Notwithstanding any other provision of state law, and to the extent and in the manner permitted by federal law, the Virginia Information Technologies Agency shall have the legal authority to access, use, and view data and other records transferred to or in the custody of the information technology security service center pursuant to this item. The services of the center are intended to enhance data security, and no state law or regulation imposing data security or dissemination restrictions on particular records shall prevent or burden the custodian agency's authority under this item to transfer such records to the center for the purpose of receiving the center's services. All such transfers and any access, use, or viewing of data by center personnel in support of the center's provision of such services to the transferring agency shall be deemed necessary to assist in valid administrative needs of the transferring agency's program that received, used, or created the records transferred, and personnel of the center shall, to the extent necessary, be deemed agents of the transferring agency's administrative unit that is responsible for the program. Without limiting the foregoing, no transfer of records under this item shall trigger any requirement for notice or consent under the Government Data Collection and Dissemination Practices Act (GDCDPA) (§ 2.2-3800 et. Seq.) or other law or regulation of the Commonwealth. The transferring agency shall continue to be deemed the custodian of any record transferred to the center for purposes of the GDCDPA, the Freedom Of Information Act, and other laws or regulations of the Commonwealth pertaining to agencies that administer the transferred records and associated programs. Custody of such records for security purposes shall not make the Virginia Information Technologies Agency a custodian of such records. Any memorandum of understanding under authority of this item shall specify the records to be transferred, security requirements, and permitted use of data provided. VITA and any contractor it uses in the provision of the center's services shall hold such data in confidence and implement and maintain all information security safeguards defined in the memorandum of understanding or required by federal or state laws, regulations, or policies for the protection of sensitive data.

7. The rates required to recover the costs of the information technology security service center shall be provided by the Virginia Information Technologies Agency to the Department of Planning and Budget by September 1 each year for review and approval of the subsequent fiscal year's rate.

C.1. Out of this appropriation, \$474,941 the first year and \$474,941 the second year for Cloud Based Services Oversight is sum sufficient and amounts shown are estimates from an internal service fund which shall be paid solely from internal service fund revenues for a program to support the use of cloud service providers by state agencies served by the Virginia Information Technologies Agency.

2. As part of the program, the Virginia Information Technologies Agency shall develop policies, standards, and procedures for the use of cloud services providers by state agencies served by the Virginia Information Technologies Agency. These policies, standards, and procedures shall address the security and privacy of Commonwealth and citizen data; ensure compliance with federal and state laws and regulations; and provide for ongoing oversight and management of cloud services to verify performance through service level agreements or other means. VITA shall also establish a statewide contract of approved vendors authorized to offer cloud based services to state agencies.

3. Requests to use cloud providers shall be submitted by participating agencies to the Virginia Information Technologies Agency, which shall review such requests in accordance with the Commonwealth's policies, standards, and procedures. For approved requests, and consistent with Chapter 20.1 of Title 2.2, the Virginia Information Technologies Agency will procure cloud services on behalf of other agencies or may, upon request, authorize other state agencies to undertake such procurements on their own. The Virginia Information Technologies Agency shall also administer and oversee all contracts for cloud services used by agencies participating in the cloud services center, including verification of security and performance.

4. The Virginia Information Technologies Agency shall work with state agencies to assess opportunities for additional use of cloud services, including infrastructure, platform, and software as a service. This assessment shall include a review of options for use of service brokers and integrators, and options for providing storage and server services through cloud or on-premises means.

5. The rates required to recover the costs associated with providing oversight and management of cloud based services shall be included in the submission required by §4-5.03 of this act."

"g. Beginning in school year 2019-2020, one-time waiting list slots may, subject to available funds, be provided to school divisions that have utilized 100 percent of their calculated slots in the previous school year and had a waiting list for unserved eligible children as certified by such school divisions on the October 1 Virginia Preschool Initiative Fall Verification Report submitted to the Department of Education in the previous school year. Further, eligible school divisions that may request and receive a one-time allocation of such slots in the subsequent school year, shall offer such slots to at-risk four-year old children that (i) family income at or below 200 percent of federal poverty guidelines, (ii) family income is above 200 percent but at or below 350 percent of federal poverty guidelines in the case of students with special needs or disabilities, (iii) homelessness, or (iv) student's parents or guardians are school dropouts.

The amount of funding available to provide any waiting list slots to eligible school divisions shall be determined by the previous fiscal year year-end balance of the allocations in paragraph C. 14. a. 1) of this item. Further, the Department of Education shall ensure that supplemental grants for one-time expenses, other than capital, related to start-up or expansion of Virginia Preschool Initiative program in paragraph C. 14. f. of this item, are awarded and allocated first from any year-end balances before any remaining balances are considered for waiting list slots. Available funding shall be provided only to eligible school divisions that report using 100 percent of the upcoming school year slot allocation in the May 15 grant proposal and report using 100 percent of the school year slot allocation on the October 1 Virginia Preschool Initiative Fall Verification Report submitted to the Department of Education for the school year that waiting list slots are provided. If a school division's October 1 Virginia Preschool Initiative Fall Verification Report submitted to the Department of Education does not certify that 100 percent of the school year calculated slot allocation is used, then the Department of Education shall withdraw enough of the granted waiting list slots and associated funding provided such that the net difference between the withdrawn waiting list slots make up the percentage deficient from the school year calculated slot allocation not used.

The Department of Education shall submit a comprehensive report, detailing, but not limited to, the number of calculated slots and funding allocated to each school division, the number of calculated slots filled by each school division, supplemental grants requested and awarded by each school division, the number of waiting list slots requested by each school division, the number of waiting list slots offered to each school division, the number of waiting list slots filled by each school division and the funding allocated for the filled waiting list slots by each school division, to the Chairmen of House Appropriations and Senate Finance Committees no later than November 1, 2019, and annually thereafter. "T. The Virginia Community College System (VCCS) shall evaluate and submit a report on a strategy and funding for enhancing the rate at which community college students progress through the system's academic programs and attain degrees or other credentials. The evaluation should focus on enhancing institutions' academic advising services. The report should describe a plan for ensuring that each institution can provide proactive, individualized, mandatory advising for students who demonstrate the potential to benefit from such advising and who are at the highest risk of not earning a credential or transferring to a four-year higher education institution. The report should also describe the criteria that the system will use to identify high-risk students who should receive intensive, mandatory advising; describe the circumstances that will prompt mandatory academic advising meetings; estimate the total number of students who would be eligible; estimate the total cost of equipping each college to provide such advising; and identify the potential sources of funding for implementing the plan. The report should describe how the existing College Success Coach Initiative program could be expanded to achieve these purposes. The report should also describe the resources that would be necessary to require students to attend new-student orientation before enrolling in courses and to complete the student development course during their first semester, and such requirements should at least apply to students who are seeking a degree or credential and who have been identified by VCCS as being at-risk of non-completion. The report should be provided to the Secretary of Education and the Chairman of the House Appropriations and Senate Finance Committees by September 1, 2018."

B.1. Notwithstanding the provisions of § 2.2-1831.2, Code of Virginia, the Auditor of Public Accounts shall not be required to make a calculation at the close of fiscal year 2018 nor shall the Comptroller be required to commit any additional amounts to the Fund from any excess general fund resources based on fiscal year 2018 collections.

2. Any calculation made pursuant to the provisions of § 2.2-1831.2, Code of Virginia, by the Auditor of Public Accounts based on general fund resources collected in fiscal year 2019 shall be committed for deposit into the Fund established pursuant to § 2.2-1831.2, Code of Virginia, in fiscal year 2021. "4.a. No later than 45 days upon the passage of House Bill 29, the Department of Medical Assistance Services shall have the authority to (1) amend the State Plan for Medical Assistance under Title XIX of the Social Security Act, and any waivers thereof, to implement coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act and (2) begin the process of implementing a § 1115 demonstration project to transform the Medicaid program for newly eligible individuals pursuant to the provisions of 4.a.(1) and eligible individuals enrolled in the existing Medicaid program. No later than 180 days from the passage of House Bill 29, DMAS shall submit the § 1115 demonstration application to CMS for approval. If the State Plan amendment is affirmatively approved by CMS prior to the submission of the waiver, Medicaid coverage for newly eligible individuals may be implemented. If the State Plan amendment becomes effective without affirmative action by CMS, coverage may begin upon submission of the completed § 1115 demonstration application, per CMS notification, but no later than January 1, 2019. If the demonstration waiver cannot be completed by 180 days, despite a good faith effort to complete the application, the department may request an extension from the Chairmen of the House Appropriations and Senate Finance Committee. The department shall provide updates on the progress of the State Plan amendments and waiver applications to the Chairmen of the House Appropriations and Senate Finance Committees, or their designees, upon request, and provide for participation in discussions with CMS staff. The department shall respond to all requests for information from CMS on the State Plan amendments and waiver applications in a timely manner.

At least 10 days prior to the submission of the application for the waiver of Title XIX of the Social Security Act, the department shall notify the Chairmen of the House Appropriations and Senate Finance Committees of such pending application and provide a copy of the application. If the department receives an official letter from either Chairman raising an objection about the waiver during the 10-day period, the department shall make all reasonable attempts to address the objection and modify the waiver(s). If the department receives no objection, then the application may be submitted. Any waiver specifically authorized elsewhere in this item is not subject to this provision. Waiver renewals are not subject to the provisions of this paragraph.

c. The Department of Medical Assistance Services shall include provisions to make referrals to job training, education and job placement assistance for all unemployed, able-bodied adult enrollees as allowed under current federal law or regulations through the State Plan amendments, contracts, or other policy changes.

DMAS shall also include provisions to foster personal responsibility and prepare newly eligible enrollees for participation in commercial health insurance plans to include use of private health plans, premium support for employer-sponsored insurance, health savings accounts, appropriate utilization of hospital emergency room services, healthy behavior incentives, and enhanced fraud prevention efforts, among others through the State Plan amendments, contracts, or other policy changes.

d. The demonstration project shall be designed to empower individuals to improve their health and well-being and gain employer sponsored coverage or other commercial health insurance coverage, while simultaneously ensuring the program's long-term fiscal sustainability. The demonstration project shall include the following elements in the design:

(i) two pathways for eligible individuals with incomes between 100 percent and 138 percent of the federal poverty level, including income disregards, to obtain health care coverage: premium assistance for the purchase of a health insurance plan, or premium assistance for the purchase of employer-sponsored health insurance coverage if cost effective. The premium assistance program shall assist participants in purchasing a comprehensive benefit package consistent with private market plans, compliant with all mandated essential health benefits, and inclusive of current Medicaid covered mental health and addiction recovery and treatment services. The premium assistance program shall include (1) the development of a deductible account for eligible individuals participating in the premium assistance programs, comprised of participant contributions and state funds to be used to fund the health insurance premiums and to ensure funds are available for the enrollee to cover the initial year of medical expenses for the deductible, with the ability to roll over the funds from the account into succeeding years if not fully used. The monthly premium amount for the enrollee shall be set on a sliding scale based on monthly income, not to exceed two percent of monthly income, nor be less than \$1 per month; (2) provisions for coverage to begin on the first day of receipt of the premium payment or enrollment due to treatment of an acute illness; (3) provisions for instituting a grace period followed by a waiting period prior to re-enrollment if the premium is not paid by the participant or if the participant does not maintain continuous coverage; and (4) provisions to recover premiums payments owed to the Commonwealth through debt set-off collections;

(ii) provisions to enroll newly eligible individuals with incomes between 0 and 100 percent of the federal poverty level, including income disregards, in existing Medicaid managed care plans with existing Medicaid benefits or in employer-sponsored health insurance plans, if cost effective. Such newly eligible enrollees shall be subject to existing Medicaid cost sharing provisions;

(iii) cost-sharing for eligible enrollees with incomes between 100 percent and 138 percent of the federal poverty level, including income disregards, designed to promote healthy behaviors such as the avoidance of tobacco use, and to encourage personal responsibility and accountability related to the utilization of health care services such as the appropriate use of emergency room services. However, such individuals who also meet the exemptions listed in (iv) shall not be subject to cost sharing requirements more stringent than existing Medicaid law or regulations. Enrollees who comply with provisions of the Medicaid program, including healthy behavior provisions, may receive a decrease in their monthly premiums and copayments, not to exceed 50 percent.

(iv) the establishment of the Training, Education, Employment and Opportunity Program (TEEOP) for every able-bodied, working-age adult enrolled in the Medicaid program to enable enrollees to increase their health and well-being through community engagement leading to self-sufficiency. The requirement for participation in the TEEOP program shall not apply to: (1) children under the age of 18 or individuals under the age of 19 who are participating in secondary education; (2) individuals age 55 years and older; (3) individuals who qualify for medical assistance services due to blindness or disability, including individuals who receive services pursuant to a § 1915 waiver; (4) individuals residing in institutions; (5) individuals determined to be medically frail; (6) individuals diagnosed with serious mental illness; (7) pregnant and postpartum women; (8) former foster children under the age of 26; and (9) individuals who are the primary caregiver for a dependent, including a dependent child or adult dependent with a disability.

The TEEOP shall include requirements for gradually escalating participation in training, education, employment and community engagement opportunities through the program as follows:

- a. beginning three months after enrollment, at least 20 hours per month;
- b. beginning six months after enrollment, at least 40 hours per month;
- c. beginning nine months after enrollment, at least 60 hours per month; and
- d. beginning 12 months after enrollment, at least 80 hours per month;

The TEEOP shall also include provisions for satisfaction of the requirement for participation in training, education, employment and community engagement opportunities through participation in job skills training; job search activities; education related to employment; general education, including participation in a program of preparation for the General Education Development (GED) certification examination or community college

courses leading to industry certifications or a STEM-H related degree or credential; vocational education and training; subsidized or unsubsidized employment; community work experience; community service or public service; or caregiving services for a non-dependent relative or other person with a chronic, disabling health condition. The department may waive the requirement for participation in employment in areas of the Commonwealth with unemployment rates equal to or greater than 150 percent of the statewide average; however, requirements related to training, education and other community engagement opportunities shall not be waived in any area of the Commonwealth.

The TEEOP shall work with Virginia Workforce Centers or One-Stops to provide services to Medicaid enrollees. Such services shall include career services for program enrollees, services to link enrollees with industry certification and credentialing programs, including the New Economy Workforce Credential Grant Program, and individualized case management services.

The TEEOP shall, to the extent allowed under federal law, utilize federal and state funding available through the Temporary Assistance for Needy Families program, the Supplemental Nutrition Assistance Program, the Workforce Innovation and Opportunity Act, and other state and federal workforce development programs to support program enrollees.

v) monitoring and oversight of the use of health care services to ensure appropriate utilization;

e. The State Plan amendment and the waiver program shall include (i) systems for determining eligibility for participation in the program, (ii) provisions for disenrollment if federal funding is reduced or terminated, and (iii) provisions for monitoring, evaluating, and assessing the effectiveness of the waiver program in improving the health and wellness of program participants and furthering the objectives of the Medicaid program.

f. The department shall have the authority to promulgate emergency regulations to implement these changes within 280 days or less from the enactment date of House Bill 29."

Explanation:

(This amendment adds language to provide authority for the Department of Medical Assistance Services to seek approval from the Centers for Medicare and Medicaid (CMS) to enhance Medicaid coverage to certain low income individuals pursuant to the federal Patient Protection and Affordable Care Act (ACA) within 45 days of the effectiveness of this act. Language requires DMAS to seek federal approval for a State Plan amendment, while simultaneously seeking approval for a Medicaid waiver to promote efficiency, accountability, personal responsibility, and competitive, value-based purchasing of health care to provide a model of health coverage for participants that is fiscally sustainable and cost effective. Language requires the Department of Medical Assistance Services to transform the Medicaid program for newly eligible individuals pursuant to the federal Patient Protection and Affordability Act (ACA) and the existing Medicaid program.

Language requires that DMAS submit the § 1115 demonstration application to CMS for approval no later than 180 days from the passage of this act. If the State Plan amendments are affirmatively approved by CMS prior to the submission of the waiver, Medicaid coverage for newly eligible individuals may be implemented; however, if the State Plan amendment becomes effective without affirmative action by CMS, coverage may begin upon submission of the completed § 1115 demonstration application, but no later than January 1, 2019. If the demonstration waiver cannot be completed by 180 days, despite a good faith effort to complete the application, the department may request an extension from the Chairmen of the House Appropriations and Senate Finance Committees. Language requires DMAS to provide updates on the progress of the State Plan amendments and waiver applications to the Chairmen of the House Appropriations and Senate Finance Committees upon request and provide for participation in discussions with CMS staff. The department is required to respond to questions from the federal Centers for Medicare and Medicaid on the proposed state plan amendments and waiver application in a timely manner. Further, the agency is required to notify and submit a copy of the waiver application at least 10 days prior to federal submission to the Chairmen of the House Appropriations and Senate Finance Committees. If an objection to the waiver application is made by either Chairman, the department shall make all reasonable attempts to address the objection(s) and modify the waiver.

Language requires DMAS to include several provisions through the State Plan amendments, contracts or policy changes such as, referrals to job training, education and job placement assistance for all unemployed, able-bodied adult enrollees. In addition, DMAS is required to include provisions to foster personal responsibility and prepare enrollees for participation in commercial health insurance plans to include use of private health plans, premium support for employer-sponsored insurance, health savings accounts, appropriate utilization of hospital emergency room services, healthy behavior incentives, and enhanced fraud prevention efforts.

The demonstration waiver requires the development of a premium assistance program for individuals between 100% and 138% of the federal poverty level to obtain health insurance coverage through a private health insurance plan or through employer-sponsored coverage. It provides for a robust benefit package which

includes mental health services and addiction recovery and treatment services. The premium assistance program would include the development of a deductible account for eligible individuals comprised of individual contributions and state funding, monthly individual contributions based on a sliding scale not to exceed two percent of monthly income, provisions for the date coverage begins, provisions for a grace period followed by a waiting period prior to enrollment if the premium is not paid or continuous coverage is not maintained, and provisions to recover premium payments owed through debt set-off collections. Individuals with incomes between 0 and 100% of the federal poverty level would be enrolled in Medicaid private managed care plans with existing Medicaid benefits, subject to existing Medicaid cost sharing requirements.

The waiver also requires cost sharing to encourage personal responsibility for individuals with incomes between 100% and 138% of the federal poverty level. However, individuals meeting one of nine exemptions to the Medicaid Training, Education, Employment, and Opportunity Program (TEEOP) would not be subject to cost sharing requirements more stringent than existing Medicaid law or regulations. Enrollees who comply with provisions of the Medicaid program, including healthy behaviors may receive a decrease in their monthly premiums and copayments, not to exceed 50 percent.

Language requires the waiver to include requirements that engage individuals enrolled in Medicaid in the TEEOP to enable them to increase their health and well-being through community engagement leading to self-sufficiency. Individuals meeting certain exemptions would not be subject to the TEEOP requirements. Language is also added to require both the State Plan amendments and waiver application to include systems for determining eligibility for participation in the program, provisions for disenrollment if federal funding is reduced or terminated and an evaluation component for the project. Finally, language is added to authorize the agency to implement the provisions of the language prior to the completion of the regulatory process.)

Agency-directed care is not paid additional funding for overtime costs so this amendment maintains parity and ensures a level playing field in the marketplace. In addition, the U.S. Department of Labor significantly limits the ability to designate individuals as independent contractors, which may lead to the Department of Medical Assistance Services being determined to be the employer of record for consumer directed attendants. The department shall amend the State plan for Medical Assistance to implement a supplemental inpatient and outpatient payment for Chesapeake Regional Hospital based on the difference between reimbursement with rates using an adjustment factor of 100% minus current authorized reimbursement subject to the inpatient and outpatient Upper Payment Limits for non- state government owned hospitals. The department shall include in its contracts with managed care organizations a minimum fee schedule for Chesapeake Regional Hospital consistent with rates using an adjustment factor of 100%. The department shall adjust capitation payments to Medicaid managed care organizations to fund this minimum fee schedule. Both the contract changes and capitation rate adjustments shall be compliant with 42 C.F.R. 438.6(c)(1)(iii) and subject to CMS approval. Prior to submitting the State Plan Amendment or making the managed care contract changes, Chesapeake Regional Hospital shall enter into an agreement with the department to transfer the non-federal share for these payments. The department shall have the authority to implement these reimbursement changes consistent with the effective date(s) approved by the Centers for Medicare and Medicaid (CMS). No payments shall be made without CMS approval."

Explanation:

(This amendment provides \$3.0 million the first year and \$3.1 million the second year from nongeneral Medicaid funds to increase payments to Chesapeake Regional Medical Hospital, a non-state government owned hospital. Language allows the Department of Medical Assistance Services to make a supplemental payment for allowable costs subject to federal Upper Payment Limits, but requires the hospital to provide the funding to match the federal reimbursement for the supplemental payment.)

The department shall adjust the medical necessity criteria to reflect advances in medical treatment, new technologies, and use of integrated care models including behavioral supports. The department shall have the authority to amend the necessary waiver(s) and the State Plan under Titles XIX and XXI of the Social Security Act to include changes to services covered, provider qualifications and medical necessity criteria. The adjustments to these services shall meet the needs of members and maintain budget neutrality by not requiring any additional expenditure of general fund beyond the current projected appropriation for such nursing services.

2. The department shall have authority to implement these changes to be effective October 1, 2018. The department shall also have authority to promulgate any emergency regulations required to implement these necessary changes within 280 days or less from the enactment dated of this act. The department shall submit a report and estimates of any projected cost savings to the Chairmen of the House Appropriations and Senate Finance Committees 30 days prior to implementation of such changes."

Explanation:

(This amendment authorizes the Department of Medical Assistance Services to review and adjust private duty nursing services as a part of Medicaid home and community-based services (HCBS) waivers and the Medicaid Early, Periodic Screening, Diagnosis and Treatment (EPSDT) benefit. The medical necessity criteria for private duty nursing services for individuals in HCBS waivers and those who use the EPSDT benefit has not been evaluated for many years. This review is necessary to ensure that DMAS is applying updated medical necessity criteria that reflects the advances in medical treatment, new technologies, and use of integrated care models that allow medically complex individuals to live longer, healthier lives in their homes and communities. It will also ensure this service is being utilized in a clinically appropriate and cost effective manner for all Medicaid and FAMIS members and that lower costs services such as skilled nursing, home health nursing, personal care, and behavioral supports are utilized when clinically appropriate.)

Explanation:

(This amendment provides nongeneral funds from federal Medicaid matching funding and authority for the Department of Medical Assistance Services to adjust Medicaid funding sources for the Commonwealth's two state teaching hospitals, VCU Health System and UVA Medical System and their qualifying partners. In order to maintain federal supplemental funding, language is added to modify the payment methodology to address the move of the state's Medicaid program from fee-for-service to a managed care delivery system. The introduced budget assumed three quarters of savings from the existing Medicaid program that would occur if the program was transformed to cover to newly eligible individuals with incomes up to 138% of the federal poverty level pursuant to the Patient Protection and Affordable Care Act. This amendment assumes that only two quarters of savings from the existing Medicaid program will accrue to the state due to Medicaid transformation beginning on January 1, 2019 instead of October 1, 2018. These savings would accrue since the federal matching rate is higher for individuals in the newly eligible population than in the current Medicaid program (93.5% in fiscal year 2019 compared to 50% for the current Medicaid population). The agency estimates that a number of individuals in the existing Medicaid program will be moved into the newly covered population, along with individuals who obtain health care at the state's teaching hospitals because they are indigent. The workgroup shall report its recommendations to the Chairman of the House Appropriations and Senate Finance Committees by November 1, 2018."

Language

Language:

Explanation:

(This is a technical amendment which transfers almost \$6.0 million in nongeneral fund appropriations in the Department of Social Services between services areas in the Temporary Assistance to Needy Families (TANF) Program. The introduced budget inadvertently reduced funding for child care provided through the TANF Virginia Initiative for Employment Not Welfare program instead of in the TANF cash assistance program. This amendment nets to zero since funding is subtracted from one service area and added to another within the appropriation for the TANF program.)

The plan provides for raising the dam embankment by 2.6 feet with earthfill, widening the auxiliary spillway by 92 feet, constructing a splitter dike, and installing turn reinforcement mat for stability. It is anticipated that federal funds will be provided for the remaining \$4.1 million of costs associated with the rehabilitation. A joint non-profit, government, and higher education effort undertaken every six years to evaluate the health of the Elizabeth River, this review has been essential in guiding one of the most dramatic turnarounds of any river on the Chesapeake Bay. From being presumed dead, to leading the bay in oysters and de-listed as impaired in some areas, the Elizabeth River is an urban river success story. The scorecard serves as an education tool and essential guide to identifying the river's needs and trends. (This amendment would retire debt and interest incurred by W. E. Skelton Educational Conference Center at Smith Mountain Lake. In 2001, the Center voluntarily agreed to a consent order from DEQ to replace the lagoon wastewater system with a modern system, which was completed in 2005. In 2006, the General Assembly appropriated \$375,000 to pay for part of the Center's costs, and it was anticipated that the state would pay \$375,000, in 2007. That did not materialize. In 2013 the General Assembly appropriated an additional \$80,000. The Center has been burdened with this debt and interest load since 2007, hindering its ability to deliver its products. It is important to note that the lagoon system was directed and permitted by DEQ, which then changed the requirements.)

"K.1. The Commonwealth Transportation Board is directed to study financing options for Interstate 81 corridor improvements. In conducting its study, the Board shall evaluate the feasibility of using toll financing to improve Interstate 81 throughout the Commonwealth. Such evaluation shall not consider options that toll all users of Interstate 81, and shall not consider tolls on commuters using Interstate 81, but may consider high-occupancy toll lanes established pursuant to § 33.2-502 of the Code of Virginia and tolls on heavy commercial vehicles. The Board, with the support of the Office of Intermodal Planning and Investment, shall develop and adopt an Interstate 81 Corridor Improvement Plan by January 1, 2019, and shall submit to the Governor and the General Assembly an executive summary and a report of its findings and recommendations.

- 2. At a minimum, in the development of such Plan, the Board shall:
 - a. Designate specific segments of the Interstate 81 corridor for improvement;
 - b. Identify a targeted set of improvements for each segment that may be financed or funded in such segment and evaluated using the statewide prioritization process pursuant to § 33.2-214.1 of the Code of Virginia;
 - c. Ensure that in the overall plan of expenditure and distribution of any toll revenues or other financing means evaluated, each segment's total long-term benefit shall be approximately equal to the proportion of the total of the toll revenues collected that are attributable to such segment divided by the total of such toll revenues collected;
 - d. Study truck travel patterns along the Interstate 81 corridor and analyze policies that minimize the impact on local truck traffic;
 - e. Identify incident management strategies corridor-wide;
 - f. Ensure that any revenues collected on Interstate 81 be used only for the benefit of that corridor;
 - g. Identify actions and policies that will be implemented to minimize the diversion of truck traffic from the Interstate 81 corridor, including the prohibition of through trucks on parallel routes; and
 - h. Determine potential solutions to address truck parking needs along the Interstate 81 corridor."

Explanation:

(This amendment directs the Commonwealth Transportation Board to study opportunities to make improvements along the Interstate 81 Corridor and report its findings to the General Assembly by January 1, 2019.)

Subsequent to October 1, 2018, the department shall report on a quarterly basis to the Chairmen of the House Appropriations and Senate Finance Committees on the number of REAL ID compliant credentials that have been issued and any changes in average wait times at DMV offices that have resulted from the increased workload. The first report shall be submitted by January 1, 2019 for the period October 1, 2018 through December 31, 2018, and additional reports shall be submitted every three months thereafter."

Explanation:

(This amendment reduces the number of new FTE positions authorized to implement the federal REAL ID Act by 29 positions, leaving 42 new full-time personnel available. While a multi-year effort with up-front costs, the implementation of federally compliant identification should not rely on permanent employees given that we cannot accurately estimate how many will chose to pay for the voluntary credential, nor the timing of when citizens choose to obtain such credentials. House Bill 30 as introduced authorized an increase of 25.0 FTE positions in fiscal year 2018 and increased that number to 71.0 FTE positions in fiscal year 2019 and fiscal year 2020 to support this effort. This amendment reduces the position request and includes a number of reporting requirements to allow for greater General Assembly oversight of the process. If DMV sees a degradation of its service levels, the 2019 General Assembly could choose to address this issue by authorizing additional personnel.)

The Department of Rail and Public Transportation, in conjunction with the Department of Treasury and the Department of General Services shall investigate options to develop a program for the financing of statewide transit capital needs using the Master Equipment Leasing Program currently operated through the Department of the Treasury as a model to facilitate group purchases of mass transit equipment. The goal of the program would be twofold: (i) to achieve cost savings through bulk purchases and (ii) to establish a revolving fund to meet transit capital replacement needs that does not rely on the use of longer-term debt for items with a limited life cycle.

2. As part of this effort, the department shall convene a work group that includes representatives from the Northern Virginia, Rappahannock and Potomac, and Hampton Roads Transportation District Commissions, at least one transit property that is not a member of a Transportation District Commission, the Virginia Municipal League and the Virginia Association of Counties. The work group shall utilize the Report of the Transit Capital Revenue Advisory Board findings relating to state of good repair needs to develop and estimate of the amount of transit capital funding needed annually and shall also identify potential sources within the Transportation Trust Fund that could be used to provide lease payments for the program.

3. The Director of the Department of Rail and Public Transportation shall submit a report on the proposed program, including legal requirements, terms, rates and operational structure to the Governor, the Chairman of the House Appropriations Committee and the Senate Finance Committee by November 1, 2018."

Explanation:

(This amendment eliminates a proposed \$110.0 million bond authorization for transit capital improvements that is included in House Bill 30 as introduced in fiscal year 2020. It is premature to issue bonds for this purpose before implementing the transit capital project prioritization process similar to that which is used for highway projects under "Smart Scale." Further, the bonds do not fully expire until fiscal year 2021, with the commitment under PRIIA funded with bonds through fiscal year 2020. The bond language is replaced with a directive that DRPT investigate options to establish a MELP program which could serve as a revolving fund for the purchase of this equipment which has a limited lifetime and is not suited for longer-term bonds.)

E. 1. The Board shall develop a prioritization process for the use of funds allocated pursuant to subdivision C 2 of § 33.2-1526.1. Such prioritization process shall be used for the development of the Six-Year Improvement Program adopted annually by the Board pursuant to § 33.2-214. There shall be a separate prioritization process for state of good repair projects and major expansion projects. The prioritization process shall, for state of good repair projects, be based upon transit asset management principles, including federal requirements for Transit Asset Management pursuant to 49 U.S.C. § 5326. The prioritization process shall, for major expansion projects, be based on an objective and quantifiable analysis that considers the following factors relative to the cost of a major expansion project: congestion mitigation, economic development, accessibility, safety, environmental quality, and land use.

2. The Board shall solicit input from localities, metropolitan planning organizations, transit authorities, transportation authorities, and other stakeholders in its development of the prioritization process pursuant to this subsection. Further, the Board shall explicitly consider input provided by an applicable metropolitan planning organization or the Northern Virginia Transportation Authority when developing the prioritization process set forth in subdivision 1 for a metropolitan planning area with a population of over 200,000 individuals.

B. The Department of Rail and Public Transportation, in conjunction with the Transit Service Delivery Advisory Committee, shall complete development of a distribution process for the funds allocated pursuant to subdivision C 1 of § 33.2-1526.1 and how transit systems can incorporate these metrics in their transit development plans. Prior to the Board approving the service delivery factors, the Director of the Department of Rail and Public Transportation along with the Chairman of the Transit Service Delivery Advisory Committee shall brief the House Appropriations Committee, the Senate Committee on Finance and the House and Senate Committees on Transportation on the findings of the Transit Service Delivery Advisory Committee and the Department's recommendation. Before redefining any component of the service delivery factors, the Board shall consult with the Director of the Department of Rail and Public Transportation, the Transit Service Delivery Advisory Committee, and interested stakeholders and provide for a 45-day public comment period. The implementation of such process shall be in place no later than July 1, 2019 and shall apply to the fiscal year 2020-2025 Six-Year Improvement Program."

"A.1. Except as provided in Item 447, the Commonwealth Transportation Board shall allocate all monies in the Commonwealth Mass Transit Fund, as provided herein and in § 33.2-1526.1, Code of Virginia. The total appropriation for the Commonwealth Mass Transit Fund is estimated to be \$296,028,000 the first year and \$296,079,000 the second year from the Transportation Trust Fund. From these funds, the following estimated allocations shall be made:

a. \$90,932,000 the first year and \$90,948,000 the second year to statewide Operating Assistance as provided in § 33.2-1526.1.C.1., Code of Virginia.

b. \$36,666,000 the first year and \$36,672,000 the second year from the Commonwealth Mass Transit Fund to statewide Capital Assistance.

c. \$156,930,000 the first year and \$156,958,000 the second year from the Commonwealth Mass Transit Fund to the Northern Virginia Transportation Commission to support the operating and capital costs of the Washington Metropolitan Area Transit Authority.

d. Notwithstanding the provisions of paragraph A.1.a, A.1.b, and A.1.c of this item, prior to the annual adoption of the Six-Year Improvement Program, the Commonwealth Transportation Board may allocate funding from the Commonwealth Mass Transit Fund to implement the transit and transportation demand management improvements identified for the I-95 corridor. Such costs shall include only direct transit capital and operating costs as well as transportation demand management activities. Costs associated with additional park and ride lots required to be funded by the Commonwealth under the provisions of the Comprehensive Agreement for the Interstate 95 High Occupancy Toll Lanes project shall be borne by the Department of Transportation as set out in Item 450 of this act.

2. Included in this item is \$1,500,000 the first year and \$1,500,000 the second year from the Commonwealth Mass Transit Trust Fund. These allocations are designated for "paratransit" capital projects and enhanced transportation services for the elderly and disabled.

3. Included in this item is an amount estimated at \$1,200,000 the first year and \$1,200,000 the second year from the Commonwealth Mass Transit Trust Fund. These allocations are designated for federally mandated state safety oversight of fixed rail guideway transit agencies located in the Commonwealth.

4. a. From the amounts appropriated in this item from the Commonwealth Mass Transit Fund, \$8,800,000 the first year and \$8,801,000 the second year is the estimated allocation to statewide Special Programs as provided in § 33.2-1526.1, Code of Virginia.

b. From the amounts provided for Special Programs, the Commonwealth Transportation Board shall operate a program entitled the Transportation Efficiency Improvement Fund (TEIF). The purpose of the TEIF program is to reduce traffic congestion by supporting transportation demand management programs and projects designed to reduce the movement of passengers and freight on Virginia's highway system.

5. The amount allocated for public transportation purposes according to Item 436B 5 is an amount estimated at \$25,583,000 the first year and \$25,583,000 the second year from federal sources for the Surface Transportation Block Grant (STBG) program.

B. Funds from a stable and reliable source, as required in Public Law 96-184, as amended, are to be provided to Metro from payments authorized and allocated in this program and pursuant to §§ 58.1-1720 and 58.1-2295, Code of Virginia. Notwithstanding any other provision of law, funds allocated to Metro under this program may be disbursed by the Department of Rail and Public Transportation directly to Metro or to any other transportation entity that has an agreement to provide funding to Metro as deemed appropriate by the Department. In appointing the Virginia members of the board of directors of the Washington Metropolitan Area Transit Authority (WMATA), the Northern Virginia Transportation Commission shall include the Secretary of Transportation or his designee as a principal member on the WMATA board of directors.

C. All Commonwealth Mass Transit Funds appropriated for Financial Assistance for Public Transportation shall be used only for public transportation purposes as defined by the Federal Transit Administration or outlined in § 58.1-638 A.4. or in § 33.2-156.1, Code of Virginia.

D. It is the intent of the General Assembly that no transit operating assistance funding, as provided in A.1.a. of this item, be used to support any new transit system or route at a level higher than such project would be eligible for under the allocation formula set out in § 33.2- 1526.1.C.1., Code of Virginia, beyond the first two years of its operation."

"A. 1. Pursuant to projects authorized and funded in paragraphs B and E.1 of Item C-39.40 of Chapter 1 of the 2014 Special Session I, Virginia Acts of Assembly, the General Assembly appropriated funds to the Department of General Services (DGS) for Capitol Complex Infrastructure and Security construction projects. Project work includes security work to be performed, at North 9th Street, (in the area north of where Grace Street intersects 9th Street and south of where 9th Street intersects Broad Street), which is owned by the City of Richmond (City), and more specifically as determined by the DGS project team and in collaboration with the City with respect to North 9th Street. Accordingly, the City and DGS shall enter into a deed of easement whereby the City, without charge to the Commonwealth, shall grant to DGS, as agent of the Commonwealth, where mutually agreeable across, over, under and above North 9th Street, the perpetual right, privilege and easement to construct, install, use, operate, inspect, maintain, repair, replace, rebuild, improve, alter and remove any construction contracted for by DGS as part of the referenced construction projects and all equipment, accessories, utilities and appurtenances necessary to support the construction projects, as well as any necessary or appropriate temporary construction easements, upon terms approved by the City Council and the Governor (pursuant to § 2.2-1149, Code of Virginia).

2. The City, without expending City funds, shall cooperate with DGS (i) to support the referenced construction project work to be performed at North 9th Street, to relocate any utilities located in the agreed upon easement area, if necessary, and (ii) to coordinate any closure or other traffic flow controls of North 9th Street during the construction projects. This temporary move has resulted in the Commonwealth's legislative activities to be concentrated in an area requiring traffic and pedestrian operational safety and security enhancements. As such, and pursuant to the responsibilities of the Department of General Services (DGS) (§ 2.2-1129) and the Division of Capitol Police (DCP) (§ 30-34.2:1), Bank Street from 9th to 12th Street in the City of Richmond shall be controlled by the DGS and the DCP year-round while General Assembly operations are located, and conducted, in the Pocahontas Building. Vehicular travel limitations and pedestrian management needs on and along Bank Street shall be determined jointly by the DGS and the DCP during that time. These determinations will be based on the recommendations outlined in the Bank Street Safety and Security Assessment prepared by Commonwealth Architects dated February 15, 2017 (the Assessment). Funding for materials and contract services needed to address pedestrian and vehicle management activities are available to DGS from the Chapter referenced in this item.

2. At no time, will DGS or DCP make permanent changes to Bank Street right-of-way (e.g. traffic control devices, security fixtures, street lighting, surface treatments) without the approval of the City of Richmond's Chief Administrative Officer. Additionally, at no time will the City prevent DGS and DCP from implementing and maintaining the recommendations outlined in the Assessment. Bank Street operations, as described in paragraph A, will remain under the control of DGS and DCP year-round until control of Bank Street I reverts to the City of Richmond upon the General Assembly, and its operations, vacating the Pocahontas Building, and the General Assembly, with approval of the Governor, authorizing control of Bank Street back to the City of Richmond."

"2. That §§ 33.2-1904, 33.2-1907 and 33.2-2502 of the Code of Virginia are amended and reenacted as follows:**§ 33.2-1904. Northern Virginia Transportation District and Commission.**

A. There is hereby created the Northern Virginia Transportation District (the District), comprising the Counties of Arlington, Fairfax, and Loudoun; the Cities of Alexandria, Falls Church, and Fairfax; and such other county or city contiguous to the District that agrees to join the District.

B. There is hereby established the Northern Virginia Transportation Commission (the Commission) as a transportation commission pursuant to this chapter. The Commission shall consist of five nonlegislative citizen members from Fairfax County, three nonlegislative citizen members from Arlington County, two nonlegislative citizen members from Loudoun County, two nonlegislative citizen members from the City of Alexandria, one nonlegislative member from the City of Falls Church, one nonlegislative citizen member from the City of Fairfax, and the Chairman of the Commonwealth Transportation Board or his designee to serve ex officio with voting privileges. If a county or city contiguous to the District agrees to join the District, such locality shall appoint one nonlegislative citizen member to the Commission. Members from the counties and cities shall be appointed from their respective governing bodies. The Commission shall also include four members ~~of the House of Delegates~~ appointed by the Speaker of the House of Delegates *who may be members of the House of Delegates for terms coincident with their terms of office* and two members of the Senate appointed by the Senate Committee on Rules. *All legislative members shall serve for terms coincident with their terms of office.* Members may be reappointed for successive terms. All members shall be citizens of the Commonwealth. Except for the Chairman of the Commonwealth Transportation Board or his designee, all members of the Commission shall be residents of the localities composing the District. Vacancies occurring other than by expiration of a term shall be filled for the unexpired term. Vacancies shall be filled in the same manner as the original appointments.

§ 33.2-1907. Members of Transportation Commissions.

A. Any transportation district commission created pursuant to this chapter shall consist of the number of members the component governments shall agree upon, or as may otherwise be provided by law. The governing body of each participating county and city shall appoint from among its members the number of commissioners to which the county or city is entitled; however, for those commissions with powers as set forth in subsection A of § 33.2-1915, the governing body of each participating county or city is not limited to appointing commissioners from among its members. In addition, the governing body may appoint, from its number or otherwise, designated alternate members for those appointed to the commission who shall be able to exercise all of the powers and duties of a commission member when the regular member is absent from commission meetings. Each such appointee shall serve at the pleasure of the appointing body; however, no appointee to a commission with powers as set forth in subsection B of § 33.2-1915 may continue to serve when he is no longer a member of the appointing body. Each governing body shall inform the commission of its appointments to and removals from the commission by delivering to the commission a certified copy of the resolution making the appointment or causing the removal.

The Chairman of the Commonwealth Transportation Board, or his designee, shall be a member of each commission, ex officio with voting privileges. The Chairman of the Commonwealth Transportation Board may appoint an alternate member who may exercise all the powers and duties of the Chairman of the Commonwealth Transportation Board when neither the Chairman of the Commonwealth Transportation Board nor his designee is present at a commission meeting.

The Potomac and Rappahannock Transportation Commission shall also include two members *who reside within the boundaries of the transportation district* ~~of the House of Delegates and one member of the Senate from legislative districts located wholly or in part within the boundaries of the transportation district.~~ ~~The members of the House of Delegates shall be appointed by the Speaker of the House for terms coincident with their terms of office~~ *who may be members of the House of Delegates* and ~~the one member of the Senate shall be appointed by the Senate Committee on Rules.~~ *Each legislative member shall be from a legislative district located wholly or in part within the boundaries of the transportation district and shall serve for a term coincident with his term of office.* The members of the General Assembly shall be eligible for reappointment for successive terms. Vacancies occurring other than by expiration of a term shall be filled for the unexpired term. Vacancies shall be filled in the same manner as the original appointments.

The Transportation District Commission of Hampton Roads shall consist of one nonlegislative citizen member appointed by the Governor from each county and city embraced by the transportation district. However, for the gubernatorial appointments that will become effective July 1, 2016, three of the appointments shall be for initial terms of two years and three appointments shall be for terms of four years. Thereafter, all gubernatorial appointments shall be for terms of four years so as to stagger the terms of the gubernatorial appointees. The governing body of each such county or city may appoint either a member of its governing body or its county or city manager to serve as an ex officio member with voting privileges. Every such ex officio member shall be allowed to attend all meetings of the commission that other members may be required to attend. Vacancies shall be filled in the same manner as the original appointments.

B. The Secretary or his designee and any appointed member of the Northern Virginia Transportation Commission are authorized to serve as members of the board of directors of the Washington Metropolitan Area Transit Authority (§ 33.2-3100 et seq.) and while so serving the provisions of § 2.2-2800 shall not apply to such member. In appointing Virginia members of the board of directors of the Washington Metropolitan Area Transit Authority (WMATA), the Northern Virginia Transportation Commission shall include the Secretary or his designee as a principal member on the board of directors of WMATA. Any designee serving as the principal member must reside in a locality served by WMATA.

In selecting from its membership those members to serve on the board of directors of WMATA, the Northern Virginia Transportation Commission shall comply with the following requirements:

1. A board member shall not have been an employee of WMATA within one year of appointment to serve on the board of directors.
2. A board member shall have (i) experience in at least one of the fields of transit planning, transportation planning, or land use planning; transit or transportation management or other public sector management; engineering; finance; public safety; homeland security; human resources; or the law or (ii) knowledge of the region's transportation issues derived from working on regional transportation issue resolution.
3. A board member shall be a regular patron of the services provided by WMATA.
4. Board members shall serve a term of four years with a maximum of two consecutive terms. A board member's term or terms must coincide with his term on the body that appointed him to the Northern Virginia Transportation Commission. Any vacancy created if a board member cannot fulfill his term because his term on the appointing body has ended shall be filled for the unexpired term in the same manner as the member being replaced was appointed within 60 days of the vacancy. The initial appointments to a four-year term will be as follows: the Secretary, or his designee, for a term of four years; the second principal member for a term of three years; one alternate for a term of two years; and the remaining alternate for a term of one year. Thereafter, board members shall be appointed for terms of four years. Service on the WMATA board of directors prior to July 1, 2012, shall not be considered in determining length of service. Any person appointed to an initial one-year or two-year term, or appointed to an unexpired term in which two years or less is remaining, shall be eligible to serve two consecutive four-year terms after serving the initial or unexpired term.
5. Members may be removed from the board of directors of WMATA if they attend fewer than three-fourths of the meetings in a calendar year; if they are conflicted due to employment at WMATA; or if they are found to be in violation of the State and Local Government Conflict of Interests Act (§ 2.2-3100 et seq.). If a board member is removed during a term, the vacancy shall be filled pursuant to the provisions of subdivision 4.
6. Each member of the Northern Virginia Transportation Commission appointed to the board of directors of WMATA shall file semiannual reports with the Secretary's office beginning July 1, 2012. The reports shall include (i) the dates of attendance at WMATA board meetings, (ii) any reasons for not attending a specific meeting, and (iii) dates and attendance at other WMATA-related public events.
7. Each nonelected member of the Northern Virginia Transportation Commission appointed to the board of directors of WMATA shall be eligible to receive reasonable and necessary expenses and compensation pursuant to §§ 2.2-2813 and 2.2-2825 from the Northern Virginia Transportation Commission for attending meetings and for the performance of his official duties as a board member on that day.

Any entity that provides compensation to a WMATA board member for his service on the WMATA board shall be required to submit on July 1 of each year to the Secretary the amount of that compensation. Such letter will remain on file with the Secretary's office and be available for public review.

C. When the Northern Virginia Transportation Commission and the Potomac and Rappahannock Transportation Commission enter into an agreement to operate a commuter railway, the agreement governing the creation of the railway shall provide that the Chairman of the Commonwealth Transportation Board or his designee shall have one vote on the oversight board for the railway. For each year in which the state contribution to the railway is greater than or equal to the highest contribution from an individual locality, the total annual subsidy as provided by the member localities used to determine vote weights shall be recalculated to include

the Commonwealth contributing an amount equal to the highest contributing locality. The vote weights shall be recalculated to provide the Chairman of the Commonwealth Transportation Board or his designee the same weight as the highest contributing locality. The revised vote weights shall be used in determining the passage of motions before the oversight board.

§ 33.2-2502. Composition of Authority; membership; terms.

The Authority shall consist of 17 members as follows:

1. The chief elected officer of the governing body of each county and city embraced by the Authority or, in the discretion of the chief elected officer, his designee, who shall be a current elected officer of such governing body;
2. Two members of the House of Delegates who reside in different counties or cities embraced by the Authority, appointed by the Speaker of the House *who may be and, to the extent practicable,* from the membership of the House Committee on Appropriations, the House Committee on Finance, or the House Committee on Transportation;
3. One member of the Senate who resides in a county or city embraced by the Authority, appointed by the Senate Committee on Rules and, to the extent practicable, from the membership of the Senate Committee on Finance and the Senate Committee on Transportation;
4. Two nonlegislative citizen members who reside in different counties or cities embraced by the Authority, appointed by the Governor. One such gubernatorial appointment shall be a member of the Commonwealth Transportation Board and one shall be a person who has significant experience in transportation planning, finance, engineering, construction, or management; and
5. The following three persons who shall serve as nonvoting ex officio members of the Authority: the Director of the Department of Rail and Public Transportation, or his designee; the Commissioner of Highways, or his designee; and the chief elected officer of one town in a county embraced by the Authority to be chosen by the Authority.

All members of the Authority shall serve terms coincident with their terms of office, except that the gubernatorial appointee who is not a member of the Board shall serve for a term of four years. A vacancy occurring other than by expiration of a term shall be filled for the unexpired term. Vacancies shall be filled in the same manner as the original appointments. The Authority shall appoint a chairman and vice-chairman from among its members."

Explanation:

(This amendment provides \$7.3 million from the general fund and \$7.3 million from federal Medicaid matching funds each year for an additional 400 Medicaid waiver slots to reduce the priority one waiting list. The Governor's budget included 755 Community Living (CL) and Family and Individual Support (FIS) slots in accordance with the DOJ Settlement Agreement, which does reduce the waiting list. This funding further reduces the priority one waiting list by adding 52 CL slots and 348 FIS slots in fiscal year 2019. The priority one waiting list includes individuals currently in need of waiver services.)

Language:
Page 94, line 40, strike "\$399,677,948" and insert "\$402,027,948".

Explanation:
(This amendment reduces \$2.4 million general fund the second year to reflect a increase in Medicaid recoveries for the Health Care Fund, which is used as state match for the Medicaid program. Higher revenues to the fund reduce the general fund need for Medicaid and likewise any increase in revenue results in additional general fund needed to fully fund the state match for Medicaid. Based on the the last few months of tobacco tax revenues, the decrease reflected in the introduced budget will likely be less than projected. This amendment reflects a slightly higher revenue estimate that reflects \$2.2 million in revenue to the Health Care Fund. In addition, \$150,000 in revenue is captured in Medicaid recoveries due to a repayment from a hospital that based on federal payment limits could not use the Disproportionate Share Hospital payments made to them in FY 2017.)

"2. No funds from the civil money penalty special fund shall be used for administrative costs."

Explanation:

(This amendment reduces \$175,000 from nongeneral fund the second year provided for administrative costs to administer Civil Money Penalty fund. Nursing facilities that are sanctioned for violations through surveys and certification to ensure compliance with rules pay penalties that are deposited to a special fund, which pursuant to federal law may be used in emergency situations to relocate residents from a nursing facility or other initiatives to improve the quality of care. The introduced budget increased the appropriation by \$700,000 with most of it for quality initiatives for nursing homes. However, \$175,000 was provided for administrative costs which is a policy change over the use of the fund. Considering the limited funding available and the importance of having a reserve for addressing emergency situations, this amendment removes the administrative appropriation and clarifies that the fund is not be used to pay administrative costs.)

The Department of Education, in cooperation with the Departments of Health, Social Services, and Planning & Budget, shall convene a workgroup facilitated by the Virginia Early Childhood Foundation, to examine opportunities including, but not limited to, leveraging existing funds targeted to early childhood development with the goal of identifying strategies and mechanisms for developing an integrated early childhood fund. The findings of the workgroup shall be provided by September 15, 2018 to the Joint Subcommittee on the Virginia Preschool Initiative, and shall articulate the potential for existing but underutilized appropriations including, but not limited to, unused Virginia Preschool Initiative funds and TANF, and other funds to support administrative costs that would assist with more fully drawing down federal CACFP funds. The purpose of the integrated early childhood fund shall be to more feasibly implement the cohesive and efficient administration of early childhood resources, increasing access to quality early childhood services for at-risk children with little additional fiscal impact on the Commonwealth's budget."

Explanation:

(This amendment adds language to prevent the Department of Medical Assistance Services (DMAS) from retracting payments due to audit findings of Medicaid Developmentally Disabled (DD) Waiver providers until up to 180 days after the DD Waiver provider manual is published, unless the audit points are supported by the Code of Virginia, regulations, DMAS general provider manuals, or DMAS Medicaid Memos in effect during the date of services being audited.)

Explanation:

(This amendment modifies budget language included in the introduced budget that directs the Department of Medical Assistance Services to implement electronic visit verification (EVV) as mandated in the federal 21st Century Cures Act. The federal law only required EVV for personal care services whereas the budget also requires it for companion and respite services. EVV is not intended to be used to verify service provided at a location other than the individual's home. This budget language clarifies implementation of EVV does not apply to a provider who does periodic service within their regular program setting (respite provided in a group home, a sponsored residential home, or the Reach Program).)

The department shall adjust the medical necessity criteria to reflect advances in medical treatment, new technologies, and use of integrated care models including behavioral supports. The department shall have the authority to amend the necessary waiver(s) and the State Plan under Titles XIX and XXI of the Social Security Act to include changes to the medical necessity criteria. The adjustments to these services shall meet the needs of members and maintain budget neutrality by not requiring any additional expenditure of general fund beyond the current projected appropriation for such nursing services.

The department shall also have authority to promulgate any emergency regulations required to implement these necessary changes within 280 days or less from the enactment date of this Act. The department shall submit a report and estimates of any projected cost savings to the Chairmen of the Senate Finance Committee and House Appropriations Committee 30 days prior to implementation of such changes.

3. The department shall work with stakeholders to review changes to services covered, provider qualifications, rates and rate methodologies for private duty nursing services and make recommendations to the Chairmen of the House Appropriations and Senate Finance Committees by November 1, 2018."

Explanation:

(This amendment authorizes the the Department of Medical Assistance Services (DMAS) to review and adjust the medical necessity criteria for private duty nursing services as a part of Medicaid home and community-based services (HCBS) waivers and the Medicaid Early, Periodic Screening, Diagnosis and Treatment (EPSDT) benefit. The medical necessity criteria for private duty nursing services for individuals in HCBS waivers and those who use the EPSDT benefit has not been evaluated for many years. This review is necessary to ensure that DMAS is applying updated medical necessity criteria that reflects the advances in medical treatment, new technologies, and use of integrated care models that allow medically complex individuals to live longer, healthier lives in their homes and communities. It will also ensure this service is being utilized in a clinically appropriate and cost effective manner for all Medicaid and FAMIS members and that lower costs services such as skilled nursing, home health nursing, personal care, and behavioral supports are utilized when clinically appropriate.)

Explanation:

(This amendment provides that it is the General Assembly's intent, subject to future appropriation, to increase coverage to currently unserved populations in need of behavioral health treatment, fund waiver slots for individuals on waiting lists for Medicaid waiver services, and other safety net programs reflected in Senate Bill 915. The bill creates the Priority Needs Access Program which modifies the existing Medicaid GAP waiver to: (i) include individuals with income up to 138 percent of the federal poverty level; (ii) add inpatient and emergency room hospital benefits; (iii) add qualifying diagnoses of mental illness, substance use disorder, or life-threatening or complex medical conditions; and (iv) moves the waiver population into Medicaid managed care. In addition, it provides for 2,296 Medicaid waiver slots to eliminate the Priority One waiting list for disabled individuals in need of services. DSH payments are made to qualifying hospitals that serve a large number of Medicaid and uninsured individuals. The Patient Protection and Affordable Care Act (ACA, P. The Bipartisan Budget Act of 2019 (P.L. 115-123) that was recently signed into law February 9, 2018 further delays the DSH reductions until federal fiscal year 2020, resulting in this amendment to restore DSH payment reductions to Piedmont Geriatric and Catawba hospitals).

Explanation:

(This amendment increases the appropriation by \$500,000 each year from the fund where civil monetary penalties assessed on nursing facilities are deposited. By federal law and regulation, these funds can only be used to protect the health of nursing facility residents. The Department of Medical Assistance Services is finalizing an application procedure for special projects aimed at improving the quality of care in nursing facilities. However, the current appropriation related to special projects (\$325,000 per year) is limited. The additional funds will provide flexibility in project scope or quantity. There are sufficient cash balances to support this added appropriation. The introduced budget included \$175,000 each year for administrative costs which is a policy change over the use of the fund. Considering the limited funding available and the importance of having a reserve for addressing emergency situations, this amendment redirects the administrative appropriation to be used for special projects and clarifies that the fund is not to be used to pay administrative costs.)

Explanation:

(This amendment provides \$150,000 from the general fund and a like amount of federal Medicaid matching funds the first year as one-time funding to contract with Virginia Commonwealth University to develop a comprehensive strategic plan to transform the Medicaid/FAMIS behavioral health system. This strategic plan will redesign Medicaid and FAMIS mental health services into a more complete continuum of care in which services are evidence-based, trauma-focused, clinically necessary, preventative focused and cost effective with positive health outcomes for Medicaid and FAMIS members and their families. This funding will support research of the evidence base and trauma-focused practices for behavioral health services, focus groups with stakeholders, and the development of the strategic plan.)

As part of this review, the actuary shall verify actuarial soundness as required by 42 CFR 438.6(c). The actuary shall review the rate setting methodologies, processes and data used in the rate development for the CCC Plus and Medallion 4.0 programs and make a determination of their impact on the sustainability of the programs in the short-term and an assessment of any potential for an increase in future rates that may result.
2. The department shall assess the feasibility of creating one combined Medicaid managed care program for all populations and services. The actuary shall determine the rates for a combined program and identify any cost savings that could be achieved. The department and the actuary shall report recommendations to the Chairman of the House Appropriations and Senate Finance committees by November 1, 2018.
3. If the report identifies cost savings and administrative efficiencies, the Department of Medical Assistance Services shall develop an implementation plan to merge the CCC Plus program to add all populations from the Medallion 4.0 program (e.g., pregnant women, children, caretaker adults, etc.) to create one combined Medicaid managed care program for all populations and services."

Explanation:

(This amendment provides \$100,000 from the general fund and a like amount of federal Medicaid matching funds for Department of Medical Assistance Services' actuary to conduct a review of health plan capitation rates for the Commonwealth Coordinated Care (CCC) Plus and Medallion 4.0 programs. The CCC Plus program, which began August 1, 2017, expands Medicaid managed care to long-term care services. This new program serves over 200,000 complex individuals at a projected cost of nearly \$6.0 billion in state and federal funds per year. The Medallion 4.0 program has an additional projected cost of nearly \$3.0 billion in state and federal funds per year and will serve over 700,000 individuals. The importance of the Medicaid programs to the Commonwealth requires additional oversight. Therefore, a heightened review of both programs' rates would provide verification the program payment is appropriate to serve the needs of the individuals enrolled and rates are justified within the current funding level for Medicaid. This review will also identify if cost savings can be achieved by creating one combined Medicaid managed care program for all populations and services. In addition, the Department of Medical Assistance Services is directed to develop an implementation plan to add the populations from the Commonwealth's Medallion program to the CCC Plus program to create one combined Medicaid Managed Care Programs if cost savings and administrative efficiencies are identified.)

Explanation:

(This amendment directs the Department of Medical Assistance Services to undertake a comprehensive review of the staffing and operations of the agency and develop a plan for the reorganization of the agency that reflects the transition of the overall Medicaid program from a fee-for-services system to a managed care delivery system. Explanation:

(This amendment clarifies how inflation updates will be applied during rebasing calculations beginning in the 2020-22 biennium to ensure that prior-year, temporary modifications or limitations on inflation updates imposed for providers in state budgets are not perpetuated into the future when rebasing calculations are made by the department. This clarification does not affect the calculation of inflation for inpatient hospital services during the 2018-20 biennium, which will be rebased in fiscal year 2020. Explanation:

(This amendment reduces \$3.8 million general fund and \$6.3 million nongeneral fund the first year and \$1.1 million general fund and \$3.4 million nongeneral fund the second year that was provided in the introduced budget to reprocore the Cover Virginia call center contract. The current contract expires June 30, 2019, and the agency's procurement strategy is to bring on a new vendor in FY 2019 and operate dual call centers until the new vendor is fully operational. The second year funding is to cover expected higher costs for the new contract. This amendment eliminates the funding and directs the Departments of Medical Assistance Services and Social Services, which also operates a call center, to merge the two call centers into one thereby eliminating the additional funding needs through efficiencies of the merger. The language directs that the central processing unit shall continue as part of the new call center contract and that the Department of Social Services shall evaluate the potential of the unit to process eligibility for other benefit programs. In addition, the report submitted to the Chairmen of the House Appropriations and Senate Finance Committees on the implementation of this initiative on December 1, 2017, did not reflect any significant patterns. Annually, thereafter on October 1, the department shall report to the Governor and Chairmen of the House Appropriations and Senate Finance Committees on the effectiveness and outcomes of the program funding."

Explanation:

(This amendment provides \$2.5 million the first year and \$4.5 million the second year from the general fund for the Department of Behavioral Health and Developmental Services (DBHDS) to implement an alternative transportation system for adults and children under a temporary detention order. State law requires a magistrate issuing an emergency custody order (ECO) or temporary detention order (TDO) to specify a law enforcement agency that will provide transportation of a person to the location for evaluation or temporary detention. The law allows the magistrate to consider transportation other than by law enforcement if identified by the community services board (CSB) evaluator. The alternative transportation can be provided by a family member or friend of the individual, a representative of the CSB, or an alternative provider trained to safely provide transportation. DBHDS implemented a pilot program in 2015 in Southwest Virginia that provided transportation by an alternative provider for individuals under a temporary detention order. The pilot program demonstrated that individuals transported by the alternative provider safely arrived at their destination without incident. This amendment would implement a regionally based transportation service within each of the five primary DBHDS regions with state oversight and certification of providers. This is a recommendation of the Joint Subcommittee to Study Mental Health Services in the Commonwealth in the 21st Century.)

Explanation:

(This amendment reduces \$907,820 the first year and \$1,270,948 the second year from the general fund and restores a like amount of special fund appropriation in each year to reflect the continuation of Disproportionate Share Hospital (DSH) payments to two behavioral health facilities (Piedmont Geriatric Hospital and Catawba Hospital) operated by the Department of Behavioral Health and Developmental Services. DSH payments are made to qualifying hospitals that serve a large number of Medicaid and uninsured individuals. The Patient Protection and Affordable Care Act (ACA, P. L. 111-148 as amended) reduces DSH funding to all states beginning in federal FY 2018 (cuts were originally supposed to begin in FY 2014 but have been delayed). The Bipartisan Budget Act of 2019 (P.L. 115-123) that was recently signed into law February 9, 2018 further delays the DSH reductions until federal fiscal year 2020, resulting in this amendment to eliminate the general fund that was provided in the introduced uddget to offset the DSH payment reductions to Piedmont Geriatric and Catawba hospitals).

Article 4.1

Revenue Reserve Fund.

§ 2.2-1831.1. Definitions.

As used in this article unless the context requires a different meaning:

"Budget Bill" means the Budget Bill submitted pursuant to § 2.2-1509, including any amendments to a general appropriation act pursuant to such section.

"Fund" means the Revenue Reserve Fund.

§ 2.2-1831.2. Creation of Revenue Reserve Fund.

A. There is hereby created in the state treasury a special nonreverting fund to be known as the Revenue Reserve Fund. The Fund shall be established on the books of the Comptroller. All funds appropriated for such purpose and any gifts, donations, grants, bequests, and other funds received on its behalf shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund, except that any amounts accrued to the credit of the

Fund, in excess of the limit set forth in subsection B, shall be paid into the general fund. Moneys in the Fund shall be used to offset, in whole or in part, certain anticipated shortfalls in revenues when appropriations based on previous revenue forecasts exceed expected revenues in subsequent forecasts, as provided in § 2.2-1831.4.

B. In no event shall the total amount in the Fund at any time exceed two percent of the total general fund revenues for the prior fiscal year.

§ 2.2-1831.3. Commitment of funds for Revenue Reserve Fund.

A. On or before November 1 of each year, the Auditor of Public Accounts shall report to the General Assembly the total general fund revenues collected in the most recently ended fiscal year. At the same time, the Auditor of Public Accounts shall report on the amount that could be paid into the Fund pursuant to subsection B., and the amount that the existing Fund balance is below the maximum amount permitted.

B. At the end of a fiscal year, the Comptroller shall include within his annual report pursuant to § 2.2-813 full amounts required for restrictions, commitments, or assignments for (i) the mandatory Revenue Stabilization Fund deposit pursuant to § 2.2-1829, (ii) the Virginia Water Quality Improvement Fund deposit pursuant to § 10.1-2128, but excluding any deposits provided under the Virginia Natural Resources Commitment Fund established under § 10.1-2128.1, (iii) capital outlay reappropriations pursuant to the general appropriation act, (iv) (a) operating expense reappropriations pursuant to the general appropriation act, and (b) reappropriations of unexpended appropriations to certain public institutions of higher education pursuant to § 23.1-1002, (v) pro rata rebate payments to certain public institutions of higher education pursuant to § 23.1-1002, (vi) the unappropriated balance anticipated in the general appropriation act for the end of such fiscal year, (vii) interest payments on deposits of certain public institutions of higher education pursuant to § 23.1-1002, and (viii) any amounts that normally would be committed or assigned pursuant to GASB standards. The Comptroller shall commit the remaining general fund balance, up to a maximum of one percent of total general fund revenues for the prior fiscal year, for deposit into the Revenue Reserve Fund.

C. The Governor shall include in the Budget Bill, pursuant to §2.2-1509, recommended appropriations from the general fund or recommended amendments to the general fund appropriations in the general appropriations act in effect at that time, an amount for deposit into the Fund at least equal to the amounts committed by the Comptroller for such purpose pursuant to the provisions of subsection B. A schedule of deposits may be provided in the appropriation act. The General Assembly shall, in its discretion, appropriate any amount deemed appropriate to the Fund from the amount committed by the Comptroller, and may appropriate any other amounts to the Fund that it deems necessary.

D. The State Comptroller shall draw such warrants as appropriated, and the State Treasurer shall deposit such warrants into the Fund. No withdrawal shall be made from the Fund except in accordance with §2.2-1831.4.

E. For the purposes of the Comptroller's preliminary and final annual reports as required by § 2.2-813, all balances remaining in the Fund on June 30 of each year, shall be considered to be a portion of the fund balance of the general fund of the state treasury.

§ 2.2-1831.4. Transfers and Appropriations from the Fund.

A. In the event that a revised general fund forecast presented to the General Assembly reflects a decline, when compared with total general fund revenues appropriated, and the decline is two percent or less of general fund revenues collected in the most recently ended fiscal year, the General Assembly may appropriate an amount for transfer from the Fund, not to exceed 50 percent of the amount in the Fund, to the general fund to stabilize general fund revenues.

B. If the revised general fund forecast is presented when the General Assembly is not in session, the Governor shall manage the projected shortfall through spending limits pursuant to § 4-1.02 of the appropriation act related to Withholding of Appropriation Authority. If in any fiscal year, after review of the May general fund revenue collections, the Governor certifies to the General Assembly that actions taken to curtail spending will not be sufficient to avoid a cash deficit, the Governor may appropriate amounts in the Fund to avoid such cash deficit, not to exceed 50 percent of the amount in the Fund.

§ 2.2-1831.5. Sources or components of general fund revenues.

Any revised general fund revenue forecast presented to the General Assembly for purposes of this article shall consist of the same revenue sources or components as those on which the total general fund revenues appropriated are based.

3. That the provisions of the first enactment of this act shall expire at midnight on June 30, 2020. The provisions of the second enactment shall have no expiration date."

Amend Section 6 of Article X of the Constitution of Virginia as follows:

ARTICLE X

Section 6. Exempt property.

(a) Except as otherwise provided in this Constitution, the following property and no other shall be exempt from taxation, State and local, including inheritance taxes:

(4) Property owned by public libraries or by institutions of learning not conducted for profit, so long as such property is primarily used for literary, scientific, or educational purposes or purposes incidental thereto. This provision may also apply to leasehold interests in such property as may be provided by general law.

(5) Intangible personal property, or any class or classes thereof, as may be exempted in whole or in part by general law.

(6) Property used by its owner for religious, charitable, patriotic, historical, benevolent, cultural, or public park and playground purposes, as may be provided by classification or designation by an ordinance adopted by the local governing body and subject to such restrictions and conditions as provided by general law.

(7) Land subject to a perpetual easement permitting inundation by water as may be exempted in whole or in part by general law.

(b) The General Assembly may by general law authorize the governing body of any county, city, town, or regional government to provide for the exemption from local property taxation, or a portion thereof, within such restrictions and upon such conditions as may be prescribed, of real estate and personal property designed for continuous habitation owned by, and occupied as the sole dwelling of, persons not less than sixty-five years of age or persons permanently and totally disabled as established by general law. A local governing body may be authorized to establish either income or financial worth limitations, or both, in order to qualify for such relief.

(d) The General Assembly may define as a separate subject of taxation any property, including real or personal property, equipment, facilities, or devices, used primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth or for the purpose of transferring or storing solar energy, and by general law may allow the governing body of any county, city, town, or regional government to exempt or partially exempt such property from taxation, or by general law may directly exempt or partially exempt such property from taxation.

(f) Exemptions of property from taxation as established or authorized hereby shall be strictly construed; provided, however, that all property exempt from taxation on the effective date of this section shall continue to be exempt until otherwise provided by the General Assembly as herein set forth.

(g) The General Assembly may by general law authorize any county, city, town, or regional government to impose a service charge upon the owners of a class or classes of exempt property for services provided by such governments.

(h) The General Assembly may by general law authorize the governing body of any county, city, town, or regional government to provide for a partial exemption from local real property taxation, within such restrictions and upon such conditions as may be prescribed, (i) of real estate whose improvements, by virtue of age and use, have undergone substantial renovation, rehabilitation or replacement or (ii) of real estate with new structures and improvements in conservation, redevelopment, or rehabilitation areas.

(j) The General Assembly may by general law allow the governing body of any county, city, or town to have the option to exempt or partially exempt from taxation any business, occupational or professional license or any merchants' capital, or both.

A BILL to amend and reenact §§ 3.2-6500 and 3.2-6543 of the Code of Virginia, relating to tethering of animals.

Delegate Orrock raised a point of order that the House bill authorized local governments to adopt ordinances related to restrictions on the tethering of dogs, but the Senate substitute went well beyond that intent by instead creating statewide mandates and would inquire as to whether the Senate substitute was germane.

The Speaker stated that the original purpose of H.B. 889 was to provide authorization for a local ordinance related to the restriction of tethering of dogs, but the Senate substitute created definitions which would have statewide impacts related to outdoor tethering and adequate space requirements directed at a much broader spectrum of companion animals.

The Speaker stated further that the Senate substitute was not germane and the Chair would so rule.

The Clerk laid before the House the following communication:

COMMONWEALTH OF VIRGINIA
House of Delegates
Richmond
March 8, 2018

The Honorable G. Paul Nardo
Clerk of the House of Delegates
State Capitol
Richmond, VA 23218

Dear Mr. Clerk,

Recent tragedies involving unimaginable violence in our nation's schools have renewed questions about state and local policies intended to safeguard and protect our children. It is our responsibility to ensure our schools are safe and that students can learn free from the fear of violence. Toward this end, the Virginia General Assembly has taken steps in recent years to strengthen school security. However, this issue is so complex and multi-faceted that it requires a special and dedicated review process beyond the time constraints of the current session.

School safety is a fundamental public policy issue that encompasses the purviews and jurisdiction of multiple standing House committees. Therefore, I am appointing a Select Committee on School Safety to review comprehensively state and local policies relating to school security and protection.

The committee's scope of work will be limited to strengthening emergency preparedness, hardening school security infrastructure, implementing security best practices, deploying additional security personnel, providing additional behavioral health resources for students, and developing prevention protocols at primary and secondary institutions across the Commonwealth. The Select Committee will make policy recommendations for consideration by the General Assembly during the 2019 Session.

As you know, the appointment of a Select Committee by the Speaker is uncommon, yet not unprecedented. A Select Committee may be appointed in instances where a subject matter of considerable significance falls beyond the parameters of conventional and established standing committees. This appointment of a Select Committee is consistent with House Rules, past practices and long-standing customs of the House dating back a century.

The Select Committee will be comprised of 22 members of the House of Delegates and will reflect the principle of proportional representation. I am appointing the following members to the House Select Committee on School Safety:

Kirk Cox (Chair), Steve Landes, Chris Jones, Tommy Wright, Rob Bell, Danny Marshall (Vice Chair), Todd Gilbert, Chris Peace, Barry Knight, Roxann Robinson, Israel O'Quinn, Nick Rush, Vivian Watts, Mark Sickles, David Toscano, Charniele Herring, Luke Torian, Paul Krizek, Steve Heretick, Mike Mullin, Jeff Bourne, Schuyler VanValkenburg,

The Committee will be supported primarily by the House Clerk's Office, with technical support provided by the Division of Legislative Services and the Joint Legislative Audit and Review Commission. In addition to in-house staff support, the Committee may contract with outside vendors for specific and specialized support at any time during the Committee's work. Further, I authorize the House Clerk's Office to pay interim compensation and issue reimbursements for member travel associated with the Committee's work.

The Committee will have an organizational meeting no later than May 1, 2018 and may have as many as four meetings in Richmond, unless otherwise noted. The Committee shall complete its work by November 15, 2018 and produce a final report containing recommendations for the 2019 General Assembly Session no later than December 15, 2018.

I am proud of the steps we have taken in recent years to protect our schools, but I will be asking this committee to undertake the important job of finding ways we can do even more to protect our children. I have full confidence we will be able to work in a bipartisan manner to seek practical, common-sense solutions that we can propose to our colleagues for consideration next session.

Regards,
/s/ Kirk Cox
