JOURNAL

OF THE

HOUSE OF DELEGATES

2019 REGULAR SESSION

WEDNESDAY, JANUARY 9, 2019

The House of Delegates was called to order at 12 m. by M. Kirkland Cox, Speaker thereof.

The Mace was placed on the Speaker's table by the Sergeant at Arms.

The Speaker addressed the House as follows:

"This is where America began"

As we start the 2019 Regular Session, I'd like to take a moment to reflect on this special occasion – visually highlighted by the presence of the Jamestown Settlement Honor Guard along side our Capitol Police Honor Guard.

Assembling here today, we inaugurate our quadricentennial, **400 years** of lawmaking for the people of Virginia ...**AND...** showcasing to the world the durability of our ongoing experiment of representative self-government. *This is an exceptional moment.*

When our predecessors first assembled at Jamestown Island all those years ago, they changed *everything*. Those first citizen servants forged a path we continue on today, four centuries later.

This path has been one of triumph and trial. It is a journey in representative democracy where our dreams and aspirations remain in dialogue with the reality of human nature. But, even with this honest assessment, our path has impressively endured *uninterrupted* from Jamestown in 1619, through Williamsburg to Richmond since 1785. And, though we have the distinct privilege of sitting here today, we must know that the journey will continue for longer still. This is a legacy project always under construction and renewal.

400 years is an unparalleled record and a clear distinction as America's **first**. If you think about that for a moment, that distinction comes with incredible responsibility: our duty to serve and improve the livelihoods of all Virginians, as we continue building our Commonwealth's future as an example to the nation older than even our nation's founding documents. While ideals, principles, norms, traditions, and forms of self-government are espoused in those documents, this institution is the living, breathing embodiment of them. That's remarkable.

We stand on the shoulders of the nearly 10,000 House of Burgesses and Delegates who preceded our tenure. We cannot take for granted the historical traditions that we honor and continue here in the Chamber. For me personally, it is an immense privilege to be associated with this historic body in 2019, and a personal honor to hold the title of Speaker which dates to its founding. It is truly a remarkable vantage point to look out at each of you and take-in the composition of this body at 400 years. All of you including the delegate from Fairfax, and the first female caucus leader in our history, you are sharp... seasoned... passionate ... dedicated... ambitious **leaders**.

This story – *OUR* story – **that of Virginia**, is the one we will continue shaping today and in the weeks to come as "keepers of the flame." The bold, bright promise of democracy, diversity and opportunity that first came to light in 1619 shines today uninterrupted for the nation and the world to see.

Thank you.

At the request of Speaker Cox, the Reverend Father Doctor Felix Rex Amofa, Pastor of St. Gabriel Catholic Church, Chesterfield, and Good Samaritan Catholic Church, Amelia, offered the prayer.

Delegate Gilbert led the House of Delegates in the Pledge of Allegiance to the Flag of the United States of America.

The National Anthem was performed by the Richmond Symphony Chorus.

The Speaker laid before the House the following communication:

REGULAR CALENDAR

H.B. 1929 (nineteen, twenty-nine) was read by title a second time.

An amendment in the nature of a substitute was proposed by the Committee on Privileges and Elections, and printed separately, with its title reading as follows:

A BILL to amend and reenact §§ 24.2-947.4, 24.2-949.5, 24.2-949.9:1, 24.2-949.9:2, 24.2-950.4, 24.2-951.3, and 24.2-952.3 of the Code of Virginia, relating to campaign finance; disclosure of all out-of-state contributors.

Delegate Simon raised a point of order that the original bill dealt with transparency of and changes to campaign contributions from campaign committees, PACs, out-of-state committees, and others, but the Committee substitute narrowed the bill so that it dealt only with out-of-state contributors and would inquire as to whether the Committee substitute was germane.

The Speaker stated that the Committee substitute was germane and the Chair would so rule.

The Committee substitute was agreed to.

Delegate Simon offered the following amendments to the Committee substitute, a division being requested:

1. Line 36, substitute, after receipts.

The House proceeded to consider floor amendment No. 1.

Delegate Orrock raised a point of order that floor amendment No. 1 was broader than the Committee substitute because it added corporate donors as a new category of contributors, something which did not exist in current law and was not in the Committee substitute, and would inquire as to whether the floor amendment was germane.

The Speaker stated that floor amendment No. 1 offered by Delegate Simon was not germane and the Chair would so rule.

Beginning on July 1, 2019, unless preempted by applicable federal law, there shall be a moratorium on approval by any permitting agency of any permit, certificate, or other approval required for any new pipeline with a diameter in excess of 40 inches for the transport of natural gas that requires the use of eminent domain on private property.

Delegate Orrock raised a point of order that the original bill did not contain language related to any type of pipeline project specific but dealt with energy generation and distribution and would inquire as to whether the amendment was germane given that it was more narrow than the original bill, especially as it related to the provisions of the moratorium as delineated in the bill.

The Speaker stated that the floor amendment was germane and the Chair would so rule.

A BILL to amend and reenact § 58.1-301 of the Code of Virginia, relating to conformity of the Commonwealth's taxation system with the Internal Revenue Code; emergency.

Delegate Toscano raised a point of order that Article IV, Section 12 of the Virginia Constitution stated that "No law shall embrace more than one object which shall be expressed in its title" and that the title of the Committee substitute stated that the bill dealt with conforming the Commonwealth's tax system to the Internal Revenue Code, which it did, but also contained language which referenced additional revenue and created "The Taxpayer Relief Fund," which was a second object of the bill and therefore the substitute was not in order.

The Speaker stated that lines 60 and 61 of the Committee substitute indicated that the additional revenues in fiscal years 2019 and 2020 were generated as a result of the temporary individual income tax provisions and were a result of conformity.

The Speaker stated further that he disagreed with the Delegate and the Chair would so rule.

Delegate Toscano raised a further point of order that the Committee substitute, on lines 60 through 71, directed the Department of Taxation to submit a plan to be considered by the General Assembly and would inquire as to whether the substitute contained a study and therefore violated the rules of the procedural resolution, which stated that studies had to be introduced by the first day of session.

The Speaker stated that the Committee substitute did not constitute a study.

The Speaker stated further that the Committee substitute was germane and the Chair would so rule.

Delegate Toscano raised a final point of order that Rule 37 of the Rules of the House of Delegates stated that "In addition, no bill or resolution introduced for a purpose other than to direct or request a study shall be amended for the purpose of directing or requesting a study unless authorized by unanimous consent of the members of the House," and would inquire as to whether the Committee substitute was properly before the House.

The Speaker stated that the Committee substitute was not a study and the Chair would so rule.

The question on the Committee substitute was put, the yeas and nays being called for, and decided in the affirmative.

Proposing an amendment to Section 6 of Article II of the Constitution of Virginia and proposing amendments to the Constitution of Virginia by adding in Article II sections numbered 6-A and 6-B, relating to apportionment; state and local independent redistricting commissions; criteria.

RESOLVED by the House of Delegates, the Senate concurring, a majority of the members elected to each house agreeing, That the following amendments to the Constitution of Virginia be, and the same hereby are, proposed and referred to the General Assembly at its first regular session held after the next general election of members of the House of Delegates for its concurrence in conformity with the provisions of Section 1 of Article XII of the Constitution of Virginia, namely:

Amend Section 6 of Article II of the Constitution of Virginia and amend the Constitution of Virginia by adding in Article II sections numbered 6-A and 6-B as follows:

ARTICLE II FRANCHISE AND OFFICERS

Section 6. Apportionment.

(a) Members of the House of Representatives of the United States and members of the Senate and of the House of Delegates of the General Assembly shall be elected from electoral districts established ~~by the General Assembly pursuant to Section 6-A of this Constitution. The Commonwealth shall be reapportioned into electoral districts in accordance with this section and Section 6-A in the year 2021 and every ten years thereafter.~~ Every electoral district shall be ~~composed of contiguous and compact territory and shall be so constituted as to give, as nearly as is practicable, representation in proportion to the population of the district. The General Assembly shall reapportion the Commonwealth into electoral districts in accordance with this section in the year 2011 and every ten years thereafter~~ constituted so as to adhere to the following standards and criteria:

(1) Districts shall be established on the basis of population. Senate and House of Delegates districts, respectively, shall each have a population that is as substantially equal to the population of every other such district as practicable. Congressional districts shall have populations that are as nearly equal as practicable. The Commission shall be guided by the most recent federal and state judicial decisions defining standards for equal population for the respective districts, including permissible deviations from the ideal population if the deviation is necessary in order to achieve some other legitimate districting criteria.

(2) Districts shall be drawn in accordance with the requirements of federal and state laws, and judicial decisions interpreting such laws, that address racial and ethnic fairness, including the Equal Protection Clause of the Constitution of the United States and the provisions of the federal Voting Rights Act of 1965, as amended.

(3) Existing political boundaries shall be respected to the maximum extent possible. Political boundaries shall include the boundaries of counties, cities, towns, county magisterial and election districts, municipal councilmanic districts, and voting precincts. If a departure from existing political boundaries is necessary in order to comply with other districting criteria, the district lines shall be drawn utilizing clearly observable physical boundaries. A "clearly observable physical boundary" shall include (i) any named road or street; (ii) any road or

highway that is a part of the federal, primary state, or secondary state highway system; (iii) any river, stream, or drainage feature shown as a polygon boundary on the TIGER/Line Files of the United States Bureau of the Census; or (iv) any other natural or constructed or erected permanent physical feature that is shown on an official map issued by the Virginia Department of Transportation, on a United States Geological Survey topographical map, or as a polygon boundary on the TIGER/Line Files of the United States Bureau of the Census. No property line or subdivision boundary shall be deemed to be a clearly observable physical boundary unless it is marked by a permanent physical feature that is shown on an official map issued by the Virginia Department of Transportation, on a United States Geological Survey topographical map, or as a polygon boundary on the TIGER/Line Files of the United States Bureau of the Census.

(4) Each district shall be composed of contiguous territory. Districts divided by water shall be deemed contiguous if a common means of transport, such as a bridge or ferry, connects the two parts of the district or, if the water were to be removed, the land on one side of the district would be contiguous with the land on the other side of the district. Connections by water running downstream or upriver are not permissible.

(5) Each district shall be composed of compact territory. Districts shall not be oddly shaped or have irregular or contorted boundaries, unless justified because the district adheres to political boundary lines. Fingers or tendrils extending from a district core shall be avoided, as shall thin and elongated districts and districts with multiple core populations connected by thin strips of land or water. The Commission shall employ one or more standard numerical measures of individual and average district compactness to provide an objective assessment of a districting plan's compactness, both statewide and district by district.

(6) Consideration may be given to communities of interest by creating districts that do not carve up homogeneous neighborhoods or separate groups of people living in an area with similar interests or needs in transportation, employment, or culture.

(7) Every effort possible shall be made to preserve the political parity between the two political parties receiving the highest and next highest number of votes in the immediately preceding gubernatorial election.

(b) Any such decennial reapportionment law shall take effect immediately and not be subject to the limitations contained in Article IV, Section 13, of this Constitution.

(c) The districts delineated in the decennial reapportionment law shall be implemented for the November general election for the United States House of Representatives, Senate, or House of Delegates, respectively, that is held immediately prior to the expiration of the term being served in the year that the reapportionment law is required to be enacted. A member in office at the time that a decennial redistricting law is enacted shall complete his term of office and shall continue to represent the district from which he was elected for the duration of such term of office so long as he does not move his residence from the district from which he was elected. Any vacancy occurring during such term shall be filled from the same district that elected the member whose vacancy is being filled.

a bill in each house and the General Assembly shall take a vote on any such bill in accordance with the provisions of Article IV, Section 11 of this Constitution, except that no amendments shall be permitted. The bill shall not be subject to the provisions contained in Article V, Section 6 of this Constitution.

(2) To be submitted as a proposed plan for districts for members of the Senate, a plan shall receive affirmative votes of at least three of the four commissioners appointed by the Senate Committee on Rules. Such plan shall be introduced as a bill in the Senate and the Senate shall take a vote on any such bill in accordance with the provisions of Article IV, Section 11 of this Constitution, except that no amendments shall be permitted. The concurrence of the House of Delegates shall not be required and the bill shall not be subject to the provisions contained in Article V, Section 6 of this Constitution.

(d) If a plan is rejected by the General Assembly or either house of the General Assembly, the Commission shall submit a new plan to the General Assembly or respective body within thirty days of the rejection. If such plan is rejected by the General Assembly or respective body, the districts shall be established by the Supreme Court of Virginia.

Section 6-B. Local independent redistricting commissions.

Explanation:

(This amendment provides the 9-1-1 Services Board a line of credit to accelerate implementation of next generation 9-1-1 service across the Commonwealth. With the amendment, the 9-1-1 Services Board will have sufficient cash flow to fund implementation of next generation 9-1-1 service by the end of fiscal year 2021. In addition, this amendment allows the 9-1-1 Services Board to continue to pay wireless carriers for E9-1-1 until the Commonwealth transitions to next generation 9-1-1 service. When House Bill 1388 and Senate Bill 513 codified next generation 9-1-1 service last year, the 9-1-1 Services Board anticipated that the old funding process would be eliminated sooner. This language allows the Board to deal with this delay and potential future delays.)

The Virginia Information Technologies Agency, in cooperation with the Department of Human Resources and the Department of Accounts, shall conduct an open and competitive procurement for a Software as a Service (SaaS) based Human Capital Management (HCM) system. Such procurement shall not mandate or suggest any requirement for use of a specific vendor or product.
- 2.The HCM shall replace the existing Commonwealth Integrated Payroll/Personnel System (CIPPS) and the Personnel Management Information System and the Benefits Eligibility System (PMIS & BES).
3. In developing the Request for Proposals, the Department of Human Resource Management and the Department of Accounts shall identify in detail, the specific information needs, work process needs and business rules which the selected SaaS must address. The request for proposals shall require that the selected SaaS: (i) possess the technology and integration capabilities needed to interface with legacy financial systems, including the Commonwealth Enterprise Resource Planning system (Cardinal), or new systems as such legacy systems are phased-out; (ii) meet all Commonwealth security standards for cloud-based services to ensure the security of sensitive personally identifiable information; and (iii) be fully implemented in all user agencies not later than 18 months after contract execution. The request for proposals shall include a requirement for subscription-based pricing to ensure that the Commonwealth is not encumbered by a long-term commitment to a specific provider, technology or service that would prevent a migration to newer technologies as they become available. The cost of such subscriptions shall be borne by the user agencies as an operating expense that is included as part of the biennial budget.
4. Prior to execution of a contract with a SaaS provider, the Department of Human Resource Management and the Department of Accounts shall recommend to the Governor a permanent system of governance for oversight of the HCM system and the associated SaaS contract."

Any fund balances currently held in the Dedicated Special Revenue Fund (0900), the Common Interest Community Management Information Fund (0259) and the Special Revenue Fund (0200) shall be held in reserve and may not be dispersed by the Department of Professional and Occupational Regulation, but shall be applied to offset the anticipated, future costs of restructuring its organization, including additional staffing needs and the replacement or upgrade of the Department's information technology systems requirements as listed in (B) and (C)

of this Item. Such reserve funds shall be dispersed only to cover expenses of the Department or its regulatory boards as provided in § 54.1-308.

B.1. The Department of Professional and Occupational Regulation (DPOR) shall conduct a comprehensive assessment of its staffing needs and organizational structure to improve its performance, increase efficiency and effectively conduct its responsibilities and obligations.

2. The purpose of the assessment is to ensure that DPOR has sufficient staffing resources to (i) meet performance goals for processing transactions and handling customer inquiries and (ii) perform employment verifications and on-site audits recommended by JLARC. If the assessment finds additional positions are needed, DPOR should evaluate whether existing part-time positions should be converted to full-time positions and if existing positions elsewhere in DPOR can be reallocated.

3. During its comprehensive assessment the Department shall: (i) consider establishing one or more positions vested with the following agency-wide duties: (a) coordinate and assist in the development of agency regulations; (b) coordinate agency legislative efforts; (c) lead agency communications with external parties; and (d) serve as staff to the Board for Professional and Occupational Regulation (BPOR); (ii) rank all vacant positions based on how critical they are to DPOR's ability to fulfill its responsibilities in order to enable its human resources staff to use the rankings to prioritize the advertising and filling of positions, using hiring processes that reflect best practices; and, (iii) consider reassignment to other divisions the following functions that are currently assigned to the licensing division: (a) handling Freedom of Information Act requests; (b) scanning documents; (c) managing policies and procedures; (d) evaluating business processes; and (e) agency-wide training.

4. The assessment should be submitted to the Department of Planning and Budget and the Chairmen of the House Appropriations Committee and Senate Finance Committee along with the agency's estimated funding needs by November 1, 2019.

At a minimum, the new or improved information technology system should have the capacity to do the following: (i) accept and process applications and payments online; (ii) improve the ease of online renewals; and (iii) integrate licensing data with enforcement case management data. The plan should identify the expected staffing needs during and after the system upgrade or replacement project, how staffing needs will be met, and the cost of the proposed upgrade or project.

2. When developing the plan to replace or upgrade the current information technology system, including the licensing system, the Department of Professional and Occupational Regulation (DPOR) shall consider the transfer of information technology-related responsibilities for its licensing system and technical aspects of website management, records management, and electronic forms, from the licensing division to the Information Technology division.

3. The plan should be submitted to the Department of Planning and Budget and the Chairmen of the House Appropriations Committee and Senate Finance Committee along with the agency's estimated funding needs by November 1, 2019."

(This amendment provides \$772,251 the second year from the general fund to Allegheny County school division in support of the efforts of the Allegheny County School Board, Allegheny County Board of Supervisors, Covington City School Board and the Covington City Council toward investigating and determining benefits of operating a joint school division. The Covington School Board, Allegheny County School Board, the Allegheny County Board of Supervisors, and the Covington City Council have all recently appointed two members from each of the respective governing bodies to form a Committee to explore the necessary steps and actions needed for the creation of a joint school board in the Allegheny Highlands. The additional "incentive" funds would be used for legal fees, studies, and any other expenses associated with the planning of a joint school system between Allegheny County and Covington City public schools. Allegheny County Public Schools is currently operating in the final year of the fifteen year adjusted LCI that has been in place since Clifton Forge reverted to a town. Since the 2004 reversion, Allegheny County has lost 34% of its enrollment and has gone from 2,993 students to 1,968 students in the Fall of 2018. A joint school system in the Allegheny Highlands would offer area students more diverse opportunities and would be a more efficient use of tax payer funds at both the local and state level. In the event that the Committee does not come up with a consolidation plan for Allegheny County Public Schools and Covington City Schools, the remainder of the incentive money would be allocated and used to support their jointly operated career and technical center, Jackson River Technical Center.)

"39. Compensation Supplement

a.1) Out of this appropriation, \$131,054,025 the second year from the general fund and \$431,558 the second year from the Lottery Proceeds Fund is provided for the state share of a payment equivalent to a 3.0 percent salary incentive increase, effective July 1, 2019, for funded SOQ instructional and support positions. Funded SOQ instructional positions shall include the teacher, guidance counselor, librarian, instructional aide, principal, and assistant principal positions funded through the SOQ staffing standards for each school division in the biennium. This amount includes \$560,111 the second year from the general fund referenced in paragraph C. 28. h. for the Academic Year Governor's Schools for a 3.0 percent salary incentive increase, effective July 1, 2019, for instructional and support positions, and this amount includes \$432,513 the second year from the Lottery Proceeds Fund referenced in paragraph C. 9. f. 4) for Regional Alternative Education Programs for a 3.0 percent salary incentive increase, effective July 1, 2019, for instructional and support positions.

2) It is the intent that the instructional and support position salaries be increased in school divisions throughout the state by at least an average of 3.0 percent during the 2018-2020 biennium. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of a 3.0 percent salary increase for funded SOQ instructional and support positions, effective July 1, 2019, to school divisions which certify to the Department of Education, by June 1, 2019, that salary increases of a minimum average of 3.0 percent have been or will have been provided during the 2018-2020 biennium, either in the first year or in the second year or through a combination of the two years, to instructional and support personnel.

b.1) In addition to the compensation provisions in paragraphs C. 39. a.1) and 2) , the appropriation in this item includes \$43,684,701 the second year from the general fund and \$144,182 the second year from the Lottery Proceeds Fund for the state share of a payment equivalent to a 2.0 percent salary incentive increase, effective January 1, 2020, for funded SOQ instructional and support positions. Funded SOQ instructional positions shall include the teacher, guidance counselor, librarian, instructional aide, principal, and assistant principal positions funded through the SOQ staffing standards for each school division in the biennium. This amount includes \$186,724 the second year from the general fund referenced in paragraph C. 28. h. for the Academic Year Governor's Schools for an additional 2.0 percent salary incentive increase, effective January 1, 2020, for instructional and support positions, and this amount includes the \$144,182 second year from the Lottery Proceeds Fund referenced in paragraph C. 9. f. 4) for Regional Alternative Education Programs for an additional 2.0 percent salary incentive increase, effective January 1, 2020, for instructional and support positions.

2) It is the intent that the instructional and support position salaries be increased in school divisions throughout the state by at least an average of 2.0 percent during the second year, on or before January 1, 2020. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of a 2.0 percent salary increase for funded SOQ instructional and support positions, effective January 1, 2020, to school divisions which certify to the Department of Education, by June 1, 2019, that an additional salary increases of a minimum average of 2.0 percent will have been provided in the second year to instructional and support personnel on or before January 1, 2020, that is in addition to the 3.0% salary increase pursuant to paragraph C.39. a.1) and 2). of this item.

3) In order to be eligible to receive the state's share of up to an additional 2.0 salary increase in the second year, school divisions must provide up to a 2.0 percent salary increase in the second year effective by January 1, 2020, to instructional and support personnel. Any salary increase provided by a school division in the first year that was in excess of 3.0 percent prescribed in paragraphs C. 39. a.1) and 2), shall not count toward or be applied toward the local requirements for any portion of the additional 2.0 percent salary increase provided for in the second year.

c. This funding is not intended as a mandate to increase salaries."

Explanation:

(This amendment adjusts the funding for salary incentives such that school divisions will have a number of percent options to offer pay increases to employees. The base budget includes \$131 million in the second year for a 3.0 percent salary incentive pay increase with an effective date of July 1, 2019. The state share of the 3.0 percent salary increase would be given to school divisions that certify that they will provide at least 3.0 percent in either the first or second year or through a combination over both years. This amendment adds an additional 2.0 percent increase with an effective date of January 1, 2020. The state share of the 2.0 percent salary increase would be given to school divisions that certify that they will provide at least a 2.0 percent salary increase by January 1, 2020. Any local school division pay increase provided in the first year that is above the 3.0 percent , will not count toward the 2.0 percent salary increase in the second year.)

Explanation:

(This amendment provides \$100,000 the second year to help find alternate solutions for the rehabilitation of the Cherrystone and Roaring Fork dams. The USDA Natural Resources Conservation Service presented a plan to the sponsors for the purpose of rehabilitating the two dams costing \$20.0 million. All revenues attributable to the Tax Cuts and Jobs Act (TCJA) are captured in the Taxpayer Relief Fund and the Revenue Reserve Fund in Item 475.10. This required removing approximately \$1.2 billion in spending compared to House Bill 1700 as introduced. Chapter 2, as adopted by the General Assembly in the 2018 Special Session 1 provided no general fund support for the VLCF in fiscal year 2019 in reflection of the fact that the Foundation is receiving \$71.7 million for land purchases from a series of environmental and historic resources settlements. These amounts were deemed sufficient for land and easement purchases in the short term. Second year funding was maintained at the 2018 level of \$4.5 million.)

Explanation:

(This amendment provides \$350,000 the first year and \$70,000 the second year to fabricate and install Supplemental Guide Signs for Virginia State Parks. The fiscal year 2016-2018 budget included language allowing the use of VDOT Recreational Access Funds to be used to install replacement signage for state parks. Approximately \$750,000 was spent upgrading signs for Virginia State Parks and some Natural Area Preserves. The project replaced nearly 200 signs so that now they meet current safety regulations and provide easy to read guidance to Virginia State Parks. Remaining unfunded is a 50 mile long New River Trail State park which alone will cost \$70,000. There are additional signs needed with an estimated total cost of \$350,000.)

The Mendota Trail is a 12.5 mile recreational trail linking Bristol Virginia to Mendota Virginia on a former railroad bed. The City of Bristol acquired the property and has transferred it to Mountain Heritage, Inc. The first mile of the trail opened to the public in October, 2017 and the first of 17 trestles was rehabilitated. In order to open a five mile section of the trail, repairs are needed on a 193 foot long trestle, which is proposed to be uniquely repaired through the construction of a bridge made from aluminum shipping containers. The requested funds would cover less than half the cost, with local contributions filling the remaining need.)

Notwithstanding the deadline established in the second enactment of Chapter 510, 2018 Acts of Assembly, the Department of Environmental Quality shall complete its report on how other states that have adopted the U.S. Environmental Protection Agency 2013 Aquatic Life Ambient Water Quality Criteria for Ammonia have implemented such Criteria in ways that both minimize the impact of the Criteria on Virginia sewerage systems or other treatment works and are permissible under the federal Clean Water Act, including consideration of alternative effluent limitations based on a demonstration by the permittee of the lack of appreciable harm from the discharge of ammonia to aquatic life. Such report shall be submitted no later than November 1, 2019 to the Chairmen of the House and Senate Committees on Agriculture, Conservation and Natural Resources, the House Appropriations Committee and the Senate Finance Committees."

Explanation:

(This amendment extends the deadline for a report from DEQ required by Chapter 510, 2018 Acts of Assembly 2. That enactment directed DEQ to report to the General Assembly on procedures and practices for ammonia criteria implementation to minimize their impact on Virginia sewerage systems. While DEQ is reasonably implementing other aspects of the legislation, the report required by the second enactment clause was substantially incomplete and fell short of meeting the original requirements, perhaps because DEQ simply needed more time. The report was

supposed to address relief allowable under the Clean Water Act to minimize unnecessary impacts on permittees. The most important such procedures and practices relate to how DEQ sets permit limits; however, on this subject DEQ only states that "DEQ has formed an implementation workgroup that is currently evaluating these and other factors." Clearly the work is incomplete, ongoing and therefore not addressed in the report. To allow DEQ the time it needs to finish this important work and comply with the original directive of that legislation, a one-year extension is requested.)

"475.10 Tax Relief	\$0	\$0
"Notwithstanding any other provision of the Code of Virginia, the Comptroller shall set aside such funds as shall be necessary to provide a refund for taxable year 2018 of \$200.00 for every individual tax filer with an adjusted gross income of less than \$50,000, and a refund of \$100.00 for every individual tax filer with an income between \$50,000 and \$125,000."
