SUBSEQUENT TO ADJOURNMENT SINE DIE

A message was received from the House of Delegates by Delegate Cox, who informed the Senate that the House had adjourned sine die.

COMMUNICATION RECEIVED

SUBSEQUENT TO ADJOURNMENT SINE DIE

Subsequent to adjournment sine die, the following communication was received from the Governor:
TO THE MEMBERS OF THE GENERAL ASSEMBLY:

Congratulations on the adjournment of the 2017 session of the Virginia General Assembly, and thank you for your continued leadership on behalf of the people we serve.

Like the three that came before it, this legislative session was marked by bipartisan cooperation on issues that are important to the people of Virginia. When I gave the State of the Commonwealth address in January, I asked for your help in building on the progress we have made together over the past three years and addressing serious problems that we had yet to solve.

Forty-six days later, we have made significant investments in mental health funding and opioid treatment. We closed a budget shortfall while protecting core public services, like K-12 education, from cuts. And we worked together to get state employees, law enforcement, and teachers well-deserved raises. These significant steps forward will help us continue to grow our economy and make life better for people in every corner of the Commonwealth.

As we enter the next phase of the legislative calendar, there are a few issues that I will be reviewing carefully in advance of the reconvened session. I remain concerned that the state budget includes no additional funding to provide local and regional jails with the tools and training to perform mental health screenings and assessments. After the death of Jamycheal Mitchell, we must take swift action to prevent another tragedy from occurring.

I will also review budget actions related to the Commonwealth’s economic infrastructure. Investments in emerging economic sectors like solar energy, biotechnology, and cybersecurity are proven strategies leading to the creation of new jobs. We should prioritize those initiatives over items like Go Virginia, a worthy initiative that is not yet up and running.

My team and I will also review the hundreds of bills you passed during this session, the overwhelming majority of which improve to Virginia law and I will sign. However, I will not hesitate to veto legislation that I believe would make Virginia less safe, economically vibrant, or open to people and businesses from every walk of life. I have already vetoed several pieces of legislation this year, including bills that would restrict access to women’s health care or needlessly expand access to deadly weapons. As I said at the beginning of the session, it would be my preference that such bills never pass the General Assembly. However, I will continue to use my veto power, as my review of legislation moves forward.

As the session draws to a close, there are several items that did not pass this year that I sincerely hope you will consider next year. This year I submitted legislation that would subject the student loan industry to stricter oversight in Virginia. I hope you will pass such a proposal next year so that students can get an education in Virginia without falling victim to unscrupulous loan servicers.

I also submitted legislation to reduce gun crime by instituting universal background checks for firearm sales. This is a common sense proposal that will keep guns out of the hands of people who are forbidden from owning them. It is well past time to move forward on this idea.
And finally, I hope you will act next year to bring Virginia's criminal justice system into the 21st century by adjusting the felony larceny threshold for inflation. We should hold thieves accountable, but subjecting someone who steals one pair of shoes to the lifelong consequences of a felony conviction is unjust and counterproductive.

The story of this legislative session is similar to the story of our more than three years working together. We have had our differences, but we have found ways to work together on important issues that grow our economy and create opportunity for the people we serve. The results are clear. When I took office, our unemployment rate was 5.4%. Today it is 4.1%. And there are 185,100 more jobs across our Commonwealth than when our work began. We are succeeding in building a new Virginia economy, and the steps we took this session will build on our success.

As our final session working together draws to a close, I want to express my sincere gratitude and admiration for the work the men and women of the Virginia General Assembly do every year. Sessions are grueling experiences that require you to leave your loved ones and your jobs. I know that work will not end when you return home.

As Governor, I have worked every day to build a stronger, more diversified, and more equitable Virginia economy. The work we have done together has benefited those efforts and the Virginia families, businesses, and communities we were elected to serve.

Thank you for your leadership and congratulations on a successful 2017 session.

Sincerely,

/s/ Terence R. McAuliffe

The Senate met at 12 m. in Reconvened Session of the 2017 Regular Session and was called to order by Lieutenant Governor Ralph S. Northam.

The Reverend Clyde W. Ellis, Jr., Mount Olive Baptist Church, Woodbridge, Virginia, offered the following prayer:

Let us pray. Heavenly Father, we thank You for the wisdom and promises of scripture, and we ask that the leaders of our state be guided by these words of prayer, as they lead, influence, and make decisions for our state, as well as wrestle with the challenges of balancing budgets and the many issues before them today.

Heavenly Father, we pray for wisdom and strength of character for our state Senate who together provides leadership for the citizens of Virginia. We pray that our state leaders will lead with compassion and love, and be forever aware of their huge responsibility to the people of Virginia.

May their decisions be positive, morally sound, inspirational and filled with compassion, love and respect.

Keep them ever mindful of the diversity of the state’s population, that they may serve without bias and be prepared to reach beyond traditional boundaries of service to meet all people in their time of need and to lead them into a bright and optimistic future.

Keep them ever mindful of their influence, particularly upon this state’s young people, so that future generations will be equipped to become effective leaders who will also share a strong vision of a godly state with a bright and optimistic future.

And lastly, Heavenly Father, we thank our leaders for their personal commitment and dedication as they enact policies, develop a vision for the days and years ahead, and help create an exciting future for our state. We ask that You bless our Senators with strength for the task.

SENATE BILLS VETOED BY THE GOVERNOR

Senator Norment moved that the Senate bills that follow, having been vetoed by the Governor, be considered en bloc:
S.B. 865 (eight hundred sixty-five).
S.B. 1105 (one thousand one hundred five).
S.B. 1240 (one thousand two hundred forty).
S.B. 1253 (one thousand two hundred fifty-three).
S.B. 1283 (one thousand two hundred eighty-three).
S.B. 1324 (one thousand three hundred twenty-four).
S.B. 1347 (one thousand three hundred forty-seven).
S.B. 1362 (one thousand three hundred sixty-two).
S.B. 1455 (one thousand four hundred fifty-five).
S.B. 1581 (one thousand five hundred eighty-one).

The motion was agreed to.

S.B. 865 (eight hundred sixty-five) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 16, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 865, which would provide an exemption to the prohibition against furnishing specified types of knives to minors. Under the bill, such a transfer would be permissible if between family members or “for the purpose of engaging in a sporting event or activity.” The term “sporting event or activity” is undefined.

Encouraging minors to possess weapons that can be used to maim, injure or cause death is contrary to the welfare of our youth and Commonwealth. Senate Bill 865 also would pose difficulties for law enforcement, in that there would be no way for a law enforcement officer to determine whether a minor met the criteria of the bill’s exceptions and thus was lawfully in possession of such a weapon.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

The reading of the communication was waived.

S.B. 1105 (one thousand one hundred five) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

February 23, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1105, which would require local election officials to investigate voters under certain circumstances and provide a report to the State Board of Elections.
By requiring 133 individual general registrars to conduct an investigation of voters under undefined standards, this bill raises serious constitutional questions. It could expose eligible and properly registered Virginians to the risk of improper disenfranchisement.

Further, Senate Bill 1105 would increase the administrative burden on local election officials. Rather than imposing unnecessary investigative requirements on those officials, we should focus attention and resources on the Commonwealth’s proven and efficient methods of list maintenance, which serve as a national model.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

The reading of the communication was waived.

S.B. 1240 (one thousand two hundred forty) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 13, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1240, which would create a new executive branch agency known as the Virginia Virtual School. This entity, governed by an independent policy board, would facilitate the provision of full-time, online education programs for students throughout Virginia.

This bill is virtually identical to HB 8 (2016). The Office of the Attorney General advised that HB 8 was unconstitutional; consequently, I vetoed it.

In establishing the Virginia Virtual School outside of the jurisdiction of the Board of Education, and most importantly, local school boards, this legislation raises significant constitutional concerns.

Students throughout Virginia need and deserve access to a wide variety of high quality virtual learning opportunities, including both blended and full-time options. Following my 2016 veto of HB 8, the Secretary of Education and Virginia Department of Education convened a workgroup composed of a broad range of stakeholders to explore alternative policy proposals to expand access for students. The workgroup’s recommendations formed the basis of new legislation, proposed this year at my request, which would have expanded access for students in every corner of the Commonwealth. This would be accomplished within a constitutionally-sound governance model that provided flexibility for local school divisions and maximized necessary supports for enrolled students.
It is unfortunate that despite this alternative proposal, the legislature instead chose to send me unconstitutional legislation nearly identical to that which I vetoed last year.

SB 1240 would create a new state agency outside the constitutional framework governing school divisions and boards.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

The reading of the communication was waived.

S.B. 1253 (one thousand two hundred fifty-three) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 16, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1253. This bill requires the state to make significant and costly changes to the existing voter registration database that will not improve election integrity. No funding is provided for localities to obtain and maintain equipment necessary or for the state to properly prepare for implementation. This bill will result in an unfunded mandate on localities, a waste of taxpayer money, and will increase voter confusion.

As Virginia already has one of the strictest voter photo ID laws in the country, the addition of photos from the Department of Motor Vehicles database to the pollbooks will have no effect on election integrity. Even if the state modifies the statewide voter registration list to include these photos, no funds have been allocated to localities to obtain and maintain equipment that includes photo download functionality. Further, by applying different photo ID requirements to different voters, this bill will increase voter confusion related to what identification is required to cast a regular ballot.

Senate Bill 1253 would require the state to expend a significant amount of money on unnecessary modifications to the statewide voter registration database without any benefit. To ensure the continued integrity of Virginia’s elections, we should focus on ensuring that the Department of Elections has sufficient funds to continue its ongoing operations, including vigorous list maintenance activities and voter education outreach, to remain a nationally recognized leader in election administration.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

The reading of the communication was waived.
S.B. 1283 (one thousand two hundred eighty-three) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA  
Office of the Governor  
March 13, 2017  

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1283. The bill would permit the Virginia Board of Education to create regional charter school divisions through which eligible school divisions could establish regional charter schools. Additionally, it would permit the state’s share of the student’s Standards of Quality funding to be diverted from the local school division to the regional charter school.

In establishing regional governing school boards that remove authority from local school boards and their members, this legislation proposes a governance model that is in conflict with the Constitution of Virginia. Public charter school arrangements are already available to divisions at the discretion of the local school board, which makes the ultimate decisions about the establishment, renewal and dissolution of charter schools within its division.

We should always consider new and innovative ways to provide a world class education to all of our students, but this particular governance framework is not viable within the parameters of Virginia’s constitutional structure.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

S.B. 1324 (one thousand three hundred twenty-four) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA  
Office of the Governor  
March 23, 2017  

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1324, which would shield from civil liability those who actively discriminate against same-sex couples. I vetoed this exact same bill last year, and my rationale for that veto remains the same.

Although couched as a “religious freedom” bill, this legislation is nothing more than an attempt to stigmatize. Any legitimate protections afforded by Senate Bill 1324 are duplicative of the First Amendment to the Constitution of the United States; Article I, Section 11 of the Constitution of Virginia; and the Virginia Religious Freedom Restoration Act. Any additional protections are styled in a manner that prefers one religious viewpoint—that marriage can only validly exist between a man and a woman—over all other viewpoints. Such a dynamic is not only unconstitutional, it equates to discrimination under the guise of religious freedom.
This legislation is also bad for business and creates roadblocks as we try to build the new Virginia economy. Businesses and job creators do not want to locate or do business in states that appear more concerned with demonizing people than with creating a strong business climate. Legislation that immunizes the discriminatory actions of certain people and institutions at the expense of same-sex couples would damage Virginia’s reputation for commonsense, pro-business government. We need only look at the damage these types of laws are doing in other states to understand the harm this bill could bring to our Commonwealth and its economy.

We should be pursuing policies to make Virginia a more vibrant and welcoming place to live, work, and raise a family. Senate Bill 1324 would accomplish the opposite by making Virginia unwelcome to same-sex couples, while artificially engendering a sense of fear and persecution among our religious communities.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

S.B. 1347 (one thousand three hundred forty-seven) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 16, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1347, which legalizes the carrying of a concealed switchblade knife when it is carried for the purpose of engaging in a lawful profession or lawful recreational activity the performance of which is aided by the knife. This bill also legalizes the sale, bartering, giving or furnishing of switchblade knives.

Virginia Code does not define “lawful profession” or “recreational activity.” This modification will create a burden on law enforcement to determine whether a person is engaged in a lawful profession or recreational activity. The enforcement of this law would be challenging at best. For that reason, the Virginia Sheriffs Association has requested this veto.

There is no compelling need to add to the list of weapons that can be lawfully concealed from public view and easily traded. Legalizing the concealed carry of switchblade knives would needlessly endanger the lives of Virginians. Furthermore, the laws of the United States prohibit the manufacture, transportation or distribution of switchblade knives.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

The reading of the communication was waived.
S.B. 1362 (one thousand three hundred sixty-two) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 24, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1362. This bill would allow any member of the Virginia National Guard, Armed Forces of the United States, or the United States Armed Forces Reserve to carry a concealed handgun in a non-duty status, provided he is carrying his military identification card.

All of us are grateful to the brave young men and women who serve the Commonwealth and the Nation in uniform. However, that service does not automatically qualify them for the responsibilities involved in carrying a concealed handgun, any more than it automatically qualifies them for a driver’s license.

The bill, which would apply both to Virginia residents and non-residents, constitutes an unwarranted expansion of persons allowed to carry concealed handguns that is unnecessary to protect the citizens of the Commonwealth. The bill would create a separate class of individuals who do not require a concealed handgun permit.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

The reading of the communication was waived.

S.B. 1455 (one thousand four hundred fifty-five) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 24, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1455, which criminalizes the act of giving or receiving any monetary payment in exchange for registering to vote.

This activity is already criminalized under federal law and there is no evidence this activity is occurring in the Commonwealth or having any impacts on our elections. The bill does not define monetary payment which could make it a crime to participate in lawful activities such as offering or receiving a ride to a voter registration office.

Senate Bill 1455 is unnecessary. It is a bill in search of a problem. We should not make election laws for Virginians without evidence of the need for a change. Instead, we should work together to focus our efforts on ensuring that all of our citizens are able to fully participate in the democratic process.

Accordingly, I veto this bill.
Sincerely,

/s/ Terence R. McAuliffe

S.B. 1581 (one thousand five hundred eighty-one) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 20, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1581. Senate Bill 1581 would require the automatic denial of voter registration applications from certain eligible Virginians solely due to an error in a federal database or other databases, such as third parties engaged in the credit reporting industry.

The Voting Rights Act expressly prohibits denying applications for reasons that are not material to determining voter eligibility. Requiring 133 individual general registrars to implement a flawed application denial process will only increase the potential to disenfranchise eligible voters and stretch the limited resources of local elections officials.

Maintaining the Commonwealth’s current process for verifying social security numbers through an agreement with the Social Security Administration will ensure continued compliance with the Voting Rights Act. Requiring general registrars to deny applications from potentially eligible Virginians would be an unfunded mandate on localities and could disenfranchise Virginians.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

S.B. 872 (eight hundred seventy-two) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 13, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 872, which requires photo identification for any voter seeking absentee ballots by mail, telephonic or electronic transmission.

This bill remains substantively unchanged from a bill that I vetoed in 2015. The bill imposes barriers on an eligible voter’s ability to obtain and cast an absentee ballot. The requirement would not in any way deter fraudulent voting since it provides no means of verifying the identity of the individual depicted in the submitted photograph.

The right to vote is a fundamental tenet of our democracy, and we should be doing all we can to facilitate eligible citizens’ access to the ballot. This bill would undoubtedly result in the disenfranchisement of qualified eligible Virginian voters and increase the potential for costly and time-consuming litigation.

Accordingly, I veto this bill.

Sincerely,

S.B. 1299 (one thousand two hundred ninety-nine) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 24, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1299, which would provide that for a period of 45 days after the issuance of a protective order the individual seeking the protective order may lawfully carry a concealed weapon. This bill would eliminate the application and training requirements associated with concealed handgun permits and allow petitioners to carry a concealed weapon immediately upon the issuance of any protective order. It is identical to House Bill 766/Senate Bill 626 (2016), which I vetoed.

The bill perpetuates the dangerous fiction that the victims of domestic violence will be safer by arming themselves. It would inject firearms into a volatile domestic violence situation, making that situation less safe, not more.

In 2014, there were 112 family and intimate-partner related homicides in Virginia. Sixty-six of those deaths were with a firearm. I will not allow this bill to become law when too many Virginia women have already fallen victim to firearms violence at the hands of their intimate partner.

Accordingly, I veto this bill.

Office of the Governor

March 24, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1300, which requires courts to provide petitioners of certain protective orders with a list of firearms safety or training courses or classes. The bill directs the Department of Criminal Justice Services to approve these training courses and classes, and to publish and disseminate a list of providers.

This bill promotes the theory that the answer to domestic violence is the threat of greater, more lethal violence. Encouraging victims to arm themselves contradicts research which suggests that such a policy is more likely to result in tragedy than to prevent it. Facilitating the introduction of firearms into a volatile situation of domestic violence makes Virginia less safe, not more.

Accordingly, I veto this bill.

S.B. 1470 (one thousand four hundred seventy) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 13, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1470, which would reinstate the coal employment and production incentive tax credit and extend the allowance of the coalfield employment enhancement tax credit without meaningful reform.

As I stated last year when I vetoed similar legislation, I work tirelessly to build a new Virginia economy and ensure that the Commonwealth is the best place to live, work, and run a business. Making the most effective use of every dollar taxpayers entrust to their government is an essential part of that effort.

In January 2012, the Joint Legislative Audit and Review Commission (JLARC) published its final report, Review of the Effectiveness of Virginia Tax Preferences, Senate Document No. 4. That report established that the coal tax credits were intended to slow the decline of coal production and employment. Instead, JLARC found that the decline of coal production and employment was the same or even faster than was predicted before the credits were created. JLARC’s report concluded that the economic activity had not moved in the desired direction and that the credits had not achieved their goal.

Specifically, from 1988 until 2016, coal mine operators, electricity generators, and other coal-related companies have claimed over $637 million in tax credits. However, during the same period, the number of coal miners in Virginia has declined from 11,106 to 2,483. It would be unwise to spend additional taxpayer dollars on a tax credit that has fallen so short of its intended effectiveness.

Given the findings of the JLARC study and the lack of meaningful reform, including in this year’s legislative session, I believe it would be inappropriate to sign this legislation.

Accordingly, I veto this bill.

Sincerely,

**HOUSE BILL 1500**

I approve the general purpose of this bill, but I am returning it without my signature with the request that 27 amendments be adopted. Although the enrolled bill achieves most of the major objectives I proposed to you, I am returning it to you with amendments to address concerns that I have either noted to you previously or that have been brought to my attention since your passage of the budget.

I am grateful to each member of the House of Delegates and the Senate for your dedicated work and your timely passage of the budget. While we may differ on some of the details, your efforts reflect general support for the initiatives I proposed in the introduced budget and our shared commitment to strengthen Virginia’s economy.

Specifically, the House and Senate are to be commended for keeping the promise we all made to make compensation increases for our dedicated state employees and state-responsible local employees the priority issue in this budget. Likewise, I believe that we addressed the revenue shortfall, and balanced this budget in a manner that was fair, while protecting public education and other high priority services.

I applaud the commitment to fiscal prudence that you have demonstrated in this budget. The adherence to sound fiscal management, along with adoption of a Revenue Cash Reserve to guard against short-term revenue shocks, will help to ensure that the Commonwealth has the cash on hand to address potential negative impacts from sequestration, hiring and pay freezes for the federal workforce, or other potential federal actions.
Your decision to adopt a conservative revenue estimate and resist the temptation to raise the revenue forecast is commendable; however, I believe that we must do more to increase the unappropriated balance in this budget. The budget I introduced contained an unappropriated balance of $16.1 million. The budget returned to me reduces that to $3.6 million. My amendments will more than double the unappropriated balance contained in HB 1500 as enrolled.

Of the 27 amendments that I am proposing, 13 change spending, 11 are language-only changes, and three increase the resources available.

My spending amendments are more than supported by the additional revenues and technical savings that I have identified. In fact, my amendments add nearly $1.2 million in new revenue, and reduce total spending from the general fund by approximately $5.7 million. Consequently, the net result of the revenue, savings, and spending amendments I am recommending increases the unappropriated balance from $3.6 million to $10.4 million. A summary of these amendments is provided below.

**Summary of Amendments**

**Capture prior year recovery - Item 0**

My amendment makes a $200,000 technical adjustment to general fund revenue in FY 2017 to reflect a prior year expenditure refund received in the current year by the Department of the Treasury.

**Reflect effective date of budget on Sales Tax Nexus changes - Item 0**

§3-5.15 of the enrolled budget bill includes sales tax nexus changes that generate additional revenue. The enrolled bill assumes revenue in FY 2018 for this purpose but contains no added revenue in FY 2017 despite the fact that the provisions of the budget bill will be effective upon passage.

My amendment assumes an added $916,667 in revenue for FY 2017, representing a start date of June 1, 2017, for the sales tax nexus changes.

**Make technical correction to assumed revenue - Item 0**

Item 311 of the introduced budget proposed the authorization of new licensing fees for providers of adult behavioral health and developmental services. The introduced budget assumed a total of $250,000 in revenue from this proposed action. The enrolled bill removes the authorizing language in Item 311 but also removes $300,000 in assumed revenue instead of $250,000.

My amendment adds back $50,000 in general fund revenue to reflect the correct reversal of these amounts.

**Savings from closure of Peumansend Creek Regional Jail - Item 69**

The Peumansend Creek Regional Jail is scheduled to close on June 30, 2017.

My amendment captures approximately $4.0 million in savings related to the closure.
Funding for mental health assessments in jails - Item 70

Providing mental health services to offenders in local and regional jails strengthens public safety while addressing the challenges facing individuals with mental illness in our communities. The language approved by the General Assembly, requiring all jail staff to screen a person for mental illness, is a good step in the right direction.

My amendment recognizes this effort and provides $442,500 from the general fund in the second year to allow the Compensation Board to model a staffing standard consistent with the approved language related to mental health assessments. By modeling this initiative, the Compensation Board will be able to provide a better evaluation of the costs and benefits of requiring all jails to assess offenders within 72 hours of the initial screening by a qualified mental health professional.

Restore state funding for election activities - Item 86

The enrolled budget eliminates one-time general fund support of $105,000 for a call center to address citizens’ questions about the upcoming state elections and $50,000 to print additional voter registration and absentee ballot applications for distribution to third-party registration groups and state-designated voter registration agencies, as required by the National Voter Registration Act and the Code of Virginia. The enrolled budget also eliminates $500,000 of general fund support provided in my introduced budget to backfill the Department of Elections’ operating expenses currently funded through the federal Help America Vote Act (HAVA) grant that is expected to be depleted before the end of FY 2018.

My amendment restores $655,000 in FY 2018 to support citizens’ access to information needed for the November 2017 elections and to maintain the Department of Elections’ operations when the HAVA funding expires. The integrity of our elections depends on adequate resources.

Restore funding for a solar initiative - Item 120

The enrolled bill removes $1.1 million to support the growth of the solar industry in the Commonwealth. The development of solar energy is a critical component of a diversified mix of energy sources in the Commonwealth. The solar industry has developed and matured in other states, placing Virginia at a competitive disadvantage for attracting new businesses that demand access to alternative energy sources.

My amendment provides $1.1 million from the general fund in FY 2018 to support an expanded clean energy industry. Priority in the use of these funds will be given to solar energy projects in local public school divisions and to assist commercial, institutional, and individual customers in financing solar projects. Without this amendment, the Commonwealth would lack any dedicated funding to expand the development of solar energy.

Amend language regarding the withholding of appropriation - Item 125

The enrolled budget includes language authorizing the Comptroller to withhold general fund appropriation in the amount of $1.5 million from the Virginia Economic Development Partnership (VEDP) and to disburse the funding only as directed by the Chairmen of the House Appropriations and Senate Finance Committees following the chairmen’s receipt and evaluation of certain plans. However, the Virginia Constitution prohibits the General Assembly from delegating final legislative authority regarding budget or other enactments to a committee composed of a subset of the members of the General Assembly.
My amendment strikes the language requiring notification to the Comptroller by the Chairmen of the House Appropriations Committee and the Senate Finance Committee, and provides for the release of funds upon submission of the plans.

**Summer Cyber Camps - Item 138**

The budget as approved by the General Assembly did not include the funding I recommended for summer cyber camps. At a time when the Commonwealth has 36,000 unfilled cyber jobs, removing funding for cyber camps is short-sighted and fails to take into account the demand for cyber careers and the benefits of beginning cyber training and exposure prior to post-secondary education. Cybersecurity is a rapidly growing industry, requiring many new employees. We already have difficulty filling the open positions in this area. Virginia needs to offer programs and incentives to generate these new employees or risk losing these jobs to other states.

My amendment provides $480,000 from the general fund in FY 2018 for summer cyber camps.

**Restore funding for cybersecurity public service scholarships - Item 144**

The budget passed by the 2017 General Assembly eliminated $500,000 in FY 2018 funding and related governing language for the cybersecurity public service scholarships program approved by the 2016 General Assembly. This program was intended to strengthen the state’s ability to recruit cybersecurity talent by awarding scholarships to individuals who would work for the state upon completion of their cybersecurity academic program. Given the great quantities of sensitive information held by the state, and the difficulty for the state in competing with the private sector for individuals with experience in protecting information technology from cyber attacks, this program is vital for the state to continue defending itself from hackers and criminals.

My amendment provides $500,000 from the general fund in FY 2018 and restores the associated language.

**Cybersecurity Program Funding - Item 213**

Amendment 213 #2c removes the funding approved by the General Assembly in 2016 that allowed the community college system to hire a full-time employee to design and implement a cybersecurity curriculum, and provided funds to individual community colleges to support faculty engagement, curriculum development, and professional development for college personnel in cybersecurity. These efforts will provide the foundation for all community colleges to offer cybersecurity courses, allowing them to compete for a designation as a federal center of excellence for cybersecurity. Such designation is vital for graduates of cybersecurity programs to readily obtain jobs in the rapidly growing cybersecurity field.

My amendment restores this funding by providing $280,000 in FY 2017 and $152,000 in FY 2018 from the general fund to allow the community colleges to continue moving forward in providing cybersecurity education to Virginians seeking good paying jobs.

**Amend Virginia Tech Extension fund split language - Item 229**

The enrolled budget directed that the general fund share for the Virginia Tech Extension shall be 95 percent for state funding calculations. The language does not specify the effective date of this provision and would require an additional $1.0 million from the general fund if implemented for funding calculations in the current biennium.
My amendment clarifies that this provision will take effect for state funding calculations beginning July 1, 2018.

**Partially restore budget reductions - Item 247**

My introduced budget proposed a five percent reduction in general fund support to all institutions of higher education in FY 2018, including Eastern Virginia Medical School (EVMS). The General Assembly lowered the reduction for a number of higher education institutions but accepted the five percent reduction for EVMS.

My amendment changes the reduction to EVMS from five percent to four percent to be more consistent with the restoration of funds provided to most other higher education institutions in the enrolled budget.

**Authorizes transfer of nutrition program - Item 294**

I strongly believe that food security and nutrition are essential to the support of our youth so they may achieve educational success. Currently, the Department of Education (DOE) administers the National School Lunch Program, which is a federally assisted meals program operating in public and nonprofit private schools and residential child care institutions. It provides nutritionally balanced, low-cost, or free lunches to children each school day. The Virginia Department of Health (VDH) administers the Summer Food Service Program (SFSP), which is a federally assisted meals program that provides meals and snacks to children during the summer months when school is not in session. VDH also administers the Child and Adult Care Feeding Program (CACFP), with the At-Risk Afterschool Meals Program component of the CACFP serving healthy meals and snacks to children and teenagers who participate in afterschool programs in low income areas. The Summer Food Service Program and the At-Risk Afterschool Meals Program provide a function that is similar to the National School Lunch Program and therefore should be administered by DOE.

My amendment adds language that authorizes the Director, Department of Planning and Budget, to transfer the associated appropriation and authorized positions supporting the federal Summer Food Service Program and the At-Risk Afterschool Meals Program component of the CACFP from the Virginia Department of Health to the Department of Education upon the execution of a memorandum-of-understanding between the two agencies and after coordination with the United States Department of Agriculture to ensure a seamless transition. Since both federally assisted programs are provided by the United States Department of Agriculture, consolidating these programs under one agency would increase program capacity and efficiency.

**Support Local Health Department Rent and Renovations – Item 295**

Many of the local health department offices are in space that has been under long-term lease contracts. As these contracts expire, we often must adjust funding to reflect current market prices. In FY 2018, the contracts in the Chesterfield and Accomack office must be renewed and the terms of those renewals are now known.

My amendment provides $303,236 from the general fund in FY 2018 to fund rent increases and renovation costs for these two local health departments so that they may continue to provide vital health services to our citizens. These funds are necessary to allow for the uninterrupted provision of these services, including immunizations and disease detection and prevention.
Clarify the authority of DMAS informal appeals agents - Item 306

The enrolled budget allows informal appeals agents at the Department of Medical Assistance Services to close an informal appeal based on a settlement between the parties up to $250,000 without legal review by the Office of the Attorney General. The removal of this legal review could create several problems and could result in inconsistent settlement policy. The Office of the Attorney General should review and approve all compromises of claims of the Commonwealth pursuant to §2.2-514 of the Code of Virginia.

My amendment clarifies the authority of informal appeals agents but retains the legal review of settlement language by the Office of the Attorney General.

Restore authority to implement federal health care reforms - Item 306

I ask that you reconsider budget language that would allow Virginia to quickly react to and take advantage of the nation’s health care policy should it continue to benefit the Commonwealth.

My amendment restores authority for me, on or after October 1, 2017, to direct the Department of Medical Assistance Services (DMAS) to amend the state’s Medicaid plan if the federal Affordable Care Act (ACA) is continued, amended, or replaced through federal law or regulation, such that an enhanced federal medical assistance percentage (FMAP) rate is available for newly eligible individuals. Any savings associated with such action would be unallotted and reserved for appropriation by the 2018 General Assembly. This measure ensures that I can respond to the evolving health care landscape and ensure Virginians can take advantage of any new opportunities presented by changes in federal programs.

Strike supplemental payment language - Item 306

As you know, over my tenure as Governor I have been a staunch advocate for ensuring that the hardworking taxpayers of Virginia get their fair share of federal revenue returned to the Commonwealth. However, I cannot in good conscience allow our state to pursue actions that might jeopardize future funding and place vulnerable Virginians at risk.

The enrolled budget includes language that seeks to make supplemental Medicaid payments to certain private hospitals. In order to offset some portion of the added cost of these payments, state agencies not associated with the Medicaid program would be required to transfer funds currently budgeted for safety net and other human services into the Medicaid program. While private hospitals might voluntarily work with the impacted programs to preserve these services, there is no assurance that this will occur without violating federal rules. Should the federal government determine any arrangements exist between enhanced payments and services being provided by the hospitals on behalf of the state, the associated Medicaid payments would be deemed improper, leading to disallowances and creating a financial liability for the Commonwealth. Further, it is inappropriate to create the expectation among these private hospitals that the Commonwealth will be able to provide these supplemental payments. The budget as enrolled does not provide any funding specifically for these; instead, it relies on the transfer of funds currently appropriated for ongoing services.

My amendment strikes this language to avoid significant risks to the Commonwealth with regard to financial liability, federal scrutiny, and critical services.
Remove language relating to Public Private Transportation Act of 1995 - Item 436

The General Assembly added budget language that would extend public works contract requirements to state-initiated transportation projects to include projects developed under the Public-Private Transportation Act (PPTA) of 1995. This could preclude vendors with union labor from participating in PPTA projects.

My amendment strikes this new restrictive language since it is likely to limit the number of companies willing to participate in transportation projects under the Public-Private Transportation Act. Vendors involved with PPTA projects are typically national and international firms. Any restrictions on these vendors will reduce the possible benefits Virginia could reap from its PPTA projects.

Administrative actions related to toll violations - Item 442

Recent news has revealed a problem with some private toll operators placing exorbitant fees on individuals with toll violations. Charging amounts greater than $2,200 against first time toll violators, or proposing settlements greater than that amount, runs counter to the spirit and intent of the agreements we have signed with private toll operators.

My amendment establishes stricter parameters for when the Department of Motor Vehicles can refuse to issue or renew a vehicle registration or license plate to an individual identified with toll violations. It is anticipated this language will help discourage toll facility operators from charging exorbitant fees for toll violations.

Capture state health insurance savings - Item 475

The enrolled budget did not include any changes to the state health insurance premiums or enrollment estimates included in Chapter 780, 2016 Acts of Assembly. The actuary's report for the state health insurance plan recommends lower total premiums than the premiums funded in Chapter 780 for the COVA HealthAware, COVA High Deductible, and Kaiser Permanente health plans.

My amendment reduces the monthly premiums for employees enrolled in the COVA HealthAware plan. Updating employee enrollment figures with more recent data provides sufficient savings to fund the employer’s share of these premium updates and generates net general fund savings. These changes result in a net general fund savings of $263,683 in FY 2017 and $557,646 in FY 2018 based on updates to 2016 state health insurance plan enrollments and premiums for the COVA HealthAware, COVA High Deductible, and Kaiser Permanente health plans provided by the Department of Human Resource Management.

Increase Jamestown-Yorktown 2019 Commemoration reversion - Item 475.10

As you know, my introduced budget proposed $5 million in general fund support for the 2019 Commemoration, while the budget passed by the General Assembly provides $10.0 million.

My amendment reduces an additional $5 million in general fund support in FY 2018 from the appropriation for the Jamestown- Yorktown 2019 Commemoration in the reversion clearing account established by the General Assembly. After this action, the budget will still provide $5.0 million in general fund support for the 2019 Commemoration. These savings will not be spent but instead be added to the bottom line to double the unappropriated balance, thus providing additional cushion in case we face negative revenue issues resulting from potential federal budget cuts and the freeze on federal hiring.
Remove appropriation diverting funds from VCEDA - Item 476

The enrolled bill directs the Virginia Coalfields Economic Development Authority (VCEDA) to provide up to $500,000 of its balances to the Lenowisco and Cumberland Plateau Planning District Commissions to support economic development activities in Southwest Virginia. Currently, the Lenowisco and Cumberland Plateau Planning District Commissions each receive $75,971 from the general fund in each year. Further, the budget also provides funds for the Virginia Initiative for Growth and Opportunity in Each Region (GO Virginia). GO Virginia’s focus is the creation of state financial incentives, technical support, and other assistance that will encourage collaboration for private-sector growth and job creation by business, education, and government entities in nine designated regions. Each region is or will be soon developing a plan for spurring regional growth.

My amendment removes the appropriation and corresponding budget language. I believe that the VCEDA funds duplicate efforts that can be accomplished through GO Virginia.

Increase maintenance reserve funding - Item C-44

Scott House, completed in 1911, sits in the middle of the Virginia Commonwealth University (VCU) campus on Franklin Street. Due to deteriorating conditions of the building and the recent collapse of a ceiling, the university has removed all employees from the premises and braced the structure in places where additional failures could occur. This facility is on the National Registry of Historic Places and repairs are necessary if the building is to be used by the university to support academic programs in the future. Unless repairs are done soon, there is danger of additional structural failures.

My amendment provides up to $3.5 million of additional bond support for maintenance reserve, to be used by VCU to stabilize and repair the Scott House. The state normally provides one hundred percent of funding for facilities identified as providing educational and general programs, such as the Scott House. For this project, however, the university will be required to equally match the state funding provided.

Additional funding for War Memorial project - Item C-48.10

The original scope of the Virginia War Memorial capital project included a three-level parking deck; however, the current funding is sufficient for only a two-level deck.

My amendment adds $1.5 million of Virginia Public Building Authority debt to cover the additional costs so that the project may proceed, including a third level for the parking deck, as originally intended.

VCBA bond issuance authorization language - Item C-48.10

Item C-48.10 of the introduced budget originally included only projects for which bonds are issued by the Virginia Public Building Authority (VPBA). The enrolled budget amends this item to include projects of agencies for which the Virginia College Building Authority (VCBA) normally issues bonds, but did not include VCBA in the authorizing language.

My amendment adds language authorizing VCBA to issue bonds for projects in this item. Explicit legislative authorization is required to issue VCBA debt.

Virginia Birth-Related Neurological Injury Compensation Program Language - Item 4-5.01

My amendment clarifies conditions for payments made under the Virginia Birth-Related Neurological Injury Compensation Program and requests that the State Corporation Commission report on options to improve the actuarial soundness of the program.
Conclusion

I am not recommending any changes to the conservative base revenue forecast upon which we have agreed throughout this General Assembly Session. My requested spending is offset by three amendments that add $1.2 million in additional revenue available in FY 2017, and from savings in two technical amendments that capture approximately $4.8 million of unneeded appropriations in FY 2017 and FY 2018.

Taken together, the additional revenue and the savings from reduced appropriations provide approximately $6.0 million with no changes in policy. These resources more than cover the cost of my spending proposals that total approximately $4.1 million.

As I previously stated, the level of the unappropriated balance concerns me. The budget you presented to me contained an unappropriated balance of $3.6 million. I believe that it is prudent to leave sufficient resources for unforeseen circumstances that may surface in the future; and given our current circumstances, $3.6 million is not adequate. To that end, in addition to the balances that will be added by the amendments I have discussed thus far, I am returning this budget to you with one last amendment that I hope you will give serious consideration.

I have been consistent in my message that $10.0 million is too much to spend for the Jamestown-Yorktown Commemoration. I am proposing to reduce the general fund appropriation to the Jamestown-Yorktown Commemoration by $5.0 million in FY 2018 and that these savings not be spent but instead be added to the bottom line to double the unappropriated balance to more than $10.4 million. This will preserve those funds for other potential economic shocks that we are likely to face, especially given the President’s proposed budget and the prospects that the federal government will operate in the near term under a continuing resolution that essentially will lead to further sequestration actions. If we determine next year that the additional unappropriated balances are not needed and the Commemoration still needs these funds, this issue can be revisited. Until then, I ask that you show the prudence to redirect these balances to the bottom line.

Attached to this letter are the details of my proposed amendments. In your review of these proposals, I think you will find they are relatively minor and consistent with the objectives that I have stated throughout my administration and this legislative session.

I respectfully request your adoption of these amendments so that they may be incorporated into the amended Appropriation Act for the 2016-2018 biennium. Thank you for your consideration of my requests and for your service to the Commonwealth.

Respectfully submitted,

/s/ Terence R. McAuliffe

Amendment 18: Strike supplemental payment language

Health and Human Resources

Language:
Page 294, strike lines 51 through 56.
Page 295, strike lines 1 through 21.

Explanation:
(This amendment removes language requiring the Department of Medical Assistance Services (DMAS) to make supplemental payments to certain private hospitals. In order to offset some portion of the added cost of these payments, state agencies not associated with the Medicaid program would be required to transfer funds currently budgeted for safety net and other human services into the Medicaid program. While it may be speculated that private hospitals may voluntarily work with the impacted programs to preserve these services, there is not and cannot be any assurance that this will occur without violating federal rules. Should the federal government determine any arrangements exists between enhanced payments and services being provided by the hospitals on behalf of the state, the associated Medicaid payments would be deemed improper, leading to disallowances and thereby creating a financial liability for the Commonwealth. Further, it is not appropriate to create the expectation among these private hospitals that the Commonwealth will be able to provide these supplemental payments. The budget as enrolled does not provide any funding specifically for these; instead, it relies on the transfer of funds currently appropriated for ongoing services.)

Explanation:
(This amendment establishes stricter parameters for when the Department of Motor Vehicles can refuse to issue or renew a vehicle registration or license plate to an individual identified with toll violations. SENATE BILLS VETOED BY THE GOVERNOR

SUBSEQUENT TO ADJOURNMENT SINE DIE

S.B. 1023 (one thousand twenty-three), subsequent to adjournment sine die of the Reconvened Session of the 2017 Regular Session, was returned by the Governor with the following communication:
COMMONWEALTH OF VIRGINIA
Office of the Governor

April 27, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1023. This bill, which is opposed by the Virginia State Police, would prohibit the sharing of Virginia concealed handgun permit information with another state’s law-enforcement agencies if Virginia does not have a concealed handgun reciprocity agreement with that state. The bill also would require the State Police to publish a list of states recognizing the validity of Virginia concealed handgun permits on its website.

Information sharing is the bedrock of effective cross-jurisdictional law enforcement, and the withholding of information adversely impacts investigations and jeopardizes the safety of officers. Depriving law enforcement officers of this critical, potentially life-saving information would put them in harm’s way -- an unacceptable outcome that I cannot support.

During the Reconvened Session, I offered a substitute to Senate Bill 1023 which would have enhanced public safety by restoring Virginia’s “One-Handgun-A-Month” law. Since this law was repealed in 2012, Virginia has once again become a prime location for criminals to purchase weapons in bulk. This amendment was not adopted.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

S.B. 1315 (one thousand three hundred fifteen), subsequent to adjournment sine die of the Reconvened Session of the 2017 Regular Session, was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

April 27, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1315, which would undercut current safety requirements for the storage of firearms and ammunition in foster care homes.

Many children in foster care have suffered difficult childhood experiences and struggle to find a stable home. The state has a special responsibility to ensure that those children enjoy living conditions that are as safe as possible.

To provide an extra layer of protection from unintended use of weapons in foster care homes, the state currently requires firearms and ammunition to be stored in separate, locked locations. Senate Bill 1315 would eliminate this added protection, increasing the risk that children might gain unauthorized access to firearms and ammunition.

During the Reconvened Session, I offered a substitute amendment that would have strengthened the gun safety provisions by requiring compliance with local ordinances, requiring firearms to be stored separately from ammunition, and clarifying the required use of safety mechanisms. This amendment was rejected.
The unintended use of weapons can pose a serious danger to children and adults in foster care homes.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

S.B. 1303 (one thousand three hundred three), subsequent to adjournment sine die of the Reconvened Session of the 2017 Regular Session, was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

May 1, 2017

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1303, which curtails the amount of time that eligible Virginians have to register to vote. The bill would reduce the number of hours for eligible Virginians to register to vote online by imposing a deadline of 5 p.m. on the final day of registration.

Since the implementation of online voter registration in 2013, more than one million eligible Virginians have taken advantage of this option. Online voter registration decreases the administrative burden on local election officials, increases the accuracy of the voter registration list, and decreases the costs of Virginia elections. This option should be promoted – not restricted – to further enhance its efficiencies.

During the Reconvened Session I offered amendments that would have retained the current 11:59 p.m. online registration deadline, and broadened the opportunities for eligible Virginians to register to vote, by permitting general registrars to accept registrations in person through 11:59 p.m. on the final day of voter registration. These amendments were rejected.

Eligible Virginians should continue to be allowed to register up until 11:59 p.m. in order to make it easier for our busy citizens to participate in the electoral process. We should be working to reduce barriers faced by eligible Virginians when engaging in the franchise, rather than creating new ones.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

S.B. 1285 (one thousand two hundred eighty-five), subsequent to adjournment sine die of the Reconvened Session of the 2017 Regular Session, was returned by the Governor with the following communication:
Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1285. This bill would require that an individual who owes restitution be placed on an indefinite period of probation, until all restitution is paid.

This bill would move Virginia toward criminalizing the inability to pay restitution. It is unclear whether imposing indefinite probation would have any effect other than to expend resources tracking individuals who are simply unable to pay.

My Administration’s approach to public safety has emphasized community-based law enforcement practices, successful prisoner re-entry, and increased economic opportunities for all Virginians. The results speak for themselves: Virginia has the lowest recidivism rate in the nation.

At the Reconvened Session, I offered a substitute amendment to Senate Bill 1285 that would have provided the opportunity to assess its effectiveness by applying it as a pilot program, sunsetting its provisions in 2019, and directing the Crime Commission to monitor its effects. This amendment was rejected.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe

S.B. 1239 (one thousand two hundred thirty-nine), subsequent to adjournment sine die of the Reconvened Session of the 2017 Regular Session, was returned by the Governor with the following communication:

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1239. This bill would repeal the requirements that more than 1,000 child day centers must comply with in order to be exempt from licensure.

Parents across the Commonwealth rely on child day centers to care for their infants and toddlers, and they deserve to know that their children are safe.

I appreciate that a great deal of bi-partisan collaboration occurred over the past year to strengthen the safety and well-being of children in exempt out-of-home care. However, Senate Bill 1239 would negate years of effort to provide safe and quality care to Virginia’s children by eliminating staff-child ratios and supervision, procedures for ensuring that centers are free of injury hazards, and requirements that staff can recognize signs of child abuse/neglect at certain child day centers. Further, Senate Bill 1239 would remove the Commissioner of Social Services’ ability to revoke child day centers’ exemptions for serious or persistent violations.
I have directed the Commissioner of Social Services to continue the momentum by pursuing administrative actions to ensure all children are safely cared for regardless of the type of child day center they attend.

Accordingly, I veto this bill.

Sincerely,

/s/ Terence R. McAuliffe
