new graduate medical education residency slots effective July 1, 2017. Supplemental payments shall be made for up to 25 new medical residency slots in fiscal year 2018. Of the 25 new residency slots, 13 shall be for primary care and 12 shall be for high need specialties. In addition, preference shall be given for residency slots located in underserved areas. The department shall adopt criteria for primary care, high need specialties and underserved areas developed by the Virginia Health Workforce Development Authority."
The authority shall submit these criteria to the department by September 1, 2016. The supplemental payment for each new qualifying residency slot shall be $100,000 annually minus any Medicare residency payment for which the hospital is eligible. Supplemental payments shall be made for up to three years for each new qualifying resident. The hospital will be eligible for the supplemental payments as long as the hospital maintains the number of residency slots in total and by category as a result of the increase in fiscal year 2018. If the number of qualifying residency slots exceeds the available number of supplemental payments, the Virginia Health Workforce Development Authority shall determine which new residency slots to fund based on priorities developed by the authority. Payments shall be made quarterly following the same schedule for other medical education payments. In order to be eligible for the supplemental payment, the hospital must make an application to the department by November 1, 2016. The department shall identify hospitals and the number of new residency slots to be awarded supplemental payments by April 1, 2017. Subsequent to the award of a supplemental payment, the hospital must provide documentation annually by June 1 that they continue to meet the criteria for the supplemental payments and report any changes during the year to the number of residents. The department shall require all hospitals receiving medical education funding to report annually by June 1 on the number of residents in total and by specialty/subspecialty. The supplemental payments are subject to federal Centers for Medicare and Medicaid Services approval. The department shall have the authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment of this act.

Explanation:

(This amendment provides $1.3 million from the general fund and an equivalent amount of federal matching funds the second year to increase the number of medical residency slots funded through Medicaid. The average residency slot is estimated at $100,000 a year and this funding would create 25 the second year. Half of the slots would be dedicated to primary care and the remainder for high-need specialties. Preference will be given to residency programs in community and rural areas that are underserved. This is a Joint Commission on Health Care recommendation.)

These conditions tend to occur in a younger population who consequently have a significantly longer stay in a nursing facility than many nursing home residents. (This amendment reduces funding by $106,922 the first year and $123,901 the second year from the general fund and $784,092 the first year and $908,606 the second year from Medicaid matching funds for the Medicaid Children's Health Insurance Program to reflect lower hospital rates based on the rebasing methodology. Hospital rates are rebased every three years to ensure the prospective rate methodology is based on more current cost information. The latest rebasing calculations reflect a rate reduction. The introduced budget reflected savings in the Medicaid program but not the other medical assistance programs that are also impacted.)

Explanation:

(This amendment adds language to require the Department of Medical Assistance Services (DMAS) to implement provisions to improve the current Medicaid eligibility policy and procedures based on a recent Joint Legislative Audit and Review Commission report on Medicaid eligibility determination. The department must require all Medicaid eligibility workers to apply the same protocols when verifying income for all applicants and recipients, including those who report no earned or unearned income, by October 1, 2017. Explanation:

The Department of Planning and Budget shall unallot these funds on July 1 of each fiscal year, and shall not allot the funds until the Department of Medical Assistance Services provides documentation on the contract award amounts."

Explanation:

(This amendment reduces funding of $1.2 million the first year and $800,000 the second year from the general fund and a corresponding amount of federal matching funds for administrative contract increases. The introduced budget included $2.4 million each year to cover the expected increase in costs of three administrative contracts: an enrollment broker, actuary and audit contract. The enrollment broker contract was awarded and took effect January 1, 2016, and funding of $800,000 each year is provided for this purpose. The other two contracts are not yet awarded and will take effect January 1, 2017. This amendment reduces the remaining funds by half for the two contracts yet to be awarded, leaving $400,000 the first year and $800,000 the second year. Explanation:
This amendment removes $340,900 from the general fund and $1.1 million from federal matching funds the second year in the introduced budget for the ongoing costs of the CoverVirginia call center related to an expected increase in call volume from Medicaid enrollees receiving notifications on insurance. The Affordable Care Act requires that individuals be notified by insurers of their insurance status during the year. Beginning in 2016, state Medicaid programs are required to send out these notices. Call volumes are uncertain at this point and this amendment funds the contract in the first year only, until additional information on the real impact is determined and the ongoing costs are known.

PACT teams are self-contained interdisciplinary teams of clinical staff that provide intensive treatment in the community to promote stability for individuals that typically do not access the mental health system.)

(This amendment allocates $625,500 the first year from the general fund that was included in the introduced budget for the purchase of private inpatient geriatric mental health services and designates the funding for Western State Hospital for Discharge Assistance Funding. Western State Hospital is in need of DAP funds in the hospital's catchment area. The department shall include staff from the Department of Planning and Budget and the Department of Health on the procurement review and selection team.

2. Upon completion of the recommendations from the contractor and a determination that certification is feasible, the Department of Behavioral Health and Developmental Services shall seek and submit, when feasible, the appropriate application for Medicaid certification from the federal Centers for Medicare and Medicaid Services.

3. The Commissioner shall report on the contract and the progress to obtain Medicaid certification of the Center to the Chairmen of the House Appropriation and Senate Finance Committee by December 1, 2016 and provide a final report upon determination of the certification decision from the federal Centers for Medicare and Medicaid Services."

**Explanation:**

(This amendment adds $250,000 the first year from the general fund and language directing the Department of Behavioral Health and Developmental Services (DBHDS) to hire an independent contractor to determine if the Hancock Geriatric Treatment Center can be re-certified for Medicaid reimbursement. In 2015, the center lost its Medicaid certification and the introduced budget included general fund support to replace the lost federal funding. This amendment attempts to explore all possible options available to the Commonwealth to re-certify the facility in order to access federal support for its operations. If the facility can be certified then the general fund support added in the budget can be supplanted with federal funds. Language directs the Department to seek certification from the federal Centers for Medicare and Medicaid Services if feasible and upon completion of the recommended changes, and the Commissioner of DBHDS is required to report on these efforts by December 1, 2016 and when a federal certification decision is made.)

The plan in the last session was to convert the certification of these two hospitals to nursing facilities due to a federal Health and Human Services Inspector General's report on the certification issue. A total of $9.1 million from the general fund was provided last year that was included in the base budget for each year. This program works with patients discharged from hospitals in an effort to reduce readmissions and has been shown to be effective. The proposed project would provide sediment storage for another 68 years after construction and maintain the current level of flood protection downstream. The plan provides for raising the dam embankment by 2.6 feet with earthfill, widening the auxiliary spillway by 92 feet, constructing a splitter dike, and installing turn reinforcement mat for stability. It is anticipated that federal funds will be provided for the remaining $2.1 million of costs associated with the rehabilitation.)

The requested funds would be used for maintenance and operation of the park. Virginia currently contributes $181,687, which represents a 34% reduction in funding from the 2006 funding level. This reduction has forced frequent withdrawals of funds from the park's savings accounts in order to maintain critical facilities and services. The requested additional amount will restore the Virginia allocation to its previous level and help provide the critical maintenance and operations functions without further decreasing the park's savings accounts. The park's savings accounts have declined by 66% despite intensive cost cutting and restructuring measures which have shaved nearly $200,000 in personnel, utilities, insurance and supplies expenses from the park's annual budget.)

2.a. The task force shall consider the future capital and operational requirements for Virginia's juvenile correctional centers, including the construction of a new facility in the City of Chesapeake, for which planning was authorized by the 2016 General Assembly, and also including (i) the projected population of state-responsible juvenile offenders, including an assessment of the impact of the Department of Juvenile Justice's length of stay guidelines, (ii) the number of juveniles expected to be held in each facility, (iii) the level and type of mental health, medical, academic and vocational education, and other services to be provided, (iv) the design and size of spaces needed to accommodate the necessary services within state facilities, (v) the accommodation of the treatment needs of state-responsible juvenile offenders with diagnoses of serious mental or behavioral health issues, (vi) the appropriateness of alternative housing models, including cells and rooms (including both single and double-bunking), dormitories, cottages, and other housing configurations, (vii) the number and geographical location of facilities, and (viii) the potential for contracting for the use of space in existing local and regional secure detention facilities, group homes, and private residential facilities.

construction or renovation of existing facilities to accommodate these recommendations. The task force shall conduct a cost-benefit analysis to compare the potential revenues realized from the sale of existing real property owned by state agencies, with the projected replacement costs which would be incurred to provide replacement facilities, should existing properties be sold. This analysis should include an assessment of the impact of locational factors on expected program outcomes and on the objective of maintaining the juvenile offenders' relationships with their families and communities.

c. In evaluating these alternatives, the task force shall give consideration to and report on the estimated costs of construction, operation and maintenance of facilities, and the potential impact of these alternatives to the outcomes for state-responsible juvenile offenders, including recidivism. The task force shall also give consideration to the projected requirements for state funding for local and regional secure detention facilities, and alternatives to detention, including but not limited to, the Virginia Juvenile Community Crime Control Act.

3. The Department of General Services and all other agencies of the Commonwealth shall provide technical assistance upon request of the task force. The task force shall include input from judges, attorneys for the Commonwealth, law enforcement, local government, private providers, and other stakeholders as appropriate.

4. The Director, Department of Juvenile Justice, is authorized to procure such consultant or other services as necessary to conduct the task force's review. The Director is authorized to use funds identified in Paragraph A of this item for such purposes."

**Explanation:**

(This amendment reduces the proposed second year increase for the new Department of State Police training facility at Blackstone by $600,000 from the general fund and four positions and provides a dedicated special fund appropriation of $226,800 the second year. With this adjustment, the additional funding for the new facility includes $1,198,779 and nine positions the first year and $2,490,705 and 14 positions the second year from the general fund, plus the dedicated special funds in the second year. This amendment also removes a proposed exemption from the normal requirements of the Administrative Process Act concerning the fees to be charged for the use of the new facility by local and other law enforcement agencies. It is anticipated that the dedicated special funds from fees generated through the use of the facility will help support some of the additional costs of operating the facility. Such funding shall be utilized to reduce the debt service requirements and total operating costs of the Authority. The first year amount shall not be provided before December 31, 2016. Payment shall not occur in either fiscal year unless the Authority has entered into an agreement with one or more airlines currently operating at Washington Dulles International Airport which ensures the retention of a domestic airline hub service at the airport for at least seven years beyond calendar year 2017.

2. Prior to the release of any funds authorized in Paragraph M.1 to the Authority, the Secretary of Transportation shall certify in writing to the Governor and the General Assembly that provision of the funds authorized under this item are in the public interest, that the funds will be used to supplement not supplant funds otherwise available to the Authority, and that the Authority has set-forth an attainable plan for long-term cost reductions. a. No payments shall occur unless and until the Authority has entered into an agreement with the Virginia Department of Transportation that (i) identifies to the Department future efforts of the Authority to reduce airline cost per enplanement at Washington Dulles International Airport using financing efficiency savings, available funds, and future revenues in an amount that meets or exceeds the amount of the appropriation provided in this section over the course of the agreement through calendar year 2024, (ii) provides full access to the financial records of the Airports Authority recognizing such financial information will be considered confidential and proprietary and will only be used to verify targets for cost per enplanement reductions, and (iii) sets forth a long-range plan for financial viability of the airport and continued lower levels of cost per enplanement beyond the fiscal year 2016-2018 biennium without additional state support beyond the amounts provided pursuant to § 58.1-538, Code of Virginia. Such agreement shall be subject to the provisions established in § 2.2-3705.6, Code of Virginia.

3. Further, the Authority shall report the additional measures taken by the Authority to reduce airline cost per enplanement including, but not limited to, an estimate of revenues that could be generated by development or disposal of property owned by the Authority as a means to further reduce long term cost per enplanement. Such report shall also
include an outline of additional measures to be taken by the Authority to further reduce cost per enplanement through calendar year 2024."

(This amendment directs the VPA to include phase 2 of the feasibility study for Phase 2 of the Commonwealth Railway Mainline Safety Relocation Project as part of its long-range plan for the development of Craney Island. The terminal will be designed to serve super post-Panamax class vessels via a 50-feet navigation channel, direct interchange to the interstate highway system, and double-stack intermodal rail service. The terminal will be planned as a semi-automated operation, with a mix of manual and automated container handling equipment. The construction of Craney Island will increase container throughput on the west side of the Elizabeth River, away from the region's most congested tunnels and bridges, and in close proximity to rail facilities and distribution locations.)

The standards upon which the public institutions of higher education are deemed certified to receive the payment of interest earnings from the tuition and fees and other nongeneral fund Educational and General revenues shall be based upon the standards provided in § 4-9.01 of this act, as approved by the General Assembly.

B. The estimated interest earnings and other revenues shall be distributed to those specific public institutions of higher education that have been certified by the State Council of Higher Education for Virginia as having met the standards provided in § 4-9.01 of this act, based on the distribution methodology developed pursuant to Chapter 933, Enactment 2, Acts of Assembly of 2005 and reported to the Chairmen of the House Appropriations Committee and Senate Finance Committee.

C. In accordance with § 2.2-5004 and 5005, Code of Virginia, this Item provides $1,750,000 the first year and $1,750,000 the second year from the general fund, and $1,000,000 from nongeneral funds in the first year and $1,000,000 from nongeneral funds in the second year for the estimated total payment to individual institutions of higher education of the interest earned on tuition and fees and other nongeneral fund Education and General Revenues deposited to the state treasury. Upon certification by the State Council of Higher Education of Virginia that all available performance benchmarks have been successfully achieved by the individual institutions of higher education, the Director, Department of Planning and Budget, shall transfer the appropriation in this Item for such estimated interest earnings to the general fund appropriation of each institution's Educational and General program.

D. This Item also includes $2,250,000 in the first year and $2,250,000 the second year from the general fund for the payment to individual institutions of higher education of a pro rata amount of the rebate paid to the State Commonwealth on credit card purchases not exceeding $5,000 during the previous fiscal year. The State Comptroller shall determine the amount owed to each certified institution, net of any payments due to the federal government, using a
methodology that equates a pro rata share based upon the total transactions of $5,000 or less made by the institution using the state-approved credit card in comparison to all transactions of $5,000 or less using said approved credit card. By October 15, or as soon thereafter as deemed appropriate, following the year of certification, the Comptroller shall reimburse each institution its estimated pro rata share.

E. Once actual financial data from the year of certification are available, the State Comptroller and the Director, Department of Planning and Budget, shall compare the actual data with estimates used to determine the distribution of the interest earnings, nongeneral fund Educational and General revenues, and the pro rata amounts to the certified institutions of higher education. In those cases where variances exist, the Governor shall include in his next introduced budget bill recommended appropriations to make whatever adjustments to each institution’s distributed amount to ensure that each institution’s incentive payments are accurate based on actual financial data.”

**Explanation:**

(This amendment restores the amounts previously provided to higher education institutions related to interest earned on tuition and fees, and other non-general fund Education and General Revenues, as well as credit card purchase rebates deposited to the state treasury. Central Appropriations

Language:

Page 410, after line 43, insert:

"478.1

A.1. For each year of the biennium, there is hereby appropriated from the general fund of the state treasury an amount as specified in paragraphs A.3. and A.4. below, to fund certain capital projects that are presently authorized for funding from debt issuances by either the Virginia College Building Authority or the Virginia Public Building Authority, to the extent that the existing debt for such capital projects has not been issued. The Governor shall recommend an equivalent reduction in the amount of debt authorization for the affected projects so that overall, there is no decrease or increase in total funding for such projects.

2. It is the intent of the General Assembly that any appropriation pursuant to this Item only be used to reduce the total authorized but unissued debt such that general fund cash becomes the funding source for certain capital outlay projects rather than debt. In making this substitution, priority shall be given to maintenance reserve or other small capital outlay projects that are better suited to be funded from cash or to taxable debt projects which offer the opportunity to obtain greater debt service cost savings, if funded by cash rather than debt.

3. For the first fiscal year of the biennium, the appropriation specified in paragraph A.1. above shall be equal to the lesser of $181,900,000 or the actual total general fund revenue collections for fiscal year ending June 30, 2016, reduced by any amounts needed to meet the Constitutional or statutory deposit to the Revenue Stabilization Fund and the statutory deposit concerning surplus revenue to the Water Quality Improvement Fund, as certified by the State Comptroller, minus the “official revenue estimate” for general fund revenues for the second year of the biennium as contained in the second enactment of Senate Bill 29 of the 2016 General Assembly, as enacted.

4. For the second year of the biennium the appropriation specified in paragraph A.1. above shall be equal to the lesser of $188,200,000 or the actual total general fund revenue
collections for fiscal year ending June 30, 2017, reduced by any amounts needed to meet the Constitutional or statutory deposit to the Revenue Stabilization Fund and the statutory deposit concerning surplus revenue to the Water Quality Improvement Fund, as certified by the State Comptroller, minus the "official revenue estimate" for general fund revenues for the first year of the biennium as contained in the first enactment of this Act.

B. The State Comptroller shall make a commitment for any amount appropriated in this Item pursuant to paragraph A.3. above on the balance sheet of the Commonwealth for June 30, 2016. The State Comptroller shall make a commitment for any amount appropriated in this Item pursuant to paragraph A.4. above on the balance sheet of the Commonwealth for June 30, 2017.

C.1. The Director of the Department of Planning and Budget shall report quarterly to the State Treasurer and to the Six Year Capital Outlay Planning Advisory Committee, established by § 2.2-1516 Code of Virginia, identifying the projects for which the debt authorization was replaced by appropriations pursuant to paragraph A1. above.

2. Upon notification from the Director of the Department of Planning and Budget that appropriations pursuant to paragraph A1. above have been made, the State Treasurer shall not issue any debt for the affected projects."

Explanation:
(This amendment directs the contingent use of any revenue surplus available at the close of fiscal year 2016 and fiscal year 2017 towards defraying the issuance of authorized general fund supported debt. A surplus may be realized due to a portion of general fund revenues, generated from nonwithholding, which is excluded from the official revenue estimate reflected in SB 29 and SB 30, as introduced.)

"c. 1. As part of a five-year pilot program, George Mason University and James Madison University are authorized, for a period of five years, to exercise additional financial and administrative authority as set out in each of the three functional areas of information technology, procurement and capital projects as set forth and subject to all the conditions in §§ 2.0, 3.0 and 4.0 of the second enactment of Chapter 824 and 829 of the Acts of Assembly of 2008 except that (i) any effective dates contained in Chapter 824 and 829 of the Acts of Assembly of 2008 are superseded by the provisions of this item, and (ii) the institution is not required to have a signed memorandum of understanding with the Secretary of Administration regarding participation in the nongeneral fund decentralization program as provided in subsection C of § 2.2-1132 in order to be eligible for the additional capital project authority.

2. In addition, each institution shall exercise additional financial and administrative authority over financial operations as follows:

a). BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY. The Board of Visitors of the University shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this Policy. Consistent with this full and ultimate accountability, however, the Board may, pursuant to its legally permissible procedures, specifically delegate either herein or by separate Board resolution the duties and responsibilities set forth in this Policy to a person or persons within the University, who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the University's usual delegation policies and procedures.

b) FINANCIAL MANAGEMENT AND REPORTING SYSTEM. The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized by the Board to maintain existing and implement new policies governing the management of University financial resources. These policies shall continue to (i) ensure compliance with Generally Accepted Accounting Principles, (ii) ensure consistency with the current accounting principles employed by the Commonwealth, including the use of fund accounting principles, with regard to the establishment of the underlying accounting records of the University and the allocation and utilization of resources within the accounting system, including the relevant guidance provided by the State Council of Higher Education for Virginia chart of accounts with regard to the allocation and proper use of funds from specific types of fund sources, (iii) provide adequate risk management and internal controls to protect and safeguard all financial resources, including moneys transferred to the University pursuant to a general fund appropriation, and ensure compliance with the requirements of the Appropriation Act.
The financial management system shall continue to include a financial reporting system to satisfy both the requirements for inclusion into the Commonwealth's Comprehensive Annual Financial Report, as specified in the related State Comptroller's Directives, and the University's separately audited financial statements. To ensure observance of limitations and restrictions placed on the use of the resources available to the University, the accounting and bookkeeping system of the University shall continue to be maintained in accordance with the principles prescribed for governmental organizations by the Governmental Accounting Standards Board.

In addition, the financial management system shall continue to provide financial reporting for the President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, and the Board of Visitors to enable them to provide adequate oversight of the financial operations of the University.

c) FINANCIAL MANAGEMENT POLICIES.
The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall create and implement any and all financial management policies necessary to establish a financial management system with adequate risk management and internal control processes and procedures for the effective protection and management of all University financial resources. Such policies will not address the underlying accounting principles and policies employed by the Commonwealth and the University, but rather will focus on the internal operations of the University's financial management. These policies shall include, but need not be limited to, the development of a tailored set of finance and accounting practices that seek to support the University's specific business and administrative operating environment in order to improve the efficiency and effectiveness of its business and administrative functions. In general, the system of independent financial management policies shall be guided by the general principles contained in the Commonwealth's Accounting Policies and Procedures such as establishing strong risk management and internal accounting controls to ensure University financial resources are properly safeguarded and that appropriate stewardship of public funds is obtained through management's oversight of the effective and efficient use of such funds in the performance of University programs.

The University shall continue to follow the Commonwealth's accounting policies until such time as specific alternate policies can be developed, approved and implemented. Such alternate policies shall include applicable accountability measures and shall be submitted to the State Comptroller for review and comment before they are implemented by the University.

d) FINANCIAL RESOURCE RETENTION AND MANAGEMENT.
The Board of Visitors shall retain the authority to establish tuition, fee, room, board, and other charges, with appropriate commitment provided to need-based grant aid for middle- and lower-income undergraduate Virginians. Except as provided otherwise in the Appropriation Act, it is the intent of the Commonwealth and the University that the
University shall be exempt from the revenue restrictions in the general provisions of the Appropriation Act related to non-general funds. In addition, unless prohibited by the Appropriation Act, it is the intent of the Commonwealth and the University that the University shall be entitled to retain non-general fund savings generated from changes in Commonwealth rates and charges, including but not limited to health, life, and disability insurance rates, retirement contribution rates, telecommunications charges, and utility rates, rather than reverting such savings back to the Commonwealth. This financial resource policy assists the University by providing the framework for retaining and managing non-general funds, for the receipt of general funds, and for the use and stewardship of all these funds.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to provide oversight of the University’s cash management system which is the framework for the retention of non-general funds. The Internal Audit Department of the University shall periodically audit the University’s cash management system in accordance with appropriate risk assessment models and make reports to the Audit and Compliance Committee of the Board of Visitors. Additional oversight shall continue to be provided through the annual audit and assessment of internal controls performed by the Auditor of Public Accounts. For the receipt of general and non-general funds, the University shall conform to the Security for Public Deposits Act, Chapter 44 (§ 2.2-4400 et seq.) of Title 2.2 of the Code of Virginia as it currently exists and from time to time may be amended.

e) ACCOUNTS RECEIVABLE MANAGEMENT AND COLLECTION.

The President, through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized to create and implement any and all Accounts Receivable Management and Collection policies as part of a system for the management of University financial resources. The policies shall be guided by the requirements of the Virginia Debt Collection Act, Chapter 48 (§ 2.2-4800 et seq.) of the Code of Virginia, such that the University shall take all appropriate and cost effective actions to aggressively collect accounts receivable in a timely manner.

These shall include, but not be limited to, establishing the criteria for granting credit to University customers; establishing the nature and timing of collection procedures within the above general principles; and the independent authority to select and contract with collection agencies and, after consultation with the Office of the Attorney General, private attorneys as needed to perform any and all collection activities for all University accounts receivable such as reporting delinquent accounts to credit bureaus, obtaining judgments, garnishments, and liens against such debtors, and other actions. In accordance with sound collection activities, the University shall continue to utilize the Commonwealth’s Debt Set-Off Collection Programs, shall develop procedures acceptable to the Tax Commissioner and the State Comptroller to implement such Programs, and shall provide a quarterly summary report of receivables to the Department of Accounts in accordance with the reporting procedures established pursuant to the Virginia Debt Collection Act.

f) DISBURSEMENT MANAGEMENT.
The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized to create and implement any and all disbursement policies as part of a system for the management of University financial resources. The disbursement management policies shall continue to define the appropriate and reasonable uses of all funds, from whatever source derived, in the execution of the University's operations. These policies also shall continue to address the timing of appropriate and reasonable disbursements consistent with the Prompt Payment Act, and the appropriateness of certain goods or services relative to the University's mission, including travel-related disbursements. Further, the University's disbursement policy shall continue to provide for the mechanisms by which payments are made including the use of charge cards, warrants, and electronic payments.

These disbursement policies shall authorize the President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, to independently select, engage, and contract for such consultants, accountants, and financial experts, and other such providers of expert advice and consultation, and, after consultation with the Office of the Attorney General, private attorneys, as may be necessary or desirable in his or her discretion. The policies also shall continue to include the ability to locally manage and administer the Commonwealth's credit card and cost recovery programs related to disbursements, subject to any restrictions contained in the Commonwealth's contracts governing those programs, provided that the University shall submit the credit card and cost recovery aspects of its financial and operations policies to the State Comptroller for review and comment prior to implementing those aspects of those policies. The disbursement policies shall ensure that adequate risk management and internal control procedures shall be maintained over previously decentralized processes for public records, payroll, and non-payroll disbursements. The University shall continue to provide summary quarterly prompt payment reports to the Department of Accounts in accordance with the reporting procedures established pursuant to the Prompt Payment Act.

The University's disbursement policies shall be guided by the principles of the Commonwealth's policies as included in the Commonwealth's Accounting Policy and Procedures Manual. The University shall continue to follow the Commonwealth's disbursement policies until such time as specific alternative policies can be developed, approved and implemented. Such alternate policies shall be submitted to the State Comptroller for review and comment prior to their implementation by the University.

3. The Auditor of Public Accounts or his legally authorized representatives shall audit annually the accounts of each institution and shall distribute copies of each annual audit to the Governor and to the Chairman of the House Committee on Appropriations and the Senate Committee on Finance. Pursuant to § 30-133, the Auditor of Public Accounts and his legally authorized representatives shall examine annually the accounts and books of each such institution, but the institution shall not be deemed to be a state or governmental agency, advisory agency, public body, or agency or instrumentality for purposes of Chapter 14 (§ 30-130 et seq.) of Title 30 except for those provisions in such chapter that relate to requirements
for financial recordkeeping and bookkeeping. Each such institution shall be subject to periodic external review by the Joint Legislative and Audit Review Commission and such other reviews and audits as shall be required by law.

§ 33.2-118. Limitation on tolling.
A. For purposes of this section, "auxiliary lane" means the portion of the roadway adjoining
the traveled way as a shoulder or for speed change, turning, weaving, or the maneuvering of entering and leaving traffic.

B. Notwithstanding any other provision of this title, no toll may be imposed or collected on un-tolled lanes or components of a highway, bridge, or tunnel without approval from the General Assembly. However, such prohibition shall not apply to (i) reconstruction with additional lanes of a highway, bridge, or tunnel provided that the number of un-tolled non-high-occupancy vehicle lanes, excluding auxiliary lanes, after the reconstruction is not less than the number of un-tolled, non-high-occupancy vehicle lanes, excluding auxiliary lanes, prior to such reconstruction; (ii) new construction that is opened to the public as a tolled facility; (iii) new construction that is opened to the public as high-occupancy vehicle lanes; (iv) existing high-occupancy vehicle lanes; or (v) an existing lane on a segment of a highway whose length does not exceed 10 miles and is between an interchange and an interchange or an interchange and a bridge, provided that the number of un-tolled non-high-occupancy vehicle lanes on such segment is equal to the number of un-tolled non-high-occupancy vehicle lanes on the portion of the highway preceding such segment.

C. Notwithstanding the provisions of subsection B, prior approval of the General Assembly shall be required prior to the imposition and collection of any toll for use of all or any portion of (i) a non-limited access highway except for a bridge, tunnel, or the approaches to a bridge or tunnel or (ii) Interstate 81.

§ 33.2-309. Tolls for use of Interstate System components.
A. Notwithstanding any contrary provision of this title, Subject to the limitations provided in § 33.2-118 and in accordance with all applicable federal and state statutes and requirements, the Board may impose and collect tolls from all classes of vehicles in amounts established by the Board for the use of any component of the Interstate System within the Commonwealth. However, prior approval of the General Assembly shall be required prior to the imposition and collection of any toll for use of all or any portion of Interstate 81. Prior approval of the General Assembly shall be required prior to the imposition or collection of any toll for use of Interstate 95 south of Fredericksburg pursuant to the Interstate System Reconstruction or Rehabilitation Pilot Program. Such funds so collected shall be deposited into the Transportation Trust Fund established pursuant to § 33.2-1524, subject to allocation by the Board as provided in this section.

B. The toll facilities authorized by this section shall be subject to the provisions of federal law for the purpose of tolling motor vehicles to finance interstate construction and reconstruction, promote efficiency in the use of highways, reduce traffic congestion, and improve air quality and for such other purposes as may be permitted by federal law.

C. In order to mitigate traffic congestion in the vicinity of the toll facilities, no toll facility shall be operated without high-speed automated toll collection technology designed to allow motorists to travel through the toll facilities without stopping to make payments. Nothing in this subsection shall be construed to prohibit a toll facility from retaining means of nonautomated toll collection in some lanes of the facility. The Board shall also consider
traffic congestion and mitigation thereof and the impact on local traffic movement as factors in determining the location of the toll facilities authorized pursuant to this section.

D. The revenues collected from each toll facility established pursuant to this section shall be deposited into segregated subaccounts in the Transportation Trust Fund and may be allocated by the Board as the Board deems appropriate to:

1. Pay or finance all or part of the costs of programs or projects, including the costs of planning, operation, maintenance, and improvements incurred in connection with the toll facility, provided that such allocations shall be limited to programs and projects that are reasonably related to or benefit the users of the toll facility. The priorities of metropolitan planning organizations, planning district commissions, local governments, and transportation corridors shall be considered by the Board in making project allocations from such revenues deposited into the Transportation Trust Fund.

2. Repay funds from the Toll Facilities Revolving Account or the Transportation Partnership Opportunity Fund.

3. Pay the Board's reasonable costs and expenses incurred in the administration and management of the toll facility.

That the provisions of this act adding § 33.2-118 to the Code of Virginia, as created by this act, and § 33.2-309 of the Code of Virginia, as amended by this act, shall become effective upon the return of the Commonwealth's spot in the Interstate System Reconstruction and Rehabilitation Pilot Program."

SENATE BILL VETOED BY GOVERNOR
SUBSEQUENT TO ADJOURNMENT SINE DIE

S.B. 626 (six hundred twenty-six), subsequent to adjournment sine die of the 2016 Regular Session, was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

April 7, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 626, which provides that for a period of 45 days after the issuance of a protective order, the person who has issued the order may lawfully carry a concealed handgun. This bill eliminates the application and training requirements associated with concealed handgun permits and allows petitioners to carry a concealed handgun immediately upon the issuance of any protective order.

Domestic violence situations can be extremely volatile, and all too often result in serious injury or death. In fact, when firearms are present in a domestic violence situation, a woman is five times more likely to die. In 2014, Virginia experienced 112 family and intimate-partner-related homicides, 66 of which occurred with a firearm.

At the end of February, I signed legislation, part of a bipartisan firearms agreement, that will remove firearms from dangerous domestic violence situations. That bill prohibits subjects of permanent protective orders from possessing firearms and requires them to sell or transfer their firearms within 24 hours. Senate Bill 626 encourages victims of domestic violence to introduce deadly weapons into an already dangerous situation, an approach that I believe could have significant negative public safety consequences.

Prior to the conclusion of the 2016 legislative session, I proposed amendments to Senate Bill 626 that would allow judges to expedite the concealed handgun permit approval process for individuals who had already given serious consideration to the risks and responsibilities associated with concealing a handgun and completed all necessary training requirements. These amendments were rejected.

Accordingly, I veto this bill.

Sincerely,
Ralph S. Northam  
President of the Senate

Susan Clarke Schaar  
Clerk of the Senate
Wednesday, April 20, 2016

The Senate met at 12 m. in Reconvened Session of the 2016 Regular Session and was called to order by Lieutenant Governor Ralph S. Northam.

The Reverend Alexander Evans, Second Presbyterian Church, Richmond, Virginia, offered the following prayer:

God of creation, God of light and love, God of all that is right and good, God of this day and every day, and this place and every place, our first words have to be gratitude.

We are so grateful for life and so many blessings; for the fact that we are alive and able to work and serve together; for the gifts and skills present in this room; and the privilege of giving leadership to this Commonwealth, for this great land of ours and the beauty of this season.

We thank You, God, for Your abiding care for our lives, for this city, this grand Commonwealth, and Your guidance and care for this body, the Virginia Senate, today. As we gather today in this historic Senate Chamber, we know You are here among us.

In these sacred and solemn moments, we open our hearts to Your presence. Remind us all, and especially these Senators, of Your grand purposes. Help us to envision and work for a Commonwealth of peace and prosperity for all people. Keep us, and especially these leaders here, focused on justice and beauty, a wholesome society for all citizens. Help these Senators to work together well; to build bridges instead of barriers; to make wise and good decisions; to care enough to compromise; to help us to be the greatest Commonwealth that we can be, building on our wonderful history in this great nation. And when debates get difficult, and divisions offer no way forward, be at work to increase grace, to build compromise, and to help each person to see with each other’s eyes, to listen with each other’s ears, to act with conviction, but most of all compassion.

And let every action and vote lead to more justice and more righteousness across Virginia.

We pray in the spirit of the one God who has established this Commonwealth, who has watched over Virginia in ages past, and, we know, is the one God who watches over our coming and going forever.

Amen.

The roll was called and the following Senators answered to their names:

A quorum was present.

On motion of Senator Locke, the reading of the Journal was waived.

The recorded vote is as follows:

YEAS--32. NAYS--7. RULE 36--0.

NAYS--Carrico, Deeds, Garrett, McEachin, Petersen, Reeves, Stanley--7.

RULE 36--0.

The Senate proceeded to consider the bills and related communications having been received from the Governor pending the Reconvened Session.

SENATE BILLS VETOED BY THE GOVERNOR

S.B. 41 (forty-one) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 30, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 41, which would shield from civil liability those who actively discriminate against same-sex couples.

Although couched as a “religious freedom” bill, this legislation is nothing more than an attempt to stigmatize. Any legitimate protections afforded by Senate Bill 41 are duplicative of the First Amendment to the Constitution of the United States; Article I, Section 11 of the Constitution of Virginia; and the Virginia Religious Freedom Restoration Act. Any additional protections are styled in a manner that prefers one religious viewpoint—that marriage can only validly exist between a man and a woman—over all other viewpoints. Such a dynamic is not only unconstitutional, it equates to discrimination under the guise of religious freedom.

This legislation is also bad for business and creates roadblocks as we try to build the new Virginia economy. Businesses and job creators do not want to locate or do business in states that appear more concerned with demonizing people than with creating a strong business climate. Legislation that immunizes the discriminatory actions of certain people and institutions at the expense of same-sex couples would damage Virginia’s reputation for commonsense, pro-business government. We need only look at the damage these types of laws are doing in other states to understand the harm this bill could bring to our Commonwealth and its economy.

We should be pursuing policies to make Virginia a more vibrant and welcoming place to live, work, and raise a family. Senate Bill 41 would accomplish the opposite by making Virginia unwelcome to same-sex couples, while artificially engendering a sense of fear and persecution among our religious communities.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

The reading of the communication was waived.

Senator Carrico moved that S.B. 41 be passed in the enrolled form, notwithstanding the objections of the Governor.
PARLIAMENTARY INQUIRY

Senator Stanley propounded a parliamentary inquiry as to what vote would a Senator cast who wished to override the Governor’s veto to S.B. 41.

The Chair stated that a Senator who wished to override the Governor’s veto to S.B. 41 would vote yea on the question: “Shall S.B. 41 be passed in the enrolled form, notwithstanding the objections of the Governor?”

The question was put on passing S.B. 41 in the enrolled form, notwithstanding the objections of the Governor.

S.B. 41 failed to pass in the enrolled form, notwithstanding the objections of the Governor, having failed to receive the necessary affirmative votes required by Article V, Section 6, of the Constitution.

RULE 36--0.

S.B. 44 (forty-four), on motion of Senator Carrico, was passed by temporarily.

S.B. 270 (two hundred seventy) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 31, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 270, which attempts to prohibit the release of certain persons held by state or local officials who are suspected of violating U.S. immigration laws.

Virginia law already leaves it to the discretion of state and local law enforcement officials how to respond to lawful detainer orders received by U.S. Immigration and Customs Enforcement. This bill does nothing other than subject non-citizens in legal disputes with federal immigration officials to inequitable treatment. The debate surrounding this bill confirms that it is intended to communicate a sense that non-citizens are to be feared and should be treated as more dangerous than other persons.

Rather than stoking irrational fears of non-citizens present in the Commonwealth, the General Assembly should be focused on substantive polices to improve public safety in Virginia. Senate Bill 270 makes no one safer and inappropriately stigmatizes many of those who are caught up in a broken immigration system.

Accordingly, I veto this bill.
Sincerely,

/s/ Terence R. McAuliffe

Senator Garrett moved that S.B. 270 be passed in the enrolled form, notwithstanding the objections of the Governor.

PARLIAMENTARY INQUIRY

Senator Norment propounded a parliamentary inquiry as to whether Senate Rule 43 of the Rules of the Senate had been changed regarding the restriction that no member shall speak more than twice upon the same subject without leave of the Senate, nor more than once, until every member choosing to speak has spoken.

The Chair stated that Senate Rule 43 of the Rules of the Senate had not been changed.

The question was put on passing S.B. 270 in the enrolled form, notwithstanding the objections of the Governor.

S.B. 270 failed to pass in the enrolled form, notwithstanding the objections of the Governor, having failed to receive the necessary affirmative votes required by Article V, Section 6, of the Constitution.

RULE 36--0.

S.B. 612 (six hundred twelve), on motion of Senator Garrett, was passed by temporarily.

S.B. 767 (seven hundred sixty-seven) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

April 8, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 767. In requiring party identification of candidates for local offices, the bill would unnecessarily inject an element of partisanship into historically nonpartisan municipal elections.

Since the adoption of the written ballot in 1870, the Commonwealth has not mandated the inclusion of party affiliation for candidates for local offices. In the recent case of Marcellus v. Virginia State Board of Elections, the United States District Court for the Eastern District of Virginia stated that “[t]he reduction
of partisanship at the local level, the promotion of impartial execution of laws in local governance, and
the expansion of eligible political candidates all present a legitimate and strong” reason to uphold this
historic practice.

Senate Bill 767 would require that candidates for local offices be identified on the ballot by party. Party
affiliation is not useful information when making decisions about purely local matters and would only
serve to increase divisiveness in local government. We should be working to reduce partisan rancor,
rather than creating new places for it to flourish.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

S.B. 44 (forty-four) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 11, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 44, which would
extend both the ability to claim and to allocate the coal employment and production incentive tax credits
and the allowance of the coalfield employment enhancement tax credit without meaningful reform.

In January 2012, the Joint Legislative Audit and Review Commission (“JLARC”) published its final
report, Review of the Effectiveness of Virginia Tax Preferences, Senate Document No. 4. That report
evaluated the efficacy of the coal tax credits in question and found that, despite their having been created
to slow the decline of coal production and employment, both declined at the same or even faster rates
than were predicted before the credits were created. JLARC’s report concluded that the economic activity
had not moved in the desired direction and that the credits had not achieved their goal.
Specifically, from 1988 until 2015, coal mine operators, electricity generators and other coal-related companies have claimed over $610 million in tax credits. However during the same period, the number of coal miners in Virginia has declined from 11,106 to 2,946. It would be unwise to spend additional taxpayer dollars on a tax credit that has fallen so short of its intended effectiveness.

Each day, I work tirelessly to build a new Virginia economy and ensure that this Commonwealth is the best place to live, work and run a business. Making the most effective use of every dollar taxpayers entrust to their government is an essential part of that effort. Given the findings of the JLARC study and the lack of meaningful reform in the face of these findings, I believe it would be unwise for me to sign this legislation.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

S.B. 612 (six hundred twelve) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

February 29, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 612, which prohibits public schools from joining any organization governing interscholastic programs that does not allow home-schooled students to participate.
More than 300 public schools belong to the Virginia High School League (VHSL), an organization through which member schools have regulated interscholastic competition since 1913. Each year over 200,000 public school students, who satisfy the VHSL’s 13 individual eligibility requirements, participate in one or more of the league’s 27 sports and 11 academic activities.

Allowing home-schooled students to participate in interscholastic competitions would disrupt the level playing field Virginia’s public schools have developed over the past century. For example, VHSL rules state that a student must pass five subjects or the equivalent in the previous semester, and be enrolled in five subjects or the equivalent offered for credit toward graduation, in order to participate in the league’s events. While the bill provides that home-schooled students must demonstrate evidence of progress in order to participate in interscholastic activities, the unique nature of their educational situation precludes conformity to the same standards.

Virginia’s public schools provide a complete package of scholastic offerings and access to extracurricular activities. Participation in athletic and academic competitions is a privilege for students who satisfy eligibility requirements. Opening participation in those competitions to individuals who are not required to satisfy the same criteria upends Virginia’s extracurricular framework and codifies academic inequality in interscholastic competition.

Accordingly, I veto this bill.

Sincerely,

HOUSE BILLS VETOED BY THE GOVERNOR

H.B. 298 (two hundred ninety-eight) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 23, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 298, which would extend both the ability to claim and to allocate the coal employment and production incentive tax credits and the allowance of the coalfield employment enhancement tax credit without meaningful reform.

In January 2012, the Joint Legislative Audit and Review Commission (“JLARC”) published its final report, Review of the Effectiveness of Virginia Tax Preferences, Senate Document No. 4. That report evaluated the efficacy of the coal tax credits in question and found that, despite their having been created to slow the decline of coal production and employment, both declined at the same or even faster rates than were predicted before the credits were created. JLARC’s report concluded that the economic activity had not moved in the desired direction and that the credits had not achieved their goal.
Specifically, from 1988 until 2015, coal mine operators, electricity generators, and other coal-related companies have claimed over $610 million in tax credits. However, during the same period, the number of coal miners in Virginia has declined from 11,106 to 2,946. It would be unwise to spend additional taxpayer dollars on a tax credit that has fallen so short of its intended effectiveness.

Each day, I work tirelessly to build a new Virginia economy and ensure that this commonwealth is the best place to live, work and run a business. Making the most effective use of every dollar taxpayers entrust to their government is an essential part of that effort. Given the findings of the JLARC study and the lack of meaningful reform in the face of these findings, I believe it would be unwise for me to sign this legislation.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

The reading of the communication was waived.

H.B. 587 (five hundred eighty-seven) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 10, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 587, which overrides the authority of local governments to remove or modify monuments or war memorials erected before 1998.

The rich history of our Commonwealth is one of our great assets. My administration strongly supports historic preservation efforts, including the preservation of war memorials and monuments. However, this legislation would have been a sweeping override of local authority over these monuments and memorials including potential ramifications for interpretive signage to tell the story of some of our darkest moments during the Civil War.

There is a legitimate discussion going on in localities across the Commonwealth regarding whether to retain, remove, or alter certain symbols of the Confederacy. These discussions are often difficult and complicated. They are unique to each community’s specific history and the specific monument or memorial being discussed. This bill effectively ends these important conversations.
I am committed to supporting a constructive dialogue regarding the preservation of war memorials and monuments, but I do not support this override of local authority.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

H.B. 30 (thirty) was taken up together with the following communication from the Governor:

COMMONWEALTH OF VIRGINIA
Office of the Governor

April 10, 2016

TO: HOUSE OF DELEGATES
HOUSE BILL NO. 30

I approve the general purpose of this bill, but I am returning it without my signature with the request that 30 amendments be adopted. Although the enrolled bill achieves most of the major objectives I proposed to you, I am returning it to you with amendments to address concerns that I have either noted to you previously or that have been brought to my attention since your passage of the budget. With regard to the “caboose budget,” I have signed HB 29.

I am grateful to all members of the House of Delegates and the Senate for your dedicated work and your timely passage of the budget. While we may differ on some of the details, your dedicated efforts reflect general support for the initiatives I proposed in the introduced budget and our shared commitment to strengthen Virginia’s economy.

Specifically, the House and Senate are to be commended for keeping public education as the highest priority in this budget. You also maintained a commitment to the future financial health of the Commonwealth by providing the required funding for the revenue stabilization fund and by fully addressing the actuarial requirements of the Virginia Retirement System. Not only will these actions strengthen Virginia’s financial position in the years to come, which is good for taxpayers, the contributions to the retirement system also will benefit our dedicated workforce of state employees. State and state-responsible local employees also will be grateful for the pay increases that we all supported.

Of the 30 amendments that I am proposing, 10 change spending, 18 are language-only changes, and two increase the resources available. Four of the amendments were made at the request of a member of the General Assembly or committee staff to address clarifications or technical adjustments. My spending amendments total $12.6 million from the general fund and are supported by additional balances that have not been previously identified but will be available at the beginning of the biennium. A summary of these amendments is provided below.

Summary of Amendments

Role of the Joint Legislative Audit and Review Commission (JLARC) in review of the Virginia Economic Development Partnership (VEDP) and its role in the ongoing oversight of economic development initiatives – Item 33

HJ7 (Byron) provides that JLARC will work collaboratively with the Virginia Economic Development Partnership on a study of the Commonwealth’s economic development programs. The companies with whom the Commonwealth works should have assurances that their confidential and proprietary information will remain confidential and will be protected from public disclosure.
Wednesday, April 20, 2016

My amendment clarifies that JLARC shall have an ongoing evaluative, but not an oversight, role for economic development initiatives. Also, it maintains language allowing JLARC to have access to necessary records for the purposes of evaluating incentives, while clarifying that records that have been excluded from disclosure under the Freedom of Information Act are not subject to disclosure by JLARC.

**Fund Electronic Case File Submission System – Item 40**

HB64 (Kilgore) permits, upon agreement between the chief judge of a general district court and the clerk of the circuit court, for electronic transmission of case papers between the courts for civil cases appealed from general district to circuit court and from circuit court back to the district court in cases where that might be required. The funding to support this effort was not included in the enrolled HB 30.

My amendment provides one-time funding of $175,950 from the general fund in FY 2017 to cover the cost associated with implementing an electronic case file transmission system between the general district and the circuit court.

**Correct Fiscal Year Funding for Judicial Weighted Caseload Study – Item 40**

The enrolled budget (Item 40, amendment #2c from the conference report), included an appropriation that was mistakenly placed in FY 2018 rather than FY 2017. The intent was to provide general fund support of $250,000 for a caseload study – the results of which would be available for the 2018 General Assembly.

My amendment corrects the fiscal year in which funding is available to contract with the National Center for State Courts to update the judicial weighted caseload and staffing study in order for the results to be available by the beginning of the 2018 General Assembly Session.

**Authorize the use of Commonwealth Health Research Board (CHRB) funding for joint projects with the Virginia Bioscience Health Research Corporation (VBHRC) – Item 106**

VBHRC is an important tool for fostering the growth of the bioscience industry in the Commonwealth. Its unique, collaborative model enhances research and creates high-paying jobs in a key industry. The proposed language directs VBHRC and CHRB to partner to review and fund proposals that support the bioscience industry in Virginia and foster the creation of new companies and jobs in the Commonwealth.

My amendment authorizes the expenditure of up to $2.5 million of funds managed by CHRB toward collaborative research projects agreed to by both the CHRB and VBHRC that would support Virginia’s core bioscience strengths, improve human health, and demonstrate commercial viability with a high likelihood of creating new companies and jobs in Virginia. This amendment increases the ability of the VBHRC to impact the bioscience industry.

**Remove language restricting the use of broadband funding – Item 109**

The General Assembly provided funding in support of the Virginia Telecommunication Initiative. Language associated with the funding established limitations on the ability to leverage these funds with other state and federal financing for broadband deployment. This limitation could adversely impact localities’ ability to undertake broadband construction projects critical to economic development.

My amendment removes this restrictive language.
Provide support for Labor and Employment Law Statutes – Item 115

The timely investigation of payment of wage claims and the issuance of youth employment certificates are critical services that help ensure fair treatment of employees. The issuance of youth employment certificates provides protection for the safety, health, and welfare of youth employees. Delays in the investigation of payment of wage claims make those cases more difficult to investigate due to the nature of wage payments and can hinder resolution of those claims. Delays in youth employment inspections have the potential to expose youth employees to harm, as untimely inspections may place youth in the position of performing hazardous or prohibited work, or work hours that violate the law. Due to increased workloads, additional staff is necessary to adequately address these important programs.

My amendment provides $184,000 from the general fund in each year to allow the Department of Labor and Industry to fill two vacant compliance officer positions. The positions will address increased workloads associated with youth employment inspections and payment of wage claims.

Provide protection to Virginia Workers and Businesses – Item 116

The principal objective of the Virginia Occupational Safety and Health (VOSH) Program is to reduce workplace fatalities, injuries, and illnesses. A weakened VOSH program could result in increases in fatal accidents, injuries, and illnesses, affecting the ability of Virginia’s businesses to compete in a challenging economy.

My amendment provides $256,173 from the general fund in each year to fill three vacant compliance safety officer positions. These positions will conduct safety and health inspections and issue citations where violations of VOSH regulations are found.

Provide funding for solar energy development – Item 120

The development of solar energy is a critical component of a diversified mix of energy sources in the Commonwealth. The solar industry has developed and matured in other states, placing Virginia at a competitive disadvantage.

My amendment provides $1.0 million from the general fund in each year to support an expanded clean energy industry. Priority in the use of these funds will be given to solar energy projects in Southwest Virginia. Without this amendment, the Commonwealth would lack any dedicated funding to expand the development of solar energy.

Reversion of Chamberlin Hotel property to the Commonwealth – Item 124

Language adopted by the conferees would set aside previous Acts of Assembly to effectuate the immediate reversion of the Chamberlin Hotel parcel at Fort Monroe to the Commonwealth. This language jeopardizes months of good faith negotiations between the Army and representatives of the Chamberlin on a mutually agreed upon conveyance process for the Army’s interest in that parcel. Additionally, the language adopted by the conferees is inconsistent with the planned Economic Development Conveyance agreement between the Army and the Commonwealth.

My amendment strikes the budget language.
Modify match requirements for grants for site remediation through the Virginia Brownfields Restoration and Economic Redevelopment Assistance Fund – Item 125

Currently, the Code of Virginia requires that the Virginia Brownfields Restoration and Economic Redevelopment Assistance Fund Program’s guidelines include a mandatory one-to-one match by the recipient of any grant made by or from the Virginia Brownfields Restoration and Economic Redevelopment Assistance Fund. It may be difficult for smaller localities to provide a 100 percent match, which is the match rate currently required by the recipient of any grant made by or from the Fund. This could potentially price smaller localities out of the market.

My amendment allows for a 25 percent match for site remediation projects.

Remove Virginia Virtual School Funding and Language – Items 137 and 139

House Bill 8 (Richard Bell) establishes the Board of the Virginia Virtual School. Because the Board would operate outside of the jurisdiction of the Board of Education without adequate resources, and because the Department of Education is already pursuing expansion of virtual learning, I have vetoed this legislation.

My amendment, therefore, removes funding and positions provided for the start-up of the Virginia Virtual School in FY 2018, as well as language directing the transfer of direct aid payments to the Virginia Virtual School beginning in FY 2019.

Remove technology review language – Item 139

The budget includes language directing the Department of Education to create a workgroup to review a number of items related to the use of technology in the classroom and for testing. Several of the directives in the language either cannot be implemented at this time, are already being implemented, or ask for studies already completed. In addition, other workgroup study requirements in this language can be addressed by another paragraph placed under the Department of Education to holistically review the statewide use of technology in the classroom and all sources of digital content development and online learning.

My amendment removes this language to help ensure needed technology enhancements more quickly reach the classroom. This is a request of the Chairman of the House Education Committee.

Establish Cybersecurity Scholarship for Public Service Grant Program – Item 144

Governments are having difficulty competing with the private sector for individuals with cybersecurity experience. Given the large quantities of sensitive data held by state agencies in Virginia, it is vital to have the expertise to protect this data from cyber-attacks.

My amendment provides $500,000 from the general fund in each year to create a new scholarship program under the State Council of Higher Education for Virginia to encourage individuals pursuing cybersecurity degrees to work for Virginia state government upon graduation. The proposed scholarship program would require one year of state government service for every year scholarship funding is provided. This program replicates a successful program presently utilized by the federal government to attract cybersecurity talent.
Provide Cybersecurity Education in Community Colleges – Item 213

Cybersecurity is a rapidly growing industrial sector that will provide expanded employment opportunities. Virginia is poised to attract companies providing cybersecurity support, both through research and the graduation of students with cybersecurity degrees. These potential employers are looking for individuals who graduate from higher education institutions designated by the federal government as centers of excellence for cybersecurity. Several of our community colleges have been so designated; all community colleges should strive for this designation so that individuals throughout Virginia who are interested in cybersecurity as a career have access to programs that will enhance their qualifications.

My amendment adds $280,000 in FY 2017 and $152,000 in FY 2018 from the general fund to formally establish a cybersecurity program director for the Virginia Community College System and to develop an appropriate curriculum to help all of Virginia’s community colleges offer coursework in cybersecurity. With these efforts, the community college system will be able to identify any additional faculty needs to ensure that all of our community colleges become cybersecurity centers of excellence.

Dedicate Portions of the 2019 Commemoration Funding – Item 238

The establishment of the Virginia House of Burgesses as the first elected legislative body in the British Colonies is a historic moment, to be celebrated by all Americans. Significant new funding has been provided in the budget for the 2019 Commemoration, recognizing the establishment of the House of Burgesses, recordation of the first Africans in Virginia, arrival of the first women in Virginia, and the first Thanksgiving at the Berkeley Plantation.

My amendment directs $2.0 million of the FY 2018 funding provided for the 2019 Commemoration toward funding and endowing a scholarship program to be known as the “Maggie L. Walker Scholarship Fund” to provide grants to under-represented minorities and women who are both residents of Virginia and student leaders who work to improve their local and global communities. The purpose of these scholarships is to increase access and diversity at public institutions of higher education in Virginia. These scholarships will support awareness of the contributions of minorities and women, like Maggie L. Walker, to Virginia’s history and will complement the activities surrounding the 2019 Commemoration.

Limit prohibition on Medicaid expansion – Item 306

Healthcare policy and fiscal considerations, not politics, should drive Virginia’s decisions about Medicaid expansion. We cannot continue to leave on the table the Commonwealth’s share of federal dollars that could be used to provide life-saving services to its citizens. Therefore, I propose that the prohibition on expansion activities included in the budget be limited to the first year only. Adopting this change will allow us to continue the dialogue on the merits of and business case for expanding the Medicaid program in Virginia, leading to a full and reasoned discussion at the 2017 legislative session. We thereby can make decisions based on another year of factual data from the results of actions to expand the program in other states and any additional information that may become available on the outcomes of reforms to the program in Virginia.

My amendment limits the prohibition on actions to expand the Medicaid Program pursuant to the Patient Protection and Affordable Care Act to the first year of the biennium.
Allow limited consumer directed overtime in FY 2017 – Item 306

The enrolled budget’s elimination of all overtime for consumer-directed attendants could have a significant adverse impact on the continuity of care received by some of Virginia’s most vulnerable citizens and jeopardize the health of older adults and people with disabilities. Moreover, it may severely limit the ability of Medicaid clients to recruit and retain the workers they need to continue to live independently at home. Also, my office has received calls from concerned citizens on this issue.

My amendment provides $8.4 million from the general fund in FY 2017 and language authorizing the Department of Medical Assistance Services (DMAS) to allow up to 16 hours overtime for attendants who are providing care under the consumer-directed service option in the Medicaid waivers in FY 2017.

Modify Delivery System Reform Incentive Program (DSRIP) language – Item 306

Time and again, the General Assembly has stressed the need for greater efficiency and cost control in the state’s Medicaid program. This perceived need has even been used as justification to delay the expansion of Medicaid to those who qualify for such coverage under the Affordable Care Act. The Delivery System Reform Incentive Payment (DSRIP) program has the potential to free up many millions of dollars that can be used to pay for system-wide improvements. The amendment inserted into the enrolled bill would delay the realization of these efficiencies, should the federal government approve the application for the underlying waiver in a timely manner. Delaying our ability to begin saving taxpayer dollars in the Medicaid program is contrary to the direction expressed by the General Assembly.

My amendment seeks a middle ground by prohibiting expenditures under a potential DSRIP waiver unless the Department of Medical Assistance Services notifies the legislature of the nature of planned expenditures associated with DSRIP funds, in addition to the current provision’s requirement that the agency notify the legislature of the approval of the waiver itself.

Allow the Department of Conservation and Recreation to acquire state park land – Item 365

The Commonwealth must be able to acquire property adjacent to existing state parks and in-holdings, and the Department must be able to acquire such properties, using nongeneral funds, when they become available.

My amendment provides such flexibility. It will allow the Department to undertake the process necessary to acquire such parcels using nongeneral funds, provided the acquisition will not result in increased operating expenses.

Allow development or preparation of the Clean Power Plan – Item 369

I strongly believe that Virginia needs to proceed with development of the regulations while a stay is in place. The Clean Power Plan is a necessary response to climate change and an opportunity for Virginia to become a leader in clean energy.

My amendment removes restrictive language for the use of state funds for the preparation or development of the Clean Power Plan. Submission of such plan to the United States Environmental Protection Agency will not be authorized until the stay issued by the United States Supreme Court is released.

Remove obsolete language – Item 370

The Enrolled Bill contains obsolete language referencing an Item in the Capital Section that the Conferees removed.
My technical amendment removes this language.

**Remove conflicting Rail and Public Transportation study language – Item 448**

HB 1359 (Peace) was passed by the 2016 General Assembly, setting clear directive to develop a two pronged prioritization process for state funding in support of capital projects for transit systems. However, related budget language under the Department of Rail and Public Transportation appears to require a study that contemplates one process for all transit capital funding. This budget language could hurt the efforts to reach consensus on these important issues.

My amendment modifies the budget study language under the Department of Rail and Public Transportation to ensure there is no conflict with House Bill 1359, which I have signed into law. This is a request of the patron of House Bill 1359.

**Adjust language related to Ports debt service cap – Item 463**

The budget has existing language limiting the total amount of debt service paid by the Port Authority to $45 million annually. Chapter 665, 2015 Acts of Assembly, allows the Port Authority to enter into a new lease agreement related to the Virginia International Gateway (VIG) Terminal in Portsmouth, Virginia. It is anticipated that the new lease agreement related to the VIG Terminal may result in the agency surpassing the $45 million cap.

My amendment adds language allowing the Governor to approve the Port Authority to exceed the $45 million debt service cap if the capital lease with the VIG Terminal is executed. The amendment includes language that requires that such approval be reported to the Chairmen of the House Appropriations and Senate Finance Committees within five days.

**Workers’ Compensation Capital Authorization – Section 2-0**

A technical correction is needed to amendment C-0 #2c which directs the Department of General Services to assist the Workers’ Compensation Commission with identifying a new headquarters facility for the Commission and, upon completion, transfer the existing headquarters to the Science Museum of Virginia. The conference amendment references the initial authorization included in Chapter 806, 2013 Session Acts of Assembly, rather than the amended language included in Chapter 1, 2014 Special Session 1. Chapter 1 authorized the Workers’ Compensation Commission an option to enter into a capital lease in addition to options authorized in Chapter 806 for acquisition or construction of a new headquarters facility.

My amendment updates the chapter reference to Chapter 1, 2014 Special Session 1, which authorized the Commission to enter into a capital lease and increased their appropriation for the project to $20 million based on the Department of General Services’ latest estimates.

**Increase Maintenance Reserve Funding for the Department of Juvenile Justice – Item C-44**

I continue to believe that our juvenile justice system will be strengthened by the transformation currently underway by my administration. In my introduced budget, the debt issuance and appropriation authority for six Department of Juvenile Justice (DJJ) capital projects was reverted and bond funding was provided for construction of two new residential facilities. The 2016 General Assembly changed the timeline for the construction of these new residential juvenile facilities. As a result of reverting the $16 million in previously authorized projects for the Bon Air and Beaumont facilities and the changed timeline for constructing new facilities, DJJ will need additional funds to maintain the existing facilities until the new
facilities are operational. Additional maintenance reserve funding will ensure that life safety concerns and critical infrastructure systems are kept in working order ensuring the safety and well-being of the individuals living and working there.

My amendment provides $3.0 million in additional debt issuance authority through the Virginia Public Building Authority to address the ongoing maintenance needs of the existing facilities during the planning phase of the new facilities.

Remove Language Related to Deposit of Local Fines and Fees – Section 3-6.05

When a local law enforcement officer writes a ticket against a local ordinance and the driver is found guilty or pleads no contest, the associated fine is retained by the locality where the offense occurred. Language in the enrolled budget, however, requires that certain localities that collect fines above a certain level must remit a portion of those excess fines to the state. It goes further to completely exempt two specific localities from the remittance. To require some localities to remit a portion of those fines to the state just because they are above a certain level of collection and to exempt two localities entirely from such remittance seems arbitrary and unfair.

My amendment removes language in Section 3-6.05 concerning the payment of such local fines to the state thus allowing localities to retain all fines collected from tickets written against local ordinances.

Restrictive language concerning women’s reproductive health services – Section 4-5.04

I have promised many times to stand in the way of any and all attempts to interfere with a woman’s right to make her own health care decisions. If we are going to build a new, more vibrant Virginia economy, we need to be opening up doors to quality, affordable health care, not closing them. The Commonwealth does not need additional language which would prohibit women from accessing reproductive health services. Such additional language would interfere with medical decisions between a woman and her doctor and would also disproportionately impact economically disadvantaged women in Virginia.

My amendment removes language that would prohibit the expenditure of general or nongeneral funds for abortion services, unless mandated by state statute or federal law.

Recommended Resources

I am not recommending any changes to the base revenue forecast that we adopted throughout this General Assembly Session. My requested spending is offset by two amendments that add $14.1 million in additional resources to the balance available at the beginning of the biennium.

The first adds $3.0 million in resources by capturing savings from debt service appropriations in FY 2016 that will not be expended. These savings will revert at the end of FY 2016 and thus become balances available for appropriation in the new biennium.

The second adds $11.1 million in resources by recognizing the proceeds from the sale of an ABC building in Alexandria. This sale was originally scheduled for FY 2015 and the resources were anticipated in that fiscal year; however, the sale did not close until August 2015. The proceeds were not included in the actual year-end balances from FY 2015 since they had not been received. Moreover, these resources were not anticipated in the FY 2016 estimates; therefore, they must be added to the FY 2016 general fund transfer collections and included in the balances at the end of this fiscal year, thus increasing the beginning balance for the next biennium.
The budget you presented to me contained an unappropriated balance of $9.9 million. I believe that it is prudent to leave sufficient resources for unforeseen circumstances that may surface in the future. Consequently, I am returning amendments to you, which if enacted, will actually increase the total uncommitted, unappropriated balance to approximately $11.4 million.

Conclusion

Attached to this letter are the details of my proposed amendments. In your review of these proposals, I think you will find they are relatively minor and consistent with the objectives that I have stated throughout my administration and this legislative session.

I respectfully request your adoption of these amendments so that they may be incorporated into the Appropriation Act for the 2016-2018 biennium. Thank you for your consideration of my requests and for your service to the Commonwealth.

Respectfully submitted,

/s/ Terence R. McAuliffe

Explanation:  
(This amendment provides $184,000 of general fund support in each year to allow the Department of Labor and Industry to fill two vacant compliance officer positions. These positions will address increased workloads associated with youth employment inspections and payment of wage claims. Delays in the investigation of payment of wage claims make those cases more difficult to investigate due to the nature
of wage payments and can further hinder results. Delays in youth employment inspections have the potential to allow harm to youth employees as untimely inspections may place youth in the position to perform hazardous or prohibited work and work hours that violate the law.)

Explanation:
(This amendment removes a paragraph that includes language directing the Department of Education to create a workgroup to review the Department’s Virginia Digital Textbook Marketplace contract and guidelines for the implementation of the pilot projects established in eight school divisions in the 2015-2016 school year and review the effectiveness of the pilots at the end of the year for improving academic success. The technology associated with these pilot projects was not implemented fully enough in the 2015-2016 school year for adequate evaluation, and it will take more operational time and school division participation before the effectiveness of the pilot projects can be evaluated. The paragraph also has the workgroup review other educational technology and repurposing of educational technology grants which the Department of Education is either already implementing or has already studied. In addition, other workgroup study requirements in this language can be addressed by another paragraph placed under the Department of Education to holistically review the statewide use of technology in the classroom and all sources of digital content development and online learning.)
Amendment 16: Establish cybersecurity scholarship for public service grant program

“J. Out of this appropriation, $500,000 the first year and $500,000 the second year from the general fund is designated for cybersecurity public service scholarships. This award requires a state government employment commitment in the Commonwealth by the recipient equal to the number of years the scholarship is awarded. The State Council of Higher Education for Virginia shall develop eligibility criteria for this program, as well as establish the award amounts.”

Explanation:
(This amendment creates a new scholarship program under the State Council of Higher Education for Virginia to encourage individuals pursuing cybersecurity degrees to work for Virginia state government upon graduation. Given the higher wages typically available in the private sector, it is difficult for state government to attract talented cybersecurity individuals to help Virginia ensure it can protect its automated systems and sensitive information from attack or infiltration. The proposed scholarship program would require state government service for every year that scholarship funding is provided. This program mimics a successful program presently utilized by the federal government to attract cybersecurity talent.)

Walker Scholarship Fund”, to provide grants to underrepresented minorities and women who are both residents of Virginia and student leaders who work to improve their local and global communities. The purpose of these scholarships is to increase access and diversity at public institutions of higher education in Virginia.”
Explanation:
(This amendment directs a portion of the funding provided for the 2019 Commemoration to create a higher education/credentialing scholarship program for underrepresented minority students. These scholarships will support awareness of the contributions of minorities and women, like Maggie L. Walker, to Virginia’s history and will complement the activities surrounding the 2019 Commemoration.)

“2. Any prioritization process should be based on an objective and quantifiable analysis. For transit capital projects that establish new transit service or expand existing service, the prioritization process should consider, at a minimum, the following factors relative to the cost of the project or strategy: congestion mitigation, economic development, accessibility, safety, environmental quality, and land use. For state of good repair projects, the prioritization process should consider asset condition and other factors determined to be appropriate by the Department. Such a process for the allocation and distribution of funding would be in addition to the tiered approach established by the Commonwealth Transportation Board for capital purposes based on asset need and anticipated state participation level and revenues and is intended to foster project-specific prioritization within the asset tiers.”

Explanation:
(This amendment modifies budget study language under the Department of Rail and Public Transportation to ensure there is no conflict with House Bill 1359, 2016 General Assembly Session, which is expected to be enacted into law. This is a request of the patron of House Bill 1359.)

Explanation:
(This amendment adds language allowing the Governor to approve the Port Authority to exceed the $45 million debt service cap if the capital lease with the Virginia International Gateway (VIG) Terminal in Portsmouth, Virginia, is executed. The budget has existing language limiting the total amount of debt service paid by the Port Authority to $45 million annually. It is anticipated that the new lease agreement related to the VIG Terminal will result in the agency surpassing the $45 million cap. Chapter 665, 2015 Acts of Assembly, allows the Port Authority to enter into a new lease agreement related to the VIG Terminal.)

SENATE BILL VETOED BY THE GOVERNOR
SUBSEQUENT TO ADJOURNMENT SINE DIE

S.B. 543 (five hundred forty-three), subsequent to adjournment sine die of the Reconvened Session of the 2016 Regular Session, was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor
May 20, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 543, which requires an award of attorneys’ fees and other costs when a plaintiff wins or settles an inverse condemnation suit for “damaging” property, even when such damage is *de minimis*.

Money damages are already authorized for both takings of and damage to private property by government actions, through suits for inverse condemnation. In the event of a permanent taking by a governmental entity, a plaintiff is entitled to his or her attorneys’ fees and costs. Senate Bill 543 would extend the award of those fees and costs to suits in which a landowner’s property was not completely taken but only impaired, even if that impairment is nominal.

I am not opposed to the award of attorneys’ fees and costs in damages cases, within reason. As Governor, I am responsible for the fiscal health of Virginia, and I take my obligations as steward of taxpayers’ money seriously. Accordingly, I proposed an amendment to Senate Bill 543 seeking to cap attorneys’ fees and costs in damages cases to two hundred percent of the monetary award for the damage itself. This would have eliminated the incentive for nuisance lawsuits by unscrupulous attorneys seeking to enrich themselves at taxpayers’ expense in those cases where any actual damage was *de minimis*. The General
Assembly elected to return Senate Bill 543 to me in its original form. Without some safeguard against unlimited exposure of taxpayer funds to litigation costs for nuisance suits, I cannot support this legislation.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

Ralph S. Northam
President of the Senate

Susan Clarke Schaar
Clerk of the Senate
