 Page 275, line 24, strike "\$276,866,129" and insert "\$275,466,129".

**Explanation:**

(This amendment removes funding proposed in the introduced budget for the on-going costs of the CoverVirginia call center related to an expected increase in call volume from Medicaid enrollees receiving notifications on insurance. The Affordable Care Act requires that individuals be notified by insurers of their insurance status during the year. Beginning in 2016, state Medicaid programs are required to send out these notices. Call volumes for this issue are uncertain at this point, therefore the funding is removed until additional information on the real impact is determined.)

- 2. The forecast shall be based upon current state and federal laws and regulations. The forecast shall only include the continuation of previously approved budget reductions if the budget language or regulations specifically directed such reductions are permanent. Rebasement estimates for hospitals and nursing homes shall be included in the forecast based on existing law and regulations and any previous inflation increase withheld in a prior fiscal year shall

be excluded from the rebasing calculation only if language in the appropriation act directing such action specifically excludes it from future rebasings. The forecast shall also include estimates of any projected increase or decrease in managed care costs. 3. The Department of Planning and Budget and the Department of Medical Assistance Services shall convene a meeting on or before October 20 of each year with the appropriate staff from the House Appropriations and Senate Finance Committees to review the assumptions used in the Medicaid forecast prior to finalizing the official forecast estimates. The report shall be submitted to the Department of Planning and Budget and the Chairmen of the House Appropriations and Senate Finance Committees. These reports shall be submitted on a quarterly basis and are due 30 days after the close of each quarter."

**Explanation:**

(This amendment establishes greater detail and clarity on the Medicaid forecasting process. These changes will improve transparency and ensure integrity of the process. October 1, the number of individuals being served through Permanent Supportive Housing, how the funds are allocated by organization, the average rental subsidy, and outcome-based data to determine effectiveness in preventing hospitalizations, incarceration or homelessness."

**Explanation:**

(This amendment adds \$2.1 million the first year and \$2.1 million the second year from the general fund to increase support for permanent supportive housing and provide support 150 additional individuals. Permanent supportive housing provides rental assistance and in-home clinical services and support staff to assist individuals with mental illness in maintaining stability in the community. The goal of the program is to assist in keeping individuals with mental illness out of jail, hospitals and prevents homelessness. A reporting requirement is also included.)

**Explanation:**

(This amendment provides \$895,000 the first year from the general fund to support an existing pilot program in Southwest Virginia that provides an alternate form of transportation for individuals subject to a Temporary Detention Order (TDO). The program was started in the past year as a pilot to determine the feasibility of alternate options to help alleviate the time burden on local law enforcement related to TDO transportation from evaluation sites to psychiatric hospitals. Especially in rural localities, the transportation requirement significantly impacts local ability to perform normal law enforcement duties. The Department of Behavioral Health and Developmental Services used internal resources to begin the pilot program. The program contracts with cab companies that provide the transportation in secure cabs with cameras to create a safe environment with monitoring. This amendment provides funding in the first year to continue the pilot and have the department report back on the viability and effectiveness of the program.)

**Explanation:**

(This amendment allocates half of the \$2.5 million each year from the general fund that was included in the introduced budget for the purchase of private inpatient geriatric mental health services and designates half of the funding for Western State Hospital for Discharge Assistance Funding. Western State Hospital is in need of DAP funds in the hospital's catchment area. DAP funding provides critical assistance to patients who are ready to discharge in order to move back into the community. The funding is necessary to avoid an increase in the extraordinary barriers to discharge list, which reflects patients continuing to be hospitalized due to the lack of community supports.)

- 3. The Department of Behavioral Health and Developmental Services shall provide progress updates and shall provide a final report to the Chairmen of the House Appropriations and Senate Finance Committee by December 1, 2016."

**Explanation:**

(This amendment provides \$300,000 the first year from the general fund for the Department of Behavioral Health and Developmental Services (DBHDS) to hire an independent

contractor to determine if the Hancock Geriatric Treatment Center can be re-certified for Medicaid reimbursement. In 2015, the center lost its Medicaid certification and the introduced budget included general fund support to replace the lost federal funding. This amendment attempts to explore all possible options available to the Commonwealth to re-certify the facility in order to access federal support for its operations. If the facility can be certified then the general fund support added in the budget can be supplanted with federal funds.)

The plan in the last session was to convert the certification of these two hospitals to nursing facilities due to a federal Health and Human Services Inspector General's report on the certification issue. A total of \$9.1 million from the general fund was provided last year that was included in the base budget for each year. Data reported must include, but is not limited to: the age, gender, race and ethnicity of the child; the nature of the child's relationship to the kinship caregiver; the family's history of involvement with child protective services; what, if any, services were provided to the family before the child moved into the home of the kinship caregiver; and where the child is residing and who has legal custody of the child at the time of the local board's final contact with the family. If available, the following data must also be provided: the duration of the kinship arrangement, whether any court order was entered to support the kinship arrangement, whether the child or parent has a disability and, if so, what that disability is, and what, if any, services were provided to the child or kinship caregivers after the child moved into the home.

2. The Virginia Department of Social Services shall develop informational brochures explaining how relative caregivers and parents can seek legal advice through the legal aid system and the Virginia State Bar lawyer referral service. The Virginia Department of Social Services shall provide sufficient amounts of these informational brochures to local social services agencies to allow them to provide the brochures to parents and relatives whenever they facilitate a kinship care arrangement. **Explanation:**

(This amendment reduces the proposed second year increase for the new Department of State Police training facility at Blackstone by \$1.2 million from the general fund and provides a dedicated special fund appropriation of \$120,000 in the second year. With this adjustment, the additional funding for the new facility includes \$1,198,779 the first year and \$1,890,705 the second year from the general fund and nine positions each year, plus the dedicated special funds in the second year. This amendment also removes a proposed exemption from the normal requirements of the Administrative Process Act concerning the fees to be charged for the use of the new facility by local and other law enforcement agencies. It is anticipated that the dedicated special funds from fees generated through the use of the facility will help support some of the additional costs of operating the facility. Finally, this amendment calls

for a report on the proposed fee structure.

C. By October 15, or as soon thereafter as deemed appropriate, following the year of certification, the Comptroller shall reimburse each institution its estimated pro rata share.

E. A.1. For each year of the biennium, there is hereby appropriated from the general fund of the state treasury an amount as specified in paragraphs A.3. and A.4. below, to fund certain capital projects that are presently authorized for funding from debt issuances by either the Virginia College Building Authority or the Virginia Public Building Authority, to the extent that the existing debt for such capital projects has not been issued. The Governor shall recommend an equivalent reduction in the amount of debt authorization for the affected projects so that overall, there is no decrease or increase in total funding for such projects.

2. It is the intent of the General Assembly that any appropriation pursuant to this Item only be used to reduce the total authorized but unissued debt such that general fund cash becomes the funding source for certain capital outlay projects rather than debt. In making this substitution, priority shall be given to maintenance reserve or other small capital outlay projects that are better suited to be funded from cash or to taxable debt projects which offer the opportunity to obtain greater debt service cost savings, if funded by cash rather than debt.

3. For the first fiscal year of the biennium, the appropriation specified in paragraph A.1. above shall be equal to the lesser of \$181,900,000 or the actual total general fund revenue collections for fiscal year ending June 30, 2016, reduced by any amounts needed to meet the Constitutional or statutory deposit to the Revenue Stabilization Fund and the statutory deposit concerning surplus revenue to the Water Quality Improvement Fund, as certified by the State Comptroller, minus the "official revenue estimate" for general fund revenues for the second year of the biennium as contained in the second enactment of Senate Bill 29 of the 2016 General Assembly, as enacted.

4. For the second year of the biennium the appropriation specified in paragraph A.1. above shall be equal to the lesser of \$188,200,000 or the actual total general fund revenue collections for fiscal year ending June 30, 2017, reduced by any amounts needed to meet the Constitutional or statutory deposit to the Revenue Stabilization Fund and the statutory deposit concerning surplus revenue to the Water Quality Improvement Fund, as certified by the State Comptroller, minus the "official revenue estimate" for general fund revenues for the first year of the biennium as contained in the first enactment of this Act.

B. The State Comptroller shall make a commitment for any amount appropriated in this Item pursuant to paragraph A.3. above on the balance sheet of the Commonwealth for June 30, 2016. The State Comptroller shall make a commitment for any amount appropriated in this Item pursuant to paragraph A.4. above on the balance sheet of the Commonwealth for June 30, 2017.

C.1. The Director of the Department of Planning and Budget shall report quarterly to the State Treasurer and to the Six Year Capital Outlay Planning Advisory Committee, established by § 2.2-1516 Code of Virginia, identifying the projects for which the debt authorization was replaced by appropriations pursuant to paragraph A1. above.

2. Upon notification from the Director of the Department of Planning and Budget that appropriations pursuant to paragraph A1. above have been made, the State Treasurer shall not issue any debt for the affected projects."

**Explanation:**

(This amendment directs the contingent use of any revenue surplus available at the close of FY 2016 and FY 2017 towards defraying the issuance of authorized general fund supported debt. A surplus may be realized due to a portion of general fund revenues, generated from nonwithholding, which is excluded from the official revenue estimate reflected in SB 29 and SB 30, as introduced.)

## MONDAY, FEBRUARY 29, 2016

The Senate met at 12 m. and was called to order by Lieutenant Governor Ralph S. Northam.

The Reverend Tim Brown, Community Heights Church at Lebanon, Lebanon, Virginia, offered the following prayer:

Our gracious Heavenly Father, I humbly come before You today asking for Your blessings over this group of men and women who are faithfully serving our state and our country. I know You have placed them in the positions they have to do specific things. Help each of us to know that our leadership is temporary and that You have only entrusted us with influence at this time. I pray that You would impress upon our hearts those things of eternal significance.

God, You are far above any ruler, or authority, or power, or leader, or anything else, not only in this world, but also in the world to come. Everything is under Your authority.

God, thank You for the job we have today. I pray we find gladness in all its work and difficulty, its pleasure and success, and even in its failure and sadness. I pray we wouldn't look at ourselves, but at the needs of the world, that we may have the will and strength to influence others for good. And that we would stand together to offer You praise for a job well done.

We ask that You will strengthen us, restore us and inspire us with Your love. Lord, fill us with Your peace so that as we journey onward we would pour out Your love and grace to others. As we come together today, we give You thanks for the good gifts You give us. We ask for Your guidance in our lives, and we pray that Your goodness and love would be present amongst us today.

Come bless this gathering with unity, hope and vision for the future. God, we pray for unity. Give us all a deep respect for one another. Come stir Your hope within our hearts and may Your vision fill our lives as we seek You.

Hear our prayers God. Amen.

Almighty God, full of wisdom and grace; I come to You today on the behalf of our Senators that You have put into leadership positions to govern, guide and represent our nation.

Proverbs 14:34, it states: Righteousness exalteth a nation; but sin is a reproach to any people.

I pray that You will use them and their ability to do what is right in Your sight for You and for the citizens that they oversee. Father, You are their guiding light and in the newness of life they will do what is right in Your sight.

So, I remind them today that there is no "Big or Little I" in You, but they must conduct themselves under Your mighty hand and be willing to be led by Your Spirit. I pray that You bless those in authority according to Your word and that they may live peaceful and quiet lives in all godliness and holiness.

This is Your Servant's prayer.

In Jesus' name, I pray. Amen.

Almighty God, we are thankful for this Commonwealth and this nation. The people of Virginia have chosen these men and women into service to respond to the needs of the people. We are thankful for their gifts of leadership.

May the men and women of this body lead us, with Your presence dear God, in paths of justice and mercy as the prophets of old have spoken.

Lord, we pray for life-giving conversations in this body as decisions are considered. May these conversations be undertaken in humility and with decency and respect among all peoples.

In speech, may we find words that are life-giving and respectful. In our actions may we show fairness and dignity to others and our earth.

We thank You, God, for the variety of the human race. We thank You for other people's labor and love. We are glad that our experience is enriched by men and women from every walk of life, of every color, language and belief.

May we learn the most valuable lessons from life, and become useful servants of our fellow human beings.

We humbly seek Your grace, O God. Amen.

“W.1. Every corporation having income from business activity which is taxable both within and without the Commonwealth that has Virginia taxable income before apportionment equal to or in excess of \$50 million on the return filed for Taxable Year 2014 must submit information to the Department of Taxation showing the computation of its Taxable Year 2014 sales factor using market-based sourcing.

2. The required information shall be submitted to the Department of Taxation using a form and containing the information prescribed by the Tax Commissioner. The information shall reconcile to information reported on the Virginia income tax return of the corporation provided, however, that when an affiliated group of corporations elected to file a combined return under § 58.1-442, the information shall be reported for each affiliate included in the combined return if the aggregate taxable income before apportionment is equal to or in excess of \$50 million in the manner prescribed by the Tax Commissioner.

“Y.1. Out of this appropriation, \$100,000 the first year is provided for grants to school divisions of up to \$5,000 each to explore alternative teacher compensation approaches that move away from tenure-based step increases toward compensation systems based on teacher performance and student progress. Priority will be given to school divisions that have not previously explored alternative compensation approaches and have schools not achieving full accreditation, or that have high numbers of at-risk students needing qualified teachers in hard-to-staff subjects.

2. In the second year, \$4,150,000 million from the general fund shall be available for the first year of five-year competitive grants to school divisions to implement performance-based teacher compensation systems. Priority for funding will be given to school divisions with high numbers of at-risk students needing qualified teachers in hard-to-staff subjects. Grantees should combine teacher improvement programs with performance-based compensation systems that consider teacher performance through gains in individual student academic achievement. The approved compensation programs should provide teachers with incentives to take on additional training and responsibilities. The compensation program must include an effective evaluation system.”

**Explanation:**

(This amendment provides funds of \$4.2 million the second year, which is approximately 5 percent of the annual allocation for the 2 percent salary increase, to initiate and support efforts to attract, train, and retain quality teachers in hard-to-staff schools. The Fund will provide competitive multi-year grants to help initiate change to more dynamic teacher compensation systems designed to increase teacher quality, effectiveness, and satisfaction, and generate higher student achievement. High-need schools will be defined, in part, as schools not achieving full accreditation and schools with high numbers of at-risk students

needing qualified teachers in hard-to-staff subjects. The Fund will encourage school divisions to re-think how they combine their support with their salary structure to move away from the typical step increases based on tenure, to a system based on teacher performance and student progress.)

B.1. Any bioscience or personalized medicine-related proposal received by the Commonwealth for the purposes stated above shall be evaluated by the Virginia Biosciences Health Research Corporation (VBHRC) for merit and feasibility, while any cybersecurity-related proposal shall be evaluated by the Innovation and Entrepreneurship Investment Authority (IEIA). The VBHRC and IEIA shall identify those research proposals that support the Commonwealth's core bioscience, personalized medicine, and cybersecurity efforts through the following: 1) encouraging cooperation and collaboration among the Virginia public higher education research institutions and the private sector, 2) demonstrating commercial potential in the human health, personalized medicine, and cybersecurity fields, and (3) providing opportunities for new bioscience, personalized medicine, and cybersecurity industries and careers within Virginia.

2. Any proposals not related to bioscience or cybersecurity endeavors shall be evaluated by a panel of not more than five scientists appointed by the Virginia Academy of Science, Engineering and Medicine, who have expertise in the area covered by the proposal but who are not employed by or affiliated with any of the institutions requesting funding.

3. Any proposals receiving favorable evaluation from the VBHRC, IEIA, or the Virginia Academy of Science, Engineering and Medicine panel shall be forwarded to the Virginia Research Advisory Committee (V-RAC) for review. Upon favorable review by the V-RAC, the Governor shall authorize final approval of the project and allocate required funding, accordingly. The Director, Department of Planning and Budget, is authorized to provide for payment of these funds to any appropriately designated fiscal agent consistent with the details of the proposal upon approval of the Governor.

4. The Director, Department of Planning and Budget, is also authorized to approve treasury loans to state colleges and universities, if needed, for cash flow purposes, associated with any award involving state supported debt such that approved research proposals can proceed in a timely manner.

C. Consistent with the goals of this initiative, the Commonwealth Health Research Board shall coordinate and collaborate with the V-RAC on the research proposals it considers, ensuring it awards funding to proposals that support Virginia's core science strengths and efforts to improve human health.

D. 1. Out of this appropriation, up to \$6,000,000 the first year and \$6,000,000 the second year from the general fund may be used for executed and approved partnership agreements between up to four Virginia public research higher education institutions and the Global Genomics and Bioinformation Research Institute for the purposes of offering one-time incentive packages to attract high performing researchers with a history of commercialization in the fields specified in paragraph A.1. At a minimum, a private match in an amount of at least two times the investment from the state and any additional funds provided from the individual institution must be made in order to receive this funding.

2. An additional amount of \$4,000,000 in the second year may be allocated from the Virginia Research Alliance.

**Explanation:**

(This amendment reduces funding for the Medicaid program to reflect the suspension of the Affordable Care Act's tax on medical insurance companies. The excise tax began in 2014 and is allocated based on market share. The federal Consolidated Appropriations Act, 2016 (Pub. L. 114-113), was signed into law on December 18, 2015. This act suspended the tax for one year. The tax impacts Virginia because the contracted managed care companies that serve Medicaid clients are subject to the tax, which is passed on to the state Medicaid program in the monthly rates paid to the companies.)

Recent federal court action resulted in reinstatement of the federal overtime requirement for these workers. The introduced budget proposes to limit the overtime of these attendants to 16 hours per week. The remaining 50 waiver slots shall be used as reserve slots for emergencies, for individuals transferring between waivers and for individuals transitioning from an Intermediate Care Facility (ICF) or state nursing facility (SNF) to the community to ensure the health and safety of individuals in crisis. The Department of Medical Assistance Services shall seek federal approval for necessary changes to the DD waiver to add the additional reserve slots."

**Explanation:**

(This amendment provides \$3.1 million the first year and \$3.1 million the second year from the general fund and a like amount of federal Medicaid matching funds to move up to 400 individuals on the Developmental Disabilities (DD) waiver wait list, who are receiving services through the Elderly and Disabled with Consumer Direction waiver, to the newly configured Individual and Family Support (IFS) waiver on July 1, 2016. The Individual and Family Supports waiver replaces the Individual and Family Developmental Disabilities Support (DD) waiver and will provide services and supports to individuals with intellectual and developmental disabilities (I/DD) living with their families, friends, or in their own homes, including those with some medical or behavioral needs. A number of I/DD individuals who are on the community waiting list are currently able to receive some limited services through the Elderly and Disabled with Consumer Direction waiver. )

or cerebral palsy. The adjustment factors used to determine both the direct and indirect care costs for these new peer groups shall be established at 62.5 percent of the peer group day-weighted median neutralized and inflated cost per day for freestanding nursing facilities. The department shall have authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment date of this act."

**Explanation:**

(This amendment provides \$500,000 from the general fund the second year and a like amount of federal Medicaid matching funds to change the reimbursement methodology for nursing facilities that provide services to a resident population in which at least 80 percent of the residents have specific chronic and disabling conditions. These conditions tend to occur in a younger population who consequently have a significantly longer stay in a nursing facility than many nursing facility residents. Consequently, the costs to serve these individuals is much higher. Currently, only one nursing facility, the Virginia Home, would meet the criteria to qualify for additional funding pursuant to the reimbursement methodology change.)

**Explanation:**

(This amendment adjusts the Medicaid rate increase for private duty nursing in the EPSDT program and Assistive Technology (TECH) waiver to 13.7 percent to match the increase for skilled nursing and private duty nursing in the intellectual and developmental disability (I/DD) waivers. A separate budget amendment setting out all the rate increases reflects a rate that is equal to the 13.7 percent rate increase for EPSDT and the TECH waiver. Medicaid rates for private duty nursing in the TECH waiver and the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) program cover a larger percentage of provider expenses and should match the rates paid in the Medicaid waivers. The introduced budget includes a two percent increase for nursing rates in the EPSDT program and the TECH waiver while the rates in the I/DD waiver were proposed to increase 40 percent. This amendment reallocates the total funding for all the rate changes and equalizes the increase across Medicaid.)

**Explanation:**

(This amendment adds funds to provide a five percent increase in the Medicaid waiver reimbursement rate for adult day health services. Adult day health care is much less expensive than alternative care in a nursing facility for which these clients qualify. Providers of adult day health care report a gap of \$18.13 per client per day between actual costs and Medicaid reimbursement, which must be made up through contributions from individuals, churches, corporations, and foundations. These services are almost exclusively provided to Medicaid waiver recipients. This amendment will increase the statewide rate paid for Medicaid adult day health care services from \$60.10/unit to \$63.11/unit in Northern Virginia and from \$55.65/unit to \$58.43/unit in the rest of the state. The department shall

have the authority to implement these reimbursement changes effective July 1, 2016, and prior to the completion of any regulatory process undertaken in order to effect such change."

**Explanation:**

(This amendment provides \$551,000 each year from the general fund and a corresponding increase in federal matching funds for Children's National Health System to ensure that they are able to continue to provide the highest level of care to thousands of Virginia children with a broad spectrum of chronic and acute health needs in Northern and Central Virginia regardless of their families' ability to pay. These payments also ensure that Children's Virginia patients have access to every type of pediatric subspecialist, surgeon and pediatrician needed in a highly coordinated, efficient and regionalized system of care in greater Northern Virginia. These payments further ensure access to Children's 313 NICU and Inpatient beds, including a dedicated 54 Level IV NICU (American Academy of Pediatrics' highest designation), as well as the region's only pediatric-only trained flight teams-rapid helicopter transport service, and STAT MedEvac. Physician Supplemental Payments would help Children's address critical workforce development needs as the region's premier teaching hospital for pediatrics and would help bridge the gap between the pediatric Medicaid rate paid by Virginia to Children's and the Medicare rates.)

The Department of Medical Assistance Services has interpreted the language as a perpetual deferral and this language corrects that interpretation. The first report will be due to the Chairmen of Senate Finance and House Appropriations Committees by November 30, 2016 and continue each year thereafter."

The Department of Medical Assistance Services, in collaboration with the Department of Social Services, shall require Medicaid eligibility workers to search for unreported assets at the time of initial eligibility determination and renewal, using all currently available sources of electronic data, including local real estate property databases, the Department of Motor Vehicles, and Virginia's asset verification system, for all Medicaid applicants and recipients whose assets are subject to an asset limit under Medicaid eligibility requirements.

2. The Department of Medical Assistance Services, in collaboration with the Department of Social Services, shall develop a plan for a robust Medicaid estate recovery program in the Commonwealth. The department shall evaluate all public and private resources and data sources available to proactively identify assets, including but not limited to real estate and financial assets, including those identified during the eligibility determination process and those that may not have been reported, of Medicaid recipients and all methods available to initiate recovery from estates for which the value of the assets is likely to exceed the cost of recovery. The department shall also include the cost of initiating and operating such a program with options that include developing an in-house program or contracting with a third party vendor to perform some or all of the identification and recovery. The study shall examine both the cost benefit and legal implications of the various options and also evaluate and propose changes, as may be needed, to the Code of Virginia that may assist in maximizing the recovery of assets of deceased Medicaid beneficiaries.

3. The department shall submit its findings and recommendations for developing a robust estate recovery program to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees by December 1, 2016."

**Explanation:**

(This amendment requires the Department of Medical Assistance Services to develop a plan for a more robust Medicaid estate recovery program and requires that eligibility workers search for unreported assets with currently available data. This amendment is based on recommendations from the JLARC review of Medicaid eligibility determination.)

**Explanation:**

introduced budget included \$2.4 million each year to cover the expected increase in costs of three administrative contracts: an enrollment broker, actuary and audit contract. The enrollment broker contract was awarded and took effect January 1, 2016. The other two contracts are not yet awarded and will take effect January 1, 2017. This amendment removes the funding for the two contracts yet to be awarded. Since the increased costs of such contracts are not known, it is premature to add funding.)

- 2. The forecast shall be based upon current state and federal laws and regulations. The forecast shall only include the continuation of previously approved budget reductions if the budget language or regulations specifically directed such reductions are permanent. 3. In the 2015 Session, \$250,000 was included in the budget for FY 2016 for one-time uses related to the provision of residential services for individuals transitioning from the Northern Virginia Training Center into the Community. The funding was intended to be one-time and while the introduced budget removed the language directing the payment, it did not remove the appropriation in the base budget.)

(This amendment adds \$2.1 million the first year and \$2.1 million the second year from the general fund to increase support for permanent supportive housing and provide support 150 additional individuals. Permanent supportive housing provides rental assistance and in-home clinical services and support staff to assist individuals with mental illness in maintaining stability in the community. **Explanation:**

(This amendment provides \$895,000 the first year from the general fund to support an existing pilot program in Southwest Virginia that provides an alternate form of transportation for individuals subject to a Temporary Detention Order (TDO). The program was started in the past year as a pilot to determine the feasibility of alternate options to help alleviate the time burden on local law enforcement related to TDO transportation from evaluation sites to psychiatric hospitals. Especially in rural localities, the transportation requirement significantly impacts local ability to perform normal law enforcement duties. The Department of Behavioral Health and Developmental Services used internal resources to begin the pilot program. The program contracts with cab companies that provide the transportation in secure cabs with cameras to create a safe environment with monitoring. This amendment provides funding in the first year to continue the pilot and have the department report back on the viability and effectiveness of the program.)

**Explanation:**

(This amendment allocates half of the \$2.5 million each year from the general fund that was included in the introduced budget for the purchase of private inpatient geriatric mental health services and designates half of the funding for Western State Hospital for Discharge Assistance Funding. Western State Hospital is in need of DAP funds in the hospital's catchment area. DAP funding provides critical assistance to patients who are ready to discharge in order to move back into the community. The funding is necessary to avoid an increase in the extraordinary barriers to discharge list, which reflects patients continuing to be hospitalized due to the lack of community supports.)

The department shall include staff from the House Appropriations and Senate Finance Committees in the process of selecting the contractor.

2. Upon completion of the recommendations from the contractor and a determination that certification is feasible, the Department of Behavioral Health and Developmental Services shall seek and submit, when feasible, the appropriate application for Medicaid certification for Hancock Geriatric Treatment Center from the federal Centers for Medicare and Medicaid Services.

3. The Department of Behavioral Health and Developmental Services shall provide progress updates and shall provide a final report to the Chairmen of the House Appropriations and Senate Finance Committee by December 1, 2016."

**Explanation:**

(This amendment provides \$300,000 the first year from the general fund for the Department of Behavioral Health and Developmental Services (DBHDS) to hire an independent

contractor to determine if the Hancock Geriatric Treatment Center can be re-certified for Medicaid reimbursement. In 2015, the center lost its Medicaid certification and the introduced budget included general fund support to replace the lost federal funding. This amendment attempts to explore all possible options available to the Commonwealth to re-certify the facility in order to access federal support for its operations. If the facility can be certified then the general fund support added in the budget can be supplanted with federal funds.)

**Explanation:**

(This amendment eliminates language and associated funding in the introduced budget directing the Department of Behavioral Health and Developmental Services to begin the

The plan in the last session was to convert the certification of these two hospitals to nursing facilities due to a federal Health and Human Services Inspector General's report on the certification issue. A total of \$9.1 million from the general fund was provided last year that was included in the base budget for each year. (This amendment reduces the proposed second year increase for the new Department of State Police training facility at Blackstone by \$1.2 million from the general fund and provides a dedicated special fund appropriation of \$120,000 in the second year. With this adjustment, the additional funding for the new facility includes \$1,198,779 the first year and \$1,890,705 the second year from the general fund and nine positions each year, plus the dedicated special funds in the second year. This amendment also removes a proposed exemption from the normal requirements of the Administrative Process Act concerning the fees to be charged for the use of the new facility by local and other law enforcement agencies. It is anticipated that the dedicated special funds from fees generated through the use of the facility will help support some of the additional costs of operating the facility. C. By October 15, or as soon thereafter as deemed appropriate, following the year of certification, the Comptroller shall reimburse each institution its estimated pro rata share.

A.1. For each year of the biennium, there is hereby appropriated from the general fund of the state treasury an amount as specified in paragraphs A.3. and A.4. below, to fund certain capital projects that are presently authorized for funding from debt issuances by either the Virginia College Building Authority or the Virginia Public Building Authority, to the extent that the existing debt for such capital projects has not been issued. The Governor shall recommend an equivalent reduction in the amount of debt authorization for the affected projects so that overall, there is no decrease or increase in total funding for such projects.

2. It is the intent of the General Assembly that any appropriation pursuant to this Item only be used to reduce the total authorized but unissued debt such that general fund cash becomes the funding source for certain capital outlay projects rather than debt. In making this substitution, priority shall be given to maintenance reserve or other small capital outlay projects that are better suited to be funded from cash or to taxable debt projects which offer the opportunity to obtain greater debt service cost savings, if funded by cash rather than debt.

3. For the first fiscal year of the biennium, the appropriation specified in paragraph A.1. above shall be equal to the lesser of \$181,900,000 or the actual total general fund revenue collections for fiscal year ending June 30, 2016, reduced by any amounts needed to meet the Constitutional or statutory deposit to the Revenue Stabilization Fund and the statutory deposit concerning surplus revenue to the Water Quality Improvement Fund, as certified by the State Comptroller, minus the "official revenue estimate" for general fund revenues for the second year of the biennium as contained in the second enactment of Senate Bill 29 of the 2016 General Assembly, as enacted.

4. For the second year of the biennium the appropriation specified in paragraph A.1. above shall be equal to the lesser of \$188,200,000 or the actual total general fund revenue collections for fiscal year ending June 30, 2017, reduced by any amounts needed to meet the Constitutional or statutory deposit to the Revenue Stabilization Fund and the statutory deposit concerning surplus revenue to the Water Quality Improvement Fund, as certified by the State Comptroller, minus the "official revenue estimate" for general fund revenues for the first year of the biennium as contained in the first enactment of this Act.

B. The State Comptroller shall make a commitment for any amount appropriated in this Item pursuant to paragraph A.3. above on the balance sheet of the Commonwealth for June 30, 2016. The State Comptroller shall make a commitment for any amount appropriated in this Item pursuant to paragraph A.4. above on the balance sheet of the Commonwealth for June 30, 2017.

C.1. The Director of the Department of Planning and Budget shall report quarterly to the State Treasurer and to the Six Year Capital Outlay Planning Advisory Committee, established by § 2.2-1516 Code of Virginia, identifying the projects for which the debt authorization was replaced by appropriations pursuant to paragraph A1. above.

2. Upon notification from the Director of the Department of Planning and Budget that appropriations pursuant to paragraph A1. above have been made, the State Treasurer shall not issue any debt for the affected projects."

**Explanation:**

(This amendment directs the contingent use of any revenue surplus available at the close of FY 2016 and FY 2017 towards defraying the issuance of authorized general fund supported debt. A surplus may be realized due to a portion of general fund revenues, generated from nonwithholding, which is excluded from the official revenue estimate reflected in SB 29 and SB 30, as introduced.)

## THURSDAY, MARCH 3, 2016

The Senate met at 12:01 p.m. and was called to order by Lieutenant Governor Ralph S. Northam.

The Reverend Michael Sage, Freedom Tabernacle Baptist Church, Atkins, Virginia, offered the following prayer:

I am humbly honored to stand here today calling upon You, Almighty God, to forever bless our General Assembly. Thankfully, since Washington, Jefferson, and others, this body has sought the favor of Your grace and the guidance of Your wisdom. Grant to us a constant respect for our history and a renewed confidence for our tomorrows in Virginia. Bless our Senators, their staffs and their families. Bestow upon them wisdom, insight, discernment and patience as they conduct our affairs today. If a house divided cannot stand then we seek unity. We solicit mutual respect. From my personal faith, in the Book of Romans, I find that we are to perpetually hold in our hearts, good will to everyone and ill well to no one. May a sincere spirit of strong camaraderie solidify the lives of us Virginians from our magnificent shorelines to our majestic mountains and may this same petition extend to the entire United States. So, in our great tradition of religious liberties, we ask again this day that Your enduring mercies be with us, Your eternal love be upon us and that Your everlasting peace be before us. I pray we will be steadfast in our vigilance and unwavering in our resolve to assure our children even greater provisions than those of our parents. We remain confident that faith, hope and love shall never perish from our midst. This prayer I offer to you in the name of Christ Jesus my Lord with compassion and charity to all. Amen.

#### SENATE BILLS VETOED BY THE GOVERNOR

**S.B. 612** (six hundred twelve), on motion of Senator Garrett, was passed by for the day.

**S.B. 21** (twenty-one) was returned by the Governor with the following communication:

#### COMMONWEALTH OF VIRGINIA

Office of the Governor

March 1, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 21, which would prohibit the Virginia Department of Environmental Quality from submitting a Virginia-specific plan to comply with the federal Clean Power Plan until a majority of legislators in both the Senate and the House of Delegates adopt resolutions approving the state plan.

The interjection of required legislative approval into the Clean Power Plan process is an impermissible breach of Virginia's constitutional separation of powers. Federal law provides that it falls to the Governor to submit required plans and submissions under the Clean Air Act, including plans to comply with the Clean Power Plan. The Governor is authorized to delegate that authority to the appropriate state environmental agencies. In Virginia, that authority has been delegated to the Director of the Department of Environmental Quality. This process rests squarely in the executive branch of state government.

Under Article III of the Constitution of Virginia, the legislative, executive, and judicial branches of government must remain separate and distinct, such that none may exercise the powers properly belonging to the others. Requiring DEQ to obtain the approval of each chamber of the legislature before submitting a plan to comply with the Clean Power Plan constitutes legislative participation in a purely executive process. As such, Senate Bill 21 violates Virginia's constitutional separation of powers under Article III.

I cannot, in good conscience, sign a bill that would violate the Constitution of Virginia.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

The reading of the communication was waived.

Senator Chafin moved that **S.B. 21** be passed in the enrolled form, notwithstanding the objections of the Governor.

#### PARLIAMENTARY INQUIRY

Senator McEachin propounded a parliamentary inquiry as to how the Chair would state the question regarding the Governor's veto to **S.B. 21** and what vote a Senator would cast to show support of or opposition to the Governor's veto.

The Chair stated that if a Senator wished to support the Governor's veto, the Senator would vote nay on the question: "Shall **S.B. 21** be passed in the enrolled form, notwithstanding the objections of the Governor?" The Chair also stated that to override the Governor's veto and to pass **S.B. 21** in the enrolled form would require a vote of 27 yeas.

The question was put on passing **S.B. 21** in the enrolled form, notwithstanding the objections of the Governor.

**S.B. 21** failed to pass in the enrolled form, notwithstanding the objections of the Governor, having failed to receive the necessary affirmative votes required by Article V, Section 6, of the Constitution.

May Your will be done, dear God, each day and this day by these Your servants.

In the name of God, we pray. Amen.

## WEDNESDAY, MARCH 9, 2016

The Senate met at 10:00 a.m. and was called to order by Lieutenant Governor Ralph S. Northam.

The Reverend Dr. Sam Frye, First Simple Church of Williamsburg, Williamsburg, Virginia, offered the following prayer:

Our Father God, this morning we're humbled to stand in this place where so many before us have come, looking to make a difference. We're humbled, Father, at how You have blessed our Commonwealth and how You entrust each of us with speaking and sharing Your truth. Thank You, Lord, for the sacrifices of those who came before us and for those who continue to sacrifice to keep us a free republic. Protect our military men and women, Lord, who sacrifice so much. I pray for those here today that You grant them wisdom beyond their years to lead this body and to lead according to Your ways and direction. Honor each of them, Lord, for their service, their sacrifice, and for their faithfulness.

Father, I ask for Your protection on our police officer men and women. Lord, police officer deaths by gunfire are up 1,000 percent and we need Your intervention. Protect them, Lord, and keep them out of harm's way. We live in an evil, sin-filled world, Lord, and Your Word says it will stay that way until You return. But, Father, our country needs You more today than ever before. Lord, have Your will and Your way today. We pray that whatever is said and done in this session would be honoring to our Commonwealth, but more importantly, honoring to You.

We ask these things in Your Son's name.

And all of God's people said, Amen.

The roll was called and the following Senators answered to their names:

Alexander, Barker, Black, Carrico, Chafin, Chase, Cosgrove, Dance, Deeds, DeSteph, Dunnavant, Ebbin, Edwards, Favola, Garrett, Hanger, Howell, Lewis, Locke, Lucas, Marsden, McDougle, McEachin, McPike, Miller, Newman, Norment, Obenshain, Petersen, Reeves, Ruff, Saslaw, Stanley, Stuart, Sturtevant, Suetterlein, Surovell, Vogel, Wagner, Wexton.

Almighty God, we give You thanks for all of the blessings You have poured out upon all of us this past year, and though it has been a difficult time for many of our citizens, we ask and believe that You will bless our country and the Commonwealth of Virginia in 2016 and beyond.

Lord, we also thank You that we live in a country and a state where our leaders are elected by a majority of the people rather than selectively chosen by only a few.

We thank You for our elected leaders, and we ask for continued wisdom to enact legislation that will enable all of our citizens to enjoy life, liberty, and the pursuit of happiness.

Please bless this delegation and help everyone here to aspire to the highest ideals of their own personal faith, as well as to the high ideals of the Commonwealth of Virginia.

Let there always be a spirit of cooperation in this chamber that crosses every boundary so that the will of the people will be carried out for the mutual benefit of all of our citizens.

Please bless this day as we ask for Your guidance on so many important issues, and help us remember to respond to Your graciousness by giving You all of the praise and glory. Amen.

The annual report also shall describe major new initiatives implemented during the past year and shall provide information on the accomplishment of systemic outcome and performance measures during the year.

K. Out of this appropriation, \$500,000 the first year and \$500,000 the second year from the general fund shall be used for a comprehensive statewide suicide prevention program. The Commissioner of the Department of Behavioral Health and Developmental Services (DBHDS), in collaboration with the Departments of Health, Education, Veterans Services, Aging and Rehabilitative Services, and other partners shall develop and implement a statewide program of public education, evidence-based training, health and behavioral health provider capacity-building, and related suicide prevention activity.

4. In the event that provider capacity cannot meet the needs of individuals transitioning from training centers to the community, the department shall work with community services boards and private providers to explore the feasibility of developing (i) a limited number of small community group homes or intermediate care facilities to meet the needs of residents transitioning to the community, and/or (ii) a regional support center to provide specialty services to individuals with intellectual and developmental disabilities whose medical, dental, rehabilitative or other special needs cannot be met by community providers. The loan will be repaid no later than June 30, 2015.

N.1. A joint subcommittee of the House Appropriations and Senate Finance Committees, in collaboration with the Secretary of Health and Human Resources and the Department of Behavioral Health and Developmental Services, shall continue to monitor and review the closure plans for the three remaining training centers scheduled to close by 2020. As part of this review process the joint subcommittee may evaluate options for those individuals in training centers with the most intensive medical and behavioral needs to determine the appropriate types of facility or residential settings necessary to ensure the care and safety of those residents is appropriately factored into the overall plan to transition to a more community-based system. In addition, the joint subcommittee may review the plans for the redesign of the Intellectual Disability, Developmental Disability and Day Support Waivers.

2. To assist the joint subcommittee, the Department of Behavioral Health and Developmental Services shall provide a quarterly accounting of the costs to operate and maintain each of the

existing training centers at a level of detail as determined by the joint subcommittee. The quarterly reports shall be submitted to the joint subcommittee 20 days after the close of each quarter with the first report due October 20, 2015 and every three months thereafter.

O. P. The Department of Behavioral Health and Developmental Services shall report on the number of individuals with acquired brain injury exhibiting behavioral/mental health problems requiring services in state mental health facilities and/or community services boards to the House Appropriations and Senate Finance Committees by October 1 of each year. The report shall provide, to the extent possible, the following information: (i) the general fund and nongeneral fund cost of the services provided to individuals; and (ii) the types and amounts of services received by these individuals.

- 4. Reimbursement per verified claim shall be \$25,000 and shall be contingent on funding being available, with disbursements being prioritized based on the date at which sufficient documentation is provided.
- 5. Should the funding provided for compensation be exhausted prior to the end of fiscal year 2016, the department shall continue to collect applications. The department shall provide a report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees on a quarterly basis on the number of additional individuals who have been applied.
- 6. The Department of Medical Assistance Services shall seek federal authority to ensure that funds received through this act shall not be counted in determination of Medicaid eligibility.
- 7. In order for the Department of Behavioral Health and Developmental Services, and the Department of Medical Assistance Services to implement the provisions of this act, both departments shall promulgate emergency regulations to become effective within 280 days or less from the enactment of this act."

**Explanation:**

(This amendment strikes language contained in Chapter 665, 2015 Virginia Acts of Assembly related to Department of Behavioral Health and Developmental Services quarterly meetings with stakeholders on training center closures and Intellectual and Developmental Disability waiver redesign. Language is eliminated including stakeholders with acquired brain injuries regardless of age. The Centers for Medicare and Medicaid Services (CMS) determined that including services for individuals with acquired brain injury, regardless of age, as part of the waiver redesign was not consistent with CMS regulations. This amendment will be enrolled in Item 307, Chapter 665, 2015 Acts of Assembly, during enrolling of House Bill 29.)

A.1. Effective January 1, 20142015, the Department of Social Services, in collaboration with the Department for Aging and Rehabilitative Services, is authorized to base approved licensed assisted living facility rates for individual facilities on an occupancy rate of 85

percent of licensed capacity, not to exceed a maximum rate of \$1,207\$1,219 per month, which rate is also applied to approved adult foster care homes, unless modified as indicated below. The department may add a 15 percent differential to the maximum amount for licensed assisted living facilities and adult foster care homes in Planning District Eight.

2. Effective January 1, 2013, the monthly personal care allowance for auxiliary grant recipients who reside in licensed assisted living facilities and approved adult foster care homes shall be \$82 per month, unless modified as indicated below.

3. The Department of Social Services, in collaboration with the Department for Aging and Rehabilitative Services, is authorized to increase the assisted living facility and adult foster care home rates and/or the personal care allowance cited above on January 1 of each year in which the federal government increases Supplemental Security Income or Social Security rates or at any other time that the department determines that an increase is necessary to ensure that the Commonwealth continues to meet federal requirements for continuing eligibility for federal financial participation in the Medicaid program. Any such increase is subject to the prior concurrence of the Department of Planning and Budget. Within thirty days after its effective date, the Department of Social Services shall report any such increase to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees with an explanation of the reasons for the increase.

E. Out of this appropriation, \$75,000 the first year and \$75,000 the second year from the general fund and \$400,000 the first year and \$400,000 the second year from nongeneral funds shall be provided for the purchase of services for victims of domestic violence as stated in § 63.2-1615, Code of Virginia, in accordance with regulations promulgated by the Board of Social Services.

"L.1. The Department of Social Services shall establish a pilot program to partner with Patrick Henry Family Services in Planning District 11 for the temporary placements of children in families in crisis. This pilot program would allow a parent or legal custodian of a minor, with the assistance of Patrick Henry Family Services, to delegate to another person, by a properly executed power of attorney, any powers regarding care, custody, or property of the minor for a temporary placement for a period that is not greater than 90 days. This program would allow for an option of a one-time 90 day extension. Prior to the expiration of the 180 day period, if the child is unable to return to his home, then Patrick Henry Family Services shall contact the local department of social services and request an assessment of the child and an evaluation of services needed and to determine if a petition to assess the care and custody of the child should be filed in the local juvenile and domestic relations court. DSS shall ensure that this pilot program meets the following specific programmatic and safety requirements outlined in Virginia Administrative Code § 22 VAC 40-131 and § 22 VAC 40-191.

2. The Department of Social Services shall ensure that the pilot program organization shall meet the background check requirements described in Virginia Administrative Code § 22 VAC 40-191. The pilot program organization shall develop and implement written policies and procedures for governing active and closed cases, admissions, monitoring the administration of medications, prohibiting corporal punishment, ensuring that children are not subjected to abuse or neglect, investigating allegations of misconduct toward children, implementing the child's back-up emergency care plan, assigning designated casework staff, management of all records, discharge policies, and the use of seclusion and restraint pursuant to Virginia Administrative Code § 22 VAC 40-131-90. In addition, the pilot program organization shall provide pre-service and ongoing training for temporary placement providers and staff pursuant to Virginia Administrative Code § 22 VAC 40-131-210 and § 22 VAC 40-131-150.

3. The Department of Social Services shall evaluate the pilot program and determine if this model of prevention is effective. A report of the evaluation findings and recommendations shall be submitted to the Governor and Chairmen of the House Appropriations and Senate Finance Committees, and Commission on Youth by December 1, 2017."

**Explanation:**

(This amendment directs the Department of Social Services to establish a pilot program in Planning District 11 (Counties of Amherst, Appomattox, Bedford, Campbell Counties and the City of Lynchburg) for the temporary placements of children in families in crisis. The pilot will allow the Department of Social Services to examine the use of a power of attorney to delegate parental authority. Virginia statute already allows for limited use of a power of attorney for kinship care cases. However, many other states go further and follow the Uniform Guardianship and Protective Proceedings Act which allows a parent to delegate to another person, for a period (usually between six months and one year), any power regarding care, custody, or property of their child. The pilot program will take a similar approach. The Department is required to evaluate the effectiveness of the program and report to the Governor and Chairmen of the House Appropriations and Senate Finance Committees and the Commission on Youth.)

House Appropriations Committee and the Senate Finance Committee, with monthly progress reports that depict the cash position of the Center and the itemized specific corrective actions taken to address the shortfall. If review of the monthly documentation indicates a good faith effort on the part of the Center to properly track and minimize the projected shortfall, the Director, Department of Planning and Budget, upon request of the Secretary of Technology, may transfer up to the \$800,000 provided in this item to the Innovation and Entrepreneurship Investment Authority by June 30, 2016.

 2. Priority for funding will be given to school divisions with high numbers of at-risk students needing qualified teachers in hard-to-staff subjects. Grantees should combine teacher improvement programs with performance-based compensation systems that consider teacher performance through gains in individual student academic achievement. The approved compensation programs should provide teachers with incentives to take on additional training and responsibilities. The compensation program must include an effective evaluation system."

**Explanation:**

(This amendment provides funds of \$2.1 million the second year, which is approximately 2.5 percent of the annual allocation for the 2 percent salary increase, to initiate and support efforts to attract, train, and retain quality teachers in hard-to-staff schools. The funding will

provide competitive multi-year grants to help initiate change to more dynamic teacher compensation systems designed to increase teacher quality, effectiveness, and satisfaction, and generate higher student achievement. High-need schools will be defined, in part, as schools not achieving full accreditation and schools with high numbers of at-risk students needing qualified teachers in hard-to-staff subjects. The funding may encourage school divisions to re-think how they combine their support with their salary structure to move away from the typical step increases based on tenure, to a system based on teacher performance and student progress.)

However, the introduced budget reflected a lower rate for schools of 0.47 percent instead of the same rate that is budgeted for state employees of 0.52 percent. This amendment corrects the group life rate that should be budgeted and used for school divisions and consequently increases the state and local costs. **Explanation:**

(This amendment saves \$0.5 million the first year and \$2.1 million the second year from the general fund by maintaining the current funding formula for the Academic Year Governor's Schools and adding a flat 2.5 percent increase in the tuition amount and a \$50.00 per course adjustment per student.  Page 249, line 40, strike "\$145,808,053" and insert "\$144,692,010".

**Explanation:**

(This amendment reduces funding by \$117,750 the first year and \$133,925 the second year from the general fund and \$863,504 the first year and \$982,118 the second year from Medicaid matching funds for the Family Access to Medical Insurance Security (FAMIS) program. Hospital rates are rebased every three years to ensure the prospective rate methodology is based on the most recent cost information. The latest rebasing calculations reflect a rate reduction. The introduced budget reflected savings in the Medicaid program but not the other medical assistance programs that are also impacted.)

**Explanation:**

(This amendment accounts for a slightly higher federal match rate for Applied Behavioral Analysis (ABA) services in fiscal year 2017. The introduced budget adds coverage for ABA and other behavioral therapy services for children in FAMIS. The federal match rate for fiscal year 2017 was assumed to be approximately 82 percent; however, the federal government will cover 88 percent of costs. In addition, authorizing language included in Item 306 LLLL of the budget bill is moved to this item.)

**Explanation:**

(This amendment adds appropriation to offset the savings and costs included in the introduced budget as a result of the proposal to expand Medicaid.  Page 251, line 34, strike "348,084,880" and insert "348,446,539".

**Explanation:**

(This amendment reduces the general fund appropriation for Medicaid by \$361,659 the first year and \$361,659 the second year and increases a like amount of nongeneral funds each year, reflecting increased revenues to the Virginia Health Care Fund (VHCF). Because revenues to the fund have historically been used as the state share of Medicaid, additional revenue results in an equal amount of general fund savings. Current estimates of cigarette tax collections indicate that Virginia will receive slightly more revenue than was assumed in the introduced budget. This additional revenue, which is deposited into the Virginia Health Care Fund, allows for a reduction in general fund appropriations for the state's share of Medicaid funding.)

**Explanation:**

(This amendment adjusts the Medicaid rate increase for private duty nursing in the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) program and Assistive Technology (TECH) waiver to 11.5 percent to match the increase for private duty nursing in the intellectual and developmental disability (I/DD) waivers. A separate budget amendment for the Intellectual Disability and Developmental Disability waivers reflects a rate that is equal

to the 11.5 percent rate increase for EPSDT and the TECH waiver. Medicaid rates for private duty nursing in the TECH waiver and the EPSDT program cover a larger percentage of provider expenses and should match the rates paid in the Medicaid waivers. The introduced budget includes a two percent increase for nursing rates in the EPSDT program and the TECH waiver while the rates in the I/DD waiver were proposed to increase 40 percent. This amendment reallocates the total funding for all the rate changes and equalizes the increase across Medicaid programs that provide private duty nursing.)

**Explanation:**

(This amendment adds funds to provide a 2.5 percent increase in the Medicaid waiver reimbursement rate for adult day health services. Adult day health care is much less expensive than alternative care in a nursing facility for which these clients qualify. Providers of adult day health care report a gap of \$18.13 per client per day between actual costs and Medicaid reimbursement, which must be made up through contributions from individuals, churches, corporations, and foundations. These services are almost exclusively provided to Medicaid waiver recipients. This amendment will increase the statewide rate paid for Medicaid adult day health care services from \$60.10/unit to \$61.60/unit in Northern Virginia and from \$55.65/unit to \$57.04/unit in the rest of the state. The department shall have the authority to implement these reimbursement changes effective July 1, 2016, and prior to the completion of any regulatory process undertaken in order to effect such change."

**Explanation:**

(This amendment provides \$275,500 each year from the general fund and a corresponding increase in federal matching funds for Children's National Health System to address critical workforce development needs as the region's premier teaching hospital for pediatrics and helps bridge the gap between the pediatric Medicaid rate paid by Virginia to Children's and the Medicare rates.)

2. 5. The department shall have the authority to implement necessary changes upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such changes."

**Explanation:**

(This amendment adds funding and modifies language for the proposed rate changes and new services as part of the redesign of the Individual and Family Developmental Disabilities Support (DD), Day Support (DS), and Intellectual Disability (ID) Waivers. The language clarifies that the rate change for skilled nursing shall be a 25 percent increase and that private duty nursing rates shall be equal to the rates in the Assistive Technology and Early and Periodic Screening, Diagnostic, Treatment program. Funding is reduced by \$200,000 from the general fund and \$200,000 from nongeneral funds the first year to defer some of the proposed less critical new services for the intellectual and developmental disability (I/DD) waiver redesign until the second year. This deferral will ensure that the agencies are able to implement three new I/DD waiver programs efficiently and effectively, providing the most critical new services first while continuing to increase the number of waiver slots required pursuant to the U.S. Department of Justice Settlement Agreement and the additional waiver slots provided during the 2016 Session of the General Assembly. In addition, this amendment provides \$328,452 the first year and \$656,903 the second year from the general fund and a corresponding increase in federal Medicaid matching funds for providing a rate differential in the family home payment for Northern Virginia providers of Sponsored Residential services. As part of the redesign of the Intellectual and Developmental Disability waivers the rate increases proposed by the consultant did not take into account such a differential for this service.)

Of the 25 new residency slots, 13 shall be for primary care and 12 shall be for high need specialties. In addition, preference shall be given for residency slots located in underserved areas. The department shall adopt criteria for primary care, high need specialties and underserved areas developed by the Virginia Health Workforce Development Authority.

The authority shall submit these criteria to the department by September 1, 2016. The supplemental payment for each new qualifying residency slot shall be \$100,000 annually minus any Medicare residency payment for which the hospital is eligible. Supplemental payments shall be made for up to three years for each new qualifying resident. The hospital will be eligible for the supplemental payments as long as the hospital maintains the number of residency slots in total and by category as a result of the increase in fiscal year 2018. The supplemental payments are subject to federal Centers for Medicare and Medicaid Services approval. The department shall have the authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment of this act."

**Explanation:**

(This amendment provides \$1.3 million from the general fund and an equivalent amount of federal matching funds the second year to increase the number of medical residency slots funded through Medicaid. The average residency slot is estimated at \$100,000 a year and this funding would create 25 the second year. Half of the slots would be dedicated to primary care and the remainder for high-need specialties. Preference will be given to residency programs in community and rural areas that are underserved. The Department shall implement the necessary regulatory changes and other necessary measures to be consistent with federal approval of any appropriate state plan and/or waiver changes, and prior to the completion of any regulatory process undertaken in order to effect such change."

**Explanation:**

(This amendment eliminates \$8.4 million the first year and \$10.5 million the second year from the general fund and language contained in the introduced budget to authorize the payment of overtime for Medicaid-reimbursed consumer-directed (CD) personal assistance, respite and companion services for a single attendant who works more than 40 hours per week. Effective July 1, 2017, the department shall amend the State Plan for Medical Assistance to increase the direct operating rate under the nursing facility price based reimbursement methodology by 15 percent for nursing facilities where at least 80 percent of the resident population have one or more of the following diagnoses: quadriplegia, traumatic brain injury, multiple sclerosis, paraplegia, or cerebral palsy. In addition, a qualifying facility must have at least 90 percent Medicaid utilization and a case mix index of 1.15 or higher in fiscal year 2014. The department shall have the authority to implement this reimbursement methodology change for rates on or after July 1, 2017, and prior to completion of any regulatory process in order to effect such change."

**Explanation:**

(This amendment adds funding and language in the second year to change the reimbursement methodology for nursing facilities that provide services to a resident population in which at least 80 percent of the residents have specific chronic and disabling conditions and the facility has at least a 90 percent Medicaid utilization and a case mix index of 1.15 or higher in fiscal year 2017. These conditions tend to occur in a younger population who consequently have a significantly longer stay in a nursing facility than many nursing home residents. Consequently, the costs to serve these individuals is much higher. Currently, only one nursing facility, the Virginia Home, would meet the criteria to qualify for additional funding pursuant to the reimbursement methodology change.)

The introduced budget eliminated hospital inflation in both years on the rationale that a Medicaid expansion would financially benefit hospitals to a greater extent than hospital inflation. However, companion amendments eliminate Medicaid expansion.

**Explanation:**

(This amendment provides \$5.2 million the first year and \$5.2 million the second year from the general fund and a like amount of federal Medicaid matching funds to add up to a total of 355 waiver slots in fiscal year 2017. Of these slots, 200 are provided for individuals at the top of the Developmental Disability (DD) waiver chronological waiting list as of June 30, 2016, and an additional 115 DD slots are added to the 25 slots included in the introduced budget.
