There is hereby established a task force on juvenile correctional centers comprised of the Secretary of Public Safety and Homeland Security, and the Directors of the Departments of Juvenile Justice, Corrections, and Behavioral Health and Developmental Services, and the Office of Children's Services, or their designees. The Secretary of Public Safety and Homeland Security shall chair the task force. The task force shall present an interim report by November 1, 2016, and a final report by July 15, 2017, to the Governor, the Director of the Department of Planning and Budget, the Chairman of the Virginia Commission on Youth, and the Chairmen of the Senate Finance and House Appropriations Committees.

2.a. The task force shall consider the future capital and operational requirements for Virginia's juvenile correctional centers, including the construction of a new facility in the City of Chesapeake, for which planning was authorized by the 2016 General Assembly, and also including (i) the projected population of state-responsible juvenile offenders, including an assessment of the impact of the Department of Juvenile Justice's length of stay guidelines, (ii) the number of juveniles expected to be held in each facility, (iii) the level and type of mental health, medical, academic and vocational education, and other services to be provided, (iv) the design and size of spaces needed to accommodate the necessary services within state facilities, (v) the

accommodation of the treatment needs of state-responsible juvenile offenders with diagnoses of serious mental or behavioral health issues, (vi) the appropriateness of alternative housing models, including cells and rooms (including both single and double-bunking), dormitories, cottages, and other housing configurations, (vii) the number and geographical location of facilities, and (viii) the potential for contracting for the use of space in existing local and regional secure detention facilities, group homes, and private residential facilities.

b. The task force shall identify existing juvenile correctional centers, including facilities which are not currently operational, and other property currently owned by state agencies, and consider the extent to which the recommendations developed pursuant to Paragraph C.2.a. of this item may be accommodated within such properties, along with the costs of construction or renovation of existing facilities to accommodate these recommendations. The task force shall conduct a cost-benefit analysis to compare the potential revenues realized from the sale of existing real property owned by state agencies, with the projected replacement costs which would be incurred to provide replacement facilities, should existing properties be sold. This analysis should include an assessment of the impact of locational factors on expected program outcomes and on the objective of maintaining the juvenile offenders' relationships with their families and communities.

c. In evaluating these alternatives, the task force shall give consideration to and report on the estimated costs of construction, operation and maintenance of facilities, and the potential impact of these alternatives to the outcomes for state-responsible juvenile offenders, including recidivism. The task force shall also give consideration to the projected requirements for state funding for local and regional secure detention facilities, and alternatives to detention, including but not limited to, the Virginia Juvenile Community Crime Control Act.

3. The Department of General Services and all other agencies of the Commonwealth shall provide technical assistance upon request of the task force. The task force shall include input from judges, attorneys for the Commonwealth, law enforcement, local government, private providers, and other stakeholders as appropriate.

4. The Director, Department of Juvenile Justice, is authorized to procure such consultant or other services as necessary to conduct the task force's review. The Director is authorized to use funds identified in Paragraph A of this item for such purposes."

Such agreement shall be subject to the provisions established in § 2.2-3705.6, Code of Virginia.

3. By December 1, 2016 and December 1, 2017, the Authority shall report to the Secretary of Transportation and the Chairmen of the House Appropriations and Senate Finance Committees on the actual and forecasted changes to the cost per enplanement at the Washington Dulles International Airport over the prior year, what portion of the reduction is attributable to state support, what portion attributable to cost reduction measures implemented by the Authority and what portion is attributable to increased passenger traffic at the Airports.

Further, the Authority shall report the additional measures taken by the Authority to reduce airline cost per enplanement including, but not limited to, an estimate of revenues that could be generated by development or disposal of property owned by the Authority as a means to further reduce long term cost per enplanement. "A. The standards upon which the public institutions of higher education are deemed certified to receive the payment of interest earnings from the tuition and fees and other nongeneral fund Educational and General revenues shall be based upon the standards provided in § 4-9.01 of this act, as approved by the General Assembly.

B. The estimated interest earnings and other revenues shall be distributed to those specific public institutions of higher education that have been certified by the State Council of Higher Education for Virginia as having met the standards provided in § 4-9.01 of this act, based on the distribution methodology developed pursuant to Chapter 933, Enactment 2, Acts of Assembly of 2005 and reported to the Chairmen of the House Appropriations Committee and Senate Finance Committee.

C. In accordance with § 2.2-5004 and 5005, Code of Virginia, this Item provides \$1,750,000 the first year and \$1,750,000 the second year from the general fund, and \$1,000,000 from nongeneral funds in the first year and \$1,000,000 from nongeneral funds in the second year for the estimated total payment to individual institutions of higher education of the interest earned on tuition and fees and other nongeneral fund Educational and General Revenues deposited to the state treasury. Upon certification by the State Council of Higher Education of Virginia that all available performance benchmarks have been successfully achieved by the individual institutions of higher education, the Director, Department of Planning and Budget, shall transfer the appropriation in this Item for such estimated interest earnings to the general fund appropriation of each institution's Educational and General program.

D. This Item also includes \$2,250,000 in the first year and \$2,250,000 the second year from the general fund for the payment to individual institutions of higher education of a pro rata amount of the rebate paid to the State Commonwealth on credit card purchases not exceeding \$5,000 during the previous fiscal year. The State Comptroller shall determine the amount owed to each certified institution, net of any payments due to the federal government, using a methodology that equates a pro rata share based upon the total transactions of \$5,000 or less made by the institution using the state-approved credit card in comparison to all transactions of \$5,000 or less using said approved credit card. By October 15, or as soon thereafter as deemed appropriate, following the year of certification, the Comptroller shall reimburse each institution its estimated pro rata share.

E. Once actual financial data from the year of certification are available, the State Comptroller and the Director, Department of Planning and Budget, shall compare the actual data with estimates used to determine the distribution of the interest earnings, nongeneral fund Educational and General revenues, and the pro rata amounts to the certified institutions of higher education. In those cases where variances exist, the Governor shall include in his next introduced budget bill recommended appropriations to make whatever adjustments to each institution's distributed amount to ensure that each institution's incentive payments are accurate based on actual financial data."

A.1. For each year of the biennium, there is hereby appropriated from the general fund of the state treasury an amount as specified in paragraphs A.3. and A.4. below, to fund certain capital projects that are presently authorized for funding from debt issuances by either the Virginia College Building Authority or the Virginia Public Building Authority, to the extent that the existing debt for such capital projects has not been issued. The Governor shall recommend an equivalent reduction in the amount of debt authorization for the affected projects so that overall, there is no decrease or increase in total funding for such projects.

2. It is the intent of the General Assembly that any appropriation pursuant to this Item only be used to reduce the total authorized but unissued debt such that general fund cash becomes the funding source for certain capital outlay projects rather than debt. In making this substitution, priority shall be given to maintenance reserve or other small capital outlay projects that are better suited to be funded from cash or to taxable debt projects which offer the opportunity to obtain greater debt service cost savings, if funded by cash rather than debt.

3. For the first fiscal year of the biennium, the appropriation specified in paragraph A.1. above shall be equal to the lesser of \$181,900,000 or the actual total general fund revenue collections for fiscal year ending June 30, 2016, reduced by any amounts needed to meet the Constitutional or statutory deposit to the Revenue Stabilization Fund and the statutory deposit concerning surplus revenue to the Water Quality Improvement Fund, as certified by the State Comptroller, minus the "official revenue estimate" for general fund revenues for the second year of the biennium as contained in the second enactment of Senate Bill 29 of the 2016 General Assembly, as enacted.

4. For the second year of the biennium the appropriation specified in paragraph A.1. above shall be equal to the lesser of \$188,200,000 or the actual total general fund revenue collections for fiscal year ending June 30, 2017, reduced by any amounts needed to meet the Constitutional or statutory deposit to the Revenue Stabilization Fund and the statutory deposit concerning surplus revenue to the Water Quality Improvement Fund, as certified by the State Comptroller, minus the "official revenue estimate" for general fund revenues for the first year of the biennium as contained in the first enactment of this Act.

B. The State Comptroller shall make a commitment for any amount appropriated in this Item pursuant to paragraph A.3. above on the balance sheet of the Commonwealth for June 30, 2016. The State Comptroller shall make a commitment for any amount appropriated in this Item pursuant to paragraph A.4. above on the balance sheet of the Commonwealth for June 30, 2017.

C.1. The Director of the Department of Planning and Budget shall report quarterly to the State Treasurer and to the Six Year Capital Outlay Planning Advisory Committee, established by § 2.2-1516 Code of Virginia, identifying the projects for which the debt authorization was replaced by appropriations pursuant to paragraph A1. above.

2. Upon notification from the Director of the Department of Planning and Budget that appropriations pursuant to paragraph A1. above have been made, the State Treasurer shall not issue any debt for the affected projects."

As part of a five-year pilot program, George Mason University and James Madison University are authorized, for a period of five years, to exercise additional financial and administrative authority as set out in each of the three functional areas of information technology, procurement and capital projects as set forth and subject to all the conditions in §§ 2.0, 3.0 and 4.0 of the second enactment of Chapter 824 and 829 of the Acts of Assembly of 2008 except that (i) any effective dates contained in Chapter 824 and 829 of the Acts of Assembly of 2008 are superseded by the provisions of this item, and (ii) the institution is not required to have a signed memorandum of understanding with the Secretary of Administration regarding participation in the nongeneral fund decentralization program as provided in subsection C of § 2.2-1132 in order to be eligible for the additional capital project authority.

2. In addition, each institution shall exercise additional financial and administrative authority over financial operations as follows:

a). **BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY.**

The Board of Visitors of the University shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this Policy. Consistent with this full and ultimate accountability, however, the Board may, pursuant to its legally permissible procedures, specifically delegate either herein or by separate Board resolution the duties and responsibilities set forth in this Policy to a person or persons within the University, who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the University's usual delegation policies and procedures.

b) **FINANCIAL MANAGEMENT AND REPORTING SYSTEM.**

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized by the Board to maintain existing and implement new policies governing the management of University financial resources. These policies shall continue to (i) ensure compliance with Generally Accepted Accounting Principles, (ii) ensure consistency with the current accounting principles employed by the Commonwealth, including the use of fund accounting principles, with regard to the establishment of the underlying accounting records of the University and the allocation and utilization of resources within the accounting system, including the relevant guidance provided by the State Council of Higher Education for Virginia chart of accounts with regard to the allocation and proper use of funds from specific types of fund sources, (iii) provide adequate risk management and internal controls to protect and safeguard all financial resources, including moneys transferred to the University pursuant to a general fund appropriation, and ensure compliance with the requirements of the Appropriation Act.

The financial management system shall continue to include a financial reporting system to satisfy both the requirements for inclusion into the Commonwealth's Comprehensive Annual Financial Report, as specified in the related State Comptroller's Directives, and the University's separately audited financial statements. To ensure observance of limitations and restrictions placed on the use of the resources available to the University, the accounting and bookkeeping system of the University shall continue to be maintained in accordance with the principles prescribed for governmental organizations by the Governmental Accounting Standards Board.

In addition, the financial management system shall continue to provide financial reporting for the President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, and the Board of Visitors to enable them to provide adequate oversight of the financial operations of the University.

c) FINANCIAL MANAGEMENT POLICIES.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall create and implement any and all financial management policies necessary to establish a financial management system with adequate risk management and internal control processes and procedures for the effective protection and management of all University financial resources. Such policies will not address the underlying accounting principles and policies employed by the Commonwealth and the University, but rather will focus on the internal operations of the University's financial management. These policies shall include, but need not be limited to, the development of a tailored set of finance and accounting practices that seek to support the University's specific business and administrative operating environment in order to improve the efficiency and effectiveness of its business and administrative functions. In general, the system of independent financial management policies shall be guided by the general principles contained in the Commonwealth's Accounting Policies and Procedures such as establishing strong risk management and internal accounting controls to ensure University financial resources are properly safeguarded and that appropriate stewardship of public funds is obtained through management's oversight of the effective and efficient use of such funds in the performance of University programs.

The University shall continue to follow the Commonwealth's accounting policies until such time as specific alternate policies can be developed, approved and implemented. Such alternate policies shall include applicable accountability measures and shall be submitted to the State Comptroller for review and comment before they are implemented by the University.

d) FINANCIAL RESOURCE RETENTION AND MANAGEMENT.

The Board of Visitors shall retain the authority to establish tuition, fee, room, board, and other charges, with appropriate commitment provided to need-based grant aid for middle- and lower-income undergraduate Virginians. Except as provided otherwise in the Appropriation Act, it is the intent of the Commonwealth and the University that the University shall be exempt from the revenue restrictions in the general provisions of the Appropriation Act related to non-general funds. In addition, unless prohibited by the Appropriation Act, it is the intent of the Commonwealth and the University that the University shall be entitled to retain non-general fund savings generated from changes in Commonwealth rates and charges, including but not limited to health, life, and disability insurance rates, retirement contribution rates, telecommunications charges, and utility rates, rather than reverting such savings back to the Commonwealth. This financial resource policy assists the University by providing the framework for retaining and managing non-general funds, for the receipt of general funds, and for the use and stewardship of all these funds.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to provide oversight of the University's cash management system which is the framework for the retention of non-general funds. The Internal Audit Department of the University shall periodically audit the University's cash management system in accordance with appropriate risk assessment models and make reports to the Audit and Compliance Committee of the Board of Visitors. Additional oversight shall continue to be provided through the annual audit and assessment of internal controls performed by the Auditor of Public Accounts. For the receipt of general and non-general funds, the University shall conform to the Security for Public Deposits Act, Chapter 44 (§ 2.2-4400 et seq.) of Title 2.2 of the Code of Virginia as it currently exists and from time to time may be amended.

e) ACCOUNTS RECEIVABLE MANAGEMENT AND COLLECTION.

The President, through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized to create and implement any and all Accounts Receivable Management and Collection policies as part of a system for the management of University financial resources. The policies shall be guided by the requirements of the Virginia Debt Collection Act, Chapter 48 (§ 2.2-4800 et seq.) of the Code of Virginia, such that the University shall take all appropriate and cost effective actions to aggressively collect accounts receivable in a timely manner.

These shall include, but not be limited to, establishing the criteria for granting credit to University customers; establishing the nature and timing of collection procedures within the above general principles; and the independent authority to select and contract with collection agencies and, after consultation with the Office of the Attorney General, private attorneys as needed to perform any and all collection activities for all University accounts receivable such as reporting delinquent accounts to credit bureaus, obtaining judgments, garnishments, and liens against such debtors, and other actions. In accordance with sound collection activities,

the University shall continue to utilize the Commonwealth's Debt Set-Off Collection Programs, shall develop procedures acceptable to the Tax Commissioner and the State Comptroller to implement such Programs, and shall provide a quarterly summary report of receivables to the Department of Accounts in accordance with the reporting procedures established pursuant to the Virginia Debt Collection Act.

f) DISBURSEMENT MANAGEMENT.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized to create and implement any and all disbursement policies as part of a system for the management of University financial resources. The disbursement management policies shall continue to define the appropriate and reasonable uses of all funds, from whatever source derived, in the execution of the University's operations. These policies also shall continue to address the timing of appropriate and reasonable disbursements consistent with the Prompt Payment Act, and the appropriateness of certain goods or services relative to the University's mission, including travel-related disbursements. Further, the University's disbursement policy shall continue to provide for the mechanisms by which payments are made including the use of charge cards, warrants, and electronic payments.

These disbursement policies shall authorize the President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, to independently select, engage, and contract for such consultants, accountants, and financial experts, and other such providers of expert advice and consultation, and, after consultation with the Office of the Attorney General, private attorneys, as may be necessary or desirable in his or her discretion. The policies also shall continue to include the ability to locally manage and administer the Commonwealth's credit card and cost recovery programs related to disbursements, subject to any restrictions contained in the Commonwealth's contracts governing those programs, provided that the University shall submit the credit card and cost recovery aspects of its financial and operations policies to the State Comptroller for review and comment prior to implementing those aspects of those policies. The disbursement policies shall ensure that adequate risk management and internal control procedures shall be maintained over previously decentralized processes for public records, payroll, and non-payroll disbursements. The University shall continue to provide summary quarterly prompt payment reports to the Department of Accounts in accordance with the reporting procedures established pursuant to the Prompt Payment Act.

The University's disbursement policies shall be guided by the principles of the Commonwealth's policies as included in the Commonwealth's Accounting Policy and Procedures Manual. The University shall continue to follow the Commonwealth's disbursement policies until such time as specific alternative policies can be developed, approved and implemented. Such alternate policies shall be submitted to the State Comptroller for review and comment prior to their implementation by the University.

3. The Auditor of Public Accounts or his legally authorized representatives shall audit annually the accounts of each institution and shall distribute copies of each annual audit to the Governor and to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance. Pursuant to § 30-133, the Auditor of Public Accounts and his legally authorized representatives shall examine annually the accounts and books of each such institution, but the institution shall not be deemed to be a state or governmental agency, advisory agency, public body, or agency or instrumentality for purposes of Chapter 14 (§ 30-130 et seq.) of Title 30 except for those provisions in such chapter that relate to requirements for financial recordkeeping and bookkeeping. Each such institution shall be subject to periodic external review by the Joint Legislative and Audit Review Commission and such other reviews and audits as shall be required by law."

§ 33.2-118. Limitation on tolling.

A. For purposes of this section, "auxiliary lane" means the portion of the roadway adjoining the traveled way as a shoulder or for speed change, turning, weaving, or the maneuvering of entering and leaving traffic.

B. Notwithstanding any other provision of this title, no toll may be imposed or collected on un-tolled lanes or components of a highway, bridge, or tunnel without approval from the General Assembly. However, such prohibition shall not apply to (i) reconstruction with additional lanes of a highway, bridge, or tunnel provided that the number of un-tolled non-high-occupancy vehicle lanes, excluding auxiliary lanes, after the reconstruction is not less than the number of un-tolled, non-high-occupancy vehicle lanes, excluding auxiliary lanes, prior to such reconstruction; (ii) new construction that is opened to the public as a tolled facility; (iii) new construction that is opened to the public as high-occupancy vehicle lanes; (iv) existing high-occupancy vehicle lanes; or (v) an existing lane on a segment of a highway whose length does not exceed 10 miles and is between an interchange and an interchange or an interchange and a bridge, provided that the number of un-tolled non-high-occupancy vehicle lanes on such segment is equal to the number of un-tolled non-high-occupancy vehicle lanes on the portion of the highway preceding such segment.

However, prior approval of the General Assembly shall be required prior to the imposition and collection of any toll for use of all or any portion of Interstate 81. Prior approval of the General Assembly shall be required prior to the imposition or collection of any toll for use of Interstate 95 south of Fredericksburg pursuant to the Interstate System Reconstruction or Rehabilitation Pilot Program. C. In order to mitigate traffic congestion in the vicinity of the toll facilities, no toll facility shall be operated without high-speed automated toll collection technology designed to allow motorists to travel through the toll facilities without stopping to make payments. Nothing in this subsection shall be construed to prohibit a toll facility from retaining means of nonautomated toll collection in some lanes of the facility. The Board shall also consider traffic congestion and mitigation thereof and the impact on local traffic movement as factors in determining the location of the toll facilities authorized pursuant to this section.

D. The revenues collected from each toll facility established pursuant to this section shall be deposited into segregated subaccounts in the Transportation Trust Fund and may be allocated by the Board as the Board deems appropriate to:

1. Pay or finance all or part of the costs of programs or projects, including the costs of planning, operation, maintenance, and improvements incurred in connection with the toll facility, provided that such allocations shall be limited to programs and projects that are reasonably related to or benefit the users of the toll facility. 3. Pay the Board's reasonable costs and expenses incurred in the administration and management of the toll facility.

2. *That the provisions of this act adding § 33.2-118 to the Code of Virginia, as created by this act, and § 33.2-309 of the Code of Virginia, as amended by this act, shall become effective upon the return of the Commonwealth's spot in the Interstate System Reconstruction and Rehabilitation Pilot Program."*

Subsequent to the adjournment sine die of the 2016 Regular Session, the Clerk received the following communication from the Governor:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 11, 2016

TO THE MEMBERS OF THE GENERAL ASSEMBLY:

As is customary, I write to you at the conclusion of the 2016 General Assembly session to express my appreciation for your support on the budgetary and legislative priorities advanced by our administration this year as we make progress in our efforts to build a new Virginia economy.

This year's legislative session was remarkable for the range and complexity of the issues that confronted us. Faced with these significant challenges, we found common cause in the targeted investments and forward-looking reforms outlined in our budget and legislative agenda.

Midway through my administration's four-year term, we built on our successes over the past two years and took decisive steps forward on education, workforce development, transportation and public safety with the shared confidence that we are moving the Commonwealth in the right direction.

Our most auspicious achievement this year is the new two-year budget that invests more than \$1 billion in additional support for education at all levels. State funding for our public schools deteriorated during the recession, forcing our communities to reduce staff and adopt various austerity measures. With this budget, we send a clear message that state leaders are ready to shoulder our fair share of responsibility for providing Virginia students with a world-class education.

Just as important, this budget recognizes the partnership that exists on education and accommodates the unique needs of each community, providing local schools with the flexibility they need to excel.

We also received bipartisan support for a logical and long-overdue update to Virginia's approach to high school education, placing a greater emphasis on hands-on learning, internships, early college courses and industry credentials, rather than classroom seat-time.

The education investments in our budget are comprehensive and designed to strengthen our talent pipeline from pre-kindergarten to workforce development. Workforce training represents the final, crucial mile of that pipeline, and we can be proud of the progress we have made together to transform this important component of our New Virginia Economy Strategic Plan. We inherited a system that was disjointed, inefficient and lacking a clear direction. We have worked methodically to untangle the web of redundant programs and transform Virginia's approach to workforce development so that we more effectively serve the needs of our students, our businesses and our economy.

This year, we took a significant step forward with legislation that establishes Virginia's first statewide program to provide workforce training for industry certifications that meet the needs of businesses in each region. With this new law, Virginia becomes the first state in the nation to create a pay-for-performance workforce training program.

Some of our most valuable employees in our workforce are our veterans. We worked together to give former medics and corpsmen a new pathway to careers in health care. We fully funded our new veteran care centers for Hampton Roads and Northern Virginia and the expansion of the Virginia War Memorial.

As for economic development, we made great strides in broadband, bioscience and cyber security. \$350 million was included for terminal expansions at the Port of Virginia, part of our aggressive work to expand international trade and grow our existing businesses by connecting them to global markets. I am also pleased that we were able to work together again this year to provide pay increases for our hard-working state employees, teachers and deputy sheriffs. These raises support continuity and quality in our public sector workforce at the state and local levels, a key objective that contributes to each and every one of our policy goals.

This year we also celebrate two historic agreements that will keep Virginians safer and take a significant step forward to unlock Northern Virginia from the congestion that is preventing this vital region from achieving its full economic potential.

On firearms, we had the courage to set aside many years of heated debate and reach a consensus that protects families from gun violence and increases access to background checks at gun shows while respecting the rights of law-abiding citizens. The resulting state laws will save lives.

On Interstate 66, we demonstrated our determination to put good governance ahead of politics and reached a milestone breakthrough that will relieve congestion in one of the most traffic-choked corridors in the nation's most traffic-choked region.

This agreement will provide the most significant congestion relief for I-66 commuters in the 30-year history of that road.

While I am pleased at the balance of our work, I must express my deep remorse at the opportunities lost this year to disorder and acrimony.

The firing of a highly qualified Supreme Court Justice and the haphazard process for replacing her was an unprecedented political affront to the independence of our judiciary, the branch of government we depend on to apply calm and deliberative thought to our Commonwealth's thorniest disputes.

Finally, it is disappointing that Virginia lawmakers have given meager attention to the pressing need to provide their constituents and communities access to high-quality health care. Their failure to act is costing us \$6.6 million a day in federal dollars that could be providing much-needed medical services to our families. I understand that change is difficult, but I continue to welcome anyone willing to discuss the alternatives available to us, all of them better than the status quo.

As elected officials in the Commonwealth of Virginia, we are all accountable to our constituents for our actions and our inaction. While it is clear we did not reach our full potential, I believe our constituents will look at the entirety of our work this year and be pleased at the progress we made.

Speaker of the House of Delegates

Clerk of the House of Delegates

THURSDAY, APRIL 7, 2016

The following House bill, with communication thereto, was vetoed by the Governor:

COMMONWEALTH OF VIRGINIA
Office of the Governor
April 7, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 766, which provides that for a period of 45 days after the issuance of a protective order, the person who has issued the order may lawfully carry a concealed handgun. This bill eliminates the application and training requirements associated with concealed handgun permits and allows petitioners to carry a concealed handgun immediately upon the issuance of any protective order.

Domestic violence situations can be extremely volatile, and all too often result in serious injury or death. In fact, when firearms are present in a domestic violence situation, a woman is five times more likely to die. In 2014, Virginia experienced 112 family and intimate-partner-related homicides, 66 of which occurred with a firearm.

At the end of February, I signed legislation, part of a bipartisan firearms agreement, that will remove firearms from dangerous domestic violence situations. That bill prohibits subjects of permanent protective orders from possessing firearms and requires them to sell or transfer their firearms within 24 hours. House Bill 766 encourages victims of domestic violence to introduce deadly weapons into an already dangerous situation, an approach that I believe could have significant negative public safety consequences.

Prior to the conclusion of the 2016 legislative session, I proposed amendments to House Bill 766 that would allow judges to expedite the concealed handgun permit approval process for individuals who had already given serious consideration to the risks and responsibilities associated with concealing a handgun and completed all necessary training requirements. These amendments were rejected.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

The following Senate bill was vetoed by the Governor:

S.B. 626. Relating to carrying concealed handguns; protective orders. Chief Patron: Vogel.

Speaker of the House of Delegates

Clerk of the House of Delegates

JOURNAL
OF THE
HOUSE OF DELEGATES
2016 RECONVENED REGULAR SESSION

WEDNESDAY, APRIL 20, 2016

The House of Delegates was called to order at 12 m. by William J. Howell, Speaker thereof.

The Mace was placed on the Speaker's table by the Sergeant at Arms.

The Honorable G. Paul Nardo, Clerk of the Virginia House of Delegates, Richmond, offered the following prayer:

Almighty God,

We come before you at the start of this Reconvened Session, as we ought each day, asking for Thy divine mercy, inspiration, and wisdom to help this House, and all who serve and work therein, to do that which is meek, right, and pleasing in Thy sight.

We also humbly beseech Thee to open our minds and our hearts that we may reflect, in all that we think, do, and say this day, the warmth, the grace and the truth of Thy manifold and great mercies.

For our creation, preservation and all of the blessing of this life, we most heartily thank you.

Amen.

Delegate Cox led the House of Delegates in the Pledge of Allegiance to the Flag of the United States of America.

The roll was called and the following members answered to their names:

Adams, Aird, Albo, Anderson, Austin, Bagby, Bell, J.J., Bell, R.P., Bell, R.B., Bloxom, Boysko, Bulova, Byron, Campbell, Carr, Cline, Cole, Collins, Cox, Davis, Dudenhefer, Edmunds, Fariss, Farrell, Filler-Corn, Fowler, Freitas, Garrett, Gilbert, Greason, Habeeb, Head, Helsel, Heretick, Herring, Hester, Hodges, Hope, Ingram, James, Jones, Keam, Kilgore, Knight, Kory, Krizek, Landes, LaRock, Leftwich, LeMunyon, Levine, Lindsey, Lingamfelter, Lopez, Loupassi, Marshall, D.W., Marshall, R.G., Mason, Massie, McClellan, McQuinn, Miller, Minchew, Miyares, Morefield, Murphy, O'Bannon, O'Quinn, Orrock, Peace, Pillion, Plum, Pogue, Poindexter, Price, Ransone, Rasoul, Robinson, Rush, Sickles, Spruill, Stolle, Sullivan, Taylor, Torian, Toscano, Tyler, Villanueva, Ward, Ware, Watts, Webert, Wilt, Wright, Yancey, Yost, Mr. Speaker.

The motion was agreed to.

Delegate Hodges moved that when the House adjourns today, it adjourn in the honor and memory of Virginia State Trooper Chad P. Dermeyer.

The motion was agreed to.

The Speaker stated that the purpose of the 2016 Reconvened Regular Session, pursuant to Section 6 of Article IV of the Constitution, was to consider legislation returned by the Governor with certain objections and certain recommendations.

HOUSE BILLS VETOED BY THE GOVERNOR

H.B. 587 (five, eighty-seven) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 10, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 587, which overrides the authority of local governments to remove or modify monuments or war memorials erected before 1998.

The rich history of our Commonwealth is one of our great assets. My administration strongly supports historic preservation efforts, including the preservation of war memorials and monuments. However, this legislation would have been a sweeping override of local authority over these monuments and memorials including potential ramifications for interpretive signage to tell the story of some of our darkest moments during the Civil War.

There is a legitimate discussion going on in localities across the Commonwealth regarding whether to retain, remove, or alter certain symbols of the Confederacy. These discussions are often difficult and complicated. They are unique to each community's specific history and the specific monument or memorial being discussed. This bill effectively ends these important conversations.

I am committed to supporting a constructive dialogue regarding the preservation of war memorials and monuments, but I do not support this override of local authority.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

Delegate Poindexter moved that the House override the Governor's veto.

The question being: Shall the House override the veto of the Governor? was put and decided in the affirmative.

H.B. 2 (two) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 25, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 2, which would prohibit the Virginia Department of Environmental Quality from submitting a Virginia-specific plan to comply with the federal Clean Power Plan until a majority of legislators in both the Senate and the House of Delegates adopt resolutions approving the state plan.

The interjection of required legislative approval into the Clean Power Plan process is an impermissible breach of Virginia's constitutional separation of powers. Federal law provides that it falls to the Governor to submit required plans and submissions under the Clean Air Act, including plans to comply with the Clean Power Plan. The Governor is authorized to delegate that authority to the appropriate state environmental agencies. In Virginia, that authority has been delegated to the Director of the Department of Environmental Quality. This process rests squarely in the executive branch of state government.

Under Article III of the Constitution of Virginia, the legislative, executive, and judicial branches of government must remain separate and distinct, such that none may exercise the powers properly belonging to the others. Requiring DEQ to obtain the approval of each chamber of the legislature before submitting a plan to comply with the Clean Power Plan constitutes legislative participation in a purely executive process. As such, House

Bill 2 violates Virginia's constitutional separation of powers under Article III.

I cannot, in good conscience, sign a bill that would violate the Constitution of Virginia.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

No action was taken on the Governor's veto.

Delegate Toscano propounded a parliamentary inquiry as to whether the Governor's veto was sustained since the House had taken no action.

The Speaker stated that the Gentleman was correct.

H.B. 8 (eight) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
April 5, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 8, which would create a new executive branch agency known as the Board of the Virginia Virtual School, to govern and facilitate the provision of full-time, online education programs.

This legislation raises significant concerns regarding proper management and oversight by allowing the Board of the Virginia Virtual School to operate outside the jurisdiction of the Board of Education, local divisions, and local school boards. This would disrupt the established constitutional framework and the roles these entities play in ensuring the appropriate governance of schools, regulatory compliance, and positive student outcomes.

The corresponding resources allocated in the budget also would be insufficient to run a new state agency effectively. Inadequate funding and staffing will put all participating students, specifically English Language Learners, students with disabilities, and other at-risk youth, in danger of not receiving their constitutionally-guaranteed education.

Finally, Board of the Virginia Virtual School is also unnecessary given the current availability of high quality, online virtual learning opportunities. Delegate Richard P. Bell, the bill's patron, has a long standing commitment to advancing virtual learning, which has facilitated Virginia's ability to expand virtual learning opportunities to students throughout the Commonwealth. This includes the Virtual Virginia program, overseen by the Virginia Department of Education, which makes full and part time programming available to students while ensuring high quality instruction, providing extracurricular opportunities, and maintaining ongoing support from their local school division.

HB 8 would create a new state agency outside the constitutional framework governing school divisions and boards. There is no reason to sign into law legislation that would risk the educational well-being of our students.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

No action was taken on the Governor's veto.

H.B. 9 (nine) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 23, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 9, which requires general registrars to deny voter registration applications submitted by eligible Virginians.

The Voting Rights Act expressly prohibits denying applications for omissions that are not material to determining voter eligibility. Under 52 U.S.C. § 10101(a)(2)(B), "[n]o person acting under color of law shall deny the right of any individual to vote in any election because of an error or omission on any record or paper relating to any application, registration, or other act requisite to voting, if such error or omission is not material to determining whether such individual is qualified under State law to vote in such election."

House Bill 9 would require the automatic denial of certain eligible Virginians and all applicants who fail to check a box indicating that she or he will be at least 18 years of age on or before the next general election. The checkbox is not material to determining whether the applicant meets the age requirements to register to vote because the applicant is already required to provide his or her date of birth.

Government works best when as many citizens have a voice in our democracy as possible. We should be seeking ways to make it easier for qualified Virginians to participate in elections, not disenfranchising them over technicalities.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

Delegate Cole moved that the House override the Governor's veto.

H.B. 18 (eighteen) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
April 8, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 18, which would categorically prohibit franchisees and their employees from being considered the employees of a franchisor.

As proponents of this legislation have acknowledged, franchisees and their employees are not considered employees of the franchisor in typical franchisor/franchisee relationships. However, the nature of that relationship is subject to a particularized fact-based inquiry, and in situations of dominant franchisors, the franchisees and their employees are *de facto* employees of the franchisors.

House Bill 18 would relieve these dominant franchisor/employers of the obligations and responsibilities an employer owes to its employees. As a result, it would fall to the dominated franchisees—usually small, Virginia-based businesses—to shoulder the burdens more appropriately placed on the dominant franchisor.

Healthy franchisee/franchisor relationships are an integral part of the business environment and play an important role as we continue to build the new Virginia economy. House Bill 18 would undermine that effort by exempting dominant franchisors from their obligations to Virginia businesses and workers.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

H.B. 70 (seventy) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 11, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 70, which prohibits magistrates from issuing misdemeanor arrest warrants against law enforcement officers if the alleged offense was related to that officer's duties, even in the face of overwhelming evidence of a crime.

Virginia enjoys outstanding law enforcement officers at all levels. They are not, however, perfect. We have seen all too often in recent years abuses perpetrated by poorly performing law enforcement officers throughout the United States. These abuses took place while these officers were purportedly carrying out their duties.

House Bill 70 would preclude Virginia's magistrates from issuing misdemeanor arrest warrants in such circumstances, unless the complainant was a law enforcement officer, without the prior approval of the relevant law enforcement agency having jurisdiction over the offense. Neutral magistrates, the judicial officers with primary responsibility for misdemeanor warrants, would be unable to act on valid citizen complaints of police abuse. Further, this legislation would only serve to place a larger workload on our judges and court clerks, the other individuals authorized to issue such warrants.

I trust Virginia's magistrates to determine whether probable cause exists to issue a misdemeanor warrant, even in those circumstances which involve law enforcement officers. Shifting their workload to judges and court clerks serves neither our citizens nor our judicial system.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

H.B. 145 (one, forty-five) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 11, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 145, which prohibits a state agency from requiring a bidder, contractor, or subcontractor from performing services at rates based on prevailing wages and benefits.

Virginia does not have a statewide prevailing wage law. Accordingly, this bill would have no impact on state funded procurement projects. Additionally, any project funded in whole or in part by federal dollars must adhere to the Davis-Bacon Act, including its federal prevailing wage provisions.

Projects and employers who adhere to prevailing wage standards improve the lives of working families, local economies, and their communities. This legislation attempts to lower wages and impedes future labor agreements. Virginia's efforts should be focused on increasing wages, which will improve the lives of our families and aid our efforts to build a new Virginia economy, rather than placing artificial restrictions on their future growth.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

No action was taken on the Governor's veto.

H.B. 264 (two, sixty-four) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 11, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 264, which would prohibit a local government from requiring that its contractors have a wage floor or other benefit above what is required by state law.

In recent years, several local governments have required contractors to pay certain wage levels in contracts with localities. These initiatives have provided access to qualified, high-skilled workers and contractors and successfully addressed significant cost of living and workforce disparities in these localities.

The ability of other local governments to make this choice should be supported, not limited. Decisions regarding municipal contracts should be made by local leaders who fully understand local needs, and the profile of the available workforce, not by members of the General Assembly.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

No action was taken on the Governor's veto.

H.B. 298 (two, ninety-eight) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 23, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 298, which would extend both the ability to claim and to allocate the coal employment and production incentive tax credits and the allowance of the coalfield employment enhancement tax credit without meaningful reform.

In January 2012, the Joint Legislative Audit and Review Commission ("JLARC") published its final report, Review of the Effectiveness of Virginia Tax Preferences, Senate Document No. 4. That report evaluated the efficacy of the coal tax credits in question and found that, despite their having been created to slow the decline of coal production and employment, both declined at the same or even faster rates than were predicted before the credits were created. JLARC's report concluded that the economic activity had not moved in the desired direction and that the credits had not achieved their goal.

Specifically, from 1988 until 2015, coal mine operators, electricity generators, and other coal-related companies have claimed over \$610 million in tax credits. However, during the same period, the number of coal miners in Virginia has declined from 11,106 to 2,946. It would be unwise to spend additional taxpayer dollars on a tax credit that has fallen so short of its intended effectiveness.

Each day, I work tirelessly to build a new Virginia economy and ensure that this commonwealth is the best place to live, work and run a business. Making the most effective use of every dollar taxpayers entrust to their government is an essential part of that effort. Given the findings of the JLARC study and the lack of meaningful reform in the face of these findings, I believe it would be unwise for me to sign this legislation.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

H.B. 382 (three, eighty-two) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 23, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 382, which prohibits the vast majority of state agencies within the executive branch from adopting any regulation or workplace rule that prohibits employees from storing firearms in their automobiles.

As Governor, I am the Chief Personnel Officer of the state workforce. I believe there is a need to establish and enforce workplace violence prevention policies that focus on employee safety and an atmosphere of workplace safety. An essential component of workplace violence prevention is the regulation of the possession, brandishing, or use of weapons on-site and during work-related activities. Our current state policy is aligned with and reinforces this best practice.

Section 2.2-1201 of the Code of Virginia gives the Department of Human Resource Management the authority to set policies related to the personnel administration of state government agencies. The current Workplace Violence policy, applicable to state government employees, prohibits possession of a weapon not required by the individual's position while the employee is on state premises or engaged in state business. This policy was established to mitigate the potential for workplace violence or accidental injury. The policy's prohibitions are a responsible approach to ensuring the safety of all employees and protection from disgruntled or troubled employees who might inflict harm if given easy access to firearms, regardless of whether the employee is licensed to carry such weapons.

This bill that inhibits our ability to establish and enforce workplace violence prevention policies that focus on employee safety and an atmosphere of workplace safety.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

H.B. 389 (three, eighty-nine) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
April 5, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 389, which would remove state funds from our public school systems and redirect those funds to Parental Choice Education Savings Accounts to pay for educational services outside the public school system.

First and foremost, there are significant constitutional concerns with this legislation. The approved expenses as outlined in the bill include tuition at private sectarian institutions, bringing the legislation into direct conflict with Article VIII, Section 10 of the Virginia Constitution, which authorizes the use of public funds only for public and nonsectarian private schools.

While the bill would divert much-needed resources away from public schools, operating costs would not be significantly lowered due to the continued need for teachers, buses, and other administrative supports upon which public school students rely. Additionally, the funds withdrawn from the public system bear no relationship to the needs of the particular student or the cost of the additional support services he or she would require, because the amount received will vary based on the local composite index of the home division.

This bill raises constitutional questions, diverts funds from public schools, and creates an unfair system. Our goal is to support and improve public education across the Commonwealth for all students, not to codify inequality.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

H.B. 481 (four, eighty-one) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 31, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 481, which attempts to prohibit the release of certain persons held by state or local officials who are suspected of violating U.S. immigration laws.

Virginia law already leaves it to the discretion of state and local law enforcement officials how to respond to lawful detainer orders received by U.S. Immigration and Customs Enforcement. This bill does nothing other than subject non-citizens in legal disputes with federal immigration officials to inequitable treatment. The debate surrounding this bill confirms that it is intended to communicate a sense that non-citizens are to be feared and should be treated as more dangerous than other persons.

Rather than stoking irrational fears of non-citizens present in the Commonwealth, the General Assembly should be focused on substantive policies to improve public safety in Virginia. House Bill 481 makes no one safer and inappropriately stigmatizes many of those who are caught up in a broken immigration system.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

H.B. 516 (five, sixteen) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
April 4, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 516, which would require schools to identify materials as "sexually explicit" and notify parents if teachers plan to provide instructional material containing such content. The legislation would also require teachers to provide alternative instructional materials if requested by a parent.

Open communication between parents and teachers is important, and school systems have an obligation to provide age-appropriate material for students. However, this legislation lacks flexibility and would require the label of "sexually explicit" to apply to an artistic work based on a single scene, without further context. Numerous educators, librarians, students, and others involved in the teaching process have expressed their concerns about the real-life consequences of this legislation's requirements.

We have long entrusted curriculum management to our local school boards. School boards are best positioned to ensure that our students are exposed to those appropriate literary and artistic works that will expand students' horizons and enrich their learning experiences. School boards are also most knowledgeable about those materials that will best position our students to succeed in Advanced Placement and other college preparatory programs.

The Virginia Board of Education has been examining this issue recently and has been engaged in lengthy and substantive conversations with school boards, teachers, parents, and students about existing local policies and potential state policies to address these concerns.

Because the Board of Education is already considering this issue in a broader and more complete context, I believe House Bill 516 is unnecessary.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

H.B. 518 (five, eighteen) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
April 5, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 518, which would require the Board of Education to select 12 schools identified for comprehensive support and improvement and require those schools to provide all enrolled students with the option to transfer to another public school within the school division.

At its core, this legislation undercuts local school boards' constitutional authority to assign students to schools. The local school board has the preeminent role over local public education, and HB 518 would unconstitutionally infringe on that role.

Additionally, Virginia's previous experience with implementing school choice policies to students in failing divisions proved costly and difficult to implement, and yielded no evidence to suggest that it had a positive impact on student achievement.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

H.B. 560 (five, sixty) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
April 7, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 560, which would amend the law related to brandishing a firearm and provide that, in order for a person to be convicted under the amended statute, the person must know or reasonably should know that his conduct induces fear in the mind of another person.

The Code of Virginia currently prohibits a person from pointing, holding, or brandishing a firearm in such a manner as to induce fear in the mind of another person. Virginia's courts have interpreted this language to mean that it is not enough that someone inadvertently witnesses a person with a firearm—there must be additional evidence that the person with the weapon actually intended to induce fear in the mind of the witness.

Making the change requested in this bill would create unintended consequences for prosecutors and law enforcement officers attempting to secure convictions for violators of this law. This proposed modification would unnecessarily burden our public safety officials and potentially create a defense for individuals who recklessly handle firearms.

Pointing, holding, or brandishing a firearm in a manner that induces fear in the mind of another person is irresponsible and dangerous behavior and should be appropriately addressed within our criminal justice system. Because current law provides clear guidelines for our law enforcement personnel without creating unintended consequences that could lead to unsuccessful prosecutions, House Bill 560 is unnecessary.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

H.B. 1090 (ten, ninety) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 29, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 1090, which would prohibit the Virginia Department of Health from entering into contracts or providing funds to any entity that performs or maintains/operates a facility performing non-federally qualified abortions.

This bill, aimed at Planned Parenthood, would harm tens of thousands of Virginians who rely on the health care services and programs provided by Planned Parenthood health centers by denying them access to affordable care. The fact is that Virginians, and particularly low-income Virginians, need more access to health care, not less.

If Virginia takes federal dollars, then Virginia must abide by federal rules. As a stipulation of accepting federal family planning funding under Title X, Virginia must be fair in selecting which entities receive it.

Virginia cannot add this limitation set forth in House Bill 1090 without violating the Supremacy Clause. Similar laws enacted in North Carolina and Texas were struck down by federal courts for this exact reason.

If we are going to build a new, more vibrant Virginia economy, we need to be opening up doors to quality, affordable health care, not closing them. I have promised to stand in the way of any and all attempts to interfere with a woman's right to make her own health care decisions.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

H.B. 1096 (ten, ninety-six) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 23, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 1096, which would reverse the actions taken to safeguard our citizens and employees from gun violence in offices occupied by executive branch agencies.

All Virginians, including state employees, have the right to feel safe and secure going about their daily lives. Regulations have been authorized to promote safety in public buildings, and prevention requires us to address areas of concern before they are realized.

In addition, this legislation exempts rules, regulations, policies, and administrative actions imposed by certain agencies and institutions of higher education from the requirements of the bill. Such special exemptions, while other state agencies must comply, infers to the state workforce a perception of inequity for their wellbeing. Executive Order 50 is a consistent application of administrative requirements implemented across state agencies resulting in equitable state work force protections.

Our prior bipartisan agreement to make our Commonwealth safer was a step in the right direction, but we must continue the work.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

H.B. 1234 (twelve, thirty-four) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
April 6, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 1234, which permits school security officers to carry firearms under certain conditions.

There are important distinctions between school security officers and school resource officers, specifically involving the type of training they receive that would prepare them to carry and use firearms. School resource officers are employees of a local law enforcement agency who are detailed to local schools and are permitted to carry firearms in the course of their duties. These officers receive significant and ongoing training. School security officers, on the other hand, are civilian employees of a school division who do not receive training regarding firearms or the appropriate use of force with juveniles. Allowing additional firearms in schools without appropriate training would create an environment that is less, rather than more, secure.

Additionally, the bill fails to distinguish between an individual who retired recently or 20 years ago, nor does it distinguish between an individual who retired from a Virginia law enforcement agency or from an out-of-state agency with vastly different training requirements. This raises questions about the uniformity of previous training these individuals received.

We must do all we can to keep Virginia's students and schools safe. In order to achieve that goal, it is essential that only trained, active law enforcement officials be authorized to carry firearms in schools. This bill would expose schools and students to unnecessary risk and potential harm by allowing individuals without adequate training to carry firearms on school grounds.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

H.B. 1371 (thirteen, seventy-one) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 25, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 1371, which prohibits localities from enacting policies to improve employee wage and benefit conditions.

A number of localities have enacted wage policies designed to allow the employees of contractors performing services for those localities to generate enough income to allow them to live and raise a family in the area. Companies not inclined to participate at these wage levels need not contract with the localities. House Bill 1371 would undermine these laudable policies to no apparent advantage.

This legislation attempts to restrict wage growth and impedes future labor agreements. Virginia's efforts should be focused on increasing wages, which will improve the lives of our families and aid our efforts to build a new Virginia economy, rather than placing artificial restrictions on their future growth.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

HOUSE BILLS WITH RECOMMENDATIONS BY THE GOVERNOR

H.B. 30 (thirty) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
April 10, 2016

TO: HOUSE OF DELEGATES
HOUSE BILL NO. 30

I approve the general purpose of this bill, but I am returning it without my signature with the request that 30 amendments be adopted. Although the enrolled bill achieves most of the major objectives I proposed to you, I am returning it to you with amendments to address concerns that I have either noted to you previously or that have been brought to my attention since your passage of the budget. With regard to the "caboose budget," I have signed HB 29.

I am grateful to all members of the House of Delegates and the Senate for your dedicated work and your timely passage of the budget. While we may differ on some of the details, your dedicated efforts reflect general support for the initiatives I proposed in the introduced budget and our shared commitment to strengthen Virginia's economy.

Specifically, the House and Senate are to be commended for keeping public education as the highest priority in this budget. You also maintained a commitment to the future financial health of the Commonwealth by providing the required funding for the revenue stabilization fund and by fully addressing the actuarial requirements of the Virginia Retirement System. Not only will these actions strengthen Virginia's financial position in the years to come, which is good for taxpayers, the contributions to the retirement system also will benefit our dedicated workforce of state employees. State and state-responsible local employees also will be grateful for the pay increases that we all supported.

Of the 30 amendments that I am proposing, 10 change spending, 18 are language-only changes, and two increase the resources available. Four of the amendments were made at the request of a member of the General Assembly or committee staff to address clarifications or technical adjustments. My spending amendments total \$12.6 million from the general fund and are supported by additional balances that have not been previously identified but will be available at the beginning of the biennium. A summary of these amendments is provided below.

Summary of Amendments

Role of the Joint Legislative Audit and Review Commission (JLARC) in review of the Virginia Economic Development Partnership (VEDP) and its role in the ongoing oversight of economic development initiatives – Item 33

HJ7 (Byron) provides that JLARC will work collaboratively with the Virginia Economic Development Partnership on a study of the Commonwealth's economic development programs. The companies with whom the Commonwealth works should have assurances that their confidential and proprietary information will remain confidential and will be protected from public disclosure.

My amendment clarifies that JLARC shall have an ongoing evaluative, but not an oversight, role for economic development initiatives. Also, it maintains language allowing JLARC to have access to necessary records for the purposes of evaluating incentives, while clarifying that records that have been excluded from disclosure under the Freedom of Information Act are not subject to disclosure by JLARC.

Fund Electronic Case File Submission System – Item 40

HB64 (Kilgore) permits, upon agreement between the chief judge of a general district court and the clerk of the circuit court, for electronic transmission of case papers between the courts for civil cases appealed from general district to circuit court and from circuit court back to the district court in cases where that might be required. The funding to support this effort was not included in the enrolled HB 30.

My amendment provides one-time funding of \$175,950 from the general fund in FY 2017 to cover the cost associated with implementing an electronic case file transmission system between the general district and the circuit court.

Correct Fiscal Year Funding for Judicial Weighted Caseload Study – Item 40

The enrolled budget (Item 40, amendment #2c from the conference report), included an appropriation that was mistakenly placed in FY 2018 rather than FY 2017. The intent was to provide general fund support of \$250,000 for a caseload study – the results of which would be available for the 2018 General Assembly.

My amendment corrects the fiscal year in which funding is available to contract with the National Center for State Courts to update the judicial weighted caseload and staffing study in order for the results to be available by the beginning of the 2018 General Assembly Session.

Authorize the use of Commonwealth Health Research Board (CHRB) funding for joint projects with the Virginia Bioscience Health Research Corporation (VBHRC) – Item 106

VBHRC is an important tool for fostering the growth of the bioscience industry in the Commonwealth. Its unique, collaborative model enhances research and creates high-paying jobs in a key industry. The proposed language directs VBHRC and CHRB to partner to review and fund proposals that support the bioscience industry in Virginia and foster the creation of new companies and jobs in the Commonwealth.

My amendment authorizes the expenditure of up to \$2.5 million of funds managed by CHRB toward collaborative research projects agreed to by both the CHRB and VBHRC that would support Virginia's core bioscience strengths, improve human health, and demonstrate commercial viability with a high likelihood of creating new companies and jobs in Virginia. This amendment increases the ability of the VBHRC to impact the bioscience industry.

Remove language restricting the use of broadband funding – Item 109

The General Assembly provided funding in support of the Virginia Telecommunication Initiative. Language associated with the funding established limitations on the ability to leverage these funds with other state and federal financing for broadband deployment. This limitation could adversely impact localities' ability to undertake broadband construction projects critical to economic development.

My amendment removes this restrictive language.

Provide support for Labor and Employment Law Statutes – Item 115

The timely investigation of payment of wage claims and the issuance of youth employment certificates are critical services that help ensure fair treatment of employees. The issuance of youth employment certificates provides protection for the safety, health, and welfare of youth employees. Delays in the investigation of payment of wage claims make those cases more difficult to investigate due to the nature of wage payments and can hinder resolution of those claims. Delays in youth employment inspections have the potential to expose youth employees to harm, as untimely inspections may place youth in the position of performing hazardous or prohibited work, or work hours that violate the law. Due to increased workloads, additional staff is necessary to adequately address these important programs.

My amendment provides \$184,000 from the general fund in each year to allow the Department of Labor and Industry to fill two vacant compliance officer positions. The positions will address increased workloads associated with youth employment inspections and payment of wage claims.

Provide protection to Virginia Workers and Businesses – Item 116

The principal objective of the Virginia Occupational Safety and Health (VOSH) Program is to reduce workplace fatalities, injuries, and illnesses. A weakened VOSH program could result in increases in fatal accidents, injuries, and illnesses, affecting the ability of Virginia's businesses to compete in a challenging economy.

My amendment provides \$256,173 from the general fund in each year to fill three vacant compliance safety officer positions. These positions will conduct safety and health inspections and issue citations where violations of VOSH regulations are found.

Provide funding for solar energy development – Item 120

The development of solar energy is a critical component of a diversified mix of energy sources in the Commonwealth. The solar industry has developed and matured in other states, placing Virginia at a competitive disadvantage.

My amendment provides \$1.0 million from the general fund in each year to support an expanded clean energy industry. Priority in the use of these funds will be given to solar energy projects in Southwest Virginia. Without this amendment, the Commonwealth would lack any dedicated funding to expand the development of solar energy.

Reversion of Chamberlin Hotel property to the Commonwealth – Item 124

Language adopted by the conferees would set aside previous Acts of Assembly to effectuate the immediate reversion of the Chamberlin Hotel parcel at Fort Monroe to the Commonwealth. This language jeopardizes months of good faith negotiations between the Army and representatives of the Chamberlin on a mutually agreed upon conveyance process for the Army's interest in that parcel. Additionally, the language adopted by the conferees is inconsistent with the planned Economic Development Conveyance agreement between the Army and the Commonwealth.

My amendment strikes the budget language.

Modify match requirements for grants for site remediation through the Virginia Brownfields Restoration and Economic Redevelopment Assistance Fund – Item 125

Currently, the Code of Virginia requires that the Virginia Brownfields Restoration and Economic Redevelopment Assistance Fund Program's guidelines include a mandatory one-to-one match by the recipient of any grant made by or from the Virginia Brownfields Restoration and Economic Redevelopment Assistance Fund. It may be difficult for smaller localities to provide a 100 percent match, which is the match rate currently required by the recipient of any grant made by or from the Fund. This could potentially price smaller localities out of the market.

My amendment allows for a 25 percent match for site remediation projects.

Remove Virginia Virtual School Funding and Language – Items 137 and 139

House Bill 8 (Richard Bell) establishes the Board of the Virginia Virtual School. Because the Board would operate outside of the jurisdiction of the Board of Education without adequate resources, and because the Department of Education is already pursuing expansion of virtual learning, I have vetoed this legislation.

My amendment, therefore, removes funding and positions provided for the start-up of the Virginia Virtual School in FY 2018, as well as language directing the transfer of direct aid payments to the Virginia Virtual School beginning in FY 2019.

Remove technology review language – Item 139

The budget includes language directing the Department of Education to create a workgroup to review a number of items related to the use of technology in the classroom and for testing. Several of the directives in the language either cannot be implemented at this time, are already being implemented, or ask for studies already completed. In addition, other workgroup study requirements in this language can be addressed by another paragraph placed under the Department of Education to holistically review the statewide use of technology in the classroom and all sources of digital content development and online learning.

My amendment removes this language to help ensure needed technology enhancements more quickly reach the classroom. This is a request of the Chairman of the House Education Committee.

Establish Cybersecurity Scholarship for Public Service Grant Program – Item 144

Governments are having difficulty competing with the private sector for individuals with cybersecurity experience. Given the large quantities of sensitive data held by state agencies in Virginia, it is vital to have the expertise to protect this data from cyber-attacks.

My amendment provides \$500,000 from the general fund in each year to create a new scholarship program under the State Council of Higher Education for Virginia to encourage individuals pursuing cybersecurity degrees to work for Virginia state government upon graduation. The proposed scholarship program would require one year of state government service for every year scholarship funding is provided. This program replicates a successful program presently utilized by the federal government to attract cybersecurity talent.

Provide Cybersecurity Education in Community Colleges – Item 213

Cybersecurity is a rapidly growing industrial sector that will provide expanded employment opportunities. Virginia is poised to attract companies providing cybersecurity support, both through research and the graduation of students with cybersecurity degrees. These potential employers are looking for individuals who graduate from higher education institutions designated by the federal government as centers of excellence for cybersecurity. Several of our community colleges have been so designated; all community colleges should strive for this designation so that individuals throughout Virginia who are interested in cybersecurity as a career have access to programs that will enhance their qualifications.

My amendment adds \$280,000 in FY 2017 and \$152,000 in FY 2018 from the general fund to formally establish a cybersecurity program director for the Virginia Community College System and to develop an appropriate curriculum to help all of Virginia's community colleges offer coursework in cybersecurity. With these efforts, the community college system will be able to identify any additional faculty needs to ensure that all of our community colleges become cybersecurity centers of excellence.

Dedicate Portions of the 2019 Commemoration Funding – Item 238

The establishment of the Virginia House of Burgesses as the first elected legislative body in the British Colonies is a historic moment, to be celebrated by all Americans. Significant new funding has been provided in the budget for the 2019 Commemoration, recognizing the establishment of the House of Burgesses, recordation of the first Africans in Virginia, arrival of the first women in Virginia, and the first Thanksgiving at the Berkeley Plantation.

My amendment directs \$2.0 million of the FY 2018 funding provided for the 2019 Commemoration toward funding and endowing a scholarship program to be known as the "Maggie L. Walker Scholarship Fund" to provide grants to under-represented minorities and women who are both residents of Virginia and student leaders who work to improve their local and global communities. The purpose of these scholarships is to increase access and diversity at public institutions of higher education in Virginia. These scholarships will support awareness of the contributions of minorities and women, like Maggie L. Walker, to Virginia's history and will complement the activities surrounding the 2019 Commemoration.

Limit prohibition on Medicaid expansion – Item 306

Healthcare policy and fiscal considerations, not politics, should drive Virginia's decisions about Medicaid expansion. We cannot continue to leave on the table the Commonwealth's share of federal dollars that could be used to provide life-saving services to its citizens. Therefore, I propose that the prohibition on expansion activities included in the budget be limited to the first year only. Adopting this change will allow us to continue the dialogue on the merits of and business case for expanding the Medicaid program in Virginia, leading to a full and reasoned discussion at the 2017 legislative session. We thereby can make decisions based on another year of factual data from the results of actions to expand the program in other states and any additional information that may become available on the outcomes of reforms to the program in Virginia.

My amendment limits the prohibition on actions to expand the Medicaid Program pursuant to the Patient Protection and Affordable Care Act to the first year of the biennium.

Allow limited consumer directed overtime in FY 2017 – Item 306

The enrolled budget's elimination of all overtime for consumer-directed attendants could have a significant adverse impact on the continuity of care received by some of Virginia's most vulnerable citizens and jeopardize the health of older adults and people with disabilities. Moreover, it may severely limit the ability of Medicaid clients to recruit and retain the workers they need to continue to live independently at home. Also, my office has received calls from concerned citizens on this issue.

My amendment provides \$8.4 million from the general fund in FY 2017 and language authorizing the Department of Medical Assistance Services (DMAS) to allow up to 16 hours overtime for attendants who are providing care under the consumer-directed service option in the Medicaid waivers in FY 2017.

Modify Delivery System Reform Incentive Program (DSRIP) language – Item 306

Time and again, the General Assembly has stressed the need for greater efficiency and cost control in the state's Medicaid program. This perceived need has even been used as justification to delay the expansion of Medicaid to those who qualify for such coverage under the Affordable Care Act. The Delivery System Reform Incentive Payment (DSRIP) program has the potential to free up many millions of dollars that can be used to pay for system-wide improvements. The amendment inserted into the enrolled bill would delay the realization of these efficiencies, should the federal government approve the application for the underlying waiver in a timely manner. Delaying our ability to begin saving taxpayer dollars in the Medicaid program is contrary to the direction expressed by the General Assembly.

My amendment seeks a middle ground by prohibiting expenditures under a potential DSRIP waiver unless the Department of Medical Assistance Services notifies the legislature of the nature of planned expenditures associated with DSRIP funds, in addition to the current provision's requirement that the agency notify the legislature of the approval of the waiver itself.

Allow the Department of Conservation and Recreation to acquire state park land – Item 365

The Commonwealth must be able to acquire property adjacent to existing state parks and in-holdings, and the Department must be able to acquire such properties, using nongeneral funds, when they become available.

My amendment provides such flexibility. It will allow the Department to undertake the process necessary to acquire such parcels using nongeneral funds, provided the acquisition will not result in increased operating expenses.

Allow development or preparation of the Clean Power Plan– Item 369

I strongly believe that Virginia needs to proceed with development of the regulations while a stay is in place. The Clean Power Plan is a necessary response to climate change and an opportunity for Virginia to become a leader in clean energy.

My amendment removes restrictive language for the use of state funds for the preparation or development of the Clean Power Plan. Submission of such plan to the United States Environmental Protection Agency will not be authorized until the stay issued by the United States Supreme Court is released.

Remove obsolete language – Item 370

The Enrolled Bill contains obsolete language referencing an Item in the Capital Section that the Conferees removed.

My technical amendment removes this language.

Remove conflicting Rail and Public Transportation study language – Item 448

HB 1359 (Peace) was passed by the 2016 General Assembly, setting clear directive to develop a two pronged prioritization process for state funding in support of capital projects for transit systems. However, related budget language under the Department of Rail and Public Transportation appears to require a study that contemplates one process for all transit capital funding. This budget language could hurt the efforts to reach consensus on these important issues.

My amendment modifies the budget study language under the Department of Rail and Public Transportation to ensure there is no conflict with House Bill 1359, which I have signed into law. This is a request of the patron of House Bill 1359.

Adjust language related to Ports debt service cap – Item 463

The budget has existing language limiting the total amount of debt service paid by the Port Authority to \$45 million annually. Chapter 665, 2015 Acts of Assembly, allows the Port Authority to enter into a new lease agreement related to the Virginia International Gateway (VIG) Terminal in Portsmouth, Virginia. It is anticipated that the new lease agreement related to the VIG Terminal may result in the agency surpassing the \$45 million cap.

My amendment adds language allowing the Governor to approve the Port Authority to exceed the \$45 million debt service cap if the capital lease with the VIG Terminal is executed. The amendment includes language that requires that such approval be reported to the Chairmen of the House Appropriations and Senate Finance Committees within five days.

Workers' Compensation Capital Authorization – Section 2-0

A technical correction is needed to amendment C-0 #2c which directs the Department of General Services to assist the Workers' Compensation Commission with identifying a new headquarters facility for the Commission and, upon completion, transfer the existing headquarters to the Science Museum of Virginia. The conference amendment references the initial authorization included in Chapter 806, 2013 Session Acts of Assembly, rather than the amended language included in Chapter 1, 2014 Special Session 1. Chapter 1 authorized the Workers' Compensation Commission an option to enter into a capital lease in addition to options authorized in Chapter 806 for acquisition or construction of a new headquarters facility.

My amendment updates the chapter reference to Chapter 1, 2014 Special Session 1, which authorized the Commission to enter into a capital lease and increased their appropriation for the project to \$20 million based on the Department of General Services' latest estimates.

Increase Maintenance Reserve Funding for the Department of Juvenile Justice – Item C-44

I continue to believe that our juvenile justice system will be strengthened by the transformation currently underway by my administration. In my introduced budget, the debt issuance and appropriation authority for six Department of Juvenile Justice (DJJ) capital projects was reverted and bond funding was provided for construction of two new residential facilities. The 2016 General Assembly changed the timeline for the construction of these new residential juvenile facilities. As a result of reverting the \$16 million in previously

authorized projects for the Bon Air and Beaumont facilities and the changed timeline for constructing new facilities, DJJ will need additional funds to maintain the existing facilities until the new facilities are operational. Additional maintenance reserve funding will ensure that life safety concerns and critical infrastructure systems are kept in working order ensuring the safety and well-being of the individuals living and working there.

My amendment provides \$3.0 million in additional debt issuance authority through the Virginia Public Building Authority to address the ongoing maintenance needs of the existing facilities during the planning phase of the new facilities.

Remove Language Related to Deposit of Local Fines and Fees – Section 3-6.05

When a local law enforcement officer writes a ticket against a local ordinance and the driver is found guilty or pleads no contest, the associated fine is retained by the locality where the offense occurred. Language in the enrolled budget, however, requires that certain localities that collect fines above a certain level must remit a portion of those excess fines to the state. It goes further to completely exempt two specific localities from the remittance. To require some localities to remit a portion of those fines to the state just because they are above a certain level of collection and to exempt two localities entirely from such remittance seems arbitrary and unfair.

My amendment removes language in Section 3-6.05 concerning the payment of such local fines to the state thus allowing localities to retain all fines collected from tickets written against local ordinances.

Restrictive language concerning women's reproductive health services – Section 4-5.04

I have promised many times to stand in the way of any and all attempts to interfere with a woman's right to make her own health care decisions. If we are going to build a new, more vibrant Virginia economy, we need to be opening up doors to quality, affordable health care, not closing them. The Commonwealth does not need additional language which would prohibit women from accessing reproductive health services. Such additional language would interfere with medical decisions between a woman and her doctor and would also disproportionately impact economically disadvantaged women in Virginia.

My amendment removes language that would prohibit the expenditure of general or nongeneral funds for abortion services, unless mandated by state statute or federal law.

Recommended Resources

I am not recommending any changes to the base revenue forecast that we adopted throughout this General Assembly Session. My requested spending is offset by two amendments that add \$14.1 million in additional resources to the balance available at the beginning of the biennium.

The first adds \$3.0 million in resources by capturing savings from debt service appropriations in FY 2016 that will not be expended. These savings will revert at the end of FY 2016 and thus become balances available for appropriation in the new biennium.

The second adds \$11.1 million in resources by recognizing the proceeds from the sale of an ABC building in Alexandria. This sale was originally scheduled for FY 2015 and the resources were anticipated in that fiscal year; however, the sale did not close until August 2015. The proceeds were not included in the actual year-end balances from FY 2015 since they had not been received. Moreover, these resources were not anticipated in the FY 2016 estimates; therefore, they must be added to the FY 2016 general fund transfer collections and included in the balances at the end of this fiscal year, thus increasing the beginning balance for the next biennium.

The budget you presented to me contained an unappropriated balance of \$9.9 million. I believe that it is prudent to leave sufficient resources for unforeseen circumstances that may surface in the future. Consequently, I am returning amendments to you, which if enacted, will actually increase the total uncommitted, unappropriated balance to approximately \$11.4 million.

Conclusion

Attached to this letter are the details of my proposed amendments. In your review of these proposals, I think you will find they are relatively minor and consistent with the objectives that I have stated throughout my administration and this legislative session.

I respectfully request your adoption of these amendments so that they may be incorporated into the Appropriation Act for the 2016-2018 biennium. Thank you for your consideration of my requests and for your service to the Commonwealth.

Respectfully submitted,
/s/ Terence R. McAuliffe

The Speaker stated that since the vote on the recommendation had been reconsidered it was as if the bill, with the recommendation, was before the House for the first time which was the appropriate time for the House to determine whether or not the Governor's amendment was distinct, specific, and severable.

The Speaker stated further that the motion was in order and the Chair would so rule.

Delegate Orrock propounded a parliamentary inquiry as to whether rejecting the motion by Delegate Simon would have the effect of passing the underlying bill.

The Speaker stated that the motion before the House was the motion by the Gentleman from Fairfax.

Delegate Toscano propounded a parliamentary inquiry as to whether, if the Gentleman's motion was agreed to, the original bill as sent to the Governor would be before the House.

The Speaker stated that the Gentleman from Charlottesville was correct.

Delegate Toscano propounded a further parliamentary inquiry as to whether it was appropriate to vote in the affirmative on the Gentleman's motion if a member wished to vote on the bill as it was sent to the Governor.

The Speaker stated that the motion before the House was to determine whether the Governor's recommendation was not specific and severable and that if a member agreed with the motion then he or she should vote "yes" and should vote "no" if he or she disagreed, just as the House had done previously on H.B. 834.

The Speaker stated further that the impact of agreeing to the motion was to place the enrolled bill, as presented to the Governor, back before the House which would allow further action pursuant to Article IV, Section 11, of the Constitution.

The motion by Delegate Simon was rejected.

Speaker of the House of Delegates

Clerk of the House of Delegates

FRIDAY, MAY 20, 2016

The following House bills, with communications thereto, were vetoed by the Governor:

COMMONWEALTH OF VIRGINIA
Office of the Governor
May 20, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 577. This bill would allow abandoned funds held in escrow by real estate brokers in interpleader cases heard in general district courts to be directed to the Virginia Housing Trust Fund. While I fully support the Virginia Housing Trust Fund, the mechanism established by this legislation is unconstitutional.

Article VIII, Section 8 of the Constitution of Virginia requires that all escheated funds be deposited in the Literary Fund. Although House Bill 577 does not use the term "escheated funds," the abandoned monies identified in the legislation nevertheless qualify as escheated funds.

In order to rectify this constitutional problem, I proposed amended language that replaced the Virginia Housing Trust Fund with the Literary Fund. The General Assembly elected not to accept the proposed language, returning House Bill 577 to me in the original, unconstitutional form.

I was pleased that the General Assembly concurred with my investment in the Virginia Housing Trust Fund for the upcoming biennial budget. I commend Delegate Robinson and supporters of this bill for attempting to further enhance that Fund. While the mechanism outlined in HB 577 is unworkable, I look forward to working with interested parties to identify a better solution.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

Office of the Governor
May 20, 2016

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 685, which allows for direct primary care agreements by excluding them from insurance laws and regulations. Direct primary care agreements are insurance-like contracts in which a patient pays a predetermined amount in exchange for future medical services with a primary care physician or group.

While I applaud the patron's desire to increase access to care, I feel this concept needs further scrutiny and study. Over the past three sessions, I have championed bringing federal taxpayer dollars back to the Commonwealth to cover more than 400,000 hard-working Virginians. A direct primary care agreement is merely a stop-gap measure in a time when bolder steps are needed. Not only would a product like this deter an individual from purchasing health insurance, it would still not cover any catastrophic care or chronic conditions requiring a specialist.

I proposed amending House Bill 685 by adding a reenactment clause to allow for further study. I am now vetoing this bill to allow more time to consider the potential challenges, issues and advantages associated with

direct primary care agreements. While direct primary care agreements may be good in theory, more work needs to be done on how to best implement this change and protect consumers.

Accordingly, I veto this bill.

Sincerely,
/s/ Terence R. McAuliffe

The following House bill, with a communication thereto, was vetoed in-part by the Governor:

COMMONWEALTH OF VIRGINIA
Office of the Governor
May 20, 2016

I have completed my review of House Bill 30. Overall, this budget represents a significant accomplishment. I am pleased that we were able to work together to develop a fiscally responsible biennial budget. This historic budget provides \$1 billion in additional funding for education, and it enhances funding for critical needs like transportation, support for our veterans, and initiatives to strengthen the new Virginia economy.

I am also pleased that the General Assembly concurred with the majority of the amendments I proposed during the reconvened session. As a result, we will provide resources to advance Virginia's position as a cybersecurity hub, better coordinate our bioscience research efforts, and strengthen protections for Virginia workers.

I am returning House Bill 30 with my signature. However, pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Item 306.JJJ.4, which is unconstitutional. Item 306.JJJ.4 purports to condition "all appropriations in this act" and to govern "notwithstanding any other provision of this act, or any other law," such that no funds may be expended or appropriated to implement expanded coverage under the Patient Protection and Affordable Care Act.

Item 306.JJJ.4 violates Article V, Section 6(d), which provides the Governor line-item veto power in appropriations acts. By conditioning all appropriations in the budget on Item 306.JJJ.4, the Governor's ability to issue a line-item veto is removed. I object to Item 306.JJJ.4 as a condition on Item 306, yet I am unable to reject it without also rejecting all of the monies appropriated in this \$100 billion budget bill. By drafting Item 306.JJJ.4 in its enrolled form, the General Assembly has attempted to entirely remove the Governor's ability to reject an objectionable item, which is an unconstitutional overreach.

Additionally, Item 306.JJJ.4 violates Article IV, Section 12, which mandates that "[n]o law shall embrace more than one object," a constitutional prohibition on combining into one legislative act multiple provisions that separately may not each receive majority support. If the policy underlying Item 306.JJJ.4 were a separate bill, as it should have been, then I would have vetoed it and that veto certainly would have been sustained. The General Assembly has attempted to avoid that result by embedding that policy in the budget bill.

Accordingly, I sign HB 30 and return it with a line-item veto of Item 306.JJJ.4, which is unconstitutional.

Sincerely,
/s/ Terence R. McAuliffe

Pursuant to Section 6 (d) of Article V of the Constitution, the Governor approved and signed the following bill, with the exception of the item vetoed, on May 20, 2016, which was assigned a chapter number for the 2016 Regular Session Acts of Assembly:

BILL NUMBER
H.B. 30

CHAPTER NUMBER

The following Senate bill was vetoed by the Governor:

THURSDAY, MAY 26, 2016

The Clerk communicated the following letter relating to House Bill No. 30, Chapter 780 of the 2016 Regular Session Acts of Assembly:

COMMONWEALTH OF VIRGINIA
House of Delegates
Richmond
May 26, 2016

The Honorable Terence R. McAuliffe
Governor of Virginia
Patrick Henry Building
1111 East Broad Street
Richmond, Virginia 23219

Dear Governor McAuliffe:

I write to you in my capacity as Keeper of the Rolls of the Commonwealth regarding the communication of your purported veto of paragraph JJJ. 4. of Item 306 of House Bill 30, 2016.¹ Based upon legal advice, it is my opinion that the purported veto does not constitute an item as required by Article V, Section 6 of the Constitution of Virginia. As a result, it is my duty not to publish the purported veto for the reasons set forth in this letter.

All item vetoes of an appropriation bill must conform to the requirements of Article V, Section 6 of the Constitution of Virginia. The interpretation of Article V, Section 6 by the Supreme Court of Virginia in *Brault v. Holleman* 217 Va. 441 (1976) is dispositive of the constitutionality of the purported veto in question:

While the Governor is empowered to veto any particular item or items of an appropriation bill, he must, for his veto to be valid, strike down the whole of an item; he cannot disapprove part of an item and approve the remainder... Where a condition is attached to an appropriation, the condition must be observed. The Governor cannot veto the appropriation without also disapproving the condition; correspondingly, he cannot veto the condition without also disapproving the appropriation.

Paragraph 4. provides that no general or nongeneral funds shall be used for costs incurred to implement coverage for newly eligible individuals under a provision of the federal Patient Protection and Affordable Care Act, and explicitly conditions the appropriations in House Bill 30 on this prohibition. Your purported veto did not, however, veto the appropriations covered by the conditions. Accordingly, pursuant to *Brault*, the veto is constitutionally invalid because it attempts to "veto the condition without also disapproving the appropriation."

For these reasons, the portion of House Bill 30 covered under the purported veto of paragraph JJJ. 4. of Item 306 constitutes less than an item in a contravention of Article V, Section 6, and I am duty-bound not to publish it.

Sincerely,
/s/ G. Paul Nardo

¹ Paragraph 4. states:

4. As a condition on all appropriations in this act and notwithstanding any other provision of this act, or any other law, no general or nongeneral funds shall be appropriated or expended for such costs as may be incurred to implement coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act, unless included in an appropriation bill adopted by the General Assembly on or after July 1, 2016.
